Ike Veto Seen for Farm Bill

GOP in House Fight for Revisions to Concur With President's Wish

WASHINGTON (AP)—House Republicans searched today for a key to victory in an uphill battle to shape the election year farm bill more to administration liking. Republican leader Joseph M. Martin Jr. (Mass.) predicted a winning formula would be found at a special conference of all House Republicans this afternoon. But if Congress doesn't revise the bill again to meet administration wishes, Martin said in an interview, "I'm reasonably sure" President Eisenhower will veto it and keep Congress in session until it approves another farm measure.

Key Democrats, and some Republicans, have said Congress will not pass any alternate legislation if a veto kills the pending bill. The President can hold Congress in session, but he can only persuade it to pass legislation.

Democrats appeared confident they will muster enough votes to win House approval tomorrow of an omnibus measure which a Senate-House conference committee finished drafting last week on the basis of differing versions passed earlier by the two branches. After Republican leaders conferred yesterday with Eisenhower, Martin said the President does not believe the measure "meets the test of a good bill."

Graham to Lead New York City 'Christ Crusade'

NEW YORK (AP)—Evangelist Billy Graham has called for a united front of Protestant clergymen in the "Crusade for Christ" he plans to lead in New York City next year. In a talk at a meeting of 817 local clergymen yesterday, Graham said prayer meetings will be organized in "every major city in the country" and in some overseas cities during the "crusade."

"New York will become the most prayed-for spot on the earth," Graham said. "Something can happen to this city that will have impact for years to come."

The evangelist said he would lead the crusade for a "minimum of eight weeks beginning about May 12, 1957."

5 Marines Die in Swamp

PARRIS ISLAND, S.C. (AP)—Young Marine recruits, most still in their teens, recounted today tales of swirling, cold water, inky blackness and panic in which six of their buddies were lost.

Marine officers opened an inquiry to fix the blame, if any, for the tragedy which occurred during an unscheduled Sunday night hike of 75 men into the swampy

marshland which borders this Marine recruit training base. Bodies of five recruits drowned in the training maneuver were recovered yesterday.

An air, ground and water search for the missing sixth man continued.

The 75 men followed S. Sgt. Matthew C. McKee, 31, of Worcester, Mass., into the swift, icy waters of

the stream. Capt. Ralph Wood, the Parris Island public information officer, said at first the night maneuver may have been a disciplinary action. But the survivors disclaimed this and cited Sgt. McKee for his heroic action in helping to get the men out of the water.

Marine officials said that although the hike was unscheduled, Sgt. McKee, as a drill instructor, has the authority to order such hikes. The men were not carrying weapons and were not dressed in full field equipment when they entered the waters of the 65-foot wide stream.

The Marine Corps identified the victims as: Donald Francis O'Shea of Brooklyn, N.Y.; Charles Francis Reilly of Clyde, N.Y.; Jerry Lamont Thomas of Alexandria, Va.; Leroy Thompson of Brooklyn, N.Y.; Norman Alfred Wood of Bay Shore, N.Y.

Still missing was Thomas Curtis Hardeman of Vidalia, Ga. Parris Island primarily is a recruit training center. The men had been here since Feb. 22, and recently were moved to barracks near a rifle range about a mile from the swamp.

Gen. Burger said in a statement yesterday: "According to a preliminary investigation, the drill instructor took his platoon on a hike about 9 p.m. last night (Sunday). He marched them about a mile to an uninhabited, marshy and swampy area. Not completely familiar with the terrain, the drill instructor led his men into the swamp and into a stream."

"With no lights and in the ensuing confusion, the missing men were lost in the darkness." Surviving members of the platoon praised Sgt. McKee's rescue actions. Pvt. Edwin Leonard, 17, of 709 Walnut St., Roselle Park, N.J., said, "The sergeant didn't order anyone into the deep water. He was the first one in and the last one out. He did all he could."

Some of the men apparently stepped into mud holes after entering the water, others slipped or fell and were dragged by the strong current of the stream.

Proceeds of the tournament go to the Babe Zaharias Cancer Fund which will be used to build a clinic for indigent cancer patients.

Dr. Moore said that the cancer extension is at a point where X-ray treatments were applied three months ago and that further X-ray therapy is being given.

City Man Dies in Truck Crash

Harry J. Garrett, 37, Killed North of Flint at Intersection

A truck-car collision took the life of Harry Joseph Garrett, 37, of 51 Mark St., on U.S.10 north of Flint last night.

Garrett was dead on arrival, at Hurley Hospital, Flint. The accident occurred at the intersection of U.S.23 in Thetford Township, Genesee County, according to State Police.

The police report stated Garrett was going south at an excessive rate of speed when he ran into the back of the tractor trailer which was stopped at a red traffic signal.

Robert Cohan, 35, of Akron, Ohio, was the driver of the truck. He was unhurt. There were no passengers in either vehicle.

Pontiac Prediction: Fair and Warmer

According to the U. S. Weather Bureau it will be mostly fair and a little warmer tomorrow. It will be partly cloudy tonight. Tonight's low will range from 31 to 35 degrees. The high tomorrow will be near 52. The lowest temperature recorded 8 a.m. was 30 degrees. The thermometer registered 51 at 1 p.m.

Search Area for Youngster in City Police Station

Police, next-door housewives and a frantic mother joined in a one and one-half hour search yesterday morning, combing a northside neighborhood in the sudden disappearance of a two-year old boy. Five squad cars pulled up to 151 W. Sheffield Ave., after Mrs. Blanch James, 35, discovered her only child, Danny, was missing from his back yard.

The object of the search, meanwhile, was sitting comfortably in his father's arms at Pontiac Police headquarters.

Versions from Raymond James, 31; his wife and from police produced this account:

Mrs. James had gone to the back door at 10:30 a.m. to check on the boy, who was outside to play in the sun. He was gone, although the yard is fenced in and the gate was closed. She hurriedly called police.

Elect Donaldson, Dugan to Lead Commission

4 Incumbents Returned to County Supervisors in First Meeting

William W. Donaldson last night received the unanimous vote of his fellow commissioners to serve as Pontiac's mayor for his second straight two-year term.

By the same unanimous vote, the commissioners elected John A. Dugan to a second term as mayor pro tem as the 1956-1958 City Commission met for their organization meeting in the City Hall.

Following the election of Donaldson and Dugan, the new commission unanimously re-appointed four incumbents as Pontiac representatives on the Oakland County Board of Supervisors. They were: R. C. Cummings, Mrs. Lee Hill, Robert R. Boyer, and Willis Brewer.

They were appointed to a one year term along with the city assessor, director of finance, and city attorney who are on the board as regulated by the city charter.

Before the election of officers last night, City Clerk Ada R. Evans gave the oath of office to the seven commissioners including new Commissioner Gilbert W. Long (District 7).

Mayor Pro-Tem Dugan, 46, of 363 Nelson St., represents District 5 and was re-elected to his second straight term in the April balloting.

PONTIAC MOTOR EMPLOYEE He has been an employee of Pontiac Motor Division for 28 years and is on the executive board of Local 633 UAW-CIO. He is married and the father of two children.

The mayor operates an insurance agency in the city and is also serving his fourth term as president of the Pontiac Foundation.

Last week Donaldson was honored to receive a Boy's Clubs of America Golden Anniversary Award for outstanding cultural and civic leadership in Pontiac. He and his wife have two children.

"I'm looking forward to two more years, hoping for the same cooperation the commission experienced during the last two," Donaldson said.

He then spoke for the entire commission to thank City Manager Walter K. Willman and other city officials for the guidance he has offered the commissioners during the past two years.

Elected

DELOS HAMLIN

N. M. THATCHER

HEAD SUPERVISORS — Delos Hamlin, of Farmington, this morning was elected chairman of the Oakland County Board of Supervisors by an unanimous vote of the members. Also elected at the board's meeting was Hiland M. Thatcher, of West Bloomfield Township, who was unanimously chosen as chairman pro-term for the coming year.

Expected to Act if U.N. Decides to Halt Disorder

Would Seek Approval of Lawmakers Before Committing Troops

FROM AP AND INS WIRES President Eisenhower left virtually no doubt today he would ask Congress for authority to use U. S. troops in the turbulent Middle East if the United Nations voted to quell any aggression there.

A little less than four hours after Eisenhower arrived in Augusta, Ga., from Washington yesterday for a week of golf and work, the vacation White House here put out a statement saying the President and Secretary of State Dulles regarded "with the utmost seriousness" the "repeated incidents of hostility in the Middle East."

Eisenhower told a news conference last week he never would send American forces into any action which could be interpreted as war without prior approval of Congress.

Yesterday's statement clearly means that if the U. N. Security Council labeled any nation an aggressor in the Middle East and called for use of force to halt aggression, the President would feel obligated to put the matter before Congress for a final decision on committing U. S. troops.

The White House statement amounted to a reaffirmation of Eisenhower's view that a solution of the Middle East dispute must be found through the U. N.

For months the administration has kept on ice Israel's application for purchase of about 63 million dollars worth of U. S. arms. Israel contends the arms are needed to offset the sale of weapons to Egypt by Soviet-dominated Czechoslovakia.

BETTER SOLUTION

But Eisenhower is on record as saying the U. S. hopes to find a better solution than contributing to an arms race. He also has said, however, that Israel's request for arms still is under study.

U. N. Secretary General Dag Hammarskjöld today landed at Israel's Lydda Airport southeast of Tel Aviv to meet Maj. Gen. E. (Continued on Page 2, Col. 4)

10 Million 2-Car Families by '65

ANN ARBOR (AP)—Americans are changing their buying habits. By 1965 at least 10 million families will have two cars in the garage. This was part of the prediction of a coming U. S. economy made by Stahl Edmunds, manager of economic studies for Ford Motor Co., at the University of Michigan.

Edmunds told 200 finance company executives at the National Consumer Credit Conference that the auto industry will boost its annual income to 16 billion dollars in the next 10 years.

Ten per cent of the increase, he said, will come because people want more from their cars in the way of accessories and size.

The rest will come from the sale of more cars to an increasing number of U. S. families.

Last year's boom that carried the auto industry to a record 12 billion dollars in income will recede somewhat this year to about 11 billion dollars, which is more normal, Edmunds said.

By 1965, however, he said, 60 per cent more families will make \$5,000 or over.

He predicted a rise in two-car families in the light of the increasing economic status of Americans and on a past increase which shows 4.3 million families drive two cars today against 1.5 million in 1950.

Edmunds said that another marriage boom will begin in the next few years. He based this prediction on a sharp increase in the number of people reaching age 22.

Today, Edmunds said, people want more floor area in their homes.

This follows the pattern of increased suburban living, he said, and the general changes it has made in American tastes and expenditures.

Quoting Department of Commerce figures, Edmunds said Americans today spend more on

their homes, traveling and culture than they did in pre-war days.

Among items showing the largest increases over pre-war spending are airline travel, personal business, housing, foreign travel, education, and religious and welfare activity.

Among items of lessening importance by spending rate statistics are radio, TV and musical instruments, food, sports equipment, beauty care, jewelry and watches, spectator amusement and clothing.

He said this indicates that suburban living is leading to more club and social activities in the home.

"Life will be more casual in the next 10 years," Edmunds said.

Board Approves Sanitary System

Waterford Trustees OK Builder's Proposal for Septic Tanks Now

The Waterford Township Board accepted last night the proposal of builder Bert Smoker to install a sanitary system ready for connecting into a future sewer, but using septic tanks until such a sewer is available.

Approval is subject to satisfactory percolation tests for septic tanks the resolution stated.

Smoker is builder of the proposed Highlands Estate Subdivision at Airport road and M58.

An injunction was served against him recently by the Crescent Lake Estates Civic Assn. in an effort to prohibit him from constructing a proposed sewage disposal plant on property near the Crescent Lake Subdivision area.

A similar sanitary system proposal made by Ward Ross for Watkins Hills No. 1, a proposed subdivision near Drayton Woods was approved. A disposal plant had been considered on Saginaw Trail to serve the subdivision, but it aroused objection from the Drayton Woods Civic Assn.

The association threatened court proceedings if final approval was given the Saginaw Trail disposal plant.

Cancer Month Dinner Scheduled Thursday

The April Crusade Cancer Society kickoff dinner will be held Thursday at 6:30 p.m. at Devon Gables.

All workers in the North Oakland County Unit area for the educational campaign and for fund raising in areas not connected with the United Fund have been invited to attend.

Judge H. Russell Holland, chairman for Crusade Month, and Mrs. Edward W. Williams of Rochester, chairman for the women's division of the campaign, will be the speakers.

The North Oakland County Unit is a part of the Southeastern Michigan Division of the national organization. The North Oakland Unit is located at 66 West Lawrence street, Pontiac.

This year, the society is pinpointing its educational campaign through the showing of the film, Breast Self Examination, in many theaters throughout the northern part of Oakland County; and in Pontiac, at the Elk's Temple April 27. This film, for women only, will be shown twice during the day, at no charge.

Dr. John J. Marra is president of the North Oakland Unit.

Predicts Fresh Water Distilled From Ocean

RICHMOND, Calif. (AP) — Fresh water distilled from the ocean, cheap enough and in quantities for use for drinking, industry and irrigation, will be available within 10 years, predicts Dr. Everett D. Howe, of the University of California.

Dr. Howe, director of the university's salt water conversion project at its Richmond field station, made the assertion yesterday to the state Senate Interim Committee on Salt Water Reconversion.

He reported pilot studies on one process indicate fresh water can be produced from sea water for about \$100 an acre foot — enough water to cover one acre to a depth of one foot.

The cheapest conversion method so far studies evaporates warm sea water at low pressure and passes it through a turbine to produce power and fresh water.

Howe said the French already have conversion plants with a capacity of 5 million gallons daily.

Ferndale Man Sentenced

William E. Dunlap, 23, of Ferndale, was sentenced to 2 to 15 years in Jackson State Prison yesterday by Circuit Judge Clark J. Adams after pleading guilty to unarmed robbery March 7 in which he took \$239.

Mrs. A. E. Grann Elected to Serve on SFC Board

BIRMINGHAM—Mrs. Alfred E. Grann of Birmingham, one of the first women knighted by Frederik IX of Denmark—has been elected to the board of directors of Save the Children Federation, an international child service agency.

Mrs. Grann organized the SCF Danish Committee and is chairman of the SCF Greenland Committee. After World War II, in her native country of Denmark, she helped found Red Barnet as a sister organization to Save the Children Federation.

Mrs. Fred Johnson of Pleasant Ridge was elected for corporate membership in the SCF. She is the widow of the first chairman of the SCF Danish Committee.

The SCF was founded in 1932 and now aids needy children in 10 overseas countries, on the Navajo Indian Reservation and rural mountain areas of the United States.

Adlai Faces Test of Illini Today

Write-In for Kefauver May Stifle His Future as Dem Nominee

CHICAGO (AP)—A popularity poll for President Eisenhower and his 1952 Democratic opponent, Adlai E. Stevenson, features the Illinois presidential preference primary today.

Stevenson's name is alone on the Democratic presidential ballot but Sen. Estes Kefauver, another aspirant, is expected to figure in the vote. Backers of the Tennessee senator have urged write-in votes.

Eisenhower has only taken opposition in the Republican primary.

HOLDS SPOTLIGHT

The presidential preference primary took the spotlight away from the state and local races. There were only four major state contests and political experts predicted a turnout of about two million of the state's nearly five million registered voters.

Voting hours are from 6 a.m. to 5 p.m. (CST). Cloudy skies were forecast with a possibility of rain or snow.

KEFAUVER WRITE-IN

The former Illinois governor, political followers say, must make a strong showing to offset the upset victory scored by Kefauver in the Minnesota primary last month.

They also believe a heavy write-in vote for Kefauver in Stevenson's home state would be a road block in his bid for winning a second presidential nomination. Also mentioned as possible write-ins were Gov. Frank J. Lausche of Ohio and Sen. Stuart Symington of Missouri.

Stevenson, in his final bid for support in a television broadcast last night, said: "This one means a great deal to me." He added that the "whole nation" will be watching the Illinois results.

Pontiac Deaths

Leonard J. Jarzembowski

Leonard J. Jarzembowski, brother of the Rev. Bernard F. Jarzembowski of Pontiac, died Sunday in his home, 4405 Wesson St., Detroit.

He was born in Detroit July 17, 1887, the son of John and Elizabeth Lewandowski Jarzembowski. He was 68 years of age.

A mortician in Detroit for 38 years, Mr. Jarzembowski is survived by his wife, the former Pauline Dybalski, a son Raymond and two daughters, Mrs. Joseph Belch and Mrs. Frank Grabowski, all of Detroit.

Surviving brothers and sisters include: Sister Mary Jerome of Cleveland; the Rev. Bernard F. Jarzembowski of St. Joseph Catholic Church, Pontiac; the Rev. Alexander F. Jarzembowski of St. Joseph Catholic Church, Detroit; Edward and Dr. F. B. Jarzembowski, both of Detroit, 10 grandchildren and one great-grandchild.

The Rosary will be recited at 8 and 8:30 p.m. Wednesday in the L. J. Jarzembowski & Sons Funeral Home, Detroit; the Rev. Bernard F. Jarzembowski will say the Rosary here at 9 p.m. Wednesday.

The Rev. Alexander F. Jarzembowski will officiate for the service at 10 o'clock Thursday in St. Francis of Assisi Catholic Church.

The Rev. Bernard F. Jarzembowski will conduct the Ceremonies of Absolution. Burial will be in Holy Sepulchre Cemetery.

Harry Garrett

Harry Garrett, 37, of St. Mark St. was dead on arrival yesterday in Hurley Hospital, Flint.

He was born Dec. 22, 1918 in Illinois, the son of John and Mattie McNeese Garrett.

A resident of Pontiac 34 years, Mr. Garrett was a member of Bethany Baptist Church and owner of Harry's Meat Market, Holy.

Surviving are his wife, Velma and three daughters, Lois, Elaine and Diane, all at home.

Other survivors include four brothers, Cecil of Hillman, Ray of Flint, Wayne of Milford and Ira of Pontiac; two sisters, Mrs. Kathleen Widger of Clifford and Joyce Garrett of Whitesville, W. Va.

Mr. Garrett is at the Purley Funeral Home where funeral arrangements are pending.

SHARE BEAUTY CROWN — Patty Palmer (right) of Birmingham congratulates and is congratulated by Candy Bennett after both were named winners of the recent "Miss College Day" festivities in Bermuda. Miss Palmer, who attends the Connecticut College for Women at New London, Conn., is the daughter of Mr. and Mrs. T. H. Palmer, of 3555 Wooddale Ct. Miss Bennett is a student at Bronxville High School, Bronxville, N. Y.

President Asks Approval of Military 6-Point Plan

AUGUSTA, Ga. (AP)—President Eisenhower called today for speedy congressional approval of a six-point program to bolster "our power for peace" through attracting more U. S. youth to military careers.

"Only when we have created a military career service which can compete with the attractive opportunities available in civilian pursuits will we be able to stop the wasteful losses from our armed forces and attract individuals to those services," Eisenhower said in identical letters to Vice President Nixon and House Speaker Rayburn.

Wilson said raising leadership and experience levels in the armed forces would result in "augmenting further our power for peace over the long haul."

Eisenhower gave Wilson's views hearty endorsement and added: "We cannot move too soon in our efforts to increase the number and quality of volunteers for long-term military service in both enlisted and officer ranks."

Wilson noted that in response to earlier appeals by Eisenhower Congress already has taken some steps to attract more career personnel. But the defense secretary said there still is urgent need for fast action by Congress.

Wilson Comments

From his vacation headquarters here, the President also sent along to Congress a letter to him from Secretary of Defense Wilson which said:

"The loss of trained personnel continued to be the most extravagantly expensive and disruptive obstacle to the strengthening of our armed forces today."

"This continuous replacement training process is not only extremely expensive, but it retards the combat effectiveness of our operational units."

Wilson said raising leadership and experience levels in the armed forces would result in "augmenting further our power for peace over the long haul."

'Daddy' Grace Buys Prophet's 'French Castle'

DETROIT (INS) — The Detroit Times said today that Prophet Jones has sold his lavish Detroit home known as the "French Castle" for \$50,000.

The paper said the buyer was Bishop C.M. "Daddy" Grace, leader of a rich and growing religious group in Washington and other eastern cities.

The sale, according to the Times, was concluded through a Detroit attorney with a "John Poag," who turned out to be an elder in Grace's church. Jones apparently was unaware the house was purchased by Grace.

The Times said revenue stamps on the deed when it was recorded yesterday indicated the price paid for the house was \$50,000.

Prophet Jones has been talking about selling his house for several months. He reportedly has been in financial difficulties for quite some time.

A morals case also is pending against the Detroit religious leader.

Two Detroit Women Admit Bad Check Charge

Charged with forging a \$42.50 check on an area shopping center, two Detroit women pleaded guilty at their circuit court arraignment yesterday.

Rosalie Fox and Phyllis Fox Tatt, both of 17126 Santa Barbara Ave., will be sentenced April 23 by Oakland County Circuit Judge Frank L. Doty.

Seeking Retrial of Clifford Dye

Attorney From Fenton Was Found Guilty of Assault Charge

Appeal for a retrial of Clifford B. Dye, former Fenton village attorney convicted March 1 of assault with intent to do great bodily harm, opened yesterday before Oakland County Circuit Judge Clark J. Adams.

Dye did not appear at the hearing. His attorney, Clarence B. Smith, said he would base the appeal on two points yesterday.

The hearing continued this morning.

Dye, 54, was convicted of the non-fatal shooting of Fenton tenant farmer William C. Clark, 27, last August 26 after a dispute between the two over management of a farm leased by Clark from Dye's sister.

He was sentenced to 2-10 years in Jackson state prison March 19, but a stay of execution was granted pending the hearing on his retrial appeal.

See Diminish of Dust Storms in Southwest

By THE ASSOCIATED PRESS
Dust storms diminished in the southern plains today, the gusty weather moving eastward and bringing rain and snow into the lower and middle Mississippi Valley.

Snow fell in eastern sections of Kansas and Oklahoma. Falls at Emporia, Kan., measured 1 inch, bringing the total on the ground to 4 inches. Drenching rains doused wide areas of Arkansas, Mississippi, eastern Texas and Missouri.

Clear to partly cloudy skies prevailed in most other parts of the country.

Chicago Pair in Texas; Mexico Spreads Search for Elusive Secretary

LAREDO, Tex. (INS) — A Chicago couple accused of being involved in the theft of almost \$75,000 in Michigan state funds were ordered returned to Detroit from Laredo yesterday after they waived removal proceedings.

The pair, Richard Radwill, 25, and Mrs. Josephine Rutsky, 32, were expelled from Mexico Saturday on grounds they entered under false names.

Mrs. Rutsky is the sister of Mrs. Anna V. Thorpe, former manager of the Secretary of State's branch office in St. Clair Shores, Mich.

An audit showed \$74,841 missing from the office after Mrs. Thorpe, her husband and nine-year-old daughter disappeared March 2.

Radwill and Mrs. Rutsky are believed to have accompanied the Thorpes to Mexico.

Authorities are continuing their search for the St. Clair Shores family, believed to have fled a Mexico City hotel shortly before police seized the Chicago couple.

Waterford Girl Finds Grenade Near Mailbox

A 10-year-old Waterford Township girl yesterday afternoon found what looked like an iron pineapple hidden under leaves near her mailbox at 939 Lakeside St.

Holding it by the stem Deborah Burns went to ask her father what it was. On the way, the stem came off, but the little girl deftly caught the "fruit" before it fell and broke.

An ex-Marine, Van Burns, 33, needed just one look. It was a hand-grenade and his daughter had just pulled the pin to set off the explosive.

He hurried his wife, Doris, 33, and three other children, all under five years, out of the house, called Waterford Township police and then left himself.

Officers Elmer Rodgers and John Forbush said the grenade was "live" and could have exploded at any minute. Rodgers placed it in a bucket filled with sand and gravel and took it to Elizabeth Lake in his car trunk.

The two officers, who rowed to the middle of the lake to dump the bucket, said they had not discovered where the grenade came from.

Another grenade mysteriously was found in December, that time by a mailbox near Cass Lake, said Oakland County Sheriff's deputies.

Admits Embezzlement, Placed on Probation

After pleading guilty to the embezzlement of \$1,685 from a construction company, Raymond Harper, 30, of Detroit was placed on three years probation yesterday by Circuit Court Judge Clark J. Adams and ordered to pay \$200 court costs.

A co-defendant, Edward McLaughlin, 30, of Detroit received the same sentence from Judge H. Russell Holland. Both were ordered to pay a restitution of \$842.

The Day in Birmingham Elect James Allen Mayor at Commission Meeting

BIRMINGHAM — James Allen, 37, whose father was this city's first mayor, became mayor himself last night in a unanimous Commission election.

He trades posts with Charles Renfrew, who has been mayor for two years, and who now has been elected to the mayor pro tem post Allen had been mayor pro tem for a year.

The new mayor, who is married and has four children, lives at 1008 West Maple and is an attorney with the Detroit firm of Allen Haas & Selander.

He is the son of Harry Allen, who served several terms as village president before heading the city in its first years of incorporation.

Allen was born in Detroit, graduated from Birmingham High School, and took his B.A. and law training at University of Michigan. He is a Presbyterian.

Renfrew and Carl H. Ingraham began three-year terms on the Commission, to which they were recently elected, in the annual organizational meeting of the City Commission last night.

Four were appointed to the Oakland County Board of Supervisors by the Commission, with Clarence Blumman joining three former supervisors. Blumman had served previously on the board of supervisors, but had been ousted by seniority when the city's quota was reduced a year ago from five to four. Now, with Elmer Haack automatically giving up his supervisors when he retired from the assessor's job April 1, Blumman fills the vacancy.

Other supervisors are Mrs. Hope Lewis, David Levinson and Luther Heacock. Their first board meeting is today.

Tie-votes have delayed action on the paving of Eton road. With 30 residents present to share in the construction plans, commissioners never reached a vote last night on the actual motion to improve the road.

Among the several amendments which brought tie-votes was one to revert to the originally planned 41 feet, suggested by some residents rather than

High Court May Clear Stalemate

BIRMINGHAM — The Evergreen interceptor sewer stalemate may be eliminated by a Supreme Court decision, the Birmingham City Commission was told last night.

Commissioners pledged the city's support of immediate proceeding on the sewer, which has a May 1 deadline ordered by the state.

But last Southfield's status of a township or a city without a charter prevent sale of bonds for the interceptor's financing, a mandamus action is planned, according to City Manager D. C. Egbert.

The question exists, he says, of whether a township can call a special election such as the one Southfield recently held to approve a millage increase to pay for its share of the sewer.

A Supreme Court decision on the question would clear the way for bond sales. To secure this, the Water Resources Commission is being asked to take a mandamus action against Southfield requiring it to abate pollution, and this action would require the high court decision.

Pontiac Man Sentenced for Gas Station Breakin

The breaking and entering of a Royal Oak service station March 26, resulted in a 2 1/2 to 15 years sentence in Jackson State Prison for Donald H. Ritter, 27, of Pontiac.

He was sentenced yesterday by Oakland County Circuit Judge Clark J. Adams.

Senate to Fight on Civil Rights

'Strictly Political Bill,' Retort Dems to New Eisenhower Proposal

WASHINGTON (U) — Southern Democrats signalled a Senate fight today against a new Eisenhower administration civil rights program whose handling also brought objections from some backers of such bills.

"It looks as though they are putting it strictly into politics," complained Rep. Barrett O'Hara (D-Ill.), who contended the Justice Department had broken repeated pledges to talk over the program with interested House members before presenting it.

POLITICAL PROGRAM
O'Hara is a member of an official bipartisan steering committee for civil rights legislation. This group claims to act for 40 to 50 House members of both parties.

Sen. Hill (D-Ala.) said Atty. Gen. Brownell's recommendations add up to "a political program proposed in an election year."

'I SHALL OPPOSE IT'
"The program deals with problems that can be solved only by the states and local communities," Hill added. "I shall oppose it vigorously."

One surprise in the program Brownell sent to the Capitol yesterday was for a law under which citizens who felt their civil rights had been infringed could bypass the states and go directly into a federal court. At present they must first exhaust all state remedies.

Allegan Judge Dies

ALLEGAN (U) — Funeral services will be held today for Irving J. Tucker, former Probate Judge of Allegan County from 1932 to 1948, who died Saturday at Allegan Health Center. Tucker, 49, had been a practicing attorney in Allegan for more than 25 years.

British Envoy to Add Items to Ike Museum

ABILENE, Kan. (U) — Sir Roger Makins, British Ambassador to the United States, was due here today with some World War II mementos for the Eisenhower museum.

The British Government's gift includes the original of Prime Minister Winston Churchill's telegram of congratulation to Gen. Dwight D. Eisenhower when Allied forces crossed the Rhine. Sir Roger also will present 20 war photographs.

French to Invite Collins for WW II Ceremony

BAYEUX, France (U) — The French committee in charge of commemorating the allied land-

ings of 1944 has decided to invite Sir Winston Churchill and U.S. Army Gen. J. Lawton Collins to attend the observances this year. One of the main ceremonies will be June 6 at Arromanches.

where British troops landed. Sir Winston would attend as honorary president.

Gen. Collins, retired U.S. Army chief of staff, commanded ground

troops in the region during and after the landings.

Some 427,000 tourists, or more than in all 1954, visited Mexico in the first nine months of 1955.

Romeo Teachers Granted \$400 Annual Pay Hike

Raises Effective Next September

Teachers With Degrees to Get \$4,000 to \$5,850 Base Plus Increments

ROMEO—Teachers in the Romeo Community School District were granted a pay raise of \$400 with increments of \$150 per year at special meeting of the Board of Education last night.

The raise becomes effective at the beginning of the 1956-57 school year next September.

Base pay for teachers with bachelors' degrees will be \$4,000 to \$5,850, and for those with masters' degrees, \$4,300 to \$5,850.

Non-degreed teachers will receive \$3,500 base pay with no experience and \$3,600 with three years experience, both with increments of \$150 per year.

Supplemental pay schedule will mean a net increase of \$600 per year, school officials said.

The suggested custodial salary schedule proposing that all present employees advance to a three-year schedule and receive a raise from \$1.46 to \$1.46 per hour for a 40-hour week, and from \$2.10 to \$2.19 for overtime, was unanimously adopted by the board. The pay hike becomes effective July 1.

Local educators canvassed Saturday's election returns. The \$750,000 bond issue passed by a two-vote margin; the eight-mill tax limitation by one vote; and the four-mill operating tax for 10 years passed by 81 votes. A resolution verifying the vote tally in each precinct was drafted by the board. The administration was authorized to draw up specifications to take bids on five 60-passenger buses and one carry-all to be available for use at the beginning of the next school year.

Sylvan Manor Asks Roadwork

Mrs. Louy's Workers Circulating Petitions for Blacktopping

WEST BLOOMFIELD TOWNSHIP—Petitions for the blacktopping of roads in the Sylvan Manor Subdivision have been received and are being circulated as quickly as possible, according to Mrs. Fred Louys.

She is chairman of the committee seeking the blacktopping of all the roads in the subdivision except Middlebelt.

The cost will be \$2.50 per running foot for all home owners, except for corner lot owners. There, they will pay an additional \$1.25 per running foot on the side, and the rest of the subdivision will pay the other \$1.25.

Culverts, mandatory with blacktopping, require an additional cost of \$38, for a 20-foot-wide street.

Block captains working at the present time are Mrs. William Finkbeiner, Charles Blood, Fred Louys, Mrs. William Widman, Mrs. E. H. Learned, Mrs. M. A. Eschmayer and Mrs. Louys.

Auxiliary to Meet

FRANKLIN—The regular meeting of the Franklin Cemetery Auxiliary will be held Thursday at the home of Mrs. Kate Cook, 1011 Kennesaw, Birmingham. Potluck luncheon will be served at 1 p.m.

Church Slates Prayer Service, 3 Unit Meetings

Bob Considine Says:

Stalin's Own Words Testify to His Infamy

NEW YORK (INS)—People . . . places . . . and books . . . If anybody needs further proof of Stalin's infamy, let him find a little dollar book put out by Farrar, Straus and Young called "Stalin—A Self-Portrait." It is a picture book and the captions are from the man's own speeches and works. Samples:

"I joined the revolutionary movement at the age of 15, when I became connected with certain illegal groups."

"We pushed forward still more vigorously, brushing every obstacle from our path. It is true that in our course we were obliged to handle some of these comrades roughly. But you cannot help that. I must confess that I too took a hand in this business."

"You may be sure that I will not spare anyone."

"It cannot be said that the purge was not accompanied by grave mistakes. There were unfortunately more mistakes than might have been expected."

And:
"Weep not for the hair when the head is off."

"Paper will put up with anything that is written on it."

"In the U.S.S.R. there is no ground for existence of several parties. In the U.S.S.R. there is ground only for one party, the Communist party. In the U.S.S.R. only one party can exist, the Communist Party."

"Have we suppressed the reactionary clergy? Yes, we have."

"It is impossible to conquer an enemy without having learned to hate him with all the might of one's soul."

"To choose the victim, to prepare the blow with care, to slake an implacable vengeance, and then

to go to bed . . . there is nothing sweeter in the world."

TALE OF MERCY

You won't be finding a much warmer story than the same book company's newest, "Deliver Us From Evil," the story of a young Navy doctor who took part in moving 600,000 Vietnamese from the Communist-controlled section of that country to the free area.

Adm. Arleigh Burke says, "A story of which the United States Navy is proud." It should be.

Lt. Thomas A. Dooley, M. D., got to Viet Nam via Notre Dame and St. Louis U. for some incredible number of sick and travel-sore refugees he was an indispensable friend and comforter.

He tells the story of these people without breast-beating, and thus makes us see more clearly this incredible tragedy that took place on the other side of the world while most of us were concerned with other things.

On his way home after achieving miracles that made him a public hero over there, Dooley was sweating out a plane at Hickam Field, Honolulu, when he heard a yell of "Chao ong bac sy my!"—Vietnamese for "Hi, American doctor."

A covey of Vietnamese air force cadets, en route to Texas, had spotted him and all but embraced him to the floor.

FAMILIAR SCARS

He had no trouble remembering them:

"Each of them had a big scar where an ear should have been. I remembered that in the Roman Catholic provinces of Bao Lac, near the frontier of China, the Communist Viet Minh often would tear an ear partially off with a pair of pliers and leave the ear dangling."

"That was one of the penalties for the crime of listening to evil words. The evil words were 'Our Father, Who art in heaven, hallowed by Thy name . . . give us this day our daily bread . . . and deliver us from evil . . .'"

"I had amputated the stumps of those ears. Would a boy hear again from that ear? Never."

Only from the other ear would he ever hear words, evil or holy."

In "Captain of the Queens," the autobiography of Capt. Harry Grattidge, former commodore of the Cunard line, which E. P. Dutton has just published, the author achieves the miracle of writing 300 pages without a single reference to the man under whom he once served—the great Capt. Charles Ford.

Ford, of "The Queen Elizabeth," transported more American servicemen across the Atlantic than any master in history, and before and after World War II was the line's best-known representative on this side of the ocean.

Capt. Grattidge's colossal oversight of his old friend smacks of pressures we're unable to comprehend.

WHAT MAKES "THE ROCKET" ROCKET?

"56" HOLIDAY COUPE

Here's why the engine that started the high-compression era still tops the field today!

WHEN THE TALK TURNS to automobile engines, you're pretty sure to hear about Oldsmobile's Rocket. And that's as it should be! The Rocket brought true high-compression performance to motoring. The Rocket set the standards . . . broke the records.

Today the same thing is going on. With a high in compression of 9.25 to 1 and a displacement of 324 cubic inches, the Rocket packs a potent new wallop.

THERE'S AN EFFORTLESS SMOOTHNESS, a freedom from vibration that tells you this one is a masterpiece of balance and precision. Then, too, this power plant is "big-bore, short-stroke" design. That means shorter piston travel for less friction, less wear and longer, economical engine life.

You'll rarely use the full 230 horsepower† under the hood, but you'll certainly know it's there! And, in all your driving, you'll go for the Rocket's high torque—that's the force that makes the wheels go 'round! Your toe can call a hefty 340 pound-feet of torque into play—to move you away from a light, to conquer a hill or pass by any emergency.

You'll meet Rocket Engine action at its finest and smoothest when you try it with Jetaway Hydra-Matic*. Gear transitions are liquid-smooth—take-off is immediate and positive.

VISIT OUR SHOWROOM today! Take your choice of Oldsmobile's 13 exciting models—a luxurious Ninety-Eight, dazzling Super 88 or low-price "88". Find your favorite! Then we invite you to "Rate the Rocket" . . . on the road!

1240 h. p. and 350 lb.-ft. of torque in Super 88 and Ninety-Eight models.

Ike Asks More Defense Funds

Possibly Killed Chance
for Election-Year Cut
in Income Tax

WASHINGTON (AP) — President Eisenhower may have killed any chance for an election-year income tax cut by requesting a \$547,100,000 increase in defense funds.

Sen. George (D-Ga.), one of the chief congressional advocates of reducing income taxes, said today that if the request is met by Congress "it looks dubious and doubtful we can cut taxes unless economies are made in some other appropriations."

Eisenhower asked the additional funds yesterday to increase and speed up production of B52 long range jet bombers, for construction of additional Strategic Air Command bases and for accelerating work on the Distant Early Warning radar line (Dewline) in the far north. Secretary of Defense Wilson said 248½ millions of the total would be devoted to B52 production.

The request met a generally approving reception on Capitol Hill, but some legislators questioned whether it would be enough. Sen. Stennis (D-Miss), a member of the Senate Armed Services Committee, said output of B52's and missiles has been "far too slow." He advocated a billion dollar increase in funds for these purposes. Sens. Kefauver (D-Tenn) and Hill (D-Ala) also indicated doubts the new request is big enough.

The President's request appeared likely to take much of the steam out of a forthcoming investigation by a Senate Armed Services subcommittee of reports that the United States is lagging behind Russia in the development and production of high speed intercontinental bombers and missiles.

2 Lovers Leap Into Volcano, Land in Hospital

OSHIMA, Japan (AP)—Two young lovers embraced and leaped into the mouth of Mt. Mihara, famous suicide volcano of prewar days.

Instead of dying in each other's arms, they wound up today in a hospital, severely burned and bruised. Fumitsuke Onodera, 27, and Chieko Numakura, 21, both of Tokyo, decided on suicide when they learned Miss Numakura was suffering from bone tuberculosis.

They jumped into the volcano but landed about 30 feet below, on the edge of the molten lava. The suicide desire faded then, and the boy put the girl on his back and tried to find a way out of the gas-filled, 100-degree-plus crater. Three hours later he managed to scramble to the top. Rescuers brought out the girl.

Let's get him off the road—the deadly adult "Kid Stuff" driver who causes so many traffic deaths, through recklessness, impatience and anger.

"Careless driving is KID STUFF"—deadly KID STUFF! THE PONTIAC PRESS

RADAR PROVES

WITHOUT TCP

At the San Antonio Proving Grounds, several cars were fueled with competitive premium-grade gasolines. The 200-plus H.P. car you see was driven about 3,000 miles, under normal driving conditions. Then the rate of acceleration was checked by radar. Performance was below par, due to deposits which caused the spark plugs to misfire.

WITH TCP

The same car, after a few tankfuls of Shell Premium Gasoline with TCP, showed 10% faster acceleration when checked by radar. Results on the other cars, when switched to Shell Premium with TCP, varied. Most cars showed a 6 to 18% increase in pickup. In each case, TCP additive had neutralized power wasting deposits, stopped spark plug "miss."

Shell Premium with TCP leaves Competitive Gasolines behind in identical acceleration tests!

Modern cars are beautiful performers. Yet, within less than 3500 miles of driving, even a new car can fall victim to engine deposits.

These deposits cause pre-firing of the gasoline or spark plug "miss"—denying you the power you paid for, the acceleration you occasionally need no matter how careful a driver you are.

Shell Premium Gasoline with TCP, the

greatest gasoline development in 31 years, neutralizes engine deposits. TCP additive restores power to your car that pre-firing and spark plug "miss" take away.

Switch to Shell Premium Gasoline with TCP and get back lost power as you drive. See your neighborhood Shell Dealer.

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

Stalin Censure Causes Delay in Encyclopedia

LONDON (INS)—The deflation of the late Joseph Stalin in the Soviet world also is causing complications in the publication of its huge Russian encyclopedia.

A well informed source reported from Moscow today that publication of the 38th volume of the encyclopedia—the one which is to include Stalin and his period—has been postponed for three months in the publication of its huge Russian encyclopedia.

Wings Pin Hopes on Win Today

MONTREAL (AP)—The Detroit Red Wings go into the fifth game of the Stanley Cup final against the Montreal Canadiens tonight needing a victory to keep the series alive.

"There's no tomorrow," said General Manager Jack Adams of the Wings. "Our boys know what we're up against."

The Canadiens hold a 3-1 lead in the best-of-seven final and are prohibitive favorites to wind it up tonight on their home ice.

Coach Toe Blake of the Canadiens said the Red Wings tried to "get" Bernie (Zoom Boom) Geoffrion in the opening minute of Sunday's game, knowing that Geoffrion had an injured knee.

Adams and Coach Jimmy Skinner of the Wings both said Montreal's Tom Johnson deliberately struck Metro Prystai with his stick, sending the Detroit right-winger to the hospital with an eye injury.

Johnson flatly denied the allegation and talked vaguely of suing Adams.

"It was entirely an accident," said Johnson. "There wasn't even a penalty on the play."

Coach Blake said it seemed obvious to him the Wings were out to "get" Geoffrion.

"They knew he had been injured in practice and that there was some doubt for a while about him being able to play Sunday," said Blake.

"So what happened? Prystai sent Geoffrion flying after only 50 seconds of play and was penalized for tripping. We were fortunate that Geoffrion wasn't badly hurt." Nashua won seven \$100,000 races in 1955, a record.

The only Montreal casualty from Sunday's game, won 3-0 by the Canadiens, was little Henri (Pocket Rocket) Richard, who sprained his thumb while fighting with Norm Ullman of the Wings. Henri wore a bandage about the thumb on the trip home.

Bill Ebben Chosen Titan Cage Captain

DETROIT (AP)—Bill Ebben, high scoring forward from the University of Detroit, has been chosen captain of U. of D.'s 1956-57 basketball team.

Ebben was named at the team's annual banquet last night where eight players—five of them seniors—were awarded varsity letters.

Ralph Goldstein, this year's captain who collected 1,001 points in his three seasons to become the highest scoring guard in Titan history, was awarded the J. R. Delaney Loyalty trophy.

Oliver Buick Baseball

Oliver Buick's Class A baseball team will hold practice sessions today, Wednesday, Thursday and Friday at Columbia-Joslyn's south diamond starting at 5:15 p.m. All positions are open. Interested players should contact: George Shanks at Federal 3-7319.

GRAPEFRUIT League

Poor Herb Score. He won 16 games and struck out 245 as the American League rookie of the year with the Cleveland Indians last season, and all the time his "cousins" were in the other league.

The guys he calls "cousins" are the New York Giants, and he's been treating them like po' relations this spring. In 22 innings against them the 22-year-old fireballer lefthander has permitted only 3 runs, 12 hits and 10 walks while fanning 21.

He's looked so good the Giants' Don Mueller, a pretty fair hitter ranks him No. 1 on the Cleveland staff—ahead of Bob Lemon, Early Wynn and Mike Garcia, in fact.

Herb was at his usual best yesterday as Cleveland beat the Giants 6-4. Mueller got an infield single and Gail Harris followed with a home run to the opposite field off a low outside fast ball in the first inning, but then Score became almost untouchable. He walked just two and fanned five while giving only one more hit in his five innings—a smash to the mound that went for a single by Whitey Lockman.

Bob Feller mopped up for the Tribe with four hits—one a two-run homer by Hank Thompson, who was purposely held back until Score departed. Giant manager Bill Rigney figured Hank might further injure his stiff shoulder swinging at Score's fast one.

Cleveland got its licks in early, belting Al Worthington for six hits and five runs in the first three frames. Hoot Evers and Jim Hegan homered off the righthander.

Cold and rain checked the exhibition schedule to five games—and pitching dominated each one. Robin Roberts was in complete charge as the Philadelphia Phils beat Boston's Red Sox 2-1. Robin, going nine innings, tossed a six-

hitter and didn't walk a man. The Milwaukee got eight scattered hits and two runs from Brooklyn rookie Don Drysdale for six frames, then jumped on Dave Cole for four runs in the eighth and won 8-4. Bob Buhl was solved for only three hits before being chased in the eighth. Bob Trowbridge cut off the brook rally at one run, but was evicted himself in the ninth when Randy Jackson homered. Johnny Logan homered off Drysdale, a 19-year-old righthander.
