Rochester, Avon Thrive

Area Sites Are Rich in Beauty, History

By CONRAD N. CHURCH

Editor's Note—This is the first in a series of articles describing the rapid growth of Rochester and Avon Township.

Rochester and Avon Township are as rich in history as they are in natural beauty for it was here that the first settlement in Oakland County occurred.

The first settlers came on March 17, 1817. They were James Graham and his son Alexander and Christopher Hartsough and their families. A record of their coming appears on a marker which has been placed on a white frame building at 116 East Third Street in Rochester. It reads as follows:

"March 17, 1817, the first log house in Avon Township was built on this lot. In 1818 the first white child was born in Avon and the first school was held in the house."

The next year John Hersey made the first entry of land, paying $2 an acre for it. Soon the first saw mill and grist mill were erected on the shores of Paint Creek, since water power in the early days was all important.

• • •

In 1826 Gov. Cass, Austin E. Wing and Charles Larned laid out the original plan of the village, containing nine houses. The First Congregational Church was organized July 1, 1827.

Rochester was incorporated as a village in 1869. It became a home rule village with its own charter in 1948. The present village occupies 1.6 square miles.

Avon Township was organized in 1835. The first township meeting was held April 6, 1835 when William Price was elected as its first Supervisor and Hiram Higley as the first clerk.

The famous canal that was to be dug with pick and shovel all the way across lower Michigan was begun in 1838. They had dug it from Mt. Clemens to Rochester by 1844. It still may be seen along Avon Road. One good spot to look is at Yates' Cider Mill.

Among the names that arouse nostalgic memories in the minds of older residents of Rochester are Stoney Creek, North Hill, the Western Knitting Mills, the old D. U. R. interurban cars. In fact for some years the village got its supply of electricity for street lights from the D. U. R.

• • •

The Western Knitting Mills at one time had a plant with 111,000 square feet of floor space and employed upwards of 500 people. It used wool purchased from farmers in the vicinity. This company operated from 1891 until well into the present century.

W. C. Yawkey of Detroit was president of the knitting mills. C. S. Chapman of Pontiac was vice president and general manager and William C. Chapman was secretary and treasurer. C. B. Chapman, son of William Chapman, now resides with his family on West Third Street in Rochester and watches with interest the great changes that are taking place.

For no longer are the sawmills, the grist mills and the knitting mills the biggest industries in the village. Today Rochester is booming, and its residents are not quite sure they are going to enjoy it.

Martin H. Haselwerdt, vice president of the National Bank of Detroit and chairman of the advisory committee for its Rochester Branch, expressed it this way:

"Rochester has always been a nice community, and we have been glad that we were developing slowly. But there has been a tremendous change in our rate of growth during the past two years. New subdivisions are springing up on all sides and people are flocking in."

Mr. Haselwerdt cited the bank's experience. "Our footings totaled about 10 million dollars at the time of our merger with the National Bank of Detroit in September of 1955," he recalled. Since that time we have virtually doubled our working space and now employ about 35 people." The National Bank of Detroit's footings as of Sept. 30, this year were $1,934,741,168.

Last of Hungary Falls Beneath Red Juggernaut

Only Scattered Pockets of Resistance; Estimate 20,000 Patriots Dead

VIENNA (AP) — The overwhelming power of Russia's huge military machine moved relentlessly today against the last pockets of Hungarian national resistance.

The only major pocket left inside ruined Budapest was at Osepel Island, site of the nation's biggest industrial complex. Workers barricaded themselves in one of the big Danube island factories and continued to beat off determined attacks by Soviet armor.

Other pockets still held out in the Budapest suburb of Ujpest, in Dunapentele (Stalinvaros), south of the Csepel Island area, and at Pecs, near the Yugoslav border.

Occasional shooting also broke out in Gyoer province, especially along the roads leading to Austria, and in the Vac area north of Budapest.

The last-stand rebels also fought cold, hunger and despair.

• • •

The puppet Premier installed by the Russians, Janos Kadar, admitted in a speech over Budapest radio that groups of rebels still were holding out in cellars by day, emerging by night in larger groups for hit-and-run attacks. But he said he believed "all Budapest remnants of the counterrevolution will be liquidated" in two or three days.

HOSPITALS SET AFIRE

In the relentless Russian pursuit of the nationalist remnants, rows of workers houses were shattered, a children's clinic was wiped out, hospitals were set afire. To wipe out a single rifleman, the Russians would turn a full barrage from tanks, machine guns and automatic weapons, and destroy an entire building.

Correspondents returning from Budapest said the city was in the grip of indescribable horror, more horrifying even than they had seen in the days of World War II.

By the best available estimates, 20,000—or perhaps more—Hungarians died in the attempt to break the grip of the Soviet Union and communism on their country. Russian dead were estimated at from 4,000 to 5,000. Western correspondents back from Budapest brought these figures, and said the

Egypt Agrees to Permit Entry Without Delay

Hammarskjold Leaving to Confer With Nasser About Cease-Fire

LONDON (AP)—Egypt has agreed to permit entry of the U.N. police force immediately, U.N. Secretary General Dag Hammarskjold announced today. He said the first units, now assembled at a staging area near Naples, Italy, may go in tomorrow.

Canadian Maj. Gen. E. L. M. Burns, commander of the force, was talking in Cairo with President Nasser and Foreign Minister Mahmoud Fawzi when Hammarskjold made his announcement in New York.

The secretary general said he intends to leave by plane tomorrow for Cairo to discuss details with the Egyptian government and also will inspect the Italian staging area, now occupied by units from Denmark, Norway and Colmbia totaling about 200 troops.

The Cairo talks of Burns and Hammarskjold may determine whether the shaky cease-fire between the Egyptians and troops of Britain, France and Israel can be made permanent.

Eventually troops of 16 nations are to be represented in the police force, from which all of the Big Four powers are barred. A 17th, Burma, withdrew today its offer to contribute. The Rangoon government said it had received no response to its offer.

• • •

The Egyptians had made clear respect for their sovereignty was among several conditions for admission of the police. They have also sought assurances that the British-French and Israeli forces will withdraw immediately from the territory they overran in the hostilities that broke out two weeks ago and that the police will be based in Egypt only temporarily.

As Burns flew into Cairo from Israel, the effects of last week's British - French invasion of the Suez Canal zone continued to reverberate around the world.

Both Russia and Communist China issued new threats to send "volunteers" to help Egypt throw out the British and French "aggressors."

At Beirut, the heads of five Arab states met in a top-secret parley to discuss the whole Middle East situation.

Reports said the leaders of Iraq, Jordan, Syria, Lebanon and Saudi Arabia would discuss not only the British - French invasion but the

Otto John Tells of Red Abuse

Germany's Ex-Chief of Intelligence Testifies at Treason Trial

KARLSRUHE, Germany (AP) — Otto John told a five-judge court trying him for treason today he was subjected to "psychic torment" during the 17 months he was behind the Iron Curtain. He said he has "nothing to fear" now.

John, former head of the West German intelligence organization and sometimes called "The man with the thousand secrets," went on trial before the Federal Supreme Court on charges of disclosing state secrets and denouncing agents of his office to the Russians. He has been in prison in West Germany since he slipped back across the Iron Curtain nearly a year ago.

Addressing the court today, John, now 47, recounted his personal history. He told how he became a member of the anti-Nazi underground in World War II and made a dramatic flight to Britain after the abortive attempt to assassinate Adolf Hitler.

It was on the 10th anniversary of the day that John went into Soviet-occupied East Berlin.

Showers Predicted, Followed by Snow

The U. S. Weather Bureau predicts light showers late this afternoon and evening, changing to snow flurries. Late tonight will be clear and colder, with a low of 26 - 30 degrees.

Tuesday will be fair and rather cold with the thermometer registering a high of 36 - 40.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 24 degrees. The mercury rose slowly to 40 at 2 p.m.

Big Issues Face U.N. Assembly

Regular Session Opens to Deal With Crises in Mideast, Hungary

UNITED NATIONS, N. Y. (AP) — The crises in Hungary and the Middle East were the two main issues before the U. N. General Assembly as it gathered for the opening today of its 1956 regular session.

• • •

Soviet military action against Hungarian rebels and the British-French and Israeli invasions of Egypt topped a list of 73 subjects awaiting Assembly debate at the 11th annual three-month sitting, perhaps the most crucial in U.N. history.

The Assembly stood ready to take up either crisis whenever Secretary General Dag Hammarskjold could report success or failure in his attempts to get U. N. observers into Hungary and a U. N. cease-fire police force into Egypt.

Admission of three new U. N. members and the annual Soviet bid to seat Communist China were expected at the opening meeting this afternoon.

• • •

Morocco, Sudan and Tunisia, already recommended by the Security Council for entry into the U. N., were deemed certain to get the necessary two-thirds vote of approval in the Assembly. This would raise U. N. membership to 79.

Other controversial subjects on the Assembly's agenda included the independence movements in French-ruled Algeria and British-ruled Cyprus; the Indonesian claim to Dutch West New Guinea; the continued division of Korea; and the big powers' vain efforts to agree on disarmament.

Hunters Are Advised to Leave Home Early

LANSING (INS) — Michigan State police have urged all deer hunters who plan to hunt in the Upper Peninsula to leave home early and avoid a jam at the Straits of Mackinac.

Regardless of the stepped-up operations at the Straits, hunters have been held up for "many hours" in the past.

Hour Long Parade Observed in Detroit

DETROIT (INS) — Detroit's observance of Veterans Day will be climaxed tonight by an hour-long parade.

Members of the various branches of the Active Military Service, Reservists, Patriotic groups, ROTC units and police will take part in the march.

Chairman Asks All-Out Effort

UF Drive Tops $500,000 Mark

The Pontiac Area United Fund drive is past the $500,000 mark on its way to the $612,202 Friday goal, Campaign Chairman Walter K. Willman announced today.

He called for an all-out effort the next five days to gain pledges of $112,202 to put the UF over the top for the eighth straight year.

Total pledges from givers in Pontiac plus Pontiac and Waterford Townships, now amount to $500,035, or 82 per cent of goal, he said.

The current campaign is to raise funds for 54 local, state and national community-service agencies during 1957.

Over two thirds of the money sought will support area services, such as the Boy Scouts, St. Joseph's Mercy Hospital Clinic, Oakland Family Service and the Oakland Child Guidance Clinic.

Of the three campaign groups, the Commercial Division under James F. Nye has the biggest job to do to score 100 per cent of its quota by victory luncheon-time Friday.

The division so far has raised 77 per cent, or $121,376 of its $158,086 quota.

Pledges from Pontiac area industry and its employes now total $340,902, or 82 per cent of a $414,000 quota. The division this year is being led by Earl Maxwell, personnel director of GMC Truck and Coach.

The Waterford Township and Pontiac sections of the Geographic Division under the overall chairmanship of Mrs. Ralph G. Bump have less than $4,000 to turn in to campaign headquarters in order to go over divisional quota of $19,116.

UF leadership is concentrating special efforts on the Commercial Division, following a report meeting last Friday noon. Reports showed that some commercial solicitors have made no reports to date, though the United Fund drive has been underway since October 23.

Chairman James F. Nye asked that all of his solicitors turn in reports as soon as possible to campaign headquarters, 20½ E. Lawrence St.

Winner Wanted! Ante Hits $500 in Pot-O-Gold

Now that prize money for Pot-O-Gold is past the $500 mark and heading rapidly toward a $1,000 pot, you'd better get busy and find the correct solution before someone beats you to it.

Providing Puzzle No. 23 produces no winner, this week will bring a lucky entrant $600 plus $25 extra if the winner is a Press subscriber. That's pretty good return on a little time spent, especially since it's fun besides.

To make sure your entry is counted, be sure to check Page 8 for the rules. Then read the clues carefully, check the word list below (it contains all correct answers) and see what you can come up with. Why let someone else walk away with all that loot, when with a little effort, you may be the one who's richer by $600?

Here are the words for this week's puzzle: Abet, anger, beat, boob, boor, circle, cleric, cut, cute, gaps, hobo, horse, kid, kin, kit, layers, more, noise, norm, notes, pass, poets, range, realm, regal, relays, rosy, shore, snore, spry, tenor, tic, tones, toper, true.

Circuit Judge Faces Retirement Problem

Oakland County Circuit Judge Frank L. Doty, who must notify Gov. G. Mennen Williams by Dec. 1 whether he will retire at the end of this year or serve out his elected term until 1960, said today he has reached no decision on the problem.

Under a recent state law, judges over 70 must retire this year or forfeit retirement benefits in serving out their elected terms.

Attorneys point out Judge Doty, now 76, would earn more than $70,000 in the remainder of his term, the equivalent of 11 years of retirement pay.

Letters Urging Airline Service

Chamber of Commerce Reports 75 Requests for Stop Here

Letters continue to pour into the Pontiac Chamber of Commerce office urging the establishment of air line service at Pontiac Municipal Airport.

John W. Hirlinger, manager of the Chamber, said some 75 letters have already been received from large and small industry, local merchants, service clubs, and private citizens.

The Chamber sent out 1,078 letters Nov. 3 asking people to voice their support for this service at the local field.

Chamber officials are expected to lead a delegation of representatives who will appear before the Civil Aeronatics Board to stress the need that this service be approved.

"I'm very much pleased with the results to date," Hirlinger said. "The demand seems to be universal for convenient air service in Pontiac."

He said he hoped the letters would mount to around 200 before Dec. 1. "The more the better," Hirlinger said.

Among letters received are ones from Pontiac and Fisher Body Divisions, Baldwin Rubber Co., Consumers Power, Pure Oil Co., Matthews-Hargreaves Inc., Tel-Huron Shopping Center, Pontiac Business and Professional Women's Club, Pontiac Civitan Club and Zonta Club.

Hirlinger said more plans as to who would be going to Washington, D. C. would be forthcoming from today's Chamber Board of Directors meeting.

Work to Ease Detour Jam

Pontiac Press Photo

DETOUR IMPROVED — Black-topping equipment rolls over the temporary detour around construction work on Orchard Lake Avenue west of Telegraph Road as the State Highway Department adds a pledged third lane and softer curves to the route. After construction work on the overpass project was halted by a steel strike early this summer, Highway Department officials agreed to improve the detour. In addition to the third lane and eased curves, the detour soon will have a sidewalk, and surveys will be made to determine desirability of a three-way traffic light at the intersection, MacDonald said.

Sarah Van Hoosen Jones Gives 300 Acres to MSU

Governors of Michigan State University have announced they will accept a gift of 300 acres of land northeast of Rochester from Sarah Van Hoosen Jones, a former member of the board.

Miss Jones, who lives in Rochester, retains the land for use during her life, but it will be available to the university for educational purposes.

The land, which Miss Jones values at between $90,000 and $150,000, comprises the old Van Hoosen farm, lying north and south of Runyon Road near Stony Creek Village.

MISS JONES

Miss Jones said today as far as she knows the State Board of Agriculture, governing body of MSU, has made no definite plans for using the land.

A member of the board for 12 years, Miss Jones retired in 1954.

"Part of this property, the part running along Stony Creek south of Runyon Road, was bought by my grandfather, Joshua Van Hoosen, with gold he mined in the California gold rush," Miss Jones said today.

She said her grandfather returned from the placer mines near Sacramento in 1852, and bought small parcels in the following year, founding the Van Hoosen farm.

The land now is open farm acreage with some farm buildings, Miss Jones said.

"This gift is a token of the respect my family has always held for education," Miss Jones said. "My grandfather was an unlettered man, but he sent his two daughters to college in the 1880s. That was a very unusual thing in those days."

Miss Jones also said she is giving 20 acres of land adjoining Old Stony Creek Cemetery to Avon Township for use as part of the cemetery.

Youths Admit 2 Robberies

Trio Slugs Worker After Hijacking Rider in Bloomfield Hills

Three youths who Pontiac police say admitted robbing a factory worker of $2 after slugging him with a chain were held early yesterday for investigation of armed robbery.

* * *

Police say the youths, one of them 16, also admitted hi-jacking a hitch-hiker and stealing about $40 earlier Sunday. Held are:

Daniel Margosian, 17, of 569 S. Jessie St.; Patrick Hatfield, 17, of 574 W. Huron St.; and the juvenile, who was placed in the Oakland County Children's Home.

Police say the three attacked Bruce Atfield, of 395 Third St. about 5:30 a.m. while Atfield was walking to work on South Saginaw street near Turk street.

QUICK ARREST

They were arrested shortly afterwards, police say, when Atfield identified their car.

Atfield said he was walking down the sidewalk when the youths' car pulled to the curb and the three jumped out.

Two of them held his arms, Atfield said, while a third took the money plus several bus tokens from his pocket. He was slugged across the shoulders once with what he thought was a length of bicycle chain, Atfield said.

* * *

Det. Sgt. John DePauw said the three later admitted robbing a Berkley man, Gerald M. O'Conner, of 2242 Catalpa Dr.

They picked up O'Conner hitchhiking about two hours earlier, DePauw said, on Woodward avenue in Bloomfield Hills. After driving O'Conner to Woodward and Seven Mile road in Detroit, they roughed him up and stole the $40, DePauw added.

Neither Atfield or O'Conner were seriously hurt, DePauw said.

Hospitals were so crowded that litters carrying the wounded were directed to cellars and garrets, all crammed with suffering humanity. In the Petoefi Hospital, one of Hungary's largest, doctors have been operating for two days without the aid of drugs. The wounded are dying in great numbers because of the lack of antibiotics.

The first intoxicating taste of victory and freedom for the Hungarians a week ago has turned to crushing defeat at the hands of 13 Russian divisions an estimated 200,000 men.

Boy Remains Critical After Fall From Car

A Milford boy, Tommy Reeves, 4, of 2648 Davista Dr., who tumbled out the rear door of his parents' car Saturday, remained in critical condition today, authorities at Pontiac General Hospital said.

The boy suffered a fractured skull when his head struck the pavement on Baldwin avenue south of St. Louis street, Pontiac police said.

The father, Willard R. Reeves, 31, said he was traveling 10 to 15 miles an hour.

He and the boy's mother, also in the front seat, said they heard their son scream, turned around, and saw him falling headfirst out of the door.

Reeves was mystified how the door opened, police said. He believed the door, which opens only from the outside, was locked when the family left home.

Film to Feature Nordic Lands

Denmark and Sweden Color Movie Tuesday, 2nd in Kiwanis Series

"Denmark and Sweden," the second in a series of Travel and Adventure programs being sponsored by the Pontiac Kiwanis Club, will be held Tuesday night at 8 at the Pontiac High School Auditorium.

A film and commentary will be given by noted documentary movie producer Herbert Knapp. He is considered one of America's outstanding color cameramen.

Two of the happiest and best managed countries in today's troubled world are depicted in the film. It includes scenes from such famous cities as Copenhagen, the city of 700,000 bicycles; and Odense, the birthplace of Hans Christian Andersen.

Kronberg Castle, the Elsinore of Shakespeare's "Hamlet," and the many industries, sports and festivals of the two nations will also be shown in detail.

Also honored was Kenneth R. West, of the Lansing State Journal. The pair were among 26 editors throughout the United States named to the ASNE.

County Townships Historic, Beautiful

(Continued From Page One)

about Rochester, the answer is the same. Evidences of growth appear on all sides. There are new schools, new churches and new commercial buildings, as well as hundreds of new homes.

OLDEST COMMUNITY

Change is not so startling in some other communities in Oakland County which have been used to it throughout their history. It is different in Rochester. This community is the oldest in the county.

But if some Rochester residents regret the swiftness of its present growth, they are rising to the increasing responsibilities and problems they face. This is shown by the petitions filed some months ago to incorporate a larger area as a city. The city would include some five and a quarter square miles, stretching out beyond the present village limits to the north, east and west.

Rochester's population in 1950 was 4,279. Today it is estimated at about 5,000. If the incorporation is completed, the new city's population will be approximately 6,500.

There has been opposition to the incorporation. A suit was filed asking a court order to prevent the Board of Supervisors from putting the issue to a vote. A visiting judge recently held that the petitions had been properly and legally prepared.

As soon as this order is filed a brief period follows in which notice of appeal may be filed. If the case is not appealed, the supervisors will be free to act, setting a date for the special election. The final decision will be up to the people living within the affected area.

Importance of the incorporation in assuring the orderly development of Rochester was emphasized by Clarence Burr, village president.

ABSOLUTE NECESSITY

"It is absolutely necessary from the standpoint of Rochester's future," he said. "The present character of the village's residential, social and recreational life can best be preserved by directing and controlling it right here in Rochester. Our people look to Rochester for these things.

"Nothing can stop the growth in population, not only within our present village borders, but in the area immediately round about. We need to incorporate the larger area so that we can control our own development as a growing community."

(Tomorrow — Problems accompanying growth.)

Struck by Train Area Man Dies

71-Year-Old Is Victim; Was Walking Along Tracks Near Oxford

A 71-year-old Oxford man, who police say apparently fell while walking along a railroad track, died shortly after he was struck by a Detroit-bound train in Oxford Sunday morning.

John Boeskool, who had lived with his daughter at 91 East St., never regained consciousness following the mishap one block from Broadway St., according to Oxford police. He died at Pontiac General Hospital.

Investigating officers said train operators reported seeing the man trying to get up alongside the track but could not stop in time to avoid hitting him.

A native of Europe, Boeskool was said to have been taking his daily walk when struck.

"He lived right next to the tracks and always went for walks there because he could find his way home better than from the street," the police officer stated.

Bulganin Accepts Swiss Parley Bid

MOSCOW (AP) — Soviet Premier Bulganin has accepted Switzerland's invitation to a summit meeting of the Big Four powers and India to seek an end to the danger of World War III.

Moscow radio said Bulganin's message to the Swiss said he is willing to attend such a meeting because the Soviet government "always is willing to settle outstanding problems peacefully."

* * *

President Eisenhower rejected the Swiss suggestion, saying the problems threatening the world are before the United Nations and he believes they should be settled there.

Detroit Youth Burned in Incinerator Blaze

DETROIT (INS) — A three-year-old Detroit boy was reported in critical condition today with burns suffered when his clothes caught fire as he lighted rubbish in an incinerator.

Police said Fred Moore lit the rubbish with matches supplied by a cousin, 4-year-old Jimmy Grey, Jr.

The Day in Birmingham

City Waits Till Tuesday for Zoning, Water Talks

BIRMINGHAM — The city commission will not meet on Monday, but on Tuesday this week, because of Veterans' Day being observed today.

Issues that wait till tomorrow include the Twining Property rezoning question, new water rates, requested support of an Oakland County Department of Public Works, and setting of rates at Eton Park Skating Rink.

Among written objections to the Twining rezoning to commercial is that of Albert Vanderbilt, who says, "We intend to maintain residence, not business, in what we consider a good well kept-up residential neighborhood."

Howard Striffler, president of the Birmingham Villas Property Owners Assn., Inc., registers his group's objection to making the land, which stretches about 250 feet on both Bowers and Adams street, a commercial spot.

It was recently taken from Troy Township, and has been subject of city debate since last July.

Expenditure of over $800 as the city's part in the county drain project of cleaning out the Royal Oak Drain at $2,000 will be considered.

Water rates will be boosted to 30 cents per 1000 gallons of water consumed plus higher rates in meter installation and other service if Harold K. Schone's suggestion is accepted tomorrow night.

Detroit water is being used without adequate controlls at present, Schone reports, but control valves will be installed soon to maintain the 50 per cent Detroit water on the city budget.

A new water treatment plant is under study, but Ayres, Lewis, Norris and May, engineering firm, has advised the city to wait a year for such building.

Such a plant would require an extra six cents per 1,000 gallons consumers to pay the plant's cost, he says. Whether the plant is built should hinge on a year's experience of operation under the present system, he says.

The residents should be informed and then decide on purchase of total water supply from the Water Authority, mixing well water with the Detroit water in set proportion, or construction of a new plant providing for 50 per cent well water and 50 per cent Detroit water, Schone says.

Ice making procedures can probably be started sometime this week, says L. R. Gare, director of public works. Plastic pipe and hockey boards are in place. He recommends insurance on the boiler and machinery there, with a three-year premium of $1,033.

"Recognizing the dire need for a county agency that would be able to act outside of the antiquated drain laws now existing, we urge the adoption of this resolution," Schone said in asking city support of the county DPW department.

William O. Plunkett

William O. Plunkett, 579 Ridgedale, died following a long illness this morning at the Arnold Home in Detroit.

Born in Milan, Aug. 26, 1876, he came here in 1946 from Cass Lake and Detroit. Surviving are a sister, Teresa Plunkett with whom he lived.

Rosary will be recited tomorrow at 8 p.m. at Manley Bailey Funeral Home. Service will be Wednesday at 10 a.m. at Holy Name Church, with burial in Mt. Elliott Cemetery, Detroit.

KIWANIS Travel and Adventure Series

Pontiac High School Auditorium at 8 P.M.

TUESDAY
November 13
Herbert Knapp
"Denmark and Sweden"
Colored Motion Pictures

Herbert Knapp comes to Pontiac to take you on a camera cruise to two of the happiest and best managed countries in today's troubled world. You will be shown castles, including Kronberg, the Elsinore of Shakespeare's "Hamlet," typical cities such as Copenhagen, the city of 700,000 bicycles, and Odense, the birthplace of Hans Christian Anderson. You will see a wide variety of sheds such as those of "White Coal" hydroelectric power, "Green Gold"—lumber from tree to newsprint, Orrefors, the magic name in glass, shipping and ship building, and iron ore and copper mines.

You will see people who love fun and enjoy sports. They participate in most sports and excel in many. Viewing some of their many festivals with their provincial costumes and dancing, will make you feel "you are there."

The whole of the net proceeds from the Travelogue series will be devoted to the work of the Pontiac Kiwanis Club in serving the youth of this and neighboring communities.

N.Y. Police Calm Angry Pastor Picketing Reds

NEW YORK (AP) — A picketing pastor bowled over wooden police barriers shielding the Soviet Union U. N. headquarters on Park Avenue yesterday.

The Rev. Imre Kovacs and about 500 others marched outside the building to protest the Russian attack on Hungary.

The clergyman asked police to remove the barriers so pickets would have more room to demonstrate. Police refused.

"May God give me the control so I don't start throwing them down in the street," said the pastor. A few minutes later he knocked over several of the barriers and shouted at police:

"You are treating us like animals."

The Rev. Mr. Kovacs, pastor of the First Magyar Reformed Church in Manhattan, was soon calmed by police. Later, he made an appointment with Police Commissioner Stephen P. Kennedy to discuss removal of the barriers.

In Coma 6 Months, Girl Returns Home

LONG BEACH, Calif. (AP)—Suzanne Payette, 15, who has been in a coma nearly six months, comes home from the hospital Wednesday.

* * *

Her father, Lyle G. Payette, a furniture salesman, said yesterday he cannot afford to keep his daughter in Los Angeles Children's Hospital any longer.

Her heart stopped beating during a tonsillectomy. Doctors had to massage the organ to start it beating again.

Parents Invited to Open House in City Schools

Parents of children in the Pontiac Public Schools will attend open houses at the various schools this week in honor of American Education Week, according to J. Cecil Cox, assistant superintendent of schools.

* * *

Exception to the specific open house invitation, Cox continued, will be the new Mark Twain School which held an open house during its recent dedication.

Parents in addition to the specific open houses, are urged to drop in and visit their children's classes anytime during the week, Cox said.

Rocket Seat Passes Test

At 590 Miles an Hour Device Proves Safe for Air Emergencies

SAN DIEGO, Calif. (AP)—A rocket-powered escape seat for pilots of supersonic jet airplanes was described today as promising them a chance to survive even in ground-level ejections.

Convair Division of General Dynamics Corp. reported tests of the rockey seat, as part of a multi-million-dollar program by the Air Force and aircraft industry to develop a standard upward pilot escape system.

* * *

The rocket seat "for the first time gives the pilot a good chance of ejecting safely from ground level in case of an emergency on takeoff or landing," said John G. Kalogeris, Convair test engineer.

The test ejections were made from a rocket-propelled sled moving on tracks at Edwards Air Force Base, Calif. A Convair TF192A trainer jet cockpit was used on the sled.

Even at 590 miles an hour, the rocket carried the dummy pilot clear of the trainer's vertical fin and 60 feet above it.

At 240 miles an hour sled speed, the seat was ejected 124 feet into the air. It automatically separated from the dummy, which then was parachuted undamaged to earth.

The rocket ejection seat was produced for Convair by Talco Engineering Co., Inc., Hamden, Conn.

Ceylon's Death Rate Cut Third in 3 Years

COLOMBO, Ceylon — Public health methods of malaria control—specifically, the use of DDT—have helped chop Ceylon's death rate by 38 per cent in three years. The attack on the death rate was made without any effort to lower the birth rate; consequently Ceylon is experiencing a population growth which, if it persists, will double the population in about 26 years.

Heart Ailments Aided by Easing Work in Home

Oakland County women suffering from heart disease, high blood pressure, hardening of the arteries, rheumatic heart disease and other circulatory ailments can register now for free "Heart of the Home" classes to begin Nov. 20.

Registrations for the classes to be held at Pontiac Township Hall, Opdyke Road, south of Walton Boulevard, will be taken by Home Demonstration agent Mrs. Frieda Bennett at the Cooperative Extension Service, 1260 West Blvd. Pontiac.

In explaining the classes in work simplification, Mrs. Bennett said that lectures, demonstrations and slides will be presented to show homemakers how they can do daily jobs around the house easier.

Classes will be conducted by the Michigan Heart Assn. through funds received from Pontiac Area United Fund in cooperation with Michigan State University. The four two-hour sessions will be taught by Mrs. Norma Landon of the MSU Department of Home Economics.

The entire program has been endorsed by the Oakland County Medical Society, Mrs. Bennett said.

Annual Clean-Up of Clinton River

It will be "Operation Clinton River Clean-Up" beginning tomorrow as members of the Forestry Division of the Parks and Recreation Dept. give the river its annual cleaning.

Donald E. Nagel, city forester, said his crews would begin the clean-up at the city incinerator off East Boulevard and continue about five miles through the downtown area.

"We will remove all debris like old tires, cans, bottles and anything else tossed into the river," Nagel said.

To prevent river jams, the crews will cut out unnecessary growth of trees during the two-week project.

Good of Whole City Is at Stake Here

Pontiac's City Commission faces a tough problem in the matter of the new Grand Trunk support yard.

★ ★ ★

Often forward steps have some unhappy features. Even rebuilding a room on your own home frequently takes away something else. Hence the Commission faces the decision of whether the nuisance caused by the yards outweighs the question of providing General Motors with a chance to expand and grow in Pontiac. The railroad is merely an incident. Pontiac Motor Division and Fisher Body are the actual issues.

★ ★ ★

That sector of the city is zoned for manufacturing and the Pontiac and Fisher plants were located there years ago. As they grow, they require more service and more freight; and if the City wishes them to have the opportunity for additional expansion and additional jobs in Pontiac, the switching services must keep abreast.

★ ★ ★

The City engaged an engineer to study the situation and make possible recommendations. He listed five proposals with the advantages and disadvantages of each. Three would require expensive grade separations and the City regards them as impractical; and one entails the condemnation of a considerable amount of land with current homes.

Placing the new tracks in a different location that does not serve the Pontiac Plant or Fisher sufficiently to do any appreciable good is a loss to everyone.

★ ★ ★

If the most practical site is approved, some home owners, a few businesses and a church will certainly suffer inconveniences. These people located where they did, with the full knowledge that the two great industries were already present. Any plant, anywhere, hopes to grow. This is a part of the calculated risk you run when you locate a school, home, business or church. Life gives no absolute guarantee to anyone. If you build near a big factory, you always face the fact the plant will probably grow, expand and require additional services of all sorts. That's part of the picture.

★ ★ ★

General Motors states that any additional expansion in Pontiac is blocked unless better switching is provided. The Grand Trunk is willing to spend three quarters of a million dollars to bring that about. Unhappily, new tracks bring some woe to those adjacent. It can't be otherwise — in Pontiac, Pittsburgh or Paducah.

★ ★ ★

Pontiac automobiles right now are assembled in seven different cities. Every one of these centers is no end eager to have more jobs in their city—and less in Pontiac. We are the main plant. Most of us wish to continue, but there's no use ducking the fact the plants in all these other cities can be enlarged.

★ ★ ★

If the Commission side steps the issue, it thereby forces the railroad to go to court, and the decision might take years. In the meantime, it's a cinch General Motors would not bother further with additional growth in a city that was unfriendly. Civic cooperation is a necessity. The competition between cities for successful industries is intense. Pontiac City is a part of that competitive picture.

★ ★ ★

General Motors is not definitely promising to expand. It can only do this as sales increase. But the history of the last 30 years under General Motors in Pontiac has been one of wonderful and marvelous growth. The Corporation today pays more than half of the city taxes. They're real good neighbors. They don't complain and they support every progressive move that arises. They give time, assistance and money.

If we compel them to expand elsewhere, they have the plants already erected and in use. Can anyone picture these other cities shaking off the chance to get additional jobs and additional employment?

★ ★ ★

Few things are perfect.

This is a give and take world.

The *Press* believes the problem should be solved in the light of doing the most good for the biggest number. Those immediately adjacent to the tracks will suffer, but the additional 150,000 people in this general area will benefit greatly over the years ahead.

The human race would be about as uninteresting and dull as a rainy Sunday afternoon if the members thereof behaved themselves and did no foolish things.

The Man About Town

88 Years Young

Presidential Elector Well Versed in That Procedure

Forgotten man: The one who evidently didn't forget to vote.

When Michigan's duly chosen Republican presidential electors meet in Lansing next month to cast the state's 20 electoral votes for

Eisenhower and Nixon,

Oakland County's 153,026 voters who helped them carry the state will be represented by

George Scott

of Royal Oak. This county comprises the eighteenth Congressional district, and Mr. Scott is the elector named by that party. Now 88 years of age, George has served in this capacity many times, and we now suggest him for the same position in 1960.

What I call adding insult to injury comes in a phone call from

Mrs. Gladys Montcliff

of Birmingham, who suggests that Stevenson ask for a recount.

When Baylor defeated Texas, 10-7, Saturday, 7 of the 18 survivors in our football contest were eliminated, being those who picked Texas to win. The 11 who predicted Baylor would win now carry over to next Saturday's contest game, when 3 predict that Georgia will win, and 8 favor Auburn.

The two Pontiac area newspapermen, both Republicans,

Sterling Eaton and Bob Beach,

met different outcomes in their first sally into advanced politics. The former, a Northville publisher, won out as one of Wayne County's State Representatives. The latter, a Fenton publisher, was defeated in his run for State Senator from the Genesee County district.

Unique sentiments are expressed in a letter from

"Amateur Skin Diver,"

a resident of the oft flooded district in Southern Oakland County: "We must have better drainage or larger basements."

Weed killing spray cars have been used by Michigan railroads for many years. But Chicago got an Associated Press dateline the other day, with the somewhat amazing news that the practice has been started there.

No Place to Hide

David Lawrence Says:

Election Day Fallacies Disproved

WASHINGTON — There are lots of fallacies being spread now about the trends in American politics, based on a superficial glance at last week's election returns.

* * *

One is that there is something inherently "weak" about the Republican Party and that the Democratic Party with its irreconcilable divisions and control of certain committee chairmanships by southern leaders, is to be regarded somehow as a "stronger" party.

Another is that a president, when elected to a second term, loses his influence with his party.

A third is that Vice President Nixon and Senator Kefauver are sure bets for the 1960 presidential nominations.

The available evidence on each and a realistic examination of the customs of American politics refutes every one of these assumptions.

PARTY NOT WEAKER

Thus, the Republican Party evidently was not the "weaker" party in the eastern states, where old-line Republicans decisively beat Democrats for Congress who had been elected in the recession of 1954. Likewise, Mr. Eisenhower himself dropped several points from his 1952 majority of 70 per cent and 65 per cent in some of the farm districts of western states. In some instances he was in the minority himself in congressional districts where the Republican candidates for Congress lost. He was just as "weak" as his party in many areas.

All this clearly proves that, when the Republicans are in power, they must have good economic conditions — uniformly good throughout the country —and must capture at least two-thirds of the seats in the North in order to get even a working majority of 25 seats in the House.

This is because the Democrats start out each time with 65 to 70 seats unopposed in the South.

Actually, according to the latest returns, the Republicans last Tuesday won 200 seats in the House as against 169 by the Democrats apart from the uncontested districts in the South. The final figures show that the Republicans won 17 Senate contests and the Democrats 12. There were six uncontested Senate seats in the South. Yet now the boast is heard that the Democrats are the "stronger" party—and this in the face of the fact that the northern Democrats in Congress will vote in January to give the chairmanships of the committees, indeed the machinery of control in both Houses, to the minority faction of Democrats who are committed by the voters of the South to block civil-rights legislation.

The next fallacy—about the supposed decline of presidential influence in a second term—is one that Adlai Stevenson tried to use as a campaign argument. If accepted, it would logically mean that no president on either ticket ought ever to be elected for a second term.

But an examination of the records will show that President Theodore Roosevelt, who had eliminated himself as a candidate for a third term, virtually nominated in 1908 his successor —William Howard Taft — who never had been elected to public office before.

Recent history is even more to the point. President Truman in 1952, after he had eliminated himself as a candidate for another term, could have blocked the nomination of anybody, and influenced the choice of the man he favored—as revealed in his memoirs.

No president loses influence for a single day if he stands well with the people. His power with public opinion is such that he can shape political events by an outspoken declaration on any issue. His party will follow him rather than risk an uprising at the polls in the next election by the people who agree with a president's viewpoint.

Mr. Eisenhower said in a recent press conference: "Certainly, whoever is the aspirant at the end of two terms for president will want that president's support, and will want his blessing as he seeks any nomination and election . . . I do believe that the office, the power that goes with it, is such that his influence with his own party will still be great."

So far as 1960 is concerned, the presidential candidates chosen by both parties will have to fit the then-existing conditions. Senator Kefauver may not have a chance against newcomers like Senator Kennedy of Massachusetts, former Mayor Clark of Philadelphia and some governors in Democratic states who may be in the limelight in 1960. Senator Humphrey of Minnesota may be the candidate of the "liberal" wing.

* * *

As for Vice President Nixon, if fate should put him in the White House before 1960, he would naturally be a candidate to succeed himself and the Republican Party would nominate him. But if Tom Dewey decides to run for governor of New York in 1958 and beats Governor Harriman decisively, he will have staged a real comeback and could be an important factor in the presidential race two years later.

* * *

The important point is that the times and the issues will determine the candidates in both parties—not what they did or said in 1956. Four years can make a whale of a difference in the mood of the country.

Dr. William Brady Says:

Basal Metabolism Reading Doesn't Tell a Darn Thing

In a study of 1,000 cases the basal temperature test proved a better index for thyroid therapy than the basal metabolism test, as reported by Dr. Barnes in the J A M A, 8-1-'42. Barnes gave the technique of the test in the medical journal. I cannot instruct laymen—ask you physician about it. I mention it here to corroborate what I say about the basal metabolism test.

I say the basal metabolism test or measurement tells no more about what ails the patient or what to do about it than a real doctor learns by ordinary physical examination.

If the basal metabolism test, measurement, or reading serves any other purpose in practice than to indicate whether to give or not to give the patient thyroid extract, I have been unable to learn what that purpose is. If there is another purpose for it, surely some physician should tell the world about it and take out of my sails what little wind is left in them.

Yankee wiseacres go for the machinery the trick specialists and "clinic" racketeers use to make a basal metabolism reading. Perhaps I should explain here that when I refer to the metabolimeter as a Rube Goldberg gadget, I do not mean to imply that the cartoonist invented it. But he never devised one that was funnier.

LEAVE IT IN LAB

The metabolimeter is useful in the physiology laboratory, and in my opinion it would be better for the ailing public and the medical profession if it were left there.

Almost daily some poor soul who has been nicked maybe two or three times for $15 to $25 BMRs (basal metabolism readings) tells me she is minus so many points—and what should she do about it.

I never tell her she should have her head examined, but I wonder sometimes what quirk in the Yankee mentality keeps people buying basal metabolism tests and playing the slot machines.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Wants Community House for Older Pontiac Citizen

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Many older folks are wondering why the City of Pontiac doesn't provide a meeting place for them when they are downtown shopping, a sort of community house where they might have a game of cards, a cup of coffee or just a chat with a friend. Many cities have community centers, even Clarkston has one. Why not a big city like Pontiac?

The Sunset Club tries to supply these needs, but only once in two weeks at the Wilson School which is far from town. How about it, older citizens? Can't someone start the ball rolling?

'Shopper' Shows Teen Immaturity

In answer to the boy who doesn't want class assignments to do over the weekend, I think it's a good idea provided the time is used as stated. However, there's a vast number of teenagers who just roam around making themselves obnoxious to adult shoppers.

There were three boys in a supermarket the other day just walking around laughing and making personal remarks about the customers. They went out without buying a thing. The reason for this is two-fold. They are not grown up emotionally, having the child's unheeding cruelty. Also, it's a defense mechanism to hide inferiority feelings. Remember, mature teenagers won't be placed in these two categories.

A while ago I noticed you proved conclusively that the Press was non-partisan in its pre-election coverage. So should the Voice of the people column be non-partisan. If adults have a gripe, let them air it. If teenagers have gripes, let them air it, too. This column is good for people in that it gives them a chance to let off steam.

Soviet Gangster Regime Strains Other Economies

By MERRYLE S. RUKEYSER
INS Economic Commentator

The tragic blood bath in Hungary dramatizes anew the cost sheet burden here and abroad of the regimen of illegitimate police state dictatorships behind the Iron Curtain.

* * *

And as long as gangster governments are recognized, they confuse world opinion by quoting the scriptures in their own favor.

One of the unresolved questions is whether illegitimate governments, created by force against the will of the people, are entitled in international discussions to the rights, privileges and immunities that go with sovereignty.

Apart from the deep spiritual and psychological wounds imposed by tyrants, they also levy colossal economic costs.

* * *

In Russia itself, 39 years of Bolshevism have deprived the Russians of civilian participation in the fruits of improving technology. The unwanted system of collective farms scandalously wastes manpower, and results in a pitiful yield of food per manhour as compared with the performance in American agriculture.

IN INDUSTRY, TOO

Similarly, in Russian industry, the misuse of human labor is primitive indeed as contrasted with the use in the United States of labor-aiding tools of production and increased power technology.

* * *

Thus, despite the tremendous Russian population, the colossal mismanagement and persistence of primitive techniques result in a "manpower shortage."

In terms of the Russian national ledger, this is a cost of chronic boob government imposed by force. It is expressed in a lack of adequate goods and services for the civilian population.

This shocking failure of the Communist system to produce satisfying living standards had been explained away through the years by propaganda alibis.

* * *

In the satellite countries, the cost sheet burden of the Russian rule is self-evident, and the successive popular stirrings in East Germany, Poland, Hungary and Romania indicate that the subject people are not unaware of what is taking place.

The diversion of productivity to destructive warlike purposes deprives the people of the opportunity to lift their levels of civilian material well-being to comtemporary standards.

HARMFUL TO U. S.

Even in remote United States, the gangster control of the governments of Russia and the satellites, including Communist China, is imposing decisively heavy costs on the national economy over here.

The continuance of over $40 billion a year in non-productive military expenditures is unloosening forces of inflation, against which the domestic monetary authorities are battling.

Case Records of a Psychologist:

Use 'Horse Sense' With Children

Dean Schoenbaum says that parents are using so-called experts, instead of their own "horse sense." Millions of Americans also worship physicians more than they do God Almighty! Such idolatry is just as bad as that of the ancient Hebrews who worshiped Baal. Use gumption more, and you'll need doctors less!

By DR. GEORGE W. CRANE

Case T-319: Dean Matthew H. Schoenbaum, of Loyola University in Chicago, recently served as moderator at a state conference on youth problems.

"The psychiatrists," said Dean Schoenbaum, "as well as judges and social workers all tend to classify adults and youngsters without recognition as to individual needs.

"They tell parents what a child's reactions ought to be at a certain age. If the child does not live up to these specifications, the parents are frightened.

"Parents are so intimidated by the experts, they're afraid to use their own common sense."

USE "HORSE SENSE"

Dean Schoenbaum has made a valid point. That's why in this clinical psychology column I have long advocated more "horse sense" and less nonsense in human relations.

Too often we find so-called specialists pontificating on marriage problems, yet they are old bachelors.

Others try to tell you how to rear children, yet they never had any of their own.

We even have multi-divorced psychologists in America who set themselves up as marriage counsellors, yet they can't maintain a happy home of their own.

Textbook writers on child psychology may sit and observe a few kids in a special laboratory situation for an hour per day, and then decide they are authorities on juvenile problems.

I introduced my own five children as cases from time to time to show you not only that youngsters are much alike all over the land, but also to indicate that I know more about kids than can be learned by looking through a one-way screen at a special laboratory group.

You can't fully understand children in that kind of artificial environment.

You must be with them all day, and all night, too. You must sit

beside their sick beds when they are burning up with fever.

* * *

You must see their dejection when they come home defeated from an important athletic contest or a school election, or with a low grade in some school subject.

"Horse sense" is another term for good old-fashioned American gumption.

Alas, some educators have little horse sense. In fact, there is a small group in every profession who also are "textbook" experts and braintruster doctors. (See tomorrow's Case Record).

Many Americans have allowed themselves to develop the false notion that nobody's opinion counts unless he is a "specialist" or "expert."

Instead of solving our own problems, as used to be the common policy in America, we now run hither and yon looking for these outside experts to do our work for us.

* * *

Some educators want Uncle Sam to bail the schools out of their dilemmas. Laymen want Uncle Sam to give them free medicine.

Millions now worship hospitals and physicians, instead of reposing their trust in God.

Many supposedly intelligent folks are more concerned about having a room reserved for them in a hospital than a pew in their family church! Yet God does all the healing, anyway.

We physicians are actually alarmed at the way the public worships the M.D. and is making little gods out of physicians. That's idolatry, just as much as the worship of Baal by the ancient Hebrews.

See tomorrow's follow-up.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a large, stamped, self-addressed envelope and 25c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Shot in Chest, Cigarette Holder Deflects Bullet

PAINESVILLE, Ohio (AP)—Credit an aluminum cigarette holder as a probable lifesaver for Albert Askew, 30, of Painesville.

He and John Medkif, 45, were watching a detective story program on television, and got into an argument. Police said Medkif shot Askew in the left side of the chest with a .38 caliber revolver.

The cigarette holder deflected the bullet. It plowed under the man's skin and crossed his chest, traveling more than a foot. But it touched no vital organs. The holder was directly over Askew's heart.

Askew remained in Lake County Memorial Hospital today for observation. Medkif was held in jail. No charges were filed.

AF Strengthening Defenses in Detroit

DETROIT (AP)—Brig Gen. Benjamin J. Webster, commander of the 30th Air Division at Willow Run Airport, announced steps are being taken to strengthen defenses in the Detroit area.

* * *

Defense measures are being increased, he said, at Selfridge, Oscoda and other air defense bases under his command. Exact details are secret.

* * *

"It is obvious," he said, "that an increase in the state of readiness is appropriate at this time in light of current events and current actions are being taken to improve our defense capabilities."

* * *

Defending Detroit are two squadrons of F86D jet interceptors at Selfridge Air Force Base and nearly a score of guided missile and antiaircraft guns based around the city.

Searchers Rescue Boy Lost Underground

OKLAHOMA CITY (AP)—Firemen and police combined efforts yesterday to rescue an 11-year-old boy who became lost in a maze of underground storm sewers.

Ronald Gene Sprouse told officers he wandered into a sewer outlet in southwest Oklahoma City and darkness caught him inside.

Searchers pried off manhole covers in the vicinity and located the lad by yelling into the sewers.

Better Try It! Loot Growing for Pot-O-Gold

Here's another chance to empty Pot-O-Gold into your own pockets. If no winner is found for last week's puzzle, Puzzle No. 24 will be worth $600. To figure out the correct solution, check the clues below and be sure to read the rules carefully. Even a perfect answer is no good if it comes in late or is mailed incorrectly.

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

OFFICIAL CONTEST RULES

1. Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 24 must bear a Tuesday, Nov. 20, postmark (or before). No entries received after that time, whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner, no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

10. Contested puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 68, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

42 Year Separation Resolved This Year

SPRINGFIELD, Ill. (AP) — Two brothers met here yesterday for the first time since the elder brother left the family home 52 years ago in old Austria-Hungary.

They are John Pivovarnik, 73, of Streator, Ill., who came to the United States in 1904 when the youngest brother, George, was only 2. George left their native village in what is now Czechoslovakia 30 years ago to come to Canada.

The brothers had corresponded but had never arranged a reunion.

But when John became ill while visiting his son in Springfield, the son notified George at his home in Calgary, Alberta.

2,000 Join in Veterans' Day Rites at Arlington

WASHINGTON (AP) — A presidential wreath was laid at the tomb of the Unknown Soldier in Arlington National Cemetery yesterday as the nation's capital observed Veterans Day.

* * *

Veterans Administrator Harvey V. Higley represented President Eisenhower at the ceremony. More than 2,000 persons bowed their heads in silent reverence during the sounding of "Taps."

Film star James Stewart, principal speaker at the tomb, called the ceremony a double tribute, to those who died and to those "who returned to serve their country again."

"No one desires lasting peace more than those who know war," added Stewart, a World War II bomber pilot and an Air Force reserve colonel.

The Defense Department announced, meantime, that the World War I shrine will be expanded to honor an unknown soldier each from World War II and the Korean War. Tentative plans have been drawn to complete the change by Memorial Day 1958.

Commies Shoot Down Nationalist Transport

TAIPEI (AP) — The Chinese Communists have shot down a Chinese Nationalist troop transport over the east China coast. Peiping radio said the bodies of nine Nationalist officers and enlisted men were recovered from the wreckage.

Nationalist air force headquarters said the two-engine C46 was dropping leaflets over Hangchow, 355 miles northwest of Formosa, when it was shot down by a Communist fighter.

Women Double Lead in Census Count

WASHINGTON (AP) — Women have more than doubled their numerical lead over men in this country in the last six years.

The Census Bureau estimated yesterday that females now outnumber males by 1,381,000, compared with 600,000 in 1950. The proportion of men has been dropping steadily since 1910, the bureau said.

It gave two principal reasons—the mortality rate for men is higher, and as immigration declines there are more women than men coming to this country to live.

Bob Considine Says:

Poles Won't Give Up Their Little Freedom

NEW YORK (INS)—Just a few days ago, 50,000 youths silently marched through the avenues of Cracow in Communist Poland. The mute parade attracted many thousands, some of them curious enough to ask the why and the wherefor.

* * *

"We must!" was the usual answer from the boys. "We must!"

* * *

Many apparently assumed it was another Communist demonstration. But these orders to march came from no commissar. It was a spiritual command, a spiritual demonstration. The paraders were expressing their sympathy not with communism but with freedom — and at the risk of their young necks, for the new ruler of that country, Wladyslav Gomulka, is as Red as any herring before him.

The man who told this story is a smallish, rugged, round headed, gray-eyed patriot whose countenance bears signs of tragedy but who can still smile occasionally. He is Stanislaw Mikolajczyk, the last free prime minister of Poland, now a leader in such groups as the International Peasant Union. He has just returned from the union's meeting in Paris.

"Fighters for freedom in Poland and Hungary have made permanent gains," he said. "Never again will the peoples of those countries be forced back into complete subjugation. They will be very careful—people want to continue living—but they'll never give up their ideal, their hope of being free."

HASN'T DELIVERED

The Soviet Union, in Mikolajczyk's opinion, has failed in a vital particular in its brutal colonialistic program. It hasn't delivered. The help it pledged China has not been delivered. It has given Egypt very little. It has milked rather than fed the various so-called People's Democracies.

So there are economic as well as political and social reasons for the towering gripe of the slave states. There is pressure for a change in Russia, reports the man who once sat down and learned through trial and error that business can't be done with the Kremlin.

* * *

The Polish Red Army could rise when the time is ripe, despite the illegal presence in Poland of eight divisions of Soviet Union forces, Mikolajczyk said. The people could rise even before the army. They do what they can to break the back of the USSR. Even the Kremlin admits Poland is producing hardly half the grain it did before the war.

* * *

"The greatest terror and bloodshed, such as in Hungary, won't change people dedicated to freedom," Mikolajczyk said. "I've just seen evidence of public protest as never before. We have proof of great dissension in Russia itself. There have been countless demonstrations in Georgia and the Ukraine. The pressure of public opinion in the West is being felt. It may save many thousands of freedom fighters who otherwise would be killed.

* * *

"The next three months, I think, should show whether Russia really is going along a peaceful road or intends to promote disaster. In a crisis, look for the Kremlin to call back its forces from the satellites and try to maintain a hard core of communism at home."

He wants the case of all the Iron Curtain countries kept before the U. N., with continued demands for the withdrawal of Russian forces, calls for free elections and a free flow of food and medical aid to the afflicted.

DON'T SEND CASH

"But the United States should send no money to the present regime in Poland," he added thoughtfully, "unless it is given the proviso that the Polish people are to have a deciding voice in how it is used."

Asked if, in view of the horror of the repressions in Hungary and probably in his own country, he was optimistic about the outcome.

"Yes," he said, his thoughts with those peoples. "Yes. No sacrifice is in vain. Nothing good is ever lost."

Boy, 10, Invents Gadget to Improve Egg Beater

LAWRENCE, Mass. (AP) — Ten-year-old Philip Kochman has solved the vexing problem of holding a hand-operated egg beater firm by inventing a suction cup which may be attached to the base of the whipper. He has placed it in the hands of a distributing agency.

Another of the sixth grade grammar school boy's inventions is a household utility tool which serves as a spoon, a pickle fork and a lifter of milk bottle tops.

German Ships to Help in Clearing Suez Canal

HAMBURG, Germany (AP) — Two of the world's largest salvage ships, the Energie and Ausdauer, set off today for Port Said to help clear the Suez Canal.

The 4,500-ton ships, each equipped with giant cranes and other repair devices, were taken under tow. The long trip to the Suez was expected to take about 20 days.

British, Dutch and Norwegian ships are expected to join in the giant repair job.

"Fighters for freedom in Poland and Hungary have made permanent gains," he said. "Never again will the peoples of those countries be forced back into complete subjugation. They will be very careful—people want to continue living—but they'll never give up their ideal, their hope of being free."

HASN'T DELIVERED

The Soviet Union, in Mikolajczyk's opinion, has failed in a vital particular in its brutal colonialistic program. It hasn't delivered. The help it pledged China has not been delivered. It has given Egypt very little. It has milked rather than fed the various so-called People's Democracies.

So there are economic as well as political and social reasons for the towering gripe of the slave states. There is pressure for a change in Russia, reports the man who once sat down and learned through trial and error that business can't be done with the Kremlin.

* * *

The Polish Red Army could rise when the time is ripe, despite the illegal presence in Poland of eight divisions of Soviet Union forces, Mikolajczyk said. The people could rise even before the army. They do what they can to break the back of the USSR. Even the Kremlin admits Poland is producing hardly half the grain it did before the war.

* * *

"The greatest terror and bloodshed, such as in Hungary, won't change people dedicated to freedom," Mikolajczyk said. "I've just seen evidence of public protest as never before. We have proof of great dissension in Russia itself. There have been countless demonstrations in Georgia and the Ukraine. The pressure of public opinion in the West is being felt. It may save many thousands of freedom fighters who otherwise would be killed.

* * *

"The next three months, I think, should show whether Russia really is going along a peaceful road or intends to promote disaster. In a crisis, look for the Kremlin to call back its forces from the satellites and try to maintain a hard core of communism at home."

He wants the case of all the Iron Curtain countries kept before the U. N., with continued demands for the withdrawal of Russian forces, calls for free elections and a free flow of food and medical aid to the afflicted.

DON'T SEND CASH

"But the United States should send no money to the present regime in Poland," he added thoughtfully, "unless it is given the proviso that the Polish people are to have a deciding voice in how it is used."

Asked if, in view of the horror of the repressions in Hungary and probably in his own country, he was optimistic about the outcome,

"Yes," he said, his thoughts with those peoples. "Yes. No sacrifice is in vain. Nothing good is ever lost."

Boy, 10, Invents Gadget to Improve Egg Beater

LAWRENCE, Mass. (AP) — Ten-year-old Philip Kochman has solved the vexing problem of holding a hand-operated egg beater firm by inventing a suction cup which may be attached to the base of the whipper. He has placed it in the hands of a distributing agency.

Another of the sixth grade grammar school boy's inventions is a household utility tool which serves as a spoon, a pickle fork and a lifter of milk bottle tops.

German Ships to Help in Clearing Suez Canal

HAMBURG, Germany (AP) — Two of the world's largest salvage ships, the Energie and Ausdauer, set off today for Port Said to help clear the Suez Canal.

The 4,500-ton ships, each equipped with giant cranes and other repair devices, were taken under tow. The long trip to the Suez was expected to take about 20 days.

British, Dutch and Norwegian ships are expected to join in the giant repair job.

Prediction From Adlai's Manager

PHILADELPHIA (AP)—Adlai Stevenson's campaign manager predicts that many of the defeated Democratic presidential candidate's suggestions during the recent campaign will become law.

James A. Finnegan said in an interview that he believes Stevenson's campaign "established a blueprint" for the solution of many national and international issues. Among the candidate's proposals that Finnegan said he expects to see adopted are those dealing with the aged, health, natural resources, H-bomb tests and the draft.

Finnegan, resting at his home here before taking a vacation, also said that party leaders were "conditioned for defeat" in the last few weeks before the election, "especially the last week before the election."

He said developments in the Middle East and Europe enhanced President Eisenhower's chances for re-election.

More Homes Seen

NEW YORK (AP) — Three experts in housing economics predict in a new report that there will be more new homes built in the next 25 years than in any similar period of the nation's history. The three are Doctors Leo Grebler, David M. Blank and Louis Winnick. The report was released by the Princeton University Press.

About 28 percent of fabrics used in the U.S. today are of man-made fibers.

Initial Flight Is Satisfactory

Fort Worth Residents Watch New Bomber Do 38-Minute Hop

FORT WORTH, Tex. (AP)—The United States' first supersonic bomber, the B58 Hustler, made its initial flight here yesterday and the test pilot said the 38-minute hop was "very satisfying."

B. A. Erickson, chief test pilot for Convair, which built the delta-wing, supersecret plane, described the flight as a "reined-in demonstration."

The Air Force, in its announcement at Washington, did not disclose whether the bomber actually exceeded the speed of sound, which varies between 760 m.p.h. at sea level and 670 m.p.h. at 35,000 feet.

Thousands of Fort Worth residents watched the new bomber sweep down runway at Carswell Air Force Base at 2:45 p.m. and roar into the air with a thunderous blast of its four podded jet engines.

The Hustler will carry a crew of three—a pilot, a navigator-bombardier and a defensive systems operator.

The Air Force said the plane has 16 complex major subsystems, including its own defense system, which are virtually automatic and do their work with a minimum amount of supervision by the crew.

Pianist Tatum Lauded by Stars at His Funeral

LOS ANGELES (AP) — Jazz pianist Art Tatum was eulogized as "everybody's piano player" in a funeral service that included musical selections by Ella Fitzgerald, Sarah Vaughn and Buddy Cole.

Tatum, whose artistry at the keyboard brought him many high accolades, died a week ago of uremia. He was 46.

At the service Saturday in the neighborhood Community Church, Cole played an organ interlude of sacred music, Miss Fitzgerald sang "God Will Take Care of You" and Miss Vaughn "The Lord's Prayer."

Tatum, nearly blind, used the Braille system to study music in his native Toledo, Ohio.

In reviewing Tatum's career, pianist Mari Young observed: "It has been said he was a musician's musician. It might be better said he was everybody's piano player."

Doesn't Read Paper, Auto Towed Away

ASHLAND, Ky. (AP)—A subscriber of the Ashland, Ky., Independent complained last week the paper should pay the towing charge for his automobile.

The man said his paper boy failed to leave him the Wednesday edition and he didn't see the notice that the city would clean the street in front of his home that night and tow away parked cars.

The paper refused to pay the $3 bill, saying the city didn't depend upon the newspaper notices about street-cleaning schedules.

Waitress Held Up but Left Unharmed

The lone waitress of the Baldwin Rubber Lunch, 377 S. East Blvd., was held up last night by a thug who escaped with $70 from the cash register, Pontiac police said.

Mrs. Helen Olson, of 48 Merrimac St. said the bandit entered the diner alone shortly after 8 p.m. and ordered a cup of coffee.

When she turned around from the coffee urn, Mrs. Olson told police, the thug, about 24 or 25 years old, was holding a pistol.

She gave him all the bills in the register, the waitress said, and the man left on foot without harming her.

Mrs. Olson told police the man stood about five feet four weighing around 140 pounds. She thought he had a scar or scratch on his left cheek.

Eight Perish in Ohio Blaze

Apartment Fire Kills 7 Children, 1 Adult and Injures 3

CINCINNATI (AP)—Fire swept upward from a basement stair well through a three-story apartment here early today, killing eight persons, seven of them children. Three other persons were hurt as they leaped from the burning building.

The dead included a 26-year-old mother and her five children.

* * *

The injured included Mrs. Johnetta Clark, 19, mother of two of the children who perished in the fire.

The apartment is one of a half block square unit of three-story brick buildings. It is atop a hill overlooking Cincinnati's downtown area.

* * *

The odor of smoke first was noticed by Mrs. Ruther Walker, who lives next door to the apartment where the fire occurred. She and her father, William Stokes, started a search of their apartment.

"Suddenly we heard terrific screams from the next door building," Mrs. Walker said. "My father ran down the street and pulled a fire alarm. Meanwhile, the screaming became louder.

"I can still hear those children screaming for someone to save them. Mrs. Clark jumped out with a baby and started screaming her babies were in the building. The screaming stopped in a few minutes."

* * *

The body of the dead woman was found in the front bedroom of her third-floor apartment. Her five children were on a bed and the floor of a combination bedroom and kitchen.

The other two children were found in a rear third-floor room.

Firemen said all died of burns and suffocation.

* * *

Police listed the dead as:

Mrs. Edna Dyas, 26, and her five children, John, 10; Beverly, 8; Jocelyn, 5; Arlene, 6, and James, 2; and Terry Jane Clark, 5 and Larry Dell Clark, 13 months.

Daniel May Aid Dems in Senate

Retiring Solon to Help Organize Body Unless Successor Is Named

WASHINGTON (AP) — Unless his successor is named before then, Sen. Price Daniel (D-Tex) says he will be on hand to help the Democrats organize the new Senate.

* * *

Daniel, who becomes governor of Texas Jan. 15, submitted his resignation from the Senate last September to become effective as soon as his successor is elected. Texas Gov. Allan Shivers has not called a special election for the purpose.

Daniel said in a statement he still hopes his successor will be named by the time Congress convenes Jan. 3, but said he will be available if he is still in office.

* * *

The Texas senator's vote could be important in the Democrats' 49-47 numerical edge in the Senate. If a Republican should replace Daniel, the lineup would become a 48-48 tie which Vice President Nixon could break in the Republicans' favor in organizing the Senate.

Meantime, the Democrats assured themselves of another House seat during the weekend with re-election of Rep. Morgan Moulder in Missouri's 11th Dist. He defeated Republican George H. Miller.

* * *

Moulder's victory brought the Democratic House total to 233, one more than that party counted in the expiring Congress. The Republicans have 199 and are leading in only one of the three races still undecided.

Composer Young Stricken at Resort

PALM SPRINGS, Calif. (AP) —A heart attack has claimed Victor Young, 56, composer of such hit tunes as "Sweet Sue," "Ghost of a Chance" and "Street of Dreams."

* * *

Born in a Chicago tenement, Young began playing the violin at the age of 6 and later studied at the Imperial Conservatory in Warsaw, Poland.

He gave up a concert career to arrange for bandleaders Ben Bernie and Isham Jones before entering motion picture work in 1935.

One of the first to introduce original music in films, Young composed the score for such films as "Around the World in 80 days," "Samson and Delilah", "Lady in the Dark" and "For Whom the Bells Toll."

* * *

The composer was stricken Saturday after arriving at this desert resort from his Hollywood home.

Juliana Attempts to Remedy Crisis

THE HAGUE, Netherlands (AP)—Queen Juliana has invited a 66-year-old Dutch law professor, Joost A. van Hamel, to study reorganization of her household personnel, an authoritative source disclosed today.

* * *

This reorganization follows uneasiness in the nation concerning the crisis in the royal house allegedly caused by the Queen's association with faith healer Miss Greet Hofmans.

The Queen returned Saturday from a three-week vacation in Italy.

* * *

Van Hamel is a retired professor of law at Amsterdam University. From 1925 to 1929 he served as high commissioner of the prewar League of Nations in Danzig.

Family of 5 Called Ideal Size in Japan

TOKYO — A group of Japanese newspapers made a spot survey of 5,754 married persons and discovered that the ideal family in Japan numbers, at most, three children. Among families who had three children, 75 per cent of the husbands and 78 per cent of the wives said, "No more." Almost all the couples with four or five children said, "No

Oil Tycoon Succumbs at 80

Sinclair Began His Career on a Shoestring, Ended as Millionaire

PASADENA, Calif. (AP)—Harry f. Sinclair, who gave up a pharmacist's job for the more exciting life of oil prospector and later founded the Sinclair Oil Co., is dead at 80.

He died Saturday at his Flintridge home after an illness of four months.

* * *

Sinclair started on a shoestring and was an oil millionaire before he was 35. He was a central figure in the Teapot Dome scandal of President Harding's administration.

In 1949 at the age of 72 he retired from active management of the Sinclair Company and five years later as board chairman.

Sinclair was born at Wheeling, W. Va., July 16, 1876, was educated in the public schools at Independence, Kan., and took a pharmacy course at the University of Kansas.

* * *

He left the pharmacy profession to go prospecting, first in Kansas and then in Oklahoma. He became a lease broker and then an independent producer. In 1916 he established offices in New York City.

In 1927 and 1928 Sinclair was tried on charges of conspiracy to defraud the government in the leasing of Teapot Dome, a U. S. Navy oil reserve in Wyoming. He was acquitted on this charge but did spend 6½ months in the District of Columbia jail in 1929 for contempt of court and contempt of the United States Senate.

This failed to stop his career. In 1937 he played a major role in organizing the present Richfield Oil Corp. and took over as chairman of the board of directors, a post he held until his retirement from Sinclair.

Defense Readiness to Be Intensified

TAIPEI, Formosa (AP)—The Chinese Nationalists believe the crisis in the Middle East has increased the danger of attack by the Chinese Communists.

To guard against possible attack while the attention of the world is turned on events in Egypt and Hungary, the Nationalist Defense Ministry has announced an intensification of "defensive readiness."

The U. S. 7th Fliet, which patrols the Formosa Strait, also is making what it calls "precautionary redeployments to improve our defensive capabilities" in line with worldwide preparedness measures ordered by the Pentagon.

Arab Leaders Meet to Discuss Crisis

BEIRUT, Lebanon (AP) — Five Arab heads of state were expected to meet in Beirut today to discuss the Middle East crisis.

The Arab leaders reported meeting with Lebanese President Camille Chamoun were Saudi Arabia's King Saud, King Faisal of Iraq, King Hussein of Jordan and President Shukri Kuwatly of Syria.

Informed circles anticipated that the meeting would take up, among other things, measures to check the spread of communism in Arab states. The Arab chiefs of state were reported worried about the Soviet Union's recent propaganda gains resulting from its espousal of Egypt's cause against Britain, France and Israel.

These sources also anticipated that the conference would try to work out a formula for settling the Arab-Israeli conflict as well as seek a united Arab policy toward the British - French - Israeli military operations.

Will Open Letter 12 Years Early

Missive in Monument Unsealed as Result of Road Repairs

SAN FRANCISCO (AP) — One of San Francisco's many monuments is to be torn down today and opened up, and a letter sealed in granite in 1925 by a bitter old man will be read.

In 1918 Martin Hanson, an eccentric real estate dealer, lost a battle to keep the city from cutting off some of his property with a street project.

• • •

By 1925 he was so furious that he had erected a seven-foot granite monument on a small site near Market Street near Corbett Avenue. He had a plaque set in the shaft which reads:

"A measure of progress

"This monument is erected to peace and justice.

"1918 to 1968, a half step in history. What will 50 years bring to mankind?

• • •

"Be just and fear not. Do right, whether it pays or not.

"Immured is a letter to Elva to be delivered Nov. 11, 1968."

Elva, in 1925, was Elva Standberg, then 6 years old and according to Hanson the only person in the world who sympathized with him.

• • •

Today, with another project in the works to widen Market Street, the monument is being removed and opened 12 years early.

Elva will be there. She's now Mrs. Fred Rust of Orinda, Calif.

Woman Kills Husband at the Dinner Table

DETROIT (INS) — A 39-year-old Detroit mother was in police custody today for allegedly killing her husband as he sat at the dinner table.

Officers said Mrs. Ruth Richardson shot and killed her husband, Nathan, with a .22 caliber rifle when he said he was going out for the evening.

The couple's three children, aged 8 to 14, witnessed the shooting.

Youths Held by Troopers

Three Teenagers Rob and Set Fire to New School in State

EROKE (INS) — Three youths weer held by Monore County authorities today fo rallegedly trying to burn the New Bedford Junior High School to cover up a robbery.

State Police said the three, two aged 17 and one 15, broke into the $247,00 school early yesterday and escapetl wth $294 taken from a safe.

Troopers said the trio left the school and started on a spending tour in a car, but returned when they remembered leaving fingerprints in the 16-room building, which was opened in September near Temperance, Mich.

The youths, according to police, obtained a five-gallon can of gasoline at a filling station and spread the fuel from door to the school to the principal's office.

They set a match to the gas and fled.

The fire burned itself out without spreading. However, the blaze caused damages estimated at $7,000.

Policé picked up the boys after their names were supplied by Charles Scheltine, superintendent of New Bedford community schools.

Scheltine said the three were known to have wanted to harm the school.

Officers said the 15-year-old stated he hated the school and wanted to "blow it up."

Agriculture officials say about 350 plant diseases do extensive damage to farm crops each year, in addiiton to the 700 insect types that prey on farm crops.

TO OPEN WEDNESDAY — This new A & P store at 1185 N. Perry St. will open Wednesday, with a special program of awards and gifts. More than 13,000 square feet of floor space in the structure will house departments for meat, produce, dairy, bakery, frozen foods, and health and beauty aids. Clare L. Kramp is the manager.

New A & P Supermarket to Open Doors Wednesday

A special program of awards and give-aways will mark the grand opening Wednesday of a new A&P Food Stores supermarket at 1185 N. Perry St.

M. W. Alldredge, A&P vice president and head of the Detroit unit which operates stores in this area, termed the store "an outstanding example of a complete one-stop food shopping center."

"This store," said Alldredge, "represents the results of our careful survey of the needs of consumers in the northeast Pontiac area."

The building, which has more than 13,000 feet of floor space, houses departments for meat, produce, dairy, bakery, frozen foods, candy, ice cream, health and beauty aids. These departments will handle more than 3,000 different items.

* * *

The self-service meat department will incorporate a new-type refrigerated production conveyor for the preparation of meat items. The conveyor eliminates the need for low temperature processing rooms where employes had to wear protective clothing.

Sixty-eight feet of space will be devoted to refrigerated cases which will display a full line of fresh and smoked meats, poultry and fish.

The store features seven regular check-out stands with one express and one "super speed" stand to be used for weekend rushes. A paved parking lot will accommodate 160 cars.

Clare L. Kramp, an A&P employe for 28 years, has been appointed manager for the new super market. He lives with his wife, Lucille, and two children, Catherine Ann, 22, and Richard C., 20, at 2791 Auburn Ave. Kramp is a member of the Auburn Heights Lion's Club and the Oakland County Sportsman's Club.

Harry Boice, 112 Alice St., Rochester, an A&P employe for 20 years, was named assistant manager. Other appointments were Joseph Sabourin, 4014 Orion st., Rochester, as meat department head, and James De Quis, 59 Lorraine Ct., produce department head.

Wedding Guests Sign Cast on Groom's Leg

BURBANK, Calif. (AP)—A broken leg failed to postpone the wedding of photographer Frank Tanner, 50.

He broke his leg last Thursday but refused to call off the wedding. So Superior Judge Elmer D. Doyle performed the ceremony yesterday in Tanner's room at St. Joseph's hospital.

About 30 friends signed Tanner's cast instead of a guest book.

The bride, the former Erna Pfaff, 48, returned to her Los Angeles home. Tanner stayed in his hospital bed.

Truman at Dedication

HICKMAN MILLS, Mo. (AP) — Former President Truman was principal speaker yesterday at ceremonies dedicating three new schools, one of them named for him.

Japan Tops in Suicides

TOKYO (AP) — Japan has more suicides per capita than any other nation. The welfare ministry reported 22,138 in 1955 — 24.8 per 100,000 population. This was a 1.4 per cent rise over 1954, when Japan also was the world leader, followed by Denmark, Austria, West Germany and Switzerland. The majority of Japan's suicides were committed by persons under 30 and over 60.

What's Shaping Up in California?

By JUDITH L. CLEMENCE
Women's Editor, Pontiac Press

LOS ANGELES — California promises new and interesting shapes—shapes of things to come to fashion editors all over the country who arrived in Los Angeles Sunday.

CLEMENCE

As guests of the California Fashion Creators, we are located at the Town House, busy checking the registry to see if other fashion editors whom we've met a various shows have arrived.

After all the "I'm so glad you got here," and "Do you suppose Jane is going to make it this year?" conversation is over, we settle back and think about fashion.

California always has been prophetic in its collections of spring and resort fashions, and with last year's rather startling changes, editors are waiting eagerly for the first showings.

Although we haven't seen a single fashion, as yet, (it's Sunday afternoon) we can give you just an idea of what California designers believe is a good look in fashion.

LONGER SKIRTS

Although California does not believe that merely adding inches at the hemline creates a "new look," the designers do endorse for the current regency or empire lines, an added one or one and a half inches to create flowing lines and enhance the illusion of slenderness.

* * *

With this in mind, most of the designers have added that much to the skirts of daytime clothes.

Cocktail and evening clothes were given longer lengths some time ago in California, and will this year continue to be ankle-length or slightly above.

We've guessed that capes are to be an important part of these collections. And from those who managed overhearing the latest, we learned the cape may be a full-length wrap, a separate detachable collar on a dress or suit, or in the curved hip-length version.

GENTLE CURVES

There will be a tendency to gently curving or rounding the silhouette (which incidentally is still predominantly slim) at shoulder and hip.

* * *

All of the designers promise a silhouette which will underline femininity. Today's designers have climbed on the bandwagon for becomingly beautiful, unforgettably feminine fashions.

The fabric story always is a tremendous story. And California designers recognize that success comes through use of elegant fabrics.

Silks, either smooth or tweedy in texture are getting all kinds of play.

Cotton makes its claim to fame out here on the West Coast where it has captured the imagination of the designers. We remember the wonderful things they did with cotton last year, and we find it hard to believe that it once was the lowliest fabric to work with. Housedresses were made of cotton, but you never wore it out of the home.

GO EVERYWHERE

Today you wear cottons, as they're used now, to your finest parties, and you feel elegant in them. West Coast designers promise even more with their use of the material this year.

* * *

Where color is concerned, California considers that here is the beginning of the rainbow. Tomorrow's palette they tell us, contains some of the most exciting combinations of color to come from the Coast.

California long has led the world in swim fashions, and it intends to hold that record. Although it shows a more covered look than in the past, it is said to be a more ladylike and flattering look.

Car coats, replaced by "sea coats," will be seen in cotton whipcord, satin-sheen gabardine, and fire-hose casing.

* * *

Sports dresses will take on the trend to more femininity with frillier shirts and ruffles on sleeve-cuffs.

The mannish suit is out in California this season. The gentle, fluid line, slightly curved but simple silhouette takes its place.

Suits have cape effects, and belted suits, we're told, will be much in evidence.

There will be a few dresses with the hobbled hemline, but most fashion editors believe there will be a noteworthy absence of them.

* * *

California designers believe that, written into every label of their fashions, should be "designed to make the most of being a woman."

Watch these pages for one week of California fashions and decide for yourself.

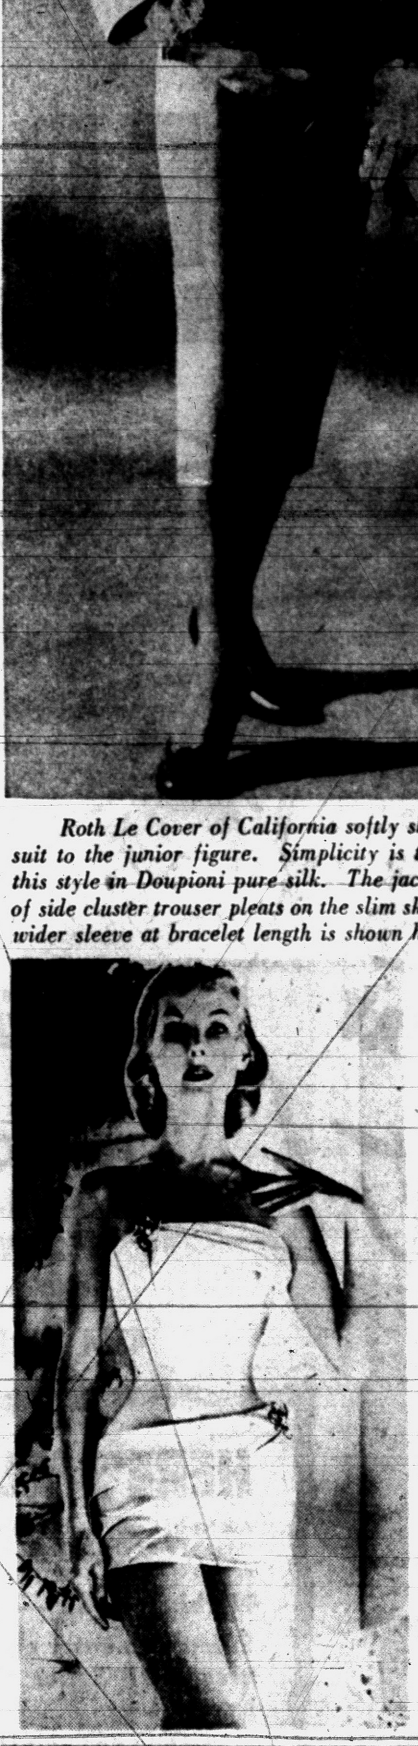

This fabulous cape is just one of many types and sizes of capes to which California points with pride this season. The designer makes the most of the style by using delustered taffeta accenting the slim lines of the gown.

Roth Le Cover of California softly shapes a spring suit to the junior figure. Simplicity is the keynote of this style in Doupioni pure silk. The jacket stops short of side cluster trouser pleats on the slim skirt. The new, wider sleeve at bracelet length is shown here.

Here's an ankle-length crepe cocktail sheath dress designed by Peggy Hunt. It has a cowl neckline and fitted bodice. The waistline is accented with pleated silk peau de soie and the skirt is slim, draped.

The winter resort scene is the Mediterranean, the French Riviera, California or Palm Beach—each with its golden sands and blue seas. Reflecting the mood and tempo of the setting is a lustrous sheath of silver soirette. This is "Elegance" from Rose Marie Reid's collection.

Zolot of California shows this sleeveless Mogashel linen shirt, Jamaica short, and striped rib-knit blazer jacket for spring and summer.

B. E. Browns Hold Dinner at Area Club

Entertain Relatives C. Earl Dawsons From California

Mr. and Mrs. Basil E. Brown of Mary Day avenue entertained several friends for dinner Sunday at Orchard Lake Country Club honoring her brother and sister-in-law, Mr. and Mrs. C. Earl Dawson of Los Altos, Calif.

Among their guests were Dr. and Mrs. Howard B. Barker and Dr. and Mrs. Aaron D. Riker and their houseguest, Mrs. Flora Goodale, of California.

On Friday evening the Barkers entertained at a dinner party for the Browns and their guests.

* * *

Mr. and Mrs. Robert Calver and Mr. and Mrs. Robert Knecht of Pilgrim road, Birmingham, were weekend guests of Mr. and Mrs. T. J. Sharpless in Fort Wayne, Ind. The Sharplesses are former Birmingham neighbors.

* * *

Mr. and Mrs. J. D. Boardman were hosts in their home on Forest drive, Watkins Lake, Friday evening to Mr. and Mrs. Ben Lackey, Mr. and Mrs. Norman DeGuise and Mr. and Mrs. Glen Foss of Dearborn.

* * *

Gerald Coon of Dwight avenue attended Dad's Day activities at Delta Tau Delta Fraternity at University of Michigan on Saturday. With his son, Jerry, a senior in the School of Literary Science, he attended the Michigan-Illinois game, and later a dinner party.

* * *

Mr. and Mrs. Theodore E. Wiersema of West Iroquois road attended a family reunion in Ann Arbor over the weekend. Members of the family from Ohio, Indiana and Illinois, gathered at the home of Mrs. Wiersema's sister, Pauline Zoller, before attending the Michigan-Illinois game.

Following the game Miss Zoller hosted an open house at her home.

* * *

Mr. and Mrs. Turris McCully of St. Joseph street attended the Michigan State-Purdue game at Lansing on Saturday and remained overnight as guests of their son-in-law and daughter, Mr. and Mrs. Kenneth Ferguson who reside on the campus.

On Sunday the McCully's traveled to St. Thomas, Ont., where they will spend several days.

* * *

Former Pontiac residents, Mr. and Mrs. Guy R. Marsh (nee Jean Render) of Ten Mile road, announce the birth of a son, Richard Guy, Nov. 2.

Grandparents of the infant are Mr. and Mrs. Leo B. Render of Farmington and Mrs. Alice Marsh of Toledo, Ohio.

Moygashel linen tweed is touched with a bouffant organdy bow at the neckline of this town dress by Marjorie Montgomery of California. The Empire lines are relieved by standaway hipline pockets, while turnaround view shows off a buttoned back, and high-placed walking pleats.

Hawthorne School Holds Open House

Children of Hawthorne School introduced their parents to their teachers at the open house held Thursday evening. Homeroom mothers served as hostesses in each room, and homeroom fathers assisted the membership chairman by taking memberships in rooms.

Refreshments were served by the executive board, with Mrs. John Guenther and Mrs. Irving Webb pouring.

Mrs. Greenman Feted at Shower

Mrs. Sidney Savage and Mrs. Elmer M. Klemm were cohostesses at a pink and blue shower honoring Mrs. H. Ray Greenman. The affair was held at the Klemm residence on Argyle avenue.

Attending the shower were Mrs. F. R. Allen, Mrs. Mabel Kyser, Mrs. Earl Leggett, Mrs. Albert Olsen, Mrs. Richard Crawley, Ruth Reagan, Mrs. John Stewart, Mrs. Helen Liebeskind, Mrs. William Paulson, Mrs. George Barar and Mrs. Gordon McCormick.

Also attending were Mrs. Verles Greenman, Mrs. Robert Earl, Mrs. Wilbur Good, Mrs. Howard Nutt and Mrs. Norman Beigh.

View Pupils' Work

Parents were given an opportunity to meet teachers of Wilson School at the open house held Thursday from 7 to 9 p.m. Samples of the children's school work were on display in the homerooms. Room mothers of the fifth grade served refreshments.

'57 Officers Named by Church Unit

Mrs. Wayne DeBeauclair was elected president of the Saybrook Group of the First Congregational Church on Friday.

Following a luncheon at the home of Mrs. Grady Smith on Colrain drive, members elected the officers for 1957. In addition to Mrs. DeBeauclair, Mrs. William Miller was elected first vice president; Mrs. R. G. Tallerday, second vice president, and Mrs. L. H. Cross treasurer.

Mrs. Dora Dawson will be recording secretary and Mrs. Carl P. Weber, corresponding secretary.

Mrs. Carmi J. Odell was in charge of the program, entitled Thanksgiving in 1831." Devotions were given by Mrs. Fred Raetzke.

* * *

Assisting Mrs. Smith on the hostess committee were Mrs. Charles Uligian, Mrs. Miller and Mrs. Nellie Williams.

Methodist Women Hear Mrs. Garrison

Mrs. John Carrison spoke on the Federation of Women at the recent luncheon meeting of the Woman's Society of Christian Service of First Methodist Church. The speaker accompanied her talk with pictures taken at the World Federation Meeting held in South Carolina during the summer.

Mrs. Adrian Thompson gave devotions. Members made plans to attend the World Community Day held Monday at First Congregational Church. Members of Mary Circle were hostesses at the luncheon.

Mrs. Bumgardner Entertains Group

Mrs. Leon Bumgardner entertained members of the Sew and Chatter Club for dinner Tuesday in her home on East Beverly avenue. Wilma Horning of Detroit was a guest at the meeting.

Members spent the evening sewing for the American Cancer Society. Mrs. Norman Freet invited the group to her home on Spokane drive for the December meeting.

Pilgrim Club Plans Events

The Pilgrim Group of the First Congregational Church held a luncheon meeting Friday at the home of Mrs. Donald McIntosh of Henry Clay avenue. Assisting the hostess were Mrs. Norman Freet, Mrs. Ivan Knight, Mrs. Cora Cheal and Mrs. Robert Reynnells.

Mrs. Malcolm Burton gave devotions using as her theme, "Religious Poetry." The program, based on the development of poetry by the American Negro during the past 200 years, was presented by Ora Hallenback.

Plans for a Fellowship Bazaar were announced. The event is scheduled for Nov. 30 at the church. Plans for the Christmas Tea, to be held Dec. 14 at the home of Mrs. Donald Thomas, also were announced.

During the business session officers for the coming year were elected. Mrs. Ivan Knight will serve as president, assisted by Mrs. Donald McIntosh, first vice president; Mrs. Glenn Griffin, second vice president; Mrs. Frank Meserva, recording secretary; Mrs. Norman Freet, treasurer, and Mrs. Harry Lillie, corresponding secretary.

Ole! Ava Gardner Captures Spain

(One of the most beautiful and seductive of film stars, Ava Gardner, has rocked men back on their heels from Timbuctu to Tia Juana, and from Zanesville to Zanzibar. A succession of Hollywood marriages, followed by torrid romances in Europe, has left fans and friends wondering what makes Ava run, and what makes her tick so furiously. This is the first of four articles tracing her career and capers.)

By PHYLLIS BATTELLE
INS News Service Staff Writer

Ava Gardner — the dream girl of every red-blooded, conscientious psychiatrist — is letting her hair down again and the waves thereof are being felt around the capitals of Europe.

When Ava lets her hair down, she takes her shoes off.

When she takes her shoes off, she dances flamenco.

When she dances flamenco, she doesn't stop till dawn. And as the sun comes up, whether it be in Rome, Madrid, London or Paris, there is usually a man or two who has learned to love the flamenco and the beautiful, barefoot, fiercely frivolous woman who is performing it.

Thus during the past several months there are dozens of men—reportedly from 21-year-old matadors to elderly street workers in cities where Ava makes her dreamlike sunrise appearances after party nights—who are impassioned of the most incredible movie star of the decade.

AVA LAUGHS

Ava, who has abandoned Hollywood and three husbands it offered her unsuccessfully, seems to be laughing at it all. A husky, the devil-with-it type laugh.

She is "thinking about" Walter Chiari, the Italian comedian who is smitten with her, she has conceded lightly. But about the others—including the handsome, sinewy bullfighters she is constantly rumored to be passionately devoted to—she admits nothing.

Frank Sinatra, her third husband from whom she is estranged but not divorced, still figures in her life when he occasionally slips into Spain. Romantic sleuths (and most mature male Spaniards of Ava's acquaintance have made themselves just that) say she has spent many hours with Frankie, apparently trying to revive a lost glow.

But a Spaniard who recently talked to her swears that when he asked her about Sinatra, she snorted

"Who? Mr. Sin-nada?"

Translated from Spanish, that means "Who? Mr. Nothing?"

The tall dimple-chinned, dusky haired daughter of a North Carolina itinerant worker is an awesome sight to the people of Madrid. They never know when she will be seen, and how fetchingly attired, striding sensuously among them.

Ava has built up a curtain around her home, and admits no one but invited guests, who usually include bull fight impressarios and aficionados.

"There are not many welcome at her home," said one observer, "except bull fighters. All times, they can come."

The place Ava has picked to keep her privacy is a modest residence compared to the California manses she shared at varying times with husbands Mickey Rooney ('42-'43), Artie Shaw ('45) and Sinatra ('51).

It is a new California ranch-style villa called "La Bruja," meaning "the witch" (it should be pointed out the house was dubbed by the builder before he knew Ava would be the occupant, and Ava decided the name should stay.)

NEAR MADRID

Located in an exclusive residential section 10 miles north of Madrid, the house is sheltered by trees on one side and the Guadarrama Mountains on the other.

For its view, its four bedrooms, three baths, two sitting rooms and a gaming parlor, the glamour girl from out of the West paid two million pesetas, or $50,000. For furnishings she contributed another $25,000.

These "furnishings" include large supplies of candelabra, a stock of her favorite drink, "anis," a vast collection of hi-fi records, four-inch-thick carpeting and large, raised fireplaces.

LUSH ATMOSPHERE

For visitors who ARE privileged to penetrate the flora and fauna and cool reserve that surround Miss Gardner, the welcome is warmly impetuous and the food and drink and atmosphere are lush.

* * *

At night, long after most Spaniards are asleep in the shade of the purple hills, Ava does her most ardent and arduous living.

Sometimes with one man — more often in the presence of several—she sits sloe-eyed in the headier night spots around town until after midnight.

Then gradually, perhaps relieved of her early-evening pensive mood by the music and drink, she becomes exciting and excited. When the late-hour spots close, she departs in high spirits for late-late-hour spots—perhaps private clubs, perhaps her own fireside, perhaps a hotel in whatever city she is staying.

DANCE TO DAWN

Wherever she and her party wind up, they keep the music and dancing spirit going until dawn and after.

"She can't sleep," reports one press agent attached to her latest movie, "The Little Hut." "Sometimes she'll call members of the crew in the middle of the night and ask us to come see her. She's running away from things, and she's searching for things—God knows what."

Perhaps Ava knows what she's searching for, too.

Asked not long ago by a reporter if it is true that she has said she is through with romance, she replied calmly:

"Why no. That must have been someone else."

* * *

(Tomorrow: Ava's romance with a bullfighter.)

Talk About First Wife Irks Second

Woman Asks How to Silence Chatter of Mother-in-Law

BY EMILY POST

"About a year ago I married a man who had been married before. His wife died about five years ago. He is a wonderful person and we are very happy.

"However, I have a problem with his mother. She lives next door to us and comes over quite often during the day to see me. Her main topic of conversation when she is here is her son's first wife.

"She is forever telling me what a wonderful person she was, how well she kept house, ect. This is beginning to get me down.

"I think she is very rude to keep bringing up the subject of my husband's first wife in my presence, or am I just being oversensitive? Will you please tell me what I can do about this very distressing situation?"

Answer: The best thing to do is to tell your husband about it and let him tell her. If he doesn't care to, be frank with your mother-in-law and tell her how you feel.

"Dear Mrs. Post: I recently had my first baby. I asked a cousin of my husband to be the baby's godmother. I have heard, through a friend, that the person who was maid of honor feels slighted because she wasn't asked to fill this position.

"She is under the impression that the maid of honor is supposed to be godmother for the first child. Is there such a rule?"

Answer: No, there is no such rule.

Add to the festive occasions by wearing a "Holiday Apron"! Make one of nylon with a beaded rooster motif and another from organdy with crocheted motifs. You'll find these fun to make and so nice to wear.

Send 25c in coins, your name, address and the pattern number to Anne Cabot, The Pontiac Press, 372 W. Quincy Street, Chicago 6, Illinois.

Now available—the colorful 1956 Needlework Album containing dozens of lovely designs from which to choose more patterns in crochet, embroidery and knit — plus three gift patterns, directions printed in book. Only 25c a copy!

Mrs. C. J. Adams Hostess to Group

Mrs. Clark J. Adams of Walton boulevard was hostess to the February-December group of First Presbyterian Church for a Friday luncheon-meeting. Mrs. Harry Aten, Mrs. Hazel Anderson and Mrs. Philo Nye were cohostesses.

Officers elected include Mrs. E. L. Guy, chairman; Mrs. Merle Voss vice chairman; Mrs. Dave Gilpin, secretary; and Mrs. B. B. Kimball, treasurer.

* * *

The Bible study on the Ephesians was given by Mrs. William Marbach. Mrs. J. C. Covert gave a report on the book, "Christian Living, Family Style," by Betty Moult.

The group will hold its next meeting at the Marbach home on Neome drive.

Berean Class Holds Thanksgiving Dinner

A Thanksgiving dinner was served members of the Berean Class of First Baptist church when they met at the church. Mrs. Emma Sebewaing presented several piano selections.

Mrs. Bert Hovey led the prayer and Mrs. Alice Willogh gave devotions at the recent meeting. The closing prayer was given by Mrs. Addie Odell.

After Teenager Marries, Mother Should Bow Out

Daughter Can't Assume Wifely Duties and Still Be Mama's Little Girl

By RUTH MILLETT

If Mama gives her consent to a teenage daughter's marriage, then Mama ought to step aside and let the young folks run their own lives. This includes even letting them make their own mistakes.

* * *

If Mama thinks her daughter can't get along without her constant help and advice, then Mama ought to do all in her power to keep her daughter from marrying until she is old enough to manage without help.

The mother who encourages her daughter to marry young and then continues to act on the theory that "Mama knows best" isn't giving a young couple a fair start in life.

The mother of a son writes: "I am writing about these teenage girls getting married — many of them before they are out of high school.

"Their mothers let them get married. Then, when their young husbands have taken on the responsibility of a home, the mothers still run the girls.

"Because these girls are so young and have been under their mother's thumb before marriage, the mothers often don't seem to realize that they ought to keep hands off the marriage.

* * *

"We have a son, married to a teenage girl. We leave the young people alone, going to their home only when we are invited, letting them make their own decisions without any interference.

"But our son's mother-in-law is always around, always offering advice, always expecting her daughter to accompany her on vacations, etc. She just won't turn loose.

"I've noticed this same tendency in other mothers of teenage wives. It certainly isn't fair to the husbands or to the marriage."

* * *

No, it isn't. And it may well be one of the reasons why young marriages so often end in divorce before they have had a fair chance.

Surprise Ingredient Is in Cake

Mrs. Staley Says Grated Carrots Help Keep Loaf Moist

By JANET ODELL
Pontiac Press Home Editor

With cold weather threatening to stay, the season of hearty desserts is at hand. Mrs. Francis Staley has a recipe for a carrot cake that can be sliced and eaten plain, spread with butter or served with a sauce. You may even frost it if you like.

Mrs. Staley is a homemaker who enjoys her work. She has few interests outside her home. Sewing and gardening are favorite hobbies.

CARROT CAKE
By Mrs. Francis Staley

1½ cups sugar
1½ cups water
1 cup raisins
2 tablespoons shortening
2 large carrots, grated
1 teaspoon each cloves and cinnamon
½ teaspoon nutmeg

Put all ingredients in saucepan and boil for five minutes. Let cool.

1 cup walnut meats
2 cups sifted flour
1¾ teaspoons soda
1 teaspoon salt

Sift dry ingredients and add to cooled carrot mixture. Add nuts last. Pour into a greased loaf tin. Bake in a 350-degree oven 45-60 minutes. This cake is moist and keeps well.

Train Your Voice to Be Attractive, Lively

By JOSEPHINE LOWMAN

Do you realize that the impact of a voice, even over the telephone, is so terrific that large companies often employ experts to instruct the women who take their business calls? The experts teach them how to get "life" into their voices as well as graciousness and good telephone manners.

* * *

A voice can give you a lift. It can make you feel valued and warm or it can irritate you, leave you flat or sometimes even make you mad.

If a big business recognizes the importance of an attractive speaking voice, one which has enthusiasm and understanding, why shouldn't we take a hint?

Our friends, our social life, the members of our family, the people we deal with in business, all make up our personal world. And there is no world so important to us.

* * *

In addition, we just naturally expect a charming woman to have a charming voice. When she doesn't it is a jarring note in an otherwise pleasant personality. Your voice is the most important medium for expressing your thoughts, moods and emotions. It is the link between you and the world about you. Your voice can make you seem young or old.

USUAL REASONS

Unless there is some structural abnormality, an unattractive voice is usually due to tenseness, laziness or unawareness.

* * *

Do you really listen to yourself when you talk in order to see how you sound to others? I doubt that you do and, actually, it would take the spontaneity and fun out of conversation if you were that engrossed in yourself.

However, reading aloud is splendid training in developing a magnetic speaking voice. Listen to your diction as well as to the tone of your voice. Pitch it low and pronounce the words distinctly and do not omit syllables and endings. Also try to reflect in tone the moods and thoughts on the printed page.

If you will practice this regularly you will automatically improve in your general conversation. Try to avoid tenseness and harshness of spirit, but even when you feel this way, do not allow it to ruin the quality of your voice. Many things can be said in a voice which is warm and poised which would raise havoc if said in a shrill, irritated way.

There are two extremes which detract from an attractive voice. There is the person who has tense jaws, tense lips, a tense tongue and so forth. Then there is the one that has a very lazy mouth. The former leads to a scratchy or shrill voice while the other is the indistinct mumbling kind. Try to avoid either of these.

FEELING MIGHTY LOW?, HERE'S HOW TO PERK UP

When you are depressed or discouraged it is a psychological fact that a few new clothes are of therapeutic value. When a woman is at a low ebb emotionally she is apt to begin thinking of herself as unattractive, to lose interest in herself as an individual. She may need a crutch or a pair of them, in order to find herself again.

* * *

If you have a problem or worry which you cannot solve or do not know how to solve, do not rush your decision. Use a few cutoffs for a while. Forget your trouble as much as possible for a short time. Drift, unless the decision is crucial.

But, become excited about some new goals for yourself. One of the very best is the determination to become as attractive as you possibly can.

Another is to outline some work you wish to accomplish, to add new interests to your daily life. With these three aids, vegetating emotionally as much as possible except to have all the fun you can, becoming more attractive looking and adding new enthusiasms, you can pull yourself over the hump.

* * *

Of course part of your crusade to improve your appearance will be to lose any extra weight and to improve posture and grooming. Then, or even before, buy some new rags. This brings up the thought of hats. Even a new, exciting hat can brighten your mood.

FLATTER THE FACE

Many women want to know what kind of hats are best for certain face shapes. If you have an oval face, you can wear practically any kind of hat. The same is true of hair-styling. You can fix your hair in any mode.

* * *

The long face: Care should be taken not to emphasize the length if you have a long, thin face. Wide crowns or brims and curving lines are good. If the hat has a straight line be sure that it is horizontal, or if it is a slanting hat, wear it more on the horizontal than the vertical slant. Avoid hats which have too much height.

The round face: If you have a round face you need a hat with height. Feathers and uplifting brims will be becoming. Do not wear a hat with a horizontal line. Avoid round crowns and brims or hats with very small brims.

The heart-shaped face: This face is very narrow at the chin. To be most flattering the hat should compensate for this with trimming low on the hat, ribbons or veils, or just the cut of the hat. Large hats, off the face, are good, too. Do not wear high crowns.

* * *

If you would like to have my leaflet No. 51 about hairstyling send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Tomorrow: "What You Should Know About Undergarments."

Reading aloud is splendid training in developing a magnetic speaking voice.

Fellowship Class Meets

Mr. and Mrs. Paul Spragg opened their home on West Strathmore avenue Friday evening for a meeting of the Fellowship Class of Baldwin Avenue Evangelical United Brethren Church.

Mr. Spragg gave devotions, using as his theme, "Song of Thanksgiving," and Mrs. Lewis Ball led the prayers.

During the business meeting Omar Johnson was elected president for the coming year. Serving with him are Mr. Spragg, vice president; Mrs. Harold Pearsall, secretary and Kenneth McQueen, treasurer.

Serving on the committee for the Christmas dinner and program to be held at the next meeting are Mrs. George Hollis, Mrs. Ray Ritter and Mrs. Robert Connely.

* * *

Mr. and Mrs. John Pickering of Detroit were guests at the meeting.

Flora Shelly Group Elects Avis Carey

Avis Carey was elected president of the Flora Shelly Group of First Presbyterian Church at a dinner meeting Friday evening. Mrs. S. E. Minard, Mrs. Gladys Hocking and Lulu McGregor were hostesses for the dinner.

Others elected to serve are Mrs. Hocking, vice president; Mrs. Roy O. Ward, secretary; and Mrs. Earl L. Clark, treasurer.

Devotions were given by Mrs. H. Wayne Reaves and Clara Gaylord gave the Bible study on the Book of Ephesians. Miss McGregor led a discussion of "Christian Living, Family Style."

The December meeting will be held at the home of Mrs. Allan H. Monroe on Cherokee road.

Smorgasbord on Agenda for Tuesday

Sunday School workers and Youth Counselors of the First Methodist Church will sponsor a smorgasbord at 6:30 p.m. Tuesday in the First Methodist Church.

* * *

Following the dinner, Dr. John Rozeboom, field worker of the church, will present the film, "How to Teach."

Mrs. Oliver Dunstan, general chairman, will be assisted by Mr. and Mrs. Stanley Colby.

* * *

The dinner committee is comprised of Mrs. Norman Todd, Mrs. Ethel Profitt, Mrs. Earby Austin and Mrs. Norman Legge.

Mrs. William Farrell and Mrs. Beatrix Vogel are serving on the publicity committee.

THE BLONDE DIED DANCING

by KELLEY ROOS

Chapter 15

I hastily withdrew into the closet when I saw Mr. Bell and Miss Webb kissing.

I tried to make myself as comfortable as possible. It looked as though I might be here for some time. It was all right for them. You can live on love. But me, I was without food or water.

"Darling," I heard Leone gasp, "it's so horrible, happening now, now when everything was going to be so perfect for us."

"I know, my dear," Bell cooed. "I know."

"Can't we go through with it anyhow, just the way we planned, no matter what happens? No one need find out."

"But they would find out, my angel. The papers would get hold of it, those infernal columnists."

"What if they did? I wouldn't care."

"But how would it look, Leone, think of appearances. This ghastly business about Anita, my school involved. And you and I running off to be married in the middle of it all. It would seem so very callous."

"Yes, of course you're right, Oliver. As usual. But can't you come home with me? Now, I mean. My lovely apartment's there, waiting for us."

"Please," Bell pleaded, "please, Leone. We mustn't risk any gossip." His voice turned playfully, coyly severe. "And I must say, your behavior just now during business hours . . . really, Miss Webb!"

"So sorry, Mr. Bell." Leone was mocking her own efficiency. "We won't let it happen again, will we? Well, just once more. Now, for instance."

"Darling . . ."

After a long moment and some small murmurings, I heard a click and then the sound of a door opening and closing. I opened my door and shot through the darkened conference room. I got my gloves, hat, coat and purse out of my locker. I had a few things, which might or might not mean anything, to report to Steve.

The elevator was so crowded that when its operator implored his passenger to face the front it was all I could do to obey. Then I wished I hadn't. My nose was practically flattened against the back of a young man's neck.

As I pulled back my head and my eyes focused, that neck, the ears above it, the set of the shoulders beneath it seemed familiar. I tried to place them.

I was trapped too tightly in the now descending car to edge around for a look at the face, so I had to be content to work with what I could see.

Immediately, I eliminated Mr. Bell. Ear-wise, this couldn't be he. Besides, Bell was taller, older. Then I eliminated Bob Spencer. Neck-wise, Bob was frailer, shoulder-wise, too. This young man had an athletic cast to him . . . and then I had it.

This was the young man whose voice I had first heard in Studio J, next heard making a phony excuse to a policeman for his presence at 11 Rhinebeck Place. This was a young man I wanted to know more about.

It soon developed that this was a young man in a hurry. Almost before I knew it I was chasing after him through the chill December night . . . up Madison avenue, down into an Independent subway station, onto an E train bound for Long Island. My maneuvering to keep out of his sight proved unnecessary.

He was slouched down in his seat. His hat was pushed so far back off his juvenile, clean-cut face that his crew cut was showing. He was scowling at the floor as though he disapproved of it.

He was so engrossed in his own troubles that I could have sat on his lap without his noticing it.

We had a nice, long subway ride together.

* * *

He almost missed his stop; he came to just in time. I was lucky to get out between the closing doors. We were in Kew Gardens. I wondered, nervously, what in the world we were doing in Kew Gardens.

He walked rapidly through a business district. I stayed across the street from him. In the middle of the last block of stores, before the terrain went purely residential, was a still lighted stationery-tobacco type shop. He disappeared into it, leaving me with my mouth open, gasping for air. I leaned gratefully against a hobby shop window and waited.

Five minutes later he was still in there. The store had no side exits that he might have used. I was sure that he hadn't known I was following him, so he wouldn't have asked to use the store's rear exit to elude me.

* * *

I decided I had better investigate. I crossed the street, eased up to the glass door and saw immediately that, except for the chubby, youngish woman behind the counter, the store was empty. My man had gone.

* * *

I went into the store. There was a phone booth in the corner; there was no one in it.

"Yes, miss?" The lady's voice was sweet as sugar. "Can I help you?"

"I saw a young fellow come in here a few minutes ago. I thought I recognized him."

"You mean Jack Walston? He's the last person came in."

"Yes! Jack Walston! I haven't seen him for years."

"Not for years, huh? Where'd you know Jack?"

"We . . . we went to school together."

"Really!" The lady was so pleased it made me wish Jack and I had gone to school together.

"Grade or high?"

"Grade."

"I thought it must be grade. Because I don't remember you. You see, Jack and I went to high together, Flushing High. Course he was a few years behind me. He was in my kid sister's class."

"Imagine me seeing Jack again!"

"Yes, after all these years!"

"He was an awful cute kid."

"And still is! Too bad you missed him."

"Where did he go?"

"Out the back way. He just stopped in to pick up the car keys."

"Well, Jack's doing all right! He's got a car now."

"No, he's borrowing my husband's. He's got to go to New Haven tomorrow. Up near New Haven."

"Oh, New Haven."

"That's right. Say, what's your name? You didn't tell me."

I said the first name that was coming into my mind nowadays. "Hester Frost."

"Well, Hester, maybe you could catch Jack . . . but, no, I guess not. It's only a little ways to the garage."

"He'd be gone by now, you mean."

"Yes. Too bad."

"Yes. What's Jack doing these days?"

"He's a teacher at the Crescent Dancing School."

"Oh. Crescent. I've heard of it."

"It's just temporary."

"And is Jack married?"

"Not yet." She smiled proudly at me. "He's going to marry my kid sister."

"Well, congratulations!"

"Thanks. They've been sweethearts since high. They used to be a dance team. Maybe you caught their act someplace. Mostly in clubs around Long Island here. Harris and Walston."

"Harris," I said.

* * *

"Dottie Harris. Don't tell me you know her, too!"

"Dottie Harris," I said. Dottie Harris."

"She teaches at the Crescent School, too . . ."

Now I was getting places. My trip to Kew Gardens had been worth while. At least I knew why Dottie Harris had been able to give me the runaround. It hadn't been a student who I had overheard talking with her in Studio J.

Part of what she said had been the truth; she actually had had no lesson at that hour. She had been speaking to a fellow teacher, her fiance, Jack Walston.

I had also discovered that whatever it was that Jack had wanted in Anita's apartment, Dottie knew about it. And whatever it might be, it concerned in some desperate fashion the two of them.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

FAMOUS BOOK FRIENDS—1
Gulliver

This week let's meet some friends from famous books.

There are many great stories which are so well-written they are known as classics in literature. Some were written long ago, and many generations of children have enjoyed them.

This week we are going to bring you pictures of the main characters in such favorite books. Let's start our collection with Lemuel Gulliver, the hero of Gulliver's Travels. This book written by an Irishman, Jonathan Swift, was published in 1726.

Gulliver sailed the South Seas as a ship's doctor and he discovered Lilliput where he seemed a giant among the tiny people. On another voyage he found the land of Brobdingnag, where men were over 40 feet tall.

This picture shows Gulliver kneeling before the hand of the Queen of Brobdingnag, while behind him is Glumdalclitch, a farmer's daughter who looked after him.

Color this with your crayons and paste it down on cardboard. Cut it out and then fold it forward on the dotted line so it will stand. (Louise Dilworth, Richmond, Va., wins $10 for submitting this idea first. Send in your suggestions care of this newspaper and you may win the award. Violet Moore Higgins; AP Newsfeatures).

Reporter Receives Honorary Degree

WACO, Tex. (INS) — Ruth Montgomery, Washington correspondent for International News Service Saturday received from her alma mater an honorary doctor of laws degree.

Mrs. Montgomery was given the degree by Baylor University of Waco, where she was able to complete only three years of college during the depression of the early 30s.

She was the first woman so honored at the university's Conference on American Ideals, which was instituted in 1953.

In her acceptance speech she paid tribute to the university where "I learned the difference between yellow and good journalism; the importance of getting an accurate as well as an exclusive story, and the awesome power that the press can wield for good or evil in this strife-torn world."

Wrong Conference?

SAN DIEGO, Calif. (AP)— County Supervisor Frank Gibson and his wife started out for the state capital at Sacramento to attend a governor's conference on traffic safety.

Minutes later Gibson's county car collided with another auto. Mrs. Gibson suffered slight injuries.

Tells Papers 'Fight Inflation'

Chairman of U. S. Steel Sees Solution to Spiral in Editorial Pages

CHICAGO (AP)—The chairman of US Steel Corp. is urging newspapers to lead the fight against inflation in their editorial columns.

Roger M. Blough, in an address prepared for the fall meeting of the National Editorial Assn., said, "We shall get out of our inflation difficulty only as each one of us understands the nature of the problem and the means of attacking it."

He said the best means of attaining that understanding is through the press.

"Each member of that free press has the financial problem in his own business as well as the rest of us do. But the free press has one great advantage," Blough said. "It reaches into the highways and byways of America and does nothing else."

EARNED RAISES

He attributed inflationary problems to "unearned wage increases" which he defined as increases that are greater than the increase in productivity.

He described inflation as a common enemy to both large and small businesses that strikes both "with equally devastating effects" and claimed the steel industry is a "principal victim of inflation."

Blough addressed the NEA, an organization of non-metropolitan newspapers, on the second day of its three-day meeting.

Cuba is about the size of New York state while Costa Rica is smaller in area than West Virginia.

Insight - Key to Coping With Mental Health Issue

By JUDY CLEMENCE

Mental illness, one of the country's major problems, continues to hospitalize more people than does cancer, heart disease, tuberculosis and all other diseases combined, states Dr. Ivan A. LaCore, medical superintendent of Pontiac State Hospital.

More than 10 million Americans, one in every 16, are now suffering from some form of mental disorder. This staggering figure has forced many in the community to attempt to learn more about mental health, and another large number has volunteered time to work with patients.

Everywhere people are concerned with the problem of mental illness — many ask questions, but few really understand the nature of the problem.

One of the first things Dr. LaCore told us was to explain to members of the community that mental illness is a sickness which is no different than a physical illness.

When people realize that this is true, and can accept it without feeling a stigma must be attached, the community is well on its way towards forming healthy attitudes.

Dr. LaCore pointed out that physical illnesses and mental illness are closely related, and that it is sometimes difficut to tell where one lets off and the other begins.

"Just as heart disease, cancer, tuberculosis and polio are manifested by an entirely different group of symptoms and are treated by different methods, so mental illnesses such as schizophrenia, involutional psychosis, depressive reactions and all other mental illnesses are manifested by different symptoms and are treated differently," he declared.

"Mental illness," stated Dr. LaCore, "is manifested in disorderly thinking, feeling and behaving which interferes with the individual's capacity to live a normal life."

The medical term for a serious mental illness is "psychosis." The legal term is "insanity." Psychiatrists explain that some people suffering from psychosis live in imaginary worlds, which have little relation to the real world.

They are not entirely unaware of what is going on around them, however, or of what is happening to them.

A question answered often by Dr. LaCore is, "How do these people act?"

Their reactions vary widely, and in many instances the illness is difficult to detect. Some of the more common manifestations are: they think they hear voices, suspect someone has it "in for them" or that they have a physical illness which does not exist.

Such a person, according to Dr. LaCore, might have unrealistic ideas regarding his identity or his ability to produce in society. He may be depressed or in a state of great excitement. Or, he may feel something frightening is going to happen to him or that he has committed a crime for which he is being punished.

During the time they are sick these people have varying degrees of control over what they do, but Dr. LaCore said that a very small number of them are dangerous.

Mental illness seldom comes on suddenly. Where a physical illness can strike in an instant, there is always fair warning with mental illness. Because of the fears and prejudices that exist, many people refuse to recognize the early signs of illness.

However, the doctor warns, a serious mental illness does not take care of itself anymore than a serious physical illness takes care of itself.

Also asked of Dr. LaCore is "How do mental illnesses come about" and "what do the names applied to the various types of mental illness imply?" Some mental illnesses come from injury to the nervous system, others can be the result of brain injury, severe alcoholism, some poisonous chemicals and advanced syphilis.

Other mental illnesses are connected with physical changes that occur in the body. These are labeled cerebral arteriosclerosis and senile psychosis. The first is caused by disturbances in the cells of the brain and the latter is brought on by physical changes in the brain incident to old age.

Not all old people are bothered by these brain changes, but as our population lives longer each year, this particular problem is naturally on the increase. All personality changes occuring in old people are not due to brain changes, however. Not feeling "wanted" can be responsible for personality upsets.

The illnesses discussed so far are called functional psychoses—those for which there is physical cause.

There is another category which includes such illnesses as paranoia, manic depressive psychosis and schizophrenia.

Schizophrenia is a term which is known to most everyone, and according to Dr. LaCore, it is the most common of all mental illnesses.

This disease is too complicated to adequately describe in a short series. Some of the patients appear to the layman, to be in another world; others give you the feeling that you do not exist. These are the very sick patients. Just as other illnesses exist in various degrees, so this illness can be severe, acute or marginal.

DR. IVAN A. LACORE

Some of these patients hear voices and others believe in false ideas. However, most of these patients appear to the eye of the layman as well individuals.

Another question asked of the doctor is "What do doctors mean when they talk about neurosis of psychoneurosis?" Is such an illness different from a psychosis?

Yes, explains Dr. LaCore, it is different. Such people have an emotional type of illness which interferes with their happiness and efficiency but they do not lose contact with the world of reality in which they live. They feel inferior, inadequate and unloved. They have an almost constant sense of dread and fear.

They complain of chronic tiredness or sleeplessness and live in constant fear of physical illness to the point of imagining they have all the symptoms. A neurosis, like a psychosis, can be more or less severe.

There are many examples of emotional problems in our daily living. Dr. LaCore says the individual who is a chronic job jumper, never satisfied, who always fails and feels persecuted by fate most probably is in need of help.

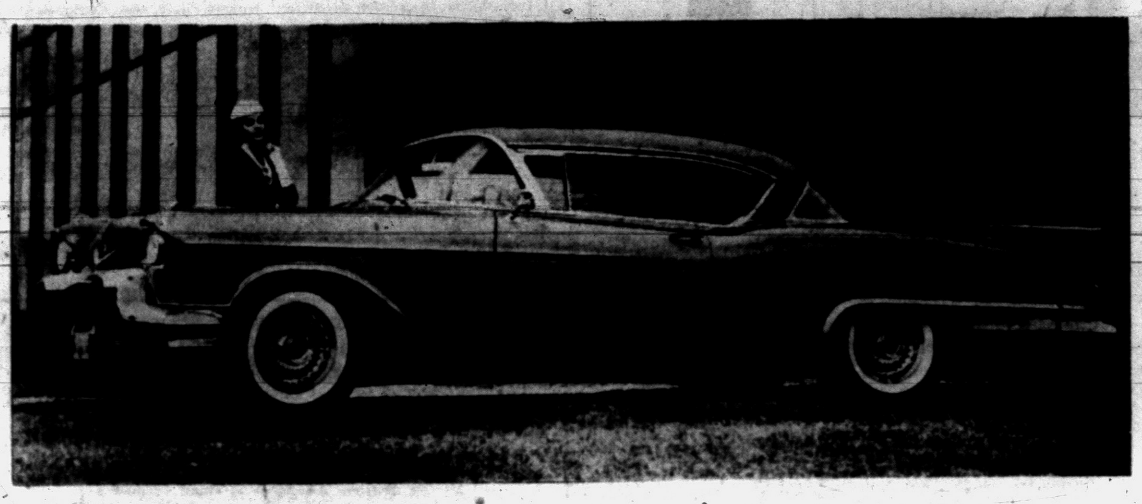

The complicating factor is that the individual frequently does not see the need for help. Many mental illnesses are characterized by a total lack of awareness or insight on the part of the sick person. One of the methods of protecting oneself is to quite sincerely feel that all of his difficulties are the result of factors outside of himself. He feels that the rest of the world is out of step, therefore, he needs no help.

An important step is the mental health step. Mental health, according to Dr. LaCore, grows in communities that provide for the needs of its people, and it flourishes where there is a healthful environment and certain facilities to satisfy these needs.

To insure this, a community must provide health and welfare services which educate people regarding measures to avoid preventable diseases.

Churches and schools play an important part in bringing about a better adjustment to life. Recreational facilities for people of all ages to encourage creativeness is another step which the mental health authority expressed as essential.

He pointed out that all members of the community should work together to provide these things to insure a better, healthier community.

UNMISTAKABLY CADILLAC — A rear-quarter panel which is completely unblemished, fins set inboard and a three-section, built-in bumper are among the styling features of the 1957 Eldorado Seville Coupe. Seville owners will have their choices of three engines — the 300 HP Cadillac engine or a 325 HP modified version of it. The new car is scheduled to make its debut tomorrow evening at Jerome Motor Sales Co., 280 S. Saginaw St.

Most Complete Change in Division History

New Throughout in 1957, but It's Still Cadillac

From bumper to bumper and from top to bottom, the 1957 Cadillac is completely new. Yet, in appearance, it is unmistakably Cadillac.

In announcing the new cars, Don E. Ahrens, general manager of the Cadillac Motor Car Division and vice president of General Motors, said, "the 1957 car represents the most complete model change in Cadillac history.

"Our engineers and stylists created a new car this year, but still they retained its "Cadillac personality."

"The over-all silhouette has been lowered as much as three inches; the hood and rear deck are lower than the fender profile; the traditional Cadillac tail fin is restyled and two additional fourdoor hardtops make their appearance in 1957."

Most distinctive of the many changes is the design of the rear-quarter panels of the two Eldorados, the Biarritz and the Seville models. The rear fin has been sharpened, chrome-capped and moved inboard.

The hood and rear deck have been lowered and the entire side is unadorned except for the three-section built-in bumper that curves around the rear wheel opening.

Cadillac's massive, underslung grille, bumper and bumper guards also have been redesigned. A completely new styling innovation is the use of rubber tips on the bumper guards for safety purposes.

The 300-HP V-8 engine is standard equipment and has a 10-to-1 compression ratio, a four-inch bore and a displacement of 365 cubic inches. Eldorado buyers also have their choice of a modified engine with twin four-barrel carburetors and a 325-HP rating.

The customized Fleetwood 60 Special Sedan and the 62 Sedan are being offered as four-door hardtops for the first time. Both cars are three inches lower than their 1956 counterparts. In the 62 model the tail light has been removed from the rear fin and relocated below it.

* * *

The entire Eldorado line gets its "look" from the Eldorado Brougham, a last year's dream car that actually will be put into limited production late next month. It will make its debut at the National Automobile Show in New York next month.

The Brougham is a four-door hardtop with dual sets of headlamps. It already has been billed as America's most expensive production car at a price of around $12,500. This compares with Ford's Continental Mark II which sells for about $10,000.

ELECTION BET PAYOFFS — An uncomfortable Mrs. Jewell Fitzgerald (top), a Denver drive-in waitress who supported Adlai Stevenson, whimpers after getting a strawberry cream pie in the face as an election bet payoff. The thrower was Leroy Harris, municipal court officer who backed Eisenhower. Theresa Tacy (bottom), a supporter of Eisenhower, smiles with joy as she is wheeled down the main street of Winchester, N. H., in a gaily-decorated wheelbarrow by Fred Gately. The Stevenson man had to push the vehicle a mile as the result of losing his bet on the election outcome.

Taps for Fallen Friends

World War I Bugler Fulfills Lifelong Mission

PARIS (AP)—A 61-year-old bugler last night fulfilled a World War I dream to return to France to play taps for his fallen comrades.

By the flickering light of the eternal flame which guards France's Unknown Soldier, Hartley Edwards completed his pilgrimage from Denison, Tex.

He proudly raised the same bugle he played 37 years ago in ceremonies that moved such old soldiers as Gen. John J. Pershing and Marshal Ferdinand Foch.

The intervening years had left their mark on both bugle and bugler. But Edwards stood stiff and proud in a gentle rain as he sounded the call that signals rest for tired soldiers.

About 500 American veterans and an honor guard of French airmen, soldiers and sailors stood at attention around the Arch of Triumph while Edwards played at the annual Armistice Day tribute of Americans living in Paris.

Earlier in the afternoon, Edwards also played taps at the cemetery at Compiegne.

* * *

Edwards last played beneath the arch at French Independence Day ceremonies July 14, 1919, when Paris literally exploded with a "victory" celebration. He was a member of the crack 50-man drum and bugle corps Gen. Pershing formed of veteran American soldiers. Marshal Foch was so impressed with the corps he invited them to come back someday.

2 Photographers Killed in Suez Crossing Attempt

PARIS (AP)—An American and a French photographer have been killed attempting to cross into Egyptian lines in the Suez Canal zone, their organizations confirmed today.

The two were David Seymour, a Polish-born American who headed Magnum Photos, and Jean Roy of Paris-Match.

Seymour was a lieutenant and photographer in the U.S. Air Force during World War II. Afterward he worked for several U.N. organizations. He was also a photographer with the late Robert Capa during the Spanish Civil War. Recently he has lived in Paris.

French military sources gave this account of the death of the two men yesterday at El Kantara:

They tried to cross from the British-French lines to the Egyptian side with a party exchanging wounded. The photographers were in a jeep and were fired upon by the Egyptians. Their jeep ran over into a nearby canal.

Their bodies will be returned to Paris.

Boys Burn Hives

Neighborhood boys are believed to have been responsible for the burning of three bee hives at 1320 VINEWOOD Rd., Pontiac Townshi Saturday. The destroyed hives were valued at $60.

Bomb Hoax Delays Airliners at Idlewild

NEW YORK (AP)—A bomb hoax led police to search 10 airliners at Idlewild Airport last night and today. They found nothing suspicious.

* * *

Airport police said an anonymous telephone caller warned shortly before midnight that a Pan American World Airways plane would be blown up "within an hour."

A few minutes later a second caller gave a similar warning about a British Overseas Airways Corp. plane.

Both callers were men.

* * *

Five departing Pan American planes were delayed for the police search.

Five BOAC planes also were searched. That line had no scheduled departures.

Cement Output Zooms

MEXICO CITY (AP)—Two new cement plants are expected to boost Mexico's output by 200,000 tons during 1957, to a total annual production of 2,300,000 tons. The total production 1948 was 500,000. The nation's rapid growth has been a constant challenge to production.

BIG BROTHER WATCHING—"Scram fellows — it's a giant!" Scuttling away in panicky haste, this tiny Fairy penguin may well be frightened. He'd just arrived at Chicago's Brookfield Zoo when he found himself under the ominous glare of a four-foot-tall Emperor penguin. Too big for comfort, to be sure.

'SQUEEZING THE WIRES' — High above the freighters which pass endlessly below, Mackinaw Bridge workmen finish "squeezing" the 12,580 wires of each of the span's cables into one compact 24½-inch cylindrical mass — extending the entire length of the span. With work currently reported on schedule, the bridge is expected to be ready to carry traffic between the upper and lower peninsulas by Nov. 1, 1957.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

*Reg. U. S. Pat. Off.

P.S. DOCTORS PRESCRIBE SPECIAL LAXATIVE TO EASE PAINFUL ELIMINATION WHILE SHRINKING PILES

The makers of Preparation H also make Petro-Syllium®, a special type laxative prescribed by doctors for hemorrhoid sufferers. Softens hard dry stool and assures easy elimination *without pain*. Ask for Petro-Syllium.

Please, No 'Denture Dunkie' for Christmas!

Here's a Gal Who Doesn't Own Everything

By PHYLLIS BATTELLE

NEW YORK (INS)—I want it put on the record right now, before somebody orders me a rhinestone-studded laundry tub for Christmas—I am NOT "the woman who has everything."

* * *

I say this, not in self-pity, but in self-defense. After studying the nifty gifty ideas in the latest home and garden magazines, I get the uncomfortable impression that almost everybody "has everything," and that on this happy Yule I may wind up holding a "dirty clothes bag" (made of 14-karat gold thread of course), or dropping my teeth in amazement over the receipt of a "denture dunkie" (in silver or porcelain, to match one's bridgework at bedtime).

Dear friends, I want none of these. Nor, at the risk of sounding ungrateful, do I particularly care for the amazing new sliver and burr remover, "for those careless moments in the country" when one and one's hounds get pierced in the paws and knotted in the hair.

(Frankly, I'm more in need of candy to keep my strength up.)

* * *

There are many dandy new clocks to keep the folks who have everything from getting bored with their too-simple life.

There is the happy hour clock, for instance, on which all the numerals are "5's," to ease the conscience of people who never take "that first drink" till official cocktail time; and there are clocks that run backward, or counter-clockwise, for the neurotic "have everythings" who want to live in the past.

Kindly do not amuse, or confuse me with one of these.

(I need hankies more.)

Those "fanny paddles" — the good old-fashioned spanking stick made of "nicely grained wood"—are a cute idea all right. Good for a lot of laughs, if hung on the wall unused.

Those permanent-finish brass sardine-can openers and pocket-sized pruners for peripatetic gardeners are pretty nifty too; not to mention those breath-taking jade pillboxes done to match chlorophyll tablets — for the man who has everything, including martinis at lunch.

(Some people might be delighted with these appurtenances, but I could use some run-proof stockings.)

They're advertising rocket shoes to make people walk like kangaroos which are nice for feet which have everything, and there are those sweet little spangled feather dusters and carpet sweepers for upstairs maids who have everything.

EYEWASH PREFERRED

(But my maid says she has tried those and always gets sequins in her face, so what we could use more is some astringent eyewash.)

* * *

For women who really have everything — including cuts, abrasions, hangovers, etc.—there are hand-painted and bejewelled adhesive bandages called "glamour aids," and all manner of imported apothecary jars for holding medicinals in style.

(I don't need jars, but some aspirin would be nice, givers.)

Among the other ideas for the everything echelon Americans are ashtrays shaped like outdoor barbecues, which puff tars and resins out the chimney while playing "Smoke Gets in Your Eyes"; electrically warmed socks for frigid feet; English bone "cups of knowledge" for do-it-yourself tea leaf readers; and new 1957 Jaguar sports cars.

There is also a generous selection of white mink wallets for bills of large denomination.

* * *

(And speaking of that, there IS something I could use . . .)

THE BERRYS — By Carl Grubert

Half of Egyptian Power Destroyed, Claims Israel

TEL AVIV, Israel (AP)—A high Israeli government official said today Israeli forces destroyed 50 per cent of Egypt's military power in their drive into Egypt last week. He said 50 million dollars worth of Egyptian equipment was captured.

Much of the equipment captured or destroyed was of Soviet manufacture.

* * *

The source said 3,000 Egyptians were killed in the four-day fighting and 7,000 Egyptian prisoners now are in Israeli hands. Israel has put its own losses at 150 killed, 600 wounded and 20 missing.

Other well-informed Israeli sources said a squadron of Russian-manned MIG17 jet fighters—between 18 and 24 planes — moved into Syria in the past few days.

RED JETS IN SYRIA

These sources added that some jet bombers and antiaircraft crews and weapons also have arrived in Syria or are en route.

French Foreign Minister Christian Pineau said in Paris earlier this week an "important formation" of Soviet MIG17 fighter planes flew over Turkey to Syrian bases last Monday.

* * *

The Israelis claimed the capture of 7,000 tons of ammunition in usable shape for small arms, artillery and planes. Value of this was estimated by the Israeli official at 12 to 15 million dollars.

He said the Israelis captured more than 100 tanks in usable condition. Half the tanks were Russian or Czech-made, he added.

CAPTURE VEHICLES

The Israelis also claimed the capture of more than 1,000 military vehicles of American, British and Russian make.

An Israeli military source said the Israelis captured a complete mobile radio station and nearly 200 artillery pieces of various sizes, including late model Czech guns.

* * *

Newsmen also were told that Israelis captured huge military stores which included spare parts for tanks and vehicles estimated to be worth nearly 10 million dollars.

Figures for the amount of Egyptian equipment which the Israelis claimed to have destroyed were not provided.

Demonstration Ends as Snake Strikes

LONG BEACH, Calif. (AP) — A demonstration of how poisonous snakes strike ended abruptly, police reported, when a six-foot diamond-back rattler gave an unscheduled performance.

Officers said Luke V. Saucier Jr., 22, manager of the Monster Show on the Long Beach Pike amusement zone, was gesturing to two other snakes Saturday night in an attempt to draw a strike when the diamondback got into the act and bit him on the left hand.

Saucier was taken to Seaside Hospital for emergency treatment. His condition was not believed to be serious.

Knowland Calls for U.N. Action

Wants Body to Invoke Sanctions If Invaders Stay in Egypt

WASHINGTON (AP) — Sen. Knowland (R-Calif) says the United Nations should invoke economic sanctions against Britain, France and Israel if they continue to keep troops in Egypt.

* * *

"I would recommend that as the next step if they do not comply with the resolutions under the U. N. charter," Knowland said in an NBC-TV interview yesterday. Knowland, the Senate Republican leader, is a U. S. delegate to the U. N. General Assembly session opening today in New York.

The three nations have agreed to withdraw their forces from Egypt as soon as a U. N. truce force now being organized is prepared to take over. But Knowland said they should "stop dilly-dallying on this matter of withdrawing their forces."

* * *

Knowland said he thinks President Eisenhower's actions "had set the matter in motion to bring about the cease fire" in Egypt, and that Russia's talk of sending in volunteers to halt the fighting was timed "to gain some of the credit for bringing about a cease-fire."

The Eisenhower administration is taking "all honorable means" to keep the United States out of the Middle East conflict, Knowland said, but "this is not a 'peace at any price' policy."

* * *

"The Kremlin should not mistake the temper of the American people," he added. "We won't run if a fight is forced upon us."

Italian Consul Retains Humor Through Strife

PORT SAID (INS) — Italian Consul-General Franceso Vencente-Marelli, feverishly engaged in helping the stricken residents of Port Said, hasn't lost his sense of humor.

Marelli, who spotted a sign in a British office banning weapons "because we are the nervous type," posted this morning in his Consulate which is a good distributing point for hungry citizens:

"Leave your weapons out of the Consulate. We too are the nervous type."

* * *

Another of Marelli's signs in the busy Consulate reads: "Here the customers are never right."

Group Is Thrown Out for Rock-Throwing

TOKYO (AP) — Some 200 young rock-throwing rightists attacked the Soviet mission today, crashing the outer gate and breaking some windows before 100 police forced them out.

Nearly half the demonstrators were held for questioning. One policeman was injured.

The group marched on the walled compound from a rightist rally opposing the Japan-Soviet World War II settlement. The demonstration was believed not connected with the Hungarian revolt.

Earth Satellite Key to Space

Work on Artificial Moons Going Smoothly, Says Chief Scientist

LOS ANGELES (INS) — The scientist in charge of the project has predicted that launching of the U. S. earth satellite in 1958 will open a door that leads into space.

"But just to open that door is a frightfully complex task," said Dr. Joseph Kaplan, professor of physics at the University of California at Los Angeles and head of the U. S. National Committee for the International Geophysical Year.

Dr. Kaplan, who spoke before the American Association of Petroleum Geologists, said the U. S. plans to launch at least 12 earth satellites from a Florida guided missile base sometime in 1958.

The hope is, he said, that at least several of these will speed into space to such an extent that they will become artificial moons, circling the earth so they can relay outer space information back to earth by radio signals. Dr. Kaplan said:

"Considering the magnitude of the task and the newness of the project, it is proceeding with remarkable smoothness.

"The job of designing and building a workable satellite is a frightfully complex task, but I don't think a nation like ours should try to sidestep such difficult projects."

Hal Boyle Says:

Mail Keeps Columnist Properly Informed

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail (or listen to well-read bartenders):

That the average U.S. housewife walks 6 miles a day, but a hospital nurse logs 10 miles.

That a hippopotamus tooth weighs up to seven pounds and formerly was a source of dental ivory for making human false teeth.

* * *

That Robert Q. Lewis says a girl's in the awkward age when she's "too old for Dave Crockett and too young for Liberace."

That the nation's 20 million fishermen spend two billion dollars and drive 7,700,000,000 billion miles a year in pursuit of their sport. (They also drink 280 million gallons of beer while waiting for "the big one" to strike.)

That Puerto Rico is the only area permanently under the American flag that doesn't charge a license fee to get married.

That the Pentagon in Washington, D. C., has the largest private exchange switchboard in the country. It is staffed by 200 operators.

That the average life of an eyelash is three months, but a scalp hair lives to the ripe old age of two years.

* * *

That a farmer in Manisa, Turkey, set a new national shaving record there by scraping off his five o'clock shadow in just 37 seconds. I don't see how he did it—unless he used a lawnmower.

That a Turkish restaurant menu reads like a striptease act. A meatball dish is known as "lady's thigh." Two favorite pastries are called "beauty's lips" and "lady's navel." A couple of eggplant dishes are titled "the sultan liked it" and "the priest fainted."

That a white elephant is not really white. Usually it's a pale yellowish gray, and his pink spots. (If one walked into the average bar, every patron would be afraid to admit he could see it.)

That singer Lisa Kirk says the reason her young nephew was dropped from progressive school was . . . teacher caught him using an eraser!

* * *

That croquet, a national scandal back in the gay 90's when daring enthusiasts openly played it on their lawns on Sunday, is making a comeback in the Midwest. It was the favorite sport of the late critic, Alexander Woollcott.

That the reason babies aren't scared out of their cribs by the odd faces doting visitors make at them is that even at the age of a year infants have only about 10 per cent of normal adult vision.

That 22 million Americans—nearly one out of eight—now drink water to which fluoride has been added to prevent tooth decay.

That it costs more than 50 million dollars to clean the nation's primary highways of litter tossed out the window by thoughtless motorists.

That although the Suez Canal wasn't opened until 1869, the idea of linking the Mediterranean and the Red Sea by a waterway was conceived and attempted by the Egyptian Pharoah Sisostris around 2,000 B.C.

That ancient Egyptians, who first domesticated the cat, made it a religious idol because only cats could keep rats and mice from eating the annual grain crop, the nation's chief food supply.

* * *

That the first mother to give birth while under chloroform (she was a physician's wife) celebrated the event by naming her daughter anesthesia.

That it was George F. Whitcomb who said, "only men with no imagination love beautiful women."

Sensitivity to New Drugs Increasing, Warn Doctors

KANSAS CITY (INS)—Two New York Physicians reported an increase in allergy problems "rings a sour note in the song of rejoicing" over development of many new wonder drugs.

* * *

Drs. W. C. Spain and Vincent J. Fontana of the New York University post-graduate medical school, write as follows in the current issue of "GP," published by the Practice:

"Approximately 500 different drugs can be proved to be sensitizing substances . . . to which everyone is vulnerable of the exposure is excessive and sufficiently prolonged."

The article warns that all antibiotics are capable of producing allergic reactions. Penicillin is the chief offender and streptomycin is next.

MANY SENSITIVE

Drs. Spain and Fontana estimate 10 per cent of the users become sensitive to penicillin. They may develop hives, fever, a rash and various kinds of dermatitis. Severe reactions may be fatal.

The New York doctors said even the small amount of penicillin in the Salk vaccine could cause marked general effects in patients who are very sensitive to the antibiotic.

Insulin, liver extracts, vitamins and virus vaccines also can cause allergic reactions, according to the article.

* * *

Aspirin, the authors note, is one of the most important drug offenders, and they find it "surprising" that sensitivity to it is not more common, in view of its "uncontrolled, excessive and universal use."

The authors advise doctors to provide patients with statements to be carried in wallet or purse, describing their sensitization. Those with more dangerous sensitivity should wear a warning bracelet.

Comic Books Upheld by Unitarian Minister

BOSTON (AP) — Universalist-Unitarian churches observed Freedom of the Press Sunday yesterday. One minister even defended the frequently attacked comic book.

The Rev. Dr. Joseph Barth of King's Chapel urged his congregation to honor "our agencies of communications, leaving them to do, as they slowly will, their own police job."

"For every youngster who gets a bad idea from a comic book," he said, "I venture to say there are a thousand youngsters . . . which, if they didn't have comics to read for release might easily lead to much worse pastimes."

Revercomb's Back in Senate Again

CHARLESTON, W. Va. (AP) — When West Virginia went Republican last Tuesday for the first time since 1928, Chapman Revercomb's long wait to return to the Senate was over. He made it on his third try.

Revercomb is a silver-haired, 61-year-old Charleston lawyer who has an oratorical voice and knows how — and when — to use it. He gained the label of a "conservative" while serving as senator from 1942 to 1948, though his opponents preferred to call him an isolationist.

Born at Covington, Va., Revercomb spent much of his boyhood working on his father's farm. After graduation from the University of Virginia Law School, he practiced law in Virginia for four years, then moved to Charleston in 1922 and hung out his shingle.

* * *

He and a handful of other men formed the Young Republican League of West Virginia.

In 1942 he was nominated to the Senate. Opposing him was Matthew M. Neely, a Democratic vote getter since 1910 and then midway in a governor's term. In a dramatic upset, Revercomb won.

The two met again in 1948, when Rivercomb's term was up. This time Neely won.

* * *

Revercomb tried again in 1952. He was defeated by Sen. Harley M. Kilgore, Democrat.

Last February, Kilgore died unexpectedly. Revercomb once more was nominated to fill out the remaining two years of Kilgore's term.

Last week he defeated Gov. William C. Marland, the youngest man then ever to be elected governor of the state.

* * *

Revercomb campaigned largely as a champion of the Eisenhower administration, although he did criticize Marland's administration as governor on several occasions.

His critics, however, contended that Revercomb's conservative record in the Senate in the '40s indicated that he could not be counted on to follow Eisenhower's leadership.

Rivercomb's colleague in the Senate will be Neely.

Out to Wreck Union, Charges Bridges

HONOLULU (AP)— Non military shipping may be tied up here beginning Nov. 27 when Sen. Eastland (D-Miss) opens a Senate subcommittee hearing on communism in Hawaii.

"When Eastland comes down here," said longshore leader Harry Bridges in a speech Saturday night, "we plan a welcome for him. We will tell him what we think of him and we won't be working when we do."

Bridges charged Eastland was out to wreck the International Longshoremen's and Warehousemen's Union which Bridges heads.

Safety Strategy Backfires, Lions Beaten, 18-17

PACE HURDLES — Michigan halfback Jimmy Pace goes hurdling over the Illini line to score the first Wolverine touchdown in the second quarter Saturday.

WASHINGTON (AP)—Coach Buddy Parker of the Detroit Lions likely was knocking his head against a wall after calling the play that literally gave away the game that dropped the Lions from the ranks of professional football's undefeated.

At the time it seemed a cagey strategy move. It was late in the 4th quarter and Detroit was trailing 13-10 in a National Football League battle with the Washington Redskins yesterday.

* * *

With Detroit in possession of the ball on its own one-yard line on fourth down, Yale Lary stepped out of the end zone for an automatic safety, giving Washington two points and Detroit the opportunity to kick from its own 20-yard line instead of deep in the end zone.

Those two points, though, proved the difference in Washington's narrow 18-17 victory and Detroit's first loss after six straight conquests in league play.

The defeat dropped the Lions into a first place tie in the Western Division with the onrushing Chicago Bears, who overpowered the Green Bay Packers yesterday 38-14.

* * *

It was a repeat performance for Washington, which upset the previously undefeated Chicago Cardinals two weeks ago.

Detroit, trailing 13-3 at halftime, scored a touchdown in each of the last two quarters, but aside from those two scoring bursts was able to get past a sturdy Skin defense only one other time in the second half.

Sam Baker's accurate toe was the big factor in Washington's victory. He kicked three field goals, the third one coming with less than two minutes remaining, putting his team safely in front, 18-10.

Detroit roared right back on Bobby Layne's fine pitching arm. Layne first pitched the ball to Jim Doran, who scampered to the Redskin nine-yard line on a play covering 71 yards. Layne then connected with Dave Middleton, who dashed into the end zone for the final score.

The Lions scored their first touchdown after Joe Schmidt recovered Leo Elter's fumble on the Washington 13 at the start of the third period and Gene Gedman bulled a yard into the end zone six plays later.

Layne accounted for five points, kicking both conversions and booting a 22-yard field goal in the second quarter.

Rookie Dick James ran 41 yards for Washington's only touchdown, losing his helmet to one would-be tackler and eluding a string of Detroit tacklers on his dash into the end zone on the first play of the second period.

Washington held a wide edge in the rushing department, picking up 205 yards to 52 for Detroit. Layne completed 15 of 40 passes for a total of 260 yards. The Redskins amassed 83 yards from passing.

	Detroit	Washington
First downs	18	15
Rushing yardage	52	205
Passing yardage	260	83
Passes	15-40	7-18
Passes intercepted by	0	4
Punts	6-13.8	5-44
Fumbles lost	0	0
Yards penalized	90	30

DETROIT	0	3	7	7	—17
WASHINGTON	3	10	0	5	—18

Detroit scoring—Touchdowns: Gedman (1, plunge); Middleton (10, pass-run from Layne). Field goals: Layne (22). Conversions: Layne 2.

Washington scoring — Touchdowns: James (41, run). Field goals: Baker 3 (16, 20, 27). Safety: Lary of Detroit (stepped out of end zone). Conversion: Baker.

LION GETS STIFF ARMED — Leo Elter (32), Washington halfback gives Jack Christiansen (24) the stiff-arm in trying to avoid the Lion. Christiansen however still brought him down after a five yard gain. Moving in is Ray Krouse (70), Detroit defensive tackle. The Redskins won, 18-17, to hand the Lions their first loss of the season. AP Wirephoto

Bruins Boosted Into NHL Lead

Boston Now Has Taken 6 Straight Including Montreal Sweep

By THE ASSOCIATED PRESS

Their longest string of victories in more than a decade has boosted the Boston Bruins into first place in the National Hockey League.

* * *

The Bruins made it six in a row over the weekend with a two-game sweep of the defending league and Stanley Cup champions, the Montreal Canadiens. A 3-2 decision last night followed Saturday's 3-1 victory and left the Canadiens wondering if they're ever going to beat Boston this season. They've dropped four straight so far.

* * *

Boston needed last night's victory to hold its one-point lead over Detroit, which handed hapless Chicago still another loss, 3-1, in the only other game scheduled.

* * *

The Bruins, with an 8-3-3 record, have 19 points in the standings to 18 for the Red Wings.

* * *

Two goals by Cal Gardner and three assists by Doug Mohns were coupled with Terry Sawchuk's brilliant work in the nets to keep a capacity crowd of 13,090 cheering at Boston Garden. Gardner's second goal broke a 1-1 tie in the third period and put the Bruins ahead to stay. Sawchuk made 30 saves on the hard-skating Canadiens, who still have Gerry McNeil filling in for their ailing goalie, Jacques Plante.

Home-and-Home Card Desired

Bigger Stadium to Aid MSU

EAST LANSING (AP)—A bigger stadium will help give Michigan State a bigger say in the Big Ten football schedule meeting Dec. 6-8 at Chicago.

Dr. John A. Hannah, MSU president, has said the Spartans will try to schedule their games on a home-and-home basis whenever possible.

When the Macklin Stadium is built to a capacity of 76,000 in 1957, Michigan State wil have the third largest stadium in the conference, topped only by Michigan and Ohio State.

Stadium size has a lot to do with conference bookings, as proven by the weight carried by Michigan's 100,000-plus capacity at Ann Arbor.

Michigan has a 7-2 home-and-away schedule this year, compared to the 4-5 home-and-travel schedule of the Spartans.

Michigan is due to make one of its infrequent appearances at East Lansing in 1958. Biggie Munn, MSU athletic director, said he has invited the Wolverines back again in 1960. No decision has yet been received from Michigan, Munn said.

Michigan State has long resented having to play so many games at Ann Arbor, but previously couldn't do much on insisting on more home games.

The football battles between the cross-state rivals have always been sellouts in recent years. Michigan could point out that it had just about double the former MSU seating capacity of a little more than 50,000.

Dr. Hannah said, however, that the home-and-home booking policy was not a new one and was not aimed at Michigan.

"I would say that our relations with Michigan are now the most cordial and friendly ever," he said.

"Our students must buy tickets and transportation when we play away from home," he said. "We want them to be able to see our team without having to assume the extra expenses."

Western Division Tied; Giants Top NFL in East

By THE ASSOCIATED PRESS

The franchise shoppers reportedly hanging around the nation's capital these days apparently have spotted a good pro football buy.

* * *

Washington, like Pittsburgh and Philadelphia, has been the scene of reports of franchise offers from a Louisville, Ky., group, and yesterday the Redskins probably upped the price tag with a tough, but neat, 18-17 victory over the previously unbeaten Detroit Lions.

* * *

The result, coupled with the Chicago Bears' easy 38-14 romp over the visiting Green Bay Packers, left the Lions tied with the Bears for the National Football League's Western Conference lead. Both have 6-1 records with five weekends to go.

* * *

While the race was being knotted in the West, the New York Giants were breaking a first-place Eastern tie with the Chicago Cardinals by smothering the Cards' trumpted offense 23-10 in Yankee Stadium and avenging an early-season 35-27 loss at Comiskey Park.

That puts the New Yorkers at 6-1 and the Cards at 5-2, but looming before the Giants are games on successive Sundays with Washington, Chicago and the Redskins again. The Cards face only one more team with a winning record, the Bears Dec. 9 at Wrigley Field.

* * *

Those in the market for a franchise in Pennsylvania had little to get excited about at Philadelphia where the so-so Eagles whipped the lowly Pittsburgh Steelers 14-7. The Eagles, who like Washington have rebuffed franchise bids so far, are fourth in the East with a 3-4 mark behind Washington's 3-3. The Steelers, coveted also by a Buffalo, N. Y., group and as yet uncommitted on a move, have a 2-5 slate, the same as the defending champion Browns.

* * *

Baltimore's third-place Colts, 3-3 in the West and the only team to knock off the Bears, stopped Cleveland 21-7 yesterday, and in a battle of West Coast tailenders, the host Los Angeles Rams moved out of the cellar with a 30-6 victory over the San Francisco 49ers (1-6). The Rams are now with Green Bay at 2-5.

While the Cards and Giants are finished playing each other, the payoff meetings in the West are still to come. The Bears are at Detroit Dec. 2 and the situation in reversed Dec. 16.

Code Fractures Up for Hearing

NCAA Policy Direction Committee in Session Today at Detroit

DETROIT (AP)—The National Collegiate Athletic Assn.'s policy direction committee opens a three-day meeting in Detroit today, with reports of infractions of the NCAA code heading matters to come under discussion.

* * *

Pacific Coast football scandals and the question of lifting the probation hanging over Texas A&M are expected to occupy a major part of the meetings. However, there was no indication that the report would be made public.

* * *

Sixteen of the 18 members of the committee are expected to attend. Clarence P. Houston of Tufts, NCAA president, and Thomas D. Boiles of Harvard will be absent. Houston is a member of the U.S. Olympic executive board and Boiles is manager of the Olympic crew. Both are in Melbourne, for the Olympic Games.

* * *

Tomorrow and Wednesday the committee will meet with representatives of 12 or more major athletic conferences for a "conference of conferences." Some 45 delegates, including a commissioner, faculty man and athletic director from each conference, have been invited to attend.

Both meetings will be a review session in preparation for the NCAA's regular annual meeting in St. Louis Jan. 7-9.

Colorado Gets Unofficial Nod for Orange Bowl

MIAMI, Fla. (AP)—The Big Seven football conference has the Orange Bowl schedule committee's nomination for the New Year's Day game at Miami: Colorado.

Committee Chairman Van C. Kusserow said Big Seven officials were informed "we feel that Colorado's record makes that team second only to Oklahoma"—which as last year's Orange Bowl representative of the Big Seven, is ineligible for 1957.

Actual selection of the Big Seven team is up to the conference. Its choice will oppose a team yet to be announced by the Atlantic Coast Conference.

Rugged Purdue Extends Ragged Spartans, 12-9

By BILL CORNWELL

EAST LANSING—Michigan State played its poorest game of the 1956 season here Saturday afternoon, but still managed to defeat Purdue's inspired football team, 12-9.

The Boilermakers, called the best losing team in the Big 10, always seem to be at their best against the Spartans and this was certainly no exception.

State's magnificent defense was responsible for reaping the hard-earned victory because its usually high-geared offense was almost entirely throttled by an equally brilliant Purdue defensive unit.

MSU's attack was halted time after time by a big, aggressive line which refused to yield under pressure.

A lapse on pass defense cost the Boilermakers six points in the 1st quarter and alert Tony Kolodziej pounced on Don Arend's fumble in the end zone in the 2nd period to account for State's final touchdown.

Sophomore end Harold Dukes did a tremendous job of faking the Purdue secondary to haul in Jim Ninowski's aerial for a 27-yard tally.

Purdue did everything but cross the goal line in the 2nd half as State's harassed defensive forces rose to the occasion in the clutch. It was, in fact, an alert defensive move by Blanche Martin that gave Purdue a safety in the 4th quarter.

Martin intercepted a pass and his momentum carried him into the end zone where he was downed. It was ruled that he held the ball long enough for possession and two points were recorded.

Martin's booming punt from the State 20 shoved Purdue back and forced the Boilermakers to take to the air with time running out. A field goal attempt on the last play of the game by center Bill Spillane was far short.

One touchdown late in the 2nd period was all that the Boilermakers could muster, much to the gratitude of the partisan Spartan fans gathered in Macklin Field stadium.

McCoy Hearing Delayed

LOS ANGELES (AP)—The state athletic commission's hearing into charges against Babe McCoy, former Olympic Auditorium matchmaker, will be in recess until Nov. 29.

New Bowl Life for 'M' After Win

By BRUNO L. KEARNS
Sports Editor, The Pontiac Press

ANN ARBOR—As the old adage goes, "Where there is life there is hope."

For Michigan, the bumpy Big Ten road to the Rose Bowl took a brighter aspect after the 17-7 win over an old jinx, Illinois, Saturday.

While the Wolverines were winning, the biggest cheer of the afternoon went up from 75,000 fans when the loudspeaker announced that Iowa was leading Minnesota, 7-0, after three periods.

The Hawkeyes, Michigan's victim a week ago, had to beat the Gophers to keep the Big 10 wanting for a representative.

Now everything lies in the hands of the two teams who are ineligible to make the trip, Ohio State and Michigan State.

Minnesota (3-1-1) can lose one of its last two games to Michigan State while beating Wisconsin and finish 4-2-1.

Iowa (4-1) could get hacked by Ohio State in its lone remaining game and finish 4-2.

Michigan should beat Indiana to make it 4-2 but then comes arch-rival Ohio State, the team that pushed the Wolverines out and Michigan State in at that hectic finale in Ann Arbor last year.

But the Rose Bowl trip isn't won on "ifs" and OSU and MSU have shown they can be beaten, and could be by Iowa and Minnesota respectively.

Illinois started out as if it were going to run the Wolverines right out of their own stadium. In seven plays and only three minutes after the opening kickoff, 26-year-old sophomore Dale Smith ripped the final 31 yards to score.

After the first quarter, Michigan gathered its forces and hit pay dirt twice in the second stanza with Jim Pace and Jim Byers going over.

Ron Kramer's 3-pointer came late in the 4th period after an Illinois punt was blocked. Last week it was Kramer's field goal that beat Iowa.

The sparkplug in the victory was second string quarterback Jim Maddock, who this year has proven himself to be the clutch player of the team.

Like he did against Iowa a week earlier, Maddock again took over from Jim Van Pelt and using all T-plays guided the Wolverines to long marches, one a 98-yard drive.

Coach Bennie Oosterbaan complimented Maddock's T-calling, but despite the victory he vetoed any locker room bowl talk after the game.

"We're as far away from Pasadena now as we were before the game," he said.

Warriors Miss Gola

NBA Champs in 'Cellar'

By THE ASSOCIATED PRESS

Soldier Tom Gola may be the reason for the early-season woes of the Philadelphia Warriors.

* * *

The National Basketball Assn. champions a year ago, the Warriors are currently in the Eastern Division cellar. But Gola is in the employ of Uncle Sam this year and without his backcourt talents, the Warriors are minus an additional double-figure scorer, a good rebounder and a left ball-handler.

* * *

This was evident last night as Philadelphia bowed to the New York Knickerbockers, 106-95. The three Warrior backcourt men totalled only 19 points and the Knick point total indicates a somewhat porous Philadelphia defense.

* * *

In other games, Boston retained first place in the East by downing Syracuse 94-83; Rochester defeat Minneapolis 94-82, and the leading Western club, St. Louis, was easily outscored by Ft. Wayne, 96-81.

* * *

For New York, Harry Gallatin had the highest scoring output for a Knick this season, hitting 32 points while Neil Johnston was high for Philadelphia with 26.

Sparked by Bill Sharman's 28 points and Bob Cousy's 17, the Celtics had little trouble handing the Nats their third consecutive setback. Ed Conlin had 22 point for the losers.

3 OSU Backs Lead Scoring

CHICAGO (AP)—Jimmy Roseboro and Don Clark, Ohio State's touchdown specialists, moved into a tie for the Big Ten all-game football scoring leadership.

Roseboro and Clark each scored once in Ohio State's 35-14 victory over Indiana while another Buckeye, Frank Ellwood, tallied two touchdowns and three extra points to take over the runnerup spot.

Roseboro and Clark each have seven touchdowns for 42 points and Ellwood has six touchdowns and three extra points for 39 points.

175 Average Kegler Blasts Out 715 Series

One of the best series turned in for league play in the Pontiac area so far in the young 1956-57 bowling season was the 715 fired by Joe Miceli. Miceli racked up his fine total during play at the Howe Lanes, Clarkston. He was rolling with the Waterford Merchants league, for Leo & Joe's Service team. Joe is one of the co-owners of the service station the team represents.

Miceli's series was compiled on games of 212-255-248. He is a 175 average kegler.

The 715 is the 2nd Joe has rolled, his other coming five years ago. It was the best of the season for the Howe drives.

Dodgers Quit Tokyo After Routing Stars

TOKYO (AP)—The Brooklyn Dodgers bade farewell to Tokyo today with four mighty home runs and a 10-2 rout of the Japan All-Stars.

* * *

Jackie Robinson, Gil Hodges, Roy Campanella and Pee Wee Reese each homered in Brooklyn's last appearance here and next-to-last game in Japan. They fly to the southern island of Kyushu tomorrow to make up a rained-out game at Fukuoka before leaving for home Thursday and Friday.

The Dodgers neared the end of their tiring goodwill tour with a record of 13 wins, four losses and one tie against Japan's best baseball talent.

Berry's Boot Beats Texas

By THE ASSOCIATED PRESS

NEW YORK (AP) — Hanging out the football wash you get to wondering if maybe a kid named Donnell Berry hasn't qualified for a "comeback of the year" vote in college play.

The 21-year-old Baylor senior was burned severely in a gasoline fire at the National Guard Armory in his home town of Temple, Tex., last September. It was a long battle, but he finally made it and rejoined the Bears in football practice two weeks ago.

Saturday he made his first game appearance. Berry hustled in for a difficult field goal attempt in the fourth quarter, kept his head down and booted a 19-yarder from a tough angle. Then he strolled back to the bench.

* * *

His one shot appearance was the play that defeated Texas 10-7.

* * *

One other thing. A year ago, Texas beat Baylor 21-20—when Berry missed a conversion attempt.

Teams Start Lining Up for Bowl Bids

By THE ASSOCIATED PRESS

While nothing is definitely settled — and, as they say, a football takes funny bounces — the post-season bowl picture was clarified somewhat today with at least a half dozen teams consulting timetables South of West.

With only two weeks to go in the regular season, here is how the four major bowl games could line up:

Rose: Oregon State vs. Iowa.

Oregon: Colorado vs. Clemson.

Sugar: Tennessee vs. Georgia Tech.

Cotton: Texas A&M vs. Syracuse.

Oregon State has virtually assured itself of the Pacific Coast Conference Rose Bowl nomination. It has lost only one game, that to Southern California which is ineligible along with UCLA and Washington for breaking recruiting rules.

* * *

After its uphill 20-19 victory over Stanford Saturday, Oregon State has only two opponents left, weakling Idaho and Oregon. Assuming the Beavers get the Rose Bowl nod, it will mark only the second time they have appeared there since the game was started in 1902.

By a strange twist of fate, they actually didn't get to Pasadena, the site of the game, in 1942, the year of their appearance. The war forced the game to be played in Durham, N. C., where they beat Duke.

Iowa is the favorite to represent the Big Ten in the Rose Bowl. The Hawkeyes can wrap it up by beating Ohio State Saturday, no easy task in view of the fact that the Buckeyes have won 17 consecutive league games, including a 35-14 triumph over Indiana last week.

* * *

Iowa whipped Minnesota, 7-0, Saturday. The only other two teams in the running are Michigan and Minnesota. Each has two loop games left and one loss for each would send Iowa westward no matter how its game with Ohio State comes out.

Here is how the other three major bowls stock up:

Orange: Colorado, which probably will finish second to Oklahoma in the Big Seven race, is No. 1 in line. The Buffs were tied by Missouri Saturday, 14-14, which was a blow. But the Orange Bowl folks want them. Oklahoma, which racked up its 37th straight victory when it licked Iowa State, 44-0, is ineligible, having played in the last Orange Bowl game.

Missouri still has a chance, if you'd call it that. All the Tigers have to do Saturday is lick Oklahome, the No. 1 team in The Associated Press poll.

* * *

Clemson, which also was held to a standoff, 6-6 by Maryland Saturday, is the best the Atlantic Coast Conference, which provides the other Orange Bowl team, has to offer at the moment. The Tigers, unbeaten but twice tied, have one league game left, that against much-beaten Virginia.

Sugar: Tennessee is almost certain to be the host team, wind up undefeated and win the Southeastern Conference championship.

The Vols licked Georgia Tech, 6-0 Saturday. That was the big one for both schools, which were right behind Oklahoma in the national rankings.

These two teams played a tie last year, which means that in two games, just six points separated them. The Sugar Bowl would like to stage a rematch, even though the second-place team (in this case Georgia Tech) usually goes to the Cotton Bowl.

Cotton: Texas A&M has cut a steady swath through the Southwest Conference, capped by its 33-7 victory over Southern Methodist Saturday and has only Rice and Texas blocking the path to its first league title in 15 years.

But the Aggies are in the NCAA doghouse for recruiting violations and their fate will be decided at a meeting in Detroit tomorrow. The conference already has pardoned the school.

Syracuse, the class of the East, appears to have the inside track as the visiting team. The Orange need only to beat Colgate Saturday to finish with seven victories and one defeat.

LATE LEADER — A Saturday entry pushed its way into the leadership of the "biggest bird" division of The Pontiac Press pheasant "derby" as the 1956 ringneck season closed. Entry was made by Ruth Bedard, shown above with the new leader, a 4-pound-8½-ounce specimen. Mrs. Bedard's rooster looks like a possible winner, unless a bigger one comes along before close of the contest Tuesday noon, at 12 o'clock. Pontiac Press Photo

Louisville and Buffalo Bid for NFL's Steelers

PITTSBURGH (AP)—Whether the Pittsburgh Steelers of the National Football League move to another city may be decided this week at a conference between Steeler President Art Rooney and Tom Johnson, vice president of the National Baseball League's Pittsburgh Pirates.

* * *

The Steelers have been playing their games for years at Forbes Field, home of the Pirates. The present arrangement calls for a rental of 15 per cent of the net gate after taxes, plus maintenance costs which reportedly average $6,000 a game.

* * *

A few days ago the Louisville (Ky.) fair and exposition center asked either the Steelers or the Philadelphia Eagles to move to Louisville. The Kentuckians have come up with an attractive financial proposition, reportedly calling for a rental of only six per cent of the net receipts.

In Philadelphia yesterday, NFL Commissioner Bert Bell said Buffalo, anxious to get a NFL franchise, also has offered a good financial proposition.

* * *

Johnson, who says he hopes to meet with Rooney Tuesday or Wednesday, said he's hopeful the Steelers won't leave Pittsburgh.

"Perhaps we will be able to make some concessions to him," Johnson declared.

There's also been some talk the Steelers might want to move to Pitt Stadium.

Woman Hunter Tops Derby

There was a new leader in the "big bird" division of The Pontiac Press pheasant derby today.

First entry in the division, and one that held on for about a week, was a feminine nimrod. Now the latest and incidentally one of the heaviest ringnecks in the many years of the contest, has been entered by another "Diana."

Hunting on family property at 5850 Pineknob Rd., in the Sashabaw area, Mrs. Ira (Ruth) Bedard, last weekend downed a 4-pound-8-ounce bird to oust the 3-pound-15½-ounce entry of Milford's Jerry Stanley. The Milford High football player's bird held the lead from Oct. 30.

Mrs. Bedard hunted alone, using a 16-gauge auto shotgun. One shot finished the big rooster.

"That's all I needed," the huntress reported. "My husband has taught me to be a good marksman."

Larsen Won 3 in 1954

NEW YORK (AP) — Don Larsen, who pitched the only perfect game in World Series history, had a tough time of it two years ago. While with Baltimore he had a 3-21 record, beating only the Yankees twice and Cleveland once.

What Yankees liked about him was his hitting, his 4.37 earned run record, his 202 innings and his 12 complete games in 28 starts. In 1956, Larsen completed 6 out of 20 starts for the Yankees. In 1955, his first year with the Yankees, he completed 5 of 13 starts.

Twenty-nine favorites have scored in 81 running of Pimlico's Preakness.

Wings Score 2 Weekend Wins

CHICAGO (AP)—The Detroit Red Wings, tub-thumped as a big power in the National Hockey League this year, found themselves today behind a team that was supposed to be going nowhere—the Boston Bruins.

Despite a pair of weekend wins the Wings are trailing by one point the Boston gang who bulldozed their way to 1st place in the league race with two victories over Montreal's defending champions.

The weekend victories gave the Bruins, fifth-place finishers last season, a total of 19 points —one ahead of the second spot Wings and four up on the third-place habitants.

Detroit downed the Black Hawks 3-1 in Chicago last night after beating the Rangers 6-4 in New York Saturday night.

A turnout of 15,060 saw the Wings break a year-long drought at New York's Madison Square Garden as they trounced the slumping Rangers. It was the first Detroit win in New York since March 1955.

Left winger Lorne Ferguson produced two Detroit goals as the hawks went down to their 11th defeat of the campaign. Ted Lindsay picked up the other Wing tally against Chicago.

Ferguson's goals came six minutes apart in the second period after the Hawks moved in front when Johnny Wilson's shot was accidentally deflected into the cage by Gordie Howe.

* * *

Ferguson slammed home Metro Prystai's rebound at 12:05 and then hit again at 17:35 with a fast finish of a three-way passing play with Prystai and Marty Pavelich.

Ted Lindsay fired Detroit's third goal into an empty cage at 19:41 of the third period after Chicago had pulled Al Rollins in the waning minutes.

Detroit goalie Glenn Hall slapped back 37 Chicago shots to 22 for Rollins.

Ferguson's goals were his 3rd and 4th of the season. Lindsay has seven for the year.

Lindsay, Howe and defenseman Marcel Pronovost led Detroit against the Rangers. Each scored one goal apiece and spearheaded Detroit attacks. Pavelich, Billy Dea and Billy McNeill scored Detroit's other goals against New York.

U.S. Challenge Flops in Aussie Tournament

SYDNEY (AP)—The U.S. challenge in the men's division of the New South Wales tennis championships fell flat today as the top American doubles team and two singles players lost to Australian opponents.

Vic Seixas and Sam Giammalva, two of America's Davis Cuppers, dropped a loosely played third-round doubles match to the Australian pair of Don Candy and Robert Howe 6-2, 6-3, 3-6, 6-3.

Change in Emblems

National Flag Replaces Banner of Communists

MELBOURNE (AP)—The traditional flag of Hungary flew over the entrance to the Olympic Village today after the head of the Hungarian squad arrived in Australia and requested it be substituted for the Communist banner.

Philip Miskin, commandant of the village where the competing athletes are quartered, said the change was made after a phone call from the Hungarian chief de mission upon his arrival in Darwin (Northern Australia) to the acting head of the Hungarian delegation now in Melbourne.

* * *

Presumably, the order came as a result of the new Communist regime's concession in Budapest that henceforth the official flag of Hungary would be the traditional red, white and green banner with the Kossuth Crest.

* * *

The change may have cleared the way for Hungarian participation in the Games, which begin Nov. 22. The athletes here, many of whom fought as rebels against Russian troops, had vowed yesterday that they would not compete under the Hungarian Communist emblem.

* * *

Miskin said the Communist flag was actually taken down by two of the Hungarian competitors who had accompanied him and two of his officials to the flag pole.

Hunters' Jam Due Tuesday

This Year's Big Rush Expected to Be Last One at Straits

MACKINAW CITY (AP) — Long lines of deer hunters' cars are expected to jam the Straits of Mackinac ferry docks tomorrow and Wednesday as hunters journey into the Upper Peninsula's wooded hunting grounds.

Fifteen extra state police officers have been called to the Mackinaw City post to aid in handling the line of cars which last year backed up 12 miles.

But this year's lineup is expected to be the last. The giant Mackinac Straits bridge is scheduled for completion just before next year's deer season. Deer hunting season for guns begins Thursday.

Patterson to Begin Chicago Workouts

CHICAGO (INS) — Floyd Patterson, who battles Archie Moore for the vacated world heavyweight championship Nov. 30 at the Chicago Stadium, is due in the city today to complete heavy training for the 15-round bout.

The 21-year-old Patterson has been working out for the past three months at Greenwood Lake, N.Y. He expects to continue his drills at Sportsman's Park.

Lang Paces Clarkston to 22-6 Decision

George Lang was more than St. Frederick's football team could handle as Clarkston hammered out a 22-6 victory Saturday night at Wisner Stadium in the final game of the 1956 season for both schools.

The fleet-footed halfback, called the key to Clarkston's success or failure by coach Ed Hintz, was hampered by injuries throughout the season.

But the senior "scatback" showed no trace of physical disability on the Wisner turf as he accounted for all three touchdowns.

Clarkston opened the scoring in the 1st quarter on Lang's five-yard dash from a spread formation. Roger Dubats booted the extra point. The remainder of the 1st half was evenly played, giving Clarkston a 7-0 lead at intermission.

After St. Fred stopped a Clarkston drive on its own one-yard line, the Wolves were credited with a safety when tackle Kent See brought down quarterback Tom Durocher behind the goal.

Following St. Fred's free kick from the 20, the Wolves drove to their 2nd touchdown. Lang scooted over from six yards out early in the 4th period and Dubats converted again to make it 16-0.

The Rams took the ensuing kickoff and marched 65 yards for their only TD with Wally Quarles knifing over from the four. Mike Malloy's placekick for the extra point was wide.

Clarkston bounced right back to score its last touchdown. Lang swept 15 yards around end for the tally after a pair of quarterback sneaks by Leroy Parks had moved the ball into scoring territory. Dubats' kick was blocked.

Lang and Don Alexander were the workhorses of the Clarkston attack while Dennis Alexander starred defensively at guard. Frank Palopoli, Frank Zwicker, Jack Lyon and Dick Thompson were standouts in the line for St. Fred.

The Wolves wound up the year with three wins, five losses and one tie. It was the 8th setback in nine starts for the Rams, who had a mid-season 6-6 tie, and extended their winless string to 34 games.

TWO GIRLS,
A CHEVY
AND A RECORD!

A meaningful achievement in automobile performance

Most automobile performance records you read about these days are set on a track or closed course. The results are usually pretty difficult to relate to the kind of day-in, day-out driving most of us do. Running at safe and legal speeds, a '57 Chevrolet recently chalked up a new coast-to-coast record on the road. And the *way* it set this record is even more important than the record itself!

A new '57 Chevrolet recently proved it has the qualities most people look for in a car—and proved it on the roads you travel, under the same conditions you drive in every day. It broke the record for the coast-to-coast run from New York to Los Angeles (certified by NASCAR). It was a strictly stock, V8-powered Chevy. It was driven by two young ladies.

This last fact, we think, is even more important than the impressive new record set by Chevrolet. Oh sure, it's nice to know that a Chevrolet can cross the country in one uninterrupted span—and do it in less than 57 hours. It's a tribute to Chevrolet's great-hearted V8 engine and solid road-worthiness that it could travel day and night for 2,913 miles at safe and legal speeds—and better the existing record for the trip by more than three hours. But it's only when you consider that all the driving was done by 98-pound Betty Skelton and her friend Caroline Russ that the true significance of this record run becomes apparent.

When a pair of young ladies step into a car and drive it round the clock to a new transcontinental record, you *know* that car is easy to drive. You begin to see what we mean by smooth-cruising comfort . . . by nailed-to-the-road stability . . . by sweet-feeling sureness of control . . . by quicksilver responsiveness.

We'd like you to get to know this new Chevy. Stop in and see how beautifully it does all the things a car should do.

TIME TO TALK TURKEY — Robin Chadwick, 2, of Albany, N. Y., has a firm grasp on what should turn out to be a succulent turkey dinner. Peeping out of their shells on an incubator tray, these fluffy turkey poults electrically hatched from tested eggs, were photographed when only a few minutes old. Born in the spring, and after 28 weeks of growth, they are counted in the million-bird turkey crop going to market for Thanksgiving and the approaching year-end holidays.

Library Launches Financial Drive

Walled Lake Board Sets Goal at $1,000 to Meet Year's Operation

WALLED LAKE — The Walled Lake Community Library Planning Board launched a financial drive Saturday to obtain funds for operating expenses. The campaign will continue through Nov. 19.

The board has set a goal of $1,000—an amount that is considered sufficient to meet operating costs for the balance of the fiscal year.

Board members will concentrate their efforts in the Walled Lake city business section. Official representatives will contact businessmen for donations of any size, explaining the purpose and function of the Community Library.

Donators will automatically become members of the "Friends of the Library," a national organization, in addition to receiving periodical reports concerning the local library. The reports will inform the donors of how the money was spent.

Situated in the Ramsey building next door to the city offices, the library has been serving the public in the Walled Lake area for several months. It is operated by persons donating their services and was made possible by the work of volunteers.

* * *

Currently, the library has about 4,000 books of almost every category, 407 of which were recently obtained from the Loan Library in Lansing.

Sterling Seeks Pipeline

State Limits Detroit Offer of Water; Causes Dispute

STERLING TOWNSHIP — With Detroit water service available for only 3,000 homes in this township, a question of whether old time residents or new subdivision homeowners should receive the water has arisen.

At a Saturday meeting of 200 homeowners and township officials, water supply problems were discussed at Warren High School in Warren.

The session was called by the Sterling Township Home Owners Assn., which will call another when one of two blocks to water planning is altered, according to Mrs. John N. Hoste, chairman of the association's fact-finding committee for civic improvement.

A water pipeline from the city of Detroit to Sterling Township is in existence up to the point of 16 Mile road and Van Dyke avenue, and serves factories along Van Dyke.

Although no water service has been given to residents, there is an adequate supply to service homes in Sterling, a Detroit official said at the meeting.

The State Health Department will allow service to be put into 3,000 homes unless additional storage tanks and more water lines are installed, says B. H. Tolley, a member of the utility board of the township.

In the rivalry for water, T. L. Turner of the Home Owners Assn. held that longtime residents should have first water service.

But Tolley explained that financing of the desired expansion of the township mains and tanks could be possible with customers placed on a water line. A developer of building projects would be a means of doing that, with including the water costs in the home costs, he pointed out.

Tolley explained that Dresden Village, just south of Utica, is under contract for water with the village of Utica, and that Utica has been advised to discontinue use of water from the Clinton River.

If that causes release of its Dresden contract, that new area may be able to go on with its development, using a Detroit water arrangement.

* * *

Either the Utica contract's release, or a new ruling from the Health Department would be cause for a new meeting, according to Mrs. Hoste.

MMPA Board Retains Lake

North Brancher Heads 17,000-Member Unit; Entire Staff Stays

The Board of Directors of the Michigan Milk Producers' Assn. has unanimously re-elected Glenn Lake, of North Branch, as president of the 17,000 member farmers' milk marketing cooperatve.

Lake, who as president last year guided the MMPA through one of the stormiest years in its history, was re-elected to the Board of Directors at the Association's annual meeting on Nov. 1 by an overwhelming delegate vote of 438 to 27.

Re-elected to serve as vice president was Theodore Laursen of Marlette, Jack Harvey of Utica was again chosen to act as treasurer, and H. F. Simmons of Pontiac to serve as Secretary-Manager.

In its first meeting since the election of five new members, the Board of Directors also announced that a rebate of $361,000 will be made to MMPA members in the Detroit marketing area in February of next year.

The dividend represents money earned in 1947, 1948 and 1949 by the MMPA's receiving stations, transportation fleet, and manufacturing plants, plus overages in money set aside for sales promotion work.

* * *

The dividends will be pro-rated according to the amount of milk shipped by members who were supplying milk to Detroit during the three above years.

Pair Travels on 5-Week Trip

Darwin Ladner Takes Viola Petzold as Bride in Romeo

ROMEO — On a five-week honeymoon trip through the Western and Southwestern states are Mr. and Mrs. Darwin L. Ladner, both of Rochester.

* * *

The bride, the former Viola Eveline Petzold, is a daughter of the Karl H. Petzolds of Rochester. The bridegroom's parents are Mr. and Mrs. William T. Ladner of Stanwood.

The bride wore a floor-length princess style gown of white satin brocade with sweetheart neckline.

Her fingertip veil of illusion net was secured by a sequin and pearl trimmed tiara. She carried white pompon chrysanthemums, and lilies of the valley centered with a white orchid on a white prayer book.

Maid of honor was Carol Kohlhagen of Romeo. Bridesmaids were Mrs. Robert Miller of Detroit, Mrs. Hadley Werth of Clinton and Mrs. Donald Lyons of Fremont.

* * *

All the gowns, including the bride's, were made by her mother.

Flower girl was Marlene Stieve, and ring bearer was Loren Werth of Clinton.

Serving as best man was Leon Petzold, brother of the bride. Ushers were Hadley Werth of Clinton, Robert Miller of Detroit and Donald Lyons of Fremont.

A dinner and reception were held in the American Legion Hall, Utica, immediately following the ceremony with 280 guests present.

Weds Detroiter

Gladys Luscomb Marries

ROMEO — Gladys Virginia Luscomb, daughter of Mr. and Mrs. Alfred Luscomb of 31 Mile road, became the bride of Rudolf Josef Mengele, son of Mr. and Mrs. Gaigo Vukovich of Detroit, in a recent ceremony held in the Romeo Methodist church.

The bride, escorted to the altar by her father, wore a floor-length nylon net over satin gown with lace bodice, peplum and long sleeves ending in points over her wrists.

Her fingertip veil of French illusion was held by a tiara studded with rhinestones and pearls.

She carried a cascade arrangement of white roses.

Maid of honor was the bride's sister, Dorothy Jane Luscomb. Serving as bridesmaids were Joanne Orlando of Romeo and Bernadine Hoffman of Brown City.

Best man was Jerry Blackstock. Seating the guests were Kenneth Christner and Walter Koscierzynski.

A reception for 200 guests was held in the Veterans' hall on East Gates street after the ceremony.

How to Wed a Millionaire Developing Into TV Series

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — One of the most important TV producer contracts of the year goes to Harriet Parsons, who reported to Irving Asher at 20th Century-Fox TV Studio this morning. She'll prepare a pilot for a series based on "How to Marry a Millionaire."

If you saw the movie starring Marilyn Monroe, Lauren Bacall and Betty Grable, you can picture how the adventures of three girls looking for husbands will work into an amusing TV series.

Getting back to Miss Parsons she has been a top film producer for years and has to her credit such movies as "Susan Slept Here," "I Remember Mama," "Enchanted Cottage," "Clash by Night," etc. This is Harriet's first venture into TV after a 12-year film producing contract with RKO.

Anna Maria Alberghetti, who says she wants to be a dramatic actress more than anything in the world, just signed a CBS contract to star in a "Climax" show Nov. 29.

Anna Maria said, "I play the lead in 'The Secret Thread.' I'm really a young delinquent—just the sort of thing I've always wanted to do. In '10,000 Bedrooms' I sang songs with Dean Martin. Now in 'Secret Thread' I sing nary a song. I just emote."

When Lena Horne starts her movie, "The Street," in New York she'll have directing her Gerd Oswald who should be in a blooming happy frame of mind for the very good reason he's just married!

Friday, Oswald and Marjorie Wenner were married in Juarez and left immediately for a few weeks honeymoon in New York before starting Lena's movie. The bridegroom just recently completed "Crime of Passion" starring Barbara Stanwyck for UA.

The entire production of "The Street" will be filmed in New York by Virgo Productions for RKO release.

The personal letter sent Jimmy Stewart by President Eisenhower asking Jimmy to make the speech on Veterans' Day at the Tomb of the Unknown Soldier, was an exciting event in the Stewart family. The two boys were very excited over a letter from the President. So were the twins, to say nothing of Gloria and Jimmy.

The motion picture people really did a yeoman's service in getting people out to vote election day. They all worked hard, and it's great that Eisenhower realizes this by asking Jimmy, who has such a wonderful record in the Air Force, to substitute for him Sunday.

The battle between Ernie Borgnine and Hecht-Lancaster is out in the open. Borgnine has been waiting for the script of "Sweet Smell of Success," the Tony Curtis picture. So far, Ernie hasn't received a line.

The beautiful house John Harris built for his skating star wife, Donna Atwood, soon will belong to Michael Todd. Mike has been negotiating with Harris, and the asking price is $400,000. It's a modern house, with the last word in up-to-date gadgets, and it's been approved by Elizabeth Taylor.

Even if Liz is divorced in California, she'll get another divorce in Mexico because she will not wait a year to marry Mike Todd.

Snapshots of Hollywood collected at random: Eddie and Debbie, out together for the first time since the arrival of Carrie Frances, were at dinner at Chasen's.

Jerry Lester Banters About Past, Present TV

By EARL WILSON

NEW YORK—I sat in at a back table as Jerry Lester flung himself out on stage at the Latin Quarter, collapsed in a noisy fall at the mike, and came up with a screaming laugh.

★ ★ ★

"Impression of a candidate doing a nose-dive!" he howled, dusting himself off.

Through it all, the onetime St. Louis and Chicago comedian whose "Broadway Open House" was the first big late-night TV show, kept up either a giggle or a guffaw.

JERRY

The mirth was of course play-acting. But Jerry says it hides no broken heart, and that he's quite happy out of the TV meat-grinder which is ripping the guts out of some of the comics who succeeded him. Back in '50 and '51 he and Dagmar were so big on NBC that, as he vaguely remembers it now, their CBS opposition got no rating at all.

"They paid me off," he shrugs now.

"It always reminds me of a story about Eddie Cantor and Georgie Jessel.

"Jessel told Cantor, 'They bought off my picture contract for $100,000.' Cantor said, 'I saw your last picture. I think you could have got $200,000.' Maybe if I'd stayed around longer, they'd have paid me more to buy me off."

Jerry now lives in Florida far from the maddening Madison Avenue crowd and he'll do a "Ziegfeld Follies" show at the Miami Beach Latin Quarter this winter.

Probably he'll also watch TV and brood about what once was, and may be yet again.

"But you know who's making the big money now in television?" he asked. "The guy painting those signs—changing the names of those presidents and vice presidents and stars, on the office doors."

THE MIDNIGHT EARL . . .

Herbert Hoover heard a TV technician call him "a living doll" and asked his secretary Bunnie Miller to find out what it meant. After careful inquiry, she reported, "It means you're O. K., Mr. Hoover—it's no insult!" . . . Good line in "Shoestring '57" when somebody says: "You don't know what to believe now. The Bible says one thing, Cecil B. DeMille says something else."

TONI

Liberace flew back to L.A. after his Royal Command Performance for Queen Elizabeth was cancelled due to the crisis . . . Joe E. Lewis, who opens soon in Galveston, will bev isited there by beautiful Minnsota born Karen Hanson (the future Mrs. Lewis?). Lawrence Tibbet's medics decide soon if he'll return to "Fanny"; he has a gastric ailment . . . Claire Bloom's up for the "Marjorie Morningstar" title role . . . Actress Tani Seitz's boy friend, dancer Dean Crane, gave her a practical gift—knitted her a scarf.

Bob Hope's assembling a troupe to entertain GI's in Alaska . . . Fort Dix will reopen some long-closed barracks . . . Bing Crosby's newest business: Paper phonograph records.

Victor Borge, who'll get $100,000 for his next one-man TV show, has a mag article entitled, "How to Become a Millionaire in 10 Easy TV Shows" . . . Gloria Lockerman, of the 64G quiz, will sing at Carnegie Hall with Mahalia Jackson . . . . Gloria Swanson and Eric von Stroheim patched up a 20-year feud . . . Fernando Lamas gave the missus, Arlene Dahl, half interest in a Beverly Hills hat shop.

Earl's Pearls . . .

Peter Donald has figured out what makes Elvis wriggle—an itchy money belt.

WISH I'D SAID THAT: "Nowadays having a big car doesn't mean you have money. It may mean you had money."—Vaughn Monroe. That's earl, brother.

State Police to Enlist 100 More Troopers

EAST LANSING (AP)—A recruiting drive aimed at enlisting 100 new troopers will be opened by the State Police Nov. 21.

* * *

Joseph A. Childs, commissioner, said the State Civil Service Commission will conduct examinations for the jobs Dec. 19 and Jan. 30.

Prospects who file applications before the first examination and are accepted will begin training before May 1, Childs said.

Applicants must be not less than five feet, nine inches tall, in good health and have a high school education or its equivalent.

Applications are available at State Police posts or from the State Civil Service Commission in Lansing.

The 100 new troopers are part of 168 additional state policemen authorized last spring by the Legislature.

HALF ACRE CASTLE By John Morris

Grains Advance on Small Scale

CHICAGO (AP)—Most grains advanced small fractions in a reduced volume of trade on the Board of Trade today.

* * *

The market opened quite firm, particularly in soybeans, but demand quickly faltered. With lack of selling pressure still a feature of trading, prices slid back only slightly from their best levels.

Export business, light receipts of cash grains and the uncertain international situation provided the market with a steady undertone.

Wheat near the end of the first hour was unchanged to ½ higher, March $2.42⅝, corn ⅛ to ⅝ higher, December $1.40, oats ⅛ lower to ¼ higher, December 79½, rye ⅛ to 1 cent higher, December $1.55½, soybeans 1 to 2 cents higher, November $2.52½, and lard 5 to 10 cents a hundred pounds higher, November $12.05.

West Germany was cited in export circles with buying around 9 million bushels of hard wheat over the weekend.

However, it appeared much of the hedge lifting against these sales had been accomplished in Friday's market.

U.N. Police Chief Talks With Nasser

(Continued From Page One)

threat posed by the rapid spread of Communist influence in the area.

TWO PROBLEMS

In New Delhi, Indian Prime Minister Nehru met with the prime minister of Burma, Indonesia and Ceylon to discuss both the Middle East and Russian repression in Hungary.

* * *

The biggest single snag to the entrance of the U. N. police force into Egypt appeared to be the question of where they would be stationed.

Britain and France made clear take up posts in the canal zone. They said they would not withdraw all their forces until U. N. troops arrived.

Egypt apparently expects the U. N. force to be stationed along the Israeli-Egyptian border, from which the Israelis launched their own attack into Egypt several days before the British - French invasion of the Suez. But Egypt's position on occupation of the canal zone has not been announced.

On the Israel-Egyptian border too there were major problems to be worked out on the stationing of U. N. forces.

Israeli Premier David Ben-Gurion has not yet agreed to pull his conquering forces out of the Gaza Strip, which Egypt had occupied since 1948. Meir Argov, chairman of Israel's Parliamentary Security and Foreign Affairs Committee, said flatly that the strip would remain part of Israel.

While the United Nations troops marked time, Moscow propaganda organs kept drumming out threats to send "volunteer" Communist airmen, tankers and artillerymen to fight alongside the Egyptians unless the British, Israeli and French soldiers quit Egypt quickly.

Communist China said a quarter million Chinese volunteers—"tens of thousands of them former soldiers" — had signed up to go to Egypt. There was no indication how they would get there.

Uneasy quiet returned to the cease-fire line 25 miles south of Port Said, where opposing Egyptian and British-French forces are dug in. The unofficial armistice was broken yesterday by three hours of fire from Egyptian lines and an answering one-hour barrage from the British and French.

Alert Deputy Spies Wristwatch on Boy

The alert work of an Oakland County Sheriff's deputy led to the arrest of two Ortonville juveniles for the breakin of a store there Saturday.

Both boys were released to the custody of their parents after returning most of the stolen merchandise and promising to turn over the rest of the missing articles.

Deputy Robert Cannon nabbed the boys after becoming curious when one of them, a 13-year-old, approached him at the Lake Orion Roller Rink to ask him the time, saying his watch was stopped.

Noticing the youth's watch was much too big for his wrist, Cannon started asking questions. The boy admitted staging the breakin with an 11-year-old after the officer found a knife in his jacket pocket.

Further investigation revealed the pair had burglarized a store at 453 Mill St. and made off with such articles as watch bands, knives, cuff links, a cigarette case and pen and pencil set.

Ike Stays on Job While Capital Takes Holiday

WASHINGTON (INS) — President Eisenhower will watch world crisis developments from his White House office today although other government operations will close down.

Presidential Press Secretary James C. Haggerty said Eisenhower will be at work despite the Veterans Day observance, although no official appointment list has been issued.

Yesterday marked the first anniversary of the President's departure from Fitzsimons Army Hospital in Denver after a seven-week recovery from his heart attack.

Observers recalled speculation at that time that the chief executive might never face the strain of a second campaign — speculation routed by his decision to run again and by his overwhelming re-election last Tuesday.

U.S. Awards State Huge Missile Contracts

DETROIT (AP) — The Army now has more than 100 million dollars worth of guided missile contracts in Michigan, the commander of the Detroit Ordnance District says.

* * *

Col. E. D. Mohlere said 300 firms, mostly in the Detroit area, are working with some type of missile contracts.

Mohlere said most of the missile work in Michigan is on research but that two big production contracts have been awarded in the state.

City-Country to Start Class on Gifted Child

BLOOMFIELD HILLS—A course on understanding fifted children is to be offered at City and Country School, with Dr. Elizabeth Drews, associate professor of the University of Buffalo as instructor.

Parents, teachers and others interested may enroll, says George A. Roeper, headmaster.

The course will cover characterization of gifted children, how they function in childhood and through their adult life, and how they can be motivated and encouraged, and comparisons with other children.

Registration must be by Wednesday by letter, phone or in person at the school.

Dr. Drews has done extensive research work with gifted children and is on a committee for them at Michigan State University, besides her courses at Buffalo. She is currently on the City-Country staff giving in-service training to the teaching staff of the school, and supervising its research program.

Chinese Sign Up to Help Egyptians

HONG KONG (INS) — Chinese volunteers began to register this morning to "support the Egyptian people's war against aggression" after Premier Chou En-lai said his people would offer a "helping hand."

Radio Peiping reported volunteers signing up for work in Egypt included military, medical, engineering, transport and other personnel.

Semi-Holiday Slows Market

NEW YORK (AP)—The stock market showed an irregular tilt to the upside in quiet early trading today.

Leading issues showed gains and losses ranging from fractions to a point.

Most aircrafts and steels moved higher. There was a scattering of losses in other major divisions.

It looked like a dull session under the semi-holiday conditions of Veterans Day. Banks were closed but security exchanges were open.

Douglas Aircraft gained around a point while Boeing and North American Aviation gained major fractions. But Glenn L. Martin dropped about a point. It hit a new high on Friday but closed that day with a fractional loss.

U. S. Steel and Bethlehem nudged ahead. Chrysler gained, General Motors edged off. American Telephone was up slightly. Santa Fe lagged.

Royal Dutch was off fractionally but Gulf was up a bit.

Goodyear was down around a point, Goodrich up a fraction, Caterpillar gained slightly. National Distillers and United Air Lines rose.

Opening blocks included U. S. Steel up ½ at 70½ on 2,000 shares, Lockheed up ¼ at 55 on 1,400, Royal Dutch unchanged at 100⅜ on 1,000 and General Motors off ⅛ at 45⅞ on 1,000.

Pheasants to Peasants—Everything Fair Game

CHICAGO (INS) — Pheasant hunters shot everything else but as the season opened in Illinois yesterday. Houses, barns, other hunters birds and just about every moving thing were sprayed.

But Sgt. George Lindstrom of the Milwaukee Ave. sheriff's police near Chicago, was not disturbed. He said:

"We get it every year like this. They shoot everything from goats to cows."

Menzies Criticizes U.N.

CANBERRA (AP) — Australian Prime Minister Robert G. Menzies today attacked the U. N. decision not to include British or French forces in the international force being raised to police the cease-fire in Egypt. Menzies told the annual conference of his Liberal party that the U. N. Command in Korea was built around U. S. forces, but what was considered proper in Korea was not allowed in Egypt.

Fire Department Gets New Truck

1,000-Gallon Pumper Bought by City at Cost of $17,000

A new 1,000-gallon centrifugal pumper fire truck has recently been added to the Pontiac Fire Dept.

According to Lyle McClements, master mechanic for the department, it is the first 1,000 pumper added to the force since 1928. The city presently has three rotary pumpers, one in operation and two held in reserve.

Estimated cost of the new truck was $17,000. It was built by the Peter Pirsch Co. of Kenosha, Wis.

The 11-ton vehicle has a six-man canopy cab, capacity for 2,800 feet of hose ranging from 1-inch to 2½-inch booster lines. It is powered by a General Motors Corp. 225-horsepower engine. It has power booster reels permitting automatic reeling of lengths of hose.

The truck is presently being put through a six-hour test by McClements at Fire Station 2, Wilson and Saginaw St.

It has not been determined where it will be stationed as yet, McClements said.

First Fatality Occurs on Indiana Toll Road

MICHIGAN CITY, Ind. (AP)—The first fatality on the northern Indiana toll road since it was opened in August was among 11 weekend traffic deaths in Indiana.

Mrs. Julia Gramza, 69, South Bend, injured yesterday afternoon in a one-car accident one mile east of the U.S. 41 interchange near Michigan City, died Sunday night in a Michigan City hospital.

State police said the car was driven by the victim's son-in-law, Thomas L. Kerr, 47, Rt. 2, Edwardsburg, Mich. Authorities said the car went out of control and rolled over in the divider strip as he was trying to pass a semi-trailer truck. Kerr was injured seriously.

Youths in Doghouse Warm Up the Place

GRAND BLANC (INS) — Two boys, aged 7 and 8, were accused today of starting a fire which raged out of control for two hours and destroyed an apartment in a converted barn.

Fire Chief Gordon Maneour said the boys admitted setting fire to a dog house near the building, which was occupied by a pair of newlyweds.

The structure is located on U.S. 10, in the heart of Grand Blanc.

Chrysler Plant Holding 'Speedup' Strike Vote

HIGHLAND PARK (INS)—United Auto Workers members at Chrysler's Highland Park plant will hold a strike vote Nov. 27128.

The union's local 490 decided yesterday to take the vote.

Local 490 president William Jenkins charged the company with a "speedup" and failure to settle grievances.

Involved in the action are 4,000 local members.

Farmers Suffer Least, Headache Study Shows

WASHINGTON (AP)—Medical students, a survey shows, are more apt to have recurring headaches than any other occupational group. And farmers are the least susceptible.

* * *

This was reported today by a Louisiana doctor in describing one of the most extensive surveys ever made of the causes and distribution of one of mankind's most prevalent disorders. The study showed that "over 60 per cent of the general population have headaches."

And the survey, involving nearly 5,000 persons, showed also that your chances of having recurring headaches are strongest if you are (1) a woman; (2) under 20 years of age; and (3) unmarried.

* * *

People who are divorced or separated from their spouses are more apt to have them than happily married folks.

People with no education at all are least apt to be suffers among groups having varying degrees of education.

Dr. Henry Ogden of Louisiana State University School of Medicine gave results of the study in a scientific exhibit at the opening of the 50th anniversary meeting of the Southern Medical Assn.

* * *

Dr. Ogden said freshman and senior medical school students were questioned to get data on the headaches of college students, and it was found that more than 80 per cent of them were victims, topping even business executives, of whom 77 per cent are sufferers.

* * *

In subsequent order on the list: professional people (70 per cent), housewives (69); clerks (68); salesmen (58); manual laborers (55); and farmers (50).

Aging Judges Told to Retire

Ruling Forces Justices to Quit Bench or Lose Rights to Benefits

LANSING (AP)—Some 20 Supreme Court justices, circuit and probate judges may be forced to retire by Dec. 30 under a state attorney general's ruling.

Attorney General Thomas Kavanagh ruled that all judges who began their present terms on or after reaching age 70 must give 30 days notice of retirement by Nov. 30.

Kavanagh said under state law judges who choose to serve the remainder of their terms will lose their retirement rights.

Gov. Williams would name successors to the retiring judges who would serve out their terms.

Some 5 or 6 upstate judges and 7 or 8 in Wayne County reportedly are affected by the ruling which may even reach into the Supreme Court.

Kavanagh said he handed down the ruling at the request of Donald O'Hara, executive secretary of the judges retirement system.

13 Perish in Weekend Traffic, 1 Is Crushed by Farm Wagon

By THE ASSOCIATED PRESS

Two teenage youths riding a motor scooter and a Cleveland woman whose car was crushed by a falling cement truck were among at least 13 persons who died in traffic accidents in Michigan during the weekend.

* * *

The victims also included five men whose cars went out of control and crashed in five separate accidents.

Also killed was a farm worker who was crushed to death near Marshall when a wagon slipped from a jack.

The Associated Press listed these fatalities in a count from 6 p.m. Friday until midnight Sunday

Mrs. John Conroy, 72, of Battle Creek, died Saturday in a two-car collision at Battle Creek.

Charles E. Outlaw, 37, of New Boston, was killed Saturday when his car overturned in a ditch on Inkster road.

* * *

Basil McPherson, 49, of Fraser died Friday night when his car flipped into a utility pole on 14-Mile road in Macomb County.

Mrs. Ruth Marie Bolen, 58, of Cleveland, Ohio, was killed Saturday when a loaded cement truck overturned on a car in suburban Flint. Four were injured.

George Pallas, 21, of Munising, was killed Saturday when his car rolled off U.S. 41 in Marquette County.

Gerald Charles Murphy, 34, of Lansing died Saturday in a two-car collision near Laingsburg.

* * *

Clarence Rinebolt, 72, of Ludington died Saturday in a two-car crash in Ludington.

August J. Slivensky, 65, of Lansing died in his flaming car Saturday after it overturned near Weidman.

Nelson Smith, 17, and Harland Yoder, 16, both of Midland, were killed Saturday when a motor scooter they were riding collided with a car south of Midland.

* * *

Leeroy Bradburn, 28, of Wyandotte was killed when struck by a car at a Detroit intersection Saturday.

Rudolph Wheeler, 24, of Bad Axe was killed early Sunday when his car left M19, southeast of Bad Axe.

Ruth Ann Peterson, 18, of Bangor was killed Saturday night when a car in which she was a passenger collided with another which was being chased by Bangor Police for a traffic violation.

A farm wagon slipped from a jack Sunday and fatally crushed Carroll Baklund, 29, of Marshall.

2 Persons Injured in Four-Car Pileup

One person was hospitalized and another hurt in a four-car pileup at John R and 14 Mile Rd. in Troy Township last night.

Gilbert Sprague, 27, of 11028 Republic Ave., Van Dyke, one of the drivers, is under treatment at St. Joseph Mercy Hospital for cuts and bruises. Gilbert Carroway, 22, of 8098 Standard St., Centerline, was released after treatment at the hospital for cuts and bruises.

The other cars involved were driven by Vincent Roman, 61, of 4239 Dawson St., Warren, Ramond Blanchard, 28, of 103 W. Dallas St., Madison Heights, and William Zirelli, 21, of 20830 Cedar St., St. Clair Shores.

According to Troy police the pileup occurred after Roman was forced off the road by an oncoming car. Blanchard said he pulled up behind Roman and then both were struck by Sprague. Zirelli told investigators he could not avoid ramming into the wrecked cars.

Man Asleep at Wheel Strikes Power Pole

Richard D. Kingsley, 26, of 5980 Livernois Ave., Troy, received cuts of the face and legs when he drove off the highway and struck a power pole early today in Avon Township. He is under treatment at the Avon Center Hospital.

Kingsley told Sheriff's deputies he fell asleep at the wheel, causing his car to go out of control and off the right side of the road where it rolled over.

Beehives Stolen Along With Honey

Two hives containing 225 pounds of honey valued at $122.50 and 70,000 bees were taken from a Springfield Township lot sometime Sunday afternoon, the Oakland County Sheriff's Department reported today.

Owner Van B. King placed no estimate on the value of the missing bees which he said had likely all been killed when moved in the hives. He said he found his two other hives toppled over but was able to save them.

The larceny occurred at 5201 Hillsboro Rd.

Recent Robberies Probed by Officials

Oakland County deputies today are investigating weekend breakins at two area business places.

Morey's Bar, located at 2280 Union Lake Rd., Commerce Township, was looted of 12 dozen golf balls and several bottles of liquor. Burglars reportedly used a sledgehammer to gain entry.

The Buckhorn Barbecue near Lake Orion, which had been closed for several weeks, had an undetermined amount of money taken from a cigarette machine.

Cycle Forced Off Road, Teenager Hospitalized

A motorcycle spill in front of 3647 Auburn Rd., in Avon Township hospitalized a Livonia teenager yesterday.

Robert E. Pike, 19, of 13507 Woodring St., is in "good" condition at Pontiac General Hospital with a possible fractured skull.

He told Oakland County deputies he was forced to go off the road and into a ditch when an oncoming car made a turn across his lane.

Butchered Heifer Being Investigated

A report that a heifer was stolen from a Rose Township farm and buitchered over the weekend is being investigated today by deputies of the Oakland County Sheriff's Department.

The theft apparently occurred sometime Friday night, owner Don Bell told investigators. His farm is located at 1016 S. Holly Rd. He reported finding the remains of the animal on a nearby road the next day.

AEC Diffusion Plant Suffers $2 Million Blaze

PADUCAH, Ky. (INS)—Damage was estimated at two million dollars today in a fire at the Atomic Energy Commission's gaseous diffusion plant near Paducah late Saturday.

K. C. Brooks, Paducah area manager for AEC, said a preliminary investigation indicated the fire was caused by overheating in a faulty piece of equipment. He emphasized there was no radiation hazard created.

The Swedish-American Line, of Goteborg, is getting bids on a 19,000-ton liner to carry 900 passengers, to promote traffic between Denmark and the United States.

Post Office Lists Pointers on Beating Christmas Jam

Faced with the largest volume of Christmas mail in Post Office history, Pontiac acting postmaster Leslie H. Dean today urged patrons of the Pontiac office to mail Christmas cards and gifts as early as possible.

Dean listed seven pointers to ensure prompt and safe delivery of Christmas mail:

"Address all mail plainly, print if possible, and be sure your return address is on the upper left hand corner of all cards and packages.

"Do not enclose money or hard objects in letters unless registered mail or money orders are used.

"Make sure your packages are well wrapped, and tied with strong string.

"Parcels containing articles of a delicate nature or perishable should be so marked.

"Insure your parcels.

"Use combination mail wherever possible.

"Mail your cards and packages before 10 a. m., or between 1:30 and 3:30 p. m., to avoid standing in line at the windows."

NOTICE OF SALE
$375,000
CLARKSTON COMMUNITY SCHOOL DISTRICT
OAKLAND COUNTY, MICHIGAN
BUILDING AND SITE BONDS, SERIES 2

Sealed bids for the purchase of Building and Site Bonds, Series 2, to be issued by the Clarkston Community School District, Oakland County, Michigan, of the par value of $375,000, will be received by the undersigned, at the Clarkston Elementary School building, in the Village of Clarkston, Michigan, until 8:00 o'clock p.m., Eastern Standard Time, on Monday, the 26th day of November, 1956, at which time and place said bids will be publicly opened and read.

Said bonds will be dated November 1, 1956, will be coupon bonds in the denomination of $1,000 each, will be numbered consecutively in the direct order of their maturities from 1 to 375, both inclusive, and will bear interest from their date at a rate or rates not exceeding 4% per annum, payable on June 1, 1957 and thereafter semi-annually on December 1 and June 1. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of ¼ of 1%. The interest rate for each coupon period on any one bond shall be at one rate only. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on the 1st day of June in each year as follows: $10,000 in each year from 1958 to 1964, $15,000 in each year from 1965 to 1975, and $20,000 in each year from 1976 to 1982, all years inclusive. Bonds maturing in the years 1977 to 1982, both inclusive, are subject to redemption by the school district prior to maturity, in inverse numerical order, on any one or more interest payment dates on and after June 1, 1967, at par and accrued interest plus a premium on each bond in accordance with the following schedule:

$25 if called to be redeemed on or after June 1, 1967 but prior to June 1, 1970
$20 if called to be redeemed on or after June 1, 1970 but prior to June 1, 1973
$15 if called to be redeemed on or after June 1, 1973 but prior to June 1, 1976
$10 if called to be redeemed on or after June 1, 1976 but prior to June 1, 1979
$5 if called to be redeemed on or after June 1, 1979.

Notice of redemption shall be published not less than 30 days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. The remaining bonds will not be subject to redemption prior to maturity. Both principal and interest will be payable at such bank or trust company as shall be designated by the original purchaser of the bonds.

The bonds are to be a part of a total issue of $1,200,000 voted for the purpose of erecting and furnishing a new elementary school building, additions to the high school building and to the Clarkston elementary school building, and additional school facilities either as new buildings or additions to existing buildings, and acquiring additional school sites, and will be the general obligations of the school district which is authorized and required by law to levy upon all the taxable property therein such ad valorem taxes as may be necessary to pay said bonds and the interest thereon, without limitation as to rate or amount.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by the determining at the rate or rates specified therein, the total dollar value of all interest on the bonds from December 1, 1956 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the school district. No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of $7,500 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the school district must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Berry, Stevens & Moorman, attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the school district. Bonds will be delivered at Detroit, Michigan.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds"

Card of Thanks 1

WE SINCERELY WISH TO THANK our friends and relatives for their loving kindness and floral offerings extended to us during the recent bereavement of our father, Herman Edler. A special thanks to the Rev. O. A. Gerken, St. Matthews Lutheran Church, Walled Lake, Sparks-Griffin Funeral Home and also to the Lakey Supervision No. 8, Muskegon, Mich., and Local 164 UAW-CIO, GMC Truck and Coach Dept. 1301 and 1304. The Herman Edler Children.

WE WISH TO THANK OUR friends and neighbors for the many acts of kindness and floral offerings during our recent bereavement of Alma Allen. A special thanks is extended to the Rev. Walter Gerken for his comforting words. The pallbearers and the Huntoon Funeral Home. Mr. Gerald Allen and family.

WE WOULD LIKE TO EXPRESS our appreciation for the loving acts of kindness, floral offerings and messages extended to us in our recent bereavement in the loss of Leon J. Tabatto. A special thanks is extended to Rev. B. P. Jarvembowski of St. Joseph Church, The Pallbearers and Pursley Funeral Home. Mrs. Leon J. Tabatto and Family.

In Memoriam 2

CANTERBURY - In loving memory of my mother, Mrs. Charles E. Canterbury who passed away Nov. 5th, 1953.
Deep in my heart lies a picture,
Of a loved one laid to rest.
In memories frame I shall keep it,
Because she was one of the best.
Sadly missed by her daughter, Lucile C. Fitzpatrick

DE JAGER — IN LOVING MEMORY of our mother, Sidonie De Jager who passed away two years ago, Nov. 5 1954
We laugh with the world
but never forget,
In our memory of gardens
you are with us yet;
Silent thoughts of you
bring many a tear
Though gone from this world,
to us you're still near.
Sadly missed by sons and daughters, B. Budwit; C. & J. De Jager.

FINK — In loving memory of James Otto Fink, who passed away Nov. 9, 1951.
Sadly missed by his Wife and Children.

IN LOVING MEMORY OF Claude (Happy) Kirkham who died Nov. 8, 1953.
There is a link
death cannot sever;
Love and remembrance
last forever
Sadly missed by wife, Mildred, and family

IN LOVING MEMORY OF JOHN Wesley Roat, who passed away on November 12th, 1953.
Sadly missed by his wife, Hattie Roat, and son, R. G. Roat and Family.

IN LOVING MEMORY OF JOHN H. Stanton who passed away one year ago today, Nov. 7.
Memories are treasures no one can steal,
Death is a heartache nothing can heal.
Some may forget now that you're gone,
But we will remember no matter how long.
Sadly missed by your sister, Mr. and Mrs. Donald Henson and Family

Politicians Fail to Win Friends

Post-Voting Summary Shows Ineffectiveness of 5-Minute Plugs

By JACK O'BRIAN

NEW YORK (INS)—Election day is now over, and our reactions to the radio-TV election campaigns have jelled more than somewhat.

* * *

We have received a hefty bulk of outraged mail at the manner in which both parties handled their radio and television huckstering; not one letter of admiration for this special design for political living has arrived.

The only letters of praise have come for the assorted forum shows—"Meet the Press," etc. —but these do not fall into the field we mean.

The programs paid for by the political parties, for all their careful planning and projected "painless" huckstering methods, did not go so well with viewers.

Particularly onerous were the pre-emptions of five minutes at the tag end of popular programs, a device by which it was presumed a candidate could hitchhike on the rating of the big shows and thereby gain a ready-made audience.

SHOWS SHORTENED

The drawback here was that shows being pre-empted by such five-minute snippets of paid politicking were advised well in advance, and instead of preparing a full hour or a half hour of entertainment they tightened things up to 55 minutes or 25 minutes.

* * *

At the finish of such 25 or 55-minute shows the credits were shown and all indications of a program's finale were in evidence.

To all intents it seemed the end of a half-hour or hour entertainment and folks either switched away to other shows in the normal habit, or went to the kitchen for the customary drink of water or lager during the commercial.

It was no secret that the TV audiences drooped during these five-minute political hitchhikes.

* * *

The forum shows usually struck a better balance. If they were using only one political target, as in the care of "Meet the Press," the questioners were not partisan, or ranged widely on all sides politically and thereby erupted as much fire and conversational brimstone as they could by rubbing the candidates or political spokesmen the wrong way. This, then, was politics with spirit.

* * *

There is nothing wrong with paid political broadcasts, of course; only in the form they generally and, in almost every case, specifically take.

Algiers Paper Claims Discovery of New Oil Field

ALGIERS, Algeria (AP) — The newspaper Journal d'Alger said an oil field estimated to contain a billion tons of oil has been uncovered in the Sahara Desert, 500 miles south of here.

* * *

The paper — second largest French language daily in Algiers and usually well informed on Algerian developments — said the field is located in an area 50 miles south of Ouargla in a vast region of southeastern Algeria commonly referred to as the Territory of the Oases. It said the field is about 60 miles long and the same breadth.

* * *

First borings started last spring under the auspices of the National Society of Research and Exploitation of Algerian Oil—snrepal—Journal d'Alger reported. The company was formed in 1946 by the French government.

* * *

Such a field, if fully exploited, could cover France's needs for 50 years, the newspaper said.

Strong Call of Duty

ST. PETERSBURG, Fla. (AP) — City Patrolman Hugh Harden walked into the police station uniformed and ready to go work.

He'd forgotten that it was the first day of his vacation.

Dagmar Vacancy Filled

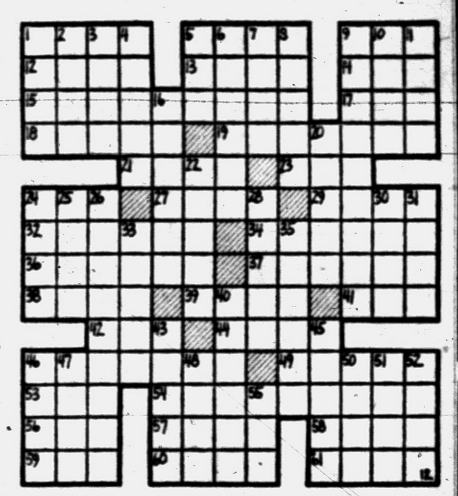

NEW YORK (AP)—Toni Campbell, 13, has been chosen to take over the role of Dagmar in the "Mama" series, which resumes on CBS-TV Sunday, Dec. 16. She will succeed Robin Morgan.

Signs Point to Big Power Fight in Moscow

WASHINGTON (INS) — Unimpeachible Washington sources sees indications increasing that the men in the Kremlin are locked in a bitter power struggle.

* * *

Reports reaching here from behind the Iron Curtain and Western Europe point to a clash between Communist Party boss Nikita Khrushchev and his enemies, led by Mikhail Suslov, secretary of the Communist Party Central Committee.

According to highly reliable reports, the battle within the Kremlin walls revolves about Khrushchev's destalinization campaign, which, Suslov argues, has fostered the Hungarian and Polish rebellions.

Reports from East Berlin claim top Russian diplomats are more jittery than ever.

AWAITING ORDERS

One East German informant quoted a high-level Soviet official in Berlin as saying the Kremlin has not issued instructions on international policy for three days.

Dispatches said to have originated in Yugoslavia are being studied intently by American foreign affairs analysts.

These reports say Suslov has rallied behind him members of the Russian Army, especially Marshal G. K. Zhukov. Zhukov is reported to have been "at outs" with Khrushchev and Premier Nikolai Bulganin since July.

* * *

At that time, Zhukov won a battle against Khrushchev and Bulganin which placed army commanders over political commissars —a radical change.

Since the July episode, Khrushchev has occupied a lesser role in the Soviet Union's collective leadership group.

At first, two separate groups opposed his soft policy toward the satellites. One group, led by old Stalinists V. M. Molotov and L. M. Kaganovich, demanded the destalinization program be halted in the satellites.

LESS RADICAL

The other faction, headed by former Premier Georgi Malenkov, demanded only that extreme antistalin Communists be kept out of power in the satellites.

According to reports, Suslov, one of the youngest members of the Soviet inner sanctum, rallied the Malenkov and Molotov groups, as well as the army, against Khrushchev. He accomplished this after the riots in Poznan, Poland, in July.

Suslov, reliable reports said, induced the Central Committee to warn satellite Communist parties that Yugoslavia's Marshal Tito was "antirevolutionary" and a puppet of the capitalist West.

This move, it was said, stirred up the fuss between the Yugoslavs and the Russians. Veteran observers of Russian affairs think Khrushchev has practically no power in the Soviet Union.

They reason that the strong Stalinist measures taken to crush the Hungarian rebellion indicate Suslov, supported by Red Army marshals, has victory within his grasp.

However, they say they do not believe Suslov, who is also a member of the presidium of the party, will attain the personal power which Khrushchev has held.

They believe the Red Army marshals have gained more power within the Kremlin and are determined to keep the leadership collective.

'Roll-Owns' Hold Own

MINNEAPOLIS — Production of booklet, or roll-your-own cigarette papers in this country remains constant—about 420 tons a year. This is a small amount compared with the 25,000-ton annual output of regular cigarette paper.

When someone's counting on you...

you can count on life insurance

Do you know, for example, that many people use life insurance to provide a regular income over a period of years . . . even for a lifetime? This year alone, such income payments by life insurance companies will be about $800 million.

Most of these payments will go to dependents . . . helping to replace the father's paychecks. Others will go to policyholders themselves . . . increasing their incomes during retirement. In both cases, it's money they can *count* on.

Your present policies may offer such income plans. The best person to explain how they work is your own life insurance agent.

You will also find helpful suggestions in the new booklet, *Your Life Insurance—and How To Use It*, which we have prepared as a service for America's policyholders. Your free copy will be mailed promptly; simply send your name and address on a postcard to Dept. C.
