CLICKS WITH TOWNSEND — England's former war hero Peter Townsend, 44, is engaged to this pretty Belgian girl, Marie-Luce Jamagne, 21. She bears a resemblance to Princess Margaret of Britain, who turned him down in 1955. The announcement was made by the girl's mother. Marie-Luce met the former flying ace at Buckingham Palace in 1954 and recently accompanied him on a world tour to make documentary films. Marie-Luce is the daughter of a wealthy tobacco manufacturer. The couple first met on the bridle paths.

TV Monitoring on Large Scale Not Possible

FCC Chairman Tells Probers Group Can't Always See 'Fixes'

WASHINGTON (UPI)—Chairman John C. Doerfer of the Federal Communications Commission today told House investigators looking into "fixed" quiz shows that the FCC does not and cannot monitor all TV programs.

Doerfer made the statement as the House commerce subcommittee began questioning him to determine whether additional federal policing is required to stamp out rigged TV quiz programs.

Chairman Oren Harris (D-Ark) of a House commerce subcommittee commented at the outset of today's special Saturday session that the "adequacy" of present law for dealing with such practices is the legislative point of the investigation.

Counsel Robert W. Lishman began the questioning of Doerfer after the FCC chairman read a statement outlining the Commission's efforts so far in the TV scandals.

Under questioning Doerfer agreed that the Commission, in its licensing of radio and TV stations, considers the past record of applicants.

★ ★ ★

Lishman asked at this point whether the Commission can carefully study a station's record for public interest programming when the station applies for renewal of its license every three years.

It was then that Doerfer said that the public should know that the Commission does not monitor programs just for the sake of monitoring them.

He said the FCC takes a look at programs when complaints are made.

60,000 HOURS DAILY

Doerfer estimated that 60,000 hours of programming take place each day and said he can't visualize how the Commission staff could monitor "even a fraction of that output."

His statement was, in substance, a review of the testimony previously given to the subcommittee. It covered the

Rain On Its Way, May Be Around Tomorrow, Too

More rain is on the way for Pontiac area residents late tonight and possibly Sunday with high temperatures continuing in the upper 60's through tomorrow.

The weatherman predicts a low tonight of 52 degrees and a high Sunday of 68.

This morning's southwesterly winds at five miles an hour at 10:15 will increase to 15-20 miles later today and tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 43 degrees. The mercury rose to 63 at 1 p.m.

Cross Snubs Court Decision

Refuses to Bargain in Face of Ruling OKing Local 155 as Agent

MOUNT CLEMENS (UPI)—Cross Co. held today to its refusal to bargain with striking United Auto Workers Local 155 pending a study of a federal court verdict in the union's favor.

★ ★ ★

A stalemate in the nine-week-old walkout at the automation machinery plant thus continued.

The sixth Circuit U.S. Court of Appeals at Cincinnati yesterday upheld certification of Local 155 as bargaining agent for some 400 Cross production workers.

The verdict, handed down without an accompanying opinion, rejected a company claim that Local 155 did not represent a majority of the employes.

★ ★ ★

Also, the court dissolved a restraining order which has prevented a National Labor Relations Board hearing of a union unfair practices charge against the company.

Local 155 entered that charge because of management's refusal to negotiate on a new contract. The restraining order was issued Aug. 17.

★ ★ ★

Milton O. Cross, Jr., company president, said the company would make no move one way or another until the court's ruling could be studied in full.

MAY APPEAL

Cross described the case as "very complex" and said there could be an appeal from the court decision, depending on what attorneys find.

★ ★ ★

On the other hand, the UAW said it would ask Cross for immediate bargaining.

'MR. EISENHOWER REGRETS . . .' — White House Press Secretary James Hagerty is surrounded by newsmen as he distributes statements of President Eisenhower's "reluctant" intervention into the 88-day-old nationwide steel strike. The President invoked procedures of the Taft-Hartley law aimed at ending the walkout through a court injunction.

Ike's T-H Board to Report Back on Probe Friday

Will Also Take Time for Mills to Turn Out High Grade Product

WASHINGTON (AP)—With Taft-Hartley law procedures under way to end the 88-day steel strike, a week or more may drift by before the crippling stoppage is halted.

President Eisenhower, in invoking the T-H law in the steel dispute late Friday, gave an inquiry board a week to hold hearings and report back to him on the situation.

The hearings will open here Monday afternoon. The board will hold an organization meeting here Sunday morning.

The panel, headed by George W. Taylor, a skilled labor disputes arbitrator and former Board and Wage Stabilization Board, must report before the President can seek an 80-day strike - halting injunction.

The reporting deadline of next Friday gives Taylor and his two fellow panel members an opportunity to try to mediate the stalemated steel contract fight.

★ ★ ★

The other two panel members are John Perkins, president of the University of Delaware, and Paul N. Lehoczky, Ohio State University professor and another veteran arbitrator.

Eisenhower expressed profound regret that the industry and striking steelworkers had been unable to reach an agreement.

He stressed that both have a continuing and grave obligation "to resume negotiations and reach a just and responsible settlement at the earliest possible time."

SEE NO HOPE

But the President said both sides had informed him they saw no hope for a settlement. Eisenhower said he had no alternative but to intervene with the nation's health and welfare thus imperiled.

The industry had no immediate comment. But David J. McDonald, Steelworkers Union president, said in Pittsburgh the use of Taft-Hartley procedures "would settle nothing on a permanent basis."

"Instead," McDonald said, "it may completely destroy the mutual trust and good faith relationship that has been traditional in our industry.

Perhaps now the steel companies will finally face up to the basic issues that confront us and engage in serious, sensible bargaining."

A sampling of striking steelworkers in the Pittsburgh area brought a chorus of protests. Some hinted at a new walkout during

10 Vandals Sentenced to 25 Days

A dozen Clarkston area youths are learning the hard way that mischief—such as throwing eggs at cars—does not pay.

Ten young vandals, members of a gang police say has been terrorizing the Clarkston area, were sentenced to 25 days in the Oakland County Jail after pleading guilty to malicious mischief yesterday before Independence Township Justice William H. Stamp.

Another boy, a high school student, was sentenced to four weekends in jail, and a 16 year-old turned over to juvenile authorities for questioning.

Their downfall began early Thursday morning when they aimed eggs at the car of Oakland County Sheriff's Deputy Kenneth Hirt.

★ ★ ★

Hirt was driving home from work shortly after midnight when the egg throwing incident occurred on M15 just north of U. S. 10.

State police arrested six of the youths in the vicinity Thursday. These implicated the five others and the juvenile Friday.

Jailed 25 days were Jerry W. Terry, 18; Kenneth F. Stock, 18; Paul D. Smith, 18; Gary L. Norman, 18; Thomas E. Robey, 19, and James B. Lowe, 19, all of Clarkston.

'Strike Breaker' Ike Jeered During UAW Convention

From Our News Wires

ATLANTIC CITY, N. J.—More than 3,000 delegates to the United Auto Workers convention here shouted disapproval last night when told that President Eisenhower had invoked the Taft-Hartley law to halt the nationwide steel strike.

UAW President Walter P. Reuther earlier had told the delegates to the 17th constitutional convention that the President would be a "strike breaker" if he sought to use the injunctive power of the law.

Not long after Reuther's blast news of the president's action was given to the delegates, touching off several minutes of booing.

Reuther, in his keynote address, said too many persons were being "fooled" by the steel industry's arguments that any wage increase granted the strikers would add to inflation.

He said the President was "being taken in, lock, stock and barrel . . . and if he doesn't read their ads, they fill his ears with economic nonsense on the golf links when he plays with his big business cronies."

★ ★ ★

The fiery labor leader, who is also a vice president of the AFL-CIO, said if the President used the labor law he would be "bailing out" the steel industry because their inventories are getting low and the strike is beginning to pinch the steel corporations."

On internal matters, the UAW has set a goal of increasing its strike fund to at least 46 million dollars by 1961.

★ ★ ★

This was agreed upon Friday at a caucus of supporters of Reuther, who make up a substantial majority of the convention's nearly 3,000 delegates.

OK DUES INCREASE

They voted to put through the convention a dues increase of $2.50 a month, which would make basic dues $5.50 a month.

Of this, $1.50 would go into the strike fund, which has fallen below 15 million dollars as a result of strike expenditures of more than 10 million this year.

Local unions would get $2.25 and the international union $1.75 as their share of the new dues rate from nearly 1,200,000 members.

★ ★ ★

Reuther's cautions also voted to re-elect him and his top officers.

The need of strengthening the union's financial position was stressed by Secretary - Treasurer Emil Mazey.

"Adopting resolutions is not enough," he said.

The UAW last month gave the striking steelworkers a million dollars and has offered further help.

Dorfman's License Revoked in Illinois

CHICAGO (UPI) — Insurance agent Allen M. Dorfman, 36, who had a large clientele among Teamsters Union Locals, has lost his Illinois license.

★ ★ ★

State insurance director Joseph S. Gerber, acting on the recommendation of hearing officer Lawrence A. Berman, revoked Dorfman's license on grounds he missed $51,461 in premiums paid by an electrical union local's members.

Gerber also revoked the license of the insurance agency of Illinois, owned jointly by Dorfman and his mother. Dorfman previously lost his licenses in New York and Michigan.

Big Brothers Give Boys Break in Life

By GEORGE T. TRUMBULL JR.

A father is many things.

He's his boy's idol, a source of comfort when times get rough, someone to bat the breeze with over a favorite sport, and, if you catch him in the right mood, someone to ask for a loan.

There are some boys who have never been afforded these opportunities.

★ ★ ★

National statistics show that there are hundreds of thousands of boys growing up today who have never felt the warmth and guiding influence of a father.

Helping fill this emotional vacuum are the Big Brothers of America, whose Big Brothers of Oakland County, Inc., chapter depends upon your United Fund dollars.

★ ★ ★

Always mindful of their national slogan that "No man ever stands so straight as when he stoops to help a boy," 102 county men from all walks of life have taken a troubled "little brother" under their wing to give him a positive male identification, according to William L. Clark, executive director of the Oakland organization.

★ ★ ★

And Clark says there is a desperate need for more Big Brothers to work with their little brothers on a man one-boy concept of therapeutic friendship. Big Brothers work on a strictly volunteer basis. Today there are 20 county boys awaiting assistance.

★ ★ ★

The little brother is a boy between 7 and 16 who lacks a father or adequate male figure in his life. He may be in difficulty with the law, may be socially maladjusted, behind in school, running around with a gang, or just an unhappy, unfortunate boy in need of companionship and male guidance.

Airline Hassle May Hit Pontiac

Squabble Over Any New Michigan Routes Could Delay Service

Pontiac probably will be drawn indirectly into a battle over new airline service proposed for Michigan, it was predicted today.

★ ★ ★

As a result, regularly-scheduled commercial service in Pontiac might not begin until late next summer, according to Homer D. Hoskins, airport manager.

Hoskins said he had "no doubt" that protests would be filed against some of the new flight routes which a Civil Aeronautics Board examiner has recommended to boost airline service to Michigan cities.

Opposition to one part of the flight plan would tie up the rest until the CAB makes a final decision—which might take months, Hoskins believed.

COMMITTEE CONFERS

He doubted there would be any complaints about the Detroit - Cheboygan route that would take in Pontiac.

Hoskins, John W. Hirlinger, manager of the Pontiac Area Chamber of Commerce, and about 50 other representatives from the 22 Michigan cities participating in the Michigan Airlines Service Committee met this week in Lansing to discuss details of the route recommendations with the examiner who made them, Barron Fredericks.

The committee asked Fredericks

Cite 4 Policemen for Fire Action

Four unsung police heroes received citations yesterday.

★ ★ ★

Theirs was an unpublicized story, a story which failed to make the headlines.

By their quick action in the early hours of Sept. 3, the four officers prevented a tragic loss of life and property.

Two patrolmen, Richard Adams and Elden B. Mudge, were on routine patrol duty at 3:20 a.m. that day when they noticed smoke pouring out of Rhimes Delicatessen, 67 W. Huron St.

QUICKLY RADIO ALARM

They quickly radioed an alarm to the Fire Department.

Their message was picked up by a near-by patrol car. Sgt. James F. Bale and Patrolman Dallas J. Flesher rushed to the building.

Flesher recalled that some apartments over the building were occupied.

★ ★ ★

As he and Bale started up the steps, the front glass window of the delicatessen cracked and broke from the intense heat.

Groping through the smoke-filled hallway, they pounded on the door of Dale Jones, 28. The startled Jones turned pale.

"My mother's in a back apartment," he told the officers.

WANDERING IN DAZE

The men reached her room. They banged on the door, but there was no response. Finally they broke the door down.

They found Mrs. Winnie Jones, 53, wandering about in a dazed state.

As they made their way out, one officer turned on a flashlight. The light failed to penetrate the thick smoke.

★ ★ ★

By the time they reached the street, firemen were on the scene and in control of the blaze.

The fire was confined to the

Armada Couple Killed in Auto Collision After Mourning Relative

An Armada man and wife were returned dead to a Port Huron funeral home last night minutes after visiting there to grieve a deceased relative.

Both were killed instantly along with the driver of another car in a collision on Allen and Ravenswood roads near Port Huron.

Dead are Russell J. Cryderman, 69, and his wife, Doris, 67, of 25045 Pratt Rd., Armada, and Harold Thompson, 39, of Port Huron.

Thompson's wife Averill, 38, was the only survivor of the crash. She told St. Clair County Sheriff's deputies she was asleep at the time of the accident. Her condition was listed as serious today at Port Huron Mercy Hospital.

Sheriff William Pettengill said his department still is investigating the tragedy. He said:

Claim Macmillan Wants Summit Talks Next Month

LONDON (AP) — Prime Minister Harold Macmillan, backed by an overwhelming vote of confidence from the British people, hopes to arrange an East-West summit conference as early as next month, informants said.

Macmillan told the nation Friday night that the sweeping election victory by his Conservative party meant a clear-cut mandate "to play our full part in the constant search for peace."

★ ★ ★

Macmillan has told President Eisenhower privately he favors quick Western action to take advantage of Soviet Premier Nikita Khrushchev's current conciliatory attitude, informants said. Macmillan also fears too long a delay in setting up top-level talks could produce new international tensions.

The British consider November the best month to arrange a summit conference before the American presidential campaign begins to warm up. Thy are confident Eisenhower will go along with the idea if French President Charles de Gaulle and West German Chancellor Konrad Adenauer agree.

★ ★ ★

But De Gaulle has leaned toward another prior session of foreign ministers. Adenauer reportedly prefers delaying the summit conference until after Eisenhower's visit to the Soviet Union next spring.

HIT THEME

Macmillan constantly hit on the summit theme during his re-election campaign that ended Thursday with the Conservatives thoroughly trouncing Hugh Gaitskell's Labor party and doubling their majority in the House of Commons.

With only two of the 630 districts unreported, the Conservatives won 364 seats, compared with 258 for Labor and 5 fo the Liberals. Of the two remaining contests, one is expected to go Conservative, the other Liberal.

★ ★ ★

In winning their third straight national election, the Conservatives piled up 49.4 per cent of the vote to 43.9 for the Laborites.

The Conservative party's victory electrified the London Stock Exchange. Share prices rocketed with a record burst of buying.

As the Tory majority piled up, phone lines jammed with a stream of calls to brokers: "Buy, buy, buy." The Friday session ended with hundreds of millions of pounds added to market values.

"It's a typhoon," said one stock market veteran. "Never thought I'd be trampled in this place."

NOT BABY SITTERS

A veterans of 15 years in social work, Clark warns that the job of a Big Brother is "not that of a glorified baby sitter."

"It's not as important what the Big Brother does with his boy on their weekly get-together as what he means to him," Clark said.

★ ★ ★

Man meets boy only after a thorough examination of both, taking into account both's religion, distance they live from each other, and most important, what Clark calls personality blending.

Object of the organization is to produce a happy boy.

The relatively new Oakland group anxiously awaits the time when a little brother shows his appreciation of help received by growing up to become a Big Brother.

★ ★ ★

Three Oakland Big Brothers are now assisting their third boy. Twelve are helping their second boy. Clark said the average man-one boy relationship lasts 2½ years.

Clark emphasized that Big Brothers are "not father figures."

"They are a boy's friend, period," he said. "They cannot discipline him or guide him unless he wants to be guided."

In illustrating how Big Brothers can assist in combating today's waves of juvenile wars and killings, Charles G. Berwind, president of Big Brothers of America appeared recently before the Senate subcommittee investigating the problem.

LINCOLN FOR 1960 — Here are profile and rear pictures of the 1960 Lincoln, which was announced today for display Oct. 15 at Russ Dawson Motor Co., 232 S. Saginaw St. A new roof line and modified grill and stop lights are the chief exterior changes from the 1959 line. Changes have also been made in the rear suspension, and the instrument panel has been redesigned.

Lincoln Line on Display Oct. 15

Styling, Engineering Smoothed

Styling and engineering refinements aimed at driver enjoyment and passenger comfort are the keynotes in the 1960 line of Lincoln, Lincoln Premier and Lincoln Continental.

Changes include a newly designed carburetor for improved performance and smooth idling, a new rear suspension with leaf springs for more luxurious ride, a redesigned instrument panel and a new roof with a town car look.

The Lincoln line will be displayed beginning October 15.

The new roof design has resulted in a different shaped rear window with a very fast slope and an additional 177 square inches of glass area for improved rearward visibility.

Greater overhead traffic light visibility through the front windshield in the Lincoln Continental has been attained by shortening the front portion of the roof two inches.

Fore and aft the grille treatment on all car lines has been modified. Small squares with chrome center pieces identify the Lincoln Continental, and long, raised aluminum rectangles mark the Lincoln.

Newly styled front bumpers with rounded guards set in rubber discs located on each side protect the grille and license plate. Directional signals and parking lamps are placed at the outboard ends of the bumper.

A newly designed tail light assembly on all Lincolns contains parking, back-up and turning lights set in a single bar on each side of the back panel.

Slightly angled rear fins on all models have a chrome molding that extends into the lower back panel forming a continuous line with the rear bumper.

★ ★ ★

A completely new instrument panel cluster features four hooded circular pods set above the panel face that house gauges and indicators. Easy to reach operating switches are located along the bottom of the panel face. The entire panel has a precision look.

Model offerings for 1960 are the Lincoln Continental Limousine, Town Car, four-door hardtop, four-door sedan, two-door hardtop and convertible; the Lincoln Premiere four-door hardtop, four-door sedan and two-door hardtop and the Lincoln four-door sedan, four-door hardtop and two-door hardtop.

City to Celebrate Early

Put Halloween Back a Day

Friday, Oct. 30 — not Saturday, Oct. 31 — will be Halloween in Pontiac as far as the Department of Parks & Recreation is concerned.

Recreation officials hope the rest of the city agrees with them and cooperates in moving the holiday up one day.

Halloween events and celebrations that the department promotes and sponsors will be staged Oct. 30, Leonard T. Buzz, recreation supervisor, announced.

What's wrong with Oct. 31?

"Nothing at all," says Buzz, "but it happens to fall on Saturday this year and we feel there are a good many things wrong with Saturday as far as a successful Halloween is concerned."

★ ★ ★

For instance, he explained, Halloween for youngsters is an "extra special" night during the week.

"Why have it on Saturday, which already is a special night for most kids?" Buzz said.

Then again, the city's Halloween program is dependent on the cooperation of all householders and parents and the volunteer services of dozens of people.

"On Fridays people usually feel like cooperating and volunteering for work but people like to have Saturdays to themselves and their families."

Another factor, and a big one, Buzz said, is money. The city traditionally sponsors lots of school parties Halloween nights and it doesn't cost too much to keep schools open weekdays. But on weekends it involves overtime and extra utility bills, Buzz pointed out.

"These are the reasons why we think Friday, Oct. 30 should be celebrated and most school teachers and officials agree with us," said Buzz.

JAYCEE AGREES

So does the Pontiac Area Junior Chamber of Commerce, which has decided it would rather sponsor its annual Mystery Treat program on Friday than on Saturday, Buzz said.

The Jaycees give prizes to youngsters who are safely home Halloween night at certain hours before mischief and harm crop up.

"With the cooperation of everyone, we can make the shift in dates easily, to the advantage of everyone, including the children," Buzz believed.

During past years, Pontiac has given increasing cooperation to the department's plan for successful Halloweens, Buzz added.

The city recommends that "begging" be restricted to the hour between 6 and 7 p.m. and that parties end in time for youngsters to be home between 9 and 11 p.m., depending upon their ages.

original charges against the CBS "Dotto" show.

It indicated that the FCC had asked both CBS and NBC to outline their corrective procedures inquiring first of CBS and including NBC in its inquiry early this year after the New York County grand jury had begun an investigation.

Swimming Club Seeks to Buy Land for Pool

BIRMINGHAM — The Forest Hills Swim Club will petition the Birmingham City Commission at its 8 p.m. meeting Monday in the Municipal Building for purchase of land between Manor road and the Grand Trunk Western Railroad north of the rear of lots on Shepardbush.

"Our club would like to purchase this property for the purpose of building an Olympic size swimming pool, wading pool, bathhouse and parking area," says Leslie W. Fleming, president of the club.

"Our aim is to provide an ideal recreational facility for the members and their children."

The club is a non-profit corporation with proposed membership of 350 families principally from the Birmingham area.

City officials have been invited by the executive committee of the American Municipal Association to attend the 36th annual American Congress to be held Nov. 29 to December 2 in Denver, Colo.

Leading presidential candidates of the Republican and Democratic parties will address the Congress.

The theme for this year's session is "Better Transportation For Your City."

Around this theme the Congress intends to inform the mayors, city councilmen, and other leading officials how any city can prepare and carry out a comprehensive plan and financial program for solving urban traffic and transportation problems.

The Congress also will revise and adopt a new National Municipal Policy for 1960.

Mudge and Adams were cited for quickly turning in the alarm, and Bale and Flesher for their rescue of the building's occupants.

Shoplifting Ring Broken by Police

Pontiac Police yesterday broke up a shoplifting ring with the arrest of one man and two female accomplices.

Held for investigation of grand larceny are Robert H. Leffew, 32; Shirley Mae Leffew, 24, his former wife, and his 16-year-old cousin.

The teenage girl was being held at the Oakland County Juvenile Home.

The three were arrested at 665 Lalone Ct.

Officers were called to the home by Leffew's former wife after she quarreled with her husband.

She told officers the trio had been shoplifting the past month from appliance and hardware stores in Durand, Bay City, Flint and selling the stolen goods in the Pontiac area.

She said that she slipped items under a maternity dress while Leffew distracted the attention of clerks.

Her ex-husband admitted the shoplifting, police said.

Police confiscated radios, irons, mixmasters, toasters and several items of clothing with a total value of approximately $245.

She and Leffew have been divorced two years, police said.

Detectives were questioning the ring members today.

Suffers Back Injuries in 3-Car Smashup

Mrs. Jean A. Lockwood, 38, of 124 Oakland St., Milford, was treated for back injuries at Pontiac Osteopathic Hospital and released last night after her auto was involved in a three-car smashup on M59 at Williams Lake road, Waterford Township.

Neither of the other two drivers involved in the chain reaction accident were injured, said township police.

Officers said the accident occurred when an unidentified auto stopped suddenly to make a left turn.

Worker Dies From Crushing Weight of Boom

An Independence Township construction worker died yesterday in Wayne County General Hospital of injuries received when he was hit by part of the boom of a crane.

The accident victim is Fred E. Liimata, 48, of 6080 Dixie Hwy. He was pinned under a 1,200 pound weight for more than five minutes before being freed by fellow workers.

Liimata was standing on the roof of the crane at Michigan avenue and Southfield road. A mechanism halfway up the boom, used to guide the cables, fell on the cab, crushing Liimata.

He was an employe of the Ray D. Baker Construction Co., and was working on a sewer project for the City of Dearborn at the time of the accident.

Among his survivors are his wife, Elaine, and eight children.

Showers and thunderstorms drenched areas of the South Atlantic States from Virginia to Florida. Greensboro, N.C., had 1.75 inches of rain in six hours and Tallahassee, Fla., 1.03 inches during the same period.

Temperatures plummeted from New York State southwestward through the Ohio Valley. Zanesville, Ohio, reported a temperature of 44, 24 degrees lower than 24 hours earlier.

A-Pioneer's Illness Puzzling Doctors

ST. LOUIS, Mo. (AP)—Doctors planned further examinations today in an effort to determine the exact nature of an illness that has stricken Dr. Arthur H. Compton, Nobel Prize-winning physicist and a principal developer of the A-bomb.

★ ★ ★

Dr. Compton, 66, former chancellor of Washington University here, was flown to St. Louis from his summer home in northern Michigan Friday night after becoming ill.

An official of Barnes Hospital said his condition was serious but "satisfactory and stabilized."

★ ★ ★

Last July 1 Dr. Compton underwent abdominal surgery at Barnes. A weakened section of a major artery from the heart to the abdomen was replaced with a dacron tube.

Airline Route Hassle Could Delay Service

(Continued From Page One)

to reconsider his stand against two routes proposed in the past, between Port Huron and Cleveland and between Bay City-Saginaw-Midland and Fort Wayne, Ind.

Controversy over either or both of the routes could result in objections filed with the CAB, Hoskins indicated.

Hoskins announced one important detail not previously brought up about the proposed service to Pontiac by North Central Airlines.

It was recommended by Fredericks, Hoskins said, the initial service be a minimum of two round trips a day.

'AT LEAST' ONE TRIP

A company spokesman earlier this week predicted only that there would be "at least" one round trip.

The spokesman said it was conceivable that North Central could begin service as early as this spring, if there were no delays before the CAB.

Hoskins weighed whether it would not be better to begin service next fall, after completion of the terminal-tower project that got under way Wednesday.

Lodge Entirely Rejects Presidential Aspirations

WASHINGTON (UPI) — Ambassador Henry Cabot Lodge says it is "completely outside the realm of possibility" that he might be offered, or accept, the Republican nomination for President.

"I have no interest to run for any elective office at all," he said.

Lodge, this country's diplomatic representative to the United Nations, made the statement in a question-and-answer period following a speech at the National Press Club yesterday.

Area law enforcement officers lauded the stiff sentences of the Independence Township justice.

Among other things, they said, the youths had:

—Gone for midnight dips in home swimming polls.

—Made a bonfide on Clarkston's street with old tires.

—Barricaded a road with railroad ties.

—Heaved' eggs, tomatoes and other foodstuffs at motorists.

—Spread oil on U.S. 10 and left sharpened cans on the road to cut motorists's tires.

—Let air out of school bus tires.

Taft-Hartley Hearings Given Week by Ike

(Continued From Page One)

the Christmas holidays after an 80-day injunction ran out.

★ ★ ★

Bob Geddis, a steel mill craneman for 21 years, said: "It's not right. Ike is favoring the corporations."

Robert McCrea, an inspector for 31 years, said: "As far as I am concerned we shouldn't go back to work. But we have no alternative. I had to go on relief but I'm not ashamed of that."

'FORCED LABOR'

In Cleveland, Ray Williams, president of USW Local 2265, said "In my opinion they have the same kind of forced labor in Russia."

It was the second time in a week that Eisenhower had set the T-H procedures into motion to end big strikes. Earlier he did it in the East-Gulf Coast docks strike. The longshoremen now are working under an injunction.

Sen. John F. Kennedy (D-Mass), chairman of the Senate's labor law drafting subcommittee, said in a speech at Fayette City, Pa. that Eisenhower has mishandled and neglected the steel strike situation.

★ ★ ★

He said the President has consistently supported the industry position by "overemphasizing dangers of inflation resulting from wage increases."

Kennedy said Congress next year should in any event sharply revise the T-H law procedures for dealing with big strikes.

The steel intervention is the seventh time Eisenhwwer has invoked the T-H law to end strikes. Former President Harry S. Truman employed the law on 10 occasions.

When the strike ends in a week or so, either by injunction or by a surprise settlement that nobody really expects, it will take weeks before the mills, damaged by their closedown, are put back into full production and the 500,000 strikers called back to work.

An estimated 200,000 additional workers have been idled in other industries.

The industry and union are in a complete deadlock in this worst strike in steel industry history.

★ ★ ★

The companies have offered what they describe as gains worth 15 cents an hour over two years. The union says the industry offer is actually less, but in any event they want 15 cents hourly gain for each year of a new contract.

The Steelworkers were averaging $3.11 hourly before the strike began.

Cooks 23 Luscious Meals

They Like Ike for Tasty Work as Chef

By JAMES BACON

PALM SPRINGS, Calif. (AP) — President Eisenhower may not be Sam Snead on the golf course but he's a whiz in the kitchen.

That word came today from several people who ate meals prepared by the nation's No. 1 chef. During the President's eight-day vacation at nearby La Quinta, he cooked every meal served at the George Allen home — 23 in all.

★ ★ ★

His biggest dinner was an outdoor steak barbecue Sunday night when 14 guests showed up with desert appetites. One guest admitted that he had some misgivings about the cook's culinary skill.

"But," he commented, "it was one of the best steak dinners I have ever had. It's amazing to tell the President of the United States that you want your steak done medium rare — and even more amazing when it comes to the table just as you ordered it."

Eisenhower's cooking leans to the wholesome, all-American type — no fancy gourmet experiments. Beef stew, for instance, is the specialty of the house.

His pancakes for breakfast do not come out of a ready-mix box. He makes his own batter, the kind mother used to make.

He had his own grocery boy — and ran him ragged. Wayne Fields, manager of a supermarket in nearby Indio, said the President's marketing was done by Erwin Reynolds, a Washington attorney who is private secretary to finaicier Allen.

Reynolds came into the store as many as four times a day, Fields said.

Purchases included lamb chops, a turkey, the ingredients of a beef stew, lots of fruits and vegetables. Fields said celery purchases were heavy. There were cereals too, both dry and cooked. Milk used was nonfattening.

In fact, all the ingredients reflected the high-protein diet imposed after his heart attack.

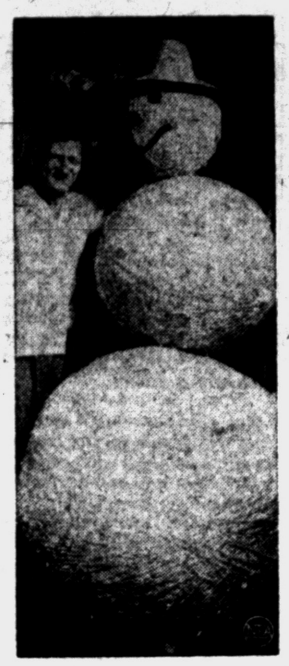
The best quality foods were bought, Fields said. Marketing expenditures averaged from $15 to $20 a trip.

At a news conference in the Ocatillo Lodge, White House press secretary James Hagerty said, "The President enjoys cooking — and he's getting a big kick out of it this trip."

Russian Engineer Proposes Dam at Bering Strait

WASHINGTON (UPI) — A Russian engineer says it might be possible to improve the climate of the north with the help of a 53-mile dam across the Bering Strait between the Soviet Union and Alaska.

With atomic power, he would pump water by the thousands of cubic miles from the warm Pacific side of the dam into the cold Arctic side.



ALL BALLED UP—Disabled veteran Arthur Flanders lacks snow but not string in St. Petersburg, Fla. String-saver Flanders devoted much of the past five years to assembling this 1,000-pound "string man."

Nope — Taxi Pools for Russ

2 Cars in Every Garage?

NEW YORK (UPI)—American traffic jams seems to have made a profound impression on Soviet Premier Nikita S. Khrushchev. He says he won't let it happen in Russia.

"Why should one wrack one's brain over where to put the car? Why be bothered with it?" Moscow Radio quoted him as saying in a speech this week at Vladivostok.

★ ★ ★

Khrushchev said Russia plans "taxi pools" so people can obtain cars when needed. He also said Russia did not plan to build vast numbers of cars.

"In our country, cars will be used more rationally than in America," Khrushchev said.

The subject of traffic had intrigued him during the tour. While he was in San Francisco, he spoke rather bluntly of what he saw while driving out of the city as the morning rush hour traffic was pouring in.

★ ★ ★

"What an extravagant waste," Khrushchev told Mayor George Christopher.

Christopher said he had to agree with the Russian visitor because most cars had only one occupant.

Khrushchev's taxi pools apparently will prevent that situation in Russia.

Chiang Predicts Battle in Year

Says Nationalists Will Wipe Out Red Regime on China Mainland

TAIPEI, Formosa (AP)—Chiang Kai-shek predicted today his Chinese Nationalist forces would be fighting the Chinese Communists on the mainland next year.

★ ★ ★

He declared the Nationalists would wipe out the Peiping regime and restore China's position as "a free, independent country."

Chiang made his statement in a speech during a "Double Tenth" holiday rally outside his Taipei headquarters. Double Tenth, the main holiday on Formosa, is so named because Chinese Nationalist independence day falls on the 10th day of the 10th month.

Chiang said the main task this year is to overcome the setbacks resulting from the August floods that ravaged eastern and southern sections of the island.

★ ★ ★

"Next year," he asserted, "our task will be to rid the mainland of the Communists."

Ike, Mexican Guest Retreat to Mountains

WASHINGTON (AP)—President Eisenhower and his guest, Mexico's President Adolfo Lopez Mateos, today go to Eisenhower's Catoctin Mountain retreat for an overnight visit.

★ ★ ★

Lopez Mateos thus joins a growing list of heads of state Eisenhower has entertained at Camp David, on a mountain peak near Thurmont, Md. The Soviet Union's Nikita Khrushchev and England's Prime Minister Harold Macmillan preceded him in recent months.

★ ★ ★

The Mexican President will leave Tuesday on a tour that will take him to Chicago, New York, Ottawa, Niagara Falls and Texas. Mrs. Lopez Mateos remained in Washington for the weekend.

Students to Learn About Cigarettes and Cancer

BERKELEY, Calif. (AP — Many California high school students will begin learning in classrooms this fall about cigarette smoking and lung cancer.

★ ★ ★

The study will become part of their regular classroom program, the California division of the American Cancer Society said.

The program is the first of its kind in the nation.

★ ★ ★

Dr. Sol R. Baker of Los Angeles, chairman of the society's California State Education Committee, said the program at first will reach more than 30 per cent of the state's secondary school pupils. He said almost all public and parochial high school students in San Francisco and in the Los Angeles metropolitan area will come under the program.

Cancer Society to Study Relationship of Habits

BERKELEY, Calif. (UPI) — A six-year study of living habits and environment of the American people has been announced by the American Cancer Society.

An estimated one million families will be asked to fill out questionnaires during the nationwide study which will be made to determine if living habits and environment have influence on the development of cancer.

Fire Chief White Gives Advice

Here's How to Prevent Serious Fires

Pontiac Fire Chief James R. White today called upon local citizens and civic groups to brush up on simple methods which might prevent damaging fires.

White's appeal came during the city's annual observance of Fire Prevention Week.

★ ★ ★

Discussing replacement costs, the fire chief noted:

"Even in small fires, where the firemen are able to confine the flames to one room, it costs property owners two to three times as much to refurnish the burned-out areas as it did 10 years ago."

The chief particularly emphasized the following points:

1. Great damage to the city is caused by rubbish fires. If rubbish is removed from cellars, attics and closets, fire losses will drop with many alarms eliminated.

2. Buildings classified as conflagration hazards should be protected by automatic sprinklers. Such installations will pay for themselves out of savings in insurance premiums, and, as a result, conflagration areas will be eliminated.

3. Basement fires are the hardest to fight. Firemen have difficulty fighting their way in, and often do not know what the conditions will be when they reach the basement. A large percentage of all business fires originate in basements, and if these also were protected by automatic sprinklers, the nation's nearly one billion dollars in fire losses annually would be greatly reduced!

The chief emphasized the large number of fires caused by carelessness in handling matches and smoking.

"Matches should be kept where small children cannot reach them and a liberal supply of ashtrays throughout the house would reduce fires," he said.

"If you value your life, do not smoke in bed," White warned.

Total Vaccination With Live Virus Is Soviet Goal

MOSCOW (UPI)—A nationwide anti-polio vaccination program got under way in Russia Friday using a serum which Soviet physicians said was cheaper and far more effective than the American Salk vaccine.

★ ★ ★

The Soviet serum was achieved on the basis of one developed by American polio expert Dr. Albert Sabin of Cincinnati, Ohio.

Dr. Mikhail Tchumakov, director of Moscow's Polio Institute, said it cost about half a cent a dose and could be taken orally rather than by injection.

Tchumakov said 20 to 30 per cent of persons inoculated with Salk vaccine still became ill and he implied that commercial rather than medical reasons played a major role in the Salk vaccine's acceptance in America.

★ ★ ★

The Sabin vaccine uses a "live" virus. The Salk vaccine uses a "killed" virus. Western scientists still are debating the two in terms of safety.

Lodge Says Nikita May Be Back in '61

WASHINGTON (AP)—Ambassador Henry Cabot Lodge says it may be in the cards for Nikita Khrushchev to visit the United States again in 1961.

★ ★ ★

"I think it is quite possible that we may be on the threshold of setting up new methods for dealing with each other on international problems," Lodge told a National Press Club luncheon Friday.

"Chairman Khrushchev came here this time. His trip will be followed by President Eisenhower's trip to Russia next year. They may develop ways of dealing with world problems directly on these visits. In that case it may be in the cards to have a return visit in 1961."

Treats England Like a Business Firm

Macmillan Back Running Nation

By JOHN GALE

LONDON (AP)—With hardly a check in his stride, Harold Macmillan went back in his business-like way today to running Britain as a going concern.

* * *

Aristocratic, wealthy and something of a political wizard, the 65-year-old prime minister received an overwhelming mandate from the voters for his policies at home and abroad.

* * *

At home, Macmillan has guided Britain to a peak of prosperity unsurpassed in its history. Prices are stable, jobs are generally plentiful, the pound is strong and there is money around.

He also claims with some justification that his Moscow visit last February started the train of events leading to the thaw in East-West relations.

BRITAIN SPLIT

But it wasn't always that way. Macmillan took office in January 1957 with the country deeply split by the Suez fiasco and his Conservative party showing signs of wear.

* * *

Only an expert touch could have triumphed in this situation. But in a little over two years, Macmillan united his party and placated a majority of the voters.

* * *

He did it by applying a businessman's approach to the needs of the time.

If a trip to Paris, Bonn or Washington seemed called for, Macmillan never hesitated. He went.

When the pound showed signs of strain, he acted, imposing restrictions on credit that were widely unpopular. Under fire from his opponents, he never got flurried. Nor did he ever fail to stand by a political subordinate who slipped up in line of duty.

These qualities undoubtedly had a cumulative effect on the British voter. Macmillan now is as stable a part of old England as Big Ben.

HALF AMERICAN

Like Sir Winston Churchill before him, Macmillan was born of a British-American marriage. His mother was the former Nellie Belles of Indianapolis. His father was Maurice Macmillan, a publisher and amateur musician. They were married in Paris during the 1880s.

When young Harold came of age, he entered the family publishing business. Today it is one of Britain's biggest.

* * *

Eton-educated Macmillan married a daughter of the ninth Duke of Devonshire in 1920 and entered politics four years later as member of Parliament for a northern district.

* * *

But he had to wait until the 50s before he really caught the public eye. As housing minister, he fulfilled a Conservative pledge to build 300,000 houses in a year, a figure then regarded as almost impossible.

AP Wirephoto

WHEN IN SCOTLAND — British Prime Minister Harold Macmillan dons a Tam o' Shanter as he was campaigning in Scotland for his Conservative Party for the election held yesterday. The Scotch headgear was presented him at Stewarton during his election tour.

From then on his rise was assured.

In his electioneering, Macmillan is an aristocrat but no stuffed shirt. When he drinks beer with the locals in a pub, it's not just show. He really likes beer.

* * *

His public speaking is rarely memorable but often witty. He talks from a well-stocked mind, the way you'd expect a publisher to talk.

STAYED PEPPY

And it appears impossible to wear the 6-foot prime minister out. He climaxed his campaign with a whistle stop tour over 2,500 miles of British countryside that left him looking in the pink.

It is barely a month since President Eisenhower ended his visit to Britain, and it's a fair guess that the TV tete a tete between Ike and Mac had at least a slight influence on the voting.

* * *

The two leaders displayed an obvious cordiality and unity. The British - American alliance was seen to be strong and in good working order.

To many British minds, it must have appeared risky to turn the British side of it over to less predictable hands.

Diesel Taxi Engine Is Tested in Detroit

DETROIT (AP) — A new three cylinder diesel engine for taxi cabs is being tested in Detroit traffic by the Detroit Diesel Engine Division of General Motors.

* * *

The company says the engine, which develops 97 horsepower, has been installed in regular service with a Detroit taxi fleet. It marks the first GM diesel installation in a passenger car.

* * *

Preliminary tests show it gets about 24 miles to the gallon of diesel fuel. The fuel is less expensive than gasoline and the engine has a considerably longer life expectancy than a gasoline engine.

Vatican Calls Pay Raise a Drain on the Treasury

VATICAN CITY (UPI) — The blanket wage increase granted to Vatican workers in July is expected to add 50 per cent to the payroll of this tiny city state, it was estimated today.

* * *

Domenico Cardinal Tardini, the Vatican secretary of state, told newsmen the total layout for wages increased from 4.8 to 7.2 million dollars. He said the Vatican may have to reduce its contributions to charity to offset the added drain on its treasury.

Percentage increases ranged from 36 per cent at the bottom of the scale (ushers, whose $82.40-a-month pay was increased to $112) to 12.3 per cent for the highest-paid clerks, whose monthly pay was raised from $299.20 to $332.

$2.5 Millions Aid Refugees

U.S. Gives This Sum Through U.N. Which Had Plan for Year

WASHINGTON (UPI)—The State Department announced Friday that the United States has made available $100,000 to help refugees from the Red Chinese aggression in Tibet.

Another $80,000 was for Chinese refugees in Hong Kong and $150,000 was garnted for "the emergency relief of Algerians in Tunisia and Morocco," the department said.

The department said the $330,000 in refugee aid announced today brings to $2,500,000 the sums advanced so far by the United States for the U.N.-sponsored world refugee year.

"It also brings to over $6,500,000 the sums allocated both in funds and in surplus foods for the relief of the Algerian refugees, the department said.

The $150,000 for the relief of Algerians in Tunisia and Morocco goes through the United Nations' high commisioner. The department said almost all of these refugees are women, children or aged persons.

The U.S. Army abolished flogging punishment in 1861 after public protests.

Indiana Dem Uses His Porch in Campaign

WASHINGTON (AP)—Rep. Randall S. Harmon (D-Ind.), owner of what may be the nation's most famous front porch, figures "it won't hurt anything" and "I'll give people something to think about" if he enters the presidential race.

He wasn't sure about entering his name in preferential primaries in various states. The Harmon for President Club is pondering that, he told a reporter.

* * *

The club was started earlier this year by friends of the freshman congressman in North Vernon, Ind.

Club members carry a card with Harmon's picture saying: "This certifies that (name to be filled in) is a member of the Randall S. Harmon for President club. He brought back the front porch."

Harmon said he understood they were going to change the slogan to read: "Lay all your troubles on the old front porch."

Camp Officials Decide Against Wild Blueberries

WATERTOWN, N.Y. (AP)—Authorities at Camp Drum, a National Guard training area, have made a hard choice: Loss of blueberries to get rid of mosquitoes.

The "mosquitoes or blueberries" decision was prompted by a plan to spray the camp area with an insecticide which makes the acres of wild blueberries unfit for human consumption.

ULTIMATE IS BEYOND

J. L. VOORHEES

All of us have said, "I can't do anymore." It is surprising how frequently we go far beyond our imagined endurance. We reach one goal only to set it further away, then reach it. The ultimate of human endeavor is beyond our present horizon; no matter how unattainable a goal may seem it will be reached — and passed e.g., the balloonist never dreamed of Jet Propelled plains, captain of a sailing ship would have snickered at the mention of present day Ocean Liners, the Cave man and his crude drawings would have reached for his club if someone had mentioned a newspaper.

M. E. SIPLE

We are not a static people, give us a hopeless job — and we do the impossible. As long as we are free our ultimate is beyond our vision but not our imagination; we'll continue to knock down barriers. The ultimate of our attainment is as far away as the goal of the Cave Man. And we'll pass it.

Death Driver Had Bad Record

Trucker Who Slammed Bus in Jersey Charged With 10 Violations

NORTH BRUNSWICK, N.J. (AP)—Ten traffic violations mark the record of the trucker who slammed into a bus Fiday and turned it into a human bonfire.

Roscoe Poe, 54, Brooklyn, N.Y., was pried from the cab of his blazing truck on Rt. 1 here with his leg torn and his body burned.

The bodies of nine girls and a history professor, out of 41 bus passengers returning to Trenton State College after a night at a New York theater, were so badly charred it took eight hours to know who they were.

★ ★ ★

As Poe lay in fair condition in a Middlesex General Hospital bed, authorities went through his record. This is what it showed:

Two convictions for speeding in New Jersey, one of them a few miles beyond the disaster scene on the same highway.

Five tickets in New York for passing a red light, passing another electric signal, defective truck lighting, not keeping to the right and failing to obey a policeman's directions.

★ ★ ★

Three warnings in Pennsylvania for speeding, passing a red light and having no rear truck lights.

Poe, who faces a mandatory charge of causing death by auto, could not be questioned by police because of his injuries.

Despite his past arrests and traffic violations, Poe's license was never revoked under New Jersey's point system because the convictions were more than three years old.

Over-All U.S. Crop Could Crack Record

WASHINGTON (UPI) — American farmers will break all production records this year if nature continues to cooperate in the fall harvest.

The all-crop production index rose to 118 per cent of the 1947-49 average on the basis of Oct. 1 crop conditions and now equals last year's peak mark.

This could foreshadow a record farm output this year since livestock production already is running ahead of the record 1938 pace.

The corn crop was estimated at a rscord - breaking 4,429,154,000 bushels, compared with 4,381,772,000 bushels in September.

The wheat crop was estimated at 1,117,430000 bushels including 909,333,000 bushels of winter wheat and 208,097,000 bushels of spring wheat.

Corn prospects edged up one per cent during September and now stands nearly 17 per cent above last year's all-time high.

The cotton crop improved slightly, along with spring wheat, sorghum, rice, dry beans, sugar beets and hay.

Peru produces more than half the world's vanadium—a metallic element to increase tensile strength in alloy steel.

Protection From Tourists

British Guards 'Jailed'

LONDON (UPI) — The scarlet-coated guardsmen at Buckingham Palace will be put behind bars to protect them for teasing and heckling by tourists, it was announced Friday.

★ ★ ★

It was the first major change in the guarding of the palace since it became a royal residence in 1837, and it followed a series of incidents involving guardsmen and tourists.

Effective Oct. 17, sentries will be mounted inside the forecourt in front of the building, the War Office said.

This will put them behind the high iron bars of the fence surrounding the palace. Tourists will be able to see—but not touch.

★ ★ ★

Until now, the guardsmen had paced from their little wooden guardhouses outside the forecourt. Tourists could come up close to them.

Offically, the reason for putting the ramrod-stiff guardsmen behind bars was "the number of people outside the palace is so great that it has become impossible for the sentries to patrol their beats in a proper manner."

But during the current tourist season, there have been a number of most un-military capers outside the palace, where the guardsmen must stand immobile, not moving a muscle, when not pacing.

Solemn Jewish Day Begins Tomorrow

NEW YORK (AP)—Yom Kippur, most solemn day in the Jewish calendar, begins at sundown Sunday for members of the faith throughout the world.

Its name means Day of Atonement.

The Bible calls for its observance as a time of fasting, self-examination of one's deeds for the last year and prayer for forgiveness and moral improvement.

The final service at dusk Monday depicts the closing of the gates, a last call to prayer and rededication. The fast is officially over with a single blast from the shofar, or ram's horn, at nightfall.

Kassem Goes on TV to Ease Iraqi Anxiety

BAGHDAD, Iraq (UPI) — Iraqi Premier Abdel Karim Kassem made an appearance on television last night to assure his anxious countrymen he is recovering from wounds suffered Wednesday when an assassin shot him three times.

It was learned for the first time last night that the driver of Kassem's station wagon was killed in the ambush in busy Rashid street and the Premier's aide-de-camp wounded.

Six More Polio Cases Reported in Michigan

LANSING (AP)—Six more cases of paralytic polio were reported to the State Health Department this week, raising the total for the year to 99.

Three were reported in Genesee County and one each in Calhoun, Ingham and Kent counties.

In the same week a year ago, 36 cases were reported and the total for the year stood at 437.

Space Project Already Set Up

AF Test Chief Says Contracts Awarded for Manned Vehicle

BEVERLY HILLS, Calif. (UPI) —The head of the Air Force's flight test center says contracts already have been awarded for Project Dynasoar — a manned orbital vehicle that will be shot into space by a ballistic missile — but the Defense Department has not yet made the public announcement.

★ ★ ★

Lt. Col. Harold Russell made the statement yesterday at a press conference before he was scheduled to deliver an address to the Society of Experimental Test Pilots.

But he never got a chance to deliver the paper. Washington ordered his paper held up because of security reasons.

Russell, head of the manned spacecraft section of the flight test center at Edwards Air Force Base, Calif., also disclosed pilots for the radical new project now are being selected.

★ ★ ★

The plane — or spaceship — would be thrown into space through use of an Atlas missile or possibly a Titan.

It, in theory, would climb into the vacuum of space where it could glide almost indefinitely.

This vantage point — plus the fact that Dynasoar calls for the pilot to have considerable control —makes the project one of the most important being considered to pilots who rebel at the Mercury capsule concept where the pilot has little control.

U.N. Group Favors Full Tibet Debate

UNITED NATIONS, N.Y. (UPI) — The General Assembly's Steering Committee voted Friday night to recommend a full debate on Red China's suppression of human rights in Tibet.

The vote was 11 to 5 with 4 abstentions.

The Steering Committee recommended that the demand of Ireland and Malaya for action on charges of trampling human and religious rights in the Dalai Lama's mountain kingdom go directly to the full assembly without preliminary consideration in committee.

New Lighting to Allow Night Passage of Panama

HENDERSONVILLE, N.C. (AP) —Regular night passage of ships through the Panama Canal will start next spring with the installation of 1,300 fluorescent lighting fixtures.

French Author Again Wrecks Good Idea

By JACK GAVER
UPI Drama Editor

NEW YORK — France's celebrated all-round author, Marcel Ayme, has a fine antic sense of humor as a playwright, and I wish that just for once he would keep it from getting fouled up with allegory, moralizing and all that jazz.

★ ★ ★

"Moonbirds," presented at the Cort Theater last night, follows his "Clerembard" here by a couple of seasons.

Both have the merit of sharply humorous observations on the human rat race, but they also are afflicted with a sort of phony profundity.

By that I do not mean that Ayme is not a sincere writer.

★ ★ ★

But he gets involved in such fantastic gymnastics that tricks overshadow substance.

Before "Madame Butterfly" was made into an opera by Puccini, it was a serious play without music written by David Belasco.

It Seems to Me . . . .

Why Can't Local Competition Be Civic Attraction of Year?

This newspaper wants to promote a football contest between Pontiac Central and Pontiac Northern as a great civic event.

Ultimately, we envision a game with seats between the 40-yard lines selling for several dollars apiece and the stadium packed. Players lucky enough to appear for a single minute would receive a special award, if amateur rules permit.

★ ★ ★

Dana P. Whitmer, Superintendent of Schools, says cautiously that he's "in favor." There are a few conflicts that loom up, but the future may iron these out.

"First," says he, "we need the revenue from all of our football games to help pay for the general athletic program and thus we should not surrender the 'gate.'"

O.K., Mr. Superintendent, we respect that and perhaps a program could be worked out in which the two schools were given some percentage of the total, with the balance going to civic or charitable purposes.

★ ★ ★

The PRESS ran the Golden Gloves for several years and memory says we turned two or three thousand dollars over to laudable purposes every year.

I envision a similar program here.

Is the community receptive?

★ ★ ★

This game might ultimately stand as the BIG game for each school. That's true now in Flint. Northern and Central play their regular schedules and then meet Thanksgiving Day for the "City Championship."

That's the pinnacle.

Both teams are red hot.

Atwood Stadium sees the biggest crowd of the year and the most excitement. It's a gala occasion. "Everyone goes."

★ ★ ★

I don't anticipate peak interest, peak performance and peak attendance at the start, but several years down the road our community might jam Wisner Stadium for the "City Championship." Playing in this game would be a top honor. We could have a "Miss Northern High" and a "Miss Central High," complete with courts of lovely maidens. We could ultimately have parades, bands and flags.

★ ★ ★

The PRESS somewhat favors a Thanksgiving date, but Superintendent WHITMER suggests October and The PRESS is quite willing to go along with the Superintendent if logic places the battle then.

Without warm local support and enthusiasm, the game would be "just another contest" and the community wouldn't benefit appreciably.

Does the ideal appeal?

More Ideas on Russia

Here are some interesting excerpts from the observations of the Marquis DE CUSTINE, on Russia.

★ ★ ★

"What could be the object," Custine asked, "of a society committed to murder in cadence and dedicated to conscientious crime? Even if it were to produce a revolution, the massacre would be relegated like the movements of a regiment."

★ ★ ★

Further he said:

"Unfortunately, this savage has firearms, and the soulless fight well . . . . . Such a social organization produces a fever of envy so violent . . . . . ambition so constant, that by now the Russians must be inept in everything but the conquest of the world . . . . . Without this ulterior design, the history of Russia seems to be an inexplicable enigma."

After more observations he concludes:

"The Russians wish to rule the world by conquest. They mean to seize by armed force, the countries accessible to them and thence to oppose the rest of the world by terror . . . . . The spectacle of this society . . . . . frightens me . . . . . They have a deadened moral sense."

And now for the most interesting observation of all.

These words were penned in 1839, just 120 years ago.

Prophetic?

And in Conclusion . . . .

Jottings from the well thumbed notebook of your peripatetic reporter:

This is only the second time in 10 or 12 years I've missed a few games of the World Series. That's quite a record for a man beset with toil, turmoil and trouble. I didn't figure to miss this year, either, for I was in San Francisco when the games were played in Los Angeles, and earlier it looked as though Frisco would be in the series . . . . . They tell me CASTRO seized 70 yachts belonging to BATISTA supporters and will rent them to fishermen . . . . . Uncle MATT suggests Chicago grew so fast because of the big stork yards . . . . . Highways and Byways says the only thing in the world that loves you more than it loves itself is your dog.

★ ★ ★

John Sanford declares an argument develops as to whether Washington or Lincoln was the taller. George is set down as 6-4½ and Lincoln as 6-4. "Either one would have strengthened the Tigers at first base." . . . . . Jean Paul Getty, richest man in the world, has been married five times and hasn't been home (USA) in eight years . . . . . Johnny to teacher: "Pop says if I don't get better grades, someone's gonna get licked. Are you scart?" . . . . . Juvenile delinquency in Puerto Rico is low, but too many young Puerto Ricans here seem to run amuck. Is it because they're punished swiftly and surely at home and here they look on our law with contempt?

"Happiness depends on how we feel towards what we have. You can be happy with a little—or miserable with a lot."—Hoard's Dairyman . . . . . Definition of a confirmed bachelor: "Man who goes to a drive-in theater on a single seat motorcycle." . . . . . Biggest current sport swing is in bowling. 22 million people take part with housewives contributing the bulk of the current advance. The total national gross is about a billion dollars. That's heavy sugar . . . . . Swimming pools follow bowling in the upsurge. We have 70,000 new ones this year and the annual total is 800 million. Personally I swim at the "Y" for just a few bucks . . . . . Add foreign made items that are underselling U.S.: glass of many descriptions, and the quality is top hole . . . . . My gal APRIL tells me DONNA BROOK should be nominated as an especially attractive Pontiac young lady. Nomination hereby made.

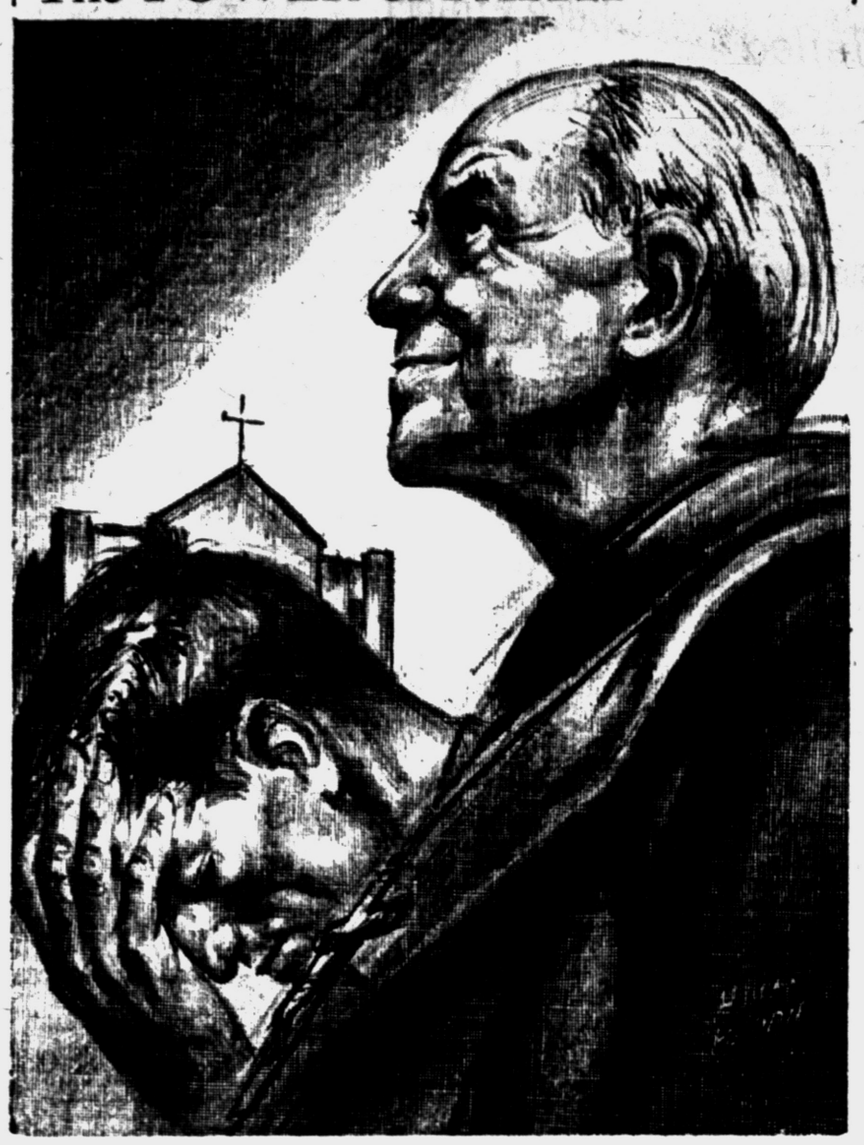
The POWER of FAITH

by Howard Brodie



Father Paul James Francis knelt on the summit of a mountain overlooking the Hudson River at Garrison, N. Y. and dedicated it to the service of God. He called it the Mount of Atonement. On it he founded a religious society 60 years ago.

First from a leaky shed, he and his fellow friars and sisters administered to the physical and spiritual needs of the destitute men who climbed the mountain and asked for help. None was turned away. Sometimes the last piece of bread was shared with an unfortunate.

Father Paul has passed on but his charity lives today. Between the impressive buildings of Graymoor's summit monastery and valley convent, big St. Christopher's Inn stands in place of the shed and its door is open to all regardless of race, color or creed.

Days of All Faiths

Festive Days Follow Solemnity

By DR. HOWARD V. HARPER

Yom Kippur, the Jews' most sacred day, and Sukkoth, their joyous harvest festival, fall five days apart—on the 10th and 15th of Tishri, respectively. It often happens, therefore, that they come within the same calendar week, and that's how it is this year: Yom Kippur on Monday and Sukkoth on Saturday. Within our space limitations there is room only to tell you a little about each of these big festivals: their origin, meaning and observance.

YOM KIPPUR

The solemn petitential season that began Oct. 2 on Rosh Hashonah reaches its culmination Monday, Yom Kippur. This is the Day of Atonement, the "Sabbath of Sabbaths." In Leviticus, chapter 16, verses 29 and 30, God spoke to His people and said, "In the seventh (Tishri) on the tenth day of the month, ye shall afflict your souls, and do not work at all . . . For on that day shall the priest make atonement for you, to cleanse you, that ye may be clean from all your sins before the Lord."

The intention of setting aside a day of rest and forgiveness is perfectly clear here. The only thing that needed interpretation was "ye shall afflict your souls," and this the rabbis construed to mean abstinence from all food and drink. Yom Kippur is the strictest fast of the year. Not even a drop of water is taken.

One of the chief features of the day's observance is the general concern about restoring friendships and wiping out the insults and injuries that have separated people over the past year. On the eve of Yom Kippur there are many reconciliations, much peace-making.

★ ★ ★

Another detail related to the general theme of forgiveness is the Kol Nidre (all vows) chanted before the evening service. It is a formal abrogation of all vows that during the past year have been made involuntarily or irresponsibly—that is, under external pressure or undue emotional strain.

The memory of the departed figures prominently, too. In the home a memorial light burns in their honor and a memorial service is part of the day's ritual in the synagogue.

SUKKOTH

After the long, solemn soul-searching of Rosh Hashonah, the Days of Awe, and Yom Kippur, it is only natural that the next holiday should have a lighter tone. Next Saturday on the 15th of Tishri, begins the nine-day period called Sukkoth, which, although it has its own serious meaning nevertheless could not avoid being a letdown after the High Holidays.

Sukkoth has two meanings, one historical and one related to the cycle of nature. The first has to do with the 40 years the Jews spent wandering about in the wilderness after their escape from Egypt. All through those years they lived in "Sukkoth," or "booths"—temporary shelters.

This festival is a reminder to modern Jews, living mostly in comparative security, of the uncertainty and insecurity of life. The flimsy booth is the symbol of man's utter dependence on God's protection.

★ ★ ★

In Leviticus, chapter 23, verses 42 and 43, the festival of Sukkoth is ordered by divine command: "Ye shall dwell in booths . . . that your generations may know that I made the children of Israel to dwell in booths when I brought them out of the land of Egypt."

Dr. Brady's Mail Bag:

Better Pay No Attention When Friends Criticize

I am nearing 65. I walk at least three miles a day, briskly. I eat biscuits made of home ground whole wheat, and like 'em fresh or hard and stale. Never need a laxative. Take at least 1½ pints of milk daily, do belly breathing, the exercises you recommend in the Seven Keys to Vite . . . . .

(T. McD.)

DR. BRADY

Ans. — If your friends know about your routine probably many of them regard you as a nut. That's the usual attitude of the decrepit. The complete routine is given in the booket The 7 Keys to Vite, for which send me 35c and stamped, self-addressed envelope.

What to do for a 6-weeks old baby that has what we think is a bad case of colic, from 5 p.m. to 10 or 11. Nothing seems to help but to hold and cuddle him. (Mrs. J. C.)

Ans. — Feed the baby a teaspoonful of ripe banana at 9 a.m. and at 3 p.m., and once a week double the amount of banana. Perhaps you need The New Brady Baby Book — send me 35c and stamped, self-addressed envelope for a copy.

My husband's work requires that we move about considerably. So far we have found four hospitals where the husband is allowed to remain with his wife during the birth of their baby . . (Mrs. V. S.)

Ans. — "Allowed?" It should be ENCOURAGED.

I did play a lot of hand-ball but not in the past 14 years. I am 42 now. Would it be dangerous for me to play hand-ball again after such a lapse. (T.H.)

Ans. — Not if you train for it leisurely and do not attempt any strenuous play right off the bat.

At first I was sure you were wrong about "nerves" but I sent for "Nerves and Nutrition" . . . blessings on you . . . have seen two miraculous recoveries . . . (Mrs. R.L.)

Ans. — The "weak nerves" obsession does a lot of harm. Send me 35c and a stamped, self-addressed envelope for the booklet "Nerves and Nutrition."

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Follow Rules for Long-Range Win

In her self-pity, Nell acted juvenile and berated the rule book for romance: She needs to read the book of Job, in the Bible, and so do all of you teen-agers who think you must be rewarded every time you do the right thing in life. Discuss this case in Sunday School tomorrow.

By DR. GEORGE W. CRANE

Case C-466: Nell D., aged 20, is a coed who came to me in tears.

★ ★ ★

"Dr. Crane," she began, "I am the victim of my own moral principles.

DR. CRANE

"For I was in love with a senior in college. We had planned to get married after he graduated.

"But while I was home attending my father for a couple of weeks while he lay at death's door from a heart attack, one of my supposed girl friends dated my sweetheart.

"And she entered into illicit relations with him. After he found out that she was pregnant, he confessed the affair to me, and said he felt he owed it to her to marry her, which he did.

★ ★ ★

"She didn't play the game of love according to the rules, did she, Dr. Crane? Yet she won my fiance!

"And I, who played according to the proper code, lost. So what's the use of being moral and following the established rules?"

FOLLOW THE RULES

So I explained to Nell that we are not supposed to be rewarded every time we follow the rules.

Even in baseball, one team always loses, though it still obeys the baseball rule book!

In the Bible, too, the case of the prophet Job was cited to show that sometimes a person loses the big prize in life, even though he plays honestly and properly, as per the rule book.

Circus trainers reward a pet seal or dog after every correct performance.

And that is also good policy in starting a child on the proper habits of piano or violin playing, washing its teeth or telling the truth.

★ ★ ★

But when we reach adulthood, we are supposed to realize that moral human beings should follow the rules just because that is the best long range policy, even though we meet temporary set-backs.

Jesus thus stated "God maketh his sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust."

And Christ Himself followed the rules, even though He ended on a Cross!

So act like adults and quit indulging in self-pity, or juvenile cry-baby stuff by saying:

★ ★ ★

"I lost, so what's the use of being good?"

Grow up and act like adults in this life!

CHEATING FEMALES

A lot of unscrupulous women are roving the streets who aren't classified as prostitutes or call girls.

They are the ones who have little sense of sportsmanship, for they will undercut their own sex and thus try to win husbands away from their wives and children. They will also steal fiances from sweethearts like Nell.

They usually get their punishment, however, for a man who can be won away from a girl like Nell, can be won away much more readily from a cheater like the girl he married.

★ ★ ★

So that girl will shed a lot of bitter tears before she is probably 10 years older.

And Nell may have been saved a lot of similar misery, for it is better to lose your man before the wedding than afterwards, as divorcees so widely attest.

Besides, I helped Nell meet a

wonderful man through our Scientific Marriage Foundation, and she is now very happily married.

★ ★ ★

Send for the "Tests for Sweethearts," enclosing a stamped return envelope, plus 20 cents (nonprofit). They give you the proper rules for romance!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Is Business So Bad That Builders Must Do This?'

Cheapening of what builders offer the buyer is increasing at an alarming rate. Several years ago they started building houses without basement, installing hot air registers near the ceilings, which meant cold floors, uneven heat, unhealthy living conditions, higher fuel bills, but more money for the builders.

★ ★ ★

The latest cheapening is the no-window-on-either-side type of house, the dividing of a two-bedroom space into three and building a full basement to cover up these defects.

★ ★ ★

Should the prospective buyer mention windows, he's told "They're building them that way nowadays" in a tone that implies that if one is buying a 1959 home, he doesn't want 1940 styling. The builder says in effect that bedroom ventilation on hot nights, cross circulation, natural daylight and sunlight, so essential for health, are passe, and he doesn't mention germs that linger in houses after illness because of a lack of means to "air out" the houses.

Certainly, business must be in a bad way for builders.

Accuses Writers of Distorting Facts

Quotes have appeared in David Lawrence's column diametrically opposite live TV and radio broadcasts. During K's visit, I heard his interpreter live. The next day his quotations were distorted. Immediately following the broadcasts so-called interpreters twisted his words out of their original meaning. At whose direction?

So called interpreters of the news—Lawrence, Fulton Lewis, Ruark, Gallup—know on which side their bread is buttered.

Symphony Season Begins Here Tuesday Evening

The Pontiac Symphony Orchestra, under the direction of Francesco di Blasi, begins its seventh season next Tuesday evening, Oct. 13. The concert, which starts at 8:30 will be given in the auditorium of Pontiac Northern High School.

The first half of the program will be devoted to orchestral works: Clark Eastham's "Overture"; Sibelius' tone poem, "Finlandia"; Chopin's "Polonaise Militaire"; and Ponchielli's "Dance of the Hours" from his opera "La Gioconda."

★ ★ ★

The "Overture" was written in 1957 and first performed by the Kingsport Symphony Orchestra. In 1955 the Pontiac Symphony commissioned Mr. Eastham to write a work for them. His resulting "Prelude for Orchestra" was given its first performance here that year.

Mr. Eastham was a pupil of Roy Harris and Ernst Krenek. His works have been played by leading American orchestras. For many years he has made his home in Royal Oak.

FEATURE 'TOSCA'

The compelling music of the second act of Giacomo Puccini's popular opera, "Tosca" will be featured in the second half of Tuesday's program.

The recent rehearsal gave every indication that the production next week will be exciting both musically and dramatically.

The second act of "Tosca" takes place in the apartment of Baron Scarpia, chief of police in Rome. The action centers around Scarpia's arrest of Floria Tosca's lover, Mario Cavaradossi, who has helped the political prisoner, Angelotti, to escape.

★ ★ ★

When Cavaradossi is brought in, Scarpia orders that he be tortured to reveal where Angelotti is hiding. Cavaradossi is then taken into another room out of sight of Tosca, but the sound of his anguished cries frightens her into revealing Angelotti's hiding place.

★ ★ ★

She then bargains with Scarpia for Cavaradossi's freedom. He finally agrees to provide the lovers with a letter of safe conduct that will assure their escape from Rome. When he has finished writing it, he turns to embrace Tosca and force her into keeping her part of the bargain. Overcome with loathing, she seizes a knife and stabs him.

HIGHLY PRAISED

Maria Roumell will sing the role of Tosca and Nicholas Billardello that of Baron Scarpia. Two years ago when Mr. di Blasi conducted "Tosca" at the Ford Auditorium in Detroit, Miss Roumell and Mr. Billardello were the featured soloists. Their performances were highly praised by the critics.

The role of Mario Cavaradossi will be sung by Jonathon Swift, a young American tenor who has studied and performed in the United States and France where he was a Fulbright scholar.

The opera will be staged and directed by Stuart Piggins who will also narrate Tuesday evening's performance.

★ ★ ★

Mr. Piggins has been associated with Detroit musical groups for many years. Most recently he was the assistant conductor of the St. Louis Municipal Summer Opera.

The off-stage chorus is made up Pontiac singers Joseph Davis Jr., A. Michael Dempsey, Rose Jorgensen, Melvin Larimer, Jerome Libby, Mary Louise Lindquist, Victor Lindquist, Jean Putnam, George H. Putnam and June Roberts.

Tickets for the concert may be purchased at the door. A coffee hour will be held after the program so the audience may meet the soloists, members of the orchestra and the conductor.

Tee Golf Club Has Banquet

Thirty members of Tuesday Tee Golf Club assembled Tuesday evening for the club's annual banquet at Villa Inn.

★ ★ ★

Chairman of the event was Mrs. Arnold Bentham, assisted by Mrs. Harold Titus, Mrs. Warren Dubay and Mrs. Morris Beedle.

★ ★ ★

Mrs. Richard Robertson, golf chairman, presented prizes and awards.

★ ★ ★

First prize in championship play went to Mrs. Delbert Hammett, second prize to Mrs. LeRoy Johnson, and third prize to Mrs. James Vallins.

★ ★ ★

Mrs. Bentham won first flight award. Second place was won by Mrs. Dubay and third place by Mrs. Larry Retzlaff.

Second flight awards went to Mrs. Richard Shaul, first; Mrs. Clifton Ashley, second; and Mrs. George Roberts, third.

★ ★ ★

Winners of third flight awards were Mrs. Morris Beedle, first; Mrs. Harold McDonald, second; and Mrs. Frank Lewis, third.

★ ★ ★

Gifts were presented to the retiring officers.

Can't Tell Your Guests to Go Home

By EMILY POST

"Dear Mrs. Post: The other evening my husband and I asked some friends in to play canasta. We played two games. At the end of the second game I was ready to put the cards away and serve refreshments. However, one of the guests suggested that we play another game. Not wanting to be rude I said all right, and so we played another game.

★ ★ ★

"By the time the third game ended and the refreshments were served, it had grown quite late — much later than I like to stay up. I would like to know if it would have been proper to say "no" when this guest suggested playing a third game?"

Answer: If they were intimate friends and you were really very tired, you certainly could have said, "I'm awfully tired tonight let's not play any more," or "Jim has to get up so early, I must get him to bed." But if they were more or less formal friends and apparently wanted to play, there was nothing for you to do but play.

"Dear Mrs. Post: My mother died recently and while acknowledging flowers and other kindnesses sent me, I came across a mass card that was unsigned. I have in mind two people who might have sent this card. What would be the proper procedure in finding out who sent it without embarrassment to anyone?"

Answer: If the church is not able to tell you who sent the mass card you will have to wait in hope that the person who failed to sign the card will ask you if you ever received it.

"Dear Mrs. Post: Will you please tell me if it is proper to hold a tea or coffee cup with the little finger held out and curled at the end? I have a friend who does it and thinks it is quite the thing. I think it is affected and in bad taste."

Answer: You are quite right, in fact the mannerism you describe is often cited as an example of most affected bad taste.

She Won't Know if You Don't... Abby

Few Tricks Can Put Her to Pasture

By ABIGAIL VAN BUREN

DEAR ABBY: Boy, have I got a problem! I am 26, my husband is 33, and my "problem" is his 41-year-old female boss. She is an overweight bleached blonde who wears her clothes so tight she looks like a stuffed sausage.

ABBY

No matter where my husband and I go, this blonde cow is there. It is more than a coincidence because we haven't gone out in the past six months without "running into" her.

She moves right in and spends the whole evening talking to and dancing with my husband. I might as well not even be there. I am getting sick of this. My husband claims he doesn't know how she gets into the act. Please help me before I get jailed for assault and battery and disturbing the peace.

FIGHTING MAD

DEAR FIGHTING: If you want to keep this woman out of the act, you'll have to find a new location. Make your plans on the spur of the moment, and then pick an out-of-the-way spot. If no one knows in advance where you'll be — neither will she.

★ ★ ★

DEAR ABBY: My friend and I get along very well but I need your help on something.

Whenever she is talking to me, in order to express herself either more clearly or emphatically, she hits me on the arm. I don't think she realizes she does this. I have painful bruises after spending a few hours with her.

Is there any way I can get her out of this habit without telling her outright?

BRUISED

DEAR BRUISED: What's the matter with telling her outright? You can be quite loving in spite of your frankness. If she's bruising you accidentally, she'll want to know.

★ ★ ★

DEAR ABBY: We have been married for seven years. We have never been fortunate enough to have our own children, although the doctors have told us that we are both physically able.

We have talked to the Child Welfare people and they say they don't adopt children out. They just place a foster child in your home. But we are afraid it would hurt too much to take a child and then, after getting attached to it, have to give it up. We don't have much money, but we could give a child lots of love and a good, happy home. Can you help us?

LOVES CHILDREN

DEAR LOVES: If you have a Family Service Assn. in your community, contact them. If not call your Chamber of Commerce and ask them to put you in touch with the adoption agencies in or near your town.

★ ★ ★

CONFIDENTIAL TO MRS. D. D. G.: Would you allow your child to eat garbage? Then why do you permit her to read such trash? Replace those 4-letter-words with another 4-letter-word—"Love" — and give her something worthwhile to read.

★ ★ ★

What's your problem? For a personal reply, write to Abby, care of this paper. Enclose a stamped, self-addressed envelope.

Play Role of Friend to Grown Up Child

By RUTH MILLETT

How does a parent let his child know that he realizes the child is finally grown-up? He does it in many little ways, all of them important in establishing a new relationship of equality.

The parent doesn't offer the grown son or daughter advice unless it is asked for. And then it is given in a "take it for what it is worth" manner instead of with the old, parental, "do it because it is right" attitude.

The parent stops criticizing and trying to improve the child, knowing that the time for molding of character or personality is past.

The parent treats his son's or daughter's ideas with respect, instead of dismissing them as nonsense if he doesn't happen to agree. He may say, "I don't agree," but he doesn't try to force his ideas on the son or daughter.

The parent no longer had to pretend to be all-knowing. He can begin to relax and admit he is as prone to error as the next person.

The parent gives up trying to influence his child by showing displeasure.

The parent doesn't criticize his son's or daughter's choice of friends. He may be more enthusiastic about some than about others, but he keeps his criticisms to himself.

The parent doesn't try to make life easier for the grown child by taking on his responsibilities, financial or otherwise. He stands ready to help, if he can, in a crisis, but he doesn't feel the child who is grown and on his own has to have his constant help.

The parent, in short, stops acting like a parent and begins to behave like a friend.

Law May Slap a Ban on Skinny High Heels

MOBILE, Ala. (AP) — Women who "hobble down city streets in heels three and four inches high and no larger than a cigarette" will have to practically flat-foot it around town under a proposed city ordinance.

★ ★ ★

But the three male city commissioners who thought up this ban on fashionable feminine footwear entertain no delusions about their ability to deal with an aroused female citizenry.

Enforcement of the $5 fine provided for violation will be lax — let's say extremely lax.

"We don't expect to make any arrests as the purpose of the law will be to make women responsible for accidents which happen while wearing the illegal shoes," the commissioners said.

★ ★ ★

The shoe ordinance, to be adopted Tuesday unless the commission gets cold feet, was prompted by approximately 50 injury lawsuits against the city in the past two years.

The commission blames the high, thin spike heels for women falling on sidewalks, causing "broken arms, skinned noses, twisted legs and loss of dignity." The narrow spikes tend to get caught in joints of cement on sidewals and in gratings.

So here it is girls — no heels more than one inch high that are less than one inch in diameter.

★ ★ ★

The commissioners said they have no objection to women wearing the slim heels at home or at parties or dances. Neither will they ban the sale of the spike heels.

Buttoned from waist to shallow lapels is Adele Simpson's new longer jacket for a two-tone gray tweed suit. The small V neckline is filled in with a red and gray printed silk surah ascot.

Remodel Basket

If you have a handy clothes-basket at home, make it look like new. Sand away wood splinters and cover the area with shellac. This will cut down on tearing clothes placed in the basket.

To Locate Leak

To locate a leak in a gas pipe, brush it with thick suds. If a hole is present, escaping gas will cause bubbles to form at the leaky spot.

Mollie Parnis captures the sheer beauty of it all in one of the most gala dresses of the season. With only six basic pieces in the pattern, it is easy to make up in diaphanous fabrics or very thin crepe — and it is lined throughout. The double fold collar with a little extra width at the shoulders is cut on the bias, and the four gored skirt is softly gathered into the waist and emphasized with an important belt.

From this size chart select the one size best for you.

Sizes	Bust	Waist	Hips Inches	Length From Nape of Neck to Waist
8	33	23	34	16¼
10	34	24	35	16½
12	35	25	36	16¾
14	36½	26½	37½	17
16	38	28	38	17¼

Size 12 requires 6⅛ yards of 50 inch material for dress and 2* yards of 42 inch material for lining.

Flabbiness Starts Early

Exercise Those Arms!

By JOSEPHINE LOWMAN

There are several spots in which age first shows in a woman. Of course this varies with the individual but as a rule the chinline, the thighs and the upper arms are the culprits.

I am not talking about overweight now because women who have very good figures must fight these enemies. For instance, I have a letter from a reader before me which says, "I am only 45 and I feel young and look young, but I am becoming very self-conscious about my flabby upper arms. They are not fat but when I lift them sideways at shoulder level and shake them, I mean they shake! What can I do about this?"

THE ANSWER

This reader gave herself a very rugged test because I believe that practically any arm would shake past the age of 30. You would have to be in good condition to avoid it.

This is a real problem for many women. Consistent special exercises can be of great help. Of course sports are good for this: golf, tennis, and especially swimming. If you cannot swim in a pool this winter, you would profit by some of the arm movements involved in swimming. The side stroke is a good one for exercising the arms.

This exercise is in my leaflet No. 11: Stand erect. Swing the arms upward and forward to shoulder height, shoulder width apart, elbows straight, palms facing. Now swing the arms down and back vigorously, turning the palms backward. Continue swinging the arms down and back.

BEST EXERCISE

Now I must give you an exercise which I have given in this column several times because I think it is the best for what ails you. Stand facing someone.

Both of you lift your arms sideward to shoulder height position. All four elbows are straight. You place the palms of your hands on the other's hands. If there is a difference in arm length, then place your palms on the wrist or arm of your helper.

You press down hard and slowly toward the floor while your partner resists that pressure. Relax. Continue. This really hits your arms where they need it.

If you would like to have my leaflet of exercises for the arms, let No. 11 to me in care of this newspaper. Send a stamped, self-addressed envelope with your request for leaflet No. 11 to me in care of this newspaper.

The condition of your upper arms is vitally important to you. If they are flabby, it is a sign of aging.

Minister Giving Talks to Men at Kirk in the Hills

Dr. Harold C. DeFindt is giving a series of talks to men at 7 a.m. each Wednesday through Nov. 18 at the Kirk in the Hills, W. Long Lake road, Bloomfield Hills.

The theme of his talks is "Types of Men." They are designed to help men understand themselves, to work more effectively with men of different dispositions, to appreciate the potentialities in all kinds of personalities, and to discover how God can use any type of temperament, he said.

★ ★ ★

"The Quiet Type" will be his topic Wednesday morning. Other titles include "The Temperamental Type," "The Methodical Type," "The Skeptical Type," "The Mercenary Type" and "The Ideal Type."

Following the services, coffee and rolls will be served.

When men speak ill of you, live so that nobody will believe them.

Day of Atonement to Start With Supplication, Song

The Day of Atonement or Yom Kipper will begin Sunday evening and last through Monday. Considered the holiest day of the Sewiski Religious Calendar, it is marked by fasting.

REV. CLETUS FRANKLIN

Revival Meetings at Parkdale Church

Conducting evangelistic services at the Parkdale Church of the Nazarene is the Rev. Cletus Franklin of Oden, Ind. Meetings began Wednesday and will continue through Oct. 18.

The time is 7:30 every night this week.

A minister and evangelist for 14 years, the Rev. Mr. Franklin has held pastorates in Indiana and Illinois and assisted in the organization of seven new churches.

The evangelist also conducts camp meetings and youth revivals.

Worship commences with the singing of the celebrated humn, "Kol Nidre." It is a petition for divine forgiveness and impulsive resolutions.

The theme of the service is the necessity to make amends for hurt, caused by the worshipper. Music, supplications and sermons center about this major theme.

All during the following day Jews offer personal prayers for forgiveness, past faults and determination to rectify errors.

TEMPLE BETH JACOB

Reform Jewish services will be held at 8:30 p.m. Sunday at Temple Beth Jacob, 79 Elizabeth Lake Rd. with Rabbi Nathan Hershfield speaking on "Whisper Man. Whisper."

The theme of his sermon Monday morning will be "The Fourth Dimension." A children's service is scheduled for 2 p.m. and the concluding service for the Day of Atonement will be ~~held at 5~~ p.m.

★ ★ ★

Music for Yom Kippur will be provided by Temple Beth Jacob Choir with Rebecca Gould and James Rosenthal, soloist. Charles E. Wilson is music director.

The blowing of the ram's horn by Jacob Meyer will officially bring to a close the 10-days of penitence.

CONGREGATION B'NAI ISRAEL

Traditional Jewish services will be held at 5:30 Sunday evening at Congregation B'nai Israel, 143 Oneida Rd.

Rabbi Israel Goodman will preach on "What a Synagogue Means."

At 11:30 Monday morning Rabbi Goodman will speak on the topic, "The Gates of Weeping." At 2:30 p.m. the children will gather for a service.

The closing service will be at 5 p.m. with Lazarus Hershovitz assisting the Rabbi in the liturgical portions of the worship hour.

On Yom Kippur morning Rabbi Hershfield will conduct a service at Temple Beth Jacob for Jewish patients at the Pontiac State Hospital.

ONLY PEOPLE MISUNDERSTOOD

Jesus was misunderstood. The reason for this misunderstanding is tradition, that is, doctrine of men. We say there are two; the Father and Son. We say Son is Man and not a God as some say he is. 1 Tim. 2-5. "For there is one God and one Mediator between God and men, The Man Christ Jesus. He came out from God, or He was God before He came to this earth to take on the cloak of flesh and as He said in St. John 16:10. "Because I go to my Father and Ye see me no longer." Now to prove that Jesus was God, not the Son of God but God Himself that came down and took on the flesh and became a man so we could become His sons. Isiah 40:3. The voice of Him that crieth in the wilderness. Prepare Ye the way of the Lord. Make straight in the desert a highway for our God. V 10 "behold the Lord God will come with strong hand and his arm shall rule for him. Behold His reward is with Him and His work before him. Now Isaih was telling of the coming of John the Baptist and the Lord Jesus Christ. In Micah it speaks of the same thing as Isaiah: hear all ye people, harken O earth and all that there is, let the Lord God be witness against you. The Lord God from His Holy Temple. For behold the Lord cometh out of his place and will come down and tread upon the high places of the earth. This God as yet had not taken on the flesh, but in Matt. 1-2-3, behold a Virgin shall be with child and bring forth a Son and they shall call His name Emmanuel, Which being interpreted is God. So you can see what I mean, people misunderstand Jesus.

The Lord is Salvation, so you can see why I believe that Salvation comes through Faith in the Lord Jesus. Now to get along with our proof that the Son of God was man, or a vail of flesh that the one God took upon himself. Heb. 10-20. By a new and living way which He hath consecrated for us. Through the vail that is to say, His flesh. Heb. 2 14, for as much as then as the children are partakers of flesh and blood He also Himself likewise took part of the same. V 16 for verily he took not on Him the Nature of Angels but He took on Him the seed of Abraham. So you can see that God took this vail of flesh on Himself, which made Him both God and Man. As Peter said: "Both Lord and Christ." Isiah, 45-15.

Verily thou art a God that hidest thyself. O God of Israel the Savior V-18 they shall be ashamed and also confounded all of them. They shall go to confusion together that are makers of idols and if the three God people don't have idols I would like to know who has.

Now to find where this God that Isiah speaks of being hid: Luke 17 20 and when he was demanded of the Pharisees when the Kingdom of God should come he answered them and said, "The Kingdom of God cometh not with observation for behold the Kingdom of God is within you, or in the midst of you." Jesus said, "I will show you the Kingdom of God. Luke 9:27 "but I tell you of a truth there be some standing here which shall not taste of death until they see the Kingdom of God. And he took Peter, James and John. Took off the vail of flesh and they saw Him as God and a cloud came over and He put the vail of flesh back on and when the cloud past or the boice past, they found Jesus alone. If you believe this let me hear from you!

Educational Building of Columbia Ave. Church to Cost Near $100,000

Evangelistic services at Columbia Avenue Baptist Church will be continued through Oct. 18. The Rev. Kenneth Day, superintendent of missions for the Baptist State Convention, is the speaker.

The evangelist will speak to the junior department of the Sunday School Sunday.

The Columbia Avenue Church will observe its 12th birthday on Oct. 18 according to Mrs. Juanita Jones, church clerk, present membership is 792.

Houston Lovett, general chairman of the church building committee, reported plans for the new educational building have been completed by architect W. M. Zimmerman Associates. The estimated cost is $100,000.

Sunday School superintendent Haskell Kennedy said the Owen School has been secured for Sunday School expansion. "With the addition of the new educational building, the Columbia Avenue Church hopes to enroll at least 1,000 people in Sunday School within the next year," he said.

The Rev. M. F. Boyd, pastor, said the Rev. George Sinquefield has been called from Port Clintin, Ohio, to accept the pastorate of the new mission started in Rochester as a branch church.

A graduate of Howard College and New Orleans Baptist Seminary, he will occupy the pulpit in Rochester Sunday.

Memorial Concert to Honor Garabrant

Sydney Giles of Ann Arbor will present a memorial carillon concert at 4 p.m. Sunday in honor of the late Dr. Maurice Garabrant, music director and organist at Christ Church Cranbrook.

Assistant carilloneur at the University of Michigan, Mr. Giles played a memorial concert for Dr. Garabrant at the University's Burton Memorial Tower Tuesday.

Recital numbers will include many compositions by Dr. Garabrant.

"COMMON RELIGIOUS TEACHINGS NOT ENDORSED BY THE BIBLE"
In an article last week I discussed with you a prevalent doctrine that is inconsistent with Bible teaching and opposed to apostlic practice. The doctrine of which I speak is that of "JESUS ONLY." This doctrine originated not with INSPIRED TEACHERS OF TRUTH but with UNINSPIRED PREVERTERS OF TRUTH. It is therefore unworthy of belief damnable to preach and dangerous to practice.
Last week I endeavored to expose the absurdity of their claim that THERE IS ONLY ONE PERSON IN THE GODHEAD. In this article we would like to discuss with you their erroneous conception of Baptism. The "Jesus Only" conception of baptism is that for baptism to be valid the candidate must be taken out in the water and over him must be pronounced certain words which to them constitutes a baptismal formula. Such is not stated in God's Book, the Bible. To the advocates of this doctrine I would like to ask this question. WHERE IN THE BIBLE DO WE HAVE AN EXAMPLE OF THIS? That is a preacher pronouncing over a person a set form of words making such indespensible to the person's obtaining pardon for his past sins. The references cited by the teachers of this false theory are Acts 2:38; 8:16; 10:48 and 19:5 but these references do not set forth a BAPTISMAL FORMULA. "An examination of these passages however, produces the definite conclusion that the uniformity claimed for them is wanting. If the first of these — Acts 2:38 — be offered as a model, "---be baptized---in the name of Jesus Christ," it must follow that Peter and John in Samaria, Peter at Caesarea and Paul in Ephesus (Acts 8:16; 10:48, and 19:5) did not adhere to the prescribed formula. In the four instances where baptism and the name of Jesus are associated, there are three different arrangements of the name, thus indicating conclusively that no definite design for the order of words were intended. (G. N. Woods). Notice the difference in words and in arrangement in these passages.
1. Acts 2:38 Jesus Christ
2. Acts 8:16 The Lord Jesus
3. Acts 10:48 The Lord
4. Acts 19:5 The Lord Jesus

"Thus out of four occurrences where baptism is said to have been in the name of Jesus, there are three variations in the Greek Testament, as well as in the English Testament. From this deduction it becomes apparent that NO UNIFORMITY IN THE USE OF TERMS OCCURS, and the conclusion from such alleged uniformity is fallacious. THERE IS NO INSTANCE OF BAPTISM PERFORMED IN THE NAME OF JESUS only." (G. N. W.)
IT IS NOT WHAT THE PREACHER SAYS THAT IS SIGNIFICANT: IT IS WHAT IS ACTUALLY DONE FOR THE CANDIDATE. The words, "into the name of the Father and of the Son and of the Holy Spirit" or indeed, in the name of the Lord Jesus, do not CONSTITUTE A CHARM. THE PRONOUNCEMENT OF WHICH AMOUNTS TO AN ESSENTIAL FORMULA. IT SHOULD NEVER BE LOST SIGHT OF THAT IT IS SOMETHING DONE, RATHER THAN SOMETHING SAID THAT MAKES BAPTISM VALID. Unless the act is AUTHORIZED, AND PERFORMED AS JESUS COMMANDED, REGARDLESS OF WHAT THE PREACHER SAYS THE BAPTISM IS NOT PROPERLY ADMINISTERED BELIEVETH THOU THIS?

Summit Plans Can Be Hurried

U.S. Had Feared That Labor Election Victory Would Upset Strategy

By J. M. ROBERTS
AP News Analyst

Planning for a summit conference can go into high gear now that the Macmillan government has been returned to power in Britain.

That's not the only reason, however, although it is the expressed reason, that official Washington was pleased with the British election results.

There had been considerable trepidition when pre-election polls kept reporting a strong Labor Party comeback from its low point after Macmillan's visit to Moscow last spring.

The prospect of having to do business with Aneurin Bevan as British Foreign Minister had been worrisome. Bevan and his leftwing Labor associates are strongly opposed to many U.S. policies. They would even have Britain resign her membership in the atomic club.

There was fear that this attitude, if it became official British policy, would greatly weaken the hand of Allied negotiators who will soon resume conferences with Soviet delegates on a permanent suspension of nuclear bomb testing.

Wants More Money From Ted Williams

MIAMI, Fla. (AP)—The ex-wife of baseball star Ted Williams wants him to pay $250 monthly for support of his 12-year-old daughter, Barbara.

Doris Tridico of South Miami, who was divorced from the Boston Red Sox slugger in 1955, called the present $100 monthly support grossly inadequate and asked Circuit Court Friday to boost it to $250.

In the divorce settlement, Williams' wife received $50,000, a Cadillac and their $42,000-home.

Service Station Gets Tip —From Bank on Checks

NIAGARA FALLS, N.Y. (AP) — Attendants at a service station here thought they had encountered the last of the big-time spenders when a man with a Tampa, Fla., address wrote a $15 check to cover a $9 car repair bill.

★ ★ ★

But the only tip they actually got was one from the bank which notified them the check had bounced.

Sweeney Offers Laughs

'Fibber' Makes Good

By VERNON SCOTT

HOLLYWOOD (UPI) — Durability is a rare trait in TV, so rare, in fact, few performers make good when attempting a second series.

Exceptions are Ann Sothern, Robert Cummings and Richard Boone.

Exceptional is Bob Sweeney, who has survived three shows — "My Favorite Husband," "Our Miss Brooks," "The Brothers" — and now is embarking on his fourth series, "Fibber McGee and Molly."

IS TOP BANANA

A bald little man with a pixie face and a can't-do-anything-right appearance, Bob finally is top banana on his own show, a fact that may prove his undoing.

In past years Sweeney was always the guy the stars relied on to pick up dull spots in the script. Now he's got to carry the load himself with no Sweeney to pick up the slack.

"I'm not thinking about a fifth show," Sweehey grinned during lunch at the Brown Derby. "And I can't understand actors who want to get out of a successful series. Most of them are never heard of again.

"I say keep the store open as long as possible. A series is the best possible deal for an actor. You never have to worry about where your next job is coming from."

Because Jim Jordan originated "Fibber" more than 20 years ago on radio, and followed it up with two movies, Bob is competing with a legend, a character already established in viewers' minds.

★ ★ ★

"I've never met Jordan," he said. "I can't compete with a mental image, so I've avoided meeting him. It's absolutely imperative that I play Fibber my own way — if for no other reason than to escape comparison.

"At the same time, I'm not trying to prove anything. I just want people to sit down after dinner and have a good laugh.

"Fibber is more fun than the other characters I've played. There's more dimension to him. Each sequence brings out a new facet of his personality, and he's not all good.

★ ★ ★

"Fibber is a larcenous, frugal, exaggerating character who is almost a con man and not beyond telling a few white lies. Still he's a sucker. If he had been around 50 years ago, Fibber would have been one of the guys to buy the Brooklyn Bridge.

★ ★ ★

"This is my fourth series, all right, and I'm grateful that I've survived three others. But I hope that Fibber and Molly stick around for many years to come.

"I like the money."

Atlas Launching Seems Perfect

Shot Full Range Over Atlantic; Bomarc Fails at Elgin AFB

CAPE CANAVERAL, Fla. (AP) —The Air Force launched its versatile Atlas missile on an intercontinental range flight Friday night.

The 85-foot Atlas, a potent war weapon slated to shoulder the U.S. space burden, shot over the Atlantic on what appeared to be a perfect launch.

★ ★ ★

Across the state at Eglin Air Force Base, a 47-foot Bomarc was destroyed because of technical difficulties seconds after launching and fell into the Gulf of Mexico.

This was the third test at the Cape for the big Atlas Missile since it was declared operational last month. All three were aimed at improving accuracy.

★ ★ ★

In wartime, the Atlas could deliver a nuclear warhead to a target 6,300 miles away. A few Atlases are now poised on launching pads at Vandenberg Air Force Base, Calif. They could hit vital Soviet installations 25 minutes after launch.

U.S. officials concede this nation lags behind the Soviet Union in development of space rockets, but most believe the two countries are even in the intercontinental range ballistic missile field.

Hollywood Headlines:

America Mourns Death of 'One Man's Family'

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — To many an American, One Man's Family was like his own. That's why the disappearance of the long-time radio-TV serial has caused a void in so many lives.

THOMAS

The saga of the Barbours dropped out of broadcasting last spring after 28 years on the air. Creator Carleton E. Morse estimates that between 25,000 and 30,000 letters of protest poured into NBC. He is still receiving 100 letters a week.

★ ★ ★

"But NBC moved into a new policy of radio programing," the veteran producer remarked. "Our show didn't fit into it, so we were dropped.

"There still is considerable interest to revive One Man's Family. There has been talk of going onto the new worldwide network. Something may eventuate. If it does—fine. But I'm not going after it."

★ ★ ★

Morse has suffered two serious illnesses and has been limiting his activities. He spends a great deal of his time at his farm on the peninsula south of San Francisco. But he is also here part of the year and keeps in touch with those who were members of his professional family for many years.

★ ★ ★

"J. Anthony Smyth, who played Father Barbour from the beginning, is near 80, but he still asks me if the show is going back on the air," Morse said.

★ ★ ★

Of the others, Page Gilman, who started as Jack at 14 and continued through the history of the show, is a printer living in Ojai. Bornice Berwin, who was Hazel, is married to a San Francisco attorney.

★ ★ ★

Russell Thorson (Paul) and Virginia Gregg (Betty) are active in television, as are most of the other cast alumni. At least two of the TV cast have prospered since their One Man's Family days — Eva Marie Saint, who played Claudia, and Tony Randall, who was one of her suitors.

5 Per Cent Rate Treasury Notes Oversubscribed

WASHINGTON (AP)—The Treasury Friday announced a huge oversubscription for its Oct. 1 public offering of $2,200,000,000 in treasury notes carrying 5 per cent interest.

The interest rate was the highest in 30 years.

Some 130,000 investors, the largest number in the memory of treasury officials, offered to buy. An unprecedented number entered fully paid subscriptions.

Treasury officials described the outcome as highly satisfactory, because they were able to place the bulk of the securities in the hands of individuals and savings-type institutions. This minimizes the inflationary impact of federal borrowing.

Not so satisfactory, however, were reports from financial centers that many of the individual investors who jumped at the offering cashed in their Series E and H Series savings bonds, or withdrew funds from savings banks and savings and loan associations, to finance their purchases.

Night Is Time for Crime, Says Los Angeles Report

LOS ANGELES (UPI) — Four times as many crimes were committed here at night as during the day last year.

More offenses were reported on Saturdays and Sundays than on the other days of the week, and the largest number of crimes took place in the months of March and January.

Chiefs Win 'Statistics'

By BILL CORNWELL

It's a well known fact that you can't make mistakes in a Saginaw Valley Conference football game and hope to come out on the long end of the score.

Just like its counterpart in collegiate gridiron circles, the rough and tough Big Ten Conference, the Saginaw Valley competition is so keen and evenly matched that sometimes one mistake is enough to prove your undoing.

The truth of this was brought home to Pontiac Central High School's grid warriors in bitter fashion Friday night at Wisner Stadium when they dropped a 19-6 decision to Saginaw Arthur Hill.

With the exception of a scattered moment here and there, the Chiefs dominated the game from start to finish. They won just about everything except the final score as they tumbled to defeat in their Valley opener after whipping three non-league foes.

★ ★ ★

It was a heartbreaking way to spoil a 3-0 record. By and large, the Chiefs didn't make very many errors. But the few they did make were too many as the alert Hillites capitalized on their miscues and turned them into touchdowns.

Conversely, the Chiefs failed to capitalize on their scoring opportunities when the Hillites were obliging enough to give them chances.

The story of this contest can be briefly summarized as follows:

Two touchdown passes, two fumbles, two penalties, a missed punt.

★ ★ ★

Arthur Hill clicked twice through the air in the 2nd quarter for a 12-6 lead at halftime, marching to the 1st TD after recovering a PCH fumble and picking up the 2nd tally after a 4th down punt failed to come off as planned.

The Hillites handed PCH a golden scoring opportunity early in the 3rd period by giving up the pigskin on a fumble, but the Chiefs couldn't go. Then, when the Hillites drove to their clinching score in the 4th stanza, two costly penalties against PCH gave them key 1st downs.

Central had a definite statistical superiority. The Chiefs topped Arthur Hill in every department except passing yardage and punting average. They limited the Hillites to 35 yards on the ground in the 1st half and gave up only 122 yards rushing altogether.

★ ★ ★

Unfortunately for the Chiefs' cause, they also topped Arthur Hill in penalty yardage. Central was penalized a total of 100 yards compared to a mere 20 for the Hillites, a vital factor in the eventual outcome.

Central started out like a house afire and it looked as though the Chiefs were going to spend the evening tearing the Hillites apart. They rolled to a touchdown the first time they got the ball, then they never found pay dirt again.

The Chiefs received the opening kickoff and required just six plays to go 60 yards for a touchdown with halfback Allen Howze dashing nine yards for the counter. Howze ignited the drive by sprinting 38 yards on the 1st play from scrimmage.

The Hillites got their 1st break at the beginning of the 2nd quarter. They pounced on a PCH fumble on the PCH 17 and scored in four plays. After three plays lost three yards, quarterback John Stricker hit halfback Joe Mason in the end zone for a 20-yard aerial strike and the score was all even at 6-6.

★ ★ ★

An errant pass from center forced fullback Ken Dextrom to make a run for it from 4th down punt formation and he was tackled for a three-yard loss with the Hillites taking possession on the PCH 44.

Arthur Hill reached pay dirt in three plays. Fullback Jack Anderson hit the middle for eight yards and Stricker passed to end Duane Hartman for 19, giving the Hillites a 1st down on the PCH 17. Then halfback Ray Cosby took a pitchout, swung to his left and passed to end Bart Mauro for a 17-yard TD and a 12-6 lead.

Central end Jim Allison fell on a Hillite fumble at the beginning of the 3rd period on the Arthur Hill 24, but after gaining a 1 t down on the 12, the Chiefs sputtered and wound up losing the ball on downs on the 17.

Arthur Hill, bound and determined to gain victory No. 1 after losing three non-league games, iced the verdict with a 78-yard touchdown push in the 4th quarter.

Quick TDs Surprise Wildcats

At top physical strength for the first time this season, Lake Orion dumped highly rated Oxford from the unbeatens with a 13-6 triumph last night.

★ ★ ★

Tim Alban scored all the points the "fired-up" Dragons needed in the 1st quarter when he scored a touchdown on a short plunge and added the extra point. The score climaxed a 60-yard drive.

Bucky Craven electrified a standing room only crowd representing the neighboring towns when he dashed 13 yards for the final Orion points in the 2nd quarter.

The scoreboard read 13-0 before Oxford ace Doug Stott reached paydirt from the 10 in the same period. Another threat by the winners ended at the nine.

★ ★ ★

Lake Orion had the best scoring opportunity in the last half getting inside the 15 before time ran out.

"It was their best showing. They did a good job," said delighted coach Frank Kownacki. The Dragons had scored only one TD in three straight setbacks.

Oxford failed to show the offensive spark it had displayed in three victories despite the efforts of Stott in a rushing battle.

Rough tactics on both sides of the line marred the action. A total of 190 yards were marked off in penalties.

Racing Better Hits Jackpot

CHICAGO (AP)—An unidentified horse player collected $13,744.52 Friday by picking all five winners in Hawthorne's daily double quintet.

The lucky handicapper correctly picked the winners from the fourth through the eighth races. However he fell short of the track's high figure of $16,000 won by somebody earlier this week.

Lakers Overpower Brighton, 39-19

By CHUCK ABAIR

West Bloomfield was back in its familiar position of sharing the Wayne-Oakland football lead with Northville today following a convincing 39-19 whipping of Brighton before 3,000 happy home fans last night.

A showdown is scheduled for next Friday at Keego Harbor.

The Lakers, making a strong bid to move up high in the state ratings, broke up a close battle by simply overpowering Brighton in a battle of unbeatens.

It was a see-saw affair until midway in the 3rd period when Denis Alix and swift Jack Newton collaborated on a 62-yard pass play to snap a 19-19 tie and break up the ball game.

Brighton was finished from then on. The Bulldogs could get only one first down in the last 17 minutes while Keego was adding two more six-pointers.

Newton and glue-fingered end Jack Long had two apiece in the touchdown department. Tom Moran and Wayne Ross added one each.

Alix was outstanding at quarterback completing nine of 11 passes for 227 yards and three of the TDs. He also booted three extra points and handled the ball well.

★ ★ ★

Brighton led twice in the 1st half in the offensive field day which saw a total of 838 yards gobbled up by the two teams.

The Bulldogs, gaining through the Laker line with little trouble, drove 62 yards after the opening kickoff to score with Earl Clark bucking over from the two.

West Bloomfield got even immediately going 68 in three plays — the last 52 by Moran. The victors went ahead 12-6 when Alix hit Long from the 12 on the opening play of the second quarter.

★ ★ ★

Brighton went right back to score after the ensuing kickoff. Scott Martin flipped to Bob Loveland from the 22 for six points and Fred Nettles booted a 7th to make it 13-12. BHS ran out of time trying for another before the half.

The determined Lakers regained the advantage after the intermission. Newton crossed from the one and Alix made his first PAT. Two plays later it was tied again. A pass-lateral covered 52 yards and Scott Martin scooted over from the five. But the Alix-Newton combo changed things again and settled the argument.

Three Alix-to-Long aerials set up Ross' tally — the 3rd one caught by the alert end after it was batted in the air by a 'Dog defender. The running of Doug Sweetman featured the final march. Alix hit Long in the end zone from the 28.

West Bloomfield is now 4-0.

AHOY, SKIPPERS — Waterford got the first taste of victory in its series with Pontiac Northern last night by beating the Huskies, 13-7, and taking possession of the perpetual trophy initiated by the local Amvet post. The Skippers whooped it up in the locker room.

Ortonville Takes 4th Straight Walloping

An already dreary season grew a little darker for Ortonville last nights as the Black Hawks were the vicitms of a 44-0 bombing by Millington.

Going into the game without a victory for three outings, the three outings, the ETAOIN ET victors scored once in the 1st period and twice in each of the others to breeze home. Mike Zink rung up 20 points to lead the way.

Hapless Ortonville has now allowed 141 points while scoring only six in four defeats.

Lamphere 12-6 Winner

Bob Roman's nine-yard run in the 2nd quarter and a 68-yard dash by Dan Resil in the 3rd period brought Lamphere a 12-6 triumph over Clintonville on the Lamphere gridiron Friday afternoon. Clintondale scored in the 4th quarter on a nine-yard jaunt by Bill Counts.

Huskie Bids Thwarted

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Pontiac Northern took the scenic route around Waterford High school's football field last night before 4,500 fans.

The Huskies marched up and down the field, and except for an electrifying 66 yard run by Bob Hocking on the first play from scrimmage, they failed to cross the goal line and thus made the trip home via M-59 on the short end of 13-7 score.

The Skippers rose to the occasion when their backs were to the wall in stopping Huskie threats. On four occasions, however, Northern drives were halted near the Waterford 20 by 15 yard penalties.

Little Bruce Norton, the adept Northern quarterback again showed poise and cool leadership in moving the Huskies for 320 net yards, but on the crucial play of each drive, it was either Waterford defense or a penalty which thwarted the bid.

★ ★ ★

The Skippers failed to move on the first series after the kickoff and when Jim Hoke punted, a Northern player touched the ball and Waterford recovered on its own 30.

This was a big break because it was a bad punt and the Huskies would have taken over on the 32 had they let the ball stop dead.

As fast as lightning, Hocking broke over left tackle and went all the way to score. This was the on play from scrimmage for Northern in the first quarter.

But it was a beauty and with Jerry Mineweaser's kick Northern led, 7-0.

After the ensuing kickoff Waterford punched away for the remaining five minutes of the quarter and on the first play of the second period, quarterback Bill Bryce hit from the one.

The drive covered 56 yards in 15 plays and Harry Savas tied it with a placement, 7-7.

★ ★ ★

Northern drove down to the Waterford 19 but a third down holding penalty pushed the ball back to the 34 at which point Norton's pass was intercepted by Ed Stigers on the 14 to end the threat.

Larry Bland regained the ball for Northern a few plays later by intercepting Bryce's pass on his own 35, but on the first play George Graves fumbled and the stage was set for Waterford's second TD.

Mike Kaines, who was injured earlier in the game, returned to the game with two minutes left in the half and immediately he grabbed a pass covering 33 yards from Bryce to the PNH three.

★ ★ ★

In two plays, Bryce hit from the two and Savas' point try was low, for Waterford's score with 51 seconds left.

Northern still wasn't finished. Norton hit Dave Fox with a pass to the Skipper 31, but Hocking trying an end sweep was dumped for a loss and the half ended.

The second half was all Northern. Waterford had the ball on only 12 scrimmage plays, picking up only 46 yards and never getting past its own 40-yard line.

★ ★ ★

Hocking had a 20-yard gain to the Skipper 26 nullified with a 15-yard penalty. The Huskies came back again and got to the 21 but once more they were waved back with a 15-yard holding penalty.

With two minutes in the quarter Mike Merin on a quick opener went 16 yards back to the 21, but on a 4th and two situation Waterford held on downs.

The 4th quarter was the same. PNH drove to the Skipper 28, but a familiar red flag went sailing through the air and it meant another 15 yards, this time for clipping.

With 1:40 left, PNH was back on the Skipper 30, but with 4th down and two, Merin was hit by Stigers for a 2-yard loss and that was the end of a long, frustrating second half.

By winning, Waterford gained possession of the Amvet trophy for the first year, innovated to be the perpetual prize in the start of the rivalry between the two schools.

Stigers, a pint-sized 135 pounder stole the defensive spotlight for Waterford by crashing through on the crucial 4th down situations to end a couple Northern threats.

Nothing could be taken from Northern's mobile line play, but likewise Waterford scraped and stood pat on the big plays.

Maples Hit Snag in Bid for Title

Birmingham, the state's 9th ranked class A team, can blame Hazel Park for its 25-19 loss to Port Huron last night.

The Maples, who had six starters given hospital treatment last week after the Hazel Park game, played without four of the regulars and saw its dream for the EML title detoured by Port Huron.

Fullback Sam Reeves went over from the nine in the first period, but in the second quarter Fred Thornton raced 65 yards and Tom Redman passed 27 yards to Fred McLaughlin to give Port Huron a 12-6 lead.

Steve Jacobsen tied it at intermission by taking a 21 yard pass from George Forrest.

In the third period Redman again hit Laughlin on a 33 yard aerial and it was 18-12. Early in the 4th stanza Thornton plunged three yards to make it 25-12 with Marinez converting.

The Maples made a valiant try as Forrest passed to Harry Holden 32 yards with 58 seconds left, Forrest converted and then BHS tried an onside kick and recovered.

But before Forrest could get his pass away he was hit and the game ended.

Big loss in the Maple backfield was halfback Chuck Hartung, also with kicking specialist end Phil Isbell.

GAIN NULLIFIED — Bob Hocking of Pontiac Northern made his for 20 yards before little Ed Stigers of Waterford stopped him with a flying grab in the third quarter last night, however, the gain was for nothing. Northern was assessed a 15 yard penalty for holding. No. 21 for Waterford is Tom Goff and No. 60 is Dick Lamphere for PNH on the left.

3,500 Greet Champs on Return

Dodgers Tell L. A. Fans They'll Be Tops Again

LOS ANGELES (AP) — The Dodgers, back home from their World Series triumph, have promised the fans who loudly greeted them at International Airport:

"We won't let you down next year, either."

Veteran outfielder Duke Snider so voiced the Dodgers' determination to take up at training quarters in Vero Beach, Fla., next spring where they left off in Chicago Thursday.

Snider told a welcoming crowd of 3,500 last night that helping to bring the world championship to Los Angeles was "the greatest thrill of my life."

★ ★ ★

Many of the Dodgers headed for home right after a victory celebration in Chicago, but about half the squad flew here with Manager Walt Alston and owner Walter O'Malley.

Some of the players will be cashing in on public appearances, radio and television spots and endorsements of manufacturers' products.

Pitcher Larry Sherry, who had two victories in the six-game World Series and saved two other games with his fine relief work, had planned to fly with his wife to his winter home in Pueblo, Colo., and do some trout fishing.

★ ★ ★

Instead, Sherry will spend several weeks here for the financial harvest.

Manager Alston will spend a few days here with General Manager E. J. (Buzzie) Bavasi before returning to his home in Darrtown, Ohio, for the winter. Alston and Bavasi will discuss Alston's 1960 contract, which expires this year, and go over possible deals to be made during the winter.

★ ★ ★

The Dodgers, who finished seventh in 1958 and became the world champions in 1959, were about the same both years except for the addition of Wally Moon, obtained from the St. Louis Cardinals, and four farmhands brought up from Spokane and St. Paul in mid-season. They are pitchers Roger Craig and Sherry, outfielder Chuck Essegian and shortstop Maury Wills.

★ ★ ★

Bavasi has indicated that the Dodgers probably won't be too active in the winter trading marts.

They have many promising youngsters in their farm system, and one of them, long-hitting Frank Howard of Spokane, may be ready in 1960. The 6-foot-7 outfielder and first baseman reported in the final week of the National League season and belted a three-run homer at St. Louis in his only appearance at bat.

ALL ALONE — Allen Howze, Pontiac Central's fleet-footed halfback, is all by his lonesome as he heads into the end zone for a touchdown in the 1st quarter of last night's Saginaw Valley football game with Arthur Hill at Wisner Stadium. The Chiefs never scored again, however, and they lost the decision, 19-6.

Falcons Score Easy Victory in Tri-County

L'Anse Pulls Surprise With 7-0 Triumph Over Bulldogs

Lapeer, a team which has scored six points and given up 129 points in four games, got no consolation from Rochester last night as the Falcons romped to a 19-0 victory in a Tri-County League game.

In another loop game, Romeo was upset by L'Anse Creuse 7-0.

Rochester got its offensive machine started with a 60-yard march in the second period, climaxed by a pass from John Cadeux to Jeff Browns, 18 yards in the end zone. John Thompson converted.

In the same period Joe McDaniel returned to punt 60 for a tally and it was 13-0 at halftime.

★ ★ ★

In the third quarter Thompson intercepted a pass on the 45 and he got to the four from where Reg Dixon scored on a sweep.

A 4th quarter TD was nullified for Rochester by a penalty.

Romeo could not mount an offense and L'Anse took advantage of a first quarter break for its lone tally.

A Romeo pass was intercepted on the 31 and four plays later Bill Riedel went 11 yards off tackle for L'Anse. Riedel also ran the point.

★ ★ ★

Romeo's third quarter bid to the L'Anse 17 died with a fumble.

Holly Gains Homecoming Triumph

Broncos Edge Clarkston in 1st Win for Coach

Bloomfield Hills Ties Clarenceville, 6 and 6; Northville Romps

Ray Figg will long remember his first Homecoming at Holly High School. It turned out to be his initial victory as a head coach and by the slimmest of margins—13-12 over Clarkston last night.

★ ★ ★

The mild upset helped tighten the Wayne-Oakland League standings leaving West Bloomfield and Northville the only perfect-record team.

Clarkston had been among four schools heading the pack with 2-0 loop records with the other four 0-2.

Bob Harmes gave Holly the early lead with a 1st period touchdown. He went over from the 10 ending a sustained drive.

★ ★ ★

A 23-yard pass from Bob Porritt to John Parks enabled Clarkston to gain a 6-6 tie in the second period.

They matched tallies in the 3rd but an extra point by Bronco Jim Howard on a run turned out to be the difference.

Jim Teague went over from five yards out ending a drive for the other home TD. Mel Joseph zipped 68 yards for the Wolves.

★ ★ ★

Bloomfield Hills started strong at Clarenceville scoring in the opening quarter on two-yard plunge by Don Carlson. Don Hays' 30-yard punt return preceded a 32-yard drive covered in three plays. Hays went 20 and Carlson 10 before the tally.

Clarenceville drove 35 yards for the equalizer in the 2nd period. Joe Nye smashed over from the three.

The Barons reached the CHS five yard stripe four times before the night was over but were always thwarted by penalties or mixups in the backfield.

★ ★ ★

A prime example came with two minutes of play remaining. Biff Jones broke loose to go 60 yards before being tackled at the five. An offside moved the ball back to the 10. Three rushes got only four yards and a pass failed to end the final hope.

★ ★ ★

Northville failed to show top form but had enough to trounce Milford, 22-0. Gary Morgan got all three touchdowns on 1-yard plunges. It was only 7-0 at halftime but Milford could do little about moving the ball in the last half.

Smith Paces Avondale to Win Over Cranes

When Avondale staged its "Cinderella" drive last year to win the Oakland B League football title, the story behind the success was a fiery little quarterback named Dick Smith.

★ ★ ★

Smith is firmly in the driver's seat at Avondale again this fall and his leadership qualities were at their best last night in a thrilling 25-19 triumph over Cranbrook in non-conference action on the Avon gridiron.

Smith turned in his peak performance of the season, putting on a tremendous show for all onlookers. He completed seven of 13 passes, set up two Avon TDs, scored two himself, kicked an extra point and was the game's leading individual ground gainer.

It was Smith's QB sneak from the two-yard line for a touchdown late in the 4th quarter that gave the Yellow Jackets their winning margin and climaxed a see-saw battle.

★ ★ ★

Cranbrook took a 7-0 lead in the 1st quarter on a 41-yard dash by Larry Weis and Tom Demrick's conversion.

Avon went ahead in the 2nd period, 12-7, on a one-yard scoring plunge by Smith and a two-yard TD smash by Otto Jancik. The Cranes bounced back to grab a 13-12 lead at halftime on a 25-yard sprint by Jim Williams.

★ ★ ★

In the 3rd quarter the Jackets regained the lead, 19-13, as Jim McDonald plowed two yards for a touchdown and Smith converted. Cranbrook evened the count at 19-19 in the same period on Demrick's seven-yard scoring jaunt. Then came Smith's two-yard sneak late in the game to wrap up the decision for Avon.

★ ★ ★

The Jackets made a brilliant goal line stand in the 1st period when the Cranes had a chance to go ahead by two touchdowns. With 1st-and-goal on the Avon two the Jackets dug in and four plays later the Cranes lost the ball on downs on the nine.

In a pair of Oakland B engagements last night, unbeaten Fitzgerald kept rolling with a 26-12 victory over Troy and Clawson whitewashed Madison, 20-0.

★ ★ ★

After being held to a 7-6 halftime lead, Fitzberald turned on the steam in the 3rd and 4th periods to win going away. Dave Wilkie scored twice on runs of six and 20 yards and also converted twice. A 30-yard run by John Morgan and a one-yard plunge by Jack Radlinski netted the remaining TDs for the winners.

★ ★ ★

Quarterback Rick McKinnon's one-yard sneak and a 10-yard pass from McKinnon to Jim DePauw accounted for the Troy touchdowns.

Clawson tallied in the 2nd, 3rd and 4th quarters. The scoring plays were a 30-yard pass from Jerry Eno to Gary Boss, a 15-yard run by Chuck Olesek and Ken Burton's three-yard dive. Tom Davis booted two extra points.

Memphis Still Perfect Team

Amazing Memphis held its position atop the Southern Thumb League by downing Armada 7-0 last night to continue its record of being unbeaten, untied and unscored upon.

The Yellow Jackets have tallied only one TD in each of four starts but each time it has been enough.

Almont blanked New Haven 18-0, Brown City whipped Dryden 19-6 and Anchor Bay downed Capac 19-0 in the other loop games.

Barry Falter scored the Memphis six-pointer on a pass from Gary Huard. He grabbed the aerial after it sailed right through the arms of a defender and stepped over the goal line with two minutes left to play to climax a tight battle.

★ ★ ★

Almont got all its points in the 1st half featuring two touchdowns by Don Eschenburg. Ken Taylor garnered the other.

Stan Lints reached paydirt twice in the opening quarter and Brown City coasted along the rest of the way.

Dryden tried to get back in the tussle cutting the difference in half in the final session when Ron Dittman ran a punt back 90 yards but Brown City quickly put the outcome on ice on a Gerry Snyder TD.

The last two BC scores followed blocked punts, Dittman is the same boy who went 103 yards a week ago.

Espie, a 60-year-old advertising man who won this title in 1957, defeated George Dawson, 58, of Glen Ellyn, Ill., in semifinal play, 5 and 4.

Gibson Files Innocent Plea in Fistic Probe

LOS ANGELES (AP)—Truman Gibon Jr. has pleaded innocent to a conspiracy indictment returned in the county grand jury's investigation of prize fight operations here.

Gibson, president of National Boxing Enterprises, is accused with four other men of trying to cut into the take of welterweight champion Don Jordan and operations of promoter Jackie Leonard.

Imlay Rallies to Beat Out North Branch

It took a last half rally highlighted by two block punts to enable Imlay City to come from behind and down North Branch 26-13 last night.

★ ★ ★

The defending champions of the South Central Conference trailed 13-7 at halftime before bouncing back to stay unbeaten in the race with Oxford.

Bob McKee and Roger Lomerson divided the four Imlay six-pointers. Dick Mikulski accounted for the North Branch scores.

Walled Lake Blanks Bears

Undefeated Walled Lake was perched on top of the Inter-Lakes Conference football standings today after chruning across a muddy field for a hard-earned 13-0 victory over improved Berkley last night.

It was the 4th consecutive triumph for the Vikings and their 2nd in the Inter-Lakes. They now are the only unbeaten outfit in the league.

Defending champion Farmington handed a stunning 25-20 defeat by Pontiac Northern in last week's I-L opener, bounced back into the win column yesterday with a 6-0 conquest of stubborn Southfield.

Hard pressed all the way, Farmington finally broke a scoreless deadlock by grinding out the game-winning touchdown in the 4th quarter.

★ ★ ★

Berkley was a stubborn customer for Walled Lake, athough the Vikings had all the best of the battle of statistics. Coach Dave Smith's Lakers hit pay dirt in the 1st and 2nd quarters and that was plenty good enough.

Halfback Neil Salo ignited the 1st Walled Lake touchdown by intercepting a pass. The Vikings drove 52 yards to score with Salo galloping 28 for the counter. Bob Christian scored the extra point on a run.

A 64-yard march produced Walled Lake's 2nd TD with Norm Smith crossing the goal line on a 31-yard ramble.

★ ★ ★

Christian's 25-yard TD run in the 1st period was nullified by a holding penalty and penalties also wiped out other Viking threats in the 2nd half. Berkley's lone scoring threat came in the 4th period when the Bears lost the ball on downs on the Walled Lake one-foot line.

U. S. Riders Out Front in International Test

WASHINGTON (AP) — The United States is away to a heady lead in the Washington Horse Show's international jumping contest.

American riders captured both first and second places in last night's events.

Their domination of the show in the first two days has veteran observers predicting a rout for the four other nations — Argentina, Brazil, Canada and Mexico.

★ ★ ★

The American victories have been scored by 31-year-old Hugh Wiley of Towson, Md., and Frank Chapot, 26, Wallpack, N.J.

Wiley won on Nautical in a race against time fault-and-out jumping test last night. Chapot was second on Diamant and won opening night riding Tally-Ho.

Both have considerable riding records. Chapot was winner of the individual championship at Brussels, Belgium, this year and Wiley won the King George V Cup in 1958 and 1959 and was named individual champion of the London Horse Show.

★ ★ ★

So far, the two other representatives of the U.S. equestrian team, William C. Steinkraus, 35, a stock analyst from Westport, Conn., and Miss Mary Litchfield, 26, of Pittsburgh, haven't won any ribbons.

Cold Climate from Mrs. J. Dean Rucker's Grosse Point, Mich., farms has the edge among green conformation hunters.

Dales on Top in EML Race

Ferndale was the Eastern Michigan League's only unbeaten football team today following last night's come-from-behind 19-13 victory over Mt. Clemens on the latter's field.

The Dales twice rallied to tie the score and then tallied the winning TD in the final 90 seconds for their 4th straight triumph of the season and their 2nd in the conference to take 1st place.

Mike Brown scored all three Ferndale touchdowns on runs of 10, 13, and 13 yards with Gerson Fox booting the lone extra point. Hayward Sharpley arn eifvraysd Ferndale's Hayward Sharpley ran five yards for a TD in the 2nd quarter, but a penalty nullified it.

In another EML contest yesterday, Royal Oak Kimball ground out a 12-0 verdict over stubborn Hazel Park. A 2nd-period pass covering 27 yards from Jerry Riutta to Gary Wirth and Larry Wasen's 73-yard run in the 4th stanza netted the Kimball TDs. East Detroit, also of the EML, absorbed a 47-7 pasting from Hamtramck in a non-loop game.

In other games, Wichita trounced George Washington, 21-0; Tulane turned back Detroit 25-0; The Citadel downed Wofford 40-8; Oregon topped San Jose State 35-12 and Utah defeated BYU 20-8.

Georgia Tech, rated No. 3 behind LSU and Northwestern, meets toughie Tennessee, No. 8, in the feature game for the South today. It also is a Southeastern Conference game and will have a bearing on the race.

Another southern bigwig, Mississippi, No. 5, goes against Vanderbilt in a SEC clash, while Purdue, No. 7 sixth-ranked Southern California is idle will have hands full with ninth-rated Wisconsin in a Big 10 game.

Iowa, No. 10, has a Big 10 date with Michigan State. The Hawkeyes were heavy favorites.

The first bowl game of the year pairs Syracuse and Navy in the Oyster Bowl in Norfolk, Va. Syracuse, possibly the top team in the East, is the favorite.

AIRBOURNE —Bruce Norton, Pontiac Northern quarterback connected on this pass in the second half, hitting end Dave Fox for a 22 yard gain. Tom Goff of Waterford puts the pressure on Norton.

Titans Outclassed by Tulane, 25-0; SMU Wins

Longhorn, Sooner Tilt Top-Rated

By The Associated Press

From New Orleans, La. comes the word that if University of Detroit means business about tackling bigtime football, a quick appraisal apparently is in order.

The Titans could hardly get out of their own way in bowing 25-0 last night to Tulane, certainly one of the lesser teams in the powerful Southeastern Conference.

Tulane, loser by lop-sided margins to Florida and the University of Miami (Fla.), had an easy time pushing the heavy-footed Titans around before 18,000 fans. It may have been the 81-degree temperature, but the Titans certainly showed little.

Sophomore Terry Terrebonne, 170 pounds of wiggling football fury, started Tulane on the road to victory with a 49-yard touchdown run in the opening minutes of the second period.

The other Tulane tallies came on fullback Tom McLellan's line smash and a short scamper by another sub signal caller, Bobby Cornett.

The score would have been wider had not Tulane fumbled on the Detroit one-yard line and halfback Jim Post recovered for the Titans.

How far downhill has Oklahoma stumbled? Was the Sooners defeat by Northwestern two weeks ago a fluke or did it signalize the crumpling of an 11-year-old Big Eight dynasty?

Powerful Texas — unbeaten and unscored on — will supply the answer today when the Longhorns and the Sooners clash in the Cotton Bowl in Dallas.

Just a year ago Texas defeated Oklahoma in another stunning upset.

The Longhorns have swept past their rivals of the past three weeks with ease.

Texas ranks No. 4 in the current Associated Press poll, while Oklahoma, which usually rides along at or near the top, hasn't climbed back into the top 10 yet.

Up at the top of the heap, Louisiana State and Northwestern, should keep their unblemished records intact.

LSU, sporting a 15-game winning streak, takes on surprising Miami in a night game in Baton Rouge, La.

Northwestern's Cinderella kids, minus the services of ace quarterback Dick Thornton, tangles with Minnesota.

None of the top 10 were in action last night, but there was scattered action around the country. In the top game, Southern Methodist, a disappointment to date, clubbed Missouri 23-2, with Don Meredith passing for two touchdowns.

Boston University nipped West Virginia 7-0 on Emo Dinitto's 19-yard touchdown pass to Gene Prebola with 44 seconds left in the game.

Lions to Use 'Shuttle' Plays Against Colts Sunday

Are You in Bowlerama? You're Missing Chance

The final deadline for the 3rd annual Bowlerama is coming to an end and there are many questions bowlers have asked in regard to the singles handicap tournament.

1. HOW MUCH PRIZE MONEY IN THE TOURNAMENT?

Very few tournaments in Michigan, if any, in proportion to the number of entries offer a total purse as the Bowlerama. There are various reasons:

As example in most tournaments, if there is a $6 entry fee, four dollars goes to the purse. $1.35 for bowling costs and 65c toward expenses. In most cases the tournament manager and expenses are even higher. This would leave a purse of $2,400 for the 600 entries.

In the Bowlerama, the same $2,400 purse exists, however because The Press does the printing of blanks, posters and such expenses, and because The Press staff conducts the tournament, this eliminates much of the expense and remaining money is added to the purse.

In two years The Press added over $650 in additional prize money, trophies and prizes such as bowling balls, shoes, bags, etc.

As result, the 1958 Bowlerama had a total purse of close to $3,000.

2. WHAT ARE YOUR CHANCES OF GRABBING A PRIZE?

One out of every seven bowlers took home a prize last year. The men who qualified got at least $10 and the women at least $7.50. Each qualifier is guaranteed at least $5, but additional money is added after a breakdown of purse.

The women's chances are very good. In 1957 there were only 106 women entered, last year there were 118 with one of every seven sharing the prizes.

The lucritive point in the prize list are the guaranteed prizes, which will be won regardless of the number of entries.

The men are guaranteed $500, $250 and $125 regardless if there are 100 or 1,000 entries and the same goes for the women who have $300, $150 or $100 for the top three places. These are large guarantees for slightly more than 100 women entries.

3. WHY IS IT AN ADVANTAGE TO HANDICAP BOWLERS?

The past two Bowlerama tournaments have been greatly to the advantage of handicap bowlers.

Largest majority of men winners were in the bracket with averages between 135 and 168. Women winners have gone as low as a 103 average.

Regardless of your average, the handicap gives everyone equal opportunity.

4. WHAT OF THE HIGH ACTUAL BOWLER?

This year the top area actual bowlers will have the opportunity to bowl in a feature sidelight of the tournament, the "Bowlerama Invitational City Actual Championship."

There is no additional entry fee. The top actual scores in the qualifying round will be invited to bowl against each other with The Press Bowlerama Actual trophy and a runnerup trophy to be awarded. Only cost is the line cost of bowling.

The top actual scores will be invited regardless if they are in the Bowlerama finals or not.

5. WHY MUST YOU QUALIFY?

There are several reasons, expressly for the purpose of being fair to the bowler and to the bowling sites.

By qualifying, a greater number of bowlers have a chance to reach the finals and each qualifier is assured of a prize.

As example, of 600 bowlers last year, under 10 per cent rule, only 60 would have shared in prize list if the qualifying round was the only round in one establishment.

Instead, 10 per cent of each qualifying house was taken, plus all ties for the last position. As result, a total of 76 bowlers qualified and share the prize fund. This gave the opportunity to 16 more bowlers.

Qualifying is also fair to bowling establishments. With the large number of alleys in the area, at least four or more will have the opportunity to host part of the tournament each year.

Another reason is that after the qualifying rounds, the interim period before the finals is used for checking averages and thus after the final round, awards can be made immediately without causing a delay for making awards in order to check averages.

6. WHAT IS THE STATUS OF THE BOWLERAMA?

For many years bowlers in the Pontiac area complained that there was a need for a good highly publicized singles tournament in which any bowler regardless of average can enter.

The Press made such a tournament possible, giving its manpower, time and financial assistance with guaranteed prizes and without one iota of personal gain.

It was designed for bowlers to enjoy themselves in a local tournament, without having to travel to other parts of the state, at minimum cost and best possible opportunities for prizes.

★ ★ ★

There are said to be over 15,000 bowlers in the area of Pontiac proper and another 25,000 in the outer parts of the county. Are 600 entries in a tournament open to 40,000 bowlers a proportionate number?

A member of the American Bowling Congress in Detroit recently said, "For the chance to win prize money the Bowlerama is one of the best tournaments in the state."

He also added, "I'm suprised that you are not jammed with entries," and he pointed out, "your mistake might be giving the bowler too much and making it too easy."

Wilson Adopts Brown Style of Quarterbacking

Detroit Coach Unhappy Over Signal Calling in First 2 Games

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Displeased with their quarterbacking in two defeats thus far, the Detroit Lions have decided to use Cleveland coach Paul Brown's shuttle style of play callin in their game against the Baltimore Colts at Briggs Stadium Sunday.

Coach George Wilson has been unhappy over several calls in the losses to Baltimore and Green Bay and thus he and his assistants have planned a method of moving plays into the game after each play.

Assistants Ray McLean, Bob Nussbaumer and Aldo Forte will do the analyzing of plays from the press box and phone their suggestions to the field.

Wilson plans on relaying the message to the quarterback with his guards and ends who will substitute after each play. It will be either Mike Rabold for Bob Grottkau or the ends, Steve Junker and Jim Gibbons.

This is Brown's system at Cleveland where Otto Graham was quarterbacking for many years under this shuttle calling.

"The timing must be sharp," said Wilson, "to avoid panelties for delaying the game."

★ ★ ★

Meanwhile, Charley Ane has refused to be counted out of Sunday's game because of an injured right knee. The big Hawaiian center, workhorse of the offensive line, told Wilson yesterday he may be ready for the Baltimore contest.

"I was as surprised as anybody," Wilson said. "He says the knee feels much better.

"I'm not sure whether he will play. It depends on how much improvement he shows. But it sure isn't as bad as it seemed."

Ane, who hurt the knee in the Green Bay game, was expected to be out of the lineup for a month.

HERO'S WELCOME — When world series hero, Dodger Gil Hodges, arrived home last night in Brooklyn, neighborhood youngsters gave their idol a warm welcome. Hodges is holding his little daughter, Cindy, 3. A big greeting was also accorded other Los Angeles Dodgers on their return to LA, last night. Dodgers won the series, with a final victory in Chicago.

Utica Rally Nets Tie at Roseville

Utica's football team rallied for two touchdowns in the 4th quarter to salvage a 12-12 tie with Roseville last night on the Roseville gridiron. The tying touchdown came in the final 45 seconds.

★ ★ ★

Jim Roney was the hero for Utica as he scored the 1st TD and passed for the other. Roney galloped 78 yards to set up the 1st counter and then he hit pay dirt from three yards out on the next play.

★ ★ ★

Roney's nine - yard aerial to George Cedar tallied the tying marker in the waning seconds. A 29-yard pass from Wiseman to Caldwell in the 1st period and Wiseman's two-yard plunge in the 2nd stanza produced Roseville's two TDs.

Capture Southfield Invitation Race

Chief Milers in Sweep

Led by Joe Anderson's smartly paced 4:41, Pontiac Central milers last night raced to a sweeping victory in the Southfield Fall Invitational Mile. Chiefs had four (each team had four runners) in the first seven finishers, three with a total time of 14:36.

★ ★ ★

Redford Union was second with total time of 14:50. Others included Farmington with 15:56, Pontiac Northern High with 16:07, and host school Southfield with 16:08. Times were for the best three runners of each team.

Anderson set a fast pace at the start, hitting 61 seconds for the first quarter, then winning as he pleased, 50 yards ahead of Redford's Herbert who was timed at 4:54. On his heels were PCH's Maurice Johnson (4:57), Ken Byrd at 4:58, Redford's Clay at 4:59, Jim Nelson (PCH) at 5:02, PNH's Eddie Murray at 5:09.

The event was a halftime feature at the Southfield-Farmington football game.

Sanders Grabs Hesperia Lead

Floridan Fires Subpar 66 Friday in Second Round Action

HESPERIA, Calif. (AP)—A 6-under-par 66 has propelled Doug Sanders of Miami Beach, Fla., into the lead in the $15,000 Hesperia Open Golf Tournament.

The 27-year-old Sanders started today's third round with a 36-hole total of 134, one stroke ahead of Joe Kirkwood Jr., Studio City, Calif., whose 68 put him in second place with 135.

Sanders, one of the steadiest performers in the game, had six birdies on putts ranging from one to 15 feet.

Jack Fleck of Tarzana, Calif., the first-day leader, was tied at 137 with touring pro Don Fairfield. Fleck had a 71 yesterday, Fairfield 67.

Other scores included Gene Littler, Singing Hills, Calif., 70-681 138; Bob Duden, Oswego, Ore., 68-70-138; Eric Monti, Chino, Calif., 70-68-138; Paul Harney, Worcester, Mass., 69-69-138; Joe Greer, Yakima, Wash., 68-71-139; Bert Weaver, Beaumont, Tex., 71-68-139; Bob Goalby, Crystal River, Fla., 68-71-139; Jay Hebert, Sanford, Fla., 71-68-139.

Marine Is Titlist

GLENVIEW, Ill. (AP) — Marine private Phil Rodgers, NCAA champion for Stanford last year, captured the Inter-service Golf Tournament by 10 strokes Friday.

The 5-7 Rodgers, 21, from the San Diego Marine Base, stroked a final round 72 on the par 71 Glenview Naval Air Station course for a 72-hole total of 280.

Red Wings in Montreal for Season's 1st Test

MONTREAL—Detroit Red Wings will be at about full strength Saturday when they open their National Hockey League campaign against the Stanley Cup champion Canadiens. Canadiens opened the 1959 season on Thursday with a 4-1 win over Boston.

The Wings meet Montreal with a pre-season exhibition record of 13 wins, in an all-winning period.

Only probable absentee from the opening lineup for the Detroit sextet is Barry Cullen. Cullen is just now recovering from an injury suffered during the club's western tour.

Detroit finished out of the playoffs last year, for the first time in two decades.

OWNER BUILT — This six-room home with attached garage and full basement was owner built by Rolland Langerman of Walled Lake. Except for the basement, Langerman did all the work. In less than a year the family moved in. The exterior is aqua shakes with coral trim. The front porch and low planters are made of Michigan sandstone. Mrs. Langerman is the gardener and has an acre of land with which to work. In the rear there are apple trees and a vegetable garden.

Your Neighbor's House

Langerman Home Has Color and Charm

By JANET ODELL
Pontiac Press Home Editor

Once is enough. For what? For building your own home. That's the way the Rolland Langermans of Walled Lake feel. We don't know any reason why they should want to move from their attractive ranch home on Wabasso. It's large enough for themselves and six-year-old Donny.

Set on an acre of ground, the house is a modified version of a stock plan. After the basement was completed, Mr. Langerman did the rest of the work. The exterior is aqua shakes with coral trim. Around the front, near the garage, are Michigan sandstone planters. Here Mrs. Langerman takes over with the flowers.

At the right inside the front door there is a divider wall of ribbed glass above a storage cabinet. The Langermans store card tables and TV tables underneath.

On the opposite wall is a coat closet and built-in bookcases and cupboards. Knobs on the cupboards are square glass ones. A plane that has been varnished is used as a door stop. Maybe Langerman wants to be reminded that he no longer has to use it every day after work.

Interior walls are dry wall. Those on one end of the living room and in the dining room are scored. This gives an interesting contrast. All are painted sandalwood. The ceiling is pale aqua. Floor length draperies are matching sandalwood.

BRIGHT RUG

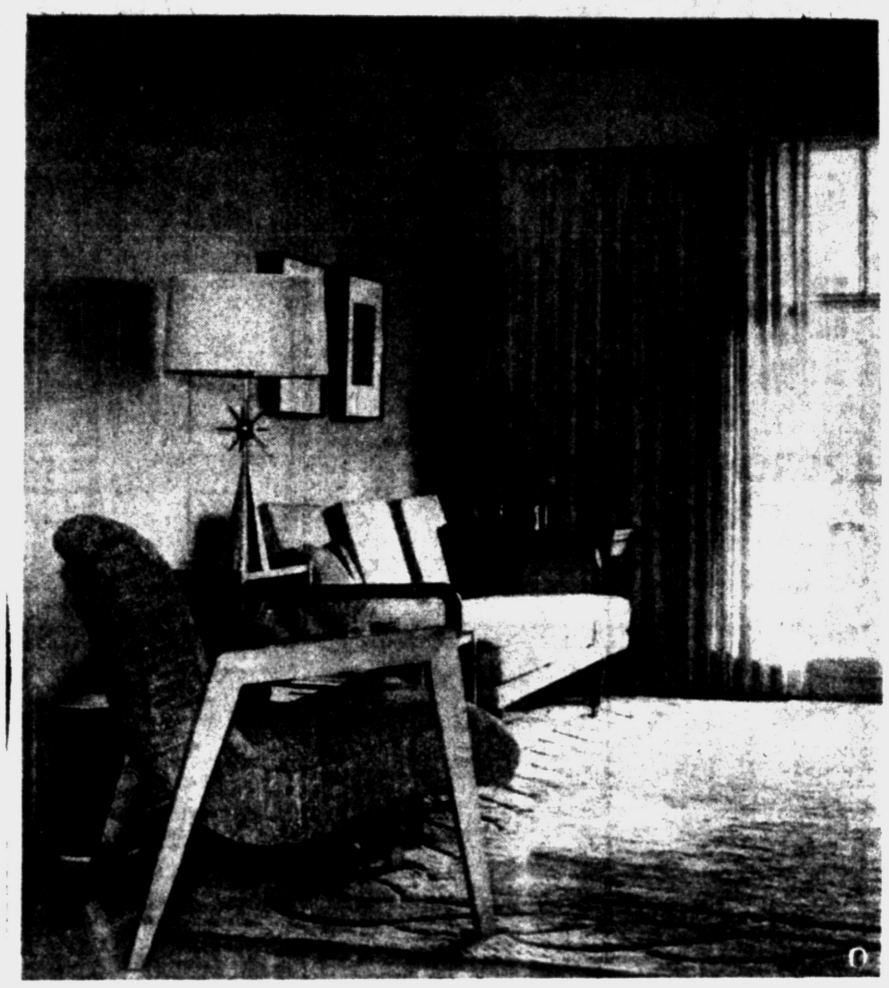
The floor is covered with beige linoleum tile. In the living room there is a coral deep pile rug with sculptured border. Window sills in this room are Norwegian rose marble.

Furniture is modern with walnut frames. The sofa is upholstered in a nubby fabric; the color is an iridescent blend of aqua shades. Two chairs match the sofa. Another chair has a blond frame with brown tweed upholstery. A fourth chair, covered with white leather, has brass arms.

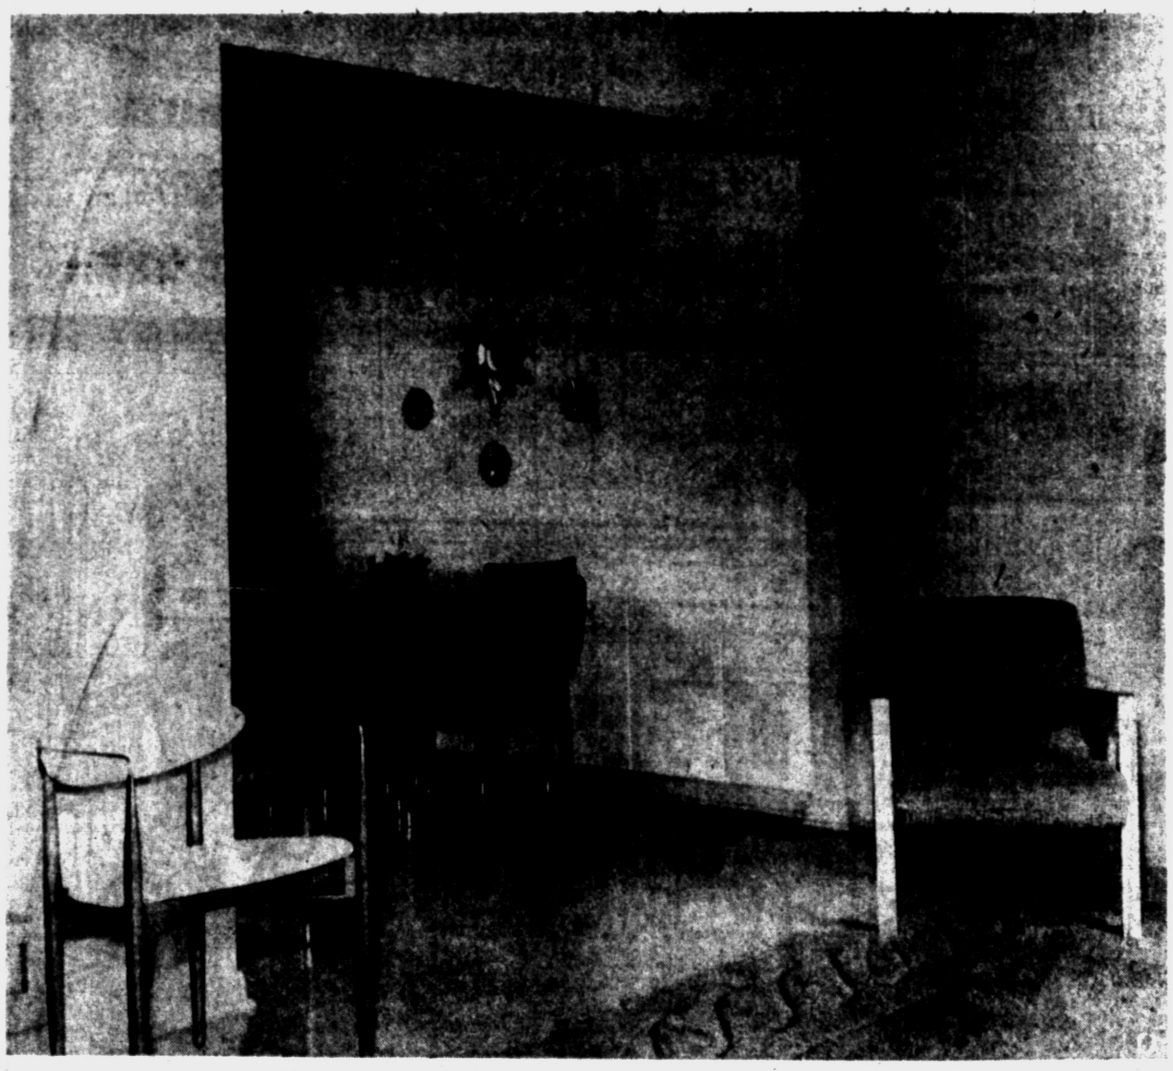
At one end of the sofa is a trio of lamp tables. At the other end is a step table. On the long wall between kitchen and living room there's a long narrow magazine table. Lamps are brass and white.

A sunburst mirror and three

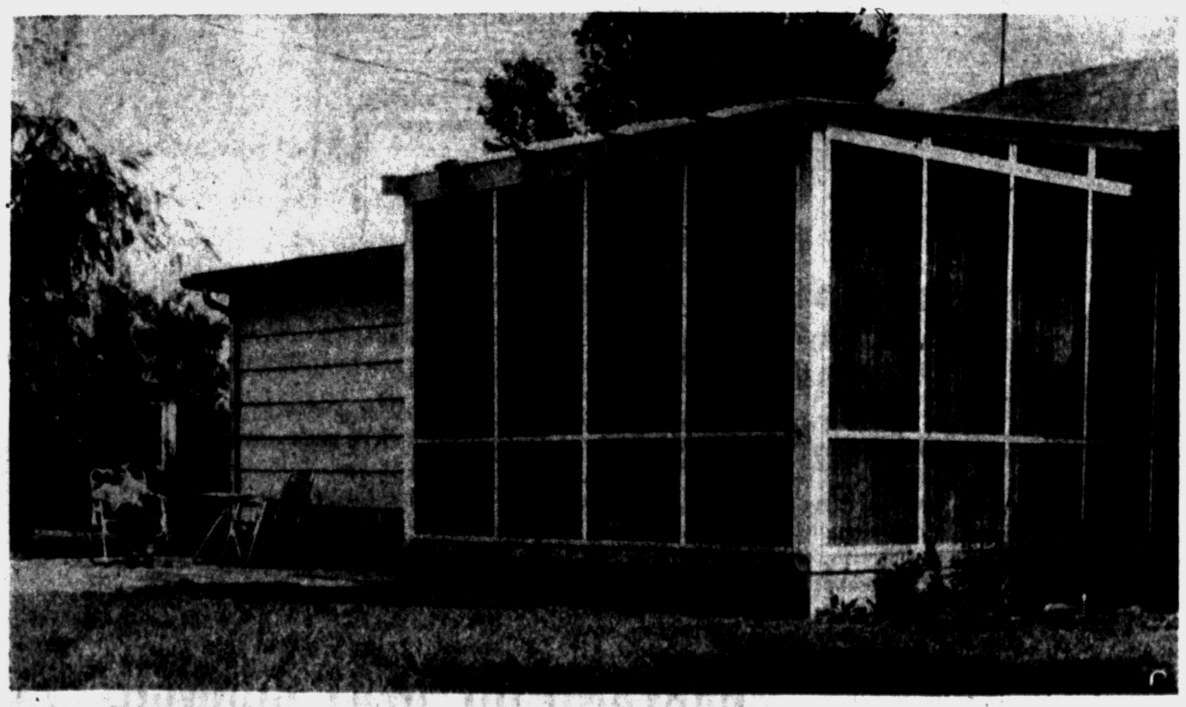
(Cont. on Page 20, Col. 5)



CONVERSATIONAL GROUP — There's both color and comfort in the Langermans' living room. The walnut sofa with cane arms has an iridescent aqua upholstery on the cushions. The blonde chair in the foreground has a brown tweed covering. Floor length draperies match the sandalwood walls. Colored bottles and bright throw pillows catch the eye. The rug is a coral sculptured one.



TEXTURED WALLS — One wall in both living room and dining room is scored at intervals. All walls are painted sandalwood. The dining room set is walnut. Brass accents include the wall decorations above the table, the ferrules on the furniture and the chair seats which have a metallic thread in the material. The little arm chair near the doorway has brass arms and white leather upholstery.



SUMMER ROOM — On a cement slab at the rear of the house the Langermans built a summer room with a translucent plastic roof. On the west the screens are the sunshade type. White wrought iron furniture contributes to the light and airy look of the porch. Young Donny Langerman consented to pose for The Press photographer on the outside patio. The landscaping around the home is most pleasing to the eye.

Modern 'Split' Captures Elizabethan Charm

By DAVID L. BOWEN

Centuries ago in the reign of Elizabeth I craftsmen in England devised a unique building form.

They erected a complete house framework of wood, and then filled in the voids between beams with clay. In time the technique became known as half-timber construction. To this day the combination of plaster and flush beams in an exterior is as English as Shakespeare.

Architect Samuel Paul has employed a modern adaptation of Elizabethan half-timber construction to give this luxurious home the charm and beauty of an English country home.

It's X-79 in the House of the Week series and its facade is a pleasing blend of texture and colors. The natural finish wood strips used in place of structural beams are more than modern decorations: they act as stops and expansion joints for the white stucco and thus prevent discoloration and cracks, which often mar large unbroken stuccoed areas.

LOADED WITH CHARM

Inside, the home is arranged for the kind of unhurried, gracious living made famous by the English country gentleman. The living and dining rooms share a real wall of glass that runs almost unbroken for 35 feet.

There's a big kitchen, a dinette, four bedrooms upstairs and a fifth adjoining the recreation room downstairs. There are three full baths plus a lavatory.

Basically, it's a luxuriously large split-level with the best of American design on the inside and the best of English on the outside.

Here's the room arrangement:

The large entrance foyer is well lighted by big glass panels on either side of the front door. It contains two guest closets. The foyer leads to the gracious living - dining room stretching across the rear of the house. Both these rooms have a cathedral ceiling highly appropriate to the English motif.

A two-way fireplace with raised hearth separates the two entertainment rooms. They are flooded with light through the predominately glass rear wall, which also has a set of sliding glass doors leading to the terrace.

The kitchen is in the front of the house, centrally located and accessible both from the service entrance and main foyer. A convenient dinette is located off the kitchen, excellent for small family meals.

The service entry leading to the kitchen contains a full laundry, service closet, and lavatory, thus saving the housewife unnecessary level-hopping in her daily tasks.

Up a half level from the entrance foyer a spacious balcony gives way to a wide front-to-rear hallway serving four bedrooms. The master bedroom suite consists of a spacious sleeping area, a complete dressing room with built-in closet and storage unit, and a private full bath with shower.

The other three bedrooms on this level are all good-sized and have an abundance of closet space. The hall bath has a built-in vanity with two basins, a towel storage closet and a full 4½ foot linen closet. A walk-in linen closet is located off the bedroom hall.

ISOLATED FOR PRIVACY

The fifth sleeping room is downstairs off the recreation room. Its comparatively isolated position makes it ideal for a study, maid's room or a guest in search of privacy. It also has a convenient bath.

The recreation room itself is 18 feet by 15½ feet and has wide glass doors opening onto the family terrace. A two-car garage and utility room also are located on this level.

X-79 has over-all dimensions of 65' 4" by 43' 6". There are 1,055 square feet of habitable area on the living room level, and 1,278 on the bedroom level. The recreation room level, including garage and utility room, covers 1,120 square feet of space.

"Our oil heat furnace is one of the smartest investments we've ever made."

"I don't know a British Thermal Unit from a gyrocompass. All I know is that our oil heat is clean and economical.

"Bob says the best thing about our oil heat is that it's safe—and it's completely automatic too. Did you know that our oil furnace doesn't even have a pilot light? Bob says that's because it's fired by an electrical ignition system that's practically foolproof and with our fuel dealer filling our storage tank automatically, we never have to worry about a thing, especially pressure drops, when the weather gets cold. My Bob knows just everything."

Your Oakland Oil Heat Council doesn't know everything, but they do know everything about heating a home with fuel oil. If you're planning to install a new furnace this season, it will pay you to contact a member of the Oakland Oil Heat Council, you will see his symbol everywhere. He will advise you as to the many advantages of heating your home with fuel oil.

About 250,000 hand motions are made in hammering nails in a conventional house. Power - nailers, staplers and other substitutes for the carpenters' traditional claw hammer are coming into widespread use.

Take Time to Clean

A few extra minutes spent cleaning your paint brush will pay off money-wise and you will double its life. If you are interrupted while painting, simply store your brush temporarily in a special vapor-proof plastic bag. These bags retard the evaporation of paint solvents, and keep the brush soft. For long storage, squeeze or wipe out the excess paint, let the brush stand in a new non-evaporating chamicl cleaning solution, wrap in aluminum foil, and store.

Seal and Stain Floor at Same Time

Today's decorators may suggest, at times, the use of a stain for your maple floor. The suggestion is usually made when they feel that a darker floor will compliment the color motif of the furnishings and decoration in the room. There are now newly-created "Color-Sealer" products on the market for this purpose.

★ ★ ★

These products are single package combinations — color mixed right in with the penetrating sealer. They stain and seal the floor at one and the same time, thus saving the extra work of a stain application and followed with several coats of sealer.

The "Color-Sealers" can be purchased at your local hardware and paint stores. The popular colors are autumn brown, early American and Spanish brown, but pastel shades of other hues are also available.

For a free booklet on floor finishing procedure, including a list of Color-Sealer floor finish manufacturers, write to the Maple Flooring Mfrs. Assn., 35 East Wacker Dr., Chicago 1, Ill.

Here's the Answer

QUESTION: I intend to do some painting on small objects and hope to be able to do it with one or two spray cans of paint. I have had some experience and success in painting with a spray gun, but I no longer have the gun and do not want to buy a new one for such a small job. Is the technique the same in spraying with a spray can as it is with a gun?

ANSWER: The technique is the same. Deliver the spray at right angles to the surface being painted. However, be sure to read the instructions on the can, as it may be necessary to turn the can upside down before using it or to take some other action to facilitate the spraying.

QUESTION: I expect to make a broom closet soon. I want to make the sides and door of the closet from plywood, the supports from white pine. Is this all right? It seems to me I remember reading somewhere about not mixing plywood with regular lumber in one project because they warp differently and might pull apart.

ANSWER: It's perfectly all right to make the supports from regular pine and the rest from plywood. If made properly, there will be no warping.

Seal Knots

Before painting or varnishing new wood, make sure all knots and sap streaks are sealed with a prepared sealer or white shellac.

Walled Lake Home Built by Owner

(Cont. From Page 17)

smaller brass sunbursts hold the attention on the wall above the dining room table. Dining room furniture is walnut with brass ferrules. The ribbed chair seats have a gold thread in the material.

A door at the rear of the dining room leads out to the summer room which is roofed in translucent plastic. On the north and east the sides are plain screening; on the west there is sunshade screening.

Out here white wrought iron furniture is used. The table is glass topped. Chair seats have leafy design in gold and silver on white. Outside this summer room, behind the garage, there is a cement patio.

In the kitchen the floor is gray tile. Walls are pink. The window sills are Italian marble. Counter tops are aqua.

HINGED SHELF

All cupboards were custom built by the owner. On one wall there is an aqua shelf, hinged in the middle so that the front part drops down. Up, this is both breakfast bar and work counter.

Three pink stools with black frames take care of the family. Above this shelf are baskets of artificial flowers—very gay.

There's a second built-in bookcase in the den. One wall of the room is plywood that has been sand-blasted and aniqued. The others are painted green. Green tile is used on the floor.

Curtains and the studio couch are also green. A blonde chair with green webbing offers comfortable seating. There's a walnut desk.

Donny's room has blue walls and a blue and gray tile floor. There's a blue bobnail spread on the black wrought iron bed and a red rug next to it. The harlequin curtains combine red, blue, green and yellow.

When we went into the master bedroom, we met the fourth member of the Langerman family. Mrs. Langerman shoved the twin beds apart and reached down under the headboard. Up she came with a huge gray and white cat named Smoky. He's the retiring kind who likes to sleep in private.

This room is done in the two colors used throughout the house —aqua and pink. The tile floor is pink; walls are aqua. Curtains are tan and beige with squares of aqua.

The furniture is birch with birch trim on the headboard of the bed. The spreads are aqua with large white French knots. To contrast, there are pink throw pillows.

The Langermans are especially pleased with all the storage room they have in their house. In fact, there isn't much they'd change anywhere.

Poor Home Design Costs Many Millions a Year

Faceless architecture costs American homeowners many millions of dollars every year in needless depreciation and obsolescence.

Some homes being built today, says one leading architect, are just a step ahead of the log cabin glorified by our pioneers. True, he said, they provide minimum shelter—a roof and openings for light and entrance — but they do not come cheap.

It seems unreasonable, this architect commented, that a home—or a house would be a more realistic designation—should be so out of date after 10 years as to require a complete overhauling. Yet he continued, millions of postwar, jerry-built shacks, after a decade or so of occupancy, are nearly uninhabitable. Many owners have so much invested, they have to spend thousands more to make them habitable.

Home buyers, the architect pointed out, should not buy the price tag. They should make sure their new home measures up to certain basic specifications, he said.

A home buyer should ask himself these questions when he is buying, the architect suggested: 1) Is this a style that will be good 10 or 20 years from now; 2) Is the home built of tried and true materials, like proven lumber framing and long-lasting lumber siding and interior trim and paneling; 3) Can I enlarge it when my family grows—good frame houses lend themselves best to adding rooms or wings; 4) What styles other than proven traditional will stand the test of time?

If the house looks nondescript when it is offered for sale new, it certainly won't enhance in appearance or acceptability as the years pass, said the architect.

Certain types of modern design, the architect continued, will be as sound in the future as today. But there must be character and style to any design of any era. He mentioned ranch homes; open-area, exposed beam-and-ceiling homes; low, one-story rambling designs, not strictly ranch, as some of the better inventions of this period.

High on the preference list of homes for all ages, the expert concluded, are well designed homes built with wood. Highest resale value is to be found in homes framed in sturdy woods like Douglas fir and finished inside and out with such favorite softwoods as western red cedar, west coast hemlock and Douglas fir. Well preserved wood interior paneling has an especial appeal.

Square Rooms Give Way to Open Plan

The square, cube-like rooms so common in many homes are getting on the nerves of housewives.

"Give use variety," these women exclaim. "Why should we spend most of our waking hours in a square box when we can have a home with open high-ceilinged rooms?"

A typical western housewife said, "I never realized before how confining and even stultifying to the senses a square, uninteresting room was until we bought a new home with a plank-and-beam ceiling extending over the living room, dining and kitchen areas.

"You get a feeling of freedom in these spacious living areas which I never experienced before. I don't think I am nearly as tired at the end of a day as I used to be."

"The texture and beauty of the wood," this same housewife added, "gives my home charm and livability. I like the neutral coloring of the champagne colored west coast hemlock walls and ceilings, and the Douglas fir beams give just the right accent. The plastic finish over a regular sealer coat reduces my maintenance to almost zero.

In many a home today, architects are carrying the open ceiling theme into the bedrooms and using a gable roof line to give the feeling of height, freedom and release to these rooms which are notoriously hard to design with variety.

THE FINISHING TOUCH — The finishing touch to many a home is a fence. Here, a decorative fence of 2x4s, set in open brickwork pattern, was used to define property lines. Tough Douglas fir lumber used for fence was painted stark white, contributing to delicacy of pattern.

Alcohol Cuts Wax

When a linoleum or tile floor gets dull or streaky from too many waxings, add some alcohol to the next pail of scrub water (approximately 3 parts water and 1 part alcohol). This will take ALL the wax safely off and you have a perfectly clean surface to start your new wax job.

Sunflower seed is the most important oil-bearing crop in the Soviet Union.

Modern Package Boiler Fits in Small Space

"Come down in the basement to see my boiler. It isn't any bigger than our television set."

This is the invitation which many a homeowner has proudly extended to visitors.

It is quite true that the modern compact package boiler is no larger than a television set or an automatic washer. It fits neatly out of the way in the utility room, kitchen, closet, or alcove. The compact dimensions of the package boiler are combined with high capacity and attractive appearance to provide a versatile and attractive heating unit.

Package boilers are completely assembled at the factory where they are packaged and crated. The circulator, controls, piping and accessories are all factory-installed and pre-wired.

When a package boiler is delivered on the job, all the pipe fitter has to do is to take the crate apart, set up the boiler and make the necessary piping and electrical connections. Package boilers are available for firing with gas or with oil. The burner desired by the customer is fitted into the boiler at the factory and is made especially for use with each boiler size.

Year-around domestic hot faucet water is supplied by the package boiler without a separate storage tank. A high capacity water heater coil is located inside the boiler completely out of the way.

★ ★ ★

In order that the householder may be assured of all the economy and efficiency that a package boiler is capable of providing, installation under the supervision of an experienced heating contractor is necessary.

Careful Fall Checkup Saves You Money

Don't let the winter months catch you unprepared. Think about the house you live in . . . take a good look around you. **NOW** is the time to give your house a thorough check-up to prepare it for the cold season ahead.

Early fall is an excellent time for painting — indoors and out. Wherever you see worn areas that need painting, or spots that require touching up, immediate attention to these places will keep your home-maintenance cost at a minimum. Before winter rains set in, there are clear dry days ideal for painting.

Check the condition of your roof gutters, downspouts, and metal work. Rusty areas should be scraped thoroughly, a primer applied, and the surface repainted.

Window frames, entranceways and areas around ventilators or air conditioners should be checked. If the caulking material is loose, broken, or has fallen out, scrape out the old caulking and replace carefully with the proper substance. Filling in these cracks will insure your house against loss of heat, penetration of moisture, and drafty spots.

If you have removable storm sashes and doors, go over them carefully for signs of loose panes, chipped or worn painted areas, and loose hinges. Screw holes can be tightened by applying a small amount of plastic wood.

If the paint shows signs of wear, a light sanding and a coat of outdoor paint will preserve the wood and give your windows or doors longer life. Aluminum casings and frames usually need no primer and can be coated with an exterior paint or enamel for added protection.

PIPE HOLES

Inspect the areas around indoor and outdoor pipes. Be sure that these fixtures are free from leaks, or cracks, the pipe hole tightly plugged.

Don't forget the roof. Replace all worn shingles. New shingles should be dipped in the special preservative stains made for them. If the shingles are in good condition, but have become weather-beaten, you would be wise to completely cover them with a roof preservative coating.

For flat roofs, use clear or fibred coatings — or roof cements — or asphalt emulsion. It is tremendously important to renew the protective coating as soon as cracks appear in the asphalt.

Metal roofs require a little more preparation since special primers must be applied, and all rusty areas prepared before repainting. Be sure to check the area around the chimney for signs of wear, and the chimney itself for loose bricks or places that need repair.

When you take the time to carefully inspect all of these area, and make the necessary repairs, you are safeguarding your house and protecting your pocketbook against expensive, major repair jobs.

Let Teeners Redecorate Room to Suit Self

Your teenager is a very special individual with his or her own special charm and problems. But one thing each youngster has in common is a wish for an attractive room of his own. If your child has a room of his own, he probably would enjoy redecorating and painting it.

The National Paint, Varnish and Lacquer Association has a booklet called ROOM FOR IMAGINATION that presents helpful suggestions on decorating rooms for teenagers. For your free copy, send your name, address and request to the Association at 1500 Rhode Island Avenue, N.W., Washington 5, D.C.

Wash Walls First

All interior walls should be washed thoroughly with a good household detergent and left to dry before painting. When a brush is used, a 4-inch one is preferred by most people. A sweeping, fanning motion is the best way to apply the paint. If you want to avoid lap mars, always work back toward the wet areas.

Ontario contains one-third of Canada's population.

Ready-Mix Aluminum

Three types of ready-mixed aluminum paint are now on the market. Metal and masonry aluminum paint provides a protective, tough waterproof finish for metal, brick, and concrete surfaces. Aluminum paint for wood can be used as a primer or finish coat and provides an elastic and durable film. Aluminum enamel protects hot surfaces that reach temperatures of 600 degrees to 800 degrees F., is fast-drying, and provides a chrome-like, satin-smooth interior finish.

FHA Mortgage Program Gets New Life

WASHINGTON (UPI)—The Federal Housing Administration (FHA), whose mortgage insuring program has been down but not out for most of the year, is looking forward to 18 months or so of relative calm.

The reason: Congress' "third try" housing bill—the one that was finally acceptable to President Eisenhower after two predecessors were vetoed—gave FHA $8 billion of new insuring authority with no cutoff date.

Officials figure that sum should cover the agency's mortgage insuring activities through 1960.

Passage of the bill may also make it easier for home buyers to get FHA-backed financing. With the agency using "Agreements to Insure" instead of the old fashioned firm commitments, builders and lenders who watched the tug o' war between the Democratic Congress and the Republican President were starting to shy away from FHA deals.

When the year's third housing bill cleared Congress the FHA was teetering along on unused insurance authority of $500 million. The agency had been balancing its insuring operation on that sort of financial high wire for many months.

The housing bill has two provisions that will affect some home buyers directly:

—It lifts from $20,000 to $22,500 the maximum insurable mortgage on a one-family house. The ceiling for a two-family dwelling was lifted from $20,000 to $25,000.

—It authorizes a cut in minimum downpayments on houses costing more than $13,500. For example, on a house valued at $16,000 the downpayment would be lowered from $780 to $655. FHA Commissioner Julian H. Zimmerman will probably put the lower requirements into effect this autumn in time to help bolster home builders prospects for next year.

The bill also extended for one year—until Oct. 1, 1960—the FHA's program of insuring home improvement loans up to $6,000.

Another shot in the arm will go to the government's slum clearance and urban renewal program. The bill carried $350 million for this year and $300 million for 1960.

Applications for federal grants have been stalled since January when money ran out. (There was no housing legislation in 1958.) Officials estimate that applications for about $300 million of slum clearance funds are in various stages of processing.

Spokesman for the program promised that the applications—from cities all over the nation—would be processed as speedily as possible. Projects begun with previously committed funds have not been affected. But the start of new projects has definitely been delayed in some places.

The bill increased from $100 to $200 maximum payments to individuals who are forced out of urban renewal areas in some circumstances. The top allowance to businesses was raised from $2,500 to $3,000.

A new feature in the government's array of housing programs is not expected to get going for quite a few months. This is direct loans for construction of housing for elderly persons. The bill authorized $5 million for such lending but no money can actually be doled out until Congress makes an appropriation. That won't come before January, at the very earliest.

Prime Wood Surfaces Before Puttying

Always prime your wood surfaces before applying putty to cracks and holes. The primer coat seals the surface and prevents oil from the putty penetrating the pores of the area being painted.

If oil is allowed to leave the putty, the putty becomes dry and crumbly and often falls out. Use the best grade of putty available—it will give the best and longest service which always means saving money.

Seizing Initiative

Soviets Hamming It Up on U. N. Assembly Stage

UNITED NATIONS, N.Y. (AP)—Riding high on the prestige of two moon missiles and Premier Nikita Khrushchev's red carpet treatment in the United States, the Soviet Union is playing the star role on the General Assembly stage this year.

★ ★ ★

The Soviets have seized the initiative on most East-West questions since Khrushchev told the Assembly Sept. 18 of his scheme for a world without war.

Both the disarmament and outer space issues hinge mainly on plans put forth by the Soviets. The initial proposals were couched in such general terms that the West had no choice but to agree with them in principle.

To oppose Khrushchev's call for global agreement to scrap all arms and armies would have sounded like an argument against peace.

★ ★ ★

It would have been equally difficult to block the Soviet call for an international conference of scientists to swap experiences in exploring outer space.

The one East-West question on which the Western powers have taken the initiative has threatened to backfire.

The call for an airing of the Red China-Tibet situation has alienated a number of Asian neutrals. They fell it would only touch off bitter East-West debate and heighten tensions eased by the talks between President Eisenhow and Khrushchev.

★ ★ ★

The Soviets left themselves open for Western attack when they told the U.N.'s Political Committee Friday that they opposed detailed examination of disarmament controls until agreement is reached in principle on the Khrushchev plan.

The Western powers have not answered this yet, but the view was expressed privately that the Soviets were still trying to downgrade controls. U.S. Secretary of State Christian A. Herter has made plain that he did not feel the Khrushchev plan placed enough emphasis on foolproof international controls.

Thaw Cold War? Not Red Chinese

TOKYO (AP)—Red China gave clear new evidence tonight that—despite the wishes of Soviet Premier Nikita Khrushchev—it has no intention of ending the cold war with the United States.

★ ★ ★

One of Peiping's propaganda mouthpieces, the newspaper Ta Kung Pao, accused Washington of aggressive plans against Communist China and rejected any idea of renouncing the use of force to settle the Formosa dispute.

★ ★ ★

A call for renouncing force or war to solve international disputes was the keynote of the communique issued after the Camp David talks between President Eisenhower and Khrushchev late last month.

Seek State Participation in U.S. Education Plan

LANSING (AP) — Education officials from throughout the state will meet with acting Gov. Swainson on Monday to explore possibilities of qualifying Michigan for National Defense Education Act benefits.

The federal measure is designed to encourage student interest in science, mathematics and foreign languages.

About $4,700,000 would be available to Michigan if the Legislature opened the door to participation in the nation program. Lawmakers refused to do so this year.

Grants would be provided for instruction equipment in the three basic course areas, for procedures to screen out and encourage able students and to improve statistical services of state education agencies.

Those meeting with Swainson will be mostly school administrators and board of education members.

The present boardwalk in Atlantic City is the fifth one since the first one was built in 1870. Although it is still "a boardwalk," it now has a concrete foundation.

Jury to View Slaying Scene

Prosecutor in Vermont Says 'Vigilante Action' Followed Beating

CHELSEA, Vt. (AP)—A jury of nine men and five women today views the scene of a 21-month-old slaying that authorities say was the result of "vigilante action."

The "vigilante" reference was made Frday by State Atty. Frederick M. Reed as he outlined the state's case against Robert O. Welch, 45, accused of the Dec. 31 1957 slaying of dairy farmer Orville Gibson.

★ ★ ★

Reed said the defendant heard Gibson had given his hired man Eri Martin a beating on Christmas Day and commented "someone ought to give Gibson a dose of his own medicine."

"A definite animosity developed toward Gibson with agitation for some kind of vigilante action against him," said Reed.

Gibson's body was found March 26, 1958 in the Connecticut River —with his hands and feet bound and joined together with another rope.

★ ★ ★

A medical examiner's report said he died of asphyxiation. The body bore bruises inflicted before death.

The slaying has been described as a "community affair" and a "vengeance crime by investigators who say Gibson's Newbury neighbors were enraged at his beating of the frail 58-year-old Martin for spilling two milk cans.

Since the discovery of Gibson's body, rumors of a number of men involved in the affair have persisted in the town and some persons have been heard to use the word "lynching."

Chandler Really After Presidency

'I'm Running for the Roses,' Says Kentucky Governor

FRANKFORT, Ky. (AP)—Kentucky Gov. A. B. Chandler wants the nation to know he is a serious, sure-fire starter in the Democratic presidential derby

★ ★ ★

He makes his point plain in a familiar Kentucky Derby phrase: "I'm not running for the exercise. I'm running for the roses."

The Kentucky Derby is known as "The Run for the Roses."

Chandler, 61, former baseball commissioner, winds up his second term as governor Dec. 8. He could not seek re-election under a state constitution provision banning consecutive terms by the governor.

Chandler actively sought the nomination in 1956, received 30 delegate votes from Kentucky and six from other states at the convention.

Executive duties kept him from being an active campaigner in 1956. Now, with plenty of time, he plans to enter the early primaries in New Hampshire, Wisconsin and perhaps Indiana.

Turkeys, Beware

DEARBORN (AP)—The fifth annual midwest muzzle loaders turkey shoot will be held today and tomorrow at Greenfield Village. Nearly 14,000 spectators are expected to attend.

Bananas Near Spoiling

Perishables Get Priority as Dock Activity Revives

NEW YORK (AP)—Perishables continued to receive priority today as longshoremen loaded and unloaded a backlog of cargo that had accumulated during their eight-day strike.

Ports from Maine to Texas came back to life Friday as 85,000 dockers obeyed a federal court order enjoining the strike. Rain handicapped the operations at some Atlantic ports.

Priority was given 12 vessels that had arrived here and at Southern ports with 30 million dollars in perishables, mostly bananas. In some cases, the fruit was near spoiling. Shippers estimate the strike cost them about 160 million dollars.

★ ★ ★

President Eisenhower invoked the Taft - Hartley Law Tuesday against the International Longshoremen's Assn. A temporary restraining order obtained here Thursday is expected to complete the legal steps for a cooling off period that will ban further striking by the ILA until Dec. 28.

Contract talks are scheduled to resume here Oct. 19.

★ ★ ★

The strike began Oct. 1 when Southern longshoremen walked off the piers because shippers declined to assure retroactivity in any new contract. Longshoremen at Northern ports followed suit, although they had been granted retroactivity and had agreed earthe disagreement between the unlier to extend the old contract to Oct. 15.

Automation is the key issue in ion and the New York Shipping Assn., which bargains for shippers from Maine to Virginia.

★ ★ ★

The last money offer made by the shippers was a 30-cents-an-hour package over a three-year period. The union wants a 40-cent package with the automation provision. Wages now average $2.80 an hour.

State Road Mishaps May Kill 1,450 in '59

LANSING (AP) — A projection of experience so far this year indicates Michigan highway accidents may account for 1,450 deaths in 1959, or 75 more than in 1958.

This was what State Police saw in taking a look down the road ahead for the remainder of the year.

For the first nine months, road fatalities were up 5 per cent from the corresponding period last year.

If it's any consolation, the state thereby is in step with the rest of the nation which has experienced a 4 per cent rise.

Vertical Takeoff Plane Is Delivered to NASA

BUFFALO, N.Y. (UPI) — The first jet-powered vertical takeoff and landing airplane has been delivered to the National Aeronautics and Space Administration (NASA) for further flight testing, Bell Aircraft Corp. announced Friday.

The flight evaluation program of Bell's X-14 will be conducted at NASA's Ames Research Center, Moffett Field, Calif. The craft was designed and built for the U.S. Air Force under a contract from the Air Research and Development Command.

Chemists Find Egghead Tag Still Popular

HUNTSVILLE, Ala. (AP) — A nationwide survey to find out what people think about chemists shocked the chemists.

★ ★ ★

Eighty-three per cent of the 2,000 persons questioned said scientists make important contributions, but:

The majority believe the scientific man to be "shy, awkward, odd, socially inept, narrow in his interests and overly dedicated to his work."

The findings were reported by Dr. Wayne E. Kuhn, head of the American Institute of Chemists.

Ingham Sheriff Faces Drunk Driving Charge

LANSING (AP) — Willard P. Barnes, five-term sheriff of Ingham County, found himself in the unfamiliar role of defendant today after arraignment on a charge of drunk driving.

The burly, 280-pound law officer appeared before Justice of the Peace Robert Wood in nearby Williamston yesterday in answer to a warrant issued by Prosecutor Jack Warren.

He stood mute and Wood entered a plea of innocent, set a hearing for Oct. 20 and released the sheriff on $250 bond.

If convicted, Barnes faces a maximum $100 fine, 90 days in jail and automatic 90-day suspension of his driver's license.

Barnes is president of the Michigan Sheriffs Assn. and vice president of the National Sheriffs Assn.

★ ★ ★

Richard O. Goble, 28, of Dimondale, signed a complaint accusing the sheriff of drunk driving on U.S. 16 near Williamston about 2:30 a.m. Wednesday.

Goble, bartender and part-time truck drover, said he was driving toward Detroit in his truck to pick up a load of cheesecake when a car swerved into his path. After observing it bore Ingham County Sheriff's insignia, he said, he drove into Williamston and notified both state and local police.

Warren said Ellis Nemer, Williamston policeman, returned with Goble to find Barnes' car stopped at the side of the highway with the sheriff slumped over the wheel.

★ ★ ★

Barnes, 47, said he had been napping. A long day of police work, culminating with a search for a runaway from the county jail farm, left him exhausted, he said.

Nemer said Barnes accepted his offer of an escort to Mason where Barnes maintains his residence in the Ingham County jail. Soon after they set off, the policeman said, Barnes suddenly turned the car around and raced back toward Williamston. Nemer said he trailed him but was outdistanced.

"I think everything will turn out all right," said Barnes. "The only thing I was guilty of that day was overwork."

Under Michigan law, only a coroner may arrest a Sheriff. Barnes, however, appeared voluntarily at the arraignment.

Warren, a Republican like Barnes, signed the warrant after two days of investigation. He called the incident "a serious blow" to law enforcement.

★ ★ ★

As sheriff, Barnes is paid $7,200 a year and is furnished living quarters at the county jail. He also collects a car allowance. He supervises 35 deputies.

Under normal succession procedures, he would become president of the National Sheriffs Assn. in four years.

1959 Polio Peak Believed Past

Report of 279 Cases Is 53 Fewer Than the Previous Week's 332

WASHINGTON (AP)—Public Health Service officials today expressed belief the 1959 peak in paralytic polio has been passed.

There were 279 cases reported last week, with no data received from Mississippi. That was down 53 cases from the 332 in the peak week, ended Sept. 19, and 25 below the 304 cases reported in the Sept. 26 week.

Paralytic cases listed between Jan. 1 and Oct. 3 totaled 4,013, compared with 1,931 in the similar months last year and 7,886 in the same period of 1955, the first year in which Salk vaccine became available.

★ ★ ★

The total for all kinds of polio cases droped to 393 for the week ended Oct. 3 from 496 in the preceding week.

From Jan. 1 through last Saturday the total for all polio cases was 6,417, compared with 4,029 a year ago.

The service said the polio vaccine supply situation generally has improved, with acute shortages apparently no longer existing anywhere.

Usual Rest Day Follows Heavy Quemoy Shelling

TAIPEI, Formosa (AP) — Chinese Communist guns lapsed into their usual even - numbered day silence today after letting loose with the heaviest shelling of the Quemoy Islands in almost four months Friday.

The Nationalist Defense Ministry said the Reds fired 235 rounds.

Independent Study Is Valuable in College

ANN ARBOR (UPI)—The average college student can achieve more through independent study than his professors usually think, a report released at the University of Michigan yesterday showed.

The study shows that students living on campus can probably gain more knowledge of course material by themselves than with teachers and classmates.

No evidence was found to support the traditional claim that only superior students are successful in independent study.

Nonresident students with prior professional experience almost collapse academically when given independent studies, the report indicated.

Buyers Choice at All-Time High

You've Got Auto Makers Guessing

By BEN PHLEGAR
AP Automotive Writer

DETROIT—As a potential new car buyer you really confused the market research departments of the big auto companies this year.

★ ★ ★

These are the experts who are supposed to help the automo-makers come up with the cars you want in the year you're ready to buy. This year the research boys say you're ready to buy—if they only knew what.

They couldn't decide if it would be smaller cars, bigger cars, imported cars, more chrome, less trim, more room inside, less bulk outside, convertibles, station wagons, basic transportation or luxury on wheels.

So you are being offered a little of everything and the neighborhood auto dealer's showroom will look more like a supermarket than ever before.

★ ★ ★

Imported cars? Each of the five U.S. auto maunfacturers either own, have a financial interest in or distribute one or more European makers and these lines will be even more available than before in domestic dealerships.

Simca, of which Chrysler owns 25 per cent; General Motors' German Opel and the English Ford Anglia all have new models slicked up for the American trade.

GM is continuing its English Vauxhall at Pontiac dealerships and Ford also imports the German Taunus with new emphasis on the smaller, cheaper M-12 models. American Motors offers the little Metropolitan from England while Studebaker-Packard owns exclusive U.S. distribution rights to the famed Mercedes-Benz cars of Germany and has recently made a deal for DKW Auto Union cars, also from Germany.

★ ★ ★

Smaller cars? This is the year of the new compact models—Ford's Falcon, Chevrolet's Corvair and Chrysler's Valiant, all new and different from what the big three have been offering. Studebaker continues its Lark, shortest of the lot, and American Motors trimmed an inch or two from its Rambler, the car that popularized the term "compact."

FORD BUCKS TREND

Bigger cars? Ford bucked the general trend to hold or reduce exterior size by coming up with a standard size car that is both longer and wider—five inches each way—than 1959 models.

★ ★ ★

More room inside? You'll get that in any of the standard size 1960 cars when compared with 1959 versions. Even the compact models are as big on the inside as the standard cars of a few years ago.

Less bulk outside? At least one of GM's medium price lines—Oldsmobile—has cut its length and claims even more maneuverability because of a changed front bumper. Dodge brought out a whole new line of slightly smaller cars (4 inches shorter wheelbase) called the Dart. These sell in the Chevrolet-Plymouth-Ford price class.

Model variety? Studebaker-Packard added a convertible and a four-door station wagon. Rambler added a three-seat station wagon and brought out a four-door version of its smaller American. Pontiac, Buick and Oldsmobile all added three-seat wagons.

★ ★ ★

Ford in particular is stressing the something for everyone theme. James O. Wright, Ford division general manager, says a Ford dealership no longer will be a specialty shop but will offer cars throughout a price range that makes up 90 per cent of the market.

HAVE THREE

These are the Falcon, which delivers at slightly over $2,000 most places; the Ford with a factory list price running from $1,970 to $2,711 and the Thunderbird which goes up to $3,860 at the factory before taxes, transportation or optional equipment.

Ford's Mercury-Edsel-Lincoln division makes much the same sales pitch—that its dealers will have cars that deliver at prices from about $1,600 (the Anglia) to almost $10,000 (the Lincoln Continental limousine).

To round out its line, M-E-L already has announced a new smaller car, the Comet, for spring introduction. Ben Mills, the division's general manager, says his key word is flexibility. "We will be able to move whichever way the market goes," he says.

★ ★ ★

Chrysler emphasizes that it can build any of its cars, except the luxury Imperial, in any of its plants as the need arises.

Chevrolet has charted about 25 per cent of its production as the smaller Corvairs. But it can boost this figure in a hurry if necessary.

American Motors is expanding its Wisconsin facilities and Studebaker says it can increase its production considerably with its present plant when the market develops.

In other words, the industry is ready for your choice.

Car Classes Now Blurred

Term 'Low Priced' Is No Longer Significant; Judge by Equipment

By JACK VANDENBERG
UPI Automotive Editor

DETROIT — The terms "low-priced car" and "medium-priced car" as used in the auto industry today are misnomers.

The auto industry still uses the term "low-priced car" in relation to the Chevrolet, Ford and Plymouth. It uses the term "medium-priced car" to describe the Dodge, Edsel, Mercury, Pontiac, De Soto, Oldsmobile and Buick.

These terms grew out of an era when cars culd be separated into three fairly-distinct groups as far as price and size were concerned: The low-priced car, the medium-priced car and the high-priced car.

There was a certain amount of overlapping, but it was fairly easy to peg any car in one of these three groups.

★ ★ ★

At the top, and fairly well out of the reach of the average buyer, were the Lincoln, Cadillac, Chrysler and Packard.

The bulk of the sales went to the Chevrolets, Fords, Plymouths and perhaps, Studebakers.

In between, in a distinct area, there was the Mercury, Buick, Oldsmobile, Pontiac, Dodge, De Soto, Hudson and Nash.

The gap between the high-priced group and the low-priced group was so distinct only a person who suddenly came into great wealth could think of switching from a low-priced car to a high-priced one.

But today the principle difference between the low-priced car and the top of the line is how many accessories are standard equipment on the car.

More Than 9 Million Are Residing in Tokyo

TOKYO (UPI) — The population of Tokyo reached 9,102,929 as of Sept. 1, an increase of 293,190 since last year, the Metropolitan Statistics Bureau announces.

Bible Scholar, Lecturer to Speak at Sylvan Lake

DR. GEORGE M. LANSA

Dr. George M. Lamsa, who spent a lifetime translating the Eastern Bible into the English version, will speak at 6 p.m. Sunday in the Sylvan Lake Church of Christ.

He will be guest speaker at the noon luncheon Tuesday sponsored by the Christian Men's Club at the Elks Temple. The public is invited.

Author, Bible scholar and lecturer, he spoke seven languages and preaches in Spanish, Turkish, Assyrian and Aramic.

Dr. Lamsa, a naive of Assyria, was born into a civilization with customs and language almost identical to those in the time of Jesus.

His formal studies began under priests and deacons of the ancient Church of the East. He attended two English colleges in Turkey and Iran. Later he attended the Episcopal Theological Seminary in Alexandria, Va. and Dropsie College in Philadelphia.

Dr. Lamsa worked for more than 30 years in the Bible translation and has already completed 2,500 comments explaining ancient customs, idioms and obscure passages which, he said, have been mistranslated.

"The Bible is an Eastern Book and it was primarily written for Eastern people. The authors of the book used idioms and parables which people easily understood, Dr. Lamsa said.

"Moreover people understood political, social and economic issues of their days. Some of these are alien to the Western mind." Dr. Lamsa told us he was the only man to translate the Bible directly from the ancient Aramaic manuscript.

Dr. L. R. Elson, minister of the National Presbyterian Church in Washington, D. C., said of his work:

"In this new translation George Lamsa has again brought new light and life to the record.

"I have found this translation an illuminating and clarifying commentary on the more familiar translations. It will receive a wide reception and will grow in usefulness and appreciation with the passing years."

Safe Is Cracked in Waterford

Police Estimate Loss at $6,000 in Burglary of Trade Fair

A safe was blown open and an estimated $6,000 taken from it last night at the Trade Fair, 932 W. Huron St., Waterford Township.

Township police and detectives investigating the burglary this morning were aided by state police. The investigators agreed the job was "very professional."

The burglars entered through the roof to avoid tripping the burglar alarm system. They then blew open a large safe, taking cash receipts and an unknown quantity of diamonds and other jewelry, police said.

A spokesman for the store said a complete inventory would have to be taken before it could be determined how much was missing. But he added:

"It was a large haul; they were not amateurs."

The first estimates showed about $6,000 and possible more cash missing, police revealed.

GM Develops Diesel Engine for Taxicabs

The Detroit Diesel Engine Division of General Motors has announced the development of a 97-horsepower Diesel engine especially suited to taxicabs.

It is a three-cylinder model in the "53" series of small Diesels recently introduced by the division and road tests currently being run by a Detroit taxicab company have demonstrated the engine's idling, acceleration and engine speed characteristics — needed economy factors in taxi operation.

Robert E. Hunter, GM Diesel's general sales manager, predicts that within five years rising fuel and repair costs will put disease power in up to 20 per cent of cabs in operation.

The new units are immediately available. They start and operate the same as conventional automobile engines, exceed 24 miles per gallon of fuel, and handle well in traffic.

News in Brief

Someone stole $20 from the cash register of the Fahr and Shaw Catering Service office, 162 Baldwin Ave., it was reported to Pontiac Police yesterday.

A 12-gauge shotgun valued at $80 was reported stolen Friday from the Western Auto Store, 2579 Union Lake Rd., Commerce Township, according to Oakland County sheriff's deputies.

3 Young People Hurt as Auto Hits Building

Three persons were injured at 1:30 a.m. today when their car collided with another and then smashed into Jacobsen's Flower Shop at 101 N. Saginaw St.

Patricia Kenny, 17, of 77 Exmoor St., and Sandra Lee Greenwood, 18, of 141 Ascot St., were both hospitalized.

Miss Kenny suffered a fractured right leg and cuts. Her condition is satisfactory.

Miss Greenwood is in fair condition with both legs fractured and multiple facial cuts.

They were passengers in a car driven by 22-year-old Richard Foote, 72 Kimball St.

All three victims were taken to Pontiac General Hospital. Foote was treated for minor injuries and released.

★ ★ ★

Police said that Foote's car, traveling south on Saginaw, sideswiped a car driven by Richard Marshall, 22, of 4160 Quillen St., Waterford Township.

Foot's car then skidded into the flower shop, police said.

Boy's Leg Broken When Car Hits Him

A four-year-old Commerce Township boy was in satisfactory condition at Pontiac General Hospital today after suffering a broken leg when struck by a car near his home Friday afternoon.

★ ★ ★

Oakland County sheriff's deputies said Mark D. Stevens, son of Mr. and Mrs. Gail D. Stevens of 3201 Mandrake St., was struck by a car driven by David D. Vincent, 26, of 4780 Oak Vista St., Drayton Plains.

Witnesses said the boy ran from the curb into the path of the passing auto.

Mere $2,500 Not Enough for Mrs. Avis

DETROIT (AP) — Mrs. Susan Avis is having her problems with the high cost of living.

★ ★ ★

Mrs. Avis, 30, testified in Circuit Court yesterday that she couldn't live on the $2,500 allowance she gets monthly from her estranged husband. She wants $4,000.

Avis, 44, formerly operated a car rental firm and has several business interests.

Mrs. Avis, who lives in a 40-room home in Grosse Pointe Farms, told the court her allowance is not enough to keep up the home and her own appearance.

13 BATHROOMS

The home, owned by Avis, has 13 bathrooms, three servants and a part-time caretaker. Mrs. Avis also has custody of the couple's three children.

Among her extra expenses, Mrs. Avis testified, are $620 yearly for the hairdresser, $500 a year for cocktail dresses and $500 a year for dressmaker fees.

She said she also needs some $200 more a month for birthday parties, home refreshments and incidentals.

★ ★ ★

Mrs. Avis sued her husband for divorce last December. Avis filed a counter suit last July.

The hearing on Mrs. Avis' request for more money will continue next Tuesday.

Youth Lucky as Car Smashes Utility Pole, Tree

Robert E. Frick, 20, of 10221 Bridge Lake Rd., Springfield Township, escaped serious injury early this morning when his auto was demolished after smashing into a utility pole and tree, according to Oakland County sheriff's deputies.

Frick was treated at St. Joseph Mercy Hospital and released.

He told deputies that a carload of boys were chasing him on Davisburg road west of Bigelow street in Springfield Township.

"I looked in my rear view mirror and lost control of my car and ran off the road," he was quoted as saying.

Deputies said his car, traveling about 55 miles an hour, bounced off the pole into a tree.

Retail Sales Lower 2nd Month in a Row

WASHINGTON (UPI) — A Commerce Department report showed today that retail sales drpped in September for the second month in steel strike.

Sales totaled $17,541,000,000 a dip of 1.9 per cent from August after allowance for seasonal factors. The total was 7 per cent higher than in September of last year, however.

Native of Iran, Guest Speaker

9 United Presbyterian Women Assisting at Thankoffering Service

The Rev. Faze Larudee, pastor of the First United Presbyterian Church in South Lyon will be guest speaker at the 11:15 a.m. service in the Auburn Heights United Presbyterian Church tomorrow. This is Thankoffering Sunday.

★ ★ ★

Born in a Moslem family, his high school education was received at a Presbyterian Mission School in Iran. Through his associations with missionaries, he became a Christian and a member of a small church in his home town.

In 1947 the Rev. Mr. Larudee came to America and attended Princeton Theological Seminary. He will speak of the mission work of the church.

Assisting in the service will be Mrs. James Titherage, Mrs. Otis Moore, Mrs. Vena Nagule, Mrs. Orvin Weaver and Mrs. Leonard Hebel.

Acting as ushers will be Mrs. Ray Stephens, Mrs. Frank Ayers, Mrs. Robert Lowery and Opal Leonard.

The Men's Club will meet at 7:30 p.m. Thursday with Fred Reinke presiding.

Auto Layoffs Reach 15,000 in Steel Strike

DETROIT (UPI)—Auto industry layoffs caused by steel shortages rose to more than 15,000 today despite the return to work in the steel mills ordered by President Eisenhower under the Taft-Hartley law.

However, the back-to-work order held promise of avoiding further layoffs in the industry.

To date the layoffs have been confined to General Motors' supplier plants. None of the assembly lines turning out 1960 models have been halted although the production pace has been slowed down to conserve steel supplies in some cases.

Believe Auto Smashup Killing Two Intentional

MARQUETTE (AP) — A farmer and his only child, a 2-year-old daughter, crashed to their deaths against a concrete abutment yesterday in what State Police listed as a murder-suicide.

The bodies of John E. Hilling, 36, and his daughter, Charolyn, were found in Hilling's shattered car.

State Police said Hilling apparently acted in rage over alleged attentions by his wife (Helen, 33, to another man at a drinking party at Escanaba, about 50 miles south of here, the night before.

October is the biggest worldwide holiday month, with 42 holidays being celebrated in it.

Accused in Shipboard Slaying

Wants Wife With Him

WILLIAM VAN RIE

BOSTON (AP) — "I am lonely and I need you."

This is Dutch radio operator Willem Van Rie's message to his wife in Holland as he sits in a Boston jail awaiting trial for the shipboard slaying of dark, pretty, Lynn Kauffman, 23.

★ ★ ★

Van Rie's attorneys disclosed the plea today. They said the handsome blond seaman was upset to hear his wife and his father had decided against the trip.

Boston Globe reporter Edward A. Costello said Van Rie's kin told him in an exclusive interview at Rijen, Holland, that they are so convinced of his innocence they have abandoned plans to travel to Boston.

Van Rie's attorneys, W. Langdon Powers and Frans Van Heemstra of the Dutch consulate, said their client gave them this message for his 31-year-old wife:

"Nel, please come here and stand with me. I am lonely and I need you. I love you."

★ ★ ★

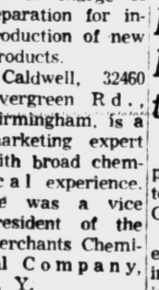
Powers said there is no necessity for a public subscription campaign to pay the wife's fare to the United States.

Miss Kauffman, involved in a shipboard affair with Van Rie during the voyage from Singapore, was found dead on an island in Boston Harbor three weeks ago. A medical examiner said she had been beaten before she went into the water from the Utrecht as it sailed out the harbor to resume its voyage to New York.

Business Notes

Appointment of three supervisory executives to the MacManus, John & Adams, Inc. advertising agency's Dow Chemical Company account staff has been announced by Robert L. Garrison, senior vice president.

They are John B. Caldwell, who will be responsible for agency operations on all segments of the Dow account with the exception of retail products; Richard P. Monley, now supervisor of Dow retail accounts; and Joseph L. Hardig, account supervisor in charge of planning and preparation for introduction of new products.



CALDWELL

MONLEY

Caldwell, 32460 Evergreen Rd., Birmingham, is a marketing expert with broad chemical experience. He was a vice president of the Merchants Chemical Company, N. Y.

Monley, of 1551 Witherbee Rd., Birmingham, joined the agency in 1950 in Traffic Department following graduation from the College of Commerce and Finance of the University of Detroit.

Hardig is a law graduate of the University of Michigan and joined MJA in 1953 in the production department. He lives at 1957 Derby St., Birmingham.

MIAMI BEACH, Fla. (AP) — Using an effective combination to the head, Jimmy Beecham of Miami Tuesday night scored a unanimous decision over Randy Sandy of New York in a scheduled 10-round bout. Beecham weighed 154¾; Sandy weighed 155¼.

Live Television May Hop Over the Iron Curtain

MOSCOW (AP) — West European states may one day get live television from behind the Iron Curtain, Tass said today.

"Quite feasible technically, given a proper agreement, is the inclusion of Warsaw or Prague into the West European Eurovision system," the news agency said.

Television programs will be transmitted between the Soviet Union, Poland, Czechoslovakia, Bulgaria, Romania, Hungary and East Germany. The report did not specify when the new hookup will start.

A coaxial cable already is being laid on the Soviet-Polish section of the network.

Ex-Lansing Editor Is Taken by Death

TRAVERSE CITY (AP) — Kenneth C. Park, 64, former managing editor of the Lansing State Journal, died Friday in Munson Hospital there.

Park joined the State Journal staff in 1914 soon after graduating from high school and became managing editor 14 years later. He left the paper in 1947 to take a similar post on the former Arizona Times at Phoenix. He returned to Michigan four years ago, making his home at his Torch Lake cottage near Alden.

Celebrate Win at Polls

Stop Traffic for Rhino

SAO PAULO, Brazil (AP)—Samba dancers have gotten into the act in this provincial capital's strange election ruckus over Skinny-the-rhinoceros polling the most votes.

Skinny wasn't around to see the downtown traffic Friday and sang their victory song to the tune of bongo drums.

The half-ton female rhino had been sent back to the zoo in Rio de Janeiro in a dispute over her ownership just before the Municipal election in which she led the ticket with more than 100,000 write-in votes.

In the Brazilian Congress, a leftist nationalist deputy charged Skinny was a plot of "foreign trusts that want to demoralize the regime." The press called the surprise support for Skinny—with the help of jesting university students—a protest against corruption.

Skinny will never serve. Her election and all the votes cast for her have been invalidated.

2 'Opry' Members Killed in Auto Crash

EVANSTON, Wyo. (AP) — Two members of the Grand Old Opry troupe of broadcasting fame were killed in an head-on automobile collision near here Friday.

The dead were identified as Mrs. Ruth Evelyn Sullivan, 37, of Hendersonville, Tenn., and her brother-in-law, Phillip Sullivan, 33, of Madison, Tenn.

Mrs. Sullivan's husband, Rollin Sullivan, 40, also a member of the western band and dancing group, was in serious condition in an Evanston hospital with shoulder injuries.

Ronald B. Terry, 29, of Green River, Wyo., driver of the other car, was in critical condition with a broken hip.

The Grand Ole Opry troupe was en route from Lander, Wyo., to a performance in Nevada. Mrs. Sullivan was driving the car.

Gov. Rockefeller Learns He Votes at Wrong Poll

NORTH TARRYTOWN, N. Y. (AP)—Gov. Nelson A. Rockefeller learned today he has been voting in the wrong election district for years.

A survey by the town of Mount Pleasant showed the huge Rockefeller family estate is not in Mount Pleasant but in North Tarrytown.

Card of Thanks 1

MRS. JOHN TUSON OF 15 GERdon wants to thank her many friends and neighbors for their kind wishes and beautiful cards received in St. Joseph Hospital.

I WISH TO THANK OUR MANY friends, neighbors, and relatives, for their many acts of kindness, sympathy and floral offerings during the last illness and death of my beloved wife. A special thanks to Rev. Waldo Hunt and the Pursley Funeral Home. Her loving husband, Daniel R. Ody.

In Memoriam 2

IN LOVING MEMORY OF MRS. Fannie Wright, who passed away October 7, 1956.
Your presence is ever near us
Your love remains with us yet
You are the kind of a mother
Your loved ones will never forget.
Sadly missed by her husband W. O. Wright & fmily.

IN LOVING MEMORY OF MAMIE Irene Kellner, who passed away Oct. 11, 1951.
I have lost my soul's companion,
A life linked with my own;
And day by day I miss her more,
As I walk through life alone.
Sadly missed by husband John.

IN LOVING MEMORY OF GUY W. James, who passed away Oct. 10, 1954.
We loved him, ah, no tongue can tell
How much we loved him and how well
God loved him too, and thought it best
To take him home with Him to rest
Sadly missed by wife, children & grandchildren.

IN LOVING MEMORY OF JOSEPH Boncher, who passed away one year ago today, Oct. 10, 1958.
Nothing can ever take away,
The love a heart holds dear;
Fond memories linger every day,
Remembrance keeps him near.
Sadly missed by Wife, Children & Grandchildren.

Christ Lutheran Youth Planning Supper Sunday

Young people of Christ Lutheran Church will get together for a supper and program at 5:30 p.m. Sunday.

★ ★ ★

The program is under the direction of Susan Elliott, president of the Luther League. Julia Cobb is in charge of supper arrangements; Anne Crebassa, decorations; and Nill Dommer, recreation.

Counsellors for the League are Mr. and Mrs. Jerry Majeur, Mr. and Mrs. Richard Blassey, John Wiley and the Rev. Arvid E. Anderson.

★ ★ ★

Director of the Luther League Choir is Mrs. John Wiley.

Dodge Is Reducing Price of Its Trucks

DETROIT (UPI) — Price reductions ranging from $5 to $187 were announced Friday on many models of Dodge 1960 trucks.

★ ★ ★

M. C. Patterson, Dodge general manager and vice president of Chrysler Corp., said the Dodge truck price range would run from $1,471 for the 108-inch wheelbase D100 flat-face cowl to $16,997 for Dodge's largest model, the 200-inch wheelbase NCT1000 cab-forward diesel tractor.

★ ★ ★

Patterson also announced that in addition to price reductions, equipment has been added as standard on some other models, and accessory prices have been reduced.

College Will Offer Four-Year Program

JACKSON (UPI) — The board of trustees of Spring Arbor Junior College announced the school will be converted into a four-year liberal arts college with emphasis on teacher training in 1964.

★ ★ ★

It will be the first four-year college in the area. Spring Arbor, located nine miles west of here, is supported by the Free Methodist Churches and by grants and endowments.

From 1920 to 1935 about 700,000 miles of rural highways in the U.S. were treated by some form of surfacing.

Groucho Claims He's Too Old, Rich to Care

By EARL WILSON

NEW YORK — The Groucho Marxes came to dinner at the Four Seasons with the B.W. and me. The man who came to dinner proved to be the man who came to ad lib.

★ ★ ★

WILSON

Sitting beside the pool, we discussed a certain celebrity's age. Groucho's wife Eden thought the man was 45. "Oh, he's older than that—he's 50," exclaimed the B.W.

"Fifty isn't old," snapped Groucho. "I consider anybody 50 a Boy Scout!"

A table away sat an official of General Analine Corp. Groucho began singing. "Swee-ee-eet Ann-n-a-li-ine . . ." Groucho said that the tycoon seemed pleasant, "But I find that hanging around rich people gets you nowhere. Rich people are damned dull."

"You're rich," I pointed out.

"Yes, and I'm damned dull, too!" barked Groucho.

★ ★ ★

He admired the restaurant. "Why is it," he asked, seriously, "that restaurants are always more beautiful than the people who frequent them?"

GROUCHO

Groucho is pleased with the reaction to his book, "Groucho and Me," but he said, "I'm too old and too rich to care what anybody says about either my book or my program."

"If Hollywood does your book," I asked, "who would play you?"

"Duke Wayne, of course—or Helen Tweltrees."

"How long do you think Jack Paar can stay so big?" I asked.

"As long as he has his health. He's under a terrific pressure. When I shake hands with him after doing the show, his hand feels like he's had it in a pitcher of water."

Groucho said that a cab driver invited him home to dinner. "I told him I couldn't quite make it — I had a date at the Colony. I should have gone with him—it would have been cheaper."

★ ★ ★

His daughter Melinda, 13, is a special treasure. She's fond of water-skiing. Groucho therefore will only play summer stock in theaters near water, so Melinda can water-ski.

"I phoned her from here the other night and asked her how she liked the first program," Groucho reported. "She said, 'Wonderful—what are you bringing me?'"

EARL'S PEARLS: Children bring laughter and gaiety into the house—usually on Sunday mornng while their parents are trying to sleep.

WISH I'D SAID THAT: In Hollywood a bore is a guy who brings the same wife to every cocktail party.

Author Leonard L. Levinson, who's writing a cookbook of pickles and relishes, says the volume won't have a jacket: "It'll come in a jar." . . . **That's earl, brother.**

'Countdown College' at Cape Canaveral Has Space Courses

By G. K. HODENFIELD
AP Education Writer

They call it Countdown College, and it's like nothing academic you've ever seen.

The campus is a former Methodist Church at Melbourne, Fla., but its laboratories are Cape Canaveral and Patrick Air Force Base, headquarters of the Atlantic missile range.

The faculty includes some of the nation's top scientific talent — the men who build rockets, fire them, and track them through uncharted space.

The student body is a host of eager technicians and graduate engineers engaged in missile work. The average age of the students last year was 33, but one advanced algebra class had an age average of 50.

And the curriculum is straight out of science fiction. Celestial mechanics, space medicine, human behavior in space, weightlessness, space communications — even "time dilation" which is outlined in Einstein's theory of relativity, and which holds that a man traveling 22 years through outer space would find the world 4,000 years older when he returned.

★ ★ ★

These courses, among others, lead toward a new college degree symbolic of the space age — the country's first master of science in space technology.

All this is Brevard Engineering College, a small but fast-growing institution of really higher learning in Brevard County on the edge of Florida's missile area.

Brevard began its operations all in night-time classes, last year with a faculty of 25 and a student body of 200. That's all that could be accommodated in the limited quarters rented in a junior high school at nearby Eau Gallie.

★ ★ ★

The 1959-60 school year opened Sept. 23 with a faculty of 48 for 247 undergraduate and 149 graduate students.

Brevard has no football team, no senior hop, no fraternity row. But it does have one outside distraction — it sometimes has to gear its schedule to the countdowns of various missile launchings.

U.S. Donates $12 Million to U.N. Children's Fund

UNITED NATIONS, N.Y. (AP)—The United States announced today it is donating 12 million dollars to the U.N. children's fund for 1960.

A U.S. spokesman said the donation is being given with the proviso that it will not exceed 48 per cent of the total contributions to the fund. The U.S. contribution for 1959 totaled 11 million dollars.

Ships must sail 110 miles up the Rio Plata to reach the port of Buenos Aires, Argentina's capital.

Mall Progress Report Given in Grand Rapids

GRAND RAPIDS (UPI)—The Grand Rapids City Planning Commission has received a progress report on a proposed mall in the downtown area which will be detailed for city officials next week.

The mall plan for Monroe Avenue is one of a number of proposals for redevelopment in downtown Grand Rapids. Ideas for future downtown development will be printed in a brochure to seek financial interest.

Virginia Buries Soldiers of Union 95 Years Later

HOPEWELL, Va. (AP) — Some 95 or 96 years after they died two Union soldiers were buried at City Point National Cemetery with full military honors. Evidently killed in the siege of Petersburg in 1864-65, their skeletons were uncovered by a bulldozer working on Interstate Route 95. They were identified as Union soldiers by the buttons of their uniforms.
