New Volunteer Opportunity for Parents

Calling all Oakland University parents! Do you have some funny stories, tips of the trade or just some good old fashion advice you wish to pass along to the parents of the incoming class of 2010? Orientation and New Student Programs is looking for current Oakland University parents who are interested in giving a brief presentation to parents new to the university during the Parent Orientation Programs scheduled for this summer.

Share your experiences and help fellow parents of Oakland students learn how to support their child in making a smooth transition to college life at OU. For more information, contact Christy Van Solkema at (248) 370-3249 or ckmiller@oakland.edu.
