Big 3 to Plan Soviet Parley

Violent Storm Misses State; Strength Ebbs

Possible Tornadoes Fail to Materialize Along Southern Michigan

From AP and UP Dispaches

A giant storm front which raked the nation's midsection with lethal tornadoes and thunderstorms, causing at least 11 deaths, this week-end passed harmlessly over Michigan.

Although the storm's strength appeared to be ebbing early today, it was still pouring rain and thunderstorms into the eastern and southern United States.

The Pontiac area, which collected more than one-half inch of rain over the week end, apparently has seen the last of the downpour for the present. The forecast is for cloudy skies and cooler temperatures tonight and tomorrow.

While possible tornadoes along Michigan's southern border failed to materialize last night, a murderous twister ripped through three small communities in northern Alabama yesterday.

The tornadoes, causing property damage estimated at $750,000, killed an elderly couple, a three-year-old boy and his 10-year-old sister.

At least seven midwest traffic deaths were blamed on rain-slick highways or poor visability.

Another tornado roared through the campus of Eastern Kentucky State College at Richmond, destroying a house and unroofing others. Winds gauged at 50 m.p.h. swept Wooster, Ohio.

A tornado passed over Lemont, Ill., without touching down.

Thunderstorms pelted the Carolinas with hailstones up to two inches in diamater at Charlotte, baseball size at Laurens and York, S. C., and four inches in diameter at Rock Hills, S. C.

At 8 a.m. the temperature in downtown Pontiac stood at 52 degrees, rising to 54 degrees at 1 p.m. Today's high is expected to be 54 to 58.

Accidents Fatal to 21 in Michigan

15 Persons Are Killed on State Highways Over Weekend

By THE ASSOCIATED PRESS

Twenty-one persons died in Michigan accidents over the weekend, 15 of them on highways.

One four-car smashup claimed three lives, and a couple died in the flaming collision of their automobile and a truck.

Drownings accounted for three deaths, farm accidents for two and a fall for one.

Traffic fatalities included:

Edward Arnish, 31, his wife, Genevieve, 30, and Stephen Yank, 40, all of Detroit; Millard V. Vanerson, 59, and his wife, Mary, 35, of Lansing; La Vern O'Neil, 30, of Wayne; and Trinidad Huerta, 26, of Detroit.

Douglas W. Leach, 19, of Redford Township; Kenneth Lyle Baker, 26, of Grand Rapids; Charles Howard, 12, of Alanson; William G. Wolf, 31, of Holland; and James E. Duart Jr., 3, of Willow Run Village.

In other mishaps:

Lorne Peake, 14, and Melvin Barret, 10, both of Trout Lake, were drowned. Another drowning victim was 2-year-old Gregory Jon McCaw of Crystal Falls.

Joseph Comay, 64, of Detroit, fell six stories to his death Saturday when his safety belt broke while he was washing windows.

Maurice Kaitzer, 55, of Van Buren County fell off his tractor and was crushed to death.

Saul Henderson, 82, Boyne City farmer, was killed early Sunday when his tractor overturned.

Other traffic victims were Mrs. Beatrice F. Knauss, 34, of Kalamazoo; Robert Kallio, 17, of Ewen, and Mrs. Amalee McAfee, 20, of Eau Claire, Mich.

Singer on Sullivan Show

BACK AT WORK — The TV camera looks good to singer Marion Marlowe as she confers with Ed Sullivan during rehearsal for appearance on his "Toast of the Town" last night. Appearing for the first time since she was fired from the Arthur Godfrey cast April 15, Miss Marlowe has signed up for six Sullivan shows.

Homes Will Feel A-Blast in Tomorrow's Big Test

SURVIVAL CITY, Nev. (AP)—Final touches were put on this tiny town today as more than 5,200 persons prepared for history's most complex atomic test.

Workmen completed furnishing the four homes on Doomsday Drive, the avenue only 4,700 feet away—6 to 10 blocks in most towns—from tomorrow's atomic blast tower.

One of the biggest detonations unleashed at Yucca Flat—a device with the wallop of 40,000 tons of TNT—will be used for a variety of eye-opening experiments.

Most important, this test will show what blast, radiation and fiery heat, can do to the kind of home you live in. The homes on Doomsday Drive will be hit by all three; some farther from the blast by only one or two. Some should escape entirely.

The spacing is planned, for in any real atomic attack it represents part of your chance for survival. Secondly, it's designed to learn how best to protect homes and lives.

Most of the 10 homes under test are more or less completely furnished. Families of clothed man-

Law Voids Opinions on Project Financing

A bill has been signed into law voiding two attorney general's opinions which threatened to jump Pontiac's share in financing the planned Telegraph Rd.-Orchard Lake Ave. grade separation from $125,000 to $250,000.

The two opinions would have forced the city to stand costs of replacing sidewalks removed for widening plus requiring Pontiac and the State Highway Department to divide cost of the project before, instead of after, the deduction of federal aid.

The new measure, entitled the Dykstra Act, restores the old procedure of including sidewalk costs and deducting federal aid first, then splitting the remainder between state and city.

Western Envoys Meeting May 8 to Discuss Talks

Hope for Four-Power Conference Soon; Set Paris as Site

WASHINGTON (AP) — The Western Big Three foreign ministers will meet in Paris May 8 "to discuss concrete plans for holding a four-power conference with the Soviet government."

The State Department in announcing this today said the United States, Britain and France "earnestly hope that a four-power conference can meet as soon as possible."

The brief announcement did not say at what level it hoped the meeting with Russia could be held. President Eisenhower and Secretary of State Dulles have said in the past that a four-power foreign ministers conference should precede any meetings of heads of state.

Moscow has indicated a desire for a meeting of Premier Bulganin with President Eisenhower and British Prime Minister Anthony Eden.

In talking to newsmen at a diplomatic reception on Saturday, Bulganin said he was interested in such a conference and that it was up to Eisenhower and Eden to set a date.

In preparation for the May 8 Paris meeting, American, British and French technical experts will meet in London Wednesday to make what the State Department called "a preliminary study" of the problems to be discussed by the foreign ministers.

The State Department said that "in accordance with the usual practice" the three Western governments will discuss the possible Big Four conference with West German Chancellor Konrad Adenauer and representatives of other Atlantic Pact governments.

"The governments of France, the United Kingdom and the United States," the announcement said, "have consistently given proof of their desire to seek by negotiation the just and peaceful settlement of questions which might disturb the maintenance of enduring peace.

"Moved by the same desire, the three foreign ministers will meet in Paris May 8 in order to discuss concrete plans for holding a four-power conference with the Soviet government.

"In accordance with usual practice they will also discuss this question with the chancellor of the German Federal Republic and ministers of other NATO governments.

"Experts designated by the three governments will meet in London April 27 to make a preliminary study of these problems in preparation for the ministers' discussions.

Strike Violence Sweeps Dixie

Telephone Cables Cut, Rail Bridge Burned as Walkouts Continue

ATLANTA (AP)—A new wave of cable cutting and the knocking out of a railroad bridge by fire were reported as regional telephone and railroad strikes entered their 43rd day today.

The violence climaxed a weekend marked by mob rowdiness in Florida, derailment of a freight train in Kentucky and the failure of three governors to settle the phone strike at an Atlanta conference.

The slashing of cables in Mobile and Montgomery temporarily disrupted service to thousands of Southern Bell Telephone Co. customers in Alabama. One Montgomery radio station was off the air several hours.

A 104-foot section of a Louisville & Nashville Railroad bridge six miles east of Calera, Ala., was so badly damaged by fire it will have to be rebuilt. F. W. Kirchner, L&N division superintendent, estimated damage at $150,000 and said he believed the blaze was of incendiary origin.

Kentucky state police said 25 sticks of dynamite were found attached to an L&N bridge at Wasioto, near Pineville, Ky. Trooper Robert Rose said the dynamite was in a paper shopping bag and was rigged so it could be exploded electrically.

Thailand's Minister Will Tour Detroit

DETROIT (INS) — Thailand Prime Minister P. Pibulsonggram will tour Detroit Friday as a guest of the Ford Motor Co.

The Detroit Council for World Affairs will honor the Field Marshal Friday night and he will receive an honorary degree from the University of Michigan Saturday.

Reds May Use Captives for Bargaining Purposes

BANDUNG, Indonesia (UP)—Communist China today rejected the American terms for a conference on the Formosan crisis and there were strong suggestions Peiping might use 11 imprisoned American fliers as a bargaining point.

Peiping radio announced the rejection and said the U. S. State Department's answer to Premier Chou En-lai's bid to sit down and discuss Formosa "put forward a series of unreasonable prerequisites for such negotiations."

It listed these as the participation of Chiang Kai-shek, the call for an immediate cease-fire in the Formosa Strait, the immediate release of "All American spies" and the acceptance of a United Nations Security Council invitation to discuss the New Zealand proposal on the Formosan issue.

But at the same time, Prime Minister Mohammed Ali of Pakistan said he thought Red China might release the 11 imprisoned American fliers if Peiping were convinced of the United States' sincerity to negotiate the Formosa crisis.

All hinted strongly he had made progress in convincing Chou to release the prisoners in the course of a long talk he had with the Red Premier.

Observers said Chou's reported willingness to discuss the release of the Americans was a strong indication the Communists hoped to use their imprisonment to win concessions on other points.

The flood of developments on the Formosan crisis made it more and more evident that the talks between the United States and Communist China might not come off.

Nationalist officials on Taipei said flatly they would not sit down with the Chinese Communists on any terms. The United States said it would not talk unless the Nationalists were present. And Peiping rejected all American proposals.

Says Broomfield Bill to Abolish MTA Not Doomed

Reports that his bill to abolish the Michigan Turnpike Authority will die in the Senate Highway Committee were termed "unfounded" today by State Sen. William S. Broomfield (R-Royal Oak).

A dispatch last Friday said a majority of the committee, including Chairman Sen. Haskell Nichols (R-Jackson), were against reporting the bill for Senate consideration.

Broomfield arranged the largest public hearing ever held at the capitol last Wednesday when nearly 1,500 persons protested against the proposed Saginaw-Rockwood turnpike.

Nichols' committee is slated to consider the anti-turnpike bill this week. "I don't see how they can refuse to report the measure out for debate after the tremendous showing of public interest," said Broomfield.

"If the Senate is given a chance to vote on the matter I'm quite certain the authority will either be dissolved or many powers taken from it."

Ike Says Vessel to Cruise World as Peace Move

Tells AP Editors He'll Ask Congress Soon for Construction Funds

NEW YORK (INS) —President Eisenhower announced today that the United States will build an atomic powered merchant ship to cruise the world as a dramatic illustration of what the atom can do for mankind when turned to peaceful uses.

The nuclear-propelled craft, Eisenhower said, will have as its mission helping to "bring to all men the truth of our assertion that we seek only a just and lasting peace."

He said he will shortly send Congress a request for funds to build the history-making vessel which, like the Navy's atomic submarine Nautilus, will be able to travel "scores of thousands of miles" — more than around the world—without refueling.

Eisenhower gave no estimate of how much the ship will cost or when actual construction would begin, though he indicated it would be soon.

He disclosed plans for the ship in an address before the annual Associated Press luncheon meeting in New York calling for approval of the administration's tariff program as a vital part of guarding the free world economy against communism.

He warned that failure to enact the program providing for gradual reduction of tariffs over a 3-year period would be a "serious setback to our hopes for global peace."

The Nautilus is the only atomic ship now in operation, though the Navy has plans to build three more submarines of the same general type. The Navy also expects to build nuclear-driven surface craft, but these plans still are in the drawing-board stage.

The President declared the atomic merchant ship, as is true of his atoms-for-peace plan and the recent offer to share information on Salk polio vaccine with other peoples, demonstrates that this country will not be bound by any "slavish adherence to precedent" in its search for peace.

He made no direct mention of the Formosa situation in his prepared text, but spoke with calm confidence on the ability of the United States to deal successfully with all such cold war crises.

Formosa Talks Resume Tonight

U. S. Delegates, Chiang Discussing Situation in Troubled Area

TAIPEI, Formosa (AP)—Top-level sessions on the Formosa situation will be resumed tonight. There still has been no hint as to the specific nature of the emergency mission of two high U.S. officials.

Adm. Arthur W. Radford, chairman of the U.S. Joint Chiefs of Staff, and Asst. Secretary of State Walter Robertson conferred with President Chiang Kai-shek six hours yesterday, shortly after their arrival.

A Chinese source said they discussed the "broad, over-all situation" in the Formosa area, not merely the question of the Matsus and Quemoy, Communist-menaced offshore islands.

Radford and Robertson came to Formosa hurriedly to confer on the U.S.-China mutual defense pact under what the State and Defense departments described as "the tense situation which continues in the area." However, Secretary of State Dulles said Wednesday "no crisis is involved."

Radford and Robertson will dine with Chiang again tonight and it was said the situation would be discussed further after dinner.

On this conversation may depend whether Radford and Robertson depart for home tomorrow or stay over for more conferences with Chiang.

The idea that the visit of Radford and Robertson was a step toward American abandonment of Quemoy and Matsu was losing ground.

Chinese officials who were so gloomy yesterday were noticeably less so today.

Year of Progress Summed Up in AP Annual Report

NEW YORK (AP)—The text of the annual report of the Board of Directors of the Associated Press follows:

The Associated Press went forward on many fronts during the past year.

Membership and staff were preoccupied with a basic objective—a compelling and lucid news presentation that competes effectively for an adequate share of popular attention and study.

The Associated Press has a solemn obligation to provide news and information vital to intelligent decisions on public questions of enduring importance. That responsibility could not be discharged by superficial reporting, skirting controversial areas or dull, routine presentation. It would be a business as well as a professional folly to attempt it.

The Associated Press requires skillful, forthright, objective and fearless reporting. Such reporting can be accomplished only through intelligent and efficient utilization of competent staff and adequate resources. Only through high quality copy can we hope to interest the public, consistently and constructively, in keeping abreast of developments in today's changing and eventful world.

We believe the membership shares the board's conviction that the Associated Press has again met this challenge in the 12 months since our last meeting.

The news report was better than ever. The scope and depth of coverage increased. Memberships and subscriptions expanded all over the world.

On the big stories, the staff performed magnificently. These included the attempted assassinations by gunfire in the House of Representatives chamber, the "off-year" election in November, the Army-McCarthy hearings, the Supreme Court ban on school segregation and the more recent reshuffle in Soviet leadership including the resignation of Russian Premier Malenkov. Interpretation, background, and analysis by experienced writers played an important part in the dominance of Associated Press coverage.

There were many other stories on which AP coverage was outstanding, and repeatedly it was due in large measure to member newspapers and radio stations that had either supplied the facts, the photos or the ideas. Your directors are impressed with the very great increase in membership cooperation.

Our modern Associated Press represents a unique achievement in the creation of a world-wide cooperative enterprise. Its end product is the news of what happened in the world today. The excellence of that product, and the speed of its delivery, depend upon the willingness of each member of the Associated Press to contribute the news he gathers to the great reservoir of AP news on which all of us draw. When we serve that principle of cooperation we serve the Associated Press. All of us gain from allegiance to that principle; all of us lose when we fail to meet its demands.

Perfection in universal application of this principle may be unobtainable. But your Board of Directors is proud of the progress made in recent years.

Your directors deem it highly significant that 77 members were cited in 1954 by the Associated Press Managing Editors Association for memorable and outstanding cooperative productivity.

The board is no less aware of the hundreds of other members whose day-to-day sharing of their news is the bulwark of the report, regionally and nationally, but who had no dramatic opportunities for the sort of attention-attracting coverage which wins awards. They continue to win our appreciation in large measure.

It is pertinent to observe that radio members were among those recognized for outstanding cooperation. Additionally, the general manager's report records the continuing and consistent growth of broadcaster members' participa-

Arrest in Puerto Rico Halts Man Wanted for Killing 3 in Brooklyn

SAN JUAN, P. R. (AP)—A 40-year-old man was arrested yesterday in connection with the knife slaying of a Brooklyn couple and their 2-year old son.

The man, wanted by the New York police, was identified as Gustavo Diaz Gonzales. Island police said he admitted killing Mrs. Rosa Ortiz Grancitano, 40, but denied slaying her husband Peter, 40, and their son Peter Jr.

Police quoted him as saying Mrs. Grancitano had killed the other two before he entered the couple's Brooklyn apartment. Gonzales said he killed Mrs. Grancitano after she went at him with a knife, police said.

* * *

The three bodies were discovered by police last Tuesday. Little Peter's body was stuffed into the refrigerator. Police said robbery apparently was the motive for the slaying of the couple and the child was slain because he recognized the killer.

Police said Gonzales arrived in Puerto Rico April 19, the day the slaying was discovered. He was held without bond.

Salk Polio Shots Hailed as Safer Than Expected

DETROIT (AP) — Dr. F. S. Leeder of the State Health Department says the Salk polio vaccine is "safer than anyone believed."

Leeder said yesterday that 150,000 Michigan children have been inoculated "without a single case of unfavorable reaction."

"We always expect a high percentage of reaction," he said, "but with the Salk vaccine there was not even local tenderness of the area around the vaccination. We are not only surprised, we're delighted."

Inoculation programs for first and second graders in Wayne County areas outside Detroit were scheduled to begin today.

Other counties planning to start inoculations today are Bay, Macomb, Saginaw, Ingham, Jackson, Calhoun, Kalamazoo, Hillsdale, Lenawee, Monroe, Branch and St. Joseph.

Kent County plans to begin inoculations tomorrow.

Cindy Goes Home From City Hospital

Cindy Lynn Montgomery, who spent her fourth birthday in the hospital after police said she was beaten savagely by a 12-year-old boy, went home yesterday.

The tot, daughter of Mr. and Mrs. Charles E. Montgomery, of 575 E. Mansfield Ave., was released by Pontiac General Hospital authorities at 3:30 p.m.

She was on the critical list for nine days after being struck on the head and body with a nail-studded board April 12. She suffered puncture wounds to the head, back and abdomen.

The boy is currently being held at the Oakland County Juvenile Home pending psychiatric tests.

Woman, Missing 5 Days, Is Found Dead in Home

Funeral arrangements for Mrs. Margaret Voris, 59, of 26½ W. Kennett Rd., were pending today at the Donelson-Johns Funeral Home.

Missing since April 20, according to Pontiac Police, she was discovered in her apartment Sunday afternoon dead from a self-inflicted gunshot. Dr. I. C. Prevette, deputy coroner pronounced the death a suicide.

School Breakin Reported

Pontiac Police today were investigating a breakin of the Jefferson Junior High School which was ransacked over the weekend. Police, who said entry was gained by breaking a window, added that nothing had been determined missing.

500 Bicycle License Tags Issued in City

Pontiac Police, cooperating with the Chamber of Commerce Safety Committee and the Optimist Club in the annual bicycle inspections here, reported today that some 500 bicycle owners have been issued license tags so far.

The program, which started last week and will continue through May 17, had been completed at three schools by this morning.

Clyde R. Haskill, committee chairman, said the yearly program is a service rendered to save bicycle owners time. Ordinarily the tags are purchased at the Police Department.

"We urge every bike owner," said Haskill, "to obtain a license plate in case the bike is stolen. It's almost impossible for police to recover a bicycle without the tags."

Inspections today are underway at the McCarroll School. Inspection teams will be at the Bagley School on Wednesday; Central, Thursday; Crofoot, Friday; Emerson, May 3; Hawthorne, May 4; LeBarron, May 5; Malkim, May 9; Webster, May 10; Whittfield, May 11; Whittier, May 12; Wisner and Bailey, May 17.

St. Michael and St. Frederick Schools are scheduled for May 2. St. Trinity Lutheran School will receive the inspection May 4. Emanuel Baptist School will be visited May 5.

Dragging Continues for Drowning Victim

Dragging continued today for the body of 20-year-old Seaman Robert Golebiewski of Hamtramck, who drowned Friday in Round Lake, near Lakeville.

Seaman Kenneth Carneal, 18, of Roseville swam to shore and George Hunt, 16, of E. Detroit was drowned along with Golebiewski when their boat capsized on the small lake about a half-mile southeast of Lakeville Lake.

Hunt's body was recovered about an hour after the mishap by Addison Township volunteer firemen. The firemen continued dragging all day Friday and Saturday. Efforts to spot the body from an airplane flying overhead and repeated attempts by a diver also were unsuccessful.

Oakland County Sheriff's department said at noon today that dragging would continue this afternoon, but that the divers had returned to Detroit.

Give Polio Shot to Young Ike, His Classmates

FT. LEAVENWORTH, Kan. (UP) —David Eisenhower, 7, the President's grandson, gets his first shot of the new Salk polio vaccine today.

The boy was scheduled to line up with other members of his first-grade class at the U.S. Army hospital dispensary here at noon. His famous grandfather last week gave his personal congratulations to Dr. Jonas Salk, developer of the vaccine.

David's father, Maj. John Eisenhower, is a student at the Command and General Staff College at Ft. Leavenworth.

David's two sisters, Barbara, 5, and Susan, 3, have not yet received their anti-polio shots. Barbara attends kindergarten here.

Maj. Henry Robertus Jr., Ft. Leavenworth Public Information Officer, said their mother has requested that the girls be given shots as soon as there is enough vaccine available for their age groups.

Warning Issued Against 'Real Estate Firm' Claims

Pontiac business people today were warned by the Chamber of Commerce's Business Ethics Board to be wary of out-of-town "real estate" firms which claim to have a buyer for the business.

The whole thing usually winds up with the businessman paying from $250 to $400 to the firm for space in a buyers guide-type magazine, said John W. Hirlinger, assistant manager of the Chamber.

"These firms, usually operating from Chicago, Cleveland or Los Angeles, lead people to believe they are in business to sell property and that they will get a better price than local agents," Hirlinger said.

"Actually, all they are doing is selling space in a magazine with nothing but page after page of ads. For $250, the businessman gets nothing but a little ad on one of the pages."

Hirlinger said the companies usually start their operation with a mail "pitch," then send a salesman out. He said as far as he knows, only business people have been approached.

He listed these precautions:

1. Do business only with licensed brokers.

2. Don't pay money or sign orders in advance.

"Anyone who feels he has been victimized should call our office or write the Federal Trade Commission in Washington," he said.

Pontiac Deaths

Mrs. Ann F. Clark

Mrs. Ann F. Clark, 67, of 196½ South Parke Street, died at her home this morning after a year's illness.

Arrangements are being made by the Donelson-Johns Funeral Home to have her taken to Goodwin's Funeral Home at Cadiz, Ky., where service will be held, with burial in the East End Cemetery at Cadiz.

Mrs. Clark was born Oct. 4, 1887, the daughter of Robert and Ellen Cameron Cunningham, in Trigg County, Ky. She came to Pontiac 12 years ago from Cadiz, marrying William C. Clark, who survives her, on Oct. 30, 1943.

Surviving besides her husband are four daughters, Mrs. Annie Wallace, Canton, Ky., Mrs. Elsie Cummnigs, Blytheville, Ark., Mrs. Alene Marshall, St. Louis, Mo., and Mrs. Doris Yeager of Hammond, Ind.; a son, Rex Cunningham of Florida; one sister, Mrs. Rosie Crisp, Greenville, Ky.; nine grandchildren and four great grandchildren.

James A. Van Epps

Service will be held at 1 p. m. Wednesday from the Donelson-Johns Funeral Home for James A. Van Epps, 83, who died in a Pontiac hospital Saturday evening. The Rev. Paul R. Havens of the First Methodist Church will officiate and burial will be in Lakeside Cemetery, Holly.

Mr. Van Epps, who had made his home with his daughter, Mrs. Clyde E. DeMond of 1801 Ward Rd., had lived in Pontiac the past 32 years.

Born Nov. 12, 1871, in Northville, he was the son of James A. and Mary Ann Walters Van Epps. A lifetime resident of Oakland County, Mr. Van Epps had been a farmer, coming to Pontiac from Walled Lake.

He is survived by Mrs. DeMond and one brother, William Van Epps of Pontiac.

E. G. Olivarri, Sr.

Word has been received here of the death, Saturday, of Edward (E. G.) Olivarri Sr., Pontiac resident during the summer months.

Mr. Olivarri, whose winter home is San Antonio, Texas, was ill for one month.

His Pontiac survivors include Lita O. Kern, his daughter; Paul A. Kern Jr., grandson, and four great-grandchildren. A son, E. G. Olivarri Jr., also survives in San Antonio.

Service and burial are scheduled for 9 a.m. Tuesday, in San Antonio.

Margaret Ann Talbot

Service for Margaret Ann Talbot, 5, who died Saturday morning in St. Joseph Mercy Hospital, will be held at 9 a.m. Tuesday from St. Michael Catholic Church.

The Rev. Michael J. O'Reilly will officiate and burial will be in White Chapel Memorial Cemetery. Margaret will be at the Voorhees Siple Funeral Home until time for service.

The little girl was a kindergarten student at Hawthorne School. Born Sept. 20, 1949, the daughter of John J. and Florence L. McDonough Talbot, she lived with her parents at 2290 Ostrum St.

Surviving besides her parents are two sisters, Linda M. and Jacqueline A., and one brother, Gerald A., all at home.

GOC Meets Tuesday

A general meeting for personnel of the Pontiac Ground Observer Corps unit will be held at 7:30 p.m. Tuesday in the committee room, 5th floor, Oakland County Office Building.

AP Board Reports Year of Progress

(Continued From Page One)

tion in enlargement of news reservoirs.

The original objective of having radio share in the cost of collecting news was achieved from the earliest days of our entry into this field. The financial benefits of thus enlarging our cooperative effort have grown steadily over the years as the radio membership increased. That the relationship has been mutually advantageous is evidenced by the net gain of 112 radio-television members during 1954.

There are more than 350 radio members located in cities or towns where there is no newspaper or newspaper member and where our news protection previously depended upon non-member arrangements. For a single example of another sort, 334 news items were carried from one radio member in a three-newspaper city.

It is less than ten years since the Associated Press began reestablishing and expanding its news distribution abroad. The success of that endeavor in numerical terms is highly gratifying;—an increase of 11 per cent or 390 subscribers to news or newsphoto services was recorded during 1954 alone. More important to the membership is the fact that the expansion of the organization's operations is based faithfully on the principles of mutuality and cooperation.

Our international operations are conducted without subsidy, direct or indirect. Expansion has been achieved on the merits of the service. There has been no compromise with integrity and honest news reporting. We have shunned all arrangements which involved distribution of news designed to serve the purposes of foreign or domestic governmental propaganda, directly or by implication. Subscribers pay all the costs of delivering the service and also share fairly in the expense of worldwide collection. Benefits do not end here.

The management's ingenuity and enterprise are taxed constantly, to meet the difficult news coverage requirements and the demands of the membership, in an era of steadily increasing costs. These problems have been met for several years without a general increase in charges, and no effort in maintaining that policy will be spared in the year ahead. The board has consistently directed the management to operate on the most economical basis possible, consistent with the requirements; however, it is convinced the membership desires first of all a news service which fulfills its responsibilities.

Even at the risk of inadvertently slighting functions equally deserving, the board commends the striking development of enterprise reporting, particularly those dispatches by the AP newsfeatures budget handled by wire. Week after week, this branch of the service provides for members a wide variety of copy designed (1) To meet the broader need for public information on urgent questions and problems, and (2) To enable members to compete effectively for the attention of the public.

Water Assessment Payable in Sylvan

Sylvan Lake property owners may now pay their special assessments for the city's new water system at the city treasurer's office, City Manager Ernest L. Ethier said today.

Property owners also have the option of paying the assessment over a 15-year period, Ethier said. Those who choose to do so, however, will pay a five per cent interest fee.

Ethier also reminded Sylvan Lake residents sewer service bills are payable through the end of this week without penalty. A 10 per cent penalty will be charged after May 1.

Beginning at 7 a.m. next Monday, the city's annual spring pickup of brush, rubbish and refuse will be held.

Man Treated for Cuts After Wreck Saturday

Lowell R. Williams, 26, of Waterford Township, was treated at Pontiac General Hospital for face cuts after his car collided with another Saturday night at Elizabeth Lake and Lochaven Rds., Waterford Township Police said.

His car struck the rear of one being driven by Donald H. Johns, 46, of 153 Murphy Ave., Pontiac. Patrolmen Fred Pender and William Stokes said they arrested Williams on a drunk and disorderly charge.

Body of Jazz Trumpeter Will Be Cremated Today

BEVERLY HILLS, Calif., (AP)—The body of Henry Busse, whose muted trumpet solos with the original Paul Whiteman Band made jazz history, will be cremated today.

The Day in Birmingham

Eton Road Buffer Strip Up for Hearing Tonight

BIRMINGHAM — Seven public hearings — most controversial the one on the proposed buffer strip along Eton road south of the Grand Trunk station—will be held by the City Commission tonight.

Five hearings are on special assessment districts for paving portions of Edgewood, Bird, Southlawn, Grand and Catalpa; One is on installing manholes in Belmont Subdivision near the junction of the Belmont and Chesterfield sewers.

The Eton buffer is based on a plan by the city to acquire 24 lots — four at the east end of each of six streets — and make them into a park-like strip at the expense of adjoining property owners who want to be screened from factories on the east side of Eton. One of the lots contains a newly built house.

Several property owners have indicated they do not want to pay any of the bill. Others want to limit the expense to not more than $200 apiece and enlarge the special assessment district to spread the expense.

D. C. Egbert, city manager, will propose a substitute plan of acquiring only 12 lots—one on the north and one on the south side of the ends of the six streets—and construction of "tot lots," or play areas for small children, at Bowers and at Webster.

Egbert also has asked the commission to determine its policy on a municipal income tax which has been proposed in the Legislature. In this area the tax would chiefly benefit Detroit, officials said.

Definite determination of whether to condemn for a parking lot the block bounded by Bates, Henrietta, Merrill and Townsend also will be sought by Egbert. This is the block immediately south of Shain Park which the voters decided April 4 should not be abandoned in favor of parking.

Mrs. Henry Stephens

Mrs. Henry (Ellen) Stephens, 82, of 536 Hanna St., died Saturday at her residence after a year's illness.

A member of the First Baptist Church, she had been a Birmingham resident since 1916. She also resided in Deford for 10 years.

Surviving are a daughter, Mrs. George Jackson of Birmingham; two sons, Edward Stephens of Howell, and Phillip Stephens of Highland; a sister, Mrs. J. B. Funk of Marlette; eight grandchildren and five great-grandchildren.

Service will be held at 2 p.m. Tuesday at the Manley Bailey Funeral Home, with burial in Greenwood Cemetery.

Jury Club Participated

Jury Club members participated in the Cancer Society Tag Day last Friday. The club's name was accidentally omitted from the list of workers in Saturday's Pontiac Press story.

Four Pontiac Men Given Jail Terms

Four Pontiac men were sentenced to terms in Jackson state prison this morning by Oakland County Circuit Judge George B. Hartrick after being found guilty April 7 of breaking into the Detroit Creamery, 370 Orchard Lake Ave., last July 2.

Receiving 3 to 15 years were Percy Thomas, 35, of 522½ Highland Ave.; Joseph Johnson, 19, of 293 W. South Blvd.; and John Gipson, 29, of 396 Highland.

Sentenced to 1½ to 15 years was Percy Buckley, 24, of 503 Highland.

Pontiac Couple Jailed for Possessing Beer

Aloysius J. Theresch, 18, of 1257 Cloverlawn Ave., and Geraldine Johnson, 19, of 435 Raeburn St., both pleaded guilty Saturday to illegal possession of beer and were sentenced to five days in jail and fined $50 each by Municipal Judge Cecil McCallum.

They were charged after their arrest by Pontiac Police Friday night on S. Saginaw street.

Crime Rate Up 5 Pct. in 1954

FBI Report Shows One Major Felony Occurred Every 13.9 Seconds

WASHINGTON (AP) — The U. S. crime rate took another 5 per cent jump in 1954, with major offenses estimated at 2,267,250, FBI Director J. Edgar Hoover reported today.

This translates into one major crime committed every 13.9 seconds.

Hoover noted that last year was the seventh consecutive year in which the crime rate rose, and the third straight year in which more than two million serious offenses occurred.

* * *

The statistics, published in the FBI's annual Uniform Crime Reports, showed that while the nation's population grew by 7 per cent since 1950, the crime rate was increasing by 26.7 per cent during the same period.

The 1954 figures were based on data supplied to the FBI by 5,787 law enforcement agencies covering 90 per cent of the population.

These reports indicated that for every day in 1954, an estimated 34 persons were feloniously slain and 256 other felonious assaults were committed; 49 rapes occurred; 3,674 larcenies were committed; 592 cars were stolen; and there were 185 robberies and 1,422 burglaries.

* * *

The rise in the crime rate last year was largely due to increases in robbery (6.8 per cent), burglary (8.4 per cent) and larceny (5.8 per cent).

Murders dropped off 4.3 per cent in both city and rural areas and auto thefts declined 4.7 per cent. Rapes showed a 0.7 per cent increase and aggravated assaults rose 1 per cent.

Clean Sweepdown in L.A.

LOS ANGELES (AP) — It was spring cleaning for 60 Rotary Club members and 10 of their wives yesterday. The group, with shovels and brooms, swept 10 miles of streets and alleys in East Los Angeles. More than 20 big truckloads of trash, papers and weeds were hauled away.

"Bonanzagram"

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press May 6.

Claim Check

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 8 is published Friday, May 6. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 8

Edward E. Johnston, sales manager for the Underwood Nurseries, left his office early one Wednesday afternoon in April for a visit to the company's experimental herb laboratory in the nearby countryside. He left with his secretary, Miss M. Spence, a towering pile of unfinished work, some of it personal. Arriving at work the following morning, he found a note on his desk, apparently tear-stained in the writing, so that some of the letters were illegible. Without Mr. Johnston's knowledge of the business, can you figure out, as he did, what Miss Spence intended to convey in her message?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message. Clues may also be found in the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation as well as words must be correct for a winning solution.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. **Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, May 3.** Mail entries must be **postmarked before midnight Tuesday,** May 3 for Bonanzagram No. 8. Address "Bonanzagram, %, Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but **contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.**

4. **Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.**

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." Postmark on this letter must be not later than 5 p. m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly "Bonanzagram." If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Walt Disney's True Life Adventures

Accuser Fails to Jolt Widow

Wife of Slain Attorney Calm as Man Names Her in Murder Plot

PORTLAND, Ore. (AP)—Mrs. Marjorie Smith "didn't bat an eye" in a death plot against her husband.

That was the way police described the meeting yesterday between Mrs. Smith and Thomas A. Marlin, her accuser.

The 35-year-old mother of two children is charged with first-degree murder in the bomb death here last Thursday of her husband, Kermit, a Portland attorney.

* * *

Throughout long hours of questioning she has steadfastly maintained her innocence, despite a confession of Victor L. Wolf, a Portland electrician, that he and Mrs. Smith plotted the slaying.

Wolf said he hooked up a dynamite charge in Smith's car that went off when Smith turned the ignition key. Smith was killed outright. Wolf's statement said the motive was love for Mrs. Smith and $21,000 insurance on Smith.

Wolf, 45, and Mrs. Smith were arrested within 24 hours after the slaying.

Yesterday police questioned Marlin, whom Wolf had mentioned in discussing the bombing. Marlin said he had known Mrs. Smith for 12 years and that two weeks ago she had tried to enlist his aid in a plot to kill her husband. Marlin said she told him she had made arrangements for a man to shoot Smith but that she needed someone to drive the car.

Marlin said she frequently spoke in this manner and that he did not take her seriously.

Police speculated on the basis of Wolf's confession that the plans for the slaying then were changed and the bombing plan hit upon.

Texas Hard Hit

AUSTIN, Tex., (AP)—"Much of the land in west Texas is in far worse shape now than at any time in history," John White, state agriculture commissioner, said yesterday. He said conditions in the drought area are worse than in the "dust bowl" era of the '30s.

Free Ex-Suitor of Slain Nurse

Girl Found Bludgeoned to Death on Bed Set Aflame by Killer

BROOKLINE, Mass. (AP) — Police said early today they were without a "definite suspect" in the bludgeon slaying of pretty Miss Elizabeth Dose, 29, a Beth Israel Hospital nurse.

The statement came after police released a man they described as a former suitor of the nurse.

The man's release followed several hours of questioning last night and early today.

He was taken into custody without charge after, police said, a lie detector and chemical tests "tended" to bring suspicion on him.

* * *

Through answers to several questions, however, the man was able to clear himself to the satisfaction of authorities, who said his alibi "checked out okay."

The man who killed the attractive nurse by striking her on the head with a heavy weapon tried to cover up his crime by setting fire to the bed on which she lay. A medical examination showed she was clubbed to death.

Police said a Cambridge man informed them he and Miss Dose had a date Friday night and that they both returned to her apartment.

* * *

He was quoted as saying that Miss Dose changed into a robe and had coffee with him before he left about 12:30 a.m. Saturday. The killer apparently entered the apartment after he left.

About four hours later three other tenants of the apartment house smelled smoke and together they broke into Miss Dose's kitchenette apartment and discovered her body on the burning bed.

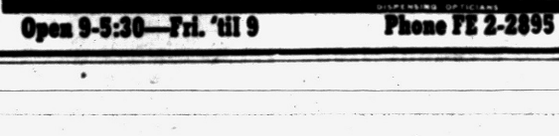

* * *

Police said she had not been sexually attacked and that robbery was not the motive.

Police pointed out it would have been easy to gain entrance into the nurse's apartment through a fire escape.

Firm Follows Example of Pin-Striped Angel

By PHYLLIS BATTELLE

NEW YORK (INS) — George M. Verity was a fine Joe—the kind of boss who paid for his workers' illnesses on the QT, who played secret Santa Claus to their kids—and that is how it all started.

Here was a man who inspired a big business corporation to act like an international troop of Girl and Boy Scouts!

When Verity died in 1942, the rich Armco Steel Company, which he founded, felt a little like two cents. It still had all the traditional big-business requirements: It made plenty of money and long-winded speeches. But the soft heart had dropped out of the operation, and the boys in the home office of Middletown, Ohio, could feel it.

"Seems like," said Joe Gividen to the new president, Charles Hook, "we ought to do something about this." Hook agreed, and together they devised a plan called Operation Kindness.

This means that in late April, each year, 30,000 Armco workers in plants from Johannesburg to Tokyo, perform at least one good deed in honor and memory of their one-time boss.

So George Verity (who was called a pin-stripped angel in Dayton, Ohio, where I hail from) has now helped—by immortal osmosis, you might say—more than a million persons the world over.

They call the day "Founders" or "Good Deeds" Day and, down to the last coke & blast samaritan and open-hearth worker, they go all out.

In Piqua, Ohio, a quarry digger was stricken by a chronic disease and forced to quit work. His fellow workers, both men and women, donated 896 man-hours of work so that—on "Good Deeds Day—the man and his family had a new, no-expense frame house.

Other communities attempt broader projects. In Mexico City, for example; the Crippled Children's Hospital is the chief Armco projeet. By collecting money through fund-raising projects all year (it is not considered quite cricket to donate money—instead the money should be worked for), the hospital was presented on the big day with 25 sheets, 78 bath towels, and 234 articles of clothing.

In Johannesburg, the good deeders built a swimming pool this year for a deaf and dumb children's school; but in Tokyo, the Armco crusaders preferred to care for old people, installing a phonograph and record collection large enough to satisfy the needs of some 600 residents of a home for the aged.

To me, this seems like an ideal way to promote happiness while promoting good personnel relations. Every normal person with a smidgin of good sense realizes that the old clinches are true. Giving is more satisfying than receiving. And the busier you are, the happier.

Therefore, it stands to reason that Operation Kindness should lend itself to more intra-corporation contentment than such other traditional big business enterpirses as: The semi-monthly pep letter, posted on the bulletin board; the annual spring outing featuring sack races and tables for the ladies; the inter-office bowling and softball leagues, or the frolicksome, free-loading institution called the "all office Christmas party."

But of course, not every company has a pin-stripped angel to pattern its personnel after.

Air Force Worried About Auto Crashes

WASHINGTON (AP) — The Air Force has expressed "serious concern" about accidents—auto accidents.

In a report to a House Appropriations subcommittee, released today, the Air Force said its men have about five times as many auto accidents as airplane accidents.

In 1954 there were 757 fatalities from airplane accidents and 608 from auto crashes. But 5,324 military personnel were injured in auto accidents, compared with 529 in planes.

Altogether there were 6,460 auto accidents, 1,346 airplane crashes.

Nighttime Visibility Cut by Tinted Windshields

LOS ANGELES (UP) — Dr. Heinze Haber of the University of California's Institute of Transportation and Traffic Engineering reports that tests show night visibility is cut as much as 45 per cent by colored glass in auto windshields.

The tinted glass does not keep out much daytime glare either, he said, and its only significant advantage is in keeping out the sun's heat rays on a warm day.

96.4 Per Cent of Farms in Nebraska Are Wired

OMAHA, Neb. (UP)—Nebraska farmers are active users of electricity, and they don't mind paying for it.

Rural Electrification Administration records show that 96.4 per cent of the farms in Nebraska receive electric power.

The records show also that Nebraska REA borrowers are $2,737,000 ahead in paying back loans to the REA.

The state led the nation in loans made in 1954.

Eisenhower Backs Higher Postal Rates

Before long Congress will have to answer what has become almost a perennial question.

That is whether postal rates should remain at present levels or should be increased to reduce the annual operating deficit.

Start toward a decision will be made when hearings are opened by the House Post Office and Civil Service Committee on a postal rate raise bill. The bill is sponsored by Committee Chairman Tom Murray, Democrat, Tennessee. It would provide $343,000,000 in urgently needed additional revenue.

★ ★ ★

Most of the increase would be derived by boosting the postage on first class letters, second class newspapers and magazines and third class books and advertising circulars. The Murray bill has the endorsement of the Eisenhower Administration but it is certain to face strong opposition.

Foes of higher rates contend mail delivery is a service of the Federal Government and shouldn't be expected to support itself entirely.

★ ★ ★

That theory is expensive, having resulted in a 1954 deficit of $399,000,000.

Postmaster General Summerfield estimates the postal deficit for fiscal 1955 at $313,000,000. This would skyrocket if the pay boost just voted postal workers escapes a veto.

The Press long has believed that our postal service should be operated on a business like basis. In short, we think those who use use the service should pay for it and that the rates should be sufficient to defray the costs of all operations properly chargeable to the department.

U. S. at Trade Fairs

Something new has been added to our commercial life — U. S. participation in foreign trade fairs.

It was last December at Bangkok that the first U. S. exhibit was placed in a foreign trade fair. The general practice in this country has been for stores to send buyers to New York or Chicago and for manufacturers to send salesmen around the country.

★ ★ ★

But now in our Commerce Department there has been established an Office of International Trade Fairs. Its purpose is to encourage greater American participation in this form of merchandising so popular and effective in Europe.

For the first time the United States is officially represented at the trade fair in Milan, Italy, and before the year is out will have exhibits at some 40 similar fairs on the Continent.

★ ★ ★

Outstanding among the fairs is that at Frankfurt, Germany, which has been operating for 600 years. Another famous example is the German Industrial Fair at Hannover where 3,735 firms from 12 countries will have exhibits.

Last year 1,200,000 businessmen attended this fair. Because of the large attendance and lack of sufficient room, the general public was excluded.

The favorable reception given the U. S. exhibit at Milan suggests that displays at other fairs will pay U. S. manufacturers satisfying dividends.

Social Security Fund Ample at Present Rates

If you are among those who have feared that our social security fund would prove inadequate, forget it.

The good news is that there is plenty of money in our old age pension fund to pay beneficiaries for years to come without any increase in pay roll deductions.

★ ★ ★

According to the Social Security System's board, the number of persons drawing benefits will rise from 6,900,000 last December to around 10,000,000 by 1960 and 19,000,000 in 1980.

Benefit payments thus will grow from $5.4 billion in 1954 to $7.3 billion in 1960, $11.4 in 1970 and around $20 billion by the year 2000.

Impressive as these figures are, *U.S. News & World Report* shows they should occasion nobody any alarm. In fact, at present scheduled payroll deduction increases and assuming medium costs, the reserve fund will reach $60 billion in the year 1983. It will remain at that level for some 30 years and then begin to decline slowly.

★ ★ ★

These figures thus justify the reassuring conclusion that the old age pension fund will be self supporting at least until the year 2013. Few of us now living will have to worry about it thereafter.

"Guard This With Your Life—and Ours"

David Lawrence Says:

Russian-Austrian Treaty Catches Paris Off Guard

PARIS—It is hard to describe the shock which swept official circles in France when the first news came that Soviet Russia after ten years had decided to abandon her stubborn refusal to sign the peace treaty with Austria to which all the other powers had long ago given their approval.

Did it mean a real change in the Soviet attitude, or was it just another move in a cruel game often called the "cold war"? These questions were asked again and again as French officials prepared themselves for the repercussion. For anything that Moscow does has to be reckoned with in terms of domestic propaganda carried on here by thousands of Communist agents who have the advantage of maintaining a political party headquarters with all the machinery necessary to influence votes in the Parliament even outside the Communist bloc itself.

Thus, for example, the most important result of the Moscow action in agreeing to approve an Austrian treaty is to give a decided impetus to the movement for a "four power conference." This means a meeting of the foreign ministers of Soviet Russia, Great Britain and France and Secretary of State Dulles.

If such a conference could bring forth an agreement not merely to approve the neutralization of Austria but also—what is of infinitely greater importance—the neutralization of Soviet Russia herself, the event would be a real step toward world peace.

For today it is not so important whether Austria agrees to keep out of any alliances of a military nature but whether Soviet Russia will take convincing steps to end her military threat against the West.

It is the Soviet Union's refusal to withdraw her armies of occupation from East Germany and from the satellite states which has caused the Western allies to take counter-measures such as the establishment of the North Atlantic Treaty Organization, with its military bases and co-ordinated forces in being.

Nobody would have suggested such a military alliance in 1946 when the Soviet Union was still a trusted ally. It was only when Moscow began to go it alone and to generate friction throughout the occupied zones and especially in Berlin that the free world woke up to the fact that the rulers of the slave world had hostile designs on the Western countries.

Having taken protective measures, the Western allies today are moving in diplomacy on the theory that an attack has been deterred and that Soviet Russia has been checkmated militarily and will begin, therefore, to play ball with the other members of the team which saved her from Hitler's murderous conquest.

But morality is never imposed by force or the threat to use it. Gangsters remain gangsters no matter how many reprieves they get. Unfortunately in the free world, where materialism and the comforts of living have bred a wishful-thinking philosophy — that Soviet Russia will reform if a lot of four-power conferences are held —there is a tendency to throw moral principles to the winds and rely wholly on expedient policies.

This means giving concessions to Soviet Russia to buy her cooperation—a position which may make the Communist regime wonder if the amassed military force will ever be used against her and whether the Western governments have not after all succumbed to a peace-at-any-price doctrine.

Out of precisely such a miscalculation by the aggressor came World War I and also World War II. But history is soon forgotten and those who call attention to it or insist on morality above expediency are shouted down as advocates of "preventive war" or as "warmongers."

The hypocrisy of it all can best be illustrated by the speeches here and abroad demanding that Red China be recognized and admitted to the United Nations because the Peiping government has full control of the main territory of China.

It is solemnly asserted, moreover, that this action need not mean approval or disapproval of any form of government. Yet the Franco government has been in full territorial control of Spain for many years now, and not a voice do these same sponsors of Red China—either in Europe or at the Bandung Asian-African conference or even in the United States—raise in behalf of the admission of Spain into the U.N.

Yugoslavia, with her dictatorship, is a member, and so are the Communist states, but they come from the "left" side while Spain is on the "right." To confused men in political life, like Clement Attlee, this evidently makes a difference.

'Concerned' Complains About Children Trespassing, Abusing Others' Property

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Why do parents think it is right to allow their children to chase around on other people's property, throwing stones, sticks, papers and jumping and fighting on porches?

This takes place at night as well as in the daytime. If politely asked to leave the premises, they snap back with profanity and abuse.

Why isn't there something done about this? No wonder there is so much delinquency. Why can't we have a curfew?

Concerned

'Dogs Better Off to Run Loose'

In regard to the "Cats Next" letter concerning dogs chained in the boiling sun in the summer I ask, "Is that worse than running loose?" It's better to be loose. He can get a drink of water in some pond and find someone who will give him some food, someone who has a heart that's not made of stone.

If the people don't like a dog on their property let them fence the yard in. No one will stop them. Also fence in the school yards as it would save a lot of dogs from being picked up by the dog pound and kicked around like a ball.

As long as people have to pay taxes and pay for inoculations for dogs, the dogs should be able to run loose. Dogs should not be chained as long as we have to buy dog licenses.

We have people where I live who plant gardens and what happens to them? The kids steal the tomatoes, melons and corn. What they don't take with them they crush. A poor dog could not do damage like that. It's the kids who tip most of the garbage cans especially if they don't like you.

Don't begrudge the dog a little bit of food if he's hungry.

'Andy' Describes World Calendar

It must be immediately evident that in a world so closely knit as the world of today where interdependence necessitates close agreement in matters of systems of dating that only a world calendar will suffice.

It is this calendar, the work of many individuals, which has been gaining respect and recognition for almost a hundred years. Now, it is to be reviewed in May by the United Nations' General Assembly. If it is approved there, it is possible that an international convention or agreement will be submitted to the various governments of the world for their adoption.

This proposed calendar will retain our familiar twelve months, but every year will be exactly the same. January 1 each year will always be on Sunday. Every month will have 26 weekdays and four Sundays.

The four quarters will be equal, each having 91 days. The first month in each quarter will have 31 days; the other two, 30 days. At the end of the year, the day following December 30 will be known as World Day.

It will be a world holiday, and every four years after June 30 another world holiday will be added and known as Leap Year Day.

'Sex Offender Plan Under Way'

If one reads the Pontiac Press completely, he will find that Mr. Ziem, Mr. Giroux and the rest of the Prosecuting Attorney's office, Mr. Irons and the Sheriff's Department have a constructive plan for dealing with sex deviates that might well be copied across the nation.

It requires the complete cooperation of the people. Have faith in them and someday our city and county may be free of the fiends who prey on little children.

Mother of a Little Girl

Baering Down

By ARTHUR "BUGS" BAER

(International News Service)

How far should a reporter go in stretching a confidence? Until it snaps back and knocks his hat off?

We feel no reporter is bound by a candidate's self-addressed opening, "This is off the record." Unlike Josh Billings' cannon, a mouth can be shot off a little at a time.

A political reporter is a man with a nose for news and an ear to filter it. Anything said at a big dinner or penciled at a convention is right down his alley and out the other end.

The question is should you break bread with a man and run the crumbs through a Univac?

That was done this spring when a chair-bound kernel popped off on the Matsu-Quemoy axis. The next thing he knew a fissionated Bromo Seltzer blew him loose from his toupee. That little toot-a-toot with a reporter had become an all-points bulletin.

Bertillion said a bird could not fly through a cloud without leaving a trace. And a retired kernel cannot run a stick along a picket fence without spelling something in code.

It might be well for the kernel to remember his tongue is older than his teeth.

And that nobody above the rank of dog robber, second class, should make a statement he can prove.

The Affair Big Mouth didn't come off so badly for the kernel. He is back in his club armchair. But not in the window facing Pennsylvania Avenue.

How to Meet Friends

I noticed a girl reading some jokes upside down. She seemed to be reading it without difficulty, for she turned the pages regularly. The next time I passed her seat I noted that the pages inside the cover were rightside up, and politely asked her for an explanation. "Sit down," she smiled, "and I'll tell you all about it. Whenever I travel, I buy a magazine, pull the staples out and put the cover back on upside down. Someone always notices me apparently reading upside down, thinks I'm faking, and comes over to investigate. Then when they see the pages rightside up they ask why. You'd be surprised how many interesting people I meet that way."

A Scottish visitor to Rhodesia was taken by a Bulawayo friend to the famous World's View, a desolate and rocky spot. When he arrived at the top the Scotsman surveyed the mighty panorama.

Softies

During some particularly tough training the men in a parachute battalion went to an officer with a complaint.

"It's the new cook, sir," they explained; "he's trying to make us soft."

"How so?"

"Well, sir, every time we have boiled barbed wire for dinner he puts sugar in it."

Watch Your English

There had been a horrible train wreck and one of the two English majors felt himself slipping from life.

Case Records of a Psychologist

Habit of Failing to Compliment People Causes Much Unhappiness in World

Frank is an old ball player who tried to do a good turn. But the recipient of his generosity neither thanked Frank with words nor even a cup of coffee. Had he been a member of the "Compliment Club" he would never have been so tactless toward the old men on this volunteer ball team.

By DR. GEORGE W. CRANE

Case O-313: Frank K., aged 61, is a former professional baseball player.

"Dr. Crane, I have a case which should be of benefit to many of your readers," he recently informed me.

"The sponsor of a girls' softball team here in Fort Wayne, Indiana, wanted to install lights around the diamond so he could schedule night games, but the cost was $1,000.

"He paid $200 down and then tried to obtain contributions from his friends. When he asked me, I told him I thought I could suggest a better plan.

"So I promised that I'd recruit enough old ball players of the male sex so he could publicize a contest between the girls and these former professional baseball men.

"Well, at first he didn't think my idea was very good, but when he failed to obtain many contributions, he decided maybe my plan would work.

"So I recruited a dozen men among my acquaintance and the game was widely advertised.

"We had a crowd that filled the small park to overflowing, and he took in over $900 in contributions at the time of the game

"Since he had lacked only $800, his lighted ball diamond was thus assured. And the crowd had a jolly time.

"But the thing that surprised me was his failure to thank the men. He took our efforts for granted.

"And, although he operated a restaurant near the ball diamond, he didn't even invite the old baseball men to have a sandwich and cup of coffee afterwards.

"We hadn't volunteered because of any reward we expected, for we were happy to help furnish the girls a lighted ball diamond.

"But just the same, it seemed odd to us that we received no thanks, either verbal or in the form of a cup of coffee.

"Don't you think this sponsor of the girls' ball club muffed a good opportunity to use your 'Compliment Club' technique on the dozen old ball players who had brought him $900 for his lighting system?"

Yes, I'm sure all of you readers agree this sponsor should have joined the Compliment Club and paid proper tribute to these old ball players.

He might even have invited the dozen men to bring their wives

and have a free supper at his restaurant.

"Oh, he was probably too stingy," you may reply.

And that might have been true, but it is my guess that he was just thoughtless.

For much of the unhappiness and ill will of this world is not based on excessive miserliness regarding money, but is due to the bad habit of not paying attention to the ego hungers of other people.

That's why I so often urge you to join the "Compliment Club" which demands that you pay just three honest compliments daily for 3 consecutive days, without a break.

Then the habit of watching other people for their good traits, will be a habit and you will have obtained a magical formula that will make all your future life happier and far mor successful.

Start today, right in your own home or office or factory or school. Look for merits in your associates. Compliment your wife and your children instead of ignoring their good deeds and only bawling them out when you can find a fault.

Send for the "Compliment Club" booklet enclosing a stamped return envelope, plus a dime, and launch upon it at once. It pays rich rewards!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when 100 words long, pertaining to personal you send for one of his psychological charts.

Injection Beats Surgery for Internal Bleeding Piles

By WILLIAM BRADY, M.D.

Practically painless injection (ambulant, office) treatment for internal hemorrhoids (piles), which detains the patient only a few minutes, once or twice a week, for from four to eight times, is far more satisfactory than the crude 19th century clamp and cautery operation, which hospitalizes the victim for from one to two weeks and is generally attended with or followed by a good deal of pain.

This is the consensus of the many correspondents who have reported their experience.

I hope no reader will assume that injection treatment is the best modern treatment for any case of hemorrhoids (piles). In my judgment it is the method of choice for internal (bleeding) piles—at least it would be if I were the patient. But injection treatment is not applicable to external (the most painful) piles.

External piles demand surgery —the surgery may be done in the doctor's office, perhaps under local anesthesia. But there is no alternative, to the best of my knowledge.

A great deal of popular misunderstanding of the question of treatment of piles is due to the fact that a so-called "attack" of piles that is, accession of or development of great pain and discomfort—naturally subsides in the course of a week, more or less, no matter whether any remedy or treatment has been used or not.

It is difficult to give in a newspaper detailed instructions in hygiene, prevention, alleviation of the "attack," etc., but on request I'll send a pamphlet on "Piles," if you will pay the freight, that is, provide stamped envelope bearing your address.

Many old timers still in practice will growl or sneer at you if or when you venture to ask about this ambulant or injection treatment you have heard about and if they tell you the method was tried long ago and discarded as "no good" or too dangerous or doesn't cure, that is all true. The same objections apply to radical surgery, except that, as I have tried to explain, the modern injection method is worth trying first, unless you are a stoic.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Bob Considine Says:

Shrine Will Stand at Grand Canyon

LAS VEGAS (INS) — "Arizona Highways," the most beautiful magazine in the world," informs me:

"On the south rim of the Grand Canyon, silent witness of the forces of eternity and God, men and women of all faiths today are joining to build a house of worship.

"To the millions who have stood breathless, silent, on the edge of this titanic gorge, there is understanding born of reverence in its name, 'Shrine of the Ages Chapel.' It is only through his soul, grasping for the meaning of the infinite, that men can comprehend this chasm."

Arizona is understandably excited about this project, and is raising $1,000,00 to take care of the plans. The result will be one of the most unusual ecclesiastical structures in the world. Since it is meant to appeal to all faiths as a place of worship, the choice of the architect became a considerable problem. Harold E. Wagoner of Philadelphia, an architect of distinction, and a member of the American Institute of Arts and of the board of directors of the Church Architectural Guild of America, was chosen.

He had his work cut out for him by the federal government.

"The building must be horizontal in movement; must blend with the canyon, reflect the spirit of the Indian kiva and have no tower or appurtence relating to any specific religion," wrote a spokesman for the United States of America. All this is being attended to in the plans, and we trust everything turns out better than the efforts of the United Nations to please one and all and not to offend Russia, which wasn't in favor of U. N. having a place of worship at all.

The big payoff came when Trygvie Lie, then secretary general of U. N., a good man but with a limited outlook on the English language, got around to naming the ecclesiastical capon which the architects built for him. He was afraid to call it a church, mosque, chapel, synagogue, temple, etc. etc. etc., for fear of offending any known sect, nor did he want to offend the standard religions by calling it a meditation room. So in his wonderful aimlessness, in our language, at least, Lie proposed temporarily to call it "rest room."

With the "Shrine of the Ages Chapel," of course, things will be different. There, we are not as concerned with the babel of tongues and the facets of politics and ideologies as in U. N. There, if all goes well and the money is raised, will rise a place of worship completely indigenous of the canyon, a divine house which hopes to be an extension of the eternal rock itself.

The area behind the altar will be a window, looking out upon one of the most startling scenes on the face of the earth. It will not be a very good place for an atheist. It may cause him, if he shows, to wonder whether some power beyond the reach of man cut this incredible wound in the cheek of the earth or pasted the sun, moon and stars against the great dome of the sky.

If you were confused by the word "Kiva" I refer you to greater authority:

"The kiva for centuries has been an integral part of all Indian pueblos," the organization behind the building of the chapel writes. "It is the place of worship of the Hopi, one of the most interesting Indian groups in the United States. The Hopi are agriculturists and the only pueblo (Spanish for village) Indians in arizona. They live in 11 villages. All of these but one are on mesa tops on their reservation, which is entirely surrounded by the reservation of the Navajos."

The kiva has come down from very ancient times. Its memory will be preserved in a chapel which could very well become one of the great attractions of the West. Certainly no place of worship ever had such a head start. As someone wrote:

"It were as though God had chosen this place for his eternal shrine . . . as a living symbol to man that adoration of and reverence to God are as one, if man is to find peace through eternity."

Elbe Vets Plan Moscow Trip

12 Accept Invitation to Joint Celebration of River Meeting in 1945

WASHINGTON (AP)—If they can get passports and money, 12 American World War II veterans hope to go to Moscow for a celebration of the meeting of U.S. and Soviet troops at the Elbe River in Germany 10 years ago.

* * *

The 12, members of a group calling themselves the American Veterans of the Elbe River Linkup, accepted a Russian invitation yesterday in a cable saying without qualification that "we will leave for Moscow in a few days."

But Joseph Polowsky, of Chicago, secretary of the group, conceded that funds must be raised to finance the trip, although he said, "We'll try to figure out something."

There was no official indication what attitude the State Department might take when the men apply for passports.

* * *

Both Polowsky's group and the Elbe Day National Veterans Committee—a group set up by five veterans' organizations—celebrate today the meeting of Russian and American troops at the Elbe April 25, 1945. Armies of the two nations had been fighting across Germany from opposite directions.

Polowsky's group is composed of men actually present at the meeting of the troops.

* * *

The Moscow celebration is planned for May 9, the day Russia recognizes as the end of the fighting with Germany.

The group includes Edwin A. Jeary of Oak Park, Mich.

Hoover Rips GI Cooking

WASHINGTON (AP) — The Hoover Commission says the meals served at U.S. military bases wouldn't meet the standards of a good restaurant. In a report on government buying and handling of food and clothing, the commission said last night that the armed forces buy good quality food but fail to meet commercial standards in the way they prepare and serve it.

Ship Brings In Food

ST. JOHN'S, NFLD. (AP)—The whaling boat Finback carried food and fuel through heaving ice yesterday to Bell Island, where 12,000 people have been bottled up for several weeks by an arctic ice jam. Little fresh meat is left in stores on the island, three miles offshore, and grocers are selling bread only to regular customers.

Japs Ask to Meet Russia in London to End War II

TOKYO (AP)—Japan told Russia today she is ready to meet with the Soviets in London for World War II peace talks. The statement was in a note from Japan's permanent observer at the United Nations to the Soviet United Nations delegate.

The note said Japan assumes the site question is settled, since Moscow has said it was agreeable to London or Geneva. No date wa proposed.

The first flight by the Wright brothers was 120 feet which is less than the wing span of a modern airplane.

Hal Boyle Says:

Adventure Just Waiting for Man to Seek It

By HAL BOYLE

NEW YORK (AP)—"People count themselves to death in this life," said Louis L'Amour, declining to give his age.

With L'Amour, one of America's most prolific adventure writers, keeping his age to himself isn't a matter of vanity. It's a philosophy.

"It isn't the number of years you've lived that's important," he said. "It's a mistake to measure living in terms of years. It's how you've spent the years that puts real meaning into existence."

* * *

Judged by most standards, L'Amour has had enough experiences to last the ordinary man through several reincarnations.

The average adventure writer is a swivel chair dreamer who would think twice before picking a quarrel with his dentist. L'Amour not only looks like the adventure heroes he writes about—he probably could whip one of his own heroes in a fight with either fist or gun.

The big 6-foot-1 inch author weighs 200 and is a judo expert as well as an authority on a desert or jungle survival. He has been a sailor, a miner, a hobo, a professional boxer—he won 54 bouts, lost 5—and an antitank combat officer in World War II.

At 15 he left his home in Jamestown, N.D., and joined a circus as the first step in a search for adventure that has carried him to almost every place in the world.

* * *

"Even then I knew I wanted to write," he recalled. "But I figured I could learn more out of school than in it. I felt I had to see life before I could write about it."

L'Amour educated himself by constant reading during his years of wandering in distant places. Slowly and painfully he also taught himself to write.

"I had 200 stories rejected before I sold my first one for $10," he recalled.

His career has now reached the jackpot stage. He has published more than 400 short stories, turned out half a dozen adventure novels, including "Hondo," made into a movie starring John Wayne, to whom he bears a strong physical resemblance. Recently he sold a magazine serial for $15,000, sat down and wrote another book, "We Shape the Land," in 55 hours at the typewriter in 5 days.

"Usually I don't write that fast," he said. "But writing comes easy to me. I have written about five million words. Usually I write 4 hours every morning every day in the week, and turn out about 12 pages a day.

"It makes no difference how I feel. If you feel bad, writing helps take your mind off your troubles. It doesn't make you feel any better to sit still and do nothing."

L'Amour, who never has smoked, eats candy or chews gum while he writes, and says he can write anywhere—on trains or planes, in crowded restuarants.

* * *

"The only thing that bothers me is dead silence," he said. "Some time ago I read an ad in a Hollywood paper by a writer who wanted a woman to come and merely make homey noises around the house while he worked. I can understand that. Any kind of sound is better than none when you are writing."

L'Amour, a bachelor, lives now in a midtown hotel and is about ready for man's most endurable adventure—matrimony—if he can find the right girl.

He is a specialist on Western lore, but his hobby is the study of survival.

"If you know plants, you can go alone into a desert or jungle and find enough food and water to keep alive indefinitely," he said. "A man can survive anywhere in the world, at sea or on land—except in the antarctic—if he will only use his head.

* * *

"The main enemy to anybody set down unexpectedly in a wild, uninhabited spot is his own sense of panic. That is why lost children often survive in places where adults die. They don't give way to fear."

L'Amour, whose own experiences have proved a fruitful gold mine, has no patience with people who think of adventure as something limited to the glamorous past.

"It isn't," he said, soberly. "There is more adventure alive in the world today than there ever was, plenty of unexplored places. Adventure is there waiting for any man with the courage to go and find it. But you'll never discover it by looking at the calendar—and counting yourself to death."

Car Riders Bail Out

TOKYO (AP) — Two passengers jumped to conclusions last night and then jumped through the window of a moving streetcar. At a hospital where they were treated for minor injuries, Hiroyuki Shiina, 23, and Mrs. Kiku Higuchi, 50, said they thought a shower of sparks caused by a short circuit was a fire in the crowded car.

Woman, 86, Found Raped, Murdered

NEWPORT, R. I., (AP)—Police were seeking clues today in the rape-slaying of Miss Susan B. Franklin, 86, a retired schoolteacher and member of an old Newport family.

Her body was found yesterday on a bed in her colonial home, where she lived alone, in the historic Point section of fashionable Newport.

Her hands were tied behind her back and her ankles were bound with heavy cord.

Medical Examiner Arthur E. O'Dea said she was beaten on the face and raped. Death was due to asphyxiation.

Thief Pockets Money, Then Changes Pants

DALLAS (AP)—A thief stole $290 from a printer's coat pocket at his shop last week. He also took some work clothes from a locker room.

The printer looked around the locker room and found a pair of soiled trousers. He decided the thief must have changed clothes before fleeing.

Checking the pockets, the printer got a pleasant surprise.

He found his $290.

Driving Classes Are Paying Off

Insurance Bureau Cuts Rates for High School Motorists in 39 States

WASHINGTON (UP) — High school students who pass a course in driver education are now entitled to a 10 per cent reduction in their auto insurance, the National Bureau of Casualty Underwriters has announced. The reduction is effective in 39 states and the District of Columbia.

"Driver education courses offered by 10,000 of the nation's high schools are paying dividends," said William G. Carr, executive secretary of the National Education Association.

"Insurance companies, schools and the public need assurance that a minimum program of instruction is being offered in high school driver education. The recently announced plan (110 per cent reduction) indicates that preferred rates will be allowed graduates . . . where the state department of education certifies that at least 30 hours of classroom instruction and six hours of driving time were given."

Only about 25 per cent of eligible high school students are receiving both classroom and practice driving in 7,000 high schools. Another 25 per cent receive only classroom instruction in 3,000 high schools.

"This means that 50 per cent, about 1,000,000 students, come of licensable age every year without any driver education," Carr stressed.

Since 1933, when a few high schools started to teach driver education, it has helped to reduce the number of deaths per 100,000,000 miles of vehicle travel from 15.6 in 1933 to 7.1 in 1953.

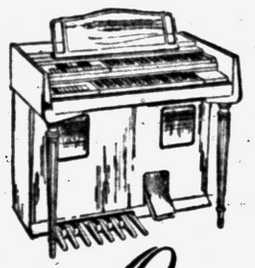

"If we don't pay now to equip our boys and girls with safe driving through high school courses, we wil pay later — for countless accidents," Carr added.

Many high schools operate complete driver education programs at costs averaging $35 per student.

Air Potential of China Told

Twining Claims Russia Could Double or Triple Chou Force Overnight

WASHINGTON (AP)—Gen. Nathan F. Twining advised Congress in February that Red China's air force could be doubled or tripled "overnight" from Russia.

In testimony given Feb. 9 and made public today, the Air Force chief of staff said Red China's "rapidly expanding system of bases . . . gives the Communists the ability to move in aircraft rapidly from the Soviet Union."

* * *

"We cannot ignore their capability to double or triple their air strength in the Far East overnight," he told a House Appropriations subcommittee.

He did not publicly locate the new Chinese airfields nor discuss their relationship to the Formosa Strait.

Early this month, President Eisenhower, in discounting predictions of a possible Red attack on Quemoy and the Matsu Islands by April 15, said the Communists still lacked sufficient airfields and supply bases to support such an assault.

* * *

Twining testified that in the last four years the Communists "have created a whole new air force in Red China and have made it the fourth most powerful air force in the world."

Apparently the others are the United States, the Soviet Union and Great Britain.

The buildup, he said, is continuing and "includes many jet aircraft."

* * *

He said the U.S. Air Force is continuing "important studies" to develop "a hard-hitting, self-protective combination of fighters and light bombers" capable of delivering tactical, or close-range, nuclear weapons.

French, Algerians Clash as Holy Month Begins

ALGIERS, Algeria (AP)—Scattered weekend clashes between French security forces and guerrilla bands resulted in 11 deaths in troubled Algeria as Moslem faithful began the observance of Ramadan, their holy month.

Eight Algerians died in fighting with the French and two were found bound, their throats cut by unknown assailants. One French paratrooper fell in battle with guerrillas in northern Algeria.

A TRIP TO THE CIRCUS—1
The Acrobatic Dog

"Welcome to the Junior Editors Circus, boys and girls!

"I'm Happy Jim, back again after winter vacation to bring you the thrills of the Big Top.

"Everything is new and shiny and freshly painted. And there's a dazzling array of 50 acts.

"We're almost ready now. I am the ring master. When I blow my whistle it lets the performers know they should be ready to start. And then I blow it again when the act is over.

"Here we go. Introducing Herman, the clown with the biggest grin, and his wonderful pets, Honky the strutting goose, and Tonky the acrobatic dog. Watch Tonky jump through the hoop. He never misses and he loves to do it. Later you'll see Honky in the clown "walk-around" when all the funnymen parade for you.

"Music please! Spotlight! Take a bow, Tonky and Honky."

This is the first of a jolly week-long series on the circus. Color the picture as bright as you can and save it for your own collection of circus acts.

Secretaries Observe National Week

By MARILYN SHEARER

The last full week in April has been set aside each year to honor all American secretaries.

The week is in recognition of the vital role of the secretary in the function of business, industry, government and education.

Mary Eleanor Lockman is president of the Pontiak Chapter of the National Secretaries Association, which includes secretaries employed in Oakland County.

The progress of this international organization, in any venture, is measured by the faith of the secretaries both in their cause and in themselves.

If they believe their purpose is fundamentally sound and know that they have the inherent qualities to accomplish it, success is assured.

In the first two months of 1942 the preliminary work necessary to the establishment of a national association was accomplished with the institution of chapters in several states.

The first national convention was held in Kansas City, Mo., in February 1946. From the attendance there it was possible for the first time to gauge the progress of the association on a national scale.

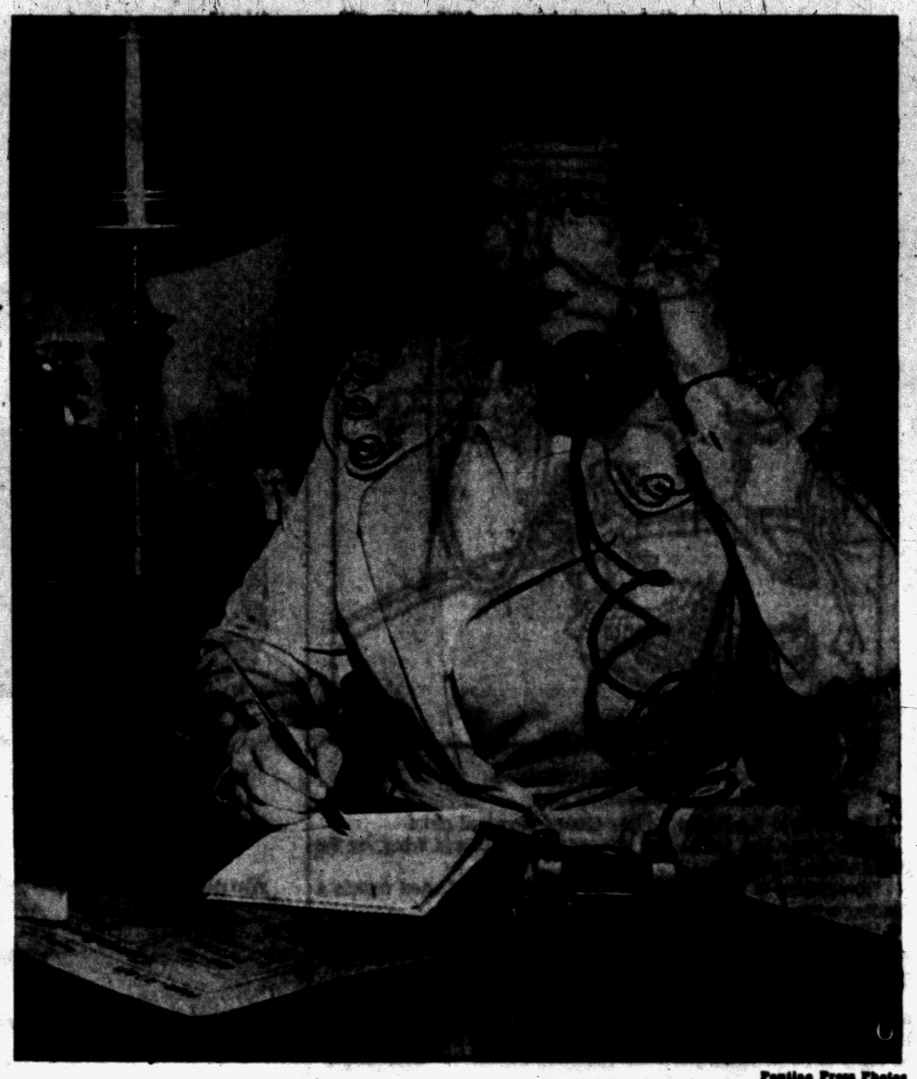

The credit goes to no one person, but to every member, who can be proud that she has played a definite part in its progress.

Employers, who are often "lost" when their secretaries are ill or on vacation, are taking their hats off day after day to these women who deserve recognition for their work.

MRS. RUSSELL BRACKETT

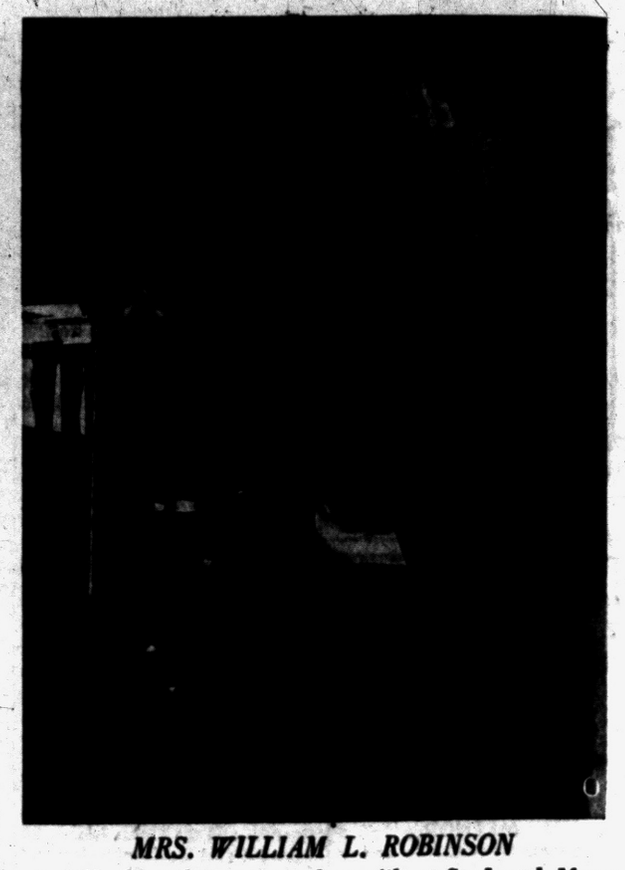

Taking dictation from Dr. C. G. Burke is just one of the duties performed each day by Mrs. Russell Brackett. Every good secretary realizes the importance of accuracy.

MRS. WILLIAM L. ROBINSON

Checking the correspondence file at St. Joseph Mercy Hospital is Mrs. William L. Robinson. She is secretary to Sister Mary William, hospital administrator, as well as secretary to the medical staff at the hospital.

EDYTHE PERRY

Edythe Perry knows how important it is to turn out perfect typewritten work in the insurance office where she is employed as office manager by Thatcher, Patterson and Wernet.

MRS. LORETTA COLLINS

The way a secretary looks when she greets the public is important to her success. Mrs. Loretta Collins is employed as a secretary in the Birmingham National Bank. The day the photographer snapped this picture she looked most attractive in a checked taffeta dress.

Garbo: The Legend and the Lady

The World's Most Alluring Spinster

Editor's Note: This is the first in a series of stories by John Bainbridge on the life of Greta Garbo, Swedish born actress.

By JOHN BAINBRIDGE

"She was gifted with genius, and led one of those exceptional existences which cannot be judged by ordinary standards." So wrote Balzac of George Sand, the French novelist. So, also, might one write of Greta Garbo, the Swedish-born actress, for these two remarkable women, though separated in time by a century, are alike in many ways.

Like Sand, Greta Garbo dared to live her life according to standards of her own devising and quietly accepted the penalties imposed for failing to follow the conventions of the herd. Her life has been frustrated, like Sand's and every other artist's, but hers perhaps more so than most, because she is Greta Garbo, a woman who has become a legend in her own lifetime.

One of the ironies of Greta Garbo's life is that she became a legend against her will. As a child, she wanted to be an actress, like thousands of other girls before her and since, and she also wished to escape being poor, another desire that is not uncommon.

In the course of satisfying these two ambitions she became the most celebrated actress the screen has ever seen as well as one of the wealthiest, and, perhaps as an inevitable concomitance, one of the loneliest.

"I never said, 'I want to be alone,' " Greta Garbo told a friend not long ago. "I only said, 'I want to be let alone.' There is all the difference."

Mystery intrigues, and if is not in human nature to leave it alone, especially when the mystery appears in the form of a beautiful woman. Whether by accident or design, Greta Garbo has made herself the most enchantingly mysterious woman of her time.

By the expedient of almost never talking about her private affairs, even to her friends, she has managed to keep her origins as obscure as her present activities and future plans.

Except at the very outset of her career, she granted no interviews, signed no autographs, attended no premieres, answered no fan mail, endorsed no products, and for a long period kept her address and telephone number a secret from Metro-Goldwyn-Mayer, the studio that employed her.

To keep in touch with their elusive star, M-G-M found it necessary to put one of Greta Garbo's friends, who was privy to her whereabouts, on the payroll at two hundred and fifty dollars a week.

What remains hidden is the cause of the strange, unquenchable drive that has propelled Greta Garbo in her perpetual and agonized flight from the eyes of the world. "Being in the newspapers is awfully silly to me," she once said in a rare interview.

"It is all right for important people who have something to contribute to talk. I have nothing to contribute."

These remarks, though admirably modest, are oddly misleading, for privately Greta Garbo has a very keen sense of her importance, as everybody who knows her well is aware. The mystery is why she denies it, why she has never been able to accept being Greta Garbo.

Rather than be Greta Garbo she prefers to masquerade as Miss Harriet Brown.

Hiding behind that drab and faceless fiction, she strolls the streets of New York, Paris, London and Vienna, often stopping to browse in antique shops, where, if she asks that some piece be set aside for her (she almost never buys), she reluctantly gives her name as Miss Harriet Brown, fooling nobody, perhaps not even herself.

But her desire to avoid playing the role of Greta Garbo before strangers is overpowering. She has never fully understood the part.

The character of Greta Garbo, to its creator, is an image that exists only on the screen. In that form she regards herself with the interest and affection that she might have for a rather good friend.

Occasionally, when she feels like renewing this friendship, she goes to the Museum of Modern Art, in New York, which has a large film library, and in the company of a museum official with whom she is well acquainted looks at a private showing of one of her pictures.

As the film unfolds she comments to her companion on her actions on the screen, always referring to herself in the third person. "Watch her now," she may remark, "she's going to ask for money. Then she'll go outdoors and smoke a cigarette. Oh my, look at the way she's done her hair."

While the film is showing she is at ease, animated and gay. When it is over and her image has vanished from the screen, she again becomes the woman of legend, pensive and uneasy.

Turning up her coat collar and pulling down the brim of her floppy hat, she strides out of the museum, looking neither to right nor left, and back into a world that is not as real to her as the one she has just left.

For more than a quarter of a century, Greta Garbo's admirers on six continents have contended with one another in trying to describe her particular spell. Their prolonged and enchanting verbal skirmish has been trippingly fought on the field of superlatives.

Greta Garbo has been called "The Divine" in several languages and not a few dialects. Today, at forty-nine, Greta Gorbo has lost none of her power to evoke the superlative phrase. Once "the First Lady of Hollywood," she can now rejoice in her position as "the world's most alluring spinster." Age cannot wither a legend.

Whatever else Greta Garbo may represent, she is undeniably the classic symbol of womanly beauty in our time. Other women may be more beautiful, as even some of Greta Garbo's most ardent admirers have acknowledged, but she alone has been universally accepted as the latter-day Helen of Troy.

The effect of her magic looks is everywhere evident, because Greta Garbo has probably had a greater influence on the appearance of women today than any other person.

Her classic features became the standard in fashion drawings, and even the mannequins in store windows began to bear an arresting resemblance to the enigmatic actress. Unwittingly, she set the style for the wearing of slacks, low-heeled shoes and wide-brimmed hats that hide the face.

These things were more easily copied than the so-called Garbo manner—the slow, quiet, graceful motions combined with an air of weary and melancholy dignity — but that, too, was widely aped. The imitations, however skillfully contrived, were bound to be nothing but pale carbon copies, for the Garbo manner, like its creator, is sui-generis.

As an actress, Greta Garbo is also unique. Since her departure from the screen, nobody has taken her place, or seriously tried to, or could. Critics have often likened her to two of the greatest actresses of another day, Sarah Bernhardt and Eleonora Duse. This accolade Greta Garbo finds embarrassing.

Shortly after completing one of her most memorable films, Camille, a work in which both Bernhardt and Duse won worldwide acclaim on the stage, Greta Garbo was present at a small party attended by close friends. One of the elder of them enthusiastically remarked that her performance of the role was superb, even finer than Duse's.

Without saying a word, Greta Garbo sprang from her chair and rushed from the room. "Her face was white as chalk," one of the guests has since recalled. "She valued the compliment, of course, but her very great modesty made hearing it unendurable agony."

However Greta Garbo may compare professionally with Duse and Bernhardt—and that can never be truly known because Greta Garbo will not appear on the stage—she is personally in their tradition.

Like Duse, she leads a curious, seclusive life, and seems to belong to no time or place. "I am a vagabond, a nomad," Duse used to say of herself. And Greta Garbo has said of herself, "I am a wanderer, just a wanderer."

Unlike both Duse and Bernhardt, Greta Garbo has never married, but her attachments, like theirs, have been many and often widely publicized. And she is quite as aware of her irresistible magnetism as Duse and Bernhardt were of theirs.

One of Sarah Bernhardt's greatest admirers was Theodore Roosevelt, who always made a point of seeing her when he went abroad. "I could not come to Paris," he once wrote in a letter to her, "and miss seeing my oldest and best friend there."

When Bernhardt showed this letter to friends, she used to murmur in her golden voice, "Ah! but that man and I, we could rule the world!" Though Greta Garbo has never shown any aspiration to rule the world, she once had an idea for trying to save it from ruin.

One evening during the early stages of World War II, she was talking in the home of a friend with a man who had recently returned from Europe. He told her that her films were Hitler's favorites, that the Fuehrer had them shown for his private enjoyment over and over again.

After listening to this intelligence with rapt interest, Greta Garbo said that she thought she should arrange some way to meet with Hitler, so she could talk to him about the awful things he was doing and try to make him change his mind about continuing the war. "At least, she said after some reflection, "if I couldn't make him change his mind, I could shoot him."

In at least one respect Greta Garbo departs radically from the tradition of Duse and Bernhardt, who were so mercilessly driven by the urge to act that they carried on in their profession, despite all manner of reverses, almost to the moment they died, when they were both very far along in years.

By contrast, Greta Garbo gave up acting without a struggle when she was in her middle thirties, at the peak of her powers. Her life as a star had extended over a period of fifteen years, more than twice the average Hollywood span, and she had become firmly established as the most famous screen actress in the world.

In all, she had been starred in twenty-four films, several of which have come to be regarded by critics and film scholars alike as permanent classics of the screen, and yet she never won an Oscar. It is ironic, but that's the way it is with legends.

Beginning today, the Pontiac Press will carry a series of pictures of Greta Garbo, film star, along with the stories written by John Bainbridge. Here she is as she appeared in an early Swedish film, "Gosta Berling's Saga."

William Moore Named President of Quadrille Club

Election of officers highlighted the Friday evening dance of the Quadrille Club, held at Elks Club 810.

William Moore was named president and will be assisted by Albert Atkins, vice president; Mrs. James March, secretary; and Mrs. Eugene Crawford, treasurer. Kenneth Goff and John DePauw were elected to the board of governors.

Callers for the dancing activities were Mr. DePauw, Mr. Moore, Jack Baker, Cecil MCallum, William Spalding and William Schmiel, president, who acted as master of ceremonies.

Mrs. Francis Erb, Mr. and Mrs. Donald Johnston and Joann Walser were present as guests.

The next dance is scheduled for 9 p.m. on May 6 at the Elks Club.

Mission Bells Plan May 12 Banquet

Plans for a mother and daughter tea were completed when the Mission Bells of St. John Lutheran Church met for a cooperative supper at the church parlors.

The tea is scheduled for May 12 and will also take place at the church.

Order of the Amaranth Observes 4th Anniversary

A fourth anniversary dinner was held Friday evening by Esther Court 13, Order of the Amaranth, with 150 persons attending the affair at Roosevelt Temple.

Mr. and Mrs. William Roberts were initiated into the order. Guests included Mrs. Frank Batson, supreme officer, plus Mrs. Roscoe Arnold and Andy Gagarin, grand officers. Other guests were from Flint, Mt. Clemens and Detroit.

Table decorations were made by Catherine and Cora McCrindle. Past officers of the court who put on the initiatory work included Mrs. Ernest Pearson, Clyde Townsend and Mrs. William Pfahlert.

Others were Mr. and Mrs. Roy Wilton, Catherine McCrindle and Ed Pritchard.

Members will travel by bus to the grand court session in Saginaw on Sunday.

1930 Graduates Plan Banquet

Members of the 1930 graduating class of Pontiac High School are busy with plans for their 25th anniversary banquet to be held at the school June 4.

Committee members planning the affair are Mrs. Arnold Thingstad, Mrs. Arnold Nienstead, Gordon Reynolds, Norman Todd, Mildred Barnett, Virginia Luther, Mrs. Ralph Price and Mrs. Harmon E. Williams.

Members of the class not receiving invitations are urged to call Mrs. Price or Mrs. Williams who reside in Rochester.

Sisterhood Holds Parley in Flint

Both Pontiac chapters of PEO Sisterhood were represented at the state convention in Flint April 21-23. Delegates from chapter AW were Mrs. Charles Coppersmith and Mrs. William Miller; from chapter CL Mrs. W. Henry Sink and Mrs. Howard O'Toole.

In addition members served as pages and guards including Mrs. John H. Little, Mrs. Ashton Emery, Mrs. James Boaz, Marion Emery, Mrs. Waldron Keasey, Mrs. Max Fell and Mrs. Clark Morgan.

Friday evening the husbands were entertained at a banquet. For this occasion Mr. Coppersmith, Mr. Little, Dr. Emery, Mr. Boaz, Mr. Sink, Mr. O'Toole, Mr. Keasey and Mr. Fell, were guests.

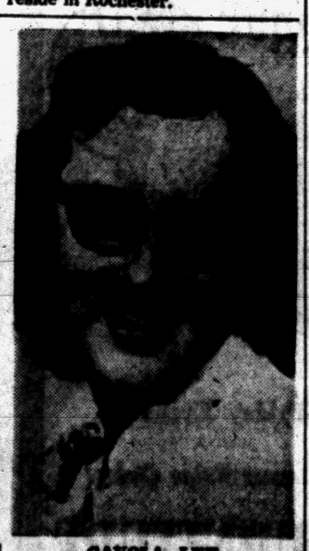

Also attending were Mrs. Earl Rinker, Mr. and Mrs. John J. Little, Mr. and Mrs. William Kalwitz, Mr. and Mrs. Charles Matson, Mr. and Mrs. Harry Pearce and Mr. and Mrs. Clarence Norton.

Sandra Williams, daughter of Mr. and Mrs. John F. Williams, and a senior at Waterford High School, was guest pianist at the Friday banquet. Sandra has been awarded a scholarship to Cottey College, Nevada, Mo., the junior college owned by the PEO Sisterhood.

JEANETTE PINNIX

Mr. and Mrs. Hugh Pinnix of Corwin court are announcing the engagement of their daughter, Jeanette, to Paul Allan May. He is the son of Allan May of East Walton boulevard and the late Mrs. May. The couple is planning a summer wedding.

GAYOLA LEE

Mr. and Mrs. Coy Coomer of Argo, Ill., announce the engagement of their daughter, Gayola Lee to Lester Leroy Hart, who is the son of Mr. and Mrs. Frank Hart of Stanley road. The couple will be married on Aug. 27.

Two Are Initiated Into Sorority

Mrs. Ward Cummings and Mrs. Don Kaiser were initiated into Beta Chapter of Beta Theta Phi sorority recently. The formal ceremony took place at the Owego drive home of Mrs. William Hutchinson. The hostess was assisted by Mrs. Ida Hiltz.

Final arrangements were made for a Beta Ball to be held May 21 at Hotel Pontiac.

Mrs. Ward Ross was named chairman of an officers banquet to be held during June. She will be assisted with arrangements by Mrs. John Sinclair, Mrs. Norman Haldane and Mrs. John Allen.

Traveling to Miami Beach, Fla., are Mr. and Mrs. Nick G. Thomas. She is the former Sophie Williams, daughter of the Nick Williamses of Cherokee road. He is the son of the Gust Thomases of Cedar Rapids, Iowa. The couple was married Sunday at St. George Greek Orthodox Church.

MRS. NICK G. THOMAS

Sophie Williams Is Wed

St. George Greek Orthodox Church was the setting Sunday evening for the marriage of Sophie Williams and Nick G. Thomas.

The bride is the daughter of Mr. and Mrs. Nick Williams of Cherokee orad, and he is the son of Mr. and Mrs. Gust Thomas of Cedar Rapids, Iowa.

The Rev. Soterios Gouvellis performed the five o'clock ceremony in the presence of 350 guests. The church was decorated with clusters of Woodwardia fern, and standards of white flowers. Bows decorated the pews.

The bride's princess styled gown was fashioned of silk taffeta and lace. The decollete neckline was designed of re-embroidered lace, embellished with seed pearls. Lace panels extended down the skirt of the gown.

A crown of pearls secured her finger tip veil. She carried a fan made of the lace used in her gown, and a cluster of pink Demure roses and lily of the valley. The bride's sponsor was Mrs. Louis Fedonis.

Stella Williams attended her sister as maid of honor and other attendants were Mrs. Gust Afendoulis of Grand Rapids, Fifi Thomas of Cedar Rapids, Iowa, Mary Varon, Christine George and Evelyn Ryeson.

The attendants wore aqua faille gowns in princess style with matching jackets. The pleated bodices were fashioned with scoop necklines.

The maid of honor carried a bouquet of pink carnations and Demure roses with pink velvet leaves. The other attendants carried similar bouquets with red Garnet roses.

Eugenia Williams wore a pink organdy dress for her duties as junior bridesmaid.

The bride's gown and the gown worn by the junior bridesmaid were designed and made by the maid of honor.

Tom Thomas of Kansas City, Kan., served as best man. Seating the guests were Fred Fotion of Toledo, Ohio, Gust Afendoulis of Grand Rapids, and Sam Gabriel, Sam Cosma and Bob Ryeson.

A reception was held at Northwood Inn, Royal Oak. Mrs. Nick Gemolas was soloist accompanied by Rose Drakos.

Mrs. Williams chose a beige cocktail dress of peau de soie for her daughter's wedding with olive green accessories.

The bridegroom's mother was attired in a navy blue dress of crepe and lace and navy accessories.

When the couple left for a motor trip to Miami Beach, Fla., the new Mrs. Thomas was wearing a black and yellow tweed suit

Makes Jewelry From Sea Shells

Widow Turns Boredom Into Profit

By ANNE HEYWOOD

Evelyn G. was a young widow, with a very frail child. The doctor ordered them to Florida for the winter, and it was very hard to swing it financially.

"When we got there," Evelyn told me, "we stayed in a tourist cabin for the first week, while I hunted for really cheap quarters.

"Little Mary was just 5, and such a darling child, but it's awfully hard to find a place to rent when you have a child, especially if price is a factor.

"Finally we found a heavenly place, cheap and comfortable, but miles from anywhere. But it was right on the beach, and a perfect spot for Mary to lie in the sun and get well.

"After we got settled, I made a deal with the nearest neighbor, and he drove me into town twice a week to do the marketing and things.

"I always took Mary with me, and then, after we finished the shopping, we'd browse around the town. I noticed a charming gift shop, but everything was too expensive for me.

"The long days on the sunny beach did help Mary improve. But it was terribly booring and lonely for me.

"It was worth it, and then some, but I must say I found the days dragging horribly. And we had no extra money at all, no luxuries.

"One day, when Mary was napping, I realized I couldn't stand it any longer. I had to find something to do.

"And then I noticed all the shells on the beach around me. Maybe I could learn how to make shell jewelry. I had taken a course once, in our local high school, in silver jewelry.

"I did a little investigating at our local library, and I got some books on the subject. I started experimenting, and what I made at first was awful stuff. But little by little I began to improve.

"Within a few months, I was turning out very attractive jewelry and I talked the gift shop into stocking some of it for me.

"That was two years ago. Mary and I are still in Florida, and will be, permanently. She's thriving now, and going to school, and I have quite a nice business in shell jewelry.

"It doesn't make us rich, but it does give us those important little extras.

"Nobody needs to have time on her hands," Evelyn concluded, "because time can always be turned into money!"

Carolyn Waldron Heads Church Unit

Mrs. Irl Williams of Dover road was hostess to members of the Esther Group of Oakland Park Methodist Church recently.

Carolyn Waldron was elected chairman of the group; Mrs. Gerald Wright, vice chairman; Mrs. Kenneth Skelton, devotional chairman; Mrs. Anna Mitchel, secretary and Mrs. James George, treasurer.

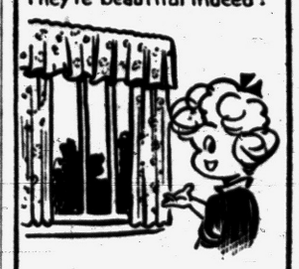

Church Women Study at Meeting

A study on the book of Hebrews was given by Mrs. Thomas Tillson when members of the January-March group of First Presbyterian Church met at the Hickory Grove road home of Mrs. Smith Falconer.

Assisting the hostess at the recent meeting were Mrs. Robert Will and Mrs. William Kreklow. Plans were made for a money making project.

PETUNIA!

Skinny windows are a pest;
I think we're all agreed.
But when you curtain them like this,
They're beautiful indeed!

Right, Petunia — and that small Provincial print you chose is especially charming!

Snob-Appeal Cafes Are Spreading

By MARY MARGARET McBRIDE

If I seem to be on the warpath today, I am. And it's bad food at incredible prices that has aroused me.

I suppose I wouldn't be so upset if this new place to which I went yesterday hadn't had such a build-up. I've been hearing about it ever since two well-known chefs a few months ago combined forces, raised some money and opened a little restaurant in a convenient section of town

They hadn't been in business more than a week when they were turning customers away. In two weeks they acquired an unlisted telephone number so that only those who know the management are able to call for reservations.

Now it has become a badge of cafe society honor to be seen at Le Bicarb, as I shall call it, for reasons which should become more obvious as I go on.

I was invited to lunch there and went eagerly because of what I'd heard. It looked nice, but I glanced at the right side of the menu and when the fantastically-priced food began to arrive, so did disillusionment.

The meat was tough, the salad limp, the dessert soggy, the coffee weak. But the place was crowded with shrill-voiced celebrities, obviously delighted to have made some sort of social grade.

Le Bicarb is as yet too small and too crowded for the ultimate in cafe snobbery, but it won't be long before a man's status, as measured by the restaurateur's eyes anyway, will be obvious from the location of his table.

One restaurant with which I have a nodding acquaintance reserves its best front tables for an elite group of theatrical stars and sports figures. The caste system here is so well-established and catered to that a friend of mine, a favorite of the management, was begged by a public relations man with a client he wanted to impress to get him a front table. Amused, my friend complied—and was sent a $50 check which he promptly returned.

In another well-known restaurant, front tables against the wall are the most desirable. A magazine writer invited a locally employed television commenator for a luncheon interview and suddenly remembered on the day of the date that her guest was sensitive about cafe society protocol.

She hastily called the restaurant to reserve a banquette—and was informed that Miss Big had already seen to the chic location—a week in advance.

Lest I give the impression that all "important" people behave like this, I must cite an editor of a prestige publishing house, an innocent who merely likes the food in a certain restaurant and has never made herself known or thrown her weight around.

She almost daily is shunted upstairs to parts reserved for tourists and unknowns but she eats with gusto and remains refreshingly unaware that all sorts of discriminatory forces are at work against her.

Restaurants with snob-appeal do a land-office business, said one proprietor smugly, so why should they bother too much about food? And I guess they shouldn't if their patrons are satisfied.

But unfortunately the idea is spreading. The last time I was there, I even ran into it in Paris, where we Americans used to believe that even the smallest bistro on the Left Bank made a rite of perfection in cooking.

Hot Pudding Comes Out in 3 Layers

By JANET ODELL
Pontiac Press Food Editor

A light airy dessert for spring is always in order. Mrs. Leon Glynn contributes a recipe for Lemon Souffle that is just the thing to serve after a hearty meal.

Dividing her time between a job she "loves" and making a home for herself and her husband, Mrs. Glynn finds few idle hours. She is president of her church guild and belongs to the Soroptimist International. Knitting and cooking are listed as favorite hobbies.

LEMON SOUFFLE
By Mrs. Leon Glynn

1 cup sugar
4 tablespoons flour
¼ teaspoon baking powder
Pinch of salt
2 egg yolks
2 cups milk
Juice and grated rind of 1 lemon
2 egg whites, stiffly beaten

Blend egg yolks into the milk and gradually beat in the dry ingredients sifted together. Add juice and rind of the lemon. Fold in the stiffly beaten egg whites last of all. Pour into a baking dish and set in a pan of hot water. Bake 30-35 minutes in a moderate oven until golden brown.

This is a delicious pudding with a thin layer of cake on top, custard in the middle and the juice on the bottom. Serve with or without cream.

Toenail Nippers

Again: Toenails should be cut straight across. Don't try to do it with the fingernail nippers—they're curved. There are special, extra-stout toenail nippers that do the job.

Marilynn Dargan Hardy became the bride of Gerald L. Rood Saturday evening in Oakland Avenue United Presbyterian Church. She is the daughter of Mr. and Mrs. Robert F. Hardy of Seminole avenue, and he is the son of the Harold B. Roods of Summit avenue.

MRS. GERALD L. ROOD

Marilynn D. Hardy Weds Gerald L. Rood Saturday

Honeymooning in Florida are Mr. and Mrs. Gerald L. Rood. The bride is the former Marilynn Dargan Hardy, daughter of Mr. and Mrs. Robert F. Hardy of Seminole avenue.

The bridegroom is the son of Mr. and Mrs. Harold B. Rood of Summit avenue.

The Rev. Theodore R. Aliebach performed the eight o'clock ceremony Saturday evening in Oakland Avenue United Presbyterian Church, before 300 guests.

Bouquets of spring flowers and candelabra decorated the church as the bride approached the altar wearing a ballerina length gown of French Chantilly lace and taffeta.

The fitted bodice was fashioned with bateau scalloped neckline and long pointed sleeves. Taffeta was inserted at the waist of the gown and the bouffant skirt was designed with panels of taffeta and lace.

A cap of pleated net embellished with seed pearls and sequins secured her veil of illusion. She carried an 85 year old Bible, which belonged to her paternal grandmother, and an arrangement of hyacinths and ivy centered with a white orchid.

Jean Hilton sang the bridal recital accompanied at the organ by Mrs. Winifred Perrin.

Mrs. Jere Donaldson, sister of the bridegroom, was matron of honor. She wore a gown of aqua net over taffeta with matching jacket. Her headpiece was formed by net petals with tiny pearl insets. She carried a crescent shaped bouquet of aqua daisies and ivy with matching streamers.

Joan Hilton was a bridesmaid and Emily Louise Hardy attended her sister as a junior bridesmaid. They wore ensembles identical in style to the honor matron's in a coral shade. Coral daisies and ivy with matching streamers formed their bouquets.

Marsha Lee Goldman wore a white taffeta dress fashioned with puff sleeves and tiered bouffant skirt for her duties as flower girl. She wore an aqua daisy headpiece and carried a basket filled with the same flower.

Robert Rood served as his brother's best man and seating the guests were Jere Donaldson and Richard Wilton. Tommy Donaldson was ring bearer.

A reception was held following the ceremony in the church parlors. The bride's mother wore a blue lace dress with blue and pink accessories, and the bridegroom's mother chose a gray dress with pink accessories.

Both mothers wore corsages of pink roses, carnations and hyacinths.

When the couple left for the wedding trip the bride was wearing a slate blue suit with black patent leather and white accessories, and the white orchid from her bridal bouquet. The couple will make their home on Monroe street.

Leather Glove Care

Tip for keeping leather gloves from curling up in the fingers: When you first take them off and they are warm from your hands, pull the fingers smooth, fold the thumb flat. Put them away that way, too.

Waite's Third Floor—Coats

Building Will Stand Over Pennsy Tracks

NEW YORK (AP)—The real estate firm of Webb and Knapp plans a 100-million-dollar, 20-story office building over the railroad tracks in back of Pennsylvania Station.

Purchase of the title to be two square blocks, running from 9th to 10th avenues and from 31st to 33rd streets, was announced yesterday by William Zeckendorf, Webb and Knapp's president.

Zeckendorf said the building will have two to four million square feet of floor space.

The Pennsylvania Railroad has reserved the right to operate trains through the property.

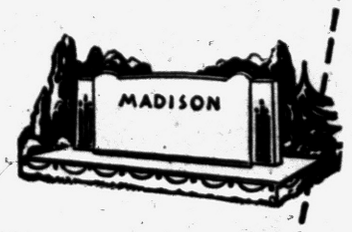

Music Prize Awarded to German Composer

HELSINKI, Finland (AP) — German-born composer Paul Hindemith today was awarded one of the music world's biggest purses, the $34,000 Jean Sibelius Prize.

Hindemith, now 59, went to Yale University, in the United States, after the Nazis condemned his music as un-German.

8 Michiganders Get Fellowships

'55 Guggenheim Grants for Research, Study Go to 248 Across Nation

NEW YORK (AP) — Eight Michigan educators were among 248 Americans named for fellowship grants by the John Simon Guggenheim Memorial Foundation yesterday.

The grants, totaling $968,000, are made to aid scholars in continuing research in all fields of knowledge, and to assist artists in their studies.

The foundation was established in 1925 by the late U.S. Sen. Simon Guggenheim of Colorado and his wife, in memory of a son, John, who died as a young man in 1922.

The Michigan recipients and their fields of study:

Dr. Irving Marmer Copi, associate professor of philosophy, University of Michigan—recent developments in symbolic logic and theory of language.

Dr. Harold Hart, associate professor of chemistry, Michigan State College—role of the cycloprane ring in organic reaction mechanisms.

Dr. Arthur J. Lohwater, assistant professor of mathematics, University of Michigan—behavior of meromorphic functions at the boundary of the region of definition.

Dr. Goldwin Smith, professor of history, Wayne University—Canadian reaction to the foreign policy of the United States, 1945-55.

Dr. Robert Dean Spence, professor of physics, Michigan State College—imperfections and phase transitions in solids, by radio frequency techniques.

Dr. Clavin Lee Stevens, professor of chemistry, Wayne University—studies in the field of synthetic organic chemistry and reaction mechanisms.

Dr. Gordon Brims Black McIvor Sutherland, professor of physics, University of Michigan—investigation of the structure of proteins and nucleic acids by infrared analysis.

Donald Stuart Thrall, painter and design instructor, Cass Technical High School, Detroit—creative painting.

Pontiac Club Host at Annual Coin Exhibition

The Pontiac Coin Club was host yesterday to some 2,500 persons during the annual state-wide bourse and exhibition held in the Bemis-Olsen Amvets Post, 570 Oakland Ave.

Among coin experts attending, Dr. Frank Limpert, author and world authority, of Royal Oak, displayed rare coins during the event. According to D. P. McLain, board member and organizer of the local unit, Pontiac's Coin Club exhibited some of the rarest coins in the country.

The club also has the largest U.S. bill collection, dating before 1800. McLain's private collection includes coins dating to 180 B.C.

McLain explained that the famous Lashmer collection of Detroit, which was on exhibition yesterday, is the biggest coin collection in the nation.

Kenneth McLain is president of the 60-member Pontiac club.

Keego Councilmen to Take Oath Today

KEEGO HARBOR — The five newly-elected city councilmen will be sworn into office in ceremonies at 8 p.m. today in Roosevelt School.

Placed in office by charter commission secretary Lylla Ross, will be Benjamin Covey, Wilma Webb, John Loveland, Samuel Whitmore, and Chester P. Wolfe.

From the group, the mayor will be selected.

The council was elected Wednesday as residents approved a charter for the new city, 289-203.

Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

Now this new healing substance is offered in ointment form for hemorrhoids under the name *Preparation H.*® The price is only 98¢ a tube including an applicator. The name to ask for is Preparation H—at all drug stores. And remember—if not entirely satisfied—your money will be refunded promptly. *Reg. U.S. Pat. Off.

Shorter Mass Okayed by Pope

Vatican Gives Priests Permission to Recite Simplified Version

VATICAN CITY (AP)—The Vatican's Sacred congregation of Rites has decided to simplify slightly the Roman Catholic mass and the breviary which priests recite daily. The change is designed to give more time for parish duties.

Vatican sources said Pope Pius XII agreed to the abbreviation in response to requests from bishops all over the world. The changes will go into effect next Jan. 1.

* * *

The decree simplifies the mass only slightly at the beginning and after communion. Unchanged are the essential parts of the mass—the offertory, consecration and communion.

Vatican sources explained that the decree is aimed at easing recitation of the breviary of the mass and facilitating classification of the daily liturgical commemoration of feasts.

According to the Catholic encyclopedia, the feasts have been arranged in this scale: Feria, or holiday; simple, semidouble, double, greater double, double of the second class, double of the first class.

Under the new decree, the semi-double will be suspended and feasts under this classification will henceforth be celebrated with the rite for the simple ceremony, except for the vigil of Pentecost.

The creed, the prayer containing affirmations of belief, will be recited during the mass only on Sundays and on first class feasts.

Manhattan Roundup Brings 337 Arrests

NEW YORK (AP) — The seventh weekend of the 1955 police drive to rid Manhattan streets of "undesirables" produced 337 arrests.

The record number of arrests this year was set in the fifth weekend when 433 persons were picked up.

Many of those arrested Friday, Saturday and yesterday were sentenced to jail or fined in night court. Among the charges were disorderly conduct, begging, vagrancy and degeneracy.

Swedish Freighter Cited

DETROIT (AP) — A Swedish freighter, the Monica Smith, won the J. L. Hudson Co. plaque yesterday for being the first overseas vessel to stop at the port of Detroit in the 1955 navigation season.

The 250-foot, 3,650-ton vessel sailed April 4 from Liverpool.

Only Shell Premium with TCP gives you the full benefit of High Octane Gasoline

If it weren't for the fact that most of our driving is local driving—short-trip driving—any good high octane gasoline would do a fine job in today's more powerful engines.

But this kind of driving increases the formation of certain deposits within the combustion chambers. These deposits, if not neutralized, rob even the finest engines of a considerable amount of their power.

And high octane alone will not keep high compression engines delivering their full power. To overcome deposits, these engines need a gasoline with a special kind of additive.

Here's why:

As your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time... before the pistons reach proper firing position. This is called pre-firing and means that power works *against* you instead of *for* you.

In addition, these same deposits have another power-wasting effect: They foul spark plugs, causing your engine to miss.

Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss."

But there is an answer—there's *one* high octane gasoline that gives you *all* the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP*.

TCP, the Shell-developed additive, fireproofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do.

Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

SHELL

Only Shell Premium Gasoline has both TCP *and* High Octane!

Working Mothers Deserve Praise

By MARGARET LATROBE

If you are fond of statistics and looking for some place to lay the blame for juvenile delinquency, here is an easy trap to fall into—there are now 20 million women employed outside the home, many of them mothers of young children.

And sure enough, the experts and park bench philosophers are beginning to announce that a mother who works is falling down on her job at home; to conclude that women should be chained to the cook-stove, should hover on the homestead all day, every day.

I say otherwise. To my notion, a woman with enough initiative to run a home and a job is usually possessed of greater resources to share with her children than the woman who is clumping along at home—resentful, nagging, bitter because she cannot see the creative possibilities of homemaking which surround her.

Some people haven't yet understood that fine motherhood is a matter of quality, not quantity. They fail to see that a handful of hours spent with a child—gay, brilliant, loving hours, hours to be cherished — are better than any number of sharp-shooting fretful hours filled with complaint.

Of course, we know that many children in the midst of plenty are neglected. But don't tell me they belong to working mothers! Case histories show delinquency springs from broken homes; from parents who are the opposite of "workers," who are shiftless, indifferent; who are alcoholics; or just large minus signs when it comes to living.

Women work for a variety of reasons. The great majority work because they must. Some take jobs for added material benefits they think they want, but which sometimes prove to be false economy. Others work in order to use professional training or creative talent, to contribute something to life or to express themselves more fully.

And a few just loathe housework and child care so thoroughly they take the first job offered in order to get away from home—in which case I think both they and their children are better off with Mamma working.

But for whatever reasons behind a woman's employment, the assumption that she is a poor mother because of it is nonsense. I know working mothers who are the best there are. So do you. I know "stay-at-home" mothers who are never at home and otherwise neglectful in the worst sense. So do you.

The quality of the gift is the important consideration. The hours of happiness shared with childen are those which build sound emotional patterns. And I salute the gals who manage to provide those hours every day—particularly when they have another job to do.

Druggists Give Up Fight for Patent Medicines

LANSING (AP) — Michigan druggists have given up their long fight to keep the sale of patent medicines to themselves.

Sen. Perry W. Greene (R-Grand Rapids), chairman of the Senate State Affairs Committee and a druggist himself, said a new pharmacy code being debated in the Senate specifies that it does not cover the sale of so-called "proprietary" medicines — patent medicines sold in the manufacturers' container. The bill is supported by organized druggists.

The drug business has attempted for years to forbid other types of business to handle patent medicines.

(Savings statistics (est.) as of Dec. 31, 1954)

WHO? People from all walks of life deposit their reserve cash in banks. That millions of folks in the middle and lower income groups do so is evidenced by the fact that the average bank account balance is in the neighborhood of $1000.

WHY? These people deposit their savings in the bank because they can attend to many other financial matters under the same roof . . . because they know and have confidence in the bankers who serve them . . . because they can get interest on their savings at minimum risk, without having to make an investment . . . because they know that their savings dollars are put to work for the benefit of the local community. Spur Interest in Better Cities

5 Municipalities Trying to Stimulate Community Participation

CHICAGO (UP)—Five American cities have taken action to stimulate community interest in urban renewal plans as proof that their programs are workable and thus eligible for federal financial aid.

A report by the National Association of Housing and Redevelopment Officials show that such action has been taken by San Francisco, Milwaukee, Wis., St. Louis, Syracuse, N. Y., and Washington, D. C.

The Housing Act of 1954 requires that before a city can get federal aid it must show that its residents participate in local programs for slum clearance, conservation of blight-threatened areas, and rehabilitation of declining neighborhoods.

In San Francisco, the Citizens Participation Committee for Urban Renewal has started a program for public education to make citizens aware of the problem. The committee's 19 members were appointed by the mayor.

A subcommittee on citizen participation has been appointed to advise Milwaukee's Urban Renewal Committee. The group is composed of 10 public officials.

A 16-man commission was named by the mayor of St. Louis to determine long-range housing needs for the city.

In Syracuse, a nine-member redevelopment committee is made up of local residents who make recommendations for redevelopment and rehabilitation of areas that are below standard, and in Washington the League of Women Voters held an all-day workshop on city planning and housing.

Barber Attracts Patron With Backyard Airfield

CLEVELAND, O. (UP) — Joe Reithoff's barber shop at nearby Auburn Corners has a back door opening onto a vacant field. That fact got him one customer and may get him more.

An amateur pilot, Richard Komin of Chagrin Falls, made a mental note of the field one day as he flew over because it looked like a good emergency landing space.

Then he discovered that Reithoff's barber shop was next to it. He decided his shaggy head of hair was an "emergency," landed on the field and taxied right up to the back door.

Reithoff thinks the idea might spread—if enough barbers have vacant fields.

First oil well drilled in the United States was opened at Titusville, Pennsylvania on August 28, 1859.

MSC Plans to Honor 2 Noted Educators

EAST LANSING (AP) — Michigan State College will honor two nationally known educators today at the fifth in a series of centennial year symposia.

The awards will be given to Clarence H. Faust, president of the Fund for the Advancement of Education, and Horace T. Morse, dean of the General College of the University of Minnesota. Faust formerly was dean of the faculty of humanities and sciences at Stanford University.

Daylight saving time is used not only in the United States but in such diverse communities as Newfoundland and British Borneo.

Warner Bros. Plans to Film Einstein Story

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — The last time the great scientist Albert Einstein visited Los Angeles he was escorted on a tour of the Warner Brothers studio by Jack Warner. He was keenly interested in the techincal phases of motion picture making.

Jack had known Einstein for many years and now he plans to put "The Life of Albert Einstein," based on the scientist's phenomenal career, on the screen at an early date.

In telling of his plans to make this picture Warner said, "Dr. Einstein was a dedicated servant of humanity whose name will be honored through the ages, and his life story should make a great film drama."

John Farrow is back from India, Arabia, Cambodia, Pakistan and other points east where he directed "Seven Wonders of the World."

He wasn't back one day before Mike Todd signed him to direct the second Todd-AO film, "Around the World in 80 Days." So Johnny had an immediate conference with Cantinflas, the comedian who has the starring role.

John's book, "The Story of Thomas More," hits the stands this month and has had laudatory reviews. He wrote lyrics to a song Lana Turner sings in "Sea Chase." Good thing he has so many jobs, because keeping seven little Farrows in shoes takes a bit of doing!

It was a jubilant Red Skelton who received word that he'd been chosen as the guest of honor of the Los Angeles Board of Education's annual career commencement program on May 20.

A poll of 35 city high schools gave Red the majority vote over such candidates as George Gobel and Eddie Fisher, top favorites with the youngsters.

When I talked to Red he said, "I'm certainly honored that the kids want a battle-scarred clown like me."

There will be 1500 students in the Biltmore Bowl when Red makes his appearance!

Lost Chords Pay Off on 20-Year-Old Song

By EARL WILSON

NEW YORK—Here's a true Tin Pan Alley Tale:

Benny Davis, composer of "Margie," got a call from Warner Bros. in Hollywood asking for permission to use his song, "I'm Gonna Meet My No. 1 Sweetie Now."

"I don't remember writing it," Benny said.

"You wrote it," he was assured. "We want to use it in Jack Webb's picture. 'Pete Kelly's Blues.' Let us know your price."

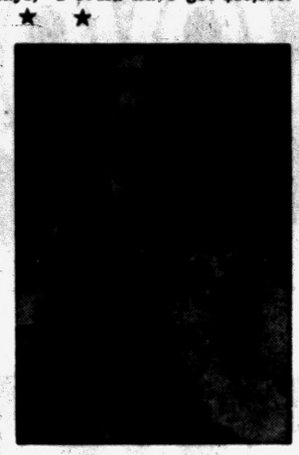

"All right—if I wrote it," said Davis.

Finding he did indeed write it 20 years ago, he didn't ask them the usual $300, but multiplied that by 20, and asked $6,000. They quickly approved that price. Benny, however, is not happy about it.

"If I'd had any brains," he says, "I could have got $10,000."

"Gallop, Gallop to Gallipolis," a new song by Jerry Field, ex-husband of singer Sunny Gale, intrigued us—since Gallipolis was O. O. McIntyre's home town—and we asked what part of the great Buckeye state Field is from.

"Ain't from Ohio," we were told.

"Ain't from Ohio!" we said incredulously.

"Nope," the fellow said, "Philadelphia."

Visitor to China Sees Display of U. S. 'Spy' Gear

TOKYO (AP)—A recent Japanese visitor to Red China told today of seeing 10 or 15 captured Americans' photographs and hundreds of U.S. parachutes and airmens' uniforms at a public exhibition in Peiping.

Shozo Murata, who conducted unofficial trade talks in Red China in January, said he could not be sure whether the Americans pictured were the airmen and civilians held on what the United States has called "trumped-up charges" of espionage. Nor could he tell whether the equipment might have been captured in North Korea.

Murata was in Peiping a few days after U.N. Secretary General Dag Hammarskjold conferred with Red Premier Chou En-lai in an effort to secure the release of 11 U.S. airmen.

Murata, World War II Japanese ambassador to the Philippines, said in an interview the photographs were at a crowded, museumlike exhibition hall which he saw while touring Peiping unescorted. He said he could not get close to the exhibit because the crowd was so big.

Case Thrown Out on Ear

NORWICH, Conn. (UP) — A pedestrian charged in police court that motorists Bernard Moffett and Russell Carlson shouted: "Get out of our way or we'll run you over." The case was dismissed, however, when it developed that both men are deaf mutes.

In the same period that 33,417 Americans were killed in the Korean War, 650,000 Americans died of cancer.

Adenauer Gets Rebuff in Voting

Saxony Election Gives Antirearmament Side Biggest Plurality

HANNOVER, Germany (AP)—Final returns today from legislative elections here in West Germany's third largest state handed Chancellor Konrad Adenauer's pro-American foreign policy a sharp rebuff.

The antirearmament Socialists, who have governed the state of Lower Saxony since the war, ran far ahead of Adenauer's Christian Democrats in voting yesterday for a new 161-member state parliament.

The Socialists polled 1,182,066 votes (35.2 per cent of the total) to elect 59 deputies, while the Christian Democrats won 43 seats with a total vote of 893,917.

* * *

Six other parties won seats: The right-wing German party (DP) 20; the Refugee party (BHE) 18, Free Democrats (FDP) 12, Nazi-like German Reichs party 6, Communists 2, and Centrist party 1.

Despite the prestige defeat for Adenauer, the lack of a Socialist majority raised the possibility that the Chancellor's backers might supplant the Socialist regime. Heinrich Hellwege, national chairman of the German party, called today for a 93-vote rightist coalition of the Christian Democrats, the Free Democrats, the Refugees and his own party. All four are partners in Adenauer's federal government.

* * *

Control of Lower Saxony is vital to Adenauer's plans for rearmament. He needs the state's five seats in the upper house of the Federal Parliament, the Bundesrat, to give him a two-thirds majority there. Without such a margin, the Socialists in the Bundesrat could stall the mass of laws needed to set up the 500,000-man army planned under the Paris treaties.

Formosa Talks May Test Weight of Red Peace Bid

(Editor's Note: Will the Radford-Robertson mission increase Formosa peace chances? What debates are expected to thunder on Capitol Hill?)

WASHINGTON (INS)—A mission to Formosa may provide answers to some burning questions this week.

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, and Assistant Secretary of State Walter S. Robertson are on the Chinese Nationalist island, engaged in vital talks with Generalissimo Chiang Kai-shek.

The outcome of the consultations may indicate whether anything can come of the Chinese Communist bid to negotiate with the U.S. over Formosa—a bid the Reds themselves have blunted.

Red China's premier, Chou En-lai, made the suprise offer Saturday at the Bandung conference of African-Asian nations. But Sunday he said the Peiping regime will nt give up its "sovereign right" to liberate Formoso.

The U.S. stipulated that in any talks, Nationalist China must participate "as an equal," and the Chinese Reds called such a demand "unreasonable." Spokesmen for Chiang labeled Chou's offer "propaganda" and said the Nationalists would never sit at a conference table with the Communists.

It may be up to Radford and Robertson to try to create on Formosa, at least, a more favorable climate for a peaceful settlement.

Any cease-fire arrangement probably would entail withdrawal of Nationalist forces from Quemoy and Matsu, Chiang's outpost isles near the Red-held mainland. This is a concession the generalissimo is understandably reluctant to make.

Tomorrow is a big day in the A-bomb business.

Thousands of specially invited guests will witness "Operation Cue," the test explosion of an atomic device at the Yucca Flat proving ground near Las Vegas, Nev.

The federal Civil Defense Administration and the Atomic Energy Commission are cooperating in the spectacular "open shot" in the belief that the eye-witness touch will help alert the public to the grim realities of the age of atomic warfare.

The test will provide information useful in the planning and organization of improved Civil Defense measures.

On Capitol Hill, the farm-price issue will again inspire angry argument.

The House Rules Committee will be holding hearings on whether it should clear a pending bill to revive 90 per cent of parity price supports on basic farm commodities.

The Eisenhower Administration is determined to kill off the revival plan. The President's lieutenants maintain that the flexible support system put through by last year's GOP-controlled Congress should be given a chance to work.

Deaths Last Night

WASHINGTON (AP)—William Mahon Tomlinson, 57, U.S. Treasury representative to France. Born in Chesterfield, Idaho.

ST. PETERSBURG, Fla. — Dr. Francis Scott McBride, 82, retired Presbyterian minister and for 32 years national superintendent of the Anti-Saloon League.

NEEDHAM, Mass. — William M. Carter, 91, U.S. representative in 1918-1922 and head of an underwear manufacturing firm.

ATLANTA — Bishop William A. Fountain, 64, senior bishop emeritus of the African Methodist Episcopal Church and former bishop of Georgia.

NEW YORK — The Rev. John B. Affleck, O.P., 65, supreme chaplain of the Roman Catholic Anchor Clubs of America.

TORONTO — Walter Seymour Allward, 78, one of Canada's leading sculptors, known particularly as the creator of Canada's national World War I memorial on Vimy Ridge.

This is the season of the year when members of Congress turn to consideration of a perennial problem: Shall a couple of bright new stars be added to Old Glory's 48?

The House Rules Committee has completed hearings on a measure calling for admission of both Hawaii and Alaska to the Union.

Chairman Clair Engle (D-Calif), of the House Interior Committee, which drafted the statehood bill, wants it sent to the floor for general debate, with permission for consideration of amendments.

The debate should be as hot as the Fourth of July in Honolulu.

Republicans want Hawaii admitted because the territory is traditionally a GOP bailiwick. Democrats insist that if Hawaii comes in, Alaska must likewise become a state. The vast northern territory went resoundingly Democratic in the last election.

President Eisenhower insisted last year that Alaska, where the nation has a tremendous defense stake due to the territory's proximity to the Soviet Union, was not ready for statehood.

This year, with Democrats holding the whip hand in Congress, there is at least a possibility that the 2-state bill will pass, even though it might be knocked down via the presidential veto route.

Raise Costs Teller $5.05

BINGHAMTON, N. Y. (UP) — A bank teller lost $5.05 here because he asked for a raise. Five cents went to a parking meter, when he drove downtown at 5 p.m. to see the personnel manager. Five dollars went to Judge Walter J. Relihan, who told him parking was illegal at 5 p.m. — parking meter or not.

Sox Drop in Run Production Features Weekend

By THE ASSOCIATED PRESS

How high is up? How low is down? Ask the Chicago White Sox. Manager Marty Marion's hearty crew climbed the highest mountain and probed the deepest sea over the weekend.

Saturday they trounced Kansas City 29-6. Then yesterday they absorbed a 5-0 shutout from the same team.

* * *

Take a look at some of the other things that happened yesterday:

1. Pittsburgh finally won its first game at Philadelphia, 6-1, after losing eight in a row. The Sunday curfew turned the second game into a suspended game with the Phillies leading 2-0 in the eighth.

2. The New York Giants scored six runs in the 10th inning but barely managed to hold the fort as Brooklyn bounced back with five runs in an 11-10 thriller.

3. Willard Nixon, the old Yankee killer, beat the New York Yankees for the sixth straight time, allowing only two singles in a 1-0 Boston Red Sox victory.

* * *

4. Sad Sam Jones, always a sore-armed disappointment at Cleveland, pitched a two-hitter against Cincinnati for a 2-1 edge and his second victory for the Chicago Cubs. A scheduled second game was rained out in the third.

5. Saul Rogovin, another sore-armed pitcher who was shunted to the minors last year, went the route for Baltimore to top Washington in 10 innings of the first game 2-1. Washington took the second 5-2.

6. Rookie Frank Lary of Detroit found his first big league victims in the Cleveland Indians. Lary allowed eight hits while the Tigers hung a first defeat on Herb Score, the Indians' rookie hotshot, 6-4.

Alex Kellner was the fellow who plummeted the White Sox from 29 runs to zero by allowing only five singles. The husky left-hander was the first Kansas City pitcher to go the route this season. Gus Zernial's three hits helped hang the defeat on Dick Donovan.

Nixon's second successive shutout was a real class job at Yankee Stadium. Singles by Bill Skowron and Eddie Lopat were the only New York hits. Lopat lost it in the ninth when Faye Throneberry singled, took second on an infield out and scored when Norm Zauchin's single dropped in front of Hank Bauer.

Hoot Evers' pinch double set up the winning run for Baltimore in the first game against Washington. He moved around to third on an error by Bob Kline and scored on an infield out.

The Giants and Dodgers staged another massive tug-of-war at Ebbets Field before the Brooks finally lost their second game in 13 starts. Despite two homers by Willie Mays, his first of the season, Brooklyn took a 5-3 lead into the ninth, when Al Dark's two-run homer tied the score.

* * *

Ray Katt's first hit of the year, a three-run homer, started the Giants' six-run spurt in the 10th. Then Brooklyn hammered back with five. At the end, the Dodgers had men on first and second when Ruben Gomez, the seventh New York pitcher, finally got Carl Furillo on a foul fly.

* * *

Max Surkont saved Pittsburgh from a record-tying losing streak by holding the Phils to eight hits in the opener. Del Ennis' leadoff homer in the sixth ruined his shutout.

St. Louis and Milwaukee never did get started in their scheduled single game because of rain. Cincinnati and Chicago got in one game but had to call off the second with the Cubs in front 3-0 in the Chicago half of the third.

Eddie Miksis drove in both runs for the 2-1 opening game decision.

All teams had an open date today.

BATTED BALL CLIPS FOX—Chicago White Sox second baseman is being treated for a small cut over his right eye suffered when a ball hit by Kansas City Athletics' pitcher Alex Kellner took a bad hop and struck Fox in the face Sunday. Fox left the game in the 6th inning under his own power and the injury was not serious. Working over Fox is Chisox trainer Joe Froelich.

'Demotion' for Brooks

BROOKLYN (AP) — Captain Alvin Dark, hero of New York's 11-10 victory over Brooklyn, declared today that two teams—the Giants and the Milwaukee Braves—were superior to the league-leading Dodgers.

The sparkplug of the world champions, who shrugged off his Saturday skirmish with Jackie Robinson of the Dodgers as a "closed incident," admitted the Giants face a long, tough uphill climb to overhaul the Dodgers. He insisted, however, that by August, not only New York but probably Milwaukee will catch Brooklyn.

"I know the standings give the Dodgers a big advantage over us right now," Dark said Sunday following New York's thrilling 4-hour victory which gave the Giants the rubber of the three-game series. "But I still maintain we're a better ball club than Brooklyn. So is Milwaukee. I don't want to say how we will fare against Brooklyn over the season, but I believe Milwaukee will beat the Dodgers at least 13 times this year.

* * *

"Brooklyn has a fine ball club," Dark added. "They've got better pitching than they had last year and that makes them a tougher club to beat. But they can be beaten.

"I'd be foolish to say that we're unconcerned about Brooklyn's fast start," he said, referring to the Dodgers' 11 victories in their first 13 games, "but no more foolish than those who already have conceded the pennant to Brooklyn.

"There's still a long way to go. Brooklyn has been playing great right from the start. On the other hand, we got off poorly.

Maybe its beginning to change now. We tackled them in their own park while they were hot—and we weren't—and we took them two out of three. It's going to get worse for them when the hot weather sets in. And that's when we're going to get better."

The brilliant Giant shortstop called attention to the Dodgers' aging and obese athletes, particularly Robinson and Roy Campanella, who weigh in the peighborhood of 215 pounds each, give or take a couple of pounds.

"Hot weather bothers big heavy fellows much more than it does a slender man," Dark pointed out.

Castellani, Perez, Vejar, Charles on TV This Week

By THE ASSOCIATED PRESS

Rocky Castellani, aiming for another title shot at middlweight champion Bobo Olson, is a 2-1 favorite to beat Cuba's Chico Varona in a televised 10-rounder (Dumont-TV, 9 p.m. EST) at New York's St. Nicholas Arena tonight.

The 27-year-old ex-marine from Cleveland, now ranked as the 3rd contender, has won two straight since he was outpointed by Olson last Aug. 20. Castellani stopped Moses Ward in eight and outpointed Holly Mim in 10, the last on Jan. 17.

Varona, once a high-ranking welterweight contender, is making his 1st start of the year in the states. His record is 57-17. Castellani's record is 58-6-2.

A featherweight scrap between Rudy Garcia of Los Angeles and flashy Lulu Perez of Brooklyn also will be telecast tonight (ABC-TV, 9 p.m., EST) from Brooklyn's Eastern Parkway Arena.

Ezzard Charles a familiar face to TV fans, takes on hard-hitting, china-chinned John Holman of Chicago in a video 10-rounder (CBS-TV, 9 p.m., EST) Wednesday night at the Miami Beach auditorium.

Chico Vejar of Stamford, Conn., is a 2-1 favorite over Italy's Paolo Melis in the Friday night radio-TV fight (NBC-TV, radio, 9 p.m. EST) coming this week from Syracuse, N. Y.

St. Mary's Drops Test on Track

Detroit Servite took a well-balanced track team to Orchard Lake Sunday afternoon and the result was a 70½ - 38½ defeat for St. Mary's Eaglets

Although St. Mary's Gerry Leszczynski led both teams with 14¼ points, he was more than offset by Servite's versatility. Eaglets' star won the 440-yard dash and the broad jump, was 2nd in the shot, and was a member of St. Mary's victorious medley relay team.

Frank McQuade and Tim Catalina paced Servite, each scoring double firsts. McQuade captured the 100 and 220-yard dashes, while Catalina won the 100-yard high hurdles and high jump.

OCSC Father, Son Banquet on May 12

Oakland County Sportsmen's Club will hold its 1st annual Father and Son banquet Thursday night, May 12, in the Club House at Waterford.

Sid Geal, supervisor of Camp Mahn-Go-Tah-See, YMCA camp near Hale, will be the featured speaker. Geal will also show colored motion pictures taken at the camp.

Karl Rhodes and Frank Ketchum have been appointed co-chairmen of special dinners by club president Bob White. Tickets for the banquet are now available and may by purchased at the club's office.

NCAA Council to Discuss Problems

CHICAGO (AP)—Council of the National Collegiate Athletic Assn. opens a two-day meeting today to consider several items including eligibility problems connected with college students' participation in the 1956 Olympics.

The NCAA's executive committee met yesterday and approved dates and sites for cross-country, skiing and wrestling championships.

Michigan State College will be the scene of the 1955 cross-country championships Nov. 28 and Colorado and Denver will be co-hosts for the 1956 ski championsships at Winter Park, Colo., March 23-25.

Oklahoma A&M was awarded the wrestling championships, March 23-24.

Chiefs' 9 Wins Double-Header, Rests for Week

Wharry Comes Close to Shutout in First; Late Rally in 2nd

Pontiac High School's baseball team broke a 2-2 stalemate Saturday in its current status, with a double victory over Port Huron.

Coach Ed Heikkinen's club tried a new pitching hope in the opener and Ted Wharry, erstwhile 1st baseman, came close to notching a shutout victory 4-1.

Hurons' Al Course, with two down in the 4th spoiled the whitewash by scoring the visitors' only tally on a single by Faust.

Chiefs went to town in the nightcap. After a 4-run Port Huron outburst in the 3rd had given the visitors a 3-1 lead, Chiefs came to life with a bang. They rushed over three runs in the 4th frame to square the count, then moved up with another 3-run blast in the 5th and added a final round of 4 runs in the 6th to make it stick, 11-5. Reds scored one tally in the 5th.

Wharry gave up only two singles in his stint on the mound. He was never in trouble and is credited with a fine job, that included two solid singles.

Arnold Larson started the 2nd game but was relieved in the 6th by Bob Johnston who ended a possible Port Huron rally, with two on.

Chiefs' 1st win was clinched in the 1st inning, with tallies by Bob Smith and Al Hayward. Three good singles helped them along.

Insurance runs were counted in the 5th and 6th by Don Daniel and Bud Hayward, respectively. Port Huron counted only once, in the 4th when Al Course scored after two were down, with aid of Faust's single.

Pontiac had to come from behind to win the nightcap. Reds collected four counters in the 3rd frame, with Don Miller, Bob Diouma, Don Capps and Pete Hanton crossing the plate.

PHS equalized the total in the 3rd and 4th with runs by Smith (3rd), Casteel, Larson and Dick Slade, then nailed the victory with a 3-run 5th inning. Wharry counted the winning tally. Others were scored by Vallad and Slade. Daniel, Hayward, Wharry and Poe counted in the big 6th the 1st three on Walt's hefty triple.

A week's layoff from competition will find the Chiefs out of game action until a week from Tuesday when they tackle Arthur Hill at Saginaw.

Greenwood Puts on Air Show in U. of M. Session

ANN ARBOR (UP)—John Greenwood of Bay City today was given a good chance of winning the quarterback spot on the University of Michigan's football squad next fall.

Greenwood put on a spectacular passing display Saturday before some 500 spectators who crowded along the sidelines at Ferry Field as the Wolverines ran through the 1st of four planned spring training "game condition scrimmages."

The Bay City junior consistently hit ends Dave Rentschler, Detroit senior, and Gordon Morrow, Ann Arbor sophomore, as he passed from the T-formation and the single wing.

Greenwood was teamed with Terry Barr of Grand Rapids at left half, George Cor[illegible] right half, and converted end Mike Rotunno at fullback.

Roller Speed Honors for Rolladium Season Are Family Affair

Last of the afternoon roller skating race series were concluded Saturday at the Pontiac Rolladium.

Winners selected by a point system were awarded trophies and medals. Every 1st and 2nd place won in elimination races are given points as well as for a period-ending meet each 5 weeks.

The Marchewka family made a sweep of the top honors for the 1954-55 season. Lynn Marchewka scored a perfect total of 150 points to win the girls' division with Cecelia Darimont second with 145 points.

David and Andy Marchewka ran 1-2 in the boys' class with David scoring 145 points and Andy, 140.

Cranbrook Nine Drops Another 1-Run Decision

Cranbrook's luckless baseball team dropped its 4th one-run decision against 2 victories Saturday as Flint Northern took a 4-3 decision on the Cranbrook diamond.

The Vikings broke a 3-3 deadlock in the final inning on a walk, passed ball, infield out and an infield hit by Jim Hamilton. Steve Hayes went the route for the Cranes and pitched a fine 4-hitter, striking out 10. He yielded only one solid hit along with 3 scratchy safeties.

Trabert Wins 9th Straight Net Title, Beating Seixas for 7th Time in Row

HOUSTON, Tex. (AP)—The amateur tennis troupe scattered today as powerful Tony Trabert hung up his ninth straight trophy with the championship of the River Oaks tournament.

Trabert, the man with the big game from Cincinnati, bounced Vic Seixas, the national champion from Philadelphia, for the seventh consecutive time Sunday, winning the River Oaks title with a straight-set triumph. He beat Seixas 6-0, 6-1, 6-4.

Trabert goes to the West Coast where he will play in a Southern California tournament starting next Sunday. But most of the others of the star-spangled brigade headed for Europe.

* * *

The last time Tony lost a match was Feb. 1 when he fell before Ken Rosewall in the Australian national tournament. He never gave Seixas, his Davis Cup teammate, a chance Sunday, winning the first 11 games and coasting in.

Trabert broke Seixas' service in the second, fourth and sixth games of the first set and committed only three errors in winning the first five games of the second set.

Seixas made his best showing in the third set. He drew even at 3-3 and they divided the next two games, but in the ninth game, which went to deuce seven times, Trabert finally emerged the victor. He clinched the match by giving up just one point in the 10th game.

* * *

Trabert and Seixas teamed to win the men's doubles, beating Hamilton Richardson of Baton Rouge and Dick Savitt of Houston, 6-1, 6-2.

Jack Staton of St. Petersburg Florida won the men's senior singles championship, beating Bernard Clinton of Dallas, 6-2, 8-6. In senior doubles, Monte Ganger of Cleveland and Clinton beat Staton and N.C. Brandon of St. Petersburgh, Fla., 6-2, 6-3.

Ethel Norton of San Antonio, the women's singles champion, teamed with Mrs. Peggy Startzman of Houston to win the women's doubles, defeating Ruth Naylor of San Antonio and Marilyn Montgomery in the finals, 6-0, 1-6, 6-3.

UM, Spartans Win 3 of 4 Big Ten Games

Michigan State and Michigan, champion and runnerup in last year's Big Ten baseball standings, won three out of four games during the weekend with Michigan off to a better start than the Spartans.

Wolverines, led by 3rd baseman Don Eaddy who banged out four hits in eight times at bat, swept a double-header from Wisconsin, 3-1 and 11-4.

Michigan State dropped the 1st game of its twin bill with Northwestern 17-6, but came back to take the 2nd game, 6-1.

Rolloff Needed for Elks Pin Championship

Rolloff between the leaders of the three Pontiac No. 810 Elks Bowling leagues will be held at Land-O-Lakes Recreation on Tuesday at 7:30 p.m.

Individual league champions are Soucy's & Sons, Carling's Bucks, and Pfeiffer's Elks.

The winners will be crowned grand champions at the annual banquet on Saturday April 30 at Elks' Temple.

Victory for Tartars

CINCINNATI (AP)—Six unearned runs in the last two innings gave Wayne (Mich.) University an 8-3 baseball victory over the University of Cincinnati Saturday. The game was cut to seven innings because of rain.

Lary Beats Tribe With Aid of Boone's Home-Run Blow

CLEVELAND (AP)—The pitching and hitting that gave the Indians the American League pennant last year was much in evidence in Municipal Stadium yesterday. But this time the Detroit Tigers held the edge of the product.

Rookie Frank Lary limited Cleveland to eight hits while teammate Ray Boone drove in four runs on a homer and a single as Detroit claimed its 2nd straight victory over the Tribe, 6-4.

It was Lary's 1st major league victory and a personal triumph over Cleveland's bonus rookie Herb Score. Lary last week was the victim of Score's 7-3 victory over Detroit.

It was Boone's 3rd homer in the last three games. A four-bagger by the Tiger 3rd baseman figured in Detroit's 3-0 win over the Indian's Saturday.

Lary, who had a 15-11 record at Buffalo last year, held Cleveland to a single hit through the 1st five innings. Larry Doby connected for a bases-empty homer in the 1st frame.

Boone, former Indian, singled home Bill Tuttle, who walked in the 1st inning and advanced on a walk to Ferris Fain. Boone's homer in the 3rd scored Al Kaline, who singled, and Fain who walked.

Lary walked in the 6th and came in on a single by Tuttle. In the 8th, Kaline walked and after a single by Fain scored on a wild pitch by ex-Tiger Hal Newhouser.

Newhouser, Art Houtteman, another former Detroit player, and Early Wynn, followed Score when he was yanked by Manager Al Lopez, in the 7th.

Indians nicked Lary for their 2nd run in the 6th, when Doby singled and came in on a wild pitch after the Tiger rookie had loaded the bases.

Nashua, Summer Tan, Saratoga Are Headed for Kentucky Derby Field After Good Eastern Showings

NEW YORK (AP)—It appeared today as if the East's contribution to the Kentucky Derby will be slim but potent—a three-horse contingent headed by the Belair Stud's mighty Nashua.

The returns were all in Sunday from Jamaica, where Nashua defeated Summer Tan in a grade "A" thriller, and from Maryland where Saratoga easily took the Chesapeake Stakes. No other colt showed enough to warrant the trip to Louisville where the great Derby classic will have its 81st running May 7.

Nashua, who has ruled as the future book Derby favorite for many weeks, turned in another of his tenacious bulldog performances Saturday to catch the front-running Summer Tan in the $111,700 Wood Memorial at Jamaica. But the Caliente future book kept him at 8-5 with Summer Tan at 2-1.

* * *

This was one of the finest horse races anywhere and it assured that Nashua will be the favorite of the Derby crowd. Summer Tan who wasn't disgraced a bit in the Wood, probably will rate second choice. Mrs. John W. Galbreath's speedy colt set the pace in the mile and one eighth Wood Memorial, only to have Nashua rush up in the final jump and snatch a neck victory in a heart-failure finish.

* * *

At Laurel Park, meanwhile, Mrs. Mariondu Pont Scott's Saratoga trimmed 10 other 3-year-olds in the Chesapeake Stakes. Saratoga is the hope of Virginia if trainer Frank Bonsal elects to send him to Louisville to meet Nashua and the others in the Derby.

* * *

Saratoga defeated Gee Cohen's Chuck Thompson by two lengths at Laurel stepping the mile and one sixteenth in a fancy 1:43 1-5. Nashua's time in the Wood Memorial, a sixteenth of a mile further, was also a snappy 1:50 3-5.

Nashua, however, has beaten Saratoga twice this year, and the longer Derby route undoubtedly will sway the decision of some trainers on whether they want any more of Nashua right soon.

Summer Tan was a slight favorite in the Wood Memorial, and trainer Sherrill Ward said he had tentative plans to fly the colt to Louisville Tuesday.

Attendance Is High

Kaycee Fans Remain Friendly Towards A's

KANSAS CITY (AP)—The cold statistics showed today that major league baseball is getting a red hot welcome in Kansas City.

Home attendance for seven days for Kansas City's American League entry was brought to 156,997—an average of 22,428—by the 19,446 cash customers that turned out in chilly, windy weather to see the Athletics beat the Chicago White Sox 5-0 Sunday.

That's more than half the 304,666 total drawn by the same Athletics in 72 games at Philadelphia all last season.

* * *

Chances are excellent that Kansas City will beat the Philadelphia season figure by the time the Athletics complete their present home stand May 4.

Off today, the Athletics will meet Boston Tuesday night and Wednesday afternoon and then take on the New York Yankees Thursday and Friday nights. They wind up the stay against Washington Sunday and Monday night and Baltimore Tuesday and Wednesday nights.

* * *

All reserved seats have been sold for the first New York game and the A's front office said a capacity crowd of more than 32,000 also is expected for the second Yankee tilt. Unreserved seats and standing room will be on sale day of the games.

Bill Adams' 70-4—66 Best in Weather-Hit Test at Edgewood

Bad weather kept many golfers away, but 135 players turned out for the opening Michigan Publinx Golf Assn. handicap tournament of the season Sunday at Edgewood Golf Club.

Bill Adams, Detroit, just recently returned from service, toured the 35-37, 72 par Edgewood layout in 35-35—70 to take top honors. His handicap made his winning total a 66, two strokes better than the nearest rival.

Veteran publinx player Jay Law of Harper Woods fired a 37-34—71 minus 3 handicap for runnerup spot at 68.

Ed Wasik of Pontiac was one of four players knotted for 3rd place. He had a 74-5—69. Dick Bury of Detroit shot 76-8—68 to win the 1st flight award and Larry Kuzmich of Detroit took 2nd flight honors with 90-25—65.

One of the tourney's highlights was the missing of a 3-inch putt by Bill Heyn of Detroit. Heyn, a fine player, who qualified last year for the National Publinx, went to tap the short putt in the hole, but the ball was sitting in a depression in the green and didn't move.

The next MPGA tourney will be played next month.

Determine Wins Rich Mile Test

ALBANY, Calif. (AP)—The $50,000 Golden Gate Derby Saturday highlights racing at Golden Gate Fields this week.

Running today as a tightner for the 1¼ mile test for 3-year-olds are Noir, Beau Busher, Golden Land, Mr. Sullivan, Fabulous Vegas, Star of Ross, Dark Chief and Texas Draw.

Bell O Shandon is the only filly expected in the derby.

Determine won the $50,000 Golden Gate mile last Saturday, barely heading Rejected and Poona II, which dead-heated for second. They'll meet again in two weeks in the $50,000-added Golden Gate Handicap at 1¼ miles.

Willie Shoemaker is the leading jockey here with 54 winners.

Victory Stirs Harper to Try Ft. Worth Test

Chandler Wins Virginia Beach Tourney With a Record 260 Total

VIRGINIA BEACH, Va. (AP) — Stylist Chandler Harper of Portsmouth, Va., said today he's going to take another crack at the professional golf tournament circuit as a result of his victory here Sunday in the third annual $17,500 Virginia Beach Open.

* * *

"I'll join the circuit at Ft. Worth, Tex., two weeks from now," said the 41-year-old Harper. Harper picked up $2,40 by putting together rounds of 66-65-65-64 for a tournament record of 260. The former record of 262 was set in 1953 by Doug Ford of Kiamesha Lake, N.Y.

* * *

Harper's spectacular iron shots and his putting gave him the victory in what proved to be a stirring battle over the 6,065-yard, par-69 Cavalier Yacht and Country Club course.

* * *

Second place went to Dick Mayer of St. Petersburg, Fla., who finished with a 65 for a 72-hole total of 264, four strokes behind Harper. Mayer collected $1,800. Ed (Porky) Oliver of Lemont, Ill., was third with 265 and made $1,400.

Tied for fourth were Ed Furgol National Open champion from St. Louis, and Marty Furgol of Lemonth, Ill., who carved 266's and took home $1,100 each. Next came Jack Burke Jr. of Kiamesha Lake who won $800 with 267. Jerry Barber of Los Angeles and Johnny Palmer of Charlotte, N.C., came up with 269's to tie for seventh, good for $65 each.

* * *

Playing Sunday with Mayer and Ed Furgol, Harper scored his first major victory since he won the 1954 Texas Open. He had started the last round tied for the lead with Oliver and a stroke ahead of Burke and Ed Furgol.

Harper said he is playing better now than he has in more than a year.

Ivan Gantz of Indianapolis, Ind. and Orville White of Aiken, S.C., tied for senior division honors and divided $1,600. They also won $230 each by tying for 16th in the main event.

Linklater and Sansom Win Birmingham Event

Harry Linklater and K. S. Sansom defeated George Jaaksi and F. M. Hasiak in the finals of the championship flight to win the spring four-ball golf tournament Sunday at Birmingham Country Club. W. F. Ploch and T. A. Chick gained 1st-flight honors by downing J. M. Lachner and E. J. Grabowski. There were 112 players in the tourney.

Pontiac Boxers Win Four of Seven Bouts in North

Seven young boxers from Pontiac were in fistic action Saturday night at Sault Sainte Marie and gave a good account of themselves. Facing a championship team from northern Michigan, Pontiac's fighters gained four decisions while losing three.

Winners were Dennis Boyer, who beat Harold McCaffery of the Soo in a flyweight match; Early Eggleston, victor over the Soo's Howard McCaffery in another flyweight bout; Louis Eggleston, who decisioned Floyd Brown of Flint in the lightweight class.

Grady Johnson gave the best performance of the night in defeating Flint's tough Bob Boyd in a welterweight go.

Velton Wilder ran out of gas in a middleweight tiff and lost to Johnny Ruskis of the Soo. Vern Coutant, northern Michigan lightheavy champion, had too many pounds and too much experience for Pontiac's Coley Gracey. Erwin Nard fell to Brian Mastaw of the Soo in a middleweight bout.

Harold Duggan, Bill Strange and Al North were trainers for the Pontiac lads.

Baseball Attendance Booms for Athletics

KANSAS CITY (AP) — The transplanted Kansas City Athletics played to 22,997 last night in their losing battle to the Chicago White Sox, and boosted their season attendance to 119,213 for five home games.

This is better than a third of the 304,666 attendance for the A's all last year in Philadelphia. And the A's haven't played to a Sunday crowd yet.

On the Move

MORGANTOWN, W. Va. — West Virginia's basketball team traveled 9620 miles this past winter.

Jack Johnson, (Not Old-Timer) Wins on Coast

HOLLYWOOD (AP)—Jack Johnson 210, Los Angeles, state heavyweight boxing champion, turned in a technical knockout over Gene Thompson, 184½, Minneapolis, in a scheduled 10-round main event Saturday night.

* * *

Johnson, who won the title from Willie Bean in February, decked Thompson in the third and fifth rounds. Referee Dynamite Jackson stopped the fight after 1:28 in the fifth.

Thompson subbed for Larry Watson of Omaha, who was denied a license Friday because of high blood pressure.

Betsy Snaps Losing Streak.

Miss Rawls Is Winner of $5,000 Tourney on 218 for 54 Holes

CARROLLTON, Ga. (AP)— Betsy Rawls could hardly have picked a better time to snap out of her slump and win a golf tournament.

Her three-stroke triumph over Patty Berg in the $5,000 Carrollton Women's Open gave her morale a big boost as she and the other touring professionals headed for Betsy's hometown of Spartanburg, S.C., and the Peach Blossom Open.

* * *

Miss Rawls, who hadn't won a tournament since the Texas Open in October, played cautiously in the final round Sunday and took a 77 for a 54-hole total of 218—one stroke over the record winning score for this tournament.

* * *

Miss Berg, the St. Andrews, Ill., shotmaker, had trailed Miss Rawls by four strokes after each of the first two rounds, but carded a closing 76 for a 221 total.

"I changed my grip a little after the Babe Zaharias Open in Beaumont a week ago," Miss Rawls reported.

* * *

Best round of the final day was carded by Alice Bauer Hagge of Sarasota, Fla. Her 74 boosted her into a tie for third at 227 with her sister Marlene Bauer, and Jackie Pung of Honolulu. The other two closed with 79s.

* * *

Miss Rawls' victory, her second here, was worth $1,000 and Miss Berg, also a former winner, collected $700. The trio tied for third got $508.33 each.

* * *

Mrs. Zaharias, of Tampa, Fla.; Betty Dodd of San Antonio, Tex.; and Mickey Wright of San Diego, Calif., ended in a tie for sixth at 229 and won $303.33 each.

Four Records Fall in Annual Kansas Relays

CMC's Jim Podoley Is Decathlon Winner in Saturday Meet

LAWRENCE, Kan. (AP) — Four records tumbled in the annual Kansas Relays but wind and rain wiped out Wes Santee's chances for a 4-minute mile.

America's top miler turned in a comparatively slow 4:11.4 Saturday, competing against gusts of wind up to 14 m.p.h.

The record-smashing came after weather conditions improved. Oklahoma A&M had a hand in two new marks, North Texas State bettered another and a Kansas freshman came up with the other new standard.

* * *

The Aggie team of Jack Hays, Fred Schermerhorn, Billy Heard and J. W. Mashburn ran the mile relay in 3:11.6, bettering the 1952 mark of 3:14.8 set by the University of Oklahoma. Mashburn, Heard, Hays and Marion Muncrief combined in the university sprints medley to turn in a 3:22.8. The old mark was 3:24.3, set in 1950 by Oklahoma.

North Texas' record came in the college sprints medley. Mike Hagler, Boyd Dollar, Dean Renfro and Paul Patterson ran it in 3:24.4, bettering the 3:27.1, mark made in 1949 by Compton (Calif.) Junior College. A North Texas State team of Jimmie Weaver, Jimmie Huffman, Hagler and Patterson also tied the college mile relay record of 3:16.2.

Kent Floerke, a University of Kansas freshman competing unattached, lowered the hop-step-jump standard. His performance of 49 feet ½ inch smashed the 42-2 mark made by Rice's Jim Gerhardt in 1952.

Santee, who has traveled the mile in 4:00.5, made his poorest run in months but still finished 50 yards ahead of his nearest competitor, Ted Wheeler, a former University of Iowa trackman now in uniform at Ft. Leonard Wood, Mo.

For the second consecutive year, Jim Podoley of Central Michigan College won the decathlon championship with 6,340 points.

Big Ten Hands Out Punishment for Play in Tourney

CHICAGO (AP)—Two Indiana University basketball players were ordered by the Big Ten Monday to forfeit one year of intercollegiate competition for taking part in a basketball tournament at Chicago earlier this month.

The two are Charles Brown and Paxton Lumpkin, former high school stars at Dusable of Chicago who earned freshman numerals at Indiana this year.

Both players earlier said they were told they could play without jeopardizing their intercollegiate athletic eligibility.

Gopher, UM 9s Take Lead in Big 10 Baseball

Each Win Three Games in First Weekend of Diamond Action

CHICAGO (AP) — Minnesota and Michigan jumped into first place in the Big Ten baseball race over the weekend while highly rated Wisconsin dropped into the cellar.

Minnesota got off to a flying start with a 12-8 victory over Illinois in their opener Friday when Rog Anderson hit a grandslam home run in the 10th inning.

Gophers then swept a doubleheader from Purdue, 3-1 and 4-0. Anderson also homered in Saturday's second game.

Michigan bounced Northwestern Friday, 5-2, before whacking Wisconsin Saturday, 3-1 and 11-4. Wisconsin, bolstered by returning regulars from last year's team which finished second to Michigan State, also lost its opener, bowing to the Spartans, 14-8.

Rounding out Saturday's action was a split between Northwestern and Michigan State. The Spartans won the second game, 6-1, after dropping the opener, 17-6. Doubleheaders between Illinois and Iowa and Ohio State and Indiana were rained out.

Wisconsin's downfall can be pinpointed to an unexpected lack of pitching. Wisconsin hurlers have given up 45 hits in three games. Bill Robichaud had a 4-0 conference record last year but gave Michigan 10 hits in Wisconsin's 3-1 loss. Sheldon Rusch had a 3-0 Big Ten record in 1954 but was battered for eight runs in three innings against Michigan State.

Michigan has combined timely hitting with effective pitching and Minnesota has capitalized on the long ball. The Gophers have had five home runs in their first three games.

Friday's schedule finds Michigan at Illinois, Indiana at Northwestern, Minnesota at Iowa, Michigan State at Purdue and Ohio State at Wisconsin.

White Shoots 267, but Singles Title Goes to Detroit Man

CHICAGO (AP)—The 30th annual Knights of Columbus National Bowling Tournament closed Sunday night with Ralph White of Indianapolis bowling a 267, the highest game of the meet.

Clo Gardner of Detroit won the singles title with 701 and Ed Weber of Milwaukee finished second with 654.

Norbert Bartels and Jerry Olen of Milwaukee won the doubles title with 1,245 and Stan Weglarz of Chicago was tops in all events with 1,889.

Two Chicago teams finished one-two in the five-man team competition.

Detroit Women Bowlers in Top Spots in WIBC Test

OMAHA (AP)—Detroit entries continued to dominate high-scoring roles in the Women's International Bowling Congress tournament yesterday.

Three Motor City gals climbed over 1,800 in all-events, with Anita Cantaline setting the pace with 1,816.

She added 594 in singles and 572 in doubles yesterday for the whopping 650 she posted for the leading Brunswick Bowlerettes team Saturday night.

Dee Wroblewski and Elvira Toepfer placed 2nd and 3rd with 1,804 and 1,802, respectively.

Marian Turash made the biggest splash in the singles chart with a 641, good for 2nd behind the 658 Mary Quinn of Buffalo, N. Y., shot Saturday.

Toepfer nailed 3rd in singles with a 638, edging 636 performances by Detroiters Doris Dailey and Doris Knechtges.

Wroblewski and Marie Shamlock totaled 1,163 in doubles to tie for 2nd behind Detroit's Dot Aldred and Helen Shablis, who posted 1,211 Saturday.

Saturday's sizzling team action wasn't challenged seriously yesterday. Brunswick's 2,885 and Acar Broach's 2,850 gave Detroit a 1-2 monopoly.

Amateur Tourney Gets Under Way

PINEHURST, N. C. (AP)—About 140 of the nation's top golfers stepped up to the 1st tee today as the North and South Amateur tournament started with an 18-hole qualifying round. At dusk only 64 will remain the 55th annual competition following the 18-hole qualifying round.

Thirty-two contests tomorrow will inaugurate match play which will continue through the 36-hole finals Saturday.

Pavelich Takes Bride

DETROIT (AP) — Marty Pavelich of the Detroit Red Wings was married to Anna Jean Eberlein of Detroit Saturday.

The National Hockey League lineman and his bride plan to honeymoon in Florida and spend the summer at Sault Ste. Marie, Ont.

Teammate Red Kelly served as best man. Linemen Gordie Howe and Ted Lindsay were ushers.

Sam Snead's Golf School

SWING FUNDAMENTALS

The teaching committee of the Professional Golfers' Association of America has just come out with what it defines as the five basic fundamentals of a good swing. They are: (1) The Address; (2) The Waggle; (3) One-piece, left-side swing; (4) Delayed wrist action and (5) The pivot.

I helped them make the movie which will dramatize these principles to the golfing public. (You probably will see this on TV or elsewhere soon). So this week I thought I would discuss these fundamentals one-by-one, just as they are presented by the PGA Teaching Committee.

As the film points out, when you look at golf objectively, the purpose is very simple—it's to propel a ball at as high a rate of speed as possible in a given direction.

Here are the only two factors that can make the ball go where you want it to: (1) the path of the clubhead must be along the desired direction line; (2) the clubface itself must be exactly square to this intended line at impact.

The entire theory of the golf swing, then, is to deliver the clubhead to the ball in a squared position, along the intended line of flight at as high a rate of speed as possible.

Grain Market Tilting Lower

CHICAGO (AP)—Grains tilted lower on the Board of Trade today with dealings at a relatively slow pace.

Selling orders were present in all pits at the start. Brokers thought some of these may have been brought out by the advance of last week. In addition it appeared the tense situation regarding Formosa may have eased a bit over the weekend.

Wheat near the end of the first hour was 1⅛ to 1¼ lower, May $2.12⅛; corn was ⅛ to ⅞ lower, May $1.44½; oats ¼ to ¾ lower, May 73⅝; rye 1 to 1¾ lower, May 99¼; soybeans unchanged to 1½ lower, May $2.53½; and lard 5 to 15 cents a hundred pounds lower, May $12.75.

High winds and dust were reported in parts of the Southwest over the weekend but this failed to stir up any aggressive demand. Fair weather was forecast for today, tonight and tomorrow.

Receipts of cash wheat at Chicago were surprisingly large for this time of year, totaling 161 cars. West Germany said it would buy a substantial amount of wheat from Canada tomorrow, another item considered bearish on American wheat prices.

CARBURETOR SAVES GAS BY "JET-ING"

Car owners who are wasting money and not getting proper gas mileage due to over rich mixtures will be pleased to learn of a Wisconsin inventor who has developed a very clever unit that saves gasoline by "Jet-ing and Vacu-mating." It is automatic and operates on the supercharge principle. Easily installed in a few minutes. Fits cars, trucks and tractors. The manufacturers, the Vacu-matic Carburetor Co., 7617-424J W. State, Wauwatosa, Wis., are offering a Vacumatic to anyone who will install it on his car and help introduce it to others. They will gladly send full free particulars if you write them or send your name and address on a post card today.

Mart Recovers From Selling

NEW YORK (AP) — A flurry of selling hit the stock market in early dealings today as margins were boosted, but a later recovery from the lows modified the decline considerably.

Prices were down 1 to around 3 points at the outside with extreme losses lessened as the session progressed.

The Federal Reserve Board on Friday after the maket closed ordered an increase to 70 per cent from 60 per cent in the minimum amount of your own cash that must be posted in the purchase of stocks. You formerly were permitted to borrow up to 40 per cent. That now is cut to 30 per cent.

All sections of the market were involved in the decline at the opening. The initial fall came immediately, but thereafter stocks seemed to hold at their lows or a little abovem

The initial rush, which lasted about 15 minutes, brought out a number of large blocks. Among them were Douglas Aircraft 2,000 shares off 2⅜ at 73¾, New York Central 3,000 off 1¼ at 40⅞, Chrysler 4,000 off 1⅞ at 78, Bethlehem Steel 2,000 off 2 at 139, American Telephone 1,000 off ⅝ at 180¼, Republic Steel 1,600 off 1¼ at 84¼, Boeing 2,500 off 2½ at 70⅜, Baltimore & Ohio 2,100 off 1¼ at 44¼, and U. S. Steel 2,500 off 1 at 84¼.

Chou Says China Hates War, but Wants Formosa

TOKYO (AP)—Shozo Murata, former Japanese ambassador to Manila, today quoted Red Chinese Premier Chou En-lai as telling him "the Chinese people are simply sick and tired of war" but "Formosa will be liberated."

Murata said Chou made the statements to him in January, when he visited Peiping for unofficial trade talks.

* * *

"Chou told me he personally feels friendship for the American people," Murata said in an interview, "but he resents the administration's attitude of dangling weapons before the Chinese.

"Chou said the United States has surrounded China with military bases and its fleet. The Chinese feel they are looking at gun muzzles in every direction. In such a position it is reasonable for Chinese to map out their defense."

Murata said Chou portrayed the Korea War "as simply forced on us" when U.N. troops drove through North Korea toward Manchuria.

Loiterers Fined $550 After Vice Squad Raid

Fines totaling $550 were paid Saturday by 21 persons who pleaded guilty to loitering in an illegal liquor place Saturday before Municipal Judge Cecil McCallum. Charges against four others were dismissed by McCallum.

The 25 persons had been arrested by Pontiac Police vice squad raiders early Sunday morning.

Two Men Are Injured When Car Rams Tree

Two men were injured early Sunday morning when their car smashed through a guard rail and rammed a tree on Rochester road near Square Lake road, Oakland County Sheriff's deputies said.

Treated at Avon Center Hospital were Charles F. Newell, 23, of Rochester, the driver; and Clarence Barker, 29, of 75 Carpenter Ave., Pontiac. Newell said he fell asleep at the wheel.

To Resume Negotiations

DETROIT (UP) — Officials and employes of Parke, Davis & Co., a major producer of Salk Polio vaccine, will meet with federal and state mediators tomorrow to resume negotiations on a labor contract that expires May 1.

Car Production Nears 3 Million

Hottest Race in History Breaking Records Daily; Inventories Mount

DETROIT (AP)—The hottest production rate in history brought the auto industry today close to its 2,750,000th car assembly of the year.

Records are falling with just about every car that rolls from the assembly lines as the factories operate at an annual rate of 9,500,000 passenger cars.

Meanwhile dealer inventories are mounting—also to record proportions. New car inventories are estimated unofficially at near 675,000. Used car stocks, swelling under the impetus of thousands of tradeins daily, also are near record levels.

And despite the high sales volume reported in both new and used cars, inventories in both categories are going higher.

The industry set a new passenger car production record last week with 183,145 assemblies. Most of the assembly lines operated six days to achieve this volume. General Motors factories poured out an unprecedented 91,857 of the passenger cars. Chevrolet built 41,000 of them; Buick 20,150.

Ford's Ford Division, continuing an all-out effort to overtake GM's Chevrolet Division, got 35,915 car assemblies last week. On the year's total so far Chevrolet tops Ford 608,427 to 556,153 passenger car assemblies.

Elsewhere in the production battle Plymouth built 18,500 cars for a 1955 total to date of 272,688 against Buick's 265,319. Buick has said registration figures will show it in third place in new car sales by a substantial margin over Plymouth.

Chrysler Corp., stepping up its comeback effort, has built more than 522,600 cars so far this year. The total more than duobles last year's output for the comparable perold.

At the present production rate the industry will turn out this year's 3,000,000th car some day next week—almost two months aheaed of last year's comparable vehicle.

The industry's executives insist the current production rate is inspired wholly by the indicated market for new cars. They insist there is no plan to pile up inventories against a possible production-crippling strike stemming from labor's demand for a guaranteed annual wage.

American Motors' Profits Beginning

DETROIT (UP)—American Motors started making a profit on its operations in mid-February and earned a "substantial net profit" during March, president George Romney announced today.

Romney said the earnings didn't offset losses marked up earlier in the quarter, but said American Motors expected to turn the corner with a net operating profit for the current quarter.

He said the profits in the last half of the quarter ending in March "climaxed nearly 10 months spent in reorganizing, and strengthening almost every phase of American Motors' operations so it could compete more effectively for a larger share of the automobile and appliance business."

He said American Motors' had a net loss for the past six months, which is the first half of the organization's fiscal year, of $6,114,478 after a tax recovery of $6,344,000.

2 Upper Michigan Boys Drown When Boat Tips

TROUT LAKE, Mich. (AP) — Lorne Peake, 14, and Melvin Barrett, 10, of Trout Lake drowned yesterday in nearby Frenchman's Lake after a squall capsized their homemade sailboat.

Larry Benoit, 13, arrived at the lake shore too late to join his pals in trying out the boat. He saw the boat overturn and ran more than a mile for help. Rescuers who put out in a rowboat recovered the bodies.

Trout Lake is a resort village in the Upper Peninsula.

Auto Firms in Talks With 3 Unions on GAW

DETROIT (AP) — The General Motors Corp., and the CIO International Union of Electrical Workers opened contract negotiations today. These sessions will continue tomorrow, and Wednesday the corporation will resume negotiations with the CIO United Auto Workers.

The Ford Motor Co. and UAW are scheduled to resume contract talks tomorrow.

In each instance, unions are insisting on contracts including a guaranteed year-around wage.

Chrysler Strike Over

DETROIT (AP)—The nearly 14,000 Chrysler workers made idle by a truck drivers strike Saturday over one driver's firing returned to work today. With reinstatement of the driver, penalized for a fight, the truckmen ended their strike.

GM Auto Workers Make $107 Weekly in 1st Quarter

DETROIT — Unprecedented demand for General Motors products resulted in all-time record pay and a peacetime high in average weekly hours of work for GM wage earners in the United States during the first quarter of 1955.

Harlow H. Curtice, president, and Alfred P. Sloan Jr., chairman of the board, disclosed the information today in a statement preliminary to their quarterly report.

They reported that, with plants operating on an overtime basis to keep up with a record sales pace for GM passenger cars, weekly pay of the company's wage earners averaged $103.79—the largest average weekly earnings for any quarter in GM history.

The first quarter pay figure represented a 45 per cent increase in five years. Wage earners in GM car, truck, body and assembly divisions earned an average of $107.53 per week during the first quarter.

Hours of work during the first quarter averaged 44.2 a week, higher than in any previous peacetime quarter. In the first quarter of 1954, average hours worked per week were 39.5 and average weekly earnings $88.23 for GM wage earners in the United States.

Average number of wage earners employed in GM's United States plants during the first quarter of 1955 increased to 400,266 from 397,200 a year ago.

World-wide General Motors employment reached a new high—a record average of 614,122—and payrolls totalled $768 million during the first quarter of this year an increase of 14.7 per cent.

State Racing Bill Deadline

Solons Whip Measures Past Starting Barrier as Adjournment Nears

LANSING (AP)—Michigan's House and Senate were whipping their pet bills past the starting barrier today to be in position for the final five weeks of the 1955 session.

A series of "sudden death" deadlines will cut off bills left in their house of origin this week. The only exceptions are tax and appropriation measures.

Maneuverings to get House bills passed over to the Senate and Senate bills passed over to the House promised to sidetrack the important money bills of the session until later.

However, the House Roads Committee may indicate before the week ends what its attitude will be toward a new Senate arterial highway bill which was passed in thet upper chamber last week.

The bill was designed to take the House Committee chairman, Rep. Emil A. Peltz (R-Rogers City) off the spot and relieve him from having to accept his own bill in drastically altered shape.

The House has scheduled a final vote Wednesday on an unemployment compensation bill which contains benefit increases planned by the Republicans in secret and only sprung on the Democrats late last week. Democrats said they would go along with the measure, although they complained it will not go far enough.

Just to keep its finger in the labor pie, the Senate Labor Committee will hold a public hearing Tuesday night on the Feenstra-Geerlings "right to work" bill.

Organized labor is expected to muster its leaders against the bill which forbids closed shops and union ships.

The Senate has scheduled debate tonight on the Hutchinson bill to renew the state Conservation Commission's discretionary power over the deer herd.

Also due for debate tonight is the Nicholson bill to deed former submerged lake bottom lands to persons who illegally filled them and built on them. Most of the lands in question lie along the lower Detroit River.

Two Persons Hurt in 2-Car Collision

Two persons were injured slightly Sunday night in a 2-car collision on M59 at Ormond road, White Lake Township, State Police of the Pontiac Post said.

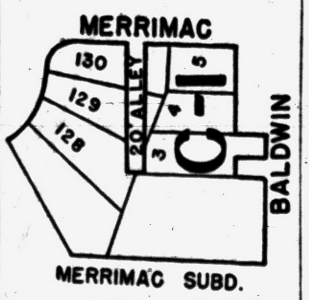

Treated at Pontiac General Hospital for cuts and bruises were Walter Blake, 52, of Detroit, and his wife, Veronica, 55. They were riding with John D. Smoot, 48, also of Detroit, who was unhurt.

Their car collided with one being driven by John W. Bohin, 33, Waterford Township. His passenger, Dean Heath, 27, of Milford was treated by a private physician.

Bohin said he collided with Smoot's car as Smoot pulled into his path from Ormond.

Paperworkers Convene

DETROIT (AP) — The CIO United Paperworkers of America opened their national convention in Detroit today, with a proposed Guaranteed Annual Wage plan the No. 1 topic of discussion. The 500 delegates also will discuss proposed merger with the AFL paperworkers union.

NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Pontiac City Commission in the Commission Chambers at the New City Hall, 35 S. Parke Street, Tuesday, May 10, 1955 for the purpose of rezoning to Commercial 1 the following described property, providing an alley is deeded to the City of Pontiac.

Lots 3 to 8 both incl. and that portion of Lots 129 to 130 both incl. lying east of the westerly line of a proposed 20 foot alley the westerly line of alley described as being parallel to and 143 feet west of the westerly property line of Baldwin Avenue in Merrimac Subdivision.

By order of the City Commission.
Dated: April 22, 1955.

ADA R. EVANS,
City Clerk.

Air Force Ups Security Work

Jump in New Cases Shows Major Step-Up in Ousting Risks

WASHINGTON (AP)—A new report to Congress showed today a multifold stepup in the Air Force's personnel security program over the past two years.

The report, given to a House Appropriations subcommittee during budget hearings and made public today, disclosed:

1. The Air Force filed security risk cases against 260 uniformed personnel in 1953 and 1954. In the two years before that, in 1951 and 1952, it handled only 15 such cases.

2. In the past two years, the Air Force discharged 37 officers or airmen on security grounds. In the two preceding years, it made no such discharges.

* * *

3. In 1953-54, in addition to the outright security discharges, 164 Air Force men resigned or were discharged on other technical grounds prior to settlement of their security cases. For the 1951-52 period, there were only 15 such cases.

4. Over the past two years, 59 military men were cleared after security charges had been filed by the Air Force. There were no such actions in 1951-52.

5. In the first two months of this year, 16 security cases were disposed of—more than during all of 1951 and 1952. In these 1955 cases, 6 were discharged, 1 was cleared and 9 were separated from the service prior to completion of their security cases.

These figures were given Congress March 24, after some questioning by committee members, by Maj. Gen. J. F. Carroll, director of special investigations for the Air Force.

Carroll said none of those discharged were spies or saboteurs.

Wrong Place to Park

SAN ANTONIO, Tex. (AP)—A Los Angeles carnival concession owner, Albert R. Cohn, 54, told police yesterday he locked $3,000 for safe keeping in the trunk of his car, parked across the street from county jail. The auto was stolen early yesterday.

Leading U. S. Publishers Affirm Faith in President

NEW YORK (AP)—A number of the nation's leading publishers interviewed here yesterday say they have faith in President Eisenhower's handling of the Formosa crisis.

The publishers also said they believe the United States should not become involved in a war over the offshore islands of Quemoy and Matsu. Some publishers, however, advised a "tough stand" on the issue.

A majority of the publishers said they favor talks with the Chinese Communists on the Far Eastern crisis but advised caution.

* * *

The publishers were interviewed by the New York Times and the New York Herald Tribune as they arrived for Newspaper Week, which opens today.

Most of the publishers reported a continuing popularity of President Eisenhower in their respective areas and a healthy economic picture.

Most of the publishers interviewed on the issue felt that former President Truman's remark that the press had given the Eisenhower administration a "cloak of protection" was without basis.

* * *

On the Formosa crisis, some of the publishers offered these views:

Palmer Hoyt, publisher of the Denver Post—We take a dim view of any cavalier defense of Quemoy and Matsu. There is considerable wonderment about them. We wonder how important they are, but trust in Ike's judgment.

William Block, publisher of the Pittsburgh Post-Gazette—My personal opinion is that Quemoy and Matsu are not strategic to either Formosa or the United States. The only reason for defending them is to keep the free world from falling back. I endorse Sen. George's speech suggesting that we sit down and talk with our allies and then with Chou. But we ought to get concessions on the American prisoners in China before we talk."

Norman Chandler, president of the Los Angeles Times, said it was "sound and proper" to talk with the Chinese Communists.

George T. Cameron, publisher of the San Francisco Chronicle, said he is in favor of a conference with the Red Chinese but added he personally does not think it would "get anywhere."

John S. Knight, president of the Knight Newspapers that include newspapers in Akron, Miami, Detroit, Chicago and Charlotte, N.C., said he doubts that a war will break out in the Far East.

12 on Boat Drown

PUSAN, Korea (AP)—Twelve passengers drowned yesterday when a Korean passenger vessel sank after hitting a submerged reef near Koje Island, south of here. Police reported 61 other Korean passengers and crewmen aboard the crowded 30-ton Sammoyong Ho were rescued.

Babe Ruth's baseball record of 60 home runs, established in 1927, has never been broken.

8 A. M. Tuesday Brings First Live Telecast If Weather Is Good

By WAYNE OLIVER

NEW YORK (AP) — The atomic bomb will give a rare, live television performance from Yucca Flat, Nev., tomorrow—barring bad weather.

CBS and NBC TV networks will show it on a pooled basis, and ABC, CBS and NBC will carry pooled radio coverage.

It will be the third live network telecast of an A blast. The first was over an improvised relay in April, 1952, and the second a more comprehensive coverage in March, 1953.

* * *

A new angle this time will be the use of the split screen technique. Viewers will see simultaneously the blast itself and a close-up of the reactions of soldiers and civil defense workers in a trench only a mile and a half away.

Another big difference is that there are more than 420 TV stations and 35 million sets now compared with 137 stations and about 22½ million sets at the time of the last A-bomb telecast. The pooled telecast also will be carried in Canada by the Canadian Broadcasting Corp. network.

* * *

How many viewers actually will tune in at that early hour is another matter.

The blast, probably at 8:20 a.m. EDT will come during the program Today on NBC and the Morning Show on CBS. Both networks will move in as soon as it's safe to show the bomb destruction on a test city in the blast area.

NBC will film the explosion for showing both in color and black and white on its News Caravan Tuesday evening. Newsreel shots will be carried on virtually all newscasts after the event.

The cancer death rate among U.S. surgeons is only 66 per cent of the rate for the entire population.

Prominent Dem Succumbs at 75 in West Virginia

MARTINSBURG, W. Va. (AP)—Clarence E. Martin, 75, prominent corporation lawyer who figured in a bitter 1941 battle between Sen. Neely (D-WVa) and ex-Gov. Homer Holt, died here yesterday. He had been ill four years.

He was a former president of the American Bar Assn.

Martin, a prominent West Virginia Democrat very nearly became a U.S. senator.

He was appointed in 1941 by outgoing Gov. Holt, a Democrat, to the Senate vacancy created by the resignation of Neely. Neely, also a Democrat, had just waged a successful campaign to succeed Holt as governor.

But Neely claimed Holt had usurped his authority to appoint someone to the Senate vacancy. He named the late Joseph Rosier of Fairmont, and when a vote was taken in the Senate as to which to seat, Rosier won by two votes.

Appropriations Cut for Non-Atom Bombs

WASHINGTON (AP) — The Air Force says it has slashed 950 million dollars off its conventional bomb progam for the current year in view of its growing stockpile of nuclear weapons.

Maj. Gen. Frank A. Bogart, Air Force budget director, gave the figure in testimony before the House Appropriations subcommittee released today.

Replying to a question from Rep. Scrivner (R-Kan), the general said the Air Force now plans to spend $1,143,000,000 for conventional bombs during the year ending June 30. Last year it asked Congress for $2,093,000,000.

He gave no figures on the number of either type of bombs to be procured.

Pogo Stick Champ?

COLUMBUS, Ohio (AP)—And now—the world's champion pogo stick hopper. Eleven-year-old Charles Cook III claimed that title today with the statement: "I've pogo-stuck 2,153 times without stopping. He said he had witnesses to back him up. Comparative records were not available.

Death rate in the U.S. in 1954 was among the lowest on record, estimated at only 9.2 per 1,000 persons.

ELECTRIC BARBECUE GRILL

$32.95

Large adjustable steel firebox, heavy nickel-plated bar grid, large aluminum hood with electric spit.

21" HEAVY STEEL

Adjustable Brazier!

SPECIAL AT

$14.95

The Californian **by Stor-All**

Here's a wonderful bargain in outdoor living! Big enough for the whole family 21 inches diameter. 28 inches high. Copper-nickel chrome-plated grill easy to remove for quick washing. Grill adjustable *while you are cooking*. More fun, and far more efficient than a built-in barbecue. Get the family outdoors more often this summer.

Adjust grill height by crank! Never before on a barbecue at this remarkable price. Cook as fast or slowly as you like.

Fine-spaced grill for hamburgers! Grill bars are only ¾ inch apart. Swell for steaks, but hamburgers or spare ribs don't fall through.

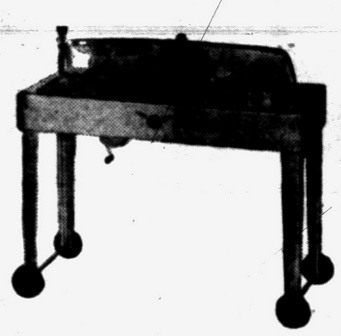

It rolls on rubber tires! Easy to store in garage or basement. Mom or the kiddies can easily roll it out without effort.

ALUMINUM BARBECUE GRILL

$34.95

Large adjustable fire box with windbreak shelf, round storage warmer, large chafing dish and salt and pepper set.
