

Legislators Boost Sales Tax to 4 Per Cent

Ford Prexy, Whizzer White Loom as Dem Appointees

WASHINGTON (U) — President-elect John F. Kennedy hurried through a whirlwind of talks with possible appointees to administration positions today.

Nothing definite was announced after any of the meetings, but speculation flowed freely.

Among those at the top of the "list" was Ford Motor Co. President Robert S. McNamara, reportedly offered a job as secretary of the Treasury.

Another question mark was attached to Byron Leslie (Whizzer) White, who was offered an administration post by the president-elect at a meeting this morning in Kennedy's Georgetown home.

White, 45, is a long-time close friend of Kennedy. He was better known as "Whizzer" White while an All-American football star at the University of Colorado.

White promised to give the president-elect an answer next week on whether he will accept the proffered position.

Dean Rusk, rated a leading possibility for appointment as secretary of state, spent about 45 minutes with Kennedy but declined to say whether they talked about a role for him in the new administration.

Mrs. Margaret Price, vice chairman of the Democratic National Committee, reported after a talk with Kennedy that they agree the appointment of women to high office should be on the basis of qualifications, not their sex.

The Detroit News said Kennedy is awaiting a decision from McNamara on whether the auto executive will accept appointment as secretary of the treasury.

REPORTS SHIVER VISE

The News' Washington chief of bureau, Elie Abel, reported: "Kennedy's choice of McNamara as the man best qualified to restore worldwide confidence in the American dollar became known as R. Sargent Shriver returned to Washington from a flying trip to Detroit."

"Shriver, a brother-in-law of Kennedy who serves as the president-elect's chief talent scout, conversed with McNamara yesterday in Detroit."

Ford officials declined comment. McNamara, who became president of Ford 29 days ago, has described himself as a political independent.

McNamara, reached in Detroit, said he had not been contacted concerning the post. He would not comment further.

Rusk told newsmen he and Kennedy discussed foreign affairs generally and especially "organization of the government to carry out our foreign policy."

The 51-year-old Democrat, a Truman administration assistant secretary of state, is now head of the Rockefeller Foundation with headquarters in New York.

Newsmen on watch outside Kennedy's home noted that the president-elect did not accompany Rusk beyond the door.

Kennedy has been making his announcements on major appointments with the chosen man by his side.

Then Carries On Union Business

Hoffa Posts \$10,000 Bond

JAMES R. HOFFA

CHICAGO (U) — James R. Hoffa, indicted with two associates in a Florida real estate venture, surrendered to a U.S. marshal Wednesday, posted \$10,000 bonds, then hustled back to a hotel to take up the business of his powerful Teamsters Union.

Hoffa's appearance before U.S. Commissioner C. E. Bentley Pike was sandwiched in between rounds of Teamsters conferences at a South Side hotel.

The president of the nation's biggest union was named in a 12-count indictment voted by a U.S. District Court grand jury in Orlando, Fla.

The indictment, charging mail fraud involving alleged misuse of union funds, linked Hoffa with two other men in a 2-40-acre land development project, Sun Valley, Inc.

Without waiting to be served with a warrant, Hoffa sped downtown to the U.S. Marshall's office, surrendered and was fingerprinted. Brought before Pike, he was ordered to appear for removal hearing Friday.

At about the same time, Henry Lower and Robert E. McCarthy Jr. were arrested in Detroit, taken before Federal Judge Theodore Levin and ordered to appear Monday for a similar hearing on removal to Florida.

Lower, former officer of a Detroit Teamsters local, was released on \$50,000 bond and McCarthy, former branch manager of the Bank of the Commonwealth at Detroit, was released on personal recognizance bond of \$10,000.

The indictment was announced in Washington by Atty. Gen. William F. Rogers. It grew out of a 13-month investigation by the FBI, postal authorities and other agencies, and an 11-month probe by the grand jury.

Sun Valley, Inc., was founded in 1954, with Lower as its president, to develop a tract in Brevard County on Florida's East Coast. But only six houses were built on the land before the project became embroiled in law suits and subsequently was sold to Edwin H. Williams, a Titusville, Fla., banker and land developer.

Rogers said the three men are accused in the indictment of using more than a half million dollars of Teamsters funds on the project, which was advertised as a retirement haven for union members.

The indictment stated that Hoffa, Lower and McCarthy conspired to defraud the four Detroit locals which allegedly purchased Sun Valley's operating cash. The three were accused of falsely representing that Sun Valley was sponsored by the International Brotherhood of Teamsters and of claiming to advertising that lots were "all on high, dry rolling land."

Actually, the grand jury said, many of the lots "were so low and permeated with water as to make them unsuitable for construction of homes."

Declare Mistrial in Phone Case

Question the Sanity of Operator Accused of Shielding Hoffa

WASHINGTON (AP) — A mistrial was declared today in the case of a telephone operator accused of conspiring to help shield James R. Hoffa, the Teamsters Union president, from Senate investigators.

U.S. District Court Judge Barnita S. Matthews ordered a mistrial for Sally T. Hucks after the woman's sanity was questioned.

The judge also ordered mistrials for two alleged co-conspirators, Joseph M. Williams, an attorney of Umana, Ill., and Mona Herman, a New York Teamsters member.

The three were accused of conspiring to alter and destroy records of telephone calls to and from the apartment hotel where Hoffa resides. This was done, the government charged, in order to deprive Senate investigators of information. Hoffa's activities have long long scrutiny from the Senate's "rackets" investigating committee.

ANSWER MENTAL EXAM.

Mrs. Hucks' own attorney H. Clifford Alder, moved that she receive a 30-day mental examination to determine her competence to stand trial.

Mrs. Hucks, backed by her husband, William Richard Hucks Sr., protested that she had no mental difficulty and was competent and willing to proceed with her case, now in its second week.

Mrs. Hucks informed the judge she was discharging Alder. (Continued on Page 2, Col. 6)

Hike Will Add \$120 Million Yearly to Fund

Williams Says He Will Sign Bill as Soon as It Reaches His Desk

LANSING (U) — Debt-plagued Michigan will start a long climb toward fiscal solvency Jan. 1 when the state sales and use taxes go up from three to four cents.

The legislature, summoned into special session by Gov. Williams, rushed the increases through in six hours Wednesday. The governor said he would sign the bills as soon as they reach his desk, probably in a few days.

The extra penny will cost taxpayers \$120 million a year. All of it will go into the state's ailing general fund treasury.

Michigan will join company with Washington and Pennsylvania in levying a four-cent sales tax. Practically speaking, Californians also pay a four-cent rate since most local governments impose a one-cent sales tax on top of the three cent state tax.

From Washington come one good note for Michigan taxpayers. The Internal Revenue Service plans to publish new tables showing "normal" amounts taxpayers may deduct on their federal income tax returns for state sales taxes.

Many taxpayers will find they have been deducting less than these "normal" amounts. Present thinking in the IRS is to allow without question deductions up to the "normal" amount.

State revenue officials estimated the new levy will yield \$30 million before the current fiscal year ends June 30, 1961. It will reduce the state's accumulated deficits to about \$50 million.

"This does not open the door to a spending spree," said House speaker Don E. Pear, R-Buchanan, and Sen. Frank D. Beagle, R-St. Clair, Senate majority leader, in a joint statement.

"We will be able to meet our obligations, start retiring the state's deficit and program aid for the future," they said. "Our primary objective from now on should be better management and more careful use of the tax dollar."

Voters gave the legislature a go-ahead on the increase Nov. 8 when a proposal to raise the constitutional ceiling from three to four cents squeaked through by 20,000 votes.

Lawmakers were in a business-like, no-nonsense mood when they met to approve the hike. There was virtually none of the bitter, noisy wrangling that marked sales tax debate in last year's record-long "cash crisis" session.

The sales tax bill whipped through the house 82-23 with hardly a word of debate. All the opposing votes came from Democrats who have supported an income tax as the best solution to the state's money problems.

With three exceptions, the 20-13 vote. (Continued on Page 2, Col. 5)

PENNY PUSHERS — Reps. Joseph J. Kowalski (left), D-Detroit, and Allison Green, R-Kingston, both House floor leaders pose with a symbol of their victory. They were heads of a bipartisan group that sponsored the bill increasing Michigan's sales tax from three to four cents. The tax hike was approved at a special session of the State Legislature Wednesday.

GOP Eases Grip on State Senate

Will Add 1 Dem to All 5-Man Committees to 'Heal Wounds'

LANSING (U) — Senate Republicans, moving to close bitter wounds, agreed Wednesday night to relax their iron-clad grip on State committees.

When the 1961 legislature convenes next month, one seat will be added to all five-man committees and Democrats will get the extra spot.

The action, taken in a GOP caucus, amounted to a vote of confidence in the Democratic majority.

Beagle was re-elected to the job, but the title was changed to caucus chairman.

Sen. Lynn O. Francis, R-Midland, was named to another term as Senate GOP floor leader and Sen. Perry Greene, R-Grand Rapids, was chosen president pro tem to replace Sen. Charles T. Prescott, R-Prescott. Fred I. Chase was retained as Senate secretary.

Republicans, who control the upper chamber 22-12, reduced Democratic membership on committees to one two years ago when Democrats swept all statewide administrative offices and moved into a 55-55 standoff with Republicans in the House.

"Even if we give them an extra man, we still have strong control for all practical purposes," Beagle said. "If we don't then there's a weakness in our own ranks."

Here's What Added Penny Will Mean

LANSING (U) — Starting Jan. 1, you'll pay a penny sales tax on items costing 13 to 16 cents. Currently, you don't pay a tax until you spend 17 cents or more.

Eye Snow Flurries, Colder for Tonight

Snow flurries and temperatures of 26 to 32 are forecast for tomorrow. The low will drop to 16-22 tonight.

North to northwest morning winds will continue at 10 to 25 miles per hour tonight. Mostly cloudy and not quite so cold in the outlook for Saturday and Sunday. Showers or snow flurries may be expected again Saturday or Sunday.

Twenty-three was the lowest temperature in downtown Pontiac preceding 8 a.m. The thermometer reading at 2 p.m. was 21.

Cuba Claims Rebels Crushed 32 Miles From Havana

Capture of 11 'Ends Revolt'

Leader Badly Hurt, Brother, Castro Officer Killed in Battle

HAVANA (AP)—The government claimed today it had destroyed a band of insurgents in battle at Cabañas 33 miles from Havana.

An army communiqué said the entire band was cleaned up with the capture of 11 men, including leader, Capt. Godofredo Miranda Mendez, who was badly wounded, and the killing of his brother.

An officer in Prime Minister Fidel Castro's army was killed and 100 heavily armed men were wounded. Although the army claimed the entire band was wiped out, earlier reports said rebels were still in the area and to the hills only a few days ago.

GIVES THEM CHOICE

The reports said Miranda Mendez, commander of the garrison at San Juan, took his outfit on maneuvers in the mountains of Pinar del Rio Province and when they reached a selected spot, he gave them a choice of returning to their post or joining him. Two hundred men reportedly sided with him.

Provincial Commander Derrado Escalona personally directed a force of militiamen, reported to number 2,000, that was sent after the deserters.

Other bands, reliable reports in the western province. One report said an entire truckload of arms disappeared from San Juan air base, a heavily guarded depot for arms arriving from the Soviet Union, Czechoslovakia and other Communist countries. Presumably the weapons fell into the hands of insurgents.

Yet other armed insurgents were still operating in the Escambray Mountains in the southern part of Las Villas Province in central Cuba. Although the government claimed it had mopped up the last pockets of defiance in this area more than a month ago, 15 militiamen were reported Wednesday to have been killed along the Las Villas-Matanzas border.

The Escambray Mountains were the scene of a mass trial of rebels a few weeks ago at which 175 death sentences and 180 prison terms were handed out. Castro dramatically spiked a report he was personally leading a rebel hunt in central Cuba by sending up at a press conference a night commemorating Cuba's Memorial Day.

REFUSES TO BUDEGE

Despite shouts from the crowd in a hall of the capital building, where the program was held, calling for Castro to come to the microphone, he refused to budge from his seat in the balcony.

Is with one of his rare public appearances in which he was not the central figure. The army chief of staff, Maj. Juan Almeida, delivered the main address, which was laced with anti-Americanism.

'Negro Likely in Cabinet'

NEW YORK (AP)—The Herald Tribune said today that Rep. William L. Dawson, D-Ill., has been named for appointment as postmaster general by President-elect John F. Kennedy. If appointed, Dawson would be the first Negro in the Cabinet.

The Weather

From U.S. Weather Bureau Report: Pontiac: Clear and cold today and tonight with a light snow or sleet shower possible Friday night. High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Today in Pontiac: High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Tomorrow in Pontiac: High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Wednesday in Pontiac: High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Thursday in Pontiac: High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Friday in Pontiac: High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Saturday in Pontiac: High 35, low 25. Wind: Northwest 10-15 mph. Snow: None.

Miss Waring Married in Birmingham

The daughter of orchestra leader Fred Waring, Dixie Lyn and Waring's stage manager, Albert W. Wilson, were married yesterday in Birmingham.

The ceremony was held in the home of George H. Webb, 630 Wadsworth.

It was the first marriage for Miss Waring, 25, and the fourth for Wilson, 29.

The two were in Michigan for an appearance in Detroit last night of Waring's band, the Pennsylvanians.

Wilson said he had no plans for a honeymoon until after the present tour ends Dec. 15.

The pair obtained their marriage license shortly before noon yesterday at the Oakland County Court house. Probate Judge Arthur E. Moore waived the three-day waiting period.

Make European Tour Through The Press

(Continued From Page One) to Rudesheim aboard a Rhine steamer. From its deck can be seen vineyards, castles and Lorelei Rock.

Another day in Germany you'll travel on the Rhine, but this time by Autobahn to Heidelberg — and on to Freiburg and the Black Forest. Next country: Switzerland.

You'll pass through Basle and Lucerne, and spend two evenings in Lucerne.

Then you'll motor by bus through a scenic Swiss mountain pass into Italy to Milan.

On your agenda in Italy will be Venice, of course, and its Basilica of St. Mark, and a gondola ride along the Grand Canal past magnificent private palaces and awe-inspiring cathedrals and churches.

To Florence, and, after that, Rome, the "Eternal City." You'll have a chance to toast those coins into the Trevi Fountain while the Pantheon, Colosseum, Roman Forum, Palatine Hill, There'll be a trip to the Vatican — St. Peter in the Vatican — the greatest church in the Christian world, the Sistine Chapel, Vatican Museums, and the Academy of Fine Arts.

After three days in Rome, your plane will whisk you to the queen city of the continent and all its splendor — Paris.

There, awaiting you, will be the Champs Elysees, Eiffel Tower, Arc de Triomphe, Tomb of Napoleon, the Louvre and its treasures, Luxembourg Palace.

Other things you'll want to see are the University of Sorbonne, Cathedral of Notre Dame, Basilica of Sacre Coeur and Montmartre.

Travel arrangements are also planned to Versailles, most renowned of all French palaces.

It's a trip you'll remember forever.

Travel arrangements are being handled by Pontiac Travel Service and Global of London, largest European motorcoach tour organization.

The tour cost provides for a two-bed room. Single accommodations are available at a slightly higher fee.

Your payment covers tips and taxes, sightseeing fees, and round-trip airfare from London, Rome and Paris when only one meal daily will be furnished.

In each of these world capitals, however, you'll be treated to a three-course dinner.

You'll set down in the United States again on June 10. Now's the time to get ready to go.

Send in your application for the tour provided on Page 44.

It's the start of your trip to those faraway places.

2 High Schoolers Face Prosecution in Parts Theft

Because of a "friend," two Pontiac high school seniors today face prosecution on burglary charges.

The students, Arnold E. Fox, 17, 214 N. 1st, and Harold D. Dunaway, 18, 36 Lewis St., waived examination in Municipal Court yesterday before Municipal Judge Maurice E. Finnegan.

They will be arraigned in Oakland County Circuit Court Dec. 19.

Pontiac Press Photo

Dr. Chauncey G. Burke Heads Medical Society

The Oakland County Medical Society held its annual meeting last night at the Kingsley Inn, Bloomfield Hills. Burke is its 1961 president.

Dr. Burke, of 1123 Gleanery Circle, Bloomfield Township, has offices in Pontiac.

He has served the society as a member of its board of directors since 1955.

Burke was praised by Dr. Walter J. Zimmerman of Royal Oak, the outgoing president, during a brief ceremony.

"Chauncey knows the needs and aspirations of Oakland County medicine from the experience born of his many years of practice in Pontiac," said Dr. Zimmerman.

Other officers elected and installed last night included Dr. James A. Read, president-elect; Dr. Edwin J. Westfall, secretary; and Dr. John L. Barrett, treasurer.

Newly elected directors are Dr. Robert A. Byberg and Dr. Richard R. Galpin.

Named as delegates to the state society are Dr. Harold L. Funglong, Dr. Edward E. Elder Jr. and Dr. Harry E. Lichawer.

Alternate delegates for the coming year will be Doctors Thomas D. Grekin and F. Michael Sheridan.

"I don't think sharks are bright but I believe nature endows them with instincts for their own preservation. They apply this to everything in the sea including man himself."

An injured or bleeding swimmer is an open invitation to a shark. They sense physical incapacity and leap to the kill. Once we saw one of those huge sharks attack a released marlin that wasn't bleeding. He simply was aware of exhaustion."

We usually took the injured fish to the natives to eat. Marlin and sailfish aren't exactly the equivalent of a planked whitefish, but the natives down there don't know our Lake Superior delicacy."

There's an unmistakable majesty about these great, huge-bill fish that makes an impression.

After you've landed a few successfully, you become convinced that you've learned the secret of the deep. But these fish are humbling things. The next five or six in a row will all escape and you become a bit penitent, humble and contrite as they propose you shall be."

All of nature's creatures in the deep suddenly go right out of character on occasions [just as man does on land]. One day a voracious marlin dashed at one of the two baits at full speed, gobbled it in toto and whipped across to seize the other in one grand swoop. He gulped that down also and then he discovered that he really WAS hooked. And so, Hunt and Beauvette put on an oceanic version of the old Alfonso-Gaston act. And they brought him to gaff. It doesn't pay to be a pig-on land or sea.

Marlin and sailfish are probably more numerous in this area than they are anywhere else on the globe. Apparently conditions are ideal and the beaten path of man hasn't ridden the undersea population."

And in conclusion, may I point out that just like Jack Benny's 39 years of age, this was my "first vacation in 10 years."

Kefauver, chairman of the Senate Antitrust and Monopoly subcommittee, said earlier that his interest is in seeing that Kennedy picks an attorney general and an assistant attorney general in charge of the antitrust division.

Immediately after their breakfast conference at Kennedy's home, the two entered the president-elect's car for a quick trip to Georgetown Hospital and a brief visit with Mrs. Kennedy and John F. Kennedy Jr.

The baby was to be baptized in the hospital chapel this afternoon.

Kefauver, chairman of the Senate Antitrust and Monopoly subcommittee, said earlier that his interest is in seeing that Kennedy picks an attorney general and an assistant attorney general in charge of the antitrust division.

Kennedy also planned to fit into his busy day a leisurely talk with Adlai E. Stevenson.

Stevenson, along with others also has figured in speculation for that post but seemed more likely to become U. S. ambassador to the United Nations.

Lawmakers Add Cent to Sales Tax

(Continued From Page One)

Vote in the Senate also followed party lines. Sen. Carlton H. Morris, R-Kalamazoo, and John P. Smeekens, R-Grand Haven, voted against it. Sen. George C. Steeb of Mount Clemens was the lone Democratic supporter.

FOR NUISANCE TAXES

Morris said his opposition stemmed from the belief that taxpayers would prefer continuation of a \$5 million package of so-called nuisance taxes to a full one-cent increase in the sales tax.

The nuisance taxes imposing new or higher levies on such items as beer, liquor and cigarettes, were put through last December as a temporary measure while lawmakers put together a more permanent tax program. They are set to expire June 30.

"I think that before we increase taxes on such necessary items as beer and milk, taxpayers would prefer that taxes on nonessential, luxury items be continued," he said.

In effect, it was the second time in 16 months that the legislature raised the sales tax to four cents.

Guilty of Abetting Illegal Liquor Place

A Pontiac man charged with aiding and abetting an illegal liquor place yesterday pleaded guilty before Municipal Judge Cecil McCallum and was placed on 60 days probation.

He was Troy Hutchinson, 34, of 30 Deland Court. He was arrested at 8:15 a.m. Sunday at Bagley and Western streets by three policemen in plain clothes whom he had directed to a place where he said they could purchase beer at that hour.

The fire was extinguished in half an hour — but by that time had spread to the house, firemen said.

The house is owned by Ossie Gates, 639 Philip St.

Fire Marshal Charles E. Metz said the boys' parents could be held liable for payment of \$500 for damage caused by the boys' acts, under state law.

Wave-Dancing Sailfish Outnumber Bigger Marlin

(Continued From Page One)

at it with a grapping hook but the ornery shark held on until he had taken a sizeable bite of the marlin.

I don't think sharks are bright but I believe nature endows them with instincts for their own preservation. They apply this to everything in the sea including man himself."

An injured or bleeding swimmer is an open invitation to a shark. They sense physical incapacity and leap to the kill. Once we saw one of those huge sharks attack a released marlin that wasn't bleeding. He simply was aware of exhaustion."

Local Firm Wins National Award for School Design

BIRMINGHAM — A national prize received by the local firm in three years. Several months ago the local architects and the local architects were honored for their design of the Antioch Lutheran Church in Fenton Township.

Announcement of the citation to Begrow and Brown, architects, 277 Bates St., was received yesterday from the American Association of School Administrators.

More than 5,000 designs were entered in the competition, according to Jack Begrow, a partner in the architectural firm.

Dedicated only last Sunday the hexagonal-shaped elementary school was built at a cost of \$44,000. It is the first unit in a long range plan which includes new facilities for junior and senior high school students.

According to Begrow, the school cost \$1,000 less than a standard school of \$1,000,000 in comparison to \$20,000 a classroom on a national basis.

All winning school designs in the national competition will be exhibited at a conference of school administrators in Philadelphia in March.

The award was the seventh na-

2 Boys Admit Setting \$2,500 Fire at Home

Two youths who set a fire causing \$2,500 damage to a vacant one-story modern home were held today by Oakland County juvenile authorities.

The boys, 7- and 10-year-old brothers, admitted setting the fire yesterday in a garage at 160 Westway Drive on the northeast side of the city at noon.

The fire was extinguished in half an hour — but by that time had spread to the house, firemen said.

The house is owned by Ossie Gates, 639 Philip St.

Fire Marshal Charles E. Metz said the boys' parents could be held liable for payment of \$500 for damage caused by the boys' acts, under state law.

Mistrial Is Declared in Hoffa Phone Case

(Continued From Page One) der as her counsel. She asked time to obtain new counsel.

Judge Matthews said that because of the question of Mrs. Hoffa's competence to stand trial and the dispute between the defendant and her attorney there seems to be no alternative but to end the trial and order further mental tests for Mrs. Hoffa.

The judge said also that there had been an intimation in some testimony that Alder may have become an attorney for Mrs. Hoffa on recommendation of the Teamsters Union.

Alder protested that "I have done nothing wrong" and said he knew of no Teamsters connection with his retention as counsel for Mrs. Hoffa.

Either Kind Is OK

ST. PAUL, Minn. (UPI)—The price difference between white and brown eggs has no real foundation, says the Minnesota State Medical Association.

One is just as nutritious as the other, and it's merely a matter of pigmentation in the shell.

In auto ownership per capita, New Zealand ranks next to the United States.

Flint Man Is Killed in Fenton Twp. Crash

FLINT (UPI)—Charles T. McIntyre, 35, Flint, was killed early today in a single-car crash near here.

Police said McIntyre was pinned beneath his car when it rolled over during his attempt to make a left turn onto a road in Fenton Township.

Went Down at Pearl Harbor

Men Survived 16 Days Aboard Sunken Battleship

NEW BEDFORD, Mass. (U-P) — On the 16th anniversary of Pearl Harbor, the New Bedford Standard-Times Wednesday published the report of Navy records showing there was life aboard the sunken battleship West Virginia for 16 to 17 days.

"The newspaper said the information had been kept under wraps as 'confidential' for more than 18 years until it was declassified for Donald R. Larabee of the Standard-Times Washington bureau for publication Wednesday.

Larabee's story quoted the report of salvage officers that a calendar found in a storeroom of the old battleship had an X marked on each date from Dec. 7, to Dec. 23, 1941 inclusive.

Three bodies were found on the lower shell of the ship's storeroom which was open to a fresh water pump room—presumably the battle station assigned to those men, the newspaper said.

"The emergency rations at this time had been consumed and a machine to the fresh water tank below the pump had been removed," the newspaper quoted from the salvage officers' report.

"There was no identification of the three bodies in the report."

Two officers and 188 enlisted men lost their lives when the West Virginia was hit by two torpedoes and six aerial torpedoes which sent her to the bottom of the Pacific Ocean during the attack by 19 Japanese planes on Dec. 7, 1941.

Shooting from the report of salvage officers, the Standard-Times said.

During the salvage operation 66 bodies were recovered from the West Virginia. These were found widely scattered throughout the ship. In most cases they were in an advanced state of decomposition and considerably dismembered.

Texas Steps Toward Possible Payroll Tax

AUSTIN, Tex. (AP)—Texas took the first step Wednesday toward a possible payroll tax of 1 per cent to provide nearly \$213 million in new government income the next two years.

The step came in a report from the Finance Advisory Commission which proposed such a tax.

Texas now has no payroll, income or general sales tax, although numerous specific sales items are taxed.

The proposal still must get past the legislature which convenes Jan. 10.

The 36-member commission

named by Gov. Price Daniel suggested Texas needs \$106,384,000 in new money for improvement of state services including public schools and colleges.

It said \$80,455,000 is needed for continuation of state operations at the present level.

Hiring of Engineers Up 7 Per Cent in One Year

WASHINGTON (UPI)—The National Science Foundation reports that employment of scientists and engineers in industry rose nearly 7 per cent between January 1959 and January 1960. This compares with a 5 per cent rise in 1958.

The U. S. Chamber of Commerce estimates that California will have 2.8 million motor vehicles registered for 1960.

NYC Police on Prowl for Pornography

NEW YORK (AP)—The city is cracking down on the sale of allegedly pornographic magazines. A force of 150 policemen fanned out to all parts of the city Monday to serve court orders freezing the distribution of the current issues of the publications.

Mayor Robert F. Wagner said he ordered the cleanup.

"I directed the agencies to rid our city of those publications which in my opinion have contributed significantly toward juvenile delinquency and have played a major part in encouraging crime," Wagner said.

The defendants were distributed

Rescue Five Fishermen Adrift for 72 Days

SAIGON, South Viet Nam (AP)—Five Formosan fishermen were rescued Tuesday after 72 days of aimless drifting in a junk blown out into the South China Sea by a typhoon. A crewman 17, died 12 days ago when food and water ran out.

There are 18,113 acres in the Arkansas State Parks system.

Hoover Named Recipient of Hoover Medal

WASHINGTON (AP)—President Eisenhower has been selected to receive the Hoover Medal for Leadership for 1960.

Eisenhower was informed of his selection Wednesday by Walter Walker Ciesler, chairman of the award committee and president of the Detroit Edison Co. Ciesler was accompanied to the White House by Herbert Hoover Jr. and Clyde Weed, member of the committee and chairman of the Amundson Co.

The award, set up in honor of former President Hoover, is made in recognition of his leadership in the field of engineering, science, and industry.

Swastikas Are Painted on Dublin Synagogue

DUBLIN (AP)—Swastikas and anti-Jewish slogans were daubed on a Dublin synagogue over the weekend.

"We are deeply shocked by the outrageous act of sacrilege and we take a serious view of the manner in which it has been perpetrated," said Chief Rabbi Dr. Isaac Cohen.

Venezuela Cuts Off Canned-Ham Import

WASHINGTON (UPI)—Venezuela has cut off the importation of canned hams. In announcing the action, the government said the domestic pork canning industry is able to supply Venezuela's needs.

During the past year or two, government and private interests in Venezuela have been pushing development of a modern, efficient domestic meat-packing industry. As part of this program, imports of fresh or frozen unprocessed hams have been encouraged and processed-ham imports discouraged by means of licensing procedures.

The United States exported nearly

200,000 pounds of canned hams per year to Venezuela in 1957 and 1958. Exports fell to about 170,000 pounds in 1959 and will be only about 75,000 pounds in 1960, U.S. exports of fresh or frozen unprocessed hams have been rising sharply lately—from 35,000 pounds in 1959 to 54,000 pounds during the first nine months of 1960.

Tanganyiki Is Ordering Full School Integration

DAR-ES-SALAAM, Tanganyika (UPI)—The government announced it is planning to integrate white, Negro and Asian students in its school system.

The announcement said the government would encourage all schools to admit pupils of all races immediately to vacancies.

Figure Prominently in Negotiations

Fringe Benefits Big Factor for '61

By SAM DAWSON

NEW YORK (P) — Fringe benefits are playing a bigger role than ever this year in management-labor negotiations. The rate of the hourly increases in straight pay has slowed a bit since its big advance in the mid-1950s. But the fringe benefit looms even higher as a prize in the eyes of workers and their leaders. And it increasingly commands a higher percentage of total labor costs of American industry.

ing even faster overseas. Example: In the United States such benefits are put as high as 25 percent of wage in the chemical industry. But in Italy chemical workers get almost as much in fringe benefits as they do in regular wages.

In the United States the average straight time hourly earnings of factory workers has climbed from \$1.24 in 1947 to \$2.22 in 1959, according to the Bureau of Labor Statistics. This year the scale has climbed even higher, if at a slower pace, due to business slackness.

And the scale is expected to climb again next year. Some of this will be due to new labor contracts recently contracted or soon to be negotiated. But much is due to old contracts automatically decreeing raises next year, averaging around 8 cents an hour.

Fringes are old — Bismarck started an accident and sickness insurance scheme in 1883. But they have climbed mostly since World War II. New data indicates such benefits now average around 40 cents an hour in U.S. manufacturing industries, or about one-

York notes in its December letter today that Americans may be surprised "that similar developments are causing concern abroad."

HIGHER THAN U.S.

It points out that in five West European countries such payments are a higher per cent of hourly wages than here. In three — Britain, Sweden and Switzerland — the percentage is lower.

But in all eight surveyed the fringe benefits—expressed in U.S. dollars—is lower than here, and so, of course, is the hourly wage.

Sweden has the highest average hourly wage, \$4 cents, compared with the American \$2.22; and Italy the lowest, 35 cents.

Kingdom and Switzerland the lowest, 10 cents each.

As a percentage of the hourly wages, Italy is the highest at 74 per cent, France next at 51.5 per cent, West Germany third at 44.3 per cent, then Belgium 31, and Netherlands 20.1.

Following the American 20.5 per cent are Switzerland with 15.4, Sweden with 15.3, and the United Kingdom with 14 per cent.

Social insurance, family allowances, paid vacations, bonuses and social services rank highest in percentage in Italy of all the nations.

Register of Deeds Receipts Off in Accord With Trend

Receipts in the Oakland County Register of Deeds Office are approaching a figure similar to last year's, a monthly report from the office showed today.

For last month there were 11,539 papers and \$17,587 in receipts recorded. For November of 1959 there were 12,146 papers and \$18,208 in receipts, or \$620 less in receipts.

For the last year or so receipts have fallen off from previous years due to slackening building and buying periods. Clerk-Register Daniel T. Murphy Jr. said.

There were nine new land parcels recorded in the office last month.

Following is the breakdown of papers coming into the office last month:

2328 Deeds	\$ 2,817.25
1288 Mortgages	\$ 5,103.25
2927 Miscellaneous	\$ 4,103.25
4177 Pledges	\$ 584.25
8057 Totals	\$18,608.00
1442 Chattel Mortgages	\$ 6,483.00
12 Miscellaneous	\$ 12.00
12 Bills of Sale	\$ 12.00
5562 Total Chattels	\$ 6,507.00

At one time the uniforms of the British Army were made entirely from Welsh mountain sheep wool woven in Wales.

Most Latin Americans Are Friendly to Us

Few American newspaper publishers have followed Central and South American affairs as closely as JAMES G. STAHLMAN, Publisher of The Nashville Banner.

Past President of the Inter American Press Association, Mr. STAHLMAN has an unusually wide acquaintance with Latin American citizens over an extended period of years. Also, he has been a close student of relationships between those countries and our own.

A current editorial in his Nashville Banner says:

"The rank and file of the Latin American people are not hostile to the United States—a fact impressed on 28 governors on their 15-day tour of South America, and brought home with them as the significant premise of international understanding.

"As was to be expected, there were isolated episodes of malice, but the very fact that Castro devotees and kindred elements of anti-U.S. mischief were confined to a few angry shouts and banners of umbrage attested to the majority friendliness of the people and their governments alike.

"It was a useful visit, valuable as an avenue of closer acquaintance with good neighbors. The knitting of such ties is not a responsibility to be left in the hands of federal authorities exclusively; for mutual good will and public confidence are best developed on a scale of broader contacts than that.

"The United States in recent years has demonstrated its sincere interest in these neighbors to the south, with respect certainly to public policy. Improved relations are to the advantage of the hemisphere, in point of economic welfare, the progress of these lands in their own development, and in terms of mutual security from a common enemy; and there is every evidence that most of them recognize it.

"As in the case of Vice President Nixon's visit, it was not the rank and file of the people who heaped abuse and affront upon him as an official representative of the United States. No more was it the people of those lands who demonstrated, however fragmentarily, against these governors. It was the ragtag cadre of Communist chiefs, trying to incite hate on the part of the people.

"Unfortunately, the Red conspiracy does exist. From Cuba as a base point it is striving to infiltrate and stir up trouble throughout Latin America, but judged by the current picture, some governments are holding it in check. By working to improve the lot of their constituents; by constructive enterprise to combat poverty and ignorance, and by communism fastens to exploit and conquer, these Latin lands are stiffening resistance to the conspiracy.

"The governors returning have an improved concept of international problems and policy needs. That is all to the good. It can implement both public and private programs for hemispheric solidarity and progress."

Compact Car Market Remains on Upgrade

Two separate sets of figures in the current *Ward's Automotive Report* shed some interesting light on the position of the compact car in the auto industry.

In the 12-month period ending Oct. 31, there were 2,663,343 compact cars sold in the United States, of which 1,524,100 or 73.9 per cent were domestic-built models. Some 539,243 or 26.1 per cent were imported.

But 19.8 per cent of the imported models were "captive" brands, produced by U.S. subsidiary companies. The conclusion may be drawn that

the smaller cars are going well, and the public is interested in them.

This might lead some to believe that the imports are on their way down. But this is not necessarily so, as sales figures for the two top imports show.

Volkswagen continues to expand its share of the import market, and Renault is holding its own. According to *Ward's* the two have boosted their share of import sales to 42.6 per cent in 1960, from 32.4 in 1959.

A more apt conclusion is that the public is refining its taste in the wide selection of imports, turning away from the lesser brands.

But the over-all conclusion that the public is vastly interested in smaller cars cannot be overlooked.

The Man About Town

Several of Them

Still Living Who Worked on First Cars Made in Pontiac

Present: Best time to buy the present.

Our request for names of men who pioneered automobile making in Pontiac is bringing many responses. There are several who have watched its development make our city one of the world leaders in this respect.

One of the most interesting letters comes from William R. Watkins, now of South Bend, Ind. He was one of the first drivers for the makers of the Welsh car when they started here, entering their employ in 1905.

He became the chauffeur for the Welsh family, and later served in the same capacity for the owner of the Cadillac Hotel in Detroit, driving his limousine to New York City when there were no marked routes and no pavements outside a few of the cities.

Christmas greetings of Leader Dogs for the Blind at Rochester, sent out by Executive Director

Harold I. Pocklington, outline the inspiration he drew from a dog trained there in each of the 12 months: confidence, companionship, courage, dignity, freedom, happiness, independence, mobility, opportunity, pride, safety and security.

A phone call from the ever watchful Edwin Faraday of Birmingham, disputes an Oakland Press story from Lansing that Oakland County's

Fred M. Warner was the only man before Governor Williams to be governor of Michigan for more than four years. He asserts that

Alexander J. Groesbeck also held that distinction. Mr. Faraday is right, as Groesbeck held the office from 1921 to 1926.

A clipping about the possibilities of travel in the Jet age comes from Mrs. Beverly Furman of Lake Orion. It says it will be possible to have "breakfast in Tokyo, lunch in Bombay, dinner in London—and baggage in Buenos Aires."

"Who's kicking about Michigan weather?" asks

Perry Hanchett of Rochester, who asserts that the ground hasn't been frozen even a little bit.

Whether it is through thankfulness or remorse,

Mrs. Blair Olmiff of Waterford feels that all candidates in the recent election should now remove their posters from the landscape.

A pair of wild ducks who were so well fed a year ago on their southern migration stopover near the home of

Mr. and Mrs. Orville Skard at Cass Lake, decided to spend the winter with them, in their garage. They went north last spring, but are back, evidently for another winter.

Verbal Orchids to—

Mr. and Mrs. Almond Hainsley of Auburn Heights; 54th wedding anniversary.

Garfield Parkinson of Bloomfield Hills; 82nd birthday.

Mr. and Mrs. Floyd Facer of Franklin; golden wedding.

Ulysses S. Graham of Metamora; 82nd birthday.

As If He Didn't Have Troubles Enough

David Lawrence Says:

Southland Didn't 'Vote Protestant'

WASHINGTON—The all-representative statement during the last presidential campaign that the South was anti-Catholic seems to have turned out to be a myth.

A Gallup Poll, taken after election day, shows that the Protestants of the South divided only 33 per cent for Nixon and 47 per cent for Kennedy, while in the East it was Nixon 72 per cent and Kennedy 28.

This would appear to demonstrate that all the talk about the people of the South being very deeply influenced by the so-called "religious issue" was far from correct.

Indeed, according to the national poll figures, the Protestants of the entire country did not show any real change from their 1952 and 1956 voting.

Thus in 1952, the vote among all Protestants was 63 per cent Republican and 37 per cent Democratic, and in 1956 it was exactly the same, while in 1960 it fell off one point, making it 62 per cent for Nixon and 38 per cent for Kennedy.

ABOUT EQUAL This indicates that the shifts among Protestants were about equal and balanced each other. Thus, 85 per cent of the Protestants who voted for Eisenhower in 1956 voted this time for Nixon, whereas Kennedy got 84 per cent of the Protestants who had voted for Stevenson in 1956.

By offsetting the gains and losses among the Protestants who switched parties, the latest Gallup Poll shows that the religious issue really had no material effect on re-election. If both nominees are from the same church in a presidential election, the "religious issue" ceases to be an instrument of politics.

One suggestion here is that it may prove desirable for the Republicans to nominate a Roman Catholic in 1964 to oppose Kennedy, as it is assumed he would be a Catholic, then for election. If both nominees are from the same church in a presidential election, the "religious issue" ceases to be an instrument of politics.

The names of Gov. Elmer John Voigt of Massachusetts and Secretary of Labor James F.

There you have me, The gargle prevents or relieves hoarseness or huskiness—or so a good many amateur and professional speakers and singers assure me.

in 1960—a rise of only 4 points compared with the 28-percentage-point change among the Catholics who had voted Republican in 1956.

Everyone who knows anything about practical politics is aware that in state after state, when the leaders get together, they talk about the religious affiliations of the prospective nominees.

In areas where there is a large Jewish or Catholic population, like New York City the Democrats and Republicans usually have tried to cater to these two big religious groups.

The same thing is true in Illinois, Massachusetts, Rhode Island and Connecticut, where for many years Democrats who happened to be Catholics have been elected to the governorship or other high state offices.

Dr. William Brady Says:

Soap Rinse Is as Good as Any Mouthwash, Bub

Antiseptics, germicides or medicaments applied in gargles do not get past the anterior pillars of the pharynx or throat which separate the oral or mouth cavity from the pharynx.

The anterior pillars arch down on either side from the uvula (tip of soft palate) just in front of the tonsils.

Gargle until Dr. Brady you're blue in the face and the neighbors call the police, the antiseptic or medicament will not get to the tonsils, the throat lining, the vocal cords or the gizzard—unless perchance you happen to swallow some of it and maybe lose your last meal.

In no conceivable circumstance would I use or want any antiseptic or medicated gargle for acute sore throat, of my own volition. Of course if I consulted a physician and he or she ordered me to use this or that gargle, I'd follow the doctor's orders or fire the doctor.

Gargling with an antiseptic, germicide or antibiotic agent gives no different result than rinsing the mouth, and in my opinion rinsing the mouth with soap and water—prefer plain soap of a certain kind—gives every benefit one could get from any mouthwash.

Yabba! how shall I account for this fat file of reports received from readers who have used the England gargle with uniform satisfaction?

There you have me, The gargle prevents or relieves hoarseness or huskiness—or so a good many amateur and professional speakers and singers assure me.

Voice of the People:

Letter Concerning Sabbath Receives Varied Comments

How is it that people are now keeping holy the first day of the week, instead of the seventh day which God set apart and sanctified and made holy? Because the real sabbath was changed from Saturday to Sunday over 3000 years after Jesus rose from the dead.

What right has man to change the Eternal God's law? There is not a verse in the Bible that commands us to keep the first day of the week holy. Christians, study to show yourself approved. What Bible authority do you have of keeping Sunday?

Now people are keeping a man-made commandment instead of God's by keeping Sunday holy instead of the real sabbath which God made.

645 Linda Vista

Milton H. Bank urges public respect for the sabbath. In that I join him most heartily, but I think he is a little confused about the day. If we are to be guided by the Commandments of God, turn to the fourth Commandment: "Remember the Sabbath Day to Keep it Holy," and it is the seventh day sabbath, so defined as the Sabbath of the Lord.

Highland

It is not a sin to work or buy on the first day of the week. As the seventh day is the sabbath day of God, and the Bible. Nowhere in God's word is it written to keep holy the first day of the week.

How long are you pastors going to deceive God's children by teaching them to disobey the law of God? So what about the fourth Commandment? It does not say to remember a sabbath day, but "the" sabbath day.

Christmas is pagan, and so is Good Friday and Easter. We all know where it came from (the devil) and it is vain worship. Sunday is the first day of the week, and belongs to the Catholic Church. They say it is our sabbath day. God says the seventh day is His sabbath. Which one ought we obey?

Mrs. Tena M. Worden

1487 Giddings Road

The Almanac

By United Press International Today is Thursday Dec. 8, the 33rd day of the year with 23 more in 1960.

The moon is approaching its last quarter.

The morning stars are Mars and Mercury.

The evening stars are Jupiter and Saturn.

On this day's birthday: In 1785, Eli Whitney was born.

In 1776, George Washington crossed the Delaware River and landed on Pennsylvania soil.

In 1920, the first regular night radio concert in America was broadcast from Pittsburgh. The program was heard by a few radio enthusiasts through headphones.

In 1940, almost 400 German bombers raided London. The House of Commons suffered its first serious damage in World War II.

Thought for today: The first United States President, George Washington, said: "I am not a greater error than to expect or calculate upon real favors from nature to man."

Case Records of a Psychologist:

Few Calories Used Watching TV

Notice how TV is hampering the social life of Lois, even though she doesn't realize that TV is a basic cause. Then paste the calorie table on your kitchen calendar and follow it daily. Send for the dieting chart before and streamline your figure for you can't feel like a sports roadster with the chassis of a truck.

By DR. GEORGE W. CRANE CASE G-48: Lois L., aged 10, has a common problem.

"Dr. Crane," her mother began, "Lois is 20 pounds overweight."

Integrated Negro Students in South Near 200,000

NASHVILLE, Tenn. (UPI) — A total of 135,625 of more than 3 million Negro students are attending integrated schools in 17 Southern and border states, it was reported today.

Southern School News, the monthly publication of the Southern education reporting service said the figure was an increase of 14,959 over last year.

The Negroes with white classmates make up 8.3 per cent of the 3,897,534 Negroes enrolled in the 17 states and the District of Columbia, the report said.

The proportion of Negro students attending schools with whites is about the same as last year when the region's Negro enrollment was 3,690,727, the news said. White enrollment also increased in South Dakota.

Roadside Park to Be Named for Gov. Williams

LANSING (AP) — A roadside park on U.S. 2 about 26 miles west of St. Ignace will be named in honor of Gov. G. Mennen Williams, State Highway Commissioner John C. Mackie said Wednesday.

The park, described by Mackie as "one of the most beautiful in Michigan," is situated at the Cut River bridge.

The retiring six-term governor was selected for the honor "in recognition of his consistent and effective support for Michigan's highway program," Mackie said.

Marketing researchers at the University of Minnesota say American food shoppers spend an average of 23 minutes in the grocery each time they go marketing.

State Public Hearing Slated on A-Waste

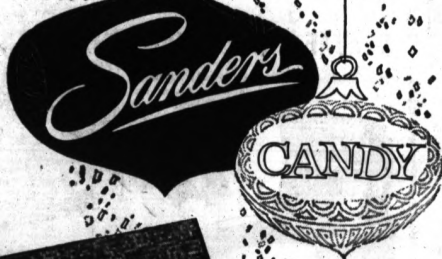

LANSING (AP) — A public hearing will be held in Lansing Dec. 15 to draw up restrictions on the disposal of water wastes from the Consumers Power Co. nuclear reactor steam electric generating station at Big Rock Point, near Charlevoix.

"We want to let the people in the area know they can come in to express their views," said Milton P. Adams, chairman of the state Water Resources Commission, who called the hearing.

Adams said water used by the plant already has been cleared with the U.S. Public Health Service and the Atomic Energy Commission.

The water would be used for cooling and sanitation purposes and for waste discharge, he said. "We want to make certain that any disposal will be perfectly safe," Adams said.

Long-Lasting Spring-Like Weather Blamed

Christmas Shopping Has Slow Start in State

By A. F. MAHAN
AP Writer

Christmas shopping is picking up in Michigan, now that the weather finally has developed a wintertick nip.

All the ingredients, except some available weather, have been prevalent for a long time. For some time, but fall retail sales generally through Thanksgiving and even into December were well behind those of the same period of 1959.

Some cities reported sales off 10 per cent as late as November 15. There were scattered bright spots compared with a 1959 holiday season rated in most areas as above-average to good.

Michigan as a whole has more people working and fewer unemployed than a year ago. Pay is higher generally, with a two-cent hourly increase having become effective Dec. 1 for all auto workers. And on top of that, time (savings) deposits are up a whopping \$26 million to \$3,777,000,000 in Michigan member banks of the Federal Reserve System.

The Michigan Employment Security Commission says preliminary figures indicate 100,000 more were employed in mid-November than a year previously. Over the same period unemployment shrank from 220,000 to 190,000.

There have been no wholesale layoffs. There is no steel strike, as a year ago, pinching off auto production.

But there was little pre-December fall weather that had temperatures likely to tempt anyone that winter—with ice and snow and Santa Claus—was coming up. Many wasn't thinking of a snow suit for Junior. And papa hardly needed an overcoat for deer hunting, even. Thermometers zoomed to a record high of 61 for Nov. 28 in Detroit, the day before the downstate Motor City got its first all-day freeze of the season.

STORES OPTIMISTIC

Most merchants, both in Detroit and outside, reported they had stocked inventories in anticipation that this Christmas business would be better than last.

The Detroit Board of Commerce, whose experts keep a tab on retail pulses, reported it was "reasonably optimistic" business this year will exceed that of last year, "but by how much is anyone's guess."

Traditionally the Friday and Saturday following Thanksgiving generate the year's largest downtown traffic shoppers in Detroit. Some thought they saw a boom barometer when the J. L. Hudson Co. counted 22,000 in its Santa Claus line that Friday, compared with 15,000 a year earlier, and 16,000 on Saturday, against 8,000 a year previous.

But on both days downtown merchants reported business was off slightly, compared with similar 1959 days. Slowness was across the board, not in particular lines.

First winter-like weather brought a Detroit improvement. One major department store said last Saturday trailed the similar 1959 day by only 4½ per cent, and pointed out merchants will reap an extra shopping day since Christmas falls on Sunday this year.

Saginaw reported that a month-end snowfall there set both cash registers and snow shovels clanging.

In the wake of this, Saginaw merchants forecast this year's Christmas trade will equal and likely surpass 1959's volume—if cold weather holds.

"I'm not worried at all," said the manager of a leading Saginaw department store. "We had a pretty good year last year, despite steel strike effects which slowed work in auto factories here until just before Christmas. This year we ought to do better because there haven't been many layoffs."

WEATHER A FACTOR

Nathan Rosenfeld, president of Jacobson's, Inc., which has stores in eight Michigan cities, said at Jackson:

"If we get the normal Christmas shopping weather, our firm will have a good shopping season. Last year our business was phenomenal and if we top that, we'll have a very good year indeed."

Jackson banks report personal savings at an all-time high, although unemployment totals 6.5 of the labor force. The greater Jackson Chamber of Commerce

reports retailers anticipate Christmas sales equal to or better than last year's.

Ironwood, on the Upper Peninsula border with Wisconsin, expects 1960 Christmas business will top 1959's by 10 per cent or more. After a strike last year, iron miners didn't get back to work until Dec. 1.

While work weeks have been cut back, to three a month in some cases, miners have been working regularly and will have more for Christmas than a year ago.

Marquette, also in the Upper Peninsula, is another city rating Christmas business this year "at least equal, but more likely much better, than last year's."

Marquette retailers reported that despite adverse shopping weather sales were about the same to better than a year ago to this time. Practically all credited a large haul of buying to K. I. Sawyer Air Force Base, which added 1,000-counting families of servicemen—cases, miners have been working this year and brought its population to 4,000. It is only 17 miles away.

R. S. Underhill, secretary-manager of the Lansing Downtown Business Association, reported merchants there geared for Christmas as good or better than last year.

Stan Gordon, president of the Frander Merchants' Association in Lansing, reported merchants in Frander Shopping Center running 16 to 20 per cent ahead of last year to Thanksgiving and about even since.

Bay City reported Christmas club savings slightly higher than a year

ago, but merchants generally anticipating a slight falling off in Christmas trade, compared with last year. Unemployment in Bay City topped 10 per cent at the beginning of December, compared with 8.9 a year earlier.

Here, too, spring-like fall weather got a major share of blame for a late Christmas buying start.

The twin cities of Benton Harbor and St. Joseph, in Michigan's southwest corner, reported retail savings there don't see any signs of

record-shattering Christmas sales, but they are encouraged that factory workers are making more money than ever before.

Despite a weather-induced slow start, businessmen in the twin cities predict Christmas sales will at least equal last year's good season.

The southwest has the most favorable employment situation among the 13 Michigan labor markets, and statistics indicate the average factory wage is approximately \$100 weekly, an all-time high.

A stack of letter-size paper, three stories high, placed beside each of the 175 million persons in the United States would illustrate the amount of paper consumed annually in this country.

Sigma Gamma Sells to East Side Hospital

DETROIT — Purchase of the Sigma Gamma Hospital in Harrison Township just east of Mount Clemens has been announced by the East Side General Hospital. East Side General said it will move to Sigma Gamma next year and give it the name of Minnie May Anderson Memorial in honor of East Side's founder.

East Side's administrator, William L. Anderson, is the son of Mrs. Anderson. The Sigma Gamma Hospital was purchased for \$150,000. East Side said it will remodel Sigma Gamma at a cost of \$700,000.

Negaunee Turns Down City Manager Demise

NEGAUNEE (UPI) — The largest voter turnout in a local election in 10 years overwhelming turned down a bid to junk the city manager form of government and revise the city charter Monday.

By a three-to-one margin, voters refused to vote out their manager form of local government. The final vote was 1,524 to 578 against abolishing.

The charter revision issue was turned down 1,399 to 881.

Mayor Robert Prittman and Councilman Earl Mabele were unopposed for two council seats.

Nervous Tony a Hit With His 1st Speech

LONDON (U) — Princess Margaret's husband made his first public speech Wednesday. And he did very well too, after a jittery start.

Having been a professional cameraman before his marriage last spring, Antony Armstrong-Jones naturally talked about making pictures.

And the awards luncheon of the photographic information council gave him a tremendous hand after he related what made him click as a society photographer in his bachelor days.

"I can tell you what I personally use a camera for," he said. "Basically, it is to record a moment—a moment that is vital—to give the viewer a sensation of brotherhood, sadness, joy and so on."

"A camera must be part of one—an extra limb—capable of freezing a situation without complicated preparation."

Armstrong-Jones said he likes to work with only one camera, often and nearly always the same film.

"One sees people wandering properties of film itself."

about looking like a photographic Christmas tree," he added, "and when they want to use any of it, it takes so long to disentangle the apparatus that the moment is lost."

Tony spoke from notes. But he did it without a stammer or a single hitch, although he showed nervousness at the beginning.

This was the first time he's appeared in public alone since his wedding. With Princess Margaret he had appeared in numerous places, from cathedrals to night clubs. But he never made any speeches before.

Armstrong-Jones also had advice for amateurs. He said any amateur "from the age of 10 upward should be able to mechanically operate a camera."

Young photographers must experiment all the time," he confided, "and not be frightened of using light freely—shooting straight into the light if need be, making an effort to get new angles on much photographed subjects and also discovering chemical

Cuba Clearing House for Violence

Rumble of Latin Revolution Grows

By PHIL NEWSOM

UPI Foreign News Analyst

A safe prediction for 1961 is that in Latin America things will get worse before they get better.

The reasons are both short- and long-term.

Out of the just- concluded and closely guarded summit meeting of world Communist leaders in Moscow came reports that Latin American Reds had lined up with Red China in advocating the violent overthrow of governments and invitations to revolt.

This is identical to the line adopted by Cuban Finance Minister Ernesto (Che) Guevara in his visit to Red China which was climaxed by announcement of a \$60 million Chinese loan to Fidel Castro's Communist-controlled Havana government.

The conclusion must be that Cuba and Red China not only see eye to eye but also that in 1961 Castro's most exportable product in the Western Hemisphere will be revolution.

Militarily, the United States already has taken steps to blockade this type of Cuban export, but there are other factors more difficult to counter.

Chief of these is the imbalance of Latin American economies.

A good example is Venezuela where President Romulo Betancourt apparently has succeeded in quelling the unimpeachable attempt to overthrow his government.

On the hillside surrounding Caracas and in the lush countryside away from the capital's gleaming skyscrapers and the swimming pools of luxurious tourist hotels, the majority of Venezuela's population live in poverty and illiteracy.

These people are the natural targets of the Castro agitators and the Communists.

HAS BIG PLANS
The Betancourt government, truly dedicated to preservation of Democracy, is trying for a more equitable distribution of Venezuela's great natural wealth and has launched a massive education program.

Yet, before the child can run he first must learn to walk.

The peasant unacquainted with modern agricultural methods will not learn overnight even though he be given his own land and his children are sent to school.

In the next four years, the government plans to spend nearly \$1 billion on agrarian reform. It also is pressing a large industrialization program.

Price Is Right, Says Big Firm

Customers Get Better Buys Than Ever Before, Claims Du Pont

NEW YORK (UPI) — E. I. du Pont de Nemours and Co. believes the price is right.

In a booklet, "The Story of Prices," the giant industrial concern says that despite the rising price trend, products and services present a better buy today than in the past.

Living standards, as measured by the consumer's ability to buy the things he needs and wants, are the highest the world has known at any time or in any place, according to the booklet.

It describes the price structure as an inseparable part of the American economy, "an economy that is at once consumer-controlled and consumer-oriented," and shows how the price structure evolved to meet the growing and changing needs of the American people.

Du Pont says prices on individual items may be higher today than they were in earlier times, but people have far more money to spend. Mechanization and industrialization have swiftly increased man's ability to produce the goods and services he needs, and thus have increased his buying power. It states in the 32-page illustrated booklet.

Operating on the premise that the customer is always right, the producer, distributor and vendor have made it their business to hold prices down and push values up, the booklet says.

The only alternative is an economy in which someone else—which has to mean the government—tells the consumer what is good for him, what he should buy, and what the price shall be.

This captive market approach has been tried in many nations, most notably in the modern world by the Soviet Union. But it has only resulted in higher prices, poorer values, gluts and shortages, and a low living standard.

A man buys shoes to fit his feet; a woman buys shoes to fit the occasion. . . . One of the principal functions of a public relations expert is to extract his boss' foot from his mouth. —Earl Wilson.

But these are long-range plans, hatched from the recent dictator while part of the problem is immediate.

Betancourt recognizes the "financial aid." But to demands that he outlaw millions of the poor and the "skilled" the Communist party. Betancourt full exploitation" by the Com- munist party that it would be counter- style is the worst penned by man.

Pulitzer Prize Churchill Called Very Bad Writer

ROCK HILL, S.C. (UPI) — Sir Winston Churchill, who won the Nobel Prize for literature in 1953, is a "very bad writer," a British author said here.

Malcolm Muggeridge, former editor of Punch, told an audience at Whitworth College that Churchill is honored for "terrible service" to the empire, but his "prose style is the worst penned by man."

Warranty Extended To Imports by AMC

DETROIT (AP)—American Motors has extended the 12-month or 12,000-mile new car warranty program to its imported Metropolitan cars.

The "12-12" warranty was adopted by all domestic manufacturers with the start of the 1961 model year. Previously the warranty per-

iod had covered only 4,000 miles or 30 days, whichever came first.

Metropolitans are built in England by British Motor Corp. This is the first extension of the extended warranty to imported cars. However, many of the imports carry warranties of six months or 6,000 miles.

The first actual evidence of the use of spectacles is in a 1352 portrait of an Italian cardinal. He is holding two lenses attached to a forklife handle.

Selfridge Field to Get New Commander Dec. 19

MOUNT CLEMENS (AP)—Col. George J. LeBeche, formerly deputy commander of the Duluth air defense sector, will take over command at Selfridge Air Force base Dec. 19.

The present commander, Col. Charles D. Sonnenkalb, will be assigned to the Montgomery air defense section, Junter AFB, Alabama, as deputy commander.

Urges Con-Con Delegate Ballot

George Romney Asks Legislature for Move Permitting Primary

LANSING (UPI)—American Motors President George Romney Wednesday released copies of a letter sent to members of the legislature. These urged them to support measures which would permit a primary election to nominate candidates for delegates to a constitutional convention at the same time as the April 5 general election.

"To accomplish this, early action is needed by the legislature after they convene on Jan. 11, 1961," Romney said in the letter.

He said amendments to the constitution permitting the Con-Con question to go before voters next year left little time to set up the special primary and general elections called for.

"While this timetable is rather short, a delay in the legislation would not help the filing time less more than three days, were a primary to be held at a later date than April 3rd, Romney said.

He said the action needed to be taken so as to be signed into law by Jan. 24.

Red-Linked Institute Moving to Canada

NEW YORK (AP)—The Institute of Pacific Relations, in financial straits from loss of its tax-exempt status from 1953 to last March, will leave New York for Vancouver, B.C., at the end of the month.

William L. Holland, secretary-general of the institute and editor of its quarterly journal, Pacific Affairs, announced the move.

The International Research Organization figured repeatedly in congressional inquiries into alleged Communist infiltration in government during the early 1950s.

In 1953, T. Coleman Andrews, then commissioner of internal revenue, removed the institute from tax-exempt status, charging it with disseminating "controversial and partisan propaganda."

Its tax exemption was restored after a long court battle, but Holland said the period of non-exemption seriously reduced gifts and contributions to the point where the institute had to seek a cheaper base of operations.

The University of British Columbia has offered the institute a free home. The move has the approval of the Pacific Council, the international governing body of the institute.

Holland has been appointed head of the university's department of Asian affairs.

The institute has been investigated by congressional committees who sought to prove that it exercised a powerful and malevolent influence on state department policy.

Request Pay Increases for Kalamazoo Teachers

KALAMAZOO (UPI)—The Kalamazoo City Education Association, the teachers' organization, has presented a schedule of teacher salary increases to the City Board of Education which a school administration official said would probably be adopted.

The increases would boost the starting salary for teachers with bachelor degrees from \$4,300 to \$4,500, and for teachers with masters degrees from \$4,700 to \$4,900. It would raise the maximum for teachers with bachelor degrees from \$6,500 to \$6,700 and for masters degrees from \$6,900 to \$7,100 and would shorten the number of years to reach maximum salaries.

African Siamese Twins Die of Pneumonia

U.S. Withdraws Watchdog Ships

Suspends Patrols After Guatemala, Nicaragua Report Danger Gone

WASHINGTON (AP) — U.S. Navy ships that have been on patrol off Guatemala and Nicaragua have been withdrawn, the White House reports.

Press Secretary James C. Hagerty said Wednesday the patrol was suspended after governments of the two Central American countries reported the danger of Communist-aided revolts had passed. President Eisenhower had ordered the patrol last month in response to requests from Guatemala and Nicaragua.

CHARGED CUBAN AID
Leaders of the two countries charged that Cuban-backed revolutionaries had taken part in incursions shortly before the request was made.

The aircraft carrier Shangri-La and four destroyers began the patrol in mid-November. The carrier Wasp replaced the Shangri-La shortly before the end of the month and five destroyers relieved those on duty.

Two long-range patrol planes were also assigned to the Western Caribbean.

The Navy said the Wasp was due today at Mayport, Fla., to be replaced by the USS Zumwalt, which is en route to her home port in Boston.

At birth, a grizzly bear is scarcely bigger than a skinned squirrel, voice after a 24-year absence.

She's a Hit at La Scala

Temper Tops Callas Once in Triumphant Comeback

MILAN, Italy (AP) — Maria Callas made a triumphant comeback at the staid old La Scala Wednesday night. And the temperamental soprano lost her temper only once.

The audience, which had not heard her here since she walked in a fit of fury 2½ years ago, loved her performance. But some critics said the star, 37, showed the strain of age in her voice.

TURN THEIR BACKS
The American-born singer was almost overcome with joy — "I'm so happy I don't even know where I am. I suffered in silence for this comeback. The hand of God has been on my side, and now I know that the public likes me."

Miss Callas came back in the difficult and dramatic role of Paoletta, wife of the Christian martyr in Donizetti's "Polliuto." The role is a test of any soprano's voice.

Seats were sold out weeks in advance for the season's opener in the mother of opera houses. Scalpers were getting the equivalent of up to \$400 each for \$60 tickets.

CELEBRITIES IN AUDIENCE
In the boxes sat a glittering audience including Princess Grace and Prince Rainier of Monaco, and Greek shipping magnate Aristotle Onassis who has been linked romantically with Miss Callas since she separated from her husband last year.

All Milan had been waiting for was Aristotle Onassis' voice after a 24-year absence.

Knifing Victim Won't Testify

Drop Charges Against Woman, 20, as Doctor Alleges Threats

A felonious assault charge was dismissed yesterday in Oak Park Municipal Court against the 20-year-old woman who admitted stabbing a prominent Detroit doctor.

Senior Asst. Prosecutor Jerome K. Barry Jr. said the warrant had to be dropped when Dr. Ralph N. Tassie, 59, refused to testify against the woman after reportedly receiving threatening phone calls. Dr. Tassie was the chief witness.

Charged was Miss Jeanette Lachowicz, who admitted stabbing Dr. Tassie, president and founder of Sarasota General Hospital, Detroit, when the physician threatened to break off his relationship with her.

He had admitted to Oak Park police that he had been "keeping" Miss Lachowicz since she was 17 at a \$14,000 ranch home. He said he wanted to end the affair.

Dr. Tassie suffered a superficial knife wound in his back in the September stabbing.

Miss Lachowicz appeared yesterday before Municipal Judge Burton R. Shiffman to be examined on the assault charge when Dr. Tassie told Barry he would refuse to testify for fear of incriminating himself. He later told the stand and repeated this before the judge. "Without Dr. Tassie there's no case," Barry said.

Little Actress Becomes Her Parents' Landlady

LOS ANGELES (AP) — Actress Tammy Marighu, 7, is her parents' landlady now.

A judge Wednesday approved her purchase of a six-room house near the Metro-Goldwyn-Mayer studio. The \$16,000 house will be used by Tammy and her parents, Mr. and Mrs. Malcolm Marighu.

Tammy makes \$500 to \$700 a week at MGM.

Churchill Returns Bed; Making Good Recovery

LONDON (AP) — A special ad-justable bed which Sir Winston Churchill had been using since old former prime minister is making a good recovery.

was returned Wednesday to St. Mary's Hospital.

Lord Myran, his physician, said X-ray plates indicate the 86-year-old former prime minister is making a good recovery.

U.S. Merchants Anticipate Big Yule Buying Season Despite Slow Start

NEW YORK (AP)—Christmas shopping got off to a slow start in some areas, but many merchants expect a record season despite unsettled economic conditions.

This was disclosed today by an Associated Press survey of leading stores in 20 major cities.

Mild weather got most of the blame for light buying in late November and early December. Storekeepers were looking for a late surge to repair the damage.

Eight cities reported early buying was down, seven said it was better and five found it about normal.

Merchants said people seem to have plenty of money to spend but are more cautious and selective than usual, possibly because of apprehension about rising employment and other economic factors.

Prices are about the same or a little lower than last year.

STARTS WELL
"Things started off with a real bang; the place has been really jumping," reported one of Philadelphia's biggest stores.

"There is nothing to indicate we shouldn't have a banner year. Employment is up, income is up,"

was the word from J. Malcolm Bridges, manager of the Richmond, Va., Chamber of Commerce.

"I guess people have more money to spend," said Robert Wilhelm, merchandising manager of San Francisco's Emporium department store, reporting volume higher than a year ago.

"One of the brightest Christmas seasons in history," said the Denver Retail Merchants Association.

Los Angeles and Washington merchants predicted a banner year.

In New York City, Gimbel's big department stores reported sales improving after a lagging start. The jewelry store, Tiffany's, said sales were running 15 per cent ahead of last year.

"There's been nothing about the weather to set one thinking of red noses, reindeer or otherwise," commented a Detroit merchant, discussing the early sales lag.

St. Louis stores noted that unusually warm weather had held down buying enthusiasm and a merchant said, "I'll be nip and tuck to catch up."

Chicago also put the blame for an unimpressive start on high

temperatures but J. Chalmers O'Brien, executive of Carson Pirie Scott & Co., said there is general optimism for a good season.

Sears, Roebuck & Co. said shopping is picking up momentum and predicted last December's record sales will be exceeded.

Colder weather in early December brought an improvement in Detroit but sales were reported seven to eight per cent off from last year.

More Christmas club savings than ever before were expected to give business a shot in the arm.

Nevertheless, the caution of the shoppers was being felt. "We've had big crowds but people are doing an awful lot of looking," said a Miami, Fla., merchant.

Some Atlanta retailers said they believed the general decline of the economy has had a psychological effect on buying, but most looked for as high volume as last year.

"We'll be lucky if we come within three per cent of last year," said a department store executive in Seattle. "Shoppers have as much money as last year but they are holding off, mainly on big items."

Mechanical Arm Will Snag Fish From Sea Depths

SAN DIEGO, Calif. (UPI)—A mechanical arm to pick up specimens deep on the ocean floor is being fitted on the bathyscaphe "Trieste."

Naval Electronics Laboratory is working on the record-diving craft, giving it new paint, an ad-

dition to a deck and the valuable mechanical arm.

Navy Lt. Don Walsh, one of the men who made a record dive of 35,000 feet in the *Martina Trench* near Guam earlier this year, said today the arm would work similarly to the mechanical arms that are remotely controlled to handle radioactive material.

Toulous, Bordeaux, Nice, Nantes and Strasbourg in France are among the cities of the size of Richmond, Va., Akron, Ohio, or Omaha, Neb.

Republicans Cancel Genesee Recount

FLINT (AP)—A vote recount of the Nov. 8 Genesee County sheriff's race has been canceled by Republican party officials.

Chester R. Schwesinger, GOP county chairman, said it was decided to stop the recount after a Monday night for a visit at the precincts showed Republican Orville Clark had gained only 30 votes on Presidium.

Democrat Thomas E. Bell Bell won the election by 364 votes. Schwesinger said "the results so far do not indicate any reasonable expectation of substantial change from the original canvass."

Brazilian Vice President in Russia for Visit

MOSCOW (AP)—Brazilian Vice President Joao Goulart arrived on Monday night for a visit at the invitation of Nikolai Gromov, vice chairman of the Soviet

Hoover Asks Campaign Against Child Molesters

WASHINGTON (UPI)—FBI Director J. Edgar Hoover has called for a "relentless campaign" by the public, in cooperation with police, against child molesters. Hoover, calling attention to an upsurge of attacks on children, said "America's hope is in its children. They must be protected at all costs."

Canada produced 8,287,000 pounds of wool in 1959.

PROPOSED CRAFT FOR MOON — These are drawings of a proposed moon craft which were outlined by two Greenwich, Conn., engineers at a meeting of the American Rocket Society. At the top is a proposed three-man cylindrical vehicle with a one-man capsule equipped with pincerlike arms (left). At bottom is a three-man spherical vehicle with metal legs attached to rollers. Lawrence Hofstein and A. W. Caccola, the engineers, said their ideas can be put into practice.

East Germany Owns Locomotive

U.S. Train to Berlin Losing Permit

BERLIN (AP) — Promptly at 4:37 a. m. every day of the year a U. S. Army train pulls up to the station at Marienborn, just inside the Iron Curtain of Communist East Germany.

It usually has six cars, drawn by an old-fashioned coal-burning locomotive of the East German rail system. An Army lieutenant checks his papers through the Soviet control officer.

In half an hour, if there are no hitches, the coal burner is puffing along the 110-mile stretch of Communist territory to isolated West Berlin.

This has been routine ever since the U. S. soldiers took over their sector of Berlin the summer of 1945. The French and British armies run similar trains. Now these milk runs again may become a cold war issue.

Many, but railroad authorities get together all the time to handle such routine problems as time tables and freight charges. The Germans and Americans who deal with the American train believe—though they are far from sure—that the East German locomotive is paid for in some way through the West German railways. Just how is not clear. It may become important because West Germany has canceled its trade agreement with Communist East Germany, effective Jan. 1. Among many other things, this part regulates how the two parts of the country settle their railroad bills. The West Germans canceled the

many. But railroad authorities get together all the time to handle such routine problems as time tables and freight charges. The Germans and Americans who deal with the American train believe—though they are far from sure—that the East German locomotive is paid for in some way through the West German railways. Just how is not clear. It may become important because West Germany has canceled its trade agreement with Communist East Germany, effective Jan. 1. Among many other things, this part regulates how the two parts of the country settle their railroad bills. The West Germans canceled the

act as a reprisal for the Communist squeeze on Berlin. Both East and West Germans have made it plain that they want to renew and have begun negotiations. If the agreement is not renewed by New Year's Eve, the Communists decide to be nasty, they could refuse to operate the trains. But such a move could lead to another Berlin blockade and the East Germans undoubtedly would have to get approval by Moscow first.

James Monroe, fifth president of the United States, died in New York City on Independence Day in 1831.

Sudden Exodus Puzzling

West Berlin Lures Teens From Reds

BERLIN (UPI) — A mysterious influx of teenage refugees from Communist East Germany is pouring into Berlin without any surface explanation for the exodus.

Maj. Gen. Ralph M. Osborne, United States commander in Berlin, said there has been a sudden increase in refugees within recent months, and attributed this to the attempted collectivization of German farms by the Communists.

"This," the general pointed out on a graph, "explains why many of the 125,000 who crossed the border this year have been farmers."

"But it doesn't explain why hundreds between the ages of 17 and 24 are defecting to the West. These are the youths whom the Communists consider their strongest force and the foundation upon which they plan to build their Red empire in Europe."

CAREFULLY SCREENED — The squad, Maryland-born general said the East German teenagers were being carefully screened to thwart any Communist plans to saturate West Berlin with fifth columnists sent here to instigate riots, cause trouble and undermine civil authority.

"Most of the young German refugees seem sincerely fed up with the Red way of life," the commander said.

"This is all the more astounding when it is considered that these boys and girls are the pride and joy of the Communist movement in East Germany, and they have been given special, preferred treatment and indoctrination as long as they can remember."

"If the Reds are beginning to lose the youth of East Germany," Osborne continued, "they are in serious trouble, perhaps more serious than we realize."

"And from the increasing numbers pouring out of East Germany daily, it is certainly obvious that they are losing the hold they hoped to have on Germany's youth."

The 57-year-old commander said the Communists require military

service by all East German youths before the youths can go on to higher education.

PARENTS BRING MANY — "This has not only caused many of the young people to flee East Germany," Osborne explained, "but it has brought many of the professional people to West Berlin with their children just to insure that they will be able to educate the children in the traditional free schools and universities of the West."

The new influx of East German teenagers is of great interest to both the allied military and diplomatic staffs who carefully watch and weigh each new development across the border for possible indications of things to come.

"We can only feel," Osborne said, "that the disillusioned youths of East Germany are representative of all the teenagers under Communist domination in Europe, except that those of East Berlin and the eastern zone of Germany have the only opportunity to easily defect to the West."

"We are certain that if it were possible for the young people of the other Red satellites to cross easily to the West we would have hundreds of thousands instead of thousands pouring across our borders."

Russia Demanding U.S. Leave Korea

MOSCOW (AP)—The Soviet Union today accused the United States of blocking the unification of Korea and demanded the immediate withdrawal of all foreign troops from the Korean peninsula.

A government statement, carried by the Soviet news agency Tass and broadcast by the Moscow radio, said "the American occupation of the southern part of the country is the main obstacle on the road to Korean unification."

POPULAR NEW JET — Holding a model of the new Boeing 727 jetliner in New York is Roberta LeValley. The new short-range transport was made possible when Eastern Air Lines and United Air Lines each ordered 40 at a cost of \$50 million for delivery before the end of 1963. Each plane will cost more than \$4 million. Note that the jet engine pods are in back of the fuselage instead of in the wings. Behind Miss LeValley is a partially constructed full-scale mockup. The plane will carry from 70 to 117 passengers at speeds up to 600 miles an hour over distances from 150 to 1,700 miles.

Top U.S. Jazz Cats Purr Over Germans at Birdland

NEW YORK (UPI)—Birdland, a jazz emporium of note, got invaded by a German band Tuesday night, but not an ompah was blurted.

This was a hot combo, the first German jazz band ever to hit this country, and a group of American jazz great men called it "bedient" and "differ."

Them is words that the cats in Germany use when they mean cool, man—very good, excellent. Like when a drummer goes out of his mind—then, according to the German teen-age idiom he's "eine schaffe," which, according

Sees Economy Staying Down

U.S. Economist Says Forces to Aid Growth Are Not in Sight

WASHINGTON (AP)—A government economist told a congressional committee today "no major forces are in sight to provide the upward thrust needed for resumption of economic growth."

The estimate came from Louis J. Paradiso, chief statistician in the Office of Business Economics of the Commerce Department, who said the basic indicators showed mixed movements—some up and some down.

Paradiso was one of a panel of witnesses called before the Senate House Economic Committee as it opened two days of hearings on the nation's economic outlook in the next few months.

Another witness, Seymour L. Wolfson, deputy assistant secretary of Labor, said the jobless total in the nation would reach 5,262,000 next February if October's 6.4 per cent rate of unemployment was maintained without change.

He emphasized he was making no prediction on the rate. Actual unemployment in October was 3.579,000.

Paradiso told the joint committee "the economy continues to be characterized by sluggishness in purchases of goods for final use and by rapid shifts in the pattern of inventory buying—from accumulation to holding the inventory line and then to liquidation."

He said this was the situation among the major economic indicators:

Bonn Defense Officials Ordering From Israel

BONN (UPI)—The West German defense ministry announced it will order 120,000 infantry ammunition pouches from Israel. A ministry spokesman said a procurement official is leaving for Israel to arrange the purchase.

Grand Rapids to Start Urban Project by Spring

GRAND RAPIDS (AP)—A March 15 start on demolition of downtown buildings in the city's central business district urban renewal program has been predicted by planning director J. Paul Jones. The overall cost of the program is set at \$3 million. Jones told city commissioners

they probably will be asked for final approval by Feb. 1 on a city-county building authority to finance and build a new police headquarters building as the first step in a proposed governmental administration center.

The civilian labor force of the United States increased 13.9 per cent in the period from 1959 to 1961.

Table Proposal to Probe Saginaw Judge's Regime

SAGINAW (AP)—A proposal to investigate the administration of Probate Judge Glenn Jordan was tabled by the Saginaw County Board of Supervisors.

The supervisors voted 40 to 12 to table the proposal made by John Witherspoon, chairman of the ways and means committee.

Supervisor William Boos said "To give a committee blanket authority to investigate the whole probate court is wholly unwarranted. It's a reflection in the eyes of the general public on the staff of the probate courts."

Last week Jordan named a three-member committee to investigate accusations of cruelty against girl inmates at the county juvenile home.

Rabbi Asks Rejection of Zionist Movement

NEW YORK (UPI)—Rabbi Almer Berger, executive vice president of the American Council for Judaism, has called on non-Zionist Jews to make clear their rejection of the Israeli concept of a "Jewish peoplehood."

He said the Zionists call for an interpretation of the status of U.S. Jews as "a definable body politic that deserves national rights and responsibilities in Israel."

chapter meeting, said non-Zionist Jews should stop "appearing as 'Jews' in the Zionist movement."

He said the Zionists call for an interpretation of the status of U.S. Jews as "a definable body politic that deserves national rights and responsibilities in Israel."

3-Dimensional Radar
Installed on Ships

FULLERTON, Calif. (AP)—A new radar that can pinpoint a supersonic target in three dimensions—range, bearing and altitude—has been installed on missile cruisers and destroyers.

The Navy and Hughes Aircraft Co. announced the development Tuesday.

The system requires only a sin-

gle antenna, transmitter and receiver. Conventional radar systems require combinations of antennas, transmitters and receivers to give three-dimensional target information to fire-control centers.

The new all-weather radar is known as Prescan. Unlike conventional systems, it does not require stabilizing gear to compensate for the pitch and roll of a ship at sea.

The Philadelphia mint produces a half billion coins a year.

Nikita Wins in Big Way, Throws Sop to China

LONDON (UPI)—Authoritative diplomatic sources said today the victory in terms of concessions to the "Communist manifesto" spelled victory for Russia but with concessions to Red China.

The sources said international communism appears to have accepted Soviet Premier Nikita Khrushchev's policy of "peaceful coexistence" as its guiding line for the immediate future.

Russia paid the price for her victory in terms of concessions to the "Communist manifesto" by accepting the Soviet Premier's policy of "peaceful coexistence" as its guiding line for the immediate future.

Diplomatic reports said a major banquet had been arranged by the Chinese Embassy in Moscow to which Soviet leaders have been invited as well as the envoys of foreign powers in Russia, apparently to demonstrate to the outside world that all is well in the Moscow-Peking axis.

Today diplomatic assessment said that among the concessions

wrested from Russia at the Red summit which drafted the Communist manifesto in Moscow last week are:

—A sop to Peking's demand for a harder line in the struggle against colonialism.

—A concession to Red China's insistence for Communist pressures in countries with unstable gov-

ernments to promote revolutions. There may be nonpeaceful transition to socialism "in the event of exploiting class struggles resorting to violence against the people."

The concession that Communist parties are independent, implying that Red China may pursue at least to some degree an independent course.

Wire rope one-sixteenth inches thick, used for airplane controls, will sustain a load about 450 pounds.

Refugee Commissioner

UNITED NATIONS, N. Y. (AP)—The U. N. General Assembly Tuesday elected, by acclamation, Felix Schnyder of Switzerland as U. N. high commissioner for refugees. He succeeds Auguste R. Lindt of Switzerland, who has been named ambassador to the United Nations.

Americans Send Dollars Abroad Seeking Profits, Causing Trouble

By SAM DAWSON

NEW YORK (AP) — Individual Americans haven't trailed too far behind corporations in seeking greater investing fields beyond our borders.

Sometimes the citizen has lost his shirt. More often perhaps he's made more than he might have with a like investment here.

Americans have paid an estimated \$4 billion for present holdings of foreign bonds and \$5 billion for other foreign securities and real estate—no one knows for sure just how much. Buying runs in cycles. It started upward sharply 18 months ago, but has slumped in the last three.

Total individual holdings are well below the \$29 billion American corporations have spent abroad for new plant and equipment or to buy up sources of raw materials—with this year adding up estimated \$4 billion.

Both forms of spending are in the spotlight today because of their role, however small in causing this nation to spend more abroad than it has taken in return. This deficit is now running at around \$4 billion a year.

And the resultant loss of dollars—and especially the outflow of our gold—has raised a hullabaloo in Washington and a brief but disturbing flurry in the London gold market that some saw as threatening the value of our dollar.

There have been three streams of individuals' dollars flowing abroad:

1. Foreign stocks. American investors took a shine to European, and to some extent Japanese, corporate securities when prices of U.S. stocks soared far above what common stocks of foreign corporations in the same fields were bringing. Later the continuing European industrial and stock market booms, when American business was going slack and U.S. stock prices dropping, helped the trend. This tended to push European stock prices higher.

Then they too turned weak, and have fallen faster in the last three months than have American. Brokers here report a drying up of American demand for foreign stocks of late, but little selling on balance.

Arthur L. Wadsworth of Dillon, Read & Co. reported to the recent meeting of the Investment Bankers Association that gross purchases of foreign stocks by U.S. investors rose to \$803 million in 1959, but in the first eight months of this year was about \$304 million.

2. Foreign government bonds. Sale of new issues in New York reached a postwar peak in 1958 of \$223.3 million, but so far this year is down to \$85 million. Political turmoil in Africa and Latin America tended to scare off investors this year. Many old issues of foreign bonds are traded on stock exchanges here.

3. Hot money. This is idle capital held by individuals, corporations, financial institutions looking for short-term investment at the highest return. With interest rates dropping here and staying much higher overseas, hot money has flowed out in volume.

The Chase Manhattan Bank of New York says perhaps "as much as a billion dollars of this type of hot money may have left the country during the third quarter alone. That figure for a single quarter would be several times the volume reached during any previous full year since World War II."

The American dollars to buy stocks, bonds, or short-term foreign securities have come from savings here, reinvestment of earnings on foreign holdings, sale of stocks here to buy Canadian or overseas investments, or funds deposited in Swiss banks where secrecy is protected by law.

One-Way Private Eye Mirror in Police Office

WASHINGTON (UPI) — Washington police announced that a new \$350,000 building to house the Fourth Precinct police headquarters will include a special one-way mirror window in the police captain's office enabling him to watch squad room activities without being seen.

AFRICAN LEADERS MEET — Nigeria's prime minister, Abba J. Abacha (left) shakes hands with Ferhat Abbas, Algerian nationalist rebel leader, in Tunis, Tunisia, last week. The Nigerian leader was paying an informal visit to Tunisia.

'Christianity Is in Retreat,' Warns Bishop James Pike

NEW YORK (UPI)—The Rt. Rev. James A. Pike has suggested Christians might "considerably subside" the celebration of Christmas this year because a celebration assumes victory and "Christianity is in retreat."

Pike, bishop of the Episcopal Diocese of California, said in a magazine article that Christianity outwardly appears to be growing with "superficial indications of a religious upsurge."

"But," said Pike, "an evaluation of all the evidence would demonstrate, not only that a decline has set in, but that the upsurge itself was without substance."

Pike, one of Protestantism's leading spokesmen, said the Christmas retreat was evident in his country when:

— "Our government tells elaborate lies, as it did after the U2 flight."

— "We give to others on the express basis that we can get back from them — an alliance, an air base, a concession."

— The United States keeps in storage "billions of dollars worth of grain while millions of people starve."

— "The church finds itself in the ludicrous position of preaching brotherhood and practicing intolerance."

He said it was evident abroad in the advance of communism, in non-nationalism "has cast Christianity into disfavor," and in "a revitalized Hinduism and a more aggressive Islam."

He said the statistics actually show the church is losing ground although church membership in the last 15 years has tripled that of the previous 15, and church building, religious publishing and radio and TV programs on religious subjects have increased.

He gave as an example of this the failure of Protestant church membership to increase at the rate of population increase in this country.

"If General Motors over the years were to treble its sales but not improve its cars," he said, "its customers would properly consider the achievement a hollow one. The logic is no less applicable to the Christian church."

Pike blamed the situation on the reluctance of many clergymen to speak out on issues for fear of offending well-to-do members of the church; on the divisions within Christianity; on a tendency to make religion man-centered instead of God-centered; on a growing lack of correlation between religion and ethics.

"There can be no better time to raise these problems than at Christmas," he said. "We must free the church from its self-imposed shackles. Thus freed, the church can march forward — and Christmas can rightly be a jubilant celebration again."

The former Geo. Greenman and Bros. shipyard, which built square-rigged ships during the 19th Century, is now the site of Mystic Seaport, Conn., a recreated 19th Century coastal village.

SKYSCRAPER SCHOOL.—This is an artist's conception of the skyscraper that would combine a commercial high school and office building in New York City. The New York Board of Education is studying the possibility of building the structure on city-owned land in mid-Manhattan. The preliminary plan calls for a 41-story building with the school occupying the first eight floors. The school would have its own entrance on a side street. There would be no mingling of students and office workers.

Durante to Marry Ex-Actress

HOLLYWOOD (AP) — Jimmy Durante will marry Marjorie Little in New York City next Wednesday, the comedian says. They have been engaged four years.

The wedding will be very quiet. Durante said Wednesday night. The Rev. Thomas de Luca of Troy, N.Y., will perform the ceremony in St. Malachy's Roman Catholic Church.

The couple will be attended by Mr. and Mrs. Clement Hirsch of Northridge, Calif. Hirsch, a dog food manufacturer, is a longtime friend of Durante's. Also attending the wedding will be the bride's parents, Mr. and Mrs. Jack Little. Her father is a police officer in Scotch Plains, N.J.

It will be the first marriage for Miss Little, 38, an ex-actress. Durante, 67, became a widower many years ago.

4-Year-Old Returns Purse Holding \$329

TAMPA, Fla. (AP)—A 4-year-old boy has been credited with the return of a purse containing \$329 lost by a blind woman.

Police said the Negro boy, John Edward Sanders, found the purse at a bus stop where Miss Beatrice M. David had lost it. Police Capt. Allison Walnwright said the boy's mother tried to contact Miss David, but failed. She then called police and the purse and money were returned.

"You're always hearing of bad things," Walnwright said, "and every now and then it's good to hear of something like this where such honesty is exhibited."

Michigan Will Send 71 to Conference on Aging

LANSING (UPI) — Michigan will send 71 persons to the White House conference on the aging in Washington Jan. 9-12, Gov. G. Mennen Williams said Tuesday.

James Brophy, Grosse Pointe Park, chairman of the State Commission on Aging, was named to head the delegation.

Other state officials included superintendent of public instruction Lynn M. Bartlett, health commissioner Dr. Albert E. Heuska, Michigan employment security commissioner Max Horton, social welfare director Willard J. Maxey, and mental health director Charles Wagg.

State Sen. Perry W. Green, R-Grand Rapids, and State Rep. William C. Sterling, D-Monroe, were also named.

GOOD SCOUT — Louise A. Wood of Chicago has been named national executive director of Girl Scouts of the United States. She will take office March 1, 1961.

Red Manifesto 'Fighting Plan'

China Tags Declaration Blueprint for Seizure of Power

TOKYO (AP) — Communist China Wednesday interpreted the 81-nation Moscow declaration as a "fighting program" for Communist seizure of power through united front governments in newly emerging nations of Africa, Asia and Latin America.

It said the declaration places before Communists in those countries "the fighting task of founding national, democratic (Communist) states and striving for a future of noncapitalist development, the statement points to the necessity of establishing in these countries a broad national, democratic united front that includes the national bourgeoisie."

It added that the three-week Moscow meeting of Red leaders said down "the correct policy" to adopt towards the national bourgeoisie who would be allowed to participate in these governments, "taking into consideration the latter's progressive as well as compromising character."

IN EDITORIAL The first Chinese reaction to the declaration was contained in an editorial in the Peiping People's Daily, the official organ of the Communist party.

"The statement," said the People's Daily, "is not only an important landmark in the new upsurge in the national liberation movement, but will certainly become also a powerful impetus for the Asian, African and Latin American peoples in their struggle to win victory in the national and democratic revolution."

The People's Daily said the manifesto also was a directive for Communists to assume leadership of workers movements everywhere "in waging economic and political struggles."

While conceding that war with the West was not "fatally inevitable," the paper withdrew from their earlier position, the Chinese said the conference held that as long as imperialism exists "there will always be soil for aggressive war."

Boy Shops for Mom; Killed on Way Home

ANN ARBOR (AP) — Gary K. Brown, 12, returning from Christmas shopping with a girl wrapped gift for his mother, was struck and killed by an auto Wednesday night.

Police said he was hit by an auto driven by William Reed, 80, as the boy walked along the edge of the road on the outskirts of town.

Young Brown had bought his mother a gold cross on a chain and stopped to proudly show it to relatives on his way home.

Make 'Final' Proposal to Avoid Paper Strike

NEW YORK (AP) — A federal mediator today announced that a "final" settlement proposal had been hammered out by publishers and a Newspaper Deliverers' Union subcommittee in an effort to avert a strike against all nine major New York dailies.

Mediator Herbert Haber said at 4:30 a.m.—4½ hours past the contract deadline—that the proposal was being submitted to the full union negotiating team.

His Support of Jack Surprising

Udall Shed Conservative Label

TUCSON, Ariz. (AP)—A few years ago, Stewart Lee Udall won moderate stardom as a steady, conservative basketball player at the University of Arizona.

He appeared to be playing the game of politics in the same fashion until last spring when he started conservative-minded Arizona by declaring his support for Sen. John F. Kennedy for the Democratic presidential nomination.

This put his political neck on the block in the recent election. Although Kennedy failed to carry Arizona, Udall won re-election to a fourth term from the state's 2nd District.

As secretary of the Interior, Udall will be the first Arizona to serve in a Cabinet post. He should be well prepared. Study of the Interior Department is broad and better stuff to Arizona politicians. Udall's district, for example, includes the nation's two largest Indian reservations along with important reclamation projects.

FATHER WAS JUSTICE

A well-conditioned, 160-pounder, Udall was born in St. Johns (current population, 1,540) Jan. 31, 1920, one of a family of three boys and three girls. His father was the late Justice Lewis S. Udall of the Arizona Supreme Court.

After a year at Eastern Arizona Junior College, Udall switched to the University of Arizona. He played two years of varsity basketball, making the second All Border Conference team in 1940.

In 1941, he enlisted in the Air Force and was a bombardier in the 8th in the European theater. Back at Arizona in 1946, he was an outstanding guard on the team that won the Border Conference championship and played in the National Invitation Tournament.

STEWART L. UDALL

ment in New York's Madison Square Garden.

OWN LEGAL FIRM

Stewart and his brother, Morris, operate their own law firm in Tucson. Morris is one of several Democrats mentioned as candidates for Udall's House seat.

Udall was elected to Congress in 1954. His supporters call him a moderate.

In 1957, he attracted national attention by pushing through more liberal rules in the House Committee on Education and Labor. Two years later, Udall organized an orientation school for freshman congressmen that won praise.

This year, Udall played a leading role in swinging Arizona's delegation to the Democratic National Convention behind Kennedy. He was delegation chairman.

Udall is a member of the

Church of Jesus Christ of Latter Day Saints (Mormon). He and the former Ermalee Webb of Mesa, Ariz., were married May 22, 1952. They have six children.

Advocates Gas Rate Hike of \$5.67 Million

LANSING (AP)—Consumers Power Co. is entitled to a gas rate increase of \$5.67 million a year, a staff economist for the Michigan Public Service Commission said Wednesday.

Tom Hancock, the economist, based the estimate on what he said would be a fair return on net plant plus working capital, or a base of nearly \$219.5 million. Given the increase, he said the company would realize a 6.03 per cent net return.

Consumers has asked for a \$15.5 million increase, to be spread among 520,000 customers in 20 Lower Peninsula counties.

The commission adjourned the hearing until Friday when the company will cross-examine Melwood Van Scoyoc, a Washington, D.C., utility consultant who testified Tuesday as a witness for the Michigan Utility Rate Payers Association, an objector.

WMU Professor Quits as Department Head

KALAMAZOO (UPI)—Dr. Arvid Nadelman has submitted his resignation as head of the paper technology department of Western Michigan University, effective at the close of the present semester.

Nadelman, a native of Germany, joined Western Michigan University

in 1948 as director of the university's pulp and paper program, then a part of the chemistry department.

He became head of the department in 1955 when it gained departmental status. The department now has over 1,000 students.

Salt is used in the manufacture of steel and also in various chemical processes.

Not Through With News Confabs

WASHINGTON (AP)—White House Press Secretary James C. Hagerty said Wednesday President Eisenhower has not abandoned news conferences for the remainder of his term.

Hagerty was asked whether Eisenhower, who has not held a formal news conference since Sept. 7, would meet with newsmen again before leaving office Jan. 20. "I'm sure he will before he goes out of office," Hagerty replied.

Fine Ex-Tax Investigator For Failure to File Returns

FLORENCE, S.C. (UPI)—State Sen. Ralph Gasque, 47, former intelligence agent for the U.S. Bureau of Internal Revenue, was fined \$5,000 and sentenced to two years in prison for failing to file federal income tax returns in 1953, 1956 and 1957.

Gasque's prison sentence was suspended on condition he make a satisfactory settlement. His lawyer said Gasque had told the revenue bureau of his failure to file returns under the mistaken belief he would not be prosecuted for a voluntary disclosure and promise to pay.

Issues Hundred Years Ago Similar to Present Problem in New Orleans

By PERRY NULLEN
NEW ORLEANS (AP)—The big guns of both sides are on target in the battle of New Orleans of 1960.

As in the 1890s, the no-quarter contest now is between federal and state authorities. The issues are similar. Topmost now, as then, are disputes over state versus federal authority and the status of Negroes. School integration is the direct issue.

The school integration crisis comes at a time when several Southern states have created commissions for the centennial celebration of the Civil War.

Historians point to the psychological effect on both sides of the fall of New Orleans during the Civil War.

Some observers foresee a similar effect over the South in the outcome of the present New Orleans school crisis. They believe the degree of compliance with federal court orders in Deep South New Orleans will have a psychological effect in Southern states still facing the problem of school integration.

The battleground in 1960 is the same. The opposing forces present a somewhat different lineup. Federal and state authorities have sharply drawn battle lines with tactical forces confined to court rooms, U. S. marshals and the Louisiana Legislature.

City rulers of New Orleans, caught in the middle, strive for neutrality while trying to preserve order.

City police action to prevent vio-

lence, in the view of segregationists, has aligned Mayor deLoach Morrison with federal authorities and the move to enforce integration. Morrison says the police have orders only to keep the peace. U. S. marshals are carrying out the federal court order for school integration by escorting four Negro girls to and from two schools.

The 100 or more policemen required during the past 10 days to hold back kicking, screaming and cursing women trying to halt in-

tegration, may or may not be in sympathy with the process.

"The people don't fancy this job," a demonstrator at the William Frantz School remarked. As he spoke, an officer in civilian clothing directing the police blockade, shouted "Move them back."

The police are polite. But they force the crowd back. Frantz, a modern three-story cream brick structure, is in two white children from the area, if the school remains integrated.

A stout woman, her hair still in curlers at 2 p. m., shouted insults at two women escorting the white children from the school. Other women standing nearby suggested additional re-

marks.

are located. Not far from these are Negro homes. A home owner across the street from the school fretted over the possibility of Negroes moving into the area if the school remains integrated.

U.A.R. and Ceylon to Recall U.N. Troops

CAIRO (AP)—The newspaper Al-Ahram said today the United Arab Republic has decided to withdraw its paratroop battalion serving in the Congo under U. N. command.

The paper said, "There's nothing left to justify the presence of our battalion under U. N. command after the United Nations has become an instrument serving imperialism."

dissatisfaction in the way the United Nations secretariat is handling the Congo crisis.

14 Countries Enter Monaco TV Festival

MONTE CARLO, Monaco (UPI)—Fourteen countries have entered the First International Television Festival of Monaco, which will judge TV films.

Prince Rainier, husband of the former Grace Kelly, founded the festival to help develop international relations in television.

The United States, France, Italy, Germany, Japan, Canada, Argentina, Britain, Luxembourg, the Vatican, Yugoslavia, the Soviet Union, Pakistan, and Nigeria will submit entries.

Office Furniture Price Fix Cited

3 Antitrust Indictments Charge Leading Metal Firms With Conspiracy

WASHINGTON (U) — Atty. Gen. William P. Rogers Wednesday announced the return of three antitrust indictments charging leading manufacturers of metal office furniture with conspiracy to fix prices and eliminate competition.

The indictments were returned by a federal grand jury at Buffalo, N.Y., which has been investigating the industry for several years.

The principal indictment names eight manufacturers as defendants and charges they have used a uniform sales zone system and maintained agreements to fix consumer prices for metal tables, desks and filing cabinets.

Defendants are the General Fireproofing Co., Youngstown, Ohio; Globe Wernicke Co., Norwood, Ohio; Shaw-Walker Co., Muskegon, Mich.; Yawman and Erbe Manufacturing Co., Inc., Rochester, N.Y.; Art Metal, Inc., Jamestown, N.Y.; Steelcase, Inc., Grand Rapids, Mich.; Sperry Rand Corp., New York City; and All Steel Equipment, Inc., Aurora, Ill.

NAME COCONSPIRATORS
This indictment also names the Invisible Metal Furniture Co. of Manitowish, Wis., and the Browne-Morse Co. of Muskegon as co-conspirators, but not as defendants.

Shaw-Walker and Sperry Rand are indicted separately on charges of conspiring to eliminate price competition and allocate sales territories among themselves by the sale of fire-retarding filing cabinets.

The third indictment charges Sperry Rand with maintaining restrictive sales agreements with a number of competitors.

The latter, named as coconspirators but not as defendants are General Fireproofing, Steelcase Fireproofing, Art Metal, Inc., and Diebold, Inc., of Canton, Ohio.

The government charges the effect of the alleged conspiracies was to prevent purchases of metal office furniture from obtaining these products at competitive prices.

Piping for Scotch Nip on Sundays Faces Sour Note

EDINBURGH, Scotland (U) — A judicial commission has come up with the revolutionary suggestion that Scotsmen should be allowed to buy a wee nip on Sundays.

That is likely to whip up protests from Scotland's church circles and folks who don't hold with drinking on any day of the week.

Strict licensing laws keep the pubs shuttered on Sunday. The commission suggested pubs be permitted to open from 12:30 p.m. to 2:30 p.m. and 6 p.m. to 9 p.m. on Sundays.

The recommendation must be approved by Parliament. The commission was set up to study the liquor laws.

State Fruit Harvest Behind '59 Record

LANSING (U) — Michigan's production of its seven major fruits totaled \$17,000,000 this year, 10 per cent less than last year's record harvest, the federal-state crop reporting service said today.

The output was 15 per cent over the 1953-58 average, the agencies said. All fruits except plums surpassed their five-year averages.

The apple crop declined one-tenth from last year, pears and tart cherries were down one-eighth, plums down one-tenth and peaches, sweet cherries and grapes moved up slightly.

Farmers harvested 10.5 million bushels of apples compared with 12.8 million last year. Losses from frost at bloom were less than average this year, but weather conditions were not very favorable for pollination, the reporting service said.

Production of Jonathans, the No. 1 variety in the state, amounted to 2,650,000 bushels, leading McIntosh by 50,000 bushels.

Orders Indiana Autopsy

FORT WAYNE, Ind. (U) — An autopsy has been ordered in the death of Leonard F. Kuney, 58, of Valparaiso, Mich. Kuney was found dead Tuesday in a pickup truck in a ditch near here.

That Style of Escape Died With Jesse James

LONG BEACH, Calif. (UPI) — A Texan escaped from the city's honor farm Tuesday and nearly got away except for one thing—

his true-Texas form of transportation. Frankie D. Good, 22, of McAllen, Tex., serving a 30-day sentence for impersonating a police officer, was easily spotted and corralled as he galloped along a highway on a rented horse.

Snow Saves Girl's Life as She Attempts Suicide

DENVER (UPI) — A snow storm saved Devona Olson from critical injury if not death. Police said Miss Olson, 26, de-

pressed because of illness, leaped from a bridge 15 feet above the valley highway Tuesday. She landed in a snowbank, suffering a compound fracture of the right leg. She was in good condition today at Denver General Hospital.

President Tries to Joke Over Jan. 20 'Scaffold'

WASHINGTON (UPI) — President Eisenhower, walking out the front door of the White House and eyed the stands being con-

structed across the street for the inaugural parade Jan. 20. "I feel like the fellow in jail who is watching his scaffold being built," he remarked jokingly to Dr. Henry Wriston, chairman of the White House commission on national goals.

Union Official Succumbs
NEW YORK (UPI) — Joseph F. Kehoe, 45, secretary-treasurer of the American Communications Association, an independent Union of Radio and Telegraph Workers died Sunday.

PLANS 'BIG KENNEDY SHOW' — Frank Sinatra, dressed for his role in a prison movie at Columbia Studio in Hollywood, pauses between scenes to care for details of a star-studded show to be staged in Washington the night before the inauguration of John F. Kennedy as president. Sinatra, a strong Kennedy supporter during the campaign, is in charge of the show, with which he expects to raise \$1.7 million. The money will be applied to the Democratic party's 1960 campaign debt.

Greeting Card Appeal Denied

State Supreme Court Turns Down Woman Guilty of 10-Cent Theft

LANSING (AP) — The State Supreme Court has denied an application for appeal by a Lansing housewife convicted of stealing a 10-cent greeting card.

Mrs. Mary K. Siegrist, 45, was sentenced to two years probation and ordered to pay \$200 costs last April. She was convicted of larceny from a building.

Mrs. Siegrist steadfastly declared her innocence and said she would fight the case to the highest court in the land.

The fiery housewife kept the court in turmoil during her trial with loud remarks and audible sobs.

SWINGS AT PHOTOGRAPHER — She later swung at a photographer with an umbrella when she appeared in court for sentencing.

Mrs. Siegrist had armloads of bundles at the time of her arrest. All were found to be paid for.

She said she had returned to get an envelope for the birthday card she had purchased the previous day for a little girl.

Store detective Mrs. Sophia Morris testified the housewife had been under surveillance as a suspected shoplifter.

The appeal to the state high court continued conversation during the trial over a disputed fee detector test was improper, that the judge erred in reprimanding the defendant in front of the jury and that the court should not have denied a new trial.

Smokers Are Warned Against Holiday Fires

NEW YORK (UPI) — Use care with your smokers during the holidays.

Every fourth fire, according to studies by the National Board of Fire Underwriters, is caused by matches and smoking.

Make sure there are plenty of ash trays at this year's season if there are smokers in your house. Empty trays frequently. And make sure any fire in trays is out before emptying.

GYM SHOES FOR THE KIDS — Pontiac service clubs put some unusual funds to work yesterday. The "fund" consisted of "fines" assessed some of our senior citizens in a mock kangaroo court during the Downtown Festival Days celebration. The money bought 23 pairs of gym shoes, a much needed gift to the Oakland County Children's Home. Accepting the shoes was William Moulton (left), director, from Philip Wellmeyer, Lions Club president, and Bud Stark, Optimist Club president. Wellmeyer and Stark made the presentation on behalf of all service clubs connected with the project.

Federal Tribunals Disagree

Supreme Court to Take Up Various State Blue Laws

By PAUL M. VOST
WASHINGTON (AP) — State laws which forbid commercial activities on Sunday faced their most serious legal challenge in many years today.

Faced with conflicting rulings by lower courts, the Supreme Court called for arguments Wednesday and today involving the validity of Sunday closing laws — commonly known as blue laws — in Massachusetts, Pennsylvania and Maryland.

Other appeals pending from Ohio and South Carolina also would be affected by whatever ruling the court eventually hands down.

Constitutionality of the state blue laws had been pretty much taken for granted until recently, when a federal court in Boston struck down a Massachusetts law. The court ruled that the law discriminated against those who observe a day other than Sunday as the Sabbath.

Another federal court in Philadelphia upheld a Pennsylvania blue law, an conflicting ruling apparently induced the high tribunal to take up the growing controversy.

Until the conflicting rulings by lower courts, the Supreme Court had rejected many Blue Law appeals on the ground they presented no substantial federal question.

The last time the high court reviewed constitutional issues in blue law cases was in the late 1800s. The decision then upheld blue laws with a finding they were essentially civil rather than religious in nature.

Now, however, the religious issue is sharply before the court in the Massachusetts case involving the Crown Koshier super market in Springfield.

Operators of Crown Market said their religious beliefs required the closing of their market from Sunday through Monday on Saturday. The market was kept open all day Sunday. A special three-judge federal court in Boston ruled the Massachusetts "Lord's Day statute" was unconstitutional as applied to Crown Market.

The special court declared: "What Massachusetts has done in this statute is to furnish special protection to the dominant Chris-

Waterford Bar Loses License for Seven Days

The license of Pizutti's Bar in Waterford Township has been suspended for seven days, effective Jan. 2, because intoxicants were served to a minor, the Michigan Liquor Control Commission announced today.

The commission also fined the owner of the bar at 3270 W. Huron St., Robert J. Pizutti, \$150 on the same charge.

American Legion Post 374 in Waterford was fined \$50 by the commission for having gambling devices on the premises.

Planners Reject Zoning Change

Take 3rd Stand Against City Commission on Site for Laundromat

The planning commission last night continued to turn thumbs down on a move it has labeled as "spot zoning."

As expected, planners refused to give favorable recommendation to an ordinance change resulting from residential to commercial the northwest corner of Orchard Lake Avenue and Clifford, in the block to be zoned Palmer Street, site of a proposed laundromat.

City Commissioners, nevertheless, are expected to approve the change after a public hearing Tuesday.

It was the commission that decided last month to go ahead with rezoning, despite three unfavorable

WW II Vet Finds He's Dated

By DICK WEST

WASHINGTON (UPI)—The generation that I marched off to war in is now teetering on the brink of middle age. It is not already over the precipice.

This melancholy observation was the inescapable result of a lunch I had on Pearl Harbor Day's eve with Harold Russell, national commander of AMVETS, and Stan Allen, a figure in the World Veterans Foundation.

Russell showed me a speech he had prepared which noted that "if crowded years have passed" since the attack which plunged America into World War II. But I didn't need any written reminder.

I mean, it was obvious that Russell and Allen are no longer of the draft age. Both, by coincidence, had recently had their automobiles banged up by their teenage offspring and they spent most of the lunch lamenting it. This is "old soldier" talk for sure.

As for myself, I like to think I am still in the bloom of my youth. But this may be because got such a thrill out of walking the teen-age driver in my family back and forth across the lobby hasn't hit anything yet. I guess his aim is poor.

Most of us World War II vets were products of a peculiar gen-

eration, which grew up without ever making a name for itself. We were too young to have been members of the "lost" generation and now we are too old to be members of the "beat" generation.

I don't know how we skipped the generational nomenclature unless it is because we went directly from a depression into a war.

Take a guy like Russell. He was working in a butcher shop when the fighting started. He threw down his saw and rushed off to the recruiting office, barely taking time to hang up his apron. The fact that he came back without any hands has never changed his basic outlook.

At lunch, Russell was recalling the time, early in the war, when he was fresh out of paratrooper school. He was so proud he took a parachute with him on his first furlough.

The paratrooper uniform was still a novelty then and Russell created quite a stir in New York's Grand Central Station, where he

was still a novelty then and Russell created quite a stir in New York's Grand Central Station, where he was still a novelty then and Russell created quite a stir in New York's Grand Central Station, where he

was still a novelty then and Russell created quite a stir in New York's Grand Central Station, where he was still a novelty then and Russell created quite a stir in New York's Grand Central Station, where he

set me to wondering whether there is anyone who was past the age of puberty at the time who doesn't recall in excruciating detail just what he was doing when he first heard the news about Pearl Harbor.

To the generation now of soldiering age, all of this may seem a bit corny. But if the need ever arises again, I just hope there are a few Russells among them.

As we were leaving, Russell remarked that he could do anything with his hands except pick up a check. Nevertheless, both Allen and I managed to outbaffle him.

WMO Gets \$1.4-Million Loan for Dormitory

WASHINGTON (AP)—A \$1,400,000 loan to Western Michigan University, Kalamazoo, was announced today by the Community Facilities Administration.

The money will finance construction of a dormitory for 425 men students.

Might Have Caught Cold

LONDON (UPI)—Socialite Mrs. Michael Lewis apologized to her chauffeur for being late to a party and explained her chauffeur "lost his cap, and I had to come by taxi."

Imperial Mark XII washer and dryer

This washer is built to get clothes clean... with far less work for you. Famous Surgilator® agitator action (2 speeds!) creates extra currents of surging water to flex out stubborn soil. Magic-Mix® automatically filters out lint, blends in detergent. And there are automatic dispensers for bleach and rinse conditioner, too.

This dryer gives you soft, soft clothes... even mixed loads! Only dryer with Modulated Heat!® When clothes are very wet, it's hot; as clothes get dryer, dryer gets cooler; then it shuts itself off at "dry enough". This means no guessing, no testing, no timing; less over-drying, less under-drying. All clothes dry softer, easier to iron! *Tmk

Terms to Suit Your Budget... 2 Full Years to Pay!

Official Wants Golfers to Keep Their Shirts On

MEMPHIS, Tenn. (AP) — City Commissioner James W. Moore says he thinks it is indecent exposure when men get out on public golf courses without wearing a shirt.

"I think we will outlaw this on city golf courses," Moore said Wednesday.

Moore said he had no objection to undershirts "as long as they are the tee-shirt type."

The commissioner's peeve dates from the time he drove by a course and "saw a big, fat man playing golf in nothing but a swim cap as the result of Sen. John F. Kennedy's election as president."

McKee Gaining Support for U.S. Attorney Post

GRAND RAPIDS (AP) — Attorney F. William McKee, chairman of the Fifth District (Kent-Ottawa counties) Democratic organization, has gained support toward becoming U.S. attorney for West Michigan.

He has been given unanimous endorsement for the post by the Kent County Democratic Committee.

Robert J. Danhof of Muskegon now is acting U.S. attorney for the 49-county district headquarters, located at Grand Rapids. His post and certain other federal offices will be filled by Democrat appointees as the result of Sen. John F. Kennedy's election as president.

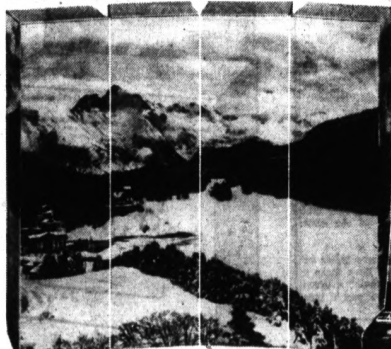

Back U.N. in Congo

LEOPOLDVILLE, the Congo (AP) — Three U. S. senators—now touring Africa with President-elect John F. Kennedy's brother Edward—wound up a visit to Leopoldville today declaring full support for the U. N. operation in the Congo.

Capsule for 2060 Filled With Silly Odds, Ends

NEW YORK (UPI) — A time capsule which will be opened in the year 2060 was placed in the facade of a Manhattan luxury apartment house this week and the sponsors said it contained memorabilia "that most historians may find too trivial to record for future generations."

Dems to Raise 'Kitty' for Swainson Group

LANSING (AP) — Democrats will gather here Dec. 29 to raise a private "kitty" to turn over to the incoming Democratic administration in the capitol.

The group, known as the Forward Michigan Committee, will stage a reception and buffet supper honoring Gov.-Elect Swainson, outgoing Gov. Williams and other members of the all-Democratic administrative board. Admission will be \$50 per couple.

A similar affair raised \$25,000

last year, said James M. Copeland of Greenville, committee chairman.

Proceeds will be put at the disposal of Swainson and others, possibly to hire extra staff assistants.

Grant to Michigan Tech Goes for N-Engineering

HOUGHTON (UPI) — The Atomic Energy Commission has made a \$17,076 grant to Michigan Tech for use in acquiring special equipment for the nuclear engineering program.

Equipment to be purchased includes a vacuum furnace, a portable junior cave and accessories, a secondary standard pile, and a small electromagnetic pump.

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models. Come in and pick and choose to your heart's content!

New '61 Chevrolet NOMAD 9-PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cave-sized cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN

Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

New '61 Chevrolet BEL AIR SPORT SEDAN

Beautiful Bel Airs, priced just above the thriftest full-size Chevies, bring you newness you can use: larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New lower priced '61 CORVAIR 700 CLUB COUPE

There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spunk, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you can also choose from four new family-lovin' wagons.

New '61 Chevrolet 4-DOOR BISCAYNE 6

NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's new Biscaynes, 6 or V8, are built to save in a big way. They offer a full measure of Chevrolet quality, roominess and proved performance, yet they are priced right down with many cars that give you a lot less.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

UNINVITED GUEST — Mr. and Mrs. A. H. Barsha of Los Angeles finish the evening on one of the few pieces of furniture they have left after unwelcome visitors drove into their living room Wednesday night. The informal call came when Mrs. W. P. Sharpe of North Hollywood, with her husband as a passenger, lost control of her car in a puddle of water and blasted through the front of the Barsha home. A wrecking truck hauled the car from the living room and the Sharpes presumably continued their drive.

Grounded Ship Merely Reluctant to Leave Florida

ST. PETERSBURG, Fla. (AP) — British aplomb and dignity were ruffled not one whit as the frigate, HMS Uster, ran aground and perched atop a mudbank in the St. Petersburg Channel.

Aboard the Uster was Commodore Colin Shand, senior naval officer in the West Indies, who sent the following message to Frank Smitherton, the British consul in St. Petersburg:

"Regret we shall be with you a little longer than planned. After the generosity and courtesy of St. Petersburg, I am not surprised the old lady does not want to leave."

The ship was freed at high tide Wednesday after spending nearly six hours stuck fast in the mud. The Uster had been berthed at St. Petersburg since Sunday on a visit.

Asks Duck Hunters to Leave Plan Data

NEW YORK (UPI) — The Coast Guard has asked duck hunters to write a note telling "where you plan to hunt; when you expect to return; what color of hunting clothes you wear and what type and color boat you will be traveling in."

The third Coast Guard district, in a public statement, said the note should be given to "someone who will notify the Coast Guard if you do not return home as expected," adding, "help will come faster if the Coast Guard knows where to look for you."

Churchmen Back World Body

U.N. Soon May Control Will of U.S., Says Council

SAN FRANCISCO (AP) — The country's largest Christian organization says the United States may soon have to subordinate its will to that of the United Nations. Citizens must be prepared to take it, said a resolution by the triennial general assembly of the National Council of Churches.

Delegates from 33 Protestant and Orthodox denominations urged U. S. support for strengthening the world body as a "power for peace among the nations."

The resolution, approved Tuesday night, hailed the growth of the United Nations from an original 51 member nations to approximately 100 members now, and said this meant a rise in its prestige, and the "extension of democratic processes in the world."

The resolution added: "But this very increase of democracy means that the United States may be facing a new experience; it may on some issues find itself outvoted."

"We believe citizens should prepare themselves for such eventualities. It would not then be an undue shock to public opinion, since people would have a more mature view, better able to interpret democracy at work on a world scale, with the benefit as well as the risk that the extension of democracy always entails."

An interest mounted over a proposed merger of four American Protestant churches with about 20 million members, church representatives were urged to back up their prayers for unity with some direct action.

Dr. Truman Douglass of New York, a Congregational Christian official, expressed dissatisfaction with the preliminary draft of the official closing message which the assembly sends out to 40 million church members.

Dr. Douglass, a member of the message committee, said it should put greater stress on church unity.

"Prayers are repeatedly being offered that the Holy Spirit will guide us toward greater unity but these prayers become fraudulent and corrupted if we are not willing to be led," Dr. Douglass said.

A proposal by Dr. Eugene Carson Blake, Presbyterian leader, for merger of the Methodist, Episcopal and Presbyterian churches and the United Church of Christ within the United Church of Christ was overshadowed by the assembly's official business.

The Rev. James I. McCord, president of the Princeton Theological Seminary, told the assembly the Blake plan was a step in the right direction at a time when some severe critics are convinced "we have seen the end of the Protestant era" after enduring four centuries.

Dr. Henry P. Van Dusen, president of Union Theological Seminary of New York, viewed the Blake plan as "the only way forward."

Stately Mansions in Montevideo Giving Way to Modern Apartments

MONTevideo, Uruguay (AP) — An unprecedented building boom is turning the shoreline of stately mansions built here at the turn of the century into an ultramodern complex of towering apartment buildings.

The gray sprawling mansions used to give the shoreline a look of baronial loftiness.

In the old days, parasolled women in long, white lace gowns rode in horse-drawn streetcars for fashionable summer afternoon promenades at the Pocitos Beach suburb, four miles from downtown Montevideo.

In the last 10 years, the cool, manors have been torn down.

Brightly modern apartment buildings of a dozen stories have replaced them.

Homes for some 200,000 people — more than a fifth of Montevideo's present population have been built in this capital on the Atlantic seaboard. The number of apartment houses built in the same period is estimated at 1,500.

ADOPT LAW

The boom started shortly after the adoption of a new "horizontal" property" law allowing apartments in each building to be sold separately. People jumped at the chance to own their own home at a cheaper price than a standard house. With land and building costs divided among the prospective owners, the price of each living unit is about 30 per cent less than a house of the same size.

Virtually no one here builds for rent, since housing laws make it a Herculean feat to evict a tenant or even get him to pay a little more rent.

Cuban Soldiers Ordered to Stop Entering Homes

HAVANA (AP) — Members of Cuba's armed forces were told officially today to stop breaking into and occupying homes and apartments sealed off by police under the new urban reform law.

The armed forces ministry ordered its personnel to return all such properties at once to the urban reform council.

Official sources said military men often cruise residential areas and, seeing a likely looking place, break the police seals and move in. The urban reform law provides that vacant homes be sealed for later distribution to persons who file requests for occupancy and purchase.

An 8,700 foot underwater mountain has been found on the ocean floor in the Gulf of Alaska.

Red Meat Production Up 5 Pct. Over 1959

WASHINGTON (UPI) — Production of red meat in federally inspected commercial slaughter plants for the first 10 months of 1960 totaled 22,428,000,000 pounds, up 5 per cent from the same period in 1959.

Of the January-October volume, 12,003,000,000 pounds were beef, up 5 per cent from last year; 833 million pounds were veal, up 11 per cent; 8,965,000,000 pounds were pork, about the same as a year earlier; and 629 million pounds were lamb and mutton, up 4 per cent from a year earlier.

Lard production for the period was 2,004,000,000 pounds, 6 per cent below the similar period of 1959.

Differences on World Policy Remain

Soviets, China Only Acting About Accord

By WILLIAM L. RYAN
Now that they have had their battle of words behind the Kremlin walls, the Soviet and Red Chinese Communists are trying to clarify for citizens to show that they are the movement's success depends on all matters concerning the world policy. The evidence is far from countries.

Now making a ceremonial tour of the U.S.S.R., Red China's Premier Liu Shao-chi gave up services Monday to Premier Khrushchev's brand of "peaceful coexistence." His words might fool the uncritical ear, but they clash with what is still going on in the Communist press.

On the day the Communist summit meeting ended, Pravda, the central organ of the Soviet party, devoted much of its second and third pages—tradition-

RYAN

sages—to a long article denouncing those who "distort" Marxism-Leninism. It went back to the Marxist classics for citations to show that the movement's success depends on all matters concerning the world policy. The evidence is far from countries.

Pravda added: "Any violation of this unity, any disconnection in the actions of the Socialist parties or the national groups of the working class only weakens its own position and strengthens the position of the bourgeoisie."

"The great Marx and Engels struggled against all attempts to pit the national interests of the proletariat against its international interests."

Translated, Pravda meant that failure of any party to fall in line unquestionably with Moscow's leadership helps the enemy—the United States—and that any attempt by a Communist party to place its own fortunes ahead of

the needs of Soviet policy harms the world movement.

ADVANCE WITHOUT RISK

What is the overriding interest of Soviet policy? It is to advance communism without serious risk of a nuclear war. The Pravda article quoted various Marxist saints as predicting that power could be seized peacefully, and as warning against "ultra-revolutionary attitudes, dogmatism and sectarianism." The Red Chinese have been accused of all those things.

Theory, said Pravda, is just dogma and not a guide to action. This was a reminder to the Red Chinese that theory must be set aside if and when it conflicts with the best interests of the leading Communist nation.

On the same day, an article was published by the Albanian Communists, who obviously supported the Red Chinese at the Communist summit. They weren't buying the Kremlin thesis, despite all their doubletalk purporting to back the general Moscow line. And, if the Albanians aren't buying it, the likelihood is that they still are taking the cue from Peiping.

The Albanian article insisted Communism's must have "no illusions at all that peace is secured" because the balance of forces in the world has changed. Khrushchev's argument is that war can be avoided because of Soviet power. But the Albanian article insisted Soviet power could do more than provide the "possibility of peace."

"All events," it went on, "prove that although the positions of imperialism have weakened, imperialism has neither abandoned nor will it abandon, as long as it lives, its policy of aggression and war."

To picture peace as probable, said the article, plays into the hands of communism's enemies. So the argument goes on and on, unresolved by three weeks of Red summit. And because it is unresolved, the Red Chinese, with their reckless and "ultra-revolutionary" threat to peace.

Nearly \$2.5 billion worth of proprietary and ethical drugs were purchased last year.

AP Photos

CIGGIE FOR ZIGGIE—Ziggle, 3-year-old trained chimp employed in a San Francisco department store, gets his biggest laughs when he takes time out for a smoke. Other times he plays with toys and other items and greets the small fry. Ziggle, who sports a bow tie and sweater vest, is owned by Eoline Brashers of Vallejo, Calif. He never tosses his finished cigarette on the floor but always hands it to his owner. He enjoys his work.

Mumps Takes Lead in County

Mumps led the list of communicable diseases reported to the Oakland County Health Department last week and chicken pox ranked second.

The two diseases have been predominant on the weekly reports for more than a month.

There were 19 new cases of mumps reported in the county and three in Pontiac last week, while only three new cases of chicken pox were reported in the county.

The week before last, however, there were 24 new cases of chicken pox and only 7 cases of mumps in the city and county.

The diseases normally take 10 days to two weeks to show symptoms, accounting for the jump in new cases every other week.

The following is a list of new cases of communicable diseases reported by the county health department in the past two weeks.

Disease	Dec. 3	Week Ending	Nov. 28
Mumps	19	24	1
Chicken pox	3	24	1
Measles	1	1	1
Scarlet fever	1	1	1
Mononucleosis	1	1	1
Infections	1	1	1

Jersey State Senator Will Seek Governorship

TRENTON, N.J. (UPI)—State Sen. Walter H. Jones, R-Bergen, formally announced his candidacy for the Republican nomination for governor.

Jones, a 48-year-old Norwood attorney, is making his first try for statewide office in the April 1961 primary.

He will oppose State Sen. Wayne Dumont, R-Warren, who announced his candidacy last week. No Democrats have made announcements yet.

Boon Turns Into a Bang

KNOXVILLE, Tenn. (UPI)—L. C. Pasdell found half a \$100 bill Monday night in a radio promotion station. En route to the station to collect the other half, he wrecked his borrowed car, causing \$500 damage.

WELFARE CONFERENCE—Gov. Abraham Ribicoff (left) of Connecticut poses with the man he will succeed, Secretary of Welfare Arthur Flemming, at a luncheon conference Tuesday.

Ribicoff, named by President-Elect Kennedy to take over the Welfare Department post in the new administration, said he went to Washington "to get educated fast" on his new duties.

Greyhound Union Rejects Contract

CLEVELAND (AP)—A proposed contract with the Eastern Division of Greyhound Corp. was rejected Wednesday by members of the Amalgamated Street, Electric Railway and Motor Coach Employees of America, a Union official reported. Negotiations are continuing.

The Union represents more than 4,000 drivers, mechanics and maintenance employees in a 15-state area east of the Mississippi river, including Michigan.

The company said the proposed contract would have provided pay raises of 10 cents hourly in the first year and eight cents hourly in the second year. The proposal also included increased mileage rates and improvements in vacation, health, welfare and insurance clauses.

Pay for drivers now ranges from about \$2.40 to \$3 an hour.

A Bare, Bald Road?

LONDON (UPI)—London hair stylist Alan Spiers revealed today he is writing an autobiography entitled: "From Hair to Eternity."

It Could Happen if Trade Pact Isn't Renewed

Fear Strangling of W. Berlin Business

By CARL HARTMAN
BERLIN (AP) — "There are some weapons of the Communists," said the trade expert, "that you can't fight with tanks, pills of lading, for instance, and insurance policies."

That was his way of warning what may happen if the West German-East German trade pact due to expire Dec. 31, is not renewed. He thinks the business life of isolated West Berlin could be slowly strangled without an issue arising that would call for armed force.

Not all experts agree. Many think that if the Reds try to strangle Berlin, there will always be some point where the issue is clear and the West can take a firm stand.

This expert is Dr. Kurt Leopold, who for years has been dealing with the Communists about trade on behalf of the Bonn Government.

PACT CANCELED

On Sept. 30 Chancellor Konrad Adenauer canceled a pact that had been running nine years. The trade pact is expected to reach a record \$300 million this year.

It was canceled as a reprisal against the East German Communists who ordered Germans coming from the West to apply to them for a special pass to visit East Berlin.

If the Communists decide to play it rough, strange things could happen on Jan. 1. Small sections of West Berlin, and of West Germany, may suddenly find themselves short of gas, electricity and water.

A more serious crisis might come because of the bills of lading. Under a Big Four order dating back to 1948, these lists of freight must accompany most shipments across the 130 miles of Communist territory that separate Berlin from the West.

To the Germans, always impressed by documents, this has great importance. The East Germans may ask for impossible information and insist on elaborate inspections if they are not furnished.

ROUGHNESS FEARED

"A lot of West Berlin's manufacturers," explains Dr. Leopold, "are delicate precision instruments, carefully wrapped and packed. Suppose the East Germans start demanding that the truck driver and his helper take

crowbars and open the cases. If they do that with only one truck out of 20, trade will be almost impossible."

Another annex includes an agreement on insurance, so that a West German car or truck is protected in East Germany. If the pact expires, the East Germans would be in a legal position to demand extra insurance coverage, at exorbitant premiums.

"Are you going to spend in the tanks because of an insurance policy," Dr. Leopold asked.

Western experts who think the exaggerations these dangers point out that the East Germans already control German traffic between West Berlin and the West. They once raised the rates for use of the superhighway and the West could only protest.

If the Communists decide to strangle West Berlin, these experts argue, they can always make excuses.

Western officials think the Communists will not allow the trade pact to expire. They believe the Communists have too great a need for West German iron and steel.

The West Germans are trying to forget the matter of paying to East Berlin as quietly as possible. This gain for the Communist side may be significant. If it is maintained, it will mean that Western powers have tacitly allowed the Communist regime to decide who may come and go in Berlin—which the West insists is under the rule of the United States, the Soviet Union, Britain and France.

FOR BETTER OR WORSE — Cable Stanley Berman of Brooklyn and his bodyguard Sir Oliver inspect the rear of Berman's taxi during the driver's early morning tour of the streets of New York. Sir Oliver goes along for protection from thugs who have been attacking the city's cabbies.

GOP to Keep Rein on Dems

Responsible Opposition Promised by Minority Leader Halleck

NEW YORK (AP)—House Minority Leader Charles A. Halleck says there will be a "responsible opposition" working to keep a Democratic president and Congress "from trying to take the corners too fast."

The Indiana Republican also says that the new national administration will provide good, sound, responsible and prudent government. "If enough people in this country continue to make their voices heard as they did on election day," Halleck outlined the Republican role during the Kennedy administration.

tration in addressing a dinner Tuesday of the Tax Foundation, a nonprofit organization that conducts research into taxes and governmental spending.

In defining the role of Republicans in Congress, he said: "It will be our job to see to it that all the facts are brought out, that serious questions are thoroughly discussed and debated and that the Congress acts deliberately and not just for the sake of either speed—or running up a good score of redeemed promises."

A Segregated Theater!

SHREWSBURY, England (UPI)—Floodwaters of the river Severn have put several front rows of a movie theater here under water, but the show went on. A sign outside the theater said: "Nonswimmers can not be admitted in the 30-cent seats."

AUTHOR—Singer Pat Boone's second book just published by Prentice-Hall is already a best seller. "Between You, Me and the Gatepost" offers candid advice to teen-agers on the problem of growing up.

Area Chamber to Hear Illinois Clergyman Talk

The 51st annual meeting of the Pontiac Area Chamber of Commerce has been scheduled for Feb. 1 at the Elks Temple with an Illinois clergyman as main speaker.

Dr. Carl S. Winters, pastor of a Baptist church in Oak Park, is a former chairman of the Michigan Crime Commission. He was appointed to that post while a clergyman in Jackson.

A world traveler, Winters has spent in many nations. He is noted for his activities in the area of juvenile delinquency.

Leslie R. Ware is chairman of the annual meeting.

To Mull Rental Request for Lake-Bottom Acres

LANSING (AP) — A request by a marina on Lake St. Clair for approval of a 50-year lease of 34½ acres of submerged lake bottom lands will be considered Friday by the State Conservation Commission.

An annual rental of \$30 an acre is proposed for the Lake Shore Amusement Co. Charles E. Miller, chief of the Conservation Commission Lands Division, said the annual rental fee will reach about \$10,000 a year when the entire acreage is under use.

BEef TENDERLOIN — Real luxury eating in this whole beef tenderloin thinly sliced. Toss with a little oil and salt. It's an easy meat to prepare and not too expensive when you consider there is no waste. Even tenderloin from lower grades of beef is tender.

Sliced Beef Tenderloin Sandwiched in Tiny Rolls

Guests invited for late afternoon or early evening dinner should frequently linger on through the dinner hour. It's a wise hostess who provides hearty snack and appetizer food which will "tide over" appetites until delayed dinners. Men, particularly, will appreciate more substantial fare. Truly elegant and satisfying is a whole beef tenderloin roasted to a crusty outside and rare inside served on a cutting board with guests to slice and eat sandwich style in pockets of buttered tiny Parkerhouse rolls.

Depending on the number of guests, plan on a whole or half beef tenderloin. Because tenderloin from any grade of beef is tender, purchase a tenderloin from a lower grade of beef. Remove the surface fat and connective tissue from the meat and rub the surface with garlic.

Place the tenderloin on a rack in a shallow pan, tucking the narrow end of the meat under the thick end. Roast in a 450 degree oven until the meat thermometer registers 140 degrees F. or rare, about 45 to 60 minutes for a 4 to 6 pound whole tenderloin or 45 to 50 minutes for

Bacon for a Crowd Good When Baked

If you've planned a pancake party for your next entertaining venture and bacon is on the menu, cook the bacon the easy way: bake it.

Arrange bacon slices on a rack in a shallow pan, and bake it at 500 degrees 10 to 15 minutes. Baking is an excellent method of cooking a large quantity of bacon for the cooking meat requires little watching and needs no turning at all.

The baked bacon may be served directly from the cooking pan because the usual draining on absorbent paper is unnecessary. The drippings collect in the bottom of the baking pan during cooking.

Seasoning a Plank

You can season a hardwood plank to be used for broiling by brushing it with unsalted fat and heating it in a slow (250 degrees) oven about an hour. Allow the plank to cool at room temperature before using.

Stuffed Mushrooms Caps Are Gourmets' Delight

By CECILY BROWNSTONE
AP Newsfeatures Food Editor
We've discovered that one way of making sure guests will thoroughly enjoy lunch or supper parties is to add something unexpected to menus. You don't have to make this an elaborate surprise: simple additions do the trick.

Planning a supper around roast

Reduce Calorie Count of Pie

Don't forget the scale-watchers when you plan this year's Christmas feast.

Here's a remarkable recipe for a traditional holiday dessert, Orange Cranberry Pie. Normally this pie would be on the forbidden list for weight-watchers, but because the recipe has been calorie streamlined, everyone, dieters and slim-lim's alike, can enjoy its rich-tasting, tantalizing goodness.

Nearly two-thirds of the total calories usually found in this holiday favorite have been eliminated by the use of the calorie-free sweetener, Sucaryl, rather than sugar.

Orange Cranberry Pie
1/2 cup orange juice
1/2 cup water
4 cups cranberries
1 tablespoon Sucaryl solution
1 tablespoon cornstarch
1/2 cup fresh lemon juice
1/2 cup orange sections
1/2 cup baked pastry shell

Combine orange juice and water in saucepan; add cranberries and Sucaryl; cook only until skins begin to pop. Remove from heat. Combine cornstarch and water; blend into cranberry mixture. Heat until thickened; cool. Add orange sections. Spoon into baked pastry shell. Chill.

Makes 6 servings. Each serving contains 114 calories; 2.5 grams protein; 6.5 grams fat; 27.5 grams carbohydrate. If made with sugar, each serving would contain 430 calories.

Add Mushrooms

You can stretch creamed oysters by adding a can of sliced mushrooms — and the combination will taste good. Some of the mushroom liquid may be substituted for milk in making the sauce.

Quick-cooking barley is available in some neighborhoods. Regular barley needs to be soaked before cooking.

turkey? You may wish to offer sweet potatoes in some form. You may also want a green vegetable, and a salad. But if you also add, as we sometimes do, a platter of mushrooms stuffed with deviled ham, you'll find your menu will gain real interest and delight your guests.

These stuffed mushrooms may, of course, be served with other meats. They're delicious with roast veal; they also accompany plain baked fish extremely well. Or they may be used as a first course.

If you choose small mushrooms you can place each one on a small round of crunchy melba toast (to give texture contrast) to be eaten out of hand.

The story goes that deviled ham was first packed and preserved in this country in the 1890s. Meats other than ham had been packed plain; when it came ham's turn to be preserved, interesting spices were added and the product has held eaters' interest to this day.

Mushrooms Stuffed With Deviled Ham

15 to 20 mushrooms (1 1/2- to 2-inch caps)
1/2 cup (1/4 measure) deviled ham
1/2 cup small onion peeled and very finely minced
1/2 cup Worcestershire sauce
1/2 cup fresh bread crumbs
2 tablespoons (about) butter

Wipe mushrooms with a damp cloth; if necessary cut a thin slice from each stem end and discard; remove stems from caps. Chop stems fine; mix with deviled ham, minced onion, Worcestershire sauce and crumbs.

Melt butter in a large skillet until very hot; add mushroom caps, cavity side up, and roll around so outside of caps will be entirely covered with the butter. Fill butter-dipped caps with stuffing, mounding as necessary.

Broil slowly — about 15 minutes — until mushroom caps and filling are thoroughly hot and tops are lightly browned.

Christmas Breakfast

Christmas breakfast in most homes is a hearty one, and if served later in the morning, more often is like a brunch. The American Meat Institute suggests that the menu for the first meal on Christmas Day this year be one with a satisfying main course, such as pan-fried Canadian-style bacon with scrambled eggs. Serve fresh grapefruit and orange sections sprinkled with candied cranberries, a Swedish tea ring and cocoa or coffee to complete the menu.

GOLDEN STAR TARTS — The star has for centuries been a symbol of Christmas. Here it is used to form little tart shells filled with a medley of fruit. Such tarts are fine to serve to drop-in visitors during the holidays. Use apples as part of your decorations as well as your Christmas food.

Golden Delicious Apples Star in Tarts and Torte

As homes take on a gala, festive look for the Christmas holidays, you as hostess want to serve your foods in equally-glamorous and decorative attire. We've found one answer in the timely and delightful Golden Delicious Tarts, a holiday-perfect combination of sweet, juicy apples with apricots, raisins, and candied fruits. Laced with sherry, the delectable filling is caught in a star-shaped tart, comes out of the oven about 20 minutes. Makes 6 tarts, using 1/2 cup filling in each tart.

Pink Apple Torte
1 Delicious apple
4 tablespoons water
4 tablespoons granulated sugar
1/2 cup finely cut dried apricots
1/2 cup seedless raisins
1/4 teaspoon baking powder
1/2 teaspoon salt
3 eggs, beaten
1/2 cup shortening
1/2 cup granulated sugar
Peel, core and slice apples into large shallow pan; sprinkle with water, sugar and cinnamon candies. Cover pan tightly and steam apples for 7 minutes or until apples are just tender. Sift together flour, baking powder and salt. Cream shortening with sugar until fluffy. Beat in eggs, one at a time. Stir in fruit mixture.

Spread half the batter in greased 8-inch square pan. Cover with apple slices. Top with remaining batter. Bake in a 325 degrees F. oven about one hour. Chill and cut into 16 squares. Sprinkle with a 7-inch circle from a top with pink-tinted whipped cream. Serves 6 to 8.

Dark Rye Bread Is Best for This One

Serve the popular ham and cheese combination this way:
Coke
Fruit
Butter
British Sandwiches
1 cup ground baked ham (tinned)
1 cup medium-fat grated cheddar
1 cup lightly packed
1 cup mayonnaise
1 cup sweet pickle relish
Buttered bread

Mix together well the ham, cheese, mayonnaise and pickle relish. Use as filling between slices of buttered bread. Makes about 2 cups spread. Amount of spread needed for each sandwich will depend on how thick or thin bread is sliced.

High Protein Richness Gives You Better Baking!

Cookie Recipes From Germany

By JANET ODELL
Pontiac Press Home Editor

Most of our Christmas customs are part of our Old World heritage. This applies to traditions about decorations, ways of celebrating and food.

This year the Harold Welch family of Westacres is getting personal with some of these European Christmas traditions. Their houseguest for the year, 16-year-old Ute Mayer of Offenbach, Germany, is sharing her family's customs with her hosts.

Earlier this month the Welches made an Advent wreath. It was

too large to keep in the center of the table where they eat so it has a place of honor on a red covered table of its own. Four tall red candles flank the green.

In the center of the wreath is an angel figurine Ute's mother sent Mrs. Welch. At one side is a second Hummel figurine that Johannes the Welch's younger daughter brought back from her European trip last summer.

We had met Ute about a month ago and heard her describe the German Christmas customs as followed in her home overseas. We

knew she had some German cookbooks with her. Would she translate some recipes for our readers? (Our one year of German is not up to that task.)

Ute has as sunny a disposition as her cheerful smile implies. Not only did she translate two pages of recipes for us, but she made up some of the cookies for us to taste.

SPECIAL NIGHT
Monday night, December 5, was Santa Claus or St. Nicholas Eve, depending on which European country you're in. This is the night, Ute says, that Santa Claus leaves

a snack at the door with candy nuts and small presents in it.

Her family has dinner at noon on the evening meal is a light one of coffee and cookies. The table is set for Santa and everyone waits for the boom at the front door that announces him.

It's surprising how often Santa resembles an uncle or a grandfather. After the little gifts are opened, everyone enjoys the cookies, coffee and Santa Claus figures made of yeast dough. Music usually comes next and Ute plays both the piano and the recorder.

We looked through Ute's cookbooks. Many of the cookies are similar to the ones we make. We asked her not to give us the recipes for such widely made cookies as lebkuchen or spritzbrot.

Ute's first recipe is for a rich butter cookie. It is a very large recipe and could easily be cut in thirds.

VANILLA

BUTTERSCOTCH

8 cups sifted flour (less 2 tablespoons)
2½ cups confectioners' sugar (less 1 tablespoon)
2 cups butter
2 eggs
1 teaspoon vanilla

ALMOND MACAROONS

2 egg whites
¼ cup sugar
2 teaspoons cinnamon
2 cups almonds
Drop almonds on wet surface
¼ cup almonds, blanched and ground
¼ cup almonds, blanched and chopped
Beat egg whites very stiff. You must be able to cut them with a knife. Continue beating and add sugar slowly, then cinnamon and flavoring. Fold in both batches of almonds.

Drop by teaspoonfuls on greased cookie sheet. Bake in 300-degree oven 20-30 minutes, or until macaroons are dry. Remove at once from pan.

DO HAVE ONE — Ute Mayer offers a plate of Christmas cookies to JoAnne Welch and both girls get the giggles. Ute who lives in Offenbach, Germany is spending the year with the Harold

Welch family who lives in Westacres. Beside the girls is the Advent table with two of the four candles lighted. The Bible is open to St. Luke's version of the Christmas story.

Fete Guests With Food From Fabulous Mexico

Don't just reminisce about the "fabulous foods" you enjoyed in Mexico. Do something about it. Invite fellow travelers to a remembrance of the party where zesty Mexican cuisine can again be eaten.

Deciding what to prepare will be no problem, there are so many exciting dishes to choose from. For appetizer you might start with the traditional guacamole that's often served in Mexico as the salad course. This national favorite, based upon the tropical avocado, can be prepared as a dip and passed with before dinner drinks. What a dip this is—no toast, and tasty!

Scoop the pulp from 2 avocados; mash and blend with ¼ cup finely chopped onion, 1 teaspoon chili powder, ¼ teaspoon garlic salt, 1 teaspoon salt and ½ cup dairy sour cream. Return the dip to the avocado shells for a most natural and novel serving dish.

The most appropriate chip for this dip is the tortilla or Mexican "bread." Ready-made tortillas can be broken into quarters or small pieces, fried in deep fat or in a heavy skillet with enough fat to cover the pieces. Fry pieces until are lightly browned and come to the top. Then drain on absorbent paper and sprinkle lightly with salt if desired. These browned bits are now called tostitos, the deep-fat fried tortillas you savored "way back when."

For the main course, serve Mexican Corn Casserole, a dish that features the flavors, flair and ingredients of Old Mexico. Combined with corn — the staple of the green — are finely chopped onion, green pepper, red-ripe tomato, salty pimiento-stuffed olives, golden sweet raisins and crisp bacon bits. For protein and added zest there are two favorite cheeses, Brick and Cheddar.

The surprise ingredient is unsweetened chocolate. But those who have sweet memories of mole de guajolote, the national dish of Mexico, will remember that it is flavored and sweetened by chocolate.

Mexican Corn Casserole
4 tablespoons butter
1 cup finely chopped onion
1 cup finely chopped green pepper
1 medium tomato, peeled and chopped
2 cups whole kernel corn
1 cup cream, soured and drained

MEXICAN CORN CASSEROLE — Guests will savor Old when they taste Mexican Corn Casserole. Serve it along with a zesty avocado dip and deep-fat fried tortilla chips for a Mexican-style party.

Butterscotch Fine as Cooky Flavor

Crispy, spicy "Butterscotch Almond Wafers" are perfect to serve with holiday egg nog, at company meals or as a between-meal snack. A refrigerator cooky, it is chilled overnight and baked at the convenience. Elegant almonds lend their rich goodness to the thin rounds.

Butterscotch Almond Wafers
½ cup shortening (part butter or margarine)
½ cup granulated sugar
½ cup brown sugar (packed)
1 egg
1 teaspoon vanilla
1 cup sifted all-purpose flour
1 teaspoon salt
1 teaspoon cinnamon
1 cup chopped roasted unblanched almonds

Cream shortening and sugars together thoroughly. Beat in egg and vanilla. Sift together flour, salt, soda and cinnamon; blend into creamed mixture. Stir in almonds. Shape into long roll about 1½ inches in diameter; wrap in waxed paper. Chill overnight in refrigerator.

Cut into very thin slices and place on ungreased baking sheet. Bake in moderate oven (350 degrees F.) 10 to 12 minutes. Remove to wire rack to cool. Makes about 6 dozen thin, crisp cookies.

Chocolate Egg nog
Ever add a tablespoon of chocolate syrup to an egg nog made with 1 egg and 1 cup milk? More chocolate syrup plus sugar may be added for stronger flavor.

Place a cut apple in your cookie jar or fruitcake box. It helps keep cookies soft and fruitcake moist.

If London designers have their way, the male of the species will sport a Robin Hood look this season. These dashing styled hats have sufficient

dash and informality to appeal to the sporting instincts of America's well-dressed male.

With Yule Theme

Students Plan Vespers

Bloomfield Country Day School students will present a first vesper service at 5 Sunday afternoon in the new building on East Square Lake Road.

Parents and friends of students are invited to the affair which will open with the reading of the Christmas story from Luke by Carol Blodgett. A Christmas prayer will be given by Cindy Geisler.

The newly formed drama club will present the one-act play "One Red Rose for Christmas" written by Paul Morgan, directed by Mrs. Celia Merrill Turner. Appearing in the cast will be Nancy Judd, Sandra MacPherson, Donna Richardson,

Barbara Konzelman, Ingrid Becker and Peggy Kingsbury. James VanderKloot, Detroit Country Day School student, will play the Bishop's role. The glee club will participate with Christmas carols, featuring Ingrid Becker, Carol Haneline and Barbara Davey as soloists.

Peggy Kingsbury is chairman of the gift project of the newly organized club "Les Donateurs." Women at the Oakland County Medical Care Facility will benefit. Assisting her will be Marilyn Johnson, Janet Watt, JoAnne Shaye, Angela Kountoupas and Barbara Konzelman.

Work of the art department will supply the Christmas decor which will prevail throughout the school.

Mr. and Mrs. William E. Ross of Fort Myers, Fla., announce the engagement of their daughter Joyce Elaine to George A. Greig Jr., son of the senior Greigs of Bloomfield Hills. Her fiancé, a Detroit College of Law student, Miss Ross is a senior.

JOYCE ELAINE ROSS

Annual Community Concert Is Sunday

The annual Community Christmas Concert Sunday afternoon will open with a stirring martial effect as a trumpet trio accompanies 700 high school students for the number "March of the Shepherds," by Williams. Mrs. Doreen Vultmann will direct the group. A brass ensemble will accompany the audience in the singing of familiar carols, led by Richard L. Morse. Additional massed selections will include "Over Bethlehem's Town" by Mueller and "On This Good Christmas Morn," by Noble Cain, sung by the girls' glee clubs. Boys' glee club members will sing "A Joyous Christmas Song" by Christiansen and the English carol "The Boar's Head Carol."

AND STILL MORE
A Michael Dempsey has prepared the Selective Girls' Glee Club in the English carol "When Christ Was Born of Mary Free."
The Pontiac Women's Chorus, directed by George Scott and accompanied by Charles Wilson, will sing "Joy Where Is He Born," by Mendelssohn and "Christmas Snows of Sweden," with a violin obligato by Jean Huthala. The group will conclude their selections with the Lorenz arrangement of "The Dark Stole Upon Bethlehem," with soprano solo by

Elaine Kelnert. MacDowell Male Chorus members will sing Grundman's "Three Songs for Christmas." "Mary Had a Baby," with tenor solo by Arden Sears, and "White Christmas," Melvin Larimer is conductor, and Jerry Libby will accompany at the piano.
Former members of the Pontiac Central choir and glee clubs again are invited to participate in the final portion of the concert, "Break Through O Beauteous Heav'nly Light" by Bach will be directed by Mr. Demmesey, and "Beside Thy Cradle Here I Stand," Bach, will be led by Mr. Scott.
The program will close with all singers, choir, alumnae, audience and the City Wide Youth Orchestra, directed by George H. Putnam, singing the "Hallelujah Chorus," from Handel's "Messiah."

ACCOMPANISTS

High school accompanists will be Karen Brunel, Joan Grabek, Pamela Griffin, Jill Hicks, Linda Libby and Deanna Relyea. Organists are Judy Hinkley, Marilyn Smith and Carol Wargelin.
Members of the trumpet trio will be Paul Aldo, Donald Hackney and Peter Etterco.
The public concert will begin at 3 p.m. in Pontiac Central High School's Boys' gymnasium.

A brass fanfare will open the annual Community Christmas Concert Sunday afternoon at Pontiac Central High School. Instrumentalists who will be featured on the program are (from left front) Don

If Her Lid Were Littler, He Sherwood Topper

Abby Tells Wife to Stick

Husband Is Mentally Ill

ABIGAIL VAN BUREN

DEAR ABBY: Having lived through the same thing I would have advised "Troubled Parents" to encourage their

daughter to divorce her husband as soon as she found out he was a mental case.

My husband and I have been married for 16 years, and I wouldn't wish my life on a dog. He is mean to me and the children, and no one can say anything because he is mentally ill. He is well enough to enjoy his own pleasures (golf, swimming, cards and TV), but not to support a family. He's been in and out of mental hospitals for years.

Be sensible, Abby, and tell this young wife to leave him while she's still able to make a better life for herself.

BEEN THROUGH IT

DEAR BEEN: And if your husband had been stricken with cancer, would you have left him? Victims of mental illness are just as helpless and blameless.

DEAR ABBY: My sister-in-law has asked me to be a bridesmaid at her wedding. I am married. Is it proper for a married woman to be a bridesmaid?

WONDERING FROM PONTIAC

DEAR WONDERING: It is proper.

DEAR ABBY: I just telephoned the beauty shop in my neighborhood and asked if anyone could set my hair next Saturday.

I was told that no one in the

shop would take me because I was "too hard to please." This was an uncalled-for insult as I have been more than patient with that whole crew of numbskulls who call themselves hairdressers.

The only reason I would consider putting up with them is because it is the only beauty shop for miles around.

Do they have a right to do this? According to law, I mean.

READY TO SUE

DEAR READY: A lawyer could tell you what your rights are in this matter. If all the operators at that shop refuse to accommodate you, you must have done a fine job of getting into their hair. Better find another shop if you want someone to get into yours.

Social Notes

By RUTH SAUNDERS

BLOOMFIELD HILLS—The first weekend in December was ushered in by a cocktail and buffet supper party at the lovely home of the William J. Scripps on Bennington Drive. A touch of Christmas was introduced through the use of white and green decorations embellished by gold-colored tree ornaments in the flower arrangements.

Among the guests were Mr. and Mrs. Ernest A. Jones, Mr. and Mrs. Alan L. Gornick, the Junior Henry Forsters, the David N. Lees, Mr. and Mrs. Ralph L. Palk, Mr. and Mrs. Raymond Twyman, the William H. Breches, the Richard A. Fischers, the Edgar Flints and Mrs. Carl Whart. Others were the Daniel Chaplins, Mr. and Mrs. Maynard Andrae, Mr. and Mrs. W. C. Newberg and Mrs. Facker Avis.

Mrs. James W. Bissell has come from her home in Madison, Wis., to visit her parents Mr. and Mrs. Louis S. Morse Jr. in their home on Rutledge Road.

The Morses have invited friends for brunch Sunday when both Suzanne and Mrs. Morse will celebrate their birthdays—Mrs. Morse on the 12th and her daughter's Dec. 8. The piece de resistance at the brunch will be tiny pancakes with blueberry sauce. Mr. Bissell will come for Christmas as will Richard Morse who is a senior at the University of Southern California where he is studying for his masters degree.

The Joseph E. Wellman home on Fairmount Drive will be the setting Dec. 17th for a dinner party which is a tradition. For about twenty years a

group of friends, all Kansas born, have celebrated the holiday season together.

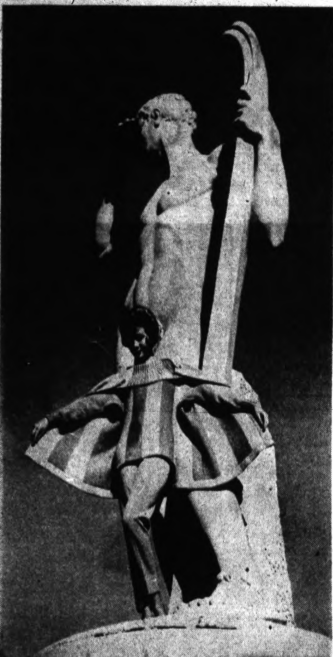

Mr. and Mrs. James J. Nance who will soon move to Cleveland Heights, Ohio, are giving a cocktail party Saturday for their son and daughter-in-law the James B. Nances who are moving here from New Canaan, Conn. They have purchased a house in Bloomfield Village.

For the first time in several years Mr. and Mrs. Edwin J. Anderson and Mr. and Mrs. E. A. Schirmer will be hosts at their traditional cocktail party Dec. 23 at Bloomfield Hills Country Club.
Mr. and Mrs. Henry Hart of Troy, N. C., formerly of Birmingham, will arrive Dec. 21 to spend the holidays with their two sons and daughters-in-law the Robert Craigs and the Robert Halls.
On Dec. 26 the Craigs and the Halls will have an open house in the Hall's new Orchard Lake home on Bayou Drive. Mr. and Mrs. Hart will stay with the Halls during their two week visit.

Mr. and Mrs. Edward H. Lerchen will be hosts at an open house Dec. 18 in their home in Lowell Court in Bayou Drive. Mr. and Mrs. Hart will stay with the Halls during their two week visit.

Mr. and Mrs. Richard C. Fischer have invited friends for cocktails Sunday in their home on Lahser Road.

Aw, C'mon Henry, Get Your Hair Dyed

By RUTH MILLETT

In Rhode Island, barbers are getting set to launch a new hair coloring service for men. They claim their aim isn't to make men more handsome, but just to keep a man's friends and neighbors and business associates from looking at a man's wife and thinking, "How come she's married to an old guy like that?"

Well, the barbers were bound to come around to the dye-job business sooner or later.

Now that women have overcome their timidity about dyeing their hair and refuse to let the silver threads take over completely—there are an awful lot of blondes, brunettes and red-heads who DO look younger than their gray- or white-haired husband.

Why should men stand still for that kind of double standard? Why should men alone be left with heads of battle-tale gray? If nature can take 10 years off her age by

dyeing her hair, why shouldn't papa have a dye job, too?

Something tells me that if men's barbershops start offering dye service along with shaves, haircuts and manicures they will soon be friends and neighbors and business associates from looking at a man's wife and thinking, "How come she's married to an old guy like that?"

But then women used to think that any woman who dyed her hair was a hussy. And now women discuss their dye jobs with complete nonchalance.

It was women who first started calorie counting, you know, and before long they had men counting calories, too. So it's reasonable to assume that now that women have made hair dye respectable, the men may soon be dipping into it, too.

For practical pointers on getting along with that man in your life, order your copy of Ruth Millett's new booklet, "How to Have a Happy Husband." Just send 25 cents to Ruth Millett Reader Service, care of The Pontiac Press, P.O. Box 498, Dept. A, Radio City Station, New York 10, N.Y.

AMVETS Auxiliary Sets Party

Plans for the annual Christmas party Dec. 17 were made at a meeting of Wright Four-ner, Post 161, AMVETS Auxiliary Sunday in the Cass Lake Road home of Mrs. Joseph Mooney.

Mr. and Mrs. Edwin Good of Tilmor Drive will be hosts for the party.

Members are preparing Christmas baskets for several needy families. Clothing and toys will be given to the Oakland County Children's Home this week.

Dorothy Beattie was made an honorary member for 1960-61.

Plans are being made for a New Years Eve party at the Anderson Street home of Mr. and Mrs. Orval Russell.

Guild and Priest Join for Dinner

The Rev. Richard Thomas was host to over 200 members of St. Benedict's Guild of St. Benedict's Catholic Church at a Christmas dinner Tuesday in the church hall.

The program featured a talk on the meaning of Christmas by Mrs. James Cronyn, columnist for the newspaper Michigan Catholic.

The pastor presented gifts to members present.

Between 9 and 10 million Americans are suffering from diseases of the heart and circulatory system.

Entertains Round Table

Mrs. Robert McGuire of Golf-ert C. Anderson, reader, and Mrs. Drive was hostess to members of the Round Table Club Tuesday afternoon.

"The Glory of Christmas" was the program theme of Mrs. Rob-

After discussing plans for the club's 50th anniversary celebration in February, members voted to send a gift to the Salvation Army for the organization's welfare work and to the children at "outlet State Hospital."

Tea was served by a committee headed by Mrs. H. T. Rombough, Mrs. Russell Austin, Mrs. R. C. Cummings, Mrs. Elmer Reynolds and Mrs. B. A. Wager.

Musicale Holds Yule Program

Maline Musicale members met for a Christmas program Sunday at the West Ironquills Road home of William Strait.

The 17 members and three guests heard a comparison of the Christmas carols written by Alfred Burt and the old traditional carols. Specially taped selections were presented with discussion by Mrs. Aubrey Roberts.

Piano selections were played by Valdean Simson, Wendy Ellason, Bonnie Barton, Cindy Jones, Mary Stewart and Julie Bird.

Others playing the piano were Janice Norberg, Jeanne Purdy, Dale Cheal, Diane Cheal, Chris Skilman, Brooks Putnam, William Strait and Mark Cowen.

Cheryl Dell performed a toe dance from the "Nutcracker Suite," and William Gaultier led in singing. William Cheal, baritone, and Dale Cheal who played trombone, were accompanied by Mrs. William Cheal.

Hostesses were Mrs. Jack Strait, Mrs. Paul Ellason and Mrs. William Furlong.

Pythian Temple Elects Officers and Delegates

Fannie E. Tompkins, Temple No. 41, Pythian Sisters, has elected officers for the coming year.

Mrs. Clyde Lankton, most excellent chief, will serve with Mrs. Isaac Myers, excellent senior; Mrs. Clinton Lippard, excellent junior; Mrs. Wilbur Morley, manager; Mrs. Hugh Edries, secretary; and Mrs. Andrew McEvoy, treasurer.

Mrs. Ivan Johnson has been named protector and installing officer for the group. She also will act as trustee for three years.

Others holding office are Mrs. Louis Grimm, guard; Mrs. Mae Foote, pianist, also a delegate to the Grand Temple; and Mrs. Edries, alternate Grand Temple delegate.

The group's next meeting is slated Dec. 19.

Saves Wallpaper

Join Opti-Mrs. Club

Mrs. Arthur J. Bogue, Mrs. Bernhardt J. Hansen and Mrs. Theodore Hubert were welcomed to membership in the Pontiac Opti-Mrs. Club at the annual cooperative dinner Tuesday. Mrs. Robert Bradley of Garland Avenue was hostess, assisted by Mrs. Bob Bradley, Mrs. Ray Brasch and Mrs. Charles Manz.

Mrs. Glenn Rundell of Clarkston, Mrs. Homer Shingledacker and Mrs. S. M. Thum. The purchase of eight layettes for the Michigan Children's Aid Society was reported by Mrs. Tom Hruska, project chairman.

The club's future events include a book review Jan. 10 at the home of Mrs. Roy C. Lewis and a dinner for mem-

bers and their husbands Jan. 28 at the Oakland County Boat Club.

The number of still-births among overweight women is almost twice as great as among women of normal weight, medical studies have indicated.

Best to Find
Another to
Live With

By The Emily Post Institute

Question: I share an apartment with a woman in her late 30s. She is a very nice person in every respect, but has one fault which is causing friction between us.

She thinks nothing of coming in at one or two o'clock in the morning and asking her date to come in for a nightcap. I have told her that it is not the proper thing to do and that she will not only bring criticism upon herself but upon me as well. I will appreciate your opinion on this matter.

Answer: Her bringing a man into your apartment late at night is neither proper nor wise, but as she is paying her share of the rent, I don't think there is anything you can do about this if she refuses to listen to you. Perhaps the best thing for you to do is to find another woman to live with who will more completely share your opinions.

Question: For many years my husband and I have been sending Christmas cards together to a long list of friends and acquaintances. During this past year my husband became seriously ill and is in a sanatorium.

He has been there for many months and the doctor tells me there is very little chance of his getting well. Since he will not be home at Christmas I would like to know if it would be proper to include his name with mine on the cards I send this year?

Answer: Whether he is at home or in a sanatorium you are married to him and his name is properly included on the cards you send out.

Question: Is it necessary for the bride's family to provide transportation for those wedding guests who have no cars, from the church to the place of the reception?

Answer: They are only obliged to provide transportation for those in the wedding party. If they can arrange transportation for any of the wedding guests, so much the better, but it is not a requirement.

Question: Every year my husband sends Christmas cards to his business associates, some of whom I have met. He has them made up with his name only. I feel my name should also be included on these cards.

Answer: Your name may properly be included on the cards addressed to those business associates of your husband whom you have met.

Judge Arthur E. Moore accepted the gifts for the Lapeer Home and Training School at Tuesday's annual tea and ingathering of the Association for Childhood Education. With him (from left) are Franklin Road School Principal Mrs. Vida Walker, ACE President Margaret Wilmot of East Iroquois Road and tea chairman Darlene Whalen of Granada Drive.

Stage Christmas Tea

Some 200 members and guests of the Pontiac branch of the Association for Childhood Education attended the annual Christmas tea Wednesday at the Franklin Glee School.

Presiding at tea and coffee services were E. Cipo Wiley, Mrs. David Zamek, Odie Tolbet, Mrs. William Sturgeon, Mrs. Frank Hotcheck and Mrs. Cora Scott.

Special guests were Gerald White, coordinator of elementary education, Mary Cowan and Alice Jacobs, Michigan State University student teachers, Mrs. Florence Doty and Judge Moore's office staff.

Darlene Whalen, chairman, was assisted by Vida Walker, Franklin School principal; Mrs. Edward Johnson, Mrs. Selvedge White, Ann Weeks, Mrs. Ernest Jackson, Mrs. Perry Bailey and Mrs. Edward Page.

Probate Judge Arthur E. Moore accepted the many gifts from the boys and girls of Pontiac for the residents of the Lapeer Home and Training School from Margaret Wilmot, ACE president.

Dr. Dana P. Whitmer, presented a Christmas message and Mrs. Wellington Belyea, elementary vocal instructor, presented the Franklin Glee Club.

Shop and Ship Early—but Wisely

It's smart to "do your Christmas shopping early" provided you shop wisely. Unfortunately shopping early just means shopping hasty, snap judgments about gifts are apt to result in poor choices, wrong sizes and other disappointments.

Don't try to battle your way through every square foot of your favorite department store hoping you'll see something that suggests itself for someone on your list. Instead, sit down in your favorite chair at home; write down the names for your gift list, and then go over the catalogues and newspaper ads of your store.

In addition to suggesting the best choice of gift, the ads tell you the location in the store and the price.

Try it. You'll save time, money and patience, and you and every person on your list will be happier with the gift. And if it is going out of town don't hold it for mailing until the last minute. The post office urges you to "do your Christmas shopping early."

There's a beauty bonus in orderly shopping, too. You don't have that hurried holiday look and there will be more time for naps between shopping, mailing and house fixing; and for beauty breaks.

Why not take some of the money you saved by smart shopping and treat yourself to a professional hairdo. Make this your gift to you. You have earned it!

The facial you manage yourself. Start with a home-made beauty mask. Mix three or four table-

Boys' Mothers Exchange Gifts

The Mothers' Club of Pontiac Boys' Club met for a cooperative dinner and gift exchange Tuesday at the boys' center on East Pike Street.

Members of the month awards were presented to Mrs. Henry Warren, Mrs. William Rogers and Mrs. Cressy B. Larson by Mrs. Almont Austin.

Mrs. Basil Butler and Mrs. George Pratt were guests.

Hostesses were Mrs. Warren and Mrs. Earl Luchenbach.

Golden Aged Plan Dinner

Members and guests of the Waterford Township Golden Age club will meet at 6:30 p.m. Friday for a cooperative dinner in the dining room of the Community Center.

Clarence Kilpatrick, formerly of Riverside, Canada, and now a resident of Pontiac will share a travelogue colored film of Eastern Canada, and Newfoundland at 7:30 p.m.

Those who cannot attend the dinner, have been invited to view the movies.

Don't Be Lazy ... Exercise

Your Capillaries Are Alive?

Exercise is great for improving one's circulation. Health, and energy and prolonged youthfulness all seem to depend on good circulation, and we do not have this unless we exercise systematically.

By JOSEPHINE LOWMAN

How are your capillaries? All of our organs are literally shot through with these tiny blood vessels. These are controlled by equally small nerves which are called fibrils.

Exercise opens up our capillaries and therefore greatly improves our circulation and increases the amount of blood which is sent through the body. Health and energy and prolonged youthfulness all seem to depend on good circulation, and we do not have this unless we exercise systematically.

The University of Illinois has a fascinating physical fitness research laboratory. Its director is Dr. Thomas Kirk Cureton, professor of physical education.

For more than 30 years Dr. Cureton has directed this research. Fifty thousand men and women have been tested and

more than a thousand have been reconditioned under his supervision.

Many different studies have indicated that the sedentary life ages prematurely and that this starts early in life. Tests at the University of California showed that by the age of 25 a man with sedentary habits has 40 per cent less blood circulating through his muscles than at the age of 18. At 35 it is even worse, 60 per cent worse.

MORE SUSCEPTIBLE

Other studies have shown that those in the 50 to 60 age group who lead sedentary lives, sitting at a desk most of the time, are much

more susceptible to intestinal, nervous and cardiovascular disease than those who are active physically. The only answer is regular, planned-for exercise.

Certainly the results at the physical fitness research laboratory at the University of Illinois bear out the necessity of exercise in order to avert premature aging.

Dr. Cureton believes that our youth disappears in proportion to the slowing down of our circulation and metabolism and that if we are to keep our youth we must remain fit circulatorily and muscularly. Naturally the buildup must be gradual and with your doctor's permission.

Don't Use Force

(UPI) — If one glass tumbler sticks to another, don't try to force the two apart. Fill the top glass with cold water, then dip the bottom one in hot water. They'll come apart without strain or breakage.

Teens Dream of Yule Vacations Ahead

By EUGENE GILBERT
President Youth
Research Co.

What are you going to do during that Christmas vacation you're looking forward to so eagerly? Ski, travel, stay at home, take a part-time job?

And what would you do during that vacation if you had odds of money and no strings attached?

We asked more than 1,000 of

you young people across the country to tell us your real vacation plans and your fondest vacation dreams.

Here's what the mass of you are going to do:

A fourth of you will stay at home, with nothing in particular planned. Seventeen per cent of you will travel and an indistinct 16 per cent will study.

Forty per cent of you will work. 12 per cent will ski and 11 per cent plan to ice skate.

In the wishing department, staying at home slips from the biggest per cent to no per cent at all. Your choice now is travel.

"I'd go abroad," say 34 per cent. "I see myself on a tropical isle," say 21 per cent and "See America first," say 16 per cent.

Charles Young, 16, St. Paul, narrowed his choice to one city — Miami. "I'd like to lay on the beach and soak up sun while it's snowing at home."

By contrast, Bob Griffith, 16, who lives in Jacksonville, Fla., would go where it's cold. "I'd like to see if I could find a gold mine in Alaska," he says.

The auto crowd, typified by Marty Wallach, 17, Cincinnati, likes the feeling of not being on a timetable.

Leisurely trip lovers, like Joanne Shepard, 17, Macon, Ga., chose boat transportation.

Marion Larsen, 16, New Orleans, would like to travel with friends because their interests would be similar.

JUDY ANN REITANO

June vows are planned by Judy Ann Reitano, daughter of Mr. and Mrs. Thomas Reitano of Clark Street and Howard L. Kelley Jr., son of the Howard Kelleys of Holly.

A large part of the male population on the Greek islands of Lemnos and Samothrace has left for Australia.

CHRISTMAS SLIPPERS

Ceremony in Waterford

Janet Moritz Marries

Janet S. Moritz and James A. Hansen were married in an informal ceremony Saturday evening in the Waterford home of Justice of the Peace Patrick Daly.

Daughter of the Louis Carrolls of Wadon Road, Lake Orion, the bride was given in marriage by her brother-in-law Dale L. Rich-

where they will visit the bridegroom's parents.

For her daughter's wedding, Mrs. Carroll chose a dress of blue nylon and silk to which she pinned a shoulder corsage of white carnations.

MRS. JAMES A. HANSEN

mond. The bridegroom, who resides on Auburn Avenue, is the son of the John S. Hansens of Long Beach, Calif.

With her ballerina-length gown of ice-blue silk chiffon over satin, the bride wore a veil of silk illusion, caught by a crown of lilies-of-the-valley. A shoulder corsage of white carnations and wrist-length white kid gloves completed her ensemble.

Mrs. Dale L. Richmond, her sister's matron of honor appeared in emerald green satin, black velvet headpiece and short white gloves. Silver leaves and white carnations comprised her corsage.

Arthur F. Numburger, cousin of the bride, was best man.

The Dale Richmonds were hosts at the reception in their home on Kettering Avenue.

The newlyweds, who will be at home on Whittemore Street, plan a delayed honeymoon to California.

Couple Marks 50th Anniversary

Mr. and Mrs. Floyd Facer observed their 50th wedding anniversary Sunday at their home on Carol Street in Franklin Village.

In addition to local guests, the bride wore a dress of blue nylon and silk to which she pinned a shoulder corsage of white carnations.

Most of you — 52 per cent — who say you dream of going abroad had Europe in mind. Compared are 3 per cent who mentioned the Orient, 2 per cent beckoned by the Tropics, 2 per cent who would go to Russia and 1 per cent ready to head for Africa.

Sheila Lord, 14, Los Angeles, says Japan looks beautiful in pictures and she's always dreamed of going there.

EUROPE THEIR DREAM

Most of you — 52 per cent — who say you dream of going abroad had Europe in mind. Compared are 3 per cent who mentioned the Orient, 2 per cent beckoned by the Tropics, 2 per cent who would go to Russia and 1 per cent ready to head for Africa.

Sheila Lord, 14, Los Angeles, says Japan looks beautiful in pictures and she's always dreamed of going there.

Marilyn Neville, 16, Omaha, would go show the Russians how proud she is to be an American. Louis McVeigh, 16, Milwaukee, would visit the Amazon because he loves to explore.

"I would like to go across the whole U.S. before I do any traveling abroad," is Dorothy Tompkins' opinion. She is 17 and lives in San Francisco.

ENTERS THE HARD WAY—Police Officer Paul Clarke pulls burglary suspect William Rice from a ventilator shaft through which Rice had attempted to enter a Los Angeles restaurant.

Rice, who is six feet tall but weighs only 140 pounds, was trapped in the shaft for 45 minutes before his screams brought officers who arrested him after rescuing him.

Tell of 'Threats' in Road Probe

Man, Wife, Witnesses Say Phone Warnings Have Been Received

WASHINGTON (UPI)—House investigators said Wednesday that "threatening telephone calls" had been received by some witnesses summoned to testify in connection with alleged Florida highway scandals.

Acting Subcommittee Chairman George M. Fallon, D-Md., said information about the threats had been turned over to the FBI.

Fallon said "a witness and his wife" had received the calls. He served notice that all persons subpoenaed by the subcommittee were "under the protection of the U.S. government."

Earlier, an ousted Florida resi-

dent engineer, who received \$10,000 and other gifts from road contractors in recent years, testified that such favors had been "casualties" as long as he could remember.

The engineer, William H. McLeod Jr., who was fired from his \$8,500-a-year state job in Oct. 38, insisted, however, that no roadbuilder ever asked him to do anything improper and that he saw nothing wrong at the time in accepting the money.

Nixon's Iowa Advantage Officially 171,816

DES MOINES, Iowa (AP)—Vice President Richard M. Nixon carried Iowa by 171,816 votes and received the state's 10 electoral votes in the Nov. 8 general election.

The official state canvass Wednesday gave Nixon, Republican, can candidate for president, 722,381 votes and his Democratic opponent, Sen. John F. Kennedy, 550,565.

My, What a Lift to This Carrier

NEWPORT NEWS, Va. (AP)—You aren't crowded on the elevators of the Navy's new atomic-powered carrier *Enterprise*. Each of the four elevators has a surface more than 4,000 square feet in area—large enough for two average city lots.

Built of aluminum to save weight, each weighs 105 tons and contains one and a quarter miles of aluminum beams one to 10 feet deep.

"Nowadays," snorts an oldtimer, "they call kids bright when they say or do things that used to rate as a spanking." . . . A Hollywood resident makes this long-range prediction: "I predict that 20 years from now some of today's actresses will be five years older."—Earl Wilson.

In its annual journey around the sun, the earth travels a distance of 590 million miles.

Parking Meter Put Up While Driver Away

KALAMAZOO, Mich. (AP)—Attorney Roger Kidston was surprised to find himself ticketed for overtime parking in what had been a free parking zone when he left his car there on Nov. 23.

Between the time he parked his

car and then came to retrieve it the police had installed parking meters.

Municipal Judge Clark M. Olmstead, in dismissing the charge Wednesday, commended police for their zeal but also said "some things can be overcome."

A coffee tree does not produce for their zeal but also said "some things can be overcome."

LBJ Spree Doesn't Suit Pittsburgh Tailors

PITTSBURGH (AP)—A Pittsburgh tailors organization sent an open letter to Vice President-Elect Lyndon B. Johnson Wednesday criticizing him for ordering five suits from a London tailoring firm. The letter was signed by Richard Degen, secretary of the Custom Tailors and Designers Association of Pittsburgh.

Three dozen dried eggs weigh only about one pound.

U.S. Ingenuity Shows K That He's All Wet

NEW YORK (UPI)—American ingenuity came to the front when Soviet Premier Nikita Khrushchev on his recent visit here took a swipe at the United States because it had no "barshom," a mineral water popular in Russia.

Edward P. Schliman, a chemical engineer and president of Bogue Electric Manufacturing Co., succeeded in duplicating the product and offered Khrushchev all the barshom he wanted.

"It was just another way of demonstrating to him that here again is an example of how he tends to underestimate the resources of this country," Schliman said.

Isakeo, a famous volcano in San Salvador, erupted every few minutes from 1770 until about two years ago. Then, to the dismay of proprietors of a new hotel offering front seats for the show, it quit.

Goes to Any Lengths to Deliver the Goods

PENSACOLA, Fla. (AP)—Merritt Supply Co., a building materials firm, was embarrassed to find itself completely out of a brand of paint to meet an urgent order of two gallons. Delivery had been promised within 24 hours.

The manufacturer was called in St. Louis. Ten hours later an employee of the manufacturer stepped off a plane at Pensacola with the two gallons of paint. Retail price of the paint, \$6.

Report Guinea to Be Base for Russian Subs

NEW YORK (AP)—Portugal has informed its Western allies that Guinea has agreed to allow the Soviet Union to establish a submarine base and important radio installations on the West African coast, the New York Times said today.

Goodfellows to Conduct Campaigns for Needy

Volunteers to Sell Papers in 5 Area Communities

Volunteer newboys will sell Goodfellow editions of The Pontiac Press in one Oakland County community tomorrow and four on Saturday to raise funds for needy families and special parties at Christmastime.

Papers will be sold tomorrow in Gingellville and in West Bloomfield, Pontiac and White Lake Townships and the Village of Oxford on Saturday.

Following is a list of the locations of the sales and the projects which the individual campaigns will support:

GINGELLVILLE

Some 15 members of Gingellville's Metropolitan Club, Spirit 75, will be selling Goodfellow papers in the main shopping areas tomorrow afternoon and evening to raise funds for Christmas baskets.

They will be hauling The Pontiac Press in the Redford Estates shopping center and in the heart of Gingellville in their annual drive to help the needy. They hope to realize about \$200 from the sale this year, according to chairman Wilcox Church.

Last Christmas the Goodfellows gave baskets of food and toys valued at about \$15 apiece, to some 20 families they found to be in dire straits financially all holiday time.

They are urging support of their project to assure that no family in the area goes without a Christmas this year.

PONTIAC TOWNSHIP

Believing that everyone in the township is entitled to a good Christmas, some 30 Pontiac Township firemen and members of the Metropolitan Club, Spirit 60, will conduct their annual Goodfellow newspaper sale on Saturday.

Beginning at 1 p.m. they will be at the main intersections to sell 2,700 Goodfellow editions of The Pontiac Press and raise \$1,000 for their charitable projects.

They will stage a Christmas party for township children at each of the three fire stations. The party at Station I will be at 7 p.m. Dec. 31; at Station II, at 1 p.m. Dec. 18; and at Station III at 2 p.m. Dec. 18.

The youngsters are asked to attend the party being held nearest their homes. Santa Claus has promised to put in appearance at all three fire halls.

In addition to the parties, the local Goodfellows will use the remainder of the funds raised from their paper sale to buy food, food, boots and shoes for needy families at Christmastime.

Paper chairmen are Carl Schingel, Station I; Elton Dwyer, Station II; and Leonard Buro, Station III.

WEST BLOOMFIELD TOWNSHIP

A \$1,500 goal has been set by the West Bloomfield Township fire and police departments and the Keego Harbor police department for their sale of Goodfellow editions of The Pontiac Press Saturday.

Funds raised by the department from the sale of 2,500 copies of the Press will go toward supplying food and clothing for area needy throughout the year with special emphasis on children at Christmas.

Last year the group raised nearly \$1,000 from the one-day paper sale. Some 45 families benefited.

According to West Bloomfield

Township Fire Chief Herbert Morgan, who is heading the drive, the \$5 volunteer salesmen will be stationed at all the main cross roads in the township with intersections on Orchard Lake Road being the main selling points.

WHITE LAKE TOWNSHIP

White Lake police and firemen will sell Goodfellow papers all day Saturday to raise funds for the needy of the township.

Some 20 members of the departments are hoping to realize \$1,200 from the sale of special editions of The Pontiac Press.

Police Chief Andrew Plano, Goodfellow chairman and president of the White Lake Metropolitan Club, Spirit 75, said the papers will be sold at main intersections beginning at 9 a.m. and until "all are sold."

The most concentrated effort will be in the Union Lake area, Plano said, with some papers to be sold in Waterford Township.

Waterford had its Goodfellow drive last Saturday.

Baskets of food and clothing were received by 44 needy families in White Lake Township as a result of the fund-raising program last year.

OXFORD

The Oxford Lions Club Goodfellows will conduct their annual newspaper sale all day Saturday throughout the business district to provide children's clothing for needy families at Christmastime.

"We hope to raise about \$1,500 this year. Last Christmas we outfit over 100 children at a cost of about \$1,500," Donald Avery, club secretary, said today.

J. C. Webster is paper sale chairman this year, assisted by Harmon Fritch and Don Gilder.

Kingsbury School, a private school near Oxford, contributes white packages of toys for distribution by the Lions Club with the clothes before the holiday.

Local club members say they also will accept used toys in good condition to give to the needy youngsters.

Ruling on Mayor to Be Appealed

Council at Southfield Dislikes Beer's Decision on Veto Authority

SOUTHFIELD—Council members here are going to appeal the Nov. 5 ruling that Mayor Donald L. Swanson has the right to veto both legislative and administrative actions of the City Council.

Judge William J. Beer ruled that Swanson had the authority to veto a 4-3 vote of the council designating the Southfield Sun, a local weekly, as the city's official newspaper.

Judge Beer's decision also upheld Swanson's veto of the City Administrator Robert J. McNutt's firing last August. The order was by the same 4-3 majority vote.

McNutt later submitted his resignation, effective Dec. 31, which was accepted by the council.

Again by a 4-3 vote at last night's meeting, the council instructed Attorney Edward Elarelli to appeal the case as soon as possible before the 20-day deadline for an appeal is reached Dec. 21.

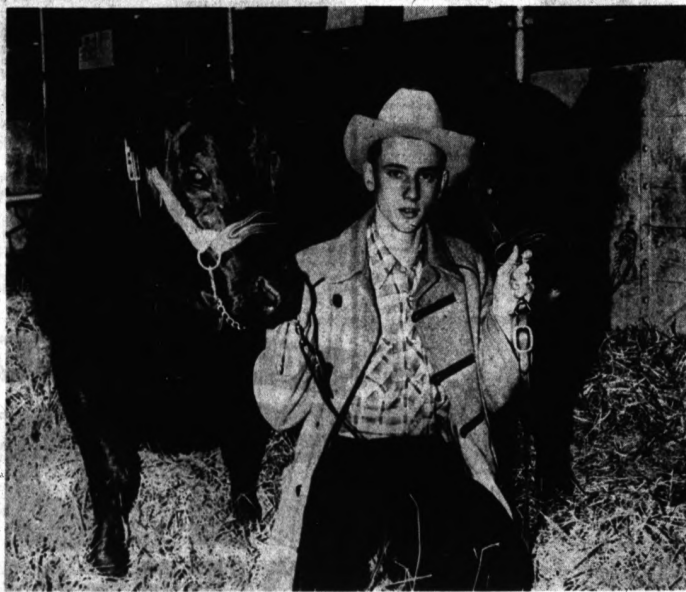

Council members also agreed that the attorney fees for Judge Beer's hearing of the case and for Elarelli be paid by the city. They gave as the reason that both sides are seeking verification of the city's charter through the court ruling and appeal.

'Read It—Heed It' Topic Sunday for Rev. Porter

COMMERCE TOWNSHIP—The Rev. Floyd Porter's sermon for both the 8 and 11 a.m. worship services at the Commerce Methodist Church for the third Sunday in Advent will be entitled "Read It—Heed It."

The Chancel Choir will lead the choral worship at the early service and both the Wesleyan and the Chorale choirs will participate in the second service.

The Rev. Porter will be joined by parents at the altar in presenting Bibles to members of the Sunday School department.

TRIPLE WINNER—Dan Williams, 17, of 1106 Pontiac Road, Avon Township, showed up with two steers named Morris and Duff at the Detroit Junior Livestock Show and today he'll go home with three titles as a result. One of his Black Angus steers was awarded

first place in the middle-weight class of that breed. The other was given a third-place ribbon and Dan wound up as runnerup for the showmanship trophy of the show held at the State Fair Coliseum. (See other picture on page 62.)

They Have the Answer

HARTFORD, Conn. (UPI)—A lecture on "are the mass media fulfilling their avowed function of informing the American public?" was closed to the press.

Commerce OES to Hold Yule Party for Children

COMMERCE TOWNSHIP—The annual children's Christmas party sponsored by Commerce Chapter 301, Order of the Eastern Star,

will be held Dec. 18 at 2 p.m. in the Masonic Temple.

Members have been asked to purchase a \$1 gift for each child they bring to the party.

The next regular business meeting of the chapter will be Jan. 3, 1961.

Plans Saturday Dance

WHITE LAKE TOWNSHIP—The White Lake Square Dance Club will hold a dance open to the public Saturday at 8 p.m. in the Community Hall, Porter Road and

East Orion 4-H Youth Wins 3 Steer Titles

By DON FERMOTTE

A 17-year-old East Orion 4-H Club member won three titles with his two Black Angus steer entries in the statewide competition yesterday at the Detroit Junior Livestock Show.

The top Oakland County winner in the show, which is being held at the State Fair Coliseum in Detroit, is Dan Williams of 1106 Pontiac Road, Avon Township.

Williams won his highest honor — a first place ribbon in the middle-weight class of the Black Angus division — with his 1,645-pound steer named Morris.

His other entry, another husky Black Angus called Duff, was awarded third place in the middle-weight class.

Williams also finished second in competition for the showmanship trophy in the steer judging section of the livestock show.

A student at Rochester Senior High School, Dan is the son of Mr. and Mrs. Robert Williams. He also trained the reserve grand champion steer of the Michigan State Fair.

Other 4-H Club members from this area who took honors in the show are Jay Tuggle, 20, of 2006 Bough Road, Dryden Township; and Dale Walker, 18, of 208 E. Sutton Road, Metamora Township.

Tuggle, now in his final year of competition as a member of the Highland 4-H Club, earned a first place ribbon with his entry in the heavyweight class of the Hereford division.

He raised the reserve champion Hereford of last year's Detroit Junior Livestock Show and in 1955 he and his brother Jerry owned the business firms.

Michigan State Fair grand champion.

Walker's 1,000-pound Shorthorn won two awards in the steer judging. It was named reserve champion of the Shorthorn division and was awarded the first-place ribbon in the heavyweight class of that breed.

ALSO WIN RIBBONS

Three area 4-H Club members will take home second-class ribbons today after their entries claimed honors in the sheep competition.

Dag Williamson, 16, of 1121 Brady Road, Waterford Township, raised the Southdown sheep which was awarded runnerup honors in the individual lamb class for that breed.

The second best pen-of-three entry in the miscellaneous division of the sheep contest was owned by John Rose, 16, of 670 N. Adams Road, Avon Township.

Curtis Goeppner's single lamb entry in the Hampshire and Oxford division also was given a second-place ribbon.

Protestant young livestock raiser at the show was Mike Wetzel, 17, of Ithaca. His Black Angus steer was named grand champion over nearly 300 other best cattle entries.

Following the judging yesterday, the nearly 400 4-H Club members from throughout the state attended a banquet last night at Detroit's Sheraton-Cadillac Hotel.

A lamb carcass event was to be held this morning to be followed in the afternoon by an auction at which all animals in the show will be sold to wholesale and retail business firms.

Board to Ponder Special Classes

Proposals to Increase Facilities for Pontiac Handicapped on List

Several proposals concerning the special education program in Pontiac will be discussed at tonight's Pontiac Board of Education meeting.

The proposals will cover senior high diplomas, a new room and teacher for the acoustically handicapped and hiring of a part-time matron for the type B program for mentally handicapped pupils which is located at Marking School.

The first group of students in the senior high school special education program (mentally handicapped) will complete three years of high school work in June 1961.

Proposals have been developed relative to the type of diploma to be issued to these pupils and the credit requirements for graduation.

In other business, the board will hear reports from Dr. Dana P. Whitmer, superintendent of

schools, on housing for a science consultant and the hiring of an administrative assistant.

The annual salary adjustments for principals also will be announced.

The meeting is at 7:30 in the Board of Education Building, 40 Patterson St.

New First Lady Designs Gown for Inauguration

WASHINGTON (UPI) — Mrs. John F. Kennedy has recovered sufficiently from the birth of her first son to devote some attention to her wardrobe as the future First Lady.

High-fashion designer Oleg Cassini spent three hours with Jacqueline Kennedy at Georgetown University Hospital Wednesday, going over sketches, apparently for her inaugural wardrobe.

Artistic and attractive Mrs. Kennedy has a flair for fashion and has been willing away her convalescence by doing some dress designing.

A few weeks ago she requested Bergdorf Goodman, a New York department store, to make her inaugural ball gown, based on sketches she had done herself.

Brothers Held for Court Action

Charge Bailey Pair in Bogus Check Passing at Pontiac Stores

Two Pontiac brothers who police believe passed seven bogus checks totaling \$220 in local supermarkets face prosecution on uttering and publishing charges.

Herbert Bailey, 40, and his brother Robert, 37, both of 152 Auburn Ave., were bound over to Circuit Court yesterday following examination before Judge Maurice E. Finnegan.

Each is free on \$300 bond, pending arraignment in Circuit Court Dec. 12.

They were arrested Nov. 4 when they attempted to cash a \$55 check at Wegley's, 205 Auburn Ave. The store manager, Sidney Whistley, held the pair for police.

Det. Robert Emery said the brothers had opened a checking account under a phony name, and that one of the brothers had

changed the name in his driver's license to match the name of the account.

He said Whistley had been warned by other supermarket stores at the bogus checks.

Congolese Planning to Halt U.N. Supplies

LEOPOLDSVILLE, the Congo (AP) — The United Nations authorities announced today Congolese authorities have ordered a blockade of all U.N. military surface transportation in the Congo.

Brig. Indrajit Rikhye of India, chief U.N. military adviser, said it was the most serious challenge to face the United Nations since the beginning of its Congo operation.

"It could paralyze our activities," Rikhye told a news conference. "We are not prepared to accept this position at all. It is completely out of the question that the United Nations should submit to this order."

The first test will come Tuesday when a U.N. military supply ship is scheduled to sail up the Congo River, the chief traffic artery in this nation of few highways and railroads.

Also aboard the capsule were algae, blood cells, spores, gamma globulin, albumin, gold foil and various kinds of film.

Discoverer Carries Spy Gear in Orbit

VANDENBERG AIR FORCE BASE, Calif. (AP) — A Discoverer satellite containing secret spy gear of a type which someday may make sneak attack impossible circled the earth today.

Discoverer XVIII roared on a nose-up booster into polar orbit Wednesday—19th anniversary of the disastrous attack on Pearl Harbor.

A 300-pound capsule will be ejected over the Arctic, possibly today or Friday. If all goes well, it will be snagged by Air Force planes over the Pacific near Hawaii.

In it are bits of human tissue and human bone marrow. Scientists sent them aloft to learn how radiation affects them—a life-and-death matter for future men in space.

The first state to regulate security salaries of those island which passed the statute in 1910.

Zero, Heavy Snow Hit State in North

By The Associated Press

Heavy snowfall and low temperatures hit Upper Peninsula area along Lake Superior late Wednesday and today, Marquette reporting more than eight inches of new snowfall since Wednesday afternoon.

Snow was still falling in mid-morning along the lake's edge.

Marquette reported seven inches of new snow since Wednesday morning, leaving a ground cover of more than nine inches.

The weather bureau said it expected the snow to move down along the edges of Lake Michigan during the day.

Temperatures also dipped in many parts of the state, the lowest recorded by Sault Ste. Marie—an even zero. The weather bureau predicts temperatures as low as four below zero in the Upper Peninsula tonight.

The first state to regulate security salaries of those island which passed the statute in 1910.

Canadian Cold Slithers Down Across Plains

By The Associated Press

A big mass of cold air spread across wide areas of the country today, dropping temperatures far below zero in northern border areas and to freezing in some southern sections.

The core of the Arctic air was centered in the northeast plains but the severe cold extended across extreme northern sections. The mercury slid to 19 degrees below zero in Grand Forks, N. D., as the Canadian cold air spread into the middle part of the country.

Colder weather was indicated for much of the eastern half of the country. From the icy air in the northeast plains, temperatures ranged from about zero in the extreme North to the 30s and 40s in the South.

Odebolt, Iowa, in Sac County which led the popcorn canning of the world.

Settle Back Rent Suit Against Hitchcock

A 1959 foreclosure lawsuit against State Rep. John C. Hitchcock, D-Hazel Park, was settled in Oakland County Circuit Court yesterday when the defendants agreed to pay back rent.

Charles C. and Harriett H. Mack filed suit in January 1959 demanding \$6.89 in back payment of rent the Macks said Hitchcock and his wife Bernice M. owed them on a land contract entered into Nov. 22, 1955 for a 1½-acre parcel leased by the Hitchcocks.

Based upon the agreements of both sides, Circuit Judge William J. Beer dismissed the suit.

Raised His Own Band

Stamps Outfox Gummied-Up Mail 'Brain'

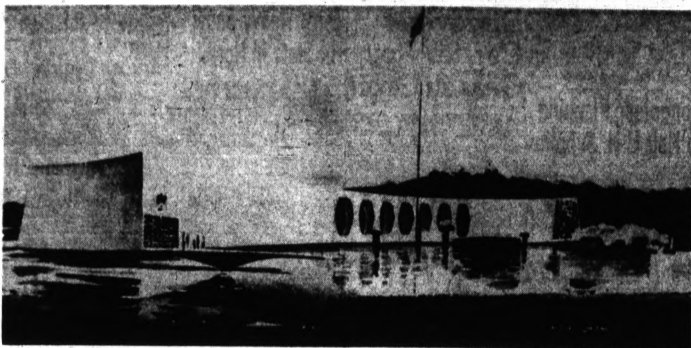

PROVIDENCE, R.I. (P)—The new Providence post office is not only automatic, it's un-problematic—it accepts foreign stamps just as fast as it does legal American postage.

This came to light when Salvatore D. Agostino of Boston, a former Canadian resident, received a letter from a friend in Providence which traveled through the automated post office. It bore a Russian stamp.

In a subsequent testing of the system, more than a dozen letters carrying stamps from Rome, the Vatican, New Zealand and a series of Olympic Games stamps slipped through the canceling machines, passed the eyes of postal clerks and were delivered in Providence, Warwick and Woonsocket on schedule.

A postal official said it is impossible for the electronic equipment in the post office to distinguish U.S. stamps from others.

Trading stamps, Christmas seals, homemade drawings of stamps, canceled American stamps—all are given to the postman of automation's engineers.

MEMORIAL TO THE ARIZONA — This is an artist's conception of the USS Arizona Memorial being constructed over the sunken and rusted hulk of the battleship which went down with

1,102 lives at Pearl Harbor 19 years ago. The estimated cost of the partly-completed project is \$500,000, of which \$300,000 has been raised.

Labor Party Approves

LONDON (AP)—The Labor party's parliamentary delegation Wednesday approved a defense motion emphasizing Britain's obligations to the Western Alliance and the need to maintain her own nuclear deterrent. This action constituted a victory for party leader Hugh Gaitskill and his moderate followers in the party.

College Grand Totals Up 5.5 Per Cent

Enrollment Sets Record

CINCINNATI, Ohio (UPI)—College and university enrollment hit an all-time high this year for the

eight consecutive year, Dr. Garland G. Parker, University of Cincinnati registrar, reports.

The first annual enrollment survey made for School and Society, an educational journal, indicated 1,016 accredited universities and four-year colleges had 2,039,854 full-time students while there was a grand total of 2,942,541 full and part-time students.

In 1959 institutions reporting both this fall and a year earlier, there were increases of 6.5 per cent in full-time students and 8.5 per cent in grand totals.

In previous years, Dr. Raymond Walters, University of Cincinnati president emeritus, made the report but due to his illness, Dr. Parker compiled the figures this fall.

"LARGE-SCALE JOB"

"The impact of mounting numbers on higher education is reflected in the fact that all types of institutions covered in this survey show full-time and total enrollment increases, he said.

"The big schools continue to get bigger but so do the smaller ones. Higher education appears to be increasingly a matter of large-scale production.

Dr. Parker noted "significant increases in freshman enrollment." The 856 institutions reporting in 1959 and 1960 had 455,269 freshmen this fall, for a gain of 11.4 per cent.

"Freshman figures are important not only because they indicate trends in professional choices but also because they presage future full-time and total enrollments," he said.

Dr. Parker noted that freshmen training to be teachers are up 11.7 per cent over last year for the largest increase for any freshman group. The 1959 increase over 1958 was 6.3 per cent.

"The oncoming rush of students now in the elementary schools will create demands for many more teachers than we have in service and in preparation," he said.

"The critical national need in this field is one which deserves and demands our serious attention."

With the University of California unable to report full-time figures in time for the study, the nation's 25 largest institutions in full-time enrollment were:

State University of New York 31,809, College of the City of New York 31,909, Minnesota 28,277, Illinois 25,900, Wisconsin 24,007, Michigan State (East Lansing) 23,375, Ohio State 22,948, Texas 21,186, Michigan (Ann Arbor) 20,803, Indiana 17,800, Pennsylvania State 17,787, Purdue 14,731, New York University 14,401, Washington (Se-

Doesn't Expect Spending Hike

Dem Congress Should Give Kennedy Budget Fine-Tooth Comb

WASHINGTON (AP)—Sen. Carl Hayden, D-Ariz., said today he does not expect any substantial increases in government spending under the John F. Kennedy administration.

Hayden heads the Senate Appropriations Committee which has a powerful voice in determining how much money will be made available for government programs.

To get some advance line on what these programs will entail after Kennedy is inaugurated in January, Hayden said he expects to confer soon with David E. Bell, the president-elect's choice for budget director.

"I expect to tell him he isn't going to get all of the money from Congress he requests," Hayden said with a grin.

Hayden said in an interview he expects the Democratic Congress to be just as exacting in examining Kennedy's budget proposals as it has been in coming those submitted by President Eisenhower.

Vice President Richard M. Nixon, the defeated Republican candidate, charged during the presidential campaign that if Kennedy attempted to carry out the promises made in the Democratic platform he would have to increase federal spending by billions of dollars.

Kennedy replied this wasn't so. But he said he would spend more on defense and some other activities than the Eisenhower administration has.

Hayden indicated he doesn't believe Congress will be in the mood to run up any large deficits unless there is some unforeseen national emergency.

"There's a limit on the amount that can be spent," Hayden said. "There is always the big question of where the money is coming from."

Road Death Rate 4th Among 8 Big States

LANSING (UPI)—Secretary of State James M. Hare said Michigan ranks fourth among eight leading industrial states in number of traffic fatalities per billion miles of highway travel.

He said a National Safety Council survey listed 40 deaths for every billion miles of travel within Michigan boundaries.

Illinois and New York showed 38 deaths per billion miles, Pennsylvania was next with 40, and Ohio, Texas, Indiana and California were the industrial states having worse records than Michigan, Hare said.

California, with 32 deaths per billion miles of travel, had the worst record, Hare said.

Children's Yule Toys Should Be Safe for Play

NEW YORK (UPI)—Past Santa's helpers: Insist that all toys bought for children are safe-incapable of

causing fire, shock or explosion. Your best assurance of getting a safe electrical toy is to look for the U.L. (Underwriters Laboratories) label or tag.

Shakespeare wrote "Romeo and Juliet" in 1595.

His Oratory Bored Her

LONDON (UPI)—Justice Filcher did not indicate whether he was annoyed or his pride was hurt when he had to interrupt court proceedings Tuesday to have a snoring woman led from her seat.

PET DOCTOR
By A. W. Moller, D.V.M.

Q. We have two Lady Gould finches. We would like some information regarding the proper care of these birds. Mrs. R. Schumann, Brooklyn, N.Y.

A. The Lady Gould finch has been properly called the "King of Finches" because of its coat of many brilliant colors. A native of Australian forests, it is easily bred in captivity.

Because of its unusual ability to maneuver through very narrow bars, you should be sure to purchase a special finch cage. Its main diet is finch seed, which contains mostly millet and canary seed.

Small insects and greens are delicacies. When buying a finch, make sure you get an acclimated bird as new arrivals may have difficulty adjusting to our climate. Pet stores carry many books on the care and feeding of finches.

Castro Spends Heavily on Latin Hate Campaign

SANTIAGO, Chile (AP)—Fidel Castro is waging a costly all-out hate campaign in South America against the United States.

He is spending heavily on a propaganda drive designed to undermine U. S. prestige and to praise the Cuban revolution.

As one U. S. diplomat said: "Castro is blaming Uncle Sam for everything bad, and inciting the people to revolt as did the Cubans."

At Caracas, Venezuela, anti-government demonstrators marched through the streets shouting "Cuba si, Yankee no."

Touring U. S. governors were greeted by anti-American and pro-Castro demonstrations at Brasilia and Sao Paulo, Brazil.

At Cochabamba, Bolivia, students chanted "Cuba si, Yankee no" as U. S. Ambassador Carl W. Strom spoke at the University of San Simon at the university's invitation.

"CUBA SI, YANKEE NO" During an anti-government demonstration in Santiago, students went out of their way to pass by the U. S. Embassy and shout "Cuba si, Yankee no."

These are a few examples. The demonstrators are not Cubans. They are usually students who have been stirred up by pro-Castro propaganda.

But there is more to the Cuban campaign than slogans and marching. Cuban ambassadors take an ac-

tive part. They speak to workers and hand out propaganda pamphlets that pour into South America by the ton. Castro's speech before the United Nations was widely distributed. Money is handed out to further the cause.

In Chile, Cuban Ambassador Juan Jose Diaz y del Real makes rabble-rousing speeches before copper and coal miners. Cuba's donation of sugar to Chile's earthquake victims came with strings attached. Propaganda leaflets were handed out with the sugar which was not turned over to the Red Cross or other recognized relief agency for distribution, but to the leftist Central Labor Federation.

TOURIST BOLIVIA Jose Tabares, Cuban ambassador, has traveled around Bolivia praising the Cuban revolution and showing propaganda films. Independent newspapers in La Paz jumped on him with both feet, but the Bolivian government did not.

Soviet and Chinese propaganda in South America is mild in comparison. They have sent ballet and opera and exchanged students. Cultural missions have come and gone.

But there seems little doubt that the Cubans' tactics have the blessing of the Communists. Much of the Cuban propaganda reflects the Communist hand.

El Siglo, the official Communist newspaper here, spares no type or space to give the Cuban propaganda a big ride.

Asks Dependent Stay Overseas

Episcopal Group Wires President to Protest Separation Order

NEW YORK (UPI)—The National Council of the Episcopal Church has asked President Eisenhower to reconsider his order that the number of servicemen's families overseas be reduced.

"While we are not qualified to pass judgment upon the question of the drain upon American gold to which this action is directed, we do see the socially damaging results to family life," the council said in a telegram to Eisenhower after its quarterly meeting in Los Angeles.

The group asked whether it was equitable for men who must live abroad to be separated from their families, while other men take their families abroad for pleasure without governmental limitation.

Farm Picture Looks Gloomy

MSU Economists Cite Reasons Why 1961 Will Be a Slow Year

EAST LANSING (U) — Farm economists at Michigan State University incline on the side of pessimism as they look toward 1961.

Members of the department of agricultural economics offer this 11-point forecast of the farm picture next year.

They see:
Continued pressure in the cost-price squeeze, uneven activity in the general U.S. economy, steady to slightly higher consumer prices.

Farm income declining slightly if weather is average. Prices paid by farmers staying about the same as 1960.

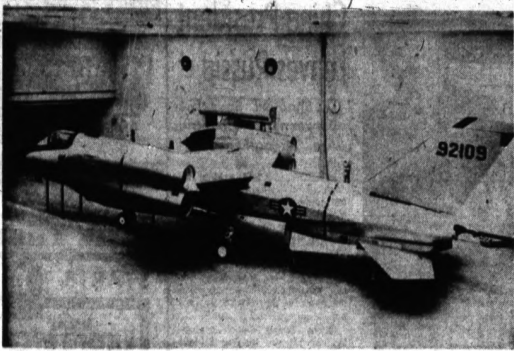

Feed grain prices continuing low with corn selling for about \$1 a bushel.

Farm prices on dairy products averaging about the same as 1960.

Livestock prices on the decline. Cattle and lamb prices averaging moderately less than in 1960. Hog prices holding up above or near 1960 levels until late in the year.

Wool prices declining in 1961. Broiler prices about the same or possibly one or two cents lower. Lower turkey prices also in prospect.

Prices for the 1960 wheat crop 1960.

NO RUNWAY NEEDED — This is a mock-up model of a vertical-takeoff jet fighter-bomber being developed by Bell Aerosystems Corp. of Buffalo, N.Y. The planned aircraft, the D188A,

would have eight jet engines, take off and land vertically like a helicopter and fly at twice the speed of sound, Bell said.

To Be Tried Jan. 10 in Bomber Theft

NORFOLK, Va. (UPI) — Robert H. Swain, 34, will go on trial Jan. 10 for stealing a four-engine Navy bomber in San Diego and flying it to Shreveport, La.

Swain, a veteran of 18 years in the Navy, still has not said why unit and took off by himself.

he took the plane. He is a machinist mate, not a pilot.

The official charge before the court-martial board is "wrongful appropriation of a F375 aircraft."

Swain was a member of a Norfolk unit which had been assigned to ferry the antisubmarine patrol plane from San Diego to Jacksonville, Fla.

At San Diego, he was restricted to the base for disciplinary reasons but eluded other members of his unit and took off by himself.

Colleges Enroll 3.61 Million

Record 9th Consecutive Yearly Gain in 6.1 Pct. Rise Over Fall of 1959

WASHINGTON (AP) — Fall enrollments reported by the nation's colleges and universities totaled a record 3,610,007 for the beginning of the 1960-61 scholastic year.

Announcing this today, the Office of Education said the number of full-time and part-time students was 6.1 per cent greater than in the fall of 1959. This was the ninth consecutive yearly increase.

Further increases are forecast as the number of college age youth increases in a reflection of the higher number of births since the early 1940s.

The number of students enrolled in college for the first time rose to 529,823 this fall, a jump of 12.4 per cent over last year.

This fall's students included 2,706,560 men, or 4.3 per cent more than a year ago, and 1,329,967 women, an increase of 3 per cent.

Mrs. John R. Ramsey was the first woman to drive an automobile coast-to-coast. In 1960 she drove from San Francisco to New York.

Even in Death, These Oldsters Seem Desolate

NEW YORK (UPI) — The old couple lay side by side, united but as desolate in death as they were in life.

James and Fabiola Antonelli lived in a meager apartment and they could not afford electricity even though they lived in the middle of Manhattan. They used a kerosene lantern for a light.

Monday, Mrs. Antonelli, 57, apparently died of a heart attack. Her partially paralyzed husband, 60, apparently dropped the kerosene lantern in attempting to care for her.

Firemen found the apartment in flames. Mrs. Antonelli was dead, her husband critically buried. He died Monday night.

Upper Michigan Miners to Get 7-13 Cts. Pay Hike

NEGAUNEE, (UPI) — Upper Peninsula mining range workers this month will get a 7-to-13-cent-an-hour pay increase as result of last January's steel industry labor contract. But it was announced Monday a no other long-operating mine is closing.

Nurse Wants Credit Where Credit Is Due

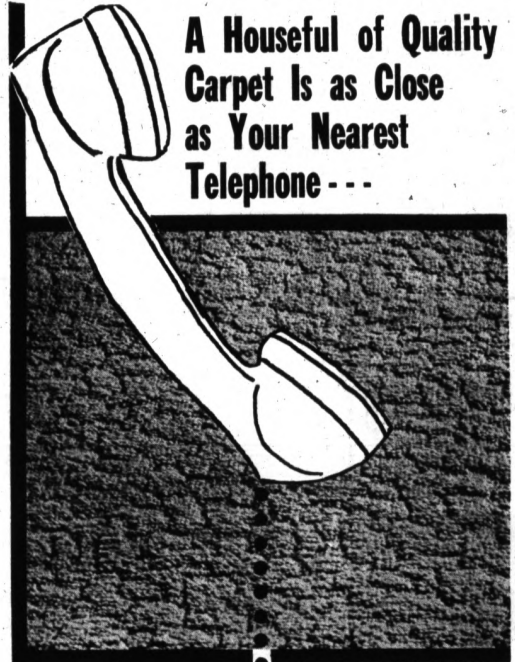

WASHINGTON, (UPI) — Mrs. Joan F. Kennedy's Nurse, Miss Luella Hennessey, is miffed — to say the least.

A weekly magazine and some news dispatches have described her as a "practical nurse."

The blue-eyed nurse said, somewhat perturbed, "I am an RN (registered nurse) and I earned it."

The Volunteer Mine at Palmer, an open pit mine in operation since 1925, is closing. The Pickands-Mather Co. mine produced 100,000 tons of ore annually but production is now down to 20,000 tons annually.

The pay boost will give several thousand miners a wage above the national average of \$3.11 an hour.

Deaths in Pontiac and Nearby Areas

MRS. MYRTLE A. BORGMAN
Mrs. Myrtle A. Borgman, 72, of 2200 Oakley Drive, Waterford Township, died unexpectedly yesterday at her home.

Surviving are a daughter, Florence L. Rose of Detroit, and a sister.
Service will be held at 11 a.m. Friday at Coats Funeral Home, Drayton Plains with burial in the Drayton Plains Cemetery.

CECIL R. BURDER
Service for former Pontiac resident Cecil H. Burder, 52, of Clearwater, Fla., will be held at 2 p.m. Friday in Clearwater.

A member of All Saints Episcopal Church, he owned and operated a gas station on Joslyn Avenue prior to moving to Florida.

Surviving are his wife, Ethel; a daughter Mrs. Alfred O. Mitchell of Pontiac; three brothers, William of Pontiac, Frank and James, both in Florida; and three sisters.

Mr. Burder died Tuesday at the Meriton Plant Hospital in Clearwater after an illness of six months.

DAWN M. KALAO
Prayers were offered this afternoon at the Farmer-Snow Funeral Home for Dawn Marie Kalao, infant daughter of Mr. and Mrs. James Kalao of 117 E. Rutgers St. Burial was in White Chapel Memorial Cemetery.

Surviving besides the parents are a brother Terry, and sisters Cynthia and Jacqueline, all at home.
The baby was born Tuesday and died Wednesday at Pontiac General Hospital.

ARTHUR H. THARP
Service for Arthur H. Tharp, 55, of 400 Brooks Ave., will be held at 1:30 p.m. Friday at the Voorhes-Siple Chapel. Burial will follow in Oakland Hills Memorial Cemetery.

Mr. Tharp died Tuesday at St. Joseph Mercy Hospital after a long illness.

ELLIS THOMPSON
Word has been received of the death of Ellis Thompson, 73, of Romeo and John of Washington;

father of Percy L. Thompson of 38 S. Jessie St.
Mr. Thompson died Wednesday afternoon of a heart attack at his home in Spencerville, Ohio.

LELAND SMITH
Former Pontiac resident Leland Smith, 6192 Cass Ave., Grand Blanc, died at St. Joseph Mercy Hospital, Flint, yesterday.

A former employee of Fisher Body Division here, he was a member of Veterans of Foreign Wars 1370.

Mr. Smith, 65, leaves his wife, Hazel; a son Ray of Alma; stepsons Robert Alexander of Mt. Morris and Gerald Updegraff of Waterford; three grandchildren; three great-grandchildren; a brother, Lisle of Drayton Plains; and three sisters, Mrs. LaVerne Webb of Pontiac, Mrs. Marian Cannon in Florida and Mrs. Iva Smart of Detroit.

MRS. FRED E. GERMAN
FARMINGTON TOWNSHIP — Service for former Farmington Township resident Mrs. Fred E. (Lela V.) German, 74, of Dearborn, will be at 1:30 p.m. tomorrow at the Spencer J. Heesey Funeral Home, Farmington. Burial will be in Franklin Cemetery, Franklin.

Mrs. German was dead of a heart attack on arrival Tuesday at Wayne County General Hospital, Detroit. She was a member of the Walld Lake Methodist Church and the Oakland County Farm Bureau.

Surviving besides her husband are three daughters, Mrs. Alice Rahms of Lansing and Mrs. Grace Sierra and Mrs. Freda Williams, both of Dearborn; a son, John German of Dearborn; and seven grandchildren.

MRS. HERMAN STREUBER
ROMEO — Service for Mrs. Herman (Anna) Streuber, 77, of 112 Perry St. will be at 2 p.m. tomorrow at St. John Lutheran Church. Burial will be in Romeo Cemetery.

Mrs. Streuber died Tuesday at the Community Hospital after a long illness. Her body is at Wilbur's Funeral Home.

Surviving are two sons, Edwin of Romeo and John of Washington;

a daughter, Mrs. Bernard Christy of Flint; two brothers, Charles Schmidt of Rochester and John Schmidt of Clawson; two sisters, Mrs. Martha Holbert of Attica and Mrs. Elizabeth Lobzien, Romeo; eight grandchildren and two great-grandchildren.

The unidentified man Wednesday night caught the elevator on the 10th floor, rode down, and escaped through the crowded lobby—attired in only his underwear.

He later told firemen he once had to jump into a life net from the 10th floor of a burning hotel.

Well-Ventilated Tenant Plays It Cool in Blaze
CHATTANOOGA, Tenn. (AP)—When a minor fire broke out in the heating duct of a downtown hotel, firemen said they found a man who doesn't believe in taking chances.

The unidentified man Wednesday night caught the elevator on the 10th floor, rode down, and escaped through the crowded lobby—attired in only his underwear.

He later told firemen he once had to jump into a life net from the 10th floor of a burning hotel.

Promise to Probe Vote Irregularities
DETROIT (AP)—Election officials in Detroit and Wayne County have promised to investigate 11 alleged election irregularities reported by Republican State Chairman Lawrence B. Lindermer.

Lindermer turned the complaints over to the officials Wednesday.

They included the charge that one voter was told to vote Democratic when he asked for instructions and that other voters were listed from nonexistence addresses.

The officials said offenders would be prosecuted if warranted after the investigation.

Congo Would Crumble if U.N. Left, Says Dag
UNITED NATIONS, N.Y. (AP)—East and West resolutions on the arrest of left-leaning Patrice Lumumba, deposed Congo premier, Hammarikjold lashed back at Soviet charges that he had been a tool of Western interests in the Congo crisis.

Denying he had compromised the principles of the United Nations for political advantage, Hammarikjold said: "It has not been done and it will not be done with my knowledge or acquiescence. I can only repeat what I would rather like to see of the office of the secretary general break on this principle than drift on compromise."

The secretary general warned that it is dangerous to spread the claim that the U.N. Congo operation has failed or faces failure.

"What is now laid at the door of the United Nations as a failure is the failure of the political leaders of the Congo and of the people to take advantage of the

unparalleled international assistance for the creation of normal political life within the country," he asserted.

Hammarikjold deplored the arrest and treatment of Lumumba by Congolese authorities. But he declared that the facts should be placed in the "total perspective of the tragic and confused history of the Congo after its independence."

Beat and Rob Royal Oak Youth on Pontiac Street
An 18-year-old Royal Oak youth was beaten and robbed of \$20 shortly before 11 p.m. last night at the intersection of Saginaw and Huron streets.

The robbery victim, Allen L. Eaton, told Pontiac police the three hoodlums, all in their late teens, asked him "for a quarter," then roughed him up.

In addition to his wallet, they took a high school class ring, he said.

The strong-arming was witnessed by a taxi cab driver, Wilburn St. Clair, 315 N. Saginaw St., who radioed to police headquarters, then drove Eaton to the Public Safety Building to make a report.

Napoleonic Hairdos Were Staggering
NEW YORK (UPI)—By the time of Marie Antoinette, males were admired for the length of their curls and women for the height of their coils.

One manufacturer of beauty products reporting this bit of historical information, also said that if the beehive hairdos seemed outlandish in contemporary times, it's a molehill compared to earlier mountainous hairdos.

Coils rose four feet and hairdressers stood on ladders to make them.

Large U.S. Military Cemetery Dedicated
MANILA (AP)—The largest U.S. military cemetery abroad, stretching out over 192 acres, was dedicated here today. A total of 11,182 American dead of the Pacific war are buried there, and another 36,719 listed on "The Walls of the Missing."

To the roll of drums and the music of hymns, soldiers laid wreaths at a memorial chapel on a grassy knoll overlooking Manila. Ceremonies were held on the 19th anniversary of the Japanese attack on Pearl Harbor, celebrated on Dec. 8 here because of the time difference.

"They were my comrades," said white-haired Gen. Walter Krueger, whose 6th Army drove the many silent, rigid, upturned faces of the fallen will never be erased from my memory as long as I live. I shall never forget their courage and devotion unto death.

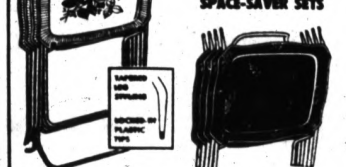

Americans spent an estimated \$12 billion last year for candy and consumed an average of 64 pounds per capita.

Chiefs Begin Valley Defense at Arthur Hill

By BILL CORNWELL
Pontiac Central, proud ruler of the Saginaw Valley's basketball domain, opens defense of its conference championship Friday night against dangerous Arthur Hill High School on the Hillside court.

Chuck Fowler's Lumberjacks, always troublesome for the PCI coach, could be more than the Chiefs can handle at this early date in view of Central's dismal showing against Grosse Pointe last Saturday.

The Chiefs absorbed a convincing 44-42 licking from the Pointers on their own floor following an opening night 71-65 triumph at Dearborn's Edsel Ford and the defeat put a considerable bit of tarnish on their reputation.

Veteran PCI coach Art Van Ryn also hopes that the loss hurt their pride severely enough to make them a much better outfit tomorrow.

"These kids are still trying to live on their reputation of the past two seasons and Grosse Pointe showed them that they can't do that," Van Ryn said. "Every season is a new and different one and these boys will have to play their best because the opposition won't roll over and play dead."

Arthur Hill enters the game with a 2-6 record. The Lumberjacks scored a 32-29 victory over Ana Arbor in their season opener last Tuesday conquered Bay City Handys, 55-42.

Van Ryn, who scouted the Hillside both times, has this to say about them:

"They're aggressive and quick to capitalize on the other team's mistakes. We'll get licked for sure if we make as many errors against them as we did against Grosse Pointe."

What's the status of George Feil? Van Ryn still doesn't know exactly, but he hopes that the minute 6-foot-3 rebounding ace will be able to see some duty tomorrow night.

It's no secret that the Chiefs are badly in need of Feil's many talents. They got by without him in the Edsel Ford contest because the T-Birds were not a

strong club, but against a highly capable squad like Grosse Pointe, his absence was only too painfully felt.

Fed has been taking light workouts with the Chiefs this week, but his right thumb, broken in the Flint Central football game, is still in a protective cast and when it officially comes off remains in doubt.

"George may see limited action tomorrow," Van Ryn said, "but it's extremely doubtful that he'll be able to go the full 32 minutes. His thumb is still fragile from the injury and it obviously handicaps him in the heat of battle."

Assuming that Feil spends most of the evening on the bench, Central's hopes for turning back the Jacks will ride largely with six players — big Bradell Pritchett, Clarence Douglas, Andy Roach, Bob Smith, Dick McCauley and Dennis Diehm.

Roach and Diehm were the brightest spots in Central's loss to the Pointers. In contrast to this, the performances of the rest of them were very disappointing.

The Chiefs should need little incentive for victory. A year ago they carried a seven-game win-

ning streak onto the Arthur Hill floor and walked off on the short end of a 48-41 score as they made their worst showing of the 1959-60 season.

Arthur Hill has good height and operates in a rough-and-tough manner around the backboards, spearheaded by 6-4 forward Kurt Schultz, 6-4 center Ladd Bauman and Craig Dill, a rangy 6-8 jumper. Jerry Calkins, who stands 6-2, is the team's leading scorer.

The Chiefs are gunning for their third straight Valley crown and 4th in the last five years, a truly brilliant record. They'll have to show more class than they did against the Pointers or the goal will never be reached.

Two other Valley games are scheduled tomorrow evening as the 1960-61 league campaign officially gets under way. Saginaw, pre-season favorite to dethrone PCI, invades Flint Northern while Flint Central travels to Bay City Central.

Hike Price of Grid Ducats

Big Ten Has Solution to Ever-Rising Costs

CHICAGO (AP)—Big Ten athletic directors Wednesday recommended a simple plan to boost income by thousands of dollars—raise the price of football tickets.

Biggie Munn, chairman of the directors group, said the proposal will be put before the governing boards of each school. There is no indication that it will not be accepted.

"The recommendation is being made in the light of increasing costs of running athletic departments, which, naturally, includes the whole sports program," Munn said in describing the only action taken at the opening of a four-day Big Ten winter business party.

"The ticket increases would be in effect for the 1961 season. It will be up to each school to determine how much they will be. But it is safe to say there won't be a boost in excess of \$1."

Generally, football tickets in the Big Ten cost \$4 each, but the range has run from \$4 to \$4.50 at Michigan and \$3-\$4.50 at Ohio State.

Working toward a more "cohesive and understanding" approach to football officiating, a committee was set up to study movies of 1960 Big Ten games with an aim of better understanding by coaches

of officials' procedures. Three officials and three coaches, yet to be named, will make up the committee.

Palmer Gets Final Chance for Record

MIAMI, Fla. (AP) — Arnold Palmer gets his final chance to better his own record for prize money for a year in official PGA tournaments in the 72-hole Coral Gables Open golf event starting today over the Biltmore Course.

The husky Lancaster, Pa., pro already has picked up checks totaling \$74,776.86. He had passed the old mark, held by Ted Kroll of Fort Lauderdale, Fla., two weeks ago when he won \$2,000 first money in the Mobile, Ala., Open.

Last Sunday at West Palm Beach he failed to a 74 for his final round, winding up in a tie for fifth place and collecting \$660.06 for his effort.

The current tournament is the final 72-hole event on the year's golf calendar.

Avondale Opens Friday; Holly at Bloomfield Hills

By DON VOGEL

Avondale can expect to have low plenty of trouble when the Yellow Jackets open the basketball season at home Friday night against Troy.

Troy is the favored team in the Oakland B League. A close victory over Madison last week raised some eye brows around the league because Madison was not expected to be very strong this season.

The fact the visitors have played on game will give them the edge over Avondale. But the Yellow Jackets are also highly rated in the league. Coach Dick

Bye has a good nucleus in Lee Bourde, 6-6, Jim McDonald and Tim Burt.

Friday night's action is not as heavy as usual because several teams will be idle.

Lake Orion hopes to find the winning combination against Madison at home. The Dragons were rudely defeated by upstart Oak Park their opener.

Fitzgerald travels to Clawson in the other Oakland B game. Oak Park is idle.

Holly, top contender in the Wayne-Oakland, hopes to make Bloomfield Hills its third straight victim on the Barnes' court. The case with which the Broncos downed West Bloomfield and Pontiac indicates they deserve the high rating.

Clarkston, the team expected to challenge Holly, should have little trouble posting its second league win at Clawsonville. West Bloomfield hopes to get untricked at Milford, but this could prove difficult. Northville is at Brighton in the other W-O contest.

Three Inter-Lakes teams—Waterford, Berkley and Pontiac Northern—are idle Friday night. Non-league contests will have Cranbrook looking for its initial victory at Walled Lake, Southfield at Ferndale and Farmington traveling to Birmingham Groves.

PNH makes its cage debut Saturday night at home against Rochester. The Huskies, defending champions, are favored to capture the I-L crown.

Rochester must get past Romeo

Friday night before meeting PNH. This Tri-County contest must be raised a toss up. Rochester lost its opener to Walled Lake by one point. Romeo is 1-1. The game is at Rochester.

The other Tri-County contest is L'Anse Creuse at Lapeer. League power Roseville stays outside the loop to play at East Detroit.

If last week's opening night action in the Suburban Catholic League is any indication, this season's race should be a close one. Although St. Frederick and Orchard Lake St. Mary were upset last week, these teams are expected to win Friday.

St. Benedict plays at St. Frederick and the Eagles are at St. Clement. St. Michael travels to St. Rita. St. Mary plays on the St. James floor.

The South Central Conference opens play with Oxford at favored Imlay City and Ortonville at North Branch. The Spartans are expected to have much trouble against the Wildcats.

But Ortonville, hampered by injuries, could run into serious trouble at North Branch. The Black Hawks are slight favorites.

The big clash in the Southern Thumb takes place at Brown City. Visiting Capac is rated the league power. But Brown City is given a good chance of taking it all. Almost is at Armada. Dryden at Memphis and New Haven at Anchor Bay in other contests.

Royal Oak Dendore might have trouble plying its third win. Dearborn leads Avondale into its season opener Friday night at home against Troy. Oakland B co-champion last year. He averaged 9.5 points per game in 1959-60.

Georgian Takes Lead

BRADENTON, Fla. (AP) — Alred Adams, a 33-year-old tobacco jobber from Macon, Ga., took the lead Wednesday in the \$100,000 first annual Left-handed Open Golf tournament.

PNH Tankers Win, 65-40; Ferndale Trims Bluejays

Pontiac Northern won its second swimming meet of the season by sinking University High of Ann Arbor in the Huckle pool yesterday afternoon, 65-40.

In another meet between two Oakland County swim powers this season, Ferndale nipped Southfield 55-49 in the Bluejay pool.

Fitzgerald of the North Suburban League, lost a 52-48 meet to Royal Oak Kimball, a power in the Eastern Michigan League.

PNH scored victories in seven events with Chuck Gross winning the backstroke and 200 individual medley. Another double winner was Rick Stewart in the 300 and 400 freestyle. Both Huskie relay teams were winners.

Southfield was the winner in six events and Ferndale in five but slighter better depth proved the difference.

Ferndale's all-county and all-state swimming ace, Larry Jacobson, won the butterfly in 3:14 and the 200 individual medley in 2:23.

Kimball shattered four Fitzgerald pool records, with Keith Brockman of the host team setting a variety mark in the 50 freestyle in 1:14. Brockman also won the 100 in 1:57.

Diving star Ed Boothman of Kimball broke the pool record set by Pontiac Northern's Bill Ratliff with 721 points.

Team starts dual competition in the Saginaw Valley against powerful Arthur Hill Friday night in the PCH pool.

THUMB BALL — The ball bounces off the thumb of Gene Shue (21) of the Detroit Pistons as players appear to be gazing into space in the first period of the Detroit-St. Louis pro basketball game last night at the Olympia. Detroit players are Jackie Moreland (behind Hawk McCarty, 15) and Chuck Noble (14). Detroit won, 113-83.

AF Wirephoto

Pistons Bomb Hawks, Set Rebound Record

By The Associated Press

In these days of astronomical figures, the news that a National Basketball Association team scored only one field goal in a quarter transcends such top individual performances as 40 by Dolph Schayes and 38 by Oscar Robertson.

It happened Wednesday night when the St. Louis Hawks, pace-setter in the Western Division, tallied only one goal and a total of eight points in the second quarter as they bowed to the Detroit Pistons 113-83.

Schayes, who holds most of the league's career records, came up with 40 in leading the Syracuse Nationals to a 142-124 triumph over the Boston Celtics. And Robertson came up with 38 in Cincinnati's 114-112 decision over the Los Angeles Lakers.

After playing to a 23-23 deadlock through the first quarter, the Hawks' attack came to a virtual standstill. Detroit ran up its advantage to 24-24 before Cliff Hagan connected with St. Louis' lone goal of the period. The single basket and the total score for the period established dubious records for the Hawks. The Pistons also hung up an NBA mark for rebounds in one period by grabbing 38 in the second quarter. The old standard was 35.

Rayley Howell ended up as Detroit's high man with 25 points. Bob Pettit was tops for the Hawks with a mere 15.

Six straight points in the closing minutes by Robertson carried Cincinnati to victory.

Lounge Upsets Royals, 60-54

The Lakeside Royals, Class A City League basketball champions in 1957 and 1958, were upset by the 300 Lounge, 60-54, last night at Pontiac Central.

The Lounge had no cage in double figures, but three players each tallied nine points and two others made eight apiece to pace a well-balanced attack. Felix Brooks netted 15 points for the Royals.

Five Avondale cagers hit double figures, topped by Carl Mastromonte, 16 points, as the Avon Merchants drubbed the Baldwin Merchants, 62-47, in a Class B game at PCH.

In Class C openers at PNH, Don Scott scored 13 points to lead Smith Puel to a 39-35 victory over the Pontiac Police and Roy Reynolds tallied 17 points to feature Town & Country's 51-41 verdict over Booth Builders.

Two games are slated tonight at PCH. Police Market meets Deol's Service in a Class C game at 7 o'clock, followed by a Class B contest at 8:30 between Griffin's Grill and the Baldwin Merchants.

Wings Down Rangers to Take 2nd

Young Bassen
Featured Again
in 3-1 Victory

Delvecchio Scores Two,
Canadiens Gain Sixth
Straight Win

By The Associated Press
Hank Bassen, Detroit goalie who celebrated his 28th birthday Tuesday, isn't supposed to be the regular net-minder for the Red Wings. But he's doing a pretty good job of keeping Terry Sawchuk on the bench.

Detroit has won four out of six games from the New York Rangers this season, and Bassen was goalie in each victory. Sawchuk was out there when New York won.

Detroit beat New York 3-1 Wednesday night and moved into second place ahead of the Toronto Maple Leafs, who were handed a 5-1 setback by the National Hockey League's leading Montreal Canadiens.

Bassen shared most valuable player honors with players from Vancouver, in the Western Hockey League last season. Detroit drafted him for \$20,000 in June, figuring that he'd be able to give Sawchuk an occasional rest.

Detroit has won 13 games, and Bassen has been goalie in eight of them. He has been net-minder in two losses, and three ties.

Alex Delvecchio made two Detroit goals, the last 25 seconds from the end when New York yanked goalie Gump Worsley in an attempt to gain a tie. Delvecchio poked the puck into the open net.

Bertie (Boom Boom) Geoffrion of Montreal was the star for the Canadiens as he tallied two goals and became the fifth highest scorer in NHL history.

Montreal scored four goals in the first period, two by Geoffrion, running his career total to 271. In moving into the fifth, he passed his late father-in-law, Howie Morens, and Aurel Joliat, former Canadiens who were tied with 270 apiece.

Geoffrion leads the NHL individual scorers this season with 17 goals and 28 assists. In order, the four highest all-time NHL scorers ahead of Geoffrion are Maurice Richard, Gordie Howe, Ted Lindsay and Neil Stewart.

Montreal now has won six straight since goalie Charlie Hodge relieved the injured Jacques Plante. The Canadiens are five points ahead of Detroit.

Ailing Norris Next in Ring Probe

WASHINGTON (AP) — James D. Norris learns today whether he must face in public or in private the Senate investigators who have associated him repeatedly with hoodlum Frankie Carbo in the inner circle of the prizefight business.

Norris was the country's foremost boxing promoter for a decade until he quit the sport last fall. His attorney asked permission for him to testify in the presumed tranquility of a closed hearing.

Physicians who have treated Norris say the tension of a public hearing might precipitate another heart attack. Norris already has been stricken twice, they reported.

Sen. Estes Kefauver, chairman of the subcommittee seeking a legal deterrent for an alleged underworld tangle on boxing, said a decision would be announced this morning.

Through ex-middleweight champion Carmen Basilio, promoter-manager Jack Kearns and former New York manager Herman (Tyrone) Mike Walman, the investigators Wednesday linked Norris and Carbo in discussions of boxers and bouts.

Norris, who owns Chicago Stadium, headed the International Boxing Clubs until they were dissolved by the Supreme Court in 1954 for monopolizing championship fights. He then headed the club's Chicago successor before pulling out altogether.

Carbo long has been described in side of the mouth conversations as the underworld's Mr. Big of prizefighting. He is now serving a two-year sentence for undercover managing and matchmaking.

Kearns' subcommittee heard Kearns, the ageless holdover from the heyday of Dempsey and Tunney, say he has been dealing with the Teamsters Union as well as the AFL-CIO on a project to unionize the entire boxing industry.

Kearns went so far as to recommend his chief interrogator, special subcommittee counsel John G. Bonomi, as commissioner of boxing if Congress should place the sport under federal control.

Explaining his previously disclosed receipt of at least \$137,000 from Norris - controlled firms, Kearns said he received \$500 a week for general assistance in public relations and fight arrangements.

Both he and Walman said Norris and Carbo had socialized and talked business in their homes. Kearns said he heard after it was all over that Norris and Carbo had picked Teddy Brenner as matchmaker for St. Nick's arena in New York while chatting on the patio of his place in Florida. Walman called Norris and Carbo old friends.

Walman, in Grand Jury testimony released by the subcommittee, labeled Carbo the real man in charge of a number of fighters handled on the surface by other managers. Among them was lightweight champion Joe Brown.

Basilio, who still hopes to regain the middleweight crown, said Carbo had called him on the phone while he was stating his terms for a possible rematch with Sugar Ray Robinson at Norris' home in Coral Gables, Fla.

The fighter testified he knows Carbo and fellow racket figures Frank (Blinky) Palermo and Gabe Genovese.

Basilio's former managers, Johnny DaJohn and Joe Vetro, have been barred from the ring for making payments to Genovese, a Miami Beach barber and buddy of Carbo's. Genovese has been convicted of undercover managing. Basilio called them little guys in boxing's complex and pleaded, "give the little guys a break."

Offense May Dominate
Orange Blossom Bowl

MIAMI, Fla. (AP)—Two of the nation's highest scoring football teams clash in the 28th Orange Blossom game Saturday night and the fur is bound to fly.

Florida A&M University, 1959 national Negro champions, broke the NAIA scoring record this season with 475 points in nine games for a 52.7-point average, and the Rattlers had a 9-1 record. Their opponents will be Langston University from Oklahoma, undefeated in 16 games and with an average of 33.3 points per game for nine contests.

Santa and the Boy Fish

by Lucretia Hodgins Beale

SYNOPSIS: Michael, a poor fisherman, was seen in the act of kissing Santa Claus. Santa, who was in the act of kissing a girl, saw him and was angry. Santa, who was in the act of kissing a girl, saw him and was angry. Santa, who was in the act of kissing a girl, saw him and was angry.

CHAPTER FIVE

Michael stared dazedly about. He was from a southern land and had never seen snow in his life. But now, wherever his eye could see, there was snow — fields of it, mountains of it, and clouds of it, as that very moment fluffed from the sky.

He saw, snuggled in the blanket of white, a little red house. Behind the house was a long low building and behind this was a barn.

"The reindeer are in the barn," said Santa. "And the elves are in their shops where they never stop working this time of year. We will see them later but first we must let Mrs. Santa know I am back."

When they reached the little red house Santa said, "Better knock the snow off our feet — Mrs. Santa is very particular about her rugs."

As they stood there stamping their feet on the porch the door flung open and Mrs. Santa burst

out — flapping her apron and talking wildly.

"You're back . . . thought you'd never make it . . . this awful creature . . . Costenbriker . . . never saw anyone so old . . . everyone's asleep . . . it's awful . . . what shall we do . . . if only . . ."

Santa shook his head. "You needn't laugh," cried Mrs. Santa indignantly. "It's nothing to laugh about!"

"It's only that I can't understand a word you're saying," explained Santa. "Come in the house and tell it to me slowly."

He led the way into the little house and there before the fire blazing on the hearth Mrs. Santa dropped into a chair and burst into tears.

Now Santa was upset. "I will get you some hot chocolate and you will feel better," he said and he started for the kitchen.

"No, no! Not in the kitchen," cried Mrs. Santa springing from her chair and following him.

COSTENBRICKER!

But it was too late. Santa, with Michael and Mrs. Santa at his heels, flung open the kitchen door. Before them sat a man so old he must have seen a thousand summers.

He was short as a drumstick and skinny as a streak of lightning. Threads of white hair ringed his small bald head and triple-strength spectacles sat on the bridge of his nose.

He sat on a stool at the kitchen table twisting a paragon between his knees and helping himself, now and then, to one of Mrs. Santa's cookies that filled a bowl on the table.

"Greetings," he said, calmly peering at Santa from beneath his bushy white eyebrows.

"Who are you?" asked Santa, finding his voice at last.

"It's Costenbriker!" cried Mrs. Santa tremulously. "He's the one I've been telling you about! Talking courage from Santa's presence she put her hands on her hips and glared at the creature. "Tell him what you've done," she ordered indignantly.

Costenbriker tapped his umbrella thoughtfully on the floor and scratched absent-mindedly at the top of his bald head. Then he said, "Sorry, young fellow, but I had to do it."

"Do what?" demanded Santa. "He's put the elves to sleep," cried Mrs. Santa, outraged. "And the reindeer, too. There's not a worker in Santa Land on the job!"

He sat on a stool helping himself to cookies.

Telephone Calls Bore Top Hollywood Actor

By EARL WILSON
NEW YORK — I took some notes on the dialogue at the wonderful Paris Mitchell gave for "Camelot" and here are some samples: "There's... His hobbies are old cars and young girls... There's Doc... the plastic surgeon, out with his latest nose job... There's the newspaperman... I wanted to ask him at the show how he liked it but I thought I'd better wait till he woke up."

There was one sad note at the gay Luchow's party during all the celebrating for Julie Andrews, Richard Burton, Roddy McDowall, Robert Coote, M'el Dowd and Robert Goulet—and that was that Goulet who so handsomely and magnificently played Sir Lancelot.

He's from Lawrence, Mass., and Toronto. He's a French speaking disc jockey. He had waited since April 1959, for this big night when he would crash Broadway in a smash hit. He and his attractive young wife were drinking champagne, celebrating as vociferously as anybody. But in a way they were only going through the formalities. They've been separated for two or three years.

Short story writers, take it from there.

THE MIDNIGHT EARL...
Tina Louise told the Paris press she wouldn't mind marrying Arthur Miller...
Salvador Dali met Kim Novak at the party and said, "She is one work of art I could never equal"... Zsa Zsa Gabor—who'll accompany Bob Hope on his Christmas tour of GI bases—says she'll buy a N.Y. town house... Celeste Holm's poodle broke up a performance of "Invitation to a March"—it dashed onstage from her dressing room.

EARL'S PEARLS: An optimist is a middle-aged fellow who thinks that cleaners have been shrinking the waistband of his trousers.

TODAY'S BEST LAUGH: Andy Griffith decided this Christmas he'll give his wife something to go with the car he gave her last Christmas—driving lessons.

WISH I'D SAID THAT: It's sad but true—money and hair are only important when you no longer have any.

Protocol—demands the entire inaugural party wear the same kind of hat as the president. And that is why we'll never have a woman president... That's early, brother.

Networks Not Fulfilling Promise to Cut Violence

By CYNTHIA LOWRY
NEW YORK (AP)—Well over a year ago when the TV networks promised to cut violence, they were going to tackle the matter of TV violence and brutality.

I recall the thinking of one newly appointed vice president in charge of clean-up about his future activities.

"Of course, there has to be a certain amount of action," he said. "But I'm going to see to it that the excesses are cut out. No more of these prolonged fist fights when one or two punches would move the story forward. No more gun battles, with a victim pumped full of bullets when one shot would do the trick."

Well, that was 14 months or so back. I figured that, with most of the filmed action shows made in advance, it would undoubtedly take a few months for the new anti violence policies to manifest themselves.

But here we are, half through another season of television. The broadcasting companies are now boasting about how tirelessly and faithfully they are serving the public with their public affairs, informational shows and noisier bragging—those four presidential candidates. But they still are dishing up the same old portions of sadistic battles—long, vicious fights, gun battles, and often grisly glimpses of the dead and dying.

This continued dedication to gory mayhem and graphic pictures of crime, recently led FBI Chief J. Edgar Hoover, to condemn the steady diet, and to relate it to the alarming national crime rate.

The Federal Communications Commission reports it is getting around 100 letters a month complaining about crime and violence in broadcast programs—not a very large number. Most unhappy viewers write their complaints to the station or network airing an objectionable program.

TV News and Reviews

'Yanki, No' Twisted Up in Chaotic Film Footage

By FRED DANZIG
NEW YORK (UPI)—Now I know what ABC-TV officials meant when they said their Wednesday documentary, "Yanki, No," would introduce viewers to an exciting new technique of candid motion picture reporting.

Translation: "Look, Ma. No light meters."

The documentary, part of the "Close-Up" series, was produced by a team of Time, Inc. reporters and technicians.

It opened and closed with urgent warnings for us, in between these two messages, however, we were shown fuzzy, badly lighted, nervous, chaotic film footage that was often repetitive and aimless and generally poorly planned.

The messages delivered by this one-hour film editorial warned that a dangerous gulf was widening between our country and our Latin American neighbors, and concluded: "Care about your Latin American neighbors; be prepared to follow through with understanding, effort and dollars; act quickly and strongly in their behalf, your own help and on behalf of freedom in the world."

The film dealt with the impact of Fidel Castro's words and deeds not only upon Cuba, but upon virtually all of Latin America. We were shown a situation that breeds revolution—magnificent, modern buildings of downtown Caracas, Venezuela, surrounded by hills which swarmed with families so impoverished that the phrase, "I-house-d, ill-d, ill-d, ill-d" can't begin to touch the reality of their condition.

THE CHANNEL SWIM: Three of this season's new NBC-TV entries—"Klondike," "Dante" and "The Barbara Stanwyck Theater"—are reported to be ready for the ax.

At CBS-TV, "The Garland Touch" is scheduled to be replaced on Friday, Jan. 20 by a comedy-panel show presided over by Jackie Gleason. And ABC-TV's one-time Sunday night rating powerhouse, "Maverick," is nearing the end of its run. The sponsor is looking for a replacement.

TV Features

By United Press International
FAMILY CLASSICS, 7 p.m. (2) Part II of "The Three Musketeers" starring Maximilian Schell and Vincent Price.

PETER PAN, 7:30 p.m. (4) James M. Barrie's fantasy about the world of Never-Neverland, the lost boys Capt. Hook, Peter and Wendy, is presented again as originally choreographed, staged and adapted by Jerome Robbins. Mary Martin re-creates her famous Peter Pan and Cyril Ritchard returns as Captain Hook.

MY THREE SONS, 9 p.m. (7) Robbie (Don Grady) experiences his first case of puppy love. With Fred MacMurray and William Frawley.

Seminary to Present 23rd Yule Program

ORCHARD LAKE — The Schola Cantorum of St. Cyril and Methodius Seminary here will broadcast its 23rd annual Christmas program Dec. 22 over WJR from 9:30 to 10 p.m.

The choir made up of 22 seminarians studying for the priesthood presented sixteen states, Canada and Poland.

Since 1938 the chorus has been shortwaved to South and Central America and transcribed for the Voice of America. In the past few years the chorus group has been heard frequently over Radio Free Europe.

The Schola Cantorum radio program will consist of kelenky, or profound church carols, and pastorels, or Christmas folk songs.

Directing the chorus group will be the Rev. Henry A. Warakas, professor of Gregorian Chant and Polish Hymnology at the Orchard Lake school.

U.S. Apple Crop Takes Big Fall

Estimated 13 Per Cent Below Last Year and 5 Under Average

WASHINGTON (UPI)—The commercial apple crop this year is down considerably from a year ago and well below average.

The Agricultural Marketing Service (AMS) said 1960 commercial production of all varieties now is estimated at 106.4 million bushels, 13 per cent below 1959 and 5 per cent under average.

Compared with last year by season: Eastern, down 15 per cent; Central, down 8 per cent; and Western, down 11 per cent.

Winter varieties, estimated at 91.8 million bushels, are 11 per cent below last year but only 2 per cent under average.

FALL LAGS 12 PCT.
The 10.4-million bushel crop of fall varieties is 19 per cent less than that of 1959 and 22 per cent below average.

Summer apples, already marketed, totaled nearly 4.5 million bushels, 11 per cent under both last year and average.

The Delicious apple, with a 1960 production of 24.4 million bushels, is again the leading variety accounting for 23 per cent of the total apple crop.

Compared with last year, Delicious production was down 12 per cent.

McIntosh, the second-most important variety, is estimated at 15.5 million bushels, a drop of 17 per cent from last season's crop.

Winesap retained third place with a production of 8.7 million bushels, down 12 per cent from a year ago.

Other important varieties produced in 1960: Rome Beauty, 7.4 million bushels; Golden Delicious, 7.2 million; Jonathan, 6.7 million; Stayman, 5.5 million; York Imperial, 5.3 million; and Yellow Newtown (Albemarle Pippin), 4.3 million.

Big Boost Forecast in Space Spending

WASHINGTON (UPI) — Chairman Overton Brooks, D-La., of the House Space Committee, says he looks for a big boost in the nation's civilian space budget under the Kennedy administration.

Brooks expects the National Aeronautics and Space Administration (NASA) would increase its spending by more than 50 per cent—from just over \$300 million in fiscal 1961 to \$1.5 billion in fiscal 1962.

He said he considered the \$1.5 billion space budget for the year beginning next July 1 as a "baseline minimum" under which the nation's powerful exploration of outer space could be carried forward.

Brooks, who said he hopes to confer with Kennedy in late December or early January, criticized NASA for not pushing its space programs hard enough during the last three years.

"They just haven't had the proper sense of urgency needed to meet the tough competition from Russia," he said.

Has Roundabout Way of Being Confusing

LONDON (UPI)—British Home Secretary R. A. Butler spoke at least in precise accents when asked in the House of Commons how

much the exchequer would contribute to pay boosts for policemen. "Upwards of rather below the figure of 10 million pounds (\$28 million)," was his answer.

Modern Mexico has 22 commercial ocean ports.

Kenya Rhinos in Danger

NAIROBI, Kenya (AP)—The mysterious deaths of between 80 to 100 rhinoceroses in Tsavo National Park pose a serious threat to the animals' existence in Kenya. Authorities say poachers and

a drought which killed the rhinos' food may be responsible for the deaths. Americans between 20 and 35 are about two inches taller and five pounds heavier than their counterparts in 1900.

Leaves for U.N. Chore

OSLO, Norway (AP)—Norwegian Deputy Foreign Minister Hans Engen leaves today for New York on a special assignment for U.N. Secretary General Dag Hammarskjöld. Engen re-

used to state what the assignment involves. The largest cherry producing center in the U. S. is Door county, Wisconsin, which yields upwards of 18 million or more pounds a year.

Cuba Claims Rebels Crushed 32 Miles From Havana

Capture of 11 'Ends Revolt'

Leader Badly Hurt; Brother, Castro Officer Killed in Battle

HAVANA (AP)—The government claimed today it had destroyed a band of insurgents in a battle at Cabanas only 32 miles west of Havana.

The army communiqué said the band was cleaned up with the capture of 11 men, including its leader, Capt. Cedomiro Miranda Mendila, who was badly wounded, and the killing of his brother.

An officer in Prime Minister Fidel Castro's army was killed and four men wounded.

Although the army claimed the band was wiped out, earlier reports said Miranda Mendila had 200 heavily armed men with him when he deserted Castro's forces and took to the hills only a few days ago.

GIVES THEM CHOICE

The reports said Miranda Mendila, commander of the guerrilla force, took his outfit on maneuvers in the mountains of Pinar del Rio Province and when he launched a selected spot in the mountains he was deserting and gave them a choice of returning to their post or joining him.

Two hundred men reportedly stayed with him.

Provincial Commander Derrida to the mountains and a force of 2,000 men, who was sent after the deserters.

Other bands, reliable reports indicated, were still operating in the western province. One report said an entire truckload of arms was sent from San Juan air base, a heavily guarded post for new weapons arriving from the Soviet Union, Czechoslovakia and other iron curtain countries.

Presumably the weapons fell into the hands of insurgents.

Yet other armed insurgents were still operating in the Escambray Mountains in the southern part of Las Villas Province in central Cuba. Although the government claimed it had stopped up the last pockets of defection in that area more than a month ago, 16 militiamen were reported Wednesday to have been killed in the Las Villas-Matanzas border.

The Escambray Mountains were the scene of a major battle of rebels a few weeks ago at which 100 deaths and 180 prisoners were reported.

Castro dramatically said the rebels were personally leading a rebel band in central Cuba by appearing at a program Wednesday night commemorating Cuba's Memorial Day.

REUSES TO RUDE

Despite shots from the crowd when a ball of the capital building, where the program was held, called for Castro to come to the microphone, he refused to appear from his seat in the balcony.

It was one of his rare public appearances in which he was the central figure. The army chief of staff, Gen. Juan Almeida, delivered the main address, which was laced with anti-Americanism.

'Negro Likely in Cabinet'

NEW YORK (AP)—The Herald Tribune said today that Rep. W. L. Dawson, D-Miss., leads the drive for appointment as postwar general by President-Elect John F. Kennedy. If appointed, Dawson would be the first Negro in the cabinet.

Miss Waring Married in Birmingham

The daughter of orchestra leader Fred Waring, Miss Waring and her husband, Albert W. Wilson, were married yesterday in Birmingham.

The ceremony was held in the home of George H. Webb, 630 Washington.

It was the first marriage for Miss Waring, 24, and the fourth for Wilson, 28.

The two were in Michigan for the appearance in Detroit last night of Waring's band, the Pennsylvanians.

Wilson said they had no plans for a honeymoon until after the recent tour ends Dec. 15.

The pair obtained their marriage license shortly before noon yesterday at the Oakland County Court-house. Probate Judge Arthur E. Moore waived the three-day waiting period.

Hoffa Steps In, Posts \$10,000, Walks Out

(Continued From Page One)

of the Bank of the Commonwealth at Detroit, was released on personal recognizance bond of \$10,000.

The indictment was announced in Washington by Atty. Gen. William P. Rogers. It grew out of a 13-month investigation by a FBI, postal authorities and other agents, and an 11-month probe by the grand jury.

San Valley, Inc., was founded in 1954, with J. Edgar Hoover as its president, to develop a tract in Brevard County on Florida's East Coast. But only six houses were built on the land before the project became embroiled in law suits and subsequently was sold to Edwin H. Willis, a Titusville, Fla., banker and land developer.

Rogers said the three men are accused in the indictment of using more than a half million dollars of Treasury funds on the project, which was advertised as a retirement haven for union members.

The indictment stated that Hoffa, Levitt and McCarthy schemed to defraud the four Detroit banks which allegedly furnished San Valley's operating cash. The three were accused of falsifying documents that San Valley was sponsored by the International Brotherhood of Teamsters and of claiming in advertising that lots were "all on gold, dry rolling land."

Actually, the grand jury said, many of the lots "were so low and permeated with water as to be unsuitable for construction of homes."

Make European Tour Through The Press

(Continued From Page One)

through a scenic Swiss mountain pass into Italy to Milan.

On your agenda in Italy will be Venice, of course, and its Basilica of St. Mark, and a gondola ride along the Grand Canal past the palaces and the Venetian lagoon.

Then to Florence, and after that, Rome, the "Eternal City."

You'll have a chance to lose those extra pounds in the Trevi Fountain, the Pantheon, Colosseum, Roman Forum, Palatine Hill, There'll be a guided tour to the Vatican, the great church in the Christian world, the Sixtus Chapel, Vatican Museums, and the Academy of Fine Arts.

After three days in Rome, your plane will whisk you to the queen city of the continent and all its splendor — Paris.

There, awaiting you, will be the Champs Elysees, Eiffel Tower, Arch of Triumph, Tomb of Napoleon, the Louvre and its treasures, Luxembourg Palace.

Other things you'll want to see are the University of the Sorbonne, Cathedral of Notre Dame, Basilica of Sacre Cour and Montmartre.

An excursion is also planned to Versailles, most renowned of all French palaces.

It's a trip you'll remember forever.

Travel arrangements are being handled by Pontiac Travel Service and Global of London, largest European motorcoach tour organization.

The 1963 cost provides for a twin-bed room, single accommodations are available at a slightly higher fee.

Your payment covers tips and taxes, sightseeing fees, and all meals except in London, Rome and Paris where only one meal daily will be furnished.

In each of these world capitals, however, you'll be treated to a rare dinner.

Lawmakers Add Cent to Sales Tax

(Continued From Page One)

total ceiling from three to four cents squeaked through by 20,000 votes.

Lawmakers were in a business like, no-nonsense mood when they met to approve the bond. There was virtually none of the bitter, noisy wrangling that marred sales tax debate in last year's record-long "cash crisis" session.

The sale tax bill whipped through the house 82-23 with hardly a word of debate. All the opposing votes came from Democrats who have supported an income tax as the best solution to the states money problems.

With three exceptions, the 2013 vote in the Senate also followed party lines. Sen. Carlton H. Morris, R-Kalamazoo, and John P. Smeekens, R-Coldwater, voted against it. Sen. George C. Steh of Bloomington was the lone Democrat supporter.

FOR NUISANCE TAXES

Morris said his opposition stemmed from the belief that taxpayers would prefer continuation of a \$5 million package of so-called nuisance taxes to a full one-cent increase in the sales tax.

The nuisance taxes imposing new or higher levies on such things as beer, liquor and cigarettes, were put through last December as a temporary measure while lawmakers put together a more permanent tax program. They are set to expire June 30.

"I think that before we increase taxes on such necessary items as beer and milk taxpayers would prefer that taxes on nonessential, luxury items be continued," he said.

In effect, it was the second time in 16 months that the legislature raised the sales tax to four cents.

Newly elected directors are Dr. Robert A. Byberg and Dr. Richard R. Galpin.

Named as delegates to the state society are Dr. Harold L. Furlog, Dr. Edward E. Elder Jr. and Dr. Harry E. Lichward.

Alternate delegates for the coming year will be Doctors Thomas D. Grekin and F. Michael Sheridan.

"Chauncey knows the needs and aspirations of Oakland County medicine from the experience born of his many years of practice in Pontiac," said Dr. Zimmerman.

Other officers elected and installed last night included Dr. James A. Read, president; Dr. Edwin J. Westfall, secretary; and Dr. John L. Barrett, treasurer.

He has served the society as a member of its board of directors, a delegate to the Michigan Medical Society, and for the past year as president-elect.

Burke was praised by Dr. Walter J. Zimmerman of Royal Oak, the outgoing president, during a brief ceremony.

Secretary Describes Killer Before Death

(Continued From Page One)

also empty except for \$30 in a hidden compartment.

Walrus said it is not uncommon for unemployed laborers "to hang out" along James Cass in the vicinity of the knife during the early mornings in hopes that they will get a day's work.

"It's traditional that contractors on the way to a job will pick up the men if they need any odd jobs," he explained.

Most go home by 8 a.m. if they haven't been picked up, but some remain in the neighborhood to look for odd jobs, he explained.

Walrus said police are working on the theory that the killer was one of the later variety.

He said the case was complicated by the fact that the unemployed laborers on James Cass come "from all over town" — they could live miles away from there.

Miss Donohue had been employed in the office two months. A 1955 graduate of St. Mary's High School in Royal Oak, she had attended University of Detroit for one year studying business.

The victim is survived by her mother, Ida; her father, James, a sewing contractor; a sister, Mrs. Mary Elizabeth Carroll; and three brothers, James, Richard and Michael. Michael is her twin.

2 High Schoolers Face Prosecution in Parts Theft

Because of a "friend," two Pontiac high school seniors today face prosecution on burglary charges.

The Day in Birmingham

Local Firm Wins National Award for School Design

BIRMINGHAM — A national award for the design of the new City and County Elementary School in Bloomfield Hills has been won by a Birmingham architectural firm.

Announcement of the citation to Begrow and Brown, architects, 277 Bates St., was received yesterday from the American Association of School Administrators.

More than 3,000 designs were entered in the competition, according to Jack Begrow, a partner in the architectural firm.

Dedicated only last Sunday the hexagonal-shaped elementary school was built at a cost of \$44,000. It is the first unit in a long-range plan which includes new facilities for junior and senior high school students.

According to Begrow, the school for gifted children was built at a cost of \$11,000 a classroom in comparison to \$20,000 a classroom on a national basis.

All winning school designs in the national competition will be exhibited at a conference of school administrators in Philadelphia in March.

The award was the seventh na-

U.S. Withdraws Watchdog Ships

Suspends Patrols After Guatemala, Nicaragua Report Danger Gone

WASHINGTON (AP) — U.S. Navy ships that have been on patrol off Guatemala and Nicaragua have been withdrawn, the White House reports.

Press Secretary James C. Hagerty said Wednesday the patrol was suspended after governments of the two Central American countries reported the danger of Communist-led revolts had passed.

President Eisenhower had ordered the patrol last month in response to requests from Guatemala and Nicaragua.

Leaders of the two countries charged that Cuban-backed revolutionaries had taken part in surreptitious shore-to-shore landings shortly before the request was made.

The aircraft carrier Shangri-La and four destroyers began the patrol in mid-November. The carrier Wasp replaced the Shangri-La shortly before the end of the month and five destroyers relieved them on duty.

Two long-range patrol planes were also assigned to the Western Caribbean.

The Navy said the Wasp was due today at Mayport, Fla., to unload some planes before proceeding to her home port in Boston.

Settle Back Rent Suit Against Hitchcock

A 1959 foreclosure lawsuit against State Rep. John C. Hitchcock, D-Hazel Park, was settled yesterday when the defendants agreed to pay back rent.

Charles C. and Harriet H. Mack filed suit in January 1959 demanding \$6,829 in back payment of rent the Mack's said Hitchcock and his wife Bertha M. owed them on a land contract entered into on Nov. 22, 1955 for a 1½-acre parcel leased by the Hitchcocks.

Based upon the agreements of both sides, Circuit Judge William J. Beer dismissed the suit.

'Must Continue Foreign Aid'

Despite Drain of Gold, Says Sec. Anderson; German Help Eyed

WASHINGTON (UPI)—Treasury Secretary Robert B. Anderson says that the United States must continue to aid foreign nations despite the drain on U.S. dollars and gold reserves.

Anderson said that the Eisenhower administration had not given up in its efforts to reduce the flow of American dollars abroad.

"We are pursuing now most carefully the suggestion that the Federal Reserve might purchase from us additional military items," Anderson said, "items which they would use either for their own forces or which they would provide to third countries."

Other plans under discussion, Anderson said, are getting foreign nations to share in foreign aid to underdeveloped nations and getting them to remove restrictions against U.S. goods.

But he said Americans "must continue to do our share and no less than our share and we must do all we can do to increase our income so that our share can be responsive to the needs of the country."

Anderson, who appeared on a nationwide radio-TV program, said: "We cannot have a system in which we of the United States meet all of our requirements and leave a hungry world or an unprotected world."

GINA SHOPS — Gina Lollobrigida inspects an Indian feather hat while her 3-year-old son Milko Skofic Jr. rides a toy horse in Rome recently. The mother and son went on a Christmas shopping trip recently after Gina finished a new film in Italy.

Hangar Service Vote Clobbers Teamsters

DETROIT (UPI)—Teamsters Local 296 has been soundly defeated in its bid to organize Zantop Hangar Service at Metropolitan Airport.

In a National Labor Relations Board election Wednesday which climaxed a two-month, violence-sprinkled organizational drive, Local 296 received 18 votes, there

were 43 "no union" votes and 51 votes were challenged. The cargo-handling firm has been the scene of at least four outbreaks of violence and one of the co-workers had his car destroyed by a bomb during the organizational battle.

Pays \$510,000 for Art

LONDON (AP)—A picture painted by Frans Hals, a Dutch artist who died a poor man in 1666, was sold at Sotheby's auction rooms Wednesday for \$510,000, the highest price ever paid for a painting. The buyer was Leonard F. Koetser, a Dutch art dealer.

See Fair Deal for Business

NAM Expects to Get Just Treatment Under Kennedy Regime

NEW YORK (AP)—The National Association of Manufacturers says it believes that business will get fair treatment under the John F. Kennedy administration. "Although antitrust elements strongly supported Kennedy during his presidential campaign," an NAM executive said Tuesday, "we won't know his own attitude until he takes office. We at NAM intend to proceed on the theory that we will get fair treatment and a fair hearing for the business viewpoint."

Charles R. Sligh Jr., NAM executive vice president, told a news conference that Kennedy, a man of intelligence and vigor, has a good grasp of the workings of the American economic system.

He said the NAM will be non-partisan, constructive and cooperative with Kennedy's administration but will not lessen its efforts to obtain tax reforms and economy in government.

Wins Divorce Suit Against Ritz Brother

SANTA MONICA, Calif. (AP)—The wife of comedian Jimmy Ritz won a divorce Wednesday on testimony he was antagonistic, cross and irritable. Ritz, 54, one-third of the Ritz brothers comedy team, who died a poor man in 1966, was did not contest the suit. Judith Lee Ritz, 31, who was awarded custody of a daughter, Alison, 5, \$300 a month alimony and \$250 a month child support.

Little Actress Becomes Her Parents' Landlady

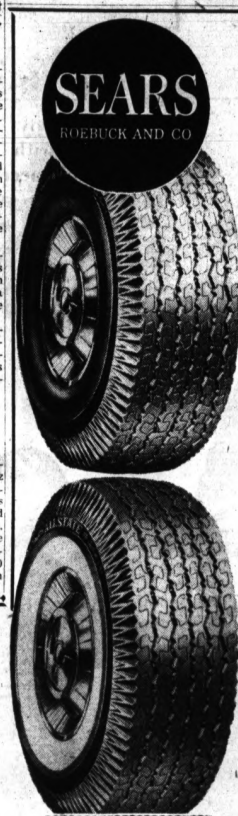

LOS ANGELES (AP)—Actress Tammy Machugh, 7, is her parents' landlady now. A judge Wednesday approved her purchase of a six-room house near the Metro-Goldwyn-Mayer studio. The \$16,000 house will be owned by Tammy and her parents, Mr. and Mrs. Malcolm Marshall. Tammy makes \$300 to \$700 a week at MGM.

'Panic Packages' Idea Turns Stale for Students

EAST LANSING (U) — Working their way through college isn't working out to well for a pair of Michigan State University students.

Arthur Hargr, 19, of Lansing and Jerry Lynch, 21, of Grand Pointe Farms have been "working our way through college" by selling "panic kits"—packages of food for long study sessions during final examinations—to fellow students.

Some customers have complained to the university that the kits did not contain the quality or quantity of food indicated in the advertising.

Lynch and Hargr sent mimeographed letters to parents of students advertising the kits at \$3 and \$5. Parents of some 700 students have purchased the kits in the past few weeks, Hargr said.

INTERPRETATION WORES

Some of the trouble may have arisen over the interpretation of "assorted nuts," "fruit-filled squares" and boxes of pretzels listed in the letters, he said.

In some packages they inserted

peanuts; the fruit-filled squares were fig newtons, and the boxes of pretzels were small, he explained.

He added that he and Lynch tried out the idea successfully at the University of Michigan this summer.

"That's what makes this development so surprising," he said. "The majority of our customers seem pleased."

Dean of Students Tom King said he warned the pair that soliciting or distributing the kits on campus was a violation of university rules. Hargr said he switched to a mail-order business.

King said no action would be taken against the students unless formal complaints were lodged.

FIRM'S ONLY OFFICER

The products are of Unicommerce, Inc., a company in which Lynch holds all the stock, and of which he is the only officer.

Lynch is in prelaw school; Hargr is a business major.

BAUDOUIN GREET'S BRIDE TO BE — Belgium's King Baudouin walks down the steps of a plane in Brussels with his future bride Dona Fabiola de Mora Y Aragon, after her arrival Tuesday from Spain. The two will be wed in Brussels on Dec. 15.

Expects '61 Business to Resume Uptrend

GRAND RAPIDS (U) — A New York University educator looks for business to resume an upward trend by mid-1961, an "aggressive credit ease" by the Federal Reserve Board and sharper competition in the manufacturing field.

Dr. Raymond Rodgers, professor of banking at the NYU graduate school of business administration, offered his comments in Grand Rapids yesterday before about 400 civic, business, industrial and education leaders.

"The current plateau in overall business, with possibly a further mild decline, should continue during the early months of 1961," he said, "and by the end of next summer — if not sooner — business should resume its upward trend."

Dr. Rodgers said easier credit conditions now in existence are bound to have stimulating effect on business activity in the months ahead.

Despite the advance of mechanization, more than 80 per cent of the world food supply is still produced chiefly by human or animal labor.

Kennedy Gives a Twist to the Old Army Game

WASHINGTON (UPI) — President-Elect John F. Kennedy in motoring to the White House Tuesday for his meeting with President Eisenhower, put a reverse twist on the old army game of "hurry up and wait."

Kennedy, who frequently ran behind schedule in his campaigning, gave himself plenty of time Tuesday to drive from his Georgetown home to the White House for the 9 a.m. meeting.

That was the hitch.

Kennedy's three-car motorcade reached the vicinity of the White House too soon.

About three blocks from the White House, Secret Service agents decided the president-elect was running ahead of schedule, so they turned off Pennsylvania Avenue for a one-block detour.

Then in the midst of going-to-work traffic, they feared they would be late in arriving. Secret Service agents began a frantic armwaving in an effort to get through a traffic jam. A helpful traffic cop extricated them from the pack.

ANY CHILD will share in amusement at this elegant ex-ponent of the poodle family who'll adorn the Christmas scene this year. The poodle is 21 inches long, and two kinds of plush give the smart Dutch clip effect.

Upsala is a cathedral and university city in Sweden, 50 miles north of Stockholm. Its population is about 30,000.

Stamps Outfox Gummied-Up Mail 'Brain'

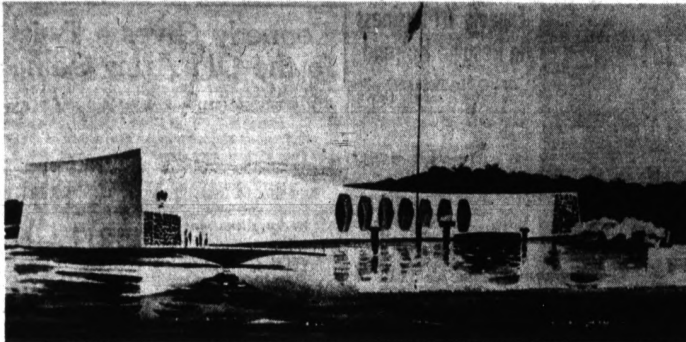

PROVIDENCE, R.I. (P)—The new Providence post office is not only automated, it's unprejudiced—it accepts foreign stamps just as fast as it does legal American postage.

This came to light when Salvatore D. Agostino of Boston, a former Canadian resident, received a letter from a friend in Providence which traveled through the automated post office. It bore a Russian stamp.

In a subsequent testing of the system, more than a dozen letters carrying stamps from Rome, the Vatican, New Zealand and a series of Olympic Games souvenirs slipped through the canceling machines, passed the eyes of postal clerks and were delivered in Providence, Warwick and Woonsocket on schedule.

A postal official said it is impossible for the electronic equipment in the post office to distinguish U.S. stamps from others.

Trading stamps, Christmas seals, homemade drawings of stamps, canceled American stamps—all are grist to the gears of automation's engineers.

MEMORIAL TO THE ARIZONA—This is an artist's conception of the USS Arizona Memorial being constructed over the sunken and rusted hulk of the battleship which went down with

1,102 lives at Pearl Harbor 19 years ago. The estimated cost of the partly-completed project is \$500,000, of which \$300,000 has been raised.

Labor Party Approves

LONDON (AP)—The Labor party's parliamentary delegation Wednesday approved a defense motion emphasizing Britain's obligations to the Western Alliance and the need to maintain her own nuclear deterrent. This action constituted a victory for party leader Hugh Gaitskell and his moderate followers in the party.

College Grand Totals Up 5.5 Per Cent

Enrollment Sets Record

CINCINNATI, Ohio (UPI)—College and university enrollment hit an all-time high this year for the

eighteenth consecutive year. Dr. Garland G. Parker, University of Cincinnati registrar, reports.

The 41st annual enrollment survey made for School and Society, an educational journal, indicated 1,016 accredited universities and four-year colleges had 2,039,854 full-time students while there was a grand total of 2,942,541 full- and part-time students.

In 1953 institutions reporting both this fall and a year earlier, there were increases of 6.3 per cent in full-time students and 5.5 per cent in grand totals.

In previous years, Dr. Raymond Walters, University of Cincinnati president emeritus, made the report but due to his illness, Dr. Parker compiled the figures this fall.

'LARGE-SCALE JOB'

"The impact of mounting numbers on higher education is reflected in the fact that all types of institutions covered in this survey show full-time and total enrollment increases, he said.

"The big schools continue to get bigger but so do the smaller ones. Higher education appears to be increasingly a matter of large-scale production."

Dr. Parker noted "significant increases in freshman enrollment." The 856 institutions reporting in 1959 and 1960 had 495,369 freshmen this fall, for a gain of 11.4 per cent.

"Freshman figures are important not only because they indicate trends in professional choices but also because they presage future full-time and total enrollments," he said.

Dr. Parker noted that freshmen training to be teachers are up 13.1 per cent over last year for the largest increase for any freshman group. The 1959 increase over 1958 was 6.3 per cent.

"The oncoming rush of students in the elementary schools will create demands for many more teachers than we have in service and in preparation," he said.

"The critical national need in this field is one which deserves and demands our serious attention."

With the University of California unable to report full-time figures in time for the study, the nation's 25 largest institutions in full-time enrollment were:

State University of New York 31,909, College of the City of New York 31,909, Minnesota 28,277, Illinois 25,900, Wisconsin 24,007, Michigan State (East Lansing) 23,373, Ohio State 22,343, Texas 21,196, Michigan (Ann Arbor) 20,903, Indiana 17,880, Pennsylvania State 17,767, Purdue 14,724, New York University 14,401, Washington (St.)

Doesn't Expect Spending Hike

Dem Congress Should Give Kennedy Budget Fine-Tooth Comb

WASHINGTON (AP)—Sen. Carl Hayden, D-Ariz., said today he does not expect any substantial increases in government spending under the John F. Kennedy administration.

Hayden heads the Senate Appropriations Committee which has a powerful voice in determining how much money will be made available for government programs.

To get some advance line on what these programs will entail after Kennedy is inaugurated in January, Hayden said he expects to confer soon with David E. Bell, the president-elect's choice for budget director.

"I expect to tell him he isn't going to get all of the money from Congress he requests," Hayden said with a grin.

Hayden said in an interview he expects the Democratic Congress to be just as exacting in examining Kennedy's budget proposals as it has been in combing those submitted by President Eisenhower.

Vice President Richard M. Nixon, the defeated Republican candidate, charged during the presidential campaign that if Kennedy attempted to carry out the promises made in the Democratic platform he would have to increase federal spending by billions of dollars.

Kennedy replied this wasn't so. But he said he would spend more on defense and some other activities than the Eisenhower administration has.

Hayden indicated he doesn't believe Congress will be in the mood to run up any large deficits unless there is some unforeseen national emergency.

"There's a limit on the amount that can be spent," Hayden said. "There is always the big question of where the money is coming from."

Road Death Rate 4th Among 8 Big States

LANSING (UPI)—Secretary of State James M. Hare said Michigan ranks fourth among eight leading industrial states in number of traffic fatalities per billion miles of highway travel.

He said a National Safety Council survey listed 44 deaths for every billion miles of travel within Michigan boundaries.

Illinois and New York showed 38 deaths per billion miles, Pennsylvania was next with 40, and Ohio, Texas, Indiana and California were the industrial states having worse records than Michigan, Hare said. California, with 52 deaths per billion miles of travel, had the worst record, Hare said.

Children's Yule Toys Should Be Safe for Play

NEW YORK (UPI)—Past, Santa's helpers: Insist that all toys bought for children are safe—incapable of

causing fire, shock or explosion. Your best assurance of getting a safe electrical toy is to look for the U.L. (Underwriters Laboratories) label or tag.

Shakespeare wrote "Romeo and Juliet" in 1595.

His Oratory Bored Her

U.S. Apple Crop Takes Big Fall

Estimated 13 Per Cent Below Last Year and 5 Under Average

WASHINGTON (UPI)—The commercial apple crop this year is down considerably from a year ago and well below average.

The Agricultural Marketing Service (AMS) said 1960 commercial production of 24.4 million bushels is estimated at 106.4 million bushels, 13 per cent below 1959 and 5 per cent under average.

Comparisons with last year by areas: Eastern, down 15 per cent; Central, down 8 per cent; and Western, down 11 per cent.

Winter varieties, estimated at 51.8 million bushels, are 11 per cent below last year but only 2 per cent under average.

FALL LAGS 12 PCT.

The 16.4-million bushel crop of fall varieties is 19 per cent less than that of 1959 and 22 per cent below average.

Summer apples, already marketed, totaled nearly 4.2 million bushels, 11 per cent under both last year and average.

The Delicious apple, with a 1960 production of 24.4 million bushels, is again the leading variety, accounting for 23 per cent of the total apple crop.

Compared with last year, Delicious production was down 12 per cent.

McIntosh, the second-most important variety, is estimated at 15.4 million bushels, a drop of 17 per cent from last season's crop.

Winesap retained third place with a production of 8.7 million bushels, down 12 per cent from a year ago.

Other important varieties produced in 1960: Rome Beauty, 7.4 million bushels; Golden Delicious, 7.2 million; Jonathan, 6.7 million; Stayman, 5.5 million; York Imperial, 5.3 million; and Yellow Newtown (Albemarle Pippin), 4.3 million.

Big Boost Forecast in Space Spending

WASHINGTON (UPI)—Chairman Overton Brooks, D-La., of the House Space Committee, says he looks for a big boost in the nation's civilian space budget under the Kennedy administration.

Brooks expects the National Aeronautics and Space Administration (NASA) would increase its spending by more than 50 per cent—from just over \$500 million in fiscal 1961 to \$1.5 billion in fiscal 1962.

He said he considered the \$1.5 billion space budget for the year beginning July 1 as a "baseline minimum" under which the nation's peaceful exploration of outer space could be carried forward.

Brooks, who said he hopes to confer with Kennedy in late December or early January, criticized NASA for not pushing its space programs hard enough during the last three years.

"They just haven't had the proper sense of urgency needed to meet the tough competition from Russia," he said.

Has Roundabout Way of Being Confusing

LONDON (UPI)—British Home Secretary R. A. Butler spoke at least in precise accents when asked in the House of Commons how

much the exchequer would contribute to pay costs for policemen. "Upwards of rather below the figure of 10 million pounds (\$25 million)," was his answer.

Modern Mexico has 27 commercial ocean ports.

Kenya Rhinos in Danger

NAIROBI, Kenya (AP)—The mysterious deaths of between 80 to 100 rhinoceroses in Tsavo National Park pose a serious threat to the animals' existence in Kenya. Authorities say poachers and

a drought which killed the rhinos' food may be responsible for the deaths. Americans between 20 and 35 are about two inches taller and five pounds heavier than their counterparts in 1900.

Leaves for U.N. Chore

OSLO, Norway (AP)—Norwegian Deputy Foreign Minister Hans Engen leaves today for New York on a special assignment for U.N. Secretary General Dag Hammarskjöld. Engen re-

turned to state what the assignment involves.

The largest cherry producing center in the U. S. is Door county, Wisconsin, which yields upwards of 18 million or more pounds a year.
