Schools to Open Tomorrow

City Enrollment Expected to Hit 17,800 Figure

Most Institutions Plan to Operate on Full-Day Schedules

More than 17,000 Pontiac youngsters enjoyed their final taste of vacation "freedom" today, as they prepared to converge on the city's 27 schools for the opening of the fall semester tomorrow morning.

A total enrollment of 17,800 is expected this semester, as compared with a peak of 17,000 last year, Dr. Dana P. Whitmer, superintendent of schools, said.

Most schools will operate on a full-day schedule. Emerson School will be on half day until midyear when the new Linda Vista school is expected to be completed.

Emerson students will attend classes from 8 a.m. to noon; pupils from the Linda Vista area will use the Emerson building for classes from 12:30 to 4:30 p.m. until the new school is constructed.

Class hours at Pontiac Senior High School will be 8:30 a.m. to 3:15 p.m. An enrollment of 2,400 is expected this year, according to Francis W. Staley, new high school principal. There will be 13 new faculty members on the staff, some new to the system, some transfers from the junior high schools.

Class hours at the city's five junior high schools will be: Eastern, 8:55 a.m. to 3:30 p.m.; Jefferson, 8:40 a.m. to 3:15 p.m.; Lincoln, 8:40 a.m. to 3:05 p.m.; Washington, 8:40 a.m. to 3:30 p.m.

At Wever Junior High, classes will run from 8 a.m. to 2:35 p.m. and 8:55 a.m. to 3:15 p.m., in order to make room for six gym periods. Boundary lines have been altered, and some of the students enrolled at Lincoln last semester will change over to Wever this year.

Classes in the city's 20 elementary schools will begin anywhere from 8 to 9 a.m., according to traffic conditions in the individual schools.

Relieving the enrollment increase will be 17 new classrooms with a capacity of about 660 pupils. The new Lake Street elementary school will add 10 rooms to the system, and an addition to Whitfield School will add another seven.

Under construction is a new junior high school on North Perry street which will accommodate at least 662 pupils. When it is completed (about Feb. 1), Wever students will move into it, and the Wever building will be used as an elementary school to relieve crowded conditions at Owen and Hawthorne schools.

A suit that temporarily snagged plans for the Linda Vista elementary school, was dismissed Tuesday, and construction on the 17-classroom building is going ahead. The structure, located on East boulevard near Mt. Clemens, will accommodate about 420 pupils when finished.

WATCH FOR ME, MISTER — Ronald Berger, 14, speaks for the thousands of Pontiac children returning to school tomorrow when he and Motorcycle Officer David H. Slater of the Pontiac Police Department warn motorists to take heed. Police cars and motorcycles are displaying these AAA-sponsored posters to make all drivers more cautious around school zones and playground districts. Ronnie, of 74 E. Pike St., will be entering Eastern Junior High School.

Motorists Warned to Drive Carefully

Books will be dusted off and doors will swing open once again Thursday for thousands of Pontiac school children.

With the opening of another school year, local police officials have issued their annual warning to motorists to be on the lookout for youngsters going to and from classes and playing around school playgrounds.

Police Chief Herbert W. Straley warned motorists to be extremely cautious when driving around school districts, and to slow down in order to afford themselves better observation and control of the car.

"We will continue to spot our officers in all school zones as we have always done in the past," the chief said. "I ask all drivers to practice safety every hour of the day with emphasis on the time when the kids are going to and from school," he stated.

POSTERS DISTRIBUTED

In preparation for the opening of Pontiac's public schools, the men of Lt. Joseph Koren's Traffic and Safety Bureau of the Police Department have been distributing AAA sponsored posters to warn drivers of the opening.

All patrol cars and motorcycles are displaying bright red and white decals that tell drivers schools are opening and to drive carefully. City owned vehicles also display the signs.

Larger cards portraying a school child's handwriting on a school blackboard and saying "Schools Opening; Drive Carefully" have been distributed throughout the city.

SIGNS REPAINTED

School cross-walks and warning signs on city streets informing drivers they are approaching school zones, have been freshly repainted by the police department sign shop.

Lt. Koren asks motorists to be particularly careful around school zones because a "child's short stature makes it almost impossible

Attorney for Waterford Denies Pontiac's Charges

Lawsuit allegations that Waterford Township was guilty of misrepresentation in permitting a sewer line to be tapped into the Pontiac sewage system were branded "false and untrue" today by the township attorney.

In a suit filed last week, the city of Pontiac charged that Waterford illegally made a connection to the Elizabeth Lake road sewage line in violation of an agreement between the two governmental units.

The city also said the township in order to obtain state approval "misrepresented their sewer project as a dwelling house connection."

"In the first instance," said John W. Bell, township attorney, "it is not necessary to secure Michigan Dept. of Health approval, as this area has heretofore been approved by the health department under an agreement dated 1935."

In addition, Bell said, under the agreement the township does not need permission from the city or the department of health for individual taps.

The city contends that the agreement provides that all plans and specifications for changes, enlargements or additions to the system must be submitted to the City Commission and city engineer for approval.

Circuit Judge George B. Hartrick Friday issued a temporary injunction prohibiting the township from opening the connection into the sewer. He ordered township officials to appear Sept. 26 to show cause why the injunction should not be made permanent.

State's Traffic Over Holiday Rises 10.6 Pct.

Jammed Roads, High Death Toll Spur Drive for Safety Devices

LANSING (AP)—Labor Day weekend traffic in Michigan was 10.6 per cent above a year ago, the State Highway Department reported today.

Traffic at 25 counting stations was higher with the exception of one on U.S. 12 near New Buffalo, where it was down less than 1 per cent from a year ago.

The department said the greatest traffic increase was on U. S. 27 north of Lansing, a 24 per cent increase. As far north as Wolverine, U. S. 27 traffic was up 12 per cent.

Straits of Mackinac ferry traffic was up 7.9 per cent, with 7,424 vehicles carried across the straits on Sunday alone.

On U. S. 10 north of Pontiac the traffic was up 11 per cent.

The National Safety Council had predicted 400 would die in traffic accidents.

HOLIDAY KILLS 608

At least 438 persons died in traffic accidents as American motorists celebrated the three-day Labor Day weekend. An additional 80 persons drowned and 90 died in miscellaneous accidents for an overall total of 608.

The record high of 461 traffic deaths and record overall death toll of 658 both were set in 1951. Last year's traffic death toll was 364, far below the 1955 mark.

The council estimated 60 million motorists were on the highways Monday afternoon and night in 25 million vehicles, hurrying home to the end of the long weekend.

The ghastly highway death toll over the Labor Day weekend is spurring the auto industry today to stress new safety devices.

Car makers can't keep motorists from running into each other, but industry spokesmen say the injuries can be cut by at least a third if safety devices on 1956 models are used.

City Rejects Annex Study

Move to Send Proposal Back to Plan Board Loses in 5 to 2 Vote

By a 5 to 2 vote, the City Commission last night defeated a motion to send a proposal to annex a Bloomfield Township shopping center site back to the City Plan Commission for further study.

The motion was made by Commissioner Philip E. Rowston (District 2), after Chamber of Commerce President Ralph T. Norvell suggested to the Commission that a study of long-range annexation plans should be made.

While making clear the Chamber was taking no position on the current question, Norvell said the organization which represents about 1,300 business and professional people would like an "impartial and complete" study on the problem of annexing fringe areas.

He recommended the question of annexing 145 acres at Telegraph and Square Lake Rds. be referred back to the plan board and that the planners should be authorized to hire someone qualified to make a survey.

The plan commission previously approved the annexation, with certain provisions.

Rowston's motion touched off 45 minutes of argument by the Commission, capped by the vote. Only Mayor William W. Donaldson supported Rowston's motion.

At last week's meeting, the Commission promised a decision next Tuesday on the annexation, which is opposed by the Retail Merchants Assn. The merchants association is a division of the Chamber of Commerce.

Masked Duo Fail in Try to Rob Railroad Ticket Office Here Early Today

Two shotgun brandishing bandits, their faces masked with handkerchiefs, made an unsuccessful attempt to rob the Grand Trunk Railroad office here early today.

The pair, described as young and neatly dressed, made teletype operator, Clair Fox, 24, and conductor Rex Lazenby, 60, alone in the station, stand against the waiting room wall.

They demanded a key to open the ticket office where the station safe is kept.

According to Pontiac Police Detective Thomas Mitchell, Fox told the men that the key was in possession of the ticket agent who was not due to arrive for several hours. The bandits said they would wait.

After about 10 minutes (3:30), Fox warned the pair that he would have to answer his phone if it should ring or railway officials would be alerted that something was wrong.

Both left after a short conference without harming Fox or Lazenby and, in their haste, overlooked $100 in Lazenby's pockets.

A railroad spokesman said the safe contained about $1,000 and a small number of travelers checks. The combination is not known by either holdup victim, he stated.

Meanwhile, police were seeking to link the theft of a 16-gauge shotgun last night from the Keego Hardware, 822 Baldwin Ave. to the holdup.

Store Manager Glen Dawson reported that the shotgun, an Ithaca, was taken by thieves who smashed out a front window with a rock sometime last night.

Lazenby and Fox described the holdup duo as being about five-foot, 10 inches tall and weighing 140 pounds each. One was wearing green trousers, and a light blue shirt. His partner was dressed in brown trousers, a green shirt and a tan cap.

School District Suit Dismissed

Court Action Clears Way for Completion of Linda Vista Building

Court action yesterday cleared the way for completion of Pontiac's $399,600 Linda Vista Elementary School located on East boulevard near Mt. Clemens street.

Oakland County Circuit Judge Frank L. Doty dismissed a suit which threatened to halt the work now underway.

The bill of complaint was brought Aug. 26 by James and Margaret Fettinger, of 15 N. Tasmania St., and directed at the Pontiac School District.

The suit charged that the school board Aug. 19 "after . . . having been advised by the architect . . . that the (general construction) contract should be awarded the lowest bidder . . . failed and refused to award to the low bidder." It asked a court order that contracts be awarded to low bidders.

Fettinger is a construction superintendent for Pulte-Strang, Inc., of Royal Oak, which claimed its bid on the project was $600 less than the Bundy Construction Co., of Pontiac, which won the general contract with a $305,000 bid.

The hearing yesterday was to determine whether an injunction stopping construction should be issued. The Fettingers "didn't establish fraud, collusion or bad faith on the part of the school board and therefore no cause for action existed," Judge Doty explained.

Grading operations have already started on the 10-acre site. The school will serve the city's northeast area.

Lonely Skunk's Visit to Lounge Proves Odious

CEDAR CITY, Utah (AP)—Skunks, even as people, sometimes get lonesome. One selected Milt's Circus Lounge yesterday to hobnob with the clientele. Police Officer Kent Hoyt shot the lonesome polecat. Now the lounge is being fumigated and Hoyt is the lonesome one.

Another skunk has chosen the undercarriage of an auto owned by Rulon Woodbury for his home. He suns himself nearby until someone approaches. Then he pops back to his perch on the wheel housing. This has been going on since Sunday. Woodbury last saw the skunk yesterday.

Turks Proclaim State of Siege

Army Takes Over Ports to Suppress Anti-Greek Waves of Terror

ISTANBUL, Turkey (AP)—Turkey proclaimed a state of siege — virtual martial law — in her two major ports of Istanbul and Izmir early today after anti-Greek rioting exploded into a wild four-hour wave of destruction.

Even before the siege proclamation thousands of troops and Marines, many with fixed bayonets and some in tanks, had moved into the fabled metropolis astride the Bosporous to quell the thousands of rioters roaming the city.

There was no official estimate of casualties but the Istanbul newspaper Milliyet said more than 300 were injured. Newspapers estimated about 500 persons were arrested in Istanbul.

The mobs in Istanbul wrecked and pillaged hundreds of Greek shops. Several Greek Orthodox churches were damaged. Fires burned at scattered points.

The Greek deputy foreign minister, Panayotis Canellopoulos, said his government had lodged a vigorous protest with Turkey.

Hudson Seeks Stiffer Laws for Licensing

Wants More Money to Be Made Available for Violations File

State Rep. Leslie H. Hudson (D-Pontiac) today listed proposals he will make toward reducing the "unnecessary killing and maiming" in auto accidents throughout the state.

They include changes in the driver-licensing laws and making more money available to operate the state's central file on moving traffic violations.

"The governor has said he will call a special session of the Legislature to deal with highway safety during the week of Oct. 25," said Hudson.

RECOMMENDATIONS

The lawmaker stated he will recommend the following at the highway-safety seminar:

1. **That the minimum age for a restricted driver's license be increased from 14 to 15 years of age. (A "restricted" license requires that an adult driver be with a youth operating an auto.)**

2. That the minimum age for an unrestricted permit be increased from 16 to 17 years.

3. That unrestricted licenses be issued at age 16 when applicants have passed an approved high school driving course.

4. That licenses of juveniles under 17 be suspended when they are found guilty of a serious moving violation and withheld until they pass an approved driver-training course.

5. That the cost for driver's licenses be increased from $1.50 to $2.50 to provide for extension of the approved driver education courses in schools.

"Surveys in nine states and 10 cities show that trained drivers have only half as many accidents as untrained drivers," said Hudson.

"It costs more to hunt and fish in Michigan than it does to get the privilege of driving an automobile. If we are to have a reduction of highway deaths, we must be willing to pay for the necessary program."

CLOSER DRIVER CONTROL

Regarding the central violation file Hudson said, "Facts prove closer control of drivers cuts down on accidents.

"The answer to keeping danger-

Fair and Pleasant Weather Continues

The weatherman says it will continue to be fair and pleasant, with a high of 76 degrees seen for today and a maximum of 80 predicted for tomorrow.

Yesterday, the mercury rose to a high of 84, then dipped to a cool 49 during the night.

At 8 a.m. today, the downtown temperature was 48 degrees, rising to 71 at 2 p.m.

Monaco Facing Crisis

MONTE CARLO (AP)—The tiny Riviera principality of Monaco, which recently rode out a banking crisis, was in the throes of a government upheaval today.

Forest Fires Run Wild

It's a Scorcher Again in California

FROM OUR WIRE SERVICES

LOS ANGELES — The Los Angeles population panted and fumed today as the weatherman predicted the eighth straight day of 100-or-higher temperatures.

A heavy smog attack is thrown in for added misery.

Highest of the hot spell was last Thursday at 110, the most torrid day in Los Angeles history.

Yesterday's high of 102 in downtown Los Angeles increased the toll to 73 deaths directly attributable to the heat. Chief Deputy Coroner Dr. Lester Adelson said another eight fatalities probably were due to high temperatures.

He added that the heat undoubtedly was a major contributing factor in at least 179 other deaths.

And from San Francisco, comes the report of a wind-fanned fire in the Klamath National Forest which raged to within four miles of the city of Yreka early today as more than 20 forest fires devastated 85,000 acres of brush and timber in northern California.

CITY THREATENED

One prong of the Klamath fire swept along a 10-mile front towards the city of 4,000 inhabitants some 20 miles south of the Oregon border.

Residents were ordered to stand by with garden hoses to protect the community.

★ ★ ★

Ashes rained down on Yreka and a heavy cloud of smoke hung over the community.

Fire Chief Bernard Pollard ordered night long patrols but did not tell citizens to evacuate the town. He said he thought the blaze could be halted outside the city limits.

U. S. Forest Service officials estimated that 40,000,000 board feet of timber had been burned as the fire swept over 30,000 acres. It was completely out of control except on the north side.

'FIRE STORM'

Veteran fire fighters described the wind-fanned blaze as a "fire storm" — a fire so intense it cannot be controlled by man until it burns itself down.

★ ★ ★

More than 1,800 men battled the blaze and hundreds more, including 400 soldiers from the Presidio of San Francisco, were rushing to the scene.

A second major blaze burned over 15,000 acres in Sequoia National Forest in central California, threatening the famed General Grant grove of giant redwood trees.

The General Grant tree, a 3,000-year-old specimen, was among those endangered.

★ ★ ★

Two other fires were burning out of control in Klamath National Forest, and four major blazes spread over 20,000 acres in nearby Humboldt County.

LOOKOUTS HINDERED

Flames in Six Rivers National Forest sent up smoke so dense that tower lookouts were unable to keep track of new fires and helicopters were pressed into duty to hunt down blazes started by lightning.

68 Survive Flaming Crash as 1 Dies

IN NEW MEXICO — One man was killed and 68 miraculously escaped death when a C124 Globemaster crashed on takeoff during a dust storm at Kirtland Air Force Base in New Mexico yesterday. Flames destroyed most of the plane. Killed was Airman Arvin W. Harris, a passenger. One fireman, spraying chemical foam, said: "It was a miracle anyone got out of there." In another crash in Louisiana of a C119 en route to Kirtland, four men died.

United Fund Ups Red Cross Aid

Gives $1,000 for Flood Relief, $5,000 to Area Blood Program

The Pontiac Area United Fund yesterday added $6,000 to its 1956 appropriation to the American Red Cross.

Of this, $1,000 is an outright gift for flood relief and $5,000 will aid the local chapter's blood program.

UF President William B. Hartman said the UF "is happy to help the Red Cross meet its two present emergency needs: rehabilitation work in flood-devastated eastern areas and the blood program here at home."

Several other UF cities in Michigan have allotted more funds in response to emergency Red Cross appeals.

The $1,000 grant for flood relief will help the local chapter meet its $13,220 quota, which was already counted in when the National Red Cross announced Monday it had met its emergency flood relief goal.

Another $1,000 has been contributed directly by Oakland County citizens.

The blood program is in serious need of additional funds. The local chapter no longer receives any outside subsidies because the blood now goes entirely for local civilian needs. Formerly some was given for civil defense and the armed forces.

"Our blood program here has grown enormously," said the Rev. William C. Hamm, Red Cross Chapter Chairman.

"This additional $5,000 will help to offset a deficit and make it possible for us to continue having blood available for area residents in time of need."

Pontiac Woman Hurt in 2-Car Collision

Injured when the car in which she was riding collided with another here yesterday afternoon, Mrs. Lily Campbell, 75, of 113 E. Beverly Ave., was reported in fair condition today at Pontiac General Hospital.

She was a passenger with her husband, Robert, 75 when their car collided with one being driven by Hurley King, 23, of Waterford Township, at Columbia and University Aves. Mrs. Campbell suffered a broken left shoulder. Her husband was treated for head cuts.

King told Pontiac Police that Campbell pulled from University into his path. Campbell said he stopped for the stop sign but couldn't remember what followed. King was unhurt.

Rochester Woman Found Dead in Parked Auto

Mrs. Beulah Carey, 50, of 1650 Rochester Rd., Rochester, was found dead yesterday afternoon in the front seat of her car, apparently the victim of carbon monoxide poisoning.

Oakland County Sheriff's detectives said the car's motor was not running but the ignition key was on. The car was parked in the garage which was closed. Her husband, George, was in Flint at the time.

Dr. E. J. Geist, Oakland County deputy coroner, pronounced the woman dead at the scene.

OK Farm Club Option

DETROIT (AP)—The Detroit Tigers today said an option to purchase the franchise of their Buffalo, N. Y. Bisons farm club to a civic group has been granted. The 30-day option was granted with the agreement that the Buffalo group raise $150,000 within the time limit to insure continued operation of the club, Walter O. (Spike) Briggs, president of the Detroit Baseball Co. said. Sale price was not announced.

THE RUSH IS ON—Members of the Pontiac Boys' Club jammed the entranceway to the building yesterday when the club re-opened after a two-week closedown to allow staff members to take vacations. Nearly 450 of the club's membership of 1,519 were waiting for the doors to open. Checking the first boy's membership card is William Coulacos, club director. The club provides constructive recreation for boys in the eastern section of the city.

Boys' Club Doors Reopen After Vacation Shutdown

The Boys' Club of Pontiac again became a hub of activity for its 1,519 members yesterday when it reopened its doors after a two-week vacation closedown. Nearly 450 boys between the ages of 7 and 19 were waiting to take part in the varied program.

Improvements in the club's facilities this year includes the partitioning of the woodshop to accommodate larger groups in the arts and crafts program. The library program also has been revised to take care of a greater number of boys with more efficiency, club director William Coulacos said.

An outdoor basketball court, with provisions for volleyball, badminton and tennis, currently is under construction. The outdoor activities are expected to eliminate the long lines of boys who in the past have had to wait to take part in gym activities.

The club building was designed to handle 1,250 boys, with an attendance of 300 daily. Membership is almost 300 over that maximum, Coulacos pointed out, and 350 to 400 members attend each day, straining the club's facilities.

"We have a waiting list of 267 for membership cards," Coulacos said, "and I expect the list to reach 800 by September.

"The philosophy of the club is to provide a recreation program that will make better citizens and provide a wholesome environment for the youths of Pontiac. It is paying off in decreased juvenile delinquency.

"I only wish we could take in every boy who wants to join, but if we are to do an effective job we have to limit our membership to the capacity of the building and its staff," Coulacos said.

Funds to operate the Boys Club are provided largely by the Pontiac Area United Fund, with private donations also helping in its support.

Sylvan's Zoning Amendment Foes Form Committee

A citizens' committee opposing a proposed amendment to Sylvan Lake's zoning ordinance was formed last night and G. Richard Jarvis was named temporary chairman.

According to a spokesman, the committee's purpose is "to oppose the rezoning of the business section of the city of Sylvan Lake which would lower the restrictions of the present zoning ordinance."

The action stems from a proposal to rezone a parcel of land on Orchard Lake road so a lumber company could build a yard and buildings. The present zoning ordinance prohibits such an operation in that area.

The committee is against "the establishment of objectionable businesses" which would cause safety hazards to children and "drastically lower home values in the approximately 100 homes immediately adjacent to the property," the spokesman stated.

In 1954 the Legislature appropriated $150,000 to set up a central file "with a verbal agreement to provide $75,000 for each of the following two years to complete the changeover. The House Ways and Means Committee this year, however, approved only $25,000," he added.

Hudson, with Loren Anderson, Pontiac Chamber of Commerce Safety Committee Chairman; and Gerald Terrien, of the Oakland County Board of Auditors, inspected the central file setup in Lansing recently.

"Reports of moving violations sent to the central file as required by law are piled in the office not processed for filing because of the shortage of funds to provide filing clerks," Hudson asserted.

"I will recommend that an additional $50,000 be allocated to the Secretary of States' office for use in completing the system," said Hudson.

New Schedules for Wever Bus Routes Listed

All seventh and eighth grade students who will be attending the junior high school now under construction at Perry and Madison Sts. will be housed at the Wever Junior High School pending completion of the new school. Formerly these students attended elementary or Lincoln Junior High schools.

Changes in the Wever school bus schedules have been made to accommodate those pupils who ride the buses, Wever School Principal George Yansen said. However, he emphasized that the change applies only to seventh and eighth graders. Ninth grade students already registered at Lincoln Junoior High will continue there.

Wever students will board buses at the following times and places:

Walton - Pontiac - Squirrel Rd. areas starting at 8 a.m. They will ride bus 6.

Bald Mountain-Shimmons Road Trailer Park areas starting at 7:30 a.m. They will ride bus 22.

Brown-Jamm-Lapeer Rd. areas starting at 7:20 a.m. They will ride bus 27.

Lake Angelus area starting at St. Mary's at approximately 7:25 a.m. They will ride bus 20.

Taylor - Vinewood - Collier-Joslyn Rd. areas starting at 7:35 a.m. They will ride bus 17.

Students living within the school district but outside the city limits are eligible to ride Pontiac City School buses. Further information may be secured by calling FE 2-4210.

All students coming from the Emerson, LeBaron and Malkim areas will ride special "school trippers" operated by the Pontiac City Lines. These buses will maintain the following schedule:

Pick - up at corner of Perry and Madison at 8:10 a.m., south on Perry to Kennett Road. Proceed west on Kennett to Joslyn (8:20 a.m.), north on Joslyn to Walton road (8:25 a.m.), west on Walton to Wever Junior High School (8:35 a.m.)

One bus will proceed east on Walton to Giddings road (8:25 a.m.) to pick up students living in that area. This bus will reach Wever Junior High at approximately 8:40 a.m.

ROBERT W. EMERICK

At a meeting of the Pontiac Junior Achievement board of directors Tuesday, Robert W. Emerick was named chairman. Emerick, publicity director for Pontiac Motor Division, succeeds William J. Dean, who served as chairman for three years. Dean will remain on the board of directors. Junior Achievement provides business experience for youngsters. Last year it operated 12 firms; 16 are planned for this year.

Pontiac Deaths

Mrs. George Pound

Service was held yesterday afternoon in Sierra Madre, Calif. for Mrs. George (Edith Kelly Merritt) Pound, a native of Pontiac. She died suddenly in Los Angeles, Sept. 3, at the home of her daughter, Eunice Halleck.

Mrs. Pound was born here in 1878 and is survived by her daughter and a son, Ronald Merritt, of Sierra Madre. A brother, Chester of Pontiac, also survives. Mrs. Pound moved to California more than 20 years ago.

Joan Lee Powell

Joan Lee Powell, infant daughter of Jeff and Dolores Mather Powell of 2739 Walton Blvd. died last night at St. Joseph Mercy Hospital.

She was born six days ago, Aug. 31 and was sick three days.

Besides her mother and father, Joan is survived by grandparents, Mrs. Dora Everett of London, Tenn. and Mr. and Mrs. Walter Mather of Rochester.

Service will be Thursday at 2 p.m. in the Dudley A. Moore Funeral Home, Auburn Heights with the Rev. J. Harvey McCann officiating. Burial will follow in Babyland at White Chapel Memorial Cemetery.

Sentencing Date Set

Henry McDonald, 35, of 228 Earlmoor Blvd., will be sentenced Sept. 12 on a bad-check charge after pleading guilty yesterday before Oakland County Circuit Judge Frank L. Doty. He admitted passing three bogus checks within a 10-day period last month.

Area Officials Seek MSU Help

Hope for School's Aid in Study of County's Farming Regions

Four Oakland County officials are at Michigan State University in East Lansing today in an attempt to enlist the school's aid in a planned study of the county's farming areas.

Conferring with MSU Agricultural School Dean Thomas K. Cowden and other faculty members are Planning Commission Director George N. Skrubb, Commission Member Roger Oberg, County Agricultural Agent Lyle B. Abel and Chairman of the Supervisors' Farm Committee Howard J. Reid.

"The growth of Oakland raises many questions about the future of agriculture in a fast-growing area," said Skrubb.

"The land values of farm areas in locations suited for residential development are skyrocketing and farmers are tempted to sell to developers. In many cases farmers are undecided whether to sell or wait for prices to creep higher. The study might provide helpful information.

"On the other hand if agriculture is to remain in Oakland in some form, the question looms as to what types of farming would thrive best in a metropolitan area.

"The study would attempt to provide data indicating which lands now used for farming should first be converted to residential use."

Courts will continue to recognize the seriousness of violations committed within school districts and playgrounds and greater fines will result from these violations, Koren stated.

Last year, out of 1,299 traffic mishaps in the city, 50 occurred in school zones or playground areas. One fatality resulted in the age group of between 15 and 19 years.

Pays Drunk Driving Fine

Charged with driving under the influence of liquor, Gilbert Slade, 45, of Bloomfield Hills, yesterday paid a $75 fine and $25 costs after pleading guilty in Orion Township Justice Court. He appeared before Justice Helmar G. Stanaback.

City Planning $150,000 Sewage Treatment Plant

BIRMINGHAM—To enlarge Birmingham's sewage treatment plant on the Rouge River will cost an estimated $150,000, City Manager Donald C. Egbert told the City Commission last night.

Following discussion, he was authorized to re-negotiate a year-old contract with Bloomfield Township, which will share equally in any improvement costs. Under the revised agreement, the dates during which time the plant will operate on a temporary basis will be moved ahead to Oct. 1, 1956. The original date was Jan. 1, 1956.

If at that time the $2,740,000 Evergreen interceptor sewer is not under construction Bloomfield, where considerable population growth is seen, will then buy into the Birmingham plant.

The new date coincides with a circuit court decree which orders Birmingham to have contracts awarded by that time for construction of a project to abate Rouge River pollution.

SEE FALL START

It was anticipated that construction would be started this fall on the plant here. Work would include about $130,000 spent to double the capacity of the plant by July 1, 1956. The remainder would be used for dredging operations in the Rouge River and Nixon Pond, which lies south of the building.

The Birmingham - Bloomfield Township contract would be modified in the event that the Evergreen project (to be shared in by six area communities) goes through, or if the two municipalities join with Bloomfield Hills and Troy Township in operating the local plant.

* * *

After conferring with City Manager Donald C. Egbert, City Forester William Lebold said yesterday that the manager will write the State Department of Agriculture in efforts to speed action on over 50 Dutch Elm-diseased trees just outside the city's limits.

The trees are located at the northeast corner of Derby and Eton roads in Troy Township, on property owned by William F. Dohaney. The state has placed red tags on the elms, which indicates removal by the owner within ten days. This period has elapsed.

Birmingham has a similar law and within the city can remove the diseased trees, billing the property owner. Troy has no such requirements.

Lebold said Hubert Kendeigh, regional inspector for the agriculture department, said last week that prosecution would go through the county, in order to speed the tree removal process.

Even a policeman could see spots before his eyes at 5:20 a.m. — and that's exactly what happened to Sgt. Milton Jones and Patrolman Norman Propst this morning. Only the spots were the brown and white markings on a Shetland pony found trotting along Southfield Road near Merrill.

They couldn't prove vagrancy so the officers tied the horse to a tree behind the Municipal Building, where he presumably grazed peacefully until he was claimed at 7:45 a.m.

His owner, R. E. Pearce of 950 West Lincoln, said the pony gained his freedom through a gate which was supposedly locked.

Proposes to Tear Down 'Skid Row' Block Here

Mayor William W. Donaldson last night said the city should begin considering the possibility of tearing down a "skid row" block on South Saginaw street to make way for commercial expansion downtown.

Donaldson said the City Commission should first act to disperse to other parts of the city bars and taverns in the block running from Pike to Patterson streets.

He said he believed under a federal rehabilitation program, the city could cooperate with the U. S. in purchasing the land, leveling the buildings and then re-selling the land to private interests for new commercial developments.

"We want the downtown merchants to know we want to take steps to improve the downtown area, not force them to move elsewhere," the mayor said.

In other action, the Commission passed a resolution agreeing to cooperate fully with the Air Force and the Ground Observers Corps in recruiting volunteers for GOC observer posts.

ESTIMATES PRESENTED

Engineer's cost estimates were presented for the following, with public hearing set for next Tuesday:

Storm drains in Lakeside Subdivision: Terry from Terry Lake to Dresden; Parkview from Terry Lake to Parkdale; Parkdale from Woodland to alley southwest of Kennett; Dresden from Woodland to 250 feet west of Hollywood. Hollywood from Parkdale horts to alley between Dresden and Parkdale.

Recap, paving and concrete pavement base replacement on Carlton court from Saginaw to east end of street.

Sidewalk replacement on Carlton court from Saginaw to east end of street.

Public hearings were held and confirmation deferred on special assessment rolls for combined sewer on Richard avenue from trunk sewer to alley south of Walton, and for curb, gutter and widening on East boulevard between existing widened pavement.

OK ASSESSMENT ROLLS

Special assessment rolls were confirmed for the following curb, gutter and drainage projects:

Edna avenue from Telegraph to Dawson Mill Pond.

Marshall street from Elm to Michigan Airline Railroad.

Anderson street from Elm to Michigan Airline Railroad.

The city assessor was authorized to prepare a special assessment roll for curb, gutter and drainage on Sylvan court from Orchard Lake to 50 feet west of Myra avenue.

Resolutions were passed authorizing advertisements for bids for storm drains, sanitary, storm and combined sewers and water mains.

Public necessity was declared for a water main in Highland avenue from existing main south to Fern, and on Fern avenue to existing main.

The city engineer was authorized to prepare cost estimates for curb, gutter and drainage on East Yale avenue from Baldwin to University.

Sent to the City Plan Commission were two rezoning requests. A third request was referred back to the sender, instructing that petitions be gathered.

YOU MAY HAVE PIN-WORMS AND NOT KNOW IT!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for *genuine* Jayne's P-W Vermifuge . . . the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

Comedian Dick Shawn's Crazy About Eggs—Raw

By EARL WILSON

Dear Mother:

Do you remember back on the farm when I had an Airedale pup named "Bristles" that sucked eggs—till somebody shot him?

You've probably seen a young comedian, Dick Shawn, on TV there in Fort Wayne or Defiance. Well, he sucks eggs too, but nobody's shot him—yet.

★ ★ ★ ★

Ed Sullivan's giving him $100,000 for eight shows this season and a dozen fresh eggs every day. These TV people DO have their idiosyncracies, don't they?

EGG EATER

"I always carry a couple raw eggs in the car," Dick was telling me.

"Sounds messy," I said. He meant he has them in the map compartment or bouncing around on the seat.

"I punch a hole in the top of the egg," he said. "I eat as many as 6 raw eggs before a show. Very healthy!"

Everything happens to him! Dick's even got a wife named Rita, Honest. He sees the headlines, "Dick Tells Rita, 'Please Come Home.' Rita tells Dick, 'Drop Dead'." How do you think he feels?

Dick's the only man who lost a Godfrey contest TWICE.

"I went into a big room, all windows and nobody in it. I heard a voice say 'Go.' I started telling jokes and a guy said, 'That's all! Sorry!' Couple years later, on the show, a fat woman with 8 kids beat me."

Dick's from Buffalo but has worked Hollywood, Boston, Philly, Las Vegas and even the Buffalo Town Casino where home-town relatives turned out.

★ ★ ★ ★

The Shawns live over in Englewood, N. J., where Dick roams around bare-chested pretending he's Mr. America, Dick's dad, a Buffalo haberdasher, wanted Dick to haberdash, too. But Dick refused.

Well, Mother, that's all for now. We're all well except I'm a little crazy from 20 years in this Broadway Dizzyland. Qualifies me for the job, though. Your son, "Oil."

THE MIDNIGHT EARL . . .

Lovely Florence Henderson, who has the title role in "Fanny," marries Ira Bernstein, casting director for Producers Feuer & Martin, in January on her vacation. She just got the ring. They met 3 years ago when Bernstein, son of Publicist Karl Bernstein, auditioned her for "Guys & Dolls." She didn't get the part, but a husband.

FLORENCE

Eddie Arcaro, rushing back to NY after winning the Big Race, arrived in Toots Shor's at midnight. Toots and Don Ameche tossed him into the air in celebration . . . Melinda Markey, fully recovered, and husband Don Hayden were at the Little Club acting very happy.

NEW DUOS: Mona Freeman and Gary Crosby (Yes, GARY); Celeste Holm and Leo Rosten . . . Ed Gardner wrote and hopes to star on B'way in "The Petunia Peddler," a musical about a Las Vegas press agent . . . Broadway's shock at hearing of Paul Muni's illness was a great testimonial to the respect in which he's held.

HELP WANTED: WABC-TV is hunting for a veep . . . June Allyson quit the egg-selling business; it cost her $2.50 to produce the dozen eggs she sold for 50 cents . . . Jack Rollins, who's suing Harry Belafonte for breach of contract, is wearing a "Belafonte Fan Club" button.

State Is Named in Court Suit

Couple Claims House Was Improperly Sold by Highway Department

A man and wife whose home was located on the right-of-way for the M-24 widening claim in an Oakland County Circuit Court suit their house was improperly sold by the State Highway Commission.

Mr. and Mrs. Ossie Gates, of 4365 Lapeer Rd., Pontiac Township, say they sold right-of-way to the state Feb. 11, 1955 and their house was to become Highway department property under terms of the easement release.

The couple assert they informed the department of a desire to purchase the building back when it was put up for sale as "excess property."

Meanwhile, they say, te department informed them it would require an additional 10-foot-deep slice of land off their 446-foot frontage.

When bids were taken on the house, the Gates state they offered $1,553 plus the extra right-of-way. The building, they allege, was sold to Charles H. Fancher, who bid $3,252. The couple claim their combined cash-and-land bid was higher and the Louse was improperly sold to Fancher.

They ask an injunction stopping the department or Fancher from removing the building and that the sale of the house be set aside and a fair price established. No hearing date has been set.

State to Take Bids on Expressway Work

The State Highway Department will take contract bids Sept. 21 for construction of the first section of the Farmington-Brighton Expressway.

The project will consist of 5.4 miles of grading and drainage for dual roadways from Twelve Mile Road east to Ten Mile Road. Two bridge contracts on the route already have been let. The grading contract has an Aug. 31, 1956, completion date.

Note at Scene Breakin Clue for Detectives

A note left at the scene of a breakin led to the arrest of four juveniles who have been charged with three other entries, Oakland County Sheriff's detectives said today.

The note, which read: "Too bad, ha ha," was left at the Indianwood Country Club Pro Shop after a breakin Aug. 28.

Detectives Mahlon France and Leo Hazen discovered from employes that a former caddy often used the phrase.

All four youths, released in custody of their parents, admitted the breakins after they were arrested at their homes yesterday.

Most of the loot from the country club including golf balls, gloves and caps, was recovered in the basement of one of the boys' Orion Township home and in a nearby field.

They also admitted breaking into three summer cottages, one of which they said they entered nearly a year ago, the officers said.

The bridge at Cleveland, Kentucky, is 250 feet above river level and 1,736 feet from shore to shore, probably the highest continuous steel-deck bridge in the United States.

Mexico Wages All-Out War Against Malaria

MEXICO CITY (AP)—Mexico has embarked on a four-year program aimed at wiping out malaria. About two million of the nation's 30 million inhabitants suffer from the disease and it kills 24,000 annually.

* * *

The basis of the antimalaria campaign will be extensive use of DDT, but the aim is not to wipe out mosquitoes in Mexico.

"The only indispensable thing," Health Minister Ignacio Morones Prieto told a meeting of field workers, "is to keep the mosquitoes away from persons with malaria. If the disease is not transmitted to other persons, it will disappear as the malaria sufferers get well."

* * *

DDT will be used to kill mosquitoes in the worst centers of the disease. Then patients will be screened from the new crop of insects. Authorities believe that if they can halt the spread of malaria for three years, the tiny parasites which cause it will be nonexistent in either humans or mosquitoes.

Then all they will have to do is to make sure malaria is not brought into the country from abroad.

You don't need a "BUNDLE" to wrap up this BONUS-BARGAIN

SOMETIMES, a bargain is measured by how little you pay.

Sometimes, it's measured by how much you get.

But here's one that's a whopping bargain by *both* measures.

Because right now—for the leastest money of the year—you can buy the mostest Buick in history.

That, Mister, is because we're adding a profit-sharing *bonus* allowance on top of the long trade-in allowances we've been making all year.

And when we say the "mostest" Buick, we mean the most-wanted Buick ever built—the one that has broken every record in the book—outselling by far all other cars except the two most widely known smaller ones.

We mean the Buick that brings you the most for your money in terms of mighty V8 Power—of real family-size room—of bold fresh styling. The one that gives you the most buoyant ride ever born of all-coil springing.

And we mean the *only* car blessed by the smooth magic of Variable Pitch Dynaflow*—world's first transmission built on the switch-pitch principle of the modern plane's propeller.

Come on in. We're ready and waiting to make you the deal of your life on the most thrilling Buick ever.

*Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, optional at modest extra cost on other Series.

1. Bonus Trade-In Allowance -biggest in our history

2. Bonus Buy -because Buick is the thrill of the year in style, power, performance, value

3. Bonus Resale -because a Buick always resells high—brings you more money when you trade it in

$2312.88† delivered locally -less the whopping big allowance we'll make on your present car

†2-Door, 6-Passenger, Buick Special Sedan, Model 48, illustrated. Any state and local taxes, additional. Prices may vary slightly in adjoining communities. A wide variety of extra-cost equipment and accessories available at your option.

Thrill of the year is Buick—

Singapore Hotel Laundry Workers Go on Strike

SINGAPORE (AP) — Things got tougher than ever today for visitors to Singapore.

Workers at a big steam laundry serving Singapore's main hotels, airlines, shipping companies and hospitals went on strike because a woman union committee member was dismissed. Tens of thousands of articles awaited cleaning when the laundry shut down.

A strike of 1,000 employes at five leading hotels continued with the managements firm in their refusal to grant wage increase demands. The hotel guests are waiting on themselves.

Long before Utah was admitted to the Union, its legislature offered $1,000 rewards to anyone locating a workable vein of coal near the city.

Mixed Classes Begin in South

Integration Is Restricted to Government Property as Schools Open

Integrated public schools have begun the fall term in scattered sections of the South but most of those accepting both Negro and white pupils for the same classrooms are at government installations.

Three Florida Air Force bases have opened integrated schools. They are MacDill AFB at Tampa, Eglin AFB at Valparaiso and Tyndall AFB at Panama City. School principals said no count was made of the number of Negro pupils enrolling.

Oak Ridge, Tenn., where public schools are financed by the Atomic Energy Commission, opened the Oak Ridge High School and Rogersville Junior High to Negroes yesterday. About 45 Negroes registered at the high school in a total enrollment of about 1,700. Fifty Negroes entered the junior high school, which has a total of about 1,000 pupils.

SECONDARY FIRST

The high schools were the first public schools in Tennessee to have mixed classes.

Principal T. H. Dunigan of Oak Ridge High named a Negro teacher to the faculty. He is Fred Brown, who will teach printing, home mechanics and plastics.

At Ashland, Ky., six Negro students enrolled at the junior college after the Board of Education announced Monday that the school would open to both races.

At Birmingham, Ala., Federal Judge H. H. Grooms granted the University of Alabama a four-month stay of a court order to accept Negro students.

Several Texas communities began integrated schools without incident yesterday. A half dozen Negro students enrolled in lower grades of former all-white schools at Big Spring, and 14 Negroes at Austin.

Nearly 200 Negroes enrolled in integrated schools at Bexar County, where the county seat is San Antonio.

Egyptian Press Reports Return of Commandos

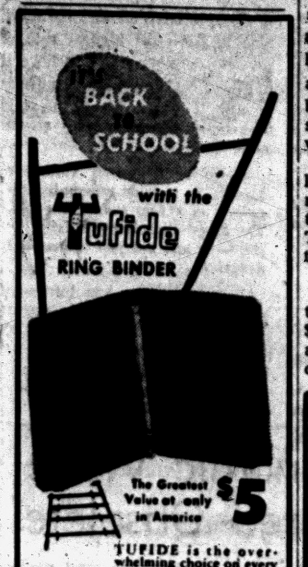

CAIRO, Egypt (AP)—The tightly censored Egyptian press reported yesterday all Egyptian commandos had returned to Cairo after a week of "defying death each minute" in raids into Israel.

Reports from Israel last week said commandos penetrated 30 miles into Israeli territory, blowing up an Israeli radio station 10 miles from Tel Aviv and killing seven Israelis in terror raids.

Select Ike's Classmate as Prohibition Nominee

MILFORD, Ind. (AP)—A retired college professor and a West Point classmate of President Eisenhower are the national Prohibition party's candidates in the 1956 presidential election.

Chosen by 152 delegates from throughout the country at the end of a three-day convention yesterday was Dr. Enoch A. Holtwick, 74, of Greenville, Ill., professor-emeritus of history at Greenfield College, for president; and Brig. Gen. Herbert C. Holdridge (ret.), 63, of Sherman Oaks, Calif., for vice president.

150 TV Murders a Week Worry Senate Group

A restrained report by a Senate subcommittee investigating juvenile delinquency deserves the attention of all thoughtful parents.

The committee doesn't venture an outright declaration. But it does admit concern over the kind of violence and sadism portrayed on the Nation's TV screens. Besides some 150 murders a week, many other characters escape with beatings which fall just short of being fatal.

★ ★ ★

This causes the committee to raise the all important question as to the ideas planted in young minds by these crime programs.

"There is reason to believe," says the report, "that television crime programs are potentially much more injurious to children and young people than motion pictures, radio and comic books. Television, available at a flick of a knob and combining visual and audible aspects into a 'live' story, has greater impact upon its child audience."

★ ★ ★

There was some testimony indicating that healthy and happy children may not suffer greatly from such programs. But psychiatrists and psychologists testified that the effect on emotionally disturbed children could be extremely serious.

There is no easy cure for this growing problem. Parents simply haven't the time to police all programs. Censorship of TV, radio, movies, etc., would be worse than the evil itself. For the present, at least, the report seems to point out the safest course.

★ ★ ★

It recommends that the President appoint a commission of prominent citizens to make a thorough study of the impact on children of all mass communications media. Our society can't know too much about this problem. Such a commission would have the necessary time and desirable detachment to make a thorough study.

Volume Cuts Air Fares

Things are booming in the air travel business.

Thanks to a 20 to 45 per cent increase in domestic plane travel, a cut in passenger fares is imminent. Washington reports say the Civil Aeronautics Board shortly will announce approval of a bargain rate of $176 for a round trip East Coast-West Coast air coach ticket. This is a reduction of $41.80.

The rate will be in force on three of the trancontinental airlines four days a week. Friday, Saturday and Sunday are expected. Under the expected order the round trip must be completed within 30 days.

★ ★ ★

An indication of how air travel has increased is contained in a report on first class tickets. During the year's first quarter sales were up 20 per cent over the same period of 1954 and that percentage was maintained through the second quarter. In the same period air coach travel was up 45 per cent which no doubt explains the impending cut in fares.

★ ★ ★

Other signs that business is good for the airlines are the facts that express hauling has increased 20 per cent, freight 18 per cent and air mail 8 to 10 per cent over 1954.

If this cut in fares affects air travel as price cuts usually affect other business, the air travel boom can be expected to continue. It would not be surprising to see the lower coach fares create a demand that would force a considerable increase in coach class service.

Russia's Baltic Curtain

This year's visits to Russia by so many of our Congressmen have had at least one enlightening result.

They have been granted visas to visit various parts of Russia. But when two of our lawmakers requested permission to visit Riga, the capital of Latvia, they got a speedy turndown. Russia's official answer was that such a visit would "have to wait until relations are better."

Thus it became known that while the Iron Curtain has been lifted in certain areas of the vast Soviet empire, there has been no relaxation so far as the Baltic States are concerned.

★ ★ ★

This should surprise no one. It now is more than 15 years since Lithuania, Estonia and Latvia "voluntarily" became part of Russia. In that period these three states have been more carefully and completely sealed off from the world than any other part of the U.S.S.R.

If the people of these captive states are as happy about being Russianized as the Kremlin claims, why all the secrecy?

"I Bought It on Time Today"

David Lawrence Says:

Truman Forgets His Administration Used Corrupt Practices Law in 1948

WASHINGTON — What former President Harry Truman didn't tell a nation-wide television and radio audience on Labor Day is far more significant than what he said.

Truman declared that the federal Labor-Management Relations Act, usually called the "Taft-Hartley law," was vetoed by him because it was "not in the interests of the people." He endeavored to give the public the impression that, since the law was passed during a Republican Congress, it was the Republican Party which was solely responsible for its enactment.

The record shows that the Taft-Hartley bill was adopted in disregard of the Truman veto, and 55 more members voted to override Truman than the two-thirds vote necessary in the House and six more than the necessary two-thirds in the Senate. On this vote in the House, the Democratic Party was recorded 108 to override the veto and 71 to sustain it.

So when Truman attempts to tell the American people that the Taft-Hartley law was due solely to the Republican Party, he does not tell the whole story and gives instead a misleading impression concerning the part played by his own party.

CHANGES DEFEATED

It has been more than eight years since the Taft-Hartley bill became law. In the last session, when the Democratic Party was in control of both houses of Congress, efforts to amend it were defeated to no small extent as a result of a belief among certain Democratic senators that the amendments would weaken the existing law.

Truman made another misleading statement when he discussed the indictment brought the present administration against a CIO union in Detroit for alleged violation of the federal Corrupt Practices Act which bans contributions by either labor unions or corporations to political campaigns in which candidates for federal offices are running.

Truman called the filing of the indictment a manifestation by the present administration of a fear that labor would be active in the 1956 campaign. He accused the Republican administration of an intention "to get rough," and said he would get rough, too. He added that inclusion of this very provision affecting labor unions in the Taft-Hartley Act was one of the reasons he vetoed it. But what the former President omitted to tell his audience was that in an election year — January 1948 — his own administration also indicted a CIO union under the same law.

LIMITS OF LAW

Nobody at the time accused the Truman Administration of trying to hamper the operations of unions in elections or of attempting to suppress free speech. The indictment was brought then just as another is being brought now, to determine the limits of the law.

What Justice Reed, speaking for the Supreme Court in June 1948, said in his opinion was that the court was not passing on constitutionality because it wasn't necessary and that mere purchase of extra copies of a union newspaper containing political news and editorials or statements advocating a candidate's election wasn't a financial expenditure barred by the law.

Justice Reed pointed out that Sen. Taft, in explaining his amendment to the corrupt practices act, had declared that no such expenditure would be barred because it was a union's right to publish a newspaper of its own and to say what it pleased.

It seems unfortunate that Truman would condemn the Eisenhower Administration for bringing a test case when under his own administration the same thing was done in an election year—and presumably for the same reason, namely, to determine the exach limits of the law governing campaign expenditures.

'Money for State Mansion, Not for Social Problems'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these ill not be published if the writer so requests unless the letter is critical in its nature.

We're told that Michigan is one of the richest states in the United States when a mansion for the governor is thought advisable, but when we demand to know why no help is available for our sex deviates, drug addicts, alcoholics or mentally retarded children, we soon learn there's not a dime floating.

Boys' Club Would Provide Year-Round Program

The survey that was taken on a citywide basis showed the north side to have the highest rate of juvenile delinquency. I believe if a Boys' Club were centrally located it would lower this and also build better citizens at the same time.

There isn't enough volunteer leaders to provide adequate programs on a year-round schedule. The Boys' Club is open daily for the boys and not just a seasonal program.

All parents who are interested in their children should support this drive for a Boys' Club. Surely the east side Boys' Club is a good example.

Truman Economic Views Are Considered Obsolete

By MERRYLE S. RUKEYSER
I.N.S. Economic Commentator

Former President Harry S. Truman's title to the tag of "liberalism" is open to question, especially in light of the time lag of his economic views.

In his recent expressions about the Eisenhower administration, Truman has demonstrated an old truism to the effect that, when you criticize others, you also define your own position.

The obsolescence — or dated character — of some of the Trumanisms was discernible especially in his recent Mackinac Island speech in which the former President attempted to link the Eisenhower administration with an affinity toward big business.

Specifically Truman said: "The outstanding characteristic of this administration in domestic matters is its domination by and its dedication to the viewpoint of big business."

NOT DELIBERATE

I do not charge the former President with any deliberate intent to spread confusion.

But his attempt to revive the economic prejudices of 1890 of the little fellow against the big trusts and of folks in the interior against Wall street has a deleterious effect, however noble his motives may be.

Frankly, we Americans, under our Constitution in which we live in a free-choice society, have several alternate roads to select.

First, we can cultivate our voluntary private enterprise system fostered by a government which does its part effectively. This is the traditional American system, which has been the most productive in the world.

Secondly, we can turn our backs on this glorious experience, and go down the dark road of government dominance of economic activity. The system can be called state-capitalism, state-socialism, socialism, communism or what have you.

This is the Iron Curtain way, and, as dominated by the militant Communists, the tool for effectuating the system is the police-state technique. No responsible American statesman at present recommends this course.

MIXED ECONOMY

Thirdly, there is the so-called mixed economy, which in theory purports to blend the best features of private enterprise and government participation in economic life. While such a prospectus may sound alluring, it is self-defeating, since it attempts, willy-nilly, to mix two irreconcilable philosophies of life.

After the cold war made Marxism a dirty word, some of the group around the New Deal and the Fair Deal held up the banner for a so-called mixed economy, which this writer prefers to decribe as a "mixed-up economy."

Now there is nothing sacred in the economic world about bigness as such or littleness, for that matter. The optimum size differs industry by industry, and even the ablest captains of big business, such as Alfred P. Sloan Jr., chairman of General Motors Corp., take an objective view of the problem, which is largely technological in nature.

Sloan advocates decentralization of activities within big overall companies. He once remarked to me that he thought the maximum efficient size for a single plant was the ability to accommodate 10,000 workers.

BIGNESS NEEDED

In order to produce automobiles and airplanes at an economic figure, and to get steel and other basic materials in the volume needed, it is necessary to have commensurately large and efficient tools of production. If, in the spirit of Truman nostalgia, we went back to the more primitive type of society that existed in 1890 we would have shrunk our consumption accordingly.

As for the relationship of President Eisenhower to business, it would seem more accurate to chronicle that he believes in a voluntary system, and thinks that the federal government should stop taking over functions which the states, the localities and private enterprise are able and willing to handle.

Case Records of a Psychologist

Many College Students Do Poor Jobs Because Their Profs Are Inadequate

Janet has a problem that perplexes millions of students every year. Thousands of business executives also complain of their inability to read and absorb rapidly. Part of the blame rests on the professors and textbook writers who should be dramatic salesmen of ideas but who are often boring and dull.

By DR. GEORGE W. CRANE

Case P-333: Janet B., aged 18, is a college freshman.

"Dr. Crane, I made a 'B' average in high school," she began, "but I am doing poorly in college.

* * *

"Apparently, I don't know how to study, so could you please give me some good ideas on that point?

"I don't want to waste my father's money, for it is a sacrifice for him to keep me in college."

College teachers are often below the average of high school profs, which helps explain the failure of many good students.

* * *

For the college professor belongs to no PTA group. He doesn't live in the same community with the student's parents. And in the larger universities he doesn't even recognize his students on the street!

LIKE THE HESSIANS

He often is like the Hessian soldiers in Revolutionary days, for he may have little personal interest even in the college where he is now located.

* * *

Not being an alumnus thereof, and with the hope of quickly moving onward to bigger colleges with more pay, he often regards his job as just a temporary financial rung on his own professional ladder to success.

So he often recites his dull, boring lecture notes and then shrugs his shoulders if the students fail to comprehend.

"The modern generation is dumb," he may glibly try to excuse his own deficiency in the classroom. "If they'd stay away from TV and the gym or football field, they could make better grades!"

* * *

While there may, of course, be some truth in his remarks, we have a general law in pedagogy that failing students usually denote a poor teacher!

In high school, moreover, the teachers are closer to both the pupils and their parents. They also live in the community and take a more obvious part in the church and civic life.

BEWARE NOSTALGIA

Another complication is the homesickness (nostalgia) that afflicts students when they leave their family for the first time to live on their own.

* * *

Literally thousands of college men and women flunk out the fall semester chiefly because of nostalgia. For a homesick kid can't have the proper motivation for reading dry textbooks.

And most of the textbooks are as dry as Sahara. The Dryden Press recently printed some

"advice" booklets for college professors who plan to write textbooks and the main theme therein was this:

"Your books will be read by 18-year-olds, so don't write them for the Ph.D. instructors."

Unfortunately, too many textbook authors have failed to keep these 18-year-old "consumers" in mind, which explains why kids can't get the drift after reading the assignment twice or even thrice.

* * *

This is no idle exaggeration, either, for Prof. Walter S. Hunter, one of our most brilliant college professors and a former president of the American Psychological Association, once told a graduate seminar that he could read some of John Dewey's writings a second time and still not know what Dewey was talking about!

REMAINS SO DULL

That's no reflection on Dr. Hunter, either, but an indictment of Dewey, who has been worshipped by American educators for 50 years, which helps explain why American education has remained so dull, when it should be fascinating, dramatic and practical.

* * *

A good teacher is simply a salesman of ideas instead of tangible merchandise!

He injects interesting, practical examples and exudes such enthusiasm for his subject that he is a veritable missionary who tries to make every student feel equally excited about it.

Send for my "Test for a Good Teacher."

It will quickly weed out the superior teachers from those who are only second raters, despite their Ph.D and many published scientific articles.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Genuine Arthritis Is Rare; Rheumatiz More Common

By WILLIAM BRADY, M. D.

Some day, somewhere, someone may be cured of joint disability by a wonder drug, but up to this moment no such cure has occurred, to the best of my knowledge, although hundreds of victims, under the influence of "miracle medicine" have been so impressed by the extraordinary relief the medicine gives for a few days that they have joyfully proclaimed a cure—only to realize a week later that the old joint trouble is as bad as it was before the experiment was started.

* * *

The great advantage that what I call rheumatiz has over what you and your trick specialist or "clinic" racketeer call "arthritis" is that no medicine is required to prevent or cure rheumatiz; whereas, if you accept as genuine the phony diagnosis of "arthritis," you're in for the widest assortment of medicines, old, new and "miracle," the medical merchant can persuade you to take, preferably stuff that can be administered in "shots," eh, children?

When I say no medicine is required to prevent or cure rheumatiz, I'm flattering most of you—about 99.44 per cent of you, I'm afraid, for in order to prevent or cure the rheumatiz, it is necessary to know how to select a diet that provides the essentials of good nutrition and to follow the diet, not for a week or a month but for as long as you wish to remain free from the manifestations of nutritional deficiency (malnutrition) that constitute rheumatiz.

This takes more than a modicum of intelligence. It takes more than ordinary personality and character. I could say much about it if space were available.

Tell you what—send me 10 cents (clean, please) and stamped, self-addressed envelope and ask for these two pamphlets (ask in writing, please): Wheat to Eat and Calcium and Rheumatiz.

TO SUM IT UP

* * *

In a few words here's what I'm trying to tell you:

In most instances of joint disability of gradual development and long (over a year) duration there is little or no inflammation (arthr-itis) at all.

The pathological condition is degeneration of joint tissues, and in the absence of a common or familiar name for degeneration of joint tissues, I propose that we call it rheumatis (not rheumatism).

I do hope you will remember I say most such joint trouble is rheumatiz.

In the rheumatiz pamphlet I mention specific infections which may cause chronic (long-lasting) inflammation of joints, chronic arthritis, but such genuine chronic arthritis is comparatively rare.

* * *

Furthermore I believe the cause of rheumatiz, degeneration of joint tissues, is nutritional deficiency through the years from early childhood up to and including the inadequate breakfast or snack of refined numb-pamby nutriment you just washed down.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, but to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

DANIEL BOONE

By Russ Winterbotham and Ralph Lane

In 1760, on the Yadkin River in North Carolina, lived a young man who was destined to become America's greatest frontiersman. His name was Daniel Boone.

Pennsylvania-born Dan'l was a mighty hunter, even at 26. He hunted westward beyond the Smokies, in a country where Indians had fought "dark and bloody" wars.

Boone's tales of the rich wilderness country, called by the Indians "Kentucky," vastly intrigued Judge Richard Henderson. "A fortune's there for us, lad," he exclaimed.

BENTON HARBOR (AP) — Construction crews are adding 1,442 feet to the Benton Harbor-St. Joseph Airport main runway to accommodate twin-engine aircraft. Edward J. Weisbruch, airport manager, says the $49,598 project to provide a 5,000-foot runway, is expected to be completed within 60 days.

Dutch Fleet Grows

THE HAGUE—The Netherlands' merchant marine totaled 3,400,000 gross tons of shipping at the start of 1955 compared with nearly 2,900,000 tons January 1, 1940—an increase of 18 per cent.

Red Scientific Group Plans Antarctic Stay

LONDON (AP)—Moscow radio said today a Soviet scientific expedition made up of two ships and several planes will leave in November for a two-year stay in the antarctic.

* * *

The broadcast said the expedition will set up three bases, one in the vicinity of Knox Land, another near the South Magnetic Pole and the third in the central polar region.

* * *

The expedition will be part of a preliminary progam to prepare for more extensive exploration during the International Geophysical Year, 1957-58.

The broadcast said it "will cooperate with expeditions outfitted by the U. S. A. and other countries."

HOW TO CAULK AROUND A CHIMNEY

Homeowners know the kind of damage a leaky roof causes. By proper care, especially around the chimney, this troublesome condition can be eliminated. When caulking around a chimney use screen wire as reinforcement under the caulking. This will prevent caulking from pulling away from bricks to cause a leak. Screen wire is tacked directly to chimney and to roof and caulking compound is applied over it. Compound should be forced into the mesh of the screen. Hardware cloth may be used in place of screen wire.

Many other Handy-Man Hints can be found in Popular Mechanics' "DO IT YOURSELF" books available at this store.

FUN IN THE BACKYARD—2

The Croquet Playing Dog

Do you ever play croquet? It's an old fashioned game that often is played on a lawn. Croquet is played with large wooden balls that the players drive from one end of the yard to the other, making them pass through several metal hoops or wickets stuck in the ground. The player who gets his ball through all the hoops and back to the starting stake in the fewest number of strokes wins the game. If you or your friends have a croquet set, you will find this a fine game for summertime fun.

Anyway you can have fun with Dingo the jumping dog that likes to rollick around while his master plays croquet. Here is the way to make Dingo jump.

Color the picture with crayons or paints, making the lawn and the tab attached to Dingo green. Paste down on stiff cardboard. Cut out the two parts — Dingo and his tab, and the ground and the croquet set. Fasten the tab to the ground with a paper clip thrust through the two holes in the ground and in the mallet beneath it. Fold back the side along the dotted lines. Now you can make Dingo jump back and forth over the hoops.

Ike Could Quiet Political Chatter

President Has Only to Reveal Election Plans to End Guessing

By JAMES MARLOW

WASHINGTON (AP)—President Eisenhower would deprive Republican politicians a lot of yakkity-yak if he suddenly announced he'll run again in 1956.

* * *

They've been talking, guessing, predicting, hoping for the better part of 1955 that he'll be a candidate. The end is not in sight. No wonder. Eisenhower is not only their best bet to win. He may be their only one.

Vice President Nixon himself indicated as much last March. With the 1954 Republican congressional defeat then still fresh in mind, he declared:

* * *

"The Republican party today is not strong enough to elect a president. We have to have a candidate strong enough to elect the Republican party. That is why we won in 1952."

Sen. Kerr of Oklahoma, one of the Democratic party's wits, after listening to the Republican clamor for Eisenhower, said: The Democrats are not nearly so afraid Eisenhower will run again as Republicans are he won't.

* * *

Republicans don't have to visit Eisenhower and examine the presidential tea leaves to have an opinion for the press. Near and far they seem to keep a wet finger aloft to tell which way the White House breeze blows.

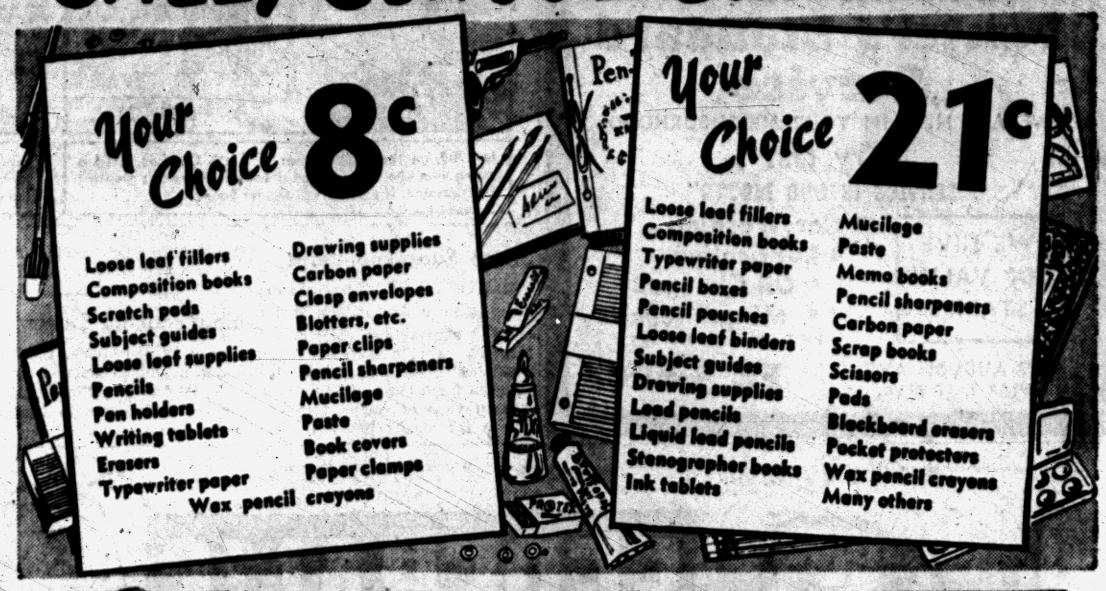

So far what they've said sounded like music in their own ears since Eisenhower has stated he wouldn't make up his mind until 1956 and then only after considering the condition of the world and his own health.

A ton of material at the center of the earth would have no weight because the gravitation from the two halves of the earth would be equal.

U.S. Should Subsidize Its Olympic Athletes

By BOB CONSIDINE

NEW YORK (INS) — The U.S. Olympic Committee has informed sailing champion Gene Walet of New Orleans it can't afford to send him to the 1956 games in Australia.

A kindly steamship company has offered to transport young Walet's Dragon class boat down under, and perhaps the youth can in time scrounge enough money to take himself and crew to the scene.

* * *

But if he can't make it, we go unrepresented in an event we might have won, and the laurel in all probability will go to the Russians or the Scandinavians, which teams are government-backed.

Isn't it about time we stopped cheapening our Olympic product? We leave home dozens of fine athletes for lack of funds, force those who make the team to live like inmates of a slave labor camp, and hound them with fatheaded officials with a bloated respect for themselves.

We pass the hat for our teams as if they were wind-broken bums in a Bowery flop. There's never enough in the kitty. This might have been fitting and proper in the 20's and 30's, but something of ominous importance has emerged in the world since then —the question of propaganda, the question of face.

If we blow the 1956 Olympics to the government-endowed Russian team we'll just never hear the end of it. Nor will the people behind the curtain, Iron or Bamboo.

REDS WILL PROFIT

It will be shouted and believed, if shouted often enough, that the Russian team won because the Soviet Unions' system produces better men and women, and our losers mirrored our inner rot.

* * *

It may comfort Avery Brundage and a few fellow pooh-bahs on the American Olympic Committee to know that however inadequate we'll be at Melbourne we'll be as stainless as Mrs. Caesar. But it seems to me high time to take a realistic inventory of this international sports business.

With the stroke of a pen, the State Department could provide funds for the formation, training and traveling of the finest U. S. Olympic team we ever had. It already has dabbled in sports by sending a few track and field people abroad in the last year or two. These trips were tremendously successful and resulted in the spread of all but unprecedented goodwill.

For a very modest sum, as appropriations are measured today, state could sign up the greatest team of ambassadors ever to show our colors before the United Nations of muscle.

The government spends more money in a single day, beaming U.S. folk poetry and boll weevil control reports at people who don't have radios than it would cost to send Walet to the next five Olympics.

* * *

One of the least conspicuous arms of our tremendous mercy-and-meddling crusade overseas is a $3,000,000 fund to entice even draft dodgers to come over to our side and accept our hospitality.

WE FOOT THE BILL

A lot of our friends whose lands border the curtain countries are getting fed up with the success of our "Go West, young man" program. They keep handling the escapees along like broke and talkative relatives. And we get the check.

The state department does some great work overseas but it has become so huge an operation that —as the Hoover report indicates— it is flabby and forgetful in spots. A lot of money goes down the drain on trivia.

A very minor fraction of the money the taxpayers spend on the State Department each year could give the nation an Olympic team fit proudly to wear the colors of the greatest nation and stop this embarrassingly niggardly way of providing a se-se team.

Won't we look ridiculous when we fail to show our faces in certain events while nations in hock to us for eternity field a team or individual in that sport?

* * *

Russia is going all out for this one. Its government-subsidized team has been in vigorous training for a year or two and will be in peak form at Melbourne.

We're sending our amateurs against pros. But in further contrast to their team, ours is still bumming nickels and dimes and the people in charge of it will fight tooth and nail to keep it just that sorry way.

Oh, No! Not That! Highland Drought Cuts Scotch Flow

GLASGOW, Scotland (AP) — Thorium, zinnwaldite, glaucophane and biotite, plus amphibole, pyroxene, uranium, a dash of sphene — and you're off to a running start on a batch of Scotch whisky.

* * *

Trouble is, a spokesman for the Scotch Whisky Assn. said yesterday, these minerals are found in just the right amounts only in brooks which run through the red granite formations of the Scottish highlands.

And a drought has dried up the brooks, forcing the distilleries into idleness.

"The special quality of this water," a spokesman for the association said, "is the whole secret of Scotch whisky. Analyze it and reproduce it chemically? Lawks, mon! That's been tried."

* * *

The distilleries had planned to complete their 1955-56 output by early next spring. The way things look now, there may be a delay of months.

Harvard university libraries contain nearly six million volumes.

Stewardess for a Day Finds Work Rough

By PHYLLIS BATTELLE

IN FLIGHT (INS)—This is a DC-6 airplane, in the sky between Chicago and New York City. I work here.

* * *

My name's Flunkey.

I'm an airlines stewardess, lower class.

They conned me into this job, the sharp boys at American Airlines, by saying it was the only way to get the facts about the most glamorous girl-job in the world. "Be a stewardess for a day," they said, "and see why nearly 100,000 girls a year ask for careers in the sky."

But they forgot to mention one thing. They forgot to say that behind their golden door of opportunity lurked a monster. You know the monster, despised and feared by most of us. In the airlines racket they refer to it as . . .

Work!

It was obvious that stewardessing was not all sunsets and millionaire passengers the minute I checked into the "Stewardess School" at Chicago's Midway Airport. The supervisor, Mildred Jackson, whispered to the chief instructress, Eleanor Roman, "Think she's too old. Never take it."

Miss Roman murmured back, "Only one day. We'll let her pass magazines."

"She can't pass magazines, she's not wearing a girdle. It's against regulations."

"Well, she certainly shouldn't serve food. Her hair's too long," said Miss Roman, louder now.

JUST TALKING

They finally decided that the jobs for me were talking with the passengers and serving coffee to the crew. I could probably get by with this on an afternoon's training in the big school, where 16,000 stewardesses annually spend five weeks learning to wear girdles, pass out food, give first aid, shorten and glamorize their coiffures and answer any questions a plane passenger could ask, from "What time is it in Buenos Aires?" to "How many gallons of gas does a DC-7 hold?"

"About the question, 'What are you doing tonight . . .'" I ventured.

"Use your own sense of breeding on that," the instructress replied. "Most of our girls apparently say they're busy—because only two per cent marry passengers."

So I studied for a day, learned about Aerodynamics and Navigation and Meteorology and this and that, and here I am. The first person to approach me with a question was a boy, aged something around 10. He asked: "Can I have one of those cookies?"

This was easy. The next was tougher: "Is that an oil fire down there?" I said what oil fire, and he said yep, he guessed that's what it was.

The next query came from the pilot's compartment over the inter-com. The navigator wanted to know where was the coffee anyway? On the way up the aisle from delivering the answer, I was asked my last question.

"Why don't you sit down?" inquired Stewardess Abbie Anderson politely.

We had scarcely passed over mid Lake Erie, but having been taught to smile sweetly and comply with all requests, I smiled sweetly and complied. And now as I rest my feet and prepare for the plastic tray of roast beef, delivered by a pretty girl with a college degree and youth and a neatly-girdled figure, I at last have the answer to why more than 50 per cent of airline girls go back and marry their home town boyfriends.

When the sharp boys at the airport ask, "So how did you like it?" What can I answer but: "It's a glamorous job till your feet hurt from walking, your face hurts from smiling and your head hurts from being versed in everything."

Banker Tolfree Succumbs in LA

West Branch Collapse in 1951 Impoverished North Michigan Town

WEST BRANCH (AP)—A prominent West Branch banker whose insolvency shocked residents of this community four years ago died Sunday in Los Angeles.

* * *

Funeral services for D. Eugene Tolfree will be held Wednesday in Los Angeles, where Tolfree had been living the past two years. He was 61.

The collapse of Tolfree's West Branch Commercial Bank in 1951 scandalized this small northern community and brought great financial loss to the residents.

Tolfree had been in ill health since he was indicted by a one-man grand jury for "receiving deposits after he knew or had good reasons to believe the bank was insolvent." The banker was sentenced to 60 days in jail by Circuit Judge Herman Dehnke, the one-man grand juror, and fined $2,000.

PRIVATE BANK

The bank, officially known as the Commercial Bank of Tolfree, Livingstone & Co., was one of the few remaining, privately-owned banks in Michigan.

In federal bankruptcy hearings that followed, it was alleged Tolfree permitted the bank's depositors to overdraw their accounts by almost $2,000,000.

Unprotected by Federal Deposit Insurance, depositors suffered heavily and business in the community slid off 50 per cent. In later years, 15 per cent of their savings was returned to depositors.

Tin Ingots Stolen

COLUMBUS, Ohio (AP)—Police say more than $50,000 worth of tin ingots owned by the government have been stolen from the Army's Columbus General Depot. The ingots were purchased during World War II as strategic material, and kept for emergencies. The FBI is investigating. A civilian employe discovered the theft when he noticed a damaged fence. An inventory showed 548 ingots missing.

Since 1948, the number of farmers in Israel has increased from 111,000 to 346,000.

THE TERRIBLE PAINS OF RHEUMATISM-ARTHRITIS KEPT ME AWAKE NIGHTS

"Before using O-JIB-WA BITTERS, I couldn't even raise my arms to comb my hair," says Mrs. Charlotte Coopersmith, 24608 Valley, St., East Detroit.

Rheumatism and arthritis in my arms, shoulders, and neck, pained so bad that I couldn't even raise my arms to comb my hair.

My neck bothered me too, as it was stiff and pained terribly when I tried to turn my head. Why, I could hardly wash clothes, as it caused my arm to pain just to have my hands in the water. Mrs. Coopersmith Sleeping well at night was difficult as every-time I turned in my sleep, the pains in my neck would wake me up again. Massages, liniments, heat lamps and electric pads all made my neck stiffer. I just didn't know what to do to stop the pains. I suffered like this for about a year when a relative told me about O-JIB-WA BITTERS. He had rheumatism and arthritis in his legs and knees so bad that he could hardly walk or even stand up. O-JIB-WA had put him back on his feet, so I thought it might help me. In about three weeks I could actually feel the difference, and by the time two months had passed, I was all better. I could move my neck without fear of pain. I do all of my housework now, and sleep well every night. The good sleep helps my nerves and gives me lots of pep and ambition. Words fail to praise O-JIB-WA BITTERS enough for what it has done for me."

Teachers Get Briefing on Their Duties, Rewards

Pontiac Press Photos

Can you spot your child's teacher? When the Press photographer turned his camera on the audience, he caught a good cross-section of the 600 Pontiac teachers who attended the annual pre-school program yesterday in the Pontiac High School auditorium. The teachers were just getting wound up for a songfest that opened the program. Perhaps your youngster can point out a familiar face among them.

"Let's get in the groove!" George Putnam, Pontiac High School vocal music supervisor, urges his teacher-audience to sing out as he directs the "Greetings in Song" section of the pre-school program. The packed auditiorium responded with a rousing melody. Everywhere, serious faces relaxed into happy smiles as the song took hold.

"What Teaching Means to Me" was outlined by Richard Craig (left) of Jefferson Junior High, Mrs. Ethel Franklin of Owen School and Robert Beauchamp of Pontiac High. Among the rewards of their profession, the teachers stressed a feeling of satisfaction in helping to shape a better world of tomorrow by encouraging good qualities in the students of today. Other satisfactions are the pleasure of seeing youngsters grow and learn, of helping them to learn friendship for each other, and the pleasant association with their fellow teachers, the three pointed out.

"It's better to make mistakes through trial and error, than stick altogether to the traditional 'safe ways' and make no progress," Dr. Dana P. Whitmer, superintendent of Pontiac schools, told the teachers as he briefed them on their professional obligations. "We need to keep a 'growing edge'—to keep searching for better ways," Dr. Whitmer said. He introduced the new administrators, and explained the overall school program, touching on past progress and future plans.

Louis H. Schimmel, president of the Pontiac Board of Education, takes on a serious air as he points up qualities the layman looks for in a good teacher. Understanding the child and creating a happy classroom atmosphere are most effective in shaping the citizen of tomorrow, Schimmel said. He gave the speech of welcome at the citywide teachers' program.

Receiving Line Calls for Gloves

Club's Hospitality Chairman Shouldn't Remove Them

By EMILY POST

"I am hospitality chairman for our club and on club day I stand at the door to greet the members as they enter. I have two or three assistants to stand with me. We generally shake hands with the members as they come in.

"Some of the women who receive with me think that we should all wear our gloves when shaking hands. I don't think so and always take mine off and put them aside when shaking hands. Our meetings are very informal. Which is correct—to wear gloves or not?"

Answer: If the meeting is formal enough to have a receiving line, then wearing gloves is correct, but if you dispensed with your assistants you would not wear them.

"Dear Mrs. Post: I was recently married for the second time. I have a son by my former marriage whose name is different from mine.

"We have moved into a new community and many of my son's friends take it for granted that my name is the same as his and call me Mrs. Jones. How can I correct this without getting into unnecessary detail?"

Answer: "I was Mrs. Jones but I'm now Mrs. Smith" is all you have to say.

"Dear Mrs. Post: I am being married for the second time next month. I have a 16-year-old son by former marriage. Would it be proper, when the clergyman asks, 'Who giveth this woman . . .' for my son to answer, 'I do'? My father is living and could give his consent but I would like to have my son do this if it would not cause criticism."

Answer: This is not unheard of and a matter of your own choice. I'm sure no one will criticize you, provided your son is tall and not very small and young for his age.

Beauty After 40 Depends Upon Good Grooming

"She was an attractive woman in her middle 40s" is a very common description of the woman who takes the trouble to make a good impression.

In order to create that very important good impression, it's necessary to have a neat, extremely well-groomed appearance.

And, of course, this means time and effort on the part of the would-be attractive woman. But time spent on improving oneself, either mentally or physically, has tremendous rewards.

It means being able to walk into a restaurant or meeting new friends with poise and confidence.

Then, too, the well-groomed woman can banish self-consciousness and know that she can feel triumphant in that her grooming passes even the most critical test.

Planning for personal grooming is as necessary as planning for any important project. Artful makeup takes practice. Some women use powder for years without ever knowing that the excess powder must be brushed off the face after application.

Another woman may not know that rouge, in order to look like natural coloring, must be carefully blended.

But, it is in practicing and experimenting with makeup that any woman can master it. By learning your good and bad facial points you can emphasize and minimize them with makeup.

J. L. Van Wagoners Plan Dinner to Honor Visitor

Sam Warwicks Entertain at Picnic for Sylvan Lake Residents

Mr. and Mrs. J. L. VanWagoner of Andersonville road have invited friends for dinner on Thursday evening.

Their guests will be friends of Mrs. VanWagoner's sister, Mrs. Lulu Legge, who is visiting from Mount Dora, Fla.

Mrs. Legge is spending several days here before leaving for a two-month visit in California.

* * *

Mr. and Mrs. Sam Warwick entertained residents of the Warwick Subdivision at their annual Labor Day picnic.

Picnic tables were placed on the lawn of their Island court home on Sylvan Lake, and the youngsters were entertained with games and speedboat rides. James Sprague, William Geiser and Harold McGraw assisted Mr. Warwick in giving the speedboat rides.

Basil McKnight and Sam Warwick Jr. served refreshments to the more than 260 guests.

* * *

Patricia Coles, daughter of Mr. and Mrs. A. H. Coles of Maceday Lake has returned to her home after spending the summer supervising children's plays at Northlake Resort in Belaire.

She will spend this week with her parents who have recently moved into their new home at the lake, and will then return to Central Michigan College where she will enter her junior year.

* * *

William E. McClaren of Long Beach, Calif. is visiting at the home of Mr. and Mrs. Howard Looney of South Johnson avenue.

* * *

When W. H. Ruggles Jr. of North Perry street returned home from his Labor Day trip to Torch Lake, he brought Mrs. Ruggles and children, Bradford, Craig and Connie Lou, with him.

The family has spent the past two months at their summer home, "Torchport" and Mr. Ruggles has commuted regularly every weekend.

* * *

Dr. and Mrs. William H. Marbach of Neome drive returned home yesterday after spending the summer at Omena.

Their sons and families visited with them during their vacations, Mr. and Mrs. William A. Marbach and three children of Elmhurst, Ill., and Mr. and Mrs. Robert Marbach and daughter of Evansville, Ind., each spent two weeks with their parents.

Mrs. Marbach's sister, Ella Reitz of Chicago, also spent 10 days with them.

* * *

Charles Hutchins, son of Mrs. Sanborn Hutchins of West Long Lake road, left this morning by plane for Los Angeles after spending two days in Chicago attending Powerama.

While in Los Angeles he will visit for two weeks with former resident Byron B. Webb Jr.

* * *

The Rev. and Mrs. Paul R. Havens returned to their home on East Iroquois road Tuesday morning from their cottage near Forester.

Mrs. Havens spent most of the summer at the cottage and the Rev. Mr. Havens was there for three weeks.

On Labor Day the members of the Booster Class of the First Methodist Church were their guests at a picnic luncheon.

Mr. and Mrs. Louis Humphreys Jr. of South Paddock street are receiving congratulations on the birth of a son, Patrick Joseph, Sept. 4 at St. Joseph Mercy Hospital.

Grandparents are Mr. and Mrs. Louis Humphreys of Whittemore street and Mrs. Elenore Pyle of Highland Park.

Josephine McClain Weds

Before an altar banked with palms, white chrysanthemums, pompons, gladioli and asters, Josephine Gayle McClain became the bride of Glendell J. Rawlins Saturday evening. The Rev. Ralph Johnson performed the ceremony before 200 guests in the Church of Jesus Christ of Latter-Day Saints.

The bride is the daughter of the Frank McClains of South Paddock street, and he is the son of Mr. and Mrs. Glendell Rawlins of Lincoln street.

The bride chose a street length dress of pink nylon tulle featuring a sweetheart neckline for her wedding. Her pink shoulder length veil was attached to a velvet headpiece with seed pearls. She carried a colonial bouquet of pink roses and wore a single strand of pearls, her only jewelry.

Patricia Vance, her only attendant, wore an aqua taffeta street length dress with an aqua shaded floral headpiece. Her bouquet was of pink carnations.

Verne Verch served as best man. Ushers were Tom Miller and Skip Roberson.

For the reception held in the church parlors immediately after the ceremony, the bride's mother greeted guests wearing a charcoal gray dress with pink accessories. Mrs. Rawlins wore a navy blue taffeta gown with pink accessories. Both mothers wore corsages of pink carnations.

For a motor trip through northern Michigan, the bride changed to a charcoal grey suit with black and white accessories and a corsage from her bridal bouquet.

Officers for the coming year are Mrs. Lewis, president; Mrs. Tom Hruska, first vice president; Mrs. H. A. Miller, second vice president; Mrs. G. L. Herrington, secretary, and Mrs. Dave Ewalt, treasurer.

Mrs. Lewis announced her committies at the meeting. Mrs. Hurska and Mrs. Jack Greathouse are program chairmen; Mrs. Miller is chairman of the ways and means committee assisted by Mrs. Bert Dearing, Mrs. C. Bud Shelton and Mrs. Irving Gillies.

Mrs. Frank Crawford and Mrs. Robert Taft will handle the house and telephone business for the club and Mrs. H. Guy Moats and Mrs. Ralph Becker are in charge of club projects.

* * *

Entertainment is being handled by Mrs. Orrin Huntoon Jr., Mrs Ralph Thorpe, Mrs. Everett Garrison and Mrs. Alan Robertson.

Membership is under the direction of Mrs. Charles Manz. Frank Antrobus is in charge of cards and flowers for the club and Mrs. Coleman will handle the club's publicity and scrapbook.

At the meeting Mrs. Moats reported on the clothing purchased by the group for the Michigan Children's Aid Society. Mrs. C. Bud Shelton spoke on the Central Volunteer Bureau, which assists 14 social agencies, and reports were also heard from Mrs. Hruska and Mrs. Miller.

A picnic was planned for members and their husbands to be held Sept. 25 at the home of Mrs. Don Breen. The next business meeting will be held at the Tom Hruska residence on Cass Lake road.

Group Sponsors Theater Party

American Cancer Society of Oakland County is sponsoring a Will-O-Way theater party Thursday evening. The proceeds of the party will be used to inaugurate a fund to pay expenses for volunteer training to be held at Kellogg Center in East Lansing during October.

"Sabrina Fair", the story of a modern-day Cinderella who finds her prince, is being performed at the playhouse.

Mrs. Theodore Koella is handling tickets for the Cancer Society at the office on West Lawrence street.

Donna McDowell, Donald Keehn Wed

Mr. and Mrs. George McDowell of North Josephine avenue announce the marriage of their daughter, Donna, to Donald Keehn, son of Mr. and Mrs. Charles Keehn of Tasmania avenue.

The Rev. Alfred Burton of the First Spiritual Church of Royal Oak performed the ceremony in the bride's home before the immediate family and friends Aug. 31. The bride will live with her parents until her husband's discharge from the U.S. Air Force.

Begins Nurse's Training

Janet Mahoney is the recipient of the annual nursing scholarship awarded by the Auxiliary to the Oakland County Medical Society.

Janet, the daughter of Mr. and Mrs. John B. Mahoney of Milford, received the $350 scholarship when she was graduated from Milford High School in June. She entered Mount Carmel School of Nursing in Detroit today.

The auxiliary raised its fund for scholarships through a money-making project held last March under the chairmanship of Mrs. Kenneth Vandenberg of the ways and means committee.

The winner is selected from a number of applicants. She is selected according to scholastic standing in high school, integrity, personality, worthiness and her ability to get along with people.

Chairman of nurse recruitment for the past year was Mrs. Ernest Bauer of Hazel Park. Those on her committee were Mrs. Vincent P. Russell of Pleasant Ridge, Mrs. Earl Faust of Birmingham and Mrs. N. E. Durocher of Pontiac, immediate past president of the auxiliary.

Want to Be a Blonde?

Perhaps you can remember when your hair was that gleaming shade you so admire. Has it darkened with the years? If your hair was light in your childhood it would still be attractive to you. If not, we would not recommend blonding it now.

Hair can now be lightened to a soft blond shade that looks very natural. This process not only brightens and adds highlights to the hair but gives soft fine hair more body.

Hair properly lightened may be successfully permanent waved.

First Job Seems Awesome Indeed

By ANNE HEYWOOD

This is the time of year when the June graduates who studied shorthand all summer begin looking for their first jobs. And the whole thing is unspeakably terrifying.

* * *

You understand from the school that your shorthand, or Speedwriting, is adequate and your typing fast and accurate enough.

You have passed the tests, but the idea of taking "real" dictation from a real employer scares you out of your wits.

You're used to one kind of typewriter and the idea of a new kind, which has a strange touch, is awful. It might skip all the letters and you'll have to erase and erase.

The idea of having anyone wait while you type out a letter, pacing nervously, watching you and breathing on the back of your neck, is awful.

WHAT KIND OF JOB

On top of that, you have no idea what kind of job to go after. You don't even know what some of the box number ads really mean.

As one of my young friends said, "I spend half the time worrying that nobody in the city will hire me and the other half of the time worring that somebody will!"

* * *

The best bet is to get some of your father's friends, or some business people you know, to give you a little dictation for practice so you'll get a chance to rehearse.

If you have friends who work in offices, see if you can meet them after hours to look around the premises. Get them to let you try their typewriters and just get the feel of an office. It helps.

For your first job, it is best, I think, to work with a good employment agency. You won't feel so nervous and lost, if somebody is giving you an introduction to Mr. Big, instead of having to contact him yourself.

Have an idea of what kind of business you want. Even a beginning secretary will be more interested in a field she likes, than in one which bores her.

If cooking appeals to you, try the food companies or at least indicate an interest in them when you talk to the employment agency interviewer.

AGENCY WILL HELP

The agency will know what kind of salary you should ask for and will brief you a little on the jobs they send you to.

They may give you a shorthand and typing test, and if they do, remember they're on your side. They want you to be hireable, so don't be nervous.

* * *

And most of all, bear in mind that everybody feels this way on their first job campaign. A year from now you'll look back on it all and laugh.

Dorothy Ann Oldenburg Speaks Marriage Vows

A gown of nylon tulle with a bouffant skirt accented by lace inserts was worn by Dorothy Ann Oldenburg Saturday evening when she became the bride of James Irvin Batchelor.

The bodice of the gown was fashioned with a close-fitting V-neckline appliqued with Alencon lace. A tiny bonnet of lace and tulle trimmed with sequins and seed pearls secured her fingertip veil of silk illusion.

Wearing a double strand of pearls, a gift of the bridegroom, she carried a colonial bouquet of white carnations and roses.

The bride is the daughter of Mr. and Mrs. Lawrence Oldenburg of North Perry street and the bridegroom is the son of Mr. and Mrs. Henry Batchelor of South Shirley avenue.

The Rev. William C. Graves of Grace Lutheran Church performed the 7 o'clock ceremony in the presence of 150 guests.

* * *

ATTENDS SISTER

Barbara Oldenburg attended her sister as maid of honor wearing a gown of orchid nylon chiffon. She carried a colonial bouquet and her headpiece was a matching coronet.

Josephine Schuemaker and Janette MeKee were the bride's other attendants. They wore identical gowns of blue and pink nylon and carried colonial bouquets with matching coronets.

Ralph Batchelor served his brother as best man, and seating the guests were Don Worthey and Larry Oldenburg.

The bride's mother chose a dress of dusty rose nylon lace with brown accessories for her daughter's wedding. Her corsage was of yellow and white roses.

A dress of blue nylon with pink accessories was worn by the bridegroom's mother. She wore a corsage of pink and white roses.

RECEPTION FOLLOWS

A reception was held at the home of the bride's maternal grandparents, Mr. and Mrs. Floyd Wallace of Airport road, following the ceremony.

When the newlyweds left for their honeymoon in northern Michigan the new Mrs. Batchelor was wearing a brown lady tweed suit with a small collar and cuffs of white angora.

Honeymooning in northern Michigan are Mr. and Mrs. Charles Aguayo. Their parents are Mr. and Mrs. Anderson Bee of Stirling avenue and Mr. Bartolo Aguayo of Franklin road.

Nola Landstrom Becomes Bride of Lawrence Elwell

Before an altar banked with gladioli and carnations in St. Marys in the Hills Episcopal Church, Lake Orion, Nola M. Landstrom became the bride of Lawrence L. Elwell Saturday.

The bride is the daughter of the Lloyd Landstroms of Gregory street, and he is the son of the Leland B. Elwells of South Midland street.

* * *

The bride wore a floor length gown of French embroidered nylon tulle over slipper satin. A Peter Pan collar and long sleeves accented the bodice, and a band of lilies of the valley held her illusion veil. A rhinestone heart shaped necklace, a gift of the bridegroom, was her only jewelry. Her bridal bouquet of white roses, carnations and stepanotis were in a cascade arrangement.

Beverly Landstrom, sister of the bride, wore a lavender corn flower lace dress with a fitted bodice and scoop neckline. Her bouquet was of lavender carnations and gladioli.

Mrs. William Harmond and Mrs. William Parent, her other attendants wore gowns identical to the maid of honor's in style. Mrs. Harmond wore a green gown and carried yellow carnations and mixed gladioli and Mrs. Parent's gown was yellow. She carried an arrangement of green carnations and mixed gladioli. Their headpieces matched their frocks in color.

Brother of the bride, Fred Landstrom, served as best man assisted by William Parent and William Harmond.

Mrs. Landstrom greeted the guests at a reception with avocado accessories. She wore a corsage of bronze roses and carnations. An aqua shantung dress was worn by Mrs. Elwell with black accessories. Her corsage was of pink roses and carnations.

For their honeymoon through the Smoky Mountains the bride changed to a light beige jersey dress with pink accessories. Her corsage of roses and carnations was from her bridal bouquet. On their return the couple will live on Opdyke road.

Bar Cookies Are Fat-Free, Easily Made

Mary Gibbs' Recipe Makes Squares Like Sponge Cake

By JANET ODELL
Pontiac Press Food Editor

Bar cookies are always welcome ones, since they are so easy to make. Mix, bake and cut into squares; that's all. This recipe for Chinese Chews is contributed by Mary Gibbs and is one she uses often.

Since these cookies contain no fat, they should be useful in a fat-free or a reducing diet.

Miss Gibbs is a math teacher at Washington Junior High. She enjoys membership in a book review group and in the American Association of University Women.

CHINESE CHEWS
By Mary Gibbs

- ¾ cup sifted flour
- ¼ teaspoon salt
- 1 teaspoon baking powder
- 1 cup sugar
- 1 cup chopped dates
- 1 cup butternuts, chopped
- 3 well-beaten eggs

Sift dry ingredients together. Stir in the rest of the ingredients. Pour into a greased 10x14-inch greased pan. Bake 30 minutes in a 300-degree oven. When cool, cut into squares. These may be dusted with confectioners' sugar. They should be eaten soon after baking, as they do not keep well for a long period of time.

Racks Help Protect

Handy multiple clothes racks keep summer accessories clean and crisp and the closet uncluttered.

One rack holds five to 10 skirts and another holds five blouses. Clothes should also be protected with plastic covers.

Rust Proof Tools

Store rustable tools, instruments or appliances in "V-Lopes," says a manufacturer and the rust problem is licked without greasing, degreasing and trouble.

They claim this rust-inhibitor is a sheet container impregnanted with a chemical compound that forms a dry vapor which rust-proofs iron or steel objects. The rust-proof action is guaranteed for five years.

The time of the transitional cotton is on us. Time to pack away the bright colors in favor of black, brown and deep blue.

Alert Father Foils Child's 'Theft'

By MURIEL LAWRENCE

Paul's father is a handy man with tools. He can make a closet, fix a leak, repair a toaster with the same speedy skill he yesterday applied to Paul's broken express wagon.

* * *

Its handle had snapped in two. This so distressed Paul that he at first felt only gratitude to the skillful father who offered to replace it. Eagerly, he watched him plane wood into a neat, square rod; fit and bolt it into place.

Gladly, while his father sandpapered it, he ran off for paint and brushes. With one, he carefully painted one wheel of his express wagon. With the other, his father painted the rest of it.

Then Paul's gratitude turned to envy. For his express wagon, dazzling scarlet with shiny black wheels and handle, had become a thing of impressive beauty. Overawed by his father's accomplishment, he began to feel contempt for his own.

He wanted out from this uncomfortable feeling. And promptly found it. Without quite realizing what he was doing, he computed the chances of claiming his father's work for his own.

HAPPINESS PLOT

His 8-year-old brain figured, "My parents like to see me very happy. If I mix up my claim that I transformed this express wagon with much enthusiastic happiness, they may not have the heart to remind me that I did not transform it. They may let me believe that I did daddy's work."

* * *

Paul shouted "Mom, come see how I fixed my express wagon!" His alert father did not permit this theft of his accomplishments. He called Paul, and the boy's eyes turned up to meet his own.

"Paul," he said, "you've been a good helper this morning. Every time I needed a tool, you had it ready. It was you who thought of putting the sack under the wagon so that we didn't get paint on the grass.

"You found the right cans of paint. You painted that front wheel so carefully I couldn't help noticing it. You did a lot so well this morning that you don't have to tell Mother you did it all. OK?"

* * *

It was OK. It usually is when when we replace a child's contempt for his work with respect for it.

FORBID 'STEALING'

No favor is done to children by letting them steal our accomplishments. They sometimes try to. As their claims of our work are based, like Paul's, on contempt of their own, we just indulge the contempt by indulging the claims. The answer is not discredit for what we have done—but credit and praise for what they have done.

* * *

The trouble is, we're not always ready with the credit. There's a trick to registering a child's accomplishments. Like Paul's father, you have to want to note them. You have to be as interested in noting them as you are in your own.

Married at a candlelight service Saturday were Roberta Logan and Evans L. Brown. Parents of the couple are Mr. and Mrs. Charles F. Logan of Rochester and Mr. and Mrs. Conley Brown of Seward street.

MR. AND MRS. EVANS BROWN

Brown-Logan Rite Read

Roberta Logan and Evans L. Brown were married Saturday at a candlelight ceremony in St. Trinity Lutheran Church. The Rev. Ralph C. Claus performed the service before 200 guests.

The bride is the daughter of the Charles F. Logans of Rochester, and he is the son of Mr. and Mrs. Conley Brown of Seward street.

The bride's ballerina-length gown of white crystallette was accented by a bouquet of white orchids and baby carnations.

Mrs. Maurice VanGordon served as her sister's only attendant. She wore a ballerina-length gown of turquoise crystallette and carried a bouquet of yellow and turquoise carnations.

* * *

Diana Smith wore pink crystallette for her duties as flower girl and Alex Bishop acted as ringbearer.

Cleo Brown served as his brother's best man assisted by Lloyd Daniels.

For the reception held in the church parlors immediately following the ceremony, Mrs. Logan wore a Dior blue taffeta dress with navy accessories and Mrs. Brown wore a dusty rose gown with white accessories.

After a honeymoon in northern Michigan the newlyweds will reside in Waterford.

Spotlight on Satin for Fall Wardrobe

There's a lot of satin in all fashion collections, both in complete evening costumes and used as trimming on wool or silk crepe dresses.

The little white satin collar and bow tie is a favorite of Harvey Berin, for instance, on slim dark wools or velvets.

Velvet is widely used in dresses and costumes for after 5, often with satin accents. Newest looking color in the velvet lineup is one called White Wine, an ivory tone most flattering to many types.

The new clothes are wearable, handsome, varied and made of the most lavish assortment of fabrics available in many years. Every woman should be able to find something to suit her type this fall.

Judith Ann Root became the bride of Richard M. Rosenbaum Saturday evening in Central Methodist Church. The bride is the daughter of Mr. and Mrs. Lyle J. Root of Lenox avenue, and he is the son of Mr. and Mrs. Hubert M. Rosenbaum of Texarkana, Ark.

The bride is the daughter of Mr. and Mrs. Lyle J. Root of Lenox avenue, and the bridegroom's parents are Mr. and Mrs. Hubert M. Rosenbaum of Texarkana, Ark.

The bride's floor-length gown was fashioned with a fitted bodice accented by a Queen Anne style collar. Her veil was secured with a tiara of seed pearls.

* * *

A cascade arrangement of white glamellias and stephanotis centered with a white orchid was carried by the bride.

ONLY ATTENDANT

Mrs. Robert L. Brown was the bride's only attendant. Her gown was of gold net and she carried a crescent-shaped bouquet of bronze glamellias and yellow roses. Her headpiece was a band of ivy with rose clusters.

* * *

Serving as best man was Robert L. Brown and seating the guests were Lyle J. Root Jr., brother of the bride, and Roger Berry.

A reception was held at Hotel Waldron following the ceremony.

The bride's mother chose a navy blue silk dress with beige accessories for her daughter's wedding. Her corsage was of pink carnations.

The bridegroom's mother also wore a navy blue dress with matching accessories and a pink carnation corsage.

For her wedding trip, the new Mrs. Rosenbaum changed to a pink and white silk pongee dress with pink accessories. She wore the white rose corsage from her wedding bouquet.

Upon their return the newlyweds will reside on State avenue.

Mrs. Gene Whitfield Honored at Shower

Mrs. Gene Whitfield was honored at a pink and blue shower Wednesday evening. Mrs. J. Gilbert Wright and Mrs. Ralph Grubb were hostesses for the affair held at the home of Mrs. Wright on Elmhurst road.

Guests attending included Mrs. Ethol Wright, Mrs. Glen Reynolds, Mrs. Charles Wright, Mrs. Paul Colton, Mrs. Ronald Woodhull, Mrs. Ronald Biskner, Mrs. Robert Wright and Mrs. Lucy Edwards.

Others were Mrs. John Geasler, Mrs. Gerald Wright, Mrs. Nelson Wiley, Mrs. Howard Reynolds, Mrs. James Wright, Mrs. Donald V. White, Mrs. Graydon Wright, Mrs. Lewis Baum, Mrs. Marvin Addis and Sherry Baum.

Girl Says, 'He Treated Me Like Dirt, but--'

By ELIZABETH WOODWARD

"Dear Miss Woodward: "I'm going steady with a wonderful boy and we plan to get married in a year. Yet when I see my ex-boy friend I start liking him again, and all he has to do is call and I come running.

"All the time I was going with him he treated me like dirt, but I am still attracted to him. I don't really like him, and don't even think about him unless I see him or talk to him.

"If this keeps up I know my steady and I will break up. How can I get over this feeling of being attracted to the wrong guy?"

Answer: He's probably still the challenge to you that he always was. While you were going with him you couldn't make him like you the way you wanted. Yet now you are subconsciously entertaining a hope that he has changed.

Which hope is pretty pointless, now that you've decided that you want to marry this wonderful boy you're going with. Your mind should be so full of him that you can't hear when the other boy calls. You couldn't possibly run, if he beckoned. Even out of curiosity.

* * *

To get over your feeling of attraction, remember that you don't like him at all. You know you don't. The churning you feel is remembering the way you used to like him.

Your excitement is a mixture of memories of affection, elation, disappointment, frustration and high hopes. Past emotions that have nothing to do with you now.

Arm yourself with some sharp, clear, bitter memories—the moment when he hurt you most—the occasion when he behaved the worst. Rehash these details and use them in self-defense when needed.

* * *

Parade them in your mind when he calls you—to keep from listening to his siren call. Concentrate on them while you tell him you're "busy" these days, and there's no point in calling you any more.

They can stiffen your backbone and keep you from churning when you see him around. They'll insulate you against attraction. And keep your mind on your work.

"Dear Miss Woodward: I'm completely at ease with boys around school, but before a date I get so nervous I get a jittery tummy. Can you help to calm me down?"

Answer: Don't eat too much for dinner just before a date. Before you dress take a nice, leisurely, "pleasure" bath. Relax your tightness in the bubbles. Sing out loud, concentrating on the words.

Get dressed in time. Then sit down to read. Get yourself so engrossed in the story that you almost hate to put it down when your boy friend has arrived.

Treat yourself gently (by not thinking and worrying about the date) than your tummy will stay on an even keel.

Stone Baptist Church was the setting for the 7 o'clock double-ring ceremony performed by the Rev. Lawrence W. Dickens Saturday evening in the presence of 150 guests.

The bride wore a floor-length gown of lace over satin. The molded lace bodice was fashioned with a portrait neckline and trimmed with iridescent sequins and seed pearls. A satin cumberbund accented the waistline.

A tiara of sequins and seed pearls held her fingertip veil of illusion and she carried an arrangement of white carnations centered by a white orchid on her Bible.

* * *

Ella Jean Taylor attended the bride as maid of honor. Her floor-length gown of powder blue lace over taffeta featured a fitted lace jacket and she carried a cascade arrangement of crimson carnations.

OTHER ATTENDANTS

Mrs. Lemmie Coffey and Mrs. Herbert Spence Jr. of Rochester, the bride's other attendants, wore gowns fashioned like the honor attendant's. They carried cascade arrangements of Mamie carnations.

* * *

Mary Fitzpatrick sang the bridal recital accompanied by Kay Norden.

Kenneth Green served his brother as best man, and seating the guests were Maurice Green, another brother of the bridegroom, and Douglas Sanborne, a nephew.

The bride's mother chose a dress of pink crystallette with which she wore black accessories for her daughter's wedding. Her corsage was of American Beauty roses.

A dress of rose lace over taffeta with navy blue accessories was the choice of the bridegroom's mother. She also wore an American Beauty rose corsage.

CHURCH RECEPTION

A reception was held in the church parlors immediately following the ceremony.

The newlyweds will make their home in Big Rapids where the bridegroom is a student at Ferris Institute.

THE BERRYS by Carl Grubert

Opossum Is Primitive

WASHINGTON—The most primitive mammals identified in the Western Hemisphere are the opossums. Thirty-nine kinds are listed as living in North America. Man accounts for four varieties among the 3,622 forms of mammals found in North America.

Hollywood Headlines

Maxwell Anderson to Pen 'The Wrong Man' Script

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—While Jack Warner has been vacationing in Cap d' Antibes he hasn't been entirely idle. He was on the telephone to agent Irving Lazar to get Maxwell Anderson, noted playwright, to write the story of "The Wrong Man," Alfred Hitchcock's next on the Warner lot.

The original Anderson tale will concern Tony Balesthero, the Stork Club musician who, through mistaken identity, was arrested for a robbery of which he was innocent. This story made screaming headlines in 1953.

Henry Fonda, who did himself nothing but good in "Mr. Roberts," has been contacted for the lead.

TONY GOES WESTERN

Marlon Brando started it and many other stars are following in his footsteps. He bought a Western, and now Tony Curtis plans to turn cowboy for his first independent picture, "Massacre," described as an adult Western (whatever that is.)

Tony is calling his company "Curtleigh," a combo of Tony's and Janet's names. He will not only be the star of this little venture, but he will co-produce with Milton Bren.

I almost forgot to mention that Marlon Brando's picture is Louis l'Amour's "To Tame a Land."

BOOK EXCITEMENT

Not since "Gone With the Wind" has there been as much excitement over a novel as over "Andersonville," the new Mackinlay Kantor book, which Columbia Studio has bought. Donald Friede, editor of World Publishing Company, writes:

" 'Andersonville' goes on the stands Oct. 27. It's a Book-of-the-Month selection for November, a Civil War Book Club choice for December, and, in January, a chapter from the book appears in the Reader's Digest condensed book club. The New American Library is planning a 75-cent edition after the book and movie appear."

I'd say that "Andersonville" gets off to a terrific start, even if Donald is perhaps a bit overoptimistic in saying that 75,000 copies will be the advance sale.

ROLE FOR MARGARET

Snaps: Norman Krasna flew from Paris to Venice to offer Margaret Truman a role as Olivia de Havilland's friend in "The Ambassador's Daughter." If she accepts, it will mark her screen debut.

Jimmy Cagney, I am told, is selling the 24-acre ranch at North Ridge, which was once Marsons Farm, to subdividers. Breaks my heart to think this ranch, on which I spent so many happy days, is being cut up into small lots.

Lauren Bacall's Aunt Rosalie Rubino, sponsor of an Italian charity, is one of the leading figures of the charity showing at the Roxy Theater in New York of Humphrey Bogart's "Left Hand of God," the benefits of which will go to Italy's Boys Town.

Actress Agnes Moorhead turns director to direct Ricardo Montalban in "Don Juan in Hell," which starts a run in San Francisco in a few weeks.

Paul Henreid's attractive 12-year-old daughter, Monica, has been interviewed by Joe Pasternak for a possible picture role. Paul and Mrs. Henreid have just celebrated their 10th anniversary as American citizens.

John Wayne has been signed by Lucille Ball and Desi Arnaz for their "I Love Lucy" show Oct. 10. That should give them an added rating.

Celeste Holm is in New York to talk to the producers of Aldous Huxley's play "The Genius and the Goddess." She opens at the Fairmont Hotel in San Francisco Sept. 13.

Here's How to Get Ahead in Kindergarten

By HAL BOYLE

NEW YORK (AP)—An open letter to a young man just starting kindergarten:

Dear Junior,

You are about to take the most important step of your young career.

* * *

Don't approach it too lightheartedly. Kindergarten can be the best year of your life. But it isn't all just one mad whirl. It is also a chance to get in a lot of hard sober work—work that will pay off in later years (when you have reached the age of 8 or 9).

Naturally, you should have your share of good clean fun. But also try to keep in mind the dictionary definition of kindergarten:

* * *

"A school for young children conducted on the theory that education should be begun by cultivating the normal aptitude for exercise, play, observation, imitation and construction, and emphasizing the necessity of social training."

If you will memorize this definition, it will help explain some of the seemingly nonsensical things you will be asked to do, such as learning to gallop like a horse to piano music, when what you want to do is make a noise like a jet plane.

* * *

Here are a few sound tips on how to get off to a good start in kindergarten:

1. Don't arrive looking like a bum. Put on your snappiest suit, your brightest necktie. Be a standout in your class, so that when you arrive the other kids will nudge each other and ask, "Who's he? Boy, wonder where he got those snazzy, two-tone shoes?"

* * *

2. Your mother, of course, thinking you are still a child, will want to ferry you to school the first day. When she introduces you to your teacher, you should look up to your teacher and say warmly, "Gee, you're pretty. I wish you were my mama." This will not only give your mother a guilt complex—it'll put you in solid with the teacher.

3. You will probably notice some of your little classmates have longer hair than others. These strange-looking creatures are girls. Greet them coldly and stay away from them. If you cozy up to them, before long they'll be wanting half your popsicles. Remember, a boy who shares his lollipops with girls in kindergarten is the sucker who later on has to buy 'em mink coats.

* * *

4. Beward of trick questions. If the teacher asks "Who killed Cock Robin?" don't brag, "I did." She'll only send you to the school psychiatrist.

5. Never throw spitballs. If you do, you'll probably end up racking balls in a pool hall. The time to throw spitballs is when you have grown up and become a vice president and don't have much else to do.

* * *

6. Don't play marbles for keeps during recess periods with any of those big affable strangers from the first grade. They're all sharpies.

7. Make all the contacts you can. If there is the son of a bank president in your class, pick him for a friend. You may want to borrow money from him or sell him life insurance in after years. For either purpose there is nothing like an old school tie.

* * *

8. If you must go with a girl, go with one who has wealthy parents. Never look down your nose at a girl just because her family has a background of money. It never pays to be a snob, and the time to learn tolerance is when you are young.

9. After a few days, tell your daddy he's going to have to double your weekly allowance. Let him know it costs more to stay in the social swim in kindergarten now than it did when he was a lad.

* * *

As for the rest of it, junior, just buckle down and do the best with each new problem as it arises. Remember that, in kindergarten, what you are to be, little man, you are now becoming.

With best wishes from a veteran of the class of '17,

Hal Boyle

Chiang Tells His Cadets to Be Ready to Die

TAIPEI, Formosa (AP)—President Chiang Kai-shek told army cadets in a commencement day speech yesterday that they must be ready to sacrifice their lives in the "sacred war against the Chinese Communists and Soviet Russia."

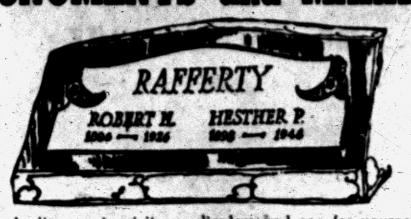

Among those who heard the generalissimo's exhortation was his 18-year-old grandson Chiang Hsiao-wen, who has just begun his four-year training course.

Commission Discusses State Allotment for Road Maintenance

KEEGO HARBOR—A long agenda was slated for the Keego Harbor City Commission, last night. Among the many items of business was the resolution which was passed to set up the uniform fund of $300 for the use of the three-month-old Police department.

There also was quite a lengthy discussion of the $17,600 which the state allotted the city for the maintenance of roads. The state required the money be put in a separate bank account for the use of the road commission only. A resolution was adopted to put this money in a separate account. A discussion on equipment for road work, and a man to do the job was tabled for further study.

Thomas Dillon, city attorney, introduced two new ordinances for the approval of the council. Ordinance 6, pertaining to the fire code, and Ordinance 7, which deals with sanitation, were unanimously adopted. Also carried was a resolution between the township and the city providing for a division of the assets. Keego is to receive 25 per cent of these assets and the township the remainder.

A resolution was carried adopting the present schedule of hour of the City Clerk and Treasurer office to be open. The office is to be open from 9 to 5 from Monday through Friday, and from 9 to 1 on Saturday.

The final motion of the evening appointed Police Chief Calvin C. Baxter, traffic engineer for the flare sale to be held in Keego, sometime in the future. This motion also appointed the fire department to be in charge of selling the flares.

MR. AND MRS. THOMAS D. RAGATZ

Ragatz-White Ceremony Performed at Fireside

WATERFORD TOWNSHIP — Barbara Ann White and Thomas D. Ragatz repeated their nuptial vows recently in a ceremony before the palm-and-gladioli banked fireplace at the home of the bride's parents.

* * *

Barbara is the daughter of Mr. and Mrs. Harry D. White of 3079 Lexington Dr., Scott Lake, and Thomas is the son of Mrs. Rosanna Ragatz, 4023 Lotus Dr., Scott Lake.

The bride chose for her wedding a ballerina length gown of Chantilly lace and tulle over satin. A crown of seed pearls held in place her shoulder-length veil and the bridal bouquet was of white carnations and white rosebuds.

Mrs. Jack Roth of Waterford served as her matron of honor and Jack Roth was the attendant for the bridegroom.

After a reception held at the home of the bride's parents, the couple left for a Northern Michigan honeymoon. They will make their home at Scott Lake upon retuning.

Mother Sees Son Killed

FRENCHVILLE, Maine (AP)—Mrs. Roland Daigle saw her 16-month-old son Roger killed by his father's truck last night in the family driveway. The father told police the boy apparently crawled under a front wheel while he was unloading wood. Mrs. Daigle said that just as her husband started the truck out of the driveway she saw the child's danger but too late to avert the tragedy.

Peron Dictates Bill for Minority

Measure Tells Congress to Allow Smaller Groups Seats in Lower House

BUENOS AIRES, Argentina (AP)—A bill to give Argentina's minority parties at least one third of the seats in its lower house was sent to Congress yesterday by President Juan D. Peron. Quick approval was expected.

* * *

In an accompanying message, Peron said the measure was drafted "to give satisfaction to the claims of certain groups of public opinion who oppose the ruling party and to give minorities wider representation in Congress."

He termed the bill "an effective contribution of the government toward national pacification."

After the abortive June 16 revolt against the Peron regime, Interior Minister Oscar Albrieu announced the government would send an electoral reform bill to Congress.

The Peronista party, founded by Peron, now holds all but 12 of the seats in the 155-member House of Deputies and all 30 Senate seats.

* * *

The reform bill provides a return to the system Argentina used before Peron changed the law in 1952. Candidates now stand for a specific seat and the high man wins. Under the new bill parties in each electoral district would enter a slate equal to two thirds of the seats to be filled. The party receiving the highest total vote would get two thirds of the House seats for the district. The remaining third would be divided among minority parties on the basis of their total votes.

Lopez Confident as Cleveland Hits 'Stretch'

By THE ASSOCIATED PRESS

Wary, but confident. That's the way four guys named Lopez, Stengel, Marion and Higgins called their shots as the frantic American League race spun into the stretch run today.

* * *

Manager Al Lopez, whose Cleveland Indians open their final Eastern trip tonight at Baltimore, figured "It'll be rough, but I feel sure we'll still be in first place when we get back home."

* * *

Senor Al is consistent in his confidence. He said his Tribe would win a second straight flag away back last spring. He still thought so back on July 2 when they were eight games out. Now, with a half-game lead, he's more confident than ever.

Casey Stengel, knocked off a run of five straight pennants by Lopez in '54, is a little more cautious, but he's not giving ground. With his Yanks in second place and due to meet Chicago and Cleveland this weekend, Case allows as how "this here race has got down to a day-by-day proposition and I got my pitching lined up pretty good. But if I have to use one of my starters in relief I'll have to go another way."

* * *

Possibly the least exuberant of the four contending managers is Marty Marion of the White Sox. He has good reason. His Sox are slipping—have just lost four of five and dropped from the lead to third, 1½ games back. Yet Marty, too, was still in there pitching as his club moved to Washington for two games.

* * *

The White Sox will have to have plenty of bounce to the ounce on this trip. After Washington, they hit the Yanks for two Friday and Saturday, then play a Sunday doubleheader at Boston. After that—two doubleheaders in two days at Baltimore.

Mike (Pinky) Higgins of Boston's Red Sox pulled everything neatly in focus. "Anything can happen," said he. "Our bullpen got straightened out against Washington and we're in a good spot."

Actually the whole Boston club got straightened out against Washington. By sweeping the Labor Day doubleheader with two complete performances from the pitching staff the Bosox ran their latest winning spurt to five games and got back into the pennant figuring, pulling up to within three games of the top.

* * *

The Red Sox now start a favoring nine-game home stand, but Lopez feels sure his Indians are just about "ready for a good long winning streak.

* * *

Lopez named Wynn to start tonight against Baltimore's Skinny Brown (1-3), but wouldn't mention who was to follow in the rotation. "It's not really set," said Al. "But I plan to have my best ready for the Yanks."

* * *

That's the way Stengel saw it, too. "Those other teams are going to be shooting the works at us every day," said Case. Then he picked Whitey Ford (16-6) to face Kansas City's Arnie Portocarrero (5-7) this afternoon. Tomorrow, he'll go with Bob Turley (14-13).

* * *

Jim Konstanty, an early season bullpen whiz, bolstered the Yank staff yesterday, returning from his short-optioned stay with Richmond.

Pitching is Marion's biggest problem.

The National League race that never quite materialized may grind to a close within 48 hours. The first place Dodgers, 15 games in the lead, need only a combination of three to make it lega!—three victories or Milwaukee defeats is the magic combo. And the Brooks open a two-game set in Milwaukee tonight. A sweep, naturally, does it.

SHINING STAR — Sports stars run in the Kiner family of Cleveland, Ohio. Head of the household, Ralph Kiner, is a star outfielder for the Cleveland Indians. His pretty wife, the former Nancy Chafee, was for three consecutive years the U. S. Women's Indoor Tennis Champ. Coming out of retirement, Nancy is practicing for the Forest Hills tennis meet this fall. "Ralph wants me to resume my tennis career," said Nancy, as she posed at the Mayfield Country Club near Cleveland.

Home Run Performance in Both Leagues Soaring; New Records Being Eclipsed With Every Clout

NEW YORK —Baseball's power hitters, enjoying their best season ever, are boosting the National and American Leagues toward all-time home run peaks with the records for both circuits almost certain to be broken.

* * *

With three weeks of the season remaining, National League sluggers have walloped 1,141 four-baggers and American League hitters have produced 885. This puts both loops within range of the existing standards of 1,197 for the National, set in 1953, and 973 for the American, established in 1950.

The senior circuit actually is 60 homers ahead of its record pace. In a similar number of games in 1953, the National League had 1,081 home runs. The American League had 883 at this time in 1950.

* * *

Both leagues already have surpassed their home run totals of last year when the National accounted for 1,114 homers and the American for 823.

* * *

The Brooklyn Dodgers pace both circuits in homers this year with 187. They're followed by Cincinnati with 167, Milwaukee with 166 and the Chicago Cubs with 149.

The New York Yankees head the American League with 159. Then come Cleveland with 134, Boston with 126 and Detroit with 123.

The stepped-up run productivity also is reflected in the individual totals.

* * *

Mickey Mantle of the Yankees, American League leader with 37 homers, had 27 in as many games in 1954. Al Kaline of Detroit, who has hit 26, had only four at this time last season. Gus Zernial of Kansas City has walloped 24, 10 more than in '54. Ted Williams of the Boston Red Sox, with 27, is one ahead even though he's played in fewer games.

* * *

In the National League, Ernie Banks of the Cubs has shown the biggest increase. He's hit 40, or 21 more than he had in '54. Brooklyn's Duke Snider has 42 and he had 34 last year.

Ted Kluszewski of Cincinnati, the National's pace-setter with 44, had the same total a year ago.

Acid Test Ahead

Brennan Up Against Big Rebuilding Job at ND

By JERRY LISKA

SOUTH BEND, Ind. —Notre Dame's youthful Terry Brennan is strictly on his own as successor of Frank Leahy at Notre Dame, perennial football stronghold this season.

And it appears the 27-year-old Brennan will find the coming autumn an acid test of his skill as a coaching prodigy.

Terry's Leahy inheritance is mainly gone with the graduation of 18 letter men from Brennan's 1954 inaugural club which fashioned an admirable 9-1 record.

Almost the entire 1954 Irish line has departed and so has the shining jewel of Notre Dame's successes in recent years, All America quarterback Ralph Guglielmi.

There is an uneasy feeling here this could be a lean year even with 17 letter men back.

Brennan doesn't have the message of cheer for the countless genuine and curbstone Irish alumni.

"We need experience badly... we'll be outweighed most of the time...we'll have to try to get the most out of everybody...we don't really have a strong man in the line...our quarterbacking is a big question mark."

Those were the remarks tossed by Brennan to a group of sports writers who visited Notre Dame yesterday.

When somebody asked Brennan how deep his 1955 squad would be, Terry retorted: "We're scratching around trying t ofind a starting lineup, much less a 2nd o 3rd team."

If what meets the eye and ear at Notre Dame is true, all of the "luck of the Irish" will be needed for a winning season in a 10-game campaign against Southern Methodist, Indiana, Miami of Florida, Michigan State, Purdue, Navy, Penn, North Carolina, Iowa and Southern California.

8 Pacers Ready for Indiana Race

Fox Stake Headlines Fair Harness Card at Indianapolis

INDIANAPOLIS, Ind —Eight 2-year-old pacers were ready to go today for the top money in the $26,578.20 Fox Stake, headliner on the Grand Circuit harness racing program at the Indiana State Fair.

The rest of the card included the $3,690.30 Class Trot, the $4,000 Big Five Trot and the $4,050.30 Class Pace.

Saboteur won the $25,867.24 Horseman Stake for 2-year-old trotters in straight heats yesterday, but the chestnut colt, owned by Arden Homestead Stables of Goshen, N.Y., had to come from behind twice in the final quarter.

H. Pownall drove Saboteur to victory in 2:07 2-5 and 2:05 2-5. His times for the final quarter-mile were 29 3-5 and 30 seconds.

Plans for Bear Hunt Under Way at Rogers City

Presque Isle County Sportsmen's Club met recently at Rogers City for the purpose of planning the annual bear hunt scheduled for Saturday and Sunday, October 1-2. Areas were selected in the county where the potential kill seems the greatest.

Tentative plans call for a "welcome party" and "victory dinner" for the hunters Oct. 1. Registration has been limited to 100 in the interest of safety by the hunt committee.

Chairman Herman Vogler predicts the most successful hunt in years and reports that many bears have been spotted during the past several weeks. John Brege's bear hounds will lead the hunt both days.

Sal Scirpo Wins Motorcycle Race Held on Holiday

LANSING — Sal Scirpo of Middletown, Conn., won the national motorcycle reliability run over the Labor Day weekend, the official scores disclosed today.

Scirpo scored 958 points to replace Bill Penton of Lorain, Ohio, as the grand champion. Penton finished 5th.

* * *

A record 163 riders finished the run out of 388 who started out on the run to northern Michigan and return.

For the 1st time a woman rider, Doris Dolinger of Toledo, Ohio, finished. She had a minus six score, however.

* * *

Leroy Winter of Fort Smith, Ark., won the bantamweight title, while the middleweight championship went to Joe Ellison of Amherst, Ohio. John A. Penton of Lorain won the light heavyweight class, Don Find of Yonkers, N.Y., the heavyweight and Henry Miller and Niles McLoda of Amherst the sidecar title.

MSU, Indiana Clash Set for TV Screens

CHICAGO — The Michigan State-Indiana football game Sept. 24 will be televised regionally by the Columbia Broadcasting System (CBS). The game will be played at Bloomington, Ind.

It will be the 1st of five games to be televised regionally, Big Ten commissioner Tug Wilson announced yesterday. Starting time of the Michigan State-Indiana game has been changed to 3:30 p.m. (EST) in order to avoid conflicts with other programs.

Wilson said CBS will select the other four games after the season opens Sept. 24.

Eastern Skippers Top Early Star Class Tests

RYE, N. Y. — William Gentzlinger of the Huntington Bay (N.Y.) fleet won the opening race in the five-leg North America championship of the International star class Yacht Racing Assn. yesterday.

Eastern skippers claimed the first five places in the field of 54, largest ever in the association's annual regatta.

Moegle, Hardy Busting Into Exclusive 49ers Backfield

SAN FRANCISCO —A couple of college kids are making strong bids at breaking up the "Million Dollar Backfield" of the San Francisco 49ers.

* * *

The youngsters are Carroll Hardy, fresh out of Colorado, and Dicky Moegle, an All-America halfback at Rice Institute last fall.

National Football League fans, accustomed to the 49ers' "Fearsome Foursome" of Y. A. Tittle, John Henry Johnson, Hugh McElhenny and Joe Perry, are going to have to buy programs to identify the backfield this year.

Tittle and Perry will be on hand without much doubt. But McElhenny, plagued by injuries, and Johnson, may end up sharing the halfback slots with Hardy and Moegle, respectively.

* * *

McElhenny's latest injury, a foot ailment picked up several weeks back during an exhibition game, gave Hardy an early opportunity to show his stuff and he made the most of it. He's shown so much since being given a regular assignment that even though McElhenny has said he's ready to go now, Coach Norman (Red) Strader has indicated that Hardy will start in the final exhibition against Los Angeles Friday night.

* * *

"He's just an all-round terrific football player," says Strader. "There doesn't seem to be a thing he can't do and do well."

Keglers Plan Meeting

West Side Sunday Mixed Bowling League will meet Saturday, Sept. 10, at 6:30 p.m., at West Side Recreation. League will start bowling Sunday, Sept. 18, at 5:30 p.m. Openings are available for couples and teams. Interested keglers should call Mary Johnson at FEderal 2-1707 or Sam Perna at FEderal 4-0168 on or before Sept. 18.

Dixie Teams Scrambling for Top Sectional Honors

ATLANTA (INS) — Away down yonder in the land of cotton, there is no shortage of football material, with a mad scramble indicated for those pots of gold at the end of the gridiron rainbow.

* * *

Dixie, which bundles three or four teams off each December to bowl sites, seemed in no danger of losing its monopolistic hold on the big pay-off events. Financially, 1955 seemed an assured success.

The pathway, however, is strewn with obstacles to individual aspirants. There are a hurdles involving Rice, Baylor, sprinkling of top intersectional TCU, Ohio State, UCLA, Oklahoma and the like. Biggest problem for southern coaches, however, is the team next door.

* * *

In the Southeastern, Atlantic Coast and Southern conferences, the story was much the same. Teams in each league seemed in better balance than last year, when conference honors seemed for a time up for grabs to as much as three-time-losers.

* * *

An undefeated season for any team in the SEC or ACC was as likely as a New Year's Day bowl meeting with the University of Jupiter on the moon! There are, of course, indicated stronger and weaker clubs in each circuit. But like confederate dollars, the comparison of values must end within the region. Dixie's football fortunes will be deflated by home-folks to a far greater degree than by yankee or western invasion forces.

* * *

Georgia Tech—six bowl teams under coach Bobby Dodd in ten years — is again rated a top southern power. But Dodd himself expects to drop a couple of games, early.

The SEC is rated a battle-royal involving Tech; the defending champion Mississippi Rebels with plenty of depths except at guard and end spots; Georgia, Florida, Kentucky and Auburn, with Mississippi State and Alabama in darkhorse positions. Vanderbilt, Tennessee, Tulane and LSU are classified "rebuilding," with each capable of doing a castle-wrecking job on a given Saturday.

Tam Golfers Win Ed Atlas Trophy

Tam O'Shanter Country Club captured the Ed Atlas Trophy this year for the 3rd time in four years in its tri-club rivalry with Franklin Hills and Knollwood. Gene Bone, Tam's assistant pro, has announced. Tam has won the traveling trophy every season, since competition for the award was not held a year ago.

Winner is determined by total points after three matches among three 12-man golf teams with each club the site of one match.

Kiner to Quit Game This Fall

BALTIMORE — Ralph Kiner, Cleveland outfielder and one of the National League's all-time home run greats at Pittsburgh, said today he's quitting baseball at the end of this season.

* * *

The 32-year-old slugger said he was getting too old and indicated that was the chief reason for his decision.

* * *

He said he had discussed his plans with Hank Greenberg, the club's general manager.

* * *

He said he plans to go into business in California.

Grayling Paddlers Win 3rd Canoe Race

OSCODA — Two Grayling me were $1,000 and a trophy richer today when they paddled their way to their 3rd straight victory in the annual Grayling-to-Oscoda canoe race.

Bernie Fowler and Don Feldhauser won permanent possession of the cup after they had canoel the 240-mile Ausable river course in 17 hours, 44 minutes.

Andrews Is Winner

DETROIT — The veteran Al Andrews of Superior, Wis., pounded out a split decision over Jackie King of Massilon, Ohio, in a hard fought 10-round bout at Motor City Arena last night.

Andrews rocked King in the 4th round and had him staggering and hanging on in the 10th. Andrews weighed 162¼, King 161.

Kiwanians M59 Guests

Members of the Pontiac West Side Kiwanis Club will be guests of the Pontiac Speedway tonight for a racing show featuring modified hardtops and old model stock cars. Time trials start at 7 o'clock with the 1st race at 8:30 p.m.

Penn State's 1st Gridiron Sellout Prior to Game

UNIVERSITY PARK, Pa. — For the first time in the history of Penn State a football game is a complete sellout before the opening of the season.

It's the Penn State vs. Navy game here Oct. 15 which has sold 33,000 tickets. H. R. Gilbert, business manager of athletics, made the announcement yesterday. The game is the second home game on the schedule for the Nittany Lions.

Three Reliefers Have Top Roles in Pennant Race

Narleski, Ellis Kinder, Dixie Howell Important in Stretch Drive

NEW YORK —If relief pitching continues to play a prominent role in the tight American League pennant race, Ray Narleski, Ellis Kinder and Millard (Dixie) Howell will have a lot to say about the winning of the flag.

* * *

Hailed as one of the most outstanding bullpen aces in many a year, Narleski has nailed down 24 victories for the Cleveland Indians while grabbing eight triumphs without a defeat for himself. Along with Don Mossi, he's made up for the disappointing campaigns experienced by Mike Garcia and until recently, by Bob Lemon.

* * *

Kinder, still going strong at 41, has saved 21 games for the Boston Red Sox. He's won five games against a lone defeat and shows a neat 2.02 earned run average for his efforts.

* * *

A journeyman minor leaguer until he joined the White Sox in mid-June, Howell has been Manager Marty Marion's top clutch pitcher, saving 12 games while posting a 7-3 won-lost record and a 2.95 ERA.

* * *

The New York Yankees, who have had relief trouble since Jim Konstanty lost his touch and was sent to the International League, again will have Konstanty's services. He joins the Yankees from Richmond today. Earlier in the season, Konstanty protected 17 triumphs.

* * *

The Yankees, who have pitched starters Don Larsen, Whitey Ford and Tommy Byrne in relief in recent games, could well have used the services of Tom Gorman, the bespectacled righthander they sold to Kansas City last April. Gorman has saved 21 games for the A's, who have won only 56 all year.

* * *

Tom Morgan, who finished off 13 Yankee triumphs the first two months of the campaign, has been ineffective in his latest outings.

* * *

The bullpen has also figured prominently in the National League where Clem Labine and Ed Roebuck have combined to save 31 games for the pace-setting Brooklyn Dodgers.

* * *

Jackie Meyer of the Philadelphia Phillies, one of the leading candidates for senior circuit Rookie-of-the-Year honors, has been a tower of strength for his club, saving 19 games. And Buster Freeman of Cincinnati, an American League castoff, has nailed down 13 victories for the Redlegs.

TV Fans Will See Basilio, Turner

Rhubarb Arises at Forest Hills Tennis Tourney

Kurt Nielsen Complains of Afternoon Schedule, Can't Play Before 2

FOREST HILLS, N. Y. — What's a tennis tournament without a rhubarb?

* * *

Why, nothing, of course, so a neat little feud developed today between Kurt Nielsen, a mustachioed Dane who is ranked third on the foreign lists, and the officials running the National tennis championships.

* * *

Nielsen, you see, absolutely cannot play tennis before 2 p.m. And the old meanies who arranged that he finish his match with Hal Burrows of Charlottesville, Va., at noon yesterday, incurred his wrath.

* * *

As it turned out, Burrows won the match, 6-3, 3-6, 2-6, 6-4, 8-6 to gain the round of 16. This was the biggest upset of the tournament to date, but Nielsen, pouting at the referee and spectators alike, didn't put forth much effort.

* * *

"I asked them not to start the match the night before," he fumed "I couldn't even see the ball then (he ran up a 2-1 lead in sets).

* * *

"But when they refused to permit me to finish it at 2 o'clock I really thought I got a raw deal. I'm no good at all until afternoon. I arise early, but I simply can't play early. I eat only a light breakfast and don't begin functioning until later in the day."

* * *

Defending champion Vic Seixas of Philadelphia, Aussie whiz kid Ken Rosewall, and Davis Cupper Hamilton Richardson of Baton Rouge, La., all jumped into the quarter-final. Seixas gained his spot with a 7-5, 6-4, 6-2 victory over Australia's Neale Fraser; Rosewall moved along at the expense of Ed Moylan of Trenton, N. J., 6-2, 6-3, 6-3, and Richardson advanced by eliminating interservice champion Whitney Reed of Alameda, Calif., 6-3, 6-4, 3-6, 6-4.

* * *

Half the quarter-final bracket was filled in the women's division.

Golf Cavalcade Qualifiers Ready

72 Hole Scramble for $50,000 Prizes Opening Tomorrow

SCOTCH PLAINS, N.J. —The 162 qualifiers in the first $50,000 Cavalcade of Golf tournament warmed up with a pro-celebrity tournament today with the serious shooting in the four-day main event scheduled to start tomorrow.

Bob Crowley of Mountain Ridge, N.J., and Skee Riegel of Radnor, Pa., paced a field of 64 lesser lights who shot a qualifying round yesterday. They'll join the 98 exempt players in the 72-hole scramble tomorrow.

Crowley, former Boston College player and New England Intercollegiate champion, and Riegel National Amateur champion in 1947, turned in identical scores of 35-34—69. That's one under par for the Shackamaxon Country Club course. A stroke behind were Paul Harney of Worcester, Mass., and Doug Higgins of Midland, Tex.

Pontiac Women Winners in Silver Lake League

Three Pontiac women were winners Tuesday at the Women's Silver Lake Golf League held its final weekly matches of the regular season. Mrs. Philip Dorman was medal winner with a low net score of 33 and Mrs. Max Richardson took low putt honors with 15. Mrs. Myron O'Dell won the draw.

League officially ends Tuesday, Sept. 13, with annual "doe day" when all golfers compete in costume. Golf will be followed by picnic supper at the home of the league president, Mrs. Earl Weber, at Maceday Lake.

Opener in '55 Series Scheduled for AL City

NEW YORK —The 1955 World Series will open in an American League park — but exactly which one or when is anybody's guess.

Four clubs are in the hectic running for the American League pennant — Cleveland, New York, Chicago and Boston. If they settle the question by the end of the regular season, the series will open Sept. 28. But if a tie results, the necessary playoff will set back the series opener to Thursday, Sept. 29.

Those tentative plans were arranged yesterday when baseball Commissioner Ford Frick called together representatives of the AL's top four clubs and officials of the Brooklyn Dodgers, about-to-be champs of the National.

* * *

Also present, as a concession to formality, were representatives of the Detroit Tigers, fifth place club in the American League, and the Milwaukee Braves, the only club that could possibly beat the Dodgers.

In the event of a tie in the AL—and it could be a whopping four-team snarl—the playoff game, or games, will be played Monday, Sept. 26, and-or Tuesday, Sept. 27.

If rain should interrupt the playoffs, the series opener would be put back another day.

American League President Will Harridge already has scheduled a coin-tossing session at his Chicago office tomorrow to determine opponents and sites in the event of four, three or two-team ties when the season ends Sunday, Sept. 25.

It will be the eighth coin-flipping in AL history — although only one tie ever has resulted. That was in 1948 when Cleveland beat Boston in the extra game.

Games 1 and 2 of the series will be played in the American League park, 3, 4 and 5 are set for Ebbets Field, assuming the Brooks win in the NL, and 6 and 7, if necessary, will be held in the American League city.

If Brooklyn and Chicago hook up, there will be a day off for travel after the first two games. If the Dodgers combine with Cleveland, New York or Boston, the series will be played on consecutive days.

World Series ticket prices are the same as last year—box seats $10, reserved seats $7, grandstand standing room $4, bleachers $2. The prices include federal tax, but are subject to existing local levies.

Early Tilt Can Decide Top Grid Independent

The Associated Press

Miami's eager Hurricanes and traditionally dominant Notre Dame may determine the nation's best independent team early in the 1955 football season.

The two powers meet head-on in the Orange Bowl, Friday night Oct. 7, with the winner a strong bet to capture unofficial honors as king of the gridiron's unaffiliated class.

* * *

The biggest challenge to the supremacy of the Hurricanes and the Fighting Irish may be offered by the winner of the classic windup between this year's "if" teams—Army and Navy.

* * *

Boston College, Penn State, Boston University, Pittsburgh and Cincinnati should finish in the next echelon.

Miami draws heavy pre-season support due to its outstanding talent, solid depth and a schedule advantage over Notre Dame which has another suicide slate.

* * *

The Irish will be tough but are due for a lower-than-usual start because of the need to rebuild their line and find a quarterback to replace All-America Ralph Guglielmi.

Navy's Sugar Bowl champions offer a great line led by All-America end Ron Beagle and gambling George Welsh, who should reach his peak at quarter, but must find running backs.

At West Point, everything hinges on Coach Earl Blaik's "noble experiment" of switching Don Holleder—for two season a fine end—to quarterback where Pete Vann's departure left a huge gap.

After missing an unbeaten season by a single point in '54 (a 14-13 loss to Auburn), Miami's Hurrin' Hurricanes are all-outs for greatness this season.

* * *

This is the year for which Miami has been building since its dramatic emergence from obscurity Jan. 1, 1946. That was the day reserve Al Hudson sprinted 89 yards with an intercepted pass as time ran out for a 13-6 victory over Holy Cross in the Orange Bowl game.

* * *

Now Notre Dame is on the schedule and everyone at Miami knows a victory over the Irish means the height of achievement and national recognition. For Miami, Oct. 7 is their football date with destiny.

But for Terry Brennan, in his second year at the Notre Dame helm, Miami is only one of many "big ones" waiting in ambush.

Notre Dame has only three starters left from the '54 edition which lost only one game in 10—fullback Don Schaefer, halfback Jim More and guard Ray Lemek. Lemek is being tried at tackle in fall practice.

* * *

Paul Hornung, a reserve fullback, should develop into a great quarterback with experience but cannot be expected to begin the season on a par with Guglielmi.

That's the Notre Dame story: Endless talent but need for more experience with a schedule which opens with Southern Methodist and includes Miami, Navy and Southern California.

If Navy can come up with runners to match the missing John Weaver, Bob Craig, Bill Hepworth, Jack Garrow and Joe Gattuso, the Middies might improve on last year's 7-2 record.

Holleder is not the only change at West Point. All-America Ralph Chesnauskas and Flay Goodwin move from guard to tackle and Dick Stephenson shifts from tackle to center.

* * *

The running backs are exceptional with Pat Uebel at fullback and Bob Kyasky and Mike Ziegler at the halves. However, Kyasky, reasons. If Kyasky and Ziegler are healthy and available when the season starts and Holleder clicks, Army will roll. An Oct. 8 date with vastly-improved Michigan should give the answer.

Elsewhere a lack of depth is the major problem.

Industrial Trap Shoot Draws GMC Gunners

Six employes of Pontiac GMC will compete in the National Industrial Trap Shooting Tournament this Sunday at Middleton, Ohio. Representing Pontiac Motors will be Dave Bryner, Don Gegenheimer, Don Hazelett, Milton Ott, Bill Mayne and Walt Asher. The six shooters qualified for the national tourney in the state industrial event at the GMC athletic field.

The $10,000 bill is the largest in American currency.

Derby Favorite Undetermined

Swoon's Son, Needles, Bold Bazooka Factors in Final Selection

NEW YORK (AP)—With no Native Dancer or Nashua on the scene today, it looks as if the 2-year-old championship and winter book favorite for the 1956 Kentucky Derby won't be settled for many long weeks.

Swoon's Son from deep in the Kentucky blue grass has accumulated the healthiest bankroll as a result of victories in the Arlington and Washington Park Futurities. But this speedy son of The Doge still has to outfoot the Florida-bred Needles, and the California-bred Bold Bazooka to gain a clear claim to the 1955 juvenile title.

All of the brilliant Kentucky colt's triumphs have been in the middle west at six furlongs or less and he'll have to prove himself over the longer distances against the cream of other sections to establish ranking as a hot derby prospect.

To date, however, Swoon's Son has been terrific, winning five big stakes and $221,120 in purses for his owner, E. Guy Drake of Lexington, Ky. His latest was a smoot striding, easy victory in last Saturday's $147,845 Washington Park Futurity at Chicago.

Apparently the best from the other sections right now are Needles, the East's undisputed leader after victory in the rich Hopeful Stakes at Saratoga, and comedian Lou Costello's Bold Bazooka, winner of Hollywood Park's Starlet Stakes.

The $100,000-plus Belmont Futurity Oct. 8 usually produces the 2-year-old champion, but none of the top three are eligible for that classic. There is a chance the title must await the running of the Garden State Stakes at Camden, N.J., Oct. 29.

This race provides for supplementary entries, and Costello for Bold Bazooka and the D&H Stable for Needles already have said they would shell out the $10,000 fee for late eligibility.

ARMY WHEELS — Coach Earl Blaik and team captain Pat Uebel of Bellevue, Ky., watch this year's Army grid squad during workout here yesterday. Uebel, 20 years old, is an even six feet tall and packs 197 pounds. Last year he was one of Army's top ground gaining backs.

Sam Snead's Golf School

Our player today is not exactly displaying classic form. He seems to have swayed his head and body out of position on his backswing. He hasn't rotated his hips or pivoted his left knee enough. As a result he appears out of balance at the top of his backswing.

In addition, as you can see, his club has dipped below the horizontal (or line parallel with the ground). First of all, such an exaggerated backswing is always dangerous for any but a skilled player with really powerful wrists, because it's so difficult to correctly retime the clubhead and get it back to the ball in coordination with the hands and other parts of the body.

But more serious, almost the only way that this man could get the clubhead as low as he has it here (with his hands in the position they're in) is by loosening his grip at the top—and that's fatal!

You must keep a firm, but not tense, grip with your left hand throughout the swing and particularly at this point where there is so much inclination to relax it.

Furthermore, it is best for the player to try to keep his backswing shorter for control. This means bringing the club back no

further than parallel with the ground on wood shots, and not even that far on irons.

One City Father Stays

GRAND RAPIDS (AP) — The city will be missing 13 of its top officials, including six of the seven-member City Commission, from today until Saturday night when they join hundreds of Michigan civic leaders in a three-day session of the Michigan Municipal League at Mackinac Island.

In the past year Virginia Tech was unbeaten in nine football games and in eight wrestling matches.

Bud Wilkinson's Sooners Picked for 8th Top Year

KANSAS CITY (AP)—Coach Bud Wilkinson's amazing football factory down at Norman is considered almost a cinch to turn out its eighth straight championship model.

You can't get an argument in the sprawling midlands that Oklahoma won't again nab the Big Seven banner and represent the conference in the Orange Bowl next Jan. 1.

The Oklahoma front office mentions prominently the loss of two All America, center Kurt Burris and end Max Boydston, and numerous other stars of 1954 by graduation. But the fact remains the Sooners annually lose great football players and Wilkinson turns to the production line belt to come up with sufficient talent to make a successful battle for both regional and national honors.

Wilkinson says he can't possibly field as strong a first team as last season when the Sooners won all 10 of their games and rated third in The Associated Press poll. He admits, though, that the squad could be a little deeper.

Detroit Lions will play 18 football games this season. Six are exhibition games to be played in six different states.

Harry Simpson's Hot Bat Could Have Helped Tribe

NEW YORK (AP) — Lanky Harry Simpson, the American League's present runner-up for batting honors, might have been contributing to Cleveland's hope for a second straight pennant today had the Indians not "kept telling me to pull the ball."

* * *

Simpson is hitting at a .317 clip for the sixth place Kansas City Athletics after three mediocre seasons with the Indians.

* * *

He went to Cleveland in 1951 after hitting .329 with San Diego in the Pacific Coast League.

Simpson says, "They expected me to hit a lot of home runs. They forgot that those fences are a lot closer out there on the Coast and that my power is to left and right center."

The best Simpson could do with the Indians was .266 in 1952.

"At Cleveland they kept telling me to pull the ball," he said and added, "I'm not a pull hitter. I have trouble with the inside pitch."

Simpson's rise to a .300 hitter has been one of the reasons behind the Athletics' much improved performance over last year.

In taking over the runner-up spot in AL hitting, behind Detroit's Al Kaline, Simpson edged ahead of teammate Vic Power who dropped from .320 to .313.

"Eyes are the mirrors of the soul," said light heavy-weight Champion Archie Moore when asked why he continually stared at Bobo Olson before their recent fight.

Shivas, Reed, Kennedy 'Derby' Winners

Just in the nick of time!

That was the case with one fortunate Oakland County angler as the annual Pontiac Press "Big Fish Derby" officially ended at noon Tuesday for 1955.

Bill Kennedy, who lives at 3815 Mapleleaf Dr., on the Elizabeth Lake Estates, reported at the Pontiac Press sports Department at 11:30 a.m. yesterday with a prize-winning pike.

Kennedy's catch, scaling seven pounds nine ounces, surpassed the six pound two ounce pike entered by Ronald R. Bird of Clarkston. The husky fish enabled the Pontiac fisherman to join anglers in bass and bluegill divisions as recipients of $50 U.S. Savings Bonds.

Kennedy caught his entry Labor Day morning in a West Bloomfield Township lake. Kennedy was trolling when he landed the pike and it required a 15 minute fight to haul in the specimen, which measured 30 inches long. Kennedy was fishing in 45 feet of water and employed a night crawler harness.

Completing the trio of "derby" winners are Jim Shivas of Walled Lake in the bass division and Ray Reed of Pontiac in the bluegill class. Shivas took the lead June 24 and held his advantage right down to the wire despite several threats. Reed's bluegill was unchallenged.

Bird's pike, caught in Green Lake, took the lead July 16 and held it until the deadline when Kennedy snatched the government bond from the Clarkston angler's grasp. Reed's prize winning bluegill, weighing 17 ounces, was caught June 23 in Little Silver Lake.

First leader in bass was Keith Parker of Royal Oak, who landed a five pound four ounce specimen in Watkins Lake on June 18, the "derby's" opening day. Parker was relieved of the lead on June 22 by 15-year-old Charles Knechtel of Pontiac, who landed a five pound nine ounce bass in a private lake near his home. Shivas' five pound 12 ounce bass, hooked in Reed Lake, captured the lead for good two days later.

This year's winners were all lighter than the 1954 victors. Last year's winning bass, caught by Bruce Reynolds of Milford, scaled six pounds eight ounces to exceed Shivas' fish by a dozen ounces.

Dick Roach from Walled Lake won the bluegill contest a year ago with a one pound 10 ounce catch to beat Reed by nine ounces.

Bond winner in the pike group last year was James Sherrod of Oxford, whose 10 pound 13 ounce fish bested Kennedy's winning entry by three pounds four ounces.

Barney Dreyfus was president of the Pirates from 1900 to 1931.

In states where race track betting is legal, almost $100 million was realized in 1954 in state tax revenues.

Good Outlook for Duck Crop

By JACK PATTERSON

Fishing horizons have been thoroughly explored recently by this paper so we're going to lay rod and reel aside for a bit and jump into some considerations of shotgunning in the uplands, lowlands and in-betweenlands. Might not be too untimely, either, with legal powder-burning but a skinny three weeks away.

PATTERSON

First of all, some thoughts on purely local shooting prospects:

Based on figures supplied by local conservation officers, who make periodic counts of game bird populations, the outlook at present adds up to this: Ducks, despite a summer-long drouth have had a successful local breeding season. So, shooters should have at least as many early season targets as they had last year.

Chief exception is in the ranks of the wood duck, which have thinned somewhat hereabouts. If hunters stick to the one woodie limit these birds shouldn't suffer too much during the season.

There are indications that pheasants haven't fared so well locally. Estimates based on crowing cocks in the spring, while not 100 per cent reliable, indicate a downward trend. Reasons for a decline, if one exists, are not known, at the moment. In the primary pheasant areas, such as the Thumb, the outlook is bright.

* * *

Woodcock seem to be in rather plentiful supply. One area which ranks among the state's most productive, lies within the Highland Recreation Area. Any further geographical pinpointing will require footwork by interested parties.

* * *

Statewide prospects for woodcock look very good. This ties in with a rather odd relationship between woodcock and ruffed grouse, often reported by New England observers. In periods when grouse are at low ebb, woodcock seem unusually plentiful.

We hope that a report of many woodcock doesn't mean that grouse are still near the bottom of the cycle, but there is some evidence that such is the case.

We base the evidence on a purely informal survey that shows that while many areas report more grouse than last year, many more areas report about the same number, or fewer.

* * *

What this means to the hunter is that he can expect to find good grouse shooting this year. But some favorite covers may be very disappointing. He is also likely to find birds in formerly "blank" areas. Shooting should tend to improve as the season wears on.

Canadian breeding areas have been kind to Mississippi flyway ducks this season and the wildfowler can safely look forward to some lively action in the big marshes. And maybe a better than average chance to clobber him some geese, too.

Some really horrid weather along toward season's end will help the small water shooter, too. A surprising number and variety of waterfowl stick around and use the pot holes and small lakes long into December, after the big waters are largely deserted by most everything except whistlers and mergansers.

Solunar Tables

Schedule of solunar periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Fishermen should plan their days so that they will be fishing in good territory during these times, to find the best sport that each day has to offer.

Major periods begin at the times shown and last for an hour and a half or two hours thereafter. Minor periods are of somewhat shorter duration.

MONTREAL (AP) — The Montreal Royals edged the Toronto Maple Leafs in the International League pennant race, but the Leafs gained the honors when the league's All-Star selections were announced yesterday.

Toronto placed four players on the team and the Royals three. The Cuban Sugar Kings, Rochester Red Wings, Columbus Jets and Buffalo Bisons each placed one man on the 11-man team, which includes two pitchers and a manager.

First pennant winner in organized baseball this year was the Monroe, La., club in the Class C Cotton States League. The Yankee farm team won the first half of the split season schedule.

Dixie Club Sets Date for Show

Annual Exhibition to Take Place Sunday at Glen Ellis Farm

Seventh annual horse show under auspices of the Dixie Saddle Club takes place Sunday at the Glen Ellis farm, 9331 Dixie Highway. The event, a colorful and interesting demonstration of horsemanship, begins at 10 a.m. and the public is invited.

This Clarkston organization is rated as the largest saddle club in Michigan. The Sunday show is expected to attract entries from all over the state as well as from Ohio and Indiana.

Afternoon classes will include westerns, special events and classes for gaited horses. Opening program will consist of pony events, classes for colts and a junior horsemanship event.

Ring at the Ellis farm is the permanent site for the club's shows.

Tuna Tourney On; Fish Aren't Biting

WEDGEPORT, Nova Scotia (AP) — The 12th International Tuna tournament opened today amid reports that the bluefins weren't biting.

Six teams again will challenge Mexico, the 1953 and 1954 champion, in the three-day competition. The others are the United States, Argentina, Chile, The British Commonwealth, Cuba and Venezuela.

GMC's new Hydra-Matic V8 runabout

Your key to Blue Chip value

New school of thought about trucks

THIS smart Blue Chip GMC runabout is as handy at exploding traditions as it is for delivering the youngsters to classrooms.

It denies that a truck must be just a hard-fisted work vehicle—and proves the point with its obvious fitness for family use and playtime fun.

Mighty V8 power gives it spirited agility as well as brawn; Hydra-Matic Drive* gives it easy flexibility as well as remarkable economy. And the sweeping visibility through that panoramic windshield makes it safer, too.

Best of all, perhaps, is that this Blue Chip GMC quickly writes off its slightly higher cost with its greater efficiency and rugged stamina that insure longer life. And it commands a higher trade-in with its outstanding modernity.

There you have it. A Blue Chip GMC will bring distinction to your business, and serve your family too. Come in and see us about one.

COVERED Automatically

The new Michigan Financial Responsibility Law, effective this October, raises the requirement for insurance responsibility proof to $10,000 to $20,000 liability.

Every unique Gold Seal policy issued by this Exchange, even though for only 5/10 limits, provides this protection as required by the new Michigan statute.

It agrees to qualify the insured, or any other person entitled thereto, at any time he is called upon to establish financial responsibility to the amount required by the law of any State. Ordinary policies only cover up to the amount stated in policy.

Here again is an example of how insured Club members get *MORE* insurance, even though they do not ask for it.

Bengals Hold Spoiler Role in Boston

Red Sox Rate Tigers Highly, as Title Help

Out of Race, Detroit Can Make, or Break Boston Hopes

BOSTON (AP) — Although far out of contention themselves, the Detroit Tigers came here today as very important people.

The Tigers, 10 games out of the 1st division and therefore with nothing much to worry over, are going to play a role in the making or breaking of the Boston Red Sox' title hopes.

A two-game series is on tap. It might be very meaningful.

If all other things were exactly equal, Boston could be regarded as favorite for the American League championship despite the fact the Red Sox are three games from the lead.

This is on the basis of the schedule. None of the leaders has as many home games left as Boston. Of their 19 games to go, the Red Sox have 16 at home.

In contrast, the Yankees play 11 at home and seven away, the Indians three at home and 14 away, and the White Sox five at home and 13 away.

Tigers have won only two of nine games in Boston this season.

For today's opener Tigers planned to pitch either Duke Maas, recalled from Buffalo, or Paul Foytack. The Red Sox counted on Frank Sullivan (16-12).

Maas, who was 5-6 when the Tigers shipped him out for more minor league work, will be sticking around with the club for the rest of the season. Foytack is 0-1.

Along with Mass, the promising righthander from Utica, Mich., are several others whom the Tigers have brought up for work in the final games.

Probably few, if any will see much duty, however, until Detroit starts playing the non-contenders.

Miss Jones, 47, of Washington, joined the Army in 1943 and developed cataracts in both eyes while serving in Egypt. Her arrival brought mixed reactions from the 1800 male ex-soldiers living at the 104-year-old home.

Broderick Crawford in Separation Suit

SANTA MONICA, Calif. (AP) — Actor Broderick Crawford's wife has sued him for separate maintenance, charging that his conduct in recent years has made their domestic life incompatible. They were married 15 years ago.

* * *

Crawford, 49, won an Academy Award in 1949 for his lead role in "All the King's Men."

Mrs. Crawford, 38, once a singer on the New York stage, obtained a restraining order yesterday preventing her husband from disposing of community assets or taking their children, Kim, 8, and Kelly, 4, out of California. The actor was ordered to appear Sept. 16 to show cause why he should not pay her $2,000 monthly pending trial.

Learning Lessons Quickly

Wolverine Left Half Jim Pace Shows One Sophomore Can Carry Leather

ANN ARBOR (AP)—For Jim Pace, a 19-year-old Negro football player from Arkansas, this is "a dream come true."

As a third string left halfback on Michigan's Wolverines, Pace has a lot to learn. As a sophomore, he's got three years to learn it.

But, as he showed in yesterday's scrimmage, he can go a long way in a very short time.

Twice Pace wormed and squirmed his way down the field for 60 yards and 70 yards, displaying a change of speed and a shifty kind of running that left disappointed reserve squad tacklers strewn on the field behind him.

Once he cut across the field to pick up a crew of blockers.

Then, with them in front of him, he dodged and churned the rest of the way. His main trouble is slowing down enough for the blocks to take effect.

On each of his two trips skirting the ends, Pace, a streamlined five-foot, 11-inch, 180-pounder, went into the end zone.

Both times, Pace ran from a single wing. He admits that he hasn't much experience in it, saying:

"I ran from left halfback in high school, mostly from the T-formation. We didn't use the single wing very much."

Pace also has shortcomings in experience and has not proved to be more than a so-so passer.

"I didn't do much passing in high school either," he said, "until my last year."

Pace, an all-stater from Little Rock, said he played on the No. 2 team in the state that finished with an 8-3 record his last year.

Coach Bennie Oosterbaan admits that Pace needs both more experience and defensive work. But a year's experience can make plenty of difference.

Two of last year's sophomores combined for a pair of touchdowns in scrimmage yesterday. Quarterback Jim Maddock passed twice to Terry Barr for tallies against the reserves on plays of 40 yards and 45 yards.

Two other sophomores from last year, Tom Maentz and All-America prospect Ron Kramer, both gathered in long distance aerials for other tallies.

Few Affectionate Blushers, Notes British Authority

BRISTOL, England, Sept. 6 (AP)—People who blush too easily are "rather fickle in their affection and don't find it easy to feel affectionate toward others," a British psychologist said today.

* * *

Dr. Joseph Sandler of London's Tavistock Clinic also told the British Assn. for the Advancement of Science that generally blushers don't like jazz music because they think "it is an invitation to be uninhibited."

Blushers, he said, "not only fear being seen but feel guilty if they see things they are not supposed to see."

* * *

But the normal blush fulfills an important function in the propagation of the human species—"a sign of interest and reception and a readiness to be courted."

* * *

Sandler said "the personalities of male and female blushers were found to be very similar, though the male blushers are far more severely disturbed than the women.

"The blusher may not really believe he is inferior but he is afraid of being thought inferior. He worries about what other people think of him," he added.

"Blushers are uncomfortable when eating or drinking in front of others, embarrassed about giving tips to waiters and hairdressers, and when they come to a meeting they would rather stand at the back than take a front seat."

'Landslide Victory' Seen by GOP Chief

WASHINGTON (AP) — National Chairman Leonard W. Hall predicted today a "landslide victory" for the Republicans in 1956. But Senate and House campaign committee heads said it will not be easy for the GOP to win control of Congress.

Hall said in a talk prepared for the opening session of a campaign school for Republican state chairmen that if the GOP can get its machinery operating effectively at the precinct level "we can look forward to a victory of landslide proportions in 1956, not only for the presidency but in recapturing control of both houses."

Sunday Hunting?

Writer Isn't Hopeful for One 'Covering' Law

By MORT NEFF

In the first of a series of meetings between sportsmen and Michigan farmers preceding the 1955 gunning season considerable complaining was heard from both factions relative to that highly controversial subject, Sunday hunting.

NEFF

One might expect to hear this talk from hunters whose week end planning during the season must be fashioned around widespread differences in county hunting regulations.

But loud wails came from the farmer contingent, too! The hard working members of the "backbone-of-our-nation" clan asserted that they, too, were mighty fond of hunting, but that farm chores kept them busy from dawn 'til dark most days except Sunday.

Came a day off and the law says "No Hunting," even on their own were forced to hie themselves many miles away, into the next county, to enjoy a sport which they might have found right in their own back yard!

Even worse, said these farmers who happened to live in counties open to Sunday hunting, the non-uniform low results in surges of hunters from the closed sections, overcrowding available hunting lands, and overshooting the game populations. These farmers were not urging universal Sunday hunting, nor were they suggesting a general ban on gunning on the Sabbath. They are pleading for One law covering all counties, assuring an even spread of hunters, and equal shooting rights for all.

This may be a difficult concept to write into our regulations. Strong lobbies pro and con are active in many counties. If the state ever adopts a single law covering Sunday hunting this writer believes it will BAN all hunting, simply because the minority group in favor is so strongly entrenched. While organized sportsmen battle in favor of Sunday hunting, they represent only one out of every six hunters.

Newsmen to Inspect Atomic Testing Base

BRAWLE, Calif. (AP)—The Atomic Energy Commission has permitted an inspection by newsmen of its once-secret testing base on the shore of the Salton Sea.

* * *

The 3½-million-dollar base, located 37 miles northwest of here, tests the falling characteristics of various types of atomic bombs.

No live nuclear weapons are used.

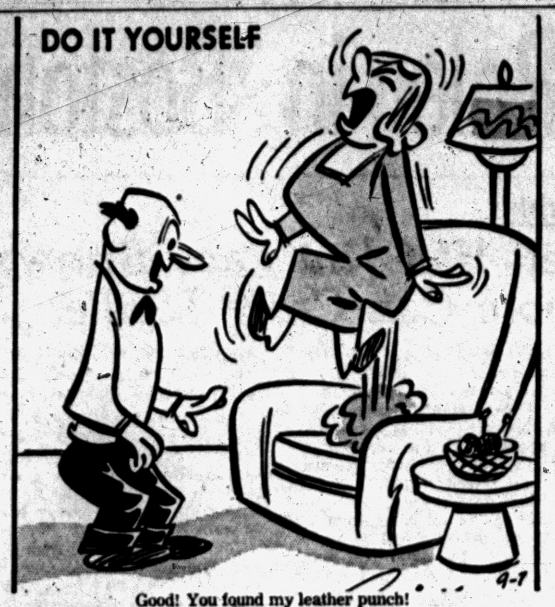

Planes from Kirtland Air Force Base at Albuquerque, N.M., drop dummy bombs on the target area, which is in the water.

* * *

Some of the drops are made from altitudes as high as seven miles and ground instruments determine the fall, trajectory and impact of the bomb.

The base comprises 81 square miles, two thirds of which is water. About 100 persons are employed there.

Grains Stagger After Advance

CHICAGO (AP) — Most grains turned a little lower on the Board of Trade today, showing an inability to continue with the previous session's smart upturn.

The advance running to around three cents in wheat yesterday brought a little profit-taking into that grain. Selling was not heavy, however, and dealings were rather slow.

Wheat near the end of the first hour was unchanged to ⅜ lower, September $1.95¼; corn ⅛ to ⅜ lower, September $1.28⅛; oats ⅛ to ⅜ higher, September 57; rye unchanged to ¼ higher, September 95; soybeans ¾ to 1¾ lower, September $2.20, and lard 5 cents lower to 5 cents a hundred pounds higher, September $10.65.

Car Dealers Buy Into Boom as Reports Show Surge

DETROIT (AP) — The trade paper Automotive News said today:

"Dealers across the country are buying a late summer boom in new car sales according to field reports.

* * *

"On the basis of national spot checks of the market, a noticeable surge in new car sales developed in the last half of August. In a parallel development, a sharp reduction in profits has been noted.

"Apparently, dealers are moving their tremendous overhang of new cars at the expense of further pruning of the already narrow profit margin."

Some dealers who had figured their net on each new car had reached an irreducible minimum, have found that blazing competition has forced them to find new ways to slash delivered prices if they want to keep their cleanup rolling.

TO THE BONE

"Nearly every dealer contacted by Automotive News agreed the cost of selling cars right now is slicing profit to the bone — or beyond. 'It's a giveaway madhouse,' said an eastern dealer.

"One dealer said publicly last week: 'Fortunately I made enough on my increased volume in the first half to take care of my full year's overhead. I won't do any better than break even on most of the '55s I sell from here on out, and I'll probably take a beating on some, but at least I'll get out without getting hurt.'

"On the basis of preliminary reports, new car sales for August passed the estimated July total of 649,118 sales. This makes August the sixth month in a row that new car sales have topped 600,000. Never before in the history of the industry has new car retailing set such a blistering pace."

* * *

"Dealers report they have resorted to drastic sales methods for another reason: Sales pressure from the factory continues unabated into the cleanup season."

The paper quoted an unnamed southern dealer as saying: "New car dealers are cutting new car prices so much that the used car operator can't compete."

It continued: "One western dealer said the situation which finds dealers 'buying' sales would be particularly hard on dealers who haven't gone in for the volume operation.

" 'Small dealers are loaded,' he said, 'and will have to take a spanking'."

See Quiet Colors for '56 Model Cars

Things are going to be slightly duller for the car buyer in the next model year — color-wise anyway. That's the prediction of Ward's Automotive Reports, industry journal.

The dazzling and sometimes dizzying era of reds, yellows, whites and purples has reached its peak in 1955 and the 1956 autos will feature less glaring colors and combinations, says Ward's.

"This doesn't mean colors will be fewer," the paper states. "On the contrary, more hues and shades will be available, but there'll be a greater selection of pastels and more refined combinations, a trend away from the current large variety of 'pure pigment' eye poppers."

Business Briefs

BROOKLYN, N. Y. (AP)—Permatex Co., Inc. announced today that it will double production of its new automotive transmission fluid to meet increased demand. The fluid, formerly produced only in the company's Kansas City, Kan., plant, also will be manufactured in the Brooklyn plant.

NEW YORK (AP)—U.S. Industries, Inc. has completed negotiations to acquire Garrett Oil Tools, Inc. of Longview, Texas, whose sales this year are estimated at more than three million dollars. U.S. Industries said the move will solidify its position in the oil well equipment industry.

NEW YORK (AP) — Shareholders of Natural Resources Fund, Inc. and Natural Resources of Canada Fund, Inc. have approved proposals to combine assets of both Funds, totaling $5,147,000, under the name of International Resources Fund, Inc. A broadened investment policy will place emphasis on international investments in the natural resources field.

NEW YORK (AP) — General Electric Co. announced it will increase prices of fractional horsepower electric motor by about five per cent, effective Oct. 3.

NEW YORK (AP) — Sabena Belgian World Airlines has bought 12 twin-engine Convair Metropolitan planes and three additional Douglas DC-7C's at a cost of more than 17 million dollars.

Police Seek Escapee for Double Murder

STOCKBRIDGE (INS) — Fingerprints at the scene of a double murder today drew the circumstantial evidence net tighter against Nealy J. Buchanan, an escapee from Jackson prison.

Nealy's fingerprints were found in the car of Howard Herrick, 63-year-old chicken farmer, who was killed Saturday along with his wife, Myra, 62.

A police alarm covering Michigan and the midwest is out for Buchanan, who escaped Friday while serving a one to 15 year term for burglary.

His trail has been followed from the murder scene to the Lansing bus station.

LAND CONTRACT INVESTMENT OPPORTUNITY

6% land contracts on Flint Area Property. During the next six months, I will have available to investors over $400,000 worth of 6% land contracts on new, modern homes. The balance due on each contract is $6,100 payable at $61.00 per month. These homes have a bank mortgage appraisal value, established by a licensed appraiser, of $5,250.00. The cost of the contract to you is $4,880.00, $1,220.00 (bonus to you) less than the contract balance, and $370.00 less than the appraised valuation.

When this contract is paid in full it will have earned $2,379.00 in interest. This amount, together with your bonus (or discount) of $1,220.00, means that your original investment of $4,880.00 earned a total of $3,599.00 — a nearly unbelievable increase in capital of about 74%—an overall return of $8,479.00. Where can this be equaled?

Any person or company buying one of these contracts will be furnished the following items:

1. A credit report from the Retailers' Credit Bureau on the person buying the home.
2. An up-to-date abstract of title showing clear title and tax history.
3. A warranty deed and assignment of contract.

We recommend that you have your attorney examine all papers.

If you have never purchased LAND CONTRACTS FOR INVESTMENTS before, we will gladly have an agent call to answer your questions and explain the value and simplicity in obtaining one or more of these sound contracts, at no obligation to you. Make an investigation; there will be no high pressure sales talk; only an explanation of the facts.

If you have bought contracts before you will recognize the fairness of the offer made here and will no doubt agree that as this County, and especially the Flint area, continues to develop, land has become about the most sound investment. Partial proof of this statement is the millions of dollars worth of land contracts purchsed in Flint each year by people from all walks of life. However the building in Flint has now become so tremendous that it is going to become necessary to obtain outside investment money. Therefore WE are now offering the people of Pontiac the above opportunity.

$500,000 worth of these contracts sold by myself in Flint each year for the past several years.

WE BACK THESE CONTRACTS WITH OUR EXPERIENCE AND INTEGRITY

MR. AND MRS. GALE NELSON

Madeline Hawkins Weds

ROCHESTER—In a candlelight ceremony performed in St. Paul Methodist Church, Gale Albert Nelson claimed Madeline Marie Hawkins as his bride.

* * *

Mr. and Mrs. William Hawkins are parents of the bride, and he is the son of Mr. and Mrs. Raleigh Nelson, both of Rochester.

For her wedding, the bride selected a floor length gown of French and Chantilly lace over satin. A crown of seed pearls and sequins held her veil of silk illusion, and she carried a bouquet of white carnations, lilies of the valley and ivy, centered with a white orchid.

Joyce Krebiehl, the bride's sister, was matron of honor. Bridesmaids were Doris Hawkins and Eileen Nelson.

Norman Nelson attended his brother as best man and ushers were Glen Nelson, the bridegroom's twin brother, and Cecil Hawkins.

A reception in Avondale Community Hall followed the ceremony. Upon their return from a northern Michigan wedding trip, the newlyweds will make their home in Rochester.

New Mail Plan in Walled Lake

Postal Service Changes Affecting Rural Routes Begins Sept. 16

WALLED LAKE—Patrons of the Walled Lake post office will have a new type of service beginning Sept. 16. The changes will mostly affect customers on the rural routes which from that date will become mounted carrier routes.

Mail will continue to placed in boxes which can be serviced by car, but will be delivered according to street names and numbers which must be placed on the boxes.

Under the new system carriers will work only five days a week, eight hours per day.

Patrons are advised to inform their correspondents and publishers of periodicals of the change and supply street numbers if they expect service to continue.

Postmaster Henry Gready said that the changes were necessary to provide a more flexible system in a rapidly expanding area.

* * *

Under the new system where there are no routes designated, only street numbers and city, the postmaster can make the necessary shifts locally, and thus balance the carriers' loads.

The other change is the inauguration of a short foot route in the city of Walled Lake. These have previously received their mail at the post office, many of them using General Delivery facilities.

Gready pointed out that General Delivery should be reserved for transients and advises patrons to install approved boxes and to be sure that the house number is placed on the front of the house where it is visible from the street. These arrangements or those for renting a lock box in the post office must be completed in 30 days.

The foot route will extend from the post office to West Walled Lake road, to Ladd road, to Pontiac Trail, Halifax, Rosebud, Pontiac Trail, east to Witherall, to Market, to Ferland, to Northport, to Pontiac Trail, northeast to Watkins Flower shop, and return to the postoffice. As sidewalks are installed in the city the foot route will be extended according to Gready. The lack of these has kept city residents from having this service for some time he said.

Comic's Show Begins Sept. 20

Funnyman Remembers His Youthful Struggles in the Theater

By JOAN HANAUER

NEW YORK (INS)—Phil Silvers, star of stage and screen, thinks television will finally convince his mother he's working.

"She keeps trying to slip me money," said Silvers, who will star in a situation comedy called "You'll Never Get Rich" on CBS-TV starting Sept. 20 (7:30 p.m. EST).

"We've always kept things from her and she thinks we still are. She keeps telling me she knows I'm having a hard time."

It's been a long time since Silvers has had a hard time, but he can still remember those days.

"But then," he says, "everybody in this business had a hard time in the beginning."

* * *

The comedian's start in show business came when he was singing on the beach in Coney Island with a bunch of "the boys." Gus Edwards, who discovered young talent as often as Yankee baseball scouts find promising rookies, heard him and gave Silvers his card.

OTHERS NORMAL

"The other boys were all normal young fellas," Silvers explained, "but I knew who Edwards was. I'd been scrounging around to get the 50 cents for vaudeville shows for years."

Edwards hired the young alto, who was chubby, short and dimpled at the time.

* * *

"I started in show business in reverse," the still-dimpled Silvers explained. "I broke in at the Palace and then switched to burlesque. That was when my voice changed. I was just about grown and still playing kids.

"When I switched to long pants I found I could be funny in a social group, but I was stiff in front of an audience."

Burlesque cured him of that.

"Burlesque is a vicious thing for comedians," the Brooklyn-born funny man said. "The audience would rather see the girls. I created a style of comedy. I didn't wear any of the false noses and things most comics wore to identify themselves.

* * *

"My only affectation was horn-rimmed glasses. I didn't need them then. Today I do, but the ones you see me wear on stage don't have lenses.

"It's a funny thing, but off-stage I'm very near-sighted. When I'm working I can see you move 6 feet behind me. Perfect vision."

LOVES THE STAGE

Silvers reached real stardom in the musical comedy "High Button Shoes" and then starred in "Top Banana." He considers the legitimate stage a "luxury" but is determined to do more of it because he "loves it."

* * *

He's made some 23 movies, but he's not at all sure "movies are better than ever" — at least not from the laugh-man's point of view.

"The comedian is never included much in the preparation. It's too hectic. No one has time for suggestions. Sometimes you feel you have to make yourself felt — then you act unnatural And your audience isn't there — you can't explain to people this isn't the way you wanted to do it."

The balding star doesn't feel that way at all about his new TV series, in which he plays a regular Army sergeant named Bilko who is always promoting "deals" — operations that don't come off.

* * *

"I hate myself in the movies, but I've become so disassociated with this that I look at myself on TV film and say 'This guy's nuts,' like he's another fella."

NO STEADY GIRL

Personally, Silvers volunteered the information, "I don't have a steady girl, but I'm looking for one." He's a rabid television fan, and thinks TV has improved his clarinet playing.

* * *

"I play by ear, and whenever the commercial comes on I pick up my clarinet — it's right next to the set — and play with the commercial."

* * *

Silvers has only one thing against video.

"It's going to drive me crazy," he said. "The show is on film, so every Tuesday night I'm going to look out the window and think 'What are all those people doing out on the street — it's 7:30.'"

Marine Recites Recipes for Desserts for $32,000

NEW YORK (AP)—Marine Capt. Richard Sherrill McCutchen has won $32,000 by dishing up some tasty dessert recipes out of his store of gastronomic knowledge.

Next Tuesday night he can try for the top prize on The $64,000 Question, CBS television show.

* * *

Or he can call it quits and settle for the $32,000 he reached last night in his fourth appearance on the show. If he tries again and fails, he'll get an expensive automobile as a consolation prize. No contestant yet has tried for the $64,000.

McCutchen, who had chosen "food and cooking" as his question category at the start, last night described five desserts and gave the country of origin of each. They were: bombe, zabaglione, olykoek, flummery and pfeffernuss.

* * *

Another contestant last night—a widowed grandmother—advanced through the $8,000 mark by telling the last four years the St. Louis Cardinals won the National League baseball pennant.

Mrs. Myrtle Power, 70, of Buford, Ga., and Long Island, answered: 1942, 1943, 1944 and 1946.

Mrs. Power, who said she has been watching the game since 1895, got the chance at $8,000 by answering a series of questions in her chosen category, baseball.

Next Tuesday night she will return to the program to announce whether she will try then for the $16,000 question.

* * *

McCutchen, whose home is in Worthington, Ohio, gave these descriptions and national origins of five desserts:

Bombe, France, an ice cream dish.

Zabaglione, Italy, made of egg yolks, sugar and wine.

Olykoek (or olycook or olykolk), Dutch-American, a fried cake, forerunner of the doughnut.

* * *

Flummery, originally from Wales, a custard-like dessert with fruit juice.

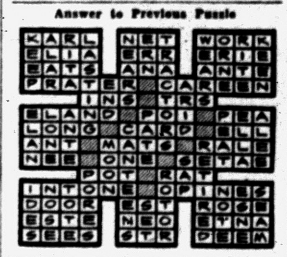

Pfeffernuss, Germany, a traditional Christmas cookie, made of flour and spices.

McCutchen, 28, is assigned as a Naval Reserve Officers Taining Corps instructor at Ohio State University, Columbus. He has a wife and three small daughters.

Palmer Seeley Sued for Keep in Prison

MUSKEGON (AP)—A circuit court hearing has been set Sept. 21 to show cause why an order should not be entered requiring G. Palmer Seeley to pay for his care and maintenance while in prison.

Seeley, former chief right of way buyer for the state highway commission's Grand Rapids district, was sentenced to 2½ years in prison, June 18, 1954, after pleading guilty earlier of conspiracy to defraud the state in highway land purchases.

The new state action was started by Attorney General Thomas M. Kavanaugh on behalf of Auditor General Victor Targonski. Judge Noel P. Fox set the hearing date.

The action, based on a 1935 act, seeks payment of $955 by Seeley fgor his prison maintenance from the time he entered until June 30, 1955.

It also asks that property he holds be considered for disposal in sufficient amount to meet the state claim.

Judge Fox earlier this year recommended Seeley's release when he had served 18 months. Seeley already has made restitution of more than $30,000.

Practical Joker

LOUISVILLE, Ky. (AP)—Ex-fireman Otis A. McNelly, 31, was on hand to greet some of his old buddies from Squad Company No. 4 when they arrived at his home in answer to a fire alarm. There was no fire, however. McNelly told Lloyd Grim, a battalion chief's aide "I wanted to see if you were on the job." He was charged with turning in a false alarm.

Mau-Mau of Kenya Under Control

By JOHN H. MARTIN
INS Foreign Director

Britain is withdrawing 3,500 British and African troops from the war against the Mau Mau in Kenya — but the emergency is not over.

* * *

In announcing the decision, the British military said it was based "entirely on a military appreciation of the situation and nothing else."

But the reduction of the Kenya garrison is the first practical acknowledgment by the authorities of a marked improvement in a situation which has cost thousands of lives.

When the Mau Mau natives staged their uprising against European settlers nearly three years ago, those who had studied native risings and secret societies such as the Mau Mau estimated the suppression campaign might take four years.

This was a good guess since it is estimated that it will take the British at least another year to root out splinter gangs.

IRISH FUSILIERS

The 2,500 British troops to be withdrawn will include the first battalions of the Royal Irish Fusiliers and the king's own Yorkshire Light Infantry, most of the 39th Corps, Engineer Regiment, and the Headquarters, British 39th Brigade.

The Irish Fusiliers, who previously served in Korea, are likely to return to Britain. Disposition of the others has not been decided.

Five thousand British and 7,000 African troops will remain in Kenya to root out the Mau Mau terrorist society members who were drawn mainly from the Kikuyu tribe.

The total number of terrorists killed since the trouble began is nearing the 10,000 mark. Of these, 3,200 were killed this year. Up to May this year, by comparison, British troops suffered 51 casualties, including 20 killed.

There have been two turning points in the long struggle. The first was the clearing of the capital area of Nairobi by "Operation Anvil" in the spring of 1954.

The second, a more gradual process, was the concentration of Kikuyu tribesmen into protected villages so that troops and police could protect them while chasing the Mau Mau members in the forests.

The British have used mass sweeps and also planes in high-level bombings in the campaign against the Mau Mau whose members not only slaughtered European farm families but other tribesmen who refused to aid them.

* * *

Establishment of the villages for Kikuyu members who did not want to support and supply Mau Mau members finally persuaded the tribesmen that they safely could refuse to aid the secret society.

The village plan also put into the hands of the administration the means of cutting off supplies where a village had been actively cooperating.

* * *

That move was the beginning of the death knell for the Mau Mau.

Another Ransom Bill Turns Up in Florida

MIAMI, Fla. (AP)—A $20 bill from the $300,000 ransom money in the Bobby Greenlease kidnap-murder has been found in Florida.

* * *

Charles E. Weeks, special agent in charge of the Miami FBI office, said last night the bill was discovered at the Jacksonville branch of the Federal Reserve Bank and was sent there by the Florida National Bank & Trust Co. of Miami.

Several other bills from the missing ransom money have been found recently in the midwest.

* * *

Carl Austin Hall and Mrs. Bonnie Brown Heady were convicted and executed for the kidnap-slaying of the 6-year-old Greenlease child in 1953. They got $600,000 ransom money but only $300,000 of it was found.

Infiltrators Blow Up Israel Water Plants

JERUSALEM (AP) — An Israeli military spokesman said infiltrators from Jordan blew up two water installations early today near Israel's Tirat Zvi settlement, in the central Jordan Valley area.

* * *

The spokesman said a truck was damaged by explosives in the same region.

* * *

No incidents were repoted along the Israeli-Egyptian Gaza frontier, where a cease-fire pledge was renewed Sunday.

* * *

British sources in London said last night Britain, France and the United States plan to call for a special meeting of the U.N. Security Council in a move to prevent further outbreaks between Israel and Egypt.

Accidental falls from ladders, stairs and other heights take nearly twice as many U.S. lives as lung cancer; the latest figures for one year (1953) being 10,564 for cancer and 20,631 for falls.
