

Coin Collector Claims \$1,225 Prize

THE WINNER! — Lawrence J. Daily, 21-year-old city accounting student whose hobby is coin collecting, picked up a neat addition to his collection today, when he cracked The Pontiac Press

Pot-O-Gold contest for \$1,225. His solution was part of 13,852 which were written in quest of the big prize.

His 'System' Wins \$1,225

Student Cracks Pot-O-Gold

A 21-year-old Pontiac accounting student who can really figure the angles was late for his first class this morning at the University of Detroit, but he was \$1,225 richer.

Lawrence J. Daily, son of Mr. and Mrs. Timothy Daily of 1089 Berkley St., cracked the Pot-O-Gold jackpot this week, with the first correct solution to the puzzle in 12 weeks.

The prize was no surprise to his father. While his son planned to shock him with the revelation when he came home from work, the father had called The Press on a hunch, shortly after the winner had been determined.

A 1933 graduate of St. Fred's, "Gerry" (for Jeremiah) says he

like for his birthday Oct. 24," Gerry said.

He laughingly declined to mention the suggestions, because of the bargaining power such publicity would give to the excited youngster.

For winning answer, see page 28.

RR. City Meeting on Proposed Yard Closed to Public

Tonight's meeting between Grand Trunk Western Railroad officials and the Pontiac City Commission is not open to the public, Robert A. Stier, administrative assistant said yesterday.

The railroad this week agreed to the meeting upon receipt of a letter from City Manager W. K. Willman.

The letter, sent by city commissioners, re-emphasized the city's position regarding their objection to the site of the proposed \$700,000 industrial support yard. The railroad wants to build the yard south of Walton boulevard between Stanley and Baldwin. City officials claim this location would block a planned extension of Stanley avenue to the north.

Wheezin', Sneezin' Season Here

Still No Drug for Cold Bug

LANSING (P)—Michigan can count on at least three cold waves this year. But they won't show on the thermometer.

They will be announced instead by a flurry of handkerchiefs, coughs and sneezes.

The sad fact about colds, says the man in charge of disease control for the State Health Department, is you can't do much about them.

"The common cold probably will be with us for many years to come," said Dr. F. S. Leeder. "We know groups of viruses cause colds but we don't know how."

"About all we can do is to avoid upsetting the body's equilibrium, and go to bed as soon as a cold starts. Hot toddies and other home remedies provide no benefit."

In Michigan, colds usually come in three waves—in October or early November, around Thanksgiving or Christmas, and early in the spring.

A temperature drop has no effect on viruses, Leeder says. But low temperatures can lower a person's resistance and make it easier for the virus to invade the body.

The average Michigan resident loses three days of work or school every year because of colds, Leeder said.

You can't do much to get over a cold except wait.

"Proper diet, lots of rest, plenty of liquids and dressing according to the weather seem to comprise the best formula for reducing the chances of catching one," he said.

SOS Calls Speed Up Search for 59 GIs Missing in Ocean

Work Slowdown on Underpass Riles Parents

Claim Crossing Perils 125 Children Who Walk to School

Parents protested to the Board of Education last night that construction delay at the Telegraph road-Orchard Lake road underpass is endangering the lives of school children.

As a result, over a hundred children every day are forced to ride public transportation or in parents' autos, according to representatives of the Washington Park School Assn.

The Board promised an answer "within a week" to their request for special bus transportation.

Parents claimed it is impossible for children to walk the Orchard Lake detour around the site of the half-finished underpass. There is no sidewalk and only a few feet of shoulder.

About 125 children every morning used to cross Telegraph at the intersection, walking west to Daniel Whitfield School, they said. Now the daily number has dropped to less than 10, according to J. Cecil Cox, assistant superintendent of schools.

Parents' autos have caused such a morning jam, they declared, that the school had to schedule two arrival times for children at a 15-minute interval in the morning.

According to the association president, Mrs. Frank Moyer, of 1037 Argyle Ave., the situation will last until construction is completed by the Michigan State Highway Commission.

However, the Commission has indicated the bridge won't be finished until after school is out next June. The steel strike late this summer was blamed.

The children involved live in the area south and east of Orchard Lake road and on the Pontiac side of Telegraph road. They attended Webster School within the city limits before transferred to new classrooms completed at Daniel Whitfield.

The Whitfield school, in Bloomfield Township, is outside the city limits but within the school district.

This means the school district cannot provide school bus transportation according to state law, school officials said last night.

The law provides for transportation from outside the city limits to inside the city but not vice versa, they explained.

Parents complained it was the school district that sent their children outside the city limits, and not the decision of the parents.

A temporary solution similar to one in the north side was suggested.

The school board there is paying half the 10 per cent fare for chartered city transportation used by pupils in the Kennett Gardens subdivision who attend Webster School.

The arrangement depends on whether the city is able to complete Stanley road north to Walton boulevard through an area where the Grand Trunk Railway wants to construct a marshalling yard.

Cubs Name Scheffing

CHICAGO (P)—Bob Scheffing, who directed Los Angeles to the Pacific Coast League pennant this year, today was named field manager of the last-place Chicago Cubs, succeeding Stan Hack.

Father Held for Burning Sons

A Waterford Township man who police say admitted burning the hands of his two children to teach them a lesson is expected to be charged with cruelty today by the Oakland County Prosecutor's office.

Arthur D. Martin Jr., 27, of 2839 Newberry Rd., was arrested by Tow 'n police yesterday after his wife, Shirley, 22, complained to the prosecutor's office about the incident. Martin is being held in the Oakland County Jail.

Most seriously burned of the children was four-year-old Dennis. An examination by Dr. Joseph W. Christie of Pontiac this morning revealed the boy has first and second degree burns of both hands. Terry, 2, has first degree burns of the hands.

The burns were said to have been inflicted early yesterday morning after Martin returned from his night factory job. Police said Martin admits holding the hands of both boys over the gas flame on a kitchen stove to teach them a lesson for playing with fire, according to Capt. Millard Pender of the Waterford department.

Both boys were released in their mother's custody after treatment. "He denied the burning at first but then broke down crying and said he did it," Capt. Pender said.

Mrs. Martin, who works all night at a drive-in restaurant, told investigators she was working when the incident occurred. She said her husband drove to the restaurant and told her he had burned the boys and then took them to St. Joseph Mercy Hospital for treatment.

The brothers were allowed to go home but were taken for examination again today by Township police prior to making a report to the prosecutor's office.

SPY FOUND GUILTY — Mary Frances Hagan, 29-year-old American citizen, yesterday was convicted as a spy in the Jerusalem District Court. She was found guilty on two charges of spying for Syria, with which Israel officially is at war. Two sentences were imposed, one of three months and the other a year in prison, both of which will be served concurrently. Her family lives in Huntington, W. Va.

U. S. to Appeal 1-Year Term

Israeli Court Sentences American Woman as Spy

JERUSALEM (P)—An American woman sentenced to a year in jail as a spy for Syria was transferred today to the women's prison in Ramleh, on Israel's coastal plain.

Mary Frances Hagan, 29, whose family lives in Huntington, W. Va., was found guilty on two counts on charges she spied for Syria with which Israel officially is at war.

She pleaded innocent to the charges.

Officials in Washington indicated the United States would appeal to the Israeli government for executive clemency. Miss Hagan's attorney indicated she might not appeal the sentences because the higher court had the power to increase them.

Two sentences were imposed on the slim, brown-eyed defendant — three months and one year — to be served concurrently. She could have been sentenced to a total of 28 years in prison.

Miss Hagan appeared smiling and relaxed as she sat in court awaiting the verdict. Dressed in a navy blue print cotton suit and tan shoes, she chatted with a policeman beside her.

Her smile weakened slightly when the sentence was handed down after a two-hour reading of the verdict by Court President Benjamin Halevy in Hebrew and English.

But the defendant showed little emotion as police led her from court. On the way out, she paused to borrow 10 Israeli pounds (about \$6) from a representative of the U. S. Embassy.

Miss Hagan, arrested Aug. 7 in a Tel Aviv hotel after she had made a nine-day tour of Israel, was tried in secret. Halevy said the court would consider whether the sentences should begin from the date of her arrest.

Dog Denounces Dems

PHILADELPHIA (P)—A Great Dane has been doing some politicking against his master here.

The dog, Hamlet by name, belongs to Joseph S. Clark, Democratic candidate for the U. S. Senate. He wanders around Chestnut Hill, exclusive Philadelphia residential section, quite a bit. The other day he came home from his meanderings with an "I Like Ike" button pinned to his collar.

2 From State Aboard Plane Lost in Atlantic

Signals Near Azores Spur Hopes of Finding Victims Alive

By THE ASSOCIATED PRESS

Radio distress signals coming from the Atlantic north of the Azores spurred hope today for survivors of a giant transport plane missing with 59 U.S. servicemen aboard.

The U. S. Air Force ordered an all-out aerial search for the source of the message, heard by at least five transatlantic airliners last night and the Air Force base at Lajes, in the Azores.

It was believed the string of SOS signals might be coming from portable transmitters on rubber life rafts carried by the missing C-118 Liftmaster of the U.S. Military Air Transport Service.

The Air Force estimated the signals were coming from a point about 150 miles north of the Azores.

From Lincoln, Neb., it was learned two Michigan airmen were aboard the plane on its flight from England.

They are Sgt. Thomas I. Decota, 30, of Baraga, and A. C. Earl F. Vasey, 22, of Saginaw.

Mrs. Pearl Vasey, Earl's mother, said in Saginaw last night first word her son was missing came from his wife, Barbara Louise, 21, who telephoned from Lincoln Air Force Base.

The young wife, mother of an 11-month-old daughter and expecting another child in February, had come to Lincoln Sunday to await her husband's return from overseas.

When he got back Earl's mother said he was going to decide whether to enlist for another six years and make a career of the Air Force, which he joined upon graduation from Saginaw Arthur Hill High School.

He had agreed to a three-month extension of his enlistment to go to England "to get more experience."

"Now," his mother said, "all we can do is hope, Barbara is coming home. There's nothing she can do there" (in Lincoln).

Decota's family wasn't reached immediately at Baraga, which is at the eastern edge of Keweenaw Bay high in the Upper Peninsula. The family is reported to be living on land set aside for Chippewa Indians.

The transport vanished Wednesday (Continued on Page 2, Col. 5)

Hong Kong Riot Leaves 44 Dead

Tense Peace Settles, British Clamp Curfew on Colony

HONG KONG (P)—An uneasy quiet settled today over riot-torn Kowloon and surrounding villages. Authorities kept a tight curfew clamped on Hong Kong's mainland territory where two days of frenzied rioting and factional fighting left 44 known dead.

The colony's British government also sealed Hong Kong's border with Communist China, presumably to prevent Red agents from slipping across to further inflame the atmosphere.

Acting Gov. E. B. David extended the curfew imposed Thursday until Saturday morning to give police a better chance to round up persons suspected of leading the riots.

Housewives in each of Kowloon's six curfew zones were allowed only two hours a day on the streets to buy provisions. Gurkha troops from Himalayan Nepal lined the streets as crowds rushed to the stores where prices already were soaring. Spotter planes hovered overhead.

Except for those hours, Kowloon was almost a dead city. Its streets were deserted, and most restaurants and all movie houses closed their doors.

The border was closed after discovery of 30 Chinese workers' bodies in the mainland factory village of Tsun Wan. They were killed in a battle between Communist and anti-Red factions.

Dandy Weather Due for Saturday Games

The weather will be partly cloudy and warmer with some chance of scattered light showers tonight. A low of 46 to 50 is expected.

Partly cloudy and warmer with some chance of scattered light showers is also predicted for tomorrow. The high will be around 74 to 78.

The low last night in downtown Pontiac was 46. The mercury inches up to 68 at 2 p.m. today in downtown Pontiac.

Her Highness, Prince Chat Half Hour

Princess Grace Visits Ike

WASHINGTON (INS)—The hat, pink scarf and formal-length white gloves. Saturday, Ike will try a call on President Eisenhower yesterday and left the normal serenity of the White House cracked if not shattered.

Prince Rainier and Princess Grace spent a half-hour chatting with the President about places all three have visited in France.

Then the Monacan royal couple held a news conference in the office of White House News Secretary James C. Hagerity. Turnout reigned as reporters and photographers pushed and fought for position.

The President recalled his 1923 visit to Monaco, when he was a young Army officer. The prince said the palace would be open to him anytime he wanted to return.

Rainier described the visit as "30 delightful, wonderful moments with the President talking about everything and nothing."

Princess Grace was dressed primly in a black wool coat buttoned almost to the neck, pink fur

hat, pink scarf and formal-length white gloves. Saturday, Ike will try a call on President Eisenhower yesterday and left the normal serenity of the White House cracked if not shattered.

PRINCESS GRACE

new technique in wooing the vote of the "little man" whom Democrats say is being neglected by his administration.

He will hold a novel "citizens press conference" over nationwide television and radio at 9 Pontiac time, to answer questions put by housewives, factory workers and small businessmen.

The questioners, some 100 in all, have been handpicked by Citizens for Eisenhower which is sponsoring the show. Any Democrats will be of the Ike variety.

But they can ask whatever questions they want, and, according to the White House, will get a completely unheeded reply from the President.

The President's campaign strategists were privately exultant over yesterday's endorsement of Eisenhower by Rep. Adam Clayton Powell (D-N.Y.).

Powell, a Negro and Harlem clergyman, announced his decision after a half hour conference with Eisenhower to sound out the President's views on key civil rights issues.

Adlai Says U.S. Tired of Inaction

Tells California Rally, 'We Have Had Enough Self-Advertising'

OAKLAND, Calif. (P)—Adlai E. Stevenson, who accuses President Eisenhower of "inaction" and "deception" led five Democrats today on a flying campaign through California.

"We have had enough of inaction and self-advertising," he said.

He contended "when we lose ground abroad, we are assured that all is well" and he added: "I don't think the public likes to be told by Mr. Dulles and President Eisenhower that American prestige 'has never been higher,' when it is manifestly untrue."

Stevenson made his latest attack on the GOP in a speech for a rally at Oakland last night before he broke camp for his swing south to Fresno, Long Beach and San Diego.

With him were three governors, George Leader of Pennsylvania, Robert B. Meyner of New Jersey, and Frank G. Clement of Tennessee, and two senators—Hubert H. Humphrey of Minnesota, and Albert M. Gore of Tennessee.

In his Oakland speech, Stevenson said voters are switching away from the GOP.

The Eisenhower administration record amounts to "much fine talk and no action" on farm, school, public resources, tax relief, living cost, civil rights and foreign policy problems, Stevenson said.

Trust the Kids to 'Pin Point' Way to Romance

GREENVILLE, Miss. (P)—Fellows can tell at a glance whether girls at Greenville High are looking, interested, going steady, feuding or hooked.

Small homemade pins decorated with rhinestones and sequins tell the tale. The pins are worn in pairs.

If a girl is just looking around, she wears the pins parallel.

If hooked, she wears the pins placed horizontally with the points nearly meeting.

If interested, she wears the pins barely crossed at the tips.

If she's at the "steady" stage but still not hooked, her pins are completely crossed.

If the girl and her boy friend are feuding, she wears the pins at an angle with the points slanted inward.

A junior high girl who dreamed up the system makes the decorative pins and sells them at 6 cents a pair.

Ferndale Man Held in Shooting

Nab Clifford Freeman After Revolver Blasts Injure Man, Woman

A Ferndale man is being held in the county jail today under investigation for assault with intent to murder following an alleged shooting of a Ferndale man and woman Thursday afternoon.

Clifford Freeman, 38, of 21384 Majestic St., was arrested by Royal Oak Township police shortly after the incident.

Under treatment for gun wounds at Mt. Carmel Hospital in Detroit are Richard Thornton, 45, of 26818 Eldridge St., and Mrs. Beale Gill, 36, of 21418 Majestic St. Both are in fair condition.

Thornton reportedly was shot in the left jaw, while Mrs. Gill was struck in the chest and head by successive blasts from a .32 caliber revolver.

Pontiac Deaths

David B. Bowen

David B. Bowen, 70, a former resident of Pontiac, died early this morning at his home in 22 St. Paul. He was ill several weeks. Born in Pinckney on May 6, 1886, he was the son of Mr. and Mrs. Emerson Bowen and married the former Sarah Ann Goring.

Mr. Bowen, a carpenter, had lived in Pontiac several years before moving north eight years ago. He was a member of Bethel Tabernacle.

He leaves nine children, Raymond of Sturgis, Mrs. Mabel Wier of Zilwaukee, Howard of Newaygo, Mrs. Aileen Nelson of Goodrich, Donald of Ortonville, Burr, Glen, John and David, all of Pontiac; 17 grandchildren and three great-grandchildren.

Two sisters also survive, Mrs. Mary Smith of Auburn Heights and Mrs. Nellie Barrow of Pontiac. Mr. Bowen's body will be at the Sparks-Griffin Funeral Home after 7 p.m. today. Arrangements will be announced later.

Baby Boyle Twins

Prayers were said at 3 o'clock this afternoon in the Voorhees-Sipe Chapel for the twin babies of Donald F. and Charlotte E. French Boyle of 509 Emerson St. The Rev. Louisa Kibbe of the White Shepherd Church in Auburn Heights conducted the service. The children were taken to the Rich Cemetery at Mayville for burial. They were dead at birth Wednesday afternoon in St. Joseph Mercy Hospital.

Patricia Ann Bunton

Gravestone service will be held at 10 o'clock Saturday morning in Bayland at Perry Mount Park Cemetery for Patricia Ann Bunton, three-day-old daughter of Norman and Betty Bunton of 1334 Genella St.

Patricia was born Monday in St. Joseph Mercy Hospital and died there yesterday. Arrangements are by the Sparks-Griffin Funeral Home.

Mrs. Henry S. Wilcox

Mrs. Henry S. (Elizabeth) Wilcox, 81, of 111 Mary Day Ave., died at her home yesterday morning. She had been ill several months.

She was born in Monroe on April 18, 1875 and came to Pontiac from Detroit in 1912.

Surviving are a daughter, Mrs. Jessica Carpenter, and a son, William Yentz, both of Pontiac; two sisters and a brother, Mrs. Alice Mayer of Detroit, Alice Tripp and Jess Tripp, both living in Terra Haute, Cal.

Service will be at 10:30 a.m. Saturday from the Farmer-Snover Funeral Home. The body will be taken to the Woodland Cemetery in Monroe for burial.

COLUMBUS DAY — Copies of Americans' pledge to their flag are held, above, by Robert Landry, chairman of the Knights of Columbus program for Columbus Day, and Rev. Richard W. Thomas, head of St. Benedict's School. Rev. Thomas with J. Cecil Cox, left, cooperated this week in distributing pledges to Pontiac class-

rooms. Cox is Assistant Superintendent of Pontiac Public Schools. Columbus Day was proclaimed here by Mayor William W. Donaldson, right. Landry is a member of the local Magr. Sharpe Council, which furnished the pledges.

Greyhound, GM Hassle Settled

Bus Company Rescinds Suit Threat, Announces 500-Coach Order

CHICAGO — The Greyhound Corporation said yesterday it has ended its "controversy" with the General Motors Corp. Truck and Coach Division.

The announcement added that Greyhound is ordering 500 inter-city coaches at a cost of more than \$17 million dollars from the GMC Truck and Coach unit.

The big bus-operating firm announced in July it would sue GM because of the performance of a new type of bus called the Scenicruiser.

A Greyhound spokesman said there were "difficulties with the transmissions and motors of Scenicruiser buses bought from GM." But he added, the suit was not filed and will not be filed.

REACH AGREEMENT

"A completely amicable understanding has been reached between the Greyhound Corp. and the GMC Truck and Coach Division in regard to a controversy over Scenicruiser buses manufactured by GMC," stated the Greyhound president, Arthur S. Genet.

Genet said the Scenicruiser was a joint development of the two companies, and added that "bugs can develop on the road which the best engineers cannot foresee during the experimental phase."

Genet said Greyhound is placing an order with the GMC Truck and Coach Division for 500 inter-city coaches—a bus of different type than the Scenicruiser—at a price of more than \$17 million dollars. A spokesman for General Motors in New York said there would be no comment from GM.

Cigars, Gum Stolen From Pontiac Store

Cigars and chewing gum worth \$15 were reported stolen last night from a store at 335 Wessen St., Pontiac police said.

Glass in a side door was found broken, they added.

An Argentine expedition to Nepal to climb 28,975-foot Mt. Dhulagiri has failed to reach the summit, Pokhara learns. They got only up to 23,500 feet.

Capacity Crowd on Hand for Dedication of School

A capacity crowd of parents, friends and educators filled one of the new Cora C. Bailey elementary residence classrooms last night for official dedication of the new school.

Heading the program was Dr. Dana P. Whitmer, superintendent of schools, who made presentation of the four home-like structures located at Florence and Cass Avenues.

Louis H. Schimmel, president of the Pontiac Board of Education, accepted for the city.

Whitmer, in explaining the new individual classrooms, called them "educationally desirable."

PROMOTES LEARNING

He said new classrooms presented a home type atmosphere to primary students, promoting quick adjustment to schools. "And this promotes learning," he added. Top features of the buildings include their easy conversion to homes should the need for elementary school rooms be eliminated in the area, he said. The cost feature of the buildings was another important factor in making our decision for this type of classroom," Whitmer explained to the parents. The buildings cost a total of \$71,000 or \$17,750 per unit.

Schimmel in his acceptance told parents, "I know you'll be happy to have these attractive units in your neighborhood."

FLAG PRESENTED

Paul Moffett, architect responsible for designing the structures, presented a flag to be flown from the school.

Accepting was acting Principal Horton Southworth who said he and the teachers regard their new school as a "challenge" and they "take great pride" in the structure and their new duties.

The welcome to parents was given by Mrs. Charles Prasil, president of the Bailey PTA and invocation by the Rev. Lylal H. Howson, pastor of the First Free Methodist Church of Pontiac.

Bailey School second and third graders sang three numbers under the direction of teacher Mrs. Evelyn Weiss.

HARRY K. STEPHEN

Chosen as one of 10 Pontiac Press newspaper carriers who has performed outstanding service to the customers on his route, was Harry K. Stephen, 15, of Lake Orion. "Chuck" has been on his route for more than a year. He is a 10th grader at Lake Orion High and enjoys a hobby of boats. He plans to attend the University of Michigan and study naval architecture. A banquet honoring the 10 boys was held recently in connection with National Newspaperboy Day.

Also by 1970, Taylor says, the state will need 85,000 public school teachers, an increase of 36.6 per cent over today.

Speaking to a regional conference of the Michigan Education Assn., Taylor also predicted that by 1970: 1. Most Michigan high school graduates will be within easy commuting distance of a community junior college.

2. Enrollment in senior colleges will reach 300,000, compared with 125,000 this year.

3. Fifty per cent of the state's high school graduates will enter college, compared with 30 per cent now.

Sees School Census at 2 Million by '62

ANN-ARBOR (AP)—Dr. Clair L. Taylor, Michigan's superintendent of public instruction, predicts public school enrollment will hit two million by 1962 and top 2 1/4 million by 1970, compared with a 1956-57 enrollment of 1,450,000.

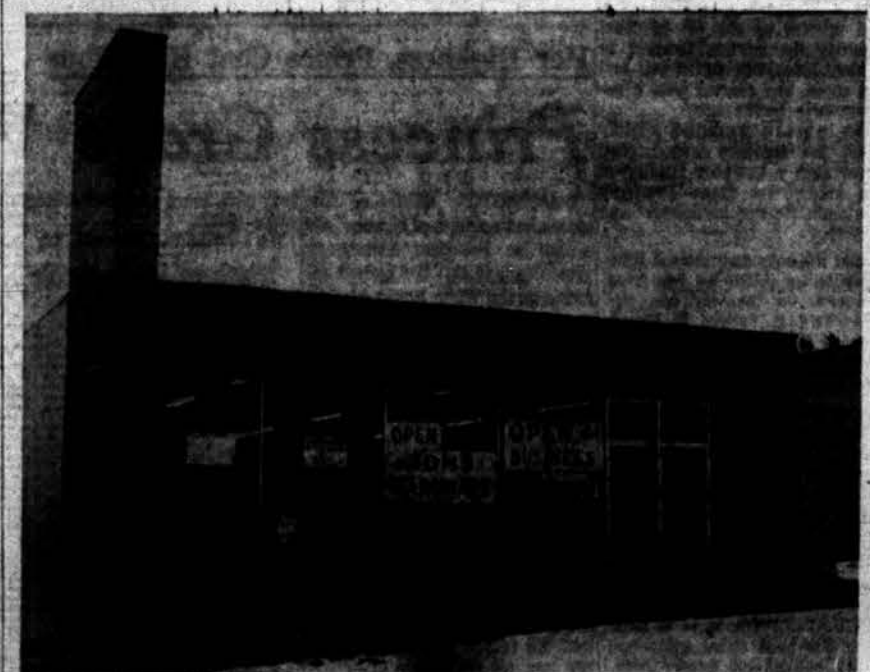

Also by 1970, Taylor says, the state will need 85,000 public school teachers, an increase of 36.6 per cent over today.

Speaking to a regional conference of the Michigan Education Assn., Taylor also predicted that by 1970:

1. Most Michigan high school graduates will be within easy commuting distance of a community junior college.

2. Enrollment in senior colleges will reach 300,000, compared with 125,000 this year.

3. Fifty per cent of the state's high school graduates will enter college, compared with 30 per cent now.

NEW BUSINESS SITE — Now open for business at 905 Orchard Lake Ave. is Tom's Hardware and Sporting Goods. The 45x66 brick and block building is owned by Peter Totoff, and the business is owned and managed by Michael and Tom Totoff. A complete line of hardware and sporting goods is offered, with hours of 9 a.m. to 6 p.m. daily, 9-9 Fridays, and 9-2 Sundays. The business was formerly located at the site of the new Telegraph Road-Orchard Lake underpass.

The Day in Birmingham

Direction Keys Colors for City's New Schools

BIRMINGHAM — An arch of blue with a strip of white will be the ceiling color scheme for the Derby Junior High swimming pool, the board of education decided last night.

At Greenfield School, color schemes chosen for classrooms and hallways will be in shades of green on east and west exposure sides of the building, and on the north side, will be in warm tones of yellow and brown. All colors will be contrasted against gray tile.

But board members rebelled against a black tile floor about the Birmingham Senior High swimming pool. With lighting in the high, level ceiling, board members felt black would absorb too much light. The architect for all three buildings, Eberle Smith, will rework the pool's color scheme.

Bid by Detroit Bank and Trust Co. of two per cent interest with \$50 premiums for the \$300,000 tax anticipation note was accepted.

Valley Woods School bids were received and turned over to the architect for study before awarding of contracts. If low bidders are deemed financially adequate and reputable, the contracts will be given.

Lowest bids were entered by A. J. Anderson Construction Co. for general work, Lloyd Thompson, mechanical, and Leslie L. Johnson, electrical, totaled \$483,145.

"If we accept them, the cost will be well within our estimate of \$700,000," Supt. Dwight D. Ireland, said today.

Landscaping and site leveling was okayed for Derby Junior High, with the tennis courts, baseball and football fields all arranged by Frank Whitney of the school system.

Bids for Marian School on

The position from which it was estimated the SOS signals came is more than 800 miles beyond the missing plane's last position report. But an Air Force spokesman said the aircraft could have lost radio contact with the ocean control tower at Shannon Airport in Ireland and flown on toward its destination before going down.

The Liftmaster carried four life rafts, each equipped with a portable transmitter and having room for 20 men.

Boy, 14, Cuts Scalp in Waterford Collision

Michael Fetherston, 14, of Waterford Township, suffered minor scalp cuts in a two-car collision last night.

He was treated at Pontiac General Hospital. The cars were driven by Donna Flick, 40, and Walter Williams, 23, both of Waterford Township.

Get Absentee Ballots at City Clerk's Office

Absentee ballots for Pontiac voters unable to go to the polls Nov. 6, are now available at the city clerk's office in the City Hall, 35 S. Parke St.

City Clerk Ada R. Evans said they will be offered through 2 p.m., Nov. 3.

SIMMS BROTHERS Main Floor

expected to surpass last year's tally of 4,000 garments and household items given.

William W. Merrill of Will-O-Way Playhouse will speak next Thursday to Birmingham newcomers at their meeting at the Community House.

"Opportunities for Show Business" will be his topic, and he'll draw from his observations in running the playhouse, rated one of the top ten "straw hat" theaters in the country by Variety.

Reservations may be made by phoning Mrs. Wendell E. Butler by Monday night.

A record budget of \$62,912 was adopted for 1957 and new officers elected this week at the Our Shepherd Lutheran Church's voter's assembly.

Eugene Lochner was re-elected president; William Blumeyer, vice president; Robert Pfeuffer, secretary; Joe Bassett, treasurer and Don Schroeder, financial secretary.

A first year payment to finance construction of a new parsonage on church property was included in budget items approved. The young church has a membership of 542.

Achille F. Freytag

Rosary for Achille F. Freytag, 77, 5887 Yorkshore, will be recited tonight at William Sullivan & Son Funeral Home, Royal Oak. Mass will be at 9 a.m. at Holy Name Church Saturday with burial in Holy Sepulchre Cemetery.

Freytag, who operated a cleaners in Detroit, leaves two daughters, Mrs. Francis A. Reed of Birmingham, and Mrs. J. Campbell Brown of Royal Oak, and a son, Edward, of Royal Oak, and five sisters, four of Detroit and one of Royal Oak.

Ike Notes One Difference in Parties: Dems Unconcerned With Sound Dollar

WASHINGTON (AP)—President Eisenhower said yesterday one difference between his administration and the Democratic leadership is that the Democrats are not particularly concerned with maintaining a sound dollar.

This is demonstrated, Eisenhower told his news conference, by the fact—as he put it—that the Democrats talk about raising federal spending and cutting taxes at the same time.

If this country is going to continue to prosper, it must maintain sound dollars, Eisenhower said. The President commented that millions of Americans are dependent on pensions whose value is governed by the buying power of the dollar. These older citizens will be hurt, he said, if the dollar depreciates.

Eisenhower said the Republican administration stands for economy, sound handling of fiscal affairs, and the greatest possible decentralization of government.

Recalling a quotation he attributed to Thomas Jefferson to the effect that the least government is the best government, Eisenhower said his administration seeks to give the maximum responsibility to state and local governments, with the federal government coming in as a quick and willing partner when needed.

The remarks were prompted by a reporter who asked Eisenhower's views on what are the real issues which will settle the election.

Mississippi Tug Burns; All Safe

7 Persons Injured in Collision Just South of Memphis, Tenn.

MEMPHIS, Tenn. (AP)—A half a million dollar Mississippi River tugboat burned to the waterline today after it collided with another 17 miles south of Memphis.

Seven persons were injured but none was believed seriously hurt. Comdr. John R. Silliman of the Memphis Coast Guard office said the Harry Truman, a Federal Barge Lines tugboat, and the Elmo Foster collided just before dawn near Cow Island.

The Foster, owned by the Franklin Limestone Co., of Nashville, Tenn., exploded after the crash and burned. Its crew was picked up by the Harry Truman and the injured were brought to Memphis.

"It is presumed that the Foster is now a floating derelict," Silliman said.

The Foster was valued at \$500,000. The Harry Truman suffered slight damage.

98 N. Saginaw—Main Floor

Eisenhower observed that no body opposes peace, progress or prosperity so the issues boil down to the management of the country's affairs at home.

The Republicans, he said, are more concerned about avoiding in-

terference in things that people can do for themselves.

The Democratic party, Eisenhower added, starts from the other end. He said the Democratic philosophy is to start with the government and run things from there.

Church Leaders to Meet

BATTLE CREEK (AP)—Church leaders from 19 states are expected at the 38th annual Midwest meeting of the Congregational Christian Churches here Oct. 16 to 18. The Rev. Dr. Albert Buckner Coe of Boston will report on the denomination's progress toward merger with the Evangelical and Reformed Church, scheduled for June 1957.

You'll Think SIMMS is 'NUTS' Because of Our Extra LOW PRICES on Nationally Advertised Brands!

Adlai Likes Speech-Writing So Well He's 'Hurting His Campaign'

By ROBERT G. NIXON
EN ROUTE WITH STEVENSON
(INS) — It Adlai Stevenson had his way, he would rather be making his mark as a writer than as the Democratic Party's nominee for President.

As a candidate however, Stevenson has found he can have his cake, and eat it, too.

Stevenson has dabbled at writing since he was a student at Princeton. His family owned the Bloomington (Ill.) Pantagraph, and he grew up with the smell of printer's ink in his nostrils.

His penchant for the well-turned phrase has made Stevenson the most assiduous and conscientious speechwriter of any presidential nominee in the memory of Washington political correspondents.

MOST HIRE WRITERS

Most candidates for the White House — and especially Presidents — rarely contribute more than a few phrases to their addresses and state papers, but leave this exacting and difficult task to a staff of professional speech writers.

Not so Stevenson. On nearly every new campaign speech, the

brainchild is expected momentarily, but the agonies of literary birth are more often prolonged for hours.

The result frequently has been that Stevenson, who should know about deadlines from his newspaper background, has missed a lot of editions and made some blunders.

At Pittsburgh, when Stevenson made his nationwide TV "answer" to Eisenhower's charges of "wicked nonsense," he sat at a table with sheets of manuscript clutched in his hand, scribbling last-minute revisions up to the

moment the red light flashed to tell him he was "on the air."

As a result, he broke stride several times in his speech . . . stuttered and "blew his lines."

Such hapless misadventures have failed to discourage Stevenson, however, from insisting on giving tender, personal care to every phrase of his speeches.

PREFERS PLANES

He says he prefers to campaign by plane, mainly because it gives him the privacy and comparative leisure for literary composition. Nevertheless, Stevenson has been

campaigning so busily that he must have help.

His team consists of six close associates. Three have University backgrounds. Three have made their mark in the writing profession. None has come out of the hard school of practical politics.

The most influential of these, and by far the closest to Stevenson, is his law partner, 44-year-old W. Willard Wirtz.

"Bill" Wirtz is constantly at Stevenson's elbow, is chief of the speech-writing group and directs

who works on each speech, depending on whether it concerns foreign policy or some domestic problem such as the farmer.

River Near Flood Peak

NEW DELHI (U) — The Jumna River flowing through the Indian capital reached the danger mark today but did not overflow into the city. Officials said reports from upstream indicated the level would fall. The rise was due to four days of heavy intermittent rains which left at least 12 dead in Old Delhi and surrounding areas.

He is a former law professor at Northwestern University. Wirtz, more than anyone else except Stevenson, is responsible for the high literary quality of the nominee's addresses.

Stevenson's Yale University speech, which has been described as "pure egghead," was the product of Stevenson and Arthur Schlesinger Jr., Harvard professor and Pulitzer prize-winning author of the "Age of Jackson."

TUFTS CONTRIBUTES

On foreign policy speeches, the most frequent contributor is Robert Tufts, professor at Oberlin College, who formerly was a

member of the State Department's policy planning staff. John Bartlow Martin, magazine writer; Novelist John Hersey, and Ken Galbraith, Harvard economist and former editor of Fortune Magazine, are the other members of the Stevenson writing team.

Robbery on Busy Corner

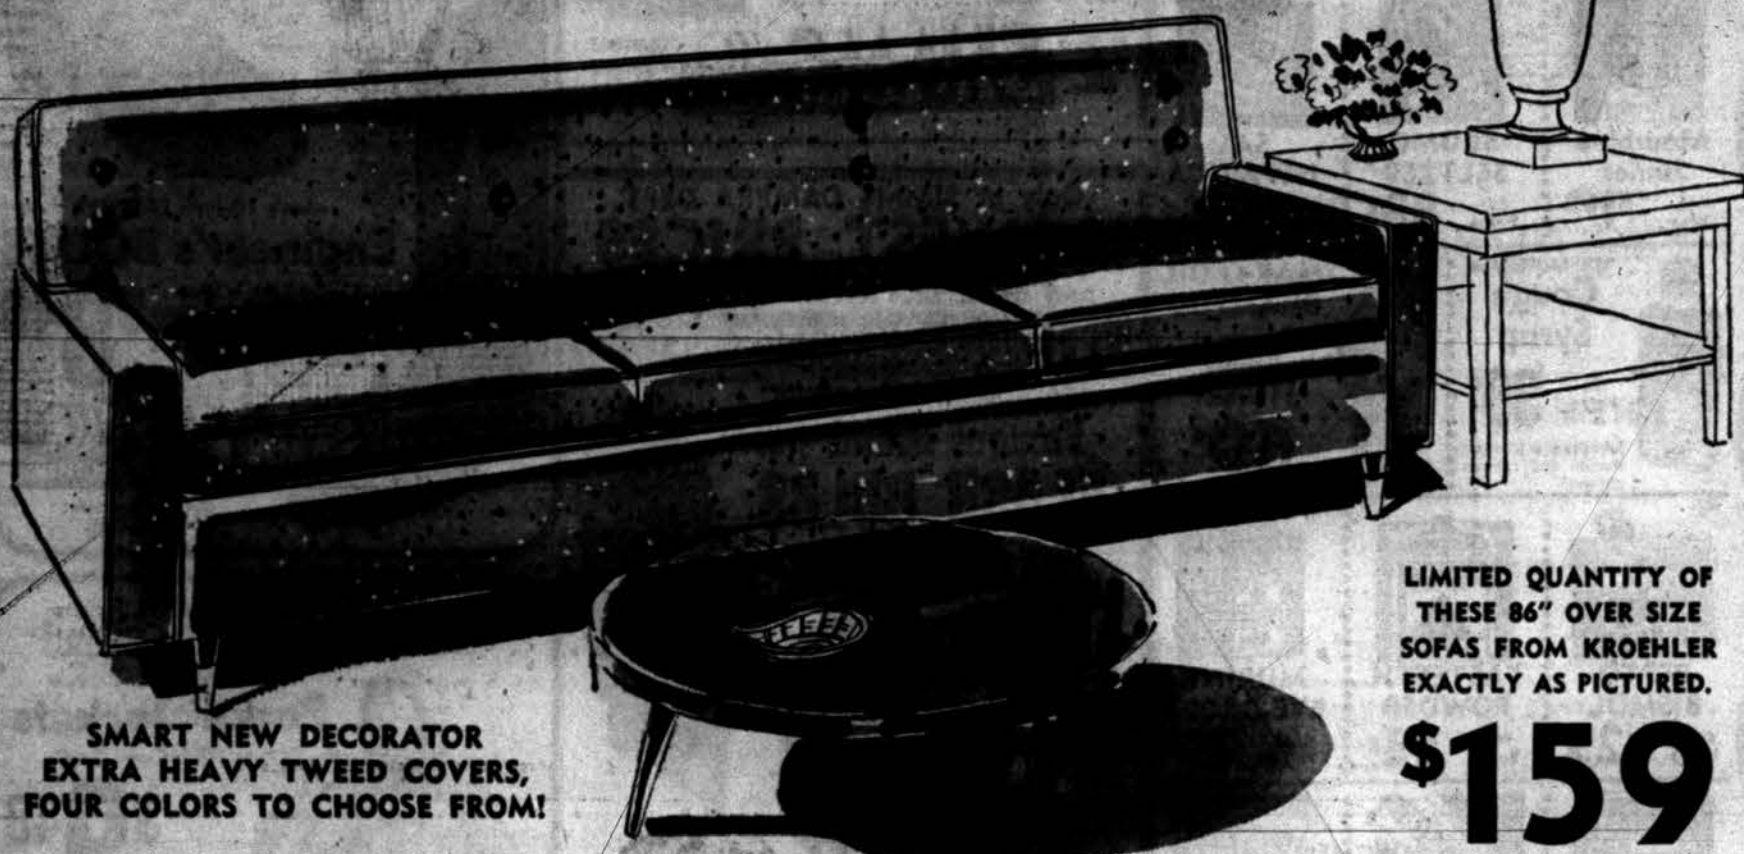

CHICAGO (U) — Two gunmen last night robbed three employees of \$350 in the basement of a drug-store at State and Madison Streets often called "the World's Busiest Corner." Hundreds of persons in and near the store were unaware of the robbery.

Seaway Project Enters New Construction Phase

CORNWALL, Ont. 10 — At the halfway point in its five-year schedule the St. Lawrence Seaway project has entered a new phase—the erection of structures.

Until now, work done has been mostly excavation, but concrete structures now are rising at Iroquois Point, St. Lambert Lock and Cote St. Catherine Lock.

Much excavation remains to be finished, however, including miles of channel in the shallow riverside and overland in the Lachine section. Dredging of the

seaway entrance at Montreal Harbor and the channel in Lakes St. Louis and St. Francis will take two more years.

Captains guiding their freighters down the St. Lawrence River from the Great Lakes see evidence of the new phase of seaway construction as the massive concrete bulk of the new Iroquois Lock's approach wall shines white in the sun.

The \$8,470,000 lock—one of five the seaway authority is building—is due for completion by Nov. 30, 1957. About half the 4,500,000 cubic yards of excavation needed for it has been completed, leaving a gaping hole 100 feet wide, 90 feet deep and thousands of feet long.

Meanwhile, the lock's upper entrance wall daily grows longer and higher as a towering, 375-ton crane swings concrete by the 18-ton bucketful from trucks below.

The concrete comes from a mix-

ing plant built beside the excavation to provide the more than 600,000 tons needed to build the lock. The 47-foot-high entrance wall is about half built. When finished, it will be more than 3,000 feet long. It is six feet wide at the top, broadening gradually to 34 feet at the base.

One of its functions will be to serve for mooring ships waiting to enter the lock on their way downstream.

Work on the two locks rising in the Lachine section—the \$7,107,000 Cote St. Catherine Lock and the \$7,400,000 St. Lambert Lock—involves a different method of placing concrete.

At Cote St. Catherine, tall, slender cranes have buckets of approximately one-yard capacity fixed to the end of cables suspended from long booms. Trucks bring the concrete from a nearby mixing plant and it is poured from the truck bodies into the buckets which

are lifted over the forms and the concrete poured.

At St. Lambert, two methods are used. The approach walls are built by pouring concrete into the forms from spouts on the rear of trucks. Concrete for the lock's monoliths is placed by a machine called a stacker—a long pipe leading from a travelling conveyor belt that brings the concrete from the mixing plant.

The project's next phase is a mechanical one. Already, Canadian factories are making lock bridges, electrical equipment, lock operating machinery and other mechanical installations for the seaway.

Prince to U.S. Maneuvers

THE HAGUE (INS) — The Netherlands has announced Prince Bernhard will attend U.S. naval maneuvers at Norfolk, Va. He is due in the United States Oct. 20.

Lutherans Vote to Move Higher Education Board

HARRISBURG, Pa. 10 — The United Lutheran Church convention voted yesterday to move its board of higher education from Washington, D.C., to New York where it could be in closer touch with other church agencies.

It took the action despite a protest by Dr. Henry Bagger, president of Lutheran Theological Seminary of Philadelphia.

"I'm opposed to putting all our eggs in one basket in one city," said Dr. Bagger.

The U. S. aircraft carrier Saratoga is the sixth naval vessel to bear the name.

THEY ROLLED THEIR OWN — Residents of Halsey Ave. in Sedamsville, a suburban section of Cincinnati, Ohio, put their dedicated, aching backs into spreading the last of five tons of self-purchased black-top on their undedicated portion of

the street. Although maintained by the city for years, a recent ruling put Halsey Ave. out-of-bounds for city repair crews. So the street deteriorated. So the residents formed their do-it-yourself road gang and paved it.

Close Senate Race Due in Pennsylvania

HARRISBURG, Pa. 10 — The current contest for one of Pennsylvania's two seats in the U.S. Senate shapes up as a touch-and-go battle royal between the blunt 73-year-old Republican incumbent, James H. Duff, and his soft-spoken, but intense, Democratic opponent, former Philadelphia Mayor Joseph S. Clark.

The Republicans expect Duff to sweep into a second term on the back swell of an Eisenhower victory wave. The Democrats predict Clark, 38 years Duff's junior, will carry to the Senate level the success he enjoyed in 1951—when he became the first Democratic may-

or after 68 years of GOP rule in Philadelphia.

The Senate fight hinges in some measure on the outcome of the presidential balloting in the Keystone State with its 32 electoral votes. The importance of Pennsylvania has been amply stressed by both major parties. President Eisenhower and Adlai Stevenson each has visited the state twice in the present campaign.

Trap 31 Cyprus Rebels

NICOSIA, Cyprus (INS)—British authorities report the arrest of 31 alleged members of EOKA, the Greek-Cypriot underground organization, in a military sweep into the mountains of north Cyprus. The British said three EOKA leaders were among those nabbed.

Rep. J. Percy Priest Dies at Nashville

NASHVILLE, Tenn. 10 — Rep. J. Percy Priest, a member of Congress from the 5th Tennessee Dist. for 16 years, died here early today. He was 56.

He was operated on for an ulcer several days ago, and had been reported in satisfactory condition. Associates said he was "getting along nicely" yesterday, but his condition worsened during the night.

Priest was chairman of the House Commerce Committee during the past session of Congress. He had served as Democratic whip in the House for several years.

NOW! You can afford WARM FLOOR HEATING in every room!

JUST LIKE A FURNACE... BUT WITHOUT ALL THE COSTLY DIRT COLLECTING PIPES AND REGISTERS

SIEGLER has TWO heatmakers working together on ONE fire to heat every room in your home!

HEATMAKER No. 1

PLUS HEATMAKER No. 2

The powered-up, inner heat tubes. Room air is forced through the heart of the hot-tube fire... and poured over your floor.

Tropical Floor Heat

QUICKLY GETS TO THE BOTTOM OF THE COLD FLOOR PROBLEM

But ORDINARY HEATERS cannot and do not give you warm floor heating in every room because they waste heat up the chimney and on the ceiling.

DRAFTY COLD FLOORS

Siegler is not a space heater that wastes heat forcing you to live in one or two rooms with cold floors.

Siegler is not a central heating plant with expensive installation!

SIEGLER is the revolutionary method of **WARM FLOOR HEATING** in every room! BUT WITHOUT PIPES AND REGISTERS!

SIEGLER PAYS FOR ITSELF AGAIN AND AGAIN WITH THE FUEL IT SAVES.

Siegler

OIL furnace HEATER

THE HEATER WITH THE PATENTED INNER HEAT TUBES

AND LOOK—don't let BTU Ratings confuse you!

There is BTU INPUT... there is BTU OUTPUT, but what keeps your family warm is BTU USEFUL... the working BTU's that heat your home! In BTU USEFUL Siegler OUTHEATS 'EM ALL! A 60,000 BTU Siegler gives more USABLE HEAT than much higher rated ordinary heaters. A 75,000 BTU Siegler furnace-volume heater can only be compared to a central heating plant.

HARRY AND BONARO OVERSTREET

School Leaders to Hear Talks on Emotional Health

Administrators and Supervisors, band-and-wife team, will gather with the administrators in a workshop-type meeting at Washington Junior High School.

Harry Allen and Bonaro Wilkinson Overstreet, co-workers in the field of human relations and a husband-and-wife team, will gather with the administrators in a workshop-type meeting at Washington Junior High School.

Former Pontiac Man Invents Safety Signals

A former Pontiac resident is making news in his new home town of Bradenton, Fla. these days.

Steve Palladino, 33, who lived in Pontiac in the late 1940s and worked at Pontiac Motor, has recently invented a new set of school bus safety signals.

Palladino has perfected front and rear signals cutting down the danger of accidents while buses load and unload. Present warning equipment on most buses is a metal stop arm, which swings up when a bus is preparing to stop. Now transportation manager of Manatee County schools, Palladino plans to manufacture the new signals which require more than 200 individual parts.

Palladino has also applied for a patent on a brake fluid level indicator. This gadget would connect to a light on the dash board of a car and when brake fluid is low the light flashes.

Palladino has two brothers and one sister living in Pontiac; Frank of 31 N. Marshall; Richard of 4475 Oakvista and Mrs. Louis A. Spock, 3058 Martell.

Topic for the day's discussion will be "What Emotional Health Looks Like."

The Overstreets are known for their writings which include such books as "The Mind Alive" and "The Mind Goes Forth." Together they write a weekly syndicated newspaper column, "Making Life Make Sense."

The Overstreets are currently in Michigan for a brief period to conduct short courses for the University of Michigan Extension Service in Detroit, Flint, Grand Rapids and Port Huron. Their engagement with the University Extension Service this year is the ninth in a series that began in the fall of 1945.

One Boat Converted

STURGEON BAY, Wis. (U-P)—The newest self-unloading freighter on the Great Lakes, the Myron C. Taylor, will leave here this weekend for her home port at Rogers City, Mich. The 600-foot ore carrier has been undergoing conversion work here. The Taylor will be the eighth self-unloader in the Bradley Transportation Line fleet, operated by Michigan Limestone Division of U. S. Steel Corp.

Class Studying Hornets

CARTHAGE, Tex. (U-P)—A student brought what he thought was an abandoned hornet's nest to Mrs. Hazel Kyle's science class at Carthage High.

The hibernating hornets started moving and so did the class—with Mrs. Kyle in the lead. One girl was stung.

Nixon Hits Dem Farm Promises

Says Get-Rich-Quick Price Support Policy Is 'Hoax' to Snare Votes

COLUMBUS, Neb., (U.P.)—Vice President Nixon accused Democrats today of "a cruel hoax" to snare the farm vote.

The high rigid price support policies they advocate, Nixon said in a talk prepared for the National Mechanical Corn Picking Contest, would slam a lid on what he termed "the upward trend in farm income."

To farmers, considered by both parties to be restive this election year, Nixon said:

"The get-rich-quick promises that our opponents have made... are just as impossible to keep with the type of program they advocate as would be their promise to guarantee rain in the drought-stricken areas."

Nixon urged the farmers to put their faith in the administration program that includes flexible price supports, a soil bank plan under which farmers can qualify for benefits by taking some land out of production, and efforts to increase markets for farm products.

This program, Nixon said, "is working and will continue to work because it cuts right to the heart of the problem."

Nixon's foray into the farm battlefield followed by a day his return to Democratic candidate Adlai Stevenson's charge the Republican administration has shown indifference to the interests of labor, the unemployed and other segments of society.

The vice president stepped up his campaign pace with a speech at Boulder, Colo., last night in which he described Stevenson's proposals for the economic future as "Alice in Wonderland" economics, "a costly grab-bag of government goodies" that would cost 15 to 20 billion dollars annually, raising the average family's taxes \$320 a year if the budget were to be balanced.

Move Teddy's Cabin

BISMARCK, N. D.—Visitors to Bismarck can see a cabin once used by President Theodore Roosevelt. The cabin, now on the State Capitol grounds, was moved here from its original site in the western badlands of the state.

Children's Writer Pineau Softens Tough Suez Talk

By JOSEPH L. PEARLMAN INS Staff Writer

French Foreign Minister Christian Pineau, who writes children's storybooks for relaxation, has been the West's tough-talker in the Suez crisis.

His threats of force against Egypt, in fact, caused many to wonder whether the Socialist leader was getting out on a limb from which he might not be able to retreat with diplomatic grace if he had to.

But the balding, stocky minister managed to extricate himself from an embarrassing situation in the Security Council debate.

First, at the suggestion of U. S. Secretary of State Dulles, he agreed to tone down the language of the resolution Britain and France originally had planned to present in their complaint against Egypt.

Then, Pineau told the Council that the Anglo-French military buildup in the eastern Mediterranean had been necessary because of the high-handedness of Egyptian President Nasser.

CHANGE OF TONE

But now, Pineau made it clear, things might be different because Nasser had changed his tone.

All of which was a prelude to the closed-door talks Council members have set up for another attempt to solve the dispute.

Pineau, who started out as a banker and labor leader, became foreign minister last Jan. 31, a month after Britain gave the foreign secretaryship to Selwyn Lloyd, with whom he now shares the spotlight at the United Nations. Pineau will be 53 this week.

Pineau was a wartime resistance leader and was imprisoned several times by the Nazis, and once narrowly escaped being sentenced to die before a German firing squad.

His writing flair was developed while in German prison camps, when he wrote the lyrics for shows put on to keep up the morale of French prisoners.

He also likes to work in his garden and raise vegetables.

8-Year-Old Girl in Texas Inherits \$1,800,000

BEAUMONT, Tex. (U.P.)—An 8-year-old girl fell heir to \$1,800,000 yesterday because her grandfather gave a job to a young woman 44 years ago.

The girl, Edith Diane Brown, is the granddaughter of R. L. Brown Sr., Beaumont insurance man. Brown said he employed the late Mrs. Edith Marshall when she first came to Beaumont in 1912.

The bequest was revealed when an inventory of Mrs. Marshall's estate was filed. She was the widow of Courtney Marshall, Magnolia Petroleum Co. executive.

Cockroaches Encroach on Flint Police Station

FLINT (U.P.)—A flock of cockroaches—unwittingly picked up in a gambling raid—put the law on the run Wednesday night.

The bugs came along with four truckloads of gambling equipment confiscated in a series of raids Saturday and stored in the police station records room.

Capt. Dick Bloom soon became identification bureau employees were scuttling through the files. Finding handcuffs useless against the invaders, Bloom called in a fumigation squad to squelch the roaches.

SEND-OFF — Sen. Estes Kefauver, Democratic vice presidential nominee, gets a send-off from Mrs. Kefauver as he sets out from Washington on the second leg of his "Main Street" campaign for election. Kefauver will cover some 6,000 miles in six Southwest and Far West states.

Little Hope to Halt Father Spiriting Child to Russia

DETROIT (AP)—Alexis Chwastov, a Russian citizen and the father who fled the United States with his American-born daughter, was scheduled to sail from London for Russia today aboard the Soviet ship Molotov.

And in Washington the Senate Internal security subcommittee laid plans for hearings Oct. 22 on the spiriting away of the 2-year-old daughter of Mrs. Helena Diesco of Detroit.

The Soviet embassy announced the sailing plans to Chwastov and his daughter Tanya yesterday.

Mrs. Diesco, now married to another man, unsuccessfully sought U.S. court action to prevent Chwastov from taking Tanya to Russia when he decided to return to that country. He had lived in this country two years as a displaced person. He and the child's mother met in Philadelphia, where they lived for a time.

Chairman Eastland (D-Miss) of the Senate subcommittee said it would seek to determine the role played by Soviet officials in arranging for departure of Tanya with her father.

HID OUT ON SHIP

Chwastov evaded immigration agents who searched the liner Queen Mary for him and the child, for whom he had no passport. Soviet diplomats admitted Chwastov and the child were aboard the ship, but insisted the child was

had a right to take her with him. The subcommittee asked the State Department to try to get the British government to place the child under protective custody. But most Washington sources expressed belief the British would not involve themselves in the controversy.

Eastland said in a letter to Secretary of State Dulles that the subcommittee feels the "deprivation of this infant's rights by a man who has no legal rights to take her out of the country and the collusion on the part of Soviet authorities in this illegal act are matters of concern to us."

Detroit Driver Killed in California Snowstorm

TRUCKEE, Calif. (AP)—Mandros Narmanian, 74, of Detroit, was killed yesterday in an auto accident on U.S. 40 half a mile of Donner Summit.

Driving east alone, he was caught in the season's first snowstorm. His car went over an embankment, the Highway Patrol said. Narmanian was thrown out.

Kalamazoo Man Killed

KALAMAZOO (AP)—William Harris, 66, of Kalamazoo, was killed last night when hit by a car while crossing an intersection.

Nasser, Russian Confer

CAIRO (INS)—Soviet Ambassador Dmitri Kiselev conferred for 75 minutes yesterday with Egyptian President Gamal Abdel Nasser. Kiselev said later: "We discussed the Suez debate in the

(United Nations) Security Council and other current affairs. I am sending a report to my government."

Denmark imported 26,700 passenger cars last year, 10,000 fewer than the year before.

Detroit Zoo Buys Eagle

DETROIT (AP)—Mr. Ramshaw, a trained 13-pound eagle who has appeared on national television shows, has been purchased by the Detroit Zoological Society from Capt. C. W. R. Knight, British traveler and

lecturer. The bird is to arrive in Detroit Sunday.

Despite drought, the value of Israel's agricultural production last year rose by 3½ per cent, largely because of an increase in legume production.

Topic: Straits Bridge

MENOMINEE (AP)—The impact of the Mackinac Straits Bridge on the Upper Peninsula's economy will be discussed by Prentiss M. Brown at the 4th meeting of the Upper Peninsula Development Bureau

Oct. 25-26. Brown, chairman of the Bridge Authority, will speak at the Oct. 26 dinner meeting.

Of the spending units, families and single persons in the U.S. during 1955, about 14 per cent had \$4,000-\$5,000 incomes.

LOAD IT

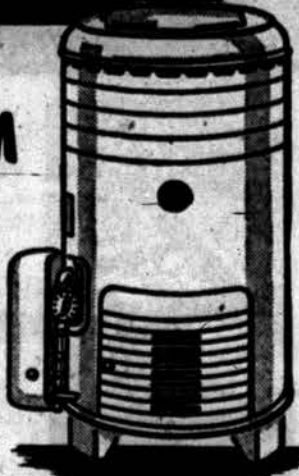

Open big top door and toss in as much as 2 bushels of burnable trash and garbage.

DIAL IT

Duo-Therm's Target-Jet Burner quickly reduces refuse to fine ash.

FORGET IT

Shut itself off when load is consumed. (Manual Control model available.)

Try Try Again for Right Words to Pot-O-Gold

"If at first you don't succeed..." is especially true with Pot-O-Gold entries, because for each week that a winner isn't found, an additional \$100 is put into the pot to reimburse you for your trouble. If Puzzle No. 18 doesn't bring in a winning entry, you can be the lucky one to walk away counting \$100 into your pocket. Be sure to read the rules carefully. What would be worse than to have a winning answer disqualified because it was late or misread?

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain S signs in place of gold. You may use such a symbol on any letter you wish. However, it and all letters in that circle must be used. The S sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conform to these clues. Use your S signs to help you spell out the right words.

SOLUTION CLUES

- A cheerful one always wins friends.
- May cause the death of an old shopkeeper who's the victim of a holdup.
- A man with a wife like this will not have a pleasant marriage.
- There are some people who will responsibility for any of their relatives.
- A self-sufficient woman would not encourage a suitor who was too
- Grandpa always insisted that this be out to look neat.
- A coded message might be hard to figure out if a were missing.
- A young girl frequently charms everybody just because she's so
- Sometimes a house must be condemned because of its
- Friends always spill their troubles to Joe because he is this.
- Often furnishes the background for a book.
- In a nation-wide manhunt, the F.B.I. is tireless in uncovering the of a criminal's hide-out.
- A man of this type is likely to attract a serious-minded young woman.
- Often affects a person's disposition.
- Little Mary cried hard when she fell over this on the lawn.
- Frequently difficult to explain.

OFFICIAL CONTEST RULES

- Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employees or their immediate families.
- A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.
- To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 19 must bear a Tuesday, Oct. 16, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.
- Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.
- The Pontiac Press will award a cash prize of \$100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.
- Winners will be awarded an extra cash bonus of \$25 each if they are Pontiac Press subscribers or record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.
- Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.
- Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, proprietor of Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.
- There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.
- Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mail.

State Cancer Units Collect Over Quota

LANSING (AP) — Michigan cancer drive workers collected \$225,980 during last April's campaign—\$18,900 above the quota.

The figure is released by Waldo Stoddard of Grand Rapids, retiring president of the American Cancer Society, Michigan division.

Leaders of the drive elected Russell E. Bowers of Flint as president of the Michigan division to succeed Stoddard. W. F. Doyle of Lansing was elected vice president, succeeding Bowers.

Other officers elected were Dr. Marvin Pollard, Ann Arbor medical chairman; Dr. C. Allen Payne, Grand Rapids, vice medical chair-

Catholic Archbishop Dies in St. Paul, Minn.

ST. PAUL, Minn. (AP)—The Most Rev. John Gregory Murray, Catholic archbishop of St. Paul, died early yesterday of cancer.

The 79-year-old prelate had been ill since last May.

The archbishop's five doctors issued a statement after his death saying he "was aware of his condition from the start" and "those who took care of him were impressed with his unflinching courage, his indomitable courage and his saintly character."

Archbishop Murray, a native of Waterbury, Conn., was a former auxiliary bishop of Hartford, Conn. and a former bishop of Portland,

Blood Unit to Meet

The Blood Advisory Committee of Oakland County Red Cross Chapter will meet at 11 a.m. Thursday at 115 Franklin Blvd., Mrs. Norman McQuarrie of Royal Oak, committee chairman, announced.

Ferries Show Drop

LANSING (AP) — Straits of Mackinac ferries carried 725,481 vehicles during the first nine months of the year compared to 745,675 during the same period in 1955, the State Highway Department reported today. This was a decrease of 20,194 vehicles, or 2.7 per cent.

Hal Boyle Says:

Siobhan McKenna Yearns to Play Hamlet

NEW YORK (U.P.)—“Pigs are not open-minded — they’re sneaky,” said Siobhan McKenna, positively, “and I won’t have them on my farm.”

“But I love cows. They have such beautiful long eyelashes.”

The farm that Miss McKenna, brightest star of the current drama season, spoke of was the one she dreams of owning and retiring to some future day in her native Ireland. After, of course, she achieves another dream — to play Hamlet. No, not Ophelia. Hamlet! And she’ll probably get her wish.

Every now and then an actress comes along who can scratch a match in your veins and get your brain and heart aflame. For several weeks young Miss McKenna has been doing just that to audiences in the off-Broadway Phoenix Theater with her electric portrayal of the tomboy saint in Bernard Shaw’s “St. Joan.”

Critics have acclaimed her the “Greatest Joan of the century.” And, indeed, who before her ever played Joan in Gaelic in Dublin . . . in English in London . . . with an Irish accent in Manhattan . . . and planned to do it in French in Paris?

What is Siobhan (pronounced “Shh-vawn”) like offstage? Well, she is so busy — almost every day a new Hollywood producer suddenly “discovers” her — that seeing her alone is only slightly less difficult than it would be to arrange a private game of crabgrass billiards with President Eisenhower.

Finally I arranged a luncheon date. It came during a break in a seven-hour rehearsal of an Oct. 15th NBC-TV presentation of Somerset Maugham’s “The Letter,” in which Miss McKenna portrays a cool-blooded murderer.

Siobhan saves her acting for the floodlights. She showed up wearing a weathered tweed suit and flat-heeled white shoes. She wore no makeup. A cherry-red stocking cap hid the raw-necked GI haircut she had to undergo for her role as Joan.

I noted that she seemed to be 5 feet 5 and 125 pounds of talent held together largely by freckles. “I’m afraid that no one in the theater except Katie Hepburn has more than I do,” she said ruefully. “In Gaelic freckles are called ‘little trout,’ and Irish girls who have them console themselves by saying they are signs of beauty.”

“But as a child I used to try to scrub them off with butter-milk.”

Siobhan, daughter of a Galway University mathematics professor, is a graduate mathematician herself and has a sister who is a dentist. As a child she wrote and

Unable to Whip Smog Problem

Auto Industry Experts Tell Detroit Conference No Solution in Sight

DETROIT (U.P.)—Auto industry experts today held little hope for an immediate solution in their fight to help Los Angeles whip the smog problem.

John M. Campbell, chairman of the production products subcommittee of the Automobile Manufacturers Assn., said yesterday efforts to eradicate escaping gasoline fumes have proved inconclusive.

“We don’t have an immediate solution,” he said. “But we don’t feel we are licked.”

Campbell and S. Smith Griswold, head of the Los Angeles air pollution control district, spoke at a news conference in Detroit.

The conference followed an inspection by Griswold of a score of mechanical devices designed by the auto industry to reduce the exhaust of unburned fuel. The inspection tour ends today.

Industry spokesmen said each of the carburetion devices has been ruled out as a cure by either high cost or low operating efficiency.

Griswold described escaping gasoline vapors as the prime remaining objective in the anti-smog campaign. He said he was “impressed” with the work the industry has done in an effort to help reach a solution, but “disappointed” with the results to date.

“This research is like trying to find a cure for cancer,” Campbell said. “It is a new field, but necessary, and we will answer our obligation to continue efforts for a cure.”

West Germany produced 315,890 TV sets in 1955, up 186,960 from the previous year.

acted out her own play in a neighbor’s barn. She spent three years with the Abbey Theater in Dublin. She has played everything from Lady Macbeth to Charlie in “Charlie’s Aunt.”

Her Irish flares up when anyone questions her desire to play Hamlet. After all, didn’t Sarah Bernhardt?

“And why shouldn’t a woman be Hamlet?” she asked. “He is, like Joan, an extraordinary figure. But Hamlet’s problem is intellectual, rather than physical, so why should there be any great shock about having a woman play him?”

As Siobhan talked little thought clouds and laugh crinkles chased each other across her elf-serious face, like ripples on a summer

pond. She also has a habit, en-dearing in women, of absent-mindedly picking up small crumbs from the tablecloth and eating them.

She finds the offers of quick Hollywood gold now pouring in on her somewhat disturbing.

“I don’t like to plan far ahead. Here you obey time so much. I like to live in the present, and have no desire to know the day and hour I’ll pass on.”

“Before I do anything else I want to go back to Ireland. I miss my son Don. He’s only eight. (Miss McKenna’s husband is Denis O’Dea, of Dublin’s Abbey Players).”

“You know the country people in Ireland are very honest. They tell you straight out what they think. Instead of telling me how

nice I look, they’ll say, “Oh, Siobhan, how you’ve failed!”

Miss McKenna’s green eyes glowed as she talked of her future farm.

“Actresses are so foolish with their money,” she said. “They should save it and buy a little farm they can retire to and live comfortably.”

“I want a farm of only 40 acres. No swimming pool. No pigs. I’ve tried hard to like pigs, and I can’t. But horses, yes. And cows. And a few fattening bullocks to pay the bills — so that I can gamble a bit on the horses.”

In Gaelic Siobhan McKenna’s name means “A bright spirit tell you straight out what they think. Instead of telling me how

Bob Considine Says:

U.N. Does Not Concentrate on Suez Alone

UNITED NATIONS, New York (INS) — Last one gain the impression that all other work at the U.N. has been dropped, while the great powers struggle over the Suez question, be assured that such is not the case.

Yesterday, while Secretary of State John Foster Dulles, British Foreign Minister Selwyn Lloyd, French Foreign Minister Christian Pineau and Egyptian Foreign Minister Mahmoud Fawzi bagged high in the topless glass house, carefully refraining from throwing rocks, things were buzzing downstairs.

A beautiful Indian girl in a lovely sari led a gaggle of 50 sightseers through a superbly designed hallway, U.N. in New York's biggest tourist trap.

It makes \$1,000,000 a year showing visitors through the place, plus another \$5,000,000 from its restaurants, bars, U.N. stamp sales, souvenir shop, etc. This money goes into the organization's general fund.

In conference room No. 10 a meeting was taking place that bespoke the growing age of the world body. A neat sign outside read, "Standing Committee of the United Nations Joint Staff Pension Fund."

SALARIES AND ATOMS
In conference room No. 6, the "Salary Review Committee" was meeting. In No. 4 there was the 14th plenary meeting of the "Conference on the Statute of the International Atomic Energy Agency."

That's a doozy of a meeting. There are representatives of 52 nations in attendance. The theme is the peaceful use of the atom, growing out of President Eisenhower's historic speech of Dec. 8, 1955, which urged that all nations with uranium or atomic know-how pool their resources and share knowledge and material for the general good.

We will toss 25,000 pounds of uranium into the international pot, for starters. When one realizes that only a few pounds of the stuff has been powering the submarine USS Nautilus around the world's oceans for a year and more without refueling, the immensity of the gift is more clearly comprehended.

There's an argument. The Russians especially are wary of the plan to police this operation. We want to make darn sure that the nations which gets this ferocious fuel use it to develop power and in research of all peaceful kinds.

We want a guard system set up which would prevent Red China, let us say, from hijacking a ship-

ment of material intended for Thailand.

CONTROL OF WASTE
We want to know what happens to the waste, too, the "ashes" of remote atomic furnaces our fuel will stoke. Russia and some other countries say that this would be an invasion of their sovereignty. And so the argument continues, but Suez gets the headlines.

The Jordanian ambassador, Abdul Monem Rifai, was up in arms during the day. He summoned Secretary General Dag Hammarskjöld out of the big foreign ministers meeting and asked for Security Council consideration of the latest Israeli retaliatory raid.

Elsewhere, a U.N. group issued funds, food and medical supplies to the camps in which 500,000 Arabs, evicted from Israel, are housed.

Somewhere in the building, Yugoslavia's Foreign Minister Koca Popovic waited a chance to explain privately to Dulles why his boss, Tito, appears to be playing footsie with the Kremlin against Popovic wants continued U.S. aid.

Perhaps an even more delicate matter was being handled today by the three-year-old "Committee on the Question of Defining Aggression."

It probes such puzzles as "at what point is an aggression against a member state should the United Nations armed force retaliate if we had a United Nations armed force?" and "if an H-bomb hit New York (or London, Paris, Moscow, etc.) and there was no hint as to the direction whence it came, nor legal proof of its launcher, would that constitute aggression?"

Elsewhere in the building, the Irish worked on a plan to present the partition question to the General Assembly, and the British went over the defense they will use. That one could raise the roof.

Bolivians claim that 70,000 cattle and 20,000 sheep are smuggled yearly into other countries, La Paz learns. The government-controlled meat price is blamed.

Two deaths occurred among five polio cases reported this week, Dr. John D. Monroe, health director, revealed today.

Polio cases were reported in Farmington, Holly, Waterford Township and two in Berkleigh. This brings the county total to 33 for the year compared to 104 cases at this time last year, Monroe said.

A complete breakdown of reports from both the county and city health departments on communicable diseases follow:

Iraq, Jordan Ties Explosive

Israel Visualizes Threat If Neighbor Beefs Up Troop Strength

WASHINGTON (U. S. P.) — The turbulent Middle East is threatening to explode a new crisis.

King Faisal of Iraq is due to send about 5,000 troops into Jordan soon at the request of his cousin, Jordan's King Hussein, to help stabilize that country in advance of Oct. 21 parliamentary elections.

The United States and Britain have given at least tacit approval in the interest of preventing a possible collapse of law and order in Jordan, but officials here are by no means certain what the repercussions will be.

Israel is said to have advised the United States it cannot view with indifference what it regards as the potential military reinforcement of the Arab state with which it has the longest common border. There has been heavy fighting along the Israeli-Jordan frontier in recent days.

The reaction of Egyptian President Gamal Abdel Nasser, central figure in the Suez Canal dispute, is unpredictable. Nasser long has tried to increase his own influence over Jordan and the Arab world generally.

Hussein is said to have appealed to Faisal about two weeks ago to send troops into Jordan to help stabilize the country. Diplomats reported Iraq's plan is to send in three understrength brigades totaling about 3,000 men.

They would be stationed in eastern Jordan, well away from the Jordanian border with Israel, according to this plan, and would have the task of guarding oil pipelines which carry petroleum from the rich Iraqi fields to the Mediterranean. They would also be on hand to help control any uprisings within the country. American officials understand they may move within a few days.

It'll Take Better Job to Outfox Warden

ALBUQUERQUE, N. M. (U. S. P.) — James Rentes had his pet fox staked outside the YMCA where he was staying. A city employee re-staked it in the pound.

Rentes, a cafe dishwasher, went to bail it out. "They said the charge was 50 cents a day and \$3 to pay the charge for picking it up," he said. "All I have left after paying room and board is a little over \$2. I'll have to get another job to get him out of hock."

Ex-Oklahoma Governor Suffers Critical Stroke

OKLAHOMA CITY (U. S. P.) — Alfalfa Bill Murray, 67, former governor of Oklahoma, was reported critically ill today. He was taken to a hospital Tuesday after a paralytic stroke. A member of the family said he was in a coma. His son Johnston Murray, also a former Oklahoma governor, was notified in San Antonio, Tex., and left immediately for Oklahoma City.

SHE'S THROUGH HORROR AROUND WITH AUTOS — Hospitalized five times because of injuries suffered in automobile accidents, Mrs. Cedonia Mowrey, of Westerly, R. I., leaves the hospital in a pony cart after recovering from her latest highway mishap. The "coachman" is her husband, Rochester Mowrey. Auto-shy Mrs. Mowrey says that when she was a girl, "we used horses and buggies and there weren't all these frightful accidents."

Make Good Industry Bureaucrats

English Teachers Needed

By HERMAN R. ALLEN

CHICAGO (U. S. P.) — Business and government, which have already employed thousands of engineering and science teachers out of American colleges, now are getting down to the English teachers.

"English teachers make good bureaucrats," President O. Meredith Wilson of the University of Oregon said today. "Anybody who can write a good letter or report makes a good bureaucrat, and most English teachers can write."

Wilson and three other college educators were interviewed as a group at the annual meeting of the American Council on Education.

Wilson said Oregon wound up short one English teacher this fall. The others said their situations pretty much matched that described by Miss Margaret Haben, dean of instruction at the University of Rochester, N.Y.

"English teachers are harder to get," Miss Haben said, "but they're still available."

As for college teachers in general, Prof. W. Leighton Collins of the University of Illinois College of Engineering described the shortage of engineering teachers as "the colleges' major problem today."

Denn Frank R. Kille of Carleton College, Northfield, Minn., however, quickly put in a word about liberal arts teachers. "The colleges have boosted salaries," he said, "but a young man thinks about his top salary prospects and these are really very low as a top-flight man is concerned. Business and government are pulling off our best people. I think we could use more good women teachers."

"If we could get them," Miss Haben rejoined. Wilson cited studies indicating

that a man with a bachelor's degree can get the same salary if he enters industry immediately on graduation as he could if he taught for three years, then took an industrial job.

Italian Fascists Duel to Draw on Policy Dispute

ROME, Italy (U. S. P.) — Two Fascists duelled with swords and wounded each other yesterday and then refused to exchange apologies after they quit fighting.

The duellists were Giorgio Almirante, a Fascist deputy and co-editor of the daily Secolo d'Italia, and Count Vanni Theodoranis, editor of the Fascist weekly, l'Asso di Bastoni.

The two fought through seven rounds. It was stopped after both were bleeding freely from arm wounds.

Heart Surgery Repairs Done With Intermission

By ALTON L. BLAKESLEE

Associated Press Science Reporter

SAN FRANCISCO (U. S. P.) — Intermission heart surgery — done like a play in two or three acts with breaks in between — is making some heart repairs thoroughly safe.

This new technique was described today at the close of the American College of Surgeons' annual congress.

It's being done when the human body is first chilled down to slow body processes and blood flow. Then the heart can be opened for direct view to make inside repairs.

Under chilling, blood flow to the heart can be stopped completely for a time. But the safest time limit is six to eight minutes.

Here is where the intermission surgery comes in. If the repairs take longer than six minutes, some of the work is done, then clamped arteries are released and the heart is allowed to work again for 10 to 15 minutes. After this intermission, blood flow is halted again and the second act of repairs carried out. It's finished in a third act, after another intermission, if necessary.

All this time the body is kept at the lowered temperature of about 66 degrees.

It's one example of refinements making bold new techniques of heart surgery continually safer, said Dr. Harris B. Schumacker of

Indianapolis, Ind., and Dr. Henry Swan, Denver, Colo., in summing up for reporters the new advances reported this week in heart surgery.

Dr. Swan has used the intermission technique half a dozen times.

A gallon of water weighs 8.33 pounds; alcohol 6.75 pounds.

Cow Leads Police on Heck of a Chase

SPRINGFIELD, Ohio (U. S. P.) — Hey diddle, diddle, the cat and the fiddle, the cow jumped over the police cruiser—well, she almost did. A Holstein cow wandered away from an east side stockyard here and led police a merry chase. At one point, she was sprawled over the hood of a new police cruiser when she failed to get enough lift in her leap.

Although the cruiser was damaged, the cow was not charged with failure to yield the right-of-way.

Crothers to Face Trial

DETROIT (U. S. P.) — Joseph Crothers, 35, former policeman of suburban Grosse Pointe Shores, has been held for trial on a charge of grand larceny involving \$5,000 worth of boats and marine equipment. Police said Crothers told them he committed the thefts in an attempt to win back his estranged wife. Crothers was picked up after a man saw him towing a boat and trailer stolen from him last summer.

GOT A LUCKY BUCK?

Check your dollar bills now

If any of the serial numbers of your dollar bills contain a "5" and an "0" then you've got a "Lucky Buck." And here's what you'll receive for it! A certificate for a \$25.00 Arthur Murray Dance Course at the studio nearest you, plus a wonderful 80-page dance book from which you can learn the Fox Trot, Waltz, Rumba, Samba, Mambo and Jitterbug right in your own home. Just present your "Lucky Buck" in person at your nearest studio or, if you prefer, mail it with the coupon below. Even if you've never danced a step, you'll be able to learn quickly, easily when you take advantage of this double opportunity. Arthur Murray is making this amazing offer to show you the fun and good times to be had when you learn to dance his simple way. So don't wait. Look in your wallet now. If you have a dollar bill with a "5" and an "0" (in any order), you are a "winner."

RULES: Only one "winning" bill accepted from each individual. Arthur Murray studios not eligible. Offers must be accompanied by serial number "Lucky Buck" of your nearest studio, or mail coupon below.

This coupon will bring you fun and good times

At Last, Our Culinary Skill Is Recognized!

No One Has to Apologize for U.S. Cookery

By PHYLIS BATTLE
NEW YORK (INS) — The time has come for all good Americans to hold up their heads proudly in little French restaurants and announce to obsequious waiters: "A Kansas City steak please — and leave off that bearnaise sauce. I don't like it."

Heretofore such a remark would have been cause for calling a gendarme.

But as of this week, when four American chefs took first prize in the International Cooking Olympics in Germany, every American can throw an apple pie and an "oh yeah?" at the first foreigner who challenges his culinary capabilities.

After centuries of bowing our heads humbly in the presence of allegedly superior French, German and heaven-knows-what other gourmets from across the seas, our national standing in the kitchen abruptly has been raised from last to first place.

"No longer need we apologize in Paris because we can't eat all the 'Venison Chasseur with the presumptuous flavor' they have foisted upon us."

"Presumptuous nothing!" we can say honestly. "That flavor is garlic. Give me a lamb chop, a la nothing."

TOO LITTLE PUBLICITY
The news that the U. S. had won the golden cup for cooking the best four dinners served in Frankfurt to a dozen sensitive-palated judges broke during the World Series, and therefore received much less attention than it deserved.

Actually it is news that makes history in this country of ours which has risen to great heights in nearly every field of endeavor, but has always lacked self-confidence — has even, indeed, felt a national guilt conscience — over its national cookery.

For decades, housewives having important guests to dinner would fish out recipe books and look for Beef Stroganoff, Veal Parmigiana, Coq au Vin to serve the company.

American food, which basically is simple and good for the digestion, was much preferred by papa, mama and the kiddies but somehow or other you had to be elaborate with guests.

You had to throw garlic, cooked in wine, and fancy foreign names at them.

ONLY 2 INVENTIONS
Cookbooks featuring world-over dishes scarcely gave the U. S. the time of day. Among many of these international amials now in my office, I find that the United States is given credit for only three basic "inventions" of the kitchen:

Potter Praises U.S. War on TB

Says Disease Rate Cut to 'Manageable Size' by Health Service

DETROIT — Federal government support of research in TB has been credited by Sen. Potter (R-Mich) with "reducing tuberculosis to manageable size."

Long-range work by the Public Health Service is "paying off in practical results," Potter said in a speech prepared for delivery at the Mississippi Valley Conference on Tuberculosis.

He predicted continued support in Congress of the search for drugs to fight the disease. Potter noted \$545,000 was allotted by the 84th Congress to finance human experiments with the preventive drug, isoniazid.

He said the dramatic decline in deaths from TB clears the way for attention to such special problems as "accumulation" of the disease in older persons, TB in migratory, vagrant and other mobile groups and a system of follow-through to insure complete treatment.

Some 800 delegates from 12 Mid-west states, including physicians and volunteer and professional workers in TB associations, are attending the three-day conference.

Quarles Urges U.S. to Show Off Best Weapons

LOS ANGELES — The United States should exhibit its best weapons and make known its intent to use them at once to repel aggression, Secretary of the Air Force Donald A. Quarles said last night.

Quarles said such a policy would prove the best deterrent to atomic war.

"A deterrent that is hidden from the aggressor is no deterrent at all," he told the Los Angeles World Affairs Council.

In the atomic age, said Quarles, a nation's security depends primarily on the military strength it has in being, rather than what it may have in reserve.

Triplet Calves Born

OLIVET — Triplet calves, all heifers, were born Wednesday to a Guernsey cow at the Kenneth Moon farm, Rt. 2, Olivet. The calves weighed about 50 pounds each.

Rouge Dock Collapses

DETROIT (INS) — Part of the Cronin Coal Co.'s River Rouge dock collapsed last night with 1,000 to 1,500 tons of rock spilling into the river.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

BOLD VOYAGERS — 5
Christopher Columbus

Christopher Columbus was born in the Italian seaport of Genoa. As a young boy he decided to go to sea. He wished to prove that a route to China and Japan could be found by sailing West, but he was too poor to equip an expedition.

At first he was unsuccessful in seeking backing, but after many years of struggle, Queen Isabella of Spain agreed to provide three ships and funds. The three ships, the Santa Maria, the Pinta and the Nina, sailed in August of 1492. They reached an island in the Bahamas, which Columbus called San Salvador, on Oct. 12. He also discovered Haiti and Cuba.

Because he believed he had reached India, Columbus called the natives Indians. He made three more voyages to the New World, but the greatness of his discovery was not realized, and he died a poor man in Spain in 1506.

Color this picture with your crayons, and paste it down on cardboard. Cut out the parts and fold the end panels forward on the dotted line, so Columbus will stand. By cutting the slit in the plumed hat, you can put it on his head.

(Junior Editors' \$10 award goes to Mary Gilbert, Gaines, Mich., for submitting this idea first. If you send in a suggestion care of this newspaper it may be worth \$10 to you. Violet Moore Higgins; AP Newsfeatures.)

Gunman Fires 5 Times
at Harry Bridges foe

WILMINGTON, Calif. (INS) — Fred Reppine, 35, one of two men charged with beating up Labor Leader Harry Bridges in a northern California bar, narrowly es-

caped death yesterday when an unknown gunman pumped five shots into his car here. Detectives investigating the shooting said they do not believe either Bridges or the International Longshoremen and Warehousemen's Union, is involved.

Nickel Ride for Trudy

CORPUS CHRISTI, Tex. (AP) — Plunk went a nickel into the mouth of a 2½-year-old girl. Plunk into the family car and to the hospital. Plunk onto the table and plunk, off the table and onto her

feet went Trudy May Plunk. Doctors suggested that little Trudy was doing fine but should plunk her nickels down for ice cream in the future.

Montreal's 180 parks and public squares cover 2,165 acres.

Music Now Stretched!

BERLIN—An acoustic time regulator made in Germany can vary the production speed of records and sound strips from 50 to 200 per cent. Thus recording and reproduction speeds need not be identical,

and speeches or music can be played faster or slower—to fill an allotted time—without change in tone or pitch.

The port of Beirut, Lebanon, will be expanded to handle sharply increased traffic.

Few MSU Students
to Take Salk Shots

EAST LANSING (AP) — Under-graduates at Michigan State University apparently are nervous about needles.

MSU officials said they were disappointed that so few students were signing up for mass Salk polio vaccine shots.

Only slightly more than 1,200 of the more than 18,500 students signed for the shots the first two days. Sponsors of the program, described as the first of its kind on a college campus, said they hoped registrations would pick up before the Friday noon deadline.

Students will be vaccinated on a production line basis Oct. 15-19. Second shots will be given Nov. 12-16 and the final shot is scheduled for next spring. The three shots will cost students less than a dollar.

GET FINER GIFTS FASTER WITH GOLD BELL GIFT STAMPS

HAMLIN SCHOOL FAIR — Charles Stewart, second grader at Hamlin School, Avon Township, dips his paint brush in a paint jar held by art consultant Mrs. Maeta Neiman to add finishing touches to the poster she painted announcing the

school fair tomorrow. Agreeing that the poster's size should be indicative of the success of the fair are Mrs. Minnie Thorpe, principal, at left, and Sue Sprengel, fourth grader.

Londoners Agog Watching MM in 'Tight' Dress

LONDON (U)—Marilyn Monroe, in a dress as close fitting as a coat of paint, turned the London opening of her husband's latest play into a near riot last night.

Crowds outside the Comedy Theater burst through police lines, pushing aside critics and first nighters in evening dress like tennis as Marilyn and her husband, playwright Arthur Miller, arrived with their party.

The famous shape was encased in an off-the-shoulder scarlet satin sheath, as tight as a glove down to a sudden flare at the knee. "How does she manage to walk?" was the big question. But she did — and very nicely, the renowned wiggler even more so.

Marilyn and Miller were accompanied by Sir Laurence Olivier and his wife Vivien Leigh, who looked just a bit harried by it all. The audience gawped unashamedly before the curtain and jammed the bar at intermission to look some more. Oh yes, the play, "A View From the Bridge," and the critics thought it outstanding.

Sons Paint, Tar a Car, Parents Clean Up Mess

The parents of two Avon Township boys had a car cleaning job to do today after Oakland County Sheriff's deputies learned their sons had smeared a parked car with yellow paint and tar yesterday.

The boys admitted "redecorating" a car owned by Mrs. Patrick Wallace, of 3228 Donley Rd. The parents volunteered to remove the paint and tar smeared on the green car.

U.S. forests cover an area equal to that of all of the states east of the Mississippi River plus the state areas of Kansas and Louisiana.

Your PTA Is Planning:

'Singing Cop' at Dublin, Youth Talk at Ortonville

WHITE LAKE TOWNSHIP—Dublin School has slated two events, a PTA meeting featuring the famous "Singing Cop" and a money-making bake sale and rummage sale. Flint's guest cop will be the special guest following the 8 p.m. business meeting of the group Monday at the school. Refreshments will be served afterward.

This Saturday, Dublin will use proceeds of a 5 p.m. rummage and bake sale event to finance the annual school fair planned for Nov. 3.

Persons having rummage contributions should take them to the school Friday evening or call EM 3-3758.

Ortonville
Brandon Township Schools will hold their regular PTA meeting Monday, at 8 p.m. in the auditorium.

George Hawk of Oakland County Childrens Home will speak on "Youth Problems and Discipline." Included in the program will be two musical selections. October is "Enrollment Month" and the goal is one hundred per cent enrollment of teachers and parents.

Waterford Township
The story of how William Austin

Deaths in Nearby Communities

Asher A. Panian
WEST BLOOMFIELD TOWNSHIP—Service for Asher A. Panian, 42, 3130 Wellington Dr., Green Lake, who died today at St. Joseph Mercy Hospital after a long illness, will be at Our Lady of Refuge Church, Orchard Lake, Monday at 10 a.m., with burial in Holy Sepulchre Cemetery. Rosary will be at Bell Chapel of the William R. Hamilton Co., Birmingham, at 8 p.m. Sunday.

He was a supervisor for Cadillac Motor Car Co., being with the firm for 18 years.

Surviving are his wife, Virginia, a son, Joseph and two daughters, Cynthia, and Gail, all at home; his mother, Mrs. Joseph Panian, and a brother, Gerald, both of Detroit.

Edward Otto Kaiser
DRAYTON PLAINS—Service for Edward Otto Kaiser, 3843 Island Park Dr., will be at 1 p.m. Monday at Coats Funeral Home, with burial in White Chapel Cemetery. Mr. Kaiser, an employee of Pontiac Motor for 28 years, died yesterday at St. Joseph Hospital.

Surviving are his wife, Ruth; two children, Mrs. Courtney Rippberger of Saginaw and Arthur Kaiser of Detroit, and a sister and three brothers, Mrs. Ida Vandercook and William, Henry and Leonard Kaiser, all of Detroit.

Neille Whelpley
LAKE ORION—Service for Neille Whelpley, 1023 Heights rd., will be at 2 p.m. tomorrow at Sparks-Griffin Chapel, with burial in Eastlawn Cemetery here.

Elizabeth Holcomb Bradley
FARMINGTON—Service for Mrs. Elizabeth Holcomb Bradley, 88, of 33125 Grand River, will be held at 2 p.m. Monday from the Farmington Methodist Church, with burial in Oakwood Cemetery. Mrs. Bradley, born in Southfield in 1867 and a descendant of Redford pioneers and lifetime resident of the area, died after an extended illness yesterday in a Pontiac Hospital.

Deaths in Nearby Communities

Her body is at Thayer Funeral Home, Farmington.

Married to the late Dr. E. F. Holcomb in 1898, she was a charter member of Farmington OES 239 and member of the Farmington Methodist WSCS.

She is survived by a son, Drayton F., of Farmington; two brothers, Wilton Sherman of Pontiac and Theodore of Detroit; seven grandchildren and a great-grandson.

Willie E. Caples
ORION TOWNSHIP—Service for Willie Eugene Caples, 46, 3501 Gregory Rd., who died Wednesday, will be in Pontiac, Miss., with burial in Sand Springs Cemetery there. The body was sent from Voorhees-Siple Funeral Home here.

James J. Ropeman
COMMERCE—Prayer service for James Joseph Ropeman, two-month-old son of Mr. and Mrs. Richard R. Ropeman of 514 Commercial, will be at 2 p.m. Saturday in Commerce Cemetery. The body of the infant, who died in Pontiac General Hospital yesterday, is at the Richardson-Bird Funeral Home, Walled Lake.

The baby is survived by his parents and one brother, Richard Lee Jr.

Earl Judson Waite
LAKE ORION—Service for Earl Judson Waite, 69, former Lake Orion feed store operator who died suddenly at his home, 412 East Shadblot, yesterday, will be at 2:30 p.m. Sunday at Allen's Funeral Home. Burial will be in Eastlawn Cemetery. He had lived in the county 50 years, coming from Orion Township.

Surviving are his wife, Jessie, five children, Mrs. Kenneth Spies, of Dryden, Judson, Kenneth, Max, and Arthur of Lake Orion, and three brothers, Austin of Brown City, Harold of Oxford and Roy of College Park Md.

Mrs. Eva Robbins
NORTH BRANCH—Service for Mrs. Eva Robbins, 84, of 2066 Johnson Mill Rd., were held Thursday at West Deerfield Methodist Church, Deerfield Township, with interment in West Deerfield Cemetery. Mrs. Robbins died Tuesday morning.

She leaves two sons, Orville, of North Branch and Floyd of Metamora; one brother and two sisters, Daniel Rogers of Fostoria, Mrs. Mina Carlson of Pinconning and Mrs. Estelle Robbins of Lapeer; also one grandchild and one great-grandchild.

Mrs. Alice Simon
LAPEER—Service was to be held today at 2 p.m. from Muir Brothers Funeral Home here for Mrs. Alice Walker Simon, 69, who died Oct. 9 in Chillicothe, Ohio. Burial was to be in Mt. Hope Cemetery here.

2 Speeding Violations
Cost Orion Man \$60

Lloyd Brewer, 23, of Lake Orion, paid a fine and costs totaling \$60 after pleading guilty to two speeding charges before Orion Township Justice Helmar G. Stanaback Thursday.

(Advertisement)
DO FALSE TEETH
Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTTEETH at any drug country.

Plan Dinner to Aid Family in Avon

Friends Rally to Help Smiths

Heart Ailments Strike Father, Daughter; Bills Drain Finances

AVON TOWNSHIP — A benefit dinner is planned for Oct. 22 by friends and neighbors of the Ralph Smith family, whose finances have been beset first with a heart attack making the father unable to work for many months and now hospitalization of a son, Nathan, five months old.

The Smiths live at 2822 Gravel Ridge Rd., and their friends gathered three doors away last night, at the home of Mrs. Robert Dodman, 2774 Gravel Ridge Rd., to plan the buffet dinner.

Smith's financial problem centers around inability to gain state aid, according to Mrs. Dodman.

When he was first stricken, his doctor estimated he would be disabled for three months, but now expects it will be much longer. The attack was nine weeks ago.

State office officials here say four-months disability is needed before aid can be given, and say they must use the original time estimate, Mrs. Dodman reports.

Though Smith is home now, and able to move about and ride in a car, he will not be able to return to his gas station mechanic's job, because of his heart condition.

Meanwhile, two of his three preschool children have been stricken with pneumonia. Paula, 2, is back home with her brother, Randall, 4, and her parents, but Nathan's case was complicated with a heart condition.

Baskets of food have been given by the neighbors, living in and around the Brooklands subdivision, church members of the Rochester Baptist Church, to which the family belongs, and the Metropolitan Club.

Funds have been given by relatives and friends, especially through a collection at the Ted Stautler's gas station at John R and Auburn Roads.

About 200 are expected at the dinner at Brooklands School, for which about ten women are working with Mrs. Dodman. Others would be welcomed to the committee, she says.

Luther League to Hear Expert on Handwriting

WATERFORD TOWNSHIP — A handwriting expert will be presented when the Luther League, the young people's group of Christ Lutheran Church, begins its 1956-57 season of activities Sunday at 6:30 p.m.

With the members divided into three sections, Group three will present Vernon Gatzka, handwriting expert, as the highlight of this first program.

Group two is in charge of devotions and group one will entertain with games and will also furnish refreshments.

The meetings and the league are open to all young people in the area, and a special invitation is issued to those who would like to have their handwriting analyzed. Bonn reports.

Williams Lake Swim Club

Annual Banquet Tonight

WATERFORD TOWNSHIP—The Williams Lake Swim Club will hold its annual awards banquet Friday at 6:30 p.m. in the auditorium of Drayton Plains School.

Kiwians Selling Clothing in Tent

ROCHESTER—Rochester Kiwanians are holding their annual clothing sale today and tomorrow in a tent on the lot between Murray's and Pixley's.

Flare sale night has been changed from Oct. 22 to Oct. 23. This sale will provide funds for the annual Halloween party for about 1,300 children.

LAKE LOT

Lake Angelus nr. Pontiac, most beautiful and exclusive private lake in this area. Lovely shoreline, picturesque beyond words. \$125 per lakefront foot. Owner — TO 8-5010.

MILFORD GIRL IN QUEEN'S COURT — Lots Welberry, left, of Milford, recently returned from a year's study in Japan, has been chosen by the student body of Alma College as a member of the queen's court for the 1956 Homecoming Saturday. Other love-

lies in the picture are Mary Lou Hartwick of Plymouth, Queen Elsie McClure of Alma, Katie Tilton, Rudyard and Connie McCall, Alma.

Waterford BPW to Use Club Funds for Election

WATERFORD TOWNSHIP—The Business and Professional Women's Club members outlined plans for financial projects when they met Tuesday evening at "Aunt Fannie's" restaurant for dinner. Currently the club is sponsoring a series of citizens' meetings to study township problems and government.

Any change in the type of government would cost \$500 to de-fray election costs, according to the Oakland County Board of Supervisors. The BPW would furnish part of this amount but would secure the balance from interested groups or individuals in the township.

The BPW's annual card party will be held October 30, in the CAI Building, 5640 Williams Lake Road. Dessert will be served at 8 p.m.

Jaycee Women Slate 'Toy' Benefit Event

WATERFORD TOWNSHIP — A toy demonstration is being planned by the Auxiliary of the Junior Chamber of Commerce. It will be held at 8 p.m. Monday, at the home of Mrs. Arthur Salley, 3403 Carmen Rd., off Williams Lake road.

Funds will be used for gifts and food at Christmas time for a needy family.

Prison Pads Population

JACKSON (U)—Election officials were puzzled because despite heavy voter registration in Jackson County, total population figures indicate 7,800 persons still not registered. They finally figured out the census lists 5,000 inmates of nearby Southern Michigan Prison as county residents, although they aren't eligible to vote. Final figures show 96 per cent of eligible voters have registered, compared with 95 per cent in the 1952 presidential election.

Some 300 new cinemas were opened in West Germany last year, Bonn reports.

Area Honoring Nancy; Cobo Macomb Guest

Mrs. G. Mennen Williams, wife of the Michigan governor, will be served while Mayor Cobo greets Romeo area voters.

Mrs. Williams was an honored guest of the Democrats of Oakland County today, while Detroit Mayor Albert E. Cobo will climax his Macomb tour Saturday with a visit to Samford Pleasant Lodge, Romeo.

A full day of activity for Mrs. Williams was arranged and supervised by Mrs. Clyde Neisey of Davidsburg and Mrs. Jack Moskowitz of Hazel Park, county Democratic vice chairman.

Mrs. Williams first appeared at a 7:30 a.m. breakfast at the Keego Harbor Democratic Headquarters at 2333 Orchard Lake Rd., of which William Graves is president.

This was a very successful gathering and got acquainted gathering, with over 300 in attendance, according to Pete Quisenberry, precinct committeeman.

Mrs. Williams will later be honored at the Lake Angelus road home of Mrs. Lewis Golden for a brunch; by the Democratic Women of Waterford for a 2:30 tea in the CAI building; and at a 5 p.m. dinner at the home of Mr. and Mrs. Harry Markle of Rosebush.

She will terminate her tour with a talk at an 8:30 meeting sponsored by Pontiac City District 1 club at 386 Kennett Rd.

Detroit Mayor Albert E. Cobo, Republican candidate for governor, will climax his whirlwind tour through Macomb county Saturday with a visit to Samford Pleasant Lodge, 124 W. Gates St., at 9 p.m.

Mrs. George E. McKeough, Bruce Township Republican Committee member, will be present.

The couple received guests in the parish hall.

Barbara H. Lynch was her sister's maid of honor, and bridesmaids were Katherine Hill, another sister, and Lorraine Brundage.

The bridegroom was attended by his brother, Dan. They are the sons of the Arthur T. Stacks. Ushers were Robert W. Lynch, brother of the bride, and Dwayne Edick.

The couple received guests in the parish hall.

Officers of the group are Mrs. Edward Kanser, president; Mrs. Robert Barnard, vice-president; Mrs. Hilding A. Berquist, recording secretary; Mrs. Harry Nicholson, corresponding secretary, and Mrs. Gerald DeWiss, treasurer.

At a recent election meeting at Mrs. Lynn Wyckoff's home, Clarkston, plans were also discussed for a Hard-Times Party and Square dance Oct. 26 in a Waterford Hill barn, and a bake sale Nov. 6 in Drayton Plains.

Retiring president of the 30-member group is Mrs. Harry Nicholson.

Dryden Woman Guards at Grand Chapter Fete

DRYDEN — Mrs. Edith Wilcox, worthy matron of Dryden Chapter OES, is serving as a Grand Escort at the Grand Chapter meeting at Grand Rapids this week. Other delegates from Dryden Chapter are Mrs. Christine Vandawaker and Mrs. Evelyn Carlous.

MR. AND MRS. LYNN DUANE CARNES

Georgia Holzmann Says Vows With Lynn Carnes

HOLLY — Georgia Marie Holzmann, daughter of Mr. and Mrs. Maurice J. Holzmann became the bride of Lynn Duane Carnes, in an 8 p.m. ceremony Saturday at Calvary Methodist Church.

The bridegroom is the son of Mr. and Mrs. Archie Carnes of Atlanta.

The bride's gown was of princess style, in French imported lace with nylon tulle pleated and outlining the neckline of the lace bodice and forming the skirt. Lace paneled the skirt and extended into its cathedral train.

She carried a white Bible topped by white roses and feathered carnations.

The bride's sister, Carolyn Holzmann was maid of honor, and bridesmaids were Mrs. Faye Seitz of Flint and Mrs. Charles Haney of Pontiac, her cousin. Flower girl was Patti Lynn Wiggins and ringbearer was Buster Carnes.

Best man was the groom's brother, Elton, and ushers were Jack Gmelich, Stas Young and Herb Aldrich.

Following a reception in the church parlors, the couple left on a northern Michigan honeymoon. They will reside in Holly.

Pleasant Lake Home Ec Unit Forms, Elects

WATERFORD TOWNSHIP — Pleasant Lake Home Extension Group was organized recently at the home of Mrs. Judson Menter.

The group was assisted in its organization by Mrs. Arthur F. O'Hara of the county executive committee and Mrs. Joseph Todd of the Walled Lake extension group.

Officers elected at the first meeting were Mrs. Louis Hanna, chairman; Mrs. Judson Menter, vice chairman, and Mrs. Edward Newcomb, secretary and treasurer.

Also elected were Mrs. Clarence Miller, project leader; Mrs. Herman Roehling, community chairman; and Mrs. Harold Pettigill, recreation leader.

Luncheon meetings will be at 11 a.m. on the second Tuesday of each month.

Shelby Township Plans Dance on Saturday

SHELBY TOWNSHIP — First Shelby Township dance, held in co-sponsorship with the Macomb County Democratic Committee will be at the St. Lawrence K. of C. Hall on Utica Road, Utica, on Saturday at 8 p.m.

William Hall, chairman of the committee, will be emcee, and county candidates and officials will be present.

Invitations have been extended to state officials.

SHIRLEY ANN WATTS

Mr. and Mrs. Chester Watts of Ortonville announce the engagement of their daughter, Shirley Ann, to Roger Thompson, son of Mr. and Mrs. Wayne Thompson of Clarkston. A June wedding is planned.

UM Banishes the Blues

Army Game Now Holds the Spotlight

Campus Planning to Welcome Cadets This Weekend

By CECILIE DUMBRIGUE

It took Sunday, Monday, and Tuesday of this week for U. of M. students to adjust to the cold, harsh facts: MSU, 9 — Michigan, 0.

However, on Wednesday, vitality began to flow back into campus activities, with the opening of the 103rd season of the University Lecture Series, featuring a noted syndicated news columnist, foreign correspondent and author, Marquis Childs.

He spoke in Hill Auditorium on the subject of the coming elections and the preceding campaign. "The Road Ahead" was the title of his evening address.

On Thursday, Hill Auditorium was packed with music lovers to hear a program of light operatic works played by the famous Mantovani and his orchestra.

The concert featured some of the works of Franz Lehar, Saint-Saens, Rudolf Friml and Richard Rodgers. "Begin the Beguine," "Donkey Serenade" and "Some Enchanted Evening" were performed.

UM vs ARMY

Today, with the campus back to normal, preparations are being made for the Michigan-Army game tomorrow.

The Women's League has been working on a project of entertaining the thousands of West Point cadets who will invade Ann Arbor. Dates and parties for the West Pointers are being arranged by both Greek letter and independent organizations.

Besides giving special parties for the cadets, fraternities are holding post-game open houses.

Attending the game this Saturday will be Karen Barling, daughter of Mr. and Mrs. James Barling of West Iroquois road; Louis Schimmel, son of Mr. and Mrs. L. H. Schimmel, also of West Iroquois road; and Bob Bailey, son of the R. E. Baileys of Longfellow avenue.

This weekend's post-game activities will be highlighted by "Varsity Night," Michigan's favorite all campus revue of student talent.

It is sponsored by the university bands and will take place in Hill Auditorium Saturday night at 8:15.

Participating as a member of the Symphony Band will be Judy Palmer, daughter of Mr. and Mrs. Allen Palmer of Dakota drive.

Shower Given for Bride-Elect Marilyn Bigham

Jackie Kroeplin entertained at a miscellaneous shower in her home on Chamberlain street Wednesday evening honoring bride-elect Marilyn Bigham.

Marilyn, daughter of Mr. and Mrs. Lloyd Bigham of South Johnson avenue, will exchange vows with Edward Vanderworp Oct. 27 in Central Methodist Church. He is the son of Mr. and Mrs. Edwin Vanderworp of Virginia avenue.

Guests present for the shower were Mrs. James Batchelor, Ruth Gavette, Janet Guoin, Shelby Hahn, Mrs. Bill Griggs, Mrs. Earl DeMond, Ila Stoddard, Mrs. Bill Wiseheart, Mary Samson and Mrs. Dwayne Butler.

Other guests included Penny Wiedenbeck, Sheila Lopar, Mrs. Walter Babb, Mrs. Frances McCue, Mrs. Clyde Cronover, Mrs. Bill Joyce, Nancy Body, Mrs. Al Koop, Mrs. Farrell Wagoner, Mrs. Bob Larvick, Mrs. Mitch Rook, Joyce Hayward and Mrs. Ross Deo.

Luncheon, Talk Slated Wednesday

Gail Jordan Tousey will be the speaker at the Wednesday luncheon meeting of the Women of Forest Lake Country Club.

Mrs. Tousey received her undergraduate degree from Missouri Valley College and was graduated from Louisiana State University with a master's degree in speech and music.

She has had extensive experience in speaking before various women's clubs and professional organizations in the fields of literature, music, theater and interpretation.

The theme chosen by the speaker for this meeting is "New Books to Read."

Her reviews are stimulating and informal, and her familiarity with literature enables her to project with vividness the characters and highlights of each book.

Letting Kids Have Total TV Say-So May Go Too Far

Parents Better Retain Veto Power to Keep 'Democracy' Semi-Smooth

By RUTH MILLETT

The television set has brought democracy into the American home, according to a social psychologist.

This psychologist has made a study of homes with and without TV. He's concluded that letting Sis and Junior have a say-so in what programs the family will watch has had a far-reaching effect.

It is far more than whether or not Papa watches the ball game or Sis sees and hears her favorite groaner belting out rock-and-roll songs.

From having a say-so in turning the television dial, kids have gone on to have a say-so in many other family decisions. That's what the portessor says.

The big problem for parents is where will it all end?

Just how democratic can a home become and Mama and Papa still carry enough authority to issue a

flat "no," or a stern "Do it because I say so?"

A SOLID BLOC

There's another problem, too. In any family discussion kids tend to hold together. If Mama and Papa have more than two children they are sure to be outnumbered in this family democracy.

Before our homes get any more democratic than they already are maybe we parents had better give a little thought to our future. We had better hold fast to the power of the veto when the voting goes against us. Either that or we are going to find ourselves a minority group in a family democracy where we got outvoted at every turn.

Of course, we could get rid of the TV set and try to go back to the good old days when Mama and Papa handed down the decisions. But it is probably too late for that.

A lightweight wool, soft to the touch, is shown here. The red and green plaid suit is by Ben Reig. Red leather accents suggest a high waistline at the front and back of the fitted jacket.

Women's Section

PAGES 20-23

News From Birmingham

Guests Begin Arriving for Wedding

BIRMINGHAM — Many out-of-town visitors have arrived in Birmingham to be present at the wedding next Friday of Grace Mack and Robert G. Campbell.

The bride-elect's sister, Mrs. L. Ray Vahue, has come from her home in Perryton, Tex., and with Mrs. Hugh Ross Mack Jr. will give the spinster dinner Tuesday evening in the senior Mack home on Old Salem court.

Mrs. Morgan J. Hammers, Grace's aunt, will be hostess at a cocktail supper and party Saturday evening, and on Sunday Helen Hutchinson will be hostess at supper for the couple.

Mrs. Keith Edwards will arrive early next week from Wichita, Kan., and with her mother, Mrs. Frederick E. Booth, will give a luncheon Wednesday in the latter's home on Snowshoe circle.

Wednesday evening Mr. and Mrs. Ralph Cotton of Iowa City, who are arriving this weekend, will be cohosts at a cocktail and dinner party with Mr. and Mrs. Wallace Dadds at their home on Willow lane.

Mrs. W. W. Campbell, mother of the prospective bridegroom, will give the rehearsal dinner Thursday evening at Bloomfield Hills Country Club.

Mr. and Mrs. Louis Banks of Marmaroneck, N. Y., are still other out-of-town guests coming for the Kirk in the Hills ceremony. Mrs. Banks is Robert's sister.

Dr. and Mrs. D. G. Taylor of Jacksonville, Fla., are houseguests of Mr. and Mrs. Charles L'Honniedu of Glenhurst drive for 10 days. Mrs. Taylor is the former Marjorie Smith of Birmingham.

TRAVELERS RETURN

Mr. and Mrs. Warren Seelye of Greenwood Avenue have just returned from a motor tour of Europe and are spending several weeks with family and friends before going to their home in Sarasota, Fla., for the winter.

Mr. and Mrs. Seelye were in Europe for four months.

Mr. and Mrs. James A. Brandt (Nancy Hubbard) of Cleveland, announce the birth of a daughter, Barbara Wells Brandt, Sept. 19.

In anticipation of the style show to be sponsored by the Fashion Your Figure Club, Thursday, in St. Benedict Hall, an informal meeting of committee chairmen and models was held at the Adah Shelly Library. Shown (left to right) are Mrs. Park E. Nique of Chamberlain street

and Mrs. Carl Rehm of Watkins Lake road, who are looking on as Mrs. George Stafford (right) of Voorheis road adjusts Mrs. Thomas Folsom's hat. Mrs. Folsom resides on North Saginaw street.

Mrs. William Tippin (left) of Monterey boulevard checks over last-minute details of the Fashion Your Figure Club style show with Mrs. Thomas Clifton (center) of Osceola drive, club president, while Mrs. Frank

Novotney of South Anderson street wraps prizes. Mrs. Tippin and Mrs. Novotney are cochairmen of the affair, set for Oct. 18 at 7:45 p.m. in St. Benedict Hall.

Figure Club Will Present Style Show

'This Is Your Life' Selected as Theme for Oct. 18 Event

"This Is Your Life" is the theme of the annual fashion show of the Pontiac Fashion Your Figure Club, to be presented Thursday at 7:45 p.m. in St. Benedict Hall.

Clothes for every occasion in the day-by-day life of the average Pontiac woman will be shown from Linda Lee Shop and Dorothy's hat shop.

Cochairmen of the event are Mrs. William Tippin and Mrs. Frank Novotney. Other chairmen are Mrs. Richard Frye and Mrs. Gordon Flatley, tickets, and Mrs. Joseph McLeod, hospitality.

Mrs. George Cunningham and Mrs. Carl Rehm are arranging for prizes and Mrs. George Stafford, music.

Members of the club modeling fashions will be Mrs. Homer Pierdon, Mrs. Arthur Heard, Mrs. Thomas Folsom, Mrs. Howard Hicks, Mrs. Jean Parrish, Mrs. Donald Rosie, Mrs. Thomas Bartle and Mrs. Park E. Nique.

Others are Mrs. Carl Rehm, Mrs. Lawrence Nichols, Mrs. Conrad Burlison and Mrs. Russell Skrine. Commentator for the show will be Mrs. Robert Bunce.

An intermission program will be presented by a local dance studio. The affair is open to the public and tickets may be obtained from club members or at the door.

Guidance Club Hears About Theater Train

Mrs. John Sellman of Mohawk road was hostess to members of the Parent Guidance Club Monday evening. Mrs. Robert Shallman assisted the hostess. Devotions were given by Mrs. George Watts.

Mrs. Robert Dorman told the group of her recent trip to New York City aboard The Pontiac Press Theater Train and gave highlights of the plays she enjoyed.

Volunteers were recruited for the muscular dystrophy drive and to assist with the Needlework Guild gathering. The group also made plans for a theater party to be held in the near future.

The Oct. 24 meeting will be held at the Robert Mott residence in Pleasant Ridge.

Personal News of Interest

Mr. and Mrs. Walter O. Briggs Jr. of Mariell drive, Bloomfield Hills, have as their houseguest Donald U. Bathrick of Fort Lauderdale, Fla. Mr. Bathrick, former sales manager of Pontiac Motor Division, visited with his friend Alfred C. Girard at lunch Monday at Fox and Hounds.

The Michigan-Army game on Saturday is attracting many fans from the area. Among those attending are members and guests of Pontiac City Club, Harold Dudley and Geraldine Sloan, Mr. and Mrs. Glenn Griffin, Mr. and Mrs. Robert Oliver and Mr. and Mrs. Jack Brannack.

Loyalty to the teams will be divided when Mr. and Mrs. Frank Lyndall and family, Patricia, Suzanne, Bob and Mrs. J. Thomas Butler of Birmingham, attend the Michigan-Army game Saturday at Ann Arbor.

Also on hand at the Michigan-Army game will be Mr. and Mrs. Leland A. Clemence and daughter, Sandy, of Silverhill road.

Attending the Homecoming game at East Lansing Saturday between Michigan State and Indiana will be Mr. and Mrs. Bruce Jacobsen of Murphy avenue and Mr. and Mrs. James Bensken of Silverhill road.

Others who will be on hand to cheer the Spartans include Mr. and Mrs. David Hayhow of Newberry street, Mr. and Mrs. James Nye

of Woodbine drive, Dr. Ross Porritt of Chippewa road, the Tom Whitfields of Oakwood drive and Mr. and Mrs. George Trumbull of Birmingham.

Mr. and Mrs. Harry S. Pearce returned to their home on Garland avenue Thursday. During the past 10 days they visited at Lake Placid, N. Y., and toured New Hampshire and the Green Mountains in Vermont.

Judith Learned, daughter of Mr. and Mrs. George R. Learned of Chippewa road, has enrolled in the Medical Laboratory Technician Department of Elkhart University. She started her training on Oct. 1.

Phyllis Wilhelm Smith, daughter of Mr. and Mrs. James E. Smith of Rapid street, has registered at the New England Conservatory of Music in Boston for her freshman year.

A voice major, Miss Smith is the recipient of a scholarship from Pontiac High School.

Thomas Roger Smith, freshman at the Flint Branch of the University of Michigan, has been chosen to represent his class in the student government. He is treasurer of Men's Union and chairman of Michigan Junior College Student Association.

Thomas is the son of Mr. and Mrs. Arthur W. Smith of South Tilden avenue.

James Mann of San Mateo, Calif., is visiting at the home of his brother-in-law and sister, Mr. and Mrs. Raymond Moses of Lincolnshire drive.

Mr. and Mrs. Francis E. Oak and son, Gary, of North Lake Angelus road are spending the weekend in Waukegan, Ill. They will attend the graduation review of F. Gordon Oak of U. S. Naval Training Center, Great Lakes, Ill.

Mr. and Mrs. Edward Avadenka of Canterbury drive are receiving congratulations on the birth of a daughter, Beth Ellen, Oct. 5 at Pontiac General Hospital. Grandparents of the infant are Mr. and Mrs. Maurice Schlusell of Brookdale lane and Mr. and Mrs. Abraham Avadenka of Chippewa road.

Designer Emphasizes Back Look

NEW YORK (INS)—Luis Estevez, the 26-year-old boy wonder of fashion, thinks a woman should look as good retreating as she does advancing.

So his enticing dresses for spring feature peek-a-boo necklines in front, and no necklines in back.

Estevez, who in three short seasons has snapped up every major fashion award in the U. S., plunges his back necklines right down to the waistline . . . but never in a mere display of skin.

Sometimes the plunge starts wide and narrows, sometimes it curves like a huge "U." It always makes an interesting line, accenting his signature sheaths: Skin tight, unbelted, and clinging from bust to calf.

The young designer, who calls his spring collection "Pan-American" in honor of the Latin American colors and trends he uses, offers some news in front necklines too.

In addition to his famed halter neck with bare shoulders, there are cross-strap, ring halters and wide "V" bands.

The newest neckline, though, is a "keyhole" which offers a peek at your throat.

Ribbons Are Back

Ribbon trimmings are back and Paris uses them for wide belts on narrow dresses, for buttons and bows, for bindings, collars and cuffs.

BEVERLY JEAN SANBORN

The engagement of their daughter, Beverly Jean, to Charles E. Gavette is announced by Mr. and Mrs. Clinton Sanborn of Thorpe street. Charles, who attends Michigan State University, is the son of Mr. and Mrs. Miller Gavette of Clarkston. A March 23 wedding is planned.

Four Local PTA Groups Have October Meetings

Four Pontiac PTA groups have reported on their meetings held Wednesday and Thursday.

Owen School

At Owen School, PTA members heard Joseph Zabelski, safety education consultant for the Automobile Club of Michigan, talk on "School Safety Problems."

Mr. Zabelski introduced the Safety Patrol boys and the Service Squad girls who were guests.

Mrs. Esther Cowger presided and reports were heard from standing committees and from Mrs. Charles Garner on the bake sale. Mrs. Garner announced that the annual Fall Festival will be held Nov. 9.

The attendance award was won by Mrs. Theodore Fauble's fifth grade.

Refreshments were served from a table decorated with fall flowers and gourds. Mothers assisting were Mrs. Horace Sudbury, Mrs. Clyde White, Mrs. Harriet Bryant, Mrs. Cecil Mills, Mrs. Oliver Drumheller and Mrs. Frank Prudhomme.

Mrs. Fauble and Mrs. George Wood presided at the tea table.

Willis-Walton

Mrs. Glenn Hartung reported on the success of the fall fair at the Thursday meeting of Willis-Walton PTA. Mabel Smith was appointed teacher vice president at the meeting.

Mrs. Fern Perrin spoke on adult education, followed by a panel discussion.

Refreshments were served after the discussion.

Daniel Whitfield

Charles Brown, chief agent in charge of the Detroit office of the FBI, spoke at the Wednesday meeting of Daniel Whitfield PTA. Mr. Brown's program topic was "Your Child and the Law."

Mrs. Fred Weist presided and an appeal was made for the UP drive. Refreshments were served in the school lunchroom following the meeting.

McCarroll

Helen Kalashuk of China, now of Calvin College in Grand Rapids, spoke before McCarroll School PTA members Wednesday. Her talk was entitled "I Speak for Democracy."

Mrs. Kalashuk told of the contrast in police jurisdiction in some countries and the justice received here in America and stressed the

advantage of religious freedom as evidenced in America.

Educational opportunities in America and other countries were also compared by Mrs. Kalashuk. She told of her pride in being an American, with the right to choose her religion, her school and her livelihood.

An appeal for the UP was made by Mrs. Arnold Hillerman, who told that 123,000 persons in Pontiac and Waterford benefited from the 33 services in UP.

Mrs. Sidney Olsen presented a solo accompanied by Mrs. Everett Peterson.

Refreshments were served, with Mrs. Peterson and Mrs. D. F. Lacy presiding. Committee members for the refreshments were Mrs. Lester Kosten, Mrs. Thomas Pardee, Mrs. T. O. Nelson, Mrs. Richard Mielke, Mrs. Lacy and Mrs. Edwin Verner.

Patricia Sweeney of the Women's Division of the Pontiac Police Department will speak at the November PTA meeting.

Promenaders Hold Season's First Gathering

Promenaders Square Dance Club gathered at Daniel Whitfield School for the first dance of the season on Tuesday evening.

Dancing to the tunes of a local orchestra, the members enjoyed a program highlighted by "The Georgia Polka," "Drifting Waltz" and novelty numbers.

Mr. and Mrs. Frank Webster were introduced as new members. Guests for the evening were Mr. and Mrs. Bert Schultz.

Robert Long served as master of ceremonies while Warren Allen and Robert Earl called the lively quadrilles.

Missionary Group Gathers at Church

Mrs. John Beryhund and Mrs. Harold Person were hostesses at the recent meeting of the Women's Missionary Society of St. John Lutheran Church held in the church parlors.

Devotions were given by Mrs. John Englund and a film strip, entitled "The Bethpage Family Album," was shown. The group will make quilts for charitable organizations. Announcement was made for a meeting in November.

Basic Creams Have Different Uses

By JOSEPHINE LOWMAN

(The Friday Question Box)

Q. "Would you please tell me in your question box the difference between cold cream, vanishing cream and cleansing cream?"

A. Cleansing cream is just as it sounds. It is for cleansing the face and neck. Many women who have dry skins find this more satisfactory than soap and water.

Cold cream is for softening and lubricating the skin. Vanishing cream disappears into the skin and is used as a makeup base.

Q. "Please tell me if you feel it is possible to dress attractively and be attractive although I am 5 feet 7 inches tall. Isn't it unusual for one to grow taller in the mid-twenties?"

A. Most people have their full height by the age of 25. Forget your height. Most of the models and many famous beauties in the entertainment world are as tall as you are and taller. The most important thing is to develop lovely posture. There are stores which specialize in clothes designed especially for the taller-than-average woman.

Q. "I am in my late twenties and for the past several years my teeth have developed many cavities. Every time I go to the dentist (I go regularly) he puts more gold in my teeth. I feel embarrassed even to smile with a mouthful of

gold. Should I have my front teeth pulled and get a partial plate?"

A. Ask your dentist about porcelain fillings. Many women also have porcelain caps put on their front teeth.

Q. "Will you please tell me if chewing gum is harmful to the cheeks?"

A. No.

Q. "My face is long. How should I wear my hair, long or short?"

A. Wear it flat on top and have

some fullness at the sides. The length depends on several factors, one of them being the length of your neck. Usually a long neck goes with a long face. Wear your hair below your ears but not all the way to your shoulders.

Q. "Sometimes you mention hand milks. What are these? What are they used for?"

A. You wear them at night while you sleep after massaging cream into your hands. This is a good routine for softening the hands.

Initiation Conducted by Rebekah Lodge

Mrs. Percy Dewey was initiated into Welcome Rebekah Lodge 246 at the meeting held Thursday evening in Malta Temple.

Mrs. Richard Young and Mrs. Lester Bell will attend the Rebekah Assembly being held in Grand Rapids Oct. 15. Following the business meeting, members enjoy a social hour arranged by Mrs. Wallace Morgan, Mrs. Homer Sitter, Mrs. Vina Mumfrees and Mrs. Mary Mowett.

Coming Events

Tomorrow: "Short Rest Periods Help Avoid Fatigue."

Emerson School PTA will sponsor a square dance at the school tonight with dancing at 8:30. Proceeds will be donated to the PTA Council Scholarship Fund. The public is invited.

Post 33, Canadian Legion, will meet at the American Legion Home, 200 Adams Ave. tonight at 8.

Pine Lake Cemetery Assn. will meet Wednesday at the home of Mr. and Mrs. Nelson Cloyd, 644 E. Tenison St. Co-operative luncheon at 12:30 p.m.

Test for Peaches

Fresh peaches must look good to be good. Color is the best indicator of peach ripeness. They should be creamy in background color, well-developed in size and shape, free from blemishes, shriveled or decayed spots.

THE EDDY DUCHIN STORY

"BALDWIN is tops!"

This is the way Eddy Duchin put it on that day in 1952 when he selected the Baldwin as his personal choice. For 19 wonderful years the Baldwin was Eddy's piano—in the clubs, in concert, on the radio and on records, and at home. In the screen biography, "The Eddy Duchin Story," you'll see and hear Eddy Duchin playing the Baldwin, recreating the important role it played in the life and music of Eddy Duchin.

Starts Thursday, Oct. 18th - Oakland Theater

'Immediate' Families Means Who?

By EMILY POST

"Dear Mrs. Post: My son expects to be married soon. My problem is this: A very dear friend of the bride's mother is giving a party the night before the wedding for the immediate families. The wedding is to take place several hundred miles from here.

"Besides my two sons and a daughter, my two brothers with their wives and my sister, a widow will attend the wedding. We will all stay at the same hotel. I would like to know if my two brothers and their wives and my sister are expected to go to this party.

"My daughter says that immediate family means just the brothers and sister, and that his aunt and uncle are not included.

Answer: Your daughter is right.

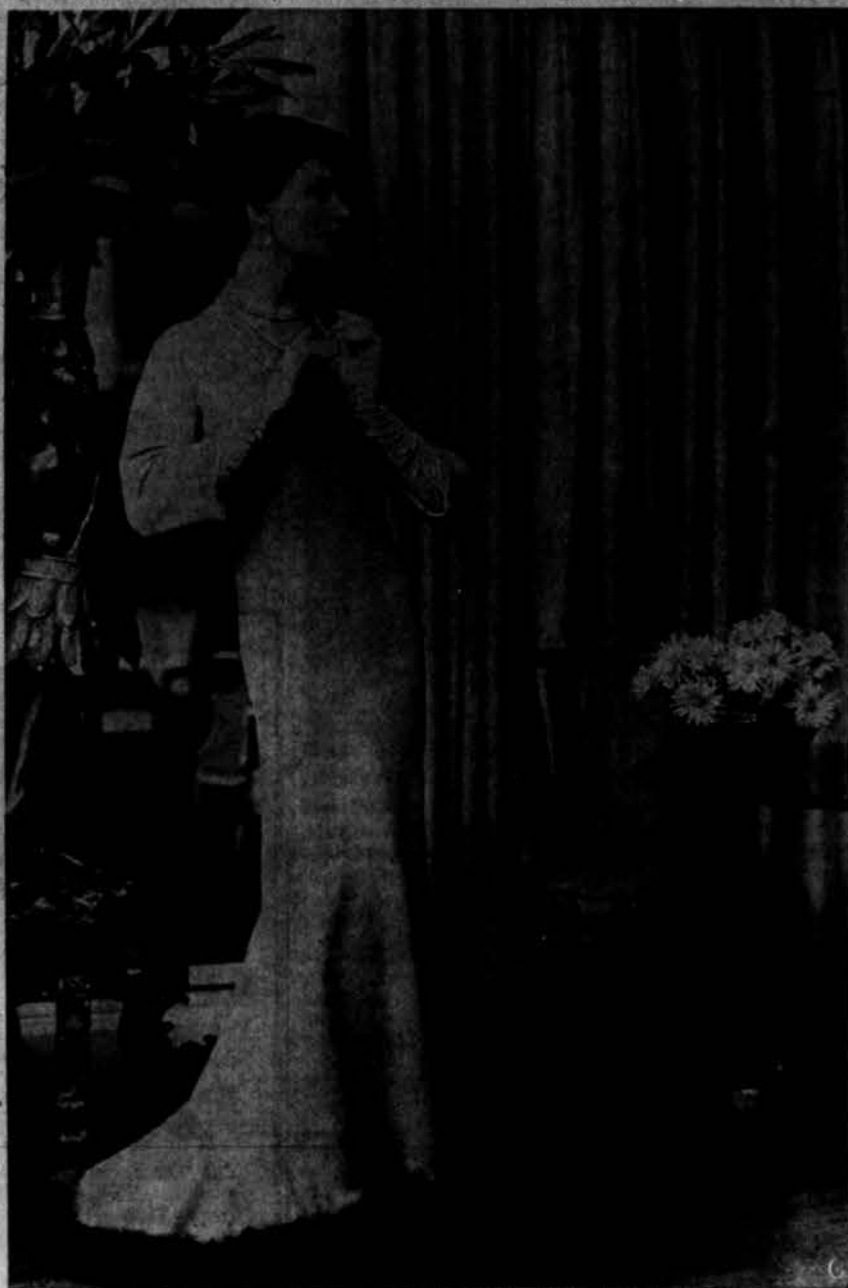

"Dear Mrs. Post: Another young lady and I have just recently returned from a vacation at a very nice summer resort, and would like to know your opinion on a point of etiquette. When we arrived, the headwaiter seated us at a table with two young women and we kept this same table for the whole week. Dinner was served from 6:30 to 7:30 in the evening.

"We always got to the dining room promptly but the two young women always came in later. In fact, most of the time we were practically finished with dinner when they came in. I would like to know if it was necessary for us to rise when they came to the table."

Answer: Most certainly not.

"Dear Mrs. Post: When served tea with lemon, is it proper to squeeze the juice into the cup with the fingers, or should the lemon be dropped into the cup and the juice squeezed from it with the spoon?"

Answer: Use your fingers.

An evening gown in Lesur's beige American Fashion Critics' Awards. A lavender border of subtle edges the hemline and back-sweeping train. "Hall of Fame" winner in the 1956 Coty

Red poppies are spilled over pure white silk in this strapless ball gown designed by Luis Estevez of Grenelle-Estevez, one of the American designers to receive the 1956 Coty American Fashion Critics' Award, "Winnie." The softly draped column is swept to the back in a full train and caught at the low decolletage with an enormous red silk flower.

For the Small Fry

Winter and snow are coming fast and to be sure that your young ones have the warm, water repelling outergarments in the style and color that fits them best... choose now while selections are at their peak.

One, two and three-piece styles are available in many new fabrics all with water repelling finishes. Fashion designed to make them glamorous as well as practical.

James Galanos Receives Return Award

American fashion's highest honor, the Coty American Fashion Critics' Award has added another peak in the form of the Hall of Fame Award, a new category for a designer of world stature in his field.

Recipient of the award is Norman Norell of Traina-Norell, Indiana-born dress designer. The

Sorority Chapter Plans Projects for October

Mrs. Kenneth Miller entertained members of Alpha Omega Chapter of Beta Sigma Phi sorority Wednesday evening in her home on Lincoln avenue.

Mrs. Robert Terry and Mrs. Constance Benson will attend the state convention of Beta Sigma Phi being held in Jackson Saturday and Sunday.

Plans were completed for the membership tea for new pledges to be held Oct. 24. The group will also provide a Thanksgiving basket for a worthy family.

Awards further recognized American fashion's "coming of age" as the Award Jury of 78 fashion editors. One was awarded to Sally Victor, well known New York milliner, for "consistent excellence and for her major contribution in 1956 toward ending the hatless era."

The other "Winnie" was presented to Luis Estevez of Grenelle, the only designer of the four to figure in the Coty honors for the first time. The young Cuban-born American designer was cited for "his outstanding position as a young designer with his own clearly defined significance in American fashion."

Within the framework of current fashion, and also within a disciplined price range, he creates highly individual and imaginative clothes for the young sophisticates of America.

A special award of a bronze plaque was given to Gertrude and

Robert Goldworm of Goldworm Associates, leading representatives of the American knitwear industry which the jury honored in their name.

Proficiency Group Conducts Meeting

Mrs. William Downs of Opdyke road entertained members of the 1939-40 Proficiency Group of OES 228, with Mrs. Kenneth Anthony and Mrs. Walter Drake assisting. Margaret Crew presided at the recent meeting and plans were made for a theater party Nov. 5 preceded by dinner at Ted's Restaurant. A social hour followed the meeting.

Couple's Marriage in Arizona Revealed

Announcement is made of the Aug. 8 marriage of Gloria Jo Larson and Alonzo J. Crismon. The couple was married in the Green Valley Wedding Chapel, Yuma, Ariz.

Parents of the couple are Mr. and Mrs. J. H. Larson of Salt Lake City, Utah, and Mr. and Mrs. Dick Crismon of St. Clair Street.

Looks Good—Tastes Super, It's Kuchen

Mrs. Morearty Uses Cheese Filling in Pastry Crust

By JANET ODELL

Mrs. James Morearty shares with us today a delectable recipe for an unusual dessert, Cheese Kuchen.

Mrs. Morearty has been experimenting with flower growing for the first time this summer. Her sweet alyssum nearly took over the yard! Mrs. M. has a large family of 15 grandchildren and four great-grandchildren.

CHEESE KUCHEN

By Mrs. James H. Morearty

Line a pie tin with regular crust.

3 egg cottage cheese
1 cup milk
1 teaspoon vanilla
1/2 cup sugar

Beat all ingredients together well. Pour into a pastry-lined tin. Sprinkle cinnamon on top. Bake 30-35 minutes in a 400-degree oven or until the filling is solid on top.

Audrey Hepburn in "War and Peace" should be a stimulus to the current Empire fashions and particularly noteworthy are the youthful interpretations of the high-waisted Empire in contrast to the older 1912 version we have now.

WOODWARD at SQUARE LAKE ROAD

Volunteer Conference Scheduled

Bureau Will Meet With Agencies on November 22

Plans for a conference with agency representatives were initiated when the board of the Central Volunteer Bureau held its October meeting yesterday at the YWCA.

With an immediate goal of more effective service, the board met Nov. 22 as the date. The conference is to be held at the YWCA.

Mrs. E. L. Winder was appointed chairman of the planning committee for the event, with Mrs. Arthur Kinney, Mrs. C. E. Shelton and Mrs. M. D. Shelton assisting her.

The placement chairman, Mrs. C. E. Shelton, reported that the bureau offices, 212 National Bldg., are open every Friday afternoon now, and that members of her committee are on hand part-time all week long. A definite schedule of office hours is to be set up soon.

The Central Volunteer Bureau is a United Fund agency serving the Birmingham-Pontiac-Waterford area.

It acts as a clearing house for people who want to serve their community and better men, and for agencies who need the help of volunteers.

Five residents from each area make up the board. Currently there are two Pontiac vacancies. Mrs. M. D. Shelton was appointed nominating chairman and given the task of recruiting two Pontiac board members.

'Grow Up,' Advises Mrs. Carnegie

Adults Can Be Juveniles

By DOROTHY ROE
AP Women's Editor

You can be a juvenile delinquent no matter how old you are, says young looking Dorothy Carnegie, a glamorous redhead from Tulsa, Okla., who now is president of the varied enterprises founded by her husband, the late Dale Carnegie.

The trick in making the most of life is to acquire an adult mind, says Mrs. Carnegie in a new book, "Don't Grow Old—Grow Up!"

Just because you happen to be boss of your own home and checkbook, owner of a milk coat and a portfolio of stocks doesn't necessarily mean you're grown up. She adds:

"Lots of women—and men, too—go through life with the attitude of my 4-year-old daughter, Donna Dale, who wailed when she fell off a chair: 'Bad old chair made me fall!'"

It's all too human, says Dorothy, to pass the buck and blame the other fellow for one's failures and shortcomings. It's a trick that starts in childhood and often continues through life.

She advises grownups to take a candid assessment of themselves, recognize both good and bad points and then proceed to develop the former and subdue the latter.

SUCCESS STORY

This strictly feminine young woman is quite a living success story herself. A graduate of the University of Oklahoma, she went to work as a secretary for an oil company after college, took a Dale Carnegie course in public speaking, came to New York as Carnegie's private secretary in 1943 and married the boss.

"My husband always said I got more out of the course than most

people," said Mrs. Carnegie. "But the fact is that lots of our top executives met their husbands or wives through the course. Now many of them are working together all over the country."

After the death of her husband, Mrs. Carnegie determined to carry on his work, and has been running his enterprises as president ever since.

Although she looks more like a sheltered housewife than a business executive, Mrs. Carnegie has expanded the business to international scope in the last couple of years, now having branches in Switzerland, Germany, England, Norway and Sweden.

"People are the same the world over," says she. "They want to learn to express themselves, understand themselves and be liked by other people. That's what we try to teach them."

LIVES CHANGED

"Once people just learn to speak effectively and forget their self-consciousness it often helps them readjust their whole lives."

The greatest national waste of time in Dorothy Carnegie's opinion, is worrying over getting old.

"People can have more fun, enjoy life and accomplish more after 40 than before," says she, "if they just let themselves grow up."

November Unit Plans Luncheon on October 23

Eighteen members and guests gathered at the home of Mrs. Robert Boggs on Crescent Lake road for the Wednesday evening meeting of the November Group of First Presbyterian Church. Mrs. Arthur Minster assisted the hostess.

Mrs. Keen Haddad led the Bible study on Ephesians. Participating in the presentation of "Christian Living-Family Style" were Mrs. Bradley Scott, Mrs. George Pimlott and Mrs. Richard Ferris.

Plans for an Oct. 23 luncheon to be held at the church were completed. Tickets may be purchased from any member of the group.

The next meeting will be held at Hotel Waldron where the group's birthday will be observed.

Guests attending the meeting were Mrs. William Munce, Mrs. Harry J. Wenzel Jr. and Mrs. Raymond E. Reys.

land, Germany, England, Norway and Sweden.

"People are the same the world over," says she. "They want to learn to express themselves, understand themselves and be liked by other people. That's what we try to teach them."

"Once people just learn to speak effectively and forget their self-consciousness it often helps them readjust their whole lives."

The greatest national waste of time in Dorothy Carnegie's opinion, is worrying over getting old.

"People can have more fun, enjoy life and accomplish more after 40 than before," says she, "if they just let themselves grow up."

Chapter Meets With Mrs. Calbi on Wednesday

Mrs. Mitchell Calbi opened her home on Linden road for the Wednesday evening meeting of Epsilon Rho Chapter of Beta Sigma Phi sorority.

The Ritual of Jewels was presented under the leadership of Mrs. Edward Amann, president, for Mrs. Orville McMorris, Mrs. Robert Covington and Mrs. David Snider.

The group voted to give the proceeds from a recent money-making project to the Children's Aid Society. Refreshments were served at the close of the meeting.

A thin coating of colorless nail polish over costume jewelry will keep it from tarnishing.

No One's Going to Lose His Job Either

Highway Officials Welcome Automation

LANSING (AP)—The age of automation dawned in state government today, but state officials saw it as a rosy dawn in which no one is going to lose his job.

A \$31,600 electronic computer went to work in the State Highway Department, helping design Michigan's highways with what officials describe as a "tremendous" saving in hard-to-find engineering brains.

"We have great things planned for it. We know it's going to save us engineers, but we don't know just how many," said Carl A. Weber, the highway department's chief engineer.

The computer was installed this week in the department's road design division, where it has al-

ready been put to work on earth-work calculations.

"Those calculations are among the most time-consuming in road design," said Marion Landon, assistant road engineer. "We've found the machine can do the job in about 1/100th the length of time it takes our engineers."

Working with amazing speed, the machine can produce results as accurate or more accurate than can engineers using older methods, Landon says.

Other state officials were just as exuberant as Landon in describing the computer's possibilities.

Said James W. Miller, state controller:

"This is real automation in the sense that the machine is doing brain work."

"We're on the threshold of the electronic era," said Philip S. Peck, deputy controller.

"I predict that in 10 years many of the operations that are being performed by punch card equipment will be replaced by electronic machines."

Peck is one of two department of administration officials assigned to study the possibilities of electronic computers in state government. He said the department has

already seen uses for the device in the Liquor Control Commission, the Revenue Department, Highway Department and its own operation.

"We're moving along as rapidly as possible in the direction of automation," Peck said. "The job is to convince the agencies that the machines can be put to good use."

Will anyone lose his job because an electronic computer can do his work faster, more efficiently and without coffee breaks? Peck thinks not.

"If we could stop state govern-

ment dead in its tracks—preventing any future expansion—there might be a reduction in personnel. But to say that the machines would reduce the payroll is not being realistic because of the probability of future expansion."

"They're labor saving devices, to be sure," Peck said. "But after all, so were typewriters."

The machine is being rented from the Bendix Aviation Corp. at a cost of \$1,620 a month with an option to buy after a year. The price is \$51,600, less one-third the rent paid.

Ike Steps Up Drought Aid in Reply to Dems' Barbs

WASHINGTON (AP)—President Eisenhower has announced an accelerated program to help drought-stricken farmers and ranchers. He said he plans a personal visit to the parched area to see that extra federal aid is bringing "good results."

The President's action followed Democratic charges that Republican administration is indifferent to drought problems.

Besides announcing new emergency steps, Eisenhower told his news conference yesterday he intends to call a conference after the election to try to "do something more about it than has been done." He said the conference will be attended by "responsible people" from the area.

The President said the drought has been "very serious for several years" and added: "It's a kind of a thing that the longer it lasts the more severe it gets."

SOUTHWEST WORST OFF
The southwestern states of Texas, Oklahoma, Arizona and New Mexico have been suffering from rain shortages since 1947. Some experts say this is the worst year yet.

Ranchers have been selling livestock, sometimes even their breeding herds, because there is no feed for them.

The emergency program outlined by Eisenhower in a statement issued after his news conference covers these four steps:

1. An increase from \$1 to \$250 a hundred pounds in the federal subsidy on government-owned feed grains to help maintain basic livestock herds. This means the government is cutting \$1.50 a hundred pounds off the actual cost of such grains. Eisenhower said:

"This will cut feed costs and move more grain from government stocks to drought-stricken farmers and ranchers." He said Secretary of Agriculture Benson will announce details.

2. Allocation of an additional five million dollars from Civil Defense disaster relief funds for buying hay and other roughage to maintain foundation livestock during the rest of this fiscal year ending June 30. Eisenhower said 10% million dollars available for that purpose already have been used up, half of it going to Texas.

Eisenhower said he will "allocate such additional sums as may

be needed to continue this program until the Congress convenes and supplemental funds can be appropriated."

3. The Export-Import Bank yesterday authorized a five-million-dollar loan to Mexico for the purchase of American beef and dairy cattle. Eisenhower said at least \$4 million of that amount is expected to buy some 40,000 beef cattle from livestock owners in the feed-short Southwest.

4. The administration has asked Western railroads to "consider ways and means of assisting farm and ranch people in drought areas during this difficult 'period' through reduced freight rates."

Court Turns Down Convict's Death Plea

SAN FRANCISCO (AP)—The California Supreme Court has rejected, without comment, the plea of Gilbert F. Collie, 76, convicted "Gorilla Man" slayer, that he be executed to end "this living death" in prison.

The court turned down Wednesday Collie's self-composed habeas corpus petition asking that he be hanged or set free after serving 24 years of a life term.

Collie, a muscular San Bernardino blacksmith, was convicted in 1932 of murdering two men. He was called "Gorilla Man" because of his great strength.

"I am old, infirm, ready for death, and tired of this mockery of justice," Collie wrote in his plea. "I want freedom from this living death."

PHS to Stage Famed 'Ali Baba'

By JACK HENDERICKSON

The Pontiac High School Playcrafters will stage their annual Children's Theater production, sponsored by the Association for Childhood Education, an association of grade school teachers next week.

The Playcrafters are preparing "Ali Baba and the Forty Thieves," for the production next week.

The group designs and makes its own costumes, props and work out its own choreography.

The play will run during the week of Oct. 15-19. Matinees at 3:30 p.m. will be given for the grade school children and one evening performance for adults, on Oct. 18.

Hi-Y and Y-Teens initiated their new members this week. Their informal acceptance will be Saturday night at Cass Dodge Park No. 10.

The two clubs have a Hayride planned for Oct. 21, with a party afterward in the Roosevelt Temple.

The French Club, open to present and past French class members, held its organizational meeting last week.

It elected Janet Carlisle as president; Judy Levine as vice president; Sharon Holland, secretary; Day Johnson, treasurer. Mrs. Frances Martin is club advisor.

A unique program committee was set up to handle the details of the procedure of future meetings, and what shall be the theme of the meetings.

Members of this committee are:

Allen Higgins, John Bacon, Kim Newton, Sharon Arnold, Sally Maier, and Marsha Goraline.

Retailing and Office Club held its meeting to elect officers last week. New leaders are: Margaret Erickson, president; Jim Geigler, vice-

president; Doris Rains, secretary;

Rhew Glenda, treasurer.

A planned Halloween Party and Hayride are still possibilities as new officers plan the year's program.

Dolphins have started their regular practice schedule for

this season on Thursday nights

from 7 to 9 p.m.

They are learning new stunts and brushing up on the ones they already know. Patricia Soares is the sponsor-trainer.

New members of the Dolphins were recently initiated in the pool.

The first meeting of the Fencing Club was held Wednesday in the Girl's Gym. They are working on having fencing as an accepted sport in which to earn a letter.

Officiating at this first meeting was Bob McDonald, president, with Mrs. Shirley Mendrano sponsor.

ALI BABA PHS STYLE — Pontiac High's Drama Department is in a flurry of final preparation for Children's Theater which is presenting Ali Baba and the Forty Thieves next week. Here

in a scene from the production are Don North (left) who is Ali Baba and Chief of the Robbers Charles Williams (right).

VISITING CITY HALL — Lewis M. Wrenn, city engineer (center) showed Eastern Junior High School ninth graders through City Hall this week. Here looking over the mayor's chair in the

commission chambers are (left to right), Don Chafe, Celia Cruz, Wrenn, Judy Fink and Kenneth Byrd.

Classes Occupy SMH Students

19 Seniors to Compete for Scholarships by Taking Examinations

By JUDY NIEDMELSKI

The halls are quiet these days at St. Michael's as the students are deeply engrossed in their subjects.

Would you like to see some live salamanders? Or maybe you prefer to see a terrarium or an aquarium. Stop in and see the biology classroom with all its specimens.

Thomas Harding, Larry Hayden, lastic ratings have been selected to compete for scholarship awards and participate in competitive examinations.

Charles Brown, Richard Cooper, Annette Cox, Arthur Fitzgerald, Thomas Harding, Larry Hayden, Everett Koenig, Loretta Laidinger, Mary Jo McBrearty, Patricia Martin, Sharon Moore, Phillip Newman, Janis Patquette, Thomas Payne, Natalie Rose, Kenneth Rogers, Gary Sabourin, Joseph Schultz, and Ralph Smith, were chosen.

Clarkston, Avondale Homecomings Slated Football, Books, Top Interests of Week

Homecoming celebrations continue to dominate the social news at area high schools this week as Avondale celebrates the occasion in festivities tonight and Clarkston next week.

AT CLARKSTON

Clarkston's Varsity held an election last week to pick the queen for Homecoming which will be held next week. Each of the four maids who are to attend the queen was chosen by the boys of her class.

The girls were presented in a special pep meeting during a tapping ceremony in which the boys came and tapped them on the shoulders to indicate that they had been chosen.

The queen is senior Sharon Glennie and her maids are senior Brenda Milam; Junior Hazel Miller; sophomore Ruth Ann Carmean; and freshmen Janyth Tabe.

The Hi-Y, with its sponsor F. Vincent, held its first meeting of the school year. Next week the boys will vote for a president, vice president, secretary - treasurer, and chaplain.

AT WALLED LAKE

Although still engrossed in

Christmas card sales, the junior executive committee has turned its attention to making plans for the traditional J-Hop to be held on Nov. 16.

Meeting again today, they are pondering a theme for the dance which will be held at the school. Mrs. Paul Kirk will represent the junior sponsors in seeing that all committees are performing their duties.

The pep band made its debut at last week's pep assembly which was emceed by Wendell Power.

AT LAKE ORION

The week of the game with Oxford is here. The game is at Oxford and it is their homecoming game. A local merchant has donated a trophy this year for all Orion-Oxford games.

The presidents of the student councils and the senior presidents of the two schools met and named the trophy the "bronze boot."

The Orion band is accompanying the team for this game and will play at halftime. A dance at the youth center will follow the game.

The senior magazine sale closed last week. Some 625 mag-

azines subscriptions totalling \$3,200.55 were sold.

The school has a system of sending unsatisfactory reports to the parents by mail before the actual marking cards are made out. Reports went out this week.

The Student Council president, Jack Shafer, is chairman of a group that is helping the junior high organize a student council of its own.

AT AVONDALE

The moment which everyone at Avondale has been waiting for has nearly arrived. Tonight at half-time of the Avondale-Roseville football game, the homecoming queen will be crowned. The coronation climaxes weeks of planning for the school's first homecoming celebration.

The halftime program includes a performance by the Avondale marching band and the judging of floats as well as the crowning of the queen and her court. Many floats have been entered by various organizations including the four classes, FHA, Varsity Club, and Student Council. Immediately following the game, the first annual homecoming dance will be held in the school gym.

Madison Junior to Dedicate School

Big news among the junior high schools this week is the dedication of brand new Madison Junior High School. Classes are well organized now and require more work comes word from school reporters.

AT MADISON

Madison Junior High School has been humming with plans for the coming dedication Sunday.

Dedication ceremonies will be held in front of the cafeteria at 3 p.m., weather permitting. George Yansen, Madison principal, will welcome the guests. The Rev. Edmond Watkins, pastor of the Joslyn Avenue United Presbyterian Church will deliver the invocation.

Dr. Dana P. Whitmer, superintendent of schools, will make the presentation of the building. Acceptance will be by Louis H. Schimmel, president of the Board of Education.

Mayor William W. Donaldson will proclaim the week of Oct. 14-20 as James Madison Junior High School week.

Students and alumni will take

part in an Open House dance Tuesday at 7 p.m., as part of dedication week and Thursday PTSA is sponsoring another open house for the parents.

AT JEFFERSON

The big date at Jefferson this week is the Teen-Age Dance sponsored by the PTA on Saturday night.

A special assembly will be presented by the Pontiac Fire Department for all the students. The whole school is humming with excitement over THE BIG GAME of the season when the Jefferson Warriors meet Washington Junior in football on Oct. 17. Students, cheerleaders and teachers are all keyed to the big event.

AT LINCOLN

Lincoln Junior girls in the sewing classes are blossoming out in a variety of colored skirts and blouses they have made in the homemaking classes under the direction of Alice Allen, homemaking instructor.

7 B's are busy polishing up an assembly to give as a response

to the 9 A's clever welcome. Gladys Wilkinson and Hazel Potts are having daily rehearsals to prepare for the event.

The cafeteria has been gaily decorated with a huge, balanced work of art made of wire, metal and colored paper. Margaret Burrette, art instructor, directed Jim Garis and Harold Anderson in the execution of this complicated eye-catching project.

AT ROCHESTER

An assembly was given to Rochester students Monday, by the Student Council. The whole junior high filled the gym to see George Britton, folk song singer. The assembly lasted almost an hour and included songs in Latin, German and Dutch.

AT EASTERN

Ninth grade Civics classes with their teacher, Mrs. Helen Jesse,

enjoyed a field trip to City Hall Monday and Wednesday. Lewis Wrenn, city engineer, conducted the group through the building. He explained the Pontiac city gov-

ernment and how the building serves the people of Pontiac.

Students were particularly interested in the bronze seal of the City of Pontiac and the flag of the city, which stands behind the mayor's chair in the city room.

Eastern's football schedule for the remainder of the season is: Eastern vs. Washington, Oct. 11; Eastern vs. Madison, Oct. 18; Eastern vs. Lincoln, Oct. 24.

AT WASHINGTON

"House of Hazards," a demonstration of fire hazards found in the average American home, was presented as an assembly program this week in keeping with "Fire Prevention Week." This program was sponsored jointly by the GMC Truck and Coach and Pontiac Fire Department.

Also at Washington several of our ninth grade homerooms are sponsoring hayrides and parties for the months of October and November.

PROMOTION ASSEMBLY — To kick off promotion week for the yearbook, Waterford Township High School students put on an assembly this week. Here waiting off-stage for "the cue"

are (left to right) Bonita Brookshire, Ollie Wright, Ginny Dove, Aaron Wright, Margie Neubeck and Dayton Thomson. The participating students portrayed motion picture and theater stars.

Waterford Seniors Ready for 'Shooting'

By SANDY WHITE

Waterford Township High School staff hopes to top last year's record sales of 83 per cent. Today was the last day of the promotion week.

Dramatics clubs cast for the play "The Divine Flora," to be presented Oct. 19 and 20, will be working overtime next week to put finishing touches to staging and costumes and dress rehearsal.

Members for the girls and boys ensembles have been decided recently. They will perform under the direction of Martha Smith, vocal department.

Those singing in the girls ensemble are: Carole Tynan, Diane Elliott, Arlene Butler, Joan Tracey, Marie Garte, Martha Powell, Connie Uhl, Cindy Johnson, Beverly Hull.

Sophomore girls ensemble members include: Barbara Coe, Karen Newcome, Joyce Coffel, Judy Beeble, Judy Harnick, Beverly McQuire. Boys ensemble members are: Jerry Peter, David VanKuren, Dick Hettley, Gene Peter, Dick Grebeta, Dan White, Loren Sutton, Terry Wakeen, Larry Blain, Larry Ott, Dick Carey, Ken Young, Bob Winter.

These organizations are inde-

pendent of a capella choir and sing for community programs. Doing more serious work in music is a double quartet chosen from members of a capella choir. This quartet will be featured on choir programs and outside dates.

Members are: Ken Young, Larry Ott, Dick Hettley, Jerry Peters, Delores Kline, Carol Tynan, Laura Upchurch, Marjorie Neubeck.

Prize pictures, that have received awards in the 11th Annual National High School Photographic Contest, line the side wall in the cafeteria. These pictures, loaned by a traveling unit, are for school use to stimulate the interest of students in photography.

Howard Bennetts, English teacher and Student Council faculty ad-

visor, was awarded the title of "Outstanding Citizen," Saturday evening, at the Pontiac Country Club, by the Pontiac Business Men's Assn.

Waterford Skippers will go for win No. Five tonight when they travel to meet Berkley.

French club officers for this year are: Virginia Valentine, president, Judy Moran, vice president, Brenda Lewis, secretary, and Frances Spencer, treasurer. Initiation plans are being made for the new club members. Benefits from their first main project (selling Christmas Cards) will be sent to a needy French family.

Yesterday the first class meeting of the seniors was held in the boys gym.

Cheerleaders Form New Club

St. Frederick Students Observe Forty Hours Devotion

By MARGARET DRAKE

This week at St. Frederick began with Forty Hours devotion which opened with a solemn High Mass Sunday morning at 10 o'clock with our pastor, the Rev. Thompson Marcero, officiating.

It closed with solemn services on Tuesday evening. High school students, especially members of the senior class, spent a great deal of their free hours in meditation at church.

Something new has been inaugurated with the formation of the Cheerleading Club. It combines the junior and senior cheerleaders into one unit for a closer coordination of their cheers. Ardith Green head the organization.

Julie Anne Slowik, a member of the junior class, has had the students enchanted with her vivid account of her experiences with the famous Trapp Family Singers in Stowe, Vt., this summer.

In addition to her singing, folk dancing and recordings she related to the classes on Monday incidents in the lives of the famous singers who arrived from Austria some years ago and who have toured the world giving concerts.

"Freshie Finale" will be held tonight in St. Vincent hall from 8:30 'til 11:30. The weekly Friday evening Teen club dance will not be held in order that everyone can concentrate on the "end for freshmen initiation."

Officers elected for the Teen club are president, Mickey Morrow; vice president, Marie Lewandowski; secretary, Pat Smith, and treasurer, Wally Quarles.

HAZING DAZE — St. Fred freshmen expect an end to their woes tonight as their week of hazing from upper classmen ends. Properly initiated to high school life are two rather unwilling "fresh" above. The kneeling twosome especially welcomes

the end of the week. They are Pat Clavering and Mike Mathews. On the other side of the picture wielding their upper class influence are left to right Dick Thompson, Sally Hildebrandt and Wally Quarles.

Mercy Errands Set for Vet, Boy

Cancer-Stricken Father Sees 3 Children; Baby Brought to Hospital

LORAIN, Ohio (U)—Two errands of mercy have been arranged for a World War II veteran near death from stomach cancer in a Little Rock (Ark.) Veterans Administration hospital and yearning for a last visit from his three children in Lorain.

A two-week-old baby boy in St. Joseph Hospital here, needing surgery to remove a growth on his head and give him a chance to live.

Both of these needs were filled by aerial missions of mercy arranged by the Lorain Red Cross. Last night Mary Jane Boyett, 12, and her brothers, Frank Jr., 10, and James, 14, arrived back in Cleveland Hopkins Airport, tired and happy. They had seen their father, Frank Boyett Sr., 57, who knew that death from cancer was close to him and wanted to talk to his children once more. Divorced from their mother, he hadn't seen them in seven years. The Ohio Air National Guard flew the youngsters there and back in a C-47.

Today another C-47 makes a special trip from McGuire Air Force Base in New Jersey to Cleveland to pick up John Joseph Sugerik Jr. and take him to Walter Reed Hospital for at least two operations on his leg. His father is Army Pvt. John J. Sugerik, stationed at Oak Lawn, Ill., and home in Lorain on emergency leave. He is going to accompany his first-born on the flight.

CD Alert Scheduled

DETROIT (U)—A mock disaster alert involving 21,000 school children in Dearborn will be staged Tuesday with Civil Defense, Red Cross, fire and police units taking part. The exercise will test the school system's communications and emergency organization.

16 Words Win Pot-O-Gold Prize

\$1,225 Solution Outlined for Readers

These are the explanations for correct answers to Pot-O-Gold Puzzle No. 18 which appeared in last week's Press.

1. ZOOM is right. Two words in the clue, "flying" and "must," point to the word ZOOM, a sudden rise in a plane which "must prove exhilarating." Zoom could be a blowup that would be jarring rather than exhilarating, and as a financial rise, it could be in a field totally unrelated to the financier, flying or not.

2. HOW is right. The question of who (whodunnit?) is of major importance compared to the question of HOW (how it was done). HOW is, of course, of some importance.

3. ROUND is right. We can definitely state that if a ROUND (a song like "Three Blind Mice") is of a musical nature, it will appeal to the people who sing it, some few people at the very least. As for musical sound, in the sense of tone, it appeals to a great many people, a good deal more inclusive term than "some."

4. MILD is right. It would be a contradiction in terms to state that any form of excitement is LAMP, or flaccid, lacking tension and vibrancy. There are MILD forms of

excitement as opposed to raw violence. For example, the outcome of a race is a milder form of excitement than a fistfight or a smashup scene.

5. ALUM is right. Since ALUM is a bitter substance used in drugs, and it can be applied so as to be tasted, it certainly could be regarded with distaste. A Mael is a heavy hammer used to drive wedges. As such, no distaste is involved. If a maul were to be applied to someone's person, the term "distaste" would be too great an understatement.

6. LEGION is right. LEGION, in this sense, means very many. People may be Genial (warm and friendly) without being very numerous, and a door-to-door salesman needs unlimited prospects to make a living.

7. FAT is right. In spite of the fact that sailors in merchant vessels are housed in the forecastle (which is not Aft, or toward the stern), we cannot state flatly that sailors (any sailors) who may work or remain aft have an easier job just because they are not in the forecastle. But a sailor who is FAT, and remains FAT on the job, certainly cannot be having too hard a job.

8. QUICK is right. The term "doctor" is unallowable for a Quack or one who practices medicine without proper authority. It must be doctor who is QUICK who can have a large practice. His quickness makes this possible.

9. SOLE is the word. Some would be too vague in this sense. Since SOLE is a valuable food fish, it follows that SOLE fisherman will

often make a good profit on their catch. 10. SLAP is right. "Friendly Pals" would be redundant because pals are friends. A friendly SLAP will be forgiven even if it hurts; otherwise, the word "friendly" would be inappropriate. 11. BLOCK is right. BLOCK letters are much clearer than Black letters. Black-letter type is very fanciful and ornate, not at all clear

or easy to read. BLOCK letters are simple and clear. 12. FLIGHT is right. Flight can be construed as cowardice, and fear of a stronger force, or of consequences. FLIGHT, or running away, is often construed as guilt because it implies an unwillingness to face the music.

13. LOCO is right. If a hep cat (rabid devotee of jazz and other forms of modern music) is "real cool" that does not mean he cannot appreciate Bach. In fact, many musicians of great accomplishment are devotees of jazz and the classics too, LOCO slangily, (crazy) is the word to choose. There would be no point in playing Bach for a LOCO hep cat.

14. FUN is right. An amateur ball game is any game played for FUN. While such a game may have a fan in evidence, in sandlot contests there are often hardly enough players to make a full team for each side, much less to leave even one over to be a fan. This is especially the case when youngsters play.

15. BONE is right. No matter what kind of Case you may be thinking of (geometrical, pine or ice-cream), you can readily see that one does not have to be an expert to find its particular shape unmistakable. A real expert on BONES (or anatomy) will certainly recognize a BONE unmistakably; that is, he will not mistake an arm BONE for a leg BONE, and so forth. One who is not an expert could certainly fail to identify many a BONE properly.

16. FRENCH is right. In general, the whole world knows how to apply a Wrench since it is a simple enough mechanism for even a child to apply correctly. So it is FRENCH you must choose. It is undeniable that FRENCH can be applied correctly by certain people (natives of France and good linguists of other countries), but in general, FRENCH is not an easy thing to use or apply correctly.

Hart Answers Cobo Attacks on Williams

MARQUETTE (U)—Lieut. Gov. Philip A. Hart said last night Mayor Albert E. Cobo of Detroit, has been wrong in almost every attack he has made on Gov. Williams.

Hart said Cobo, Republican gubernatorial candidate, accused the Mennen Co. of New Jersey, of which Williams is a director, of "breaking" a union by moving 15 miles away.

"Did you ever hear of a company running 15 miles away to

break a union? Do you think any Michigan union would be broken by a 15-mile change of plant location?" he asked.

Hart also denied Cobo's accusation the Mennen plant buys foreign trucks instead of Michigan-made vehicles.

Actually, Hart said, only one of the trucks is foreign-made. All of the rolling stock inside the plant is Michigan-manufactured, he said. The only charge Cobo has made against Williams is that "Williams wears big shoes."

"His shoes are big," Hart said. "They are so big that I'm sure the people of this state cannot be persuaded that the mayor of Detroit would ever be able to fill them."

Wings Open With 3-1 Win Over Hawks

By BILL CORNWELL
DETROIT — The hustling Detroit Red Wings spotted Chicago an early goal, then came on to score a 3-1 victory over the Black Hawks in the National Hockey League season opener last night at Olympia.

The hard-shooting, aggressive Detroiters, hoping to regain the NHL title they lost to Montreal last season after a seven-year reign, thus were able to make a more impressive debut than 1935 when they dropped the opener to the Hawks in Chicago.

Although their shooting and passing were sometimes ineffectual, they were scrapping at all times and their constant solid checking harassed the Chicagoans.

Detroit's usually productive front line was pretty well bottled up with the exception of fiery Ted

Lindsay. And Ted had to wait until the final period to get his counter.

The Red Wings' strongest period, oddly enough, was the first when they peppered goalie Al Rollins with 14 shots while Glenn Hall was making only seven saves.

In the 2nd period, which saw Detroit cashing in twice to take a 2-1 advantage, the Wings were outshot, 10 to 9. Rollins was bombarded with 13 shots in the last period while Hall turned in nine saves.

Chicago scored at the 2:29 mark of the 1st period while Lindsay was in the penalty box for spearing. Hank Ciesla rifled the puck past Hall with an assist from Wally Hergesheimer to hand the Hawks a 1-0 lead.

Detroit's Norm Ullman tallied the tying goal at 3:15 of the 2nd period, assisted by Gordie Howe and Red Kelly.

Metro Prystai shot the Wings into the lead at 12:11 of the same period. With assists from Lorne Ferguson and Alex Delvecchio, whose relay pass came across the goal mouth, Prystai whistled the puck into the right corner of the cage. Chicago's Jack McIntyre was off the ice serving a tripping penalty.

Lindsay chalked up his goal at 15:15 in the 3rd period. Lindsay recovered the puck out of a goal mouth scramble and drilled it by Rollins to climax the scoring. Ullman and Howe were credited with assists.

A seldom-seen incident with comic aspects occurred in the 2nd period when Ferguson fired a shot at Rollins. The attempt failed and Ferguson wound up in the cage, sitting with his back to the net.

A total of 10,731 spectators watched the proceedings, the best season-opening attendance since 1932.

FIRST PERIOD—Chicago goal by Ciesla, assisted by Hergesheimer (2:29). Penalties: Detroit—Lindsay for spearing (12:11); Ferguson for tripping (14:41); Chicago—Prystai for spearing (15:40); Chicago—Prystai for spearing (15:40); Chicago—Prystai for spearing (15:40).

SECOND PERIOD—Detroit goal by Ullman, assisted by Howe and Kelly (2:29). Penalties: Detroit—Lindsay for spearing (12:11); Ferguson for tripping (14:41); Chicago—Prystai for spearing (15:40); Chicago—Prystai for spearing (15:40); Chicago—Prystai for spearing (15:40).

THIRD PERIOD—Detroit goal by Lindsay, assisted by Ullman and Howe (3:15).

TRY ENDS IN SPILL—Red Wing center Dutch Reibel (8) winds up on the ice after a first period try for the net in the game against the Chicago Black Hawks last night at the Detroit Olympia. Hawk goalie Al Rollins is shown deflecting the puck as an unidentified Hawk player gets snarled up with Reibel.

Quarter-Finals in Trans-Miss

Barbara Romack Heads Field in California Tournament

By ALAN CLINE
PERDUE BEACH, Calif.—Barbara Romack, playing her best golf in several seasons, five other Californians and two veterans from Texas today head into the quarter-finals of the Trans-Mississippi Women's Amateur Tournament.

Barbara, port Sacramento blonde, in her first three rounds showed both the long and short game which brought her the Canadian Amateur, the 1934 National Amateur, plus two state titles. She hasn't won a major title since '34.

She plays Mary Sargent, the Colorado State champ, who now shoots her golf at the Monterey Peninsula Country Club, 6,071-yard par 75 site of the Trans-Miss.

Other quarter-finals matches pit defending champ Polly Riley, Pitt Worth, Tex., against Mrs. Ruth McCullah, Santa Monica, Calif., grandmother; Wiffie Smith, Orange, Tex., vs. Mrs. Staddon Love, Los Angeles, and Barbara Williams, Richmond, Calif., teenager, against Mrs. James Ferris, another two-time state titleholder from Gardens, Calif.

Two Shoot 68s

Western Field Is Bunched

SAN FRANCISCO—A tightly bunched field of tournament veterans took out today after a pair of relatively obscure 68 shooters.

Middleweights Battle on TV

CLEVELAND—Both Rory Calhoun and John L. Sullivan, who fight in a middleweight 10-rounder at the Arena here tonight, hope to get Joey Giardello as next opponent. And the experts hereabouts say Calhoun will be the one whose hope is still alive tomorrow.

But the experts were wrong in placing their bets two weeks ago when Giardello whipped Bobby Boyd and sent his stock as a middleweight contender way up.

Giardello, who hasn't yet been committed to meet tonight's winner, will be on hand to watch Sullivan, veteran from England, swap punches with the 22-year-old Calhoun, an Atlanta minister's son now fighting out of White Plains, N.Y.

The fight will be broadcast and telecast nationally by NBC, and starts at 9 p.m., EST.

Lumley at Terms With Black Hawks

DETROIT—Goalender Harry Lumley has agreed to terms with the Chicago Black Hawks and is scheduled to report today to the Buffalo Bisons in the American Hockey League.

The 29-year-old veteran goalie left the Hawks' training camp at Chicago last week for his home in Owen Sound, Ont., after a dispute over his 1935 contract.

Tommy Ivan, Chicago coach and general manager, announced here today that Lumley had signed a new contract. He said the dispute was over salary and not because Lumley was to be shipped down after 12 seasons in the National Hockey League to Buffalo in the American.

DeMarco, Gavilan Set

BOSTON—Tony DeMarco of Boston and Kid Gavilan from Cuba, both former welterweight champions, have completed training for their 10-round fight at Boston Garden tomorrow night.

Gavilan has shown so well in his recent gym workouts that the odds on DeMarco are expected to take a sharp drop.

Expect Scheffing as Manager

Cubs Still House Cleaning

CHICAGO—The Chicago Cubs are convinced that old brooms sweep cleaner.

They were expected to complete their house cleaning today by naming Bob Scheffing, one of their ex-catchers, as field manager.

There isn't much of a new look in the Cubs' shakeup from front office to the field which started yesterday when Personnel Director Wil Matthews, Business Manager Jim Gallagher and Skipper Stan Hack resigned.

Returning to his third hitch with the club is Charlie Grimm. Joining him in the re-organized front office is John Holland, in baseball 25 of his 46 years and on the Cub payroll the last 11.

They were given titles of vice president.

Holland, as president of the Cubs Los Angeles farm in the Pacific Coast League, and Scheffing as field manager, produced a pennant this year.

Remaining as executive vice president of the Cubs is another veteran 75-year-old Clarence (Pants) Rowland.

They have the assignment of lifting the Cubs up by the bootstraps after 10 dismal seasons in the National League second division.

The Cubs finished 1935 in last place for the fourth time since 1919 and with 94 defeats, the worst record in their history. But the season was only half gone when rumors began that a general shake up was in the making.

One veteran Chicago baseball writer tabbed the Cubs' plight as "too many chiefs and not enough Indians — they're top-heavy in the

executive department and woefully undermanned on the field."

Mathews was Branch Rickey's "Talent man" with the St. Louis Cardinals and the Brooklyn Dodgers when Cub Owner P. M. Wrigley hired him in 1930. He is a smiling, 59-year-old gentleman who sincerely thought the Cubs were on the climb and received the brunt of criticism when they kept tail-spinning.

No sooner had Wid resigned than Gabe Paul, general manager of the Cincinnati Reds, said that he "is a very capable fellow and we'd like to have him in our organization."

Gallagher, a former Chicago sports writer, had been with the Cubs since 1940. One rumor has him winding up across town with the White Sox.

Hack was a long-time third base-

man for the Cubs and managed the Des Moines and Los Angeles farm clubs before replacing one of his former teammates, Phil Cavarretta, at the helm in the spring of 1934. He was the Bruins' fourth manager in eight years.

Key man in the new order appears to be Holland, a stocky mild-mannered man who cut his teeth on a baseball bat.

"There won't be any titles except that of vice president," said Wrigley. "The only time you have to designate authority is when there is a conflict. There definitely will be no general manager; I'm allergic to them."

Golf Pros Seek Improvement of Press Relations
SAN FRANCISCO—Golf's professionals, seeking better relations with sponsors, the public and newsmen have instituted a program of self-examination.

For example Tommy (Thunder) Bolt, a fellow not noted for his even temper, has been appointed to a committee studying "rules for players' conduct." With him are Bob Toski and Doug Ford.

U. S. open champion Cary Middlecott, PGA titlist Jack Burke and Gene Littler form the group working on a formula to guarantee appearance of top stars in the many open tournaments throughout the year.

Ed Carter, the new tournament bureau manager of the Professional Golfers' Assn., told of the self-examination plans today during the Western Open here.

World's Leading Money Winner Runs in Jockey Club Cup
NEW YORK—Nashua races for the last time tomorrow in the Jockey Club Gold Cup while Bold Ruler, Nashua and other youngsters do battle in the Futurity, but not before the female species get together this afternoon for a little \$50,000 tea party at Belmont Park.

Thirteen of the so-called weaker sex will help sort out a 1935 champion in the fillies and mares division in the 86th running of the Ladies Handicap, a tough mile and one half event that headlines the Columbus Day program.

Top weight under 126 pounds is Mrs. Ethel D. Jacobs' Searching, while Manotick, the 1935 winner, and the 3-year-old star, Levee, each have 120. Manotick is owned by C. T. Cheney, and Levee is property of Mrs. Vernon G. Cardy.

Nashua, who won the 1934 Futurity, copped the Gold Cup last fall, and goes into his finale as the world's leading money winner with \$1,251,965.

AHL Starts 21st Year

By THE ASSOCIATED PRESS
The American Hockey League, with Rochester replacing Pittsburgh in the six-team circuit, opens its 21st season tonight with the Providence Reds starting defense of their title at home against the Buffalo Bisons.

Five Selected for Davis Cup
NEW YORK—America's hopes of regaining the Davis Cup from Australia has been put off officially to two veterans of international tennis competition and three promising youths.

The U.S. selection committee, headed by Chauncey D. Steele Jr., yesterday named Vic Seixas of Philadelphia, Herb Flam of Beverly Hills, Calif., Sam Giammalva of Houston, Tex., Myron Frank of Los Angeles and Mike Green of Miami Beach, Fla., to make the trip to Australia. Billy Talbert is the non-playing captain.

THURSDAY'S FIGHTS
LOS ANGELES—Kid Centella 128, Nicaragua, stopped Jimmy Rostaby 134, Los Angeles, 3.

BOOTS GOES OVER—One of the interesting highlights at the Hunter Safety Program held Wednesday night at Pontiac High School before more than 800 interested outdoorsmen was the retrieving and obedience exhibition of "Boots," well trained dog of Charles Frank. Plans are being considered to make the program an annual affair.

Eaglet Harriers Defeat Avondale for 3rd in Row

Orchard Lake St. Mary's cross-country team won its 3rd straight dual meet of the season Thursday at Avondale, defeating the Yellow Jackets, 23-35.

Avondale's Dick Hutchinson came home 1st in the time of 11:14. Only three seconds behind for 2nd place was St. Mary's Larry Harris. Tony Kulik and Chet Wlodkowski, both of Orchard Lake, took 3rd and 4th places respectively.

Next in the order of finish came Nelson Myers of Avondale, Dan Klonowski of St. Mary, Conrad Fulkerson of Avondale, Chet Rock of St. Mary, Don Dostkowski of St. Mary, Ted Kosnik of St. Mary, and Larry LaForge and Dan Frytner, both of Avondale.

GI Takes Lead in Pentathlon

SAN ANTONIO, Tex.—Army Spcl. C. Robert K. Miller of Seattle, Wash., took over the lead yesterday in the field of 19 men seeking spots on the U.S. modern pentathlon team for the 1936 Olympics.

Miller fired a near perfect record in shooting, the fourth of five events in the pentathlon. The final event, cross-country riding over a 5,000-meter course, will be held today.

Three men and an alternate will be chosen.

At the end of yesterday's competition Miller had 3,573 points; George Lambert, a civilian from Sioux City Iowa, 3,632; Lt. (J.G.) William Andre, Montclair, N.J., Navy, 3,680; 1st Lt. Edgar O'hair Jr., San Antonio, Army, 3,695; Thad McArthur, civilian of Seattle, Wash., 3,521 and Army Spcl. C. Hector Povontud of South Ozone Park, N.Y., 3,433.

Another 100,000 Expected

Cadets Want Revenge at 'M'

ANN ARBOR—An Army team still mindful of year-old wounds and a Michigan squad hoping to rebound clash here Saturday in an intercollegiate battle that may draw 100,000 spectators.

Just as they did a season ago, coach Earl Blaik's Cadets come to a victory over Penn State and undefeated in two games. In 1935, the Wolverines trounced Army 26-2 for their first victory in six engagements with the Cadets from West Point.

Army rolled over Virginia
Military 33-13 then held on for a 14-7 decision over Penn State a week ago. Michigan, after an opening triumph over UCLA 42-13, fell to second-ranked Michigan State 9-0 in the race.

The Army-Michigan series dates back to the Glenn Davis-Doc Blanchard era of West Point football. Starting with a 27-7 verdict in 1945, the Cadets stormed to five wins in succession before Michigan ended the string a season ago.

While the Cadets are "up" for the contest, reports from the practice field indicate the Michigan coaching staff has had trouble rallying its forces following the disheartening loss to Michigan State.

Each club will be at near full strength for the tilt. Michigan suffered a rash of minor bumps and bruises in the state contest. End Ron Kramer, whose hand was sprained in the UCLA game, reinjured it late in the Michigan State game and X-rays disclosed a hairline fracture.

Coach Bennie Oosterbaan said the rangy senior will be able to play with a protective shield over the injured hand.

The Wolverines, with every player who scored against the

Griffith Seeks AL Aid in Franchise Transfer

WASHINGTON—Calvin Griffith said he would seek today to persuade President Wil Harridge of the American League to keep an open mind on a possible franchise shift for the Washington Senators.

Harridge said in Chicago yesterday the league "could not afford" to call a meeting to consider transfer of the franchise unless there was harmony among Washington officials.

That was a reference to the statement by H. Gabriel Murphy, club treasurer and largest single stockholder, that he opposes any plan to move the Senators out of Washington and will fight it in the courts if necessary.

Murphy owns 40 per cent of the Washington baseball club stock. Members of the family of the late Clark Griffith control 52 per cent. Calvin Griffith, the club president, has said he is seriously weighing a shift to Los Angeles or some other city.

The deadline for any franchise shift to become effective next year is Oct. 31. Harridge said there would be nothing to gain if Griffith asked fellow club owners to take up the matter "unless all stockholders were represented in the request."

"We don't want to get in the same situation we did when a family squabble hampered the transfer of the Philadelphia A's to Kansas City," Harridge said, alluding to the most recent American League shift two years ago.

Griffith said in an interview "this is a different situation" than that which marked the Athletics' move, and that he planned to telephone Harridge today and ask him not to foreclose the possibility of a league meeting.

A franchise shift requires favorable votes from six of the eight clubs in the loop.

Griffith said yesterday he would be extremely reluctant to leave

the capital but felt bound to study offers "which might be advantageous" from Los Angeles, San Francisco, Louisville or other cities. He added that no concrete written plans had been submitted and said that when one is he will call the club's five-man board of directors to consider it.

Pee-Wee 11's Slate 3 Games

Beaudette Park will be the scene of action for Saturday afternoon's three-game program in the Pee-Wee Football League. Competition gets under way at 3 o'clock.

Bagley School will tangle with the Lions in the opening game tomorrow. Scotch School faces the league-leading Rams at 4 p.m., followed by a 5 o'clock tilt between Webster School and the Cubs. The Crusaders are idle this week.

The balance of the Pee-Wee schedule will be played on Saturday afternoons at Beaudette. Two weeks of play remain after tomorrow's activity.

League standings:

Team	W	L	T
Rams	9	1	0
Scotch School	8	1	1
Webster	7	2	1
Lions	6	3	1
Cubs	3	6	1

Rochester JV's Triumph

Rochester's Junior Varsity football team eked out a 6-0 victory over the Madison JV's Thursday at Rochester. A 38-yard gallop and a two-yard line plunge in the 2nd quarter brought triumph to the Little Falcons. Both teams turned in strong defensive performances.

Plays Offense

Deaf Gridder Does Well

TEXARKANA, Ark.—Warner St. John, totally deaf since birth, played on offense in a football game last night for the first time in his life. He is a left guard on the University of Arkansas freshman team.

St. John, a 177-pounder who stands six feet, played defense at Little Rock Central High School. On defense he had one job—get the ball carrier. On offense, however, he must "hear" the quarterback call the signals.

Instead of hearing St. John watches. When the center snaps the ball, St. John moves. "He is a split second behind," says Trask Scott, Arkansas freshman coach, "but he more than makes up for it with his desire and fight."

St. John can talk and he keeps up with class lectures by reading lips. Arkansas and Southern Methodist tied 13-13 in a freshman game.

Los Angeles Gets 2

LOS ANGELES—The Los Angeles baseball club announced today it has acquired two outfielders from Tulsa in the Texas League, Frank Ernaga and Bob Will.

Lions-Rams to Match Offenses

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

DETROIT—Whether the Detroit Lions have found themselves offensively, will be tested Sunday

when another highly offensive unit, the Los Angeles Rams, visit Briggs Stadium in the home opener for the Detroit pros.

The Lions rolled up 454 yards rushing and passing in defeating the Baltimore Colts last week, 31-14, to win their second straight NFL encounter.

The passing arm of Bob Lane accounted for 236 of the yards, while the backfield of Hopalong Cassidy, Don McIlhenny and Gene Gedman rolled up most of the 218 yards rushing.

Cassidy personally gained 90 yards for his best output in either pre-season or regular season competition.

Los Angeles has shown great offensive strength also in defeating the Philadelphia Eagles, 27-7 and losing 33-30 to San Francisco in the two games played to date.

The Western Division champs will go along with veteran Norm Van Brocklin against the Lions. Instead of Bill Wade who started in the previous games.

Coach Sid Gillman said he chose to start Van Brocklin because "he looked so sharp against the 49ers last week and also because he knows Detroit's personnel better."

Wade and Rudy Bullock give the Rams good depth at quarterback.

Both teams are physically sound for the game with Detroit's fullback Bill Bowman expected to get back into action after missing the Baltimore tilt.

Key men in the Rams offensive machine are halfback Don Walker and fullback Tank Younger who carry the brunt of the ball carrying duties.

Gillman utilizes his strong passing game by using three ends at the same time, Elroy Hirsch, Bob Boyd and Ron Miller, all talented receivers.

The Lions meanwhile have come down to their 33-player limit ahead of Sunday's deadline by releasing guard Stan Campbell and halfback Milt Davis on waivers yesterday.

Presently, Detroit and Chicago Cardinals are the only two unbeaten teams in the NFL, each a 2-0 mark.

A sellout crowd of 52,000 is expected for the 1:30 p.m. kickoff Sunday.

WILDCAT AT OXFORD—Les Beardsley, Oxford's veteran halfback, will carry the Wildcats' hope for an upset against rival Lake Orion in their game tonight at Oxford. This is annually one of the big traditional games of the area.

Bands Perform Tonight
Flint Central's 112-piece marching band will add its color to tonight's game between Pontiac and the Indians at Winer Stadium. The Central band will take part in the halftime ceremony.

Both the Pontiac and Central marching units will present lighted shows during the intermission. The Pontiac band, directed by Dale C. Harris, will give a star sequence plus hit tunes from Broadway shows.

of high school grid attractions throughout the Oakland County area.

Both the Chiefs and Central are looking for their 1st Valley triumph. Pontiac has beaten the Indians only four times since SVC competition began in 1933. The role of underdog has once more been designated to Ed Graybiel's charges.

Second only in significance to the PHS-Flint encounter tonight is the Lake Orion-Oxford neighboring feud at Oxford. The Dragons are slightly favored.

Several other games of promising high caliber are on tonight's agenda, including a couple of mid-season showdowns in area leagues.

East Detroit's Shamrocks, who have romped over four opponents, will attempt to surmount their last big hurdle in the Eastern Michigan League when they collide with invading Port Huron, their toughest foe for the title.

Dryden and Memphis, a couple of Little Class D schools playing

in the predominantly Class C Southern Thumb League, tangle at Dryden in a battle that could determine the 1956 champion. Both teams are undefeated.

Utica and Lake Shore, both unbeaten in Bi-County League action, lock horns in a crucial tilt at Utica.

Two games involving strong area independents are also on tap. Romeo, with a spotless 4-0 record, welcomes dangerous Tom Wilson and his Lapeer teammates while Rochester, boasting a 3-0 slate, invades Center Line.

Walled Lake and Waterford hope to continue their drives for the Inter-Lakes Conference crown. The Vikings play Farmington this afternoon on the Falcon gridiron while the Shippers go to Berkley. Southfield, shocked by Walled Lake last week, hopes to rebound against visiting Van Dyke.

Additional Eastern Michigan League activity finds Birmingham at Hazel Park and Ferndale at Mt. Clemens. Avondale hosts Roseville, Troy goes to Fitzgerald

and Clawson entertains Madison in Oakland B contests.

Millard moves into Holly for the most important Wayne-Oakland game on the schedule. Other league scraps send Clarkston to Clarensville and West Bloomfield to Brighton.

Ortonville wants to bounce back from last Friday's 1st setback by downing visiting Millington and North Branch journeys to Inlay City for South Central games. The Acorns of Royal Oak play host to Monroe and Cranbrook invades Western Reserve on Saturday.

ONE MAN TELLS ANOTHER

Pan-American
Soft feeling, hard wearing

MART SCHAFFNER & MARX

There's a frosty nip in the air these mornings... that's welcome after the sultry heat of summer's end. We think you'll welcome the excuse to wear this handsome Pan-American tweed topcoat. Its comfortable, lightweight fabric warms you up without weighing you down... it's soft to touch... yet rugged wearing. The secret? A unique blend of soft Argentina wool with sturdy wool from Chile. Try it on in this easy-wearing raglan style with full-sweep vented back.

THE STYLE CORNER OF PONTIAC

Put on Inactive List

LOS ANGELES (INS)—Skeet Quinlan, veteran halfback for the Los Angeles Rams, was dropped from the Ram roster temporarily last night, but he remains on the payroll.

He was placed on the inactive list to reduce the squad to the required 33 members after the Rams were unsuccessful in their attempts to waive out several lower-salaried players.

Washington Whips Eastern Team, 21-6

Washington's football team chalked up its 2nd Pontiac Junior High League win and 3rd of the season Thursday at Winer Stadium, defeating Eastern, 21-6.

In Junior Varsity action yesterday at Lincoln, the Railsplitters blanked Jefferson, 21-0.

League standings:

Jefferson	2-0	Eastern	0-2
Washington	2-0	Lincoln	0-2
Madison	1-1		

Favor Pontiac Pacer at Jackson Raceway

JACKSON—A Pontiac-owned pacer appears as the horse to beat tonight in the \$1,000 open handicap trot at Jackson Raceway.

Frank Lobeck's Pastime Lawrence faces six sidewheelers over a mile in the eighth race as the half-mile track nears the end of its third week of racing.

The five-year-old trotter turned in an excellent performance here on Oct. 5, scoring a two-length victory over the favored Lady Volo, in 2:08.25. It was the third victory of the year for Pastime Lawrence.

Pirates Trade Pair to Hollywood for 3

PITTSBURGH—The Pittsburgh Pirates today traded outfielder Jerry Lynch and catcher Harding Peterson to their Hollywood farm club of the Pacific Coast League in return for three players.

Hollywood gave up outfielder Dick Stuart, pitcher Roger Sawyer and catcher Dick Rand. Stuart played for Lincoln, Neb., in the Western League the past season and set three new league records by hitting 35 home runs, driving in 158 runs for a total of 383 bases.

Sports Briefs

The prairie chicken, once abundant in the mid-central states area, is now almost an extinct species, according to conservation surveys.

A baseball catcher gets credit for a putout when a batter bunts foul on a third strike, according to current major league rules.

Largest daily double playoff came at Pimlico in 1955 when Jozypaker and Advice returned totals of \$5,932 for \$2 to set an all-time record.

Go for 33rd Straight

Sooners Shoot for Victory Mark

By THE ASSOCIATED PRESS and Iashed Kansas State 66-0 last week to apparently snap their own major college record for consecutive wins — making the Wildcats

their 32nd straight victim. But the NCAA Service Bureau yesterday came up with a new wrinkle and decided that Pittsburgh held the previous record from 1914-1919 by accumulating 33. The Sooners — not cocky, but confident with very good reason — should have little trouble equalling the Panthers' record against Texas.

Oklahoma, rated the No. 1 team in the weekly Associated Press poll, gets an opportunity to tie the mark against the same team it defeated to start its string. In 1953, the Sooners overcame the stubborn Longhorns 19-14 to begin their streak.

In the only major action Friday night, Miami, striving to hop into the nation's top ten teams, meets a weakened Maryland squad.

Saturday all the top teams except Southern California, see action. Georgia Tech, No. 3 on the basis of two tough wins, Kentucky 14-6 and Southern Methodist 9-7, will display its potent offense against Louisiana State. For the first time this season quarterback Wade Mitchell and half George Volkert will work together.

Fourth-ranking Texas Christian should be able to spring Jim Swink loose against winless Alabama. Ohio State, No. 5, faces a tough challenge in Big Ten opponent Illinois, while Tennessee, No. 6, tackles Chattanooga. Mississippi, No. 7, faces a stern test in upstart Vanderbilt. Ninth-rated Texas A&M battles Houston at night and 10th-ranked Baylor, with three victories, meets the Razorbacks of Arkansas.

Pontiac Oldtimers Plan Fish Dinners

The Pontiac Oldtimers Baseball Association will start serving fish dinners, beginning the 1st Friday in November and continuing on the 1st Friday of each month thereafter.

Serving will take place at the VFW hall, 386 S. Saginaw St., from 6:30 to 9:30 p. m. Tickets will be available at the VFW hall or from Oldtimer members.

Proceeds from these suppers will go to the support of Junior League baseball in Pontiac, which is sponsored by the Pontiac Oldtimers Baseball Association.

Mexico Selects Team for Melbourne Games

MEXICO CITY, Oct. 12 (AP)—Mexico will be represented by a 25-member team in the Olympic Games at Melbourne.

The Mexican Sports Confederation said yesterday after adding 10 more athletes to the squad, that the country will have representatives in track and field, swimming, fencing, modern pentathlon, rowing, cycling, shooting, wrestling and weight lifting. Only the rowing entries remain to be selected.

Giants Sell Hearn, Buy 2 Farm Hands

NEW YORK (AP)—The New York Giants, who have promised their followers a new look next season, have started by selling a veteran pitcher to the Philadelphia Phillies and purchasing two promising farm hands from Minneapolis of the American Assn.

Jim Hearn, 33-year-old right-handed pitcher who had a 5-11 record last season, was sold to the Phillies. In a companion deal, the Minneapolis Millers purchased the contract of Stu Miller, another right-handed pitcher with a 4-9 mark, from the Phillies.

In the deal with the Millers, the Giants obtained outfielder Willie Kirkland and right-handed pitcher Curt Barclay. Kirkland, 22, hit .293 and drove in 120 runs while collecting 35 doubles, 12 triples and 37 home runs for the Millers. Barclay, 23, finished with a 15-11 record.

This season marks the 50th anniversary of the football forward pass.

Ringnecked Pheasants Top Target for State Hunters

By INS Probably more southern Michigan hunters will take part in the October 20th hunt for cock pheasants than any other single species of game on the hunting list this year.

To better acquaint the average "Joe Hunter," Savage Arms Co. gave this background on the number one "most wanted" bird:

"Ringnecks were first successfully planted in the U.S. about 75 years ago, in Oregon. They came from China. Today, the ringneck of the United States is not a Chinese pheasant. Rather, he is a cross of various strains, the stock being Chinese ringneck, English ringneck and the Mergolain pheasant.

"Out west in the flat plains states, pheasants are commonly hunted by driving cornfields, or cover along sloughs and potholes by several gunners. Hunters walk abreast a shotgun apart, within easy view of each other. The birds are driven ahead into "standing hunters" who have posted themselves before the drive."

Savage Co., said, "ringnecks are hard to kill and frequently retrieved. Ring dogs are used to find the fallen birds since even the mortally wounded bird can conceal himself or escape by running.

"The use of pointing dogs is often a disappointment in areas where pheasants are plentiful.

While pheasants commonly feed in morning and evening hours in the cornfield and weed patch, they can always be found during mid-day in the heavy cover of sweet-clover, willow thickets and around prairie marshes. They are often so abundant that the dog can not

Wichita Shooter Ahead of Field

SAN ANGELO, Tex. (AP)—H. W. Barton of Wichita, Kans., kept his shot in a hole less than half an inch in diameter to hold the lead going into today's final session of the National Bench Rest Shooters Assn. Tournament.

Barton's group measured .4432 of an inch. Other scores: C. C. Hankins, Buffalo, Wyo., .4518; E. N. McNally, Fayetteville, N.Y., .4512, and Robert W. Smith, Dallas, .4932.

RADIO CALL—George Saries examines the coach-to-quarterback gadget he developed for the Cleveland Browns. The arrow points to the well-padded, pocket-watch-size receiver in the signal-caller's helmet.

smooth!

Yes, Smooth-as-Silk!

Strength alone doesn't make a fine athlete—or a fine whiskey. Smoothness is a very necessary ingredient. Kessler is a real champion among whiskeys...because it has all the character you want and it's Smooth as Silk besides! That's what makes it great.

Kessler's low price makes it America's greatest whiskey value

Hoosiers Dream of MSU Upset

EAST LANSING (AP)—A bruiser from Battle Creek, Mich., is one reason Indiana won't be running scared against Michigan State at the Spartan home football opener Saturday in Macklin Stadium.

Hoosier recruiters somehow infiltrated the Cereal City to lure away Jim Yore, 6-2, 220-pound away Jim Yore, 6-2, 220-pound yards against Notre Dame last week, averaging better than seven yards a carry.

He alternates at fullback with Bob Foe, a 6-1, 204-pound senior

AP Wirephoto

THREAT TO SPARTANS—Sophomore Jim Yore, a fullback from Battle Creek, Mich., is the big threat against Michigan State in battle with Indiana at East Lansing tomorrow. Yore is the Hoosiers' leading ground gainer. He averaged 7 yards a carry against Notre Dame last week.

who has 162 yards for his first two games, better than five yards a crack.

Each of the two powerful fullbacks has more yardage alone than the combined total of the rest of the Indiana backfield.

In addition, Indiana has a passing threat in quarterback Gene Cichowski, who has seven completions in 16 tries for 68 yards in the first two games.

Indiana was riddled by injuries the start of the season and couldn't even scrimmage the week before being beaten by Iowa 37-0.

Against Notre Dame, a 20-6 winner, Indiana was on the Irish one foot line in the third period with a chance to tie the game when a penalty stopped the drive.

So Coach Bernie Crummins is dreaming of an upset — and it would be a major one if the visitors could topple Michigan State, a solid second place choice in the Associated Press poll.

"We know we're playing one of the great teams of the country," said Crummins, "but any time we can play a game without mistakes I think we can beat whoever we're playing."

Coach Duffy Daugherty recalled that Indiana gave Michigan State a hard time last year before the Spartans won their opener 21-13.

"We can't forget for a minute that Indiana is capable of beating us," Daugherty said. "We'll settle for a victory by any margin."

The Indiana squad was due in today for an afternoon tuneup in Macklin stadium. MSU scheduled only the usual light workout.

Meanwhile, a third change was announced in the Spartan starting lineup. Arch Matsos will start at left guard in place of Dan Currie, nursing an ailing hip.

Jim Hinesly will replace Dave Kaiser at right end because of Kaiser's lame ankle and Jim Wulf will start at right half ahead of Walt Kowalczyk, still bothered by his sore ankle.

Olympic Ways Criticized

OXFORD, Ohio (AP)—Glenn Cunningham, once America's top mile runner, calls the American system of selecting Olympic team members through qualifying meets "completely insane."

Cunningham, speaking here yesterday at an assembly of high school pupils, blamed the qualifying system for America's poor showing in Olympic middle and long distance runs. And he predicted this country would fare badly in this year's Olympics in those events.

"Then men are run to death before they get to the games," said Cunningham. Don Lash should have been the 5,000 meter winner in the 1936 Olympics at Berlin but he left his records back home on the qualifying tracks of the United States.

Pontiac JV's Whip Central

Little Chiefs Record 4th Straight Triumph, 20-6, at Flint

The Pontiac High School Junior Varsity football team defeated Flint Central yesterday at Flint, 20-6, for its 4th win in as many starts.

After a scoreless 1st half, the Little Chiefs struck like lightning for their 1st touchdown when Derris Nicholes returned the 3rd quarter kickoff 83 yards.

Larry Douglas dashed 16 yards to score in the same period after Jim Garrison's 50-yard run set up the situation. Central's Bob Gellis gave PHS a safety in the 3rd stanza by stepping over the end line while punting.

Pontiac made its final touchdown in the 4th quarter when Harrison Munson sprinted 17 yards on a rollout.

A 64-yard pass play from Gellis to Linn Anderson brought Flint its lone TD in the last quarter.

The Little Chiefs' defensive line limited Central to a net gain of one yard rushing in the 2nd half.

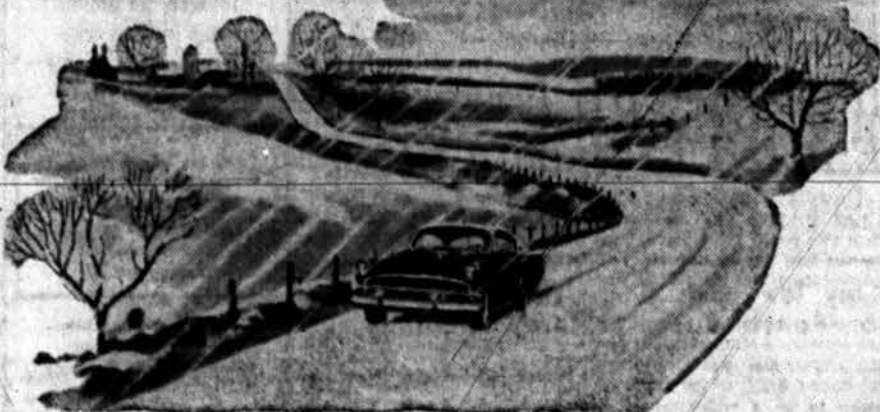

Scott Frost Wins Easily in Yonkers

YONKERS, N.Y. (AP)—Scott Frost, one of the great trotters in the history of the sulky sport, bade his 1956 farewell to the East last night with a performance that left 10 rivals completely outclassed in the \$30,100 Gotham Trot.

The West Coast flyer, owned by Sol Camp of Shafter, Calif., turned on the jets in the final three sixteenths of a mile at Yonkers Raceway and scampered to the wire an easy winner.

It was the 16th straight victory this year for the son of Hoot Mon, winner of the 1947 Hambletonian, a race Scott Frost himself copped a year ago.

Freezing Weather's coming! Get...

Guaranteed RADIATOR PROTECTION ALL WINTER LONG

(SEPTEMBER THROUGH APRIL)

Refills...if needed...at **NO** cost to you...at any Standard Station

No need to wait...no boil-off now...stays good all winter.

To give you Guaranteed Radiator Protection, here's what your Standard Dealer does. First, he thoroughly inspects your car's cooling system for operating defects and leakage. Next, he drains and refills with the amount of **ATLAS PERMA-GUARD®** Anti-Freeze required for the protection you specify—even down to 40° below. Then, he signs a written guarantee which states that if you should need additional **ATLAS PERMA-GUARD** to keep your radiator at its guaranteed protection from now through next April, you get it without charge at any Standard Oil Station in Mid-America. So, why risk a costly freeze-up? *Come in, today!*

...and, when you get **Guaranteed Radiator Protection**, at the same time change to...

...Super **PERMALUBE** for complete winter engine protection... and quick, easy starts.

Guaranteed in Writing!

You expect more from **STANDARD** and get it!

Children in Mood Indigo After Eating 'Blue Rocks'

LOS ANGELES — Nine-year-old Jack Lucas brought some tawny-looking blue rocks from home and passed them out to fellow students at Gravois Avenue School.

"They tasted good at first, then sour, then awful," said Jerry O'Nealey, 9, one of 19 children treated at Lincoln Heights Receiving Hospital. The "blue rocks," it turned out, were blue vitriol or copper sulfate that Jack's mother, Mrs. W. A. Lucas, used at home for cleaning out plumbing.

Push-Button 'Fuse'

Plagued in the past by fuse replacements, new homeowners are putting in a plug type circuit breaker called Mini-Breaker which screws into the ordinary fuse box and restores electric service by simply pushing a button.

Hatoyama Off for Moscow With Foot-in-Mouth Disease

By MARVIN STONE
Far Eastern Director,
International News Service

Japan's Prime Minister Ichiro Hatoyama is en route to Moscow on a mission that would daunt the world's suavest diplomats, its most energetic statesmen, its cleverest minds.

Hatoyama is none of these! He has been called dimwitted, a hopelessly sick man, a grandstand player, a diplomatic fool.

Hatoyama may come home with the "Adenauer formula" peace treaty he claims to seek. But many Japanese insist they won't be surprised if the Russians send him home without his hymnal.

A book of hymns figures prominently in Hatoyama's life. A Christian since birth in a land of Shinto and Buddhism, he finds refuge in gathering his family about him almost nightly to join in songs of his Baptist Church.

FOOT-IN-MOUTH DISEASE
Hatoyama has been so severely criticized for putting his foot in his mouth that he follows the advice of his aides and will not talk politics off-the-cuff with foreign newsmen.

However, he did reassert that despite claims he is too ill to make the trip—he is partially paralyzed and still suffers after-effects of a cerebral hemorrhage—he is fit.

Hatoyama's slips of the tongue are so notorious in the Diet (Parliament) he often is coached word for word what to say by aides.

His party is fractured over the trip—a group led by former Prime Minister Shigeru Yoshida opposes the visit on principle. Others are afraid he might make slips that would set back the tortuous progress made thus far.

Eleven years ago General Mac-

Arthur purged Hatoyama as "undesirable" on the eve before he was to become prime minister. Hatoyama told a friend, "Don't worry—I'll be back."

Hatoyama ran afoul of the U.S. occupation because, as MacArthur charged, he was one of Hitler's biggest supporters, "suppressed freedom of thought" before World War II, and "imposed militaristic ideology on students and teachers" an education minister.

He was "de-purged" in 1952. At the outset his promise was to restore "normal" relations with Russia.

Deny Sheppard Plea, Ohio Asks High Court

WASHINGTON (INS)—The state of Ohio has asked the Supreme Court to reject Dr. Sam Sheppard's plea for a reversal of his murder conviction.

Sheppard, onetime prominent Cleveland osteopath, is serving a life sentence for the murder of his wife July 4, 1954. He was convicted after a sensational trial that attracted nationwide attention.

Frank T. Cullinan, Cuyahoga

County prosecutor, filed a brief with the court denying the publicity given the case prevented Sheppard from getting a fair trial.

Cullinan said: "No matter when or where tried the Sheppard case would have attracted widespread publicity. This was inherent in the very nature of the case itself."

Estes Claims Ike Betrays Farmer

Takes On Nixon, Too at Corn Picking Show in Nebraska

COLUMBUS, Neb. (AP)—Sen. Estes Kefauver said today "there is no clearer record in existence than the record of the betrayal of the American farmer by Dwight D. Eisenhower."

"How many times does a man break faith with you and still retain your trust and confidence?" Kefauver demanded in a speech prepared for delivery at the National Corn Picking Contest.

The Democratic vice-presidential nominee chose this traditional contest, scene of his major effort of the campaign so far to woo the farm vote, for his harshest attack on the President.

The Tennessee senator was scheduled to speak in the afternoon a few hours after Vice President Nixon appeared before the same audience. He also assailed Nixon in his prepared speech, asserting "he is not a friend of the American farmer."

Kefauver said, "I am glad that you farmers have a chance today to see and hear Vice President Nixon. He might be president one of these days if the Republicans stay in power."

But Kefauver, counted on by Democratic strategists as their chief weapon in the fight for the farm vote this year, leveled his heaviest attack directly at the President.

He said that Eisenhower now calls the Democratic farm program "unwise," "reckless," and "price-depressing."

But, he said, the President

"sang a different tune" when he was a candidate in 1952.

As for the vice president, the Democratic nominee said that while Nixon was in the House and Senate "he voted again and again to cripple soil conservation and The Rural Electrification Administration."

Israel, Jordan in Truce Talks

Official Death Toll at 59 as U.N. Commissioner Seeks to Ease Tension

JERUSALEM (AP)—The U.N. Palestine truce chief conferred today with Israel and Jordan authorities in an effort to ease tension in the wake of a seven-hour Israeli reprisal raid which left an official death toll of 59.

A U.N. spokesman said truce supervisor Maj. Gen. E. L. M. Burns "is taking measures" with authorities from both sides to clear the explosive atmosphere. The spokesman declined to specify what was planned.

Burns acted as fears rose that the Arab states might launch a combined attack against Israel to avenge the assault on Jordan's Kalkilyeh police station which touched off the border battle.

Jordan's King Hussein, who personally directed his troops in the border skirmish, has sent appeals for help to his Arab neighbors.

At U.N. headquarters in New York, Ambassador Abdul Monem Rifa'i said Jordan is considering seeking an early Security Council meeting on the Israeli issue. He added that if the council and big powers fail to put down "aggressive force" by Israel, Jordan will have to use similar force.

Duchess Checks Mink So It's Accepted Now

By EARL WILSON

When Mickey Mantle belted that second World Series homer, stage star Frank Fay, watching TV at the Lamba Club, yelled out, "There he is—the Frank Fay of baseball!" ... Sal Maglie, on beholding Ann Miller's legs at a TV rehearsal, moaned, "If I had those, I'd be good another 10 years."

I've heard that the dolls aren't supposed to check their furs in the fancy joints—it's allegedly unchic—but I saw the Duchess of Windsor fling her black diamond mink cape at the checkroom gal ... so I reckon it's accepted now.

Taffy Tuttle can't understand why mothers cry at weddings

—after nagging their daughters year after year to land some guy ... Lots of gals in "Bells Are Ringing" are rooting for curly-haired Sidney Chaplin, who acts interested in Judy Holliday. The ex-beau of Joan Collins and Eleanore Martinelli will be the new Broadway matinee idol—if Fernando Lamas isn't.

Broadway's a crazy street: A young comedian blissfully exclaimed the good news in Hanson's drug store. "My girl's got her name in Ed Sullivan's column. What a break for my girl!" A friend said, "What was the item?" And he answered, "It said she's dating Joe DiMaggio."

THE MIDNIGHT EARL ... Rock Hudson can have the lead in "Farewell to Arms" opposite Jennifer Jones if David O. Selznick gets the money up ... Trendex-Gleason 27.8, Como, 19.1 ... Mrs. Zane Grey, 76, widow of the author, is here plugging the TV show ... Pat Ballard, who wrote "Mr. Sandman" at Troy, Pa., in 25 minutes when he had 25 cents, has a new one, "I'll Never Ask for More."

Magda Gabor's severe but temporary illness was diagnosed as nicotine poisoning ... Cong. Jim Healy, whose district includes Yankee Stadium, boasts jokingly, "See all the business and publicity I brought my constituents this week?" ... Singer Kitty Dolen has a role in the "Face in the Crowd" film.

Robt Q. Lewis says he'll have Police Commissioner Kennedy on his radio show — traffic permitting ... Peter Arnell offered the Joe Louis as a "Mr. and Mrs." TV show ... While Jayne Mansfield's away working, boy friend Mickey Hargitay gives body-building lessons ... Gina Lollobrigida, who'll dance in "Les Girls," said, "I pity my dance director—I'm terrible at it."

"My Fair Lady" tickets brought up to \$100 each during Series week ... Karl's Pearls ... The average woman worries about the future till she gets a husband; the average husband never worries about it till he gets a wife.

WISH I'D SAID THAT: "The best way to get along with a wife is to let her think she has her own way—and then let her have it."

TODAY'S BEST LAUGH: Taffy Tuttle saw "Moby Dick" and thinks the whale's so huge they'll never get it into those small neighborhood theaters.

It was Fred Allen's line about TV: "When you're home, sick, and want to get out, turn on TV. Nothing will get you out of the house as fast." ... That's earl, brother.

(Copyright 1956, The Hall Syndicate, Inc.)

Group Petitions Ike to Preserve USS Enterprise

SAN DIEGO, Calif. (AP)—The USS Enterprise Assn. has petitioned President Eisenhower to save the historic aircraft carrier from the scrap heap and to preserve her as a national shrine.

Bill Rubin of San Diego, association president, said he sent a telegram to President Eisenhower bearing 1,200 signatures of association members. Rubin said the carrier took part in every major World War II sea battle of the Pacific except that of the Coral Sea.

The Navy announced Monday that the Enterprise, now at Bayonne, N. J., is unfit for further naval service and will be sold for scrap.

Woo Shoppers to Town

CAMDEN, N. J. (INS)—The Camden Courier-Post has kicked off a two-day drive to "keep the business in town" with a special 80-page promotion edition. Merchants cooperated in persuading shoppers to buy in Camden with lower restaurant and parking prices and "super-value" sales.

There are about three million miles of rural roads in the U.S.

Collect Rocks for Jail

MIDLAND 48—"Operation Rockpile" is under way to collect stones for the new \$700,000 Midland jail. The Board of Supervisors, seeking to cut costs, asked residents to contribute boulders to match the

facing on the adjacent courthouse. The 50-man jail will house Midland prisoners who are now sent to the Bay County Jail at Bay City.

Ontario has one-quarter of Canada's railway trackage.

Hollywood Headlines

Movieland Sees Mystery in Marilyn's Reservation

By LOUELLA G. PARSONS
HOLLYWOOD (INS)—The mystery of the age is Marilyn Monroe and Arthur Miller's reservation at the Bel Air Hotel for Oct. 22 to Nov. 4. Milton Greene, Marilyn's "second voice," booked a suite for them.

Now, if Marilyn comes back before the 29th of October, she is really due for trouble in London. She was to be presented to Queen Elizabeth II on that day, along with Anita Ekberg, Joan Crawford and two lesser known British actresses.

Maybe the blazing Arthur Miller has been getting in London papers changed Marilyn's idea about returning to the U.S.A. Miller has been called an

"intellectual snob" and much too radical. Could be, too, that she didn't want to appear with Joan Crawford, who once gave an interview about Marilyn on "how to be a lady," which Marilyn never has forgotten.

An ambitious plan to star Bing Crosby, Judy Garland and Bob Hope in a motion picture version of "Manhattan Tower," Gordon Jenkins' album, is being worked on by agent Jimmy Saphier.

First, however, on Oct. 27th, NBC will present a TV spectacular of the Jenkins album starring Helen O'Connell. Several studios bid for the

"Manhattan Tower" music when Jenkins wrote the lyrics and score in 1945, and now that a story line and dialogue have been added for television it has extra attraction as a motion picture.

If the Crosby-Garland-Hope deal doesn't sell, Jenkins, Saphier and music publisher Lou Levy, owners of the screen rights, will make it as an independent project.

FATE INTERFERES
Sheep fate may keep Wendell Corey from playing in "Night of the Auk," the Arch Oboler play which opens on Broadway next month, with Gloria Vanderbilt's bridegroom, Sidney Lumet, directing.

Tuesday night Wendell stepped on a needle embedded in his bathroom rug. Because he is such a heavy man, it penetrated deeply and because he didn't have immediate medical attention, his foot became so infected that he was taken to St. John Hospital.

His wife, Alice, has flown out from New York to be with him. Whether or not he will be well enough to travel in time for Oct. 17th rehearsals is an open question.

That dancing girl role in "Pajama Game" has certainly been a star maker. Carol Haney, the original doll in this spot, landed an MGM contract. Shirley MacLaine, her successor, was signed by Paramount.

Now Neille Adams, Shirley's successor, has put her name on an

MGM contract for two films a year for seven years, the sort of deal that is rarely signed these days.

Neille, a long-legged beauty who was born in Manila and raised in Hong Kong, will make her debut in "This Could Be the Night," which stars Jean Simmons and Paul Douglas. Neille plays Joan Blondell's daughter.

THE YOUNG FOLKS
Snapshots of Hollywood collected at random: Two members of the younger generation, Carl Lee Ladd and Carter De Haven III, having a cozy dinner at the Plymouth House.

The high rating of Walter Winchell's new TV show pleased his Hollywood pals. He'll be better, too, on his next show.

The ill health of Edna Best is worrying her friends and her devoted husband, agent Nat Wolfe.

The Ralph Bellamy are back in town and at the Bel Air Hotel. They're discussing a new TV show.

The Groucho Marxes have broken ground for their new home to be built on the Trousdale Doherty ranch property in Beverly Hills.

Spider Traps Detroiters Into Auto Accident

WAYNESBURG, Pa. (AP)—A Detroit area couple wound up in the hospital all because of a spider. State Police said Robert P. Dillinger, 67, of Highland Park, Mich., tried to brush a spider from the windshield of his auto yesterday. He lost control of the car and it hit a concrete abutment. Dillinger suffered several broken ribs and fractures of the knee and elbow. His 64-year-old wife was treated for a badly broken right leg, several fractured ribs and a broken nose.

Number of Jobs in U.S. Sets Record

WASHINGTON (INS) — The government reports national employment in September was at a record for the month and average earnings of factory workers was at an all-time high.

Despite a drop of 700,000 jobholders, there still were 65,071,000 at work, nearly 1 1/2 million more than a year ago. There were 1,998,000 jobless, a decline of 200,000 since August.

The Labor Department said average hourly earnings for factory production workers reached the two-dollar level for the first time and average weekly earnings rose to a record \$81 in September.

The joint Labor-Commerce Department monthly report of employment, which verified estimates disclosed by President Eisenhower a week ago, said the total unemployment rate was 2.9 per cent of the labor force.

Widow Found Slain in Car

Californian Tells Police Woman Was Killed in Struggle for Gun

PASADENA, Calif. (U)—The body of a pretty red-haired widow, a bullet fired into the back of her head, was found yesterday in the trunk of an expensive car.

An insurance man told police he put it there Tuesday night and has been "driving around aimlessly ever since trying to make up my mind what to do."

Officers said Walter G. Brochert Jr., 45, telephoned them early today and told them of the body after being advised to do so by his attorney.

Detective Capt. Carl A. Lindholm said Brochert told this story: Last Tuesday he and Mrs. Mary Dorothy McCully, 31, with whom he had been keeping company, had a quarrel while parked in his car near the Rose Bowl.

She grabbed a .32 revolver he kept in his glove compartment. They struggled. The gun went off accidentally during the struggle.

"I became frightened and didn't know what to do. I put her body in the trunk. I've been driving around aimlessly ever since trying to make up my mind what to do."

Early today he called a friend, private investigator Jack Fagg of West Covina, and told him the story. Fagg advised him to call his attorney. The attorney told him to call police.

Mrs. McCully's body, clad in an expensive gray suit, was found in the trunk. Police said she had last been seen Tuesday evening by a baby sitter she engaged to tend her 4-year-old son, Tony.

Prince Linked to Dope

ROME (INS)—Italian police have issued an order for the arrest of socialist Prince Augusto Turcotte in connection with an alleged dope ring operating in Rome's smart set. Turcotte's whereabouts were not disclosed.

Johnny Learns Truth, He'll Never See Again

ATLANTA (U)—Five-year-old Johnny Pair knows now that he must live the rest of his life in darkness.

But he's taking the grim news calmly, learning to feel his way about, riding his tricycle, and playing to the best of his ability. Johnny's cancerous right eye was removed Monday two years after the left eye was taken out in an effort to stop the spread of the malignancy. No one wanted to tell Johnny that he could never see again.

Yesterday his mother, Mrs. Bessie Pair, took him to Grady Hospital to have the bandages changed and the doctor decided it was time Johnny knew.

"The eye was sick and I had to take it out to keep you alive," the doctor said. "When I take this bandage off, don't open your eye because you won't be able to see, Johnny. You won't ever be able to see again, but you'll be all right."

"It's a great relief for me," said his mother. "I had dreaded what might happen when he was told he was blind. But he took it like a little man. I hope he understands. I believe he does."

Mrs. Pair said the doctor told her to "let Johnny do everything as usual — or at least let him try to do the things he is used to." So when Johnny returned home, his mother let him ride his tricycle, go down the sliding board in the yard and play with some of the neighborhood boys. But she kept watch on him all the time.

Attacks Eden for Lack of Direction in Policies

LANDUDNO, Wales (INS)—A Conservative member of Parliament assailed his party leader Prime Minister Anthony Eden today for what he called "an appalling lack of direction in foreign affairs."

But the party conference, in session at Landudno, adopted a resolution supporting the government's handling of the Suez crisis. Commons Member William Yates was referring to the Eden policy on Suez and Cyprus in his surprise attack.

Claims Government in Lansing Decrepit

FLINT (U)—Detroit Mayor Albert E. Cobo, Republican nominee for governor, charged in a speech here yesterday, "There's a complete breakdown in government in Lansing" and said "we can't take it any more."

He also charged Gov. G. Mennen Williams, seeking a fifth term on the Democratic ticket, "has been holding back the (state's) road building program" and said Wil-

liams has failed to use Michigan's natural resources.

If elected, Cobo said, he will seek to create more jobs "by a spirit of businesslike administration and cooperation," adding: "This can be done with just plain, sound governmental operations. I want to make this plain. To me it isn't a matter of getting more money for those not working."

"Let's grow the American way, not make them feel they're getting something for nothing."

Youngster Fails to Thwart Pal Fleeing Home

DETROIT (U)—Six-year-old Donnie knew 5-year-old Beulah shouldn't be running away from home like that so he took out after her. He caught her, but his four-foot, 50-pound frame was no match for her four-foot, 90-pound one, and Beulah had a yen to roam.

Donnie is the son of Mr. and

Mrs. Donald Rivard and Beulah is their boxer dog.

Donnie said Beulah didn't want to go home, so he followed, yanking to no avail now and then on her chain collar.

Police spotted a big dog and a small boy trudging along more than a mile from Donnie's home. So when Donnie's alarmed parents called an hour later the police knew where to start looking.

"I'm lost," Donnie told policemen. "I didn't want to come down here, but Beulah did."

Red Cross to Teach Class in First Aid

A course in first aid will begin at Oakland County Chapter of the American Red Cross at 7:30 p. m. Wednesday at the chapter house, 118 Franklin Blvd. Ralph S. Forman, chapter first aid chairman announced.

Mrs. Geraldine Roberts will teach. Further information may be obtained from the chapter house, Forman said.
