Seaway to Speed Expansion in County

Businesses See Boost in Jobs, Reduced Costs

Steel Mills Get Break as Mines in Labrador Become Accessible

Pontiac business and industrial men agreed Thursday that the St. Lawrence Seaway will benefit the manufacturer, merchant and working man in this area.

Benefits listed by them include:

1. Increased employment in and around Detroit through necessity to construct and operate larger port facilities plus handling a greater volume of goods.
2. Shipping costs would be lowered by sending local products abroad directly from Detroit.

3. Iron ore could be shipped to Midwest steel mills from Canadian mines at low cost to gradually take the place of ore from the dwindling Mesabi range in Minnesota.
4. Foreign tourists would be able to sail directly to Detroit, thus increasing tourist trade revenues in this area.

G. E. McNeive, superintendent of materials handling and production control at GMC Truck & Coach Division, who has made a study of the project, said, "The seaway should mean a great boom for Detroit, Pittsburgh, Chicago and the whole Great Lakes area including Pontiac."

"New sources of iron ore will be made easily accessible. Present supplies won't last forever, but with new sources available steel mills in this area won't have to move."

If steel mills were forced to move closer to ore supplies, increased shipping costs would result in higher steel prices for car makers here, he pointed out. "The seaway will put Pontiac close to direct overseas shipping," McNeive said, "more or less moving overseas shipping right to our back door." It also will make it less expensive for tourists to visit this vicinity, he said.

William F. Kalwitz, of the controller's staff at GMC Truck said, "The project should stimulate employment in this area and make Oakland County grow faster than ever."

Goodloe H. Rogers, president and general manager of the American Forging and Socket Co., said, "It should be a wonderful stimulant to business operations in all south- (Continued on Page 2, Col. 4)

Bank Robbers Taken to Milan

Detroit Transfers Pair for Safe Keeping After Foiling Escape

DETROIT (AP) — Two accused bank robbers have been transferred to Federal Prison at Milan for safe keeping, after savagely turning on their guards at the Wayne County Jail.

They are Hugh Cox, 21, and James Minder, 24, who pleaded guilty Wednesday in Federal Court to the \$33,000 holdup of a Dearborn bank last month.

Cox, of Pontiac, was being sought by Oakland County authorities on an escape warrant when the Dearborn robbery occurred.

The fight was disclosed with their transfer to Milan's Federal Correctional Institution Thursday. Both are awaiting sentence.

The two were subdued only after one of the guards managed to slug his way to an alarm button.

Cox and Minder were being returned from the Federal Building with three other prisoners at 5 p. m. Wednesday. Guards Elmer Simons, 59, and Frank Posney, 43, said as they stepped from an elevator at the fifth floor, Minder grabbed Simons' tie and started to choke him, while Cox attacked Posney.

The other prisoners stood neutral.

Dondero Receives Seaway Trophy

HOUSE GAVEL—Rep. George A. Dondero (right) Speaker Joseph Martin Jr. (R-Mass) in presiding over the session at which the measure was adopted yesterday afternoon.

SEAWAY PROJECT—Map shows area involved in St. Lawrence Seaway plan. Legislation approved yesterday provides \$105,000,000 in revenue bonds to finance U. S. share of construction of a proposed 27-foot-deep waterway between Ogdensburg, N. Y., and Montreal.

Seaway Victory Personal Triumph for Rep. Dondero

Passage of the St. Lawrence Seaway bill yesterday was a personal triumph for Republican Rep. George A. Dondero of Royal Oak.

Dondero had formed the nucleus of a far-seeing group of lawmakers which fought since 1932 for passage of the legislation.

The representative's seaway fight lasted through the administration of three presidents.

Though he battled for the bill vigorously through the years, it wasn't until he was named chairman of the House Public Works Committee under President Eisenhower that he gained a strategic position to press the fight.

Yesterday he addressed his colleagues and quoted "where there is no vision, the people perish." After a winning argument in favor of the project Dondero finished up by giving voice to a quote from Daniel Webster.

"Let us develop the resources of our land. Call forth its power, build its institutions, promote all its great interests and see whether we, also, in our day and generation, may not perform something worthy to be remembered."

Dondero said he ran for his 11th term in Congress in 1952 partly (Continued on Page 2, Col. 1)

2 School Board Positions Open

Mrs. King to Run Again; Osmun Still Undecided; 2 Others in Race

Two places on the Pontiac Board of Education are to be filled at the school election June 14 and to date petitions are in circulation for three candidates.

Two terms of Mrs. Lola B. King and Monroe M. Osmun both expire. Mrs. King has announced she will seek re-election. Other candidates are Edward P. Barrett and Dr. Leonard Klausmeyer. Osmun has not announced his intentions.

Candidates for school board posts must file petitions with Mrs. King, school board secretary, by 4 p. m. Saturday, May 15.

The petitions, available at the school offices at 40 Patterson St., must be signed by at least 50 but not more than 75 registered voters.

Any registered voter who lives and owns property in the school district can seek election.

Secretary Dulles Talks to Nation at 9:30 Tonight

WASHINGTON (AP) — Secretary of State John Foster Dulles will report to the nation by radio and television tonight on Indochina and on other subjects, notably the Korean peace deadlock, which he dealt with at the Geneva conference last week.

His 30-minute talk will be carried only on radio in the Pontiac area. Radio stations WWJ, WJR and CKLW will carry the broadcast at 9:30 tonight.

New Quakes Hit Greece

ATHENS, Greece (AP) — Two strong earth tremors rocked quake-stricken central Greece early today.

Supporters Hail Seaway Victory After 20 Years

See Economic Security Benefits Many Years Distant However

CHICAGO (AP) — Proponents of the St. Lawrence Seaway today hailed victory in their 20-year fight for congressional enabling legislation but tempered their rejoicing in the realization that fullest benefits are many years away.

The House yesterday approved a bill to authorize a 27-foot-deep channel in the International Rapids section of the St. Lawrence River.

Gov. G. Mennen Williams of Michigan said the action "means that the major barrier to making Great Lakes cities inland seaports will be removed."

The measure returning to the Senate, which had previously approved it, for concurrence in minor House amendments. Then it will go to President Eisenhower for signature into law.

The President had advocated the seaway as a defense measure and yesterday, after the House acted, said it would also "contribute materially to the economic well-being and security of both the United States and Canada."

Seaway proponents from the upper Great Lakes region, however, already had set a new target—a supplementary all-U. S. project deepening channels into Lakes Huron, Michigan and Superior, where navigation is now restricted to 21 feet for upbound ships and 25 feet for downbound ships.

The measure authorizing the 27-foot channel into Lakes Ontario and Erie contemplates a joint project with Canada. It would enable ocean-going ships to move inland as far as Toledo. Navigation of the river where the seaway canal would be dug now is restricted to vessels of a draft of 14 feet or less.

The House's 241-156 vote for the seaway yesterday, however, evoked no official enthusiasm in Ottawa. Prime Minister Louis St. Laurent said Canada was prepared—and many believed she preferred—to go it alone. That would mean Canada would set and collect all the tolls.

Employment Up by Half Million

April Jobless Less by 260,000 Encouraging U.S. Report

WASHINGTON (AP) — The government reported today unemployment declined 260,000 in April, the first jobless drop since last October.

Employment increased by nearly half a million in the month.

The encouraging job report was issued jointly by Secretary of Labor Mitchell and Secretary of Commerce Weeks in a new combined release of data available to both departments.

In their joint announcement the two cabinet officers said that not only did employment increase and unemployment decline in April, as measured during the week ended April 10, but "there was evidence that unemployment continued to decline as the month progressed."

Unemployment was reported at 3,465,000 or 260,000 less than the 3,725,000 jobless counted in March. Employment increased by 498,000 between March and April, rising from 60,100,000 to 60,598,000.

Draft Bait Cautioned

WASHINGTON (AP) — Selective Service today reminded college students the last educational draft deferment test for this school year will be held May 20.

Pilots Die in Indochina

JAMES MCGOVERN
FLYING BOXCAR EXPLODES—Bearded James B. "Earthquake McGoon" McGovern and Wallace A. Buford, of Ogden, Utah, were identified as the two civilian pilots killed over Indochina when their flying boxcar exploded while on a supply mission over embattled Dien Bien Phu.

M'Carthy Told to Withdraw Word 'Lie' Against Stevens

WASHINGTON (AP) — Sen. McCarthy today denounced one of the original Army charges against the McCarthy camp as "this lie" but was ordered to withdraw the word.

Ray H. Jenkins, special counsel to the Senate Investigations subcommittee, sternly told the senator his language was improper in a question to Secretary of the Army Stevens.

Ground Broken for Straits Span

St. Ignace Celebrates Beginning of Mackinac Bridge Project

ST. IGNACE (AP) — Dignitaries and plain citizens swarmed into St. Ignace by the thousands today to break ground for construction of the Mackinac Straits Bridge.

Highpoints of the colorful celebration were a mammoth parade through city streets and the ground-breaking ceremony itself—a gesture that signaled another step in a long-dreamed project.

Participants in the parade, the largest ever held in the Upper Peninsula, will be transported across the straits in ferries for similar ceremonies in Mackinaw City Saturday.

Gov. G. Mennen Williams issued a 400-word proclamation designating today and Saturday as Mackinac Straits Bridge Ground-Breaking Days in Michigan.

Carpenters Honor Queen

LONDON (AP) — Queen Juliana of the Netherlands flew to London today. At a ceremony in the financial district she was given the honorary freedom of the Worshipful Company of Carpenters, one of London's historic guilds.

McCarthy again mispronounced the columnist's name, "Aislop."

McCarthy told Stevens at one point that "I think 95 per cent of (Continued on Page 2, Col. 2)

Only Known Lusitania Survivor in U.S. Tells of 'Death' in the Sea 39 Years Ago

By WILMA GREENWAY
In a home in Walled Lake today an anniversary will be celebrated whose history is as incredible as anything man could imagine.

It is an anniversary of disaster and sudden death.

The pleasant-faced white-haired little lady who drinks a toast to life was once shipped with a truckload of dead, her sheeted body left on a slab to wait identification and burial.

That lady is Mrs. George McDougall. She is the only known survivor, living in the United States, of the torpedoing and sinking of the SS Lusitania.

Today marks the 39th anniversary of that tragic sea disaster. Mrs. McDougall, who lives at 2177 Lawndale, was 26 when it happened, and her name was Alice Middleton. She is 65 years old now, but the story she told the Pontiac Press of her meeting with death is vivid:

"I was returning to London to live with my mother. The Lusitania had been recommended as a

Fort Succumbs After 20 Hours of Rebel Attack

Fate of De Castries and His French Garrison Not Yet Known

PARIS (INS) — French Premier Joseph Laniel announced today that the besieged French fortress of Dien Bien Phu in Indochina fell today to the Communist-led Vietminh troops.

He announced that it fell after 20 hours of continuous fighting.

The fate of Brig. Gen. Christian de Castries and his garrison, originally numbering 12,000 men, was not immediately learned.

The final onslaught by the Communists began last night and the enemy quickly overwhelmed the few surviving strongpoints.

The last Hanoi dispatch earlier had said the enemy was only 600 yards from the command post of the general and the underground bunkers holding 1,700 French Union wounded.

A lone French woman, a nurse, Genevieve de Galard-Terraube, was in the fortress 175 miles west of Hanoi in northern Vietnam state.

The siege began March 13, and the French garrison, outnumbered heavily by 40,000 enemy troops, was overwhelmed in the heart of the fortress on the 56th day of fighting.

Laniel announced the bad news to the National Assembly, which suspended its session as an expression of tribute and mourning to the brave men who died.

Some still were living because the French said that although the heart of the Dien Bien Phu fortress had fallen some French troops still were holding out at the strongpoint known as Isabelle.

This is 2 1/2 miles south of the heart of the defenses.

(An Agence France Presse dispatch from Saigon quoted the chief French press officer as saying "Dien Bien Phu has fulfilled the mission assigned to it by the French High Command.")

The French originally had assigned the Dien Bien Phu garrison at the lonely outpost to suck the Communist troops into the first major frontal attack of the war now in its eighth year.

The strategy worked—but Dien Bien Phu fell.

Low Temperatures, Flurries Predicted

Near freezing temperatures tonight with possible snow flurries or light showers Saturday are forecast for the Pontiac area by the U.S. Weather Bureau.

The bureau predicts a 32-35 degree low tonight and a high of from 30 to 54 degrees Saturday. The temperature ranged from 34 to 54 degrees here Thursday. About .05 of an inch of rain fell.

At 8 a. m. the temperature was 46 degrees, but by 1 p. m. in downtown Pontiac it stood at 54.

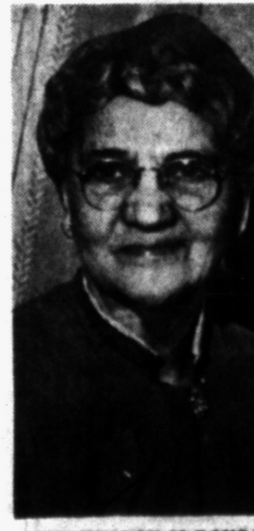

There was a deafening crash. The ship tipped. All the dishes went crashing from the tables. I was knocked over to the side.

"I tried to get up but my legs were paralyzed. I dragged my way to a staircase, a step at a time. "On deck, mothers were tying their children to lifebelts and throwing them into the sea. The deck of the ship was almost perpendicular. Lifeboats tipped as soon as they were loaded, dumping the screaming, helpless women and children into the sea.

"I pulled myself to the side of the ship that was out of the water and clung. Waves kept washing over me. This is it! I thought. This is the end.

"I started praying. Please save me — please God, save me long enough to see my mother."

"A man fought his way to my (Continued on page 3, Col. 3)

MAKE OVER PARK

Birmingham Recreation Board Making Plans for City's Summer Program

From Our Birmingham Bureau
BIRMINGHAM — Despite the recent blustery weather, recreation board members discussed the city's summer recreation program last night.

Reviewed was a schedule to be distributed through the schools the first week in June.

A new item included is a junior sports program to be offered mornings at Birmingham High School. Featured will be instruction in organization and fundamentals of basketball, badminton, archery, table tennis, roller skating and other sports.

An enlarged instrumental music program is being offered to non-players who can read directions, and all others. Free golf lessons and tournament play will be available at Springdale Park for youngsters 10 to 17.

Swimming and baseball, both in great demand, have been adequately provided for. Instruction and classes for non-swimmers will be conducted at the Barnum School pool. Baseball facilities will provide for both free and league play.

Tennis courts at Eton Park will be open to all age groups. For small fry, school playgrounds and city parks will have supervised activities. A day camp will also be set up at Springdale.

Succeeding John P. St. Clair, William H. Breech has been elected chairman of the advisory committee of Birmingham - Bloomfield-Franklin United Foundation, it was announced yesterday.

President of Great Lakes Tractor & Equipment Co., Breech is a director of United Foundation and was general campaign chairman for the 1952 area drive.

Three new members elected to the advisory committee for the coming year are Everett E. Fisher, William E. Roberts and John K. Stevenson.

High school students of Holy Name parish will hold a golf tournament at North Hills Golf Club, starting at 10 a.m. tomorrow. It is sponsored by the Newman Club and prizes will be awarded for the best medal score.

Members of OES Chapter 220 will take part in a bake sale from 9:30 a.m. to 2 p.m. tomorrow at Jacobson's.

Open performances of the Puppeteers production, "The Wizard of Oz," will be sponsored at 10

McCarthy Is Ordered Not to Use Word 'Lie'

(Continued From Page One)

more that is going on here is not your fault."

"I'd like to know who has been showing you into this," McCarthy added.

Stevens said: "Nobody is shoving me into criticism of McCarthy."

"Then you are personally responsible for the charges against Mr. Cohn, Mr. Carr and me?" the Wisconsin senator asked.

"Some of them," Stevens replied. McCarthy several times has expressed the view that Stevens is being "used" by others in their controversy. He once called Stevens a "dupe" and referred to him yesterday as a "tool."

A point of possible explosion as the hearings moved into this 12th day was an assertion by Sen. McCarthy that "I don't intend to keep secret purported FBI data on security risks at Ft. Monmouth, N.J., unless FBI Director J. Edgar Hoover adds his veto to that of Atty. Gen. Brownell."

Pontiac Deaths

Mrs. Charles Barber

Mrs. Charles (Ethel Mae) Barber, 67, of 48 Feneley Ct., died at her home yesterday after a one-year illness.

She was born in St. Clair County, June 9, 1886, the daughter of William and Elizabeth Boshaw Barden. She married Charles Barber in 1904.

A city resident for 45 years, Mrs. Barber was a charter member of the Free Methodist Church, and belonged to the WCTU.

Surviving are her husband, a son and two daughters, Wilson H. and Mrs. Marcia M. Houston, both of Pontiac, and Mrs. Elba L. Talley of Mt. Carmel, Ill. Also surviving is a brother, Joseph Barden of Port Huron, 5 grandchildren and one great-grandchild.

Funeral will be Monday at 2 p.m. from the Free Methodist Church. Burial will be in Perry Mt. Park Cemetery with the Rev. Howard C. Artz of the Free Methodist Church officiating. The body is at the Donelson-Johns Funeral Home.

Police Hold Pontiac Man in Gun Theft

BIRMINGHAM — Police today are holding James L. Smith, 32, of 341 Howard McNeil St., Pontiac on investigation of larceny. He has been implicated in the theft of a .38 revolver, taken from the McBride Hardware Co. last November.

The gun was turned over to local authorities after it was taken from Hugh Cox of Pontiac, arrested in connection with a recent Dearborn bank robbery.

Smith was recently released on \$500 bond on another larceny charge. He stood mute in Oakland County Circuit Court Monday on a charge of stealing 37 packages from a local supermarket.

Passage of Seaway Victory for Dondero

(Continued From Page One)

because of his interest in securing passage of the seaway bill.

In 1951 he and 17 other members of the House Committee of Public Works investigated the proposed waterway project on a personal inspection tour.

"The committee toured the Great Lakes area in an effort to learn intimate details of the seaway development," Dondero said.

During a speech then he outlined the necessity of the waterway because of dwindling iron ore deposits in Minnesota which would necessitate the importing of a greater share of our ore.

In fighting for passage of the seaway legislation Dondero pointed out that Canada would build the waterway herself and we'd have to pay thousands of dollars a year in tolls for our mistake.

He also said New York state has a check ready for purchase of proposed seaway power facilities, estimated at \$192,000,000.

In answer to opposition argument that the seaway bill was favored only by a few steel mills wanting Labrador iron ore, Dondero yesterday told his house colleagues:

"The record shows that all agricultural organizations — the Farm Bureau, the Grange, the Farmers Union, the grain and dairy producers—all favor it. This is, in fact, the only issue on which all major farm organization are unanimous."

eastern Michigan. Pontiac will be in close touch with world markets, something that every one in this area should deeply appreciate."

Rogers and James F. Spence, manager of the Pontiac Manufacturers Assn., both commended Rep. George A. Dondero for his work toward obtaining the seaway.

Pontiac City Manager Walter K. Willman said, "The seaway should be a tremendous benefit to the whole metropolitan area. Any advantage of the project will be reflected in an advantage to every community in the area."

H. Wayne Gabert, president of the Pontiac Retail Merchants Assn., said, "It's something that business and industry have wanted for years and can't be anything but a boon to Pontiac."

JERRY A. SHRODER

An estimated one-seventh of Ireland is peat bogs.

United Fund Official to Resign on June 1

Jerry A. Shroder, managing director of Pontiac Community Chest and assistant director of Pontiac Area United Fund, will resign June 1 to become assistant director of Flint's Council of Social Agencies.

The Flint council's executive board said Shroder will start work there six days later.

Shroder, 28, came to Pontiac July 9, 1951, as assistant to United Fund director Dwight S. Adams. Shortly afterward, he also took over the Community Chest post left vacant by the death of Clayton Springer.

Adams said the United Fund and Community Chest will try to fill the vacancy by June 1. "Jerry Shroder's done a fine job here," he said. "We're sorry to see him go."

Singer Says Army Didn't Coddle Him

PHILADELPHIA (AP) — Singer Edie Fisher, one of several entertainment and sports figures whose Army careers are being investigated by a House subcommittee, said he sought no special favors or assignments during his two years in service.

"I did everything in camp that every other guy in basic did," said

Eddie at an alumni function at a Philadelphia high school which he once attended.

The House Armed Services subcommittee is looking into charges that some athletes and entertainers were coddled while in the Army.

Fisher said he handled singing chores and entertained troops here and in Korea and Germany while in uniform. "I was ordered to," he added.

It is estimated about 3,000 Negroes served in the American Revolutionary armies.

Wood for 9 Million Homes 'Wasted'

FORT WORTH, Tex. (AP)—Americans could have built more than nine million homes with the lumber "wasted" on crates and shipping boxes during World War II, the American Ordnance Assn. was told yesterday.

Col. James N. Sammons, chief materials packaging and handling for the Air Research and

Development Command, quoted a report that 50 per cent of the nation's lumber production in World War II was consumed in packaging, packing and shipping activities.

Fr. James Marquette was buried twice. His first grave was near Lexington, where he died in 1875. Two years later, Indians removed the remains to St. Ignace, where they were re-interred at the mission.

Woman Gets Big Boot Because of Baby Booties

ROCHESTER, N. Y. (AP)—For luck, cab driver Joseph Mutscherello has a pair of baby booties dangling from the rear-view mirror of his cab.

The booties brought luck to Mrs. Marie Schance of Brooklyn, who left her purse in the taxi. The

purse contained a bankbook, \$56 in cash and her airline return ticket to New York.

While telling police of her loss she remembered the booties. A check of downtown cab stands located Mutscherello's taxi. The purse was on the floor.

Chile's production of iron ore is the largest in South America.

Kidnapers Face Gas Chambers

Two Ex-Private Eyes
Convicted in Abduction
of Frisco Man

SAN FRANCISCO (AP)—Two former private detectives condemned to death for a kidnaping in which the victim was rescued and no ransom was paid faced the San Quentin gas chamber with radically different attitudes today.

Dapper, 52-year-old Harold Jackson, and mild Joseph Lear, 43, were convicted late yesterday under California's Little Lindbergh Law of kidnaping Leonard Moskowitz, 36, a real estate broker, Jan. 16. They demanded \$300,000 ransom; later \$300,000.

The jury of six men and six women found that Moskowitz had suffered bodily harm in being chained and threatened with a knife before he was rescued by police after 61 hours in captivity. The jurors automatically condemned the two to death by not recommending leniency.

The verdict didn't seem to bother Jackson, a onetime sailor and an all-time adventurer who operated a wartime private guard agency on the San Francisco waterfront.

Brought into court in handcuffs to hear the verdict late in the 23rd trial day, the convicted mastermind of the Moskowitz kidnaping cracked to his lawyer:

"Cheer up, pal, the worst is yet to come. Here's where we get that old rocking chair."

As the verdict was read, pointedly omitting any leniency recommendation which could have resulted in life imprisonment, Jackson grinned and circled his right forefinger and thumb in a symbol of triumph.

"Well, well, old rocking chair's got me," he said. Then he laughed aloud at Lear, whose face was strained and taunt. When an identical guilty verdict was read for Lear, Lear broke into tears.

His pretty 23-year-old wife Betty, who sat in the first row with his mother and father, Mr. and Mrs. James Lear of Havre, Mont., stared for a moment, then plunged her face into her hands. Both women sobbed.

Superior Judge Twain Michelsen said he would hear arguments Tuesday for a new trial before pronouncing sentence.

Teen Finds Will to Live Despite Fatal Disease

WASHINGTON COURT HOUSE, Ohio (AP)—Nineteen-year-old Bill Shadley knew he was going to die of cancer.

For the past several weeks, doctors said they didn't understand how he managed to stay alive. Yesterday, when his newly-born first child, a boy, was brought to his bedside, he whispered:

"I've waited so long." Then he went into a coma. A few hours later, he died.

Palomar Locates Exploding Star in Virgo Grouping

PASADENA, Calif. (AP)—An exploding star or supernova has been found in the constellation of Virgo with the 18-inch Schmidt telescope at the Palomar Observatory.

California Institute of Technology, announcing this yesterday, said, "A rough preliminary estimate indicates that it was about as bright as previous supernovae, which have been about 100 million times brighter than our sun."

A supernova is an exceptionally bright star appearing in the sky where none has been observed before. It is believed to result from a colossal stellar explosion in which the star brightens greatly and then fades out.

More than 22 million pieces of mail a year go into the dead letter office in Washington. More than one million contain money, notes or checks.

Guaranteed Pay Tops USW List

Wage Increase, Other
Benefits on Program of
Steelworkers Union

PITTSBURGH (AP)—A guaranteed annual wage—long one of labor's principal aims—and an unspecified pay increase keynote 1954 contract objectives of the powerful CIO United Steelworkers.

The union outlined its program for negotiations with the basic steel industry, due to start later this month, as the 170-member USW wage policy committee opened a two-day conference yesterday to draft final bargaining plans.

A four-point program embodying demands for the guaranteed annual wage and a pay boost was adopted by the union's 30-man executive board and presented to the

policy committee. Final approval is seen only as a formality.

Rounding out the program are demands for improved insurance and pension plans and better contract terms on such items as seniority, holidays, vacations, overtime, severance pay and local working conditions.

David J. McDonald, USW president, said the policy committee took up the wage and pension-insurance points at the first day's session.

He declined to state what wage hike the union wants for its 600,000 members in basic steel now earning an average of \$2.14 to \$2.24 an hour.

On the guaranteed annual wage, McDonald said the proposal to be presented at the bargaining table will "likely follow the general trend of a plan which the union has been discussing."

He said the plan calls for formation of a supplemental benefit income to be paid to unemployed workers out of a trust fund. He didn't go into details.

Williams Asks Funds for Unemployed Vets

LANSING — Congress was urged by Gov. Williams Thursday to act quickly to provide unemployment compensation funds for Korean War veterans. He said 4,800 in Michigan will be without money tonight.

The veterans are men who have not accumulated sufficient employment status to collect jobless insurance under state law. They

have been paid out of special federal funds, which now have been spent.

The governor said the Michigan Employment Security Commission has been paying about \$122,500 a week to nearly 4,800 men and that claims are coming in at the rate of 400 to 450 a week.

The governor telegraphed his appeal to Vice President Nixon and Speaker Martin of the House.

The U. S. normally uses 40 per cent of the world supply of nickel and tin, and 45 per cent of its chromium.

Tiny Rewards Just Prove Honesty Not Always Best

By LAURA E. HOBSON
By International News Service

A \$1,000 reward was just paid for a golden Cocker Spaniel, Randy, who'd taken it on the lam from an open window of a parked car in Inglewood, Calif.

When his doting owners, the George H. Hamblins, announced the price on Randy's golden head, one of the largest dog hunts in history ensued, with no stray pooch for miles safe from amateur dog-catchers.

Late that same night, two service station workers, Don Campbell and B. W. Townley, were driving home from work when a dog suddenly dashed in front of their front wheels.

Stopping on a dime, they picked up the scared animal, took him home for safekeeping till morning and then phoned the police. Virtue may be its own reward, but they felt no pain at the news of the \$1,000 which they cut up fifty-fifty between them.

This little yarn of puppy love reminded me of less generous rewards reported from time to time in the nation's press, and I worked like a dog myself, digging out a few samples from old clippings.

In a large apartment building, for instance, two checks totaling \$114,000 were reported lost a while back, and the back-elevator operator, Joseph Kratzle, started searching for them in the garbage—of which there were 14 large cans. Cutting his hands on broken glass and tin cans, he finally cried "Eureka," and the gratified owner rewarded him with fifteen cents and an offer of iodine for his wounds. Kratzle refused the iodine.

A drugstore waitress, Cecelia Tatrow, found a purse with \$3,000 in cash—the happy owner rewarded Cecelia with a crisp dollar bill. The wife of a world-famous opera singer left jewels worth \$3,500 in a Chicago taxi and when cabbie Paul Schimmon later returned them, she handed over \$25.

Examples like these could go on forever, and I think it's a shame they could. Most other financial transactions are regulated by law or common custom, but rewards are nearly always left to chance—and whether the giver is generous or skintight by nature.

Literary agents for authors get 10 per cent of any transaction they work on, whether the author be tight-fisted or open-handed. Lecture agents often get as high as 50 per cent, and fight managers have a percentage of their boys. Most salesmen of cars, insurance, real estate and a hundred other goods and services work on definite commissions, and whether the front office feels good or sour has nothing to do with it.

Two More in Court for Highway Scandal

MUSKEGON (UP)—A Muskegon real estate dealer and a former State Highway Department official from Big Rapids, today became principals in the growing highway right-of-way scandal.

Warrants charging Victor Leonard, 39, of Muskegon, and Maurice J. Manahan, 46, of Big Rapids, with conspiracy to defraud the state and two property owners of \$3,500 or more were issued late Thursday.

The two men were expected to appear in Municipal Court in Muskegon Heights sometime today for preliminary examination.

The warrant charged the two men with conspiracy to defraud the state in purchase of right-of-way land from Edwin and Walter Gabrielson for the Norton-Glade Expressway in Muskegon County.

Leonard and Manahan became the fourth and fifth persons involved in the highway scandal.

G. Palmer Seeley, 54, of Grand Rapids, former head of the highway department's right-of-way division in Grand Rapids, and Mrs. Lois Porter Moon Ley, 47, Muskegon realtor, have pleaded guilty to charges they conspired to defraud the state of \$10,000 or more.

in purchase of right-of-way property. They now are awaiting sentence.

Ike, Dick Decline, M'Carthy to Talk at Ripon Instead

RIPON, Wis. (INS) — Sen. Joseph R. McCarthy will keynote the Republican Party's centennial year observance at Ripon June 5.

The Wisconsin Republican accepted an invitation Thursday after both President Eisenhower and Vice President Richard Nixon declined to deliver the keynote address.

Miss Joyce Larkin, centennial director, expressed surprise at Mr. Eisenhower's refusal. She said Republican leaders had told her the President almost certainly would attend the celebration.

The President participated in a ceremony March 20 marking the 100th anniversary of the birth of the Republican Party at Ripon. He threw a switch in Washington to ignite the "Freedom Torch" at the GOP's birthplace.

Miss Larkin said McCarthy will speak Saturday night, June 5, midway in the three-day celebration. She said he did not indicate what his topic will be.

More than 100,000 persons are expected to attend the celebration.

Hints Given on Painting With Rollers

Do All Edges First, Then Large Areas Are Cinch

By HUBBARD COBB

Every day, assuming that we are awake, we learn something new. The other day we learned a lot of things about paint rollers and we think you'll find some of this knowledge of considerable interest.

The next time you set out to paint a wall with a roller, don't go ahead and do the large areas and then get mad trying to finish off the edges.

Instead, use a small trim roller and do all the edges first. After the edges are done, doing the large areas is a cinch.

Don't try to do all the edges of all the walls at once, however. Do only one wall at a time. When using the roller, avoid letting it spin at the end of a stroke. This practice produces an uneven job.

There are certain areas, such as in back of radiators, pipes and shelves, that are impossible to do even with a small trim roller. For these spots you can get a small pad which produces the same texture finish as does the roller.

When you have ceilings to do, you don't need a ladder when using a special roller with a long handle, and if you have oversize ceilings, you can get a lightweight aluminum roller extension.

The trick in using a roller on a ceiling to produce a perfectly even job is the same as for walls — don't stop work until the entire area is done.

If you take time out on the job you'll find that the edges of the paint have set and when a fresh strip is applied there will be a seam which will show up when the ceiling is dry.

Patricia Fields Married in West

Announcement of the marriage of Patricia Fields and Clifton Warner has been received from her parents, Mr. and Mrs. Charles Fields of San Diego, Calif.

The marriage was solemnized in the First Church of the Nazarene in San Diego March 20. Parents of the bridegroom are the Clifton Warners of Seattle, Wash.

The bride's parents, who are former Pontiac residents, are returning to Pontiac to make their permanent home.

You'll love the cool flattery of that scooped neckline on shimmering summer days. You'll love the brief sleeves and flaring 4-gore skirt. Best of all, you'll love to sew this—it's so easy! Make it in crisp cotton, cool shantung, or a nylon novelty.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Senior Boys Honor Mothers at Dinner

Senior boys of Boys Club honored their mothers Tuesday evening by serving them a special Mothers Day dinner at the Boys Club. Each mother was presented with a corsage and Jim Cartier sang a solo.

Michael Fiorelli was general chairman, and serving the dinner were Bruce Baker, John Givens, Joe Barron and Jim Cartier.

Mrs. Kenneth Nichols presided at the meeting of the Mothers Club, and it was decided the group will serve the board of directors' dinner June 1 under the chairmanship of Mrs. Ford Snyder.

A visit to the Starr Commonwealth School for Boys at Albion was planned for June 9 by the mothers. They will hold their next meeting June 7.

Boy at Loss for Words When Dating

Columnist Suggests Likely Topics for Small Talk

By ELIZABETH WOODWARD

"Dear Miss Woodward: Have you any suggestions for conversation going to, coming from and during dates? I have been on only three dates and I couldn't ever think of anything to say. Boy, was it dull!"

"During the show it was okay—but before and after it was nothing but silence. Come to the rescue of a guy who wants to be a smooth date, will you please?"

All right, the girl petrified you, didn't she? You thought she was a creature apart, somebody quite different from the people you talked to every day of the week. She had nothing in common with the boys you know, the girls you see every day at school, the folks at home.

Date conversation was a special species of talk. At least that's the way you figured it.

And you weren't up to it. You simply couldn't think up, manufacture, imagine anything that would interest the girl you were talking to the show. So you kept silent. No wonder you thought things dull.

Girls aren't so almighty queer and strange that they can't be interested in what interests you. And they have interests of their own that might prove highly digestible if you'd just get them to talking things over.

And since one thing leads to another, here's a suggestion or two for things to bring up in small talk. Of course, she's likely to bring up a point or two of her own which you'd be wise to heed and follow up. But if she's more silent than you are, dig these out and see what happens to them.

The weather. The picture you are going to see. The pictures said stars have appeared in, and what you thought about them. Again the weather. The day at school. The running feud you have with one of your teachers. The class you like best and why. The class she likes best and why.

Whateatch of you is going to do with all you're learning in school. Where are you heading? Does your family help or is your big brother a pain in the neck? How does it seem to be out alone with her? What do you like about her and why did you ask her to go to the show with you?

All of that will get you to the show. You can sit in silence while you digest it, making gentle motions from time to time to indicate that you know she's with you.

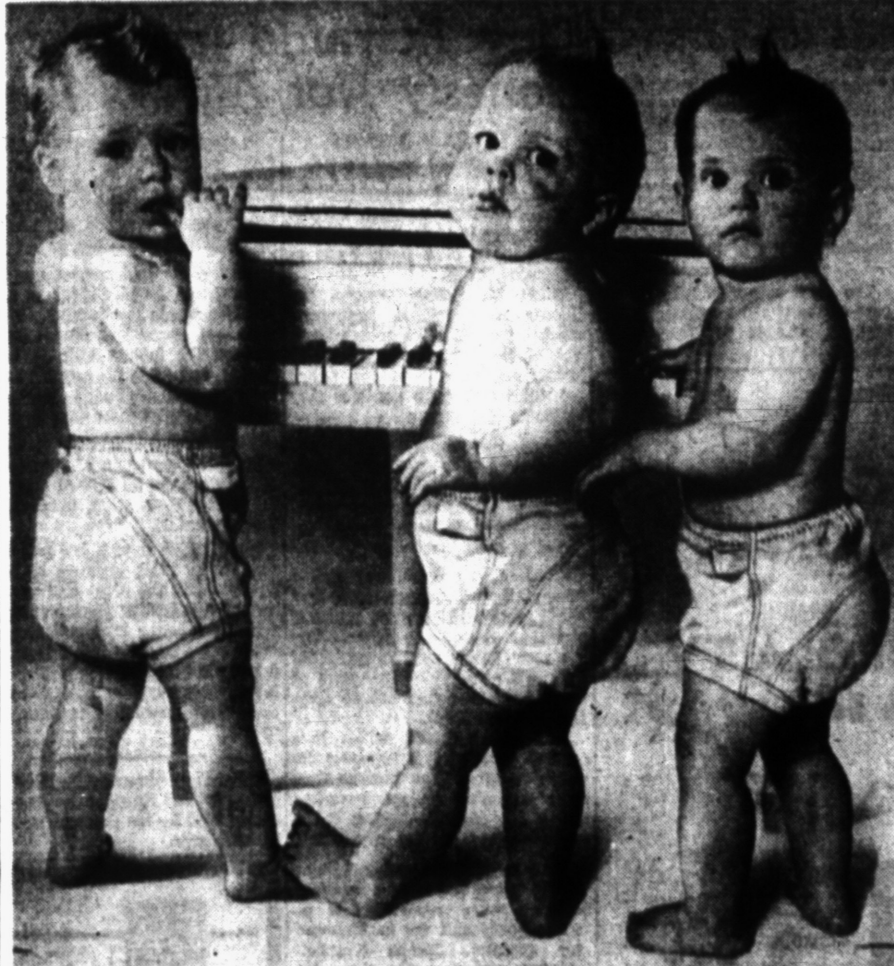

After it's over, you have the whole show to argue over. What was wrong with it? What was right? Why did the guy react the way he did? What made her say that? What is your final estimation of plot and substance? And what is your reaction to the way she adds things up?

The ice cream tastes as usual—superior, say so. The moon's like many another you've seen, but tell her why this one is special.

You like the color of her dress, the way she's wearing her hair, the tone of her voice. Gosh, you like everything about her, in detail.

If that won't keep you talking until you get her to her front door, and start making plans for the next date you want with her, I don't know what will keep her interested.

She'll adore hearing about how wonderful she is. And that will make conversation for you that's far from dull—for her!

This happy trio is modeling an innovation in diaper covers. The new, all-cotton porous, and they prevent diaper rash. No more hot rubber or plastic. Diaper covers are water-repellent, cool and

Pontiac Chapter to Be Hostess

Sorority Plans Convention

Plans for the fourth annual state convention of Michigan Chapter, Epsilon Sigma Alpha sorority, are now being made.

Alpha Alpha Chapter of Pontiac will be hostess at the Fort Shelby Hotel in Detroit, May 14, 15 and 16. Mrs. Frank A. Jalousky Jr. is general chairman for the convention, and committee chairmen include Mrs. Edmund O. Smith, registration; Mrs. Richard Doyle, entertainment; Betty Lou DeGroot, program, and Mrs. Alex Morris, flowers.

Mrs. Elmer O. Johnson has charge of publicity; Mrs. Edward Hummel and Mrs. Ralph Wilson, favors; Mrs. Rex Parker, finance; Mrs. L. L. Schieffer, welcoming; Mrs. Carl Rose, luncheon; Mrs. Calvin Rhodes, banquet and Dee Brim, brunch. A general steering committee is followed.

composed of Iva Pinkston, Beth Ullom, Mrs. Marshall Rose, Mrs. Rudy Mazza, Mrs. Robert Earl and Mrs. Albert Anselmy.

Tipacon Chapter Holds Meeting

The May meeting of Tipacon Chapter, American Business Women's Association, was held Wednesday evening at the Waldorf Hotel. As an invocation, Cecile Coleman played a violin solo, "The Lord's Prayer," accompanied by Mildred Barnett. S. W. Barnett of the Michigan Bell Telephone Company spoke on the mechanics of service and on dial service of the telephone in the past, present and future. Dr. H. A. Miller entertained with a magic act. The regular business session followed.

Sing Fashion 'Blues' Everyone is singing the fashion "blues" this spring — navy leads the color parade followed by other pretty hues from sea and sky, turquoise, powder blue, peacock and teal. A smart combination is royal blue and white.

In-law Pries Into Private Finances

Son's Wife Resents This Snooping and Fault-Finding

By EMILY POST

A daughter-in-law asks: "How can I tactfully cope with a mother-in-law whose sole conversation consists of criticism and asking questions which are none of her business — mostly about money. 'How much rent do you pay?' 'What did that dress cost?' 'How much is John earning now?'" etc.

"Then she promptly tells others all she has been able to find out. If she isn't asking questions, she is finding fault."

"This goes on until I dread the time we have to spend with her. I do not want to hurt her feelings but would like to find a way to avoid this unpleasant situation."

Answer: I think the thing to do is to develop a bad memory and not be able to remember the cost of anything. About her finding fault, tell her that you find doing things your way most practical for you.

Dear Mrs. Post: Will you please describe the correct way to hold a stemmed glass?

Answer: You hold a large-bowled stemmed glass with thumb and first two fingers around the lower part of the bowl and you let the fourth and fifth fingers fall naturally against the stem.

You do practically the same with the smaller glasses. The only rule of good taste is not to let your two last fingers stick out affectively into the air, either straight or curled.

Dear Mrs. Post: When a club or organization of women gives a tea in a public place, such as a hotel or a hall, do the members, as hostesses, wear hats?

Answer: There is no definite rule further than the custom of the community. In New York they would wear hats. In an informal and smaller city they probably would not.

Dear Mrs. Post: If Mary Brown marries a man named White, she is then Mary Brown White. Should she become widowed and later marry a man named Smith, how does she sign her name?

Answer: Correctly, she drops her late husband's name and signs herself Mary Brown Smith.

Chi Omega Alumnae Will Meet May 14

North Woodward Alumnae of Chi Omega sorority will hold the annual meeting and installation of officers on May 14.

The group will meet for a 12:30 luncheon at the home of Mrs. Howard Stegall in Bloomfield Hills. Mrs. Farnum Fitzpatrick of Berkeley is chairman. She will be assisted by Mrs. Beeler Higbee Jr. of Birmingham.

Men's Shirts Chic

If you have always enjoyed wearing man-tailored shirts, now is the time for you to indulge your whim. These shirts, complete with cuff links and ties, are getting the fashion nod this season.

Hal Boyle Says:

'Who's Who' Makes Effort to Tell Who Knows What

NEW YORK (AP)—There is a flip saying in this country that "it ain't what you know that counts—it's who you know."

This remark isn't as pertinent as it used to be. Civilization has become so complicated that people with specialized knowledge in any field are becoming more important. The rest of us need them as guides.

There is so much to know in the world today that the guy with the know-it-all complex is as out of touch with reality as a fossil. This is the age of the expert.

But how can the average man, seeking information about a topic, tell an expert from a bragging bum?

Well, the publishers of "Who's Who in America" have solved this problem. They came out today with a big volume called "Who Knows—and What."

The big Blue Book lists some 18,000 authorities on 33,000 subjects, ranging from the Aardvark to the Zuni Indians. It runs to 907 pages and cost the publishers \$30,000 and several years of research.

The publishers are hopeful the volume will prove useful to everybody who has a problem—and that means everybody. The housewife plagued with cockroaches, for example, will find listed three authorities whose advice she can seek on how to get rid of these kitchen intruders.

Anybody annoyed by a prowling Aardvark, however, will have to turn for help to Dr. Glenn L. Jepson of the Princeton Museum of Natural History. He has a monopoly on this African mammal.

Emily Post, the hardy perennial in the field of what-for-to-use-and-when, is the sole authority listed on etiquette—and what Amy Vanderbilt will say about that I shudder to think.

The same way with raindrop erosion. Now there's a field you'd think would be crawling with experts, but Walter David Ellison of the U.S. Navy has it all to himself.

On the other hand "Who Knows—and What" names 2 specialists on horseflies, 2 on porpoises, 9 on turtles and 11 on rabbits. It also names 8 authorities on communism—and doesn't include Sen. McCarthy, although it does mention his former aide, J.B. Matthews.

Only a baker's dozen are identified as authorities on sex, and Dr. Kinsey isn't slighted. But some of their approaches to sex don't

make for very racy reading. Dr. Bernard Samuel Greenberg, to cite only one, has written on "some effects of testosterone on the sexual pigmentation and other sex characters of the cricket frog." And of course we all remember his heady study titled, "Some Relations between Territory, Social Hierarchy, and Leadership in the Green Sunfish."

A young girl looking for ways to trap a husband will find slim pickings in "Who Knows—and What." Neither bachelors nor hermits are mentioned. Nor are husbands. Presumably the experts in husband grabbing aren't talking for publication.

As a matter of dismal fact, the vast field of love isn't listed at all. How anybody could list 33,000 separate subjects without mentioning love strikes us as the greatest single feat of pure scholarship in our century.

Only men could leave out women's favorite word.

Sunshine at noonday is about one million times brighter than the illumination by the moon at its full stage.

Scientists Trying to Harness H-Bomb

PHILADELPHIA (AP)—Sen. Hickenlooper (R-Iowa) has made the first known public disclosure that American scientists are trying to harness the power of the H-bomb for peaceful purposes.

Heretofore, scientists have admitted the possibility of controlling thermonuclear power, but have generally assumed it could only be used destructively.

Hickenlooper, vice chairman of the Joint Congressional Committee on Atomic Energy, did not elaborate on his statement made in a speech yesterday before the World Affairs Council of Philadelphia.

"There is a possibility of direct production of power through controlled thermonuclear reaction," he said.

Sitka, Alaska, was the seat of government under Russian rule and capital of the Territory under U. S. rule until 1906 when it was replaced by Juneau.

Vote Hits Wayne Football

My Greatest Shot

By PETER THOMSON

I needed a double eagle on the par 5, 360-yard 18th hole to tie for the British Open Championship of 1952. From 160 yards out, I laid a 6 iron shot about 12 feet from the hole. For a moment, the section of the gallery around me believed I had holed out. It was a magnificent failure, however, for I holed the putt to finish a stroke behind Bobby Locke.

Yet I consider that 6 iron shot my greatest. It gave me the golfing thrill of my life.

The fact that it did serve as a perfect illustration of how highly Walter Hagen is regarded after all these years. My shot was almost identical to one The Hag attempted, you see, and they still talk about his.

My position was the same as was Hagen's years previously. At that time, Hagen, in need of the double eagle, politely asked that the pin be removed from the hole. He missed canning the ball by inches. He most certainly is confident, but it turned out that he scored a double bogie.

As in my case, Hagen's spirits must have flared for a second.

Parachute Jump Added Feature at Speedway

A special feature has been added to Sunday's racing program at the Pontiac Speedway.

Between the qualifying trials and the start of the 1st race (about 3 p.m.), a parachute jump will be made by Eugene Spring of Pontiac.

The 31-year-old Spring, who lives at 58 Virginia, spent 3 years in the paratroops, is licensed by the Civil Aeronautics Association, and is a veteran of 34 jumps.

He will leap from 3,000 feet,

free fall to 900 feet, then attempt to land in a 20-foot target in the center of the track.

Rain checks from last Sunday's rained-out program, may be exchanged at the ticket window. Children under 12 will be admitted free when accompanied by an adult.

Time trials begin at 1:30 p.m. with the 1st race starting at 3 p.m.

Irish Set Cage Mark

NOTRE DAME, Ind. (AP)—Coach Johnny Jordan's Notre Dame basketball team set an Irish record last season with 22 victories in 25 games. Notre Dame counts an 83-61 victory over Holy Cross as the season's highlight.

Tartar Council Okehs Dropping Gridiron Sport

Final Action in Hands of Council of Deans; Zarza Disappointed

DETROIT (AP)—Football ran into a stiff block at Wayne University yesterday when the university council voted overwhelmingly in favor of dropping the sport.

The council, a group of elected faculty representatives, voted 22-10 for an indefinite suspension of intercollegiate football after next season.

The question now goes to the university's council of deans for another vote.

University president Clarence Hilberry said he hoped to have a final decision on the future of football by June 1. Hilberry must make a recommendation to the Detroit Board of Education, Wayne's governing body. The board has the final say on the matter.

If the board also decides against continuation of the sport, Wayne will join the ranks of five other colleges who have quit football since last fall. They are Adelphi, Case Tech, St. Francis (Pa.), St. Michaels (Vt.) and Quincy (Ill.).

Hilberry said there is still "hope" for the sport. However, he also acknowledged he has never opposed a recommendation made by the university council.

Head grid coach Lou Zarza was shaken by the decision.

"I am terribly disappointed," he said, "but I had seen the handwriting on the wall."

Zarza's \$10,000 contract expires next April. He said he would keep on coaching this fall "if we have enough players left to play."

THIS NEW OIL SAVES GAS!

does everything the finest lubricating oil can do,

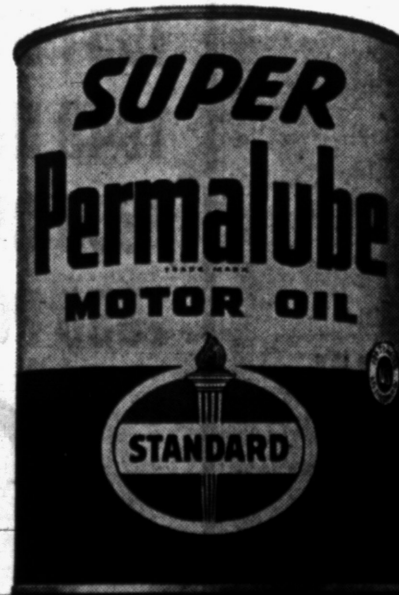

and cuts engine friction so much

it can save up to 2 gallons of gasoline in a tankful!

• New Super PERMALUBE gives you the most complete lubrication and protection that money can buy. Now with an amazing new feature—multi-grade viscosity—it cuts engine drag and friction so much that in average stop-and-go driving you can actually save up to 2 gallons of gas in a tankful.

New Super PERMALUBE not only saves gasoline but does everything the finest lubricating oil can do and gives you all these advantages: • Cuts oil consumption an average of 36.8% • Prevents valve-lifter rusting trouble • Reduces combustion chamber deposits • Greatly increases engine power.

Hundreds of thousands of miles of test driving prove New Super PERMALUBE's amazing results. Ready now for your Spring change-over. Costs only a little more and it will actually pay for itself.

Change now—
start saving
gas today!
