MSU Students on Way Home

Waterford Youth Killed in Missouri Car Crash

One Michigan State University student from Waterford Township was killed and another injured in a two-car collision in Missouri last night. A Missouri couple also died in the accident.

Gerald Smith, 22, son of Mr. and Mrs. Joseph R. Smith, of 1015 Premont St., died from injuries after the accident, one mile east of Odessa, Mo.

His passenger, Donald P. Wheatley, 20, son of Mr. and Mrs. Howard Wheatley, of 3625 Oakshire St., suffered head injuries and is in fair condition today in a Kansas City hospital.

GERALD SMITH

Killed in the other car were Mr. and Mrs. John Albertson, of Independence, Mo.

A passing motorist saved the Albertson's children, Joy, 10, and Carol Jane, 12, from their burning car. Joy is in critical condition with head injuries and a fractured leg and Carol suffered similar injuries.

★ ★ ★

The motorist, C. C. Moore, of Kansas City, told police he saw the burning Albertson car and heard the girls screaming. He grabbed a fire extinguisher from his own car and put out the blaze.

Smith and Wheatley were returning from Steamboat Spring, Colo., where they had completed summer jobs with a highway construction crew.

They were hoping to find odd wheat field jobs on their way home to finance the return trip.

★ ★ ★

Smith would have been a senior at MSU this fall and Wheatley will be a junior. The pair had fixed up an old car to travel west in search of summer jobs to help finance their educations.

Changes Tack on Idle Pay Use

AMC Places $100,000 in Escrow to Cover Any Loss in State Fund

DETROIT (AP)—American Motors Corp. said today it has placed $100,000 in escrow to make up any loss it may cause the Michigan Unemployment Compensation Fund through an unusual vacation pay plan for appliance-making employes.

"Our public reputation is the most important thing we have," said AMC Vice President Edward L. Cushman, "and while we acted in good faith we cannot permit any doubt to exist as to the ethics of our business conduct."

★ ★ ★

This development followed a legislative investigation yesterday that brought to light an arrangement between American Motors and the United Auto Workers Union for the state fund to partly pay for vacations.

The plan operates this way:

About 800 employes laid off for three weeks starting Aug. 8 for model changeover received a bonus last month in lieu of a vacation. They were told to apply for unemployment compensation during the shutdown. Next month they will get a second bonus. These two bonuses, together with the jobless pay, will equal their normal vacation pay.

In saying the plan is legal and ethical, AMC and UAW officials pointed out that a bonus does not count as wages and, because the employes are not being paid during the shutdown, they are eligible to apply for unemployment benefits.

A. C. GIRARD

Appointment of Alfred C. Girard, president and chairman of the board of the Community National Bank, as special gifts chairman was announced today by 1958 Pontiac Area United Fund Campaign Chairman Philip J. Monaghan. Girard, secretary-treasurer of the United Fund and a founding force behind the Fund's principle of federated giving will direct the solicitation of pre-campaign "firm" gifts from business leaders in the metropolitan area.

Perry-M24 on Schedule, Now 40 Per Cent Finished

Paving of the new four-lane Perry street in Pontiac has been completed from East Huron northeasterly to East boulevard as construction crews move ahead on the $1,350,000 widening project.

When it is done, the old two-lane Perry street (M24), from East Huron up to Opdyke road, a distance of 3.9 miles, will be a four-lane, divided road.

A spokesman for the State Highway Dept. said today the project, which he said is 40 per cent completed is proceeding on schedule. Completion date is Oct. 31.

Portion of the route in the city is not yet open to general traffic, as curbs and other final items are yet to be finished.

Workmen of the Denton Construction Co. presently are paving the northwest side of the divided arterial from East boulevard towards Opdyke. The southeast side is still to be done.

Both sides of a three-foot median strip of blacktop from East boulevard down to East Huron is complete. Curbs are being installed along this completed section.

This 1½-mile segment when finished, will measure 50 feet from curb to curb.

From East boulevard to Opdyke there will be two 24-foot pavements separated by a grass 16-foot median strip.

★ ★ ★

Work on the project began in late May. The city of Pontiac will pay approximately one-eighth of the total cost, or $168,750. Abutting property owners are being assessed $4 a front foot.

Teamster Official and Ex-Wife Before Committee

WHO GOT THE RANSOM MONEY? — Mrs. Mollie Baker (left above) divorced wife of Robert (Barney) Baker, St. Louis Teamster official told the Senate Rackets Committee that Baker once told her Joseph Costello, St. Louis taxi line operator got the Greenlease kidnap money. Costello (center) refused to tell the committee whether he was involved in the theft of the missing ransom money. Baker, 300-pound ex-convict (right) bellowed at the senators, and said testimony of his ex-wife, Mollie Baker, was that of "a vengeful woman." He accused them of trying to smear Gov. Averell Harriman of New York.

Kierdorf's Bond Set at $25,000

Asks an Examination on Charges of Having a Gun Silencer

Herman Kierdorf — the man police hoped would shed some light on his nephew's torch death, but didn't — today tried to raise a $25,000 bond as investigation into the mystery burning of Frank Kierdorf appeared stymied.

Madison Heights Justice of the Peace Hendrik J. Smit set the bond after Herman, 67, demanded examination on a charge of owning a gun silencer.

Smit set examination for 1:30 Friday.

Smit said the amount of the bond, a surety, was determined "by the defendant's record of past behavior." Obvious reference to Kierdorf's 13 days as a fugitive.

Herman's attorney, William F. Dohany, of Pontiac, said he was considering petitioning for a Circuit Court writ to lower the bond, which he called "unreasonably high."

Both he and his client indicated they didn't think they could make the bond. If it is not posted with Smit, Kierdorf will be returned to the county jail.

Herman had a few comments about the high bond.

"If I had wanted to stay on the

Showers for Tonight, Possibly Tomorrow

The U. S. Weather Bureau expects the rains which have extended over the western part of the state to move eastward and predicted scattered showers and thunderstorms tonight and tomorrow. Muskegon and Greenville reported heavy rain. Tonight's low will be near 64-68.

Temperatures for the next five days will average slightly below the normal high of 81 and normal low of 61. Tomorrow's high will be warmer reaching near 80-84. Tomorrow night will be fair and cool with the low dropping to 56-60.

★ ★ ★

Precipitation will average one-fourth to one-half inches with scattered showers and thundershowers tonight and tomorrow and again Monday.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 63 degrees. The reading at 2 p.m. was 74.

Faubus Slates Meeting on Integration Problem

LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus and three Arkansas Legislative leaders will meet with the Little Rock School Board tonight to discuss the integration problem.

★ ★ ★

Faubus indicated that unless the board takes some action quickly to forestall the return of Negro pupils to Central High School Sept. 2, the Legislature probably will be called into special session next week.

The governor took time out to comment on President Eisenhower's implied warning that federal troops might again be used to enforce integration if circumstances warranted it.

"What Mr. Eisenhower and many others who express similar viewpoints fail to realize is that they are supporting a court decision which is not constitutional and there are millions of people in every section of the country who know it," Faubus said.

★ ★ ★

The meeting with the board was set up in a conversation between Supt. of Schools Virgil Blossom and the governor, who have been publicly critical of each other.

Faubus said he would be flanked at the meeting by Lt. Gov. Nathan Gordon, president of the State Senate; State Rep. Glen F. Walther, speaker of the House; and State Sen. Lee Bearden, president pro-tem of the Senate.

A coolness between the board and the governor has been apparent since last fall when Blossom blamed Faubus for much of the Central High trouble.

Faubus refused to be pinned down on an expected special session of the Legislature but did say only action of the board can prevent a special session and time is getting short.

★ ★ ★

A few of the legislators planned to attend a legislative workshop of the Southern Regional Education Board at Charleston, S. C., tomorrow, Friday and Saturday.

They asked about the possibility of the session and the governor advised them to go ahead "but be back by Sunday," one of the lawmakers said.

Blossom said the board planned to ask the U. S. Supreme Court to intervene in the Little Rock case and would ask the St. Louis Appeals Court to stay its decision which wiped out a 2½-year delay in integration.

He said a writ of certiorari—petition for review—would be sent to the Supreme Court.

If the high court, now in summer recess, approved the writ, an

Bond Issue Set for Vote in Fall

City Asks $3,300,000 to Build New Plant and Extend System

The sewage disposal plant bond issue, on the ballot Nov. 4, will amount to $3,300,000, city commissioners decided last night.

This represents the estimated cost of building a new treatment plant, enlarging the existing plant and connecting the two.

The commission decided on 30-year general obligation bonds, to be paid back at a rate of $110,000-a-year on the principal.

How the bonds are to be paid off was not settled.

City Manager Walter K. Willman said there was no contemplation at this time of asking voters to approve a special millage to pay off the bonds.

He said the full $110,000 could be budgeted annually out of tax collections or else raised, in part, by increased sewage and water rates.

Sewage revenues at present are used, in part, to pay for the existing East boulevard plant, which was financed through revenue bonds.

To pass, the bond issue, on which only property owners can vote, requires a three-fifths affirmative vote.

The city contemplates building the new plant on a 47-acre site at Opdyke and Auburn Rds., which it already owns. Additional facilities would permit extension of sewers to areas not at present served, and the capacity of the entire system would be improved, according to Willman.

Baker Claims Ignorance on Kidnap Ransom

Charges Attempt Made to Smear Harriman Through Him

WASHINGTON (AP)—Robert Barney Baker denied today that he got any of the stolen $300,000 of Greenlease kidnap ransom, or that he knows who did.

"It is shocking to involve a man with that kind of blood-stained money," the 300-pound Teamsters Union official bellowed.

Robert F. Kennedy, counsel to the Senate Rackets Committee, retorted: "Not so shocking. You are in with every gangster and hoodlum in the United States."

Baker styled himself the victim of "a vengeful woman, a scorned woman" in the testimony given yesterday by his former wife, Mollie Baker, to the effect he once told her that Joseph Costello, a St. Louis taxi line operator, got the Greenlease money.

And he laid to spite the linking of his name and that of Gov. Averell Harriman of New York.

CHARGES SMEAR

He said there was an effort to smear Harriman.

As for himself, Baker said "I'm a God-fearing man" who is afflicted with a bad memory and excessive fat about the heart.

Baker launched into an emotional, shouting tirade on taking the witness chair after convicted slayer Ruth Brougher, 44, who identified herself as Baker's former sweetheart, joined his ex-wife in inking Baker's name with Harriman.

Baker described Harriman as "a man I honored and loved. Not close, close, close. He wouldn't know me if he saw me."

CALLED CLOSE

Mollie Baker, his divorced wife, swore yesterday that they were as close as any men could be.

Harriman has denied any close ties with the man who committee investigators say has been an associate of the nation's top gangland figures.

Mrs. Brougher, brought from a Florida penal institution to testify in the Senate rackets hearings, swore she knew Baker to be "on the lam" from New York City to escape questioning in a waterfront killing there.

★ ★ ★

"I don't think he could go back until after Gov. Harriman was elected," she said.

Baker's former wife, Mollie Baker, had testified similarly yesterday.

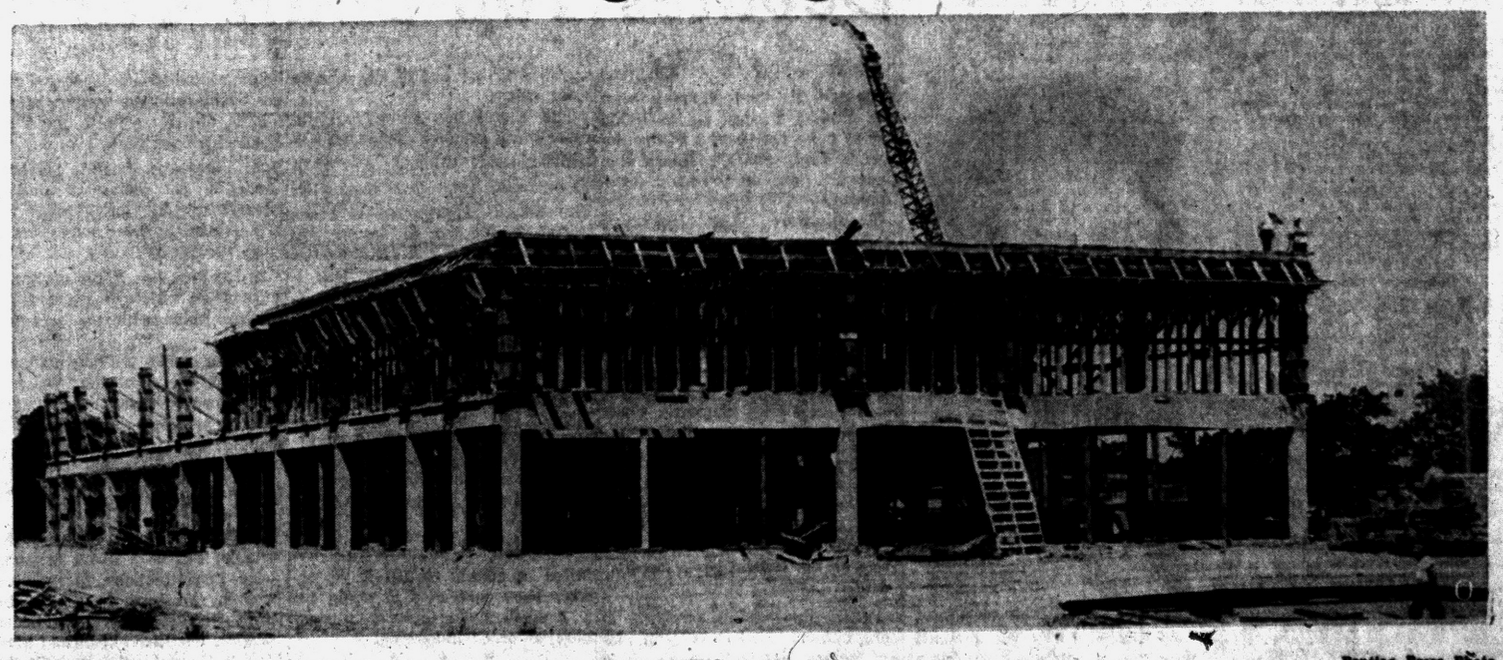

She said Baker had fled after the killing of Anthony Hintz, a pier boss.

★ ★ ★

The senators have heard testimony earlier of associations between Baker and Eddie (Cockeyed) Dunn, a mob leader who

First MSUO Building Rising on Walton Boulevard

Pontiac Press Photo

GOING UP — The second story of the three-story classroom wing of MSUO rises in a pattern of moulds as workmen pour the concrete on the site at West Walton Blvd. and Squirrel Rd. According to Roy Alexander, dean of student affairs for MSUO, the building is on schedule. The basement of the laboratory wing has been poured, the site is being bulldozed into shape and a gravel road from Squirrel road to the building site is in use. The gravel road is laid on the right-of-way of a four-lane paved road which will serve as the main entrance to the campus. Dr. Alexander also reports that a large number of applications, all from within a 15-mile radius of the school, have been received from prospective students. On Sept. 5, he said, all senior high school students in Oakland and Macomb counties will receive by mail an eight-page brochure outlining the MSUO program.

Ike Stands By Federal Court

Tells American People It's Their Duty to Do Likewise Now

WASHINGTON (AP)—President Eisenhower said today all Americans have a solemn obligation to comply with federal court orders in the school integration controversy.

★ ★ ★

In a prepared statement at a news conference, the President also said every state has a responsibility to support and obey such orders.

"Every American must understand," Eisenhower said, "that if an individual community or state is going successfully and continuously to defy the courts, then there is anarchy."

Without referring specifically to the explosive situation in Little Rock, Ark., or to other potential trouble areas, Eisenhower left no doubt his appeal was directed to those regions.

★ ★ ★

He spoke out against the background of a federal appellate court's decision earlier this week that integration must be resumed in Little Rock. That decision set aside a federal court ruling in favor of a 2½-year delay.

In response to questions, Eisenhower refused to say whether he favors school integration.

★ ★ ★

He said any expression on that issue would be wrong and would make his job more difficult with respect to his sworn duty to enforce the law.

Without specifically saying so, Eisenhower indicated that under new but similar circumstances he would take the same course he followed in sending troops to Little Rock last September.

"There can be no equivocation," Eisenhower said, "as to the responsibility of the federal government in such an event. My feelings are exactly as they were a year ago."

Hospital in Ann Arbor Now Medical Center

ANN ARBOR (AP)—Sprawling University Hospital here has grown so much it has changed its name.

Henceforth it'll be known as the University of Michigan Medical Center.

"We're now justifiably a medical center, not just a hospital," a spokesman explained.

The School of Nursing and most of the medical science have been moved into attached buildings.

Pleasant Climate Governs Most of Nation Today

By The Associated Press

Generally pleasant summer weather appeared in prospect for most of the nation today. The usual afternoon and evening showers were indicated in scattered areas.

★ ★ ★

Precipitation during the night was confined mostly to Western and Midwestern regions. Ensign, in south central Kansas, was drenched with nearly 5 inches of rain in less than six hours. Flash flooding was reported and nearly six feet of water covered Highway 56. Two inches of rain was reported at Guymon, Okla.

★ ★ ★

Showers were reported in scattered areas in the southern Plateau states, the Rockies and from western Texas northward through eastern Wyoming and western Nebraska.

Outside the wet belts, skies were clear and temperatures in most places were in the 70s.

Baker Bellows Denials Before Senate Probers

(Continued From Page One)

was convicted in the Hintz case and was executed.

Mrs. Brougher often giggled as she spoke.

★ ★ ★

Sen. Irving M. Ives (R-NY), committee vice chairman and Harriman's unsuccessful Republican opponent in 1954, told Baker that Mrs. Brougher's testimony corroborated the words of his ex-wife.

"It's not the truth," Baker shouted.

During his burst of oratory, Baker — dressed in a navy blue suit with his shirt collar loosened —said his ex-wife and others are "trying to make me look like the bad one."

★ ★ ★

"I'm proud of the life I led," he roared, producing a snicker from spectators.

Baker, a hulking man with curly black hair, appeared perfectly at ease when he took the witness stand. He spoke in a well-modulated basso, mixing long words with ungrammatical expressions.

He suddenly began a long tirade after denying that he was shot in New York during a gangland war of the 1930s.

★ ★ ★

"Throw Baker in with Harriman and you'll defeat him in November," he shouted at one point. He said they were "trying to carve him up like a political pig."

Just as suddenly as his tirade began, Baker cut it off by telling committee counsel Robert F. Kennedy:

"Excuse me, Mr. Kennedy, I'll wait until you ask the questions."

Both Mrs. Brougher and Mollie Baker said Baker had fled New York after the killing of Anthony Hintz, a pier boss on the New York City waterfront.

★ ★ ★

Mrs. Brougher's testimony mentioning Harriman unfolded under questioning by Robert F. Kennedy, committee counsel, and Sen. Karl E. Mundt (R-SD).

Mundt asked what connection Harriman's election could have with whether Baker could go back to New York.

"I never asked him," she said, but added that Baker's letters and his conversations with her convinced her "they were very friendly."

★ ★ ★

"He was going back to work and hand out tickets of some sort—seats. He was helping him to get votes," Mrs. Brougher said.

Harriman has said Baker did presidential nomination campaigning for him in 1952 and 1956, but that he has no recollection of talking to Baker, and that they never were friends.

Baker, aide to Teamsters Union President James R. Hoffa, was among other things, about the whereabouts of the missing $300,000 of Greenlease kidnap ransom.

★ ★ ★

Mrs. Baker testified yesterday that Baker told her Joseph Costello, a St. Louis taxi company operator, got the money.

"I may be killed for telling," she said.

lam, I wouldn't have come back voluntarily," he said.

"You'd think it (the charge against him) was murder or something."

Judge Smit commented, dryly, "When Herman leaves town, he's hard to find."

The hearing was set early to avoid conflict with Herman's appearance before the Senate Rackets Committee in Washington next week. He has been subpoenaed to appear Monday.

★ ★ ★

About the committee, Herman said, "I don't want anything to do with it. I'll take the fifth on everything they ask me."

A German luger with the homemade silencer of plumber's pipe was discovered when Madison Heights Police Chief Robert E. Richardson searched for Kierdorf Aug. 4 to inform him of his nephew's burning.

Kierdorf had turned it over to a neighbor, John Tyler, of 29078 Spoon St., on or about July 8.

Both Tyler and Richardson will be called to testify Friday, said Assistant Prosecutor Jerome K. Barry, who has been assigned to prosecute the case against Herman.

★ ★ ★

Kierdorf's arraignment followed by a day a meeting of 14 investigators from six law enforcement agencies into the possibility of a grand jury to look into the puzzling death of Frank Kierdorf, 56, Flint Teamsters official, and numerous bombings and burnings of business places in Oakland, Genesee and Wayne Counties.

Following the meeting in Detroit, Michigan Atty. Gen. Paul L. Adams said no grand jury would be called.

But Oakland County Prosecutor Frederick C. Ziem, who attended the meeting, said "the door was not shut entirely" on such an investigation.

★ ★ ★

Following Kierdorf's arraignment this morning, Ziem returned to his office to take statements from persons whose names had been mentioned by other witnesses. He refused to name the persons.

extraordinary session would be called to hear the case. The court is not scheduled to reconvene in regular session until October.

An extraordinary session would keep the Circuit Court's decision from taking effect until the Supreme Court ruled, in effect staying the lower court's order.

Blossom said the board also would request the appellate court to stay its own order. He said that until a mandate is received the prior ruling postponing integration is still in effect.

★ ★ ★

Normally a court mandate is sent in 20 days, but it could come sooner. School opens here Sept. 2.

Before last night's board meeting, Faubus said his future actions depended on what the school board did.

He said a special session of the Legislature, considered imminent as a result of the overturning of the integration delay, would not be called if the board took some actions he outlined.

★ ★ ★

He said the board could use a 1956 state pupil assignment law to keep Negroes out of white schools, or it could persuade Negro students to stay out voluntarily. The pupil assignment law has never been tried.

If those two things failed, Faubus said, the board could resign "and allow the people to select a new board which would have the courage to act in conformity to their wishes."

U.S. Seeks to Stem Asian-African Move

UNITED NATIONS, N.Y. (AP) The United States sought today to rally the West's allies in the U.N. Assembly against an Asian-African move to demand speedy withdrawal of U.S. and British forces from Lebanon and Jordan.

The Americans are plugging hard for a Norwegian resolution asking U.N. Secretary General Dag Hammarskjold to make arrangements to insure the independence of Lebanon and Jordan so the American and British troops can pull out.

The resolution makes no specific demand for the withdrawal but cites declarations from the two Western allies that they will remove their troops when the U.N. decides they are no longer necessary. The British-American idea is that Hammarskjold would arrange for some sort of U.N. force to replace the withdrawing troops.

Secretary of State Dulles conferred for more than an hour last night with representatives of the 20 Latin-American nations. Some of them were reported fearful that the Norwegian resolution could be used to justify intervention to keep an unpopular Latin-American government in power.

★ ★ ★

Dulles reportedly told them these fears were groundless as far as the United States is concerned.

Dulles also assured the Latin Americans that the United States has no intention of keeping its troops in Lebanon.

A key group of Asian-African countries pushed a double-barreled move to scuttle the Western plan in favor of a demand for the British-American troop withdrawal "at an early date."

Sir Claude Corea of Ceylon said some of the 28-nation Asian-African group had drafted such a resolution as a compromise between the Norwegian plan and a Soviet resolution calling for immediate exit of the U.S. and British forces under U.N. supervision.

Prospects appeared dim that any final vote would be reached before the end of the week. Most observers expected that as soon as the general speeches end, a lengthy wrangle will begin over the resolutions. To be adopted, a resolution must be approved by two thirds of the nations voting.

Shoppers Crowd Drayton Center on Opening Day

Merchants in the new Drayton Shopping Center, holding a grand opening today, report phenomenal crowds of shoppers. Attractive sales for the opening were announced in advertising carried in a special shopping center section of Tuesday's Press.

★ ★ ★

Comment from managers of stores included: Wrigley's: "Opening crowd even larger than we expected, and business even better than on a Friday." Federal's: "The best opening we have had in years. We had to lock our doors for a time to allow those already inside to finish their shopping."

★ ★ ★

Sherwin-Williams: "What a success! The parking lot has been loaded to capacity all morning." Cunningham's Drugs; "The reaction to our opening specials was terrific. A wonderful opening." Siesge's: "Crowds were waiting for opening of all stores, and customers are really buying. This new center is wonderfully received."

Congress Speeds Tempo, Debates Top-Court Curbs

WASHINGTON (AP) — Congress increased its tempo today with the Senate taking up a broad bill to curb the powers of the Supreme Court and the House continuing debate on minerals legislation.

There were signs legislative leaders were redoubling their efforts to adjourn later this week.

★ ★ ★

Senate Democratic Leader Lyndon B. Johnson of Texas announced plans for an early test vote on the Jenner-Butler bill, which is aimed at offsetting the impact of recent Supreme Court decisions involving communism.

Two priority pieces of legislation still must be handled by the Senate — the foreign aid bill and a measure to put a temporary limit of 288 billion dollars on the federal government's debt.

President Eisenhower called in congressional leaders of both major parties last night in an effort to gain a foreign aid measure carrying close to 3½ billion dollars.

The President has been pictured as feeling this much is necessary to enable the United States to meet possible new commitments growing out of the Middle East crisis.

The House has passed an aid money bill totaling $3,078,000,000, which is 872 millions less than Eisenhower requested originally. The Senate Appropriations Committee has voted to restore 440 millions, a sum that Eisenhower hopes will be kept in the bill.

★ ★ ★

A final vote was expected in the House today on the mineral subsidy bill.

Afterward, the House was expected to turn to Senate-approved measures designed to permit the United States to help European countries develop peaceful uses of atomic energy.

★ ★ ★

Opponents of the minerals bill failed in efforts to kill it yesterday. They contended it would set a precedent for giving subsidy help to other industries.

★ ★ ★

The legislation is an expanded version of a bill which passed the Senate. It has the endorsement of Eisenhower administration.

★ ★ ★

The measure would permit the government to lend a financial helping hand to the depressed mining business in the western states.

Bills already sent to the White House included those to:

1. Increase Social Security benefits for some 12 million Americans by an average of 7 per cent. Social Security taxes also would rise.

2. Require the filing of annual reports on employe pension and welfare plans with the secretary of labor.

3. Provide 100 million dollars a year for the next five years to help airports across the country modernize for commercial jet planes.

Gov. Williams Beating Bushes

Swings Through UP; Two-Week Campaign Tour Remains

LANSING (AP) — Gov. Williams was out beating the bushes for votes again today in a swing through the Upper Peninsula.

The Governor stopped back in his Lansing office Monday after a week on the road. His schedule calls for a steady stint of campaigning during the next two weeks in his try for re-election.

★ ★ ★

Williams started through the north country yesterday by visits to Ontonagon and Gogebic Counties.

The schedule for the rest of the week called for stops in Iron and Dickinson Counties today, visits to Menominee and the Upper Peninsula State Fair and Escanaba Thursday and a stop at the Isabella County Fair at Mt. Pleasant Friday.

Williams then will go to the Democratic State Convention at Grand Rapids this weekend.

★ ★ ★

More of the same was planned for next week. The schedule included:

Monday, Ottawa and Allegan Counties; Tuesday, Van Buren County and Detroit; Wednesday, St. Joseph and Branch Counties; Thursday, Hillsdale and Lenawee Counties; Friday and Saturday, the Detroit State Fair and area visits.

Speaking at Wakefield yesterday, the Governor said voters will have a choice in November "between Republican leaders who have spent all their time running down the state or the Democratic administration which has devoted all its efforts to building Michigan and Michigan's economy."

He told audiences that it was not until Democrats took over the State Highway Department that any action was obtained on getting a hard-surfaced road on the Military Hill section of U.S. 45 in the Upper Peninsula.

Inflation Threat Surpassing Dip

U.S. Government Says Spring Business Pickup Bigger Than Expected

WASHINGTON (UPI)—The government reports that the April-May-June business pickup was slightly greater than federal economic experts thought at first.

The steady rise in spending and income since the slump touched bottom last spring increased official concern that inflation was becoming a bigger economic threat than recession.

The Commerce Department, in a new report for the second three months of 1958, said:

—Total spending on goods and services was at an annual rate of 429 billion dollars, a rise of one billion over the previous preliminary estimate.

—Personal income increased by $2,500,000,000 from April through June, rising to an all-time peak in July.

—The spending figure—known as the "gross national product"—exceeded the $425,800,000,000 rate of January through March. However, it was well below the all-time high rate of 446 billion dollars in the third quarter of 1957, just before the recession.

—Personal consumption rose in the second quarter of this year. Factory purchases also increased as merchants used more new goods and less stock on hand.

—Spending at all levels of government climbed $1,500,000,000 from the first quarter to an annual rate of 91 billions — four billion higher than in the third quarter of 1957.

Net foreign trade receipts remained unchanged, the report said.

RELIEVED OF COMMAND,— Col. Marcel (Bruno) Bigeard, known as the first paratrooper of France, recently was relieved of his command in Algeria after he talked to a newsman contrary to an order of French military authorities in Algeria.

The Day in Birmingham

Inconsistencies of Winter Jeopardize Skate Rinks

BIRMINGHAM—The cold breath of winter is already being felt by the city's recreation board. Facing a shortage of funds, they are asking themselves, the city commission and the school board, what to do about natural ice rinks this winter.

★ ★ ★

Past experience has been mostly unpleasant. Rinks flooded one day would literally go down the drain the next as temperatures shot upward.

Last winter was an exception with 30 consecutive days of good ice for the several playground rinks. The question is, will it be repeated this year?

John O'Gorman, recreation board chairman, said financial cutbacks from the school board and city commission have jeopardized the program. It costs about $200 a season to keep one natural rink operating.

★ ★ ★

With the exception of the rink at Poppleton School, all were well used last year, O'Gorman said.

Scattered throughout the city, natural rinks serve beginners better than the artificial rink at Eton Park. They are also more acceptable for family skating since there are no scheduled activities on them.

★ ★ ★

"We don't want to see them go," O'Gorman said, "but, can we afford to keep them?

"One bad feature is public reaction. If the free neighborhood rinks are dropped, it means only the Eton Rink where a fee is charged. People supporting the recreation program with their tax dollars don't like this and I can't blame them," he continued.

O'Gorman said the expenses were mainly for snow removal and spraying to resurface the ice.

★ ★ ★

He explained that no definite decision has yet been reached and that the board may see its way clear to start the natural rinks. If done, it will be with the understanding that they will be discontinued if unsatisfactory weather depletes the funds.

Road Spending Over $½ Billion

Nation's Highway Plans Pass Milestone Building 1,952 Miles of Xways

WASHINGTON (AP)—The nation's superhighway program passed a half billion dollar milestone last month, Highway Administrator Bertram Tallamy reported today.

Tallamy said that between the program's start in mid-1956 and the end of July construction contracts were completed on 1,952 miles of express roads. The cost: 506 million dollars, or nearly $250,000 a mile.

★ ★ ★

The program calls for eventual construction of a 41,000-mile road net linking all parts of the country. The federal government pays 90 per cent of the costs and the states the rest.

As of July 31, Tallamy said, construction of 3,159 miles was under way. These projects will cost an estimated $1,770,000,000.

In addition, 1½ billion dollars had been authorized or spent for preliminary engineering and right-of-way purchases.

★ ★ ★

Construction of 184 miles of divided highway was completed last month at a cost of 66 million dollars, Tallamy said. Contracts were awarded covering another 183 miles, estimated to cost 104 million dollars.

July progress also was reported under a special antirecession highway program. Congress last spring made available 400 million dollars in federal money to cover two-thirds of the cost of special projects which must be under contract by Dec. 1.

Tallamy said construction contracts on 2,226 miles were awarded last month. The estimated cost was 101 million dollars.

★ ★ ★

Under a separate program of federal aid for primary, secondary and urban roads, contracts were completed on 2,295 miles at a cost of 117 million dollars.

★ ★ ★

As of July 31, work on 23,153 miles was in progress. These projects are expected to cost more than 2¼ billion dollars.

Youth Trapped on 1-Foot Ledge 600 Feet High

YOSEMITE NATIONAL PARK, Calif. (AP)—A 17-year-old youth was trapped today on a one-foot ledge 600 feet up on Glacier Point.

Rangers said the boy, Bill Beeghley of Long Beach, Calif., became trapped late Tuesday.

★ ★ ★

Two friends had turned back but Beeghley continued along a dangerous path.

He was spotted when he waved his white shirt.

★ ★ ★

Rangers said a slip would mean certain death. He was about 600 feet from the nearest safe spot.

Rangers had maintained an all-night vigil, calling to the boy every 10 minutes to keep him awake.

Had the boy fallen asleep during the night, the rangers said, he would have tumbled to his death.

Lady Lifeguard Ready to Assist Men in Distress

YPSILANTI (AP)—Men! Here's your chance to get even with those dizzy dolls who're always swooning so a husky lifeguard can save them.

★ ★ ★

There's a lady lifeguard at McMullen Point Beach on near-by Belleville Lake.

She's Kay Max, 22, of Ypsilanti, who has been saving faltering swimmers for three summers.

As a matter of fact, you can bring your girlfriend with you and both get "saved."

Miss Max is boss of several male lifeguards at the lake.

She pays more attention, however, to the youngsters swimming at the lake rather than adults. She says she becomes quite attached to the kids, and even helps with swimming lessons during quiet spells.

★ ★ ★

Kay's physical education background started off as a lifeguard. She majored in it at Eastern Michigan College and will become a junior high school teacher in the fall.

Colombia May Cut Off Ex-Dictator's Pension

BOGOTA (AP)—A committee is trying to determine whether Colombia should continue to pay ex-dictator Gustavo Rojas Pinilla a pension of $3,000 monthly.

Gen. Rojas has been collecting that sum every month since he was overthrown May 10, 1957.

Calls Him 'as Big a Crook as Hoffa'

Hoffman Scores Reuther

WASHINGTON (UPI) — Rep. Clare E. Hoffman (R-Mich) yesterday called on the Senate Rackets Committee to pay more attention to United Auto Workers President Walter Reuther, who he termed "just as big a crook as Jimmy Hoffa."

★ ★ ★

Hoffman was replying to a statement made by Sen. John F. Kennedy (D-Mass) Monday that only James R. Hoffa, Teamsters Union president, would benefit from the death of the Kennedy-Ives labor reform bill.

The House had killed the bill sponsored by Kennedy and Sen. Irving M. Ives (R-NY), which earlier passed the Senate 88 to 1.

Hoffman called Kennedy's statement "arrant nonsense." He said all amendments to the bill that might have hurt Hoffa were deleted before the measure passed the Senate.

★ ★ ★

He told the House that if an effort was made to revive the measure next year "they better have someone other than a presidential candidate write it." Kennedy is considered one of the Democrat's top presidential candidates.

The exchange yesterday followed passage by the House of a compromise bill that throws a publicity spotlight on administrators of union pension funds involving more than 25 employes.

Freezing Holds Flavor in Concentrated Milk

MILWAUKEE (AP)—Fresh milk is concentrated by removing two thirds of its water at low temperatures under vacuum, pasteurizing at 150 to 155 degrees for 30 minutes, then homogenizing. Although perishable, concentrated milk will retain its flavor and sweetness about two weeks in a properly cooled household refrigerator.

15 Soviets to Take Joy Ride Through U.S.

Russian Sightseers Arriving for Tour

NEW YORK (UPI) — The first "rubberneck" Soviet tourists to come to the United States are due to arrive here today for a package, 14-day trip that will include Niagara Falls, the top of the Empire State Building and Chicago's famed Gold Coast.

American Express sold 15 Russian men and one woman one of its regular tour packages. It is costing the Russians a total of $1,145 each.

★ ★ ★

A comparable visit by Americans to Russia would cost $1,305 each, as a result of the arbitrary Soviet rate of exchange.

The group is described by the Russians as the first "ordinary" Soviet tourists to come to the U.S. Other parties have been made up of farmers, scientists, or various other technical people. This one claims to be just a group of Russians out for a joy ride.

They are bringing their own interpreter with them, and will be accompanied by a Russian-speaking tourist guide.

★ ★ ★

An American Express spokesman said that the company's new office in Moscow was asked to provide a standard tour such as any European visitor might want to make or such as thousands of Americans make every year.

During their stay in New York, the Russians will have accommodations at the Governor Clinton Hotel, in the midtown area. They will be taken on a bus tour of the city, including Chinatown, Wall Street and Harlem. And they will spend most of one day at the United Nations.

One day will be free for shopping on Fifth Avenue or doing what they please.

★ ★ ★

Traveling around the country by train and bus, the Russians will be in Washington for a day-long tour of government buildings, and go from there to Chicago, and then to Buffalo. After staying all night in Buffalo, they will go on Aug. 27 to Niagara Falls to spent one night. Then they will return to New York for a day of sightseeing before leaving for Moscow by airplane.

A second group of Russian sightseers is due to arrive here by airplane Aug. 31. There will be 17 in that party. A third group is due to come on the French ship Flandre in September.

"Of course, they are governed by government restrictions on Russian travel, but that will not limit them much as sightseers," an American Express spokesman said.

★ ★ ★

The only restriction he had heard of so far was a ruling that the visitors could not be taken to the Chicago stockyards. They are off limits to Soviet visitors.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAID moisturizes dry, hardened waste for easy passage without pain or strain, (2) COLONAID'S unequalled rebulking action helps retone flabby colon muscles. (3) And COLONAID acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONAID won't interfere with absorption of vitamins or other food nutrients. Get COLONAID today! Introductory size 43¢.

IN RELIGIOUS RITE — Participating in the "Crowning of the Immaculate Heart of Mary" are Shirley LaFave, Bernice Fountain, Mary Ellen LaFave and Theresa Plunkett. The ceremony is part of the "Living Rosary" to be presented Friday at St. Joseph Church.

'Living Rosary' Will Be Presented Here Friday

The eleventh Living Rosary will be presented by the Daughters of Isabella and the First Saturday League of Pontiac and vicinity at 7:30 p.m. Friday at St. Joseph Church. The fourth degree Knights of Columbus of Pontiac and Hazel Park will assist.

Mrs. Margaret King of Flint, state regent, and officers of Michigan and Pontiac Daughters of Isabella will form the procession, and will be attended by flower girls, their queen and her attendants.

At the conclusion of the procession, there will be a "Presentation of Roses" and the "Crowning of the Immaculate Heart of Mary."

Following the consecration of the whole assembly there will be a candlelight ceremony around the statue of Mary, with choir singing. The Rev. Joseph Howard, formerly of St. Vincent de Paul, will speak on the attributes of the Blessed Virgin Mary.

Scouts Plan Museum

NEW BRUNSWICK, N.J. (AP) —The Boy Scouts of America will begin construction this fall of a museum to house historical items of scouting. Items to be displayed iwll include uniforms, photograpys and other mementos of the scout movement. The museum will be the gift of Gale F. Johnston, St. Louis banker and vice president of the BSA since 1951.

U.S., Britain Agree to Arm Indonesia

LONDON (AP) — The United States and Britain have shifted to a policy of giving the Indonesian government limited military aid in an effort to offset increasing Communist bloc influence, diplomatic informants in London say.

★ ★ ★

Indonesia has accepted a British offer to provide specialized training for some army officers, the sources reported. The United States signed an agreement in Jakarta last Wednesday to sell light arms to the Southeast Asian island republic.

Some U.S. weapons already have been flown from Japan to Indonesia and a shipment of 300 trucks and Jeeps plus arms will sail soon from Yokohama.

★ ★ ★

The U.S.-British decision to help arm President Sukarno's forces presumably was based on the reputation of top army leaders for being staunchly anti-Communist. The Communist party has polled the largest vote of any party in recent Indonesian elections, and army chiefs are reported worried by the Red upswing.

Man With Nine Lives

CHIMNEY ROCK, N.C. (AP)— The auto swerved out of control off U.S. 74 near here, plunged down a 100-foot embankment, overturned twice and plopped upright in a shallow section of the rocky Broad River. Officers found the lone occupant, 56-year-old Bramlett Alvin Ballard, sitting behind the wheel in neck-high water with only a bruised forehead.

Rules Deaf Mute Fatally Shot Himself

MACON, Ga. (AP)—A coroner's jury ruled yesterday that a deaf mute died of a self-inflicted gunshot wound when his stolen car slammed into a roadblock during a manhunt.

★ ★ ★

It was first believed officers shot Parram Youngblood, 32-year old itinerant peddler from Toomsboro, Ga.

The peddler died in a blaze of gunfire Monday afternoon four hours after the body of 7-year-old Margie Jones of Melvin, Ky., was found in a field near Sandersville.

★ ★ ★

Officers had been seeking Youngblood on a kidnaping charge.

Investigators said the deaf mute drove off with Margie Saturday night.

Drowning Tot Saved 2nd Time by Parents

PASADENA (AP) — Mr. and Mrs. Alvaro Bea are becoming experts in artificial respiration — practicing on their own son.

John Bea, 18 months old, toppled into the family swimming pool July 30. His mother pulled him out and gave him artificial respiration.

The Beas were swimming yesterday when they discovered John unconscious in the pool's shallow end. This time the father did the resuscitating. John recovered.

Indonesian Economy in Serious Condition

The appalling condition to which Indonesia's economy has fallen can be attributed to Communists and their dupes in the government.

Early this year the resignation of the respected Vice President MOHAMME HATTA touched off revolts in a number of islands. A former president of the Bank of Indonesia, SJAFRUDDIN fled to Sumatra after protesting that disorderly anti-Dutch activities could turn Indonesia over to the Communists.

Dissident groups protested against misrule and the inclusion of Communists in the government. President Sukarno turned a deaf ear to these legitimate complaints and used military force to subdue the rebels.

★ ★ ★

Our official position is neutral although SUKARNO has accused us of interference in Indonesia's internal affairs. As a member of the Southeast Treaty Organization we are pledged to stop Red aggression down through Indonesia, Australia and New Zealand.

Latest reports from Jakarta indicate that food production is inadequate and rice has to be imported. Inter-island shipping is at a standstill because of SUKARNO's edict embargoing this trade and the cost of living has risen at least 50 per cent in the last year.

★ ★ ★

The government is to blame for all this. Indonesia is potentially one of the richest countries in the world but it can't live on anti-Dutch, anti-West slogans. The people should not have to face starvation.

No doubt the United States will have to rescue Indonesia to keep it out of full Communist control. But it would not be unreasonable to ask that the whole economy be revamped and a businesslike regime substituted for a flamboyant nationalism that does nothing for the people.

"Mighty Mac" Is Also Great at Night

Michigan's greatest night time spectacle is the Mackinac Bridge.

It is then that its graceful curves and contours are most apparent.

★ ★ ★

The thousands of lights outline the suspension span and its approaches as perfectly as its drawing board scale.

Accented by the reds near the water surface to warn boats that there's something quite dangerous to them in the background, the lights tell the silent and impressive story of "Mighty Mac's" magnificence.

★ ★ ★

However, you get little idea of this great architectural and engineering triumph by merely crossing the bridge itself.

Whether you are there by day or by night, you miss three-quarters of one of the century's greatest spectacles if you don't get a side view of the bridge.

This privilege is free to all, and is especially good from the Mackinaw City side, where there are two good vantage points.

★ ★ ★

If you're on the street that approaches the turn to the ferry dock, go straight through to its end where you get a good side view of the east side of the bridge.

Then continue westward along the street nearest the water, turning right under the bridge approach and follow through along the shore until you get to a point where most of the west side of the bridge looms before you.

★ ★ ★

From the northern approach there is no favorable spot to get a closeup side view of "Mighty Mac."

The Flight to Freedom

According to the United States Information Agency, 3.5 million persons have fled from East to West Germany since the end of World War II.

★ ★ ★

Last year alone despite heavier border guard, 261,622 Germans crossed into free Germany. Many others are known to have come in without officially applying for asylum. These refugees who must leave friends, relatives and worldly goods are a powerful answer to Communist propaganda of a democratic paradise in East Germany.

★ ★ ★

Soviet Germany is building more watch towers on the West German border and it now is a criminal offense, punishable as treason, to try to escape. In this way the Communists hope to put an end to the public advertising of the unpopularity of the East German government by the thousands who flee its tyranny.

Animals and Birds Making Our Life More Interesting

Deadly duo: Horsepower and liquor.

A robin that hops around on one leg has nested for the past few years in a tree near the home of

Mr. and Mrs. Bradley Heidman

at Ponitac Lake. In a brood of four that left the nest the other day one has only a single leg.

When his automobile keys were missing,

Elmer Champeau

of Lake Orion, suspected his pet crow. He found them in one of its hiding places in the hollow of a tree, 20 feet above the ground, also some coins, a bottle opener, pair of spectacles and some spoons—not all from the Champeau home.

"The cutest things I ever saw," phones

Berkley Smithfield

of Waterford, in telling about a brood of five young skunks being reared in his neighborhood by an old pair, "with their usual weapons in top working order."

When he looked at four young squirrels in a nest in a tree,

Earl Windham

of Walled Lake, found that something had happened to their parents, and the babies were starving. He's now feeding them with a medicine dropper, and says "They're growing like weeds."

When investigating some peanut plants in his garden,

Arthur Felcher

of Drayton Plains found that the squirrels had beaten him to it, and had dug out most of the nuts which were only partially matured.

One of the happiest indications of a changing times comes from

Dr. Robert T. Hatt,

Director of Cranbrook Institute of Science, who feels that we are in a revolt against Grade B films, TV commercials and Elvis Presley.

Word comes to me from those confirmed and all-seeing globe trotters,

Sarah Van Hoosen Jones

and her boon companion,

Alice Serrell,

that they'll arrive home from their latest earth encircling jaunt on Sept. 6.

His Own Special Summit

David Lawrence Says:

Court Ignores People of Arkansas

WASHINGTON — Abraham Lincoln and Thomas Jefferson said the exact opposite of what the six judges of the U. S. Circuit Court of appeals in St. Louis declared this week in implying that "popular opposition" to Supreme Court rulings could be made the basis for court injunctions. In effect, this would end free speech and free assembly once a Federal Court order was put into effect on an issue in public controversy.

LAWRENCE

Abraham Lincoln said 100 years ago with reference to the Dred Scott decision handed down by the Supreme Court of the United States:

"If this important decision . . . had been before the Court more than once, and had there been affirmed and reaffirmed through a course of years, it then might be, perhaps would be, factious, nay, even revolutionary, not to acquiesce in it as a precedent.

★ ★ ★

"But when, as is true, we find it wanting in all these claims to the public confidence, it is not resistance, it is not factious, it is not even disrespectful, to treat it as not having yet quite established a settled doctrine for the country."

In his first inaugural address, President Lincoln said: "The candid citizen must confess that if the policy of the government, upon vital questions affecting the whole people, is to be irrevocably fixed by decisions of the Supreme Court, the instant they are made, in ordinary litigation between parties in personal actions, the people will have ceased to be their own rulers, having to that extent practically resigned their government into the hands of that eminent tribunal."

Thomas Jefferson wrote in 1820 that "to consider the judges as the ultimate arbiters of all constitutional questions is a very dangerous doctrine indeed, and one which would place us under the despotism of an oligarchy."

★ ★ ★

These quotations become more than ever pertinent now because the U. S. Circuit Court of Appeals in St. Louis this week held that "popular opposition" in the community was primarily responsible for the belligerent attitude of the students at Central High School in Little Rock who protested, sometimes with acts of violence inside the school, against "integration" in the classrooms.

The judges went further when they criticized the school board at Little Rock for not seeking injunctive relief "against those who opposed by unlawful acts the lawful integration plan." The appeals court cited with disapproval the passage of new laws by the state legislature—subsequent to the Supreme Court decision of 1954 — which were designed to circumvent that ruling through, for instance, a pupil-assignment plan.

The inference is clear that public opposition to the reversal in 1954 of a Supreme Court ruling—which had been "affirmed and reaffirmed" for 58 years—comes under the headings now of "unlawful acts." This very point was dealt with by Judge Lemley of the U. S. District Court, who earlier this summer ordered the postponement of "integration" in the Little Rock schools for two and a half years.

He said in his formal opinion:

"Relative to interference from outside the school, the plaintiffs urge that the (school) board should have either instituted criminal prosecutions against the persons responsible, or that it should have applied for injunctive relief, as was done in the Hoxie, Ark., and Clinton, Tenn., cases.

The Country Parson

"Preaching is like fighting bees—you're so busy swinging at pesky annoyances you can't concentrate on what needs to be done."

Dr. William Brady Says:

Readers' Round Table on Effects of Calcium

"We are grateful for help received from your Personal Health column which appears daily in our paper. Daily ration of Calcium and vitamin D has put my husband on his feet again after years of pain in the joints. He is able to walk for miles now and feels fine." (Mrs. W. T.—Saskatoon, Canada).

★ ★ ★

"Your talks on calcium have done my husband a world of good. He now takes not less than 3 glasses of milk daily and supplements this high calcium food with extra calcium and D. For years he had pains in his knees every winter and blamed it on the dampness where he works. Now the pains are gone (none at all the past year) and he continues his high calcium diet the year around—milk, cheese, oatmeal, etc." (W. A., Pennsylvania).

DR. BRADY

★ ★ ★

"I had trouble in both shoulders, right wrist, both feet. So sore and stiff that when I got up in the morning it felt as though the bones must be broken. I started to take a quart of milk daily and 3 to 6 calcium capsules with it, and in a month I began to get relief. In a few more weeks all soreness in joints was gone. I ran out of calcium and took none for a month or so. The pain began again, and you may be sure I started eating calcium again. Ever since I have kept it up regularly and I do not suffer any more." (H. E. D., Minnesota).

"Three glasses of milk, usually skim milk, plus three calcium wafers a day (calcium and D) have eliminated the stiffness in arm and back which plagued me every night. After an hour or so in the morning the muscles would unkink, but at night they seemed to tighten up so that I couldn't rest. When I took your advice and supplemented my diet with Ca & D, I was able to uncoil at night and sleep relaxed." (J. H. M.)

"Two years ago, following your teachings, I started eating calcium and D. Took 6 with meals every day for two months, skipped a month, then 3 a day for two months, skipped another month, now I eat six twice a week. My joints feel 20 years younger and my nerves are steady . . .

★ ★ ★

"Over a year ago I was in constant pain in left shoulder. Could hardly move it— took my right hands to lift left to my head. Commenced eating calcium wafers as you recommended for bursitis. After two weeks noticed some change for the better, kept on with the medicine . . . for several months have been fine, use my arm as freely as ever with no pain or stiffness . . . 75 years old. Expect to continue with calcium as long as I live." (D. H.)

(Well, shouldn't we all? Calcium is food, not medicine. FOOD. So you EAT it, preferably in its natural state—in such calcium rich foods as whole milk, skim milk, buttermilk, cheese, egg yolks, green leafy vegetables, peas, beans, nuts, peanuts. If your diet is not a high calcium diet, then you must supplement it with calcium and vitamin D, not for a few weeks, but every day.)

Case Records of a Psychologist:

Collegians, Don't Squander Money

Notice how Bill violated King David's philosophy. Family life should be a teamwork affair. When you kids go on to college, dad and mother often are working your way through school for you. So look on the money they send you as sacrificial gifts. King David would call it blood money, not to be squandered for foolish items.

By DR. GEORGE W. CRANE

CASE Y-393: Bill T., aged 18, entered college last semester.

He comes from an average home where there are several other children and the father barely can make ends meet.

★ ★ ★

But his parents skimped and saved and borrowed some money to help start Bill into college.

The first month, however, Bill and his hometown girl had a quarrel. So Bill called her several times per week. In fact, his phone bill was $28 before the end of the month.

Yet the $28 to pay for these foolish calls came from that loan on his Dad's life insurance policy:

★ ★ ★

I'm stressing this case today because when you kids are old enough to go to college, it is high time you got a little old fashioned gumption or "horse sense" into your noodles.

DR. CRANE

And gumption involves frugality in the use of money.

NITWIT COEDS

Don't think I am picking solely on the boys, for a lot of you coeds are just as stupid.

For example, here's a girl from a small town whose mother goes out to wash and scrub and help her neighbors, just so she can make a little extra money to send her daughter to college.

That mother sometimes makes $10 a week extra to apply to her daughter's higher education.

★ ★ ★

Yet that same daughter has started the cigaret habit since going to college, and now burns up $104 per year on the ends of her cigarets.

For that $104 ($2 per week) is the the outlay burned up on the ends of cigarets by just the "average" (one pack per day) smoker.

When college kids are being financed by sacrifices on the part of their dad and mother, they are disloyal to waste even a penny of such financial aid from home.

If you dislike this blunt endictment, then discuss this very problem in your Sunday School class next week, or use it as the basis for a Young People's Meeting on Sunday night.

★ ★ ★

And to give you an apt text for the latter purpose, just read II Samuel 23:15-17.

King David was hemmed in by the hostile Philistine army. One day he expressed the wish that he might have a drink of water from the well of Bethlehem.

Unbeknown to David, 3 of his mighty men slashed their way clear through the Philistine army and filled a flask with water from the Bethlehem well.

★ ★ ★

Then they fought their way back to King David and offered him a drink.

Did David figuratively squander this sacrificial gift on cigarets or phone calls to a quarreling girl friend?

Not on your life! He deemed it holy, bought with the blood of the brave soldiers who had fought their way twice through the hostile army.

So he regarded the water as fit only for a sacrifice to Jehovah.

★ ★ ★

Maybe some of you teenagers better discuss this case before next semester, so those who are going forth to college for the first time will learn to play ball more fairly with their parents.

Family life should be a matter of team-work. When dad and mother deny themselves many needed conveniences to send you college kids an extra $25 of $50,

don't waste the money on inane items.

Be sure you play ball with the devoted allies back home who are helping work your way through school.

★ ★ ★

Send for my "Behavior Test for Teenagers," enclosing a stamped return envelope, plus 20c (nonprofit). Use it Sunday night for discussion at church.

Voice of the People

'Citizens Must Act to Save Our Largest, Finest Park'

Reports in Michigan newspapers and national magazines have made many aware of the threat to Michigan's greatest state park—the wilderness and scenic area of the Porcupine Mountains. This great panorama of forested hills, of streams and lakes is now touched by one highway.

★ ★ ★

Its 58,000 acres constitute a reserve that a great many have already learned to love; and many more will see this summer by reason of increased traffic across the Straits of Mackinac. The greatest importance lies, however, in the future when all such spots will be invaluable for the recreation that will be the more greatly needed with our fast growing population.

The threat to the park lies in the interest of several mining companies in the copper sulphide ores of low grade that lie in the uplands of the park and below its offshore waters.

★ ★ ★

Smelting of the ores in the region of the park would undoubtedly bring about destruction of plant life of the area. The acid smoke from the smelters would create waste land for miles around, and the tailings from mining operations would further contribute to the despoilation of the park.

★ ★ ★

The mining interests may point out that the residents of Michigan would gain from the mining operations—in payrolls, taxes and royalties to local communities, counties and state. They are less apt to point out that these benefits come from the taxpayers' pockets in government support of copper prices and that, if this support ended, their operations would also be likely to end.

★ ★ ★

The economic value of the Porcupines is sure to be greater as a recreational park, for that use will continue and grow for centuries.

The conservation commission of Michigan has the authority to permit mining in this park. It has taken no action. Those who would save the park should make their opinions known.

Our state park system now numbers 60 sites—most of them small and crowded. Seventeen million visitors stopped in these parks last year. Porcupine, our largest and finest, is at stake. Michigan's citizens must act now if they are to save it. The most effective way to do is to make your interests known to the Michigan Department of Conservation, Lansing, Michigan.

City Fire Protection Interests Readers

Pontiac is indeed fortunate in having a most capable and far-sighted City Planning Commission, City Commission and City Manager.

Gradually streets are being improved and paved, sewers are replacing the old septic tank, new public buildings are being constructed, such as the City Hall, Public Safety Building, Library, Westside Fire Station, etc., all on a pay-as-you-go basis.

Other improvements are contemplated in the near future, we understand, which are right for a progressive city such as Pontiac.

We hope that, in the planning, the necessity of a new fire station in the Baldwin-Walton area will not be overlooked. Since the financial picture in Pontiac is so bright, we believe that now is the time to include such a necessary item in the 1959 budget.

Interested in Progress

Correct, the primary function of a fire station is to house firemen and engines. Did you know that Pontiac's downtown station, the "old-fashioned" one, (built in 1867) is too small to house an aerial truck that would be invaluable in the event of fire in the taller downtown buildings?

Did you know that there are 18 men, and four trucks on duty 24 hours a day in a building whose walls are buckling, whose floors are sagging, whose heating is inadequate and whose kitchen and dining area was once a hay loft?

Libraries are wonderful. Knowledge is necessary, but library patorns can take the books to their comfortable homes to enjoy them. Men and equipment that protect the City of Pontiac deserve better treatment than a 91-year-old building that should be torn down before it falls down.

Daughter of a City Firefighter

I am in complete agreement with Mr. Price's recent letter regarding inadequate fire protection in the area north of Fisher Body. Living in a section of numerous lakes, four elementary schools and perhaps 5,000 homes and business establishments, one easily recognizes the danger. The several large industrial plants located in the area increase the need.

We also understand that the Underwriters' Fire Fighters Association has also recommended added fire protection for this area.

However, we do not wish to appear critical of the Pontiac Fire Department, but do believe they do a very fine job with the equipment and facilities at their command.

3 Gunmen Terrorize 4 Women for $200

DETROIT (UPI) — Three gunmen terrorized four women in an apartment here last night before fleeing with $200.

The first man knocked on the door of Shirley Solomon, 42, and all three forced their way in at gunpoint when Miss Solomon opened the door.

★ ★ ★

One covered the woman and her three guests with a pistol while the other two ransacked the apartment in search of money. They failed to find any, however, and took the $200 from the women's purses and fled. They escaped in a 1957 Dodge.

Police said the men were apparently familiar with the apartment. Miss Solomon's guests were Blanche Zuiebach, 49; Florence Shiffman, 43, and Sylka Burnstein, 46 — all of Detroit.

LONDON — A British concern has developed a carbon paper which, it says, won't slip or curl and will make cleaner, crisper copies, and has a longer life than conventional carbon papers.

OFF FOR CAMP — Each summer hundreds of youngsters from Pontiac head north for summer camps. This summer for the 11th consecutive year Pontiac Downtown Kiwanis Club is helping 34 to attend on Kiwanis camp scholarships. With the advice of teachers in making the selections, help is extended to boys who are willing to earn part of their camp tuition during the school year. The project is one of numerous ones promoted by Kiwanians to assist youngsters. Above, Kenneth Racine (left) and Ronald Watkins are ready to take off for camp. With them is Kiwanian William Frankenfield.

Indian Army Relieves New Delhi of Drought

NEW DELHI (AP)—The Indian army today brought New Delhi's water supply back to two thirds of normal and said the capital's drought should be completely ended tomorrow.

★ ★ ★

An army spokesman said a channel had been dug connecting the new channel of the Jumna River with the city's pumping stations after the river moved more than 1,000 feet at the end of monsoon floods.

In north Bengal, 700 miles northeast of New Delhi, floods are causing severe damage. Some 10,000 persons already have been evacuated and three rivers in the area still are rising. No deaths have been reported.

Freezing Holds Quality

OMAHA — Agriculture experts say most frozen fruits and vegetables maintain high quality eight to 12 months if stored in zero cold, while citrus fruits and juices will keep their qualities under the same conditions four to six months.

School Supt. Blossom, Known as Fighter, Says 'I've Got a Job to Do'

By RICHARD DAW

LITTLE ROCK, Ark. (AP) — School Supt. Virgil Blossom, the man in the middle in Little Rock's simmering integration crisis, has a reputation as a fighter.

The 51-year-old native Missourian had the reputation long before he became a central figure in the current battle over school integration here.

★ ★ ★

A newspaper columnist at Fayetteville, Ark., where Blossom was school superintendent before he moved to Little Rock, commented: "When you've struggled with Missouri mud and climate, it puts fight and win in your blood."

Blossom, a hulking six-footer, puts it this way: "I've got a job to do."

★ ★ ★

Blossom spent his youth in Brookfield, a small central Missouri town where his father ran a construction business and served as the city tax collector.

He entered Missouri Valley College at Marshall, Mo., on an athletic scholarship. His goals were to teach and be an athletic coach. He achieved both.

His first job out of college was at Fayetteville High School, where he became athletic director and a social science teacher in 1930. Later he became principal and then superintendent. He moved to Little Rock in 1953.

★ ★ ★

Blossom's colleagues tell the story of a wayward youth who was sent to him after several warnings from teachers failed.

"Mr. Blossom just talked to me," the boy later told his classmates. "But as he talked I started getting smaller and he started getting bigger. By the time he got through, he was the biggest man I ever saw."

★ ★ ★

Blossom is active in civic organizations. He taught a Methodist men's Bible class until shortly after last fall's integration crisis forced him to give up some of his activities because of lack of time.

He and his wife have two daughters, Bette Sue, 20, and Gail, 17. Gail attended Central High during the tension-packed 1957-58 school year and graduated in June.

Coal production in the United States normally averages about 2.5 tons for every person in the country.

WASHINGTON (AP) — This is an ABC on the five major changes just voted by Congress in the Social Security program. President Eisenhower is expected to sign them into law shortly. Most won't go into effect until next Jan. 1.

★ ★ ★

They involve everyone under the program. They cover a higher Social Security tax and higher payments to retired workers. Also included are bigger payments to survivors of deceased workers, disabled workers and needy persons.

THE TAX

Employers and Employes both have to pay a Social Security tax. For each it now is 2¼ per cent on the first $4,200 of a worker's annual earnings, or a maximum tax of $94.50.

★ ★ ★

On Jan. 1 the tax goes up to 2½ per cent on the first $4,800 of earnings, or $120.

The self-employed after Jan. 1 will pay 3¾ per cent on the first $4,800 instead of 3% on $4,200.

Retired workers now drawing Social Security payments will get a 7 per cent boost in checks they receive after Feb. 1.

★ ★ ★

Their payments now range from $30 a month to $108.50. Under the new law they'll get from $33 to $116. This applies to retired workers already drawing payments before Jan. 1.

Those going on the retirement rolls after that date will receive from $33 to $127, although it will be some years before anyone starts drawing as much as $127.

Retired workers' wives who are eligible for payments because of their age will also get a 7 per cent boost in their checks.

★ ★ ★

If a worker reaches 65, retires and starts drawing payments but has a wife younger than he and with a child under 18, both the wife and child receive payments until the child reaches 18. Their payments will also go up 7 per cent. For such a wife and child the payments now range from $15 to $54.30 a month.

SURVIVORS

Payments also rise for eligible survivors of a worker who was covered by Social Security but died — before or after reaching 65. They go up Jan. 1, but the increases won't be mailed out until February.

A woman now drawing payments as the widow of a worker will receive an increase of about 7 per cent after Jan. 1.

★ ★ ★

Monthly payments to the widow of a worker — if she has a child under 18 — now range from $45 to $162.50. Payments to her will go up to a minimum of $53 and a maximum of $190.60. What she gets will be based on her husband's earnings, of course, as in the case of all widows.

A widow with two or more children under 18 now gets payments ranging from $50 to $200. They'll go up to a minimum of $53 and to a maximum of $254 a month.

Now a covered worker — if he's at least 50 and is totally disabled — gets a payment equal to what he would have drawn if he had reached 65 and retired. But his dependents — a wife and children under 18 — have been getting no payments.

★ ★ ★

Under the new law they will: the same amount they would have received if he had reached 65 and retired. The wife of a disabled worker — if there's no child under 18 — can get no payment until she has reached 62.

PUBLIC ASSISTANCE

About 5,600,000 people not otherwise covered by the Social Security program get government help. These are the needy aged, people too blind or disabled to earn a living, and needy children.

The federal government puts up so much money for them, and their state puts up so much. What they get varies from state to state. The variation depends on how much the state puts up.

★ ★ ★

The maximum government payment — towards the total government-state payment for people in this group — was $60 a month. It now goes up to $65 and takes effect Oct. 1.

In the case of needy children — usually meaning children whose fathers have deserted them or died and whose mothers are needed at home to raise them — the maximum government payment was $32. This now goes down to $30 a month.

It will mean smaller payments for them in states which do not make up for this federal reduction.

3 Die as Boat Turns Over

Several Others Aboard Cabin Cruiser Left Floundering in Water

OCEAN CITY, N. J. (AP)—A cabin cruiser upset in rough seas here late yesterday, killing three of its occupants and leaving seven others floundering in the ocean.

A man and a woman in an outboard motorboat who tried to come to the disabled craft's rescue were also swept into the sea by 10-foot-high waves.

★ ★ ★

One of the dead was a Roman Catholic priest of the Byzantine rite. He was identified by the Coast Guard as Father Vladimir Firczak, 42, of St. Peter and Paul Roman Catholic Church in Bethlehem, Pa.

The other victims were Edward McHugh of Penndell, Pa., owner of the cabin cruiser, and Clarence Jewell, Bethlehem, Pa.

Coast Guardsmen said all three were apparently killed when the roof of their boat, the Four-in-One, struck them in the head as it overturned.

Robert McHugh, 16-year-old son of the boat's owner, pulled his father of a life raft and kept speaking to him in a vain attempt to keep him conscious until rescuers arrived.

★ ★ ★

Another survivor was Father Paul Firczak, 47, Beaver Meadows, Pa., a brother of the dead priest.

None of the survivors was seriously injured.

Says Navy Expects Ike to Vacation at Newport

PROVIDENCE, R. I. (AP)—New England Telephone & Telegraph Co. says it understands the Navy expects President Eisenhower to vacation at Newport, R. I., again this year "and we are making our plans accordingly."

This was the response of Lorenz Dahl Jr., public relations superintendent, when asked last night about reports that telephone crews are working overtime setting up Washington-Newport lines.

"It could be true," Dahl said.

25-Lb. Beast Shrinks to 5 Lb. Before Dog

CHICAGO (AP) — Shnooks, a cocker spaniel, was barking loudly in the back yard.

★ ★ ★

Mrs. Irene Griffith, the dog's owner, telephoned police and told them a fierce-looking, 25-pound beast with a long nose and tail perched on a fence, was threatening Shnooks.

★ ★ ★

Police found no ferocious animal in the back yard. Instead, they caught a frightened five-pound opposum which Shnooks had treed.

Tiny David Again Defeats Goliath on Field of Battle

LONDON (AP)—David and Goliath met again in battle yesterday.

Goliath is a 1,200-pound bull which charged through two barbed wire fences and terrorized 16 children.

David is 43-pound David Butter a tough little 4-year-old who like his biblical namesake refused to give ground.

★ ★ ★

They met in a playing field at Slyfield Green, Surrey.

David was playing on the swings when the big black bullock charged snorting into the field. All but David ran screaming from his path.

"I got a stick and hit the bull and said 'Shoo,'" David said.

"The bull just stood still when I hit him. So I hit him again. He stamped his feet. So I hit him again."

That was enough for Goliath the bullock. He turned and fled.

Today Goliath's days were numbered. He was grazing again in a field not far from a local slaughterhouse.

Oooh, La! La! Tres Gallant to Earn Dollars!

By PHYLLIS BATTELLE

NEW YORK — "I smell," said Gerry Gallant, placidly and proudly. "I smell as no one else smells."

What she means, said her husband Herbert, is that she has a classy olfactory sense.

"What he means I mean is I've got a good nose. For expensive perfume. I love things at $20 an ounce. Or more. We spent our last vacation in Paris poking through little shops on the Rue de Rivoli, piled to the ceiling with perfume."

She bought one vial of each brand, remarked Herbert thoughtfully.

★ ★ ★

"Yes," said Gerry, her outsize eyes like wedgewood green salt dishes. "I have the most rancid dressing table in town."

"I couldn't really afford such a nose," Herbert put in.

"Of course you couldn't, dear. It was foolish."

★ ★ ★

"So I told Gerry to pick out her favorite perfumes," Herb continued, "and give them to me. She did. I took them to a local chemist and told him to concoct the best of all the essences. Which he did. And I brought it home and said here, smelly—now cut out this Paris perfume nonsense."

GALLANT GESTURE

"And I said," Gerry said, "How tres gallant of you, Mr. Gallant. Pour moi?"

And that is how come handsome Herbert and Gerry Gallant — a typical young American couple with two expensive children and a high olfactory overhead — happened to enter the perfume business.

Their new fragrance, "Tres Gallant," was conceived to save money. It is being sold to make money.

Gerry decided her special formula scent, brought by her husband as a gag, should be sold. "The babies," she pointed out, "need a new pair of camps."

★ ★ ★

So Herbert — the son of coat-and-suit master Frank Gallant, and an old hand in the business of merchandising — rushed out to follow mama's advice. He found a French family in New York who would wrap the bottles in gold paper and cellophane. He designed a fancy label. He slipped the chemist some green to keep him in jasmine and ambergris.

CONSIDERED PRICE

Then he sat down and considered the price. "Women are preconditioned by Paris prices," he decided. "They respect the perfumes that are $20 an ounce or more."

Wanting to be considered neither lowbrow nor high-handed, Gallant decided on $20.

Well, the new perfume has been on the market only two weeks now, and it's going (says Lord & Taylor) fast. Women like something new, especially if it's wrapped in gold. And labeled in French. And priced in line with gracious living.

★ ★ ★

"I'm now a single-smell girl," said Gerry. "Think of all the money we'll save, darling, on those foreign perfumes."

"Glad you thought of it, honey," replied Herbert.

A penny saved is a dollar earned—ain't it?

Alteration Tools Greet Perfectionist Officer

SAN DIEGO, Calif. (AP) — Cmdr. Bob Mareness is known around naval district headquarters as one who seldom resists the opportunity to improve on memos and letters written in his department and submitted to him for approval.

So when his staff brought him a 35-pound bronze plaque, to be awarded later to a Navy ship crew, it was accompanied by a hammer and chisel.

Find 2 Missing Girls Staying at Aunt's Home

DETROIT (AP)—Two young girls missing overnight were found today at the home of an aunt. Some 50 sheriff's men and volunteers had searched throughout the night for the pair.

Diana Fritz, 9, and Linda Meldrum, 14, of Brownstown Township, said they decided to spend the night at the home of Linda's aunt in Lincoln Park, 15 miles from their home.

The girls, who are neighbors, left without telling their parents who reported them missing about 6 p.m.

There are about 391 recognized schools for practical nurses in the U. S.

Jailed Embezzler of Millions Fighting for Release

MENARD, Ill., (UPI)—Illinois' ex-state auditor Orville E. Hodge, convicted of a giant embezzlement of public money, said today on the eve of his third year in prison that he has not "found peace of mind."

"I hate this place," Hodge said. "I want to get out." He is serving a 12 to 15 year sentence.

★ ★ ★

The once dapper politician is not wasting his time behind bars as he maps a legal fight to speed his release from Menard State Penitentiary.

"I don't say I'm innocent of everything," Hodge said in a three-hour interview at Menard, "But I'm not guilty of all the things they say I'm guilty of."

A newspaper expose uncovered fraud in the state auditor's office about two and a half years ago, and led the downfall of playboy Hodge and his associates. Estimates of state funds pilfered through fraudulent warrants by Hodge, who served under Gov. William G. Stratton, range as high as $2,500,000.

Stacked on his desk in a small room of the main building from where he runs the prison radio, Hodge has piles of legal records of his case, law books, newspaper clippings, and lists of the $1,024,000 in fraudulent state checks he pleaded guilty of cashing.

"A lot of people think I've got a pile of money under a rock," Hodge said, "But I don't have. I've got only $22 and it's all in my account here."

★ ★ ★

Hodges spends much time poring over records in his case. He said he could prove now, mathematically at least, that he never received or handled more than about one-third of the money he was accused of stealing.

As a first step toward his release, Hodge plans to open a legal fight to "reduce" the amount of a civil judgment under which the state seeks to recover from his assets $1,024,000 for the phony state checks.

Hodge has collected a list of checks involved and tried to trace them. His accounts, Hodge said, plainly show where about two-thirds of the money went and that none went to him.

But he's willing to accept responsibility for the remaining one-third of the money, Hodge said.

★ ★ ★

The former Republican politician, who liked luxurious living, said he felt that if he could show in court that he did not take all the money he pleaded guilty to taking, he might be able to win some clemency on his 12-15 year sentence.

Although eligible for parole in November 1963, Hodge hopes to be out of prison before then. But he realizes he has no chance as long as Edward A. Epping and Edward A. Hintz, who were involved with him and sent to prison, are still behind bars. Both, however, seek their release.

"God willing, they both will be out late next year," Hodge said hopefully, looking forward to his court fight.

"Keeping me here longer won't do anyone any good," Hodge said. "I've suffered, they've taken all my money, they've ruined my family, I've shamed all my friends."

Hodge said he is "starved" for visitors and old friends. But all the old friends, he said, act "like I've got double smallpox."

Duke Favors Hunting, Resigns From Society

LONDON (AP)— The Duke of Devonshire has resigned from the Royal Society for the Prevention of Cruelty to Animals because at heart he's a hunting, shooting and fishing man.

★ ★ ★

The 38-year-old duke quit the presidency of the RSPCA's Chesterfield branch when he learned of the society's campaign now under way to outlaw stag-hunting — a sport of which he approves.

★ ★ ★

Devonshire was not at his family's stately home at Edensor house near Chesterfield today. He had gone to Yorkshire with his uncle, Prime Minister Macmillan, for some grouse shooting.

Daughter Slain, Mother Held

Police Arrest Woman in Pennsylvania; Son Seriously Wounded

MIDDLEBURG, Pa. (AP) — A 38-year-old mother was arrested early today shortly after the rifle slaying of her daughter and the serious wounding of a son while they were asleep at their home.

Officers arrested Edna Mae Lamparter as she ran from the rear door of her farm home about four miles north of Middleburg.

The body of Jacqueline Mae, 14, was found in bed in her mother's bedroom, shot in the head near the right ear.

★ ★ ★

The boy, James William, 8, also shot in the head, was taken to a hospital at Danville, in a serious condition.

Dr. William H. Weber, Snyder County coroner, said Mrs. Lamparter had been under treatment in a mental hospital some years ago.

Sheriff M. R. Courtney said a .22 caliber rifle was found in the bedroom with the slain girl and wounded boy. He identified it as the murder weapon.

★ ★ ★

The sheriff said that Mrs. Lamparter gave him a number of cartridges when he took her into custody. She was taken to jail and placed under sedation.

He said she had made no statement about the shooting, which occurred shortly after 11 p.m.

The father, John Jacob Lamparter, 52, was at work at the time.

Another son, John Jr., 18, asleep in another bedroom, was awakened by the shots.

★ ★ ★

Courtney said that John told him he heard his mother's voice screaming "Get a doctor, I killed Jackie and Jimmy!"

He ran downstairs. Finding the telephone wires cut, he drove four miles to Middleburg to notify the sheriff.

MRS. FRANKLIN MORTON

Area Newlyweds Honeymooning in Florida

WHITE LAKE TOWNSHIP — Honeymooning in Florida this week are Mr. and Mrs. Franklin Morton following their evening marriage ceremony at the Allen Park Presbyterian Church.

The bride, the former Barbara Louise Hummel, is the daughter of Mr. and Mrs. Harry O. Hummel of 2131 Kingston and the bridegroom's parents are Mr. and Mrs. Ola Morton of Allen Park.

The Rev. Wanzer H. Brunelle performed the ceremony.

A gown of white dotted Swiss with a scoop neckline and a silk illusion veil attached to a lace cap completed the bridal costume. She carried white glamellias.

Janet Denhott of Pontiac was the maid of honor and Eleanor and Patricia Swidan, both of Pontiac, were bridesmaids.

Best man was Donald Bjierman of Allen Park. Thomas Morton of Massachusetts and Robert Morton of Allen Park seated the 200 guests.

The newlyweds will live at Crescent Lake.

Refinance Plan Adopted by S-P

Churchill Says Program to Place Company in More Aggressive Stance

NEW YORK (AP)—Harold Churchill, president of Studebaker-Packard Corp., said the auto firm yesterday signed a series of agreements for a refinancing program.

The program will place the company in a position to carry out a more aggressive automobile marketing program, featuring a new, smaller car, Churchill said.

He added that the refinancing plan, which must be submitted to stockholders at a later, unannounced date, will help the company deversify operations into other fields.

One feature of the program is a contract with A. M. Sonnabend, president of the Hotel Corp. of America, and known as a rejuvenator of tire companies. He will direct the company's acquisition and diversification program and become a director.

Churchill said that under the program $54,700,000 in outstanding loans would be converted into secured notes and non-voting preferred stock.

★ ★ ★

"We have worked out a two-point program calling for concentration of the corporation's efforts in what we believe is the soundest area of the American automobile market open to an independent company and for diversification into other profitable fields," Churchill said.

The new car, as yet unnamed, will have a 108½ inch wheelbase and an overall length of 175 inches. Churchill said this was three feet shorter than the average American car. It will come with V8 or 6 cylinder engines.

"It has a grill resembling the Hawk design. There is little chrome and very little overhang beyond the front and rear wheels. Churchill said it would be priced "within the area of $2,000 anywhere in the United States."

★ ★ ★

For 1959, Churchill said, the company has drastically reduced the number of models. The Packard name will be "temporarily shelved" and the Scottsman, this year's low-priced car, will be discontinued. Some Hawk models will be produced.

While there will be product improvement in the new car from time to time, the company is aiming at "permanency of design," Churchill said. He added, "we know the car is right, we know the timing is right."

Wayne County Reports 20 New Polio Cases

DETROIT (AP)—Twenty new cases of polio have brought the total in Wayne County to 142, highest since Salk vaccine was introduced three years ago, the National Foundation for Infantile Paralysis said today. This compares with 114 at the same time a year ago.

There have been five deaths from polio this year, compared with one in 1957. The foundation said the number of paralytic cases was up considerably from a year ago.

Donald W. Bartin, county administrator for the foundation, said the pre-Salk vaccine average was 600 to 700 polio cases a year. The peak year was 1952 when 1,128 polio cases were recorded.

MRS. LEE JACKSON GRIGGS

Orion Girl Married

LAKE ORION — Mary Jo Chapin, daughter of Clare L. Chapin of 75 W. Shadbolt Rd., became the wife of Lee Jackson Griggs Saturday during a 7 p.m. ceremony at the Lake Orion Methodist Church.

The bridegroom is the son of Mr. and Mrs. George Griggs of 231 E. Flint.

Best man was Thomas Hill of Detroit and John Kelly of Lake Orion, John Ward, and John Jaqua, both of Kalamazoo, were ushers.

The bride attended Western Michigan University and will transfer to Eastern Michigan College. The bridegroom is attending the University of Michigan.

★ ★ ★

Following a northern Michigan honeymoon, they will live in Ypsilanti.

A ballerina length gown with a square neck, tapered sleeves and a fitted bodice with Chantilly lace was worn by the new Mrs. Griggs. A fingertip length illusion veil was secured by a pearl headpiece.

Patricia Butler, cousin of the bride, of Pontiac, was the maid of honor. Janet Griggs, sister of the bridegroom, of Lake Orion and Janet Sheir of Grand Blanc and Mitzi Smith of Muskegon, were bridesmaids.

Andrea Butler of Pontiac was the flower girl. Ring bearer was Mark Chapin of Pontiac.

To Race Speedboats Sunday at Ortonville

ORTONVILLE—Speedboat races will be held at Lake Louise, two miles south of Ortonville on M15 Sunday.

The event, sponsored by the Ortonville Rotary Club, will begin at 1 p.m. and all participants will be professional drivers and members of the Outboard Racing-Assn.

Stock runabouts and hydroplanes will be included in the day's program and 10 to 70 horsepowered motors will enter competition.

Commodore William Proffer said he expects approximately 65 boats in the races.

City Man Falls Against Saw; on Critical List

DRYDEN TOWNSHIP — A 26-year-old Pontiac man was injured critically yesterday morning when he fell against a saw at a saw mill near Hough road in Dryden Township.

Richard Spies, of 680 Granada St., received a 10-inch gash from the right shoulder to the chest, according to Romeo State Police. He is in the Lapeer County General Hospital "holding his own," according to a hospital spokesman.

Police said he was working with his brother, Bill, of Lake Orion, running timber into the saw when he slipped and fell against the blade.

★ ★ ★

The Democrat Organization of Lake Orion appointed Roach to organize the young group which will be composed of 16 to 21 year olds. All interested are asked to contact Roach.

MRS. THOMAS G. HARDING

Patricia Norman Married

ROCHESTER—One hundred and seventy-five guests attended the all white wedding of Patricia Ann Norman and Thomas Grayson Harding Saturday evening in the Franklin Community Church. The Rev. John Searls performed the rite at 8 p.m.

★ ★ ★

The bride is the daughter of Mr. and Mrs. Clarence Norman of 120 E. Fourth St., and the groom's parents are Mr. and Mrs. Leonard J. Harding of Detroit.

The bride wore a gown of white, pure taffeta featuring a Venetian lace-trimmed neckline. Her pure silk French illusion veil was held by a crown of seed pearls and sequins and she carried daisy mums, cynbidium orchids and ivy.

Maid of Honor was Janet Ann Maitrott, of Rochester and her attendants were Mary Gail Crissman of Rochester and Barbara Maria Banks, cousin of the bride, of Marshfield, Wis.

★ ★ ★

Leonard J. Harding Jr., the groom's brother, of Detroit, served as best man and the ushers were James C. Norman, brother of the bride, Richard O. Juengel and Thomas V. Rowlson of Rochester.

A reception followed in the church parlors.

Following a two week honeymoon trip to New England, the newlyweds will make their home in Ann Arbor.

★ ★ ★

The bride is a member of Sigma Sigma Sorority, at Eastern Michigan College and the groom was graduated from the University of Michigan.

Wayne State Grads United in Marriage

MILFORD — Two Wayne State University graduates were united in marriage Saturday during a ceremony held at the St. James Methodist Church, Detroit.

Charlotte Mason, daughter of Mr. and Mrs. Cleveland Mason of Detroit became the bride of Jon Carey Zoner, son of Mr. and Mrs. John Zoner, of 2385 Commerce Rd., Milford.

★ ★ ★

A white lace and net over taffeta waltz length gown with a fingertip veil attached to a pearl headpiece completed the bridal costume. The bride carried a bouquet of white stephanotis centered by a white orchid.

Mrs. Jerry Parker of Detroit was the matron of honor and bridesmaids were Jean Hosman and Ann Russell, both of Detroit.

Barbara Mason, of Detroit, niece of the bride, was the flower girl and ring bearer was Robert Mason, nephew of the bride, of Detroit.

★ ★ ★

Leonard Hockley of Birmingham was the best man and Jerry Park, of Detroit, and Don Zoner, brother of the bridegroom, of Milford, seated the 160 guests.

Britain to Press Plan on Cyprus

Objections of Greece Overruled; Self-Rule Set for Communities

LONDON (AP)—Britain planned today to press ahead with its seven-year plan for self-rule by the Greek and Turkish communities on Cyprus despite Greece's rejection of it.

Diplomatic observers believed Prime Minister Macmillan never was optimistic about Greek approval of the plan even though he visited Athens two weeks ago seeking cooperation.

★ ★ ★

Macmillan also held talks with Turkish officials in Ankara but they have not officially responded yet to the plan as revised last Friday.

British government circles hoped that Ankara at least might advise the Turkish Cypriots privately to cooperate even though some points in the plan are considered objectionable. If the British leave, the Turks want Cyprus partitioned rather than joined to Greece as the Greek Cypriots demand.

★ ★ ★

Greek Premier Constantine Karamanlis warned Macmillan that without modifications demanded by the Greeks, the plan "will not serve the purposes you have proclaimed, pacification of the island and prosperity." Archbishop Makarios, exiled leader of the Greek Cypriots, has condemned the plan and said none of his followers would cooperate.

"Greece will continue with all legitimate means her efforts toward freedom of the people of Cyprus," Karamanlis wrote.

★ ★ ★

The government announced it did not intend to change its plan any more. It provides for separate Greek and Turkish assemblies for communal affairs, an islandwide assembly if the two communities want one and continued British control. The island's British government also would consult with representatives of the Ankara and Athens governments.

Science Teachers Spending Week at GM Center

Warren A. Dolsen, 266 E. Boulevard, West Bloomfield High School teacher and a summer employe of Pontiac Motor, is attending General Motors' third annual summer conference for high school science teachers at the GM Technical Center this week.

DOLSEN

During the week - long program, Dolsen and his companions will observe engineering demonstrations and laboratory experiments illustrating applications of basic science and mathematics at research laboratories, engineering staff and process development staff. Visits also will be made to the GM Proving Ground at Milford and General Motors Institute at Flint.

★ ★ ★

Dolsen is one of 17 teachers from five states attending the conference. All were employed by GM this summer to furnish them work experience and technical information on industrial science helpful in their teaching.

★ ★ ★

Dolsen's courses at Bloomfield High include chemistry, physics and advanced mathematics.

Bullfight Set in Lindsay, Ont.

Medics Will Stand By Tomorrow in Case of Any Accident

LINDSAY, Ont. (AP)—A doctor and two nurses—complete with ambulance and plasma bottles—have been hired to attend Friday's bullfights here in case they aren't so bloodless.

And if the medical team can't cope with an emergency, a group of stretcher-bearing first aid men have been told to lend a hand.

★ ★ ★

Mayor Lloyd Burrows, apprehensive at the prospect of an accident, expressed the opinion of the council:

"We're hoping like everyone else, that nothing happens—because if it does Lindsay would receive a black eye it would never recover from."

Meanwhile, the six imported Mexican fighting bulls are being hidden in a secret corral against the possibility of sabotage.

The three matadors—one had to leave to fulfill another engagement—expected the bulls to be subdued by the change in climate.

Not so, say the home-town experts. Canada's cooler air has them looking fitter and fiercer than when they left Mexico.

The matadors will be entering the ring with only their skills and small wooden swords for protection. No picadores and banderillos will be there to soften up the bull for the kill.

If anything goes wrong, the bull fighters will have to rely solely on their capes and the speed of their legs.

State Boosted by Newspapers

More Than 250 Joining in Drive to Promote Economic Growth

LANSING—Michigan newspapers have been commended by William M. Day, chairman of the state Economic Development Commission, for their leadership and example in embarking upon a year-long industrial promotion campaign.

Starting this month more than 250 newspapers are taking part in an impressive campaign of public service advertising to promote the economic growth and prosperity of their communities.

The campaign consists of 26 quarter-page ads, scheduled to appear at two-week intervals. The program is sponsored jointly by the Michigan Press Association and the Michigan Economic Development Department.

Day, president of Michigan Bell Telephone Company, said:

"Michigan newspapers are performing a great service in presenting this program. They are taking the lead in developing an understanding that people of every community need to have and they are showing a significant example of state-wide cooperation that will mean much to Michigan."

Forty-three of the 56 daily newspapers in the state are participating.

Each ad deals with a single idea. For example: the value of existing industry, helping local industry expand, encouraging new industry to come in, planning the community for industrial growth, etc.

Backs Plans to Mine in UP State Park

IRONWOOD (AP)—An Upper Peninsula group was out in support today of the controversial proposed copper mining exploration in northern Michigan's scenic Porcupine Mountains.

The group, pledged to fight what it calls a "myth" that the state park would be threatened, organized yesterday for preparation of a case to the State Conservation Commission.

Coincidentally, Gov. Williams, here campaigning, avoided taking sides in the dispute. He urged, however, that the outcome of a study by the Conservation Department be awaited.

★ ★ ★

The mining proposal has raised an issue of industrial expansion versus preservation interests, challenging the wisdom of permitting industry to go into the 58,000-acre wilderness park in Ontonagon County. The Conservation Commission meets next October at White Pine to consider the question.

Kennecott Copper Corp., through a subsidiary, the Bear Creek Mining Co., wants to lease 933 remote acres of the park and 5,000 acres of the Lake Superior bottom for copper explorations. All explorations would be at the lake bottom.

★ ★ ★

About 50 residents of Gogebic and Ontonagon Counties have set up a committee to present their side of the dispute to the Conservation Commission.

Vocational Guidance Aide Named for Urban League

Appointment of Thomas H. Massey to the newly created post of vocational guidance secretary for the Urban League of Pontiac has been announced by Norman H. Kuijala, president of the board of directors.

The new post was recommended by a board committee headed by John F. Perdue, principal of Bagley School. "Better job opportunities for youths coming into working age," he said, "are dependent upon better preparation during their early years."

In addition to developing job opportunities, Massey will give attention to guidance projects in schools and churches, and will stress basic schooling as related to job preparation.

"We hope to keep more students in school," Perdue said, "and to lend aid to those who show unusual abilities in grades under the junior high level."

THOMAS H. MASSEY

Massey was educated at Morehouse College in Atlanta, Ga., and took graduate work for a degree in vocational guidance at the University of Rochester. He has served with the U.S. Employment Service in Atlanta and the New York State service.

OUTWARD TO THE STARS

(3)—Newton

By Don Oakley and Ralph Lane

(1) The giant of his age was Isaac Newton (1642-1727) of England. Inventor of the reflecting telescope, his work on lenses and optics led him to the discovery of the nature of light — the spectrum. This knowledge has enabled modern astronomers to weigh and measure even the distant stars. Proceeding from Galileo's findings, Newton, at the age of 24, began the work which resulted in his famous law of gravitation. At last an age-old dream was fulfilled — the mechanism of the cosmos was explained by a single universal force.

(2) Bit by bit man enlarged and expanded his knowledge of the solar system and the universe. In 1672 Cassini measured the distance to the Sun. In 1675 Roemer measured the speed of light. In 1701 Halley accurately predicted the return of the comet which has been named after him. In 1750 Wright recognized the Milky Way as a star system. Herschel discovered Uranus in 1781 and began the monumental task of counting the stars. Leverrier, in 1846, predicted the existence of Neptune — a noteworthy triumph for science. In 1881 the Sun's temperature was measured. In 1888 Schiaparelli discovered the so-called canals of Mars. In 1916 Einstein brought out his theory of relativity. In 1930 Pluto was discovered.

(3) Today, with the giant 100 and 200-inch telescopes, the horizon of astronomy has expanded even further — into a third order of the cosmos. The first is the solar system. Next, the Milky Way, of which the Sun is a minor and unimportant member. Finally, astronomers have recognized that the Milky Way is only one of an uncountable number of galaxies. Science has caught up with Giordano Bruno's vision of infinity.

He'll Be Sorry; Nosy Airman Pushes Button

LAS VEGAS, Nev. (AP) — Airman Leslie Simms always wondered what would happen if he pushed the afterburner button on a jet. The afterburner is something a pilot cuts in when he needs more power.

★ ★ ★

Temptation got the best of Simms yesterday. He pushed the button while taxiing an F100D Super Sabre along a runway at Nellis Air Force Base.

★ ★ ★

Whoosh went the jet — down the runway, through a fence and across a highway — where it exploded and burned. Simms escaped unhurt. The Air Force estimated the loss at a million dollars.

★ ★ ★

Simms' reaction? He isn't available for comment. He's under strict guard pending investigation, the Air Force said.

Hal Boyle Says:

Each Must Fight for Peace in Own Way

NEW YORK (AP) — Each man many soldiers, and each man has has to fight for peace in his own way.

"It's not enough to place a wreath on a soldier's grave once a year," said Capt. Charles Dent soberly. "We have to do more."

The idea that he himself should do more came to Dent, a 41-year-old United Air Lines pilot, nearly two years ago on a night flight from Denver to New York. The Hungarian revolution was then at its peak.

★ ★ ★

He and his fellow crewmen, all of whom had had some experience in World War II, fell to discussing the world's plight.

"It was a clear night," recalled Dent, "and the American cities we flew over seemed terribly vulnerable to an airman.

"Whose fault was it the world was in such turmoil so long after the war? Who was to blame?

"At first we blamed it on our leaders, then decided that we couldn't reasonably blame it on leadership. For, after all, leadership hadn't had the active support of the people—people like us, sitting in the cockpit of the plane and ready to blame everybody but ourselves.

★ ★ ★

"We had done nothing personally to save the peace."

Dent didn't let the thought die there. He wanted to do something for world peace. But what? He talked to other airline personnel, visited nine foreign countries on his vacation and talked over the problem with their veterans.

After conversations with 2,500 individuals he reached these conclusions:

"We seem to be pursuing peace along two roads.

★ ★ ★

"One the low road, is by building up our strength by increasing our armaments. Everyone contributes to this by paying taxes.

"Two, the high road, is by international negotiation, and creating better understanding between people. But most people will admit that individually they have done nothing on this high road to peace."

★ ★ ★

How could they do more on the high road to peace?

Dent decided that one way was United Nations and its first purpose to make all peoples aware of the pose—"to save succeeding generations from the scourge of war."

For a year and a half the pilot has spent all his spare time in this work. One of his first goals is to make a modified U.N. emblem—it has the words "We Believe" beneath a wreathed world—familiar around the globe. He'd like to see this symbol of faith in world unity and peace painted on every commercial airplane in every land—on both sides of the Iron Curtain.

★ ★ ★

His program was unanimously endorsed by pilot uniondsof 32 free nations at a meeting in Bogota, Columbia. Twenty-three independent U.S. airlines voted last week to carry the emblem on their planes, and Dent hopes the scheduled airlines will quickly follow suit — and steamship companies, too.

He also hopes major business firms will spread awareness of the U.N. by painting the emblem on their products. A church and a law firm already have put the emblem on their stationery, and one doctor has printed it on his prescription blanks.

★ ★ ★

His crusade isn't merely a matter of words with Capt. Dent. Some time ago his company gave him a $5,500 bonus for successfully belly-landing a crippled plane without injury to his passengers. He immediately donated the bonus to the U.S. Committee for the United Nations, which promotes interest in the world organization.

"If the United Nations is going to work," he said, "It has to be known and supported by individuals. We will be doing something worthwhile for peace if we make the U.N. symbol as familiar around the world as the Coca-Cola sign."

He Fires Wildly at Fleeing Bandit, Gets His Man

KANSAS CITY (AP)—Robbed of $255, a ring and a pistol, Joseph Centimano grabbed a shotgun and charged out of his East Side liquor store in pursuit of the bandit.

Spotting a fleeing man 50 feet away, Centimano hastily fired his 12-gauge pump gun three times. Down went his target—and five bystanders.

★ ★ ★

No one was wounded seriously, least of all the bandit, who jumped to his feet and scampered into an alley.

Centimano, 48, ran back inside his store, got anothzr shotgun and took up the chase. He hailed a passing patrol car and got the help of policemen Gary Francis and Herbert Gardner.

★ ★ ★

A few minutes later, the officers grabbed a young Negro behind a hotel a block from the store. They found him stripping off a blood-stained shirt.

"That's the man," shouted Centimano, a step behind the policemen. Then Centimano clouted the man with his shotgun, breaking the stock.

★ ★ ★

Police took 23-year-old Joseph Edward Brinkley Jr. of Denver, to a hospital, where numerous shotgun pellets were removed from his skin and a cut on his head was treated. He was booked for investigation.

Elegantly simplicity — so correct for those after-five special occasions on the college girl's calendar — is this understated silk faille dress.

This Question Is Just Around the Corner

What'll You Wear to School?

By LYDIA ROTHMAN

It's the middle of August now—but believe it or not in two more weeks it will be "Back to School Time," again.

Vacations are still in full swing—and there's many a tan to be gotten yet—and for some reason or another August and school just don't seem a likely pair—but the days are getting shorter and September has a way of sneaking up unawares.

★ ★ ★

One of the most important steps in the back-to-school organization is clothes.

Last year's favorite dress is probably outgrown and those comfy bluejeans just won't hold up for another season of rough and tumble playground activity.

EXCITING VARIETY

The back-to-school crowd will have an exciting variety of clothes to choose from this fall—designed with their needs especially in mind.

★ ★ ★

Modified versions of the latest fashion silhouettes are featured for ladies of all ages—

Chemises and trapezes have had their effect—invading the realm of the kindergarten set even—and little girls will look more demure than ever in the new Empire styles.

★ ★ ★

Sweaters and skirts — the eternal school-girl favorites—return with a bold new look this season. Big bulky sweaters are matched with wool skirts featuring giant plaids accented with flapperish trims. Teachers will breathe a sigh of relief, though, for the new long slim lines always look neat and tidy without a trace of the old Sloppy Joeisms.

Absolutely indispensible to the college man's wardrobe is this slim tailored three-button suit. Solid dark colors, conservative tweeds and charcoal combinations are what the well dressed undergraduate—or graduate student —will wear this fall.

IVY LOOK FOR MEN

For the masculine sex, the "Ivy look" is stressed with emphasis on the narrow look —shoulders, lapels and trousers.

The darker colors—grays and brown and the charcoal shades are as popular as ever.

And young men can indulge their fanciful whims for bright colors in the smart new sport clothes—the accent this season being on stripes and prints for sport shirts and blazers.

★ ★ ★

For the college student—especially freshmen—wardrobe planning may be a little more complicated. The major factor to consider is where you are going to school: city or country—coed or not.

STANDARD RULE

A standard rule to go by is—underdress rather than overdress and stick to classic type all-purpose clothes rather than anything too extreme. And don't forget, dormitory closets are usually small . . .

For college girls, a simple basic dress will be just right for those fall football games—with a few dress-up accessories it will make an equally chic outfit for winter fraternity parties.

Fabrics, too, are in the news this fall. They're sturdier and more washable than ever — a thing mothers and dorm-launderers will be most thankful for.

Pictured here — the standard college girl uniform . . . studying is easier, picnics more fun when you've got a pair of bermudas. This young lady is the height of fashion with her new longer wool pullover and bright plaid shorts. (At some women's colleges you can wear them for classes, too.)

The college coeds traditional standby — sweaters and skirts — take on a bold look this fall. Typical of the chic favorites to be seen on college campuses soon will be this long bulky sweater with a giant-size plaid wool skirt. The slim straight lines are guaranteed to please even the most exacting of professors.

You May Not Win Again!

By EMILY POST

"Dear Mrs. Post: Every two weeks a group of us plays bridge. A prize is given to the one with the highest score. For three consecutive weeks I have won the prize. It is really getting embarrassing. Should I win again next time, would it be proper to refuse to take it and ask the hostess to give it to the person with the second highest score?"

Answer: No, the prize you win is yours to keep and surely the one with the second highest score would not enjoy a prize given to her and not won by her.

"Dear Mrs. Post: I received an invitation to a shower in yesterday's mail and at the bottom of the invitation it stated what I was to bring. I never before received an invitation where I was told what to bring and I must say I was quite shocked.

"When I mentioned this to a friend she said that it was done quite often today so that the bride did not receive duplicate presents. While the idea may be practical I think it is very high-handed. I would very much like to know what your opinion is on this."

Answr: I agree with you. I would be shocked at being told what present to bring.

Mrs. French Entertains Bride-Elect

Martha Varney, bride-elect of James Chalmers, was honored at a buffet luncheon and pantry shower Tuesday at the Lake Angelus Shores home of Mrs. Bryan French.

Miss Varney is the daughter of Mr. and Mrs. Chester Varney of Nelson street, and Mr. Chalmers is the son of Mrs. Alice Chalmers of Battle Creek. The couple will be married Sept. 27 at First Presbyterian Church.

★ ★ ★

Guests at the shower were Mrs. Varney, Mrs. Ralph Rouse, Mrs. Joseph Edwards, Ann Edwards, Mrs. Charles Borst, Mrs. Willard Bennett, Mrs. Harry Manus, Mrs. Claude Winter and Mrs. Paul Benson.

Also attending were Mrs. John Dugan, Marilyn White, Mrs. John Hubbard, Mrs. Bert Curtis of Rochester, Mrs. Richard Kuhns and Mary Kuhns of Dearborn.

Heels Growing Lower as Hems Move Higher

NEW YORK — Ladies, look to you heels this fall. Heels will play an important role in shoe styles, and not only in terms of fashion. Varying heel heights are good for the legs too.

★ ★ ★

With the rise in hemlines comes the lowering of heels. Extremely high heels and shorter skirts are like oil and water — they just don't mix. The result is awkward and unflattering.

LITTLE HEELS

Taking all this into consideration, American shoe designers have produced shoes with shapely little heels and slim mid-heels that are every bit as chic as their higher-heeled sisters.

★ ★ ★

However, the high heel has not gone by the boards. It should be included in a shoe wardrobe to properly enhance a soft and flowing costume for dressy daytime or evening wear.

But fashion aside, changing from one heel height to another at least three times a day is beneficial both to the looks and the condition of the legs.

★ ★ ★

Those leg muscles brought into play while wearing high heels are given the opportunity to relax when shoes with mid-heels are put on, and other muscles are utilized. And this holds true when changing from medium to flat-heeled shoes.

NO OVERSTRAIN

Thus, one set of muscles is not used to the exclusion of all others and one portion of the leg is not overly taxed.

SHARON L. STEHLE

Mr. and Mrs. Herbert Stehlé of Ann Arbor announce the engagement of their daughter, Sharon Lee, to Roger Reynolds. He is the son of Mr. and Mrs. Howard Reynolds of Boston avenue. No wedding date has been set.

This contrasting sports suit — just like big brother's — is what will be seen in elementary school classrooms this fall. The all-wool sports coat has leather trimmed pockets and comes with contrasting back-strap slacks.

Dear Abby....

Husband Goes to the Cleaners for Flirty Straw berry Blonde

By ABIGAIL VAN BUREN

"DEAR ABBY: I think my husband is stuck on a pretty strawberry blonde where we take our dry cleaning. He gathers up all the dirty clothes he can find whether they are dirty enough to be cleaned or not, as an excuse to go to the cleaners and see this redhead. She's cute and has a nice figure, but I know she is encouraging him only because it's good for business.

ABBY

"She acts cute and flirty with all the men customers. My husband isn't bad looking but he needs some brains to go with it. How can I convince him that he's making a fool of himself, or should I change cleaners?"

HIS WIFE

DEAR WIFE: Don't let it bother you. A man is rarely taken to the cleaners by a friendly-type gal who gives all the men the business for the business they give her. It's a nice, clean deal. Don't press it.

★ ★ ★

"DEAR ABBY: Could you please tell me what to do with my two boys? They are 7 and 9 and they fight and argue constantly. Regardless of what they play, they fight. I have separated them, taken their toys away, whipped them and talked to them, but nothing works. I am at my wits' end. Help me, please?"

A MOTHER

DEAR MOTHER: It is normal for boys that age (especially brothers) to disagree. Ignore them and they will referee their own battles and be none the worse for it. You are doing yourself far more harm than they do each other.

★ ★ ★

"DEAR ABBY: I am 18 years old and go with a few girls now and then but I am pretty bashful for a guy my age. Please tell me, Miss Abby, how do you get a girl to kiss you? Do you ask her or just steal a kiss?"

BASHFUL

DEAR BASHFUL: Steal a kiss . . . and if she doesn't complain of the loss—return it!

★ ★ ★

"DEAR ABBY: What do you do with a mother-in-law who clutters your home up (she lives with us) with little knick-knacks that add nothing to your home, but make it look like a junk shop? She keeps putting up those little framed embroidered pictures, and she also found an antique water pipe which is hanging on our wall.

"She has placed three pair of candle holders (with no candles yet!) on the buffet, fireplace mantle and an end table and I could go on and on but what's the use? Her feelings are easily hurt, so I have been giving in to her, but I have to put a stop to this. How, please?"

ANNOYED

DEAR ANNOYED: She is your husband's mother — let HIM call a halt to the utter clutter (by his mudder.)

★ ★ ★

"DEAR ABBY: Maybe this is not important enough to rate a place in your column but it would help me a lot to know how to handle my problem. I am going with a wonderful young man and we seem to agree on everything except this. I can't get him to wear a necktie. He says he doesn't care to go any place he can't get in without a necktie. All he wants is comfort. He's neat and clean and very handsome, but I wish he'd wear a tie. Can you help me?"—DON'S GIRL

DEAR GIRL: Quit nagging him. When you've got that ring on your finger you can tell him what to wear around his neck.

★ ★ ★

CONFIDENTIAL TO SANDRA: You've got a heart like a certain hotel . . . (room for everybody!) Don't consider accepting another engagement ring until you have returned the one you have in your drawer. Also, if you aren't sure you are "over" the chiropractor, don't get involved officially with Mr. Gotrocks.

No Conflict Between Love, Discipline

By MURIEL LAWRENCE

(Mrs. Muriel Lawrence is on vacation. This is the second of six excerpts that will appear during her absence from "Don't Be Afraid of Your Child" by Hilde Bruch, M.D., copyright 1952 by Hilde Bruch. Used by permission of the publisher, Farrar, Straus & Cudahy, Inc.)

★ ★ ★

The great dilemma of parents is the question of direct discipline.

One can answer it very simply: parents do love their children, and being convinced of it, they can also exercise discipline. The trouble is that parents have been made afraid to use authority and discipline.

★ ★ ★

The simple fact is that a child needs both because he cannot live happily if he does not learn to feel at home in the world, now as a child and later on as a grownup.

The dictum that love and affection are the only important emotions has been distorted to such an extent that parents are afraid that any other expression on their part indicates that they do not love their children enough.

If correctly understood, there is no contrast between discipline and love. They belong to different levels of human experience. The confusion of contrasting discipline and love may lead to real neglect of the simplest discipline, at the bottom of which there may be ignorance rationalized by the fear of losing the child's love.

PARENTS HUMAN TOO

Many parents have become so impressed with the need to be always loving and "accepting" that they no longer dare to recognize and to express their true feelings. It is important to remember that parents are human beings too and react with anger if provoked.

A child may experience interference with his impulses as something that makes him anxious, something "bad." This type of uneasiness is essential for his development, because only in this way can he learn necessary restraint. Without such guidance he would develop nothing of what we call conscience, nothing of ideal, of aspiration, all concepts that are essentially human.

It has often been misstated that if we would only prevent children from feeling anxious or insecure at any time, then they would be happy forever after. If it were possible to carry this demand into practice, one would raise creatures without any awareness of human consideration and without the ability to control their impulses.

It has become one of the modern legends that interference with a child's wishes or behavior leads to "frustration." Such generalities are meaningless.

Mrs. Colton Hosts Elizabeth Circle

The Elizabeth Circle of First Christian Church met Tuesday at the Pontiac Lake road home of Mrs. Paul Colton.

Mrs. Harry Kunse lead the devotions and Mrs. Colton spoke to the group on "Our North American Neighbors."

The September meeting will be held at the home of Mrs. William Hayt on Otter Drive.

Poling-Ford Vows Said

St. Michael Catholic Church was the scene of the Saturday wedding of Frances Adeline Ford and C. Richard Poling. Parents of the couple are Mr. and Mrs. Jay E. Ford of Mack avenue and Mr. and Mrs. Carroll Poling of Orchard Lake.

The bride chose a floor-length gown of ruffled tulle over satin featuring a Sabrina neckline and long sleeves tapered at the wrist. The fitted waistline was accented by an apron of Swiss lace.

A Swedish crown of sequins and pearls held her fingertip veil of imported silk illusion and she carried a cascade bouquet of white glamellias and sweetheart roses.

★ ★ ★

Maid of honor was Mary Lou Gallo. Rita Martin and Sharon Dion were bridesmaids and Theresa Orrick was junior bridesmaid. The flower girl was Bridget Gardner.

The bridegroom's brother, Gerald Poling, was best man and ushers were Thomas Walton and William Hilborn. Junior usher was Gary Mason and Daryl Johnson was ringbearer.

To receive guests at a luncheon held at Hotel Waldron, Mrs. Ford wore a beige silk organza dress with white accessories and a corsage of pink rosebuds. Mrs. Poling chose a white and blue sheath dress with white accessories and a pink rosebud corsage.

Following an evening reception held at St. Michael's Hall, the couple left for a honeymoon to northern Michigan. The bride wore a white darcon dress with white accessories and a corsage of white rosebuds for the trip. The couple will live on Murphy street.

Proper Food, Cleanliness Are Skin Aids

The beauty of your skin depends largely on two things; cleanliness and what you eat.

A thorough soap-and-water cleansing at least once a day is a must to carry off dirt and dead cells.

A sound diet which includes fresh fruits and vegetables, meat and eggs, milk, fish and plenty of water between meals is essential to a lovely skin.

Then add lubrication with the right cream for your skin and you're on your way.

There's no magic back of the skin that glows with beauty; it's the result of intelligent care.

Good Pudding

Ground peanut brittle makes a good pudding or ice cream topping. The meat grinder is probably the best instrument for crushing.

11 Tables in Play at Bridge Session

The Pontiac Duplicate Bridge Club met at the Elks Temple Monday evening. Eleven tables were in play.

★ ★ ★

First place winners north and south were Mrs. Gerald Garabedian and James Crabb. Winning second were Mr. and Mrs. Addison Oakley. Placing first east and west were Dr. R. F. Byers and Dr. Bruce Hubbard. In second place were Mr. and Mrs. Ericson Lewis.

Nancy Marie Thompson and Ronald Norman Facer were married Saturday evening at First Baptist Church. The Rev. H. H. Savage officiated at the ceremony before 200 guests.

★ ★ ★

Parents of the couple are Mr. and Mrs. Conrad Thompson of Keego Harbor and Mr. and Mrs. Norman Facer of Birmingham.

The bride wore a gown of white nylon tulle and Chantilly lace featuring a sweetheart neckline and tapered sleeves. The skirt formed a cathedral train. She wore a fingertip veil and carried a cascade bouquet of white and yellow roses centered by a white orchid.

Mrs. Jerold Wagner, of Memphis, Tenn., the bride's sister, was matron of honor. She wore a pink organdy dress and carried a cascade bouquet of pink carnations. Bridesmaid was Mrs. John C. Thompson. Her dress was of yellow organdy and she carried a cascade bouquet of yellow carnations.

Linda Cameron was flower girl. She wore a blue organdy dress and carried a basket of rose petals.

Norman Wilson of Berkley served as best man. John Thompson of Drayton Plains and James Fuller of Birmingham were ushers.

To receive guests at a reception held in the church parlors, the bride's mother wore a blue taffeta dress with a red rose corsage. The bridegroom's mother wore a beige lace dress with a pink rose corsage.

★ ★ ★

When the couple left for a honeymoon in northern Michigan, the new Mrs. Facer was wearing a brown paisley dress with rust accessories. The couple will live on Beach street.

★ ★ ★

Parent of the couple are Mr. and Mrs. Danes Drakos of Woodbine street and Mr. and Mrs. Richard F. Lange of Dover road.

The bride wore a teal blue lace sheath dress with a pink hat, white accessories and a corsage of pink variegated roses.

Mary Coward was maid of honor. She wore a toast lace sheath and a carried a bouquet of yellow tea roses.

★ ★ ★

Catherine Polydoros Jr., the bride's niece, was bridesmaid. She wore a blue and white dress. Flower girl was another niece of the bride, Dona Drakos.

James Drakos, the bride's brother was best man. Ushers were Raymond Knott; Raymond Lange, the bridegroom's brother, and Beryl Claxton of Clawson, the bridegroom's brother-in-law. Robert Bruce Claxton, the bridegroom's nephew, was ringbearer.

★ ★ ★

To receive guests at a reception held at St. George Hellenic Hall, Mrs. Drakos wore a pink lace dress with beige accessories and a tea rose corsage. Mrs. Lange wore a coffee brown lace dress with brown accessories and a tea rose corsage.

Never Lend Personal Beauty Aids

Your beauty tools belong to your alone and they should never be used by anyone else.

Most of us wouldn't think of lending a toothbrush to another person. But we pass out powder puffs, lipsticks, combs, rouge and hair brushes without thinking about it twice.

ASKING FOR TROUBLE

We are, of course, just begging for scalp and skin trubles when we do this. For your beauty tools are just as personal as your toothbrush.

★ ★ ★

They should be used by you alone, kept scrupulously clean and never lent even to your best friend.

They should be replaced before they start looking grubby and you should change the powder puff you carry in your compact once a day.

Two People Win

Husband Appreciates Slim Figure

By JOSEPHINE LOWMAN

As those of you know who have been reading this column for the past few days I am bringing you a few letters from winners of my 8-Week Self-Improvement Marathon which ran last January.

This letter isn't exactly from a Marathon winner in the usual sense because it is from a husband. Judging by his letter husbands win also when their wives do. He says:

★ ★ ★

"Dear Mrs. Lowman: It may seem strange that I, a man, am writing you in regard to the results my wife had from your Marathon. However, it reasslly isn't strange because I believe I am even more excited about it than she is, if that's possible..

"You see my wife is a very beautiful woman and she HAD a beautiful figure. Then, what with children, cooking and TASTING, no exercise and more regular hours, she gained 30 pounds in five years. Of course I loved her just the same but I must admit that I missed the beautiful figure.

"Even more than that I could see that it made a difference in her personality. Having been accustomed to a good figure she was unhappy and irritated about the gain in weight. She took less interest in clothes and in her appearance generally. She did not want to go dancing any more and got out of social engagements with 'I haven't anything to wear.' She really didn't have because she kept putting off buying clothes until she lost weight. I know she was self-conscious about her appearance.

"I had made a few mild suggestions that she should lose but did not want to hurt her feelings. Then came your Marathon like an answer to a prayer. She said, 'This is what I need! I can stick to diet and exercise for a given length of time.' I was much happier than I let her know but I did tell her that I would cooperate in any way I could.

"For the first two weeks we had no dessert at dinner and I ate just about what she did except more of it. After that she felt more certain of herself and began feeding me as usual.

"Well, I've got my girl back! She lost 22 pounds, four inches from the waist, four from the abdomen and five from the hips! How can we BOTH thank you?"

HUSBANDS APPRECIATIVE

Isn't that wonderful? When I used to teach figure molding classes husbands often thanked me for what the course had done for their wives and today many of them write me asking that I send certain reducing leaflets to their wives. It is a great incentive to a woman when her husband is interested in the way she looks!

★ ★ ★

If you missed Marathon in January and would like to lose 20 pounds in 8 weeks, or improve your measurements, or correct any defects in beauty, send 10 cents and a stamped, self-addressed envelope with your request for the Marathon Booklet. Address Josephine Lowman in care of this newspaper.

Tomorrow: "If Fall Clothes Don't Fit, Better Get on Marathon."

A husband writes Josephine Lowman that 'he got his girl back' when she followed the advice, diet and exercises outlined in the Marathon booklet. Here a wife points out to her husband the progress she has made since joining Marathon.

B'nai Israel Group to Install Officers

New officers of the Youth Group of B'Nai Israel Congregation will be installed at a dinner dance to be held Sunday at B'Nai Israel Congregation, Oneida street.

The new officers will be Rick Serwin, president; Bruce Berg, vice president; Adrienne Ressler, recording secretary; Sheila Goldberg, corresponding secretary; Bonnie Marlow, treasurer; Paula Tauber, chaplain; Mark Berg and Bernie Toby, sergeant at arms. Phillip Marlowe is sponsor of the group.

To prevent the gloss from coming off white painted woodwork, wash with milk and a little soap.

Barbara Jo Tennant Wed

MRS. JAMES HELDRETH

Barbara Jo Tennant and James Alfred Heldreth were married Aug. 8 at First Methodist Church, Shinnston, W. Va. The Rev. C. G. Steyer officiated at the double-ring ceremony before 200 guests.

Parents of the couple are Mr. and Mrs. Paul D. Tennant of State street and Mr. and Mrs. Luther A. Hildreth of Shinnston, W. Va.

The bride wore a full-length gown of silk organza fashioned with embroidered overskirt. The fitted bodice featured a Sabrina neckline and long sleeves tapered at the wrist. She wore a single strand of pearls, a gift of the bridegroom, and a pearl encrusted tiara held her fingertip veil. She carried a white orchid on a white Bible.

Mrs. Eleanor Jane Bolander of Norway was matron of honor. Bridesmaid was Sharon Marie Hieder of Sebewaing.

Mr. Hildreth, the bridegroom's father, was best man. Richard Rector of Parkersburg, W. Va.; Richard Gardner and Randall Hall, both of Shinnston, and Richard Tennant, the bride's brother, served as ushers.

When the couple left for a motor trip through Virginia, the new Mrs. Hildreth was wearing a blue and white checked chemise suit with white accessories and a white orchid corsage.

The bride attends Harper Hospital School of Nursing, Detroit. The bridegroom is a graduate of Fairmont State College, Fairmont, W. Va.

Mom Decides Farm Output

Launder heavy-knit socks the nation's farmers produce, says an economics expert.

★ ★ ★

Consumer demand, shaped housewife-buyers, has changed considerably during the past 10 years because of lower prices, rising income, and technological progress, the expert said.

★ ★ ★

As a result, consumption of potatoes, wheat flour, pork, eggs, milk, butter and lard have decreased in the past decade. But women have bought more frozen foods, turkeys and chickens, he added.

Watch Pet's Skin

While brushing a dog or cat for fleas, look for areas on his skin that might be scabby, denuded, or where hair pulls out easily. This could be fungus. Wash such spots with warm suds, rinse well, and apply iodine to the spot.

'Coat-and-Suit' Shoes Now for Little Girls

Little girls now can step out in a "coat-and-suit" shoe. The style is designed to go with tweeds, knits, textured and brushed woolens, print and paisley corduroy, and boucles.

Usually a slip-on, the shoe has a spats effect, tiny buttons, and comes in combinations of leathers.

Tasty Fruit Candy

For a tasty fruit candy, remove date pits and replace with a peach or English walnut. For a sweeter flavor, roll the filled dates in granulated or confectioner's sugar.

GRACEFUL HANDS

When you learn to use your hands gracefully, you will feel so much more at ease wherever you are. Practice these rules for a start:

1. When you stand: let one arm swing back slightly with the hand hidden in the folds of your garment, palm out.
2. When seated: cup them together lightly to one side; cross them on chest, all fingers showing and parted; rest one hand on arm or back of chair.
3. Keep fingers parted and relaxed. Palms down. Never stretch out and reach, pick up object with hand nearest it.

MR. and MRS. THOMAS NICOL

Sharon Lee Ramsay and Thomas Nicol were married Saturday evening at Emanuel Baptist Church. Their parents are the Ernest R. Lendlers and Mr. and Mrs. Leland Nicol.

Sharon Ramsay Becomes Bride of Thomas Nicol

White gladioli, snapdragons and white asters banked the altar of Emmanuel Baptist Church for the wedding of Sharon Lee Ramsay and Thomas Nicol Saturday evening. The Rev. Thomas Malone officiated at the candlelight ceremony before 250 guests.

★ ★ ★

Parents of the couple are Mr. and Mrs. Ernest R. Landler of James K boulevard and Mr. and Mrs. Leland Nicol of Warren.

The bride wore a floor-length gown of Chantilly lace and nylon tulle over taffeta. Lace panels accented the bouffant tulle skirt. The lace bodice was decorated with sequins and pearls and featured a Sabrina neckline and long sleeves ending in points at the wrist.

★ ★ ★

Her veil fell from a crown of sequins and pearls and she carried a bouquet of white orchids and stephanotis. Her only jewelry was a diamond pendant, a gift of the bridegroom.

Mrs. James Wickman was matron of honor with Ruth Ann Purnam and Jo-Ann Rathburn as bridesmaids. Flower girl was Jayne Elizabeth Marsh of Farmington.

★ ★ ★

Edward Cutler was best man, with Ralph Richard and Robert O'Comb as ushers.

A garden reception was held at the home of the bride's parents.

★ ★ ★

When the couple left for a honeymoon to Wisconsin Dells and northern Michigan, the new Mrs. Nicol was wearing a white suit with embroidered trim, a powder blue feather hat and powder blue accessories with an orchid corsage.

Italian Village Hit by Huge Landslide

DOMODOSSOLA, Italy (AP)—A huge landslide roared down today on the village of San Giovanni di Crevoladossola, near the Italian-Swiss frontier, and 12 persons were reported missing.

★ ★ ★

Three bodies were recovered.

Police said a family of six was believed dead in one of a dozen houses which were destroyed and that a foreign car with four occupants also was apparently buried under the mass of rock and earth.

★ ★ ★

The slide was caused by eight hours of torrential rains. It temporarily blocked the Sempione rail line and highway, and important international transportation artery, and overflowed the Diveria River.

Many villagers escaped by fleeing to the hills at the first roar of descending rocks.

Burglars Strike Again at Pontiac Skate Club

The Pontiac Skate Club, 35 Elizabeth St., owned by three Pontiac police officers, reported its second burglary in recent weeks.

Sgt. Raymond Meggitt, head of the burglary detail and one of the partners, said six pairs of roller skates valued at $100, were taken yesterday.

★ ★ ★

Sgt. Meggitt was assigned to investigate the theft. The burglars broke a window on the south side of the building to gain entrance.

★ ★ ★

His late uncle, Eduard Benes, was president when Czechoslovakia was taken over by the Communists in 1948. The nephew was Czechoslovakian consul general here from 1942 to 1948. Today he is a political science lecturer at several San Francisco Bay area colleges.

Navy Secretary Working on Promotion

Rickover Will Become Vice Admiral

WASHINGTON (AP)—Rear Adm. Hyman G. Rickover, the Navy's top atomic said Rickover, 58, would get his three stars. expert, is going to be promoted to vice admiral.

Secretary of the Navy Thomas S. Gates as soon as certain procedures can be worked out.

It marks the second time that a Navy secretary has taken steps to win a promotion for Rickover, who has incurred the disfavor of some top Navy officers because of his disregard of protocol in pushing the atomic submarine program.

Five years ago, after he had twice been passed over by Navy selection boards, then Secretary Robert Anderson stepped in to gain Rickover a promotion from captain to rear admiral. Anderson is now secretary of the Treasury.

A number of members of Congress recently voiced concern that Rickover might not be promoted to vice admiral. Similar expressions were heard from Congress in 1953 when his promotion then was in doubt.

A storm also erupted recently when Rickover was left out of a White House ceremony honoring the atomic submarine Nautilus' trip under the North Pole. Gates acknowledged Rickover had been overlooked and accepted blame.

Rickover would be his personal representative when the Nautilus docks in New York Monday and receives a hero's welcome.

First Ship in 10 Years Makes It to Monroe

MONROE (UPI)—A pair of important milestones in the history of Monroe have been reached.

For the first time in more than 10 years, a Great Lakes vessel steamed into Monroe harbor under its own power yesterday. And the ship, the Shirley G. Taylor, carried the first 2,000 tons of cement to be used in construction of the huge, $30,000,000 Dundee Cement Co. plant.

★ ★ ★

The Taylor's passage was made possible by 30 days of dredging by the U.S. Army Corps of Engineers. The channel silted up shortly after World War II and only shallow draft vessels could use it until the dredging operations deepened clearance to 16½ feet.

The Taylor drew 14 feet of water.

★ ★ ★

The engineers have also announced plans to send the U.S. Dredge Haines to the harbor Friday for an additional 60 days of harbor and channel deepening.

★ ★ ★

The improvement program, costing $2,000 a day, is being conducted in anticipation of President Eisenhower's signing of the public works appropriation bill for 1959, authorities said.

Tigers Build Another Streak—Backward

Their 3-1 Loss at Washington Is 5th in Row

Sievers, Pascual, Hyde Star as Vice President Nixon Watches Game

WASHINGTON (UPI) — Those unhappy wanderers, the Detroit Tigers, are at it again building another streak.

★ ★ ★

Possessors of a five-game winning streak just a week ago, the Bengals now have gone backward. Roy Sievers, Camil Pascual and Dick Hyde hung defeat No. 5 straight on Detroit last night, 3-1, before an assemblage that included Vice President Nixon.

And what could make matters worse, the Tigers have to go against chunky Vito Valentinetti tonight in the concluding game of the series.

Ex-teammates usually derive great joy from hammering back the ears of the team that cast them off. And big Vito picked up a victory in his last start.

★ ★ ★

Going against him will be Frank Lary who has been anything but a ball of fire lately. Of the current string of setbacks, Lary has two —both in relief including the 10-9 loss to Cleveland on Vic Power's 10th inning stolen base that started the chain.

The Tigers couldn't complain about lack of chances last night. They stranded nine men — although getting only six hits, half of them by Coot Veal — but couldn't come up with a hit when they needed it.

In the clutch, Pascual and Hyde turned to strikeouts. Pascual fanned seven and Hyde two.

Sievers, enjoying one of his better games, staked the Cuban right hander to a 1-0 first inning lead with his 34th homer of the season — a liner that cleared the center field barrier.

Herb Moford put himself in trouble in the fifth when he walked Eddie Yost and Albie Pearson after retiring the first two men. Sievers promptly singled Yost across for a 2-0 lead.

Detroit came back with a single run in the sixth when Veal bunted safely and Frank Bolling singled him to third. Charlie Maxwell walked and Billy Martin scored Veal with a long sacrifice fly but pinch-hitter Tito Francona struck out to end it.

★ ★ ★

Jim Lemon blooped a double to center and rode home on Julio Becquer's single in the Senators' half of the inning to mark up an insurance run.

The Tigers fell six games behind second-place Chicago, three behind the third-place Red Sox and were only one-half game ahead of fifth-place Cleveland.

Chisox Dump Boston for 4th Straight

Homers Beat Skidding Yanks

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

By United Press International

Say now, can the New York Yankees possibly blow this American League pennant after all?

Sounds fantastic, because the Yankees still have a 10½ game lead over the Chicago White Sox with just 35 games to go. But it's just an outside possibility today because the White Sox are on a winning streak that now has reached six games and the Yankees are on a four-game losing streak.

Dick Donovan's four-hit pitching kept the Sox surging last night with a 7-1 victory over Boston. At New York, homers by Rocky Colavito and Vic Wertz helped the Cleveland Indians hand the Yankees their ninth loss in the last 12 games, 8-6.

The greatest flopperoo of modern times was staged, of course, by the Brooklyn Dodgers of 1951. They blew a 13½ game lead in the last 44 games of the season in a tailspin that started on Aug. 11 and then lost to the New York Giants in a three-game pennant playoff on Bobby Thomson's historic homer.

★ ★ ★

That, of course, was the horrifying thought that caused manager Casey Stengel to push the slumping Yankees through an extra workout on Monday, an off day. Andol' Case gave 'em a long lecture, too, on the way they've been blowing leads in games lately.

But that's exactly what happened again. New York had a 6-3 lead until Colavito blasted a three-run homer for the Indians in the fifth inning, his 28th, to the the score. And Wertz then won the game for the Tribe with a Two-run homer in the seventh off reliever Johnny Kucks.

At Boston, Donovan missed a shutout only when Jackie Jensen hit his 33rd homer for the Red Sox in the fifth inning. It was Donovan's seventh win in the last eight starts and his 11th complete game of the year. In his support, Nellie Fox, who set a makor league record for second baseman by playing in his 478th straight game, and Al Smith had three hits each and Jim Rivera hit a two-run homer.

In other A. L. games, the Kansas City A's swept a twi-night twin bill from Baltimore, 4-1 and 6-4, and Washington handed Detroit its fifth straight loss, 3-1. In the National League, San Francisco nipped Cincinnati in 10 innings, 4-3; Pittsburgh downed the Chicago Cubs, 4-3; St. Louis edged the Philadelphia Phils, 5-4; and the Los Angeles Dodgers swept a twi-night twin bill from Milwaukee, 4-1 and 7-2, to end the Braves' seven-game winning streak.

★ ★ ★

Ned Garver won the opening game for the Orioles, his 11th victory, with a five-hitter in which he allowed only one earned run. The A's slammed out 15 hits to take the nightcap, led by Bob Martyn with a double and two singles and Joe DeMaestri with a homer.

Roy Sievers paced the Senators with a 4-for-4, Driving in two of Washington's three runs with his 34th homer and a single. Camilo Pascual was the winner with late relief before a crowd that included vice-president Richard Nixon.

The Giants gained their 19th last-inning victory of the season when Orlando Cepeda reached first base as Johnny Temple dropped his pop fly in a collision, and then came all the way in on Willie Kirkland's triple. Johnny Antonelli, who homered earlier, went all the way for his 14th victory.

Two-run homers by Bill Mazeroski and Dick Stuart gave the Pirates their victory over Chicago, with Stuart's sixth-inning wallop off Taylor Phillips being the winner.

Patterson Will Approximate $311,000

New Era Seen in Closed TV Bouts

LOS ANGELES (UPI) — Irving B. Kahn said today the finincial success of the Floyd Patterson-Roy Harris heavyweight fight will usher in a new era of regional, as well as national, theater television in boxing.

★ ★ ★

Kahn, president of the Teleprompter Corp., predicted that henceforth the managers of champions and contenders in various divisions will investigate the possibilities of closed-circuit TV purses before signing for important matches.

He explained, "the Patterson-Harris fight at Wrigley Field Monday night was one that had been generally under-rated by the public, sports writers and odd-makers. Yet, Patterson's purse from all sources will approximate $311,000, and Harris will get his guaranteed $100,000."

★ ★ ★

The fight was a "cold product" that was hard to sell because of champion Patterson's year-long inactivity and Harris' comparative obscurity. Roy never had fought outside of Texas and never on television of any kind. And the bookies made challenger Roy a 6-1 underdog.

"Because of the fight's success in the face of innumerabele handicaps, I'm convinced that the time has come for Telepromopter to try to establish a continuity of attractions by staging four or five big fights each year on a national closed-circuit basis," he continued, "and to put on several less important bouts on regional hookups."

Accordingly, portly, dark-haired Irving said he would begin "immediate explorations' of possible matches involving Patterson, light heavyweight champion Archie Moore, middleweight ruler Sugar Ray Robinson, welterweight king Virgil Aikens, and lightweight champion Joe Brown.

Concerning regional closed-circuit fights, he explained that a bout like next month's Los Angeles match between welterweights Carmen Basilio and Art Aragon could have been piped to theaters in three or four far-Western states, "with good profit to all concerned."

★ ★ ★

He said the theater TV seat sale for Monday's Patterson-Harris fight would approximate $200,000 and the receipts would be about one million dollars.

★ ★ ★

Meanwhile, Bill Robsensohn, the brand new promoter who staged the Patterson-Harris fight, said the surprising last day ticket sale that produced a crowd of 21,680 and a gate of $234,183 — a new west coast record — had inspired him to make fight promoting his career.

Boys' Club Is Sponsor for Sept. 8 Fistic Card

Boys' club of Pontiac today announced plans for a six-bout boxing program at Wisner Stadium, the night of Sept. 8. The club will share in the receipts, the funds going towards the club athletic fund, and to the club's mothers' fund.

★ ★ ★

BC's boxing director, Johnny Ferro, a former pro himself, is matchmaker for the show, which he says is being financially underwritten by "one of the Boys' Club oldest members" Tony Bellisario. It also has the approval of the state boxing commission, Ferro states.

★ ★ ★

All bouts, Ferro says, will be between professional ringsters, including Ronnie Washensky of Pittsburgh, who recently knocked out Detroiter Irish Ducky Dietz in the 5th round of an 8-round bout. The Pittsburgher will tangle with a capable opponent, not yet signed in one of three 8-round headlined contests.

★ ★ ★

One feature bout will mark the professional debut of the former Boys' Club amateur and Golden Gloves scrapper, Dave Blower. Dave will go in one of the two four-rounders. There will a six-round bout to round out the card, Ferro announced.

Sale of 3,500 general admission seats went on sale today. Reservations and ringside seats may be secured by calling the Boys' Club, FE 4-0551 or FE 8-1430.

Darkness Postpones Playoff in Class B

Pontiac Business Institute and Boys Club will go at each other from scratch again today after battling to a darkness-halted 4-4 tie Tuesday at Jaycee Park in their best-of-three playoff for the Class B City League baseball title.

★ ★ ★

Boys Club, regular season winner of the Class B race, holds a one-game edge in the final series after Monday's opening 5-1 triumph and needs just one more win to grab all the honors.

★ ★ ★

The BC team rallied with two runs yesterday in the 6th inning to tie the score at 4-4, then darkness prevented further play at the end of seven full innings. Game time today on the Jaycee diamond is 5:30 p.m.

Folley Wants Title Shot

CHANDLER, Ariz. (AP) — "I deserve the chance to fight Patterson. I think I can lick him any time, any place."

So says No. 1 heavyweight contender Zora Folley, who figures he's been marking time long enough.

Folley's manager, millionaire Phoenix sportsman Bill Swift, echoes the refrain.

Why, asks Swift, has the Chandler fighter been sidetracked in favor of opponents of lesser standing?

Champion Floyd Patterson's manager, Cus D'Amato has said:

"Patterson won't fight anybody who's fought for the IBC."

The International Boxing Club is a big bogey to D'Amato. And Folley has fought under IBC auspices.

Folley watched the champ score a bloody, 12th round knockout over Roy Harris in Los Angeles Monday night and came away convinced — if he ever had any doubts—that he can defeat Patterson.

"Everybody says he's real fast, and he did throw some fast ones against Harris," Folley said yesterday, "but he misses a lot."

"It was a very slow fight. He was either carrying Harris or he's not a great champion. They'd still be fighting today if Harris wasn't cut over the eye.

"I think I can beat Patterson at his best."

LL Champions Win Opener in 'World Series'

WILLIAMSPORT, Pa. (AP) — Defending champion Monterrey, Mexico, Darien, Conn., and Kankakee, Ill., won opening round games Tuesday in the 12th annual Little League World Series.

Monterrey eliminated Pearl Harbor, Hawaii, 11-0 behind the one-hit pitching of Hector Torres.

Darien defeated Velleyfield, Quebec, 7-2.

Tom Fowler's home run leading off the bottom of the sixth inning gave Kankakee a 2-1 victory over Portland, Ore.

Monterrey and Darien meet in the first semifinal game Wednesday. Kankakee meets Gadsden, Ala., which drew a first game bye.

Eastern Housewife Upsets Irish Star

DARIEN, Conn. (AP)—A Connecticut housewife, playing on her home course, upset Ireland's Philomena Garvey on the 20th hole Monday in the major opening round surprise of the Women's National Amateur Golf Tournament.

Mrs. Norman Woolworth of New Canaan, Conn., three down with five holes to play, tied the match on the 17th and won on the second extra hole after the Irish girl had hit into two sand traps.

The defeat of the 1957 British ladies champion climaxed a day of frustration for the British Isles. Two members of the British Curtis Cup team also were eliminated.

France Winner of Foil Crown

PHILADELPHIA (AP) — France won the men's foil team title in the World Fencing Championships Tuesday night even though it lost its final match to Russia 9-7.

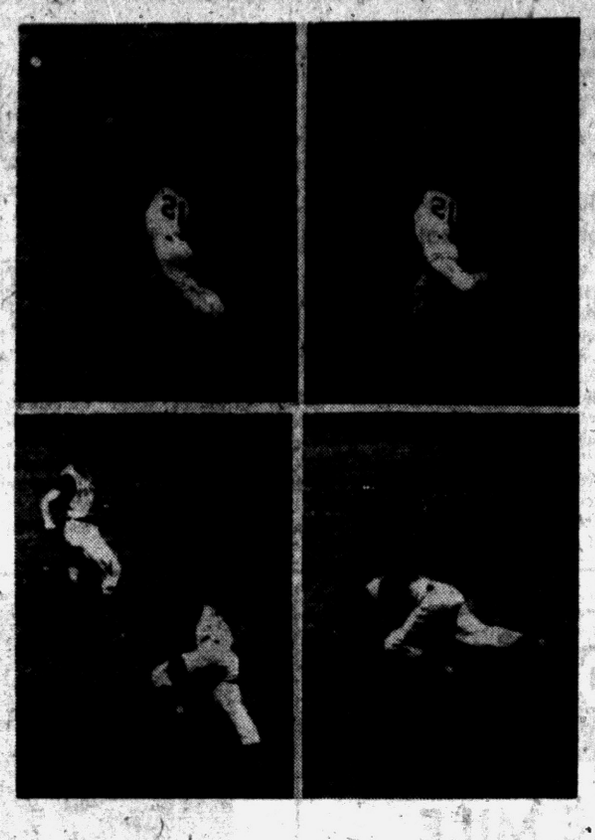

France had 168 touches against 177 for Russia and won the title on that basis.

Italy, which also got into the final, likewise had a 2-1 mark, but won only 25 matches.

3 Tie on Blind Hole

In yesterday's round for the Silver Lake Women's Golf League three players tied for low on the blind hole No. 2 with 5s. They were Mrs. Phil Dorman, Mrs. Fred Stimpert and Mrs. Earl Weber.

Mrs. Elbert Looney had 54 for 1st flight gross, Mrs. Andy Condon 33 for net. For the 2nd flight Mrs. Fred Harroun had a 32 net and Mrs. August Bessinger 63 for gross.

ACROBATIC — Roberto Clemente of the Pirates makes a sensational back-handed catch in right center field taking a long drive hit by Bobby Thomson of the Cihcago Cubs in their game yesterday. The speedy Clemente has been making sensational catches all year. The Pirates won the game from the Cubs, 4-3.

Twice-Daily Workouts Again for Pro Lions

The Detroit Lions returned to two-a-day workouts yesterday but coach George Wilson said he wasn't punishing the team for their loss to the college All-Stars.

"All of our rookies and one quarterback were called to the extra session yesterday afternoon," Wilson said. "This isn't punishment — the whole idea is to help some of the new men make the team."

HERE THURSDAY — Bill Lillard, former match game champion, will appear at a special exhibition to open the area's newest bowling alleys, the Sylvan Lanes on Orchard Lake road in the Sylvan Lake shopping center. He appears Thursday evening from 7 to 9 p.m.

Quarterback Tobin Rote took part in the second workout yesterday and Bobby Lane was scheduled to be on hand for this afternoon's session.

★ ★ ★

End Jerry Reichow was scheduled to be operated on today at University Hospital at Ann Arbor, one day late. The surgery was planned for yesterday.

The former Iowa quarterback suffered torn ligaments in the leg after catching a pass in the All-Star game. Wilson said it won't be known how long Reichow is out of action until after the operation.

Halfback Hopalong Cassady and center Charley Arne are nursing injuries but are expected to be available for the Cleveland charity game.

The Lions reported ticket sales for Friday night's Lions-Browns exhibition game here is picking up. The crowd will top about 30,000, officials said.

★ ★ ★

Interest in the game was spurred with the outstanding showing of Jim Ninowski and Bobby Mitchell in the All-Star game. Both players are Cleveland draft choices and will appear here with the Browns.

Ninowski, the former MSU quarterback is expected to see duties at quarterback behind Milt Plum.

NFL NOTES: The Philadelphia Eagles released via waivers veteran quarterback Al Dorow to reduce the roster to 48. Dorow, 27, is the ex-MSU quarterback who was with the Redskins for three years . . . Walt Kowalczyk of MSU was at fullback in scrimmage yesterday for the Eagles and was termed by the coaches as doing a "good job" . . . The 49ers cut six rookies from the squad, backs Herman Hodges, Ernie Lindo and Leroy Phelps, guards Dave Jessmer, Don Manoukian and Ronnie Mushatt . . . The Colts roster was down to 50 after placing veteran defensive back Henry Moore and rookie Ray Schamber on waivers.

Hunters Await License Sales

State Starts Mailing of Deer, Game Permits to Agents

LANSING (AP) — Hunters won't start blasting away until fall. But the state conservation department's license division, is already preparing for the hunting season.

The department is in the midst of mailing out some 1,700,000 deer and small game hunting licenses to the state's 4,500 license agents.

Mailings already are nearly completed to agents in the Upper Peninsula and in region two, north of the Bay City-Muskegon line.

Agents in southern Michigan will have licenses in stock by Sept. 15.

Mailing of permits for the "any deer" season is being delayed until a legislative interim study committee on administrative rules passes next Tuesday on proposed regulations set up by the conservation commission.

Bulk of the mailing load is 950,000 small game licenses and 560,000 deer licenses. The mailings also include game law digests, deer tags bow and arrow licenses, camp permits, trapping permits and non-resident licenses of all types.

City Novice Tennis Tourney Aug. 23-24

A city novice tennis tournament for men and women, sponsored by the Pontiac Parks and Recreation Department, will be held Saturday and Sunday on the Pontiac Central High School courts.

Competition will be conducted in singles, doubles and mixed doubles. The tournament is open to any Oakland County resident who has not reached the semifinal round of any previous district, regional or city-wide tennis event.

All entries will be screened by the Parks and Recreation Department. Registration can be made at the recreation office and deadline for entries is Thursday. A trophy fee of $1 per person per event will be charged.

Pontiac Lake, Walled Lake, Troy and Farmington already have plans in operation for junior football. The Pontiac PeeWees have started drills under coach Carl Lyon while the Farmington Rockets will play in a Detroit loop. Walled Lake will have a team in the All America Little League.

Must Be Habit-Forming

Ray West, a Red Run member whose dramatic hole-in-one last June in the Pine Lake Invitational golf tournament won a sudden-death playoff match, fired another ace yesterday. This time West chose Forrest Lake to make his hole-in-one. He aced the 180-yard 8th hole with a 5-iron.

Doctoring Your Golf

PATIENT'S COMPLAINT: Tense and Jerky Swing.

DIAGNOSIS: Death Grip.

TREATMENT: About half the golfers I've seen grip the club too tight. Maybe more than half. At any rate, this one one of the greatest errors in golf today.

What I mean is, they grip the club too tight at address — not necessarily during the swing itself.

The main thing wrong with this death grip on the club is that it tenses up the muscles, particularly those of the forearms. You can't produce the smooth, fluid action you need for a good golf swing if these muscles are tense.

As to the right amount of pressure to apply in the grip at address, I can only repeat what I've said before—grip the club gently but firmly, about as you would if you reached up to take the club off a rack.

A big help in this would be to remember that, as you start the club back from the ball, the weight of the clubhead in your hands will cause you to tighten the grip instinctively. Take that fact into account.

8-Run Stanza Gives Jets City 'A' Baseball Crown

One big inning was enough to give the underdog Jets the Class A City League baseball championship Tuesday at Wisner Field.

The Jets exploded with eight runs in the 4th inning for an 11-6 conquest of Shaw's Jewelers to make it two straight in the best-of-three playoff for the city title.

It was the 4th consecutive tournament success for the Jets, who took two in a row from the CIO in semifinal action before disposing of Shaw's in the finals. The city crown sends the Jets to the annual state baseball tourney over the Labor Day weekend at Battle Creek.

Three Shaw pitchers saw duty in the wild 4th inning when the Jets paraded 12 batters to the plate and collected seven hits.

Starter Jim Jones departed after facing four men, Don Picman made his exit seven batters later and veteran Herman Bishop finally retired the side. Picman was charged with the defeat.

It was a repeat of Monday's story for the Jewelers, who won the Class A regular season campaign and were favored to take the playoffs. Once again, Shaw's blew what looked like a comfortable lead.

Monday the Jewelers wasted a 4-0 lead and lost, 7-4. Yesterday they scored five runs in the 3rd inning for a 5-1 edge and kicked it away.

Starting hurler Gene Cox was driven from the mound in the 3rd when the Jewelers sent 11 men to bat and made six hits. Reliever Tom Estes kept Shaw's in check the rest of the way and received credit for the win.

Altogether, the Jets made 14 hits with Fletcher Davis, Ben Robinson and Joe Soto rapping three apiece. One of Shaw's seven hits was a home run by Bishop in the 6th for the loser's final tally.

Local Touch to Michigan Open

2 Pros and 3 Amateurs Are City Hopefuls

161 Golfers Start Play Friday at Atlas Valley Country Club

There will be a distinct Pontiac touch to the $5,000 Michigan Open golf tournament this weekend at Atlas Valley Country Club near Grand Blanc.

Two well-known local professionals and the city's leading amateurs are among the field of 161 players who will start firing Friday in the three-day, 72-hole medal play event.

Pontiac's Gene Bone, 27-year-old assistant pro at Tam O'Shanter CC, heads the professional representation in the battle for Michigan's most coveted golfing prize.

The other "home" pro is Frank (Red) Wilson of Pontiac CC, playing in his 1st tournament in nearly three years.

This city's talented amateur delegation consists of Mike Andonian, three-time Michigan Publinx champion; Lloyd Syron, 1957 State Amateur king, and Paul Bada, last year's City champ.

All in all, it's a star-studded field for the annual tourney, which begins with 18 holes Friday, 18 more Saturday and the 36-hole windup Sunday.

The present holder of every major Michigan golf title is on the entry list, headed by defending champion Wally Burkemo of Franklin Hills who will be shooting for his 4th State Open crown.

Other past champs ready to gun for honors are Chick Harbert of Meadowbrook, Al Watrous of Oakland Hills, Mike Dietz of Indianwood and John Barnum of Blythefield.

This year's Michigan Open will also mark the 1st appearance of Jack Fleck in the tournament since he came to Rochester Golf and Country Club in the fall of 1956. Fleck was National Open ruler in 1955.

Among the brilliant amateur golfers eyeing the crown are Glenn Johnson, reigning State Amateur champ, and Chuck Kocsis, a strong threat in any tournament he enters.

A Pro-Am Best-Ball tourney was scheduled today as a preliminary event to the big show, which begins Friday morning at 7:16 a.m. The field will be cut to the low 60 players for Sunday's 36-hole finale.

First Baptist in Finals

First Baptist, regular season champion of the Pontiac Church Softball League, breezed into the finals of the playoffs yesterday with a 6-1 victory over Church of the Brethren behind the three-hit pitching of Floyd Hicks. First Baptist now meets Trinity Baptist for the playoff title.

DUNKED — Bonnie Randolph took a dunking in the pool of the Blue Hills Country Club in Kansas City yesterday after she defeated Betty Jameson in a sudden playoff to win the Heart of America Invitational golf tourney. The lady pros doing the dunking are Fay Crocker, Joyce Ziske, Beverly Hanson, Phyllis Germain, Wiffi Smith and Marilynn Smith.

Jaycee Championship Start

Area Juniors Qualifiers

(Special to the Pontiac Press)

TUCSON, Ariz. — Tommy Grace of Southfield and Pete Green of Birmingham both put on impressive showings here yesterday to qualify for the championship play in the 13th annual Jaycee International Junior Golf tournament at El Rio Country Club.

★ ★ ★

Grace fired his second 73 yesterday for a qualifying total of 146 to tie him for 7th among the qualifiers.

Green was one stroke behind Grace at 147 as he also fired a 73 yesterday.

Chuck Newton, Ann Arbor, qualified at 150. This was seven strokes below the cutting point, but Dick Zimmerman of Jackson fell into the consolation bracket when he finished with 162.

Buddy Baker of Florence, S.C. took the favorite's role in the tournament. His two-under par 68 coupled with Monday's 72 gave him medal honors with 140.

Right behind were Jim Folks, Ocala, Fla., and Jerry Greenbaum of Atlanta each with 142.

Labron Harris of Stillwater, Okla., trailed at 144.

Today the 107 qualifiers begin 72 holes of championship medal play at El Rio. The 83 non-qualifiers moved to Randolph municipal course for two days of consolation play.

Mrs. Fox Holds Lead in MGA Tournament

DETROIT (UPI) — Two-time champion Mrs. C. F. Fox held a one-stroke lead today as the women's MGA championship went into the final round.

Mrs. Fox fired a 77 yesterday for a two-round total of 157, leading Mrs. Bruce Hilkens who carded a 36-hole 158.

Mrs. Hilkens was the pacesetter in yesterday's round with a 40-36—76. Mrs. Fox shot a 41-36—77.

Two strokes off the pace with 159 was Mrs. Joseph Koss in third place, while Mrs. R. G. Martell, another former champion, was in fourth with 160.

Physical Tests Set

Members of the Avondale high football squad will report for physical examinations Aug. 26, at the school gymnasium locker rooms, Avon's headman, Frank Crowell, announced today.

Announcement was also made of several coaching changes, including John Thompson who will be an aide in football, a new job for Thompson; will also work with reserve basketball and baseball. Ken Kaestner, recent graduate of MSU will assist in jayvee football and track.

Girls Observe Sputnik, Then Continue Play

After a short interruption to turn out the lights and take a look at Sputnik, Commerce Drive-In and the All-Stars resumed play and battled for 10 innings in a women's exhibitio softball game last night at North Side Park.

The All-Stars finally won the game, 4-3, with an unearned run in the bottom of the 10th stanza on two walks and an error. Katy Boykins was the winning hurler while Jackie Trasher suffered the loss. Margaret Liddy homered for the winners.

In women's playoff action yesterday, Costello Trucking outscored Pursley Ambulance, 13-9, in a free-hitting affair marked by 23 safeties.

In the first World Series in 1903 each winning player received $1,182. In 1954 each member of the New York Giants getting a full share received $11,147.90.

MSU Ticket Sales Boom

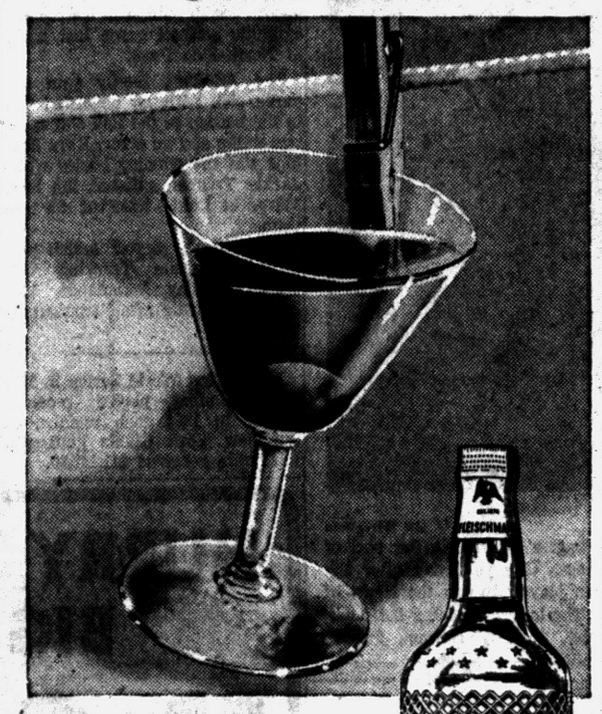

EAST LANSING (UPI) — Big things are in prospect for Michigan State football games judginb from ticket sales.

Ticket manager Warren Burtt said today season ticket sales so far have hit a record high of 19,400 with still about four weeks of the sales period remaining.

Last year's record high was 18,000 books but this year's sale won't go past 21,000 because that's the limit set by athletic director Biggie Munn for the Oct. 4 Michigan-Michigan State game.

Burtt said single ticket sales for Wisconsin, Nov. 1, were out front of the four home games. The Spartans play Wisconsin, Pitt (Oct. 11), California (Sept. 27), and Kansas State(Nov. 22) at home.

Strong Fight for Lambert Trophy

Scan East Football

NEW YORK (AP) — Are you tall, strong enough to block a 220-pound tackle and swift enough to race downfield to spear a pass? Can you pull quickly out of the line without tripping up your own halfback and also stop an opposing back head-on? Are you eligible?

A dozen or more football coaches at major Eastern colleges would like to find young men who can answer "yes" to those questions. They're searching frantically for good ends and guards, which seem to be in very short supply this year.

Penn State, which lost five ends from last year's squad, Pitt, Syracuse, Yale, Dartmouth, Columbia and possibly Navy are among those seeking more good flankmen. Guard is considered a weak spot on the Army, Penn State, Princeton, Brown and Dartmouth squads.

Less than two weeks before the start of autumn drills, it appears that spring work at Navy, Army, Syracuse and Penn State progressed to the point where these teams again will be contenders for the Lambert Trophy, emblem of Eastern supremacy.

Holy Cross and Boston College, each with an outstanding quarterback, are well stocked with veteran players and should be in the thick of it.

Pitt, with weak spots at ends and tackles and a just adequate backfield, will suffer from a schedule that includes UCLA, Minnesota, Michigan State, Army and Notre Dame.

Princeton appears strong enough, especially in the backfield, to defend its Ivy League title against Dartmouth, Cornell and Yale. Another cavalry charge finish is foreseen in this league, where spring drills are forbidden and lack of depth is the rule.

Army's halfbacks, All-America Bobby Anderson and Pete Dawkins were rated the nation's best pair after they scored 25 touchdowns last season. Billy Austin, Rutgers tailback ranked No. 2 in the national total offense list and Holy Cross quarterback Tom Greene was No. 5 Boston College quarterback Don Allard, Princeton tailback Dan Sachs and Navy's Dick Dagampat, now shifted to halfback, deserve special mention.

Medic, Nurses Ready at Lindsay

Canadian City Stages 'Bloodless' Bullfight

LINDSAY, Ont. (AP) — A doctor and two nurses — complete with ambulance and plasma bottles — have been hired to attend Friday's bullfights here in case they aren't so bloodless.

And if the medical team can't cope with an emergency, a group of stretcher-bearing first aid men have been told to lend a hand.

Mayor Lloyd Burrows, apprehensive at the prospect of an accident, expressed the opinion of the council:

"We're hoping like everyone else that nothing happens — because if it does Lindsay would receive a black eye it would never recover from."

Meanwhile, the six imported Mexican fighting bulls are being hidden in a secret corral against the possibility of sabotage.

★ ★ ★

But they're reported to be snorting in eagerness to get into the ring set up in the Fair Grounds.

The three matadors expected the bulls to be subdued by the change in climate.

Not so, say the home-town experts. Canada's cooler air has them looking fitter and fiercer than when they left Mexico. The matadors will be entering the ring with only their skill and small wooden swords for protection.

No picadores and banderillos will be there to soften up the bull for the kill.

If anything goes wrong, the bull fighters will have to rely solely on their capes and the speed of their legs.

★ ★ ★

The chamber of commerce is not too happy about the three-week delay of the bulls at the Mexican-U.S. border when they were found to have ticks.

Officials say the postponement of the fights from civic weekend, early in August, to this weekend has eaten up any profit they had anticipated.

But no matter what happens in the ring the bulls will eventually wind up in a Toronto slaughterhouse.

Top U.S. Pros in Bulky Field of Tournament

George Bayer Favored to Defend His Crown at Edmonton

EDMONTON, Alta. (UPI)—More than 100 parbusters, including most of the touring pros from the United States and two invaders from Japan, started battling for $25,000 in prize money today in the Canadian Open Golf championship.

Heading the bulky field were six of the current top 10 P.G.A. money winners—Arnold Palmer, Dow Finsterwald, Art Wall Jr., Bob Rosburg, Jay Hebert and Doug Ford — along with Mike Souchak, winner of last week's St. Paul Open.

The Mayfair course, which the players say is the prettiest they have played on this year, is in beautiful condition. Weather forecasts indicated that conditions would be almost perfect, with temperatures in the 70's and little or no wind.

Among the favorites were defending champion George Bayer and Vancouver's Stan Leonard, who holds the competitive record for the Mayfair layout with a six-under-par 64.

During practice rounds, Wall and Bob Goetz both turned in hot score cards, Wall tied Bobby Locke's all-time course record with a seven-under-par 63 and Goetz tied Leonard's competitive mark with a six-under-par 64.

Elliott Is Speaker at Rotary Luncheon

Chalmers "Bump" Elliott, member of the streamlined backfield which helped Michigan through an unbeaten, untied season and the Big Ten and Rose Bowl championships, will be in Pontiac Thursday as guest of the Rotary Club.

ELLIOTT

Elliott will speak at the noon luncheon of the Rotarians at the Waldron Hotel.

In the backfield with Elliott under Fritz Crisler in 1947 were Bob Chappius, Jack Weisenburger and Howie Yerges who trounced Southern Cal, 49-0 in the Rose Bowl.

Elliott succeeded Don Robinson as backfield coach at Michigan last year.

Drug 9 Enters Tourney Final With 4-2 Win

Drayton Drug moved into the finals of the Waterford American League softball playoffs with a 4-2 victory over Nonne's Drive-In last night at Drayton Plains. Bill Goulet was the winning pitcher on a three-hitter and Arlo Flesher hurled four-hit ball in defeat.

After each team scored twice in the 1st inning, the Druggists took the decision with two runs in the 3rd without benefit of a hit. Three walks, two wild pitches and an error did all the damage.

Nonne's meets Sno-Bol tonight at 8 o'clock with the winner facing the Drug team Thursday for the playoff title.

Lakeland Hardware won the "B" division of the Waterford Little League playoffs yesterday with a 14-10 victory over Johnson & Anderson.

U.S. Track and Field Team Lands in Japan

TOKYO (AP)— Seven U.S. track and field men arrived here Tuesday for goodwill meets against Japanese athletes Aug. 23—Sept. 14.

The AAU trackmen will be joined by 17 leading U.S. armed forces stars in the Far East, and coached by John Morris of Houston University.

Those arriving with Morris were: Ted Smith, 20, Van Nuys, Calif.; Jerome Walters, 27, Pasadena, California; Robert Charles, 22, Phoenix, Ariz.; Buster Quist, 22, Albuquerque, N.M.; Richard Howard, 22, Los Angeles; Joel Wiley, 22, Los Angeles; John Thomas, 17, Cambridge, Mass.

Expect 100 for State Skeet Title Test

By H. GUY MOATS

Michigan's leading skeet shooters converge on Oakland County Sportsmen's Club, Saturday and Sunday, for the 1958 championships. Followers of this popular shotgun sport will see many of the shooters who placed high in the recent Nationals at the same site, in action again, including 18-year-old Ken Sedlecky of Baldwin NSSA high-over-all champion who set one world mark, little Eddie Brown and brother Leland of Birmingham, defending sub-junior and junior Michigan titlists, and others.

★ ★ ★

William Ellis, Mt. Clemens MSSA secretary, said today 100 shooters are expected. The list, Ellis says, probably will include all the 1957 champions, named at Grand Rapids last fall. Shooting begins at 8:45 a.m. Saturday, winds up late Sunday with awards of more than $660 worth of trophies the final feature. There were 97 shooters in the 1957 event.

This is the first time the state body has provided all the awards and MSSA officials hope it will serve as a stimulant for bigger and better state shoots. OCSC also built up the prize monies with $200 for the all-gauge competition.

Saturday's events include the little .410, the sub-small gauge 28 and small-gauge 20. The "big" gun will do the talking Sunday when all-gauge events take place. The .410 will be a 50-target test. The 28 is over a 100-target route and the 20 gauge will be 100 targets. Sunday's all-gauge is a 100-target shoot. There will be class shooting in all guns, and two-man and five-man team events are also listed.

★ ★ ★

OCSC's field will be open today and Friday afternoon for practice rounds.

The 1957 champions include OCSC's Bob Thiefels (20-gauge); Howard Confer (Detroit, 28-gauge); Larry Smith of Birmingham (.410); all-gauge, Louis Chamberlain, Kalamazoo; high-over-all, Ains Borsum, Baldwin; Women's all-gauge, Jeanne Shields, Grand Rapids; 5-man team (Triangle Club of Baldwin), Chamberlian, Ed Sedlecky and son, Ken, the world's high-over-all champion, Ken Cargo and Walt Schneider; two-man team (Detroit Gun Club), Borsum, Floyd Gilmore; Junior champion, Leland Brown, Birmingham; sub-junior, 13-year-old Eddie Brown, Birmingham.

Indicative of the kind of competition that shooters face in the state test are the results of last weekend's Jackpine Open, shot at Baldwin. Outstanding was Ken Sedlecky and Walt Schneider's 200 straight in the two-man event, equalling the world record. Ed Sedlecky emerged the all-gauge champion with 100 straight, winning after a shootoff with Ken (his son), Schneider, Borsum and Jim Oedekirk of Indianapolis, Ind.

Ken Sedlecky, Howard Confer, Bill Scott (Detroit), Borsum and Floyd Gilmore of Wyandotte won the five-man event (493x500). Borsum was also high-over-all with 343-350.

Ken Sedlecky won the .410; Borsum won the 28; Confer took the 20. Eddie and Bill Brown Jr., won the 28-gauge two-man team test (193x200).

State's Rattler Is Held in Respect, but Not Fear

By JACK PATTERSON

It is probable that the rattlesnake, lying beneath the ferns was amiably disposed. The fact that it buzzed a brief "watch where you are walking" warning when young Sky stepped closely beside it indicated that. A hidden rattlesnake seldom rattles in advance. But one can never be completely sure of the current disposition of a rattlesnake, so following along a few paces later, we looked down beside a moccasin and saw the snake ready for business. A step to the side and a shot in its midsection ended the menace.

PATTERSON

The shot made it unnecessary to autopsy the creature further to determine that it was a female with an uncounted number of young. Since S. catenatus averages about eight young snakes to a brood, the camp population of rattlesnakes was probably reduced by nine, a comforting thought to those who liked to walk around the place lightly shod.

This was our first encounter with one of the snakes on high ground and the dusty jackpine barrens seemed an unlikely place to find what normally is a swamp-dweller. But the snakes do move to high ground in August and at this time of year they turn up in odd places.

★ ★ ★

Although the massasauga is a common snake in Michigan, because of its retiring nature and inclination to escape rather than fight, it is seldom encountered. The chances of a human being bitten are exceedingly slim, even in areas where the snakes abound. A fatal bite by a massasauga would assume so many "ideal" conditions, both on the part of the snake and the victim, that it would stretch the laws of probability to the breaking point.

★ ★ ★

So then, one can't regard our only poisonous snake as a dangerous one, and his know presence should not in any way be allowed to curtail anyone's fun outdoors. On the other hand we should not dismiss him as harmless. He isn't.

The effects of his bite range in severity from a minor annoyance to some rather serious complications.

By recognizing that he is here and by exercising normal good sense and not go poking into snaky places, avoiding running around snake country bare-foot, particularly these late summer nights, and by stepping politely aside when his warning is heard, there is no reason why one can't live peacably with this interesting member of the reptile tribe.

ELITE OF DOGDOM — It takes a lot of class to become a dog-show champion, and a lot of hard work on the part of owners and handlers. The six "portraits" above show as many different breeds, each one of which is a group winner from last weekend's Pontiac Kennel club's fall show. Center top is best-in-show Pontiac Press award winner, a dachshund (Ch. Christi Dachs Challenge) hound group. Top right is a poodle?, heavens, no, that's a proud Irish water spaniel (Ch. Moiphy of Willow Creek) sporting group. Right (bottom) is a bulldog (Ch. Vardona Frosty Snowman), tough-looking, but easy-going non-sporting group winner. Bottom (center) has the look of a dour Scotsman, or slightly cantankerous Irisher, but isn't. He's a splendid (clipped eyebrows and all) miniature schnauzer (Ch. Handful's Pop Up), terrier group winner. At top (left) is a Yorkshire (no, sir, I'm not a girl-dog, despite my hair-ribbon and long coat), toy group winner, Ch. Soham Bobbie. Last, but the biggest of all (bottom left), is a genial, thirsty-looking St. Bernard, Ch. Bryjon's Damocles von Kris (Star), working group winner.

HUSKY BASS — Bob Anderson, Central school engineer, an avid angler in his free time, landed his biggest bass last weekend at Lake Oakland. The lunker, as can be seen by the picture, was a largemouth. It weighed 6 pounds, was 22 inches long. Anderson (38 Cadillac) hooked the fish near a weed bed, towed it into the middle of the lake where he hand-landed his prize, several ounces too light to lead The Press "big fish derby," that closes on Labor Day, Sept. 1.

Buffalo Downed by Arrow From 65-Pound Bow

TRAVERSE CITY (UPI) — A Traverse City man has fulfilled a lifelong ambition and may have proved that a modern hunting bow is equal to a high-powered rifle in taking large game.

Dr. Jack Beall tried in vain for the past seven years to get a permit to kill a buffalo from among the herds roaming South Dakota's Badlands during state-conducted kills.

But it was Traverse City merchant Gerald Oleson that made Beall's ambition a reality.

Oleson, who bought three buffalo with the intention of slaughtering them, allowed Beall to kill an 1800-pound bull with his bow and arrow —on the condition that Beall be backed up by another man with a rifle in the event the arrow didn't down the bull.

A keen-edged broadhead from Beall's 65-pound bow dropped the bull swiftly and mercifully.

An Oxford (England) league against cruel sports scored a victory in its campaign against stag hunters, when its members laid false scent trails to distract dogs and hunters from their prey. Only two stags were raised, none was taken. This was the 4th time in a row the club's false scents blanked the hunters.

Detroit Tiger coach Billy Hitchcock and shortstop Cooter Veal both attended Auburn College. Hitchcock played football, basketball and baseball and Veal was a basketball and baseball star.

Little Stories About Outdoors

Michigan's waterfowl season this fall will undoubtedly be the same as a year ago, when the season ran 70 days, beginning Oct. 1. Conservation Department has been asked, and probably will approve the request, for the authorization. Bag limit is expected to be unchanged, four and a maximum of eight in possession with smaller limits on redheads and "cans", to comply with new federal regulations.

New regulations reflect prospects for lighter flights of ducks in all areas east of the Pacific flyway.

There's a new book on water-skiing now on the market, written by the "father of water-skiing" Dick Pope Sr. It's a factual story of the sport that Pope claims now numbers more than 5-million followers in less than one generation. Book includes detailed instructions for beginners, plus suggestions for experienced riders. Lowell Thomas wrote the introduction to "Water Skiing."

That queer, snake-like little weatherfish, found recently in a pond near Holly is a tough customer, take it from the men who used rotenone to clean out the "sand-blowers." They displayed great resistance to the chemical that stuns ordinary fish. When driven to the surface by the material, and throw ashore, they still appeared lively, even after being out of water for an hour.

Lilly in 6-Way Title Shootoff

VANDALIA, Ohio (AP)—More than 1,000 marksmen, with minor events out of the way, settled down to some serious firing today at the 59th Grand American Trapshoot.

Six of the non-missing marksmen were shooting off in today's event for yesterday's Class AA championship. They had broken an extra 50 when darkness fell.

★ ★ ★

The sextette are John Kroplin of Englewood, Ohio, who hasn't missed a 16-yard target this week; Ned Lilly of Stanton, Mich.; Wayne Kennedy of Kimball, Neb.; Homer Clark of Alton, Ill.; George Genereux of Saskatoon, Sask., and Fred D. Waldock of Sandusky, Ohio.

Michigan's five-man trapshooting team placed fourth in the state championships in the class AA clay targets title competition yesterday. Ohio won with 989 of 1,000 targets. Nebraska and California tied for second with 987. Michigan shot 979.

Multi-Lakers See Alaskan Color Film

Members of Multi-Lakes Conservation Assn. tonight will view what is regarded as one of the best color films on Alaskan hunting and fishing ever shown before the club. Film was made by Detroiter Al Gray and covers a wide range of outdoor subjects on a 33-day trip in the Yukon country. Film will be shown after the membership session at M-L clubhouse.

Gray will leave this week for another journey to the Yukon. Tonight's appearance is his third at M-L in which he has shown thrilling pictures of Alaska and British Columbia.

With the summer-long bass, pike and bluegill "derby" conducted by The Pontiac Press, on its last lap (it ends Sept. 1), area anglers might get some timely help in determining the best time for catching possible leaders by consulting John Alden Knight's solunar tables. The tables, prepared especially for this area, show the major activity periods as lasting for an hour or more. Minor periods are shorter.

Campaign Cuts Forest Fire Losses

Smokey Bear Breaks 100

Smokey bear finally has broken 100.

The big guy in the fur coat, symbol of the forest service campaign to reduce the fire toll of timber and wildlife, might look a little happier on the familiar warning posters on the basis of last year's record.

Finished totaling up the reports, the service figures there were only 83,400 forest fires in the nation last year. That was the first year that fires dropped below the 100,000 mark and compares with 143,000 the previous year. The area burned was reduced by just about half. Ten years ago, there were more than 200,000 fires.

The improvement, however, was not a general thing. In the South, the Southern Forest Fire Conference formed two years ago in New Orleans could take a good deal of credit in the area's cutting its number of fires by more than half.

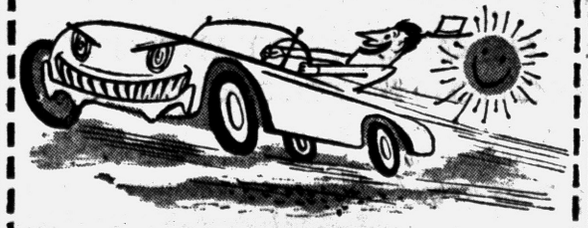

But in some states, acreage burned increased from two to seven times. In Idaho, only a few more fires destroyed trees on more than 135,000 acres, compared with less than 20,000 acres burned the year before.

WASHINGTON—From time immemorial, shells of the cowrie, a handsomely housed gastropod of the Indian and Pacific Oceans, have been among the most widely distributed forms of money. Even after gold, silver, and bronze coins came into use, cowries served as common currency throughout a vast expanse of the trading world, the National Geographic Magazine says.

John Huston Will Direct Western 'The Unforgiven'

By DOROTHY MANNERS

(While Louella O. Parsons is in Hawaii her column will be written by Dorothy Manners.)

HOLLYWOOD — When Harold Hecht told me that kingpin director John Huston has been signed to direct his (Huston's, first western, "The Unforgiven," for Hecht-Hill-Lancaster, I argued the point.

"What about 'Treasure of the Sierra Madre,' which ran away with a whole set of Oscars?" I wanted to know.

The answer was, "That was a mining story." Oh.

Anyway, Burt Lancaster will star in "The Unforgiven," Alan le May's novel, the entire film being shot on location in Mexico starting in November. Huston has just finished "Roots of Heaven" for 20th Century-Fox and Burt has yet to complete ::The Devil's Disciple"—and then they meet in Mexico.

George Raft's personal choice to play him in his upcoming screen biography is Tony Curtis. The boys are getting a chance to talk it over thoroughly as they're both working in "Some Like It Hot."

George thinks Tony has the looks and the temperament for "The George Raft Story," being scripted from the national magazine serial, and which Allied Artists will film.

Can't say Tony looks much like George, wearing those beautiful dresses Orry Kelly whipped up for him. "Some Like It Hot" sees Tony and Jack Lemmon disguised as women through most of the picture.

Although the trip is sudden, Tina says she isn't surprised. At a party a palm reader predicted she would make an unexpected journey to Europe to appear with "God's Little Acre." More important, the palmist forecast Tina will find a big romance.

"I'm looking for a man," says Tina with a laugh, "what single girl isn't?"

10,000 in Parade at VFW Conclave

NEW YORK (AP) — An estimated 10,000 members of the Veterans of Foreign Wars and affiliated units paraded in midtown last night as part of the VFW's 59th annual convention.

★ ★ ★

Police estimated that 75,000 spectators lined the 1½-mile route up 8th Ave. from 35th to 61st St., then west to Amsterdam Ave. The parade lasted almost four hours.

Many of the paraders wore colorful dress. 'There were bands, floats, drill teams, and beauty queens in cars. A Navy blimp circled over the march.

Carpenter Boss Due for Ouster

AFL-CIO Hierarchy Upset by Hutcheson's Taking 5th Amendment

FOREST PARK, Pa. (AP) — Carpenters Union President Maurice A. Hutcheson, under fire on corruption charges and cited for contempt of Congress, is reported due for ouster from the AFL-CIO hierarchy.

Top AFL-CIO sources predicted today Hutcheson will be asked to supply an explanation of his refusal to answer U. S. Senate Rackets Committee questions about expenditures of union funds.

Fellow labor chiefs said privately they expect Hutcheson to refuse the demand and probably resign as a member of the AFL CIO Executive Council, the federation's top policy-making group.

The council members already have figured on Hutcheson's resignation in selecting Painters Union President Lawrence M. Raftery, Lafayette, Ind., to the council succeeding James Petrillo, resigned Musicians Union president.

There is an informal understanding that when and if Hutcheson, a building trades leader, leaves the council his successor will be from the building trades union group, as was Petrillo.

It was learned, moreover, that the AFL-CIO plans to launch labor's own investigation of Hutcheson's Carpenters Union to determine whether the union should be ousted from the federation for corruption.

Hutcheson has been charged in Senate hearings with mishandling union funds in paying for a book lauding him and his father, the late William (Big Bill) Hutcheson, and with profiting in Indiana's road right-of-way deals.

Movie Agents Insist Couple Delay Wedding

HOLLYWOOD (AP)—Two promising young Hollywood players, pressured by unromantic agents, today called off their wedding set for Saturday.

★ ★ ★

Andra Martin, one of the most beautiful young actresses to come along since Liz Taylor, had planned a church wedding in her home town, Rockford, Ill. The groom was to be Ty Hardin, handsome television cowpoke.

The plan was secret when a reporter confronted them about it. Both denied it at first but later admitted the rumor was true.

★ ★ ★

"Yes," said Andra, fighting back a tear, "there was to be a marriage Saturday, but when we told our agents about it we were advised against it at this time.

"They said it would not be good for our careers right now. It made us so confused I had to call home last night and tell mother to postpone the wedding for a while.

★ ★ ★

"She felt terrible and so do Ty and I. We love each other very much — and we will get married later when all this confusion is over."

At the moment, Andra has the best break of her career as co-star with James (Maverick) Garner in "Up Periscope."

Hardin, 28, is now starring in the top rated Cheyenne TV series. Warner Brothers signed him for the show when Clint Walker decided to sit out a contract battle.

"I can't see where bein' married ever hurt anybody," commented Hardin.

Their career advisers argue that marriage right now might affect them with the teen-age audience.

CAB Requests More Routes

Says Traffic Control Rules Must Be Raised Up to 35,000 Feet

WASHINGTON (AP)—The Civil Aeronautics Board says air traffic control regulations must be extended up to 35,000 feet and encompass additional American routes.

At present, such control applies only to certain transcontinental routes between 17,000 and 22,000 feet.

★ ★ ★

The CAB's recommendation was contained in a report on the collision of a commercial airliner and a military plane last April 21 near Las Vegas, Nev. Forty-nine persons were killed.

The report said the Air Force and the Civil Aeronautics Administration must share part of the blame for the collision, which occurred at 21,000 feet. The CAB said the accident was probably caused by the high speed of the planes and the lack of an adequate view from the pilots' cockpits.

★ ★ ★

The CAA was criticized for poor judgment in not taking steps to reduce the chances of collision in the area where a number of near misses had been reported.

The Air Force was accused of giving insufficient attention to segregating military training flights at Nellis Air Force Base from other traffic on an established airway.

The board said the pilot of the military plane, a supersonic F100F jet fighter, tried at the last moment to avoid the United Air Lines DC7 by diving under the airliner. But the wings of the two craft touched.

★ ★ ★

The CAB said the increase in speed and traffic density made it harder to give pilots sufficient opportunity to spot each other during flights.

Therefore, the report said, "it is essential that positive control be extended to altitudes as high as 35,000 feet and on additional routes as rapidly as practical."

The report added, however, that visual flight rules should not be discarded entirely.

Senate Vote Slated on Curbing Court

By JOHN CHADWICK

WASHINGTON (AP)—The way was cleared today for a showdown Senate vote on the long-smouldering controversy over a bill to curb the power of the Supreme Court.

Sen. William E. Jenner (R-Ind), cosponsor of the bill with Sen. John M. Butler (R-Md), said its passage would help "to overcome the paralyzing effects of Supreme Court decisions in the antisubversive field."

But Sen. Thomas C. Hennings (D-Mo), a leader of the opposition, has denounced the bill as based on a "kill the umpire philosophy" and as a threat to the independence of the judiciary.

The bill is opposed by the administration and the American Bar Assn.

The most controversial section is one that would strip the court of its power to review cases involving state rules for the admission of lawyers to practice.

Nautilus Crew. Prints 'Extra' on Polar Trip

By WILLIAM F. SUNDERLAND
For the Combined American Press

ABOARD USS NAUTILUS (AP) — Crew members of the atomic submarine Nautilus published an "extra" today detailing their trip under the polar ice cap.

★ ★ ★

The special North Pole edition of the Nautilus Express contained 18 mimeographed pages on the trip itself and seven pages containing the names, home towns and address of all 116 men on the polar voyage.

★ ★ ★

There were songs and poems composed by the men in commemoration of the event and articles describing the submarine's history, special equipment and preparations for the historic journey.

★ ★ ★

Each copy of the paper was handstamped with two stamps. One was a Post Office circular stamp saying "U.S.S. Nautilus, North Pole, 1115 p.m. Aug. 3, 1958." The other was a three-inch circular cartoon depicting the crossing.

The edition was dedicated by editor John Michaud and associate editor C. A. Payne "to our shipmates, wives and many friends."

An article by the ship's medical officer, Cmdr. Richard F. Dobbin, gave a chronological account of the day the submarine went under the pole — even to the breakfast menu.

During the off-duty hours the men autographed each other's copies.

The submarine is now making an underwater Atlantic crossing after a six-day stay in England. She is due in New York Monday.

Bomber Crashes, Engineer Killed

FOLLETT, tex. (AP) — A six-engine jet bomber crashed near this Texas Panhandle town last night, killing the engineer.

The three other crew members of the B47 from Biggs Air Force Base, El Paso, Tex., bailed out. The navigator suffered a broken leg and was hospitalized in Shattuck, Okla., according to Sheriff T. J. Tarbox.

The Air Force withheld the names of the dead and injured, but said the others were Capt R. E. Held, 34, Ellingwood, Kan., and Norman E. Hermes, 23, El Paso.

Amarillo, Tex., AFB said the ship was on an aerial refueling operation, but refused to comment further.

Thunderstorms were reported in the area.

YOUR CHILD MAY HAVE PIN-WORMS

1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get *genuine* Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . *special sizes* for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

Lower-Priced Stocks Played

NEW YORK (AP) — Lower-priced stocks got a play in a slightly higher stock market early today Trading was moderate.

Pivotal issues rose fractionally. A number were unchanged and there was a scattering of small losers.

A certain amount of hesitancy was apparent for the list as a whole. Monthly figures on the short interest are due after the close and some Wall Street opinion is that they will be lower.

This figure represents the total sales of stock borrowed with the hope of future repurchase at a lower price, thus providing a kind of buying cushion under the market.

Small gains were scored by Woolworth, Lorillard, U. S. Rubber, Bethlehem, U. S. Steel, International Telephone, Phelps Dodge, International Telephone and Southern Railway.

Opening blocks included: Penn-Texas up ⅛ at 7½ on 6,000 shares; Studebaker-Packard up ⅛ at 6⅝ on 4,000; Safeway up ½ at 32¼ on 3,000; and National Theatres up ⅛ at 9⅝ on 2,000.

NEW VISUAL STOCK RECORDER—Watling, Lerchen & Co., has opened a new stock brokerage office here, on the fourth floor of the Pontiac State Bank building, moving from quarters on the seventh floor of the same building. Above, George W. J. Linton, resident manager, inspects Trans-lux visual ticker in the new office which records simultaneously all transactions on the New York Exchange. This is the first such machine in the city. The office also maintains a Dow-Jones business news wire. Watling, Lerchen & Co., member of the New York Exchange, also maintains branch offices in Kalamazoo, Ann Arbor and Jackson.

Goldfine Firm Submits Report

Annual Statement Filed 17 Days Past Deadline With SEC

WASHINGTON (AP) — Bernard Goldfine's East Boston Co. has filed—17 days late—its annual report with the Securities and Exchange Commission.

A spokesman indicated yesterday the agency would not seek to impose punishment even though East Boston, a holding firm, is under a court order to get its reports in on time.

★ ★ ★

The court order was handed down in 1955 after East Boston failed to file financial statements with SEC from 1948 to 1954.

Goldfine, Boston millionaire and gift-giving friend of presidential assistant Sherman Adams, has said he was unable to file this year's report by the July 29 deadline because records of the company were in the hands of a House subcommittee which investigated some of his activities.

Subcommittee Chairman Oren Harris (D-Ark) contended otherwise. He said the group had only duplicate copies of papers relating to East Boston.

★ ★ ★

A subcommittee spokesman said yesterday, however, that some of the papers were originals. He said they were returned to Goldfine July 30. They weren't returned earlier, he said, because Goldfine hadn't asked for them.

The investigation of Goldfine's financial affairs was touched off after disclosure that Adams had received gifts and accepted favors from Goldfine.

★ ★ ★

The two are old friends and both denied Goldfine received any favored treatment from federal regulatory agencies as a result of inquiries Adams acknowledged making on Goldfine's behalf.

The House last week cited Goldfine for contempt of Congress for refusing to answer certain questions put to him by the subcommittee. The Justice Department has not announced whether it intends to prosecute.

Two Educators to Be Honored

Teachers' Day Slated at Michigan State Fair on Sunday, Aug. 31

DETROIT (UPI)—Two outstanding Michigan educators will receive special awards at the annual Teacher's Day program at the 109th Michigan State Fair which runs between Aug. 29 to Sept. 7 at the fairgrounds here.

Another highlight at the fair will be the sunrise services on Sunday, Aug. 31, conducted this year by leaders of the Detroit Council of Churches and Dr. Edwin T. Dahlbert of St. Louis, president of the National Council of Churches.

The teachers to be honored at the Sept. 6 ceremonies are Arthur Dondineau, retired superintendent of Detroit public schools, and Leslie A. Butler of Ann Arbor, who spent 51 years in the teaching profession in Michigan.

Butler, the author of the "History of Michigan Schoolmasters" taught at Parkville, Benton Harbor, Ludington, Central Lake, Boyne City, Ann Arbor, Iron Mountain and Grand Rapids during his long career. He also served on the faculties of Central Michigan College and Eastern Michigan University.

Dondineau was considered one of the country's leading educators during his long term as boss of Detroit schools.

★ ★ ★

Fair officials said they expect at least 25,000 Michigan teachers to attend the fair during the Teacher's Day program. They will be admitted free.

At a luncheon during the day, 23 of the state's other top teachers will receive special awards for their service to Michigan's children.

National Guard Camp Range Fires Subside

GRAYLING (AP) — Target range fires at the National Guard's camp subsided yesterday and were no longer regarded as anything more than minor.

The blazes had begun Sunday, started by high explosives ammunition in the dry vegetation and had spread over 300 acres. Fire lines and backfires built by guardsmen kept them under full control.

Actually, officers said, the fires served one good purpose. They burned out considerable dry vegetation that had been considered a fire threat previously.

Brazil's Tax Dodgers to Find Rough Sledding

DETROIT (AP) — Tax dodgers in South America's Brazil may have a hard time in the future.

A group of Brazilians here to study American government practices have been concentrating in part on systems of tax collections.

Antonio Basto-Lima of the state of Pernambuco in Brazil says less than 50 per cent of his state's taxes have been collectible. He said it was lack of a proper system and tax dodging.

He and the others have been studying at Wayne State University and also looking at municipal operations.

"I'm sure," said Basto-Lima yesterday in summing up, "that we have learned many things in this country that will improve our technique."

SGT. FRIDAY TIRED — Jack Webb, star of TV's "Dragnet," wonders if the program's moment of truth has arrived. Webb admits that he's beginning to tire, and is considering a new series, "Pete Kelly's Blues."

Gretchen Wyler Likes the 'Simple' Things

By EARL WILSON

NEW YORK — The simple little things excite Gretchen Wyler because she's a simple little girl from a simple little town in simple little Oklahoma. As a simple little Ohio farm boy, I understand.

WILSON

A wardrobe lady said to simple little Gretchen the other week, "I'm going to show you 60 beautiful gowns, and lend you 30 of them."

"Thirty gowns for simple little me!" squealed simple little Gretchen who's hoofing on Bob Crosby's TV show. "I couldn't wear that many in YEARS!"

But she gritted her teeth — being careful about the caps—and tried with all her might and main. The gowns all cost 400 to 500 slugs a copy. They'd been made especially for Ginger Rogers, Myrna Loy, Hedy Lamaar, Peggy Lee, Jo Stafford and other glamour babes on the Perry Como show—and only been worn once.

GRETCHEN

"You couldn't wear 30," I said, "so how many did you manage to wear?"

"We've done nine shows . . . an average of five a show. How many is that?" asked simple litttle Gretchen.

"I do declare, it's 45!" I said. "Could you get into all of them?"

"OF COURSE, since I've lost so much weight." Simple little Gretchen suddenly giggled. "Do you know I lied to you about my weight when I was in 'Silk Stockings'? I said I was 135 but I was 156."

"I was about to ask you what you weigh now but I think I'll save the paper," I said. "Have you found any way to get NBC to give you any of the dresses?"

"No, but I'm trying!" confessed Gretchen. "I thought I would start by asking to borrow one of the dresses to wear to a party. What would you do if you were NBC?"

I would put double-locks on the warehouse," I said to simple little Gretchen from simple little Oklahoma, "and also on the RCA Building!"

Princess Turns 28 Today

Meg Marking Birthday

BALMORAL, Scotland (AP) — Princess Margaret arrived at the royal family's castle in the highlands today to celebrate her 28th birthday with her sister, Queen Elizabeth II.

Margaret plans to spend the birthday tomorrow quietly with Elizabeth and her brother-in-law, Prince Philip, who are vacationinat Balmoral Castle.

★ ★ ★

It was the sisters' first meeting since before Margaret left for her Canadian trip six weeks ago.

Margaret's return last week brought a fresh flickering of rumors about her association with Peter Townsend.

Nearly three years have passed since Margaret dramatically renounced marriage to Townsend because he is a divorced man. Since then she has had no steady date — despite assiduous matchmaking by Mayfair friends and the newspapers.

When Townsend returned to Britain from a lonesome journey around the world last March, he took to seeing Margaret at quiet teatime meetings. The Sunday newspaper The People said recently she had broken off even that association because a friend of Townsend was divulging secrets of their romance in a book he is writing.

But the Sunday Pictorial said Margaret is still hopeful of obtaining the Queen's blessing for a resumption of the romance.

Margaret is saying nothing.

3 Hurt in Accident at Walton-Adams Rds.

Three members of an Avon Township family were treated for injuries at the Avon Center Hospital and released Tuesday after being involved in a two-car collision.

The accident occurred at Walton and Adams roads, in Avon Township, according to Oakland County Sheriff's Deputies, and the two drivers were Ray B. Soncrant, 54, of Davisburg, and William A. Marzion Jr., 34, of 1899 Livernois Rd.

Injured were Marzion's wife Sylvia, 26, and their children John, 11, and Chris, 9 months, said deputies.

Weary of Role, 'Friday' Admits

Future of Program in Doubt as Star Plans New TV Series

By JACK WEBB

NEW YORK (AP) — Seville had many barbers, but only one of them became the theme for the opera.

This is a truism which somebody uttered on Broadway a generation ago. But it's as sharp as a honed razor today and it will still fit many a situation. Including a very pressing one with me: "Dragnet."

★ ★ ★

We have had many stories, themes and ideas pass across the story desk in the past decade. But there has been only one "Dragnet." There has been only one of every standout in the history of entertainment. The echoes come later.

Now people are asking if this is the moment of truth for "Dragnet." It has another — its seventh year to play on NBC-TV. But we have filmed the last segment of our current contract. Is this the brittle, bitter end? The interminable exit? The moment of truth?

Let me confess there is much I have come to know about "Dragnet."

★ ★ ★

But this one thing, where does it go from here, I do not know.

We are not alone in this one facet: there have been other children of this wondrous brain in this age of miracles, television, which have been made as welcome as "Dragnet" in the living rooms around the world. The thrill and gratitude of being part of this will never pale for me.

But when I look at Joe Friday, and as he must look at me, there is a note of fatigue in the air. Joe Friday has been a good friend, and worthy. We've been inseparable for 10 years, in both radio and TV and, yes, even in motion pictures.

★ ★ ★

I don't know how Joe feels, but I'm beginning to feel the wear a little. The way we set up "Dragnet" it requires my being in touch with the production every minute. Perhaps this can be changed. Perhaps this is the time to change it.

Now, other things call. Right now, we have completed a pilot film on our proposed new series, "Pete Kelly's Blues," which did well in radio and motion pictures. Still other projects are ahead.

Of course, this doesn't necessarily foredoom "Dragnet." It is not mandatory that Joe Friday star in the series. Is any police department a one-man proposition?

★ ★ ★

Happily, "Dragnet" is still showing its heels to a lot of opposition after seven years on television. Its relationship with both the public and the advertisers who back it remains strong.

The future of "Dragnet" seems to be painted from some polychromatic pool of mystery and it's as much a mystery to me as to anyone.

Says Seaway to Cause Boom in Soybean Belt

DES MOINES (AP)—An Indiana educator says the soybean belt may be in for a major economic boom when the St. Lawrence Seaway opens.

★ ★ ★

Dr. Joseph R. Hartley, of Indiana University, told the American Soybean Assn. yesterday the Seaway was expected to be open by 1962, permitting ocean-going vessels to reach Great Lakes ports.

"Chicago will be the leading soybean port on the Lakes because of her strategic position relative to producing areas and because she will be the only port served by inland waterways," Hartley said.

Mototaro Sugiyama, president of the Assn. of Oil and Fat Manufacturers of Japan, said restrictive measures against Japanese products in the United States is clouding the future of America's soybean trade with Japan.

★ ★ ★

Shizuka Hayashi, managing director of the Japanese American Soybean Institute in Tokyo, said that sooner or later U. S. soybeans will face competition in Japan from Chinese-grown soybeans.

Man Wants Wife to Mourn Him; Blows Up Car

SANTA FE, N. M. (AP)—He wasn't good enough for his wife, the man said. So he loaded his car with dynamite and sent it over a cliff to make her think he was dead.

★ ★ ★

The car—and a fizzled-out fuse—was discovered at the bottom of a 400-foot drop between Las Vegas, N. M., and Santa Fe.

★ ★ ★

"I love my wife very much," Melton Turner, 26, a self-styled artist, told police. "But I didn't have a job or a place for her to stay. I want to be an artist more than anything else, and she wanted me to get a job and give up my art work."

★ ★ ★

Officers said he would be charged with illegal transportation of dynamite.

Demands Probe of Plane Crash

Member of Parliament Wants to Know Why Search Start Delayed

LONDON (AP)—A member of the British Parliament called today for an inquiry into the delay in the start of the search for the Dutch airliner which crashed in the Atlantic last week.

All 99 persons aboard the KLM plane died in the crash about 100 miles off the Irish coast. Only 34 bodies were recovered, and a coroner's inquest this week indicated that all were killed by the impact of the big plane on the stormy ocean.

A Conservative member of Parliament, R. Gresham Cooke, in a letter to the London Daily Telegraph pointed out that the last radio contact with the plane was made at 4:40 a. m. but that no search plane took off until 12:20 and the wreckage ws not sighted until 2:45, some 10 hours after the crash.

Part of the delay was due to emergency rescue operations being called off after the airport at Gander, Nfld., thought it heard a broadcast from the missing plane.

"Even allowing 2½ hours for the mistake made by Gander," Cooke wrote, "this (10 hours) seems an unconscionable time to find wreckage only 100 miles from our coast. . . . I hope there will be a full inquiry into the reasons for the delay in getting rescue operations moving."

KLM, the Dutch airline, has announced a full inquiry to determine the cause of the crash but there has been no announcement of an investigation of the rescue operation.

'It's All Wrong,' So, Vicar Refuses to Judge Beauty

LONDON (AP)—A vicar has turned down an invitation to pick a beauty queen, saying it's all wrong to judge a girl by her vital statistics.

"I feel a man cannot really assess the beauty of a girl by just looking at her," said the Rev. William Rees, rector of Blandworth, near Portsmouth..

★ ★ ★

"Before I could judge a girl's real beauty, I would want to meet her—and get to know her personally."

★ ★ ★

The Rev. Mr. Rees was invited to judge a Miss Southsea competition after he wrote an article in his parish magazine lamenting that female beauty was "statistically assessed."

More important, the vicar contended, were warmth, sincerity, unselfishness and radiance.

STOCKHOLM (AP)—A Turkish-Armenian engineer serving 10 years for spying for the Soviet Union escaped yesterday from Stockholm's Langholmen Prison.

Police believed the 33-year-old man, Bedros Zartaryan, hid in one of several hampers of dirty laundry which were taken out of the prison. He was only 5 feet 6.

A countrywide alarm was sent out.

Zartaryan was convicted in March 1957 of furnishing the Soviets information on Swedish atom-proof underground military establishments.

Aloha Shirts Allowed for Hawaii Office Men

HONOLULU (AP) — Hawaii's government workers may be allowed to wear a genuinely Hawaiian piece of clothing — the aloha shirt — to work this summer for the first time.

Gov. William F. Quinn, reversing the stand of his predecessor, says its okay with him if territorial employes wear the cool and colorful shirts on the job.

But he left a final decision in the sartorially hot issue up to individual department heads.

Motor Accidents Total 91 Million in Decade

CHICAGO (AP) — According to the records of the National Safety Council, motor vehicle accidents in the last decade reached the unbelievable total of 91,050,000.

These accidents caused 357,805 deaths, disabled 12,550,000 with injuries and caused an economic loss of nearly 37 billion dollars.

During this time, federal, state and local governments have spent $58 billion to build safer roads and streets.

'Thank You' Tickets

MIDVALE, Utah (AP) — The city of Midvale celebrated its seventh anniversary without a traffic fatality by having officers pass out 2,000 "tickets" to motorists thanking them for their part in helping make the record.
