Republicans Drop Plans for September Convention

WASHINGTON (AP)—Republicans have abandoned plans for a September presidential nominating convention in 1956 but National Chairman Leonard W. Hall indicated today he hopes state election laws can be changed to permit an August meeting.

Hall told newsmen practical difficulties, such as certification requirements in certain states, stand in the way of a September meeting, first suggested as a means of shortening the presidential campaign.

Fluoride Issue Ready for Ballot

Petitions Asking Vote on Plan May Be Filed This Afternoon

Petitions seeking a public vote on the fluoridation issue were scheduled to be presented to the city clerk this afternoon.

The Rev. Robert Garner, chairman of the Citizens' Fair Government League, which circulated the petitions, said between 2,800 and 3,000 signatures of registered voters were on the petitions.

City officials estimated about 2,100 names are needed to put the question on the April 4 ballot.

The petitions call for a vote on an ordinance preventing the city from adding fluorides to the municipal water supply.

On Jan. 11, the City Commission passed a resolution ordering the city manager to begin adding sodium fluoride to the city water at a rate of one part to one million parts water after April 15.

Under a clause inserted in the resolution opponents had until today to file petitions to put the proposed ordinance on the spring ballot.

Thus, if the ordinance should pass April 4, the city would not purchase the equipment necessary for adding the chemical to the water.

An ordinance supercedes a Commission resolution.

The Pontiac Chamber of Commerce Board of Directors yesterday voted support of the City Commission's action in approving fluoridation of water here, according to Ralph T. Norvell, president.

"The Commission's action was based on recommendations of national state and local medical and dental organizations," said Norvell.

"The PTA, labor and other groups are behind it and they too base their support on positive scientific evidence," he added.

Toll Road Law Repeal Sought by Broomfield

Would Block Turnpike in Favor of Federal, State Freeways

LANSING (AP)—Sen. William S. Broomfield (R-Royal Oak) said today he would seek to repeal Michigan's toll road law.

Broomfield said he would introduce legislation to wipe out the 1952 law setting up the state turnpike authority with power to build toll expressways between Detroit and Saginaw and between Detroit and Southwestern Michigan en route to Chicago.

"The toll road law was passed at a time when a lot of people feared there was no other way to handle the heavy traffic on these two major routes," Broomfield said.

"Now there is a big federal aid program in the offing and Michigan itself obviously is going to have some kind of a major highway construction program in the near future. Therefore, it seems senseless to go into an expensive toll road program."

Broomfield said he had talked with a large number of road men and with state officials and found them agreed that Michigan does not need toll roads now in competition with freeways.

Broomfield, representing Oakland County, comes from an area where citizens have been objecting violently to proposals to run the north-south toll road through exclusive residential areas.

At the same time, Dearborn residents have been protesting reports that the route will cut their community in two. Earlier, a group of Saginaw area businessmen had protested the project.

Dearborn city council last night authorized its corporation counsel, Dale F. Fillmore to seek a court injunction against routing the turnpike through the heart of the city. Councilmen indicated they would not object to the highway if it went through the western edge of the city.

In Oakland County, residents of Franklin Village and the Bloomfield Hills area are reported concerned over what the turnpike might do to residential property.

Senate hostility to the toll road had forced so many restrictive amendments that toll road friends had to withdraw a bill to allow the Turnpike authority to issue promissory notes pending sale of its revenue bonds.

The turnpike authority has completed most of its engineering and traffic surveys of the 117-mile north-south route.

Detroit Voters Get Additional Machines

DETROIT—Five hundred additional voting machines are being installed by Detroit election officials and will be ready for use in the primary election Monday. The new machines will bring the city's total to 2,000, and will provide machine voting in 683 precincts of the city's 1,541. Election officials predict more than half the precincts will have voting machines by time for the 1956 primary and general election.

Sen. Potter Tells of U.S. Listening Post Operating in Russian Sector of Germany

WASHINGTON (UP)—Sen. Charles E. Potter, back from a visit to Red-run East Berlin, thinks breaking diplomatic relations with Russia would cost the United States a valuable source of military intelligence.

The 38-year-old Michigan Republican also said in an exclusive United Press interview that the atomic-armed forces of the free world could defeat a Russian attack in Europe—and Russia knows it.

Potter said the United States maintains a 14-man military mission at Potsdam, in East Germany, just as the Soviets have a similar mission in the West zone.

With the security consciousness of the Communists causing normal sources of information to be bottled up, Potter said, "Our mission provides an excellent means of intelligence."

"It is of more value to us than their mission is to them, for a

democracy can't maintain such secrecy as a tyranny can."

Potter said that though the Communists, cork up normal channels of information, "Our men have pretty much free access in East Germany. They can drive military cars around. Some areas are closed to them, especially around the border, and there is a certain amount of harassment."

"But we get 50 per cent of our in-

telligence on East Germany from that military mission."

"Senator, do you think the United States should break relations with Russia?" Potter was asked.

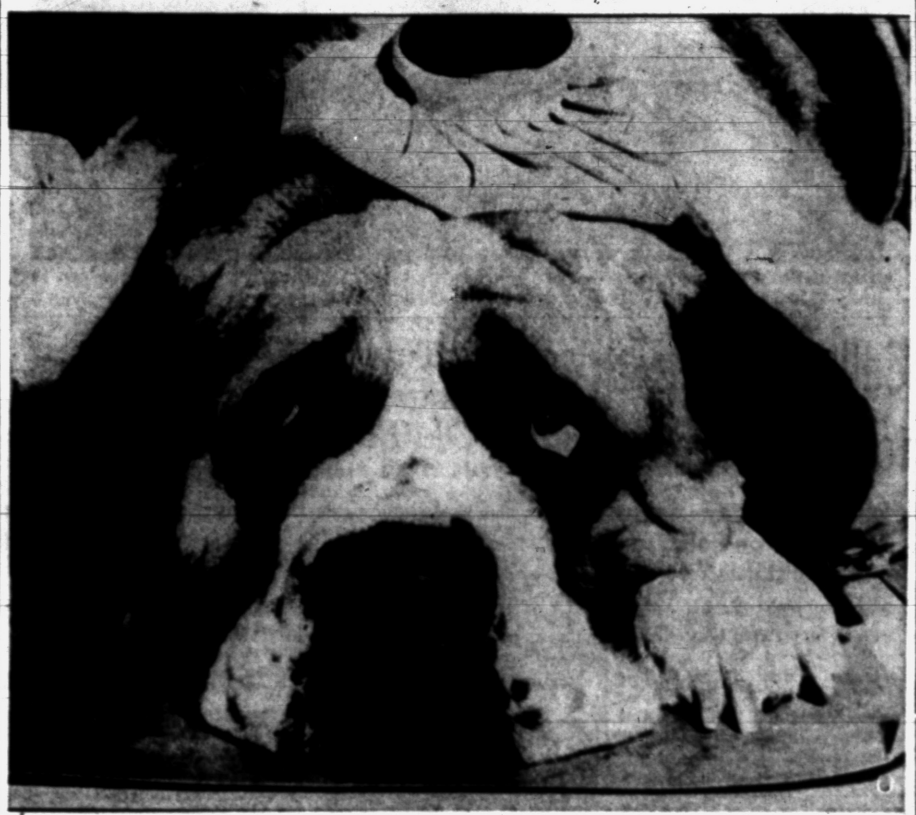

"No, I don't," said Potter, "for the very reasons I'm citing."

He took a cigaret from a brown box in his cluttered desk and flicked a lighter.

"That listening post in Potsdam—even though it's restricted—does provide intelligence. While the Soviet embassy here is probably their intelligence headquarters in the United States, as a democracy we can't maintain the same secrecy as a dictatorship. Most of the information they get would be available to them anyhow, even if they didn't have an embassy here."

Potter, a legless infantry veteran of World War II who wears in his gray flannel lapel a tiny emblem of the Silver Star decoration, won

Girl, 16, Stabbed by Young Boy

Janice Sears Knifed During Snowball Fight; Suspect Baldwin Pupil

Janice Sears, 16, of 2600 Woodbine Dr., a St. Michael High School Junior, was treated at St. Joseph Mercy Hospital last night for a stab wound she received while she and her sister were on their way home from school yesterday.

The girl and her sister, Patricia, 17, also an 11th grader, said they were walking near Edison and Howard streets when a group of boys threw snowballs at them.

"When we decided to throw back at them," said Patricia, "one boy about 10 or 11 years old took out a pocket knife and said, 'I'll fix you if you throw that snowball.'"

"He plunged at Janice with the knife and some boys held him because he acted so mean. Then we separated and all went home."

Patricia said that Janice was in the right groin until they arrived home and she complained of pain.

Their father, Frances C. Sears, rushed Janice to the hospital where she required two stitches to close the wound and tetanus shots. Sears said the wound was about an inch deep.

Pontiac Police today will take the girls to the Baldwin School, about a block away from St. Michael, to attempt identity of the knife-wielding youngster who is believed to be a student there.

Popular Music Not Well Liked, Composer Says

ST. LOUIS (AP)—Robert Shaw, noted choral director of Scarsdale, N.Y., says "popular music is not the people's music."

"The people think so little of it that they tire of it in six to 16 weeks," he told a meeting of the Music Teacher National Assn. convention yesterday.

"The great music is the people's music—the most human or universal music," he said.

"One falls in love by being at the right place at the right time for long enough. If there is no place where the public can meet Bach or Beethoven, how can the people be expected to love them?"

Psychiatrists Examining Self-Styled Killer of JoAnn

DETROIT (AP)—Psychiatrists planned to continue their examination today of Richard Ballingall, the 34-year-old convicted Peeping Tom, who police said has confessed the two-year-old rape slaying of coed JoAnn Gillespie.

Twice the former Detroit gravedigger was called from his cell at police headquarters yesterday by psychiatrists who sought to learn whether he would respond to truth serum.

Nixon Heading for El Salvador

Enjoys Big Indian Fete at Conclusion of Visit in Guatemala

QUEZALTENANGO, Guatemala (AP)—Vice President Richard M. Nixon headed for El Salvador today after being entertained with music, dancing and food by one of the largest gatherings of Guatemalan Indians ever assembled to honor a visitor.

Nixon said he was "positively entranced" by the display, staged by the people of villages in the vicinity of Quezaltenango, a city of 49,000 half an hour by air from Guatemala City.

The Indian men in this area wear skirts and the women are clad in dazzling beautiful costumes they weave themselves.

The vice president—now on a good will tour of the Caribbean countries—flew here from the capital with President Carlos Castillo Armas. They were accompanied by dozens of security police carrying submachineguns. Castillo Armas, who has faced several revolutionary plots, is one of the best guarded men in Latin America.

Nixon and the President ate a lunch of native dishes in a thatched hut. The menu included pache, an Indian version of Mexican tamales, fried tortillas with a topping of pickled beets, chili peppers and cheese, and a boiled dumpling dessert made of ground corn, raisins and sugar.

Warmer Weather Predicted for Area

Weather in Pontiac today and tomorrow will be a little warmer. The U. S. Weather Bureau says it will be mostly cloudy tonight and tomorrow with light snow flurries.

Temperatures predicted Wednesday are a high 32-35 and tomorrow night low 18-22. Tonight's low will be 24-28.

In downtown Pontiac yesterday, temperatures ranged from a low of 17 to a high of 32 with some snow.

This morning at 8 o'clock, the mercury stood at 16 rising to 33 degrees by 1 p.m.

Declares U.S. Show of Power Won't Halt Reds

Declines to Spell Out Agreement on Defense on Quemoy, Matsu

TAIPEI, Formosa (AP)—Chiang Kai-shek declared today the show of strength by the U. S. 7th Fleet in the Tachen evacuation would not deter Communist aggression in the Formosa area, even for a short while.

In an exclusive interview with Fred Hampson, AP chief of bureau from Hong Kong, the President of Nationalist China indicated the offshore island outposts his forces still man could be held against a Red attack.

He again declined to spell out his version of an agreement with the United States on joint defense of Quemoy and Matsu Islands, saying only "the matter is very clear to us and to the Communists."

Hampson reported the generalissimo "seems to feel that during the Tachen action the United States got more irrevocably behind him in his fight against the Reds than ever before."

Chiang also said:

1. He is "certain" his forces will one day launch a counterattack against the Communist mainland.
2. The so-called neutral nations of Asia will not side with the West against the Communists "... until they have been invaded, and then it will be too late."

Chiang gave no indication of what strategy he will follow now that the Tachens have been abandoned to the Reds.

Present signs are that the Nationalists on the string of outposts running from Nanchuan on the north to Quemoy on the south will confine their operations for the time being mainly to defensive actions.

Red China's top Communists, in broadcast talks yesterday hailing the fifth anniversary of their treaty with Russia, gave no clear hint of their next move.

Authorities Probing Cause of Fatal Fire

Cause of the fire which snuffed out the lives of two young Pontiac Township children Monday remained undetermined today after authorities investigated ruins of the home.

Linda Lee Reed, 3½ and her brother, Ronald, 2, were burned to death when the blaze swept through their home at 1329 Vinewood.

Pontiac Township Fire Chief Carl Schingek, said he plans to question Mrs. Myrtle Reed, 24, the mother, listed in good condition at St. Joseph Mercy Hospital with first and second degree burns suffered in a futile attempt to save the children from the mid-morning fire.

Schingek, who theorized that the children may have been playing with matches, said the blaze appeared to have started in the youngsters' bedroom, spreading while the mother slept in another room.

Observers Give Pineau Less Than 50-50 Chance

PARIS (AP)—Observers today gave right-wing Socialist Christian Pineau less than a 50-50 chance to form a new government as France's political crisis continued into its 12th day.

Although the Socialist party voted last night to support fully Pineau's efforts, the candidate for the premiership increased his own difficulties by pledging to follow the methods of former Premier Pierre Mendes-France and outlining a program similar to that followed by him.

The wounds left by the National Assembly's turbulent ouster of Mendes-France 12 days ago have made it doubly difficult for President Rene Coty to find a candidate suitable to the Assembly.

The Socialist backing was not expected to aid Pineau greatly. The party has not participated in any government since 1951, because of its adamant stand for a program it could support fully.

The right and center factions in the Assembly were believed unlikely to go along with a Socialist candidate.

Pineau, who failed in a previous try in 1952 to form a government, took over the task yesterday morning after Antoine Pinay and Pierre Pflimlin gave up.

Detroit Held in Strongarming

Two Pontiac Women Free on Bond in \$1,100 Unarmed Robbery

A Detroit man was bound over for circuit court arraignment and two women demanded examinations yesterday on charges rising from a \$1,100 unarmed robbery Friday of a former city employee. Arville Anderson, 24, of 1425 Howard St. waived examination and was ordered held by Municipal Judge Cecil McCallum when unable to post a \$2,500 bond, pending hearing Feb. 21. He is charged with unarmed robbery.

Charged with the same crime, Mable Sheek, 46, of 122 Lafayette St., furnished a \$2,500 bond.

Eva Springsteen, 39, of 21½ N. Saginaw St., charged with receiving stolen property, also furnished a similar bond. Both women are scheduled for hearing Feb. 23.

The trio was arrested after Harry Sturgis, 33, of 716 Fourth St., told Pontiac Police he was strongarmed by Anderson in a S. Saginaw street tavern Friday morning.

In a statement to Assistant Prosecutor William E. Lang, Anderson said he followed Sturgis into the men's lavatory and took the money, which Sturgis had received from the city after he quit his job after eight years.

The money was accumulated retirement pay. Sturgis was treated for face cuts and bruises. Anderson later was arrested in Miss Springsteen's hotel room where part of the money was found.

1,713 Dogs Receive Rabies Vaccination

A total of 1,713 dogs were vaccinated for rabies Sunday in the first of a series of non-profit clinics sponsored jointly by Oakland County Health Department and Oakland County Veterinarians' Assn.

Dr. John D. Monroe, health director, announced that totals for each of the six locations were as follows:

Troy Township—508, Farmington Township—382, Animal shelter—320, White Lake Township—212, Lake Orion—186, and New Hudson—165.

It was announced that dog owners whose pets had not been vaccinated when the Farmington clinic closed could take them to Walled Lake this Sunday. Locations of other clinics scheduled this week end will be announced later.

Cows, Hens Slack Off, January Report Shows

LANSING (AP)—Michigan milk production was estimated at 312 million pounds in January, the federal-state crop reporting service said today.

This was two per cent below the record for the month set a year ago but higher than any other January on record.

January egg production was estimated at 155 million eggs, two per cent below the record set a year ago. The service said farmers have fewer layers on hand and that the production per hen was lower than a year ago.

Calls on Dulles to Clarify Policy

Sen. Humphrey Seeks Statement of Policy on Nationalist Isles

WASHINGTON (AP)—Sen. Humphrey (D-Minn.) said today Chiang Kai-shek's broad hint that he expects the United States to help defend Quemoy and the Matusus makes it essential that the Eisenhower administration state its policy clearly.

Humphrey disclosed in an interview that he had written to Secretary of State Dulles last week asking for a public statement of the "precise position and policy" of the administration toward these islands just off the Red China coast.

Now, Humphrey said, Chiang's comment at a Taipei news conference yesterday "makes it all the more essential that Mr. Dulles put the record absolutely straight." Chiang said "in no case" would Quemoy and the Matusus be abandoned, and made it plain he expects U.S. forces to help defend them.

Humphrey said that "of course" it might be necessary for U.S. air power to be used against a possible Communist attack on Quemoy, lying in the mouth of Amoy harbor, or the Matus Islands, just off the port of Foochow.

"We certainly would not want to wait until the Communists had landed on the beaches of Formosa," he said.

Abe Wanted Suits Padded to Fill Out Tall, Gaunt Shape

KALAMAZOO (AP)—The scissors used by Abraham Lincoln's tailor have been given to the Kalamazoo Museum.

And along with the shears came some interesting sidelights on the assassinated President's likes and dislikes in dress.

The scissors were presented by Mrs. Jean Keefe, a close friend of Mrs. Annie Dillingham who died in Kalamazoo in 1942. Mrs. Dillingham was the daughter of Lincoln's tailor, Abner Wilkinson.

In presenting the shears, Mrs. Keefe said Wilkinson found Lincoln hard to fit because of his angular frame and that the former Illinois lawyer was quite sensitive about his appearance.

Lincoln, for instance, insisted that a sunken area between his shoulders be filled out with padding and that other padding of varying thickness be added at other points.

According to information passed down by the tailor, Lincoln invariably bought two new suits every year, but usually returned the lining of his worn out suit to be fitted into the new one.

Mary Todd Lincoln, the President's wife, usually bought the cloth and carried it to Wilkinson's shop. The cloth cost \$30 and the tailor's fee was \$9. That was a sizeable amount in the 16th President's day.

Sentence Two Minors for Possessing Liquor

William Stahl, 17, of 11 Susan St., and Lawrence Smith, 20, of 169 Wimmel St., both were sentenced to 30 days in the Oakland County Jail each yesterday when they pleaded guilty to illegal possession of liquor.

Pontiac Township Justice Robert Hodge ordered them held after Stahl failed to pay \$15 costs and Smith was unable to pay a \$25 fine and \$15 costs.

Accused Slayer Labels Judge 'Stupid Old Fool'

LOS ANGELES (AP)—A defendant in a murder trial called Superior Judge Charles W. Fricke "a stupid old fool" yesterday and accused him of "running the trial in a very prejudicial manner."

James Merkouris, 43, formerly of Grand Rapids, Mich., staged the outburst during testimony by an autopsy surgeon.

Merkouris is charged with shooting his ex-wife, Mrs. Robert Forbes. His outburst followed introduction of pictures showing the bodies of Mrs. Forbes and her husband. Both were found shot to death in their ceramics shop last Sept. 20.

Merkouris is accused of both slayings but is being tried on one murder charge at a time at the request of the prosecution.

"You stupid old fool," Merkouris said to Judge Fricke, "you may have written a few books on law, but you haven't learned anything—you are trying me for one count, and yet you allow an unscrupulous prosecutor and a bungling police department to show pictures of two people who were killed."

Judge Fricke threatened to have Merkouris gagged if he made any further disturbance. Merkouris quieted down.

Merkouris has pleaded innocent by reason of insanity.

GOP Drops Plans for Fall Convention

amend the Massachusetts, Connecticut and South Dakota election laws are carried forward, the Republicans would like to hold their convention as late as possible.

Hall, who conferred with President Eisenhower yesterday about the convention time and place, has made it clear he expects Eisenhower to be the GOP nominee again. He was backed strongly in this viewpoint by Sen. H. Alexander Smith (R-N.J.), who said, "it seems perfectly obvious to me that Eisenhower should and will be a candidate again."

The site selection subcommittee headed by Hall was reported to be giving serious consideration to a last-minute bid by San Francisco.

Committee officials said San Francisco had offered to match the \$250,000 pledged by Chicago and Philadelphia, had assured that 10,000 hotel rooms could be made available and had cited cool August weather as a special inducement.

New Synthetic Diamonds Identical to Real Stones

SCHENECTADY, N. Y. — Man-made diamonds exactly like nature's own were announced today—a scientific dream come true.

They cost at least twice as much to make as natural diamonds, but in time may be greatly reduced.

These artificial diamonds are no threat, as yet anyhow, to the value of your diamonds, nor any immediate hope for cheaper diamond necklaces or engagement rings.

But they offer a new home-grown supply of diamonds vitally important in industry and national defense.

Diamond is the hardest known material—Hundreds of pounds are imported annually to cut steel, dig through rock to find oil, make precision tools, perform scores of tasks. War or blockade could not cut off the man-made supply.

Success in creating diamonds was announced by scientists of the General Electric research laboratory. One process does it by creating pressure and heat equal to that 240 miles deep within the earth.

Diamonds are made within a few minutes when a carbon-containing

Matusow Says Charge Untrue

Denies Asking Senate Prober for Loan; but Admits Money, Woes

NEW YORK (AP)—Harvey Matusow has denied asking a Senate investigator for a \$1,000 loan and saying he would raise some money "by hook or crook."

Matusow conceded in cross-examination in federal court yesterday that he was nearly broke when he made a deal to write a book about giving false anti-Communist testimony.

In answer to questions posed by U.S. Atty. J. Edward Lumbard, Matusow also acknowledged that he signed an affidavit retracting testimony against 13 Communist leaders he was given a contract that increased his share of proceeds from the book.

Lumbard said his questioning was to find out whether Matusow would "do anything for a buck."

Matusow was examined before Federal Judge Edward J. Dimock at a hearing on an application for a new conspiracy trial by 13 convicted second-rank Communists. They have based their appeal on Matusow's affidavit retracting his testimony.

For several years Matusow has appeared as an ex-Communist at government trials and before investigating bodies. He now says much of his testimony at these hearings was false.

Martin Speech Woos Texans

GOP Leader Praises Lone Star State, Gets in Plugs for Party

DALLAS, Tex. (AP)—An old-school orator who likes Ike, Rep. Joe Martin (R-Mass.), made a big hit with some 700 Republicans and a liberal sprinkling of former Democrats in Dallas.

Martin spoke last night at a \$100-a-plate Lincoln Day fund-raising dinner and started building up the crowd's enthusiasm with a subject dear to the heart of Texans: Texas and Texans.

With exuberance that increased nearly every minute of the 30-minute speech, the crowd broke into his talk at least 20 times as he praised Texas, Texas Republicans, the GOP program and President Eisenhower.

"No man, I am sure, could in one evening talk about all of the wonderful things I have seen in this great state," Martin said. From that point on, he had full attention.

He said it was his belief Eisenhower would run for re-election and win "easily with a bigger majority than ever," the Congress would again be Republican, and that the GOP would carry the South.

He told the crowd: 1. Republicans wiped out economic controls, settled the tide-lands dispute, ended the Korean War and abolished government agencies that competed with private business.

2. That his party created the Health, Education and Welfare Department and selected "the best-looking Cabinet officer in history"—Mrs. Oveta Culp Hobby, of Houston—to run it.

3. That the Republicans intended to keep the United States so strong militarily and economically that no foreign power would dare attack us.

4. That Red China, could be "polished off in 30 days" and that the "Red plotters will resort to arms only if they are sure they can win."

She was formerly director of the special education program for the Detroit Public Schools.

Lanza Signs to Sing for \$50,000 a Week

LAS VEGAS, Nev. (AP)—Tenor Mario Lanza has signed a contract for \$100,000 for two weeks of vocalizing at the New Frontier Hotel here.

The \$50,000 per week is said by Jake Kozloff, owner of the hotel, to be the highest salary ever paid a single night club performer.

Lanza begins his stint April 4. Competition that week will be furnished by pianist Liberace at the New Riviera Hotel, who also will get \$30,000 a week.

But, Kozloff said yesterday, Liberace's fee is for a package deal that includes brother George and their orchestra.

for valor under fire, leaned back in his heavy leather chair. He told of a lunch with Gen. Alfred M. Gruenther, North Atlantic Treaty commander in Europe, and with military representatives of France, the Netherlands, Britain and Italy.

"What's the military strength of Western Europe, Senator?" he was asked.

"We're strong," he said. "I'm convinced that if trouble started there, we would gain a military victory."

"Do you mean we'd hole 'em, senator, or lick 'em?" Potter leaned forward, folded his arms on the desk and looked his interviewer in the eye.

"Lick 'em," he said. "And I think the Soviet Union knows that. We've got weapons and firepower, retaliation from the air and extremely powerful firepower on the ground, which would make an attack extremely costly."

"Are you talking about atomic weapons?"

"Yes," said Potter. "Our strength—the strength of the free world in Europe—is the best deterrent we have to war."

On a chair beside his desk hung the two black cases which help Potter walk, slowly but with infinite, cheerful determination, on artificial legs. He told how he went back two weeks ago to the spot where he lost his legs. It was 10 years later, to the day.

"I went back for a French ceremony on the 10th anniversary of the liberation of Colmar by the First French Army," he said, remembering the earlier, non-atomic war. "My division—the 28th—was attached to that outfit. That's where I was hit the third time." (He had been wounded twice before.)

"That's where I went over the fence. It was Jan. 31, 1945."

Potter talks about his wound cheerfully, with reticence.

When he "went over the fence" in a night attack—"It was kind of a like affair, on the plains of the Rhine"—he leaped from the top squarely onto a German land mine.

"Brig. Gen. Earl Rudder of Brady, Tex., who was my regimental commander, went back with me," he said. "He located where the attack jumped off. The command post had been in an old church—a high old thing—and Rudder found the church."

"We located where I was hit. It was a little town on the outskirts of Colmar."

"I remember it was bitterly cold that night. This time, it was quite pleasant."

The Day in Birmingham Commissioners Approve Sewers for School Site

BIRMINGHAM—Storm and sanitary sewage facilities for the new junior high school, on which construction bids will be received March 29, were approved last night by the City Commission.

City fire protection for the new school and Pembroke School also were granted.

The area north of the junior high—which will be built on the east side of Adams south of Derby road—also faces drainage problems, but servicing for that area is still under consideration.

City Manager Donald C. Egbert was instructed to first secure specifications from Troy Township officials, as to the quantity and quality of homes they will permit to be built there. The land is zoned for multiple family development.

In other action, lawmakers sold \$260,000 of the recently issued \$400,000 parking revenue bonds issue at a net interest rate of 3.081 per cent. This will be used for construction of the 223-car municipal parking lot in Pierce between Merrill and Brown streets.

City Commissioner Robert E. Navin earned a vote of thanks for past achievements from his fellow workers as he turned in his resignation. A business change has necessitated his move out of town, but he was reappointed to serve until the April election.

Next, a proposed bond issue for an artificial ice skating rink at Elton Park was raised from \$110,000 to \$125,000. If the bond issue is approved at the election, the added funds will be used to improve parking facilities at the park.

Wayne University president Dr. Clarence B. Hilberry will speak at an open meeting at Baldwin Library at 8:15 p.m. tomorrow in a program sponsored by Friends of the Baldwin Public Library.

Ferndale Supt. of Schools Roy E. Robinson will speak on "Implications of Individual Differences in Education" when City and Country School PTA meets at 8:30 tonight.

Members of the Puppeteers are expected to turn out en masse for their meeting at 8 tonight at the Aspen road home of Mrs. John Lambie, when the next production of the group is to be decided.

Pros and cons of the toll road proposed by the Michigan Turnpike Authority, which would cut through Bloomfield Township, will be discussed.

'Shitty Boom' Jolts Listeners 'Round the Clock

NEW ORLEANS (AP)—A one-song record marathon neared the 24-hour mark today as two disc jockeys hoped to parlay listener curiosity and "Shitty Boom" into a winning publicity combination.

Bill Stanley and Bill Elliott launched their stunt at 8 a.m. yesterday, the first day of radio station WNOE's 24-hour broadcast schedule. The station had been signing off shortly after midnight.

Bill Stewart, program director for the station, said the WNOE telephone switchboard has been swamped with calls since 6:15 a.m. yesterday.

The calls increased as the day wore on and the rhythm-blues tune continued to blare, broken only by commercials and news-casts. Early today, the supply of the Four Juggles' recording and the disc jockeys' voices, used alternately, still held out.

The song was written by Al Jarvis, of Los Angeles, and voiced the plea of a lover for the affections of his love. The pleas are interspersed with the phrase "shitty boom."

The stunt has the approval of station manager James Gordon, who said the announcers were broadcasting from the WNOE transmitter at Belle Chasse, 11 miles from here. They are being fed news by automobile from the station studio.

The selection of "Shitty Boom," a new song, officially was called only a coincidence.

Romanian Legation in
Bern Held by Group of
Armed Refugees

BERN, Switzerland (U)—A small group of armed anti-Communist refugees invaded the Romanian legation before dawn today and drove out the Red staff at gunpoint. As their price to quit the building, they demanded the release of five political prisoners held in Romania.

Within a few hours the Communist Bucharest government formally demanded the arrest of the invaders and their extradition.

The seven-member Swiss Cabinet went into emergency session at the unprecedented hour of 7:30 a.m. with Bern Police Chief Eduard Freimueller. Police surrounded the legation and cordoned off the area but as the morning wore on made no attempt to attack the building.

Neighbors said they had heard a fusillade of shots and women's screams at the time of the attack, about 3 a.m., but only one casualty was announced—the legation chauffeur. He was taken to a hospital with undisclosed injuries.

A Swiss government communique said Charge d'Affaires Eméric Stoffel, his other aides and their families living in the legation were "safe and sound." They were sheltered in nearby buildings.

The communique described the invaders as "several unknown armed persons." They were believed to number four or five men, presumably Romanians.

THE LIFE OF GEORGE WASHINGTON

His Youth—2

Washington's father died when George was 11 years old. A few years later the boy went to live with his brother Lawrence at Mount Vernon, a farm home on the Potomac River 15 miles from where the city of Washington now stands.

George had little formal schooling, but he learned to read and write, to do arithmetic, and to have the manners expected of a Virginia gentleman.

He was good with figures, and learned to survey and make maps. In a country only partly settled, surveyors were much needed. A rich neighbor hired him to survey a lot of land. So, for three years, George traveled through the forests, cooking over a campfire, following Indian trails, sleeping under the stars.

When he was 20, his brother Lawrence died and George became a farmer, tobacco grower and owner of Mount Vernon.

This picture shows Washington using a surveying instrument. Color it and add it to your picture story of his life.

Defense Claims GI Is Psychotic

Career Army Sergeant
Being Tried on Charge
of Aiding Reds

FT. BRAGG, N.C. (U)—Army career Sgt. William H. Olson, charged with collaborating with the enemy while a prisoner of war in Korea, today awaited the decision of a general court-martial on a defense contention that he is psychotic.

Olson, 40-year-old veteran of two wars and a prisoner of the enemy in both, was described yesterday as a man with a split personality and a persecution complex, who had shown suicidal tendencies.

Capt. Lester I. Abend, a Ft. Bragg psychiatrist, told the court that a conviction would increase the suicidal tendency. Maximum penalty under military law is death.

Other psychiatrists gave conflicting testimony. Dr. Hann Lowenbach, Duke Hospital psychiatrist, said from his examination of Olson he found no evidence of schizophrenia or inability to distinguish wrong from right.

A report submitted by a Walter Reed Hospital board concurred.

Dr. Lowenbach added however that he found the defendant "very anxious, insecure and tense" but capable of expressing himself coherently.

Olson, a native of Youngsville, Pa., whose family lives at Lumberton, N.C., was a prisoner of the Germans during World War II and for 33 months a prisoner of the Communists in Korea.

He is charged with making de-

rogatory statements about the United States, making pro-Communist recordings and informing on fellow POWs while a prisoner in Korea.

McQuaid in Lansing to Seek Law Changes

Orrin McQuaid, Oakland County register of deeds, is in Lansing today meeting with members of the State Legislature on a proposal to amend the Post Act.

McQuaid has drawn up several changes which the Michigan Assn. of County Registers of Deeds says are needed in the act. As it stands, the law creates a bottleneck in approval of plats specifying small-frontage lots.

The Oakland County official prepared a number of charts to show the reasons for the changes. State Sen. William S. Broomfield (R-Royal Oak) has agreed to sponsor a bill in the Legislature to amend the act.

Brilliant New Styling-Blazing New Power at everybody's price*

The all-new 1955 Pontiac offers indisputable evidence that price is no longer an important factor to be considered when making that desirable step to fine-car luxury and performance.

Every one of the record number of beautiful, new Pontiacs you see emphasizes the fact that here is, without question, the most distinctively styled car of them all. Pontiac is the one car that stands apart from all the others.

But Pontiac's brilliant new styling is only a clue

to all that's new and modern about this great General Motors masterpiece. The clinching evidence comes to light in your first few minutes behind the wheel.

At a touch of your toe, Pontiac's mighty Strato-Streak V-8 goes into action with instant response, whether you're deep in city traffic or silently cruising the open road. Yet power alone is only part of Pontiac's spectacular performance. With Pontiac's new, bigger brakes and recirculating ball steering, handling is almost effortless. Pontiac's new, wide-

stance rear springs, roomy, luxurious Body by Fisher and shock-proof chassis add the final touch to the fine-car picture from the comfort standpoint.

Normally, all this would add up to high price—but Pontiac has changed the pattern. Despite its size, beauty and sparkling performance, Pontiac prices start so close to the lowest that if you can afford any new car you can afford to make that easy and very satisfying step to fine-car pride and distinction. Why not come in at your first opportunity and get the facts and figures? Once you do, you'll wish you'd made the move sooner.

Official Favors Legislation to Solve Carver Disputes

State Superintendent of Public Instruction Clair L. Taylor favors legislation allowing more eligible office holders in the explosive George Washington Carver school district of Royal Oak Township.

Chief Assistant Oakland County Prosecutor George F. Taylor today revealed the educator's backing of a plan Taylor has proposed to help solve the problems disrupting the school district.

CHIEF FRANK VAN ATTA

Varied Program Slated by PTA

Chief Frank Van Atta, Scout, Cub Leaders, to Address Group

WATERFORD TOWNSHIP — Police Chief Frank Van Atta will speak on "Police Actions Among Young People" Thursday evening at the Waterford Center PTA meeting.

A. W. Nevala, cubmaster, and Larry Stack, scout leader, will present "An Outline of Scouting and Its Importance to the Community," as the PTA marks Founder's Night.

Mrs. Harry Carlisle, PTA historian, will give a resume of the progress and development of the Waterford Center school.

Open house, scheduled from 7:30-8 p.m., will be held to allow parents to visit teachers in their children's home rooms.

William Matteson is chairman of the evening, and refreshments will be served by the mothers of the third grade pupils.

Beverly Graham, Joseph Brooks Wed at Dryden

METAMORA — At a double ring ceremony performed in the Methodist parsonage at Dryden, Beverly Graham and Joseph Brooks spoke their nuptial vows Saturday.

Beverly is the daughter of Mr. and Mrs. Floyd Graham of Dryden, Joseph's parents are Mr. and Mrs. Lee Brooks of Metamora.

An aqua suit with black accessories and a shoulder corsage of red roses and white carnations comprised the bride's costume.

Shirley Grondon served as the bride's attendant, and Richard Duckert was best man.

A reception at the Old Mill, south of Dryden, followed the ceremony. The couple will live in Thornville.

Surviving are one brother, Walter, of Geraldine, Mont.; two sisters, Mrs. Agnes Thurston of Fort Shaw, Mont., Mrs. Mary Bartlett of Almont; and many nieces and nephews.

Mrs. Harry Rybolt

LAPEER — Service for Mrs. Harry (Metta) Rybolt, 79, of Lapeer, will be held at 1 p.m. Thursday from Baird Funeral Home, with burial in Roseland Park Cemetery. She died Monday.

Surviving are one daughter, Mrs. Ray Lyman of Lapeer; two sons, Ora M. of Lapeer, Hugh V. of Detroit; two sisters, Mrs. Katherine Rose of Marion, Ind.; six grandchildren and 12 great-grandchildren.

Engagement Revealed

METAMORA — Mr. and Mrs. Ernest Tody of Hadley have revealed the engagement of their daughter, Anna, to Sgt. William C. Rogers of Flint. A May wedding is planned.

Four Towns Dance Set

FOUR TOWNS — The Youth Fellowship of Four Towns Methodist Church will hold a square dance from 8-10 Friday under the leadership of the Rev. W. Cadman Prout, pastor.

Prosecutor Taylor's plan suggests legislation which would allow people with children in schools in a school district with less than 50 property owners and a 2,000 child enrollment to seek election to the school board.

At present only property owners may serve on boards of education.

Much of the trouble in the Carver school board has been laid to the fact that most of the residents in the district are not property owners, leaving only about 40 eligible to seek office.

"The proposal to change the school laws in Michigan has my most enthusiastic support, and our department was studying a similar measure when your plan was announced," Supt. Taylor stated.

Since its formation in 1945, the school district has seen parents picket the building, fist-fights at board meetings, disputed elections, recall petitions and counter petitions, and finally the beating of the secretary of the school board, Mrs. Loretta Baker.

Commenting on the small number of eligible voters in the district, Supt. Taylor said he would work with the prosecutor's office and legislators from this area in attempts to end the Carver fracas.

In Circuit Court yesterday, the three judges sitting together postponed until Feb. 25 a hearing on a request for a new election in the district.

Mrs. Baker was not well enough to attend the session. Dr. Howard McNeil was appointed by the court to examine her and determine if she will be able to appear at that date.

Mrs. Baker told police Jan. 12 that three masked men invaded her Oakdale Gardens home and beat her after demanding petitions seeking the recall of board member James Harrison.

Mrs. Baker and another board member, The Rev. Chester Carter, have been named in recall petitions filed by Harrison. Other board members are seeking the ouster of Harrison by the same method.

FAIR PREDICTION — It's a fair prediction that the Walled Lake Twin Beach Elementary School PTA Fair will get just as much interest as young Mark Scully is showing here, as he views a sample of the silhouette booth offering. Busy with the shears is teacher Mrs. Leo Swerbinsky, with fair chairman

and co-chairman Mrs. Ward Sutton and Mrs. Joe Nephew looking on. The event is scheduled to begin at 5:30 p.m. Friday at the school. There will be snacks and numerous booths for the first such event of the school.

Barbara Hoffman, Carl F. Salaggi Wed at Rochester

ROCHESTER — St. Philip's Episcopal church was the scene of the double ring wedding of Barbara Marie Hoffman and Carl Frederick Salaggi Saturday evening at 7:30 p.m.

Barbara is the daughter of Mr. and Mrs. George Hoffman of John R. road, and Carl's parents are Mr. and Mrs. Carl F. Salaggi Sr. of Utica.

The bride wore a gown of white silk, fashioned with fitted bodice, entirely beaded. Her accoutrement consisted of a cathedral length train, and her scalloped illusion veil was held in place by a crown of pearls. She carried a spray bouquet of white roses and stephanotis.

Attending the bride were her four sisters, Mrs. Edna Mae Ponke, matron of honor, Mrs. Mildred Ellis, Mrs. Margaret Parrish and Beatrice Hoffman, Shari Parrish and Kathy Ellis, nieces of the bride, were the flower girls.

Franklin Vance of Utica was the best man. Seating the guests were Leonard Ponke, David Hoffman and Kenneth Parrish.

A reception followed in the undercroft of the church. After a short honeymoon the young couple will live on Crooks road.

Sharpshooter Slated for Union Lake PTA

WALLED LAKE — Sgt. Lester Coykendall of the Michigan State Police Safety and Traffic Bureau will be the guest speaker at PTA Father's Night at the Union Lake school at 8 p.m. Wednesday.

Sgt. Coykendall will offer a display of firearms accuracy.

Using a variety of weapons, he will demonstrate shooting by aiming with a mirror, snuffing out candles, slicing playing cards in half, and many other trick shots.

A lesson in firearms safety is encompassed in the policeman's work with guns.

Coykendall enlisted in the State Police in August of 1931, and was promoted to sergeant in 1950. He is assigned to the Redford post.

George Schroeder, father vice-president, is general chairman of the evening, which is open to the public.

St. Mary's Buys Building, Land

Orion Township Church Now Owns Sanctuary, 2-Acre Site

ORION TOWNSHIP — St. Mary's in the Hills, an Episcopal mission church located at 2512 Joslyn Rd., has announced the purchase of the building and property which the church has been using since 1962.

The stone building, surrounded by a picturesque stone wall, was built 30 years ago by the late William E. Scripps and was known as Scripps School. Subsequently it was renovated to accommodate the mission.

Purchase of the property was made from Village Acres, Inc., of Detroit, which now owns Wildwood farms and nearly 3,000 acres of the former Scripps' estate. Price of the sale was not revealed.

Along with the building, the church has purchased more than two acres of land, which will provide room for expansion and parking, according to the Rev. William C. Hamm, vicar.

Currently St. Mary's is holding two services each Sunday to accommodate its big attendance, drawing its members from Lake Orion, Oxford, Lake Angelus, Pontiac, Bloomfield Hills and other area communities. The proposed new Lake Orion High School at M24 and Scripps Road will, if erected, make the church and school a nucleus for an expanding community, the vicar said, and the present facilities will have to be enlarged.

Originally the church was started as a parochial mission of All Saints Episcopal Church of Pontiac, under the leadership of the Rev. Ivor Curtis. It now has 140 communicant members, and both 9 and 11 a.m. services are crowded each Sunday. Over 40 children are enrolled in the Sunday school, which meets concurrently with the 11 a.m. service.

Historians generally accept the year of 476 as the date which divides ancient history from medieval history.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

TV Will Attempt War and Peace

Applewhite Replaces LaRosa, Virus Struck; Gisele Has 'Em Gaping

NEW YORK (INS)—Amazing how musical arrangements age—the Astaire-Rogers rondo on the "Oscar" show Saturday had a rickety-tickety antiquity discouraging to what we'd believed were sharp memories of its permanent modernity.

When "Oscar" ceremonies were at their slickest they had a prefab rehearsed look; when they dropped, they seemed ridiculous and uncertain.

The grouping of winners sometimes had an old fashioned, even downright daguerreotype self-consciousness.

We shan't get into personalities, except to say some were funny, some foolish and some a little ridiculous.

Martin & Lewis were fast, furious and funny when they weren't indulging Jerry's stubborn addiction to spastic comedy which must make a lot of unfortunates unhappy; and we still find it strange, their insistence on hurling food about.

Jackie Coogan has a well-adjusted hairpiece.

Duke Clark advises us the young lady who did so wonderfully in tandem with him on Circle Theater was Joan Potter, and adds, "a really talented and nice person."

As is Dane for bothering to clear up the mystery and so graciously saying so.

NBC wants Ann Sothern if Jack Benny expands into her CBS-TV time.

Playwright William Saroyan is on NBC's expanding "consultant" payroll.

After a razzle-dazzle buildup CBS radio has dropped gospel shouter Mahalia Jackson. Eva Gabor may get ABC-TV's TV rehab of Marlene Dietrich's sultry old radio series "Cafe Istanbul."

Margaret Truman put back her Children's Hour date to Feb. 27; concerts intervened.

Despite three projected movie versions, CBS now will attempt "War and Peace."

Charlie Andrews, Dave Garro-way's sense of humor for years, has switched to Sid Caesar's stable.

While waiting TV recognition again, kid comic Joel Gray will play the London Palladium.

Claudette Colbert's "Climax" date has been pushed back from March 31 to April 7; same drama: "Private Worlds," from Phyllis Bottome's novel.

Bill Hayes of the old Caesar-Coca Colas and stage fame stars with Norman Brokenshire on the latter's new NBC-TV afternoon.

Charlie Applewhite hops into the Jack Parr Show breach left when Julius LaRosa's virus took over.

Edith Adams gives Betty Clooney a chance to vacation from the same funspot next week.

Betty visits her new nephew Jose Miguel Ferrer, returning March 7.

Steve Allen will emcee the TV academy awards.

Dorothy (Carmen Jones) Dandridge's 32-year-old grandson is in March 28's "Medic." She was the first Negro actress in the movies (1915) in "Birth of a Nation."

Ring Lardner's "Champion" will be adapted for "Climax" by Rod Sterling, who scripted "Patterns" which will win most of the year's drama honors.

Supporting Art Carney on Godfrey's this Wednesday nite show will be Patrice Munsel and Harold Lang. . . . Arthur vacationing.

Gisele MacKenzie now has three networks and three movie companies setting up and taking notice.

Kraft Theater will try O'Neill's "Emperor Jones" Feb. 23 with Ossie Davis and Everett Sloane, the latter of the masterful "Patterns" cast.

Jane Froman won the Baltimore Ad Club award as TV's "Outstanding Personality of 1954." And our own nomination as TV's best dressed.

OLD TIMER—This U. S. flag was flying over the Palo Alto, Calif., library about five months before someone noticed that it only had 45 stars. It was made some time between 1896 and 1907. Holding the flag are Wilma Reed, left, and Audrey Bartholomew, both of the library staff.

Quiz Suspect in Attack on Girl

Teenager in Hospital With Hatchet Wounds of Head, Throat

CLOVIS, N.M. (U)—Officers continued questioning a 23-year-old Negro today in the hatchet beating Sunday night of a 14-year-old white girl left alone at home.

Little Janice Wells, meanwhile, was still in serious condition at a hospital with gashes on her head and throat and a sore mouth where her assailant struck her with his fist, knocking out a tooth.

Police Chief Ollie Damron said he was "very uncertain" whether the man being questioned would be held for long. No charges were filed, but he was held in the Curry County jail.

Desk Sgt. Leroy Carson got a frantic phone call from Janice at 9:57 Sunday night. He said, "I heard an excited voice say 'a man is trying to break in my door.' I asked, 'where's it at?' She gave me her address and then her name and then dropped the receiver."

"I could hear the door breaking open and the girl screaming, I had the police radio mike on, and the squad cars could hear her screaming. I couldn't make out any words."

Two police cars arrived at Janice's home within 1½ minutes, Damron said.

Deputy Sheriff Val Baumgart said Janice had phoned a neighbor for help as the assailant prowled around the house, but the neighbor wasn't home. Then she phoned police.

Baumgart said the youngster was struck once with the flat of the hatchet on the side of the head and gashed with the edge across the forehead and throat.

The deputy said the assailant apparently noticed the dangling telephone receiver in the living room and dragged Janice from the house through the broken door and around back of the house.

Damron said the attacker had fled by the time his men got there and they found the bloody hatchet head next to the girl and the handle a short distance away.

Two Brothers Sentenced for Bad Check Passing

Two Oxford brothers, who pleaded guilty to bad check passing Feb. 7, were sentenced to six months in Oakland County Jail yesterday by Circuit Judge George B. Har-trick.

Ronald A. Leach, 22, of 3181 Dartmouth, was arrested Feb. 2, when he came into Assistant Prosecutor Robert D. Long's office and asked the official to authorize a check.

Long connected the name with a man sought for bogus check passing and summoned sheriff's deputies who arrested Leach.

Hebert Leach, 29, same address was arrested Jan. 29 by sheriff's detectives who said he passed about 15 bad checks since last Dec. 1.

Pair Rewed in Blimp

LOS ANGELES (U)—Mr. and Mrs. Philip E. Singer celebrated their 25th anniversary on St. Valentine's Day by being married a second time in a blimp 3,000 feet over the city. Singer, a North Hollywood chiropractor, and his wife Edythe were married in 1930 in another blimp.

End of Night Out Seen in Toll TV

New Threat Looming for Movies in Shows Without Sponsors

HOLLYWOOD (INS)—Just as the push-button age finally emancipates the American housewife, along comes a gadget designed to strap her within the four walls the rest of her life!

The gadget attaches to her television set and presto she has "pay-as-you-see" television.

Now this means the little woman doesn't have to run down to the Metropolitan Opera House, swathed in her best finery, to see "La Boheme."

Neither does she have to repair to the neighborhood theater to see the latest film. All she has to do is drop the do-re-mi in that little gadget on her TV set and up comes Ezio Pinza and-or Gregory Peck.

This is great for her husband, who has been digging ditches all day long and doesn't want to budge from his armchair, but what about Mable who's been operating washing machines, hair dryers, electric dishwashers and other push-button time-savers for the past eight hours?

She's all full of vim, vigor and electricity and raring to go out on the town.

So far, pay-as-you-see TV is merely in the speculative stages, but an announcement last week by the Federal Communications Commission that it will "consider" the toll system, puts it on a more solid basis.

If the system is okayed by the FCC, it could mean a scrambled Jackie Gleason, Eddie Fisher and whoever else happens to be playing.

An entire channel could be put out of commission for an hour-and-a-half or for the evening if that channel happened to be piping in a paid version of a star football game, a first-run movie or some noteworthy news event.

On the other hand, toll TV would mean an end to the nasty old sponsor and his singing commercial. (There are no commercials with paid TV).

The current trend in movie-making is toward bigger, wider, higher screens, more and greater spectacles. Along with the housewife, the movie theater, too, has become emancipated.

But there is the threat that paid TV may shove the giant screen spectacle right off the map, push cinema, cinemascope and wide-screen right back into the movie camera, and the housewife right back into her living room!

Lower California is known as the "fleshless arm of Mexico."

Drayton Contractor to Build Davis Drain

Lyman First, Drayton Plains contractor, was low bidder for construction of the Davis Drain in Novi Township.

Ralph A. Main, Oakland County Drain Commissioner, said Grist's bid of \$11,145.76 was the only acceptable bid received on the project. He said property owners in the affected northwest portion of Novi Township could check their assessments Feb. 28.

If no protests are filed within the next 10 days, the contract will be awarded. Construction is expected to begin this spring. The

job includes some 14,400 cubic yards of excavation and over 700 feet of concrete piping.
