Trial for Jack Ruby Starts Monday With Selection of Jurors

DALLAS (AP) — Prosecution and defense in the Jack Ruby murder trial will begin Monday trying to select 12 fair and impartial jurors out of 900 Dallas County citizens.

Defense Attorney Melvin Belli says he feels the task is impossible. He says Dallas is saturated with prejudice against Ruby.

JACK RUBY

Ruby shot Lee Harvey Oswald, accused assassin of President John F. Kennedy, before television cameras.

★ ★ ★

Belli said that this prejudice may cause the rejection of as many as 200 jurors in a single day.

Dist. Atty. Henry Wade, who will seek the death penalty for the 52-year-old former strip joint operator, has repeatedly said he feels a fair jury can be found in Dallas.

Dist. Judge Joe B. Brown ruled yesterday that the true test of determining whether both sides can receive a fair trial depends upon the examination of the prospective jurors.

★ ★ ★

The judge withheld his decision on a defense motion to move the trial to another Texas city until prospective jurors have been questioned.

★ ★ ★

He said he had no idea how long this would take.

IN FIVE DAYS

Belli told newsmen the issue should be resolved in five days. He said that if a fair jury has not been selected by then, he would renew his moves to get the case transferred.

He said the defense planned a rigorous examination of any prospective juror who does not readily admit to conscious prejudice, and might spend as much as an entire day questioning one individual.

"The big problem here," he said, "is not just that everyone is prejudiced, but that Dallas is on trial. It is not that these people lack integrity, but this is a case where the city is on the defense and national magazines and publications have been talking constantly about hate within this city."

★ ★ ★

Judge Brown announced that beginning with Monday's quest for a jury, the Ruby case would be shifted to a much larger courtroom.

High Court Gets Plans for Redistricting

Dems Say 1 Man, 1 Vote; GOP Turns to New Constitution

LANSING (AP)—A Democratic redistricting plan which could allow four counties to control the legislature, and the Republican counterproposal, reached the State Supreme Court yesterday.

All four of the deadlocked Apportionment Commission's Republicans were agreed on their plan, which is based solely on the new Michigan Constitution.

The Democratic "one man, one vote" scheme calls the 1963 State Constitution self-contradictory and relies partly on the principle of "equal protection of the laws."

Submission of the two proposals set the stage for the high court to rule on reapportionment — required by the new constitution — soon after March 2, the date for final oral argument.

★ ★ ★

The Democratic plan raises the mathematical possibility Wayne, Oakland, Macomb and Genesee Counties could elect majorities to both the House and Senate.

MOST POPULOUS

The four neighboring Southeastern Michigan counties have more than 4 million of the 7.8 million Michigan residents counted in the 1960 census. They are the four most populous of the 83 counties.

The Democratic plan would give the counties a combined total of 60 seats in the 110-seat House and 20 seats in the Senate, which must expand from 34 to 38 members under any reapportionment plan.

The Republican plan would

★ ★ ★

Pentagon Tells Irregularities

WASHINGTON (AP) — The Defense Department reports it has found irregularities in the handling of accounts in the office of an aide to Secretary of Defense Robert S. McNamara.

The entire case has been turned over to the Justice Department's criminal division for study.

In response to questions, the Pentagon said yesterday that the irregularities had occurred in the budget and finance branch in the office of one of McNamara's administrative assistants.

★ ★ ★

It named no individual as being involved.

ON SICK LEAVE

The budget and finance branch has been headed since 1952 by John A. Wylie, 57. He has been on sick leave since Nov. 1.

Asked if Wylie had gone on leave voluntarily, the Pentagon replied:

"When the irregularities were discovered, he went on annual leave, but on presentation of a doctor's certificate the character of his leave was changed to sick leave."

★ ★ ★

Wylie's annual salary is $17,500.

★ ★ ★

The Defense Department declined to give any details of the probe.

SURROUND CLINIC — Greek soldiers fight their way into control of a Turkish stronghold set up in a clinic this week at Limassol on the Mediterranean island of Cyprus. British truce officials said that at least 16 Turkish Cypriots and one Greek Cypriot were killed in this encounter before an uneasy cease-fire was established.

Turks Ready Troops; Add New Danger

Talks to Greek Chief Hoping to Win Okay for International Force

ATHENS, Greece (AP) — U.S. Undersecretary of State George W. Ball pressed his Cyprus peace mission today at an urgent meeting with Greece's caretaker premier, John Paraskevopoulos.

Turkish military preparations added a new danger to the crisis.

Ball called on the premier a few hours after he arrived from Ankara, Turkey, in a whirlwind effort to win acceptance of an international police force free of U. N. control.

★ ★ ★

While the United States and Britain argued calm, Turkish warships carrying troops were reported to have left the south Turkish port of Iskenderun, less than 100 miles from Cyprus.

EYE INVASION

The reports prompted fears on Cyprus of an imminent Turkish invasion.

However, the Turkish chief of state, Gen. Cevdet Sunay, told Turkish newspapers the ship movements were maneuvers, rather than an invasion.

In London, British Prime Minister Sir Alec Douglas-Home called in top cabinet members to discuss the explosive situation, possibly including British reaction in event of a Turkish invasion.

★ ★ ★

Ball leaves for London later today.

GUARDED COMMENTS

Ball and the premier had only a few guarded comments after their meeting.

Ball said he had reported on his own impression of the Cyprus situation and the views of the Turkish and Cypriot governments.

In response to a newsman's question if the United States had entered the dispute at the invitation of Greece, Ball replied:

"All the guarantor powers asked us to interest ourselves."

Auto Sales Up Ten Per Cent

Increase is Recorded Over Period in 1963

DETROIT (AP)—The auto industry reported yesterday that sales in the first 10 days of February ran nearly 10 per cent ahead of the number of cars sold in the corresponding period a year ago.

The corporate reports of Ford, Chrysler and General Motors showed the Feb. 1-10 sales this year exceeded those of 1963. American Motors sales declined.

Dodge sales gains were the highest of any auto division, as it sold 8,284 cars — an increase of 41 per cent over the total attained in Feb. 1-10, 1963.

★ ★ ★

Other sizeable gains reported over 1963 Feb. 1-10 figures included:

BUICK SALES

Buick, 13 per cent ahead of 1963 and best since the corresponding period in 1957; Oldsmobile and Pontiac, 15 per cent ahead of last year; Lincoln-Mercury, 13 per cent ahead of last year.

Pontiac Motor figures showed sales of 11,250 for the Feb. 1-10 period this year, compared to 10,862 last year, while Tempest reported 4,882 compared to 3,106 last year.

Chevrolet division of General Motors showed a slight decline in the number of cars sold in the first 10 days of this month, but at the same time its truck sales set a new high.

Chevrolet sold 49,369 passenger cars and 11,855 trucks Feb. 1-10. Last year, the figures were 52,284 and 10,370. The previous truck high of 11,141 was set in 1960.

It's the Year for It

State Juvenile Bills Multiply

By RICHARD PYLE
Associated Press Writer

LANSING—To the Chinese it may be the Year of the Dragon but to the members of the Michigan Legislature, 1964 is becoming the Year of the Juvenile.

A little more than a month old, this session has witnessed what probably is the greatest and most varied spate of proposed legislation concerning junior citizens in the state's history.

The first three bills introduced in the House this year were proposals for youth camps for persons 17-21, job retraining and job upgrading for school dropouts and unemployed.

★ ★ ★

Since then, proposals directly concerning juveniles — and others which involve them in remote ways — have flowed into both chambers.

★ ★ ★

Overall, the juvenile bills and resolutions probably have received more attention from lawmakers and the press than proposals on any other subject.

VOTING AGE

Both chambers have resolutions to lower the voting age from 21 to 18, and each of these made headlines when it was introduced.

Much of the debate in the House has concerned bills affecting juveniles—one which would require drivers' licenses for persons under 21 to be a different color, another which would make teen drivers subject to the point system and still another to make parents liable for up to $300 in vandalism committed by their children.

There are bills pending to deal with juveniles smoking, driving cars, purchasing alcoholic beverages, carrying knives, and staying in school to the age of 18 or until they graduate.

★ ★ ★

In the House there is a resolution to set up a state committee with $90,000 to study the problem of school dropouts, which some experts believe lies close to the root of the delinquency and unemployment problems.

WHIPPING IDEA

One of the more publicized proposals to date was the bill introduced Thursday by Rep. Arthur J. Law, D-Pontiac, to subject juvenile delinquents to public flogging.

Still in the works is a bill which would outlaw drag-racing on public highways, something which—like many other

Russians Keep Lid on News of Defector

MOSCOW (AP) — The Soviet government has kept a lid on all news of the defection of Yuri T. Nosenko, despite its protest notes to the United States and Switzerland.

Soviet Foreign Minister Andrei A. Gromyko followed up the protests Friday by calling in U.S. Ambassador Foy D. Kohler to underline Soviet displeasure. But no word about the Nosenko case has been published here.

St. Louis Cheers LBJ Visit

ST. LOUIS, Mo. (AP)—More than 100,000 cheering, waving St. Louisans, and 86 civil rights demonstrators, turned out yesterday as President Johnson attended the city's 200th birthday celebration.

Police intercepted the demonstrators, took them to headquarters and ordered them home.

Later a man with a loaded 32-caliber pistol was apprehended at Lambert-St. Louis Municipal Airport where the presidential plane was parked. He was held for questioning.

Otherwise the President's trip to St. Louis was uneventful. The weather was cool but sunny. He shook hands, planted a tree, toured part of the city and named Stan Musial, St. Louis Cardinal baseball great, director of the President's physical fitness program.

In a brief speech to 5,000 students and others, the President waved his hand at the nearby university and declared: "The St. Louis area draws its strength from its fine colleges and universities."

★ ★ ★

After the talk Johnson strode through the crowd. There was some excitement when a wooden fence splintered, spilling spectators forward. But the presidential grin never broke, and uniformed ROTC students quickly formed a human fence.

FAIR DISCUSSION

In his principal address to an overflow crowd of 2,100 at a hotel Friday night, President Johnson said he welcomed a "fair discussion of honest differences" both at home and abroad.

On the civil rights question he said, "We cannot secure the success of freedom around the world if it is not secure for all citizens in our cities."

As he spoke the mass march started in nearby Forest Park, but it was halted five blocks short of the hotel. It was led by members of the St. Louis Committee on Racial Equality, an affiliate of the National Congress of Racial Equality.

GREETING HANDS—President Johnson was in St. Louis yesterday and gave many residents a chance to shake his hand. He was there to participate in the city's 200th anniversary. A security guard is mounted on roof at the airport where the President was greeted.

Scholle Raps Romney at Union Confab

By ALLEN W. PHILLIPS

Michigan AFL-CIO President August Scholle opened a labor seminar in Pontiac last night with a strong attack on Gov. George Romney and a plea for a revitalized labor movement.

Scholle designated Romney as the chief target of labor concern in Michigan at the "Spotlight on Michigan" conference at UAW 594 hall. This is one of a series of statewide conferences.

"He's on every side of every issue. He is the biggest political phony in years," the union leader said of Romney.

★ ★ ★

He termed Romney's unsuccessful attempt to secure a flat-rate income tax a device to "shift the taxes" onto lower income groups and proof that the governor "reneged on preelection promises not to raise taxes without fiscal reform."

"There isn't going to be much tax legislation this year because it's an election year," Scholle predicted.

AUGUST SCHOLLE

But he urged labor's vigilance, saying: "We have little, if any alternative, than to change the present provisions of our constitution to strike out the language that prohibits a graduated income tax."

Turning to possible changes in unemployment compensation laws, a major labor concern, Scholle cited a number of newly introduced bills as "another package of qualifications."

★ ★ ★

Admitting the Democratic-labor coalition faced a stiff Republican fight on both tax and compensation issues, Scholle said the best hope was a favorable majority in a reapportioned legislature coupled with a Democratic governor.

HEATED RESPONSE

This brought a heated response from a union member in the audience who said that the

Railroad's Hit by 2nd Blast

NEW SMYRNA BEACH, Fla. (AP)—A dynamite blast — the second this week for the strike-bound Florida East Coast Railway—tore into the underside of a freight train Friday night and ignited a propane gas tank car. A ball of flame shot hundreds of feet into the air.

Detectives were on the scene today, poking through flame-seared ruins for clues.

★ ★ ★

"Another sabotage, another attempted murder," FEC chief railway operating officer W. L. Thornton said of the blast that derailed a locomotive and 14 cars.

Last Sunday an FEC freight train was dynamited north of Miami, strewing the right of way and a canal with 30 of the train's 90 cars.

FIND DYNAMITE

And Wednesday night, four boys found 45 dynamite sticks hooked to the FEC tracks near Cape Kennedy at Titusville, where a southbound train was due. The lads disconnected the explosive charge minutes before the train whizzed by.

★ ★ ★

The site was a mile and a half from a government-owned spur track connecting the FEC with the Cape Kennedy moonport area where space navigation facilities are buing built.

★ ★ ★

The New Smyrna Beach blast was a doubled barreled detonation.

★ ★ ★

Officials at the scene, about 10 miles north of here, said there were two explosions. The first blast was detonated under the diesel locomotives and severed fuel lines. The second occurred under the 65th car of the 85-car freight.

SECOND BLAST

The second blast set off the tank car and caused the derailment of 14 cars.

"It looked like the world had exploded," said Florence Best, whose home is near the wreck.

★ ★ ★

Firemen hosed down burning freight cars and surrounding brush fires. They concentrated streams of water on a second derailed propane tank car to keep it from exploding.

A crewman reportedly suffered minor injuries when he jumped from the moving caboose. He was not identified.

50 STICKS

Constable Russell Galbreath said "at least 50 sticks of dynamite" had been used. The blast shook houses more than a mile away.

A similar dynamiting a few miles north of Miami earlier this month tied up rail traffic for several days and caused damage estimated at more than $250,000.

Hoffa Gets Acquittal on 1 Count

CHATTANNOGA, Tenn. (AP)—U.S. District Court Judge Frank Wilson today acquitted Teamsters Union President James R. Hoffa of one of four jury-tampering charges, but said he must begin his defense against three others Monday.

Wilson entered a directed verdict of acquittal to the charge, as requested by Chief Prosecutor James R. Neal, who said rulings of the court had prevented testimony needed to prove it.

"The court is of the opinion that the evidence of any connection of the defendant, James R. Hoffa, with the matters charged in the second count of the indictment is insufficient to warrant submitting said second count unto the jury with respect to the said defendant," said Wilson's order today.

★ ★ ★

Wilson overruled defense motions for acquittal on the other charges.

6 ON TRIAL

Hoffa and five others on trial with him since Jan. 20 are accused of seeking to tamper with the conspiracy trial jury at Nashville. That trial lasted nine weeks and ended with a hung jury.

The charge on which Neal conceded the evidence to be somewhat short involves an alleged $10,000 bribe offer to juror James C. Tippens, a Nashville insurance man.

The government charged the approach was made by Lawrence W. Medlin, a Nashville sandwich maker, with Hoffa's blessing.

★ ★ ★

Medlin was indicted with Hoffa last May, but will be tried separately.

GOVERNMENT RESTS—Teamsters President James R. Hoffa leaves federal court in Chattanooga yesterday with union lawyer William Bufalino (left) after the government rested its jury-tampering case against Hoffa. Judge Frank Wilson will decide over the weekend if Hoffa has to defend himself against three charges or four.

★ ★ ★

Nominations for the DSA may come from area citizens and should be sent to the Jaycee office in the Riker Building by Friday, Jan. 21.

Shelby Twp. Girl Dies of Fire Burns

A five-year-old Shelby Township girl died today of burns suffered Wednesday when her clothing caught fire as she played near a flaming rubbish pile.

★ ★ ★

Rebecca Barnes, daughter of Mr. and Mrs. Richard L. Barnes, 11069 Rhode, had been in critical condition since the fire in St. Joseph Mercy Hospital, Mount Clemens.

★ ★ ★

Police had reported 70 per cent of the girl's body was covered with second and third degree burns.

Bills Proposed for Juveniles

(Continued From Page One)

laws concerning juveniles—is covered only by local ordinances.

Some bills, such as the youth camp and job training proposals sponsored by Rep. Harry Demaso, R-Battle Creek, are fresh versions of legislation introduced in previous years.

★ ★ ★

Others, such as a bill to outlaw the purchase of cigarettes by persons under 17 or a bill which would make persons under 21 guilty of a misdemeanor by carrying knives, are manifestations of the times.

LAW ALLOWS

Rep. James Karoub, D-Highland Park, said he checked Michigan law as a result of the recent publicity about alleged links between smoking and lung cancer, and was "amazed" to find the law permitted minors to buy cigarettes.

The knife bill, according to its sponsor, Rep. William Romano, D-Warren, is inspired by recent attention given to teen-age extortionists and molestors in schools.

One veteran legislator who has noticed the increase in juvenile legislation is Rep. Russell Strange, R-Clare.

★ ★ ★

"Some years the big subject will be traffic safety, or mental health, for example," said Strange. "Our mental health waiting list is just as long this year, but you don't hear much about it.

"I guess the juvenile bills—those which are the result of some rather extensive study—are politically popular."

St. Valentine Massacres: Murden-Suicides Kill Ten

By THE ASSOCIATED PRESS

Two murder-suicides that took a total of 10 lives marred Valentine's Day yesterday.

In Athens, Ohio, Rudy Zamora, 20, a farmhand, sought in the slaying of four persons, shot and killed himself today as deputies closed in.

Zamora, a former mental patient said to be of Mexican descent, was believed to be the person who shot to death four members of a farm family and wounded two others late yesterday.

In Falls Church, Va., a mother, who underwent treatment several months ago for a mental breakdown, killed herself after shooting to death three of her four children, the youngest four-months old.

The surviving boy, 2, died this morning in a Falls Church hospital from a bullet wound in the head.

Police said the body of Judith E. Cox, 40, wife of the principal of the Jefferson Elementary School, had been found seated in a rocking chair in the basement of their comfortable, three-bedroom home in the Washington suburb.

★ ★ ★

In her right hand, police said, she held a 38-calibre revolver with all six shots fired. In her left hand were three notes, apparently scribbled in haste on the backs of old envelopes. She had been shot through the right temple.

Chief William Durrer of the Fairfax County police reported that three notes written by Mrs. Cox said she took the blame for the slayings and expressed fear she might have to return to a hospital for psychiatric treatment.

The slain children are Danny, 14; Laurie, 11; Joel, 2, and Timothy, 14 months.

Deputies were called to the two-story farm home about six miles west of Athens shortly after 7 p.m. after one of the wounded victims, Patricia Wildman, 22, made her way to the home of a neighbor, Glenn McDaniel.

★ ★ ★

Danny Pierce, 6, nephew of Patricia, also was wounded and escaped. Danny had been shot with a .22-calibre rifle, all the others with a shotgun.

FIND BODIES

Officers who entered the Wildman home found the bodies of W. M. Wildman, 57; his wife, Mildred, 60; their son, Eugene, 14; and Geneva Pierce, about 26, the dead couple's widowed daughter.

Also found were Dean, 2, and David Pierce, 3, sons of Mrs. Pierce, who had not been harmed.

Nab AWOL Soldier in Farmington Twp.

A young AWOL soldier was apprehended yesterday afternoon in a Farmington Township home by police from two departments.

Farmington city and township police picked up Roger Sterling, 19, formerly of 33505 Grand River, Farmington, about 2:30 p.m. at the home of a relative at 22113 Springbrook.

City police said the soldier had been AWOL since Jan. 5, from Fort Knox, Ky. He was turned over to Army authorities.

Gay 90's Ice Show Is Feb. 29

BIRMINGHAM — Some 180 children and 20 adults will take to the ice Feb. 29 to present a skating version of the "Gay 90's."

The Recreation Department's eight annual ice show will be the climax of the skating season in Birmingham.

The Eton Park municipal rink on Lincoln just east of Eton will be the scene of the evening show, scheduled to start at 7:30.

★ ★ ★

Included in the cast are children who participated in the skating instruction classes offered by the Recreation Department and adult members of the Birmingham Recreation Department Figure Skating Club.

SHOW SETTINGS

Gay 90's backgrounds built and renovated by the Department of Forestry will provide settings for the solo, duet and group numbers.

On specially colored ice, each number will be completely costumed, choreographed and stage lighted.

Previously produced with no budget, the show this year has been alloted $200.

Backgrounds will authentically portray Birmingham in the 1890's. Store fronts will include the Nixon General Store, the National Hotel and the shop of James M. Clement, horseshoeing and general blacksmith.

ELECTRIC TROLLEY

A full-scale replica of an electric trolley which ran between Pontiac and Detroit will complete the settings.

On-ice props are full-sized wishing well, bridge and old-fashioned sleigh and a steam engine, about one-quarter actual size.

Guest artist for the show is Duane Maki of Detroit, who placed second in the junior men's division of the national figure skating competition in Cleveland.

The show will consist of four group numbers, five soloists, four duets, a comedy routine and Maki's number.

FOOTBALL ROUTINE

Among the group numbers will be beginning skaters in a football-cheerleader routine, beginning figure skaters in a military act, advanced figure skaters appearing as turn-of-the-century bathing beauties and skating club members in a Gibson girl waltz.

Television personality Mrs. Lee Murray and Darrel Middlewood, superintendent of forestry and parks, will be commentators.

Tickets can be purchased only at the Eton rink .

City Police Checking 2 Armed Thefts

Two armed robberies were under investigation today by Pontiac police.

Patrick Roberts, 18, of 471 S. Edith reported he was robbed of $45 while walking on East Wilson between Goings and Sanford at 9:50 p.m. yesterday.

Roberts suffered cuts on the cheek and neck while wrestling with the bandit, police said. He was treated at Pontiac General Hospital.

Vernard W. Jones, 22, of 3071 Greenwood told police he was robbed of $5 by a man who jumped into his car as he slowed down for the traffic light at Orchard Lake and Bagley at 3 a.m. today.

Jones said the man threatened him with a knife.

Injured Aerialist Anxious to Renew Her Trapeze Act

MADISON, Wis. (AP)—Mary Lou Lawrence fixed her eyes on the girl in the glittering custume riding the swinging circus trapeze high above the crowd.

★ ★ ★

The tiny, red-haired girl wished she were up there, too, as she watched the opening performance Friday of Madison's Shrine circus.

Just a year ago in Madison, Mary Lou was the show's star attraction when she lost her grip on a trapeze bar and fell 35 feet to the concrete floor.

MARY LOU

NEVER FORGET

"I'll never forget it," she said, "it was the opening performance here—on Feb. 15."

Friday she was a spectator instead of a star, and sat in the stands. But she plans to return soon to the trapeze act—and again she will work without a net.

★ ★ ★

"I see my doctor on Monday and maybe he will tell me I can go back to work," said the 27-year-old aerialist.

After the fall, Mary Lou spent three months in a Madison hospital recovering from a skull fracture and a broken collar bone and rib.

RETURNED HOME

Then she returned to her Crown Point, Ind., home. Since November, she has been allowed to practice for her return to the circus. She has had several workouts on the high, swinging trapeze.

"It's impossible to keep her down," said her mother, Mrs. Louis Lawrence. "You just can't do it."

Mary Lou said it didn't bother her to return to the same arena in which she nearly died.

"I'm just happy to be here," she said. "I just wish I was back up there working."

ASKED AUTOGRAPH

Mary Lou is a celebrity in Madison. During the performance men, women and children trooped over to talk or get her autograph.

★ ★ ★

"You know we're probably a bunch of hard-boiled men," one Shriner told Mary Lou, "but we really prayed for you after that happened."

Mary Lou thanked the man.

"I was sorry I spoiled your show," she said.

Union Chief Issues Rap at Romney

(Continued From Page One)

national AFL-CIO itself needed reapportionment to equalize large and small local unions.

"I definitely am for this," stated Scholle. He blamed "practical politics" for some internal resistance.

This brought another unionist to his feet to charge that faulty thinking by labor's top leadership was causing a loss of control throughout the trade union movement.

"I think there are some union leaders who have gotten too plush," agreed Scholle. "I don't see how you can be a good leader on a $75,000 salary," he said without naming anyone.

ADMONISHMENT

Then, indicating the 65 union representatives in the hall which could have held hundreds, he admonished: "This is what is wrong with labor today."

Scholle lamented that labor was losing its base of member support.

"I like to feel their breath on my neck when I'm out in front fighting for them, but I can't do as much when they're straggling behind."

Turning to criticism that organized labor has outlived its usefulness, Scholle was adamant: "There's one organization that symbolizes progress in America, and that's the labor movement. What would we do without it?"

The AFL-CIO conference today will turn to discussions of political action in 1964, medicare, ADC-U and civil rights.

Attending are union delegates from Oakland, Livingston, Genesee and Lapeer counties.

It was Lapeer County's first traffic fatality of 1964.

GOP Campaign Grows Hotter

By The Associated Press

LEBANON, N.H. (AP)—Gov. Nelson A. Rockefeller has begun to cast off the role of underdog in the New Hampshire primary campaign.

The New York governor said his campaign had received an important boost in an intensive, three-day campaign swing that ended Friday night.

Rockefeller said that if things keep going the same way, he will break into the lead, although he had entered as "a decided underdog."

RADIO INTERVIEW

He made these comments in a radio interview at Lebanon at the end of a 15-hour day that took him through 16 communities.

The governor also said:

1. "It would be "completely unrealistic" to think that the Republican party would nominate Sen. Barry Goldwater of Arizona on the basis of his present conservative views.

2. The candidate chosen would have to agree to support a platform in accord with "the mainstream of American thinking."

3. There will be a clear trend toward one candidate by the time the GOP National Convention opens in San Francisco July 13. He does not see any possibility of a dark-horse nominee emerging at the convention.

4. While there are several candidates entered in the New Hampshire primary, the one with the most votes will be the winner, and the results will be significant

Rockefeller returned to New York aboard a chartered plane. He went directly to his Fifth Avenue apartment, carrying in a brown paper bag a heart-shaped box of chocolates he had purchased in a Lebanon grocery store for his wife, Happy.

NEW YORK — Richard M. Nixon says President Johnson should call a meeting of Western leaders "as quickly as possible" to deal with the question of trading with Communist countries.

"It doesn't make sense for us to have one policy and our allies to have another," the former vice president said Friday before boarding a plane for Miami.

The trade situation, he added, presents an opportunity for Johnson "to take the leadership in dealing with the Cuban problem."

CONVINCE ALLIES

"It would be foolish (for the United States) to set up a direct economic blockade of Cuba unless we convince our allies to go along with it," Nixon continued.

"The same argument applies to Asia where our allies are going in all directions. We need a common policy there."

PHOENIX, Ariz. — Sen. Barry Goldwater talks dollars and cents today with the financial high command of his campaign for the Republican presidential nomination.

★ ★ ★

Winding up a week of campaigning in the West, Goldwater was to get a progress report from his campaign finance committee at his hilltop home overlooking Phoenix.

The Arizona senator has said he expects his campaigns in the five presidential primaries he is entering — New Hampshire, Illinois, Oregon, Nebraska and California — will cost $2 million to $2.5 million.

WILL CONFER

Sunday the senator flies to Chicago to confer with his state campaign directors. Forty-two of them have been invited to meet with the candidate and discuss coordination of their efforts to win him the Republican nomination.

WITH SEN. SMITH IN NEW HAMPSHIRE — Sen. Margaret Chase Smith of Maine winds up a week-long tour of New Hampshire today, expressing confidence and talking of jeopardizing her unblemished record of Senate attendance to campaign more intensively.

★ ★ ★

Mrs. Smith campaigned this week for Republican votes in the March 10 New Hampshire presidential preference primary, without ever saying she was running for anything.

Her campaign manner was as casual as a back-fence chat with a neighbor.

ON SCHEDULE

Visits in Nashua, Jaffrey, Fitzwilliam and Keene were on the schedule before she flies back to Washington late today.

Commission Hopefuls Reflect Local Concern

What better indication could there be that the citizens of Pontiac are aroused about their city government?

A record number, 30, have filed petitions, including five incumbents who served the entire preceding two years. Only former Commissioner MILTON R. HENRY, who resigned, and CHARLES HARMON, who declines to run again, will be missing from the scene.

The large number of candidates means primary elections March 2 in six of the seven city districts. Only District 3 Commissioner William H. Taylor and his opponent, Sam Gabriel, are on the April ballot without a fight.

Several of the candidates have served the City previously on the commission. Some of those who have placed their names on the ballot have never run for office, but have shown a sincere desire to help their city.

All of them run knowing that if elected, they will spend many hours away from their families and friends, doing the business of the City.

They must realize that all the decisions they make will not be popular, and that some residents will take exception, and complain.

All of them know that Pontiac, by its charter, has a "manager-commission" form of government. Under this, the city manager handles the day-to-day operation of the City, and the commission sets the policy.

City residents unhappy with the way Pontiac has been run for the past two years have the opportunity to reject the men who are completing their terms.

Supporters of the present commission majority also have their chance.

Let's hope we have a clean election. The future of Pontiac is at stake.

County May Have Two Running for Governor

Oakland County's GEORGE N. HIGGINS has developed a yen to step into the political arena once more. News dispatches say in a couple of weeks he will make up his mind whether to challenge GEORGE ROMNEY for the GOP nomination for Governor.

★ ★ ★

Mr. Higgins will be facing a very formidable opponent and one who will run as an incumbent. This newspaper is going under the assumption that the current Governor definitely will be a candidate for reelection. He said at the outset that "cleaning up" was more than a two-year job and we believe he was right. He owes the electorate one more term in Lansing. If Mr. Higgins does step into the race we will see two relatively close neighbors here in Oakland County contesting for the nomination.

★ ★ ★

No one has placed an evaluation on HIGGINS' Democratic leaning a few years ago, but voters are afflicted with relatively short memories, and it probably won't handicap him materially. Mr. HIGGINS has a splendid personal record of service in Lansing and is an estimable, honorable gentleman of fine business experience and attainments in his own right. His record for helping deserving young men through college is something he never discusses, but it is outstanding in the Nation.

★ ★ ★

At the same time, incumbent Gov. George Romney is no mean antagonist. He wrested the gubernatorial job from the Democrats after they had held it some fourteen years. Already he has taken commendable strides toward cleaning up the mess that placed Michigan in financial embarrassment, and he has done much to clear up the unfortunate name we had across the entire Country and even on the other side of the ocean.

★ ★ ★

There is always an advantage in having two strong men contesting for the same office, but with ROMNEY ensconced in the driver's seat, it looks as though our good friend Mr. HIGGINS should seek a more propitious time—or spot.

Allies Stumble Over Dollar Sign

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — Two allies stumbled over the dollar sign when President Johnson and British Prime Minister Sir Alec Douglas-Home met two days ago and then issued a rather uncommunicative communique.

MARLOW

It was at a news conference afterwards that Douglas-Home revealed he and Johnson had failed to agree with trading with Communists or, rather, not trading. The communique didn't mention that.

The point he made — business is business — illustrates as well as anything, probably better than yards of speeches and a dozen games of diplomatic shuffleboard, the changing temperature of the cold war.

The Briton, explaining that his country opposes a ban on business deals with a Communist country just because it is Communist, said he declines to stop British trade with Fidel Castro's Cuba.

This country, wishing it could tie Castro in an economic sack away from everybody, has been irritated because Britain, and France, too, are selling Castro buses, trucks and tractors.

★ ★ ★

Since they will help him survive, the United States looks on this as a form of aid. But this country is in a bit of a contradictory position on this.

IN U.S. BACK YARD

It wants to shut off aid to Castro, who is right in America's back yard, but it is willing to sell $250 million worth of U.S. wheat to the Soviet Union which has had a real shortage of it. President John F. Kennedy authorized this last year.

He took the position that the Russians could get the wheat anyway because other countries, including allies, could sell it to the Soviet Union.

Douglas-Home stated the British position this way. His crowded country needs to trade to live. It doesn't discriminate against Communist countries in selling them peaceful goods, but it won't sell them materials for war.

He added something he had said before. The more comfortable a Communist is, the less fanatical he is likely to be.

LIKE IT OR NOT

So, whether the United States likes it or not, its allies, and no one of them more than France, will not only sell to Communist countries but try to step up their business, as France is doing.

This scramble for trade with Communist countries, with goods which build their economy and help them flourish, indicates an increasing lack of fear in the West about Communist aggression and world war.

This mood has been building up since Soviet Premier Khrushchev backed down in the Cuban missile crisis in 1962. The more the allies do business with the Communists, the more it seems likely this country will want its share.

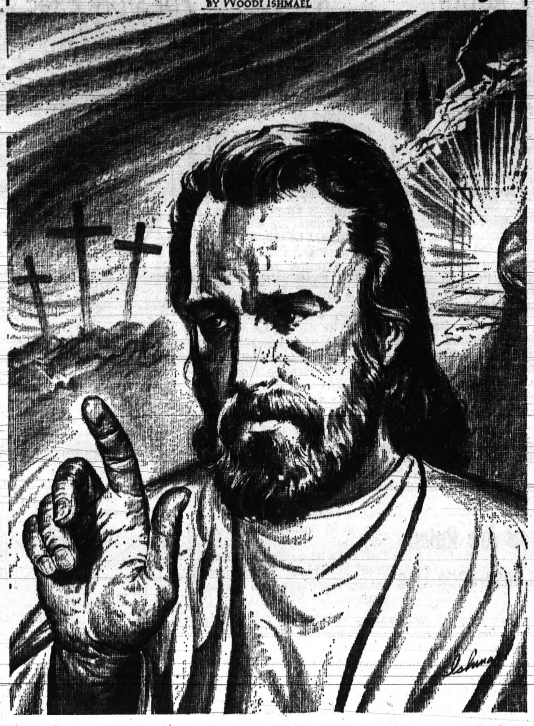
The Lenten Story

BY WOODI ISHMAEL



THE PASSION IS PREDICTED

Passing through Galilee one day, Jesus told His disciples about the incredible events that lay ahead.

"The Son of Man is to be delivered into the hands of men, and they shall kill Him; and after that He is killed, He shall rise the third day."

Thus, Christ predicted His own death and resurrection, but His followers did not understand. And, as Mark tells us, they were afraid to ask Him to shed further light on the dark and terrifying future.

Days of All Faiths:

Persuasive Letter Freed Slave

By DR. HOWARD V. HARPER

If you can get hold of a copy of J. B. Phillips translation of the New Testament, and you can easily get one in almost any library or book store, read his version of St. Paul's Epistle to Philemon. It is one of the world's greatest examples of a persuasive letter. No Madison Avenue copywriter ever came anywhere near it.

The story behind it is a dramatic one. A slave named Onesimus, in Colossae, had robbed his master and fled to Rome. There he must have gotten in jail on some small charge, for he met St. Paul, who was at that time a prisoner.

Paul converted him, baptized him, and sent him back to Colossae to face the music — equipped, however, with a letter that only a very hardhearted master could ignore. The letter did its work. Philemon not only forgave and pardoned Onesimus. He freed him and sent him back to St. Paul.

★ ★ ★

It appears that Onesimus spent a good deal of time on the road between Rome and Colossae. As soon as Paul had trained him sufficiently he sent him, with a man named Tychicus, back to Colossae again as his own representative.

Colossians 4:7-9 says, "All my state shall Tychicus declare unto you . . . whom I have sent unto you . . . with Onesimus, who is one of you."

This is all we really know of Onesimus, but tradition adds that he later became Bishop of Ephesus, was brought in chains to Rome and stoned to death there, and his remains were taken back to Ephesus for burial.

The name Onesimus means "useful," an appropriate name for a slave, although it must be admitted that this Onesimus was more useful to St. Paul as a free man than he was to Philemon as a slave.

DID ST. PETER HAVE TWO CHAIRS?

Feb. 22 is the Feast of St. Peter at Antioch. Jan. 18 was the Feast of the Chair of St. Peter at Rome, which was followed by a week of prayer for Church Unity.

Does this mean that St. Peter had two chairs? Does it mean that in his pre-Roman days he set up official headquarters at Antioch? This would imply that Antioch therefore should take precedence over Rome.

Furthermore, next Saturday's festival is known to have been observed at least as early as 354, while the January one is not heard of until 704.

★ ★ ★

What is the answer? Roman Catholic scholars clear it up as follows:

The festival on Feb. 22 was celebrated first, not only in Antioch but in many places. It was not a veneration of a wooden seat on which the Apostle sat, but rather a commemoration of the beginning of Peter's episcopate IN ROME. It just happened to originate in Antioch.

The phrase "in Antioch" refers to its origin, not to another chair. It was set on Feb. 22 in an effort to displace the great pagan Parentalia, "the festival of dead relatives," which was held at this time of year.

As the old pagan celebration faded out, and as Lent began to develop into a long season, Feb. 22 frequently fell in Lent. The feast of the Chair was therefore moved to Jan. 18, the first date that could not possibly conflict even with the pre-Lent season.

But — although they set up a new date, somehow they did not drop the old one. The result is that there are now two Chair festivals. Neither, however, is about the chair itself; both are about what the chair stands for.

Why do Negro citizens continue to support the Democratic Party when it keeps them from freedom? The Southern politicians are Democrats and see how little freedom the Negroes have there. Thank God the North isn't run completely by Democrats.

You don't see any Republican governor blocking the doors of a university against a Negro student or a Republican police chief using dogs and fire hoses against Negroes. Yet Negroes must approve these tactics or they wouldn't elect people who do these things.

'Navajo Indians Need More Hospitals'

What "L.J.T." said about the Indians is so true, but there is so much more. In the Navajo nation alone, there are 900,000 people and not one hospital. Missionaries take care of these people in one-room clinics. At Lukacukia, Ariz., there is a five-bed hospital being built. My husband and I are taking a load of equipment we've gotten from our doctors and hospitals here. It's time food markets realize that the housewives are not suckers with these gimmicks put out for publicity and more business. We have an idea that the main idea is to hold back printing of one word in a four-word slogan, etc., just to get the food buyers back three or four times a week.

If these contests were run for a shorter period, with an equal amount of words printed, the grocers would have the same number of winners, more happy customers and less frustrated housewives.

'Should Promote Assistant Coaches'

Now that Bob Dingham has resigned as football coach at Pontiac Northern to take a new coaching position in Lansing, may I suggest the board of education consider hiring one of the ablest assistants already in the Pontiac system?

Pontiac has some fine assistant coaches who are respected by students and faculty and are more than qualified to assume the duties. A system that promotes from within its own ranks hires the best at all levels and then grooms its assistants for advancement. A good start was made when Fred Zittel took over as varsity basketball coach at PCHS after a fine apprenticeship under Art Van Ryzin.

Writes on Birmingham Boys' Suspension

Birmingham is producing a national dilemma; high school dropouts. Aren't there enough dropouts without an educational institution contributing more? Birmingham has suspended a group of boys for twenty days for association in an allegedly illegal group.

This suspension is causing several boys to fail the year. It is keeping several from graduating, also. A few of these have reasoned that since they are failing, there is no sense in returning to school. Is not a school board set up to educate rather than instill a hatred of school in pupils?

White Collar Workers Getting AFL-CIO Pitch

WASHINGTON (AP) — The AFL-CIO, faced with alarming membership losses in its industrial unions, is embarked on a major effort to gather up the unorganized 14 million white collar workers.

* * *

It's potentially a fertile field—made up of teachers, government employes, clerks and office workers of all kinds—and is larger than the AFL-CIO's entire membership of some 13.5 million.

But the big union has run into resistance and one major reason is "snob appeal," according to an article in the Labor Department's monthly Labor Review, and an AFL-CIO spokesman agrees.

ONE REASON

"Snob appeal is definitely one reason," the union spokesman said, "but it's fading as fast as the boss puts machines into the office and the white collar worker becomes just another machine operator."

The Labor Review article, by Albert A. Blum, lays the blame at labor's own door for its past failure to organize the man who goes to work in white collar and tie.

"First, unions did very little. Second what they did was wrong. Third they did it too late," says Blum, assistant to the director of Michigan State University's school of labor and industrial relations.

He cited examples of union organizing literature that told white collar clerks that they weren't earning as much as janitors.

APPEALS BACKFIRED

Such appeals backfired, said Blum, because of snob appeal.

The AFL-CIO concedes its difficulties in organizing white collar workers, but believes that automation in the office with mounting job security fears is driving workers into the arms of labor.

* * *

Apparently aware of its past mistakes in approaching the white collar worker, the AFL-CIO no longer simply tells him he isn't earning as much as the organized janitor.

The appeal now, the AFL-CIO spokesman said, is that union membership gives "a sense of dignity; that the worker is not just a faceless clock card number."

HOW IS DRIVE

How is the white collar organizing drive going now?

"White collar organizing is increasing, but not as fast as we would like it to," the union spokesman said.

Military Space Flights?

COLLEGE STATION, Tex. (AP)—Dr. Wernher Von Braun, director of the space flight center in Alabama, says the United States needs to send 60 to 100 astronauts into space before it can evaluate the military importance of manned space flight.

All Week Demonstration On Old Masters

Les Hudson

Anything that can be painted can be changed to take on the appearance of rich wood grain, of age-old antique or beautiful marble. The process is so simple a child could do it. Yet the realism you can achieve with **Old Masters** will amaze and delight you. The grand part about achieving these effects is that you **don't have to remove the old finish.** This means no scraping, no bleaching, no staining, and no special tools are required to obtain any of these effects. Any piece of furniture that doesn't fit its surroundings or woodwork that doesn't fit the decor can be easily changed to complement its setting. The oddest assortment of furniture and finishes can be made to look as though they belonged to each other.

WOMEN'S SECTION

At First Christian Church

World Day of Prayer

About 100 women gathered Friday at the First Christian Church, West Huron Street, for the 78th World Day of Prayer. Women of the hostess church presided at a coffee hour preceding the meeting.

Mrs. A. W. Hersee, using a collection of bells from all over the world, listed the countries that had requested prayers. She also presented the meaning of the day.

★ ★ ★

Dr. Madeline Barot of the World Council of Churches, Geneva, Switzerland, wrote the material "Let Us Pray" that was used everywhere the day was observed.

One hundred and fifty areas on six continents were at prayer sometime during the twenty-four hour period.

Mrs. Norman Thompson and Mrs. Robert Adams provided the music.

★ ★ ★

Cochairmen of the Pontiac prayer day were Mrs. John Appleton and Mrs. Robert Seckels.

Offerings made on World Day of Prayer help sustain women's colleges in Asia and Africa; provide Christian literature in many parts of the world; lend assistance to migrant programs; and help foreign students who come to American colleges.

Announce Birth

Mr. and Mrs. Donald C. Balzarini (Carol Donaldson) of West Lawrence Avenue announce the birth of a daughter, Mary Angela, Feb. 2, in Pontiac General Hospital.

She Got in Double Trouble With Wedding Suggestion

By ABIGAIL VAN BUREN

DEAR ABBY: I made what I thought was a good suggestion and it started a whole family fight.

My daughter recently got a diamond ring and plans to be married this summer. My sister's daughter announced her engagement New Year's Eve, and she plans to be married this summer, too.

ABBY

When I mentioned to the other members of my family that I thought it would be a good idea if the kids got together and had a double wedding, they said if they had to buy TWO wedding presents they expected to go to TWO weddings.

And when I explained to my sister that we could save on flowers, music, food, drinks, etc., she said they could afford to put on their own wedding as they weren't in the poorhouse yet.

What'e wrong with my family? Or is it me? Next time I open my big mouth, I wish somebody would kick me hard.

MEANT WELL

★ ★ ★

DEAR MEANT: Your suggestion was motivated by your desire to get as much mileage out of a dollar as possible. So was their reaction. It must run in your family.

DEAR ABBY: I am engaged to a wonderful man. He is a European and his first name is difficult, but not impossible, to pronounce.

When I introduced him to my mother for the first time she didn't even attempt to pronounce his name. She simply said, "I shall call you John."

He smiled, good-humoredly, thinking she was joking but she has been calling him "John" ever since

I know he feels hurt, and I don't blame him. I think it's insulting. Don't you think my mother should learn to pronounce my future husband's name?

It has bothered me for several months.

BOTHERED

DEAR BOTHERED: Why the silent burn? Teach your mother to pronounce your fiance's name, and insist that she address him as such. (P. S. Why doesn't John speak for himself?)

Get it off your chest. For a personal, unpublished reply, write to ABBY, The Pontiac Press. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, The Ponbooklet, "HOW TO WRITE tiac Press, for Abby's new LETTERS FOR ALL OCCASIONS."

The Birmingham Branch of the American Association of University Women will present a fashion show Feb. 26 at 1 p.m. at the Cranbrook Auditorium. Fashions are by Jacobson's.

July vows are planned by Mary Jean Hurtik, daughter of the Jerry Hurtiks of Baldwin Road and James Evans Dani, son of Mr. and Mrs. Ivano Dani of Wayne. She is an Eastern Michigan University senior. Her fiance attends Cleary College.

No Aid for Traders With Cuba

WASHINGTON (AP)—In the news from Washington:

CUBA-AID: Informed sources have confirmed that the Johnson administration has drawn up plans to carry out a congressional directive to stop aid to any nation whose ships or planes carry goods to Cuba.

★ ★ ★

An official announcement was considered possible today.

Midnight Friday night was Congress' deadline for affected governments to take action to keep their ships and planes from trading with the Castro regime.

CASE BY CASE

Richard I. Phillips, State Department spokesman, said that "final decisions will be made on a case-by-case basis."

He noted that the law gives President Johnson authority to continue U.S. aid if he finds it is "important to the security of the United States."

Of 16 nations listed as having sent ships or planes to Cuba, Phillips said, only three — Greece, Turkey and Morocco — are getting any sizable U.S. assistance.

It was considered possible that the President would decide to continue aid to Greece and Turkey because of their important role in the North Atlantic Alliance.

ACTIVE TRADERS

The more active traders with Cuba—such as Britain, France, Canada, Japan, The Netherlands, Sweden, West Germany, Belgium and Luxembourg — receive no U.S. aid.

RANGER POSTPONED: As more or less expected, the National Aeronautics and Space Administration postponed indefinitely Friday of the seventh moon probe in trouble-plagued Ranger program.

The blastoff had been scheduled for the end of this month, but the space agency said the launching will depend on the current study of Ranger 6's failure to take television pictures of the moon's surface Feb. 2. It was the Ranger program's sixth straight failure, and agency officials acknowledged that it was a major one.

GUANTANAMO-PRESS: The Pentagon reversed its field and invited a pool of newsmen and photographers to fly to the U.S. Naval Base at Guantanamo, Cuba. They arrive today.

★ ★ ★

Only three days before the Defense Department had held that such a visit would not be in the national interest "in view of the situation between the United States and Cuba" but promised to review the matter daily.

Friday the Pentagon gave the go-ahead, and 14 newsmen representing wire services, newspapers, magazines, radio and television flew out of Washington to see how things are going on the base since Cuba cut off the fresh-water supply.

ASSASSINATION PROBE: The Warren commission plans to question Lee Harvey Oswald's brother, Robert Oswald, 30, Thursday in its investigation of the assassination of President John F. Kennedy.

Robert Oswald, who works for a brick company in Denton, Tex., has had nothing to say publicly about his brother's alleged murder of the president.

"I'll let the official record say whatever it wants when it comes out," he said.

ECONOMIC INDICATORS: The nation's employment and production statistics remained at a high level in January, although unusually bad weather pushed jobless figures up by some 700,000 over December.

This brought unemployment to 4.6 million. But the seasonally adjusted rate showed only a slight rise from 5.5 to 5.6 per cent.

★ ★ ★

The Bureau of Labor Statistics said "the employment situation at the start of 1964 reflected continued strength," despite the bad weather and post-holiday job cutbacks.

Total civilian employment for the month fell 1.4 million to 67.2 million, and about 700,000 persons left the labor force. The number of part-time workers reached an all-time high of 3.4 million.

Industrial production, meanwhile, edged slightly higher to 127.1 in January, compared with 127.0 in December. This means that January production was 27.1 per cent higher than the 1957-59 average.

Sinatra Jr. Denies Kidnap Hoax

LOS ANGELES (UPI) — Frank Sinatra Jr., completing two days on the witness stand, set the theme for the government's case against three men charged with kidnaping the young singer.

Under day-long cross-examination yesterday, young Sinatra repeatedly parried attempts of defense attorneys to prove their contention that he was aware of the incident and cooperated from start to finish. He denied emphatically that he kidnaping was a "publicity hoax."

Sinatra taken from his Lake Tahoe motel room Dec. 8 by two men — one of whom was armed with a revolver — and released on Dec. 11 after his father paid $240,000 in ransom.

★ ★ ★

In direct testimony and under cross-examination, young Sinatra admitted he was frightened but said he was under no physical restraint.

NO OUTCRY

Nevertheless, he did not make any outcry or try to escape during the auto trip from the Lake Tahoe area to a Southern California hideout.

But he admitted he told his captors he hoped they "would get away" with it. The defense is expected to hammer at this point further when Sinatra returns to the witness stand for more cross-examination Monday.

Sinatra said he was blindfolded by various means during most of his waking hours — during the 54 hours he was held — and could identify only one of the three defendants — Barry Worthington Keenan, 23 — as a kidnaper.

At one point, Sinatra said he reached an emotional pitch where he felt the kidnapers planned to kill him as soon as they collected the ransom.

This occurred while he was held in the hideout house in Canoga Park, a suburban area of Los Angeles. Two of the three men, he said, were present.

"I told them I was going to kill both of them and the only way they could stop me was by killing me," he testified.

He said nothing came of this discussion and he finally was released unharmed.

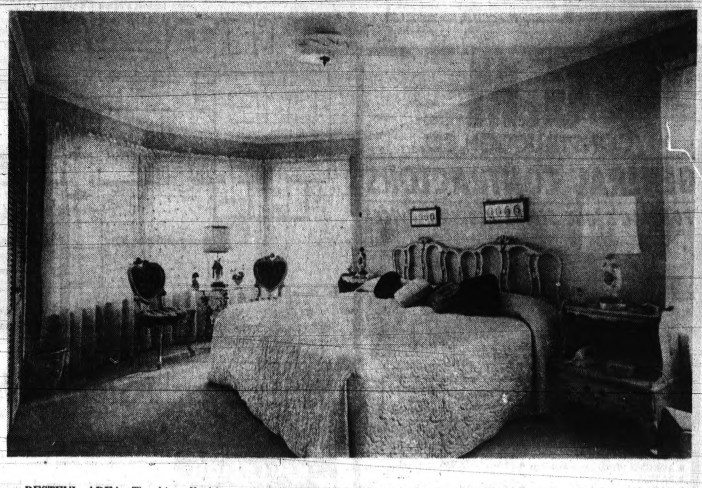
background for LIVING

RIDDLE HOME—This white wood frame home with its dramatic black shutters looks smaller from the outside than it really is. There's charm and warmth in every spacious room, and the house reflects the idea of the builder—a home, built for two.

Pontiac Press Photos



RESTFUL AREA—The big off-white quilted bedspread sets the pace for the master bedroom. The sweeping bay window at the far end makes this room look almost twice its real size. The furniture here is simple gold and white Provincial which complements the soft light blue walls and ceiling.

This Small Home Is Built for 2

If you like charm mixed with clean-cut individuality then step into the lovely small-type home of the Roy Riddles in Waterford Township.

This house-built-for-two on Edgefield is all gold and white with smatterings of light aqua and golds on the inside.

The living room is elegant, yet comfortable. The dining room is formal, yet warm and friendly and the sparkling kitchen is gay with a charm of its own.

★ ★ ★

That white shuttered kitchen has a nook at the end, where coffee sippers can look out windows on three sides onto a large yard that is carefully terraced and landscaped.

COLONIAL

In building the home the Riddles tried to keep the architecture authentically Colonial, but here and there are signs of French Provincial formality.

This is evident in the rushbottom white chairs and cherry topped table in the dining room. A sandstone marble commode refinished in antique white and gold completes the picture.

The master bedroom, too, has that Provincial look with delicate blue walls, white Swiss embroidered curtains and off-white spread on the giant bed.

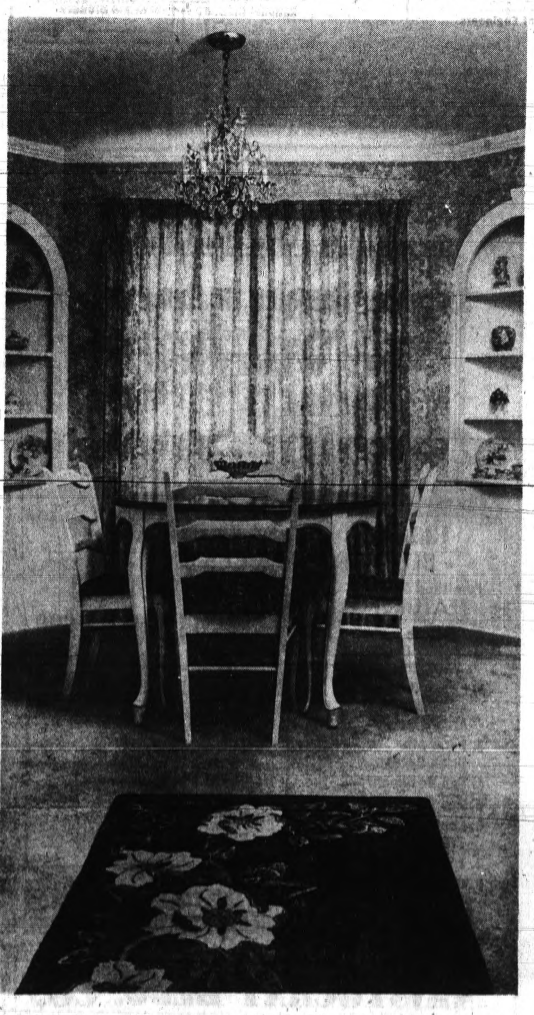
★ ★ ★

The outside of the house has a Cape Cod look, with a wrought iron breezeway leading to the unattached garage.

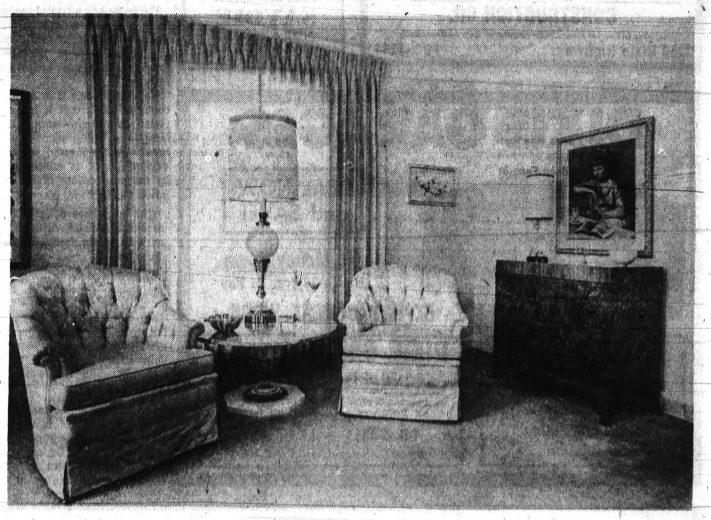
In the back, a small bank is held up by ledgestone in a wide sweeping curve.

★ ★ ★

In the summer, the Riddles practically live on the large patio off the kitchen — in complete privacy from their next door neighbors.



INVITINGLY BRIGHT — Wallpapered in shades of soft aqua-blue with sparkling white enamel wainscoting, the formal dining room with its charming corner cupboards provides a perfect background to display Mrs. Riddle's hobby, hand-painted china.



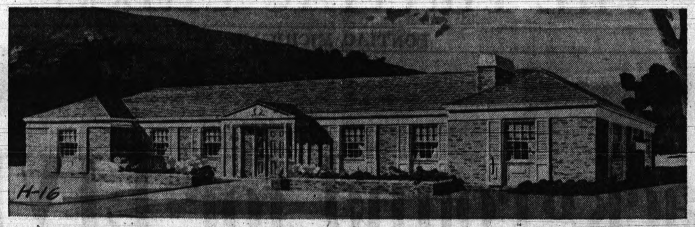
CONVERSATION AREA — The light beige draperies that match the carpeting are delightful backgrounds for these two big tufted barrel white chairs. The big gold and white lamp sets on an imported marble table between the chairs and the commode with its colorful oil painting, above, are bold contrast to the room's formality.

COFFEE BREAK — This is a favorite spot for that morning coffee break for Mrs. Riddle and her friends. The white shutters on the three big windows are seldom closed, but sometimes the sun "just gets too bright," said the genial hostess. Her father, Joseph Chapman now 80, designed and built this charming two-people home.

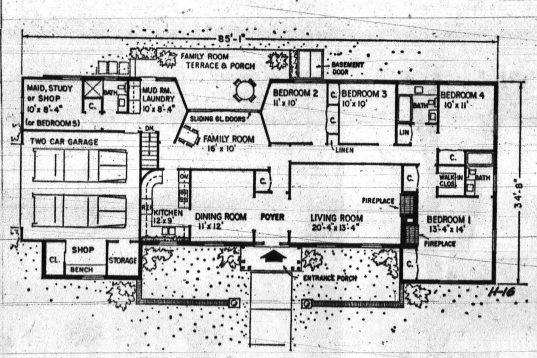
Clean Furnace Filter, Save on Heating Bill

You can heat the house through a dirty filter, but it will cost you extra dollars to force warm air through the clogged mesh.

While you're changing the filter, it's a good idea to vacuum out the filter compartment so that you start the season with a clean filtration system.



STATELY ELEGANCE: This handsome four-bedroom home of empire design has a facade which implies interior elegance. This the house has in full measure; but it also contains a comfortable and informal family activity area perfectly suited to modern living needs.



FLOOR PLAN: Not counting the garage and storage areas the house contains 2,055 square feet of living area in over-all dimensions of 85'1" wide by 34'8" deep. Exterior is of brick veneer with clapboards at the garage extension.

Statistics H16

A one-story home of empire design with four bedrooms, three baths which could serve as den or fifth family bedroom. Excluding garage and storage areas the house contains 2,055 square feet of living area in over-all dimensions of 85'1" wide by 34'8" deep.

It's Federal Requirement

Big Move Takes Cash

When the company that's moving you to another state tells you to have cash or its equivalent on hand to pay all charges when the van arrives, don't resent the demand as a reflection on your credit.

Interstate moving is regulated by the Interstate Commerce Commission and it is this federal agency that sets up this requirement.

All the charges involved in the move — transportation, packing, insurance and any storage costs — will be included in one bill which will be presented to you or your representative at your new home when the van arrives.

* * *

This bill must be paid either in cash, by certified check or by money order.

SOLE EXCEPTION

The single exception is when the move is being paid for by a company or corporation which has established credit, as when an employee is being transferred.

* * *

To have funds available for a normal, collect delivery, carry travelers' checks in an amount large enough to pay the cost of all the services you have contracted for, which sometimes are above the mover's estimate.

1-Story Colonial Home Has Charm, Convenience

A one-story colonial home would seem to be a contradiction in terms, but this exquisite four-bedroom house proves that modern convenience and traditional charm can go together quite nicely.

The house has a typical center foyer and hall separating the living and dining rooms, and the formal balance is maintained in the almost sculptured exterior.

Yet the balance is in no way contrived or forced. It is completely natural right down to the location of doors, windows and breaks in the facade, and the interior layout is unhampered by the rigid outline of the exterior walls.

The house was designed by architect Rudolph A. Matern as H-16 in the House of the Week series.

While its stately facade clearly implies graciousness and formality on the inside — and these qualities are included in full measure — Matern did not overlook the need for informal daily living facilities in these days of growing leisure time.

BOTH AREAS

In fact one of the main features of the house is the expertly integrated indoor-outdoor area in the rear; the combination of family room and recessed terrace porch which assures comfortable and expansive living, dining, playing or just plain relaxing.

Archtiectural trimmings, which Matern always employs with great restraint, are tasteful and discriminating both inside and out.

Two that deserve special mention are the deep-well planter between the sink counter and the front window in the kitchen, and the fireplace in the master bedroom. Both are included with a minumum of additional expense, and each provides a touch of glamour that gives homemaking a measure of excitement.

Excluding the garage and storage areas the house contains 2,055 square feet of living area in over-all dimensions of 85'1" wide by 34'8" deep.

ADDITIONAL DETAILS

The daytime activity area in this house is carefully arranged to provide free traffic flow and a clear separation of rooms and, at the same time, a maximum of step-saving convenience for the housewife.

The angled wall in the family room opens it to the kitchen just enough so it can be used as a breakfast room also. The kitchen is similarly convenient to the mud room and laundry, basement stairs, and garage entry.

And the kitchen itself is a model of efficiency, featuring a U-shaped work area and a curved counter which eliminates wasteful corner space.

A handsome fireplace, visible from the foyer, is the focal point in the formal living room. The room has an abundance of wall space for easy furniture arrangement, yet has plenty of ventilation with two windows overlooking the front garden.

The living room fireplace and the bedroom fireplace share the same chimney. Both also feature floor-to-ceiling brick with the fireplace opening offset.

* *

The fireplace isn't the only luxurious feature in the master bedroom. It also has a full bath, a spacious walk-in closet, and two oversized wall closets.

Family bedrooms are all well proportioned, well ventilated, and similarly well equipped with adequate closet space.

There is a linen closet in the bedroom hallway and a large linen closet in the family bathroom. The bathroom is designed for a large family — two lavatories and an extra large vanity.

* * *

Tucked away in a corner of the house is a 10' by 8'4" room which can serve as a den, maid's room or, in a pinch, a fifth family bedroom. A full bath is convenient, and two outside entrances (at the rear and in the garage) provide complete privacy.

The garage also is well designed with its own storage closets and a recessed area for a workbench.

New Masonry Paint Used Both Indoors, Outside

A formula incorporating titanium dioxide for maximum hiding power and a base of white Portland cement has been used for a new cement base masonry paint introduced by the Peerless Cement Co. under its Dike (R) label.

In keeping with newness of the product is the newness of its packaging — an easy-to-carry, easy-to-open hand bag with rip-open top.

Packaged in the convenient, moisture - proof 25-pound bags, the paint is available in either an extra fine grade (for smooth, faces) or a coarse grade (for open textured, cinder or lightweight block surfaces).

★ ★ ★

It can be used equally effectively indoors or out to seal any masonry surface to block, brick, against the ravages of moisture penetration.

GOOD FOR PAINTING

Used as a primer, Dike Masonry Paint provides a hard, uniform, moisture - resistant surface over which any suitable color coat of organic or inorganic paint may be applied.

Its dense, tight surface insures better coverage and color uniformity of the finishing material.

Used as a finish coat, its extremely white color and inherent hiding characteristics insure maximum beauty and satisfaction.

★ ★ ★

Coverage is approximately 250 to 300 square feet per bag.

Further information on Dike Masonry Paint and its companion products, Dike Concrete Patch and Dike Tile Grout, is available through the Peerless Cement Co., Division of American Cement Corp., 321 W. Lafayette, Detroit, Mich 48226.

Dread Clearing Snowy Drive?

Banish the Problem! Get Melting System

Do you dread winter because you hate the idea of clearing snow and chopping ice? Does a bout with the snow shovel leave you huffing and puffing?

If so, you can banish the problem forever by having an experienced plumbing-heating contractor install a snow melting system in the walks and driveway around your home.

The same hydronic boiler that heats your house, can probably be used to melt the snow and ice for you so that you can say goodbye forever to the snow shovel.

★ ★ ★

The first thing the contractor will do is check your house heating boiler for capacity. Chances are that it has the reserve heating power needed to melt snow. Most modern boilers have.

BOILER WATER

If this is the case, water from the boiler is piped to a heat exchanger.

The heat exchanger transfers heat from the boiler water to water which is circulated by means of a small electric pump through pipe coils embedded in walks and driveways. The water in snow melting systems is protected by an antifreeze solution.

Snow melting systems may be operated manually or automatically. If manually operated, the homeowner merely throws a switch when snow begins to accumulate.

★ ★ ★

If it is automatically operated, a thermostat controls the operation.

Sliding Doors Made of Glass Now Available

The spaciousness, light and livability offered homeowners by sliding patio doors, coupled with the protection and quality of tempered plate glass are now available at a new low price in Tuf-flex 200, introduced by Libbey - Owens - Ford Glass Company.

The new Tuf-flex 200 in a range of popular sliding patio door sizes is made from Parallel-O-Plate as well as Parallel-O-Grey and the company's recently introduced Parallel-O-Bronze for heat and light control.

It can be installed in sliding patio door frames now on the market.

★ ★ ★

Tuf-flex 200 is the result of an advanced tempering process, and it meets safety standards recently established by the Federal Housing Administration which require that all exterior doors having large areas of glass without visual barriers be tempered, laminated or wire glass of specified minimum thickness.

Steady Drip Stops Frozen Water Pipes

An ounce of prevention is worth gallons and gallons of cure.

That's what Richard Pfister, Michigan State University extension safety engineer, has to say about frozen water pipes and how to prevent them.

★ ★ ★

"Let the faucet drip about five or six times a minute, providing that ounce of water needed to prevent the freezing and eliminate the need for thawing," he said.

This will also help prevent fires. In the last five years, more than $160,000 damage to Michigan farms was caused by improper thawing of pipes, Pfister said.

Pipes are most likely to freeze in short sections near cold walls or windows, he said. If the water can be kept moving slowly through these areas, pipes are less likely to freeze. Wrapping these areas with insulation will help.

If the pipes do freeze, there are several methods of thawing them. One of the old standbys is hot water, he said. Try running hot water through a hose taped in contact with the frozen section.

Electrical heating tape can also be used, but it will get hot and cause fires if overlapped. Spirals of heating tape should be at least one inch apart, he said. Open flame torches should never be used to thaw pipes, as these methods are the real fire hazards.

If the pipes are underground, the only way to thaw them is by using a battery or welder, but this is no job for an amateur. A fact sheet, available from the Department of Agricultural Engineering at MSU or from your county Extension agent explains the details on thawing steel pipes with welders. The welder must be connected to the pipes for about 12-16 minutes to thaw a half-inch pipe, using 100 amperes.

"If the underground pipes are plastic, the only thing to do is make sure they are far enough underground," Pfister said.

"After they freeze, the only hope is for an early spring."

Whatever the method of thawing, make sure a faucet is open first, he warns. The water inside the pipe can turn to steam and break the pipe if there is no outlet.

House Needs Help Fighting Moisture

People who build or live in basementless houses should make sure that soil moisture stays where it belongs — in the ground.

That's the advice of scientists at the U.S. Forest Products Laboratory here, who recently completed experiments with materials and methods for protecting such houses from the decay hazard moisture can create in beams, joists, sleepers, sills, subflooring and other wood structural parts.

★ ★ ★

The scientists recommended use of moisture barriers on the ground under houses that are built on a concrete slab or on posts. Various materials are used as barriers.

At the end of World War II, 100 wartime German V-2 rockets were shipped to the United States. Sixty-eight of these were fired in varied experimental shots.

There's a Risk in Covering Over Old Flooring

QUESTION! We have strip vinyl on two floors.

Due to some remodeling that has been done, it is badly marked up.

We would like to change to vinyl tiles but don't like the idea of removing the old flooring.

Can we cement the new tiles directly to the strip vinyl and will it hold?

ANSWER: Any time you cement resilient tiles over old flooring laid over a regular wood floor, you risk the possibility that the previous material will come unstuck and take the tiles with it.

However, we have seen several such installations, made several years ago, and they are still in excellent shape.

It's a calculated risk, but will work if the old flooring is still solidly attached.

Nobody can tell you much about your particular case unless he makes an on - the - spot inspection and, even then, he can make only an educated guess.

One possibility is to drive several dozen nails, separated at fairly even intervals, into the old flooring, being certain that it takes hold in the wooden floor.

This may eliminate future trouble if the old cement should come loose at a few points.

The only certain way is to install plywood or hardboard underlayment over the old floor, nailing it solidly.

The new tiles then can be placed on the underlayment with no danger that they will loosen.

Windows Big Problem

Windows are the biggest problem to the beginner homemaker, whether she is a recently married or a career girl moving into her own apartment for the first time.

Chances are the beginner will be further handicapped by a limited furnishings budget and a small one-, two-, or three-room flat — circumstances which put a special emphasis on window treatment.

On no other feature can a relatively small expenditure make such an important contribution to your home's attractiveness, and for this reason you should make the most of your windows even if you have to let some other things go till later.

★ ★ ★

If your apartment has small or narrow windows, a floor-to-ceiling installation of custom aluminum venetian blinds. Combined with draperies, this treatment gives an appearance of added height and width to living room or bedroom.

By OSWALD JACOBY

Take a look at the West hand only. You have 20 high card points, a very good six-card suit, two aces and three kings. Do you plan to open with a conservative one heart or an optimistic two bid?

JACOBY

Either prospect is pleasing but your dreams are rudely interrupted. Instead of passing as any nice opponent would do South bids four spades! Now, what do you do?

Thirty years ago I would have bid five hearts. I would feel that all I needed to make the contract would be heart support, the queen of diamonds and a singleton spade in dummy and that I was not going to let South fix me.

Today after 30 years of being fixed by everyone from the greatest experts to the veriest beginners, I would double.

The theory is that when you expect to be fixed try to get some sort of plus score in any event. I really expect to set this four spade bid and I am not at all confident that I will be able to make five hearts.

★ ★ ★

This time the decision to double is a wise one indeed. I will probably set four spades two tricks for a net profit of 300 points. Even if South plays double dummy I will collect 100 points and five hearts will be doubled and set at least one trick. Not too much difference except that pluses are pluses and minuses are minuses.

♠♥♣CARD Sense♦♠

Q—The bidding has been:

South	West	North	East

3♥	Pass	4♠	Pass
4♥	Pass	4♠	Pass

You, South, hold:
♠KJ1042 ♥A32 ♦A12 ♣Q6

What do you do?

A—Bid five diamonds. Your partner is obviously interested in a slam and while your hand is close to a minimum, that ace of diamonds appears to be most valuable.

TODAY'S QUESTION

Your partner jumps to six spades. What do you do now?

IRS Forms Will Aid in Figuring Tax

WASHINGTON (AP)—The Internal Revenue Service is mapping a campaign to help the puzzled taxpayers who are required to pay part or all of their taxes on a quarterly basis, an agency official said today.

The agency plans to rush 12 to 15 million new forms and instruction sheets to post offices and banks within a week after final congressional action is taken on the income tax reduction bill.

About 10 per cent of the taxpayers — 6 million — are required to fill out estimated income tax returns because part or all of their income is not covered by the withholding tax on wages and salaries.

New Withholding rates have been announced, a drop to 14 per cent from 18 per cent, even though Congress has not taken final action on the tax cut bill. New tables for employers were mailed out this week.

But this combination form and instruction sheet will not be mailed directly to taxpayers because some of them might confuse it with the regular package of income tax forms they received last month.

Those who file estimated tax returns — usually taxpayers with $10,000 or more income — could get an immediate benefit from the tax bill by figuring their estimated income tax under the new, lower rates. However, they have received no official notification of the new rates.

They will be able to get the new instructions at a post office or bank a week after the bill becomes law. The bill, now in a Senate-House committee to reconcile differences between two versions, is expected to be enacted by the end of the month.

Those who file estimated returns have been left pretty much up in the air since they must estimate taxes on income earned in 1964 even though they don't know exactly what the new tax law will provide.

The new form is designed to eliminate this problem.

The regulations provide that a taxpayer must file an estimated return by April 15 if his total tax for 1964 exceeds the amount withheld from wages or salary by $40. However, even if there is a $40 deficiency, the taxpayer does not need to file unless his income exceeds $5,000—$10,000 for a couple—or unless he expects to receive $200 or more in income not covered by withholding.

Huskies Bomb Farmington 5 in 91-54 Win

Hot Northern Squad Clinches Tie for I-L Championship

By JERE CRAIG

The Pontiac Northern home stand ended as it started six games ago, with the Huskies running up a lopsided Inter-Lakes League victory.

If coach Dick Hall looked bad when he left his regulars run up the score against Waterford 104-49 in the first game, he found little solace by using the reserves last night.

The Huskies bombed Farmington, 91-54, and clinched a share of the I-L basketball championship. Only Walled Lake can now tie the PNH combine.

The Vikings slipped past Southfield, 62-54, Friday, ousting the Blue Jays from contention. Waterford visited Berkley and suffered a 72-41 drubbing.

PNH's regulars started with a hot-shooting, 28-point first quarter and the second string finished with a 29-pointer against Farmington's scrubs.

In between PNH posted 17 markers in the second and third periods; while the visiting Falcons' best output all night was 19 in the third period.

GUARDS SHARP

Starting backliners Mike Burklow and Jerry Reese had 24 and 22 points, respectively. Their replacements, Jim DeFlorio and Dave Tinkis hit nine of 11 field goal attempts between them for 19 points.

Such a performance caused losing coach Jack Quiggle to comment that he was impressed by the PNH "third string."

He never saw one, although Hall used all the players on the bench. Quiggle did see the Northern reserve team hit a season high of 92 points, however, in a victory over the Falcon fledglings.

John Bailey (19), Larry Cushist (19), Dan Fisher (18) and John Adsit (18) topped the young Huskies.

Tinkis is transfer student from Waterford Township High. He had by far his best PNH performance, connecting on six of seven field goals and a foul shot for 13 points.

His former school could have used some of that fancy shooting. After a brief early lead, the Skippers went very cold from the field at Berkley.

The Bears displayed some sharp outside shooting, particularly by John Streeter, and dominated the backboards often enough to move into a 32-19 halftime lead.

The home team salted away the decision by completely outclassing Waterford in the final session. The Skippers took only 48 shots in the game, compared to Berkley's 81.

★ ★ ★

Walled Lake had command of visiting Southfield most of the way, but had to rally in the final quarter for its win. The Blue Jays moved into a 41-40 lead early in the last period, but then fell back.

George Bullock's rebounding (he had 23) and the scoring trio of John Thomas, Jim Broome (both 14) and Bullock (12) paced the Vikings' triumph.

Southfield's best effort was the 13 markers of Jerry Hough. Walled Lake is now 5-3 in the league and PNH is 7-2.

BARON BREEZES — Dave Gottlieb of Bloomfield Hills races by a pair of Clarkston defenders on his way toward the basket. Bloomfield Hills threw the Wayne Oakland League races into a possible tie, by winning, 58-51. The Hills-Milford game tonight will allow the Barons to tie Clarkston if they should win.

Troy Shares Lead; Rochester Wins 1st

By HERB PETERS

Troy tied Fitzgerald for the league lead, Rochester won its first game, and two other contests were decided by last-second baskets as the Oakland A Conference had a set of thrillers all around the circuit last night.

In the tightest defensive duel on the card, Troy edged Fitzgerald, 39-37, to throw the conference lead into an 11-1 deadlock.

Rochester downed Clawson, 77-73, to win for the first time in 13 outings, while spectacular, final moment field goals brought one-point victories for Lake Orion, 75-74, over Warren Cousino, and Madison, 55-54, over Avondale.

The first-place showdown at Fitzgerald took a 29-27 lead into the final period, which Ted Bauer quickly erased with a tip-in.

TIGHT FINISH

Troy then went ahead by two and held that margin until reaching 37-35 with 19 seconds to play when Gay Goodwin received a one-and-one free throw. He plunked in both tosses, but with 12 seconds remaining, Randy Chaffin made two free throws for Fitzgerald.

The closing action was furious as Bud Hether had two more free throws, and missed, for Troy, and Fitzgerald got off a final, desperation shot that failed. Bauer and the Spartans' Cliff Rolph shared scoring honors with 19 points apiece.

Rochester (1-11) took a 43-34 halftime lead over Clawson (4-8) and never faltered on the way to its initial triumph. The Falcons offset a great, 32-point performance by the Trojans' Ray Hayes with five in double figures.

Bruce McDonald collected 20 points, and he received stellar support from Dave Call and Bob Mills, 16 each, Tom Knust, 11, and Bruce Campbell, 10.

Jon Cucksey hit a corner shot at the buzzer to win for Lake Orion (8-4) in a battle for third at Cousino. The Patriots (6-6) were on top 38-33 at the half, 56-49 after three quarters, and ahead by 13 at one time in the fourth.

But the Dragons breathed fire in a 26-point finale led by Bill Hamilton's 12. Cousino still led by one when Cucksey dribbled into the corner and got off a successful shot that was on its way when the final buzzer sounded.

★ ★ ★

Bruce Fritz with 22 points, Hamilton 18, and Dave Phillips 15 gave Lake Orion a combination that outdid Drew Pisha's 33 and Jeff Lafata's 17 for Cousino.

BUZZER SHOT

Avondale was victimized in the same way at Madison. The Yellow Jackets had a 31-25 halftime advantage, and led by eight, 44-36, going into the final period.

Madison went ahead for the first time with 2:35 remaining, but twice Lynn Thorpe drew Avondale even and finally ahead, 54-53, on four successive free throws and a field goal.

★ ★ ★

With seven seconds left to play a traveling violation by Avondale gave Madison possession. Gary Knoche moved the ball into the corner and sank the winning basket for the Eagles (5-7). The loss dropped Avondale to a 2-10 mark.

Thorpe tallied 27 points for the Yellow Jackets, while Jim Combs and Bob Barrett had 15 each for Madison.

Groves Loses in Northwest Loop Action

North Farmington and Detroit Thurston continued to dominate the Northwest Suburban League basketball race with victories Friday night.

North Farmington slipped by Birmingham Groves, 58-53; Thurston was a 70-45 conqueror of Livonia Franklin.

The Raiders spotted Groves a 15-10 first period lead but roared back with accurate shooting and superior rebounding to go ahead, 33-28, at halftime.

The winners saw the visitors creep within one point, 52-51, with two minutes to play; but good foul shooting held off the Falcons for North Farmington's sixth win in seven league games.

★ ★ ★

John McDonald and Mike Fleming hit well with their jump shots and Rick Loring has sevshots and Rick Loring has several buckets under the basket for the winners as each hit 14 points. Bob Scharff equalled that figure for Groves while Bill Stephenson added 13.

Thurston, unbeaten in the league, won its sixth with a second half spurt that left Franklin behind after a 35-32 first half battle. The losers only tallied 13 times in the last half.

Gary Samuelian led Thurston and all scorers with 16. Al Jose had 11 for Livonia's quintet.

Troy had the Colts and Spartans sparring cautiously in a tense struggle that finally came to a head in a flare of foul shots that decided the outcome.

The Colts led, 13-10, after one period, but the teams left for intermission in a 19-19 standoff.

Captains Extend Win Skein to 11

By BOB BEEDLE

It's nearing tournament time, and at Kettering High, home of Oakland County's lone unbeaten prep squad, everyone is well aware of that.

Everyone, that is, except coach Joe Duby and his players.

This talented bunch of performers, who rang up their 11th victory last night, can read a calendar as well as anyone else—but the word "tournament" is a taboo subject among them.

Oxford fell victim for the second time this season to the Captains, 78-38, as coach Duby saw to it that all 12 of his boys saw plenty of action, nine of them getting into the scoring column.

The win gave the Captains at least a tie for the Tri-County League title, and they can take the crown outright with a victory in either of their remaining two loop games.

In a second league game, L'Anse Creuse handed Romeo a 76-65 setback, and Lapeer ventured outside the conference for a 65-58 decision over Davison.

TOURNAMENT PLAY?

It seemed an appropriate thing to ask coach Duby after the game. "What about your chances when the tournament comes up?"

"Tournament? What tournament?" was his straight-faced reply.

He turned to Earl Hook, one of his veteran players, and asked: "Did you hear that Earl? What's the word tournament mean?"

"Gee, I dunno, coach. Honest!"

Duby has his players trained well. As he himself says, "We'll take'm one at a time."

Four more wins and it would be a 15-0 mark the Captains take into the tourney.

They play in the Grand Blanc district, and there is one team they'll be hoping to draw — Clarkston. It was Clarkston who knocked Kettering out in the first round in last year's district.

Oxford was never in contention last night. The losers tried a waiting game in the early stages and as a result, it took Kettering almost two minutes to open up the scoring, with Hook connecting on a three - point play.

Oxford failed to take many shots early (they tried only two during the first four minutes). Meanwhile, Kettering scored almost at will.

GUARDS SHARP

Kettering's guard duo of Hook and Rick Pankey dazzled the losers with their quick moves, and topped the scoring parade with 17 and 16 points, respectively.

Forward Bob Bobert added 14 points.

Jim Bates was Oxford's only man in double figures, with 13.

The Kettering defense, a tenacious one, kept Oxford continually away from the basket, coach Duby thinking apparently, "The best offense is a good defense."

Getting a chance to see more action than usual, some of Duby's reserves were impressive. Chuck Watson, for one, hit on three straight long shots late in the game.

Junior Tim McGrath, who has come along fast recently, used his 6-2 frame well on the boards.

Kettering, only in its third season of varsity competition, now has just North Farmington, Romeo, Waterford Township and L'Anse Creuse remaining in its path to a perfect regular season mark.

Sparking Lapeer to its eighth win of the season were Mike Powell (20), Ron Starking (12) and Bob McKenna (12). The Panthers held a 36-35 lead at halftime.

L'Anse Creuse took over third place in the loop race with the decision over Romeo. Mike Wawryzniak led the winners with 22 points.

Romeo, down 36-32 at halftime, took the lead at the end of three stanzas, 55-53, but wilted in the final frame.

Carl Kemp led the Bulldogs' attack with 20 markers.

Barons Near League Lead in 58-51 Win

Holly Downs Lakers in Overtime, 44-42; Northville Triumphs

By L. GARY THORNE

Sweet vengeance was served last night at Bloomfield Hills as the Flashy Barons outhustled top-ranked Clarkston 58-51.

The triumph, secured with an aggressive defense, avenged an earlier defeat at the hands of the Wolves.

In other Wayne-Oakland League competition, Holly gained a firm hold on third place in the standing with a 44-42 overtime victory from West Bloomfield, while Clarenceville subdued Brighton 59-41 and Northville sidelined Milford 61-59.

The win boosted the Barons (9-2) to within a half game of the Wolves (10-2), and the Bloomfield squad can gain a tie for the loop with a win over Milford tonight on the Redskins' court.

The Hills crew could even take the crown if Clarkston drops two contests.

DEFENSE TOUGH

Defense was the big factor in downing Clarkston. It was an aggressive and energetic exercise for the Hills crew.

Clarkston's big guns, Dan Craven and Ken Miskin, were covered effectively all evening. Andy Anderson checked Craven, while Dan Mautte held down Miskin.

Craven, who spouts a 20 per game average, managed only 10 points. Meantime, Miskin, who fouled out midway in the third quarter, collected six points.

Mautte netted 14 points to top the Bloomfield effort. He also picked off 14 rebounds. Anderson sank 13 points and Wally Wengren was third high with 10 points.

Mike Bray, center, led the losers with 18 points. Dan Fife also reached double scoring figures with 11 points.

Bloomfield set the pace, jumping off to a 21-13 advantage in the first quarter. The lead was never relinquished.

Entrenched in second spot in the Wayne-Oakland standings, the Barons tackle Milford tonight. Any loss now will remove Bloomfield from contention.

MILFORD BOOTS LEAD

Milford booted an 8-point lead last night in the final frame against Northville.

Surging down to the buzzer, Northville turned in a 21-11 fourth quarter to earn the victory.

Dan Bishop (13), Jerry Imsland (13) and Larce Hahn (14) paced the winners, while Don Hackbart (26) and Gary Newcomb (11) were tops for Milford.

It took overtime to accomplish it, but Holly edged West Bloomfield 44-42.

Jack Bennett knotted the score at 40-40 with eight seconds on the clock. He also contributed two of the four points Holly sank in overtime.

Don Greig (15) tallied the only overtime score for the Lakers. He was high man (15) along with Rick Hacht (13).

Mark Phalen reached double figures for Holly with 12 points. Like Bennett, Phalen contributed in overtime.

Winless Brighton remained winless. Clarenceville pulled ahead in the third quarter, breaking a 25-25 halftime deadlock, to win 59-41.

Dave Graves' 25 points sparked the winners, while Steve Atenson paced Brighton with 14 points.

Eaglets Top Rams, 62-58

Orchard Lake St. Mary continued its mastery over St. Frederick last night, defeating the Rams, 62-58, for the third time this season.

In a second parochial tilt, Waterford Our Lady of Lakes fell victim to Highland Park St. Benedict, 50-46.

The Eaglets completed the three-game sweep of the Rams with a fourth-quarter rally that produced 20 points.

St. Frederick held a slight lead through three quarters of play, but the Eaglets, down 51-46 in the fourth stanza, came up with the winning points to run their season record to 10-4.

John Stolnicki led the Eaglet attack with 24 points. Frank Rompel added 14.

BIG BUCKET — Andy Anderson (12) of Bloomfield Hills lays up an easy two-pointer as Mike Bray of Clarkston watches helplessly. Hills upset Clarkston, 58-51, last night.

Matmen at Armory

Four wrestling matches are listed on tonight's professional mat card. The first bout will get under way at 8:30 p.m. at the National Guard Armory.

Mel DeWalt Tops Win as Substitute

Special to The Press

BAY CITY — Mel DeWalt came off the bench to spark Pontiac Central in a 93-77 Saginaw Valley Conference basketball victory over Bay City Handy.

DeWalt, used as the No. 6 player since he had been ill earlier this week, hit 14 first half points — 12 in second period — to spark a 50-37 halftime lead for PCH.

The Chiefs had a balanced attack with four players scoring 14 points or better in the foul plagued game. The win was their seventh in 10 SVC starts.

Saginaw remained tied with the PCH quintet for second place in the league by ripping Flint Southwestern, 93-77.

Midland won its first SVC game, surprising Saginaw Arthur Hill, 67-59, and Flint Northern tied Southwestern for fourth place with a 73-63 verdict over Bay City Central.

DeWalt, scoring 14 of his 20 in the first half, and William Morgan, with 10 in opening period, shot well from the outside in the early going at Handy's small gym.

AID CAUSE

Al Keel, also hit well from the outside in the later going and Gerald Henry drove for eight fourth period tallies to keep the Chiefs' attack rolling.

★ ★ ★

PCH had its best offensive total in the game and put out one of its best rebounding efforts, snaring 69 to 38 for Handy. The 77 points permitted were also a new season high.

BC Handy led only in the early going. The loss of Jim Wilhite with a broken ankle early this week and personal foul troubles limited the home team's effectiveness.

There were 55 personals called in the contest which PCH caught 30 times. No Chiefs fouled out, however, while Handy lost both Chuck Kopec and Jim Nesbitt, offensive leaders.

★ ★ ★

PCH's Jim Johnson had his best rebounding game with 19 in the first three quarters, and his reserve John Hooper grabbed 10.

DeWalt's 20 tied Kopec and Don Zielinski of Handy for game scoring honors. Henry added 18 and Keel 17 to the PCH offense. Morgan garnered 14 other Central points.

The PCH junior varsity also hit a season high, scoring 95 points in whipping the Handy reserves by 39 markers. Six of the young Chiefs were in twin figures.

Bloomfield Hills Eyes W-O Lead

Bloomfield Hills has a road engagement at Milford tonight, and if the trip is successful, the Barons will return home with a share of the Wayne-Oakland League lead.

★ ★ ★

The Barons accomplished their first mission last night, upsetting Clarkston, 58-51, to move within a half game of the lead. A win tonight would give both squads 10-2 loop records.

Coach Hal Henderson and the squad will be taking no notions of a letdown to Milford.

"These kids are too sharp and unemotional for a letdown," Henderson said. "During the week (preparing for Clarkston), they were more relaxed than I was," he added.

Clarenceville invades Northville needing a victory to move into a tie with Holly for third place in the loop.

The Trojans downed Brighton, 59-41, last night.

★ ★ ★

Other games on tonight's slate have Royal Oak Dondero at Southfield, Troy at Romeo, Detroit St. Joseph at St. Michael, University School at Cranbrook, Plymouth at Livonia Franklin and Bay City Handy at Alpena.

Maples Win Big Swim Meet, 60-45

Records Fall as Seaholm Beats Kimball

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Scores can be deceiving! Birmingham Seaholm won its 40th straight dual swimming meet by defeating its closest challenger for state honors, Royal Oak Kimball, 60-45, but it was hardly as easy as the score indicated.

It was exciting. It was close in every event. And it was the biggest swim meet, watched by the most people ever to see a swimming meet in Oakland County.

★ ★ ★

A crowd of 2,600, including 1,000 in the pool and the remainder in the gym watching closed TV circuit, saw the teams set five county records along with numerous pool and school marks.

There were times, such as 57.8 for 4th place in the butterfly and 51.1 for 3rd place in the 100 freestyle that brought raves from numerous visiting coaches watching the meet.

The big events turned out as expected in the 200 and 400 freestyle events and state champion Pete Adams, who transferred from Pershing to Seaholm prior to the season, took the honors.

Kimball's Bill Watts held the lead for six laps on Adams, then the big freestyler surged ahead midway in the final lap and received the decision, even though he and Watts were both timed at 1:50.6.

STATE RECORDS

This time equalled the state record of 1963, but was still sixtenths shy of the 1:52.0 set by Watts earlier this season.

In the big 400 event, awaited anxiously by everyone, Adams and Doug Webster, Kimball sophomore, match stroke for stroke for 12 lengths.

Webster then broke and pulled ahead for two laps, but Adams pushed ahead in the 15th lap and won by a decision. Webster was timed in 4:00.8 and Adams in 4:00.9 but the judge's verdict went to Adams.

★ ★ ★

Seaholm swept the 50 freestyle in record time of 22.9 tying the county mark already held by Pete Sinzz in 1957-58 and Jim Elliott in 1960-61. Tom Coupe was the winner and Bill Prew was second in 23.1.

Both relay teams, Kimball in medley and Seaholm in the freestyle set new county records.

RELAY TIMES

Seaholm's team of Prew, Burnham, Lawton and Henderson went 1:31.9 for the freestyle relay while Kimball's team of Mathews, Van Oss, Webster and Cash set the mark of 1:45.3 in the medley.

The victory assured Seaholm of the dual championship of the Eastern Michigan League. Kimball and Seaholm are still expected to wage big battle for the league meet and state honors at Ann Arbor, March 13-14.

Seaholm coach Corey Van Fleet said, "Our boys were up and we worked as hard as we have ever done for any meet. Kimball will be real tough in the league and state meet."

★ ★ ★

Dick Heller, Kimball coach was dejected but promised that the Knights would set their aim for the state meet. "We tie on time in the 200 and win the time in the 400 but that's the way it goes. That Adams is great. He sure goes with pressure on him."

★ ★ ★

Adams explained his strategy in the 400 against Webster. "I had to let him set the pace, then about the 12th lap I thought he started to break, and that's when I decided I had to break also."

Seaholm is now 11-0 for the season and Kimball is 11-2, both losses to Seaholm.

PCH Tankers Lose 9th

Jim Howard set a new varsity record in the 40-yard freestyle and qualified for the state meet at Ann Arbor, March 13-14, however the Pontiac Central swimmers went down to defeat for the 9th time this season.

The Chiefs lost a home meet to Bay City Handy, 55-46, with Howard winning the only individual swimming event for PCH.

PCH also won the diving and took both relay events, as Handy was disqualified in the 160-yard medley relay.

Double winner for Handy was Simstad who took the 200 and 400 freestyle events.

Monday night in the PNH pool, the Huskies will play host to Harper Woods. PNH will be after its 9th win in 11 starts.

EML Scramble Has Shape

That six-team battle for Eastern Michigan League basketball honors was cut in half Friday night.

Two of the prea-season favorites, Birmingham Seaholm and Ferndale, remained the teams to beat (8-3); while the third contender is the surprising East Detroit quintet.

The Maples of Birmingham stayed sturdy with a 53-44 decision over visiting Hazel Park. Ferndale, meanwhile, avenged an early season defeat by taking Royal Oak Kimball, 48-40.

East Detroit (7-4) pushed Mount Clemens (6-5) into a spoiler's position with a 66-59 victory over the Battling Bathers, who next week are hosts to Ferndale.

The other EML clash last night saw Roseville grab seventh place undisputedly by whipping Port Huron, 75-55.

At Seaholm, Hazel Park fell behind 23-12 in the first quarter and spent the remainder of the evening trying to catch up.

SPOILER

The Vikings didn't; and now they, too, find themselves with a 6-5 log—two games behind the leaders—and in a spot to ruin the hopes of East Detroit and Ferndale, their next two foes.

Four starters were in doubles figures for the winning Maples, led by captain Bruce Nyberg's 18 tallies. Mark Fritz had 15. Jim Boreland matched the latter for the losers.

RO Kimball (6-5) attempted to slow down the game at Ferndale but the Eagles' Lee Palmer and Bruce Rodwan were too much to cope with. They connected on 40 points, together equalling the visiting Knight's total.

Palmer had 22 and Rodwan 18. Ferndale went ahead, 19-16, at halftime, after an 8-8 first quarter deadlock. The Eagles salted the game away with a 16-11 third period margin.

East Detroit remained only one game behind—with a Feb. 28th game with Seaholm still to come—by rallying from a 22-15 opening session deficit.

Mount Clemens used a full-court press in forging a 35-32 lead at intermission, but it seemed to wear out in the third period when East Detroit took the lead.

Four players paced the winner's attack, led by Glen Bradt (16) and Fred Bolle (15). Al Hairston of Mount Clemens took game honors with 18.

★ ★ ★

Dick Drager's 22 tallies led the Roseville victory. The winners had a 37-26 lead at halftime.

Thumb Quintets Post No Upsets in 4 Contests

Probably the only surprises in the Southern Thumb League cage results Friday night were the sizes of some victories.

All the favorites posted victories with New Haven and Capac winning convincingly, 80-34 over Armada, and 86-69 over Almont, respectively.

Third place Memphis took Brown City, 55-43, and New Baltimore Anchor Bay whipped Dryden, 65-54. The Tars' triumph left them one game out of fourth place.

Capac remained one game behind unbeaten New Haven in the championship battle with a balanced attack against visiting fourth place Almont.

Ken Adamski had 23 and John Scheuer 20 to pace a lineup that had five players in twin figures. Almont took game honors in the person of Ken Schulte who had 25, best in the league Friday.

New Haven's Dwight Lee poured in 23, also, as Armada was left behind in every quarter. Ken Kitchenmaster's 20 markers for Dryden weren't enough to hold off Anchor Bay.

Bill Doig and Bob Moore with 13, and Chuck Durfee with 12 paced Memphis to its victory. The winners led, 27-22, over Brown City at intermission.

EVEN START—The big race as expected in the Seaholm-Kimball swim meet last night was the 400 freestyle with Pete Adams (39) of Seaholm going against Kimball's Doug Webster (far right). The swimmers were even stroke for stroke until the 12th lap, when Webster broke out ahead. Adams, however, pulled ahead in the 15th lap and won the event by a judge's decision in 4:00.9.

Warn Dog Owners Near Sanctuaries

A note of warning to dog owners permitting their animals to run loose in the Highland Recreation Area Sanctuary was voiced today by state park ranger Linn Hutchinson.

The warning came after five dogs attacked and killed a deer in the sanctuary Thursday.

★ ★ ★

Hutchinson said some of the dogs were eliminated after the attack. He urged owners to keep their dogs out of the sanctuary.

"Dogs are not permitted to run in that area," Hutchinson said, adding "and an officer can shoot a dog that is running a deer."

Sub Bowler Takes Lead of PBA Meet

MOBILE, Ala. (AP) — Kansas City competitor who wasn't even supposed to be in the semi-finals zoomed into the lead at the halfway mark Friday in the $26,000 Mobile Professional Bowling Tournament.

Glen Blakesley had finished the four qualifying rounds in 17th place, just outside the 16 qualifying for the semis.

He was moved up to 16th place when Johnny King of Chicago, who had placed 12th, injured an index finger and was forced to withdraw.

Blakesley started at the bottom of the heap and moved to the top with eight fine rounds. He opened up with a 48-pin edge over Roy Rosland of Chicago, who had started the day in eighth place.

Monroe Moore of Pontiac finished with a 1287 for 4665 total far down the list and out of the money.

Imlay Winner in S. Central

Spartans Win, 67-50 Over North Branch

A big first quarter by Imlay City last night killed North Branch's last chance for a share of the South Central League cage crown.

Imlay took all the marbles by defeating its visitors, 67-50; while another league contest saw Deckerville trip Millington, 69-60.

Imlay hit North Branch hard and early for a 17-4 first quarter lead and was never in trouble. The win was the Spartans' fifth straight in league play.

★ ★ ★

Diminutive Ed Lomerson led the winners with 17 but relinquished game honors to Ralph Margrif who had 24.

The two teams tied for the title last year.

Deckerville broke up a close game with Millington with nine straight points in the final three minutes. The losers had moved within two points, 60-58, when the winners erupted.

Wayne Schmidt's 19 for Deckerville led all scorers. The losers had four players in twin figures; but Chuck Sawyer's 13 was tops.

Search On for Cubs' Rookie, Pal Missing in Air Flight

PROVO, Utah (UPI) — A three state search was to get under way at dawn today for a missing light plane carrying star second baseman Ken Hubbs of the Chicago Cubs and a companion.

The new single engine Cessna 172, owned and piloted by Hubbs, left the Provo airport in bad flying weather Thursday morning, apparently bound for Morrow Field near Colton.

Hubbs' passenger was Dennis E. Doyle, 22. Both men were from Colton and life-long friends. They had been visiting in Provo with Doyle's father and mother-in-law, Mr. and Mrs. Donald E. Hawke.

Harlon Bement, Utah aeronautics director, said search planes would leave at dawn to scour rugged mountain country in southwest Central Utah. Similar search efforts were being readied by authorities in California and Nevada under the direction of the western air rescue center at Hamilton Air Force base, Calif.

The plane took off into what Bement termed "very unfavorable" weather. A snowstorm was spread across most of western Utah at the time. Bad weather threatened to hamper today's search efforts.

Authorities were first notified the plane was missing yesterday after Doyle failed to show up for work as scheduled yesterday morning.

Hubbs' parents placed a long distance phone call to Provo for their son from Colton and learned that he had left the previous day for home.

The 22-year-old Hubbs, National League rookie of the year in 1962, attended Brigham Young University here briefly before signing a bonus contract with the Cubs.

Doyle also was a former BYU student and was planning to return to the school next fall to complete work on a bachelors degree.

Hawke said Hubbs and his son-in-law said they were returning to Colton and expected to arrive about 5 p. m., EST. They had arrived in Provo Wednesday for a visit and for Hubbs to fill a speaking engagement before a Provo baseball group.

Myron Jense, manager of the Provo airport, said Hubbs had tried to make radio contact with the field shortly after taking off, but his radio was on the wrong frequency and Hubbs could not hear replies. Jense said Hubbs gave no indication of trouble.

"It was simply a radio check," Jense said.

The sandy-haired Hubbs burst into the majors with a bang in 1962, breaking not only Al (Red) Schoendienst's National League fielding mark but also Bobby Doerr's major league record for second baseman of 73 games without an error.

Hubbs played in 78 consecutive games without an error between June 14 and Sept. 5.

A tall, slender, quiet person with big, sure hands, Hubbs' play was given a great deal of the credit for inspiring the Cubs to their best season in several years last year.

★ ★ ★

He played in 154 games, batting .235 — down from .260 the previous year — but he was recognized as a bulwark of the Cub infield.

★ ★ ★

Hubbs, 22 last Dec. 23, bats and throws right.

Not noted as a power hitter, he hit five home runs and batted in 49 runs as a rookie, and last year he smacked eight homers and knocked in 47 runs.

Ex-Cards Star Fills Physical Fitness Post

Musial Takes Job After Visit From President

TAKES POST—Stan Musial, long time great of the National League, yesterday was named by President Johnson to head the country's physical fitness program.

ST. LOUIS (UPI)—Stan (the man) Musial, one of baseball's great hitting stars, today took command of President Johnson's National Physical Fitness program.

Named yesterday by the President, who made a whirlwind visit to St. Louis, Musial becomes the second man to hold the post created under the administration of the late president John F. Kennedy. The program is aimed at accentuating the importance of physical prowess among the nation's youth.

In naming the former St. Louis Cardinal baseball star to the post, President Johnson —surrounded by students at St. Louis University — said he had asked Musial to take the post and "Musial has accepted the job."

Musial succeeds former Oklahoma Sooner football coach Bud Wilkinson, who resigned to seek the Republican Oklahoma senatorial nomination.

Musial, who grew up in the coal mining region of Donora, Pa., was not in the crowd when the announcement was made but later issued a statement saying he considered it an honor to be appointed to the post.

"Physical fitness is important to each of us individually and I plan to put all my efforts behind the President's program" Musial said. "I hope I can do a capable job," he said.

Later last night, at a dinner gathering addressed by the President, Musial was called from the floor to be seated at the speaker's table. He originally was to have been seated among the audience.

New Twosome Tied for 1st in Golf Play

TUCSON, Ariz. (AP) — Two days of doubles and Rex Baxter aims for a single finish today atop the third round list of the $30,000 Open golf tournament.

The 27-year-old from Amarillo, Tex., drew Ernie Vossler as his partner at the end of the first round at six-under-par 66.

He lost to Vossler, who had a 70 in the 30 mile per hour winds and 46 degree temperature while Devlin fired the day's best score, a 67, and drew even.

Baxter shot a two-under-par ★ ★ ★ while Devlin fired the day's best

On the PGA tour since San Diego, Devlin has won $5,137.50 in five weeks but hadn't completed 18 holes without a three-putt green during that time until Friday. Then he did it.

"It was my best putting round," declared the youthful looking 26-year-old who won the French Open and the New Zealand Open last year and in 1960 captured the Australian open as an amateur.

Sharing second place a stroke behind the leaders were 6-foot-6 George Archer of San Francisco and Jacky Cupit, a Texan now playing out of Corona, Calif.

Archer shot a 69 and Cupit came in with a 68 for their 137s. Each bogeyed a hole — Archer the 17th and Cupit the 11th — to spoil chances of tying for the top in quest of the $4,000 award in this 72-hole tournament.

Protest TV

NCAA Set to Fight

KANSAS CITY (AP) — A strong stand against plans to televise five National Football League games next fall on Friday nights will be taken today by Walt Byers, executive director of the National Collegiate Athletic Association.

★ ★ ★

A statement by Byers is expected to commit the colleges to a strong fight, going to the court if necessary. The colleges believe this time belongs to the high schools and colleges, and any infringement violates the federal anti-trust law passed in 1961.

The NCAA doesn't televise college games on Friday nights to protect the nation's high schools who play almost all their games then.

Supporting the NCAA in its stand is the National Federation of high schools, with more than 12,000 members.

The American Broadcasting Co insists the five games are not covered by the 1961 anti-trust law because the games are being negotiated with the individual clubs and not the league.

★ ★ ★

Thomas W. Moore, president of ABC, put it this way:

"This is completely legal. The telecasts would accelerate interest in all kinds of football and not harm the colleges or the schools."

★ ★ ★

College and high school leaders contend the telecasts would hurt attendance. About 85 per cent of the high schools and some colleges play on Friday nights.

Leaders of major conferences, including the Big Ten, Big Eight and Eastern College Athletic Conference, joined in protest.

By The Associated Press

Eastern Michigan rallied to a point of a tie with Western Reserve, but the Ohio team held on to win 76-75 in college basketball Friday night.

Ed Gallup of Eastern led scoring with 21 points in the President's Athletic Conference game at Ypsilanti. Joe Buzas scored 18 for Western Reserve. Eastern's loss gave it a 6-3 league record. Western Reserve is 2-5.

Northern Michigan matched an earlier victory over St. Norbert, beating the Wisconsin squad 80-62.

Central Michigan virtually coasted to a 72-41 triumph over Hillsdale in a game at Mount Pleasant. Dave Nelson, the game's high scorer, had 23 points for Central, and Don Edwards tallied 18. Charley Works and John Rowan counted 10 points each for Hillsdale.

Royals Challenging Celts in NBA's Eastern Loop

By United Press International

Usually when Red Auerbach and the Boston Celtics take a look back, there's nothing in sight.

That, however, isn't the case this season because the Cincinnati Royals are doing their best to pull one of the biggest upsets in National Basketball Association history.

The Royals moved within two games of the Eastern Division leading Celtics with a 126-114 victory over the New York Knickerbockers last night. But what's more important the Royals are just three games back in the loss column with one-fourth of the schedule ahead.

The victory, engineered by Oscar Robertson, who had 29 points and an NBA season high of 21 assists, was the ninth straight for the Royals.

Robertson, who had 13 assists in the first half, also had the previous high of 19 in a game against Baltimore last Jan. 5.

Jerry Lucas had 23 points for the Royals and collected 14 rebounds. Bob Boozer, an ex-Royal, led the Knicks with 22 points followed by Johnny Green with 20.

In the only other game scheduled last night, the Philadelphia 76ers defeated the Detroit Pistons, 130-123.

Detroit made eight of its first nine shots, but the 76ers were even hotter with a 43-point first quarter.

The 76ers, with only eight men in uniform, had a comfortable lead the rest of the way even though Detroit countered with 43 points in the final period.

Hal Greer had 29 for the 76ers followed by Paul Neumann with 25. Bailey Howell had 27 for the Pistons.

Lake Fenton Quintet Defeats Ortonville

A 36-point performance by Greig Thornton carried Lake Fentono to a 74-69 victory over Ortonville Friday evening.

★ ★ ★

The winners grabbed a half-time lead of 32-24 and were never headed. The loss dropped Ortonville to a 1-11 mark.

★ ★ ★

Topping the Ortonville attack were Mel McDowell (26) and Steve Hubbs (23).

Wings Trade Ingram

DETROIT (AP)—The Detroit Red Wings Friday traded defenseman Ron Ingram to New York for defenseman Al Langlois in a straight player deal.

Ingram, 30, is in his rookie year in the National Hockey League.

★ ★ ★

Langlois, 29, is a veteran of six NHL seasons. He will report to the Wings for their game tonight at Montreal.

The Wings also reported that defenseman Doug Barkley will wear a facial mask in the weekend series with the Canadiens. Barkley will be able to play despite a fractured cheek bone, the Detroit club announced.

Barkley suffered the injury in Thursday night's game against Boston.

U.S. Grants Asylum to Soviet Defector

By LEWIS GULICK

WASHINGTON (AP) — The U.S. government is granting asylum to Soviet secret police defector Yuri I. Nossenko in a case still carrying overtones of a spy thriller.

★ ★ ★

The State Department unraveled some of the mystery with a pair of announcements Friday. In the first U.S. comment since last Monday's disclosure that Nosenko, who had disappeared from the Soviet disarmament delegation at Geneva Feb. 4, had asked for political asylum in America, press officer Richard I. Phillips revealed that:

1. Nosenko now is in Washington, though his exact whereabouts remains a secret.

HAD INTERVIEW

2. The Russians demanded an interview with Nosenko in a note Wednesday, and were granted it Friday. A Soviet Embassy representative talked to Nosenko for less than an hour, and Nosenko "reconfirmed his desire for asylum."

3. A Swiss Embassy representative also questioned Nosenko separately for less than an hour and got the same answer. A State Department representative sat in on both interrogations.

4. Soviet Foreign Minister Andrei A. Gromyko called in U.S. Ambassador Foy D. Kohler in Moscow and delivered a stiff oral protest to what Gromyko called "improper behavior" by the United States in the case. But the Russians have not accused the United States of kidnaping and have not threatened to pull out of the disarmament conference at Geneva.

A Soviet Embassy spokesman confirmed the interview with Nosenko but declined comment.

U.S. REPLY

Phillips said the United States is "prepared to give him asylum" and had sent the Soviet Union a note replying to their Wednesday inquiry "as to the manner in which Mr. Nosenko presented himself to U.S. authorities."

The State Department spokesman said there would be no further announcement, and he declined to say when Nosenko might be surfaced to public view.

Still under wraps were how Nosenko defected, how he got to the United States, and what secrets he might have passed on to U.S. intelligence.

Female Film Star Happy to Learn She's a Woman

By EARL WILSON

NEW YORK—Movie actor George Peppard changed Elizabeth Ashley's whole life when he said to her, "Lady, you're not a bad-looking girl . . . for a boy."

WILSON

"It was last June, the second day of 'The Carpetbaggers,' when he dropped that one," Liz told me a few nights ago.

"He was right. It was the first time I'd ever thought about it and I gave it a really serious think. I was dressing severely. I was looking like a charming 14-year-old boy. I was pretending I have no bosom. I HAVE a bosom! I bought a bikini. Now I love being a woman."

Besides falling in love with Peppard after he'd said that, Liz became such a triumph in "Barefoot in The Park" and attracted such attention for her femininity that . . . but listen to her via my tape recorder.

"It's really a bit much to have people writing about me like I'm a home-wrecker or going to replace Elizabeth Taylor as a sex symbol," she said with almost a giggle.

"There are times when you really believe you are the most devastating creature ever let loose in civilization, but you wake up next morning and look in the mirror and say, 'You know, I don't think I'm going to give Sophia Loren one minute's worry.' "

Mild Winter Proving Bonus to Highway Dept.

LANSING (AP) — Michigan's Highway Department is saving about $1 million so far this year because it has been such a mild winter.

The department estimates it has saved $400,000 on chemicals, mostly calcium chloride and salt, and $600,000 in overtime pay on snow removal.

★ ★ ★

"This savings could be wiped out between now and the end of March, but we are keeping our fingers crossed and are hoping March will be no worse than usual," said Highway Commissioner John Mackie.

★ ★ ★

At Grand Rapids, Mackie said, the average snowfall total as of Feb. 1 was 41 inches compared with 72 inches last winter. At Muskegon, which had one of its heaviest snowstorms in history during December, the Feb. 1 cumulative total was still only 100 inches compared to 130 inches the previous year at that date.

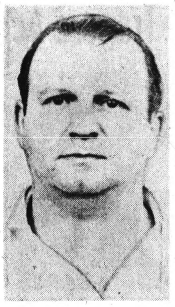
Trial for Jack Ruby Starts Monday With Selection of Jurors

DALLAS (AP) — Prosecution and defense in the Jack Ruby murder trial will begin Monday trying to select 12 fair and impartial jurors out of 900 Dallas County citizens.

Defense Attorney Melvin Belli says he feels the task is impossible. He says Dallas is saturated with prejudice against Ruby.



JACK RUBY

Ruby shot Lee Harvey Oswald, accused assassin of President John F. Kennedy, before television cameras.

★ ★ ★

Belli said that this prejudice may cause the rejection of as many as 200 jurors in a single day.

Dist. Atty. Henry Wade, who will seek the death penalty for the 52-year-old former strip joint operator, has repeatedly said he feels a fair jury can be found in Dallas.

Dist. Judge Joe B. Brown ruled yesterday that the true test of determining whether both sides can receive a fair trial depends upon the examination of the prospective jurors.

★ ★ ★

The judge withheld his decision on a defense motion to move the trial to another Texas city until prospective jurors have been questioned.

★ ★ ★

He said he had no idea how long this would take.

IN FIVE DAYS

Belli told newsmen the issue should be resolved in five days. He said that if a fair jury has not been selected by then, he would renew his moves to get the case transferred.

He said the defense planned a rigorous examination of any prospective juror who does not readily admit to conscious prejudice, and might spend as much as an entire day questioning one individual.

"The big problem here," he said, "is not just that everyone is prejudiced, but that Dallas is on trial. It is not that these people lack integrity, but this is a case where the city is on the defense and national magazines and publications have been talking constantly about hate within this city."

★ ★ ★

Judge Brown announced that beginning with Monday's quest for a jury, the Ruby case would be shifted to a much larger courtroom.

Auto Sales Up Ten Per Cent

Increase is Recorded Over Period in 1963

DETROIT (AP)—The auto industry reported yesterday that sales in the first 10 days of February ran nearly 10 per cent ahead of the number of cars sold in the corresponding period a year ago.

The corporate reports of Ford, Chrysler and General Motors showed the Feb. 1-10 sales this year exceeded those of 1963, American Motors sales declined.

Dodge sales gains were the highest of any auto division, as it sold 8,284 cars — an increase of 41 per cent over the total attained in Feb. 1-10, 1963.

★ ★ ★

Other sizeable gains reported over 1963 Feb. 1-10 figures included:

BUICK SALES

Buick, 13 per cent ahead of 1963 and best since the corresponding period in 1957; Oldsmobile and Pontiac, 15 per cent ahead of last year; Lincoln-Mercury, 13 per cent ahead of last year.

Pontiac Motor figures showed sales of 11,250 for the Feb. 1-10 period this year, compared to 10,862 last year, while Tempest reported 4,882 compared to 3,106 last year.

Chevrolet division of General Motors showed a slight decline in the number of cars sold in the first 10 days of this month, but at the same time its truck sales set a new high.

Chevrolet sold 49,369 passenger cars and 11,855 trucks Feb. 1-10. Last year, the figures were 52,284 and 10,370. The previous truck high of 11,141 was set in 1960.

High Court Gets Plans for Redistricting

Dems Say 1 Man, 1 Vote; GOP Turns to New Constitution

LANSING (AP)—A Democratic redistricting plan which could allow four counties to control the legislature, and the Republican counterproposal, reached the State Supreme Court yesterday.

All four of the deadlocked Apportionment Commission's Republicans were agreed on their plan, which is based solely on the new Michigan Constitution.

The Democratic "one man, one vote" scheme calls the 1963 State Constitution self-contradictory and relies partly on the principle of "equal protection of the laws."

Submission of the two proposals set the stage for the high court to rule on reapportionment — required by the new constitution — soon after March 2, the date for final oral argument.

★ ★ ★

The Democratic plan raises the mathematical possibility Wayne, Oakland, Macomb and Genesee Counties could elect majorities to both the House and Senate.

MOST POPULOUS

The four neighboring Southeastern Michigan counties have more than 4 million of the 7.8 million Michigan residents counted in the 1960 census. They are the four most populous of the 83 counties.

The Democratic plan would give the counties a combined total of 60 seats in the 110-seat House and 20 seats in the Senate, which must expand from 34 to 38 members under any reapportionment plan.

The Republican plan would

Pentagon Tells Irregularities

WASHINGTON (AP) — The Defense Department reports it has found irregularities in the handling of accounts in the office of an aide to Secretary of Defense Robert S. McNamara.

The entire case has been turned over to the Justice Department's criminal division for study.

In response to questions, the Pentagon said yesterday that the irregularities had occurred in the budget and finance branch in the office of one of McNamara's administrative assistants.

★ ★ ★

It named no individual as being involved.

ON SICK LEAVE

The budget and finance branch has been headed since 1952 by John A. Wylie, 57. He has been on sick leave since Nov. 1.

Asked if Wylie had gone on leave voluntarily, the Pentagon replied:

"When the irregularities were discovered, he went on annual leave, but on presentation of a doctor's certificate the character of his leave was changed to sick leave."

★ ★ ★

Wylie's annual salary is $17,500.

★ ★ ★

The Defense Department declined to give any details of the probe.

SURROUND CLINIC — Greek soldiers fight their way into control of a Turkish stronghold set up in a clinic this week at Limassol on the Mediterranean island of Cyprus. British truce officials said that at least 16 Turkish Cypriots and one Greek Cypriot were killed in this encounter before an uneasy cease-fire was established.

Turks Ready Troops; Add New Danger

Talks to Greek Chief Hoping to Win Okay for International Force

ATHENS, Greece (AP) — U.S. Undersecretary of State George W. Ball pressed his Cyprus peace mission today at an urgent meeting with Greece's caretaker premier, John Paraskevopoulos.

Turkish military preparations added a new danger to the crisis.

Ball called on the premier a few hours after he arrived from Ankara, Turkey, in a whirlwind effort to win acceptance of an international police force free of U. N. control.

★ ★ ★

While the United States and Britain argued calm, Turkish warships carrying troops were reported to have left the south Turkish port of Iskenderun, less than 100 miles from Cyprus.

EYE INVASION

The reports prompted fears on Cyprus of an imminent Turkish invasion.

However, the Turkish chief of state, Gen. Cevdet Sunay, told Turkish newspapers the ship movements were maneuvers, rather than an invasion.

In London, British Prime Minister Sir Alec Douglas-Home called in top cabinet members to discuss the explosive situation, possibly including British reaction in event of a Turkish invasion.

★ ★ ★

Ball leaves for London later today.

GUARDED COMMENTS

Ball and the premier had only a few guarded comments after their meeting.

Ball said he had reported on his own impression of the Cyprus situation and the views of the Turkish and Cypriot governments.

The Greek press has been highly critical of the American intervention in the dispute.

★

In response to a newsman's question if the United States had entered the dispute at the invitation of Greece, Ball replied:

SELF-INTEREST

"All the guarantor powers asked us to interest ourselves."

A major issue in the Greek press has been whether Greece asked the United States to intervene or the United States acted on its own.

Greece elects a new Parliament tomorrow, and Paraskevopoulos' cabinet is expected to resign shortly after.

It's the Year for It

State Juvenile Bills Multiply

By RICHARD PYLE
Associated Press Writer

LANSING—To the Chinese it may be the Year of the Dragon but to the members of the Michigan Legislature, 1964 is becoming the Year of the Juvenile.

A little more than a month old, this session has witnessed what probably is the greatest and most varied spate of proposed legislation concerning junior citizens in the state's history.

The first three bills introduced in the House this year were proposals for youth camps for persons 17-21, job retraining and job upgrading for school dropouts and unemployed.

★ ★ ★

Since then, proposals directly concerning juveniles — and others which involve them in remote ways — have flowed into both chambers.

★ ★ ★

Overall, the juvenile bills and resolutions probably have received more attention from lawmakers and the press than proposals on any other subject.

VOTING AGE

Both chambers have resolutions to lower the voting age from 21 to 18, and each of these made headlines when it was introduced.

Much of the debate in the House has concerned bills affecting juveniles—one which would require drivers' licenses for persons under 21 to be a different color, another which would make teen drivers subject to the point system and still another to make parents liable for up to $300 in vandalism committed by their children.

There are bills pending to deal with juveniles smoking, driving cars, purchasing alcoholic beverages, carrying knives, and staying in school to the age of 18 or until they graduate.

★ ★ ★

In the House there is a resolution to set up a state committee with $90,000 to study the problem of school dropouts, which some experts believe lies close to the root of the delinquency and unemployment problems.

WHIPPING IDEA

One of the more publicized proposals to date was the bill introduced Thursday by Rep. Arthur J. Law, D-Pontiac, to subject juvenile delinquents to public flogging.

Still in the works is a bill which would outlaw drag-racing on public highways, something which—like many other

Russians Keep Lid on News of Defector

MOSCOW (AP) — The Soviet government has kept a lid on all news of the defection of Yuri T. Nosenko, despite its protest notes to the United States and Switzerland.

Soviet Foreign Minister Andrei A. Gromyko followed up the protests Friday by calling in U.S. Ambassador Foy D. Kohler to underline Soviet displeasure. But no word about the Nosenko case has been published here.

With a Few Exceptions

St. Louis Cheers LBJ Visit

ST. LOUIS, Mo. (AP)—More than 100,000 cheering, waving St. Louisans, and 86 civil rights demonstrators, turned out yesterday as President Johnson attended the city's 200th birthday celebration.

Police intercepted the demonstrators, took them to headquarters and ordered them home.

Later a man with a loaded 32-caliber pistol was apprehended at Lambert-St. Louis Municipal Airport where the presidential plane was parked. He was held for questioning.

Otherwise the President's trip to St. Louis was uneventful. The weather was cool but sunny. He shook hands, planted a tree, toured part of the city and named Stan Musial, St. Louis Cardinal baseball great, director of the President's physical fitness program.

In a brief speech to 5,000 students and others, the President waved his hand at the nearby university and declared: "The St. Louis area draws its strength from its fine colleges and universities."

★ ★ ★

After the talk Johnson strode through the crowd. There was some excitement when a wooden fence splintered, spilling spectators forward. But the presidential grin never broke, and uniformed ROTC students quickly formed a human fence.

FAIR DISCUSSION

In his principal address to an overflow crowd of 2,100 at a hotel Friday night, President Johnson said he welcomed a "fair discussion of honest differences" both at home and abroad.

On the civil rights question he said, "We cannot secure the success of freedom around the world if it is not secure for all citizens in our cities."

As he spoke the mass march started in nearby Forest Park, but it was halted five blocks short of the hotel. It was led by members of the St. Louis Committee on Racial Equality, an affiliate of the National Congress of Racial Equality.

GREETING HANDS—President Johnson was in St. Louis yesterday and gave many residents a chance to shake his hand. He was there to participate in the city's 200th anniversary. A security guard is mounted on roof at the airport where the President was greeted.

Scholle Raps Romney at Union Confab

By ALLEN W. PHILLIPS

Michigan AFL-CIO President August Scholle opened a labor seminar in Pontiac last night with a strong attack on Gov. George Romney and a plea for a revitalized labor movement.

Scholle designated Romney as the chief target of labor concern in Michigan at the "Spotlight on Michigan" conference at UAW 594 hall. This is one of a series of statewide conferences.

"He's on every side of every issue. He is the biggest political phony in years," the union leader said of Romney.

★ ★ ★

He termed Romney's unsuccessful attempt to secure a flat-rate income tax a device to "shift the taxes" onto lower income groups and proof that the governor "reneged on preelection promises not to raise taxes without fiscal reform."

"There isn't going to be much tax legislation this year because it's an election year," Scholle predicted.

AUGUST SCHOLLE

But he urged labor's vigilance, saying: "We have little, if any alternative, than to change the present provisions of our constitution to strike out the language that prohibits a graduated income tax."

Turning to possible changes in unemployment compensation laws, a major labor concern, Scholle cited a number of newly introduced bills as "another package of qualifications."

★ ★ ★

Admitting the Democratic-labor coalition faced a stiff Republican fight on both tax and compensation issues, Scholle said the best home was a favorable majority in a reapportioned legislature coupled with a Democratic governor.

HEATED RESPONSE

This brought a heated response from a union member in the audience who said that the

Railroad's Hit by 2nd Blast

NEW SMYRNA BEACH, Fla. (AP)—A dynamite blast — the second this week for the strike-bound Florida East Coast Railway—tore into the underside of a freight train Friday night and ignited a propane gas tank car. A ball of flame shot hundreds of feet into the air.

Detectives were on the scene today, poking through flame-seared ruins for clues.

★ ★ ★

"Another sabotage, another attempted murder," FEC chief railway operating officer W. L. Thornton said of the blast that derailed a locomotive and 14 cars.

Last Sunday an FEC freight train was dynamited north of Miami, strewing the right of way and a canal with 30 of the train's 90 cars.

FIND DYNAMITE

And Wednesday night, four boys found 45 dynamite sticks hooked to the FEC tracks near Cape Kennedy at Titusville, where a southbound train was due. The lads disconnected the explosive charge minutes before the train whizzed by.

The site was a mile and a half from a government-owned spur track connecting the FEC with the Cape Kennedy moonport area where space navigation facilities are buing built.

★ ★ ★

The New Smyrna Beach blast was a doubled barreled detonation.

Officials at the scene, about 10 miles north of here, said there were two explosions. The first blast was detonated under the diesel locomotives and severed fuel lines. The second occurred under the 65th car of the 85-car freight.

SECOND BLAST

The second blast set off the tank car and caused the derailment of 14 cars.

"It looked like the world had exploded," said Florence Best, whose home is near the wreck.

★ ★ ★

Firemen hosed down burning freight cars and surrounding brush fires. They concentrated streams of water on a second derailed propane tank car to keep it from exploding.

A crewman reportedly suffered minor injuries when he jumped from the moving caboose. He was not identified.

50 STICKS

Constable Russell Galbreath said "at least 50 sticks of dynamite" had been used. The blast shook houses more than a mile away.

A similar dynamiting a few miles north of Miami earlier this month tied up rail traffic for several days and caused damage estimated at more than $250,000.

The FEC dropped passenger service after 11 nonoperating unions struck Jan. 23, 1963. It has been moving freight trains with supervisory and nonunion help.

Failure to agree on a 10.28 cent hourly wage hike resulted in the walkout. Numerous acts of sabotage and vandalism have occurred since the strike. However, union officials say their members have not been involved.

Detroiter Appointed

LANSING (UPI)—State Democratic Chairman Zolton Ferency announced the appointment of Bernard W. Klein of Detroit as director of the Michigan Democratic Advisory Council yesterday.

Klein, 35, will take over some of the duties of the state chairman due to the party's extra work programs during an election year, Ferency said.

The annual banquet will feature the Boss of the Year Award to the outstanding Jaycee's boss. A Distinguished Service Award will also be presented.

The DSA goes to a young man 21-35 that has made an outstanding contribution to the community.

★ ★ ★

Nominations for the DSA may come from area citizens and should be sent to the Jaycee office in the Riker Building by Friday, Jan. 21.

Sportscaster Van Patrick will be the guest speaker, while Howard Heldenbrand, Pontiac Press staffer, will be the toastmaster.

Audit Group Hits 'Slow' State Units

LANSING (UPI) — The Legislative Audit Commission said yesterday a review of state auditor general findings in 1963 disclosed some state agencies are not moving fast enough to rectify problems pointed out to them.

The 10-member audit commission, in a report to the rest of the legislature, said in reviewing 49 auditor general audits of various state agencies, commissions and schools it found "There are far too many repeat recommendations" from previous audits of the same governmental units.

The commission expressed special concern about the money handling methods practiced at Central, Northern, Eastern and Western Michigan universities and at Ferris State College and Michigan Tech.

★ ★ ★

"The audit commission has been working quietly for two years, exhorting the colleges to clean up their own affairs before very serious legislative steps became necessary.

"The audit commission pointed out long ago that the colleges and universities were not practicing the accounting methods that they were teaching," the report said.

The six schools, who were audited in a report released by the auditor general last Nov, 22, "all appear to follow a pattern in having a large number of audit exemptions," the report said.

The problems at the schools "included inadequate records and cash shortages."

★ ★ ★

The commission, which is headed by State Sen. Elmer R. Porter, R-Blissfield, said it was increasingly concerned about the smaller state colleges and universities because under the new constitution they "are given independent constitutional status.

This may give to these schools that have not had constitutional status previously more responsibility in the area of managements of their business affairs, an area which to date these schools have not done very well."

The schools, the commission said, should all have "an internal auditor responsible to the board of control; a uniform system of accounts put into effect no later than July 1, 1965; and the department of administration should insist proper accounting procedures be put into effect before further state funds are allocated."

St. Valentine Massacres: Murder-Suicides Kill Nine

By THE ASSOCIATED PRESS

Two murder-suicides that took a total of nine lives marred Valentine's Day yesterday.

In Athens, Ohio, Rudy Zamora, 20, a farmhand, sought in the slaying of four persons, shot and killed himself today as deputies closed in.

Zamora, a former mental patient said to be of Mexican descent, was believed to be the person who shot to death four members of a farm family and wounded two others late yesterday.

In Falls Church, Va., a mother, who underwent treatment several months ago for a mental breakdown, killed herself after shooting to death three of her four children, the youngest four months old.

The surviving child, a boy, 2, was shot in the head. Physicians said there was little hope for his recovery.

Police said the body of Judith E. Cox, 40, wife of the principal of the Jefferson Elementary School, had been found seated in a rocking chair in the basement of their comfortable, three-bedroom home in the Washington suburb.

★ ★ ★

In her right hand, police said, she held a 38-calibre revolver with all six shots fired. In her left hand were three notes, apparently scribbled in haste on the backs of old envelopes. She had been shot through the right temple.

Chief William Durrer of the Fairfax County police reported that three notes written by Mrs. Cox said she took the blame for the slayings and expressed fear she might have to return to a hospital for psychiatric treatment.

The slain children were Danny, 14; Laurie, 11; and Timothy D., 4 months.

Deputies were called to the two-story farm home about six miles west of Athens shortly after 7 p.m. after one of the wounded victims, Patricia Wildman, 22, made her way to the home of a neighbor, Glenn McDaniel.

★ ★ ★

Danny Pierce, 6, nephew of Patricia, also was wounded and escaped. Danny had been shot with a .22-calibre rifle, all the others with a shotgun.

FIND BODIES

Officers who entered the Wildman home found the bodies of W. M. Wildman, 57; his wife, Mildred, 60; their son, Eugene, 14; and Geneva Pierce, about 26, the dead couple's widowed daughter.

Also found were Dean, 2, and David Pierce, 3, sons of Mrs. Pierce, who had not been harmed.

Nab AWOL Soldier in Farmington Twp.

A young AWOL soldier was apprehended yesterday afternoon in a Farmington Township home by police from two departments.

Farmington city and township police picked up Roger Sterling, 19, formerly of 33505 Grand River, Farmington, about 2:30 p.m. at the home of a relative at 22113 Springbrook.

City police said the soldier had been AWOL since Jan. 5, from Fort Knox, Ky. He was turned over to Army authorities.

Gay 90's Ice Show Is Feb. 29

BIRMINGHAM — Some 180 children and 20 adults will take to the ice Feb. 29 to present a skating version of the "Gay 90's."

The Recreation Department's eight annual ice show will be the climax of the skating season in Birmingham.

The Eton Park municipal rink on Lincoln just east of Eton will be the scene of the evening show, scheduled to start at 7:30.

★ ★ ★

Included in the cast are children who participated in the skating instruction classes offered by the Recreation Department and adult members of the Birmingham Recreation Department Figure Skating Club.

SHOW SETTINGS

Gay 90's backgrounds built and renovated by the Department of Forestry will provide settings for the solo, duet and group numbers.

On specially colored ice, each number will be completely costumed, choreographed and stage lighted.

Previously produced with no budget, the show this year has been alloted $200.

Backgrounds will authentically portray Birmingham in the 1890's. Store fronts will include the Nixon General Store, the National Hotel and the shop of James M. Clement, horseshoeing and general blacksmith.

ELECTRIC TROLLEY

A full-scale replica of an electric trolley which ran between Pontiac and Detroit will complete the settings.

On-ice props are full-sized wishing well, bridge and old-fashioned sleigh and a steam engine, about one-quarter actual size.

Guest artist for the show is Duane Maki of Detroit, who placed second in the junior men's division of the national figure skating competition in Cleveland.

The show will consist of four group numbers, five soloists, four duets, a comedy routine and Maki's number.

FOOTBALL ROUTINE

Among the group numbers will be beginning skaters in a football-cheerleader routine, beginning figure skaters in a military act, advanced figure skaters appearing as turn-of-the-century bathing beauties and skating club members in a Gibson girl waltz.

Television personality Mrs. Lee Murray and Darrel Middlewood, superintendent of forestry and parks, will be commentators.

Tickets can be purchased only at the Eton rink.

City Police Checking 2 Armed Thefts

Two armed robberies were under investigation today by Pontiac police.

Patrick Roberts, 18, of 471 S. Edith reported he was robbed of $45 while walking on East Wilson between Goings and Sanford at 9:50 p.m. yesterday.

Roberts suffered cuts on the cheek and neck while wrestling with the bandit, police said. He was treated at Pontiac General Hospital.

Vernard W. Jones, 22, of 3071 Greenwood told police he was robbed of $5 by a man who jumped into his car as he slowed down for the traffic light at Orchard Lake and Bagley at 3 a.m. today.

Jones said the man threatened him with a knife.

Injured Aerialist Anxious to Renew Her Trapeze Act

MADISON, Wis. (AP)—Mary Lou Lawrence fixed her eyes on the girl in the glittering custume riding the swinging circus trapeze high above the crowd.

★ ★ ★

MARY LOU

The tiny, red-haired girl wished she were up there, too, as she watched the opening performance Friday of Madison's Shrine circus.

Just a year ago in Madison, Mary Lou was the show's star attraction when she lost her grip on a trapeze bar and fell 35 feet to the concrete floor.

NEVER FORGET

"I'll never forget it," she said, "it was the opening performance here—on Feb. 15."

Friday she was a spectator instead of a star, and sat in the stands. But she plans to return soon to the trapeze act—and again she will work without a net.

★ ★ ★

"I see my doctor on Monday and maybe he will tell me I can go back to work," said the 27-year-old aerialist.

After the fall, Mary Lou spent three months in a Madison hospital recovering from a skull fracture and a broken collar bone and rib.

RETURNED HOME

Then she returned to her Crown Point, Ind., home. Since November, she has been allowed to practice for her return to the circus. She has had several workouts on the high, swinging trapeze.

"It's impossible to keep her down," said her mother, Mrs. Louis Lawrence. "You just can't do it."

Mary Lou said it didn't bother her to return to the same arena in which she nearly died.

"I'm just happy to be here," she said. "I just wish I was back up there working."

ASKED AUTOGRAPH

Mary Lou is a celebrity in Madison. During the performance men, women and children trooped over to talk or get her autograph.

★ ★ ★

"You know we're probably a bunch of hard-boiled men," one Shriner told Mary Lou, "but we really prayed for you after that happened."

Mary Lou thanked the man.

"I was sorry I spoiled your show," she said.

Union Chief Issues Rap at Romney

(Continued From Page One)

national AFL-CIO itself needed reapportionment to equalize large and small local unions.

"I definitely am for this," stated Scholle. He blamed "practical politics" for some internal resistance.

This brought another unionist to his feet to charge that faulty thinking by labor's top leadership was causing a loss of control throughout the trade union movement.

"I think there are some union leaders who have gotten too plush," agreed Scholle. "I don't see how you can be a good leader on a $75,000 salary," he said without naming anyone.

ADMONISHMENT

Then, indicating the 65 union representatives in the hall which could have held hundreds, he admonished: "This is what is wrong with labor today."

Scholle lamented that labor was losing its base of member support.

"I like to feel their breath on my neck when I'm out in front fighting for them, but I can't do as much when they're straggling behind."

Turning to criticism that organized labor has outlived its usefulness, Scholle was adamant: "There's one organization that symbolizes progress in America, and that's the labor movement. What would we do without it?"

The AFL-CIO conference today will turn to discussions of political action in 1964, medicare, ADC-U and civil rights.

Attending are union delegates from Oakland, Livingston, Genesee and Lapeer counties.

Bills Proposed for Juveniles

(Continued From Page One)

laws concerning juveniles—is covered only by local ordinances.

Some bills, such as the youth camp and job training proposals sponsored by Rep. Harry Demaso, R-Battle Creek, are fresh versions of legislation introduced in previous years.

★ ★ ★

Others, such as a bill to outlaw the purchase of cigarettes by persons under 17 or a bill which would make persons under 21 guilty of a misdemeanor by carrying knives, are manifestations of the times.

LAW ALLOWS

Rep. James Karoub, D-Highland Park, said he checked Michigan law as a result of the recent publicity about alleged links between smoking and lung cancer, and was "amazed" to find the law permitted minors to buy cigarettes.

The knife bill, according to its sponsor, Rep. William Romano, D-Warren, is inspired by recent attention given to teen-age extortionists and molestors in schools.

One veteran legislator who has noticed the increase in juvenile legislation is Rep. Russell Strange, R-Clare.

★ ★ ★

"Some years the big subject will be traffic safety, or mental health, for example," said Strange. "Our mental health waiting list is just as long this year, but you don't hear much about it.

"I guess the juvenile bills—those which are the result of some rather extensive study—are politically popular."

GOP Campaign Grows Hotter

LEBANON, N.H. (AP)—Gov. Nelson A. Rockefeller has begun to cast off the role of underdog in the New Hampshire primary campaign.

The New York governor said his campaign had received an important boost in an intensive, three-day campaign swing that ended Friday night.

Rockefeller said that if things keep going the same way, he will break into the lead, although he had entered as "a decided underdog."

RADIO INTERVIEW

He made these comments in a radio interview at Lebanon at the end of a 15-hour day that took him through 16 communities.

The governor also said:

1. "It would be "completely unrealistic" to think that the Republican party would nominate Sen. Barry Goldwater of Arizona on the basis of his present conservative views.

2. The candidate chosen would have to agree to support a platform in accord with "the mainstream of American thinking."

3. There will be a clear trend toward one candidate by the time the GOP National Convention opens in San Francisco July 13. He does not see any possibility of a dark-horse nominee emerging at the convention.

4. While there are several candidates entered in the New Hampshire primary, the one with the most votes will be the winner, and the results will be significant.

Rockefeller returned to New York aboard a chartered plane. He went directly to his Fifth Avenue apartment, carrying in a brown paper bag a heart-shaped box of chocolates he had purchased in a Lebanon grocery store for his wife, Happy.

NEW YORK (AP) — Richard M. Nixon says President Johnson should call a meeting of Western leaders "as quickly as possible" to deal with the question of trading with Communist countries.

"It doesn't make sense for us to have one policy and our allies to have another," the former vice president said Friday before boarding a plane for Miami.

The trade situation, he added, presents an opportunity for Johnson "to take the leadership in dealing with the Cuban problem."

CONVINCE ALLIES

"It would be foolish (for the United States) to set up a direct economic blockade of Cuba unless we convince our allies to go along with it," Nixon continued.

"The same argument applies to Asia where our allies are going in all directions. We need a common policy there."

ROCKY COMPAINS

PHOENIX, Ariz. (AP) — Sen. Barry Goldwater talks dollars and cents today with the financial high command of his campaign for the Republican presidential nomination.

★ ★ ★

Winding up a week of campaigning in the West, Goldwater was to get a progress report from his campaign finance committee at his hilltop home overlooking Phoenix.

The Arizona senator has said he expects his campaigns in the five presidential primaries he is entering — New Hampshire, Il-linois, Oregon, Nebraska and Illinois, Oregon, Nebraska and California — will cost $2 million to $2.5 million.

WILL CONFER

Sunday the senator flies to Chicago to confer with his state campaign directors. Forty-two of them have been invited to meet with the candidate and discuss coordination of their efforts to win him the Republican nomination.

WITH SEN. SMITH IN NEW HAMPSHIRE — Sen. Margaret Chase Smith of Maine winds up a week-long tour of New Hampshire today, expressing confidence and talking of jeopardizing her unblemished record of Senate attendance to campaign more intensively.

★ ★ ★

Mrs. Smith campaigned this week for Republican votes in the March 10 New Hampshire presidential preference primary, without ever saying she was running for anything.

Her campaign manner was as casual as a back-fence chat with a neighbor.

ON SCHEDULE

Visits in Nashua, Jaffrey, Fitzwilliam and Keene were on the schedule before she flies back to Washington late today.

not allow fewer than eight counties to combine for a majority vote in the legislature—and this would not be a tight regional knot of counties.

The GOP plan adheres closely to the constitution's formula, based 80 per cent on population and 20 per cent on area, whereas the Democratic plan's districts seek equality of population.

The Democratic blueprint is sponsored by Richard Austin of Detroit and Robert Kleiner of East Grand Rapids.

The Democrats contend that the State Constitution's "equal protection" guarantee (article one) conflicts with the 80-20 formula, and say "it is not possible to partially follow the equal protection requirement.

At First Christian Church

World Day of Prayer

About 100 women gathered Friday at the First Christian Church, West Huron Street, for the 78th World Day of Prayer. Women of the hostess church presided at a coffee hour preceding the meeting.

Mrs. A. W. Hersee, using a collection of bells from all over the world, listed the countries that had requested prayers. She also presented the meaning of the day.

★ ★ ★

Dr. Madeline Barot of the World Council of Churches, Geneva, Switzerland, wrote the material "Let Us Pray" that was used everywhere the day was observed.

One hundred and fifty areas on six continents were at prayer sometime during the twenty-four hour period.

Mrs. Norman Thompson and Mrs. Robert Adams provided the music.

★ ★ ★

Cochairmen of the Pontiac prayer day were Mrs. John Appleton and Mrs. Robert Seckels.

Offerings made on World Day of Prayer help sustain women's colleges in Asia and Africa; provide Christian literature in many parts of the world; lend assistance to migrant programs; and help foreign students who come to American colleges.

Announce Birth

Mr. and Mrs. Donald C. Balzarini (Carol Donaldson) of West Lawrence Avenue announce the birth of a daughter, Mary Angela, Feb. 2, in Pontiac General Hospital.

She Got in Double Trouble With Wedding Suggestion

By ABIGAIL VAN BUREN

DEAR ABBY: I made what I thought was a good suggestion and it started a whole family fight.

My daughter recently got a diamond ring and plans to be married this summer. My sister's daughter announced her engagement New Year's Eve, and she plans to be married this summer, too.

ABBY

When I mentioned to the other members of my family that I thought it would be a good idea if the kids got together and had a double wedding, they said if they had to buy TWO wedding presents they expected to go to TWO weddings.

And when I explained to my sister that we could save on flowers, music, food, drinks, etc., she said they could afford to put on their own wedding as they weren't in the poorhouse yet.

What'e wrong with my family? Or is it me? Next time I open my big mouth, I wish somebody would kick me hard.

MEANT WELL

★ ★ ★

DEAR MEANT: Your suggestion was motivated by your desire to get as much mileage out of a dollar as possible. So was their reaction. It must run in your family.

DEAR ABBY: I am engaged to a wonderful man. He is a European and his first name is difficult, but not impossible, to pronounce.

When I introduced him to my mother for the first time she didn't even attempt to pronounce his name. She simply said, "I shall call you John."

He smiled, good-humoredly, thinking she was joking but she has been calling him "John" ever since.

I know he feels hurt, and I don't blame him. I think it's insulting. Don't you think my mother should learn to pronounce my future husband's name?

It has bothered me for several months.

BOTHERED

DEAR BOTHERED: Why the silent burn? Teach your mother to pronounce your fiance's name, and insist that she address him as such. (P. S. Why doesn't John speak for himself?)

Get it off your chest. For a personal, unpublished reply, write to ABBY, The Pontiac Press. Enclose a stamped, self-addressed envelope.

Hate to write letters? Send one dollar to ABBY, The Pontiac Press, for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

The Birmingham Branch of the American Association of University Women will present a fashion show Feb. 26 at 1 p.m. at the Cranbrook Auditorium. Fashions are by Jacobson's.

July vows are planned by Mary Jean Hurtik, daughter of the Jerry Hurtiks of Baldwin Road and James Evans Dani, son of Mr. and Mrs. Ivano Dani of Wayne. She is an Eastern Michigan University senior. Her fiance attends Cleary College.

MARY JEAN HURTIK

While attending Fort Lewis Agricultural and Mechanical College at Durango, Colo. Mr. Oetjens affiliated with Phi Beta Iota fraternity. He and his bride will live in Troy.

Childhood Education Unit Hears Dr. Hudson

Dr. John Hudson of the Merrill-Palmer Institute spoke before the Pontiac Branch, Association for Childhood Education, Thursday in the Owen School.

★ ★ ★

Choosing as his subject "Some Overlooked Aspects of the Teacher-Pupil Relationships" the speaker deplored the scarcity of psychologists, psychotherapists and psychiatrists to attend the emotionally-distrubed.

"Because of this," he said, "leaders in the mental health field are turning to the elementary teacher for recognition of early symptoms of emotional maladjustment in children."

BLIND

Blind since 13 years of age, Dr. Hudson was accompanied by his faithful 'seeing-eye "Jeda" a Weimaraner canine.

Mrs. Royal Exline directed second and third graders from Owen School in a musical program with dramatic sequine.

Assisting Owen School principal Warren Abbott and Mrs. Cleo Wiley, were Mrs. A. Hesper Polk, Mrs. Howard Booker, Mrs. Ross Tenny, Mrs. Norris Smith and the school staff.

Mrs. John Buchanan arranged the program, Mrs. Frederick Holmes and Ophelia Harmon handled publicity.

Honored guests were Gerald White, director of elementary education along with ACE past presidents Margaret Wilmot, Mrs. Harold Muldowney and Mrs. Harry Killian.

★ ★ ★

★ ★ ★

Among those at the audition party will be Pontiac Central students Telse Knudsen of Denmark and Christian Krarup - Hjort from Chile, also Myra Pangilinan from the Philippines, Pontiac Northern student.

Search On for Cubs' Rookie, Pal Missing in Air Flight

PROVO, Utah (UPI) — A three state search was to get under way at dawn today for a missing light plane carrying star second baseman Ken Hubbs of the Chicago Cubs and a companion.

The new single engine Cessna 172, owned and piloted by Hubbs, left the Provo airport in bad flying weather Thursday morning, apparently bound for Morrow Field near Colton.

Hubbs' passenger was Dennis E. Doyle, 22. Both men were from Colton and life-long friends. They had been visiting in Provo with Doyle's father and mother-in-law, Mr. and Mrs. Donald E. Hawke.

Harlon Bement, Utah aeronautics director, said search planes would leave at dawn to scour rugged mountain country in southwest Central Utah. Similar search efforts were being readied by authorities in California and Nevada under the direction of the western air rescue center at Hamilton Air Force base, Calif.

The plane took off into what Bement termed "very unfavorable" weather. A snowstorm was spread across most of western Utah at the time. Bad weather threatened to hamper today's search efforts.

Authorities were first notified the plane was missing yesterday after Doyle failed to show up for work as scheduled yesterday morning.

Hubbs' parents placed a long distance phone call to Provo for their son from Colton and learned that he had left the previous day for home.

The 22-year-old Hubbs, National League rookie of the year in 1962, attended Brigham Young University here briefly before signing a bonus contract with the Cubs.

Doyle also was a former BYU student and was planning to return to the school next fall to complete work on a bachelors degree.

Hawke said Hubbs and his son-in-law said they were returning to Colton and expected to arrive about 5 p. m., EST. They had arrived in Provo Wednesday for a visit and for Hubbs to fill a speaking engagement before a Provo baseball group.

Myron Jense, manager of the Provo airport, said Hubbs had tried to make radio contact with the field shortly after taking off, but his radio was on the wrong frequency and Hubbs could not hear replies. Jense said Hubbs gave no indication of trouble.

"It was simply a radio check," Jense said.

The sandy-haired Hubbs burst into the majors with a bang in 1962, breaking not only Al (Red) Schoendienst's National League fielding mark but also Bobby Doerr's major league record for second basemen of 73 games without an error.

Hubbs played in 78 consecutive games without an error between June 14 and Sept. 5.

A tall, slender, quiet person with big, sure hands, Hubbs' play was given a great deal of the credit for inspiring the Cubs to their best season in several years last year.

★ ★ ★

He played in 154 games, batting .235 — down from .260 the previous year — but he was recognized as a bulwark of the Cub infield.

★ ★ ★

Hubbs, 22 last Dec. 23, bats and throws right.

Not noted as a power hitter, he hit five home runs and batted in 49 runs as a rookie, and last year he smacked eight homers and knocked in 47 runs.

CUB MISSING — Chicago Cub second baseman, the 1963 National League rookie, was missing today after his light plane was presumed down on a flight over the mountains from Provo, Utah to Colton, Calif. He and friend have not been heard from since Thursday.

Ex-Cards Star Fills Physical Fitness Post

Musial Takes Job After Visit From President

TAKES POST—Stan Musial, long time great of the National League, yesterday was named by President Johnson to head the country's physical fitness program.

ST. LOUIS (UPI)—Stan (the man) Musial, one of baseball's great hitting stars, today took command of President Johnson's National Physical Fitness program.

Named yesterday by the President, who made a whirlwind visit to St. Louis, Musial becomes the second man to hold the post created under the administration of the late president John F. Kennedy. The program is aimed at accentuating the importance of physical prowess among the nation's youth.

In naming the former St. Louis Cardinal baseball star to the post, President Johnson —surrounded by students at St. Louis University — said he had asked Musial to take the post and "Musial has accepted the job."

Musial succeeds former Oklahoma Sooner football coach Bud Wilkinson, who resigned to seek the Republican Oklahoma senatorial nomination.

Musial, who grew up in the coal mining region of Donora, Pa., was not in the crowd when the announcement was made but later issued a statement saying he considered it an honor to be appointed to the post.

"Physical fitness is important to each of us individually and I plan to put all my efforts behind the President's program" Musial said. "I hope I can do a capable job," he said.

Later last night, at a dinner gathering addressed by the President, Musial was called from the floor to be seated at the speaker's table. He originally was to have been seated among the audience.

New Twosome Tied for 1st in Golf Play

TUCSON, Ariz. (AP) — Two days of doubles and Rex Baxter aims for a single finish today atop the third round list of the $30,000 Open golf tournament.

The 27-year-old from Amarillo, Tex., drew Ernie Vossler as his partner at the end of the first round at six-under-par 66.

He lost to Vossler, who had a 79 in the high winds at the 49ers Country Club and wound up with Australia's Bruce Devlin as his partner at 136 on Friday.

★ ★

Baxter shot a two-under-par 70 in the 30 mile per hour winds and 46 degree temperature while Devlin fired the day's best score, a 67, and drew even.

On the PGA tour since San Diego, Devlin has won $5,137.50 in five weeks but hadn't completed 18 holes without a three-putt green during that time until Friday. Then he did it.

"It was my best putting round," declared the youthful looking 26-year-old who won the French Open and the New Zealand Open last year and in 1960 captured the Australian open as an amateur.

Sharing second place a stroke behind the leaders were 6-foot-6 George Archer of San Francisco and Jacky Cupit, a Texan now playing out of Corona, Calif.

Archer shot a 69 and Cupit came in with a 68 for their 137s. Each bogeyed a hole — Archer the 17th and Cupit the 11th — to spoil chances of tying for the top in quest of the $4,000 award in this 72-hole tournament.

Protest TV

NCAA Set to Fight

KANSAS CITY (AP) — A strong stand against plans to televise five National Football League games next fall on Friday nights will be taken today by Walt Byers, executive director of the National Collegiate Athletic Association.

★ ★ ★

A statement by Byers is expected to commit the colleges to a strong fight, going to the court if necessary. The colleges believe this time belongs to the high schools and colleges, and any infringement violates the federal anti-trust law passed in 1961.

The NCAA doesn't televise college games on Friday nights to protect the nation's high schools who play almost all their games then.

Supporting the NCAA in its stand is the National Federation of high schools, with more than 12,000 members.

The American Broadcasting Co. insists the five games are not covered by the 1961 anti-trust law because the games are being negotiated with the individual clubs and not the league.

★ ★ ★

Thomas W. Moore, president of ABC, put it this way:

"This is completely legal. The telecasts would accelerate interest in all kinds of football and not harm the colleges or the schools."

★ ★ ★

College and high school leaders contend the telecasts would hurt attendance. About 85 per cent of the high schools and some colleges play on Friday nights.

Leaders of major conferences, including the Big Ten, Big Eight and Eastern College Athletic Conference, joined in protest.

Rally Stops Too Soon for Eastern Michigan 5

By The Associated Press

Eastern Michigan rallied to a point of a tie with Western Reserve, but the Ohio team held on to win 76-75 in college basketball Friday night.

Ed Gallup of Eastern led scoring with 21 points in the President's Athletic Conference game at Ypsilanti. Joe Buzas scored 18 for Western Reserve. Eastern's loss gave it a 6-3 league record. Western Reserve is 2-5.

Northern Michigan matched an earlier victory over St. Norbert, beating the Wisconsin squad 80-62.

Bob Pecotte scored 21 and Dave Cade 20 points for Northern in the game at Marquette. LeRoy Weyenberg, firing 19 points, topped St. Norbert scoring. Northern led all the way in bringing its record to 11-8. St. Norbert lost its ninth game against eight victories.

Central Michigan virtually coasted to a 72-41 triumph over Hillsdale in a game at Mount Pleasant. Dave Nelson, the game's high scorer, had 23 points for Central, and Don Edwards tallied 18. Charley Works and John Rowan counted 10 points each for Hillsdale.

Royals Challenging Celts in NBA's Eastern Loop

By United Press International

Usually when Red Auerbach and the Boston Celtics take a look back, there's nothing in sight.

That, however, isn't the case this season because the Cincinnati Royals are doing their best to pull one of the biggest upsets in National Basketball Association history.

The Royals moved within two games of the Eastern Division leading Celtics with a 126-114 victory over the New York Knickerbockers last night. But what's more important the Royals are just three games back in the loss column with one-fourth of the schedule ahead.

The victory, engineered by Oscar Robertson, who had 29 points and an NBA season high of 21 assists, was the ninth straight for the Royals.

Robertson, who had 13 assists in the first half, also had the previous high of 19 in a game against Baltimore last Jan. 5.

Jerry Lucas had 23 points for the Royals and collected 14 rebounds. Bob Boozer, an ex-Royal, led the Knicks with 22 points followed by Johnny Green with 20.

In the only other game scheduled last night, the Philadelphia 76ers defeated the Detroit Pistons, 130-123.

Detroit made eight of its first nine shots, but the 76ers were even hotter with a 43-point first quarter.

The 76ers, with only eight men in uniform, had a comfortable lead the rest of the way even though Detroit countered with 43 points in the final period.

Hal Greer had 29 for the 76ers followed by Paul Neumann with 25. Bailey Howell had 27 for the Pistons.

Lake Fenton Quintet Defeats Ortonville

A 36-point performance by Greig Thornton carried Lake Fentono to a 74-69 victory over Ortonville Friday evening.

★ ★ ★

The winners grabbed a halftime lead of 32-24 and were never headed. The loss dropped Ortonville to a 1-11 mark.

★ ★ ★

Topping the Ortonville attack were Mel McDowell (26) and Steve Hubbs (23).

Wings Trade Ingram

DETROIT (AP)—The Detroit Red Wings Friday traded defenseman Ron Ingram to New York for defenseman Al Langlois in a straight player deal.

Ingram, 30, is in his rookie year in the National Hockey League.

★ ★ ★

Langlois, 29, is a veteran of six NHL seasons. He will report to the Wings for their game tonight at Montreal.

The Wings also reported that defenseman Doug Barkley will wear a facial mask in the weekend series with the Canadiens. Barkley will be able to play despite a fractured cheek bone, the Detroit club announced.

Barkley suffered the injury in Thursday night's game against Boston.

U.S. Grants Asylum to Soviet Defector

By LEWIS GULICK

WASHINGTON (AP) — The U.S. government is granting asylum to Soviet secret police defector Yuri I. Nossenko in a case still carrying overtones of a spy thriller.

★ ★ ★

The State Department unraveled some of the mystery with a pair of announcements Friday. In the first U.S. comment since last Monday's disclosure that Nosenko, who had disappeared from the Soviet disarmament delegation at Geneva Feb. 4, had asked for political asylum in America, press officer Richard I. Phillips revealed that:

1. Nosenko now is in Washington, though his exact whereabouts remains a secret.

HAD INTERVIEW

2. The Russians demanded an interview with Nosenko in a note Wednesday, and were granted it Friday. A Soviet Embassy representative talked to Nosenko for less than an hour, and Nosenko "reconfirmed his desire for asylum."

3. A Swiss Embassy representative also questioned Nosenko separately for less than an hour and got the same answer. A State Department representative sat in on both interrogations.

4. Soviet Foreign Minister Andrei A. Gromyko called in U.S. Ambassador Foy D. Kohler in Moscow and delivered a stiff oral protest to what Gromyko called "improper behavior" by the United States in the case. But the Russians have not accused the United States of kidnaping and have not threatened to pull out of the disarmament conference at Geneva.

A Soviet Embassy spokesman confirmed the interview with Nosenko but declined comment.

U.S. REPLY

Phillips said the United States is "prepared to give him asylum" and had sent the Soviet Union a note replying to their Wednesday inquiry "as to the manner in which Mr. Nosenko presented himself to U.S. authorities."

The State Department spokesman said there would be no further announcement, and he declined to say when Nosenko might be surfaced to public view.

Still under wraps were how Nosenko defected, how he got to the United States, and what secrets he might have passed on to U.S. intelligence.
