

Rights Bill Vote Today in House

WASHINGTON (AP) — The chairman of the House Rules Committee, a Mississippi Democrat opposed to the civil rights bill, says enactment of the measure would be direct result of Dr. Martin Luther King's slaying.

The House is to vote today on the bill, which includes a provision to ban discrimination in the sale or rental of about 80 per cent of the nation's housing—and most predictions are it will win passage and be sent to President Johnson for signing.

"I am confident that on Thursday before Dr. Martin Luther King was assassinated, the administration and the leadership did not have the votes," said Chairman William M. Colmer after the bill was cleared by his committee on a 5 to 6 vote and sent to the floor.

Colmer also told newsmen yesterday he thinks the measure would instead have gone to a House-Senate conference committee charged with working out a compromise—particularly on the controversial open-housing provision.

However, the bill's supporters were predicting before King's death last Thursday that the legislation would be enacted in its present form.

150 Feared Dead as Ferry Capsizes

WELLINGTON, New Zealand (AP) — An ocean-going ferry with 614 aboard ran aground at Wellington harbor's mouth today and capsized in one of the fiercest storms in New Zealand's history. Officials feared 150 drowned.

With winds of up to 123 miles an hour lashing the seas into high waves, the 8,944-ton ferry Wahine keeled over and dumped passengers and crew into the icy water.

A rescue armada of small boats dared the high waves and plucked many survivors from the water. Others escaped in lifeboats.

Searchers reported 42 bodies had been picked up, either in the water or along three miles of shore stretching from the harbor entrance.

Wellington hospitals were packed with survivors suffering from injuries or exposure. Other survivors were in private homes.

As night fell, and searchlights swept the dark seas, officials said more than 100 passengers and crew were unaccounted for.

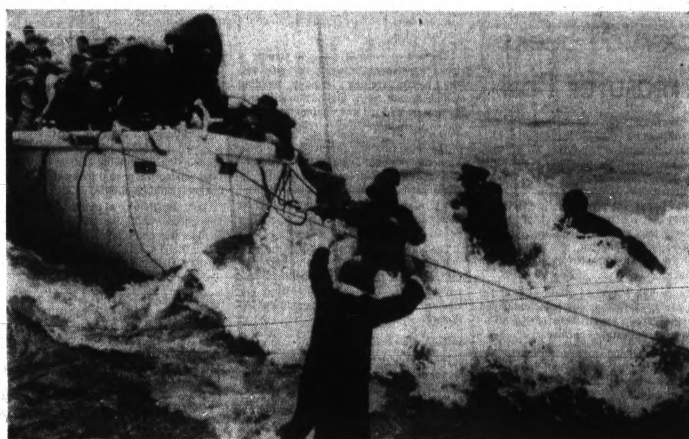

Most survivors said that there was no panic when the Wahine hit the shoal or even when the ferry began to keel over.

As the abandon ship order was given, families became separated. Several life rafts that put out into the high waves capsized.

The Auckland ferry Aramoana sent out two lifeboats. Both capsized with no loss of life.

The Wahine lay on its side half out of water about a mile from shore.

The Wahine, owned by the Union Steamship Co., hit a rocky shoal about 7 a.m. just inside Wellington Harbor as she neared the end of her daily 11-hour run.

RESCUE IN RAGING SURF — Police and rescue crews ocean-going ferry near Wellington, New Zealand. Some 150 help beach a lifeboat carrying survivors from a capsized of the 614 aboard were feared dead.

Waterford Explains School Salary Issue

(EDITOR'S NOTE — This is the third in a five-part series on the financial problems facing Waterford Township's schools. Today's questions directed at Sup. of Schools Dr. Don O. Tatroe deal with school personnel.)

Question—Why should we pay more money for teachers' salaries when the poor ones get the same salaries as the good ones? Also, why don't you reward your best teachers by paying them salaries commensurate with the quality of their work?

Answer—This question implies that our school system has a significant number of poor teachers. This, in truth, is not the case. Through intensive recruiting, Waterford Schools are able to secure teachers from among excellent candidates.

We also have an extensive program of in-service education designed to improve the professional abilities of all our teachers. Our staff is constantly working to improve our program of teacher supervision and evaluation in order that only our most able probationary teachers are placed on tenure.

An adequate salary schedule is one of the most important factors in the attempt to provide each child in Waterford with qualified, competent teachers. The following table points out the improved level of training of Waterford teachers:

WATERFORD TOWNSHIP SCHOOL DISTRICT

Levels of Teacher Preparation

	1962-63	1967-68
Numbers of teachers	520	610
Full training and certification	490 (94.2%)	780 (98.3%)
Special certification	90 (17.0%)	30 (3.7%)
Advanced degrees	94 (17.7%)	228 (28.2%)
Bachelor's degrees	385 (72.7%)	577 (71.2%)
Nondegrees	51 (9.6%)	5 (0.6%)

Q—Do we need so many on the school system administrative staff and what is our comparative cost for administration and instruction?

A—Although it may seem to some that the school district has a large administrative staff, the fact is, it doesn't. Last year Waterford spent \$14.84 per child for administration.

* Most of our neighbors spend much more, some twice as much. The Oakland County average was \$20.60. The percentage of operating cost spent for administration in Waterford was 2.83 compared to the county average of 3.65.

Guard Starts Detroit Exit as Emergency Bans Ease

By The Associated Press

After five days of heavily enforced quiet, the first of 3,000 National Guardsmen today moved out of Detroit and Gov. George Romney announced a partial lifting of his state-of-emergency restrictions.

Romney eased emergency restrictions against liquor sales and public assembly, and modified curfew hours.

"Unless there is some change in the situation, the emergency order will be lifted entirely tomorrow," Romney said.

The governor and Detroit Mayor Jerome Cavanagh slapped the emergency measures on the city Friday.

Romney eased total restriction against liquor sales, by banning them only between midnight and 7 a.m. He said places of amusement must be closed between midnight and 5 a.m.

He continued the full emergency ban against possession of firearms and inflammables. All meetings of more than three persons were prohibited during the new curfew hours of 1 a.m. to 5 a.m.

Citing a "high degree of cooperation" by citizens, and restraint by the guardsmen, 400 State Police and 4,200 city police, Romney said the people "are obviously anxious to see the spirit of Dr. King's life reflected in their daily life."

He warned, however, that state and city officials are ready to impose a similar state of emergency in event of more trouble.

Total Bombing Ban in Works?

WASHINGTON (AP) — The Johnson administration is reported laying groundwork for a total halt of North Vietnam bombing to test Hanoi's willingness to negotiate, the Washington Post said today.

President Johnson, in announcing the partial bombing halt March 31, said, all bombing "could come to an early end—if our restraint is matched by restraint from Hanoi."

Post reporter Murray Marder quoted informed sources as believing Johnson is edging toward an option to assume Hanoi would show such restraint, with resumption of the bombing possible if Hanoi did not.

Relief of the vulnerable Khe Sanh base, which occurred after the President began his peace offensive, was seen as a factor in plans for the new de-escalation. Meanwhile, Johnson wrapped up marathon war-and-peace strategy talks at the Camp David mountain retreat in Maryland.

'NO DEVELOPMENTS'

Although the President announced yesterday he had dispatched a second formal message to Hanoi, he said nothing and merely shook his head negatively when asked at nightfall if there had been any subsequent developments.

No administration comment was immediately available on word reaching the United States early today that North Vietnam is insisting that any peace talks be held in Phnom Penh, Cambodia.

The U.S. government has been strongly opposed to that site since it no longer has diplomatic relations with Cambodia, a circumstance that could cause communications and logistics problems.

Johnson's last official guest at Camp David was the U.S. Pacific commander, Adm. U.S. Grant Sharp, who flew in; he was helicopter for an hour's visit last night. Sharp is retiring in July.

JOHNSON'S VISITORS

Johnson's visitors during the busy Camp David stay included, in addition to Sharp, Ambassador Ellsworth Bunker in from Saigon, Secretary of State Dean Rusk, Secretary of Defense Clark M. Clifford, Chairman Earle G. Wheeler, of the Joint Chiefs of Staff, and Ambassador-at-large W. Averell Harriman.

Large Crowd Likely

Tigers Open '68 Season

By JERE CRAIG

Two teams which have won one American League pennant between them since 1946 and two "rookie" opening day pitchers were expected to lure today's largest major league crowd to Detroit's Tiger Stadium.

A crowd of 50,000 was anticipated for the Boston Red Sox and Detroit Tigers inauguration of the 1968 season at 1:30 p.m. following the traditional opening day ceremonies.

Gov. George Romney, who eased the curfew and noncongregating rules, this morning to permit the opener to proceed as planned after a one-day delay in observance of yesterday's Dr. Martin Luther King funeral services, and Detroit Mayor Jerome Cavanagh were slated to perform their annual first-pitch duties.

The official pitchers were Earl Wilson for the host Tigers and Dick Ellsworth for Boston. Each was making his debut as an opening day hurler.

Wilson led the American League in victories last season with 22 while Ellsworth had six for Philadelphia in the National League where he had spent all of his major league career.

The Red Sox obtained him during the winter.

Wilson wore the Boston uniform until

the Tigers swapped Don Demeter for him early in the 1966 campaign. Since then he has blossomed into one of the premier righthanders in the majors.

He has been particularly rough on the Red Sox, both on the mound and with the bat. Last season he was 3-0 against Boston.

A prime factor in luring today's large crowd is the fact the Red Sox are the defending American League champions (having won their first pennant in 21 years last season) and the Tigers have emerged as the preseason favorites this spring.

Detroit hasn't ruled the race since 1945. Its starting lineup today includes only one surprise, Mickey Stanley at first base and batting leadoff.

Rusk to Report on Viet

WASHINGTON (AP) — The Senate Foreign Relations Committee scheduled a closed session for today to hear Secretary of State Dean Rusk report on peace efforts and other Vietnam-related issues.

The session is an extension of the March 11-12 public hearings at which Rusk defended administration war policies before the committee.

More Violence Hits U.S. Cities

By The Associated Press

Racial violence struck in major American cities for the sixth consecutive night since the assassination of Dr. Martin Luther King Jr., raising the national death toll for the period to 34. All but five of the deaths were Negroes.

The death toll includes 11 in Chicago, 7 in Washington, 6 in Baltimore, 2 in the Detroit area, 2 in Cincinnati and 1 each in Memphis, Minneapolis, Tallahassee, Fla., Kansas City, Mo., Trenton, N.J., Jacksonville, Fla.

While some of the worst-hit cities cooled to the point where curfews were relaxed and patrols decreased, fresh outbreaks hit yesterday in Trenton, Jacksonville and Kansas City.

Firemen in New York City battled 25 fires which broke out simultaneously in a racially mixed Brooklyn slum which has twice been the scene of disturbances since King's murder in Memphis last Thursday.

In Newark, fire fighters responded to six major fires and 75 minor ones in the first incidents of arson reported in the heavily Negro Central Ward since last summer's riots.

Market Resumes Strong Upswing

NEW YORK (AP) — The stock market resumed its strong rally in heavy trading early today.

In the first hour of trading, the Dow Jones average of 30 industrials jumped 14.45 points to 898.87. It advanced 18.61 points Monday.

Stock exchanges were closed yesterday for the funeral of slain civil rights leader Dr. Martin Luther King Jr.

Advances of individual stocks exceeded declines by a margin of about 4 to 1. The New York Stock Exchange ticker tape trailed by six minutes in reporting floor transactions.

Brokers attributed the rally to rising hopes for peace in Vietnam. They also said institutional investors have started putting big amounts of money into the market.

Easter Is a Joyful Enigma

(EDITOR'S NOTE — Easter, even more than Christmas, is the high point of the Christian year. Easter is the gospel — a word which means good news — the good news that out of death could come life and triumph. Subject of this third of five articles about the Judeo-Christian festivals of spring is Easter.)

By GEORGE W. CORNELL
AP Religion Writer

Only those who knew the atom could advance the astounding paradox of nuclear energy — that the tiniest particle yielded the greatest power.

And only those who knew Jesus could affirm the shocking paradox of Christianity — that dying yielded life.

It's incongruous. But it's the Easter insight, the special Sunday song.

"Christ is risen," the ministers proclaim. And it reverberates from the congregations. "He is risen indeed!"

A wild thing to think, and it didn't come easy. Yet in a world that proliferates the incredible, which knows that silence tempts with sound, that void swarms with images, that up is also

down, that light floods through darkest space, the contradiction becomes the commonplace.

"God chose what is foolish in the world to shame the wise," the apostle Paul described it. "God chose what is weak in the world to shame the strong."

DIFFERENTIATIONS BLUR

Natural, supernatural, normal, abnormal — the differentiations blur in an age when medicine overruns the meaning of miracle, and when material physics itself, in discovering that the

100,000 Troops in Biggest Drive of War

SAIGON (AP) — More than 100,000 troops of five nations fanned out today over the Saigon area and 11 provinces around the capital in the biggest allied offensive of the war. Only light, scattered action was reported, and a general lull in the ground fighting in Vietnam continued for the second day.

The U.S. Command announced that the big new sweep around the capital, Operation Toan Thang, or Complete Victory, began Monday.

Its objective is the Vietcong and North Vietnamese troops who got away from the 50,000 American and South Viet-

namese troops in Operation Quyet Thang, or Resolved to Win.

U.S. headquarters announced yesterday that Quyet Thang, a sweep of five provinces around Saigon, had ended with 2,658 enemy killed.

But when it began early in March, a force of 13,000 Vietcong and units of two North Vietnamese regiments were reported, maneuvering around the capital, possibly for a renewal of the Tet offensive against the city.

The U.S. Command said the aim of the new drive is "the elimination of enemy

forces throughout the 11 provinces in the 3rd Corps tactical zone."

The operation involves three U.S. divisions and the equivalent of a fourth, three South Vietnamese divisions, two South Vietnamese paratroop and marine task forces, the 1st Australian Task Force, and the Royal Thai Army Regiment.

U.S. units taking part are the 1st, 25th and 9th infantry divisions, the 2nd Brigade of the 101st Airborne Division, the 199th Light Infantry Brigade and the 11th Armored Cavalry Regiment.

A spokesman said Operation Toan Thang combines the "efforts and resources of all allied forces in the 3rd Corps tactical zone in accomplishing the task."

NO CASUALTY REPORT

There was no report of casualties so far in the operation.

No major ground fighting was reported elsewhere in Vietnam for the second straight day, and for the first time in nearly three months not a single enemy mortar, rocket or artillery round landed

on the shell - scarred Marine combat base at Khe Sanh over a 24-hour period.

From Jan. 21 until yesterday, North Vietnamese gunners had kept up a relentless daily shelling, sometimes as many as 1,500 rounds in one day, sometimes as few as 50.

The 20,000-man allied force that relieved the Marines at Khe Sanh last week continued finding bodies of North Vietnamese killed in the relentless air artillery bombardment, which said U.S. forces had pounded the hills and jungles around the base in the northwest corner of the country.

Birmingham

Year-Round Schooling Study Eyed

BIRMINGHAM — The board of education in this school district may appoint a committee to look into the possibility of year-round schooling.

Supr. of Schools Dr. John B. Smith suggested the possibility at last night's board meeting, citing increased interest throughout the country in 12-month and four-quarter programs.

"The all-year school has many possibilities, but each community needs to thoroughly study the matter and determine its feasibility," Smith commented. "It is not an uncomplicated matter, and it requires considerable planning before an experimental step can be taken."

The board also discussed, but took no action on, a request from parents living west of Lahser that their children be bused to Bloomfield Village School.

In a letter to the board, the parents pointed out the hazards of walking to school along a "Lahser" which has sidewalks, and of crossing at the Maple-Lahser intersection.

The board directed Smith to prepare a report on the entire busing program in the district for a future meeting.

BLOOMFIELD HILLS — A "truth forum" on race relations, scheduled for last night by the Congregational Church of Birmingham, United Church of Christ, has been postponed.

The program will be held at the church, 1000 N. Cranbrook, April 23 at 8 p.m.

Poles Pick President

WARSAW (UPI) — Marshal Marian Spychalski, the minister of defense, was nominated today to be president of Poland, the Polish news agency PAP reported. He will succeed ailing and nearly blind President Edward Ochab.

Hudson Reveals Land Deal to Expand Parking

In almost his final appearance as city commissioner, Leslie H. Hudson, district 4, last night announced a transaction which will make land available for parking expansion at Pontiac General Hospital.

Hudson, a realtor, told commissioners he had assigned options for 10 parcels on South Johnson south of the Medical Arts Building on West Huron to the hospital board and had forfeited a standard realtor's fee.

The action cleared way for signing a lease agreement between the city and the newly created hospital building authority and for a planned bond issue. It was termed a "magnanimous act" by one city official.

The commission approved the lease agreement under which the authority will acquire off-street parking lots, those recently acquired on the hospital block and the space contemplated on South Johnson.

The agreement provides that the city will pay \$165,000 yearly to the authority for rental of the hospital facilities and parking lots. This will come from the hospital budget, City Manager Joseph A. Warren said.

LEGAL DEVICE

The complicated transactions enable the authority to hold and own all the land. The authority is in essence a legal device to take advantage of bonding opportunities which are not available to municipalities.

Warren said the authority will issue \$2 million in revenue bonds to reimburse the hospital fund for expenses made to date and for payment for land acquisition in the future.

Hudson assigned options for the 10 parcels calling for a selling price of \$167,000 minus the normal \$10,231 commission which would have been paid to Nichol-Hudson Associates, Inc., of which Hudson is president.

Hudson said the assignment stops any benefits that might have accrued to him for his handling of the transaction, began in June 1966 for a group of physicians.

GARY R. FRINK

Lawyer Enters Congress Race

A 35-year-old attorney who recently resigned his federal government job in Washington after being criticized about a fund-raising party said today that he is a congressional candidate.

Gary R. Frink, a native of Pontiac, announced that he will seek the Democratic nomination from Michigan's 19th District. The district comprises western Oakland County, including Pontiac, and part of Wayne County.

Frink quit his \$21,000-a-year post as counsel for a House Post Office Committee last month when a congressman from Ohio suggested that a \$50-a-ticket party for Frink, who was then only coming running against Rep. Jack McDonald, was unethical.

Frink denied that he was out of order, but resigned to avoid further embarrassment to the postal committee.

A graduate of the University of Michigan Law School, Frink has held several government posts the past four years. These include serving as a legal assistant to the assistant secretary of Commerce for Science and Technology; White House aide to presidential assistant for consumer affairs, Esther Peterson; legislative assistant to Congressman Wes Vivian; and special counsel to Health, Education and Welfare Secretary John W. Gardner's task force on environmental health.

POINTS TO QUALIFICATIONS

"Qualifications for the job as congressman are important," said Frink, "and I believe that my education and experience qualify me to serve the people of the 19th District."

"I feel strongly that the prime concern of the people this fall will be which candidate is better qualified to consider the great questions of the day," added Frink.

VP Will Enter the Race Soon

By JACK BELL, WASHINGTON (AP) — Vice President Hubert H. Humphrey will plunge into the race for the Democratic presidential nomination immediately after Easter. The vice president now assesses his chances in a three-way contest with Sens. Robert S. Kennedy, D-N.Y., and Eugene J. McCarthy, D-Minn., as "looking good."

He has told friends he is more encouraged to make the race than he has ever been to run for office in his political life.

The Humphrey campaign, once it is launched, will be aimed at the heart of nomination strength — the state conventions in which the majority of convention delegates are chosen.

The vice president has neither the money nor the inclination to go into presidential primaries.

Spring Vacations to Begin Tomorrow

Public schools in the Pontiac and Waterford School districts will close after classes tomorrow for spring vacations and reopen April 22.

State Vote Likely on Pollution Bond

LANSING (AP) — Michigan voters almost certainly will be asked in November to decide whether the state should issue bonds worth \$335 million to finance a war on water pollution.

Both the House and Senate gave the needed two-thirds majorities to the question Tuesday, passing different bills. One chamber now will have to back up and adopt the other's measure.

Once that is done and the final bill is signed by Gov. George Romney — who recommended the big bonding program earlier this year — the question will go on the Nov. 5 general election ballot.

A companion proposal, also made by Romney, authorizing \$100 million in bonds to acquire and develop state recreational facilities, is in line for final action in both houses.

In other action Tuesday the Senate approved a measure increasing the state minimum wage, while the House passed bills creating 10 new judgeships and adding a dime to the cost on each fishing license.

WATER TREATMENT

If given final voter approval, the \$335 million raised by bonding would be used for planning, acquiring and building water treatment facilities, including sewers and sewage treatment plants.

Easter Is a Joyful Enigma

(Continued From Page One)

least is mightiest, echoes the spiritual puzzle of Jesus.

The "first will be last, and the last first," he said. "For whoever would save his life will lose it, and whoever loses his life for my sake will save it."

He was a wandering rabbi from Galilee, warm, quick, compassionate, dauntless in purpose. With his disciples He roamed the cities and countryside for three years, teaching, healing, challenging wrongs, doing good. About 30 A.D., He was crucified.

But "the third day," according to church creed and Scriptures, "He rose again."

That is the "good news" of Christianity, the Easter story, the strange, world-shaking prophecy announced by the ringing bells, the banked lilies, the bright vestments, the hallelujahs of the choirs.

I AM RESURRECTION

"I am the Resurrection, and the life," He said. "He that believeth in Me, though he were dead yet shall he live."

What does it mean? How could it be? The answers came hard.

Yet just as physicists, traveling a dim, unmarked road, uncovered the staggering force at the heart of nature, so the overreaching dynamics of Jesus dawned only on those who had walked closely with Him, through baffling difficulties.

But then the disclosure, like a flaming, new star, radiated around the earth. "The Light of the world." His apostles hadn't anticipated it. They didn't believe it when women brought them the first report of the empty tomb. Scripture relates, "An idle tale," they assumed. They were earthly realists, in no autogestive mood for delusions.

HIGH HOPES PLUNGED

In fact, it seemed to them the whole venture had failed miserably. Jesus, instead of mounting a throne, had been executed as a criminal, and they had fled in fear and defeat, their high hopes plunged to its utter despair.

But then, as they huddled behind locked doors, He stood before them. "Peace be with you." They still boggled at it. "Why are you troubled, and why do questionings arise in your hearts? . . . It is I myself."

Strange, unexplainable — "a stumbling block" to "the foolish" to "ordained logic," St. Paul wrote. And the church has always concluded that its central conviction defies empirical reasoning, turns apparent patterns upside down.

Moreover, the recognition of it came only slowly and painfully, not to the general public, but to believers who had

been influenced by Jesus, to those who had listened, questioned and wondered at his identity, who had noted the signposts on the way.

Out of that forged relationship, they gradually recognized — even though it flew in the face of their attitude and expectations — that he still lived.

DRAMATICALLY PERSUASIVE

Their testimony of it — in gospels and epistles — is dramatically persuasive. It changed them over night from broken, cringing men to fearless, aggressive evangelists, so absolutely sure of their contention that they were ready to die for it. Most of them did.

As Scripture portrays it, and as the church interprets it, the Resurrection was no mere physical reanimation of a corpse, in the framework of general observation, but a manifestation to chosen witnesses at God's initiative.

Nor is it considered simply a past external event, but rather a continuing reality, and also a glimmering of the future, an "already" in basis but a "not yet" in full application, a divine deed beyond history injected into present history.

It is seen as the herald of a new age to come, the promise of a fuller tomorrow, the opening of a fresh, beckoning frontier. "Behold, I make all things new."

The celebration of it, in its adaptation to many cultures, has accumulated various extra-religious symbols appropriate to its meaning, and derived from other spring festivities — such as

the egg from whose shell springs new life.

The name of the holiday itself comes from a mythical Teutonic god of spring, "Eostre," whose ancient Anglo-Saxon rites coincided with the celebration of Christ's Resurrection.

It is the arch-phenomenon, needing symbols to tell it, breaking the limits of analysis and comparison. But to Christians, it is decisively real, the core of faith, a revolutionary beacon in human destiny.

"The light shines in the darkness," John's gospel says, "and the darkness has not overcome it."

It happened on a Sunday dawn following the Saturday sabbath of the Passover season celebrating God's deliverance of Israel from slavery and abuse. Amplifying that older sign, the Resurrection declared divine deliverance from sin and its epitome, death.

In church teaching, Jesus is considered wholly man, yet also divine, the human manifestation of God, who suffered on the cross for men's sin; taking the penalty for it as their stand-in, thus offering them redemption from it.

SAYS SOMETHING MORE

But the Resurrection says something more. It says that in the crucial, illuminating test between utter right and utter wrong, right has the final upsurge, that goodness ultimately wins over evil, that life triumphs over death.

New Czech Leaders to Ease Citizen Curbs

PRAGUE, Czechoslovakia (AP) — Czechoslovakia's new Communist leaders are promising their countrymen freedom to travel and live abroad, less censorship and a reduction in the power of the secret police.

Party leader Alexander Dubcek also told Czechoslovak liberals Tuesday to concentrate on a new constitution with these guarantees and on improving the economy and to stop worrying about further purges of the old guard leadership.

An action program published by the Communist party Tuesday outlined the guarantees for "social democratization" which it said would be incorporated in a new constitution.

It said citizens should have the right to travel freely abroad and reside in Western countries

without being "groundlessly placed into the position of emigrants." Sources said planned legislation would permit issuance of passports without regard to the traveler's political attitudes.

POLICE CURB LIKELY

By reducing the powers of the secret police, the program said, the party should insure that the police cease to be an instrument to "solve internal political questions" and to control "political convictions and personal opinions."

The new leadership, which ousted Stalinist party chief Antonin Novotny in January, also said "factual preliminary censorship, would end although the government would retain authority to forbid dissemination of certain information."

In the economic field, the new regime is showing concern over production lags and inflationary trends. It seeks to remedy them by switching the emphasis from central planning to a market-oriented system with profit incentives.

The action program called for revision of the wage structure so the economy would not be "permanently blunted by taking from those who work well and giving to those who work badly."

It said the consumer should have the right to "determine his consumption and his style of living."

Concrete proposals included wage increases of 2% to 3% per cent and introduction of a five-day work week by the end of the year, and measures to make the Czechoslovak currency freely

convertible to attract Western investments.

In his statement, Dubcek opposed a proposal for a special party congress this summer to oust Novotny and his followers from the party central committee.

He added that current criticism must not "reject everything positive accomplished in the past 20 years."

"Even if we call a thousand times for liberalization," Dubcek said, the regime now must keep a watchful eye on productivity and labor discipline.

The party's action program pledged full cooperation with the Soviet Union and other Communist allies but indicated a more independent course in international affairs that might in

time include diplomatic relations with West Germany. It called for Czechoslovakia to take an "independent attitude" toward world problems and to "support the forces of realism" in Germany.

The program was written before publication Tuesday of a note from the West German government to the Soviet Union which said the Bonn government is prepared to negotiate nullification of the 1938 Munich pact giving Nazi Germany the Czechoslovak Sudetenland. Czechoslovakia has made this the first condition for establishing diplomatic relations with West Germany although the Sudetenland was returned after World War II and the Sudeten Germans were expelled.

2-Mill Tax Increase Likely in Rochester

ROCHESTER — A 2-mill increase in taxes for city residents seems likely with the announcement of the proposed 1968-69 budget of \$938,000.

Projected expenditures for the current

Orion Township Voters May Get 1-Mill Road Bid

ORION TOWNSHIP — Voters here will likely be asked to approve an additional 1-mill levy for roads on the Aug. 6 primary ballot.

The Township Board discussed seeking the extra funds last night, even as it picked up \$13,300 allotted by the County Road Commission in matching funds for the improvement of Waldon Road from M24 west to Joslyn.

Further effort to obtain road monies was made in a resolution to state legislators asking for a 4 per cent diversion of state gas and weight taxes to townships.

A new budget of \$257,000, up only \$2,000 from last year, was approved. Trustees noted that, while income is figured now at only \$247,000, it is possible that reimbursement from state income tax funds could achieve a balance.

The board last night turned down the request of the Detroit development firm of Holtzman and Silverman to build apartments on the north shore of Long Lake.

COUNTY APPROVAL

Rezoning for the development was formerly approved by the county coordinating zoning and planning committee over the township planning commission's recommendation for denial.

Developers two months ago had asked for another 60 days to resubmit plans for the complex in order to improve access roads to the area.

A request for a further extension of time was denied.

Attorney George Googasian was renamed township attorney; Douglas Frisch, water commissioner; Harold Gingell, sanitary authority member; and Harold Page and Dale Spear, fire board members. No building inspector was named.

Clarkston OKs \$3.65-Million School Budget

CLARKSTON — A balanced school budget of \$3,656,000 — up \$500,000 from last year — has been adopted by the board of education for presentation to the Oakland County Tax Allocation Committee.

Dr. Leslie Greene, schools superintendent, said the additional money is necessary for increased enrollment, additional personnel and increased salaries.

In other recent action the board has signed a contract with Oakland County Intermediate School District for the infitulation of a vocational education center and program.

The Clarkston district is presently engaged in a site location program awaiting funding approval for the school which is expected from the State Department of Public Instruction after July 1, Greene said.

The school is to be built by the county schools and operated for students of Clarkston, Waterford, Brandon and Holly districts. It will be administered by the Clarkston Board of Education and reimbursed by the County.

In other action the board has approved the replacement of the nonoperative public address system in the junior high school and installation of a new system in Andersonville Elementary School at a total estimated cost of \$8,000.

GI Turns Self, 'Stolen Auto' In

ROMEO — State Police in this village got a surprise this morning when a young man walked in and said, "I just parked a stolen car outside."

Checking with the provost marshal at Ft. Wayne in Detroit, police found the man had been absent without leave from the Army since Saturday.

However, confirmation of the theft of the car, which the man said he had stolen when leaving Ft. Gordon, Ga., was not immediately available, police said.

He was taken into custody and is presently in Macomb County Jail, according to police.

Area News

Milford Council OKs Rezoning for Apartments

MILFORD — The Village Council has approved rezoning for apartments on 14 acres on the east side of South Main across from Kensington Hills subdivision.

The land, owned by Floyd Willett, had been zoned single-family residential.

The Village Council has set a hearing for April 29 at 8 p.m. on an apartment rezoning request for 39 acres on the southeast corner of General Motors and South Millford roads.

Kensington Hills Development Co. has submitted the request.

The land recently involved in a tax case before the State Court of Appeals. It resulted in a reduction in the assessed valuation from \$52,800 to \$27,300.

\$318 LOSS

The \$25,500 decrease brought a \$318 loss in taxes to the village said Village Manager Joseph S. Brophy.

The parcel was zoned single-family residential when assessed. The township assessing firm of Lahman Bower Associates, Walled Lake, assessed nine acres of the land as if it were commercial.

The original assessment was made on the land according to its highest and best use, explained Milford Township Supervisor William L. Mainland.

The appeals court ruled that the land should be assessed as it was zoned.

Farmington High to Open Doors to Sorrows Students

FARMINGTON — Farmington High School will open its doors to about 50 part-time students from Our Lady of Sorrows High School this fall.

The Farmington Board of Education has approved a shared-time program with the parochial school.

The district will receive additional state aid funds based on the number of hours the Catholic students attend public school classes, said Board President Herbert R. Neat.

Classes offered are art, German, Spanish and industrial arts.

In other action, the board okayed a change in its attendance policy for about 65 students in the Farmington and North Farmington high school areas.

The new policy requested by residents is that these students have a choice between the two schools, instead of being sent to Farmington High.

Lake Orion Employees Pick Bargaining Agent

LAKE ORION — Nineteen employees of the village police and public works departments voted yesterday in a State Labor Mediation Board-sponsored election to have the American Federation of State, County and Municipal Employees, AFL-CIO, as their bargaining agent. The vote was 19-0.

OU STUDENTS MARCH — About 100 Oakland University students march along Walton from the campus yesterday morning to attend memorial services for Dr. Martin Luther King Jr. at St. Philip's Episcopal Church in Rochester. The demonstration was without incident.

High Tension Over Towers

Wixom and Utility Are 30 Feet Apart

By BETTY ANN SCHULTZ

WIXOM — Will the Detroit Edison towers in this city have to be chopped down to 100 feet?

It's a question that comes up in light of a recent State Court of Appeals decision which now stands as a precedent.

The court has ruled that the city has the right to regulate structures within its territory, reported City Attorney Gene Schnelz.

The towers stand 130 feet high, while a city ordinance limits their height to 100 feet.

The appeals court, however, sent back

the ordinance to the Oakland County Circuit Court to determine whether the 100-foot limit is reasonable.

UTILITY APPEALS

Meanwhile, Detroit Edison is appealing the higher court verdict to the State Supreme Court.

The utilities firm is expecting to know by June whether the appeal will be heard, a spokesman for the firm said.

The towers were erected in the fall of 1966, after the ordinance had been declared invalid by Oakland County Circuit Court Judge Clark Adams and while the city was appealing that decision.

The City Council enacted the ordinance in question in spring of 1966 with the

knowledge that Detroit Edison was going to build the towers. Schnelz recalled.

The towers "split the city in the middle and disrupted the master plan," the attorney explained.

LINE TO SERVE WIXOM

The Detroit Edison line extends from Monroe to Port Huron and will eventually provide service to Wixom.

The ordinance was declared invalid because, according to Judge Adams, public utilities are under the exclusive jurisdiction of the State Public Service Commission.

Both parties presented their arguments before the appeals court late in 1966.

GOP Officials to Talk on County Politics

WEST BLOOMFIELD TOWNSHIP — Joseph Farnham, chairman of the Oakland County Republican party, and John Cartwright, chairman of the Republican organization in the 19th Congressional District, will speak on "Politics in Oakland County" tomorrow at 8 p.m. in the West Bloomfield Township Hall, 4460 Orchard Lake.

The meeting, open to the public, is sponsored by the West Bloomfield Republican Women's Club.

Oxford Votes to Join Governments Council

OXFORD — A resolution to join the Southeast Council of Governments was passed by the Village Council last night. The membership fee is \$100 a year, according to Manager Robert Smalley.

The resignation of Councilman Homer Hight, because of his plans to move from the village, was accepted. No replacement was appointed.

Party Set to Honor Retired Troy Mayor

TROY — A "retirement party" has been scheduled for tomorrow night in this city to honor recently retired mayor Vincent J. McAvoy, who had served five years on the City Commission.

McAvoy became a private citizen Monday night, handing over the reins of leadership to Jule R. Famularo, who was elected mayor April 1.

The affair tomorrow will take place at the Clawson-Troy Elks Club on Big Beaver east of Rochester Road, at 6:30 p.m. Tickets are \$3.75 each.

Jobless Problems Will Be Outlined

ORION TOWNSHIP — The problems of hard-core unemployment will be outlined by a group of workers in the 8 p.m. lecture series tomorrow at the Knights of Columbus Hall, Orion at Kern roads.

The program, sponsored by the Human Relations Committee of St. Joseph's Catholic Church, will feature Joan Walker, Albert Munson and William and Mansfield Samples on the subject "Education and Employment."

Last week's speaker in the series, James G. Dyer of Pontiac, former NAACP official and active in the Pontiac Area Planning Council, discussed housing problems of Negroes and spoke of the need to find acceptable homes for Negro schoolteachers in the Pontiac system.

Charter Snags Lake Orion Job

LAKE ORION — Council has delayed appointment of a village treasurer, for the second time since the village election.

In an opinion, Village attorney Robert V. Parenti says the proposed appointment of Mrs. Geraldine Campbell to the position is not allowable.

M. Campbell, long-time treasurer elected to that post last year, is the change in the village charter last year, the mother-in-law of councilman Lawrence Giddings.

Her position has become appointive as a result of the charter change.

Said Parenti, "It is my opinion that such person is disqualified from being appointed to such office by virtue of Section 4.2 of the Village Charter."

'NOT AN EXCEPTION'

"The fact that such person is the present treasurer and has held such office for some years past does not, in my opinion, fall within the exceptions contained in said section."

The cited section bans council from naming a relative of one of its members to appointed positions. Council approved a new bookkeeping system and operating procedure for village departments, for use at the start of the new fiscal year beginning July 1.

The council voted to hire Richard Scribner as plumbing inspector and to change back to Blue Cross-Blue Shield hospitalization insurance for its employees.

An estimate of \$500 savings to the village for the balance of the year and better coverage were the reasons given.

A traffic-control ordinance, making it illegal to exit from the LS Food Store parking lot onto M24, was adopted and will become effective in two weeks.

Hamlin Again Heads County Supervisors

Delos Hamlin of Farmington was elected to his 13th consecutive term as chairman of the Oakland County Board of Supervisors yesterday.

At the same meeting, four new area supervisors took their seats on the board for the first time.

Winning a unanimous vote from his fellow supervisors, Hamlin commented, "There's not a job I would rather have in the state of Michigan."

Hamlin has served on the Board of Supervisors since 1942, when he was appointed by the city of Farmington. He has been chairman since April 1966.

A successful businessman and inventor, Hamlin broke an old county

tradition with his third consecutive chairmanship. It had been practice to change chairmen every two years.

The entire three-man representation of Troy was changed, while Birmingham's lady commissioner was another supervisor to begin a new term.

NEW TROY REPRESENTATIVES

Jule R. Famularo, 3461 Alpine, Troy's newly-elected mayor, took a seat along with new City Commissioner Peter A. Taucher, 3791 Woodman. They were joined by John F. Stine, 1915 Boulton, who was an unsuccessful candidate for commission in the Feb. 19 city primary.

Mrs. Ruth B. McNamee, 1271 Lakeside, recently reelected to the Birmingham commission, was named

Monday to the board along with incumbents Carl F. Ingraham, David Levinson and Roland F. Webber.

A ballot battle remains in the selection of a chairman pro tem to aid Hamlin, despite efforts yesterday by the supervisors.

That election had to be shelved until the board's next meeting, Monday, since neither of two candidates could obtain a majority.

In repeated voting, neither Homer Case of Bloomfield Township nor Harry Horton of Royal Oak could gain the 45 votes necessary. When it became clear, neither could win with their present support, the election was tabled.

Sen. Brooke Will Offer Bills Based on Riot Report

WASHINGTON (AP) — Sen. Edward W. Brooke, only Negro member of the Senate, says he will file a package of bills later this month proposing congressional enactment of the presidential riot panel's recommendations on jobs, welfare and housing.

Brooke, who was a member of the National Advisory Commission on Civil Disorders, said jobs would get top priority among his proposals.

The commission recommended that 2 million new jobs be created in the next three years for the underemployed and jobless—550,000 of them this year. It recommended construction of 16 million housing units in five

years and a vast overhaul of the welfare system.

IMMEDIATE ACTION

Brooke and other commission members said in interviews that immediate action is needed to help solve some of the problems

which contributed to the street violence ignited by the assassination of Dr. Martin Luther King and the rioting of past year.

An elephant's brain weighs 10 pounds.

Schools Annexed

PULLMAN (AP) — Voters in the Pullman School District in Allegan County Tuesday approved the annexation of their district to that of Bloomingdale. A measure was also approved that would make Pullman assume the \$600,000 in debts of the Bloomingdale School District.

Packs Political Punch for Youth

Whatever is the ultimate fate of Sen. EUGENE MCCARTHY's bid for the Democratic presidential nomination, it is going to be remembered for one thing—its appeal to youth.

The "children's crusade" of clean-cut, shaven, sensible dressed college youth in New Hampshire and Wisconsin greatly impressed senior skeptics.

To these young people, the handsome professorial McCarthy is the opposite of their idea of the usual, crowd-pleasing politician. McCarthy "tells it like it is." He speaks to the intellect of his audience—and strangely enough, this quiet, reasoning approach is working an emotional effect on others besides idealistic kids.

ad in the New York Times bannered the news, "Our children have come home."

Suddenly there's hope among our young people, it went on. Suddenly they've thrown themselves into politics, with all their fabulous intelligence and energy. It's a new election, thanks to EUGENE MCCARTHY.

"We know you won't let those kids down," the advertisement concluded in a pointed message to readers of voting age.

Those who disagree with McCarthy's views on Vietnam may be reminded of the Pied Piper and suggest that rather than the children coming home, both they and adults are being led astray.

But any man who can get the famous turned-off generation turned back on again has earned a noteworthy place in history.

The phenomenon has not gone unnoticed by adult McCarthy supporters. A recent full-page

Heftier Punch of Computers Felt by Americans

Big Brother hasn't got everyone's number yet. We haven't yet reached the point where everyone's private life has been translated into a pattern of punches on an IBM card in a central government computer.

There was, for instance, the admission by the Census Bureau awhile back that an estimated five million adult American males had eluded the population counters in 1960.

However, there comes a report from the Tracer Corporation of America—an outfit that traces not only missing heirs but erring, missing husbands—that there are no less than 500,000 bigamists in the United States, almost all of whom are successfully pulling it off.

The company does not say how many of these bigamists are really practicing monogamists—that is, have simply left one wife and acquired a second without going

through a lot of bothersome legal rap tape—and how many are managing the difficult feat of maintaining two separate lives, two separate homes, two separate happy, contented families.

That there are quite a few of the latter is suggested by Tracer's profile of the average bigamist. He is 40 to 50 years old, has a higher-than-average income (he needs it), has a job with flexible working hours, travels frequently and, most importantly, has all the attributes of the ideal husband.

Neither the census escapee nor the bigamist is to be envied or emulated. Most of the first were jobless, homeless drifters in the city slums. The others are breaking the law, a severe law in most states. They must be under constant strain.

Yet who isn't under constant strain these days?

Russia's 'Flower' Experiment in Bad Odor

A little free enterprise can be a dangerous thing, as the bureaucrats who have their thumbs on every aspect of Russia's economy are beginning to learn.

Because of "a severe flower shortage" in 1966, says a report, the Moscow city council issued a decree permitting private vendors to sell them. The shortage was overcome, and now government-operated florists are complaining about the competition.

Their major beef is that the private vendors are able to

lower their prices when their flowers begin to wilt, while the official chains "are tied to our prices like a goat to a stake."

The sweet smell of success in the flower experiment has even moved some Soviet economists to suggest that not only this "goat" but others be untied—that with consumer goods, at least, price-fixing be abandoned and that quality and demand be allowed to govern the market.

How's that for flower power?

Travel Ban Fuels Confidence Crisis

By RAYMOND MOLEY

The crisis of confidence abroad which has been threatening our remaining gold supply makes even more absurd the administration's plan to restrict travel.

At a moment when our government is so lacking in Americans' confidence, this jerry-built scheme is more likely than not to swell the protest.

For if approved by Congress, its utility will become more and more apparent to more and more people.

It would seem that with a horde of bureaucrats under his command President Johnson might have been spared the embarrassing fiasco of that plan.

The weird mathematics which Lyndon Johnson employed in presenting the plan became even stranger when Rep. Tom Curtis published in the Congressional Record a report of a "working party" selected by the President's task force on the subject.

The United States has had a balance-of-payments deficit for several years. In 1967, U.S. spending abroad was between \$3.5 billion and \$4 billion more than dollars returned here. About half of this, or \$2.085 billion, was the so-called "travel gap."

The working party report to the task force and the President deflated this by presenting a breakdown of that travel deficit.

Two-thirds was spent in travels in the Western Hemisphere, which the Johnson-Fowler plan does not propose to restrict. There were \$607 million spent in intrahemisphere travel, including \$350 million for visits to Expo 67. But 78 per cent of spending by foreign travelers in the United States was by visitors from other Western Hemisphere countries.

Overseas travel accounted for \$808 million, of which \$672 million was the deficit for Western Europe. In addition, American tourists spent \$30 million more on foreign-flag transportation than foreign tourists spent on American-flag planes and ships.

These figures are especially significant because the dollars

American tourists spent abroad made possible purchases in the United States by the countries that earned between \$3.5 billion and \$4 billion more than dollars returned here.

The travel statistics quoted by the administration do not reflect spending by foreign companies for American made planes, engines and spare parts—spending directly generated by American tourism. In 1966, foreign airlines bought \$921 million worth of U.S. airline equipment. It is impossible to isolate travel statistics from trade and over-all economy.

The working party report says this of the President's goal of cutting \$500 million from the travel deficit: "It seems reasonable to suggest that a saving of this dimension should be extremely difficult to achieve since 54 per cent of the \$808 million overseas deficit is accounted for by business, educational or other essential traffic."

This is about \$484 million for essential overseas travel, leaving an estimated balance of \$144 million in nonessential or pleasure travel from which the proposed savings must be wrung."

Thus, the President seems to be attempting to squeeze \$500 million from \$144 million.

Things To Remember At A Peace Table

David Lawrence Says:

Peace Is Not Necessarily Near

WASHINGTON — The fighting in Vietnam may stop within a few months — but this will not necessarily mean peace.

It looks as if the procedure will resemble that which brought a halt in hostilities between North and South Vietnam, and South Korea. While military operations were eventually suspended, neither side has ever given in at the peace table since the negotiations — which are still going on — began in July 1961.

At the forthcoming conferences between North Vietnam and the United States, unquestionably an agreement will be sought to secure an armistice.

The first several weeks and perhaps months of the negotiations will be concerned with just how each side will reduce its military activities and what promises will be made that a truce would be respected.

It is significant that, when the North Vietnamese government decided to accept President Johnson's offer to participate in peace talks, the advice of Red China to turn it down was apparently disregarded.

There are reports that the Russians were not told in advance of Hanoi's decision, but it is finally come to the conclusion that it was desirable to support the action.

FREE TO CRITICIZE

Thus, both Moscow and Peking are free to utter their criticisms and to carry on a constant propaganda of denunciation of the United States during the talks.

Entirely apart from the role that may be played by Red China or the Soviet Union, it is most important that the solidarity of the South Vietnamese be maintained.

To achieve this purpose, the United States will have to keep in close consultation with the Saigon government and not make any move that arouses a fear among the people of South Vietnam that they might be abandoned and threatened with a stronger hold by the Communists on the whole area.

While the United States is anxious to bring an end to the Vietnamese struggle, it does not seem logical that there will be any withdrawal of troops or agreements to give up territory now belonging to South Vietnam unless there is clear evidence of the intention

of the Hanoi government to fulfill its pledges and respect any settlement reached.

The Vietnamese war has been costly to both North and South Vietnam, and it will take years to establish in the two regions stable governments which are willing to live at peace with each other.

The issues at the coming

conferences are vital to all the Vietnamese factions. But they are even more important to the other peoples in Southeast Asia as well as the United States who wish to make sure that the painful lesson of the Vietnam war has been learned—that the Communists must not repeat their acts of aggression.

(Copyright, 1968, Publishers-Hall Syndicate)

Bob Considine Says:

Dr. King Remembered in Words of Southerners

NEW YORK — Five or six years ago, when he was just emerging as a national and even international figure instead of a regional phenomenon, my office assigned me to do a series on Martin Luther King.

I went to Atlanta and spent some time with him at his shabby Southern home church, Ebenezer Baptist. Two distinguished white men of Atlanta were kind enough to brief me on King.

"Suppose Dr. King happened to be a Black Muslim or some other type of racial radical?" Ralph McGill asked, as we sat in his memento-filled office at the Atlanta Constitution.

"If he were an evil man, but still had his great power to attract his people and persuade them to do what he wants them to do, the South right now would be in the midst of a bloodbath. White southerners should thank the dear Lord for sending them a Martin Luther King."

The Very Rev. Paul L. Hoffman, Roman Catholic archbishop of Atlanta, who died several days before Dr. King was murdered last week, said of him—back in 1962:

"Dr. King cannot be viewed outside the historic context of his times. There are determined forces in the United States that intend to prevent full Negro citizenship at all costs."

'COUNTERFORCES'

"There are counterforces ready to sacrifice law, order and the public good to get the benefits of this citizenship regardless."

"I see Dr. King as a catalyst of these forces. Because he is a Negro, he has suffered all his life the daily indignities of segregation. Because he is a courageous Negro, he has been able to channel into legal paths the support of those who want to move now."

"But because he is, first of

all, a Christian and an American, he is a worthy spokesman for all of us who want the principles of our Constitution and our citizenship honored in every citizen, regardless of creed or color."

"There can be honest criticism of Dr. King's tactics but not of his over-all strategy or his ultimate objective. Unless more white Americans acknowledge this, we will weaken Dr. King's leadership and bolster that of the extremists, which is neither Christian nor American."

"The latter, both white and black, want violence, not non-violence; disorder, not law; their own, not justice."

"As Dr. King and other outstanding Negro leaders focus the law, order and justice upon the discredited patterns still existing in many communities, they merit our help and our prayers."

Reviewing Other Editorial Pages

One Solution

The Muskegon Chronicle

The Republican Congressional Committee's Newsletter notes that radio commentator Paul F. Lewis III, has come up with an interesting solution to the Pueblo crisis.

"It's simple," says Mr. Lewis. "The U.S. declares the ship to be 'war surplus' and sells it to Israel. The Israelis dispatch a small expeditionary force to recover the vessel (if necessary, even invading and occupying North Korea)."

"Then the U.S. buys it back — at a considerable markup, of course."

No Bargain

Buffalo Evening News

Just as one swallow doesn't make a spring, a single statistic makes an economic trend. But the latest cost-finding figures reinforce earlier indications that inflation is getting worse.

That the over-all consumer

Voice of the People:

'City Property Owners Should Check Ordinance'

I recommend that every property owner in the City check carefully the proposed zoning ordinance being considered by the Pontiac City Commission. A property owner should not only verify the proposed zoning but also determine what is permitted under the new proposed classification compared to the present zoning of the property.

The zoning classification may be the same but the permitted uses of the property may be considerably limited under the definition of the new classification. The permitted uses under the new classification could seriously affect the value of the property.

Dr. King's Death Prompts Several Letters

The words of Patrick Henry, "Now is the time for all good men to come to the aid of their country," are just as true today as when they were spoken. We are all to blame for what has happened in our country. All have a share in today's sadness. Still, in each of these things that divided us there are good men who deplore the state of our nation.

Men came to this country in chains, white and black. We forgot that white men were in chains when they arrived here. Men had a dream they called "The American Dream," but like all dreams it was a different, individual dream for each man. Yet it was "The American Dream" that united us. All dreams of men are important and we must respect them all or none shall have the dream. Let us work together and help build a good world.

BARBARA R. JOHNSON

Americans of good will are stunned and sickened over the brutal and senseless assassination of a great American, Dr. Martin Luther King Jr. Mankind has lost an articulate and courageous spokesman for freedom and justice. We have all lost in the tragic death of this great man. I pray that his dream for America, the dream of all Americans of good will shall become a reality—that black and white, Catholic, Protestant and Jew will walk together in mutual respect, mutual trust, mutual caring, that human rights are before all other rights. The fulfillment of that dream is every American's business.

WILLIAM R. KIRK
EXECUTIVE DIRECTOR,
YMCA OF GREATER PONTIAC

The assassination of Dr. Martin Luther King Jr. further proves that human decency continues to be outraged and defamed by the abysmal ignorance of a few, and the entire world suffers for it.

G. PORTER
6244 PINE KNOB, CLARKSTON

In the march of mourning from St. Vincent de Paul Church to the Newman A.M.E. Church, for Dr. Martin Luther King Jr., it seemed as God looked down with a nod of "well done" to the people of Pontiac. The dignity within the ecumenical service was one long to be remembered by those of us who no longer walk alone, people of peace. Dr. King in death is greater than all the forces of evil put together. This kind of peace shall overcome.

WILLIAM REID

Not since the death of Lincoln has a single death so stirred the Nation as has the assassination of Dr. Martin Luther King Jr. Through it we can see the Nation's need and save the Nation much for the days to come.

Question and Answer

We read the poem, Flanders Field, and some of us would like to know how many soldiers are buried there.

JUNIOR HIGH

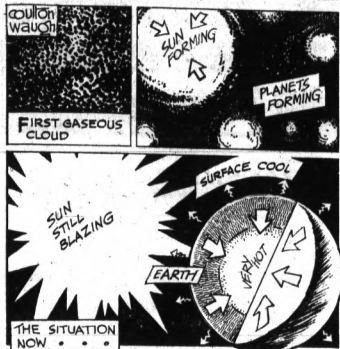

REPLY

368 are buried there, and 43 other graves commemorate missing soldiers.

MOLEY

Junior Editors Quiz on EARTH'S CENTER

QUESTION: Why is the earth's center hot, instead of cool like the crust?

ANSWER: Astronomers believe there are huge clouds of gaseous materials floating out in space. Long ago, as one such cloud revolved slowly, masses of this material are thought to have compacted, pulled together by gravitational force.

As these materials drew together, the part in the center became so intensely hot that a thermonuclear reaction suddenly began. Hydrogen began to be converted to helium—the process releasing amounts of heat and energy.

This mass was our sun, which still blazes brightly, supplying life-giving energy to us on earth. Smaller masses of the original gaseous material turned into the planets, but none of these was large enough to start a nuclear reaction of its own.

However, the planets did get hot as the materials pressed together. Earth's outer crust cooled quite quickly, because there was nothing to prevent its heat from radiating out into space. But the earth's inner core of extremely hot metal and the surrounding layers of molten rock retain their heat because there is no way for this to escape. The continual pressure of the rock mass above keeps the heat up all the time.

Lunar Soil: Protection?

MOSCOW (U) — A team of Soviet scientists reported yesterday they believe lunar soil can be used to protect man on the moon from radiation, even from powerful solar flares. Tass news agency said the scientists used data gathered from Soviet moon probes to ob-

tain the nature of the lunar soil. or astronauts on the moon. Writing in Kosmicheskaya Biologiya (Space Biology and Medicine) — they reported rocks are similar to basalt on earth.

Week's Jewish, Christian Services Are Listed

Christians and Jews around the world are observing the Feast of the Passover this week.

Those of the Catholic and Protestant faiths will hold Holy Communion services on Maundy Thursday — tomorrow — as they remember when Jesus met in the upper room with His disciples to celebrate the Passover.

It was then that Jesus, knowing he would be betrayed and crucified, took bread, and when he had given thanks, He broke it, and gave it to His disciples saying, "Take, eat, this is my body which is given for you; do this in remembrance of Me."

Likewise, after supper, He took the Cup; and when He had given thanks, He gave it to them, saying "Drink ye all of this, for this is My blood of the New Testament, which is shed for you, and for many for the remission of sins. Do this, as ye shall drink it, in remembrance of Me."

The ritual — Holy Communion — is observed daily in the Mass of Roman Catholic churches and often in Protestant churches.

COMMEMORATE 3 HOURS

Good Friday services commemorate the three hours when Jesus was dying on the Cross. Congregations throughout Oakland County announce the following services:

COUNCIL OF CHURCHES

The annual Inter Faith Good Friday service sponsored by the Pontiac Area Council of Churches will be from 12:30 to 2 p.m. in First Presbyterian Church, West Huron at Wayne. The Rev. Valerian Jasinski of St. Methodius Seminary, a Good Friday service from 1 Orchard Lake will speak on "If to 3 p.m. in Christ Lutheran Thou Art the Son of God" and Church, 5987 Williams Lake, the Rev. A. N. Ried of Newman under the direction of the Rev. AME Church will preach on Wayne Peterson, pastor. "Transmitted From the Cross." The public is invited.

OAKLAND COUNTY MINISTERIAL ASSN.

The Oakland County Ministerial Association is observing Holy Week with services at Mt. Calvary Missionary Baptist Church, 95 Mariva at 7 p.m. daily through Maundy Thursday.

The Good Friday service is set for 6 p.m. under the direction of the Rev. M. M. Scott of East Side Church of God, president of the association.

KEEGO HARBOR UNION SERVICE

For the first time in the history of Keego Harbor churches will hold a Union Good Friday service.

Through the cooperation of Trinity Methodist and Keego Harbor Baptist churches, the service will be at noon in the Trinity Methodist Church, 2801 Cass Lake. The Rev. David L. Holt and Rev. Forrest Pierce will speak and City Councilman William H. Graves will give the invocation. Music will be provided by the Keego Harbor Baptist Church Choir.

OAKLAND COUNTY SANATORIUM

A program of gospel songs will be presented at 1 p.m. on Good Friday at the Oakland County Sanatorium.

The Golden Chimes Quartet composed of Deo Young, Roger Phillips, and Mr. and Mrs. Matt Hunt, will be featured.

The musical event open to other county employees was arranged by Mrs. Margaret Evans, supervisor of patient services at the sanatorium.

WATERFORD TOWNSHIP

The Waterford Township Ministerial Fellowship will hold St. Methodius Seminary, a Good Friday service from 1 Orchard Lake will speak on "If to 3 p.m. in Christ Lutheran Thou Art the Son of God" and Church, 5987 Williams Lake, the Rev. A. N. Ried of Newman under the direction of the Rev. AME Church will preach on Wayne Peterson, pastor. "Transmitted From the Cross." The public is invited.

Speakers include the Rev. Joseph Biscoe, the Rev. Roy

Lambert, the Rev. Walter Tweiss Jr., the Rev. Gerald Switzer, the Rev. Robert Wime and the Rev. Oren M. Clark, president of the fellowship.

PONTIAC EASTSIDE

The Rev. Howard Funk of First Free Methodist Church will be the speaker for the Good Friday service, sponsored by Pontiac Eastside churches, from 1 to 2:30 p.m. in Christian Temple, 505 Auburn.

Ministers assisting with the reading of scripture and offering prayer will be the Rev. Kenneth Pennell, the Rev. Geoffrey Day, the Rev. R. C. Cummings, the Rev. L. R. Blackwell, and the Rev. Hiding Bihl.

The Rev. Mrs. Lola Marion is host pastor to the 13 congregations.

ROCHESTER AREA

A Union Good Friday service will be held at St. Philip's Episcopal Church, 1215 N. Pine in Rochester from noon to 3 p.m. The worship period is sponsored by the Rochester Area Ministerial Association.

GREATER PONTIAC MINISTERS' FELLOWSHIP

The annual Good Friday service of Greater Pontiac Evangelical Ministers' Fellowship will be held at First Baptist Church, Oakland and Saginaw, from 1 to 2:15 p.m. with the Rev. Dorr Focker, president of the fellowship, giving the invocation.

Participating pastors include the Rev. Gordon Lindsay, the Rev. L. L. Brooker, the Rev. Marshall Reed, the Rev. Robert Messmer and host pastor, the Rev. Robert Shelton.

The Rev. Olan Hendrix, home secretary for Far Eastern Gospel Crusade, will be guest speaker.

PONTIAC MALL

Annual Good Friday service

at Pontiac Mall will be held in the community room from noon to 3 p.m.

The Rev. Hiding Bihl of Perry Park Baptist Church will be the first speaker. Other local ministers presenting a brief message include the Rev. Harry Carr, the Rev. Warren Lawrence, the Rev. V. L. Martin, the Rev. Theodore H. Allebach and the Rev. Gordon Lindsay.

TROY PASTORS

The Troy Pastors' Association will conduct its 11th Annual Community Good Friday Service at 1 p.m. in First Baptist Church, 2601 John R. Troy.

The Rev. Finley Dufee, pastor of the John R. Methodist Church, Troy, will give the sermon "It Is Finished."

Other participating ministers are the Rev. Richard Snod, the Rev. Paul Blomquist, the Rev. Buell Eldridge, the Rev. Ralph Jackson, the Rev. Douglas Carter, the Rev. James Callaway and the Rev. Samuel Henning.

A light lunch will be served in the gym following the service for the convenience of those coming directly from work. Anyone wishing transportation may call the church office.

AUBURN HEIGHTS PASTORS

A community interdenominational Good Friday service will be held at the Auburn Heights Free Methodist Church, 255 Squirrel, from 1:30 to 2:45 p.m.

The Rev. Richard L. Manning, a Presbyterian evangelist, will bring the message.

Churches cooperating in the service include Auburn Heights United Presbyterian, Elwood Methodist, Incarnate Word Lutheran, Leach Road Community, Stone Baptist and White Shepherd Full Gospel. The Rev. Henry Schmidt is host pastor.

BEAUTIFUL SAVIOR

Holy Communion will mark the institution of the Sacrament in the Maundy Thursday service at 7:45 p.m. in Beautiful Savior Lutheran Church, 5631 N. Adams, Bloomfield Township. Pastor Donald G. Zill will preach.

Good Friday will be observed with a Tre Ore service from noon to 3 p.m. The three hours will be divided into half-hour worship periods.

Clergymen participating include Pastor Howard E. Bull of Pilgrim Congregational Church, Pastor Edward L. Duncan of Fellowship Methodist Church, the Rev. Stuart Gulsig, assistant pastor of Beautiful Savior, the Rev. Daniel Hassenpflug and Pastor Zill.

At 7:45 p.m. the Senior and Youth choirs will present the Lenten portion of Handel's Messiah. The service will conclude with the traditional Order of Tenebrae.

ST. JOSEPH CATHOLIC

The congregation of St. Joseph Catholic Church will celebrate Mass at 7:30 p.m. on Maundy Thursday.

Good Friday services of devotions and stations of the cross will be from noon to 3 p.m. The Easter Vigil beginning at 10:30 p.m. Saturday will be followed by Mass at midnight.

PINE HILL CONGREGATIONAL

The annual observance of Maundy Thursday will be celebrated at 8 p.m. in Pine Hill Congregational Church, 4160 Middlebelt, with a candlelight Communion service, the Rev. Harry W. Clark presiding.

The service will be followed by the ancient Office of Tenebrae — in which the candles are extinguished one by one until only the candle on the Communion table is left lighted.

This candle is then removed from the chapel and is not returned to the Pine Hill sanctuary until Easter morning.

Waterford Teacher Salary Needs Explained

(Continued From Page One)

Q—Why don't you dismiss teachers, custodians or others who do not prove their worth before they are rooted so it is difficult to dismiss them?

A—The fact is that a few employees of Waterford Schools are not asked to return each year. However, like any good business concerned about human relations, we do not dismiss these employees. We try to handle them so that the dignity of all concerned is protected.

Q—Aren't teachers in Waterford well paid? Don't most of them make at least \$7,000 a year?

A—Teachers and teacher applicants don't think so. Each year we lose teachers to other educational institutions and to business because they receive higher salaries there. At present Waterford ranks 28th among 28 school districts in Oakland County in its salaries. Thirty-five per cent of our total teaching staff earns less than \$7,000 a year.

We are not in a good competitive position to recruit and keep quality teachers. The following table reveals that teachers can start higher, move to higher maximums and get there faster in most other Oakland County

school districts. And, of course, many leave teaching each year for positions in other fields where salaries are higher.

Q—Since we are using comparative salaries, how does Oakland County compare to other counties in the area and outside in relation to the teacher salary structure?

A—By and large, the salaries in Oakland, Wayne and Macomb counties are higher than in school districts outside.

Q—If teachers would add the money they make in the summer time to their salary like the rest of the people have to do, then they wouldn't complain so much. How do you explain the fact that teachers are paid for only 10 months of work?

A—Teachers must, of course, live and support their families for 12 months each year. Most of the best teachers find they must supplement their incomes both during the school year and in the summer time. These teachers would like to practice their profession all year long.

Yet the 10-month school year is a deeply imbedded custom in the United States, and attempts to change the pattern have consistently been unsuccessful.

Numerous experiments with the 12-month school year have been tried, but have failed, and all communities have reverted back to the traditional pattern.

Q—Why should I vote for millage if I feel that teachers are overpaid?

A—Before arriving at this decision you should evaluate the total picture. Bear in mind that the daily teacher classroom commitment does not reflect

the full teacher obligation. Most teachers spend countless hours at home preparing lessons and correcting papers.

They also attend numerous after-hour meetings, and many teachers are furthering their education at night so that they will become even better teachers. Our teachers must acquire 45 graduate hours of college credit at their own expense during their first five years of teaching to satisfy the requirements for a permanent teaching certificate.

Reasonable attractive salaries are in the community's best self-interest. We need teachers, and we must pay competitive salaries. We must pay the going rate for other services we purchase. A shortage of teachers exist, and we must keep Waterford a place where teachers will want to teach.

Q—Waterford Township Board of Education members are paid only \$250 a year. How much time do they devote to school matters on the average?

A—I suspect most would average seven to 10 hours a week. The board meets in formal session at least twice each month. Several serve on special committees, studying particular problems, and they all attend other meetings periodically with the staff or the community. Some serve on other boards or commissions because of their responsibilities as school board members.

They must study extensive materials to understand and evaluate accurately school district affairs. They receive occasional telephone calls from taxpayers, in addition. There is a job of considerable community service for which they receive all too few of the compliments and words of appreciation they richly deserve.

Q—How much time, on the average, do administrators and teachers devote to their work?

A—A teacher is required to be on the job seven hours a day, 20 to 30 minutes of which is free

Twice a month, on the average, they attend building staff meetings after school hours, and nearly all participate in curriculum or new school building planning committees after hours.

Most teachers find they must do much of their planning and paper work at home, and nearly half are engaged in formal graduate study at a nearby university. Most administrators spend 35 to 40 hours each week in formal office hours depending on their specific assignment.

In addition, their schedules include a number of evening meetings or student activities, plus weekend study and preparation time.

Head Start Grant

WASHINGTON (AP) — The Kalamazoo County Community Action Program has been awarded a \$75,358 federal grant for its summer Head Start program for 330 children.

Area Jewish and Christian Observances Are Listed for Week

(Continued From Page A-8)

FIRST PRESBYTERIAN

The congregation of First Presbyterian Church will gather at 7:30 p.m. on Maundy Thursday to receive Holy Communion.

During this service a communicants' class of 40 young people and adults will be welcomed into fellowship of the church. Adults and young people will be baptized.

First Presbyterian Church will be host to the annual Downtown Good Friday service sponsored by the Pontiac Area Council of Churches from 12:30 to 2 p.m.

CHRIST LUTHERAN

Holy Communion will be celebrated at 10:30 a.m., 6:30 and 8 p.m. on Maundy Thursday in Christ Lutheran Church, Williams Lake and Airport, Waterford Township.

A chancel drama by members of the congregation will be presented at the two evening services.

ST. HUGO OF THE HILLS

Solemn High Mass will be celebrated at 8 p.m. on Holy Thursday in St. Hugo of the Hills, Bloomfield Hills. Adoration of the Cross will continue until 11:30 p.m.

Adoration of the Cross and private devotions are scheduled Good Friday morning. Service will begin at 1 p.m. with Holy Communion at 2:15 p.m. Way of the Cross is slated for 2:30 p.m. and again at 8 p.m.

Easter Vigil beginning at 10:45 p.m. Holy Saturday will be followed by Mass at midnight.

FIRST CHRISTIAN

The Board of Elders will conduct the Maundy Thursday service of Communion at 7:30 p.m. with Pastor Lawrence Bobbitt giving the meditation.

GRACE LUTHERAN

Holy Communion will be celebrated at 7:30 Maundy Thursday in Grace Lutheran Church.

Good Friday service is set for

1 p.m. with the Rev. R. C. Stuckmeyer officiating. The church service is arranged for those who work.

FIRST CHURCH OF NAZARENE

Dr. E. W. Martin, superintendent of Eastern Michigan District of Nazarene churches, will speak at the Good Friday service from 1 to 3 p.m. in First Church of the Nazarene, 60 State.

FIRST SOCIAL BRETHREN

The Rev. Harry Carr will preside at the Good Friday service in First Social Brethren Church, 316 Baldwin from 2 to 3 p.m.

ST. BENEDICT

Stations of the Cross are scheduled from noon to 1 p.m. on Good Friday in St. Benedict, Catholic Church. Private devotions and liturgy of the Passion and Holy Communion will follow at 2 p.m.

Easter baskets for the needy will be blessed at 12:30 p.m. on Holy Saturday.

Solemn Easter Vigil Mass will begin at 11:30 p.m. with the blessing of the new fire, baptismal water and Easter candle, and renewal of baptismal promises.

ST. PAUL LUTHERAN

St. Paul Lutheran Church will observe Maundy Thursday with a Communion service at 8 p.m.

The annual Good Friday Neighborhood Service will begin at 1 p.m. The Senior Choir will enter the nave in silent procession then sing Bach's arrangement of "O Sacred Head Now Wounded." Pastor Maurice Shackell will preach.

ORCHARD LAKE COMMUNITY

The traditional service of Holy Communion and Tenebrae will be observed on Maundy Thursday at 8 p.m. in Orchard Lake Community Church, Presbyterian. The Chancel Choir will sing.

The annual Good Friday service at 1 p.m. will feature the story of the Passion of Christ as recorded in the Gospel according to John.

Young people assisting Pastor Edward D. Auchard in reading the Scripture include Tanya Caruso, Fred Payne, Bruce Grubbs, Barbara Arnold, William Milligan and Deborah Spiller.

ST. PERPETUA CATHOLIC

Adoration of the Cross is slated from 9:30 p.m. to 2 a.m. Holy Thursday at St. Perpetua Catholic Church.

Procession and Adoration of the Cross will be 12:15 p.m. on Good Friday followed by Stations of the Cross and Holy Communion.

Easter baskets will be blessed at 1:30 p.m. on Holy Saturday. Easter Vigil will begin at 10:45 p.m. with the blessing of new fire and Easter candle. High Mass will follow at midnight.

ASCENSION

The Order of Public Confession and Holy Communion will be celebrated on Maundy Thursday at 7:45 p.m. in the Lutheran Church of the Ascension, Waterford Township.

THE PENITENTIAL ORDER and Tenebrae service is scheduled

at 7:45 p.m. in the Ascension Church on Good Friday.

CHURCH OF ATONEMENT

A Maundy Thursday Communion service will be held in the Church of Atonement, United Presbyterian, 3535 Clintonville, Waterford Township, at 7:30 p.m. New members will be received and Clifford Hager will sing "I Walked Today Where Jesus Walked."

THE Women's Association

luncheon at 1 p.m. will feature a program entitled "The Suffering of Holy Week" with Mrs. Crea M. Clark in charge.

ALBURN HEIGHTS U.P.

The Sacrament of Holy Communion will be observed at 7:30 p.m. on Maundy Thursday in Alburn Heights United Presbyterian Church, 3415 E. 12th, Troy.

TROY BAPTIST

Organist Leonard Knight will provide music for the Good Friday service from 1 to 2 p.m. in Troy Baptist Church, 3193 Rochester, Troy.

The Oak Park Trio will sing and Pastor Marvin V. Turner will bring the message.

The Maundy Thursday

Luther King Jr. at 2 p.m. Good observance of The Last Supper is scheduled for 8 p.m.

EPISCOPAL CHURCH of the Advent

3525 Middlebelt.

The church will be open for meditation from noon to 3 p.m. on Good Friday with a service at 7 p.m.

At 8 p.m. the congregation is invited to the presentation of Archbishop MacLeish's "J.B." at the Presbyterian Church of the Saviour, 6655 Middlebelt, Birmingham.

OAKLAND UNIVERSITY

ST. JOHN FISHER CHAPEL

Passover meal is slated for 6:30 p.m. on Holy Thursday in the basement of the St. John Fisher Chapel, Oakland University. A celebration of the Last Supper with the Washing of the Feet ceremony is scheduled for 7:15 p.m.

The Tre Ore service will begin at noon on Good Friday. Stations of the Cross are set for 7:15 p.m. Easter Vigil service will begin at 11 p.m. on Holy Saturday with Mass at midnight.

CROSS OF CHRIST

The Chapel Choir of Cross of Christ Lutheran Church, Lone Pine at Telegraph, Bloomfield Township, will sing "Kyrie," "Benedictus" and "Credo" from the Schubert "Mass in G" at 7:30 p.m. on Maundy Thursday. The service will begin with Holy Communion.

Two services are scheduled for Good Friday, the first at 1 p.m. with a solo by Virginia Person. The second service of Tenebrae will begin at 7:30 p.m.

David Dahline, student at Concordia Seminary, will be guest preacher at the evening worship with Pastor Delayne H. Pauling assisting as liturgist.

FIRST BAPTIST BIRMINGHAM

The vigil of Maundy Thursday will be observed at 7:30 p.m. in First Baptist Church, 300 Willets, Birmingham. The service of baptism will be followed by the Lord's Supper.

The Office of Tenebrae, a service dating back to the 4th Century, will be observed with deacons reading the scripture. Deacons, deacons and congregation will leave the church in silence after the last candle is extinguished. Lights are lighted again on Easter.

ALL SAINTS EPISCOPAL

On Maundy Thursday at 7:30 p.m. All Saints Episcopal Church will observe the liturgy of the Lord's Supper. The Youth Choir will sing.

The Rev. Frederick B. Jansen, assistant director of programs for the Diocese of Michigan, will preach at the 1:30 p.m. Good Friday service.

A special family service with the lighting of the Paschal Candle plus evening prayer and Holy Baptism are scheduled for 4 p.m. Saturday.

FIRST CONGREGATIONAL

An informal reception for new members and their families will honor the new members to be received into the fellowship of First Congregational Church on Maundy Thursday.

The reception in the Winnifred Van Wagner Room will follow the 7:30 p.m. worship service.

Mrs. Joseph Kyles of the Detroit Council of Churches will be the speaker for the Good Friday Breakfast sponsored by women of the church.

FIRST CONGREGATIONAL ROCHESTER

Deacons and ministers will conduct the Office of Tenebrae and Holy Communion at 8 p.m. Maundy Thursday. The Confirmation class will be presented for membership.

ST. ANDREW'S EPISCOPAL

A service of Holy Communion will be celebrated at 10 a.m. on Maundy Thursday. Evening prayer at 7 p.m. will be followed by choral Eucharist.

Morning prayer, litany and ante Communion with address are scheduled for 10 a.m. Good Friday. Prayer, litany with hymns and address are slated for 1 p.m. Evening prayer with Way of the Cross will be at 7 p.m.

Prayer followed by a service of penance is set for 7 p.m. on Holy Saturday.

UNITARIAN

The Birmingham Unitarian Church, Woodward at Lone Pine, will hold a memorial service for the late Dr. Martin Luther King Jr. at 2 p.m. Good Friday.

TRUE CHURCH HOUSE OF

EPISCOPAL CHURCH OF PRAYER

The congregation of the True Church House of Prayer to All Nations, 128 W. Pike, will observe Good Friday with a service at 8 p.m. Missionary Maundy Thursday in the M. Cox will be in charge.

ST. STEPHEN'S EPISCOPAL

A religious celebration of the Seder, important meal in the life of every Jew and in the life of Jesus of Nazareth, will be observed on Maundy Thursday at St. Stephen's Episcopal Church, 5500 N. Adams, Troy.

Rabbi Ernst Conrad will preside at the 6:30 p.m. dinner. A celebration of the Lord's Supper will follow.

An ante Communion service is set for 6:30 a.m. in St. Stephen's Church on Good Friday. A Tre Ore service from noon to 3 p.m. is scheduled with 7:30 p.m. service on Maundy

Thursday in St. Trinity Lutheran Church, Auburn at Jessie.

Michael Jansen and Laura Claus will offer the symbol of "The Pierced Heart" at the 1 p.m. worship on Good Friday.

ST. TRINITY LUTHERAN

Tim Dooley and Barbara Coo will present the symbol of "The Chalice With the Cross" at the 7:30 p.m. service on Maundy

Thursday in St. Trinity Lutheran Church, Auburn at Jessie.

Michael Jansen and Laura Claus will offer the symbol of "The Pierced Heart" at the 1 p.m. worship on Good Friday.

OAKLAND AVE. U.P.

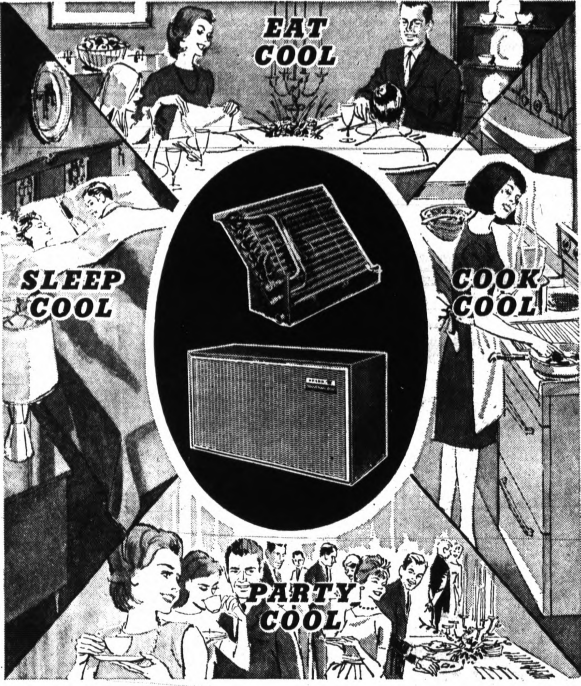

A Maundy Thursday Holy Communion service will be observed at 7:30 p.m. in Oakland Avenue United Presbyterian Church.

Gift Fund to Reduce U.S. Debt Tops \$1 Million

WASHINGTON (AP) — The federal government's special gift fund to help reduce the national debt has collected its first \$1 million from the citizenry after almost seven years of operation.

But it hardly kept pace with the ever-swelling debt—now about \$61 billion larger than the national debt when the special fund was set up by law on June 27, 1961.

Treasury officials said Tuesday they had collected \$1,021,500.65 in gifts for debt re-

tirement through the end of last month.

Obviously the fund isn't designed to wipe out the entire debt, which is now more than \$350 billion. It's simply a handy place to account for gifts re-

ceived by the Treasury for debt retirement.

Gifts have ranged from less than \$1 to many thousands of dollars and include the contributions of one man who sends

check each year equal to his age—71 this year.

Most of the fund's income can be traced to the will of Susan Vaughan Clayton of Houston, Tex., who willed half the income from a trust fund to help retire the debt. It has meant hundreds

of thousands of dollars for the government.

Rep. Charles E. Bennett, D-Fla., who sponsored the bill to set up the special fund, contributed the first \$1,000. All other donors remain anonymous at Treasury insistence.

Police Devices Face Economy Ax

Speeders May Get State Break

LANSING (AP) — Economy-minded legislators may save the state's speeders from being caught by the latest in scientific gimmicks — at least this year.

State Police Tuesday showed a film and gave a demonstration of the newest enforcement weapon against speeders before the State Safety Commission.

Capt. Donald Downer praised the efficiency and economy of the computer, known as VASCAR — short for "Visual Average Speed Computer and Recorder."

Already in use in Indiana and other states, it enables police to accurately measure the speed of vehicles in front or behind shield wipers or license plate lights.

Surprisingly, he said, defective tires was found to be the fifth most common defect. Although defective tires are not a law violation, he noted, they can be a serious contributing cause to accidents.

Secretary of State James Hare told the commission that eight of nine license suspensions or revocations of drinking drivers are being upheld.

Hare reported that of 923 arrests since the first of the year under the state's new implied consent law — under which a driver must submit to a test for alcohol — only 89 appeals have been granted by the Department of State Appeals Boards and 24 by Circuit Courts.

EDIBLE ANDSHIPS N AT TDT'S

Pontiac Press Photos by Edward R. Nohr

Everything's coming up daisies for OU's Meadow Brook Fair to be held June 14, 15 and 16. Already, volunteers in the Scholar Shop are checking in merchandise to be sold. At the left is Mrs. Robert R. Cosner, Birmingham, chairman of the shop, and Mrs. James Nye, Sylvan Shores Drive. The Scholar Shop is in its winter quarters in Oakland Center until the weekend of the fair.

Up, Up and Away

Saying Goodnight Is Problem

By ABIGAIL VAN BUREN

DEAR ABBY: I have recently moved into a high-rise apartment, live alone, and have a problem which I imagine other single girls who live alone have. (I am 22.)

When my date brings me home, where shall we say good-night? In the lobby, where the doorman, night watchman, and tenants can watch us?

How about letting my date walk me to my apartment door, and saying good-night there? Or should I invite him to step into my apartment to say good-night?

When I first moved here, I let my date step into my apartment to thank him for the lovely evening, and it ended up in a one-hour wrestling match. I had a terrible time getting rid of him.

Please answer soon as I have no mother to ask.—ROSEMONT, PA. GIRL.

DEAR GIRL: A girl's date should always see her safely to her door. Don't ever allow a man to "step inside" if you have any doubts how he will behave once he's inside. Even the smartest girls sometimes misjudge a man, so should you find yourself with the "wrestling" type, don't say "good-night," — say "GOOD-BYE!"

DEAR ABBY: Twenty-five years ago I was very much in love with Bill, and he loved me. I married someone else because Bill wanted all the privileges of marriage with none of the responsibilities.

After 18 years of a happy marriage, my husband passed away, leaving me with two teen-aged children. That was two years ago.

Bill and I recently met again. He is 55 and still a bachelor (I am 47.) The old spark was rekindled, Abby, and I think I am in love with him again. He says he's never stopped loving me, but would you believe he STILL wants romance without marriage?

I am too straight-laced for that, and besides I don't want to set a bad example for my children. Do you know any magic formula for getting a man to marry you? Or in this modern age is a woman foolish to turn down love on any terms?—CAROL

DEAR CAROL: There are traps and tricks, but no "magic formula" to induce

marriage—especially in a man who has skillfully avoided it for 25 years. You were right 25 years ago. Stick to that decision.

DEAR ABBY: If anyone had asked me whether they should allow their children to see a cat give birth, I would have told them to give the poor cat her privacy.

We raise sheep, and at lambing time, we respect the ewe's natural instinct, and allow her to wander off by herself.

Cattle in an open field will instinctively circle a cow that is calving in order to give her privacy. I have seen it happen.

If the bright little lad asks where babies come from, tell him a lie! Tell him the old stork story. He'll love it. After all, he enjoys the Santa Claus story, doesn't he? All kids love "way out" stories. The more fantastic, the better.

The "bright" kids of 15 and 20 years ago who were told everything so truthfully and completely, now have the baby homes filled with unwanted offspring. After all, they know it all. What was there left to do but experiment?

COUNTRY DWELLER

DEAR ABBY: You performed a real service when you published the letter from the plastic surgeon urging mothers never to allow their small children to stand up in an automobile while it's in motion.

(He said, "I nearly wept while working with an eye surgeon for two hours in a vain effort to save the eye of a little boy who had been standing in the back of his mother's car when she slammed on the brakes. His eye was gouged out as he struck the ashtray.")

Every mother knows it's impossible to make a child who has outgrown a car seat to stay down, because the window is where the action is, and the kid wants to see what's going on.

I have safety harnesses for my children, and I use them even if we go only a few blocks. There are NO exceptions. There are several types, but I shopped around and bought the best I could find.

Of course, they cost a little. About the price of a new hat. Or a bottle of good Scotch. But it's a lot less than what a doctor would charge for sewing up a child's face. It's even cheaper than a small-sized coffin.—Sincerely yours, MRS. R.F.

CONFIDENTIAL TO EVERYBODY: Well, one good thing brought about by the increased postal rates, it makes a person stop and think if what he has to say is worth six cents or a dime.

For Abby's new booklet "What Teen-agers Want to Know," send \$1.00 to Abby Care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

August 24 vows are planned by Catherine Ann Sturgeon and Ronald Eugene Kovacs. Their parents are the William R. Sturgeons of Orchard Lake and Mr. and Mrs. Eugene Kovacs of River Rouge. The bride elect and her fiancé are seniors at Central Michigan University.

Alpha Delta Kappa Group Elects Officers.

Shirley Friedly was elected president of Zeta chapter of Alpha Delta Kappa at a recent meeting held in the West Iroquois Road home of Elizabeth Halsey.

Others elected were Mrs. Marjorie Cotterman, vice president; Mrs. Alton Madden and Margaret MacKenzie,

secretaries and Mrs. Mildred Berthelson, treasurer.

Eight members are planning to attend the annual spring luncheon at Frankmunth on April 27.

Guests at the meeting were Mrs. Robert Rassier and Iris Klintworth. Janice Marquis assisted the hostess.

Women's Section

THE PONTIAC PRESS
WEDNESDAY, APRIL 10, 1968 B—1

Mrs. William L. Mitchell, general chairman of the Meadow Brook Fair, is already impressed with flower power and has succumbed to daisy jewelry and a psychedelic posy.

Old Fashion Country Fair Will Benefit OU Projects

Big plans are taking shape for an old-fashioned country fair on the Meadow Brook Festival grounds at Oakland University June 14, 15 and 16. Optimistically, those in charge of arrangements are naming it the "first annual" Meadow Brook Fair.

For a number of years, before the Scholar Shop at OU became a permanent fixture, a scholarship benefit fair was held each June in connection with the Detroit Horse Show. Proceeds from the 1968 fair will be allotted to various OU projects.

Hundreds of volunteers in Oakland and Macomb counties, under the general chairmanship of Mrs. William L. Mitchell of Bloomfield Hills, are coordinating their efforts to produce a weekend of fun and games for all the family.

Both Oakland and Macomb County scholarship committees are involved, as well as Friends of the Kresge Library, Friends of Oakland (parents of OU students), faculty wives, students, alumni and many volunteers from the general public.

Top name musical entertainment, to be named later, will be presented Friday and Saturday night in the Howard C. Baldwin Memorial Pavilion as part of the festivities.

Saturday afternoon, the International Folk Dance Troupe and the Highland Dancers will perform.

On Sunday afternoon, the 100-voice General Motors Chorus will present a concert. Both of these will also be in the Baldwin Pavilion.

Carnival rides, helicopter flights, children's games and numerous booths will offer the public a variety of amusements and merchandise.

SCHOLAR SHOP

Opening day for Trumbull Terrace Scholar Shop will coincide with the fair's opening. Volunteers from the Scholar Shop are already receiving merchandise for the summer.

Daisies were always associated with the scholarship fair at the Hunt Club and they're to be the entire theme of one booth this year.

Other booths will offer gourmet food, psychedelic items, candles and soaps, porch and patio accessories and home baked goods.

Trinkets and treasures will be assembled in a booth for those who love a bargain.

Both luncheon and dinner will be served by OU's food service staff or fairgoers can bring their own picnic food.

Kickoff Luncheon Draws Area Units

Some 14 chapters of Beta Sigma Phi sorority were represented at a recent luncheon in the Oakland County Children's Village where Mrs. Wallace Williams of Sigma Beta sorority acted as chairman.

Sigma Beta chapters taking part included Gamma Nu, Gamma Omega, Gamma Omicron, Psi and Gamma Theta.

The luncheon was a kick-off for the annual all-sorority fashion show slated on April 23 in Huron Theatre with Alvin's of Pontiac providing spring and summer attire.

Iota Eta chapter of Pi Omicron; Beta chapter of Beta Theta Phi; and Alpha chapter of Epsilon Sigma Alpha were also present.

James Van Leuven spoke before the group on plans to convert part of the Shelter Care Cottage to accommodate teen-age girls. Proceeds from the show will be donated to the "Village."

Speaker's Topic—Roses

Brookside branch, Woman's National Farm and Garden Association, met recently for their annual luncheon at the Village Woman's Club.

Elmore W. Frank presented a program of color slides entitled "Roses Old and New."

Mrs. W. A. Brown and Mrs. H. A. Cousins cosisted the event.

You'll love having a square meal at this oval table... specially when you see the price.

Pamela Martin, 18, daughter of the James F. Martins of Twin Maple Lane, clutches her trophy as she accepts congratulations in Hollywood, Calif., Tuesday evening after being named Miss Teen U.S.A. during the seventh annual Teen Age Fair. A junior at Seaholm High School, Miss Martin will be competing Saturday against 11 girls from foreign countries for the title of Miss Teen International.

Visitor Is Here to Study

A New Zealander, Mrs. E. J. D. C., Denmark, the Price, is in the area this week Netherlands, England, India on a Winston Churchill Memorial Trust Award to study methods of handling disturbed children.

The Foundation for Mentally Ill Children and the Michigan Society for Mental Health are sponsoring her visit, during which she will visit Pontiac State Hospital, Camp Oakland and the Oakland County court services for children, as well as York Woods and Hawthorne Center.

Mrs. Price is president of the Disturbed Children's Aid Movement Inc. of Christchurch, N. Z. Her five-month world tour will include visits to New York, Wilkes Barre, Pa., Washington.

Alter Patterns for Chubbies

Prevent Rusting

The metal skewers in ovens and rotisseries can be subject to rust. After each holiday cooking session, clean and dry the skewer thoroughly and coat it with petroleum jelly. The clear jelly comes off with the wipe of a soft cloth before the next use.

Carefully slip a piece of tissue paper under the pattern and pin it in place. This will give you a triangular shaped piece to be inserted in your pattern. Attach it with scotch tape. This gives you a pattern to the right size, allowing the child the extra room she needs.

Let a Pretty Whimsy Go to Your Head!

It's just the thing for this spring of romantic fashion. You'll like our flattering little whippers of veils and flowers, bows and straw. Now, while our collection is complete, you can flatter you and your wardrobe with a whimsy in any color your heart desires.

Singing Statesmen Are Delight to Hear

BY BERNICE ROSENTHAL, about this group of young men. There is nothing more inspiring to be heard anywhere than the blending of young men's voices, beautifully trained and joyfully presented. Such a satisfying performance was given last night at Lincoln Junior High School by the Singing Statesmen of Michigan State University under the direction of Alan Poland.

They performed for this year's benefit performance of the Dora Dawson Scholarship Fund of Pontiac Tuesday Musicales. There is a professional aura of song, universal in appeal.

Other than the first group, which might be considered typically college glee club material, the groups were religious, lieder, spirituals, and contemporary.

By far, the most moving were the religious songs, unfamiliar to most of the audience, but universal in spiritual quality. "Misere Mei" by Lotti, "Jefferon-Psalms Tune of Missouri Harmony," a prayer of thanks for the river, Poulenc's contemporary "Two Prayers of St. Francis," and the hopeful and

devout "Song of Peace" by Perichetti, which was dedicated to the memory of Dr. Martin Luther King, these had a true religiosity and deep acknowledgment of faith.

Of the art songs, Schumann's "Die Rose Stand Im Tau" was outstanding in sensitivity and understanding of the medium. The negro spirituals were effective, never exaggerated, and truly delightful, particularly the charming "Ain't Got Time to Die."

Most of the numbers were performed a capella, but a few necessary accompaniments were played sensitively by Wesley Smith. Brief soloists were Charles Livesay and Steve Johnson. Spokesman for the group was Bill Kimball, of Pontiac.

Michael Reeds, 1967 scholarship winner, played "Fantasia di Concerto" by Boccalari and Concerto for Trumpet by Haydn, accompanied by Naomi Moothart. 1968 scholarship winners, Dale Cheal, Beverly Patten, and Linda Schultz, were introduced by Tuesday Musicales president, Mrs. Walter Schmitt.

Pontiac Press Photo

Dora Dawson scholarship winners were announced Tuesday evening at the annual "Dollars for Scholars" benefit concert of Pontiac Tuesday Musicales. Mike Reeds,

North Cass Lake Road (left), a 1967 winner, presented a solo number. Beverly Patton, Lakewood Lane, and Dale Cheal, Cherokee Road are this year's winners.

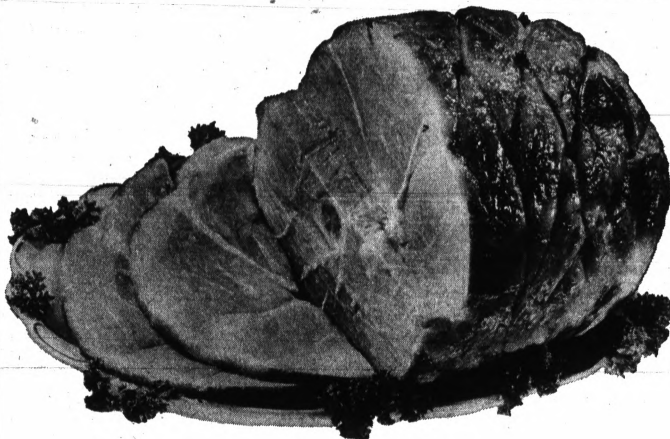

Descendant of Pocahontas

PHILADELPHIA, Pa. (AP) — A genuine Indian princess, descendant of Pocahontas, is a resident of Philadelphia. The former Elaine Wahun-sa-na-cook is now Mrs. Richard Giragosian, wife of an Armenian.

"I am very proud of my Indian heritage," she says. "I like to tell my children they are descended from Chief Powhatan, who ruled all the Indians in Virginia in the early 17th century."

Her father, the last of a long line of chiefs, left the reservation to live here before his nine children were born. All were raised according to Indian traditions.

Oatmeal Paste for Spring Scrub Revitalizes Skin

It's the time of year when
every woman's skin needs a
once-a-week scrub to brighten it
with a new spring look.
Sensitive and very dry skin
needs the scrub to remove dry
dead surface skin cells just as
much as any other skin, but the
method must be gentle and non-
drying.

Here's the Rx: Oatmeal
moistened with baby oil to a
pasty consistency should be
applied to the face and allowed
to remain for five minutes. Then
gently scrub your face with a
terry washcloth for three min-
utes.

Rinse thoroughly with tepid
water and allow the skin to dry
naturally. The oatmeal provides
the friction for dead skin
removal and the baby oil keeps
the skin moist and soft.

Psychiatrist Reports on Emotional Causes of Childhood Stealing

ANN ARBOR — Many children steal once or twice in the process of growing up, but a University of Michigan psychiatrist says repeated stealing means something is wrong with the emotional atmosphere in the family. He said a child may steal "to buy friends, to gain symbolic

gratification or to produce an emotional response in his parents. "Often he wants to make them feel hurt because he feels rejected." The problem of frequent stealing can usually be remedied by changing the way parents express anger and af-

fection, and by helping the child shoulder the responsibility for his own acts. In a recent report in the magazine Clinical Pediatrics, the U-M doctor listed certain danger signs in family conduct which "give children a subtle encouragement to steal." Among them:

- A conspiracy of secrecy in which mother and child agree not to tell dad.
- Parental attempts to cover up a childish incident of stealing.
- Letting the child profit from the theft by keeping the stolen item.

- The parents refusal to take corrective action until the child freely admits he stole.
- Making restitution to the victim of the theft without letting the child know it. It is better to have the child make restitution in person, with the parent along to give him support, the psychiatrist says.

SEW SIMPLE By Eunice Farmer

Dear Eunice Farmer, My daughter wants a chiffon formal for a graduation prom. Do you have any helpful suggestions on sewing with chiffon? This will be my first attempt with this fabric.

Mrs. L. A. B.: My first suggestion would be to prompt chiffon, unless you are an expert seamstress. For a graduation dress, organza, organdy, dotted swiss, and many new sheers are available and you may find the dress would have a much newer and certainly more youthful look.

Chiffon slips badly when cutting. It is best to lay it on a sheet on a large cutting table. Be sure to use a new machine needle so the fabric won't snag. You may have to pin the seams to a piece of paper (such as a paper napkin) in order to hold the shape, or if possible, use two layers of chiffon, or one layer pinned to a layer of china silk.

Be sure to allow the dress to hang for several days before attempting to hem the skirt. Most chiffons are cut with very full bias skirts that never seem to hang evenly, but because of their fullness, they still have a pleasing effect.

Allow yourself plenty of time and practice before tackling the dress. I very seldom discourage anyone from anything as adventurous as your undertaking; on the other hand, I don't want you to begin something you can't finish and then get out of the mood for further sewing.

Dear Eunice, My latest suit had a top collar that was cut on the bias with a seam at the center back. The fabric had a narrow diagonal stripe, and when I stitched the center back seam, one side had the stripes horizontal, the other vertical. I still don't know what to do about it. Please help!

Mrs. C. S.: Dear Mrs. C. S.: You probably should have looked at the pattern envelope where they have fabric suggestions. If a pattern will not work out in a stripe or plaid, no matter how simple it seems to be, you had better take the advice on the pattern. You can correct your collar by recutting the top collar and eliminating the center back seam. Place on the bias as previously suggested.

TAILOR TRIX WINNER

Mrs. R. M. Dugger, Edwardsville, Ill., is this week's Tailor Trix pressing board winner for her following suggestion.

"Would like to pass this little tip on to others, hoping they will like the results as well as I do. Sometimes instead of cutting a facing the same shape as the armholes, I cut a two-inch bias fold. Fold the bias strip in half, stretch the folded edge, holding in the cut edge, and press with the steam iron.

"When you apply the folded cut edges to your garment, clip, and turn, you have a finished edge to the facing and don't have to worry about hemming it or finishing the raw edge."

Woman, 23, Bank Vice-President

HOUSTON (UPI) — Mrs. Pat destined for duty in Vietnam, Goodrum, 23, an attractive blonde, finds her work extremely enriching. You can from secretary. That advancement astonished her. Most of the board members refer to me as the second man," she said. "It's gotten a lot of laughs, especially at bank meetings."

"Believe me, this banking business gets into your blood," she added. "Once you go into it you're sunk."

Absorbing some good-natured ribbing from male employees is also part of her job. "Most of the board members refer to me as the second man," she said. "It's gotten a lot of laughs, especially at bank meetings."

She is not yet a member of the board of directors, but give this diminutive (4 feet 10 inches and 99 pounds) lady time.

Mrs. Goodrum, whose husband is an Army private, is

Preschooled Youngsters Date Traditional Kindergartens

That the new breed of five year old depending on public kindergartens is a challenge to

traditional elementary education, is the contention of an article in the Teacher's magazine read by more than two-thirds of the nation's elementary school teachers.

Many of today's sophisticated "lives," pre-schooled by Head Start and other nursery school programs, know how to read and write before they get to kindergarten. For them, says Grade Teacher, months of orientation in social skills is "kid stuff." They're ready for "real" school.

The challenge presented by the school-ready five year old has been given recognition by a federal program. Called "Follow Through," the new program funds schools experimenting in the development of an enriched curriculum for the early grades. One such school is The Children's Center in Mt. Vernon, N.Y.

According to Minna Browne, The Children's Center's pre-

kindergarten supervisor, steps taken by the Center, while enormously successful as far as they go, are at best first steps. In Miss Browne's opinion, upgrading will eventually have to spiral through all the grades. "After all," she says, "you don't want a child to have to repeat in second grade what he learned in first, or in third what he learned in second."

CURRICULUM
The new kindergarten curriculum at The Children's Center deals with subjects usually taught at later stages of elementary education. It includes basic scientific and mathematical concepts, the use of such tools as maps and globes along with more traditional kindergarten fodder.

To implement its enriched curriculum, the Center has pioneered the "direct teaching" method, which consists of three basic steps: the introduction of the concept; the child acting on the information; and the child acting on the information in different ways.

"This method is easy on the student but difficult on the teacher," says Miss Browne, since "direct teaching" doesn't allow a teacher to take any of a child's knowledge for granted.

Student Tells of Homeland at Meeting

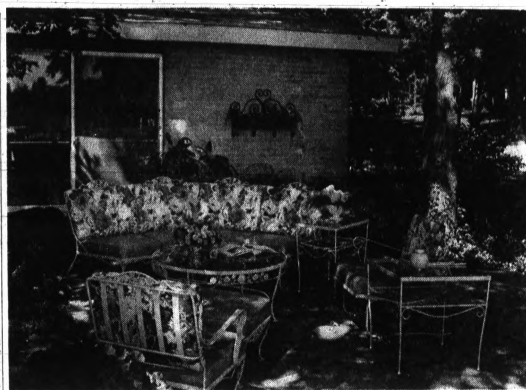

Felix Rudolph, Swiss student here under sponsorship of the International Christian Youth Exchange of Central Methodist Church, was guest speaker recently at the April meeting of Rho chapter, Alpha Delta Kappa sorority. He showed slides and talked of his homeland.

In other business, the group made plans to send Easter plants to Hilltop Rest Home.

Nine members of the chapter plan to attend the state luncheon at the Bavarian Inn in Frankenmuth on April 27.

Mrs. Stanley Ficnerksi of East Lansing, has been awarded a BA degree in history from Michigan State University. She is the daughter of Mr. and Mrs. Edwin Gaukler of Voorhees Road, and is continuing in graduate studies at the University.

Bouquets of daisies bloom on handsome wrought iron furnishings for this handsome patio. Called Daisy Bouquet, the collection is just one of the many styles from Lee L. Woodward Sons, Inc., Owosso, Mich., which can make your home "Patio perfect." Plump cushioned chairs and a sectional sofa provide ample seating for the large family or for the one who entertains often. End

tables and a cocktail table provide space for books, snacks or ashtrays near each seating piece. Cushions cause no concern if a sudden shower comes up. They're weather-proof and moisture drains through them quickly to make them usable soon after a soaking. Another section sofa to be added to the two-section sofa to make it into a six-seat semicircle. Line available locally.

Now's the Time to Update Patio for Summer's Outdoor Pleasures

Outdoor Life for Aluminum

Because of its light weight and low prices, folding aluminum furniture has probably contributed more to the enjoyment of outdoor living to multitudes of people than has any other type of casual furniture.

Portable beach chairs and chairs are practically indispensable.

Designs of these seating pieces is practical and functional. Each year these firms find ways to improve construction that make the items more durable. They add safety features and new colors in straps, webbing, and pads to make them more attractive.

Vinyl cord, webbing, and straps are now attached row by row, by most manufacturers, for easy replacement.

Aluminum groups have been broadened tremendously in the past few years until they now include gliders, inner springs, chaises, a recliner and a mariner's folding chair with tray arm.

Aluminum groups include tables for use with and without umbrellas and a great many accessories, such as end tables, snack and coffee tables.

Will your home be "patio perfect" for the warm sunny days ahead?

Now's the time to take stock of what's needed to make your outdoor living area fulfill its potential for pleasure during the spring and summer months, according to style consultant June Woodward.

It's also the time to repair or replace outdoor furnishings that may be weather-worn or just plain run down with use, she said.

"If you've been getting along with makeshift outdoor furnishings, give some thought to replacing them with good-looking sturdy wrought iron pieces. Quality wrought iron can be used outdoors for ten years and more and still retain its beauty."

Miss Woodward, consultant to Lee L. Woodward Sons, Inc., Owosso, pioneer manufacturer of wrought iron furniture, offers these suggestions for making your patio perfect:

TAKE STOCK
Take a look at the furniture you already have. Decide what's to be discarded, what pieces you want to keep, and what, if anything, will be needed to make them presentable.

Now, with an inventory of outdoor furniture on hand, make a list of the new wrought iron pieces you'd like

to have. Even though you may not be able to complete your patio furnishings all at once, always keep in mind the way you want your patio to look when it's complete.

Remember that you can add to your outdoor furnishings each year.

Choose your new furnishings on the basis of your family's favorite outdoor activities. For example, one family may use the patio primarily for lounging, sunning, and casual entertainment. In this case, an abundance of seating is called for — individual lounge chairs and sectional sofas — plus occasional tables.

Another family may be devoted to the backyard swimming pool. Their requirements call for chairs, sun lounges, and perhaps an umbrella table for refreshments.

If outdoor dining is your cup of tea, start with a dining table and chairs. Casual seating for relaxing before and after the meal are an extra added touch.

After this preliminary planning, decide specifically on the wrought iron style that suits

you best. There's hardly any limit, for styles range from contemporary through romantic Spanish. You can choose styles to complement your home's architecture or blend with any outdoor setting.

Another point to be decided is the type of upholstery you want. If your furnishings will stay outdoors all year and if you don't want to bring cushions inside during the winter, your best bet is steel mesh seating. This material is comfortable to sit on and requires no maintenance.

As for tables, you can choose from a wide selection, from large dining-size models to compact mini-tables which tuck beneath a cocktail table until needed. Dining tables for outdoor use are available with tops of mesh, clear or translucent tempered safety glass, fiberlase, or fibertile.

Clean Drip Pans
Drip pans should be removed often from kitchen ranges and immersed in a sink full of hot soap or detergent suds.

Apron Carry-All

An apron with big pockets is handy for house-cleaning chores. You can carry dust cloths and store small things in the pockets until you pass by their rightful "home."

(E) Short sleeve white oxfordcloth with buttowndown collar at \$4. (F) Solid oxford button-downs in blue, maize or linen; short sleeves are \$4, long sleeves are \$4.50.

D. C. Tourist Industry Reeling in Wake of Riot

WASHINGTON (AP) — The usual vast springtime tourist invasion has become a trickle in the heat of racial violence in the nation's capital, leaving the city's leading industry reeling in what should have been its richest week of the year.

The cost is staggering, apparently running into the hundreds of thousands of dollars daily.

One sightseeing firm lists its losses at \$8,000 a day. At a 1,000-room hotel, nearly three-fourths of the guests did not keep their reservations. High schools as far away as Sisseton, S.D., have called off class trips to the capital.

In April the waiting line at the Washington Monument is usually an hour long, curling all the way around the base of the spire and stretching down the slope. At one stage Tuesday only 18 persons were in line.

CAN'T BE COUNTED

The full cost cannot be counted easily. Even the Washington Convention and Visitors Bureau was closed Tuesday along with most businesses in respect to assassinated civil rights leader Dr. Martin Luther King Jr.

"It's hurt us deeply," said Jack E. Brown, executive vice president of the Gray Line, a major sightseeing firm. "This would have been the highest booking week of the year, and we lost it completely."

The annual Cherry Blossom Festival this year came only a

week before Easter, when thousands of pupils converge on the city during spring vacation.

But racial violence flared last Thursday night after the slaying of Dr. King in Memphis, Tenn., and the city came to a standstill beneath the pall of smoke from scores of burning buildings.

"This is a disaster for the hotel business," said Philip Hollywood, general manager of the 1,000-room Shoreham Hotel. "This is not like other businesses—last night's vacancy is gone forever."

The Shoreham is only one-fourth full and has trimmed its 700-person staff by 40 per cent. The Mayflower Hotel is receiving cancellations as far in advance as May.

John A. Norlander, general manager of the Washington Hilton, said: "It isn't any secret it's something that will take time to recover from."

The city is sober—not by choice. A total ban on sales of alcoholic beverages has cut

deeply into restaurant business and of course demolished bar receipts.

The few small conventions planned this week generally have been canceled, but the Daughters of the American Revolution convention and the American Society of Newspaper Editors meeting remain on the agenda next week.

Transportation is still snarled and taxicabs disappear as a daily curfew descends at dark.

Airport Transport Inc. reports

some of its limousines have been stopped and its passengers searched by police on trips from National Airport to downtown hotels at night.

Joseph Silvestri, night supervisor for Airport Transport, listed weekend losses at \$12,000 as business fell off by 50 per cent while travelers avoided Washington.

None of the major hotels give a precise figure for their losses, but Hollywood said, "It's been a staggering sum."

Hannah Asks Unity in Honor of Dr. King

EAST LANSING (AP) — The chairman of the U.S. Civil Rights Commission said yesterday that the death of Dr. Martin Luther King must bring people together to work for the common cause of human rights for all.

"As citizens, we must act and decide together, not as antagonists divided by color or dogma, but as protagonists of a common belief in the essential dignity and equality of each of us," said John A. Hannah, commission chairman and president of Michigan State University.

Hannah, speaking on MSU's closed-circuit television prior to the broadcast of Dr. King's funeral in Atlanta, said:

"As we at Michigan State University join the millions of our fellow Americans in paying a final tribute to a martyr in the cause of human justice, let us resolve that we must prove to the world that he did not die in vain; else his sacrifice for nothing, and that must not be."

"And let us give thanks that these last few tragic days have left our potential for good undiminished and our zeal to work for the improvement of our society and our country enhanced."

"Our intelligence has been left unimpaired, and it is that we must employ in the cause of human rights, for which Martin Luther King Jr. gave his life."

Her Visits Are Welcomed

HUTCHINSON, Kan. (AP) — Mrs. Leslie Hutton doesn't drive a car, so she walks 54 blocks a week to visit five elderly persons.

She's one of this city's Friendly Visitors, a volunteer group that regularly visits the shut-ins and elderly.

Mrs. Hutton usually makes her visits on Mondays and Tuesdays and then checks with

them by telephone throughout the week.

"You get to meet a lot of different people doing this visiting," she said. "You get to know them and like them. It does me as much good as it does them."

A new addition to the program is now being considered, "meals on wheels," in which a hot, balanced meal a day is brought into the homes of elderly shut-ins.

END DENTURE MISERY

REFITS DENTURES BEAUTIFULLY

Miracle plastic DENTURITE refits loose dentures in five minutes. This "Cushion of Comfort" eases sore gums, You eat anything. Laugh, talk, even sneeze without embarrassment. Detroit Poverty Agency Under Fire

DETROIT (AP)—City, state private, nonprofit community and federal investigators are busy searching the record of Detroit's antipoverty agency today, trying to find out why \$50 million in federal funds has helped only a fraction of the city's poor.

By the antipoverty agency's own admission, only 53,283 persons were participating in its programs at the end of last year. The figures, contained in an unpublished quarterly report, represent barely 15 per cent of the 348,718 poor people in the agency's target areas.

Last month, in its report on the riot that killed 43 persons here last summer, the President's Commission on Civil Disorders raised questions about the city agency's performance.

The commission said that \$19.8 million in federal funds spent during the first nine months of 1967 provided job opportunities for less than half the city's unemployed. It also said that community action programs costing \$12.6 million reached only 330 per cent of the poor.

PROBES BEGUN

Since the commission's report, investigators for a Michigan legislative committee, the General Accounting Office of Congress, and the city auditor's office have been examining operations of the antipoverty agency.

Among the things they are looking at:

- The agency headquarters is in a 40-year-old building it leased from one of Cavanagh's former business associates. In two years, the annual rent has nearly equalled the building's \$180,000 purchase price.

- Antipoverty officials bought \$80,000 worth of dental equipment in mid-1966. Through December 1967, exactly four patients had been treated.

- Job programs have piled up losses, creating, in the words of an antipoverty official, "some accidental overlaps."

- The city's antipoverty program has been late or irregular in paying its bills.

- On-the-job training funds sometimes have gone to employers for training workers who already had dropped out of the program.

- \$150,000 has been spent developing performance measurement techniques with more to follow. Yet officials couldn't provide some routine statistics required for their last quarterly report to the Office of Economic Opportunity.

Only New York and Chicago have received more antipoverty funds than Detroit, the nation's fifth largest city. Antipoverty money allocated to Detroit is channeled through a single agency—the Mayor's Committee for Human Resources Development. In all other major cities, except Chicago, the funds go to

from travel expenses to the employment programs called city "after the overdrafts are created."

AYEP, NYC, QJT, and STEPS that has led to duplication of efforts in recruiting and job placement.

TIPSY-TURVY

Donald Heals, director of manpower, said in an interview: "By pieces of legislation, even different offices in the Labor Department, these things grew topsy-turvy."

There were, as you said, some accidental overlaps."

A city auditing official said sloppy job-reporting has resulted in the city paying some employers for training workers even after the trainees had dropped out. "We can't even tell when they quit so we can figure how much the employer should have been paid," he said.

There also are complaints that the agency hasn't paid its bills on time.

Mrs. Mattie Brown, director of the Peter Pan Nursery which has a \$40,000 contract to operate a full-day Head Start program for 40 children, said she receives her payments from the

city "after the overdrafts are created."

There have been times, however, when the antipoverty program found itself with a surplus of money, but at least once this too created problems.

In mid-1966, for example, the program discovered a medical budget surplus and used \$80,000 to purchase 12 dental chairs and accessories for a planned dental program. Then, said Simmons, a budget pinch developed and the equipment sat in storage for more than a year before three chairs finally went into operation. The dental report for calendar 1967 listed four patients treated.

When the city of Detroit audited antipoverty books for 1965, it reported finding such shortcomings as improper or incomplete reporting of city matching contributions, money paid from wrong funds, poor inventory records and some missing equipment.

An official familiar with the pending audit report for 1966 was asked whether the deficiencies had been remedied. "Well, no," he said.

Announcing Chevrolet's new Torque-Drive.

Nobody else offers anything like it at the price.

Torque-Drive does away with the clutch pedal. Most of the shifting, too. And for the most economy, it's available exclusively on all Camaro sixes and Chevy II Nova 4- and 6-cylinder models.

Look how simple it is. You accelerate in 1st, then shift to Hi for cruising.

That's all.

If you like, you can even start in Hi. And accelerate from standstill to cruising speed. It's just a little slower that way.

The shift lever is conveniently located on the steering column, and there's a selector quadrant with easy-to-read indications; Park-R-N-H-1st.

Only your Chevrolet dealer has it—clutchless driving at only \$68.65.

The first no clutch one shift

\$68⁶⁵*

transmission

Only Chevrolet has it.

*Manufacturer's suggested retail price including Federal Excise Tax. State and local taxes additional.

"Who's in control?"

Most of us like to feel that we're "in the driver's seat." But what happens when, for one reason or another, we lose control of our experience?

In this public lecture, Charles W. Ferris, an experienced Christian Science practitioner, shows how we can take control of our experience by submitting to the perfect control of God.

In three actual and vivid experiences he tells how health was restored, a business career saved, and human relationships corrected, all when the individuals involved were willing to submit to the perfect will of God.

Admission is free.
Everyone is welcome.

State Capital Happenings

By the Associated Press

THE GOVERNOR

Was in Atlanta, Ga., for the funeral of slain civil rights leader Dr. Martin Luther King Jr.

THE STATE POLICE

Told the State Safety Commission of the value of a computer known as VASCAR, short for "Visual-Average Speed Computer and Recorder," but added that the Legislature is likely to cut a request for 25 of the machines when it votes on the State Police budget for fiscal 1969.

THE SENATE

Passed:
SB1189. Schwegler. Authorize November referendum on issuance of \$25 million in water-pollution bonds.
HB2791. Faxon. Create state board of education.
HB3307. Helms. Provide group bonding of Commerce Department employees.
SB334. Vander Laan. Increase appropriation for accreditation education.
SB246. Lockwood. Regulate taking of interest for commercial purposes.
Provide minimum wage increases up to \$1.50 per hour by July 1, 1970.
SB1167. Fleming. Provide for impounding of automobile when driver convicted of driving with a suspended or revoked license.

THE HOUSE

Debated:
HB3334. Spencer. Continue procedures for merging school districts in "emergency" situations; extend beyond Wayne County.
HB3307. Smart. Continue existence of State Committee on School District Reorganization beyond current September expiration date (reconsidered).

Passed:
HB3348. Davis. Appropriate \$20,425 to the three children of the late James S. Hunsinger, Jr. about Clement. Authorize and set conditions for regional planning.
X-HB3303. Geringer. Increase number of State Supreme Court judges from nine to 12; add seven circuit judges around the state.
HB3481. Seratkin. Require that non-resident fish dealers be removed from Lake St. Clair by first Sunday after Feb. 28 each year.
HB2942. Mrs. Hunsinger. Require an safety inspection of all bridges under Highway Department jurisdiction.
HB3345. Koe. Add to cost of fishing license a 10-cent fee to be kept by the person issuing the license.
X-HB3303. Smith. Authorize \$35 million state bond issue for water pollution control if approved by voters in November (6-month delay).

Malpractice Insurance Cost Study Asked

LANSING (AP) — Creation of a special committee to study the cost of medical malpractice insurance was called for Tuesday by Sen. Raymond Dzendzel, D-Detroit.

Dzendzel introduced a resolution which would create a special committee to look into insurance costs and the feasibility of setting up district medical malpractice review committees within the Board of Registration in Medicine.

The senator said there appears to be evidence that the cost of providing such insurance for physicians and hospitals has risen sharply in the last few years.

"I understand the cost of this insurance to some hospitals presently averages out to about 60 cents per bed per day," he said. "There is some indication that a drastic rate increase is in the offing next year — perhaps as much as a 100 per cent increase."

Such an increase "would only provide another boost to the spiraling high cost of medical care," Dzendzel said, and also would provide some basis for a rate increase by private hospitalization insurance plans.

Students at NMU Vote Bill of Rights

MARQUETTE (AP) — The faculty of Northern Michigan University took under advisement today a student endorsed three-point plan including a so called students' bill of rights.

Students, in voting Monday, gave heavy support to all three proposals with 3,166, or about 56 per cent of the student body, voting.

The bill of rights issue involved such matters as jurisdiction over disciplinary matters and off-campus housing regulations. The students approved it 2,960 to 176.

Marina Grant for Petoskey

WASHINGTON (AP) — The coho salmon fishing boom that has struck Michigan has resulted in the city of Petoskey getting a federal grant of \$340,000 approved toward construction of a new \$800,000 marina.

The Economic Development Administration in Washington says the 90-boat marina will create 65 new jobs in the area.

U.S. Sen. Philip A. Hart, D-Mich., says the grant shows evidence of the game-fish boom that has taken place since plantings of coho salmon. He says he will press for more federal funds for the coho program.

MERINGUE APPLE BASKETS

Easter Desserts

Look and Taste Good

By JANET ODELL,
Pontiac Press Food Editor
Easter is a happy time. Food for the day should be festive in appearance. All this means is a little more time spent in planning and food preparation.

Consider Meringue Apple Baskets which are a light, colorful dessert.
Make your baskets a day ahead and keep your fingers crossed that the humidity is low. Meringues may be sticky if the day is humid.
Colored pipe cleaners make fancy handles.

MERINGUE APPLE BASKETS

2 egg whites
¼ teaspoon cream of tartar
½ cup sugar
1 10-oz. package frozen raspberries, thawed
½ cup sugar
1 lb. 4 oz. can pie-sliced apples, well drained
1 cup (½ pint) heavy cream
Combine egg whites and cream of tartar in bowl. Beat until stiff but not dry. Gradually add ½ cup sugar and continue beating at high speed for 10 minutes longer or until meringue is stiff and glossy.

Drop by heaping spoonfuls on well greased cookie sheet. With back of spoon flatten to make a thin base about 2½ inches in diameter. Shape sides with spoon or use pastry tube, making sides about 1½ inches high. Bake in a slow oven (275 degrees) for 1 hour. Remove to rack; cool.

Drain raspberries, reserving juice. Combine juice with ¼ cup sugar in skillet. Bring mixture to boil. Add apples and simmer about 5 minutes until apples are glazed. Drain and cool.

Just before serving, whip cream. Fold in fruit mixture. Spoon into cooled meringue shells.
If desired, place colored pipe cleaners in shell to form handle. Makes 6 servings.

Strawberry and cheese pie is a delicious and easy dessert. The only cooking is for the pastry shell.

STRAWBERRY CHEESE PIE

1 envelope unflavored gelatin
¼ cup cold water
1 container (8-ounces) cottage cheese
1 package (8-ounces) cream cheese, softened
¼ cup milk
1 tablespoon fresh lemon juice
½ cup sugar
¼ teaspoon salt
9-inch baked pastry shell
1 pint strawberries, washed and hulled
½ cup chopped pecans
1 tablespoon light corn syrup
Soften gelatin in cold water. Dissolve over boiling water; reserve.

Sieve cottage cheese into bowl. Add cream cheese; beat with electric mixer until well-blended. Gradually add milk, beat well. Mix in lemon juice, sugar, salt and dissolved gelatin.

Pour half of mixture into pas-

try shell; chill 15 minutes. Reserve half of berries for top. Slice remaining berries and arrange over cheese layer in pastry shell. Sprinkle pecans over berries.

Carefully pour remaining cheese mixture over berries. Chill about 1 hour or until set. Halve remaining berries and arrange in a double border on top. Brush berries with corn syrup.

Chill until serving time. Makes one 9-inch pie.

The children will shout with glee when you bring this Easter Egg Cake to the table. A molasses chiffon cake, it is baked in melon molds to form the egg.

NEW ORLEANS
EASTER EGG CAKE

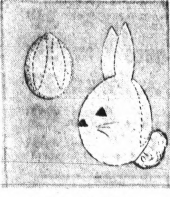

5 medium egg yolks
1 cup egg whites (7 or 8 medium eggs)
2¼ cups sifted flour
2 cup plus 2 tablespoons sugar
2 teaspoons baking powder
1 teaspoon salt
¼ cup salad oil
¼ cup water
½ cup New Orleans molasses
½ teaspoon cream of tartar
About 1 hour before preparing cake, set our egg yolks and whites. Sift together flour, sugar, baking powder and salt into a large bowl. Make a well in

Lemon Becomes a Rabbit

Lemons make cute rabbits for table centerpieces or children's Easter baskets. Choose a large, firm lemon for each rabbit.

To make the long pointed ears, start about ½-inch from top of lemon and outline ears with pencil or knife, drawing two lines for each ear about ½-inch apart at top and tapering to meet far down on the side. Cut just through peel to form ears. Carefully loosen and peel the ears upward and fasten in an erect position with piece of wooden pick.

With pin or pick, attach small puff of cotton at base of lemon for tail. On other side of lemon, cut out pieces of peel for eyes, nose and mouth.

LEMON RABBIT

NEW ORLEANS EASTER EGG CAKE

Easter Mints
Homemade

Your Easter table — at least one or dinner — will look as pretty as springtime if you serve these homemade mints.

EASTER MINTS

1 large egg white
1 teaspoon light corn syrup
3 cups (about) sifted confectioners' sugar
¼ teaspoon pure mint and peppermint extract

In a medium mixing bowl with beater (electric or hand rotary), beat egg white until foamy. Add corn syrup; beat until mixture holds peaks that lift over when beater is slowly pulled out.

With beater and adding about 2 tablespoons at a time, gradually beat in part of the sugar until mixture begins to get too stiff for beater. Beat in mint extract.

Using a wooden spoon to work it in, continue to add remaining sugar, about 2 tablespoons at a time, until mixture is very stiff and not sticky to the touch.

Knead mixture in bowl, until very smooth. (Last ¼ cup or so of sugar may have to be kneaded in.)

Place mixture between 2 pieces of wax paper; roll out to a round that is 8 to 9 inches in diameter and ¼- to ½-inch thick. Tuck ends of paper under and refrigerate for about 1 hour.

Remove top layer of paper. Using a 1 ½-inch round cutter, cut out; reroll leavings and cut out, too. If necessary, use a small spool to lift mints from paper.

Let stand uncovered at room temperature for several hours to dry. Store in a tightly covered container overnight or for as long as 4 or 5 days.

Then the day the mints are to be served, use Decorator's Frosting to decorate with flowers or leaves. Store again in covered container until serving time.

Makes 4 to 5 dozen.

This Easter take a Cacklebird home to dinner

(So plump they can't stand up)™

and
save \$1.00
cash!

For a real treat on Easter, serve a big, succulent Cacklebird... the plumpest, juiciest, tenderest, tastiest bird there is. So plump they can't stand up. Cacklebird has the tenderest white meat, the juiciest dark meat, you ever tasted. And there's lots of it. All with that exclusive Cacklebird flavor. Flavor that is supremely delicious and farm-fresh because it's frozen in. Take your choice of a magnificent Cacklebird Brand Capon (7 to 9 lbs.) or a deluxe Cacklebird Roaster (4 to 6 lbs.). Then send us the front label from either one and we'll send you \$1.00 cash.

Look for Cacklebird in your supermarket poultry freezer.

Cacklebird, Box 1190, Brooklyn, N.Y. 11202
Please send me \$1. Here's the front label from a Cacklebird Capon or a Cacklebird Roaster.

FRESH STRAWBERRY AND CHEESE PIE

Halibut Steaks Layered With Fruit and Rice

Say "welcome" when you have dinner guests with Hilo Halibut, a hearty entree in gourmet guise. No one will guess how easy it is to prepare because it looks so elegant, and it has that fresh-caught flavor that is so satisfying.

Harvested by sturdy seafarers in the cold waters of the North Pacific adjacent to Alaska, British Columbia in Canada, and off shores of Washington State, the halibut is iced and fresh frozen at the peak of flavor.

Then it is moved to market by modern, insulated, refrigerated trucks or express rail cars. Jet air freight is generally used for distant markets.

North Pacific halibut steaks have long been prized for unique good eating. They are an excellent high protein and mineral source, as well as being low in sodium, fat, and calories. The mild, satisfying flavor makes North Pacific halibut readily adaptable to a variety of preparation methods, and to all age groups.

Hilo Halibut has fathoms of flavor when a fanciful fruit

stuffing is added to the succulent goodness of the North Pacific halibut.

The stuffing features pineapple and curry for an exotic taste adventure, lemon juice for tang, and rice for heartiness. Bake until the flavors blend and the halibut is flaky.

Hilo Halibut

2 halibut steaks (1 pound each)
1 teaspoon salt
1 cup cooked rice
1 cup soft bread cubes
2 tablespoons lemon juice
1 cup drained crushed pineapple
1/2 teaspoon curry powder
1/4 teaspoon salt
2 tablespoons butter or other fat, melted
3 slices bacon (optional)

Sprinkle steaks with salt. Combine next 6 ingredients. Place one steak in a well-greased baking pan, 11 x 7 x 1 1/2 inches. Place rice mixture on the steak and cover with the other steak. Fasten together with toothpicks or skewers.

Brush top with butter and lay slices of bacon on top. Bake in a moderate oven, 350 degrees for 30 to 40 minutes or until fish flakes easily when tested with a fork. Serve 6.

NEW FOR STORAGE — Equally suited to use in the freezer, refrigerator, or pantry, a trio of new Freezette Jars with capacities of 48, 72, and 105 ounces will safeguard freshness in a wide variety of foods. Twist-lock lids that defy leakage effectively keep moisture out as well as in. Dishwasher-proof and boilable, the new freezer-pantry containers are made by Republic Molding Corporation, Chicago, of a polyolefin plastic that withstands temperatures ranging from minus 60 to plus 250 degrees Fahrenheit without cracking or losing shape. Jars stack in the freezer or cupboard, can be nested when not in use. Available in department and hardware stores.

CLEANED! BACK STRIP REMOVED

READY-TO-SERVE

No Waste — No Work!

Pump and tender from the Sunny Gulf of Mexico, home waters for nature's best tasting shrimp. Ideal for Salads, Cocktails, Appetizers, Casseroles

Cut Strips of Ham for This Omelet

A delicious way to use a little and ham until vegetables are limp; turn out and keep warm.

Western Omelet

3 tablespoons butter
1 1/2 cups thin strips onion (2 medium)
3/4 cup thin strips green pepper (1/2 large pepper)
3/4 cup thin strips baked ham
6 eggs, slightly beaten
1/4 teaspoon salt
1/16 teaspoon white pepper

In a 10-inch skillet in 1/4 fat, brown onion, green pepper and ham until vegetables are limp; turn out and keep warm. In clean skillet, melt the remaining butter; mix eggs with salt and pepper and turn into hot butter. Cook gently, drawing edges away from side of pan and tipping pan so uncooked egg reaches edges. (Cover, if necessary, to set top.) Turn vegetable mixture over one side of omelet; fold other side. Serve with chili sauce. Makes 3 servings.

Many Variations Possible With Prize-Winning Cake Recipe

The grand prize winning recipe in this year's Pillsbury Bake-Off was a Buttercream Pound Cake. One of the ingredients is poppy seed cake and pastry filling.

If you are unable to find this filling, some substitutions are possible. You might try them for variety's sake, anyway.

BUTTERCREAM POUND CAKE

2 cups butter, softened
1 package Pillsbury Regular Size Buttercream Lemon or Vanilla Frosting Mix
6 eggs
4 cups all purpose flour (not self rising)
2 teaspoons baking powder
1 container (12 oz.) poppy seed cake and pastry filling
Confectioners' sugar or Glaze
In large mixer bowl, cream butter and dry frosting mix at medium speed, until light and fluffy, at least 5 minutes. Add eggs, 1 at a time, beating 1 minute after each. Gradually beat in flour and baking powder.

In small mixer bowl, combine 3 cups of the batter with poppy seed filling; blend well. Spread half of plain batter over bottom of plain buttered 10-inch tube pan. Then alternately, add

spoonfuls of poppy seed batter and remaining plain batter.

Bake at 325 degrees for 1 hour and 30 to 45 minutes or until cake tests done. Cool cake in pan 15 minutes before removing. Cool completely. Sprinkle with confectioners' sugar or drizzle with Glaze.

Glaze: Combine 1 cup confectioners' sugar and 2 tablespoons lemon juice or milk.

Basic Cake Variations:

1. If desired, 3 tablespoons lemon juice may be added along with vanilla frosting mix.
2. Substitute 1 package Pills-

bury Buttercream Brown Sugar Frosting Mix for lemon frosting mix.

After removing the 3 cups batter, add to the remaining plain batter either 1/2 teaspoon cinnamon and 1/2 teaspoon ground cloves, OR 1/2 teaspoon maple flavoring.

To Substitute for Poppy Seed Cake and Pastry Filling:

1. Combine 1 cup poppy seed, 1 cup milk, 2 tablespoons butter, 2 tablespoons honey and 1/2 cup ground nuts in sauce pan. Cook and stir until thick. Cool completely.

2. Combine 1 1/2 cups (3 pkgs., 3 1/2 oz. each) ground hazelnuts or almonds, 1 cup milk, 2 tablespoons butter, 2 tablespoons light corn syrup and 2 teaspoons almond extract in sauce pan. Cook and stir until thick, about 10 minutes. Cool completely.

3. Combine 1 1/2 cups (12 oz.) pitted dates, 1/2 cup light corn syrup, 1/2 cup water, 1/4 cup sugar, 1/2 teaspoon lemon juice, 1/4 teaspoon salt and 1/4 teaspoon ground cloves in sauce pan. Cook and stir until thick and no liquid remains. Cool completely; beat well.

4. Combine 1 can (12 oz.) date cake and pastry filling with 1/2 cup ground or finely chopped nuts; mix well.
5. In small mixer bowl, combine 1 can (8 oz.) almond paste and 2 tablespoons light corn syrup until smooth.

Wine Book Is Full of Facts

A new 32-page booklet entitled "Ways With Wine," with its contents ranging from appropriate Biblical and Shakespearean quotations to the latest recipes, has just been published by the Paul Masson Vineyards of Saratoga, California.

Subtitled "The Paul Masson Wine Reader," the attractively printed pamphlet is a compendium of facts, history, literary quotations, wine descriptions, etiquette and cooking hints "on the nature and uses of fine California wines, champagnes, vermouths and brandy."

"If, some millions of years ago, ripe grapes had fallen into a hollow stone, The First Wine would have been waiting for The First Man to arrive and enjoy it," is the booklet's opening sentence.

Some thirty pages later it closes with the following suggestion: "An essential part of the enjoyment of wine is reading labels, which are highly informative if you know what to look for."

"If you are not yet a master of wine label nuances, you must rely on the maker's name (and the longer he has a good name, the better) . . . and his mark."

The booklet was prepared by Paul Masson Vineyards in order to meet the ever-increasing curiosity among Americans about wine.

It follows on the success of more than 2,000,000 copies in seven editions of a previously printed booklet with the same title. The current edition is completely revised in format and contents.

Copies are available upon request by writing: Paul Masson Vineyards, Dept. W, Saratoga, California.

Cornmeal Mush Goes Well With Cheese, Meats

Here's a four-serving version of a popular recipe.

ITALIAN CASSEROLE

3/4 cup enriched yellow cornmeal
2 1/2 cups salt
1/4 cup cold water
2 cups boiling water
1/2 cup grated cheddar cheese
Meat Sauce (see Note)
Mix cornmeal, salt and cold water; slowly stir in boiling water; cook and stir constantly until thickened; cover and over low heat cook 5 minutes more, stirring a few times, until very thick. Off heat, stir in 1/4 cup of the cheese.

Turn into an 8-inch square baking pan; cool. Refrigerate, covered tightly, until firm. Cut into squares and place in a 10 by 6 by 1 1/2-inch glass baking dish (1 1/2 quarts). Add meat sauce.

Bake in a 350 degree oven about 25 minutes. Top with remaining 1/4 cup cheese; bake 5 minutes longer. Makes 4 servings.

Note: For Meat Sauce, skillet-cook 3/4 pound ground beef; add one 8-ounce can tomato sauce, 1/4 cup chopped onion, 1/4 teaspoon each salt, sugar, celery salt and oregano; simmer for 10 minutes.

Cheddar Cheese Denver Sandwich Is Even Better

While the great thinkers of the world were contemplating which came first, the chicken or the egg, the great cooks of the world were exploring the great versatility of eggs. They fried them, scrambled them, boiled them, poached them. They used them to make everything from cakes to sandwiches. And, one of the greatest egg sandwiches ever created was the Denver sandwich.

Now you can serve a Denver sandwich with a new tasty touch. You can make it a main dish that'll brighten brunch or even up lunch. It can even make supertime swing.

That's because this Cheesy Denver Sandwich recipe calls

for eggs, butter, onion, green pepper, ham, pimiento, and other typical ingredients, plus a special ingredient... Cheddar cheese. Its special sharp taste gives a Denver sandwich a delightful new dimension.

Cheesy Denver Sandwich
1 tablespoon butter

2 tablespoons chopped onion
1 tablespoon chopped green pepper
4 eggs, slightly beaten
1 1/4 cups (6 oz.) shredded Cheddar cheese
1/4 cup ground cooked ham
1 tablespoon chopped pimiento
1/4 teaspoon salt

Dash of pepper

Butter
6 buttered toasted hamburger buns
In a 1-quart saucepan melt butter; add onion and green pepper and saute until tender. Add to eggs along with 1 cup Cheddar cheese, ham, pimiento, salt, and pepper; mix well.

Using approximately 1/4 cup mixture for each sandwich, fry on buttered preheated griddle until eggs are set; turn and fry other side. Sprinkle remaining 1/4 cup Cheddar cheese over tops. Serve on buns.
Note: Mixture may be prepared in advance and stored in refrigerator.

For Buffet Table

Want to add a different and interesting addition to that baked-ham buffet? Serve cheese soufflé baked in individual soufflé dishes (cup-custard size). Some of the preparation for the soufflés may be done ahead, but the baking should be timed so that they come out of the oven at serving time.

Carve Out Basket From Large Orange

Score center of top half of under peel forming the basket handle. With sharp knife, handle one-half inch wide. Cut carefully remove orange sections through, following scored lines, from bottom part of orange center. Make two orange and save to fill basket. Crosswise cuts on either side Cut out any membrane remaining in bottom of orange cup so basket is smooth.

Remove peel from wedges and save fruit for basket. Carefully cut away orange grapes, and other fruit. Chill.

Nut Brittle Is Crushed, Goes in Cake

A new twist on popular chocolate pudding cake is this recipe for Chocolate Peanut Saucey Cake. Peanut Brittle takes the place of the sugar in the cake, and adds crunch texture at the same time.

It will be a real treat for dessert fanciers in the family. And it too, is quick and easy to mix and bake.

CHOCOLATE-PEANUT SAUCY CAKE

Batter:

1 cup sifted flour
2 teaspoons baking powder
1/2 teaspoon salt
2 tablespoons cocoa
1/2 cup milk
1 cup finely crushed peanut brittle

Topping:

3/4 cup sugar
3 tablespoons cocoa
1/4 teaspoon salt
1 teaspoon vanilla
1 cup boiling water
For the batter, sift together flour, baking powder, salt and cocoa. Stir in milk and peanut brittle. Spread in greased 8-inch square pan.

For the topping, combine sugar, cocoa, salt and vanilla. Sprinkle over batter in pan. Pour boiling water over all, but do not stir.

Bake in moderate oven (350 degrees) about 30 minutes, or until crust is formed on top. Serve hot, spooning from pan into small bowls. Sauce will have formed on bottom of cake. Makes 6 servings.

Q. What's the name of this meat cooking method?

A. Pan-frying.

Q. How is pan-frying done?

A. Melt two or more tablespoons of lard or drippings in a frying-pan. To this, add meat, dredged in seasoned flour or not as desired. Brown at moderate temperature turning occasionally to assure even cooking. Meat must not be covered during frying because when covered it is braised. In frying, meat should be cooked when both sides are browned.

Q. What meats are suitable for frying?

A. Fairly thin, relatively tender meats are prepared by pan-frying. This includes meats made tender by scoring, pounding or grinding, like the beef cubed steaks illustrated. Meat cubes suitable for pan-frying include: in beef, patties, petite or breakfast steaks, other thin steaks. In veal, pan-frying may be used on cubed steaks, sirloin steak, loin, kidney or rib chops, choplets and patties. In pork, pan-fry the tenderloin, arm, blade or other chops. In lamb, arm and blade chops or patties can be pan-fried.

Natural Process

Liquid lost during the canning process shouldn't be replaced. Opening a jar to refill with liquid lets bacteria in and food would have to be reprocessed, say Extension food specialists at MSU. Loss of liquid does not cause food to spoil, although the food above the liquid may darken.

Rocky Hires Political Advisory Staff

NEW YORK (AP) — Gov. Nelson A. Rockefeller has hired Emmet Johnson Hughes, the writer and political strategist, and three other advisers to help him formulate positions on national and international issues.

The move announced in a statement Tuesday was viewed by many political observers as accentuating Rockefeller's availability for the Republican presidential nomination.

Rockefeller announced March 21 that he would not be an active candidate for the GOP nomination but said that he would accept a draft if one developed and meanwhile would speak out on the issues.

In the statement issued by his office, the governor said he is preparing to state his policies on foreign and domestic problems confronting the United States.

OTHER ADVISERS
In addition to Hughes, those named to advise him were Hen-

ry Kissinger of Harvard University, Richard Nathan of the Brookings Institute and Oscar Reubhausen, a New York City lawyer.

He said they would be aided by "other expert advisers in specific fields" and a "small research staff" already at work.

The statement said in part: "Our nation is enduring—as it

said a fortnight ago—a time of crisis and confusion probably

without parallel in our history. The tragic events of recent days makes this obvious truth more plain than ever.

"This truth imposes on every American—and especially every one in public life—a special duty to know his responsibility and to speak his mind."

MY DUTY
"I have promised to make known—to state clearly and ful-

ly—my own positions on the great national and international issues before us. As a citizen, as a governor, and as the head of the policy committee of the Republican Governors Association, this is my duty and my commitment."

A staff member said Rockefeller would discuss either the Vietnam war or the racial crisis in the cities in a "major speech" being prepared for his appearance before the Ameri-

can Society of Newspaper Editors in Washington April 18.

Hughes, who was a member of President Dwight D. Eisenhower's staff in 1952, 1953 and 1956, was named Rockefeller's "special assistant" to aid in the "broad work of formulating and discussing policies and programs in the months ahead."

The statement said Rockefeller will work in the field of foreign affairs and Nathan on questions of domestic policy. Reubhausen will act as director of the staff.

People in the News

By The Associated Press

Maurice Chevalier arrived in New York yesterday for what he called his farewell tour of the United States.

The 79-year-old French entertainer said he is "definitely" on his last tour of this country. He said he plans to return to France, then tour South America next July before he retires.

CHEVALIER

4 Africans, 1 Vietnamese in Rite

Pope Paul VI has chosen four Africans and a Vietnamese to be among 12 student priests whose feet he will wash and kiss Holy Thursday, the Vatican announced yesterday.

The choice of nationals from war-torn Nigeria and Vietnam appeared clearly aimed at dramatizing his concern over peace and race relations.

The foot-washing ceremony reenacts the humble act of Christ who washed the feet of the 12 Apostles before the Last Supper.

PAUL VI

Director Mum as Marriage News Leaks

Italian movie director Vittorio De Sica kept silent today on reports that he had married his long-time Spanish companion, Maria Mercader-Forcada.

But the news of De Sica's secret wedding in the French village of Pains last Saturday came as no surprise to the Italian movie world.

The two are parents of two sons, Manuel and Christian. De Sica was long separated from former Italian actress Giuditta Rissone.

The 67-year-old actor-director arrived in Milan, Italy, last Monday to discuss movie projects with some friends and several Milan producers. He said he would make no comment on the reports.

De SICA

Plane Smoke Fails to Worry Actress

LONDON (AP) — Two days after a jetliner lost a burning engine and crash-landed at London Airport, another with actress Patricia Neal and 74 other persons aboard landed today with smoke pouring from one engine.

No fire developed. "I saw the smoke pouring out the engine," said Miss Neal, "but I wasn't worried. Everyone was calm, and the pilot made a perfect landing."

The actress was returning from New York after filming "The Subject Was Roses," her first movie since she was crippled by a series of strokes three years ago. She is now fully recovered.

One engine of a BOAC Boeing 707 caught fire Monday two minutes after the plane took off from London for Australia with 126 persons aboard. The engine fell off and the plane headed back with the left wing in flames. Capt. Charles Taylor landed the big jetliner. Five persons were killed.

2 in 88th Enter House Primary

ALMA (AP) — A Republican primary election battle appears to be in the making for the 88th District of the state House of Representatives.

Current Representative Lester J. Allen is 68 and has announced he will not seek reelection this year. He has served in the seat since 1957. Two Republicans have already jumped into the race, hoping to win the Aug. 6 primary.

One aspirant is Thell M. Woods of Alma, the 29-year-old past chairman of the Gratiot County Republican party. Woods ran two years ago against Allen and lost by a mere 66 votes.

The other man seeking the seat is 53-year-old Homer D. Hendricks who is retiring as superintendent of Alma schools June 30.

The 88th District includes all of Gratiot County, plus parts of Eaton, Clinton and Midland counties.

Youth Project Given Approval

GRAND RAPIDS (AP) — A neighborhood Youth Corps project to provide work experience, training and summertime jobs for 520 in-school youths has been approved for Grand Rapids, the U.S. Labor Department announced.

The federal government's share for the project is \$162,730 while the Grand Rapids Board of Education, the sponsoring organization, will provide \$25,110.

Chicago will construct a four-mile concrete lined tunnel to hold excess flow from a combined storm and sanitary sewer system during heavy rains.

JOHN A. DUGAN

LESLIE H. HUDSON

Commission Honors Outgoing Members

Pontiac's City Commission last night paid tribute to outgoing members John A. Dugan, District 5, and Leslie H. Hudson, District 4, for their years of service on the commission.

Dugan, a six-term commissioner and Hudson, on the commission for two terms, are not seeking reelection and will finish their tenure next Tuesday.

Resolutions honoring them noted their service and asked that they "be available for other civic appointments."

Dugan's tenure of 12 years as a commissioner has been ex-

Land Exchange Gets Approval

Telephone Company Expansion in Works

Approval of final agreements between the city and the telephone co. for an exchange of downtown land to allow the expansion of telephone company facilities was approved by the city commission last night.

Officials from the city and phone company have been working on the deal since last fall.

Under the agreement the city will transfer to the phone company a city-owned parking lot south of the Bell Telephone Co. building on East Huron and east of Mill for a similar parcel in the block bounded by Lawrence, Pike Mill and Perry.

The latter parcel now contains a bowling alley, sport shop and diner. The telephone company will bear the cost of razing the land to provide the city with a site for a municipal parking lot.

Under the agreement, the city will lease the present parking lot south of the telephone company building for parking facilities until the new lot is ready for city use.

Mayor William H. Taylor Jr. said he expects that the phone company will announce shortly the construction of new office space on a 4-mile tax increase facilities on the parking lot site for school operations. The current levy is for 15 mills.

ceded by only one other person, Mayor William H. Taylor Jr. noted.

Dugan expressed appreciation and said his years on the commission have given him much satisfaction. A production worker at Pontiac Motor Division and long connected with labor activities, he said his terms have provided him the opportunity to meet "a number of great people representing business, industry and every walk of life."

Hudson also had praise for City Manager Joseph A. Warren and the top administrative staff. He said it had been a privilege working with them.

He warned that future commissioners have numerous problems and that there is no one plan to resolve them.

"This should not be seen as so awesome an undertaking that they cannot be resolved... the only way to start solving our problems is to start on one specific problem at a time."

COMMISSION ROLE:

Hudson, who was a township clerk and state representative before being elected to the commission, said of his commission role.

"No job has been more fulfilling, no job has been harder and no job has been as educational."

He said a post in city government or township government should be a prerequisite to every type of higher political office.

Alma Sets Vote on School Levy

ALMA (AP)—A June 10 election has been set for a 2-mill, five-year tax levy increase for school operating expenses in Alma. The increase would raise total millage to 18.5. Meanwhile, in nearby Breckinridge, voters will decide April 15 on a 4-mill tax increase for school operations. The current levy is for 15 mills.

Outlay Okayed for Equipment

City commissioners last night approved spending an estimated \$107,000 for new equipment at the city's two sewage treatment plants.

The commission set a June 17 deadline for receiving proposals from contractors on the new equipment.

Director of Public Works and Service Joseph E. Neippling said the proposed expenditures are part of a plan approved in 1966 to improve the treatment plants' facilities, spending about \$100,000 each year.

For 1968, he recommended purchase of a bar rack, grit removal equipment and additional improvements to the sludge heating system at the East Boulevard Plant and installation of a lime slaker and a effluent water reuse system at the plant on Opdyke at Auburn.

In other business, the commission:

- Voted to concur with the City Planning Commission in denying a request to rezone two vacant lots between 1001 and 1023 E. Walton to allow construction of an apartment building in a single-family residential neighborhood.

- Voted to concur with the planning commission in denying conditions in the near future vacation of an alley east of Baldwin between East Columbia officers. to an organized program of enlisting citizens.

Bids to Be Sought on 12-Acre Parcel

City commissioners last night voted to seek bids on the sale of a 12-acre parcel of city-owned land north of West Kennett and under development immediately south of Columbia extended.

Developer Charles L. Langs had offered to purchase the property to extend a planned rent supplement project now under development immediately to the south.

Commissioners decided to put the land up for bids despite a warning by District 4 Commissioner Leslie H. Hudson that speculators could purchase the land and slow down development of housing units.

Hudson said housing is desperately needed in the city and sale of the land to Langs, a "proven developer," would go toward relieving housing

shortages and would especially help provide reasonable and low-cost housing to senior citizens.

Hudson said the first 200 units of Langs' planned 525 units of rent supplement housing has been oversubscribed. He said Langs has received more requests than he can provide housing for.

COSTS UNDERWRITTEN

The financing has been authorized by the federal government, which is un-

derwriting costs of the rent supplement needed.

Langs has indicated that he will attempt to accommodate retirees and those receiving Social Security before all others in the housing project.

Hudson said the price of the acreage in that part of the city is established. "A speculator could buy it at a higher price and establish a new price," which could make it economically unfeasible to develop any more rent supplement housing, "which we all

recognize is desperately needed," he said.

District Commissioner T. Warren Fowler Sr. said if the property is sold to the public it should be sold by sealed bid.

GOING OVERBOARD?

Commissioner John A. Dugan of District 5 said the city may be "going overboard on rent supplement housing."

He said Pontiac will have one of the largest concentrations of rent supplement housing in the country.

Dugan also said that the commissioners should not con-

fuse senior citizen housing with rent supplement housing. "The two are very different as I understand it."

Do FALSE TEETH

Don't live in fear of false teeth loosening, wobbling or dropping just at the wrong time. For more security and more comfort, just sprinkle a little FASTEETH on your plates. FASTEETH holds false teeth firmer. Makes eating easier. No need to worry taste. Helps check denture wear. Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

Engine or Transmission Trouble... CALL MIDAS PHONE 334-4727

City Affairs

Response to Chec-Mate Cited

A program to enlist citizen help in reporting and fighting crime has been very successful during the past year, Pontiac Police Chief William K. Hanger said last night.

Hanger said he hopes that the ordinance allowing the police chief to appoint special auxiliary police when he feels they are needed.

He said some 1,500 citizens had signed up as Chec-Mate participants, although limitations of police personnel haven't allowed much recruitment.

The commission last night also gave final approval to an ordinance allowing the police chief to appoint special auxiliary police when he feels they are needed.

District 5 Commissioner John A. Dugan said the city should make efforts to enlist a large contingent of auxiliary police.

Dugan said this was a desirable alternative to citizens taking it upon themselves to uphold the law. "We certainly don't want any vigilante groups, and we don't want citizens taking up arms on their own," he added.

OSMUN'S GUIDE TO MEN'S WEAR

Chapter 1 The Raincoat

Raincoats range from tissue-thin plastic to mink-lined models. There are a lot of good ones on the market. And some that Osmun's just won't stock because they're over-priced or under-made. There are three points to remember when you try on a raincoat.

Style, tailoring, price. For example: The Gleneagles Warwick, \$50. Six-button double-breasted styling is in style, and, what's more, it's a raincoat that doesn't look like a raincoat. Now, how is it made? Better. That's the way Gleneagles makes their coats (we have a very large selection of them) and that's why Osmun's is pleased to sell you one that meets our standards: When a coat is cut, it should be cut so the shoulders are smooth,

so that seams don't pucker or pull apart,

and so that patterns are matched at seams. We like coats that have buttons sewed on to stay on. (In fact, Gleneagles gives you extra buttons and promises that you'll never need them.) The real test, though, is to look at the parts of the coat you don't normally look at.

Is the tailoring as careful on the inside seams, on pockets, on linings, as it is on the outside? Now, the price. If the coat is stylish and looks good on you, and if it's made to last, we think about \$50 is a reasonable investment. Come and look. Remember, it's hardly just Gleneagle's reputation we're putting on the line. Oh—one thing we almost forgot to tell you about the raincoats at Osmun's. They'll keep you dry in the rain.

Pitcher Lolic Switches Uniforms as Tigers Await Red Sox

Augusta National Big Favorite

Masters ... Top Golf Prize

AUGUSTA, Ga. — To a basketball player, it's playing in Madison Square Garden. To a baseball player, it's the World Series. To a football player, it's a Bowl Game.

And to a golfer, it's the Masters at the Augusta National Golf Club.

Following are excerpts from letters by some of golf's greatest stars written to Tournament Chairman Clifford Roberts and Club President Bobby Jones. What they said in the past is equally pertinent on the eve of the 1968 Masters:

BYRON NELSON, winner in 1942 (Jan. 1, 1946): "It seems the Masters always produces something unusual. Sarazen's double eagle and many other notable highlights."

"I made my principal contribution to the Augusta Record Book in 1942. At least it was the best golf, all things considered, of my career."

"I refer, of course, to the stretch of golf I played during the playoff with Ben Hogan, beginning with the 6th hole and ending with the 17th."

BEN HOGAN, two-time winner (Jan. 12, 1954): "Today I received my invitation to the 1968 Masters Tournament. It brings back memories of the time I received my first invitation back in 1938."

"Prior to that year I remember hoping and praying that my game and record would qualify me for this much-prized invitation."

"This same thought is going through the minds of many young golfers today and I know exactly how they feel."

"For you see, now 16 years later, I still experience the same thrill of pride when my invitation arrives. . . . The Augusta National is one of the few courses that can give me real pleasure in playing the day after the tournament ends."

SAM SNEAD, three-time winner (Jan. 2, 1956): "I know as well as anybody that there is always a lot of pressure in a Masters Tournament but, making full allowance for the tension, this is by far the most enjoyable competition in big-time golf. . . . The Augusta National is a journey that a fellow enjoys playing even when Old Man Par is giving you a going over."

ARNOLD PALMER, four-time winner (Jan. 10, 1961): "It is extremely difficult, if not impossible, for me to put into words what I feel about the Masters Tournament and the Augusta National Golf Course."

"I can recall that as a young boy, prior to attending Wake Forest College, the Masters was something I read about in the papers."

"It was my burning ambition to some day be able to play the great course, particularly as a participant in the tournament."

GARY PLAYER, winner in 1961 (April 1961): "It was the first time in four years the Tigers were set to open their season at home. The schedule calls for 81 home games in 73 dates, one more than 1967. There will be 42 night games, two below last year."

Also scheduled are three twi-nighters and five Sunday doubleheaders.

The Washington Senators will be the foe for the season-end Sept. 27-28. Ticket prices for box seats, meanwhile, have been upped 50 cents to \$3.50. The increase is attributed to rising operational costs. Box seat prices had remained at \$3.00 since 1957.

EARLIER TIME Executive Vice President and General Manager Jim Campbell says twi-nighters will start at 5:30 p.m., instead of the previous 6. Night games will be at 8 p.m., Saturday afternoon games at 2:15 and all other games, including doubleheaders at 1:30.

Detroit has won six of its last eight opening day games at Tiger Stadium. Last year the Tigers handed the California Angels a 4-1 loss.

LA Pilot Reported in Good Condition

INGLEWOOD, Calif. (AP) — Walter Alston, 56-year-old baseball manager of the Los Angeles Dodgers, is reported in good condition today after undergoing surgery for removal of a kidney stone.

The 15-year Dodger manager was expected to be out in about three weeks.

Minnesota, down two games to Los Angeles, fell behind 3-1 against the Kings, but rallied to win the pivotal third game.

Bill Collins scored twice for Minnesota as the steady North Star attack went down goalie Terry Sawchuk, who had pitched Minnesota in the first two games of the series.

Lowell MacDonald scored twice for LA.

After the teams divided six first-period goals, Parker MacDonald put Minnesota ahead early in the second session. Then Wayne Connelly was awarded a penalty shot when Dale Rolfe interfered with his breakaway. The Minnesota wing skated straight in on Sawchuk and lifted the puck over his stick on the right side.

Takes Gridiron Post

LOWELL (AP) — Gerald Smith, 35, assistant varsity football coach the past 2 years, has been named head football coach at Lowell High School. He succeeds Charles Pierce who resigned last fall to teach full time.

EAST LANSING (AP) — Michigan State opens its home baseball season against Detroit Saturday after a successful spring warmup in Florida and taking a double header from Ball State of Indiana.

MSU now has a 10-5 overall win-loss record following eight victories in 13 starts in Florida and the twin bill sweep over Ball State. Detroit, meanwhile, won three games late last week, two from Albion and one over Toledo.

Left-hander Mel Boney, with a 4-1 record, is picked to pitch the first home game of the season for the Spartans. Leading MSU hitters are third baseman Steve Garvey at .410 and catcher Harry Hendrick at .375.

Mickey Heads for Active Duty With NG Unit

DETROIT (AP) — It looks as if Sgt. Mickey Lolic of the Air National Guard will miss the Detroit Tigers opening game against the Boston Red Sox.

Due to the recent civil disorders the talented Tiger southpaw was called up for active duty. A spokesman for the ballclub says it's anybody's guess when he'll be back.

"Tell me when this trouble ends then maybe I can tell you when he'll come back," the spokesman said.

Lolic, along with about 3,000 other National Guardsmen, is on duty to avert disturbances in and around Detroit. Some trouble came after the assassination of Dr. Martin Luther King Jr.

The game was scheduled to start at 1:30 p.m. today at Tiger Stadium with Gov. George Romney pitching a few balls to Mayor Jerome Cavanagh.

The game was originally scheduled for Tuesday, but was pushed back a day, out of respect for Dr. King.

LEADING OFF

Tiger Manager Mayo Smith says his probable starting lineup and batting order will have Mickey Stanley leading off and playing first base, Dick McAuliffe at second base, Al Kaline in right field, Willie Horton batting cleanup and playing left field, Bill Freehan catching, Jim Northrup in center field, Don Wert at third base, Ray Oyler shortstop and righthander Earl Wilson doing the pitching.

Wilson won 22 games for the Tigers last year, as the team finished a heartbreaking second behind Boston, the American League champion.

The Red Sox pitcher will be left-hander Dick Ellsworth, newly acquired from the Philadelphia Phillies. Other probable starters are Mike Andrews leading off and playing second base, Dalton Jones at third, last year's American League Most Valuable Player Carl Yastrzemski in left field, Reggie Smith hitting cleanup and playing in center, slugger George Scott at first, rookie Joe Llatoud in right, Rico Petrocelli at short and Elston Howard doing the catching.

This is the first time in four years the Tigers were set to open their season at home. The schedule calls for 81 home games in 73 dates, one more than 1967. There will be 42 night games, two below last year.

Also scheduled are three twi-nighters and five Sunday doubleheaders.

THE PONTIAC PRESS SPORTS

WEDNESDAY, APRIL 10, 1968

D-1

TOUGH TWOSOME — Minnesota North Star's Andrea Boudrias (15) and Mike McMahon (6) team to sweep the puck away from Los Angeles Kings' forward Jacques Lemieux (9) in the first period of their National Hockey League Western Division playoff game in the Twin Cities last night. Minnesota won, 7-5.

Firebirds Wrap Up Coach, '68 Schedule

A new contract as head coach to Tom Tracy, former pro football player in the NFL, guided the Firebirds to second place in the MFL last year, one game behind champion Mt. Clemens.

The Firebirds lost two of their first three games to Mt. Clemens and then went unbeaten the rest of the way to finish with a 10-4 mark.

Harold Couzens, president of Pontiac Sports, Inc., said, "We have been happy with the team's showing and Tracy's coaching, and with a year under our belt with an entirely new team, we expect to be a strong contender again this season in the league."

Paul Parks, general manager of the Firebirds, reported that at the league meeting last weekend changes were made in the MFL structure.

SWITCH FRANCHISE The River Rouge Steelers have moved their franchise to Hamtramck and the Lackawanna Indians (N.Y.) have been accepted as the eighth member of the league.

The Lackawanna franchise will not be an official member of the league until 1969 and the 1968 games will not be counted in league standings.

The Firebirds will open the 1968 season at Hamtramck, August 3, and then follow with the home opener at Winer Stadium against Flint.

The Flint team, under new ownership, will be the first to play on the new astroturf being installed in the new stadium in that city.

The MFL teams decided to start the season three weeks earlier this year, a move to escape the unpredictable November weather.

The league is also going to experiment with a new extra point rule, eliminating the kick and awarding the point by running or passing.

Season tickets for the Firebirds' seven home games can now be ordered at \$12.50 for a season reserve seat. Student season tickets are selling for \$5 and they can be ordered by calling FE 5-4201.

This is the 1968 Firebirds' football schedule:

Ray appeared in six official games this spring, working almost 13 innings. He gave up two runs for a 1.35 ERA. He posted a 93 record with Estrellas in the Dominican Republic before reporting to Houston.

Dave Eilers and Howie Reed will return to the Astros farm club at the end of the week, Richardson said.

Ray appeared in six official games this spring, working almost 13 innings. He gave up two runs for a 1.35 ERA. He posted a 93 record with Estrellas in the Dominican Republic before reporting to Houston.

Last year, Ray was sold conditionally to the New York Mets, but was returned to the Astros after a brief stint.

MSU in Home Debut Against U-D's Titans

EAST LANSING (AP) — Michigan State opens its home baseball season against Detroit Saturday after a successful spring warmup in Florida and taking a double header from Ball State of Indiana.

MSU now has a 10-5 overall win-loss record following eight victories in 13 starts in Florida and the twin bill sweep over Ball State. Detroit, meanwhile, won three games late last week, two from Albion and one over Toledo.

Left-hander Mel Boney, with a 4-1 record, is picked to pitch the first home game of the season for the Spartans. Leading MSU hitters are third baseman Steve Garvey at .410 and catcher Harry Hendrick at .375.

Lush Layout Finds Favor With Hopeful Arnie Palmer

From Our News Wires AUGUSTA, Ga. — The way Arnold Palmer figures it, the 1968 Masters golf tournament, starting Thursday, will be the first this year played under "summer" conditions, and it's a whole new ball game.

Palmer, who will be seeking to end three years of frustration in the tournament he has won four times, pointed Wednesday to the lush green Augusta National fairways soaking up hot sunshine after Tuesday thundershowers.

"Up until now, the fellows on the pro tour have been playing on Bermuda grass that isn't hardly up yet," said the general of "Arnie's Army."

"They've been getting lots of roll. But the National is in perfect condition for a golf test — true summer conditions. The grass is almost too thick."

"It won't hurt the big hitters, because they'll be out there with their drives," said Palmer, who last won the Masters in 1964 and has finished second, fourth, and fourth since then. "But it's definitely going to slow the course."

Jack Nicklaus, who won the Masters three times in four years before failing

to make the halfway cut last year, is one of the hot favorites on the eve of the Masters along with Tom Weiskopf, the current money leader on the pro tour, and Tony Jacklin, the young Briton who won the Jacksonville Open.

Miller Barber, who finished eighth in the Greensboro Open, heads the list of the final six qualifiers for the Masters.

The others announced Tuesday are Dave Hill, Charles Coody, Ray Floyd, R. H. Sikes and Kermit Zarley.

They were chosen under a complicated point system and secured their places in the tight, 76 man field on the basis of their performance in the Greensboro Open, which ended Monday.

Billy Casper, the Greensboro winner, and the other top finishers already had qualified for the Masters.

Barber, Hill and Zarley are making their first appearances in the Masters. Coody has played in two, Floyd in three and Sikes in four.

Soviets Continue Games-Exit Talk

MOSCOW (UPI) — Opposition to apartheid caused the Soviet Union to renew its threat Tuesday to withdraw from the Olympic Games if South Africa is allowed to participate.

"If the decision to admit the Republic of South Africa to the Mexico games remains in force, the Soviet Olympic Committee will be compelled to return to the question of Soviet participation in the 1968 Olympics," Soviet Olympic Committee Chairman, Konstantin Andrianov, said in an article in the magazine, Sport in the U.S.S.R.

The IOC's executive committee is scheduled to meet later this month in Switzerland to reconsider South Africa's readmission.

More than 40 Afro-Asian nations plan to boycott the Olympics if South Africa is permitted to compete.

Finishing Touch on Aguirre Deal

LOS ANGELES (AP) — The Los Angeles Dodgers formally acquired veteran left-hander Hank Aguirre from their Spokane farm club Tuesday and cut their roster by farming out four young players.

Aguirre, formerly with the advantage they gained last Friday in Philadelphia when they Detroit Tigers, will give the Dodgers experience and bullpen strength.

In Second Game

Celts Invading 49ers' Domain

By the Associated Press

The Boston Celtics will be trying to retain the home court advantage they gained last Friday in Philadelphia when they Detroit Tigers, will give the Dodgers experience and bullpen strength.

The game will be the second in a best-of-seven series in the National Basketball Association's Eastern Division playoffs. The 76ers are the defending champions.

Francisco plays tonight at Los Angeles, which also holds a 1-0 lead in the playoffs.

"Sometimes there is a tendency to let down at home, and if we let down any tonight we are in trouble," said Celtics captain John Havlicek.

Some observers have questioned the importance of the home court edge when these two arch-rivals meet, but the record is clear enough. Boston and Philadelphia are facing each other in the Eastern finals for the fourth straight season. In the other three meetings, covering a total of 17 playoff games, the home team came out with a 14-3 margin. Both teams were well-rested after the long layoff occasioned by the postponement of the second game from Sunday to tonight because of the assassination of Dr. Martin Luther King Jr.

Pontiac Press Photo by Ed Vandervoort

BEYOND GRASP — First baseman Bill Barnes misses the baseball and fails to hang onto his glove while trying to cut off an errant toss from a West Bloomfield teammate.

Tuesday. Runner Jim Burns of Kettering can be seen behind the Laker first sacker, and he continued on to second base on the misplay. West Bloomfield won, 6-1.

Mott Collects Slim Victory in Track Test

Two fledgling track teams met Tuesday afternoon on the Waterford Township High School track and the meet was decided by the lack of a high jumper.

Waterford Mott gained its second victory in two tries by a 53-52 margin over Waterford Our Lady of Lakes when the Lakers (8-3) couldn't score a point in the high jump.

In fact, only one contestant placed in the event; Mott's Bill Foust was the only one to clear the 4-6 minimum height. No pole vault was held. Mott garnered seven first place and 10.11 six.

Edge Goes to Dashmen in Olympic Competition

WASHINGTON (AP) — Scientists have come up with yes and no answers to the question:

"Will Mexico City's high altitude bother athletes in the

Olympic Games next October?" New records may be set, the experts concluded, in events requiring spurts of energy, such as the 100-meter dash, the pole vault, the shot put, and competition depending more on skill than on muscular power.

But athletes in stamina contests, such as the long-distance runners, swimmers and competitors in similar events, may be in for trouble.

The problem is that there is about 25 per cent less oxygen at Mexico City's 7,800-foot altitude than there is at sea level.

A study of the problem by a group of international experts was reviewed by the Pan-American Health Organization.

OUTSIDE CHANCE
The specialists' conceded much will depend on individual performance but "there is only an outside chance of participants in endurance sports setting new world records."

And competitors needing spurts of energy "will do better."

In stamina contests, the athlete is fueled with aerobic energy — the kind dependent on oxygen. Dr. Rodolfo Margaria of the Institute of Human Physiology, Milan, Italy, said this is the kind needed for an event lasting more than 90 seconds.

Pontiac Press Photo

SENIOR STARTER—North Farmington pins its pitching hopes on senior right-hander Mike McCoy, a 6-0, 170-pound veteran. The Raiders are a darkhorse contender in the Northwest Suburban AA spring diamond race.

OLSM Wins Track Meet

The Eaglets of Orchard Lake St. Mary won nine of 14 events yesterday in posting a 64-54 track victory over Center Line St. Clement.

Ed Pomazanko posted two wins for the Eaglets. He took the long jump in 18-feet-4-inches and the high hurdles in 19.2 seconds.

OLSM 44, Centerline St. Clement 54
SHOT PUT—Galanty (OL) DeLamatre (C), Mianowski (OL). Distance: 40-2.

POLE VAULT—Ellis (OL) Gorecki (OL) and Abram (C) tie third. Height: 10-0.

LONG JUMP—Pomazanko (OL) Peters (OL), Goniewich (C). Distance: 18'-4".

HIGH JUMP—Kozlowski (OL), Goniewich (C), Ermak (OL). Height: 5'-6".

3 MILE—Sorgalski (OL), Jenowine (C), Kozlowski (OL). Time: 11:05.

800 RELAY—St. Clement 1:42.5
1 MILE—Joerg (OL), Grawkowski (OL), Wiegand (C). Time: 4:42.

HIGH HURDLES—Pomazanko (OL), Schoenherr (C), Koss (OL). Time: 19.2.

400 DASH—Roman (OL), Allmo (C), Goniewich (C). Time: 38.8.

100 DASH—Zimierski (C), Lickfield (C), Chapp (C). Time: 11.1.

LOW HURDLES—Schoenherr (C), Koss (OL), Pomazanko (OL). Time: 24.8.

MILE RELAY—OLSM 3:34.5

In Northwest Baseball Race

Foes Pick Franklin and Thurston

(This is the seventh article in a series discussing the coaches' predictions for the area high school baseball league races. Today the Northwest Suburban AA League.)

The refrain in the Northwest Suburban League baseball race is a familiar one: Thurston and Franklin are the top contenders. Livonia Franklin is the defending titlist, losing only one league game last spring, and Detroit Thurston has a strong baseball program that keeps its lineup potent every season.

North Farmington's Raiders or perhaps Wayne John Glenn is next in line, while Birmingham Grays and Oak Park Ruffery. Tom Schaerger, a lefty, and Dave Stacy must carry the burden on the mound after limited varsity duty last spring as sophomores.

The infield is the Falcons' strong point. Hard-hitting Rick Shugg and Scott Reller are back.

The Franklin infield appears solid and the outfield defense also should be good.

Team Tryouts Slated

M. G. Collision's Class A baseball squad will hold tryouts Thursday (5:30 p.m.) and Saturday (3:30 p.m.) at Aaron Perry Park.

North Farmington's chances revolve around pitcher Mike McCoy and catcher Scott Jentz (an experienced battery) plus the development of consistent hitting.

Two letterwinners Norm DeCourcy and Tom Snyder are the key infield prospects. Ron Weber has moved up from the junior varsity to join experienced outfielders Doug Drapalski and Rick Scott. The Raiders dropped their opener to Redford Union when both the hitting and pitching failed in the clutch.

Groves lost most of its starters last season, including All-County star Mike Ruffery. Tom Schaerger, a lefty, and Dave Stacy must carry the burden on the mound after limited varsity duty last spring as sophomores.

The infield is the Falcons' strong point. Hard-hitting Rick Shugg and Scott Reller are back.

The Franklin infield appears solid and the outfield defense also should be good.

Andover Wins

Bloomfield-Hills Andover blanketed Waterford yesterday, 7-0, to even its tennis record at 1-1.

B. Hills Andover 7, Waterford 0
Singles—Dunaway (A) def. Reed, 6-2, 6-1; Miller (A) def. Dore, 6-3, 6-2; Plante (A) def. Lohr, 6-2, 6-1; Koch (A) def. McDonald, 6-0, 6-2.

Doubles—Lair and Moore (A) def. Kahn and Lindsay, 6-1, 6-4; Colorado and Darling (A) def. Poulos and Lundquist, 6-2, 6-1; McCraw and White (A) def. Crabtree and Feltz, 6-2, 6-1.

at the corners, and Mark Shadash boasts a strong glove at shortstop.

Young Kevin Burke will likely handle second base and Stacy also will see some outfield duty.

Brothers Dave and Ron Ekelman (a senior and junior respectively) are Oak Park's top returnees. Dave hurled a perfect game in his brief mound career last spring. He is a good shortstop, too.

His brother Ron should be the Redskins' top outfielder. Junior Dave Wiener is slated to divide his time between the hill and the outer garden.

The other experienced Oak Park prospect is catcher Mike Zangkas, another junior.

Glenn will cause trouble if it can produce some hits to support what is expected to be a good junior pitching duo in Kerry Webb and Bill Shellenbarger. Dennis Macaney, the shortstop, is a two-year regular.

Much of last year's squad returns.

The league diamond chase will commence Apr. 23.

NORTHWEST SUBURBAN LEAGUE COACHES' PREDICTIONS
1. Detroit Thurston
2. Livonia Franklin
3. North Farmington
4. Wayne John Glenn
5. Oak Park
6. Birmingham Grays

By John Carter

Do you know if any big league baseball team has ever been able to stay in first place Every Day from opening day till the end of the season? Only two teams in history accomplished this... the 1923 Giants and the 1927 Yankees.

Did you know a better in baseball can get credit for a run batted in by hitting a foul ball? ... Do you know how this is possible? ... Under present scoring rules, a batter gets credit for an RBI when he hits a fly ball on which a runner from third scores after the catch, even though the ball is caught in foul territory!

Here's a sports fact many fans don't realize about Jack Dempsey: ... Did you know when he was heavyweight champion of the world, he sat around for three years without defending his title? ... Dempsey fought on Sept. 14, 1923, beating Luis Firpo. ... Then, he didn't put his title on the line again till Sept. 23, 1926, when Gene Tunney beat him.

I bet you didn't know that one difference between a good tire and that cheap one you see advertised might be a ten foot quicker stop on a wet street. Pretty important difference if you're sitting six feet from the front bumper.

Win Streak Reaches 29 for Oxford

Oxford's four-year track success streak reached 29 wins in a row Tuesday afternoon when it posted 66½ points to decision Romeo (57½) and Holly (24). Dan Buryinski of Romeo was a big factor in the meet. The 6-7 200-pound sophomore won the long jump and high jump, and grabbed third place in the high hurdles.

His smaller but faster teammate Bob Craig was even more dangerous, winning both dashes and placing second in the long jump.

But the host Wildcats had just enough speed and too much stamina for their visitors. They won the mile relay, the low hurdles and the 800-yard run.

Then out of 22 possible points in the one and two-mile runs, Oxford commanded 18 of them behind the pacemaking of Doug Bass and Jim Goodfellow.

The Wildcats will seek their 30th in a row tomorrow against Marysville on the Oxford JHS track.

OXFORD 4TH, ROMEO 5TH, HOLLY 10TH
SHOT PUT: White (H), Landing (O), Carlson (R), (H) Calder and Trask (O), 424.4 distance

Interment Today for Driver Clark

EDINBURGH, Scotland (UPI) — Jimmy Clark, two-time world champion driver and winner of the Indianapolis 500 in 1965, was to be buried today in Edinburg, Scotland, the village where he was born.

Clark was killed Sunday during a race in Hockenheim, Germany.

Pontiac Press Photo

BIG RECEPTION — The first hit for West Bloomfield this spring was a big one. Pitcher Mickey Elwood (17) gets a joyful reception from battermate Bill Bullock (holding helmet) and Robin Brennan who scored ahead of him when he broke the ice with a long home run in the third inning Tuesday during a 6-1 opening game victory over Kettering.

Gopher Coach Resigns

MINNEAPOLIS, Minn. (AP) — John Kundla, who coached the old professional Minneapolis Lakers to six world championships, has stepped down as basketball coach at the University of Minnesota.

No successor was named immediately.

Kundla's surprise resignation was announced late Tuesday in a statement released by the university. He was not available for comment.

Kundla, 50, will remain at the school as assistant to the director of the School of Physical Education with the faculty rank of associate professor, the announcement said. "That's a new position and is subject to approval by the board of regents, 9-15 season record and was 5-9. The new position was one "I in the Big Ten.

Open Daily 10 to 10, Sun. 11 to 6

Rochester '9' in Sharp Debut

Rochester combined steady pitching with robust hitting for a successful start in defense of its Oakland A League baseball crown yesterday.

The Falcons trimmed Lake Orion, 7-1, as Tom Hering and Don Lovelace teamed for eight strikeouts and a four-hitter. It was the winners season opener.

Title-eying Utica took advantage of Clawson defensive lapses for a hard-earned 3-1 victory and Troy erupted for a nine-run inning and a 13-3 triumph at Madison.

Romeo's nonleague outing with Mount Clemens was cancelled.

Mike Scully's double ignited a four-run first inning for Rochester. The Falcons had three singles and a run-producing two-bagger by senior Steve Hopkins also in the outburst.

SPARK ATTACK

Hopkins drove in three runs during the game and scored once. He had a single to go with his double. Husky Stan Babich also figured in four runs with a single and triple.

Gordon Schwartz outduelled Larry Niedowicz at Utica, holding Clawson's Trojans to two hits and an unearned run.

Tom Eble tripled in the first and Donn Somers in the second and scored the initial two Utica runs on passed balls. Schwartz was hit by a pitch and scored the last tally on an error. The senior southpaw whiffed 10 and walked four.

Madison held a 3-0 lead after three innings but Troy's Curt Gillespie tied it with a base-clearing double in the fourth; then Gary Griffith's two-run single sent the Colts on their way to nine runs in the fifth.

Dick Peters struck out six and scattered seven safeties. The Oakland-A race will resume tomorrow afternoon.

Milford Golfers Fall

Jeff Miller carded a 38 and teammate Steve Cason a 39 as both teams at Highland Hills 154-169. Rick Yeager fired a 41 for the losers.

District Office Is the Nerve Center of Conservation

HIGH-LEVEL CONFERENCE — Because of the bustling activity at the Conservation Department's Pontiac Lake district office, it is seldom that all of the supervisors are able to get together at one time for a staff meeting. Monday was

the exception. The district supervisors are (left to right) Howard Greene, game; Tom Blevins, business executive; C. G. McLarty, fire; George Brusco, law; Al Masini, parks; and Steve Swan, fish.

PONTIAC PRESS PHOTO BY EDWARD R. MOORE

Four County Area Under Its Control

Considerable activity surrounds the Pontiac Lake District office of the Conservation Department.

It is the nerve center for game, fish, law, parks and fire operations in District 14 which comprises Oakland, Wayne, Macomb and the southern part of St. Clair counties.

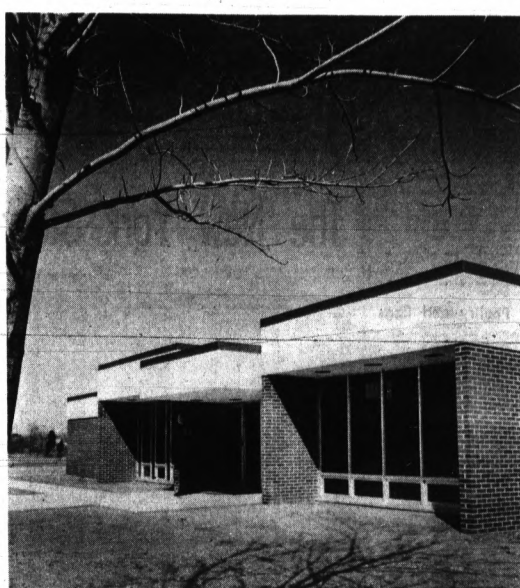

The work of over 100 department employees is controlled from this office, located on the edge of the Pontiac Lake recreation area at Gale and Williams Lake Roads.

It is open Monday through Friday from 8 a.m. to 5 p.m.

Answering questions from the public is one of the biggest chores, according to District Business Executive Tom Blevins. Special group meetings with department personnel or for film showings also are arranged through this office.

However, the increasing work load in the field has caused a curtailment in public appearances by supervisors.

"We try to keep up," said Blevins, "but sometimes it is impossible." There are over three million people living within the district, he pointed out; almost half of the state's population.

COMMAND POST — This is the Pontiac Lake District office, located at Gale and Williams Lake, Waterford Township. Conservation matters in Oakland, Wayne, Macomb and part of St. Clair counties are controlled from this office.

TRAVEL CENTER — The display rack is a popular stopping point for persons going to the office. Janice Keot straightens the many pamphlets and folders which contain

information on recreation areas, campsites, educational films, fish plantings, and boating regulations. Game and fishing law digests also are available.

SHOP TALK — Mrs. Gloria Wrightman answers a telephone call at the district office. Personnel spend a good deal of their time on phones taking care of department business or answering queries from the public.

Duck Hunters Receive 'Call'

Art Beachamp Slated for Next Meeting

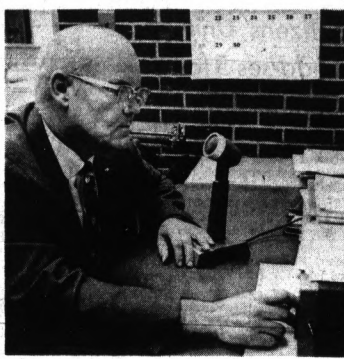

International champion Art Beachamp of Flint will discuss and demonstrate the art of waterfowl calling at the April 17 meeting of the newly formed Oakland County Duck Hunters Club.

Still in the organizational stage, the club will meet in the main lodge of the Oakland County Sportsmen's Club at 7:30 p.m.

In addition to demonstrating duck, goose and crow calling, Beachamp will discuss the importance of shotgun range when hunting waterfowl.

Dale Nance of Clarkston, organizer of the club, said by-laws and election procedures will be discussed.

The initial meeting was held last month and about 80 duck hunters attended. Several were from the Saginaw Bay and Lower Detroit River areas.

TRAFFIC CONTROL — Radio contact with many of the district's outlying offices and road vehicles is an integral part of the operation. Tom Blevins handles the microphone. The Pontiac Lake office also can communicate with other district offices via radio.

INFORMATION DESK — Many people stop by the office seeking information on some phase of conservation. Mrs. Anne Hadley assists Dr. Aben Hookman, 1740 Hamilton, with a question on the new salmon fishery.

For Orion, Oxford Townships

Recommend Hunting Controls

Closing a part of Orion Township to all hunting and a ban on waterfowl gunning in a portion of Oxford Township is being recommended by the State Hunting Area Control Committee.

The recommendations will be placed before the Conservation Commission, possibly tomorrow or Friday at the monthly session in Lansing's Jack Tar Hotel.

The commission can concur with, modify or reject the recommendations. Should the commissioners agree on restrictions, their report is then taken to the respective township boards for final approval or rejection.

Kenneth A. McCord, law enforcement executive of the Conservation Department and chairman of the Hunting Area Control Committee, reported that it was the unanimous opinion of the committee that:

"... hunting for any wild animal or wild bird with firearms or bows and arrows, or the discharge of firearms, is prohibited in Sections 1, 2, 3, 10, 11 and 12... Orion Township..."

The only exception is state-owned land in the Bald Mountain recreation area that is in Section 12.

WATERFOWL BAN — The unanimous recommendation for Oxford Township reads:

"The hunting of wild migratory waterfowl with firearms, bows and arrows or slingshots, is prohibited in a portion of Oxford Township other hunting and target prac-

... tice would be continued as before. The only exception would be no waterfowl hunting. During a public hearing in Lake Orion, several instances of dangerous shooting were cited by residents. The major complaint at the Oxford hearing was hunters shooting geese that local residents had been feeding.

If the recommendations are approved by the Conservation Commission and respective township boards, they probably will be in effect this fall.

One of the stipulations of the state law setting up the Hunting Area Control Committee is that whenever an area is closed to some form of hunting, signs stating as much must be posted at specified intervals around the all closed area and maintained at the township's expense.

Under the bill, the Interior Department would join with state officials in conducting studies aimed at restoring the ecological balance affected in recent years by annual alewife population increases and summer die-offs.

The die-off stems from an increase in Great Lakes eels. The eels ate game fish which had thrived on the tiny alewives.

As the game fish were devoured, the alewives increased.

One plan involves stocking the lake with alewife-eating fish. Recent samples of the alewife population have indicated the die-offs would continue for several years, despite the proposed program.

Dead smelt has had a similar effect in Lake Erie. The bill would also encompass the smelt program.

WASHINGTON (UPI) — The Senate has authorized funding a \$5 million program to combat the smelly alewife fish die-offs in Lake Michigan and other Great Lakes areas.

Passed by voice vote the measure now goes to the House.

Under the bill, the Interior Department would join with state officials in conducting studies aimed at restoring the ecological balance affected in recent years by annual alewife population increases and summer die-offs.

The die-off stems from an increase in Great Lakes eels. The eels ate game fish which had thrived on the tiny alewives.

Hearing Rejection Explained to Group

It's unlawful to hold a public hearing on a tentative budget for the county. This was the explanation offered yesterday to taxpayers' group which was unsuccessfully sought such a hearing.

The Oakland County Homeowners and Taxpayers Association requested that the County Board of Supervisors conduct a public hearing to give them a chance to review proposed expenditures — set for \$26,202,955 in 1969.

However, David Levinson of Birmingham, chairman of the supervisors' ways and means committee, explained the law did not allow for a hearing.

The tentative budget is submitted to the supervisors in April, goes to the Tax Allocation Board for the millage spread in June and then comes back to the supervisors in October for final approval, he said.

A public hearing is set in October, however, Levinson said these rules are set up in the State Constitution.

REQUEST CHANCE TO SPEAK

The taxpayers' group, which has been fighting proposed spending for airports and a new jail among other things, then requested a chance to speak before the board of supervisors.

Robert Allen, corporation counsel, said it would take

unanimous approval of the board before anyone outside of a supervisor could speak on the issue.

No action was taken on the proposed budget, which has been set \$5 million above 1968. It will come back for approval at the supervisors' next meeting, 9:30 a.m. Monday at the County Courthouse auditorium. Telegraph and Pontiac Lake.

The tentative budget was presented by the Board of Auditors ways and means committee and personnel policies committee.

CALLS FOR INCREASE

It calls for increased expenditures in almost all departments. Salary increases are minimal, however more employees are called for and general expenses are up.

About \$2 million in extra revenue is expected from the state income tax. Another additional \$500,000 is due from the recent state land transfer tax which is collected at the clerk-registrar's office on land transactions.

However, offsetting these gains is a recommendation that about \$2.5 million be spent on a new jail complex in the year.

Not part of the budget is a request for millage by the Oakland County Road Commission.

The commission requested that the ways and means committee find some property tax millage to spend on roads. The committee was unable to do this, however, and instead made a recommendation that a millage-for-roads request be placed on the ballot.

This recommendation plus a presentation by the road commission is expected to come up at Monday's board meeting.

Teen Hospitalized After Being Hit by Car in Area

A 15-year-old Rochester boy, struck by a car while crossing the street on his way to class at Rochester High School, 100 S. Livernois, has been admitted to Crittenton Hospital for observation.

Ted L. Zellers of 829 W. Hamlin suffered a possible broken ankle and possible internal injuries when he was hit by a car driven by Cecil C. Gregory A. Warren, 17, of 30183 Club House and Thomas G. Phipps, 21, of 2701 Gorled, Lake Martilla, 17, of 30127 Orion, about 7:45, according to Oakland County sheriff's deputies.

Investigators said the youth apparently dashed across Livernois from between parked cars into the path of Phipps' vehicle.

Normal Shifts for City Police

Pontiac police officer will return to normal shifts today after working six days in beefed-up platoons following the assassination of Dr. Martin Luther King Jr.

Capt. Charles Gale, chief of city detectives said the department has already begun readjusting to regular schedules.

"We experienced only a few minor incidents during the entire period, and it was actually very quiet for the most part," Gale said.

Help in Combating Smut Mail Offered

Obscene mail has been a growing problem in this country, and until this year the laws provided no real protection for thousands of families continually plagued by such smut, said Congressman Jack McDonald of the 19th District.

In 1967 alone, the Post Office Department received 250,000 complaints about pandering advertisements, according to the Republican representative.

"Since I came to Congress,

I have received numerous appeals from residents of my district asking for help in keeping such mail from coming to their homes," McDonald added.

Because I consider receipt of such unwanted mail an invasion of privacy, I gave strong support last year to legislation that will go a long way toward correcting this situation while remaining within the guidelines established by the Supreme Court."

The legislation, which becomes effective Monday, provides that a person who receives mail which he con-

siders objectionable may ask the postmaster general to issue an order for the mailer to refrain from sending more material to the complainant.

INSTRUCTIONS

McDonald said that to obtain such an order, the entire advertisement, including the envelope, should be submitted to the postmaster general, Post Office Department, Washington, D.C., with a statement outlining the objection and a request that the receiver's name be removed from the mailer's list.

If the material continues to be received more than 30 days after the order is given, the

complainant may ask the attorney general to seek a court order against the mailer.

The new law provides that court orders and enforcement against obscene mailings may be obtained in the U.S. District Court.

"This legislation allows every parent to police his own mailbox," said McDonald. "It provides the householder with an effective, enforceable law against the invasion of privacy by smut peddlers using the mail. But it will be effective only if objections are made known."

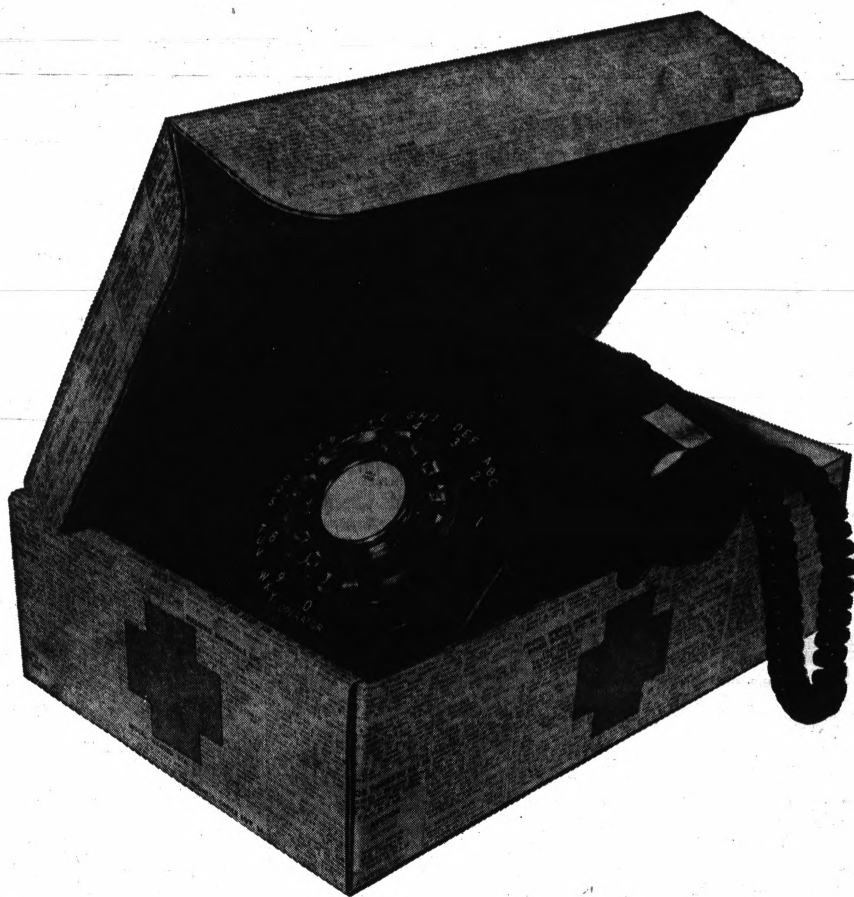

Waterford Police Probe Break-Ins

Two break-ins were being investigated today by Waterford Township police.

Both were reported yesterday afternoon. From the office of Dr. Samuel Calton, 5616 Highland, about \$180 in medical equipment was reported taken. About \$400 in tools were reported missing after a break-in of a shed at 3300 Sashabaw.

The U.S. has developed an alarm system small enough to be worn or carried to alert workmen in a small confined space in a mine when the oxygen level becomes dangerously low.

8 Youths Held in Drug Case

4 Charged as Adults in Possession of 'Pot'

Eight youths were arrested on a charge of possessing marijuana by Pontiac State Police in West Bloomfield Township at Orchard Lake and Northwestern at 1 p.m. yesterday.

They were all in the same car and were stopped on a speeding charge, according to police. A water pipe and three packages containing a substance identified as marijuana were discovered in the car, police said.

Four were juveniles and were being held by juvenile authorities today.

Police listed the four charged as adults as James F. Griswold, 17, 22247 Bennett Hill, Bruce Barton, 18, of 28850 Lorikay, Gregory A. Warren, 17, of 30183 Club House and Thomas G. Phipps, 21, of 2701 Gorled, Lake Martilla, 17, of 30127 Orion, about 7:45, according to Oakland County sheriff's deputies.

They were to be arraigned today on a felony charge of possession of narcotics before Waterford Township Justice Patrick K. Daly.

Most Acting Nominees to Attend Oscar Awards

SANTA MONICA, Calif. (AP) — Seventeen of the 20 acting nominees are expected to be present tonight for the 40th annual presentation of the Academy Awards.

Only Katharine Hepburn, Paul Newman and Spencer Tracy will be missing.

Tracy, nominated a record nine times for best actor, would be the first to win an Oscar posthumously should he be picked over four others.

The annual event of the Academy of Motion Picture Arts and Sciences, which draws a glittering crowd of stars, was postponed Monday night for the first time in its long history in respect to Dr. Martin Luther King Jr.

SPECIAL TRIBUTE

Actor Gregory Peck, the academy's president, will pay special tribute to the slain civil rights leader at the ceremony tonight.

The show will be telecast on ABC at 10 EST with Bob Hope as master of ceremonies for the 14th time.

Best picture—"Bonnie and Clyde," "The Graduate," "In the Heat of the Night," "Guess Who's Coming to Dinner," "The Paper Moon," "Barbarella," "The Godfather Part II," "The Sting," "The Towering Inferno," "The Untouchables," "The Voyage Home," "The Way We Were," "The White Stallion," "The Wind and the Lion," "The Yakuza," "The Year of Living Dangerously," "The Yojimbo," "The Zerkow."

Best actor—Warren Beatty, "Bonnie and Clyde;" Dustin Hoffman, "The Graduate;" Paul Newman, "Cool Hand Luke;" Rod Steiger, "In the Heat of the Night;" Spencer Tracy, "Guess Who's Coming to Dinner."

ACTRESS HONORS

Best actress—Anne Bancroft, "The Graduate;" Faye Dunaway, "Bonnie and Clyde;" Dame Edith Evans, "The Whippersnappers;" Audrey Hepburn, "Wait Until Dark;" Katharine Hepburn, "Guess Who's Coming to Dinner."

Best supporting actor—Gene Hackman and Michael J. Pollard, "Bonnie and Clyde;" John Cassavetes, "The Dirty Dozen;" Cecil Kellaway, "Guess Who's Coming to Dinner;" George Kennedy, "Cool Hand Luke."

Best supporting actress—Carol Channing, "Thoroughly Modern Millie;" Mildred Natwick, "Barefoot in the Park;" Estelle Parsons, "Bonnie and Clyde;" Beah Richards, "Guess Who's Coming to Dinner;" Katharine Ross, "The Graduate."

Best director—Arthur Penn, "Bonnie and Clyde;" Mike Nichols, "The Graduate;" Stanley Kramer, "Guess Who's Coming to Dinner;" Richard Brooks, "In Cold Blood;" Norman Jewison, "In the Heat of the Night."

Anything which makes the Spring housecleaning chore a little easier is worth knowing more about!

Pontiac Press Want Ads, easily accessible through your telephone, can be a big help to Spring housecleaners in several ways.

Need someone to help you with housecleaning work? It's easy to place a "Help Wanted" ad.

Need a low cost way to sell certain valuable items of furniture,

appliances, toys, tools or other household goods? It's easy to place a "For Sale" ad which will quickly find a cash buyer.

So before you move those items around so that you can clean house, why not let a call to 332-8181 be your first step? Place the Pontiac Press Want Ad that will sell these items first, and then begin your cleaning.

How much does an ad cost? It's negligible. When you call The Pontiac Press Want Ad department, a courteous, friendly Ad-Visor will explain the cost and help you word your ad for quick response.

Failure of Saturn 5 Has Its Bright Side

CAPE KENNEDY (UPI)—If the second Saturn 5 moon rocket proved nothing else last week, it did show that it can fail without catastrophic results.

And to some project officials, demonstration of the launcher's fail-safe design is almost as important as a full mission success would have been.

The Saturn, fully fueled, packs as much explosive potential as 610 tons of TNT.

Its five first-stage engines burn a powerful mixture of kerosene and liquid oxygen and the six engines on its top two stages feed on an even more potent blend of oxygen and liquid hydrogen.

The Saturn 5 is rigged with an extensive array of sensors to warn astronauts of impending danger, but some project officials have long worried about what might happen should one or more engines fail in flight.

THEY FOUND OUT

They found out April 4 on the Saturn's second unmanned test. Two of the five second-stage engines failed on route to orbit, and the single third-stage engine failed to restart in orbit.

Yet there was no explosion or other catastrophe. The Saturn's final stage compensated for the reduced thrust from the second stage and continued into orbit, and nothing happened when the third stage engine failed to fire up a second time.

The Apollo 6 spacecraft atop the Saturn 5 was able to leave the malfunctioning third stage and fly a flawless course back to a Pacific Ocean splashdown.

Had astronauts been aboard, they would have returned unscathed.

HIGHLY SIGNIFICANT

Major Gen. Samuel Phillips, the Apollo program director, said after the mission was over that it was highly significant that the rocket's engines "failed in a safe way."

Engineers try to build their space machines so they won't fail. But Phillips said they also try to make sure that if there is a failure, it won't result in a catastrophe. The Apollo 6 mission proved that in at least two cases, the fail-safe design is successful.

"I personally think that it is a major accomplishment that can lend a great deal of confidence to future operations on multiple-engine rocket stages," Phillips said.

And that, he said, will have an important bearing on the future of Project Apollo.

'YOU LEARN'

Dr. George E. Mueller, associate administrator of the space agency in charge of manned space flight, said the Apollo 6 mission officially was classified as a failure because of the engine troubles.

"Yet it is from the problems that you encounter in one of these flights that you learn what the strengths and weaknesses of your vehicle are," he said.

Mayor Reelected in Battle Creek

BATTLE CREEK (AP)—Mayor Preston Kool of Battle Creek has been unanimously reelected by the city council for a second term. Kool, who had indicated he would not accept the post again, said he changed his mind due to community-wide support and full endorsement by the police department. Clark Ballantine was elected to his third term as vice mayor.

A heating element in the form of a flexible plastic sheeting contains no wires but depends on an embedded conductive material.

"BABY NEEDS A NEW PAIR OF SHOES."

Contrary to what you may have heard from your Great Aunt Minnie, Wall Street is not Las Vegas. The difference between them is simple: the Strip is for gamblers, the Street is for investors. Now that doesn't mean Wall Street offers only gilt-edged blue chips. Some stocks offer prospects for capital gains or growth. Still others are bought for income. But whatever your investment objectives are, the name of the game on Wall Street is information: concrete facts and definite opinions. And that's where we can improve your chances: Each year we study literally hundreds of companies; what we learn and what we conclude can help you be a more informed investor. So if "baby needs a new pair of shoes," try Las Vegas. But if you're planning for baby's college education, give one of our Registered Representatives a call. Or send for our Financial Services Brochure. No cost or obligation, of course.

U-M Grads Will Hear HUD Chief

ANN ARBOR (AP) — Robert Weaver, U.S. secretary of Housing and Urban Development, will address the University of Michigan's largest graduating class of some 5,300 students at commencement exercises April 29.

Weaver, the first secretary of HUD and the first Negro in the Cabinet, will receive an honorary doctorate of laws degree at the ceremony.

Among the graduates will be about 3,000 receiving bachelor's degrees; about 170 receiving doctorate of philosophy degrees; nearly 1,200 getting master of arts degrees; and some 900 receiving graduate — professional degrees in law, medicine, dentistry, public health, social work and business.

'Free World' Ships to N. Viet on Rise

WASHINGTON (AP) — Twelve "Free World" flagships arrived in North Vietnam in March, Rep. Charles E. Chamberlain, R-Mich., said Tuesday.

"This brings the total for the first three months of 1968 to 30 'Free World' arrivals, a more than 100 per cent increase over the 14 arrivals during the first quarter of 1967," he said.

A Friendly Sun Has Melted The Snow, But Winter Still Weighs Heavily On This Barn, Spotted On Peppermill Road In Lapeer County

PONTIAC PRESS PHOTOS BY ROLF WINTER

Spring Peeks Out, Its Gentle Winds Carrying Hope

The first fly on the screen might be the sign of spring to the city dweller, but to the rural resident the budding, blooming and general awakening of the countryside offers larger evidence of the change in seasons.

Pontiac Press photographer Rolf Winter carted his cameras to the Lapeer area to record a few moments of the first few days of the new season.

Spring signals a fresh season of life. It means reflective pause in warm sunshine on the back porch or along a fast-moving stream.

A young boy thinks ahead to Easter vacation and the summer recess, of baseball, fishing trips and a hundred other surprises.

Soaking in the same sunshine, an older gent thinks of summers past, when the world moved at a slower pace and his back hurt less.

AIR IS FRESHER

To both, however, the air now has a fresher scent—a clean, good smell. The gentle wind carries hope.

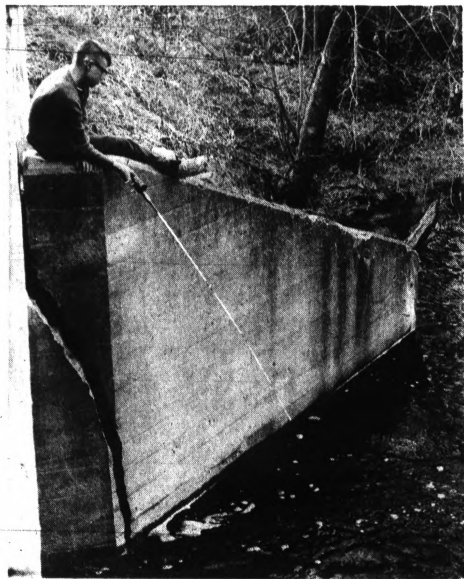

This early in the spring the ground is not yet green.

Trees are still bare. Creeks, streams and rivers, however, are overflowing, and much of the spring rains remain to come.

In winter, the rural life is often made difficult by snow and ice. In spring, April showers bring May mud, turning rural roads to glue.

Despite these difficulties, however, spring offers a glimpse at the marvels of nature as she changes her winter coat of white to spring green.

Somehow, the whole process is a new wonder every year.

A Boy, A Pole, A Stream . . . And A Fish?

Fresh Spring Water Bubbles Over Wynn's Dam, Southeast Of Lapeer

Catching Fish Of Another Spring Is This Old Gent

OFFICIAL CONTEST RULES

- Contest is open to any girl between the ages of 10 and 14 years inclusive. Girls who receive the highest number of votes in each area will win.
- You are your favorite girl by writing her name on the back of each Gold card request upon your receipt at all participating IGA Food Stores.
- The total value of each card will be determined by the total purchases during the week card was used. You will receive one vote for each Gold card purchased. (Example: If \$10.00 purchase, you will receive 10 votes.)
- All Gold cards must be submitted by the 31st day of the contest at each IGA Food Store.
- Votes must be placed in the official ballot box provided in each area. Each area will have the number of girls they are representing printed in the box.
- Draw of Contest: Eight weeks beginning Monday, April 8, 1968 and ending Monday, June 1, 1968.
 - Weeks 1 and 2: Boys and girls will have on their 1st night, 4-day vacation the week of April 8.
 - Weeks 3 and 4: Boys and girls will have on their 1st night, 4-day vacation the week of April 15.
 - Weeks 5 and 6: Boys and girls will have on their 1st night, 4-day vacation the week of April 22.
 - Weeks 7 and 8: Boys and girls will have on their 1st night, 4-day vacation the week of April 29.
- Employees of Super Food Services Inc., IGA Stores and their Agencies are not eligible to participate.

Lenten Guideposts—37

Modern Crusaders Win Converts for God on the Beaches

(EDITOR'S NOTE — This is the 37th in a series of 40 articles to be published by The Pontiac Press during Lent telling personal stories of faith in action in the lives of sincere people. Some contributors are famous, others relatively unknown.)

By VAN VARNER
Guideposts Roving Editor

Every spring vacation a modern phenomenon occurs. College students pour out of dormitories and fraternities and by plane, train, car or thumb they head for beach resorts in Florida and California.

These are the places "where the boys are" and "where the action is," and each year tens of thousands of students are drawn together for a week of frenzied communion with nature and with one another.

VARNER

They bring with them only the barest necessities: surfboard, guitar and the inevitable six-pack.

They preen themselves in the sun, shout their way through thronged thoroughfares, dance the latest fad-rythm to the night. Sleep is a minor concern — finding a place to sleep is often major — but nothing matters so long as one has fun. Fun, FUN.

The search for fun, however, often ends in either boredom or trouble.

In the past few years a new trend has started. Into these same resorts move thousands of students with a different objective.

PLANNED CAMPAIGN

A skylarking convention of vacation youth on the prowl hardly seems the place for a serious approach to religion.

Yet three years ago on the beaches of Balboa, 1,000 college students made personal

decisions for Christ. In 1966, 2,000 made the same choice.

These beach conversions don't just happen — out of thin air. They are all part of a carefully planned campaign involving hundreds of rigidly trained young people who belong to our organization called Campus Crusade for Christ.

The remarkable thing about these crusaders is that they are all such good-looking, tanned, athletic, joyous young people that anybody would stop and listen to anything they had to say.

Not only are they regular Joes and Janes but they are campus leaders, student council presidents and football captains.

THEY WERE BORED

The idea for reaching out to the West Coast beaches started with a young man who works full-time for the Crusade at its headquarters in Arrowhead Springs, Calif.

Dick Day hopped into his MG one day in 1962 and drove down to Newport Beach. Newport is a yachting center of the West and Balboa Island — or "Bal" — is part of it. During normal times it has a population of 35,000, but during the Madness it crawls with some 150,000.

Dick had no specific reason for going there that day, but it didn't take him long to find one.

"Do you know what I found out?" he said recently. "Those kids thought they were having fun, but most of them were just bored."

"I knew immediately that they'd welcome the chance to hear what we had to tell them."

Dick went to a real-estate man he'd heard about, a Lebanese named Mike Wallaby, and explained his need for a place to house a contingent from Campus Crusade.

IN PRAYER

Wallaby turned over the keys to a few apartments — for free. Dick is amused to remember how, only as he was leaving, did Wallaby call after him, "Say, what's your name?"

The next time Dick saw Wallaby, the girls were in

stalled in the apartments upstairs and the fellows down stairs, and when Wallaby came by, 40 crusaders were in prayer.

One of the things they were praying about was a banner, the one outside their window saying "Jesus Is the Answer." No sooner had it gone up than 15 guys in an apartment across the way put out a banner of their own. It read: "BOOZE Is the Answer."

Steve was welcomed in — with the eventual result that seven of the 15 boozers switched sides to learn more about Christ. Steve today calls himself a "Gung-Ho Christian."

Each year Campus Crusade's beach army has grown. Last year over 400 crusaders enlisted for "Bal Week."

Weeks ahead of time they organized sign-in stations, a

communications system and a network of meeting places.

They had the cooperation of residents who offered their homes and the blessings of the police department and such local clubs as Kiwanis and Rotary.

15 SWITCHED FIVE

The beach operation is but one aspect of Campus Crusade's total program, which is directed by Bill Bright, founder and president.

For a movement only 15 years old, it has made spectacular strides, reaching now to campuses throughout the world.

NOTHING TO PROCLAIM

The crusaders believe that the reason so many students protest

these days is that they have nothing to proclaim.

while the surfers ride and the guitars strum.

Tomorrow — Glenn Kitter, writer, tells how "A Newark, N.J., minister discovered how

God's love and conversation enabled him to do remarkable work among teen-age dope addicts and others in trouble.

Comp. value 24.95 **1795**

Cravenette-treated cotton-and-acetate raincoats in the new, shorter silhouette with stripe-rich lining... the perfect all-occasion coat to drizzle or sizzle weather! Regulars, shorts, long.

HALL-PREST® NEVER-IRON OXFORD SPORT SHIRTS

Comp. value 4 **299**

The "traditional look" in permanently pressed 100% cotton oxford, as comfortable as it is long-wearing! Try button-down collar, neat placket front, short sleeves. Main, blue, tan or powder... sizes S-M-L-XL (14-17).

State Civil Service Unit Eyes Revised Pay Process

LANSING (AP) — Revised procedures for setting pay rates for the state's some 42,000 civil service employees will be considered by the State Civil Service Commission at its meeting Tuesday.

Principal State Department and recognized employe organizations would be allowed increased participation in the pay determination process under the proposed plan.

YOU MAY HAVE PIN-WORMS AND NOT KNOW IT

Pidgling, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms. Only parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it. To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W Tablets do... and here's how they do it: First — a scientific coating carries the tablets into the bowels before they dissolve. Then — Jayne's modern, medically approved ingredient goes right to work — kills Pin-Worms quickly and easily. Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults.

Global Politics Entangle Rhodesia - Zambia Confrontation

KAROI, Rhodesia (AP) — The Zambezi River is our demilitarized zone," said the sun-bronzed farmer, sipping a noon-time beer.

"We are fighting communism here just like the allies in Vietnam." He pointed toward the main road through this prosperous tobacco and corn town. "These terrorists are the same as Vietcong."

Fighting in the Zambezi Valley between African guerrillas and white soldiers and police is part of the confrontation in southern Africa.

Black guerrillas have been fighting almost eight years in Angola and about four years in Mozambique. They don't have victory in sight, but are taxing

Lisbon heavily in men and money.

GLOBAL POLITICS

The confrontation across the Zambezi between Zambia and Rhodesia is newer and potentially more serious. There are signs that this clash is entangled with global East-West power politics.

Rhodesia is a breakaway British territory almost as large as California, populated by some 230,000 whites and more than four million Africans. Infiltrators can choose more than 500 miles of frontier to enter Rhodesia from Zambia.

The white farmer in Karoi who equates African "freedom fighters" with the Vietcong

knows that guerrillas captured recently were armed with Russian explosives, Czech grenades and Chinese rifles and bazookas. He is aware that they probably were drilled in Tanzania by Chinese or Soviet experts.

"Of course there are freedom fighters on Tanzanian soil," says President Julius Nyerere. "They train here and we offer them facilities. It would be absurd to deny it."

IDENTIFIED WITH WEST

Because of trade ties, cultural links, investment policy and traditional arms supplies, the white-ruled south of Africa is identified with the West. Natigational movements are increasingly being trained, armed and financed by Communist powers.

Black nationalist spokesmen in Zambia and Tanzania say they are willing to accept aid from anywhere to help end white rule on the southern tip of Africa.

Two rival organizations want to eliminate minority control of Rhodesia—the Zimbabwe African National Union, ZANU, and the Zimbabwe African People's Union, ZAPU. "Zimbabwe" is the name both groups plan to give Rhodesia if and when they take over.

The original leaders of both organizations, ZAPU's Joshua Nkomo and ZANU's Ndabaningi Sithole, are in Rhodesian detention camps. Their followers operating from Zambia and Tanzania are openly financed by the Organization of African Unity

and covertly by Communist China and Russia and other sympathizers.

Rivalry between the two organizations is intense.

ZAPU collaborates with the African National Congress, a banned South African organization, in sending the most effective guerrillas across the Zambezi.

FILTERING IN

Intelligence sources estimate about 400 insurgents have entered Rhodesia in less than three years.

The first units were small and poorly trained. Rhodesian Defense Minister Lord Graham said last year that almost all

were seized within two weeks of crossing the border.

The situation changed dramatically in August when about 100 terrorists slipped into western Rhodesia and began moving south.

The infiltrators were routed after air strikes and reinforcements were called in. Almost all were accounted for either as dead or captured in Rhodesia or neighboring Botswana.

MORE GUERRILLAS

About 100 more guerrillas sneaked into Rhodesia in March, the largest single unit since August.

Karoi, 120 miles northwest of Salisbury, is field headquarters

for Rhodesian forces. Broadcasts from Zambia and Tanzania reported that the town of 1,200 had been bombed, with white casualties.

"They are cutting their own throats," said a white filling station owner. "Our Africans listen to those broadcasts and know there has been no shooting here. They won't believe anything on Radio Zambia after those lies."

Cooperation between African chiefs or headmen and white authorities has been vital in tracking down infiltrators. The 400 tribal chiefs are on the government payroll.

He repeated his feat several times in the summer of 1859, once carrying a man across the gorge on his back.

SHE GOT THE MESSAGE — Janis Karnes, a clerk at the Secretary of State's vehicle license branch office in Waterford Township, found this unusual license with a message on it. Whoever inscribed the "Hold Me" on the license is no doubt already being held—in the state prison where the licensees are made.

Waterford Explains School Salary Issue

(EDITOR'S NOTE — This is the third in a five-part series on the financial problems facing Waterford Township's schools. Today's questions directed at Supt. of Schools Dr. Don O. Tatrod deal with school personnel.)

Question—Why should we pay more money for teachers' salaries when the poor ones get the same salaries as the good ones? Also, why don't you reward your best teachers by paying them salaries commensurate with the quality of their work?

Answer—This question implies that our school system has a significant number of poor teachers. This, in truth, is not the case. Through intensive recruiting, Waterford Schools are able to secure teachers from among excellent candidates.

We also have an extensive program of in-service education designed to improve the professional abilities of all our teachers. Our staff is constantly working to improve our program of teacher supervision and evaluation in order that only our most able probationary teachers are placed on tenure.

An adequate salary schedule is one of the most important factors in the attempt to provide each child in Waterford with qualified, competent teachers. The following table points out the improved level of training of Waterford teachers:

WATERFORD TOWNSHIP SCHOOL DISTRICT Levels of Teacher Preparation			
	1962-63		1967-68
Numbers of teachers	530		610
Full training and certification	400 (83.0%)		780 (96.3%)
Special certification	90 (17.0%)		30 (3.7%)
Advanced degrees	94 (17.7%)		228 (28.2%)
Bachelor's degrees	385 (72.7%)		577 (71.2%)
Nondegrees	51 (9.6%)		5 (0.6%)

Q—Do we need so many on the school system administrative staff and what is our comparative cost for administration and instruction?

A—Although it may seem to some that the school district has a large administrative staff, the fact is, it doesn't. Last year Waterford spent \$14.94 per child for administration.

Most of our neighbors spend much more, some twice as much. The Oakland County average was \$20.50. The percentage of operating cost spent for administration in Waterford was 2.83 compared to the county average of 3.65.

(Continued on Page A-9, Col. 3)

Holly School District Votes on Increase in Taxes Today

Residents of the Holly School District vote today on a proposed increase in taxes for operating expenses.

The election is the fourth for the district in less than a year.

At stake is approval of a 3-mill hike for one year. Previously, requests for 10 mills were defeated twice. On a third election, the 10 mills were split into 7 mills renewal and a 3-mill increase, and voters approved renewal only.

Supt. of Schools Russell Haddon says the new millage is necessary to keep up with the increasing costs of operation. "There's nothing new in this year's budget," he stressed, "except five new teachers—for increased enrollment."

The superintendent estimates the board's balance at the end of this year at \$37,000. However, continuing the present program through 1968-69 would result in a deficit of \$90,000, he said.

The district's present total millage is 25.8-19th of 28 in the county, according to Haddon.

Gardeners Delight in Spring Weather

Gardeners are making the most of spring's sunny skies and mild temperatures this week as they rake and seed lawns.

The U.S. Weather Bureau predicts fair and cool tonight, the low 33 to 37. Temperatures are expected to rise into the 50s tomorrow with skies mostly sunny. Partly cloudy and warm is Friday's outlook.

Morning winds will continue westerly at 10 to 15 miles per hour.

Precipitation probabilities in per cent are: today 20, tonight and tomorrow 5.

A brisk 40 was the low in downtown Pontiac prior to 8 a.m. The thermometer recorded 61 at 12:30 p.m.

Ferry Capsizes in New Zealand; 150 Feared Lost

WELLINGTON, New Zealand (AP)—An ocean-going ferry with 614 aboard ran aground at Wellington harbor's mouth today and capsized in one of the fiercest storms in New Zealand's history. Officials feared 150 drowned.

With winds of up to 123 miles an hour lashing the seas into high waves, the 8,844-ton ferry Wahine keeled over and dumped passengers and crew into the icy water.

A rescue armada of small boats dared the high waves and plucked many survivors from the water. Others escaped in lifeboats.

Searchers reported 42 bodies had been picked up, either in the water or along three miles of shore stretching from the harbor entrance.

Wellington hospitals were packed with survivors suffering from injuries or exposure. Other survivors were in private homes.

As night fell, and searchlights swept the dark seas, officials said more than 100 passengers and crew were unaccounted for.

Most survivors said that there was no panic when the Wahine hit the shoal or even when the ferry began to keel over.

As the abandon ship order was given, families became separated. Several life rafts that put out into the high waves capsized.

The Auckland ferry Aramoana sent out two lifeboats. Both capsized with no loss of life.

The Wahine lay on its side half out of water about a mile from shore.

The Wahine, owned by the Union Steamship Co., hit a rocky shoal about 7 a.m. just inside Wellington Harbor as she neared the end of her daily 11-hour run.

VP Will Enter the Race Soon

By JACK BELL
WASHINGTON (AP) — Vice President Hubert H. Humphrey will plunge into the race for the Democratic presidential nomination immediately after Easter.

The vice president now assesses his chances in a three-way contest with Sens. Robert S. Kennedy, D-N.Y., and Eugene J. McCarthy, D-Minn., as "looking good."

He has told friends he is more encouraged to make the race than he has ever been to run for office in his political life.

The Humphrey campaign, once it is launched, will be aimed at the heart of nomination strength — the state convention delegates in which the majority of convention delegates are chosen.

The vice president has neither the money nor the inclination to go into presidential primaries.

WONT BE ENTERED

In line with this he instructed his friends not to enter a delegate slate for him even in his native South Dakota.

Delegate lists for Kennedy and McCarthy are being organized for the June 4 primary there. But Rod Barnes, organizer of a South Dakota drive for Humphrey, said in Huron yesterday he had been told not to enter any slate for the vice president.

Humphrey is personally convinced he will have strong support from organized labor and the business community. This has been indicated in about 4,000 messages urging him to run after President Johnson's announcement that he would not accept renomination.

Although Johnson himself has offered no active political support, many of the President's backers are pledging help to Humphrey.

Easter Is a Joyful Enigma

(EDITOR'S NOTE—Easter, even more than Christmas, is the high point of the Christian year. Easter is the gospel — a word which means good news — the good news that out of death could come life and triumph. Subject of this third of five articles about the Judeo-Christian festivals of spring is Easter.)

By GEORGE W. CORNELL
AP Religion Writer

Only those who knew the atom could advance the astounding paradox of nuclear energy — that the tiniest particle yielded the greatest power.

Total Bombing Halt Reported in Works

WASHINGTON (AP) — The Johnson administration is reported laying groundwork for a total halt of North Vietnam bombing to test Hanoi's willingness to negotiate, the Washington Post said today.

President Johnson, in announcing the partial bombing halt March 31, said all bombing "could come to an early end — if our restraint is matched by restraint from Hanoi."

Post reporter Murray Marder quoted informed sources as believing Johnson is edging toward an option to assume Hanoi would show such restraint, with resumption of the bombing possible if Hanoi did not.

Relief of the vulnerable Khe Sanh base, which occurred after the President began his peace offensive, was seen as a factor in plans for the new de-escalation.

Meanwhile, Johnson wrapped up a marathon war-and-peace strategy talks at the Camp David mountain retreat in Maryland.

Although the President announced yesterday he had dispatched a second formal message to Hanoi, he said nothing and merely shook his head negatively when asked at nightfall if there had been any subsequent developments.

No administration comment was immediately available on word reaching the United States early today that North Vietnam is insisting that any peace talks be held in Phnom Penh, Cambodia.

The U.S. government has been strongly opposed to that site since it no longer has diplomatic relations with Cambodia, a circumstance that could cause communications and logistics problems.

Johnson's last official guest at Camp

David was the U.S. Pacific commander, Adm. U.S. Grant Sharp, who flew in by helicopter for an hour's visit Tuesday night. Sharp is retiring in July.

JOHNSON'S VISITORS

Johnson's visitors during the busy Camp David stay included, in addition to Sharp, Ambassador Ellsworth Bunker in from Saigon, Secretary of State Dean Rusk, Secretary of Defense Clark M. Clifford, Chairman Earle G. Wheeler of the Joint Chiefs of Staff, and Ambassador-at-Large W. Averell Harriman.

The President told newsmen he spent most of the afternoon discussing with Bunker relations between Washington and the Saigon government.

Bunker, invited by Johnson to speak to newsmen, was at least as optimistic as Gen. William C. Westmoreland.

PRESIDENT UPSTAGED—Yuki, President Johnson's dog, upstages his master yesterday as he pauses for a drink from a pool at Camp David, Md. The President conferred at his mountain retreat with U.S. Ambassador to South Vietnam Ellsworth Bunker (left) and Averell Harriman, U.S. ambassador-at-large. Harriman has been designated by the President as one of the envoys to possible peace talks with the North Vietnamese.

Tigers Open '68 Season

By JERE CRAIG
Two teams who have won one American League pennant between them since 1946 and two "rookie" opening day pitchers were expected to lure today's largest major league crowd to Detroit's Stadium.

A crowd of 50,000 was anticipated for the Boston Red Sox and Detroit Tigers inauguration of the 1968 season at 1:30 p.m. following the traditional opening day ceremonies.

Gov. George Romney, who eased the curfew and noncongregating rules this morning to permit the opener to proceed as planned after a one-day delay in observance of yesterday's Dr. Martin Luther King funeral services, and De-stated to perform their annual first duties.

The official pitchers were Earl Wilson for the host Tigers and Dick Ellsworth for Boston. Each was making his debut as an opening day hurler.

Wilson led the American League in victories last season with 22 while

Ellsworth had six for Philadelphia in the National League where he had spent all of his major league career.

The Red Sox obtained him during the winter.

Wilson wore the Boston uniform until the Tigers swapped Don Demeter for him early in the 1966 campaign. Since then he has blossomed into one of the premier right-handers in the majors.

He has been particularly rough on the Red Sox, both on the mound and with the bat. Last season he was 3-0 against Boston.

A prime factor in luring today's large crowd is the fact the Red Sox are the defending American League champions (having won their first pennant 21 years last season), and the Tigers have emerged as the preseason favorites this spring.

Detroit hasn't ruled '68 the race since 1945. Its starting lineup today includes only one surprise, Mickey Stanley at first base and batting leadoff.

Rights Bill Vote Today in House

WASHINGTON (AP) — The chairman of the House Rules Committee, a Mississippi Democrat opposed to the civil rights bill, says enactment of the measure would be direct result of Dr. Martin Luther King's slaying.

The House is to vote today on the bill—which includes a provision to ban discrimination in the sale or rental of about 80 per cent of the nation's housing—and most predictions are it will win passage and be sent to President Johnson for signing.

"I am confident that on Thursday before Dr. Martin Luther King was assassinated, the administration and the leadership did not have the votes," said Chairman William M. Colmer after the bill was cleared by his committee on a 9 to 6 vote and sent to the floor.

Colmer also told newsmen yesterday he thinks the measure would instead have gone to a House-Senate conference committee charged with working out a compromise—particularly off the controversial open-housing provision.

However, the bill's supporters were predicting before King's death last Thursday that the legislation would be enacted in its present form.

More Violence Hits U.S. Cities

By The Associated Press
Racial violence struck in major American cities for the sixth consecutive night since the assassination of Dr. Martin Luther King Jr., raising the national death toll for the period to 34. All but five of the deaths were Negroes.

The death toll includes 11 in Chicago, 7 in Washington, 6 in Baltimore, 2 in the Detroit area, 2 in Cincinnati and 1 each in Memphis, Minneapolis, Tallahassee, Fla., Kansas City, Mo., Trenton, N.J., Jacksonville, Fla.

While some of the worst-hit cities cooled to the point where curfews were relaxed and patrols decreased, fresh outbreaks hit yesterday in Trenton, Jacksonville and Kansas City.

Firemen in New York City battled 25 fires which broke out simultaneously in a racially mixed Brooklyn slum which has twice been the scene of disturbances since King's murder in Memphis last Thursday.

In Newark, fire fighters responded to six major fires and 75 minor ones in the first incidents of arson reported in the heavily Negro Central Ward since last summer's riots.

But many Negroes helped firemen to carry hoses.

Flash

DETROIT (AP) — Gov. George Romney modified today a curfew and state of emergency in the metropolitan Detroit area. The curfew will be 1 a.m. to 5 a.m.

The new order for the first time since Friday allows selling of alcoholic beverages and the opening of other establishments, such as movies, during the no-curfew hours.

100,000 Troops in Biggest Drive of War

SAIGON — More than 100,000 troops of five nations fanned out today over the Saigon area and 13 provinces around the capital in the biggest allied offensive of the war. Only light, scattered action was reported, and a general lull in the ground fighting in Vietnam continued for the second day.

The U.S. Command announced that the big new sweep around the capital, Operation Tong Thang, or Complete Victory, began Monday.

Its objective is the Vietcong and North Vietnamese troops who got away from the 30,000 American and South Viet-

namese troops in Operation Quyet Thang, or Resolved to Win.

U.S. headquarters announced yesterday that Quyet Thang, a sweep of five provinces around Saigon, had ended with 2,658 enemy killed.

But when it began early in March, a force of 13,000 Vietcong and units of two North Vietnamese regiments were reported to have surrounded the capital, possibly for a renewal of the Tet offensive against the city.

The U.S. Command said the aim of the new drive is "the elimination of enemy

forces throughout the 13 provinces in the 3rd Corps tactical zone."

The operation involves three U.S. divisions and the equivalent of a fourth, three South Vietnamese divisions, two South Vietnamese paratroop and marine task forces, the 1st Australian Task Force, which includes New Zealand troops, and the Royal Thai Army Regiment.

U.S. units taking part are the 1st, 25th and 9th Infantry divisions, the 3rd Brigade of the 101st Airborne Division, the 109th Light Infantry Brigade and the 11th Armored Cavalry Regiment.

A spokesman said Operation Tong Thang combines the "efforts and resources of all allied forces in the 3rd Corps tactical zone in accomplishing the task."

NO CASUALTY REPORT

There was no report of casualties so far in the operation.

No major ground fighting was reported elsewhere in Vietnam for the second straight day, and for the first time in nearly three months not a single enemy mortar, rocket or artillery round landed

on the shell-scarred Marine combat base at Khe Sanh over a 24-hour period.

From Jan. 21 until yesterday, North Vietnamese gunners had kept up a relentless daily shelling, sometimes as many as 1,500 rounds in one day, sometimes as few as 50.

The 20,000-man allied force that relieved the Marines at Khe Sanh last week continued finding bodies of North Vietnamese killed in the relentless air and artillery bombardment with which U.S. forces had pounded the hills and jungles around the base in the northwest corner of the country.

Birmingham

Year-Round Schooling Study Eyed

BIRMINGHAM — The board of education in this school district may appoint a committee to look into the possibility of year-round schooling.

Supt. of Schools Dr. John B. Smith suggested the possibility at last night's board meeting, citing increased interest throughout the country in 12-month and four-quarter programs.

"The all-year school has many possibilities, but each community needs to thoroughly study the matter and determine its feasibility," Smith commented. "It is not an uncomplicated matter, and it requires considerable planning before an experimental step can be taken."

The board also discussed, but took no action on, a request from parents living west of Lahser that their children be bused to Bloomfield Village School.

In a letter to the board, the parents pointed out the hazards of walking to the school along Lahser, which has no sidewalks, and of crossing at the Maple-Lahser intersection.

The board directed Smith to prepare a report on the entire busing program in the district for a future meeting.

BLOOMFIELD HILLS — A "truth forum" on race relations, scheduled for last night by the Congregational Church of Birmingham, United Church of Christ, has been postponed.

The program will be held at the church, 1000 N. Cranbrook, April 23 at 8 p.m.

Poles Pick President

WARSAW (UPI) — Marshal Marian Spychalski, the minister of defense, was nominated today to be president of Poland, the Polish news agency PAP reported. He will succeed ailing and, nearly blind President Edward Ochab.

Hudson Reveals Land Deal to Expand Parking

In almost his final appearance as city commissioner, Leslie H. Hudson, district 4, last night announced a transaction which will make land available for parking expansion at Pontiac General Hospital.

Hudson, a realtor, told commissioners he had assigned options for 10 parcels on South Johnson south of the Medical Arts Building on West Huron to the hospital board and had forfeited a standard realtor's fee.

The action cleared way for signing a lease agreement between the city and the newly created hospital building authority and for a planned bond issue and was termed a magnanimous act by one city official.

The commission approved the lease agreement under which the authority will acquire off-street parking sites — those recently acquired on the hospital block and the space contemplated on South Johnson.

The agreement provides that the city will pay \$165,000 yearly to the authority for rental of the hospital facilities and parking lots. This will come from the hospital budget, City Manager Joseph A. Warren said.

LEGAL DEVICE

The complicated transactions enable the authority to hold and own all the land. The authority is in essence, a legal device to take advantage of bonding opportunities which are not available to municipalities.

Warren said the authority will issue \$2 million in revenue bonds to reimburse the hospital fund for expenses made to date and for payment for land acquisition in the future.

Hudson assigned options for the 10 parcels calling for a selling price of \$167,000 minus the normal \$10,231 commission which would have been paid to Nichol-Hudson Associates, Inc., of which Hudson is president.

Hudson said the assignment ends any benefits that have accrued to him for his handling of the transaction, began in June 1966 for a group of physicians.

GARY R. FRINK

Lawyer Enters Congress Race

A 35-year-old attorney who recently resigned his federal government job in Washington after being criticized about a fund-raising party said today that he is a congressional candidate.

Gary R. Frink, a native of Pontiac, announced that he will seek the Democratic nomination from Michigan's 19th District. The district comprises western Oakland County, including Pontiac, and part of Wayne County.

Frink quit his \$21,000-a-year post as counsel for a House Post Office Committee last month when a congressman from Ohio suggested that a \$50-a-ticket party for Frink, who was then only considering running against Rep. Jack McDonald, was unethical.

Frink denied that he was out of order, but resigned to avoid further embarrassment to the postal committee.

A graduate of the University of Michigan Law School, Frink has held several government posts the past four years. These include serving as a legal assistant to the assistant secretary of Commerce for Science and Technology; White House aide to presidential assistant for consumer affairs, Esther Peterson; legislative assistant to Congressman Wes Vivian; and special counsel to "Health, Education and Welfare Secretary John W. Gardner's task force on environmental health.

POINTS TO QUALIFICATIONS

"Qualifications for the job as congressman are important," said Frink, "and I believe that my education and experience qualify me to serve the people of the 19th District."

"I feel strongly that the prime concern of the people this fall will be which candidate is better qualified to consider the great questions of the day," added Frink.

Major Kennedy Talk Set in State

LANSING (AP) — New York Sen. Robert F. Kennedy will deliver what a spokesman termed "a major foreign policy address" in Lansing tomorrow as he whisks through Michigan in quest of the Democratic presidential nomination.

His visit, sponsored by the 6th Congressional District Alliance for Kennedy, is to include meetings in Lansing with delegates to the party's county conventions and student leaders from Michigan State University and the University of Michigan.

Kennedy also is to stop briefly in Grand Rapids and Kalamazoo, his Washington office said.

Senate Majority Leader Emil Lockwood and House Speaker Robert Waldron, both Republicans, have invited Kennedy to address a joint session of the Legislature.

Spring Vacations to Begin Tomorrow

Public schools in the Pontiac and Waterford School districts will close after classes tomorrow for spring vacations and reopen April 22.

State Vote Likely on Pollution Bond

LANSING — Michigan voters almost certainly will be asked in November to decide whether the state should issue bonds worth \$335 million to finance a war on water pollution.

Both the House and Senate gave the needed two-thirds majorities to the question Tuesday, passing different bills. One chamber now will have to back up and adopt the other's measure.

Once that is done and the final bill is signed by Gov. George Romney — who recommended the big bonding program earlier this year — the question will go on the Nov. 5 general election ballot.

A companion proposal, also made by Romney, authorizing \$100 million in bonds to acquire and develop state recreational facilities, is in line for final action in both houses.

In other action Tuesday the Senate approved a measure increasing the state minimum wage, while the House passed bills creating 10 new judgeships and adding a dime to the cost on each fishing license.

WATER TREATMENT

If given final voter approval, the \$335 million raised by bonding would be used for water treatment facilities, including sewers and sewage treatment plants.

Easter Is a Joyful Enigma

(Continued From Page One)

least is mightiest, echoes the spiritual puzzle of Jesus.

The "first will be last, and the last first," he said. "For whoever would save his life will lose it, and whoever loses his life for my sake will save it."

He was a wandering rabbi from Galilee, warm, quiet, compassionate, dauntless in his piety. With his disciples he roamed the cities and countryside for three years, teaching, healing, challenging wrongs, doing good. About 30 A.D., He was crucified.

But "the third day," according to church creed and Scriptures, "He rose again." That is the "good news" of Christianity, the Easter story, the strange, world-shaking prodigy announced by the ringing bells, the banked lilies, the bright vestments, the hallelujahs of the choirs.

'I AM RESURRECTION'

"I am the Resurrection, and the life," He said. "He that believeth in Me, though he were dead yet shall he live."

What does it mean? How could it be? The answers came hard.

Yet just as physicists, traveling a dim, unmarked road, uncovered the staggering force at the heart of nature, so the overwhelming dynamics of Jesus dawned only on those who had walked closely with Him, through baffling difficulties.

But then the disclosure, like a flaming, new star, radiated around the earth. "The Light of the world."

His apostles had anticipated it. They didn't believe it when women brought them the first report of the empty tomb, Scripture relates. "An idle tale," they assumed. They were earthy realists, in no autogressive mood for delusions.

HIGH HOPES PLUNGED

In fact, it seemed to them the whole venture had failed miserably. Jesus, instead of mounting a throne, had been executed as a criminal, and they had fled in fear and defeat, their high hopes plunged into utter despair.

But then, as they huddled behind locked doors, He stood before them. "Peace be with you," they still begged at it. "Why are you troubled, and why do questionings arise in your hearts? ... It is I myself."

Strange, unexplainable — "a stumbling block" and "a folly" to ordinary logic, St. Paul wrote. And the church has always conceded that its central conviction defies empirical reasoning, turns apparent patterning upside down.

Moreover, the recognition of it came only slowly and painfully, not to the general public, but to believers who had

been influenced by Jesus, to those who had listened, questioned and wondered at his identity, who had noted the signposts on the way.

Out of that forged relationship, they gradually recognized — even though it flew in the face of their attitude and expectations — that he still lived.

DRAMATICALLY PERSUASIVE

Their testimony of it — in gospels and epistles — is dramatically persuasive. It changed them over night from cringing men to fearless, aggressive evangelists, so absolutely sure of their contention that they were ready to die for it. Most of them did.

As Scripture portrays it, and as the church interprets it, the Resurrection was no mere physical reanimation of a corpse, in the framework of general observation, but a manifestation to chosen witnesses at God's initiative.

Nor is it considered simply a past external event, but rather a continuing reality, and also a glimmering of the future, an "already" in basis but a "not yet" in full application, a divine deed beyond history injected into present history.

It is seen as the herald of a new age to come, the promise of a fuller tomorrow, the opening of a fresh, beckoning frontier. "Behold, I make all things new." The celebration of it, in its adaptation to many cultures, has accumulated various extra-religious symbols appropriate to its meaning, and derived from other spring festivities — such as

the egg from whose shell springs new life.

The name of the holiday itself comes from a mythical Teutonic goddess of spring, "Eostre," whose ancient Anglo-Saxon rites coincided with the celebration of Christ's Resurrection.

It is the arch-phenomenon, needing symbols to tell it, breaking the limits of analysis and comprehension. But to Christians, it is decisively real, the core of faith, a revolutionary beacon in human destiny.

"The light shines in the darkness," John's gospel says, "and the darkness has not overcome it."

It happened on a Sunday dawn following the Saturday sabbath of the Passover season, celebrating God's deliverance of Israel from slavery and abuse. Amplifying that older sign, the Resurrection declared divine deliverance from sin and its epitome, death.

In church teaching, Jesus is considered wholly man, yet also divine, the human manifestation of God, who suffered on the cross for men's sin, taking the penalty for it as their stand-in, thus offering them redemption from it.

SAYS SOMETHING MORE

But the Resurrection says something more. It says that in the crucial, illuminating test between utter right and utter wrong, right has the final up-berthand, that goodness ultimately wins over evil, that life triumphs over death. (Tomorrow: Shawshank — the Feast of the Weeks.)

New Czech Leaders to Ease Citizen Curbs

PRAGUE, Czechoslovakia (AP) — Czechoslovakia's new Communist leaders are promising their countrymen freedom to travel and live abroad, less censorship and a reduction in the power of the secret police.

Party leader Alexander Dubcek also told Czechoslovak liberals Tuesday to concentrate on a new constitution with these guarantees and on improving the economy and to stop worrying about further purges of the old guard leadership.

An action program published by the Communist party Tuesday outlined the guarantees for "social democratization" which it said would be incorporated in a new constitution.

It said citizens should have the right to travel freely abroad and reside in Western countries

without being "groundlessly placed into the position of emigrants." Sources said planned legislation would permit issuance of passports without regard to the traveler's political attitudes.

POLICE CURB LIKELY

By reducing the powers of the secret police, the program said, the party should insure that the police cease to be an instrument to "solve internal political questions" and to control "political convictions and personal opinions."

The new leadership, which ousted Stalinist party chief Antonin Novotny in January, also said "factual preliminary censorship, would end although the government would retain authority to forbid dissemination of certain information.

In the economic field, the new regime is showing concern over production lags and inflationary trends. It seeks to remedy them by switching the emphasis from central planning to a market-oriented system with profit incentives.

The action program called for revision of the wage structure so the economy would not be "permanently blunted by taking from those who work well and giving to those who work badly."

It said the consumer should have the right to "determine his consumption and his style of living."

Concrete proposals include wage increases of 2% to 3% percent and introduction of a five-day work week by the end of the year, and measures to make the Czechoslovak currency freely

convertible to attract Western investments.

In his statement, Dubcek opposed a proposal for a special party congress this summer to oust Novotny and his followers from the party central committee.

He added that current criticism must not "reject everything positive accomplished in the past 20 years."

"Even if we call a thousand times for liberalization," Dubcek said, the regime now must keep a watchful eye on productivity and labor discipline.

The party's action program pledged full cooperation with the Soviet Union and other Communist allies but indicated a more independent course in international affairs that might in

time include diplomatic relations with West Germany. It called for Czechoslovakia to take an "independent attitude" toward world problems and to "support the forces of realism" in Germany.

The program was written before publication Tuesday of a note from the West German government to the Soviet Union which said the Bonn government is prepared to negotiate nullification of the 1938 Munich pact giving Nazi Germany the Czechoslovak Sudeteland. Czechoslovakia has made this the first condition for establishing diplomatic relations with West Germany although the Sudeteland was returned after World War II and the Sudeten Germans were expelled.
