1960 Pontiac Bonneville Convertible and Ventura Sport Coupe

## State Solons Fix BAT Goof, Then Adjourn

### Also Approve $6 Million Capital Outlay Plan; Reject Vet Fund Use

LANSING (AP)—State lawmakers scattered for a month today after mending a five million dollar tax bill boner and approving an anemic $6,012,000 capital outlay program devoid of new construction money.

Before knocking off yesterday, they did these other things on the 143rd working day of 1959:

1. Once again refused to use the veterans trust fund to ease the state's cash shortage. Majority Senate Republicans again said "no" in caucus to Gov. Williams' oft-repeated plea.

**2. Formally killed a bill that would have doubled interest rates on small loans in the $300 to $500 range.**

3. Postponed any action on the governor's request for fixing a flaw in the Employment Security Act that Williams said, if unattended to, might cost employers 36 million dollars in federal payroll taxes.

4. Left untouched the House-approved bill for a $2,500-a-year legislator's pay raise.

The Senate, by a 29-to-2 vote, completed repairs to the business activities tax (BAT) increase voted Aug. 29 and needed to wipe out an unintended windfall to profitable business firms.

The capital outlay measure was approved after $12,297,000 in new construction items was torn out at the demand of GOP senators.

At the same time, the lawmakers maneuvered into position to restore the deleted items to the 1959-60 program later on.

They were prepared to do this if the State Supreme Court upholds the 120-million-dollar use (sales) tax increase now before the court. A decision is due before the Legislature meets again Oct. 21.

## News Flash

**WASHINGTON (AP) — President James R. Hoffa has asked all officials of the Teamsters Union to turn in sworn statements that they are not in violation of the new labor law ban against ex-convicts holding union office. He set a Sept. 29 deadline, the same as the government has given him.**

## Large Fords Year Ahead, Press Told

DETROIT (AP)—Ford Motor Co. said today its 1960 line of standard-sized cars originally was intended for introduction in some future year.

James O. Wright, Ford Division general manager, told a national press preview audience that the decision to advance the model involved a gamble of millions of dollars.

**He did not say what year's models were moved up but it was learned that the 1960 line had been projected for 1961.**

Wright said addition of the compact Falcon to the Ford line will give Ford dealers products covering 90 per cent of the auto industry's price range. These will be the Falcons, Fords and Thunderbirds.

Styling on the standard Fords has been changed considerably with rounded lines rather than the square silhouette of recent years. The dogleg which juts into the front door area has been removed on the standard Ford as well as on the Falcon.

The wide price range marked from individual dealerships means lower fixed overhead per unit, Wright said.

### 'Satisfactory' After Surgery

## Believe Steel President Stabbed Self

HYANNIS, Mass. (AP)—Walter F. Munford, 59, president of the strike-bound U. S. Steel Co., apparently wounded himself with a knife while in a state of fatigue and nervous exhaustion, a hospital administrator reported today.

★ ★ ★

Gerald A. Ouellette, administrator of the Cape Cod Hospital, to which Munford was brought in made the announcement.

**Munford was admitted with an unexplained knife-wound in the abdomen.**

Today, the hospital reported Munford had a good night and described his condition as "satisfactory."

**UNDER DOCTOR'S CARE**

Ouellette's statement said Munford has been "under the care of his personal physician for the past few weeks suffering from fatigue and nervous exhaustion." Dr. Robert B. O'Connor and Harvey N. Jordan, executive vice president of U. S. Steel, visited Mr. and Mrs. Munford as overnight guests, the statement said.

**While getting ready to go with Mrs. Munford to Boston to arrange for further treatment he "apparently wounded himself with a knife.**

"He was immediately taken to the Cape Cod Hospital where the wound was repaired.

WALTER F. MUNFORD

The district attorney began an investigation.

It was learned that the injury to the steel executive remained undisclosed until nine hours after Munford's admission to the hospital.

★ ★ ★

Dist. Atty. Edmund Dinis said his aides hope to question the 59-year-old executive some time today.

**IMPOUND KNIFE**

Dinis refused to answer newsmen's questions about Munford's injury other than it was inflicted with a kitchen knife.

Authorities impounded a five-inch knife they found in the lavish Munford summer home in Chatham.

## Mailers Strike Halts Detroit Newspapers

DETROIT (AP) — Detroit Mailers Union No. 40 struck Detroit's three daily newspapers today in a jurisdictional dispute with the International Mailers Union.

★ ★ ★

The strikers are affiliated with the International Typographical Union and claim to represent a majority of the mailing room employes at the three newspapers.

**A newspaper spokesman said, however, the IMU was certified by the National Labor Relations Board two years ago to represent mailing room employes.**

The Free Press published all its editions last night and early today.

★ ★ ★

The News said it did not plan to publish its first edition today. The Times said it did not know whether it would publish or not.

## Cooler Friday With High of 75; (Some Rain?)

Mostly cloudy with a chance of scattered showers is the forecast for the Pontiac area today, tonight and Friday. Tonight will be cooler with the low dropping to near 58.

The weatherman said cooler weather will continue tomorrow, the high reaching around 70-75 and the low tomorrow night about 52-56.

★ ★ ★

This afternoon's northwesterly winds were at seven miles an hour. From 10:15 a.m. yesterday until the same time today .14 of an inch of rain fell in the area.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 60 degrees. The recording at 2 p.m. was 65.

## Have Steel for October, Says GM

DETROIT (UPI) — General Motors said today it could produce at least 475,000 new model automobiles and trucks, and continue operations through the last days of October before the steel strike forces a shutdown of its assembly lines.

However, the pinch of steel shortages already is affecting the pipeline of component parts.

★ ★ ★

John F. Gordon, president of General Motors, announced today that "supplies of steel on hand will permit continued production of passenger cars and trucks through the latter part of October."

★ ★ ★

The statement added:

**"By then we will have produced and shipped to our dealers, a total of 475,000 new 1960 model cars and trucks. Our non-automotive operations have sufficient steel to produce some time beyond the latter part of October. However, layoffs in some of our plants producing automotive components, parts and accessories already have begun. These plants normally produce material four to six weeks ahead of final assembly."**

Non-automotive operations which Gordon said could continue beyond October include Frigidaires and other electrical goods.

## U.S. Moon Rocket Prospect Blows Up

CAPE CANAVERAL, Fla. (UPI) — An Atlas-Able rocket being prepared for a shot at the moon early next month blew up on the Cape this morning. No one was hurt.

**The four stage combination exploded during a static test. Officials said there were no injuries.**

The accident apparently eliminated any chance that a moon shot would be made from here early in October, when the lunar body makes another close approach to the earth of about 219,000 miles.

The Air Force said cause of the explosion was being investigated.

## 16 Models in 4 Series Feature Classical Styling

### Greatest Advances Ever in Engineering, Design, Says S. E. Knudsen

By HARRY REED
Managing Editor, Pontiac Press

"Following" a truly great performer is one of the roughest jobs in show business, and so it is with the auto industry, but Pontiac Motor Division has done it superbly in bringing the 1960 line of Pontiacs to the motoring public.

**Coming up with something to top the sleek 1959 line which the public made the leading seller in the medium-price class was not easy, but they've done it.**

"Sixteen stunningly new models in four series are presented by Pontiac in 1960, marking the greatest engineering and styling advances ever achieved by our firm," S. E. Knudsen, GM vice president and Pontiac general manager said today.

**The car will be displayed to the public Oct. 1 at the Pontiac Retail Store, 63 Mt. Clemens St., and all area dealers.**

"Our engineers and stylists have overlooked nothing in their successful efforts to make Pontiac for 1960 the most desirable car that we have ever manufactured," said Knudsen. "We are confident that our new line of cars will maintain Pontiac's award-winning reputation as America's number one road car."

★ ★ ★

Gentle curves and flowing lines of sculptured beauty readily identify Pontiac's completely new line of cars for 1960. Pontiac's classic styling and wide track design prevails throughout each series; from the luxurious Bonneville and Star Chief to the Catalina and the new Ventura series.

**LIST 47 NEW FEATURES**

Heading a list of 47 new features is the exciting appearance of the 1960 Pontiac, highlighted by a "V" design front end. A massive, sweeping front bumper juts forward below a classical grille formed by seven narrow, gleaming bars with twin headlamps set at either end. The distinctively different grille, the one-piece bumper and the clean, sharp line of the hood enhances the car's overall simplicity and beauty.

Pontiac's low, clean styling is complemented by a panoramic windshield and a generous wrap-around rear window, with a low-cut roof adding to the rakish beauty of every model. Pontiac's fresh approach to styling is even more pronounced in the sculptured deck lid and the rear fenders topped by twin dual tail lamps housed in individual cones extending toward the back window.

**Below each set of tail lamps are long, backup lamp ports framed in chromium. The artistic deck flares downward to blend with a massive wrap-around rear bumper. Below the front fender series nameplate on each model a thin-line trim moulding extends the full length of the car. The upper edge of the rear quarter panel is highlighted by a trim moulding.**

Priced just above the Catalina series are two Ventura

## Greet the World's Champ

Pontiac Press Photo

**FETE INGEMAR AT AVON TOWNSHIP** — World's heavyweight boxing champion Ingemar Johansson of Sweden (second from right) last night was feted at a reception held in his honor at the Detroit Broach and Machine Co. in Avon Township. Among some 300 industry executives on hand for the affair were Pontiac Motor Division officials Thomas E. Seavy (shaking hands) and Buel E. Starr (right). At the left is Gustav von Reis, Johansson's personal friend and owner of the plant.

# New Pontiac for 1960 Out October 1

(Continued From Page One)

models, a four-door and a two-door hardtop. The two Ventura models have interiors trimmed entirely in colorful, customized Morrokide available in many different shades to harmonize with exterior finishes.

★ ★ ★

Fifteen solid paint colors and 60 two-tone combinations are offered with the 1960 Pontiac. Harmonizing with exterior colors are 51 interior color and material combinations of cloth, Morrokide and genuine leather.

**NEW HORIZONTAL SPEEDOMETER**

Pontiac's instrument panel for 1960 features a new horizontal speedometer, redesigned instruments and control knobs and a non-glare finish on the upper surface.

The new deep dish steering wheel and a hand grip design is positioned to give more leg clearance for the driver. A lower transmission tunnel also provides extra interior roominess.

**Some of the standard features found on each 1960 Pontiac includes Magic-Mirror acrylic lacquer paint finishes, automatic interior lighting, foam rubber front seat cushions, cigar lighter, direction signals, electric windshield wipers, dual inside sun visors and trimmed luggage compartment.**

★ ★ ★

Bonneville and Star Chief series have a 124-inch wheelbase and are 220.7 inches overall, except for the Bonneville Safari which has the same dimensions as the Catalina and the new Ventura series, 122-inch wheelbase and 213.7 inches overall length. Overall heights range from 54.2 inches for all sport coupe models to 56.8 inches for station wagons.

**IMPROVED V-8 ENGINE**

Bolstered by over 10 million miles of engineering tests, Pontiac's Tempest 425 V-8 engine is more powerful and rugged than ever before. Standard compression ratios are 8.6:1 for regular fuel engines with standard transmissions and 10.25:1 for premium fuel engines with automatic transmissions.

Available in all four series is a premium fuel, extra high performing 10.75:1 compression ratio engine with three two-barrel carburetors for either Synchromesh or Hydra-Matic transmission. A regular fuel economy engine with 8.6:1 compression ratio is available for all models equipped with Hydra-Matic. A new two-barrel carburetor, a high efficiency camshaft and low axle ratios starting at 2.69:1 are designed for increased gasoline mileage and operation economy.

**Pontiac's 1960 top-of-the-line car is the luxurious Bonneville in four models; a rakish two-door hardtop sport coupe, an elegant four-door Vista hardtop, an exciting convertible and a custom trimmed four-door, two-seat Safari station wagon.**

A two-door sport sedan, a four-door sedan and a four-door Vista hardtop comprise Pontiac's Star Chief line for 1960, each model distinguished by four stars along the rear quarter side moulding and the series name on front fenders and instrument panel.

★ ★ ★

**OFFER SEVEN CATALINAS**

Pontiac's high-volume series, Catalina, is offered in seven attractively priced models, a two-door sport sedan, a four-door sedan, a two-door hardtop sport coupe, a four-door hardtop Vista, a convertible and two four-door station wagons, one a two-seat Safari and the other a nine-passenger Safari with the third seat facing rearward.

Two hardtop models are offered in the newly created Ventura series priced just above the Catalina models.

**Standard equipment items found on the Ventura sport coupe and Vista include two instrument panel ash trays, an electric clock, "V" design inside handles, custom steering wheel, deluxe wheel discs and instrument panel with special decor.**

Pontiac's famed wide track wheels and smooth ride are further improved in 1960 with large rubber bushings in the rear suspension, new type rear shock absorbers and a raised rear axle upper control arm. Additional sound insulation has been provided for a quieter ride.

★ ★ ★

To add comfort and pleasure to motoring are many freshly engineered accessories and option equipment items for the 1960 Pontiac. The new Hydra-Matic transmission is narrower and lighter and allows for a smaller tunnel, thus increasing passenger room. New radio and optional rear speaker systems for all series employ tone control with sound separation for a stereo effect, bringing new enjoyment in radio reception.

**NEW THROTTLE CONTROL**

Specifically intended for turnpike driving, a new throttle control accessory called "Magi-Cruise," can be set to retain a constant accelerator position after the driver removes his foot from the pedal. With Magi-Cruise in operation the driver's foot is relieved of constant accelerator pressure.

Other new items include a spot beam reading lamp, a rear deck release that can be controlled from the passenger compartment, rear window and side screens for station wagon models, remote controlled outside rear view mirror and a Safeguard speedometer that can be set at any speed over 15 MPH to warn against speeding and as an added feature a low fuel level indicator.

**Pontiac Motor Division in 1960 offers the safest car in its 52-year history of automobile production. A total of 138 separate features have been engineered into the new car for unprecedented driving safety during day or night travel and under varied road or weather conditions.**

Chief among Pontiac's 1960 standard safety features are:

Wide track wheels and low center of gravity for unexcelled car stability.

Reinforced body in the roof, rocker panel and wheelhouse areas. Center pillars in Vista models also are strengthened.

★ ★ ★

Improved front brake sealing, large braking surfaces and lining areas, and heavy drums for maximum durability and sure stops.

Recirculating ball steering gear reduces steering effort and minimizes fatigue. Balanced, self-straightening action in the steering system makes driving easier and safer.

★ ★ ★

Dual sealed beam head lamps with high capacity generator provide extended night time vision. The low beam favors the right side of the road, minimizing upward reflected light and glare to approaching traffic.

New low pressure tires with anti-skid treads facilitate safer stopping.

Ball joint front suspension design enables ideal handling on curves and rough roads. Both front and rear suspension are designed with an automatic anti-dive feature for a smoother ride and better control.

## The Day in Birmingham

# Bloomfield Hills School Named for James Conant

BIRMINGHAM—The Bloomfield Hills Board of Education has officially named the new elementary school now under construction on Quarton road the James B. Conant School.

★ ★ ★

Conant is a noted educator and former president of Harvard University who presently is conducting a nation-wide survey on public schools to find where the educational system might be improved and how. He already has written several books on the subject.

**An invitation to attend the school dedication ceremonies planned for the early part of 1960 will be sent to Conant, the school board has announced.**

A study of the Bloomfield Hills school transportation system presently is under way. Five highlights of the study innumerated by School Superintendent Eugene Johnson are:

★ ★ ★

Insurance coverage of the bus operation, bus loads, safety measures, possible reduction of route lengths and the possible purchase of additional buses.

★ ★ ★

The Board of Education will meet again next Monday night to go over the results of the survey.

**Also to be considered at that time is a method of enforcing the state's ban of sororities and fraternities at the high school level.**

In spite of their illegality, the school board suspects that there are currently at least two secret sororities and one fraternity among the high school body.

The Kiwanis Club will launch its annual peanut sale in Birmingham Saturday.

**Proceeds from the one-day drive will be used during the year to help finance various youth activities in the city, announced the local vice president of the club, Charles Mosier, who is in charge of the campaign, along with drive chairman, Thomas Monahan.**

The Birmingham Democrats Club annual fund campaign begins Saturday, lasting through Oct. 4.

**Funds collected in the "Dollars for Democrats" drive will go toward the Democrat Party's election campaign.**

Heading the fund drive is Mrs. Betty McVay, chairman of the local club.

**Dennis M. Randazzo**

Service for Dennis M. Randazzo, 9, son of Dr. and Mrs. Michael Randazzo of 3260 Chickering Lane, Bloomfield Township, will be held at 10 a.m. Saturday from the William Vasu Funeral Home, Royal Oak. Burial will be in White Chapel Memorial Cemetery, Troy.

★ ★ ★

Dennis died Wednesday at his home after a prolonged illness.

Surviving besides the parents are a brother Terence at home, grandparents Mr. and Mrs. Samuel Camarda of East Detroit and his paternal grandfather Sam Randazzo of Detroit.

# 'Gracie' Pokes, Awaits Camera

## 2 Rockets From Cape Will Shoot Pictures of Atlantic Hurricane

MIAMI, Fla. (AP)—Gracie the hurricane dawdled along and turned coy today as if primping for the cameras that will attempt an historic picture.

★ ★ ★

Two rockets, scheduled to be shot from Cape Canaveral late today were fitted with cameras for an experiment aimed at photographing a hurricane from overhead. If the stunt works and the camera-packed nose cones of the Nike-Cajun rockets are recovered at sea, weather men ought to catch Gracie in pictures covering a circle 300 to 400 miles in diameter.

★ ★ ★

The season's seventh tropical storm dropped from 100-mile to 85-mile peak force Wednesday and crawled northwestward at about 7 miles per hour. Signs were lacking for intensification.

★ ★ ★

Residents from central Florida to the Carolinas were advised to keep in touch with weather bureau reports although no immediate danger to land was anticipated.

## Mother of Raped Child Sentenced to 90 Days

**DETROIT (AP)—A young mother whose daughter was kidnaped, raped and left to wander naked in downtown Jackson today was sentenced to 90 days in jail for child neglect.**

★ ★ ★

**Mrs. Joan E. Roland, 23, of Cookeville, Tenn., was given the sentence by recorder's court judge George Murphy. She was convicted of child neglect Sept. 14.**

## College 'Hoods' Have Fun

AMES, Iowa (UPI)—Security officials got a start yesterday when they spotted four men carrying violin cases and wearing trenchcoats, dark glasses and hats pulled low over their eyes mingling with the crowd waiting for Premier Nikita S. Khrushchev. The men turned out to be four students from Iowa State University out for a little fun.

## Asks for Careful Study on Counties' Finances

LANSING (UPI)—"The plight of county financial limitations," said was recognized in the House yesterday, where a resolution was introduced asking for a study of "the financial status of the several counties."

"It is necessary and vital that a careful study now be made of the state assistance programs, primarily health and welfare, against the background of present county financial limitations," said Rep. Frank D. Williams (D-Detroit), author of a resolution asking for a study committee.

## Autumn Rain Still Falling Over Nation

By The Associated Press

The Weather Bureau forecast precipitation from New England to the lower Great Lakes, in the central and southern Plains area, southern Kansas, along the Gulf Coast into southern Florida, the southeast coast and in the north east of the Rockies, in the Texas-Oklahoma Panhandle and into west portion of Washington state.

The rain and thunderstorm activity which ushered in autumn continued today over widely scattered sections of the country.

Fair weather was predicted for most of the section west of the Rockies, the mid Atlantic states to the Mississippi.

## The Weather

**Full U. S. Weather Bureau Report**

## Royal Oak Hosts Final Governor's Conference

# 200 Discuss Traffic Safety

By DICK SAUNDERS

More than 200 police officials, businessmen, representatives of civic and fraternal groups and just plain citizens interested in traffic safety got together yesterday in Royal Oak to talk about Michigan's mounting traffic problems.

The occasion was the last of a series of five Governor's Regional Highway Safety Conferences, this one at the Royal Oak Elks Temple.

Previous conferences were held in Grand Rapids, Midland, Sault Ste. Marie and Coldwater.

**Representing the Pontiac Police Department were Lt. Clayton Randolph and Sgt. Lawrence LaBair. Others from this area were Deputy Ferris Holcomb of the Oakland County Sheriff's Department; Sgt. Lorenz Ahlgrim, commander of the Pontiac State Police Post; Lt. William C. Stokes, Waterford Township Police and George H. Stewart, representing Pontiac Public Schools and the Pontiac Area Chamber of Commerce Safety Committee.**

Sharon Young of 1760 Hamilton Dr. and Jerry Jerome of 291 W. Iroquois St., both 15-year old Pontiac Central High Students, participated in a teenage panel discussion.

The panel, which discussed the problem and place of today's teenager in driving safety, was made up of students from Pontiac, Royal Oak, Dearborn, Ferndale, Detroit and Rochester.

★ ★ ★

Keynote speaker at the conference was James A. Bowden, Michigan commissioner of labor, who told his listeners that "safety doesn't cost, it pays."

**"This is what we must get across to the public," he said. "We can build safer highways, hire more law enforcers, build safety devices into cars. But building it into drivers is our big task."**

Bowden praised driver training schools and emphasized the need for more driver education.

Michigan Secretary of State James M. Hare described a new driver education program initiated early this year designed to "stop accidents before they happen by helping drivers understand themselves."

★ ★ ★

The current "12-point system" used by the Secretary of State's Office keeps a record of violators and takes away the licenses of those who pile up 12 or more points against their driving records in a two-year period.

"Previously we called in only the 12-pointers for re-examination, but now we're calling 50,000 Michigan drivers a year in groups of 20 to 30 who have eight or nine points against them," Hare explained.

★ ★ ★

"We get protests like 'I'm not a 12-pointer, what do you want with me?' But that's what we expect," he said. "We figure that if we can help them to understand why they committed eight points worth of violations, maybe we can stop them from becoming 12-pointers, or fatalities."

**Hare emphasized that suspending and revoking licenses is not nearly as good a safety factor as giving people an insight into their own driving habits.**

"Revocation of a license is a real problem. Often it results in grounding an entire family," he said.

Morning workshops delved into traffic problems from the viewpoints of education, engineering and enforcement.

★ ★ ★

Four afternoon workshops covered possible solutions. Some of the topics were the use of unmarked patrol cars, drag strips for teenagers, yield right of way signs, the need for more law enforcers and the uniformity of traffic laws, educational standards and penalties.

Improper left turns and running of stop signs were cited as the major causes of accidents. It was said that Michigan sheriffs have gained about 500 deputies in the last five years, but too many are used to maintain new jails, with only a small percentage added for road patrol.

**State police had 709 enlisted officers in 1955, 1,154 in 1958, and currently have 1,111. The death rate decreased steadily since 1955 until this year.**

Fatalities are more frequent in rural areas than in urban areas, but injury accidents and total accident figures are greater in cities, state police records show.

**CATALINA FOUR DOOR VISTA** — One of the 1960 series is this Catalina four-door Vista. The same body style is available in the Bonneville, Star Chief and the new Ventura series being introduced this year. The Catalina series offers seven body styles, the Ventura two, the Star Chief three, and the Bonneville four.

**CATALINA SAFARI** — Dramatic new design concepts, accentuating an overall appearance of classic sophistication, distinguished Pontiac exterior styling in 1960. Two Safaris are offered in the lower-priced Catalina series, and one in the Bonneville line. All three are four-door models on a 122-inch wheelbase. With the tail gate closed and the second seat folded, the new station wagons have a floor length of 98 inches and a total cargo area of 40 square feet.

**CLASSICAL STYLING** — Clean lines of the "V" design grille and hood are complemented by a sculptured rear deck with twin tail lamps set in individual cones. Rear seats of the Bonneville sport coupe are artistically paneled, while bucket seats of the Bonneville convertible are trimmed in genuine leather. Transmission tunnel height has been reduced in the 1960 Pontiac.

# Red Ruler Grants Boon to Ex-Russians

DES MOINES (AP)—Soviet Premier Nikita Khrushchev Wednesday directed a top aide to see to it that two children of a Chicago couple be allowed to leave Russia.

He did so at the request of the parents, Mr. and Mrs. Paulius Leonas who came to the United States from Russia in 1944.

**The couple got a five-minute audience with the Soviet chief just before he left his hotel headquarters for his farm tour today.**

Mr. and Mrs. Leonas told Khrushchev that their 20-year-old daughter and 17-year-old son were still in Russia and unable to get out. They asked the Premier's help.

★ ★ ★

Khrushchev listened intently to their story. He gripped their hands, touched Mrs. Leonas' cheek and promised to see that the Leonas children rejoin their parents.

He then called Andrei Gromyko, his foreign minister and told him to "take care of this."

Mrs. Leonas wept as she thanked him. Khrushchev smiled faintly and shook hands again.

## 2 Weeks in Bed Ordered for Singer Edith Piaf

PARIS (AP) — Singer Edith Piaf, recovering from her third abdominal operation this year, must spend at least two weeks in the American Hospital, her doctors say.

The French singer was operated on Tuesday for what doctors described as a blocked pancreatic canal.

## Upjohn Official, Wife, 3 Girls Unhurt in Blaze

KALAMAZOO (AP) — An official of the Upjohn pharmaceutical firm, his wife and three daughters, escaped unhurt Tuesday night when a $20,000 fire destroyed their home in Kalamazoo.

W. John Upjohn and his family got out of the burning building by stepping from a porch roof onto the roof of a neighbor's car.

---

First efforts to censor motion picture films were started in 1909.

# Nikita Sure Inspection Workable, Says Stevenson

COON RAPIDS, Iowa (AP) — Adlai E. Stevenson says Soviet Premier Nikita Khrushchev expressed confidence inspection controls could be worked out for his disarmament plan.

Stevenson, Democratic presidential candidate in 1952 and 1956, told this to newsmen after he had talked with Khrushchev for an hour at the farm of Roswell Garst here.

The Soviet Premier is to spend the weekend talking with President Eisenhower at Camp David in the mountains of northwest Maryland.

One of the major items on their agenda is disarmament.

Stevenson said he believes the Soviet leader was sincere when he made his plea for total disaramament last week before the United Nations. It calls for phased disarmament over a four-year period.

"We should not dismiss too impetuously the sincerity of the proposals," Stevenson said. "We should examine with care the possibility of an arms inspection program."

Stevenson said he thinks Khrushchev's position on disarmament controls has changed. In the past, the Soviets have resisted any idea of inspection to enforce any disarmament agreement. The United States has insisted on such safeguards to prevent cheating.

Khrushchev's tour of the United States has convinced him that arms production was not an essential prop of the American economy, Stevenson said.

"I think he realizes that the amount of our resources used for defense production is so small that it is possible for the United States to disarm without dislocation of the economy," he said.

Khrushchev said he realizes now that U. S. arms production accounts for only 10 per cent of the national economy and could easily be switched to consumer industries, Stevenson reported.

# Tourism Is Being Studied in West European Lands

NEW YORK (UPI)—Now that European travel has become a big business, the people who transport, house, feed and advise tourists are trying to find out just who their customers are.

★ ★ ★

For the first time known to the travel industry, a vast study is being made of tourism in 16 western European countries.

**The survey, which will take two years to complete, covers who travels and why, where they go, how they get there, how much they spend, what they like and don't like, and even why some persons travel while others stay home.**

Results of the study will go to travel organizations and related interests in 64 nations through the International Union of Official Travel Organizations and five key international tourist-hotel organizations.

It covers all travel by foreigners in Austria, Belgium, Denmark, Eire, Finland, France, Germany, Holland, Italy, Luxembourg, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

★ ★ ★

The travel habits of nationals of these countries will be analyzed along with those of American tourists.

"This study is designed to probe every aspect of European travel, particularly to the personal characteristics of the traveler, his desires, wants and needs as well as to determine his reaction to the adequacy of traveler facilities and the effectiveness of promotional methods now in use," said Harry Carter, manager of Market Research for the Boeing airplane company and one of the organizers of the survey.

"This European market is in a state of rapid development, spurred by rising standards of living, the common market treaties and the striking technological advances made in transports — the jets."

★ ★ ★

Carter and others involved in the travel industry ask "How can travel interests sell goods and services and plan if they don't have measurements?"

**That is why they are trying to determine the size, nature, distribution and characteristics of European travelers.**

They want to know how travel decisions are made and how they can be stimulated. They want to define the probable growth of travel markets, determine present shortages in hotels and other services, seek ways to develop off-season travel and determine the characteristics of non-travelers so they can be converted.

**INTERVIEWS SET**

Survey experts will interview travelers and non-travelers. They will give psychological tests to determine the underlying reasons why some persons prefer ships to airplances and others refuse to travel by sea.

★ ★ ★

"It is well known that people with different personality characteristics behave differently in regard to travel, and that the presence or absence of certain personal characteristics can serve as a basis for predicting travel behavior," an expert associated with the study said.

**The surveyors need to know more than age, sex, income, nationality, family status, education and occupation, he said.**

They need an "intimate understanding" of such factors as a desire for a change, a wish to improve one's self through travel, a love of pleasure and a need for financial security, he said.

On the other hand, the researchers want to know what part fear of the unknown and a lack of energy and initiative play in keeping the non-traveler at home.

★ ★ ★

They also want to know more about the "relative non-traveler." This is a person who either refuses to use certain modes of transportation or does not take certain kinds of trips.

He is quite different from the absolute non-traveler. This fellow won't cross an international boundary at all.

## No Influence Found in TV Channel Case

WASHINGTON (AP)—A special examiner for the Federal Communications Commission reported Wednesday that no improper influence figured in the 1957 award of TV Channel 5 at Boston to WHDH, Inc., subsidiary of The Boston Herald Traveler.

**The examiner, retired Chief Justice Horace Stern of the Pennsylvania Supreme Court, asserted there was therefore no basis upon which the commission should set aside the grant.**

The review by the special examiner followed a U.S. Court of Appeals order that the FCC have another look at the original contest to determine whether any improper influences figured in the outcome.

★ ★ ★

After the review, the Justice Department and the commission's assistant general counsel recommended that the grant be set aside on the basis of some private contacts during the proceeding between Herald-Traveler publisher Robert B. Choate and George C. McConnaughey, who then was chairman of the commission.

## Furniture Meet Opens in Grand Rapids

GRAND RAPIDS (UPI) — The 12th annual business meeting of the Executive Furniture Guild of America opened here Wednesday.

★ ★ ★

The three-day session was expected to attract more than 100 delegates representing 66 dealer members and 27 resource manufacturer members.

## Red North Korea Sends Aid to Typhoon Victims

MOSCOW (AP) — Comunist North Korea's government is sending help to typhoon victims of South Korea, a Tass dispatch from Pyongyang said Wednesday. Combined with this was a North Korean offer to shelter any who wish to quit President Syngman Rhee's republic.

As a start, the Soviet news agency said, the North Koreans are dispatching 4,500 tons of rice, 100,000 pairs of shoes, more than 900,000 yards of textiles, 100,000 bags of cement and 5,000 cubic yards of lumber.

Rocky Mountain bighorn sheep, for the first time since 1886, may be legally hunted in New Mexico.

## Pilot Run Over 3 Times by His Own Airplane

HOPKINSVILLE, Ky. (AP)—Chester Bone, who pilots an airplane in crop dusting, landed it in an open field to check a crop location. Somehow the throttle opened.

Bone grabbed a wing, but fell off. After the aircraft ran over him three times, it crashed into a fence. Bone received minor injuries.

## Oldsters Off to School

EAST ORANGE, N. J. (AP) — Elderly people are going to college under a plan of Upsala College and the Council on Senior Citizens. The oldsters attend free afternoon sessions on subjects in the humanities.

## 19 Million in Turkey

Modern Turkey's population is about 19 million.

## Bakes 5-Foot Loaf to Fete Son's Birth

SAYREVILLE, N. J. (AP) —Bernard Saunders baked a five-foot long loaf of chalah — a Jewish bread — to celebrate the birth of his son.

Saunders, a bakery owner, used 50 pounds of flour to make the 45-pound loaf. "If my oven was larger," he said, "I would have made a bigger one."

## Has Living Souvenir

FORT WAYNE, Ind. (AP) — Pete Bojinoff has a living souvenir of a trip two years ago to Washington. A White House guard gave Bojinoff a pod from one of the magnolia trees on the lawn, and now he has a two-foot-high magnolia on his own yard.

Meats such as kidney, liver, tongue, brains and heart are rich in iron.

It would not be proper to allow the first week of our new Michigan State University Oakland to pass without a word of gratitude to those who pioneered this worthy project.

★ ★ ★

**At the top of the list should come Mr. and Mrs. Alfred G. Wilson, who gave the land and a large chunk of the original money to launch the project.**

Without their thoughtfulness and extreme interest in the future of the young folks in this area, it is entirely possible that Pontiac and Oakland County would not be enjoying a great university in our midst.

★ ★ ★

Another Oakland County neighbor who showed her fine generosity was Miss SARAH VAN HOOSEN JONES by contributing her beautiful Van Hoosen Farms estate.

**With some 2,000 acres and a considerable sum of money, John A. Hannah, MSU president, had the vision and courage to try something new. Selected by Hannah, to launch this new school starting from scratch was Durward B. Varner, the chancellor.**

"WOODY" as he is known by his associates, responded to the challenge in a hurry. He assembled an outstanding staff of young professors to carry out the mission of bringing a college education to our young boys and girls in this area.

Collegiate life and a college education are expensive and it has been difficult and in some cases impossible for some of our area youngsters to have this advantage.

★ ★ ★

Michigan State University Oakland has changed all this and is now our neighbor. We are all indeed happy to welcome collegiate life and a school that reflects the high educational standards of MSUO.

## Our Fall Splendor Seen by Very Few Areas

In the last days of September, a slowing down takes place throughout the land. The time has come for nature to relax. The growing season is over and a sense of ripeness hangs heavy in the air.

★ ★ ★

With our final outburst of heat, this does not seem exactly true, but just look around.

**In certain woodland sections of the nation, including ours, one of nature's most dramatic spectacles is being staged—the panorama of autumn coloration. With a final gesture of farewell, the rich green sights of summer burst into flaming reds and yellows, splashed with scarlet, gold and brown.**

★ ★ ★

Many people, without giving this a second thought, think the autumn colors can be seen across our entire nation. But, strangely enough, this is not the case at all. Oregon and Washington have no autumn colors; the fire of fall is never seen west of the Dakotas. It does, however, appear in the deep South.

**The line bordering the area of transformation begins in Canada, runs south through Nebraska and Kansas, bends eastward into Oklahoma and part of Texas, and then cuts through Louisiana, Mississippi, Alabama and Georgia, heading toward the Atlantic.**

★ ★ ★

Only within this boundary do the trees of the United States put on their autumn masquerade each year. In the entire Northern Hemisphere there are only three areas where this phenomenon occurs—one in Asia, one in Europe and one in North America.

**If the Sugar Maple, famous for its fiery fall hues, were transplanted to California, it would change from green to brown in autumn without even a hint of red. A difference in the mineral content of the soil may have something to do with this mystery. No one knows for certain.**

★ ★ ★

Our colorful fall is about to commence; enjoy it while it lasts.

OPPORTUNITY doesn't knock loud enough to wake the late sleeper.

The Man About Town

## 'Tis the Final Day

### Last Call for All Entries in 1959 Football Contest

**Gone: What that $300 will be unless you act at once.**

All entries in our football contest must be received in this office by Friday noon — **And that's TOMORROW.**

Better make personal delivery if you've allowed your neighbors to beat you in the quest for that $300 prize. The mail may not get your entries here on time. Here's the final publication of the list of games:

**Sept. 26**—☐ **Marquette vs.** ☐ **Detroit.**

**Oct. 3**—☐ **Michigan vs.** ☐ **Michigan State.**

**Oct. 9**—☐ **Waterford vs.** ☐ **Pontiac Northern.**

**Oct. 10**—☐ **Texas vs.** ☐ **Oklahoma.**

**Oct. 16**—☐ **Pontiac Central vs.** ☐ **Saginaw.**

**Oct. 17**—☐ **Michigan State vs.** ☐ **Notre Dame.**

**Oct. 25**—☐ **St. Fredericks vs.** ☐ **St. Michaels.**

**Oct. 31**—☐ **California vs.** ☐ **Southern California.**

**Nov. 7**—☐ **Washington vs.** ☐ **Oregon State.**

**Nov. 8**—☐ **Pittsburgh Steelers vs.** ☐ **Detroit Lions.**

**Nov. 14**—☐ **Princeton vs.** ☐ **Yale.**

**Nov. 21**—☐ **Michigan vs.** ☐ **Ohio State.**

**Nov. 28**—☐ **Army vs.** ☐ **Navy.**

**Dec. 6**—☐ **Detroit Lions vs.** ☐ **Chicago Cards.**

Make a check mark in front of the teams you think will win. If you think any will be tie games, do not check either team. Then write your name and address on the margin of the list.

Every member of your family can compete. If you haven't enough clippings to go round, you can copy off the list for the others. Be sure to attach names.

All entries dropped into the slot in the cement post just outside the front door of our office by Friday noon will be counted. Just lift up the handle and drop them in. You can do this at any time of the day or night.

**The annual open house at the Moses Wisner Home will be extended through Saturday. So you still have your choice of Friday or Saturday, if you have not already been there. The hours are ten to five. No admission; no solicitation; free guide service.**

Castor bean honors now rest with

**Mrs. Barton Smith**

of 222 North Perry St., who has a plant 14 feet tall.

In his 87 years,

**George Linderman**

of 112½ Tasmania Ave., never saw a potato plant perform such antics as one which he planted in his back yard. Its vine is climbing a stick, and now is six feet above ground.

Driving through the village of Deposit, N.Y.,

**Mr. and Mrs. Irvin Johnston**

of Drayton Plains were stopped by a traffic cop. They hadn't violated anything, but found it was a "courtesy arrest," one of which is made there every day, always an out-state motorist. Their motel bill was paid by the Chamber of Commerce, also that for their dinner and breakfast, theater, car wash and grease, tank of gas and other courtesies. Some good-will stunt, isn't it?

Cantaloupes that weigh up to ten pounds are being grown by

**McKinley Arthur**

of Waterford, who says the dry weather made the flavor better.

## Verbal Orchids to—

**Mrs. Orpha Graveson**

of Auburn Heights; 85th birthday.

**Mr. and Mrs. Alonzo Lunder**

of Keego Harbor; 53rd wedding anniversary.

**Mrs. Clara Brown**

of Clarenceville; 86th birthday.

Junior Partner

David Lawrence Says:

## Government Oppresses Radio, TV

WASHINGTON — Congress did something at its last session which should have evoked the sharpest protests from all liberals, but most of them were strangely silent. A law was passed telling the radio and television stations of the country that they need not grant "equal time" to all political candidates when one happened to be mentioned in the normal course of news broadcasts, but Congress reaffirmed its right to dictate how these stations shall handle political speeches.

LAWRENCE

Whenever a station provides time for a regular speech to one candidate, it still must do the same for all others. The news judgment of the editor of the station's programs may be that the speech by a rival candidate isn't interesting to hear in preference to other news and that the same time could be better used otherwise for the benefit of the audience. But the provisions of the Communications Act which were not repealed by Congress in its last session still say, in effect, that the First Amendment to the Constitution, guaranteeing a free press, shall be disregarded.

**Unfortunately, the Supreme Court of the United States in a decision in 1943 ruled that Congress can abridge the freedom of the press wherever a radio or television license issued by the government is involved. In other words, the grant of a government privilege takes away the right of the recipient to be on a par with other branches of the press.**

Someday the Supreme Court may rule that, because of their acceptance of second-class mail privileges, Congress is given the right to tell newspapers how they shall allocate their new space on speeches in political campaigns. To avoid this, the only safe course is to secure the adoption of a new amendment to the Constitution which shall specifically say that the acceptance of a license or grant of any kind from the federal government shall not require of the recipient the surrender of any rights of the press already guaranteed by the Constitution.

★ ★ ★

It seems odd that there hasn't been a nationwide movement to protect freedom of the press from such encroachments as radio and television have experienced. It is good, of course, that Congress did take the forward step of saying that radio and television stations need not hereafter give time to every political candidate when one happens to be mentioned in or appears on a news broadcast.

**This relief will be helpful, but the very fact that Congress backtracked only slightly on its original rule serves to emphasize what a far-reaching power has been exercised by Congress as a result of one decision of the Supreme Court of the United States 16 years ago.**

Radio and television are a part of the free press of the nation. They merely present news through a different mechanical medium than through the printed word. The principle involved in all media is just the same—the dissemination of news.

★ ★ ★

The argument that, by granting a license to a company for television or radio broadcasting, the government has a right to control or regulate the news content of a medium of expression is repugnant to the First Amendment, which says Congress "shall make no law abridging the freedom of the press."

But, since the Supreme Court has ruled that the First Amendment goes by the boards the moment a government privilege is given—such as is covered by the grant of a federal license to operate a station—there would seem to be no way out of the difficulty except by a constitutional amendment.

**Even the present system of awarding licenses is contrary to the spirit of American institutions. Applicants for licenses must satisfy the Federal Communications Commission as to their acceptability. The qualifications necessary are vaguely stated in the law. This affords an opportunity for considerable discretion, if not favoritism.**

When government contracts are let in other fields, the custom is to give it to the lowest financial bidder, provided the company has integrity and experience.

Dr. William Brady Says:

## *Try Ambulant Method or Clamp, Cautery Crew*

A reader asks for the name of a doctor in her town who uses the ambulant (office, injection) method for piles.

It seems the reader says, that all the local doctors want to do is operate.

If so, that's too bad. They really should intersperse say an hour a day of golf, fishing, mowing the lawn, weeding the onions, or bowling on the green.

DR. BRADY

"I hate to have this done," the reader explains, "for my husband has low blood pressure, and it worries me, although they assure me this operation isn't bad."

The reader says two of her relatives found a doctor in another city who gave them ambulant treatment six years ago, and they have had no trouble since. But her husband doesn't see how he can get away from his work and go 250 miles.

★ ★ ★

Now I wish I could name a doctor in the reader's city who is skilled in the ambulant method.

In the past I tried to compile and maintain such a medical directory, as a special service to readers who sought ambulant treatment of internal (bleeding) hemorrhoids (piles), diathermy (electro-coagulation) treatment of hernia (rupture, breach), chemical obliteration of varicose veins or some other alternative for a major operation. This proved a costly job and a thankless one. I had to give it up.

**If the reader's husband positively refuses to make the trip for a painless treatment which takes five or ten minutes once or twice a week for perhaps six or eight times, let him sojourn for a week or two in the hospital while the clamp and cautery crew work him over.**

This ambulant treatment which would be the method of choice if I were the patient, is applicable for internal (bleeding) hemorrhoids (piles), but not for external (most painful) piles.

Likewise ambulant treatment for hernia is suitable only for selected cases, not for any and all cases. If I had a hernia which a good doctor considered suitable for injection treatment, I'd prefer the injection treatment to hospitalization and radical surgery.

★ ★ ★

The diathermy (electro-coagulation) method, which I'd prefer if I had infected tonsils, is not "removal" or even an attempt to "remove" tonsils. It is merely a rational, safe way to destroy, eradicate, disinfect, sterilize or drain the septic focus in the tonsil.

★ ★ ★

**Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.**

**(Copyright 1959)**

The Country Parson

**"Real wealth comes to the man who has learned he is paid best for the things he does for nothing."**

Voice of the People

## *Visit to MSUO Grounds Inspires Strong Praise*

**Sunday afternoon it was my privilege, among others, to visit the grounds and buildings of our first college in this vicinity — MSUO. It's a heart-warming sight to see the beginning of what I'm sure must be encouraging to every prospective student and parent of our city, a university with fresh promise and rich heritage right in our midst.**

★ ★ ★

Already the academic buildings with 39 classrooms, four physics and chemistry labs, two large lecture rooms and a library are ready for use.

**And to the Alfred G. Wilsons, who granted Meadow Brook Hall and two million dollars toward the school, all we as citizens can say is many heartfelt thanks for an everlasting monument in their name to our society and to the future of students everywhere.**

★ ★ ★

As the MSUO booklet says: "A gift and a challenge — to you and your community."

**Bertha Marie Roth**

25 N. Marshall St.

### Wants to Give Mrs. K Cheers

The Saturday Department of Cheers and Jeers should put Mrs. K. in the first division. She makes a fine impression.

### Why Can't Family Have ADC Check

Here is one for the books. The mother is diabetic, the father has not been able to work for more than five years, three teenagers are in high school and two children in elementary schools. Everybody knows what books, lockers, gym suits and shoes and lunches come to.

**One week before school starts, they lose their ADC check because they had some material given to them to fix their home with so it would be more livable for winter.**

There are cases where a pay check is coming in along with the ADC check. How come? Anyone know? This situation could stand a good state dusting off and income to for a week. Figure it out for a term.

**Irene**

### Commends Police for Local Service

May I express appreciation for the police department's checking up on my house while I was gone for almost four weeks? I wonder how many people know this is another service rendered free of charge.

**Mrs. C. H. Kitson**

13 Parkhurst

### 'Plant Killer Is Worst Blight of All'

A new form of blight has come to our roadsides which puts the billboards to shame; namely, the practice of spraying with plant killer the vines on fences and more or less the vegetation between the road and fence. Often it's the state-protected bittersweet vine that's killed.

★ ★ ★

**A drive north on Lake George road will give one a good example of beauty destroyed.**

★ ★ ★

Whatever the damage a vine can do to a wire fence, the dead, dark brown remains are left there. Is this really a cheaper way to kill vines? If so, must we submit to this ugly landscape henceforth?

**Margaret Griebe**

Rochester

### 'Can't He Tell in Year's Time?'

I agree Dykes is about the poorest of a long run of bad managers in Detroit. This Chrisley has 12 hits in 96 times at bat, while Groth has 24 hits in 92 times and yet Dykes uses Chrisley right along as a pinch hitter and he is the worst pinch hitter in the two major leagues and you can probably throw in the little leagues in Southern Michigan. It isn't Chrisley's fault if he can't hit but it is Dyke's fault if he can't find it out in a whole year.

**Dees Van Volter**

### Festival Days Please Reader

The Festival Days were a good thing for Pontiac and a good thing for the shoppers. Things like that should be held regularly.

**Commerce House Wife**

### 'Let Them Work to Acquire Park'

After seeing how hard residents of the Hawthorne Parke area worked for the park, we can understand why the West Side doesn't have one. Just because Seminole Hills and Indian Village pay a large per cent of taxes is no reason why they should have a park without hard work.

He ho prays as he ought, will endeavor to live as he prays.—John Owen.

Case Records of a Psychologist:

## Column May Serve as Vaccine

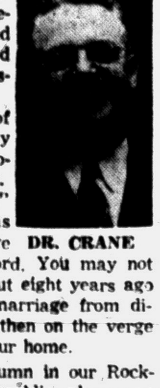

*Lola's case will clinch my argument that "newspaper vaccine" protects the public's health 1,000 times more than even the splendid Salk vaccine. For concrete evidence read below. And heed Dr. Gallup's wise advice, too, for editorial modesty has been carried to a fault here in America. Scrapbook this case for classroom discussion.*

**By DR. GEORGE W. CRANE**

CASE C-452: **Lola G., aged 35,** attended my **Bible Class last** Sunday noon at **the skyscraper Chicago** Temple.

★ ★ ★

Her husband was with her. During my address they nodded repeatedly in agreement and seemed vitally interested in the Bible lesson.

DR. CRANE

At the end of the class, they came up to introduce themselves.

"Dr. Crane," Lola acted as spokesman, "we are from Rockford. You may not remember us. But eight years ago you saved our marriage from divorce. We were then on the verge of breaking up our home.

"But your column in our Rockford Register Republic, plus some of the educational booklets, opened our eyes.

★ ★ ★

"We decided to start afresh, with this new vision of how to conduct a happy home. And it worked marvelously.

"We are so happy that we came to Chicago this weekend to celebrate our 16th wedding anniversary."

**NEWSPAPER VACCINE**

Editors thus vaccinate thousands of readers against social ailments such as divorce, juvenile delinquency, and even insanity.

**Such advice columns as this one are thus "newspaper vaccine." And I am not exaggerating when I warn you that "newspaper vaccine" does 1,000 times more good than the wonderful Salk vaccine.**

Lest you think that is malarky, may I remind you that only a few hundred children died of polio per year, even before the Salk vaccine.

In fact, polio was no more a cause for medical worry than measles and other contagious diseases of children, though it was dramatized far more.

But "newspaper vaccine" stops probably 1,000,000 cases of divorce or delinquency and insanity, dropouts from school, etc., every single year.

**Via this column alone, I contact an average of 1,000 people per day, which runs close to a third of a million families each year. And my column is only one small part of the educational vaccine which this newspaper offers you readers.**

If I had the time to analyze the mail input, I think I'd be able to tabulate probably 10,000 cases per year which had been stopped from entering divorce courts or sanitariums by this column and the non-profit mail service.

★ ★ ★

And thousands of high schoolers write to advise me that they had planned to drop out of school but now have determined to go onward and even take at least one year at Business College or on the Liberal Arts Campus.

Furthermore, several thousand lonely but splendid unmarried men and women are now introduced and dating or have already married as a direct outgrowth of this column.

**STABILIZE PERSONALITY**

A newspaper editor thus operates a vast "Print Universeity." All of us columnists and reporters are just professors on the faculty thereof.

A newspaper editor also serves to sparkplug the future business, industrial and agricultural development of his area.

**Dr. George Gallup recently urged newspaper editors to toot their own horns a little more often, but they are generally so modest they often refuse even to let us columnists pay them sincere compliments in our features.**

But after teaching many years on Northwestern University and

other college campuses, I have the perspective to evaluate newspapers.

They are the most influential educational agency in the U. S. A., not even exempting the public schools.

★ ★ ★

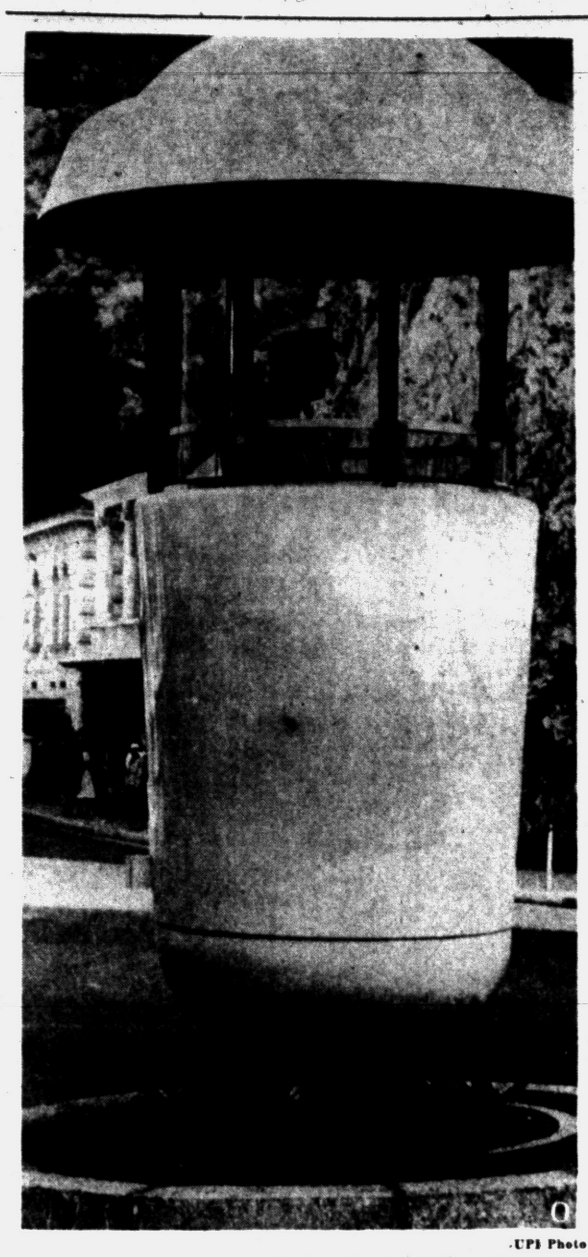

So teach your children to read more widely in the daily paper, for that helps vaccinate them against unhappiness of various sorts.

**Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 6c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.**

**(Copyright 1959)**

**The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.**

**The Pontiac Press is delivered by carrier for 45 cents a week; where carrier service is not available, by mail in Oakland, Genesee, Livingston, Macomb, Lapeer and Washtenaw Counties it is $15.00 a year; elsewhere in Michigan and all other places in the United States $22.00 a year. All mail subscriptions payable in advance. Postage has been paid at the 2nd class rate at Pontiac, Michigan. Member of ABC.**

**JUST LIKE A FLOWER POT** — Keeping tabs on the passing cars in Monaco, this traffic policeman takes his stand in a gleaming, modernistic booth. Resembling a flower pot, the fancy booth features glass panes that can be raised and lowered like those of an automobile.

### But Witnesses on the Fence

## *Probe Polygamy in Utah*

FARMINGTON, Utah (AP)—An investigation into polygamy in northern Utah's Davis County is running into sympathetic resistance but the grand jury foreman says the jury will continue efforts to stamp out the practice.

★ ★ ★

One indictment has been issued charging Gerard Van Hoff with unlawful cohabitation, but Hoff has left the area.

★ ★ ★

Jury Foreman Henri J. Frederiksen says many polygamists—he did not specify the number—have left the county since the jury began its investigation of plural marriages several weeks ago.

★ ★ ★

He says many persons who sympathize either with the idea of polygamy or the families involved have become irritated when subpoenaed to appear before the jury, or they have become what he termed "prone to defy the law."

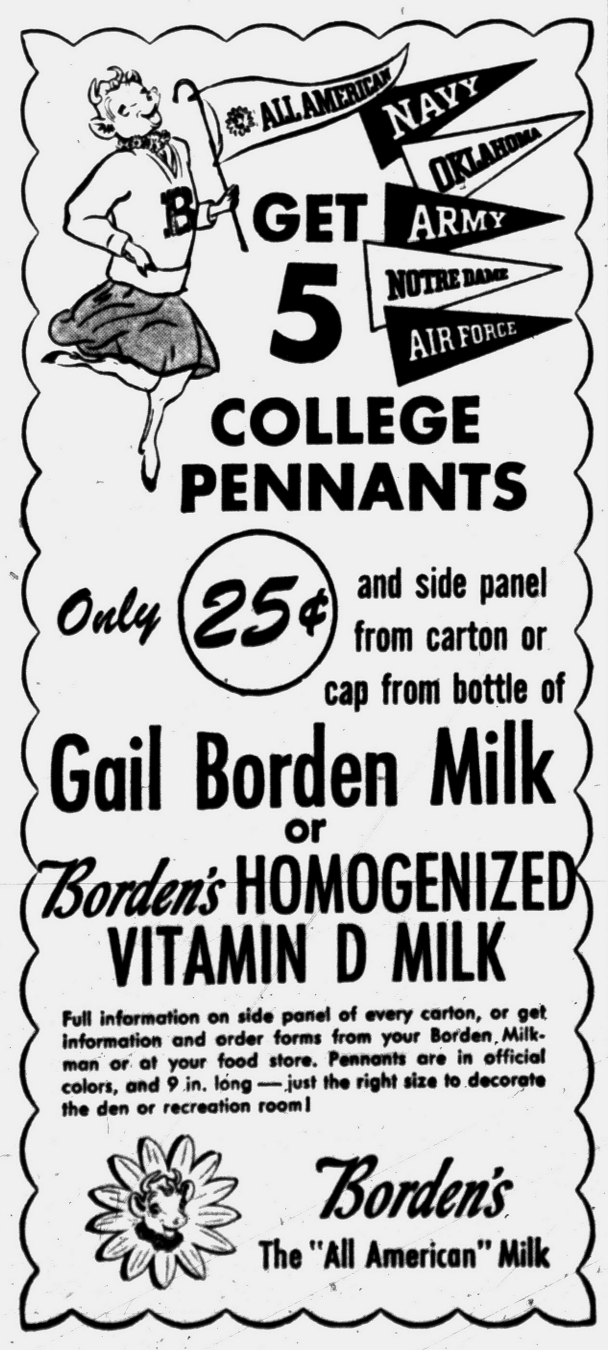

Polygamy once had the sanction of the majority church in Utah, the Church of Jesus Christ of Latter-Day Saints. But the church outlawed it before Utah became a state in 1896.

## 'More Jobs' Group Sets 7 Hearings

LANSING (UPI) — A Senate committee created to help bring more jobs into the state expects to hold hearings in seven cities, Sen. Carlton H. Morris (R-Kalamazoo) said today.

Morris, committee chairman, said hearings were expected to be held in Hancock, Munising, Gaylord, Battle Creek, Detroit, Flint and Grand Rapids. Dates were not set.

"We're going to be concerned with three things," Morris said. "They are taxes, labor relations, and government attitude."

**CHEVROLET CORVAIR** — This is the six-cylinder, six passenger Corvair, Chevrolet's entry in the American small car derby opening this fall. The rear engine model will be in dealer showrooms Oct. 2. Because of its rear engine, it has only a slight transmission tunnel. The horsepower is 80, and both regular and automatic transmissions will be offered. The wheelbase is 108 inches, and the car is 51 inches high and 180 inches long. It weighs 2,340 pounds, almost 1,300 less than conventional-sized cars. Price is expected to be between $1,800 and $2,000.

**CHRYSLER VALIANT** — Opposing the Ford Falcon and the Chevrolet Corvair is this Chrysler compact car, the Valiant. Economy of 30 miles per gallon is expected for this front-engine model. Horsepower, weight and selling price have not been announced, but are termed "competitive" by spokesmen. It will be offered in two series, and each will include a four door sedan, a four door, two seat station wagon, and a four door, three seat station wagon. They will be placed on sale Oct. 29. The Valiant is 53.3 inches high, 181 inches long and has a wheelbase of 106.5 inches.

# President Hails UF Campaigns

## 'In Finest Tradition of U.S. Generosity'; City Drive to Start Oct. 1

In a message from the White House last night, President Eisenhower called the United Fund and Community Chest campaigns to be conducted in 2,100 communities this fall "an enterprise which I believe is in the finest tradition of American generosity."

"There is a saying that he who gives is twice blessed," the President stated, "and this is certainly true of those who contribute to our united community campaigns.

**"For the spiritual warmth and satisfaction of generous giving is matched by the fact that in helping our fellow Americans about us we are building better, safer, more decent neighborhoods and communities for ourselves and our children.**

"I hope you will help the united community campaigns to set a new record of service to America this year."

The Pontiac Area United Fund drive will be held Oct. 1-22. A parade through the downtown area from 6 to 8 p.m. next Thursday will kick off the local campaign.

President Eisenhower also pointed out that in addition to the health and welfare agencies serving children, youth and families, the blind, crippled and handicapped, many of the local appeals will include funds for the USO and for the new medical research program of the National Fund for Medical Education.

The American Red Cross will join in the United Fund campaign in the Pontiac area.

### Will Use Organic Coolants

# Atomic Plant Will Turn Heat Into Steam

WASHINGTON (UPI)—A new kind of atomic plant that is expected to hasten the day of economical nuclear power is about to rise on the east bank of the Miami River in Piqua, Ohio.

It will be the first atomic plant operated by a municipal agency and the first practical power reactor using organic materials to moderate the fission process and translate its heat into steam.

**The plant, for which construction and operating contracts were signed in June, is scheduled to be operating at full power in December, 1961. It will generate 11,400 kilowatts of electricity for Piqua's power system. It is expected to serve the city for at least 20 years.**

The Piqua plant was born of the Atomic Energy Commission's power reactor demonstration program. The AEC is putting up $14,100,000 for it and will be the plant's owner. Atomics International, a division of North American Aviation, Inc., is building the reactor under an AEC contract.

The city of Piqua supplied the site and will provide the turbo-generator and other non-nuclear equipment at an estimated cost of about four million dollars. The city has contracted to buy steam from AEC for five years. Presumably, if the plant succeeds as expected, this contract will be renewed.

* * *

According to AEC chairman John A. McCone, the kind of reactor to be built at Piqua "has promise for the achievement of economic nuclear power." According to Atomics International, it is "one of the most promising" of all power reactor types thus far proposed.

The Piqua project took nearly 3¼ years to reach the contract-signing stage. Safety considerations delayed final approval. This was due in part to the plant's novel design.

**Reactors like those in atomic submarines and the big power plant at Shippingport, Pa., are moderated by graphite and cooled by water under pressure. In the Piqua plant a mixture of terphenyls, consisting of hydrogen and carbon in chemical combination will serve as both moderator and coolant.**

Molten terphenyl will slow neutrons in the nuclear reaction to their most efficient speeds and then, flowing from the reactor core, will transfer heat to an exchange where it will convert water into steam to run the electrical generator.

A big advantage of organic moderated and cooled reactors is that they can produce fairly high steam temperatures at comparatively low reactor pressures. This is because of the high boiling point of the hydrocarbon. Organic material does not become highly radioactive in a reactor. Nor does it present the corrosion problem posed by many other coolants.

Because it is liquid at operating temperatures, the hydrocarbon is a built-in safety factor. A sudden surge of power would cause it to bubble, thus lowering its moderating efficiency and slowing the reaction.

In addition, the hydrocarbon does not readily absorb neutrons, which are the indispensable agents of atomic fission. This "neutron economy" makes it possible to use uranium enriched only about 1.8 per cent in fissionable U-235.

**One difficulty with organic coolants is that they tend to break down chemically under the influence of heat. Atomics International plans to overcome this difficulty by diverting the coolant flow through a still which will remove any breakdown products that might clog the machinery.**

Atomics International estimates that a reactor of the Piqua type can produce electricity at a cost of 18.5 mills per kilowatt hour. Much larger organic reactors, capable of producing 300,000 kilowatts of electricity, might bring this cost down around 8.13 mills.

Power costs in U.S. coal-fired plants of comparable size have been estimated at 6.9 to 7.4 mills per kilowatt-hour.

The estimates for the Piqua plant make it clear it will not be competitive with conventional power in this country. But, according to Atomics International, 18.5 mills "is equivalent to power costs from conventional plants in many parts of the world" where fuel costs are high.

Euratom, the six-nation European organization which hopes with U.S. help to build nuclear plants with about one million kilowatts of electrical generating capacity by the end of the 1963, has shown interest in the organic reactor concept.

And Atomics International recently signed a contract to provide the British firm, English Electric Co., with technical information on "the manufacture and sale of organic nuclear power reactors."

## Historical Marker Honors Cranberry

PORT EDWARDS, Wis. (UPI)—The Wood County Historical Society has erected Wisconsin's 93rd historical marker, noting the origins of the cranberry industry in the state.

**The site, six miles west of here, marks the spot where S.N. Whittlesey and Ralph Smith started production in 1870.**

Wisconsin now has some 4,000 acres of cranberry bogs operated by 150 growers.

---

Melbourne was the first capital city of Australia and served as such until the year 1900 when a new site, Canberra, was officially selected.

## Would-Be Pig Thief Gets 30 Days in Pen

BRIGHTON, N.Y. (UPI)—Joseph Perry, 34, was thrown into the same "pen" from which he'd tried to get some pigs.

Perry was given 30 days in the Monroe County Penitentiary for sending word into the jail that he would pay cigarettes, liquor and money if the two trusties guarding the prison's 300 pigs would let him have some of them. The trusties told on him.

## Super Markets Encroaching

# Will Farm Mart Vanish?

KNOXVILLE, Tenn. (UPI)—What the repeating rifle did to the buffalo, the modern supermarket is doing to Tennessee mountian farmer Charlie Price.

Charlie belongs to a dwindling group of mountian men who make a living hawking their farm and forest products in Knoxville's 105-year-old Farmer's Market.

**"Yes, sir," Charlie said, "people don't come here like they used to. The supermarkets are taking the trade.**

"Some days I make a profit. Mostly I don't. But me, my wife and boy, we raise everything country folks can raise on a farm."

Three days a week, 62-year-old Charlie Price gets up at 4:30 a.m. He loads a battered pickup truck with produce and drives to Knoxville in time to be there when the market opens at 6.

His canned goods, eggs, sassafras roots, kale, dry land cresses and poleweed sprouts are spread out on the sidewalk and in the bed of the pickup truck.

He sells country butter at 50 cents a pound. His wife has churned it by hand in a stone crock.

**"I'm going to get me one of those electric churns one of these days," he says. "I just got one cow now. She's a good butter cow too. But it wouldn't pay to have an electric churn with just one cow."**

The sassafras roots are from young trees. "I just go out in the woods and dig them. The roots are the only part that's any account. Boil them in water and that's sassafras tea. It's good for the blood."

Charlie used to sell homemade molasses, but the government forbids it now. Federal food and drug inspectors told him he would have to "screen in my molasses mill, have a concrete floor and run everything with motors," he said.

It was much simpler in the old days "out in the middle of a field," he explained. "Would just hitch a horse to the end of the big long pole that turns the mill, then start him walking round and round in a circle and mash the juice out of the sugar cane."

Like the old-fashioned homemade molasses, a lot of the produce, business and tradition of the Farmer's Market is fast disappearing.

Market master C. E. Parker says fewer and fewer farmers even bother to bring their wares to town. And businessmen and city officals are in favor of tearing down the place to make room for more parking lots.

---

The glass container is believed to be man's oldest kind of package. The Egyptians used sand molds to form jars and bottles 4,000 years ago.

# Lt. Col. Custer Is Riding Again

## Outdoor History Show Is Second of Its Kind in North Dakota

MANDAN, N. D. (AP)—Lt. Col. George A. Custer rides again nightly, although wiped out by Indians with his command on the Little Big Horn in Montana Territory in 1876.

Mandan, six miles west of Bismarck, North Dakota's capital, has joined in a community effort in the presentation of "Trail West," the story of fiery George Custer's final days in command of Ft. Abraham Lincoln five miles south of here.

**In the new tradition of outdoor historical drama, as opposed to historical pageantry, Custer quarrels with his army superiors, rules his community with an iron hand, then with his vav alrymen rides off to keep his date with destiny and the Sioux.**

Custer is played by Dick Wicklund, 26, of Moorehead, Minn., graduate student of drama at North Dakota Agricultural College at Fargo.

* * *

Sitting Bull, who led the Sioux in an uprising in resentment against white man's extinction of the buffalo, is played by Carl Whitman Jr., 46, of Parshall, N.D., an accountant and rancher of Indian ancestry.

**"Trail West," presented at an amphitheater at Ft. Lincoln State Park, near the site of the orginal fort where Custer was stationed in the middle 70s is North Dakota's second outdoor historical drama.**

"Old Four Eyes," based on Theodore Roosevelt's adventures as a rancher in the North Dakota badlands in the 1880's is being presented nightly throughout the summer, for a second season, at Burning Hills amphitheater near Medora, N.D.

# Naval Chief Insists U.S. Can Beat Reds

**SAN FRANCISCO (UPI) — Adm. Arlergh Burke, chief of naval operations, said Wednesday the United States Navy has the power to defeat its Russian counterpart in the event of a nuclear war.**

**"Right now, we could take them," the Joint Chiefs of Staff member told a news conference.**

**But Burke emphasized that modern weapons would virtually destroy both sides in any future conflict.**

**"And that's why general war is growing more and more remote."**

## Fire Engines Useless

GLASTONBURY, Conn. (UPI)—Less than a week after buying two old fire engines, Ralph Emerson lost several thousand dollars worth of rare books and antiques in an attic blaze.

## Catch Him Stealing Same Car, Same Keys

PENSACOLA, Fla. (UPI) — Edward LeRoy Washington, 38, of Cantonment, Fla., is a saving soul.

He was charged with stealing a car by using the keys he had kept after he stole the same car four months ago.

---

An average college student reads 24.8 books a year, according to a study conducted in Ohio.

## Walks Straight, Narrow

WOODGLEN, N. J. (UPI) — Restaurant owner Karla Triska Pikna, 38, is a woman who can say she got to where she is by walking the straight and narrow. Mrs. Pikna used to be a member of a high wire act in Europe.

## Gambles His Name

MOBILE, Ala. (UPI) — A. C. Gamble was fined $20 plus court costs after pleading guilty to a charge of gambling.

It's That Little Old X Chromosome

# WHY Do Women Live Longer?

By PHYLLIS BATTELLE

NEW YORK—Every day, as I live and read, I feel less like the fragile female my husband thinks he married, and more like an indestructible Amazon.

What woman wouldn't reading these latest facts:

Men are attacked by twice as many physical disorders as women. And their sensitivity appears to be growing bigger.

Mass incidents of horror, such as concentration-camp life or great industrial explosions, have been studied; it has been proven that women were cooler-headed than men.

**TO BE 40% MORE**

Many more males in mental hospitals than women.

And the white female in the U.S. has reached a new all-time high in life expectancy over her male. By 1975, there will be 40 per cent more women than men in this country—most of them old ladies.

**This fact leads current historians to warn that the girl who wants to avoid widowhood should ideally look for a husband who is six years younger than she—rather than a man three years older, as in the current social pattern of marraige.**

Why?

Many people theorize that modern life is harder on men. In a Good Housekeeping article titled "The Secret Strength of Women," it is pointed out that a Cornell University nutritionist thought the life spans of men and women might be equalized if women would "drink more, worry more, smoke more, exercise less, sleep less, become more tridimensional and pay less attention to religion than men do."

**SISTERS LEAD ALSO**

So the theory was tested—on men and women who didn't drink, smoke, worry—who only devoted their lives to religion. Jesuit Father Francis C. Madigan studied the life spans of teaching monks and nuns who for 50 years had lived lives equally free of self-indulgence, childbearing competition, overeating and the nervous strain of modern American life.

**It was discovered: The sisters had increased their lead over the brothers from 0.1 years in 1900 to 5.8 years in the 1950s. Just about the same gain as women made over men in the outside world.**

So it is something more. And the magazine points to the one extra chromosome in women—the X chromosome (or carrier of heredity), which is dealt automatically to females at conception.

This X-tra "ought to give a woman six more years of life than the male who doesn't have it," according to Dr. Leo Szilard, a physicist.

Yet women not only have this "automatic" edge in life span. They are constantly increasing their lead.

Statisticians suggest a reason for this. Life for all of us is longer now. And where life is long, death comes not from overwhelming 'insults' like a ruptured appendix or the bubonic plague, but from the degenerative diseases, so called because we used to think they killed with old age.

**Heart and artery diseases, which kill over half of us now and cancer, our second-biggest killer, have both hit men harder than women." Reason? Back to that X chromosome.**

There apparently are other genes on the X chromosome that effect resistance to various causes of death.

It all adds up to the fact that being a woman, a normal woman, is reason enough for living a long life."

★ ★ ★

"Women may live longer simply because they are the bearers of life," says a famous doctor. "If I were God, or Nature, I would arrange it so."

★ ★ ★

Maybe I would too. But being a woman, I pray for the day when medical science can come up with a big masculine X for our men. They deserve equal time.

**Conversation On a Train**

# Red Army Officer Believes U.S. Is Contemplating War

MOSCOW (UPI) — "Why does America want to start a war?"

The question, sharp and disconcerting, came from a Soviet Army officer in the crowded, noisy diner of a train rumbling across the prairies of Byelorussia.

It was a sudden reminder that Russian suspicions of Western motives run just as deep as non-Communist apprehension about the Soviet Union.

**The officer, along with scores of other Red soldiers, was on his way to leave in Moscow from a unit near the Soviet-Polish frontier.**

He was wearing the calf-length black leather boots and riding trousers most Americans have seen in newsreels of military May Day parades in Red Square, and he was eager to talk. It was his first meeting with an American on conversational ground since shortly after World War II.

"I knew some Americans in Vienna just after the war," he said. "They were good soldiers, good fighters and good drinkers. We had some wonderful times together. But Soviet soldiers are good too and if we were forced into a war we could make a very good one."

He stressed the words "forced into war."

"The Soviet Army is a peace-loving army and I am a peace-loving man," he added, while a fellow officer beside him nodded agreement. "But why are the Americans not?"

**"We could have occupied Paris at the end of World War II if we had wished. But instead we stopped. The Americans kept right on and occupied large areas of Europe. Why did they do this if they did not intend to use it as a base for war against us?" he asked.**

He said he was a family man and that the thought of war frightened him and all his friends. But he said the Soviet Army had to remain strong to defend the U.S.S.R. against attack.

"I have a wife and two daughters whom I love very much," he said. "If the Americans tried to march into my village I would sacrifice everything to save them."

★ ★ ★

The officer obviously believed such a danger was real, yet he was more than friendly to the American facing him across the table.

The Russian said he wanted to make it clear that he admired the United States very much. He said it was much like Russia. But he claimed there were two major differences between America and the Soviet Union.

**For one thing, his father, a peasant, was a member of the Supreme Soviet.**

"It is impossible that a man from such humble beginnings ever could rise to a similar position in the United States," he said.

Reminded of log cabin-born Abraham Lincoln and of former haberdasher Harry Truman, he said they were exceptions and not representatives.

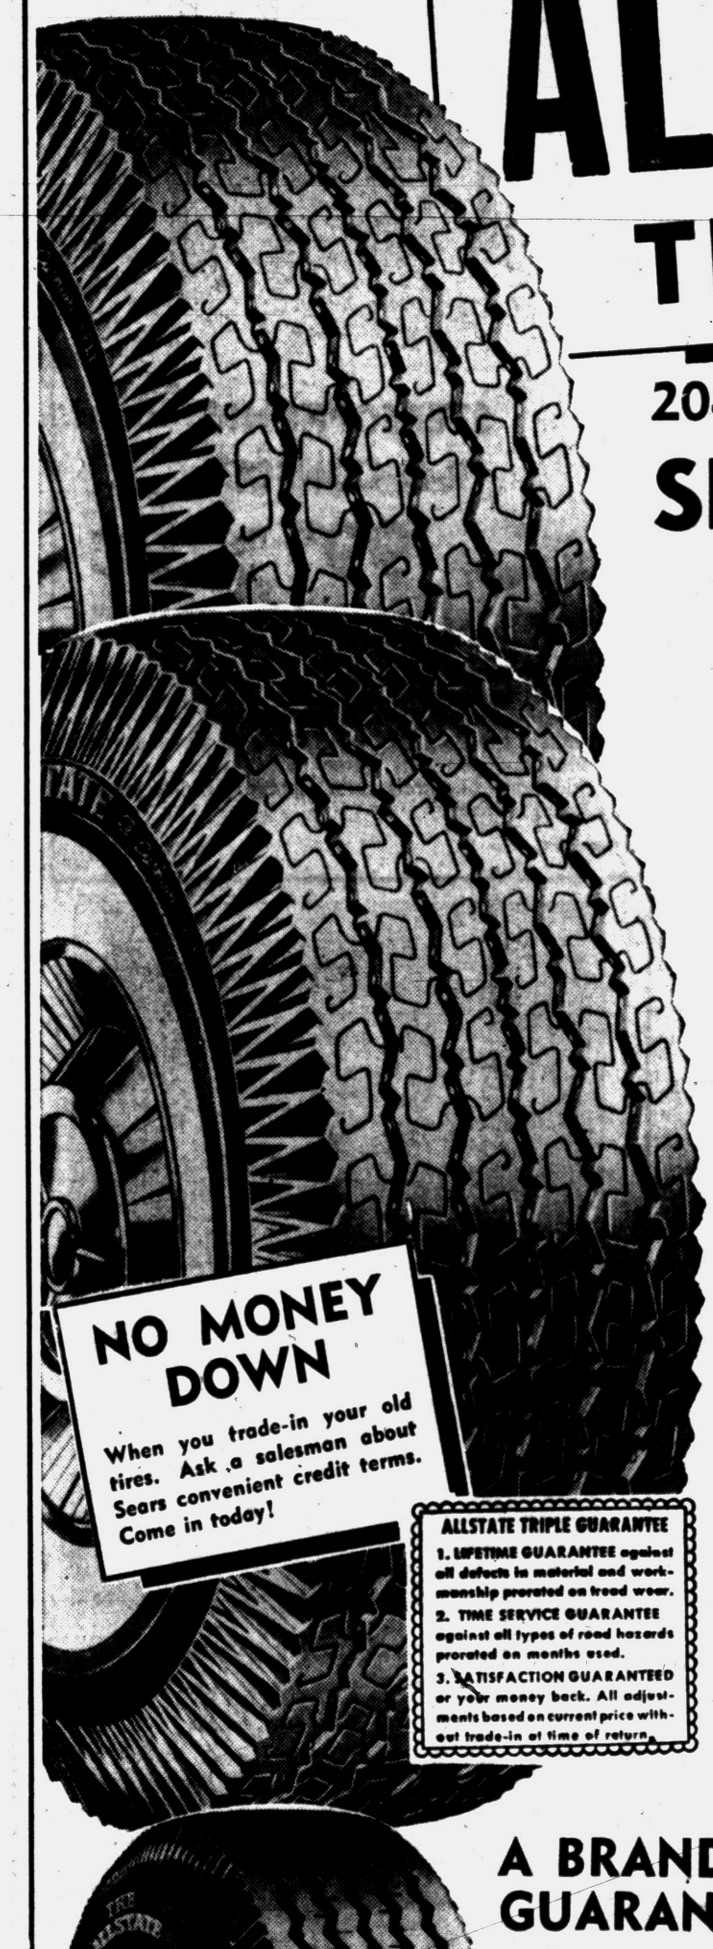

**The second difference, he said, was that the press in the United States was not free. Even if a correspondent in Moscow wrote something true about the Soviet Union it would be changed by the capitalist controlled editors in New York, he said.**

★ ★ ★

Arguments to the contrary made no impression, and a suggestion that the Kremlin might be the seat of some current world tension brought only raised eyebrows as if to say: "How preposterous!"

## Mental Health Chapter Selects Chairmen

Committee chairmen to head activities of the Oakland County Chapter of the Michigan Society for Mental Health have been named by Elmer Hartwig, president.

The legislation committee will be led by George Watson of Pontiac; Donald Baldwin of Rochester, program committee; Mrs. John Driver of Pleasant Ridge, nominating committee; C. R. Palmer of Royal Oak and Fred Thompson of Birmingham, publicity chairmen.

Mrs. Harvey Greene of Bloomfield Hills is executive vice president.

## Siren Gave Its All

NEW BRITAIN, Conn. (UPI) — During a recent civil defense test only one of New Britain's 17 air raid sirens worked — and officials weren't too happy about that one, either. They couldn't turn it off.

## Bar Association to Probe Delays in Court Justice

WASHINGTON (UPI) — The Federal Bar Assn. today announced plans for a major research study covering delays in justice in the federal courts.

Earl W. Kintner, president of the association, discussed the project as the organization opened its 39th annual convention here.

Kintner said the study was the outgrowth of a challenge put to the association last year by Associate Justice Tom C. Clark of the U.S. Supreme Court.

## Oh, Those Tax Forms

In a recent survey of 127 companies by the National Industrial Conference Board, 40 of them reported that the cost of making out tax forms, registering protests and so on totalled the equivalent of three per cent or more of their tax bills.

## 150 Federal Scholarships Offered Mental Teachers

WASHINGTON (UPI)—The federal government has allocated 150 scholarships to 50 state agencies and 14 universities to train teachers of mentally retarded children, it was announced Wednesday.

Lawrence G. Derthick, commissioner of education for the Department of Health, Education and Welfare, said the fellowships are part of a $1,000,000 congressional appropriation approved this year.

## *Ike Should Get Into Steel Deal, Charges Truman*

WICHITA, Kan. (AP)—Former President Harry S. Truman said Wednesday night that he settled a steel strike during his administration. He charged that President Eisenhower has been guilty of inaction in the current strike.

"I didn't sit down and wait for somebody to come along and find out what was wrong, and let the country go to pot," said Truman. "I settled the strike."

Truman told guests at a Democratic fund-raising dinner the settlement he arranged was for a moderate wage increase. But he said price controls had been killed — over his protest — and the steel industry promptly raised its prices $14 a ton.

Then Truman added: "If they (the steel companies) would raise the steel workers by a dollar an hour now, it would never return to the people what they've stolen."

## Predicts 80-Year Life for Babies Born in 1975

WINSTON-SALEM, N. C. (AP) —The United States will have a population in 1975 of 210 to 230 million people, and a child born then in this country may have a life expectancy of 80 years.

This was foreseen Wednesday night in a talk by Dr. John J. Hanlon, Philadelphia's director of public health services, to the North Carolina Academy of Preventive Medicine.

**GOING STRONG** — A determined do-it-yourself devotee at 60-plus, Mrs. Anna Marie Dickinson wields a mean brush as she paints her 2½-story house in Hartford, Conn. Perched on a big extension ladder, Mrs. Dickinson is working on the last side of the frame house after putting a fresh coat on the other three sides.

## McKeever Drownings Recall:

# *UP Scene of Disasters*

MARQUETTE (AP) — The drownings of 12 members of one family in Lake McKeever ranks as one of the most tragic incidents in the history of Upper Michigan.

But there has been worse.

Take, for instance, the Calumet tragedy on Christmas Eve of 1913.

**Copper miners in the Upper Peninsula were laid off and people in the area decided to have a Christmas party for children of the unemployed.**

The children assembled in the upper floor of the two-story Italian Hall in Calumet. For some unknown reason, somebody shouted "Fire!"

In the mass confusion that ensued, the children ran down the stairways. But the doors opened in, and in the crush everybody was trapped.

Eighty were killed. Most of the victims were children.

On Nov. 3, 1926, the Barnes-Becker mine disaster took 51 lives near Ishpeming. It ranks as the worst mine tragedy in the Lake Superior district. A shaft caved in and it filled with water, trapping the miners. Only three bodies were recovered.

**The Peshtigo fire disaster in 1871 took 1,200 lives, but it got little notice at the time because it occurred on the same day as the great Chicago fire which killed 250.**

Because of poor communications, the magnitude of the disaster did not become known immediately.

The fire was the worst in the history of the North American continent. It started in Wisconsin, destroying Peshtigo, Wis., near the Michigan border and then jumping the Menominee River into Upper Michigan. It roared like a tornado.

Forests cover 40 per cent of South America, about the same per cent as in the Soviet Russia.

## Niagara Falls Schools Won't Spoil the Child

NIAGARA FALLS, N.Y. (UPI) —Students at Niagara Falls public schools better behave this fall.

The Niagara Falls Board of Education has adopted a new disciplinary program under which corporal punishment exercised with restraint may be used on a student when other recommended methods have failed.

★ ★ ★

The Board said that no teacher is "expected to tolerate open defiance, profane language or physical violance."

### Hockey Players Study

TORONTO (UPI) — Bob Pulford and Billy Harris, members of the Toronto Maple Leafs Hockey team, spent the summer attending classes at the University of British Columbia.

## Cigarette Companies Plan Fancy Flavors

HOLLYWOOD (UPI) — The "Man of Tomorrow" may be puffing away on a cinnamon-flavored cigarette when he prepares for his next trip to the moon.

George Weissman, vice president and director of marketing for a major cigarette firm said many cigarette companies already are testing cinnamon and cocoanut flavors, as well as one that has the aroma of new-mown hay.

"There is a possibility the cigarettes we smoked a scant five years ago may become obsolete," Weissman said.

"The American public has let us know that they will buy flavor."

### Born on Christmas Day

Clara Barton, founder of the American Red Cross, was born in Washington, D.C., on Christmas Day, 1821.

## Luncheon Tables Boosting Art

PHILADELPHIA (AP)—One way to attract the lay individual to an art museum might be by having outdoor tables nearby. At least it works in Philadelphia.

Henri Marceau, director of the Philadelphia Art Museum, notes that a number of visitors have been drawn to the museum's collection by first being attracted by the outdoor tables of a restaurant nearby.

Even people living in the area, Marceau says, are taking advantage of the unusual lunch setting and then completing their noon hours with visits to one or more galleries.

### Earthquakes Costly

WASHINGTON—Earthquakes in the United States have caused property damage estimated at more than $600 million.

## Won't Give Parolees Hacksaw With Tools

FOLSOM STATE PRISON, Calif. (UPI)—Officials at the penitentiary here may be getting too security conscious, as they discovered when they started a pilot project of providing tools to parolees so they can make good on the "outside."

When it came time to outfit the first beneficiary of the program for his job as a sheet metal worker, Folsom supplied him with everything he needed — except, as they realized later, a hacksaw.

### Helicopter Encourages Kids to Get Polio Shots

FORT KNOX, Ky. (AP)—Children turned out in unexpected large numbers for polio shots at this Army base.

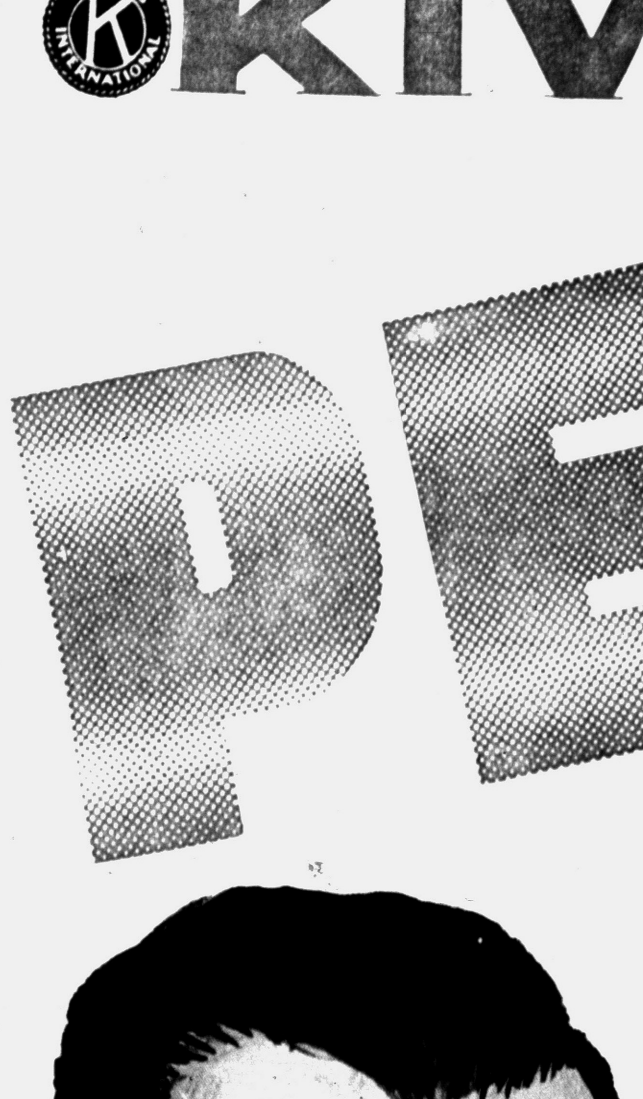

Health officials suspected one reason may have been the site of the clinic: a large helicopter from the Army's Aviation Command.

# Heartwarming Response Answers Plea for Bed

By REBA HEINTZELMAN

Hundreds of offers of a hospital bed have been pouring in from all parts of Oakland County after a plea for a bed was published in Tuesday's Voice of People column in The Pontiac Press.

When Mrs. Robert Scott of 28 Glenwood Ave. heard that a hospital bed would make 15-year-old Terry Van Scoyoc of 3139 Pontiac Lake Rd., Waterford Township, a little more comfortable, she wrote to The Press for help. Terry has had muscular dystrophy since birth.

A half-hour after the first Press edition was on the news stands offers for all types of hospital beds began pouring in from organizations and individuals living in Birmingham, Bloomfield Hills, Clarkston, Orion, Rochester and other outlying communities as well as from Pontiac.

"We answered the telephone from 2 to well past 11 p.m. that night and some people are still calling," Mrs. Scott said.

It all started when Mrs. Scott was visiting her husband at Pontiac General Hospital and heard her husband's roommate James B. Van Scoyoc Jr., discussing his son Terry's dilemma.

The Van Scoyocs said that they could not ask the muscular dystrophy group for a bed as the organization had already done so many things for the family, and, with four operations scheduled for the father, it was impossible to purchase the special bed.

That was when Mrs. Scott placed her request for help in the newspaper. Not only were there innumerable offers of hospital beds, but people asked if the boy needed anything else for entertainment, necessity or just plain comfort. "I had no idea people would respond in such a manner," said Mrs. Scott.

One of the first offers made, that of Mr. and Mrs. Wilfred McGran of 4551 Giddings St., was accepted by Mrs. Scott and within one hour the bed had been delivered to the Van Scoyoc's home.

As for the boy, who is a tenth grade student and has set his sights on becoming a lawyer, he can now sleep in a more restful position at night because the bed can be adjusted to the contour of his spine.

During the daytime Terry is moved about in a wheel chair and can go riding in the family car because of a hydraulic car lift, provided by the Pontiac American Legion Post 377.

A home-bound teacher visits Terry for a 45-minute period two days a week. Because he loves to study, Terry has enrolled in one of the toughest courses in high school. He is studying history, geometry, English, Latin and geography this year and hopes to begin his commercial law study next year.

Terry loves sports, but since he can never participate, he has become a proficient authority on names, places and dates of teams whose games are broadcast on radio and television. Now he can relax comfortably in the adjustable bed and watch the ballgames to his heart's content, according to his father.

Pontiac Press Photo

HAPPY YOUTH — A plea for a hospital bed to make life at home a little more comfortable for muscular dystrophy patient, Terry Van Scoyoc, 15, brought quick response from hundreds of Oakland County area residents. Here Terry is shown enjoying his new bed.

# Ex-School Head Appeals Case

## Says Rift Over Funds Is Caused by Jealousy of Board Members

ROYAL OAK TOWNSHIP—Recently-demoted Superintendent of the George Washington Carver School Oliver A. Johnson appealed his case yesterday to the Michigan State Tenure Commission.

Johnson was reduced to teacher status by the School Board Aug. 24 when an auditor's report showed irregularities in his handling of school funds. The school district has a deficit of $132,000 and was unable to meet its $23,000 payroll last Friday.

**The school district, heavily in debt, has been placed under a temporary administrator by the State Municipal Finance Commission in effort to untangle its financial affairs.**

In the meantime, the School Board has approved a $75,000 loan to pay the Detroit Street Railway $17,500 for school bus rental and $23,000 in overdue salaries.

Tenure Board Chairman Juste A. Rosati has indicated that a hearing on the Johnson case will be held sometime early in October.

When reached for comment, Johnson admitted the irregularities in the school funds and explained them by saying that "there was never enough money to pay expenses" and that he "merely borrowed from one fund to pay another."

**He blames political jealousy for his present position. He said the Board is divided into two sections, one side trying to get him fired so that assistant principal, Mrs. Arthur Green could have his job, the other backing Acting Superintendent Adelaide Long for the post.**

Johnson said in the hassle both he and the attorney for the Board, Harold S. E. Bledsoe, were fired by the Board July 12 and then rehired July 13.

# Shelby Fire Chief Called to Answer Probe Charges

By LEE WINBORN

SHELBY TOWNSHIP — The Shelby Township Board yesterday placed Fire Chief Clyde Schmidt on the carpet by asking him to answer charges which resulted from an investigation of his department conducted during the past week.

Supervisor Steve Skula reported to the Board on Sept. 15 that on that same morning he had inspected the Ryan road fire hall and had found an "accumulation of union officials" holding a meeting there with the chief and firemen who were "subject to duty."

**As a result of this report an investigation was launched into the administration of the fire department.**

Yesterday morning the Board, consisting of Skula, Clerk Lorin Evans Treasurer Jack Millard, Trustees William Peper, Jesse Bennett Sr. and Ernest Hack and Township Attorney William Wendt, called Schmidt to answer questions about the activities of his department.

Skula charged that Schmidt had threatened to "expose" Board members and had claimed he had a "briefcase full of information." What the expose concerned was not revealed, and Schmidt denied he had said it, but Skula and Evans both claimed they had heard the threats.

**WON'T ANSWER**

Schmidt refused to answer the charge that he was "not cooperating and was saying things in public places that were detrimental to the Board and the volunteer fire department."

**A reference was made to a recent civil service hearing on pay cuts and reduction of the force in the full-time department.**

Schmidt retorted, "That's going to court."

Evans drew attention to the fact that the fire department budget was "overspent" the first quarter of the year and that that was the reason for the pay cuts and reduction of the force.

The Board also charged that firemen were leading the public to believe that more full-time firemen would bring about a reduction in fire insurance rates and were blaming the Board for keeping the rates high.

**BOND ISSUE**

Schmidt admitted that reduced fire fighting personnel would not reduce fire insurance rates but extra stations and hydrants would. He added that this proposal would call for a bond issue, and that present revenue would not allow it.

**Also under fire was Schmidt's selection of fire department personnel following written examinations. The Board charged that the candidates were selected hit or miss with no apparent regard to how high they rated on the tests.**

Millard said that of the 12 men on the full-time department before the recent lay-off only four had passing grades on the exam.

Skula also brought up the subject of Schmidt's own qualifications. The Supervisor said the chief had claimed he had prior fire department experience in Harper Woods.

Skula produced two letters from Harper Woods officials saying they had never heard of Schmidt. Schmidt said he had lived across the street from the fire hall there and had gone out on runs with the department.

Schmidt refused to answer when asked if he had ever taken a test to see if he was qualified.

Schmidt denied the alleged union meeting at the Ryan road hall although Skula and Evans both say they saw it.

The Supervisor said "for the record", "We are just interested in good fire protection, and we don't care how many organizations the men belong to."

The problem will be aired further at a subsequent meeting, township officials said, and Schmidt asked for more time because he wants legal advice before answering some of the charges.

Pontiac Press Photo

MEETS THE CHAMP — Rochester Village Manager Paul York, far right, is introduced to world's heavyweight boxing champion Ingemar Johansson of Sweden at a reception held last night at Detroit Broach and Machine Co., Avon Township. Others in the group pictured here are, from left, Johansson's host in this country, Gustav von Reis, owner of the plant, and the champion's brother, Rolf.

# MSUO, NCCC Students, Staff to Be Picnic Guests

ROCHESTER — The climax of months of planning will be reached Monday when Rochester merchants stage a picnic to welcome students and faculty of both Michigan State University Oakland and North Central Christian College.

★ ★ ★

The guests will be picked up by bus on their campuses at about 5 p.m. Then they will be driven through the business district and out W. University drive to Avon Township Park. Carmichael Bus Lines has arranged the transportation.

**At the park the approximately 500 picnickers will be treated to beef barbecues, potato chips, coffee, ice cream, doughnuts and ginger ale.**

A program also has been planned by the joint sponsors of the event, the local Kiwanis, Lions and Rotary clubs, Avon Township and the Rochester Area Chamber of Commerce.

★ ★ ★

Among the performers will be Village Clerk Maxine Ross, pantomimist, and the Duane Peltier Quartette. Dick Miller of Detroit will act as master of ceremonies.

Committee chairmen in charge of the affair are Jack Taylor and Elmer Robinson, finances; James Madden and Thor Ulseth, food; Dan Holefca, entertainment; Nelda Carmichael, transportation and reception, and John "Bud" Taylor, decorations.

**As part of the program, local merchants are displaying welcome signs in their store windows. The buses also will be appropriately decorated and each student will receive a beanie lettered "Rochester Welcomes MSUO-NCCC."**

Other contributors include Pontiac Mill Works, Modern Fold Door Co., The Rochester Business Women's Club, Boice Building Supply, and Tom Kiger of the Standard Oil Co.

# Board of Appeals Tables Action on Petition to Build Drag Strip

WHITE LAKE TOWNSHIP—Action on a controversial petition to build a drag strip adjacent to the Pontiac Speedway auto race track on M59 was tabled last night by the Township Board of Appeals at a special meeting.

The board's decision is expected within the next two weeks, announced Township Supervisor Edward Cheyz.

★ ★ ★

At last night's meeting, Cheyz requested that board members watch both a drag strip race and a regular stock car race of the sort presently held at the track before deciding.

**"That way you will know exactly what you are dealing with," he said.**

The drag strip petition already has been rejected by both the regular Township Board and the Township Zoning Board on the grounds that additional noise caused by speeding autos on the proposed strip would sharply decrease land values in nearby residential areas.

**The request made by Raceways, Inc., of Detroit, operators of the Pontiac Speedway, was for rezoning of its property next to the present race track from agricultural to commercial to permit construction of the drag strip.**

An injunction issued by Oakland County Circuit Court at the township's request prohibits the race track firm from going ahead with its construction of the drag strip.

★ ★ ★

According to Township Supervisor Edward Cheyz, the injunction action was initiated because the firm already had started the construction work on the controversial site, even before seeking the zoning change by the township board.

Petitions both favoring and against the proposed drag strip have been filed with the township board. There are 154 signatures on the petition for the drag strip and 59 signatures on the petition against the proposal.

★ ★ ★

However, teenagers, who would be the main users of a drag strip here, have since gathered another 1,051 signatures on a petition in favor of the drag strip, Cheyz announced today.

**The township board recently passed an ordinance regulating racing at the Pontiac Speedway track. The rule sets a racing curfew at 10:30 p.m. and all cars must be off the premises by 11:30 p.m.**

The ordinance also restricts racing to three nights a week and requires safety inspections at the track and approval of the fire department before a race track can be operated within the township limits. It further establishes a race track license fee at $150 payable to the township.

# Adult Education Enrollment Set

## Can Sign for 10-Week Walled Lake Sessions 7 P.M. Tuesday

WALLED LAKE — Registration for 10-week adult education courses will be taken next Tuesday at Walled Lake Senior High School beginning at 7 p.m.

Classes will start the following week.

Among subjects to be offered are beginning accounting and small business procedures, bookkeeping, typing, refresher shorthand, commercial law, French and driver education.

**Other courses are: Cake decorating, piano, bridge, ceramics and sculpture, interior decorating, sewing, upholstery, wood shop, china painting and oil painting.**

To enroll, a person must be at least 16 years old and not presently in a public high school.

Course fees will be collected at the time of registration. The cost is $4 for two-hour courses, $6 for three-hour courses with the exception of upholstery and driver education which are $8 and $10 respectively.

**Times of various classes has not been decided yet, but will be announced at the time of registration.**

Additional courses may be offered if enough people are interested. At least 10 people must enroll for a subject and an instructor must be available before other courses can be offered.

Principal of the Union Lake School Robert Godsey is directing the program for the Walled Lake school system. Inquiries should be directed to his office.

# State Senator Asks Milk Industry Probe

LANSING (UPI) — A special committee to investigate unfair trade practices in the milk industry was proposed yesterday by Rep. George Gillespie (R-Gaines), chairman of the House Agriculture Committee.

Gillespie claimed competitive pressure in the industry has led to "below cost sales, subsidization of some classes of buyers through discounts, gifts, loans, rentals and other means.

**Gillespie introduced a resolution asking for a four-man committee to investigate the effect of such practices on prices paid to milk producers, and to report recommendations to the 1960 Legislature.**

## Western Michigan Tells Plans for Fall Festival

TRAVERSE CITY (UPI) — The Chamber of Commerce today announced plans for a fall festival in the five-county Grand Traverse Bay area.

Billing the October celebration as a highlight of Western Michigan's tourist attractions during the early autumn season, the chamber said prizes will be awarded for the best trophies by bow and arrow hunters, for best essays on the area's color tours and for the best colored slides of autumn color.

# UAW and Cross OK Mediation

## Will Confer Tomorrow With State and Federal Arbiters

MOUNT CLEMENS (AP) — The United Auto Workers Union and Cross Co. have agreed to meet jointly with state and federal mediators tomorrow in an effort to settle the labor dispute at the company's automation plant in Fraser.

★ ★ ★

Alan D. Chisholm, chairman of the State Mediation Board, and Harry Caton, federal mediator, ordered the meeting in telegrams yesterday to the company and the union. Chisholm said they acted under authority of federal and state labor laws.

**UAW Local 155 struck the plant Aug. 4 to back up demands for bargaining on a new contract.**

John Donnelly, company attorney, said that although Cross agreed to the meeting it will maintain what it calls a neutral position.

**'BETWEEN EMPLOYES'**

The company contends the dispute over recognizing the UAW as bargaining agent is between two groups of employes and it will not bargain with either side.

**The union says it has won two elections conducted at the plant by the National Labor Relations Board and argues that the company should be made to bargain.**

Neither side expressed any optimism that the meeting would bring about a settlement.

★ ★ ★

The mediators called the meeting after Gov. Williams urged action to effect a settlement of the dispute which has been accompanied by violence.

MRS. EDWARD J. HAMLIN

# Newlyweds Make Home in Royal Oak

WALLED LAKE — Now residing in Royal Oak are newlyweds Mr. and Mrs. Edward J. Hamlin.

★ ★ ★

The former Genevieve Anne Regan, she is the daughter of Mr. and Mrs. James W. Regan of 4226 Greendale St. Her husband is the son of Mr. and Mrs. Archie D. Hamlin of Marine City.

**The couple has just returned from a honeymoon through the New England States.**

The bride wore an Alencon lace ballerina length gown with a Sabrina neckline and a gold cross, a gift of the bridegroom.

Her fingertip veil of French illusion was held by a seed pearl tiara and she carried a cascade bouquet of white roses and carnations.

**Janet Main of Plymouth was the bride's only attendant. Best man was Michael Gillman of Marine City.**

Ushers were Leigh McFern of Royal Oak and Robert Kuberski of Marine City.

A reception was held at the home of the bride's parents.

The bridegroom is attending Detroit College of Applied Science.

## Mayor of Grand Rapids to Seek 2nd Full Term

GRAND RAPIDS (UPI)—Mayor Stanley J. Davis said today he will seek reelection for a second full term as mayor of Michigan's second largest city.

The official said he wants to stay in office to help Grand Rapids annexation and to develop the downtown area. The 51-year-old mayor said another term in office would enable him "to see the broad program for Grand Rapids' future realized."

# Steel Shutdown Pinching GM

## Trenton Ternstedt Will Lay Off 2,700 Friday, Columbus Work Halted

DETROIT (AP) — The biggest of the auto industry's Big Three is beginning to feel the pinch of material shortages caused by the steel strike.

The Trenton, N. J., plant of General Motors Ternstedt Division will lay off more than 2,700 employes starting tomorrow.

At Columbus, Ohio, Ternstedt already has halted production with layoffs due for some 2,800 employes within the next week.

Steel shortages, however, so far have not forced GM to curtail production of 1960 model cars.

The Ternstedt Division makes body hardware, such as molding and glove compartments and exterior trim. It works well in advance of actual car assembly.

A spokesman for GM's Central Foundry Division said the main foundry at Saginaw went on a four-day week this week and probably will work only four days next week. He said this was because other GM division have cut back orders for castings.

Chevrolet Division yesterday denied reports that it has established a shutdown schedule. Some reports said Chevrolet would start closing plants Oct. 1.

Other auto companies report sufficient supplies to build cars into November.

# Newlyweds Make Home in Holly After Honeymoon

HOLLY — Following a honeymoon to Niagara Falls, Mr. and Mrs. Ralph Boyd are making their home in Holly.

Mrs. Boyd, the former JoAnn Gavette, is the daughter of Mr. and Mr. Irving Gavette of 210 Baird St. and the bridegroom is the son of Mrs. Elizabeth Boyd of 404 Hadley St.

**For her wedding the bride wore a floor length gown of Rose Pointe lace with tulle featuring a Sabrina neckline and long tapered sleeves. A half crown of tulle and lace accented with sequins and pearls held her silk illusion veil and she carried a colonial bouquet of pink roses and stephanotis centered by a white orchid.**

Sharon Gavette, sister of the bride, was maid of honor. Bridesmaids were Mrs. Philip Sutton, Deneen Young of Holly and Mrs. Robert Johnston of Fenton.

Best man was Forrest Beebe and ushers were William Anton, Donald Peace and Robert Morse all of Holly. Flower girl was Kathy Gavette of Drayton Plains and Stephen Beebe was ring bearer.

A reception was held in the church parlors.

MRS. RALPH BOYD

## Church Group to Sponsor Prize Movie in Oxford

ORION TOWNSHIP — Through the cooperation of the Oxford Theater management, the Rosary Altar Society of St. Joseph's Catholic Church will sponsor a movie, "The Miracle of Marcellino," to be shown twice on both Monday and Tuesday evenings and once at a children's matinee at 3:30 p.m. Tuesday.

The two showings on Monday and Tuesday are at 7:15 and 9:15 p.m.

**Chairman Mrs. Henry Vanitvelt and Mrs. O. S. Thompson are distributing tickets in Lake Orion. Mrs. Henry Dahl and Mrs. Lynn Haines are handling tickets for Oxford.**

The movie, which was filmed in Spain, received the grand prize in both the International Cannes and Berlin Film Festivals.

## Southfield Council OKs Rezoning Bid

SOUTHFIELD — The City Council city here has approved an out-of-court settlement with developers Lieberwitz-Lezell, which will permit them to build offices on their property on Southfield north of 12-Mile road.

★ ★ ★

The firm has been trying for two years to have the property rezoned from residential to commercial with a view to building a $1½-million shopping center.

When the City Council refused to rezone, Lieberwitz took the matter to court. Residents of the area filed a separate suit charging that a shopping center would break residential deed restrictions.

★ ★ ★

The agreement between the Council and Lieberwitz is expected to be signed today by Circuit Judge William J. Beer.

NANCY ANN THOMPSON

Mr. and Mrs. Lester Thompson of 5783 Garthboy St., Commerce, announce the engagement of their daughter, Nancy Ann, to Stephen F. Bundra. He is the son of Mr. and Mrs. Andrew J. Bundra of Greenlane, Pa. A Nov. 1 wedding is planned.

# Avon Scholarship Winner to Play Anne Frank Role

ROCHESTER — A former Avon Players' scholarship winner, Mary Stewart, will play the title role in the group's forthcoming production of "The Diary of of Anne Frank," Director Richard F. McGowan announced today.

Mary, who won the award in 1958 and spent that summer studying with Michigan State University's drama department, is well qualified to play this difficult part, McGowan said.

**Most recent of her successful stage portrayals was that of the female lead in Rochester High School's spring play, "Junior Miss."**

She is attending MSUO this fall and expects to continue her drama study there.

**HUSBAND, WIFE TEAM**

Other members of the cast include Don Weston, Jock Bohr, Don MacMillan, Mrs. Averyl Clute, Bonnie Stratton and Jim Jackson, all experienced actors.

**A husband and wife team will also be featured in important roles. They are Mr. and Mrs. Jack Humphreys, both of whom are veterans of the local boards.**

Making her initial appearance with the Rochester group is Margaret Boyle.

★ ★ ★

Dates set for performances of "Diary" are Oct. 23 and 24.

**Ticket Chairman Humphreys says tickets are now available. He adds that holders of season tickets will have an advantage over individual ticket holders in that they will have their seats reserved for every presentation.**

This is the first of many steps to be taken this year in the area of fund-raising for realization of the Players' own playhouse, officials of the organization reported.

# Labor Takes Soft Attitude to Curb Race Discrimination

SAN FRANCISCO (AP) — Organized labor has decided to maintain a soft, persuasive approach to curbing racial discrimination within unions instead of adopting a hard, mandatory ban.

★ ★ ★

That is how a torrid debate wound up Wednesday night at concluding sessions of the AFL-CIO convention in a showdown over union racial discrimination practices.

The dispute pitted George Meany, AFL-CIO president, against A. Philip Randolph, Negro Sleeping Car Porter's Union chief and an AFL-CIO vice president.

Randolph demanded elimination of racially segregated union locals. Meany said he deplored discrimination as much as anyone but opposed punitive action against locals that have democratically chosen to remain segregated for decades, some since the end of the Civil War.

★ ★ ★

Finally, with Meany shouting from the rostrum, and Randolph from a floor microphone, Meany exploded:

"That's your policy. Well it's not my policy. I'm for the democratic rights of Negro members to maintain a union if they want to.

"Who the hell appointed you as the guardian of all the Negro members in America?"

★ ★ ★

Randolph tried to interrupt but Meany continued talking.

"I've asked, do you think this union should destroy locals that have lasted so many years despite the fact that the members want to maintain them?" shouted Meany. "And you call it democracy? Well it's not my type of democracy.

★ ★ ★

"Because those Negro members have the same rights of any other members of this federation. Even though you think you should think for them."

Then Randolph broke in saying, "I would say this, and we don't have to become emotional about it: I don't believe members of a union have the right to maintain a Jim Crow local."

## Thief Misses $200 in Waterford Auto

Waterford Township Police today were searching for an "incompetent" thief who stole $105 in coins but left more than $200 behind.

★ ★ ★

William Dean Jr., 4355 Forest St., Waterford Township, told police he discovered the money missing yesterday from the cigar box he kept on the seat of his car, parked in the garage.

He said the cigar box contained a total of $323 in small change. When he opened the car door to leave for work, Dean said, he found a roll of quarters on the ground and a roll of nickels broken open on the front seat.

---

The teeth of the rodent group (mice, squirrels, etc.) of animals never stop growing.

## Hoffa Favoring Return to AFL

### But He Stipulates That His Union Be Allowed to Govern Itself

ATLANTA (UPI) — Teamster Union President James R. Hoffa favored a return to the AFL-CIO today, but stipulated that his Union must be taken back as a self-governing body.

Hoffa is here for a session of the multi-million-dollar Union pension fund trustees. He said he would favor a return to AFL-CIO if the literal provisions of the Union constitution and "preserving . . . rights under the Constitution of the United States" was followed.

**He predicted the workers of America would repeal the new Landrum Griffin labor reform law.**

Every congressman who voted for the bill will be defeated "when workers of America find out what the bill is all about," he asserted.

Hoffa said his union would "reserve the right to dispute provisions of the bill," but would comply with the law.

He added that he was not in favor of a Teamster Local leaving the mother union under threat of investigations by court-appointed monitors.

Hoffa also denied advocation of any type general strike in the U.S., but favored pooled efforts by unions during labor troubles.

## Pontiac Woman, 31, Robbed of Billfold

A 31-year-old Pontiac woman was robbed of her billfold containing $10 last night as she entered her car in a downtown parking lot.

Reiko Bermier, 31, of 262 W. Walton Blvd., told Pontiac police she had just entered her car behind a building at 9 N. Saginaw St. when a man reached through an open back window and took the billfold from her hand.

The theft occurred at about 9:30 p.m., she told police.

As tall as real children! Just as beautiful!

Twin sister companions for little girls

IDEAL Family of Playpal Dolls!

Meet Patti and Penny — the three and two year old dolls by Ideal — who are as tall as real children their own ages and just as properly proportioned. They wear beautiful outfits and can easily fit into clothes of actual children the same age. Each lovely doll has big, bright sleeping eyes and washable rooted Saran hair. They are unbreakable and surprisingly lightweight.

**It is our sincere belief that these dolls will not be available late in the year. For that reason we are encouraging lay-a-ways by offering these $30.00 dolls for ..... $23.95**

One week only at this price.

# Dad Wears Many Faces During Family Vacation

The Great American Show — off to vacationland—is on the road, and the family is becoming reacquainted with the 20 or more roles Dad plays on this annual safari.

★ ★ ★

It is father who becomes the Voice, the Critique Extraordinaire and the Lord High Executioner in the annual trek to get away from it all.

**Fathers who haven't spoken to their families in months suddenly come to life, get in the spirit of summer fun down to the last mosquito bite, flat tire, poison ivy and sun burn.**

Trouble is that father's sudden switch in routine is likely to upset the tranquility of the rest of the family.

**PERSPECTIVE SOARS**

The shock of two weeks from work with pay is likely to send the poor man's perspective into outer space. He may not even get it back before he goes back to the old sweat shop.

★ ★ ★

Here are some of father's faces. Grin and bear it and a good time will be had by all as he takes on his various roles:

**FASHION COUNSELOR: Why didja ever buy a pink bathing suit? It doesn't go with those freckles.**

**GUARDIAN:** I thought you were watching the children. Johnny's been in the water for five minutes, almost over his head.

★ ★ ★

**ECONOMICAL:** This is a good spot to buy a fishing rod. I can use a spare anyway, and it'll be Tommy's when he grows up.

**INQUISITIVE:** To whom are you writing all those postcards? You never mail them anyway.

**FINANCIER: What happened to the $5 I gave you yesterday? You haven't paid the tolls on this trip.**

**SOLICITOUS:** Who put that toad in Mommy's bed? Get it out of there right away before I lose my temper.

**ABUSED:** I haven't got a pair of clean socks, and the dirty ones are full of holes.

★ ★ ★

**KINDLY:** You wanted to bring the dog. Feed him. I'm not going to be a dog warden on vacation.

**OBSERVANT:** See, that's what I call a pretty figure. That gal can really shape up a suit.

**MAGNANIMOUS: This vacation is costing a fortune. No more ice cream cones, hot dogs, soda pop.**

**THOUGHTFUL:** Leave the dishes until you get back from the store. The children should help you.

**GOURMET:** Didn't you put mayonnaise on these sandwiches? You can't taste anything but dry cheese, ham, tomato and lettuce.

★ ★ ★

**INCREDULOUS:** You didn't really expect the plumbing to work at a vacation cottage, did you? Why worry about it for the short time we'll be here?

**MASTER:** I'm not going to make a stop now. I warned you all before we left, and it happens all the time.

**DESPERATE: I came here to fish, and by jupiter I'm going to do it!**

**IRRITABLE:** I know I said I'd bring the outboard motor, sweaters and life preservers, and I don't want to be reminded of it again.

**BUCK PASSER:** You use the car all week. Now that we have a flat, where's the jack?

★ ★ ★

**FLANNEL MOUTH:** You can't wear a two-piece bathing suit with that tire roll in the middle. Why don't you go on a diet?

**GREGARIOUS:** I didn't come on this vacation to socialize with a lot of strangers.

**SPOIL SPORT: No, I'm not going to stop at every antique shop along the road.**

**PRESIDENT OF THE VACATION-FOR-MOM CLUB:** At breakfast: What time are we having lunch? At lunch: What time are we having dinner? At dinner: I thought you were making a lemon meringue pie.

## Biggest Tanker in U.S. to Be on Seas Soon

NEWPORT NEWS, Va. (UPI)—The National Defender, largest tanker to fly the American flag and second only in size to the liner United States, will soon be on the high seas. She is 104 feet wide, 810 feet long and has a deadweight of 65,926 tons.

She can transport more than 20,000,000 gallons and each of her six cargo tanks is taller than a six-story building.

## Rides on Piano Wire

NEW HAVEN, Conn. (UPI)—The New Haven Railroad uses piano wire to keep its roadbed in tune. The tightly strung wire aids in leveling and straightening tracks.

## Sales Eating Equipment for Outdoors to Soar

EASTON, Pa. (UPI) — Sales of outdoor eating equipment—including paper goods, grills, barbecues, chef's apparel, fuel and other "burnt thumb" paraphernalia — will run well in excess of a record $100 million this year, according to the makers of a paper cup.

★ ★ ★

**The average family eats under the sky about 12 times during the summer, they add.**

## Steals Money on Credit

SYRACUSE, N. Y. (UPI) — Police said a burglar who took $21 from a branch library left a note promising to repay the money in installments of at least $5 each.

**Total farm income reached its lowest level in 1932 and 1934 in the U.S., the bottom of the depression era.**

# Dietitian Gives Chill Warning

## Says Ice Water With and After Meals Will Shorten Your Life

By ROBERT G. SHORTAL
United Press International

NEW YORK (UPI)—Lay off that glass of ice water with and immediately after your meals and you may live longer.

That's the advice of Dan Dale Alexander, author and dietitian. He says iced liquids are bad at any time, but particuarly with or right after meals because they prevent proper digestion of foods.

**Alexander, who wrote "Arthritis and Common Sense," a book which has sold about one million copies, said that in his opinion 95 per cent of all diseases are caused by poor eating habits.**

"America is the best fed but most poorly nourished country in the world," he said. "It has the highest ratio of arthritis, skin disease, poor eyesight, bad teeth and coronary ailments."

Alexander said the "only country which uses more sugar per person than the U.S. is Australia, and it has the worst type of arthritis.

**'TEACHING NEEDED'**

China, which uses the least amount of sugar per capita, has the least amount of arthritis."

The author said school children in the 7th and 8th grades should be taught how to eat a meal and how to drink a glass of water.

**"Strange as it may sound, water can be dangerous because it interferes with the proper digestion of the food and prevents the body from obtaining the maximum benefit from the foods eaten. Don't drink water—iced or otherwise—with meals or within three hours after eating," he added.**

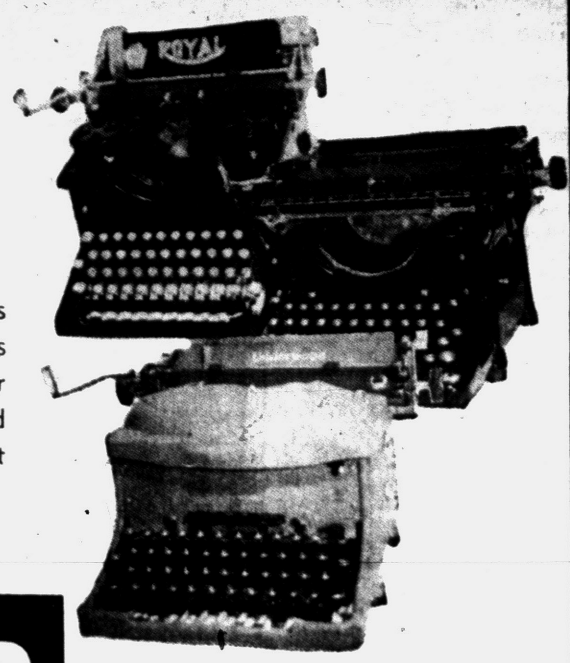

Alexander suggests these basic principles for better health:

No water at the table during meals, and take cod liver oil an average of once a week through the teens and once a month thereafter.

# Clock Installed in Fiddler Crab

## Can Change Color Like Chameleon, Also Tells Time by Tide

WASHINGTON—One of nature's oddities, the fiddler crab changes color like a chamelon, tells time with a built-in "clock," and goes on an eating spree when frustrated in love or war.

The fiddler crab lives in burrows along the coasts of the United States and many foreign lands. It gets its name from the male's greatly enlarged pincer, which is held in bent-elbow fashion suggestive of a violin bow. The male's other pincer is small, as are both those of the female.

* * *

Recently scientists have begun to turn up many fascinating facts about this crustacean, and a world-wide study is now being made by Miss Jocelyn Crane, assistant director of the New York Zoological Society's National Geographic Society, the Zoological Society, and the National Science Foundation.

**DARKENS DURING DAY**

The fiddler crab has tiny spots which enlarge during the day so that its body becomes dark. This helps camouflage the crab against a beach or mud flat. The spots shrink at night, making the little animal nearly invisible in the moonlight.

The crab is darkest when the tide is lowest. Since low tide occurs about 50 minutes later each day, the moment a crab becomes darkest also comes 50 minutes later each day.

**To try to find out how the crab synchronize their coloration with the daylight and tide, scientists put some crabs in a laboratory darkroom away from any influence of light or tide.**

The crabs continued to repeat the same lightening-darkening rhythem as they did on the beach. The rhythm was so constant that a scientist could tell the time of day and the position of the tide merely by observing crabs in the laboratory.

Scientists still don't know how the crabs do it, but they found a crab's "clock" can be stopped by immersing the creature in ice sea water. The clock resumes when the crab is warm again.

---

More than 6,000 hymns were composed by John Wesley.

**SUITED STUDY** — Janet Ryan, 7, top, and her brothers, John, 4, center, and Jeffery, 3, check buttons, buckles and other paraphernalia of a pressure suit fitted on a dummy at an Air Force show at Miami Beach, Fla.

## Aristotle Snaps 'No' to Divorce Rumors

NICE, France (AP) — Aristotle Onassis denied Wednesday that he intends to divorce his wife. His denial was a snappy "no."

The Greek shipping magnate, whose name has been linked with soprano Maria Callas, made the statement to newsmen as he left for Paris by air. He arrived in nearby Monte Carlo aboard his yacht this morning.

Onassis said he is on a business trip and will not go to London to hear Miss Callas sing tonight.

Questioned about his children's visit to the United States with Mrs. Onassis, he said "a father would be crazy if he wanted to separate his children from their mother."

---

The sewing machine, oldest of all labor saving devices still in use, was patented in 1846.

## 'Draft Rockefeller' Unit to Set Up Headquarters

CONCORD, N.H. (AP) — Leaders of a New Hampshire "draft Rockefeller" movement announced today they will open a temporary campaign headquarters tomorrow.

The office in behalf of Gov. Nelson A. Rockefeller of New York will be managed by state Sen. Robert English of Hancock. English said he believes it will be the first such headquarters opened anywhere for any potential candidate for the Republican presidential nomination.

"We believe that eventually Gov. Rockefeller will have to respond to the mounting pressure that he be a candidate," said English, a former U. S. State Department service officer.

**GOGGLE-EYED** — Outfitted with a pair of snazzy goggles just like his master, Tim the pooch seems to be getting last-minute instructions from Mike Venial aboard a motorcycle in Peoria, Ill. Although apparently willing to learn, the clever canine can't drive as yet.

## Bell Co. Rate Increase Testimony Ends Today

LANSING (AP)—Cross examination of company witnesses was scheduled to wind up today in the Michigan Bell Telephone Co. application for an estimated 25-million-dollar annual rate increase.

★ ★ ★

Staff members of the State Public Service Commission, hearing the utility case, now will start presenting their findings.

## Round Trip Number 500 for Queen of Bermuda

NEW YORK (UPI) — The Furness Lines' Queen of Bermuda recently made her 500th round-trip between New York and Bermuda during which she has carried more than half a million passengers.

**The 22,575-ton, 580 foot liner began service before World War II. During the war, she was requisitioned by the British Ministry of War Transport as an armed merchant curiser and as a troopship.**

★ ★ ★

In 1948, completely refurbished, the Queen re-entered New York-Bermuda service.

## Home Housed Wounded

**The family homestead of the 19th century poet James Russell Lowell near Harvard Square in Cambridge, Mass., was used as a hospital during the Battle of Bunker Hill in 1775.**

### $125 a Day at Waldorf Towers

## *K's Tour Costs Us Plenty*

DES MOINES (AP) — Nobody can get a very clear idea of what the Nikita Khrushchev trip is costing the American taxpayers — but the general assumption is that it's a hefty sum.

★ ★ ★

Requests for figures from the State Department, which is running the show, meet with refusals and with the explanation that when you invite someone to dinner you don't tell him what it costs.

**Just to quarter the Khrushchev party runs into money. It was 125 dollars a day, for instance, at the Waldorf Towers in New York. Travel expenses are large, too. Security measures add to the total.**

Here is Des Moines, city manager Elder Gunter said the cost to the city would not be any great amount. A lot of policemen, firemen and street cleaners were put on overtime, but compensation for that will be in time off rather than cash.

Maj. Gen. Fred C. Tandy, Iowa's adjutant general, figured he'd have to pay National Guardsmen for 1,200 man days. The guardsmen called out for security duty get $4 up per day according to rank.

## Grand Rapids Fights State Traffic Controls

GRAND RAPIDS (AP) — The city has entered officially a Superior Court hearing on a permanent injunction against state-imposed parking and left turn bans on about seven miles of Grand Rapids streets.

★ ★ ★

City Attorney James K. Miller received City Commission approval to side with about 20 businessmen who claim the state regulations are arbitrary and would cause them loss of business.

The state had ordered the parking and turn bans along U.S. 131 which runs on a north-south direction through Grand Rapids as Division and Plainfield avenues.

★ ★ ★

Plaintiffs seek to enjoin Highway Commissioner John C. Mackie and State Police Commissioner Joseph Childs from enforcement of the regulations.

## *Grand Rapids Gaslight Era Plans Debated*

GRAND RAPIDS (UPI)—A plan by a group of businessmen to convert an area of downtown Grand Rapids into a "gay 90s era" showplace as an answer to urban renewal has had a mixed reception.

City Commissioner Robert Blandford has recommended a commission study of the idea. He said such a preserved piece of "Americana" might be the answer to blight problems and sagging property values in the proposed Victoria Square development along two blocks of lower Monroe.

**However, Commissioner Roman J. Snow said the idea was not feasible and added that he would oppose closing the street to auto traffic as proposed in the plan.**

The redevelopment idea calls for preservation of vintage store fronts, use of horse-drawn carriages and hitching posts in the area, erection of gas lamps along the curb and other symbols of the late Victorian era.

★ ★ ★

Mayor Stanley Davis said the plan was a "swell idea." He said he wants to examine it further.

Commissioner John Vandenberg said he questioned whether Grand Rapids, known as the furniture capital of the world, was large enough to support such a development on a permanent basis.

## Count Indians in Alaska

**There are about 44,000 Indians on Alaska reservations.**

# Law to Permit Entry of Aliens

## 57,000, Mostly Italians, Outside Quota Limits, Can Join Families

WASHINGTON (UPI)—An estimated 57,000 aliens will be permitted to join their families in the United States under terms of a bill signed into law by President Eisenhower.

They will be able to enter without being charged against the immigration quota for the country where they live.

**Italians will be the chief beneficiaries under the bill Eisenhower signed Tuesday. The House immigration subcommittee estimated that 27,000 to 30,000 Italians would become eligible for admission.**

The law permits entry outside quota limits of:

Preferential immigrants registered on consular waiting lists before Dec. 31, 1953, provided the attorney general approved petitions in their behalf before last Jan. 1.

Preferential immigrants are parents, brothers, sisters and adult children of U.S. citizens, and minor children of lawfully resident aliens. This provision could bring in up to 54,000 persons.

—Spouses and minor children of persons admitted to the United States under the 1953 refugee relief law, provided petitions in their behalf were approved by the attorney general before last Jan. 1. This provision will affect about 3,100 persons.

## Chile Relatively Calm

Since the formation of constitutional government in 1833, Chile has had only two serious changes in government and only one revolution since 1891.

### Biggest in Kentucky History

# Hundreds Flock to Zany Oil Boom

GREENSBURG, Ky. (NEA) — Here in Green County, not far from Uncle Sam's gold storehouse at Fort Knox, a treasure of black gold has triggered the biggest, zaniest oil boom in Kentucky history.

Lured by the sweet smell of money, hundreds are flocking to this tobacco-farming area, 70 miles south of Louisville. So far, their phenomenal luck — in only nine months—baffles experts.

**Green County today is the background for some of the most feverish activity in the U.S. oil business.**

The 15-mile long, one-to-two-mile wide underground reservoir is yielding more than 24,000 barrels of oil daily. According to one geologist's "shirtsleeve" estimate, the pool holds 20 million barrels.

In the rush to share in the wealth, oil-hungry drillers have blanketed the county with 1,000 producing wells. More are being added daily.

★ ★ ★

Many are owned, or shared in, by amateurs getting their first taste of oil. From the outset of the boom last July, the oil trade has tabbed Green County as "a poor man's field."

That's because all strikes have been at shallow depths, averaging less than 450 feet in what is known as "blue sand," a limestone deposit. It costs roughly $7,500 to bring in a producing well here—against an average of $100,000 in other fields.

**The success rate of drillers amazes experts. It's estimated that 35 to 40 producers are brought in for every one dry hole.**

The technical aspects of the rush have geologists scratching their heads. James H. Poteet, special consultant for the Kentucky Water Pollution Commission, claims "they're going to have to rewrite the books when this one is played out."

He referred to the "most uncommon" mixture of oil and salt water which drillers encounter. Many times there are several hundred parts of salt water to one part of oil. The usual ratio is about two-to-one.

As pumping progresses, the amount of water decreases and oil increases — the exact opposit of what usually happens. Few agree on the reasons for it.

Early in 1958, interested outsiders entered Green County and hit upon the idea of acidizing some of the wells. In this process, acid is forced into a well, eating into the limestone and freeing the oil locked in the underground deposits. The technique worked.

**In the frantic race for oil, there are several real fears, shared by both townsfolk and outside producers.**

The chief one is stream pollution. Because of the unusual amount of salt water encountered in drilling, Green County streams are getting like sea water.

Towns which obtain drinking water from the Green River have registered vigorous protests, as have industries, which claim the salt is rusting equipment.

★ ★ ★

Of equal concern to some are the fantastic prices being paid for small leases.

One spokesman explains: "With only so much oil in this pool, its becoming doubtful if a lot of these people will ever get the money out of their investment."

But none of these headaches has slowed the fabulous Green County oil boom to date.

WORKMEN PREPARE to drill one of the 1,000 oil wells in booming Green County, Ky.

## South Korea Asks U.S. for Typhoon Cash Aid

SEOUL (AP)—South Korea asked the United States today for emergency financial assistance for typhoon-ravaged areas in Southern Korea.

The request was made at a session of the U. S. economic assistance to Korea. The Koreans asked the aid from President Eisenhower's special fund. The U. S. representatives, who already are sending aid to stricken areas, promised to consider the request.

At the same meeting, the Korean government estimated damage from Typhoon Sarah at $174,504,000.

## Obstetrician Darling to Head Doctors' Group

LANSING (UPI) — Dr. M. A. Darling, Detroit obstetrician and gynecologist, becomes president of the Michigan State Medical Society next Wednesday when the group meets in Grand Rapids for its 94th annual session.

★ ★ ★

Darling, elected at the society's meeting last year, will be head of the 6,500-doctor group for the next 12 months. A president for 1960-61 will be elected at next week's meeting.

# Warrick's Will Being Contested

## Son and Daughter Cite 3 Objections; Validity Will Be Tested

The will of murdered Dr. W. Carleton Warrick has been protested as being invalid by his son and daughter of a previous marriage.

The 71-year-old Warrick, fatally shot by a man who barged into his downtown Pontiac office July 24, willed all his property to his attractive blond wife of 22 years, Joan Ruth, 44.

**In a petition filed in Oakland County Probate Court, W. Carleton Warrick Jr. and Virginia Carroll Warrick, both in Florida, filed three objections to the admission of the will to probate.**

The son and daughter contend that:

1. The execution of the will was not the free, unhampered, uninfluenced act of the deceased.

2. The will is in violation of the rules of natural justice as applied by courts.

3. Execution of the will was based upon mistake and misunderstanding, and was not an expression of the true feelings, intent, and purpose of the deceased.

★ ★ ★

David C. Pence, attorney for the two, said the will has been certified to Circuit Court where, in a month or two, a jury is expected to test its validity. He declined to elaborate on the three objections pending this determination.

**Although Dr. Warrick's attorney, James G. Hartrick, said he found only $15,000 in monetary assets in the doctor's name, federal agents have been investigating the possibility that Warrick might have been evading income taxes. They said they found stocks and bonds worth three quarters of a million dollars in his office.**

The murder still is unsolved. Police admit they are without clues.

★ ★ ★

James F. Deane, assistant director of the Detroit Internal Revenue office, said he still cannot comment on what his investigation has uncovered, if anything.

## Teens Surprise Officers

NEW YORK (UPI) — Police went into action yesterday when they received a report that three youths carrying guns and knives were seen on a rooftop. Expecting another outbreak of juvenile violence, police rushed to the scene, bounded to the roof and found three 14-year-old boys playing cowboys and Indians with toy weapons.

# *Khrushchev Sees Oddity: a Steel Mill That's Busy*

**From Our News Wires**

PITTSBURGH — Soviet Premier Nikita Khrushchev today inspected one of the few steel mills in the nation not shut down by the two-month strike.

A crowd of about 700 held back behind barricades at the Carlton House Hotel gave Khrushchev cheers and waves as he set off in an open Cadillac for a look at the City of Steel.

**Khrushchev smiled and waved up at people hanging out of office windows in all the buildings along Grant street in the heart of the city.**

It did not appear there would be any question of the world's No. 1 Communist crossing a picket line.

His route to the Mesta Machine Co., founded by the late husband of Perle Mesta, took him to West Homestead past the giant works of United States Steel Corp., which is picketed by some of the 91,000 United Steel Workers on strike in the Pittsburgh area.

**But the trip to West Homestead was carefully planned to take him over the Homestead high level bridge. Below and about 300 yards from the span lies the great blast furnaces and mills of U. S. Steel.**

Several thousand persons jammed the parkway leading into Homestead. It was the same kind of crowd Khrushchev had encountered in so many places — staring, curious, but not too expressive one way or another.

Khrushchev, the world's foremost Communist, rode in a fancy open automobile used last week by royalty.

**The car, which carried Princess Beatrix of the Netherlands around New York City, is light tan in color and has bright red leather upholstery. It can seat nine persons.**

This industrial center is the last stop on Khrushchev's cross-country tour before he gets down to the main business of his American mission — talks with President Eisenhower on world tensions

★ ★ ★

On one major matter—disarmament — there were reports that Khrushchev was expressing confidence that inspection controls could be worked out.

**Adlai Stevenson, the 1952-56 Democratic presidential candidate, said Khrushchev told him that at Coon Rapids, Iowa Wednesday.**

The Premier arrived Wednesday night after a flight from Des Moines.

**SECURITY JITTERS**

Police had a bit of security jitters at the time, and the trip from the airport to the downtown hotel was made in a closed car.

**In the open car today with Khrushchev were Mayor Thomas J. Gallagher and Henry Cabot Lodge, American U. N. representative.**

Wednesday was another rough and wearying day on a trip that sometimes seems as if it were designed to wear down the Premier's resistance — or at least the resistance of the newsmen and photographers tagging after him.

★ ★ ★

For Khrushchev finally got a chance to see Iowa's rich farm lands, its pigs, its cows, its corn, its towering bins of surplus grain, the huge, complex machinery that enable farmers to harvest these bountiful crops efficiently and cheaply.

**Mr. K spent so much time looking around—he fancies himself a farm expert — that he wound up racing toward town at 70 miles an hour.**

Most of his time was spent in Coon Rapids, which now must be the best know little town in the world.

★ ★ ★

But he also dropped around for a brief stop at Iowa State University in Ames.

**There he was presented with a plastic hog as a souvenir.**

And he agreed smilingly when an escort said, "The more I see of some humans the better I like pigs."

# Banker Pleads Guilty to $30,000 Theft

DETROIT (UPI) — A Clinton Township father of two who purchased a new home, two cars and an 18-foot pleasure boat was free on bond today awaiting sentencing on an embezzlement charge.

Dwight F. Halstead, assistant cashier at the First National Bank of Mount Clemens, pleaded guilty yesterday at his arraignment in Detroit before Federal Judge Frank A. Picard.

The 33-year-old Macomb County man faces a maximum penalty of five years in prison and $5,000 fine. He admitted stealing $30,000 from the bank during a three-year period.

Halstead said he "lived in fear" for nearly three years and he deliberately made errors in his phony bookkeeping so officials would discover his shortages. They went unnoticed.

Assistant U.S. Attorney Robert E. De Mascio said Halstead has promised to repay the money regardless of what his jail sentence is.

# New Small Ford for England

## Dagenham Factory Will Make Economy Anglia for Sale in Europe

LONDON (AP) — Britain's Dagenham factory of the Ford Motor Co. has hit back in the small car war with the first of a scheduled three-prong counterattack.

Initial Ford salvo in the battle for top spot in Europe's small, low-priced car market is the new "Popular," an economy version of the two-door Anglia costing a basic 348 pounds ($974).

**The new Popular, claim the makers, is the world's cheapest family car. Powered by a 1,172 C.C. four cylinder side-valve engine, the model comes in a range of eight colors.**

Two more Ford broadsides scheduled for the near future are expected to involve the more expensive Anglia and Prefect models.

Also announced yesterday — but at the other end of the price range —are a fabulous new Rolls Royce and a 120 m.p.h. Daimler sports car.

# *Eight County Physicians to Attend Medical Confab*

Eight physicians will represent the Oakland County Medical Society at the 1959 House of Delegates of the Michigan State Medical Society 94th annual session.

The three-day conclave begins 8 p.m. Sunday at the Pantlind Hotel in Grand Rapids.

**The elected delegates of Oakland County are doctors Paul T. Lahti, Royal Oak; Michael C. Kozonis, Pontiac; Felix J. Kemp, Pontiac; Walter J. Zimmerman, Royal Oak; Merle A. Haanes, Pontiac and Robert J. Mason, Birmingham. Alternates are Dr. Robert M. Brookmyer, Birmingham and Dr. Rockwood W. Bullard, Clarkston.**

"The annual session is a scientific refresher course featuring 31 guest lecturers," said Mrs. Mary Haines, executive secretary of the Oakland County Medical Society. "By attending this post graduate meeting, doctors will be better able to serve the community."

★ ★ ★

Papers to be read will furnish a concentrated review of all phases of medicine and surgery, and technical exhibits will present the new and currently interesting ideas in medicine and its allied fields, according to the secretary.

**The State Medical Society will fill seats on its governing board the last day of the session.**

Dr. Robert J. Mason, one of the delegates to attend the session, has been nominated to the position of 15th District councilor, comprising Oakland and Macomb counties. If elected, he will be seated on the board for a five-year term.

## Phillies Rehire Sawyer to Manage Club in '60

PHILADELPHIA (AP) — The Philadelphia Phillies today announced that Eddie Sawyer had been rehired to manage the National League Club for the 1960 season.

He was signed to a one-year contract, general manager John J. Quinn said. No salary terms were disclosed.

Louisiana is one of the most level states. Its elevation averages 75 feet above the Gulf of Mexico.

# Deaths in Pontiac and Nearby Areas

**FRANK BANUSH**

Frank Banush, 57, 78 Summit St., died yesterday in Henry Ford Hospital.

A restaurant operator, he leaves his wife, Mollie; two sons, Albert of Pontiac and Joseph in Pennsylvania.

The body will be at Sparks-Griffin Funeral Home until Saturday morning, when it will be taken to Cleveland for service and burial.

**ARTHUR J. BURLING**

Arthur J. Burling, 88, of 1070 Canterbury Dr., died Wednesday.

He was a past president of Eagles Lodge 1230 and the oldest Michigan member.

Surviving are three sons, Bud of Detroit, Arthur of Waterford and Roy H. of Pontiac; and one daughter, Mrs. Fred Schubert of Detroit, 16 grandchildren and 29 great-grandchildren.

Service will be held Saturday at 3:30 p.m. at Sparks - Griffin Chapel. Graveside service will be at Perry Mt. Park Cemetery under auspices of the Eagles Lodge.

**GUST CAPONIS**

Gust Caponis, of 124 Parkhurst St., died yesterday at Pontiac General Hospital after an illness of several days. He was 81.

He was a retired chef of the Red Lion Cafe and a member of St. George Greek Orthodox Church.

Surviving are his wife, Frances and a daughter, Mrs. Felogia V. Koltie.

Prayers will be offered at 8:30 tonight at the Voorhees-Siple Funeral Home.

Service will be held at 2 p.m. Friday at the St. George Greek Orthodox Church with burial in Oak Hill Cemetery.

**MRS. JAMES M. GENO**

Mrs. James M. (Dora) Geno, 73, of 708 W. Walton Blvd., died yesterday at Pontiac General Hospital after a brief illness.

Surviving besides her husband are a son, Walter of Troy; two daughters, Mrs. Irene Watson of Pontiac and Mrs. Norene Blackwell of Rochester; five grandchildren; a sister and five brothers.

Service will be held at 2 p.m. Friday at Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery.

**GEORGE L. LEE**

Service for George L. Lee, a former member of the advertising staff of The Pontiac Press, will be held at 1 p.m. Friday at the Bower & Greenwood Funeral Home in St. Clair.

The family requests memorials be made to the St. Clair County Crippled Children's Fund.

Mr. Lee, 63, of 916 N. Riverside Dr., St. Clair, died unexpectedly late Tuesday at his home.

He had been advertising manager of the Cedar Rapids Gazette and a member of the advertising staff at the Saginaw News. Later he operated his own advertising agency and engaged in photographic work in the St. Clair area.

Surviving are his wife; his mother, Mrs. Ida Lee in California; a daughter, Mrs. Betty Rex of Detroit; a son, Robert, also of Detroit; six grandchildren and two brothers.

**McKINLEY PRICE**

The funeral service for McKinley Price, 45, of 490 Nevada St., was held at 10 a.m. today at St. Vincent de Paul Church. Following the recitation of the Rosary at 8 tonight at the Frank Carruthers Funeral Home, his body will be taken to Plain Dealing, La., for burial Sunday.

An employe of Pontiac Motor Division, he leaves his wife, Lucretia; his parents, Mr. and Mrs. Miles M. Price; two sons, Melvin L. and Don R., both at home; three brothers, Clinton of Plain Dealing, Robert V. and L. J. Price, both of Pontiac.

Mr. Price was killed in an automobile accident Tuesday in Pontiac.

**JACK A. RAMMES**

Jack A. Rammes, engineer for the Square D Co. of Detroit for many years, died unexpectedly yesterday of a heart attack while fishing at Bayport.

He was a member of the First Congregational Church, the Elks Temple Lodge 810 and the Phoenicia Lodge of Detroit.

Mr. Rammes, 63, of 1435 Rosedale Ave., leaves his wife, Jo; a daughter, Mrs. Joanne Pyne of Linwood, Md.; and two brothers.

Service will be held at 1 p.m. Saturday at the Sparks-Griffin Chapel. Burial will be in White Chapel Memorial Cemetery.

**JOHN C. RODGERS**

Service for John C. Rodgers, 60, of 328 W. Wilson Ave., will be held at 10 a.m. Saturday at St. Joseph Church with burial in Mt. Hope Cemetery.

The Rosary will be recited at 7 p.m. Friday at the Pursley Funeral Home.

Mr. Rodgers leaves his wife; Felismina, a daughter, Mrs. Wilhemina Bone of Drayton Plains; three sons, Frank Pinho of Pontiac, Anthony Pinho of Royal Oak and John Rodgers Jr., stationed with the Army in Tacoma, Wash., and two brothers.

Mr. Rodgers was killed Tuesday in an automobile accident in Pontiac.

**DEWEY G. TAYLOR**

Dewey G. Taylor, 61, of 20 Bloomfield Terrace, died Wednesday at St. Joseph Mercy Hospital after a five-week illness.

He was employed as a sales representative for Dahlquist Sales.

Surviving besides his wife, Frances, are his father, Nathan Taylor; a son, Jereny V. Taylor of Pontiac; three sisters, Mrs. Harold G. Parson and Mrs. H. L. Blackwood, both of Pontiac, Martha J. Taylor of Findlay, Ohio, and two brothers, Glen M. of Cleveland and Zeller B. of Findlay.

Service will be held Thursday at 8 p.m. at Donelson-Johns Funeral Home. From there the body will be taken to Barnhart Funeral Home in Findlay for service and burial in Pleasant Hill Cemetery Saturday.

**CHARLES BEARDSLY**

OXFORD — Service for Charles Beardsley, 62, of 168 East St., will be held at 1 p.m. Saturday at the Immanuel Congregational Church under direction of Bossardet & Reid Funeral Home. Burial will follow in Elkton Cemetery, Cass City.

Mr. Beardsley died yesterday at his home following a long illness. His body will lie in state at his home until time of service.

He was past post commander of American Legion Post No. 108 and a member of VFW Post 1036 of Oxford.

Surviving are his wife, Mary; eight daughters, Mrs. Phyllis Darovitz of Huntington Woods, Mrs. Ora Beardsley of Oxford, Mrs. Helen Copeland of Cass City, Mrs. Jean Galpin of Pontiac, Mrs. Doris Dalgleish of Lake Orion, Mrs. Isabelle Richmond of Washington, D. C., Mrs. Noame Millen of Oxford, and Miss Laura Melzer of Oxford; and five sons, Merle of Leonard, William of Oxford, Donald of Dearborn, Harold of the U.S. Navy and A. D. Melser of Lake Orion.

Nineteen grandchildren, four brothers, Frank of Kentucky, William of California, Francis and Henry, both of Oxford; and four sisters, Mrs. Ellen Rees and Mrs. Ruth Rossman, both of Oxford, Mrs. Julia Dodds of Almont, and, Mrs. Elizabeth Spencer of Almont, also survive.

**JAMES LINTON**

AVON TOWNSHIP—Service for James Linton, 37, of 3330 Longview Rd., will be held at 10 a.m. tomorrow at St. Andrews Catholic Church. Burial will follow in Mount Hope Cemetery.

Mr. Linton died unexpectedly of a heart attack on Tuesday. The Rosary will be said at 8 p.m. today at Moore Chapel of Sparks-Griffin Funeral Home.

Surviving are two daughters, Colette and Patricia, and a son, James, all at home; four sisters and three brothers.

**SAMUEL G. MORGAN**

CLARKSTON — Service for Samuel G. Morgan, 79, of 6131 Overlook Rd., will be held at 2 p.m. Sunday at Sharpe-Goyette Funeral Home. Burial will follow in Lakeview Cemetery.

Mr. Morgan, a retired partner in Morgan and Son Service station, died today in St. Joseph Mercy Hospital after an illness of three weeks. He was a life member of Masonic Lodge No. 60 of Clarkston.

Surviving are a daughter, Mrs. William Wilson, and a son, Richard, both of Clarkston; five grandchildren and three great-grandchildren.

**MRS. DANIEL R. ODY**

WHITE LAKE TOWNSHIP — Service for Mrs. Daniel R. (Bernice E.) Ody, 53, of 2030 Kingston Rd. will be held at 2 p.m. Saturday at Pursley Funeral Home with burial at White Chapel Memorial Cemetery, Troy.

Mrs. Ody died yesterday at St. Joseph Mercy Hospital after a long illness.

Besides her husband, she is survived by two daughters, Mrs. Russell Button and Mrs. James Curry, both of Pontiac; two sisters, Mrs. Mary Kayga and Mrs. Frances Schram, both of Pontiac; and two brothers, Elwyn Loomis of Pontiac and Walter Loomis of Jackson.

## Unkindest Cut of All

MOBILE, Ala. (UPI)—Police said J. Oscar Wagner finished a 90-day term for vagrancy but was tossed back into jail when he tried to pass 10 hacksaw blades to fellow inmates.

---

Hoover dam and its power plant in Nevada cost about $114 million.

---

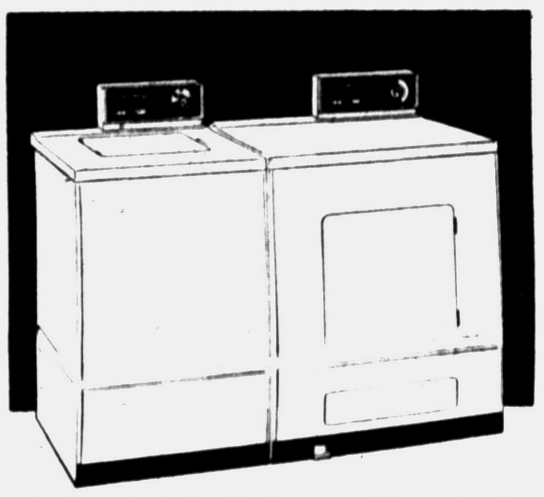

Service expenditures—what the consumer spends on housing, household utilities, medical care, personal care, public transportation and recreation—went from 31 per cent of the average American's bills in 1947 to 37 per cent in 1957. About two-fifths of the increase reflected higher prices.

---

Approximately 90 billion checks are written in the United States each year.

## To Start Building Again at Washington Cathedral

WASHINGTON (UPI) — Construction will be resumed soon at Washington Cathedral, the great unfinished Gothic church that overlooks the capital from the top of its highest hill.

Work on the cathedral, begun in 1907, was suspended two years ago when funds ran out.

**Resumption of construction has been made possible by bequests totaling $4,000,000 from the late New York banker James Sheldon, and his sister, the late Harriette Sheldon.**

Cathedral officials said today the Sheldon bequests will underwrite a four to five-year building program. The first project will be completion of the south transept—the arm of the cross-shaped church that overlooks the city.

**WILL TOP MONUMENT**

Also scheduled is a start on the 288-foot tower. Because of the cathedral's location at the top of Mount St. Alban, this tower when completed will be the highest object in Washington, surpassing the Washington Monument by 67 feet.

**The cathedral will be the sixth largest in the world when it is finished. It is now about 60 per cent completed. Officials said the new building will bring it to the 70 per cent mark.**

Total cost to date is about $12,500,000. An estimated $18,000,000 would be required to finish the structure at today's prices — assuming uninterrupted work.

★ ★ ★

Although it is a Protestant Episcopal church, and the seat of the Episcopal bishop of Washington, the cathedral is dedicated by its charter to inter-denominational service as "a house of prayer for all people."

**Members of many churches are represented among the 100,000 donors who have contributed so far to its construction.**

The Sheldons were Episcopalians, and actively supported the cathedral for many years.

## Khrushchev May Report to East Berlin on Talks

BERLIN (AP) — Premier Nikita S. Khrushchev may fly to East Berlin next month to report on his talks with President Eisenhower and to attend East Germany's 10th anniversary celebration, Allied sources said today.

East Germany's Communist leader are reported anxious to cap their big anniversary celebration Oct. 7 with an appearance by the leader of world Communism and have sent him an invitation.

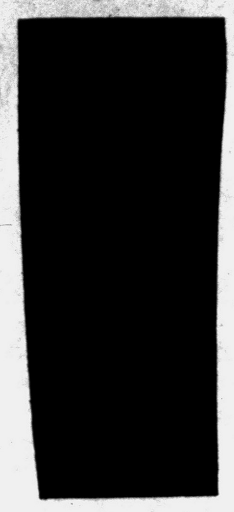

A Soviet embassy official in East Berlin said "it's an open question whether he will come or not." Other eastern sources said Khrushchev has a crowded schedule and may lack the time to visit east Germany.

## Senator Urges More Emphasis on Ocean Probes

BELMAR, N.J. (UPI) — Sen. Clifford P. Case said Wednesday that study of the oceans is "one aspect of our defense policies which needs much greater attention."

The New Jersey Republican said only two per cent of the deep sea floor is mapped, and "we know too little of this frontier, which in the judgement of many scientists is of equal importance to the conquest of outer space and other worlds."

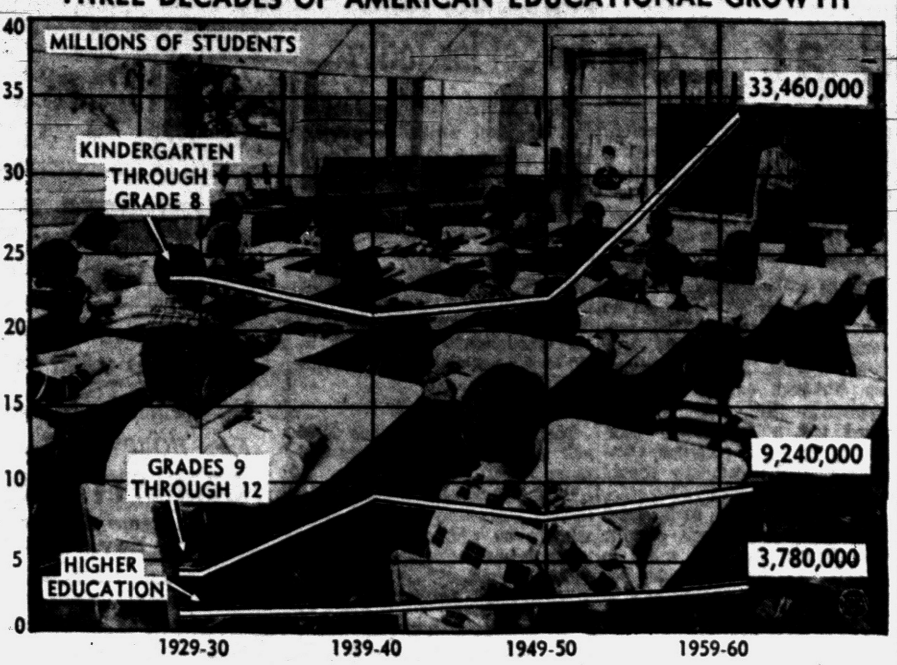

**Case said in remarks prepared for a five-city Kiwanis Club meeting that the increasing importance of submarines, "defense against underseas warfare may be the key to survival in the future."**

Russia is hard at work on oceanograpric studies, Case said, and "we cannot, we must not, be left behind in the exploration of the familiar yet essentially unknown world of the sea."

---

Eastern hemlock, the state tree of Pennsylvania, is harmless—unlike the old world hemlock whose juices killed Socrates.

### THREE DECADES OF AMERICAN EDUCATIONAL GROWTH

**AND MORE ARE COMING** — For the 15th straight year, the nation's school and college enrollment is setting records. An all-time high of 46,480,000 students — one out of every four Americans — will attend halls of learning in the 1959-60 school year (see Newschart above). This is an increase of nearly two million over 1958-59. The U. S. Department of Health, Education and Welfare estimates 1,368,000 teachers will be available, 195,000 less than needed. Last year the deficiency was 182,000.

## Sault Will Honor Spaceman Kincheloe

SAULT STE. MARIE (AP)—The memory of a Michigan space age pioneer will be honored Friday.

What is becoming one of the nation's great air bases will be dedicated in his name: Kincheloe Air Force Base.

Capt. Iven Carl Kincheloe Jr., a double ace in the Korean war and a pioneer rocket ship pilot, was killed when he parachuted from his disabled F-104 jet fighter plane at Edwards Air Force Base, Calif., last year.

**The big base, scheduled to be trippled in size to accommodate B52 jet bombers and Bomarc missiles, as well as the supersonic fighters it now has, was known as Kinross Air Force Base until a week ago.**

Capt. Kincheloe's parents, Mr. and Mrs. Iven C. Kincheloe Sr., of Cassopolis, and his widow, the former Dorothy Heinig, of Orinda, Calif., will be guests of honor in a three-day dedication program.

Friday will be Kincheloe Day in Sault Ste. Marie, 19 miles north, in honor of the flier who won the Makay Trophy in 1956 for taking an X2 rocket research plane to a record altitude of 126,000 feet at speeds exceeding 1,500 mph.

ORDINANCE NO. 1074

An Ordinance to amend Precincts No. 6 of District 3, No. 7 of District 5, No. 17 of District 5, No. 18 of District 5, No. 19 of District 5, No. 32 of District 4, No. 42 of District 4, No. 43 of District 5, and No 44 of District 5; all in Section 1 of Ordinance 1074 being an Ordinance of the City of Pontiac to provide for the division of said City into election Precincts, defining the number, boundaries, and locations of said Precincts.

Adopted: September 22, 1959.

Effective October 2, 1959

An ordinance to amend precincts No. 6 of District 3, No. 7 of District 5, No. 17 of District 5, No. 18 of District 5, No. 19 of District 5, No. 32 of District 4, No. 42 of District 4, No. 43 of District 5, and No. 44 of District 5; all in section 1 of ordinance 1074 being an ordinance of the City of Pontiac to provide for the Division of Said City Into Election Precincts, Defining the Number, Boundaries, and Locations of Said Precincts.

The City of Pontiac Ordains:

Section 1. That precinct number 6 of District 3 of section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 6 of District 3 bounded as follows Commencing at the intersection of S. Saginaw Street and Orchard Lake Avenue, thence West along Orchard Lake Avenue to the intersection of S. Johnson Avenue; thence North along S. Johnson Avenue to the intersection of W. Huron Street, thence East along West Huron Street to the intersection of North Saginaw Street thence South along N. Saginaw Street to the point of beginning.

Section 2. That precinct number 7 of District 5 of Section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 7 District No. 5 bounded as follows: Commencing at a point where the West line of Section 27 intersects with the centerline of Featherstone Avenue hereinafter called the point of beginning, thence North along the West line of Section 27 to the N.W. corner of Section 27, thence continuing North along the West line of Section 22 to the intersection of Manhattan Avenue, thence East along Manhattan Avenue to the intersection of the Belt Line R. R. thence North along the Belt Line R.R. to the intersection of Section line 22, thence East along North Section line 22 to the intersection of the East City Limits, thence south along the East City Limits to the intersection of Featherstone Avenue, thence West along Featherstone Avenue to the place of beginning.

Section 3. That precinct number 17 of District 5 of section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 17 District No. 5 bounded as follows: Commencing at the intersection of Manhattan Avenue and Parkwood Avenue, thence North along Parkwood Avenue to the intersection of Perry Street; thence continuing North along the West line of Section 22 to the N.W. corner of Sections 22 and 15, thence North along Section 15 to the N.W. corner of Section 15, thence continuing North along the west line of Section 10 to the North City Limits, thence East along the North City Limits to the East City Limits, thence South along the East City Limits to the S.E. corner Section 15, thence West along the South line Section 15 of the Belt Line R.R. thence South along the Belt Line R.R. to the intersection of Manhattan Avenue, thence West along Manhattan Avenue to place of beginning.

Section 4. That precinct number 18 of District No. 5 of section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 18 District No. 5 bounded as follows: Commencing at the intersection of Monterey Boulevard and Mt. Clemens Street, thence West along Mt. Clemens Street to Intersection of N. Paddock Street, thence North along N. Paddock Street to Intersection of N. Perry Street, thence North along N. Perry Street to intersection of Glenwood Avenue, thence North along Glenwood Avenue to intersection of Kennett Road, thence East along Kennett Road to intersection of Joslyn Avenue, thence South along Joslyn Avenue to intersection of Montcalm Street, thence East along Montcalm Street to intersection of N. Perry Street, thence South along N. Perry Street to intersection of Joslyn Avenue and quarter Section line to intersection of Grandview Boulevard and Montcalm Avenue, thence South along Montcalm Avenue to intersection of Monterey Boulevard, thence South along Monterey Boulevard to place of beginning.

Section 5. That precinct number 19 of District 5 of Section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 19. District 5 bounded as follows:

Commencing at the intersection of Oak Hill Street and No. Paddock Street, thence West along Oak Hill Street to intersection of N. Perry Street, thence North along N. Perry Street to intersection of Howard Street, thence West along Howard Street to intersection of N. Saginaw Street, thence North along N. Saginaw Street to intersection of Montcalm Street, thence East along Montcalm Street to intersection of Glenwood Avenue, thence South along Glenwood Avenue to intersection of N. Perry Street, thence South along N. Perry Street to intersection of N. Paddock Street; thence South along N. Paddock Street to place of beginning.

Section 6. That precinct number 32 of District 4 of Section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 32 District No. 4 bounded as follows:

Commencing at the intersection of the PO&NRR and rear lot line of Lots fronting on the South side of Hopkins Street and the North side of Yale Street, thence West along said rear lot lines to the intersection of Stanley Avenue, thence North along Stanley Avenue to the intersection of the Belt Line R.R. thence continuing North along the West section line of Section 17 of the intersection of Section 7 and 18, thence West along the South line of Section 7 to the West City limits, thence North along the West City Limits to the intersection of the North City Limits, thence East along the North City Limits to the intersection of the PO&NRR thence South along the PO&NRR to the place of beginning.

Section 7. That precinct number 42 of District 4 Section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct 42, District No. 4 bounded as follows:

Commencing at the intersection of the PO&NRR and Fairmount Avenue, thence West along Fairmount Avenue to the intersection of Stanley Avenue, thence South along Stanley Avenue to the intersection of Kennett Road; thence West along Kennett Road to the intersection of the West City Limits, thence North along the West City Limits to the intersection of Section line 18, thence East along the North line of Section line 18 to the intersection of Sections 7 and 18, thence South, along the East line of Section 18 to the intersection of the Belt Line R.R. and Stanley Avenue, thence South along Stanley Avenue to the intersection of the rear lot line of lots fronting on the south side of Hopkins Street and the North side of Yale Street, thence East along said rear lot line to the intersection of the PO&NRR, thence South along the PO&NRR to the place of beginning.

Section 8. That precinct number 43 of District 5 of Section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 43 District No. 5 bounded as follows:

Commencing at the intersection of Joslyn Avenue and Kennett Road, thence West along Kennett Road to the intersection of Glenwood Avenue, thence South along Glenwood Avenue to the intersection of Montcalm Street, thence West along Montcalm Street to the intersection of the PO&NRR, thence North along the PO&NRR to the North City Limits, thence East along the North City Limits to the intersection of Joslyn Avenue, thence South along Joslyn Avenue to the place of beginning.

Section 9. That precinct number 44 of District 5 of Section 1 be and the same is hereby amended to read as follows:

Section 1. Precinct No. 44 District No. 5 bounded as follows:

Commencing at the intersection of Featherstone Avenue at a point where the West line of Section 27 intersects with the centerline of Featherstone Avenue, thence West on Featherstone Avenue to the intersection of Mt. Clemens Street, thence West on Mt. Clemens Street to the intersection of Monterey Boulevard, thence North along Monterey Boulevard to the intersection of Montclair Avenue, thence North along Montclair Avenue to the intersection of Grandview Boulevard, thence North along the quarter section line and Joslyn Avenue to the intersection of N. Perry Street, thence North along N. Perry Street to the intersection of the East-West quarter section line of Section 21, thence East along the East-West quarter Section line of Section 21 to the N.E. corner of the S.E. quarter of Section 21, thence South along the East line of Section 21 to the place of beginning.

Section 10. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 11. This ordinance shall take effect 10 days from and after its passage by the City Commission of the City of Pontiac.

Made and passed the 22nd day of September A.D. 1959.

### 'Road Tests' Herald Ford Falcon

# New Model Hoopla Is Aimed at You

By BEN PHLEGAR
Automotive Writer

DETROIT (AP)—The automobile industry's never ending search for something new and different to attract attention keeps thousands of high salaried men busy constantly.

And the activity reaches a frenzied peak just prior to the introduction of new models—which is right now.

**The overall aim, of course, is to get you interested in the new car, to get you talking about it, thinking about it. Then the advertising forces move in and attempt to persuade you to part with your money in exchange for the new beauty.**

The industry goes to fantastic lengths to build an aura of mystery about the new models. At the same time there has been an unusual number of pre-announcement pictures published this year, which indicates these security measures leave plenty of holes—some of them deliberate.

★ ★ ★

A slightly different type of teaser campaign is one in which a new model car, not yet publicly displayed, is driven innocently around a city or over a highway. Or possibly a load of new cars, usually wrapped in covers during their first shipments, is allowed to travel uncovered.

**'ON PARADE'**

Ford has combined a little of everything in a current promotion for its new compact car, the Falcon.

★ ★ ★

A fleet of 16 Falcons—two drivers to a car—left Dearborn headquarters Sept. 10 with the announced intention of traveling every mile of federally-numbered highway—some 220,000 miles—by the time the Falcon goes on sale Oct. 8.

**The trips were designed to show the car in unexpected places, plus providing Ford's engineering staff with road test data under normal highway conditions. Each car will travel almost 15,000 miles with daily runs of about 550 miles.**

Drivers make nightly telephone reports to a special center set up in a Dearborn motel. They supplement these calls with daily written reports. Ford admits the men, although employed by an independent firm, may be prejudiced but it is obvious from listening to their recorded comments that the company should be happy with the car.

Gas mileage reports so far have given the cars average ranging from slightly above 25 miles to the gallon to almost 32 miles per gallon at average speeds over 50 miles an hour. All but one of the cars is a stick shift.

**25 MPG**

Two cars assigned to a special turnpike test are based in Pittsburgh. One day a car drives from Pittsburgh to New York and back. The next it goes from Pittsburgh to Chicago and back.

The automatic transmission car is one of these two. Its driver reported one day that he had averaged about 25 miles per gallon at an average speed of some 57 miles per hour. Then he dropped his average the next day to 55 miles per hour and boosted his gas mileage to 27 miles per gallon.

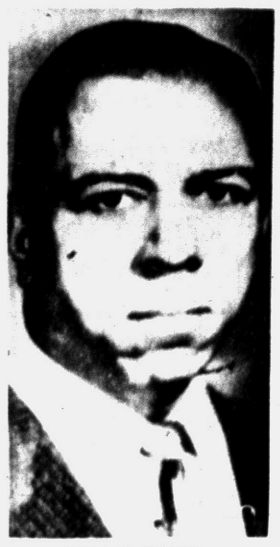

**One of the drivers complained that Ford dealers along his route were delaying him. He said he stopped at one dealer and that this fellow started a chain of phone calls ahead so that dealers in the following towns flagged him down to get a look at the car.**

Another driver asked what he could tell people about the price. "That's what we're asked most," he said.

But he didn't get any more satisfaction than you would if you asked. Ford, aware of its Chevrolet Corvair competitor's prices that start at $1,810, is keeping mum until a little closer to public introduction.

Most speculation is that the Falcon will try to shave a dollar or two from the Corvair's $1,810-$1,920 price range.

# Negro Attorney Appointed State's Auditor General

OTIS M. SMITH

LANSING (AP) — Gov. G. Mennen Williams has picked a Negro attorney, Otis M. Smith of Flint, as Michigan's next auditor general, a full time, statewide elective office.

An aide said he believed it was the first time since the reconstruction era after the Civil War that a Negro had been named to such an office in any state.

**Williams, a Democrat and the nation's senior governor, said he didn't know about the statement by Charles S. Brown, a Negro administrative assistant.**

The governor said he promoted Smith on merit. Since July 1, 1957, Smith has served as Public Service Commission chairman by Williams' appointment.

**FACES CONFIRMATION**

A Democrat, the auditor general-designate now faces confirmation by the Republican-controlled state Senate. He was expected to pass this test easily.

**"The only thing I know against him is that he has done such a heck of a job on the Public Service Commission that maybe we'd want to keep him there," sale Sen. Frank D. Beadle of St. Clair, GOP majority leader.**

The auditor's job, a two-year office, pays a salary of $12,500 a year. The Public Service Commission chairman gets $11,500.

The state cabinet post opened up with Williams' appointment yesterday of Aud. Gen. Frank S. Szymanski to a $22,500 vacancy on the Wayne County probate bench. Szymanski long has wanted a judgeship.

**"I have a mixed feeling," Smith told newsmen. "I'm proud I'm so well thought of so that others nominated me for the position. I didn't seek it. I didn't know anything about it until others made up their minds."**

The broad-shouldered Smith, 37, stands an erect 6-feet, 4-inches and weighs a trim 206 pounds. He has a reputation for keen-mindedness, fairness and finesse in presiding at utility regulation hearings.

**NO SOLICITATION PRESSURE**

Williams confirmed that Smith did not solicit the appointment, and said no politically influential individuals or groups pressured in his behalf.

**He said Smith's name first was brought up by a fellow commissioner, Thomas H. Burns of Saginaw, a former Republican legislator.**

Eighteen months ago there was speculation that Smith might get a place on the 1958 Democratic state ticket as nominee either for attorney general or lieutenant governor. Nothing came of the talk.

Williams said that Szymanski, a one-time All America football center at Notre Dame and professional football star, could be expected to shine in his new role.

## Citizens Named to Plan for Dem Convention

LOS ANGELES (AP)—Dan A. Kimball, former secretary of the Navy, heads a citizens' committee to arrange the Democratic National Convention to be held here next summer.

★ ★ ★

He was selected Wednesday. Joe Alperson, metals firm executive; Theodore Cummings, market chain executive; Nat Dumont, aircraft company executive, and Jacques Leslie, attorney.

Mark Boyar, builder and developer, is finance chairman.

### Comments Quite Varied

# *Man-in-Street Opinions on Nikita Hope for Best*

By The Associated Press

An Associated Press sampling of man-in-the-street opinion across the nation indicates that many citizens think that Nikita Khrushchev's visit should produce better relations between the United States and the Soviet Union.

But the opinion is far from unanimous. Many say no good will come of the Soviet leader's cross-country jaunt.

Still others feel it's too early to tell.

★ ★ ★

There was little disagreement on the man Khrushchev himself. Most of those questioned sized him up as a dedicated Communist who is interested only in what is good for his side. A few considered him overrated.

★ ★ ★

The responses were to questions asked by Associated Press reporters in cities across the country.

John Milton Ward, chairman of the music department at Harvard University, said "I think his visit is a good thing because he is seeing the country. I feel his visit here can't fail to give him a feeling of the size of the land, the temper of its people—in spite of the entourage that surrounds him."

"I think we have found him to be very much what we thought he was: a very shrewd man who knows what he wants."

★ ★ ★

But in Dallas, Tex., exporter Edmond P. Gue said he did not foresee improved international relations "because you are not going to change Khrushchev. He's a pretty smart cookie."

★ ★ ★

"I think the officials dealing with him and the press ought to pin him down when he pulls a storm on embarrassing questions," Gue said. "If it makes him mad, let it make him mad. He ought to be pinned down on his answers."

In Hollywood, TV producer Walter Kelley said: "I think **Khrushchev's visit should help international relations, even though botched by the State Department and local officials. Khrushchev is a tough, shrewd politician. You don't stay alive in the Soviet Union if you're not. He made a fool of the Los Angeles mayor (Norris Poulson).**"

★ ★ ★

In Atlanta, Ga., T. L. Griffin, a paint store owner, saw nothing to be gained from the visit.

"I don't believe too much of what he says and I don't think he's very sincere," said Griffin. "It's mostly propaganda designed for other countries and undeveloped peoples of the world."

# More Steel Talks Are Set for Today

NEW YORK (AP) — Another day of steel strike bargaining, which a federal mediator calls "a frustrating spectacle," and the union president describes as wasted, was scheduled for today.

★ ★ ★

Subcommittee of negotiators for the United Steel Workers Union and the nation's steel industry are scheduled to confer, with no top-level negotiations scheduled until Friday.

★ ★ ★

The 72-day-old strike has idled half a million steel workers and some 160,000 other workers.

USW President David McDonald Wednesday said that "absolutely no progress" had been made in two weeks of talks by the subcommittees.

## Cops Are Comfortable

MERIDEN, Conn. (UPI) — Most policemen are at the mercy of the weather but not a select group of officers here. They man a traffic control tower which is air-conditioned.

## Gives Social Security

PROVIDENCE, R.I. (UPI)—The Dome Co. is seeking a patent for a deodorant called Social Security.

China produces about half the world's tea.

## Radioisotopes Detect Hidden Metal Flaws

CLEVELAND (UPI)—More than 1,700 companies in the U.S. are using radiosotopes to "look into" and detect inner flaws in thick castings, to measure and control thickness of sheet metal or paper, to inspect the welds in ships, submarines and aircraft, and to find leaks in pipelines or refineries, according to radiation experts at the new $1 million Picker Research Center here.

★ ★ ★

In dedicating the center recently, Dr. Paul C. Aebersold, director of Isotopes Development for the Atomic Energy Commission, said radiosotopes are saving industry "hundreds of millions of dollars every year — and the figure may soon be in the billions."

### Quarter for Food

Average U.S. family spends 25 per cent of its income for food.

**SEAGOING BUS**—Next spring, Roy Taylor of Cincinnati, Ohio, will be driving his bus up and down the Ohio River. The water bus, or more appropriately, houseboat, is a former Cincinnati city transit bus. Above, Taylor and his son, Ronnie, work on the 36-foot hull. They have been working all summer in converting the bus to a houseboat which will include a bathroom and four bunks.

Cites Poplarville Abduction

# FBI Investigates; It Can't Prosecute

WASHINGTON (UPI)—The FBI is the nation's most powerful private eye. It moves in wherever a Federal crime is committed.

★ ★ ★

But when it comes to murder, lynchings and hate bombings, the G-men are often stymied by state line.

**The limited jurisdiction of J. Edgar Hoover's bureau when it comes to crimes of violence was vividly illustrated to the nation in the FBI's recent withdrawal from the Mack Charles Parker lynching case.**

On orders of Attorney General William P. Rogers, agents began swarming all over Poplarville, Miss., hours after the 23-year-old Negro victim was abducted from jail while awaiting trial on a rape charge.

The FBI cracked the case, identified the suspects and then bowed out after turning the facts over to state authorities for prosecution.

★ ★ ★

It had no alternative. The Justice Department decided the lynching was a "local" affair. It found Parker had not been transported across state lines, which would have been a violation of the Lindberg Kidnap Act and a basis for Federal prosectuion. Nor had any other Federal offense been committed.

The kidnap - murder of one-month - old Peter Weinberger in New York in 1956 was the same story. The FBI solved the case, but proved that Angelo La Marca had not violated the Federal Kidnap Statute because he did not carry the infant out of the state of New York.

**La Marca was convicted in a state court and executed for the crime.**

The FBI is the Justice Department's detective agency. It looks into Federal offenses, and Federal offenses alone. The bureau may not investigate violations of state or local laws—even when requested to do so by local authorities or groups of private citizens.

★ ★ ★

The FBI has authority to move in on bank robberies, fraud against the government, crimes on Indian and government reservations, theft, embezzlement or destruction of government property and interstate transportation of stolen vehicles or aircraft.

★ ★ ★

It also has a reputation for cloak and dagger operations against spies and subversives. And it draws up dossiers on government appointees and employes to halt any Communist boring from within.

In short, the FBI is strictly a fact-gathering and fact - reporting agency. It passes its finding on to other Federal agencies to make decision for prosecution.

**But the FBI does not evaluate these facts, draw conclusions as to guilt or innocence, express opinions, issue "clearances" or even make recommendations for action.**

The FBI also is famous for its "most wanted" fugitive list. But even here, when fugitives who have crossed state lines are located, they are turned over to the custody of local authorities.

★ ★ ★

The lines are not so tightly drawn, however, that the FBI cannot help local and state police in a scientific way.

Through its cooperative services, the FBI identifies fingerprints sent in by policemen working on murders or accident cases. It trains police in the latest whodunit techniques and it swaps information of mutual interest.

During its investigations, the FBI often turns up information regarding violations of state and local laws. The FBI promptly tips authorities concerned.

When the FBI makes out a Federal case, the Justice Department takes over and prosecutes. During the 1958 fixcal year, 11,457 convictions—a 10-year high—were recorded in cases investigated by the FBI.

### Crew's Road Job Fine —in the Wrong County

HYATTSVILLE, Md. (AP) — There were some red faces on Prince Georges County officials after the highway crew got back from a paving job.

★ ★ ★

The crew did a good job of resurfacing the 250 feet of roadway but it happened to be in neighboring Montgomery County.

## NOTICE of PUBLIC HEARING

The Pontiac City Commission has scheduled public hearing for Tuesday, September 29, 1959 at 8 p. m. EST in the Commission Chamber, City Hall on Intention to Construct Water Main in the following street—

**W. Walton Boulevard from Telegraph Road to 525 Feet West**

# Congress Body in A-Plane Rift

## House - Senate Group With AEC and Against Defense Dept. Plans

WASHINGTON (UPI) — The House-Senate Atomic Energy Committee has recommended that responsibility for producing an atomic-powered airplane be removed from the Defense Department.

The congressional group wants the Atomic Energy Commission to assume the job of speeding the plane's development.

★ ★ ★

The committee, in a report made public yesterday, said the Defense Department and the Air Force do not have a target date or a definite military assignment for the plane.

**It also pointed out that the Pentagon has worked 13 years on the project and spent nearly a billion dollars.**

"It is in the national interest to achieve nuclear flight as early as possible," the report declared, "not only to meet stated military requirements, but also to provide a boost in world confidence in America's scientific capabilities."

★ ★ ★

The committee thus stepped into a controversy which has divided the Administration. The AEC favors an early start on construction of an A-plane. The Defense Department is opposed to a stepped-up program at this stage.

AP Wirephoto

**LEFT BEHIND**—Everybody has gone swimming except three-year-old Sharon Connell of Cape Elizabeth, Me. She is too young, so she sits among the hurriedly kicked-off shoes of South Portland, Me. and ponders the heartbreaks of being only three years old.

## Could Aid Family of Cancer Victim

NEW YORK (UPI) — A pamphlet has been published to help the families of cancer patients in meeting the physical and psychological problems connected with the disease.

Its purpose is to suggest ways of "handling the situation created by your relative's cancer with a minimum of mental suffering." The pamphlet can be obtained for 25 cents from the Public Affairs Committee, 22 East 38 St., New York 156, N. Y.

## Chase by U.S. Grant Brought Forth a City

BIRMINGHAM, Ala. (UPI) — Gen. U.S. Grant was largely responsible for the founding of this Obediah McElwain and Dwight steel city when he won the Battle of Shiloh.

Merrill lost their iron blast furnace in the battle and retreated to the site where this city is located today.

## Can Go Long Way

The Mississippi River has about 12,000 miles of navigable waterways.

# Renewed Resistance Hits China in Tibet

DARJEELING, India (AP) — Supporters of the exiled Dalai Lama said today Chinese repression has provoked a new surge of resistance against Red rule across a great arc of Tibet.

About 50,000 guerrillas were reported again harassing the Chinese in areas of the east, west and north. The informants said Peiping has moved in detachments trained in mountian warfare to combat them.

**Chinese atrocities have become so widespread that Tibetans feel the choice is death in battle or in concentration camps, according to accounts reaching this Indian border town.**

The Dalai Lama, a refugee in India, has accused the Chinese of trying to exterminate his people.

# *Herter Can See No Change in K During U.S. Tour*

**WASHINGTON (UPI) — Secretary of State Christian A. Herter says he has seen no indication that Soviet Premier Nikita S. Khrushchev's trip through the United States has changed the Russian's mind about this country.**

**Asked if he had seen anything that would indicate a change in Khrushchev's attitude toward this country, Herter replied, "I've got no indication about it."**

### Mobs Demonstrate in Baghdad

# *Trouble Brews in Iraq; Jordan Also Feels Fear*

By PHIL NEWSOM
UPI Foreign Editor

Trouble once more apparently is brewing in two states of the perpetually troubled Middle East.

In Baghdad, the "moment of truth" may be approaching for Iraqi strongman Maj. Gen. Abdel Karim Kassem.

★ ★ ★

Reports from Beirut tell of a new "palace revolt" against youthful King Hussein of Jordan.

Both have in them the seeds of far-reaching consequences.

**Reports of the trouble in Iraq come primarily through the Cairo and Damascus radios of the United Arab Republic, and tell of mobs demonstrating in Baghdad and four provincial centers against the executions of 17 anti-Communist leaders.**

The Cairo and Damascus broadcasts are significant because they appear to mark the end of an uneasy truce in the war of words between the Kassem and U.A.R. governments and to mark a real fear on the part of U.A.R. President Gamal Abdel Nasser that Iraq finally is falling wholly into the hands of the Communists.

**THEY CHANT . . .**

Radio Damascus said that Baghdad demonstraters chanted: "Let Kassem follow Nuri."

**Nuri was Nuri As-said, whose mutilated body was dragged through Baghdad streets in the revolution which overthrew the Iraqi monarchy.**

It meant that U.A.R. propaganda outlets once more were advocating Kassem's violent overthrow. These controlled outlets would not repeat such statements unless they followed closely along the lines of official thinking.

★ ★ ★

In May, in a move to become his own man, Hussein threw out his long-time premier, Samir Rifai, and appointed a premier of his own choice and thinking, Hazza Majali.

Both Rifai and Majali were friends of the west, but Rifai was notably anti-Nasser. Hussein was moved closer to the U.A.R. regime of late, and Rifai and Hussein's autocratic mother, Queen Zein, are said to have joined forces to restore the old order of things.

## Chickenhearted Juror Is Allowed to Go Home

GREENSBURG, Ind. (AP) — An attorney was just winding up a detailed description of accident injuries suffered by his client when juror Arthur McClintic collapsed in Decatur Circuit Court.

★ ★ ★

McClintic was revived and allowed to go home after he explained that he simply couldn't stand to hear of someone being hurt.

# Ground Beef a Reliable Standby

By JANET ODELL
Pontiac Press Home Editor

Wish we had even a penny for every pound of ground beef we have used in the almost-quarter of a century that we have been married. Thank goodness, the family likes it well enough to eat it at least once a week.

We have learned, though, that when we serve hamburgers, they should be that and nothing more. No one in our house — except the cook — likes "fancied up" meat patties. We've tried them mixed with herbs, with catusp and with other exotic ingredients. All ideas were duds.

★ ★ ★

Ground beef takes on a gourmet tinge when you make it into Skillet Stroganoff and serve it on hamburger buns, toast points or brown and serve dinner rolls. Try this one for that snack after an evening of cards.

**Skillet Stroganoff Sandwiches**

2 tablespoons butter or margarine
¼ cup chopped onion
1 teaspoon finely chopped garlic
1 pound (2 cups) ground beef
2 tablespoons flour
1 teaspoon salt
¼ teaspoon paprika
¼ teaspoon nutmeg
½ cup chopped cooked mushrooms
1 (No. 1) can condensed cream of mushroom soup
1 cup prepared sour cream
10 sliced sandwich buns

Melt butter in skillet set at 300 degrees F.; add onion, garlic and ground beef. Turn dial to 360 and saute meat until browned. Combine flour, salt, paprika and nutmeg; sprinkle over meat mixture and stir until blended. Add mushrooms and mushroom soup to meat mixture.

**Turn dial to 300 and simmer for ten minutes. Pour sour cream over top and simmer five minutes longer? To serve: Place ⅓ cup hamburger Stroganoff in each bun. Yield: 10 Skillet Stroganoff Sandwiches.**

We don't seem to have the proper taste buds to appreciate pizza. It's too spicy. So here's a combination, only faintly resembling the popular Italian main dish that is acceptable to our family. You might like to try it if your family prefers foods that are bland.

**Make up a recipe of rich baking powder bisquit dough. Spread it as thin as possible in a large pan. Brown a pound of ground meat, pouring off fat as it accumulates. Add onions if desired. Pour in two cans tomato paste and enough water to make the mixture thin enough to cook without burning. Simmer for 5 minutes.**

Spread beef-tomato mixture over unbaked biscuit dough. Cover with thick layer of grated cheese. Bake in 450-degree oven 15-20 minutes, or until dough is done. Cut in wedges to serve.

★ ★ ★

Bake a spicy ground beef mixture in a corn meal crust for an entirely different meat pie. With it serve a tossed salad and a fruit dessert.

**Corn Meal Pastry**

1⅓ cups sifted all-purpose flour
1⅓ cups corn meal
2 teaspoons sugar
1¼ teaspoons salt
⅔ cup corn oil
4½ tablespoons milk

Sift dry ingredients into medium bowl. Combine corn oil and milk in measuring cup. Whip with fork and pour all at once over flour mixture. Mix with fork until flour is completely dampened. Press evenly and firmly with fingers into 8-inch pie; then press dough up to line sides and partly cover rim. Be sure dough is pressed to uniform thickness. To flute, pinch dough lightly with fingers.

**Spicy Beef Pie**

1 pound ground beef
2 eggs, slightly beaten
¾ cup milk
¼ cup fine, dry bread crumbs
3 tablespoons finely chopped onion
1 teaspoon salt
2 teaspoons chili powder
½ cup chopped green pepper (optional)

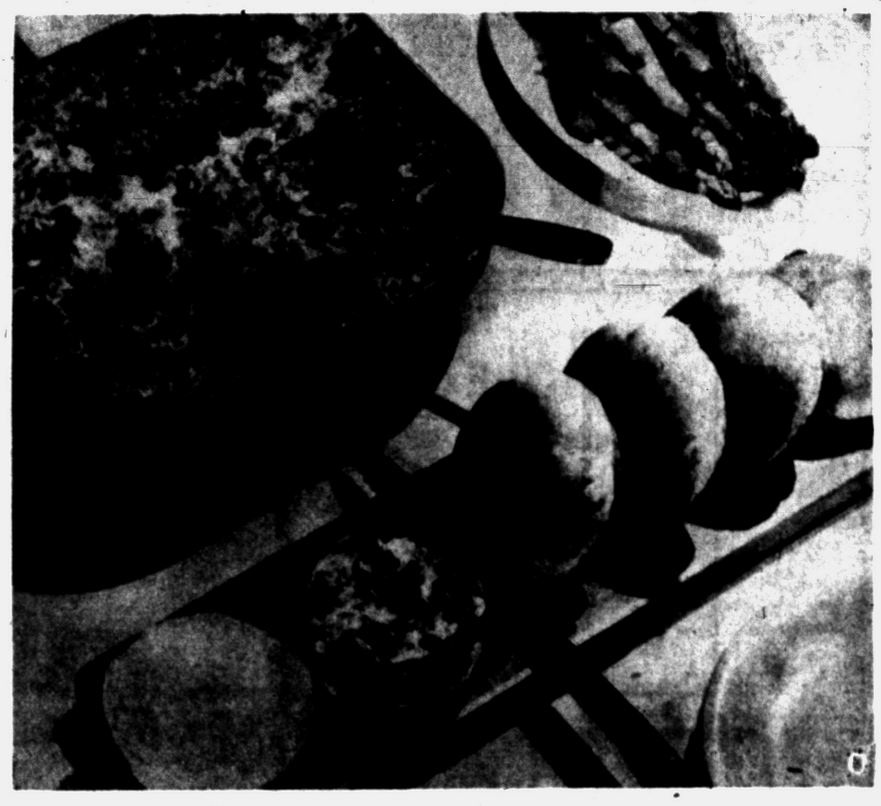

Combine all ingredients, mix well an turn into unbaked corn meal No-Roll pastry shell. Cover with topping. Bake in moderate oven (375 degrees) for 1 hour or until filling is done. Makes 6 servings.

**Topping**

Mix altogether ½ cup chili sauce, 2 tablespoons brown sugar, 1 teaspoon dry mustard and 2 tablespoons corn oil.

## Cheese for Pears

A salad of romaine (or other greens) and fresh pears benefit from a cheese dressing. Make the dressing yourself or buy one of the best of the new ones—it comes in an 8-ounce bottle, is creamy in color and texture and contains both blue and Roquefort cheese.

**STROGANOFF SANDWICHES** — A favorite team, ground beef and a sandwich bun, are seen this fall in a new casting as Skillet Stroganoff Sandwiches. This recipe, like the century old Russian one, from which it is adapted, is beef browned in butter and minced onion, the addition of mushrooms and the mixture simmered until tender. Sour cream is added in the last five minutes of cooking.

## Ice Cream Tarts

Company dessert: bake tart shells, molding the pastry dough over the back of 3½-inch tart pans. Fill the baked shells with ice cream — you'll need a quart for a dozen shells — and garnish with a fruit that complements the flavor of the frozen sweet. Pineapple is delicious with mint ice cream, canned mandarin oranges with chocolate, strawberries and raspberries with vanilla.

Cauliflowerettes that have been cooked lightly may be dipped in batter and deep-fat fried. Nice with tomato juice for a first course.

good cuz it's fresh...fresh...fresh!

## Freeze a Frosty Plum-full Salad

California, which provides us with most of our plums, is expected to harvest around 100,000 tons of this popular fruit — about 70 per cent more than last year. That's why the U. S. Department of Agriculture has plums on its list of plentiful foods this month.

If you're looking for a cool summer plum recipe suggestion, what would be more tempting on a buffet table than a frozen plum salad . . . with the ruby-red plums peeking through a delicate white froth made by whipping cream cheese with mayonnaise, or with whipped cream.

For variety, tint the cheese mixture with a bit of plum juice and give the salad an inviting pink-hued loveliness. Add pitted plums to the whipped mixture and pour into a refrigerator tray. Sprinkle with chopped nuts and freeze. It's ready to cut into cubes as soon as frozen. Serve on a bed of crisp salad greens with a fresh lemon fruit dressing.

## Beat Bananas, Dry Milk for Nutritious Drink

Try a "Calypso Cooler" for the young set. It is delicious, nutritious and inexpensive.

Mix in blender or electric mixer 1½ cups instant nonfat dry milk, 4 ripe bananas, 2 tablespoons lemon juice, ¼ teaspoon cinnamon, dash of salt, 3 tablespoons sugar and 1½ cups water. When smooth, add 2 more cups of water, blend and pour in tall mugs or glasses. Add a good scoop of vanilla ice cream and 2 straws. Six servings.

CARAMEL CREME MERINGUES — Caramel chips eliminate all the fuss and bother once necessary to prepare such a luscious caramel filling as graces these crisp meringue shells. Now you use the convenient little bits of sweetness as easily as you have been using chocolate chips for years.

## Luscious Caramel Creme Starts With Little Chips

It's hard to believe that a dessert as creamy-rich and beautiful as Caramel Creme Meringues can be so easy to make. Just the idea of preparing a caramel sauce scares most of us . . . the split-second timing, the rush to get the burnt sugar out of the pan before it hardens, is nerve-wracking.

But now that caramel chips have come on the market, all this fuss is a thing of the past. And it's because of caramel chips that these lovely meringues are so simple to make.

**The meringue shells themselves may be made at home or purchased at the baker's. The filling is made by combining a cup of caramel chips and a quarter cup of water in a saucepan and melting over low heat, then cooling to room temperature. Meanwhile, you whip a half pint of cream, fold the melted chips into the cream and spoon it into eight meringue shells.**

Could anything be easier? Choose it for your next luncheon or dinner party. Since it's made ahead of time you can eliminate dessert from the rush of last-minute things-to-do with which every hostess must cope.

**Caramel Creme Meringues**

1 cup (6 ounces) caramel chips
¼ cup water
½ pint whipping cream
8 baked meringue shells, cooled

Combine caramel chips and water in saucepan and melt over low heat.

Cool to room temperature.

Meanwhile, whip cream. Fold melted chips into cream and spoon into individual meringue shells. Makes 8 servings.

**TO MAKE MERINGUE SHELLS.** Combine 2 egg whites, ¼ teaspoon salt, and ⅛ teaspoon cream of tartar in a mixing bowl. Beat until foamy. Add ½ cup sifted granulated sugar, 2 tablespoons at a time, beating after after each addition until sugar is blended. The continue beating until very stiff peaks form. Fold in ½ cup finely chopped nuts and ½ teaspoon vanilla. Blend well.

Using a spoon or pastry tube, shape mixture into 8 rounds on unglazed paper on baking sheet. Make a nest-like derpression in center of each. Bake in slow oven (300 degrees) 30 to 35 minutes. Cool and remove from paper. Make 8 meringue shells.

## Sherbet in Ginger Ale Refreshing Drink

Served by a well-known chain of restaurants, this refreshing offering is always popular.

**Ginger Mist**

For each serving —
½ pint (1 cup scoop) lemon sherbet
1 bottle (7 ounces) chilled ginger ale

Place a scoop of sherbet in a tall glass, pour in half the ginger ale and stir with a long spoon. Add 2 straws. Serve along with the remaining bottle of ginger ale for guest to pour in.

Note: Vanilla or other flavors of ice cream or sherbet may be substituted for the lemon sherbet.

## *Parfait Made With Pudding and Cherries*

A dessert that looks pretty and tastes good.

**Cherry Parfait**

1 can (1 pound) red tart pitted cherries (water pack)
½ cup sugar
5 teaspoons cornstarch
¼ teaspoon red food coloring
1 package (3¾ ounces) instant vanilla pudding
1 teaspoon brandy flavoring
¼ cup semi-sweet chocolate pieces
2 tablespoons shortening

Drain cherries; reserve liquid. Stir sugar and cornstarch together in a saucepan; gradually stir in cherry liquid until smooth. Bring to a boil, stirring constantly, over moderate heat; boil ½ minute.

**Remove from heat. Stir in cherries and food coloring. Chill. Spoon into 6 parfait glasses or dessert dishes. Prepare pudding according to package directions; remove from heat.**

Stir in brandy flavoring. Spoon over cherry mixture. Chill. Just before serving, melt chocolate and shortening over hot water; drizzle chocolate over pudding. Makes 6 servings.

**Should Know Everything About Something, Something About Everything**

# Zest for Living a Necessary Ingredient for 'Best Education'

By DR. BENJAMIN FINE and LILLIAN FINE

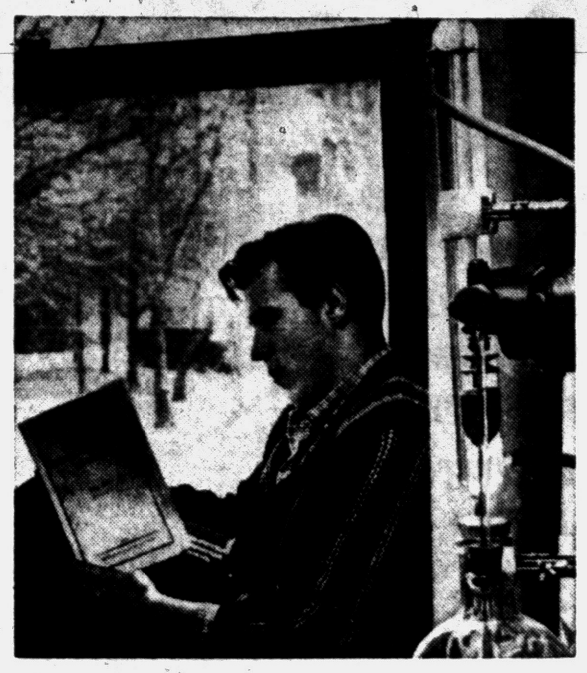

The excitement of learning must be transferred to the child from the teacher or parent.

You and his teachers hold the child's educational life in your hands. Learning goes far beyond memorization or homework. The child must want to learn, must see in education something of life and zest.

You and his teachers hold the child's educational life in your hands. Learning goes far beyond memorization or homework. The child must wan to learn, must see in education something of life and zest.

**The teacher's work is easy if he can motivate pupils. The instructor who feels enthusiasm, who enjoys putting on a good show, "hamming it up," often impels students to go on reading and searching to find what the excitement is about.**

To motivate a child to learn you do not necessarily need beautiful buildings or elaborate equipment. What you really need is brains.

The study period: New vistas are opened up.

**PRAISE AND BLAME**

Several years ago, a carefully conducted study of three groups of grade school children showed the effectiveness of both praise and blame as incentives.

The first group's teacher praised the students generously. Over and over she told them what an outstanding group they were and how proud she felt to teach them.

**The teacher of the second group continually scolded her pupils. She found fault with their work, making them do assignments over. She kept pupils after school and gave them many low marks.**

The teacher of the third group neither praised nor scolded. She was careful to appear neutral and detached.

**RAISE HELPS MOST**

Which group showed the greatest improvement after several weeks?

The one that had received continued praise.

And which showed the second greatest improvement? The group that had been scolded and nagged. The study proved that many children would rather be scolded than ignored. And, of course, praise is more effective than blame with most people.

**At present there is too much emphasis on marks. The incentive for learning is too often a simple "If you study hard you will get an A." But of what value is an A unless the student gets something more than that out of his course?**

We believe that under ideal conditions, marks can and should be abolished. Why? Because too many children are interested only in grades, not in their work.

Of course, grades could be abolished only under more or less ideal conditions:

★ ★ ★

1. Better-qualified teachers; 2. smaller classes; 3. parent-teacher conferences to discuss a child's abilities; and 4. recognition by colleges that grades are a worthless method of judging students' abilities.

No. 3 is particularly intriguing. As a parent you can learn more about your child's progress from a conference with his teacher than you can by reading and signing his report card.

★ ★ ★

Wider use of aptitude tests may help teachers and parents motivate youngsters who are inclined to shirk the drudgery connected with education. These tests frequently show the direction in which an individual's real interests and talents incline.

**HOBBIES HELP**

Even without tests, parents and teachers can encourage any special abilities a youngster shows. Hobbies or talents will often lead a youngster to read and observe in ever-widening fields.

★ ★ ★

Our schools would remain open longer.

A 230-day school would mean that the 12-year-elementary-secondary program could be cut to 10 years. By adding another hour to the time spent in class each day, more time could be devoted to an "enrichment" program.

**The majority of students, we are convinced, can finish the traditional 12 years in 10. And remember, such a cut could save your community millions of dollars a year!**

Or, considering the special demands of our complex nuclear age, we might well consider a 12 year school system, but this one to be divided into a four-four-four pattern. The first four years would be elementary grades, the second four would take in the junior high.

Grades nine and ten would be devoted to the high school courses, while grades eleven and twelve would be the first two years of college work.

**HARD WORK THE KEY**

Parents and school boards in America are beginning to ask, "What is a good school and what makes it?" One member of a school board in Illinois decided to do some research on the question.

He made up a list of 38 schools whose students had done outstandingly well in the National Merit Scholarship race. Then he queried the principals about the reasons for their schools' success.

**As you might expect, the principals listed many reasons: the quality of their teachers, the educational level of the community, grouping of students according to ability. But over and over again one factor was mentioned: hard work.**

To raise our schools to or near the level represented by these 38 outstanding schools we probably should begin with the teachers.

The average classroom teacher gets $4,500 a year; the average professor gets $5,500. Theses scales are not worthy of professional personnel. To get the best brains into the teaching profession we must pay accordingly.

★ ★ ★

We cannot continue "business as usual," giving but a pittance of our national income for education.

★ ★ ★

We ought to spend at least twice as much as we do now on teachers' salaries, textbooks, educational research, audio-visual aids, and school libraries. This does not mean we need to erect in every village an educational palace with a swimming pool, huge gymnasium and auditorium. Too many of these grandiose edifices have "new curtains and new furniture but the same old underpaid teachers."

**NOW WE SUMMARIZE**

And now we come to the summary of our attempt to understand the objectives of a good education.

By DR. BENJAMIN FINE AND LILLIAN FINE

In guiding your child, it is essential that you understand the objectives of a good education.

It is far more than science and other "practical" skills alone. It is more than the humanities alone. It is a blending of the two, with something extra added: an understanding of the moral and spiritual values of mankind.

**According to one definition, the educated person should "know something about everything and everything about something."**

In other words, he should gain a broad background of knowledge and understanding that will enable him to see relationships and make some sense out of our crowded, chaotic world.

Then he should specialize in one field or subject and become an expert in finding ways to improve and extend human competence in that field.

To develop understanding and appreciation and to gain a broad range of knowledge, one studies the liberal arts: literature, history, art, philosophy, foreign languages, especially Latin and Greek.

★ ★ ★

The sciences receive less emphasis. They are considered to some extent fields of specialization, to be investigated in college and graduate school. Mathematics ranks somewhere in between the liberal arts and sciences.

★ ★ ★

Even the most determined advocate of the traditional liberal arts curriculum and late specialization will admit this plan of education has two drawbacks for the average man's children: it takes a long time and it costs a good deal of money.

"What good is all that Latin and Greek? Where is it going to get you to study history? Will philosophy help you earn a living?"

**TOO MUCH SCIENCE?**

Year after year such criticism of traditional subjects has increased. And the educators, especially those in administrative positions, have often been quite willing to heed the criticism—after all, it's the public's money that pays an educator's salary.

Studies shouldn't be confined to science alone.

Greek long ago disappeared from the course of study in almost all American high schools; Latin remains in a few, but is seldom, if ever, required. History has been integrated with social studies courses.

**Many American youngsters never study any history but that of the United States — and few of them really learn that. Philosophy, the "highest of the arts," is merely an elective and open only to upperclassmen in many colleges.**

Here is what has taken the place of the classic courses in the public school curriculum: driver education, home economics and shop courses, guidance, health and hygiene courses, typing, drama, "personal adjustment," family life, and so on.

Each of these courses may meet a real need, but there is in this "smorgasbord" of courses such a lack of unity in content and aim that youngsters do not have much chance to develop any real understanding of their world or themselves.

And as for character training and ethics too often these elements seem to have been tossed out along with Greek and Latin and ancient history. There is so much stress on practical needs and skills that less immediate values are likely to be ignored entirely.

However, we must keep in mind one painful fact if we demand changes in the course of study: school time is limited. We have to make choices and compromises.

When the Soviet sent its first moon into outer space, the United States suddenly realized that all was not well with its own school system. As a result, tremendous effort is being made to get our students into practical science fields.

**Of course, in our outer-space age, science is a "must." But not everyone should, or can, be expected to enter a science race. An undue emphasis on scientific needs is unsound.**

In a democracy a great deal more than science is needed. Actually, the money that is earmarked for scholarships could be used far more advantageously if the funds went to improve our elementary and high school curriculums.

**ALL HAVE TALENTS**

Probably our boys and girls do need more and better instruction in science. But the best way to achieve this is not something to be decided by fiat overnight. Certainly our children need better textbooks and laboratory equipment. The situation is especially bad in mathematics.

**But you yourself can help your children learn more about science and mathematics. You can encourage them to read books and magazine articles about new developments.**

Family discussion of the advantages and rewards of scientific careers may inspire closer attention to classwork. Learning chess, checkers, or bridge will sharpen their ability to solve problems.

Many young people are frightened by science or mathmatics or simply do not like these subjects. In the case of a youngster who has genuine distaste for these subjects there is not much to be done. Probably he has other talents and aptitudes.

★ ★ ★

If a child has a normal amount of intelligence and is fairly happy and well adjusted, he almost certainly has some special abilities.

The late Albert Einstein was once asked, "How do you think the third World War will be fought?"

**"I don't know," replied the father of the atomic age, "but I do know how the fourth World war will be fought. With sticks and stones."**

That is a sobering thought. Evidently the gap between the physical and the social sciences has widened indeed, and there is now a greater need for liberal arts than ever before.

(The End)

Condensed from "How to Get the Best Education for Your Child." Copyright 1959.

## Bob Considine Says:

# Even Horse Wants to See a Red

WITH KHRUSHCHEV — While Nikita "I Want to Go to Disneyland" Khrushchev was being shown the feed bunks at the farm of Roswell Garst yesterday a horse ambled to a nearby fence and stared steadily at the Soviet leader.

Khrushchev stared back at him for a time, then said, "Looks like even the horses want to see a Communist."

Nikita thanked his host warmly after sampling the groaning board of the tent buffet.

**"The slaves of capitalism live very well," he shouted into a loud speaker as he left the premises. "But so do the Communists," he quickly added.**

Six busloads of newsmen and news-hens made the long trip to Coon Rapids sustained by visions of a farm luncheon the State Department hinted Garst would serve them. A mirage composed of tinkling dust-cutting highballs, golden fried chicken, garden vegetables, corn on the cob with country butter, and homemade apple pie a la mode swam before many a hungry eye. Southern newsmen reported seeing cornbread and hominy grits, too, and a Japanese columnist swore that he saw sukiyaki, Iowa style.

★ ★ ★

Alas! It was, indeed, a mirage. The buses unloaded their parched and famished hordes in the three-block downtown area of Coon Rapids, a metropolis that never gave the late Duncan Hines a moment's pause. The local quick-and-dirties did a fly-blown business that will make many a wintry hearthside buzz with memories for years to come. There will be a hot dog and beer shortage in this Paris of the corn brakes for weeks to come.

**The nearest highball was in a village 25 miles away.**

(Boy, do my feet hurt . . .)

Khrushchev, who is dog tired, turned to his friend Cabot Lodge at the Garst farm luncheon yesterday and asked, "How is my capitalist holding up?"

★ ★ ★

Lodge, who has been expecting the worst on this trip, and often gotten it, sighed and said, "I'm a very small capitalist."

"Every small capitalist wants to be a big capitalist," the dictator thumped.

**Lodge smiled bravely. "I'm quite content, thanks," he said. He turned wearily to a friend and added, queasily, "This is going to be another jolly day."**

Adlai Stevenson innocently pricked a thin Russian skin. Making small talk to Soviet Ambassador Menshikov, he said, "Mr. Khrushchev would be a wonderful campaigner, if he had to run."

"He does have to run," Menshikov said almost indignantly.

And, in Russia, so does anyone else who suggests it.

## 4 Die of Encephalitis in Atlantic City

ATLANTIC CITY, N. J. (AP)—Atlantic City Hospital reports that four children have died in the last three weeks of encephalitis, commonly known as sleeping sickness.

★ ★ ★

The hospital said Tuesday night that four other youngsters are suffering from the disease. One is in critical condition.

Hospital authorities declined to release the names of any of the children. All eight came to the hospital from the communities of Mays Landing, Cologne, Egg Harbor and Woodbine.

★ ★ ★

The disease may be transmitted to humans by mosquitoes that have bitten infected horses.

## Total Married Women Soars in Past Years

The number of married women in the United States reached a total of about 41,500,000 in March, 1958, a gain of more than 3,750,000 since 1950 and about 11,333,000 since 1940, according to the Metropolitan Life Insurance Company.

# Russia Not Just State but World

## Soviet Union Stretches 6,000 Miles and Has 149 Separate Tongues

WASHINGTON — Russia, an old adage goes, is not merely a state, it is a world.

The Soviet Union stretches some 6,000 miles from its western extremes in Europe to Asia's Bering Strait. Within its borders live 200,000,000 strikingly varied people who speak 149 separate languages. Ethnic types include Russians, Mongols, Tatars, and Eskimos.

**Thirteen of the Soviet Union's 15 constituent republics appear on a new National Geographic map. It vividly conveys the surging growth of the country. More than 500 new cities and 1,350 smaller communities have been established by the Soviet Government in the past 30 years.**

During this century Moscow, the capital, has mushroomed from a city of a million residents to one of 5,000,000. Only Tokyo, London, New York and Shanghai exceed Moscow in population. The city is so crowded that most families inhabit a single room.

Under the commissars, as under the tsars, Russian territorial expansion has continued. In 1940 the Soviet Union absorbed Latvia, Lithuania and Estonia.

* * *

Among the spoils of World War II were 117,232 square miles of territory annexed from Finland, Germany, Poland, Czechoslovakia and Rumania. In all the U.S.S.R. covers 8,600,000 square miles, encompassing half of Europe and a third of Asia.

Only ten per cent of the enormous land area is agriculturally productive, however. Most of the rich farming land lies on the rolling plains of the Ukraine, the breadbasket of Russia.

**The Soviet Union is a land of extreme contrasts. Huge areas of tundra stretch along the frozen northern coasts. In its 30,000 miles of coastline, the Soviet Union has only one major port, Murmansk, with unrestricted, year round access to the open sea.**

The subtropical lowlands of Georgia and Azerbaijan lie far to the south, sheltered by the wildly beautiful Caucasus Mountains. Roses bloom in the forests, and sun-baked vineyards produce ruby wines.

The Caspian Sea furnishes 35 per cent of the Soviet Union's total fish catch, but in recent years has been drying up. To counteract this ominous trend, Soviet engineers have devised a bold plan to reverse the flow of three large rivers that now empty into the Arctic Ocean. The rivers will be diverted into two southflowing rivers that feed the ebbing Caspian.

# *Stillwater Pupils Play It Safe for Good Marks*

STILLWATER, Okla. (UPI)—Students here will have to play it safe if they want to do well in the classroom.

Stillwater is the first city in the nation to include a full program of safety instruction in all elementary schools.

**The program was designed by the Oklahoma Safety Council, which hopes to have it in operation in 8,000 classrooms next school year.**

The program will provide teachers and students with special classroom materials, including lesson units, posters, teachers' guides, workbooks, magazines and other selected items, all designed to impress the need for safety upon young minds.

Oklahoma Safety Council Manager Bob Eastman described the program, which has been underwritten by Stillwater's civic clubs at a cost of $12 per classroom, as "one of the most important projects we have ever undertaken."

* * *

"The child of today," Eastman said, "is born into a world of thousands of potential hazards, most of them unknown 20 years ago. Basic safety knowledge is as necessary as the ABC's if today's child is to live in our mechanical world."

## Brush After Smoke

NEW YORK (UPI) — Even filtered cigarette smoke will deposit stains on the teeth, but they can be removed easily by daily applications of toothpaste, says the Collapsible Tube Manufacturers Council.

Smith, director of the fourth annual night school. Angela will teach a course in French conversation and her parents will teach German. Mr. Matthesius is principal of Paul Best School in Ferndale.*

# UF Canvassers Ready for Drive

Pontiac Area United Fund Women's Division house-to-house canvassers attended the first of four orientation sessions this morning at the Community Services Building.

The women, slated to begin their house-to-house solicitation for this year's UF drive after Oct. 1, were welcomed by Mrs. Noel Buckner, women's division chairman.

Mrs. Roderick Taylor, Pontiac co-chairman, introduced two of her area chairmen, Mrs. Edward Pompeian and Mrs. Richard Fox. Twenty-one district chairmen were then introduced for areas 1 and 2 of the division.

**A CHAIRMAN SPEAKS**

Joseph H. Schultz, volunteer training chairman for this year's drive, said, "Ladies, you have two major responsibilities as canvassers for our drive. First, you're responsible for contacting every person on your list. How well you do this will have a direct reflection upon the success of our entire United Fund drive. Secondly, you have to help educate the public to the needs of the fund and to answer their questions.

"Do a good job. Do a thorough job. Thousands of people helped by the 52 agencies say thanks."

**PRESENTS SKIT**

Mr. Schultz presented a two-act skit to illustrate the incorrect, then the correct way to solicit funds.

A coffee session followed the orientation.

The second session is being held this afternoon at the CAI Building in Waterford Township.

Friday morning the Waterford session will again be held at the CAI building with the final Friday afternoon Pontiac session set for 1 p.m. at the Community Services Building.

## Herrington Inflation Fair Is Set

### Prizes to Reach $10,000—in Play Money, Darn It

Twenty skill booths with prizes ranging from $1,000 to $10,000 (play money of course) will be featured at the Inflation Fair sponsored by the Herrington School PTA.

The fair to be held from 11 a.m. to 4 p.m., Saturday at the school will have everything from archery to penny toss contests, to suit the tastes of the smallest child to grandparents. There will be a white elephant auction, bake sale, refreshments and all kinds of rides.

★ ★ ★

The fair will open with the selection of a king and queen. They will be picked from the pre-school set of Herrington School community and must be sponsored by a boy or girl from Herrington.

Judges are to be John Dugan, city commissioner, and Clyde Haskill, photographer.

★ ★ ★

Committee members for the fair are Robert Bach, ticket sales and awards; Mrs. William Geeck, refreshments and bake sale; Charles Lemke, white elephant auction; Mrs. Jean Mullen, king and queen of fair; Les Davidson, skill booths, and George Beauchamp, posters, signs and publicity.

## Adult Art Classes Set at Cranbrook

Cranbrook Academy of Art Galleries has announced two fall terms of 10 evening classes each in drawing and painting for adult amateurs. Classes begin Oct. 6 and Oct. 8 in the library building adjoining the galleries.

Jack Madson, who is substituting for Fred Mitchell as painting instructor at Cranbrook Academy of Art this year, will conduct both classes.

Students are accepted in order of application to Cranbrook Academy of Art Galleries and registration closes Oct. 1.

## Sorority Announces Ball Date

### Also Names 1960 Committees for Alpha Omega

Committees for the coming year were announecd at the meeting of Alpha Omega chapter of Beta Sigma sorority held Wednesday evening at the East Huron street home of Mrs. C. M. Beevers.

★ ★ ★

On the ways and means committee are Mrs. Michael Gollogly, chairman; Mrs. Ralph Marriott, Mrs. Vincent Schneider and Mrs. Raymond Steele. Others are Mrs. Steele, historian; Mrs. Kenneth Miller, and Mrs. Donald Lloyd, telephone; and Mrs. Ronald Kasher, friendship.

On the program and social committee are Mrs. Donald DeVoe, chairman; Mrs. Robert Terry, Mrs. Beevers, Mrs. George Pudduck and Mrs. D. A. Chamberlain.

The annual Sno-Ball Dance will be held Feb. 26 at Elks Temple. The next meeting, to be a "model meeting," will be held at the West Huron street home on Mrs. Jean Martin.

## *Miss Norman Receives Gifts at City Hall*

Sherrie L. Norman was honored at a bridal shower given by her coworkers at Pontiac City Hall Monday evening. Cathy McClelland, Patricia Butler, Mrs. Nick Motichak, Mrs. Hartley Hall, Rose Seibert and Mrs. Charles Pace were cohostesses for the event.

Miss Norman, daughter of Mr. and Mrs. Leo Norman of Third avenue, will marry Robert D. Martin, son of the Thomas W. Martins of South Paddock street, Oct. 17 at her parents' home.

Mrs. Eugene Cretal will attend as matron of honor. Best man will be Thomas W. Martin Jr.

## 'Come as You Are'

A "Come as You Are Party" was held by Omega Mu Sigma sorority Tuesday evening at the home of Mrs. John Jadwin of Clarkston. Mrs. Walter LaPlante was cohostess. At the party, members told about their summer trips. The next meeting will be at the home of Mrs. Leonard Coster of Drayton Plains.

Pontiac Press Photo

*Eugene Ryeson, cochairman of the refreshments committee, lends a helping hand to two other members of the Greek Orthodox Youth Association. The GOYA is planning its seventh annual Septemberama dance on Sunday. Maria Cosma, center, chairman of the dance, is helped by Mary Ilades, her cochairman.*

## GOYA Dance Is Sunday

The seventh annual Septemberama dance is being presented by the GOYA (Greek Orthodox Youth Association) Sunday at the Hellenic Hall on Mariva street.

Maria Cosma and Mary Iliades are cochairmen of the affair.

Emmanuel Williams, decorations chairman, decided on an underwater theme, and the decorations are being made by members of GOYA.

★ ★ ★

Sam Gabriel and Eugene Ryeson are in charge of refreshments. Antigone Papanichola is in charge of Greek pastries.

Ann Savvas is ticket chairman and Stella Zoanne Williams is in charge of publicity.

Entertainment chairman, Evelyn Ryeson, has booked an out-of-town orchestra for the dance. The public is invited to attend.

*Moshoula Athanas, left, and Beth Gregory, two members of the Greek Youth Association, carefully paste a shiny fish to one of the backdrops for the GOYA dance which will be held Sunday at Hellenic Hall.*

## Styling of Hair Is Demonstrated

A hair styling demonstration was held at the meeting of Newcomers Club of Pontiac Wednesday at Miracle Mile. Four members served as models.

A business meeting followed at the home of Mrs. John Holmes of Parcells circle. Cohostesses were Mrs. John Irwin and Mrs. Joseph Hiltz.

Mrs. Loren Gerling was welcomed as a member and Mrs. James Wood and Mrs. Gilbert Hague as guests.

## Secretaries Planning Tea

Plans for a membership tea were discussed at the executive board meeting of Pontioak chapter, National Secretaries Association held Wednesday evening at Hotel Waldron. The tea is to be held at 8 p.m. Oct. 20 in the private dining room of Ted's Restaurant.

Mrs. John Duncan, membership chairman, announced that a select group of top level secretaries in this area will be invited to attend. Mrs. Kay Rector is cochairman.

*Stella Zoanne Williams, left, publicity chairman of the GOYA dance being held Sunday, holds a screen as helpers Shirley Pantel and Ann Savvas put the finishing touches on decorations. This year the group has planned an underwater theme.*

**Bloomfield Hills Is Busy**

# *It's Stag Night at the Hunt Club*

By RUTH SAUNDERS

BLOOMFIELD HILLS—This evening is "stag" night at Bloomfield Open Hunt, and for the first time in the club's history dinner will be a clambake.

Chef "Louie" will have been busy all day over a pit filled with hot stones, seafood covered with seaweed and the rest.

Don Hutton was chairman who made arrangements for the affair.

Oct. 18 is the date of the hunter trials at the club and Oct. 19 formal hunting will begin.

★ ★ ★

Bride-elect Martha McDonald who marries Edward F. Lambrecht Jr. Oct. 9 has completed plans for her wedding in Christ Church Cranbrook for a reception at Bloomfield Open Hunt which follows.

Barbara Underhill will be maid of honor and Martha's two sisters Mrs. Harry A. Toulmin Jr. and Mrs. Dean Firth will be bridsesmaids. Susan Lambrecht, sister of the bridegroom, and Mrs. Graeme Howard Jr. of New Haven, Conn., also will be bridesmaids.

On Wednesday Martha and her fiance will be honored at a cocktail party Mr. and Mrs. W. C. Rands of Grosse Pointe will give and the following day Mrs. Carl A. Underhill has planned a luncheon and kitchen shower in her Cranbrook road home.

The evening of Oct. 1 Mrs. John F. Keyes will give a dinner at Grosse Pointe Country Club.

Mrs. Robert L. Biggers has planned a luncheon for her niece Oct. 2 and Edward's brother and sister-in-law, Mr. and Mrs. Richard W. Lambrecht, will give a dinner party in their home in Grosse Pointe.

The bridegroom - elect's parents, Mr. and Mrs. Edward F. Lambrecht, will give the rehearsal dinner Oct. 7.

Martha is the daughter of Clifford J. McDonald of Metamora and the late Mrs. McDonald.

★ ★ ★

Mr. and Mrs. Richard G. Williams (Marynell Anderson) announce the birth of a daughter Isabelle Anderson Sept. 18.

★ ★ ★

Mrs. Thomas H. Wagner of Bennington drive will be hostess at a luncheon next Thursday, Oct. 1 for her mother, Mrs. Lorabel C. Thompson.

Among those invited are Mrs. Wagner's sister, Mrs. Ralph Skinner Jr., Mrs. Harrison E. Thurston, Mrs. Lou Burt, Mrs. Charles L'Hommedieu, Mrs. R. S. Saunders, Mrs. Preston Dozier, Mrs. Ben Martin, Mrs. Robert Mantell, Mrs. Albert Hoffman and Mrs. Duncan McCallum.

★ ★ ★

Kathy Flaherty, daughter of Mr. and Mrs. Joseph Flaherty of Pon Valley road, returned Monday from a summer in Europe. With her traveling companion Meg Hendricks of Milwaukee, she visited in New York before flying home.

# Confused Eh? What Fur?

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI)—I doubt if most women need to look at the label to know it's mink. But some of the other furs on the market this season are enough to drive the average shopper to the nearest dictionary.

What for instance is burundiki? Or guanaquito?

These, plus the familiar Persian lamb, seal, beaver, fox, ad infinitum, are giving furriers a banner business year. Furs show as the full garment, as trim, or as lining. The industry's business is sufficient to cause Women's Wear Daily in its Sept. 22 edition to headline a story, "Fur Never Had It So Good."

★ ★ ★

The trade publication, as a result of the boom, published a primer of fur terms—highlights of which are repeated here to help the confused shopper.

The publication lists the furs by categories — precious, semi-precious, lamb, seals, long-hairs, spotted, flat and miscellaneous.

The precious category includes:

Ranch mink — originally dark brown but now in a wide variety of colors developed through mutations;

Sable—a soft and silky fur from the marten (a weasel-like animal); the best quality is Russian; the fur sometimes is shown dyed black;

Chinchilla—costly; has a grayish blue top hair and a dark, steel-blue underground; the animal originally came from South America but most of the pelts today are ranch-raised in the United States; fur often dyed a golden brown or white;

★ ★ ★

Ermine — from Russia, but banned as an import. Now the term applies to the North American white weasel, from which most of today's pelts come.

Stone marten — European, with soft beige to light brown or grayish color.

Fisher—a long-haired fur, mainly from Canada, with light to dark brown shadings.

Canadian otter—medium-haired fur from Labrador, medium to dark brown in color, usually used for trimmings.

Semi-precious furs include split mink, a term applied to skins cut in half; mink paws; mink gills, which are spotted white or dark brown to pale beige or gray, depending on the mutation; and mink sides, featured in white or black-dyed.

**LAMB AND SEAL**

The lamb and seal group includes:

Russian broadtail, which is prematurely born lamb with a flat moire pattern, mostly shown dyed black; caracul, with a loose, open-curl hair; Alaska fur seal, the best type with dense under-fur, usually dyed black or brown.

The long hair "hits" for fall and winter include:

Norwegian blue fox, the most popular fox of the season with its dark to light blue-silver to taupe cast; golden glory fox, a mutation with a rich golden-russet brown frosted with white; and lynx, from Canada or Russia, and shaded from creamy beige to grayed tan with white belly.

★ ★ ★

The spotted furs include the familiar leopard, with its tawny colorings; the snow leopard, a long-haired fur with white background, and with much the same spottings as the lynx; the hamster, brownish-yellow and used mostly for coat linings; river otter, a rare fur from South America, either natural brown or dyed blonde; and burundiki, the fur of a chipmunk from Russia, China, and India, with a color range from yellow to light brown with dark, fine stripes in clusters.

As for that guanaquito, it is from the young guanaco, a South American animal belonging to the llama family. The color is light, reddish-brown against a white background.

# *Pontaurus Women Beat Boredom*

In April 1958, a group of neighborhood women decided they were tired of doing just housework and baby sitting so they organized a social group, the Pontaurus Club.

★ ★ ★

The name is from combining Pontiac and Taurus, the zodiac sign for April.

First officers elected were Mrs. Dean Hughes, president; Mrs. Bernard Toutant, vice president; Mrs. Charles Garman, secretary, and Mrs. Carl Schiller, treasurer. Officers are elected each March.

A toy demonstration was held Wednesday. Other plans include a theater trip in October to see "The King and I," a Halloween party and a dinner during Christmas.

★ ★ ★

Among activities of the last year were a tour of Pontiac State Hospital, a Halloween party, trips to Detroit to see "South Pacific" and "My Fair Lady," a Christmas and caroling party and home demonstrations.

*Five pages today in Women's Section*

## Curb Allergies

Cut down on allergic reactions of a sensitive member of the family by chasing dust from the home. Use rubber and solid vinyl floorings which discourage dust particles. Avoid heavy draperies, cover fuzzy blankets and eliminate quilted robes and slippers.

## Preschool Play

Small children who sadly watch older brothers and sisters go to school need something to keep them busy. They can build play villages from their own cutouts. Houses and buildings can be of plastic foam or magazine pictures pasted to cardboard. Assembling houses keeps the children as busy as the actual playing.

'Mom Explains Things So Well to Me'

# Most Youngsters Like Study Help at Home

By EUGENE GILBERT

Cartoonists have a good reason for continuing that tired practice of drawing cartoons of fathers sweating over the homework of their children.

For American fathers — and mothers, too—in surprisingly large numbers do lend a hand with homework.

**Of 660 teenagers we questioned, only 17 per cent said mother and dad give them absolutely no aid with school work.**

The remaining 83 per cent got some help—39 per cent a little, 37 per cent a medium amount and 7 per cent a lot.

And eight out of 10 of the boys and girls said the help they receive is an advantage in the long run.

"They know what they are talking about," says 14 - year - old Patrick Cruikshank of Duluth, Minn.

**"I don't receive so much help that it impedes my own thinking," says 16-year-old Joanna Sathelf of Detroit, "but everyone needs help once in a while."**

About 35 per cent of the teenagers polled are so sold on parents' help with school work that they wish mom and dad would help out even more.

However, 45 per cent can't make up their minds if the assistance should be increased or decreased and 20 per cent say parents shouldn't help out as much as they do.

**In one way, the cartoonist who continually draws dad helping with the homework is making a mistake.**

For the youngsters give mom the nod as the most helpful parent.

Half of the young people polled say mom helps them more, with one-third leaning on dad for aid. And about half say mom helps best while father again gets only a third of the vote.

**A MATTER OF TASTE**

But choosing between mother and father seems to be a matter of personality or training, rather than an attribute of the particular sex.

4924 SIZES 2—8

by Anne Adams

Printed Pattern 4924: Children's Sizes 2, 4, 6, 8. Size 6 blouse takes 1¼ yards 35 inch; jacket 1⅜; overalls 1⅞ yards.

Printed directions on each pattern part. Easier, accurate.

Send fifty cents in coins for this pattern — add 10 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly Name, Address with Zone, Size and Style Number.

**"Mother explains things well to me," says 17-year-old Karen Boswell of St. Louis, Mo. "Father explains things better," says 17-year-old Allan Schneider of Philadelphia.**

**"He is more patient," says 16-year-old Sandra King of Detroit. "She has more patience," says Carol Hunziker, 14, of Sac City, Iowa.**

Many of the young people prefer the help of the parent with the higher degree of education.

The subject most likely to have mom or dad burning the midnight oil is English. Four out of 10 of the teenagers say they get help with English assignments. Thirty-six per cent go to their parents for aid with mathematics assignments.

**SUGGESTIONS FOR PARENTS**

Just as mom is more helpful than dad, she is also sterner when it comes to reviewing report cards. About 44 per cent say mom is harder on the marks while 39 per cent say dad is the one who has the more volatile reaction to D's, and even C's.

In Martha Hoyt's home in Portland, Ore., it is mother who reviews the report card. And she's stern, says 18-year-old Martha. "If I get even one C, I'm grounded for six weeks."

**But fathers can be stern about grades, as 15-year-old Nancy Bohannon of Coffeyville, Kan., will testify. "He thinks I should be a straight-A student," says Nancy.**

Asked what parents can do to help their children succeed in school, the teenagers gave these suggestions: show encouragement and interest, prod the youngster to study harder, help out with difficult decisions, and generally "help in the best way they know."

One suggestion is that parents show their children how to obtain an answer without giving the answer itself.

PATRICIA A. HEIPLE

Mr. and Mrs. Warren L. Weber of Island Park drive announce the engagement of their daughter, Patricia Ann Heiple, to Marvin DeWayne Brackett. He is the son of Mr. and Mrs. LeRoy Erickson of Drayton Plains. Mr. Brackett is with the U.S. Navy in Imperial Beach, Calif.

## Anchors Stole

In costume jewelry, outsized crescents, stars, circles and sprays provide anchorage for the important stole, or do a "solo blaze" dead-center below the bosom.

## Be Glad to Wash Dishes, Ladies

When next you feel like complaining that dishwashing is a chore, remember to rejoice that at least we have pretty dishes to eat from — and an easy means of washing them.

In the 15th Century, dishes were unknown, and people ate from scooped-out pieces of stale bread—which of course needed no washing but didn't do much to increase one's aesthetic enjoyment of food!

## Bold New Sleeves

The simple black crepe or silk sheath has taken on great big, puffy sleeves. It's a new and dramatic look.

# Jeweler May Make Exchange

By EMILY POST

"Dear Mrs. Post: When I retired as president of our women's club, the members took up a collection and bought me a pin. The pin was bought at our local jeweler's and while it is very nice, it is not my taste.

"There is another pin in the window at this same jeweler's that I have been admiring and would much prefer it to the one they bought for me. Would it be proper for me to tell them of my preference and ask them to exchange it, or could they possibly be offended? Will you please advise me on this matter."

Answer: If the jeweler is willing to let you have the pin you would like in exchange for the one given to you, and at no extra cost, I think you may ask the members to make the exchange for you. You must have some understandable reason why you prefer the new pin to the one they chose for you. This might be because the blue stones in one pin go with more of your dresses than the red ones in the other.

"Dear Mrs. Post: Would you suggest announcing a broken engagement in the newspapers, or forgetting it and hoping others will?"

Answer: This depends upon what you find least distressing. If there is uncertainty about the situation, and talk, then it would be better to send a formal announcement to the newspaper that "the engagement of Miss Mary Smith and Mr. John Jones has been broken by mutual consent." Otherwise, it would be better to let the news drift from one person to another.

"Dear Mrs. Post: What obligation is there for the bride's family to put up the various guests coming from out of town for the wedding? Are there any who have to be taken care of and any who don't have to be?"

Answer: The bride's attendants who come from out of town have to be provided for by her family, but not necessarily any others. It would be very hospitable to take care of the bridegroom's immediate family, if possible. But this is the exception rather than the rule.

Saccharin is 300 times sweeter than cane sugar.

Figures Prove It

# Aren't We Important, Gals

By JOSEPHINE LOWMAN

Here are some interesting facts about American women!

Fifty per cent of the stockholders are women. They own 100 billion common and preferred stocks. They have 33 billion dollars in government bonds and 55 billion in savings accounts.

American women spend 60 per cent of the family income, and are the beneficiaries of 75 per cent of insurance policies.

Twenty - eight million women worked outside their homes during 1956.

Half of the employed women are 40 years old or more.

**The life expectancy of the American woman is six years more than her husband's. Since, on the average, she is a few years younger than he, this means that she lives nine or more years longer than he does.**

The husband and wife teams as owners and executives of business are increasing.

There are several factors which have caused more and more married women to work away from home. In the first place there are more opportunities, many of them especially suited to women.

Then, household labor saving devices give the woman in the home more leisure. Also her husband's shortened work week gives him more time to help at home. Then, too, the cost of living has gone sky high.

**And there seems to be a mutual interest in increasing the standard of living for the husband and wife and the children, and a desire for more security later on for the couple.**

Whatever you may think of the picture of the 'dominant woman,' this is wonderful:

AGE LIMIT OUT

The age limit for women who are seeking employment (no older than 30) is evidently on the outgo. Employers are finding that experience, skill, mature judgment and reliability, outweigh the delightful froth and inexperience of youth.

Then, too, the family-life front is wonderful. Marriage seems to be a more truly cooperative venture, with more give and take, more of a "team" feeling. The wife may help put her husband through college and then helps at home when he starts his career on a small income. I think this is one of the good things which came out of the last world war.

Believe me, mutual respect and understanding will keep romance alive.

Tomorrow: "Freckles Not Your Friend? Then Here's Your Best Bet."

# Saturday Nuptials Set

Dallas W. Marshall of Pontiac and Jessie L. Dragoo of Detroit will be married Saturday at 11 a.m. at Kirk in the Hills Church in Bloomfield Township.

**The bride will be attended by her sister Mrs. J. O. Cunningham of Detroit, and the groom by his brother, Lavern P. Marshall of Flint.**

Following the ceremony a wedding breakfast will be given by Mr. and Mrs. Earl Lowe of Birmingham at the Detroit Athletic Club.

After November, the Marshalls will be at home on Ohio avenue in Detroit.

★ ★ ★

Mr. Marshall retired this year from General Motors Truck and Coach Division of General Motors Corporation.

## Real Service—Plus

Have you heard about a hotel in Sweden that really gives the comforts of home — plus?

For instance, each bathroom offers a terrycloth bathrobe, sterilized bath brush, sterile washcloth, and shower cap. Final touch of thoughtfulness: a nylon wash line above the tub for convenience in laundering drip-dries.

# Sue Koprince With 'Editors' at Ford Review

A senior at Pontiac Central High School, Sue Koprince was among 170 teen-age reporters and editors at a Press Review of the 1960 Ford in Dearborn.

The young journalists were competing for a total of $13,800 in scholarships based on their scholastic records and the stories they write about their trip to the Ford facilities in Dearbron.

Sue is the daughter of Mr. and Mrs. Julius Koprince of 319 W. Iroquois Rd. She was chosen to represent this city by Pontiac Central High School and The Pontiac Press.

The teenagers asked questions of Ford officials about the 1960 line of automobiles and had a chance to drive the cars.

## Care for Shoes

Nothing makes a woman look so careless as run-down, scuffy or unpolished shoes. When yours show signs of wear, take them to the shoe repairman fast.

# OES Caddie Voll Past Matrons Meet

Dear Abby Says Quit Complaining . . .

# Cater to Husband Easy to Please

By ABIGAIL VAN BUREN

DEAR ABBY: What can you do with a husband who won't eat anything but meat and potatoes?

ABBY

I've been married for three years and that's all I've cooked. My husband refuses to try anything new. He says he doesn't like it before he's even tried it. So, naturally, I've lost all interest in cooking.

I'm ready to call it quits. How do other women solve this problem? Or am I fighting a losing battle?

MARY LOUISE

DEAR MARY LOUISE: Some women don't know when they're well off. Don't complain because your husband is too EASY to please. Just get a good cook book and discover the variety of exciting things you can do with meat 'n' potatoes. When hubby comes home, he'll always know WHAT'S cooking — but not HOW.

★ ★ ★

DEAR ABBY: I have a suggestion for the woman who was afraid to let her aging father drive the car, but he insisted on driving anyway. Report this matter to your local State Drivers License Division. They will send him a notice to appear for re-examination for his driver's permit. Before they grant him a renewal, he will have to be checked by his physician and a report sent them. They continue a yearly checkup on a driver so reported.

My husband is 18 years older than I am, and I'm no spring chicken. His vision was poor, and his hearing was worse and he drove like a madman. Every time I asked him to let me drive, he'd get furious. I reported him and they wouldn't renew his license. The nice part of this whole thing is that the person involved never knows who reported him. I don't know about the other states, but it works in California. "L. A. LIZZIE"

★ ★ ★

DEAR ABBY: I am an 18-year-old girl and thanks to my wonderful parents and religious training I've earned a good reputation.

Abby, honestly, I was brought up to believe that girls who let boys "paw" them were the losers. Please don't tell me that boys do not marry this kind of girl because I have been going to quite a few weddings lately.

I just broke off with a boy. The reason? He got tired of an occasional kiss. When I refused to give him more, he called me a "prude" and said, "No guy wants a cold fish." He is the third boy I broke up with for this reason. Is there no reward for being good?

PROUD PRUDE

DEAR PROUD: (And you have something to be proud of!) The reward for "being good" is a clear conscience and an enviable reputation. The cornerstone of a solid marriage is mutual respect. If you lose a boy because you refuse to give in to his selfish desires—you haven't lost much. Just keep on doin' what you're doin'!

New Officers Named

# Annual Golf Party Held

Mrs. Charles Barker presided at the annual party held by Fairway Golf League Tuesday at Morey's Golf Club.

Season's prizes and trophies were awarded to Mrs. Delbert Hammett for high number of points and season's low gross. Mrs. Gerhart Barnhart had the low net and Mrs. Richard Childress had low average decrease.

Winners in the annual tournament were Mrs. Childress, in the champion flight, Mrs. Richard Robertson in first flight and Mrs. John C. Wilson in the second flight.

★ ★ ★

New officers are Mrs. George H. Watters, president; Mrs. Frank Syron, vice president; Mrs. Lee Lynsinger, recording secretary, and Mrs. Childress, treasurer.

Mrs. Watters was in charge of making arrangements for the day and was assisted by Mrs. Helen Johnson, Mrs. Fred Foster and Mrs. Robert Boles, table decorations; Mrs. Frank Wilson Jr. and Mrs. Barker, favors; Mrs. William Bennett and Mrs. Earl Hagen, golf scores and Mrs. John Heitsch, Mrs. Kenneth Bogard and Mrs. Robert Hendry, prizes.

## Presbyterians Hold Association Meeting

The Woman's Association Quarterly meeting of the United Presbyterian church was held Tuesday evening at the church.

Mrs. Donald Wilson presided and Mrs. Omar McNutt led the devotions. Mrs. Robert MacCormack led the group in community singing accompanied by Mrs. Stanton Levely at the piano.

Marilyn Bell was the speaker. Taking part in the program were Mrs. Park Wagg and Mrs. Gary Barnhart.

## Lloyds on Honeymoon After Saturday Rites

Newlyweds Mr. and Mrs. Charles Lloyd are honeymooning in Florida following their marriage Saturday afternoon at Bethany Baptist Church.

The bride, the former Jo-Anna Helen Wiggs, is the daughter of Mr. and Mrs. Van Wiggs of East Fairmount avenue. The bridegroom is the son of the James Lloyds of North Carolina.

For her wedding she chose a white taffeta sheath with an over coat and shoulder-length veil. She held an orchid on a white Bible.

★ ★ ★

Audrey Maki attended as maid of honor.

The best man was Donald Baldwin.

After a reception at the home of the bride's parents, the new Mrs. Lloyd changed back to a black sheath with patent accessories and the orchid from her bouquet for traveling. The couple will reside on Salmer street.

MRS. CHARLES LLOYD

The bride attended Ferris Institute. Mr. Lloyd is a student at General Motors Institute in Flint.

There's an art to wearing gloves and the proper length is important. Either have your gloves meet your sleeves so that no skin shows or wear gloves so that a lot of skin shows between sleeve and glove. A halfway compromise isn't chic.

# Mrs. K Really Knows Her Corn

By FRANCES LEWINE

COON RAPIDS, Iowa (AP) — When Nina Khrushchev looked over Iowa's corn Wednesday it was with a knowing eye.

That's the word from her hostess, Mrs. Roswell Garst, who said Mrs. Khrushchev "knows a great deal about agriculture."

What's more, added the wife of one of Iowa's big seed corn growers, Mrs. Khrushchev understands the techniques involved in growing hybrid seed corn.

Gray-haired Mrs. Khrushchev turned aside invitations to take a look at a Coon Rapids elementary school and stuck with her Soviet Premier husband to trudge through the black soil of several farmyards and fields.

She had to put up with a crush of newsmen and photographers that at times shut off her view. She and her husband were separated completely in the mob scene.

In a black suit and wearing open, sling-back white shoes, she pushed her way through to peer over a gray fence at a special herd of Charolais bulls that Khrushchev was inspecting.

"She didn't have enough time to settle down and have a good look," Mrs. Gars, lamented, nor "any time for serious, comfortable discussion."

★ ★ ★

And the fast-paced visit didn't give Mrs. Garst a chance to bring before Premier Khrushchev or his wife the pleas of several persons who had sent letters to the Garst farm appealing for intercession to get relatives out of Iron Curtain countries.

Garst himself said he had brought up the matter in a "broad way" to Khrushchev, but not by individuals.

★ ★ ★

Anyway, Mrs. Garst assured, "they aren't going ignored." But she didn't say what was being done with the letters.

Mrs. Garst, gray-haired too, wearing eye glasses and a green and white print dress for the famous visit, was much annoyed by the working press.

Mrs. Garst told photographers "I don't want my picture taken—get away from me."

"Its very, very annoying," she said to Mrs. Khrushchev, "and I would like to kick them in the face, too." Her terrible-tempered husband actually had kicked a newsman or two.

Bushes in front of the Garst home were trampled, equipment and people were everywhere. But the luncheon, to which the Garsts had invited more than 100 friends of their own to join the Soviet party of about equal number, apparently was a success. And Mrs. Khrushchev thought it was good.

★ ★ ★

Mrs. Khrushchev was interrupted frequently while she ate the fried chicken and trimmings to sign autographs and shake hands, and she passed around pictures of her grandchildren.

"We talked so much we could hardly eat," Mrs. Garst admitted.

## Birthday Noted by Improvers

The election of officers and annual birthday party were held at the closed meeting of Countryside Improvement Association Wednesday at Edgewood Country Club.

Mrs. Gene Mitchell was elected president and Mrs. Edwin R. Dreyer, vice president.

Cohostesses were Mrs. J. C. Mahannah, Mrs. Ray Ridge, Mrs. Fran Stroup and Mrs. Gordon VanCamp.

## Birmingham House Sets Russian Study

A course in Russian — reading, writing and speaking — will be given for the first time this year as part of the craft and hobby program at Birmingham Community House.

To begin Friday, the class will be taught by Mrs. Veronica Maximovich of Royal Oak. She also will discuss facts about Russia.

The class will meet every Friday from 7:30 to 9:30 p.m.

## Wanderers Plan '60 Program

Mrs. James Talmage opened her home in Clarkston to members of Happy Wanderers Extension Club Tuesday evening. Mrs. Harold Wagg presided.

Mrs. Milton Blood planned the program for the coming year. New members welcomed were Mrs. Richard Young, Mrs. Irving Hocking, Mrs. W. O. Liebler, Audrey Brady and Mrs. Clara Cronk.

Mrs. John Gemmell showed slides of England and Scotland. Mrs. Ralph Tracy and Mrs. Kenneth Gilboe were guests.

The next meeting, to be a lesson on planning the family dollar, will be held at Mrs. Young's home.

Standard time zones were adopted in the U.S. in 1883.

## Local Alumnae Met on Tuesday

University of Michigan Alumnae Club of Pontiac met for dinner Tuesday evening at Greenfields Restaurant and then went to the home of Mrs. Donald S. Brownlee of Square Lake road.

Colored films of "Wild Life in Michigan" were shown and narrated by Mrs. William Nicholai. The films, taken within a 25 mile radius of Pontiac, featured birds, flowers and small animals in their natural setting.

Mrs. Harry Richards served punch assisted by Mrs. Iama C. Hook. Mrs. Jay A. Wagner introduced Mrs. Elinor Perrin as her guest.

## Immigration Total High

WASHINGTON — Immigrants admitted to the U.S. since 1868 are estimated to have totaled more than 31 million.

## State Population Grows

LANSING—Population of Michigan increased 600,000 from April 1950 to July 1954, according to unofficial estimates.

## May Cause Blood Vessel Disease

# *Cigarettes Affect Legs?*

MILWAUKEE, Wis. (UPI) — Cigarette smoking may be the cause of some leg and ear troubles, two doctors said Tuesday.

Dr. Philip Thorek, Chicago, told the 11th annual assembly of the Wisconsin Academy of General Practice that smoking may lead to blood vessel disease of the legs.

★ ★ ★

And Dr. Graham Smith, Minneapolis, Minn., said tobacco curtails blood circulation in the nerve areas of the ears.

"Not a person in the world knows whether smoking causes cancer of the lung," Thorek said. "But I am a rabid anti-tobacconist.

**"I know there's such a thing as Buerger's Disease and that people are losing legs because of it," the Chicago doctor said.**

Smith said some ear doctors have realized the harmful effects of smoking on the ears.

★ ★ ★

"Just as chest surgeons quit smoking because of cancer of the lungs, ear men quit because of hearing loss," he said.

Dr. Robert S. Baldwin, Marchfield, Wis., told of a new oral anti-diabetes drug called "DBI" which he said was effective for control in two of every cases tested.

**Baldwin said he tested 51 patients and found 22 making excellent progress and 11 showing good results.**

"DBI" was effective for control of both the mild "adult-stable" diabetes and for "brittle" and juvenile stages of the disease, Baldwin said.

"There were eleven children under 15 years of age in the group," he said. "Six of these had good or excellent results."

## *Hoax Ad Jams Home and Street With Applicants*

DETROIT (AP)—The advertisement called for a chauffeur who besides receiving $80 a week would get the use of Anna D. Fay's cadillac on weekends.

★ ★ ★

Some 10,000 applicants and curiosity seekers showed up at Mrs. Fay's home in suburban Grosse Pointe Woods, police said. The jam was so bad that police called for reinforcements to block off the street.

The ad, placed in a local newspaper, was a hoax. There was no job.

Mrs. Fay said she didn't know the identity of the advertiser but she said it was the third such hoax of which she was victim. Once an unordered limousine showed up and another time a hearse full of flowers.

## Ann Arbor Firm Gets Water Treating Pact

WASHINGTON (UPI)—Interior Secretary Fred A. Seaton today approved contracts for agricultural and engineering services on two of the government's first three saline water conversion demonstration plants.

The Bureau of Reclamation was ordered to provide these services on the third plant.

**The "pilot" plants will be used to demonstrate low-cost, large-scale conversion of sea and brackish waters into fresh water for use in homes, industries, and agriculture.**

agreement with W. L. Badger and Associates of Ann Arbor covering services on a sea water conversion plant to be constructed at Freeport, Tex. The plant will use a long-tube, vertical multiple effect distillation process.

## Termination of F108 to Cost Jobs of 2,000

LOS ANGELES (AP)—The Air Force's termination of the F108 program will cost the jobs of 1,000 Los Angeles employes of North American Aviation, Inc.

Another 1,000 will be released at North American's Columbus, Ohio, plant.

More employes will lose their jobs as the program is wound up, the company said.

More than six million germs can be carried by the common house fly.

Only one-eighth the height of an iceberg projects above the water surface.

Exclusive Pontiac Press Aerial Photo

**HERRINGTON HILLS AS SEEN FROM AIR** — Three hundred and seventy five homes make up the subdivision known as Herrington Hills. Subdivided from an original plot of 80 acres, the area has streets named after important citizens of Pontiac. One of the city's newer elementary schools has been built in Herrington Hills. The one-tsory brick homes are in the $14,000 to $16,000 class. Recently one of the models was featured in a national home magazine.

## Alabama Boy Scouts Literally Well Oiled

MOBILE, Ala. (UP) — The Mobile Area Council of Boy Scouts has found an easier way to make money than through Christmas tree sales or church suppers.

The group receives about $14,000 a year in royalties from four oil wells at Citronelle, Ala. The council, which has 63,000 boys, has purchased 680 acres of land with the profit.

## Sheriff's Car Too Close to Explosive Situation

NOGALES, Ariz. (UP) — Sheriff's officers kept spectators and their vehicles at a safe distance when Columbia Pictures blew up a movie set with seven tons of explosives.

* * *

Except for the set, the only damage was to the sheriff's patrol car, a quarter mile away. A large boulder ripped off the car's windshield and hood.

## A Too-Special Towel Receives Girl's Tears

SAN DIEGO, Calif. (UP) — Because the pretty, blonde defendant in a bad check case had been crying before court opened, Deputy Dist. Atty. John C. vanBenthem handed her attorney a towel as she took the witness stand.

It was the comic type, on which "crying towel" was printed. Since the jury saw the incident, Superior Judge John A. Hewicker held it was grounds for declaring a mistrial, which he did.

## Old Man, 91, Dies After 41 Lonely Years

MT. VERNON, Ala. (UPI) — Tom Bailey was a lonely man.

Bailey, a 91-year-old Negro from nearby Mobile, died recently in the hospital where he had been confined for 41 years, during which he received no mail or any visitors.

**In This Newspaper Page Form**

# PONTIAC PRESS WANT ADS

# FE 2-8181

This is a page of classified ads, thousands of individual lines of type, hundreds of ads, in its form ready for the first step in the intricate printing process which will eventually lead to delivery of the advertisers' messages into more than 59,000 homes today. Before tomorrow's paper is printed, about one-third of these ads will be removed from the page (because they have done their job successfully) and replaced with new ones.

Over 350,000 of these little ads will be published in the Pontiac Press this year . . . proof that classified ads perform an unmatched service to the people.

For further information, or assistance in placing your ad, call FE 2-8181.

Clergy Feel It's for Effect

# Why Mr. K's Nod to God?

By The Associated Press

Why the "nod to God" by Nikita Khrushchev, world leader of atheistic communism?

The Soviet Premier has sprinkled his remarks in the United States with references to the Deity and Christian principles.

He has said, "We have taken a lot of Christ's precepts, for instance, love one's neighbors and others." He commented that the Christian religion teaches one to forgive. He quoted the Commandment, "Thou shall not kill."

Khrushchev even claimed in Iowa that God "is on our side. He helps the intelligent."

Why, from a nonbeliever?

The Associated Press asked clergymen across the country for comment.

Most felt that Khrushchev's purpose was primarily to find a favorable area of response among his audiences.

★ ★ ★

A faint hope was expressed that he might really have been impressed by the basic role religion has played in American life—and that Christianity may be making inroads in the Soviet Union.

Another view was that the Russian language is replete with religious allusions and figures of speech dating from the pre-Communist era, and that the use of such phrases still comes as second nature even to those who do not believe in them.

Soviet Deputy Premiers Anastas I. Mikoyan and Frol R. Kozlov made similar references on their trips here.

One cleric remarked anonymously that the practice is not exclusive with visiting Soviets. He said it was akin to non - Soviet orations that get around in the last sentence to a reference to the deity — a practice known wryly in clerical circles as "the nod to God."

★ ★ ★

Khrushchev's nod, while arousing a smattering of optimism, generally provoked skepticism among Protestant, Catholic and Jewish leaders.

★ ★ ★

"Khrushchev has probably read the 'Merchant of Venice' and learned from Antonio that the Devil can cite Scripture for his purpose,'" said Dr. Robert Raible, of Dallas, Tex., minister of the First Unitarian Church and past president of the American Unitarian Ministers' Assn.

# Space Defense Now Up to AF

## Air Force Handed Sole Responsibility for U.S. Rocket Development

WASHINGTON (UPI) — The Defense Department, in a sweeping shakeup of the military rocket program, Wednesday designated the Air Force as the nation's official space force of the future.

**Jolting the Army and Navy, it handed the Air Force sole responsibility for all "space transportation" and ultimately for the development, production and launching of all space vehicle rocket boosters.**

The order raised questions about the future of Dr. Wehrner von Braun and his German team of rocket experts at the Army's ballistic missile agency, Huntsville, Ala. It was possible the government's civilian space agency might bid anew for their services.

★ ★ ★

Dr. Herbert York, Defense Department director of research and engineering, said projects worth hundreds of millions of dollars — including the Army's 1,500,000-pound Saturn rocket booster, would be turned over to the Air Force.

**The Army and Navy will continue to develop specialized satellites for such purposes as navigation and communications. But they will have to rely on the Air Force to put their space vehicles into orbit.**

York said the Defense Department and the Air Force agreed the spectacular Saturn rocket booster should continue to be developed at Huntsville. The Army has been mating eight rockets of the Juniter missile type to produce the powerful Saturn.

Von Braun said recently that the first Saturn shot may be as much as three years away. When it is ready, he said, it should be able to hurl a 25-ton payload to the moon.

# County Historical Foundation Picks New President

The annual meeting of the Oakland County Historical Foundation was held at the Wisner Home Wednesday, when Dr. Sara Van Hoosen Jones was chosen president for the coming year.

Other officers named were John Linabury and Miss Virginia Ward, vice presidents; Mrs. Whitney Prall, secretary, and James Howlett, treasurer.

Added to the board of directors were Mrs. Fred Ward and Mrs. Chad Mellinger. An anonymous gift of $1,000 was announced.

Guest speaker was Mary Catherine Ellsworth, curator of the Nankin Mills Museum. She is cataloging the effects in the Wisner Home.

# Warns U.N. Group About Egypt Rule

UNITED NATIONS, N. Y. (UPI) — Israel warned the United Nations today that the warlike attitude of the Arab countries, led by the United Arab Republic, has "taken on new and ominous forms."

Foreign Minister Mrs. Golda Meir, protesting the U.A.R. refusal to permit Israeli ships or cargoes to pass through the Suez Canal, told the General Assembly Israel "is not prepared to accept a situation in which she is singled out for illegal discrimination."

"By undermining the principle of freedom of navigation through the canal," Mrs. Meir said, "a potential threat is created for any other country against which Egypt may choose to use its control of this international waterway as an instrument of political coercion."

Seek Testimony in Bookie Trial

# Will Call Ex-Defendants

Three former defendants, cleared of gambling conspiracy charges, will be called as witnesses for the prosecution to testify against two men they were alleged to have conspired with in a million dollar bookie ring in Pontiac.

In a surprise move this morning, the prosecution moved to have Basil W. Burke, ex-convict and accused kingpin of the ring, LaRue E. Gullett, former deputy Pontiac city treasurer and his wife Gladys endorsed as witnesses after they had been freed of gambling charges.

**However, Chief Assistant Prosecutor George F. Taylor said he expected the three to take the Fifth Amendment when called, so as not to incriminate themselves.**

With only two of the original five defendants still charged, the conspiracy trial opened before Oakland County Circuit Judge William J. Beer.

★ ★ ★

**The two remaining defendants, James "Chinaboy" Pruzor, 56, of 89 Moreland St. and Charles D. "Whitey" Apley of 29 Salmer Ave. waived a jury trial.**

After yesterday dismissing charges against Burke and Mrs. Gullett, Judge Beer this morning, too, dismissed two of the five counts on which Pruzor and Apley were bound over for trial from Pontiac Municipal Court.

Judge Beer said there was no evidence shown to indicate that the pair maintained a regular gambling establishment.

Gullett of 301 Dick Ave., was cleared of all charges in June by Judge H. Russel Holland.

★ ★ ★

Three counts remain against Pruzor and Apley. They are accused of conspiring together by booking horse race bets and having places of business in Pontiac to do so.

**All five were picked up in August of 1958 in a series of 5 p.m. raids on five places by the State Police Rackets Squad, four in the city and the other in Auburn Heights. They were charged with conspiracy to violate state gambling laws.**

Beer yesterday said "mere suspicion was not enough" and dismissed the evidence and information against Burke and Mrs. Gullett. He ordered them freed and their $5,000 bonds canceled.

He also ruled that detectives had engaged in an illegal search and seizure and that facts were insufficient in four 37-page search warrants to justify their issuance.

# FHA Loan-Interest Rate Boosted Half Cent to 5¾

WASHINGTON (AP)—A boost in the top interest rate on Federal Housing Administration loans has followed President Eisenhower's signing of a third-try housing bill.

The FHA announced the increase from 5¼ to 5¾ per cent in the permissible interest rate on home mortgages it insures. It means higher monthly payments for home purchasers, but is expected to make it easier for them to obtain the loans.

★ ★ ★

Eisenhower signed Wednesday the billion-dollar housing measure, aimed at keeping housing construction booming. It provides money to continue many government-backed housing programs. The President, who had vetoed two earlier bills as too costly, signed the third without comment.

★ ★ ★

Among other things, the bill permits smaller down payments and larger mortgages handled by the FHA. The maximum FHA-insured mortgage was increased to $22,500. The minimum down payment on an $18,000 house, for instance, was cut to $855.

★ ★ ★

The new law gives the FHA authority to insure another eight billion dollars worth of mortgages, supplementing authority which was exhausted last June.

★ ★ ★

Major money provisions of the bill include 650 million dollars over a two-year period for slum grants to cities, 250 million for college dormitory loans, and 25 million to the Federal National Mortgage Assn. for buying mortgages on cooperative housing. An additional 50 million was authorized for loans for homes for the elderly, but an appropriation will be needed to make this effective.

★ ★ ★

Included over Eisenhower's protest was authority for 37,000 more units of low-cost housing. The bill also extends the FHA home improvement loan program for one year to Oct. 1, 1960," and the military housing program two years to Oct. 1, 1961.

# Hoffa Inspects Motel Financed by Union Funds

**ATLANTA (AP) — James R. Hoffa, president of the Teamsters Union viewed the plush appointments of an Atlanta motel Wednesday and commented "We will loan money any time, anywhere, if we can get offers like this."**

**The union's 70 million dollar pension fund provided a loan of $1,800,000 to help build the Atlanta Cabana Motel.**

**Hoffa is here to attend a meeting of trustees of the pension fund and to help dedicate a new Teamsters building.**

**Hoffa said 45 per cent of the pension fund money is invested in mortgages, real estate and related enterprises.**

**"We are getting two and a half million a month in income from the fund's investments," Hoffa said.**

# Automobile Accident Report Corrected

The Pontiac Press incorrectly reported that Mrs. George Biebel, 5458 Farvis St., was the driver of one vehicle involved in a two-car collision Saturday night in Waterford Township in which eight teenagers were slightly injured. The driver was Mrs. Biebel's daughter, Judith, 17.

**Waterford Township Police said David Mills, 16, of 3788 Sunset Blvd., Orchard Lake, told them he took his eyes from the road momentarily and did not see the Biebel car in time to avoid crashing into it from behind.**

The Biebel car was stopped and preparing to turn into a driveway at 3118 W. Huron St., and not standing still at a stop sign as was previously reported in The Press. All of the injured were treated and released from Pontiac General Hospital.

'Pooch Party' Saturday

# Homework: Dunk Rover

Children all over Pontiac these past evenings have been engaged in some extraordinary homework—more enjoyable than usual.

They're getting their pets groomed to the teeth for this Saturday's 10th annual "Pooch Party."

★ ★ ★

While the kids might be having a ball, the dogs aren't.

**They are being submerged in sudsy wash tubs in the basement while they'd much rather be out in the back yard gnawing on a bone.**

★ ★ ★

But their owners are vying for ribbons and a trophy for the best "all around dog" which will be given by sponsors of the show, Pontiac Parks and Recreation Dept. and Pontiac Kennel Club.

**BEGINS AT 2 P.M.**

It will begin at 2 p.m. at Oakland Parks, Montcalm and Glenwood.

**Children who have not already done so can pick up entry forms at school or from the city department in City Hall. Leonard T. Buzz, recreation director for the department, expects some 75 entries.**

There will be a junior division for those (owners) 7 to 11 years old and a senior division for those 11 to 17 years old.

There will be four classes—best groomed dog, best trick dog, best informed owner and best pet combination.

Buzz says that "just dogs" have just as good a chance to walk off with the awards as do pedigreed pets.

## From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Today's college rules on football substitutes are getting so complicated "they are forcing the coach to think and pre-plan his strategy for getting his key offensive man into the lineup."

This is the opinion of Fritz Crisler, reknowned University of Michigan Athletic director.

**It seems everytime Crisler attends a football meeting he is hit with a barrage of questions on the latest football rules. He has been on the NCAA rules committee for 18 years and many of the changes have been attributed directly at him.**

In fact, the biggest change in recent football history, the two point conversion by running or passing, was called Crisler's "pet" when it came into being a year ago.

★ ★ ★

This year, college football fans will see the "Wild Card" substitute. This rule is a compromise between single substitution and free substitution. In short, any player may re-enter a game once in any one quarter.

**If he starts the game he is charged as an entry. If he comes out and goes in once more in the quarter, he has used up his re-entry and cannot enter again, except that a coach may use one player as a "wild card."**

★ ★ ★

This means that at a time when the clock is dead, a coach can pick one player and use him once as a free substitute. However, once a player leaves he has to wait until at least one down has intervened before re-entering and a "wild card" must go in when the clock is dead.

This is where the problem lies and where the coach will have to do some planning, says Crisler.

A coach will have to plan his time-outs and substitutions. There may be a time when he may need his quarterback in the game but won't be able to use him as a "wild card" because he has used his time-outs and putting him in may then cost the coach 15 yards penalty.

**Crisler also says that present substitution rule thus forces the coach to teach his player how to play both offense and defense.**

"Too much thinking needed now, that's why I got out of coaching," Crisler laughed.

**DITTOS FROM THE PRESS BOX**

Larry Dion, former Walled Lake High School football and basketball ace, is first string quarterback on the Army Base football team in Bomberg, Germany. His team is the defending champion this year. He will be out of the service next August.

Dion played with Larry Hughes now at U. of D. and Johnny Walker at U. of M. on the Inter-Lakes championship football and basketball teams in 1956-57.

## Joe Gordon Succeeds Joe Gordon as Tribe Manager for 1960

# 'Peace Pipe' Smoked in Cleveland

CLEVELAND (AP)—Joe Gordon, the old and new field manager of the Cleveland Indians; his boss, Frank Lane, and practically all the team's fans here agreed today: "Peace—it's wonderful."

★ ★ ★

Differences between Gordon and the general manager were big enough six days ago to cause Joe to announce formally he wouldn't work for Lane another year.

★ ★ ★

Then came a long talk yesterday between the two. The differences were reconciled.

**And now Gordon has signed to work another two years as Cleveland's field pilot and at a salary unofficially reported to include a $10,000-a-year raise to $40,000.**

The two-year term was Lane's idea, Gordon said, adding: "He must think I'm a better manager than he sometimes says I am."

Before a conference of startled newsmen at 3 p.m. yesterday, Lane confirmed this, saying:

**"After summing everything up, I decided that the best man to succeed Joe Gordon was Joe Gordon."**

Plenty of other people all over the Major Leagues were startled as much as the Clevelanders. Why the sudden reversal? The closest thing to an explanation came from Lane's statement that their tiff began when they were in different cities, while the team was on the road.

"The thing snowballed out of proportion. Joe's the gambling type of manager and I'm a percentage man, and naturally we didn't think alike," said the general manager.

**"I expressed my opinion and it sort of trickled into the press box and got in the papers. I felt I had a right to express my opinion and I still do.**

"Then I heard that Joe withdrew himself from consideration for next season, and I was shocked," continued Lane. "I had never dismissed him as a possibility for 1960.

"I thought perhaps Joe had made a commitment elsewhere, so I talked with other people, including Leo Durocher. I just couldn't sit there with egg on my face."

**Lane had talked with Durocher in Pittsburgh late last week, so it was no great surprise at the news conference when Lane called to an aide, "Bring in Leo now." But it was Gordon who came in, the same man who had been relieved Tuesday night after the Indians were eliminated mathematically from the pennant race.**

"We were just two hot-heads in a pennant race," Gordon explained to the assembled newsmen. "We sat down and had a long talk and completely ironed out our differences. I guess we even surprised ourselves."

# Braves Steamin' Mad, but LA Back in Tie for Lead

# SPORTS

AP Wirephoto

**LET'S SMOKE A PEACE PIPE** — Frank Lane (left) general manager of the Cleveland Indians gives ex-manager and now the reinstated manager of the Indians, Joe Gordon a pat on the head after they ended their feud yesterday with a 2 year contract for Gordon. Gordon said he was bowing out after the 4-2 loss to Chicago Tuesday night, but he and Lane smoked the "peace pipe" and settled their differences.

## Squeeze Play Has Milwaukee Angry at Call

### Loss to Pittsburgh Nine Forces a Deadlock in NL Race

PITTSBURGH (UPI) — The Braves blew town last night steamin' mad and manager Fred Haney served notice his Milwaukee crew may take out its vengeance on the lowly Philadelphia Phils.

★ ★ ★

Almost to a man, the Braves agreed that Pirate catcher Smoky Burgess was a "dead duck" at home plate on a squeeze play that helped Pittsburgh edge the Braves 5-4. The loss shoved Milwaukee into a first place tie with the Los Angeles Dodgers, who beat St Louis 3-0.

**Before boarding a bus from the airport and a flight to Milwaukee for three final games with the Phils, Haney snorted: "It was a real toughie to lose."**

"But we still have those other games left," he said in reference to the Philadelphia series.

★ ★ ★

The play that left the Braves fuming occurred in the fourth inning of last night's season finale at Forbes Field.

★ ★ ★

With the bases loaded, winning pitcher Ronnie Kline laid down a perfect squeeze bunt. Burgess, notoriously slow of foot, came barreling down the third base line. After sliding under pitcher Bob Buhl's throw to catcher Del Crandall, Burgess was given the safe sign by plate umpire Tom Gorman.

Crandall said later in the dressing room he was "amazed" by the call.

**"We had him dead. I had the ball in my mitt when I heard Smoky's foot hit the plate," Crandall said. "Theres' no sense arguing about it now. It was a judgment call at the umpire's discretion."**

"I thought sure he (Burgess) would be called out," Haney added. "It was the big play."

★ ★ ★

Burgess, himself, refused to side one way or the other, saying merely "I was too busy running."

**Smoky also figured in another controversial play, one that worked in the Braves' favor in the eighth inning and nearly helped them pull out a victory.**

Milwaukee was trailing 4-2, had rookie Al Spangler on first with a single and two men out. Eddie Mathews ran the count to 3-2 on Kline before lifting a high pop foul near a railing to the right of the plate.

★ ★ ★

Burgess gave chase and appeared to have a chance of catching the ball until an unidentified fan in a front row seat leaned over the railing. The ball glanced off the fan's hand, fell harmlessly into the seats and the Braves had a "life."

## Mrs. Hume WDGA Victor

Mrs. John Hume Jr. shot an 80 at Grosse Ile Country Club to win Women's District Golf Association this week's competition in the tion. It was Mrs. Hume's 2nd victory of the year, her 1st one coming at Plum Hollow. Mrs. F. L. Thompson finished in the runner-up spot with an 81.

## Dodgers Stay in Hot Chase for NL Flag

### Craig Blanks Cardinals on Five Hits for His 4th Straight Win

ST. LOUIS (AP) — Thanks to Roger Craig, a 17-game loser in the minors a year ago, the Los Angeles Dodgers now have an even chance to return to the Coliseum with the National League pennant.

The 28-year-old right - hander, who has reason to be thankful he once had arm trouble, turned back the St. Louis Cardinals 3-0 on five hits last night to earn the Dodgers a tie with Milwaukee for the NL lead.

Pittsburgh helped the cause by shading the Braves 5-4. Both LA and Milwaukee have identical 84-67 records with three games to play. Third place San Francisco is two games back, also with three to play. All three teams are idle today.

**Dodger Manager Walter Alston, admitting to one anxious moment in last night's game, said, "of late Craig's been our best."**

Although he has completed only 6 of his 16 starts, the pitcher with the Bob Hope nose owns a 10-5 record, including four straight victories and four shutouts, plus the lowest earned run average among NL pitchers who have worked 100 or more innings—2.13.

★ ★ ★

If he keeps up the pressure on enemy batters, only the 154-inning rule will keep him from winning the ERA crown. He's worked 143 2/3 innings.

**"Craig is a right - handed Preacher Roe," said Dodger pitching coach Joe Becker. "He has sliders, curves, breaking stuff, moves the ball around.**

One mistake — at least, Alston thought it was a mistake at the time—was walking Stan Musial in the eighth with a runner on second and one out.

"I didn't want Craig to walk Musial," Alston said. "I wanted him to pitch to Stan, figuring Ken Boyer could hurt us more in that particular situation."

Boyer didn't. Craig struck him out for the third time and then retired ex-Dodger Gino Cimoli on a long fly to center field.

Duke Snider's two-out single drove in one run in the first and Don Demeter's one - out, bases loaded double in the eighth cashed the other two.

Demeter entered the game in the seventh after Gil Hodges was forced to retire with a badly bruised left forearm, the result of being hit by a Bob Miller pitch. X-rays proved there was no fracture as had been feared. The big slugger, with a team high of 24 homers, was given a go-ahead to play against the Cubs Friday.

## Tigers Clinched 4th Place While Losing Yesterday

DETROIT (UPI)—In early May, a first division finish seemed to be out of the question for the Tigers but today they are assured of at least fourth place.

★ ★ ★

The Tigers literally backed into the first division yesterday when dropped a 7-6 decision to the Kansas City Athletics because Baltimore was beaten by Boston.

**Detroit, Baltimore and Boston each have three games yet to play. The Orioles and the Red Sox are each three games behind the Tigers and have only faint hope of gaining a share of the final first division berth.**

The Tigers could have claimed fourth place outright, and kept their hopes of catching third-place New York high by defeating Kansas City for the ninth straight time.

★ ★ ★

But they stumbled in the seventh inning when the Athletics rallied for five runs to go ahead, 7-5.

**Home runs played a big part in the Kansas City win. Bob Cerv connected for his 20th round-tripper of the season in the second and rookie Lou Klimchock hit his third homer of the year in the fifth, both with the bases bare.**

★ ★ ★

And Roger Maris tagged reliefer Bob Smith for a three-run homer, his 16th of the season, to cap the seventh-inning outburst.

★ ★ ★

Paul Foytack was working on a five-hitter and held a 5-2 lead going into the seventh.

Detroit collected four of its runs off John Tsitouris in the first three innings. A single by Gail Harris, a double by Harvey Kuenn and a base hit by Lou Berberet produced two runs in the first and Al Kaline slammed his 26th homer of the year after a single by Harris in the third.

★ ★ ★

Today was an off-day for the Tigers—well, yesterday was too, for that matter. The World Series-bound Chicago White Sox are here Friday for a day game, and southpaw Don Mossi will face either Billy Pierce or Dick Donovan.

## Leonard Points Finger at Carbo

### Boxing Promoter Says Federals Are Hitting at Source of Evil

LOS ANGELES (AP) — Boxing promoter Jackie Leonard says the government is getting at the main source of evil in prizefighting by indicting Frankie Carbo.

★ ★ ★

Carbo is one of five men charged with trying to muscle in on the earnings of world welterweight champion Don Jordan.

"It's a tough proposition to clean up the boxing game," Leonard told a reporter. "For 20 or 25 years you could hardly put on a championship fight without 'taking care' of Carbo first."

★ ★ ★

Leonard said he was assaulted a month ago by a hoodlum who called him a "stool pigeon." Leonard is one of the principal witnesses against Carbo, Frank (Blinky) Palermo, Chicago attorney Truman Gibson and Los Angeles gambling figures Joe Sica and Louis Dragna.

★ ★ ★

Leonard said the man who attacked him is a friend of Sica and Dragna. He did not identify him.

## Mrs. Falco Wins Metro Golf Test

A sudden-death playoff was required yesterday as Mrs. William Falco won the weekly Women's Metropolitan Golf Association tournament at Glen Oaks Golf Club.

Mrs. Falco shot a par five on the 1st extra hole to defeat Mrs. William Rodgers after the two women completed their regulation 18-hole rounds in a 1st place tie at 81.

Neither player had ever won a Metro tourney before. Yesterday's was the next-to-last event of the year for the WMGA.

## Area Golf Events Run Until Mid-October

This is the time of year when footballs fill the air, but if you check a little closer, you'll also discover that golf balls are still floating through the atmosphere.

The golf season in Michigan runs much further into the fall than ever before. Labor Day used to mark the end of tournament golf in this state, but the recent trend has swung toward more autumn activity.

**Autumn weather is often the finest golfing weather of the year. The courses usually play hard and fast and golfers are ready and willing to keep firing away.**

Eight tournaments still remain on the 1959 schedule and it will be mid-October before they finally call it quits from a tourney standpoint.

The fall tourney parade begins this Saturday at Knollwood Country Club with something new in the way of competitive events. It's called the Pro-Champions event and each club in the Detroit district has been invited.

**A three-player team consisting of the pro, men's champion and women's champion will represent each club.**

Also slated Saturday is the John J. Considine municipal event at Redford Golf Club with medal play competition planned in championship and handicap flights.

Two pro-amateur events follow the Knollwood and Redford outings. A $500 purse goes to the winning pro in Sunday's pro-am tournament at Selfridge Air Force Base, then Franklin Hills plays host to a metropolitan-style pro-am on Monday.

**Washtenaw Country Club joins the parade with a weekend invitational best ball outing, the 16th of the season in the district area. The 54-hole affair is slated Friday through Sunday at Washtenaw with Chuck Kocsis and Bud Stevens heading the entry list.**

There are three golfing affairs on the October calendar, two of them at Morey's and all sponsored by the Publinx group.

The MPGA's final handicap tournament of the season is scheduled Oct. 4 at River Bank and a large field is expected. The year's action will conclude at Morey's with a 27-hole best ball tourney Oct. 10 and a 27-hole mixed event Oct. 17.

Well, shut my mouth and call me Ali Baba Swami Cornwell! That's what the head swami of the Grapevine had to say after a succesful first week in which he missed only four games.

**The big stumpers were Troy's loss and Milford's defeat to Avondale. Only Swami Cornwell picked Avondale to win.**

Couple of the college games stumped the Grapevine pickers.

Central Michigan's upset of Western and Maryland's win over West Virginia produced some sour grapes.

★ ★ ★

This is the first big week and the Swami Association has its crystal ball ready for action. Let's go SLIPPERY ROCK!

# The Ole Boy Hoople Picks Northwestern

By MAJOR AMOS B. HOOPLE
The Original Drawback

Egad, my faithful followers, isn't it wonderful—that feel of autumn? Makes a man feel like stepping off a brisk four-minute mile, or perhaps volunteering as an astronaut to help in the preliminary exploration of space.

**Speaking of space, Dr. I. M. Inorbit, the renowned spaceman, informs me our exhaustive studies indicate that the slightly dimmed star of Notre Dame will**

**begin to glow brightly again this week-end. Propelled by the aerial artistry of George Izo, the Fighting Irish will record an easy 34-14 triumph over North Carolina in a game that is generally rated a tossup.**

Please be assured dear readers that I, like you, am sometimes shocked by Dr. Inorbit's findings, but after checking and rechecking that eminent astronomer's work sheets I can detect no error. His caluculations, painstakingly carried out to the last decimal point, are letter perfect.

★ ★ ★

This week's card, a particularly difficult one, is a fitting challenge for the Hoople system. With the big guns of the Big Ten firing their opening salvos and a full schedule of games around the country, Saturday will be a busy day. And one that will produce surprises—harrumph!

★ ★ ★

Here, then, is your authoritative report on what will happen.

**The big shocker will find Northwestern winning a squeaker from the seldom-beaten Oklahoma Sooners, 16-14. Much milder, but still unexpected, will be Columbia's 24-16 thumping of Brown and Colorado's 28-21 conquest of Baylor.**

There you have it, fans, four surprises in a card that will find most of the favorites winning.

**Air Force 32, Wyoming 13**
**Alabama 28, Houston 16**
**Army 30, Boston College 13**
**Auburn 28, Tennessee 13**
**Arkansas 19, Oklahoma State 8**
**Columbia 24, Brown 16**
**Iowa 24, California 20**
**Cornell 21, Colgate 14**
**Colorado 28, Baylor 21**
**Ohio State 32, Duke 13**
**Vanderbilt 22, Georgia 10**
**Southern Methodist 28, Georgia Tech 8**
**Dartmouth 16, Holy Cross 8**
**Marquette 15, Detroit 13**
**Indiana 16, Illinois 7**
**Northwestern 16, Oklahoma 14**
**LSU 41, TCU 21**
**Miami 24, Tulane 18**
**Michigan 21, Missouri 8**
**Michigan St. 32, Texas A&M 18**
**Minnesota 24, Nebraska 6**
**Notre Dame 34, North Carolina 14**
**Wisconsin 32, Stanford 13**
**Xavier 19, Villanova 16**
**Texas 22, Maryland 17**

**(Editors Note: Last week the Ole Boy had one of his poorest starts as he missed 10 of 22 games. Tut, tut, long season ahead, he says.)**

## New Grid Loop to Be Completed at Meeting

NEW YORK (AP)—The American Football League Wednesday called a meeting to be held in New York Oct. 12-13 at which two cities will be selected to complete an eight-team circuit and a commissioner for the league will be named.

★ ★ ★

The two teams to be chosen will join New York, Los Angeles, Minneapolis-St. Paul, Houston, Dallas and Denver in making up the new pro league.

# County Interest Grows in Bowlerama

## Tourney Entry Forms Go Fast at Area Alleys

### Deadline for Initial Qualifying Day Is Due Next Wednesday

There are strong indications that the 3rd Pontiac Press Bowlerama will easily exceed the previous two events in all categories.

It is already certain to be tops for prize money yet with the guaranteed awards increased featuring a new $500 award for the men's champion and $300 for women.

The total of entries should zoom high according to the intrest being shown around the Oakland County alleys thus far.

**Some proprietors have already requested more entry blanks because they "are running out." Several others have reported blanks are being picked up at a steady pace.**

Tourney officals have hopes the women's part of the program will perk up considerably this time with the higher prizes to shoot at and a drop of $1 for entry fees.

Women's entries were held down during the previous two meets by the fact that many were committed to other tourneys going on in the area. There should be no conflict this time.

**All sanctioned Oakland County bowlers are eligible to enter. Men have a choice of qualifying Oct. 4, 11 or Oct. 18. Women's qualifying will be held on the 18th. All finals will be Oct. 25 at the new Huron Bowl on Elizabeth Lake Rd.**

Westside Recreation and Lakewood Lanes in Pontiac, Rochester Lanes and Maple Lanes in Walled Lake are set as the qualifying sites.

Bowlers must present their highest league average for the 1958-59 season when entered this handicap contest. The deadline for blanks will be the Wednesday before each qualifying date.

That leaves keglers interested in taking part the opening Sunday only one week left to sign up.

With the prize fund geing returned 100% to the purse, there will be a prize for every ten entries.

The runnerup **award for** men will be $250 with 3rd place good for $125. Second place will be worth $150 and 3rd $100 for women. Many other awards will be presented.

A new highlight of the Press Bowlerama will be an actual pins battle on the final day for the top scorers with a large trophy going to the champion.

## 1959 PONTIAC PRESS BOWLERAMA ENTRY

**QUALIFYING:** MEN: OCT. 4 — 11 — 18 (CIRCLE CHOICE) WOMEN: OCT. 18 **FINALS: OCT. 25**

2. 18 Games for average required.
3. Anyone falsifying averages will be disqualified with forfeiture of prizes and entry fees.
4. Tournament manager reserves right to reject any and all entries.
5. Tournament in strict adherence with ABC and WIBC rules.
6. Final qualifiers will pay for additional 3 games in finals.
7. No substitute entries.
8. No post entries after each qualifying deadline.

(Qualifying times and places to be published in The Press)

# Cubs Nearly Eliminate Giants From NL Race

The stumbling San Francisco Giants practically bowed out of the National League pennant race yesterday by dropping a 9-8 decision to the Cubs in 10 innings. It was the slumping San Franciscans' 5th straight defeat and put them two games behind both the Dodgers and Braves.

Los Angeles climbed into a tie for the lead with Milwaukee Wednesday by blanking the Cards 3-0 while Pittsburgh was nipping the Braves, 5-4.

**Each of the three contenders has three games remaining. The odds are still with the Braves, first because they play their last three games at home and second, because the games are with the last-place Phillies.**

The Dodgers play their last three at Chicago, and the Giants their final three at St. Louis.

★ ★ ★

Cal Neeman took care of the Giants when he belted a two-out, 10th inning homer for the Cubs off rookie Eddie Fisher. To give you an idea of how things were going, Fisher was the seventh Giant pitcher.

**Neeman, who had hit only two other homers all season, was one of six players to hit for the circuit. Willie Mays hit two, his second one coming in the ninth and tying the score at 8-8. Orlando Cepeda also homered for the Giants while Ernie Banks socked his 44th for the Cubs, and teammates Lee Walls and George Altman also connected. Reliever Don Elston scored his second victory in as many days and his 10th of the season.**

Cincinnati and Philadelphia were idle.

★ ★ ★

Over in the American League, where the White Sox already have clinched the pennant, they enjoyed a day of rest along with the second-place Indians. In the three games played, the Yankees beat the Senators, 5-4; the Red Sox downed the Orioles, 4-0, and the Athletics defeated the Tigers, 7-6.

The Yankee victory guaranteed them at least a tie for third place and it was recorded by rookie John Gabler in relief. Hector Lopez helped Gabler to his first Major League win with his 22nd homer. Bob Allison, Washington's candidate for rookie-of-the-year honors, slammed his 30th.

Jerry Casale hurled the Red Sox into a fifth-place tie with the Orioles by setting them down on nine hits for his 12th victory.

**"300" FORM, MAYBE?** — Sam Perna, of Westside Recreation which will be one of the Bowlerama qualifying alleys this year, witnessed Mike Figa's "300" game last week in non-league play and immediately handed him a Bowlerama entry blank. The third annual Press singles tournament starts October 4th, but deadline for the first week of qualifying is next Wednesday midnight.

Pontiac Press Photo

# League Play Tops Friday Prep Card

Now that the annual opening "tuneups" are out of the way, many of the prep grid teams around the Oakland County area will be turning their attention to league play starting tomorrow night.

There will still be an abundance of outstanding outside attractions including Pontiac Northern at Hazel Park, Waterford at Lapeer, Farmington at Rochester and Howell at Walled Lake.

**Northern will be seeking its 2nd straight victory in its initial season. The Huskies will again be facing a bigger, more experienced team. Hazel Park dropped its opener to Fitzgerald.**

The Skippers will be looking for a revenge but will find Lapeer in a "mean mood" after its thrashing at Bay City Central.

Farmington will be a slight favorite while Walled Lake should win No. 2.

**A big Royal Oak Kimball-Birmingham Seaholm Eastern Michigan opener and full schedules in four other loops will headline the 2nd football weekend of the season.**

Birmingham, the league favorite, will be host to new entry Kimball in the lone EML contest.

The Wayne-Oakland, Oakland B, South Central and Southern Thumb are the conferences getting into full swing.

**Bloomfield Hills will get the W-O rolling as host to Brighton in a 3:30 p.m. tilt. At night, Northville begins defense of its crown at Holly. Milford is at Clarkston and West Bloomfield entertains Clarenceville.**

Avondale, the 1958 champion, visits Troy, Lake Orion is at Madison and top-ranking contender Clawson is at home against strong Fitzgerald in the Oakland B.

★ ★ ★

Imlay City is guest of Ortonville and rugged Oxford plays at North Branch in the South Central.

**Dryden goes to Almont, Armada is at Capac, Anchor Bay at Brown City and Memphis invades New Haven in the Thumb.**

Birmingham, with speed to burn, got off to an impressive start by walloping Cranbrook but Kimball did the same to Southfield. Although a new entry, the Royal Oak gang is considered a strong threat to go all the way.

Bloomfield will be trying to cope with Brighton's big line with some speedy backs. Holly will have its work cut out despite Northville's opening loss. The game at Clarkston could be one of the best of the day. West Bloomfield should get off and running without too much trouble.

**Avondale expects no easy opener despite an impressive victory at Milford while Troy was bowing. Orion will be hoping to bounce back. Fitzgerald showed its strength by downing Class A Hazel Park a week ago.**

Imlay should be in for a rough time trying to regain the SCC crown and the trouble may start Friday. The other opener could be a high-scoring brawl. Almont is in a similar situation.

Other action will have Southfield at Ferndale, Berkley at RO Dondero, East Detroit vs. Roseville, Romeo is host to Lake Shore, Grosse Pointe at Port Huron, Mt. Clemens at home to meet Warren Lincoln, Country Day at Huron, Oak Park as host to Lutheran West, South Lake vs. Utica and South Lyon at Willow Run.

## Eddie Erdelatz Jr. at San Jose State

SAN JOSE, Calif. (AP)—Eddie Erdelatz Jr. enrolled Wednesday at San Jose State.

Young Eddie, 6 feet and 180 pounds, was a star fullback at St. Mary's High School at Annapolis, Md., while his dad, Eddie Sr., coached Navy.

## Sign Farm Club Pacts

MILWAUKEE (AP)—The Milwaukee Braves Wednesday announced the signing of outfielder Robert Adams, 19, of Rock Hill, S. C., and third baseman-outfielder-pitcher Paul Catto of Framingham, Mass., to 1960 farm club contracts.

## HTA Cancels Feature Jackson Pace Saturday

In as much as the harness tracks of America fail to fill a minimum field of five horses, the third to last leg of the HTA's national fall series scheduled at Jackson Harness Raceway, Saturday, has regretfully been cancelled.

★ ★ ★

The Harness Tracks of America regrets disappointing Michigan's top ranking four year old pacers — of Brady, Rhythm Time, O'Brien Hanover — were entered in the Jackson series but the standards established by HTA require a minimum of five entries to make a substantially competitive field.

## Fires Ace in Pro-Am Event

# Venturi Draws Attention

SAN FRANCISCO (AP) — Ken Venturi just naturally commanded the most attention as the Golden Gate championships opened here today with a field of 154 golfers. But to top it off he shot a hole-in-one yesterday.

The No. 3 iron tee shot came on the 17th hole of Harding Park, scene of this $40,000 event.

For Harding Park has reversed itself for the pros as they start on the back nine and wind up on the front.

"Maybe it's a good omen," commented the 28-year-old San Francisco golfer as he shot the ace. "My other one this year came before the Los Angeles Open."

★ ★ ★

Venturi and Jim Ferree of Chrystal River, Fla., tied for low-pro honors in the pro-amateur tournament yesterday. The low scoring team was long hitting pro George Bayer and singer John Raitt with a best-ball of 61, including Raitt's handicap.

Master's champion Art Wall Jr., who fired an eagle 3 on the 18th finished with a 70.

SETTING SIGHTS — Rochester quarterback John Cadieux has been setting his passing sights this week in preparation for the Falcons' annual meeting with Farmington set for Friday night at Rochester. He tallied a TD a week ago.

# Wyandotte in Bad Humor for Chiefs

## Goshen Plans on Retrieving Hambletonian

GOSHEN, N.Y. (AP)—The Goshen Chamber of Commerce said Wednesday it would make an effort to return the Hambletonian trotting classic to this Orange County town where it was raced for a quarter of a century until 1957.

★ ★ ★

The Hambletonian, for 3-year-old trotters, has been held at Du Quoin, Ill., since that time and the present contract runs through 1962.

★ ★ ★

The Hambletonian Society removed the race from Goshen after issuing a statement condemning what it termed "the unsatisfactory conditions under which harness racing is being administered in New York State."

## Round Table Favored in Race at Aqueduct

Associated Press Sports Writer

NEW YORK (AP) — Round Table, the turf's Mr. Moneybags, is the 4 to 5 choice to whip Hillsdale, Sword Dancer and any other horse that chooses to run in the $100,000 added Woodward at Aqueduct Saturday.

★ ★ ★

But Hillsdale, the year's top money winner, and Sword Dancer, top ranking 3-year old, do not lack supporters. In fact it is very easy to start an argument wherever two or more followers of the sport gather. It's that kind of a horse race.

★ ★ ★

The oddsmakers are quoting Hillsdale at 5-2 and Sword Dancer at 4-1. And there are those who contend either or both should be the choice over Round Table, especially should the track be either sloppy or muddy.

## Detroit Softball Team Out of World Tourney

CLEARWATER, Fla. (AP) — Defending champion Stratford, Conn., goes against Canton, N. C., and Portland, Ore., takes on the Clearwater Bombers tonight in winners bracket games of the World Softball Tournament.

Baltimore eliminated Detroit 9-0 yesterday. Earlier, Detroit defeated Providence, R. I. 6-5.

SEAHOLM SWIFTIE — Chuck Hartung is one of the swifties in the Birmingham Seaholm backfield. He scored once in last week's opening win and will be running against strong Royal Oak Kimball in the Eastern Michigan League opener tomorrow night.

## NFL Expects Banner Year

PHILADELPHIA (AP) — The National Football League will have its greatest year competitively in 1959, Commissioner Bert Bell predicted today.

Bell, discussing prospects for the league season opening Saturday night in Los Angeles with the Rams meeting the New York Giants, made these other observations:

1. He doesn't expect the league to break its 1958 attendance record of 3,006,000.

★ ★ ★

2. Teams will earn a total of 1½ million dollars in television revenue with telecasts from Maine to Seattle, Wash., over some 200 stations.

3. All 12 teams should finish in the black financially.

4. A record of 8-4 should win or tie for a division title.

5. Officials make mistakes but do a great job.

Bell said the lower teams such as Green Bay, Philadelphia and the Chicago Cardinals have improved tremendously.

★ ★ ★

"The teams are more evenly matched than ever before. The competition is going to be terrific," he predicts. "I wouldn't hesitate to say the title winning team in each division will lose four games. A record of 8-4 should win or tie for a division title."

On attendance, he observed:

"I don't believe we can break our 1958 attendance record unless two or three teams are in title contention in each division with three games left to play. The attendance has been so terrific that's the only way we could possibly set a record for the eighth straight year."

★ ★ ★

He based his forecast of financial success for all 12 teams on the league's finest season ticket sale in history, more than 300,000 sold before game is played. He said that with a break in weather and the even competition evidenced by pre-season games, none of the clubs should have gate problems.

## Mother Told Us There Were Days Like This

By United Press International

**It was just like shooting Fishers in a barrel.**

**Jack Fisher of the Orioles lost to the Red Sox, 4-0, yesterday; Eddie Fisher of the Giants lost to the Cubs, 9-9, in 10 innings and Bill Fischer of the Senators lost to the Yankees, 5-4.**

## Big Barry Advances

LOS ANGELES (AP) — Barry MacKay, former University of Michigan tennis ace, defeated Norman Perry 11-9, 10-8 yesterday and entered the quarterfinals of the Pacific Southwest Tennis Tournament.

## Bears Will Try to Bounce Back From 12-6 Loss

### PCH Gridders Seeking Victory No. 2 Friday on Dottes' Field

Pontiac Central will be facing an ill-tempered football team Friday night at Wyandotte Roosevelt High School.

**The Chiefs tangle with a pack of Bears still smarting from a 12-6 loss to underdog Trenton last Friday and this promises nothing but trouble for the local gridders.**

Perhaps the law of averages caught up with Wyandotte in the Trenton setback. It was the first time in history that Trenton managed to whip the Dottes.

At any rate, the Chiefs can expect a busy evening tomorrow when they line up for the 8 o'clock kickoff on the Wyandotte field.

In addition to trying to rebound from their opening defeat, the Bears also are anxious to atone for the 40-13 drubbing at the hands of PCH here a year ago on the Wisner Stadium gridiron.

**Wyandotte's loss to Trenton was surprising indeed. Coach Dick Hoffheins has six veteran players on his 1959 roster and the reversal by Trenton was entirely unexpected.**

The Bears have good size and mobility in the line, headed by 235-pound center Phil Garrison, 225-pound end Rex Bufe and 205-pound tackle Kyle Ramey. A newcomer, 215-pound John Lycott, has given them added strength at tackle.

Spearheading Wyandotte's dangerous backfield corps is halfback Dick Winn, a shifty 160-pounder whose 70-yard run accounted for the lone Dotte touchdown in the Trenton contest.

Supporting Winn will be quarterback Jerry Jelsomino, a capable passer and field general, and halfback Tom Gulyas, another tricky ball carrier.

**Under Hoffheins, the Bears have always been troublesome for PCH. Last year's victory was Central's most decisive one in the series and in 1957 the Chiefs took a 32-7 trouncing from the Dottes.**

Hoffheins has been coaching football at Wyandotte for 17 years and he is now in his 6th season as the head man.

The Chiefs, coached by Jesse MacLeay, will be gunning for their 2nd triumph in as many starts. They opened their 1959 season last Friday with a 31-6 conquest of Waterford.

## County Doctors 'Staff' Area Prep Grid Games

A group of doctors of the Oakland County Medical Society have organized to staff the high school football games in Oakland County.

Dr. George Petroff, chairman of the group, says the physician making his services available to a particular high school will attend all sporting events, or send a substitute if he is unable to attend.

**"We are donating our services because we feel it is a necessary safeguard," says Petroff. "An injured athlete will be seen by the coach and then the physician.**

"The doctor, of course, has the final say as to whether the athlete will continue to play in the game. Any questionable injury is immediately treated and X-rayed, if necessary."

★ ★ ★

Ambulances will be standing by at many of the high school football games, ready for immediate use in the case of an emergency.

**The "on the spot" protection measure supplements precautionary steps already taken by school boards. An athlete must have a clean bill of health recommendation from a doctor before he can enroll in varsity sport competition.**

The Pontiac public school system requires, in addition, that each athlete is covered by a state athletic insurance policy arranged for by the Board of Education.

★ ★ ★

"Any chronic injury, such as knee cartilage damage, hernia, chronic disease and the like is sufficient reason to prohibit participation," Petroff added.

Petroff will be present, on the bench, at all Pontiac Central High School football games.

**Dr. M. G. Prosser, who will provide his services at the Waterford Township High School contests, said if a boy is rendered unconscious on the field he will not return to that game.**

"A boy sustaining a joint injury also will not be allowed to return to play in that game. In the case of a dislocation, the player is through for the season. In the case of certain bone diseases we will forbid the boy to play the rest of the year," Prosser said.

★ ★ ★

Dr. R. Wigent will staff the Pontiac Northern High School football games; Dr. John Williams, Dr. G. Dunlap and Dr. R. Albrecht will handle West Bloomfield High School contests; and Dr. R. Bullard and Dr. R. Buehrig will be present for the Clarkston High School games.

Any other high schools interested in having an Oakland County Medical Society physician present at their football contests are urged to contact the Society or Dr. Petroff in Pontiac.

## Scores of 725, 279 Top Westside Classic

Three series over 700 and two more of 680 and 681 have been rolled in two weeks of play in the Westside Classic.

★ ★ ★

Mickey Straka started out in midseason form by rolling a fine 725 on games of 247, 233 and 255. Close on Mickey's heels are Bill Bull at 714 and Paul George at 708. Bull had games of 225, 234 and 256 while P. G. hit 267, 196 and 245.

★ ★ ★

Ron Rothbarth has rolled the high single game with a 279.

In the two weeks there have been 133 games over 200 and 26 series over 600.

Team games included Triple X lunch at 1083, Team No. 11 at 1062 and U Wash N Dry at 1063. Top series were rolled by West Side Recreation at 3085 and Triple X Lunch at 3055.

## Carbo Quizzed in Hospital

BALTIMORE (AP) — Pajama-clad Frankie Carbo sat quitely on the side of his bed in Johns Hopkins Hospital Wednesday and heard himself accused of trying to muscle in on the earnings of a prize fighter.

The 55-year-old New Yorker, reputed underworld boss of boxing, answered only routine questions put to him in his private hospital room during the arraignment conducted by U.S. Commissioner Ernest Volkart.

★ ★ ★

Tuesday, a federal grand jury in Los Angeles, indicted the ailing Carbo and four other men on charges of conspiracy to extort money from Don Nesseth of Covina, Calif., and Jackie Leonard, former Hollywood Legion Stadium boxing promoter.

★ ★ ★

Carbo entered the Baltimore hospital Monday to undergo study and treatment of a kidney condition. Volkart set Carbo's bail at $100,000. Carbo's attorney, Joseph F. DiDomenico, of Baltimore, protested.

DiDomenico hadn't raised the $100,000 bail by evening and officials said they expected him to file a petition in U.S. District Court asking for a reduction.

## South Haven Boxer Beats Rory Calhoun

CHICAGO (AP) — Middleweight Rudy Ellis reaped a big dividend in his first television fight and now has an optimistic, hungry look.

"Maybe, with a couple years experience, I'll be fairly well known in my division," the 22-year-old Ellis said last night after pounding out a decision over Rory Calhoun, a rugged campaigner, before a national television audience.

"Anyway, I need more experience. I'll fight anyone — anywhere."

★ ★ ★

Ellis, of South Haven, Mich., earned his 18th win in 20 fights. It was his eighth straight victory and first complete 10-rounder. He has had 10 knockouts in short duration bouts.

**JUNIOR JOGGERS** — PCH's cross-country coach Dean Wilson maps out a bit of strategy for Friday's opening harrier match with Waterford. Listening to Wilson are three of the four 1959 top lettermen, all juniors. From left are Jim Nelson, 1958 regional champ Joe Anderson, and Maurice Johnson. Ken Byrd, also a junior, was absent when the picture was made.

# What's 'M' Got? Elliott Isn't Sure

## We'll Find Out Saturday, Says U. of M. Mentor

### Missouri Now Coached by Ex-MSU Aide Is 1st Michigan Foe

ANN ARBOR (AP) — For nearly four weeks now, coach Bump Elliott has seen his Michigan football team grind slowly into shape. But with the first game only three days away, he doesn't quite know what kind of a squad he has.

"After watching our top three teams scrimmage against the reserves week after week," Elliott said, "it's really tough telling just what we've got.

**"They might look all right against our fourth and fifth stringers, but what'll they do against real competition? I'm getting real anxious to find out."**

Elliott won't have long to wait. Michigan opens its season Saturday against the Missouri Tigers who are reeling from a loss to Penn State last week.

★ ★ ★

A victory over a Big Ten foe could go a long way toward restoring lost prestige for the once-vanquished Missourians. It also will be Tiger coach Dan Devine's first return to the state as a collegiate coach since he stepped down as an assistant at Michigan State four years ago.

**Elliott sent Michigan gridders through their final scrimmage of the week yesterday.**

Elliott alternated the first three teams against a reserve defensive unit during a snappy 45-minute contact session, with passing and running getting almost equal attention.

★ ★ ★

As a slight rain fell after practice, Elliott cast a worried glance at the sky and said: "It better not rain Saturday."

**A wet day could put a real damper on the Michigan offense which will rely on passing and tricky ball handling in the backfield.**

Here is Michigan's probable lineup:

Bob Johnson and Walt Halstead at ends; Don Deskins and Tom Jobson at tackles; George Genyk and Alex Callahan at guards; Jerry Smith at center; Stan Noskin at quarterback; Brad Myers and Darrell Harper at halfbacks, and Tony Rio at fullback.

### 'M'-MSU Game Again Starts Stir

## Open TV or No TV?

LANSING (AP) — Tv or not TV of the Michigan-Michigan State football game? That was the question.

★ ★ ★

A resolution asking for open television of the annual classic, scheduled at Ann Arbor a week from Saturday, passed the House last night after being kicked around in football fashion.

But no television showing is expected to result.

★ ★ ★

A recent attorney general's opinion held the governing bodies of the two universities have complete control over the televising of athletic contests.

**Clarence (Biggie) Munn, Michigan State athletic director, said there are no plans to televise the game, although he added the decision would be up to host school University of Michigan.**

Rep. John J. Fitzpatrick (D-Detroit), who has been fighting for television of the annual sellout game for the past 10 years, kept the House in session over the matter for an hour and 10 minutes after it had finished all other business—more than the actual playing time of the game.

★ ★ ★

Fitzpatrick admitted he didn't expect any concrete results from the resolution this year.

**"I just wanted them to know the Legislature wants free television of the game," Fitzpatrick said. "We give them millions of dollars each year in appropriations. The least they can do is make this sellout game available for those who can't get tickets and for shut-ins and those in hospitals."**

Fitzpatrick used a multiple offense to get his resolution through the House. After it was rejected twice, he threatened to stall an adjournment resolution and finally won his point on a third vote, just before 7 p.m. when House members were anxious to clear out of the chambers and eat supper.

★ ★ ★

Fitzpatrick has made a cause out of the TV fight.

**"The only time I was on a picket line," he recalled, "was when Michigan started piping its games into theaters and charged admission."**

Earlier in the session, Fitzpatrick tacked a TV amendment onto a bill appropriating money for the two universities. It specified that any profits from closed-circuit television of athletic contests would be deducted from the state support of the institutions.

★ ★ ★

Last year's Michigan-Michigan State game was shown over closed circuit television to paid admission fans in Detroit, Lansing, Grand Rapids, Flint, Saginaw and Toledo, Ohio, after Fitzpatrick was unsuccessful in trying to get an injunction to block it.

The universities were supposed to share in any profits but there weren't any.

★ ★ ★

Munn said he had no plans for future closed-circuit television football.

"It was a success as a TV show last year," he said, "but the promoters lost money."

## Improved PCH Harriers Start '59 Season Friday

Stronger than a year ago, when it finished in the runnerup spot in Saginaw Valley competition, Pontiac Central High's cross-country squad begins its fall campaign on Friday afternoon.

**Coach Dean Wilson's distance runners get their first test against Waterford's Skippers, who dropped their opening meet a week ago. Race will be run over the Beaudette Park course.**

Chiefs' harriers are led by a quartet of fine juniors. Joe Anderson, top miler for last spring's track team, is No. 1 man. Along with him are PCH's leading half-miler, Maurice Johnson; miler Jim Nelson and half-miler Ken Byrd.

★ ★ ★

Others showing up well at this time among the 25 working out are Bill Campbell (junior), quarter-miler Mike Yocum, miler Rex Smith, 440-man Larry Mattingly (senior), Ernie Johnson and another, Byrd, this one named Ken L. Byrd.

One change has been made in the PCH schedule. Southfield will be opponent there next Tuesday, the last preliminary before start of the Valley campaign.

Schedule:

Sept. 25—Waterford here.
Sept. 29—At Southfield
Oct. 2—At Flint Central
Oct. 13—Birmingham here
Oct. 16—Flint Northern here.
Oct. 20—At Edsel Ford
Oct. 22—Valley meet Flint
Oct. 27—At Pontiac Northern
Oct. 31—Regional
Nov. 7—State meet

## Honolulu in Strong Bid for Membership

SAN FRANCISCO (AP)—Honolulu is making a strong bid for membership in the proposed third major baseball league, says Sen. Hiram Fong (R-Hawaii.)

"There are enough people in Hawaii to support a big league team," the first American senator of Chinese ancestry asserted. "We would build a new ball park. I'm all for it."

Fong said Yets Higa, Honolulu and Tokyo businessmen, has offered to finance the island team and the proposal has been placed before officials of the Continental League.

## Ed Lauer Wins Edgewood Title

Ed Lauer won the 1959 club golf championship at Edgewood Country Club with a 6-5 triumph over Gordon Beaumont in the 36-hole match play final.

**Winners in other flights were Ted Willis, 1st flight; Dr. C. Miller, 2nd flight; Eric Linden, 3rd flight; Bill Fuller, 4th flight.**

Roberta Hall won the women's club championship with a 3-2 victory over Val Malensky in their 18-hole duel.

★ ★ ★

Winners in other flights were Barbara Bretz, 1st flight; Gloria MacDonald, 2nd flight; Mary Beitel, 3rd flight.

## All-Star Pin Points

**FINGERS IMPART SPIN**
**By Ed Lubanski**

When the fingers release the ball, the lifting motion gives it a natural hook.

★ ★ ★

Placed on the board marked by the third arrow from the right, the natural tendency of a ball to drift to the left will be accounted for — and it will head for the 1-3 pocket.

**The thumb has nothing to do with the spin. It all comes from the fingers. With me, it is from only one finger and I, of course, find this easier. The less fingers touching the ball the better.**

That's how I see it. The average bowler, as pointed out previously, doesn't have an index finger developed enough to hold a ball. So two are used. In sliding out they give the ball the spin it needs.

★ ★ ★

Too often, during the finger lift, a bowler lets his body get too far in front. The left knee is bent as you deliver. So the body naturally bends forward. Never let it get past the knees.

★ ★ ★

There is no secret to this.

If the body passes the knees you'll find yourself totally off balance.

**SPINAWAY** — With the fingers sliding off the ball heads for the 1-3 pocket in a hook.

## Senators Tie Homer Record

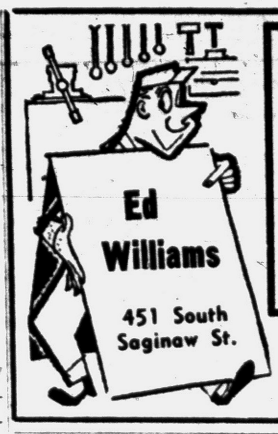

WASHINGTON (AP)—The walloping, but last-place Washington Senators tied a major league record last night when rookie Bob Allison hit his 30th home run. That gave the Nats three players with 30 or more homers—Harmon Killbrew 40, Bob Lemon 33, and Allison—matching the record.

★ ★ ★

Five other clubs have had three such sluggers in the majors, but the only other American League club to do it was the 1941 New York Yankees (Charlie Keller 33, Tommy Henrich 31 and Joe DiMaggio 30).

★ ★ ★

Allison now is within one of tying Ted Williams, record for AL rookies, set in 1939.

**Turning Attention to Cold War**

# Italian Premier Courtly, Devoted

ROME (UPI)—Premier Antonio Segni is a courtly country gentleman who has proved his devotion to the idea of land reform in Italy by giving away some of his own property for distribution to the poor.

The 68-year-old Sardinian, who arrives in the United States on Sept. 30 for conferences with President Eisenhower, has twice served his country in the difficult role of premier.

**In bearing and manner, he is always the diplomat and gentleman, so much so that the slim, silver-haired Segni gives some the impression of constantly being on the verge of bowing.**

His manner has often been taken as an indication of weakness. But his political past does not back this up. His upbringing was through the rugged postwar reconstruction years, a tough school of politics.

However, in recent years he has been known for his skill as a compromiser. He took over as premier for the second time early this year to prevent a French type crisis of successively falling governments. It was believed that Segni, using his diplomatic skill, could hold together a coalition and keep the Italian government moving.

★ ★ ★

Segni was born Feb. 2, 1891, in Sassari, Sardinia. His family is one of the top three families of Sardinia. The future premier graduated in law at Sassari University in 1918 and served as a university professor at Perugia in Central Italy from 1920 to 1924.

He joined Catholic organizations in his youth, including the Catholic "Popular Party" founded by the late statesman-priest Luigi Sturzo. This later developed into the now-ruling Christian Democratic Party.

**Segni got his first taste of politics in 1923 when he became a national councilman for the Popular Party.**

The following year he ran unsuccessfully for the Chamber of Deputies in the last free elections held in Italy before Benito Mussolini's dictatorship.

Under the Fascist regime he retired from politics to concentrate on teaching and farming. He taught in a number of universities and continued to do so until 1955.

★ ★ ★

He returned to the political battle as early as 1942, when he worked to rebuild an anti-Fascist Catholic Party under the name of "Christian Democracy."

Segni became undersecretary of agriculture in the second post-Fascist provisional government cabinet of Premier Ivanhoe Bonomi in 1944 and continued serving in the post after the end of World War II. He then became agriculture minister in the second cabinet of Alcide de Gasperi in 1946, a job he held in five successive cabinets until 1951.

**It was during this time that he began his long fight for land reform. He broke up large estates and distributed 1,200,000 acres of land to 100,000 families of poor peasants. He even took some of his own land on Sardinia to give to the pesants.**

After 1951 Segni served in several other government posts, including justice minister and education minister. He dropped from the cabinet of Premier Mario Scelba in 1954 but in 1955, when differences in the government coalition caused Scelba to fall, President Giovanni Gronchi called on Segni to form a new cabinet.

Using his vast diplomatic skill, Segni managed to revive the center coalition of Christian Democrats, Social Democrats and Liberals and was sworn in as premier on July 6, 1955.

**But his coalition broke up in a dispute over land tenancy contracts and he resigned on May 6, 1957. He was not a member of the government under Premier Adone Zoli but did join the cabinet of Amintore Fanfani as defense minister and deputy premier in June 1958.**

When Fanfani's government fell on Jan. 26, 1959, Segni was picked once more to form a government and he took over the premiership on Feb. 6.

Once again Segni has continued his close cooperation with the Western powers and U.S. missiles will soon be stationed on Italian soil.

With Italy's economic condition steadily improving, Segni has turned his attention from the internal problems to world problems—mainly the cold war between the East and West.

Backed by his foreign minister and former premier Giuseppe Pella, Segni has been seeking to gain for Italy a louder voice in the Western bloc.

# Foresees Boom for Antarctica

## Permanent Habitation, Nuclear Power Seen by Adm. Tyree

WASHINGTON (UPI)—Rear Adm. David M. Tyree foresees an "era of development" for the Antarctic leading to permanent human habitation and a growing contribution to the science, communications and economy of the world.

Tyree became commander of the United States Naval Support Force, Antarctica, on April 14, 1959, succeeding Rear Adm. George Dufek, who was in charge of Operation Deep Freeze.

**Tyree also serves as United States Antarctic Projects Officer by presidential appointment.**

He is now making plans for "Deep Freeze 1960" and will fly to the U.S. Navy's McMurdo Sound base from New Zealand on Oct. 1.

★ ★ ★

"We are approaching a new era in Antarctica and looking to the future," Tyree told United Press International. "If the new international treaty is concluded there will be a long period of international scientific cooperation.

**"We would hope that in the years to come we could organize our efforts on an economic basis, and obtain the scientific knowledge that the world needs. Who knows what Antarctica may mean in the coming 'Space Age'?**

"There will be a rising interest in the future need for an icefree across Antarctica such as have already been established in northern polar regions."

★ ★ ★

Tyree believes that nuclear reactors, to be used for heating buildings and for melting ice for clean water supplies, would greatly increase the possibilities of permanent human habitations at Antarctic bases.

There is a chance that a nuclear reactor may be installed at the McMurdo Sound base early in 1961.

His reputation for cooperating closely with scientists was an important consideration in his appointment as commander of naval support operations in Antarctica.

★ ★ ★

The continent is sometimes called a "great scientific laboratory." Good will and effective collaboration between the scientists and the Navy is indispensable to maximum success of the United States program.

International cooperation in Antarctica also puts a premium on diplomacy and Tyree is a quiet mannered man who thinks before he talks.

## Corn Shoots Up on Big Order

CHICAGO (AP)— A brief buying flurry sent corn futures almost a cent higher in spots during the first transactions today on the Board of Trade. Other grains also started off steady to firm.

The demand for corn included coverage of a sale of 600,000 bushels overnight to Israel for delivery next month. With most contracts up major fractions of a cent, offerings increased rapidly and the market settled back quickly.

**Commercial demand otherwise was dull but the trade heard reports that Formosa will be in the market within the next few days for wheat.**

Before the end of the first hour wheat was unchanged to ¼ cent a bushel higher, December $1.95½; corn ⅛ to ⅜ higher, December $1.10⅝; oats unchanged to ¼ higher, December 70⅛; rye ½ to ⅝ lower, December $1.32¼; soybeans ⅛ to ½ lower, November $2.10⅝.

It is becoming increasingly certain, in the opinion of a number of brokers that the movement of grains into commercial positions this year will be largely in spurts and in close relationship with periods of firm to strong market prices.

### Livestock

DETROIT LIVESTOCK

DETROIT, Sept. 24 (AP)—Cattle — Salable 250. Slaughter steers and heifers in celanup affair; demand very narrow; most early sales at weeks full decline; cows steady to 50c lower; full decline on utility grade; other classes scarce; unchanged; scattering utility and standard mixed offerings 19.00-24.50; few good steers and heifers 25.50-27.00; one load good heifers 25.50; utility cows 17.50-18.50; canners and cutters 14.00-17.50. Compared last week good and choice fed steers and heifers 25-50c lower; utility and standard steers and heifers fully 50c to 1.00 lower; cows steady to 50c lower; bulls steady to 50c lower; two loads high choice to mostly prime 1092-1117 lb. steers 29.25-29.35; several loads high choice to prime 967-1182 lb. steers mostly 28.75; few loads up to 29.00; most choice steers 950-1180 lbs. 27.50-28.50; standard to low good 23.00-25.00; utility steers 20.50-23.00; ten head high choice heifers 826 lbs. 27.25; most choice heifers 26.00-27.00; good to low choice heifers 25.00-26.25; standard to low good heifers 22.00-24.50; utility heifers 19.50-22.00; utility, cows 17.50-19.00; canners and cutters 14.00-17.50; utility bulls sold early in week 23.50-25.00; cutter bulls 21.00-23.50; several lots medium and good 580-700 lb. yearling stock steers 27.00-28.00; load medium 455 lb. stock steer calves 28.00.

Vealers—Salable 25. Not enough to establish trend. Compared last week vealers steady, mostly choice and prime 36.00-41.00; standard and good 26.00-36.00; cull and utility 16.00-26.00.

Sheep—Salable 100. Not enough to make a market. Compared last week slaughter lambs steady, slaughter ewes 50-1.00 lower; feeder lambs steady; most good and choice spring slaughter lambs 20.00-22.50; utility to good lambs 17.00-20.00; few lots good grade buck lambs down to 19.00; several loads good and choice shorn lambs mainly No 2 pelt 19.75-21.00; load No. 1 pelts 22.00; cull to choice slaughter ewes 3.00-5.50. Few up to 6.00; most good and choice feeder lambs 17.00-19.00; few small lots choice quality breeding ewes 9.00 per cwt.

## Stock Market Continues Rise

NEW YORK (AP) — The stock market continued to rebound in active early trading today.

Key stocks rose from fractions to about a point. Motors were heavily traded.

American Motors, the market leader for the past three sessions, ran afoul of profit taking and dropped about a point. The company said it would take no dividend action today but would wait until November.

★ ★ ★

Polaroid recouped another 3 points and Litton Industries more than 2.

As talk of possible federal intervention to halt the steel strike came from Washington, U. S. Steel and Bethlehem were up about a point each.

Investment demand was reflected in gains of about 2 for Du Pont and International Paper and a point or so for International Telephone and Westinghouse Electric.

Yesterday the Associated Press average of 60 stocks rose $2.40 to $216.40.

## *Ford Piles Up $19 Million on Table as Trick*

**DETROIT (AP)—They are going to toss 19 million dollars in cash on a table at the Ford Motor Co. proving ground today.**

**Ford says the heap will be in bills of various denominations and should form a stack about as high as a man. It will be packed in canvas money bags but the company promises to open at least one bag of 1½ million dollars for examination.**

**No souvenirs will be allowed.**

**The promotion is a gimmick to show how much money Ford says the users of its new trucks will save in gas economy, oil filters, brake linings and other engineering changes.**

JAMES W. MILLARD

## Named to Truck Research Post

### GMC Puts Millard in Transport Productivity Manager's Job

Appointment of James W. (Bill) Millard as transportation productivity research manager for GMC Truck Division was announced today by R. C. Woodhouse, general truck sales manager of GMC Truck & Coach Division.

In this new GMC Truck activity Millard will conduct studies involving development of a broader and more fundamental concept of highway transportation and how it may be more effectively integrated with the various functions of commerce and industry, Woodhouse said.

**An independent marketing consultant the past two years, Millard served several important clients. Prior to this he was a vice president of Kudner Agency, Inc., where he was supervisor of service for several major accounts.**

A graduate of Georgetown Law School, Millard went into the U.S. Department of Commerce in 1923 where he planned and directed surveys and studies on distribution costs in numerous industries.

In 1930 he joined Erwin-Wasey, and later, Arthur Kudner, Inc., advertising agencies, as Director of Research and account executive.

During World War II Millard was director, Office of Materials and Facilities, War Food Administration.

## Sec. Benson and Family Arrive in Yugoslavia

BELGRADE, Yugoslavia (UPI)— Secretary of Agriculture Ezra Taft Benson, accompanied by his wife and two daughters, arrived here today for a brief visit.

Yugoslavia's agriculture leader, Slavko Komar and several other prominent Yugoslav officials were on hand to welcome the Bensons.

ORDINANCE NO. 38

An Ordinance amending Ordinance No. 27 (Zoning Ordinance) of the Township of Pontiac, Oakland County, Michigan.

The Township of Pontiac Ordains:

That Section 11.5, 12.5, 13.5, 14.5 and 15.5 for all residential and accessory buildings read as follows: in case of corner lots the interior lot line set back shall be a minimum of five (5) feet, front lot lines shall have a set back of a minimum of forty (40) feet, the side street lot line shall have a set back of a minimum of thirty (30) feet. Provided a hardship be incurred the set back may be changed by application to the Board of Appeals.

This Ordinance shall become effective thirty (30) days after publication in a newspaper circulating within the Township. This Ordinance enacted by the Township Board of Pontiac Township, Oakland County, Michigan, September 14th, 1959.

GRETA V. BLOCK,
Clerk
Sept. 24, '59

ORDINANCE NO. 37

An Ordinance amending Ordinance No. 27 (Zoning Ordinance) of the Township of Pontiac, Oakland County, Michigan.

The Township of Pontiac Ordains:

That section 6.5 of Article VI of Ordinance No. 27 (Zoning Ordinance) be amended to read 300 square feet minimum floor space for motels and 400 square feet minimum floor space for efficiency apartments.

That this Ordinance shall be effective thirty (30) days after the date of publication.

This Ordinance enacted by the Township Board of Pontiac Township, Oakland County, Michigan.

GRETA V. BLOCK,
Clerk
Sept. 24, '59

ADVERTISEMENT FOR BIDS

Sealed bids addressed to the Pontiac Township Board, 2060 Opdyke Road, Pontiac, Michigan, will be received for painting all of the inside of the Township Fire Hall at 3253 Joslyn Road. Bids are to be opened October 12th at the Township Hall at the regular Board Meeting.

The Township Board reserves the right to reject any or all bids.

GRETA V. BLOCK,
Township Clerk
Sept. 24, 25, '59

NOTICE OF INTENTION TO CONstruct water main in West Walton Boulevard.

You are hereby notified that at a regular meeting of the commission of the City of Pontiac, Michigan held September 22, 1959 by resolution it was declared to be the intention of the City Commission to construct water main in West Walton Boulevard (south side) from Telegraph Road, 525 feet west at an estimated cost of $2,694.45, and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost hereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon south side West Walton Boulevard from Telegraph Road, 525 feet west shall constitute the special assessment district to defray $1,180.71 of the estimated cost and expenses thereof and that $1,513.74 of the estimated cost and expenses therof shall be paid from the Water Improvement and Extension Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Commission Chamber on September 29, 1959 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

Dated September 23, 1959.

ADA H. EVANS,
City Clerk
Sept. 24, '59

3678719-11

## TV News and Reviews

# Nothing New Under Sun — Little on Video Screen

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Autumn bowed in officially Wednesday, but television's fall-winter season is still wide open. So far the parade of shows, old or new, hasn't given us much to cheer about.

★ ★ ★

The roll call to date includes 20 shows from last year and 17 newcomers to the home screen.

And what's the word? Most of the new entries have been pallid carbon copies of things that were popular last year. The Westerns, for example, are so much alike identical twins that this reviewer can't tell one cowpoke or one story line from another. All the detective-adventure shows seem to follow a gory path of sadistic violence.

In fact, the new season has been so dreary that a smooth, unpretentious half-hour dramatic show starring June Allyson seems like a tour-de-force, and a pleasant evening of Jerome Kern music like a love letter from NBC.

★ ★ ★

And there's more—much more—of the same to come.

While the American broadcasting networks have been concentrating their crews and cameras on covering the Khrushchev visit, Radio Free Europe has been doing a double job: broadcasting the news of the visit and answering Communist 'propaganda. RFE is broadcasting the news to Hungary, Czechoslovakia, Poland, Bulgaria and Romania, and reports that in spite of jamming it is getting 90 per cent of its programs through. This is done by aiming all 16 of their European transmitters at one target — a whole country — for 20 minute intervals so that the programs literally saturate the airwaves.

Among some dandies they have corrected are two from Radio Sophia and monitored by RFE. One Communist broadcast to the Bulgarians led off with "Mr Peace, as the ordinary Americans call Khrushchev, arrived in San Francisco today." And another reported that "American newspapers had characterized the Khrushchev visit as the most important landing since Columbus." RFE has also kept its listeners informed of the Soviet Premier's handling of prickly questions on Hungary, Soviet worker's right to strike and others which the Communist press has either ignored or glossed over.

# Wilson's Rediscovered Charm of the Village

By EARL WILSON

NEW YORK—Greenwich Village, New York's Left Bank, is once more a swingin' neighborhood.

★ ★ ★

The B.W. and I went back to the streets we used to know and found the Bon Soir with one of the slickest night club shows in the world.

WILSON

**Comedienne Phyllis Diller — of Lima, O., San Francisco and Jack Paar's show—who calls the place "a cesspool of culture," proudly adds, "and I know, because I have went to the best schools. I am descended," she further states, "from a very long line my mother once listened to."**

I hope dreamy Isobel Robbins and Hollywood-B'way star Jimmie Komack will forgive my dwelling so much on Phyllis—but Lima, O. (pronounced Lie-ma, not Leema) is also one of my home towns, as it is the old home of Hugh Downs.

"What about the kids?" people are always asking Phyllis (who has five). She replies:

**"Well, they are for sale. And the ones that aren't working are marked down. I'll never forget our first baby—we wanted a car."**

Phyllis just received the new Book-of-the-Month: "Getting Along With People," by Maria Callas, foreword by Oscar Levant.

Ingrid Bergman of Paris and Rome moved to Brooklyn — to the TV studio to rehearse "The Turn of the Screw" . . . Tony Bennett was routed out of bed in the San Francisco Fairmont by security cops and photogs who wanted to watch Mr. K arriving at the Mark Hopkins across the street . . . B'way anticipates that Genevieve will eventually be able to appear on the Jack Paar show in a wheel chair.

PHYLLIS

★ ★ ★

Ava Gardner, who visited El Morocco, Trader Vic's, the Embers, Basin St. East and Erika's all in one night, with the same escort, declined to pose for pictures saying: "I'm wearing a sweater—and I'm not a sweater girl any more."

**EARL'S PEARLS:** "Rotarians are men who sing when they're sober." **That's earl, brother.**

**(Copyright, 1959)**

## Returns High for 15

BOWIE, Md. (UPI) — A total of 15 horses won at odds of 100 to 1 or better during 1958. Tops was the 231 to 1 returned by Whisk Tru at Bowie race course.

## Prisoners Exhibit Art

MENARD, Ill. (UPI) — Menard State Prison's first annual art exhibit was termed a "complete success." It featured 58 works by 29 inmate artists.

## Khrushchev to View Medical Progress

WASHINGTON (AP) — Soviet Premier Nikita Khrushchev will be given a first hand look Friday at American progress in medical research—a field which both Soviet and American scientists have repeatedly said offers a strong means to promote peace.

The Soviet leader will be taken on a tour of part of the clinical center of the National Institutes of Health—one of the world's unique research hospitals. He will witness demonstrations of some of the research work under way in the seven separate institutes of NIH.

NIH, located on a 305-acre tract in nearby Bethesda, Md., is the main research arm of the U. S. Public Health Service. It includes separate institutes devoted to research on cancer, heart disease, arthritis and metabolis diseases, allergy and infectious diseases, mental health, dental problems, neurological diseases and blindness.

## Perry Mason Attorney Enters Real-Life Case

LOS ANGELES (AP) Actor William Talman, who plays the role of the district attorney in the Perry Mason television series, appeared in a real courtroom Wednesday. He was ordered to pay $900 a month support for his wife and two children.

The payment will be required pending trial of her separate maintenance suit and his suit for divorce.

Talman, 42, and his wife, the former actress Barbara Reed, 41, agreed not to dispose of an estimated $400,000 community property.

## GM Ex-Chief Predicts Booming 1960 Year

NEW YORK (UPI)—Harlow E. Curtice, former president of General Motors Corp., predicted Wednesday a booming 1960 sales year for the auto industry with the U.S.-built compact car cutting into sales of imported autos.

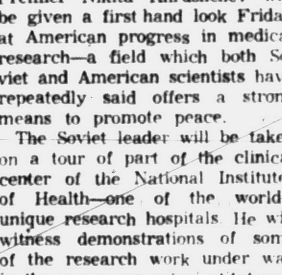

★ ★ ★

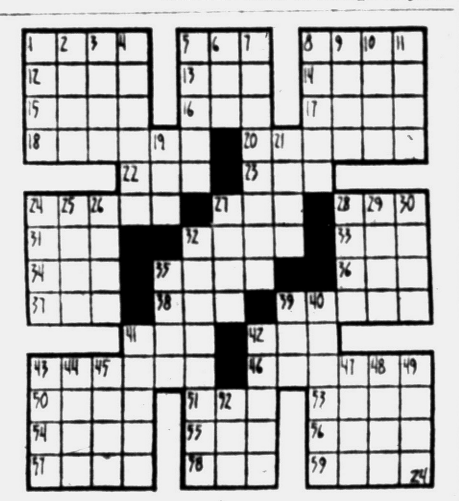

Before departing for an inspection trip of GM's operations in Europe, Curtice told reporters car sales will be in the "area of seven million" and perhaps better than the record 7,250,000 vehicles sold in 1955.

★ ★ ★

Curtice, who is a GM director and a member of the finance committee, declined to estimate to what extent the U.S. compact car will hurt sales of foreign imports.

# Disputes U.S. Budget Figure

## Stans Says Congress Upped Ike's Request; Record Disagrees

WASHINGTON (AP) —Budget Director Maurice H. Stans and the Congressional Record are about three billion dollars apart on their totals of what Congress did to President Eisenhower's budget.

Depending on where you're punching your adding machine, Congress either:

1. Approved expenditures for the current fiscal year 597 million dollars over the President's budget recommendations (this is the Stans total), or

2. Reduced the President's appropriation requests by about 2½ billion (This is the Congressional Record figure backed by Democrats).

Why the disagreement?

Stans told Eisenhower Wednesday contradictory statements on the effect of congressional action on the budget often occur because such analyses are not developed on bases which are truly comparable.

## *Pre-Firing Bang Might Prevent Gun Deafness*

**HUNTSVILLE, Ala. (UPI) — An army psychologist said Wednesday a gun with two bangs might keep fighting men from being deafened by gunfire.**

★ ★ ★

**Capt. John L. Fletcher said studies at the Army Medical Research Laboratory at Ft. Knox, Ky., show there is a natural protective mechanism in man's middle ear against sudden noises. Unfortunately, he said, the explosive noise of a gun does its damage before this protective mechanism can come into play.**

★ ★ ★

**Capt. Fletcher told the fifth annual Human Factors Engineering Conference at Redstone Arsenal that the protective mechanism in the ear can be activated by a harmless noise a split second before a gun goes off.**

**This suggests, he said, that weapons could be designed to produce automatically a protective noise just before firing.**

## Semi-Nude Europeans Rile African School

KAMPALA, Uganda (UPI)—The African Technical Institute near Kampala has protested against the presence of "half-naked Europeans" on its sports fields.

In a letter circulated to all householders in the area, the principal said: "It does not add to the tone of the Institute to have Europeans, stripped to the waist, practicing golf on our playing fields.

## Home Permanents Out for This Beautician

BRATTLEBORO, Vt. (UPI) — The Zoning Board here denied a request by Gertrude Russell for permission to move her beauty shop from Main Street to her home.

★ ★ ★

The board decided that such a move would decrease the value of her neighbors' residences and cause traffic problems.

## Lights Out After Kiss

SEDALIA, Mo. (UPI) — Frank Butler, 54, of Salisbury, Mo., paid a $25 fine on a careless and reckless driving charge after his car smashed into a utility pole. He explained his girl friend leaned over and gave him a "blinding" kiss.

---

Between the ages of six and 18, an average American child develops about one decayed tooth per year.

## Pushes Soybean Crop

About 1,500 acres were planted to soybeans in Australia this year, the country's first major attempt at growing the crop commercially.
