Report Attack on U. S. Plane Off Korea Coast

Air Force Escort Bags 1 of Large MIG Group; Suffers No Loss

WASHINGTON (U.P.)—A large formation of MIG 15s attacked an American reconnaissance plane off the Korean coast Jan. 22, but an accompanying force of U. S. Sabre jets scattered the Red fighters and shot down one of them, it was disclosed today.

None of the American aircraft was lost in the incident, which the Air Force said occurred "over international waters."

The Air Force did not give the nationality of the MIGs. They are Russian-built, however, and presumably were based in North Korea. Experts said they could have been piloted by Chinese, North Koreans, or even Russians.

It marked the first time U. S. airmen have scored a kill in the long string of "incidents" in which the Communists have attacked non-combat American planes. In this case none of the Air Force aircraft was lost.

The Air Force reported that the RB-45 reconnaissance plane definitely was "over international waters" when it was jumped. But a State Department spokesman said the United States at present is not planning to file a protest.

He pointed out that no American planes were lost and that neither the Chinese nor North Korean Communists had raised the issue. In other incidents, the United States has protested vigorously.

Both the United Nations and the Communists agreed in the Korean armistice not to violate each other's territory or the air above it. But the spokesman said "this does not apply in the present case because the incident occurred over international waters."

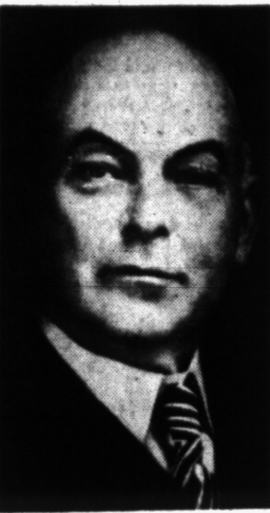

Although the incident occurred Jan. 22, the Air Force did not say anything about it until it received an inquiry from the United Press. Then it issued the following brief statement:

"An RB-45 aircraft of the U. S. Air Force, while on a reconnaissance mission over international waters northwest of Sok-to Island off the west coast of Korea on Jan. 22 was attacked by a large formation of MIG-15 jet fighters.

"F-86 Sabre jet fighters accompanying the RB-45 opposed the attack and, in the ensuing defensive action, shot down one MIG-15. None of the U. S. aircraft was lost."

Russian fighters shot down an Air Force B-50 reconnaissance plane off the coast of Siberia last July 29 and the Air Force issued strict "shoot-back" orders to (Continued on Page 2, Col. 1)

L. L. DUNLAP

Auto Pioneer, 84 Dies at Home

L. L. Dunlap Was With Carriage Firm in 1889; Funeral Wednesday

Louis Lee Dunlap of 51 Delaware drive, retired manufacturer, died at his home Saturday evening after a long illness. He was born Feb. 10, 1870, in Pontiac.

The son of Elizabeth Davies and Lewis Letts Dunlap, Mr. Dunlap attended Pontiac High School. After leaving school, he went to work in 1889 as a bookkeeper for the R. D. Scott Carriage Co., and later joined C. V. Taylor Wagon Works. He continued to be associated with Pontiac industry well into the automobile age.

With Edward M. Murphy, S. E. Beach and Francis Emmendorph, Mr. Dunlap incorporated the Pontiac Buggy Co. in 1893 and the Crescent Carriage Co. and Dunlap Vehicle Co. in 1898.

In 1907, when Mr. Murphy and associates organized the Oakland Motor Co., Mr. Dunlap became first factory manager, and upon Mr. Murphy's death in 1909 he became general manager, remaining with the company until 1912.

In 1913 he retired from active business and, in association with the late J. S. Stockwell Jr., he dealt in real estate developments and investments.

For many years Mr. Dunlap was (Continued on Page 2, Col. 6)

4 Other Blazes Cause Big Loss in State Cities

Five Business Places in Royal Oak Suffer Loss of \$200,000

By THE ASSOCIATED PRESS
A series of five fierce fires—the last early today—caused an estimated \$1,325,000 damage in Detroit and four other Michigan communities since Saturday night.

There were no deaths, but at least four firemen were hurt and utilities in some instances were disrupted.

One of the blazes destroyed a church.

The worst blaze caused a half million dollars damage to a Lansing factory Sunday night.

Another swept a big Muskegon furniture store Saturday night.

Possibly the most dangerous was a wind-whipped inferno which all but wiped out a city business block in downtown Royal Oak late Sunday. Three firemen were hurt.

Heat broke windows 50 feet distant. It also exploded ammunition in a sports store. Flames were visible for nine miles.

Flames burst through several buildings to destroy almost an entire downtown city block in Royal Oak. Damage was estimated at \$200,000. The only building on the block to escape damage was a filling station on a corner.

Five business places went up in the Royal Oak fire. Included were a sports shop, a furniture warehouse, a real estate office, a mail order office and a baby sitting headquarters.

Fire fighters and volunteers from three neighboring communities joined in fighting the Muskegon fire Saturday.

Their efforts prevented the blaze which was out of control for four hours, from hitting adjoining buildings. Damage in the neighborhood was confined to water and smoke.

Firemen reaching the scene were greeted by an explosion that blew the front end out of the store and sent a wall of flame flashing briefly across the street.

The explosion cut power lines and electricity to many portions of the city.

Fire Chief Wallace Gannon said the blast came from heat-generated carbon monoxide after the fire had smoldered for hours inside the building. A passerby, noticing smoke from the rear of the building, reported the fire.

Families in nearby buildings were evacuated from their second floor residences by police.

Mother Killed Crossing Road

Driver Blinded by Lights From On-Coming Cars Not Being Held

A Waterford Township housewife was killed early yesterday when a motorist, blinded by on-coming car lights, struck her as she was crossing Cass Lake road near her home.

Mrs. June Tarchalski, 28, of 1102 Bangor Dr., the mother of two children, was dead on arrival at Pontiac General Hospital.

She was returning from a nearby tavern where she had gone to see her husband, Edward, who, a car driven by Omer Hundley, 45, of 4807 Oak Knoll, Waterford Township, struck her, according to Michigan State Troopers Stanley Sitkowski and John Binaglio of the Pontiac Post.

Hundley told troopers he was returning to his home from a Bible conference when the accident occurred. He was not held, but statements will be made to Oakland County Prosecutor Fred C. Ziem today, according to Cpl. Emmett Bradley.

Traffic Toll for Weekend Stands at 10 for Michigan

The death of a young veteran brought Michigan's weekend motor traffic death toll to 10 early today.

Frank Devio, 20, of River Rouge, died five hours after his car went out of control and crashed into a Detroit lumber yard.

Devio, discharged from the Army Dec. 1, was married to an Austrian girl while overseas and was attempting to clear legal barriers to bring her to the United States.

Paul H. Pace, 34, of Detroit, was killed Saturday night when a car he was driving collided head-on with a Greyhound bus on Belleville road.

Mrs. Edward Tarchalski, 28, of Pontiac, was fatally injured Sunday when she was struck by a car a half mile north of Keego Harbor.

Robert Kelly, 38, of Charlotte, was fatally injured late Saturday. His car crashed into a tree after going out of control near Charlotte.

William Troilo, 20, Detroit, was fatally injured when a car in which he was riding went out of control and struck a utility pole in Detroit.

Russell P. Billings of Allegan was killed in a two-car collision near the Kalamazoo-Calhoun County line on U.S. 12 Saturday night.

Mrs. Caroline Pietrowski, 64, Detroit, was killed Friday night by a hit-run driver on a Detroit street.

Leo Pasarella, 27, Detroit, was killed when he was struck by a car on a suburban Detroit highway Friday night.

Otto A. Stinsel, 78, Highland Park, was killed Friday night when he was struck by a car and knocked into the path of a truck.

Albert Ciosma, 65, Hamtramck, was killed when he was struck by a car in Hamtramck Friday night.

Extensive exterior and interior styling changes are featured in the new cars, and the new wrap-around windshields offer additional visibility.

The 1954 Kaiser instrument panel features a new "steering turret" which extends directly from the dash and encloses the shift linkage in both manual and hydraulic drive models in addition to the steering post.

Dials and controls are grouped directly before the driver, and the radio panel, glove compartment and clock are recessed into the panel below a newly-styled safety-padded dash.

The Kaiser Manhattan is the longest ever built with an overall length of 216 inches.

Engine blocks and other castings for the Kaiser cars are made at Wilson Foundry here, a subsidiary of Willys Motors, Inc.

Wait Ike's Word on Treaty-Curb

GOP Senators Hope for Go-ahead on Substitute; Bricker Hints Approval

WASHINGTON (U.P.)—President Eisenhower calls the turn today in the Senate's controversy over the Bricker constitutional amendment to limit the effects of treaties and presidential agreements.

Senate Republican leaders hoped to obtain at their regular White House conference a go-ahead signal from the President on a compromise Sen. Bricker (R-Ohio) could accept.

Bricker had agreed to give up the fight for the "which clause" of his constitutional proposal, but only "on the condition the administration will support... when presented" a substitute drafted by Republican and Democratic leaders.

Bricker confirmed yesterday he had agreed to elimination of a clause that says "a treaty shall become effective as internal law in the United States only through legislation which would be valid in the absence of treaty."

Eisenhower had denounced this clause, saying it would give the states power to repudiate some treaties. Bricker disputed that contention, but said that if his amendment were adopted some treaties bearing on domestic matters could be implemented only by state action.

Without detailing the exact language of the compromise, Bricker said on an NBC television program he is satisfied it will "meet the cardinal principles" of his original proposal.

He insisted that the "which clause" was "not the heart of this controversy."

Red Envoy Given Asylum; Russia Charges Kidnaping

TOKYO (AP)—An American source said today Yuri Alexandrovich Rastvorov, a Russian diplomat-intelligence agent, asked for and was granted political asylum by the United States.

The source, who refused to be identified, told The Associated Press it is almost certain that Rastvorov has left Japan and may be en route to the United States.

A Russian spokesman accused the United States of kidnaping Rastvorov, second secretary of the Soviet mission to Tokyo, which Japan does not recognize. The object, he charged, was "provocation of the Soviet Union."

Official American sources in Tokyo said they knew nothing of the matter.

The break in the long silence on the cloak-and-dagger story of Rastvorov stirred speculation that the largest spy ring in Asia may have been cracked.

Victims. All American; Names Withheld Until Relatives Notified

TOKYO (UP)—A U. S. Air Force courier plane crashed into icy waters off Northern Japan today and all 35 persons aboard were killed.

A Far East Air Force spokesman said the 30 passengers and five crewmen all were Americans. Their names have been withheld pending notification of next of kin.

Far East Air Force headquarters said helicopters and Japanese Coast Guard patrol boats found several bodies but reported there were "no survivors."

The twin-engine C-46 went down in the Tsugaru Strait which separates northernmost Hokkaido Province from the main Japanese Island of Honshu.

Early reports from an Air Force amphibian said parachutes could be seen through the light snow, as well as an oil slick.

Japanese ashore said they saw the plane lose altitude rapidly at 1:45 p.m. (11:45 p.m. EST Sunday) after the pilot had flashed a distress message.

The Japanese said they saw parachutes open during the plane's descent.

The oil slick and floating parachutes led the search parties immediately to the scene.

An FEAF spokesman said he believed all of the persons aboard were American servicemen.

The plane was on a routine courier mission from Tachikawa, near Tokyo, to Hokkaido when engine trouble apparently developed and the pilot tried to "ditch" the plane.

Mild Temperatures, Flurries Forecast

Snow flurries coupled with mild temperatures tonight and tomorrow is the forecast for the Pontiac area, according to the U. S. Weather Bureau.

Tonight's low of 32-33 is expected to jump to a high of 44-45 degrees tomorrow.

Approximately one inch of snow fell in Pontiac by 1 p.m. today, the weather bureau reported.

Sunday, the mercury climbed from a low of 9 to a high of 26 degrees and approximately .3 of an inch of rain was recorded in the area.

At 8 a.m. today the temperature stood at 24 degrees. By 1 p.m. in downtown Pontiac the mercury had climbed to 32.

MAKE OVER Commission to Get Petition Backing 14 Mile Extension to Ease Traffic on Maple

From Our Birmingham Bureau
BIRMINGHAM—A 10 page, 433 signature petition favoring the extension of 14-Mile road from South field to Cranbrook road will be received by the City Commission to-night.

The petition asks the commission to take action to secure the right-of-way for the half mile extension.

tension, which the lawmakers and members of the planning board have favored as relieving the east-west traffic flow on Maple road.

On Dec. 21, 1953 residents in the area and adjoining homeowners in Royal Oak and South field Township asked the City Commission to withdraw its request that the Oakland County Road Commission acquire the right-of-way for the extension.

"They charged the project was not needed, would cost too much, would be dangerous to schools in the area, and would depreciate property values."

The commission declined to withdraw the request, and authorized engineering studies of the area in question.

"With no major east and west street in the area between Twelve Mile Road and Long Lake Road, other than Maple, it is entirely possible for the traffic demands to reach such proportions as to materially affect property values in our central business section and residential values along Maple," City Manager Donald C. Egbert has stated.

Passage of a formal resolution placing a \$225,000 bond issue on the April 5 ballot to finance two fire stations is expected.

Carlton Leonard, vice president of the Detroit Trust Co., will address the High Twelve Club at a 6.30 dinner tonight at the Commodore Hotel.

guard against similar losses in the future.

This policy apparently paid off a week ago for the RB-45 was well protected.

In the case of the B-50, the United States protested to Russia in "strong terms," claiming the incident occurred 40 miles off the Soviet coast in international waters. But Russia claimed the plane was scouting over Russian Siberia. Nothing came of the argument.

The plane crashed in flames in the Sea of Japan, Capt. John Ernest Roche of Washington, D. C., the co-pilot, was the only survivor. The Soviets disclaimed any knowledge of the 16 American airmen who went down with the big plane.

The U. S. complained to Russia in March, 1953, that Soviet MIG-15's had fired on a B-50 reconnaissance plane off the March 15. The State Department rejected Moscow's claim the Soviet Kamchatka Peninsula U. S. plane had twice flown over Soviet territory and had opened fire first.

The department insisted the American aircraft was on a routine weather mission over international waters 25 miles off Kamchatka when fired on by one of two MIGs. No planes were damaged.

James Roosevelt to Tell His Side in Divorce Scrap

LOS ANGELES (INS)—James Roosevelt battles for his political life today with a promise to tell his side of the now-famous "kiss and tell" letter in which he admits infidelities with nine women.

The eldest son of the late Franklin Delano Roosevelt will meet newsmen this afternoon, even as Democratic party leaders urged him to withdraw from the race for California congressman. Unconfirmed published reports say that he already has released his backers from all obligations in the race.

Roosevelt, whose wife, Romelle, released the sensational letter in her separate maintenance suit, was quoted as saying:

"I have released all my friends and supporters from any further obligation to me in the 26th district congressional campaign. I will not present my name to the 26th district congressional campaign for endorsement nor will I allow my friends to present it at the Feb. 11 meeting."

padding warehouse at 1 a. m. today. It is the property of the Burkhardt Manufacturing Co.

The blaze was believed to have started in stored cotton padding. Firemen kept it from spreading to the main plant and other buildings.

Lansing's blaze made a ruin of the Federal Drop Forge Co. plant. It still smoldered today.

A night watchman said a tool room explosion started the blaze in the center of the long, narrow building that burned both ways. Firemen saved both ends. Most of the loss was in expensive tooling machinery.

The Muskegon fire Saturday night destroyed the Home Furniture Co. store which covered almost an entire downtown city block. Estimated loss was \$400,000. It cut off electric power to part of the city.

Extra police were detailed to patrol the Muskegon County Jail, blacked out by the power failure. It was Muskegon's biggest fire since a multi-million dollar blaze destroyed four business buildings in the downtown area in 1946.

A fire destroyed the Church of God our miles northeast of Clare Sunday at the intersection town of Eagle. State police estimated the damage at \$25,000.

The cause of the fire was not the cold and a lack of water, managed only to save the parsonage next door.

The Federal fire at Lansing was the worst in the city since the State Office Building blaze three years ago.

Reno G. Carrier, president and general manager of Federal, said the damage would hit the half-million dollar mark. Carrier is also a member of the Lansing Board of Police and Fire Commissioners.

March of Dimes Funds Stolen in Birmingham

BIRMINGHAM—Five cannisters containing funds for the March of Dimes have been stolen from local stores during the past week, according to police.

The U. S. State Department and Far East Command had no comment.

Rastvorov was known to be an intelligence agent. The Russian diplomats had free run of Japan and have been in a position to gather information on U. S. bases.

Rastvorov was one of several dozen Soviet diplomats who stayed behind after the Japanese Peace Treaty was signed in April 1952. Since the Soviet Union has not signed the peace treaty, the mission has no official status as it did during the occupation.

A reliable source said 32 of the Russians remaining were intelligence officers.

The Soviet statement said Japanese police, who were asked by the Russians to find Rastvorov, had not been able to locate him. It also said Rastvorov was "very happy" at the prospect of return-

ing to the Soviet Union. "When the facts... are compared together with the data on hand... regarding the special interest which the American espionage division had in Rastvorov, then the mysterious disappearance of Rastvorov becomes clear," the statement said.

Police Expand Call Activities

Waterford Township's Force Gets Radio Runs Over Weekend

WATERFORD TOWNSHIP — Radio runs were made by the month-old Waterford Township Police Department for the first time this weekend, according to Chief Frank VanAtta.

Up to Friday night, when the first radio was installed in the township's three police cars, the vehicles were used solely for patrol duty.

Regular calls continued to be answered either by sheriff's deputies or State Police, just as before the department was established.

Now, the township's own policemen answer calls for assistance, accident reports and other police routine. The township still doesn't have its own radio transmitter so calls are directed through the Oakland County sheriff's Department radio.

Calls are either relayed from the township police station to the Sheriff's radio transmitter or directed directly by the sheriff's department when they get a call from a citizen in the township.

The latter usually occurs during the evening hours, VanAtta said, since the station telephone will not be answered around the clock until Waterford has its own station.

One of the first runs made using the new radios was an accident on Telegraph, north of Elizabeth Lake road early Sunday morning.

According to police Arthur F. Sasser of 289 Hospital Rd., Pontiac, had pulled off the road when he began having trouble with his auto.

A car driven by Sherman L. Rupert of Saginaw crashed into the rear of Sasser's vehicle. Police quote Rupert as saying he thought the other car was moving.

Rupert was taken to Pontiac General Hospital where he was treated for multiple lacerations to his face and knees.

Artificial Breeders Name Two Men as Directors

NORTH BRANCH — Highlighting the meeting of the North Branch Artificial Breeders' Assn. last week was the election of two members to the seven man board of directors. Jack Simmons and Peter Schlaud were named to the three-year posts.

Byron Carpenter of the MABC spoke on proof and pedigree X-ray and breeding management. Robert Curry of Almont, director of the Holstein division, also spoke briefly.

CARTOONIST CONGRESSMAN—Rep. Craig Hosmer, Republican of California, is supposed to be the first U. S. congressman to send a cartoon report to his constituents instead of the usual letter. After reading a committee report which he thought was too complicated he decided to turn

cartoonist in order to show voters back home the way laws are made. In the background are originals of two pages he mailed to 7,500 people. Hosmer is now working on a series of sketches about the judicial and executive branches of government.

Walled Lake Teachers to Ask \$400 Wage Boost

WALLED LAKE — Teachers of the Walled Lake MEA district voted Friday to ask the board of education for a flat \$400 yearly increase in the salary scale.

In so doing the teachers disagreed with a recommendation of the faculty salary committee to

ask for a general raise of \$300. The committee expressed doubt that the board would be able to grant the larger sum, but felt that the \$300 figure might be possible according to budget figures.

Biggest objection to the \$300 figure came from veteran teachers in the system.

They pointed out that beginning teachers and those serving their ninth, tenth and 11th years receive \$150 yearly increments for three years and that a middle group receives yearly increments of \$100.

This would mean, they said, that those groups would be receiving from \$400 to \$500 more, while teachers who had reached the maximum would be receiving only \$300 more.

Three other recommendations of the salary committee received the approval of the group. They were: 1. To ask the board of education to pay teachers who substitute for other teachers at the same rate as regular substitutes.

2. To ask for payment of \$5 per hour for each semester hour that is applied toward a master's degree.

3. To ask for \$3 per hour for those courses taken to aid the teacher in his field but which will not apply toward a degree.

Marlette Schedules Lecture on Michigan

MARLETTE — The Community Council will stage its second program of the Town Hall series Wednesday in the school auditorium.

Speaker will be Dr. E. C. Beck of Central State Teachers College who will lecture on lore of Michigan. Known as an authority on Michigan history, Beck has appeared throughout the state on programs. He has been associated with the college for the past 26 years.

Romeo Pair Announces Daughter's Engagement

ROMEO — Mr. and Mrs. Roy A. Borland of Prospect street announce the engagement of their daughter, Joyce Julie, to Ernest Leroy Griffin, son of Mr. and Mrs. Everett E. Griffin of Utica. No date has been set for the wedding.

School Credit Union Approves Dividend

WALLED LAKE — Membership of the School Employees Credit Union approved a three per cent dividend on shares and a boost in the treasurer's salary at the group's annual meeting Friday.

Treasurer Bill Doggett will get a pay hike of \$5, raising his salary to \$25 a month.

In other business, Nina Kropidloski, Floyd Vickery and Mrs. Roy Dewey were elected to the board of directors for two-year terms. Elected for one-year terms were Frank Wigent and Frank Balaam.

Roland Langerman and Lynn Garrett were re-elected to the credit committee.

Lapeer County School Boards to Hold Meeting

LAPEER—The biannual meeting of all Lapeer County school boards will begin Wednesday at 10 a.m. Under the supervision of the State Department of Public Instruction, the session will feature a discussion on recent and proposed school legislation. Meeting place will be announced later. The high school auditorium, usually used for the meeting, will not be available.

Farmers Week Opens at MSC

Attendance Expected to Hit 35,000 in Spite of Chilly Weather

EAST LANSING — "Strengthening Michigan Agriculture" was the theme of the 39th annual Farmers Week opening today at Michigan State College.

Despite the chilly weather, more than 35,000 Michigan rural people are expected to flock through the ends.

Special emphasis is being placed this year on home and family life in rural areas as well as on farming for profit.

Today was dairy day with seven breed associations affiliated with the Michigan Purebred Dairy Cattle Association conducting their annual meeting and joining for the evening banquet.

Ayshire, Brown Swiss, Guernsey, Holstein-Frisian, Jersey, Milking Shorthorn and Red Danish Breed associations and clubs planned to hold business meetings and elect officers.

Dr. J. O. Christianson, superintendent of the Institute of Agriculture at the University of Minnesota, was the evening banquet speaker.

Many of the dairymen attending today planned to stay over for the official open house Tuesday of the main dairy barns, the experimental and loose house barns and the bull barns operated in cooperation with the Michigan Artificial Breeders Association.

The main part of the Farmers Week program will get underway tomorrow with the emphasis Tuesday on horses and sugar beet production.

MAKE OVER Commission to Get Petition Backing 14 Mile Extension to Ease Traffic on Maple

From Our Birmingham Bureau
BIRMINGHAM—A 10 page, 433 signature petition favoring the extension of 14-Mile road from South field to Cranbrook road will be received by the City Commission to-night.

The petition asks the commission to take action to secure the right-of-way for the half mile extension.

tension, which the lawmakers and members of the planning board have favored as relieving the east-west traffic flow on Maple road.

On Dec. 21, 1953 residents in the area and adjoining homeowners in Royal Oak and South field Township asked the City Commission to withdraw its request that the Oakland County Road Commission acquire the right-of-way for the extension.

They charged the project was not needed, would cost too much, would be dangerous to schools in the area, and would depreciate property values.

The commission declined to withdraw the request, and authorized engineering studies of the area in question.

"With no major east and west street in the area between Twelve Mile Road and Long Lake Road, other than Maple, it is entirely possible for the traffic demands to reach such proportions as to materially affect property values in our central business section and residential values along Maple," City Manager Donald C. Egbert has stated.

Passage of a formal resolution placing a \$225,000 bond issue on the April 5 ballot to finance two fire stations is expected.

Carleton Leonard, vice president of the Detroit Trust Co., will address the High Twelve Club at a 6.30 dinner tonight at the Commodore Hotel.

Audience to Participate in Kingswood Production

BIRMINGHAM—Chorus of approximately 600 voices will support the cast in the Michigan premiere of Benjamin Britten's "Let's Make An Opera" scheduled for Feb. 19 and 20, at Kingswood School Cranbrook.

The audience is cast as part of the chorus, and will sing with members of the Kingswood 11th and 12th grade glee club seated throughout the auditorium.

A "play within a play," the opera's first two acts are in the form of a play illustrating the preparation and rehearsal of "The Little Sweep," a children's opera which is performed in Act III.

Report MIG Attack on Air Force Plane

guard against similar losses in the future.

This policy apparently paid off a week ago for the RB-45 was well protected.

In the case of the B-50, the United States protested to Russia in "strong terms," claiming the incident occurred 40 miles off the Soviet coast in international waters. But Russia claimed the plane was scouting over Russian Siberia. Nothing came of the argument.

The plane crashed in flames in the Sea of Japan. Capt. John Ernest Roche of Washington, D. C., the copilot, was the only survivor. The Soviets disclaimed any knowledge of the 16 American airmen who went down with the big plane.

The U. S. complained to Russia in March, 1953, that Soviet MIG-15's had fired on a B-50 reconnaissance plane off the March 15. The State Department rejected Moscow's claim the Soviet Kamchatka Peninsula U. S. plane had twice flown over Soviet territory and had opened fire first.

The department insisted the American aircraft was on a routine weather mission over international waters 25 miles off Kamchatka when fired on by one of two MIGs. No planes were damaged.

LANSING FORGE PLANT BURNS—Firemen are shown battling a blaze at the Federal Drop Forge plant in Lansing last night. The fire, of undetermined origin, caused damage to the extent of around \$500,000, plant spokesmen said.

Pontiac Deaths

Mrs. Kenneth Ferguson

Mrs. Kenneth (Edna Lee) Ferguson, 44, of 9481 Bonnie Briar, died Saturday at the University Hospital, Ann Arbor, after an illness of one week.

She was born in Alpena on Oct. 1, 1909. Her parents were William J. and Jennie Moore. She married Kenneth Ferguson here March 13, 1943.

Mrs. Ferguson was a member of Rebecca Lodge, Eastern Star, Shero Chapter No. 20, Bay City, and White Shrine No. 22, Pontiac.

Surviving besides her husband are her father, Kalamazoo, and a sister, Mrs. Alice M. Gravitt of Bay City.

Funeral will be Tuesday at 2 p. m. from the Kirby Funeral Home. Burial will follow in White Chapel Cemetery with the Rev. Paul R. Havens of the First Methodist Church officiating.

George J. Hull

Funeral was held today for George J. Hull, 50, of Detroit, formerly of Pontiac, who died Saturday at Mt. Carmel Hospital, Detroit. Services were held from the Mulawa Sons Funeral Home, Detroit, and then the body was taken to Mansfield, Ohio, for burial there Wednesday.

He was born on March 17, 1905, in Onaway, the son of John and Bertha Hull. He married Helena Hope in May 1932.

Surviving besides his widow are a daughter and two sons, Mrs. Alberta Hartell of Pontiac, Robert in the armed forces in Korea, and John at home.

One brother Claude of San Francisco, Calif., also survives.

Thomas F. Jones

Thomas Frederick Jones, 72, of 165 W. Colgate, died at his residence yesterday after an illness of three months.

He was born on Jan. 10, 1882 in London, England. He married Margaret Wilkinson Hagan in Ohio on May 31, 1941.

Mr. Jones served in the British Army during the Boer War and World War I. He was a life member of FAM Grand Lodge of Scotland.

Surviving besides his widow are a son and daughter, James F., of Detroit, and Mrs. Olive Dinnan of Pontiac.

Six grandchildren also survive. Funeral will be Wednesday at 1:30 p. m., from Hutton Funeral Home. Burial will be in Almont with Dr. H. H. Savage of the First Baptist Church officiating.

William Losson

Word has been received here of the death of William Losson, 79, of Deland, Fla., formerly of Pontiac. He died there suddenly on Jan. 11.

Prayer service will be conducted Tuesday at 3:30 p. m., at Perry Mt. Park Cemetery where burial will take place.

Dr. Hills died Saturday following a brief illness.

Born in Davison, he was a 1903 graduate of the University of Michigan Medical school and practiced until 1906. The owner of the first Buick car made, he became so enthusiastic over it he gave up his practice to become sales manager for Buick.

In 1918 he became vice president of Packard Motor Car Co., holding that position until his retirement in 1928.

Dr. Hills was a member of the Detroit Athletic Club, Detroit Club, Bloomfield Hills Country Club and the Rainbow Club of Grayling.

Survivors include his widow, Betty Chapin; two daughters, Mrs. Clement A. Penrose and Mrs. C. Allison Monroe, and two sons, Franklin R. and Robert E.

Fred J. Wenger to Head State Supervisors Group

LAPEER—Fred J. Wenger Jr. of Lapeer was elected president of the State Association of Supervisors which concluded its 55th annual convention in Lansing Thursday.

The supervisors also named J. E. Mottette of Cassopolis and Fied Yaip of Houghton as directors.

padding warehouse at 1 a. m., today. It is the property of the Burkhardt Manufacturing Co.

The blaze was believed to have started in stored cotton padding. Firemen kept it from spreading to the main plant and other buildings.

Lansing's blaze made a ruin of the Federal Drop Forge Co. plant. It still smoldered today.

A night watchman said a tool room explosion started the blaze in the center of the long, narrow building that burned both ways. Firemen saved both ends. Most of the loss was in expensive tooling machinery.

The Muskegon fire Saturday night destroyed the Home Furniture Co. store which covered almost an entire downtown city block. Estimated loss was \$400,000. It cut off electric power to part of the city.

Extra police were detailed to patrol the Muskegon County Jail, blacked out by the power failure. It was Muskegon's biggest fire since a multi-million dollar blaze destroyed four business buildings in the downtown area in 1946.

A fire destroyed the Church of God our miles northeast of Clare Sunday at the intersection town of Eagle. State police estimated the damage at \$25,000.

The cause of the fire was not the cold and a lack of water, managed only to save the paragon next door.

The Federal fire at Lansing was the worst in the city since the State Office Building blaze three years ago.

Reno G. Carrier, president and general manager of Federal, said the damage would hit the half-million dollar mark. Carrier is also a member of the Lansing Board of Police and Fire Commissioners.

March of Dimes Funds Stolen at Birmingham
BIRMINGHAM—Five cannisters containing funds for the March of Dimes have been stolen from local stores during the past week, according to police.

Approximately \$100 is the estimated loss. Most of the cannisters disappeared after a woman called the stores to ask if the containers were nearly full.

James Roosevelt to Tell His Side in Divorce Scrap

LOS ANGELES (INS)—James Roosevelt battles for his political life today with a promise to tell his side of the now-famous "kiss and tell" letter in which he admits infidelities with nine women.

The eldest son of the late Franklin Delano Roosevelt will meet newsmen this afternoon, even as Democratic party leaders urged him to withdraw from the race for California congressman. Unconfirmed published reports say that he already has released his backers from all obligations in the race.

Roosevelt, whose wife, Romelle, released the sensational letter in her separate maintenance suit, was quoted as saying:

"I have released all my friends and supporters from any further obligation to me in the 26th district congressional campaign. I will not present my name to the 26th district congressional campaign for endorsement nor will I allow my friends to present it at the Feb. 11 meeting."

Word has been received here of the death of William Losson, 79, of Deland, Fla., formerly of Pontiac. He died there suddenly on Jan. 11.

Prayer service will be conducted Tuesday at 3:30 p. m., at Perry Mt. Park Cemetery where burial will take place.

The funeral will be Wednesday at 2 p. m. from Sparks-Griffin Funeral Home with the Rev. Fred Tiffany officiating. Burial will be in Oak Hill Cemetery. Bearers will be George Zimmerman, John Waddell, Dr. S. J. Dalley, Dr. J. K. Schachern, Jack Brannack and S. J. Cloonan Jr.

March of Dimes Funds Stolen at Birmingham
BIRMINGHAM—Five cannisters containing funds for the March of Dimes have been stolen from local stores during the past week, according to police.

Approximately \$100 is the estimated loss. Most of the cannisters disappeared after a woman called the stores to ask if the containers were nearly full.

U. S. Grants Asylum to Russian Diplomat

pared statement, accusing "the American espionage organ in Japan" of seizing and holding Rastvorov.

The U. S. State Department and Far East Command had no comment.

Rastvorov was known to be an intelligence agent. The Russian diplomats had free run of Japan and have been in a position to gather information on U. S. bases.

Rastvorov was one of several dozen Soviet diplomats who stayed behind after the Japanese Peace Treaty was signed in April 1952. Since the Soviet Union has not signed the peace treaty, the mission has no official status as it did during the occupation.

A reliable source said 32 of the Russians remaining were intelligence officers.

The Soviet statement said Japanese police, who were asked by the Russians to find Rastvorov, had not been able to locate him. It also said Rastvorov was "very happy" at the prospect of return-

Police Expand Call Activities

Waterford Township's Force Gets Radio Runs Over Weekend

WATERFORD TOWNSHIP — Radio runs were made by the month-old Waterford Township Police Department for the first time this weekend, according to Chief Frank VanAtta.

Up to Friday night, when the first radio was installed in the township's three police cars, the vehicles were used solely for patrol duty.

Regular calls continued to be answered either by sheriff's deputies or State Police, just as before the department was established.

Now, the township's own policemen answer calls for assistance, accident reports and other police routine. The township still doesn't have its own radio transmitter, so calls are directed through the Oakland County sheriff's Department radio.

Calls are either relayed from the township police station to the Sheriff's radio transmitter or directed directly by the sheriff's department when they get a call from a citizen in the township.

The latter usually occurs during the evening hours, VanAtta said, since the station telephone will not be answered around the clock until Waterford has its own station.

One of the first runs made using the new radios was an accident on Telegraph, north of Elizabeth Lake road early Sunday morning.

According to police Arthur F. Sasser of 289 Hospital Rd., Pontiac, had pulled off the road when he began having trouble with his auto.

A car driven by Sherman L. Rupert of Saginaw crashed into the rear of Sasser's vehicle. Police quote Rupert as saying he thought the other car was moving.

Rupert was taken to Pontiac General Hospital where he was treated for multiple lacerations to his face and knees.

Artificial Breeders Name Two Men as Directors

NORTH BRANCH — Highlighting the meeting of the North Branch Artificial Breeders' Assn. last week was the election of two members to the seven man board of directors. Jack Simmons and Peter Schlaud were named to the three-year posts.

Byron Carpenter of the MABC spoke on proof and pedigree X-ray and breeding management. Robert Curry of Almont, director of the Holstein division, also spoke briefly.

CARTOONIST CONGRESSMAN—Rep. Craig Hosmer, Republican of California, is supposed to be the first U. S. congressman to send a cartoon report to his constituents instead of the usual letter. After reading a committee report which he thought was too complicated he decided to turn

cartoonist in order to show voters back home the way laws are made. In the background are originals of two pages he mailed to 7,500 people. Hosmer is now working on a series of sketches about the judicial and executive branches of government.

Walled Lake Teachers to Ask \$400 Wage Boost

WALLED LAKE — Teachers of the Walled Lake MEA district voted Friday to ask the board of education for a flat \$400 yearly increase in the salary scale.

In so doing the teachers disagreed with a recommendation of the faculty salary committee to

ask for a general raise of \$300.

The committee expressed doubt that the board would be able to grant the larger sum, but felt that the \$300 figure might be possible according to budget figures.

Biggest objection to the \$300 figure came from veteran teachers in the system.

They pointed out that beginning teachers and those serving their ninth, tenth and 11th years receive \$150 yearly increments for three years and that a middle group receives yearly increments of \$100.

This would mean, they said, that those groups would be receiving from \$400 to \$500 more, while teachers who had reached the maximum would be receiving only \$300 more.

Three other recommendations of the salary committee received the approval of the group. They were: 1. To ask the board of education to pay teachers who substitute for other teachers at the same rate as regular substitutes.

2. To ask for payment of \$5 per hour for each semester hour that is applied toward a master's degree.

3. To ask for \$3 per hour for those courses taken to aid the teacher in his field but which will not apply toward a degree.

School Credit Union Approves Dividend

WALLED LAKE — Membership of the School Employees Credit Union approved a three per cent dividend on shares and a boost in the treasurer's salary at the group's annual meeting Friday.

Treasurer Bill Doggett will get a pay hike of \$5, raising his salary to \$25 a month.

In other business, Nina Kropidloski, Floyd Vickery and Mrs. Roy Dewey were elected to the board of directors for two-year terms. Elected for one-year terms were Frank Wigent and Frank Balaam.

Roland Langerman and Lynn Garrett were re-elected to the credit committee.

Lapeer County School Boards to Hold Meeting

LAPEER—The biannual meeting of all Lapeer County school boards will begin Wednesday at 10 a.m. Under the supervision of the State Department of Public Instruction, the session will feature a discussion on recent and proposed school legislation.

Meeting place will be announced later. The high school auditorium, usually used for the meeting, will not be available.

Farmers Week Opens at MSC

Attendance Expected to Hit 35,000 in Spite of Chilly Weather

EAST LANSING — "Strengthening Michigan Agriculture" was the theme of the 39th annual Farmers Week opening today at Michigan State College.

Despite the chilly weather, more than 35,000 Michigan rural people are expected to flock through the ends.

Special emphasis is being placed this year on home and family life in rural areas as well as on farming for profit.

Today was dairy day with seven breed associations affiliated with the Michigan Purebred Dairy Cattle Association conducting their annual meeting and joining for the evening banquet.

Ayshire, Brown Swiss, Guernsey, Holstein-Frisian, Jersey, Milking Shorthorn and Red Danish Breed associations and clubs planned to hold business meetings and elect officers.

Dr. J. O. Christianson, superintendent of the Institute of Agriculture at the University of Minnesota, was the evening banquet speaker.

Many of the dairymen attending today planned to stay over for the official open house Tuesday of the main dairy barns, the experimental and loose house barns and the bull barns operated in cooperation with the Michigan Artificial Breeders Association.

The main part of the Farmers Week program will get underway tomorrow with the emphasis Tuesday on horses and sugar beet production.

A-Spies' Attorney Dies in Bath Tub

NEW YORK (AP) — Emanuel H. Bloch, attorney for executed atom spies Julius and Ethel Rosenberg, is dead.

The body of the 52-year-old Bloch was found Saturday partly clumped into a filled bath tub at his home. An autopsy Sunday fixed a heart attack as the cause of death.

Bloch represented the Rosenbergs through more than two years of bitter and complex legal efforts to save them. They were convicted of conspiring to give atomic secrets

The attorney had taken the Rosenbergs' two young sons under his protective custody before the execution and later was appointed their legal guardian. There was no indication as to what disposition might now be made of the children.

Scholastic Press Advisors Meet

Plan Year's Activities for Publication: Group in State High Schools

Plans for activities for the remainder of the year in the Michigan Interscholastic Press Assn. were made Saturday by the executive committee which met at the home of Mr. and Mrs. Robert F. Beauchamp, 175 Chippewa Rd. Beauchamp is first vice president of the association.

About 300 Michigan High Schools which have student publications are members of the association. Major event of the school year will be the annual conference at the University of Michigan May 7 when 1,300 high school journalists will be guests of the university.

Present at Saturday's meeting were Prof. John V. Field, of the journalism department at the university and director of the association; Miss Ann White, of Fordson High School at Dearborn, president; Beauchamp and Lawrence Niblett, of Detroit Cooley High School, vice presidents; A. V. Williams, Central High School, Traverse City, secretary; and Robert Granville, of Ann Arbor High School, treasurer.

Field and Miss White will represent the MIPA at Columbia University's school press conference in New York City March 13 to 15. The association will also participate in the Northern Michigan College Journalism Day at Marquette May 24, and the Western Michigan Journalism Conference at St. Mary's Lake, Battle Creek, March 27 and 28.

Airplane designers expect to have airliners in a few years which can leave New York at noon and arrive in Los Angeles at noon the same day.

Mormons Hold Meeting Here

Detroit Stake Members Fill School Auditorium for Quarterly Gathering

Members of the Detroit stake of the Church of Jesus Christ of Latter-Day Saints (Mormon) converged upon Pontiac Sunday for a quarterly meeting in Washington Junior High School.

The Detroit stake, which is like the district or diocese in other denominations, was organized about a year ago. Its rapidly increasing membership boasts some 3,000 at the present time.

George Romney, state president spoke on the tenets of the church to a congregation that filled the auditorium of the local school.

One of the twelve apostles of the church, LeGrand Richards of Salt Lake City discussed the program for the youth of the church and the responsibility of Latter Day Saints in the mission field. The Flint Choir, under the direction of Mrs. Eleanor LeBaron gave choral numbers.

The Mormon Church has borrowed a quotation from the Bible "Strengthen ye the Stakes of Zion" (Isa. 54:2) for the geographical boundaries of its various organizations.

Dr. S. J. Dally is the local leader.
