Medical Library Hybrid Services Continue!

The Medical Library continues our hybrid service model with our physical study spaces open while our services remain primarily [virtual](#)!

Kresge Library Building Hours & Policies: Kresge Library's building hours remain Monday - Friday, 7:30am - 11:00pm and Saturday & Sunday, 10:00am - 6:00pm. As you enter the building, you will now swipe your GrizzID card at the card reader installed at the entrance and see a current library occupancy number displayed on the front monitor.

As you study in the library, we truly appreciate your continued efforts in wearing your mask at all times, maintaining 6 feet from others, and washing your hands frequently.

Wash Your Hands With Soap and Water

Wear a mask

Avoid Touching Your Face

Practice Social Distancing

Virtual Reference & Research Consultations: Reach out to us online for any questions related to our resources and services while studying, teaching, and conducting research by:

- Dropping by our [Virtual Library Office Hours](#), Monday - Friday, 11am - 12pm on Google Meet
- [Emailing us](#) directly
- [Signing up for one-on-one virtual consultation using our Librarian Appointment Calendar](#)

[Subscribe](#) to our email list.

Student Corner

Textbooks, Skeletons, iPads & More for Checkout!

One Medical Library staff member works onsite in the Medical Library Office Monday - Friday from 8:00am - 5:00pm and Saturday from 10:00am - 4:00pm. Stop by to check out skeletons, bone sets, whiteboard markers & erasers, and [iPads](#) as well as pick-up cleaning supplies to wipe down your study area.

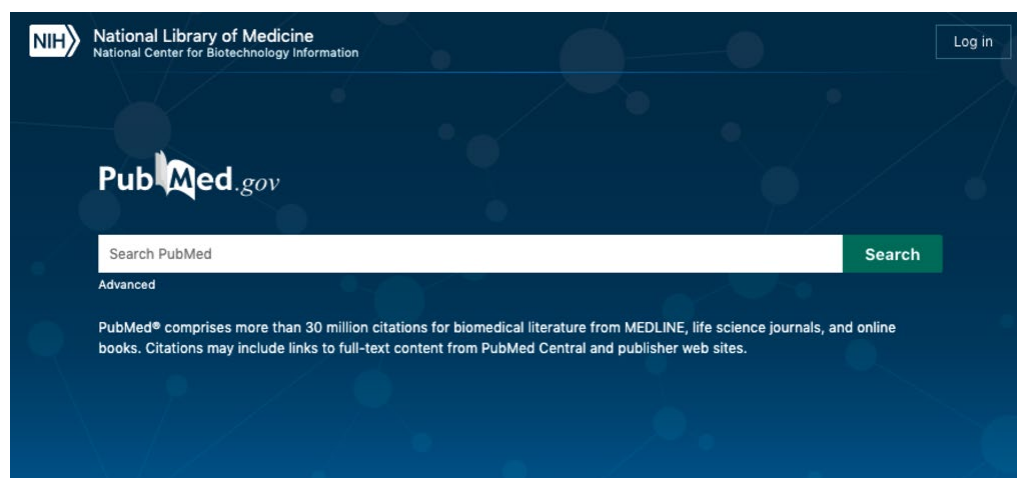

Medical Library print textbooks and review books housed in the Quiet Study Room may be used onsite anywhere in the library building. You may also check out any of these books for 24 hours at the Kresge Checkout Desk or use the new [no-contact process](#) to request items. Availability is limited, so there are no renewals on these items.

Social Time with your Personal Librarian for M1s and M2s

As our interactions continue to be primarily virtual, the Medical Library is looking for new ways to interact with our students! We are pleased to announce the launch of our [Social Time with Your Personal Librarian program](#)! Social Time creates a virtual space for you to socialize with each other and your personal librarian in a small group setting while learning about essential information resources!

Each week of Social Time has a theme and lasts approximately 30 minutes, with a maximum of 5 students per session. Please sign up for one or more Social Time slots in the Google spreadsheet linked in the email sent from your personal librarian!

A Look at the Refreshed PubMed - Summary Video

Over the summer, the National Library of Medicine (NLM) launched a new interface for PubMed, the #1 online resource for searching the biomedical and clinical literature! Check out the NLM's [quick 3-minute video](#) which demonstrates a brief overview of the basic look and functions of the new interface. New changes are released regularly and we'll update you of any major changes. Check out the [PubMed User Guide](#) for tutorials, answers to FAQs, and more!

As you start searching PubMed for the latest literature for your courses, Embark projects, research projects, and more, let us know if you have any questions!

National Hispanic Heritage Month

Each year, National Hispanic Heritage Month is celebrated September 15 - October 15! In honoring the month, the Medical Library is highlighting resources celebrating figures in medicine as well as promoting free, quality online information resources that raise awareness of Latinx/Hispanic health issues.

Association of American Medical Colleges (AAMC) - [Celebrating 10 Hispanic Pioneers in Medicine](#) blog post highlights the stories of 10 amazing Hispanic figures in medicine from the 19th century to present!

Centers for Disease Control & Prevention (CDC) - [Hispanic Heritage Month's](#) webpage raises awareness of the health disparities and inequities that continue to disproportionately impact this population including higher rates of diabetes, liver disease, high blood pressure, and obesity than other groups. The page also links to health promotion information materials in both English and Spanish.

[Hispanicheritagemonth.gov](#) - In a joint partnership between the Library of Congress, National Archives, National Endowment for the Humanities, National Gallery of Art, National Park Service, Smithsonian, and United States Holocaust Memorial Museum, this web portal serves as an online history of National Hispanic Heritage Month in the US. It collects and makes available online exhibits, collections, videos, oral histories, and more celebrating the history, culture, and contributions of the Hispanic/Latinx communities.

MedlinePlus.gov - Our #1 recommended website for free, trusted health information has a [Hispanic American Health](#) webpage dedicated to the health of this community. Remember, the entire MedlinePlus interface can be also toggled to Spanish!

Office of Minority Health (OMH), US Department of Health and Human Services - The OMH's focus for this year's [Hispanic Heritage Month](#) is raising awareness of health disparities in this population and encouraging health promoting behaviors during COVID. Check their website for resources and upcoming events!

PBS - [Latino Americans](#) (2013) is a six-hour documentary series "[chronicling] the rich and varied history and experiences of Latinos, who have helped shape the United States over the last 500-plus years and have become, with more than 50 million people, the largest minority group in the U.S."
