

Quick Millions Seen for State Roads

Ike to Snap Back at Military Challenge

Talks to Society of Newspaper Editors on Plan

Chairman of Military Services Group Raps Reorganization Ideas

WASHINGTON (AP)—President Eisenhower, challenged by a powerful House leader, poised a counterattack today in a developing battle over his plan to strengthen the top military command.

The challenged came from Chairman Vinson (D-Ga.) of the House Armed Services Committee—one of the major barriers the plan must cross. Vinson also moved to give uniformed critics of the plan a public forum.

A few hours after Eisenhower sent Congress his proposed reorganization legislation, Vinson attacked the program in a House speech applauded by many Republicans and Democrats alike.

Eisenhower, who has said he will fight for his proposals, was expected to fire back in a nationally televised and broadcast speech.

Ike's Talk on Air Tonight

President Eisenhower's defense talk to the American Society of Newspaper Editors in Washington this noon will be rebroadcast tonight on radio by WJMK (6:30), WJR (9:30), and WXYZ (10:05).

today to the American Society of Newspaper Editors and the International Press Institute.

The President, who stated his goal as gaining maximum military strength at minimum cost, proposed vesting more authority in the secretary of defense and making it possible for the Joint Chiefs of Staff to devote more of their time to planning over-all strategy.

A major objective of the program is to streamline the chain of command.

More Aged in State Than U.S. Average

ANN ARBOR (AP)—More than 80 per cent of Michigan's counties have a higher proportion of aged residents—those over 65—than the national average.

This is a major finding of a report published by the Legislative Advisory Council on Problems of the Aging, an independent state organization.

Written by Anthony Lenzer, the council's executive secretary, the report lists data on population statistics, financial security, employment, housing and health for senior citizens.

Lenzer predicted an increase of 200,000 in Michigan's over 75 population by 1970. The current census is 600,000. About 20 per cent of them live at a "level of bare subsistence," Lenzer said.

One reason cited by Lenzer is that the depression of the 1930s had a great impact on financial security which now is being felt among those over 65.

As Brussels Fair Opens Gates

Americans Cheer Exhibit

By BOB CONSIDINE

BRUSSELS (INS)—A thousand cheering Americans, the Vanguard of many tourist task forces to come, cheered the opening today of the stunning U.S. Pavilion at the Brussels World's Fair.

The dedication of the American exhibit climaxed a day which saw 26-year-old

Eisenhower read by Leonard Hall, former chairman of the Republican National Committee.

Eisenhower said it was a privilege for the U.S. to participate in an exposition dedicated to the presentation of products and customs of many lands.

CONTRIBUTION TO PEACE

The President expressed the view that the Brussels Fair, first of the nuclear age, would be a lasting contribution to peace.

A U. S. Air Force band was flown in from Fontainebleau in France to boom out the national anthems of the U.S. and Belgium.

Seven-year-old Anne Marie Daymont freshly divorced from her tonsils, cut a yellow silk ribbon across the main door of the beautiful U.S. Pavilion.

PRIDE EVIDENT

There was a burst of evident pride at the

King Baudouin preside over and glumly address the pontifical opening session in a fairground's auditorium.

BELGIAN KING DOUR

In the course of his remarks the dour king of the Belgians—whose expression was in sharp contrast to the lively animation of the opening day crowds—said the fair could demonstrate the absolute necessity of science's contribution to world peace.

It was a proud group of Americans who stood in chilly weather to applaud a message from President

Architects Studying MSUO Building Bids

Bids for the Michigan State University branch college building are being evaluated by Swanson Associates, Inc., of Birmingham, architects, and will be presented to the State Board of Agriculture May 1.

Construction is expected to start shortly after the awarding of the contracts, with completion set for Aug. 1, 1959.

The branch will open in September of 1959 on the former estate of Mr. and Mrs. Alfred G. Wilson near Pontiac.

Bids were opened Tuesday in East Lansing and more than 60 were received on the five contracts involved.

The low bidders are:

General contract—Cunningham-Lump, Detroit, \$1,107,250; J. A. Friedman Inc., Pontiac, \$1,105,623; Schurrer Construction Co., Pontiac, \$1,121,475.

Mechanical—Farrington and Co., Detroit, \$438,385.

Electrical—Hydon-Brand Co., Detroit, \$239,480, and Schultz Electric Service, Pontiac, \$240,000.

Elevators—Detroit Elevator Co., Detroit, \$27,500, and Ledermann Elevator Co., Detroit, \$27,615.

Fixed equipment—Kewaunee Manufacturing Co., Adrian, \$48,825.

The amount of fees to be charged by the general contractor for assuming charge of the entire project could change the low bid in the general construction contract, it was disclosed.

Tiger Night Games on Air

DETROIT (INS)—Detroit radio station WJR announced today it will broadcast Tiger night baseball games this season for the third straight year. The 1958 season includes 61 night games. The play-by-play account will be handled by Van Patrick and Mel Ott.

Reuther Raps Size and Glitter of American Car

WASHINGTON (AP)—Walter Reuther said Wednesday the size and glitter of American automobiles are silly and the industry should get busy making moderate priced small cars.

Reuther, president of the United Auto Workers Union, said this is what President Eisenhower was talking about in a news conference remark that the American people are "fed up" with some of the products manufacturers are trying to shove down their throats.

"I think the auto industry should make a car which at least could be parked in a single block," Reuther joked.

The first question popped at Reuther, after a speech on economics and world affairs to the International Press Institute, was about the size of American cars. Editor Joop Luckert of the Amsterdam de Volkskrant said he likes American cars but they have gotten too big.

"They're getting sillier and sillier and bigger and bigger," Luckert said.

Reuther said he agrees. The auto union leader conceded, however, many Americans buy big gaudy cars as a mark of social distinction, many times when they can't afford it.

Fair Stamps on Sale

DETROIT (INS)—The first of 120 million three-cent U.S. postage stamps commemorating the International Fair at Brussels went on sale today in Detroit.

Hits Confession of Van Horn

Attorney Seeks to Strike Statement Off Record Before Murder Trial

The attorney for accused killer Billy Ray Van Horn moved yesterday to have an alleged confession stricken from evidence when the trial of the 24-year-old welder begins April 29.

Court-appointed Brakie J. Orr charges in an order of suppression filed yesterday, that Van Horn's constitutional rights were violated in obtaining the confession 22 hours after he was arrested.

Van Horn was arrested shortly after Mrs. Hazel Murdoch, 39, was found strangled and stabbed to death by her husband in their Waterford Township home Jan. 25.

Orr said the confession was "inadmissible" because Van Horn's "detention was unlawful, he was not arraigned before a judge without unnecessary delay and the confession was obtained 22 hours after arrest."

This latest development in the heart-surgeon's struggle to remain in Pontiac although ousted from the Pontiac General medical staff, was disclosed today by his wife after a conference with his attorney.

Dr. Sullenberger himself was ill at home, 208 E. Iroquois Rd., and not available for comment, she said.

He has, however, discussed the idea privately since Friday, the day his controversial suit for reinstatement at Pontiac General and \$250,000 damages was tossed out of Circuit Court by visiting Circuit Judge Timothy C. Quinn.

Although short on funds due to legal expenses and the fact he has not practiced surgery for several months, Dr. Sullenberger hopes to remodel a two-story frame home he owns at 494 W. Huron St.

Dr. Sullenberger plans to open a medical clinic in Pontiac diagonally across West Huron street from Pontiac General Hospital.

He hopes to practice there as a general practitioner, performing only minor types of surgery.

Mrs. Sullenberger said she and the doctor purchased the building 11 months ago, with the idea in mind that it might eventually be turned into a clinic.

Without the facilities of a major hospital, she said, he would be limited in practice to minor surgery.

She said that friends and former patients would help him with the remodeling now.

She said a local builder, whose name she did not mention, has

promised to provide building material at cost and several patients who are employed in the building trades have offered their services free of charge.

The West Huron street address is in the block west of the hospital. From the front door, there is a clear view of the new Seminole avenue entrance of the hospital.

A vacant lot west of the building is also owned by them, she said.

"We hope eventually to erect a new building on both lots," Mrs. Sullenberger said.

(Continued on Page 2, Col. 4)

Lack of Funds May Close Child Guidance Branches

Two branches of the Oakland Child Guidance Clinic will have to close their doors next year unless additional funds are secured from Oakland County, declared Miss Madeleine Half, clinic director today.

She said representatives of the clinic would appeal to the Board of Supervisors Monday for an extra 1959 appropriation of \$15,000.

Present allocation is for \$32,500.

"And the \$15,000, if we get it, will only prolong our life a little longer," she said. Increasing use of the clinic makes the additional money necessary, she said.

Without it, the Birmingham office and the South Oakland branches will close down next year.

The clinic, created in 1944 under the State Department of Mental Health, asked Oakland County for \$72,000 for next year. Supervisors and auditors preparing the proposed \$12,762,280 budget sliced the request to \$32,500 in a countywide economy move.

The clinic provides diagnostic treatment service for children with emotional problems.

The Birmingham Junior League, which established the Birmingham branch in January 1956 as a community project, plans to terminate its \$15,000-a-year sponsorship of the branch next January, Miss Half said.

A total of 518 children received psychiatric services of the three offices of the clinic last year.

The main office is in Pontiac at 113 Franklin Blvd.

Besides the county and Junior League financial aid, other assistance comes from the state, Pontiac Area United Fund, United Foundation of Detroit, school boards located south of 14-Mile road, the Avon and West Bloomfield Township Community Chests.

Expenditures for the clinic last year amounted to roughly \$99,881, Miss Half said.

The U.S. Weather Bureau said today the outlook up to mid-May calls for "unseasonable warmth" over the Great Lakes Region, with subnormal rainfall and considerable sunshine.

A low of 50 degrees is forecast for the Pontiac area tonight, followed by a high of 75 tomorrow and a low of 40 tomorrow night. Last night's low was 50 degrees. The lowest thermometer reading preceding 8 a.m. in downtown Pontiac was 50 degrees. The temperature was 80 at 1 p.m.

Funds Available at Once Under Federal Statute

Broomfield Says About \$21 Million Ready Now; \$35 Million July 1

Enactment of a new highway construction act by Congress will mean millions of dollars in new road money for Michigan "almost immediately," according to Oakland County Congressman William S. Broomfield.

In Washington, Broomfield said the bill will make available \$56,500,000 for work in the state almost at once. The state will be eligible for more than \$150 million over the next several years, the Associated Press reported. The \$56 million, however, should mean immediate work.

President Eisenhower signed the \$1.9 billion highway bill into law Wednesday afternoon, the final day on which he could act.

"Michigan should move quickly to take full advantage of the money it will receive," said Broomfield.

"Some \$21,000,000 will be available for new highways and roads within a few days. The remaining \$35,500,000 will be available on July 1."

The extra money will create hundreds of new jobs for Michigan workers, said Broomfield. "In addition we will be building the roads and highways we so badly need in our metropolitan and urban areas."

The act increases interstate highway funds for the nation from \$2 billion to \$2.2 billion for the fiscal year starting next July and from \$2.2 billion to \$2.5 billion for the following fiscal year.

The bill signed by the President contains a provision sponsored by Broomfield to permit the full amount of federal funds to be spent whether there is money in the highway trust fund or not.

The money will be borrowed from the Treasury and repaid from federal gasoline taxes.

The highway bill also contains an incentive clause for states to control billboard construction along the federal highway system.

In addition to the interstate highway system \$900 million of regular federal aid and \$132 million in federal primary and urban roads is provided.

Another \$400 million in additional funds will be spent on non-interstate highways including urban extensions "particularly to stimulate employment in critical areas," said Broomfield.

Michigan's full benefits from the new fund, as reported by the Associated Press, will include:

An apportionment of \$13,900,000 from the special 400 million dollar federal fund for primary, secondary and urban systems for fiscal 1959, starting July 1, 1959.

An apportionment of \$7,200,000 from a special 200 million dollar fund for the interstate superhighway system for fiscal 1959.

An apportionment of \$98,300,000 from a 2½ billion dollar allotment for the interstate system for fiscal 1960.

An apportionment of \$31,200,000 from a 900 million dollar allotment for the primary, secondary and urban systems for fiscal 1960.

The President, in signing the bill, expressed "serious misgivings" about what he called serious defects in it. He criticized the \$400 million dollar special fund, on the provision which changed for it the long-standing 50-50 matching formula and which permitted the loans to states of part of their share. He said he would resist any attempt to repeat these provisions in the future.

Which means it's the right time to advertise all sorts of lawn and garden equipment through the Pontiac Press Want Ads. There's a big demand for tractors, mowers, cultivators, etc. This little ad brought more than a dozen calls from one insertion.

AMC, Union Talks Recess

28-Day Break Agreed on to Let UAW Locals Negotiate at Plants

DETROIT — American Motors Corp. and the United Auto Workers Union have agreed on a 28-day recess in top level talks on a new wage contract.

But the negotiations will continue on the local level in an attempt to reach agreement in seniority, grievance procedures and shop working conditions.

AMC and the union took only two days to exchange proposals on a new contract before agreeing on a recess yesterday.

In a joint statement, the negotiators said the long recess will permit UAW locals to negotiate on secondary phases of the contract at plants in Michigan and Wisconsin.

The AMC-UAW contract expires June 15, more than two weeks after the expiration of UAW contracts with General Motors, Ford and Chrysler.

The union presented to AMC the same demands, including profit sharing, which have been made upon the big three. AMC proposed a wage freeze for the next two years, claiming that its wage rates are higher than the \$2.40 and hour average in the auto industry.

The UAW had bargaining talks scheduled today at Ford and at Chrysler.

Negotiations at General Motors were recessed yesterday until Friday.

Much of Nation Begins to Believe Summer Is Here

BY THE ASSOCIATED PRESS

More summer-like weather was in prospect for much of the mid-continent today with the warmer air headed into most of the Eastern third of the country.

Wet weather was the outlook for many sections in the Western half of the country.

Skies cleared during the night in the mid and south Atlantic coastal areas after heavy downpours and gusty winds swept wide parts of the Southeast for two days. Although it was generally cool along the Atlantic coastal region during the night, fair and mild weather was expected during the day.

The mild weather belt extended from the Plains to the Appalachians and temperatures during the night ranged in the 60s through the Plains and upper Mississippi Valley.

By E. H. SIMS

Nature has a number of weird antics with which she startles us, or amuses us, at times. Some people see in these phenomena signs telling us something about tomorrow's weather, or the week's weather.

Others think such occurrences as St. Elmo's Light, Fox-Fire, various lights caused by phosphorus either in water or in the ground, portend the coming of weather events. This is not true, except in cases where weather conditions, by coincidence, produce a clue to tomorrow's weather.

Fox-fire, for example, tells us little or nothing about the weather. Seen at night, usually in forests or wooded areas, or areas where trees were felled or lay for some time, fox-fire is nothing but a fungus breathing!

More about it and other phenomena tomorrow.

Carry, Wood Square Off to Represent District 6

Two candidates, chosen out of a wide field of five at last month's primary, will battle Monday to represent District 6 on the City Commission.

Voters will select either incumbent John E. Carry, who is seeking a third two-year term, or Wesley J. Wood, a newcomer to politics.

Carry, 38, of 576 E. Pike St. is a native of Pontiac currently employed as a sales representative for Oakland Vending Co.

A World War II veteran, he serves on the Pontiac Planning Commission and the Detroit Metropolitan Area Regional Planning Commission.

Wood, 51, of 157 Michigan Ave. came to Pontiac in 1925 and has worked at General Motors Truck & Coach Division since 1941. He is a service follow-up man.

A native of Rapid City, Wood lived in several southeastern Michigan communities before coming to Pontiac.

Statements to The Press by the two candidates follow:

JOHN E. CARRY

"Honest and sincere representation for Pontiac generally and for District 6 specifically is the platform I pledged four years ago, two years ago, and again today. My record in the past speaks for itself.

"Progress in the past four years is visibly evident.

"The new City Hall has been completed and occupied, as have the branch library, west side fire station and Public Safety Building.

Best of all, these projects are debt-free. It is contemplated that a new central fire hall will be erected in District 6, complementing the civic center site. In the not too distant future, we can expect an additional sewage disposal plant benefiting our district and the whole city.

"Sound planning is behind these accomplishments. I feel that, if re-elected, my experience will insure continued progress."

Air Force 1st Service to Endorse Ike's Plan

ST. LOUIS (U) — The Air Force last night endorsed President Eisenhower's defense reorganization plan. It was the first service to do so.

Gen. Thomas D. White, Air Force chief of staff, told the St. Louis Chapter of the American Ordnance Assn. that the Air Force was "wholeheartedly in accord with the President's proposal."

He said it "will be of great benefit to the security of our country." In that it will "ally technical progress and efficient use of modern weapons to a modern, efficient military organization structure."

The chiefs of the two other armed forces, Gen. Maxwell D. Taylor of the Army, and Adm. Arleigh Burke of the Navy, have remained silent on the President's demand for concentration of more power in the secretary of defense and joint chiefs of staff.

Mushroom Soup Started Williams on Bow Tie Road

LANSING, Mich. (U) — Gov. G. Mennen Williams' affection for green polka dot bow ties can be traced back to a bowl of mushroom soup.

That's what the governor's 15-year-old daughter, Nancy says in an article in her junior school newspaper.

In the late 1930s, she said, the Williams family was entertaining Gov. Frank Murphy at dinner. Williams seated the guests and started to eat himself.

"Then it happened," Nancy wrote. "With one elegant movement he leaned over, pulled his chair up behind himself and simultaneously dunked almost his entire tie in his mushroom soup."

Williams splattered soup down the front of his suit and Mrs. Williams let the rolls burn in her rush to clean up the mess.

"Ever since that memorable evening, my father has always worn bow ties," Nancy said.

Husband No Gospel

SANTA MONICA, Calif. (U) — Actress Patricia Owens, 26, has divorced film writer - producer Sidney (Sy) Bartlett, 49, on testimony that "He told me it was up to a woman to accept everything her husband said as gospel law and never question him."

This amounted to cruelty in the opinion of the court.

Actor Not Happy Fellow
VAN NUYS, Calif. (U) — Actor Troy Donahue was sentenced to 14 days when he appeared on a speeding ticket. The judge discovered Donahue, 22, had five other warrants outstanding. Donahue had to cancel a personal appearance tour to plug his film "The Happy Fellow."

Sullenberger Plans to Open Own Clinic

(Continued From Page One)

Sullenberger said. "This is in the future, however. We want to get the remodeled building operating as a clinic as soon as possible."

She made the disclosure in the form of a written statement prepared today by herself and attorney Harry H. Dell.

The statement indicated the surgeon would appeal the court decision to the Michigan Supreme Court and "cooperate" with the hospital Board of Trustees.

It made no demands, however, for a final hearing on the suspension, which was made on a temporary basis last Nov. 13.

It cited "the many expressions of confidence and friendship on the part of (Dr. Sullenberger's) numerous patients and listed as tentative conclusions:

That the doctor has decided he will remain in Pontiac and practice medicine here;

That "in order to protect the doctor's legal and professional position" an appeal would be filed to the high court after Judge Quinn's written order is filed; and

"If at any time the affected persons and organizations would deem it desirable, Dr. Sullenberger will be happy to cooperate with the board of trustees in a full exploration of the matters which were and are involved in the pending litigation."

This last was in part a reference to the surgeon's charge his ouster was forced by "professional jealousy of a ruling clique of doctors" at the hospital.

It also referred to Hospital Director Carl I. Flath's counter-charge that Dr. Sullenberger had violated professional standards in 25 cases, in six of which the patient died, he said.

After the suit was dismissed, Dr. Sullenberger asserted that he "would never leave Pontiac until the charges hanging over my head are settled, one way or another."

Husband Feels Worse

LYNDHURST, N. J. (U) — Guy Pezalla was sick the day of the New Jersey primary. He doesn't feel too well today, either. Mrs. Pezalla was in the race for Republican committeewoman, but a heavy cold kept her husband from the polls. Mrs. Pezalla lost — by one vote.

Henry, Whithers Seeking to Represent District 1

Much attention this election is focused on District 1, the only one in which an incumbent is not seeking re-election.

Two candidates, paired off at last month's primary, will vie Monday for the City Commission seat being vacated by Dr. Roy V. Cooley Jr. after six years.

They are Milton R. Henry, 35, of 192 Bassett St. and Samuel J. Whithers, 45, of 453 Harvey St.

Henry, a Pontiac lawyer, is running for office the first time. A native of Philadelphia, he came

to Pontiac in 1952 after graduation from Yale Law School. A World War II veteran, he also attended Lincoln University, Pa., and Temple University.

Whithers was an unsuccessful nominee for the seat two years ago. He came to Pontiac in 1917 from Memphis, Tenn.

Owner of Sam's Electric store, 391 Orchard Lake Ave., Whithers is treasurer of the Urban League of Pontiac and housing chairman of the local National Association of Colored People.

Statements to The Press by the two candidates follow:

MILTON R. HENRY

"Basically, I believe that government should exist for the benefit of the people, and that there are many things which the City Commission must do yet to make Pontiac the type of democratic city we all believe it should be.

"I am in favor of bonding all city officials who have anything whatever to do with either the lives, the liberty or the property of Pontiac citizens.

"I am in favor of (1) the protection of the civil liberties of all the citizens of this city through legislative enactment; (2) the acquisition of federal projects and grants-in-aid for the city of Pontiac; and (3) the active participation of the city in programs designed to promote inter-racial and inter-cultural understanding.

"I believe Pontiac is capable of much more than is in evidence at present, and that there is just too much lethargy in relation to the business of city government.

"I am in favor of using all of the Commission's powers as defined by the City Charter to achieve these ends."

"I am confident I can carry out the responsibility of getting improvements for District 1, because I am confident I can and will receive the cooperation of the Commissioners and the city officials with whom I will work."

The Day in Birmingham

Report Estimates 7,700 in Playgrounds Activities

BIRMINGHAM — About 7,700 youngsters participated in Birmingham playground activities last summer, according to the annual report made by Robert Girardin, recreation board director. This was an increase of 1,500 over the previous year.

New activities and equipment were added last season, with emphasis placed on entertainment which at the same time would challenge the abilities of the participants, Girardin said.

Attendance by parks was: Adams, 1,548; Elton, 1,940; Pembroke, 1,381; Pierce, 1,603, and Quanton, 1,231. There also were many activities at neighborhood parks as well as baseball and softball games, model plane flying, and targetry at other centers.

The year saw the installation of new items such as the ski and toboggan slides, archery range, tennis backboard, baseball diamonds and a shuffleboard court.

The teenage recreation program featured dances, Teen Center activities and television appearances of young people.

One of the most popular programs during the summer was the eight-week course in instrumental music in which 6,882 persons enrolled.

The recreation program, however, was not designed for the young people only. Family swim nights were held, and the shuffleboard courts attracted a great number of men.

Girardin said he and members of the board felt the past year's program was very successful, and he predicted an equally good response in the future.

Facilities will be broadened as the demand for them grows, he said.

The executive committee of the Birmingham YMCA has selected Sunday, May 4, for the cornerstone laying of the new building. A brief ceremony at 4 p.m. will precede placing cur-

Frisky Porker Leads Police on Wild Chase

DETROIT (INS) — A 350-pound hog led five carloads of police on a 40-minute chase around the Michigan Central Depot park in Detroit today.

Traffic jammed up as drivers stopped to watch the chase. Some 200 pedestrians lined sidewalks around the park.

Police rushed to the park after a taxi driver reported the hog was running around the depot cab stand.

Officers said the hog was roped after it tried. A dog pound truck was summoned, but its door wasn't wide enough for the hog and a second truck had to be dispatched.

The porker will be quartered at the pound until claimed.

Can't Go Through It

PUEBLO, Colo. (U) — A distraught woman told the drivers license inspector she was sorry, but she was too nervous to go through with her scheduled license test. She pointed toward the window. Seemingly in driving into a parking space, her car had jumped the curb and flattened a parking meter.

Military to Celebrate

DETROIT (U) — Air and ground shows are planned May 17-18 at the Detroit Arsenal and Selfridge Air Force Base in the climax to Michigan's celebration of Armed Forces Week May 10-18.

Report Estimates 7,700 in Playgrounds Activities

BIRMINGHAM — About 7,700 youngsters participated in Birmingham playground activities last summer, according to the annual report made by Robert Girardin, recreation board director. This was an increase of 1,500 over the previous year.

New activities and equipment were added last season, with emphasis placed on entertainment which at the same time would challenge the abilities of the participants, Girardin said.

Attendance by parks was: Adams, 1,548; Elton, 1,940; Pembroke, 1,381; Pierce, 1,603, and Quanton, 1,231. There also were many activities at neighborhood parks as well as baseball and softball games, model plane flying, and targetry at other centers.

The year saw the installation of new items such as the ski and toboggan slides, archery range, tennis backboard, baseball diamonds and a shuffleboard court.

The teenage recreation program featured dances, Teen Center activities and television appearances of young people.

One of the most popular programs during the summer was the eight-week course in instrumental music in which 6,882 persons enrolled.

The recreation program, however, was not designed for the young people only. Family swim nights were held, and the shuffleboard courts attracted a great number of men.

Girardin said he and members of the board felt the past year's program was very successful, and he predicted an equally good response in the future.

Facilities will be broadened as the demand for them grows, he said.

The executive committee of the Birmingham YMCA has selected Sunday, May 4, for the cornerstone laying of the new building. A brief ceremony at 4 p.m. will precede placing cur-

Frisky Porker Leads Police on Wild Chase

DETROIT (INS) — A 350-pound hog led five carloads of police on a 40-minute chase around the Michigan Central Depot park in Detroit today.

Traffic jammed up as drivers stopped to watch the chase. Some 200 pedestrians lined sidewalks around the park.

Police rushed to the park after a taxi driver reported the hog was running around the depot cab stand.

Officers said the hog was roped after it tried. A dog pound truck was summoned, but its door wasn't wide enough for the hog and a second truck had to be dispatched.

The porker will be quartered at the pound until claimed.

Not Pessimistic About Slump

World Bank Head Says Prospects for Economy in Long Run Good

UNITED NATIONS, N.Y. (AP)—Eugene R. Black, head of the World Bank, said today "I am not pessimistic about the current economic situation."

Black made the statement in a report to the U.N. Economic and Social Council.

The 59-year-old banker from Atlanta, Ga., conceded that the slowing down of economic activity in North America is being watched throughout the world with some fear that it may forebode a slowing down of investment and economic growth everywhere.

"Whatever the prospects for the short run, I think it is clear that in the longer run they are good," he added. "There is still great momentum in the economic progress of the underdeveloped countries."

"It would be deeply unfortunate if a preoccupation with domestic economic problems in the developed countries should lead to such a diminution of international aid and investment that this momentum would be lost."

"But it would be a greater tragedy still if the developing countries were not to realize that their economic growth depends on their own efforts more now than at any time in the past decade."

He said the times call for intelligent planning, hard work and thrift.

The bank's program of loans for productive purposes, and encouragement of investment hit a peak this year, Black said in his annual report.

In the fiscal year to end June 30, the bank probably will have lent well over 650 million dollars—a record.

Black, just back from six weeks in Africa, said he was impressed by the amount of dormant resources that can be awakened there.

Education Board to Act on Budget

Review of School Plan Is Also Scheduled at Waterford Meeting

Approval of the Waterford Township school district budget, and reviewing of architect's plans for the Thomas M. Cooley school, are scheduled for the Board of Education's meeting tonight.

A record budget of \$3,570,668 will be presented by superintendent William Shunk. It is \$326,703 higher than last year's \$3,243,965 figure.

One of the biggest reasons for the increase, Shunk said, was the opening of the new John D. Pierce school, now under construction and scheduled for operation next fall.

Also, the figure was based on the assumption that there would be some 600 more children in the school system, necessitating an increase of 25 additional teachers.

Shunk said there would be at least 1,300 more children enrolled in the kindergarten next year; with only 300 graduating and another 300 pupils considered "drop-outs," the figure totaled 600.

Architect's plans and specifications for the Thomas Cooley elementary school will be presented to board members, and a date for receiving of bids will be set, according to Shunk.

Lack of Hotels Holds New Caledonia Back

SYDNEY — While the whole South Pacific area yearns for tourist trade, scarcely an island can provide proper accommodation for visitors, Sydney reports.

Among the territories which are being held back by this lack of hotels is French-controlled New Caledonia, Australia's nearest and most accessible "foreign" country.

Noumea, its capital, cannot provide first-class accommodation for all the tourists wanting to visit the island and at a recent press conference there the head of the government tourist organization said that a big, first-class hotel must be built there.

However he did not explain where the capital was coming from.

6,300 Tons of Welfare

DETROIT (AP)—Detroit Welfare Director Daniel Ryan says 12,673, 742 pounds of surplus food valued at \$5,081,000 have been distributed to needy families by his department since January, 1955. He said there were 25,207 Detroit families receiving such aid last March 1.

Ladybirds Rushing to Aid of Farmers

JOHANNESBURG — Ladybird beetles and wasps have been swarming to the rescue of farmers in the Free State area of South Africa.

They are saving wheat farms threatened by a devastating lice plague. With the aid of the insects and Methasix spray the battle against lice is being won, according to Dr. Bernhard Smit, of the Department of Entomology in Pretoria.

Both ladybirds and wasps feed on the lice, the ladybirds gobbling them up at an amazing rate, he says.

Dr. Smit dismissed a theory that the plague was serious this season

because the balance of nature had been upset by the destruction by man of swarms of hungry red-billed finches. "The finches do not feed on the lice," he said.

Smash Bike Theft Ring

DETROIT — The Wayne County Sheriff's Department reports it has broken a teenage bicycle theft ring in Dearborn Township with three arrests. Thirty bikes were found in a garage behind the home of one of the teenagers held. The arrests followed when three youths police saw wheeling a bike late at night dropped it and ran. Two were caught and confessed, implicating a third, deputies said.

First free library in America was started at Charleston, C. S., about 1685.

South Lyon Bank Gains 295 Places in Size Rank

SOUTH LYON — The State Savings Bank of South Lyon, which reported deposits of \$3,766,006 Dec. 31, gained 295 places in its standing among the 5,800 largest banks in the nation.

This was revealed in the 1958 annual roll call published yesterday by the Daily American Banker of New York, a trade newspaper of banking.

The South Lyon bank now ranks as the 5,771st largest in size in the nation, compared with its 6,066th place at the end of 1956.

There are 14,000 banks in the United States.

Bengal to Try Work Rather Than Jails

CALCUTTA, India—Work centers as a substitute for jails for offenders with short-term sentences will be tried out in West Bengal, India. The plan was explained in Calcutta by Mrs. Purabi Mukherjee, the State's Minister for Jails.

Short sentences have scarcely any deterrent effect or reformative influence, she said. The government therefore will enforce compulsory attendance at production centers by such prisoners. It will be a great advantage, she said, if instead of being sent to prison they can be made to attend a work center for certain hours of

the day during the period of their sentence.

There will be a condition that in the event of default they will be liable to arrest, Mrs. Mukherjee pointed out.

In Hospital Together

DETROIT — A 66-year-old grandfather suffered a serious heart attack while excited about a 14-year-old grandson trapped on the second floor of a burning house Tuesday night. Oscar Saks, the grandfather, was rushed to a hospital. So was the grandson, Gerald Cohen, who suffered burns and then cuts as he leaped from a second-story bedroom in escaping.

Gifts for the fourth wedding anniversary should be made in leather.

Britain Sees Need for Less Doctor

BELFAST, N. Ireland — Under its "Free Health Plan," Britain is now preparing to govern the supply of physicians to be graduated in future years, Belfast reports.

The Northern Ireland Ministry of Health has heard from its observer on a committee which, after two years' study, has recommended a 10 per cent reduction in the number of medical students.

The committee is said to have reached three conclusions: Up to now, British medical schools have not been producing too many doctors. After 1961, however, a reduc-

tion in student intake by about one-tenth is advisable.

In about 1975 an increased output of doctors is likely to be needed, but a new survey should be made before then.

Male Students at Illinois Never Had It So Good

URBANA, Ill. — This is the week the men students at the University of Illinois never had it so good.

It's called the men's "Economic Recovery Campaign," part of a spring campus celebration. The men are not allowed to pay for dates—the coeds pick up all the tabs. The girls also are required to open car doors, carry books and call for the men for dates.

Woman Struck by Car; Report Condition Poor

An elderly woman is in poor condition at Pontiac General Hospital after being knocked down by a car yesterday.

Agnes W. McIntyre, 71, of 255 Cottage St., was struck by an auto driven by Francis L. Chertier, 50, of 3111 Livernois Rd., Avon Township.

The driver said he was making a left turn from Perry into Pike street behind another car, when Mrs. McIntyre stepped off the curb into his path.

The battleship Wisconsin, recently retired to the "mothball fleet," has facilities to manufacture 100,000 gallons of pure drinking water every day.

PTA FAIR IN OFFING — Readin', writin' and 'rithmetic will be missing from Glengary Elementary School in Commerce Township come Saturday. Instead, fun will be the order of the day as members of the school PTA stage their

annual school fair from 1 to 3 p.m. A reminder of the gala event is expressed on posters held by four members of PTA. They are (from left) Mrs. Richard King, Mrs. George Phillips, Mrs. Frank Nevins and Mrs. Arthur Liss.

Glengary PTA Set for Saturday

School Fair to Offer Variety

COMMERCE TOWNSHIP — A host of attractions for children and adults will be set up in Glengary Elementary School Saturday as PTA members present their annual school fair.

Proceeds from the event will be used to add new playground facilities at the school.

There will be baby-sitting facilities in the morning kindergarten room enabling mothers to bring babies to the fair. The room will be equipped with play pens, hobby horses and toys.

The first grade will offer games of all kinds for small children in a Tomb Thumb room with Mrs. Robert Gregg in charge.

Girl Scouts will hold a bake sale

Selling Autos for Two Bits at Milford

MILFORD — Want to buy a car for 25 cents?

It's possible if you register with any of seven Milford automobile and truck dealers who are participating in a "You Auto Buy" sale Friday and Saturday.

Two cars will be sold Saturday night for 25 cents each.

The off-street parking lot east of Main street has been reserved for the dealers to display choice automobile and truck buys, and special decorations have been planned for the area.

The sale is being sponsored by the Milford Board of Commerce in conjunction with promoting Main street as the "Milford Shopping Center" of the community, according to Archie Noon, board president.

Oxford, Orion Ready for 'You Auto Buy' Days

OXFORD — "You Auto Buy" days will be sponsored in the twin towns of Oxford and Lake Orion on Friday and Saturday.

Cars will be exhibited on E. Burdick street in Oxford and on W. Flint street in Lake Orion on these two days with an auto auction at 2 p.m. Saturday in Oxford and at 4 p.m. in Lake Orion. Free prizes, donated by other merchants, will be given then.

Parades with the combined high school bands have been scheduled for the two towns, beginning at 4:30 p.m. tomorrow.

Independence Board OKs Overhead Street Light

CLARKSTON — The installation of an overhead street light at the intersection of Dixie highway and Waterford Hill Terrace has been approved by the Independence Township Board.

Among other business at the board's meeting Tuesday, Township Attorney Milton Cooney recommended that the issuance of fire permits be placed in the office of the fire chief.

It also was decided to send the approved 1958-59 budget to the Oakland County Allocation Board for its approval.

under direction of Mrs. Tracy Miller. Mrs. Henry Hadac will conduct a cake walk.

The afternoon kindergarten room will have green plants for ladies and kiddie car races for boys. Mrs. Arthur Haight and

Mrs. Robert Zaebst will supervise these activities. Other attractions will include movies, a rummage sale, a fish pond, parlor games, skill games, a spoon race and an auction sale. Refreshments will be available. Mrs. Frank Nevins is chairman of the fair committee.

At Milford High Dedication Ball

Tex Beneke Band to Play

MILFORD — "Music in the Mood" will be presented by Tex Beneke and his nationally-famed band at the new Milford High School Dedication Ball, Friday evening, April 25.

This will be the first dance to be held in the big gymnasium, and invitations have been extended to adults as well as pupils in all of surrounding communities. Principal Gerald Rasmussen said.

Tex Beneke, who took over the Glen Miller band after the war, has continued to use the unique arrangements and styling of the immortal Miller.

The informal dance will get under way at 9 p.m., and conclude at 1 a.m. Special lighting and spring decorations are being made by the art and manual training classes to add a festive touch to this important occasion.

Rasmussen pointed out that there is parking space for some 800 automobiles.

He added that there are only 500 tickets available, and although they can be purchased at the door for \$5 a couple, it would be advisable to reserve them in advance by calling the school, or procuring them from Milford merchants.

Keego VFW Installs Officers Saturday

KEEGO HARBOR — Heart of the Lakes Post 2706, Veterans of Foreign Wars in Keego Harbor, will install its new officers Saturday at 8 p.m. at the VFW Memorial Home, 3325 Orchard Lake Rd.

Fifth District Commander John Ray of Milford will be the installing officer.

Assuming the commander's post for a second term will be Harold A. Clifford of Pontiac.

Other officers are William Forrester, senior vice commander; Wayne Smith, junior vice commander; Shirley Currie, quartermaster; Bernard Stone, chaplain; and Kenneth Simpson, judge advocate.

Following the installation ceremonies, lunch will be served. Dancing will begin at 9 p.m. The public invited.

TV's 'Captain Jolly' to Appear in Utica

UTICA — Popular television personality, Toby "Captain Jolly" David, will act as master of ceremonies at this evening's talent show in the Utica High School auditorium.

The program will open at 7:30 p.m. with a pop concert by the high school band, sponsor of the event.

Numerous acts will be featured during the talent show to follow. Prizes will be awarded to winners in both the junior and senior divisions, band director Louis Gonda said.

Proceeds will go toward band awards and a summer music scholarship. Tickets may be purchased at the door.

Seeking Queen at Walled Lake

Jaycee Selection to Vie for Crown in County Competition

WALLED LAKE — The Walled Lake Junior Chamber of Commerce is sponsoring a beauty contest to select a Miss Walled Lake Jaycee.

The winner will vie for the title of Miss Oakland County Jaycee and the honor of representing the county at the dedication of the Mackinac Straits Bridge June 28. She also will be entered in the Miss State Fair contest.

Deadline for submitting applications is April 24. They are being taken at the D and C Store in the Walled Lake shopping center.

Candidates must be 17 years of age, single and reside in the Walled Lake Consolidated School District.

Judging will take place April 25 at the Multi-Lakes Conservation Club. Contestants will wear shorts and sweaters.

Co-chairmen of the county contest are Bruce Enfield of Walled Lake, representing the Ford Motor Co. Engineering Department, and R. C. Linton of the Department of Municipal Affairs, Chrysler Corp. Dick Murphy is handling the contest for the Walled Lake Junior Jaycees.

Milford Council OKs Property Value Hike

MILFORD — A 20 per cent increase in the assessed valuation of property in Milford has been approved by the Village Council.

The tax rate, however, was dropped from 17½ to 10 mills, so there will be no increase in taxes, according to Dennis Boyle, chairman of the council's finance committee.

Milford's former valuation was placed at 4 million dollars. After the board's action it now is set at 7 million dollars, with property taxed at the maximum, 50 per cent of the market value.

Taxation losses caused by the relocation of the Ford Motor Co. Carburetor plant and a new system of tax writeoffs of the gas and electric companies have been equalized by taxes from new home development in Milford, Boyle said.

To View World's 5 Non-Christian Major Religions

ROCHESTER — Discussions of the five major religions of the world, other than Christianity, will be conducted at the Rochester Junior Woman's Club at 12:30 p.m. tomorrow at the Woodward Memorial Library.

Mrs. Hudson Hill will direct a panel discussion in which the following religions will be presented: Mrs. Richard Seitz, Buddhism; Mrs. Lester Dalls, Confucianism; Mrs. Jay DeEulis, Hinduism; Mrs. Robert L. Sanford, Judaism; and Mrs. Joseph A. Watson Jr., Islam.

The business meeting will be presided over by Mrs. George H. Goble, president, and new officers will be elected for the 1958-1960 term.

Reports will be given on the May 15, 16, 17 Book Mart to be held at Oberg's Appliances and the June 7 Dance at the Detroit Boat Club, sponsored by Mr. and Mrs. Donald Pixley.

Mrs. C. Wayne Dennis, hostess, will be assisted by Mrs. Neil R. Crowe and Mrs. Hill.

NEW DETROIT COUNTRY DAY SCHOOL — Dedication ceremonies will be held Sunday, marking the completion of the new Detroit Country Day School in Southfield Township. This is the

architect's sketch of the building which replaces the white country-style structure at Seven Mile and Wyoming in Detroit.

U. of M. President Principal Speaker

Dedicate Country Day School Sunday

SOUTHFIELD TOWNSHIP — The new Detroit Country Day School building, at 13 Mile and Lahser roads, will be dedicated Sunday.

Principal speaker at the ceremonies marking completion of the school will be Dr. Harlan H. Hatcher, president of the University of Michigan.

The modern one-story structure, which has more than 30,000 square feet of floor space replaces the white country-style building in Detroit which has housed the school since 1923.

Founded in 1914 by the present headmaster, F. Alden Shaw, the school places an emphasis on basic education and offers Detroit area youngsters programs of rigorous training from kindergarten through high school levels.

From a modest beginning on Ferry avenue, Detroit Country Day School has grown steadily in size, service and stature.

Headmaster Shaw started the school with four pupils and now heads a staff of 23 instructors and has more than 250 students.

Although enrollment was originally limited to boys, girls now are admitted to the first six grades.

Jauss-Hertel Nuptial Rite Solemnized in Pontiac

ORION TOWNSHIP — Frances Capanda and Joseph H. Rabideau were married Saturday morning in St. Augustine Church in Detroit before an altar banked with Easter lilies and baskets of carnations.

The bride is the daughter of Mr. and Mrs. Frank Capanda of Healy street, Detroit. Mr. and Mrs. Joseph A. Rabideau of Joslyn road, Orion Township, are the bridegroom's parents.

The bride's gown had a bouffant bodice of lace over satin, with neckline and yoke etched in pearls and sequins. The back closing was covered with tiny satin buttons to below the waistline, where the gown flared to a wide satin and net skirt.

Her fingertip veil was secured by a crown encrusted with pearls. She carried a white orchid surrounded by white carnations.

Florence Capanda of Detroit, the bride's sister, was the honor maid. Bridesmaids were another sister, Mrs. Barbara Novak, Marlene Guick and Rose Bellette of Birmingham.

The bridegroom's brothers, Robert and Jack, were best man and usher, respectively. Other ushers were Joseph Dore of Rochester and John Slipco of Detroit.

Following the ceremony, a reception was held in the main ballroom of the Lee Plaza Hotel in Detroit.

The couple will live in Detroit where they are attending the University of Detroit.

Warns of Possible Bad Check Forging

WALLED LAKE — Police Chief James A. Decker of Walled Lake today warned there may be attempts in this area to cash bogus checks forged on an estimated 250 blanks stolen last night from the offices of the Walled Lake Metal Co., 1377 W. Maple Rd.

The missing checks, light green in color and drawn on the Detroit Bank's Novi Branch, bear serial numbers between No. 3,500 and No. 4,000 Decker said.

The checks and \$400 were taken from a filing cabinet, he said. Entry to the office was gained through a small window high up on a side wall. Decker said tile was pried up under the window.

The company, he said, has notified the bank to stop payments on the missing checks.

Group for Handicapped to Meet in Farmington

FARMINGTON — The Farmington Assn. for Handicapped Children will meet at 8 p.m. Friday at the Eagle School on 14-Mile and Middlebelt roads.

The association was formed recently by parents who have children in special education classes at the school.

A program is being planned for children who attend the meeting with their parents.

Walled Lake Church Centennial Ending

WALLED LAKE — Concluding its centennial observance week, the Walled Lake Methodist Church Sunday will hear a talk by Bishop Marshall R. Reed entitled "Religions in a Fabulous Century" at both the 8:30 and 11 a.m. services.

At the homecoming last Sunday every available seat was filled at each service. Later, the WSCS served more than 250 at a banquet which carried out the centennial color scheme of green and white.

After the dinner a program was held during which the Rev. and Mrs. John Mulder were presented with the centennial quilt, a project of the WSCS which contained more than 440 signatures in its blocks.

Walled Lake Plans Auto Safety Checks

WALLED LAKE — Vehicle Safety Check Week and Clean-up Days have been scheduled in Walled Lake.

During the week, May 5-12, crews working out of a safety truck parked at the city's shopping center will check safety factors of cars.

May 13, 14, 20 and 21 have been proclaimed clean-up days by the City Council.

The city's 1958-59 budget will be submitted at a special council meeting Monday. It is slated for adoption May 19. City officials estimated there will be a deficit of \$1,800 for this fiscal year.

Since voters turned down a bond issue which would have financed a new city hall, the council is considering leasing extra space.

Greenland's icecap, a great flat dome crevassed on the edges, covers 700,000 square miles. In some places the ice is more than 10,000 feet thick.

In Safety Poster Contest Children to Get Awards

ROME — Winners of the annual safety poster contest for grade school children will receive their awards at 3 this evening at the Romeo Youth and Civic Center.

Some 800 children in grades 1-6 entered the competition sponsored each spring by the Elementary Schools Club of Romeo. From this group, judges last Friday night picked room winners; grade winners and a grand prize winner.

All children who made prize-winning posters have been notified, but which awards they will receive remains a well kept secret. During tomorrow night's ceremonies, room winners will be given pins, grade winners, plaques, and the top prize winner, a trophy.

Posters contest judges were former Romeo police chief, Gordon Osgood, Councilman Fred C. Herbert and Romeo State Police Capt. Beryl Amburg. Completing the panel were Mrs. Carl Rossetti, Mrs. George West and Mrs. Charles Komar.

They based their decisions on originality, artistic ability and appropriateness to the theme of "Safety at School, at Home or on the Streets."

Contest chairman was Mrs. Harvey Rankens.

NOTICE of PUBLIC HEARING

The Pontiac City Commission has scheduled public hearings for Tuesday, April 22, 1958 at 8 p.m. EST in the Commission Chamber, City Hall, 35 S. Park Street on intention to construct the following public improvements:

GEORGE'S - NEWPORT'S

Editors Group Honors U. of M. Chairman

WASHINGTON (AP) — Wesley H. Maurer, chairman of the University of Michigan's College of Literature, Science and the Arts, has been elected to lifetime "distinguished service membership" in the American Society of Newspaper Editors.

Maurer was cited for his work in expanding the journalism department at the university and for founding the Michigan Journalist, a publication which has been used as a model for similar journalistic organs in other states.

Similar recognition was given to Benjamin M. McKelway, president of the Associated Press and

THE BERRYS

By Carl Grubert

Food Poisoning Delays James Roosevelt's Talk

DENVER (AP) — A mild attack of food poisoning caused Rep. James Roosevelt (D-Calif.) to delay for about an hour an address to the Allied Jewish Community Council last night.

Apologizing to his audience, Roosevelt blamed the attack on food he ate at the House of Representatives restaurant in Washington.

The congressman flew here from Washington for his address, in which he said the Eisenhower administration has led this country into "the unfortunate position of being on the defensive in foreign affairs."

department of the Associated Press and editors of the Washington Star, and Norval Neil Luxon, dean of the school of journalism at the University of North Carolina. The awards were made on the eve of the society's three-day annual convention here.

Ho Chi Minh in India

NEW DELHI, India (AP) — President Ho Chi Minh of North Viet-

Nam arrived in New Delhi today for a nine-day visit. It is his first trip outside the Communist world in years.

Many a harassed crostown smart, why do most of 'em sit down in the movies and THEN a pretty good deal when they sold try to take their coats off? —Earl Wilson. Even with perfect brakes an automobile traveling 30 miles an hour cannot be stopped in less than about 100 feet.

Potter Denies Racial Charges

Says Michigan GOP Does Want Negroes in Organization

WASHINGTON (AP) — Sen. Potter (R-Mich.) has issued a vigorous denial of charges that the Michigan Republican Party doesn't want Negroes in its organization.

His protest followed a statement yesterday by George A. Isabell who said "Republicans in Michigan don't want intelligent Negroes in their political organization" in resigning as secretary of the Wayne County Republican committee. Isabell is a Negro.

"We want all we can get," Potter said in pointing out that he has recommended several Michigan Negroes for appointment to federal posts.

Potter also denied that Postmaster General Summerfield controls the Michigan Republican party.

Isabell had said in his resignation statement that "Postmaster General Summerfield still runs Republican politics in Michigan and Sen. Potter just says amen."

In Washington, Summerfield said, "I think the statement is unworthy of my comment."

Told that Isabell had backed Detroit Negro attorney John W. Roxborough for appointment to a federal judgeship in the Virgin Islands, Potter said he was not aware Roxborough wanted the post.

The Senator said he understood Isabell was supporting Fred Burr, another Detroit Negro attorney, for the appointment. Potter said he had recommended Burr.

Potter said he had recommended

Roxborough for the post of personnel administration consultant in the State Department, a job he held in 1954-55.

Government Puts Gambler to Work on Income Tax

WASHINGTON (AP) — A Birmingham, Ala., gambler who filed the sort of simple income tax return everybody dreams about today had orders from the U.S. Tax Court to do some complex recalculations.

The court said that U. O. Popwell oversimplified the matter in 1949-50-51. He filed returns consisting of a single figure representing as showing how far he was ahead as to wins and losses at the end of the year.

The court quoted Popwell as explaining: "At the end of the year I filed enough to take care of the government and I thought that was all that was necessary to stay out of trouble with them."

The Internal Revenue Service contended that under the method employed, Popwell underpaid his taxes for the three years by about \$350,000 and claimed he owed some \$175,000 in penalties on this amount.

The court directed a refiguring of the returns — in detail.

U.S. Consulate Rocked by Blast in Algiers

ALGERS (AP) — A bomb exploded in the entryway of the U.S. consulate in Algiers today. Reports said a Moslem woman was wounded.

It appeared likely the bombing was the work of extremist Frenchmen angered by U.S. pressure on the French government to reach a settlement with the Arab government of neighboring Tunisia.

Mother Says Navy Covering Up Slaying

DETROIT (AP) — A Detroit mother says the Navy is trying to cover up a murder in a ruling that her 18-year-old sailor son died by suicide.

"It was murder and they're just sloughing it off," said Mrs. Edna Ernst last night after a naval board of investigation ruled that her son, Airman John E. Rutan took his own life.

Rutan was found strangled in a paint storage room of the aircraft carrier Bon Homme Richard Feb. 16 while the ship was at berth in the Navy yard at Bremerton, Wash.

At Segerquist, Kitsap County coroner, also took exception to the board's ruling. Segerquist previously said the death looked like murder.

"I don't compromise on a homicide case and I never will," the coroner said last night. "I will forward my report to Sen. Jackson (D-Wash.) and Sens. McNamara (D-Mich.) and Potter (R-Mich.). Maybe they can do something about this."

The board ruled that no evidence of violence was found in connection with Rutan's death.

Jayne's Girl Can Go to England With Mom

LOS ANGELES (AP) — Jayne Mansfield has Superior Court permission to take her 8-year-old daughter to England next Tuesday.

Her ex-husband Paul Mansfield had opposed the trip for little Jayne Marie. Mansfield, now remarried and working as a public relations man in Chattanooga, Tenn., was not present at yesterday's hearing.

The actress assured the court that her daughter would keep up with her studies while Miss Mansfield is making a picture in England.

You Can Pay or Stay, Judge Tells Cohen

LOS ANGELES (AP) — A judge gave Mickey Cohen this alternative for slugging a waiter last January:

A \$500 fine or 50 days in jail. Cohen promptly appealed the sentence yesterday.

The pudgy gambler-turned-florist was convicted of battery in the slugging of Arthur Black, a waiter in a Hollywood bistro.

OFFERS YOU THE OPPORTUNITY OF A LIFETIME TO SAVE...

35%-50%-70% and MORE....OFF ON ALL OUR REGULAR PRICES!

Read this open letter from Burr Hardware to the people of this section of Michigan with the REASON for this store-wide sacrifice sale!

Like thousands of retail stores throughout the United States we have enjoyed the greatest business during this period of prosperity of any time during our 58 years as a family owned business. We have continually placed huge orders with manufacturers to keep you well supplied—even quantities to take care of abnormal demands.

We feel that our great growth has been due to a desire to carry larger and varied stocks at all times and to have what you would like to have when you ask for it at all times. Now after this terrific buying through the years we have stockpiled a terrific over-investment in inventory. To relieve this situation we have decided to sacrifice all profits in favor of a quick close-out of a great portion of stock, raise a large amount of cash and bring our present investment to an absolute minimum. Therefore the SALE is on!

A rare opportunity for you to save many, many dollars on the world's finest hardware, Pittsburgh Paint, tools, appliances and home furnishings.

DISCOUNTS are 35%, 50%, 70% and MORE OFF of all regular prices.

Food a Must at Pajama Party

GIRL TALK — When girls get together for a pajama party, talk flies thick and fast over bottles of soft drinks and potato chips. Delores Gustavson (center) of East Colgate entertained her friends recently at such a party. With her are (left) Myrla Henry of James K boulevard and (right) Barbara Frasa of West Colgate.

Fish, Salad Greens Go Easy on Purse Today

Why not do things the easy way? The easy-way-to-prepare a family meal may mean more time to share a small boy's enthusiasm for the after school ball game. May give you time to relax before the family comes "bursting in."

FOR THE MAIN DISH — The main dish can be meat or some other food high in protein value reminds the Marketing Information Agent. Those easy-to-prepare might include meats that roast, broil, cook in a casserole, or cook within a few minutes on top of the range.

If you choose a roast, the following comparisons showing cost per serving may help you make decisions: lamb shoulder 22 to 26 cents; lamb leg 23 to 26 cents; rolled rump of beef 30 to 35 cents; picnic 19 to 24 cents; Boston butt 16 to 20 cents; roast chicken 25 to 30 cents; turkey 21 to 30 cents; rib-end pork roast 16 to 29 cents.

What can you broil? It might be grade sirloin steaks at 33 to 40 cents per person. It might be ground beef or lamb patties. It might be open-faced sandwiches — thick with cheese.

Casseroles will make use of leftovers and hide their identity. Ham with scalloped potatoes, ground meat with tomatoes and corn, meat casseroles using rice or macaroni are easy-to-prepare.

On top of the range is a quick way to prepare ground meat, fryers, fish and liver. Fryers will cost 25 to 40 cents per person. You may have enough for a vegetable with what you can save by cutting a fryer at home. Fish to check this week are smelt at 13 to 18 cents per serving; frozen perch at 7 to 16 cents or cod at 13 to 16 cents each portion. Beef liver will be 10 to 14 cents per serving (each pound serves 4 or 5).

WHAT GOES WITH THE MAIN

DISH? — Vegetables, salads and dessert are additions need to complete the meal.

Each week brings a few changes in the produce department. Keep a close check. Fresh green beans are gaining in supply, improving in quality and lowering in price. One pound will make four half-cup servings.

The salad greens look especially good. Lettuce, endive and escarole will serve five people from each pound. The ten-ounce package of spinach will serve three. Combinations of these greens will make salads as perky as spring weather.

Radishes and green shallots or onions will add much for little cost. Carrot strips in or out of the salad will give crispness and quantities of Vitamin A for 8 to 12½ cents a pound.

In fresh fruits there are few at less than 20 cents a pound. You can find some apples, bananas, grapefruit, pineapple and watermelon. A few stores have some of the first strawberries of the season.

Food ads are reminders of canned foods in good supply. Ten to 17 cents will buy a one pound can (No. 303 size holding 2 cups of food and liquid) of many fruits and vegetables.

DAIRY AND EGGS—Dairy supplies are increasing at this season. Will reach their annual peak in June.

Dollar for dollar, the investment for milk is wide use of your food money. Three to four cups a day for children; two or three cups for adults is a health requirement.

If you must cut milk costs, do not cut the amount of milk. You

might change the cost by using more dry milk, evaporated or condensed milk.

Eggs—the easy way to get plenty of protein into breakfast. Prices for the large size Grade A eggs are 49 to 59 cents a dozen or 32½ to 39 cents a pound this week. You will agree that by the pound eggs are an economical buy.

Candy Mints Top Broiled Grapefruit

Something new with grapefruit! **Broiled Minted Grapefruit**
2 large grapefruit
4 tablespoons finely crushed white buttermilk
2 mint candles

Cut each grapefruit in half. If necessary to have the grapefruit halves stand straight, cut a very thin slice from bottom rind. With small sharp knife, cut around each grapefruit section to loosen from dividing membranes; do not cut around entire outer edge of fruit.

Spread 1 tablespoon crushed mint candy over grapefruit half. Place on aluminum foil on baking sheet. Bake in very hot (450 degrees) oven 10 minutes; if candy has not all melted, place under broiler for a few minutes. Serve at once. Makes 4 servings.

Note: The peppermint candy used in this recipe comes in 7-ounce packages and is available in many grocery markets.

Fresh Green Beans Help Make Meals Interesting

Green beans have made their come-back at the fresh produce counter. Quality varies from fair to good, so take a second look when you choose suggests the Marketing Information Agent.

A pound of green beans will make five one-half cup servings. This means 6 to 10 cents per person if you serve fresh green beans on the menu this week.

By JANET ODELL

Pontiac Press Home Editor
Three things are essential to a good pajama party: girls, food and music. It's easy enough to assemble a bunch of girls, once the parents' consent has been given. Food is pretty standardized. The only requirement for the music is that it be the latest records.

Remembering the pajama parties we have gone through with Miss Teenager, we are of the opinion that the guests talk and eat most of the night. Sleep is a secondary consideration. Beds are thought totally unnecessary. Girls who otherwise would complain of a hard mattress think nothing of spending what few hours they sleep on the floor.

The potato chip industry should offer a vote of thanks to American teenagers for consuming so many chips at their slumber parties. It's incredible how many they can eat. Bottles of soft drinks disappear almost as fast.

Potato chips taste good just as they come from the package. But a bowl of dip is always welcome. One the girls might like is this cheese-nut dip.

CRUNCHY DIP

Mash cream cheese until it is soft. Add enough cream to make it the right consistency for dipping. Beat well. Add chopped salted peanuts just before serving.

Another interesting dip is made with equal parts of deviled ham and peanut butter. Add a little mayonnaise for smoothness. Use either smooth or crunchy peanut butter.

Morning dawns at last, even with the most talkative gang of girls. Of course, they may wake up early; but getting up for breakfast is another matter.

Some mothers prepare a breakfast, thinking it will speed up their youthful guests. Others think the girls should get their own. What is served is often a matter

of tradition within a group. One group may always have french toast; while a different bunch of girls may prefer bacon and eggs. Suggested below is a new breakfast idea to appeal to teenagers.

COVERED WAGONS

½ pound brown 'n' serve sausages
1 package refrigerator biscuits
Remove biscuits from package. Fold each biscuit around a sausage link, pressing edges of biscuit together. The sausage will be exposed on both ends. Place on baking sheet. Bake 5-8 minutes in a 475-degree oven. Serve at once.

Vegetable Duo Has Distinctive Flavors

A divine vegetable dish!

Tomatoes and Onions Supreme

3 medium-small onions
2 tablespoons butter or margarine
1 teaspoon sugar
4 medium-large tomatoes (1½ lbs.)
1 tablespoon flour
½ teaspoon salt
White pepper
1 tablespoon butter or margarine
½ cup heavy cream
Extra salt

Peel onions and cut into thin round slices. Melt 2 tablespoons butter in skillet (10 to 12 inches), add onions; cook slowly about 10 minutes, stirring often and separating onion slices into rings. Sprinkle with sugar. Remove onions from skillet with fork and spoon, leaving as much of the fat as possible in the pan.

Cut a thin slice from each end of each tomato; slice tomatoes into halves. Stir flour, salt and a dash of pepper together on a sheet of waxed paper; dip cut ends of tomatoes into mixture. Add 1 tablespoon of butter to skillet; add tomatoes and cook rapidly turning to brown cut sides. Watch heat so as not to scorch pan.

Add onions and cream to skillet; reheat, adding extra salt and pepper to taste. Makes 4 large or 8 small servings. The tomatoes should be soft but hold their shape; the onions should be slightly crisp.

Gourmet Dish Utilizes Spinach

Reba Staggs, meat expert and home economist, gives this suggestion concerning the use of leftover ham. Serve it ground, combined in a Spanish Souffle. It's a rewarding sight to see this epicurean dish emerge from the oven, puffy, light and ready to serve. Budget-wise, this dish is a lifesaver for the purse strings.

Some people say that they don't like spinach . . . just try this ground ham and spinach combination. Your opinion will probably change.

Ham and Spinach Souffle

1½ cups finely chopped, cooked ham
½ cup cooked fresh or frozen spinach, finely chopped
2 tablespoons butter or margarine
2 tablespoons flour
½ teaspoon pepper
½ teaspoon dry mustard
1 cup milk
½ cup cheddar cheese, grated
2 egg yolks, lightly beaten
3 egg whites, stiffly beaten
Melt butter or margarine and blend in flour, pepper and mustard. Add milk and cook, stirring constantly, until thickened. Stir in cheese. Add mixture slowly to egg yolks. Add ham and spinach and fold in egg whites.

Four mixture into a 1½-quart ungreased casserole. Bake in a slow oven (300 degrees) for 45 minutes.

Variation for timbales: Spoon approximately 3 tablespoons of mixture into 8 6-ounce ungreased custard cups. Bake on aluminum tray or sheet in slow oven (300 degrees) for 45 minutes.

Sauce and Wine Enhance Shrimp

A hurry-up dish!

Quick Shrimp and Tomato Sauce
1 package (8 ounces) peeled deveined frozen shrimp
1 can (10½ ounces) meatless tomato spaghetti sauce with mushrooms
2 tablespoons cooking sherry
Hot cooked rice

Cook shrimp according to package directions and drain off any liquid. If shrimp are a large enough size, cut each in half lengthwise. Heat tomato sauce; add sherry and shrimp. Reheat but do not boil. Serve over hot cooked rice. Makes 3 servings.

One medium-sized banana usually yields three-quarters cup of thinly sliced banana or about one-half cup of mashed banana.

Laughing at Puppy Love Can Be Costly

By MURIEL LAWRENCE

At 5, Midge fell violently in love with her cousin Jerry, who was 17.

It happened one Sunday when she found a toy watch she'd lost under a bush. Running to the house to show it to her mother, she stumbled and fell. Jerry stopped polishing his family's car to pick her up.

He had dancing blue eyes and brown hair, and the strength with which he held her, combined with the gentleness with which he wiped dirt from her grazed knee, moved her deeply — and her heart burst into love.

She made no attempt to hide this sudden love. At lunch when Jerry asked someone to pass him the butter, she scrambled down from her chair, ran around the table, got the butter and presented it to him, her heart in her face for all to see.

Someone snickered. Jerry's big sister drawled, "It's that old black magic again in the boy."

And Midge, glancing at the faces around the table got the meaning of the look on them. They thought she was funny.

SOMETHING ODD

Even Mommy was smiling as though she were funny. There was clearly something queer about her feeling for her cousin Jerry.

She never showed it again. When Jerry was around and someone said, "Hey, how's your boy friend?" she ran away as fast as she could.

Now 15, she still hides important feelings from her family. When they inquire about them, she says offhandedly, "So what if I didn't get a bid to the party? ... How do I know why I date him so often? ... I'll let you know if I want to go to college."

So her mother is always saying worriedly, "Honestly, young people today live like strangers in the house. They never tell you a thing."

The first love feelings of little children should not seem comic to us. If they do strike us as funny, it's because the children have not become human to us.

We smile at the little son or daughter so obviously enamored of a pretty new aunt or the good-looking young TV repairman be-

cause they are still toys to us. Our amusement is often expensive. We pay for it in anxiety over their adolescent secretiveness.

MR. and MRS. LOREN R. BRAY

Claudette Rickard Wed

Claudette E. Rickard and Loren R. Bray exchanged wedding vows Saturday evening in All Saints Episcopal Church. The Rev.

C. George Widdifield performed the ceremony before 100 guests.

Mr. and Mrs. Claude J. Rickard of South Cass Lake road are the parents of the bride. The bridegroom is the son of Mr. and Mrs. Woodard Bray of Calvert street.

The bride wore a French Chantilly lace sheath gown with scalloped square neckline and bouffant bow and drape at the back. A tiara of seed pearls held her ballerina-length veil in place.

She carried a bouquet of pink roses with white hyacinth petals and white streamers on a white prayer book.

Honor maid Vicki Everett wore a pink nylon sheath dress featuring a square neckline and short sleeves. The street-length gown featured a crushed cummerbund of taffeta. Her headpiece was of taffeta petals with a nose veil, and she carried a carnation and hyacinth bouquet.

Judy Rickard, sister of the bride was junior bridesmaid. She wore a blue gown similar to the honor attendant's, and carried blue carnations with white hyacinths. Sister of the bridegroom, Kathy Bray, the other junior bridesmaid, also was gowned in blue.

Seating the guests were Wayne Chenoweth of Milford and Lawrence Brown. Larry E. Rickard, brother of the bride, was best man.

To receive guests at a reception in the Rose Kneale Room of the church, Mrs. Rickard chose a sheath dress of powder blue embroidered silk organza over taffeta, with blue accessories and a white cymbidium corsage.

The bridegroom's mother wore a two-piece ensemble consisting of a beige faille sheath dress with nylon coffee coat. Her accessories were beige and brown and her corsage was of yellow cymbidium orchids.

The newlyweds will make their home in Drayton Plains.

There's a Difference

Wednesday's recipe for frosted salad left out 1/2 cup of boiling water to be used in dissolving the gelatine. The correct amount is 1 1/2 cups.

Rabideau-Capanda Rite Performed in Detroit

Palms, candelabra and vases of carnations and gladioli decorated Oakland Park Methodist Church for the Saturday evening wedding of Kathleen Marie Hertel and Donald Jauss. The Rev. James W. Deeg performed the ceremony with William Hertel, brother of the bride, assisting.

Mr. and Mrs. Hugo Karl Hertel of North Perry street are the bride's parents, and the bridegroom is the son of Mrs. Irma Jauss of Birmingham.

The bride wore a floor-length gown of embroidered tulle fashioned with a fitted bodice, boat neckline and long sleeves tapering to points over the wrists. A cloche type headpiece of lace re-embroidered with pearls and sequins held her finger-tip veil of French silk illusion.

The bridal bouquet was a white orchid with shredded carnations and lilies of the valley on a lace covered Bible.

Honor attendant Elaine Hertel, sister of the bride, and bridesmaid Barbara Oldenburg, were gowned in strapless ballerina-length frocks of powder blue embroidered sheer ruffles with matching off-shoulder capelets. Both carried cascades of pink carnations.

ATTEND BRIDEGRROOM

John Brown of Birmingham was

the best man, Donald Moorhead of Grand Rapids, George Jafano of Birmingham and Stanley Hertel, brother of the bride, seated the guests.

To receive 300 guests in the church parlors Mrs. Hertel chose an aqua sheath dress with black patent leather accessories and a corsage of yellow rosebuds. Mrs. Jauss' choice was a beige linen sheath dress with beige and black accessories.

Before leaving on a southern trip the new Mrs. Jauss changed to a light blue wool suit with black patent leather and white accessories and an orchid from her bridal bouquet. The couple will live in Birmingham.

Two Head Benefit for Emerson PTA

Mrs. Charles Hickey is chairman and Mrs. Jack McKinney co-chairman of an Emerson School PTA money-making project scheduled for 9:30 a.m. to 2 p.m. Saturday.

Others working will be Mrs. Albert Stevens, Mrs. Donald Sweet, Mrs. Donald Heard, Mrs. Lawrence Curtis, Mrs. Leo Janka, Mrs. Thomas McKeever, Mrs. Wesley McConnell and Mrs. Jerry Hunt.

Orders \$30,000 Paid to Attorney

**Jury Awards Figure to
Lawyer for Services
in Rockefeller Divorce**

NEW YORK (AP) — A jury yesterday awarded \$30,000 to a Wall Street lawyer for services connected with the divorce of Winthrop Rockefeller and Barbara (Bobo) Sears Rockefeller. The attorney had sought \$100,000.

A State Supreme Court jury deliberated three hours before ordering payment to Leo C. Fennelly. After the verdict, Fennelly asked for a new trial on the ground that the amount awarded was not enough. Justice Aron Steuer turned him down.

Mrs. Rockefeller, who had testified in the case, was not present when the verdict was reached.

Before the jurors began deliberation, Fennelly told them: "If I am awarded the \$100,000... it will be the hardest money, cent for cent, I have ever earned." Fennelly, one of Mrs. Rockefeller's former attorneys, said that when she first consulted him in November 1953, Rockefeller had offered a \$240,000 settlement for her and her son Paul. But, the attorney added, "she wanted more."

After extensive legal wrangling, Mrs. Rockefeller and her son received about six million dollars.

With disbursements and interest, the Fennellys actually amounted to more than \$26,000. Of this, Mrs. Rockefeller is liable for some \$14,000. Under an agreement with her former husband, she pays approximately a third, and he about two thirds.

James Hare to Speak to Waterford Dems

Michigan Secretary of State James M. Hare will speak on "The Constitutional Convention" and "State Government" at a meeting of the Waterford Township Club at 8 p.m. Saturday at the Community Activities Building on Williams Lake road.

Area residents have been invited to attend the meeting.

At Two State Institutions 2 Mental Health Officials Face Quiz on Brutality

LANSING (AP) — Two officials in the State Mental Health Department were to answer charges of brutality at two mental institutions at a public hearing before the House Ways and Means Committee today.

Women were barred from the session because of the expected nature of the testimony.

Under subpoena to appear were Dr. E. J. Rennell, medical superintendent of Coldwater State Home and Training School; Dr. W. W. Dickerson, superintendent at Caro State Hospital, and Vernon Borgert, an attendant at the Coldwater institution.

Charles F. Wagg, state mental health director, also was expected to testify with other department officials.

Bitter charges by Rep. Carroll C. Newton (R-Delton) on the House floor Friday night triggered the investigation.

Newton, breaking into debate over appropriations for mental health programs, charged that his late brother-in-law, Ivan Tobias, had been severely beaten on several occasions during the seven years he was a patient at the Coldwater hospital.

While confined in a restraining jacket, he said, the man's jaw was broken by an attendant he identified only as "Mr. Bogart." Rennell said Newton probably was referring to Borgert, who was in charge of the cottage where Tobias was confined.

Tobias, who lived in Hastings,

Plane Crashes in Indiana,
2 Jackson Men Injured

NEW CASTLE, Ind. (AP) — Two Jackson, Mich., men were injured when their single-engine Navion plane crashed on takeoff at New Castle municipal airport yesterday.

Injured were Bob Currier, 30, pilot and an employee of Western Broach Co. at Jackson, and Charles Randall, 38.

Witnesses said the plane lost air speed and crashed into an open field after clearing high tension wires.

Currier suffered head and back injuries and face cuts. Randall suffered back injuries.

North Carolina Solon W. Kerr Scott Dies

BURLINGTON, N.C. (AP) — U.S. Sen. W. Kerr Scott died in a hospital here yesterday.

Scott, who would have been 62 today, suffered a coronary attack a week ago.

His death reduced the Democratic majority in the Senate to one, 48-47, and made 34 Senate seats up for election in November.

Gov. Luther H. Hodges, a Democrat, will appoint a successor to serve until the November general election. The Democratic State Executive Committee will nomi-

nate the party's candidate for fall elections.

Funeral services for Scott, a tobacco-chewing dairy farmer who championed the rural people all his life, will be held at the Hawfields Presbyterian Church near his Haw River home tomorrow. Burial will be in the Scott family plot in the church cemetery.

Scott began his public life as a county farm agent. He served 12 years as North Carolina's agriculture commissioner before winning a four-year term as governor in 1948. He won his seat in the U.S. Senate in 1954 by defeating Alton A. Lennon, who had been appointed to succeed Willis Smith.

Smith also died in office. Survivors include his widow, two sons and a daughter.

State Marine Dies as Plane Crashes

PENSACOLA, Fla. (AP) — Two Marine 1st lieutenants, one of them from Michigan, were killed when their T34 trainer plane crashed about six miles northeast of Summerville, Ala., yesterday.

Pensacola Naval Air Station identified them as Donald D. Weaver of Niagara Falls, N.Y., and Laurens B. Vanderhoop, 27, of Detroit.

The plane was on a flight out of Saultfield, an air station auxiliary. The crash cause was not determined immediately.

Weaver was an instructor. Student pilot Vanderhoop is survived by his widow and three children, of Pensacola; and his mother, Mrs. L. B. Vanderhoop of 700 Whitmore Rd., Detroit.
