

Monaco Welcomes New Princess

WATERFRONT — Uniformed Monacan police and applauding residents through the Monaco waterfront as Grace Kelly, followed by Prince Rainier, walks down the stern ramp of the royal

yacht to the dock of the picturesque principality. Buildings on the hillside are across the narrow harbor.

Grace Greets Her Prince

MONTE CARLO (AP)—American film star Grace Kelly greeted Monaco's Prince Rainier III with a big smile and "darling" today as they staged a romantic reunion on the blue Mediterranean.

Grace and the man she will marry next week were reunited on Rainier's Yacht Deo Juuante II just offshore from his tiny Riviera principality. The 32-year-old bridegroom-to-be sailed his gleaming white, 138-foot craft out to tie

up beside the liner Constitution, which had brought his bride and a shipload of relatives, friends and reporters from America.

The only immediate kissing was a light one Rainier quickly planted on the future princess' slender hand.

Five minutes later, as the yacht steamed toward shore and the couple stood on the bridge, the prince wrapped his arms around his fiancée. Holding her big white

hat with one hand, Grace snuggled up and put an arm around Rainier's shoulders.

RADIANT HANDCLASP — Then radiantly holding hands they sailed into port to a tumultuous welcome.

With them were Grace's parents, Mr. and Mrs. John B. Kelly, of Philadelphia, who had followed her on to the yacht from the liner.

EMBRACED AGAIN — As they neared the big stone entrance to the port, Grace and the Prince embraced again. Then with one arm still around his bride-to-be, Rainier pointed to his palace, high atop the rocky peninsula sheltering the harbor. It is there Grace will make her future home.

Thousands of Monacans and visitors lined the rocky Riviera coast to watch the reunion of tiny Monaco's ruling prince and the blonde American film beauty he will wed in ceremonies next Wednesday and Thursday.

The dockside was thronged with 3,000 tourists, newsmen, photographers and hundreds of Monacan schoolgirls wearing red and white ribbons — the national colors — in their hair.

EVEN THE WEATHER — Even the weatherman provided a welcome fit for a princess. The blue Mediterranean was almost glassy calm and it was a bright day, despite a few clouds overhead and darker skies to the north over the coast.

Scores of small boats cut white wakes in the sea around the Constitution and the yacht. Light planes and helicopters circled overhead.

Gay pennants flew from the big liner, but the prince's 300-ton yacht carried only his royal flag, white with a gold crown. After Miss Kelly came aboard, the yacht hoisted the U.S. flag at the masthead with the royal colors.

As the Deo Juuante reentered the port of Monte Carlo, Miss Kelly and her prince came out on the bridge to receive a thunderous greeting. Lusty cheers from the crowd, rockets and sirens of the ships in port mingled with a 21-gun salute.

The prince and Miss Kelly stood close together acknowledging the greetings of her future subjects. Grace wore a snug-fitting blue (Continued on Page 30, Col. 2)

Egyptian Jet Shot Down by Israeli Planes

Arab Commando Raids Resume; Children Slain While at Prayer

JERUSALEM (AP) — An Egyptian military jet plane was shot down in Israeli territory today after an air fight between four Egyptian and two Israeli planes, an Israeli army spokesman announced.

The air battle erupted as angry Israeli troops redoubled their efforts against Arab commando raiders who staged five new attacks during the night. Three schoolchildren and a teacher at prayer were killed in one of the raids.

Government officials denounced the attacks as a new "round of aggression by Egyptian murder forces."

ALL-OUT HUNT — Large forces of police and troops were thrown into the all-out commando hunt. Public clamor mounted for retaliations to avenge the bloody hit-and-run raids that have killed 33 Israelis and wounded 51 in five days.

A Foreign Ministry spokesman charged the latest attacks spelled Egypt's answer to peace pleas by U. N. Secretary General Dag Hammarskjöld.

The U. N. official is conferring on the Middle East crisis with top Egyptian officials in Cairo.

VICIOUS RENEWAL — "The answer has been a vicious and calculated renewal of aggression against Israel," the spokesman declared. U. S. Ambassador Edward A. Lawson praised the Israeli people for showing "remarkable restraint during the present crisis. . . in the face of marauding gangs that march by night."

Although the Egyptian government has disclaimed responsibility for the commandos, a Cairo radio announcement said last night—just before the raids—that 300 suicide squadmen sent across the Gaza border last week had been pulled back.

50 COMMANDO RAIDS — The unofficial Middle East News Agency made a similar announcement in Cairo today, but conceded that 10 of the commandos had been killed in action in Israel. Israel says her troops have killed 13 of the guerrillas and captured 6.

Hammarskjöld, meanwhile, scheduled further talks in Cairo today in his drive to end the strife between the Arabs and Israel. He met for 75 minutes yesterday with Egyptian Premier Gamal Abdel Nasser and talked to other high Egyptian officials.

Ike's '56 Drive to Begin Tuesday

President Will Address 800 GOP Leaders at Capital Dinner

AUGUSTA, Ga. (AP) — President Eisenhower will kick off his reelection campaign with an address to 800 Republican party leaders at a Washington dinner next Tuesday evening.

The President's vacation headquarters announced this today as White House press secretary James C. Hagerty hit back at former President Truman's charge that Eisenhower has been a "do-nothing president." Truman said further in a Des Moines speech last night that the President has compiled "one of the most amazing records of political betrayal" on farm matters that he (Truman) ever has seen.

"I don't believe that Mr. Truman, by his own standards, can recognize accomplishment when he sees it," Hagerty told newsmen in response to a request for comment.

Delay May Be Costly

New Postal Site Periled

A proposed site for Pontiac's post office addition may not be available for the building unless prompt action is taken by the Post Office Department in Washington.

The addition was promised Acting Postmaster Leslie H. Dean Feb. 29, when Postmaster General Arthur E. Summerfield said the site would be announced "in 60 to 90 days."

Today is the 62nd day since the promise, and Postmaster Dean says the site which he has recommended to the Department may not be available much longer.

The owners, he says, are anxious to make their own plans for using the property.

Dean said today Washington action on the project apparently is being held up until details of a new, nationwide scheme of mail distribution between major terminals are worked out.

The plan would involve long-distance mail hauling by trucks rather than trains, and would require more loading and unloading facilities at the Pontiac addition.

Summerfield, who said "there is no question of Pontiac's need" for expanded facilities, promised top priority for the project after a Pontiac Press series on the inadequacy of the present setup.

Band Concert Set for Tonight

Pontiac High Students Under Dale C. Harris to Honor Goldman

A 90 piece Pontiac High School band has added the final rehearsal touches to its performance and is ready for tonight's annual band concert at 8:15 p.m. in the boys gymnasium at Pontiac High.

Under the direction of Dale C. Harris, band members will highlight the program with two marches by Dr. Edwin Franko Goldman.

These numbers will be played in tribute to the late Dr. Goldman who conducted them when he was guest conductor at the 25th anniversary Spring concert of the High School band in 1932.

The marches are "Builders of America" and "On the Mall." In another vein, "Perpetual Motion" by Paganini and arranged for two xylophones by Pontiac instrumental Music staff member Robert Peterson, will be performed by Harold Jones and Joel Thome.

"Clarence the Clarinet" is a novelty number by James and Paul Peterson. Originally written for very young listeners, the interesting musical background and clever sound effects should prove to be interesting to adults as well, says Harris. E flat clarinet soloist will be Gerald Crossman and Eldon C. Rosehart will do the narration.

According to Mrs. Hazel Wells of the Instrumental Music department, tickets for tonight's concert will be available at the door.

His Name? Snoozer?

GRAND JUNCTION, Colo. (AP) — A holdup man robbed Gerald Wert, liquor store clerk, of \$341, then made him lie on the floor, right beside the store's watchdog, sound asleep.

Tulips Are Budding

HOLLAND (AP) — Parks Superintendent Dick Smallenburg said Wednesday that the area's tulips are progressing on schedule for Holland's annual Tulip Time Festival, May 16-19.

City Firemen Being Plagued by Grass Fires

Warm weather and children at play have combined this week to offer Pontiac firemen a serious problem — grass fires.

"Everybody realizes the danger such fires hold for tots and nearby property," said Fire Chief John F. Schroeder. "But an even greater danger occurs when fire-fighting equipment is tied up and not immediately available to fight serious fires."

"Precious minutes could be lost recalling fire-trucks, and speed," he pointed out, "is what saves lives at fires."

Firemen and equipment were tied up several hours fighting eight grass fires yesterday, and four on Tuesday.

Fewer Enroll in Med Schools

UM Dean Says State Institutions Are Taking All Qualified

ANN ARBOR (INS) — Dr. A. Mc. Furstenberg, dean of the University of Michigan Medical School, told the Tri-State Medical Association today that medical schools are no longer swamped for admission.

Dr. Furstenberg said that schools, at least on a state level, are taking all applicants who "meet minimum qualifications."

He said that many talented youths have turned away from the medical profession because of "long years in college and training, high costs and competition from other professions."

Dr. Furstenberg said he expects med-school training to be longer, perhaps going to a year-round basis instead of the nine-month academic year.

"By 1965 or 1970," he predicted, "the so-called war babies will throw the curve upwards again."

Society Matron Stabbed Dead

Cincinnati Wife Found in Pajama Top, Robe in Doorway

CINCINNATI (AP) — The body of an attractive 34-year-old society matron, clad only in a robe and pajama tops, was found yesterday in the doorway of her home in the fashionable Hyde Park district. She had been stabbed to death.

The victim was Mrs. Audrey Evers Pugh, the wife of William W. Pugh, 34, a printing company executive. He found the body when he came home from his office.

POLICE KEEP MUM — If police had any clues to the slayer they were keeping a tight silence. Police Chief Stanley F. Schroeder had a police guard at the ranch-house home during the night to protect any possible evidence.

Dr. Herbert P. Lyle, Hamilton County coroner, said details of an autopsy would be withheld because they might give an idea of the course of the investigation.

14 STAB WOUNDS — Coroner Lyle said, however, there was no immediate indication of attempted rape. Police also said the only blood found was in the doorway area.

Lt. Charles Martin of the homicide squad, said Mrs. Pugh had suffered at least 14 stab wounds in her neck and upper chest as well as lesser wounds on her arms. The wounds on the arms were believed to have been inflicted as she sought to ward off her attacker.

Neighbors described Mrs. Pugh as quiet and deeply religious. They said Pugh was considered "an old society name in Cincinnati."

The Pughs had been married five years. They had no children.

Normal Procedure? — PONTIAC CITY, Okla. (AP) — A Ponca City police officer who investigated a reported fight wrote: "Nothing serious. Just a guy trying to put his two kids to bed."

Senate Passes House Measure by 50-35 Count

Eisenhower Says Plan Does Not Meet Test of Good Will; Benson Sad

WASHINGTON (AP) — Congress last night plunged the farm issue more deeply into the 1956 political campaign by sending President Eisenhower a new farm bill loaded with features he opposes.

In an all-out rebuttal for Eisenhower engineered by Democratic leaders, first the House and then the Senate gave final approval to a measure which administration lieutenants predicted Eisenhower will veto. Eisenhower, vacationing at Augusta, Ga., relayed word that he "still does not think the bill meets the test of a good bill."

Secretary of Agriculture Benson said he was "deeply disappointed."

The bill contains one major provision Eisenhower sought. That is a soil bank program to pay farmers subsidies of as much as

Shall I? . . . Or Shall I Not? — AUGUSTA, Ga. (INS) — A White House spokesman indicated today that President Eisenhower has not yet reached a final decision on whether to sign or veto the farm bill.

\$1,200,000 a year for not planting crop land to commodities already in surplus. But it includes a return to higher rigid price supports for this year, as well as other features which also would raise price crops.

Eisenhower and Benson have repeatedly opposed such moves, contending they will only aggravate the problem by building up more surpluses.

GOP leaders made a last-ditch effort in the House to refashion the bill more to Eisenhower's liking.

They lost 238-181, losing 77 Republican votes on the test while picking up 14 Democratic ones. The House then passed the bill, 237-181, with 48 Republicans and 35 Democrats defecting from party lines.

The Senate promptly took up the bill, agreeing to vote after 3½ hours of debate.

Passage there was on a 50-35 (Continued on Page 2, Col. 5)

How State Voted

WASHINGTON (AP) — Michigan's Dem. Sen. Patrick V. McNamara voted for the farm bill, Republican Charles Potter against. In the House, Dems. Diggs, Dingell, Griffiths, Hayworth, Linsick, Machrowicz and Rabaut voted for the bill; GOP John B. Bennett for. Republicans against it were Bentley, Cederberg, Dondero, Ford, Hoffman, Johansen, Knox, Meader, Thompson and Wolcott.

Only 218 More Shopping Days 'Til Christmas

READY FOR THE MANTEL — Christmas is a long way off but these 11 pooches are all ready for hanging on the mantel. Or perhaps the Basset hound, Cleo, TV acting dog, has hit upon a new puppy-sitting technique as she snoozes in front of offspring of her stand-in, Beauty, while the latter is doing some stunts for Cleo at Sun Valley.

Margaret, Fiance Pick Bahamas for Honeymoon

NEW YORK (AP)—Clifton Daniel, Margaret Truman's fiance, says they will honeymoon in Nassau, the Bahamas, after their April 21 wedding at the Independence, Mo., home of former President and Mrs. Harry S. Truman.

Daniel, assistant to the foreign news editor of the New York Times, said yesterday the Nassau home of Count and Countess Guy de la Fregonnere had been offered to them for their honeymoon.

The countess, the former Philadelphia heiress Priscilla Dickerson, reportedly is a longtime friend of Daniel's.

Motorcyclist Dies in Ferndale Crash

Michael John Todd, 20, of 924 W. Marshall, Ferndale, was killed last night when his motorcycle ran into the side of a car.

Oak-Park police say that Robert T. Tingley, 27, of 257 E. Saratoga, Ferndale, was going west on Nine Mile and had stopped to make a left turn at Saratoga, Todd, going east on Nine Mile, drove into Tingley's car as he turned, they added. Todd was dead on admission at William Beaumont Hospital.

Tingley and his four passengers, all juveniles, were not injured.

Utah Telephone Firm Limits Party Line Talk

TABIONA, Utah (AP) — The Utah Basin Telephone Assn. has an answer to long-winded conversations on party telephones. It has installed a device in seven Utah communities which warns party line users after four minutes: You have one minute to finish your conversation.

At the end of the minute the connection automatically is cut.

Predict Cloudy Skies Tonight, Tomorrow

The Weatherman foresees cloudy skies for tonight and tomorrow. The low tonight will range from 31 to 35 degrees. Tomorrow's high will be from 33-37.

The lowest temperature preceding 8 a.m. was 34 degrees. The thermometer registered 63 at 1 p.m.

Big Demand for Baby Furniture!

The lady who placed this little Want Ad to sell some unused baby furniture said she could have sold a warehouse full from the number of calls she got.

BABY FURNITURE IN GOOD COND. White storking wardrobe & bed, with mattress, chrome high chair, buggy, bathette and "rattle" pen with pad. Call FE 4-9213.

You, too can get the same quick response when you place a Want Ad to sell, rent, buy, hire or whatever your need may be. Try one and see!

To Place Your Want Ad DIAL FE 2-8181. Just ask for the WANT AD DEPT.

Couple Sues Bank, Forger

Ask \$60,000 Settlement in Circuit Action Against Birmingham National

A suit was filed in Oakland County Circuit Court yesterday against the Birmingham National Bank and Mamie June Smith.

It charges the bank with "gross and flagrant negligence and amazing carelessness" in the handling of the accounts of Evelyn R. and Robert W. Elder, who filed the suit.

The bank is the co-defendant in the case which is asking for a \$60,000 settlement on each of two counts.

Mamie June Smith, now known as Mamie June Hooper, was sentenced to 18 months to 14 years in the Detroit House of Correction Jan. 30 for forging 157 checks totaling \$23,506.50.

At the time, she worked for G. Carl Elder and Son Builders, 1810 S. Woodward Ave., Birmingham, which company was being operated by the plaintiffs in the suit filed today.

Pontiac Deaths

Frank L. Fitch

Frank L. Fitch, 50, died yesterday afternoon at his residence, 114 Seminole Ave., of a heart condition. He had been ill one week.

Born in Mendon Center, N. Y., Feb. 19, 1876, he was the son of Luke and Katherine Tock Fitch. On Dec. 22, 1898, he was married here to the former Nellie Noble.

Mr. Fitch, a gardener, had lived in Pontiac since 1919. He was a member of the First Presbyterian Church.

He is survived by two sisters, Fannie M. and Mabel C. Fitch, both living in Pontiac.

Mr. Fitch will be at the Huntton Funeral Home until Thursday noon when he will be taken to his home for service at 3 p.m. Saturday. Dr. William H. Marbach, his pastor, will officiate with burial in Oak Hill Cemetery.

Mrs. Byron Maddock

Mrs. Byron (Lenore) Maddock, 82, died suddenly yesterday in her home, 97 E. Huron St. Apt. B.

She was born in Brantford, Ont., Canada, March 31, 1874, the daughter of Thomas and Mary Ann Cook Zimmerman.

Mrs. Maddock, a resident of the Pontiac area all her life, was a member of the Order of Rebecca.

She is survived by her daughter-in-law, Mrs. Ruth Maddock and two grandchildren, Mrs. Betty Jago Bekowich and Lloyd Maddock Jr., all of Pontiac.

Other survivors include one brother, Glenn Zimmerman of Pontiac, six sisters, Mrs. Alveretta Snider and Mrs. Bessie Bass, both of Pontiac; Mrs. Gladys Steffe of Holly, Mrs. Violet Taff, Mrs. Gertrude Hill and Mrs. Betty Anderson.

Arrangements will be announced later by the Farmer-Snowier Funeral Home.

Chicago Milk Prices Boosted by 46 Cents

Chicago raw milk prices rose to \$4.18 a hundred pounds yesterday following agreement on a 46-cent hike between the Associated Milk Dealers and the Pure Milk Assn.

The pact covers the last half of April, May, June and July and is expected to boost Chicago area retail milk prices a cent a quart to 22 cents.

The Pure Milk Assn. represents some 16,000 dairy farmers in Illinois, Michigan, Wisconsin and Indiana.

A similar increase for the Detroit area was won recently by the Michigan Milk Producers Assn. while 12,000 farmer-suppliers received a 58-cent hike from \$4.42 to \$5 a hundredweight for their milk.

—5 TIMES A HEART VICTIM—Only seven years old, Sheila Whitehead is undergoing treatment for her 25th heart attack in New Albany, Ind. Physicians say chances are good Sheila will survive this latest heart failure, but they offer little hope of a permanent cure for the periodic attacks. An acute infection in another part of her body causes the succession of attacks. She is shown above holding tube from oxygen tank while recovering from a previous attack.

Highway Group Cancels Participation in State Fair

EAST LANSING (U)—The State Highway Department has announced it will pull out of any further participation in the annual State Fair at Detroit.

Commissioner Charles M. Ziegler made the announcement Wednesday in a letter to Donald L. Swanson, general manager of the fair.

Ziegler said the department had been unfairly accused "of taking the position it has a lease on a portion of the fair grounds."

Every year since 1947, Ziegler said, the Highway Department had participated in the fair at the request of the State Fair office.

MADE NO OBJECTIONS
He said his department had installed picnic tables, benches, drinking fountains, and information booth and had handed out highway maps and put in exhibitions on safe driving and highway construction.

"Never have we felt or taken the position that we had any rights to use certain sections of the fair grounds, nor have we made any objection to any concessions being placed near our exhibit space or in the picnic grove area," Ziegler wrote.

"In return for spending time and money trying to help make the fair a little better than it might have been without our participation, we have been very unfairly accused of something that has never taken place."

Says Army Division Moves to Mideast

HARTFORD, Conn. (INS)—The Hartford Times has reported the "entire Second Armored Division, now in Europe as been ordered into the Middle East as rapidly as possible."

William Garrett, of the Times Washington Bureau, said Wednesday the American troops would begin to arrive in the Middle East in "30 to 45 days." The article added:

"Fifteen hundred Marines left Quantico Marine Base several days ago for the 'Mediterranean Area.'"

"The Pentagon was said to have decided earlier to shift the Second Armored, part of the Seventh Army stationed with NATO forces in Europe, to the Mediterranean trouble spot."

"...It was said they may be stationed in Saudi Arabia."

Suspect Will Testify Against Mate in Killing

DETROIT (U)—Paul Ray, one of two men accused of the holdup slaying of Detroit grocer Simon Kourjian, has admitted his guilty plea, and has agreed to testify against the other.

Recorder's Judge W. McKay Skillman yesterday accepted Ray's offer to enter a guilty plea to second degree murder.

The prosecutor's office said Ray, 26, of suburban Dearborn, agreed to testify next Tuesday at the examination of David Tessen, 22, of Detroit. Ray accused Tessen of firing the shot that killed Kourjian in his grocery last month.

Tessen is charged with first degree murder.

Convicted Auto Thief Sets His Own Sentence

CHICAGO (U)—A man convicted of auto theft set his own sentence yesterday.

Judge Alexander J. Napoli asked Adam Schumacher, 44, "what kind of sentence do you think you should get."

"Six months in jail," said Schumacher.

"Six months it is," said the judge.

Winter Sports Boom

BAY CITY (U)—The East Michigan Tourist Assn. says a survey of its winter sports areas shows the business increased 25 to 30 per cent this winter compared to the previous year, which was a record breaker. The area's 15 parks showed a wide variation ranging from no business increase to an increase of 300 per cent.

Western School Eyes Daugherty

Report Says Spartan Coach is Considering Move to Coast

GRAND RAPIDS (U)—The Grand Rapids Press said today that Michigan State University officials are "extremely concerned" over reports that football coach Hugh (Duffy) Daugherty is studying a coaching offer from a west coast school.

In an article by Clark Stoppels, assistant sports editor, the story said an MSU official reported Daugherty was "seriously considering" the merits of moving west.

Daugherty, contacted by Stoppels in East Lansing, said he had recently turned down one offer from a western school, but had received no official offers.

The story said its MSU source reported Daugherty weighing several factors, including the west coast school would "easily match" his current salary.

Stoppels said his East Lansing source did not identify the west coast school. Brutus Hamilton, past athletic director at University of California (Berkeley) told Stoppels today he had heard several times that Daugherty was the target of the University of Southern California in Los Angeles.

New Jet Transport Set for '60 Delivery

SAN DIEGO, Calif. (U)—Convair has announced it will offer for delivery early in 1960 the "Sky-lark 600" jet transport — termed by the company the fastest commercial airplane in the world.

The jet, costing \$3,300,000 is designed as a one-stop transcontinental airplane but space in the wings for additional fuel tanks can make it non-stop cross-country, Convair said. Cruising speed will be 609 m.p.h. for the four-engine craft which is designed to operate from 5,000-foot runways and carry 80 passengers. Coar versions will carry 99.

Trustee of Defunct Station Questioned

PHILADELPHIA (U)—The trustee of the bankrupt Liberty Broadcasting System, who has sued the National Football League for \$2,000,000, has been ordered to answer certain questions asked by attorneys for the League and nine of its members.

The suit was filed in October, 1953, in U. S. District Court by William J. Rochelle, Jr., trustee of the Dallas, Tex., broadcasting firm, on behalf of the company's creditors. Rochelle alleged that the NFL and nine of its teams unlawfully banned broadcasts of certain of their games and that as a result the company lost \$700,000. He asked triple damages.

Montreal Hockey Star Cleared of Charges

DETROIT (U)—For lack of evidence Doug Harvey, Montreal Canadian hockey player, has been cleared of an assault charge in a fracas involving a Detroit Red Wing fan during a game here last Thursday.

The prosecutor's office ruled yesterday there was insufficient evidence to justify an assault warrant against Harvey.

Steve Kemeny, 37, of Wyandotte, contended that Harvey hit him below the left eye with a hockey stick.

Believe It or Not, Folks, Boys Paid Against Will

OWOSSO (U)—Believe it or not, members of Owosso's city charter commission say they are being forced against their will to accept pay for their work.

Eight of the nine members elected to revise the city's 42-year-old charter said they wanted to do the work for free as a public service. But the city commission has budgeted \$10,000 for charter revision and fixed the pay of commissioners at \$6 each per meeting.

Now the charter group say they will seek the advice of an attorney on how to avoid being paid.

St. Lawrence Shipping May Resume Today

MONTREAL, Que. (U)—St. Lawrence River navigation is expected to resume today or tomorrow as a result of work by ice-breakers.

Ice jams at Sorel and on Lake St. Peter have been smashed by the D. Iberville, Ernest Lapointe and Saurel.

Some 22 ocean ships had been blocked by the jams and fears were expressed that opening of navigation to the Great Lakes would be delayed. The Lachine Canal is due to open Monday.

Ex-Olympic Bobsledder Dies of Heart Attack

LAKE PLACID, N. Y. (U)—Frankie Tyler, bobsledder who captained the U. S. four-man team to the championship in the 1948 Olympics, died last night at his home after a heart attack. He was about 50.

Tyler managed the U. S. team in its unsuccessful bid at this year's Olympics at Cortina d'Ampezzo, Italy.

The Day in Birmingham Board of Education OKs Second Pool, 3 Schools

BIRMINGHAM—Plans for a second school swimming pool and three classroom buildings were given an OK by the Board of Education this week. It was another step in the expanded educational facilities approved by 85 per cent of the citizens in a vote last summer.

Final plans for Walnut Lake School addition were approved. Sketches for Greenfield Elementary School to be built were turned back for changes and resubmission at next Tuesday's board meeting. Preliminary sketches for Valley Woods School were okayed.

Names for the two new schools were approved, as well as for Midvale, an elementary school on Midvale near the Senior High School.

Greenfield will be at 13 Mile and Greenfield, and Valley Woods in the Lahser-14 Mile area, where board members plan later to have a junior high school for West-of-Birmingham students.

The new pool will be at Birmingham Senior High School. Construction on the other pool was started this winter at Derby Junior High School.

The pool will eliminate the trek from high school to Barnum Junior High for swimming, under the present status. Another change at Barnum which received attention at Tuesday night's board of education meeting, is the planning for adding ninth graders to the Barnum enrollment.

Barnum's students have long included all the school district's seventh and eighth graders. Splitting the enrollment with Derby when it opens next fall will permit adding ninth graders at Barnum.

Science equipment for ninth graders was purchased at the meeting this week.

A principal for Derby School, Daniel A. Nesbitt, was named by the board from a field of 21 candidates. He has been in the system three years, and now is Pierce Elementary School principal.

The newly-approved budget includes allotment for salaries for 75 new teachers, besides replacements of those resigning.

New classrooms are being added at Beverly, Pembroke, Walnut Lake, Bloomfield and the high school, as well as the new Derby school for next fall.

Dr. Richard Featherstone, assistant to the superintendent, will take the board's objections to commercial zoning of lots across from Derby in Troy to the Troy commission meeting Monday night.

Charles B. Rentrow, mayor pro-tem, is among four Michigan lawyers who will hear top University of Michigan students compete in simulated courtroom proceedings. The hearings are the final rounds of the Henry M.

Farm Bill Passed in Senate; Before Ike

(Continued From Page One)

rollcall. Fifteen Republicans joined with 35 Democrats in voting for the measure; against it were 31 Republicans and 4 Democrats.

That put the issue squarely up to Eisenhower. There appeared no chance that Congress would override a veto.

Beyond saying the chief executive does not regard it as a good bill, White House press secretary James C. Hagerty declined to speculate at Augusta on the chances of a veto.

AIKEN SEES VETO

Sen. Aiken (R-Vt), chief administration farm lieutenant in Congress, said today he is confident Eisenhower will reject the measure "for half a dozen or more major reasons."

In effect, Eisenhower's choice was whether to:

1. Swallow his oft-stated principles and approve a bill which enthusiastic sponsors said would provide as much as three billion dollars in added benefits this year for farmers whose income has been declining steadily for five years, or —

2. Veto the bill, with a prospect that Congress will approve no alternative, and thus face the voters in November on the basis of the present farm program.

Eisenhower will have 10 days in which to act from the time the bill reaches him officially.

Ike Betraying Farmer-Truman

Harry Predicts No Veto by President as 'Better Part of Valor'

DES MOINES (AP)—Former President Harry S. Truman last night accused President Eisenhower of betraying the farmers and then said Eisenhower may sign the controversial farm bill "in an effort to get re-elected."

He called Eisenhower a "do-nothing President" and said Eisenhower has been putting "road blocks in the way" of adequate farm legislation.

"The Democrats have led the fight (for high price supports) and I hope they lay a bill to help the farmer right on the President's desk," he said.

BETTER PART OF VALOR

"I don't know what Ike is going to do with that bill. He could veto it, of course, because it is directly contrary to his philosophy of reducing farm prices."

"However, this is an election year, and he may well decide that it's the better part of valor to sign this bill in an effort to get re-elected."

"Gen. Eisenhower has personally been doing all he could to keep Congress from raising the support prices farmers get," Truman said.

'POLITICAL BETRAYAL'

"This is one of the most amazing records of political betrayal I have ever seen in all my years of public life."

The former President spoke to about 1,200 persons who paid \$25 a plate for the Jackson Day dinner. Truman recalled his 1948 campaign in Iowa and asserted "we are on the road to victory again today as we were in 1948."

The situation at that time, he said, was that a Republican Congress had "tried to block everything the Democratic President was trying to do for the people."

"This year," Truman added, "it's a Republican President that's causing the trouble, instead of a Republican Congress, but the results are just as bad—maybe worse."

Fifty-six per cent of the nation's occupied dwelling units are owner-occupied. This figure compares with 45.6 per cent in 1920.

AN ORDINANCE GRANTING TO Consumers Power Company, its successors and assigns, the right, power and authority to design, construct, install, maintain, operate and service on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the Village of Orchard Lake, Oakland County, Michigan, for a period of thirty years.

SECTION 1. That wherever the word "Grantee" appears in this ordinance, it is hereby intended to designate, and shall be held to refer to the Consumers Power Company, a corporation duly authorized to do business in the State of Michigan, its successors and assigns.

SECTION 2. The right, power and authority is hereby granted and vested in said Grantee to lay, maintain and operate gas mains, pipes and services on, along, across and under the highways, streets, alleys, bridges and other public places, and to do a local gas business in the Village of Orchard Lake, Oakland County, Michigan, for a period of thirty years.

SECTION 3. In consideration of the rights, power and authority, hereby granted, all of which shall vest in the Grantee for a period of thirty (30) years as aforesaid, said Grantee shall faithfully perform all things required by the laws herein.

SECTION 4. No highway, street, alley, bridge, or other public place used by said Grantee shall be obstructed longer than necessary during the work of construction or repair, and shall be restored to the same good order and condition as when such work was commenced. No part of the highways, streets, alleys, bridges or other public places of said Village shall be permitted to remain in a dangerous or unsafe condition by reason of anything done or omitted to be done by the Grantee, and it shall be liable for such damage as may be suffered by any person or corporation by reason of its negligence in the use of such highways, streets, alleys, bridges or other public places, and shall save harmless said Village from all damage and liability on account thereof.

SECTION 5. The Grantee shall be entitled to charge the inhabitants of said Village for gas, the rates as shown by the schedule now on file in the office of the Village Clerk and at present effective within said Village. Said rates shall be subject to review and change at any time by the Michigan Public Service Commission or its successors upon proper application by either said Grantee or the Village, acting by the Village Commission, being made thereto, and the regularly filed rates as approved by said Michigan Public Service Commission or its successors, as applicable to said Village of Orchard Lake, shall at all times be the lawful rates.

All bills for gas furnished by the Grantee shall be payable monthly. The Grantee may collect the minimum charges as specified in said schedule. The Grantee shall also furnish and maintain commercially accurate meters to measure the gas so furnished, and it shall, by its representatives, have at all reasonable times, access to the premises of its customers, for the purpose of reading, inspecting, removing and replacing such meters.

SECTION 6. Said Grantee shall construct and extend gas distribution system within said Village, and shall furnish gas to applicants residing therein, whenever the amount of gas to be furnished thereby shall provide an adequate and reasonable return upon the cost of making such extensions and providing such service.

SECTION 7. The rights and authority herein granted are not exclusive. Either manufactured or natural gas may be furnished hereunder.

SECTION 8. Said Grantee shall, as to all other conditions and elements of service not herein fixed, be and remain subject to the reasonable rules and regulations of the Michigan Public Service Commission or its successors, applicable to gas service in said Village.

SECTION 9. This franchise shall not be leased, assigned or otherwise alienated except with the approval of and subject to the conditions imposed by the Michigan Public Service Commission or its successors.

SECTION 10. The franchise granted by this ordinance is not subject to revocation, and shall be and become valid and binding only upon its approval by the affirmative vote of at least three-fifths of the electors of the Village voting thereon at a regular or special municipal election to be held in the manner provided by law. Such franchise shall not be submitted to the electors unless the Grantee shall, within thirty days after the adoption of this ordinance, file with the Village Clerk its written consent thereto, subject only to such approval; and such franchise, when accepted by the Grantee and approved by the electors as herein provided, shall constitute a contract between the Village and the Grantee, and shall be in force and effect for the term of thirty years from and after the date of approval by said electors.

We hereby certify that the foregoing ordinance was duly adopted by the Village Commission of the Village of Orchard Lake on the 8th day of April, 1956.

Attest: FRED J. WALLS, Village Clerk. Dated: April 9, 1956. April 12, 1956

REDS BUILD BIG SYNCHROCYCLOTRON—Moscow reports erection of the world's largest synchrocyclotron. The giant machine, designed for studying the atomic nucleus, was developed by the U. S. S. R. Academy of Sciences. The circular building, above, is the central block where the synchrocyclotron is installed. Its circular magnet weighs 36,000 tons and has a diameter of nearly 200 feet. Photo and caption material from Soviet sources.

Political Debate Still Packs Considerable Vote Power

By ARTHUR EDSON
AP Newsfeatures Writer
WASHINGTON (AP)—Apparently the old fashioned political debate still packs considerable pulling power.

For news Adlai Stevenson and Sen. Estes Kefauver are willing to debate each other in Florida has brought offers to put the show on the road.

The two Democrats who years to be president have been invited to display their oratorical wares from Harvard to Kansas.

Previously the city of Miami publicity department had suggested that the two political gladiators should meet in the Orange Bowl or the Miami baseball stadium.

And a fellow at Kefauver-for-President headquarters said today that new offers have arrived daily.

INVITATION FROM HARVARD

An invitation has come from the Harvard law school forum, a neutral field. Kefauver went to Yale, Stevenson to Princeton.

Frank Thies, chairman of the Kansas Democratic committee, wired:

"What better place than in Ike's home state of Kansas where the agricultural problem and the plight of small business are seething issues?"

In addition, broadcasters have wondered about airing the spectacle.

So far, neither has had a chance to study the subject, much less to name his site and weapons. But it would be interesting if top-flight candidates made more arguments face to face instead of hurling their taunts from behind a barricade of mimeograph machines.

Possibly the nearest parallel to the proposed Stevenson-Kefauver debate came in May, 1948 when Tom Dewey and Harold Stassen

argued, in a radio debate in Portland, Ore., over whether the Communist party should be outlawed.

Some political observers have contended this was a turning point in the Republican political road.

Until then, Stassen had been making great strides. No one can say whether the debate was a determining factor, but Dewey won the Oregon primaries and then swept on the GOP presidential nomination.

DEBATES HELPED LINCOLN

Probably our best known political debate came in 1858, between a couple of fellows named Stephen Douglas and Abraham Lincoln. Each hoped to be senator from Illinois.

There were only seven of these joint debates, but they were to have a lasting influence on our history. Douglas got to be senator, and the publicity helped Lincoln win the presidential nomination two years later.

Right off, the debates were looked on as something special. A writer for the New York Evening Post said:

"Illinois is just now the theater of the most momentous political contest, whether we consider the eminence of the contestants or the consequences which may result. . . . that has occurred in this country or in any state canvass since the defeat of Silas Wright for governor (of New York) in 1848."

The historian, J. G. Randall, dryly observed: "Perhaps the writer in the Post did not realize how soon men would scratch their heads in doubt as to why Silas Wright was so momentous or even as to who Silas Wright was."

Stevenson and Kefauver could shoot for something in-between maybe not so memorable as Lincoln and Douglas, but more momentous than Silas Wright.

Castle's Huge Rocks Moved by One Man

MIAMI — South of Miami, at Rock Gate Park, is a coral-rock castle built single-handedly by a Lithuanian immigrant, Edward Leedskalnis. Its 9-ton gate opens to the lightest touch. How he quarried and lifted the coral blocks—some weighing 35 tons—into position is unknown.

\$20,237 Tornado Fund

GRAND RAPIDS (AP)—Officials of the Kent County Red Cross Chapter Tuesday announced that contributions to the disaster fund for tornado victims had reached more than \$20,237.

Ohio Match Okays Plan to Acquire Hunt Foods

NEW YORK (AP)—Stockholders of Ohio Match Co. have approved a plan under which Ohio Match will acquire the stock of Hunt Foods Inc. The formal offer to Hunt stockholders to exchange their shares for Ohio Match stock will probably be made on Thursday, April 12.

The exchange must be accepted by 80 per cent of all classes of Hunt stock to be effective.

CIA to Operate Without Ties to Congress

WASHINGTON (AP)—The Central Intelligence Agency will continue to gather and analyze secret information on foreign military, subversive and other activities with only limited supervision from Congress.

The Senate defeated 59-27 yesterday a proposal to set up a special 12-member Senate-House committee to supervise it. Some members expressed fear the secrets might leak from such a committee.

Key members of the Appropriations and Armed Services Committees now are kept informed on the agency's operations, but Sen. Mansfield (D-Mont.) wanted a more direct check.

President Eisenhower opposed the plan. He was represented as feeling the agency and its intelligence services abroad are "much too sensitive" for such close checking.

Ohio Match Okays Plan to Acquire Hunt Foods

NEW YORK (AP)—Stockholders of Ohio Match Co. have approved a plan under which Ohio Match will acquire the stock of Hunt Foods Inc. The formal offer to Hunt stockholders to exchange their shares for Ohio Match stock will probably be made on Thursday, April 12.

The exchange must be accepted by 80 per cent of all classes of Hunt stock to be effective.

Army Denies Report of Mideast Shipment

FRANKFURT, Germany (AP)—The U. S. Army's European headquarters today described as "absolutely untrue" a report that the U. S. 2nd Armored Division has been ordered to the Middle East.

A spokesman added there are no plans to move any U. S. Army divisions stationed in Europe to the Middle East.

The Hartford, Conn., Times said yesterday it was "reliably reported" in Washington that the division had been ordered shifted from Europe "as rapidly as possible."

The 2nd armored is stationed in West Germany as part of the U. S. 7th Army.

"The only comment I have on this report is that it is absolutely untrue," a spokesman at the Army's European headquarters said.

In Washington, a Pentagon spokesman said last night, "We have nothing to say" about the Hartford Times report.

'Stress Diseases' Don't Disturb Native Maoris

AUKLAND — Not being annoyed by modern business and domestic problems, the native Maoris of New Zealand do not suffer from diseases which are the by-product of more civilized life, according to Dr. B. Rose.

At the Queen Elizabeth Hospital

In Rotorua he has noted that Maoris do not get, for instance, that crippling ailment of the white man, rheumatoid arthritis.

Stress factors such as mother-in-law, constant striving for success, and industrial antagonisms are contributing causes of arthritis, Dr. Rose says, but the Maori is prone to none of these.

The only Maori patients he sees come to be treated for gout—from good living.

FEDERAL'S dept. stores SAGINAW AT WARREN, PONTIAC OPEN MON. FRI., SAT., NIGHTS TO 9

FUR-CLAD FIDDLER — At Resolute in Canada's far north, this Eskimo girl named Martha, ingeniously fashioned a home-made violin with only a magazine photo to guide her. Martha serenaded Canadian Gov.-Gen. Vincent Massey with the crude instrument during his recent visit to Resolute. The violin is made of driftwood, an old ham tin, and ability to string along.

Parking Signs Do Right Face on City Streets

Drivers in Pontiac won't have to break their necks to see if they are parking in a prohibited area anymore, according to City Traffic Engineer Theodore M. Vanderstempel.

In the past, once you had passed a parking sign usually located at the end of a roadway, you had to crane your neck out the window of the car to see if the sign said "no parking anytime" or "no parking between 2 a.m. and 5 a.m."

Now new type no parking signs are being installed in the city with the face of the sign facing the roadway. This will permit an easier opportunity to read it once the driver has pulled into the curb.

The reason for the change, Vanderstempel said, is that the new

signs make it clear what section of the road or curb they apply to.

The old signs, which there are 6,573 of in the city, will be gradually replaced to eliminate a traffic hazard often caused when the driver had to turn completely around to view the sign.

The new sign is recommended by the Bureau of Public Roads and the Michigan State Highway Dept.

Fish Jumps 20 Feet

WASHINGTON — The mudskipper, a popular tropical aquarium fish, can skip, or jump, as far as 20 feet. Two large eyes on top of its head can be raised or lowered at will. Each eye is capable of independent sight—one may be looking under water while the other looks out of the water. Hence its scientific name, *Periophthalmus barbarus*. The first name, that of the genus, means "seeing all around" and the specific name, *barbarus*, means "strange."

It's No Joke, Buddy, to Be Served a Suit

SEMINOLE, Okla. (U. S. —) "I thought it was some kind of a joke," said W. P. Atkinson, mid-

west city builder and developer, after a deputy sheriff served him with a summons yesterday.

Atkinson had just stood up to address a meeting of the Seminole Rotary Club when the deputy appeared. It wasn't any joke. It was a le-

gal maneuver by Seminole attorney Frank Seay, to have his \$77,856 lawsuit against Atkinson switched from Shawnee to the Superior Court at Seminole. The suit stems from a highway accident involving one of Atkinson's employees.

They Live There

SAN DIEGO, Calif. (U. S. —) The Pournalles children, Linda, 10, and Denise, 1½, don't have to learn about animals from books. The backyard of their two-bedroom home is the 200-acre San Diego zoo. Their father, George Pournal-

les, is the zoo's curator of mammals. Their address is San Diego Zoo, San Diego 2.

Since British authorities started in 1948 to issue Christmas paroles enabling prisoners to visit their homes, not one man has broken his bond, Belfast reports.

War Mothers Elect

KALAMAZOO (U. S. —) Michigan World War II mothers, 350 strong, ended their annual two-day convention Wednesday by electing Mrs. Estella Myers of Kalamazoo president. The group chose Holland for next year's convention.

Sibelius Festival

A Sibelius Festival will be held in Helsinki from June 9 through June 13. According to a Pan American report from the Finnish capital, the beloved composer will be honored with seven of his complete symphonies, the violin con-

certo, arias, and selections from the author's many other works. The program, an annual event begun six years ago, will also pay tribute to other contemporary Finnish musicians.

There are 131 covered bridges in New Hampshire.

Cast Iron Insides

PEORIA, Ill. (U)—Six youngsters were wheeled into St. Francis Hospital with stomach complaints. A 2½-year-old boy ate eight aspirin tablets and washed them down with a half bottle of liquid laxative. A 9-year-old boy swallowed

a small rock. Four girls from 1 to 2½ years old ate several boxes of aspirin and the heads from a book of safety matches. All recovered.

Certain birds have been observed flying at 27,000 feet by Everest exploration parties.

Swedes Get Uranium Out of Alum Shale

STOCKHOLM — Sweden is extracting uranium from domestic alum shale. While this raw material is low-grade, with about 200 grams of uranium per ton of ore, the supply is ample. It is estimated

that the total amount of uranium in the richest Swedish alum-shale deposits is about a million tons.

The Vikings were Scandinavian pirates that infested the seas of Europe during the eighth, ninth and tenth centuries, making raids on coastal towns and cities.

Millions Learn Driving

WASHINGTON — The American Automobile Association reports that more than 1,000,000 high school students will get some kind of regular school instruction during the 1935-36 school year on how to safely operate an automobile, ex-

ceeding the mark for the first time.

More Drink Beer, Ale
NEW YORK — Food Engineering magazine reports that some 3,700,000 more American families drink beer and ale at home now than five years ago.

House Adjourns Jet Base Debate

**Squabble Over Location
in Michigan Still Draws
Representatives' Barbs**

WASHINGTON (U)—The two-year squabble over a site for a jet plane base in Michigan brought postponement yesterday of congressional consideration of a two billion dollar military construction bill.

The house took up the legislation after most members had left the floor after a lengthy debate that ended with approval of the compromise farm bill.

Rep. Ford (R-Mich) opened an argument for a site in Kalkaska County for the air base. Rep. Clare E. Hoffman (R-Mich) said the discussion was important enough to be heard by more members and asked for a quorum call.

Chairman Vinson (D-Ga) of the Armed Services Committee tried in vain to dissuade Hoffman and finally moved to postpone further action on the bill.

After several previous changes, the Air Force last year started building the multi-million dollar base at the Kalkaska site, favored by Ford, Rep. Bentley (R-Mich) and Rep. Knox (R-Mich), whose congressional district includes the Kalkaska site.

Supporters of the Kalkaska location plan a floor fight in an effort to reverse the committee decision.

Grace Greets Her Prince as Monaco Goes Berserk

(Continued From Page One)

silks, topcoat, pearl earrings and a pearl bracelet. A corsage of white flowers was at her bosom. The prince was hatless, in a blue serge yachting suit, white shirt and black tie.

OFFERED HIS ARM

Then the film star left the bridge, the prince offering his arm as she descended the narrow ladder. They went below with her parents, joining local officials who had come aboard. White-gloved stewards scurried about.

At the dockside an honor guard of white-hatted Monacan police was drawn up. Hundreds of photographers and cameramen lined the second floor of a building overlooking the dock.

A cheer went up from the huge crowd as the future princess set foot on Monacan soil, some 40 minutes after the yacht pulled alongside the dock.

TOOK HER HAND

Grace left the yacht first, the prince close behind. He took her hand and helped her into a big, green American limousine.

A motorcycle escort roared ahead of the automobile. Crowds lining the streets applauded and waved flags.

A guard of the prince's personal police stood at rigid attention as buglers signaled the entrance of the couple to the palace grounds. Servants at the palace thronged to the windows.

After entering the palace, the couple appeared for a few minutes on the balcony overlooking the square below. They smiled joyfully and waved at a crowd of about 2,000 below, most of them flag-waving schoolgirls.

Seeks Appeal Right in Court Conviction

A suit testing whether a justice court conviction may be appealed if the defendant pleaded guilty and paid his fine was filed yesterday in Oakland County circuit court.

Filed as a petition for mandamus action against Southfield Township Justice Edward A. Elsarelli, the suit charges he refused to forward appeal documents to circuit court after convicting and fining Robert E. Paine, 27, of Clawson, for drunk driving March 26.

Elsarelli contends the Supreme Court has ruled out appeals from justice court when the defendant pleaded guilty and paid the fine and costs.

Paine was fined \$100 with \$50 costs. His driver's license was suspended for a year.

Judge Elsarelli has been ordered to show cause why the mandamus action should not be taken in a hearing Wednesday.

Hoffa Counters Racket Charge

**Teamster Leader Asks
'Honest Investigation
Anywhere, Anytime'**

CAMBRIDGE, Mass. (U)—James (Jimmy) Hoffa, vice president of the Brotherhood of Teamsters, has offered to "submit to any honest investigation anywhere."

Hoffa made the offer last night in answer to New York Dist. Atty. Frank Hogan's recent assertion that he is supported by "hoodlums and racketeers."

"I have been investigated by Grand Juries and Congressional investigating committees," Hoffa told a news conference. "I have never been indicted. I will submit to any honest investigation anywhere, including New York."

"I'll tell any Grand Jury or other body my side of the story, if I'm allowed to, and I am sure... there will be no evidence of any irregular association or wrongdoing on my part."

TALKS AT HARVARD

Hoffa came here to make an off-the-record speech at a Harvard University graduate school seminar on collective bargaining in the over-the-road transportation industry.

Labor officials high in AFL-CIO councils recently assailed Hoffa of offering to lend \$400,000 to the International Longshoremen's Assn., ejected from the old AFL in 1955.

Hoffa said he did not enter New York with the intentions of "taking over the trucking industry."

"I stepped into the situation to stabilize make conditions for truck drivers in New York," New England and the rest of this region," he said. "The area was not completely organized and I went in there to protect union members against unorganized firms."

Circuit Court Date Set in Slashing Case

Charged with slashing a fellow player's face after a card game March 28, Walter Andrews, 22, of 533 Harvey St., yesterday was bound over to Oakland County Circuit for appearance Monday, following an examination by Pontiac Municipal Judge Cecil McCallum.

According to police, the victim, Bennie Williams, of 481 Harvey St., claimed he was cut with a knife, apparently "for no reason at all," after the game at Andrews' boarding house.

Andrews was returned to jail under \$300 bond.

Egypt will take a census in 1957, Cairo reports.

German Consul Speaks to Club at Elks Temple

Without help from the United States, all of Germany would have gone Communist, Federal Republic of Germany Consul W. H. Van Almsick told members of the Pontiac Civic Club at the group's regular weekly luncheon held yesterday at the Elks Temple.

The guest speaker said a re-unification of Germany would be possible only by peaceful means since Communist bosses continue to rule over East Germany. The Federal Republic stands strongly against Communism and re-armament and has banned Nazism and the dictator rule, he added.

Van Almsick credits the U.S. for the strong German recovery through its aid in the Marshall Plan. He stated that life is now normal and materials plentiful there and said the people have a high admiration of America, especially in the technical field.

Sylvan City Council Delays Budget Move

The Sylvan Lake City Council last night delayed the adoption of the city's 1956 proposed budget until April 25.

City Manager Ernest L. Ethier said he expected the council to approve the \$114,280 budget at that time. This proposal shows an increase of \$20,785 over the 1955 budget.

At the same April 25 meeting, the council expects to receive bids on \$50,000 worth of revenue bonds to finance the completion of the city's new water system.

Other action last night included the approval and the signing of a purchase contract on two voting machines for the city. They are expected to be ready for the August election, Ethier said.

Three Receive Injuries When Driver Sleeps

One person was hospitalized and two others treated for injuries today following an early morning two car accident at an Oxford Township intersection.

Howard Hulsapple, 36, of Oxford, was reported in satisfactory condition at Pontiac General Hospital after suffering a fractured nose, multiple face cuts, and a bruised left leg. Hulsapple was the driver of one of the vehicles. The other was operated by Kenneth R. Henke, 21, of Ferndale. Henke and Annabelle E. Hulsapple, 34, a passenger, were both treated and released at the hospital for bruises and lacerations.

Henke admitted to investigating Oakland County Sheriff's deputies that he fell asleep at the wheel while traveling north on M24. Hulsapple said he was unable to avoid the collision since Henke was coming towards him on the wrong side of the road, according to the report.

Open Court Hearings on Building Permit

Hearings began today in Oakland County Circuit court on a mandamus suit involving the controversial Hazel Park multiple dwelling issue.

Builder David Fuller, who obtained a permit to build a multiple dwelling in the city under a recently passed city ordinance, is petitioning for mandamus action to compel the city to let him build it.

The city, under a new city council, now contends the ordinance was passed illegally. It claims petitions circulated opposing the ordinance attained signatures of 20 per cent of the city's voters, necessitating a 3/4 vote of the city council to pass the ordinance.

The vote was 3-2. Two housewives who circulated the petitions will testify in the case, since the petitions reportedly were not filed in the city files and have not been located.

Boy, 3, Struck by Car; in 'Fair Condition'

A three-year-old boy, struck by a car yesterday afternoon after apparently running into the street in front of his home, is listed in fair condition in St. Joseph Mercy Hospital.

Michael R. Covington, son of Mr. and Mrs. Franklin Covington, 147 Auburn Ave., suffered a possible concussion, Pontiac police said.

According to a report by the driver, Virgil E. Workman, 35, of 11 Willard St., the boy was not noticed until Workman "heard a thump" and slammed on his brakes.

Grand Rapids Man, 82, Killed in Alabama Crash

OPELIKA, Ala. (U)—A Grand Rapids, Mich., man was injured fatally yesterday when a car and a truck, each pulling a trailer, collided at a bridge near Opelika.

The victim, Henry Fountain, 82, died four hours later at a hospital here. His wife, Mrs. Alice Fountain, 61, was seriously injured.

Policemen's Group Plans Benefit Dance

Third annual benefit dance of the Pontiac Police Officer's Assn. will be held May 19 in the Knights of Columbus Hall, according to Sgt. James L. Carr, chairman.

Proceeds will go to charity programs and sports teams sponsored by the officers, he said.

Free tickets may be obtained from any policeman, Carr said, and a price of 25 cents a couple will be charged at the door.

Store, Apartments Damaged in Blaze

Foodstuffs and equipment valued at \$4,000 were damaged yesterday evening, Pontiac firemen said, in an hour-long blaze which struck a grocery store at 228 N. Saginaw St. about 6:30 p.m.

About \$1,000 damage also was done to the building, they said, after fire started when a customer carelessly dropped a cigarette.

Smoke damaged two apartments above the market, firemen added.

Orchard Lake Girl, 10, Struck Down by Car

A 10-year-old Orchard Lake girl is in fair condition, Pontiac General Hospital authorities said today, after she was struck down by an auto while waiting for a school bus this morning.

Barbara Baker, daughter of Mr. and Mrs. N. L. Baker of 2164 Walma Dr., received a fractured left leg, possible skull fracture and lacerations.

Driver Richard Nicholas, 25, of 478 E. Boulevard, was not held. He told Orchard Lake police the girl darted into the path of his auto, apparently to look at an approaching school bus.

Award Separation Job

A contract for a \$97,598 grade separation carrying Drake road over the Brighton-Farmington Expressway was Oakland County's share of a record road contract letting held yesterday by the State Highway Department.

The contract, awarded to low bidder Joseph Plozi, Inc., of Detroit, was one of 21 trunkline projects totaling \$9,275,681 let yesterday.

More women held jobs in the United States in 1955 than in any previous year, some 21,000,000 of them being regularly employed.

WIENERS 'N' KRAUT — You can't beat this combination. Sauerkraut and wieners appeal to all ages, especially the young. When flavored with caraway and brown sugar, sauerkraut has a tawny, full flavor.

Caraway Peps Franks, Kraut

Caraway adds zip to frankfurters and sauerkraut. So does brown sugar. This recipe adds them to the kraut, then cooks it 40 minutes.

Frankfurters are added 10 minutes before the rest of the dish is done. You could put this dish in the oven at a moderate temperature.

Caraway Kraut and Frankfurters
 1/2 cup butter or margarine
 1 cup chopped onions
 1 teaspoon caraway seeds
 1 No. 2 can sauerkraut
 2 tablespoons brown sugar
 8 frankfurters, prepared mustard
 Melt butter or margarine; add onions and caraway seeds and cook until onions are tender. Add sauerkraut and brown sugar; cover and cook over medium heat 30 minutes. Make several slashes across each frankfurter and spread surfaces lightly with mustard. Place on top of sauerkraut; cover and continue cooking 10 minutes. Makes four to six servings.

Leftover potatoes? Dice them and add to a thin white sauce with minced onion for a nutritious soup. Sprinkle with paprika or minced parsley before serving. Or garnish with grated raw carrot.

Yam Ham Skillet Recipe Comes From Louisiana.

Louisiana Yam Ham Skillet is one of those always welcome recipes which is short on preparation time. Ham patties seasoned with mustard and onion, Louisiana yams and pineapple rings are combined in this tasty skillet dish.

Louisiana Yam Ham Skillet
 1 1/2 pounds ground ham
 1 teaspoon dry mustard
 1 tablespoon grated onion
 1/2 teaspoon salt
 1/2 teaspoon pepper
 2 tablespoons butter or margarine
 2 tablespoons brown sugar
 6 medium-sized yams, cooked and peeled
 6 slices canned pineapple
 Combine ham, mustard, onion, salt and pepper; mix well. Shape into six patties. Melt butter or margarine; add sugar and blend. Add patties and cook over low heat 45 minutes. Add yams and pineapple and heat to serving temperature. Makes six servings.

Creamed Yam Treat
 2 tablespoons butter or margarine
 1 4-ounce can mushrooms, drained
 2 tablespoons all-purpose flour
 1 cup light cream
 2 tablespoons sherry
 1 teaspoon salt
 1/2 teaspoon pepper
 2 No. 2 cans yams, drained
 1 pound cooked ham, sliced 1/4-inch thick
 Melt butter or margarine; add mushrooms and cook five minutes. Add flour and blend. Gradually

Team Leftovers and Ring Molds

Try serving leftovers in a macaroni, rice or biscuit ring. This adds new interest and an entirely new look to the food.

By using milk and cheese with small amounts of leftover protein food, you give additional protein to the dish, which is wise. Here are examples of rings that go well with leftovers:

Macaroni Ring
 8 ounces macaroni
 2 cups hot milk
 2 tablespoons butter
 2 cups shredded American cheese (1/2 pound)
 2 cups soft bread crumbs
 2 eggs, well beaten
 2 tablespoons each minced parsley, minced onion, chopped pimiento
 1/2 teaspoon salt
 1/4 teaspoon pepper
 Cook macaroni and drain. Combine with other ingredients. Pour into a well-buttered 10-inch ring mold. Set in pan of hot water. Bake in a moderate oven (350 degrees) for about 30 to 35 minutes or until set.
 Unmold on hot platter and fill center with creamed turkey. Makes eight servings.

Cheese Bread Ring
 3 quarts soft 1/2 inch bread cubes
 1 cup milk
 2 eggs, beaten
 1/2 cup grated sharp Cheddar cheese
 2 tablespoons grated onion
 1 cup melted butter
 1/2 teaspoon salt
 1/4 teaspoon pepper
 1/2 teaspoon paprika
 Combine all ingredients. Pack into well-buttered 1 1/2 quart ring mold. Bake in moderate oven (350 degrees) for 45 minutes. Let stand five minutes before unmolding on warm serving platter. Makes eight servings.
 Serve with creamed turkey and crisp celery in center. Add cranberry apple salad for contrast.

POLISH CHRUSTS — Springtime is teatime, and these Polish Chrusts will make compliments blossom from guests as they sample the fried pastry. Rolled oats give them a nutlike flavor.

Polish Teatime Features Chrusts, or Fried Pastry

Like the English, the Poles stop for tea in the afternoon. But they serve pastries like Chrusts instead of thin sandwiches and biscuits.

Chrusts are a unique and delicious fried pastry. The crust is made with rolled oats which give a nutlike flavor and tenderness. The dough is rolled as thin as can be, cut in strips, then tied in a knot. It's fried in deep, hot fat until crisp and golden. A sprinkling of powdered sugar adds a touch of sweetness.

Polish Chrusts
 4 egg yolks
 1 egg white
 1/2 teaspoon salt
 1/2 cup confectioners' sugar
 1 teaspoon vanilla
 1 tablespoon rum or sherry extract
 1 cup sifted flour
 1/2 cup rolled oats, uncooked
 Add salt to egg yolks and egg whites; beat vigorously with rotary beater for five minutes. Add sugar, flavorings and flour, mixing well. Blend in rolled oats.
 Turn out on lightly floured board or canvas and knead dough until smooth and elastic (about five minutes). Cut dough in half, then roll each half to about one-eighth inch thickness.
 Cut in strips 1/4 x 1/4 inches. At one end of each cut a slit 1-inch long. Pull the other end through the slit.
 Fry in deep hot fat (375 degrees) until golden brown. Drain. Sprinkle with confectioners' sugar. If rum or sherry extract is omitted, add 1 tablespoon water. Makes 3 dozen.

Nesselrode Pie Is Light, Festive

The light elegance of Nesselrode Pie makes it ideal for dinner parties. Its combination of flavors—glazed fruit, almonds, vanilla and bitter chocolate—make it exciting eating at any time of year.

Nesselrode Pie
 1 envelope unflavored gelatin
 1/2 cup water
 2-3 cup sugar
 1/4 teaspoon salt
 4 eggs, separated
 1 cup light cream
 1/2 cup mixed glazed fruit
 1/4 cup sliced almonds
 1/2 teaspoon pure vanilla extract
 8-inch baked pie shell
 1/2 cup heavy cream
 1 tablespoon sugar
 1/2 teaspoon vanilla extract
 1 square bitter chocolate

Soften gelatin in cold water. Combine one-third cup sugar, salt and egg yolks in top of double boiler. Add light cream. Cook over hot water until mixture coats a metal spoon, stirring frequently.

Remove from heat and add gelatin. Chill until it begins to thicken. Stir in fruit, almonds and vanilla extract. Beat egg whites until they stand in soft peaks, gradually beat in remaining one-third cup sugar. Fold into chilled custard. Pour into a baked pie shell. Just before serving, whip cream, sugar and vanilla extract together. Spread around border. Shave chocolate over center of pie.

To Measure Flour
 In measuring sifted flour, when you are preparing cake or cookies, spoon it lightly into your measuring cup so that it overflows. Then level off the flour in the cup by drawing a straight-edged knife or a spatula in one quick movement over the top.

Great day in the morning when you get that

NEW IDEA! NEW RECIPE! "Party-Snack Mix" made with Hekman's Cinnamon Crisp

"PARTY-SNACK MIX" (Yield: About 5 1/2 cups)
 1/4 cup butter or margarine
 1 tablespoon sesame seeds
 1 package (1/3 pkg.) of HEKMAN'S CINNAMON CRISP
 1 cup bite-size shredded rice
 1 cup bite-size shredded wheat
 1 cup salted peanuts
 1/2 teaspoon ground cinnamon
 1 teaspoon seasoned salt
 Melt butter or margarine in a small frying pan. Add sesame seeds; cook over moderate heat until seeds are lightly toasted, stirring frequently. Meanwhile break HEKMAN'S CINNAMON CRISP into bite-size pieces into a shallow baking pan. Add cereals, peanuts, cinnamon and seasoned salt. Carefully toss together, and spread evenly in pan. Pour butter or margarine and seed evenly over mixture and bake in a 300°F. (slow) oven 15 minutes. Remove from oven. Carefully stir mixture and return it to oven for 15 minutes longer. Cool. Serve in bowls.

Quick and wonderful! Try it tonight!

Amateur Wrestlers Vie for Olympic Positions

YPSILANTI (AP)—More than 100 amateur wrestlers are expected to take the mats tomorrow in the regional tryouts for the U.S. Olympic Wrestling Team.

The winners of Saturday's final matches will compete in the national tryouts at Los Angeles April 28-May 5. Many of the Michigan men are expected to triumph there.

Some 70 entries have already been received and at least 30 more are expected before the weigh-in tomorrow.

They'll pair off in eight weight divisions in each of the styles of wrestling, Greco-Roman and free style.

Among the latest entries are Norman Gill (136.5 pounds) and Kenneth Maidlow (191 pounds), both national Greco-Roman cham-

pions. Maidlow also competes in free style wrestling. Both are from Michigan State University.

Ted Lennex (160.5 pounds), the blind wrestler from Michigan State, who recently earned the state AAU title, will also compete. The large MSU delegation includes James Ferguson (166.5 pounds), a freshman who last year won the Oklahoma state prep championship.

Back for another try is Dale Thomas (191 pounds), a veteran of the 1952 Olympic squad. Chuck O'Hara (136.5 pounds) of Ann Arbor has also entered.

Manager Bert Waterman said he is counting on several entries from his state championship Ypsilanti High School team.

He said 2 or 3 mats will be in constant use, depending on the turnout at the new Bowen Field House, Michigan State Normal College.

Deer Inspection April 15

LANSING (AP)—Public inspection tours of deer yards in the Grayling, Mio and Baldwin areas have been set for Sunday, April 15, the state conservation department announced today.

The tours have been requested by Sportsmen's groups and others interested in seeing the effects of the recent hard winter on the deer herd.

Caution Sportsmen About Forest Fires

By THE ASSOCIATED PRESS

As sportsmen will be reminded frequently from now till fall, fishing seasons aren't the only ones that get under way this time of year—the forest fire season is opening too.

That doesn't mean just in the North Woods, either, although fire protection may have been getting more attention longer along the U.S.-Canadian border timberlands. But the fire season is open in the pulp plantations of Alabama as well as Michigan, and in California's commercial redwood country as well as the Douglas fir stands of Washington.

Fire protection is more than a poster picture of a bear in overalls. Nowadays it's a career, as technical as most and certainly as

active as any, and one that may call for anything from master tactics to hair-raising heroics. Or both.

Fire protection specialists are weathermen, firemen, mechanics, pilots, chemists and in time of emergency a number of other things. In the West, where timberlands stretch uninterrupted for miles, there are the smoke-jumpers who parachute into isolated areas to fight small fires before they can become big. In the Midwest the tower men on their perches play chess with mobile crews in scattered cities and ranger stations, keeping watch on the vast checkerboard of industrial forests.

But in Canada fire protection men are all of these and something

like hermits in the bargain. They do not have to cut themselves off from humanity permanently, but they have to like things very quiet.

The Ontario Division of Lands

and Forests annually comes up with a laconic announcement about now: "Planes of the Division of Air Service are now returning to their summer bases."

Rio Grande won 39 basketball games in the 1952-53 season.
