Expect Big Maryland Vote

Romney Signs Wage Base

$1 Per Hour Floor Is Effective Jan. 1

LANSING (AP)—A state minimum wage bill was signed into law today by Gov. George W. Romney.

Effective Jan. 1, 1965, the law establishes a wage floor of $1 per hour. This will increase to $1.15 at the end of one year and to $1.25 at the end of two.

"Michigan urgently has needed a law of this kind for some time and this new law is designed to guarantee a decent living to thousands of presently underpaid workers," said Romney.

Romney listed adoption of the minimum wage law as a prime demand on the legislature this year. A similar bill was defeated in 1963.

In its first year the law is expected to apply to some 100,000 persons. This would be in such fields as the restaurant and hotel industry, car wash racks, retail stores and agricultural labor.

Excluded from the law will be persons under 18 and over 65 years of age; persons who work for less than 13 weeks for the same employer and persons employed as part of a work force numbering less than four.

It will be a misdemeanor for an employer to fire workers consistently to prevent them from meeting the 13-week requirement for eligibility.

The law will provide employes may deduct up to 40 per cent of earnings for such things as board, room and gratuities.

A wage deviation board, appointed by the governor, will administer the law and consider applications for exclusion from it.

Michigan is the 34th state to enact a minimum wage law in some form.

No Promises in NY Salute

NEW YORK (UPI)—Michigan Gov. Romney and New York Gov. Nelson A. Rockefeller saluted each other at the World's Fair yesterday but Romney made it plain the cordiality did not signify he would support Rockefeller's bid for the Republican presidential nomination.

"The state delegation will go uncommitted to the convention," Romney said.

MICHIGAN DAY — It was Michigan Day yesterday at the New York World's Fair. Jeffrey Smith, 11, son of Mr. and Mrs. Blaine Smith, 6360 Lakeview, Independence Township, was dressed for the event. The Smiths visited General Motor's Futurama exhibit during their busy day.

Senate Ethics Code Urged as Remedy

WASHINGTON (AP) — The Senate committee investigating Bobby Baker goes behind closed doors tomorrow to consider a proposed report that blames the Senate for putting Baker and others in places of responsibility without imposing "enforceable standards of honesty."

To remedy the situation, it urges a strict set of ethical regulations for Senate employes and senators.

The report, submitted to the Rules Committee by its special counsel, L. P. McLendon, alleges that as a Senate employe Baker was guilty of gross improprieties but holds he was not legally guilty of conflict of interest.

★ ★ ★

To put the situation to right, McLendon's report urges:

1. A system of compulsory public disclosure of the identity of the financial interests of all senators, officers and employes.

2. Compulsory prohibition "of all associations by senators, officers and employes with persons and organizations outside the Senate who are engaged in conducting business with the government or have business before the government officers or agents."

3. A requirement by the Senate, as a matter of permanent policy, that all senators respond to requests from any of its committees to appear and testify about any knowledge they have of a subject under investigation.

The report was submitted to the committee 10 days ago and was leaked to newsmen yesterday.

2 Men Sought in Drowning

GRAND RAPIDS (AP) — Police today sought two men on warrants charging murder in the drowning Saturday of 15-year-old Wayne Kilgore in the Grand River here.

Inspector Walter A. Gilbert said the boy, first believed an accident victim, apparently was pushed or shoved from a railway bridge where he had been fishing.

Sought for questioning were Bernard Lightfoot, 24, and Richard E. Johnson, 24, both of Grand Rapids.

Gilbert said the men allegedly told friends and relatives of pushing the boy into the river after an argument in which the boy reportedly called them names while all were fishing from the bridge.

Witnesses told police that two men had left the bridge in an apparent hurry just before the boy was spotted in the water by a passerby who called police.

BODY RECOVERED

The boy's body was recovered about three hours after the call for help was sounded.

Prosecutor James K. Miller said he would request a warrant from federal authorities charging Lightfoot and Johnson with unlawful flight to avoid prosecution.

Wallace Fights Favorite Son

Civil Rights Bill Is Main Election Issue

BALTIMORE (AP) — Maryland voters made their choice today between civil rights forces, represented by favorite son Sen. Daniel B. Brewster, and foes, championed by Alabama Gov. George C. Wallace.

Voting was heavy in populous Baltimore, while the turnout varied elsewhere, as Wallace made his third presidential primary run against a stand-in for President Johnson.

Democratic leaders expected more than half the state's 933,000 Democrats would cast ballots in the Wallace-Brewster race. That would be 20 per cent higher than the normal primary turnout.

Maryland voters who didn't like either primary contender could vote to send 48 uninstructed delegates to the Democratic National Convention in Atlantic City next August.

★ ★ ★

Under a burning sun, the weather was as hot as the hectic campaign that pitted the Alabama invader against Brewster and a dozen Senate Democratic allies.

The presidential preference battle overshadowed fights for nomination for the U.S. Senate and eight House seats.

Sen. J. Glenn Beall, seeking renomination for third term, faced three Republican challengers, led by James P. Gleason.

State Comptroller Louis L. Goldstein and former U.S. Atty. Joseph D. Tydings were the top contenders for the Democratic nomination.

★ ★ ★

Republican presidential hopefuls passed up the Maryland primary.

BARRY BACKER

But John W. Steffey, who backs Sen. Barry Goldwater, was on the ballot hoping to capture the state's 20 national convention delegates for the Arizona conservative.

Wallace, who made a bitter attack on the Johnson civil rights program the theme of his campaign, steered clear of forecasts on the outcome.

The Alabama governor said

U. S. Releases $900,000

OK New Renewal Sum

Federal urban renewal officials have approved a new budget for Pontiac's R20 urban renewal project freeing some $900,000 in federal funds for use toward project costs.

★ ★ ★

It increases the R20 project's net cost some $2.6-million. The original budget cost estimate of $3,439,976 is revised upward to $6,047,279 in the new budget.

"The immediate effect will be to keep us from going broke," explained Pontiac's Urban Renewal Director James L. Bates in announcing the federal action today.

"The long range result is that the new budget will allow Pontiac to finance its share of the R20 project plan through local expenditures for facilities within the project area," Bates said.

★ ★ ★

A key factor in the revised budget is a 100 per cent credit granted the city on a proposed parking structure.

COST TO CITY

Presently, rough estimates are that such a structure would cost the city some $1.2-million.

The 100 per cent credit means, if the city chooses to build the parking facility, the $1.2-million could be credited against the city's share of R20 project costs.

Bates was particularly elated over this aspect. "To get a 100 per cent credit on something this size is most unusual and we're very happy about it."

★ ★ ★

In the R20 project, two thirds of the net cost is paid by the federal government and one third by the city.

TWO METHODS

The city can pay its share two ways.

★ ★ ★

- City officials can write out a check for the local share. This way, they have a check stub to show for it.
- The city can pay for capital improvements in the renewal area and get all or part of those expenses applied as "credits" against their urban renewal share.

★ ★ ★

The latter method is usually preferred by city officials since they can lower their cash requirement in urban renewal by building needed facilities.

The Clinton River Drain and Perimeter Road are other examples of urban renewal "credits," although neither is 100 per cent.

Local renewal officials had submitted the revised budget to the Urban Renewal Agency in Chicago early this year for approval.

★ ★ ★

A new budget was needed to keep the project operating. Financially, Pontiac had reached the original R20 budget limits with the project only partly completed.

ORIGINAL LOWER

This situation was due to original budget cost estimates having been lower than actual costs in many accounts.

The net project cost was further increased as appraised values on cleared urban renewal lands dropped well below the original estimates of proceeds from the resale of land.

The city borrowed $409,000 in tax anticipation notes last fall (Continued on Page 2, Col. 1)

Rocky's Supporters Woo 'Moderates' in California

LOS ANGELES (AP)—Rockefeller campaign leaders wooed supporters of other Republican "moderates" today to join the Lodge camp in backing Gov. Nelson A. Rockefeller in California's presidential primary.

They followed up quickly after leaders of the drive to draft Henry Cabot Lodge for the Republican presidential nomination urged his followers to vote for the New York governor in the June 2 primary.

The Rockefeller-Lodge alliance didn't surprise anyone, least of all Sen. Barry Goldwater, in view of Rockefeller's victory in the Oregon primary last week.

Only Rockefeller and Goldwater are competing for California's 86 delegates to the GOP national convention. No write-ins are allowed, and the Lodge people concluded their best bet was to throw in with Rockefeller.

★ ★ ★

"We are convinced," said a Lodge backer, "that the Rockefeller slate closely parallels the moderate Republican philosophy of Ambassador Lodge."

ROCKY OPTIMISTIC

Rockefeller, in a New York statement before flying out for four days of campaigning here, said he's enthusiastic and optimistic about his chances in California.

Goldwater, winding up a three-day stint in California yesterday, said he had been expecting the Lodge forces to get behind his opponent. The Arizona conservative said it was nothing more than a "stop-Goldwater movement."

Rockefeller said, "I think the trend already had set in after the Oregon primary, when many of the Lodge people came over. I want to say again I have made no deals, nor will I make any."

Goldwater, who ran third to Rockefeller and Lodge in Oregon, said he saw no visible signs of Lodge strength in California.

Military Move Is Possible in SE Asia Crisis

Communist Attacks Continuing Against Neutralist Premier

WASHINGTON (AP)—A spokesman said today the United States is "not ruling out" any measures—possibly including military moves — which it may find necessary "to preserve the neutrality and independence of Laos."

That was the answer given when the State Department's press officer was asked at a news conference whether the United States might send troops into Thailand as was done in a period of crisis in Laos two years ago.

Press Officer Robert J. McCloskey said the latest reports to the State Department show that Communist, Pathet Lao attacks are continuing in the Plaine des Jarres against forces loyal to the Neutralist government of Prime Minister Souvanna Phouma.

Other officials said the attacks could result in destroying the Neutralist forces under Gen. Kong Le and wrecking the whole internationally agreed neutralization program in Laos.

★ ★ ★

McCloskey declared the Pathet Lao attacks, which officials say is supported by battle-hardened elements from Communist North Viet Nam "have seriously threatened Souvanna Phouma's government and the fabric of the Geneva agreements (neutralizing Laos in 1962)."

DIPLOMATIC EFFORTS

So far, McCloskey said, United States activity has been concentrated on diplomatic efforts to stop the fighting.

Sanity Hearing for Jack Ruby?

DALLAS (UPI) — Judge Joe B. Brown said today psychiatric examinations of Jack Ruby in his jail cell indicate the condemned slayer will be granted a sanity hearing.

★ ★ ★

Ruby was receiving mental therapy in his maximum - security cell.

Dist. Atty. Henry Wade said he understood a court-appointed psychiatrist had found the slayer of accused presidential assassin Lee Harvey Oswald to be mentally ill.

Wade said he would not oppose immediate treatment, either in jail or at a hospital, even without a sanity hearing.

★ ★ ★

If found insane by a jury at a sanity hearing, Ruby would be committed to an institution and would escape execution at least until found sane.

JUDGE UNHAPPY

Judge Brown, who presided over Ruby's four - week murder trial, said he was unhappy because the psychiatrist's report leaked out.

★ ★ ★

"Things so far indicate a sanity hearing," Brown said.

★ ★ ★

He said he planned to confer with three psychiatrists, who have examined Ruby "and talk about a hearing with them."

Waterford to Vote on Millage

Waterford Township voters will ballot in the state primary election on a proposed 2-mill tax hike over 10 years to strengthen police and fire protection.

The proposal was approved last night by the township board.

Its purpose, Supervisor James E. Seeterlin explained, is to bolster both police and fire departments to meet the township's projected growth over the next 10 years.

By 1974, the present 17-man police department would grow to 40, and the fire department would double from 18 to 36 if the tax hike is approved.

Besides providing for more personnel, the 2-mill levy also would allow construction of four new fire stations and a new police station.

Wording of the proposal to be placed on the ballot will be prepared by township attorney Paul Mandel and presented for board consideration next Monday. Actual election date has not been set.

Based on an estimated equalized valuation of $114.6 million for the township in 1965, a 2-mill levy next year would amount to approximately $229,000 in added revenue.

The police and fire departments each would receive the revenue from 1-mill, or about $114,573, according to the proposal.

TAX INCREASE

If approved at the polls, the 2-mill levy would represent a tax increase of approximately $14 for the average township taxpayer.

This is based on an average assessed valuation of $3,000 in the township and an equalizing factor of 2.286.

One mill (one dollar per thousand of equalized valuation) then would total $6.86 on the average. Two mills would be $13.72.

Presently, the township budget is based on a total of 2.83 mills.

ONE FOR TOWNSHIP

One mill from this total was allocated to the township from the 15-mill tax limitation from which the county tax allocation board spreads millage.

★ ★ ★

The other 1.83 mills was spread by the township board. This same amount probably will be spread this fall in the 1965 budget, Seeterlin said.

U.S. Charged as 'Aggressor'

Soviets Say Viet Aid to Extend Bloodshed

UNITED NATIONS, N. Y. (AP) —The Soviet Union charged today the Johnson administration is seeking $125 million in new aid for South Viet Nam to extend bloodshed and aggression in Southeast Asia.

The United States replied that U.S. aid was directed only at saving that country from a Communist takeover.

U. S. Ambassador Charles W. Yost accused the Soviet Union of using U.N. Security Council debate on Cambodia as an excuse to denounce the whole role of the United States in Southeast Asia.

Yost said he was sure that the Soviet Union and all council members knew that U.S. aid was supplied at the request of South Viet Nam in order to help it oppose "large scale aggression, Communist in origin and directed and supported from outside South Viet Nam."

Soviet delegate Nikolai T. Fedorenko made the charge in giving full support to charges of aggression leveled by Cambodia against the United States in U. N. Security Council debate.

BASELESS CHARGE

The United States denied the charges as baseless.

The Soviet attack on U. S. policy came as the 11-nation council opened debate on a complaint by Cambodia that South Vietnamese forces accompanied by U. S. officers committed aggression in crossing into Cambodia territory last May 7 and 8.

City Studies Proposal for Historical Board

BIRMINGHAM — City commissioners were given a proposed ordinance for study last night which would create a permanent historical board for Birmingham.

Creation of the board is backed by the history and heritage unit of the committee that planned the current centennial celebration.

The ordinance under consideration would create a five-member board appointed by the City Commission.

Main purpose of the group would be "to collect, arrange and preserve historical material . . . relating to the history of the Northwest Territory and of the City of Birmingham."

★ ★ ★

Emphasis would be placed on narratives of early settlers, material concerning area Indian tribes and "museum objects indicative of the life, customs, dress and resources of the early residents."

CITY RECORDS

The board also would be responsible for city records and documents not in current use and would need to provide for their classification and indexing.

Board members would submit an annual budget to the City Commission, although they also could accept private contributions.

Tom Downs, a Michigan Constitutional Convention vice president, will analyze current efforts for reapportionment at the Birmingham Democratic Club meeting tonight.

Downs will discuss redistricting for both legislative and congressional seats during the 8 p.m. session at the Community House. A question-and-answer period will follow.

Since working on the new State Constitution, Downs has followed the reapportionment situation as attorney for the Michigan UAW.

The case for Birmingham school bonding and millage proposals will be outlined by other speakers.

Birmingham School District's Dr. John B. Smith is among 50 midwestern school superintendents aiding Indiana University in redesigning its teacher education program.

Mrs. Frederick Lambert

Service for Mrs. Frederick (Lena) Lambert, 87, of 556 Wallace will be 2 p.m. Thursday at the Manley Bailey Funeral Home. Burial will follow in Greenwood Cemetery.

Mrs. Lambert died yesterday after a long illness.

She was an honorary member of the Metropolitan Auxiliary Club.

Surviving are a daughter, Mrs. Ernest W. Kurth of Birmingham; two sons, Philip C. of Capac and George F. of Grand Haven; a brother; three grandchildren and four great-grandchildren.

Give Contracts for Library

Low Bidders Win in Waterford Twp.

Waterford Township Board members last night awarded contracts amounting to $50,191 for construction of the township library.

Low bidders in all three trades, architectural, mechanical and electrical, were given contracts.

Construction of the new building in the township's civic center near Tubbs and Crescent Lake Road will begin by May 29.

Low bidders were T. W. Hay, builder, architectural trades, $37,990; Anderson Plumbing and Heating, mechanical trades, $7,590; and Fred W. Moote, Electrical Inc., electrical trades, $4,611.

Also last night, the board authorized purchase of 12,000 feet of copper tubing for the water department.

PIPE PURCHASE

The purchase will include 10,000 feet of three quarter-inch pipe at .3425 cents a foot and 2,000 feet of 1-inch pipe at .465 cents per foot.

Low bidder for the copper tubing was Water and Waste Supply Inc. of Hazel Park.

In other business, the board requested the recreation department to prepare a use plan and budget for a proposed 10-acre park site north of Loon Lake.

Purchase of the site has been recommended by the planning commission.

CLOSE HIGHWAY

Also, last night the board agreed to seek permission from the state highway department that Dixie Highway be closed from 10 a.m. to noon Memorial Day for the annual Veterans of Foreign Wars parade.

The parade route would extend northwest from Frembes to Williams Lake Road.

That money is almost gone.

Federal approval of the new budget will make federal funds available to repay the $409,000 loan plus interest and continue operations for six months or more.

MORE IN CREDITS

Bates said that if the city does build the parking structure, "it should give us $400,000 more in credits than we currently need to cover the local share, and will easily cover any future increase in the city's share."

Some increase will yet take place in the budget and the city's share since an expanded R20 plan is being proposed by Bates.

The plan would add somewhat to the R20 project area and would add about 23 structures to the acquisition list, thus increasing costs somewhat.

Bates said he hoped to have the necessary papers approved by commissioners tonight, which would result in the $900,000 capital grant being payable in about three weeks.

New Law Aims at Child Abuse

Judge Barnard Sees Preventive Role

Enactment of a child abuse law, in which Oakland County early took a strong interest, became a reality Friday with the signature of Gov. Romney.

The law is designed to play a preventive role in what Probate Judge Norman R. Barnard terms one of the most baffling, yet pitiable problems of modern society.

Essence of the legislation is to establish for the first time a medical reporting system of child abuse cases, which can be investigated by the Michigan Department of Social Welfare and county prosecutor's offices.

"The real problem in these 'battered child' cases," said Judge Barnard, "is early detection before serious injury and death.

"Most often the victims are children under five. The pattern has been for parents to take them from hospital to hospital and doctor to doctor to have their injuries treated, while avoiding detection."

FILE REPORTS

Judge Barnard said the law permits physicians and hospitals to now file reports of suspected child beatings without fear of later criminal or civil prosecution by parents.

He stated it also makes a state agency a direct recipient of such reports, speeding up the process in which such cases formerly only came to light when a beaten child died or was badly hurt.

"We have had several battered child cases in Oakland County the past year," said Judge Barnard. "It's difficult for the average citizen to understand how parents could do this to their child, but it has been going on for years.

"Most often it involves an unwanted child or one psychologists refer to as a scapegoat."

The child abuse law found backers in Judge Barnard and Oakland County juvenile officers last year, who joined with their counterparts in Wayne and Kent counties to press for the legislation.

Cosponsor of the bill was State Sen. Farrell E. Roberts of Oakland County. The County Board of Supervisors endorsed the legislation last December.

Miss Mayon told police she stabbed Maxwell during an argument shortly after noon. Maxwell died of a chest wound.

City Commission to Eye R20 Neighborhood Study

A program aimed at tackling home rehabilitation in the R20 urban renewal project area on a sociological basis will be considered by commissioners at tonight's City Commission meeting.

★ ★ ★

Slated for action is a resolution approving a contract hiring Dr. Christopher Sower, professor in the Department of Sociology and Anthropology at Michigan State University, to conduct a "community organization study."

Local urban renewal officials recommend Sower as an expert in the field of community analysis and organization.

Urban renewal would pay him $5,000 to conduct the study and "construct a model plan for active citizen community involvement and support of urban renewal and the rehabilitation program."

★ ★ ★

In effect, Sower's job would be to analyze the social structure, individual interests, and other sociological facets of the particular neighborhood involved.

NEIGHBORHOOD PLAN

Based on this analysis, he would then assist and advise local urban renewal officials in organizing a plan to foster interest and action among the property owners in rehabilitating their neighborhoods.

Local renewal officials say the approach has proven effective in other similar projects in the nation and could be expanded at a later date to apply to areas outside the R20 project area.

Rehabilitation by home owners is an integral part of any urban renewal project in a residential area.

★ ★ ★

In other business tonight, commissioners are expected to formally adopt resolutions naming the city's new community center at Wessen and Walnut after Hayes Jones, and establishing a liaison committee to promote downtown redevelopment.

VERBAL OKAY

Both items were verbally approved last week.

Also slated for discussion are measures to be taken by Sam Allen and Son, Inc., 22 Congress, a local scrap iron dealer, in conforming to city ordinances controlling the operation of scrap and junk yards.

Scrap dealers must get an annual license to operate junk yards in Pontiac.

★ ★ ★

City officials have refused to renew Allen's license until he conforms to ordinance restrictions.

COST ESTIMATES

There are also cost estimates for six proposed public improvements up for acceptance tonight.

★ ★ ★

Public hearing dates are to be set for several special assessment rolls on similar projects and on several zoning ordinances slated for introduction tonight.

only that he hoped for "a significant vote that will shake the eye teeth of the liberals in both parties."

And he accused his primary foes of purposely overstating his showing so that no matter what the outcome they could say he was beaten.

Brewster, saying "our side will win," appealed to the conscience of Maryland for votes against the Alabaman. He enlisted a parade of Democratic senators to do much of his campaign talking for him.

Early in the race, the freshman senator said Wallace would fall short in Maryland of the showings he made in Wisconsin and Indiana, against Democratic governors standing in for Johnson.

Wallace won 29.8 per cent of the Democratic vote in his May 5 race against Gov. Matthew E. Welsh in Indiana.

The governor called it a victory in his campaign for conservation and states' rights. Welsh said it was "an enormous setback" for Wallace.

Labor Backs New College

Endorsement of county community college proposals in the June 8 election was given last night by the Executive Committee on Political Education of the County AFL-CIO Council.

Fred V. Haggard, council president, said COPE backing was given all three questions on the ballot: whether to have a college, election of trustees and approval of millage.

Haggard said COPE committee members felt the proposed two-year college would be of direct benefit to union members who could not otherwise afford higher education for their children.

U.S. Near Another Crisis as Laos Neutrality Falls

By PHIL NEWSOM
UPI Foreign News Analyst

It was about this time in 1962 when the United States found itself in the midst of a crisis situation which led it to assign troops to the defense of Thailand and powerful units of the U. S. Seventh fleet to the Gulf of Siam.

★ ★ ★

A similar situation may be approaching — or already here.

And so it can be assumed that more than the question of military and economic reinforcement of South Viet Nam occupied President Johnson and his chief advisers in their weekend talks which followed the return of Defense Secretary Robert McNamara from Saigon.

From Vientiane, capital of Laos, comes word that the myth of neutrality for that sad little country has been exploded with the rout of the forces of Gen. Kong Le, himself a sad, colorless little figure who also once believed in neutralism.

★ ★ ★

Laotian dispatches tell of Kong Le's neutralist forces being routed from the Plain of Jars under heavy attack by Communist-led Pathet Lao and Viet Minh forces, and Kong Le himself seeking sanctuary among anti-Communist Meo tribesmen in nearby mountains to the northeast.

7,000 MEN

Kong Le's forces have been estimated at 7,000 men armed with American weapons.

These events bear a marked resemblance to the crisis of 1962.

In May of 1962, Pathet Lao and Viet Minh forces broke a cease-fire with an attack on the northern town of Nam Tha.

★ ★ ★

Five thousand Royalist forces fled in panic with their officers in the vanguard and without even bothering to inform the American advisers assigned to them.

OPEN ROAD

It left the Communists an open road to the Mekong River and to the border with Thailand.

The two-pronged attack which overran Kong Le's headquarters now is said to have given the Communists the entire Plain of Jars and control of the Tran Ninh plateau which traditionally is the invasion route for the whole of Indochina.

It further opens their way to the capture of the Mekong River town of Paksane which would have the twin effect of posing a new threat to Thailand and cutting Laos in two.

★ ★ ★

It further would isolate the remaining bulk of the Laotian Army in the South and could lead to the fall of Vientiane, the administrative capital of Laos.

MOMENT OF TRUTH

So for the United States, another moment of truth could be in the making.

For Thailand, the situation is made doubly dangerous by the fact that its northeastern plateau bordering Laos traditionally is the poorest and the most open to Communist infiltration.

By descent, its people are Lao rather than Thai and therefore more subject to influence by events in Laos than in Bangkok.

When the Geneva agreement for a neutral Laos was reached in the Geneva Conference of 1962, it was agreed by the West that its success would depend upon the Soviet Union and its influence upon Red China.

That influence lately has been demonstrated to be nil.

Farmington Twp. Okays Levy for Police, Firemen

FARMINGTON TOWNSHIP—Voters here yesterday decided they want more police and fire protection — and they are willing to pay for it.

In accepting a 2-mill tax increase, they backed increasing the number of patrolmen by a third and initiated fire department transition from a volunteer operation to one with some full time fire fighters.

AREA NEWS

Vote on expanding fire and police protection was 693-595.

The police department plans to add seven patrolmen to its force as soon as possible, thus bringing the manpower total to 25.

★ ★ ★

The unit now consists of 14 patrolmen, a policewoman and three dispatchers.

TOTAL OF 21

A total of 21 patrolmen will bring the township up to the recommended national minimum ratio of one for every 1,500 residents.

Aim of the Farmington Township department is to keep two patrol cars on the road almost every hour of the day. With salaries, cars and other equipment needed for the new men, the cost for each has been estimated between $11,000 and $12,000.

Police expansion will account for about half of the estimated $160,000 to be netted through the levy.

★ ★ ★

The fire department will use most of its share of the 10-year levy to set up a reserve fund for the hiring of full-time men and purchase of fire station sites.

3 LEASED

Three of the township's four stations now are leased, with the department owning one. The reserve fund will be built up for the first five years of the levy.

Needed immediately is a ladder truck, which will cost between $36,000 and $50,000.

★ ★ ★

The 2 mills accepted yesterday will be added to 1 the township now collects for operations.

Delay Seen in Opening of Area Park

Stony Creek Metropolitan Park, presently under development between Rochester and Romeo, will not be open for public use by Memorial Day as previously planned.

The delay was announced today by Kenneth L. Hallenbeck, director of the Huron-Clinton Metropolitan Authority which is developing the new recreational site.

Hallenbeck said that because of recent work stoppages construction of Baypoint Beachhouse at the main bathing site is not yet completed.

"The authority's board of commissioners and staff regret this delay," said Hallenbeck.

★ ★ ★

"We know interest in this project is high, but hope within the next several weeks we can open limited facilities for use," he said.

★ ★ ★

The facilities will include Stony Creek Lake covering 500 acres for swimming, boating and fishing, scenic drives, three picnic areas, nature trails and a nature center on 3,500 acres of recreational land northeast of Rochester.

Romney, Wife to Be in Oxford

Other State Officials in May 29 Visit

OXFORD — Michigan's Gov. Romney is bringing his wife, Michigan's First Lady, when he comes here May 29.

Mrs. Romney, as well as other state dignitaries, will be on hand with the governor when he speaks at 8 p.m. in Oxford High School gymnasium.

It will be the governor's first visit to Oxford since the brief stopover he made during his campaign for office.

He has agreed to give a major talk to a hoped-for crowd of some 2,200.

★ ★ ★

The five townships of Addison, Oxford, Orion, Oakland and Pontiac are participating in the nonpartisan appearance.

GAVE INVITATION

Republican Party District Chairman William Fleming issued the invitation to the governor. Fleming will be chairman of the affair.

He will be assisted by William Matus, director of Camp Oakland; R. A. Ambrose, retired Oxford School superintendent; and Robert Beatty, chairman of the event's special projects committee.

A Boy Scout honor guard will be provided for Gov. Romney and other attending state officials, including State Sen. Farrell E. Roberts, R-Pontiac, and State Rep. Lloyd L. Anderson, R-Waterford Township.

★ ★ ★

Tentative arrangements also call for entertainment by the Oxford High School band and glee club.

In addition to the school's choirs, the vocal music classes, varsity band and dramatics club will also participate in the program.

Choreography will be under the direction of Margi Montrass. Jarvis Lamb will be dramatic director and stage head, while Bernard Leshley is producer and vocal music director.

Soloists featured in the performance will include Nancy Capaldi, Chris Mayhew, Larry McLean and Howard Kosiba.

Proceeds from the event will be turned over to the school's Student Council.

Two Dissenting Votes

Troy Commission Adopts Budget

TROY—The seven-man City Commission last night adopted a 1964-65 budget of $1,460,495, despite the objections of the mayor and another member.

Joining Mayor Robert J. Huber in the dissenting vote was Commissioner Clifford Sutermeister Jr,

Although Sutermeister did not express his objections, Huber stated his at length prior to adoption of the budget.

He said public health and safety in the city would require extra firemen and a plumbing inspector. Funds for personnel in these capacities are not included in the budget.

The proposed 1964-65 expenditures are over this year's anticipated figure of $1,230,070.

NO MORE COST

Although the hike is $230,425, it will cost city residents virtually no additional funds, City Manager David E. Firestone said.

The seven-mill levy will be retained. However instead of the present $4 for general operation and $2 per $1,000 of assessed valuation for capital improvements, the levy will be split to about 6 to 1.

This will result in a tax bill similar to last year's, but allow the city to budget more in a general operating fund.

The hiked budget was possible without additional taxation due to increased revenue in just about all categories, Firestone said.

NEW GROWTH

He said the city had a higher valuation as a whole because of growth and new construction in the past year.

More income from the water system and refuse services also contributed to the higher budget.

A total general fund revenue of $916,000 is expected, some $392,000 from property taxes.

Firestone's original proposal of $6,500 top pay for police sergeants and $6,000 for patrolmen is retained in the budget. A $150 cut was considered.

FIGURE RAISED

Also raised in 1964-65 figures is the clerk's salary, from $6,900 to $7,500, as proposed by Firestone.

Plans for acquiring a city planner were postponed this year, but pay for two additional policemen and a police clerk is continued in the police department's $195,950 budget.

Order Halts Work at Walnut Lake

A temporary injunction barring Bloomfield Hills School District from continuing work on a beach at Walnut Lake was issued yesterday by Circuit Court Judge Frederick C. Ziem.

★ ★ ★

Judge Ziem ordered a halt to construction on waterfront land owned by the school district, pending a show cause hearing next Monday.

The action revolves around a controversial plan by the Bloomfield Hills Board of Education to develop part of a 6-acre parcel on the northeast side of the lake into a beach where students can learn to swim.

School officials have stated the property was acquired for a third junior high school site, but converting part into a beach would solve the present problem of not having a regular school swimming pool.

Pontiac Attorney William B. Hartman, representing eight lake property owners, said in a suit entered yesterday that opening a school-operated beach would violate the residential nature of the area.

NO SEWERS

The suit also charges there are no sewer facilities available to the beach, which would constitute a health hazard if the site were to be used by hundreds of school children daily.

Hartman said the group seeks a permanant injunction against the school district.

School officials also are faced with a zoning ordinance amendment proposed by the West Bloomfield Township Planning Commission which would prohibit such a land use in a residential zone.

★ ★ ★

In the June 8 school election, the board of education is for the fourth time asking district property owners to approve financing pool facilities.

Workshop Set for Area PTA's

Newly elected PTA officers in Oakland County will find help for their special job in parent-teacher work at the PTA District VII Spring Workshop tomorrow at Kimball High School, Royal Oak.

★ ★ ★

District VII includes all PTA's in Oakland County.

★ ★ ★

Included in the list of all workshops planned for the 7:30 p.m. event are council delegates, presidents, legislation, junior and senior high (all officers), membership, program and founders' day, and ways and means — budget and finance.

★ ★ ★

Other workshops will be for treasurers, historians — publicity and public relations, secretaries — corresponding and recording, PTA magazine and publications, room representatives, hospitality and social, parent and family living, safety, reading and library and health.

Utica OKs Higher Budget; Tax Rate $37 Per $1,000

UTICA — The City Council has agreed that Utica will cost $20,000 more to run during fiscal year 1964-65.

A new budget of $310,000 has been adopted.

Reason behind the increase is mainly because of reduction of the state equalization factor from 2.64 to 2.55, according to City Clerk Mrs. Eunice Kopietz.

However, due to greater income from the increased valuation of the city, residents will pay less tax money.

★ ★ ★

Paying $41.18 per thousand of assessed valuation this year, home owners will drop off to a levy of $37 for 1964-65.

Included in the new budget are raises of 10 cents per hour for employes of the Department of Public Works.

Police department personnel will also have their pay hiked by 10 cents per hour.

The expenditures anticipated for water and sewer costs during 1964-65 total to $101,000, some $3,000 less than this year's.

Total police department budget is upped to $64,080, compared to 1963-64 spendings of $57,983.

Rochester Class to Hold Reunion

ROCHESTER (AP) — Graduates in Rochester High School's class of 1959 are invited to attend a five-year reunion June 20 at the 300 Lounge, Waterford Township.

Teachers Face Court Action

SALT LAKE CITY, Utah (AP) —Most of Utah's 10,000 teachers, faced with possible court action, planned to stay off their jobs again today to decide the next move in their efforts to get more money for education.

Virtually all public schools remained open, as Monday, when the two - day teachers' protest walkout began, and the State Board of Education sought a court order to keep teacher leadership from prolonging the walkout.

The order would prevent Utah Education Association officials from "encouraging teachers or other personnel to breach their contracts or to strike against the state or any of its school districts."

Judge Joseph G. Jeppson of 3rd District Court took the request under advisement.

MASS MEETING

The teachers were to discuss at a mass meeting today proposals that included prolonging the walkout and continuing to refuse to sign next year's contracts.

They hope to force the hand of Gov. George D. Clyde and get more school money.

The walkout was triggered by Clyde's refusal to heed the recommendations of his study committee and call a special legislative session to consider an emergency 6 million appropriation for schools.

The success of the teachers' action was being watched in neighboring Idaho and throughout the nation by teachers not content with local conditions. A walkout by 620 union teachers hit East St. Louis, Ill., Monday.

STUDENT SUPPORT

The walkout drew some student support in Salt Lake City, where demonstrators carried signs reading, "Fair play for the UEA" at the state Capitol.

Clyde told the demonstrators, "Every step is going to be taken that can be taken to see you don't lose your opportunities." He was hanged in effigy by other students at a local high school.

Another demonstration, by several hundred parents, was planned at the Capitol today.

Substitute teachers were used to bridge the gap at most schools. Regular teachers showed up at some rural schools and in one north Utah school district which had obtained a court order requiring their presence.

NEEDN'T OBEY

Two other districts, including the state's largest in suburban Salt Lake City, obtained orders for their areas, but UEA lawyers said teachers did not have to obey the court orders unless they were served on them individually.

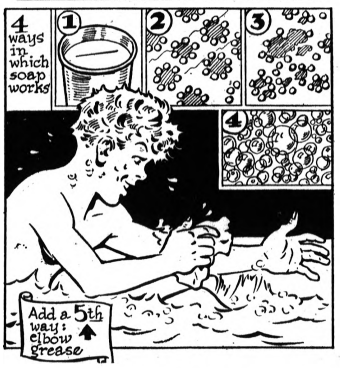
John C. Evans Jr., UEA executive secretary and leader of the protest action, called Monday's walkout successful.

★ ★ ★

The UEA has demanded more money for salaries and school facilities. It says Utah teachers' salaries rank 23rd in the nation. They receive between $4,400 and $7,000 a year, with the average $5,900, it said.

The UEA claims it represents 96 per cent of Utah public school teachers.

Junior Editors Quiz on SOAP



QUESTION: How does soap carry away the dirt?

★ ★ ★

ANSWER: We are all so used to the fact that when you lather yourself with soap and rinse it off, your skin is left fresh and clean, that it doesn't occur to us there is a complicated process back of the action which is not yet entirely understood.

Fats and oils boiled with an alkali produce soap, such as the coarse soap of colonial America, which was made by boiling fats saved from cooking, with lye made from wood ashes.

We illustrate the most important ways in which soap works. The water from the tap does not wash away dirt easily, because the water has "surface tension."

The surface molecules tend to pull together, as is shown by a needle floating on water, held up by such tension (1).

Soap breaks up the tension and lets the water get in to flush away dirt.

Picture (2) shows the "emulsifying action"—soap molecules surround oily particles and keep them in the water so they can be rinsed away.

In (3) the "dispersing action" breaks up dirt particles into smaller ones. Finally, in "solubilization," obstinate dirt not removed in other ways is absorbed into the soap suds and carried off by rinsing (4).

FOR YOU TO DO: Try making a piece of soap sculpture by carving a soap cake with a knife.

Crewman Held in Ship Killing

Norwegian Captain Murdered With Ax

HONOLULU (AP) — An unidentified crew member is under lock and key aboard ship, and police say he is a suspect in the ax-killing of the Norwegian skipper of a Liberian flag freighter with an international crew.

★ ★ ★

With flags at half mast, and Capt. Jacob Natvig, 51, lying dead in his cabin, the 10,500-ton freighter Pomona arrived in Honolulu Monday.

Natvig's body was discovered last Friday as the 443-foot-long vessel steamed 600 miles east of Hawaii en route from Los Angeles to Formosa with a cargo of 9,500 tons of scrap metal. Natvig was from Lillensand, Norway.

FOUND BODY

Honolulu police, who were asked by Norwegian Consul Torkel Westly to investigate the killing, said First Mate Alf Olsen, 35, found the body and ordered the ship diverted to Hawaii.

Olsen said a desk chair was overturned in Natvig's office and papers were scattered about. Olsen said the captain had been hit behind the right ear with an ax apparently taken from the bulkhead just outside the cabin.

Michigan Celebrates Progress and Promise

This is Michigan Week.

The eleventh annual observance of a period devoted to signalizing the State's progress, potentialities and social strength comprises a slate of daily themes.

★ ★ ★

Gov. GEORGE W. ROMNEY got the Week under way in Sturgis last Saturday when he headed a parade celebrating the selection of three queens for an "I love Michigan" good-will tour of the East.

Sunday was Spiritual Foundations Day, on which representatives of all major faiths participated in ceremonies at Michigan State University.

★ ★ ★

Our Government Day was yesterday, observed by the exchange of heads of 340 cities and villages.

Today is devoted to Hospitality Day, marked by open house at all Michigan State Police posts and a day-long recreational program for senior citizens in an 11-county area near Delta College, west of Saginaw.

The Annual Michigan Week Breakfast for Michiganders living in Washington, D. C., will feature Education Day on Thursday, while Friday will be made meaningful by Our Heritage Day.

★ ★ ★

Saturday, dedicated to Youth Enrichment, will wind up the seven-day program.

Locally, MAYOR WILLIAM H. TAYLOR yesterday traded places with Mayor HARVEY MACDONALD of Union City, northwest of Coldwater in Branch County.

Tomorrow, an open house will be held at Dodge State Park on Cass Lake to show off new facilities costing $295,000.

Schools in Pontiac and Waterford Township have planned programs with special emphasis on Michigan history. Two Waterford schools will serve breakfasts featuring Michigan food products.

Birmingham has planned a full calendar of events to coincide with its own centennial celebration. The highlight will be the centennial parade Saturday afternoon followed by an address at Shain Park by Gov. Romney.

★ ★ ★

The PRESS enthusiastically applauds this annual glorification of our State, and heartily commends the dedicated men and women who have so efficiently worked to enhance its significance.

Oregon Primary Seen of Little Significance

The political wheel of fortune was spun in Oregon and stopped on New York Gov. NELSON A. ROCKEFELLER.

★ ★ ★

This phenomenon led political prophets hurriedly to reshuffle the GOP nomination deck, with a new face card or two peering hopefully from it.

For what it is worth, the state's primary election with but 18 delegates at stake, marked the end of the Lodge popularity boom and cast him in the strategic role of one whose support could have strong influence in determining the eventual nominee.

★ ★ ★

Beyond that, the election appeared to affect the hopes of GOLDWATER and his supporters of going into the convention with the nomination in the bag, and to put the all-but-counted-out ROCKEFELLER back in the running.

Pollsters were thrown for a bad loss, since they had generally predicted Lodge to continue his pre-nomination surge, with Goldwater doing himself a little incidental good.

★ ★ ★

Somehow, we don't get as excited as some over the significance of the presidential primaries in the sixteen states which hold them. There is a wide divergence of ground rules from one state to another, and the candidates, both declared and undeclared, variously evaluate the importance of them.

Fortunes of aspirants for political office are not unlike the composition of icebergs that show but one-eighth of their makeup above the surface.

Our own idea is that by and large the state presidential primaries — particularly the one just held in Oregon — are no more than a little infield practice for the convention ahead.

The real and final decision on the party's standard bearer is locked tight within the 1,310 pro delegates comprising 50 state delegations who will begin balloting for keeps, July 16—three days after the San Francisco fireworks are touched off.

Peking Darkens SE Asia Picture

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — Switch the picture around—with the United States in Red China's place—and it isn't hard to understand why Secretary of Defense Robert S. McNamara just returned from South Viet Nam with a gloomy forecast.

MARLOW

Look at this picture first:

The Red Chinese by their own words are dedicated to imposing communism everywhere. One of the reasons they gave for their split with the Soviet Union is that the Soviets were not aggressive enough in spreading communism.

So it can be assumed they will insist as a minimum upon seeking a totally Communist Asia. If they have not sought to achieve this yet by direct military actions, that is understandable. They're not ready yet.

Meanwhile, they can be expected to use methods short of direct war with the West to communize Asia, even though it takes years, through subversion or aid to Communist guerrillas inside neighboring non-Red countries.

★ ★ ★

This thinking is not exclusive with the Chinese. After World War II, the Russians, who had been attacked by Germany in two world wars, were not content to have their frontiers up against non-Communist countries.

SERVED DOUBLE PURPOSE

They reduced their nearest neighbors to satellites. This served a double purpose. It spread communism and, in case of a future war with the West, those satellites would be handy buffers to blunt the initial attacks.

The Red Chinese can be expected to do no less. So, all the smaller Asian countries — particularly Viet Nam, which borders on China — are logical targets for communism through subversion, civil war, or Red Chinese pressure.

If Viet Nam tumbles, the other small nations in Southeast Asia would be persuaded just that much more to line up with China, not with the West. So it is to China's interest to see the Vietnamese war continued, no matter how long it takes, with China's aid and encouragement.

★ ★ ★

If the United States were in Red China's position, it probably would never cease trying to bring about such a result, as can be seen by reversing the picture and taking Cuba and Mexico as examples.

By His Own Bootstraps

David Lawrence Says:

U. N. Should Enter SE Asia Crisis

WASHINGTON — Members of Congress are rubbing their eyes as they awaken to the fact that the United States is engaged in a "hot war" in Southeast Asia.

LAWRENCE

Today the administration is requesting more money under the "foreign aid" program to assist in achieving its objectives in Viet Nam, but the purpose in reality is to help fight a war.

Perhaps even more striking is the lack of explanation from the administration as to why American forces are in Viet Nam.

There is a hesitancy not only to declare a state of war officially but also to tell the American people just who is doing the fighting against the United States.

★ ★ ★

The assumption is that it is a "local war." But certainly the arms and ammunition and supervisory military officers for the North Vietnamese are being provided from outside Viet Nam.

ATTACK IN LAOS

On top of the Viet Nam situation, now comes an attack upon the government in Laos by the Communist forces.

In fact, the whole of Southeast Asia appears to be crumbling under the pressure of the Communists.

There are areas in which the Red Chinese interests could be made the target for some kind of counteroffensive which would assist the cause of South Viet Nam.

★ ★ ★

There is, for example, an army of Nationalist Chinese on Formosa, many of whom would gladly enter the war in Southeast Asia if the United States furnished arms and supplies.

NOT USING POWERS

Certainly the United States is not using all its facilities — including a trade embargo by Western powers — in the battle against the Red Chinese in Viet Nam and Laos.

One wonders what the United Nations is doing while all the fighting is going on in Southeast Asia.

For a long time the United Nations has been represented as the instrument which can maintain peace in local areas.

★ ★ ★

If the United Nations is to be the means through which international peace is to be maintained, then Southeast Asia would seem to be a region in which its influence should be brought to bear.

PROBE IS NEEDED

Certainly there should be an investigation as to who is behind the military movements in Southeast Asia so the facts can be disclosed at least for discussion in the General Assembly.

Many people in this country do not feel that American boys should be sent to Southeast Asia. But if there were an international expedition, the American government would unquestionably play its part and continue to contribute its share of the cost of the war.

Oddly enough, the whole subject of Southeast Asia has not been brought formally before the United Nations.

★ ★ ★

Possibly this is due to the feeling that action in the Security Council would be blocked by the Soviet government.

CONSTRUCTIVE DISCUSSION

Even a discussion there, however, would be constructive, because it could mobilize world opinion and would fix the responsibility for war - making clearly on Red China and the Soviet government.

Although the war in Southeast Asia appears at the moment to be local, it could spread.

The charter of the United Nations declares, in effect, that it is the function of that organization to intervene in any situation that might develop into a larger war.

★ ★ ★

But the problem in Southeast Asia has not been tackled effectively by the U.N., and hence this country is bearing the burden of a "hot war" against Red China.

★ ★ ★

The hour of decision now is approaching, and certainly the continued loss of American lives in a war in which the best equipment has not been furnished and military support has not been adequately extended is bound to be an issue in the coming presidential campaign.

THOUGHTS FOR TODAY

Gold is Caesar's treasure, man is God's; thy gold hath Caesar's image, and thou hast God's; give therefore, those things unto Caesar which are Caesar's, and unto God which are God's. — Francis Quarles.

Bob Considine Says:

Ike Charted the Course for New Succession Law

WASHINGTON — Former President Eisenhower's next big scheduled appearance on a national scale will be made here next week when he addresses the American Bar Association's forum on Presidential Inability and Vice Presidential Vacancy.

★ ★ ★

CONSIDINE

A. B. A. President Walter E. Craig considers that an amendment clearing up the Constitution's vagueness in these matters is the most urgently needed legislation of our time.

Gen Eisenhower took the most constructive steps any chief executive ever paced off in this uncharted field.

★ ★ ★

In 1958, after assorted ailments had sidelined him, he made an agreement with Vice President Nixon that if he were felled again, and in possession of his senses, he would appoint Nixon acting president, a post he would hold until Ike considered himself recovered.

★ ★ ★

If he were taken ill too suddenly to communicate, the president instructed Nixon to be ready to take over "after such consultation as seems to him appropriate under the circumstances."

HARD TO DEFINE

The historic but still hard-to-define precedent later was adopted by President Kennedy and Vice President Johnson, and now there is a similar understanding between President Johnson and Speaker John W. McCormack.

In his forum speech Ike may present ways and means of clarifying his act and shaping it into substantive law.

Sen. Birch E. Bayh (D-Ind.), chairman of the Subcommittee on Constitutional Amendments of the Judiciary Committee, stated in a recent national magazine (Look) article entitled "Our Greatest National Danger" that the death of a president who does not have a vice president standing in the wings could cause national panic or even international catastrophe.

★ ★ ★

"It is an amazing fact of American history that on 16 different occasions — totaling more than 38 years — this nation has been without a vice president," Sen. Bayh wrote.

EXTREMELY FORTUNATE

"It is equally amazing, though extremely fortunate, that American democracy's tradition of peaceful transfer of executive authority has never been put to a decisive test by the death of a president and his vice president during the same four-year period.

Sen. Bayh suggests a way out of a possible clash between ailing president and acting president when ailing president says, "Thanks, I'm fine now — get out."

Toss the argument into the Congress and let a two-thirds majority decide which man is right.

'Can't Promote Michigan With Worn Car Licenses'

While The Press and others are trying to bring progress to Pontiac and Michigan, our State Department is not helping much. By this I mean our rusty, dirty license plates aren't good advertisement.

Have you noticed a new Pontiac automobile with a beautiful clean bumper and a filthy, rusty license plate? Our State Department should make this correction at once.

Firemen Explain Cause of Resignation

The Walled Lake Fire Fighters Association has been painted black. The department has been the scapegoat for budget cuts, but has tried its utmost to give the best possible protection. We have raised funds from many projects to avoid spending tax dollars.

Our association has survived the loss of three department leaders in three years. When Chief Hamilton resigned, the city manager assured us we would be given every consideration.

★ ★ ★

Then the chief of police was given the temporary position. Objections rose and we felt the tactics of the chief were uncalled for. We did everything to control matters without a nasty all-out war. The dismissal of Dick Tremper and Russell Curl was contrary to the resolution adopted by the city council. The recent disaster has been followed by statements credited to chief of police which did not futher the cause.

★ ★ ★

Between police protection and fire protection in the city, fire has become second. It irks us to hear people say, "So what, they were insured." Loss of time and business interruption would be hard to cover by insurance. The loss in the recent fire should emphasize the potential danger.

We are sorry if we let the people of Walled Lake down, but we felt our self respect required a firm stand.

'U.S. Policy in South Viet Nam Failure'

The tragic story of Capt. Edwin G. Shank Jr., whose letters home have been published in two national magazines, underscores the deepening failure of policy in South Viet Nam. The sacrifices men make in war should be heroic, not tragic.

★ ★ ★

Why are U.S. pilots carrying the air war in South Viet Nam? We have been training the South Vietnamese forces since 1955. The Viet Cong have no air force. If in nine years we have failed to train a South Vietnamese air force capable of conducting its own operations against guerrillas, we have indeed failed.

★ ★ ★

Congress is responsible for the conduct of war. Enough maladministration has been disclosed in Washington and in Saigon to warrant an immediate Congressional investigation of our South Viet Nam policy. Congress cannot continue to regard complacently the policy errors and bad leadership which have been exposed in the State and Defense Departments.

'Disliked Letter on Wedding Attendance'

I write with a very strong madness in my mind, which as a Democrat I have had more than once when I ponder the pages of the Republican Press. I have a legal gripe: a VOP letter concerned Queen Juliana's attendance at her daughter's wedding. No matter what that Republican had in mind, he had no business bringing religion into politics. I am a Catholic and believe it is our right to boycott intermarriage.

★ ★ ★

Keep The Press publicity off all other intermarriages. The marriage of two people will work if the two people are true believers in the Lord. This is not up to you or your Republicans to decide. I am not knocking The Press alone, but the man who wrote the letter.

Catholic and Dem

'Why Birth Control Pill for Christians?'

Why should there be a birth control pill approved by the Church? A true Christian doesn't need it. The people are being brainwashed with sex on radio, television, and newspapers. Half the records played on some radio stations are about leading a double life.

'DFT Story Received Poor Spot in Paper'

In The Press of May 12 I searched for news concerning the victory of the Detroit Federation of Teachers (AFL-CIO) as sole collective bargaining agent for Detroit teachers. I found the article on the back pages.

★ ★ ★

One would think that news of such importance would at least be carried on page two. Detroit is a nearby city and this breakthrough by the DFT is news—not only in Detroit but throughout Michigan. The DFT's victory will have much effect on teachers and their dealings with school boards everywhere in Michigan.

Edward W. Keehn

'Lengthened School Year Modern Move'

Various colleges and universities now have a trimester program, whereby a student can get through in three years in place of four. Why not have our youngsters go 10½ months in place of 8½ months? It is better to have the kids in school than on the streets. Why should we continue schools as they were set up when we had to have the youngsters help on the farm?

★ ★ ★

Teachers could be paid more for the extra service. If we could do this, it would cost less in the end because our youngsters could get more education and be out of school and college at a younger age.

(EDITOR'S NOTE—This is the second of five stories about Michigan appearing daily during Michigan Week in The Pontiac Press.)

By BOB SINCLAIR
Battle Creek Enquirer and News

If it's specific Michigan wonders you want, we'll mention some, though it would be virtually impossible to list even half the worthwhile places to visit.

Starting off in the north, it might be mentioned that the Soo Locks are something to see.

They're the busiest in the world, you know. With the advent of the St. Lawrence Seaway, the locks regularly siphon a great segment of the world's merchant fleet into the Great Lakes where Michigan has 40 ports now on one of the main routes of international trade.

And there's the mighty Mackinac Bridge, spanning the Straits of Mackinac, a breathtaking sight. It's one of the world's great bridges, you know.

★ ★ ★

And Tahquamenon Falls, the most magnificent waterfall east of the Mississippi, barring only Niagara Falls.

NO CARS

And Mackinac Island, the beautiful retreat where no motor vehicle is allowed, which boasts the largest summer hotel in the world, and was a landmark for early explorers, fur trading center for French and Indians, and a battlefield for opposing British and American troops in the War of 1812. And there's historic Fort Michilimackinac, where a British garrison was wiped out by the French in 1763.

And you wouldn't want to miss isolated Isle Royale, the only island national park in the country, where the great moose dwell, and the 57-mile archipelago surrounding the island.

And there are the stunning vistas of Copper Harbor, the beauty of the Painted Rocks, and the Stone Age drawings on a rocky inlet near Fayette.

★ ★ ★

And then there are the great iron and copper mines, vitally important to the production of these metals in the United States. The only commercially valuable deposit of copper in the nation is there, in our Upper Peninsula, along with three great iron ore ranges.

MINERALS

Michigan's mineral wealth doesn't stop there, though. Did you realize that we are the nation's No. 1 producer of salt? As a matter of fact, Michigan has a greater variety of minerals than any similar-sized area in the entire world.

All this represents just a brief sampling of the wild wonders of our north country. Oh, incidentally, have trouble with hay fever? Northern Michigan is for you. It has the purest air in the nation.

Now for the rest of the state. There's world-famous Glen Lake, rivaled only by the clear beauty of nearby Crystal Lake, and Hartwick Pines, a cathedral-like stand of virgin timber, and the unexcelled grace of the sand dunes that sweep almost endlessly up and down our coastlines, crowned by the Sleeping Bear dunes, the world's largest shifting sand hills.

★ ★ ★

Back to things your wife will appreciate, too, there's Detroit's famous Greenfield Village with the Henry Ford Museum, a veritable American history book come to life. And the St. Clair metropolitan beach on Lake St. Clair, probably the world's largest public bathing beach, and 1,000-acre Belle Isle and playground in the Detroit River, and the W. K. Kellogg bird sanctuary on Wintergreen Lake near Battle Creek, the largest of its kind in the nation.

INDUSTRIAL PLANTS

How about the great industrial complexes around Detroit, especially the auto industry, with some of the world's largest manufacturing plants, including General Motors, the biggest corporation anywhere. And in Battle Creek, the world's largest breakfast cereal company, the Kellogg Co., which produces the bulk of the nation's cereal, and the Post Division of General Foods, which invented the stuff.

To give you an idea of the industrial might of our state, we proudly reveal that Michigan is first in the nation in more than 20 manufacturing industries. Some smaller but equally interesting commercial operations would be the making of cheese at Pinconning and the production of maple sugar at Vermontville.

Interested in farming? Michigan is one of the country's top dairy states, and out of the 48 crops we grow, we rate among the top 10 states in the production of 30 of them. And with our great cherry and apple orchards, we are known as the fruit basket of the Midwest.

★ ★ ★

And how about educational facilities? Michigan will match its system against anybody's. The University of Michigan is ranked by educators as one of the world's leading universities and Michigan State University is certainly one of the nation's greatest. Few states can boast more or better institutions of higher learning.

STATE CULTURE

Culturally, Michigan stands among the country's leaders, with Interlochen Music Camp, known throughout the world, and professional theater in Detroit and summer theater nearly everywhere and art centers and symphony orchestras in every city of any size.

Maybe you're looking for excitement—something out of the ordinary. You can drop in on Holland's world-famous Tulip Festival where you'll find a slice of the Old World deliciously flavored with millions of radiant tulips—or the Cherry Festival at Traverse City, or the Blossom Festival at Benton Harbor and St. Joseph, or the State Fair, one of the nation's finest, just to name a handful of special events. From the county fairs in summer to the smelt festivals in spring, there's always something going on.

If you like spectator sports, few states can even come close to the opportunities offered in Michigan.

★ ★ ★

We have a professional baseball club, the Detroit Tigers, who have the distinction from year-to-year of being the only team among the American League's 16 that can manhandle the New York Yankees with any regularity; we have a professional football team, the Detroit Lions, who perennially rank among the leaders in the National Football League; and a professional hockey team, the Detroit Red Wings, who are nearly always locked in a tight duel for the National Hockey League championship; and a professional basketball team, the Detroit Pistons.

★ ★ ★

There's horse racing around Detroit and hydroplane races in the Detroit River and sailboat and motorboat races all over the place, not to mention some of the nation's finest college football with the U. of M. Wolverines at Ann Arbor and the MSU Spartans at East Lansing, both members of the Big Ten, the toughest collegiate conference in the country.

Charge Father in Drownings

WACO, Tex. (AP) — Police filed murder charges today against a young airman who they said confessed to cutting the brake lines on his car before driving into a river in a plunge in which his four young children drowned.

Charged before Justice of the Peace John Cabaniss was Airman 1.C. Rudy T. Davis, 22, stationed at Connally Air Force Base near this central Texas city. Officers said he was originally from Montesano, Wash.

★ ★ ★ ★

Police said Davis told them he stopped his station wagon, cut the left front brake line, then drove off a 15-foot bank into the Bosque River seven miles north of here.

Davis earlier claimed the brakes had failed. The children ranged in age from 10 months to 4 years.

Davis said he and his wife, Edith, 22, escaped from the submerged car through an open window. Mrs. Davis was treated for shock and a leg injury.

Case of Mumps Halts State Mayor Swap

KALAMAZOO (AP)—A case of mumps canceled the Michigan Week mayor's swap between Kalamazoo and Omer, City Manager Clarence H. Elliott said here Monday.

Omer Mayor Chester Flowers was the victim over the weekend. He would have swapped places for the day with Dr. Raymond Hightower, Kalamazoo College dean and mayor here.

The 16th amendment to the Constitution, which took effect Feb. 25, 1913, gave Congress the power to tax income without apportionment among the states.

Legal Woes Cloud State Districting

By RICHARD PYLE

LANSING (AP) — Michigan's legislature returns to work tonight with its two major unsolved problems—congressional and legislative redistricting—clouded by new legal questions.

With only eight working days left ahead of the current deadline of May 29 for adjournment, lawmakers find:

—Pending legal action in U.S. District Court in Detroit on a request for a stay of the order declaring the 1963 congressional districts unconstitutional and directing that they be remapped on a strict population basis.

—A formal opinion from Atty. Gen. Frank Kelley, backing up last week's letter in which he told the legislature it has no power to redistrict itself.

★ ★ ★

—A petition filed in the U.S. Court of Appeals in Cincinnati, asking that the Michigan Supreme Court be ordered to act within one day in adopting a plan for new legislative districts.

NEW DEVELOPMENTS

All three developments have come since lawmakers broke camp last Wednesday after two days of trying to solve the redistricting and related elections problems.

A hearing is slated Friday in U.S. District Court on the petition by former U.S. Rep. Alvin Bentley of Owosso for a stay of the congressional redistricting order.

★ ★ ★

The court ruled districts mapped by the legislature in 1963 were unconstitutional. In a 2-1 finding, the court said they must be redrawn or congressmen will be elected at large.

The request for the stay was filed by Richard Van Dusen, attorney for Bentley who entered the case as an intervening defendant.

PREPARES ANSWER

Soliitor General Robert Derengoski said Monday his office is preparing an answer to the Bentley petition. Theodore Sachs, attorney for the original plaintiffs, also is preparing an answer.

Citing similar action by U.S. District Courts in redistricting cases in four other states, Van Dusen asked the court to stay the effectiveness of its own order to redistrict until after the 1964 election.

★ ★ ★

This would permit congressmen to be elected this year from the 1963 districts, even though they have been declared unconstitutional because of population disparities.

"The people of Michigan are faced with chaos of congressional elections at large unless a stay of enforcement of this court's decree is granted," said the petition.

AVOID CHAOS

"In every other current case the federal district court involved has stayed enforcement of its decree in order to avoid elections at large, despite the existence, in many cases, of population disparities far greater..."

Without a stay, the request said, an at-large election will be necessary even if the court's order ultimately is reversed or modified upon appeal.

At-large elections, it said, "would lessen direct contact between the representatives and their constituents, and more importantly, such an election at large would confuse the electorate."

In Indiana, he said, the court declined even to consider the question until after the 1964 elections.

LACKS POWER

Kelley, in the letter to legislative leaders last week, promised the opinion in which he finds the law-making body lacks power under the State Constitution to remap its own districts.

The job, he said, belongs to the Legislative Apportionment Commission and—in the event that body fails—the State Supreme Court.

★ ★ ★

The State Supreme Court had postponed its decision on plans submitted by the deadlocked commission pending the setting of "guidelines" by the U. S. Supreme Court.

★ ★ ★

Monday was to have been decision day in the U. S. Court. A decision providing the guidance sought by the Michigan court had been expected by many persons in the capitol, but none came.

The post office at the New York World's Fair, equipped with the latest electro-mechanical devices, will be able to process an estimated 250,000 pieces of mail a day.

Dog Decides to Adopt 3 Mockingbirds

ATLANTA, Ga. (AP) — "It's more the dog wanting them to be puppies than the birds wanting to be puppies."

★ ★ ★

That's the way Mrs. Orbun T. Moore described relations between her white female poodle, Shalley, and the three young mocking - birds the dog has adopted.

Shalley took the fledglings to raise two weeks ago when they were about a week old. Their real mother had abandoned them.

★ ★ ★

Fed a diet of soft-scrambled eggs, egg yolk, ground meat and bread soaked in milk, they flourished. Shalley, who has never been a mother, took care of them as if they were puppies.

Your Heart Has Nine Lives—II

Be Wary—Some Misconceptions Can Kill You

(EDITOR'S NOTE—This is the second of 12 articles condensed from the new book, "Your Heart Has Nine Lives.")

By ALTON BLAKESLEE and JEREMIAH STAMLER, M.D.

In matters of health, everyone from grandmother to a seatmate on an airplane is quick with well-meant advice.

Sometimes it is sound. But unhappily their advice is often dangerous, based on myths or misconceptions, or far outdated.

A cloud of myths and misconceptions obscures the facts about coronary disease and bodes no good for our hearts. Some examples:

"Heart attacks happen mostly to big shots and executives."

★ ★ ★

The fact is business executives are no more prone to heart attacks than anyone else, and may have fewer because recently more of them have been acting against the known risks.

'NEW PILL'

"A new pill cuts down your blood cholesterol, so you don't have to worry about what you eat."

There is no safe drug yet available for general use. Furthermore, reducing the cholesterol level involves only one of the high risks.

"This new diet melts off extra pounds in two or three weeks."

★ ★ ★

Be wary. Crash diets may or may not slough off weight, and when they do they may omit essential nutrients your body and heart need. Most importantly, they offer no long-term solution.

"They say calories don't count."

DO COUNT

Well, they certainly DO count, and weight gain invariably comes about because we eat more calories than our bodies need. The rest is stored as fat, with one pound of fat representing 3,500 calories.

"To avoid a heart attack, you've got to cut out all fats, and can't have any eggs or butter or anything containing cholesterol."

Absolutely untrue. The anti-coronary diets call only for cutting down on fats and cholesterol, and SUBSTITUTING another kind of fat for some of the hard fats you ordinarily eat.

★ ★ ★

On the other hand, we also hear:

"The human body manufactures cholesterol, so it doesn't matter what you eat."

ADDS MORE

Our bodies do manufacture cholesterol. But what we eat can add a lot more than we would otherwise have.

"Exercise in middle age is dangerous. And exercise can't help you lose weight, you just get hungry and eat more."

We do read of men dropping dead on the golf course, or while shoveling snow. It's easy to assume it is exercise that kills or hurts the heart. In truth, about half of all heart attacks occur during rest or sleep.

★ ★ ★

Leading specialists like Dr. Paul Dudley White of Boston believes exercise and hard work preserve your heart.

10-MINUTE WALK

A 10-minute walk each day—added to present activity—can spend 50 calories without making you eat more. That's enough to lose five pounds in a year.

"Heredity sets you up for a heart attack, and my father and grandfather before him had heart trouble. So I might as well eat, drink and be merry."

Heredity may play a role and affect your risk. But there's a difference between a "family tendency" due to genetics or inheritance, and a tendency that simply reflects family habits such as overeating, obesity, and heavy smoking.

A real family history of premature coronary disease should impel you to seek medical advice early—and get on with a systematic, thorough-going attack against the conspirators.

NO REASON

"There's really no reason to be careful about smoking, exercise and eating—look at all the guys who eat all they please, smoke all they please, and never lift a finger in exercise. They live well and long with no heart attack."

Some do, true enough, but how many? It is impossible to predict whether you will be one of the lucky few—or whether you will follow the usual course and be victimized prematurely.

"I'm 25 and perfectly healthy. There's no reason to worry about heart attacks until I reach 40."

You may be whistling en route to the graveyard. For atherosclerosis is a systemic disease, a long-term process usually developing slowly and sporadically until the biological rusting closes off a vital artery.

EARLY CLOGGING

It appears likely that most young American males have "early" artery clogging. Many are dying young and far more will become prime candidates for heart attacks by age 45 to 54, unless they avoid events along the way that hasten the disease.

"Being a woman, I don't have to worry about heart disease. It's men who are susceptible."

As a woman you are likely to be relatively free of severe coronary disease, compared with men, until late in middle age.

You are not immune even then. And after about age 65, women suffer from heart disease and strokes almost as much as men.

As a last example, one common attitude runs pretty much like this:

"The artery disease is just part of growing old. We have more older people now, so it's only natural more people are dying of heart disease."

Well, the artery-rusting process is not an inevitable handmaiden of aging. The arteries of some men in their 80s and 90s are found remarkably free of the rust.

Atherosclerosis is no new actor on the stage of human disease. But it was not until 50 years ago that the coronary attack was really recognized as a true clinical entity.

★ ★ ★

Forty years ago and less, the diagnosis perhaps was often missed, with some real heart disease ascribed to "acute indigestion," which also brings on pallor, sweating, and fall in blood pressure.

One treacherous thing about the coronary attack is to decide whether the abdominal pain, retching and nausea are due to a heart attack, or some other disease or severe indigestion.

The sick person and his family should beware of self-diagnosis—and summon a physician to make the proper diagnosis.

The incidence of premature coronary disease among men has increased in past decades.

And there is no sign yet that this high rate, particularly among middleaged men, will decline in the near future, unless we act to bring it down.

★ ★ ★

Our defense is to know what happens, and then specifically what we can do about it. For your heart's sake, banish the old myths, and replace them with modern knowledge.

★ ★ ★

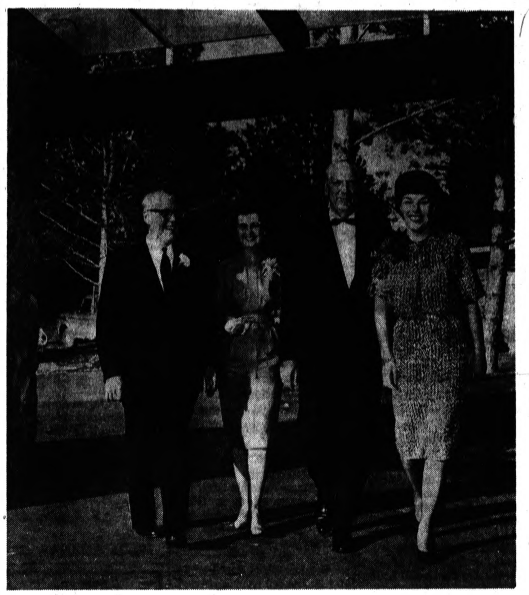
G M Girls' Club Honors Bosses at Dinner



Pontiac Press Photos

Entering Pine Knob Ski Resort Monday evening for the 14th annual bosses' dinner of General Motors Girls' Club are (from left) Buel E. Starr, Pontiac Motor Division; and Mrs. Ivan Schram, president of the club; Carl Rogers, GMTC; and Catherine Walser, vice president, of the hostess group.

The first honorary member of the General Motors Girls' Club is a man!

Joseph H. Shimmick, director of personnel services for Pontiac Motor Division, was awarded the special citation at the 14th annual May dinner in honor of bosses at the Pine Knob Ski Resort Monday evening.

★ ★ ★

Two special guests for the evening were Mrs. Mary Wiar, president of the Detroit Area GM Girls' Club, and Mrs. Kenneth A. Mead, supervisor of informational educational relations section at the GM Building, Detroit.

Officers for 1964-65 club year were introduced. Mrs. Ivan Schram continues as president and will be assisted by three vice presidents. They are: Catherine Walser, Pontiac Motor Division; Mrs. Margaret McBride, GM Truck and Coach; and Mrs. Shirley Bartholomew, Fisher Body Division.

★ ★ ★

Acting as financial secretary will be Mrs. Donald Duffy. Mrs. Eldridge Johnson is treasurer and Mrs. Evelyn Breckenridge, recording secretary.

The Monday dinner was planned by Miss Walser, Mrs. Johnson and Mrs. Bartholomew.

With Joseph Shimmick (center) director of personnel for Pontiac Motor Division, are Mrs. Shirley Bartholomew (left) of Fisher Body Division and Mrs. Eldridge Johnson of General Motors Truck and Coach. Shimmick was given honorary membership in GM Girls' Club at the Monday evening dinner.

Alaskan Expresses Pride in Town, State and Country

By ABIGAIL VAN BUREN

DEAR ABBY: I write with compulsion tonight. I can no longer contain my pride in my town, my state, my nation.

ABBY

Where do I start? I have seen people who have lost dear ones. People who have lost only some of their worldly possessions, and people who have lost everything.

★ ★ ★

But no backs are bowed. The cooperation and organization is astounding!

From teen-agers who offer to baby-sit for their neighbors so that they may salvage what they can from their wrecked homes, to engineers and survey crews already working to rebuild.

Restoration of transportation, mail service, water, newspapers, power, has begun, and even the corner grocery store is swept up, mopped up, and sometimes propped up, but open for business.

★ ★ ★

What a heroic job our radio hams did, working night and day to relay messages to loved ones.

And the American Red Cross! And the generosity of our sister states! I could go on and on.

Let no man say that we are "soft," that we Americans are weak. I have seen our strength and I am overwhelmed.

A PROUD ALASKAN

DEAR ABBY: You advised that short-skirted cocktail waitress who complained about her hours and the men customers making passes at her to get a job with shorter hours and longer skirts.

That is easier said than done. Six years ago my husband walked out and left me with five children under ten years of age.

★ ★ ★

I had never worked a day in my life and was trained for nothing. I took a job as a short-skirted cocktail waitress.

It wasn't easy, but it beat charity. I have been able to support my family and provide insurance for their future educations.

If men customers get rough, I tell them in a nice way that I have five children to support and a scene could cost me my job.

They never give me any trouble after that. I work five days a week from 7 p. m. until 2 a. m. and take home about $160 a week.

I am a PTA president, Cub Scout den mother, blood donor and a one-day-a-week hospital volunteer. I am also —

A SHORT-SKIRTED WAITRESS

★ ★ ★

DEAR SHORT-SKIRTED: You are also a far-sighted woman, and justifiably proud.

Must Write Personal Thank You

By The Emily Post Institute

Q: My fiance and I will be leaving on our honeymoon immediately following the reception and will be away for two months.

As most of the presents will be arriving too late for me to acknowledge them before the wedding, may I wait until my return to acknowledge them?

★ ★ ★

Or would it be permissible to have printed thank-you cards made up beforehand which a member of my family could send out for me while we are away?

★ ★ ★

A: Printed thank-you cards would not do at all. If you will be unable to write notes of thanks while you are away, it would be permissible in your case, rather than keep friends and relatives waiting for two months wondering whether or not their gifts were received, to send printed cards acknowledging the receipt of the gift and stating a personal note will be written at a later date.

Q: My father's sudden death canceled my European trip. I received quite a few going-away presents. Should these be returned?

★ ★ ★

A: If your trip has been temporarily postponed for a later date, you would keep the presents. If it has been canceled indefinitely, they should be returned unless the friends ask you to keep them.

Q: Will you please tell me the correct way to eat an open grilled cheese sandwich? Should it be eaten with a knife and fork or may it be picked up and eaten in the fingers?

★ ★ ★

A: It should be eaten with a knife and fork.

The Emily Post Institute booklet entitled, "Table Rules of Importance," describes how to eat spaghetti as well as other difficult foods.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

These Couples Are Honeymooning

MRS. R. CHAMBERLAIN

MRS. H. E. STORMER

MRS. TERRY M. HART

MRS. JOHN A. KELLEY

The Ronald Eugene Chamberlains (Carolyn Lou Vance), who were wed recently in the First Christian Church, chose a trip to Virginia for their honeymoon.

★ ★ ★

A reception in the VFW Hall at Lake Oakland followed the evening ceremony performed by Rev. Jack H. C. Clark.

★ ★ ★

Venise lace applique accented a gown of white nylon organza over taffeta for the daughter of Mr. and Mrs. Robert J. Vance of East Strathmore Avenue.

★ ★ ★

The bride's Empire bodice extended into a bouffant skirt and Watteau chapel train. Her nylon veil was capped with a crystal tiara. White roses, feathered carnations and Stephanotis were arranged in a cascade bouquet.

★ ★ ★

Henrietta Lampi of Clarkston was honor attendant along with bridesmaids Judith Chamberlain and Sharlene Henderson.

Brothers of the bridal couple attended the bridegroom, son of the Melvin F. Chamberlains of Brimfield Street. P.O. Radioman 2.C Anthony Chamberlain came from Norfolk, Va., to be best man. John and Phillip Chamberlain ushered along with Robert J. Vance.

Carolyn Verda Ball exchanged recent vows with Henry Eric Stormer, in the United Presbyterian Church of Auburn Heights.

Her parents, the Douglas M. Balls of Greenwood Avenue, Avon Township, were hosts at a home reception following the afternoon ceremony performed by Rev. William Palmer.

★ ★ ★

Alencon lace enhanced the bride's street-length gown of white peau de soie, styled with scoop neckline and three-quarter length sleeves.

Her bouffant veil of silk illusion was capped by a pearl circlet. White carnations centered the bridal bouquet of yellow roses.

Mrs. Richard Wolf of Chicago was matron of honor and Lennie Ball attended her sister as bridesmaid.

★ ★ ★

The bridegroom, son of the Henry Stormers of West Strathmore Avenue, had Robert Vanacker for best man. Robert Ball, the bride's brother, ushered at the family ceremony.

On their return from a northern Michigan wedding-trip, the couple will reside on South Marshall Street.

Off on a three-week honeymoon in California are the Terry Michael Harts (Darlene Kaye Stellmach) who were wed recently in St. Vincent de Paul Church.

Some 300 guests attended a reception in the American Legion Hall, Auburn Heights, following the nuptial ceremony performed by Rev. John DeWitt.

★ ★ ★

Parents of the couple are the Roman J. Stellmachs of Argyle Avenue and the Dennis L. Harts of East Madison Avenue.

LACE MOTIFS

Alencon lace motifs accented the bride's gown of white silk organza over taffeta and her chapel train. The Empire bodice was finished with a contour band above a semi-dome skirt.

Imported silk illusion fashioned her bouffant veil topped with a double crown of lace and seed pearls. The bridal cascade was white roses.

Honor attendant was Julie Elkins; Patricia Romanowski of Detroit and Ann Lyons were bridesmaids.

Donald Stellmach was best man for his brother. Dennis Hart Jr. ushered with Russel Beach.

The newlyweds plan to live in Pontiac.

An recent evening ceremony in the Donelson Baptist Church marked the vows of Connie Louise Wright to John Albert Kelley.

★ ★ ★

Daughter of the Edward E. Wrights of Nokomis Way, the bride appeared in a floor-length gown of white organza over taffeta worn with sequined lace jacket.

★ ★ ★

Her lace-edged tiered veil of illusion fell from a jeweled crown. A spray of yellow roses centered a bridal cascade of white carnations.

★ ★ ★

Janet Wright attended her sister as honor maid at the ceremony performed by Rev. Lee LaLone. The bridegroom's sister, Catherine Kelley and Donna J. Snyder were bridesmaids.

★ ★ ★

The bridegroom, son of Mrs. Edith Kelley of Union Lake had Norman Bishop of Troy for his best man. Seating some 200 guests were Jerry G. Ogg and Donald Likens.

★ ★ ★

The newlyweds left for a brief honeymoon after a reception in the Bemis - Olsen Amvets Post Hall.

Soap-'n'-Water Best Hygiene

Dr. Willis J. Potts, health columnist, stresses the importance of soap-and-water hygiene in warding off infection.

Even if just one member of the family is suffering from a series of boils, he advises the entire family to take daily showers rather than tub baths.

Each should have his own towel. And contaminated linen or clothing should be promptly laundered in boiling soap or detergent suds.

Ripe Canteloupe

A cantaloupe is ripe when the green color at the base of the stem has faded to a waxy gray or yellow shade.

Why Grow Old?

By Josephine Lowman

Q. "Please help me! I have a very bad weight problem. I have started on a diet by myself (just cutting down on foods). I am 5-feet 8-inches tall, have a large frame and weigh 158 pounds.

BUT, I AM ONLY 13! I don't have as much fun as other girls at school because I'm too fat. Please help me! I would like to start having more fun."

★ ★ ★

A. You do need to lose weight badly even though you have a large frame. I know how you must feel and am sure that you will be so much happier after losing those extra pounds. You will have more fun too!

You are attacking the problem with the correct viewpoint, eating a well-balanced diet but just cutting down on amounts. At your age good nutrition is especially important.

I wonder if you have cut out candy and cake and high-calorie soda fountain items and such? You will have to go very light on these and keep the food essential to health up to par.

★ ★ ★

In your hurry to lose do not make the mistake of adopting a faddish diet. Be patient and lose slowly but steadily.

I think it would be a splendid idea to see your family doctor and let him encourage and guide you. Checking in with him periodically will reinforce your determination.

Q. "What about exercising while pregnant?"

★ ★ ★

A. How much exercise and what kind of exercise are questions for your doctor to answer. Individual conditions differ. What would be safe for one woman might be dangerous for another.

★ ★ ★

As a general rule I think most physicians consider the daily walk the best exercise during those important nine months. They do feel that regular exercise is important.

If you or any of my other readers would like to have my leaflet "Why Not Take Steps Toward Lovely Legs?" which gives you corrective exercises for the most usual defects in leg contour, send a stamped, self-addressed envelope with your request for leaflet No. 13 to Josephine Lowman in care

How to Remove Milk Stains

The proverbial remedy for fresh milk stains also applies to evaporated and condensed milk splashes and spills.

Sponge or soak the spot with cool water, then wash the stained fabric in hot soap or detergent suds.

★ ★ ★

If the stain persists, moisten it with a solution of warm water and vinegar, then sprinkle it with powdered pepsin.

Keep the stained area moist and in a warm place to permit peptic action. After 15 minutes to three hours, the stain should rinse out with warm water.

Michele Morrow, Sylvan Lake (left) and Judy Hoogerhyde, Chippewa Road, were selected from 20 applicants to model in a professional Detroit style show this week. Close friends, the girls have done a good bit of modeling in the past year—in local fashion shows, on television and now with a group of professionals, all of whom will display European fashions.

Two Girls' Friendship Becomes Fashionable

Two best friends will be the only nonprofessional models in an invitational style show sponsored by Montgomery Ward in the Statler Hilton Hotel in Detroit Wednesday evening.

Pontiac Central High School students Michele Morrow and Judy Hoogerhyde were chosen from a field of 20 entrants.

Pals since both were introduced by a mutual friend in the ninth grade, they often borrow each other's clothing "for special occasions."

* * *

Similiar intests occupy the girls' time after school. Judy has taught ceramics classes and Michele took a class for five years. Both like "clean-cut boys."

They girls say they often spend the night at each other's house, and last summer Michele accompanied Judy and her parents on their three-week Florida vacation.

* * *

College won't separate this twosome. Judy and Michele will attend Western Michigan University in the fall, Judy to study art and Michele to become a teacher.

* * *

They hope to room together.

The girls will be modeling European fashions for 900 invited spectators. Such famous designers as Pucci and Fabiani have designed a line which will be carried in Ward's fall collection.

Use Spiked Water

How do you keep a fiberglass boat clean? The professional answer to this question posed at the 1964 National Motor Boat Show at the Coliseum in New York: Use water "spiked" with soap or detergent and a little ammonia.

5 Delegates Named for Convention

Delegates were elected to the World War I Department of Michigan at the Monday meeting of Veterans of World War I Barracks No. 49 and Auxiliary.

* * *

Elected at the business meeting, following a cooperative dinner, were Mrs. George Ault, Mrs. Stuart Capron, Mrs. Richard Adams, Mrs. Guy Poppy and group president, Mrs. Ayers Miller.

Alternates were Mrs. Clyde Reid, Mrs. Vera Mineweaser, Mrs. William Carls, and Mrs. Samuel Korvanen.

Mrs. Reid was welcomed to membership at the meeting. Mrs. Robert Nelson of Lathrup Village was a guest.

Convention dates have been set for July 10-12 in Grand Rapids with the district five meeting of World War I May 24 at 12:30 p.m. in the Legion Home on Auburn Avenue.

Watch Collar for Proper Fit

A badly - fitted, or carelessly - donned, jacket collar can spoil the look of an otherwise - handsome clothing ensemble.

If it gaps away from the neck in back; is so high that it covers the shirt collar completely or so low that it shows an inch or so of the shirt collar — it is incorrect.

The proper collar hugs the neck and shows only half an inch of shirt collar.

A late June wedding is planned by Louise Shaw of Cherrylawn Avenue, daughter of the Frank O. Shaws of Monticello Avenue and James Arthur Heck, son of Mrs. David S. Howell of Troy and George Heck of Warren. They attended Wayne State University and Michigan State University, respectively.

First Coat of Soap for Golden Jewelry

If you plan to coat gold jewelry with colorless lacquer to prevent its discoloring your skin, first wash the pieces with hot soapsuds.

* * *

Then rinse and dry thoroughly. This removes body oils and cosmetics which might prevent the lacquer from adhering to the metal.

Teen-Agers Sense Confusion of Parents

By MRS. MURIEL LAWRENCE

Dear Mrs. Lawrence: I wouldn't wish my worst enemy to be the parents of a teen-ager today. They are so mean and bull-headed.

* * *

We have a girl, 16, who is always saying she is going to do something she knows we think is wrong. The latest is going away with her boyfriend and another couple for a weekend.

The other boy's people own a cabin on a lake and the story is that the four of them will clean it up after the winter. They will be alone . . .

* * *

Answer: And you're scared that she'll make the talk real.

You're scared she'll really go off for this weekend, leaving you and her father helpless to do anything about your conviction that she has done the wrong thing.

You would not be helpless. What you could do if it turned out that she meant what she said, is to make it clear that you meant what you said.

You could follow her to this cabin, collect her and bring her home.

* * *

If you met more resistance than you could personally handle, you could get a police officer to add force to your conviction that this weekend is the wrong adventure for a 16-year-old girl.

DON'T DO IT

But I advise you to do none of these things. You couldn't bring them off.

You are so suspicious of what you claim to believe is right that any of these follow-through actions would come out defensive.

You would be so abusive and accusing that your child would instantly spot your uncertainty.

So she would start exposing herself to riskier and riskier experiences in order to express her contempt for you.

* * *

The young are not so "bull-headed" as they are contemptuous. Contemptuous of the sloppiness of grownup conviction: the whole flabby wibble-wobble fo the adult moral structure.

They listen to our sermons on the obligation to do "the right thing" — and then watch us collapse like rag dolls when the talk demands translation into action.

The resulting feeling of the young is: "If these grownups love their views of rightness so much that they can't stop talking about them, why don't they act on them?

"If their rightness isn't good enough for them, why should we have to act on it? Man, can they yak!"

I don't know why your child should honor your moral view about this weekend if you aren't willing to fight for it.

The Warren R. Stewarts of Sterling Avenue announce the engagement of their daughter Patricia to Dale Edward Grosjean, son of the Robert I. Grosjeans of South Avery Road.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

It's a great day in the life of your lively one when he tries to feed himself. Of course, the operation's a bit messy but think of the big strides he'll make in manual dexterity and hand-to-mouth co-ordination. A Gerber Cover-All Bib will protect clothes from dribbles. Newspaper under his high chair will spare the floor from spills. A bit of paper toweling under the feeding dish will keep the tray relatively tidy.

New and hand-y, too! Great way to help your baby practice self-feeding: Gerber Chicken Sticks. Made from tender poultry selected by Armour, plus nonfat dry milk, they have protein aplenty to help give your baby's growth a boost. Mildly seasoned and filled with real chicken goodness, they're in a flavor-class by themselves. Offer this finger food "as is" or heat slightly. P.S. Gerber Meat Sticks are deliciously nutritious, too.

Another achievement report. When self-feeding starts, your baby may also start to form real words. And because those first talking-tries are so enchanting it's a temptation to baby-talk back to your cherub. But this won't help baby better his speech. He learns by imitation and will learn more quickly if you speak normally, clearly and slowly.

Time out. If baby walks soon after he talks, he may slow down his speech attempts temporarily. There's so much concentration required in learning to walk . . . so many things to discover . . . your darling doesn't have too much time for talk.

Happy menu choices for the high-chair crowd . . . each and every Gerber Junior Food. Know why? Because they're prepared by specialists who are wise in the ways of what toddlers will like (and what they need nutritionally). Over 40 choices to banish mealtime monotony. How about Chicken Noodle Dinner teamed up with Mixed Vegetables for our next lunch? Gerber® Baby Foods, Box 72, Fremont, Mich.

Aftershocks Prove Mental Strain to Alaskans

ANCHORAGE, Alaska (AP)—Residents of this shattered city, who showed almost no panic in the Alaska earthquake of March 27, have become tense and apprehensive from a steady series of aftershocks.

Their reactions have not been unusual, said doctors, psychiatrists and a psychologist in an Associated Press survey.

★ ★ ★

"I think everybody reacted quite calmly and adjusted quite well to the disaster," said Dr. William A. Davis, assistant professor of psychology at Alaska Methodist University. "There has been very little maladaptive or maladjusted behavior."

Private physicians said there has been a moderate to heavy increase in the number of persons complaining of nervous problems.

EMOTIONAL BLOW

"The earthquake had a sizable impact emotionally," said Dr. J. R. Langdon, a psychiatrist. "But I suspect it will not prove to have been real bad."

★ ★ ★

Another psychiatrist, Dr. W. J. Rader, said people "rose to the occasion because it was a clear and present danger and they could address themselves to necessities that had to be taken care of."

The earthquake actually helped some emotionally upset persons, said the doctors, because it enabled them to forget their real or imagined personal problems.

There was very little panic in the original quake, they said, because people had no warning, probably didn't realize at first how severe it was, did not witness many casualties and were not in large crowds that generate mass terror.

ACUTE ANXIETY

That the aftershocks have been causing acute anxiety was indicated in a survey of 180 residents by Davis' university class. Many said they felt panicky.

★ ★ ★

The U.S. Coast and Geodetic Survey at Fairbanks said it appeared that aftershocks strong enough to be felt could be expected for several weeks.

Doctors reported some extreme reactions.

One person's hand became paralyzed and others have told of numbness in their arms and legs.

SCREAMING WOMAN

A woman, who became hysterical during one heavy aftershock a week after the original quake, rushed into a doctor's office, screaming that God was going to take her child.

Langdon said that for some residents the quake was followed by excessive sleeping and fatigue.

★ ★ ★

Residents are becoming angry about the impact of the quake, he said, and probably will become depressed this summer or fall if there is lack of progress in solving problems.

"Once the decisions are made, people will have their work cut out for them and will go ahead," he said.

Can't Afford Milk? Better Check Again

By DR. WILLIAM BRADY

"Our family living on $221 a month just can't afford to buy milk for six children. What other sources of calcium can you suggest?" (Mrs. M. E.)

Other good sources of calcium for children or adults are cheese, skim milk, buttermilk, sour milk, egg yolks, beans, peas, nuts, peanuts, raw turnip, raw cabbage, celery, lettuce and greens in general.

You do not mention the price of milk in your city, but unless it is much higher than the price in other cities, milk is the most economical food a family living on a low income can buy, particularly for the growing children.

Although milk is the best food source of calcium for anybody who suffers from calcium deficiency, that isn't the only reason why recognized nutrition authorities call milk the most perfect food.

★ ★ ★

The protein (curd, cheese, albumen, casein, globulin, nitrogenous part) of milk is quite as good if not superior to the protein of meat in human nutrition. That is to say milk supplies all the amino acid components of protein that are required for human growth, building and repair.

NO SUBSTITUTE

Hence there's no substitute for milk in the diet of an athlete. No other food gives more vigor or strength or fortitude or endurance.

All hokum aside, good nutrition authorities regard riboflavin (vitamin B2, formerly called vitamin G) an essential for the health of skin, hair and nails. This is the vitamin of which Prof. E. V. McCollum found an optimal daily intake "tends to preserve the characterisics of youth."

★ ★ ★

Optimal intake means two or more times as much as the minimum daily requirement, the amount required merely to prevent manifestations of deficiency disease. An optimal daily ration of riboflavin is 5 to 8 milligrams.

One would have to take a quart of milk every day to get the minimum daily requirement of riboflavin, nearly half a gallon to get the optimal daily ration. Of course, other foods which contain riboflavin should supplement milk in the diet, such as eggs, cheese, evaporated milk, plain wheat (cracked or ground fresh daily) beans, green peas, dried peas, beet greens, turnip greens, spinach, liver, lean meat, nuts, peanuts, fish roe, mackerel, canned salmon, sardines.

Three glasses of milk (1½ pints) would supply approximately the minimum daily requirement of riboflavin.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

CHEVY II by Chevrolet

Go on an economy drive this vacation

Sure you can just about run a Chevy II on peanuts. But don't let its economy fool you. Because this frisky family car can take the whole gang along on any trip you want to make. In plenty of comfort and a whole lot of style.

Its range of power makes fun out of turnpikes and mountain roads alike. (Makes each gallon of gas work overtime, too!) Inside, a Chevy II Nova is tailored for travel. Child-proof upholstery, trip-size trunk and glove box, dual sun visors and deep-twist carpeting are just a few standard features.

That roomy, rugged Body by Fisher is as easy to look *after* as it is to look *at*. In fact, Chevy II virtually cares for itself, with a battery-saving Delcotron generator, self-adjusting brakes, long-life muffler and self-cleaning rocker panels that help prevent rust by flushing out salt and other corrosives.

There's a Chevy II for everyone—sedans, wagons and sport models. A price for everyone, too. Because now is Trade 'N' Travel Time at your Chevrolet dealer's. Time to get the most fun from your *new* car and make a great deal on your *old* one!

Of *course* you're not supposed to be so practical when you plan a vacation. But being *this* practical won't spoil a bit of the fun. Should add to it, in fact, for the rest of the year. And *that's* about fifty weeks' worth. *Every* year.

Public Will Find Improved Parking And Boat Launching Area At Dodge Park

Over 5 Inches of Rain

Only 1 Snowfall, but April Was WET

April weather didn't let the pessimist down.

Unlike the optimist who had stored away his snow shovel, the cynic was ready for the four inches of wet snow that dropped on the area April 2.

It was however, the last recordable snowfall locally this season.

That fact still didn't bother the pessimist. He traded his shovel for an umbrella and used it considerably last month.

★ ★ ★

On April 5, a half-inch of rain fell on the area, giving a clue to what might be expected. By the time the month sloshed to a close, more than 5 inches had ruined more than a few golf games.

DESTRUCTIVE POWER

While the rains were upsetting in April, they did not carry the destructive power of one rainy evening in April last year.

Hailstones as big as golf balls pelted the Pontiac area April 17, 1963, smashing store windows, denting automobiles and ripping convertible tops.

Nearly 2 inches of rain accompanied the hail.

★ ★ ★

Last month, while surpassing the 4.95 inches of rain in April a year ago, the rain accumulated during 11 days.

17 DAYS

Forgetting the two extremely foggy mornings of April 6 and 21, the sun did shine for the optimist, at least off and on, for 17 days of the month.

And with it came at least one extremely warm and humid day, April 17. The temperature reached 83 degrees, almost equaling the record-breaking 84 set the previous April.

The 84 was recorded April 12 and topped the all-time early spring reading of 82 set on March 28, 1945.

The low last month was recorded on the 1st and the 4th when the mercury dropped to 19.

A year ago in April, the temperature never fell below 25 degrees.

New Footbridge Links Two Picnic Areas At Dodge Park

New Facilities on Display

Open House Set at Dodge Park

Oakland County's most popular state park, Dodge Bros. No. 4, will be open free of charge tomorrow so visitors can inspect new facilities built at a cost of $295,000.

The open house at the 83-acre park on the north shore of Cass Lake is being held as part of Michigan Week.

Among the improvements is a circular building, 120 feet in diameter, which houses a concession stand, bath house and rest rooms.

Constructed of pre-cast concrete, the combination facility was built at a cost of $99,000.

★ ★ ★

Several new picnic areas have been added this year, old picnic sites improved with toilet facilities; a water and sewage system constructed; parking areas paved; and boat launching ramps improved.

Park manager Carl Althoff said the cost of the entire project will be paid for with money from vehicle permit fees.

★ ★ ★

Last year, 570,000 persons visited the park, located in West Bloomfield and Waterford townships, ranking it eighth among state parks in attendance.

The park can be reached by taking Cass-Elilabeth Road to Parkway.

75 Teachers Ousted

VANCOUVER, Wash. (AP) — A packed hearing was told Monday night that 75 teachers from the Vancouver school district are being dismissed because voters in the area defeated a $1.3 million levy proposal twice.

Robert Simpson, assistant superintendent of the school district said the dismissals have nothing to do with the teachers' qualifications.

YOUR BEST INVESTMENT IS IN YOURSELF

Can you afford specialized business training? You can't afford not to have it. When you are young the best investment you can make is in yourself. One hundred dollars invested in a bond will bring you three or so dollars a year —unless something happens to the bond. But a hundred dollars invested in acquiring knowledge or skill will bring you dividends of pleasure and profit as long as you live. Your principal will be invested in a business you control. It will be where you can watch it. Booms can't inflate it and depression can't wipe it out. Thieves can't steal it. Relatives can't borrow it.

She's Playing Stripteaser

Hollywood Seeing Lots of Kim

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — She's been away for two years, but now Hollywood is seeing a lot of Kim Novak. A whole lot.

THOMAS

After a period of picture-making abroad and staying at her Big Sur hideaway, Kim came back to town for "Kiss Me, Stupid," in which she plays a stripteaser. She made her entrance for her first scene in a costume that is little more than a couple of strategic bandannas.

★ ★ ★

The blonde actress with the passion for purple was feeling effervescent on her return to work, despite an aching back.

"I thought I was just stiff from a pulled muscle," she said. "I had a massage, what was probably the worst thing I could have done for my back. It turned out I had a pinched nerve or something and I had to go to the hospital and remain in traction for a few days.

LARGE PART

This is Kim's first movie here since "Boys' Night Out." She spent a large part of last year making and remaking "Of Human Bondage" in Ireland.

Her nonworking time has been spent at her home in the idyllic Big Sur setting south of San Francisco.

★ ★ ★

"It's a marvelous place," she said, "and I get so much done when I'm there. It seems I don't have enough time to do all I want to. I write and I paint. I'm completely isolated when I'm there. I have a telephone, but only for outgoing calls. The thing I want to hear least when I'm in the middle of painting is a telephone bell.

★ ★ ★

"Social life? Yes, but it's done on an informal basis. People leave notes at the general store: 'So-and-so, drop by Kim's today.' Nobody has telephones.

ARTISTS, WRITERS

"There are a lot of artists and writers nearby, and I also go up to San Francisco now and then; it's only an hour and a half away. A man in my life? Well, there's one: Al Schackman, a musician. He's putting music to poems I've written."

Hunt Woman, 76, in Swampy Area

ROGERS CITY (AP) — State police and Presque Isle County sheriff's men searched a swampy area south of here today for a 76-year-old woman missing since Sunday.

★ ★ ★

The search was for Mrs. Anna Klann, prominent Rogers City resident last reported seen in the vicinity of Hawks, three miles south of Rogers City.

★

Mrs. Klann left for Hawks to visit a brother, Walter Shultz. Children reported seeing her in midafternoon Sunday.

"Where do you get your rebozos?"
"The same place I get my cement!"

Many years ago, rebozos (colorful hand-woven shawls) were a major export of Mexico. Today, Mexican exporters are more apt to be offering cement.

Like other nations, Mexico became industrialized and more technically accomplished. Now, Mexico exports more than 1000 manufactured articles ranging from ball bearings to electric toasters.

Half of the imports of our number one Latin American customer are machinery, equipment and supplies to keep production booming.

The tradition of quality synonymous with rebozos is kept alive in today's products. You can still get rebozos --the same place you get your cement.

Knowledge of our modern neighbor is important today. Send for the free 16-page booklet, "Know Mexico," Box 1900, New York 19.

Education Lack Brings Poverty—Wirtz

WASHINGTON (AP) — In the news from Washington:

POVERTY — EDUCATION: "The roots of poverty in this country are, simply, lack of education and the deprivation it brings," Secretary of Labor W. Willard Wirtz told the National Committee for Support of the Public School Monday night.

★ ★ ★

Wirtz said a study of 2,500 young men who had failed the Selective Service mental test showed that 80 per cent of them were dropouts, and 40 per cent of the dropouts had stopped school at the eighth grade or below.

And, he added, 50 per cent of the failures had fathers who never finished the eighth grade.

SLUM SCHOOLS

Wirtz said, "We ought to put our best schools in the slums, rather than in the suburbs where the need is not so great."

the Am erican RB66 Eme

RECONNAISSANCE PLANE: The American RB66 reconnaissance plane shot down by the Russians in March took photographs over East Germany without the crew realizing they were in Red territory, the Washington Evening Star reported Monday.

The three men aboard the jet were Capt. David I. Holland of Holland, Mich., the pilot; Capt. Melvin J. Kessler of Philadelphia, the check navigator, and Lt. Harold W. Welch of Detroit, the navigator.

★ ★ ★

The Star said in a story by its military writer, Richard Fryklund, who recently visited West Germany, that the unarmed RB66 took off from northern France and headed for a navigation test area in the northeast of West Germany where Welch was to receive a routine examination of his navigational skills.

As the plane flew northward, the Star said, the radio compass began to drift about one degree a minute.

IDENTICAL PATTERN

Air Force investigators could not fathom at first why the navigator did not detect the drift, the Star said, but found that a one-in-a-million chance took the plane over cities rather than hills that gave almost the identical radar pattern of the proper course.

"When the navigator thought he was over the exercise area," the Star said, "He actually was over East Germany. He began his routine procedure for the start of a practice aerial photography mission. In doing so, he took incriminating reconnaissance photos of East Germany."

★ ★ ★

An Air Force flight evalution board has ordered Holland and Kessler before it in an investigation of the incident. An Air Force spokesman said Monday that Welch had not been ordered before the board and indicated he might not be because of injuries he received in parachuting from the stricken plane.

RESEARCH URGED: A crash program of research to find new methods of controlling plant and animal pests to replace hazardous chemical pesticides was urged today by the National Agricultural Research Advisory Committee.

Reporting to the Agriculture Department—which created it—the committee said pesticides are essential, at least in the foreseeable future, for efficient production, storage and distribution of foods and other farm products.

The committee is made up of farmers, ranchers, educators, representatives of state and private research organizations and representatives of industries concerned with agriculture.

Orangutans are vegetarians and migrate from place to place according to the seasonal growth of their favorite foods.

FOOT ODOR?
New aerosol spray checks perspiration. Keeps feet odor-free 24 hours!

Medical scientists have developed a new aerosol spray that checks perspiration . . . stops foot odor *24 hours* and cools and dries hot, sweaty feet. It's Mennen's Foot Deodorant with triple-action effectiveness to:

1. Kill odor-causing germs *on contact* with a continuous-acting antiseptic that *keeps working all day, all night.*
2. Instantly check the flow of perspiration that *breeds* odor-causing germs—helping *block the return* of foot odor.
3. Cool, soothe and refresh your hot, tired feet making them dry and comfortable.

Faster, more effective relief

Because Mennen Foot Deodorant is an aerosol spray, it stops the smell of hot, sweaty feet *fast.* It eliminates odor *so effectively* because its fine spray *penetrates* even *the tiniest foot crevices.*

Colorless, non-staining

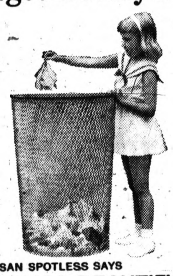
"Daddy, you forgot...every litter bit hurts!"



It happens in the best of families! Dad takes the kids out fishing and forgets that every litter bit hurts . . . in more ways than one! ■ Floating litter is a safety hazard. Litter causes pollution of waterways. Litter causes good fishing spots to be closed down . . . spoils the natural beauty of America's parks and recreation areas. And that's not the worst of it! ■ The good citizenship habits you want your children to have go overboard when they see you toss litter away. So, Dad, Mom, everybody—lead the way to the litterbag. Carry one in your boat and car. On camping trips, take litter out with you. Make it a family project to Keep America Beautiful!

WEIGHTY DECISION—Buster Mathis (left), a 6-3, 298-pound heavyweight from Grand Rapids, Mich., dominated the action while outpointing 205-pound Navy champion Dick Pettigrew in yesterday's Olympic trials at the World's Fair. The bouts go three rounds.

He's Biggest Fair Attraction

NEW YORK (AP)—The biggest attraction at the World's Fair drew only about 500 spectators Monday night and it was a pity.

For Buster Mathis, a 6-foot-3, 298-pounder with surprising sprightliness, outpointed Dick Pettigrew, a mere 205-pounder but an experienced Navy champion to advance to the semifinals of the Olympic Boxing Trials.

Buster, a 19-year-old sign painter from Grand Rapids Mich., and the AAU champion, will meet Tyrone Hollins, a 196-pound soldier from Coffeyville, Kan., in the feature of the 20-bout semifinals tonight in the 18,000-seat outdoor Singer Bowl.

The winners of the 10 finals Wednesday night will represent Uncle Sam in the Tokyo Olympics Oct. 10-24.

UPSET WINNER

Hollins, a left-hander, upset Al Wilson, the inter-service champion from the Camp Pendleton Marines and McKeesport, Pa., in the other heavyweight bout in the evening.

Buster, and that's real name, amazed everyone with his agility, bounce and speedy punching.

* * *

Despite beautiful, summery weather and the right price—admission is free to all visitors to the Fair once they pay their admission to the grounds—only about 1,000 in all saw the afternoon and night bouts.

Mathis says he doesn't mean to imitate Cassius Clay's style—but he does a pretty fair imitation. Imagine a baby elephant doing some ballet steps and you have some idea of Buster in action.

* * *

Two Detroit boxers also moved into the semifinals. Lightweight Ron Harris stopped Willie Thomas of Houston, Tex., at 1:44 of the first round. Hedgemon Lewis, a light welterweight outpointed Joee Cappel of the Third Marine Division, Okiawa.

Four Shutouts in W-O; Utica Wins Bi-County

* * * * * *

The second division teams drew a blank in Wayne-Oakland League baseball yesterday.

Utica became the first area team to sew up a conference championship by defeating Lakeview, 10-3, in the Bi-County showdown.

Kettering and Romeo remained in front of the Tri-County and Avondale tripped Fitzgerald, 3-1.

Milford remained one step in front of Clarkston in the Wayne-Oakland with a 3-0 win over West Bloomfield. Clarkston blanked Clarenceville, 10-0; Holly whitewashed Brighton, 3-0; and Bloomfield Hills completed the shutouts with a 1-0 win over Northville.

Ed Sparkman hurled three innings and Dave Moilenen the last four for Milford. John Kasper doubled home Sparkman with a run in the second and Sparkman singled with the bases loaded in the seventhe for the other two.

Gary Pierson hurled a two-hitter for Clarkston.

FOUR RBI

John Wooley had a triple and single, Ken Miskin had two singles and four runs batted in and Pierson was two singles to lead the Wolves' attack.

Two walks, a double by Wayne Rowe and Dan Krause's single gave Holly its three runs in the fifth. Dick Krause yielded only an infield hit in the first inning and fanned six.

Winning pitcher Ron Paschal blasted a two-run homer in the third and Jeff Maxwell followed with a solo shot to give Utica a 4-2 lead.

The Chieftains were never headed. They wrapped up the championship with three runs in the sixth as John Hazelbrock and Jeff Paul hit RBI singles.

Kettering topped L'Anse Creuse 4-1 yesterday behind a three-hitter by Rick Pankey and is playing a makeup game at Lapeer today.

A win would tie the Captains for first place with Romeo. A loss would assure Romeo a share of the title. Romeo whipped Oxford, 5-0, yesterday as Benny Payne hurled a no-hitter and fanned 15.

Kettering won its game yesterday with three runs in the fifth on a passed ball and run scoring singles by Dave Currin and Bill Deitrich.

Keith Simunic belted a two-run homer in the first for Romeo. Payne has fanned 32 batters in the last two games.

Avondale upped its Oakland A record to 3-2 as Dennis Acker scattered six hits and struck out 14. Mike Meyers singled home the winning run in the top of the seventh and Lynn Thorpe followed with a double that scored the insurance tally.

FIERY ROUNDUP—Stablehands turn a herd of frightened thoroughbreds attempting to escape a major fire at Miles Park Race Track in Louisville, Ky., yesterday. Seventeen horses perished in the fire, five more were destroyed because of injuries and another died of heart attack. (Copyrigted 1964, The Courier-Journal and The Louisville Times).

Horses Die in Fire at Race Track

LOUISVILLE, Ky. (AP) — Officials hoped to determine today exactly how many thoroughbred horses died from fire that turned Miles Park Race Track into a blistered arena of panic-stricken animals.

As best as could be determined Monday night, 17 thoroughbreds perished in the flames Monday afternoon, five more were injured and had to be destroyed and another died of a heart attack.

The flames, thrown from barn to barn by winds, drove the horses into stampede, their charges scattered firemen trying to douse the flames and their hooves sent up dust in choking clouds to mingle with the smoke.

Grooms, trainers, and stable hands led others of the some 600 horses to safety, including Devil's Advocate, one of the biggest winners at small tracks.

Twelve horse barns and one feed barn were destroyed by the fire, which started in a tack room of one barn. Track general manager Horace Wade estimated damage to barns at $100,000 but said it could go higher.

EAST LANSING (AP)—Michigan lost a half game of its Big Ten baseball lead Monday in a 3-2 defeat from Michigan State.

The Wolverines, bowing to lefty Bill Collins' eight-hit pitching, stayed at the top of the Big Ten with a 9-2 record with a showdown weekend coming up.

* * *

With Michigan leading runner-up Minnesota (8-3) by one game the Big Ten season concludes in three games for each team Friday and Saturday.

Collins, after granting Michigan its two runs in the first inning, shut out the Wolverines the rest of the way before 2,000 fans. Michigan had swept a double-header with MSU Saturday.

TIED SCORE

The Spartans tied the score with two runs in the fourth off starter Marlin Pemberton and put over the winning run in the fifth against reliever Jim Bobel.

Dick Billings singled home Bob Maniere with the winning run after the latter singled and reached third on an error and an infield out.

Michigan got its two runs on singles by Ted Sizemore and Ron Tate along with a walk and two MSU errors.

The victory was MSU's sixth against the same number of defeats.

Michigan concludes its season in one game against Ohio State Friday and a double-header with Indiana Saturday, all at Ann Arbor.

Cash Drives Winning Run Home in 9th

Sherry Saves Contest by Striking Out Last Three Batters

WASHINGTON (AP)—A stunning, come-from-behind 7-6 Detroit Tigers victory over Washington Monday night was overshadowed by pitcher Frank Lary's fourth straight failure as a starter.

Lary, who once tormented American League batters, was yanked from the game after 1⅓ innings.

He gave up two runs, five hits and was in trouble when manager Charlie Dressen brought in Phil Regan to put down a Senators rally in the second.

* * *

"I don't know what I'm going to do with him now," Dressen said. "I can't start him anymore. He didn't throw one good pitch out there."

POOR RECORD

The 33-year-old righthander's earned run average soared to 7.41. He has pitched effectively once. That was in a six-inning relief stint against Baltimore May 8. The Tigers lost 4-3 in the 10th inning. In four starts, he has been unable to get past the fifth inning. His record is an uninspiring 0-2.

* * *

While Dressen pondered what to do with the one-time "Yankee Killer," the Tigers rejoiced in victory.

Norm Cash and unheralded Gates Brown were the batting heroes. Pitcher Larry Sherry turned in his second straight save with a dazzling relief job.

* * *

Cash hammered his sixth home run of the season and Brown contributed a double as the Tigers jumped to a 3-0 lead in the first inning. But Lary gave up two runs, and Regan four more to put the Nats ahead 6-4 going into the ninth.

Don Demeter's one-out pinch double, Don Zimmer's error on Billy Bruton's grounder, and Brown's two-run double tied it 6-6. Then Cash hit the game-winning double down the left field line to score Brown.

Sherry came on in the ninth to strike out the last three batters, including Lock. He has two victories and four saves in relief.

Palmer Charges to Winner's Circle

OKLAHOMA CITY (AP) — "When did you know you had it won, Arnie?" someone asked Arnold Palmer.

"When he stepped off the plane," Ernie Vossler interjected.

Palmer trailed Lionel Hebert by three strokes going into the final round of the $40,000 Oklahoma City Open Monday, then put together one of his typically brazen, blistering finishes for a two-stroke triumph.

Palmer, boldly going to his driver at every opportunity, whipped over the 7,042-yard Quail Creek Country Club course in a final round five-under-par 67 for a winning 277, including birdies on the last two holes.

How to be a hit

with the misses

The answer, obviously enough, is to become a 1964 Dart owner. For this young-at-heart beauty is winsome—and then some.

Take 1964 Dart styling, for instance. Handsome, dashing, suave, and far from stuffed shirt. Here's a car anyone could love for looks alone. Inside, leather-grained vinyls are every bit as soft and supple as they appear. And how many other compacts can you name that offer a choice of standard or bucket seats, carpeting, and engines ranging from an Economy Run winning Six, to a sizzling, new 273 cu. in. V8.

So, if you want to be a hit with the misses, see your Dodge Dealer. But hurry, there are bound to be many other fellas with the same idea.

Plum Hollow Twosome Wins Monday Pro-Am

Despite three eagles and a birdie on the front nine at Plum Hollow which netted a seven-under par 29 for Franklin Hills assistant pro Don Brithschgi and amateur Dave Mendelson, a second place tie of 84 was their best finish in Monday's weekly pro-am.

★ ★ ★

Roy Beattie, Plum Hollow assistant, shot a 2-under par 70 on his own home course, as he teamed with Don Mead for a 30-33—63 victory, netting him $126 and Mead $44.50.

Tied at 64, one stroke behind were Frank Metzger, Red Run pro and big Tom Draper with 31-33—64.

A total of 174 turned out for the pro-am and along with Beattie, the only pros to break par were Walter Burkemo, Bog Gajda and Mac McElmurry all with 71's.

★ ★ ★

Gojda and Dr. Bob Berg teamed for a best ball score of 66, the same score as Pine Lake's Elmer Prieskorn and Francy DeSellier.

Captain Golfers Win; OLSM Thinclads Best

Kettering won the Tri-county golf title at Lapeer Country Club yesterday with a total of 321 strokes.

★ ★ ★

Mick Hurd and Mike Kimmerer each had 75's and Hurd won the individual trophy on the second hole in a sudden death playoff. He took a par-4 and Kimmerer had a bogie.

Mike High of Romeo had a 79, Bill Stevens of L'Anse had 84 and Jim Howe of Kettering had an 81 as the other top scores.

In team scoring Lapeer had 358, L'Anse 359, and Romeo 400.

Kettering won all six duals and the tournament in the Tri-County this year. The league title is based on one point for each individual win and the total score of the tournament.

OTHER GOLF

In other golf action, St. Marys defeated St. Fred at Municipal course, 3½ to 1½ to move its season mark to 5-3. Mike Murphy of St. Fred and Frank Kladzyk of the Eaglets each had 39.

★ ★ ★

Bloomfield Hills, led by Hal Osterman's 37, won a golf match over West Bloomfield, 154-172 at Burroughs. R. Thompson had 38 for the losers.

TENNIS RESULTS

In tennis matches yesterday, Pontiac Northern avenged an earlier loss by downing Southfield, 4-3, as Ralph Lang and Niel Fordle broke the 3-3 deadlock in the final doubles.

Rick Johnson and Barry Biffington won singles matches and Tom Schram and John Watkins took the other doubles for PNH.

Bloomfield Hills continued winning with a 6-1 triumph over Royal Oak Kimball. Ed Anderson, Craig Lau and Gary Markley won singles matches.

TRACK MEET

Orchard Lake St. Mary completed its first unbeaten dual-meet track season in history by winning a 57⅔ to 51⅓ verdict from Oak Park.

★ ★ ★

The Eaglets, champions of the Catholic League, posted a 9-0 mark and 7-0 record this season.

Taking six first places, Ed Curzydlo took the high and low hurdles for St. Mary while Oak Park with seven firsts had Mitchell Lefcourt winning the 100 and 220.

Bunning Spoils Houston's Promotion

By The Associated Press

The ladies of Houston got 186 runs for Ken Johnson.

The Colts got nary a one.

★ ★ ★

Philadelphia's Jim Bunning proved most ungentlemanly to the ladies and the Colts Monday night, ruining a "Runs for Johnson" promotion by allowing Houston only one hit in a 4-0 victory that sent the Phillies back into first place in the National League.

The Colts staged the promotion in an effort to produce runs for Johnson, the no-hit, no-luck knuckleballer who went into the game with a 3-3 record. In the three losing efforts, including a no-hitter, the Colts had managed only two runs for Johnson.

REDUCED RATE

The gimmick was simple: All ladies who arrived at the ball park with runs in their nylons were to be admitted at a reduced rate. Of the 5,284 people on hand, 186 were ladies with mashed mesh.

The result also was simple: Not only were the Colts unable to get a run, they had difficulty getting men on base. Only two reached first, Nellie Fox when he was hit by a pitch in the first inning and Jim Wynn, who lashed a ground single over third base leading off the fifth inning.

★ ★ ★

Otherwise Bunning was untouchable, bringing his record to 5-1 with his second shutout while Manager Gene Mauch watched from the stands. Mauch had been fined $150 and suspended for two days following a run-in with Umpire Lee Weyer in Sunday night's game.

★ ★ ★

Mauch's suspension will last through tonight's game against the Giants at San Francisco. The Giants, beaten by the New York Mets 4-2, are in second place, 10 percentage points behind the Phillies.

In the only other NL game scheduled, Steve Blass won his first major league start with a seven-hitter as Pittsburgh ended Don Drysdale's five-game winning streak by defeating the Los Angeles Dodgers 4-2.

★ ★ ★

Bunning got the only run he needed in the fourth inning when Johnson was touched for singles by Wes Covington, John Herrnstein and Bobby Wine. The Phillies added two runs in the fifth when Richie Allen doubled, John Callison singled and Tony Gonzalez doubled. Gonzalez doubled in another run in the seventh after Allen singled.

The Mets had been unable to score against San Francisco pitching for 31 innings and trailed 1-0 in the eighth when Bob Taylor singled, Rod Kanehl beat out an infield hit and George Altman homered. That provided Galen Cisco with the victory and tagged Bob Shaw with the defeat.

Softball Play Is Under Way in City Loops

Pontiac recreation softball league action got under way yesterday with four games and opening victories were scored by Bud & Lou's over State Hospital 7-3; Orchard Lanes over Circle Inn, 2-1; Bob and Larry's, over GM Construction, 4-2; and Berry Door over Local No. 653, 12-11.

Even though he gave up only two hits, Dwight Butler was the loser against GM. Tom McMahon had both hits including a homer and two base hit to drive in both runs.

★ ★ ★

Berry had a 6-run 5th inning aided by three hits, two errors and two wild pitches. Pitcher Bob Frasier had three hits of his team's 15 but still was the loser for No. 653.

Orchard Lanes got both of its runs in the bottom of the 7th inning with an error, passed ball and singles by Cliff Pulkas and Marlin Summer.

In Moderate Trading

Market Resumes Dull Decline

NEW YORK (AP)—The stock market resumed a dull decline late Tuesday afternoon. Trading was moderate.

Losses of most key stocks were fractional.

General Motors and Ford, however, lost more than a point each. Losses of a point or so were spotted among other key stocks. Movements were wider among the higher-priced, more speculative issues.

The market seemed unable to obtain incentive either for a rally or a sharp selloff. Business news remained basically good, but this is getting to be an old story with investors.

NEEDS CORRECTION

Some analysts believed that to form a base for a further advance the market would have to "correct" itself to lower levels.

The trend among steels, coppers, utilities, drugs and chemicals was generally lower. Rails, tobaccos and aerospace stocks were mixed. Airlines were slightly higher.

* * *

The Associated Press average of 60 stocks at noon was off .7 at 305.2 with industrials off 1.3, rails off .1 and utilities off .3.

Corporate bonds declined. U.S. Government bonds were mostly unchanged in light trading.

Tax Provision OK—Kelley

Says Cities Can Vary Rate on Residents

LANSING (AP)—Atty. Gen. Frank Kelley ruled today a city income tax may be imposed at different rates on residents.

Kelley's ruling, in answer to questions from legislators, in effect found proper the provisions of a bill passed in the current session.

The bill, which creates a "uniform city income tax" law, under which cities could impose taxes of 1 per cent on residents and one-half per cent on nonresidents, currently is awaiting correction of a technical flaw.

Answering a question from Rep. Paul Chandler, R-Livonia, Kelley held such a tax would not violate the State Constitution's provision which prohibits income taxes "graduated as to rate or base."

The bill is part of Gov. George W. Romney's legislative program for this year.

PASSED HOUSES

It had passed both houses and was being processed for signature when an error was discovered which apparently would have cost Detroit its revenue from the tax it would collect between Jan. 1 and June 30, 1965.

Court Appointee Says Jack Ruby Is Mentally Ill

DALLAS, Tex. (AP)—A court-appointed psychiatrist has advised Judge Joe B. Brown that Jack Ruby is mentally ill and needs treatment, the Dallas News said today.

The psychiatrist, Dr. Robert Stubblefield, was quoted as saying he believed Ruby would respond to treatment sooner if transferred from his county jail cell to a hospital. If this is not possible, he should receive psychiatric treatment in jail, the News story said.

Dist. Atty. Henry M. Wade said he wanted to study the report before commenting.

UNDER STRAIN

Wade said Ruby has "been under a strain, sitting up there knowing he's been sentenced to the electric chair." But he added that Ruby's strain does not necessarily mean he is insane.

May Wheat Still Firm Board Item

CHICAGO (AP)—Prices held generally within small fractions of previous closes during the first several minutes of transactions today on the Board of Trade but May wheat again attracted fairly active shot covering and became firm.

May wheat moved up as much as two cents in early dealings but the urgency to buy which characterized Monday's activity appeared to be absent today.

Wheat was 1½ cents a bushel higher to ⅜ lower near the end of the first hour, May $2.05½; corn ½ higher to ⅛ lower, May $1.24⅞; oats ⅛ higher to ⅛ higher, May 61¼ cents; rye ⅛ to ½ lower, May $1.23⅛; soybeans ¼ to 1 cent lower, May $2.48½.

High Output Pace Dipping Into Future?

By SAM DAWSON
AP Business News Analyst

NEW YORK — The Big spurt in industrial production this spring may be borrowing from the future—the future in this case being the second half of the year.

Output leaped ahead impressively in April to cheer the majority believing that the economy is heading onward and upward as far as the eye of the prognosticator can see.

But the big push that carried the Federal Reserve Board's industrial production index in April a full point above the March level came largely from autos and steel. And there are signs that both are crowding more of their annual production than usual into the first half of the year.

If so, any big gain in the fall would have to be sparked by other segments of production, such as consumer goods. And this will depend on the consumer himself.

COMPILING INDEX

In compiling its index, the Federal Reserve gives automotive products a weight of only 3 per cent. But the industry carries a bigger weight in actuality because when it is booming so are many producers of supplies and materials, from metals to glass, from textiles to rubber. The suspicion that the auto industry is producing more just now than it normally would arises from two factors: 1. Statistically, it is now turning out cars at an annual rate of around 8.7 million, although its estimates for the year's total average 8 million; 2. The labor negotiations this summer are expected to be unusually rough, and auto management may be loading up dealers with cars ahead of time, both to ease its own bargaining position and to hedge against any possibility of a strike.

Steel is getting its big orders from autos, construction, makers of machinery and business equipment. But steelmen also are predicting total output this year considerably lower than the present annual rate would call for. A summer slowdown is expected. A fall upturn is anticipated, but many think the rate of increase will be much slower than this spring's strong spurt.

* * *

Primary and fabricated metals account for 12 per cent of the Federal Reserve's index. And a thriving steel industry also aids others, such as transportation.

So the steel and auto industries between them can swing the index considerably.

Business equipment output is running 8 per cent above a year ago, and much may be tied to the expansion plans which many industries have been announcing. The same holds for machinery, which has a weight of 15 per cent in the index.

* * *

Spokesmen for both, as well as for the construction industry, are predicting a strong second half of the year. But how much of present steel production represents ordering ahead by these customers is a question.

The big uncertainty, however, is the nondurable section of the index, with a total weight of 38 per cent. And this segment showed very little change in April.

With the full index now at 129.2 per cent of the 1957-59 average, marking the sixth straight month of increases, the present economic picture can't help but be bright. The only uncertainty is if part of industry is speeding up just now in anticipation of a slow-down later.

Home Fire Damage Estimated at $1,000

Fire caused an estimated $1,000 damage to a two-story frame house at 142 Washington last night.

The fire in the home of Lowell Vollmer started in an upstairs bedroom, according to firemen. The blaze was reported at 10:56 p.m. and extinguished by 11:37 p.m.

Successful Investing

By ROGER E. SPEAR

(Q) "I am 46 and earn $14,000 per year. However, with seven children, my living expenses are high and I have no savings account or reserve. I recently inherited 100 General Motors, 30 Jersey Standard, and 6 Madison Fund. I feel I have too much of my assets in General Motors. Do you believe I should sell a major portion of that stock and put the proceeds into a savings account, E bonds, or other shares?" J. S.

(A) I agree that your General Motors holding is disproportionate, much as I like that stock.

With your big family, I would sell 60 shares and use the proceeds to build a strong savings reserve — equally divided between E bonds and savings account. All stocks fluctuate, sometimes very widely, and you should never be forced to sell in a down market to meet a sudden contingency.

(Q) "I have invested rather poorly some of my hard-earned money as a registered nurse. My husband is on social security, and I am unemployed because of ill health. I have some good stocks such as Pacific Tel. & Tel. The poorly advised ones are Permanente Cement; Colorado Fuel & Iron; Texas Eastern Transmission; Reichhold; California Water Service. What should I do about these?" C. H.

(A) You're not nearly as bad off financially as you think, I'm pleased to say. The stocks you lists as poorly advised issues are not growth stocks, but in most cases they offer safe and liberal income and should be retained.

The only stocks I would switch are Reichhold, where the cash dividend has been suspended, and Colorado Fuel, which is a marginal steel producer with erratic earnings and no cash dividends since 1958.

Helped Establish Firm

Early Chrysler Exec Dies

DETROIT (AP) — William Ledyard Mitchell, who helped found the Chrysler Corp. in 1925, died Monday at his suburban Grosse Pointe Farms home. He was 82.

* * *

Mitchell was named secretary and vice president in charge of manufacturing for Chrysler after it was formed from the remnants of the old Maxwell Motor Corp.

He was in the furniture business in his home town of Cincinnati before moving to Maxwell Chalmers Motors in 1917. He was named receiver for the firm in 1920, just before it was reorganized and later remade into Chrysler.

BOARD CHAIRMAN

Mitchell became general manager of operations at Chrysler in 1926, and was named board chairman of the firm's export division three years later. In 1932, he became chairman of the board of Chrysler Corp. of Canada.

During World War II, he directed construction of destroyer escorts built by Chrysler for the U. S. Navy. He retired in 1947.

Mitchell is survived by his wife, Sara, four children, 16 grandchildren and two great-grandchildren. Funeral service will be held Wednesday in Detroit.

Boy Loves Kin Despite Hangings

HOUSTON, Tex. (UPI) — Blond, crew-cut Spencer Churchill, 9, still loves his mother and father. But he does not want to live with them if he is going to be hanged by his hands anymore.

Spencer testified yesterday at the aggravated assault trial of his parents, Mr. and Mrs. Winston S. Churchill.

Churchill, 40, was found guilty and sentenced to six months in jail. His wife, Mary, 29, was found innocent of the same charge.

They were charged when several neighbors reported the children were mistreated.

The boy was the first witness at the nonjury trial in the court of Harris County Judge Wallace C. Moore.

He told prosecutor Rueben Hope that his father had hanged him from a bedroom wall by his hands.

A sister, Margaret, 7, also testified she had been hanged by her wrists "two different times."

Hope asked Spencer why his father punished him so.

★ ★ ★

"I was bad and was not supposed to eat," the boy replied, "and Daddy caught me. I hung there most of the night.

LOVES THEM STILL

"I love my mommy and daddy, but I don't want to live with them if they are going to hang me anymore."

On cross - examination by defense attorney Marvin Teague, the boy told of sending a valentine to his father last Feb. 14 from the home of relatives where he and four other Churchill children had been staying since the alleged hanging in July, 1963.

Spencer smiled broadly and read orie of the valentines: "Dear Daddy. I hope to come home soon. I love you very much."

★ ★ ★

When she heard those words, Mrs. Churchill broke down and sobbed in the courtroom.

Toes Were Power-full

SAN ANTONIO, Tex. (UP)—Julian Salazar, 29, suffered small burns on each of his big toes Monday when he made accidental contact with a 138,000-volt power line.

The mishap knocked out electrical power in a large section of San Antonio for 20 minutes.

Salazar told investigators he was working at a City Public Service Board substation when a steel reinforcement rod he held touched the power line.

Panel Will Discuss Religion in Politics

An interfaith panel moderated by State Atty. Gen. Frank J. Kelley will discuss the role of religion in American political life at 7:30 p.m. tomorrow at Botsford Inn in Farmington.

Following the dinner meeting of the Oakland County Democratic Business and Professional Association, the panel will discuss whether churches should endorse candidates and issues.

★ ★ ★

The question of political activities by church social action committees, within the framework of church-state separation, will also be explored.

Panelists include Rev. Robert Marshall, Birmingham Unitarian Church; Rabbi Sherwin Wine, Birmingham Temple; Rev. Clement Kern, Most Holy Trinity Catholic Church, Detroit; and Rev. Joseph Pelham, Trinity Episcopal Church, Farmington.

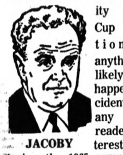
When the results of today's hand are tabulated in the Charity Challenge Cup competition, almost anything is likely to have happened. (Incidentally, if any of you readers are interested in entering the 1965 competition the honorary organizer is Jill Gatti. Her address is 33 Palliser Rd., London W14, England.)



JACOBY

The hand was first played in Manila between a local team and a team of touring British experts.

Curiously, the bidding and play went the same at both tables. West opened his singleton spade. East cashed the ace and king and continued with a small spade.

South ruffed with the nine of trumps and both West players overruffed. This gave the defense the first three tricks, but they could only add one more, so that both declarers made three diamonds doubled.

Really inspired defense will beat the hand one trick. West must discard a club on the second spade and another club when South ruffs in with the nine of diamonds.

Once he makes these two plays there will be no way for declarer to keep the defense from getting three trump tricks.

He will have plenty of ways to try to make his contract, but they will all fail because of the fact that he will have to play one trump in order to get rid of East's eight spot.

Astrological Forecast

By SYDNEY OMARR
For Wednesday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Examine new possibilities. Realize time may have run out on the old, the tried-and-true. Means be CURIOUS. Tread lightly, but express new ideas, thoughts — and ask questions.

TAURUS (Apr. 20 to May 20): You will be called upon to FULFILL PROMISES. Key is DIPLOMACY. If possible, soar for time. Remember that one close to you is apt to be extremely sensitive. Avoid public dispute.

GEMINI (May 21 to June 20): Be the "examiner." Show interest in what others have to offer. Could open door to new hobby — or profession. Member of opposite sex can prove stimulating companion. Fine evening for dining out.

CANCER (June 21 to July 22): Lunar position emphasizes visits, communications — and later the spotlight is on SECURITY. Time to get files in order. Obtain facts, figures. Important to check budget.

LEO (July 23 to Aug. 22): Dynamic approach best. Display creative talents. Day for LEO showmanship. Dress with flair. Be entertaining, provocative. Don't be afraid of controversy. Emphasize change, variety.

VIRGO (Aug. 23 to Sept. 22): Whatever you do be specific, clear and SINCERE. Higher-ups are interested in your attitude, your ability. Cycle continues high. Money-making opportunity due. Strike while iron is hot.

LIBRA (Sept. 23 to Oct. 22): You can attract significant people. Persons you have been wanting to meet — cross your path. Be aware! Make requests. Speak up. Don't shy away from being CENTER OF ATTENTION.

SCORPIO (Oct. 23 to Nov. 21): Excellent for bringing forth natural and best qualities. Your sense of mystery comes into play. Your ability to probe, to investigate pays off. Key is ACCOMPLISHMENT. Fine day!

SAGITTARIUS (Nov. 22 to Dec. 21): Lend helping hand to friends. Be gracious host. Entertain one who is "down on his luck." Don't preach — be mature. Shake knowledge and intellectual goods. Widen influence by setting example.

CAPRICORN (Dec. 22 to Jan. 19): Tension lessens after past round of activity. You can now state your needs. Do so calmly, with no sense of apology. You have earned respect. You HAVE going to get what you go after!

AQUARIUS (Jan. 20 to Feb. 18): Communication from afar could provide information you have been seeking. Obtain valuable hint from today's LIBRA message. Be RECEPTIVE. Light touch gains most. Avoid know-it-all attitude.

PISCES (Feb. 19 to Mar. 20): Person born under SCORPIO can prove of aid. Investment information is forthcoming. Tonight excellent for relaxing with harmonious companions. Avoid one who "sings the blues."

Dinner Party for Supervisor

Sylvan Lake's new supervisor, Willis M. Brewer will be honored at a dinner party May 27 at the Pontiac Elks Temple for his prior service as coordinator and personnel director of the County Road Commission.

"Willis Brewer Night" is being arranged by his friends and former associates at the commission.

Main speakers of the evening will be Secretary of State James M. Hare and Probate Court Judge Norman R. Barnard.

The dinner begins at 6:30 p.m. Brewer resigned his position at the Road Commission last month to represent Sylvan Lake on the County Board of Supervisors.

★ ★ ★

He was a key man for the road commission since a position was created especially for him in 1957. Brewer served as the Republican-dominated commission's liaison officer with the Democrat - dominated State Highway Department.

ORDINANCE NO. 63

An Ordinance Regulating the Use of Certain Sanitary Sewers Within the Township of Pontiac, Oakland County, Michigan, to Provide Penalties for the Violation Thereof, and to Protect the Health and Welfare of the Township of Pontiac

SECTION I. This Ordinance shall apply to all sanitary sewers within the Township of Pontiac, (except sanitary sewers within the Evergreen District), which are constructed or connected directly or indirectly into the intercepting sewer or sewers of the County of Oakland, Michigan.

SECTION II. No surface, roof, footing drains, or ground water from any source shall be allowed to enter the sanitary system by any device or method whatever, and no connection shall be permitted which permits other than sanitary sewage to flow thereinto.

SECTION III. House connection sewer from lateral sewer in street or easement to within (5') five feet from house shall be minimum 6" diameter vitrified sewer pipe with rubber joint or minimum 6" diameter asbestos cement pipe with ring tight rubber joint, or equal. All joints shall be tight and when tested for infiltration, shall not exceed 500 gallons per inch of diameter, per mile, per 24 hours.

SECTION IV. The crock to iron joint shall be sealed by an approved bituminous or rubber joint filler, encased in concrete to provide a watertight seal. The iron pipe inside the building shall be plugged and leaded and remain plugged and watertight until such time as the plumbing is carried on to the first floor, thereby providing that no water from the excavated basement will enter the sanitary sewer.

SECTION V. No such house connection sewer shall be installed without a permit having been issued for same, by the Plumbing Inspector, Clerk or Building Inspector of the Township of Pontiac. The fee for such permit shall be $10.00 to cover cost of inspection. Opportunity for such inspection shall be provided after all pipe are in place and before the backfilling of any trench or the covering of such pipe.

SECTION VI. Any person who shall violate any provision of this Ordinance shall be guilty of a misdemeanor, punishable by a fine of not to exceed One Hundred Dollars ($100.00) or by imprisonment not to exceed ninety (90) days, or by both such fine and imprisonment; and each day that such violation continues shall constitute a separate offense.

SECTION VII. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision, shall not affect any of the other provisions of this Ordinance. Any existing Ordinance or parts thereof in conflict herewith, is hereby repealed only to the extent necessary to give this Ordinance full force and effect. This Ordinance is declared to be necessary to protect the health and welfare of the people of the Township of Pontiac.

SECTION VIII. This Ordinance shall take effect thirty (30) days after being published in The Pontiac Press.

Made and passed by the Township Board of the Township of Pontiac, Oakland County, Michigan on the 11th day of May, 1964.

Card of Thanks 1

I WISH TO THANK OUR MANY friends for their expressions of kindness and sympathy during my husbands long illness and my recent bereavement, especially neighbor of Hill 'N' Dale Village, Mrs. Earl Agar and children.

I WISH TO THANK OUR MANY friends, neighbors and relatives for their many acts of kindness and floral offerings during my recent bereavement. And special thanks to the Rev. Milton Banks, the Central Methodist Church members, Dr. L. D. Soverinsky, and Huntoon Funeral Home. Mrs. Margaret Jenkins.

In Memoriam 2

IN LOVING MEMORY OF Kenneth E. Fuchs, who passed away 2 years ago May 19th.
You left this world of sorrow.
You are free from pain and harm,
And rest in peace and comfort
In the Blessed Savior's arms.
Sadly missed by daughter, Cathy, wife, Martha and family.

MSU Students 'Got Fair Deal'

Dismiss Complaints on Arrests in Field

LANSING (AP) — Atty. Gen. Frank Kelley Monday rejected complaints by seven Michigan State University students over the arrest of 111 students at a beer party in a Shiawassee County field last month.

"We may or may not agree with the way the incident was handled, but we find no abuse of discretion by local law enforcement agencies as would permit interference by the state," said Deputy State Attorney Leon Cohan.

★ ★ ★

Shiawassee County Sheriff's men, assisted by the Ingham County Sheriff and police departments from Owosso, Perry and Laingsburg, arrested the students April 26. They were arraigned shortly thereafter, and most pleaded guilty. Male students paid $35 each in fines and costs and coeds were fined $25 each.

★ ★ ★

The seven students had complained that: they were doing nothing wrong; the original complaint against the party was ill-founded; some of the students managed to escape, and that transportation to the county jail at Corunna was slow.

INVESTIGATION

Assistant Atty. Gen. Leo Maki investigated the complaints and reported:

"Basically, the arrests were made for misdemeanors being committed in the presence of police officers, they were brought before magistrates without unreasonable delay, and the vast majority of them chose to plead guilty."

★ ★ ★

In fact, he said, two justices of the peace performed a service beyond the call of duty in handling the arraignments in the early morning hours — rather than waiting for a time more convenient to themselves.

One student who pleaded not guilty was held over from Sunday morning to Monday — "a very poor practice, but not such an abuse of discretion as to permit this office to take action," he said.

Canada Strife: Bomb Found on Bridge

MONTREAL, Canada (AP) — A homemade bomb was found on the Victoria Bridge over the St. Lawrence Seaway today, after hours of separatist disturbances in Montreal.

Det. Sgt. Leo Plouffe, Montreal police bomb disposal expert, dropped the explosive into the St. Lawrence River, well away from the St. Lambert locks.

★ ★ ★

Earlier in the night about 1,000 police battled crowds of youths demanding separation of French - speaking Quebec from the English-speaking Canadian provinces.

ARREST 85

Police arrested at least 85 on charges of disturbing the peace.

The bomb was found on the bridge five hours after an anonymous threat was telephoned to police. Auto and railroad traffic was kept from the bridge during that time.

'Mods' Battle 'Rockers'

Traffic Deaths, Teen Riots Stun Britain

LONDON (AP)—Britons went back to work today after the three-day Whitsun weekend that left 86 dead on the crowded roads and 200 arrested for teen-age violence.

★ ★ ★

The traffic deaths were twice last year's figure. The teen-age battles were the worst the country has seen.

Thousands of youngsters in the garb of "Meds" and "Rockers," rival cults, battled on the beaches of resorts along the southern coast, wielding chair legs, knives, bottles and studded belts.

HAULED IN

Reinforced police hauled them in by the dozen. At Bournemouth, a resort normally inhabited by retired colonels and aged widows, more than 40 were arrested.

Thus was celebrated the Festival of Pentecost, commemorating the descent of the Holy Spirit on the Apostles.

★ ★ ★

The Rockers ride powerful motorbikes and wear leather jackets, jeans and cowboy boots. The prototype was Marlon Brando in "The Wild One."

The Mods, aggressors in every battle over the weekend, are a home-grown cult.

VAIN AS 'BIRDS'

They dress expensively, ride motor scooters and often are as vain of their appearance as their "birds"—their girls.

Many male Mods use eyebrow pencil, eye shadow, transparent lipstick and even rouge. Hair styles change every week.

★ ★ ★

On weekends they get "purped up" on a stimulant which enables them to go without food and sleep. The government is drafting a law to outlaw possession of the pills without a prescription.

The first Mods vs. Rockers battle broke out at Clacton, an east coast resort, at Easter.

★ ★ ★

This time the word went around London's teen-age grapevine that Margate was to be the scene.

Margate police hauled in 50 youngsters. The main battleground shifted to Brighton, where 76 were in the cells Monday night.

FIRE HOSES?

The Daily Telegraph suggested the cure may lie in fire hoses or corporal punishment.

The Times had a suggestion to combat both road deaths and vacation violence.

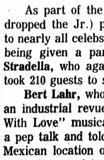
"Bank holidays—long weekends—should be abolished," it said.

Go Underground to Fair to See 'What a Way to Go'

By EARL WILSON

NEW YORK—Me feel bad today? From that subway junket? No, Pussycat! I'm zingin' and zangin'. Why you ask?

Sure, we usually go junketeerin' by jet . . . but this was Hollywood-on-the-Subway . . . High Society . . . black tie . . . chinchilla . . . the premiere of "What a Way to Go!" out at the World's Fair on a night when it . . . guess what? . . . rained.



WILSON

But I mean if Shirley MacLaine can subway out by IRT wearing a 24-carat Linda Star World's Fair necklace worth $30,000 with 179 diamonds, and an Edith Head gown and a Sidney Guilaroff hairdo, I think this should set an example for all girls. They should all wear 179 diamonds on the subway.

Oh, su-r-e, some people from Society probably minded the crowded special cars . . . the temperature . . . the motorman ("They have to have those, I suppose," one woman said) . . . but I didn't. Not me.

I missed the subway special by 5 minutes and dashed out by cab.

On arriving at the Hilton International Penthouse Restaurant, I first found the secret bar. (It's behind that red curtain)

Mingling democratically with Gene Kelly, the Robert Cummings, Irina Demich and Darryl Zanuck, Richard Cowles and other rich people, I asked about the subway conditions out.

"A few people had to stand," Artist Dong Klingman said. "Fortunately, only women."

★ ★ ★

Miss MacLaine's hair creation which rose about a foot north of her eyelashes and resembled an open umbrella—which by the way, isn't a bad idea these days at the fair—greatly bothered Darryl Zanuck who wondered who was going to sit behind her.

"Probably Bill Hartack," commented a cynic.

Cuba 'on Wartime Basis' for Raids, Say Refugees

MIAMI, Fla. (AP)—Refugees from Cuba say the country is on a virtual wartime emergency basis because an exile group announced plans to be fighting on Cuban soil by Wednesday.

Exiles arriving here from Prime Minister Fidel Castro's Communist dictatorship said highways in Cuba were jammed with troop - carrying trucks, tanks and cannon, heading into mountain and coastal areas.

The Castro regime, they said, apparently is taking every possible defensive measure against raids such as that of last week when exile raiders burned a sugar mill in the eastern port of Pilon.

CUBA JITTERY

Ramon Espino, one of 48 refugees arriving from Cuba over the weekend, said "invasion jitters have made the Communists desperate."

Widespread arrests of Cubans suspected of anti - Castro leanings were reported by exile sources.

★ ★ ★

"It appears to be something like the situation which preceded the Bay of Pigs invasion of April 1961," said an anti-Castro leader, quoting underground sources.

The reports led to speculation among refugees that new attacks on the Cuban regime, expected today or Wednesday might be postponed.

LEADERS VANISH

Manuel Ray, leader of one anti-Castro action group, recently disappeared from his headquarters in San Juan, Puerto Rico, and Eloy Gutierrez Menoyo, a noted guerrilla fighter, has faded from sight here.

★ ★ ★

One exile leader said Ray's pledge to be fighting in Cuba before May 20 "would not lead him into any foolhardy attack if the time is not ripe. Likewise, Gutierrez Menoyo, who has no timetable, would judge the situation by facts, rather than on the basis of emotion. Yet I would not say that attacks either today or tomorrow are out of the question."

Ship Burns; 10 Are Still Missing

LONG BEACH, Calif. (AP)—A tugboat stood by a burning freighter 20 miles off a remote Mexican coast today after a grim night's vigil.

Crewmen awaited a chance to board the ship. There was little hope of finding anyone alive.

★ ★ ★

Ten persons, including the captain, were unaccounted for from the Norwegian freighter Sandanger, hit by fire and explosions Monday.

It was not known if the missing were still aboard, but rescuers doubted they could survive the flames or the choppy seas.

SEARCH HALTED

An air and sea search was halted after life rafts were found either empty or overturned, the Coast Guard said.

★ ★ ★

The body of an unidentified woman was recovered from the sea by a Japanese ship, the Boston Maru.

Forty-five survived the disaster, the Coast Guard said. They were taken aboard the German freighter Bodenstein, which went to the aid of the stricken ship.

★ ★ ★

The 450 - foot Sandanger was sailing southward en route from Long Beach to Le Havre, France, via the Panama Canal when the ship caught fire off Baja California, 400 miles from Long Beach.

CAUSE UNKNOWN

The cause of the fire was not known.

None of a half-dozen rescue ships was able to board the Sandanger due to the intensity of the fire, feeding on a cargo of cotton bales and wood pulp.

The tug Sea Eagle reached the Sandanger Monday night and described it as a "floating furnace."

The stricken vessel's agent said seven passengers, all of California, the captain, John Kellmer, and two stewardesses were unaccounted for.

Plot to Upset Paraguay Regime Fails

ASUNCION, Paraguay (AP)—A plot to overthrow the Paraguayan government was scotched with the arrest of nine Paraguayans and an Argentinian, the government announced Monday night.

Interior Minister Edgar Insfrans told a news conference that those arrested said the plot was engineered by retired Col. Alfredo Ramos, an exile in Buenos Aires.

KUALA LUMPUR, Malaysia (AP)—Malaysia Prime Minister Abdul Rahman has turned down a Philippine compromise formula for a second summit meeting with Indonesia but has modified his own terms for negotiations, an authoritative source said today.

★ ★ ★

Salvador Lopez, the Philippines' new U. N. ambassador, was to carry Rahman's proposal to President Sukarno in Jakarta today.

The source said the prime minister had pulled back from his demand for complete withdrawal of Indonesian guerrillas from Malaysian Borneo and would settle for a withdrawal sufficient to make clear that the Indonesian government sincerely wants a peaceful solution to the 16-month-old dispute.

JAKARTA, Indonesia (AP)—Indonesia's largest British rubber and tea plantation firm, P. and T. Lands, has been nationalized and all its assets in Indonesia seized.

CAMPAIGN FIRST

The takeover was the first in Indonesia's crush-Malaysia campaign. However, British firms in Indonesia have been under government supervision since the campaign against the British-backed federation of Malaysia began last year.

The announcement did not mention compensation for the 150-year-old British firm, which owned 22 rubber and tea estates in South Sumatra and Java.

LEOPOLDVILLE, The Congo (AP)—U.N. aircraft airlifted ammunition today to two Congolese commando companies cut off by Communist-backed rebels rampaging through Kwilu Province.

Rebel warriors led by Pierre Mulele, Peking-trained former Congo education minister, besieged the commandos south of Gungu and burned more than 100 houses in Idiofa.

★ ★ ★

Mulele has the support of a "National Liberation Committee" of exiled Congolese politicians based in Brazzaville, capital of the former French Congo. They have vowed to overthrow Premier Cyrille Adoula's central government.

ZANZIBAR (AP) — The new republic of Tanganyika and Zanzibar has signed a treaty of friendship and mutual assistance with Communist East Germany.

An announcement by Vice President Abeid Karume did not make clear whether the agreement also provided for diplomatic relations between East Germany and the United Republic. Zanzibar recognizes East Germany while Tanganyika recognizes West Germany, which refuses to have relations with countries that recognize its Communist rival.

Missing Whistle Returned

ATLANTA, Ga. (AP) — The mystery of Georgia Tech's missing steam whistle is over.

Polished and mounted on a base, the whistle was delivered to the residence of retiring Dean George C. Griffin bearing this inscription:

"In behalf of all Tech men, this silenced memento is presented in the spirit of infamous Tech traditions to: Dean George C. Griffin, who has contributed so much to the legend of Georgia Tech."

Sent "to Mr. Georgia Tech," it was signed, "From the magnificent seven."

Mill Rate Hike to Go on Ballot in Waterford

Vote on Issue Will Coincide With State Primary Election

Waterford Township voters will ballot in the state primary election on a proposed 2-mill tax hike over 10 years to strengthen police and fire protection.

The proposal was approved last night by the township board.

Its purpose Supervisor James E. Seeterlin explained, is to bolster both police and fire departments to meet the township's projected growth over the next 10 years.

By 1974, the present 17-man police department would grow to 40 and the fire department would double from 18 to 36 if the tax hike is approved.

★ ★ ★

Besides providing for more personnel, the two-mill levy also would allow construction of four new fire stations and a new police station.

WORDING PREPARED

Wording of the proposal to be placed on the ballot will be prepared by township attorney Paul Mandel and presented for board consideration next Monday. Actual election date has not been set.

Based on an estimated equalized valuation of $114.6 million for the township in 1965, a two-mill levy next year would amount to approximately $229,000 in added revenue.

The police and fire departments each would receive the revenue from one mill, or about $114,573, according to the proposal.

TAX INCREASE

If approved at the polls, the two-mill levy would represent a tax increase of approximately $11 for the average township taxpayer.

This is based on an average assessed valuation of $3,000 in the township and an equalizing factor of 2.286.

One mill (one dollar per thousand of equalized valuation) then would total $6.86 on the average. Two mills would be $13.72.

★ ★ ★

Presently, the township budget is based on a total of 2.83 mills.

ONE FOR TOWNSHIP

One mill from this total was allocated to the township from the 15-mill tax limitation from which the county tax allocation board spreads millage.

★ ★ ★

The other 1.83 mills was spread by the township board. This same amount probably will be spread this fall in the 1965 budget, Seeterlin said.

Report Asks Set of Ethics for Senate

WASHINGTON (AP) — The Senate committee investigating Bobby Baker goes behind closed doors tomorrow to consider a proposed report that blames the Senate for putting Baker and others in places of responsibility without imposing "enforceable standards of honesty."

To remedy the situation, it urges a strict set of ethical regulations for Senate employes and senators.

The report, submitted to the Rules Committee by its special counsel, L. P. McLendon, alleges that as a Senate employe Baker was guilty of gross improprieties but holds he was not legally guilty of conflict of interest.

The proposed report said disclosures in the Senate investigation "convincingly prove the existence of a breeding ground of practices inimical to the public interest."

★ ★ ★

To put the situation to right, McLendon's report urges:

1. A system of compulsory public disclosure of the identity of the financial interests of all senators, officers and employes.

GOVERNMENT WORK

2. Compulsory prohibition "of all associations by senators, officers and employes with persons and organizations outside the Senate who are engaged in conducting business with the government or have business before the government officers or agents."

3. A requirement by the Senate, as a matter of permanent policy, that all senators respond to requests from any of its committees to appear and testify about any knowledge they have of a subject under investigation.

The report was submitted to the committee 10 days ago and was leaked to newsmen yesterday.

Tomorrow's closed meeting is for members to go over the draft and offer suggestions.

Committee Chairman B. Everett Jordan, D-N.C., has said he expects the committee to make some changes in the proposed report before submitting it to the Senate.

Heavy Turnout Anticipated in Dem Primary

Rights Issue Plus Wallace Candidacy Intensify Election

BALTIMORE (AP)—Early voting was heavy in Baltimore and light to moderate elsewhere in the state today for Maryland's Democratic presidential preference primary.

The issue of civil rights, intensified by Alabama Gov. George C. Wallace's campaign, was expected to produce a heavy vote.

There was some whispering among Democratic leaders that Wallace might win, but his opponent, Sen. Daniel B. Brewster, said "our side will win."

E. Paul Mason, chief clerk of Baltimore's election board, said voting was heavy for a primary and especially heavy in three of the city's seven legislative districts. Almost a third of the state's Democrats are in the city.

★ ★ ★

"If it continues, we'll hit our 50 per cent — maybe even a little better — that we expected," he said.

LITTLE HEAVIER

Voting also appeared a little heavier than usual in the Maryland suburbs of Washington, DC.

It was a beautiful, sunny day. Temperatures were in the 80s and expected to rise into the 90s by afternoon.

In Cambridge, the racial trouble spot where Negroes demonstrated the same night of a Wallace speech, the vote was termed normal by election officials.

★ ★ ★

Salisbury, also on the eastern shore of Chesapeake Bay, reported moderate voting with a surge expected later in the day.

In western Maryland, both Frederick and Hagerstown reported a very light early turnout.

A spot check in Hagerstown showed a turnout of 5 and 7 per cent in two areas where it would have been 10 or 12 per cent for a normal primary.

Brewster filed as a favorite son in an effort to make sure that Maryland's 48 votes in the national nominating convention go to President Johnson.

The delegation will be committed to the primary winner for at least one ballot.

State Democratic Chairman Harry Gross conceded Wallace 25 to 30 per cent of the vote, but insisted the governor doesn't have a chance of winning.

Running against Gov. John W. Reynolds last month in Wisconsin, Wallace pulled 33.7 per cent of the Democratic vote. Earlier this month, he got 29.8 per cent in Indiana's primary against Gov. Matthew E. Welsh.

British Talk to Reds on Fighting in Laos

LONDON (AP)—The British government announced today it is seeking Soviet and Red Chinese cooperation to halt attacks by Communist-led Pathet Lao forces in Laos.

A foreign office spokesman, reading a prepared statement to newsmen, said: "We have followed with serious concern developments in Laos resulting from the continued attacks by the Pathet Lao.

"Her majesty's ambassador in Moscow (Sir Humphrey Trevelyan) has already been in touch with the Soviet government and we shall be discussing the matter further both with the Soviet government and the Chinese government.

"We also, of course, are in close touch with the United States and other interested governments."

In Moscow, the Communist party newspaper Pravda blamed Prince Souvanna Phouma, leader of the neutralist forces in Laos, for the new fighting.

★ ★ ★

It said Souvanna's recent actions "have heated up the situation."

FORCES MERGED

Pravda criticized Souvanna's announcement that his neutralist forces have been merged with the right-wing faction.

This announcement, Pravda said, was not supported by the Pathet Lao, nor by most of the neutralists.

Pravda's allegations were made in a dispatch from Hanoi, capital of Communist North Viet Nam.

★ ★ ★

The Red Chinese have blamed the United States for the new flareup in Laos, saying the U.S. was behind a coup by rightist generals who seized Vientiane April 19.

U.N. to Hear S. Viet Nam

May Answer Charge Made by Cambodia

UNITED NATIONS, N.Y. (UPI) —The Security Council overrode Communist protests and invited Viet Nam today to defend itself against Cambodian aggression charges against it and the United States.

★ ★ ★

The vote was 9-2, with Russia and Czechoslovakia opposing an invitation to Viet Nam to participate in the debate without a vote.

Council President Roger Seydoux of France said an invitation would be granted to the Vietnamese delegation as soon as its credentials were properly received by Secretary General Thant.

Soviet Ambassador Nikolai T. Fedorenko told the Security Council the present regime in Viet Nam was illegal and differed from the overthrown government of Ngo Dinh Diem only through the replacement of certain of its members.

★ ★ ★

Fedorenko said Diem "usurped" power in South Viet Nam and that the responsibility for the government's "aggressive actions is borne by the United States of America."

CONTROL FORCES

"It is the United States which has in South Viet Nam large contingents of forces and which controls the actions of the South Vietnamese armed forces," Fedorenko said.

"It is the United States which has violated its obligations under the Geneva Convention of 1954 (which set up the present arrangements in the former French Indo-China) and sent its troops into South Viet Nam and started a war against the people.

"It is the American militarists who are guiding all the operations of the South Vietnamese troops and sent them against the Cambodian people."

★ ★ ★

Fedorenko's charges were supported by a technicality. Viet Nam is not a member of the United Nations.

NO CREDENTIALS

The Saigon government asked to be heard in the council debate but did not comply with a rule of procedure requiring credentials for its representative to be filed 24 hours before the meeting.

Romney Signs Wage Base

$1 Per Hour Floor Is Effective Jan. 1

LANSING (AP)—A state minimum wage bill was signed into law today by Gov. George W. Romney.

Effective Jan. 1, 1965, the law establishes a wage floor of $1 per hour. This will increase to $1.15 at the end of one year and to $1.25 at the end of two.

"Michigan urgently has needed a law of this kind for some time and this new law is designed to guarantee a decent living to thousands of presently underpaid workers," said Romney.

Romney listed adoption of the minimum wage law as a prime demand on the legislature this year. A similar bill was defeated in 1963.

In its first year the law is expected to apply to some 100,000 persons. This would be in such fields as the restaurant and hotel industry, car wash racks, retail stores and agricultural labor.

Excluded from the law will be persons under 18 and over 65 years of age; persons who work for less than 13 weeks for the same employer and persons employed as part of a work force numbering less than four.

It will be a misdemeanor for an employer to fire workers consistently to prevent them from meeting the 13-week requirement for eligibility.

The law will provide employes may deduct up to 40 per cent of earnings for such things as board, room and gratuities.

A wage deviation board, appointed by the governor, will administer the law and consider applications for exclusion from it.

Michigan is the 34th state to enact a minimum wage law in some form.

Finds Pontiac Nice, After He Finds It

Mayor's Exchange Day presented some extremes for Pontiac Mayor William H. Taylor Jr. and Union City Mayor Harvey MacDonald yesterday.

Taylor had no trouble finding the heart of Union City, which he described as a "delightful and progressive community" of about 2,000 population.

He was welcomed by city officials, civic leaders, baton twirlers and a 50-piece marching band.

MacDonald had a little trouble finding his way through the present maze of downtown construction detours in this city of 82,000.

When he and Union City Mayor Pro Tem Russell Brandt "couldn't find anyone who was sure just how to get to city hall," they surrendered and called the Police Department for help.

★ ★ ★

Police found them at South Saginaw and Prospect and guided them around urban renewal, Perimeter Road and Clinton River Drain construction sites to the welcoming committee waiting at City Hall.

TOURS FOLLOWED

Tours of GMC Truck & Coach Division, the city and Oakland County Service Center followed.

When MacDonald and Brandt arrived at the county facilities yesterday afternoon, it was their second "visit" of the day.

The visiting officials said that before leaving, they had asked a traveling salesman in Union City where Pontiac City Hall was located.

★ ★ ★

"He said it was out on Telegraph and he couldn't figure out why the city ever built its municipal offices so far out of town," MacDonald explained.

"When we got there shortly before 11 a.m., that mystery

Sanity Hearing for Jack Ruby?

DALLAS (UPI) — Judge Joe B. Brown said today psychiatric examination of Jack Ruby in his jail cell indicate the condemned slayer will be granted a sanity hearing.

★ ★ ★

Ruby was receiving mental therapy in his maximum - security cell.

Dist. Atty. Henry Wade said he understood a court-appointed psychiatrist had found the slayer of accused presidential assassin Lee Harvey Oswald to be mentally ill.

Wade said he would not oppose immediate treatment, either in jail or at a hospital, even without a sanity hearing.

★ ★ ★

If found insane by a jury at a sanity hearing, Ruby would be committed to an institution and would escape execution at least until found sane.

JUDGE UNHAPPY

Judge Brown, who presided over Ruby's four - week murder trial, said he was unhappy because the psychiatrist's report leaked out.

★ ★ ★

"Things so far indicate a sanity hearing," Brown said.

★ ★ ★

He said he planned to confer with three psychiatrists, who have examined Ruby "and talk about a hearing with them."

Pleasant Day Is in Store for City Tomorrow

A pleasant tomorrow is in store for Pontiac area residents.

The weatherman said a few showers or thundershowers may sprinkle the area tonight but skies will clear with temperatures soaring into the high 70s.

Today's southwesterly winds will become northwesterly at 10 to 20 miles per hour tonight, and diminish tomorrow.

Sixty nine was the low recording prior to 8 a.m. in downtown Pontiac. At 1 p.m. the mercury reading was 81.

Rocky Backers Woo California 'Moderates'

LOS ANGELES (AP)—Rockefeller campaign leaders wooed supporters of other Republican "moderates" today to join the Lodge camp in backing Gov. Nelson A. Rockefeller in California's presidential primary.

They followed up quickly after leaders of the drive to draft Henry Cabot Lodge for the Republican presidential nomination urged his followers to vote for the New York governor in the June 2 primary.

The Rockefeller-Lodge alliance didn't surprise anyone, least of all Sen. Barry Goldwater, in view of Rockefeller's victory in the Oregon primary last week.

Only Rockefeller and Goldwater are competing for California's 86 delegates to the GOP national convention. No write - ins are allowed, and the Lodge people concluded their best bet was to throw in with Rockefeller.

★ ★ ★

"We are convinced," said a Lodge backer, "that the Rockefeller slate closely parallels the moderate Republican philosophy of Ambassador Lodge."

ROCKY OPTIMISTIC

Rockefeller, in a New York statement before flying out for four days of campaigning here, said he's enthusiastic and optimistic about his chances in California.

Goldwater, winding up a three-day stint in California yesterday, said he had been expecting the Lodge forces to get behind his opponent. The Arizona conservative said it was nothing more than a "stop Goldwater movement."

Rockefeller said, "I think the trend already had set in after the Oregon primary, when many of the Lodge people came over. I want to say again I have made no deals, nor will I make any."

★ ★ ★

Goldwater, who ran third to Rockefeller and Lodge in Oregon, said he saw no visible signs of Lodge strength in California.

Paul Grindle of Boston, national campaign director of the Draft Lodge Committee, said followers of the ambassador to South Viet Nam constitute the largest single bloc of voters in California.

He emphasized that his group is not giving up hope of winning the nomination for Lodge.

Leonard K. Firestone, Rockefeller's Southern California chairman, indirectly invited supporters of other possible Republican contenders to help Rockefeller in his California battle.

★ ★ ★

He said Lodge "stands within the mainstream of Republican thinking, as do Gov. Rockefeller, Richard M. Nixon, Gov. William W. Scranton of Pennsylvania, Gov. George Romney of Michigan, as well as other party leaders."

FINAL PHASE

Rockefeller opened the final phase of his California campaign with a warning against "the growing amount of wishful thinking about the nature of the Communist challenge."

He called for a summit conference to North Atlantic Treaty Organization nations to work out common policies.

★ ★ ★

Rockefeller plans to barnstorm all over the state during the final two weeks of the campaign. Tomorrow he'll tour Riverside, San Bernardino and Anaheim.

BRIEFING SESSION—Robert Marsh (left), chairman of Michigan Week activities in Union City, gives Mayor and Mrs. William H. Taylor Jr. some background on Union City history in maps and pamphlets. The "history lesson" preceded a tour of the city of about 2,000 located 12 miles northwest of Coldwater.

'South Nixes Rights Change'

Decide Not to Allow Vote on Amendments

WASHINGTON (AP) — Sen. Richard B. Russell, D-Ga., said today Southerners had concluded the package of amendments that Senate leaders are backing would make the civil rights bill "even more obnoxious."

He told newsmen also that the Southerners had decided at their weekly caucus to permit no votes on amendments to the bill for the remainder of this week.

★ ★ ★

Sponsors of the bill had forecast that a vote might be allowed on the pending jury trial amendment after today's Maryland primary.

But Russell said "we are not counting on this in our strategy here" although he conceded the Dixie forces would welcome any psychological boost from a strong showing in Maryland by Alabama Gov. George C. Wallace.

FIRST TO END

The Southern caucus was the first to end of three morning closed meetings on the bill.

The other two were Democratic and Republican conferences at which the package of amendments worked out by Senate leaders with Atty. Gen. Robert F. Kennedy was to be explained.

★ ★ ★

Both Democratic and Republican leaders voiced hope that the proposed 70 changes would win the votes needed to shut off the Southern talk and permit passage of the bill.

Russell said he was confident the leaders still lacked the two-thirds vote needed for cloture to shut off debate.

STRENGTH TO SOUTH

And he made it quite clear the proposed amendments had, if anything, strengthened Southern opposition.

The changes would make the bill more than ever "a politically punitive expedition into the South" and would "put a premium on hypocrisy," he declared.

★ ★ ★

Russell said, for example, that the amendments giving exclusive jurisdiction of discrimination complaints for specific periods to states with public accommodations and equal employment opportunity laws were specifically designed to ease the impact of states outside the South.

Some of these state laws may be weak and unenforceable but they get the benefit of the exclusive jurisdiction principle, he said.

JURY TRIAL

Russell said there was some discussion among the Southerners of which jury trial amendment might win the most support but that the decision was to stick for the time being with a proposal of Sen. George A. Smathers, D-Fla. This is the pending amendment.

Under it, any individual accused of criminal contempt for violating a civil rights injunction could get a jury trial on demand.

City Studies Proposal for Historical Board

BIRMINGHAM — City commissioners were given a proposed ordinance for study last night which would create a permanent historical board for Birmingham.

Creation of the board is backed by the history and heritage unit of the committee that planned the current centennial celebration.

The ordinance under consideration would create a five-member board appointed by the City Commission.

Main purpose of the group would be "to collect, arrange and preserve historical material . . . relating to the history of the Northwest Territory and of the City of Birmingham."

★ ★ ★

Emphasis would be placed on narratives of early settlers, material concerning area Indian tribes and "museum objects indicative of the life, customs, dress and resources of the early residents."

CITY RECORDS

The board also would be responsible for city records and documents not in current use and would need to provide for their classification and indexing.

Board members would submit an annual budget to the City Commission, although they also could accept private contributions.

Tom Downs, a Michigan Constitutional Convention vice president, will analyze current efforts for reapportionment at the Birmingham Democratic Club meeting tonight.

Downs will discuss redistricting for both legislative and congressional seats during the 8 p.m. session at the Community House. A question-and-answer period will follow.

Since working on the new State Constitution, Downs has followed the reapportionment situation as attorney for the Michigan UAW.

The case for Birmingham school bonding and millage proposals will be outlined by other speakers.

Explosives Found Near House for K

OSLO, Norway (AP)—A parcel with four pounds of explosives was found early today near the house where Soviet Premier Khrushchev is to stay on his visit to Norway next month, an official source said. An intruder also was seen on the grounds.

★ ★ ★

Police said they were not allowed to divulge details.

The source said a man with a dog was seen by a night watchman on the grounds of the royal estate on the outskirts of Oslo shortly before 3 a.m.

As the watchman approached, the man and dog fled. The watchman found the explosives later near the main building on the estate.

★ ★ ★

Some opposition to Khrushchev's visit has developed recently, mainly in conservative circles.

The building was chosen as the most practical residence for Khrushchev during the five nights he plans to stay in Oslo between June 29 and July 4, because of the relative ease with which it can be cordoned off.

New Law Aims at Child Abuse

Judge Barnard Sees Preventive Role

Enactment of a child abuse law, in which Oakland County early took a strong interest, became a reality Friday with the signature of Gov. Romney.

The law is designed to play a preventative role in what Probate Judge Norman R. Barnard terms one of the most baffling, yet pitiable problems of modern society.

Essence of the legislation is to establish for the first time a medical reporting system of child abuse cases, which can be investigated by the Michigan Department of Social Welfare and county prosecutor's offices.

"The real problem in these 'battered child' cases," said Judge Barnard, "is early detection before serious injury and death.

"Most often the victims are children under five. The pattern has been for parents to take them from hospital to hospital and doctor to doctor to have their injuries treated, while avoiding detection."

FILE REPORTS

Judge Barnard said the law permits physicians and hospitals to now file reports of suspected child beatings without fear of later criminal or civil prosecution by parents.

He stated it also makes a state agency a direct recipient of such reports, speeding up the process in which such cases formerly only came to light when a beaten child died or was badly hurt.

"We have had several battered child cases in Oakland County the past year," said Judge Barnard. "It's difficult for the average citizen to understand how parents could do this to their child, but it has been going on for years.

★ ★ ★

"Most often it involves an unwanted child or one psychologists refer to a scapegoat."

The child abuse law found backers in Judge Barnard and Oakland County juvenile officers last year, who joined with their counterparts in Wayne and Kent counties to press for the legislation.

Cosponsor of the bill was State Sen. Farrell E. Roberts of Oakland County. The County Board of Supervisors endorsed the legislation last December.

Give Contracts for Library

Low Bidders Win in Waterford Twp.

Waterford Township Board members last night awarded contracts amounting to $50,191 for construction of the township library.

Low bidders in all three trades, architectural, mechanical and electrical, were given contracts.

Construction of the new building in the township's civic center near Tubbs and Crescent Lake Road will begin by May 29.

Low bidders were T. W. Hay, builder, architectural trades, $37,990; Anderson Plumbing and Heating, mechanical trades, $7,590; and Fred W. Moote, Electrical Inc., electrical trades, $4,611.

Also last night, the board authorized purchase of 12,000 feet of copper tubing for the water department.

PIPE PURCHASE

The purchase will include 10,000 feet of three quarter-inch pipe at .3425 cents a foot and 2,000 feet of 1-inch pipe at .465 cents per foot.

Low bidder for the copper tubing was Water and Waste Supply Inc. of Hazel Park.

In other business, the board requested the recreation department to prepare a use plan and budget for a proposed 10-acre park site north of Loon Lake.

Purchase of the site has been recommended by the planning commission.

CLOSE HIGHWAY

Also, last night the board agreed to seek permission from the state highway department that Dixie Highway be closed from 10 a.m. to noon Memorial Day for the annual Veterans of Foreign Wars parade.

The parade route would extend northwest from Frembes to Williams Lake Road.

Arraign Teen Girl on Murder Charge

A 17-year-old girl was arraigned in Pontiac Municipal Court yesterday on a charge of second - degree murder.

A preliminary hearing was scheduled for May 27 for Ida Mae Mayon, accused of the fatal stabbing Saturday of Dock Maxwell, 32. Both reside at 411½ Harvey.

She appeared before Judge Cecil McCallum and was then returned to the Oakland County Jail after failing to meet bond of $5,000.

Miss Mayon told police she stabbed Maxwell during an argument shortly after noon. Maxwell died of a chest wound.

City Commission to Eye R20 Neighborhood Study

A program aimed at tackling home rehabilitation in the R20 urban renewal project area on a sociological basis will be considered by commissioners at tonight's City Commission meeting.

★ ★ ★

Slated for action is a resolution approving a contract hiring Dr. Christopher Sower, professor in the Department of Sociology and Anthropology at Michigan State University, to conduct a "community organization study."

Local urban renewal officials recommend Sower as an expert in the field of community analysis and organization.

Urban renewal would pay him $5,000 to conduct the study and "construct a model plan for active citizen community involvement and support of urban renewal and the rehabilitation program."

★ ★ ★

In effect, Sower's job would be to analyze the social structure, individual interests, and other sociological facets of the particular neighborhood involved.

NEIGHBORHOOD PLAN

Based on this analysis, he would then assist and advise local urban renewal officials in organizing a plan to foster interest and action among the property owners in rehabilitating their neighborhoods.

Local renewal officials say the approach has proven effective in other similar projects in the nation and could be expanded at a later date to apply to areas outside the R20 project area.

Rehabilitation by home owners is an integral part of any urban renewal project in a residential area.

★ ★ ★

In other business tonight, commissioners are expected to formally adopt resolutions naming the city's new community center at Wessen and Walnut after Hayes Jones, and establishing a liaison committee to promote downtown redevelopment.

VERBAL OKAY

Both items were verbally approved last week.

Also slated for discussion are measures to be taken by Sam Allen and Son, Inc., 22 Congress, a local scrap iron dealer, in conforming to city ordinances controlling the operation of scrap and junk yards.

Scrap dealers must get an annual license to operate junk yards in Pontiac.

★ ★ ★

City officials have refused to renew Allen's license until he conforms to ordinance restrictions.

COST ESTIMATES

There are also cost estimates for six proposed public improvements up for acceptance tonight.

★ ★ ★

Public hearing dates are to be set for several special assessment rolls on similar projects of similar projects and on several zoning ordinances slated for introduction tonight.

County Unit Tentatively Divides Tax

The County Tax Allocation Board yesterday set preliminary rates for dividing this year's 15-mill county tax levy among schools, townships and county government.

Subject to change between now and May 28, the rates are 5.44 mills for county government, .12 mills for Oakland Schools (special education) and 9.44 mills for school districts, less whatever is allocated to townships.

Preliminary rates set for 22 participating townships were the same as last year. They varied from 1.38 to 1 mill.

Each mill spread over the county at large will be worth over $2 million in tax revenues. The exact amount depends on placed on taxable property in the county by the State Board of Equalization May 28.

The equalized valuation is expected to be around $2.3 billion, which would produce some $34 million in tax revenues at 15 mills.

The tax allocation board will resume hearings Monday in the Courthouse Auditorium prior to setting final rates May 28.

Labor Backs New College

Endorsement of county community college proposals in the June 8 election was given last night by the Executive Committee on Political Education of the County AFL-CIO Council.

Fred V. Haggard, council president, said COPE backing was given all three questions on the ballot: whether to have a college, election of trustees and approval of millage.

Haggard said COPE committee members felt the proposed two-year college would be of direct benefit to union members who could not otherwise afford higher education for their children.

Boy Loves Kin Despite Hangings

HOUSTON, Tex. (UPI) — Blond, crew-cut Spencer Churchill, 9, still loves his mother and father. But he does not want to live with them if he is going to be hanged by his hands anymore.

Spencer testified yesterday at the aggravated assault trial of his parents, Mr. and Mrs. Winston S. Churchill.

Churchill, 40, was found guilty and sentenced to six months in jail. His wife, Mary, 29, was found innocent of the same charge.

They were charged when several neighbors reported the children were mistreated.

The boy was the first witness at the nonjury trial in the court of Harris County Judge Wallace C. Moore.

He told prosecutor Rueben Hope that his father had hanged him from a bedroom wall by his hands.

A sister, Margaret, 7, also testified she had been hanged by her wrists "two different times."

Hope asked Spencer why his father punished him so.

★ ★ ★

"I was bad and was not supposed to eat," the boy replied, "and Daddy caught me. I hung there most of the night.

LOVES THEM STILL

"I love my mommy and daddy, but I don't want to live with them if they are going to hang me anymore."

On cross - examination by defense attorney Marvin Teague, the boy told of sending a valentine to his father last Feb. 14 from the home of relatives where he and four other Churchill children had been staying since the alleged hanging in July, 1963.

Spencer smiled broadly and read one of the valentines: "Dear Daddy. I hope to come home soon. I love you very much."

★ ★ ★

When she heard those words, Mrs. Churchill broke down and sobbed in the courtroom.

Toes Were Power-full

SAN ANTONIO, Tex. (AP)—Julian Salazar, 29, suffered small burns on each of his big toes Monday when he made accidental contact with a 138,000-volt power line.

The mishap knocked out electrical power in a large section of San Antonio for 20 minutes.

Salazar told investigators he was working at a City Public Service Board substation when a steel reinforcement rod he held touched the power line.

Panel Will Discuss Religion in Politics

An interfaith panel moderated by State Atty. Gen. Frank J. Kelley will discuss the role of religion in American political life at 7:30 p.m. tomorrow at Botsford Inn in Farmington.

Following the dinner meeting of the Oakland County Democratic Business and Professional Association, the panel will discuss whether churches should endorse candidates and issues.

★ ★ ★

The question of political activities by church social action committees, within the framework of church-state separation, will also be explored.

Panelists include Rev. Robert Marshall, Birmingham Unitarian Church; Rabbi Sherwin Wine, Birmingham Temple; Rev. Clement Kern, Most Holy Trinity Catholic Church, Detroit; and Rev. Joseph Pelham, Trinity Episcopal Church, Farmington.

When the results of today's hand are tabulated in the Charity Challenge Cup competition, almost anything is likely to have happened. The hand was first played in Manila between a local team and a team of touring British experts.

Curiously, the bidding and play went the same at both tables. West opened his singleton spade. East cashed the ace and king and continued with a small spade.

South ruffed with the nine of trumps and both West players overruffed. This gave the defense the first three tricks, but they could only add one more, so that both declarers made three diamonds doubled.

Really inspired defense will beat the hand one trick. West must discard a club on the second spade and another club when South ruffs in with the nine of diamonds.

Once he makes these two plays there will be no way for declarer to keep the defense from getting three trump tricks.

He will have plenty of ways to try to make his contract, but they will all fail because of the fact that he will have to play one trump in order to get rid of East's eight spot.

By SYDNEY OMARR

For Wednesday

"The wise man controls his destiny Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Examine new possibilities. Realize time may have run out on the old, the tried-and-true. Means be CURIOUS. Tread lightly, but express new ideas, thoughts — and ask questions.

TAURUS (Apr. 20 to May 20): You will be called upon to FULFILL PROMISES. Key is DIPLOMACY. If possible, spar for time. Remember that one close to you is apt to be extremely sensitive. Avoid public dispute.

GEMINI (May 21 to June 20): Be the "examiner." Show interest in what others have to offer. Could open door to new hobby or profession. Member of opposite sex can prove stimulating companion. Fine evening for dining out.

CANCER (June 21 to July 22): Lunar position emphasizes visits, communications — and later the spotlight is on SECURITY. Time to get files in order. Obtain facts, figures. Important to check budget.

LEO (July 23 to Aug. 22): Dynamic approach best. Display creative talents. Day for LEO showmanship. Dress with flair. Be entertaining, provocative. Don't be afraid of controversy. Emphasize change, variety.

VIRGO (Aug. 23 to Sept. 22): Whatever you do be specific. Clear cut. SINCERE. Higher-ups are interested in your attitude, your ability. Cycle continues high. Money-making opportunity due. Strike while iron is hot.

LIBRA (Sept. 23 to Oct. 22): You can attract significant people. Persons you have been wanting to meet cross your path. Be aware! Make requests. Speak up. Don't shy away from being CENTER OF ATTENTION.

SCORPIO (Oct. 23 to Nov. 21): Excellent for bringing forth natural and best qualities. Your sense of mystery comes into play. Your ability to probe, to investigate pays off. Key is ACCOMPLISHMENT. Fine day!

SAGITTARIUS (Nov. 22 to Dec. 21): Lend helping hand to friends. Be gracious host. Remain one who is "down on his luck." Don't preach — be mature. Share knowledge and material goods. Widen influence by setting example.

CAPRICORN (Dec. 22 to Jan. 19): Tension lessens after past round of activity. You can now state your needs. Do so calmly, with no sense of apology. You have earned respect. You ARE going to get what you go after!

AQUARIUS (Jan. 20 to Feb. 18): Communication from afar could provide information you have been seeking. Obtain valuable hint from today's LIBRA message. Be RECEPTIVE. Light touch gains most. Avoid know-it-all attitude.

PISCES (Feb. 19 to Mar. 20): Person born under SCORPIO can prove of aid. Investment information is forthcoming. Tonight excellent for relaxing with harmonious companions. Avoid one who "sings the blues."

★

IF WEDNESDAY IS YOUR BIRTHDAY ... you are musically inclined, have fine sense of drama, are versatile, sympathetic, and very affectionate.

★

GENERAL TENDENCIES: Cycle high for LIBRA, SCORPIO, SAGITTARIUS. Special word to ARIES: If you take care of the little things, — big projects attend to themselves.
