

Tornado Wrecks Bridges, Cars

BRIDGE KNOCKED OUT—An automobile was wrapped around the steel girders of a bridge near Colfax, Wis., last night when a tornado struck the west-central Wisconsin area. The car was bent double.

THIRD CAR—This brand new automobile, with only 2 miles showing on the speedometer, lay nestled in a tree while a house in the background was only slightly damaged after a tornado dipped down on Colfax, Wis., last night.

CAR AND GAS STATION WRECKED—Colfax police chief, Herbert Ziebell, takes a close look at a completely demolished automobile and what remains of a gasoline station after the tornado. Many automobiles and homes were destroyed or seriously damaged.

29 Persons Killed in Path of Wisconsin Tornadoes

Rebels Reject Equality Vote by De Gaulle

New Premier Drives Into Hotbed of Moslem Nationalists

CONSTANTINE, Algeria (P)—Premier de Gaulle carried his drive for Algerian unity into this hotbed of Moslem nationalist resistance today.

But already rebel spokesmen abroad were rejecting his offer.

Nationalist sources in neighboring Tunisia said there will be no halting of the 3½-year-old rebellion.

In Cairo, spokesmen for the Algerian National Liberation Front (FLN) said they could not accept De Gaulle's program for integrating Algeria's European and Moslem populations with equal rights and equal votes.

The FLN has spearheaded the revolt. It demands independence as the price of peace.

De Gaulle spoke for five minutes from the balcony of a theater here to a massed and cheering throng of 75,000, about half of them Moslems.

'RALLY TO ME'
He declared that "even those who were swept up in the flame of despair"—the fighters for Algerian independence—should rally to his program.

Shouts for De Gaulle were followed quickly by equally massive shouts for Jacques Soustelle, the Gaullist deputy and strongman of the Algerian insurrection who was not made a member of the De Gaulle Cabinet.

Soustelle, standing at the right of De Gaulle, waved his arms in an effort to calm the crowd. De Gaulle frowned.

After the speech De Gaulle drove slowly through the streets of this rebellious city of eastern Algeria. Nationalist fighters are in the mountains just outside Constantine.

The Premier told a crowd of about 100,000 in Algiers last night that all residents of this North African territory are Frenchmen with equal rights and equal votes and with France their motherland.

De Gaulle spoke only in generalities that left Algerians in the dark on details of his plans for ending the 43-month rebellion. But there was no doubt the general captured and fired the imagination of Algerians residents more than anyone had done in a long time.

Pontiac Not Included in Talks on Jobless Compensation Plan

LANSING (UPI)—Mayors of major labor market cities in Michigan will meet with Gov. G. Mennen Williams Monday to discuss an unemployment compensation program for Michigan.

(Pontiac, although one of the major labor markets in the state, is not represented.)

Pontiac's Mayor William Donaldson said today he had not been invited to the party.

The governor invited 14 mayors to meet with him in an obvious attempt to win support for his plan to participate in the federal program of unemployment compensation benefits extension.

He said he would discuss "action needed for the state to participate" in the federal program.

The mayors invited included James Turner, Bay City; Wilbert F. Smith, Benton Harbor; Thomas Sparks, St. Joseph; Stanley J. Davis, Grand Rapids; Ralph Crego, Lansing; G. Hilding Carlson, Muskegon; David R. Calhoun, Huntington Woods; Robert Schultheiss, Port Huron; James Harvey, Saginaw; George Algoe, Flint; Russell V. Worgess, Battle Creek; Harold D. Miller, Jackson; Glenn Allen, Kalamazoo; and Louis Miriani, Detroit.

At the same time, the governor revealed he received official notice from federal Labor Secretary James Mitchell that President Eisenhower had signed the federal unemployment compensation bill.

Skull From Waterford Bog Oldest Human Bone in State

By REBA HEINTZLEMAN

A skull found in a Waterford Township peat bog last spring is probably the oldest human bone yet reported in Michigan, according to University of Michigan anthropologists.

They believe the skull has been buried since between 1,500 B. C. and 500 A.D.

Dan Weaver, 67, and his son, Richard, 30, of 6204 Rowley Ave., were shredding peat at the corner of Willow and Lockhaven roads, when they spotted the skull at a depth of 25 feet in the peat bed.

First inkling of its extreme age came when both Waterford Township and State Police returned the skull to the Weavers, saying it was "too old to have been a recent murder victim."

Through the efforts of a member of the Michigan Archaeological Society, Karl Parchert, of Dearborn the skull was brought to the attention of U. of M. professors Dr. E. J. Griffin and Dr. Robert Greenman.

Now, after more than a year of study, the two scientists report the approximate age, and add that the skull has been identified as definitely that of an Indian male about 25 to 30 years of age.

The scientists further reported that it had been the skull of a long-headed person, and had rather heavy brow ridges, also an indication of a possible primitive type.

Due to the fact that the skull had been preserved in peat, many of the usual methods used for estimating age were not effective, they reported.

The high tannic acid content of the peat helps preserve bones, they said. Under average conditions, bone is completely decayed in 300 years, they added.

George Neumann of Indiana University.

Dr. Neumann has made a special study of early man in North America, and it is hoped that he may come up with the answer as to how long the skull has been buried in Waterford Township.

Another section of bone found at the same site has not yet been studied by the experts. It is a 12-inch piece also found by the Weavers.

SECRET OF BOG—Mrs. Richard Weaver holds up a bone found at the same place as a skull which University of Michigan anthropologists say is the oldest human bone found in Michigan.

Judge Adams Chairman of State Advisory Group

Oakland Circuit Judge Clark J. Adams today was named chairman of an advisory committee to aid the governor in reorganizing state government.

Gov. G. Mennen Williams set June 20 at the first meeting date of the new 32-member committee and announced Adams' appointment.

The governor acted under the new executive reorganization law passed by the current Legislature.

It permits him to submit to the Legislature proposals on reorganization which become law if not vetoed by the Legislature within 60 days.

On the committee from Oakland County, in addition to Adams, are Mrs. Berrien C. Ketchum, of Birmingham, president of the League of Women Voters; former State Senator George Higgins, of Ferndale; and Huntington Woods Mayor David Calhoun.

Others are: Phil DeBaubien, of Birmingham, publisher of the Detroit Times; and E. C. Hayhow, editor of the Hillsdale News and former city editor of The Pontiac Press.

JUDGE CLARK J. ADAMS

Showers on the Way With Cooler Weather

Partly cloudy and cooler with a few showers is the outlook for Pontiac tonight with a low of around 52.

Fair and cooler weather is expected tomorrow with a high of 65. The 15-25 miles an hour winds today will become northerly tonight and diminish slowly tomorrow. Fair and somewhat cooler is the forecast tomorrow night with a low near 48.

Saturday's outlook is fair and cool with showers again Sunday or Monday.

In downtown Pontiac the lowest temperature preceding 8 a.m. was 62. The mercury rose to 80 at 2 p.m.

One Car to a Space

NEW ORLEANS (UPI)—A traffic court ruled yesterday that one car cannot squeeze into another's parking space with impunity in New Orleans. Judge Howard Taylor held that, even if two foreign autos are able to fit into one space costing a nickel, one of them will get a ticket.

Homes Levelled as Storm Rips Two-State Area

Colfax Like Battlefield With People, Houses, Trees Flung in Debris

MENOMONIE, Wis. (UPI)—Tornadoes cut a 40-mile wide swath through the peaceful dairy country of northwestern Wisconsin last night, killing at least 29 persons and injuring more than 100.

Hospitals in four cities were filled to overflowing with casualties and emergency first-aid stations were set up in armories and school gymnasiums. Sixteen persons hovered between life and death.

"It was like a battlefield," said Dr. G. J. Neumann, a dentist at Colfax, hardest hit community in the area.

"I was in World War II and I've seen a lot of people die, but when you see your own townspeople killed, it's something different..." Dr. Neumann said he was waiting for a patient in his office when the killer tornado struck.

"Trees—big ones, mind you, not saplings—snapped like matchsticks. Several large homes shot through the air like dolls' houses and landed two, three blocks from their foundations."

He said he ran into the street and "saw a man lying with a two-

Where tornado hit.

by-two wooden plank driven through his chest. He was dead. I ran toward two other persons. They were dead too."

One-third of the homes were leveled in Colfax and at least 13 persons were killed. Automobiles were twisted into grotesque shapes. Hundreds of trees and fallen machine poles meshed and formed macabre arches through the stricken area. Roads were littered with debris, pieces of metal, boards, and five bodies were found together "horribly mangled."

One count showed that at least 29 persons were killed. Reports of several more deaths could not be immediately verified.

Starting in late afternoon, the tornadoes struck hard in a two-state area. A twisted damaged home near St. Cloud, Minn., then clubbed an estimated 25 farms in the Albany, Minn., area. Several injuries were reported.

Crossing into Wisconsin, the violent storm pattern hit with deadly force. One man was killed in Wisconsin and there were reports of heavy injuries. Pursuing a zigzag pattern, the tornado generally followed U. S. 12 into Menomonie, then skipped northeast into Colfax where it unleashed its full fury. (Continued on Page 2, Col. 1)

12 Days Remaining to File for August Primary Vote

Candidates for 17 elective offices from Oakland County have 12 more days in which to submit nominating petitions or filing fees to the county clerk's office.

Mrs. Mabel Child, election clerk, said to date her office has received either petitions or fees from 15 candidates.

Will Try Area Couple for Murder in Texas

A Pontiac area couple charged with a double murder will stand trial Aug. 25 in San Antonio, Tex. William Long, originally of Tennessee but raised in Pontiac, and his wife, Kay, 20, of Lake Orion, are accused in the slaying of Mr. and Mrs. A. B. Lippman, of near-by Somerset, Tex.

Police said Long confessed shooting the elderly pair when they found him trying to steal their car.

The couple was arrested near Brownsville, Tenn., in the Lippman's automobile. Long had been sought in Pontiac for parole violation and auto theft since Sept. 5, 1957.

The couple had been tenant farming near the Lippman home, police said. They have a two-month-old daughter.

Runs True to Form

ATLANTA (UPI)—Outdoor Page Editor James E. Carson of the Atlanta Constitution, a veteran fisherman, ran true to form in announcing the birth of a son. "He's that big," Carson said, showing the size with his hands. "I swear it."

Williams Calls 14 State Mayors

Pontiac Not Included in Talks on Jobless Compensation Plan

LANSING (UPI)—Mayors of major labor market cities in Michigan will meet with Gov. G. Mennen Williams Monday to discuss an unemployment compensation program for Michigan.

(Pontiac, although one of the major labor markets in the state, is not represented.)

Pontiac's Mayor William Donaldson said today he had not been invited to the party.

The governor invited 14 mayors to meet with him in an obvious attempt to win support for his plan to participate in the federal program of unemployment compensation benefits extension.

He said he would discuss "action needed for the state to participate" in the federal program.

The mayors invited included James Turner, Bay City; Wilbert F. Smith, Benton Harbor; Thomas Sparks, St. Joseph; Stanley J. Davis, Grand Rapids; Ralph Crego, Lansing; G. Hilding Carlson, Muskegon; David R. Calhoun, Huntington Woods; Robert Schultheiss, Port Huron; James Harvey, Saginaw; George Algoe, Flint; Russell V. Worgess, Battle Creek; Harold D. Miller, Jackson; Glenn Allen, Kalamazoo; and Louis Miriani, Detroit.

At the same time, the governor revealed he received official notice from federal Labor Secretary James Mitchell that President Eisenhower had signed the federal unemployment compensation bill.

President Heuss Assures Ike

'Germany, U.S. Will Stay Friends'

WASHINGTON (P)—President Theodore Heuss assured Congress today that his Germany will never again depart from the path of democracy and freedom.

The 74-year-old West German President said his people intend to be good and dependable allies.

Heuss' speech was given at a joint session of the Senate and House on the second day of his state visit. Heuss is the first German chief of state ever to visit the United States.

Heuss was given a standing ovation when he entered the House chamber escorted by a committee of senators and representatives.

House Speaker Sam Rayburn (D-Tex.) introduced Heuss as a representative of "a great, proud and free people, a people who are determined to remain free."

PRES. HEUSS

America as a petitioner, but wished simply to express his gratitude for the assistance given to his country by the U. S. government, and for help rendered by millions of individual Americans.

"The material side of this assistance was important but not decisive. It gave us moral uplift and encouragement," he said.

Heuss said it was very reassuring to the Germans that President Eisenhower repeatedly made clear "how much he felt Germany's tragic partition to be one of the heaviest mortgages on Europe's future."

He told congressmen his command of English has become somewhat rusty. So, except for brief remarks in English at the beginning and end, his speech was in German.

Federal Wage Hike Expected

Ike May Get Bill Today
Granting 10 Per Cent
Boost to One Million

WASHINGTON (AP)—Congressional approval appeared assured today for a 10 per cent pay increase for the government's one million white collar and supervisory, civil service employees.

The Senate, which previously voted for a 7 1/2 per cent increase, accepted yesterday the 10 per cent figure approved by the House while adding some amendments.

The House is expected to accept the Senate changes and send the bill to the White House, possibly today.

The pay boost, applying to all classified civil service workers, is expected to cost the government \$42 million dollars a year.

Eisenhower, who recently signed a bill giving postal workers a 10 per cent raise, had recommended a six per cent boost for both postal and classified employees.

Wisconsin Twisters Kill 29, Injure 100

(Continued From Page One)

On some farms not a stick was left standing.

It was discovered early today that the twister had continued into neighboring Clark County and killed a 30-year-old woman at Thorp.

Cutting a two-mile path of destruction, it tore down all communications and made it impossible for rural residents to contact the outside world until today.

"There is no telling what the casualty list will be," Clark County Coroner Bob Luloff said. "Right now, there's no communications and the roads are blocked."

"The livestock destruction is fantastic. The hospital at Stanley, Wis. is jammed. People are standing in line outside the hospital."

In Chippewa Falls, a trailer court owner told how the tornado demolished seven trailers, throwing two of them into a ravine. Within sight of the trailer court, at least a dozen automobiles were overturned.

Gov. Vernon Thomson ordered National Guardsmen into the area to aid the injured and homeless and prevent looting.

Civil Defense and Civil Air Patrols roamed the blackened countryside, probing the rubble of smashed farm homes for more bodies.

The 12-to-15 mile area between Menomonie and the devastated village of Colfax was described as a desolate waste. The main street of Colfax was reported wiped out and survivors said the village of Badot, with 300 residents, had been practically washed off the map.

The list of dead follows:

Mrs. Irene Bulek, Chippewa Falls; her daughter Lillian, 16, and son William, 15.
LARRY FIELDER, 16, Colfax, and his uncle, Spencer Fielder, 34.
Harry Ford, Knapp.
Mrs. Cora Gertner, 45, Colfax.
George House, 45, Menomonie.
Mr. and Mrs. Roy Larson, Menomonie, and their son, Earl, 3.
Mr. and Mrs. Ernie Lund, Colfax, and young child.
Vernon Meindl, 46, Bloomer.
George Nelson, 76, Colfax.
Arthur Peterson, 71, Wilson.
Richard Pressnell, 21, Bloomer.
Arthur Quenell, 32, Colfax.
Mrs. Carl Rausch, Hutchinson, Minn.
Mrs. Ted Slaga, Colfax.
William Wagner, 50, Colfax.
Mrs. John Lato, 38, Thorp.
Mrs. Arnold Schneider, 40, Chippewa Falls.
An unidentified truck driver, Colfax.
Mrs. Alan Muth Rice Lake.
Henry Rulfs, 38, Boyd, and his son Clarence, 34.
Roger Llewellyn, 14, Stanley.

FREDERICK J. POOLE

MRS. HELEN SANFORD

2 Waterford Candidates Seek School Board Post

Two Waterford Township candidates are seeking one 3-year term on the township board of education at the June 9th election.

Seeking a second term on the board is lumber dealer Frederick J. Poole, 34, of 1238 Heitch St., Waterford Township.

After his graduation from Pontiac High School, Poole attended the University of Michigan, majoring in Business Administration. He holds a B. B. A. degree.

Poole has lived in Waterford Township all of his life, is married and has three daughters. One daughter is pre-school age and the others attend Leggett school.

At the present time he is a board member of the Waterford Township Chamber of Commerce.

During his three year term as a member of the Board of Education, Poole served as treasurer last year, and secretary this year.

"As a parent of children in our school system, I am vitally interested in educational opportunities afforded all children of Waterford Township," Poole said.

"The desire to contribute to this improvement and development on a sound and economical basis, is the motivating factor in offering my services," he added.

If You're From the Wolverine State Sir, You're a Michiganite

ANN ARBOR (AP)—If you consider yourself a Michigander rather than a Michiganite, consider this: The first time the word Michigander was used it was intended as an insult, a point to be held up for ridicule in a political campaign.

That's the origin as told by Albert H. Marckwardt, professor of English at the University of Michigan.

The word was coined by Abraham Lincoln in the election year of 1848, says Marckwardt, and was aimed at Lewis Cass of Michigan, one of the candidates for the Democratic presidential nomination.

Lincoln referred to Cass as "the great Michigander" in a speech in the House of Representatives, making light of his military achievements.

Incidentally, the official nickname of a person from Michigan is Michiganite. That is the way it is listed in the U. S. Government Printing Office Style Manual of 1945.

Bulgarian Following Others Into Exile?

LONDON (UPI)—Reports that former Soviet Premier Nikolai A. Bulganin had been absent from public functions in Moscow for more than a month gave rise today to speculation he had followed other deposed Kremlin officials into a provincial assignment tantamount to exile.

One report from a recent official traveler to Moscow said Bulganin had been sent to a local post at Odessa on the Black Sea.

However, the Soviet press has not mentioned Bulganin recently and no official comment was available on the reports circulating here.

The Day in Birmingham

Dr. De Windt to Preach Baccalaureate Sermon

BIRMINGHAM — Bloomfield Hills High School's baccalaureate service at 4 p.m. Sunday in the high school gymnasium will open area commencement activities.

Due to the fire which caused extensive damage at graduation week last year, the exercises can not be held in the Kirk-In-The-Hills Church, but Dr. Harold De Windt, pastor of the church, will preach the baccalaureate sermon.

Next Thursday at 8 p.m., Dr. Edward Harden, president of Northern Michigan State College, Marquette, will deliver the commencement address for the 96 members of the class of 1938.

On June 19 at 10 a.m. in the high school gymnasium, 446 Birmingham High School seniors will receive their diplomas. The speaker will be Dr. Francis Rosecrance, dean of education at Wayne State University.

An attempt to remove a bird's nest from under the eaves of their home proved expensive for the Ziggo Hansen family, 1327 Melton Rd., last night.

Birmingham Fire Chief Park Smith said the family had removed part of the nest and then attempted to burn out the rest. The fire spread under the roof surface damaging roof timbers and insulation in the attic.

Smith said the blaze was confined to the roof area. He estimated damage at not more than \$300.

Arnold Berndt will direct the All-City Instrumental Music Festival at the Birmingham High School gymnasium at 8 tonight.

Instrumental musicians from all city grade schools, Barnum and Derby Junior High School bands and orchestras as well as the high school instrumentalists will take part.

The month of May saw a total fire loss on buildings and contents of \$7,400, according to the report of Chief Smith. The department answered 45 calls last month including three first aid runs.

MRS. MARY E. BLASER
Requiem mass for Mrs. Mary E. Blaser, 67, of 250 S. Gengary Rd., will be held at 10 a.m. Saturday in St. Mary's Catholic Church, Sharpburg, Pa. Burial will be in St. Mary's Cemetery there.

Mrs. Blaser died yesterday at her home after a long illness. She was a member of Holy Name Parish.

Surviving are four daughters, Mrs. William Busch of Birmingham; Mrs. Robert Foxon of Detroit; Mrs. Joseph Bohr of East Detroit and Mrs. Edward Udans of Blewmo, Pa.; a son, Charles J.

Earth's Getting to Be Dusty Place for Living

HONOLULU—A new calculation by University of Hawaii researchers, using air samples known to be

almost completely free of terrestrial dust, indicates that the earth is picking up meteoric and cosmic dust at the rate of 14,000,000 tons a year.

The rate is several times higher than was previously figured.

Yetis in Himalayas Can Expect Company

PARIS — It looks like a bad year for the Yetis, those "Abominable Snowmen" of the Himalayas. A Russian expedition and one headed by Tom Slick, American, are both heading into the mountains of Nepal determined to prove the Yetis' existence by bringing one back alive to Katmandu.

Hounds brought from America are going to help the Slick expedition — his second — trace the mythical Yetis from an operational camp in Barun Valley. Gerald Russel, of Paris, a member of the American expedition, has said that there is ample evidence to suggest the existence of Yetis in the Barun Valley.

There are two varieties of the animal, he said. This expedition will concentrate on the smaller type, about 4½ feet high. The team will be equipped with a special type of nets and camouflage tents to trap the animal.

The Vatican has more than 4,000 rooms and is said to be the largest palace building in the world.

Myth Claims Maidens 'Can Charm Turtles'

SUVA, Fiji Islands — Natives on the volcanic island of Kandavu in like singing.

the Fiji Islands believe the island is inhabited by beautiful—and hungry—maidens who can lure turtles out of the sea with their Loreles-like singing.

THE PONTIAC PRESS

HAROLD A. FITZGERALD
President and Publisher

An Independent Newspaper

Editorial Page

THURSDAY, JUNE 5, 1958

MEMBER OF THE
ASSOCIATED PRESS

School Board Election Is Vital

In a very few days Pontiac citizens will be voting to elect two members to the Pontiac Board of Education. Our school board is one of the most important functions of our city.

Yet if past records are any indication the number of voters will be pitifully small. A year ago

out of 37,625 registered voters, only 2,769 took the time to go and vote.

This apparent lack of interest is hard to understand. The school board, along with the people they direct, has a great deal to do with molding the lives of future citizens of Pontiac.

After Postage Increase Junk Mail Will Lessen

Postal authorities believe that the new rates will result in a sharp decline in the "junk mail."

Three cheers!
And glory be!

Householders from one end of the nation to the other have long since grown weary of the junk that methodically pokes its unwanted way into the mail boxes of a nation. The amount of this slush will sharply reduce and domestic applause will echo from coast to coast.

And think of the mailman.
There's another sufferer.

It must be the height of exasperation for all these loyal carriers to find themselves burdened with the "junk mail" that they know the recipients toss in the basket. Now their burden will be lightened. They will be one of the main beneficiaries.

Who is more deserving?

Many people follow this rule: If it isn't important enough for the sender to pay first class postage, it can't be important enough to open. Try this for a month and you'll be surprised at the time you save and the fact you miss out on nothing.

Oversupply of Uranium Causes Mining Slump

Up to a few years ago Canada and the Belgian Congo were the main sources of uranium ore from which U.S. atomic bombs and fuel for atomic furnaces are made.

However, such large quantities now have been found in Colorado, Wyoming, Utah and New Mexico that the Atomic Energy Commission (AEC) has cut off additional purchasing commitments. Naturally, mine owners and processors are alarmed over this development. They contend that at the urging of the AEC, the sole purchaser, uranium was found and large sums have been invested in mines and plants. They feel that the agency has let them down and are demanding a stock piling program.

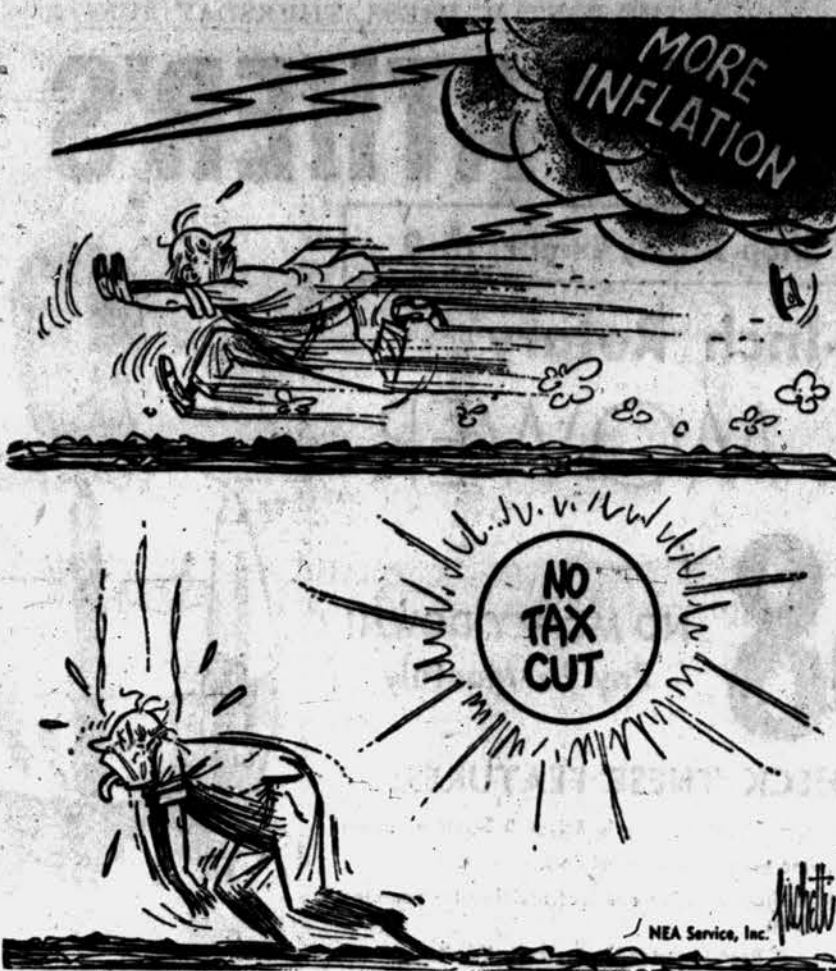

JESSE JOHNSON, director of the AEC's raw materials division, takes a practical view of the situation. "We want a strong, continuing domestic uranium industry," he says, "and, to the extent possible, production should not go beyond a level that can be sustained until the commercial market develops." He points out that the problem comes from a leveling off of production "after a steep climb—not a cutback."

Uranium mining interests have a good case and should be granted some adjustment. But stockpiling will only postpone the day of reckoning with consumption.

It Didn't Rain After All

David Lawrence Says:

California Vote Results Deceiving

WASHINGTON — Anyone who jumps to conclusions about the vote in the primaries in California and assumes it is a sure index of the

November result had better look back and examine the primary vote for governor in that same state in 1954.

It is apparent that under the peculiar system of cross-filing—whereby a candidate can run in both the Republican and Democratic primaries at the same time—the final election doesn't correspond at all either in totals or in percentages for each party with what has happened in the primary.

Thus, Gov. Knight, Republican, won nomination in both the Republican and Democratic primaries in 1954 and with 63 per cent of the total vote cast.

In the election, Knight's percentage dropped to 56.8 per cent. His Democratic opponent, who accumulated 860,046 in the Democratic primaries and 112,919 in the Republican primary for a total of 973,765, came up in the final election with a vote of 1,739,368. This was a gain of 765,603.

Gov. Knight, on the other hand, gained in the 1954 final election only 372,938 or only half as many votes as did the Democratic nominee.

The total vote cast in the 1954 primaries is also significant as compared with the final vote. The voters who cast their ballots in the Democratic primaries in 1954 totaled 1,700,753, whereas those who called themselves Republicans cast 1,337,899.

This is a margin of 362,854 votes, which is about the same margin that the Democratic nominee, Edmund Brown, had over Sen. Knowland at latest reports of this week's primary.

It would appear on the surface, of course, that Edmund Brown would have enough votes on the basis of the primary totals to win the final election, but this assumes that the Republican total vote will not be gotten out that day.

Most everyone who knows California politics agrees that the labor-union vote helped elect Gov. Knight, Republican, four years ago, whereas this time the labor-union vote is lined up solidly against Sen. Knowland, the Republican nominee for governor.

If the Republicans do not mobilize the voters who are outside the orbit of labor-union influences, they will, of course, lose the election.

This same situation is indicated in other states where in the recent primaries, with the exception of New Jersey and

Nebraska, the Democrats were able to get out a combined total for all their rival candidates greatly in excess of the Republicans.

There is no doubt about it—the Democrats are getting out their vote in the primary elections, and if they continue their effective tactics in the fall elections and the Republicans stay at home, many a congressional seat will be lost by the Republicans.

There is no political organization today comparable to that of the labor unions. Not only do they spend funds collected directly from the workers at the factories and

actually pay expenses for electioneering which was classified as "educational" in a Detroit case prosecuted by the Federal Government, but they have a vast number of "volunteers" who conduct the solicitation campaigns and bring workers to the polls.

Primaries are much more easily won by organization activity than are general elections. Sen. Knowland is popular in California and it may be that many Republicans didn't come out to vote because they thought he was an easy winner in the Republican primaries.

(Copyright 1958)

Dr. William Brady Says:

Eat Your Way to Health; Keep Youth Despite Age

Physiologically or medically the individual is an infant from birth to the age of 3 years. From the age of 3 to puberty the individual is a child. From puberty to the attainment of full growth and development is the age of youth.

Puberty is the age at which sexual maturity and capacity to reproduce is attained. In our climate this is from age 13 to age 16 in boys, and from age 11 to 14 in girls. Most youths reach their peak of growth and development at from 23 to 25 years of age.

After puberty, after the individual has cut the last molar he or she is going to have, comes the age of maturity, adulthood. At this age the individual is or should be at his or her best in every respect. And he or she may stay there on the plateau for 20 to 30 years, depending mainly on — here we go again — the state of his or her nutrition.

I say mainly because nutrition itself depends on several factors, of which the character of the diet is but one. For instance, a high calcium diet alone does not insure good calcium metabolism or utilization unless the individual gets a reasonable amount of general exercise every day.

Even though you follow a diet built on the basic, model or fundamental health diet given in the 7 Keys to Vite (35c and stamped, self-addressed envelope) and/or supplement your regular diet with all the vitamins the salesman says you need, you can't keep in top condition unless all of your (or your dentist's) teeth are functionally efficient.

In other words any impairment of digestion is bound to lead to faulty nutrition or, as the old timers call it, malnutrition. (For details consult Volumette I of the Pocket Cyclopedia of Health, Save Your Teeth, which, like Volumette XVI, The 7 Keys to Vite, sets you back 35c and stamped, self-addressed envelope.) This, by the way, is the reason why I say every functionally efficient tooth (your own or your dentist's) is worth at least \$1,000.

Now if you have access to Webster or, better, a medical dictionary, you'll understand the significance of degeneration, physical degeneration that is.

QUESTIONS AND ANSWERS
"Please send your booklet 'The Calcium Shortage.' My left shoulder hurts like sin when I use my arm certain ways." (Mrs. J. D.)
Answer — I don't know whether

er I even mention berititis in the booklet, but certainly an adequate daily ration of calcium and vitamin D is advisable in every case. For the booklet sent 35c and stamped, self-addressed envelope.

"Is there any harm in drinking four raw eggs every day?" (W. E.)

Answer — No, but egg cooked as you like is more nourishing, because part of the raw white (albumen) is not assimilated.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Don't Talk Over Listeners' Heads

Russell's remarks may be a shock to a lot of scientists and attorneys, but they are true. For the "average" American is 30 years old, married, and with 2 children just ready to enter school. Jesus urged us to talk the language of our customers, which is superb advice for teachers as well as doctors and salesmen. Newspapers urge the same formula.

By DR. GEORGE W. CRANE
CASE Y - 328: Russell Hirschman, aged about 45, is an executive of the Indiana Bell Telephone Company.

Recently I had lunch with him at Indianapolis. Our conversation veered around to the fact that some psychologists criticize me for using 2-syllable words.

"Dr. Crane, it isn't only cloistered psychologists who employ long words," Mr. Hirschman began. "I find that a great many brilliant attorneys also are so accustomed to their long legal terms that they seem to think everybody else understands them."

"For example, I recently represented our company in court as we were completing the purchase of a small, local telephone exchange."

One of the directors of that farm-owned company was to tell the court who I was.

"Well, when this man was finally called to the witness stand, the attorney asked him, 'Can you identify the telephone, executive?'"

"And to everybody's surprise,

Voice of the People

'Such Articles Spur Others to Overcome Handicaps'

Jim, his dad and I wish to express sincere appreciation for the very nice article about him on your May 27 sports page. We know how very much articles like that about others spurred Jim on and we know there are many who are handicapped through loss of arms or limbs.

It's surprising how it just doesn't dawn on them they can do many things that make life much more fun. The National Amputee Association has several divisions in which men have played that knew practically nothing about golf, the junior division, last year two sub-teenage divisions started and this year a women's division. The association is a wonderful morale booster and the more people know about it, the better. This year marks the 15th anniversary.

Thank you again. We're most humbly grateful.

Wanda Milewski

'Pope Doesn't Try to Advise Industry'

In the Encyclical by Pius XI referring to profit sharing, he was not trying to tell management how to run industry, but only stating principles. The Church does declare as an unalterable moral principle that no man or group is absolute owner of property, but only stewards and have a grave responsibility to God for its use.

One editor, writing for a huge circulation among workers, asserts that there is something sinister and socialistic about the profit sharing idea, that it smells of the I.W.W. According to Louis Budenz, sometime editor of the Daily Worker, "It would surprise many a bewildered person that Communists are strongly opposed to the profit sharing proposal and express an opposition in the Jan. 18 issue."

Ford Local 600, in which Communists have had a strong influence, has been leading opposition against the profit sharing feature. This does not lead to communism, but in the opposite direction. It has long been supported by the Catholic Church. Monopoly capitalism and socialism tend to decrease the extensions of small property holdings. Monopoly capitalism, which is opposed by the Church, concentrates property in the hands of a few rich men and socialism, which is also opposed by the Church, concentrates it in the hands of the bureaucrats.

Lake Orion

'It's a Man's Job to Handle Money'

I have a neighbor whose wife takes his pay envelope bodily and passes out the family cash to him and the rest of the family. Most of the people that know this resent it, even though it's none of their business. I hope they read this and decide that a man should handle the family finances. It's a man's job.

Anonymous

'Drive on Streets That Have Trees'

Although I've never been to New Mexico or the Sahara, I think Perry street looks very nice. I Glad I Don't Live There doesn't live on Perry street, why is this person so worried about it? There must be plenty of other streets with trees in Pontiac that this person can drive down.

With the trees down there's better visibility of the edge of the road, which should reduce accidents. The highway will also benefit downtown business by providing a direct route from Highway 24 to the middle of Pontiac.

Wish I Lived There

'Married Men Are Healthier'

To 30 and unmarried, a married man lives longer as a rule because he lives a fuller life. The Bible states you're supposed to marry. And a married man has more balanced meals, regular and possibly more sleep and peace of mind, and peace of mind has lots to do with your health in general.

Reader

'Maybe Now He Can Understand'

I assume that after Mr. Nixon's unfortunate experience in Peru and Venezuela has had some appreciation of what nine young children had to face daily in Little Rock, U.S.A.

Ruth Hagen
3110 Garden

'Wake Up Before It's Too Late'

The latest Russian brag is that all U.S. grandchildren will be Communists. Communists are made, not born. The only way to prevent this is through U.S. parents. It's a fact our children can't even walk to school, but can walk five miles for pleasures. Our children see and hear a confused and upset U.S. and weak parents. This makes them Communists. Wake up, parents, or don't you care?

Mrs. Lucille Brown
400 E. Wilson

'Who Says We're Going Downhill?'

The high school and college track season is coming to a close and more records have been broken than ever before. Some of these long-faced adults that tell us our generation is going downhill morally and physically better look at these facts.

If my age group can run faster, jump higher and do better in athletics, we must be in better shape than the former generations. The young athletes of today would simply slaughter a group from 20 years ago. How about it, you fault-finders?

High School Junior

Ready Blast to Push St. Lawrence Across 40,000 Acres of Land

MASSENA, N.Y. (UPI) — The gigantic St. Lawrence Seaway and power project will be blasted a step closer to completion on July 1. Tons of earth making up a 600-foot cofferdam will be dynamited about 5 a.m. and the waters of the St. Lawrence will churn across 40,000 acres of land from which whole towns and villages were literally uprooted and relocated.

It will be "Inundation Day" July 1, marking the final stages of a monumental construction task opening Great Lakes ports to ocean shipping and the second largest hydro-electric plants in the world.

The blast will signal the raising of the power project's 30-mile reservoir, stretching from Barnhart Island, Fowardham west to the American-Canadian con-

trol dam. Residents of Cornwall, Ont., and Massena, N.Y., are planning a four-day "Inundation celebration" for the July spectacle. The inundation process will take about five days and is expected to attract thousands of visitors to both sides of the border.

In preparing for the man-made lake, 6,500 persons on the Canadian side of the river were relocated and another 250 homes on the American side were razed.

The Canadian rehabilitation was more difficult. Residents of five hamlets, the town of Iroquois and individual homes, camps and businesses along the river were gathered into three new townships—Iroquois, Long Sault and Ingleside.

Each new town has water and

sewer facilities, schools, churches, streets and sidewalks. All of the merchants were relocated in modern shopping centers. The old canal town of Iroquois was simply swept off the earth and planked down north of its old site.

The downtown section of the city of Morrisburg, Ont., also was torn down and relocated.

The width of the new lake will reach 2½ miles in places with dykes protecting low-lying areas in its immediate vicinity. The flooded land is the original property of some of the oldest settlements on either side of the river.

Today, not a store remains where the old settlements were. Every tree, fence, home, barn, store and camp has been either torn down or

moved. Just before the actual flooding, the land will be burned over, to insure that as little debris

Oats Crop Threatened by New Crown Rust

WASHINGTON — According to Agriculture Department researchers, the nation's oats growers face a new danger this year, with none of the 32 commercially grown varieties of oats resistant to all five of the new crown-rust-disease races found in different areas of the nation last year.

The new rusts, all rare or previously unknown in this country, caused mild to severe losses in oats grown last year, but are considered a greater hazard this year.

as possible floats into the dam intakes. Even cemeteries were relocated. Canadians moved only the headstones, while Americans removed all of the bodies.

During the post-raining, Great Lakes shipping will halt above and below the 30-mile stretch. When it resumes, traffic will move along the new seaway route, through the Snell and Eisenhower locks and the Wiley Dendere Canal, the newly dredged channel, and Iroquois locks.

The twin development was the work of 635 contractors at the cost of \$1,040,000,000. As many as 22,000 persons worked on the projects at one time since its authorization by Congress in 1954.

The power project encompasses

the 40-mile area of the famed international rapids section of the river between Massena and Ogdensburg. The power reservoir

Theory on Antarctic Disproved by Aussies

CANBERRA — A party of six Australian antarctic explorers in the Prince Charles Mountains, about 200 miles from the Australian scientific base at Mawson, made the first deep-ice measurements of the International Geophysical Year.

Their findings are said to have proved the ice to be 5,000 feet deep and the Antarctic continent at that point to be 1,800 feet above sea level, reportedly disproving a Russian theory that Antarctica is a series of islands joined by ice.

made possible construction of the Long Sault Canal and the power dams.

Construction of the power phase of the project involved building four mammoth dams — Barnhart Island, Dam, 10 miles east of Massena, to Iroquois Dam, 30 miles to the west.

The Barnhart Dam, in full operation, will produce 1,000,000 kilowatts of electric power. Three miles upstream is the Long Sault spillway dam which serves as control for the power pool and diverts the river around Barnhart Island to the power dam. The Iroquois control dam regulates the outflow from Lake Ontario and the final dam, just above the Long Sault structure, cuts off the St. Lawrence from the old Massena Canal.

The process of "Inundation Day" will see the Iroquois Dam gates opened, Long Sault and Barnhart Dams closed, and the blasting of the cofferdam.

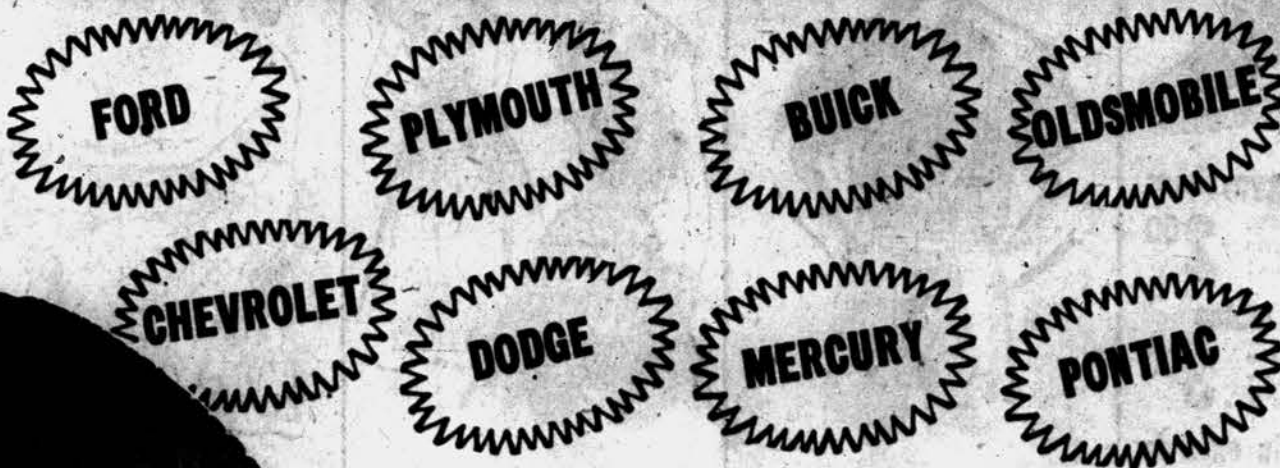

On the American side of the river, two big areas of gleaming white sand await the rising of the water. They are the new Massena beach facilities and a new public beach located on the north side of Barnhart Island.

Device Eavesdropper

INDIANAPOLIS — An eavesdropping device perfected by an auto-parts manufacturer can record the performance of an automobile engine during test drives and then, back in the laboratory, reproduce similar conditions on another engine.

Poison Ivy OK if Not Bruised

But Can Be Harmful at Any Time of the Year When Mishandled

By DELOS SMITH
UPI Science Editor

NEW YORK—A scientific fact about poison ivy is that even the most sensitive person can play with the horrid plant endlessly without coming to the slightest harm—if he is careful not to bruise it.

The authority for that is Dr. Albert M. Kligman of the University of Pennsylvania. He snipped leaves from a freshly cut stem, and he bound the leaves with soft cotton dressing to the forearms of six persons.

All were highly sensitive. Yet they wore the leaves against their skin for 12 hours and there was no affect save tiny spots of inflammation where the cut leaf stems made contact.

Kligman, you see, was careful not to bruise the leaves and his subjects were careful about that, too.

But you have to keep in mind that poison ivy bruises easily, especially at this time of year when the leaves and stems are young and tender. Late in the summer, they've toughened and are not quite so bruisable.

That, Kligman said, is one reason why more people endure the agonies of poison ivy rash in the spring than any other time.

Another reason is that spring sounds a call-to-nature even to people who are blind to nature at other times. Thus, more people go to where poison ivy grows which is almost anywhere not covered by city asphalt.

Also, people become more careful as the summer wears on. They've been burned once and after that they recognize the plant as best they can and keep a respectful distance.

But the plant sap is just as poisonous in the fall as in the spring. Even in the dead of winter, you can get a bad case of the rash by bruising the roots enough to produce sap.

As for people who think they're immune: Kligman took several of these and vigorously rubbed poison ivy leaves against their skins. In each case he got a skin reaction—mild, to be sure, but a definite reaction. He doubts if there's a completely immune person.

Most people think the fluid which forms under a poison ivy blister will spread the rash if it breaks out. Not so, Kligman said. The fluid itself is harmless. But the sap is amazingly persistent once it gets on human flesh.

Indian Manufacturers to Get Design Advice

NEW DELHI—Design-advisory groups to guide small manufacturers in introducing improved designs that will please consumers are being set up in New Delhi,

Bombay, Madras and Calcutta. Helping organize the groups are a number of Indian designers and Mr. and Mrs. Charles Eames, American designers.

An estimated 200 languages are spoken in India.

Usage of New Rubber 2nd Highest on Record

NEW YORK—Consumption of new rubber in the United States during 1957 climbed to 1,467,506 long tons from the 1,436,482 tons used in 1956 and was second only

to the 1,529,699 tons used in 1955. Synthetic-rubber consumption of 928,359 long tons in 1957 was a record high and compared with 874,394 tons used in 1956. Natural-rubber consumption in 1957 totaled 539,147 tons compared with 1956 usage of 562,088 tons.

3.6 Million Ride Daily on German Railroad

BERLIN—The state-owned German Federal Railroad carries 3,600,000 passengers daily over its 42,000-mile system. Its service is augmented by 270 privately owned

feeder railroads operating over 4,000 miles of track and accounting for 20 per cent of the total German railroad business.

In 1951, the U.S. railroads installed more new locomotive units than in any year since 1923.

No Madisons in Madison

MADISON, Wis. (AP)—Although many smaller cities have residents named Madison, the local directory and phone books show this city of 100,000 population can boast of not a single citizen named Madison.

Links Womanly Love of Children, Bargains

By PHYLLIS BATTLE
NEW YORK—Next to their men, the women of America have two basic loves in life—children and bargains.

As anyone with little pitter-patters to shoe can tell you, the two do not go hand in hand.

Except, that is, at a handsome hole in the wall called the "Second Act Re-Sale Shop." Subtitled, "Distinguished Discards for Distinguished Kiddies."

"Here at my shop," ventured Mrs. Sayre Macleod, who was pinning slashed-price tags on children's clothes, "mothers can buy their children second-hand clothes that are as good as new and cost less than wholesale. Mrs. Moneybags and Mrs. Budget-minded work hand in hand in what is a solution to every woman's problems."

It is, Mrs. Macleod added, a goldmine. Which should make it an appealing idea to civic groups in other towns and cities, where "thrift shop" operations for ladies are common, but "re-sale shops" for children are virtually unknown.

ACCIDENT BROUGHT IDEA

"I stumbled on the idea quite by

accident," she explained. "My son was given a lovely sports jacket, which he outgrew within a period of two months. He'd worn it only once. I thought, isn't this ridiculous? You can't take it back to the store. You can't sell it to a friend—too personal a contact, you know."

"I called a few friends, and asked if they could use a thrift shop service of the type I now have. Ecstatic, that's what they were. I set up business immediately, and in six months, I have a clientele (which sells junior's clothes, or buys them) of more than 700."

For the sake of churches, women's clubs and other civic organizations which might want to emulate her successful operation—Mrs. Macleod gives the following info:

1. To sell well, all clothes submitted for re-sale must be in good condition, free of tears, holes, button shortages; they must be cleaned and pressed before turned over to "Second Act."

2. Items that parents will not buy, on a used basis, are shoes, socks, underwear, pajamas, diapers, hibs and ties. "So don't

bother handling these."

3. Parents will buy anything from infants' through teens' sizes,

but the five-to-15 age group goes first and fastest.

4. Consignors receive 60 per

cent of the sales price, Mrs. Macleod 40 per cent.

5. For extra benefits to bar-

gain-seekers and sellers, the shop also handles large children's accoutrements—like baby carriages, play pens, children's furniture, bicycles. To handle such unwieldy items, she posts a bulletin board listing "for want" and "for sale" items. She

charges 30 per cent for the service.

Mrs. Macleod is the wife of the head of Clan Macleod Society of America. As a Scotswoman, she claims she is not stingy. But she concedes that she knows a good deal about a good deal.

Rome's Officers Enjoy Arguing

Police Expect to Hear Loud Complaints From Angry Drivers

ROME (INS) — It's easy to talk back to a cop in Rome. Something no law-fearing motorist in the U.S. would dare try happens many times a day in the traffic-choked streets of the Eternal City.

And, what is even more strange, the policemen don't seem to take offense. In fact, they expect it!

SHORT ON TEMPER

Roman motorists, notorious for being short on temper and long on the gas pedal, have little patience with policemen who whistle at them for such "trifling" things as ignoring a stop signal or making a wrong turn.

A driver who has been stopped by a cop immediately begins to argue with the policeman without giving him time to explain. Even after he has been told of his offense the driver will persist in arguing that he was right all along.

The policeman (Roman cops appear resigned to the situation) usually will let the offending motorist off with a reprimand. Tickets are served for very serious violations but not often enough. Most fines are for illegal parking.

A driver deliberately went through a red light at a dangerous intersection and sassed the policeman for calling him to a halt. As the policeman approached the car, the driver whisked off in a huff without bothering to hear what he had to say. The cop did nothing.

Another time, a motorist found a ticket on his windshield for illegal parking. He hunted up the cop on the beat and told him off for writing out the ticket, charging at the same time that the mayor "has horns." The cop took it in stride.

Roman drivers openly admit that the talking back is a deliberate and time-honored custom designed to "throw off" the police and put the motorist in the "right."

As one motorist put it: "By shouting and arguing you convey the impression that you are not at fault but that the policeman is wrong in his judgment. Otherwise you would be putting yourself into doubt."

"By remaining silent you would be saying, in effect, 'yes I am wrong and you, the policeman, are right.' That would be foolish."

Asked whether it wasn't probable that the policeman was right and the motorist wrong, the gentleman smiled with a gesture implying, "why go into that?"

The day is long past due in Rome when the motorist meekly and apologetically listens to everything the cop has to say and replies "thank you" when handed a ticket.

Arch Supports Colored

CHICAGO — Arch supports for women are now being made in pastel colors to match the color scheme of their clothing.

Hal Boyle Says:

Dandelion Should Be Our National Flower

NEW YORK (AP)—If America is to wear a national flower in its buttonhole, why not make it the dandelion?

Congress is periodically petitioned to name an official U.S. flower, but so far has ducked a vote. This issue could cause a lot of statesmanlike heads to roll — like petals at the first frost.

Garden lovers are a passionate folk. Knock their favorite flower, and it's worse than kicking their dog around. The angry sap rises in them. The wise politician realizes that picking a national flower

could easily lead to a floral war between the states.

Right now there are two lobbies besieging Congress — some ladies from Atlanta, ardent advocates of the rose; a Midwest contingent which thinks the corn tassel should be the tossing symbol of our land.

The rose lovers, of course, are strictly traditionalists and are the kind of people who pick the New York Yankees every year to win the American League pennant.

Against them is the opinion of many that the rose is a garden snob and not democratic enough to represent America.

The corn tassel crowd claims that the corn tassel is as American as Pocahontas and, furthermore, is the bright harbinger of two of mankind's greatest pleasures — bacon and bourbon. One criticism against it: It is almost as symbolic as a single region, the Middle West, as cotton was of the South.

In selecting a national flower is how to avoid showing regional favoritism.

What can Congress do, faced with a plethora of choices? It names any one of these flowers, it by implication offends the other states and territories. The only remaining possible choice is the dandelion, the golden democrat of lawn and pasture. It is the true all-American flower, a rugged individualist that stands above class or creed. Or local partisanship.

It exports its seeds in clouds of white paratroopers that enrich with new beauty the backyards of the poor and the estates of the mighty. It is the stubborn friend of all. You can't even force this pal to leave you.

In good times you can admire its loveliness. In bad times, or good times, you can make wine from its blossoms, salad from its leaves, all kinds of medicines and a substitute coffee from its roots. It is beloved of children. You can hold its yellow glory under your

best girl's chin and tell if she likes it to vote the dandelion as the U.S. national flower — by acclamation. The easy way out for Congress.

Borneo Colony Yields Earliest Trace of Life

WASHINGTON — The colorful history of Sarawak has been pushed back 40,000 years into the Stone Age.

Recent discovery of prehistoric graves in a vast cave has brought new evidence of early human life in the steamy, equatorial British Colony. Some of the human remains were colored a bright red. Also found were thousands of primitive tools and ornaments made and used by these early people.

Sarawak faces the South China Sea along the northwest coast of the island of Borneo. It has had a romantic reputation as the fief of the White Rajas, the home of the orangutans, and the dwelling place of the "wild men of Borneo."

Far from wild, the Sea Dyaks or Ibans are a gentle, friendly people. They live in their ancestral way along the rivers that provide most of Sarawak's communication.

Each settlement is a single longhouse set on stilts, with separate rooms for each family along one side. A communal space runs the length of the building on the other side like a village street. As many as 60 families may occupy one longhouse.

Dulles, Wife Live It Up Squeezing Lemon Juice

NEW YORK (AP)—Relaxing from the cares of state, John Foster Dulles squeezes lemon juice for his wife, washes and dries the breakfast dishes and splits small wood.

This glimpse of the secretary of state on vacation comes from a log of their latest trip to their cabin on Duck Island in Lake Ontario.

The diary "By Janet and Foster Dulles" was published yesterday in a copyrighted story in the New York Herald Tribune.

Dulles generally gets up at 7 a.m. and starts an open fire going. The lemon squeezing done, his wife gets up, and, if the water is warm enough, she swims.

Breakfast is consumed leisurely in an hour. After Dulles washes and dries the dishes, he dumps the garbage and contents of waste-paper baskets; hauls water, splits small wood, and brings logs and the wood into the cabin for the day's fires.

There is no luncheon at Duck Island. Most of the day, the log reports, the Dulses spend considerable time and effort keeping themselves living comfortably.

The hours from 10:30 to 4:30 are spent in walks, looking for deer, birds and flowers. Maps are tapped for syrup and dead trees cut down, sawed and chopped in the spring.

Summer means fishing, sailing and canoeing. Berries are picked according to season.

On rainy days, Dulles often works on speeches and his wife typewrites for him.

The dinner meal is quite elaborate and carefully thought out. It is cooked largely over an open fire and follows cocktails and hors d'oeuvres—outdoors if weather permits.

A typical dinner includes hickory nuts from the island; raw carrots and celery; tinned lobster, crab or anchovies; broiled goblies or pate de foie gras; soup or fish and meat, generally chops, beefsteak, chicken or veal cutlets;

and two green vegetables; and the cares of state, John Foster Dulles squeezes lemon juice for his wife, washes and dries the breakfast dishes and splits small wood.

That's not all. Pie or homemade pudding follow, salad with French dressing in warm weather; and cheese with pie or, usually, with cognac.

Then, after a walk or canoeing if weather permits, the day closes at 9 p.m. with Mrs. Dulles reading aloud some book of travel or adventure.

President Signs Jobless Pay Bill

Asking \$666 Million More of Congress for Immediate Relief

WASHINGTON (AP)—The jobless pay extension bill was signed by the President yesterday.

And, immediately, Eisenhower sent to Congress a request for an extra appropriation of \$665,700,000 to be used mainly for payments to those whose benefits have been exhausted.

Of the total, \$640,000,000 is for benefit payments and \$25,700,000 for administrative expenses.

The states have an option whether they will go along with the plan, and there is a question of how many can or will take advantage of it.

Many states have reported they would have to get sanction from state legislatures, or even change their constitutions, to accept federal advances of money.

In states participating, insured workers who have used up their benefits through prolonged unemployment will be able to draw additional weekly payments equal to 50 per cent of the total benefits to which they were entitled under their state laws. In most states this will be 13 extra weeks.

The new law, effective in 15 days and expiring next April 1, follows the main recommendation of the President. It is a Congressional substitute for a Democratic-backed measure that would have provided non-repayable federal financing of unemployment relief grants and given idle workers 15 additional weeks of benefits regardless of whether they were in insured jobs.

Out of the more than five million unemployed nearly one million have run through all jobless benefits they had coming and most presumably are still unemployed.

The size of unemployment payments varies with the states but averages about \$30 a week.

DREAD REMINDER — Boys in Moran, Venezuela, view bronze sculpture of a dead disease, Anopheles mosquito, vector of malaria germ.

Premiums on Life Insurance Build Plants, Ships, Planes

Where do your life insurance premiums go? To build ships, factories, jet planes and all the other physical properties of modern day life. Assets of American life insurance companies comprise a tremendous pool of capital: 1,300 companies have resources of 12½ billion dollars. In the following article, first of a series of two, Walter Bussewitz, Associated Press writer, tells how life insurance capital makes the economy run.

By WALTER BUSSEWITZ

NEW YORK (AP)—A crowd will gather on the shores of the Detroit River in River Rouge, Mich., Saturday to watch the christening of a ship that is being built with premiums.

Not the cereal box top variety, but the weekly, monthly and yearly premiums of policy holders of Northwestern Mutual Life Insurance Co., Milwaukee.

The 26,000-ton, 729-foot freighter Edmund Fitzgerald will bear the name of Northwestern's chairman and will be the biggest vessel to ply the Great Lakes. Northwest

turns in 27-cent check From '37 to Pay Bill.

DETROIT (AP)—Tom Fanning, collection superintendent for Michigan Consolidated Gas Co., says a woman paid her bill recently partly with cash and the rest with a 27-cent refund check issued in 1937 by the old Detroit City Gas Co. Fanning says he paid the 27 cents himself since the unclaimed refunds were turned over to the State Board of Escheats years ago.

Pittsford Island has an area of about 1,200 acres.

built the eight-million-dollar cargo carrier for charter to a Cleveland shipping firm.

Most life insurance companies don't go down to the sea in ships. But the 1,300 companies do invest at the rate of 14 million dollars every 24 hours—in everything from bonds for a hospital in a Canadian frontier town to turnpikes, hotels, skyscrapers, apartment houses, shopping centers, cross-country pipelines and a New Mexico pecan ranch.

Holgar J. Johnson, president of the Institute of Life Insurance, says: "Life insurance funds, while waiting call for benefit payment, are dynamic dollars supplying capital, helping to retool the nation in the continuous process of change and creating jobs in all walks of life."

Actually life insurance money today is a major source of investment capital. Funds built from premium payments of 110 million persons have turned the industry into a giant with assets of 102½ billion dollars. Assets climb about five billions a year.

Because of the tremendous accumulation of dollars, the companies long ago began to look beyond their traditional investment channels, such as government bonds, state and municipal bonds, railroad and utility bonds and mortgages.

At Metropolitan Life Insurance Co., the nation's biggest, Frederic W. Ecker, president, says, "We find our funds have a tendency to go where the need is greatest."

Group Plans Reunion for Its Adopted Dogs

KANSAS CITY (AP)—It'll be "Old Grads Day" Sunday at Wayside Waifs, Inc., and all 2,000 alumni are invited.

Every one's a dog.

Wayside Waifs is an organization of about 3,000 members which cares for stray and unwanted animals in an area of 400 square miles in and around Kansas City.

The alumni are dogs it has put out for adoption.

The one coming farthest will get a prize. So will the one adopted longest.

Marines Gain Four Recruits From City

The U. S. Marine Corps Recruiting Substation in Pontiac has announced that three men and one woman from Pontiac enlisted in the Marines during the month of May.

The male enlistees were Robert B. Dorking, 508 S. Jessie St.; Gary R. Hyatt, 235 W. Fairmount Ave.; and Michael N. Morris, 43 City Line Rd.

They were flown to San Diego, Calif., for 12 weeks of recruit training.

The new woman Marine is Jo Anne Bergman, 34 1/2 Hovey St. She

was sent by train to Parris Island, S. C., for eight weeks of recruit training.

More Tankers Built

WASHINGTON — Almost 75 per cent of the nation's present tanker fleet of 328 vessels was built during the 1941-45 period of World War II.

Los Angeles Utilizes 'Vacuum' on Its Streets

LOS ANGELES — The Los Angeles Street Sanitation Department is using a specially built vacuum-cleaner truck to clean streets and parkways. The truck, costing \$10,000, automatically picks up leaves and debris underneath it as it moves along. It also has a flexible hose, oper-

ated by a worker walking alongside, which can get under parked cars and pick up heavier materials missed by the vacuum device underneath the truck.

American farms produced about one-third of the value of their lands and equipment in 1930, as compared with only about one-sixth of their value they were producing in 1900.

Photographs of Sun Taken From Balloon

WASHINGTON — The Office of Naval Research reports that photographs of the sun from a giant Skyhook balloon are the first to be taken above most of the earth's atmosphere. The balloon rose to 81,000 feet in 90 minutes. It carried a powerful

12-inch telescope, a light-sensitive pointing mechanism, and a motion-picture camera. The telescope had a 12-inch, f.8 quartz mirror, and a secondary quartz mirror on a swinging arm which rotates once a second.

About 50 important U. S. crops require pollination by honey bees or other insects.

Perfume Oils, Musk Now Made Synthetically

PARIS — Not long ago it took nearly 25 tons of violets to yield a single ounce of the natural oil for making perfume.

A ton of roses was required for 10 ounces of the natural oil. Today these odors are made synthetically, as is that essential perfume fixative, musk.

Voters in Area School Districts Go to Polls Monday

Pick Trustees for Ed Boards

2 Seats at Stake in Both Rochester and Avondale Elections

Voters in most Oakland County School Districts will go to the polls Monday to elect trustees to their boards of education. Ballots may be cast between the hours of 7 a.m. and 8 p.m.

Two Board of Education posts in each of the Rochester Community and Avondale School districts will be at stake.

Five candidates, including one incumbent, are in the race for the three-year terms on the Avondale Board. They are present board member Armand J. Ferrand, Mrs. Genevieve L. Porter, Thomas F. Galloway, Robert C. Sipperley and John W. Buday.

Edward Turner, the other member whose term expires this year, has declined to seek re-election.

Running for the two three-year terms on the Rochester board are incumbent Henry L. Purdy, Dr. Sarah Van Hoesen Jones and Wallace Furbur.

Rochester School District voters also will be asked to approve renewal of the 3 mill operating tax levy for another five years.

Polls in the Rochester District will be at the following locations: precinct 1, Oakland Township Hall; precinct 2, Avon Township Hall; precinct 3, Avon Community Hall; and precinct 4, Rochester Village Fire Hall.

There are two precincts in the Avon district. Voting in No. 1 will be at the Auburn Heights Elementary School and No. 2 at the Elmwood Elementary School.

Two candidates are seeking two vacancies on the West Bloomfield Board of Education. They are John C. Hall, incumbent, and Jack H. Shuler. Richard McClurg, a member of the board for six years, has declined to run again.

Both terms are for three years. Polls will be at Roosevelt Elementary School, Scotch School and at the West Bloomfield Township Hall.

In the Walled Lake District, Walter E. Horstman is unopposed as he seeks his fifth term on the board.

Two incumbents and one newcomer will vie for two seats on the South Lyon Township School District board. Seeking reelection are Robert F. McCrory and Robert G. Eckert. The third candidate is Lester V. Slauter Jr.

The pair elected will be sworn into office July 1 for three-year terms. Polls will be open from 10 a.m. to 8 p.m. in the South Lyon Elementary School.

Southfield Public School District voters will elect two from a field of 10 candidates.

The two-year terms of Mark W. Rehbine, board secretary, and Ernest J. Coverdill, trustee, are expiring. Both are seeking reelection.

The other candidates include two women, Mrs. Edward Lloyd and Mrs. Sol Siegel. Others are John G. Campbell, Thomas J. Grady, Dr. Milton J. Huber, Daniel F. MacKinnon, William F. Mueller and Clifford Thompson.

Adrian Victim Dies

ADRIAN (AP) — Mrs. Pearl E. Plank, 77, died Wednesday of injuries she suffered in an auto accident. Mrs. Plank was hurt Monday when the car in which she was riding collided with another auto at an Adrian intersection.

JUDITH ANN KOLAR

Mr. and Mrs. Otto A. Kolar of Marlington street, Drayton Plains, have announced the engagement of their daughter, Judith Ann, to Lawrence E. Ben-scooter. The prospective bridegroom's parents are Mr. and Mrs. John Benscooter, former Pontiac residents who now live in Marion. An Oct. 4 wedding at Christ Lutheran Church, Waterford Township, is planned.

COLLEGE GOING UP — This is an aerial photo of construction progress on Colomiere College in Springfield Township. Being built by the Detroit Province of Jesuits, the college will train talented young men of the area to become teachers, pastors, scientists, authors, retreat masters and missionaries. Ground was broken a year ago and completion of the school is expected in 1959. It is located in a beautifully hilly area on Big Lake road, about a quarter of a mile west of U. S. 10.

ented young men of the area to become teachers, pastors, scientists, authors, retreat masters and missionaries. Ground was broken a year ago and completion of the school is expected in 1959. It is located in a beautifully hilly area on Big Lake road, about a quarter of a mile west of U. S. 10.

Resigns as Head of Troy Schools

Board Reneges on Its Offer of Three-Year Contract

TROY—Stuart K. Baker, superintendent of Troy Schools the past 10 years, resigned yesterday because the Board of Education reneged on its offer of a three-year contract.

At a meeting three weeks ago Baker was offered and accepted a three-year pact.

Monday night, however, the board rescinded its previous action and offered Baker a one-year contract instead.

Baker, who had been associated with Troy area schools 29 years, said he had planned to retire when the three-year contract expired.

Boyd Larson, a teacher in the district 12 years, has been appointed acting superintendent until a permanent successor is named. Applications for the position are being taken now; board members said.

Gabs for Nearly 29 Hours to Take Talkathon Lead

FAYETTEVILLE, N. C. (AP) — "Mother," said Mrs. J. C. McCauley's son, "here's a time for you to get something for all that jabbering you do."

So the 49-year-old grandmother gabbed 28 hours, 44 minutes in station WFLE's talkathon race for \$1,500 in prizes and broke the 27 1/4-hour world record claimed by Mrs. Louis Grant, 77-year-old secretary who quit Tuesday afternoon.

"I can still talk, but I felt like it was time to quit," said Mrs. McCauley last night after yielding the microphone to red-haired Mrs. Arthur Catts, a housewife.

Said Mr. McCauley: "I always knew I had a champion."

Pennsylvania Factory Shut Down by Strike

PITTSBURGH (AP)—Pickets shut down production at the General Motors Fisher Body Division in suburban West Mifflin last night. The plant employs 2,000.

A spokesman for Local 544, United Auto Workers, said the workers struck in a dispute over working conditions. He said a one-day strike was planned with production to resume tonight.

Company officials said they knew of no reason for the work stoppage and that no grievance had been filed.

Pickets appeared at the plant gates shortly before the start of the 11 p.m. shift and 200 hourly workers refused to cross picket lines.

The local and national contracts between the company and the union expired at midnight May 29. Local negotiations broke off a week ago Wednesday.

Council in Lake Orion OKs Easement Trade

LAKE ORION—The Lake Orion Village Council at a special meeting last night agreed to a swap of easements with Edgar Barbar, 27 S. Bellevue Ave., on Victoria Island.

The village had sought Barbar's easement for a water line from the island.

The verbal agreement was sent to Harry Slate, village attorney, to be drawn up into a formal pact.

JANET ELAINE THOMPSON

The Rev. and Mrs. O. A. Thompson of Aliquippa, Pa., have announced the engagement of their daughter, Janet Elaine, to John K. Bersche, son of the Rev. and Mrs. G. J. Bersche of Cass Lake road, Waterford Township. The bride-elect and her fiancé are training at Nyack Missionary College in New York for missionary service. They plan to be married next June.

For Walled Lake School

Awards Contract Monday

WALLED LAKE —The contract for construction of the new junior high school will be awarded by the Walled Lake Board of Education at its regular meeting Monday.

Bids opened at a special meeting Tuesday night are being studied.

The board also announced the appointment of Robert Godsey as principal of the Union Lake Elementary School for the 1958-59 school year. Presently a sixth grade teacher in the school, he has been in the Walled Lake system for five years.

Godsey holds a bachelor of arts degree from the University of Denver and a master of arts degree from the University of Michigan.

In other business, the board granted an across-the-board salary increase of \$300 a year to all principals and administrators.

It also was decided to charge churches using schools for summer vacation Bible schools at a rate of \$1.50 a day per room.

Earlier, the service had reported scattered frost damage to cherry trees, but said it would be June 15 before prospects for the season can be determined.

Some Michigan strawberries already have appeared on the market. Yields were expected to be good on acreage not hurt by frost.

The service said some areas of the state still need more rain despite rainfall over the Memorial Day weekend.

A weather summary issued by the service said the period from Jan. 1 to May 31 was the driest in the history of state weather records.

Weekly Fish Fries Begin Friday at St. Patrick's

WHITE LAKE TOWNSHIP—The weekly, summer fish fries at St. Patrick's Church on Union Lake road, between Union and Oxbow Lakes, will begin Friday. Serving each evening will be from 4:30 to 8 p.m.

The fish fries are sponsored by the Altar Society of the church under the direction of its president, Mrs. Gerald F. DeSormier. Proceeds will be used to equip the new parish elementary school.

To Honor Danny Thomas

DETROIT (AP)—Danny Thomas, television and movie comedian, will be honored Sunday at a Detroit dinner by the American Lebanese-Syrian Assn. Thomas is being cited for "outstanding charitable works."

Resigns Heart Unit Post

DETROIT (AP)—Ernest T. Guy, executive director of the Michigan Heart Assn. has resigned, effective July 1, to accept a similar post with the Texas Heart Assn.

Scooter Injuries Fatal

DETROIT (AP)—Gene D. Adams, 16-year-old Detroit, died Wednesday of injuries suffered May 24 when he lost control of his motor scooter and hit a light pole in Detroit. He was the city's 60th traffic fatality this year.

There are about 1,850 farmers mutual fire insurance companies in the U. S., according to the Department of Agriculture figures.

It also was decided to charge churches using schools for summer vacation Bible schools at a rate of \$1.50 a day per room.

Royal Oak Resident Struck by Car, Dies

ROYAL OAK — George Rabould, 37, of 903 Mohawk St., Royal Oak, was fatally injured about 2 a.m. today when struck by a car in downtown Detroit.

He died 45 minutes later in the Detroit Receiving Hospital. Witnesses told police Rabould either stepped or fell into the path of a car driven by Willie Orange, 40, of Detroit. Orange was not held. Police took a statement from him this morning.

Rabould was hit while crossing Woodward avenue at Witherell. He was unmarried and lived with his mother, Mrs. Gertrude Rabould.

SEOUL SHOOT — Southpaw archer draws bow as he prepares to loose arrow at target 200 yards away in Seoul's Sajik Park. He scored 14 hits out of 15 tries in national competition.

Even Alfalfa Hit by Drought

Farmers Should Plan for Emergency Pasture in July, August

Alfalfa, the most drought resistant of Michigan's forage crops, is showing the effects of the county's prolonged rainless weather.

Lake crop reports show that growth of all forage crops has been considerably retarded, according to Jay Poffenberger, Oakland County agricultural extension agent. The soil moisture was almost eight inches short for the period of Jan. 1 to June 1.

This means farmers should be taking steps now to provide some kind of emergency pasture for July and August, Poffenberger said.

"The best emergency forage crop for areas where you grow corn is Sudan grass," he advised, "and Piper is the best variety."

Sudan grass can be planted any time now and should be in the ground before June 15 for best results. Under ordinary conditions, it can be pastured in about six weeks, but the exceptionally dry conditions may delay that time a few more days, Poffenberger said. It is drought-resistant and should provide pasture until frost.

German and Hungarian varieties of hay millets also may be used as emergency forage crops, according to Poffenberger. Millets are better for hay than for pasture. The root systems are shallow and the plants are often pulled up by dairy cows as they are eating.

Poffenberger also suggests using oats as hay or silage during the short pasture months ahead as a way to ease the pasture shortage that is sure to occur.

In cases where the oats are a nurse crop for a seeding, this will serve a dual purpose. Not only will this ease the pasture problem, but it will remove the oats' competition for moisture with the new seeding.

Oats can be pastured or cut for hay or silage. If used for hay, oats should be harvested by July 1. As silage, oats can be used for either summer or winter feed.

School Enrollment in Clarkston Rises

CLARKSTON — The number of children in the Clarkston School District has increased 10 per cent over last year, according to the school census just completed.

The district includes Independence Township and parts of Waterford, White Lake and Springfield Townships.

The census revealed there are 5,605 children through 19 years of age in the district compared to last year's total of 5,029. Of this number, 2,891 are boys and 2,712 girls.

BEVERLY JANE HAMPTON

A B.A. degree in social science was granted by Geneva College in Beaver Falls, Pa., to Beverly Jane Hampton, daughter of Mr. and Mrs. Howard F. Hampton of 34270 Brittany Dr., Farmington. Commencement exercises of the 110-year-old college took place Sunday.

Advisory Council Will Hear Talk by MSU Veep

Dr. Durwood Varner, vice president of Michigan State University, will be the main speaker next Wednesday at the annual meeting of the Greater Pontiac Community Advisory Council.

The council plans to elect new officers, make an award to an outstanding area citizen, and consider revisions in its constitution.

Dr. Varner's talk will be about the MSU-Oakland branch college under construction east of Pontiac.

Circuit Judge Clark J. Adams, council president, will present the award on the basis of a selection by the 150 member organizations in the council. Outstanding community service is the main qualification on which the selection will be made, Judge Adams said.

Constitutional changes will be submitted by David Utley, Pontiac attorney and chairman of a committee formed for that purpose.

The annual meeting is scheduled to begin at 8 p.m. in the City Hall Commission chambers.

Commencement Exercises Tonight at South Lyon

SOUTH LYON—Commencement exercises for the 1958 senior class of South Lyon High School will be held at 8 this evening in the high school gymnasium.

The Rev. Robert Richards of the Livonia Methodist Church will deliver the main address, entitled "Three Bases." Donald K. Smith, president of the Board of Education, will present diplomas to 70 graduates.

Music will be provided by the high school band.

Deaths in Pontiac and Nearby Areas

CLARENCE J. STEWART — Clarence J. Stewart, 50, of 2334 Silver Lake Rd. died yesterday after an illness of two years. Employed as a meat cutter, he was a member of Pontiac Lodge No. 21 F&AM, and the Presbyterian Church of Paris, Ont. Surviving besides his wife, Dorothy, are a daughter, Pamela at home; a sister and three brothers.

Service will be at 2 p.m. Saturday from the DeWitt C. Davis Funeral Home. His lodge will conduct the graveside service at Oak Hill Cemetery.

MRS. HENRY KLINGER

MILFORD — Service for Mrs. Henry (Mary M.) Klinger of 3773 Orchard Dr., will be held at 1:30 p.m. Saturday at the Aldred E. Crosby Mortuary in Detroit. Burial will be in Forest Lawn Cemetery, Detroit.

Mrs. Klinger died yesterday at the Malcolm Palmer Convalescent Home in Farmington after a long illness.

Surviving are two daughters, Mrs. Willard O'Rourke of Detroit and Mrs. Roderick Polzin of Rochester; three sons, Omar of Birmingham, Alvan of Detroit and Walter of Clinton, Ill.; nine grandchildren and two great-grandchildren.

JAMES S. LEACH

MARLETTE — Service for James S. Leach, 78, of Marlette, was held yesterday afternoon at the Marlette Church of Latter Day Saints. Burial was in the Marlette Cemetery.

Mr. Leach died Sunday at the home of his daughter, Mrs. Marion Nissen of Detroit. He was a member of the IOOF Lodge No. 271 and was employed by the Pere Marquette railroad for 24 years.

Surviving are his wife, Julia; his daughter and two grandchildren.

HARRY K. McDANIEL

HOLLY — Service for Harry Knight McDaniel, 46, of 401 E. Maple St., will be held Friday at 2 p.m. at the Dryer Funeral Home. Burial will be at the Lakeside Cemetery.

Mr. McDaniel died Tuesday night of a heart attack at McLaren Hospital in Flint.

A member of the Holly Kiwanis Club, Holly Board of Commerce and Masonic Lodge No. 134.

He was the owner of the McDaniel tank plant in Holly.

Surviving are his wife, Loretta; three daughters, Mrs. Nettie L.

Rickerman, Jean McDaniel, both of Detroit, and Sister Harold Marie (Dorothy McDaniel) of Detroit; three sons, George, Gerald and Harold, all at home; his mother, Mrs. Nettie McDaniel and one sister, Marilyn McDaniel, both of Holly.

Survey Reports on Unemployed

One in 5 Semiskilled, Unskilled Workers Out of Jobs, Study Shows

ANN ARBOR (UPI) — A University of Michigan study indicates service workers and laborers are the hardest hit among the Detroit-area's unemployed.

And the average age of the unemployed workers in these hard hit groups is 36-40 years younger than the ages of blue collar workers who are still employed.

The U-M Detroit area study, which showed that two thirds of the unemployed are factory workers, indicated the jobless workers were more likely to fall into the following categories than their still employed fellow workers:

They are younger, Southern born, Negro, live in the city instead of the suburbs, rent rather than own their own home and have a "substantially lower 1957 family income."

The study reported most of these differences were associated with low job seniority.

Only one in 33 white collar workers were unemployed, the study said, while one in 10 skilled workers were jobless and one in five semi-skilled, unskilled or service workers were out of work.

Young Rebels Rout Teachers in South Africa

JOHANNESBURG, S. A. — Fear of rebellious pupils is helping to drive teachers in South Africa from the profession and thus making the teacher shortage more severe, educators in Johannesburg claim.

Insubordination is rising and these teachers say. The principal reason they offer is that parents who want their children to grow up assertive and self-confident, encourage them to be rebellious. Brunt of the new "freedom" philosophy and to make it more difficult, have been deprived of their right to quell trouble by inflicting corporal punishment, it is pointed out.

Caning, now inflicted only under certain conditions, is "a mere shadow of the disciplinary force it once was."

State Mental Health Unit Forced to Slash Staff

LANSING (UPI) — Budget cuts will force the mental health department to reduce its staff by 270 and its patient load by 360, Gov. G. Mennen Williams was told yesterday.

Williams received the report from Mental Health Director Charles F. Wagg during a meeting of education, mental health and welfare officials called to determine what adjustments will be necessary to come within budget limits set by the Legislature.

Wagg said most of the personnel cuts will be in maintenance operations. He said hospitals will have to limit service to both children and aged.

Budget Head Promoted

DETROIT (AP) — Detroit Budget Director Robert S. Reason was promoted Wednesday to deputy city controller by Mayor Louis Mirani. Named to take Reason's place was assistant budget director Edward J. Nowak. No one was named to Nowak's job. Both changes are effective July 1.

OFFICIAL'S FUNERAL — Clerks that worked many years with Oakland County Clerk Lynn D. Allen yesterday carried his casket out after services in the First Presbyterian Church. Several hundred friends of Allen packed the flower-filled

church to hear Dr. William H. Marbach pay high tribute to the man that served Oakland County 25 years before his death May 31. His body was laid to rest in Ottawa Park Cemetery.

To Seek Aid in Capital to End Gas Price War

DETROIT (AP) — Two officials Assn. of Michigan plan to go to Washington tomorrow to enlist help in ending the Detroit area's gasoline price war.

Cash B. Hawley, association general manager, and John W. Neringer, executive secretary, said they would present their case to the Federal Trade Commission and Sens. Patrick McNamara (D-Mich.) and Charles Potter (R-Mich.).

Hitchhiking is prohibited by law in 26 states.

Grand Haven Plans Tree-Lined Preview

GRAND HAVEN (UPI) — Shopers in downtown Grand Haven soon will get a sneak preview of the city's planned conversion of the business district to a tree-lined mall.

From June 12 to 21 traffic will be routed around a two-block area of the downtown area. Fifty trees will be placed in each block, displays will line streets, playground

equipment moved in for children and stores will remain open Thursday, Friday and Saturday evenings.

More than 90 per cent of the city's merchants have contributed to the \$5,000 budget for the mall.

"Projection 60" is the first step by downtown merchants to stimulate progress towards creation of a permanent shopper's mall in the early 1960s.

Tumacacori national monument north of Nogales is the site of well-preserved ruins of early Spanish missions.

Urges People to Buy Bonds

Defense Official Says It Costs \$50,000 Per Minute to Defend U.S.

DETROIT (UPI) — Assistant Defense Secretary Perkins McGuire appealed to the public today to buy government savings bonds, pointing out it costs \$50,000 a minute to defend the United States.

McGuire, the Defense Department's top supply and logistics officer, made his plea in a prepared address for the Detroit savings bond campaign.

To demonstrate the need for purchasing bonds, he said: "A stack of dollar bills as high as the 555-foot Washington Monument would not pay for one modern jet plane."

—An Air Force plane which cost about \$10 a pound in World War II, will cost \$70 or \$80 a pound to build in two or three years.

—A single missile now costs more pound-for-pound than platinum, and an eight-million-dollar B52 bomber is more expensive than its weight in silver.

—At the present rate of military contracting, defense costs are running about 72 million dollars per day or \$50,000 a minute.

These facts, McGuire said, only "dramatize the immense burden that Soviet imperialism has saddled on the backs of the American people."

Proposes County Merge Clerk and Deeds Offices

Oakland County supervisors today heard a recommendation from the board's Special County Government Study Committee that the offices of county clerk and register of deeds be combined.

The nine-member committee, headed by John L. Carey of Springfield Township, made the proposal in a resolution to the majority of the supervisors meeting in a special six-county meeting in Detroit.

The full Board of Supervisors has set a June 13 meeting at which time it expects to act on the proposal.

The committee, appointed Oct. 7, 1957, said combining the two county positions would be "in the interests of efficiency as well as economy." It urged that the merger "be done at the earliest opportunity."

Members of the committee, named to find ways to streamline Oakland County government, cited Section 3 of Article 8 of the state constitution as authority. It reads in part: "The board of supervisors in any county may unite the offices of county clerk and register of deeds in one office or separate the same at pleasure."

The move followed closely the death of Lynn D. Allen, clerk of Oakland County for 25 years. The four Circuit Court judges, who have the duty of appointing a successor, have arranged a tentative meeting with Carey's committee tomorrow morning to discuss the merger proposition.

SGT. HUGH T. SIMPSON

Sgt. Simpson Heads Police Association

Sgt. Hugh T. Simpson has been elected president of the Pontiac Police Officers Assn. Tabulations of the voting which has been held over the past three days was completed this morning.

Other officers elected are: William B. Newman, vice president; Thomas L. Herford, treasurer; Richard G. Evans, secretary, and Park I. Nique, sergeant-at-arms.

The new officers will be installed Wednesday night.

Hold-Line Tax Bill Set for House Vote

WASHINGTON (AP) — A reluctant House was ready to vote today to continue business taxes at present levels for another year.

Many House members would like to cut personal income levies and other taxes this election year. But congressional leaders and the Eisenhower administration are teaming to hold the line in the face of anticipated big budget deficits this year and next.

Rossellini's Attorneys Calling for Annulment

ROME (UPI) — Annulment proceedings of Swedish actress Ingrid Bergman and Italian director Roberto Rossellini were in recess again today until June 30.

The proceedings re-opened yesterday but were adjourned after Rossellini's lawyers reiterated their arguments that Miss Bergman's first marriage to Swedish doctor Peter Lindstrom was not dissolved according to Swedish law when she married Rossellini.

Public Turns In Books

DANVILLE, Va. (AP) — The public library here declared amnesty on fines for overdue books returned during National Library Week. The public turned in 410 books, some with penalties due of as much as \$20.

Resume Talks on Auto Pacts

UAW Warns Members Negotiations May Last for Long Time

DETROIT (AP) — Contract negotiations covering more than half a million auto workers resume today, tempered with a union warning that the talks might go on for a long, long time.

Negotiators from the United Auto Workers meet separately with General Motors, Chrysler and Ford, whose contracts with the UAW have run out.

GM and the UAW met for nearly three hours yesterday, while the Ford-UAW session lasted only 20 minutes.

There appeared little reason to believe any of the Big Three or the UAW would make a quick move to break the stalemate.

Spokesmen for the various companies indicated they were standing firm on their offer of a slightly sweetened two-year renewal of the contracts that ran out.

There were no reports of incidents involving workers or management employees as the companies continued to operate.

Five-Year Plan Beat by Babies in Soviet Zone

BERLIN (INS) — East Germany has scrapped, revised, overhauled and rescheduled its 1955-60 five-year plan time and again but there is one thing that defies Communist economic genius: It's the diaper production.

A rather acrid exchange of letters in "Neues Deutschland," the East Berlin party organ, reveals that diapers are still hard to get. Although the economic planners have decreed East Germany to be self-sufficient in diapers, it was admitted in Neues Deutschland that 25 per cent of East Germany's diaper consumption was imported both in 1956 and 1957.

And despite another revision of the five-year plan, diaper experts say there will have to be 13 per cent imports in 1958.

10 Sets of Twins Have Teachers Needing Holiday

MUSKEGON (UPI) — Teachers at Muskegon's East Park Elementary School need a vacation to rest up from the year of confusion caused by the school's 10 sets of twins.

Kindergarten teachers have had it the toughest. Four of the 10 pairs of twins are in that grade. As yet none of the twins has pulled deliberate switches to puzzle teachers although there have been some cases of accidental confusion.

"I'll never forget how bad I felt one afternoon," said principal Mrs. Naomi Witt. "I saw one of the boys running down the hall so that night I kept him after school."

"He sobbed and tried to talk, but I told him, 'Now don't deny it. I saw you running and you know that's against the rules.'"

"He took it like a little trooper and it wasn't until the next day I discovered I had the wrong brother," said Mrs. Witt.

Frantic Parents Fail to Save Baby's Life

ENGADINE (AP) — A grief-stricken young couple left this remote Northern Michigan hamlet for Niagara Falls, Ont., today, leaving behind the body of their 10-month-old daughter.

Despite frantic efforts of Harry W. Hotchkiss to breathe air into her lungs, his daughter Leah suffocated yesterday after becoming ill in the family car.

Hotchkiss, a chemical engineer for Kimberly Clark Corp., was en route from his former home in Neenah, Wis., to a new position with the company's Niagara Falls office.

When the baby became ill, he and his wife turned off U.S. 2 and sped two miles north to Engadine to seek a physician's aid. There they were told the nearest doctor was at Manistique, 45 miles southwest.

A phone call brought Dr. Duane Waters and a state police car equipped with a resuscitator speeding from Manistique. But the baby died as Hotchkiss was trying to breathe air into her lungs.

The body will be shipped to Niagara Falls for burial.

FATHER has a day coming

The Most Useful Gift Possible

USE A KENMAR *Swing King* VIBRATOR PLUS SPEED CONTROL

Flip the Vibrator switch—to the speed you prefer. Get instant soothing massage action to shoulders, back and legs. Deep, penetrating action—like gentle, probing fingers—helps relax tired muscles and nerves—stimulates circulation—often helps relieve aches and pains! The Swing King reclines automatically to any position.

Our greatest chair value, the nationally advertised Swing King Vibrator costs no more than an ordinary easy chair... costs far less than other massage chairs. Choice of smart coverings and colors.

House of Lords to Pay Members

LONDON (NEA)—No one knows how many of Britain's 850 peers attend the House of Lords with peanut butter sandwiches tucked in their coronets.

No statistics are kept of the number of duchesses who darn their husband's socks, nor of the earls who put cardboard in their shoes to keep out the rain.

LARGE NUMBER

Their number must be considerable, however, for the peerage runs the gamut from multi-millionaires to total indigence, according to The Economist. "There are peers in doss houses and peers in castles," the Economist states flatly.

Now happily, all this is to be changed. For their lordships, the peers of the realm, have just voted themselves an expense allowance amounting to \$10 per day, tax free, for every session attended.

For the first time in its 1,000-year history, the House of Lords is to pay its members for their labors.

DESPERATE MOVE

The move is a desperate one on the part of the Macmillan government to pump new life into the House of Lords and to bolster up its sagging attendance.

And already it has had unexpected results. Among those lured from retirement by the pelf is Lord Grey de Ruthyn, 75, who has boycotted the House of Lords for the past 18 years because he could not afford to attend.

While Lord Grey could scarcely be called an infusion of new blood, he promises some lively debates. For Lord Grey is president of the League Against Cruel Sports, and, as such, he will sit in the Lords as a representative of man's four-footed friends.

LIKES ANIMALS

"Suez and things like that leave me cold," declares his lordship. "But I have always wanted to get up in the House and speak for the animals. They have so few friends in high places."

Officer Learns Paddy Wagon Escape Proof

KLAMATH FALLS, Ore. (INS)—Police officer Fred Olin learned the hard way that Klamath Falls' paddy wagon is escape proof.

He parked the paddy wagon in front of the police station at 3 in the morning and entered the back section to take out a prisoner. The wind blew the door shut.

Some time later a police car pulled up behind the paddy wagon and its occupants heard Olin's somewhat sulphurous words coming from the parked vehicle. They turned him loose.

"One thing I'll say," Olin told them after he cooled off. "That paddy wagon is made of real good material. I couldn't pry open the door or even jimmy the lock."

It will take more than Lord Grey and ten bucks a day expenses to save the House of Lords, in the opinion of most observers. Britain's second chamber is slowly dying from lack of interest, as reflected in its poor attendance, they assert.

If the House of Commons is "London's best club," as Sir Winston Churchill once asserted it was, the House of Lords is a morgue, a sort of elephant's burial ground where tired political pachyderms go to rest.

One no longer speaks of a man being elevated to the peerage, but of him being buried with honors in the Lords.

Of its 850 members, only a quarter take an active interest in the House of Lords; and of these, about 100 are in regular attendance three times a week. A head count of 80, which is the number who showed up to vote themselves expense allowances, is considered normal.

Not all of Britain's peers are eligible to sit in the House of Lords (some have not bothered to take the oath to the Queen). Irish peers have no seats, though some Irish peers have a subsidiary U.K. peerage giving a seat. Scotch peers elect 16 from their number to represent them. Peers in their own right are not, as yet, admitted.

The lords temporal are swelled by the lords spiritual, meaning the Archbishops of Canterbury and Westminster plus the 24 senior bishops of the Church of England.

Mechanic Finds Watch Inside Automobile Tire

MONON, Ind. (U)—Garage mechanic Mike Stiller found a wrist watch inside an automobile tire he was repairing and showed it to tire.

Bernie McCombs, a competitor.

McCombs identified the timepiece as his and said he lost it while repairing the same tire several weeks before. The self-winding watch, still running, had traveled some 700 miles inside the tire.

Leading in Chocolates

GENEVA—Switzerland and England, with annual per capita consumption of 33.2 pounds, lead the world in chocolate consumption. Germany's consumption averages 8.1 pounds.

Pope Permits Nun to Marry

She Weds Man Thought Dead After Romance of 20 Years

FLORENCE, Italy (AP)—This is the story of a man who returned from the dead and a nun who obtained the Pope's permission to marry him.

It started 20 years ago in the central Italian hill town of Falciano, near Arezzo, south of Florence. Alba Guidotti, a pretty girl of 15, and Rinaldo Matesini, 16, became engaged.

A year later, in 1939, war came. Rinaldo was called to arms. Before he could wed Alba, he was sent off to Greece.

Word came in a few months that Rinaldo was dead. Alba, grief-stricken, entered a nearby Roman Catholic convent and took the vows of a cloistered Benedictine nun.

Rinaldo, however, was not dead. Wounded, he was shuttled from hospital to hospital. Not until 1946 did he return to the Arezzo hill country to learn Alba had entered a convent.

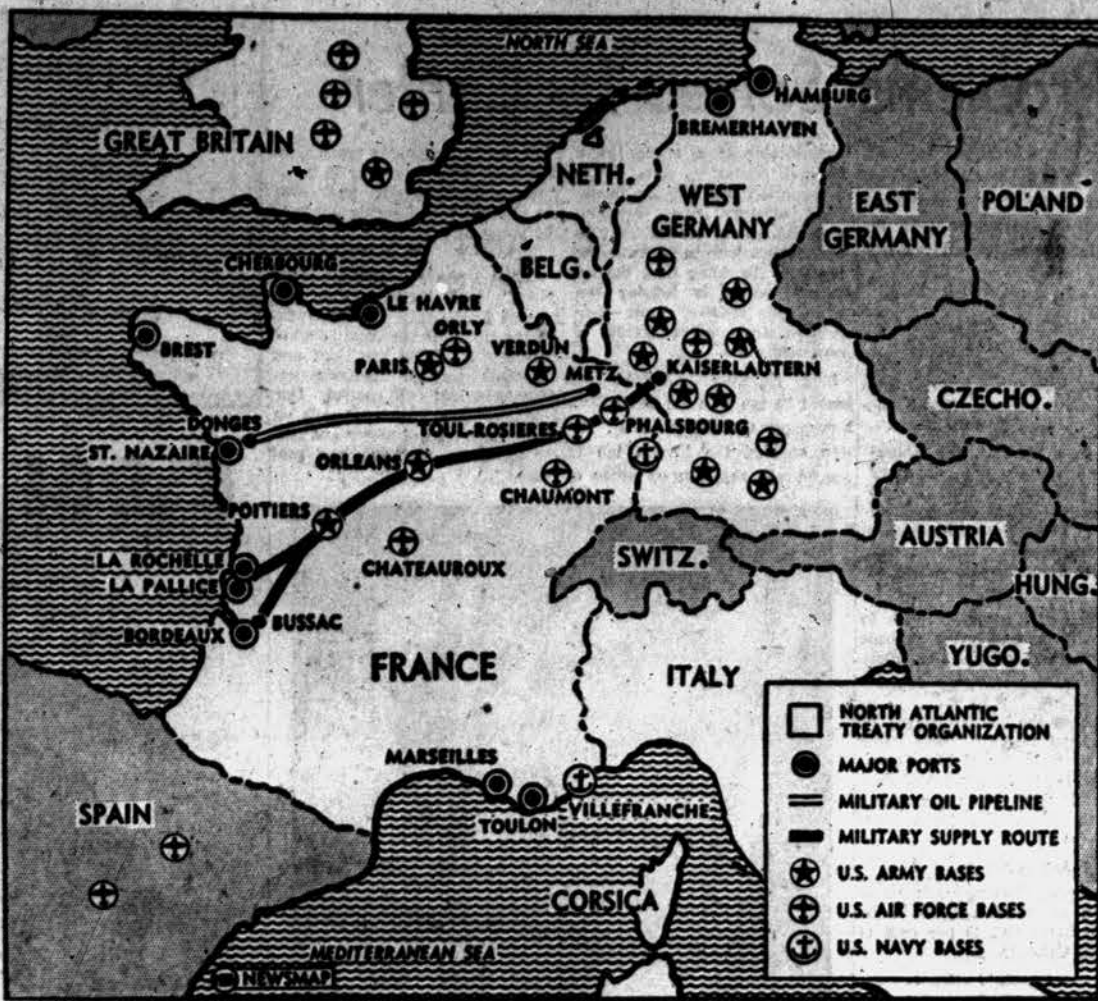

Eventually he arranged to meet her in the presence of the mother superior of the convent. Alba decided to ask to be released from her vows.

Ten years later, last November, came the word that Pope Pius XII had granted her the release. It was a long time to wait, but the church considers such dispensation a grave matter requiring the fullest study.

A month ago Alba and Rinaldo were married in the Falciano parish church. Early this week their story became known to Italian newspapers, and today church authorities at Falciano confirmed that the wedding has the blessing of the Holy See.

Insect Lab Opened

CORVALLIS, Ore.—A \$35,000 laboratory for studying forest insects has just been completed at Oregon State College.

U.S. Stake in French Crisis ---

The political crisis in France has focused attention on that nation's vital geographical position in the North Atlantic Treaty Organization.

As newsmen above shows, France is the major port of entry to the continent. Across her run the main supply routes, with their attendant warehouses, depots and repair shops for U. S. troops in West Germany, free Europe's first line of defense.

The United States has invested 1.5 billion dollars and eight years in building up a huge military and supply complex within France, containing material worth another billion.

The 371-mile pipeline was built at a cost of 60 million dollars. On French soil are 55,000 American troops and 50 air base sites used by NATO nations, besides numerous U. S. military installations. There are 200,000-plus troops in West Germany.

Should France pull out of NATO, not only would French troops, ports and bases be lost, but Kaiserlautern, main U. S. base in Germany, would be cut off. The German ports of Bremerhaven and Hamburg are too close to Red territory to be relied on.

A route across the Low Countries could be constructed, but at an immense expenditure of money and time.

Each year in the United States developments, factories and high-1,250,000 acres of farmland are ways, reports the Department of taken out of cultivation for housing Agriculture.

Since the open pit iron mine material than was originally ex-here in northern Minnesota was caved for the building of the opened in 1895, it has yielded more Panama canal.

Owner of Noted Bar in Paris Dies at 67

PARIS (AP)—Harry McElhone died of a heart attack Tuesday but Harry's New York Bar—haunt of the 1920's Lost Generation and of American tourists ever since—will keep right on going.

Everybody who was anybody, and thousands of people who weren't, hung out at 5 Rue Danou. "Just tell the cab driver 'Sank Roo Doe Noo'" was the slogan, and it fetched in a very high pro-

portion of Americans visiting Europe.

Harry, a phdels little Scot whose perpetual cigar was almost bigger than he was, took over the bar shortly after World War I. Soon it had Ernest Hemingway, F. Scott Fitzgerald, John Gunther, Vincent Sheean and a long list of others as regular customers. They spread Harry's fame.

McElhone tended bar at New York's Plaza Hotel during World War II but was back at the liberation and soon going strong again.

Harry was 67 when he died. His son Andy has taken over and intends to keep up the old atmosphere.

Home Loan Insurance Again Handled by FHA

WASHINGTON (AP)—The Federal Housing Administration is back in the home loan insurance business again after a brief shutdown last week when it ran out of loan authority.

President Eisenhower signed legislation yesterday authorizing the FHA to insure an extra four billion dollars in mortgages.

FHA Commissioner Norman P. Mason said because of the Memorial Day holiday the halt involved only three working days. Processing of applications continued during that time, he added.

A PLACE FOR EVERYTHING—That polished stove is where most of us would like to put our bills. In this case, however, it is part of a unique mailbox erected by Mr. and Mrs. Walter Archer of Brunswick, Ohio. As if it weren't distinctive enough by itself, it is painted a bright aluminum. That's Mrs. Archer collecting the day's mail from the departmentalized mailbox.

'Meaning in Modernism'

Renaissance Art Expert Defends Abstract Style

CHICAGO (INS) — Many a visitor to a showing of modern abstract paintings has come away muttering: "It's crazy. Just meaningless junk."

However, John White, 33-year-old Briton who is an authority on the beautiful, harmonious and controlled paintings of the Renaissance period, defends the controversial modern art form.

"It's true," he said today, "that pranksters have walked away with prizes for canvases they have gleefully splattered with paint helterskelter."

"But in most cases, the experts can distinguish the frauds from the works of sincere artists whose paintings show basic art principles, emotion and meaning."

Currently teaching and lecturing at the University of Chicago, the

visiting professor from the University of London's Courtauld Institute of Art said:

"There are definite excesses, naturally, on the showmanship side, but many artists are going through personal discomfort to pursue what they feel is art."

White is lecturing on the Italian Renaissance artist Raphael whose versatility and power from almost miniature scale paintings to giant frescoes has been hailed as without equal.

"Raphael, using perfect balance and harmony, was able to show the tremendous tension and struggle of his days," said White.

California's giant redwood trees grow from seeds that are only about one-sixteenth of an inch in length.

Mecca for American Press

Newspaper Problems Solved by Center

EASTON, Pa. (AP) — This community — 90 minutes from Broadway and Independence Hall — has become a mecca for newspapermen this side of the Iron Curtain.

U.S. Explorer Receives Award

Hubbard Medal Given P. A. Siple for Antarctic Adventure

WASHINGTON — One of geography's highest awards has been bestowed on Dr. Paul A. Siple, civilian leader of the first group of men ever to winter at the South Pole.

Chief Justice Earl Warren presented the National Geographic Society's Hubbard Medal to the polar veteran in ceremonies March 28 in Washington, D. C. In connection with the ceremonies Dr. Siple narrated an extraordinary color film of the Antarctic adventure to some 7,000 Society members of the capital area.

The gold medal, which has been awarded only 15 times heretofore, bears this citation: "To Paul A. Siple, whose bold Antarctic explorations and researches spanning 30 years have broadened the horizons of geographic knowledge."

Over three decades Dr. Siple has made six journeys to the Antarctic and spent 64 months there — more than any other man in the world.

In his history-making winter at the United States station at the South Pole itself in 1957, he headed a mission of nine civilian scientists and nine Navy technicians who braved the coldest temperatures ever endured by man — as low as 102 degrees below zero.

Dug in against darkness, cold, and wind, the men studied secrets of the frozen continent as a United States contribution to the International Geophysical Year.

"We were surprised to find that at the Pole the wind blew all winter long, averaging between 15 and 20 miles an hour most months," Dr. Siple writes in reporting his experiences. "Nevertheless we found that we could work outside, even in the wind, at temperatures below minus 80 degrees."

In the mecca is the only research laboratory in the world devoted exclusively to putting the mechanical problems of newspapers under the scientific eye of trained research men.

INITIATED IDEA

The American Newspaper Publishers Assn. initiated the idea in 1946. Three years later it started the studies in the downtown area of this eastern Pennsylvania community on the Delaware River.

On June 29, 1951, the laboratory moved to a new, one-story brick building of 2,400 square feet on the city's outskirts. In 1955 an addition of 2,000 square feet was opened. The structure and its contents are valued at more than \$500,000.

Today its 24 employees work to achieve faster and better methods of producing newspapers more economically.

Last year the laboratory had 358 professional visitors. They came from all over the United States, Canada, Denmark, Sweden, Japan, Australia, England, Central and South America, the Netherlands and Germany.

PARTY ASTOUNDED

The center does research for 90 per cent of the newspapers in the United States and 50 per cent of those in Canada.

Its developments often are as

New Guinea May Obtain 1960 Science Meet

PORT MORESBY, New Guinea — A seagoing conference plan may bring to New Guinea its first meeting of the Australian and New Zealand Assoc. for the Advancement of Science (ANZAAS) in 1960.

If the ingenious plan is worked out, the association will charter an overseas liner capable of carrying up to 1,000 people and during the conference she will lie, in turn, off the ports of Moresby, Samarai, Madang, Lorengau, Lae and Rabaul.

The original British association was formed in 1831 and the "Down Under" organization, on exactly the same lines, was formed in 1888. General conferences are held at two-year intervals.

The 1958 meeting will be in Adelaide, New Guinea could not house such a big gathering ashore.

unnoticeable to a reader as a baseball manager's signs are to a spectator. But like the manager's strategy calls, bringing victories, so the laboratory tells newspapers how to improve the product. In doing this, the research center is helping the newspaper industry meet competition from other forms of communication.

Last November, ANPA integrated its lab with the Institute of Newspaper Operations (INO). The step enabled the Easton lab to concentrate research on areas of

high cost in newspaper production. The INO, which employs 10 in its Chicago headquarters, took over the industrial engineering phase of the program.

"Each phase balances the other," said Taylor. "Our engineers in the field can help publishers to get the best out of presently available machines and materials through methods improvement and cost control. Our laboratory scientists can work on the development of newer and better machines, materials and processes."

IMPROVING NEWSPAPERS — An employee at the American Newspaper Publishers Assn. research center in Easton, Pa. adjusts a newspaper plate to a machine which will determine how much the plate will be distorted by centrifugal force.

DREWRY'S BEER

Lakes Pilotage Treaty Sought

U.S. Group Planning to Ask Negotiation of Treaty With Canada

ANN ARBOR (UPI)—The Great Lakes Commission will ask the federal government to negotiate a treaty with Canada to regulate pilotage on the Great Lakes.

Executive Director Marvin Fast said the proposed treaty would create an international commission empowered to control the use of pilots "in the public interest" once the St. Lawrence Seaway opens.

Fast said a law is now before Congress that would make the use of pilots mandatory for foreign ships sailing on the Great Lakes. But there is no provision in the law for "certain regulatory features" states on the Atlantic, Gulf and Pacific coasts now incorporate in their laws on pilotage.

Fast was referring to the fact that the law passed by the House but pending before the Senate would not regulate such things as the number of pilots, their qualifications and their fees. Nor would it provide methods for settling disputes, such as those now laid down by coastal states which handle international shipping.

These things, Fast said, "are apparently absent from the bill now under consideration in Congress."

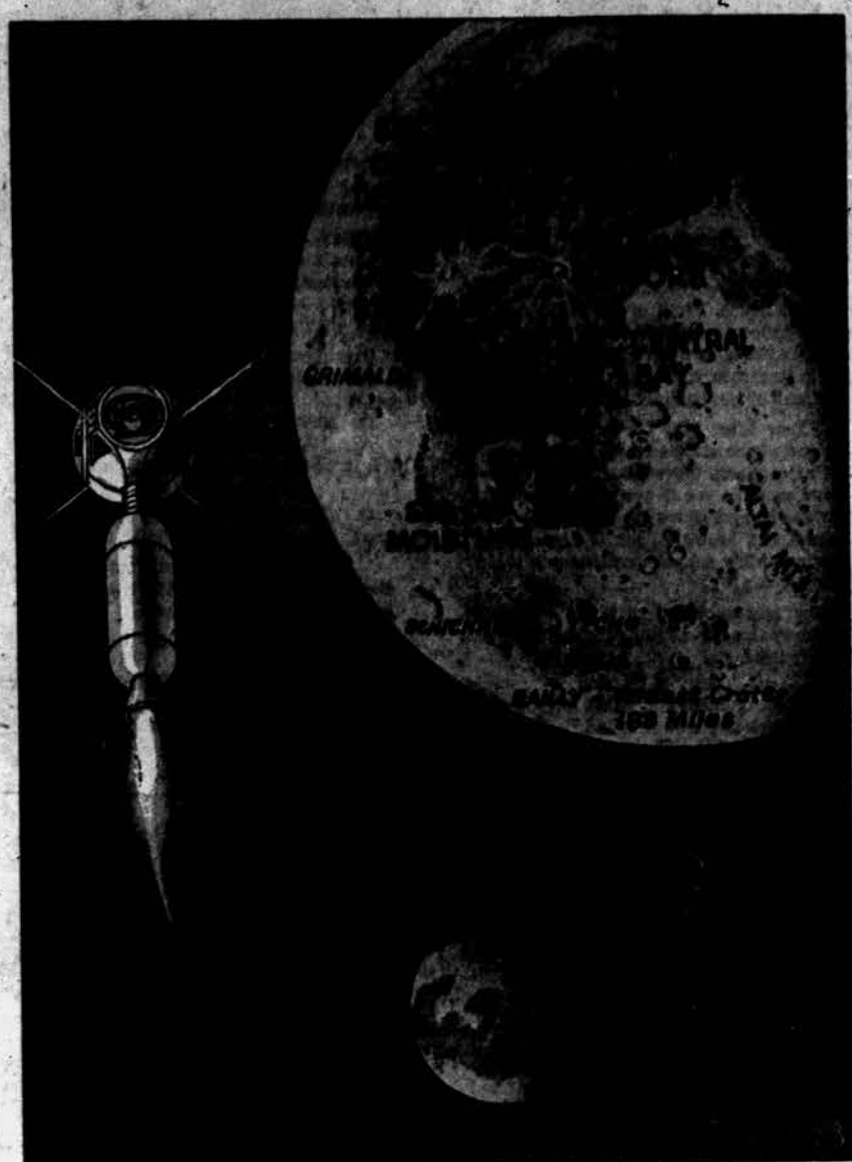

Fast also said the commission, which met here yesterday, felt the treaty method of regulation would be better for the Great Lakes than one-sided action on the part of the U. S.

At present, foreign ships on the Great Lakes are not required to take on pilots but usually do, Fast said.

Farmers Use Feathers for Chicken Feed

CHICAGO—According to the Illinois Institute of Technology, some 200,000,000 pounds of chicken feathers left over yearly from the nation's poultry market can be used as chicken-feed supplement.

Treated by heat and pressure, the feather-derived food is said to be rich in amino acids.

FOCUS ON THE MOON . . . IRE SAYS — President Eisenhower has put the U. S. into the race to the moon by ordering the Army and Air Force to fire four or five rockets "to the vicinity of the moon." Hurling some 240,000 miles through space, the rockets (probably a combination of the Air Force Thor and Navy's Vanguard)

will carry television instruments to take "a close look at the moon." Artist's drawing, above, shows what the "spy in the sky" might look like and some of the huge craters and other surface features of the moon which will be studied. The first of the "lunar probe" rockets is expected to be fired in the next seven to nine months.

His Hobby Is Making Crowns of Tin Cans

IRVINGTON, N. J. (AP)—A purse from a sow's ear? Richard Stier makes crowns out of tin cans as his hobby. Stier, a

diamond cutter by profession, fashions replicas of famous crowns from tin obtained from cans and costume jewelry. Cost: No more than \$3 per crown, he says.

Lake Champlain includes about 50 separate islands.

Club Payments Climb

NEW YORK — Christmas Club payments throughout the nation in 1957 totaled 1.2 billion dollars, an increase of \$37,999,999, or 3 per cent, over 1956.

'Miracle' Cures Asked There

Koreans With Problems Seeking Out 'Mother Cha'

SEOUL (INS) — People who believe in miracles are beginning to take notice of "Mother Cha" and her private house of worship in Seoul.

More than 200 people gather there each day, rain, snow or shine, to seek miracle cures for all the ills of the world—mental, physical and spiritual.

Among the devotees are former cabinet ministers, civic leaders, street vendors — sinners and saints from every walk of life.

The place of worship is a modest but well-kept one-story stucco house occupying one of the best sites in Seoul's most exclusive residential section, generally known as "the gold coast."

The central figure in the "miracle house" is a 62-year-old widow — Mrs. Cha Yung Eun—who is simply known to her followers as "mother."

A Protestant by faith from childhood, the genteel-mannered widow retains her reputation as South Korea's "first lady of miracles" by producing reported cures of all kinds through what she calls "guidance from God."

Mother Cha's "guidance cures" are taken for granted by her devotees. She is supposed to "cure anything." Some of the "case histories" of reported cures include:

—A child born mute is said to have suddenly found her voice after daily visits to the "miracle house" for six months. The child's mother now visits Mrs. Cha as regularly as the tax collector.

—Another child suffering from paralysis of the legs is reported to have fully recovered after daily massage of the limbs by the lady.

—A chronic asthmatic, pronounced incurable by physicians, is said to have regained his health by sitting in on daily "meditation sessions."

Mother Cha's cures are not limited to physical ailments. She gives her "guidance" in worldly matters, too, even politics.

Daily visitors seeking "spiritual guidance" include the wife of a one-time Mayor of Seoul, the wife of a former vice minister of finance and a factory owner who became prosperous after his contact with Mother Cha.

She explains: "I am just paying my debt to God. I was born to serve mankind."

Insurgent Dems Reveal Ticket

Homer Martin Pitted
Against Hart for Party's
Senatorial Nomination

DETROIT (U) — Homer Martin and an Upper Peninsula radio executive head the nomination slate of insurgents of the Democratic Party.

The Democratic Club of Michigan, Inc., announced its slate in opening campaign headquarters here yesterday.

Martin, onetime president of the United Auto Workers Union and recently head of a farm milk producers group, is a candidate for the Democratic nomination for U. S. senator. He will oppose Lt. Gov. Philip A. Hart.

The Democratic Club's choice for governor is William L. Johnson, head of an Upper Peninsula radio station group. Johnson is to be a foe of Gov. Williams.

For Lieutenant governor the insurgent group has named Michael T. Mohardt, former deputy state securities commissioner. He will oppose State Sen. John B. Swainson.

The Democratic Club also chose candidates for the party's nominations to congress.

Former Congressman Frank Hook of Ironwood is one of them. Hook will try for the nomination from the 12th District. He served the district for six terms as a Democrat.

Other candidates are William A. Kent of Ann Arbor, Second District, and John P. Hurns of Birmingham, 18th District.

The Democratic Club said it will go to Lansing June 16 to qualify its candidates.

Detroit Banker Raps U.S. Exhibit at Fair

DETROIT (U) — A Detroit banker and attorney visiting the Brussels World Fair calls the U. S. exhibit at the fair "a tragic mistake."

Oliver D. Marcks, president of the Equitable Detroit Co., so described the exhibit in a letter to a Detroit newspaper. He called it "definitely second or third class."

Marcks criticized the "Madison Avenue advertising industry," an apparent reference to New York City advertising men.

"If the brains of the Madison Avenue advertising industry is behind the exhibit," he said, "Madison Avenue does not understand entirely the American mind and certainly not the European mind."

Of the total Texas income from agriculture, about 45 per cent is derived from livestock operations.

ISOLATION IN TUNISIA — Empty dwelling places emphasize the lonely aspect of Remada, southern Tunisian village where French forces in the fortress, background with flag, have been encircled by Tunisian troops. Villagers fled Remada after recent clashes.

BATTLE CRY — Bedouin tribesmen, part of the Tunisian forces blockading the French garrison at nearby Remada, brandish their weapons at Tatouin, in southern Tunisia. As one of his first political moves since taking power, France's new premier, Gen. de Gaulle, contacted Tunisian authorities in an effort to ease Franco-Tunisian tension.

Prosecution Uses Hoffa's Testimony

NEW YORK (UPI) — The prosecution used Teamster Boss James R. Hoffa's own words yesterday in an effort to convince a jury that he conspired to spy on his union aides by tapping their telephone wires.

Over defense protests, the prosecution presented as evidence Hoffa's testimony before the federal grand jury that indicted him, Owen Brennan, president of Detroit Teamster Local 337, and wiretap expert Bernard Spindel on conspiracy charges.

The defense tried in federal court to prevent the reading of the testimony. Hoffa's lawyers claimed he had been "fooled" by the grand jury into believing he was a witness rather than a potential defendant.

Federal Judge Thomas F. Murphy denied a motion to suppress the grand jury testimony.

Hoffa was quoted in the grand jury record as saying he knew nothing about the intercepting devices that were placed in Detroit Teamster Union headquarters.

Invites 2 U. of M. Profs

ANN ARBOR (U) — Two University of Michigan professors, Alfred F. Conrad and Hessel Yntema, have been invited to teach at a school of cooperative law at Luxembourg this summer.

Will Hold 34th Reunion

ST. LOUIS (U) — The 328th field artillery veterans will hold their 34th annual reunion here Saturday and Sunday.

Students Jump From 3rd Floor of Coed Dorm

KENT, Ohio (AP) — Authorities who chased some 15 male students through a women's dormitory at Kent State University in the wee hours today wonder if someone didn't get hurt.

Some of the 15 who got into Moulton Hall, during a wild melee involving 1,500 to 2,000 persons, leaped through a screened window on a third floor.

In the wake of the 1 1/2-hour demonstration 13 persons were spending the last day of the school year in jail.

No charges were filed immediately.

The demonstration, punctuated by exploding firecrackers and the ringing of gongs, finally ran out of steam at about 1:30 a.m.

May Rambler Sales Shatter Mark Again

DETROIT (UPI) — American Motors Corp. today announced Rambler retail sales in May shattered records for the third straight month with deliveries of 20,349 cars, more than double those of May, 1937.

This May's Rambler sales were up 32 per cent over April's previous record total of 15,418, Roy Abernathy, AMC vice president, said. He said a total of 97,956 Ramblers have been sold so far in this model-year — up 73.7 per cent over a similar period a year ago.

Dies as Car Hits Tree

FLINT (U) — Rufus Steward, 29, of Byron was killed today when his car left a Shiawassee County Road 18 miles southwest of Flint and struck a tree.

It's Noisier Now Too

Kids Replace Solons at Lansing Capitol

LANSING (AP) — The sound and fury of oratory is gone temporarily from legislative halls in the capitol, but the excited prattle of children is louder than ever.

This is the schoolkid season in the old gray statehouse. From every corner of the state they come by the thousands to take the guided tour through the massive, white-domed structure that has stood at Michigan's seat of government since 1879.

Year after year the capitol figures as one of the state's most popular tourist attractions. More than 100,000 travelers come to see it every year, and by far the biggest share are children — boy scouts and brownies, junior high civics classes, high school students on their "senior trip."

For most youngsters it's a big event. For many the trip to Lansing is the longest of their lives.

Capitol guides and state officials see that they're not disappointed. If the legislature is in session, the representative and senator from the home dis-

trict introduces each group to his colleagues over the loudspeaker systems in the House and Senate.

Gov. Williams, if he's in town, shakes hands with each young visitor in an assembly-line march through the executive offices. Those who ask may pose with the governor for a picture.

The questions the kids ask are as varied as their home towns. These are the most frequent:

Q. How much did the capitol cost?
A. 1 1/2 million dollars, quite a sum in 1879. It would cost six million today.

Q. How high is the top of the capitol dome?
A. 267 feet from the ground floor. For safety reasons, visitors aren't allowed in the dome anymore.

Q. Who's that old fellow in the statue out in front?
A. Austin Blair, Michigan's Civil War governor and probably the most photographed man in the state.

Q. Where's the candy counter?
A. On the ground floor.

Graham Believes U.S. Christianity Presents Paradox

SAN FRANCISCO (U) — American Christianity presents a paradox to others, says evangelist Billy Graham.

Preaching to a crowd of 9,300 last night in the 16,500-seat Cow Palace, Graham said:

"We have the highest church membership in our history with more than 100 million Americans belonging to churches or synagogues. We also have increasing racial tension, one of our greatest crime waves, rising divorce rates and a growing problem of juvenile delinquency."

"The church itself is wrong. The average church member is not living the Christian life and his church is not teaching him how to do it. The greatest need in America today is a revival within the church."

"America is not a Christian country; there's not a Christian country in the world today. Ours is a materialistic country that has been influenced by Christianity." Graham said. "The Bible teaches us one thing and we're living another. Inconsistencies make us incomprehensible to nations like India and Japan."

Elected to Church Post

TORONTO (AP) — The Rev. Dr. John McNab of Toronto has been unanimously elected moderator of the Presbyterian church in Canada at the church's 84th general assembly. The 71-year-old clergyman succeeds the Rt. Rev. A. D. MacKinnon, of Narrows, N. S.

New York leads the nation in cabbage raising.

He May Head Detroit Police

Herbert W. Hart, Real Estate Man, Offered Piggins' Position

DETROIT (U) — A former grocery chain executive and real estate man was reported in line today for Detroit's \$19,000-a-year police commissioner's job.

Herbert W. Hart, 45, treasurer of Mayor Louis Miriani's election campaign last year, confirmed he had been offered the post but said he had not made a decision on acceptance.

The top police job of the nation's fifth largest city is being given up by Commissioner Edward S. Piggins, effective Sept. 1. Piggins, commissioner for four years, announced his resignation yesterday. Piggins said he is returning to private law practice.

Coincident with Piggins' announcement there were reports that he would run for election as Wayne County circuit judge next fall. Piggins declined to discuss this, however.

Piggins, 51, wrote the mayor in his letter of resignation that "due to pressure of business, my law associates have requested that I return to the active practice of law not later than Sept. 1."

Before entering public service Piggins had achieved note as a divorce lawyer. He was named police commissioner by the late Mayor Albert E. Cobb.

Hart heads a real estate company here and has interests in Florida. He was a former president of the C. F. Smith Co., a grocery chain, before its sale in 1932 to the National Tea Co.

It Wasn't Easy, but Police Help Save State Boy

MOUNT CLEMENS, Mich. (AP) — Twelve-year-old Paul Ward swallowed rat poison found in a rubbish can behind his home in suburban Harrison township yesterday. Physicians needed a sample to prescribe an antidote.

Deputies picked up the can at the Ward home and started for the hospital.

Engine trouble stopped them. They radioed for help. Other deputies sped to the breakdown, took the poison and continued to the hospital.

A block away they got a flat tire. Deputy John Mulso leaped from the car and ran the rest of the way.

Analysis enabled doctors to give Paul the proper treatment. Today he was reported out of danger.

Found Dead After Brawl

LANSING (U) — Richard Ingle, 37, Lansing, was found dead Wednesday after a brawl in which he was stabbed in a yard behind his rooming house here. Held for investigation in the case was Adam Kozloski, 67, also of Lansing.

Open Mon. & Fri. Night Till 9 P.M.

Cumberworths Home After Friday Wedding

Residing on Green street following their wedding Friday at Sunny Vale Chapel are Mr. and Mrs. George William Cumberworth Jr. The Rev. James Parker performed the ceremony in the presence of members of the couple's immediate family.

The bride is the former Nancy Ardis Bush, daughter of Mr. and Mrs. Ray E. Bush of Airway drive. The bridegroom's parents are Mrs. Gerald Hale of Wenonah drive and George William Cumberworth of Walled Lake.

Wearing a white linen suit, the bride was attended by her sister, Ruth Bush, who wore a navy ensemble.

Charles Gillis was best man. A reception was held at the bride's home.

Connecticut has more than two million residents as of recent figures and more than 75 per cent of them are classed as urban dwellers in the state's cities and towns.

See Little Possibility of Boosting Credit for Soviet Purchases in U.S.

WASHINGTON (AP) — Administration officials saw little possibility today of granting large-scale credits to finance Soviet purchases of industrial machinery and consumer goods in the United States.

They also said privately they think Soviet Premier Khrushchev has greatly exaggerated the possibilities of increasing trade.

But they did not rule out any chance of a buildup in U.S.-Soviet trade. They said that most, perhaps all, that Khrushchev says he wants to buy here could be sold without any violation of Allied agreements which prohibit the export to the Soviet Union of strategic or potential war material.

Khrushchev told President Eisenhower in a letter this week that trade between the two countries could run into several billions of dollars in the next few years.

He offered to sell a wide variety of raw materials and some machinery to this country and he asked to buy considerable quantities of industrial equipment and consumer goods to speed up expansion of the Soviet economy.

He said the deal would help overcome the U.S. recession.

Administration officials, after initial study of the Khrushchev message, estimated that the value of raw materials which Moscow could sell here would be far less than that of American goods which Khrushchev seeks to buy.

Thus the question of credits becomes a key issue in any actual trade arrangement which might be negotiated.

They said any move to grant credits to the Soviet Union would involve serious political and policy issues. The initial reaction within the administration appeared to be against any extension of credits.

The things Khrushchev put on his shopping list included machinery for the production of consumer goods and finished products, refrigeration equipment, air conditioners, equipment for making synthetic fibers and plastics, paper and wood processing machinery, textile equipment, food processing machines, automatic vending machines, and equipment for the manufacture of building materials.

WASHINGTON (AP) — The Civil Aeronautics Board (CAB) has ordered the pilot certificates of two Eastern Air Lines captains suspended for 30 days, effective next Friday.

The CAB upheld an initial ruling by examiner Joseph C. Caldwell Jr., made last October, that the two men landed their planes at Willow Run Air Terminal, Ypsilanti, Mich., Feb. 6, 1957, under runway visibility conditions below the permissible minimums.

The pilots had appealed the examiner's findings. They are J. H. Brown, in command of a DC7B flight from Columbus, and Robert J. Sullivan, whose Constellation flight originated at Miami.

The examiner had proposed that the two men be barred from serving as copilots during the 30-day suspension. The CAB ruled, however, that they could operate as copilots during that period.

WASHINGTON (AP) — The City of Flint would increase by six times in land size under an expansion petition backed by a citizens group.

The group today was undertaking to get a required 2,400 petition signatures in order to put the proposal on an election ballot, possibly next fall.

The proposal is the result of a three-year study by a citizens committee looking toward a solution of the Flint area's growth problems.

WASHINGTON (AP) — The City of Flint would increase by six times in land size under an expansion petition backed by a citizens group.

The group today was undertaking to get a required 2,400 petition signatures in order to put the proposal on an election ballot, possibly next fall.

The proposal is the result of a three-year study by a citizens committee looking toward a solution of the Flint area's growth problems.

Sale of Highway Bonds Wastes Money---Bagwell

BATTLE CREEK (AP) — Paul D. Bagwell, Republican candidate for governor, said taxpayers' money will be squandered as a result of a 100-million-dollar highway bond sale backed by the Democratic state administration.

Bagwell said interest charges of \$5 million dollars over the 25-year life of the bonds, sold May 27, will amount to eight million dollars more than they should have.

The Republican candidate questioned the wisdom of the huge borrowing, and hinted it was a costly publicity grab in a talk to a civic club yesterday.

Highway Commissioner John C. Mackie, a Democrat, called

the bond issue a key step in executing a 1 1/4-million-dollar, five-year road improvement plan announced last fall.

In reply to earlier criticism of bond sale terms, Mackie said Bagwell lacked knowledge of the subject and that there was little validity to a comparison Bagwell made with Ohio road financing.

Said Bagwell yesterday: "The whole story is one of bad fiscal management and bad fiscal judgment in handling the people's money."

He said most of the bond proceeds would have to be reinvested at lower interest rates than the 3.30 per cent provided in the original transaction, putting further expense on the taxpayer without good cause.

It would have been wiser to have issued 25 million dollars in bonds last week, Bagwell said, and borrowed the remainder of what is needed piecemeal and as need develops.

A spokesman for Mackie said half the work contemplated under the bond issue will be under contract by the end of 1958, and the remainder next year. Four projects already are under way.

State Treasurer Sanford A. Brown said he didn't know how much of the 100 million he would be called on to invest or for how long.

The state won't receive actual payment until the bonds are delivered in New York June 23.

"It's time we quit playing political games and get serious about doing something for Michigan," Bagwell said.

OKs New Facilities for Gas Company

WASHINGTON (UPI) — A federal Power Commission examiner approved yesterday a proposal by Michigan Wisconsin Pipe Line Co. to expand the capacity of its system by 40 million cubic feet of natural gas a day.

The Detroit firm wants to build new transmission facilities at a cost of \$19,453,000.

Examiner Howell Purdue said the company has at least 17 years of natural gas in reserves in Oklahoma's Laverne Field and the Hugoton Field in the Panhandle region.

His findings will become final in 17 days unless the commission, the company, or other parties seek a review.

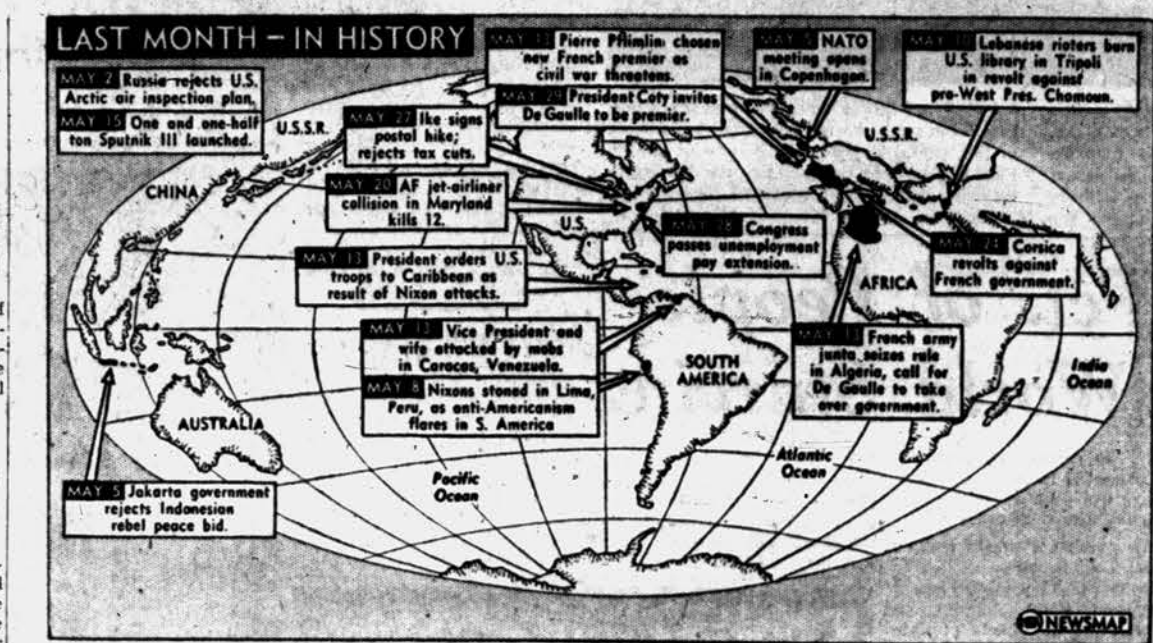

Purdue conditioned his decision on issuance of a separate commission order to permit the company to make deliveries to new customers. He set July 8 for a hearing on how the company is to allocate the extra gas among wholesale customers in Illinois, Michigan and Indiana.

Sentenced to Ten Days for Malicious Destruction

William E. Truxton, 29, of 725 Joslyn Rd., arrested Tuesday for investigation of burglary, pleaded guilty to malicious destruction of property yesterday.

Municipal Judge Maurice E. Finnegan sentenced him to 10 days in the Oakland County Jail.

Truxton was arrested near the Glenview Grill, 534 N. Perry St. He admitted damaging the rear door but said he did it because he was angry with the owner, not to gain entry.

Redstone Group Sails to Europe About June 20

WASHINGTON (AP) — The Army said today the 40th Field Artillery Missile Group, armed with tactical-range Redstone missiles, will sail about June 20 for Europe.

The outfit of about 600 men goes to West Germany.

The Redstone, capable of using either conventional or nuclear warheads, has an effective range of 200 miles.

The 40th will embark at Hampton Roads, Va. The present plan is to have the ship land at a French port.

For reasons of security, the Army declined to disclose the name of the port at this time.

The group will sail aboard a new design military cargo ship, the Comet, the ship, built at Chester, Pa., by the Sun Shipbuilding & Drydock Co., was delivered last January to the Military Sea Transport Service, which is under Navy direction.

The 18,000-ton vessel is of the roll-on roll-off type for fast loading and unloading.

Driver Collapses, Dies

DETROIT (AP) — Leslie E. Morris, 41, of suburban Wyandotte, collapsed at the wheel of his auto Wednesday and died of a heart attack. The auto struck a parked car and a utility pole in Wyandotte.

Morris' daughter, Sandra, 15, who was in the car, was not injured.

Driver Uninjured as Truck Explodes

DETROIT (UPI) — Eugene Muszynsky, 36, of Wyandotte, escaped uninjured today when his truck loaded with 7,900 gallons of gasoline overturned and exploded.

Muszynsky was able to jump from the flaming cab in time and suffered only a slight abrasion. His truck and two trailers were left smoldering piles of junk.

Witnesses told police the truck appeared to be going too fast. When a traffic signal turned red, Muszynsky applied the brakes but was unable to stop for the intersection (Greenfield and West Chicago).

The second trailer jackknifed and flipped over on its side as the truck went out of control. The trailer bounced over a curb, knocking down a utility pole. Two traffic signals crashed to the ground.

Lights on a five block stretch (of Greenfield) were put out.

Pontiac Tifer Stabbed at Jackson Prison

A Pontiac man, sentenced to life imprisonment in 1945, was stabbed and critically wounded yesterday at Southern Michigan Prison, Jackson.

Albert Lewis, 53, was sentenced to life in prison by Circuit Judge H. Russell Holland on Oct. 23, 1945 for raping a woman on Franklin road on June 6, 1945.

Prison officials are questioning Elmo Dean, 23, of Detroit, in the stabbing.

Well, at Least Their Team Won the Game

BALTIMORE (AP) — A group of 40 fans from a suburban Essex, Md., tavern decided to charter a bus, stock it with beer, and go to the ball game last night.

After the game, they trotted out to the parking lot and found their bus gone, beer and all.

After an hour's wait, a school bus, minus any beer, was brought to the rescue and the 40 disgruntled fans headed home.

A few minutes later the original bus rattled into the parking lot. The owner of the bus company had needed a bus for another charter party and decided to pick up the temporarily unused bus at the stadium, hoping to get back before the game ended.

When the case of the missing bus was straightened out, one policeman mused: "There'll be a lot of wives who won't believe this story."

To Build Toll Catwalks

MIAMI, Fla. (AP) — Now it's toll catwalks. The Dade County Commission has agreed to build fishing catwalks equipped with 10 cent turnstiles along the Rickenbacker Causeway between the mainland and Key Biscayne.

First colonial name of Williamsburg, Va., was "Middle Plantation," then (in 1632) a palisaded outpost.

2 Pontiac Children Struck by Autos

Two youngsters were injured in Pontiac yesterday when they ran into the street in the paths of moving cars.

Two-year-old Judith Lynn Freeman of 97 N. Ardmore Ave., was struck by a car driven by Mary H. Lozano, 38, of 56 Foster St. The accident occurred on North Sanford street.

Judith was admitted to Pontiac General Hospital with abrasions and is in satisfactory condition.

Five-year-old Keith Fenley, 52 Jackson St., was struck by a car driven by Lloyd T. Harper, 21, of 51 Pine St., when he ran out between parked cars on Deland court.

Keith was treated at Pontiac General for bruises and released.

Non-Nuclear Explosion to Be Comparison Test

LAS VEGAS, Nev. (AP) — A non-nuclear underground blast will be detonated within the next few days at the Atomic Energy Commission test site near here.

One ton of conventional explosives will be set off in a chamber leading off a tunnel of last fall's deep underground atomic shot, the AEC said.

The test will be used to scale the effects of a contained underground high explosive blast against effects of a nuclear shot, the AEC said.

H. D. KENIN

Musicians Choose New Union Chief

PHILADELPHIA (AP) — Hermal D. Kenin, 56-year-old West Coast man, has been elected president of the American Federation of Musicians to succeed James C. Petrillo. Kenin was Petrillo's hand-picked successor.

The slim, bespectacled former lawyer, defeated Alfred J. Manuti of New York in the battle for control of the 260,000 member union. Petrillo resigned as czar of the music world yesterday after 18 years as AFM president.

The election was a secret ballot by the 1,200 delegates to the union's 61st annual convention.

An incomplete but conclusive count of the votes showed Kenin leading 1,191 to 603 for Manuti.

The delegates represented 1,306 total votes.

Kenin will start his one year term of office immediately.

Nevada School to Hold Graduation After All

FLANIGAN, Nev. (AP) — It's graduation week in Nevada and Flanigan Grade School doesn't have an eighth-grader to graduate.

But there's a happy ending. Two Washoe County (Nev.) school officials traveled some 65 sagebrush miles to the lonely one-room school. They will surprise 15-year-old Alfonso "Cintora" Jr. with the announcement today that he has done so well he can skip the eighth grade and go directly into high school.

So there'll be a graduation, after all.

By the year 2000 it is now estimated more than 20 million persons in the United States will be receiving social security benefits.

For Protection From X-Radiation

Rocket Pilots May Wear Armor

NEW YORK (U. S. —) Space knights in leaden armor may pilot tomorrow's rocket exploration of the mysteries of space.

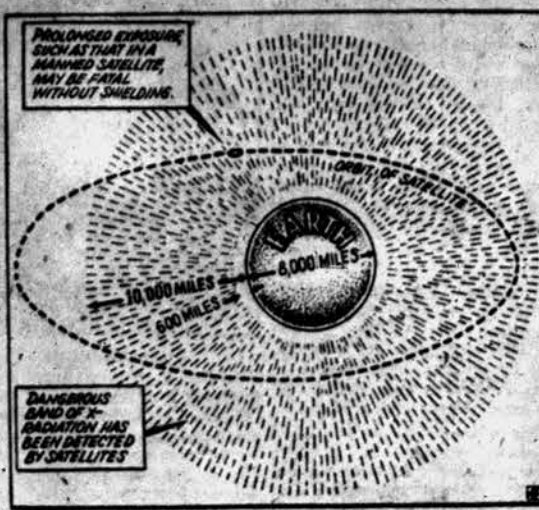

Latest reports from our first tiny satellites indicate the earth is hemmed in by a spherical blanket of high energy rays — rays that could eventually kill a space traveler by destroying vital body cells.

Lead armor suits weighing about 100 pounds could cut X-radiation some 90 per cent and enable space pilots to stay in the radiation area for some six months without too much danger.

The blanket of rays may reach as high as 10,000 miles above the earth and as low as 600 miles.

Space travelers bound for the moon or other planets would pass through this radiation band so quickly that it would not be too much of a hazard. But they would probably wear protective armor anyway.

The real danger would be to men who would work and live on

an earth satellite orbiting through the radiation band. Without protection they might die after a prolonged exposure to X-rays.

This band of radiation is just one of the dangers of space. Probably it can be overcome, but two other monstrous barriers will continue to stand between man and his search for new life on other worlds of the universe.

Those barriers are his own short life span and the incredible distances of space.

A man piloting a space ship that traveled 100,000 m.p.h. could fly for 50 years and still be barely out of his own dusty corner of space. He would have traveled some 44 billion miles. The nearest star is 24 trillion miles away. He would have to travel some 30,000 years at 100,000 m.p.h. to reach it.

Look at it this way: If the earth were a mere bit of back-shot, the sun would be a two-foot beach ball some 213 feet away. The nearest star, another beach ball, would be 11,000 miles away.

Yet sooner or later man will want to look into the other solar systems of the universe. Some astronomers believe there is life — at least as advanced as ours — on perhaps some 100 million other planets.

The only answer to the problems of penetrating the universe seems to be more speed — per-

haps approaching the speed of light, 186,000 miles a second.

If man can ever find a way of rocketing through space at even half that speed, he could reach the nearest star in about eight years as against the 30,000 years it would take at 100,000 m.p.h.

Convicts Confer With Officials at Indian Prison

LUCKNOW, India — Convicts and ex-convicts have met in conference for the first time, in India, to exchange ideas with prison officials. Under direction of Dr. Samouranand, 65 convicts and ex-prisoners, many of them "doing life," aired their views in Lucknow.

Some of their proposals were startling, others ordinary. Some suggested the scrapping of many jail industries because they are not useful after release. They urged introducing small machines so that having learned to work them, prisoners could earn a decent living outside.

Many wanted payment for work done, to send to their hard-pressed families. Others urged more holidays for "prisons and freedom to visit cinemas and places of religious importance."

One said there should be a reception center in each prison to induct new prisoners, explain the rules and tell them how remissions could be gained.

CITY'S DOCTOR—"Doctor of the Year" in New York City is Dr. David E. Alexander, 82, shown strolling through Central Park en route to make a house call. Chosen for the honor by the Medical Society of the County of New York, he's practiced continually in the city for the past 58 years.

Briton Cycles His Way to New Zealand

WELLINGTON, N.Z. — A young English emigrant has got to New Zealand the hard way after an eight months trip. Wellington reports. Eric Appleton, 23, went by motorcycle.

Having made up his mind to emigrate to New Zealand, he flew across the English Channel from Southend to Calais, then traveled through Northern France and Belgium, across Germany to Austria. Thence he cycled through Yugoslavia, Greece, Turkey, Iran, India and Malaya.

Appleton had fitted his machine with special aluminum luggage frames and an expanding suitcase. Before setting out from Yorkshire he gave these and his machine a thorough tryout over some rough English roads in the Cleveland Hills of Yorkshire.

Sugar Output High
BRISBANE, Australia — Sugar production in Queensland during the 1957 season totaled 1,270,000 tons, the second highest on record and the fifth year production has topped 1,000,000 tons.

Five Armory Projects Approved by State

WASHINGTON (U. S. —) The House Armed Services Committee has authorized the Defense Dept. to proceed with five armory projects in Michigan at an estimated total cost of more than one million dollars.

The projects are:
Sault Ste. Marie—An Army National Guard project at an estimated federal cost of \$220,000.

Battle Creek and Bay City—Army Reserve construction projects to cost an estimated \$303,000 each.

Camp Grayling—An Army National Guard non-armory project to cost \$57,000.

Lansing — An Army National Guard non-armory project to cost \$170,000.

The committee authorized the Defense Dept. to proceed with more than 100 armory projects in the nation at an estimated total cost of \$24,936,101.

The construction is still subject to approval by the Senate Armed Services Committee. The money, however, has been appropriated by Congress.

Lubricants make up about 2 per cent of the total volume of major petroleum products produced in the U. S.

Ordered to Quit Talking Strike

Think About Contract Union Tells 36,000 at Boeing Aircraft

SEATTLE (AP)—The International Assn. of Machinists laid it on the line yesterday for 36,000 production and maintenance workers employed at the Boeing Airplane Co. plant here.

Through one of its top officers the IAM told the Boeing employees, in effect: "Quit the strike talk and get the contract talk going again. You're wasting time."

The Boeing workers, represented by the IAM's Aero Mechanics Union, had been scheduled to meet Sunday to vote whether to strike if they do not come to contract terms with Boeing by June 21, when the current agreement expires.

Harold J. Gibson, general vice president of the IAM, whose authority extends over seven Western states and Alaska, ordered cancellation of the Sunday meeting and resumption of contract talks.

"The present contract with Boeing has until midnight of June 21 to expire," Gibson told the Seattle aero mechanics. "I am certain that realistic and responsible negotiations between the union and the company between now and that date can result in an agreement that will be satisfactory to all parties."

"Too much union-management unrest already has plagued the Northwest. Our economy demands that any strike action against Boeing be the last resort."

Her Baby Born Dead, Woman Sues Hospital

LOS ANGELES (AP)—A housewife claims in a million-dollar damage suit that her baby was born dead because she was turned away by a hospital.

Mrs. Roberta Carpenter, 21, said in the suit filed yesterday that she was refused hospital facilities and attendance by a physician when she could not pay \$250 in advance. Named defendants were Park View Hospital and Dr. Stanley Arbuter.

Mrs. Carpenter said that because of the experience she is unable to have children. She was joined in the suit by her husband, Wendell, a house painter.

WATCH THE BIRDIE — Actress Olivia de Havilland holds up caged bird to distract her 21-month-old daughter, Gisele Galante, on her first visit to hairdresser in Paris.

Hope for Clean Sweep in November

California Dems Glow Over Primary

SAN FRANCISCO (AP)—Steadily growing popular vote majorities are giving Democratic chieftains added hope for a clean sweep in the November balloting.

As tabulations on Tuesday's primary elections continued, they set their sights on the governorship, held by Democrats only twice this century; a majority in the State Legislature, which would be their first in 70 years; and a gain in congressional representatives.

U. S. Sen. William F. Knowland, Republican minority leader who will face Aft. Gen. Edmund G. (Pat) Brown for the governorship, said the primary results show there is a lot of work to be done. But, he told a Washington news conference, there's time.

With more than two thirds of the primary vote counted, Democrat Brown held a popular vote margin of half a million over Knowland in their contests for the gubernatorial nomination.

Under California's unique cross-filing provision, each candidate ran on both the Republican and Democratic tickets.

Knowland had 837,453 Republican and 215,267 Democratic votes; Brown 285,770 Republican and 1,285,037 Democratic.

The returns indicated a threat to Knowland's political future.

GOP National Committeeman Edward S. Shattuck blamed the showing on a switch of party allegiance.

"We were faced with two problems," he said, "the heavy Democratic registration and the defections in Republican ranks. The defection was the greatest since the 1932 presidential election."

Virtually all contested nominations were settled except the Republican and Democratic races for state attorney general which remained in doubt.

The trend pointed to Republican Rep. Pat Hillings of Arcadia and a Democratic superior judge, Stanley Mosk of Los Angeles.

Five Democratic incumbents won two-party nomination for Congress. Two others won the Democratic nomination and were facing

a close fight on the Republican ticket.

In the contests for the U. S. senatorial nominations, Rep. Clair Engle, Red Bluff Democrat, steadily increased his margin on his own ticket and Gov. Goodwin J. Knight maintained his winning margin over San Francisco Mayor George Christopher on the GOP side.

Travels Far for Degree

CLEVELAND (AP)—James P. Tompkins figured he had traveled 43,000 miles to get his Bachelor of Science degree from Case Institute of Technology. He started 11 years ago, part-time.

The 31-year-old student, who supports a wife and two children, lives in Elyria. The round trip to East Side campus is 66 miles.

Woman 'Paid' for Warning of Radar Trap

DAYTON, Ohio (AP)—You can carry signs in Dayton warning motorists of a radar speed zone ahead and it won't be considered interfering with the duties of officers, Dayton officials have decided.

The decision was received as a victory for a 22-year-old Dayton mother of two who thinks radar traps are sneaky. She was arrested May 22 for carrying such a sign.

But when the woman, Mrs. Marjorie Steinway, appeared in Municipal Court yesterday to face the interference charges she was met by the city prosecutor, William P. Keane, who handed her a formal release and a \$1 bill.

The release read in part: "I, Marjorie Steinway, for \$1 and other valuable considerations, do hereby release and fully discharge all members of the Dayton Police Department from all action and claims growing out of my arrest."

Police said the woman had been found ahead of their radar zone carrying a sign saying "Speed trap ahead." They cited her for interfering.

Capt. C. W. Martz, head of the traffic section, said, however, he felt Mrs. Steinway was actually aiding police. All police want to do is slow down speeders, not arrest them, he asserted.

Forests of the U.S. yield about 37 billion feet of lumber in an average year over a 20-year period.

GI 'GRASSHOPPERS'

Spanning a river may be just this easy for U.S. troops of the future. The soldiers will have small rockets attached to their backs (see sketch) and will be able to cover 100-yard distances "almost quick as a flash," according to the Army. First tests will be conducted at a southern military post in the near future.

Gets Skippy Reward

PROVIDENCE, R. I. (AP)—James Dwyer found a brief case in the bus he operates. In it were \$40 in cash and bank books with deposits totaling \$70,000. One of the books showed \$30,000 was deposited last month. The owner, a woman, claimed it, gave Dwyer \$10. Her name was not disclosed.

British Guiana in South America is, in prospective, a rich field in gold and diamonds, some now productive.

Visitor Studies Health Services

By JANET ODELL
Pontiac Press Home Editor

Where would you start if you were trying to better the nutrition of a country? How would you go about trying to persuade people to eat a better diet?

Sounds like a big problem, doesn't it? Elswyth Betson of Belize, British Honduras, recognizes the scope of her job but isn't daunted. What she has seen in the United States since September has given her many ideas.

Miss Betson has been studying at Michigan State University in the field of nutrition. She has made a number of trips around the state, attending nutrition conferences and nutritional training courses. For the past two weeks she has been in Oakland County.

We know our county is unique in many ways; but how many people living here know that we are the only county in the state to have our own Nutritionist? Her name is Annabel Rickard and she works at the county Health Department. She has been Miss Betson's guide during her stay.

British Honduras, a Central American country just above the equator, has about 8,000 square miles of land and about 8,000 inhabitants. They are a mixture of Spaniards, Indians, natives, Eurasians, Chinese, East Indians and a few Jews. Combine the eating habits of all these different nationalities and you have a mass of prejudices.

Rice and red kidney beans are staple foods in the diets of most of the people. They eat a variety of meats, including beef, pork and game. Crayfish is served often.

Citrus fruit grows well in this semi-tropical land. But the people are more apt to sell their oranges and grapefruit than they are to eat them. Fresh vegetables are rarely eaten.

What disturbs Miss Betson most is that milk is not used as a beverage as much as it should be. The upper classes drink some, but few of the really poor people do. She expects to start working on this problem at once. Expectant mothers and school children will be her targets.

There is plenty of milk for the present demand. If a greater demand grows, the dairy herds can be increased. The use of dry skim milk will be stressed.

The post of "Nutrition Officer" is being created especially for Miss Betson on her return to Belize. She will work with the

Health Education Bureau. Her studies here were made possible by a fellowship from the World Health Organization.

Before she returns to British Honduras Miss Betson will spend three months in Guatemala. Here she will work with Dr. Nevin Scrimshaw, head of the Institute of Nutrition in Central America and Panama. He has encountered problems similar to the ones she is facing.

In the years to come Oakland County residents can think with pride that perhaps they have influenced the health standards of little British Honduras. Miss Betson may be putting into practice some of the things she saw here.

Custard Tops Light Lemon Fluff Dessert

Non-dieters will enjoy this dessert served with a custard sauce made with egg yolks.

Lemon Fluff
1 envelope unflavored gelatin
1/2 cup cold water
1/2 cup boiling water
1/2 cup sugar
1/2 teaspoon salt
2 tablespoons grated lemon rind
1/2 cup lemon juice
2 large egg whites

Sprinkle gelatin over cold water in a mixing bowl. Add boiling water, sugar, salt; stir until sugar dissolves. Stir in lemon rind and juice.

Chill until mixture is slightly thicker than consistency of unbeaten egg whites. Whip until foamy throughout with rotary (hand or electric) beater. With clean beater, beat egg whites until they stand up in a straight peak when beater is slowly withdrawn; add gelatin mixture.

Plate bowl in ice water; continue to beat until mixture begins to hold its shape and doubles its volume — 10 to 20 minutes. Turn into a 5-cup mold and chill until firm. Unmold by running knife around edge and dripping mold bottoms in hot water. Makes 8 servings.

Braise Flank Steak

Flank steak is a lean piece of meat with no bone and, while it is as flavorful as other beef steaks, it is usually not as tender. The steak is best prepared by braising. Brown the meat in a little hot fat, add a cup of consommé, grated carrot, and season with salt and pepper. Cook, covered, over low heat until tender.

CENTRAL AMERICAN VISITOR — Elswyth Betson of British Honduras looks over the food pages of The Pontiac Press with Annabel Rickard of the Oakland County Health Department. Miss Betson just concluded a two weeks stay in the county, studying the various services offered in the health and nutrition fields. She is a student at MSU, working under a grant from the World Health Organization. On her return to her native land she will become the first Nutrition Officer the country has ever had.

Freeze Rhubarb Now for Winter Use

Like rhubarb? This is the season for the outdoor type, reports the Marketing Information Agent. If you have a freezer, this is the time to store some for winter use. Freezing rhubarb is easy, relates Mrs. Josephine Lawyer. First trim off the leaves and the base of the stalks. Wash and cut the rhubarb into pieces to fit the container you plan to use. Do not peel. Pack dry without sugar.

Frozen rhubarb will be ready for convenient dishes long after the season is over.

Duo of Cheese Flavors Makes Pie Different

Two rich cheese flavors and the luscious tang of lemon are happily blended in a new springtime dessert, "Tangy Lemon-Cheese Pie," that's as easy to make as it's elegant. There's special news in the jiffy crust with the good crunchy texture; it's made in minutes from finely crushed inch-square cheese crackers.

Filling combines creamy cottage cheese and lemon pie mix, spiced with a dash of cinnamon. Here's how to make it:

Pie Crust
1 cup finely crushed cheese
Cracker crumbs
2 tablespoons sugar
1/2 cup melted butter

Blend all ingredients, and press mixture to bottom and sides of 8-inch pie pan, bringing it well up on the rim. Bake for 8 minutes at 350 degrees. F. (moderate oven). Chill crust thoroughly before filling.

Pie Filling
1 package lemon pie mix
2 eggs, separated
1 cup sliced cottage cheese
1/2 teaspoon cinnamon
1/4 cup sugar

Prepare pie filling, using egg yolks and water as package directs. Stir in cottage cheese and cinnamon. Beat to blend. Turn filling into chilled pie shell.

Heat oven to 400 degrees (moderately hot oven). Beat egg whites stiff, gradually adding sugar and beating until meringue is stiff and glossy. Spread on top of pie filling and brown at 400 degrees for about 10 minutes, or until lightly browned. Cool pie on wire cake rack, away from drafts. Makes one 8-inch pie.

Fruit Juices Perk Up Food

CHICAGO (INS) — The breakfast juices that perk folks up in the morning do the same for foods at noon and night.

Tangy sauces or glazes can be made from bottled or fresh lemon juice or frozen orange juice concentrate. Try this sauce for lamb or pork chops: after browning chops, pour off drippings. Season with salt and pepper. Add 1 tablespoon chopped onion, 1/2 cup frozen concentrated orange juice and 1/4 cup white raisins. Cover tightly and simmer 45 minutes.

Pork roasts take to citrus glazes. Try a mixture of orange marmalade and concentrated orange juice. Or a mixture of 1/4 cup applesauce, 1/4 cup pineapple preserves and 1 tablespoon bottled lemon juice.

The "maitre d'hotel" butter many swank restaurants serve on broiled meat, fish or vegetables is a mixture of 1/2 cup butter the juice of 1/2 lemon, 1 teaspoon parsley, 1/4 teaspoon salt and 1/4 teaspoon pepper.

You can spice up brown-and-serve rolls by slitting the tops and spooning in either orange juice or lemonade concentrates before popping into a hot oven to brown.

In the dessert department, spoon orange juice concentrate over vanilla ice cream for a quick, tasty sundae. Or try this sauce for baked puddings and custards: cook 1 tablespoon corn starch, 1/2 cup sugar and 1 cup water until clear and thickened.

Remove from heat. Add 1 1/2 tablespoons bottled lemon juice, 1/4 teaspoon salt, 1/2 teaspoon nutmeg and 2 tablespoons butter. Stir until butter is melted and serve hot on pudding.

Wonderful Way to Use Chicken

Use leftover chicken this way. **Chicken and Bacon Sandwiches**

1 cup finely chopped cooked chicken
1/2 cup finely diced celery
2 tablespoons minced parsley
1/2 cup mayonnaise or mayonnaise-type salad dressing
2 teaspoons lemon juice
Salt
Pepper
8 slices bacon (cooked until crisp)

Mix all the ingredients except the bacon, bread and gherkins together well, adding salt and pepper to taste. Make sandwiches of the chicken filling, crisp bacon and bread slices. Serve with gherkins.

Orange Bread Elegant Start for Sandwiches

Yeast breads, coffee cakes and rolls can have a distinct air of spring. Achieving it is as simple as brushing on a lemon glaze, using tart fruit juice in the dough or shaping the bread into a pretty floral form.

You'll find spring an especially apt time for home baking. It's cool enough so you don't mind the oven-warmth of the kitchen, and a soft breeze coming through half-open windows wafts the scent of baking bread temptingly all through the house.

Orange Bread makes a delightful difference in the morning toast or gives a flavor lift to ham or peanut butter lunchbox sandwiches:

Spring Colors Bloom in Dish of Curried Eggs

Bright yellow and cool green contrast in Curried Eggs on Parsley Noodles to produce an effect as cheery as any day in May.

Curried Eggs on Parsley Noodles
6 ounces broad noodles
2 tablespoons butter or margarine
1/2 cup enriched flour
1/2 teaspoon salt
1/2 teaspoon pepper
1 teaspoon curry powder
2 1/2 cups milk
1 hard-boiled egg, sliced
1/2 cup minced parsley
1/4 cup melted butter or margarine
Paprika

Add 1 tablespoon salt and noodles to 4 1/2 cups boiling water. Boil rapidly, stirring constantly, for 2 minutes. Cover, remove from heat and let stand 10 minutes.

Meanwhile, melt butter or margarine in large, heavy saucepan. Stir in flour, salt, pepper and curry powder. Add milk gradually and cook until thickened, stirring constantly. Rinse noodles with hot water and drain well. Add egg slices to sauce and continue heating until egg slices are thoroughly heated.

Add parsley and butter or margarine to drained noodles and toss lightly. Arrange Parsley Noodles on heated serving platter and spoon Curried Eggs over top. Sprinkle lightly with paprika. Makes 4 servings.

Pleases New Generation

The old favorite Candle Salad still fascinates children. Place drained slices of pineapple on lettuce leaf; cut banana in half, crosswise, and stand upright in pineapple slice. Top with cherry and serve with mayonnaise, if desired.

Orange Bread
1 package yeast, compressed or dry
1 1/2 cups water (lukewarm for compressed yeast, warm for dry)
1/2 cup orange juice
1/4 cup grated orange rind
1/2 cup sugar
1 1/2 teaspoons salt
2 tablespoons melted shortening
1 cup sifted enriched flour (about 1 1/2 cups)

Soften yeast in 1/4 cup of the water. To the remaining 1 1/4 cups, add orange juice, orange rind, sugar, salt and shortening. Add flour to make a thick batter. Mix well. Add softened yeast and egg. Beat well. Add enough more flour to make a soft dough.

Turn out on lightly floured board or pastry cloth and knead until smooth and satiny. Place in greased bowl. Cover and let rise in warm place until doubled (about 1 1/2 hours).

Punch down. Divide dough into 2 equal portions. Shape each portion into a smooth ball. Let rest 10 minutes. Shape into loaves. Place in greased loaf pans, 5 1/2 x 9 1/2 inches.

Let rise until doubled (about 1 hour). Bake in moderately hot oven (400 degrees) 40 to 45 minutes. Makes 2 loaves.

WEIGHT WATCHER'S DESSERT

• "Ice cream" ... yet only half the calories of ice cream! (130 calories)
• Not starch thickened!
• Not a cake or a pie, not a gelatin or pudding but a delicious light milk dessert! It's rennetized!
• 7 wonderful flavors! Vanilla, strawberry, raspberry, orange, chocolate, lemon, maple!

"JUNKET" RENNET-CUSTARD

You get a Cleaner Wash with **CLOROX**

Whitest and Brightest!

Add Clorox to your washday suds... every time... and you add extra cleanliness to your laundry. White cotton, linen, nylon and rayon come out extra white—extra clean. Color-fast cotton and linen come out extra bright—extra clean.

Clorox does a better job of bleaching and stain removing than any other type of laundering product. So, if you want the cleanest wash you can get... you want a wash that's Clorox-clean!

Safest for Health!

Clorox gives added health protection, too! No other bleach, no other laundering product, equals Clorox in germ-killing efficiency. To safeguard your family's health, wash your clothes sanitary-clean with Clorox... every time!

Special Homemakers' Club Offer!

4 Teaspoons
by Wallace
for only **50¢**

and the certificate from any size bag of Robin Hood Flour

- Exclusive Homemakers' Club Gleam Pattern
- 33 per cent savings on regular Homemakers' Club catalog prices
- Mirror polished, fully finished
- Lifetime guarantee

Think of it! 4 beautiful stainless teaspoons for only 50¢! You might expect to pay up to \$2.00 for a set of teaspoons like this. All you do is send in 50¢ and the certificate you will find inside specially marked bags of Robin Hood Flour. The certificate gives complete mailing instructions.

Robin Hood is making you this unusual offer because we know that once you have tried this great flour you will never want to use any other. This is because Robin Hood is milled from specially selected wheats to give you best results with one flour for all your baking.

So look for these specially marked bags at your grocer's now. When you receive your Gleam teaspoons, the wrapper will tell you how to get additional Gleam flatware easily and inexpensively.

Look for this Specially Marked Bag!

Gleam stainless flatware is representative of the more than 150 items available in the Robin Hood Homemakers' Club catalog at savings up to 50 per cent of usual retail prices. Send for your free copy to Robin Hood Homemakers' Club, New Prague, Minn.

Robin Hood Flour
The One Flour for All Your Baking!

Cook Sausage in Pancakes

What to serve at an after-the-prom breakfast? Everyone likes pancakes and sausages. The unusual twist in this recipe is that sausage halves are baked right in the pancakes.

There's no reason why this recipe can't be used for a regular breakfast or a brunch. You have the sausage links all cooked and cut in half before your guests come. Assembling the pancakes is then a simple task.

Swing-Time Pancakes

1 lb. pork sausage links
2 cups pancake mix
2 eggs
2 tablespoons melted shortening
Pan-fry pork sausage links; cut each link in half length-wise.

Add milk, egg and shortening to pancake mix, stirring lightly. For each pancake place two sausage halves on a hot, lightly greased griddle. Pour 1/4 cup batter over sausage. Bake to a golden brown, turning only once.

Serve with syrup or warm cinnamon applesauce. Makes 6 servings.

AFTER THE PROM — If an early morning breakfast is in the cards for prom goers or even for adult dancers, consider this sausage and pancake combination. Halves of already cooked sausage are baked right in each pancake. Serve them with syrup or warm applesauce.

Surprise Baked Potatoes

For quicker, different baked potatoes, make a hole through the center with an apple corer—then

insert a folded strip of heavy duty foil, such as the new quilted variety. Before serving, remove foil and fill holes with cheese strips or sour cream and chopped chives.

Toast Graduates With Milk Punch

The current fashion may be the chemise, but in June the garb graduating seniors want to wear most is a squared-off, tassel-topped cap and a flowing academic gown.

To celebrate the donning of this traditional outfit, treat your friends from the graduating senior class to a commencement party. Make the food fit the mood. Sandwiches rolled into diplomas and tied with pimiento ribbons are appropriate, and so are those that you've cut to resemble mortar boards.

To quench the thirst, serve a cool refreshing punch made with orange sherbet and instant nonfat dry milk crystals... the modern nonfat milk in crystal form. This punch is not only easy to make and delicious to drink, but because instant crystals are non-fat, it's light in calories, too.

To save last minute fuss, home economists suggest you do most of the preparation in advance. Sandwiches can be made in the morning, arranged on a tray and stored, covered with a damp cloth, in the refrigerator. The punch is simple to make so

it can be whipped up at the last minute.

Arrange your punch-table ahead of time, too... lay out the punch bowl or pitcher, any silverware you need, the punch cups and napkins. A dish of assorted boxed chocolates will be attractive on your punch table and give guests something sweet to nibble on.

Prepare Cocoa Mix for Instant Use

UNIVERSITY PARK, Pa. (INS) — Pennsylvania State University extension nutritionists offer this kitchen-mixed substitute for commercial cocoa mixtures:

Blend four cups of instant nonfat dry milk three-fourths cup of sugar. Store mixture in a covered jar.

To make two cups of hot chocolate blend one cup of the mix with one cup water in a saucepan until smooth. Gradually add another cup of water and simmer until it's just below boiling.

Graduation Punch

1 quart refrigerated instant nonfat dry milk crystals (according to package directions)
1 quart orange sherbet, softened
1/2 cup instant nonfat dry milk crystals
1/2 cup chilled orange juice
2 tablespoons lemon juice
Fresh strawberries

Combine refrigerated instant crystals and sherbet; beat until blended. Combine instant crystals and orange juice. Whip until soft peaks form (3-4 minutes). Add lemon juice. Continue beating, until stiff peaks form (3-4 minutes longer). Fold whipped instant crystals into sherbet mixture. Serve garnished with strawberries. Makes about 2 quarts.

Oliver-Nut Sandwich Spread

1/2 3-ounce package cream cheese, softened
1/2 cup chopped nuts
2 tablespoons chopped pimiento-stuffed green olives
1 tablespoon sweet pickle relish
1 teaspoon Worcestershire sauce
1/4 teaspoon paprika
1 teaspoon prepared mustard

Combine all ingredients; blend thoroughly. Spread on bread, as desired. Makes about 1 cup.

Diploma Sandwiches

Trim crusts from slices of white and whole wheat bread. Spread with

filling and roll up jelly-roll fashion. Garnish with pimiento strips, if desired.

Mortar Board Sandwiches: Cut mortar board shapes, using paper pattern, from slices of pumpernickel or whole wheat bread. Spread filling between two mortar board shapes. To make tassels on mortar boards with softened cream cheese, use pastry tube.

Crunchy Sandwiches Have Nutty Fillings

By International News

You can add new interest to "salad" type sandwiches (egg, tuna, ham, chicken) by mixing in toasted almonds to the spread. Add one-half cup of roasted unblanched almonds to every three-fourths cup of spread. The crunchy, different-tasting spread is perfect for livening up tea sandwiches at your next bridge party.

Ever serve fried chicken with corn fritters and maple syrup plus crisp strips of bacon? Wonderful for Sunday brunch!

Old-Time Salad Ever Welcome

Old as the hills, but ne'er forgotten is the adage "the way to a man's heart is through his stomach." And it's especially true if you can muster up one of mother's favorite recipes. Just such a dish is Mother's Chicken Salad; made taste tempting with canned boned chicken and garnished with canned sliced pineapple and ripe olives.

Serve with other old favorites—canned brown bread and cream cheese sandwiches, and canned vegetable soup.

Mother's Chicken Salad

1/2 cup mayonnaise
1 tablespoon lemon juice
1 tablespoon prepared mustard
2 cans (8 to 8 oz. each) boned chicken
2 cups sliced celery
1/2 cup chopped ripe olives
2 tablespoons chopped onion
Salt, pepper
Crisp salad greens
4 to 6 slices canned pineapple
Mix mayonnaise, lemon juice and mustard. Add cubed chicken, celery and onion; toss lightly. Season to taste with salt and pepper; chill. Put mounds of salad on crisp salad greens and garnish with chilled pineapple. Four to six servings.

PERFECT PAIR

Sealtest Cream and berries! Pure, rich, delicious and country fresh.

FRESH AND COOL

That's how you'll feel with fresh, frosty, flavorful Sealtest Skim Milk.

NATURE'S FAVORITE REFRESHER

Ice-cold Sealtest Buttermilk! The ideal summer pick-up. Cooling and low in calories.

TO YOUR HEALTH

Sealtest Homogenized Vitamin D Milk. So creamy good in floats, shakes, soups and "as is."

SO SATISFYING

Sealtest Chocolate Milk. Delicious alone—or as a "float"—with your favorite Sealtest Ice Cream.

A MEAL IN ITSELF

Fresh, creamy Sealtest Cottage Cheese! High in nourishment. Low in calories.

CHECK THESE FACTS ABOUT MILK

- Milk is nature's most nearly perfect food.
- Milk supplies some of every dietary essential—protein, fat, carbohydrates, minerals and vitamins.
- Milk is the outstanding source of calcium and riboflavin in your food.
- You never outgrow your need for milk.
- Everyone needs milk—at least three glasses a day for children, two or more for adults.

CHECK THESE FACTS ABOUT SEALTEST HOMOGENIZED VITAMIN D MILK

- Sealtest Milk is superior in quality—safeguarded every step of the way from farm to table.
- There's extra nutrition in Homogenized Vitamin D Milk—extra goodness if it's Sealtest.
- There's cream in every drop for extra flavor.
- Added vitamin D for strong bones, sound teeth.

BLUE CHEESE MEDLEY SALAD — Looking for a handsome salad to grace your table? Here are all the ingredients for a salad that's as eye-catching as it is good to eat. American Blue Cheese puts the dressing into the something special class.

Sundae Sauces Can Be Varied

Ice cream and all the trimmings whether presented as afternoon refreshments or at the end of a simple outdoor meal will bring praise and build memories of delightful days spent outdoors.

Pineapple Ice Cream Sauce

1/2 cup light corn syrup
1 cup pineapple tidbits
1/2 teaspoon peppermint flavoring
Few drops green food coloring

Combine all ingredients. Cover and chill. Serve with ice cream. Makes 1 1/2 cups.

Cherry Sauce

1 cup cherry preserves
1/2 cup light corn syrup

Blend the preserves and corn syrup. Serve with ice cream. Makes 1 1/2 cups.

Peach Sundae Sauce

1 1/2 cups sliced peaches
1/2 to 3/4 cup light corn syrup

Pour corn syrup over freshly peeled and sliced peaches. Chill. Serve with ice cream. Makes about 1 1/2 cups.

Peanut Butter Ice Cream Topping

1/2 cup peanut butter
1/2 cup dark corn syrup

Combine and stir until well blended. Use as a topping for ice cream. Makes about 1 cup.

American Blue Cheese Dresses Up Salads

A fashion-conscious woman would never dream of wearing the same dress day in and day out, year in and year out, yet frequently the very same woman will think nothing at all of serving tomato slices on a leaf or two of lettuce topped with a dab of mayonnaise whenever the occasion calls for a salad.

These new salad recipes developed by the home economists of the American Blue Cheese Association should do much to remedy this practice. Not only are these salads fun to prepare, but they're superb to eat.

Just wait and see and taste what American Blue Cheese does for them. See if this wonderful blue-veined cheese from our country's dairylands won't help you put a feather in your chef's cap.

Blue Cheese Medley Salad

1 small head iceberg lettuce
1 medium-sized avocado, peeled and cubed
2 medium-sized oranges, pared and sectioned
1 cup chopped pitted dates
1/2 cup crumbled American Blue cheese (about 1 1/2 ounces)
1 tablespoon salad oil
2 tablespoons vinegar
1 cup commercial sour cream

Tear lettuce into pieces; arrange in oblong salad bowl. Arrange rows of avocado cubes, oranges and dates on lettuce. Garnish with row of Blue cheese, if desired.

Combine cheese, oil and vinegar; mix well. Blend in cream; mix until fluffy. Serve with salad. Serves 6.

Cheese Beet and Cucumber Salad

1 1-pound jar pickled beets
1 medium-sized cucumber, pared and sliced
4 cups torn lettuce
1 tablespoon wine vinegar
1 cup commercial sour cream
1/2 cup crumbled American Blue cheese (about 3 ounces)
Dash of cloves

Drain beets; reserve 1/2 cup liquid. Arrange beets and cucumber on lettuce. Combine vinegar, cream, 1-3 cup beet liquid, cheese and cloves. Mix well. Serve on salad. Serves 4.

Peppery Cress Base for Stuffed Peach

This salad can serve as a dessert.

Peach and Watercress Salad

1 bunch watercress
1/2 cup small-curd cream style cottage cheese
8 drained canned peaches
12 pecan halves
French dressing

Cut stems of watercress fairly short; turn into a colander; rinse with cold water; drain. Arrange on serving plate.

Put 1 tablespoon of the cottage cheese into each peach cavity; place a pecan half on top of cheese; add another tablespoon of cheese; top with another pecan half. Arrange stuffed peaches on watercress. Makes six servings. Note: The peaches may be spiced and used in this recipe.

Copy Famous Chefs' Variety Meat Dishes

Sometimes we get so involved telling how economical variety meats are, that we forget to tell how good tasting they are. Some of the most famous restaurants

serve broiled veal or lamb kidneys and bacon for breakfast. They list beef steak and kidney pie as a special luncheon menu. Broiling or frying veal and lamb kidneys is as easy as frying bacon, states the marketing information agent. Pan-fry them in bacon drippings if you like.

To broil kidneys, wash and re-

move the outer membrane. Split and remove the fat and white tubes. Mrs. Josephine Sawyer suggests. Brush with melted butter and broil three to four inches from the heat.

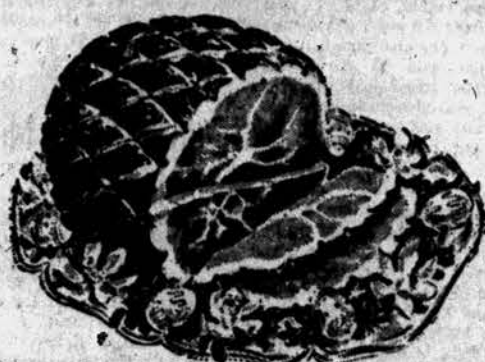

Beef kidneys are best if they are sliced or sliced, browned in hot fat, then simmered with liquid in a covered pan until tender — about an hour. Beef

kidney is then ready to go into a stew or pie.

For good eating that is economical, try veal, lamb or beef kidneys soon.

You can use a small sharp knife to remove the T-shaped bones from loin lamb chops; now put a small amount of stuffing in the hollowed-out part of the meat and curl the chop's tail around it; fasten with toothpicks and broil.

The quality of frozen poultry deteriorates if it is thawed and then refrozen before it is used.

Expert Claims Varied Diet Beats Fads

The following are excerpts from an address by Dr. Frederick J. Stare, Harvard School of Public Health:

"Parading under the banner of friend to the common man, food quacks would have us believe that our soil is worn out, our food worthless and poisoned with pesticides, and all our people sick. The solution? Send for their new book at the special price, or the vitamin-and-mineral tonic with the improved formula, or the special wheat flour ground with stones,

aged since the Civil War, or any of several items ranging from a mixture of dried sea weeds (be sure and get the mixture) to vegetables from organically fertilized soil that are readily available in our 'nature' food stores.

"Nonsense! Look around you. A child born today may look forward to 70 years of life. Compare this with the 50 years of a little more than a generation ago. The successful cooperation of agriculture, industry and the medical profes-

sion has produced a nation of healthy people blessed with the best food supply in the world.

"These great advances are real—they can be seen and measured in healthy children, in old folks living to become an increasingly large segment of our population, in the attractive displays of nutritious, tasty foods available the year round in every market in this country.

"But this progress is constantly endangered by pseudoscientists

who call themselves 'food specialists,' 'health teachers' or 'natural fargers.' . . . Not all food fads are harmful. Yogurt, wheat germ, stone-ground flour are good. If you like them, eat them.

"But don't think they are wonder foods. A good varied diet available from foods that any grocery store can provide will produce just as good nutritional health as any and all 'health foods' and 'natural foods'—at half the price.

"Refined and processed foods are a favorite target of the 'food specialist,' who would have us believe these foods are not nutritious. Actually, they play an important part in the overall nutritional health of our people and many of them are enriched or fortified with certain key nutrients.

"This is not to say the enriched white bread is better than brown bread or vice versa. For all practical purposes, in typical American diets they are identical in food value. Choose whichever tastes better to you.

"Remember, the food quack has something to sell. It may be a book, a magazine, a series of

health talks, a special food preparation. Whatever it is, he's out to line his pocket with your money. . . . Don't be taken in. No one food is essential to health. Some specific nutrients are, and by eating a varied diet available at any grocery store, you will get them."

Nuts Stuff Salad Prunes

For prunes as a fruit salad garnish, remove pit from cooked prunes and fill center with softened cream cheese to which chopped Brazil nuts have been added. Shelled Brazil, kept in covered container in refrigerator, stay fresh indefinitely for salad uses.

Meringue Mix Used as Custard Base

Glamorous looking dessert that takes only a moderate amount of time to prepare:

Custard Fruit Meringue
1 package meringue mix
1 package vanilla pudding (cooked type)
1 cup heavy cream
1 cup canned dark sweet cherries (well drained)

Use only one of the envelopes in the package of meringue mix; prepare it according to directions on envelope for meringue shells. Spread meringue in buttered 9-inch

pie plate. Hollow out center with back of spoon, building up edge. Bake according to envelope directions; cool.

Make up vanilla pudding according to package directions; cool. Whip cream; fold into pudding. Fill meringue shell with mixture; chill several hours. Just before serving garnish top with cherries.

Egg Fluffs Up Potatoes

To make potato fluff, using four to six medium potatoes prepared as for mashed potatoes; add one whole egg and beat vigorously until mixture is fluffy; pile lightly in buttered baking dish and bake in very hot oven about 15 minutes until top is lightly browned.

DOUBLE RING CEREMONY — Double ring wedding ceremonies are always in season and so are clever, inexpensive pre-nuptial festivities like a recipe and kitchen gift shower. Simple yet most appropriate refreshments for this bridal shower are tomato aspic, molded ring style, and chicken salad.

Rings at Shower Made With Salad, Sandwiches

Tomato aspic made with tomato juice and unflavored gelatine can easily be chilled in ring molds for shower refreshments in keeping with the coming wedding ceremony. Serve the aspic with plenty of homemade chicken salad and with bread-and-butter sandwiches cut in heart and ring styles.

The double ring sandwiches are made with a doughnut cutter. The circle of one sandwich is cut and linked into a second sandwich ring. To encourage guests to bring cherished recipes along with their household gift for the bride-to-be, send a request along with the invitation. Have a card file recipe box ready to receive the offerings of the guests, and your party is off to a fun-filled and homey start.

The tomato aspic and chicken salad recipes are party size . . . to serve 20 guests. They can be cut to suit a smaller number.

Tomato Aspic
8 envelopes unflavored gelatine

3/4 cups tomato juice, divided
5 tablespoons lemon juice
1 teaspoon Tabasco
1 tablespoon salt

Sprinkle gelatine on 2 1/2 cups of cold tomato juice in a large saucepan to soften. Place over low heat, stirring constantly, until gelatine is dissolved. Remove from heat. Add

remaining 6 1/2 cups tomato juice, lemon juice, Tabasco and salt. Turn into two 5-cup ring molds; chill until firm.

Unmold and fill centers with

Chicken Salad. Garnish top of chicken salad with additional mayonnaise and with hearts and rings cut out of pimiento. Yield: 20 servings.

Chicken Salad
To prepare chicken:

3 1/2-pound broiler-fryer chickens, cut in pieces
1 stalk celery with leaves
1 medium onion, sliced
1 tablespoon salt
2 bay leaves
8 whole cloves
1 tablespoon MSG

MINUTE PIZZA — Popularity polls show pizza high on the favorite food list. Make yours with canned spaghetti sauce with mushrooms and Italian rolls. For crunch add mugs of relishes.

Wee Pizzas Are Minute Made

The test of time has proved that regardless of season, pizza ranks high on the favorite food list.

For snacks or luncheons in the balmy month of June, why not keep up with the trend and serve pizzas often. Because the sauce is always the crowning glory of the recipe, we suggest you use canned spaghetti sauce with meat, perfect in flavor, and just right for the purpose.

Start with Italian rolls, those which measure 8 to 9 inches long. Split these lengthwise and top

with the canned sauce, slice ripe olives, chopped spring scallions, and of course, strips of Mozzarella cheese . . . then broil. Pizzas in minutes!

For crunch . . . mugs of relishes. Perhaps green celery, young crisp cucumbers, spring carrots and your favorite pickle strips. Outdoors or in, this will be a welcome menu.

Minute Pizza
3 Italian rolls (about 8 1/2 inches long)
1 can (10 1/2 ounces) spaghetti sauce with meat
1/4 cup sliced ripe olives
1 tablespoon chopped scallions
4 ounces sliced Mozzarella cheese, cut in strips
Cut rolls in half lengthwise; place on cookie sheet cut side up. Mix sauce, olives and scallions; spoon on rolls. Top with cheese; broil about 5 minutes, or until cheese is lightly browned. Makes 2 to 4 servings.

Asparagus on Way Out, Strawberries Coming in

June is bustin' out all over with plenty of fresh produce to stimulate the homemaker's imagination and the family's appetite.

Salad makings are in good supply reports the Marketing Information Agent. There is still time to enjoy "orchids from the grocery" when you choose asparagus.

Time to look for fresh strawberries, Michigan's first crate was sold in the Benton Harbor Fruit Market May 27.

Many beef cuts and fryers attract attention as features this week.

VEGETABLES FOR THE WEEK
It is getting near the last call to put asparagus in the freezer. Mrs. Josephine Lawler reminds shoppers.

Will you choose asparagus that is green all the way to the bottom of the stalk? Will you choose asparagus that is green only part way down the stalk? The all green will be highest in price per pound, but figure the cost of the asparagus you will actually eat.

Thick asparagus stalks are usually more tender than thin ones. Look at the tips. Fresh asparagus has tightly closed tips that are purplish green in color.

Add color and new texture to the salad bowl with head, leaf, Boston or Bibb lettuce. Bibb lettuce is dark green; the leaves are small, tender and mild flavored. Head lettuce quality is improving.

Green beans and cucumbers are in good supply. Tomatoes are increasing in quantity. Michigan's strawberry season is officially open, but you may not

find homegrown berries in your market this week. Adequate supplies are expected by the middle of June, if the weather cooperates. Until then, you will find both pints and quarts from other states.

Size does not affect strawberry flavor. You actually get more weight and berries when you buy those of smaller size.

To compare prices, remember that a 10-ounce frozen package and a pint of fresh strawberries will make 2 1/2 servings.

Bananas are in very ample supply. More are expected to arrive in June than for any June in quite a few years. Prices are expected to remain about as they have been. Bananas wear special price tags in some stores this week.

Fruit values are easy to find in cans, Applesauce, pears, peaches and fruit juices deserve attention on your thrift list.

MEAT MARKETING

The holiday last week cut working days in meat packing and processing plants. This will mean slightly smaller supplies this week. Red meat is not overly plentiful so prices remain at above average levels.

Broiler supplies continue to increase. Through the first half of 1958 we expect over 8 per cent more birds than we had during the first half of last year. Customer demand increases with warm weather, and since red meat supplies are not heavy, we can expect broilers to maintain a good price. This week's prices range from 35 to 48 cents per pound — depending upon the size and meatiness of the bird and

whether it is cut ready for frying.

The smart shopper will watch for early-week and weekend "specials." She will use more of the economy cuts, or lower grades, for dishes that are cooked in moist heat. For broiling, she will use tender cuts that grade as high as U.S. Choice or she will marinate lower grade meats in a food acid to tenderize them.

Food acids include lemon juice,

vinegar, wine or tomato juice.

These in combination with seasonings, break down the meat fibers and impart a distinctive flavor to the meat.

Marinate meat for 12 to 48 hours depending on the size and thickness of the pieces. All marinating should be done under refrigeration.

A 15 minute marinade—minute steaks and cube steaks benefit

from a short period in barbecue sauce.

A 12-48 hour marinade. Round, flank and chuck steaks in one piece or small cubes will be tender as tender can be if marinated.

Cut the crusts from slices of bread and then spread the slices with butter. Cut into narrow strips and brown in a slow oven. Serve with soups and salads.

Shortcake Has Crunchy Taste

Shredded Wheat Fruit Shortcake provides a special way to make use of all the fresh fruits coming into season during the next few months. The shredded wheat adds a crunchy goodness and wheat flavor, so perfect with either fresh or stewed fruit.

Shredded Wheat Shortcake
2 shredded wheat biscuits
2 cups sifted flour
3/4 teaspoon baking powder
1 teaspoon salt
1/2 cup shortening
1/2 cup sugar
1 cup milk
2 eggs, slightly beaten
2 cups stewed or fresh fruit
Crush shredded wheat to measure 1 cup. Sift together flour, baking powder, salt and sugar. Add shredded wheat crumbs; mix well.

Out in shortening until mixture resembles corn meal. Combine milk and egg. Add to shredded wheat mixture, stirring only until combined.

Spread 1/2 of dough in well greased 8 x 8-inch baking pan. Brush with small amount of melted fat. Spread remaining dough over top. Bake in very hot oven (450 degrees) about 20 minutes. Cut in squares and split.

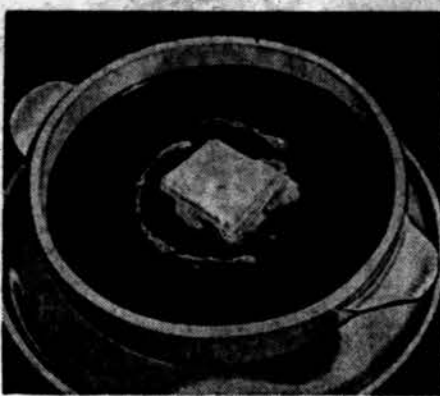

Fill with stewed or fresh fruit. Top with more fruit. Serve with plain or whipped cream, if desired. Yield: 9 servings.

Whipped Cream Slides Off Ice Cream Sauce

When the expert behind the soda fountain gets an order for an ice cream sundae, he puts it together quickly and deftly. If you watch him carefully you will notice that he pours the sundae sauce around the ice cream, not over it.

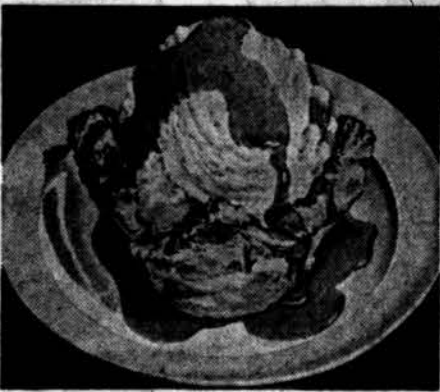

Why? Because sauce on top of ice cream would make the whipped cream slide off. Try it at home. For the sauce, use dark corn syrup straight from the bottle or a fortified chocolate flavored syrup.

Add liquid to braised meat, a small amount at a time, to preserve color and flavor.

SOUPER STARTER

Hot 'n hearty idea—to one can Campbell's Condensed Tomato Soup add equal amount of Milk, heat. Serve piping hot with a pat of real Butter melting in the center. Tastes great! Lots of protein, too.

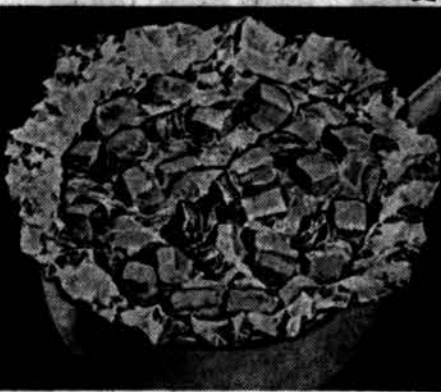

ICE CREAM MAPLE CUPS

Trim crusts from bread slices, spread with mixture of equal parts of melted Butter and Log Cabin Syrup. Press into muffin tins. Brown in hot oven. Cool. Add Vanilla Ice Cream. Top with syrup.

BIG TIMBER SPECIAL

For golden brown fish fillets, dip in Evaporated Milk, roll in bread crumbs, pan-fry in Butter. Serve with mashed potatoes whipped with Evaporated Milk. Garnish with buttered peas.

CHEESE 'N HAM PUFF

Sparkling idea! Line individual casseroles with Reynolds Wrap. Fill with Cheese and Ham Fondue. (See cookbook for basic Fondue recipe. Add diced ham, bake.) Foil saves clean-up time.

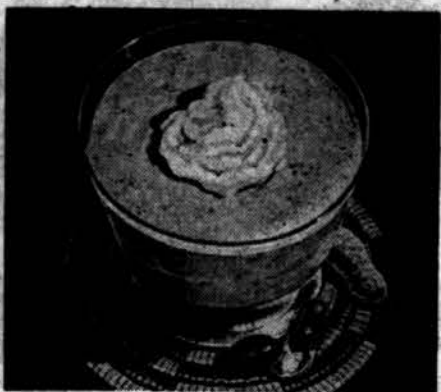

SNACKEROO

It's a tall mug of Milk and a sizzling Bunyanburger topped with toasted Cheese. (Burgers made with Nonfat Dry Milk are extra juicy.) Salad is Cottage Cheese, Dole Sliced Pineapple, lettuce.

ALL-AMERICAN SHORTCAKE

How about one tonight? For a true biscuit shortcake, tender and flaky, add real Cream to Bisquick. Spread hot baked shortcake with Butter. Add sweetened berries, Whipped Cream.

PEANUT BUTTER PUDDING

Pour 2 cups Milk into mixing bowl. Blend in 2 heaping tablespoons peanut butter. Add 1 package Vanilla Jell-O Instant Pudding, beat according to directions. Top with Whipped Cream.

Here they are—delicious and wholesome dairy foods—best buys on the map during June. And dairy foods are at their finest right now! High in both flavor and nourishment. Better chart a course straight for your grocer. Lay in plenty of dairy foods for good eating during June.

Officers Are Elected

Auxiliary Holds Meeting

Mrs. Arnold Brown was hostess to members of the Women's Auxiliary to the Oakland County Medical Society Wednesday at her home on Ward's Point drive.

The occasion was the annual meeting at which time officers

were elected and delegates appointed to the state convention.

Newly elected president is Mrs. George Virga with Mrs. Lynn A. LaCore as president-elect. First vice president is Mrs. Frank Prather.

Other officers are Mrs. Edwin Westphal, secretary, and Mrs. Edward Elder, treasurer. Auditor is Mrs. Robert Segula and Mrs. Charles Barker is parliamentarian. Nominating committee chairman present-

ing the slate of officers was Mrs. James Blakeney.

DELEGATES NAMED

Delegates to the state convention to be held Oct. 1-3 are Mrs. Donald Smith, Mrs. Frank Prather, Mrs. Kenneth Vandenberg, Mrs. John Barrett, Mrs. LaCore, Mrs. John Williams and Mrs. Ernest Bauer.

Alternates are Mrs. George R. Sewell and Mrs. Matthew Gill.

The president's report was read by Mrs. M. G. Prosser, outgoing president. Included in the report was the work the auxiliary has done for the Oakland County Convalescent Hospital, the Oakland County Tuberculosis Sanatorium, and Camp Oakland.

Mrs. Prosser will attend the national convention June 20-26 in San Francisco.

Recipient of the Auxiliary's nurse scholarship is Helen Ann Franzel, a graduate of St. Michael School. She will enter St. Joseph Mercy Hospital School of Nursing, Flint.

Assisting the hostess were Mrs. Vandenberg, Mrs. Norman Durocher, Mrs. Aben Hoekman and Mrs. Segula.

Pontiac Press Photo

Chairmen for the forthcoming Zeta Zeta Omega Sorority dance, "Serenade in Blue," to be held from 9 to 1 Saturday evening at the Oakland County Sportsman's club, busily discuss last minute details for the

the dance. They are (left to right) Mrs. Jack Selberg, publicity chairman; Mrs. Hilding Berquist, general chairman, and Mrs. Kenneth Squires, ticket chairman.

'Serenade in Blue' Is Theme for Zeta Zeta Omega Dance

"Serenade in Blue" is the theme of the dance being presented by Zeta Zeta Omega Sorority Saturday evening at the Oakland County Sportsman's Club. Proceeds from the dance, which will be held from 9 p.m. to 1 a.m., will go to the Oakland County Children's Home.

Mrs. Hilding Berquist is general chairman. Ticket chairman is Mrs. Kenneth Squires, assisted by Mrs. Kenneth Rathbun and Mrs. James Smith. Decorating chairman is Mrs. Joseph Allan Jr., assisted by Mrs. William Vaughan, Mrs. William DeQuis and Mrs. Edward Konzer.

CHAIRMEN NAMED

Mrs. Gary Hetherington is patron chairman assisted by Mrs. Clinton Barrett and Mrs. Robert Young. Mrs. Harold Nicholson heads the orchestra committee assisted by Mrs. Robert Lussier. Publicity chairman is Mrs. Jack Selberg. On her committee are Mrs. Robert Studt and Mrs. Robert Pearson.

Past dance chairman is Mrs. Robert Barnard assisted by Mrs. Herman Nelson and Mrs. George Mattinson. Flower chairman are Mrs. Gerald DeWees and Mrs. Lynn Wyckoff. Mrs. Russell Gee is poster chairman and Mrs. Gordon Booker is hall chairman.

Patrons for the dance are Mr. and Mrs. Jack Haupt, Dr. and Mrs. Alan Cline, Mr. and Mrs. Claude A. Carter, Mr. and Mrs. Paul Meinke, Mr. and Mrs. Robert Beattie, Mr. and Mrs. William K. Cowie and Dr. and Mrs. Roy A. Landry.

Other patrons include Dr. and Mrs. Richard Hills, Mr. and Mrs. James E. Seeterlin, Mr. and Mrs. Carlos Richardson, Mr. and Mrs. William Trainer, Mr. and Mrs. Loren D. Aris, Mr. and Mrs. Frank Tenuta, Mr. and Mrs. Harry Woodman and Mr. and Mrs. Leonard W. Coats.

Also serving as patrons are Dr. and Mrs. James Ladd, Mr. and Mrs. Irving Merkowitz, Mr. and Mrs. Delwin Richardson, Mr. and Mrs. Arthur G. Davies, Mr. and Mrs. Robert Ranzilla and Mr. and Mrs. Harold Richardson.

Chapter Attends Picnic

Xi Alpha Nu Chapter of Beta Sigma Phi Sorority held a picnic supper and business meeting at the Maplewood drive home of Mrs. Jay Sandow Tuesday evening.

Committees for the coming year were announced. On the social committee are Mrs. Sandow, Mrs. Richard Ferris, Joan McLain and Mrs. Stewart Sovey.

The program committee includes Mrs. Clarence Gordon, Mrs. Joseph Moring and Mrs. William Cheal.

Named to the ways and means committee were Mrs. Robert Dodd, Mrs. William Roualet, Mrs. Harry Bell, Mrs. Elwyn Hall and Marie McGill.

The telephone committee includes Mrs. Harvey Kerr, Mrs. George Heenan and Mrs. Robert Ladd.

Mrs. Robert Pritchett and Mrs. Arthur Ellis are on the service committee and Mrs. Edward Markham will be in charge of publicity.

The next meeting of the sorority will be a picnic July 1 at the home of Mrs. Hall.

Mrs. Harold Nicholson, orchestra chairman and Mrs. Gary Hetherington, patron chairman, think that this che-

mise might be just the thing to wear to the Saturday evening dance.

3 Chapters Attend Annual Dinner

Pi Omicron Officers Installed

Pontiac chapters of Pi Omicron National Sorority held the annual installation dinner at the Elks Temple Wednesday evening.

Officers installed in Iota Eta Chapter were Mrs. Robert Haskins, president; Mrs. Jon Karau, vice president; Mrs. E. Verne McCall, recording secretary; Mrs. Elma Haines, corresponding secretary; and Mrs. Buhl Burt, treasurer.

Installed in Phi Kappa Tau Chapter were Mrs. Robert Hausman, president; Mrs. Richard Maier, vice president; Mrs. Robert Angel, recording

secretary; Mrs. Robert Scharf, corresponding secretary; and Mrs. Thomas Roe, treasurer.

Installed as officers of Sigma Gamma Chapter were Mrs. Robert Dunham, president; Mrs. Bernice Chappell, vice president and treasurer and Mrs. Robert Gaylord, recording secretary and corresponding secretary.

INSTALLING OFFICERS

Mrs. Thomas Selneier of Indianapolis, Ind., national president, was the installing officer with Mrs. Edwin Wallin, national vice president from Midland, as chaplain.

Mrs. Bernice Handre, Michigan State president from Detroit and Mrs. Leo Zaraw, central district parliamentarian from St. Clair Shores were escorts.

Other guests were Mrs. Edward King, state vice president; Mrs. James Anderson, state treasurer; Elva Koerber, Josephine Sehrenback and Patricia Harmon.

Mrs. E. Verne McCall was toastmistress, with Mrs. Robert Dunham giving the invocation. Mrs. George Reuter and Mrs. Dorothy Gaylord were co-chairmen of the affair.

Mrs. Robert Hausman of Phi Kappa Tau Chapter was chairman of entertainment, with songs by Mrs. Karau.

Garden Club Plans Luncheon

The Bloomfield Hills branch of the Woman's National Farm and Garden Association will hold its annual cooperative luncheon Monday noon at the Bloomfield Hills home of Mrs. John Hammond.

Members will bring their surplus annuals, perennials, and bulbs for sale. Their special iris will be on display.

The June board meeting will be held June 16 at the Dryden home of president Mrs. John Tebbin.

Decide for Self

When you go to buy a new dress, don't take your best friend along. Look at yourself in the mirror from every angle, critically and objectively, and then decide if this is a fashion for you.

The annual meeting of the Women's Auxiliary to the Oakland County Medical Society was held Wednesday at the home of Mrs. Arnold Brown on Ward's

Point drive. Mrs. M. G. Prosser (left) outgoing president, turns the gavel over to Mrs. George Virga, the auxiliary's new president.

The cake looked so good to Mrs. James Blakeney (left) and Mrs. George Petroff... but the hostess Mrs.

Arnold Brown carried it safely to the table.

Membership chairman Mrs. Robert Segula (center) chats with Mrs. Aben Hoekman (left) and Mrs. George R.

Sewell. A picnic luncheon was served to the members.

Banquet Held by Tipacon Chapter

Members of Tipacon Chapter of American Business Women's Association held a dinner Wednesday evening at Hotel Waldron.

Mrs. George Hilfinger of the Birmingham League of Women

en Voters spoke to the group on the state constitution and possible revision of it.

Entertainment was provided by Mrs. Roland Sawday, Mrs. Howard Morgan, Mrs. George

Talburt and Mrs. John Rex. Phyllis Cotcher and Mrs. Robert Benedict gave vocational talks.

Plans were completed for the annual picnic to be held in July at Avon Park, Rochester.

Three new members, Joyce Hohn, Eleanor Larson and Evelyn Thomas, were initiated. A committee of three was appointed to look into facilities in Pontiac to handle a district convention to be held in May of 1959.

Guests included Mrs. Donald Guilds, Mrs. Jane McChesney, Mrs. Frances Coons, Mrs. Ward O'Brien and Mrs. Eva Beaupre.

Red Shoes Spark Summer Wardrobe

Have at least one pair of red shoes in your wardrobe this summer. Red shoes trimmed in black; red shoes that look like lace; red shoes with big roses on the toes.

Or a pair of red and airy sandals in the softest leather. Fun for you and for everyone who sees you wearing them.

DARLENE JOAN DELONG

Mr. and Mrs. Clair DeLong of Utica announce the engagement of their daughter, Darlene Joan, to Richard E. Wilcox. He is the son of Mr. and Mrs. A. E. Wilcox of Auburn avenue. A Sept. 6 wedding is planned.

Sorority Names Officers

The newly organized Kappa Chi Alpha Sorority held its June meeting Tuesday evening at the home of Mrs. Mike Patterson. Mrs. Frank Spadafore was cohostess.

Officers elected were Mrs. Ronald Holland, president; Mrs. Clare Johnson, vice president; Mrs. Mark Beltz, secretary, and Mrs. Bruce Burmaster, treasurer.

Committee chairmen appointed were Mrs. Robert Stasik, chaplain; Mrs. Burt Willis, publicity; Mrs. Richard Smith, sunshine; and Mrs. Mike Patterson, telephone.

Beta Theta Phi Elects Officers

Officers were elected when members of Alpha Chapter of Beta Theta Phi Sorority met at the home of Mrs. L. H. Cross on Lexington place.

Named president was Mrs. Charles Irish. Others elected at the Tuesday meeting were Mrs. Jack Greathouse, vice president; Mrs. Cecil Denison, secretary; Mrs. Homer Tin-

Five pages today in Women's Section

ney, treasurer; and Mrs. Arthur McKinnis, conductress.

Members are planning a co-operative dinner to be held June 17 at the home of Mrs. Emil F. Mallahn on Nichols road.

JEANNE E. LELAND

An average American dairy cow quarts of milk, and the average in 1953 produced about 2,000 is increasing.

We're 'Getting by With Murder' While Russia Scores Victory

Teenagers Decry 'Easy Education' in U.S.

By EUGENE GILBERT
Gilbert Youth Research Co.

Russia's Sputniks have launched the biggest debate in United States education since John Dewey decided to spare the child.

Are we falling behind Russia in the all-important resource of brain power? Do Russian children study harder, longer and at a more advanced level? Has the accent on life adjustment courses kept out the needed number of scientists?

Concern for these questions has stretched from the local PTA meeting to the White House.

Secretary of Health, Education and Welfare Marion B. Folsom has noted that in this country: "Only one out of every three high school graduates has had a year of chemistry, only one out of four has taken a year of physics, and only one out of three has had more than one year of algebra."

By comparison, according to a report on Russian education issued earlier by Folsom's office, the average Soviet high school graduate has taken five years of biology, five of physics, four of chemistry, one of astronomy and a full 10 years of mathematics.

THEY KNOW
Are our high school students aware that their Russian counterparts study harder and take more science courses? Do they care? The answer to both these questions, we found in a nationwide survey of teenage opinion, is a resounding YES.

An overwhelming 81 per cent of the boys and 84 per cent of the girls said they knew Russian stu-

dents studied harder and almost as many (80 and 82 per cent) were convinced that American youngsters should be made to work harder.

"We've been getting away with murder. Many of the kids even borrow homework," confessed 16-year-old Kenneth Brand of Columbia, Mo.

Asked for comment on what they thought was wrong with public education in the United States as compared with Russia, many teenagers decried the dilution of standards, the watering down of subject matter to fit the lowest intellect, lack of discipline, lowering in community respect for the status of the teacher, casual attitudes toward work, a too liberal system of electives.

MORE MATH NEEDED
In all, 90 per cent of both boys and girls felt that something should be done to encourage more science and math preparation in American high schools.

Of these, only 18 per cent thought the first step should be paying more attention to bright students, particularly those interested in a science future.

Lucy Keller, a 17-year-old New York City high school senior, said she "heard that in Russia more than half the students in college are on scholarship. Too many of the bright kids here who can't afford it just drop out."

About 11 per cent of the teenagers, or better than one out of every 10, considered the curriculum at the heart of the problem.

"Students have too much leeway in electives," complained George Feeney, a 17-year-old Bronx boy. "The trouble with all our teaching," commented Allen Girard, 17,

of Fresno, Calif., "is that the schools try to make it easier for the students. If they made it more difficult, the students would work harder."

"It's human nature to do less than what you're supposed to. If the teachers don't demand too much, we give even less than we should."

Similarly, overcrowded classrooms were cited by 9 per cent as a major failing in U. S. education. "In the United States," said 15-year-old James Halpern of Los Angeles, "more people get an education than anywhere in the world, but it's spread kind of thin."

The students don't work as hard as in European schools and the classes are too crowded to make much progress.

Many also cited the lack of prestige currently connected with the teaching profession.

FAITH IN U. S.
Although 81 per cent of the young people interviewed thought that Russia was ahead of the United States in scientific achievement, most of them showed little signs of panic.

"You have to look at the whole picture," urged 17-year-old Wayne Cousins of Peekskill, N. Y. "We could say that we're superior because we got the Salk anti-polio vaccine first."

Despite their grumblings about our educational system and their concern for Russian scientific advance, 84 per cent of the boys and 89 per cent of the girls were confident that the United States would soon top Russia in the field of science.

Most could agree with 18-year-old Lucille Gilmont of Jacksonville, Fla.: "We'll catch up. We always have. We have the most advanced technology in the world, and our people are the healthiest and the brightest."

Dear Abby....

Square Is Hep to Danger

By ABIGAIL VAN BUREN

"DEAR ABBY: Would you permit your 18-year-old daughter to visit her 18-year-old boy friend at the Marine Base in San Diego, alone? He's been there two months and has another four to go, which seems like a lifetime to them. He was her first beau and they went steady their last two years of high school."

"They write each other every day and think they can't live without each other. He's a fine boy and I trust my daughter, but what arguments can I use against her going?"

OLD-FASHIONED SQUARE.

DEAR SQUARE (You sound pretty hep to me): The burden of temptation is too heavy to place on two 18-year-old kids who "can't live without each other." Parental authority is indisputable. You need no other argument.

DEAR ABBY: I have a brother-in-law and whenever I am playing gin he stands behind me and kibitzes every hand. He makes me very nervous. Sometimes I just give him my hand to play, but he doesn't catch on. How can I get rid of this kibitzer?"

BLITZED

DEAR BLITZED: Next time,

don't give him the hand—give him the deuce.

DEAR ABBY: I am 60 years old, raised four children and buried two husbands. I have 17 grandchildren whom I love very much, but my children take advantage of me. They go ahead and make summer vacation plans among themselves, deciding when they will go and leave their families with me.

"They tell me of their plans and I am expected to look after their children. When I was first widowed they said it was good to take my mind off my sorrow, but my mind is way off it now and I would like to make some vacation plans of my own. How can I tell them?"

"TAKEN ADVANTAGE OF" DEAR TAKEN (and you have been "taken"): Tell them—just like you told me.

DEAR ABBY: I am in love with a policeman. He says I am the only one for him. He told me he didn't want to get married but he asked me how I'd like to be a policeman's wife. Was this a proposal or not?"

JUDITH DEAR JUDITH: This sounds more like a proposition than a proposal. Don't make any wedding plans until he tells you "which" policeman he had in mind.

PSYCHOLOGY MAJOR DEAR MAJOR: Either that—or a very poor memory.

Luncheon Fetes Bailey School Safety Patrols

Mr. and Mrs. Calvin Page of Cora Bailey School PTA held a luncheon for the safety patrol boys and service squad girls of the school Wednesday. Mrs. Page is president of the PTA, and Mr. Page is father vice president.

Certificates of service awards from the Automobile Club of Michigan were presented by Horton Southworth, principal of Cora Bailey and Crofoot Schools. Attending the affair were Roger Fox, captain of the safety patrol; David Finley, Robert Gibson, and David Williams.

Also present were Jackie Page, captain of the service squad girls, Lena Taylor, Judy Allen, Sandra Shorter, Judy Heffernan, and Rometta Terry.

Teacher and sponsor of the patrol boys and service girls is Mrs. Arthur E. Price, third grade teacher at the school.

City Panhellenic Holds Dinner at Kuhn Home

Pontiac City Panhellenic held a cooperative dinner Tuesday at the Lake Angelus home of Mrs. Charles Kuhn. Plans for the dinner were arranged by Mrs. Howard Owen and Mrs. Richard Kuhn. The group plans to give a \$150 college scholarship to a deserving college upperclassman. Mrs. Ralph Allen is the scholarship committee chairman.

The Panhellenic has made and given toys to the Oakland County Society for Crippled Children's School on West Lawrence street. Panhellenic members are national college sorority women in the Pontiac area. All eligible women are invited to join the group.

Reveal Engagement

Descendants of Pioneers Swap Tales of Heirloom Relics

County Historical Society Holds Luncheon

By MARY ANGLEMER

More than 150 descendants of pioneer families attended the 84th annual luncheon meeting of the Oakland County Pioneer and Historical Soci-

ety Wednesday in All Saints Episcopal Church.

Arthur Selden was named president of the society for the coming year; Mrs. L. L. Dunlap, first vice president; Wil-

liam Ewart, second vice president; Carl Bird, treasurer; Emma Howard, secretary; Mrs. E. V. Howlett, historian; and Laura Hunter, assistant historian.

DIRECTORS NAMED

Named to the board of directors were Mrs. Ross Stockwell, Mrs. John Stewart, Mrs. Arthur Selden and W. E. C. Huthwaite.

Mr. Huthwaite, retiring president, conducted the business session. Members voted to give \$100 to the Oakland County Historical Foundation to be used for the renovation of the Moses Wisner Home.

The program, planned by Mrs. Whitney Prall, consisted of members telling tales of treasured possessions handed down by their early ancestors. John Linbury displayed an original strip of scrap iron which was nailed on wooden rails, for the first railroad from Detroit to Pontiac in 1839.

TOP HAT, IN 1866

A best bonnet worn in 1866 was modeled by Jessie Brewer. She also showed a silver spoon handed down from the early 1800s.

Mrs. Dunlap had on display a pewter lamp once used at the Rising Sun Inn located on Oakland avenue and owned by her late husband's grandfather.

The lamp, with wick and home-made burning fluid, was used between the candle and oil periods.

Dr. Mark Shattuck of the Detroit Public School System, spoke of the early log cabin on Elizabeth Lake road where his grandparents had met with others to found the First Methodist Church.

Mrs. Selden displayed a favorite pitcher which belonged to her grandmother and recalled the large one used for pancake batter.

A letter postmarked North Farmington in the early 1800s was shown by Maurice Cole. At that time the post office was operated from a home, he said.

1841 PONTIAC MAP

Jack Patterson had a map of Pontiac dated 1841 which belonged to his great-great-grandfather.

Pontiac then was bounded on

the west by Williams street, on the north by Lafayette, the east by Hill street, and Western street was the southern boundary.

The map noted locations of sawmills, churches, schools and flour mills.

A silver spoon in the family since 1795 was shown by Mrs. Harry Going.

A finely engraved silver wedding bouquet holder was the precious possession of Emma Howard. It was carried by her mother for her marriage in 1868.

A coffee cup holding near-

ly a pint of coffee was shown by Mrs. Edward Wallace. The deep saucer was used in the old days to cool the coffee, and often the beverage was drunk from it.

Some printed material bought here from Ireland in 1718 was shown by Mary A. Holmes of Walled Lake, and 90-year-old Lee Truax told how they carved pipes and wooden bowls. Although he spends his winters in California, he is always eager to return to Oakland County.

Dutch settlers worked New Jersey copper mines in 1660.

MR. and MRS. FRANK LEFURGY

Relatives and friends of Mr. and Mrs. Frank Lefurgy have been invited to attend a 50th wedding anniversary open house from 2 to 6 p.m. Sunday at the Lefurgy home on Augusta avenue where the couple has resided for the past 40 years. Their son and daughter-in-law, Mr. and Mrs. Willis D. Lefurgy of Colrain drive, and son-in-law and daughter, Mr. and Mrs. Arthur Petar of Irwindale court, will assist in entertaining at the affair. Their five grandchildren also will be present. Mr. Lefurgy is retired from the police department at Pontiac Motor Division.

Moose Unit Women Hold Initiation

Women of the Moose, Pontiac Chapter 360, held Membership Night at the Moose Hall Monday evening. Mrs. Earl Kayga was chairman for the affair.

Guest speaker was Edgar LeBarge.

The initiation class was in honor of Mrs. Vera Taylor. Those initiated were: Mrs. Ralph Peterson, Mrs. Joseph Wood, Mrs. Raymond Williams, Mrs. Wellington Lewis, Mrs. Miles Dyer, Delores Combs, Ruth Gibbs and Barbara Wood.

Newly elected officers are: Mrs. Taylor, senior regent; Mrs. Harold Finn, junior regent; Mrs. Richard Dawson, chaplain; Mrs. Clifford Lynch, junior graduate regent; Mrs. Melvin Smith, treasurer; Mrs. Michael Blahut, recorder.

Accordion selections were played by Mrs. Finn.

Co-ordinate Colors in Adjacent Rooms

Bathrooms and adjacent bedrooms can be color-coordinated by using harmonizing shades of washable paint on the walls of both rooms.

For easy upkeep, complete the unit idea with tubbable bedspreads and draperies that match or contrast with the bathroom towels.

Dorita Ann Carlisle Weds Phillip Viands

Virgil Carlisle of Seneca street and Mrs. Roloff Carlisle of Airport road announce the marriage of their daughter, Dorita Ann, to Phillip Lee Viands, son of Mr. and Mrs. William Viands of Ferry street.

The Rev. Milton H. Bank performed the Jan. 2 ceremony at Central Methodist Church. The bridegroom is in the Navy and the new Mrs. Viands is making her home on Seneca street.

Mary Mitchell (center) retiring Wisner school teacher will be honored tonight at the school. Taking part in the ceremony are Mrs. James Morse (left) Wisner School principal, and Mrs. Joseph Panter, first Wisner PTA president.

Has Served 40 Years as Wisner Teacher

PTA to Honor Mary Mitchell

After 40 years as elementary school teacher at Wisner School, Mary Mitchell will retire at the close of the school term.

The Wisner PTA will honor her tonight from 7 to 8:30 at a public reception.

CAME HERE IN 1918

Miss Mitchell, a graduate of Alma College and Wayne State University, came to Pontiac in 1918 and has taught more than 1,500 third, fourth and fifth graders.

Her future plans will include working for the many local organizations of which she is a member.

Serving as general chairman for this evening's occasion is Mrs. Irving Cocking, assisted by Mrs. William Hinsperger, Mrs. Milton Blood, Flora Owen and Geraldine Gibbs.

Mrs. LeRoy Koch and Mrs. Clifford Neville are in charge of refreshments.

Phi Epsilon Nu Unit Plans July Shower

The regular monthly meeting of Phi Epsilon Nu Sorority was held Tuesday at the Seminole avenue home of Marjorie Richards.

The July meeting will be held at the home of Mrs. Bruce McColl. A linen and kitchen shower will be given for Carol Opland at this time.

Receiving the guests will be Miss Mitchell, Mrs. James Morse, principal of Wisner; Mrs. Ervin Christie, Mrs. Cameron Clark and Mrs. Joseph Panter.

Mrs. Leonard Saari is hospitality chairman and Mrs. Lester Lyons will be in charge of the guest book.

Mary M. Baldez Marries

Holy Name Church, Birmingham, was the scene of the wedding Tuesday morning of Mary Margaret Baldez and Lt. John F. Chihan Jr. The Rev. Eugene Paddock officiated.

The bride is the daughter of Mr. and Mrs. Joseph P. Baldez of Birmingham and the bridegroom is the son of Mr. and Mrs. John F. Chihan of Dearborn.

For the occasion, the bride wore a white-length gown of white rosepoint lace over taffeta with a matching lace mantilla. She carried a small white rose bouquet on a white prayer book.

Bridesmaids were Margaret Mary Casey and Elizabeth and Marion Chihan. They wore yellow taffeta dresses and carried bouquets of white daisies.

David Foran was best man. Seating the guests were Joseph and Michael Baldez.

Following the ceremony, a breakfast was held at the Oakland Hills Country Club.

For her going away costume, the bride wore a navy suit. The couple left on a trip to El Paso, Texas, where the bridegroom will be stationed.

Bloomfield Hills News

Merrills to Celebrate

By RUTH SAUNDERS

BLOOMFIELD HILLS — June 14 will be a triple-celebration day in the William O. Merrill family. Dr. and Mrs. Merrill will be attending the wedding of their granddaughter, Arlene Frances Rice, to Homer Harrison, commemorating their own 49th wedding anniversary; and remembering the wedding 23 years ago of their son-in-law and daughter, Dr. and Mrs. Carl H. Rice, who are parents of the present day bride-elect.

A seed-pearl medallion, worn by her mother and grandmother, will be worn by Arlene. The wedding will take place in Kirk in the Hills.

Mr. and Mrs. Ernest R. Breech entertained at dinner Wednesday for Mr. and Mrs. George Leston of Paris, France.

The dinner was given at Bloomfield Hills Country Club.

The Greek Theater at Cranbrook will be the setting June 13, 14, 20 and 21 for St. Dunstan's Guild last production of the season "Inherit The Wind" by Jerome Lawrence and Robert E. Lee.

Mrs. John Warner is directing, assisted by Mrs. Henry Jackson and Mrs. J. U. Klauf. Mrs. Stephen Manhard is production manager.

The cast of 43 players is headed by Mathew Harrison Brady, John Copping and Weston Myers.

DINNER GIVEN

Mr. and Mrs. Ernest A. Jones were hosts at dinner Wednesday in their home on Cranbrook road for their house guests, Mr. and Mrs. Robert Guggenheim of Los Angeles.

Mr. and Mrs. Max H. Fruhauf will honor their future daughter-in-law, Ellen Pearson of San Diego, Calif., at a reception Sunday afternoon in their home on Brookside drive.

Miss Pearson's engagement to Mrs. Fruhauf's son, Nicholas Fridmore, was announced recently in San Diego by her parents, the Rev. and Mrs. Lawrence Pearson. She has come for a visit with her grandmother, Mrs. Joseph Hayden, in Ann Arbor, and is spending this weekend with the Fruhaufs.

Mrs. Hayden will assist in receiving the guests Sunday as will

Set Night That You Are Free

By EMILY POST

"Dear Mrs. Post: My husband and I both work. When I get home in the evening I have many things to do. Most of my friends are home during the day and their evenings are free. Very often these friends will come to visit us in the evening.

"After they leave I am up half the night doing chores that I had planned to do earlier. It isn't that I don't enjoy seeing them but when time is limited these visits can be very disrupting.

"I have thought of not answering the doorbell, but my husband thinks this would be very rude as our light can be seen from the street and they will know that someone is home. Is there anything I might do?"

Answer: A suggestion is to explain your problem to these friends and tell them you are going to arrange things so that you will have one evening a week, let us say Thursday, free of work in order to be able to see them.

"Dear Mrs. Post: When I am seated in my employer's office taking dictation and he receives a personal telephone call, is it proper for me to remain where I am, or should I leave and come back when he is through? I never know what to do in this situation and am often embarrassed just sitting there and trying not to listen to his sometimes very personal conversation."

Answer: You should start to leave the room. He can then either let you go, or tell you to stay.

Forget High Heels

Good Posture Aids Mom and Baby

By JOSEPHINE LOWMAN

Posture is always important to a woman, but during pregnancy it can be a lifesaver. Standing and sitting correctly makes your maternity wardrobe look its best, aligns the figure and, most important of all, gives your baby plenty of room in which to move and grow.

Good posture also will save you much fatigue and discomfort. Pregnancy places a strain on the back because of the weight in front. The unusual abdominal weight may also lead to sway back unless you are watchful of this danger. This

in turn may cause backaches.

All of the rules for good posture hold good for the expectant mother, only more so. Straighten your spine so that you stand as tall as possible. Shoulders and knees should be relaxed. Reach for the ceiling with the top of your head. Pull your hips under as much as possible.

There is a typical "pregnant woman" walk. I am sure you have all seen this. When walking the woman throws her weight from side to side rather than forward, with each step. In other

words she waddles. Try to avoid this during this important nine months in your life. You will be much happier in low-heeled shoes. The heels should have a fairly broad base and should not be more than one-and-a-half inches high.

This is important for two reasons. In the first place, low heels make a fall less likely. They also make good posture easier. High heels throw the weight forward and off balance. This creates a special strain during pregnancy because the extra weight is carried

forward. A good maternity girdle will help you maintain good posture.

LIE ON BACK

Early in pregnancy you will rest comfortably if you lie on your back with small pillows supporting your head, knees and feet. To relax let your body go limp and imagine that you are "pouring yourself into a crack."

During the later months sleep on your side with your knees bent about half way. The bed supports the baby's weight. Some women like a small pillow under their abdomen when in this position. Start your pillow toward your shoulder. This will avoid pressure on the breast.

If you would like to have my leaflet "Care During and After Pregnancy" No. 21 and "Reconditioning at Home" No. 49 send a stamped, self-addressed envelope with your request to Josephine Lowman in care of this newspaper.

Tomorrow: "Girl, 17, Says: 'I'm Still As Flat as I Was at 12'"

Early in pregnancy you will rest comfortably if you lie on your back with small pillows supporting your head, knees and feet.

Wesleyan Junior Unit Has Picnic

The annual picnic of the Junior Wesleyan Service Guild of Central Methodist Church was held at Rochester's Avon Park.

Following the Tuesday picnic activities, the group met at the Rochester home of Mrs. Frank Green. Helen Kinney, Flint district secretary of the Wesleyan Service Guild, installed officers for the coming year.

Baby Julian became president of the group. Others installed were Mrs. Donald DeVoe, vice president; Roberta Davis, recording secretary; Elizabeth Rockefeller, treasurer; Vera Murphy, promotion secretary; and Sandra Johnson, status of women chairman.

Helen Kinney reported on the address, "Quest for Fulfillment," given by Eva Shipstone, head of the psychology department at Isabella Thoburn College, India, at the National Guild Assembly weekend held recently in St. Louis, Mo.

Holds Meeting

The Reliable 12 Club gathered at the Moreland avenue home of Mrs. Goldie Crelley for a business meeting Tuesday evening.

The club's project for this past year has been working for crippled children. The next meeting of the club will be held September 16 at the home of Mrs. Mary Winslow, of Hatfield road.

Install Officers at Banquet

Boys Club Mothers Meet

The Mothers Club of the Pontiac Boys Club held its installation banquet Tuesday at the club on Pike street.

Michael Florillo, Boys Club director, installed the following officers: Mrs. Arthur Longbrake, president; Mrs. Walter Peters,

vice president; Mrs. Ralph Weir, treasurer; and Mrs. Henry Warren, secretary.

Board of directors for the coming year are Mrs. Thomas Dodson, Mrs. John Jones, Mrs. Lester Christensen, Mrs. Edwin Sutherland, Mrs. Roseline Hickman, Mrs. Herman Dennis and Mrs. Earl Luchebach.

Committee chairmen for the year are Mrs. Jack Nelson, Mrs. Charles Lucas, Mrs. Herman Dennis, Mrs. Lester Christensen, Mrs. Leonard Noren, Mrs. Charles Eaglen, Mrs. Walter Peters.

Hostess for the dinner was Mrs. Delbert Hammet. Joseph Chevalier, assistant director of the Boys Club was a guest.

Chairmen for the banquet were Mrs. Harold Mackenzie, Mrs. Almont Austin, Mrs. Herman Dennis, Mrs. Walter Peters and Mrs. Arthur Longbrake.

The Boys Glee Club sang three selections.

Tuesday Tee League Plans Golf, Party

The Tuesday Tee Golf League held its June meeting at Pontiac Country Club. Plans were made for golf and a "Husbands' Party" to be held Sunday, June 29, at the Pontiac Country Club.

Mrs. Raymond Kneisel and Mrs. Joe Belant will be team captains for the league's annual picnic.

DARWIN LEE JOHNSON

To receive a bachelor of arts degree at June 7 commencement exercises at Alma College is Darwin Lee Johnson. He is the son of Mr. and Mrs. August Johnson of Bloomfield Hills.

KITTIES' HIDEAWAY — Ronnie and Janet Lynn Dick go calling on "Mickie," their cat, in her "hideaway" in a maple tree on the Dick frontlawn in Frankfort, Ind. The Dick children adopted the cat about a year ago, and they are the only ones she will permit to visit her in her "penthouse," 30 feet above the ground. Mickie retreated to the hole in the tree with three of her offspring when a neighbor inadvertently closed off the original hiding place she had used when the trio of kittens was born.

But Had Misgivings About Act Heuss Voted for Hitler

By United Press International

Theodor Heuss, who has arrived for a state visit with President Eisenhower, is the popular first president of the West Germany which has risen from the ashes brought on by Adolf Hitler and his defeat.

Heuss voted with other members of the German Reichstag in 1933 for the act which made Hitler a dictator. But he expressed his misgivings and opposition to the Nazis both before and after that action. His books were burned by the Hitler government and he was barred from political writing throughout its regime.

A genial, stoop-shouldered man with a shock of white hair and a cigar nearly always at hand, Heuss, now 74, has virtually no powers under the Bonn Constitution. But he is said to have a personal popularity in Germany nearly equal to that of politically powerful Chancellor Konrad Adenauer.

A scholar who writes his own speeches—frequently in German too difficult for many of his listeners—Heuss began his political career at the turn of the century in the liberal movement of Friedrich Naumann, one of his nation's outstanding democratic political thinkers.

Heuss was born at Brackenheim, in the southwest German state of Württemberg, Jan. 31, 1884. As a young man he edited several political magazines. He later was editor of the "Neckar Zeitung," a daily newspaper published at Heidelberg. He revived this as the "Rhein-Neckar Zeitung" during his political "exile" at Heidelberg during the Nazi years.

He was first elected to the Reichstag in 1924. Immediately after World War II he was named minister of culture in the state government of Württemberg-Baden and became a member of its legislature. He was a member of the parliamentary council which sat at Bonn to draw up the constitution of the German Federal Republic and was elected to the first Bundestag, or lower house, in 1949.

He was elected first president of the republic in the same year by the Federal Assembly, a special body of federal and state legislators which convenes for that purpose only. He was re-elected for a second five-year term in 1954.

U.N. to Discuss Mideast Case

**Lebanon Says U.A.R.
Sparks, Supplies Revolt
Against Government**

UNITED NATIONS, N.Y. (AP) — The U.N. Security Council turned today to its second Middle Eastern case in two days. — Lebanon's complaint that the United Arab Republic sparked and supplied the continuing revolt against the Lebanese government.

Lebanon charges that the U.A.R. incited Lebanese rebels in a violent press and radio campaign to overthrow pro-Western President Camille Chamoun. The Egyptian-Syrian union also was accused of sending arms and men to help the rebels. U.A.R. President Nasser has denied the charge.

The rebels have been confined to several sections of the country, but sporadic fighting continues. An undetermined number of persons were killed during a six-hour clash in Beirut yesterday.

The Council yesterday called a two-week suspension in its debate on charges by Tunisia and France blaming each other for recent clashes between their troops in Tunisia.

French delegate Guillaume Georges-Picot called attention to the exchange of messages between new French Premier de Gaulle and Bourguiba, each expressing hope for a peaceful settlement. Georges-Picot suggested direct talks between the two governments would be the best thing and said France was eager for them, something the French had previously balked at.

The Tunisian representatives also were in favor of direct talks but made clear they would continue to demand the withdrawal of the 22,000 French troops in Tunisia.

**Odds or Not, Father, Son
Serving on Same Jury**

HOUSTON, Tex. (AP) — The odds are pretty great against the names of a father and son turning up among the 600 in the Harris County jury wheel.

They're even greater against their being called the same week and winding up on the same jury in one of the county's 12 civil district courts.

But it happened to Millard Howard Tyron Jr., and insurance salesman, and his father, a city employee. They're hearing a lawsuit involving repairs to a building.

MR. AND MRS. ROBERT COPEMAN

DAV Auxiliary to Install Husband and Wife Team

A local husband and wife team will be installed as commanders of the Disabled American Veterans Pontiac Chapter 16 and its auxiliary at dual installation ceremonies to be held at the chapter headquarters, 199 Auburn Ave., Saturday.

Robert R. Copeman, of 5266 Pine Knob Rd., Clarkston, will take over as the newly elected chapter commander. His wife, Marie J., will be installed as commander of the auxiliary.

Installing officer will be Gordon Forreel, of Port Huron, who is a past commander of the local chapter and past eighth district committeeman.

Other chapter officers being installed are: Luther Keyes, senior vice president; Herman Byrd, junior vice president; Jack Secorder, treasurer; Paul Taylor, adjutant; and John Tuson, executive committeeman.

Auxiliary officers being installed are: Mrs. Marcia Marcum, senior vice president; Mrs. Helen Bedell, junior vice president; Mrs. Norma Chaucey, treasurer; Mrs. Bertha Williams, adjutant; Mrs. Ann Bressler, chaplain; and Mrs. Alice Jewell, executive committeewoman.

Mr. and Mrs. Copeman will also assume the position of chairman of the chapter's delegation to the upcoming D.A.V. State Convention to be held June 20-22, at Sault Ste. Marie.

The installation is scheduled to begin at 8 p.m.

**Now He's Facing World
Just Like Rest of Us**

PASADENA, Calif. (AP)—King Boy, a German shepherd, has to face life today just like the rest of us. Neighbors complained because the dog's owner Mrs. Nancy Ewing, 58, blindfolded the animal when she took him for walks. Officers told her, "No more blindfolds."

"I just didn't want King Boy to see all the evil there is in the world," Mrs. Ewing said. "I didn't want him to see bad people."

Rise in Line With Seasonal Expectations

May Construction Up 10 Pct. From April

WASHINGTON (AP)—The government reported today that new construction activity last month totaled 4.1 billion dollars, a 10 per cent increase over April.

The commerce and labor departments said this preliminary estimate was in line with seasonal expectations.

For the first five months of this year the dollar volume of construction was estimated as 17.7 billion dollars, about the same as a year ago.

Private construction thus far in 1958 was about 1 per cent lower than a year ago. However, public construction jumped about 4 per cent during the same period,

largely because of increased spending for highways and military housing.

The dollar volume of residential construction in the first five months of this year was down about 1 per cent from the same period a year ago. The industrial construction, by contrast, was off 21 per cent.

During May, the government estimated, one billion dollars was spent on new dwelling units. This was 6 per cent higher than the April figure but the amount for the first five months of the year was 2 per cent lower than in the corresponding portion of 1957.

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Title fight by December! That's the goal of Art Greenwald, personable manager of Saginaw welterweight Mickey Crawford.

Greenwald figures Crawford will take a big step toward that title match July 11th when the faces-Gasper Ortega in a Madison Square Garden telecast.

Friday's championship bout between Virgil Atkins and Vince Martinez will be closely watched by Greenwald. He really doesn't care much who wins, he just wants the next shot at the winner for Crawford.

A few fight experts look back at Crawford's win over Gil Turner and feel that a crack at the crown can come only by a decisive win by the Saginaw boxer over Ortega in July.

FIGHT GAME A HOBBY

Boxing for Greenwald is not a business. It has always been a hobby.

Even with a champion, would Art ever realize a full return of the money he has put into several fight proteges. In two and a half years, Greenwald figures he has put close to \$10,000 into Crawford.

During the winter months Crawford has bouts in Florida and as always Greenwald waived the entire purse to the boxer.

In the aesthetic Greenwald residence in Rochester, Crawford's biggest fans are Mrs. Art Greenwald and the six Greenwald kids.

As a sideline hobby, Art raises horses on his vast acreage for the kids, but when Crawford fights, the Greenwald clan declares a holiday to be at ringside, near the TV or next to the radio.

Under Greenwald's managing, Crawford has won 21 of 23 fights and just like the stamp collector looking for a rarity, Art is also looking—for a title fight.

DITTO FROM THE PRESS BOX

Pat Mullin of the Detroit Tigers' scouting system sends us a note of reminder that all boys 16 and over from anywhere in Oakland County and area are invited to attend the baseball tryouts at Wisner Stadium, June 19-20.

Saturday is National Golf Day and for a \$1.00 entry fee, for such deserving beneficiaries as the caddies scholarship fund, veterans' hospital golf programs, amputee and blind golf operations and national Jaycee championships, golfers are invited to match their scores against the champs.

Open champion Dick Mayer and PGA champ Lionel Hebert will play a match round at Southern Hill CC, the Open site in Tulsa next week.

Tennis courts on West Huron next to Pontiac Central will be ready for use as soon as the lines are marked. They were scheduled to be ready for use May 1.

Orioles Push Tigers Into Cellar With 6-4 Win

Kuenn to Miss Week of Action Due to Injuries

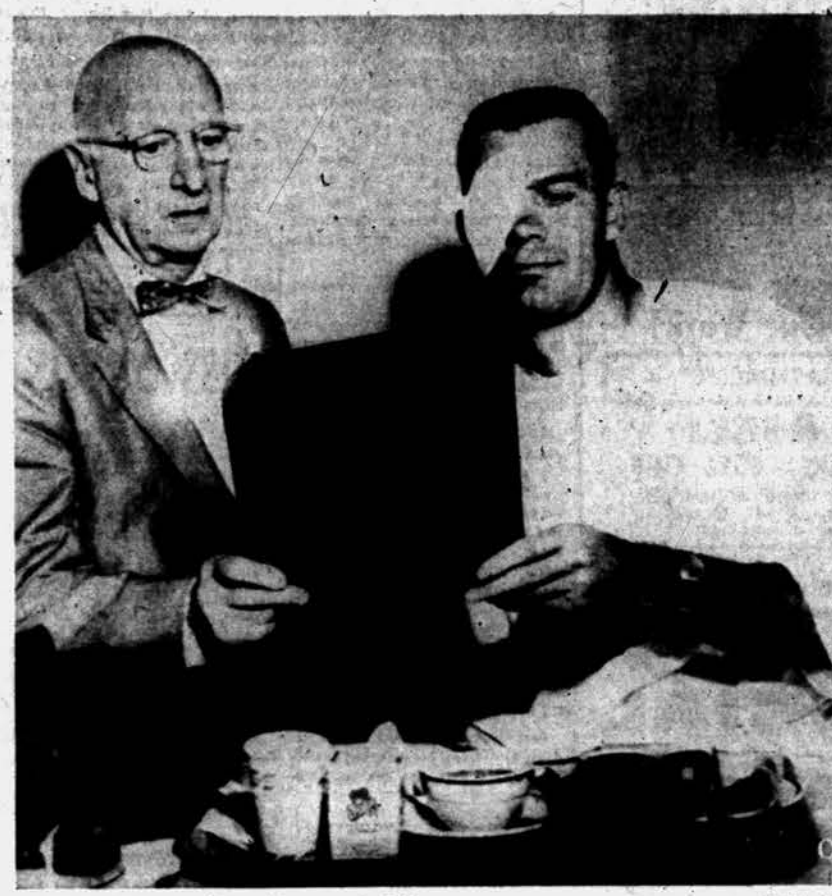

BALTIMORE (UP)—Detroit centerfielder Harvey Kuenn probably will be out of action a week because of eye and face injuries received in last night's game with the Baltimore Orioles, a doctor said today.

Dr. Erwin Mayer, Orioles physician, said 25 stitches and plastic surgery were used to close wounds in Kuenn's lower right eye lid and on his face below the eye.

Mayer said the lower lid was torn almost in half. He said Kuenn's sight will not be impaired. Officials at Union Memorial Hospital said Kuenn may be able to leave the hospital today. He was to undergo further check-ups by X-ray today.

Kuenn, a converted shortstop, was injured when he fell on top of a seven-foot wire fence in left center field while trying to snag a home run ball hit by Orioles catcher Gus Triandos in the seventh inning.

SPORTS

CHECKS X-RAY — Harvey Kuenn, centerfielder of the Detroit Tigers, checks the X-rays of himself taken as shown by Dr. Erwin Mayer in Union Memorial Hospital in Baltimore. Kuenn

required 25 stitches near the right eye and some plastic surgery after attempting to catch a fly ball near the fence. He fell on a wire fence.

Triandos' Homer Tags Frank Lary With 5th Defeat

Baltimore Tops Bengals for 6th Time This Year; Kuenn Is Injured

BALTIMORE (UP)—The Detroit Tigers were at rock bottom today, and without the services of Harvey Kuenn, their only consistent hitter in the lineup recently.

The Baltimore Orioles gained a 6-4 victory over the Tigers last night when Gus Triandos slammed a 400-foot, two-run homer in the seventh inning. Kuenn was injured on the play.

The loss — their sixth straight to Baltimore this season — dropped the Bengals into last place in the American League with a 19-35 record. Baltimore climbed to seventh place, 11½ games behind leading New York. Detroit is 12 games off the pace.

Triandos' homer, his ninth of the year, eliminated an uphill battle for the Orioles who spotted Tiger righthander Frank Lary a three-run lead, then dealt him his fifth defeat against the same number of victories.

Baltimore used four pitchers with George Zuverink getting the win after Jack Harshman bailed him out of trouble with two on and one out in the ninth inning.

An error by Brooks Robinson, playing second base in a makeshift Baltimore infield, and a single by Al Kaline, put runners on first and second with one out. Harshman got Charlie Maxwell to ground out, then manager Paul Richards ordered Robinson back to third and Dick Williams to shift to second. The strategy paid off as Robinson made a good play on pinch hitter Ray Boone's slow roller to end the game.

Gail Harris slammed a three-run homer off Oriole starter Connie Johnson in the second inning, but the Orioles got a pair of runs back in the fourth when Bob Boyd lined a pinch-hit single after Robinson singled and Jim Marshall doubled.

The Orioles tied the score on Triandos' run-producing single in the fifth but Kuenn put Detroit back in front in the sixth with his fourth home run of the year.

Baltimore came back with an unearned run in its half to tie the score again 4-4, then Triandos belted his game-winning round-tripper over the center field fence in the seventh.

Nats Stopped, Chisox Catch Yanks

By THE ASSOCIATED PRESS

Washington was back down out of the clouds today after having its four-game win streak snapped while the White Sox were rejoicing over their 1st season victory over the Yankees.

Kansas City defeated Washington 5-4 and Chicago won 7-2 on a four-hitter by Billy Pierce. Cleveland downed Boston 7-5 in 10 innings in the other American League game.

Jack Urban, who won his 3th game, and Virgil Trucks combined to halt the surging Senators.

Two run-scoring singles by Mike Baxes helped send Al Cicotte down to his 3rd straight defeat.

He gave up the 1st four Kansas City runs after starting with a 1-0 lead on a double by Albie Pearson and Clint Courtney's single.

Chicago had gone 32 innings without a run and nine without a hit before the Chisox broke the ice yesterday led by Pierce. He doubled in a two-run third as a string of 24 shutout innings by Yank pitchers also came to an end.

Six strikeouts moved Billy into the AL strikeout lead 55 to 53 over Bob Turley as he evened his record at 4-4. Loser Tom Sturdivant is 1-3.

The big blow for the White Sox was a two-run pinch single by Don Mueller which broke a 2-2 deadlock in the 7th. Yogi Berra and Mickey Mantle each got homer No. 7 for the New York runs.

Cleveland overcame a 3-0 Boston lead in winning its first game in five starts.

Billy Harrell's two-run homer, three singles, a wild pitch and an error scored four runs in the big 10th. Boston got two in the same frame on a circuit clout by Dick Gernert.

Hoyt Wilhelm won his 2nd game as an Indian working in relief. Dave Sisler, now 4-2, lost it for the Red Sox.

New Team Champ Assured

City Best-Ball Saturday

There will be a new team champion this year when the annual City Best-Ball golf tournament is held Saturday at Pontiac Municipal course.

Ed Wasik and Ron Rothbarth, who joined forces to win last year's 18-hole tourney, are breaking up their partnership this Saturday and a new team winner is assured.

Wasik's partner this time will be Paul Bada, the defending city champ who still holds the course record at Municipal, a blazing 63.

The combination of Wasik, himself a former city champion, and Bada, the par-shattering redhead, must be installed as the favorite in Saturday's event.

Several other strong teams, involving many of the best public links shotmakers in the Pontiac area, are entered, such as Glen Harding and Dick Robertson, Stan Savage and Bob Gaines and Dick DeWitt and Tom Thum.

Other entries include A. K. Burton and Ed Gorans and St. Frederick coach Gene Wright and his star golf pupil Joe Keller.

Competition will be conducted over the 18-hole route with play beginning at 12 noon. Trophies will be awarded to the winner

and runner-up with top-grade golf balls going to the 3rd and 4th place teams.

Saturday's best-ball tournament inaugurates a program of six tournaments this summer at Municipal.

Rounding out the schedule will be the mixed two-ball foursome June 23, the women's medal play July 19, Region 1-B UAW-CIO event Aug. 2, men's medal play qualification Aug. 9 and the city medal championship Aug. 16-17.

Braves Lead by 1; Banks Has 16 HRs

Podres Hurls 1st LA Shutout

By THE ASSOCIATED PRESS

Things haven't looked this good for the Los Angeles Dodgers in a long, long time. They've gained voter approval for the Chavez Ravine deal, Johnny Podres has junked his four-game slump with a three-hit shutout and those crowd-collecting Milwaukee Braves are coming to town.

The Dodgers are still in the National League cellar, but it's only a 4½ game spread to third place after last night's 3-0 job on Cincinnati. It was the first shutout of the year for Podres, who led the majors with six last season. It gave the Dodgers their first victory over the Redlegs in six tries since last August 21.

It also was the first shutout hung up in the Coliseum, with its cozy corner in left field.

The Braves, again drawing a near-capacity crowd, moved into a one-game lead over second place San Francisco by beating the Giants 10-9 in 11 innings. St. Louis whipped Pittsburgh 6-3 and gained a virtual tie for fourth place with Chicago. The Cubs bombed Philadelphia again 11-5 with Ernie Banks belting his 15th and 16th homers, high in the majors.

Johnny Klippstein (2-2) lost it, giving up four of the Dodgers' Charley Neal drove in two

Dodger runs with a 420-foot triple to center and a solo homer, his ninth, that cleared the nearby left field screen at the foul pole.

Podres, now 5-4, breezed, meanwhile, twice retiring 11 in a row and no-hitting the Redlegs over the last 4 1-3 innings.

The young lefty, beaten 3-2 at Chicago in his last start after blanking the Cubs for 8½ innings, struck out seven and walked two.

Johnny Temple and Don Hoak hit leadoff singles in the first and second, and Roy McMillan singled with two out in the fifth.

Johnny Klippstein (2-2) lost it, giving up four of the Dodgers' Charley Neal drove in two

seven hits before a crowd of 17,879 that boosted Coliseum attendance to 630,385 for 22 dates.

A pinch-hit single by pitcher Warren Spahn clinched it for the Braves off losing reliever Stu Miller (1-3). Down 7-1 after three, they tied it 7-1 in the ninth as Wes Covington belted a three-run homer on the first pitch from reliever Pete Burnside — who was sold to Phoenix a few hours later.

The two clubs swapped two-run spurts in the 10th. The Giants got theirs after two were out on consecutive pinch homers by Hank Sauer and Bob Schmidt off winning reliever Ernie Johnson (2-0).

With the series final scheduled today, the Braves have drawn 43,820 in two at Seals Stadium, which holds 23,600.

Stan Musial hit his 10th homer and Ken Boyer rapped a two-run, inside-the-park homer for the Cards against Ron Kline (6-5). Jim Brosnan (6-4) won his third straight, with relief help, since coming to the Cards from the Cubs May 20. He gave seven hits, three by Frank Thomas, who hit his 14th home run.

Both of Banks' home runs came with a man on for the Cubs, his second an inside-the-park belt as the Phil's Richie Ashburn crashed into the center field wall. Moe Drabowsky won his third with a 10-hitter, including two-run homers by Solly Hemus and Rip Repulski, while Robin Roberts lost his sixth in 11 decisions.

Tim Holland Only American Left in British Amateur

ST. ANDREWS, Scotland (UP)—Tim Holland of Rockville Center, N. Y., won a place in the quarter-finals of the British Amateur Golf Championship today by defeating Dave Allan of Scotland, 3 and 2, in a fifth round match.

Holland, who never has won a major championship, was one of two Americans to reach the fifth round out of a total of 15 who started in the tournament.

The other American, John J. Penrose, a 43-year-old Miami, Fla., insurance broker, was eliminated by Gerald Micklem, captain of the British Walker Cup team, on the 19th hole of a tight match.

Micklem won with a birdie three on the first extra hole, a 34-yarder, after Penrose had squared the match at the 18th.

The 27-year-old Holland was one of four Americans who were seeded in the draw. The other three were eliminated in earlier rounds.

Micklem's victory set up a quarter final duel between two British Walker Cuppers for this afternoon. Ireland's Joe Carr, the 1953 British champion, defeated another Walker Cup star, Phil Scurton of England, one up, in the other fifth round match in that quarter.

In the top quarter, Dr. James Mahon, Ireland, defeated Lindsay Renfrew, Scotland, 2 and 1, and Michael Bonallack, England, alternate on the Walker Cup team, defeated Guy Wolstenholme, on the 19th hole.

Mickel took the lead over Penrose when the American three-putted the first hole for a bogey five. He missed a four footer. The next twelve holes were halved in par figures.

Micklem ran down an eight foot putt for an eagle three on the 560-yard 14th to go two up. Penrose got one hole back by winning the 15th when Micklem put his second shot in tall grass and took a bogey five. Penrose drew even at the 18th when Micklem left his second shot 30 yards short of the green and settled for a five.

Kuhlman Electric chalked up a 7-0 victory in the Class B City Baseball League yesterday at Jaycee Park and nobody wiggled a finger to do it.

Kuhlman's team was awarded a forfeit decision when the scheduled opponent, Pontiac Boys Club, couldn't find a 9th man to put on the field. The result was no work and one victory for Kuhlman.

Both of Banks' home runs came with a man on for the Cubs, his second an inside-the-park belt as the Phil's Richie Ashburn crashed into the center field wall. Moe Drabowsky won his third with a 10-hitter, including two-run homers by Solly Hemus and Rip Repulski, while Robin Roberts lost his sixth in 11 decisions.

Wings Pass on NHL Draft

Hawks Obtain Arbour

MONTREAL (UPI)—Detroit Red Wings defenseman Al Arbour today found himself among 10 National Hockey League players who'll be wearing different uniforms next season.

The 24-year-old Arbour was drafted for the \$15,000 price by the Chicago Black Hawks at the annual NHL business meetings here yesterday. Arbour was a regular Wing defenseman over the last two years.

The New York Rangers, raided for five players in the draft, may yet have the final word in the consummation of a complicated three-cornered deal in which they were unwilling partners.

Montreal, Toronto and Chicago contrived a multi-player transaction designed to strengthen both the Black Hawks and Maple Leafs and provide the Stanley Cup champion Canadiens with farm replacements.

The entire deal depended on Chicago drafting defenseman Jack Evans from the Rangers and then turning him over to Montreal, which planned to send him to Rochester along with two other drafted rangers—Danny Lewicki and Dave Creighton.

But Montreal, Toronto and Chicago may have outsmarted themselves. As soon as Chicago an-

nounced the transfer of Evans to Montreal, league president Clarence Campbell ruled the procedure was illegal. He cited regulations which forbid the transfer of a drafted player to any other team without first being waived on by the other six clubs without right of recall.

"They'll never deliver the body under those circumstances,"

Campbell said when asked if the Evans deal was legal.

"The drafting and subsequent attempt to hand Evans over to the Canadiens was just one move in the biggest internal league draft in NHL history. A total of 10 players at \$15,000 each were picked up by Chicago, Boston, Toronto and Montreal. Neither Detroit nor the Rangers drafted, passing all four rounds.

Tourney Starts Today

Miss Suggs PGA Choice

PITTSBURGH (AP)—Experience and recent performance appeared to give a slight edge to defending champion Louise Suggs today in the \$7,500 Ladies PGA Tournament at Churchill Valley Country Club.

Savvy paid off handsomely for the wiry 34-year-old Georgian when she fired a final 68 to win the 72-hole medal event last year while less experienced rivals came to grief on Churchill's tricky back nine.

Her 285 total was three strokes better than that posted by runner-up Wiffi Smith who showed the way in the first three rounds. Wiffi, then a 20-year-old freshman pro, slipped to 74 on the final 18 after setting the course record for girls with a first-round 68.

Louise comes to Churchill fresh from a victory in the Gatlinburg Open where she defeated Mary Lena Faulk last Sunday.

Others seeking the title, one of the most coveted in women's golf, include Beverly Hanson, Ladies PGA champion in 1955; Marlene Bauer Hage, the 1956 winner; and Patty Berg, who has won more tournaments than any player in the field.

Miss Hanson and Mrs. Hage currently are battling for low scoring average and total money winnings.

Miss Berg has been slow warming up this season and will be getting back into competition after a two-week layoff conducting golf clinics. Mickey Wright and Betsy Rawls also missed the Gatlinburg because of exhibitions.

Observers look to a higher win-

ning score this year, possibly 287 or 288.

None of the girls was willing to predict victory or the possible final score. And with good reason.

Churchill's par 36-34-70 layout is relatively short at 6,025 yards, but it is hilly and densely wooded. The back nine is particularly treacherous where two creeks parallel and cross the final seven holes.

Daily rounds of 18 holes will be played through Sunday.

Drive-In Team Wins 1st Tilt at Watford

Nonne's Drive-In broke into the win column for the first time last night in the Watford Softball League with a 4-1 American division triumph over Drayton Drug at the Drayton Plains ball park.

Southpaw Jim McClellan received credit for the win and tripled home a run in the 3rd when Nonne's scored all of its runs. Wayne Janks relieved McClellan in the 6th frame. Harry Kunkle and Gene Shell hurried Drayton with Kunkle the starter and loser.

In National League action, the Drayton Drug B club drubbed the Pontiac Lake Merchants, 14-4, with play being halted after five innings by the 10-run rule. Jim Cuthrell doubled and tripled and scored three times for the winners, who tallied 12 runs in the 2nd as 18 men batted.

Glad Stadium Got Okay

Dodger Players Pleased

LOS ANGELES (AP)—Dodger ballplayers were mighty happy Wednesday that the voters of Los Angeles want them to have a Chavez Ravine Stadium.

"I'm tickled to death for Mr. O'Malley's sake and for the chance to have a good ball park," said Capt. Fee Wee Reese.

"I'll sure be glad to get in a new stadium," said pitcher Don Drysdale. Some have blamed Drysdale's disappointing showing this season on Memorial Coliseum and its short left field fence.

"I'm happy to see it work out as it was intended in the beginning," was the comment of pitcher Carl Erskine.

Duke Snider, who has hit only

one home run in the Coliseum, said the vote was "a wonderful thing."

"Now if we can just start winning some ball games," said first-baseman Gil Hodges.

"This vote was a wonderful thing," said shortstop Don Zimmer. "I might even sell my home in St. Pete (St. Petersburg, Fla.) and move out here—now that it's all over."

Addis Hurls CIO to 1-0 Triumph

CIO Local 594, currently the hottest team in the Class A City Baseball League, handed Griff's Grill a 1-0 whitewash Wednesday at Wisner Field behind the five-hit pitching of Jim Addis.

Addis and Griff's Marshall McGuire waged a scoreless mound duel for five innings. Then the Union club eked out a run in the top of the 6th frame, and Addis made it stand up.

Bud Hayward led off the 6th with a walk, stole 2nd and moved to 3rd on a passed ball from where he tallied the game's only run on an infield out.

McGuire allowed just four hits in his losing effort while walking two and fanning the same number. Addis struck out five and walked one.

Olympic Week Starts Oct. 13 Throughout U.S.

WASHINGTON (AP)—President Eisenhower Wednesday signed a bill authorizing him to set aside the week starting next Oct. 13 as National Olympic Week.

The aim of the proclamation as authorized by Congress is to promote interest in America's participation in the coming Olympic and Pan-American Games.

The 1960 Olympic Winter Games will be held at Squaw Valley, Calif., and the other Olympic contests in Rome. The Pan-American Games are scheduled for Chicago in 1959.

Orioles Get Pitt Ace

PITTSBURGH (AP)—Jimmy Dunlap, University of Pittsburgh shortstop who hit .350 this season, said Wednesday that he has signed a \$15,000 bonus contract with the Baltimore Orioles.

Dunlap, of Pittsburgh, said he will report Thursday to the Knoxville club of the Class A South Atlantic League.

The six-foot, 180-pounder signed with the Orioles Monday, the day before his 22nd birthday.

Hood Edges Pancho

OAKLAND, Calif. (AP)—Australian tennis ace Lew Hood beat Pancho Gonzales in a rugged 3-6, 12-10, 6-3 pro match Wednesday night and now trails Gonzales 36-48 in their national tour.

'500' Champion Will Pick Spots

INDIANAPOLIS (AP) — Jimmy Bryan, who earned more than \$40,000 in winning the 500-mile race here last Friday plans to pick his spots and pass up a bid for a fourth national championship this year.

George Salin of Whittier, Calif., owner of the Belond Special, which carried Bryan to victory at the Indianapolis Motor Speedway, said last night that income tax problems had much to do with Bryan's decision.

Bryan will take the Belond Special to Monza, Italy, for the 500-mile race June 29.

Other drivers on the American team going to Monza are Jim Rathmann, Miami; Johnny Thomson, Boyertown, Pa.; Jimmy Reece and Don Freeland, Indianapolis; Ray Crawford, Pasadena, Calif.; Troy Ruttman, La Mirada, Calif.; Bob Veith, Oakland, Calif.; Eddie Sachs, Center Valley, Pa., and Rodger Ward, Los Angeles.

Tigers Ink 4 Young Players for Future

DETROIT (AP) — The Detroit Tigers have signed three new rookie shortstops and a young pitcher.

One of those signed yesterday was shortstop John Donatus, 22, a four sport varsity player at Villanova. The other shortstops are Donald Hensen, 20, of the Navy, and Charles Gouva, a Stratford, Conn., high school star.

George Schmid of the University of Wisconsin is the pitcher. Schmid, a native of Oconomowoc, won 17 games and lost six for Wisconsin in three varsity seasons.

STATE TITLE HOPES—Kalamazoo will be the site of the Michigan High School State Tennis Championships Friday and Saturday and a strong contender for class B honors is Cran-

brook's net squad which includes (kneeling) Bill McQuilkin, Osmun Jacobson and Tom Bray. Standing left to right are Pete King, Bob Klein, Eddie Sun and coach Art Palmer.

175 in Junior Olympic Finals at Wisner

Future PCH, PNH Trackmen Show Stuff

Pontiac Central and Northern track stars of the future showed their wares in the annual Junior Olympics held yesterday at Wisner Stadium.

Total of 300 boys started in the regional meets at the various elementary sites last week and yesterday 175 represented the 4th, 5th and 6th grades of 21 city elementary schools in the Junior Olympic finals.

The schools were divided into two classes. Class I was made up of schools with enrollments over 500 and Class II were schools with less than 500 students.

In the larger class, Bagley boys scored the highest total of points with 63 followed by Wilson with 49 and Bethune with 22. Other Class I totals were Webster 17, Baldwin 11, Crofoot 9, Whittier 9, LeBaron 6 and Whitfield 3.

In Class II, Hawthorne had a total score of 36 points followed by Emerson with 35, Willis with 30, McCarroll 25, Malkin 21, Owen 17, Kennett 16, Herrington 12 and Will Rogers 3.

Records were set in the broad jump, which was held by Alex Barge in 1931 with 15 feet 6 1/2 inches. Herman Walton of Bagley went 17 feet 2 1/2 inches, followed by Alvin Williams of Bagley in 16 feet 10. Walton, a 6th grader, also took honors in the high jump in 4 feet 11.

Williams was also second in the 50-yard dash in 6.5, while Jeff Lane of Bethune was third in the dash and in the high jump in division for 4th grade boys.

JUNIOR OLYMPIC RESULTS:

Broad Jump: Class A—Herman Walton, Bagley, 17-2 1/2; Class B—Alvin Williams, Bagley, 16-10; Class C—Jeff Lane, Bethune, 14-0.

High Jump: Class A—Herman Walton, Bagley, 4-11; Class B—Lamar Bushner, Bagley, 4-7; Class C—Art Whittier, Bagley, 4-3.

50-Yard Dash: Class A—Alex Williams, Bagley, 6.5; Class B—Willie Kroll, Bethune, 14.8 ft. 4 1/4 in.; Class C—Dave Tinkis, Crofoot, 13.1 ft. 11 1/4 in.

50-Yard Dash: Class A—Ray Jones, Bagley, 6.5; Class B—Alvin Williams, Bagley, 6.5; Class C—Jeff Lane, Bethune, 6.8.

50-Yard Relay: 1. Wilson School, 27.6; 2. Whittier, 3. LeBaron.

GROUP II (Under 500)

(More than 100 students)

Broad Jump: Class A—R. Wood, Hawthorne, 14-4; Class B—Bruce Gibson, Owen, 13-9; Class C—J. Maynard, Alcott, 12-10.

High Jump: Class A—Are Jewell, Herrington, 4-2; Class B—Ken Pirochta, Willis, 4-8; Class C—Ed Goraline, Willis, 3-10.

Softball Throw: Class A—D. Phelps, Hawthorne, 131-1; Class B—Ken Proctor, Willis, 109-7; Class C—Gary Cobb, Willis, 136-3 1/2.

50-Yard Dash: Class A—Jerry Reese, Emerson, 12; Class B—Bob Myre, Malkin, 7-4; Class C—Gary Cobb, Willis, 7-4.

50-Yard Relay: 1. Hawthorne, 28.8; 2. McCarroll, 3. Emerson.

50-Yard Dash: Class A—Ray Jones, Bagley, 6.5; Class B—Alvin Williams, Bagley, 6.5; Class C—Jeff Lane, Bethune, 6.8.

50-Yard Relay: 1. Wilson School, 27.6; 2. Whittier, 3. LeBaron.

GROUP II (Under 500)

(More than 100 students)

Broad Jump: Class A—R. Wood, Hawthorne, 14-4; Class B—Bruce Gibson, Owen, 13-9; Class C—J. Maynard, Alcott, 12-10.

High Jump: Class A—Are Jewell, Herrington, 4-2; Class B—Ken Pirochta, Willis, 4-8; Class C—Ed Goraline, Willis, 3-10.

Softball Throw: Class A—D. Phelps, Hawthorne, 131-1; Class B—Ken Proctor, Willis, 109-7; Class C—Gary Cobb, Willis, 136-3 1/2.

50-Yard Dash: Class A—Jerry Reese, Emerson, 12; Class B—Bob Myre, Malkin, 7-4; Class C—Gary Cobb, Willis, 7-4.

50-Yard Relay: 1. Hawthorne, 28.8; 2. McCarroll, 3. Emerson.

50-Yard Dash: Class A—Ray Jones, Bagley, 6.5; Class B—Alvin Williams, Bagley, 6.5; Class C—Jeff Lane, Bethune, 6.8.

50-Yard Relay: 1. Wilson School, 27.6; 2. Whittier, 3. LeBaron.

GROUP II (Under 500)

(More than 100 students)

Broad Jump: Class A—R. Wood, Hawthorne, 14-4; Class B—Bruce Gibson, Owen, 13-9; Class C—J. Maynard, Alcott, 12-10.

High Jump: Class A—Are Jewell, Herrington, 4-2; Class B—Ken Pirochta, Willis, 4-8; Class C—Ed Goraline, Willis, 3-10.

Softball Throw: Class A—D. Phelps, Hawthorne, 131-1; Class B—Ken Proctor, Willis, 109-7; Class C—Gary Cobb, Willis, 136-3 1/2.

50-Yard Dash: Class A—Jerry Reese, Emerson, 12; Class B—Bob Myre, Malkin, 7-4; Class C—Gary Cobb, Willis, 7-4.

50-Yard Relay: 1. Hawthorne, 28.8; 2. McCarroll, 3. Emerson.

50-Yard Dash: Class A—Ray Jones, Bagley, 6.5; Class B—Alvin Williams, Bagley, 6.5; Class C—Jeff Lane, Bethune, 6.8.

50-Yard Relay: 1. Wilson School, 27.6; 2. Whittier, 3. LeBaron.

Seeks \$3,000,000 From NBA

Exiled Cager Sues Podoloff

NEW YORK (AP)—Jack Molinas, banned by the National Basketball Assn. four years ago for betting on his own team to win, has filed a three million dollar suit against President Maurice Podoloff and the owners of the eight teams in the league.

This became known Wednesday when Podoloff admitted he had been served with the summons last Monday.

"I've no doubt what will come out of this action. The same thing that happened before will happen again. We will be upheld. It will just cost us some additional fees," Podoloff said.

This is the second time Molinas, a former star with Columbia University and the Fort Wayne Pistons of the NBA, has sought restitution from the league. His first complaint, in 1954, was dismissed by Judge Samuel J. Justice.

Molinas' present suit is based

on his admission to the bar last year. He based his suit on the claim that the league is barring him from earning a livelihood as a player while the bar association did not consider his betting on his own team to win as sufficient cause to prevent him from practicing law.

Twice since his indefinite suspension, Molinas has made formal application to the NBA for reinstatement. Each time, Podoloff ruled against him without placing his petition before the league's board of governors, Podoloff said. He has that authority as league president.

"Molinas openly admitted betting," Podoloff said. "He wrote five different confessions for the police and presented one to me. Our league constitution clearly stipulates that any one found guilty of betting on ball games must be barred from the league."

RECOMMENDED! Many of America's Plumbing Experts and Rooters Rely on CAMP "ROOTAWAY" SEWER CLEANER

Used by professionals, who know! Made by the world's largest producer of the most efficient sewage chemicals in the world! "Rootaway" QUICKLY disintegrates fibrous, clogging tree roots; will not affect plumbing, orangeburg pipe, etc.!

Miceli Scores KO Win Over Fullmer

WEST JORDAN, Utah (AP) — Veteran Joe Miceli gave young welterweight Jay Fullmer a rude welcome to big-time boxing last night, scoring an automatic third-round knockout.

Miceli weighed 147 to Fullmer's 140. It was the first time former middleweight champion Gene Fullmer's 21-year-old brother had lost in his 14 professional starts.

Fullmer was wary of Miceli's left hook from the start of the nationally televised bout. And he had reason to be. The 29-year-old New Yorker, a veteran of 96 professional fights, calmly waded in to Fullmer's brief rushes in the first two rounds, watching for an opening.

Welter Crown on Line Friday

Virgil Akins Is Slight Favorite Over Martinez

Fight Figured to Be Boxer - Versus - Slugger Bout in St. Louis

ST. LOUIS (AP) — Tomorrow night it will be decided whether a slugger or a boxer will wear the welterweight champion's crown.

The contenders are Virgil "Honeybear" Akins of St. Louis, who likes to win by bombing his victims to the deck, and Vince Martinez of Paterson, N. J., who is an exponent of fancy work and has admitted that back pedaling has hurt him in fight. But he does outnumber Akins in knockouts, 31-27.

Even so, Akins is considered one of the heaviest hitters in the welterweight field.

One of Martinez' backers is his sparring partner, Ernie Roberts, who said he was certain he could beat Martinez when he saw him fight and took the job as sparring partner.

Commented Roberts, "Don't ever let anybody tell you he can't hit."

Vince's brother, Phil, said Martinez believes the main idea of boxing "is to perfect the art of self-defense. He's just as interested in winning by a decision as he is by a knockout."

Akins' manager, Eddie Yawitz, a former St. Louis druggist, says his boy will end it within nine rounds.

The predictions in Martinez' camp is that Vince will win with a decision or "by a knockout if he gets the right shot," as Manager Bill Daly said.

Martinez has repeatedly claimed he will not get on the bike this trip. But Akins' camp doesn't think Martinez will change his style after all these years.

Akins is a slight favorite over Martinez for the 147-pound title vacated by Carmen Basilio. Carmen will be a spectator at the fight and may challenge the winner. Basilio vacated the title, then won and lost the middleweight crown to Sugar Ray Robinson.

Prep Front

By CHUCK ABRAHAM

Here we are just about at the end of the road of another big prep sports season. There certainly have been a long list of thrills since things got rolling with football last September.

Only the state tennis championships remain to be determined now. Cranbrook and other qualifiers from the various regionals will compete Friday and Saturday at Kalamazoo College in the final major event of Michigan High School 1957-58 sports season.

A scattering of baseball games still remain. Cranbrook contests against Royal Oak, Dondoro Friday and Taylor Center Saturday will bring down the curtain on the baseball slate.

Track and golf equipment has already been packed away for another year following banner seasons in both sports.

Pontiac, Birmingham, Berkeley, Southfield, Milford, St. Frederick, Clarkston, Bloomfield Hills, Clawson, Troy, Ferndale, East Detroit, Royal Oak St. Mary, Highland Park St. Benedict, South Lyon, Northville, Farmington, Imlay City, Almont, New Haven and Millington were schools that took championships in at least one sport.

Many of the standout athletes will be displaying their talents for colleges around Michigan and in several parts of the nation come another high school season but there will be several outstanding performers returning for another shot.

Pontiac Northern's debut in athletic competition should be one of the big new features locally when classes open again. Dick Hall will get things rolling in basketball. Football does not start until 1959.

Area fans are already looking forward to some big Northern-Central battles in all sports. That rivalry along with the St. Michael-St. Fred duels will certainly boost prep athletics here. Local fans are still re-playing last fall's Ram-Shamrock football clash and arguing what will happen next time.

SKIPPING AROUND
Dave Fox heads a long list of future high school prospects who competed on the Madison Junior High wrestling team. The heavy-weight was named top individual in the recent city tourney for Junior High teams. Madison took the 1st team title taking eight of 12 events.

Oxford's Wally Gibbs received a trophy for being the most valuable player on the Central Michigan baseball team. Royal Oak Kimball begins its 2nd football season Sept. 19 at Southfield. Nine games are scheduled.

The climax of an outstanding high school career came recently for Jim Drake when he was named the outstanding senior athlete at Lake Orion. The football, basketball and track star is still undecided about college but is considering Ferris, Flint J. C. and Texas.

Jim Taup of Birmingham, who set two MIAA distance running records, has been elected president of the 1958 senior class at Albion.

Bob Letson, sparkplug of the strong Holly eleven last fall, is now serving in the Army.

Phillies Sign Teenager.
PHILADELPHIA (AP) — The Philadelphia Phillies Wednesday announced the signing of Ron Ruth, an 18-year-old high school pitcher from Shreveport, La. The southpaw hurler, who has pitched two no-hit, no-run games, was assigned to the Johnson City, Tenn. club, a Phillies' affiliate in the Class D Appalachian League.

Maples EML Track Champs

Birmingham Breezes to Crown by Scoring Six Firsts

Birmingham High completed another successful track season by romping to the Eastern Michigan League track championship in easy fashion on its home course yesterday.

The Maples finished with a 16-point margin over runnerup East Detroit paced by double winner Bob Stephenson. Ferndale ranked 3rd, Hazel Park 4th, Mt. Clemens 5th, Port Huron 6th and Royal Oak Kimball last.

Stephenson won the high jump and one of two 440-yard dash events to spark the Maples. Other 1sts by Gary Alcorn. Chuck Gibson and Dick Boyd and the 880 relay team made it easy.

Harold Thumbo of Mt. Clemens took both hurdle races and Port Huron speedster Jim McDonald won the 100 and 220 to match Stephenson for 1sts.

The individual winners were:
100 yard—Alcorn, 15.7 sec.
200 yard—Stephenson, 33.1 sec.
400 yard—Boyd, 1:06.2
800 yard—Gibson, 2:11.4
1600 yard—Wen by Birmingham, 4:34.4
3200 yard—McDonald, 10:22
5000 yard—Toy Palmer (Ferndale), 21:41.4
10000 yard—Jim Crowe (Hazel Park), 44:51.1
20000 yard—McDonald, 22:1.1
1st 440—Stephenson, 1:12.4
2nd 440—Ron Emerick (East Detroit), 1:17.4

WEDNESDAY'S HOME BORN AMERICAN LEAGUE
Rivers (2), White Sox; Berke (7), Yankees; Johnson (10), Detroit; Kuehn (4), Tigers; Triandos (3), Orioles.

Trio Top-Rated at Dallas Open

Sam Snead, Maxwell and Venturi Favored in 72-Hole Grind

DALLAS (AP) — Sam Snead, seeking to repeat; Ken Venturi, top-rated as usual, and Billy Maxwell, playing golf as torrid as the weather, were eyed today as the \$25,000 Dallas Open swung into the 72-hole grind.

A field of close to 100 moves out over the sun-blasted 6,500-yard Oak Cliff Country Club course with Snead, who did consecutive 3-under-par 67's in his tuneup rounds and was confident he could win his second Dallas Open in a row, the No. 1 favorite. But Venturi also showed consistently fine golf and Maxwell had a blazing 64 in yesterday's pro-amateur. It is said that Maxwell has been playing like that for weeks.

Gene Littler, Art Wall, Ernie Vossler, Mike Souchak, Bill Parker, Tommy Bolt, Cary Middlecoff, Julius Boros and Bunky Johnson were others of the touring pros to massacre par in the pro-amateur with Littler having a 64 to tie Maxwell for first money. They each pocketed \$25.

Maxwell also won \$187.50 for being the pro on one of the teams trying for first. This combination shot 58 as did one headed by Johnson.

Birmingham Winner, 2-1

Birmingham scored once in the bottom of the 6th inning for a 2-1 victory over Blue Star Drive-In to feature last night's four-game City Softball League card at Beaudette and North Side parks.

Bud Schneider led off the 6th with a single, took 2nd via error, stole 3rd and raced home on a sacrifice fly with the game's deciding run.

Roger Reynolds, who relieved starter Bob Santelle in the 6th stanza, was the winning pitcher. Lloyd Harper hurled the distance for Blue Star and allowed five hits.

Elks No. 810 rapped Ed McManus for 10 safeties, one a two-run homer by Jack Gangel in the 6th, to hammer Stadium Inn into submission, 9-1. Lynas Grant hurled a five-hitter for the Elks.

Dostal Foundry staged a four-run rally in the 5th inning, then held off rallying Griff's Grill in the 7th for an 8-7 triumph. Each team collected 10 hits in the topsy-turvy contest.

John Parks clouted a two-run homer in the 1st frame and International Autos made nine hits altogether for an 18-3 rout of Borden's. The game was stopped after four innings by the 10-run rule.

To Complete Triple Crown Sweep at Belmont

Tim Tam 1 to 10 Favorite Saturday

NEW YORK (AP) — Tim Tam probably will be one of the shortest priced favorites in the history of the Belmont Stakes when he goes after a Triple Crown grand slam on Saturday; but the Calumet Farm isn't forgetting what happened to Pensive in 1944. With most of his Kentucky Derby and Preakness rivals scattered far and wide in search of easier

pickings, it looks like the Calumet colt will have about six opponents in the \$100,000-added 3-year-old classic.

The early odds listed Tim Tam at 1 to 10 to capture his ninth straight race for Mrs. Gene Markey's Lexington, Ky., thoroughbred empire. In 1944, however, Calumet's Pensive

missed a Triple Crown as the 1 to 2 favorite.

"You get a lot of rude awakenings in this business," said Trainer Jimmy Jones, who finally announced that Calumet had decided to stick with jockey Ismael Valenzuela—at least through the Belmont. Valenzuela was selected to ride Tim Tam after his regular booter, Bill Hartack, broke his leg a week before the Derby.

Hartack is back in action, riding with a leg brace for the past week.

"But, it is felt by Calumet that this Triple Crown effort is an extraordinarily important event and that Jockey Hartack, great as he is, quite possibly has not yet reached his top form," Jones said.

Only eight horses, and seven jockeys, have managed the coveted Triple Crown the last being Calumet's Citation in 1948. Calumet also won the three big classics with Whirlaway in 1941, and Eddie Arcaro rode that colt, as well as Citation.

In the 1944 Belmont, after Pensive won the Derby and Preakness, William Ziegler Jr.'s Bound Home—who hadn't started in either of the other triple events—caught Pensive in the stretch and scored an amazing half-length victory. It was the first time a horse had won the Derby and Preakness, only to fail in the Belmont.

"It seems that the mile and one half will be alright for Tim Tam," Jones said, referring to the Belmont distance, once around the huge oval. The Derby was a mile and one quarter; the Preakness a mile and three-sixteenths.

"That horse, Cavan, could be tough. But, of course he's got to pick up 13 more pounds on Saturday."

Cavan, owned by Joseph E. O'Connell of Boston, wasn't in the Derby or Preakness. However, the Irish-bred colt showed the Belmont Park customers some fancy running last Saturday when he won the mile and one eighth Peter Pan Handicap going away under 113 pounds. All starters in the Belmont will pack 126. Cavan was listed as second choice at 6 to 1.

C. V. Whitney's Flamingo and the Wheatley Stable's Nasco, who ran 2-3 in the Peter Pan, both were 15 to 1. George E. Lewis' Martins Rullah is 20-1, and Mrs. Anna Cannuli's Chance It Tony and Mrs. Charles Silvers' Page Seven are 50-1 shots.

Yesterday's feature races saw the speedy Alhambra from Fred W. Hooper's stable chalk up a 10-length triumph in the \$21,925 Sheridan Handicap at Washington Park. Alhambra stepped the six furlongs in 1:10 under 122 pounds and paid \$3.80 straight.

Ada L. Rice's Plucky Roman (\$14.40) scored her first stakes victory in accounting for the \$27,650 Top Flight Handicap at Belmont Park.

Ram (\$12.60) sped to a 2½ length triumph in Delaware Park's mile and a sixteenth grass course feature. Mike Barry (\$4.60) won Suffolk Downs' best race by a head. El Panell (\$15.30) showed the way home in the \$7,500 Laguna Purse at Hollywood Park.

Army Pair Clinches Rifle, Pistol Title

WASHINGTON (AP) — Lt. 1st Daniel B. Puckel and M.Sgt. Richard M. Stineman of Ft. Benning, Ga., won the 1958 Indoor Rifle and Pistol Championships of the National Rifle Assn. of America.

The association announced yesterday that Puckel defeated 2,232 competitors with a score of 735 of a possible 800. Stineman registered 875 of a possible 900 in besting 1,808 pistol rivals.

The Frazier-Simplex Rifle Club

of Washington, Pa. won the rifle team title with 1,583 of a possible 1,600. The U. S. Army pistol team of Ft. Benning, Ga., won the handgun championship with 1,160 of a possible 1,200.

Knicks Plan Training

NEW YORK (AP) — The New York Knickerbockers pro basketball team will train next fall at Stamford, Conn. The NBA club announced today the team would open three weeks' training Sept. 22 at the new Stamford Catholic High School.

Roll Call Vote on Big Army

Expect Close Outcome Over Move to Prevent Cutting 30,000 Men

WASHINGTON (AP) — House members backing a big Army looked to a roll call today to rivet into a defense appropriations bill enough money to prevent a 30,000-man drop in Army strength.

Both sides on the issue said the outcome may be close. Except for that roll call, the House yesterday finished work on the biggest appropriations bill of the year.

The extra \$9 million dollars earmarked for a bigger Army would boost the over-all defense total to \$38,409,561,000. This is \$212,614,000 more than President Eisenhower asked.

The group favoring a big Army won an initial victory when an amendment carrying the \$9 million was approved tentatively by a 108-79 vote.

The added funds are intended to maintain Army strength at 900,000 men during the next 12 months instead of the 870,000 recommended by Eisenhower and the House Appropriations Committee.

On other phases of the big bill, the House has approved larger allotments than Eisenhower requested for a speedup in submarine and missile programs and for more National Guardsmen, Marines and reservists than the President had proposed.

Both the Appropriations Committee and the House turned down Eisenhower's request for 35 million dollars to start work on a second nuclear-powered aircraft carrier.

The bill, with the bigger Army funds counted in, would provide these allotments:

Army, \$8,716,626,000; Navy, \$11,042,210,000; Air Force, \$17,317,775,000; office of the secretary, \$336,050,000; and interservice activities, \$796,900,000.

Girl Becomes School's First Negro Graduate
GREENSBORO, N. C. (AP) — To an 18-year-old honor student graduating last night from Greensboro Senior High School, the words of City School Supt. Ben L. Smith had a special meaning.

He told the graduates to be ready to stand for what they thought was right, no matter what it cost them materially.

Then, with the others, Josephine Ophelia Boyd received her diploma.

She thus became the first Negro to graduate from an integrated public high school in North Carolina.

There were no incidents. The girl was the target of eggs last fall in the first week of school. She said she was frightened the first day to be the only Negro among 1,900 students, but she added:

"I found that if you don't pay attention to people, they soon get tired of being silly."

Greensboro was one of three large North Carolina cities to admit a handful of Negroes to previously all-white public schools. Catholic schools have graduated Negroes previously.

Divorce in the Offing for Rhonda Fleming
HOLLYWOOD (AP) — Rhonda Fleming's stormy marriage to Dr. Lou Merrill is headed for divorce. The actress and Merrill issued a joint statement saying: "Unfortunately we have mutually decided to end our marriage."

The couple married six years ago. They have no children.

The average worker in Great Britain works just under 46 hours a week.

Hollywood Headlines Sees Promise of Peace in Culture Exchange Idea

By BOB THOMAS
HOLLYWOOD (AP) — Sol Hurok, who qualifies as the John Foster Dulles of show biz, came to town pumping for more cultural exchange with the Soviet Union.

"The more we exchange artists with the Communists, the better our chances for peace," said the bullet-shaped impresario. "The success of the cultural exchange proves that John Smith and Ivan Spennovich are interested in friendship."

Hurok is the No. 1 man in the new program. At present, he is sponsoring the U. S. tour of the sensational Moiseyev dance troupe. He has sent or is sending his own artists to the Soviet Union for tours—such names as Marian Anderson, Jan Peerce, Leonard Warren, Isaac Stern, Roberta Peters and Nathan Milstein.

"The reception of our performers there is just as sensational as the reaction to the Moiseyev dancers," Hurok declared. "It is a great thing for both countries."

There can be no doubt of the success of the Moiseyev company. It will play to a half-million customers in an 11-week tour, and there is no evidence of an empty seat at any performance.

Hurok has more Russian delights up his voluminous sleeve. On Nov. 5, he brings the Berioska company of 65 women dancers to New York's Broadway Theater. He is also importing a noted pianist, violinist and leader singer and next spring will see the invasion of the great Bolshoi Ballet.

Russian-born Hurok, who arrived at Ellis Island in 1906 with a \$150 stake, has journeyed to his native land four times in the past year to book talent. With his fine eye for potential attractions, he can spot stars that the Soviets have underestimated.

Central America Tour Delayed by Ike's Brother
WASHINGTON (AP) — Dr. Milton S. Eisenhower is delaying a planned good will tour of six Central American nations for the stated reason that it has not been possible to work out convenient dates for visits to all the countries.

After the delay was announced yesterday, State Department spokesman Lincoln White said he had no way of knowing whether the troubles Vice President Nixon met recently in some South American countries had anything to do with the decision.

Dr. Eisenhower, president of Johns Hopkins University, had been expected to lead this month for Guatemala, El Salvador, Nicaragua, Honduras, Costa Rica and Panama as a personal representative of the President, his brother.

During a good will visit to some Latin-American countries recently Nixon ran into violent anti-American demonstrations in Peru and Venezuela. There has been speculation that Nixon's experience might cause some change in Dr. Eisenhower's plans.

Submits Full Report on Waterford Library

A complete report has been submitted to the Waterford Township Library Committee by Building Chairman Carroll Apple regarding the proposed cultural center in the township.

A 17-acre site located on Pontiac Lake and Highland roads was donated to Waterford Township for the center by Frank Steere.

A 12-member library committee was appointed by Supervisor Elmer Johnson to investigate the possibilities of the project.

For the past month Apple and his group have compiled reports from libraries in Oakland and Wayne County in an effort to make definite recommendations to the committee on library construction costs, architectural drawings and legal data.

Results of the reports were that a building, not less than 8,000 square feet, costing \$160,000, be erected as the first unit, containing some 20,000 volumes of books.

The structure would have to be expanded eventually to conform with American Library Assn. standards in order to obtain state aid, according to the present librarian, Mrs. Kenneth Valentine.

The building committee also recommended that an estimated \$30,000 be earmarked for landscaping, driveways and walks, although no specific figure had been decided upon. Architectural fees would be about eight per cent of the building cost.

Apple also recommended a special library consultant be hired to work with the architect and committee, as much time and money could be saved in construction of the building. The fee would be an estimated one per cent of the cost.

Public Relations Committee Chairman Mrs. Walter Forbes reported that one-third of the organizations contacted have responded to the invitation of the group to present informative talks on the project. Pupils from the high school speech class have presented 15 talks to community clubs.

The Finance committee has recommended that the issue be placed on the ballot for voters approval in the April township election.

Ike May Clarify Stand on Aid to Red Satellites
WASHINGTON (AP) — President Eisenhower may clarify today his stand on a Senate proposal that he be permitted to spend foreign aid money in Soviet satellite countries to escape Moscow domination.

Sen. William F. Knowland (R-Calif.), a strong opponent of the idea for which others have claimed administration blessing, said the matter would be discussed at a White House meeting of GOP congressional leaders.

Knowland has offered an amendment to strike the provision from the \$3,712,000,000 foreign aid bill now before the Senate.

The provision would permit the President, if he deems it in the national interest, to provide financial and economic assistance to any country except the Soviet Union, Red China or Communist North Korea.

The bill survived its first test last night as the Senate rejected 56-16 an amendment by Sen. William Proxmire (D-Wis.) to shift military aid funds from the foreign aid bill to the regular Defense Department budget.

Proxmire argued that lumping military and economic aid together creates the impression that the foreign aid budget "is three times as large as it is."

STUDIO SUES GLENN FORD FOR TURNING DOWN ROLE
HOLLYWOOD (AP) — Actor Glenn Ford is being sued for \$676,876.62 by Columbia Pictures Corp. for allegedly refusing to play in the film "The Last Angry Man."

The suit, filed yesterday, said Ford was under contract to Columbia to make a picture a year without the right to approve scripts.

The studio said Ford turned down a role two months before the film was scheduled for shooting.

Senator Faces Uphill Fight in California

Is Knowland Dreaming of White House?

SAN FRANCISCO (AP)—There are two versions of why Sen. William F. Knowland is quitting a job of great national influence to run for governor of California—Knowland's and everyone else's.

Knowland: He wants to come home, after 13 years in Washington, to spend more time with his family.

Consensus: He wants to be president.

Senators almost never become president. Only Warren G. Harding stepped directly from the Senate to the White House. Governors have a much better chance.

Whatever the reason behind Knowland's decision, the blimping, fast-striding senior senator from California is committed to the toughest political fight of his career. He vows he will win, serve four years and run again. Conditions appear to be against him. His "big switch" feud with

Gov. Goodwin Knight split the Republicans badly. Organized labor—a sizable chunk of the state's six million voters—has marked him for political extinction.

He faces the best Democratic campaigner in 20 years in Atty. Gen. Edmund G. (Pat) Brown. By November, registered Democrats are certain to outnumber Republicans by more than a million. They are unified behind Brown and highly confident.

In this political setting, independent-minded Knowland hasn't budged—hasn't gone out of his way to be popular with the other party in the tradition of former Gov. Earl Warren and Knight.

Knowland stirred up the dormant open shop issue in California with his demand for labor union reforms. Warren, who in 1945 appointed young Army major Knowland to the Senate, consistently drummed on labor-management

harmony. Knight has been distinctly pro-labor.

Yet, essentially, the Knowland of today is the same intent, hard-charging man who has never been defeated in four elections.

When he announced his candidacy for governor last October, Knowland made his position crystal clear. He said he didn't expect all Californians to agree with every policy he proposed. But, he said: "They will know where I stand and why I stand there."

In Washington, as Senate Republican leader, he has sided heavily with the administration, but he has not hesitated to part with Eisenhower—and say so—when the White House program conflicted with his own convictions.

His vote, 3,982,448, topped President Eisenhower's in California by 1,085,138.

From the outset of his precocious interest in politics—a state assemblyman at 24, a state senator at 26, Republican National Executive Committee chairman at

30—Californians may have disagreed with Knowland, but they respect him and, what's more, they vote for him.

Foreign Ideas Puzzle

Other Powers Wondering: What Is De Gaulle Policy?

By CHARLES M. MCCANN
UPI Foreign News Analyst

The formidable job of trying to figure out what Gen. Charles de Gaulle's foreign policy will be is under way in world capitals.

In Washington, London and Bonn—and in Moscow—heads of government, foreign ministers and their diplomatic aides are looking for any clue that will point to the views of the new French premier on the big issues of the day.

Officially, in the three Allied capitals, the accession of De Gaulle to virtual dictatorial power is welcomed.

But there are indications that Allied leaders are whistling past the graveyard.

The reason is that nobody but De Gaulle knows for sure where he is headed—if he himself knows yet.

AIMS AT PRESTIGE

The one thing that is certain is that De Gaulle will try to restore France's prestige as a world power. Whether his attempt will be made at the cost of Allied unity against Soviet Russia in the cold war is one big unanswered question.

An attempt to plot De Gaulle's course and to find the best way to deal with him is bound to be one of the chief topics for discussion when President Eisenhower and British Prime Minister Harold Macmillan confer in Washington next week.

De Gaulle's views will be important in the negotiations for a "summit" conference with Russia, in West Germany's role in the North Atlantic Treaty Organization and in all cold war problems.

The White House lost no time in welcoming De Gaulle's confirmation as premier.

"We look forward to the continuation of the intimate and friendly relations which have always characterized our long association with France," a White House statement said.

Macmillan sent De Gaulle a warm personal message of good wishes.

'GREAT JOY'

"It will be a great joy for me to be able to renew our wartime friendship..." Macmillan said. "It is with pleasure that I propose to work with you for our common causes."

Macmillan has one big advantage. He was British representative at De Gaulle's headquarters in Algeria for 18 months during the war. He got to know De Gaulle intimately, and apparently got along well with him.

It is likely that Macmillan will arrange to visit De Gaulle as soon as he gets back home after his five-day visit to the United States.

If he does so, he will be able to give De Gaulle a personal report on his talks with Eisenhower.

It seems probable that West German Chancellor Konrad Adenauer also will visit De Gaulle.

There is one encouraging indication of De Gaulle's probable attitude toward his fellow allied leaders. That is his selection of Maurice Couve de Murville as his foreign minister.

De Murville, a career diplomat,

had been French ambassador to West Germany for two years before De Gaulle called him, and he had previously been ambassador to the United States.

He was well liked in both Washington and Bonn, and he is regarded as a firm supporter of allied unity.

Lab to Measure Fallout

HONOLULU (AP)—Hawaii, advance base for U. S. nuclear tests in the Pacific for several years, will soon have a radioactivity measuring laboratory. It is being set up in Honolulu.

Earl Foregoes His Diet for Miss Sweden of '54

By EARL WILSON

NEW YORK—I was on a three-day diet and had one day to go. I'd melted off a couple of chins and was feeling confident.

WILSON

Suddenly I got invited back as a judge of the Miss Universe contest at Long Beach, Calif., in July. That reminded me I wanted to check up on the progress of Zahra Norbo, the beautiful "Miss Sweden" of 1954, who's studying acting.

I made an appointment to interview her at her apartment.

"Oh, Urrrrrrrr," she trilled when I stepped inside. "I got together for you a little Swedish smorgasbord!"

I fell back staggering—for she'd evidently bought out a whole delicatessen. Salami, pate, caviar, meatballs, herring, ham, liverwurst, sardines, beets, several cheeses, butter, numerous breads.

So there went that diet—but Zahra told me things of interest to beauty queens and their kinfolks; first that the contests are good but that the cheesecake "art" doesn't help.

"The photographers said I should concentrate on getting my figure displayed in the magazines and I did but nothing happened from it," Zahra admitted.

"But the title was good—it doubled my modeling fee—but rather than being an Anita Ekberg or Jayne Mansfield, I'd like to get success from my acting."

She practiced English diligently with the help of phonograph records in American, hoping to impress a girl friend who'd been away for several months. The friend returned, and Zahra greeted her with a salvo of her new English.

"Zahra!" exclaimed the girl friend. "Where have you been speaking Swedish?"

Zahra, unusual for a Swedish beauty winner because she's a brunette, is studying with a famous drama coach Lee Strasberg and has done many TV shows and a few movies. "Success," she remarked, with great wisdom for one so young, "is relative. I was a successful model in Sweden when I was 17 and still have money in the bank there that I earned."

Therefore she laughed at a Hollywood director who told her that her own face was very expressive and that she should start doing the Martha Raye-type of rubbery distortions. I don't mean to tell you that Zahra's aims are set high but in a corner I noticed the book about one of her countrywomen—titled "Garbo."

THE MIDNIGHT EARL...

Paul Douglas' illness cancelled his "Caine Mutiny" TV'er in London. Peter Ustinov shook hands with the hostess at a WAFJ luncheon and she found he'd slipped \$100 into her palm for the children's cause. Victor Borge was signed by Pontiac for three more TV's—at \$225,000 each. Frank Sinatra took off on an over-the-Pole flight for his big Monaco benefit party. Comic Alan King was the only American invited to entertain at Queen Elizabeth's Command Performance July 3.

EARL'S PEARLS: A democracy is a country in which everybody has an equal right to feel superior to the other fellow.—Billy Arthur. That's earl, brother.

N-Test Foes Halted Again

Coast Guard Overtakes Pacifists Sailing Ketch at Sea Off Honolulu

HONOLULU (AP)—Coast Guardsmen stopped pacifists from sailing the ketch Golden Rule toward the Atomic Energy Commission's test area again yesterday.

The show, a comedy variety series, will be presented from 8:30 to 9:30 p.m. EST on Friday evening. Gleason left the air in June 1957 after his rating, once the highest in television, plummeted.

William Huntington, St. James, Long Island, N.Y., returned to Honolulu, providing a navigator just in time to get the 30-foot vessel under way.

George Willoughby, Blackwood Terrace, N.J., one of the crew, said the ketch was well outside the three-mile territorial limit when the Coast Guard caught up. Huntington was arrested on the return to Honolulu.

Because of the doctrine of hot pursuit, it made no difference that the ketch was nabbed outside the limit of United States jurisdiction, said Asst. U.S. Atty. Edgar D. Crumpler. The doctrine holds that a criminal can be pursued across a border and that his capture in such cases is legal.

A previous attempt to sail was made May 1. That resulted in Judge Jon Will finding the crew guilty of violating his injunction against the trip. He gave them suspended sentences and put them on probation for a year that time. Other crewmen are Orion Sherwood, Poughkeepsie, N.Y., and James Peck, New York City. Bigelow, Huntington and Willoughby are Quakers. Sherwood is a

ZAHRA

LOOKING AHEAD—As he winds up a season of alternating with George Gobel as star of a weekly hour-long television show, singer Eddie Fisher is already looking forward to fall and the new TV year. Eddie, shown here with his wife, movie actress Debbie Reynolds, hopes to star in his own weekly program next season.

Singer Years for More Video

Partner George Gobel Wants to Cut Down to Monthly Program

By CHARLES DENTON

HOLLYWOOD (INS)—With the coming of TV's summer hibernation season, these are the days when weekly performers lift weary red-rimmed eyes heavenward and softly vow:

"Never, never again!"

But Eddie Fisher, who had his first sustained fling at real show business in years this fading season, has a different arrangement. "I'd like to do more next season," he vows, "I'd like to do a fall show every week, and I'd like them to be hour shows because that's the only format for a variety show."

Eddie's eagerness may presage the ultimate, as yet undecided, fate of this season's Fisher-George Gobel Tuesday night melange on NBC, an arrangement worked out simply because there wasn't enough network time available for each to have a private showcase every week.

Lonesome George reportedly is muttering about reducing his exertions to perhaps one show a month next semester, which would leave the show's current time slot more or less open to Fisher.

MUCH TOUGHER

"George's work is so much tougher than mine," Eddie explains. "He has to worry about coming up with fresh comedy material every week. I have a wealth of material to work with."

"As far as I'm concerned, this season has been the most stimulating experience I've ever had. I've never worked this hard before—I'm not really a hard worker now—but I've enjoyed doing it."

Like many other entertainers whose fame rests primarily on a photograph turntable, Eddie feels that much of his past experience has been no more closely related to true show business than juggling is to acting.

"When I had the 15-minute radio

Young Society Pair Quietly Divorced

MILWAUKEE (AP)—A young society couple yesterday was divorced quietly, in marked contrast to the furor that surrounded their wedding less than a year ago.

Mary Werner, daughter of a wealthy local manufacturer, and Lee Cummings Jr., both 22, were married in the shadow of lawsuits filed by their respective parents in a dispute over religion. Cummings is the son of Mr. and Mrs. W. T. Cummings Sr. of Wyncote, Pa., a swank Philadelphia suburb. The senior Cummings sought to prevent the marriage on the grounds that the bride's parents, Mr. and Mrs. Arnold Werner, conspired to induce young Cummings to give up his Roman Catholic faith.

The couple was married in a Lutheran church last June 29. Circuit Judge William Grambling granted Mrs. Cummings the divorce on her charge of cruelty. Religious issues were not a part of her complaint.

Mrs. Cummings' maiden name was restored, and in lieu of alimony, she was granted wedding gifts and household furnishings.
