

Nehru Wins OK for Summit Talk

Child Dies Trapped in Submerged Car

By DICK HANSON

Despite frantic efforts by two mothers to halt it, a runaway auto plunged into Lake Orion yesterday, drowning one of two youngsters trapped inside.

"We nearly got the door open, but the car kept going faster, and got away," said Mrs. Lawrence Pulasky, 28, of 725 Wilmet Drive, Orion Township.

U.S. to Train French A-Units

Kennedy Reveals Pact to Strengthen NATO Partner

WASHINGTON (AP) — President Kennedy announced today the signing of an agreement which will permit the United States to train French troops in the use of atomic weapons.

Kennedy made public the agreement in a message to Congress in which he asked approval in order to "fully utilize the potential of French military forces" in developing NATO's defensive strength.

The United States already has similar agreements with other North Atlantic allies for cooperation in the use of atomic energy for — as Kennedy put it — "mutual defense purposes."

The agreement would not of itself admit U.S. nuclear weapons to French soil.

French policy under President Charles de Gaulle has been to keep his country free of atomic weapons of other powers. It was understood that French forces would be trained in the use of U.S. nuclear arms in West Germany.

TO RETAIN CONTROL. The United States would retain possession and control of weapons. Congress must ratify the agreement.

In ordinary circumstances, such a pact would become effective if Congress did not veto it within 60 days.

But with adjustment expected some time this month some action such as a joint resolution of approval will be necessary.

White House sources said the agreement was concluded in July.

The United States now has similar arrangements with Great Britain and Italy among other NATO governments.

Nikita 'Willing' to Meet JFK, Try for Peace

But Indian Is Gloomy, World Grows Uneasy Over N-Fallout Count

From Our News Wires

Prime Minister Jawaharlal Nehru of India was reported today to have won agreement, at least in principle, from Soviet Premier Nikita S. Khrushchev on holding of a new summit meeting with President Kennedy.

Diplomatic sources said Khrushchev, during a 2½-hour talk with Nehru, indicated an apparent willingness to confer with Kennedy in an effort to steady the world away from possible war.

Nehru left the talks looking solemn and thoughtful. As the two leaders conferred in Moscow, a rise in radioactive fallout caused by Soviet nuclear test explosions stirred the world to a higher pitch of uneasiness.

Nehru said the world was fearful of atomic tests and the "foul winds of war."

The Indian leader did not specifically mention the Soviet Union but this is the only country reported to be testing nuclear devices.

Nehru remarked: "once again the foul winds of war are blowing. There are atomic tests and the world grows fearful."

Nehru and Khrushchev discussed a nuclear test ban and the explosive Berlin crisis.

WANT NO WAR. Khrushchev spoke briefly at a luncheon given at the Indian Embassy by Prime Minister Nehru who came here from the first grade conference of 25 world leaders to press their plea for "no war preparations" and for negotiations between Khrushchev and Kennedy.

Kennedy, forecasting his own situation where people are neither represented equally in the House or Senate. Supposedly the Senate of Michigan represents "area and population" and the House represents "population."

Khrushchev, who still has not left the Moscow people that the Soviet Union did not have nuclear weapons in the atmosphere since last Friday, insisted his only aim was peace and disarmament.

Special emissaries from the conference will call on Kennedy next Tuesday.

Rut in New York, there was no indication of headway in talks between Soviet and U.S. disarmament experts on getting a multilateral disarmament conference underway.

The experts — John J. McCloy of the United States and Valerian Zorin of the Soviet Union, had been discussing the issue since June with little sign of progress.

The United States Public Health Service stepped up its sampling of radioactive fallout across the country following the disclosure that a reading at Anchorage, Alaska, Tuesday showed fallout 25 times greater than the average daily level for August.

The U.S. surgeon general, Dr. Luther L. Terry, said there was no immediate health danger to the U.S. population, however.

Most of America's Allies accepted the U.S. decision to resume underground and laboratory nuclear tests as a necessary consequence of the Russian explosion.

Even Japanese officials said they "understood" the reasons for the decision although they filed a formal protest as a matter of principle, just as they did when Moscow's decision was announced.

The city council of the atom-bombed city of Hiroshima called an "emergency rally" for Sept. 16 to protest to both Moscow and Washington.

SMILE TO WHAT PURPOSE? — Russia's deputy foreign minister Valerian A. Zorin (left) and U.S. disarmament adviser John J. McCloy both smile as they leave the U.S. delegation headquarters at the United Nations after 2 hours and 35 minutes of talks. They are seeking an agreement on the time, place and participants of a new disarmament conference. To this hour, there is no evidence of any headway.

Expect Strikers to Return

Press to End Auto Talks

DETROIT (AP) — General Motors Corp. said today a critical situation has developed in contract negotiations with the United Auto Workers Union.

Wildcat strikes under way involve some 15,000 GM workers at plants in Pittsburgh, St. Louis, Atlanta, Mansfield, Ohio, and Marion, Ind.

Reuther blamed lateness of a strike deadline postponement for most of the walkouts. The UAW and GM announced postponement of a strike Wednesday less than seven hours in advance of the union-imposed deadline.

RESUME TALKS

GM and union bargainers resumed talks on final details of their new agreement which is expected to set the pattern for settlements at Ford and Chrysler. Both sides said they would have no comment on progress pending a final settlement.

UAW President Walter P. Reuther said he expected negotiations to return to normal at General Motors plants across the country today.

try today. GM has 129 plants. They employ approximately 550,000 union-represented workers.

Reuther said he will join bargaining talks on final details of their new agreement which is expected to set the pattern for settlements at Ford and Chrysler.

Driver in Jail Until Hearing

Hackney Faces Charge of Assault With Intent to Murder

The driver of a car which struck Pontiac Motor Division's assistant experimental engineer Tuesday night has been charged with assault with intent to murder.

Robert L. Hackney, 20, of 409 Orchard Lake Ave., demanded examination on the charge before Municipal Judge Cecil McCullum yesterday.

Unable to furnish bond of \$2,000, he was returned to the Oakland County Jail pending the pretrial hearing Sept. 12.

Struck while walking across the lot of the Motorcar Transport Co., 1200 Joslyn Ave., with another Pontiac Motor engineer, was Mark A. Lightfoot, 45, of 289 McClintock St., Bloomfield Township.

He was still in critical condition today at Pontiac General Hospital.

He suffered multiple fractures of both arms and legs and possible internal injuries.

Assistant Prosecutor Robert P. Condit said outpourers to the accident stated that Hackney, an unemployed mechanic, drove his car onto the lot, followed after Lightfoot, and ran him down.

He drove off, but later was arrested by Pontiac police.

Hackney said Lightfoot "jumped in front of the car" according to Condit. Hackney stated he didn't realize he hit the man until he saw the man lying on his back.

Broken later in the evening.

News Flashes

WASHINGTON (AP) — The Defense Department today issued a call for drafting "volunteers" for the Army during October.

The levy for next month was 5,000 fewer than for September.

DETROIT (UPI) — Federal Judge John F. McKee today dismissed a suit charging segregation in a Highland Park elementary school.

When the complainants asked to a school board proposal to place 41 white students in Thomson school.

School board officials said Highland Park schools would open Monday.

BRASLIA, Brazil (AP) — Leftist Vice President Joao Goulart was sworn in today as president of Brazil. (Earlier story, page 4.)

LESLIE H. HUDSON. RAYMOND L. KING

Candidates Give Con-Con Views

EDITOR'S NOTE: District 2 includes all of the city of Pontiac.

Pontiac voters next Tuesday will decide whether they want former state representative Leslie H. Hudson to represent them again in Lansing — this time as a constitutional convention delegate — or Raymond L. King, a former county Republican party worker and now an attorney.

DEMOCRAT: Leslie H. Hudson, 39, 361 Gallaghy Road, owns and operates hardware store on Baldwin, state representative from Pontiac 1955-58, congressman at nominee 1958, former Waterford Township clerk, former county supervisor, graduate Pontiac Central High School, attended University of Michigan.

REPUBLICAN: Raymond L. King, 33, 1085 Dudley Ave., attorney, former staff assistant for county GOP, graduate University of Maine, law degree from Boston University and president of class, recipient of good citizen award while with Ford Motor Co., worked 1½ years as railroad switchman while in B. U., once vice president of American Law Students Association.

Both Hudson and King were asked by The Pontiac Press to submit answers to the following questions:

What do you see as the greatest need in the revision of the constitution?

What are your views on the legislative apportionment issue?

If you believe there are changes necessary in either or both of the executive or judicial branches of state government, what do you feel then are the most pressing issues?

Why do you feel you are more qualified than your opponent for the position of constitutional convention delegate?

HUDSON'S ANSWERS:

1. The election Sept. 12 of men and women who are qualified and uncommitted to represent groups, minority groups and special interests is the most important need at this time in considering the greatest need in the revision of the present constitution.

2. Equal legislative apportionment is the most important issue at this convention. We all agree that people should receive equal representation, yet in Michigan we have a situation where people are neither represented equally in the House or Senate. Supposedly the Senate of Michigan represents "area and population" and the House represents "population."

I believe in, but find in Michigan this isn't true. In the House with 110 members, each member should represent close to 65,000 people. Yet we have 20 members who represent 40,000 people or under.

This means to Oakland County residents is that their representatives have one-half votes compared to representatives from these smaller districts.

3. I favor a four year term for the governor, administrator of the State Board of Education and the members of the Senate. I would limit the governor to two terms, and require staggered terms in the Senate. I also favor direct election of major administrative officials as opposed to appointment by the governor.

4. First of all, let me say that the voters of Pontiac will decide who is best qualified for convention delegate.

The best qualifications of a man for any position is the experience he has in that job. The constitution is the blueprint to follow for township, city, county, and state government. Practical experience is the best teacher and this is where I feel especially qualified to represent Pontiac.

The popular election of the principal administrative officials leads them to be more responsive to the voters. Never should we ignore the intelligence and capacity of the voters to select able and honest state officials.

5. The judiciary should be removed from politics to the extent possible.

6. The decision as to the relative qualifications of my opponent and myself should properly be left to the voters on Sept. 12th.

As for my qualifications I am now a practicing attorney living and working in the City of Pontiac. I have had experience working for myself, for small business and for large corporations. In 1959 I received the Ford Good Citizenship award for my participation in civic affairs. If elected my only goal is to help write a sound constitution for all the people of Michigan and return again to the private practice of law, my wife and three children.

Scrubbed and Shiny Youngsters Off to School

Pontiac observed a miniature Easter Parade this morning. Kids of all sizes and shapes filled down side streets and main thoroughfares, dressed in spanking new duds and bathed in the morning sunlight.

It was the first day of school this year for an estimated 13,000 or more elementary pupils, about 375 more than showed up last September.

The biggest increase in enrollment is expected at the elementary level.

This morning the kids were up bright and early for the big event. There were a few shiny apples in the crowd, thousands of well-dressed shoes and well-scrubbed faces.

The Junior High seventh graders and senior high 10th grade students also attended orientation sessions. New secondary students reported to their schools to become acquainted with surroundings and teachers.

Tomorrow, all secondary students will start classes, and by next week it is estimated that classrooms will hold some 30,000 pupils in Pontiac.

Fair and Warm, Cloudy, Warm, Rainy and Warm

Vacation days are over and children are back in school, but the hot summer weather is still with us. Tonight's low will be about 66.

Fair and warm through tomorrow is the weatherman's forecast for the Pontiac area with a high of 85 Friday. Variable morning winds will continue at 12 to 15 miles per hour.

The outlook for Saturday is partly cloudy and warm, with a chance of a few thunderstorms.

From 8:30 yesterday morning until the same hour today 81 of each in rain fell on the downtown area. The lowest temperature prior to 8 a.m. was 63 degrees. The mercury had climbed to 85 at 2 p.m.

WELCOME BACK — Glenn Husted, principal of Wilson Elementary School, knows how to welcome the youngsters back to school—he's been a principal and welcoming committee for 33 years. Today as classes resumed, he was on the front steps to greet (from left, center) Cedric Barnes, 6, of 336 Midway St.; and (from left, rear) Robert Gaylan, 9, of 337 Irwin St.; Linda Van Kuren, 11, of 334 Midway St.; and Ella Mae Coop, 9, of 306½ E. Wilson St.

Goulart Prepares to Take Powerless Presidency

BRASILIA, Brazil (AP)—Leftist Joao Goulart prepared to take on the virtually powerless job at Brazil's president today and the nation seemed headed for a middle of the road government that may turn a cold shoulder to Fidel Castro and retreat from close ties with the Communist bloc.

After a 13-day crisis that began with the resignation of President

Jane Quadros Aug. 26, the South Brazilian rancher, Brazil's vice president since 1956, was to be inaugurated this afternoon as chief of state. But Congress has stripped the office of virtually all power to satisfy military leaders who feared the leftist Goulart would open South America's largest nation to Communist takeover.

Congress awarded Goulart's

nomination for his approval of a prime minister, who will hold the real power in the new presidential form of government voted by Congress to trim Goulart's influence. With middle of the road and rightist parties in the majority in Congress, it seemed certain his choice would be at that political level.

Two leaders of former Pres-

ident Juscelino Kubitschek's middle-road Social Democratic party were most frequently mentioned: Tancredo Neves, former labor minister, and Emílio Amaral, Peixoto, former ambassador to Washington.

Financial conservatives felt the best choice would be another Social Democrat, Gov. Carlos Carvalho Pinto of Sao Paulo, State. But after

meetings with acting President Rondoni Mazilli and Goulart, he said again he felt he could "serve the interests of Brazil best by remaining in my post as governor of Sao Paulo."

Congressional approval of either Neves or Amaral Peixoto appeared assured by the agreement of the Social Democrats and the rightist National Democratic Union to vote as a bloc if Goulart named one of their members.

The two parties held 172 of the

338 seats in the Chamber of Deputies and 40 of the 63 in the Senate. In a showdown, the coalition could possibly muster a high of 285 votes.

Forms Own Council

BUFFALO, N.Y. (AP)—When City Councilman Charles McCabe recites the ages of his children, it sounds something like a countdown at Cape Canaveral. Mrs. McCabe recently gave birth to the couple's 15th child.

Romulo Slams Reds for Blow to U.N.

NEW YORK (AP)—Philippine Ambassador Carlos Romulo accuses the Soviet Union of seeking to destroy the United Nations and of "bringing the world to the brink of nuclear holocaust."

Speaking before the New York County Council of the Veterans of Foreign Wars Wednesday, Romulo

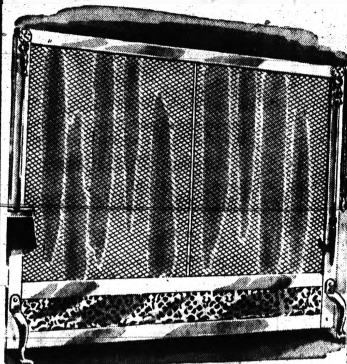

in said, "Any nation seeking to undermine the United Nations is seeking to destroy the peace."

CITIZENS AWARDS
The council presented "distinguished citizens" awards to William Randolph Hearst, editor-in-chief of the Hearst Newspapers, and Lee Mortimer, columnist for the New York Daily Mirror, for their activities in fighting communism.

There are one-third more married women from 15-44 years in the U.S. today than in 1953.

Cuba Protests Visas 'Withheld by U.S.'

MIAMI (UPI) — Fidel Castro charged today that the United States is withholding visas from two Puerto Rican members of Cuba's U.R. delegation.

The broadcast said the members of Juan Marro and Mrs. Pedro Albizu Campos, sent to the State Department six months

ago for visas, have not been returned. It said the Castro government has protested to Secretary General Dag Hammarskjöld about the matter.

Mrs. Albizu is the wife of the leader of the Puerto Rican Nationalist party, some of whose members shot up the U.S. Congress in 1950 and tried to assassinate President Harry S. Truman.

The human eyes are at full growth at the age of 8 or 9 years.

Hire Teacher for Caroline's Nursery School!

WASHINGTON (UPI) — Caroline Kennedy and some of her preschool-age friends will attend a cooperative nursery school in the White House this fall.

A teacher has been hired to work with the approximately 14 children in the group. She is Mrs.

David Martin, who was graduated from Bryn Mawr in 1958 and the Harvard Graduate School of Education in 1961.

The salary of the teacher will be paid jointly by Mrs. Kennedy and mothers of the other children. The White House declined to make public the names of Caroline's schoolmates.

The world's tallest building, the Empire State in New York, has a television antenna and transmitter atop its 102-story tower.

Air Force Base Spins Records to 'Learn By'

COLUMBUS, Ohio (AP) — Lessons in French, German, Italian, Spanish and Japanese are being repeated over a loudspeaker periodically each day in the Intelligence Division of the Air Force Base.

Col. W. L. Stevenson,

division chief, says it's intended to teach the men language phrases needed when they serve overseas. By learning language characteristics now, he thinks the tongue of the nation in which they serve.

Eventually the program is to be expanded to include teaching a few phrases to combat aircrew for use in emergency situations in foreign lands, Stevenson says.

The Rio Grande River is about 1,800 miles long.

Suggest New Recipe for Burning Rubber

CHATANOOGA (AP) — Somebody figured out a way to burn up auto tires faster than a hotrod. He climbed into an unattended transport truck cab at an industrial plant, locked the trailer's air brakes, started the engine — and left the tractor's four drive wheels spinning on the concrete.

Next morning, a company

spokesman said, "there were little piles of rubber by each tire and the wheels were still spinning in reverse."

Guinea Pigs Beware

ELMIRA, N.Y. (AP) — A lunch counter here advertises a sausage-in-a-bun specialty as "Ground Hog Sandwiches."

New York was the first city in the U.S. to have tracked vehicles which were known as horse-drawn trolleys.

Center Buildings Keep Growing Into Big Family

The courthouse joins a large family of existing buildings at the County Service Center.

Already there is the medical-care facility (Infirmary), children's home and cottages, welfare building, agricultural and extension services, animal shelter, central garage, health de-

partment, central stores, former contagious hospital, board of education, road commission, power plant and laundry.

Nearby is the Pontiac State Police Post and the headquarters of the Oakland County Society for Crippled Children.

The huge television antenna atop the Empire State Building which is used by all of New York City's seven TV stations, transmits to a four-state area in which 15 million people reside.

Vote Removes Most of School Board

JACKSON (AP) — All incumbents but one for re-election to the Union School District Board of Education have been defeated. The district encompasses the City of Jackson and some of its suburbs.

Myer N. Franklin, board president, and Dr. Richard C. Dem-

ing were defeated for three-year terms by Nicholas Hecking and J. C. Perry. William E. Bold was defeated in his bid for another one-year term by Howard Harris.

Max C. Rubert was the only incumbent to be re-elected. He ran unopposed.

There are about 66 total eclipses of the sun in an average century, astronomers believe, but only a small number are generally visible.

Pastors Upbraid Girlie Shows at County Fairs

ALLEGAN (U-P) — A campaign to have county fair-linked girlie shows take cover has been started by a group of five Allegan County Protestant pastors.

Their target is the Allegan County Fair which opens Sept. 10.

The ministers are writing letters of thanks to state police

posts in the area for raiding one show at the fair midway last year. They urge continued surveillance for similar shows at the upcoming fair.

Three persons, including two performers, paid justice court fines last week after pleading guilty to charges following a police raid on a midway show at the Berlin Fair near Marne in Ottawa County.

James Monroe, fifth president of the United States, died in New York City on Independence Day in 1831.

Michigan Would Profit Through National Park

Sen. PHILIP A. HART has proposed a bill that would seem to have a common objective for all of us since it would preserve the beauty and uniqueness of Michigan's scenery and outdoor beauty.

The proposal he has introduced in the U.S. Senate would make a national recreation area at Sleeping Bear Dunes. The area in question is a few miles north of Benah at Glen Lake.

The bill was drafted with the cooperation of the National Park Service of the Department of the Interior and is based on detailed studies and experience gained in other similar recreation and seasonal areas throughout the United States.

A survey has been made that shows the Sleeping Bear area as possessing outstanding scenic qualities and varied and unique scientific features. Further studies seem to indicate that this Northern Lake Michigan area should be a part of our National Park Service.

Since the second largest business in our State is the tourist trade, we should push for any and all national recreational areas that would draw people from outstate.

Like other types of progress, perhaps a few residential and some commercial property might be hurt. When something is for the overall betterment of a large number of people oftentimes this cannot be helped.

While it is impossible to predict the exact amount of benefit the local economy would derive from the establishment of a park, it is a matter of record that national parks have resulted in improved economic conditions for surrounding communities.

If the proposed area were established, accommodations for tourists, hotels, restaurants, motels, service stations, food stores, and a multitude of other service establishments would develop outside the area, providing investment opportunities and local employment.

We feel that Sen. Hart is thinking in terms offering all U.S. citizens something his State has which is worthy of national significance.

Seagoing Department Is Advancing, Also

Stepping up our sea might is in progress. While a great deal of attention has been directed toward the buildup of Western land and air forces in free world defenses, the seagoing department has not been idle.

We are on the move, and this is as it should be. More Polaris equipped nuclear submarines, now on U.S. drawing boards and in various stages of construction, promise valuable aid in our world position.

Also, in the immediate future our Navy is removing a mothball fleet of 42 warships, including two aircraft carriers, and 22 amphibious transports and landing craft. These re-commissioned vessels will be divided between the Atlantic and the Pacific fleets.

more ultramodern ships are on the way from U.S. shipyards to beef up this defensive armada.

A strong carrier and Polaris submarine fleet can be a powerful deterrent against Russia. The mobility and striking power of such a fleet is greater than those of any combination of land launching sites, and its presence should have the effect of dampening war plans.

The Man About Town First in Oakland

Winter Skiing in Michigan Started on Rochester Hill

Holiday traffic; What would be safer if so many didn't drive further to see less.

It is not generally realized that the winter sport of skiing, which has taken the nation by storm during the last few years, really got its first Michigan substantial start in our own Oakland County.

Thirty years ago the world's ski champions, including the famous Hall Brothers, came to Rochester to compete. The high hill in the state park near there was augmented by the erection of a steel tower to add distance and elevation for the sport.

It was one of the stellar winter attractions for a large area, including Detroit, Pontiac and numerous other cities throughout the nation. As longer and higher natural ski jumps further upstate were developed, the sport on an organized basis here was abandoned, although the tower remained for several years as a reminder of what once was.

Asserting that the blue jays are more dependable than the weather bureau.

Mrs. Joyce L. Frawell of Rochester phones that a storm is coming when they get extra noisy.

Speaking further of blue jays.

Mrs. Randall Omsen of Pontiac Lake, writes that a pair have become boss around her premises, even frightening the cat and dog, and the human element is in danger.

As a sequel to our story about the shortage of crowing roosters.

Norris Mulford of Waterford phones that, in the artificial incubation system, they don't have so much to crow about.

Peralutant champion pain-in-the-neck on baseball TV.

John Cameron Swayne, "tires" with his "otly" stuff. Ouch!!

When all the peaches have been heard from, it appears that the top overestimate of the year was in the predictions on the Labor Day weekend traffic.

"You can have your large peaches," phones

Mrs. Ruth Vallincourt of Birmingham, "But I'll take the small ones." She says there's "more peach and better flavor" in a bushel that contains 300 peaches than in one that has 150.

In response to several inquiries, including that of

Perry Foxton of Oxford, who says he knows of one taken up from the government 130 years ago, a piece of property does not have to be under the same name for 100 years to be eligible for a centennial marker. It must be in the same family. The name may change through marriage in the generations of the original owner.

One of the workers on the new 75 Freeway.

Ralph Brownlee, tells me that in some ice clearing just northeast of Pontiac the remains of an ox yoke were found embedded in the crotch of an oak tree.

Mr. and Mrs. Preston Stone of Holly; 53rd wedding anniversary.

Mrs. Carrie Underwood of Oxford; 85th birthday.

The Other World

David Lawrence Says:

Conscience of Mankind Is Numb

WASHINGTON—The testaments of all religions contain the equivalent of the commandment: "Thou shalt not kill." Yet the world today is witnessing a resumption of nuclear tests designed to find more and more weapons that can destroy human life.

This paradox seems to be taken for granted as one of the inevitable consequences of international rivalry. War is roundly denounced as each side professes to be interested in attaining peace while the other side is blarney for provocations that could lead to armed conflict.

Governments from at one another and send out sharply worded diplomatic notes. But the means of diamming reckless men who may bring on war is yet to be discovered.

There are no tests to find ways of depriving dictators of the power suddenly to plunge their own country and the world into a nuclear war.

No decision which President Kennedy has made could have caused him more anguish than the authorization to American scientists and military men to resume nuclear tests.

Even though the American tests are to be underground and in laboratories, while the Soviets have already held three tests in the atmosphere—presumably producing "fallout"—there is a revelation of feeling about all of them on the theory that a decision to test means a decision some day actually to use nuclear bombs.

Never in history has the world faced so powerful and so devastating a weapon as the big nuclear bomb. Estimates vary as to the millions of persons who can be killed or the wide area that can be destroyed.

THE AWFULNESS But those scientists who understand the effectiveness of these weapons have told congressional committees again and again of the awfulness of these new tools of war.

Under the circumstances, the world is challenged to find a way to prevent a disaster of incalculable proportions.

But what is being done or likely to be done about it? A group of 25 nations who call themselves "nonaligned" but who, for the most part, play the Communist game has called on the governments at Moscow and Washington to enter into some kind of "summit" conference to secure a peaceful settlement of outstanding issues.

Great Britain and France have expressed their concurrence with President Kennedy's action in ordering underground tests and have echoed a widely prevailing sentiment in this country that he has no other choice. Kennedy has proposed that, before Sept. 9, a new agreement be reached to suspend all tests in the air.

SOMETHING BACK But there may be back of the recent moves some other maneuver by the Soviets that have not yet appeared. It is considered quite possible that only a compelling reason caused Premier Khrushchev to violate all the previous pledges in which he proclaimed his determination to resume nuclear testing only if the West did so.

Dr. William Brady Says: Professional Boxing Match Is Hygienically Absurd

I have never boxed a round. I have seen only three or four boxing matches (live) and what I don't know about boxing fills innumerable newspaper columns every day.

Voice of the People: Episcopal Church Rector Gives Reply to Editorial

Read with interest the editorial, "Plenty to Do at Home," in Saturday's paper. However, there are several comments I should like to make.

The society is a National Society with headquarters in Atlanta, known as the Episcopal Society for Cultural and Racial Unity. It is made up of concerned, conscientious and dedicated clergy and laity of the Episcopal Church across the country.

In regard to the questions in the second paragraph of the editorial, I doubt that the day will come when there is no more racism. The Episcopal Church does not think it has solved all of its problems, and a great many of them may be with us forever. But this does not mean that we can never concern ourselves with a new problem.

REV. WIDFELDE Twenty years ago we had many problems which are still with us. The atomic bomb has become a very real one and one with which we had better be concerned whether the more ancient problems have been solved or not.

Finally, The Press suggests that the church should not venture beyond its local boundaries until all within is in a "perfect state of sanctification." I doubt that the day will come when there will be perfection in human affairs. In truth, I would ask two questions. As a nation we are immediately doing everything we can in Latin American countries to encourage democracy. Does this suggest that our own house is in perfect order? Where would the Christian church be today if St. Paul and others of vision and courage had not ventured beyond the borders of Palestine into what was perfect there?

The Christian mission has depended on those who have grasped the meaning of our Lord's command, "Go ye into all the world." In that frame of reference going a thousand miles, if one is convinced that by doing so he can play some part in being his brother's keeper, is not a fatuous undertaking.

G. George Whitfield All Saints' Episcopal Church earned a total of 61 ribbons so far. The youngest will soon be ten years old.

"Another Fast 4-H Leader" will be talking through her straw hat and maybe we're glad she is a past leader.

Not a Leader—Just a 4-H Farmer Portraits By JOHN C. METCALFE I really don't know what to do... about this fragile heart of mine... Because its symptoms indicate... A dead-end warning sign... It seems to me as I look back... Upon each recent day and the future... This heart of mine in some strange way... Has not been acting right... It seems to be as restless as a cat... The winds of Spring or heat of Fall... And since that time I haven't had... Control of it at all... It seems to me this heart of mine... Has started acting on its own... And suddenly resolve it will... No longer live alone... I cannot give the reason why... My heart is now no longer... Under my control... It should be that... It is in love with you. (Copyright 1961)

THOUGHTS FOR TODAY You have been born anew, not of perishable seed but of imperishable, through the living and abiding word of God—Peter 1:23. Yet fetters cannot hold a life surrendered. There comes an Easter morning to the soul. When we arise, all scars and wounds transfiguring. To find the living Christ has made us whole! —Zula Conn.

This Parent Proud of 4-H Fair Does "Another Fast 4-H Leader" know what she is talking about. Our club has no cattle, nothing bigger than one spring lamb and lots of rabbits. Our club was proud of this 4-H Fair. Its honors of six state shows, one state show alternate, four special ribbons in flower gardening, and all the blue, red, and white ribbons. My own three 4-Hers have

Case Records of a Psychologist: Some Profs Want to Be Superior By DR. GEORGE W. CRANE Case J-488: Larry G., aged 29, is a high school science teacher. "Dr. Crane," he began, "I take some courses at night in the extension division of Indiana University."

"And do you not realize that the profs there? They'd like to burn you in oil." "Last night one of them took 30 minutes to belittle you, though he never mentioned a single thing you had said that was an error of fact."

"We students figure such profs are just jealous and irate because you have pointed out that we high school teachers average 24 students per faculty while the college profs handle only half that number."

"They say you are over simplifying psychology by using 2 syllable words and that you are talking through your hat. But keep it up, for they try to overly impress us with big words to cover up their small ideas."

"One day, as an experiment, I went up to the psychology prof after his lecture and shook my head dejectedly."

"I told him, 'My but your science of psychology is deep, for I fear I didn't understand half of what you said tonight.'"

"Dr. Crane, instead of being insulted by his inability to communicate his ideas properly to us students, he beamed in delight."

"For he is one of those persons whom you hidest as trying to impress an audience by using

They Expect Trouble at Any Time

Pilots Study Ways to Hang On to Berlin Air Lifeline

BERLIN (UPI)—American civilian pilots today carefully studied ways to maintain the air lifeline to West Berlin in the event the Communists try to interfere with their flights.

Pan American pilot William J. Taylor, 42, of Wisconsin Rapids, Wis., furrowed his brow as he considered the problem.

"It's a milk run now, but the Communists could jam everything if they wanted to," he said.

Jack Bennett also is a veteran pilot through the German air corridors. He says he'll fly the route until it gets too tough.

Taylor is a veteran of 19 years as a pilot. He has been flying an average of six daily round trips between West Germany and West Berlin over 110 miles of Communist territory for the last 18 months.

Now the Communists are making statements indicating they may try to interfere with this nonmilitary traffic—perhaps by withdrawing from the four-power air traffic safety center here or even sending a fighter plane up to force an airliner to land in East Germany.

REDS COULD JAM IT

Taylor said it would be fairly simple for the Communists to harass the big DC8s flying through the three 20-mile-wide air corridors.

"I believe that with six properly equipped trucks—three at this end and three at the other end of the corridors—the Communists could jam every one of our navigational aids," he said.

Already, Taylor said, the planter beacon which Western pilots ride into Berlin is "a little less reliable." In this case, he said, a Soviet-operated locator beacon at Zerbst is the troublemaker.

"Maybe it's just because the frequencies are overcrowded, because they are," Taylor mused. "But our planter beacon waves around now and we don't have an accurate track."

If the United States has any jam-proof navigational aids, Taylor said, no one has told him.

Taylor said he is chairman of a committee of pilots assigned to look into ways to beat this jamming but had been unable to accomplish much as a civilian because Western officials have insisted such matters are classified.

Nevertheless, the civilian pilots have come up with a couple of alternatives—one by using air-borne weather radar.

BLIPS APPEAR

"Two blips that are typical of Berlin always appear just about the time you cross the East-West German border," Taylor said. "On a clear night it's even easier because you can see the city's lights."

He said the pilots also have considered using East German beacons to find their way in and out of Berlin but that Western officials are reluctant to make data on these beams available.

In the month of August alone they carried 200,000 passengers.

AP Photos

VET PILOT — Jack Bennett, veteran pilot for Pan American World Airways, has made 14,000 flights over the Western air corridor in Germany. He says he'll fly the corridor until it gets too tough.

Conclude Efforts for School Bill

House Passes 2-Year
Extension of Existing
Aid Programs

WASHINGTON (AP) — House passage of two-year extensions of two existing school programs signals the end of efforts to pass an extensive school aid bill this year — and probably next year, too.

By a 378-22 roll call Wednesday the House delayed extension of the National Defense Education Act and a special program aiding schools in federally congested areas.

Both programs previously had been wrapped in President Kennedy's bills providing broadscale aid to public schools.

The Senate, which passed most of Kennedy's original program, may hold out for a one-year extension of the two popular programs. Extension for only one year could set the stage for a new school aid battle next year.

PROVIDES \$900 MILLION
The bill passed by the House provides \$300 million to continue the defense education act for two more years and \$400 million to continue the impacted areas program.

The NDEA was enacted in 1958 in response to the challenge of Soviet space achievements. It provides federal aid in strengthening U.S. science, mathematics and language courses in high schools and colleges.

The impacted areas program provides money for construction of schools and payment of teacher salaries in areas crowded with the children of federal employees. Since it was enacted in 1952, \$2 billion has been paid out to 3,800 school districts in every state.

Burglary Rash Forces Church to Lock Doors

CHICAGO (AP) — A Roman Catholic church has been forced to close its doors, except during hours of services, because of a wave of burglaries.

The Rev. John Cunningham, assistant pastor of St. Thomas the Apostle Church, said Wednesday the doors were being locked at the suggestion of police who said they were unable to protect the church throughout the day and evening.

ENTER THROUGH RECTORY
Father Cunningham said parishioners who wish to visit the South Side church outside hours of services must enter through the rectory.

Three times within the last two weeks the church alarm box and votive light offering boxes have been broken into.

Cites Contributions of Ike to Presidency

ST. LOUIS, Mo. (AP) — Effective use of the cabinet system and use of vice presidential powers were major contributions to the presidential office by Dwight D. Eisenhower, said Robert K. Gray, a secretary to the Cabinet under Eisenhower in a speech to the annual meeting of the American Political Science Association.

Eisenhower so effectively established the vice president's job that the same use of the office "has been adopted almost verbatim in the Kennedy-Johnson administration," Gray said.

SHE'S A MODEL—That's no spaceman, Danny. It's model Meredith Proctor. She wears a suit designed for use in fueling missiles and in other such toxic areas. It contains its own oxygen supply and an air condition system and was displayed at the opening session of the annual Association of the United States Army meeting in Washington. Danny? He's 3-year-old Danny Darling of Darling, Pa.

Young Mother With Empty Pistol Seizes Bandit

ST. PETERSBURG, Fla. (AP)—A pregnant young housewife surprised a burglar in her home, chased him out onto a busy street and held him at bay with an empty pistol until police arrived.

Sandra Cutts, 19, said she arrived home with her one-year-old daughter Wednesday after having lunch with a sister. She found the burglar, identified as Arthur J. Newton Jr., 15, in her kitchen.

DOWN AN ALLEY
She put her baby down, grabbed the pistol and chased Newton out of the back door down an alley and out onto the street.

"I got so mad I didn't have time to get scared," she said. "It's a good thing he stopped, or else I don't know what I would have done. I didn't even have any bullets for the gun."

Langtry, Tex., was named for the famed actress Lily Langtry.

Gen. Walker 'Is Not Talking'

Declines Comment on Political Activities as Chief of 24th Division

HEIDELBERG, Germany (AP)—Maj. Gen. Edwin A. Walker declined comment on Senate hearings regarding his political activities while commanding the 24th Infantry Division in Germany.

In testimony before the Senate Armed Services Committee Wednesday, Defense Secretary Robert S. McNamara disclosed that Army investigators found Walker tried to influence the 1960 congressional elections.

Walker, reached Thursday in his office at the U.S. Army's European headquarters here, said he would have no statement until getting a complete record on the hearing.

RELIEVED OF COMMAND
Walker was relieved of command of the 24th Division after the Overseas Weekly, a private newspaper published for servicemen, said the general had publicly criticized some American political leaders including former President Harry S. Truman.

The Army ordered an investigation and later admonished the general. He is now assigned to headquarters here as assistant deputy chief of staff for operations.

Walker is expected to remain in Europe, until after trial in German courts of slander charges against an Overseas Weekly reporter, Siegfried Naujoks. The slander case, filed by a German prosecutor on the basis of information supplied by Walker, is scheduled to be heard Sept. 21.

New U.S. Envoy in Congo
LEOPOLDVILLE, the Congo (AP)—The new U.S. ambassador to the Congo, Edmund A. Gullion, arrived Wednesday to take up his post as fresh East-West diplomatic rivalry in the Congolese capital seemed imminent.

Ohio Loses Half a Bridge
EATON, OHIO (AP) — Ohio is losing the distinction of having 27½ covered bridges. Commissioners of Ohio's Preble County and Indiana's Union County have agreed to replace an almost 50-

year-old wooden covered bridge, half of which is in each state, with a modern steel and concrete span.

Baffled by the Case of the Stolen Pokey

McPHERSON, Kan. (AP) — Someone stole the jail here. It isn't the real pokey but is one of those jails mounted on wheels to stir up interest in various

civic events. In this case the Junior Chamber of Commerce used it for those who failed to grow heads or buy shaving permits in connection with the Kansas centennial celebration.

Two of three adult Americans wear eyeglasses.

They Say Where There's a Willow, There's a Way

TOPEKA, Kan. (AP) — Don Becker wonders if he should continue using willow branches to stake up his tomato plants. He pushed the branches in the

ground for the plants to climb. Then the branches sprouted and now it looks like he is in for a new crop of willow trees.

Rye will grow on soil too poor for wheat and it will withstand almost drought and severe heat.

Mom, Kids Doing Nicely

DES MOINES, Iowa (AP) — A robin who knew right where to go hatched her eggs on the fire escape just outside the hospital ward of a Des Moines hospital.

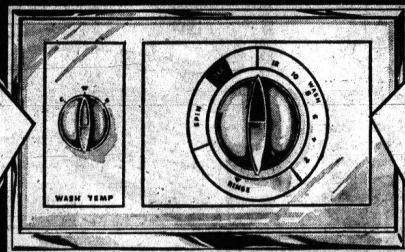

Assessor, 94, Still on Job
NORTH COLLINS, N.Y. (AP) — Everett A. Potter is still on the job every day as assessor, a post he has held for 52 years. But now he works afternoons only. He's 94.

A COOL DOG—Instead of being a hot dog, "Jaimie," a golden retriever owned by Genevieve J. Rozanski of Philadelphia, is a real cool cat during these hot and humid days. With a straw hat atop his head, "Jaimie" relaxes in the stern of his owner's boat, moored in Barnegat Bay, N.J.

Pushes Construction of Bomb Shelters

LANSING (AP)—The Lansing city government will ask all contractors bidding on new construction, including schools, to consider providing bomb and fallout shelters.

Councilman Malcolm J. Milks told the City Council the city civil defense organization also will start classifying all public and private buildings as potential shelters in case of enemy attack. Milks said all new buildings should include shelters "because it soon will be announced by the federal government that it has decided evacuation of cities in the face of an attack is no longer feasible."

The council also announced that persons constructing shelters in their homes or other buildings will not be taxed for the additions.

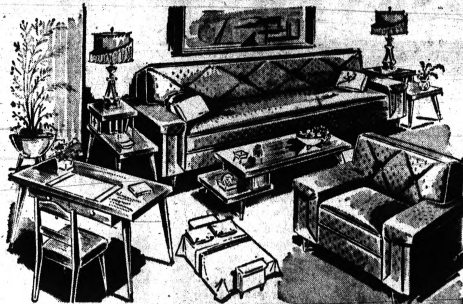

Flash Fire Kills Man

FLINT (AP)—Stephen Sopko, 44, of Flint died Wednesday night of burns suffered Sunday when paint fumes ignited by a water heater set off a flash fire in his basement as he was painting the floor.

To Study \$1.5-Million Sewer System for Novi

AREA SONGSTERS — Members of the Utica-Rochester Chapter of Sweet Adelines, Inc., will entertain area barbershop singers and their wives at a box social tomorrow night at the Rochester Golf and Country Club. They are also slated to sing for the Rochester Lions Club Sept. 18. This is the way the group looked when it appeared in the floral parade in Romeo on Labor Day.

County Offices Join Rochester

To Aid Disaster Training

ROCHESTER — The Oakland County Office of Civil Defense and the county health department will cooperate with Rochester in conducting a 13-week survival and disaster training course here beginning next Tuesday.

The medical emergency course will be open to all interested adults in the Rochester area. It will be held regularly from 8 to 10 p.m. every Tuesday during the 13-week period.

According to Rochester Civil Defense Director Paul York, all but the last session will be held in the new Municipal Building, 400 Sixth St.

The final class, a field exercise, is slated for North Hill Elementary School.

Mrs. Hermilio Rodriguez Jr., R.N., of the county health department and civil defense officer, will direct the course and teach some of the classes.

She will be assisted by qualified instructors from the Rochester area and local doctors.

York emphasized that the course will offer more than lessons in first aid. He said it also will be more advanced than home nursing and other related medical care programs.

NEWS OF THE AREA

Royleen Mussen Weds Donald Byron McKelvey

COMMERCE TOWNSHIP — Strings were carried by Thomas Matthew Lutheran Church was the setting Saturday evening for the wedding of Royleen Lura Mussen and Donald Byron McKelvey. The ceremony was read by Rev. Lawrence Kinn.

Parents of the bride are Mr. and Mrs. Roy T. Mussen, 125 Cleary Road. The bridegroom is the son of Mr. and Mrs. Roy J. McKelvey, 196 N. Wilson Road, Wilmett.

The bride wore a floor-length gown of white silk over lightweight satin. It featured flower appliques at the neckline and on the front of the skirt which swept into a chapel train.

A pillow had centered with a white rose held her shoulder-length veil. She carried a colonial bouquet of tiny white roses and stephanotis.

Maid of honor was Geraldine Ottikens. Mrs. Rudolph Mander, Ann Arbor; Mrs. William Zachary, Walled Lake, and Gail Chapman, Orchard Lake, were bridesmaids.

Serving as best man was Dennis A. Carlson, Wilmett. Ushers were Jack Michael, cousin of the bridegroom; William Zachary, Walled Lake, and Glen Powell, Union Lake.

Raymond Hopper, Detroit, cousin of the bridegroom, and Donald C. Mussen, brother of the bride, were junior ushers.

FLOWER GIRL — Flower girl was Cheryl Lynn Mussen, sister of the bride. The bridesman was the bridegroom's brother.

Tilchin Will Give Views on Con-Con in Rochester

ROCHESTER — Asst. N. Tilchin, 3rd Legislative District congressman, will be special guest at a coffee hour tonight at the home of Mr. and Mrs. Patrick Coyle, 255 South St.

Area residents are invited to attend the 8:30 p.m. affair to hear the West Bloomfield lawyer-businessman air his views on convention issues.

Buys Grand Haven Firm

CHICAGO (AP)—The Union Asbestos & Rubber Co. of Chicago has acquired all stock of Arrow Products, Inc., of Grand Haven, Mich., Edwin B. Hokin, president of Union Asbestos, said Wednesday. Hokin said no changes in the business or personnel of Arrow Products were planned.

is slated for North Hill Elementary School.

Mrs. Hermilio Rodriguez Jr., R.N., of the county health department and civil defense officer, will direct the course and teach some of the classes.

She will be assisted by qualified instructors from the Rochester area and local doctors.

York emphasized that the course will offer more than lessons in first aid. He said it also will be more advanced than home nursing and other related medical care programs.

HELP IN DISASTER

"In the event of disaster, this training would enable parents to care for their families and friends and relieve nurses to perform other tasks," York said.

To be included in the course are instruction and practice in casualty care systems and basic medical disaster plans; first aid, shock and burns; psychological first aid; emergency birth or disaster born babies and hypothermic technique and use of syringes.

Also scheduled are contagion and isolation techniques, blood pressure and intravenous techniques, emergency sanitation, and radiation and fallout including decontamination for both home and person.

Medical and nursing aspects of radiation sickness will be covered, too, said York.

The concluding field exercise will put all the lessons into practical use and teach students how to convert the school into an emergency hospital.

Also scheduled are contagion and isolation techniques, blood pressure and intravenous techniques, emergency sanitation, and radiation and fallout including decontamination for both home and person.

Medical and nursing aspects of radiation sickness will be covered, too, said York.

The concluding field exercise will put all the lessons into practical use and teach students how to convert the school into an emergency hospital.

Village, Township Request Facility Be Constructed

NOVI — A request to install a \$1.5-million sanitary sewer system to serve the south central section of Novi will be studied tomorrow by the Oakland County Board of Public Works.

A resolution from Novi and Novi Township asking that the sewer system be constructed here was received yesterday by Oakland County DPW Director R. J. Alexander.

Alexander said today from 2,500 to 3,000 sewer taps would be available here under the plan. Users of the system would be served by a 48-inch sewer main which would connect to Rouge Valley Sewer System on Seven Mile Road in Wayne County.

The sewer main, which would be installed by the Oakland County DPW, would start on Seven Mile Road, just south of Northville, and would continue to about one-half mile north of Nine Mile Road in Novi.

According to Alexander, 18-inch spur lines would extend service to the northeast and northwest from the termination of the large sewer main in Novi.

The county DPW director said approximately 10 per cent of the population in Novi would be served by the system.

WOULD REACH 90,000

However, the proposed system would ultimately serve about 90,000 persons when Wayne County increases the capacity of its Rouge Valley system, Alexander said.

If the Public Works board accepts the project tomorrow, final approval of the plan would have to be received from the County Board of Supervisors Monday.

Alexander said the first phase of the project, installation of lines to serve the south central section of Novi, probably would be started next spring if county officials approve it.

The 48-inch sewer main would be large enough to serve the ultimate capacity of the area, Alexander said.

Village Clerk Mrs. Mabel Ash said the first section to be served is bounded by Eight Mile and Ten Mile roads on the north and south and by Taft and Hagerty roads on east and west.

Alexander estimated that \$1.5 million would cover the cost of bonding and construction of the first portion of the project.

The sewer plan has the unanimous approval of both the Village Council here and the Novi Township Board.

Rally at Davison to Raise Funds

Workers Hope to Bring Goodrich Hospital Drive Up to \$250,000

GOODRICH — The campaign to raise a minimum of \$250,000 in building funds for a proposed 25-bed intercommunity hospital here enters its final phase tonight with a rally to be attended by all workers.

The rally will be held at 7 p.m. in the VFW Hall in Davison.

E. J. Pierson, general chairman, stated that \$184,000 has been raised to date, leaving \$66,000 still to be obtained in 3-year pledges.

Pierson and Homer M. Hill, also general chairman, will present \$1,000 club, \$5,000 club and \$10,000 club awards to campaigners who have raised these sums or more in addition to their own pledges.

The new medical facility is planned to replace the old Goodrich General Hospital which was closed Feb. 14.

Pledges have been made by workers enrolled from Flint, Pontiac, Clarkston, Oxford, Orionville, Holly, Goodrich, Davison, Grand Blanc, Davidsburg, Millington and adjacent areas.

The proposed hospital would serve Southeastern Genesee, Northern Oakland and Western Lapeer counties.

JUDY LAMPARTER

Detroit Beauty Reigns as Queen of State Fair

DETROIT — Blonde, blue-eyed Judy Lamparter, 17, of Detroit, reigns as queen over the Michigan State Fair for its remaining four days.

Judy received her crown from Gov. Swainson in a special ceremony last night.

The 5-foot-6, 115-pound beauty was chosen from among 52 contestants for the Miss Michigan State Fair Title. She entered as Miss Detroit Teen Queen.

A special luncheon for presentation of centennial awards to nine Michigan colleges and universities was scheduled for today, and today's day at the fair.

The schools are the University of Michigan, founded in 1817; Kalamazoo College 1833; Albion College 1835; Olivet College and Hillsdale College 1840; Eastern Michigan University 1849; Hope College 1851; Michigan State University 1855, and Adrian College 1859.

Carlson-Allen

Married in Evening

LAKE ORION — Sheri Allen and David M. Carlson exchanged their nuptial vows by candlelight Friday evening at the Reorganized Church of Jesus Christ of Latter Day Saints.

Elder Rigby Leighton of Belleville performed the ceremony.

The bride is the daughter of Mr. and Mrs. Wesley B. Allen of 345 Vinshar Court, Mr. and Mrs. Martin Carlson of 504 Atwater St. are parents of the bridegroom.

For her wedding the bride chose a classic white silk organza sheath, tulle lined, with an organza tulle overskirt.

Her elbow-length tulle veil fell from a halo formed with seed pearls and sequins. She carried a diamond shaped arrangement of yellow roses surrounded by stephanotis.

Wendy Schaar was maid of honor for her cousin.

Serving as best man was Thomas Toon. The guests were seated by Henry Knight of Pontiac, cousin of the bride, David Erickson and Hugh Carlson, brother of the bridegroom.

Deviating from the traditional, the couple chose six close friends to be given recognition during the ceremony and considered attendants although they were not in the actual procession.

They were the bride's cousin Nancy Schaar, Donna Draper of Independence, Mo., Karen Jenkins of Redford Township, Don Weidner of Royal Oak, Robert Burger of Plymouth and Lawrence Leach.

A church reception followed the ceremony after which the newlyweds left on a honeymoon trip to Stratford, Ont., and other Canadian cities.

They will reside in Ann Arbor.

MRS. DAVID M. CARLSON

5th District Meeting Planned by VFW

WHITE LAKE TOWNSHIP — A 5th district meeting of the Veterans of Foreign Wars will be held Sunday at the Oxbow VFW Post, 321 Union Lake Road.

During the morning session of the day-long meeting, District Commander Angus McLeod of Roseville and two department representatives will conduct a forum on publicity and community service.

Members of VFW Auxiliary No. 4156 will act as hostesses for the meeting, which is scheduled to start at 9:30 a. m. Sessions of this type are held every two or three months throughout the district.

Since JFK's Talk, Wall in Berlin

Interest Up, Sales Up for N-Shelters

Editor's Note: The continued world crisis has turned many Americans to thinking in terms of bomb shelters. Companies specializing in the construction of these shelters report a sharp uptick in orders. The following are two examples of official inquiries most widespread. AP Business News Analyst Sam Dawson outlines developments in this field.

BY SAM DAWSON
AP Business News Analyst

NEW YORK — Nuclear tests in Asia and a concrete wall in Berlin are inspiring a growing number of Americans to think about survival.

A possible atomic war, the companies say, is a real possibility. Business has its own geger counters recording this. They are the companies that make bomb shelters or fallout hideaways and the companies readying special supplies to stock such shelters. Also, most companies are to be queried by the government as to plans to protect employees or customers if danger arises during working or shopping hours.

INTEREST PICKS UP

All in the shelter, business reports a marked pickup in interest. Inquiries are up, actual sales are multiplying, many newcomers are jumping into the production and installation fields.

The spurt has come since President Kennedy warned the American public July 23 that the world situation was worsening. Interest jumped again after the Communists verified this with their wall dividing Berlin and the resumption of their nuclear tests with its threat of fallout.

Upcoming United States underground tests won't add to the fallout but may increase the nervousness over the open resumption of the atomic race.

New interest in building shelters, however, is far from unanimous. Various newspaper polls show a hard core of apathy and fatalism. Many citizens doubt they could survive an atomic blast and so regard shelter building as futile.

THREE BROAD TYPES

Shelters fall into three broad types. There is the public shelter, a stable number caught housing project sponsored by the city government. The mayor was gestured away; the blast shelter at home designed to protect those second indictment.

at some distance from the lethal center of the blast but still in danger; and the fallout shelter for those too far from the point of impact to have felt the blast but faced with the lingering effects of radiation in the atmosphere.

Let's look at the upturn in blast shelter sales.

At the time of the President's speech there were some 25 makers of this type. Their combined sales last year were about \$2 million. Their prices average around \$2,000 but run as high as \$4,000 with the cost depending in part on the amount of equipment included.

Manufacturers offer shelters of reinforced concrete, steel, corrugated metal, aluminum, or all glass fibers.

One, Lancer Survival Corp., Mineola, N. Y., makes a dome-shaped shelter of glass fibers with a concrete covering topped by earth. In the last year and a half it sold 500 through a network of distributors, mostly in the Southwest and Midwest, where they have been doubling as cyclone retreats. It reports both inquiries

and sales zooming in the last center of the blast but still in danger; and the fallout shelter for those too far from the point of impact to have felt the blast but faced with the lingering effects of radiation in the atmosphere.

There is also a thriving business among local contractors and an uncounted host of do-it-yourselfers. Material sales last year are estimated at \$13 million. Mostly they build basement fallout shelters, some for as little as \$150.

There is also a thriving business among local contractors and an uncounted host of do-it-yourselfers. Material sales last year are estimated at \$13 million. Mostly they build basement fallout shelters, some for as little as \$150.

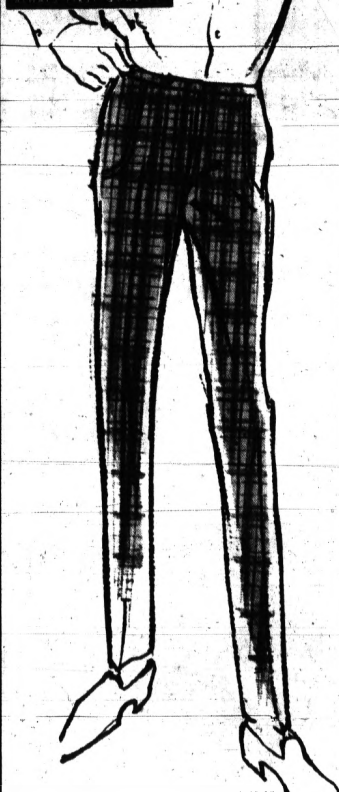

Taipei Mayor Pleads Innocent of Graft

TAIPEI, Formosa (AP)—Mayor Huang Ch-jui of Taipei and his wife pleaded innocent today to charges of accepting \$16,500 in kickbacks on purchases of automobile parts for the city's bus lines.

The couple was indicted July 15 together with Huang's secretary and eight officials of the bus administration.

Huang and his wife also were indicted on charges of accepting \$25,000 in kickbacks on a big housing project sponsored by the city government. The mayor was gestured away; the blast shelter at home designed to protect those second indictment.

Guinea Recalls Diplomat Center of Auto Incident

NEW YORK (AP)—Michel Collet, the Guinean diplomat who claimed he was roughed up by a New York policeman after a minor auto accident, has been called home by his government.

The departure of Collet by plane was disclosed Wednesday night by African sources at the United Nations.

A confidential police report on the affair went to Diallo Telli, Guinean chief delegate to the United Nations. Before receiving that report, Telli had charged that Collet, 38, second man in the delegation, was the victim of a virtual "lynching" in the altercation.

An argument developed after Collet's car struck a taxicab. Police said Collet fought the patrolman after the accident. After being taken to a police station, Collet — upon identifying himself — was released under diplomatic immunity.

Present-day world consumption of new rubber is about 70 times as great as it was at the beginning of this century.

A LAUGH A DAY—Grandma Moses, 101 today, had a ready smile Tuesday, despite being confined to a nursing home in Hoesick Falls, northeast of Troy, N.Y. The artist holds orchids given by friends.

Polio Fails to Whip Brave 8th Grader

AUGUSTA, Kan. — Lots of girls have finished eight grades of school and only missed one day of school.

But Kathy MacKay did it despite being stricken by crippling polio.

She had to undergo surgery three times during summer vacations and has worn a leg brace periodically during the past five years. She finished the eighth this year at the Richland Community school.

Horses, cows and dogs are believed to have been once nocturnal in their habits, adjusting to man's normal daylight schedule when they became domesticated.

Automation at Work No Small Potatoes

MILWAUKEE (AP)—Sometimes mechanical potato diggers can find more than potatoes.

Ronald Kunkle lost his wallet while working in a potato field and a week of work with a shovel

Alcoholism Can Be Due to Family Habit

and has failed to produce the bill. Then the digger was put to work. In a matter of minutes it uncovered the wallet, with its \$38 intact.

Alcoholism Can Be Due to Family Habit

BUFFALO, N. Y. (AP)—Alcoholism is not hereditary but it is communicable, says Dr. Marvin A. Block, chairman of the American Medical Association's committee on alcoholism. He said 50 per-

Market Checker Really Cashes In

cent of all alcoholics have had alcoholic parents.

"Alcoholism produces the kind of tension in a home that is apt to drive the children to alcoholism later in life," he said.

An average American farm uses up to 100 per cent more electric current than it needed 15 years ago.

Market Checker Really Cashes In

CHICAGO (AP)—A blue-eyed mother of three children reigns as queen of the supermarket checkers.

Mrs. Donna Walcher of Osceola, Iowa, was a milk maid.

Two tickets for a two week tour of Hawaii and a golden statuette as well as the title of 1961 Checker of the Year.

She was among 30,000 super market checkers in the U.S. and Canada judged on courtesy and job proficiency.

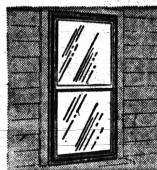

Back deer lose their antlers during the winter and spring season and grow new ones each year.

Daughter of Pioneer in Lumber Dies at 80

ALPENA (AP)—Mrs. Grace Gilchrist Fletcher, a member of a pioneering lumber family in Michigan, died today at the age of 80. She had been seriously ill since Aug. 17.

Mrs. Fletcher was the granddaughter of the late Albert J. Gilchrist, who came to Michigan in 1868 to open sawmills in Sand Beach (Harbor Beach), Huron County and Saginaw.

Her father, the late Frank W. Gilchrist, was in lumber operations in 1871 in Alpena, where he remained for the rest of his life.

'Spy Working on Bomb'

LONDON (UPI)—The Daily Express said today convicted British atom spy scientist Klaus Fuchs is working in Russia on a "nuclear super-bomb" project.

'Department of State Vetoes Miriani Trip'

COVENTRY, England (AP)—Deputy Mayor Louis Miriani is passing up Coventry's peace conference of civic leaders this month because of a U.S. State Department order, Lord Mayor William Callow said Wednesday.

Callow invited 15 overseas civic leaders—all from towns linked in friendship with Coventry—to the meeting scheduled for Sept. 25-26 to "draw attention to the desire of ordinary people for peace."

Six cities have accepted the invitation.

Callow said he was surprised and disappointed that the United States—in view of Detroit's refusal—would have no representative.

"We understood at first that the

major of Detroit, Louis C. Miriani, favored our idea," Callow said. "But before he could say whether he could attend he had to consult the American State Department."

"Now it seems the State Department has put a spoke in the wheel and stopped him from coming."

Callow said Toronto, Canada, and Arnhem, Holland, also have declined to send their first officials to the conference. He said all three refusals suggested that international crises were best left to statesmen rather than civic leaders.

"Despite these refusals the conference will go ahead as scheduled," Callow said. "We want to show how concerned the man in

Boy Killed, Plumbers Hurt on Pipe Brushes Wire

MUSKEGON (AP)—Charles Fox, 14, was killed and two plumbers he was assisting were burned Wednesday when a pipe they were handling brushed a high tension wire at the boy's Norton Township home.

Charles had been working with plumbers Douglas Anderson, 21, and Allen Anderson in an excavation for a well, sheriff's officers said.

Bit Less Holiday Driving

LANSING (AP)—The State Highway Department reports motorists logged 89 million miles during four days of driving over the Labor Day holiday, down one per cent from the record set last year.

Paratroop Unit Going to Europe

1,884-Man Battle Group to Take Part in NATO Exercise Sept. 15-25

WASHINGTON (UPI)—The Defense Department announced today that a 1,884-man battle group of paratroopers will be flown to Europe this weekend to take part in a NATO exercise the last half of September.

The unit was identified as the 1st Battle Group of the 327th regiment of the 101st Airborne Division stationed at Ft. Campbell, Ky. The NATO "war games" will be held from Sept. 15 to Sept. 25.

Last weekend, the Pentagon announced that four groups of jet fighters—72 planes in all—were being sent to Europe to take part in their largest war exercises which begin next Tuesday.

There was speculation at the time that the jets might be kept in Europe as reinforcements for the Berlin crisis, although there was no official confirmation of this.

However, the Defense Department said today that the paratroop battle group will be returned to the United States immediately after the exercise.

Recent Rains Causing Farm Harvesting Delay

LANSING (UPI)—Additional rains during the past week caused new delays in farm harvesting activities, the Federal-State Crop Reporting Service said today.

The delays were particularly harsh in Southern and Eastern Lower Michigan, the service said, although soil moisture was still heavy in the Thumb area.

6 Schools Evacuated After Bomb Scare

HOUSTON, Tex. (AP)—Bomb scares caused evacuation of five public schools and one parochial school Wednesday.

Students returned to classrooms after 30 minutes at each school when searches failed to uncover any explosives.

A prankster was blamed for telephone calls touching off the scares.

Charge Fidel Killed 83

LIMA, Peru (UPI)—The Cuban refugee women's crusade charged today that Premier Fidel Castro's government secretly executed 83 persons last week.

Future of Tammany Hall at Stake in Vote Today

NEW YORK (AP)—The future of Tammany Hall as the top political force in the nation's largest city is at stake in a Democratic mayoral primary election today. The campaign has been bitter.

The opponents: Mayor Robert F. Wagner, who has split with the organization and is running for renomination for a third four-year term with the backing of insurgents on an "anti-bossism" platform.

State Comptroller Arthur Levitt, backed by Tammany, the Manhattan organization, and organization leaders in other boroughs. Their theme is that the insurgents are out to "rule or ruin" the party.

Political pundits figure the outcome could be close. Clear, cooler weather is forecast for the polling hours, 3 p.m. to 10 p.m.

BEHIND THE SCENES

Pushing the insurgent drive are former Sen. Herbert H. Lehman and Mrs. Franklin D. Roosevelt, although they are not seeking office themselves.

Tammany chief Carmine G. DeSapio heads the leaders backing Levitt.

The political future of DeSapio, dominant Democratic leader in the state, as well as the Tammany organization hinges on the outcome.

DeSapio is faced with a spirited election fight of his own to retain his Greenwich Village district seat. Should his insurgent opponent, James S. Lanigan, defeat him there, DeSapio no longer would be eligible to head Tammany.

The size of the vote could be a factor. Primaries usually are held by the organization, said they were "going to Florida, whose followers turn out rain or to shoot snakes." Thus, a small vote made a check by FBI agents disclosed up mostly of the organization the youngsters had broken no fed faithful would favor Levitt. A real law. Since they were not large turnout would indicate that wanted by Michigan authorities, non-regulars were out in force and Fritts said, they were turned over to the Michigan woman.

President Kennedy has kept hands off the bitter intraparty fight.

GOP HOPEFUL

Republicans are hopeful that the Democratic split will enable State Atty. Gen. Louis J. Lefkowitz, their supposed mayoral nominee, to capture City Hall in the Nov. 7 general election.

Such a triumph would be the first for a Republican on a strictly GOP ticket in a century and would give a shot in the arm to Republican Gov. Nelson A. Rockefeller's state organization.

That, in turn, would boost Rockefeller's chances of being re-elected in 1962 and of gaining his party's presidential nomination in 1964.

Besides the mayoralty, other citywide offices to be filled are those of city president and city comptroller.

Elsewhere in the state, mayoral primaries are on tap in Buffalo, Binghamton, Syracuse, Cortland, Utica and Olean.

Two Michigan Boys Sent Home to Mama

KINGSTON, Tenn. (AP)—Two young Grand Rapids, Mich., brothers, stripped of their arsenal of a pistol, a shotgun, three rifles and 700-800 rounds of ammunition, were turned over to their mother Wednesday after spending five nights in jail in this East Tennessee town.

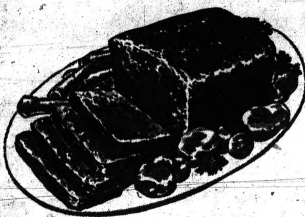

The brothers, ages 13 and 14, told jailer James Bolling they were en route to Cuba. "To join Castro."

However, when questioned by factor. Primaries usually are held by the organization, said they were "going to Florida, whose followers turn out rain or to shoot snakes." Thus, a small vote made a check by FBI agents disclosed up mostly of the organization the youngsters had broken no fed faithful would favor Levitt. A real law. Since they were not large turnout would indicate that wanted by Michigan authorities, non-regulars were out in force and Fritts said, they were turned over to the Michigan woman.

League of Women Voters Week Starts Today

Members of the Pontiac League of Women Voters are joining 32 other Michigan leagues in celebrating League of Women Voters Week, Sept. 1-14. Both Gov. John B. Swainson and Mayor Philip E. Rowston have proclaimed LWV week.

Tuesday evening, the first fall board meeting was held at the home of Mrs. B. W. Habel.

of Cherokee Road. Plans for the annual fund raising drive to begin Sept. 14 were presented by Laura Belz, a member of the finest of the committee. Mrs. Roy B. MacAfee, chairman, and Lillian Davidson had worked on advance plans.

The league is a national non-partisan organization, dedicated to promoting political responsibility through informed

and active citizen participation in government. For 40 years it has brought to the public—at no cost—objective analyses of issues and candidates. Four thousand Voters Guides for the Sept. 12 con-con election have been distributed locally.

FUNDS RAISED Funds for this work are raised annually in 3 ways: membership dues, calendar

sales and direct solicitation. A goal of \$748 has been set by the local league for the coming year's work. About two-thirds of the budget is spent in the community on voters' services.

Any interested woman may become a member of the league. Some of the issues studied in the past few years are civil service, fair employment practices, taxation, children's services, permanent registration, reorganization of the executive office and of course, con-con. The league was one of the organizations responsible for pushing the original con-con drive.

Discussing the flyer which presents the past year's accomplishments of the League of Women Voters are finance committee members (from left) Mrs. Merle Humphries of West Pike Street, Laura Belz of Thorpe

Mayor Rowston's proclamation said in part: "The exercise of the voting franchise is an important right given to citizens of the United States. The support of good government requires that citizens vote and participate in all elections, national, state and local. The League of Women Voters has always taken a leading role in the continuing struggle for responsible and effective government. It has accepted this leadership in the interest of promoting, the greatest good for all the people. The league and its many enlightened and active members have, through nonpartisan and educational activities, provided the leadership and support in a program sponsoring participation in government affairs and elections."

This proclamation and the one from the governor were displayed at Tuesday's board meeting. The program for the coming year was outlined. Members will concentrate this week on getting out the vote for next week's con-con election.

A warm welcome is extended new member Aldine French of Camley Street (at right) by League of Women Voters membership cochairmen (from left) Mrs. Virginia Meyeys of Mt. Clemens Street and Mrs. William J. Hanley of Genes Drive. Membership dues are one of the group's three sources of income.

Farm and Garden Unit to Mark 3rd Birthday

Cranbrook Branch, Woman's National Farm and Garden Association, will observe its third birthday at the opening fall luncheon meeting Monday at 12:30 p.m. in the Ardmore Road home of Mrs. Harold Tanner, Bloomfield Hills. Participating in the cake-cutting ceremony will be honorary member Mrs. Frederick H. Zelgen, mother of Mrs. Tanner, Mrs. Leroy Vandover of Bloomfield Hills branch and organizer of the Cranbrook branch; Mrs. F. Gordon Davis, president of the Michigan WNEGA; Mrs. William McCullum, national extension chairman, and Mrs. H. Earl Hanson, award chairman.

Winner of a trip to England as a first award for an arrangement of five chrysanthemums at a recent show in Cobo Hall, Mrs. Hannel D. Wilson of the Grosse Pointe Farms branch, guest speaker, has chosen the significant title "Across the Ocean on Five Chrysanthemums." She is an

Women's Section

Put Your Cards on the Table . . . Abby

Husband Played at Ring Toss

DEAR ABBY: My husband and I have been married only a short time. He was previously married, but I was not. Although my problem might not sound very serious to you, it has caused me much anguish. While putting away his cuff links, I discovered the wedding band he had from his first marriage. Before we were married he "made a big show of" throwing it in the river. I haven't mentioned this to him, but it has been weighing on my mind. Should I question him about it?

RING TROUBLE DEAR ABBY: Tell him you "struck" gold, and clear the air.

DEAR ABBY: Frequently you warn young women to be wary of involvements with married men, who are always presented as villains. There is another side to the picture. Secretaries are supposed, traditionally, to fall in love with their bosses. Recently my secretary—an attractive and wholly admirable young woman—made it known to me that she could "care for" me. I was startled, flattered and deeply

moved because I am no longer young. I had been happily married for several years, but the emotional situation that followed her declaration was distressing and dangerous. Fortunately, with the support of religion, honor and sense of duty, we were both able to regain our senses. There was no harm done—unless needles and futile heartache be harm.

Please warn young women to be careful of the emotions they loose. Middle-aged men are human, too, and it is neither fair nor safe to ask them to bear the burden of a young woman's emotional experimentation. Sincerely,

HUMAN, TOO

DEAR ABBY: I realize that the merchants have to look ahead, but I think they are getting out of hand. Where can you buy a pair of white shoes after July first? Or a bathing suit? Or an organically dressed Not only are the stores out of what you need when you need it, but they try to put women in flowered straw hats in January, and velvet suits in July. I am dying of the heat, and they have the store windows full of fur coats. Let's get the stores back on schedule. J. M.

Mrs. B. W. Habel of Cherokee Road who was hostess to the fall board of directors meeting buys the first 1962 calendar from sales chairman Mrs. Frances Coons of Monroe Street. Calendar sales by the League of Women Voters aids in the financing of printed material for distribution to local voters.

President Appoints Committees

At a meeting of the Gold Star Mothers, Chapter 34, Wednesday evening in the Bemis-Olsen Amvets Post 113, Mrs. Edward McDonald, president, appointed committees for the coming season.

Comprising the nominating group are Mrs. Olive Burgess, Mrs. Clarence Sutton, Mrs. Leone Hagberg, Mrs. Carl Rutherford and Mrs. Lulu Mayotte, auditing, Mrs. Cecil Briggs, Mrs. Eva Welch and Mrs. Elma Riddle.

Hostesses for the evening were Mrs. McDonald and Mrs. Hagberg. The birthday of Mrs. David Dickershaft was honored.

Cancer pad sewing will be resumed Sept. 21 at an evening meeting at the home of Mrs. Briggs.

The group will observe Gold Star Mothers' Day at services Sept. 24 at the Donaldson Baptist Church.

Ingenues Club Initiates 12

Twelve new members of the Ingenues Club were formally initiated Wednesday evening at a buffet dinner in the home of Harriet Zimmer on South Marshall Street.

The initiates are Donna Scharette, Sheryl Seibert, Sue Corriger, Janice Goines, Judy Houghter, Sandra Landarpier, Sandra MacIntyre, Judy Hillman, Carol Rames, Carol Chappell, JoAnne Stark and Edna Elenberg.

Sue Hillz was installed as president; Sue Dorman, vice president; Marilyn Scharette, corresponding secretary; Lynnda Crowley, treasurer and Sue Lee, recording secretary.

Air Force Gals Told Attire in 'Bad Form'

IZMIR, Turkey (UPI) — The United States Air Force has banned the wearing of revealing dresses, tight skirts, slacks and shorts by its female personnel in the Izmir area, it was disclosed today.

It was not known whether the ban applied to Air Force wives as well.

Col. Jack O. Brown, commander of the U.S. Air Force 20th Detachment at Izmir, directed the wearing of uniforms throughout Air Force installations.

"There is an unfortunate trend of diminishing good judgment and good taste on the part of some U.S. female personnel in the Izmir area with respect to proper attire in public places," the memo said.

The document said courtesy required the avoidance of attire that might be offensive to others or might attract "undesirable attention."

It listed some of the outlawed articles of dress and said "compulsory administrative measures" would be invoked against offending female personnel.

A rare occasion is the reunion of seven sisters. Coming from many parts of the country for an impromptu gathering was the group above. Several of them are former Pontiac residents. They are (from left) Mrs. Edward F. Saunders of Monroe, Wis.; Ida E. Sonderger of Pierre, S.D.; Mrs. Christian Landarpier of Burbank, Calif.; Mrs. Austin D. Esler of Shore View

Drive; hostess Mrs. Louis Kimm of Hickory Nut Drive; Mrs. George Walter of Minneapolis, Minn.; and Mrs. Frank Stephens of Burbank, Calif. Their lone brother of Bakersfield, Calif. was unable to be present, but, girl-fashion, they called him collect for collective greetings.

Elegant Dinner Dance Honors Anne Wilson

Added to a string of never-to-be-forgotten memories by bride-elect Anne Wilson was the elegant dinner dance her grandparents the C. E. Wilsons hosted Wednesday evening at the Bloomfield Hills Country Club.

Anne, daughter of the Thomas E. Wilsons will exchange vows Saturday with John MacManus, son of Mr. and Mrs. John R. MacManus.

Three generations feled the young couple in a sentimental setting. Nearly 200 guests—members of both families, old friends of the senior Wilsons and many of the young people's friends—were on hand.

Among out-of-town guests were the C. E. Wilson's daughter and son-in-law, Mr. and Mrs. J. Philip Hoyle and their daughter Jan, here from Delray, Fla. The 3 Vernon Wilsons of Pittsburgh, Pa., Mrs. P. A. Peabody of North Manchester, O., Mr. and Mrs. Knox Kinlaw Jr. of Chapel Hill, N. C. and Mrs. John White of San Francisco arrived for the gala evening.

Parties still to come include a luncheon this afternoon at the Bloomfield Hills Country Club hosted by the Louis Colombos, Mrs. W. B. Hargreaves (the former Jeanne Wilson) luncheon Friday and the rehearsal dinner Friday evening at Bloomfield Open Hunt Club which John's parents are planning.

The Kenneth Shermans of Dover Road, observing their silver wedding anniversary Sunday, were honored at an open house, given by their daughter Antoinette.

Rev. and Mrs. D. P. Claypool of Marshall, parents of Mrs. Sherman, and the Fred Pettys of Lake Orion were among the guests.

Assisting as hostesses were Mrs. John Landon of Clarkston, Mrs. Marvin Andrews, Lee Luxum, Mrs. James Stevens and Jean Andrews of Pontiac.

Mrs. Stanley Bailey and Karen of Rochester, Mrs. Jan Fine of Birmingham, Mrs. Elmer Wheeler, Mrs. Richard Waters and Gail Wheeler of Milford.

Returned to their home in Arlington, Va., are Mr. and Mrs. Edward C. Wells and children who have been visiting their parents. Mr. and Mrs. Harold F. Wells of Watford Township and their brothers and families, Mr. and Mrs. Robert V. Wells of Watford Township and Mr. and Mrs. Michael J. Wells of Bloomfield Terrace.

Mrs. Charles D. Scribner and daughter, Hills Maury of Rochester, formerly of Ottawa Drive, have returned from New York City where Mrs. Scribner attended a French language workshop at Columbia University.

Her son Robert has returned from Camp Fairwood on Torch Lake.

Mrs. Virgil Cuvert and daughter Linda of South East Boulevard have returned from a month's visit with relatives in Cape Girardeau, Mo.

Group Gathers at Shelton Home

The Leal Elmes Group of the First Presbyterian Church gathered for a family cooperative dinner Wednesday at the home of the Lawrence Sheltons at Upper Pettibone Lake.

Mrs. Edward M. Marikam, chairman, announced the Oct. 4 meeting and tentative plans for a rummage sale to be sponsored by the Women's Association in October.

The group welcomed Mrs. Robert Huthings as a guest.

Impolite to Move the Table

By The Family Post Institute
Q: A friend of mine recently by remodeled and redecorated her home. Last week she invited me along with several other friends to see the finished product. We all thought it was lovely and in very good taste.

A: When we were there awhile, one of the women remarked about a table our hostess had in the living room. She said that she thought it "looked better in another place" and proceeded to move it to where she thought it ought to be and then turned to the hostess and said, "Now don't you think it looks better there?"

It so happened that it did, but even so don't you think she was very rude to have said anything? We are all close friends, but I don't think this fact excused her behavior. I would like your opinion on this matter.

A: To have actually moved the table was indeed very presumptuous, but as she is a close friend of the hostess, it would have been all right if she had asked, "Have you thought of putting that table over there?" I think it might look better.

Q: Would it be improper to have my sister, who is noticeably pregnant, as my matron of honor? I was maid of honor at her wedding and would like very much to have her take part in mine if at all possible.

A: If you are having a wedding with other attendants and procession up the aisle, it would be very unsuitable for your sister to take part. If you are having a very small wedding and she is to be your only attendant, it would be all right.

Q: I had lunch at a counter the other day. When I sat down there was one vacant seat on my left. Shortly afterward the person seated on my right got up leaving a vacant seat on either side of me. Two women arrived while I was in the midst of eating my lunch and one of them asked me if I would move into the vacant seat on my left so that they could sit together.

A: I didn't feel like moving all the dishes in front of me. I refused. I overheard one of the women comment on my rudeness. I don't think I was rude and I feel I was justified in refusing under the circumstances. I don't think I should have moved.

A: Your refusal to move over was not really rude, but it certainly was not very gracious.

Judith Wagner Opens Presents During Shower

Judith Grace Wagner, who will become Mrs. Gary E. Hagen Sept. 23 in the First Methodist Church, Birmingham, opened personal gifts at a recent shower in the home of Mrs. William Sparks of Orchard Street, Waterford Township. Jeanie Wagner was cohostess.

Parents of the honoree and her fiance are the Carl A. Wagners of Lakeshore Drive, Waterford Township. Mrs. Lenora Hagen of Monroe and Edwin Hagen of Temperance.

Linen gifts were opened recently at the Berkeley home of Merle Crighton and Mrs. Russell Faxon gave a kitchen shower in her Dover (Iowa) home. Mrs. Leland Mearl has slated a miscellaneous shower for Friday in her home at Monroe.

Playing Duplicate

Seven tables were in play for the Wednesday Duplicate Club monthly masterpiece game at the Elks Temple.

Winners were first, Henry Georgia and Cy Pearlman; Mrs. Robert McNeary; second, Mrs. Perry Brum; second, Mrs. James McGuire and Mrs. Ernest L. Guy; Mrs. Charles Davis and Mrs. Harry Cardozo; third, Mr. and Mrs. Jack Carter of Ormond Beach, Fla.; Dr. and Mrs. Robert Segula.

The art of picture framing will be discussed by John McKinney of Birmingham's Little Gallery when the Pontiac Society of Artists meets Friday evening at the Community Services Building on Franklin Boulevard. McKinney, a native of Pontiac is noted among artists for his taste and creativity in framing techniques. The group will convene at 8 p.m.

Prof Addresses Twin Mothers Club Meeting

Dr. Gerald Gleason, professor of education at the University of Wisconsin, spoke on "The Growth and Development of Twins" before some 24 members of the Twin Mothers Club at the Community Services Building.

Mrs. Robert Given, who reported on the national convention in Milwaukee, of Mothers with a Michigan editor for the national newsletter, Mrs. Robert Chapman will be editor of the local organ. Area reporters will be Mrs. Ronald Collins, Clarkston; Mrs. Alfred Willocks, Clarkston; Mrs. Tracy Rouse, Rochester; Mrs. James Cleary, Lake Orion and Mrs. Charles Matter.

Mrs. Jerry Hocky was welcomed as a new member at the recent meeting. The group will meet Sept. 28 at the "200 Bowl," South Can Lake Road.

Delicious With Curry

Heat a can of undrained crushed pineapple with 2 tablespoons white wine vinegar and 1/4 teaspoon salt; cook and simmer. Remove from heat and store covered in refrigerator overnight. Serve as accompaniment to your favorite curry.

MR. AND MRS. HARLEY H. STEPHENS

Celebrating their golden wedding anniversary Sunday were Mr. and Mrs. Harley Stephens. The 2:30 p.m. reception at their South Avery Street home was given by their daughter Mrs. F. E. Jones of Traverse City. Mr. Stephens retired from Consumers Power Co. in 1948 after 40 years of employment. Among 150 guests present were the Stephens' son Byron L. of Elliott City, Md.; Mrs. Stephens and grandchildren Michael Jon and Cheryl Marie and Mrs. Jones' daughter Mary Judith Winowicki.

Mold Summer Fruits in Watermelon Gelatine

Bright summer fruits in sparkling gelatin work miracles with weather-weary summer appetites. Chill in a rag mold and serve filled with a fluff of creamy dressing. Prepare 2 packages of watermelon-flavored gelatin. When partially set, fold in balls of golden California mandarin cantaloupe. Use French cutter or 1/4 teaspoon measure to shape balls. Add fresh raspberries, banana

lices and crisp green grapes. Pour into 8-inch ring mold and chill until set. Blend sour cream with cottage or cream cheese as dressing and serve in center of ring mold. Garnish with total sprigs and gray cantaloupe balls.

Set Styling Contest

Members of the Pontiac National Hairdressers' Association will compete in a styling show at the monthly meeting 8 p.m. Tuesday in the David

Pontiac School of Cosmetology, Royal Oak. Judges from the State Culture Group will award a plaque to the winner.

Mrs. Howard C. Hess (center) of Draper Street, education chairman of Tipacon Chapter of the American Business Women's Association presented the group's scholarship award Wednesday evening to

Patricia Fiorani of Royal Oak (at left), Director of Scholarships Victor Lindquist of MSOU where Miss Fiorani is enrolled was present for the ceremony.

Van Maaren-Hanes Rite Read at Kirk in the Hills

Wearing emerald ivory coronation tiaras styled with court train, Sandra Egan-Hanes, exchanged wedding vows with Robert J. Van Maaren Saturday evening in the Kirk in the Hills. Rev. Robert J. Hanson presided over the candle-light ceremony in the presence of some 300 guests.

Re-embroidered Alencon lace formed the empress bodice and petal decollete. Tiered silk illusion veiling fell from a Florentine cap of lace. The bride held white carnations, hyacinths and stephanotis.

Joining the bride couple at a reception in the Knights of Columbus Hall were their parents, Mr. and Mrs. Edward G. Hanes of Keego Harbor and the Burton A. Van Maarens of Orchard Lake.

Maid of honor Carol Deane Greig of Keego Harbor, wore yellow and white carnations. Karole Lynn Hanes, her sister's bridesmaid, and Lorra Lawson of Grand Blanc, in identical dresses, carried blue and white carnations.

The bridegroom's niece Debra Van Maaren, who was flower girl, wore floor-length white chiffon with yellow cummerbund. Gary E. Hanes carried the rings.

James Ramsey of Orchard Lake was best man. Guests were seated by Theodore Wickman of Drayton Plains and Charles Lawson of Orchard Lake.

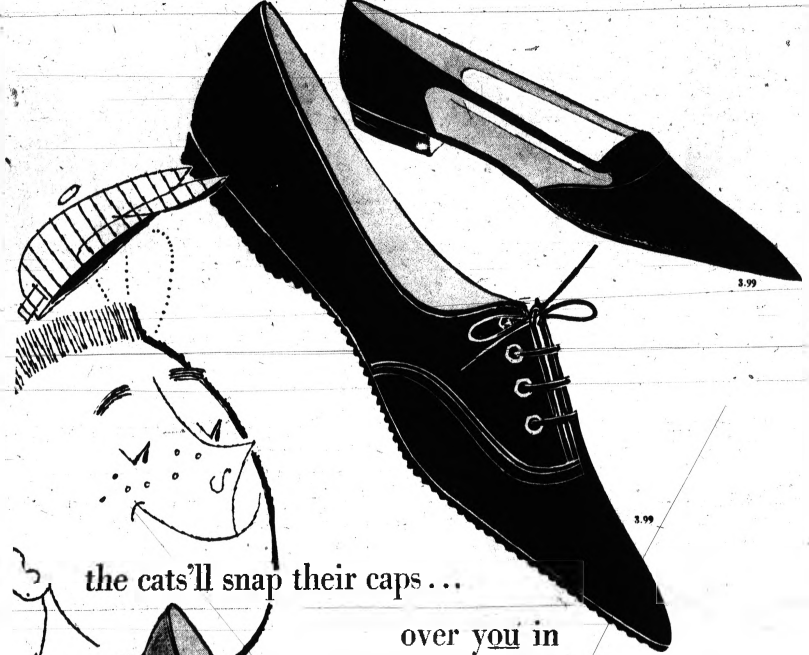

For her daughter's wedding, Mrs. Hanes chose aqua silk organza with bouffant overskirt and the mother of the bridegroom appeared in royal blue chiffon and matching stole. They wore white carnations.

The couple will live in Keego Harbor after a honeymoon in the southern states, including Florida.

Open Monday, Thursday and Friday Evenings

82 Attend Tipacon's Gathering

Some 82 members and guests attended the dinner gathering of the Tipacon Chapter of the American Business Women's Association Wednesday evening at Michigan State University-Oakland.

Patricia Fiorani of Royal Oak received a scholarship award from Mrs. Howard C. Hess, chairman of the chapter's educational committee.

Speaker for the evening was Dr. William Rhodes, assistant director of continuing education at MSU. His topic was "Education for Public Responsibility."

President Mrs. Charles Stark announced that the chapter will receive recognition at the national convention Oct. 21-23 at Memphis, Tenn., with citations, banners and medallions for the Standard of Achievement Award.

The group reviewed plans for installing a new Friendship Chapter in Royal Oak. Jerry Hess, special field director from the national office in Kansas City, Mo., will install the chapter members of the new group sponsored by Tipacon chapter. Ruth Cramer, vice president, will receive her hands of friendship engraved with a diamond for her outstanding efforts in sponsoring nine new members of this new chapter.

Future plans include forming a second, or Torchbearer Chapter in the Pontiac area sometime after the Sept. 17 Friendship Tea at Pontiac Country Club.

Fifteen members of Tipacon chapter will begin bowling with a franchise, Calif., was Mrs. Joseph Green, 18th district, state press and publicity. She also spoke on "Waywide Closed, and Doors Open."

Also participating in the program was violinist Rev. John Torquato of First Baptist Church, introduced by Mrs. Alma Frelund.

Mrs. Perkins spoke on "Friendship of Advertisements and Your Opportunity, Armed With Information."

Service committee for the day was Mrs. Patrick McBride and Mrs. Myrtle Nemi of the Anna Gordon Unit.

JUDITH IRENE ROUSE

Mr. and Mrs. Floyd Rouse of Waterford Township announce the engagement of their daughter Judith Irene to Robert D. Wood, son of the Louis Woods of Drayton Plains. He attends Flint Junior College.

Meets at Green Home

WCTU Holds Election

Pontiac Federation WCTU gathered Tuesday at the Pontiac Lake home of the Joseph Greens for an annual cooperative dinner and election of officers with Mrs. Nellie Monroe, president; Mrs. William Bradley, first vice president; Mrs. Ella Warner, second vice president; Mrs. Phoebe Davis, secretary; Mrs. Robert Martin, corresponding secretary; Mrs. John McCrone, treasurer; and Mrs. Sophia P. Sull, reporter.

The Federation nominated Mrs. Monroe delegate to the 35th state convention scheduled Oct. 12 at Laramie. Coming events include a membership drive slated for Nov. 12-13.

Mrs. Joseph Green announced a birthday dinner Oct. 1 at her Pontiac Lake home honoring Mrs. Elsie Patton, legislation director. The event is open to all units and friends, with a cooperative dinner after 1:30 p. m., second feature for the day. The next Federation quarterly meeting is slated for Jan. 2.

Guests present were Mrs. L. H. Dube of Sioux Falls, S. D., and Mrs. William Carls, past vice president. Rev. Lela Marion, spiritual life director, closed the meeting with prayer.

Elect President of Stabafa Club

Denise Patton of South Tilden Avenue was elected president of Stabafa Club at the group meeting Tuesday at the Ogemaw Road home of Dan Griffin.

Now officers for the continuing 1961 season include Cheryl Wilton vice president, Donna Darton, recording secretary, Mary Jane Dore, corresponding secretary and Edna Isenberg, treasurer.

Stabafa is sponsored by Mrs. Basil Brown and Mrs. Robinson Brown.

Only an estimated one million people inhabit the Mongolian Republic, a windswept, desolate country that covers more territory than Alaska.

New Officers Are Installed by MOMS

Officers for the MOMS of America, Inc., Unit 8, were installed at a cooperative luncheon Tuesday at the Center Street home of Mrs. Edgar Thomas.

Conducting the ceremonies were Mrs. V. L. Jones, past state president, and Mrs. Walter Smith of Ferndale, state board treasurer.

Talking officers were Mrs. Duncan McLean, president; Mrs. Thomas, first vice president; Mrs. E. E. Vanderlin, second vice president; Mrs. John Brewer, recording secretary; Mrs. Anne Hulet, corresponding secretary; Mrs. Frank G. Vailora, treasurer; Mrs. David Edwards, chaplain; and Mrs. Carl Cox, historian.

Serving as directors will be Mrs. Clarence E. Hickmott, Mrs. Maude Place and Mrs. H. A. Sibley. Mrs. Amelia Ball was named good cheer chairman.

September birthday greetings were extended to Mrs. Thomas, Mrs. Hulet, Mrs. Orvis Otto, Mrs. William Hoenstein and Mrs. Carl Matkin. Mrs. Ralph Howell was a guest.

The Portuguese Empire covers 23 times as much land as the northern country. Overseas possessions include the Azores, Madeira, the Cape Verde Islands, territories in Africa, enclaves in India, Macao in China, and Timor in Indonesia.

Church Women Hold First Fall Meeting

First fall meeting of Augustana Lutheran Church Women of St. John's Lutheran Church was held Tuesday at the church.

Mrs. William Park led devotion and Mrs. Fred Larson outlined work projects for the coming year. A songbook is planned for Oct. 25.

The evening's program included a skit presented by Mrs. Wayne Santala and Mrs. John Berglund. Guest speaker was Rev. T. P. Calver Johnson, of All Saints Lutheran Church, East Detroit. His theme was titled "How Big is My World?"

Mrs. La Von Ryden sang a solo, accompanied by Mrs. Eugene Dahlstrom at the piano.

Fellowship and coffee followed in the church parlors. Hostesses for the affair were officers, Mrs. Rexell Kohlihaas, president, Mrs. Edw. In Carlson, vice president, Mrs. Edward Sjafoe, secretary and Mrs. Harry Santala, treasurer.

September birthday greetings were extended to Mrs. Thomas, Mrs. Hulet, Mrs. Orvis Otto, Mrs. William Hoenstein and Mrs. Carl Matkin. Mrs. Ralph Howell was a guest.

Advice to the Careworn

Laugh, Sing, Dance, Play

By JOSEPHINE LOWMAN

I think this is one of the most inspiring and also one of the most workable prescriptions for remaining youthful, was written by Dr. C. Ward Crampton. Here is his program.

1. Have fun, every day laugh, sing, dance, play.

2. Do work: keep doing real worthy work, full time, part time, sometime.

3. Give service: add the happiness of others to your own.

4. Be strong: get the best and newest vitality by getting age-fighting and rehabilitation methods from your physician. Let him guide you and follow you closely, as a coach, for the race of your life.

5. Praise God: the happiest people of all are those who enjoy working for him.

Dr. Crampton calls that his "Five-Point Program for Age-Proofing and Youth Prolonging."

This program includes just about everything. I know Dr. Crampton, and know that advice under "Be Strong" includes periodic health examinations, which are comprehensive enough to discover physical weaknesses before they begin giving real trouble. These examinations provide a health and medical record of the patient. Included also are good nutrition and the value of exercise.

Dr. Crampton long ago advocated many of the measures and approaches which are being adopted today. Years ago he was writing about treating "the whole man," and he always has been such an enthusiast about exercise that he even has written books about it. The psychosomatic angles are

well covered in this program, too. Leaflet, "Watchwords of Science This physician always has been For Youth After Forty," send a keenly aware of the close correlation between the mind and the emotions and the body.

If you would like to have my care of The Pontiac Press.

The fountain of youth may be only legend; but the illustration above describes a good prescription for staying young: Have fun; every day laugh, sing, dance and play.

Flattery Will Get You Anything With Hubby

By RUTH MILLETT

Newspaper Enterprise Assn.

How does a wife turn her big husband into a household helper?

By flattery, that's how. At least, that's the impression given by the comments made by husbands who answered a recent questionnaire, which sought answers to how much help around the house American husbands actually give their wives.

For instance, the men who routinely do the dishes think they are more efficient dishwashers than their wives.

The husbands who pitch in to help with bed-making claim they can make a bed faster than the little woman.

The man who does the marketing thinks he can spin a cart through a supermarket faster than his wife, who probably stops to chat with friends, to daydream about what to have for dinner, and to poke every piece of fruit she puts in her basket and to handle a bushel of potatoes in order to pick out six of equal size.

Now, if the housework-helping husbands think they are as good at the jobs they do around home, there's just one reason why: their wives have told them so.

No wife is going to brag about how much faster her husband can publicly. Mrs. James Attard, make a bed, or how much more efficient he is at the kitchen sink mender, sunshine. Mrs. Engel or what an expert he is in the Greenberg-calling, and Mrs. Rich-supermarket unless she wants and Lundgren, chaplain.

something. What she wants, of course, is her husband's help.

So, the men fall for the feminine flattery, and they're hooked as mama's "little helper."

The poor dears don't even know what has happened. They actually think they are better washers of dishes, makers of beds, shoppers of groceries. It hasn't dawned on them that they have just swallowed the "you can do it so much better" bait — hook, line and sinker.

Sorority Has Meeting

Members of Kappa Chi Alpha Sorority held their first fall meeting Tuesday evening at the Cass Lake Road home of Mrs. Louis Fitzgerald.

Presentation of the year's calendar for the group was approved. A portion of the previous year's proceeds was donated to the children's fund at the TV Sanatorium.

Mrs. David R. Hendry will head the group as president for the coming year. Other officers are Mrs. Bruce Horton, vice president; Mrs. Edward Doyle, treasurer; and Mrs. Richard Jones, secretary.

Mrs. Hendry named her commit-tee as Mrs. Richard Kistner, how much faster her husband can publicly. Mrs. James Attard, make a bed, or how much more efficient he is at the kitchen sink mender, sunshine. Rev. and Mrs. Jack H. C. Clark and children Jack and Jill are off for a family outing. Formerly pastor of First Christian Church in Bentonville, Ark., he accepted the call and was ordained

at First Christian Church of Pontiac Sunday. A reception followed in Fellowship Hall. The Clarks make their home on Dwight St.

Pontiac Press Photo

BEST FOOT FORWARD?—Susan Nell Webb, Miss Arizona, nurses a sprained ankle during a general rehearsal for the Miss America Pageant. She twisted it several days before arriving in Atlantic City to compete in the 1962 contest. She will give a dramatic reading in the talent division of the competition tonight without the wrapping on her foot.

Miss Indiana Tries Nancy Anne's Way

ATLANTIC CITY, N.J.—(UPI)—A quick strip artist went into rehearsal today for the Miss America Pageant. She twisted it several days before arriving in Atlantic City to compete in the 1962 contest. She will give a dramatic reading in the talent division of the competition tonight without the wrapping on her foot.

Miss Indiana, Kathleen Jane Burks, 18, an Indiana State College sophomore and aspiring dress designer, will display four costumes in the three minutes allotted for her performance in tonight's talent preliminary.

She'll whip behind a screen of her own design for propriety and deliver a running monologue—her own composition—to boot.

A similar display, of a convertible costume of her own design, helped win the title last year for Michigan's Nancy Anne Fleming.

Bustlers Get Into Trouble

By MAE BOYLE
NEW YORK (AP)—One of the things wrong with this world is that there are too many signs saying "Do it now!"

Do what now?

There are some of us who would like to change the signs to read "Why do it?"

The difference between these two signs spells the difference between two great classes of man.

kind—the bustlers and the procrastinators.

Which are you?

The bustlers, by and large, tend to be self-important people who pride themselves on their ability to save time and get a lot of things done. They regard themselves as practical, orderly, efficient and very, very businesslike.

THE BUSTLERS

Bustlers keep neat clean desks and are always hurrying from phone to chore and perpetually glancing at their watches to be sure they aren't late to the next appointment.

Bustlers don't like procrastinators. Bustlers complain procrastinators are dreamy killers who never get anything done. Bustlers say they'd get a lot more things done themselves if it weren't for being impeded by shiftless procrastinators.

YOU A PROCRASTINATOR?

Fellow procrastinators, why do we take all this guff? Why do we let it give us a guilty feeling?

Let us put the bustler under a microscope for a change. What do we see?

The bustler makes up about one-tenth of the population and causes up to nine-tenths of its troubles.

The bustler often is a man who needs action so necessary he hops on a horse and rides off in all directions at once. As the dictionary says, he moves "with fussy or noisy activity, usually with more haste than purpose."

THE BUSTLER WRITES THE BILLIONS OF letters each year that don't need to be written. He makes the quick on-the-spot decisions that really put his firm or country on the spot.

MIST CORRECT ERRORS

What does the bustler do with all the time he saves by all that rush and roar? Why, he spends it rubbing and rubbing around trying to correct the errors he made by not taking enough time to do things right in the first place—that is if they really needed to be done at all.

Sure, the bustler is prompt! But that is a questionable virtue—if he is as prompt to heading disaster as he is to heading achievement.

The bustler also tends to be a hasty and fussy. He keeps the nerves of the rest of us on edge by demanding that we all be like him.

Well, it's a good thing we're not. A world full of bustlers would be an impossible place. It would have blown its gasket long ago.

It is we procrastinators who save the bustlers from destroying the earth.

It is the procrastinators, some-

times found feet on desk and sailing paper airplanes out the window, who are really practical, efficient and businesslike in their slow disorderly way.

They may put off doing a lot of things, but usually they are things that ought to be put off—sometimes forever. Isn't it better to do a right thing a day late than a wrong thing a week soon?

The motto of the bustler is: "Don't just stand there. Do something—and do it now."

The motto of the procrastinator is: "Don't just stand there. Sit down and be comfortable. Then do the unavoidable after you have avoided doing the unnecessary."

Many Food Bargains Are Offered in September

Perhaps these predictions of September food supplies will help you be a better manager of your food money. Retail meat prices are presently close to those of a year ago, reports the Marketing Agent, Mrs. Josephine Lawler, September usually brings some seasonal change in prices of various cuts of meat, but the overall average does not change much. Steaks go "out of style" so prices may decrease a few cents per pound on the individual cut, depending on weather.

Longer cooking cuts such as chuck roast and rib roasts become more fashionable, so prices may increase a bit. Ample supplies of the top grades of beef (U.S. Choice grade) seem assured for this fall and prices at higher priced cuts will probably be below 1960 prices.

Pork prices start their seasonal downward trend in September. Pork supplies will be larger than in September 1960 and prices will be less than last year. You will begin to see even more sales on whole hams, hams and roasts.

Summer turkey prices were real bargains and September prices are expected to continue to be so. A record crop of 25 per cent or more above last year's 85 million birds means there will be about 77 pounds per person compared with 53 pounds eaten last year. To date, turkey prices to farmers are the lowest since 1942.

Broiler supplies start their seasonal decline in September and food shoppers buy less than in August. Any prospective increase in retail price will probably be smaller than consideration of supplies alone might indicate.

taloupe have coarser netting than western mesh. The stem end of cantaloupe should be indented and rough indicating that the melon was vine-ripe and broke cleanly from the stem when picked.

So far, shrimp imports have been about 25 per cent larger than last year. Even though supplies are reported to be very large, prices have not gone down much. Look for store features to get the best values.

Dried Eggs Used in Main Dish Pie

Needy folks who are receiving dried whole eggs among the foods donated by the U.S. Department of Agriculture can make use of these eggs in a variety of baked foods which are cooked in the oven. They may, for example, be used in place of shell eggs in cakes, muffins, and breads.

One use for dried eggs developed by USDA folks is in this recipe for ham and egg pie: The recipe calls for:

- 1/2 cup of sifted dried whole egg
 - 1/2 cup water
 - 1/4 cup milk
 - 2 cups diced cooked ham
 - 1 cup grated cheese
 - 1/2 teaspoon pepper
 - 1 unbaked 8-inch pastry shell
- Sprinkle the egg over the water, stir to moisten, and beat until smooth. Combine with milk, meat, cheese, and pepper. Pour the mixture into the pastry shell. Bake at 425 degrees (hot oven) for 30 minutes. Serve hot. This recipe provides 6 servings.

Use These Meats Fast

Because ground meat and variety meats — especially liver, kidneys and sweetbreads — are extremely perishable, they should be used within two days of purchase, advises the American Meat

Institute. Cubed meat, such as stew meat, should be used within the same period of time.

Delicious with cold ham: firm-ripe fresh peach halves flavored with a dab of butter, a dusting of cinnamon-sugar, then broiled a minute or two.

Drip Melted Chocolate Over White Frosting

Frost a party cake with fluffy white icing and decorate with glistening dark chocolate and silver almonds.

Melt 1-ounce square of unsweetened chocolate with 1 teaspoon shortening. Cool slightly and spoon carefully over top of frosting, allowing it to run down sides in attractive "drips." Sprinkle top and sides of cake with toasted almonds.

ened chocolate with 1 teaspoon shortening. Cool slightly and spoon carefully over top of frosting, allowing it to run down sides in attractive "drips." Sprinkle top and sides of cake with toasted almonds.

You Can Grab It

Some cooks leave garlic cloves unpeeled when they are crushing this seasoning because the thin papery outer covering makes it easy to remove the mashed clove from the garlic press after the pulp has been squeezed out.

Children Come Running—for Lunch

By JANET ODELL
Pontiac Press Home Editor

Although the big yellow buses carry many Pontiac area youngsters to school for a whole day, there are others who walk both ways twice a day. These children come home for lunch.

Mom may not have the problem of packing a lunch box every morning, but she does have to plan a well-balanced, nourishing and attractive meal for the noon hour.

In some ways, her job is easier. If there are leftovers, these can often be worked into the noon meal. Add the children who come home can always have a hot dish if this is desirable. But mother has to plan it, one way or another.

There's nothing wrong with giving the child at home a sandwich lunch. In the first warm days of fall and the last hot days of spring, this is often the most welcome lunch. Hot soup or a hot drink of the winter rounds off a satisfying meal. A salad or raw vegetables, fruit and dessert are the conventional additions.

If you have a sandwich grill, the following sandwich is easy to make and a pleasure to eat. You may

like it so well that you serve it sometime for a late evening snack.

Canadian Surplus (cheese)
6 slices Canadian bacon
12 slices enriched white bread
Butter or margarine, softened
12 slices American cheese
12 thin slices ripe tomato

Place Canadian bacon on griddle and brown, turning once. Meanwhile, spread bread slices with butter or margarine. Then assemble sandwiches as follows: Place 1 slice of cheese on buttered bread slice, cover with tomato slice, Canadian bacon slice, another tomato slice, another cheese slice, then a final slice of bread to close sandwich.

Spread outside of bread with butter or margarine. Grill on hot griddle until cheese melts and sides center of sandwich (3 or 4 minutes per side). Cut diagonally and serve hot. Makes 6 sandwiches.

When grapes are in season, add them to tuna salad. You could serve brown 'n' serve rolls or muffins with this Friday special.

Fruited Tuna Salad
1 cup halved, seeded Tokyo grapes
1/2 cup sliced celery
1 (6 1/2 or 7 oz.) can tuna

HEARTY LUNCH—Robert and Steven Sjulstad, sons of Mr. and Mrs. Reuben Sjulstad of Joycel Drive, always come home from school for their lunch. Mrs. Sjulstad makes sure that they have a hearty sandwich, something to nibble

Crumbs Cover Baked Ham for Crusty Top

In summer one of the nicest features of a baked ham is that there's plenty leftover for salad, sandwich and cold-plate use.

Mrs. Randolph's Toasted Ham Potatoes
Green Peas With Scallions
Salad Bowl
Fruit Sherbet
Bread Tray
Beverage

Mrs. Randolph's Toasted Ham
"Fatty" soaked half ham (14 to 16 pounds) from "half end"
1/2 cup fine dry bread crumbs
Have fat on ham exposed, score if desired. Bake in slow (225 degrees) oven about 20 minutes per lb.

ground. About half an hour before ham is ready, remove from oven. Cover fat with bread crumbs, patting down with spatula; return to oven, continue baking required time and crumbs will toast to golden brown. Slice medium-thick and crumbs will adhere. 1 1/2 a good idea to place the ham on foil when crumbs are added and continue to bake that way.

Don't Peel or Douse 'Em
The ends of mushroom stems are usually sliced off because they are dry, but the mushroom caps do not have to be peeled. To clean, wipe caps and stems with a damp cloth. Boiling mushrooms in water tends to rob them of flavor.

Sour Cream Is Baked Inside Grilled Spuds
Outdoor diners will be taken by surprise when treated to grill-baked potatoes along with the favorite "burgers on buns. Secret idea: Turners before baking are these: Using an apple corer, cunningly create a lengthwise hollow in the center of each potato. Fill the hole with prepared sour cream livened with chopped chives. Plug both ends with a small chunk of the removed potato. Prick the potatoes with a fork, wrap tightly with heavy duty foil, and place on the grill over hot coals, turning frequently during an hour of baking.

Serve Grilled Shrimp With Resin Potatoes

If you are lucky enough to be able to cook potatoes in resin, you'll find they'll taste wonderful with this shrimp.

WEST COAST SHRIMP
3 pounds jumbo shrimp (12 to 14 to a pound)
1/2 cup butter
2 green onions (chopped)
Lemon wedges

Shell and devein raw shrimp. Melt butter with garlic; dip shrimp in mixture. Skewer shrimp and broil over charcoal 10 minutes or until set but not browned. Remove from cooky 6 minutes, turning once. Serve at once. Use any of the garlic butter left to pour over shrimp. Makes 16 servings.

Broil a Ring of Bologna on Grill

Try this for an appetite builder-upper, and watch the eyes around the table sparkle! Here's a perfect solution to your Sunday Brunch or supper menu problem—and is ideal for outdoor barbecues, too.

Use a full ring of bologna, unspiced, and add no additional spices or seasoning. You'll find the bologna comes from the meat less variety of menus.

Before using a dash-type ice-cream freezer, be sure to scald the dasher and the can and its cover. The bologna is pre-cooked, you cover.

know, so it's necessary only to cook long enough to heat the ring through and brown the outside attractively. Do exactly the same if you are broiling the bologna in your oven broiler.

Serve with warm platter, garnished with parsley, and slice it right on the table. Cut thick slices, and serve with scrambled or fried eggs, or let each person make his own individual sandwich.

You'll find a number of other things to do with your Bologna Broil, for its juicy, different flavor will suggest an endless variety of menus.

BEER — WINE — LIQUOR TO TAKE OUT CORNER BALDWIN AVE. AND WALTON BLVD.

There's Still Time to Enjoy Corn

You may not know where sweet corn came from originally—seems no one does—but you know where it's coming from now, and where it goes.

It's coming, of course, right from Midwest fields and gardens and going right onto your table.

If your family has typical tastes, probably you're serving this corn "on the cob."

However, if you buy more corn at these seasonally attractive prices than your family eats at one sitting, you might like to try a change for the next meal by serving Broiled Cut Corn.

A medium size ear of corn will yield about 1/2 cup of corn cut from the cob. To remove the corn, cut down the center of each row with a sharp knife, then scrape pulp from cob with blunt side of knife.

INTO BROILER

Place the cut corn in a greased shallow baking dish, add a little milk or cream, and cover with grated cheese. Place under moderate broiler heat for about 20 minutes, or until the cheese melts and the top is browned. Sprinkle with paprika for color before serving.

One of the nicest ways to enjoy corn, of course, is to grill it on the cob. Corn still in the husks may be dampened, placed on a grill and cooked 20 minutes. Husked corn should be buttered, sealed in foil, and cooked 8 to 10 minutes over hot coals. For variety, use a 1/2 butter-1/2 peanut butter mixture. The ears should be turned occasionally. They are done when the kernels pop up slightly.

Freezers Do Stop Running at Times

EAST LANSING — If the freezer stops running and temperatures rise, the homemaker may wonder if stored food can be refrozen. Anita Dean, foods and nutrition specialist at Michigan State University, says it depends on how much the food has thawed.

If foods have thawed only partially and there are still ice crystals in the package, they may be safely frozen. Foods have been previously subjected to high temperatures and have lost quality, the additional loss may result in foods of very low quality. Refrozen foods should be used as soon as possible.

If foods have slowly thawed over a period of several days and have reached a temperature of 40 degrees, they are not likely to be fit for refreezing. Under these conditions, meats, poultry, most vegetables, and some prepared foods may become unsafe to eat. Meat, fruits and fruit products soon develop an undesirable flavor.

Plain Bread and Butter Has Place at a Picnic

to pack lots of little bread and. For any picnic meal, when the main course features heavy food such as fried chicken or barbecued spareribs, be sure to pack lots of little bread and butter sandwiches. For extra interest and flavor, sprinkle chopped chives or parsley between the bread slices. Or try different seasoned salts.

These little sandwiches will provide extra nourishment to the meat when they're prepared with enriched bread. The enriched bread on your grocer's shelf today has generous amounts of niacin, thiamine, riboflavin and iron added—all necessary nutrients for strong healthy bodies.

Quick Pineapple Pretty

Line individual fluted paper or foil baking cups with a Graham cracker pie crust mixture. Chill thoroughly. At dessert time place the lined cups in your prettiest flat bottomed dessert dishes. Fill with small balls of mint sherbet, and a generous topping of canned pineapple tidbits.

Savory Veal Can Be Fixed Minus Onion

If you are looking for a savory range-top veal dish that does not call for onion, this is it.

Phy's Veal Paprika
1 pound boneless veal (at least 1 inch thick)
2 tablespoons butter or margarine
1 clove garlic (crushed)
1/2 cup dried celery
1 beef bouillon cube dissolved in 1 cup boiling water
1 teaspoon paprika
1/2 cup sour cream
Salt and pepper

Have veal cut in 8 or 9 chunks. In a heavy saute pan, brown veal on all sides in butter. Stir in the garlic, celery and bouillon. Sim-

mer, covered, about 1 hour or until tender.

There should be enough liquid and drippings in pan to make about 1/2 cup; if not, add a little water; if more, reduce by cooking rapidly. Off heat, stir in the paprika and sour cream. Add salt if necessary and pepper to taste.

Reheat but do not boil. Makes 2 to 3 servings.

Eggs Aren't Symmetrical

Before you start removing the shells from hard-cooked eggs, roll the eggs between the palms of your hands to loosen the shells. Always start shelling from the large end of the egg.

Frozen French Fries Base of Crab Salad

From the Atlantic to the Pacific the favorite, most-often-made summer salad is, without doubt, potato salad. Whether you're a member of the "I prefer it hot" or the "I like it cold" clan, you'll like this new version of the old standby. The piquant flavor of crab meat combined with the crispy brown French fries and laced with a tangy dressing is a taste treat that will become a favorite in your file of salads that can be the basis of a summer meal.

Combine the frozen French fries and French dressing in a covered fry pan, and then toss gently un-

til the potatoes are covered with dressing and defrosted. Then cover and cook over very low heat for a few minutes. Turn the mixture into a bowl, cover and chill for several hours in the refrigerator. Just before serving time mix the ingredients for the dressing and toss carefully with the chilled potato mixture.

Served with a hot vegetable casserole and wedges of corn bread or corn muffins with a tray of raw vegetable relishes, with ice cream and cookies for dessert, dinner can be on the table in a jiffy. Watch the smiles as the family picks up their forks with eager anticipation.

Canned fruit juice leftover? Make a drink out of it with lemon juice and club soda or ginger ale.

Sweet-Sour Kraut Partner to Franks

This spicy sauerkraut may be sandwiched into hot-dog rolls along with the franks.

Sweet-Sour Kraut
2 tablespoons butter or margarine
2 medium-sized cumin seed in this striped
1 cup finely packed dark brown sugar
1 can (8 ounces) tomato paste
1 can (1 pound, 12 ounces) sauerkraut
In a large skillet, melt butter over low heat; add onion and cook until tender but not brown. Add brown sugar, salt, tomato paste and undrained sauerkraut. Mix well. Cook over low heat 20 minutes.

FOR ROSH HASHANAH—This weekend marks the observance of the Jewish High Holy Days, Rosh Hashanah. Religious ceremonies and fine food are part of the holiday. Homemakers of all faiths will enjoy making this unusual prune pie in a nutso meal crust. Matzo meal is available at many grocery stores.

Jewish Homemakers Set to Celebrate Holiday

Once again, the ancient ceremonial High Holy Days, Rosh Hashanah, will be celebrated in all Jewish homes. This year the holiday, commemorating the Jewish New Year, starts at sunset on Sunday, September 10th and continues through Monday and Tuesday, September 11th and 12th. Traditionally, the New Year celebration is said to date back two or even three thousand years, but be that as it may, the ceremonies, prayers and rituals are essentially the same today as when the first Rosh Hashanah was observed.

The fundamental precept underlying the observance of Rosh Hashanah is to bring to the attention of both young and old sharing in the service, the ideals of the Jewish faith. And the sacred ceremonial religious objects are also used throughout the service as symbols of the past.

As the celebration is to honor the Jewish New Year, prayers and good resolutions play their part in the two days of Rosh Hashanah. The foods served at home after synagogue services are also based on old time traditions.

Each family table is set, as it has been set since time immemorial for Rosh Hashanah. The round Challah (two loaves of fine white bread) are placed at the head of the table, and a fine white linen napkin is used to cover them.

A ladder is sometimes shaped on the top of the loaf as a symbol that on this holiday the Almighty judges who shall ascend and who shall descend in the coming year. Oftentimes a bird is shaped out of the dough and is baked on the top of the bread to symbolize mercy. Or a crown is used to indicate the Kingship of God; all three symbols being a part of the Jewish New Year's traditions.

Friends and members of the fam-

Thin Crisp Cukes Grace a Meal

Nice to serve on the porch and let the family help themselves.

Danish Cucumbers

2 medium-size cucumbers
1 teaspoon salt
1/2 cup distilled white vinegar
Pare cucumbers with gourd blade vegetable peeler, cut off ends. With same peeler cut paper-thin crosswise slices; there should be 1 1/2 cups. Mix cucumbers with remaining ingredients, cover and refrigerate for an hour or two; drain.

Garnish with pickling spices and minced parsley or chopped chives if desired. Makes 6 servings; it used as relish.

Russian-Held 'Spy' Is Gifted, Quiet Youth

ASHBURNHAM, Mass. (AP) —
Michigan-born Mary's William
Makinen, imprisoned by the Rus-
sians as a spy, has won honors in
chemistry, biochemistry and biol-
ogy and wants to be a doctor.At 22, he speaks nine languages
but his family never heard, he
spoke Russian.Musically gifted, he could make
a living as an entertainer, if he
chose. Music and photography are
his hobbies.He is a member of a hard-work-
ing family living in a converted
camp on the shore of a lake.

His father, William J., 47, is

a paper mill worker. His step-
mother, Helen, 58, is a General
Store, Q. & A. stock clerk.Young Makinen is a handsome
6-footer with dark brown wavy
hair, brown eyes and slender fea-
tures.

NO SPECIAL GIRL

His family indicated he had no
special girl friend although he
spent last Christmas at the Hel-
sinki home of a young woman he
met at Germany's Free Univer-
sity.His brilliance as a student at
Cushing Academy in Ashburn-
ham and at the University ofPennsylvania carried him to two
Fulbright scholarships.An expert on the piano accord-
ion, he had made many appear-
ances in local clubs and broadcast
over a Boston radio station.Quiet and modest, Makinen loved
books and spent most of his time
in study. But as a student at Cus-
hing he also participated in basket-
ball and soccer.He took virtually all honors at
Cushing in his junior and senior
years. He was valedictorian of
the 1957 class, chairman of the
student council and was elected
to the honor (cum laude) society."We can't feel our son could
possibly have been in espionage
work," his father says. "With his
brains and brilliance, I can't be-
lieve it."Makinen, who attended the Uni-
versity of Pennsylvania for three
years, completed his pre-medical
studies at Free University in Ber-
lin under a Fulbright scholarship.He was about to return home
last July when he was awarded
the second Fulbright honor.Ironically, that seemingly for-
tunate turn of events left time
for his trip to Russia and his ul-
timate arrest.

His father says he is sure his

son went to Russia "for educa-
tional purposes to get inside facts
for his own personal use.""Maybe the Russians have
sensed him because of his ex-
ceptional brilliance in chemistry
and biology," his father says. "It
may be just my imagination, but
they may be trying to break down
him not to return to the United
States, but to help them."A native of Chassel, Makinen
has four sisters, among them a
6-year-old who started school
Wednesday.

LOVES BIG BROTHER

And she loves her big brother,
as attested by the father's state-
ment."She has a toy telephone and
she pretends to call her brother
all the time by long distance."Military Shake-Up
Reported in HaitiPORT-AU-PRINCE, Haiti (AP) —
A sweeping military shake-up
occurred Wednesday, two days
after the government disclosed
the smashing of a new plot to as-
sassinate President Duvalier.Duvalier replaced the army
chief of staff, Brig. Gen. Pierre
Merceron, with Merceron's assist-
ant, Col. Rene Boucault, who
was promoted to the rank of
brigadier general.

CHIEFS REPLACED

The chief of the palace guard,
the Port au Prince police chief,and the commandant of the na-
tional police were reported re-
placed and eight army colonels
were reported retired.Voters in N.Y. Primary

Every 5 Games Will Tie Ruth's Mark

Maris Connects for 54th Homer Against Nats

Roger's 7 Away From New Record; Yankees Triumph, 8-0.

By The Associated Press
Six more. Two every five games. That's all it will take now for Roger Maris to hit 60 home runs and tie Babe Ruth's long elusive record.

After hitting No. 54 for his first hit in 17 at bats, as the New York Yankees clobbered Washington 8-0 Wednesday, Maris is seven games ahead of Ruth's record pace of 1927. And he has 15 games to go against Cleveland, Chicago, Detroit and Baltimore—in which to match or break the Babe's record within the limit of 154 team decisions set by Commissioner Ford Frick.

Ruth, incidentally, needed eight home runs in the Yankees' last 15 games of 1927 to better the old record of 56, which he had set in 1921. He did it by socking the eight in 14 games, hitting No. 60 in the next to last game of the season.

Mickey Mantle, who has paired with Maris for half of the Yankees' AL record setting 20 homers this season, was 6-for-2, walking twice Wednesday, and now is one game and one home run behind Ruth's pace. Mickey has hit 51.

Prudled to the background as Maris' 54th set off an awesome display of five Yankee home runs, was the fact that Whitey Ford became the first left-hander to win 23 games in the AL since 1932, and that New York powered eight games ahead of idle Detroit in the flag race with a seventh straight victory.

The Chicago White Sox beat Minnesota twice, 6-3 and 4-2 in 10 innings, and Boston clipped Cleveland 8-1 in the only other AL games scheduled.

Maris' home run, his ninth against Washington, broke a scoreless dead between Ford (23-3) and Tom Cheney (1-3) and got the Yankees started on a five-run fourth inning after two were out. Blanchard, who belted two, each with Mantle on base; Bill Skowron and Bob Hale hit the other home runs as the Yankees made seven hits pay off with eight runs.

Ford allowed five hits and struck out seven for his 15th complete game in 34 starts. This one reduced the Yankees' magic number to 16—a combination of New York victories or Detroit defeats totaling 16 clinches the flag—and made Ford the first Yankee pitcher to win 23 since Lefty Gomez put away 26 victories in 1934.

No AL pitcher has won 23 since Earl Wynn and Bob Lemon both did it for Cleveland in 1954. Bobbe Shantz was the last AL lefty to do it, winning 23 for the old Philadelphia A's in 1952.

The White Sox banged 13 hits, including six in the top half of the fifth, to lead 3-0. They got Nellie Fox and Pete Pate (10-7) as Juan Pizarro (13-5) won his seventh in a row in the first game at Minnesota, a replay of Cleveland's 7-3 tie. Two unearned runs in the 10th, on two errors and Sherm Lollar's double, won the second game for the Sox and Don Larsen (12-15) was the loser.

Rookie Carl Yastrzemski drove in four runs, three with a homer, for Boston. Rookie Don Schwall (14-4) kept the Indians in check although allowing 11 hits. Jim Perry (9-13) lost it.

Colts Search Again for 2nd Quarterback

BALTIMORE (UPI) — The Baltimore Colts faced new Wednesday the possible necessity of finding a second quarterback.

Coach Weeb Ewbank thought he had the problem solved neatly when he acquired Lamar McLean from the Green Bay Packers.

But McLean, a native of Lake Village, Ark., is a member of the 1958 Medical Co. of the Arkansas National Guard. He is ordered to active duty Oct. 1 — date of the third game in the National Football League.

Ewbank

searched for quarterback John Unitas in last season when Ray Brown, the understudy signal caller, had to have a knee operation. Brown has required permission to delay reporting until after Jan. 1 when the NFL season will be over.

Bills Sign Castoff

BUFFALO, N.Y. (AP) — Ralph Felton, fullback-inbacker, left recently by the Washington Redskins for the National Football League. Wednesday signed with the Buffalo Bills of the American Football League.

Maris Has Homered More on Road Than at Home

NEW YORK (AP) — Roger Maris' dramatic bid to break Babe Ruth's home run record is playing with Kansas City. "I agree that this park has got 'Check my home runs and you'll find that I have hit more home runs on the road than at home," he conceded, "but I still home runs on the road than at home. I don't know how many."

Maris' homer, putting him seven games ahead of Ruth's pace when the Babe slammed 60 in 1927, was Rog's 54th at Yankee Stadium. The other 35 have been hit in foreign fields. Mickey Mantle, who walked twice but failed to hit any out of the park, has hit 49 of his 51 in enemy territory.

Maris has hit three homers in September, one less than he hit in the final month of the 1960 season. He's made only five hits in his last 27 times at bat but he doesn't think he's in a slump.

"I know I'm not getting many hits," he acknowledged. "I don't call it a slump. I've hit some good balls in the last few days but they went right at somebody. I feel I did some job when I've hit the ball on the nose. From there on, there's nothing I can do about it. I can't guide the ball."

It grips me when some guy says to me 'what's a home run like' like you doing hitting .269? (Maris' actual batting average is .266). Those guys are just plain idiots.

"Sure, I'd like to have a high average but what can I do about it? It's been a real battle for me all year. I started out bad in spring training and for the first five weeks of the season, I didn't hit my weight. I don't think I got my third homer until the end of June."

Maris' home No. 54 was caught by teammate Bob Hale in the Yankee bullpen.

"I began saving them after I reached the 40's," Maris explained. "Every homer I hit after 40 I kept thinking might be my last one so I figured I might as well save them."

Maris writes the date and number on each homer run ball that is returned to him. He didn't know how many he had been hitting until he got them all back.

"Now more," he said. "From now on, I'm going to keep every one."

He conceded they might be harder to come by from now because "these pitchers are changing their training and for the first time in a long time, they're getting many pitches over on a plate. They're either under or over-pitching, and the Dodgers were off and running, forcing an error that gave them two unearned runs."

Maris was asked what he intended to write on home run No. 60.

"I'll let you know," he said dryly. "When and if I ever get that one."

Red Sox Will Recall 12 Opted Players

BOSTON (UPI) — The Boston Red Sox Wednesday announced the recall of 12 opted players.

There are no repeat players. Outfielder Lynn Clinton, first baseman Mitch Albright and pitcher Larry Sherry had to leave in the eighth because of foul trouble. The giants, who have lost five in a row and 11 of 13, wiped out the Red Sox's 3-0 lead with home runs by Alvin Dark and Jim Davenport.

Others recalled are pitchers Don Buford, Bill Kistner, Felipe Alou and Orlando Cepeda off the bench. Outfielder Pete Jernigan and pitcher Bob Wood from Johnston in the Eastern League; pitcher Darrell Massey from Alameda in the Southern League; and pitcher Bob Carlson and outfielder Pete Jernigan from Waterloo in the Midwest League.

Even then Rolle's stubborn Tigers weren't done. By Sept. 21, they again were even with the Yankees. Then the collapse set in, and they lost 10 of 11 games.

The Tigers lost to Cleveland 4-3 on Sept. 22 as Luke Easter homered for the Indians in the ninth. They lost again and fell 1 1/2 games behind the next day.

On Sept. 24, the Indians won 2-1 in 11 innings in the famed Boston's rock game. Aaron Robinson, the Tiger catcher, failed to tag Bob Lemon coming in, with the 1950 Cleveland's winning run, thinking the play at home was a force out. The force had been erased when Easter hit a bases-loaded grounder to first and Don Kolloway stepped on the base before throwing to Robinson.

On Sept. 29 Rolle's Tigers were eliminated and Detroit swiped in 11 this year to cheer another contender.

I hit in other parks this year but I know last year I hit 26 or 27 of my 39 on the road."

The records bear him out. Roger slammed No. 54 of the season at Yankee Stadium Wednesday as Whitey Ford won his 23rd with a five-hit, 8-0 victory over Washington. The decision increased the New York Yankees' first-place lead over Detroit to eight games.

Maris' homer, putting him seven games ahead of Ruth's pace when the Babe slammed 60 in 1927, was Rog's 54th at Yankee Stadium. The other 35 have been hit in foreign fields. Mickey Mantle, who walked twice but failed to hit any out of the park, has hit 49 of his 51 in enemy territory.

On Sept. 29 Rolle's Tigers were eliminated and Detroit swiped in 11 this year to cheer another contender.

Dodgers Bounce Back Within One of Reds

By The Associated Press
The Los Angeles Dodgers, with an eye on the scoreboard and their mind on the richest payoff in World Series history, have bounced back within one game of Cincinnati's stumbling Reds in the National League pennant race.

It was after the Dodgers had blown a 3-0 lead against San Francisco Wednesday night that the Coliseum scoreboard in Los Angeles showed a five-run eighth inning for St. Louis and then flashed the Cardinals 11-5 victory over the Reds.

That's when the Dodgers went to work, coming from behind with a five-run eighth of their own for a 8-5 victory over the Giants.

It was the fourth straight victory for the Dodgers, clinching their 36th career victory, mailed his 36th career victory, in a one in more than a week and has played only 300 ball (10-10) since taking over first place on August 1.

Fact is, the Dodgers, thinking of the player pool from a World Series played in their 34,000-seat Coliseum and New York's 61,000-crowded Yankee Stadium, are two games up on the Reds in the decisive "10-11" column.

While the Dodgers swept their four-game series with San Francisco, still hopeful Milwaukee beat Philadelphia 1-0 as Warren Spahn nailed his 36th career victory, mailed his 36th career victory, in a one in more than a week and has played only 300 ball (10-10) since taking over first place on August 1.

On Sept. 29 Rolle's Tigers were eliminated and Detroit swiped in 11 this year to cheer another contender.

From The PRESS BOX

First Baptist Church of Lake Orion has won the Suburban Softball League for the 2nd straight year with an 11-5 record in an eight-team league. Denny McDonald was the pitching star and Bob Burnett the top hitter for Orion. Shashab Presbyterian and Oxford First Methodist tied for runnerup honors with 10-4.

A fast improving new player at Michigan State is 240-pounder Billy Adams of Muskegon, Ohio. Dave Behrman, 220-pound tackle, has been switched from defense to offense changing places with 215-pound Tom Wilecki.

But Farmer expects to be quite busy during this school year. He has taken over as football coach at Our Lady of Sorrows High School in Farmington; will continue to be head basketball man at St. James in Ferndale and teach at Norup Junior High in Berkley.

Little St. Louis Cardinal outfielder Curt Flood is being compared with former team star Terry Moore. "He's made five clutch game-winning plays for us in the last three weeks and it certainly is reasonable to compare him with the great Moore of the 1950's," said manager John Kenne today. He is hitting .223.

West Virginia's 1962 football team will play a game in Portland, Ore., against Oregon State.

Dr. Leland G. Merrill Jr., captain of the 1942 Michigan State wrestling team and a member of the 1948 Olympic squad, is dean of the college of agriculture at Rutgers University.

Pine Lake Titles Won by Eylers

Gene Wins Men's Club Golf Crown, His Wife Cindy Beats Women

It was strictly a family affair this year in the battle for club golf championships at Pine Lake Country Club.

Eyler annexed the men's championship with a 54-hole total of 227 on rounds of 72-55-80. Eyler's score was five strokes better than runnerup Jimmy Kraus, who carded 73-63-76.

Mrs. Cynthia Eyler's Gene's wife was the women's crown winner by shooting 57-69-68-62. Mrs. C. P. Mehus took second with 66-68-69-67.

In the Junior boys tournament, Leigh Tuohy won the 15-and-over division with an 18-hole score of 78.

The 16-and-under title went to Jeff Deland, who defeated Pete Hendrix with a par on the 3rd extra hole of a sudden-death playoff after the two youngsters tied for nine holes at 43.

Bernice Carlson took top honors in the junior girls 15-and-over division with an 18-hole total of 122.

Kathy Shanahan repeated as champion of the 14-and-under group with a 51 for nine holes.

Tom Platt carried 181 for 36 holes to win the senior men's club title.

QB Foes Stage Close Duel in MSU Practice

EAST LANSING (UPI) — Pete Smith, George Juler and Dick Proebstle, Canton, Ohio, junior, staged a close duel in quarterbacking separate units yesterday in Michigan State's football scrimmage.

Smith hit on five of six passes, while Proebstle connected on five of six, including a touchdown throw to end Bernie Clark. Smith, Proebstle and sophomore Ken Berkley and Charles Mignavsky will show their wares in Saturday's scrimmage in Spartan Stadium.

Halfbacks Gary Ballman and Herman Johnson made several long runs in yesterday's scrimmage.

THE PALMER METHOD

GOOF IS A PERPETUALLY MOVING TARGET

1. TENDON IS THE GOBBLE! BRASSY, THE PLAYER LETS HIMSELF BE MOVED ANYWHERE FROM DRIVE TO PUT. WILL PROBABLY NEVER PLAY A GOOD HOLE IN GOLF.

2. STAYING ACTIVE! MOVING THE CLUBHEAD UP AND DOWN. THIS BEING THE FACT THAT THE PUTTER MUST BE IN ACTION. THIS BEING THE FACT THAT THE PUTTER MUST BE IN ACTION. THIS BEING THE FACT THAT THE PUTTER MUST BE IN ACTION.

3. STAYING ACTIVE! MOVING THE CLUBHEAD UP AND DOWN. THIS BEING THE FACT THAT THE PUTTER MUST BE IN ACTION. THIS BEING THE FACT THAT THE PUTTER MUST BE IN ACTION. THIS BEING THE FACT THAT THE PUTTER MUST BE IN ACTION.

Hobby Gains Softball Final at Waterford

Hobby Pitching scored four times in the 8th to whip Pontiac 11-7 last night and move into the driver's seat in the Waterford National League softball playoffs. A & W eliminated Lakeland Pharmacy 5-0 in the other game.

The Hobby game can clinch the crown Friday in an 8:30 title game. Rochester and A & W will meet at 7 to decide the other finalist. A win by the host's bracket nine would force another meeting Saturday night.

Dave Freeman singled across the tie-breaker and Jerry Almas added a two-run homer for Hobby. The Pitchers were out for 13-5 but got eight walks, six wild pitches and had four hit batters. Frank Emerson had a single, double and triple for the losers.

Bob Tremblin won for A & W and scored the last run on a single sacrifice and successive steals and base and home. He allowed only a bunt single.

Denver Open Under Way

DENVER (AP)—A talented field of 102 touring pros fired first rounds in the \$30,000 Denver Open golf tournament today.

Yesterday Bob Gough of Crystal River, Fla., slipped seven strokes off par 71 for the day's top score.

PGA champion Jerry Barber and Doug Sanders are rated early favorites.

DOWN THE LINE—The ball rifles down the third base line past Dick Schofield of the Pittsburgh Pirates who makes a diving stab for it. The drive went for a double for Chicago Cub batter George Altman.

Laver Crawford Duel in Net Spotlight

FOREST HILLS, N.Y. (AP)—Rod Laver, almost everyone's choice to win the title, gets his first stern test in the National Tennis Championships today when he faces his old rival Crawford.

Crawford is one of the few folks who thinks Laver won't win the crown.

"I think I have a chance against him," said the 29-year-old Corpus Christi, Tex., University student. "We've played only once before and that was in Perth, Australia, last year. He won in four sets, but it was close. The last set, in fact, was 14-12."

Crawford, a towering blond, has been knocking on the door of greatness for three years now. He captured a big slice of the Nationals two years ago when he defeated Barry MacKay, Gardner Mulloy and Bob Mark in succession.

"I'd love to get a spot on the Davis Cup team," Crawford said. "I know my record is not good enough now. But if I can get one big victory—say, against Laver—then I think they'll have to consider me."

"I have been serving real well in the tournament but I think I'm a little slow at the net. That's what I've been working on."

Crawford has developed a reputation of winning the big ones.

62, Jon Douglas of Santa Monica, Calif., whipped Crawford, Henry and Ron Holmberg of Brooklyn, N.J., halted Jack Frost of Monterey, Calif., 6-2, 7-6, 6-4, 6-3.

Whitney Reed, 23-year-old UCLA set specialist from Alameda, Calif., whipped National Collegiate champion Allen Fox of Los Angeles, 6-2, 7-6, 6-4, 6-3.

man Jr., of Philadelphia, 6-2, 6-4, 6-3, and Rafael Osuna of Mexico.

downed Eugene Scott of St. James, N.Y., 11-13, 6-4, 6-3, 11-15, 6-0.

In the women's division, things were black and white for the United States contingent. Top-seeded Darlene Hard is the only American girl to make the quarter-finals.

The other seven are Yola Ramirez of Mexico, who plays Miss Hard today; Angela Mortimer, Christine Truman and Ann Haydon, all of Britain, and Margaret Smith and Lesley Turner of Australia.

Karen Hantze, who was rated America's No. 2, hope behind Miss Hard, was eliminated by Jan Lehane of Australia, 6-4, 9-6.

Miss Hantze had a couple of verbal exchanges with a linesman and at one point made an unsuccessful appeal to the umpire to reverse a decision. Her game wasn't helped any by the arguments.

There were some rumblings elsewhere, too.

Fullback Ray Poage netted 113 yards in 17 carries, and star halfback Jack Collins scored on a 75-yard run in a Texas intra-squad scrimmage. Baylor's three losses—Bull, Stanley and Goodwin—sparked the Bears' workout. Stanley threw two TD passes and Bull and Goodwin each scored once.

Kansas' top duo of John Hadl and Curtis McClintock broke loose. Hadl tossed a pair of scoring passes to McClintock, who also tallied three times on line plunges as the Jayhawks went through a rugged scrimmage.

Gary Ballman led Michigan State ball carriers in a drill, carrying the ball 11 times and once getting loose for a 46-yard run.

However, at Wake Forest, the defense took over, as Coach Billy Blitcher complained. "We missed far too many offensive assignments as we're going to have to put in a great deal more time on fundamentals and strategy."

Frank Howard, Clemson coach, put in a new 11-man first unit then declared the ousted 11 "will have to work their way back up because the new bunch displayed a lot of fire, determination, mobility and desire to be good."

North Carolina lost No. 1 tackle Ben Gallagher, who was ruled academically ineligible. Fullback Dick Day of South Carolina went 30 yards on the first intra-squad scrimmage play, and halfback Jack Morris racked up a 39-yard run as 10 touchdowns were scored in the drills.

Grid Rarity: Sooners Attempting a Comeback

It's a strange sight, indeed, to see the once-invincible Oklahoma Sooners get ready to plod along the comeback when the college football season opens later this month.

But that's where Bud Wilkinson's team will be after a horrendous 1961 season in 1962, and with a back-breaking schedule ahead of them this year.

Wilkinson, probably more than any other coach, didn't shed any weight right to work to correct the ills. The biggest, he claimed last spring, was a porous defense and the Sooners spent most of their time in spring drills working on that phase.

But now the offense is good and perhaps the defense is also coming around after yesterday's intra-squad scrimmage.

The first and second teams combined for a 480 victory over the reserves and a pair of quarterbacks, a solid quantity missing in the Wilkinson organization for the past couple of years, showed the way.

Soph Bill Van Borkelo, the star of a powerful freshman team last year, passed for two touchdowns while Mike Davis led the second unit and scored twice.

Wilkinson, whose Sooners teams once ran up a winning streak of 47 consecutive games, also seems to have injected some spirit into the days ago he demoted star halfback Mike McClellan to the alternate unit, but the big Texan came storming back yesterday with 104 yards in 10 tries.

DETROIT (UPI)—Twenty-seven 3-year-olds have been nominated for the fourth running of the \$25,000 added Michigan Derby at the Hazel Park Race Course on Saturday.

The rule and a sixteenth classic which is the climax of Michigan's thoroughbred racing season, promises to be another success this year—weather permitting.

Rain marred last Saturday's derby trial, run in two divisions. Tollway slugged through the heavy track to win the second, and stronger division in 1:47 3/5.

Mark Me Up got home in 1:47 2/5 to take the first division.

Fourteen of the likely contenders took part in the trial which, because of track conditions, proved little except that Tollway, a Lloyd Miotrot entry, and Mark Me Up, an F. and B. Farm entry, will be tough to beat if it comes up mud.

Among the top 3-year-olds that skipped the trial but may be in for the derby are Darby Dan, Farm's Upstart, Fourth Estate Stable's Editorialis and Mrs. Ad. L. Rice's Try Cash.

Last year, the race was contested back to a one-division event with T. A. Grissom's Lurialish the winner.

Player-of-Month Award to Spahn by a Landside

CINCINNATI (AP)—Warren Spahn, the Milwaukee Braves' great pitcher who started, finished and won six games during the month, was landside winner of the National Player-of-Month award for August.

Results of the monthly poll of a committee of sports writers and broadcasters Wednesday showed Spahn received 38 of a possible 60 votes.

Vada Pinson of the Cincinnati Reds, Frank Thomas of Milwaukee, Juan Marchal of the San Francisco Giants and Larry Jackson of the St. Louis Cardinals each received one vote.

One of Spahn's six August victories was his 30th major league triumph.

Newspaper Boat Pages Growing in Popularity

NEW YORK — Ninety boat shows held throughout the country during the first six months of 1961 were responsible for 1,175 special

pages published by 133 newspapers, the National Association of Engine, Boat and Boat Manufacturers reported today.

Ninety-seven dailies ran 636 regular size boat pages and 26 with tabloid editions totaled 539 pages.

National boat and outdoor motor advertising support for show sections in the major marketing areas showed a substantial gain over previous years, the Association survey revealed, averaging out to 23 per cent of the total income.

Local boat and motor dealers accounted for 38 per cent of the special advertising and "plus business" categories including banks, specialty shops, restaurants, waterfront real estate and insurance underwriters, and marine operators, paint shops and various equipment suppliers made up the remaining 38 per cent.

Banks and financial institutions advertising boat loans contributed three per cent of this total.

A more extensive use of color on front page illustrations of the boat show sections was noted along with a fairly constant average of 1,372 lines of advertising for full size pages and 514 lines for the tabloid pages.

The "section" surveyed ran from two pages up to the 64-page full size section published by the Boston Herald and the Boston Star, and the 76-page tabloid boat and sports show edition of the Milwaukee Sentinel.

The 90 shows were held in 38 states including Alaska, Colorado, Montana, Nevada and Utah.

Wild Duck Mystery on Sebawaing Bay

Two dozen wild ducks found dead in Sebawaing Bay have puzzled biologists in the Conservation Department's game laboratory searching for the cause or causes of the mortality.

Blue-winged and green-winged teal, mallards, black ducks, and one wood duck were included in the first reported by Bernard Simon, game area manager stationed at Sebawaing. They were discovered in the vicinity of Lome Tama Island.

Earlier this summer a flock of tame ducks at nearby Fish Pond died mysteriously. Department examinations of some of these birds failed to reveal a reason for the die-off. Investigations in this case included bacteriological studies of the water and bottom soils, but these were negative for any suspected cause.

SKIN and SCUBA DIVING

It's in another in a series of articles pertaining to Skin and Scuba diving as written by Viki expert Art Blanton!

NO. 2—FINS

By ART STANFIELD
Newspaper Editor/Contributor

Fins are to a diver what paddles are to a canoeist.

They add tremendously to the swimmer's proficiency, maneuverability and speed, while saving his strength.

Comfort and fit are important to fins as they are in a pair of shoes. They come in three styles, full foot pockets, open heel and open toe. They have different blade sizes and rigidity.

As water sports director of the AMP-Vol Rubber Corp., advise beginners not to buy a very large blade or rigid fin, since this will tire the legs and cause cramping. Be sure to wear the fins and feet before putting on the fins.

The two basic kicks in diving are the flutter and the scissors. The fins should be removed as soon as the diver leaves the water, as they are very cumbersome to walk in. If you should find it necessary to walk while wearing fins, you will find it easier to walk backwards.

After fins are used, they should be rinsed off in fresh water and

Future of Silver Cup Race in Detroit at Stake

Sunday's Event on Detroit River Is 16th Annual

Financial Losses May Move Hydro Classic to Another Site in '62

The 16th annual Silver Cup regatta will be held Sunday on the Detroit River, but the holding of the 17th race in 1962 may be in trouble.

Its sponsors, the Detroit Yacht Club, and the Detroit International Regatta Association headed by Jack Conley report that heavy financial losses may lure the regatta away from Detroit.

The association reported a loss of \$2,000 in the Detroit Memorial Race and expects to lose \$4,000 for the Silver Cup.

Several cities are reported offering money of \$10,000 to \$100,000 for the 1962 race.

The race is run on a three-mile course at a distance of 45 miles in three heats of 15 miles each.

A lineup of 12 boats are expected for Sunday's running headed by Miss Supertest II, Miss Detroit, Gale V and Miss Birdall.

In qualifying, each craft must have run at least 50 mph for one lap on a surveyed course during 1961.

In event that more than 12 boats start the race, only the fastest 12 will be allowed to enter the second.

The 6 boats with the highest point totals by APB scoring after two elimination heats will be qualified for the final heat.

The Silver Cup lap record is held by Hawaii Kai III with Jack Regas driving at 131.648 mph in 1957. Regatta officials expect a record mark at 105.163.

Blancher says overlooking the pits are being sold at \$1.00 at the foot of Burns street, and other seats next to the judges stand at the foot of Parkview are being sold for \$2.00. There are several boxes in the Gar Wood Judges stand which can be reserved. Tickets can be reserved by calling WO 5-7270.

Sub Quarterback Does Well at 'M'

ANN ARBOR (AP)—With No. 1 quarterback Dave Glines temporarily sidelined because of a bruised shoulder, the University of Michigan football squad has continued to get fine performances from quarterback Bob Chandler.

Chandler's passing and right half back Dave Rainey's running were the highlights of an offensive drill in the rain yesterday.

Earlier Coach Bump Elliott sent his first string through a defensive scrimmage against the offenses of the fourth and fifth teams.

Superior signal caller Fritz Fyfe, who left the drills with a bruised ankle, in addition, Wallace Herrera and Ron Lauerbach, No. 2 left guard, still were out with injured knees.

All of Michigan's injured players, however, are expected back later, action shortly.

The Eximide Rowing Foundation urges any would-be-divers to take advantage of them before attempting this fascinating activity.

The demands of a skin diver are few. About all he asks is that you keep your distance when you see his flag. Boaters should stay at least 50 feet away from the diver, which is a white diagonal stripe on a red flag.

The diver who tries to come up near the flag but may at times be forced to surface elsewhere. Common sense and boating courtesy dictate that you allow him an extra margin of safety.

If you have the misfortune of losing equipment overboard, don't hesitate to call a nearby diver to the rescue. His flag is moved if he has some object, such as a submerged fishing rod, to go after. He will probably be happy to retrieve it for you.

Cooperate with skin divers, as well as all boaters, by respecting their rights and giving them enough room to properly enjoy their particular activity. If you're not familiar with various water sports and activities, try to learn more about them.

If you can appreciate the problems of fishermen, water skiers, skin divers and others, you will be able to be more considerate.

The old saying that "country is contagious" still holds true. Cooperate with others and you'll find they'll be happy to cooperate with you.

WATER PHOTO—Taking pictures of boats in the water. Items of interest and added to the pictures, such as this boat in the background, with the skipper relaxing at complete peace with the world.

Boating

CAPT. FRED'S LOG

by Capt. Fred Lawton, Director Marine Safety Division, U.S. Navy & Sailing Master, America's Cup Championship yacht "COLUMBIA"

The 9th week will be devoted to review and for final exams. Those passing the exams will receive certificates from the Coast Guard and also from the Michigan State Waterways Commission.

The Pontiac site has been added to the long list of scheduled areas where safe boating courses are being held this fall.

The U.S. Coast Guard Auxiliary is presenting the course and the general public is invited to participate. Anyone who has anything to do with boats or water safety is urged to attend the classes.

The instructors are experienced men who have cruised the Great Lakes in sail, power and other boating maneuvers.

Such things as boat handling, rules of the road, emergency, charts and compass, aids to navigation and many other subjects will be discussed and explained.

The commander of the local unit is Vance Powers at FE 4-1278.

Registration fee is \$3.00 and classes will start at 7:30 p.m. each Tuesday for eight weeks.

Lo and Behold—6 Wins Found

ANN ARBOR (AP)—Michigan, which prides itself on being the research center of the Midwest, has just learned it won six more football games than Wolverine records showed.

Research conducted by Norm Mangoni, editor of the Michigan Stadium, turned up nine games previously unaccounted for in Michigan's record book. All but one were played back in the early years of Michigan football in the 19th century.

Of the nine rediscovered games, six were Michigan victories, one was a loss and two were ties. Another game with Eastern College in 1870, the first year Michigan fielded a team, was deleted from the record book when Mangoni found a check of historical sources showed no such game had been played.

Included in the new list of victories was one on April 21, 1888 over Notre Dame 14-0. The others were with small college, high school and alumni teams.

Michigan, then, will play its 630th game when it opens its 1961 season Sept. 30, 1961 against UCLA. The Wolverines have won 608, lost 153 and tied 28 since 1870.

Survey Shows Figures
Fiberglass Boats Gain

NEW YORK — A preliminary survey of 334 boat builders conducted by the National Association of Boat Manufacturers revealed that the preliminary survey showed a count of 89 builders using wood and 131 using fiberglass in this class.

Choate stressed that the early figures will probably be amended when the survey is complete, but that the bulk of inboard and outboard builders have been counted.

A similar survey made in 1959 covered 891 builders when completed.

Cards Sign Collection

ST. LOUIS (AP)—The St. Louis Cardinals announced Wednesday night the signing of Ronnie Cook, an infielder-outfielder, currently credited as a senior at the University of Missouri. He received a reported \$25,000 bonus. He will be assigned to Tulsa in 1962.

The fighter was subsequently stripped of his ranking as No. 1 heavyweight contender and suspended by the Pennsylvania Athletic Commission and the National Boxing Association.

Johnson Trophy Race
Sept. 10th in Detroit

The Orin Johnson Trophy Race, sponsored by the Detroit International Regatta Association, will be held Sept. 10, on the Silver Cup race course, opposite Belle Isle, in Detroit, for open class boats in two classes—300 cu. in. and over, and under 300 cu. in. The race will be run in two heats of nine miles each over the three mile course.

Four Boat Exhibits Still on Calendar

Four trade shows and four public exhibitions remain on the 1961 motor boat calendar, according to the National Association of Engine and Boat Manufacturers. Two trade shows are scheduled in September, the International Marine Industry Show at Fort Worth, Tex., on the 14th to 17th, and the Outboard Boat Show, Marine Trades Exhibit and Conference, in Chicago from the 22nd through the 25th. The Fourth Annual Northwest Boat and Marine Trade Show, sponsored by the Central Marine Association, is slated at Minneapolis for October 11-15, and the Southeastern Boating Trades Show will open at Jacksonville, Fla., November 17 and run through the 19th.

Exhibitions open to the public are the Mid-South Boat Show at Memphis, Tenn., September 23-30; Pacific Coast Boat Show, Marine Trades Exhibit and Conference, in Long Beach, Calif., October 18-22; Boat Show of the Americas, Miami Beach, Fla., November 24-30, and the annual Northwest Boating Exposition, Seattle, Wash., November 24-December 3.

The third annual Cass Lake Water Ski jumping tournament will be held this weekend with events for men, women and teams.

The women's jumping events will start at 1:00 p.m. Saturday and the men's will compete on Sunday starting at 11:30 a.m.

Paul Boel of Oxford Lake was the tournament for two consecutive years. The 49 year old Boel is the state and Midwest senior jumping champion for five years.

He has done most of his ski jumping at Cass Lake and is former president of the Cass Lake Ski Club.

The tournament also has a team event which is determined by the total points of three skiers in alternate jumps. Winners in the team event last year were Larry Wilkinson and Tom Fetter of In-

Glenn Price took first place honors in the Snipe Fleet Race at Watkins Lake last Sunday with Chuck Morris taking second place and Dave Green in third.

In the Thrush race it was Don Zannoth with Karl Kretz and Norm Ledwin following.

The annual Labor Day team races were held Sunday at the Yellow Fleet, captained by Dave Green defeated the Blue Fleet with Frank Fleck captain.

As result the winners were hosted at a picnic by the losers.

This concludes the summer series for the WLC and only the final snipe series for the perpetual trophy will be held Sunday. This consists of 5 races. The boat with the most points holds the trophy for one year.

Safety Is Their Goal

The directors of the National Safe Boating Association, organized by representatives of recreational and commercial users of waterways, met recently and formulated programs to promote safe practices on the inland waterways and on the development of harbors for safe refuge of pleasure craft.

Peter M. Wilson, of the National Association of Engine and Boat Manufacturers, and Fred L. Linton, of the Outboard Boating Club of America, represented recreational interests.

Prep Coaches Await Scrimmages

By CHUCK ABRAH

Prep coaches throughout the Oakland County area are looking forward to this weekend as most of the schools meet other teams in scrimmage sessions.

These drills annually climax the 2nd week of pre-season workouts. Some of the seasons will be held tomorrow and others Saturday.

They give the coaches a good idea of how their charges are progressing, especially newcomers. Liquid scrimmages are of limited value.

Correcting the mistakes made, brushing up on assignments and going over various things like kickoffs, punts and extra point plays will follow before most of the openers come up Sept. 15, 16 and 17.

Several teams were tied by graduation. Many will field solid 1st units but will be short on depth.

No serious injuries have been reported this far but two key players have been sidelined by ailments. Watford Lake basketball coach will lead the entire season due to spinal trouble. Quarterback Art Tregenza of Bloomfield Hills may miss at least three games.

Swift Pontiac Central halfback Roy Couser has had illness troubles and St. Michael running ace Jerry Martin was injured in practice but both should be raring to go again in the weekend contests. Little Emmanuel Christian lost three boys expected back because they changed schools. St. Fred and Our Lady of the Bakers also have boys they were counting on more.

Conditioning, fundamentals and offense and defense assignments have featured early practice.

Pontiac Central has looked good and could cause some stir in the Saginaw Valley if coach Paul Holbert can come up with a hillbuck. PNH is depending on some big sophomore linemen to help an experienced backfield.

Getting the boys in shape has been a big problem for new Watford leader Stu Thorell. The new Kettering is short on quantity but may have some quality led by ex-Skipper Dirk Silberman.

St. Michael has been coming along well and figures to bounce back.

Halfback Joe Morrison, former University of Cincinnati athlete, was second best ball carrier for the New York Giants last season with 346 yards on 103 carries. He scored five touchdowns.

St. Michael has been coming along well and figures to bounce back.

Walled Lake is having its problems in the line and at quarterback. Troy and Milford fullbacks are optimistic. Southfield is rebuilding. Berkeley's new coach Irv Wilson feels his team could be "one of the state's best quarterbacks. Farmington has experienced hands after a dismal year.

West Bloomfield may have trouble living up to its reputation as a power especially with Bloomfield Hills, Clarkston, Northville and some other tough ones to cope with during the next few weeks.

Avondale and Lake Orion have been trying to build around a handful of veterans. Gene Konecny feels he may have a good line but wonders about his ballcarriers.

St. Joseph could have a long fall. Groves has high hopes of coming into its own.

Board Sees End to School Closing

Claims Solution Near on Segregation Issue in Highland Park

HIGHLAND PARK (AP) — The school board of this Detroit suburb, where schools failed to open Wednesday because of a segregation complaint, says it has a solution which should clear up the complaint and reopen schools by Monday.

More than 3,100 students at seven elementary schools, two junior high schools and a senior high school were affected when U.S. District Judge John Feltman said Tuesday he would issue an injunction to prevent the segregation of students during the night.

The board decided to dissolve the details of its proposal, saying it would be taken up in court today. It said the proposal was discussed with the citizens group, but the case would go to court whether the group agreed to the proposal or not.

The board said Feltman's action involving the Thomson School forced the closing of all the others.

Closing Thomson would lead to a chain reaction at the other schools and a complete restructuring of our attendance areas," said Carlyle G. Hoyt, superintendent of schools.

"But we obviously cannot go ahead with our previous plan for the Thomson. Our hope now is that something can be worked out before Monday."

Pontiac Pastors Start Meetings Friday, 10 A.M.

Pontiac Pastors Association will begin its fall meetings with a 10 a.m. Friday program at First Presbyterian Church, West Huron Street at Wayne. Rev. Glen E. Hershey will serve as host pastor.

Dr. G. Merrill Lenson, executive director of the Detroit Council of Churches, will address the association on the theme, "Underscoring the Cooperative Program of the Council of Churches."

Following this address, outgoing president, Dr. Milton Bank, will install officers and announce committees and chairmen for the coming year.

Officers to be installed are Rev. Edmond Watkins, president; Rev. Joseph W. Moore, vice president; Rev. Paul Hart, secretary; and T. N. Slosson, treasurer.

Hampered by Bus Strike

WYANDOTTE (AP) — Nearly 5,000 more commuters were without bus service today as downtown drivers of the Great Lakes Transit Co. refused to violate a picket line of striking employees of the Intertown Suburban Lines Corp.

Four Americans Held for Hours

E. Germans Get Tougher on Jeerers

From Our News Wire BERLIN — Communist police showed increasing determination today to break up demonstrations by jeering West Germans who gathered close to the Red headquarters. The Communists threw firecrackers, tear gas and water jets at hundreds of demonstrators on the West side of the border in the incidents during the night.

A controlled Communist East German student paper published an article telling East German students they must be prepared to shoot fellow Germans.

There a tear gas grenade which struck a newstand and smashed a news sign. The crowd grew to about 300, including some drunks. The Communists attacked the demonstrators with a water cannon. East German police finally pushed the crowd back and arrested three of the demonstrators.

A controlled Communist East German student paper published an article telling East German students they must be prepared to shoot fellow Germans.

There are good Germans and bad, even barbaric, and on such we represent German imperialism, we will shoot if they get tough," said the article written by a communist student named Werner White.

DEFINITE AMERICANS East Berlin police were disclosed by U.S. officials to have detained four Americans for taking photographs in East Berlin.

Howard Quincy, 28, and Jim Phang, 23, both medical students from Los Angeles, were held for about 10 hours Wednesday by East Berlin police for taking photographs.

An American spokesman said that Hazel Myrna and Celeste A. Bolick, both teachers at the U.S. Army School at Bitburg,

1st Unmanned Capsule to Be Orbit by U.S.

SYDNEY, Australia (UPI) — U.S. Navy Lt. Cmdr. Scott Carpenter, one of the seven American astronauts, said today the United States plans to launch its first unmanned space capsule into orbit next week.

Carpenter returned today to Mather, near Perth, to lead the monitoring team which will trace the Mercury flight.

Germany, also were detained for about two hours Monday for taking photographs in East Berlin.

The teachers have returned to school and the students have left for West Germany, an American spokesman said.

The Communists disclosed that they are banishing, fining and sentencing to forced labor East Germans who used to work in West Berlin.

The Potsdam newspaper Moritzsche Volksstimme reported a campaign against so-called "border of the American sector of Berlin."

The newspaper said "some" have been "recruited," "some" sentenced to "work education," and "some" fined from 500 to 800 marks (\$75 to \$125) for opposing the closing of the Berlin border. It did not say where the former commuters were banished.

About 52,000 East Germans and East Berliners worked in West Berlin before the border was closed.

In another incident, a 53-year-old man and his 51-year-old wife escaped into West Berlin despite the barricaded border. They slid down a clothes line from their fourth-floor flat in East Berlin to a street in West Berlin.

Graham Plans 8 TV Sermons

Crusade to Run Sept. 17 Through 24 on Prime Evening Hours

WASHINGTON (UPI) — Evangelist Billy Graham will conduct an unprecedented eight-night "television crusade" Sept. 17 through 24.

Graham's associates disclosed today that the TV broadcasts, featuring sermons by the evangelist and songs by George Beverly Shea, were being filmed in Philadelphia.

Arrangements have already been made with TV stations in 32 cities, including New York, Washington and Los Angeles, to air the eight-hour-long programs during prime evening hours on eight consecutive nights beginning Sept. 17.

"We hope to sign up stations in at least eight more major cities," said a Graham spokesman.

The Billy Graham Evangelistic Association, with headquarters in Minneapolis, Minn., was paying regular commercial rates for the TV time. Estimated total cost is \$500,000.

The Kripsigs in Kenya use the same word for going to work and for war, the object in both cases being to get more cattle.

Banks to Aid in Loans for Small Businesses

A new program for expanded commercial bank participation with the Small Business Administration to encourage more private financing and to speed handling of loans to small businesses has been inaugurated by the SBA Detroit Regional Office.

Banks in the Pontiac area have participated in SBA programs.

Robert F. Phillips, regional SBA director, said the new bank participation program establishes simplified and streamlined procedures to facilitate small business loans.

SBA officials are hopeful of expanding quickly the volume of SBA bank participation term loans to small firms with the new program, which is being put into effect on a nationwide basis.

BANKS PARTICIPATE Under the new cooperative program, a bank may participate with SBA in a loan to small business, with the government providing up to \$350,000 in funds for any one loan.

The participating bank must take at least a 25 per cent share in the loan. The interest charge on SBA's share of the loan in the Pontiac area is four per cent, since Oakland, Wayne and Macomb counties have been officially designated areas of substantial unemployment.

In areas not so designated by the U.S. Department of Labor, the interest charge on SBA's share is five and a half per cent.

"The simplified plan has the immense advantage of permitting us to rely upon the banker's credit judgment which is based on its knowledge of the customers and its experience in the banking field," Phillips said.

"All paper work has been stripped to the bare essentials in this joint government-industry program," he said.

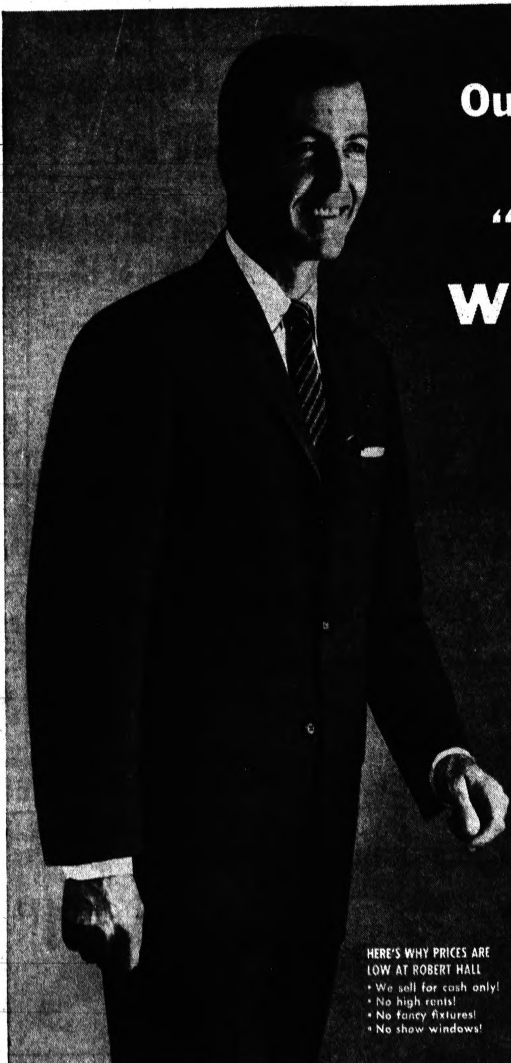

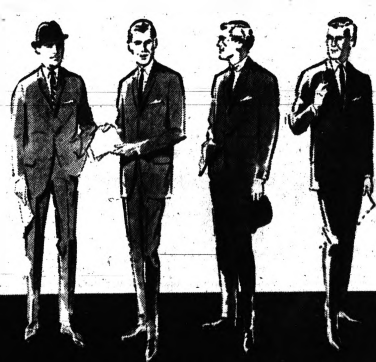

Air-Conditioning Running Again at Courthouse

Cool air again circulates today through the new county courthouse after maintenance men removed the mud which had clogged and shut down the air-conditioning system.

A spokesman for the county said dirt from the excavating for the new west administrative wing entered two uncovered cooling tanks of the system, and plugged two valves, stopping the system Wednesday noon.

"It was warmer than normal, sort of like the old courthouse," said Robert E. Lilly, secretary of the board of auditors.

Building in City Over \$1 Million

Both July and August Show High Mark for Permits in Pontiac

Building statistics went over the \$1-million mark for the second straight month during August in Pontiac.

The total of \$1,367,178 in new construction was lower than \$1,789,184 recorded in July, but the number of building permits was greater.

There were 148 permits issued last month and 116 in July, according to Carl F. Alt, city building inspector.

Most of the increase was accounted for in a surge of new homes being built. There were 57 permits issued for new homes in August and 21 in July.

The value of new homes was \$381,000 last month and \$176,000 in July.

Major construction accounting for most of the month's total included a new UAW union hall for GMC Truck & Coach Local 584 priced at \$53,000, a nursing and convalescent home on Orchard Lake Avenue priced at \$330,000, and a S. S. Kresge Store at the proposed Glenwood Avenue shopping center, at \$350,000.

In comparison, more than \$1 million of the July total came from a single project, Pontiac Osteopathic Hospital expansion.

Nominate 2 to Posts in Lansing; Await OK

LANSING (UPI)—The city controller of Grosse Pointe Woods has been nominated by Mayor Willard J. Bowerman Jr. for a similar post here.

The appointments of Gerald J. Langerman, 32, as city controller, and Gerald E. Ernst, 37, Lansing, as city assessor, were taken under advisement by the council, which must approve them.

About 42 per cent of Italy's working population is engaged in farming.

Man Sells Own Coffin; Wife Hates It Around

COLUMBIA, S.C. (UPI)—An auctioneer sold for \$70 Wednesday an item which he said carried money-back guarantee.

Eleanor Having Tests

NEW YORK (UPI)—Mrs. Eleanor Roosevelt, 78-year-old former first lady, is expected to be released from a hospital within a few days following diagnostic tests in the house.

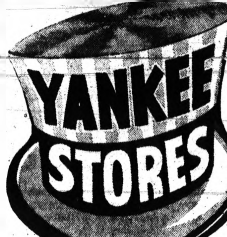

The Old Mormon Route from

Manassas, Ill., to Salt Lake City not only carried thousands of Mormon pioneers to a new homeland, but was used to some extent by the Pony Express, the Overland Stage, the first continental telegraph, and pioneer railroads.

100% nylon carpets

Regular 6.99
9', 12' widths **4⁹⁹**
sq. yd.
No Money Down

With 40-oz. Rubberized Pad
You'll love the handsome loop texture because it's slow to show dirt, soil, footprints. Choose from 3 decorator harmonizing tweeds: beige, brown black and white.

Powertuft Carpets

Regular 9.99
12', 15' widths **6⁹⁹**
sq. yd.
No Money Down

With 40-oz. Rubberized Pad
All the advantages of wool plus; outstanding spot and stain cleanability, greater color clarity, mothproof, and non-allergenic. Choose from 5 Harmony House Colors.

Acrlan Carpets

Regular 9.99
12', 15' widths **7⁹⁹**
sq. yd.
No Money Down

With 40-oz. Rubberized Pad
This long wearing, carefree carpet is made of 80% Acrlan, 20% Verel to provide excellent crush, soil resistance. Popular swirl texture lends both beauty, practicality to rooms. Save!

Nuclear Fallout Count Soars

LESLIE H. HUDSON

Candidates Give Con-Con Views

(EDITOR'S NOTE: District 3 includes all of the city of Pontiac.)

Pontiac voters next Tuesday will decide whether they want former state representative Leslie H. Hudson to represent them again in Lansing—this time as a constitutional convention delegate—or Raymond L. King, a former county Republican party worker and now an attorney.

DEMOCRAT: Leslie H. Hudson, 38, 361 Galleghy Road, owns and operates hardware store on Baldwin, state representative from Pontiac 1955-58, congressional nominee 1958, former Waterford Township clerk, former county supervisor, graduate Pontiac Central High School, attended University of Michigan.

Both Hudson and King were asked by The Pontiac Press to submit answers to the following questions:

What do you see as the greatest need in the revision of the constitution?

What are your views on the legislative apportionment issue?

If you believe there are changes necessary in either or both of the executive or judicial branches of state government, what do you feel they are the most pressing issues?

Why do you feel you are more qualified than your opponent for the position of constitutional convention delegate?

HUDSON'S ANSWERS:

1. The election Sept. 12 of men and women who are qualified and uncommitted to pressure groups, minority groups, and special interests is the most important in considering the greatest need in the revision of the present constitution.

2. Equal legislative apportionment is the most important issue at this convention. We all agree that people should receive equal representation, yet in this matter we have a situation where people are neither represented equally in the House or Senate. Supposedly the Senate of Michigan represents "area and population," and the House represents "population." This method of election, which is based on Michigan's size, is not fair. In the House with 110 members, each member should represent close to 85,000 people, yet we have 29 members who represent 40,000 people or under. What this means to Oakland County residents is that their representatives have one-half votes compared to representatives from these smaller districts.

3. I favor a four year term for the governor, administrative board, and members of the Senate. I would limit the governor to two terms, and require staggered terms in the Senate. I also favor direct election of major administrative officials as opposed to appointment. The popular election of administrative officials leads them to be more responsive to the voters. Never should we ignore the intelligence and capacity of the voters to select able and honest state officials.

4. First of all, let me say that the voters of Pontiac will decide who is best qualified for convention delegate. The best qualifications of a man for any position is the experience he has in that job. The constitution is the blueprint to follow for township, city, county, and state government. Practical experience is the best teacher and this is where I feel especially qualified to represent Pontiac at the convention. For four years I served as Waterford Township clerk. I represented the City of Pontiac as a member of the Oakland County Board of Supervisors.

5. I would limit the governor to two terms, and require staggered terms in the Senate. I also favor direct election of major administrative officials as opposed to appointment. The popular election of administrative officials leads them to be more responsive to the voters. Never should we ignore the intelligence and capacity of the voters to select able and honest state officials.

RAYMOND L. KING

Reuther Plans His Next Stop; Ford Motor Co.

Details of GM Contract Remain but UAW Chief Says Pressure Is Off

DETROIT (AP) — Walter P. Reuther will go calling on the Ford Motor Co. as soon as he settles on the details of the United Auto Workers' agreement with General Motors.

"Ford is the next door I will knock on," the UAW president said late Wednesday after recessing his talks with GM until today.

Reuther indicated he was confident of making a final settlement with GM that will set the pattern for Ford and Chrysler.

He said there is no pressure now in the GM negotiations because "there is general agreement on all important areas" of a national economic settlement on wages and extra benefits.

GM Vice President Louis G. Scott agreed the company and union were in essential agreement in the national economic area.

The GM-UAW negotiations are continuing under a strike threat. A shutdown of GM plants was averted Wednesday by extending the deadline to 10 a.m. Monday.

The union's contract deadline with Ford and Chrysler were extended to next Wednesday midnight.

Reported Terms of GM Agreement, Page 41

Nearly all of GM's 25,000 hourly workers stayed on the job. But there was a rash of wildcat strikes at seven GM plants.

Reuther predicted operations at the company's 129 plants will be normal and workers will be "paid off" about 25 feet away from them.

SMILE TO WHAT PURPOSE? — Russia's deputy foreign minister Valerian A. Zorin (left) and U.S. disarmament adviser John J. McCloy both smile as they leave the U.S. delegation headquarters at the United Nations after 2 hours and 35 minutes of talks.

They are seeking an agreement on the time, place and participants of a new disarmament conference. To this hour, there is no evidence of any headway.

But in New York, there was no indication of headway in talks between Soviet and U.S. disarmament experts on getting a million disarmament conference underway.

The experts — John J. McCloy of the United States and Valerian Zorin of the Soviet Union — have been discussing the issue since June with little sign of progress.

The United States Public Health Service stepped up its sampling of radioactive fallout across the country following the disclosure that a reading at Anchorage, Alaska, Tuesday showed fallout 10 times greater than the average series was touched off Wednesday.

The U.S. surgeon general, Dr. Luther L. Terry, said there was no immediate health danger to the U.S. population, however.

Most of America's Allies accepted the U.S. decision to resume underground and laboratory nuclear tests as a necessary consequence of the Russian explosion.

Even Japanese officials said they "understood" the reasons for the decision although they filed a formal protest as a matter of principle, just as they did when Moscow's decision was announced.

There is some thought that the Soviets may be trying out a new system of detonating their bombs. But the weight of opinion is that they are seeking a missile-killed.

By UNITED PRESS INTERNATIONAL

A rise in radioactive fallout caused by Soviet nuclear test explosions stirred the world to a higher pitch of uneasiness today.

Diplomats, scientists, citizens and even children searched means to head off a nuclear World War III.

In Moscow, Indian Prime Minister Jawaharlal Nehru met with Soviet Premier Nikita S. Khrushchev for the second straight day.

He was believed trying to arrange a meeting between Khrushchev and President Kennedy Wednesday night, at a banquet in his honor, Nehru told Khrushchev it would be "difficult" to start a world war in this age of mass destruction weapons.

Khrushchev, who still has not

WASHINGTON (AP)—The prevailing opinion within the Kennedy administration is that the Soviet nuclear tests are aimed at developing antimissile missiles, informed members of Congress said today.

Congressional leaders who have participated in White House discussions predicted that the United States will fire an underground shot within two weeks. Kennedy announced Tuesday the United States had no other choice but to resume underground tests.

A resumption within two weeks would precede the Sept. 19 opening of the United Nations, where a great outcry against resumption of testing is anticipated.

The U.S. explosion is expected to have a double-barreled objective—the testing of a small battlefield warhead and the effectiveness of new detection equipment.

President Kennedy is reported to have told Capitol Hill leaders that up to this point the United States has very little technical information on the Soviet detonations. The fourth blast in the new Soviet series was touched off Wednesday, the Atomic Energy Commission reported.

U.S. scientists have been able to register their size as relatively small and to report that at least one of the shots reached a height of about 300,000 feet in the atmosphere.

It was reported, however, that the President expects to have within five days through intelligence and scientific reports reasonably accurate information on what the Soviets are up to.

Child Dies Trapped in Submerged Car

Despite frantic efforts by two mothers to halt it, runaway auto plunged into Lake Orion yesterday, drowning one of two youngsters trapped inside.

"We nearly got the door open, but the car kept going faster, and got away," said Mrs. Lawrence Pulaski, 26, of 725 Wilmet Drive, Orion Township.

Two-year-old daughter, Laurie Ann, was rescued after the car, which had been parked on a hill facing the lake 93 feet below, sank in 10 feet of water.

Rescued was Laurie's 2-year-old companion, Sally Ann Henderson, daughter of Mr. and Mrs. George Henderson of 730 Wilmet Drive.

The mothers were busy rounding up the four other Henderson youngsters at the fishing site off of Indianwood Road when the Hendersons' station wagon began to slide.

Alone in the car, the two girls were screaming as the vehicle gained momentum in its downward race towards the lake.

The mothers — neither can swim — ran after the car and into the lake after it.

"I had hold of Sally at the window but water rushing in pulled her away from me," said Mrs. Pulaski.

The youngsters screams were stifled as the car sank from sight and kept rolling deeper into the lake.

The two women climbed on top of the sunken station wagon and screamed "The kids are in the water!" as the drowned girl's father, and two friends were returning to shore in his speedboat after water skiing.

Sondergeld, 31, and Ronald Greening, 36, of 341 Indianwood Road, dove from the boat towards the submerged car.

They were unable to free the rear door until pulled in by their friends.

Together they struggled up the car.

Robert L. Hackney, 26, of 489 Orchard Lake Ave., demanded examination on the charges before Municipal Judge Cecil McCallum yesterday.

Unable to furnish bond of \$2,000 he returned to the Oakland County Jail pending the pretrial hearing Sept. 13.

Struck while walking across the lot of the Motorcar Transport Co., 1280 Johnson Ave., with another Pontiac Motor engineer, was Mack Lightfoot, 45, of 2663 McClintock St., Bloomfield Township.

STILL CRITICAL.

He was still in critical condition today at Pontiac General Hospital.

He suffered multiple fractures of both arms and legs and possible internal injuries.

Assistant Prosecutor Robert P. Condit said witnesses to the accident stated that Hackney, an unemployed mechanic, drove his car into the lot, followed after Lightfoot, and ran him down.

He drove off, but later was arrested by Pontiac police.

Hackney said Lightfoot "jumped in front of the car" according to Condit. Hackney stated he didn't know he'd hit the man until he discovered one of his headlights broken later in the evening.

GTW Threatens End to Commuter Service

Grand Trunk Western Railroad threatens to abandon commuter train service for over 1,500 daily between Detroit and Pontiac unless allowed to increase the present fare.

A State Public Service Commission hearing on the fare increase proposal ended yesterday with a statement by James Schumann, attorney for the railroad that it was "seriously considering" eliminating the service if the hike was not allowed.

The railroad asked for a 15 per cent fare increase with permission to top up the increase to 30 per cent later without returning for further commission authorization.

1,017 Deaths in Traffic

LANSING (AP) — There have been 1,017 persons killed in traffic accidents in Michigan so far this year, provisional figures compiled by the state police showed today. The toll last year at this time was 1,068.

The U.S. surgeon general, Dr. Luther L. Terry, said there was no immediate health danger to the U.S. population, however.

Most of America's Allies accepted the U.S. decision to resume underground and laboratory nuclear tests as a necessary consequence of the Russian explosion.

Even Japanese officials said they "understood" the reasons for the decision although they filed a formal protest as a matter of principle, just as they did when Moscow's decision was announced.

Are Soviets Aiming for Antimissile?

WASHINGTON (AP)—The prevailing opinion within the Kennedy administration is that the Soviet nuclear tests are aimed at developing antimissile missiles, informed members of Congress said today.

Congressional leaders who have participated in White House discussions predicted that the United States will fire an underground shot within two weeks. Kennedy announced Tuesday the United States had no other choice but to resume underground tests.

A resumption within two weeks would precede the Sept. 19 opening of the United Nations, where a great outcry against resumption of testing is anticipated.

The U.S. explosion is expected to have a double-barreled objective—the testing of a small battlefield warhead and the effectiveness of new detection equipment.

Planners to Submit Okay on Shop Center Rezoning

A recommendation of the City Planning Commission for rezoning from residential to commercial about nine additional acres on the south side of the proposed shopping Plaza is expected to be approved by the City Commission next Monday night.

The planning commission favored a rezoning request of the shopping center's developers following a public hearing at its September meeting last night, but the recommendation will only be forwarded to commissioners only if certain written agreements are completed and signed.

Commissioners will hold their weekly meeting Monday night, due to Tuesday being an election day.

The rezoning was requested last month by Herman Rose and Irving Stollman, Detroit builders. They asked for additional land to the south of the original shopping center plot to add more retail outlets and parking area.

The area planners will recommend for rezoning lies on the south side of Grandview Street, from the rear of properties facing Padlock to Michigan Street, and includes lots bordering properties facing on the east side of Padlock, north side of McKinley and west side of Omar.

N-Fallout Count Soars, World Uneasy

(Continued From Page One)

An "emergency rally" on Sept. 16 to protest to both Moscow and Washington.

An American doctor, Earle Reynolds, who was arrested when he sailed his yacht into the U.S. Part of the protest was in 1958, called Khreshchev he planned to sail with his family into the closed Siberian port of Vladivostok to protest against the new Russian tests.

Wednesday night British authorities arrested 158 anti-nuclear demonstrators who staged a sit-down protest near the U.S. Embassy in London. More than 100 were arrested and fined in a protest near the Soviet Embassy last week.

A British schoolboy, David Hawick, 16, president of a British youth group, wrote Kennedy, Khrushchev and Prime Minister Harold Macmillan to "allow us to enjoy our young lives without the fear of radioactivity and the threat of war."

But British nuclear test ban negotiator David Ormsby-Gore told a television audience that the Soviet move was a "deliberate political act" to force the Russian will on Berlin and that the United States could not "just sit on its hands."

JOHN S. COLEMAN

RICHARD D. KUHN

Query Con-Con Foes

(EDITOR'S NOTE: Oakland County's 1st legislative district includes the townships of Waukegan, White Lake, Highland, Oakland, Independence, Northfield, Bass, Ann Arbor, Brandon, Grosse Pointe, Holly, the city of Pontiac, East Lake, West Lake, Lake Orion, Lake Orion Heights, Leonard, Oxford, Orionville and Oxford, Michigan.)

Two young Waterford Township men — one a teacher of government and the other an attorney — are battling to decide which one will represent this large district in the forthcoming constitutional convention. They are:

DEMOCRAT: John S. Coleman, 22, 100 Crescent Road, (teacher's government and economics at Waterford Township High School, township trustee since 1957, secretary of township's zoning board of appeals, unsuccessful primary candidate last year for state representative, degrees from Eastern Michigan and University of Michigan.

Both candidates were asked to submit answers to the following questions:

What do you see as the greatest need in the revision of the present constitution?
What are your views on the legislative apportionment issue?
If you believe there are changes necessary in either or both of the executive or judicial branches of state government, what do you feel are the most pressing issues?
Why do you feel you are more qualified than your opponent for the position of constitutional convention delegate?

COLEMAN'S ANSWERS:

1. The greatest need is one of clarity and simplicity. The new constitution should be modeled after the federal constitution in terms of providing a general framework of government free of much of the statutory detail contained in the present document. Legislative, executive, and judicial articles must clearly spell out the roles of each branch with provision made for adequate "checks and balances" between branches. The tax article should be "hamstringing" the legislature, nor should it ignore popular referendum should the voters take exception to legislative tax proposals. The local government article should be flexible enough to permit local communities to solve their own problems with a minimum of permissive legislation.

2. Realistic legislative apportionment is a must unless we wish to continue to make mockery of representative government. Michigan citizens have been the victims of a "silent geyrander" whereby fast growing areas are deprived of adequate representation. The State House must be apportioned strictly on a population basis. Apportionment of the State Senate in my judgment, should follow the general rule: "a majority of voters should be entitled to elect a majority of senators." However, I am not inflexible on this point. If a majority of moderate delegates can arrive at a reasonable compromise on this important matter, I will concur.

KUHN'S ANSWERS:

1. The recent cash crisis serves to demonstrate how badly the hands of the Legislature are tied when it comes to solving Michigan's problems. It seems to me that we should give our elected representatives the opportunity to do a job by providing more flexibility in the new constitution.

2. The constitutional provisions should lay down a broad foundation of government, rather than an attempt to legislate. However, this should only be done if we can assure, by other means, that all the people have an effective voice in government.

3. Revision and streamlining of the executive branch is a most important matter. Simplicity, responsibility, and accountability are paramount. This will necessitate a drastic reduction in the number of boards, agencies, and commissions of the executive branch. The governor and not more than twelve to twenty appointed administrative department heads should be given the entire responsibility, therefore he should be accountable for their programs and actions.

4. The determination of the members of the administrative board so that responsibility rests with the citizens. My experience in government as an elected member of the board of one of the largest townships in Michigan for the past five years has provided invaluable insight into governmental problems. I have to be a student of state and local government, because of my background, my university education, my experience as a small businessman, my university economics. My experience as a background, and my three Special Agent in the U.S. Army years experience working in Counter Intelligence Corps command, the United States Congress, conducting background investigation, the feel that my position on law and counterespionage work has added to my ability which will face the delegates, to exercise sound judgment. I certainly would better serve the people of this district than those of my opponent.

Child Dies Trapped in Submerged Car

(Continued From Page One)

Two limp forms and swim to shore.

Mrs. Greening, a 33-year-old registered nurse at Avon Center Hospital, applied artificial respiration to revive the unconscious 5-year-old child, while sheriff's deputies attempted mouth-to-mouth respiration on the other youngster to no avail.

PRONOUNCED DEAD

She was pronounced dead at the scene by deputy coroner Dr. Rudman Jacob after the Lake Orion Fire Department's resuscitator was used in a further effort to save her.

The father of the rescued girl was leaving a hardware shop in Lake Orion when he heard police and fire sirens and decided to follow them.

He arrived at the scene to find his neighbor's girl drowned and his revived.

The Sanderfelds' surviving children are George, 9, Mary, 6, William, 4, and David, 16 months.

The father's only other child, Mark, 4, was alone in his family's car, parked next to that of the Sanderfelds when it rolled away.

Sheriff's deputies said the runaway car did not have the parking brake on and evidently slipped out of gear. Skin divers recovered the sunken car.

Fond of the water, the Sanderfelds, Palukayes and Greenings spent many leisure hours together at the lake.

"We'd had a wonderful summer, what a terrible way to go," said Mrs. Greening.

Sally Ann's body will be at the Flumerfelt Funeral Home, Lake Orion, after 7 p.m. today.

Coleman Urges 'More Realistic' Reapportionment

In yesterday's news story concerning constitutional revision and the views of District 1 candidate John S. Coleman, it was stated in error that Coleman favored "a legislature based solely on population."

Coleman said he favors a realistic reapportionment of the legislature which would make it more representative and responsive. The Press regrets the error.

Physicist Linus Pauling Asks K to Halt Tests

STOWE, Vt. (AP)—Dr. Linus Pauling, California Institute of Technology physicist, says he has Church, Burial will be in Holy Sacred Soviet Premier Khrushchev cemetery, Southfield, Mich. A radioactive engineer, Mr. Soviet Union's new series of DeLett died yesterday at William Beaumont Hospital, Royal Oak, after a short illness.

The Honorary will be received at the seventh annual conference on science and world affairs here, of the William R. Hamilton Co. The conferees include Soviet sci-

The Day in Birmingham

Bloomfield Twp. Voters Must Decide Two Issues

BIRMINGHAM — Voters in Bloomfield Township will be asked to decide two local issues in addition to selecting constitutional convention delegates in Tuesday's election.

Taxes would be increased by one-quarter of a mill if the proposal, a request to establish a dog wardens' department, is approved.

The 18-year tax, based on equalized property valuations, would provide funds for salaries and equipment needed if the department is set up.

The Township Board placed the proposal in the election as the result of some 40 to 60 complaints a month about dogs.

Township Treasurer Homer Case said the tax money, expected to total some \$30,000 per year, would be needed to purchase a truck, construct a dog pound and hire two men to operate the facilities.

"It is possible that the operation could be self-sustaining through increased purchases of dog licenses after initial expenses are paid," Case said.

The treasurer said the tax would not have to be levied if the department becomes self-supporting. The one-quarter mill levy is expected to increase taxes by some 48 cents per \$1,000 of assessed valuation.

The other local proposal on the ballot is a request to purchase 10 acres of land directly behind and south of the Township Hall at 5200 Telegraph Road.

The land would be used as a site for location of a Department of Public Works Building or for headquarters of the water and sewer departments.

The land is expected to cost approximately \$4,000 per acre, which would be paid out of the township's general fund.

The proposal concerning the purchase of land is listed as Proposition No. 1 while the dog wardens' issue is included as Proposition No. 2.

A revised schedule of Sunday services at Embassy Methodist Church was announced today by Rev. Samuel F. Stout.

The morning worship and church school for children through the sixth grade will be held at 9 a.m. and again at 11:15 a.m. Sundays. The church school for youth and adults is slated for 10:15 a.m.

Carl L. DeLett, 57, of 1220 Westmore Road, Bloomfield Township, will be at 9 a.m. Saturday at St. Hugo of the Hills Catholic Church, Southfield, for the burial of his son, William R. DeLett, 27, who died yesterday at William Beaumont Hospital, Royal Oak, after a short illness.

The Honorary will be received at the seventh annual conference on science and world affairs here, of the William R. Hamilton Co. The conferees include Soviet sci-

MSUO Offers Class in Lunch Management

MSUO will offer a course in School Lunch Management for the second year.

The first of four terms will begin 7 p.m. Sept. 21 in Room 136, North Foundation Hall. Each term runs 10 weeks. Tuition is \$27 a term and the course is open to the public.

Thirty-eight students graduated from the first experimental course last spring.

Mrs. Frank E. Reschke, E. (Ameyla S.) Reschke, 44, of 516 Wing Lake Road, Bloomfield Township, was to be at 11 a.m. today at Church of Christ Cranbrook with burial in Oxford Cemetery, Oxford.

Mrs. Reschke died Sunday at Henry Ford Hospital, Detroit, after a brief illness.

Surviving besides her husband are a son, David M., at home; a daughter, Mrs. Salvatore Parise, of Detroit; her mother, Mrs. Lella Wildt of Ferndale; two brothers, George C. Drake of Huntington Woods and Jack E. Drake of Beverly Hills; and one granddaughter.

They Expect Trouble at Any Time

Pilots Study Ways to Hang On to Berlin Air Lifeline

BERLIN (UPI)—American civilian pilots today carefully studied ways to maintain the air lifeline to West Berlin in the event the Communists try to interfere with their flights.

Pan American pilot William J. Taylor, 43, of Wisconsin Rapids, Wis., furnished his know as he considered the problem.

"It's a milk run now, but the Communists could jam everything if they wanted to," he said.

Jack Bennett also is a veteran pilot through the German air corridors. He says he'll fly the route until it gets too tough.

Taylor is a veteran of 19 years as a pilot. He has been flying an average of six daily round trips between West Germany and West Berlin over 110 miles of Communist territory for the last 18 months.

Now the Communists are making statements indicating they may try to interfere with this nonmilitary traffic—perhaps by withdrawing from the four-power air traffic safety center here or even sending a fighter plane up to force an airliner to land in East Germany.

REDS COULD JAM IT

Taylor said it would be fairly simple for the Communists to harass the big DC8s flying through the three 20-mile-wide air corridors.

"I believe that with six properly equipped trucks—three at this end and three at the other end of the corridors—the Communists could jam every one of our navigational aids," he said.

Already, Taylor said, the planter beacon which Western pilots ride into Berlin is "a little less reliable." In this case, he said, a Soviet-operated locator beacon at Zerbst is the troublemaker.

"Maybe it's just because the frequencies are overcrowded, because they are," Taylor mused. "But our planter beacon waves around now and we don't have an accurate track."

If the United States has any jam-proof navigational aids, Taylor said, no one has told him.

Taylor said he is chairman of a committee of pilots assigned to look into ways to beat this jamming but had been unable to accomplish much as a civilian because Western officials have insisted such matters are classified. Nevertheless, the civilian pilots have come up with a couple of alternatives—one by using air-borne weather radar.

BLIPS APPEAR

"Two blips that are typical of Berlin always appear just about the time you cross the East-West German border," Taylor said. "On a clear night it's even easier because you can see the city's lights."

He said the pilots also have considered using East German beams to find their way in and out of Berlin but that Western officials are reluctant to make data on these beams available.

In the month of August alone they carried 200,000 passengers.

"I imagine the Federal Aviation Agency would frown on these methods, but we've got to think about them," Taylor said.

Taylor and other civilian British and French planes. No other commercial or military flights in and out of West Berlin every month in American routes.

These planes were the only way a refugee from East Germany could get into West Germany once he reached West Berlin.

Sentence 2 Soldiers to 99 Years in Slaying

CLARKSVILLE, Tenn. (UPI)—Two Ft. Campbell, Ky., soldiers were sentenced Wednesday night to 99 years in prison for the robbery-murder of a Clarksville merchant.

Sgt. V. L. Graves and Pfc. Theodore Wilson were found guilty of

Graves and Wilson, both 24, were convicted in the death of James R. Lee, a grocer, last May 1.

There is an Overcup Oak tree in the Ouachita river bottom of Arkansas more than 16 feet in circumference and nearly 100 feet tall—the largest of its type in the United States.

CAPAC Co.—Representatives of the Capac Manufacturing Co. and the International Rubber Workers Union reached agreement Wednesday on a new one-year contract, ending a 17-day-old strike at the firm.

A pound of steel can be made into 3,000 fish hooks.

Future of Silver Cup Race in Detroit at Lake

Sunday's Event on Detroit River Is 16th Annual

Financial Losses May Move Hydro Classic to Another Site in '62

The 16th annual Silver Cup regatta will be held Sunday on the Detroit River, but the holding of the 17th race in 1962 may be in trouble.

Race sponsors, the Detroit Yacht Club, and the Detroit International Regatta Association, headed by Jack Conley report that heavy financial losses may lure the regatta away from Detroit.

The association reported a loss of \$2,000 in the Detroit Memorial Race and expects to lose \$4,000 for the Silver Cup.

Several other cities are reported offering money of \$10,000 to \$20,000 for the 1962 race.

The race is run on a three-mile course at a distance of 45 miles in three heats of 15 miles each.

A lineup of 12 boats are expected for Sunday's running, headed by Miss Supertest II, Miss Detroit, Gale V and Miss Bardahl.

In qualifying, each craft must have run at least 50 mph for one lap on a surveyed course during 1961.

In event that more than 12 boats start the race, only the fastest 12 will be allowed to enter the second.

The 6 boats with the highest point totals by APB scoring after two elimination heats will be qualified for the final heat.

The Silver Cup race record is held by Hawaii Kai III with Jack Regas driving at 113.648 mph in 1957. Regas also holds the average speed mark at 105.168.

Bleachers seats overlooking the pits are being sold at \$1.00 at the Detroit River Raceway.

Boats will be lined up at the foot of Burrs street, and other seats next to the judges stand at the foot of Parkview are being sold for \$2.00. There are several boxes in the Gay Wood Judges stand which can be reserved. Tickets can be reserved by calling WO 1-2780.

SILVER CUP REGATTA PROGRAM
9:45—River close
10:00—Boats: trial runs and qualifications, until 11:30 a.m.
11:30—Final race

1:15—Parachute Jumping, Demonstration
1:30—SILVER CUP RACE, HEAT 3-5
1:45—SILVER CUP RACE, HEAT 4-6
2:00—Continued in Roundabout House, Final Heat
2:15—Parachute Jumping, Demonstration
2:30—SILVER CUP RACE, Final Heat
2:45—Parachute Jumping, Demonstration
3:00—SILVER CUP RACE, Final Heat

Sub Quarterback Does Well at 'M'

ANN ARBOR (AP)—With No. 1 quarterback Dave Glines temporarily sidelined because of a bruised shoulder, the University of Michigan football squad has continued to get fine performances from quarterback Bob Chandler.

Chandler's passing and right half back Dave Raimy's running were the highlights of an offensive drill in the rain yesterday.

Earlier Coach Bump Elliott said his first string through a defensive scrimmage against the offenses of the fourth and fifth teams.

Sophomore signal caller Frosty Evansky left the drills with a bruised ankle. In addition, Wallace Herral and Ron Lauterbach, No. 2 left guard, still were out with bruised knees.

All of Michigan's injured players, however, are expected back into action shortly.

The Evinrude Boating Foundation urges any would-be divers to be taken from the first list of self-contained underwater breathing apparatus, a comparatively new, but fast growing water sport.

The demands of a skin diver are few. About all he needs is that he keep your distance when you see his flag. Divers should stay at least 50 feet away from the flag which is a white diagonal stripe on a red field.

While not sufficient to learn scuba diving, a red flag and qualified supervisor are essential.

The diver will try to come up near the flag but may at times be forced to surface elsewhere. It is a good idea to have enough room to properly enjoy their particular activity. If you're not familiar with various water sports and activities, try to learn more about them.

If you can appreciate the problems of fishermen, water skiers, skin divers and others, you will be able to be more considerate.

The old saying that "courtesy is contagious" still holds true. Courtesy with others and you'll find they'll be happy to cooperate with you.

Cooperate with skin divers as well as all boaters, by respecting their rights and giving them enough room to properly enjoy their particular activity. If you're not familiar with various water sports and activities, try to learn more about them.

If you can appreciate the problems of fishermen, water skiers, skin divers and others, you will be able to be more considerate.

The old saying that "courtesy is contagious" still holds true. Courtesy with others and you'll find they'll be happy to cooperate with you.

WATER PHOTOS—Taking pictures of boats in fun and it provides a constant reminder of happy days spent on the water. Items of interest add spice to the pictures, such as this sailboat in the background, with the skipper relaxing at complete peace with the world.

SAFETY MAKES A HAPPY SHIP

Naval Center Site of Boating Classes

An eight week course in boat safety and small boat handling will be conducted at the U.S. Navy Training Center on south East Blvd., in Pontiac, starting with registration at 6:30 p.m. next Tuesday for eight weeks.

The 9th week will be devoted to review and for final exams.

Those passing the exams will receive certificates from the Coast Guard and also from the Michigan State Waterways Commission.

The Pontiac site has been added to the long list of scheduled areas where safe boating courses are being held this fall.

The U.S. Coast Guard Auxiliary is presenting the course and the general public is invited to participate. Anyone who has anything to do with boats or water safety is urged to attend the classes.

The instructors are experienced men who have cruised the Great Lakes in sail, power and other boating manners.

Such things as boat handling, rules of the road, equipment, charts and compass, aids to navigation and many other subjects will be discussed and explained.

The commander of the local unit is Vance Powers at FE 41278.

Research conducted by Norm Algonquin, editor of the Algonquin Alumni, turned up nine games previously unaccounted for in Michigan's record book. All but one were played back in the early years of Michigan football in the 18th century.

Of the nine rediscovered games, six were Michigan victories, one was a loss and two were ties. Another game with Racine College in 1879, the first year Michigan fielded a team, was deleted from the record book when Mangoni found a check of historical sources showed no such game had been played.

Included in the new list of victories was one on April 21, 1880, over Notre Dame, 10-4. The others were 42-40-82. It was Mrs. Rodgers' first win in the 18th-century events since early May.

Mrs. W. D. (Edith) Wright finished 3rd with 40-44-84. Mrs. C. J. (Hobbs) Miller, current city champion, tied for 5th place at 46-41-81.

Mrs. Rodgers posted 11 para and a birdie for a four-stroke victory margin over Mrs. Joseph Kost, who carded 42-40-82. It was Mrs. Rodgers' first win in the 18th-century events since early May.

Mrs. W. D. (Edith) Wright finished 3rd with 40-44-84. Mrs. C. J. (Hobbs) Miller, current city champion, tied for 5th place at 46-41-81.

Four Boat Exhibits Still on Calendar

Four trade shows and four public exhibitions remain on the 1961 motor boat calendar, according to the National Association of Engine and Boat Manufacturers. Two trade shows are scheduled in September, the International Marine Industry Show at Fort Worth, Tex., on the 14th to 17th, and the Outboard Boat Show at the 22nd through the 25th. The Fourth Annual North-west Boat and Marine Trade Show, sponsored by the Central Marine Association, is slated at Minneapolis for October 11-15, and the Southeastern Boating Trade Show will open at Jacksonville, Fla., November 17 and run through the 19th.

Exhibitions open to the public are the Mid-South Boat Show at Memphis, Tenn., September 22-30, Pacific Coast Boat Show, Long Beach, Calif., October 18-20; Boat Show of the Americas, Miami Beach, Fla., November 24-30, and the annual Northwest Boating Exposition, Seattle, Wash., November 24-December 3.

SNAP IT UP HUSKIES—Coach Ed Heikinnen takes charge of getting the Pontiac Northern Huskies in shape during current drills. PNH, like all other area high schools, is in its second week of practice. The season for most prep teams of the area starts next Friday night, Sept. 15. Northern opens at Lake Orion to start the campaign.

Prep Coaches Await Scrimmages

Prep coaches throughout the Oakland County area are looking forward to this weekend's most of the schools meet other teams in scrimmage sessions.

These drills annually climax the 2nd week of pre-season workouts. Some of the seasons will be held tomorrow and others Saturday.

They give the coaches a good idea of how their charges are progressing, especially newcomers. Squad scrimmages are of limited value.

Correcting the mistakes made during the pre-season workouts, such as various things like kicking, punting and extra point plays will follow before most of the openers come up Sept. 15, 16 and 17.

Several teams were rattled by graduation. Many will field soft 7th units but will be short on depth.

No serious injuries have been reported thus far but two key players have been sidelined by ailments. Watford Lake back Gary Alderson will miss the opening game due to a sprained knee.

Little Edmund Christian lost three boys expected back because they changed schools. St. Fred and Our Lady of the Lakes also have boys they were counting on moving to other schools.

Swift Pontiac Central back Roy Carter had three illnesses and St. Michael running back Jerry Martin was injured in practice but both should be raring to go again in the weekend contests.

Conditioning, fundamentals and offense and defense assignments have featured early practice.

Pontiac Central has looked good and could cause some stir in the Northern Valley. If coach Paul Diller can come up with a fullback, PNH is depending on some big sophomore linemen to help an experienced backfield.

Getting the boys in shape has been a big problem for new Watford leader Stu Thurell. The team, however, is short on quantity but may have some quality led by ex-Skipper Dick Shipman.

St. Michael has been coming along well and figures to bounce back.

Cards Sign Collegian

ST. LOUIS (AP)—The St. Louis Cardinals announced Wednesday night the signing of Franco Gonzalez, an outfielder who recently was released by the St. Louis Cardinals.

Gonzalez, 28, was released by the Cardinals after a season in the minors. He was signed to a one-year contract for \$100,000.

Gonzalez played for the Cardinals in 1959 and 1960. He was released after the 1960 season.

Gonzalez played for the Cardinals in 1959 and 1960. He was released after the 1960 season.

Gonzalez played for the Cardinals in 1959 and 1960. He was released after the 1960 season.

Boat Courtesy Includes Recognition of Divers

A red and white flag boating is not a sport to be near an empty boat has become a familiar scene on the waterways. It is a familiar scene on the waterways, without proper preparation. Be it calls for an extra bit of caution of its increasing popularity on the part of boaters for it is in the water that a skin diver is operating by various organizations throughout the country.

The Evinrude Boating Foundation, the first list of self-contained underwater breathing apparatus, a comparatively new, but fast growing water sport.

The demands of a skin diver are few. About all he needs is that he keep your distance when you see his flag. Divers should stay at least 50 feet away from the flag which is a white diagonal stripe on a red field.

While not sufficient to learn scuba diving, a red flag and qualified supervisor are essential.

The diver will try to come up near the flag but may at times be forced to surface elsewhere. It is a good idea to have enough room to properly enjoy their particular activity. If you're not familiar with various water sports and activities, try to learn more about them.

If you can appreciate the problems of fishermen, water skiers, skin divers and others, you will be able to be more considerate.

The old saying that "courtesy is contagious" still holds true. Courtesy with others and you'll find they'll be happy to cooperate with you.

Report They Will Get Broad Improvements

'GM Workers Giving Up 3 Cents Hourly'

DETROIT — Under the new United Auto Workers-General Motors economic agreement GM's 325,000 production employees reportedly will give up three cents hourly that otherwise would go into the paycheck.

One of the three cents would be given up permanently, the other two cents for only a year.

That was the report Wednesday from a source who is a member of one of the teams now conducting new contract negotiations at GM, Ford and Chrysler. He declined to be identified by name or connection.

For the bypassed three cents hourly GM's workers would get

broad-scale improvement in pensions and company payment of their half of the cost of hospital-medical insurance.

The UAW was reported by the bargaining-table source to have agreed to bypass a one-cent hourly cost-of-living increase to which workers would be entitled this

month under existing contracts. That penny to go toward increasing pensions.

PAY HOSPITALIZATION

The union also reportedly agreed to give up for one year two cents of a seven-cent hourly annual improvement factor that automatically increases wages each year. These two cents would go to pay the employees' half of hospital-medical insurance, now borne 50-50 by themselves and the company.

GM already was committed to a \$2.80-\$2.90 pension rate. The cost-of-living penny due under old contracts to go into paychecks this month will go to finance an increase to \$2.80 monthly.

At American Motors it was agreed that the half-cost now paid by workers for 120-day hospital-medical insurance coverage would be taken from the profit-sharing fund. The company pays 15 percent to the fund after first deducting for stockholders profits equal to 10 percent of the company's net worth.

AFTER FIRST YEAR

Under the reported GM-UAW agreement, the two cents from the so-called annual improvement factor would go to finance the worker's half of the cost of 120-day hospital-medical insurance. After the first year the company would pay the full shot.

GM, Ford and Chrysler' proposed in their Aug. 22 offer to increase hospital-medical coverage to 365 days with the companies and the workers splitting the added cost.

Thus GM was committed to financial sweating of this factor area. With the trust left at 120 days of hospitalization a year, and the two cents coming from

the annual improvement factor, GM ends up with approximately same cost had the UAW taken it up on 50-50 payment for 365-day coverage.

The UAW-AMC agreement provides that if the profit-sharing fund does not meet all new and added fringes on top of those the company now pays, workers will supplement it from a portion of the annual improvement factor that otherwise would go into paychecks.

At AMC workers agree, in effect, to subsidize their own benefits if profits and their AMC stock bonus do not meet the bill.

The UAW demanded profit-sharing at GM, along with the AMC fringes, last week. UAW President Walter P. Reuther withdrew the demand 24 hours later after a flat turnout from GM.

Reuther, however, renewed his demand that GM meet AMC benefits all along the line, but offered to provide "an escape valve" similar to which under which AMC workers would subsidize their own benefits if the profit-sharing fund ran short.

The reported three-cent bypass apparently was agreed upon as an escape valve, permitting GM to keep its Aug. 22 offer in effect and still meet the AMC benefit range.

East Berliners Find Nerve —Just a Few—to Go West

By HARRY FERGUSON
BERLIN (UPI) — An average of about 30 persons a day still have the nerve and resource to escape from East Berlin.

They do it by jumping out of windows in houses on the border, swimming rivers or lakes or scrambling over the concrete block wall at night.

This is a trickle compared to the torrent that fled into West Berlin before the wall went up, and it has brought changes at the big West Berlin refugee camp at Marienfelde.

More than 1,000 East Germans a day used to be processed there for entry into West Germany.

Marienfelde is the only one of six such camps still in operation. It is handling about 100 persons a day, but most of them escaped before the Communists sealed off East Berlin on Aug. 13.

They had friends or relatives in West Berlin and could stay with them temporarily until the crush was over at Marienfelde.

Now:

There formerly were 12 commissions which checked on the refugees. Now there are only two.

The commissions, made up of three West Germans, still have three categories in which the East Germans are placed: (1) political, (2) economic, (3) criminal.

"I went home, told my wife about it and we went to spend the night with our daughter in East Berlin."

"Next day my son came over, refugees, or persons who would have been in real danger had they remained in East Germany. They get all-day assistance from the West German government; 23 persons not in actual danger in East Germany but who came over to the West out of dissatisfaction with communism. The government helps them get a job and find living quarters; (3) criminals, juvenile delinquents and former Communist officials. They are not turned back because that violates West German law, but they are given no assistance and in some cases a close police check is kept on them.

A typical political refugee, who wants his name withheld, told this story:

"I was working as a locksmith in a state-run factory 60 miles east of Berlin. My 27-year-old son lived in West Berlin. My 26-year-old daughter lived in East Berlin. On Aug. 15 we had a meeting at

the factory and a Communist official explained why the border had been closed two days before.

"He asked the audience whether anybody had any questions to ask. Nobody did. The official urged us to ask questions and to tell why we thought the closing of the border was a good thing."

"I stood up and said I thought it was not good when I could not visit my son in West Berlin any more."

"I said two German governments could hardly work well and why not have an all-German government chosen by free elections and then sign a peace treaty. A lot of young workers clapped their hands and shouted he's right. They made so much noise you could not hear your own words any more."

"A Communist ordered them to shut up, be sensible and listen to something he had to say. But the

Lansing Approves Vote on Issue Aiding Firemen

LANSING (UP) — The Lansing City Council has approved a ballot position at the Sept. 12 special city election for a proposal calling for a shorter work week for firemen.

The firemen are asking for reduction of the present two platoon system and a work week of 36 hours instead of the present 62 hours.

CHOSKEN — Charles W. Oble, vice president of the Rockefeller Foundation, was chosen by President Kennedy to be ambassador to Chile.

A better lawn this fall — guaranteed!

You read it right. Scott's actually guarantees you a better lawn this fall (or money back) when you follow this simple three-step program now.

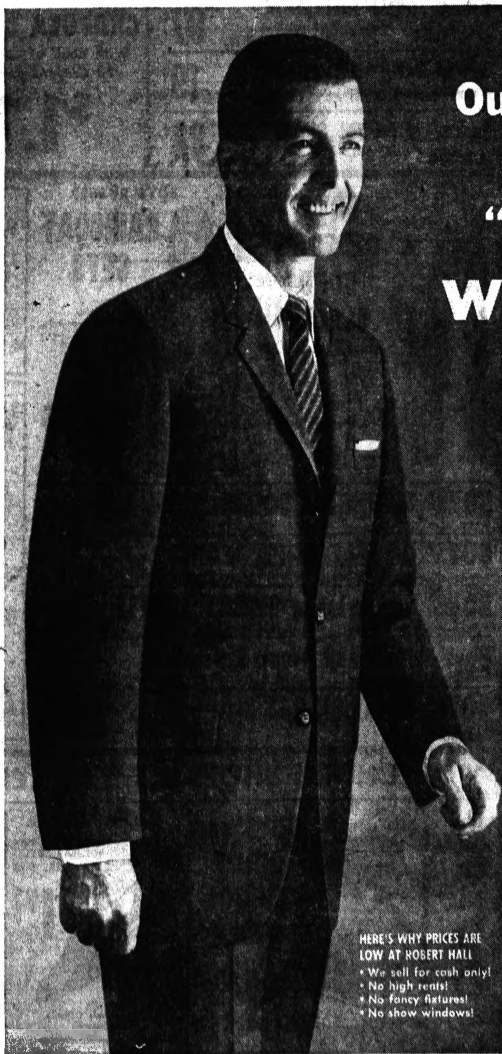

1) Stop crabgrass with fast-acting SCOTT'S 2) Sow weed-free Scott's seed to put new life in your lawn. 3) Supply the vital nutrition new grass needs to thrive — with steady-feeding Scott's granules.

Ask us for the simple details of this proven program, take home the Scott's products you need to complete it — and watch your lawn bounce back to beauty.

SUMMER PROMENADE—The new appearance of Prospect Park, centuries-old tourist mecca at the brink of Niagara Falls, stands out sharply in a recent air view as the summer visitors' season nears its close. The American Falls extends out toward Goat Island at the top. The new Niagara Parkway sweeps across the lower part of the picture. In relief against the white water of the lower Niagara River (right) is the State Parks Commission new observation tower and the promenade connecting it to the top of the gorge.

Eva Marie Saint Starts Revolt, Likes Hollywood

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD — Eva Marie Saint is staging her own little revolution against the dire threat of runaway production.

"The blonde Oscar winner is making 'All Fall Down' at MGM, her first picture in more than a year.

"The reason is not lack of offers. 'I was just determined to stay in Hollywood,' she says. 'This is the greatest place in the world to make pictures.'

"In 1960, Miss Saint, her husband, director Jeff Hayden, and their two small children, broke up housekeeping and lived in a hotel in Israel for many months during the filming of 'Exodus.'

"But the next time I want to go on a vacation, working in a movie is a good way to see the world, she says.

"She believes that actors themselves will halt the runaway production.

"California is the only place to live—and there's always sunshine."

"They only paid the Israeli ex-tras 50 cents a day." (They get around \$20 minimum here.)

"Since 'Exodus,' Eva was offered the 'El Cid' role in Spain later taken by Sophia Loren, a picture in England and one in Rome.

"I turned them all down," she says. "It's crazy. Jeff is established directing television here. I'm a school teacher. I'm in school now. I love Hollywood. It's where I want to work."

Eva says she enjoyed seeing Israel.

"But the next time I want to go on a vacation, working in a movie is a good way to see the world, she says.

"She believes that actors themselves will halt the runaway production.

Titan Sails 6,100 Miles, Flips Capsule

CAPE CANAVERAL, Florida (AP)—An intercontinental rocket, launched by space radiation up to an altitude of 500 miles.

The results could help determine the amount of radiation shielding needed on manned space vehicles.

Two JCS-4 aircraft of the 655th Operations Squadron, Air Force Missile Test Center, spotted the capsule floating in the water minutes after it landed and directed the ocean range vessel Sword to the scene.

Actress Hopes to Break Contract for Suspension

Actress Barbara Steele, suspended by 20th Century-Fox for refusing to make a movie with Elvis Presley, now wants to get her contract with him.

Meg Myles was asked to play one of the strippers in the "Gypsy" film. The censors OK'd "The Hustler," including a scene with Piper Laurie yelling a curse word at Paul Newman.

Lucille Ball's beau, Gary Morton, is up for a TV commercial. Bob Hope's brother Jim tilted the family biography "Mother Had Hopes."

Hal March is using some of his loot from "Come Blow Your Horn" to add a pool to his Seaside home. Anna Maria Alberghetti, between acts of "Carnival," bought 40 acres near San Diego. Party scenes for "Advice and Consent" will be filmed at the plush Mrs. Jos. P. Davis home in Washington.

Ingrid Bergman's husband, Lars Schmidt, will produce "A Far Country" throughout Scandinavia. Jan Crockett, who claims to be kin to Davy Crockett, appeals the weather for ABC-TV in N.Y.

Vincent Price learned where his "Pit and the Pendulum" horror film is being shown on Broadway and exclaimed: "At last! I've always wanted to play the Palace!"

Carole Lawrence'll make an album for Fred Astaire's new record company.

Frank Sinatra tried vainly to buy screen rights to the best seller "Mr. Moore."

The photo on Spencer Tracy's desk in the "Judgment at Nuremberg" film shows Judy Garland at 17.

One of the TV shows turned down a \$15 expense account item—two taxis from a frugal actor. Explanation: "We know you travel by bus and subway—never taxis."

KARLE'S PEARLS: Our idea of a supercleaner says Sig Sigewicz of Chicago, is a fellow who can sell American transistor radios in Tokyo.

TODAY'S BEST LAUGH: The finest after-dinner speech you'll ever hear is: "Waiter, I'll take both checks."

WISH I'D SAID THAT: This is the time of year when the three sweetest words to a parent are: "Back to school."

Alan King'll kiss his wife on his CBS-TV's Sept. 18. "She doesn't carry a charge plate in her purse — she has it tattooed on her hand. Before the stores run a sale they call it find out if she's available." That's early, brother.

(Copyright, 1961)

'Steel Hour' Play 30 Minutes Too Long

By FRED DANZIG

NEW YORK (UPI) — "Delayed Honeymoon" is what they finally called Wednesday night's "Steel Hour," after first listing the comedy under a longer title, "All Brides Are Beautiful."

The play, not the title, should have been clipped. By about 30 minutes, I'd say.

Peter Taylor's short story, stretched to the snapping point by adapter Bob Van Scoyk, starred Larry Blyden and Eleanor Donahue as Miles and Fran Miller, newlyweds assigned by the script to start off their wedding night with a minor flit, work it into a major battle, decide on an annulment proceedings and then kiss and make up a few minutes before the 11 o'clock news came along.

A half-hour was all the story really needed. The padding became too labored, too predictable.

So that you will see how ingeniously Van Scoyk veiled this thin, familiar matrimonial monograph with gossamer-like complications, let me set forth some of the events that occurred after the "I do's" were said.

EMBARASSMENT

First, a storm washed out a road and forced Fran and Miles to spend the night in the home town hotel. The story, incidentally, was set in 1961 and it reminded me that it has been a long time since a contemporary story made the use of a washed-out road. Any-strip was removed.

After moving into the bridal suite, more embarrassment. Fran got herself locked in the bathroom. Since she would rather die than need for the manager, her old flame, the newlyweds argued.

More embarrassment as Miles took time out to be consoled in the lobby by a party girl who happened to be stranded, too.

But finally, the locksmith arrived and caused the jammed door to open by performing a ritual similar to the old Wally Cox door-opening system in the "Mr. Peepers" series. The door opened. The bride and the happy ending emerged.

Pinned Into Trimpe

MIAMI, Fla. (AP) — Margaret Havens, 31, ran from her house to the auto at the curb Wednesday, after its occupants sounded the horn and she recognized them as relatives.

Jumping into the vehicle, Mrs. Havens' forearm was pinned by a sharp trim piece.

Police, unable to free her, broke off the trim and took Mrs. Havens to the hospital where the use of a washed-out road. Any-strip was removed.
