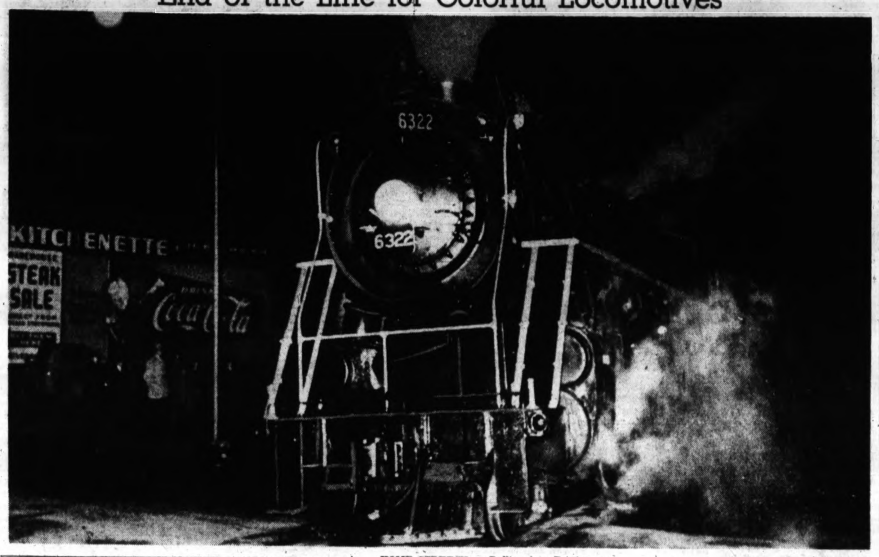
City Bus Drivers Will Scrap Courtesy Rides

End of the Line for Colorful Locomotives



HOME STRETCH — Rolling into Pontiac on its last return trip, the steamer made its exit in a blaze of glory Sunday. This "favorite" among rail fans, a Northern-type locomotive, pulled 21 cars and about 2,000 people on its final run. Once the greatest power to run across the North American Continent, the steam locomotive has given way to the diesel. Yesterday, thousands lined the Grand Trunk Western tracks from Detroit to Durand to wave a final hail and farewell.

Striking Union Rejects Jitney Plan as Costly

Can't Afford to Comply With Ordinance, Claims President of Local

Public transportation in Pontiac suffered a new blow today as striking bus drivers announced their "courtesy ride" service will end tomorrow evening.

"We can't afford the financial requirements of the city's new ordinance," explained John Sytsma, president of Pontiac Local 1097 (AFL-CIO) of the busmen's union.

★ ★ ★

Sytsma said he regretted that withdrawal of the service would adversely affect hundreds of persons who have used courtesy rides regularly since the buses stopped rolling Dec. 5.

There appeared little likelihood that the city would now be able to find any means to put the special stop-gap jitney plan into effective operation.

During the 114-day strike against Pontiac City Lines, Inc., drivers have used their own cars to pick up passengers along established routes and at established times, receiving donations which have amounted, usually, to 25 cents a ride—the same as a bus fare.

★ ★ ★

Bus drivers were telling their regular passengers today that the service would be discontinued at 6:30 p.m. tomorrow at the end of their regular runs.

At midnight tomorrow, the drivers would have had to be licensed as special jitney operators in order to continue the service in accordance with emergency regulations adopted unanimously by the City Commission March 15.

The regulations had been recommended to the city by the Mayor's 14-member public transportation committee.

Sytsma said the rules were "much too stringent."

The established fare would have

Dems Vow Fight to Aid the Aged at UAW Rally

By GEORGE T. TRUMBULL JR.

DETROIT — All the avowed might of Democratic presidential timber was pledged yesterday toward winning hospital and health insurance for the aged.

An estimated 10,000 persons took advantage of the spring weather to attend a UAW-sponsored rally at the State Fair Coliseum to plug for passage of the bottled up Forand bill to aid retirees.

But all in the congregation weren't retirees or the aged.

Because of the presence of presidential candidates Sen. John F. Kennedy, Sen. Hubert H. Humphrey and Sen. Stuart Symington, the three-hour rally was more like a Hollywood screen test for the 1960 White House production.

If applause, handshakes and autograph requests are criteria of which will win the starring role, Kennedy is a cinch. The handsome and tanned heir to fortunes received most of the attention.

He had to fight his way out of the coliseum while Symington and Humphrey made their way to the exits hardly noticed.

This attention paid to Kennedy, who went into the rally as a front-runner for the nomination, could mean more than a display of his political popularity, although party leaders seek to avoid what they call a popularity contest among candidates.

It could be a clue to which of the candidates will earn the endorsement of the huge United Auto Workers union.

REUTHER PLAYS IT COOL

Yesterday marked the first appearance of the three candidates with UAW President Walter P. Reuther. Reuther played it cool.

When a photographer asked the head of the huge union to get between the threesome, Reuther refused. "I want these fellows as they are. This is good," said Reuther keeping his middle-of-the-roadness intact—so far.

Kennedy, however, got the choice seat on the stage next to Reuther. Symington had Emil Mazey, UAW secretary-treasurer, on his right. Humphrey drew the seat in between.

Afterwards, all three hopefuls blistered President Eisenhower and his administration for blocking the Forand bill in committee. Reuther and Gov. Williams got in their licks, too.

Petitions were passed through the crowd. The union plans to forward them to Washington urging passage of the Forand bill.

It would amend the Social Security Act to provide insurance against the cost of hospital, nurs-

Union Cash Nearly Used to Buy Arms

WASHINGTON (AP)—Senate rackets probers took credit today for preventing $300,000 in Teamster union money from being spent on a 1959 plot to smuggle arms to Cuba and the Dominican Republic.

★ ★ ★

In a report, they singled out as principals in the "plot" Louis (Babe) Triscaro, president of Cleveland Teamster Local 436, and three other men.

Triscaro and the others, said the report, "were involved at various stages in the bizarre plot to use surplus U.S. planes to smuggle arms to the Caribbean area, which was nipped in the bud by U.S. customs agents."

★ ★ ★

The report said the plan—never consummated—was to sell planes and arms to Cuba shortly after Fidel Castro took over and to the Dominican Republic.

The report claimed Triscaro was in communication with Teamsters President James R. Hoffa during arrangements.

Rackets Group Calls Him Betrayer

Ask Hoffa Be Dethroned

WASHINGTON (AP)—The Senate Rackets Committee today invited the courts and executive agencies to swing any Sunday punch that might be aimed at removing James R. Hoffa as Teamsters Union president.

The committee, in a report to the Senate, called Hoffa an ally of gangsters, betrayer of fellow unionists, and a corrupter of men.

Ending three years of investigation, during which it repeatedly called him a disgrace to the labor movement, the committee voiced this unanimous declaration:

"From this point on, the fate and future of James R. Hoffa rest with the executive and judicial branches of the government, the monitors (a court appointed group created to try to police the Teamsters) and inevitably with his own members."

★ ★ ★

"The decent elements of organized labor have hung a pariah's label" on Hoffa, the committee said, renewing its 1958 finding that he should be ousted.

"If Hoffa is successful in combating the combined weight of the U.S. government and public opinion, the cause of decent unionism is lost and labor-management relations in this country will return to the jungle era," it said.

"Plundering of union treasuries and health and welfare funds, ruthless denial of democratic procedures, and outright betrayal of rank and file members were clearly established," the committee charged.

★ ★ ★

It said Hoffa had bargained away wages and other benefits midwestern Teamsters might have received, then undermined Teamster wage levels in New York so his midwestern contracts wouldn't look too bad.

Hoffa said he always got for the Teamsters the best contracts in the whole collective bargaining field. The committee said this claim now has been exploded.

Spring Arrives; Mercury to Hit 56

Warmer weather with the possibility of showers by evening Tuesday is the forecast for Pontiac and vicinity.

Following a drop in temperatures to a low near 36 tonight, the mercury will climb to a high near 56 tomorrow, accompanied by partly cloudy skies. Winds will be variable at 8-15 miles.

Temperatures will average about five degrees above normal for the next five days. The normal low is 27-32 degrees, normal high, 46-51.

A rise in weekend temperatures caused thawing which resulted in flooding on Northwestern Highway and dampness in some area basements.

Today the thermometer registered 39 degrees at 8 a.m. in downtown Pontiac, the mercury rising to 47 by 2 p.m. Winds were northeasterly at six miles an hour.

Puffing Grand Trunk Engine Steams Into History Books

By DICK SAUNDERS

"Gonna wide on a choo choo twain, Daddy," said a two-year-old boy.

How can you tell him they're taking the choo-choo out of the train?

Or that the little engine that could—can't. That was the story yesterday, as steam died on the Grand Trunk.

Railroad officials surely made the understatement of the year when they announced two weeks ago that on Sunday, March 27 "more than 400 rail fans will leave on a special excursion to Durand marking the final steam run on the Grand Trunk Western."

More than 3,000 rail fans showed up for the trip yesterday—and another 1,000 were turned away. Of these who went, many made the round trip standing.

What originally was to be a "seven-coach train" grew into a two section train consisting of 33 cars, making stops in Royal Oak, Birmingham, Pontiac, Holly and Fenton.

Several thousand men women and children lined the tracks at the Pontiac station. The first section of 14 cars roared in 30 minutes late with little or no room for additional passengers.

★ ★ ★

The second section, with 21 cars, arrived 30 minutes later. Everywhere it went, people lined the tracks whispering "This is the last steamer."

Grand Trunk Western was the last major railway in the country to use steam engines.

The whistle-blowing smoke-belching locomotives have now been replaced with more sophisticated horn-blowing, efficient, almost antiseptic diesels.

But the steamer had a first rate funeral. Truckers stopped on highways to watch her make the last run.

A small boy stood by a weather beaten scarecrow in a cornfield near Fenton, and waved.

Fishermen poured from their shanties on frozen lakes along the way waving a final tribute.

At the throttle of the first train was William "Wild Bill" Emmons, of Detroit. Guiding the larger section were engineer Henry A. Wix Jr. and fireman Adam Cetlinski, both of Detroit.

A "fan" asked Wix to pose for a snapshot next to his locomotive. He smiled and said, "If I had a beer for every picture taken of me today, I'd not find my way home tonight."

He looked up at the steamer. "Somehow it's not going to be a railroad without her."

"I've been with the railroad 15 years, and my dad was for 40 years before me. We're losing a member of the family."

But the saddest losers were the small children.

Adults Blamed for Bad Youths

Speakers Flay Laxity of Parents at White House Conference

WASHINGTON (AP) — If there is anything wrong with the younger generation, the adults of this country have only themselves to blame.

★ ★ ★

That sentiment, expressed by speaker after speaker, set the tone today as 7,000 delegates to the White House Conference on Children and Youth swung into their first full day's work. The meetings continue through Friday.

The cure for what ails youth, they said, must be found by treating the moral sickness of their elders.

"The basic problem of the young is not complicated, it is the apathy and perfidy and poor examples of the adult generations," said Miriom D. Hanks of Salt Lake City, an elder of the Church of Jesus Christ of Latter-day Saints.

★ ★ ★

Elder Hanks' theme, in a speech prepared for one of the five assemblies during the day's activities, was echoed by Prof. Abraham Heschel of the Jewish Theological Seminary of America in New York.

"We, the grownups have delegated our moral responsibility to the schools, the social agencies, or community funds," he said in his prepared remarks.

"We have time for hobbies, for watching baseball; we have no time to help the needy, to sustain the sick, to offer companionship to the lonely, no time to offer guidance to our children.

"What we need are not more school buildings and more playgrounds, but also the restoration of the parent as a person worthy of being revered as an example of devotion to responsibility."

Blazing Crosses Mark Weekend

100 Are Burned in One Alabama County; Police Arrest 5 Klansmen

By The Associated Press

The ninth week of antisegregation demonstrations began in the South today following a weekend wave of cross burnings.

★ ★ ★

Hooded Klansmen burned crosses in Alabama, Georgia, Florida and South Carolina as students in the North and West joined Negroes in their campaign against separate lunch counter facilities.

Five men were arrested as a result of multiple cross burnings near Anniston, Ala., Saturday night.

"We just wanted to show the public we are organized and ready for business," one unidentified Klansman told a policeman in Calhoun County, where more than 100 crosses were set ablaze.

Dems Vow to Battle for Assistance to Aged

(Continued From Page One)

ing home and surgical services to all those eligible for old age and survivors insurance benefits.

The three candidates, Reuther and Williams let it be known that 16 million Americans over 65 years old stand to benefit.

The union president was most vocal in denouncing the administration for delaying passage of the measure. He lambasted Eisenhower in particular for receiving all his housing and medical care at government expense.

★ ★ ★

"Yet he says to you folks get lost but don't get sick because I'm not going to help you get that bill passed," Reuther said.

THERE TO HEAR HOPEFULS

But it was obvious from the uneasiness in the crowd that the men and women had not come to hear their leader, their governor or Sen. Patrick V. McNamara, but rather Kennedy, Humphrey and Symington.

A union band struck up "Hail, Hail The Gang's All Here" when the three dapper candidates burst into the coliseum side by side. The place went wild.

McNamara gladly yielded the floor to his fellow colleagues from what Kennedy later called "the most horrible closed shop in the United States—the Senate."

Lengthy introductions of the candidates by union vice presidents were interrupted by shouts of "let's hear 'em."

SYMINGTON FIRST

Symington, although listed on the program as the last speaker, came first. Endorsing "the basic principles of the bill," Symington said three-fifths of all persons over 65 have incomes of less than $1,000 a year. Think of that, my friends."

"They are caught in an economic squeeze. A sudden illness, a stay in the hospital can wipe out all of their long-accumulated savings."

All three went beyond prepared texts supporting the bill to add a little impetus to their campaigns. They were in Detroit for the three-day Midwest Democratic Conference.

Kennedy, who is going down to the wire for Wisconsin's 31 delegate votes in next week's primary in that state, criticized Republicans for stalling the bill by saying "We want to study, consider and look at it more."

★ ★ ★

He hardly touched on his prepared speech.

At the end of the rally, admirers, mostly women and some teenagers, pushed to the stage to shake hands with Kennedy. During the rally, autograph hounds were busy — mostly after Kennedy's signature, some in his recent books.

He reminded the audience of Roosevelt's statement that "the test of our progress is not whether we add more to the abundance of those who have too much, it is whether we provide enough for those who have too little."

"It was in that spirit that our social security system was conceived," Kennedy said. Yesterday's rally also marked the 25th anniversary of the Social Security law.

"It was in that spirit that Franklin Roosevelt and Harry Truman fought to broaden its coverage and increase its benefits."

"And it is in that spirit that we battle today for a social security law which will truly provide our older citizens with a decent and a dignified and a healthy way of life."

★ ★ ★

Humphrey characterized GOP blocks of the bill as part of a "no-goal, go-slow veto" Eisenhower plan.

"Let's all today resolve to insist on the genuine Forand and Humphrey program," Humphrey said. "Don't let some doctor-come-lately substitute be palmed off on us by that master of political now-you-see-it-now-you-don't, Vice President Nixon."

"When we elect a president from among us on this stage," he went on, "we can guarantee you not only the Forand bill but a social security system worthy of the dignity of the American people."

To Vote Tonight on Power Pact

24½ Cent Offer Seems Doomed Here; Already Rejected by 14 Locals

About 200 Pontiac strikers will vote tonight on the latest Consumers Power Co. offer aimed at halting the 28-day strike.

The offer already appeared doomed to certain defeat.

★ ★ ★

Garland Sanders, president of the state executive council of the Utility Workers of America, said last night that the first 14 state locals to hold elections on the offer had turned it down by wide margins.

★ ★ ★

About 5,100 workers struck the gas and utility firm March 1. It serves customers in 64 Lower Peninsula counties outside Detroit. Supervisory employes have kept up service.

Pontiac Local 105 (AFL-CIO) was scheduled to vote on the offer at 6:30 p.m. today at the local headquarters, 21½ E. Lawrence St.

The company said the latest offer was worth 24½ cents an hour in a two-year package. The Union originally asked 35 cents an hour, but later came down to 25. What the Union calls job security also is an issue.

The membership was polled after Union officials urged rejection of the offer.

★ ★ ★

Sanders said he expected the company to ask another negotiating session. He said management "wanted this vote. They didn't believe our people were really in favor of this strike. Now we expect to sit down and talk things over again."

Consumers officials could not be reached for comment immediately.

The Day in Birmingham

Four-Mill Hike for Schools Goes Before Voters Today

BIRMINGHAM — Birmingham School District voters today in a special election will decide the fate of a proposition seeking an additional four mills for school operating expenses.

The Board is asking for the additional funds, which would amount to about $750,000 a year if approved, in order to hire 50 additional teachers and raise the salaries of all school personnel.

The Board is seeking the proposed four additional mills for five years.

The new teachers are needed, to reduce the present teacher-student ratio, the board has said.

★ ★ ★

"Twenty additional teachers are needed to meet the predicted growth next year, and 30 more are required to make up for the past several years when lack of finances prevented staff additions," said Superintendent Dwight D. Ireland.

★ ★ ★

Other money from the proposed increase would allow the school district to improve its curriculum program, provide a realistic training program, purchase library books and acquire instructional material, Ireland said.

The Baldwin Public Library will launch Operation SOS Friday.

Operation SOS (Store Our Stories) has been chosen as a means of removing from library shelves as many books as possible during the library's remodeling program, according to Librarian Jeanne Lloyd.

Miss Lloyd said the operation will eliminate costly, time-consuming book storage and simplify the job of moving the library's 64,500 volumes.

It will give residents the opportunity to borrow an unlimited number of books for extended periods, Miss Lloyd said.

"Just take your pick, fill out an SOS card and check out your books at the main desk," she said.

★ ★ ★

The library will even have special SOS shopping bags available to book borrowers.

★ ★ ★

Children's books borrowed under SOS are due back between June 1 and 7, adult books between July 15 and 30.

★ ★ ★

The library asks only that the books be kept at home by the borrower and not sent outside the household, to avoid possible misplacement.

The Supper Club of the Congregational Church of Birmingham will have its monthly dinner Friday at 6:30 p.m. in the social hall of the church. The program for the evening will be a general card party.

All adult members and their friends are invited. Reservations for the dinner can be made by calling the church office by Thursday morning.

Goldfine Gives Plead of Innocent to Tax Charge

BOSTON (UPI)—Bernard Goldfine, whose generosity cost White House Aide Sherman Adams his job, pleaded innocent today to indictments charging evasion of $791,745 in federal income taxes.

Goldfine's secretary, Miss Mildred Paperman, pleaded innocent to an indictment charging evasion of $25,589 in personal taxes.

He was charged with evasion of $450,961 in personal taxes and they were charged together with evading $340,784 in corporate taxes of the Strathmore Woolen Co. from 1952 to 1957.

Ike and Macmillan Off for Camp David

WASHINGTON (UPI)—President Eisenhower and British Prime Minister Harold Macmillan took off by helicopter from the White House lawn today for their nuclear test ban talks in the seclusion of Camp David in nearby Maryland.

★ ★ ★

Macmillan conferred for about 2½ hours with Secretary of State Christian A. Herter and other top U. S. officials before going to the White House.

Afterward, asked about the prospects ahead, the British prime minister replied: "They're always good."

Herter said the morning meeting went off "all right." He said it "covered a number of subjects."

★ ★ ★

Herter and Vice President Richard M. Nixon plan to fly to Camp David tomorrow with other officials to join in the discussions.

3 Defense Officials to Attend Meeting

Three Oakland County Civil Defense officials will leave for Battle Creek tomorrow to attend an all-day conference on natural disaster medical care at the national headquarters there.

Representing Oakland will be its CD director, Lewis C. Jarrandt, Dr. John S. Lamble, deputy county health director and chief of county CD medical services, and Mrs. Marie Rodriquez, coordinator of the health department and CD disaster medical program.

They will meet with CD officials from around the state at the Wednesday conference.

It is being sponsored by the state's medical society, department of health, hospital association and office of civil defense.

Hoffa in Sales Deal to 'Exploit His Locals'

WASHINGTON (UPI)—The Senate Rackets Committee said today that Teamsters President James R. Hoffa planned to exploit "hundreds of thousands of Teamsters members" through the sale of items bearing the Union's label.

★ ★ ★

The committee, in its final report, said that Hoffa and Benjamin Dranow, a close ally in financial dealings, "obviously contemplated a long-range, systematic exploitation" of Teamsters members.

The report said the magnitude of the operation was apparent by the fact that two Detroit locals spent more than $335,000 for the purchase of some 36,000 jackets for the combined membership of the two locals.

One of the locals, 299, was Hoffa's own, and the other, 337, was run by Owen Bert Brennan, referred to by the committee as Hoffa's alter ego.

Dranow, who acted as middleman in the purchase of the jackets, realized a profit of more than $70,000 "on commissions and loans which were never repaid," according to the report.

The committee said it received evidence that the Teamsters could have saved $50,000 on the purchase of the jackets if Dranow had not acted as intermediary.

"The committee also received evidence," the report said, "that the machinations of Benjamin Dranow contemplated the eventual systematic exploitation of the entire membership of 1,600,000 in the Teamsters International and that the jacket deal was to be followed by similar merchandizing schemes involving cuff links with matching tie bars, cigarette lighters, shirts, plants, ladies' bracelets and other sundry articles displaying the Teamsters insignia."

Assessment District Is Proposed for Lighting Subdivision Streets

A first hearing for establishing a special street lighting assessment district in the Coleman-Freedman Subdivision will be held at tonight's regular Waterford Township Board meeting.

★ ★ ★

Of the 182 property owners in the subdivision, 104 signed petitions for the lights, and only nine were against the project. There were 69 who did not sign.

In other business, the board will again discuss the possibility of placing civil service for township firemen on the August primary election ballot.

★ ★ ★

Clerk James E. Seeterlin said he plans on recommending immediate action on installation improvements, testing and treating pump stations located in the Donaldson Park subdivision and the Cass Lake road unit. Cost of the project would be about $2,850.

The board will discuss a proposed 1960-61 budget on operation of and improvement for the township's largest water system, located in the Huron Gardens which serves approximately 3,000 users.

Bus Drivers to Halt Courtesy Rides

(Continued From Page One)

been the same—25 cents—but drivers would have had to meet requirements which the Commission said "would protect the public."

The main requirements call for public liability insurance in the amount of $25,000 to $50,000; police inspection of vehicles and $20 license fees.

Sytsma estimated it might cost the average bus driver $350 to $4,000 to buy the insurance, pay the fee and fix up his car to meet police standards.

★ ★ ★

"This is too much money," he said. "None of us can afford an investment like that, particularly because there is no certainty how long the strike will last.

"What would be the sense in putting out all that money, only to see the strike settled a few days later?"

The courtesy ride service has seen about 16 cars on the road about 12 hours a day Monday through Saturday.

DECIDED TO QUIT

Sytsma esitmated the service provided substitute transportation for hundreds of the 4,000 daily users of the buses.

★ ★ ★

Up to this weekend, the drivers had given no indication of whether they intended to seek licenses under the jitney act.

Saturday, Sytsma said, drivers gathered at a regular meeting and unanimously decided to quit the service.

"Under the new law, this is our only alternative," he said. "We are sorry that this will mean a new hardship for the people of Pontiac."

★ ★ ★

While bus drivers have been financially aided by the courtesy ride service, they have also been getting temporary help from the union's strike fund.

Sytsma believed the union help would now be increased.

"The courtesy ride service was not intended as a means to line our pockets," he said. "It was designed as a public service and as a means to keep our men occupied during the strike."

★ ★ ★

So far, the strike appears to be still deadlocked on the subject of wage increases for the 38 striking drivers and mechanics.

Weekend Thaw Brings Threat of Spring Floods

By The Associated Press

Floods threatened sections of the Midwest today after a weekend of mild weather, the first of the spring season, and in the wake of several weeks of heavy snows.

Fairly mild weather continued in most of the country but showers dampened scattered sections.

★ ★ ★

Temperatures which soared into the 60s and higher melted the heavy snows in the central plains and in other Midwest areas. No major floods were reported but many small rivers and streams overflowed.

Tributaries of the Missouri River in southeast Nebraska, southwest Iowa, extreme northeast Kansas and northeast Missouri rose quickly with the rapid runoff.

★ ★ ★

The Weather Bureau reported most river and streams over the snow belt of northern Illinois and southern Wisconsin are running far above normal. Flooding was reported in some areas.

Its Scoutsville, U.S.A., Population Hits 8,000

For one day, Pontiac Northern High School became Scoutsville, U.S.A.

Population: 8,000.

That was the number of spectators who filed into the high school gymnasium Saturday for a glimpse of the wide, wide world of scouting.

They saw a little city — composed of 41 different booths manned by cub scout packs, boy scout troops, and explorer posts.

Each exhibit showed a different phase of the scout movement.

★ ★ ★

There were boys making totem poles, tying knots, showing first aid procedures, demonstrating firearms safety, constructing one-tube radios.

Two cub scout packs presented puppet shows — a delight to their little brothers and sisters who didn't want to leave.

Another cub pack featured a Hawaiian display. There were paper flowers, paper pineapples, and paper wreaths. And if anyone wanted to know more, he could pick up a travel brochure at the booth.

★ ★ ★

Two large masts were erected at opposite ends of the gymnasium and sea scouts used signal flags to communicate across the room.

A pinewood derby drew cheers from the crowds who urged on their favorite model racing cars.

A new feature — a water show —was so popular that six, instead of the scheduled five, presentations were held in the school pool.

The annual "spectacular" of the Pontiac District doubled the attendance record of last year when 4,000 saw the show at Pontiac Central High.

Cancer May Be Caused by Virus

Experts Also Report the Germ Can Defend Against 'Killer'

LOUISVILLE, Ky. (AP) — Top virus experts today presented new and surprising evidence that human cancers probably are caused by viruses.

They also reported that some viruses, contrary to current scientific opinion, can produce substances which destroy cancers.

★ ★ ★

If specific viruses can be pinpointed in human cancers, new methods might be developed to prevent or control the disease.

"Every man is a walking museum of many viruses," Dr. Jerome T. Syverton of the University of Minnesota told a seminar for science writers sponsored by the American Cancer Society.

Man harbors more than 150 viruses, mostly just recently detected, and "we are not sure what many of them do," he said. But "now we believe that some human cancers must be caused by viruses."

★ ★ ★

Dr. Sarah Stewart of the National Cancer Institute, Bethesda, Md., reported that extracts from two human cancers, and from the urine of three children with cancer have produced curious, cancer-like growth changes in healthy human cells grown in laboratory dishes.

There are grounds to suspect—but no proof yet—that the extracts could contain a virus.

She also has found that a virus causing leukemia in mice can induce cancers in other types of animals. Humans handling the cancerous mice have been found to have antibodies against the virus, indicating they had been infected with it but had resisted it.

Coalmen Give Lewis a Dose of Own Quotes

WASHINGTON (AP)—Times DO change. John L. Lewis used to spout Shakespeare in fighting the coal magnates. Now they are presenting him with a priceless set of the Bard's plays.

Lewis, now 80 and a chum of his onetime foes, is to receive the rare, 15-volume set here Wednesday night as an honored guest at a banquet given by the National Coal Policy Conference, Inc.

George Love, chairman of the consolidation Coal Co., largest in the world, will make the presentation. And Dr. Giles E. Dawson, curator of books and manuscripts of the Folger Shakespeare Library, will describe the 1793-dated books.

Argentines Balk at Austerity

Frondizi Losing at Polls, Should Hold Congress

BUENOS AIRES (AP) — A mounting opposition lead in Argentina's midterm congressional elections brought hints today President Arturo Frondizi's government may have to ease its belt-tightening policies. But Frondizi was not expected to lose control of Congress.

With less than a fourth of the votes counted, the opposition People's Radical party led with 775,866 to 689,213 for the government party, the Intransigent Radicals. Blank votes attributed to Peronista and Communist supporters whose parties have been outlawed totaled 680,032, and 375,439 were cast for Conservative candidates.

Interior Minister Alfredo Vitolo told a news conference that if the present voting trend continued, "it would show that the minority has become the majority, a show of the present state of mind of the Argentine people, and the government could shape its future policies accordingly."

It was assumed he referred particularly to economic policy, since the election was considered a test mainly of Frondizi's disputed plan to solve the longtime financial and commercial crisis. The People's Radicals assailed the austerity program as a capitalist plot to betray the nation. The Conservatives claimed they could do a better job.

2 Snows Snow Out 'Snow White' Play

CROSSVILLE, Ill. (AP) — Heavy snow forced the Crossville school system to postpone an operetta. Ten days later it was postponed indefinitely because of another heavy snow.

Title of the production: Snow White.

'Wouldn't Think of Asking'

Walter Brennan Blasts Campaigning for Oscars

By BOB THOMAS

HOLLYWOOD (AP)—Stars who campaign for Academy Awards drew a blast today from three-time Oscar winner Walter Brennan.

With the awards event coming up next Monday, campaigning is over. No one knows how many thousands of dollars were spent trying to sway the academy voters, but the amount is considerable. It went for trade papers ads, free admissions to nominated films, press agent fees, cocktail parties and other stunts.

* * *

Brennan, 66, deplores this. A high-principled New Englander, he claimed he won his triple crown —the only actor to do so—without campaigning a bit.

"Not a bit," he emphasized. "Why, I never would have thought of asking someone to vote for me. Never. An Academy Award should be a recognition by your fellow craftsmen of your achievement. It isn't something you should ask for.

* * *

The actor said that he won his Oscars back in the days when they meant more—"and I won three out of the first five awards for support: in 1936 ('Come and Get It'), in 1938 ('Kentucky') and in 1940 ('The Westerner')."

Said he: "that was when it really meant something to belong to the academy. You had to achieve something in the movie business. For instance, I was invited to join after I had won two awards.

* * *

"Nowadays, anybody can get in the academy."

Brennan also deplored the decline of good character roles in films, now that producers place so much emphasis on a few star performers.

The first run of the Pony Express took 10 days to cover the nearly 2,000 miles from St. Joseph, Mo., to Sacramento, Calif.

TWA to Keep Indirect Detroit-Europe Route

WASHINGTON (AP) — Trans World Airlines says it will continue Transatlantic service from Chicago and Detroit, by way of New York.

The airline asked the Civil Aeronautics Board Wednesday to extend until May 1, 1961, its temporary suspension of direct service between the two midwestern cities and Europe.

Heretofore the TWA direct service has been suspended during the winter months. This year the schedule calls for service via New York.

A total of 650,000 miles was covered by the Pony Express in the United States.

Lakes' Shipping May Get Slow Start

TORONTO (AP)—The Great Lakes' navigation season apparently will get off to a slow start this year.

The St. Lawrence River from the Atlantic to Montreal is open to navigation despite considerable shoal ice. But icy conditions from Montreal to Sault Ste. Marie indicate opening won't come until after April 15.

* * *

An ice-breaker is working at the Montreal entrance to the Seaway. Workmen are using compressed air to free the lock gates.

Official opening of the Welland Canal at Port Colborne, Ont. is less than a week away but officials there also expect a delay because of ice.

* * *

Midwinter temperatures during the past week have not allowed appreciable melting of the ice which covers Lake Erie as far as the eye can see with only a narrow opening running east and west.

Oklahoma is the second largest producer of winter wheat in the United States.

7 of Them Named Previously

Pope Creates Ten Cardinals

By FRANK BRUTTO

VATICAN CITY (AP) — Pope John XXIII today created 10 new cardinals of the Roman Catholic Church, including three whose names will remain secret until some future date.

The new cardinals previously named for elevation included the first Negro, the first Japanese and the first Filipino princes of the church. One Italian newspaper called it the "rainbow consistory."

★ ★ ★

"Quod vobis videtur. (What do you think of it)?" the pontiff asked at the end of his Latin allocution naming the new cardinals. Thirty-seven previous cardinals, meeting with the Pope behind the massive closed doors of the Vatican's Consistorial Hall, silently removed their skullcaps in assent.

Two papal emissaries at once began a round of calls to deliver the official notification, or biglietto, to the seven new cardinals waiting at various church centers in the Vatican or in Rome.

★ ★ ★

The three cardinals whose identities were kept secret were named by the Pope "in pectore"—within his breast. Their names will not be made known until Pope John chooses, but their membership in the College of Cardinals dates from today.

Vatican sources speculated that the three may be prelates in Communist-ruled lands.

The pontiff's naming of the three cardinals "in pectore" came as a surprise and brought the membership in the college—the Senate of the Roman Catholic Church—to 88, the highest in its history.

★ ★ ★

The secret consistory today was the first in a series of ceremonies. The climax will come Thursday in the colorful public consistory in St. Peter's Basilica at which the new cardinals receive their traditional red hats, the broad-brimmed, low-crowned galeros.

One Argentine Quintuplet Weds Student at 16

BUENOS AIRES, Argentina (AP) — One of the famed Argentine quintuplets, Maria Esther Diligenti, became a bride Friday night at the age of 16.

The pretty blonde's marriage to a 19-year-old Argentine student, Carlos Maria Vivares, climaxed a courtship of two months.

The quints, three girls and two boys, were born July 15, 1943.

Wheat on Detroit River May Save Wild Ducks

DETROIT (AP)—Surplus wheat has been scattered on the Detroit River in an effort to save wintering wild ducks.

The wheat was supplied by the Michigan Conservation Department.

A flow of oil from an unknown source has been polluting the river on Grosse Ile's west shore and has become a death trap for the ducks.

The wheat, 150 bushels, was scattered Saturday. Conservation officials hoped it would lure the ducks to safer waters.

In the snow belt states traffic deaths per mile of driving are computed to be from 24 to 53 per cent higher in winter than in the summer.

Elect Cement Officers

LANSING (AP)—Harold C. Foster of Port Huron has been elected president of the Michigan Ready Mix Cement Assn., succeeding Roy Winters of Muskegon. Other officers named included Frederic J. White, Kalamazoo, vice president; and Raymond Catsman, Flint, treasurer.

Hawaii's Mount Waialeale has an annual average rainfall of 471.68 inches, making it probably the world's wettest place.

End of an Era That Laid Solid Foundation

There was more than a passing sentiment in the final runs of steam powered locomotives through Pontiac Sunday.

★ ★ ★

It spelled "finis" to an era that established Pontiac and all other inland towns on the map.

No wonder sorrow intermingled with joy in the passing of the iron horse.

★ ★ ★

No wonder a few thousand people crammed the 30 odd cars of two Grand Trunk trains, hundreds of them from Pontiac, who made the final trip to Durand and back.

No wonder hundreds more would have made the trip if they could have been able to get on the trains.

★ ★ ★

No wonder countless thousands greeted the trains along the way, at every hamlet, highway crossing and between them.

No wonder it was almost a hundred per cent of amateur photographers.

No wonder the passengers were largely comprised of family parties, the younger members of whom were enjoying their first train ride.

★ ★ ★

No wonder actual tears were shed by many whose lives had been molded quite largely by the activities of the steam locomotive.

It was a great farewell for the coal burner, which had succeeded the wood burner, which had succeeded the horse drawn railway trains.

★ ★ ★

But intermingled with the sentiment and sorrow is the satisfaction that this was all brought about by the Diesel locomotive which, as usual in the parade of progress, does such a good job that steam becomes obsolete as the motive power in transportation.

Our facilities for going places have been well-founded and have accomplished wonderful results—and will continue to do so.

Half of State's Parents Plan College for Child

While the Legislature is deciding upon the allowances for our State universities for the next year, one of them announced some interesting results of a survey.

★ ★ ★

The University of Michigan's Survey Research Center says that more than half the parents in Michigan are thinking about higher education for their children.

★ ★ ★

More than a third of them said they were certain of their plans to have their child attend college, and attending in Michigan was favored 9-1.

★ ★ ★

Branches away from the main campuses seem to be the answer, but it takes cash to build and run them. We have trouble paying for the schools we have now, much less more and bigger ones.

Poland Being Helped by Cultural Diplomacy

Under the cultural diplomacy program many leaders of Communist Russia have visited the United States, including the most powerful one, Premier KHRUSHCHEV. Vice President NIXON and other officials toured Russia and Poland last summer. President EISENHOWER is scheduled to go to Moscow in June.

★ ★ ★

PIOTR JAROSZEWICZ, vice premier of Poland, is coming to this country and will stop off in Detroit. He is minister of economic affairs and has acted for Premier CZRANKIEWICZ in his absence. In Detroit the vice premier will talk with city officials and tour industrial plants, housing projects and public buildings.

★ ★ ★

The State Department explains that while such diplomacy cannot take the place of official negotiations, the interchange of visits do "help create a better climate of international trust and understanding in which official relations can operate."

Under this program American-Polish relations have been slowly improving since 1956 when the Gomulka government came into power. Trade missions move freely between the two countries and exchange of visits between farmers, students and scientists is increasing. Poland has received some of our surplus food and we have made loans to its government.

First Census Figures for Pontiac, County and State

Joneses: A family with whom you cannot catch up—they'll refinance.

Right now, when the 1960 federal census is about to get under way, some local figures from the first Oakland County census are interesting. It was in 1820, the year that the county was organized.

Those official figures of 140 years ago gave our county a population of 330. The Pontiac settlement had 106. The territory of Michigan had 8,896.

In connection with that 1820 count, an old book owned by

Les Klingler

of Holly shows that the population of the entire United States was 9,637,399, of whom 1,531,426 were slaves and 233,398 were former slaves who had been freed.

of Birmingham in telling that the worst snow storm in Pontiac's history was on the first Monday in April. But that was in 1886, and we hope times and the weather have changed in 74 years.

"Quit knocking the weather man and the calendar," phones

Mrs. Freda Applegate

Case Records of a Psychologist:

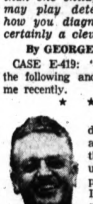
Analyzes Irate Woman's Letter

My married son Philip, aged 28, forwarded the following letter from my Chicago office, with this notation—"Dad, this one's a panic!" My younger sons in professional school, guessed her age to be 38 to 40, and figured she had no more than one child, at most. You may play detective and see how you diagnose her. She's certainly a clever writer!

By GEORGE W. CRANE

CASE E-419: "Disgusted" sent the following anonymous note to me recently.

★ ★ ★



Although I don't use letters as the basis of this clinical column in practical psychology, I think this case merits being an exception.

"Doctor (?) Crane," she began (I'll give you her letter verbatim and with her own markins), "you are an idiot of the first order. Even a greater one than Dr. Kinsey.

"Referring to your article in this morning's Erie News, may I ask if there is nothing sacred to you?

"Aren't you aware you contribute to sex delinquents all over our country and are responsible for many of the sex crimes so rampant all over the world?

★ ★ ★

"You leave nothing to the imagination, do you?

"I am ashamed for the women who go to listen to your lectures, because of your lascivious mouthings. Thank God, I am of a school of thought where one can think for one's self and where marriage is holy!

"That the newspapers give space to a contributor of crime such as you, is a double crime.

"You assault my sense of dignity and decency. In fact, you nauseate me.

★ ★ ★

"I doubt, with all my heart, that the woman who bore you, could be proud of you.

"Nor do I understand how your wife and daughters (if any) can stand you. I imagine every upright man would and does ridicule you.

"Do you get the point? YOU ARE LOW! (Signed) Disgusted."

Then this good lady added a postscript, as follows:

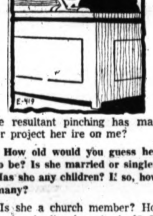
"P. S. I dare you to print this! The 'Amens' of an outraged civilization would be like the hallelujah chorus. And speaking of Case Numbers, yours would be Case No. 1, in a psychiatric ward."

Well, I'll let you trained readers act as psychological detectives and see how you would diagnose "Disgusted."

Do you suppose she still reads this column everyday or does she carefully avoid looking at it any more?

★ ★ ★

Do you figure the "shoe fits," as the old proverb mentions, and



the resultant pinching has made her project her ire on me?

How old would you guess her to be? Is she married or single? Has she any children? If so, how many?

Is she a church member? How much schooling has she had? Divorced?

Is her husband the head of the household or a "henpecked Henry"?

SINS OF OMISSION

The case which infuriated her dealt with a wife's "sins of omission" and pointed out that many a supposedly innocent wife, who violently upbraids her mate for possible unfaithfulness, has often driven him to such a tragic state by her failure to pick up her wifely cues in the boudoir.

You faithful readers know I am a happily married family man, with five children, and a record of over 40 years as a Bible Class teacher.

As a psychologist (Ph.D.), as well as a physician (M.D.), I have double scientific qualifications for writing an "advice" column for modern newspapers.

My private secretary is a devout Roman Catholic and she was "burned up" at this letter, but it doesn't ruffle me for it shows the lady really reads her newspaper and is thus widening her perspective, although grudgingly.

Modern newspapers thus try to make people think! That's my first goal, too.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 6c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

THOUGHTS FOR TODAY

Seest thou a man diligent in his business? He shall stand before kings; he shall not stand before mean men.—Prov. 22:29.

★ ★ ★

Few things are impossible to diligence and skill.—Samuel Johnson.

Dr. William Brady Says:

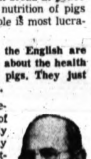
We Are Trained to Eat Cheat-Foods by Habit

Speaking of vitamin E (wheat germ oil), the English authorities Bicknell and Prescott (The Vitamins in Medicine) says:

"Wheat germ is so valuable for the feeding of livestock that it appears unlikely that it will be left in English bread in peace time, since the nutrition of pigs rather than people is most lucrative."

It is not that the English are more concerned about the health and welfare of pigs. They just need the money.

Here in Yankeeland feeding of livestock is only one reason why we go for cheat-food. Another reason is that genuine whole wheat flour is a light cream in color and people in this country have been pretty well trained in the past century to regard only the whitest flour as pure and fit for human consumption—even if it is bleached white.



DR. BRADY

★ ★ ★

Still another reason, though few Americans know enough about nutrition to realize the significance of this, is that within two or three days or a week at the longest, genuine whole wheat flour begins to go stale or rancid.

★ ★ ★

This staleness or rancidity is not immediately evident to the blunted taste of the Yankee public, even those who still reject rancid butter which most customers readily accept.

Refined white flour, from which the germ has been removed, may be kept in storage for weeks and months before it becomes noticeably stale.

The importance of really fresh butter and really fresh bread — the kind great-grandmother used to make — is not just the very appetizing taste, but the fact that these richest food sources of vitamin A, vitamin B complex and vitamin E lose their nutritional value when they begin to go rancid or stale.

Removal of the germ in the process of refining wheat flour means that the cheapest and only universally eaten source of many of the vitamins is lost. For the poor this is a tragedy. Even for the rich this loss of vitamin E is not easily made up by other foods.

★ ★ ★

And now, while we are still in touch, send me a stamped, self-addressed envelope and ask for the pamphlet What to Eat. The printing and handling of such a pamphlet costs me money which I really can't afford, but, after all, my aim is not to make money with the column but to do all the good I can while I can.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac Michigan.

Sides With Drivers About the Bus Strike

I have to depend on the courtesy cars in the bus strike. I'm thankful to have some way to get to my work. But I'm fed up. How soon the strike would be over if City officials had to live like poorer people for one week.

I don't blame bus drivers and mechanics for wanting more wages. How can anyone get along on $1.72 an hour? Why not get another bus company in the City to help the people?

'Why Must Scene Be Cut From Play?'

I'm a PCHS student. We're putting on "South Pacific." After highlights of the show were put on for the students during an assembly, I'm throughly disgusted with those who complained of the sailors dressed as women and of the language used. Because of this the scene must be cut and it was the funniest part of the show in the estimation of those who saw both the movie and the assembly.

★ ★ ★

Must this be censored because it's being done by a high school? Students have been exposed to rougher language than used in the play. Also, why wasn't the movie censored in this area because of this?

★ ★ ★

Those who complain of such trivial things could surely put their time and effort to much better use by helping the Red Cross or other volunteer organizations.

'Take a Petition or Else Get Fired'

Oakland County voters should know at the County Building you take a petition around for men running for office again or get fired. Republicans are afraid if Democrats get in they'll clean house. Some people might say this kind of thing is okay while others may cry, "Dirty Politics." No one is supposed to know this.

Gives Opinions of Church Group

I challenge Pontiac Pastors Association to contact the American Council of Christian Churches to bring in their speakers about communism in the National Council of Churches. Any organization that brings men from Russia under the guise of Christianity should be investigated. Pastors who have fellowship with those who deny sound fundamentals of Christianity, I fail to see where your position is Scripturally correct. Having a Bible before them in a pulpit and a sweet look on their faces doesn't make men servants of Christ.

Would Establish Club for Oldsters

Aren't there enough Christian widows and widowers who'd favor a club with good wholesome fun and entertainment enjoyed by all? I'm sure many lonely, elderly people like myself would enjoy such a club. Cities smaller than Pontiac have had pastors sponsor clubs with good results. I'd like to hear from others in favor of organizing such a club.

Just Wondering

Debate Continues About the Beatniks

If beatniks use narcotics, such a joint would keep track of them and police could have a field day. If they're just non-conformists, let's not condemn them. Our great scientists, poets and artists were also off-beat. How can we expect greatness if we condemn the non-conformist? A place to drink coffee, recite poetry and play bongo drums sounds refreshing after dinner clubs which allow drunkenness, nasty stories, smutty songs and general obnoxiousness.

Bleating Sheep That Doesn't Jump

If mothers and fathers were concerned where their young folk are and what they were doing, there'd be no need of this kind of business. Thanks to our Commissioners and those interested in our own city and young people.

Daily Reader

The Commission has passed a law that takes away more of our freedom. It means a free enterprising young man can't open his place of business which the Commission chooses to call a beatnik joint. Would a business man put money and hard work into a place that caters to bums? Would he put it almost next door to the police station? Let's enforce the old laws before we make new ones.

Ralph Houghton
267 Prospect St.

I don't care if the beatnik place opens or not, but it makes me mad that a few people yelling can close a place before it's opened. Do these same chosen souls protest when other public issues as the courthouse, the hospital, etc. come up?

The majority of our teenagers are good kids. All the delinquency isn't by teen-agers. If trouble is going to breed, it will flappen even in the "nicest" places. Those who think closing The Cave will keep trouble out are like ostriches with their heads in the sand.

Taxpayer

I disapprove of the action taken against The Cave of the Ninth Cat. It's high time this town had a decent night spot for people to go. As for beards, if we're not allowed to wear one without being called beatniks, the coming Centennial will turn everybody into a beatnik. I'm sorry there are so many narrow-minded people in this town.

G.A.F.

"Life Among the Beatniks" in the April Readers' Digest will answer questions of people wondering what a beatnik is.

Dissatisfied and Disgusted

Sylvan Resident Scores Manager

I see our Sylvan Lake City Manager has rewarded another long-time employe by firing him. First he fired Police Chief Purdy who had served for seven years and now he's given the ax to a woman who's been a city employe for ten years.

He claims he saved the city a lot of money last year. He did—by failing to spray for mosquitoes so everyone was practically eaten alive and by providing virtually no police protection at the beaches, making for the most rowdyism that's ever existed in the seven years I've lived here.

Mr. Firestone is trying to make a big name for himself as an economist, so he can move on to greener pastures in a few years and leave residents to pick up the pieces of a poor city government.

'Many Must Depend on Public Buses'

Someone should speak up for bus riders in rebuttal to Let's Be Practical, who implies only drivers benefit by having buses. I know a cleaning woman who had to walk two miles to get to the work she needs and has to solve a transportation problem five days a week. Older women who have never driven are compelled to walk and certainly don't get downtown often on foot. Clerks have a daily problem, too. People waiting for "courtesy cars" are evidence of the need for public transportation. On the whole they are not the people who make a big protest, but the need is there, all the same.

Maintains Need for Public Dock

Seen as Only Solution in Detroit by Acting Director of Port

DETROIT (UPI)—Detroit shipping interests are moving ahead with expansion of dock facilities, but acting Port of Detroit Commission Director Andrew S. Fleming insists the only real solution to docking space shortages is a public dock.

Fleming said the commission, the City of Detroit and Wabash railways are still negotiating for 3,600 feet of riverfront property owned by the railroad.

If an agreeable sale price can be reached, the property would be bought through revenue bonds and leased to steamship operators as a public dock facility.

The property is located from West 12th street to Grand boulevard and Fleming said the target date for acquisition is 1962.

★ ★ ★

Wayne County voters have twice rejected bond proposals for a public port, one in 1957 which would have cost $9,500,000 and the other in 1958 which would have cost $7,100,000.

"No bond issue would be presented to the voters under the current plan," Fleming said. 'Revenue bonds would be sold and redeemed through rental receipts."

Detroit was the target of complaints by many oceanic shipping firms last year because of inadequate dock facilities. Some ships were forced to anchor for several days, waiting for dock space.

One of the companies, the Grace Lines, has announced it plans to bypass Detroit in 1960 because of last year's delays. Another firm, American Export Lines, will curtail operations here.

Eighth District Approves Big School Consolidation

PORT HURON (UPI) — The North Street School District last night became the eighth district to approve a plan which would result in one of the largest school consolidations in state history.

★ ★ ★

One district of the ten involved, Ruby, has turned down the plan and one, Smith Creek, will make its decision Tuesday. The plan then must be submitted to the Port Huron Board of Education for approval and then to the State Department of Public Instruction. If it wins approval of all these agencies it will be submitted to voters in the territory involved.

★ ★ ★

Districts which previously approve the plan are Lakeport, Red, Fort Gratiot, Port Huron and Kimball townships, Centennial and Vincent.

Lions Refunding on Ticket Sale

Club Regrets Reserved Seat Mixup, but Harlem Globetrotters a Smash

The Pontiac Lions Club is still making refunds on tickets for last Wednesday night's Harlem Globetrotter game, but club members have plenty to beam about.

The game was a smash success at the ticket window, even though a mix-up in tickets saw some "reserved seat" holders turned away at the door.

"The Pontiac Northern gym was packed. We had about 2,300 in attendance, some even sitting in the aisles," said Bill Anderson, chairman of the event.

"But about 500 persons were turned away at the door and many were holding tickets (reserved seat tickets)," he explained.

There were too many reserved seat tickets printed.

★ ★ ★

"Anyone who bought them and was turned away, may get a full refund by presenting them to either Warren Dull at Grinnell Brothers, on S. Saginaw, or Mitchell Calbi at Calbi's Music, on N. Saginaw, before Thursday."

Anderson added, "We regret that so many were turned away, but we were swamped at the last moment and had a complete sell out on our hands before we knew it."

All proceeds will go toward the club's program to aid the blind and children with impaired sight.

Nikita Prefers More Chats With French People

By PRESTON GROVER

MARSEILLE, France (AP)—Nikita Khrushchev is showing signs that he would gladly skip some of the wonders of French industry for a chance to mingle more with the French people on his fast tour of the French provinces.

★ ★ ★

The gregarious Soviet premier has remained good natured but at times showed impatience at the tightly packed schedule of official receptions, dinners and guided tours of historic sights and industrial plants.

★ ★ ★

Visits to factories and agricultural installations leave him unimpressed. He mixes polite compliments for French achievements with statistics on similar Soviet activities that clearly show Khrushchev thinks they do it bigger and better in the Soviet Union.

The urge to mix with the people came over him Sunday at Pau. Breaking away from the official itinerary, he made a spur-of-the-moment excursion into the streets. At his smiling best, he shook hands with persons clustered on the sidewalk outside the prefecture, where he had spent the night.

Midland Man Will Head Municipal Clerks Assn.

GRAND RAPIDS (AP)—Kenneth W. Lybolt of Midland is new president of the Municipal Clerks Assn. of Michigan, succeeding J. Nyhof Poel of Grand Haven.

Other officers named were Dana K. Strickland, Sault Ste. Marie, first vice president; Mrs. Millie Brown, Lansing, second vice president; Frank Palmer, Sturgis, third vice president, and Mrs. Dorothy McQuarter, Huntington Woods, secretary-treasurer.

First grand jury in the American colonies met in Boston about 1635.

Early '60 Profit Reports Show Gains Over 1959

By SAM DAWSON

NEW YORK (AP) — The first profit reports of 1960 mostly show gains over the early weeks of 1959. Some industries in the much larger number of companies that next month will be reporting their first quarter earnings are expected to show even better increases.

These include steel and autos. The slowdown in these and certain other lines that began about half way through the quarter seems unlikely to have whittled too deeply into the big gains in the first weeks of the year.

★ ★ ★

Banks seem assured of substantial profit gains, thanks largely to higher interest rates and to a demand for loans that tops the year ago figure.

But stock traders who have turned bearish say that a profit down trend will appear in a sizable number of other industries even in the first quarter and may spread into more of the economy in the second. They cite the slowdown in ordering to build up inventories and less than expected sales volume for some products, as well as a slight dip in total industrial output.

So far 60 corporations have reported their earnings after taxes for the first three months of their fiscal years, which started a month or two before 1959 ended.

Two thirds of these show increased profits over the same period of the previous year. Combined the '60 report earnings of $63,666,000, a gain of 24.2 per cent over the $51,252,000 the same companies made in their 1959 first quarter.

The casualties are fewer, too. Eight of the 60 operated at a loss this time, compared with 15 in the previous year.

Along with these early profit reports, dividend payment totals so far this year have been topping the year ago figures.

All of this runs counter to the stock market trend, which with some ups and downs this year finds today's prices of many stocks well below the first of the year.

Big Rock A-Reactor Plan Declared Safe

WASHINGTON (AP) — Consumers Power Co. of Jackson, Mich., has received a favorable report on safety aspects of its proposed nuclear reactor to be built in Charlevoix County, Mich.

The Atomic Energy Commission Advisory Committee on Reactor Safeguards said Friday the facility "can be constructed at the proposed site with reasonable assurance that it may be operated without undue risk to the health and safety of the public."

Consumers has asked the AEC for permission to build the boiling water reactor at Big Rock Point on Lake Michigan.

The commission set a hearing for March 29 at its Germantown, Md., headquarters on the technical and financial qualifications of the applicant and on safety factors.

Mexicans Buying More Radio, Television Sets, but Volume Still Low

MEXICO CITY (AP)—Today that adobe house with a thatched roof may have a refrigerator or even a television set.

Official figures over a five-year period show sales of refrigerators jumped 55 per cent, and washing machines 90 per cent while radio sales doubled. Television sets and stoves were up, too. Most of these goods were made in Mexico.

Even so, only 50,000 refrigerators and 35,000 washing machines were sold in 1958.

"The sales volume of electric appliances for the home is a fair index of the income level and of the credit standing of the people," says a government review.

"Within a short time," says Nacional Financiera, the government finance agency, "Mexico is expected to become an exporter of electric appliances for the home, in view of the volume of production already achieved."

* * *

Officials point out this increased production could not be achieved unless demand had increased. And increased demand is a fairly certain indication of an improved economy and the rise of standard of living.

The Queen Elizabeth is the "queen" of the seas. She has accommodations for 2,233 passengers—more than any other vessel afloat.

DJ Ed McKenzie Quits Another Job

DETROIT (AP)—Former disc jockey Ed McKenzie, who quit a radio job last year in protesting what he called "formula" programs, has quit another radio post.

McKenzie resigned from Detroit station WQTE where he started a program Dec. 7 playing "the kind of music people like to hear." He gave no explanation. The station management declined comment other than to confirm McKenzie's resignation.

Detroit's original "Jack the Bellboy," McKenzie quit last year as a disc jockey with WXYZ. At the time he denounced what he called required "formula playing" of top-rated tunes. He said radio was being "ruined" by this.

McKenzie, reputed to have earned $70,000 a year at WXYZ, also wrote a magazine article in which he said some disc jockeys demanded up to $100 a week to plug certain songs and that some collected $25,000 a year from this.

To Help Crash Study

EAST LANSING (AP)—Michigan State Police will cooperate for another two years with an automotive crash research program being conducted by Cornell University. Police will supply accident data for a study of possible ways of providing greater safety features in cars. The new program will end in April 1962.

Orders Three Brokerages to Stop Business in State

LANSING (AP)—Stop orders against three out-of-state stock broker-dealers not licensed to sell securities in Michigan have been issued by the State Corporations and Securities Commission.

Commissioner Lawrence Gubow said the firms were Johnson, Lowry & Co., Colorado Springs, Colo.; Atlantic Investments Ltd., Saint John, Canada; and Saman Investment Corp. Ltd., Toronto, Canada.

Gubow also noted that securities offered by the three firms had not been qualified for sale in Michigan.

Road Accidents Take 12 Lives

Driving Conditions OK, but 5 Killed on Sunday Alone in Michigan

By The Associated Press

Driving conditions were good in Michigan during the first full weekend of spring, but 12 persons died in traffic accidents.

There were five fatalities Sunday as against none on the previous Sunday. During the weekend period a week ago there were eight traffic deaths.

Victims were:

Charles Bunda, 36, of Sarnia, Ont., struck and killed by two autos Sunday night as his wife and three children watched helpless on a county road five miles south of Port Huron. Bunda's car bumped into another car. He and the second motorist, Michael Rycers, 21, of Richmond, were pushing their disabled cars off the pavement when a third car struck them. As Bunda lay helpless on the pavement, another car hit him.

Francis Becker, 56, of Ionia, injured fatally Sunday afternoon in a headon collision on U.S. 16 near Lansing.

Jack L. Belote, 19, and Lynn Shafer, 16, of Coldwater, killed Sunday when their car went out of control on U.S. 27 near Coldwater and crashed into a tree.

Damon Maxwell, 40, of Detroit, a pedestrian, struck by a car at a Detroit street intersection

Alex John Bonoski, 18, of River Rouge, driver of a car which crashed into a tree in Trenton Saturday night.

Herbert Olson, 25, of Plymouth, driver of a car which crashed into a light pole and hotel building in Plymouth Saturday night.

Group Meets for Workshop

A fourth annual Secretarial Workshop was held Saturday at McAuley School of Practical Nursing by Pontioak Chapter of the National Secretaries Assn. Some 100 secretaries, office personnel and students were in attendance.

Chapter president Roberta Trayer welcomed the assembly, and Dr. Ferdinand Gaensbauer, president elect of the St. Joseph Mercy Hospital medical staff, extended greetings.

Mary A. Johnson was workshop program chairman with Mrs. Kay Rector, cochairman.

Dr. Mary Ann Cusack, instructor of business English and effective speech at Michigan State University Oakland, conducted a Business English Workshop following the morning's general session.

★ ★ ★

Fred Canaday, member of the personnel staff of General Motors Corp. and an instructor for Dale Carnegie courses, was heard later on the subject "Little Men."

After a tour of office equipment displays and a luncheon, the group gathered to hear E. R. Whinham, Wayne State University instructor, discuss "Business Law."

★ ★

Officers of Pontioak Chapter are Miss Trayer, president; Eileen Rector, vice president; Elaine Brackett, recording secretary; Ula Trevethan, corresponding secretary; and Winifred Woody, treasurer.

On the workshop committee were Miss Brackett and Florence Robinson, publicity; Ruth Kerensky, registration; Winifred Woody, finance; and Ola Duncan, Edythe Perry and Doris Walker, exhibits.

Abby Says: And Find Another Job

Your Father Was Right! Better Apologize to Him

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 15-year-old girl who just lost the best sitting job I ever had.

ABBY

And it's all my father's fault. These people said they would be home at 2 in the morning, which is not bad for a Saturday night. The husband always drives me home which is about 10 minutes away.

Well, at 2:30 I wasn't home yet so my father called to find out why. I told him the people hadn't come home yet. At 3 o'clock my father called again and I told him they still weren't home.

Well, to make a long story short, at 3:15 my father came to sit with me. He said no daughter of his was going to sit up all night.

At 4 the man and wife came home. They had had a few drinks and were kind of loud, but my father was louder. He sure told them off. I'm sure they will never call me to sit again and if they do, I'm not allowed to go. Do you think this was fair of my father, Abby? I am not speaking to him.

NO JOB

DEAR NO JOB: Not only was it "fair" — it was commendable. Don't forget, this man would have driven you home in his intoxicated condition. School girls should not sit for sots. Now, go tell your father you're sorry.

★ ★ ★

DEAR ABBY: You hear so much about the common cold but nobody tells you how to prevent it. I know a "can't fail" method and here it is: Put on a one-piece suit of long woolen underwear in November and leave it on until May. I mean sleep in it, too. And don't take any baths because it opens the pores and that is when a cold strikes. My grandfather learned this from an old Indian up near Yakima, Wash., and it really works.

WILFRED

DEAR WILFRED: The method you suggest is not without scientific merit. We know that the common cold is a virus transmitted by association with other people. Anyone with the stamina to follow the method you suggest will obviously have no association with other people.

CONFIDENTIAL TO "JUST PLAIN FAT": I know a wonderful diet, too. Eat whatever you want — but don't swallow.

10 Top Students From Area at Institute

Ten students from area high schools are attending the Foreign Aid Institute at Michigan State University Oakland today as guests of the League of Women Voters.

All high scholarship seniors, they were chosen to attend by their teachers of social science.

From Pontiac Central are Carolyn Herrington and James Moyer. Patricia Lund and Lynn Thompson are from Pontiac Northern. Michael Yarnold and Colette Shaffer will represent St. Frederick's, and Kathleen Henretty and Kenneth Biron are from St. Michael's.

Completing the list are Patricia Kidwell and Darrell Cooper from Waterford Township High School.

Zontians Hear Make-Up Talk

Thomas Horwitz, former Hollywood make-up artist, spoke on "Television Make-up" at Thursday's luncheon for Zonta International of Pontiac, at Hotel Waldron.

South Pacific Throbs With Talent

Audience Thrills to High School Play

By BERNICE ROSENTHAL

A near-professional performance of "South Pacific" was played to a capacity audience at Pontiac Central High School Saturday evening.

Under the direction of Garth Errington, head of the drama department at Pontiac Central High School and George Putnam, head of the vocal and instrumental music departments, the performance of the difficult musical by Rodgers and Hammerstein was given with ease and understanding.

Viewers were amazed at the facility with which the high school students handled difficult musical and dramatic parts. This was the result of thorough grounding in their parts, with every gesture carefully worked out by Mr. Errington from the little hopping walk of the children to the imaginative gestures of broad humor or resignation on the part of the island-weary Seabees.

Both men's and women's choruses prepared by Mrs. Doreen Voltmann and Michael Dempsey did an amazing performance—not only of singing, but of keeping the stage alive at all times. One felt and sympathized with all their difficult experiences in the South Seas.

The use of two auxiliary stages to solve the problem of quick scene shifting was clever and pointed, adding to the mounting interest. The settings by Jean Smith and her art group were inspired and effective, the lighting effects dramatic.

SINGERS HAD SUPPORT

The orchestra under the sympathetic direction of Mr. Putnam with the assistance of Robert Peterson and Richard Morse, gave the singers the important support needed at all times. Balance was always present without being obtrusive.

★ ★ ★

Gary Relyea in the stellar role of Emile deBecque, the French planter, has a fine baritone voice which he uses with the same understanding that this fine musician has shown in other musical fields. His dramatic interpretation of the middle-aged lonely man had maturity and conviction.

Kay Jerome who plays Nellie Forbush, the nurse from Arkansas, has a lovely voice and the engaging freshness that the part demands. Phyllis Suhr as Bloody Mary created a sympathetic combination of naivette and worldly wisdom.

★ ★ ★

Dennis Zimmerman as Lt. Joe Cable had a natural feeling for the part of the young American officer who dies heroically for his country.

Sally Costantino as Liat, the lovely Polynesian, was poignant and ethereal in her role, with special ability to use her hands to tell a story. Carl Pappas deserves special praise for his excellent timing and portrayal of the difficult comedy role of Luther Billis. Bruce Bishop as Capt. Brackett and Roger Olsen as the commander were convincing and well cast as executive officers.

The Pontiac School System is most fortunate in having a wonderful combination of dedicated and talented department heads who have the courage and forethought as well as the ability and personal magnetism to inspire associates and students to such heights of musical and dramatic achievement as evidenced in "South Pacific." This is a performance no one should miss. It will be repeated March 30 and April 1 and 2.

Sisterhood Notes 21st Anniversary

The Rev. Geoffrey Day spoke on "Crusade Vision" at the 21st anniversary banquet of the Corinne Sisterhood, Dames of Malta, Friday in Malta Temple.

★ ★ ★

Toastmistress Mrs. Edwin Coombs of Milford introduced Past Sovereign Protector Lady Anna Fairgrieves of Pittsburgh, Pa., and mother of the sisterhood; Sovereign Counselor Mrs. George Geigle of Detroit, first deputy; and Sovereign Junior Deaconess Mrs. Bela Hummer of Detroit.

PAST LEADERS LAUDED

Past commanders of the Corinthian Commandery, Knights of Malta, were honored with a gift from the sisterhood. William R. Bartlett was honored as being the only charter member of the commandery.

Queen Esther, Mrs. Merle Curless, introduced the protectors and charter members of the sisterhood. Mrs. Don Bussard as first Queen Esther presented Mrs. Walter Shoultz with an honorary membership as organizer.

Clifton Stroud of Detroit was installed as head of the Commandery.

Mrs. Don Bussard, left, first Queen Esther of Corinne Sisterhood, Dames of Malta, visited with Lady Ann Fairgrieves of Pittsburgh, Pa., mother of the Sisterhood, and Mrs. Walter Shoultz of West Frank street, right, who was presented with an honorary membership in the sisterhood at the 21st anniversray banquet Friday in Malta Temple.

Mrs. Edwin Coombs of Milford, toastmistress, and Mrs. Merle Curless, Queen Esther, of Lenox avenue, applauded as past commanders of the Dames of Malta were introduced.

Check Gift Is NOT to Cover Meal

By EMILY POST

Dear Mrs. Post: My husband and I and our teen-aged daughter have been invited to a large wedding dinner at a rather swank hotel. We intend to give the bride and groom a wedding check. My husband insists that we have to give an amount that will at least cover the cost of our dinners. He says that to give anything less would be very "cheap." I have never heard of this before and would very much like to know if he is right about this.

Answer: Checks are usually given to a bride only by close relatives, and in no case are they ever based on the cost of the wedding dinners.

★ ★ ★

Dear Mrs. Post: Will you please tell me the mechanical details of behavior to follow when dining in a smart restaurant with a young man?

Answer: The rules of behavior are very simple. The man and girl both stand near the door until the head waiter (or waitress) shows them to a table. The girl follows the waiter and takes the chair that he holds for her. A menu is always handed to each and the man asks the girl what she will have, and when she tells him what she would like, he then orders for them both.

★ ★ ★

Dear Mrs. Post: I am faced with the problem of having to write a letter of resignation to a club of which I have been a member for the past five years. Will you please tell me to whom the letter should be written and how is it worded?

Answer: A letter of resignation is written to the secretary of the club and follows this general pattern: "My dear Mrs. Blank: It is with regret that I must ask you to present my resignation at the next meeting of the Board of Governors, as I am moving to Fartown shortly after the first of next month." (It is more polite to give the reason if possible.) You sign the note, "Very sincerely, Mary Jones."

Offers Skillful Organ Recital

By MARY LOUISE LINDQUIST

William Osborne, a graduate student of the organ at University of Michigan, played a very fine recital Sunday afternoon at All Saints' Episcopal Church.

The program opened with "Fugue in C Major," by Buxtehude, composer of fugues and suites in the seventeenth Century. This number was of a light and delicate style, developing into a rich and grandiose finale. Mr. Osborne plays with a superb mastery, obtaining most interesting varieties of combinations.

Four settings of the hymn tune "Herzlich Tut Mich Verlangen" was next. The composers of the four settings are Kuhnau, a German composer of the early seventeenth century; Bach, born 25 years after Kuhnau; Brahms, of the nineteenth century; and Karg-Elert, another German composer who lived from 1879 until 1933.

It was interesting to hear the development toward more complex harmonies and rhythms from the early composers to the contemporary. The Brahms and Karg-Elert settings contained dissonant harmonies not present in the earlier works.

The recital concluded with "Symphony No. 2, Opus 20" by the French composer Vierne. This composition afforded Mr. Osborne an opportunity to display the expressability of his instrument.

The allegro movement gave a brilliant opening with fast runs and trills to thrill the ear of the listener. The choral section was slow and stately with interesting harmonies and rhythms. The running flute tones of the scherzo movement painted a gay picture with their lightness and speed.

The cantabile movement was beautiful with the melody being heard in different voices with a lovely variety of color. The final movement was, as its name denotes, a development toward a full participation of every voice into a gloriously joyful final chord.

William Osborne is a skilled artist and a sensitive musician who gave one of the finest recitals of the season.

Music Club Uses Tape

Easter music was the theme when the Junior Group of the Chopin Music Club met Sunday afternoon at the Telegraph road home of Mrs. Carl Clifford.

A tape was made of piano solos and duets performed by Alice Schurrer, Kerry Gault, Patricia Benning, Ann McLean, Lynda Lottner and Laura Ann Siess.

Performances of Cynthia Howlett, Jane Priestley, Linda Bleise, Jean Ann Keefer and Penny Pepper were also taped. Play-back was heard during the social hour which followed.

Bonnie Jean Abbott, daughter of the Vern B. Abbotts of Clarkston, pledged vows to Jerome A. Wood, son of the Sidney F. Woods of Gingell court, Saturday in the First Methodist Church, Clarkston

MRS. JEROME A. WOOD

Wedding Vows Spoken in Clarkston Church

The Rev. William J. Richards solemnized the marriage of Bonnie Jean Abbott and Jerome A. Wood Saturday in the First Methodist Church of Clarkston. Vows were read against a background of white gladioli in chapel baskets, and tall potted palms.

Parents of the couple are Mr. and Mrs. Vern B. Abbott of Eastlawn road, Clarkston, and the Sidney F. Woods of Gingell court.

The bouffant bridal gown of white nylon tulle embroidered in daisy pattern featured back ruffles of tulle which cascaded into a chapel train. The fitted bodice was styled with a scoop neckline and sleeves ending in wrist points.

Attached to a Juliet cap of simulated orange blossoms was the fingertip veil of silk illusion. A corsage of white roses centered the cascade bouquet of stephanotis. The bridegroom's gift of a single strand of pearls was also worn.

★ ★ ★

The five attendants wore identical ballerina-length dresses of white nylon bordered with an orchid floral print. Latticed Juliet caps with orchid chin-length veils and shirred white nylon elbow-length gloves completed their ensembles.

Honor matron Mrs. Joseph Gardiner (Sally Bauer) of Marblehead, Ohio, carried a cascade of maize carnations.

Mrs. Glen Donald Abbott, Mrs. Donald W. Kah and Janet Delbridge, all of Pontiac, served as bridesmaids with the bride's sister Gloria of Clarkston. They held cascades of orchid carnations.

★ ★ ★

On the esquire side were La Marr Green, best man; and ushers, Glen Donald Abbott, Clifford McClelland, Gerald D. Willis, all of Pontiac. Junior ushers were the bride's brother Kenneth and the bridegroom's brother Michael.

At the reception for 350 in Amvets Hall Mrs. Abbott pinned brown cymbidium orchids to her brocaded sheath dress of pale grey and new green. Rose cymbidium orchids complemented Mrs. Wood's dress of pink lace, styled with scoop neckline and cap sleeves.

The newlyweds will live on Longview road, Rochester.

Linwood L. Flack Heads Franklin School's PTA

At the March meeting of Benjamin Franklin School's PTA Linwood L. Flack was named president for the coming school year.

Others elected were W. J. Quince, father vice president; Mrs. Dorothy Crawford, mother vice president; and Mrs. Mabel Page, teacher vice president.

Mrs. Carleton Quince was elected treasurer and Mrs. Harold Stratton, secretary.

Council delegates appointed were Mrs. Rose Penny, Mrs. Martha Cuff and Mrs. John Webb.

Dr. Dana P. Whitmer, superintendent of Pontiac Public Schools, explained the cost of maintaining the city's educational programs, urging parents to recognize and support school needs.

James Thompson was master of ceremonies, assisted by callers Russell Williams, Ralph Price, Frank Struebler, Arthur Yarger and Mr. and Mrs. Robert Spence. Charles Becker was guest caller.

Guests from Utica were the Roy Bullocks, the Melvin Gells, the Frank Houstons and the Frank Manzos.

Others present were the Douglas Robinsons of Troy, Mr. and Mrs. Douglas Lambourna of Lathrup Village, Mr. and Mrs. Stahl Butler of Lansing, the Charles Beckers of Rochester and Mr. and Mrs. William Spence of Birmingham.

During intermission refreshments were served by Mr. and Mrs. Dennis Cheyne and the Joseph Sauls.

CHAUNCEY M. BERDAN JR.

Receiving a BA degree in speech from the College of Communication Arts at the winter commencement of Michigan State University was Chauncey Myers Berdan Jr., son of Mr. and Mrs. Chauncey Berdan of Sarasota Avenue. He expects to teach at the secondary school level.

Will Wed June 25

The First Presbyterian Church of Birmingham has been reserved for the June 25 wedding of Barbara Mellon Bernhard and Joseph William Chope.

Daughter of the Richard Lowry Bernhards of Suffield road, Birmingham, the bride-elect is a graduate of Bradford Junior College, Bradford, Mass., and The Katherine Gibbs School in New York City.

Her fiance was graduated from DePauw University, Greencastle, Ind., where he affiliated with Sigma Chi fraternity. He was a first lieutenant in the Air Force and is attending the school of advanced international studies, Johns Hopkins University in Washington, D.C. He is the son of Mr. and Mrs. Joseph Elbert Chope of Crosswick road, Huntington Valley, Bloomfield Township.

Long Gloves

(UPI)—The latest accessory fashion from Paris — gloves which cover the shoulder. Serge Matta showed the sleeve-gloves in his new couture collection. The gloves are attached to a band of fabric which ties at the back of strapless evening gowns. The tie and gloves match the gown.

Soda Paste Helps

(NEA) — To remove perspiration stains from blouses, try applying a baking soda paste to discolored areas. Let the paste remain on the stains for 15 minutes, then rinse.

A tablespoon of powdered instant coffee added to an angelfood cake mix will please anyone who enjoys coffee flavor. Just mix the coffee powder with the flour mixture.

In Switzerland, Tell Betrothal of Daughter

Former residents of Hammond Lake Estates, West Bloomfield Township, Mr. and Mrs. William James Ruth of Geneva, Switzerland, announce the engagement of their daughter, Barbara to David Charles Schultz.

The bride-elect, a senior at the University of Michigan, is affiliated with Alpha Omicron Pi sorority. Her fiance, son of Mr. and Mrs. Albert William Schultz of Detroit, was graduated from the U. of M. in January. He is employed in Albuquerque, N. M. As an undergraduate, he was affiliated with Delta Tau Delta fraternity, Pi Tau Sigma, Tau Beta Pi and Phi Eta Sigma.

A June 11 wedding is planned.

Prepare for Night of Restful Sleep

(NEA)—A housewife often is too tired to sleep after a day of wrestling with young children and household jobs.

Instead of dropping into bed extremely fatigued, work toward a good night's sleep and you'll look and feel better the next day. A hot bath before bedtime is a good start.

To Clean Chrome

TWIRLERS TO PERFORM — These four young baton twirlers will appear in the Rochester Junior High School's spring concert Thursday evening. They are, from left, Patricia Doral, 11; Deborah Call, 10; Karla Lynn Robinson, 11; and Karen Williams, 9. The concert, to start at 8 p. m., also will feature the Junior High School Cadet and Varsity bands and the ninth grade choir. Proceeds will help purchase band uniforms.

Romeo Rotary to Honor Youth

Will Present Pins to Two Scholars; Praise Science Fair Winners

ROMEO —Special guests at the Rotary Club's annual Honors Banquet tomorrow evening will be members of the National Honor Society and Science Fair winners at Romeo Community High School.

The event will take place at 6:30 p.m. at the Romeo Community Youth and Civic Center.

Main speaker will be Dr. Lowell Eklund, director of continuing education at Michigan State University Oakland. In his talk he will emphasize the importance of scholarship and also give a review of the first year at MSUO.

Rotary Club President Thomas Raymond will present recognition pins to the two outstanding scholars, a boy and a girl, among the 20 new members of the honor society.

★ ★ ★

Of the four Science Fair winners to be honored, Stuart Card is the one whose project earned him the first prize in the biology division as well as the grand prize for the show. It was "produced antibiotic resistance."

The other three are Bill Parker, mathematics; Tom Cline, physics; and Pauline Clevio, chemistry.

Their names were announced prior to the fair opening Saturday afternoon.

Merlin Kerr, faculty advisor of the honor society, will give a brief history of the organization.

Marlene Marsh will introduce society members to the Rotarians, the families of the honored guests and other dignitaries present.

Schools Supt. T. C. Filppula will add his congratulations to the students for the scholastic and scientific achievements.

To Show Home Products

DRYDEN — The Sodality and women of the parish of St. Cornelius Church will sponsor a public home products exhibit at 8 p.m. tomorrow in the church's Social Hall.

If Annexation Is OK'd, Novi Officials to Fight

NOVI — Should a proposed 255-acre annexation of Novi to the city of Northville be approved today in a special election by voters in both communities, village officials here have made it known they will take the decision to the Michigan Supreme Court.

The officials, who have already directed the village attorney to draw up papers opposing the election, contend that 135 acres in the proposed annexation is part of the village and should not be included in the election.

The suit would be filed against the Secretary of State.

★ ★ ★

The election came about when homeowners in a 120-acre subdivision, Northville estates along Eight Mile road, petitioned the state for the annexation.

In order to connect the subdivision, which is part of Novi Township, to Northville which juts into Oakland County the petition for annexation asked that the 135 acres in between also be annexed.

The state approved the petition last month.

While all qualified electors in Northville will be able to vote on the issue, only those living in the proposed area to be annexed are allowed to cast ballots at Novi.

The village Council claims that Novi incorporated to offer protection against annexation and that the question should be decided by voters in the entire village, not only by residents of the affected area.

As it is, there is only one village resident in the 135 acres that is qualified to vote. She is Mrs. C. A. Randall, and she favors the annexation.

While members of the Novi Village Council oppose the proposed annexation, the Northville City Council has gone on record strongly supporting it.

In the past three years, two other annexations of the township to Northville have been approved by voters.

Spring Sweet, but Wet

Thaw Swamps County

The first kiss of spring Sunday was accompanied by some misgivings for residents of Oakland County, especially to the south.

Cheers that accompanied the quick thaw of snowbanks became cries of dismay as many basements and roads became flooded with the runoff water.

★ ★ ★

Storm drains were unable to keep up with the sudden weather change.

Residents were swamped with the water and the Oakland County switchboard was swamped with calls for action. There was little they could do but wait for nature to complete its flowing course, said officials.

Maple road was flooded at Crooks and Livernois roads, water a foot deep in spots made Northwestern highway impassable between Eight- and Nine-Mile roads, and cars were barely able to inch through along Greenfield road between 10- and 11-Mile roads.

★ ★ ★

Farmington Township police reported many of the side and back roads nearly impassable. Oak Park police closed off two side streets.

Several roads were impassable in Troy, according to police there. Most of the back roads and many basements were flooded, they said.

The quick-thawing snow and ice was unable to penetrate the frozen ground to any extent, causing the flooding.

By 11 p.m. yesterday, much of the snow and ice had disappeared, but many low spots remained flooded.

Rochester Council to Elect Officers

ROCHESTER — The Rochester Village Council will elect officers for the coming year at its organizational meeting tonight.

All seven councilmen, including the two new members, are eligible for president.

They are Clarence Burr, Stowell Collins, Sydney Q. Ennis, Roy Rewold and John Boeberitz and newcomers Don Pixley and Jay Eldred.

Burr has served as president during the past year and Ennis in 1958.

U.S. Schools to Be Compared With Others

TROY — Two exchange students will explain the differences in the educational systems and living conditions here and abroad at the Johnson Niles PTA meeting Wednesday at 8 p.m.

The two are Ruth Spitzmuller of Germany and Tammy Lockhart of Troy.

Paul Binns, Royal Oak teacher who taught in England for a year, will compare the school systems in the United States and Great Britain.

Robert Mead of Troy will serve as moderator. A question and answer period will follow the talks.

Refreshments will be served by the fourth grade room mothers.

Spring Concert Thursday at 8

100 Rochester Junior High Students to Take Part in Annual Event

ROCHESTER — Over 100 vocal and instrumental students will participate in the Spring Concert to be presented at 8 p.m. Thursday at Rochester Junior High School.

Taking part in the annual event will be the Junior High Cadet Band, the Junior High Varsity Band and the ninth grade choir.

The program will include such selections as "Colonel Bogey," "On Top of Old Smoky" and "Bolero Royal," a Latin number.

Director of the bands is Ward Reid and the chorus, Bernard Leshley.

Climax of the evening's entertainment will be a march played by the combined bands featuring four young baton twirlers making their first public appearance outside of parades.

They are Patricia Doral, 11; Deborah Call, 10; Karen Williams, 9; and Karla Lynn Robinson, 11. Their coach is Mrs. William E. O'Neill.

Tickets may be purchased from any member of both bands or at the door the evening of the concert.

Postal Clerk Jobs Are Open in Milford

MILFORD — Civil service openings for postal clerks and carriers here were announced today by Milford Postmaster Robert H. Gorsline.

Applications will be accepted by persons at least 18 years old, regardless of their residence, Gorsline said.

The clerk and carrier positions offer a starting salary of $2 an hour, automatic annual increases, night pay differentials, and vacation and six leave plans, he said.

Information and application forms may be obtained from the Milford Post Office, or from the office of the executive secretary, Board of U. S. Civil Service Examiners, Room 402 Federal Building, Detroit 33.

Expecting Big Exhibit

DETROIT (UPI) — More than 40 firms were expected to exhibit vegetable-growing equipment and supplies at the Detroit Farmers' Eastern Market today in the largest exhibit of its kind ever held in Detroit.

One Point Left to Iron Out

Meet Today on Dynamic Dispute

TROY — Negotiatars for Dynamic Manufacturers Inc. and Local 935, International Union of Electrical, Radio and Machine Workers, AFL-CIO, are meeting in Detroit today in an attempt to end the 43-day strike at the Troy plant.

Only one point remains to be settled. It is the disagreement over the length of time that would elapse after any settlement before the company reisseased an estimated 45 employes hired since the walkout Feb. 15.

Plant officials and the union had previously reached agreement on the other areas of dispute including wages and working conditions.

Since earlier negotiations broke down, a few incidents of minor violence have occurred on the picket line. They caused the company to claim the union had violated a court injunction prohibiting violence issued Feb. 26.

★ ★ ★

Attorneys for Dynamic and the local met Wednesday with Circuit Judge Clark J. Adams, who suggested appointment of an impartial arbiter to iron out the back-to-work dispute.

Meanwhile, the judge said his two-way injunction prohibiting the union from mass picketing, violence and interfering with company progress, and the company from interfering with peaceful picketing and driving trucks in and out of the plant more than 10 m.p.h., still stands.

The case was retuned to Adams' court for the purpose of hearing the union's motion opposing the court's jurisdiction in the matter, and for a show cause hearing on contempt proceedings resulting from the disturbances.

The judge said that both matters will be held in abeyance pending outcome of the arbiter method of settlement. The attorneys for the company and union agreed with Clark who said that should settlement be reached this way the company's original suit against the union would be withdrawn.

The plant at 4755 Rochester Rd. manufactures automotive metal stampings.

Walled Lake Candidates to Air Views

WALLED LAKE—Candidates in the April 4 general election here have been invited by the Walled Lake Junior Chamber of Commerce to present their views at an 8 p.m. public meeting Friday in the Walled Lake Junior High School.

★ ★ ★

Nine candidates are running for the five offices open — six for the four council posts and three for justice of the peace.

Each candidate will have a minimum of three minutes and a maximum of six to tell what he would like to see accomplished, according to R. W. Button, president of the Junior Chamber.

"There will be no smear campaigning," Button said. "Just their own ideas for bettering the community in the future."

Button said the organization is in no way endorsing any one candidate or trying to influence voters.

"This is our attempt to help educate the voter so he will get out and vote," Button said.

Troy Churchwomen Set Card Party Tomorrow

TROY — The Women's Assn. of the Troy Presbyterian Church will sponsor a luncheon and card party at 11:30 a.m. tomorrow at the home of Mrs. Clarence Cornellier, 242 Delemere St.

The group has set April 30, from 5 to 8 p.m., for the church's annual roast beef dinner.

American motorists used 55,025,000,000 gallons of gasoline during 1959, compared with 53,418,000,000 gallons in 1958.

WED 50 YEARS — Mr. and Mrs. George W. Murthum of 24 Hovey St., Oxford, celebrated their golden wedding anniversary Sunday at an open house in their honor at the Oxford Veterans Building. Arrangements were made by the couple's four daughters and two sons, Mrs. Harvey Siglow of Troy, Mrs. Phillip Stieb of Flint, Mrs. Wayne Merwin of Metamora, Mrs. Kenneth Skarritt of Oxford, George Jr. of Mason and Edgar of Oxford. They also have 17 grandchildren and 14 great-grandchildren.

State Vote to Bring New Faces

Will It Alter Senate Color?

By GEORGE WEEKS

LANSING (UPI)—This election year is bound to bring new faces to the Michigan Senate, last Republican stronghold in state government.

The big question is whether there will be new viewpoints.

★ ★ ★

Unless there is a reapportionment of districts, Republicans can count on controlling the Senate for years to come.

The 1960 challenge is whether the control will be by "liberals," "moderates," or the conservative" element now in power.

Two conservatives are checking out to seek higher office. Sen. Carlton H. Morris (R-Kalamazoo) is running for the GOP gubernatorial nomination and Sen. Edward Hutchinson (R-Fennville) is after the nomination for lieutenant governor.

Sen. Lewis Christman (R-Ann Arbor) said he would not seek re-election.

The Senate where Republicans have a commanding 22 to 12 edge, has been and will be the major target of Democratic criticism.

Gov. G. Mennen Williams blamed "a little band of willful men" in the Senate for collapse of state finances and the prolonged tax fight in 1959, year of cash crisis.

LODGE RESENTFUL

The Republican state headquarters last year differed on many occasions with GOP senators and evidenced concern about the Senate's "image." Some Republicans have been openly critical.

"I've resented the attacks upon this body," said Sen. L. Harvey Lodge (R-Oakland County), who has primary opponents, including former Huntington Woods Mayor David Calhoun.

This is a great body, working for the best interests of the people. We've been a check against filly-dilly ideas."

Old guard Sen. Charles Feenstra (R-Grand Rapids), a primary target of GOP liberals, said conservatives have given the Senate a "new look" and voters a clear choice. He said previous senates have been too closely akin to the Democratic platform.

Veteran Sen. John Minnema (R-Traverse City) faces a strong primary opponent in Traverse City merchant William Milliken, whose father and grandfather served in the Legislature.

★ ★ ★

"The issue is whether people in my particular district and elsewhere want to keep the conservative senators in office," Minnema said, "and whether they want to keep expenditures within income."

The balance of power in favor of conservatism in the Senate is slight. Election of just a handful of liberal Republicans could tip the scale.

★ ★ ★

Senate majority leader Frank D. Beadle (R-St. Clair) is a moderate who lost out in power struggles with Morris last year.

Leaders at the GOP state headquarters are convinced they would be free of what they consider to be a major public relations problem if there were a few more votes in Beadle's camp.

Democrats have a different idea about getting a new viewpoint for the Senate.

"Kalamazoo will always elect a Carlton Morris," Detroit labor leader Paul Silver said at a Democratic State Central Committee meeting earlier this year.

He said reapportionment is the best answer for Democrats.

Export Trend Goes 3 Months

Commerce Department Says Brisk Flow Out Began in December

WASHINGTON (UPI)—A strong export trend which began last December continued into February, the Commerce Department reported Friday.

★ ★ ★

The department said exports last month totaled $1,583,000,000, slightly higher than in January and 24 per cent above the unusually low February 1959 level.

Shipments to foreign countries have been running high since December, with stepped-up sales of cotton a major factor.

For December, January and February, exports hit an annual rate of $18,400,000,000. The 1959 total was $16,200,000,000.

★ ★ ★

Officials hope a government-wide drive can push the export level still higher, to bring back to this country dollars spent abroad.

Excluding military shipments, February exports totaled $1,504,000,000, compared to $1,183,000,000 in February 1959.

Great Salt Lake City was renamed Salt Lake City in 1868.

State Educators Elect Board of Directors

LANSING (UPI) — The Michigan Education Assn. Friday announced election of four teachers to its board of directors.

★ ★ ★

The five are Mary Neil, mathematics teacher in Port Huron High School; Dick Leonardelli, assistant head of field services at Western Michigan University; Vernon D. Stevens, Hillsdale Community School teacher; and Mildred Kunzan, teacher at Riegel School in Bay City.

★ ★ ★

Also re-elected to the board were Wayne Smith, teacher at Tappan Junior High School in Ann Arbor and Burr Puffer, principal of Boardman School in Traverse City.

Exclusive FILTER-BLEND up front is why Winston tastes so good!

The flavor that comes through Winston's pure white modern filter simply can't be matched by any other cigarette. The reason is that no other has what Winston has *up front* where the flavor comes from.

Winston's secret is Filter-Blend—rich, mellow tobacco that's not only specially selected for full flavor and mildness, but also specially processed for filter smoking.

After all, if a cigarette doesn't have flavor, you miss the whole idea of smoking. So try Winston. Year after year, it's America's best-selling filter cigarette because it's America's best-tasting filter cigarette.

Prefer Youth Center to Beatnik Places, Teens Say

Story by:
Pete Lochbiler
Harvey Zuckerberg
Photos by Phil Webb

If four Pontiac high school seniors are typical, teen-agers here prefer recreational centers to coffee houses and beatnik hangouts.

Recreational centers with dancing, juke box, shuffle board, perhaps ping pong; maybe in the style of a teen-age night club at night.

But there are no recreational centers like that in Pontiac.

This was the complaint of four young people as they set out for Detroit over the week-end for a tour of the coffee houses—or "beatnik joints," as some folks describe them—at the invitation of The Pontiac Press.

* * *

It was still their complaint as they returned to Pontiac near midnight, after sampling the offerings of the new type of nighttime entertainment that apparently is gaining popularity throughout the nation.

The teen-agers were Carol Campbell, 17, of 635 First St.; Kay Slater, 17, of 436 Mt. Clemens St.; Stanley Hertel, 17, of 654 N. Perry St.; and Kenneth Shaw, 17, of 59 Delaware St.

Carol and Stan are seniors at Pontiac Northern. Carol is a cheerleader, a former class officer, active in singing groups, the yearbook and the student council.

Stan was captain of the football team, co-captain of the baseball team; is treasurer of the senior class, active in the student council and was homecoming king.

* * *

Kay and Ken go to Pontiac Central. Kay's in the choir, the radio workshop and the pep club. She's been on the student council and the student union.

Ken is president of the senior class. He's on the baseball team, writes for the student newspaper, belongs to the biology club and is a laboratory assistant.

None had ever been to a coffee house or a beatnik spot.

In their first brush with the so-called beatniks, they drank espresso coffee; listened to a guitar-playing folk singer from Greenwich Village; talked with a long-haired, sweatered poet (who's had his troubles with the law over obscenity); and met one of the owners of the Cave of the Ninth Cat—one of the coffee houses proposed for Pontiac.

* * *

They listened to a sizzling jazz combo, stared at the few beatnik-looking folks who came their way and were fascinated by the beat of a bongo band.

They heard some off-color jokes from the stage, they watched an uninhibited female in the audience perform a sinuous arm dance to the bongo beat; and studied quizzically the abstract art that lined the walls.

After it was all over, they said they wouldn't have missed it for the world.

The first experience was different from what they had expected. It was exciting.

A few times they were shocked, occasionally disgusted, but mostly wide-eyed at the new sights and sounds, and often puzzled.

The first time.

But would they go back again?

WOULD GO BACK

Maybe, yes. For something different to do. Now and then, but not too often.

Stan explained:

"Something like that is so unusual, so different. It's better to do it just now and then."

Part of the adevnture, he thought, was having to travel all the way to Detroit.

The first place the foursome visited was a small, unpretentious spot in the Wayne State University area.

The place was in semidarkness, paintings reached to the ceilings, and the bare tables and chairs came from the second-hand store.

It was three-quarters filled with customers, almost all in their teens. The manager, a serious looking man in his 30s named Kenneth Lawrence, came over and told the Pontiac group:

* * *

"You're welcome here because you're nice looking kids. But frankly, I'm trying to discourage teen-agers. The teen-age "beats" nearly ruined my place when I opened. I'm trying to draw an older, more sophisticated crowd now."

CRITICAL OF "BEATS"

The "beats," said Lawrence, were roughhouses, dirty, sometimes drunk or under the influence of drugs.

"They almost ruined my trade," he said.

Lawrence apparently was a worried businessman, at home in his place of business.

For the Pontiac group, it was something very new.

They gazed at a somber painting of steer's skull, encircled by a coiled snake. They were served by an 18-year-old petite waitress in tight black leotards, her long hair falling half across her face.

"She looks as if she enjoys her work," said Kay in surprise.

They admired a soft-voice folk singer named Len Chandler, and remained hushed as he strummed his guitar, straddling on a tall stool next to a microphone, during a half-hour radio broadcast over an FM radio station.

* * *

Next, they went to a much bigger coffee house resembling a night club, with a stage, white linen table cloths and a dramatic white and black color scheme.

There were more customers in the second place than the first, but it didn't seem like it. Again, most of them looked younger than 21.

JAZZ TOO LOUD

The Pontiac group sat right next to the stage.

They heard Ray McKinney and his College Jazz Quartet blare forth with a rendition of "Caravan." They thought it was too loud.

They leaned forward with interest as Bobby "Bongolis" Shepard and a group of bongo players hammered out their Afro-Cuban rhythms.

All four kept time with the beat, bobbing their heads, intently tapping fingers on the table, feet on the floor.

Earlier, they shook their heads in distaste as Shepard began the show by urging the audience to join him in a series of grunts, yells and loud noises.

"MAKE NOISE!"

"Make noise! Scream!" he exhorted the crowd. "Everybody has his release point. This place is designed to relax you and release all your inhibitions."

The Pontiac foursome didn't join in.

The group left for home before the poet of the evening, a slow-talking Southerner named Win Wells, began his readings.

But Wells had joined the group earlier, much to their surprise.

The poet is in his 30s. His long uncombed hair fell over his forehead and reached well over his collar in back.

As Wells sat down at the table next to Kay, the Pontiac girl instinctively adjusted her chair away from him. She looked at her friends in bewilderment.

But the poet was friendly. Eventually all listened eagerly to his words.

"Your generation is an intellectual generation," he told them. "You have a workable appreciation of what is good in art. We don't intend to contribute to delinquency at this place. We present dedicated talent and we keep the switchblade crowd out.

"We're not beatniks here. Don't you think our jazz is better than the beatnik stuff—their Ting tang, walla walla, bing bang stuff?"

The teen-agers laughed.

One of them asked Wells about a bandage on his wrist. His answer provided the biggest shocker of the evening.

"I slashed my wrist," said the long-maned poet, unconcernedly. "Oh, I didn't really intend to kill myself. I just wanted to create a scene to get some people off my back."

And they met Pat Witherspoon, a young Bloomfield Hills man who is in the construction business. One of the four financial backers of the Cave of the Ninth Cat. Witherspoon was remembered later by the foursome chiefly as being "a nice dresser."

"I thought we were going to sit around on pillows," said Carol.

"I don't think the places would look like restaurants or night clubs," said Stan.

"I don't know what I expected, but it wasn't what I experienced," said Ken.

"I'm glad I went, it helps me to understand these things," said Kay.

All agreed on that point.

"There's so much talk about beatnik places in Pontiac, now," said Stan. "It would be better if people visited these places so they would know what they are talking about."

Their final judgment?

The consensus was that coffee houses at least partially fill one gap in the teen-age world—nighttime entertainment, a place to go on a date.

But on the whole, they would rather have a neighborhood recreational center — less exciting, perhaps, and less sensational than a beatnik place or a coffee house.

But closer to what they like to do to the world they've known.

THE PONTIAC GROUP — Amused by the friendly waitress, the Pontiac teen-agers who visited the Detroit coffee houses include (from left) Carol Campbell, Stan Hertel, Ken Shaw and Kay Slater. Serving espresso to the high school seniors is waitress Carole Cassel.

Comment on Beatnik Tour

KENNETH SHAW

Observing the crowd: "Do you notice how many girls come in here alone, without dates?"

Setting down his cup of espresso: "This stuff is really potent. It would wake anyone up."

Noticing an acquaintance: "That fellow over there is a foreign exchange student from France. I wonder if they are used to places like this over there?"

About the paintings: "They sure are different."

* * *

About clothes: "In the one place there were a lot of kids that were wearing just their school clothes. But in the other place, some wore beatnik clothes and I don't approve of that."

Would he go visit a coffee house on his own now? "Yes, I think I would. It was very interesting."

KAY SLATER

About the poet: "At first, I didn't know whether he was a man or a woman, his hair was so long. I didn't like his looks at first. But he didn't talk funny. He talked like us."

After one sip of espresso: "It's too strong, too bitter. I don't even like real coffee."

About the drums: "I liked them, I never heard anything like that before."

Asked what she was drinking later in the evening: "Hot chocolate. That's strong enough for me."

* * *

After listening to a bearded "beatnik" type: "He's just trying to attract attention."

Would she go back to a coffee house? "It depends on who asked me."

About the jazz combo: "It's too noisy."

STANLEY HERTEL

About a drink concocted of coffee, chocolate, heavy cream and sugar: "Hey! This is good. You should try some."

About espresso coffee: "Ugh, this stuff is terrible. This will cure you if anything is wrong with you."

* * *

About the crowd: "I don't notice too many people smiling."

After visiting one coffee house: "I don't think it was so bad. As far as hanging out at some place like that, though—never! Maybe every now and then I'd go as an adventure, for kicks."

About the long-haired poet: "He sure is an intelligent guy."

After visiting a second coffee house, with a stage show: "The bongo drummers were great. The poet was interesting to listen to. I'd go to a place like that in Pontiac if the right kids were there. It's fun and exciting."

CAROL CAMPBELL

About the menu (full of Italian and French words): "I wish somebody would translate this for me."

After tasting a strange fruit drink called Grenatina: "This is too sweet, even for me. I wonder if there's a cockroach at the bottom of the glass."

About the paintings decorating the walls: "Some of it is good. It shows talent. But some of it is pretty bad. Just blobs of color."

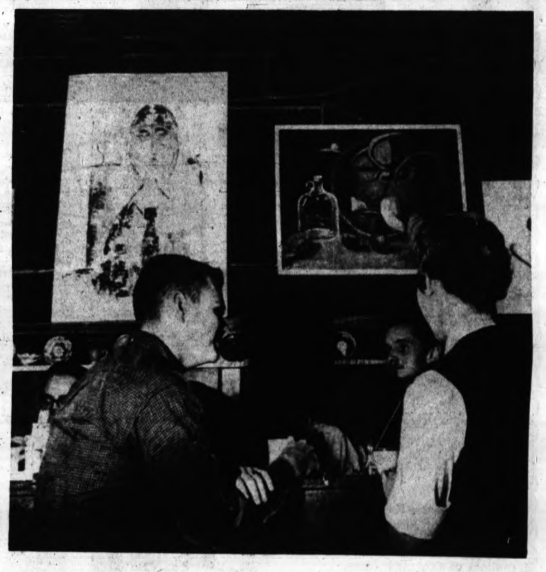
About the crowd: "I'd like to know how many in here are beatniks and how many are here just out of curiosity."

About the bongo drugs: "That player . . . his hands will get numb."

After hearing a couple off-color jokes from the stage: "He's not even funny. That wasn't necessary."

When the evening was over: "I'd rather go dancing."

'WE'RE NOT BEATNIKS'—Long-haired poet Win Wells smiles as he explains his philosophy to the Pontiac teen-agers.



MEET BEARDED BARTENDER — Seated at a coffee bar, Ken and Kay are served by a bearded employe who himself was eating an ice cream and pastry combination. Neither of the places the Pontiac group visited served liquor.

Test Automatic Landing Device

Electronic Window Will Pick Up Plane Two to Four Miles Out

ATLANTIC CITY (UPI) — An automatic aircraft landing system designed to bring down two airplanes a minute in all types of weather has been undergoing extensive tests here at the National Aviation Facilities Experimental Center.

★ ★ ★

The system involves the use of an "electronic window" two to four miles from the end of the runway which enables the pilot to relinquish control of the approaching plane after he enters this area.

Once the plane enters the "electronic window" it appears as a small dot on a radar screen which permits monitors to check its position in relation to the desired altitude and the center of the runway.

Control of the incoming craft is entirely automatic — although the pilot may assume manual control at any time.

If the approach is not satisfactory, the system gives an automatic "wave off."

The system, developed by the Bell Aircraft Corp., for the U.S. Air Force, needs no complex electronic equipment in the airplane other than the standard autopilot and instrument landing system.

The only additional item required is a small aluminum corner reflector designed to strengthen the reflected radar signal.

Bell said the system was originally designed for the U. S. Navy and landed a variety of planes, including the Boeing 707 and the B47, more than 4,000 times on a carrier deck as well as land during its development.

In the current six-month test by the Federal Aviation Agency a C54 laboratory plane and an F86 Air Force jet fighter are being used.

Why is it that of all the reasons for not buying something nowadays, the least important seems to be that you can't afford it? . . . . Ima Washout says she works on this philosophy: "I'd rather have a morning after than never a night before." — Earl Wilson

FBI Academy 25 Years Old

J. Edgar Hoover Hails Postgraduate Schooling for Local Police

WASHINGTON (UP)—The FBI National Academy has come to its silver anniversary and Director J. Edgar Hoover today reaffirmed his conviction that it has greatly advanced law enforcement work in every part of the country.

★ ★

Hoover repeatedly has said he would never have anything to do with a national police force continuously delving into strictly local situations.

He said it first in the "terrible thirties" when crime-ridden communities were crying out for federal intervention, at any price, to curb a rampaging hoodlum element then on the loose.

In rejecting the national police idea, Hoover proposed an exactly opposite approach—the concept of sharing FBI's knowhow with local police authorities desiring a postgraduate course in the science of law enforcement.

As a result, the FBI National Academy was founded here July 29, 1935.

The academy open its 25th year last week with the organization of its 65th session.

Boy Builds Robot Pal With a Heart of Tin

UNION, N.J. (UP) — Alan Moskowitz' best friend has a heart of tin. He's a robot the 12-year-old boy built hiself.

The mechanical pal has eyes that light up, a bell-and-buzzer brain, a loudspeaker mouth and doorknob ears. Alan, an honor student, spent a year making the robot and claims it can do everything but walk.

Girl Who Carved Initials, 4 Others Plead Guilty

DETROIT (UP) — Five persons, among them Joan (Rusty) Wierda, 17, pleaded guilty to felony charges Friday in the robbery of a man who said Miss Wierda cut her initials in his back.

All five first were charged with extortion and kidnaping against Earl Thomas, 45, but pleaded guilty to lesser charges.

Thomas said the group enticed him to an apartment Jan. 21 and robbed and beat him and that Miss Wierda cut her initials in his back with a butcher knife. He has recovered.

'Everybody Needs Smut,' Says Psychiatrist

Crusaders Masking Obscene Interests?

WASHINGTON (UPI) — Crusaders against pornography actually may be trying to cover up their unconscious interest in lewd pictures and literature, according to a top government psychiatrist.

Dr. Benjamin Karpman, chief psychotherapist at St. Elizabeth Federal Hospital here, also believes "You'll never be able to outlaw smut because everybody needs a certain amount of it. Our society is too Puritanical.

He feels that lewd materials can not undermine public morals.

Karpman told the National Civil Liberties Clearing House Conference that "Interest in obscenity . . . may be covered up by a reaction formation.

"The interest may be denied by bitter opposition to all forms of obscenity, the same as a condemnation and attack against homosexuals may cover up . . . latent homosexuality.

★ ★ ★

"Crusading against obscenity has an unconscious interest at its base."

None of the speakers at the conference specifically mentioned Postmaster General Arthur E. Summerfield's drive against pornography or his ruling that D. H. Lawrence's novel "Lady Chatterley's Lover" was too obscene to be sent through the mails.

In a related development, a federal court of appeals in New York City unanimously ruled that the novel could be mailed. This upheld a lower court decision overturning the Summerfield ban.

Karpman said interest in pornographic material stemmed in part from the fact that "We are suffering from too much repression." He said the country needs "Ten Freuds and 20 Kinseys to break down repression."

Senate Committee Works on Rights Bill

WASHINGTON (AP)—A sharply divided Senate Judiciary Committee, working under forced draft, starts its consideration today of the House-passed civil rights bill.

★ ★ ★

Called into closed session, it planned to hear first from Atty. Gen. William P. Rogers, the administration's chief spokesman for the legislation, and Charles J. Bloch, a Macon, Ga., constitutional lawyer, as spokesman for the opposition.

★ ★ ★

The idea was not to have a public hearing but to let Rogers and Bloch and the 15 committee members, all lawyers, argue out the pros and cons of all aspects of the five-point measure.

High Schoolers to Be Penalized for Steady Dating

ST. JOSEPH (UP)—"Going steady" is going out at St. Joseph Roman Catholic High School here.

Students who go steady are banned from holding school office and taking part in athletics or other school activities.

Parish priests explained the action in sermons yesterday, saying the teenage habit of dating one girl or boy exclusively often leads to sin and other complications.

The Rt. Rev. Msgr. Patrick J. Kenny, pastor of St. Joseph Church, asked parents to forbid their children from going steady at least until the last half of the senior year of high school.

No one explained how the rule would be enforced. There are 150 students at the school.

Tax, Bond Plans Gain Attention

State Showdown Due on Sales Levy Hike, Parks and Buildings

LANSING (UP)—A sales tax increase and a 180 million dollar bonding plan took the legislative spotlight today as lawmakers opened the final three weeks scheduled for the 1960 session.

Showdown votes on both proposals might come this week in the House.

★ ★ ★

House Democrats pressed for a decision on a long-term state parks improvements program costing 30 million dollars and construction of 150 million dollars worth of state buildings.

Republicans hoped for action on a long-delayed proposal, cleared by the Senate weeks ago, to boost the sales tax ceiling from three to four cents.

Both would amend the state constitution and require two-thirds approval in both houses to go before the voters in November by way of legislative resolution.

TIES 2 KEY POINTS

The bonding plan, tying together two key points in Gov. Williams' 29-point legislative program for 1960, got a cold reception from house Republicans.

"Bond issues are expensive because the taxpayers are required to pay interest on them, and, over a period of years, this amounts to millions and millions of dollars," said House Speaker Don R. Pears (R-Buchanan).

Pears said he preferred the pay-as-you-go program sought in the 15 million dollar capital outlay program approved by the Senate.

Republicans also are backing a $2 annual admission fee plan, twice vetoed by the governor, to finance a 10 million dollar bond issue for state parks expansion and improvements.

Starters Do Okay, but Tiger Bullpen Is Spotty

Cardinals Beat Bengals, 3-1 on Five Hits

Bilko Steals Another Base as Mizell Goes Entire Distance

LAKELAND, Fla. (AP) — The Detroit Tigers' starting pitchers are progressing on schedule, but you can't blame manager Jimmie Dykes if he is getting a little frantic about his relief pitching.

A sore spot on Tiger clubs of recent vintage — their relief pitching in 1959 was the most ineffective in the American League—the bullpen shows some sign of slight improvement this season.

While starters Frank Lary, Jim Bunning, Don Mossi and Paul Foytack have impressed Dykes in recent outings, the bullpen work has been only spotty. Tom Morgan, Dave Sisler and Ray Semproch have been particularly disappointing.

But the reliefer the Tigers are banking on most heavily, right-hander Ray Narleski, isn't getting them out the way he used to. The man who was called with ample reason the best righthanded "stopper" in baseball remains a big question mark on the Detroit staff.

★ ★ ★

The 31-year-old veteran has lost some of the zip on his fast ball and has developed a bad habit of pitching too high. Most any pitcher you can name is much more effective pitching low and away from the hitter. This is especially vital in bullpen work.

Narleski had all the confidence in the world when he was relieving about every three games for the Cleveland Indians, Dykes believes he lost some of it last season. Rebuilding it is a tougher problem when you are not pitching well in spring training.

And Narleski isn't. He worked two innings yesterday when the Tigers lost 3-1 to the St. Louis Cardinals at St. Petersburg. The Cardinals got one run and two hits off Narleski, who also walked a batter.

★ ★ ★

Vinegar Bend Mizell became the second straight St. Louis pitcher to go nine innings. He limited the Tigers to five hits, four singles and Eddie Yost's triple.

Lary gave up two runs and six hits in the first six innings and took the defeat. Chico Fernandez' wild throw gave the Cards an unearned run in the first, Stan Musial doubled home a run in the sixth and ex-Tiger Bob Nieman drove in the final run in the eighth.

Detroit's lone run came on Yost's triple and Frank Bolling's fly in the sixth.

★ ★ ★

Steve Bilko, who had one of the Detroit hits, stole his second base of the spring. He used the element of surprise just as he did the other day against Philadelphia. It's a surprise any time the 246-pound behemoth takes running liberties.

He accomplished the feat yesterday when Mizell came in for a conference with his catcher. Mizell didn't call time and Bilko beat the surprised catcher's throw.

The Tigers trimmed their varsity camp to 40 players — 35 of whom are on the Major League roster, when they sent four more players to Tigertown on 24-hour recall.

Pitchers Dave Reed of Battle Creek, Jim Proctor, Wyman Carey and a bonus outfielder George Thomas probably will be assigned to the Denver farm club. Bonus outfielder Andy Kosco went to Tigertown Saturday.

Lions Will Honor Team and Coach

The Pontiac Lions Club will honor the Pontiac Central basketball team and its coach, Art Van Ryzin, at its noon luncheon meeting Wednesday.

★ ★ ★

Van Ryzin, named Michigan's Coach of the Year by fellow coaches, and the team will be guests at the luncheon at the Waldron Hotel.

TWO VICTORIES — These are two individual victories scored by Pontiac Central in the Huron Relays Saturday night in Ypsilanti. In the top photo Joe Anderson is shown breaking the tape in winning the mile in 4:42.7. Behind him is Dan Reid of Birmingham. In the bottom photo Charlie Brown sets a Huron Relay shot put record with a throw of 54 feet ½ inch. Birmingham won the team title and PCH finished second.

Maples, Chiefs 1-2 in Huron Relays

YPSILANTI—Three individual victories weren't enough to give Pontiac Central a team victory in the Huron Relays Saturday, but Birmingham took the honors placing in eight of the 13 events.

The Birmingham victory, by the accumulation of 46 points, came as a mild surprise. PCH was second with 29 1/3 points and Flint Northern tied for third with Ann Arbor with 27 points.

Other Oakland County schools, Pontiac Northern, Waterford, Farmington, Walled Lake and Berkley failed to place among the top ten teams.

A great share of the individual honors for Birmingham went to speedy Steve Jacobson who finished second in the broad jump, 4th in the dash and was a member of the Maples' winning sprint medley relay team.

★ ★ ★

This was Birmingham's lone first and the team of Jacobson, Scotty Purvis, Kent Rathbun and Paul Simmons won the event in 2:36.1.

The lone record set at the meet was Charlie Brown's shot put throw of 54 feet ½ inch. The other two individual wins by PCH were Joe Anderson's victory in the mile and the shuttle hurdle relay made up of Roy Harper, Allan Howze, Andrew Terry and Bob Walker.

The shuttle hurdle relay time was :34.2, but it is to be noted that five hurdles had to be scaled. In past meets runners went over four hurdles.

★ ★ ★

Anderson's time in the mile was 4:42.7. Right behind was Dan Reid of Birmingham.

In the shuttle relay, Birmingham was second and Waterford was third. It was Waterford's only placement in the meet.

Pontiac Northern's lone representative in the point column was in the pole vault where Jan Lawrence tied with four others for second place with a vault of 11' 6". Winner was Jerry Wright of Flint Northern with 12 feet.

These were the top ten teams in the Huron Relays:

1. Birmingham	46	6. Musk. Hgts.	12
2. PCH	29⅓	7. Lincoln Pk.	10
3. Flint North.	27	8. Grosse Pte.	9½
3. Ann Arbor	27	9. Sudew	8

CELTIC GAZELLE — Tom Heinsohn (15) of the Boston Celtics flies through the air like a gazelle and he is fouled as he lays up a shot. Al Ferrari (11) formerly of Michigan State and Slater Martin (22) both of the St. Louis Hawks stop Heinsohn's shot. Boston won the game 140-122 to lead the championship series, 1-0.

Boston Jumps Ahead of St. Louis, 140-122

BOSTON (AP) — The hot-handed Boston Celtics have caught St. Louis in the middle of a style adjustment to get the jump in the National Basketball Assn. championship playoff series which both clubs figure is going to get much tougher.

Boston romped to a 140-122 getaway victory Sunday which produced nine records including most points in a game by one team and two in a title playoff contest.

"It was just one of those days," shrugged happy Celtics' Coach Red Auerbach who agreed with the Hawks' Ed Macauley that the best-of-seven struggle is far from over. "We couldn't do anything wrong," Auerbach said. "You don't beat these guys that easily very often."

"Tuesday's second game is the big one," Macauley said. "The fact that we had to travel after playing Minneapolis and that the Lakers are not a running club like Boston played a part in the outcome."

★ ★ ★

"I hated to beat them so badly," commented Bill Sharman of the Celts who got 23 points while Tom Heinsohn had 24, Frank Ramsey 21 and Bob Cousy 20 in the balanced Boston attack. "We caught them when they were tired. They'll get tougher. When we got hot like that we tend to think we can do it any time and it isn't so."

Cousy was the man who released the torrent of Boston points. In the first 4½ minutes of the second period the veteran backcourt wizard directed an outburst that sent the Celts from a 30-25 lead out to a commanding 47-30 margin. In that span Cooz scored two baskets, assisted on four more, stole the ball three times and intercepted a pass.

"That's a whole day's work right there," smiled Boston owner Walter Brown.

"Gee, I'm glad I sat down after that," Cousy said.

"They hurt us at the start of the second quarter," Macauley agreed. "We had three or four good shots and missed them and each time Boston went right down the floor to score."

The winners were glad they had reversed the pattern of their previous championship playoff finals against St. Louis in 1957 and 1958. Both times the first game was in Boston and on each occasion St. Louis defied the so-called home court advantage by winning here. This time things were different.

Ingo-Patterson Signing Near?

GOTEBERG, Sweden (AP) — Only a few minor details, mostly formal legalities and problems regarding the first fight, stand in the way today of a formal contract signing for the proposed June 22 heavyweight title bout between Ingemar Johannson and Floyd Patterson.

Johansson took the title from Patterson with a third-round knockout last June and neither has fought since.

Edwin Ahlquist, Johannson's manager, and Thomas Bolan of the promoting Feature Sports, Inc., met here Sunday and ironed out all but the minor details.

"The contract signing will take place soon in New York," Ahlquist said. "Mr. Bolan and Feature Sports have proven they will see to it that everything will be straight and just about the return fight as we want it."

DIVING YOST — Detroit Tiger third baseman Eddie Yost gets a face full of dirt as he goes sliding into base while Ken Boyer of the Cardinals awaits the throw. Yost hit the ball into deep center and slid in safely for a triple in the 6th inning of yesterday's game in St. Petersburg. The Tigers lost to the Cards, 3-1.

Old Rookie Helps Pirates Win 11th

By The Associated Press

A minor baseball miracle is taking place at Fort Myers, Fla., where Diomedes Olivo, a 40-year-old rookie pitcher, is trying to earn a berth with Pittsburgh's pesky Pirates.

Picked up from Poza Rica of the Mexican League, Olivo impressed again Sunday by pitching one-hit ball for two innings in his exhibition debut as Pittsburgh blanked Washington 4-0 for its 11th consecutive victory.

★ ★ ★

Olivo compiled a 21-8 record in the Double A Mexican circuit last season. He appeared in 35 games, completed 23 of 30 starts, worked 247 innings, struck out 233, walked only 61 and turned in a 3.02 earned run average.

Despite Olivo's age, Pirate Manager Danny Murtaugh decided to take a look at the 6-foot-1, 195-pound native of the Dominican Republic. He may be just the man to spell relief specialist Roy Face.

★ ★ ★

Olivo has pitched creditably in most of his intra-squad workouts and showed a hopping fast ball in his first official outing for the Pirates, who haven't lost since dropping their first three games.

★ ★ ★

Other fine pitching performances were turned in Sunday by St. Louis' Vinegar Bend Mizell, who went nine innings and beat Detroit 3-1 on a five-hitter, and Cincinnati's Jim Brosnan, a 4-3 victor over Milwaukee with a six-hit, nine-inning job.

★ ★ ★

In other games, Chicago's White Sox edged Philadelphia 7-6, Baltimore defeated New York 3-1, San Francisco beat Boston 6-3, Kansas City nipped Los Angeles 3-2 and Chicago's Cubs turned back Cleveland 3-2.

★ ★ ★

Harvey Haddix started for the Pirates and checked the Senators for five innings with three singles. Olivo then took over for his stint and Face finished up. Gene Baker accounted for two runs with a first inning double and a home run in the eighth.

Lee Walls' two-out homer in the ninth inning broke a three-game losing streak for the Reds. Cincinnati got only five hits off Bob Rush and rookies Ken McKenzie and Don Nottebart, but bunched them for three runs in the third. Joe Adcock homered off Brosnan.

★ ★ ★

The White Sox won their fourth one-run game when rookie J. C. Martin singled across the clincher in the eighth after Luis Aparicio tied it with a two-run homer.

Jackie Brandt and rookies Chuck Stanliand and Dave Nicholson hit homers for the Orioles while Arnold Portocarrero and Gordon Jones scattered seven Yankee hits.

Bud Daley and Ned Garver, who drove in one run and scored another for the Athletics had the Dodgers shut out until the ninth. A single and three errors gave the world champions two runs but Maury Wills was cut down at the plate with the tying run.

★ ★ ★

Eddie Bressoud, who went 3-for-4 and Orlando Cepeda homered as Mike McCormick pitched one-hit ball in a five-inning workout for San Francisco.

Rookie Ron Santo, who drove in the first Cub run, also knocked in the tie-breaker in the ninth with a sacrifice fly to beat the Indians. Cleveland rookie pitcher Carl Thomas limited the Cubs to two hits while blanking them for five innings.

Ex-Waterford Track Ace Helps Broncos in Relays

Western Michigan University set an American record and won 11 of 18 events in its first annual relay carnival before 2,000 track and field fans here Saturday. Five field-house records also were broken.

The new U. S. record came in the four-mile relay as Western's team of Art Eversole, Carl Ashmore and Dick Pond ran the distance in 17:13.7 to beat a mark of 17:21.7 set in 1933 by Pennsylvania.

Bill Cole, former Waterford High School track ace, along with Verne White, Bob Ethridge and Jack Tomer, Western's Shuttle Hurdle Relay Team, set a new field house record with a time of :30.6.

Other field house records broken were the 60 yd. high hurdles, by Bernard Casey of Bowling Green with a time of :7.5. Cole took a second in this event with a time of :7.6.

University of Detroit's sprint medley team with a time of 3 min. 33.1 sec. set a new field house record; Western's two-mile relay team (time: 7.46) and Western's 880-relay team with a time of 1:31.3 also broke field house records.

Steve Sebo Named for MSU Oldtimers

EAST LANSING (AP)—Steve Sebo, general manager of the New York Titans, has accepted a job coaching the Michigan State old grads in the varsity-old timer football game that will wind up Spartan spring football practice in May.

Sebo became head man of the new American League football team after coaching the University of Pennsylvania to a 7-1-1 record last year.

Sebo was a Michigan State halfback from 1934-36.

Southern Cal Takes Honors From Michigan

Wolverines' Attempt at Fourth Straight Title Stopped by Trojans

DALLAS (AP)—The greatest array of record-breakers in National Collegiate Athletic Association history look toward the second half of the year's big show of swimming—the national AAU.

Many of the high winners in the NCAA swimming and diving championships here last weekend will be in New Haven, Conn., Thursday for the AAU. They will join other swimmers as good or better.

It will be of even more interest to the Olympic coaches, swimming coach Gus Stager of Michigan and diving coach Phil Moriarty of Yale.

Those two were enthusiastic over America's chances in the Olympics after viewing the big meet here. They saw records hung up in 13 of the 14 eligible events and were delighted with the showing of such men as Mike Troy of Indiana, Charley Bittick and Lance Larson of Southern California, diver Sam Hall of Ohio State and a flock of other stars who made Olympic prospects bright indeed.

At New Haven they'll see such standouts as George Breen, Allan Sommers, Jeff Farrell and L. B. Schaefer.

Stager didn't think the United States swimmers could be considered equal to all other nations at this time but he said he thought they might be by the time of the Olympics since there were so many youngsters who would improve by leaps and bounds. Moriarty was confident that the United States would dominate the diving.

The NCAA meet here drew large crowds and saw Southern California break the monopoly of the big three—Michigan, Ohio State and Yale. Until this year no school outside of those had ever won the championship. But Southern California, led by Bittick and Larson, swept up 87 points to dethrone Michigan, seeking its fourth straight title. Michigan was second with 78 points and Indiana was third with 69. Yale got only 25 and Ohio State 23.

Troy was the top star and high point man. He won two first places and swam on a first place relay team for 17½ points. He set NCAA, American and meet records in the 200-yard butterfly and 100-yard butterfly and led the 400-yard medley relay to another "sweep the boards" record. Larson was second high point man with 15½.

Top Cash, Car for Snead

BRADENTON, Fla. (AP)—Sammy Snead has another tomato can crammed with folding money to bury in his backyard.

The hillbilly from White Sulphur Springs, W. Va., who jests about his cached wealth, carted home $5,500 in a new car which also went with his victory in the $40,000 DeSoto Lakes Open golf tournament Sunday. First prize was $5,300, and Slamming Sammy got another $200 for playing in the 72-hole event.

In winning the 10th tournament of his long career Snead put together rounds of 68-72-67-68 for a 276 total over the 6,902-yard, par 35-36—71 rolling DeSoto Lakes course. He won by a stroke over little Jerry Barber of Los Angeles.

Barber held a two-stroke lead at the end of the second and third rounds, and still clung to that margin after nine holes of the final round. Then, while Barber was coming in in par figures, Slamming Sammy collected three birdies and six pars to come home in front by a stroke.

★ ★ ★

Barber, who has won three PGA tournaments but has finished second more times than he can count, earned $3,400. Dow Finsterwald of Tequesta, Fla., who finished third at 278, collected $2,200.

Ypsilanti Cagers Repeat as State MRA Champions

BATTLE CREEK, Mich. (AP)—Favored Ypsilanti held its crown by outpacing three rivals this weekend in the Recreation Assn. of Michigan basketball tournament.

The defending champions whipped Battle Creek 81-68 in the final round of the tournament after dumping East Detroit 81-69 in the semifinals. Battle Creek advanced to the finals with an 86-67 victory over Dearborn.

Ron Kramer led East Detroit in the quarter-finals Friday night with 57 points, highest for any one player in the tournament.

East Detroit outscored Flint 107-97, while Ypsilanti took a 101-93 victory over Grand Rapids. In other opening games, Dearborn defeated Jackson 82-75 and Battle Creek beat Pontiac 85-69.

Eagle 3 Launches Wiffi to Triumph

COLUMBUS, Ga. (AP) — Winsome Wiffi Smith, who drives with a brassie and chips with almost anything, staged a final round rally to win the 2nd Columbus Women's Open golf tournament.

The freckle-faced Miss Smith launched her stretch drive with an eagle-3 on the first hole and sailed in with a 4-under-par 68 Sunday.

Her 298 total nipped Louise Suggs of Atlanta, the third-round leader, and Fay Crocker of Montevideo, Uruguay, by one stroke. Miss Suggs finished with a 76 and Miss Crocker made up ground with a 72.

Mary Lena Faulk o. Sea Island, Ga., and Betsy Rawls of Spartanburg, S.C., winner of this event's inaugural last year, tied for fourth at 300. Miss Rawls fired a closing 71, Miss Faulk a 74.

Nashville AAU Champs

ST. JOSEPH, Mo. (AP)—For the second time in three years, Nashville, Tenn., has captured the Women's AAU basketball championship.

Nashville, seeded No. 2, defeated defending champion Wayland College of Texas 48-29 Saturday night and won the national tournament.

Ex-Detroit Star Gets Assist on Winning Tally

Toronto Takes Stanley Cup Series Lead After Sudden-Death Win

DETROIT (AP)—Johnny Bower and Red Kelly, aging castoffs who didn't wilt in a strenuous overtime struggle, have pulled the Toronto Maple Leafs ahead for the first time in the Stanley Cup hockey playoffs.

The two veterans played heroes roles last night as the Leafs outlasted the Detroit Red Wings through 103 minutes of hectic action. Kelly, who scored twice, set up Frank Mahovlich's winning goal for a 5-4 Toronto triumph at 3:00 of the third sudden death overtime period.

The surging Leafs, losers in their first playoff start, now own a 2-1 lead in the best-of-seven National Hockey League semifinal series. And the Leafs look like they're getting fresher.

Bower, who's a year older than his record book age of 35, played the game of his life. He turned aside 62 shots and was peppered constantly in the overtime scrambling.

★ ★ ★

"It was the best goaltending job I ever saw," said Leaf capt. George Armstrong as he embraced the craggy-faced goalie. "You have a heart as big as a football."

It was the longest playoff game since Maurice Richard's goal ended a Montreal-Detroit game at 1:09 of the fourth overtime nine years ago for a 3-2 Canadien triumph.

"I'm exhausted," said Bower, cast adrift three years ago by the New Yorker Rangers. "I'm as tired as the rest of the guys, but they were the ones out there skating."

Kelly, who spent nearly 13 seasons with Detroit before being traded to Toronto only last month, sauntered through the Leaf locker room singing.

"No, there's no extra pleasure scoring against my old teammates," said the 32-year-old redhead. "The only special pleasure I get is scoring goals."

Kelly scored twice as the Leafs erased a 2-0 Detroit margin with a four-goal eruption in the second period.

★ ★ ★

His timing on the winning goal was a thing of beauty. Kelly slipped the puck through the Detroit defense and right onto Mahovlich's stick at the goalmouth.

"I just got the tip of my blade on it," explained the 22-year-old Mahovlich, "The goal was wide open. Terry Sawchuk was on the other side of the cage."

The Wings opened a 2-0 first period lead on goals by Norm Ullman and Marcel Pronovost. But they quickly lost it when the Leafs scored three times within 4½ minutes early in the second period. Kelly started Toronto off and Dick Duff and Bob Pulford added fast tallies.

After Len Lunde tied the score 3-3 for Detroit, Kelly scored again and gave Toronto a 4-3 advantage after two periods. The Wings skated circles around the Leafs in the third period and Jerry Melnyk finally countered at 12:40 and forced the game into overtime.

Then 50 minutes of wide open, but scoreless action kept the 13,337 fans in an uproar until Kelly put the puck on Mahovlich's stick.

The Leafs and Wings return to action at Detroit Olympia tomorrow and play the fifth game Saturday at Toronto.

ROLLING BY — The puck rolls past the net and Toronto Maple Leaf goalie in the first period of the Stanley Cup playoff series at the Olympia last night where the Leafs won a 5-4 sudden death triple-overtime game from the Red Wings. Billy Harris of Toronto and Gordie Howe of Detroit nudge each other behind Bower.

The City Tournament for members of the Pontiac Women's Bowling Assn., the Elks Mixed Doubles and Milford Doubles all came up with new leaders over the weekend.

Bonnie Wood and Ruth Batts, an Orchard Lake-Pontiac combination, went ahead of the pack in craggy-faced goalie. "You have a heart as big as a football."

Family League of Utica continue to rank first among teams despite a 2973 by Banner Linen of Pontiac, captained by Doris Bender. Helen L. Smith continued her reign in singles at 700 with the high actual of 571. She is from Oxford.

At Lodge 810, Thelma Beck of Ann Arbor bowled 577 and Pontiac's Pete Evanoff 646 actual for a 1376 handicap score. Evanoff had been a previous leader with Carol Arnold of Pontiac at 1341.

G. Seeger had a 623 actual as his Ann Arbor team took No. 3 position.

A total of 192 couples have taken part in two weekends of competition.

Pontiac Wins State Boys Club Crown

Host Pontiac won the first Senior Basketball Tournament ever held by the Boys Clubs of Michigan Saturday by beating Philadelphia Club of Detroit, 68-55.

A balanced attack had enabled the locals to walloped Edgar Guest of Detroit by a 76-37 count in the semifinals. Philadelphia downed Highland Park 56-50 to reach the finals of the tourney for boys 16 through 18.

National Stars at PCH Tonight!

Slate Table Net Exhibition

An exhibition match between two of the nation's finest table tennis players and a duel between all-star teams from Pontiac and South Oakland County will be featured tonight at the Pontiac Central High School girls' gymnasium under the auspices of the Pontiac Table Tennis Association.

Sol Schiff, former world's doubles champion, and Paul Morrant, nationally ranked singles player, will meet each other in the exhibition match to highlight the evening's program which gets under way at 8 o'clock. Both Schiff and Morrat hail from New York.

Tonight's matches between the Pontiac and SOC netters line up as follows:

First round—Sidney Dickstein, Pontiac, vs. Paul Collis, SOC; Floyd Finkle, Pontiac, vs. Bud Wittus, SOC; Perc Secord, Pontiac, vs. Henry Andre, SOC; Adolph Magnus, Pontiac, vs. Larry Garland, SOC; Howard Heckman, Pontiac, vs. Ray Diehr, SOC; Carol Ryon, Pontiac, vs. Virginia Angus, SOC.

Second round—Dickstein vs. Wittus, Finkle vs. Collis, Ron Beckman, Pontiac, vs. Garland; Secord vs. Art Barnard, SOC; Magnus vs. Andre.

Mixed doubles—Beckman and Ryan vs. Collis and Angus.

Men's doubles—Heckman and Dickstein vs. Diehr and Wittus.

The PTTA'S final regular season schedule came to an end last weekend with divisional titles going to Newberry Market in the Western Division and Cone Top Boll in the Eastern Division.

L. H. Cole's team accomplished what no other team could do during the 2nd half of play by holding Newberry to a 3-3 tie. Magnus, former U. of M. singles champ now playing for Cole, defeated city titleholder Finkle of Newberry 21-19, 12-21, 21-18 in the season's outstanding match. Miss Ryan won her 40th straight match in league competition by defeating Collene Corpron 21-17, 21-19.

'Booster' Picks Look Good

TOLEDO, Ohio (AP) — From businessmen's leagues rolling on his lanes in McKees Rocks, Pa., John Brannan picked three all-star teams to compete in the booster division of the American Bowling Congress' 57th annual tournament. His selections look mighty good today.

★ ★ ★

Brannan's Booster No. 2 rolled 2,822 Sunday to take first place, and their third game was 1,049, best booster score so far in the 23-day-old tournament. The team was the first to better 2,800, and only a mediocre 839 second game kept them under 2,900. Anthony Bruens' 593 was the best individual score.

Another Brannan team, Booster No. 1, is now in third place. This team came within 10 points of taking the booster division lead when it rolled into the runner-up spot Friday night with 2,785.

★ ★ ★

Both Brannan squads are certain to finish well up in the $64,500 of prize money chipped in by the 2,580 booster quintets participating in the 79-day-long tournament. The booster division is for teams averaging 850 or less in regular league play.

The No. 1 and No. 2 teams also collected $100 each for having the high booster team score on the night each rolled. Brannan's No. 3 team ran out of the money with 2,450.

★ ★ ★

There were no open team or all-events placers turned up in the singles and doubles. Bill Tucker of St. Louis had 218-234-227—679 for ninth in singles, and Jim Vrenick and Max Legate of St. Louis shot 501-385-386—1272 for ninth in doubles. Their 501 game was the best doubles game bowled thus far. Vrenick, who was paired with Tucker in 1,958 when they won the ABC doubles championship with 1,414, contributed 650 to Legate's 622.

Best American Play of the Year?

Time Draws Near for Awards

By JACK GAVER
UPI Drama Editor

NEW YORK—However the 1959-60 Broadway theater season may be regarded—good, bad or indifferent—the time is rapidly approaching for the annual awards.

Major interest always centers in the plays. The list of those that will receive serious consideration is not long.

★ ★ ★

The New York Drama Critics' Circle will be meeting in two or three weeks, and the decision as to the best American play, the organization's major designation, is likely to be made among Paddy Chayefsky's "The Tenth Man," William Gibson's "The Miracle Worker" and Lillian Hellman's "Toys in the Attic."

About the only thing that could change that picture would be for Gore Vidal to come up with a genuine blockbuster of a drama when his "The Best Man" opens here March 31.

But however good it may be, the odds are against it because it is a highly topical play about today's politics, and the topical play is seldom an award catcher.

★ ★ ★

The same lineup of native dramas confronts the judges who make the Pulitzer Award. Vidal's play just gets in under the Pulitzer deadline although this award isn't announced until May 2. Only American plays are considered for this prize.

The Critics' Circle also gives a citation to a foreign drama, and here the choice seems to lie between British Peter Shaffer's "Five Finger Exercise" and the late Albert Camus' French drama, "Caligula."

The former is almost a certain winner. However, on the past history of Circle voting, there seems bound to be a ballot or two for some off-Broadway foreign play.

While most Circle awards go to Broadway productions, there is no rule against voting for an off-Broadway show in any category.

★ ★ ★

The Circle always votes as to whether it should give a citation to a musical. Sometimes it is felt there is nothing in this category worthy of recognition.

It is almost a certainty that this year there will be such an award, and, on the basis of the heartiness of the review, it can only go to "Fiorello!" by a landslide.

There may be a stray vote or two for "Take Me Along," "The Sound of Music" or "Gypsy," but don't bet on this.

And, bringing up off-Broadway again, "Little Mary Sunshine" might encourage someone to dissent from the majority in the musical field.

The annual Antoinette Perry awards (Tonys) made by the American Theater Wing present a slightly different picture. Until this year the normal closing of nominations for these awards was March 1; now it is March 31.

★ ★

This means that two important plays of last season, Tennessee Williams' "Sweet Bird of Youth" and Lorraine Hansberry's "A Raisin in the Sun," screened a year ago by the Critics' Circle and the Pulitzer judges, are in competition for Tonys along with this season's shows.

It might be significant in this respect that "A Raisin in the Sun" was the Circle's No. 1 selection last April.

Economic Pace Is Quickening

Record U. S. Production Rate, Stock Rally, Rise in Car Sales Notable

NEW YORK (UP)—Renewed vigor was injected into the business bloodstream last week.

These developments improved an economic picture that had been getting rather cloudy:

1. The nation's production hit a record rate of about 500 billion dollars annually in the January-March quarter.

2. Retail sales, including new passenger cars, picked up.

3. The stock market staged a rally.

But everything wasn't rosy. Steel and automobile production dipped from the previous week. Living costs in February jumped back to the record level of November and indications were that they were on an upward trend.

The production gain of 16½ billion dollars over the fourth quarter of 1959 was the biggest in 10 years.

★ ★ ★

It prompted one high government official to say,

"A recession this year is conceivable only if the auto industry goes sour."

The rise in car sales in the second third of March was sweet news to the auto industry. It was hailed as the start of the anxiously awaited spring buying spurt.

Retail trade as a whole advanced appreciably over the previous week, when bad weather plagued stores. It was below a year ago but valid comparison was impossible because of the earlier Easter in 1959.

Some Ports Expect Gains This Year, Though

Seaway Growing Pains Foreseen

CHICAGO (UPI) — Port officials hope improved dock facilities, larger ships and a year of experience will help cure the pangs that attended the birth of America's "fourth seacoast."

But they warn that growing pains lie ahead for the young world ports of the Great Lakes, and headaches for the shipping interests that use them.

A survey of the lake ports indicates the rosy optimism that preceded the opening of the St. Lawrence Seaway a year ago has been tempered by the seaway's failure to live up to expectations last season.

Predictions for business at individual ports in 1960 range from a so-so "as good as last year" at Chicago's Calumet Harbor to "double last year's tonnage" at Buffalo, N.Y., and some small ports.

Original forecasts called for 29 million tons of cargo to move through the seaway during the season which will open about April 15. However, few if any experts still anticipate that high water mark will be reached.

20 MILLION TONS IN '59

About 20 million tons of bulk and general cargo funneled through the reamed-out, deep-water route last season. That was 7 million tons more than in 1958 but almost 5 million tons short of predictions.

Seaway opponents, still active, point to a $3,400,000 toll deficit in the inaugural season.

Some Canadian shipping interests predict a possible decline in the number of salt-water vessels using the seaway this year. They say many first-time entrants into the lakes were disillusioned by congestion in the Welland Canal, accidents in the unfamiliar locks, and slow turn-arounds in port.

John A. Ulinski, executive director of the Niagara Frontier (Buffalo) Port Authority, and Harry Brockel, port director at Milwaukee, Wis., both see a brisker business this year.

Ulinski says officials have worked out a smoother method of shuttling ships through the seaway and the big waterway "won't be hampered by the costly traffic jams" that occurred last year.

Brockel says there will be more ships this season and they'll be larger, due to remodeling during the winter.

The survey shows this port-to-port outlook:

MILWAUKEE: Brockel predicts the big Lake Michigan port will handle about a quarter-million tons this season, compared to 194,000 tons in 1959. The 1959 figure was a record and triple the 1958 tonnage. Eastern firms have indicated they'll export vegetable oil through Milwaukee, one new shipping line has indicated it will send ships to the port, and the Continental Grain Co. of New York plans to ship grain from Milwaukee.

BUFFALO: Ulinski predicts a "great" year. He says the port provided accommodations for 139 vessels in 1959 and "we expect this figure to double this year."

CHICAGO: Capt. John A. Manley, port director, predicts a 22 to 25 per cent increase in general cargo over last year's 850,000 tons. He says the flow of bulk cargo is "hard to predict." A spokesman for the Chicago Regional Port District says terminal operators at Lake Calumet Harbor expect "as good a season as last year." Skippers complained last season about the long, tortuous entry to the harbor and about stevedoring inefficiencies and slowdowns.

CLEVELAND, Ohio: Most shippers, port officials and businessmen feel this season will surpass last year. Their estimates range from 250,000 tons up to a possible volume of 300,000 tons, mentioned by Port Director William J. Rogers. Last year 583 oceangoing ships moved 220,000 tons of overseas cargo. The previous year 475 ships handled 80,000 tons.

TOLEDO, Ohio: The Toledo-Lucas County Port Authority anticipates a "substantial" increase in shipping. A spokesman predicts between 250 and 260 arrivals. There were 156 in 1958 and 214 last year. C. J. Kucera, transportation commissioner of the Toledo Board of Trade, would venture no guess on 1960 grain movements, but says some board members believe trade will be brisker than last year.

DULUTH, Minn., - SUPERIOR, Wis.: The Seaway Port Authority predicts general cargo shipments this year will triple the 16 thousand tons handled last year. A grain company spokesman anticipates —86 million bushels last year—will soar to between 120 million and 130 million bushels in the seaway's second year.

DETROIT, Mich.: The port expects a slight decrease in the number of oceangoing ships but an increase in gross tonnage.

MUSKEGON, Mich.: It expects to double the record 49,650 tons of overseas cargo handled in 1959.

KENOSHA, Wis.: Chairman Casey Schmitz of the Harbor Commission says the port will double the 41 foreign sailings and the 14,749 tons of exports-imports recorded in 1959.

Cut-Nixon Drive 'False Alarm'

Dem Group Rejects Preconvention Plan for Lampoons on TV

DETROIT (AP)—A Democratic proposal for a $400,000 "cut down Nixon" television splurge before the July national political conventions has been tagged today as a false alarm.

Neil Staebler, Michigan Democratic chairman, said a substitute "do-it-yourself" advertising promotion was recommended instead by his national campaign subcommittee on campaign techniques.

Staebler said the subcommittee proposal was submitted to National Chairman Paul Butler as head of the 28-member campaign group's Steering Committee. Staebler said he was sure the $400,000 idea was dead.

The entire project, subject of conflicting reports, stirred sharp criticism in some quarters.

In Trenton, N. J., Gov. Robert B. Meyner, apparently assuming the expensive television proposal still was alive, said:

"You don't beat Madison Avenue by acting like Madison Avenue."

His representative on Butler's campaign committee, Robert J. Burkhardt, said "We're in debt half a million dollars now. I have no objection to preconvention activity as such. But the ads as presented to us left something to be desired."

A San Francisco ad agency retained by the Democratic National Committee proposed buying national TV time to run a series of anti-Nixon, anti-GOP trailers and animated cartoons starting in a few weeks . . . on the premise that this would be an effective start for a 1960 democratic national campaign regardless of the party's choice of a presidential candidate.

The subcommittee rejected the plan, recommending instead a 10,000-$15,000 program for having the advertising agency prepare campaign kits providing anti-Nixon and anti-GOP material. The kits were to be distributed by mail.

Soybean Products in Good Demand

CHICAGO (AP)—Soybean futures were in good demand today at firm prices in early dealings on the Board of Trade while grains eased generally.

★ ★ ★

Nearly all soybean contracts moved up major fractions during the first several minutes on the strength of soybean oil and soybean meal. Over the weekend Spain bought 13,600 tons of soybean meal.

★ ★ ★

Soybean oil, in one of its strongest markets in several weeks, advanced as much as 8 cents a hundred weight in spots.

★ ★ ★

Subsidy bids of 2 cents a bushel were accepted by the Department of Agriculture over the weekend on 1,840,000 bushels of corn for export by the end of June.

Market Uneven, Trade Moderate

NEW YORK (AP) — The stock market moved unevenly as trading slowed to a moderate pace early this afternoon.

Small gains and losses prevailed among the list of key stocks. A slight tendency toward the downside became apparent after midday.

Moderate gains by airlines, tobaccos, utilities and scattered issues helped support the averages. Most major groups were mixed.

The major steels were mostly off by fractions while Big Three motors were unchanged to a bit lower. Rails, oils and chemicals were irregular.

The fact that living costs seemed headed upward again was an inflationary factor but it was countered by rather drab news including reports that steel production appears headed for a gradual decline.

Some brokers felt that the approach of the income tax was a dampening factor and that the market must inevitably test recent lows.

A few stocks made wider moves in response to recommendations or special developments.

Marquardt halved an early loss of more than 2. There was further talk of a cutback by the Defense Department in the Bomarc program for which Marquardt makes the ramjet engine. Boeing, prime contractor for the Bomarc, was down a small fraction.

Reports Buick, Olds to Unveil Compacts Soon

DETROIT (AP)—The tradepaper Automotive News said today the new compact cars of Buick and Oldsmobile will be introduced later this year with water-cooled aluminum V8 engines.

Joseph M. Callahan, engineering editor of Automotive News, said the engines will develop 140 to 150 horsepower and will have 215-cubic-inch displacement.

He said the engines will be cast from pig aluminum at General Motors' Central Foundry Division plant at Defiance, Ohio. Earlier reports had said that if aluminum were used the engines probably would be cast at the Bedford, Ind., plant.

Callahan said he learned a new molten metal contract between Alcoa and the Bedford plant would not provide enough metal.

The Automotive News story said machining and assembly of the engine will be at Buick's engine plant in Flint for both the little Olds and the little Buick. It said pilot models of the engine have been produced at the rate of 50 per day for the past three months.

General Motors had no comment on the story.

Nixon Nebraska-Bound

Crime Syndicate Growing in U.S.

Dems on Senate Labor Committee Calling for New Federal Agency

WASHINGTON (AP)—The Senate Labor-Management Committee charged today a "crime syndicate" is extending sinister and mounting power across the nation in a plot to rule the economy.

The committee's four Democratic members called for creation of a vast new federal police intelligence agency to crush the scheme.

The four Republican members vigorously opposed that proposal, contending it smacked too strongly of the national secret police idea.

* * *

They said it could lead to grave abuse of innocent persons; that it might itself become a handy aid to corrupt officials in league with the underworld, and might actually impede the Justice Department's current war on crime.

The bipartisan committee was unanimous, however, in findings that:

1. "The grip of hoodlums and racketeers on the American economy continues to grow."

2. James R. Hoffa, international president of the Teamsters Union, is an ally of some of the mobsters the report denounced.

3. Alliance with corrupt labor leaders is a major tool used to further the alleged conspiracy.

* * *

The committee's findings were in the third installment of a four-volume report to the Senate on its 1959 investigations. The committee's authority expires Thursday, but a move is afoot to extend these powers until Jan. 31, or shift them to another group.

TV News and Reviews

Vanished American Hero Given Absorbing Epitaph

By FRED DANZIG

NEW YORK (UPI)—Last night's Sunday Showcase on NBC-TV, "The American," was unusually absorbing and meaningful.

It unrolled an intricate web of ironies with an admirable mixture of subtlety, directness and compassion.

Author Merle Miller effectively conveyed the frustration, deep feeling of fright, guilt, insufficiency and fraud that he attributed to Ira Hayes, the Pima Indian who became a war hero, savored public adulation and died as a tormented, ineffective alcoholic at the age of 32.

Also illuminated with memorable effect were the less honorable aspects of governmental Indian policies, the heartlessness of overcommercialization and the often overlooked dual nature of heroism —its reality and its fiction.

Miller's pithy dialogue added to the impact of his carefully selected, neatly constructed scenes. Further locomotion was given the production by John Frankenheimer's direction.

Frankenheimer used his cameras with remarkable eloquence and contributed greatly to the play's power. The production was videotaped on location in Tucson, Ariz., and Stony Point, N. Y.

Lee Marvin portrayed Marine hero Hayes, who was shoved into the national limelight following the celebrated Iwo Jima flag-raising in 1945.

Marvin caught the varied nuances of his role magnificently. Steven Hill also delivered a sturdy, compelling performance as George Ira's pal, who saw Ira being abused and used and wasted and was powerless to help him.

In lesser roles, but of equal excellence, were Frank Corsaro, Milton Selzer, Frank Overton and Tom Carlin.

I hope our good neighbor policy is hardy enough to survive such things as last night's "Mexican Fiesta" on NBC-TV.

The hour purported to be a book musical filmed in color against various scenic attractions, south of the border. While there were some interesting shots of the Pyramid of the Sun, the Plaza of Guadalupe and a bull ring, most of the hour merely served as a vehicle for routine night club, acts from Mexico City.

The show lacked imagination, freshness and credibility. Janet Blair contributed her vivacity and such Mexican songs as "Jeeper's Creepers" and "Lover, Come Back to Me."

Her guides on this so-called tour were Gilbert Roland and Ricardo Montalban. After this Mexican fiasco, they're probably tempted to try bullfighting.

DIALING AND FILING: TV had its ups and downs yesterday. NBC-TV's Chet Huntley reported on the sophisticated space achievements of Pioneer V, our sun satellite.

Small Word on CBS-TV switched to videotape for last night's discussion and the big advantage is that we now can see Ed Murrow more clearly through all the cigarette smoke.

TREE CHANNEL SWIM: Ruth Gordon's "Years Ago," scheduled for CBS-TV's DuPont Show of the Month on Thursday, April 21, will star Robert Preston and Sandra Church. Miss Church has the title role in the broadway musical, "Gypsy."

Jackie Gleason reports that the CBS-TV play he co-authored, "Million Dollar Incident," will costar Mickey Rooney and Edward R. Murrow (in the role of a network executive). Taping is set for May. Air-time in the fall.

Alan Mowbray, Alan Young, Vincent Price and The Great Ballantine have joined the cast of "Tenderness Ernie meets King Arthur," the startime special on NBC-TV for Tuesday, May 12.

Harry Belafonte's schedule of specials for a cosmetics firm (Revlon) has him doing one next October, two in 1961 and one in 1962. Network undecided, but CBS-TV is the likelihood.

One of Rawhide's fall episodes is planned as a musical, "Incident of the Pitch Wagon," based on Stephen Foster's career as a cowpoke.

John Wayne's son, Pat, has a featured role in Have Gun, Will Travel, on CBS-TV April 30.

MSU Glee Club to Give Waterford Concert Tuesday

One of the state's most popular singing groups, the Men's Glee Club of Michigan State University, will present a concert at 8:15 p.m. Tuesday in Pierce Junior High School, Waterford Township.

Under the direction of Edward Richmond, the 60 male voices will sing spirituals, folk songs, romantic music and college favorites.

A Waterford graduate and member of the high school choir, Richard Holtzday of 475 Scott Lake Rd. will be a participant.

Director Richmond has been a member of the MSU department of music for the past nine years. Prior to that he directed the Concert Choir and taught voice at North Central College in Illinois.

The public has been invited to attend the affair which is being sponsored by the Waterford High School A Cappella Choir.

Dems in Feverish Frenzy Over Pithy Dinner Slogans

By HARVEY ZUCKERBERG

DETROIT — More than 3,500 rabid ($35 per plate) Democrats jammed Detroit's Light Guard Armory to hear their party's champions ballyhoo the cause for liberalism and lampoon Richard M. Nixon.

The "grass roots" of the Midwest Convention and Saturday's Jefferson-Jackson Day dinner whipped into a feverish frenzy as the big boys stirred their hoopla.

These are some of the pithy remarks of the Democratic leaders (in order of introduction) that received a tumultous Jack-in-the-Box response from the crowd.

Neil Staebler, state chairman — "We can practice crop rotation with our abundance of fine presidential candidates. And what have the Republicans got — a cover crop.

"Republicans do a political can-can. First forward and then backward. The American people are getting fed up with middle-of-the-road conservatism."

Speaker of the House Sam Rayburn — Mr. Sam cited the "mismanagement and due-nothingness" of the Republican Party.

"People are tired of indecision and lack of leadership.

"We are second in the missile race.

"The same bickering, dissention and jealousies exist between the services.

"We probably have fewer friends in the world today than we've ever had."

National vice chairman of the Democratic Party Katie Louchheim — "The Republicans' candidate is a vice presidential retread."

Paul M. Butler, national party chairman — "Democratic organization in Michigan is the most effective in the country today.

"We are interested in issues confronting the nation rather than personalities.

"I am neutral to the candidates for the Democratic nomination.

"The convention will not be rigged in a smoke-filled room. The Democratic Party has no secrets to hold from the American people. We will choose our candidate and develop our platform openly."

Sen. Wayne Morse from Oregon — "We don't want the dictates of a political boss such as exists in the Republican Party. We want liberalism.

"The Democratic Party must not try to duck the human rights issue or compromise it. Enforcement laws to the 14th amendment must be put into effect."

Sen. Eugene J. McCarthy, junior senator from Minnesota speaking for Hubert H. Humphrey — "The Republicans have homogenized politics. You can't sort out the issues. You can't even distinguish the different Nixons. He uses the truth only when it serves him."

THE FARM ISSUE . . .

Gov. Robert B. Meyner of New Jersey — "The farm issue does not only concern farmers but all Americans. We are paying millions of dollars a day to store grain, only to let it rot. Why can't we match source to need."

Sen. John F. Kennedy of Massachusetts — "We should continue Franklin Roosevelt's New Deal and Harry Truman's Fair Deal.

"We must provide equality in the five-and-ten-cent stores and the lunch rooms of the United States."

Castro Sparks Fear of Invasion

Leaves Sickbed to Ask Cubans for More Money to Fill Defense Chest

By ROBERT BERRELLEZ

HAVANA (AP) — Fidel Castro left a sickbed Sunday to beat the drums of fear of invasion and whip up enthusiasm among his Cubans to dig deeper into their pockets to finance a defense war chest.

Looking haggard from the effects of the grippe, the bearded prime minister charged big American business interests were organizing armies of mercenaries to invade.

With his brother Raul, Cuban minister of armed forces, by his side, Castro warned in two fiery speeches that Cuba's new militia —the people's army—would destroy any invasion.

At a rally for militia members, some 50,000 uniformed workers, peasants and students—including women—cheered the prime minister's declaration that "all the peoples of the world are behind this army."

He asserted the only hope left for his enemies was the "unfounded hope that Americans are going to come to resolve all their problems." He charged "the attacks we are receiving from great North American interests are not accidental."

Castro declared that any army of mercenaries organized by foreign companies would find Cuba tougher "then they did Guatemala in 1954"—a reference to the overthrow of the Red-tinged government of Jacobo Arbenz Guzman.

Castro repeated his warnings in another speech before thousands of sugar workers, who pledged to freeze their salaries at the present scale and even take a cut in pay if necessary to help the revolution.

Eaton Will Build Center in Southfield

The Eaton Manufacturing Co. at Cleveland has announced plans to build a new and expanded research center at Southfield in the near future.

Construction is scheduled to begin soon, John C. Virden chairman and president of the firm, said today. The new center, to cost about $1,250,000, will replace a structure the company now has in Detroit, he added.

It will occupy a nine-acre site at 10½-Mile road and Northwestern highway.

A 30,000 square foot building of contemporary design is planned by the company which manufactures electrical and mechanical automotive parts.

Teamster Cash Got Love Nest

Rackets Probers Say Taxi Union Boss Spent $40,000 on Secretary

WASHINGTON (UPI) — Joey Glimco, head of the Chicago Taxi Drivers Union, spent $40,000 of union money on a love nest for himself and his secretary, the Senate Rackets Committee said today.

A report on the committee's investigation of unions said Glimco diverted about $50,000 of the money earmarked to remodel the union's office quarters and used most of it to buy a $40,000 home for himself and his secretary, Miss Laverne Murray.

Glimco and Miss Murray, according to the report, also took a $1,045 trip at union expense to Los Angeles, Calif., where they stayed as man and wife at the Bel Air Hotel.

The report labeled Glimco, president of Local 777 of the Teamsters Union, a companion of hoodlums and public enemies, "a common thug and criminal . . . a parasite on the labor movement and a leech on society."

But the committee said, Glimco took a back seat fo John T. O'Brien, secretary-treasurer of Local 710 in Chicago and second vice president of the Teamsters International.

"For sheer brazen plunder, the story of O'Brien and his companion officers and how they siphoned off huge amounts of the union dues was unequalled in the committee's experience," the report said.

The committee said O'Brien, President Frank Brown of Local 710 and two other officers drained the local's treasury of $1,136,275 in salaries, vacation allowances, Christmas bonuses and commissions during the years 1952-58. Brown retired in 1953.

It's Nice to Be Adult About Such Matters

By EARL WILSON

NEW YORK — So what's the news from Weirdsville?

You have to hand it to Ava Gardner and Frank Sinatra for being adult about It All. She's relaxing in his Central Park South Apt.—and will get out to go to Hollywood about the time he arrives here from Miami.

WILSON

How about that line of Bob Hope's? Introducing Katherine Murray as "the original Arthur Murray loser"?

* * *

Zsa Zsa Gabor and Joan Crawford'll soon been in each other's wigs over Franchot Tone—and some frank remarks that passed between them at dinner. Zsa's reportedly "thinking about" returning Sidney Barton's 15-carat "friendship ring" . . . Kim Novak's finished a portrait of San Francisco painter Walter Keane who discovered that she "has great talent with a brush." Kim liked his portrait of her, too, 'cause she looks almost flat. "First time anybody ever played that department down," she says.

Frank Sinatra's new talent agency's plans are really raising Cain in Show Biz . . . Tommy Sands phoned dtr. Nancy from Australia to Miami to tell her his little girl fans there brought him presents for her . . . Hollywood's new sexpot, Ziva Rodann, belies all the yarns about big blouses making big stars. Ziva, born in Haifa, for awhile a student in St. Louis, confesses being only a size 34½.

THE MIDNIGHT EARL . . .

Arthur Miller, dining out, dutifully took a strawberry dessert home to Marilyn . . . Linda Darnell's cafe act (being written by Ell Basse) will include tenor Thomas Heyward of the Met.

Bomber Wants to Be Forgiven

Teen Who Attacked Synagogue Would Ask Rabbi's Pardon

GADSDEN, Ala. (AP) — Jerry Hunt, 16, wants to ask a rabbi to forgive him for the fire-bomb and rifle attack at a synagogue.

Hunt is being held on two counts of assault with intent to murder because two men were wounded during the brief anti-Semitic violence Friday night.

* * *

Police Commission H. T. Mashburn said Hunt is still arrogant but expressed a deire Sunday to apologize and ask forgiveness of Rabbi Sol Rubin of the Beth Israel Reform synagogue.

Police said the high school pupil signed a statement detailing how he hurled a home-made bomb at a synagogue window and then opened fire with an automatic rifle when two men ran out to investigate. He was arrested Saturday.

* * *

Hunt said he carried out the attack as revenge after he had words with two Jewish boys several weeks ago.

Dr. Rudolph Diesel patented the engine with which his name is generally associated in about 1892.

Mourning 72 Riot Deaths

South African Negroes Remain Home

JOHANNESBURG (AP)—Thousands of South African blacks stayed quietly home from work today to mourn the 72 Africans killed by police gunfire last week.

By 8 a.m. it was apparent, that the request of Albert Luthuli, president of the African National Congress, for the mourning demonstration was being followed by a large proportion of Johannesburg's African population.

* * *

One of the big suburban railway depots for Africans working in the city said no tickets had been issued up to 7:30 a.m.

Some Africans showed up for work in Johannesburg, but few were seen on streets normally teeming with them. The African Congress' national headquarters said the observance was apparently general.

FEW NEGROES AROUND

At Orlando, a large African township southwest of Johannesburg, members of the Pan Africanist Congress estimated 90 per cent of the workers were staying home.

At Sharpeville, where 64 Africans were slain by police a week ago, few Africans were in evidence. Few reported for work in nearby Vereeniging, the nation's biggest coal and steel center.

* * *

Police were stationed at the main African railway stations in Johannesburg to watch Africans coming into the city, but they reported all quiet. Johannesburg's non-European buses were running but with only very light loads.

INDIANS INVOLVED

Many Indian-owned shops in Johannesburg also closed for the day. At Durban an Indian bus in an African township was stoned, apparently because those aboard were not joining in the mourning.

The lack of volence was partly attributed to the government's backdown Saturday on its requirement that Negroes carry passbooks and show them whenever police demand.

* * *

The police fire last week was directed at demonstrators against the passbooks who were trying to get themselves arrested to fill the jails, clog court procedure, and cause an economic breakdown.

Reds' Bombers Causing Worry

Transport Plane Also Far Ahead of Anything U.S. Has Built

WASHINGTON (UPI) — Some military leaders fear the nation's defenses against Russian bombers may fall apart, Defense Department officials admitted today.

This was brought out when the officials were questioned about the continuing shift of emphasis to missiles and missile defenses, a development that has cut heavily into the U.S. antibomber program.

* * *

The military leaders are not certain the Soviet Union intends to rely solely on Intercontinental Ballistic Missiles in event of war.

They cite intelligence reports that the Russians are building a huge 1,500-mile-an-hour commercial transport called the "Bounder". They say this is far ahead of anything the United States has and may as well be considered a bomber, especially if U.S. air defenses are inadequate.

The Soviets already have an estimated 150 Bison intercontinental jet bombers. Although the fleet is small compared to America's 500 B52s, officials point out that any one of the planes can transport more explosive power than was carried by all bombers of World War II.

* * *

The latest air defense cutbacks Friday took more than 300 million dollars from the Bomarc antiaircraft missile and $275 million dollars from the "Sage" electronic antibomber system. Earlier, the Air Force canceled the F108 supersonic fighter plane, on which $150,000,000 had been spent.

* * *

America's active programs contain nothing remotely comparable to the "Bounder" which, if successful, could give the Soviets a sensational advantage in civilian transport as well as the makings of a military advantage if manned bombers turn out to be important.

Brynner Gets Divorce, Ready to Marry Again

CUERNAVACA, Mexico (UPI) —Fellow actors of Yul Brynner, who is filming a new movie here, said yesterday he would marry Yugoslav model Doris Kleiner "momentarily."

The way was cleared for the expected marriage after Brynner's wife of 15 years, the former Virginia Gilmore, divorced him in Juarez, Mexico on grounds of incompatibility. She was awarded custody of their 13-year-old son Rocky.

Dems Vow Fight to Aid the Aged at UAW Rally

By GEORGE T. TRUMBULL JR.

DETROIT — All the avowed might of Democratic presidential timber was pledged yesterday toward winning hospital and health insurance for the aged.

An estimated 10,000 persons took advantage of the spring weather to attend a UAW-sponsored rally at the State Fair Coliseum to plug for passage of the bottled up Forand bill to aid retirees.

But all in the congregation weren't retirees or the aged.

Because of the presence of presidential candidates Sen. John F. Kennedy, Sen. Hubert H. Humphrey and Sen. Stuart Symington, the three-hour rally was more like a Hollywood screen test for the 1960 White House production.

If applause, handshakes and autograph requests are criteria of which will win the starring role, Kennedy is a cinch. The handsome and tanned heir to fortunes received most of the attention.

He had to fight his way out of the coliseum while Symington and Humphrey made their way to the exits hardly noticed.

This attention paid to Kennedy, who went into the rally as a front-runner for the nomination, could mean more than a display of his political popularity, although party leaders seek to avoid what they call a popularity contest among candidates.

It could be a clue to which of the candidates will earn the endorsement of the huge United Auto Workers union.

REUTHER PLAYS IT COOL

Yesterday marked the first appearance of the three candidates with UAW President Walter P. Reuther. Reuther played it cool.

When a photographer asked the head of the huge union to get between the threesome, Reuther refused. "I want these fellows as they are. This is good," said Reuther keeping his middle-of-the-roadness intact—so far.

Kennedy, however, got the choice seat on the stage next to Reuther. Symington had Emil Mazey, UAW secretary-treasurer, on his right. Humphrey drew the seat in between.

Afterwards, all three hopefuls blistered President Eisenhower and his administration for blocking the Forand bill in committee. Reuther and Gov. Williams got in their licks, too.

Petitions were passed through the crowd. The union plans to forward them to Washington urging passage of the Forand bill.

It would amend the Social Security Act to provide insurance against the cost of hospital, nurs-

Blazing Crosses Mark Weekend

100 Are Burned in One Alabama County; Police Arrest 5 Klansmen

By The Associated Press

The ninth week of antisegregation demonstrations began in the South today following a weekend wave of cross burnings.

★ ★ ★

Hooded Klansmen burned crosses in Alabama, Georgia, Florida and South Carolina as students in the North and West joined Negroes in their campaign against separate lunch counter facilities.

Five men were arrested as a result of multiple cross burnings near Anniston, Ala., Saturday night.

"We just wanted to show the public we are organized and ready for business," one unidentified Klansman told a policeman in Calhoun County, where more than 100 crosses were set ablaze.

★ ★ ★

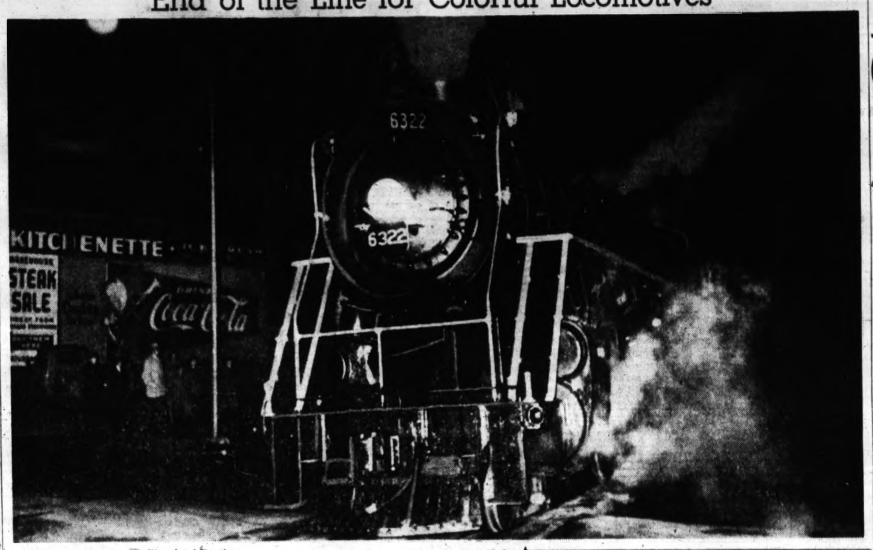
Crosses also were burned in Savannah and Marietta, Ga., Clearwater and Jacksonville, Fla., and in Orangeburg, Greenville, Columbia, Greenwood and Charleston, S.C.

Negro attemps to break color lines at lunch counters in Virginia, West Virginia, North Carolina and Texas were made Saturday.

★ ★ ★

Both white and Negro students supporting the campaign of Southern Negroes picketed stores in State College, Pa.; Iowa City, Iowa; Los Angeles, Calif., and Albany, N.Y.

End of the Line for Colorful Locomotives



Pontiac Press Photo

HOME STRETCH — Rolling into Pontiac on its last return trip, the steamer made its exit in a blaze of glory Sunday. This "favorite" among rail fans, a Northern-type locomotive, pulled 21 cars and about 2,000 people on its final run. Once the greatest power to run across the North American Continent, the steam locomotive has given way to the diesel. Yesterday, thousands lined the Grand Trunk Western tracks from Detroit to Durand to wave a final hail and farewell.

Puffing Grand Trunk Engine Steams Into History Books

"Gonna wide on a choo choo twain, Daddy," said a two-year-old boy.

How can you tell him they're taking the choo-choo out of the train?

Or that the little engine that could—can't. That was the story yesterday, as steam died on the Grand Trunk.

Railroad officials surely made the understatement of the year when they announced two weeks ago that on Sunday, March 27 "more than 400 rail fans will leave on a special excursion to Durand marking the final steam run on the Grand Trunk Western."

★ ★ ★

More than 3,000 rail fans showed up for the trip yesterday—and another 1,000 were turned away. Of these who went, many made the round trip standing.

What originally was to be a "seven-coach train" grew into a two section train consisting of 33 cars, making stops in Royal Oak, Birmingham, Pontiac, Holly and Fenton.

Several thousand men women and children lined the tracks at the Pontiac station. The first section of 14 cars roared in 30 minutes late with little or no room for additional passengers.

★ ★ ★

The second section, with 21 cars, arrived 30 minutes later. Everywhere it went, people lined the tracks whispering "This is the last steamer."

Grand Trunk Western was the last major railway in the country to use steam engines.

The whistle-blowing smoke-belching locomotives have now been replaced with more sophisticated horn-blowing, efficient, almost antiseptic diesels.

But the steamer had a first rate funeral. Truckers stopped on highways to watch her make the last run.

★ ★ ★

A small boy stood by a weather beaten scarecrow in a cornfield near Fenton, and waved.

Fishermen poured from their shanties on frozen lakes along the way waving a final tribute.

At the throttle of the first train was William "Wild Bill" Emmons, of Detroit. Guiding the larger section were engineer Henry A. Wix Jr. and fireman Adam Cellinski, both of Detroit.

★ ★ ★

A "fan" asked Wix to pose for a snapshot next to his locomotive. He smiled at me and said, "If I had a beer for every picture taken of me today, I'd not find my way home tonight."

He looked up at the steamer. "Somehow it's not going to be a railroad without her."

"I've been with the railroad 15 years, and my dad was for 40 years before me. We're losing a member of the family."

But the saddest losers were the smallest children.

Scout-O-Rama Attracts Thousands

Even Warmer Weather Ahead; Rain Possible

Warmer weather with the possibility of showers by evening Tuesday is the forecast for Pontiac and vicinity.

Following a drop in temperatures to a low near 36 tonight, the mercury will climb to a high near 56 tomorrow, accompanied by partly cloudy skies. Winds will be variable at 8-15 miles.

Temperatures will average about five degrees above normal for the next five days. The normal low is 27-32 degrees, normal high, 46-51.

A rise in weekend temperatures caused thawing which resulted in flooding on Northwestern Highway and dampness in some area basements.

★ ★ ★

Today the thermometer registered 39 degrees at 8 a.m. in downtown Pontiac, the mercury rising to 44 by 1 p.m. Winds were northeasterly at six miles an hour.

Adults Blamed for Bad Youths

Speakers Flay Laxity of Parents at White House Conference

WASHINGTON (AP) — If there is anything wrong with the younger generation, the adults of this country have only themselves to blame.

★ ★ ★

That sentiment, expressed by speaker after speaker, set the tone today as 7,000 delegates to the White House Conference on Children and Youth swung into their first full day's work. The meetings continue through Friday.

The cure for what ails youth, they said, must be found by treating the moral sickness of their elders.

"The basic problem of the young is not complicated, it is the apathy and perfidy and poor examples of the adult generations," said Miriam D. Hanks of Salt Lake City, an elder of the Church of Jesus Christ of Latter-day Saints.

★ ★ ★

Elder Hanks' theme, in a speech prepared for one of the five assemblies during the day's activities, was echoed by Prof. Abraham Heschel of the Jewish Theological Seminary of America in New York.

"We, the grownups have delegated our moral responsibility to the schools, the social agencies, or community funds," he said in his prepared remarks.

"We have time for hobbies, for watching baseball; we have no time to help the needy, to sustain the sick, to offer companionship to the lonely, no time to offer guidance to our children.

★ ★ ★

"What we need are not more school buildings and more playgrounds, but also the restoration of the home, the resurrection of the parent as a person worthy of being revered as an example of devotion to responsibility."

Union Cash Nearly Used to Buy Arms

WASHINGTON (AP)—Senate rackets probers took credit today for preventing $300,000 in Teamster union money from being spent on a 1959 plot to smuggle arms to Cuba and the Dominican Republic.

★ ★ ★

In a report, they singled out as principals in the "plot" Louis (Babe) Triscaro, president of Cleveland Teamster Local 436, and three other men.

Triscaro and the others, said the report, "were involved at various stages in the bizarre plot to use surplus U.S. planes to smuggle arms to the Caribbean area, which was nipped in the bud by U.S. customs agents."

★ ★ ★

The report said the plan—never consummated—was to sell planes and arms to Cuba shortly after Fidel Castro took over and to the Dominican Republic.

The report claimed Triscaro was in communication with Teamsters President James R. Hoffa during arrangements.

★ ★ ★

Rackets Group Calls Him Betrayer

Ask Hoffa Be Dethroned

WASHINGTON (AP)—The Senate Rackets Committee today invited the courts and executive agencies to swing any Sunday punch that might be aimed at removing James R. Hoffa as Teamsters Union president.

The committee, in a report to the Senate, called Hoffa an ally of gangsters, betrayer of fellow unionists, and a corrupter of men.

Ending three years of investigation, during which it repeatedly called him a disgrace to the labor movement, the committee voiced this unanimous declaration:

"From this point on, the fate and future of James R. Hoffa rest with the executive and judicial branches of the government, the monitors (a court appointed group created to try to police the Teamsters) and inevitably with his own members."

★ ★ ★

"The decent elements of organized labor have hung a pariah's label" on Hoffa, the committee said, renewing its 1958 finding that he should be ousted.

"If Hoffa is successful in combating the combined weight of the U.S. government and public opinion, the cause of decent unionism is lost and labor-management relations in this country will return to the jungle era," it said.

"Plundering of union treasuries and health and welfare funds, ruthless denial of democratic procedures, and outright betrayal of rank and file members were clearly established," the committee charged.

★ ★ ★

It said Hoffa had bargained away wages and other benefits midwestern Teamsters might have received, then undermined Teamster wage levels in New York so his midwestern contracts wouldn't look too bad.

Hoffa said he always got for the Teamsters the best contracts in the whole collective bargaining field. The committee said this claim now has been exploded.

We Can't Afford Jitney Setup, Claims Official

Sytsma Says He Regrets Inconvenience to Many Regular Patrons

Public transportation in Pontiac suffered a new blow today as striking bus drivers announced their "courtesy ride" service will end tomorrow evening.

"We can't afford the financial requirements of the city's new ordinance," explained John Sytsma, president of Pontiac Local 1097 (AFL-CIO) of the busmen's union.

★ ★ ★

Sytsma said he regretted that withdrawal of the service would adversely affect hundreds of persons who have used courtesy rides regularly since the buses stopped rolling Dec. 5.

There appeared little likelihood that the city would now be able to find any means to put the special stop-gap jitney plan into effective operation.

During the 114-day strike against Pontiac City Lines, Inc., drivers have used their own cars to pick up passengers along established routes and at established times, receiving donations which have amounted, usually, to 25 cents a ride—the same as a bus fare.

★ ★ ★

Bus drivers were telling their regular passengers today that the service would be discontinued at 6:30 p.m. tomorrow at the end of their regular runs.

At midnight tomorrow, the drivers would have had to be licensed as special jitney operators in order to continue the service in accordance with emergency regulations adopted unanimously by the City Commission March 15.

The regulations had been recommended to the city by the

ing home and surgical services to all those eligible for old age and survivors insurance benefits.

The three candidates, Reuther and Williams let it be known that 16 million Americans over 65 years old stand to benefit.

The union president was most vocal in denouncing the administration for delaying passage of the measure. He lambasted Eisenhower in particular for receiving all his housing and medical care at government expense.

★ ★ ★

"Yet he says to you folks get lost but don't get sick because I'm not going to help you get that bill passed," Reuther said.

THERE TO HEAR HOPEFULS

But it was obvious from the uneasiness in the crowd that the men and women had not come to hear their leader, their governor or Sen. Patrick V. McNamara, but rather Kennedy, Humphrey and Symington.

A union band struck up "Hail, Hail The Gang's All Here" when the three dapper candidates burst into the coliseum side by side. The place went wild.

McNamara gladly yielded the floor to his fellow colleagues from what Kennedy later called "the most horrible closed shop in the United States—the Senate."

Lengthy introductions of the candidates by union vice presidents were interrupted by shouts of "let's hear 'em."

SYMINGTON FIRST

Symington, although listed on the program as the last speaker, came first. Endorsing "the basic principles of the bill," Symington said three-fifths of all persons over 65 have incomes of less than $1,000 a year. Think of that, myf.'"s-eie year. Think of that, my friends."

"They are caught in an economic squeeze. A sudden illness, a stay in the hospital can wipe out all of their long-accumulated savings."

All three went beyond prepared texts supporting the bill to add a little impetus to their campaigns. They were in Detroit for the three-day Midwest Democratic Conference.

Kennedy, who is going down to the wire for Wisconsin's 31 delegate votes in next week's primary in that state, criticized Republicans for stalling the bill by saying "We want to study, consider and look at it more."

★ ★ ★

He hardly touched on his prepared speech.

At the end of the rally, admirers, mostly women and some teenagers, pushed to the stage to shake hands with Kennedy. During the rally, autograph hounds were busy

Crime Syndicate Growing in U.S.

Dems on Senate Labor Committee Calling for New Federal Agency

WASHINGTON (AP)—The Senate Labor-Management Committee charged today a "crime syndicate" is extending sinister and mounting power across the nation in a plot to rule the economy.

★ ★ ★

The committee's four Democratic members called for creation of a vast new federal police intelligence agency to crush the scheme.

★ ★ ★

The four Republican members vigorously opposed that proposal, contending it smacked too strongly of the national secret police idea.

★ ★ ★

They said it could lead to grave abuse of innocent persons; that it might itself become a handy aid to corrupt officials in league with the underworld, and might actually impede the Justice Department's current war on crime.

The bipartisan committee was unanimous, however, in findings that:

1. "The grip of hoodlums and racketeers on the American economy continues to grow."

★ ★ ★

2. James R. Hoffa, international president of the Teamsters Union, is an ally of some of the mobsters the report denounced.

★ ★ ★

3. Alliance with corrupt labor leaders is a major tool used to further the alleged conspiracy.

★ ★ ★

The committee's findings were in the third installment of a four-volume report to the Senate on its 1959 investigations. The committee's authority expires Thursday, but a move is afoot to extend these powers until Jan. 31, or shift them to another group.

LONESOME ROAD — An engineer looks out the window of his cab, scanning the lonesome road ahead as he sounds a warning blast on the whistle. Teamster Cash Got Love Nest

Rackets Probers Say Taxi Union Boss Spent $40,000 on Secretary

WASHINGTON (UPI) — Joey Glimco, head of the Chicago Taxi Drivers Union, spent $40,000 of union money on a love nest for himself and his secretary, the Senate Rackets Committee said today.

A report on the committee's investigation of unions said Glimco diverted about $50,000 of the money earmarked to remodel the union's office quarters and used most of it to buy a $40,000 home for himself and his secretary, Miss Laverne Murray.

Glimco and Miss Murray, according to the report, also took a $1,045 trip at union expense to Los Angeles, Calif., where they stayed as man and wife at the Bel Air Hotel.

The report labeled Glimco, president of Local 777 of the Teamsters Union, a companion of hoodlums and public enemies, "a common thug and criminal . . . a parasite on the labor movement and a leech on society."

But the committee said, Glimco took a back seat to John T. O'Brien, secretary-treasurer of Local 710 in Chicago and second vice president of the Teamsters International.

"For sheer brazen plunder, the story of O'Brien and his companion officers and how they siphoned off huge amounts of the union dues was unequalled in the committee's experience," the report said.

The committee said O'Brien, President Frank Brown of Local 710 and two other officers drained the local's treasury of $1,136,275 in salaries, vacation allowances, Christmas bonuses and commissions during the years 1952-58. Brown retired in 1953.

Zoo Veterinarian Puts His Bears on Reducing Diet

SAN DIEGO, Calif. (AP) — The trouble with Petie, 395 pounds, and Eleanor, 400 pounds, is that they substituted eating for activity, says Dr. Werner Heuschelle, zoo veterinarian.

"They weren't unlike a lot of people in that respect," he says.

Petie and Eleanor are 20-year-old Himalayan black bears, with nothing to do but beg for peanuts and bread tossed to them by zoo visitors.

★ ★ ★

"There was little excitement in their lives," explains Dr. Heuschele, "so they ate too much and got fat."

He took them out of the display grotto, put them in cages away from the public and started a reducing diet. The aim is to trim 100 pounds from each.

Dems in Feverish Frenzy Over Pithy Dinner Slogans

By HARVEY ZUCKERBERG

DETROIT — More than 3,500 rabid ($35 per plate) Democrats jammed Detroit's Light Guard Armory to hear their party's champions ballyhoo the cause for liberalism and lampoon Richard M. Nixon.

The "grass roots" of the Midwest Convention and Saturday's Jefferson-Jackson Day dinner whipped into a feverish frenzy as the big boys stirred their hoopla.

These are some of the pithy remarks of the Democratic leaders (in order of introduction) that received a tumultous Jack-in-the-Box response from the crowd.

Neil Staebler, state chairman — "We can practice crop rotation with our abundance of fine presidential candidates. And what have the Republicans got — a cover crop.

"Republicans do a political can-can. First forward and then backward. The American people are getting fed up with middle-of-the-road conservatism."

Speaker of the House Sam Rayburn — Mr. Sam cited the "mismanagement and due-nothingness of the Republican Party.

"People are tired of indecision and lack of leadership.

"We are second in the missile race.

"The same bickering, dissention and jealousies exist between the services.

"We probably have fewer friends in the world today than we've ever had."

National vice chairman of the Democratic Party Katie Louchheim — "The Republicans' candidate is a vice presidential retread."

Paul M. Butler, national party chairman — "Democratic organization in Michigan is the most effective in the country today.

"We are interested in issues confronting the nation rather than personalities.

"I am neutral to the candidates for the Democratic nomination.

"The convention will not be rigged in a smoke-filled room. The Democratic Party has no secrets to hold from the American people. We will choose our candidate and develop our platform openly."

Sen. Wayne Morse from Oregon — "We don't want the dictates of a political boss such as exists in the Republican Party. We want liberalism.

"The Democratic Party must not try to duck the human rights issue or compromise it. Enforcement laws to the 14th amendment must be put into effect."

Sen. Eugene J. McCarthy, junior senator from Minnesota speaking for Hubert H. Humphrey — "The Republicans have homogenized politics. You can't sort out the issues. You can't even distinguish the different Nixons. He uses the truth only when it serves him."

THE FARM ISSUE . . .

Gov. Robert B. Meyner of New Jersey — "The farm issue does not only concern farmers but all Americans. We are paying millions of dollars a day to store grain, only to let it rot. Why can't we match source to need."

Sen. John F. Kennedy of Massachusetts — "We should continue Franklin Roosevelt's New Deal and Harry Truman's Fair Deal.

"We must provide equality in the five-and-ten-cent stores and the lunch rooms of the United States."

Sytsma said the rules were "much too stringent."

REQUIREMENTS

The established fare would have been the same—25 cents—but drivers would have had to meet requirements which the Commission said "would protect the public."

The main requirements call for public liability insurance in the amount of $25,000 to $50,000; police inspection of vehicles and $20 license fees.

Sytsma estimated it might cost the average bus driver $350 to $4,000 to buy the insurance, pay the fee and fix up his car to meet police standards.

★ ★ ★

"This is too much money," he said. "None of us can afford an investment like that, particularly because there is no certainty how long the strike will last.

"What would be the sense in putting out all that money, only to see the strike settled a few days later?"

The courtesy ride service has seen about 16 cars on the road about 12 hours a day Monday through Saturday.

DECIDED TO QUIT

Sytsma estimated the service provided substitute transportation for hundreds of the 4,000 daily users of the buses.

Up to this weekend, the drivers had given no indication of whether they intended to seek licenses under the jitney act.

Saturday, Sytsma said, drivers gathered at a regular meeting and unanimously decided to quit the service.

"Under the new law, this is our only alternative," he said. "We are sorry that this will mean a new hardship for the people of Pontiac."

★ ★ ★

While bus drivers have been financially aided by the courtesy ride service, they have also been getting temporary help from the union's strike fud.

Sytsma believed the union help would now be increased.

"The courtesy ride service was not intended as a means to line our pockets," he said. "It was designed as a public service and as a means to keep our men occupied during the strike."

★ ★ ★

So far, the strike appears to be still deadlocked on the subject of wage increases for the 28 striking drivers and mechanics.

Its Scoutsville, U.S.A., Population Hits 8,000

For one day, Pontiac Northern High School became Scoutsville, U.S.A.

Population: 8,000.

That was the number of spectators who filed into the high school gymnasium Saturday for a glimpse of the wide, wide world of scouting.

They saw a little city — composed of 41 different booths manned by cub scout packs, boy scout troops, and explorer posts.

Each exhibit showed a different phase of the scout movement.

★ ★ ★

There were boys making totem poles, tying knots, showing first aid procedures, demonstrating firearms safety, constructing one-tube radios.

Two cub scout packs presented puppet shows — a delight to their little brothers and sisters who didn't want to leave.

Another cub pack featured a Hawaiian display. There were paper flowers, paper pineapples, and paper wreaths. And if anyone wanted to know more, he could pick up a travel brochure at the booth.

★ ★ ★

Two large masts were erected at opposite ends of the gymnasium and sea scouts used signal flags to communicate across the room.

A pinewood derby drew cheers from the crowds who urged on their favorite model racing cars.

A new feature — a water show —was so popular that six, instead of the scheduled five, presentations were held in the school pool.

The annual "spectacular" of the Pontiac District doubled the attendance record of last year when 4,000 saw the show at Pontiac Central High.

Historymobile to Tell Story of St. Lawrence

MILWAUKEE (AP)—The Wisconsin State Historical Society's 1960 "Historymobile" will tell the story of the St. Lawrence Seaway.

The 34-foot trailer, which is taken on an annual six-months tour of the state, will contain 13 panels on Seaway history, from its beginning to the present. The trailer may also be exhibited at Great Lakes port cities in other states.

Four-Mill Hike for Schools Goes Before Voters Today

BIRMINGHAM — Birmingham School District voters today in a special election will decide the fate of a proposition seeking an additional four mills for school operating expenses.

The Board is asking for the additional funds, which would amount to about $750,000 a year if approved, in order to hire 50 additional teachers and raise the salaries of all school personnel.

The Board is seeking the proposed four additional mills for five years.

The new teachers are needed, to reduce the present teacher-student ratio, the board has said.

★ ★ ★

"Twenty additional teachers are needed to meet the predicted growth next year, and 30 more are required to make up for the past several years when lack of finances prevented staff additions," said Superintendent Dwight D. Ireland.

★ ★ ★

Other money from the proposed increase would allow the school district to improve its curriculum program, provide a realistic training program, purchase library books and acquire instructional material, Ireland said.

The Baldwin Public Library will launch Operation SOS Friday.

Operation SOS (Store Our Stories) has been chosen as a means of removing from library shelves as many books as possible during the library's remodeling program, according to Librarian Jeanne Lloyd.

Miss Lloyd said the operation will eliminate costly, time-consuming book storage and simplify the job of moving the library's 64,500 volumes.

It will give residents the opportunity to borrow an unlimited number of books for extended periods, Miss Lloyd said.

"Just take your pick, fill out an SOS card and check out your books at the main desk," she said.

★ ★ ★

The library will even have special SOS shopping bags available to book borrowers.

★ ★ ★

Children's books borrowed under SOS are due back between June 1 and 7, adult books between July 15 and 30.

★ ★ ★

The library asks only that the books be kept at home by the borrower and not sent outside the household, to avoid possible misplacement.

The Supper Club of the Congregational Church of Birmingham will have its monthly dinner Friday at 6:30 p.m. in the social hall of the church. The program for the evening will be a general card party.

All adult members and their friends are invited. Reservations for the dinner can be made by calling the church office by Thursday morning.

Named to Head JA Celebration

Ford Executive Picked as General Chairman for Detroit Event

Ben D. Mills, vice president of Ford Motor Co., and general manager of the Lincoln Mercury Division, has been named general chairman of Junior Achievement's 10th annual Future Unlimited Celebration in southeastern Michigan.

★ ★ ★

James M. Roche, president of Junior Achievement of Southeastern Michigan and General Motors vice president and general manager of the Cadillac Division made the announcement.

★ ★ ★

Mills, of 2216 Pine Rd., Bloomfield Township, indicated that hundreds of southeastern Michigan business, civic and industrial leaders are expected to join scores of Achievers, from Pontiac in the climax to this year's JA activities.

The annual affair will be held May 5 at the Masonic Temple in Detroit.

Clerk Finds Way to Get Workers in Campaign

HOUSTON, Tex. (UPI)—County clerk R. E. Turrentine Jr. explained why he warned his employes that, if re-elected, he would fire any of them who did campaign work for his opponent.

Turrentine pointed out that he is financially and criminlly liable for the actions of his employes and "therefore, I feel compelled to know whose side they are on."

Weekend Thaw Brings Threat of Spring Floods

By THE ASSOCIATED PRESS

Floods threatened sections of the Midwest today after a weekend of mild weather, the first of the spring season, and in the wake of several weeks of heavy snows.

Fairly mild weather continued in most of the country but showers dampened scattered sections.

★ ★ ★

Temperatures which soared into the 60s and higher melted the heavy snows in the central plains and in other Midwest areas. No major floods were reported but many small rivers and streams overflowed.

Tributaries of the Missouri River in southeast Nebraska, southwest Iowa, extreme northeast Kansas and northeast Missouri rose quickly with the rapid runoff.

★ ★ ★

The Weather Bureau reported most river and streams over the snow belt of northern Illinois and southern Wisconsin are running far above normal. Flooding was reported in some areas.

Steel, Auto Statements Due

Early '60 Profit Reports Show Gains Over 1959

By SAM DAWSON

NEW YORK (AP) — The first profit reports of 1960 mostly show gains over the early weeks of 1959. Some industries in the much larger number of companies that next month will be reporting their first quarter earnings are expected to show even better increases.

These include steel and autos. The slowdown in these and certain other lines that began about half way through the quarter seems unlikely to have whittled too deeply into the big gains in the first weeks of the year.

* * *

Banks seem assured of substantial profit gains, thanks largely to higher interest rates and to a demand for loans that tops the year ago figure.

But stock traders who have turned bearish say that a profit down trend will appear in a sizable number of other industries even in the first quarter and may spread into more of the economy in the second. They cite the slowdown in ordering to build up inventories and less than expected sales volume for some products, as well as a slight dip in total industrial output.

So far 60 corporations have reported their earnings after taxes for the first three months of their fiscal years, which started a month or two before 1959 ended.

Two thirds of these show increased profits over the same period of the previous year. Combined the '60 report earnings of $63,666,000, a gain of 24.2 per cent over the $51,252,000 the same companies made in their 1959 first quarter.

The casualties are fewer, too. Eight of the 60 operated at a loss this time, compared with 15 in the previous year.

Along with these early profit reports, dividend payment totals so far this year have been topping the year ago figures.

All of this runs counter to the stock market trend, which with some ups and downs this year finds today's prices of many stocks well below the first of the year.

Big Rock A-Reactor Plan Declared Safe

WASHINGTON (AP) — Consumers Power Co. of Jackson, Mich., has received a favorable report on safety aspects of its proposed nuclear reactor to be built in Charlevoix County, Mich.

The Atomic Energy Commission Advisory Committee on Reactor Safeguards said Friday the facility "can be constructed at the proposed site with reasonable assurance that it may be operated without undue risk to the health and safety of the public."

Consumers has asked the AEC for permission to build the boiling water reactor at Big Rock Point on Lake Michigan.

The commission set a hearing for March 29 at its Germantown, Md., headquarters on the technical and financial qualifications of the applicant and on safety factors.

Assessment District Is Proposed for Lighting Subdivision Streets

A first hearing for establishing a special street lighting assessment district in the Coleman-Freedman Subdivision will be held at tonight's regular Waterford Township Board meeting.

★ ★ ★

Of the 182 property owners in the subdivision, 104 signed petitions for the lights, and only nine were against the project. There were 69 who did not sign.

In other business, the board will again discuss the possibility of placing civil service for township firemen on the August primary election ballot.

★ ★ ★

Clerk James E. Seeterlin said he plans on recommending immediate action on installation improvements, testing and treating pump stations located in the Donaldson Park subdivision and the Cass Lake road unit. Cost of the project would be about $2,850.

★ ★ ★

The board will discuss a proposed 1960-61 budget on operation of and improvement for the township's largest water system, located in the Huron Gardens which serves approximately 3,000 users.

Eaton Will Build Center in Southfield

The Eaton Manufacturing Co. at Cleveland has announced plans to build a new and expanded research center at Southfield in the near future.

★ ★ ★

Construction is scheduled to begin soon, John C. Virden chairman and president of the firm, said today. The new center, to cost about $1,250,000, will replace a structure the company now has in Detroit, he added.

It will occupy a nine-acre site at 10½-Mile road and Northwestern highway.

A 30,000 square foot building of contemporary design is planned by the company which manufactures electrical and mechanical automotive parts.

Mart Hesitant, Prices Mixed

NEW YORK (AP)— A few specially-situated issues highlighted a mixed stock market early today. Trading was moderately active.

Gains and losses of most key stocks were small.

Lockheed fell about a point as a government decision still pended on whether to ground the Lockheed Electra planes. At the same time, the Defense Department was reported planning to accelerate Lockheed's Midas warning system.

American Motors was active and trading a fraction higher after opening up ¼ at 25½ on a block of 6,000 shares.

Slight losses were taken by International Paper, Kennecott, Allied Chemical, Du Pont, Southern Pacific and Texaco.

Opening blocks included: Royal Dutch up ⅝ at 42 on 5,000 shares; International Telephone up ½ at 39 on 4,000; and General Motors off ¼ at 46 on 3,000.

Copter Crashes, 5 Crewmen Die

Has Taken In Experts on Demolition to Probe Oklahoma City Blasts

OKLAHOMA CITY, Okla. (AP)—Three bomb blasts in separate sections of Oklahoma City Saturday night were the grim prelude to an air disaster which took five lives Sunday.

There were no injuries in the blasts which damaged homes and autos owned by three production employes of the Oklahoma Publishing Co.

★ ★ ★

The explosions occurred within 90 minutes of each other. Officers called for demolition experts from Ft. Sill, Okla., to determine the nature of the explosions.

A giant Army transport helicopter which carried the demolition experts here, crashed during a landing approach after the return to Ft. Sill. All five crewmen aboard were killed.

★ ★ ★

Police said they were investigating the possibility of a connection between the blasts and two residential fires March 20.

They, like Martin, Winn and Mrs. Sherry, took leave of their jobs here for temporary employment with the Portland Oregonian and Journal last November and December.

The Portland newspapers have been under a labor strike since last November.

NOTICE OF HEARING

Commissioner Lomerson moved the adoption of the following resolution:
