Doors Open Today at New City Hall

Structure Seen
as Focal Point
in Civic Center

Dedication Ceremonies
Scheduled for June 12
After Open House

By ARNOLD S. HIRSCH

A far cry from the days when city aldermen convened on the second floor of the main fire hall above the heads of restless fire horses, Pontiac's modern, million-dollar-plus City Hall today opened its doors.

Constructed of reinforced concrete and faced with Indiana limestone, the new structure is slated to become the focal point of a city civic center.

Costing \$1,200,000, the City Hall was completely paid for out of current tax revenues and required no bonds.

Official dedication ceremonies, set for June 12, will cap a three-

Related stories on page 21.

day public open house at the new building.

For the first time in many years, all city departments are now housed under a single roof.

The ground floor is home for the Health, Parks and Recreation, Electric and Purchasing departments, the engineering laboratory and the printing and mailing office.

Situated on the first floor are the departments with which the majority of the public must come in contact.

In the south wing are the Treasurer's and Water departments. The city clerk's office and building permit and inspection offices are located in the north wing.

The assessor's office is in the eastern portion.

On the top floor, the City Engineering Dept., city planner, Dept. of Public Works director and traffic engineer are located in the north wing.

In the east section are located the accounting and bookkeeping departments.

Panels in white oak, the administrative suite fills the south wing of the second floor.

Offices are located there for the city manager, attorney, director of finance, personnel director and mayor.

The City Commission chamber, with seating capacity for 100 spectators in plush, theater-type seats, is also on the top floor.

Measuring 47-by-38 feet, the room has a west wall of floor-to-ceiling black walnut. The north and east walls are black walnut above a five-foot wainscoting of Missouri marble.

Highlighting the room is a specially designed Commission table, (Continued on Page 2, Col. 1)

Ike Mulling Bid to Soviet Talks

Big 3 Await Answer to Proposal for Top-Level Meeting Next July

PARIS (AP)—The Big Three foreign ministers awaited word today from President Eisenhower on a proposal for a meeting "at the summit" with Soviet Premier Nikolai Bulganin in Switzerland next July.

Spokesmen for the British, who with the French have been pressing for a top level meeting, said last night Secretary of State Dulles had promised to ask Eisenhower for an answer on the proposal within 48 hours.

In Washington, Eisenhower's press aide, Murray Snyder, said he had heard of no communications between Dulles and the President on the subject but that he had not talked to the President during the day.

In recent news conferences, Eisenhower has said he wanted assurances of Russia's sincerity before he would take part in a big power conference.

Although Dulles forwarded the British-French proposal for a top-level Big Four meeting, American sources said the Secretary of State still feels the four foreign ministers should meet first to work out details of a German settlement and other European questions.

Tulips to Bloom Early

HOLLAND (AP)—More than 60,000 visitors viewed tulip fields in the Holland area over the weekend. The tulips were in full bloom due to the recent warm spell.

The official tulip time celebration is not due to start until Wednesday.

This will feature the traditional scrubbing of the streets and parade of Klompen (wooden shoe) dancers dressed in Dutch peasant costumes.

Hiroshima Girls in New York City for Scar Surgery

NEW YORK (INS)—Twenty-five "Hiroshima maidens" hideously scarred by the atomic bomb arrived in New York today with the prayerful hope that plastic surgery will help them to happier lives.

The Japanese girls were disfigured ten years ago in the searing heat and blinding flash of the first A-bomb ever exploded in warfare.

Suffering psychological and spiritual "wounds" as well as physical scars, they have lived as virtual hermits and without hope for a decade.

The girls, age 19 to 32, will undergo a year-long series of plastic surgery operations at New York's Mt. Sinai Hospital.

Money for their preliminary expenses was contributed by the American community in Japan.

Statehood Bill Ready for House

First Vote to Decide on Rules for Alaska, Hawaii Debate

WASHINGTON (AP)—For the first time in the long fight over statehood, the House today gets to vote whether it will consider a bill to admit both Alaska and Hawaii as states.

Before voting on statehood itself, the House must decide first whether to consider the bill under rules limiting debate and barring amendments. You could get an argument either way as to the outcome.

Unofficial reports—by statehood supporters—say membership polls by House Democratic and Republican organizations indicate a majority will support the combined bill if it comes to a vote. But they concede it will be close.

As a result, the big fight is likely to come today with opponents seeking to block the bill's consideration. Such a move could draw support not only from those opposed to admitting either territory, but also from supporters who disapprove the no-amendment procedure under which the rules committee approved bringing the bill to the floor.

Like to Be Fenced In?

MILLION-DOLLAR LOOK—Costing \$1,200,000 — and all paid for — Pontiac's new city Hall today officially opened for business. The building, which will be dedicated June 12, faces Parke street and is bounded on the north by Pike street and on the east by Hill street. The structure cost \$1,050,000, equipment \$75,000 and outside work \$75,000. It replaces the old City Hall, built in 1909, which probably will be razed.

Low Temperatures Cause Only Minor Damage Here

Last night's low temperatures caused only slight damage to gardens and orchards in this area, a survey indicated today.

"Only some of the tender garden plants may have been injured," said Oakland County Agricultural Agent Lyle Abel.

Peach and apple orchard owners in the Romeo area reported the cold snap came too late to do much harm to blossoms. The low reading in Pontiac this morning was 33.

The threat seemed over today with the low tonight predicted at 43 to 47 and a high tomorrow near 75. The forecast was for increasing cloudiness tonight followed by showers and thunder-showers tonight and tomorrow.

The weather bureau reported below-freezing temperatures last night from Flint on north. The Berrien County area, in the state's main fruit belt, reported severe damage to strawberries, grapes and raspberries.

There was possible loss in the area to sweet cherries, peaches, red tart cherries, apples, and pears.

Clarence C. Mullett, agricultural agent for the Grand Traverse area, said the cherry crop was "well pollinated already so damage won't be too extensive."

The mercury had climbed to 54 in downtown Pontiac by 1 p.m.

Federal Probe Asked as Gas Prices Rise

Oakland County's State Sen. William S. Broomfield (Royal Oak) said today he will introduce a resolution calling for a federal investigation of gasoline prices in Michigan.

The lawmaker's action was prompted by announcement of a half-cent increase per gallon on wholesale price of regular gas and a cent hike in ethyl price by the Standard Oil Co.

Most service stations in the Pontiac area did not hike gasoline prices this morning, but were expected to do so this afternoon and tomorrow in line with an increase in wholesale prices announced by the Standard Oil Co.

Other companies usually follow Standard's rate changes, spokesmen for several of them explained. The wholesale jump is 1/2 cent on regular grade and 1 cent on premium.

The current rate is 30 cents a gallon for regular and 32.5 for ethyl. New figures will probably be 30.6 and 33.6. The extra .1 of a cent will be to cover increased state sales tax payments, dealers explained.

Pontiac Nearly Had City Hall 26 Years Ago

Pontiac nearly had a new City Hall 26 years ago.

Voters had approved the sale of bonds to erect a new building and land at the corner of East Pike and Parke Sts. was purchased.

Plans were drawn and the bond sale imminent when the infamous 1929 crash came.

The plans were later completely revised, but the same land was used.

Avery Resigns as Ward Head

Quits Two Weeks After Beating Wolfson; Barr to Succeed Magnate, 81

CHICAGO (AP)—Sewell L. Avery, 81-year-old chairman of Montgomery Ward and Co., resigned today, two weeks after fighting off an attempt by Louis E. Wolfson to win control of the mail order firm.

John A. Barr, vice president and secretary who conducted part of the historic April 22 stockholders' meeting in Avery's place, was named to succeed Avery as chairman of the board and chairman of the executive committee.

Avery will remain a director of the company. He is one of the candidates on the management slate of directors for reelection. Votes taken at the stockholders' meeting April 22 are being counted and tabulated.

Financial circles reported Avery had planned to retire as chairman some time ago but that when Wolfson, New York and Florida financier, made public his plan to seek control of the firm Avery stayed on to lead the management fight.

Avery had headed the firm, second only to Sears Roebuck & Co., in the mail order and retail field, since 1931 when J. P. Morgan & Co., put him in control to save the concern from going under in the depression.

During Avery's regime four Ward presidents and about 40 vice presidents had been fired or quit.

Oakland Value Hiked by State

Equalized Figure Up by \$222 Million for \$1.4 Billion Total

LANSING (AP)—The state tax commission, recommending an \$831,450,000 increase in the states equalized valuation, today made public the county-by-county equalization proposals for this year.

The tax commission recommended state equalization of \$17,553,525,000 compared to last year's \$16,722,075,000. The total of county assessed valuations was \$13,479,487,026, an increase over last year of \$698,350,814.

Oakland's equalized figure was set at \$1,400,725,000 by the state as compared to a 1954 valuation of \$1,178,425,000. Lapeer's valuation was set at \$70,525,000 as compared with \$69,550,000 last year.

It was the first state equalization since the state Supreme Court held that the state equalization must be used as the basis for local property taxes.

The state board of equalization will meet May 23 to hear protests and make the figures final.

The bulk of the increase is contained in \$700,000,000 worth of new construction on the tax roll, Nims said.

L & N Rail Walkout to End Wednesday

WASHINGTON (AP)—An agreement was reached today calling for an end to the stormy 57-day Louisville & Nashville Railroad strike at 6 a.m. EST Wednesday.

A formal government announcement of the strike-end agreement was made at 11:45 a.m. EDT.

The agreement calls for submitting key, unsettled issues to a neutral referee for a binding arbitration decision.

The strike, marked at times by violence, had crippled rail service in 14 Southern states nearly two months. It was the longest rail strike since 1922.

Bonanzagram Rules Eased Again to Find a Winner

Here's good news for Bonanzagram fans, especially those who have punctuation troubles.

To help someone win the \$800 cash prize just waiting to be taken away, rules will be made easier.

Starting as of today, with Bonanzagram No. 10 appearing this week, punctuation marks will not be counted in determining a winner.

Puzzles get a bit harder as we go along, but since no one has submitted an entirely perfect answer, with both missing letters and punctuation correct, the new rule will make it easier to hit the jackpot. Answer to puzzle No. 9 will be revealed Friday. On this puzzle a perfect answer (letters and punctuation) will be tops. If no perfect solution is found, a solution with but one punctuation error will pay off. This is for No. 9 which appeared last week.

The new ruling (a winner on letters alone, regardless of punctuation) begins with Bonanzagram No. 10, appearing again today on page 2.

You have through Tuesday, May 17, to submit your answer to No. 10.

Postponed Shots in Pontiac Area to Be Re-Slated

County Health Director Confident 'Air Will Be Cleared' Soon

The estimated 9,500 Oakland County youngsters who were to get their first polio vaccine shots last Saturday may get them this Saturday, county health officials said today.

"I'm confident the air will be cleared by Saturday, or even before," said Dr. John D. Monroe, county health director.

Saturday morning, 35 minutes before the Salk shots were to be given to first and second graders in Pontiac, Waterford Township, Birmingham, Southfield Township and Farmdale, Dr. Monroe called off the day's program.

His decision followed a recommendation by the U. S. Public Health Service that states hold up the inoculations over the weekend pending study of an investigation into the manufacture and testing of the vaccine.

Last night, Surgeon General Leonard A. Scheele urged that the program be held up for a few more days while federal health authorities make a new safety check.

Scheele expressed hope a plant-by-plant check of vaccine manufacturers would permit resumption by the end of this week.

Dr. Monroe's decision coincides with Scheele's view.

Dr. Monroe said even if the O.K. comes before Saturday, the department would not be able "to marshal its forces" in time to give the shots before then.

Parents whose children have been vaccinated were assured by Scheele that "in the very best judgement of the public health service, they have no cause for alarm."

Michigan is one of the few states not going along with the federal government's "strong recommendation."

Dr. Albert E. Heustis, state health commissioner, said Michigan's anti-polio inoculation programs will be continued unless he receives a specific order from Washington to stop using the Salk vaccine.

He based his decision on the success of the state program. He pointed out that 325,000 shots have been given in the state with only one suspected case of polio reported among the children inoculated.

"I believe we have ample evidence that the vaccine we have used is safe and effective," Dr. Heustis said.

A number of states and cities had planned to start mass inoculations of first and second graders today, but called off the vaccinations after Scheele's statement. These included, Connecticut, Maine, Vermont, Washington and Los Angeles.

Many state health department heads, like Dr. Heustis, voiced unshaken confidence in the vaccine and some indicated dissatisfaction.

AUTO INSPECTION BEGINS—Municipal Judge Maurice E. Finnegan (seated in car) was the first to undergo the inspection in the annual city-wide auto check which started this morning. Police Lt. Joseph Koren (left), head of the accident and traffic bureau, looks on as Judge Cecil McCallum (right) and Clyde R. Haskill, campaign chairman, give the judge's car a clean bill of health. The safety program is sponsored by the Chamber of Commerce Safety Committee, Auto Dealers Assn. and the Pontiac Police Dept. (See story on Page 21.)

Pontiac City Hall Opens Doors Today

(Continued From Page One)

which took seven weeks to construct. It is so designed that all commissioners face the spectators.

An annex room to the south, which can be separated by a folding plastic door, can set 50 additional spectators. It also can be used as a conference room.

Doors throughout the 207-by-102-foot building are black walnut.

The main vestibule and lobby are completely walled in imported Italian marble. All corridors are lined five feet up from the floor with the same Clifdale marble from Missouri used in the Commission chamber.

Ceilings are of fire-proof acoustical tile.

Most offices have three-inch metal sound-proof walls which appear to be permanent.

"They make for great flexibility," said architect Leo J. Heenan. "You can change an office layout overnight."

Floors in public areas are constructed of marble and terrazzo. In offices, the floors are of vinyl plastic tiles.

Fluorescent lighting is used throughout. In the Commission chamber, the fluorescent tubes are encased in flush plexiglas fixtures.

Recessed lights are used in the administrative suite, where wheat-colored wooden furniture is the fashion.

With the exception of the ground floor, which is partially underground, the City Hall will be fully air conditioned.

In all portions of the building, winter or summer, temperatures may be set individually in each room via wall thermostats.

Forced hot water will heat the building. A re-circulating water air conditioning system—which complies with a new city ordinance—will keep it cool.

Ice-cold water will gush from every fountain, thanks to a special refrigeration unit in the sub-basement under the eastern portion of the building.

Departmental clerks won't have to worry about making change. Pneumatic tubes will lead from all departments where permits and licenses are sold to the treasurer's office.

As in a department store, clerks in the treasurer's office will make all change and stamp bills and receipts "paid."

City Hall visitors will have their choice of walking stairs or riding an elevator. And a shaft is ready for another elevator should the time come when one is deemed necessary.

Aluminum is used for the main doors, all door casings and the spandrels, or facings between windows on the exterior.

Another feature is a \$50,000 telephone system, designed especially for the building by Michigan Bell Telephone Co. and

The Da in Birmingham

7 Youths Will be Quizzed on Car Thefts, Breakins

BIRMINGHAM—Six Birmingham teenagers from Walnut Lake, have Lake were scheduled to appear in Juvenile Court in Pontiac today for preliminary hearings on charges ranging from breaking and entering to car theft.

Three of the youths, including a teenage from Walnut Lake, have admitted stealing a car over the weekend, police said. The car was recovered by Bloomfield Township authorities yesterday.

Lt. Henry Timm of the Birmingham Police Department, said two of the three have been picked up previously. He said indications are that further questioning and investigation "might possibly" reveal that the youths were involved in similar thefts.

Timm said the other four Birmingham youths have been in "other trouble." They were to appear in court for a hearing on charges of breaking and entering a Birmingham home and stealing a cash box.

Six amateur golfers from the Birmingham-Bloomfield - Franklin area, all members of the Women's District Golf Association, are getting in practice licks at Forest Lake Country Club in preparation for the Wolverine Ladies Open Tournament. The tournament opens at Forest Lake May 25.

Golfers from the area who will participate include Sally Sharp, Mrs. J. P. Staphiskas, Mrs. Donald F. Watkins, Helen Grinnell, Mrs. Stewart Nunnely, and Mrs. E. E. Leahy.

Some of the nation's leading pro women golfers also will take part in the tourney. The amateurs will play for a cup donated by Forest Lake club member Bob Green. The pros will divide a \$5,000 purse.

A Bloomfield Township resident, Edgar C. Thorne, 6209 Dakota Circle, has been elected president of the Uptown Lions Club of Detroit. An active member of the club for the past 10 years, Thorne is manager of the still photographic department of the General Motors Corp. He also is active in the Wing Lake Parent-Teacher Organization.

Mrs. Berrien Ketchum of Birmingham was elected vice president of the Michigan League of Women Voters at the group's state convention in Saginaw. Mrs. Chester Cable of Detroit was elected president.

The Holy Name PTA will hold its final meeting of the year at 8:30 tonight. As a special feature, 38 Holy Name safety patrol boys and girls will be presented tokens "in gratitude for the fine job they have done during the past year."

The Stewardship of the First Baptist Church will be held tonight at the home of Mr. and Mrs. Homer Pratt, 16162 Wetherby. Officers for the coming year will be elected.

Elizabeth J. Jenkins Service was held at 11 a.m. today at the Bell Chapel of the William R. Hamilton Co., for Mrs. Elizabeth Jenkins who died at Beaumont Hospital Saturday. Formerly of Highland Park, Mrs.

NOTICE to DOG OWNERS in the City of Pontiac

1955 Dog Licenses are now due and payable at the City Clerk's Office, first floor City Hall.

License Fee \$2.00 up to and including May 16, 1955—\$3.00 thereafter.

School Segregation Tops Court Calendar

WASHINGTON (INS)—The Supreme Court moved into the final month of its 1954-55 term today with school segregation topping its list of issues still to be decided.

Before it adjourns for the summer, the court, which meets only three more times after today, will also rule on a number of other important cases.

But it is the school segregation ruling that is most widely awaited. The high tribunal is to issue orders for carrying out its ban of last May 17 on separate schools for white and Negro children.

Negro parents have demanded that the court order integration "forthwith"—by the beginning of the next school year in September, or by September 1956, at the latest. But spokesmen for southern states which practice segregation have insisted that federal district courts be given a free hand in deciding how and when integration should be carried out.

Fishermen Rescue Three

DETROIT (UP)—Two Taylor Township fishermen today were credited with saving the lives of three men and a woman in the Detroit River. Raymond Brandly, 29, and Eddie Owens pulled four Canadian residents from the river after their boat capsized, police said.

Now You Can Win! "Bonanzagram" Have Fun! Win \$100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a \$100 cash prize. BUT before you try your hand at "Bonanzagram" be sure and read the rules at the bottom of this page. Solution will appear in the Press May 20.

Claim Check

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 10 is published Friday, May 20. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 10

The Explorer Scouts were in trouble. A sudden, huge rockslide had penned them in the main canyon of a range they were exploring. After some worried consultation, Scout leader David Borden decided it was best to divide the group into two parties. He assigned one to their Indian guide and took the other himself. Using their maps and compasses, they set off in opposite directions in search of a "forked gash" which, according to Indian legend, provided the second means of escape from the canyon. After two foggy and strenuous days, Borden's group found the way out, but meanwhile lost contact with the others. That night one of the boys on night watch picked up a code message from a distant flashlight. He had missed some of the letters, but Borden was able to decipher it and form a plan for reuniting the two groups. Can you, too, figure out what happened to the others?

☐ Check here if you would like the Press delivered to your home!

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores. In the message insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message. Clues may also be found in the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will contain in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.
2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p.m. Tuesday, May 17. Mail entries must be postmarked before midnight Tuesday, May 10 for Bonanzagram No. 10. Address "Bonanzagram, % Pontiac Press, Pontiac, Mich."
3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.
4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p.m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." Postmark on this letter must be not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadline listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employees of the Press and members of their immediate families. (Immediate family means all those living in an employee's household.)
2. No question as to winners will be answered by phone.
3. The Press will award a prize of \$100 to the winner of each weekly "Bonanzagram." If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the \$100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a \$20 bonus will be added to the \$100.
4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.
5. The Press retains the right to correct typographical errors.
6. Judge's decision will be final and contestant's submission of entries indicates acceptance of these rules.
7. No liability is accepted for entries that fail to reach us.
8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

'Blond Witch' Works Wonders

By PHYLLIS BATTELLE

NEW YORK (INS) — She is known as the "blond witch," because there is sorcery in her fingers.

When she was a five-year-old child in Yugoslavia, she was walking with a governess and a dog one day. The dog pounced on a new-born goat and half-chewed off its ear. The little girl, weeping, led the goat back home and sewed his ear back in place with ordinary needle and thread.

Word spread across the country about this strange, sympathetic child who was said to have the "hand of God," who healed animals with a gentle touch, splinted the broken wings of birds and looked like a small angel with a yellow halo.

When she was 14, Genia Sakin was sent by her family to Berlin to see Prof. Jacques Joseph, the late pioneer in plastic surgery, and he took her on as his pupil. At 15, she was standing in on his operations and giving him advice. The first time, he told her to "shut up." After that, he took many of her suggestions.

Today, Dr. Genia Sakin is in New York — almost broke, as she always is when she returns to New York — looking to make a little money before she goes out to make more miracles in far parts of the world. She is little known in this country, because here she conducts a conventional practice in plastic surgery, among dozens of pros who've built up a big clientele by operating in one place.

But Genia's weakness, (or, rather, her strength) lies in the fact that as soon as she builds up a large enough bank account, she will be off again, to perform her sorcery on disfigured people of poor lands who never heard of miracles until she came along.

"It is my hobby," she said, in her one-room apartment far uptown in Manhattan, "going out in the world to help people who were so ugly they didn't want to live anymore. But it is a very expensive hobby, and I must come home here and make money in between."

Perhaps the idolatry she received as a child went to her still-lovely blonde head, but whatever is the cause for her unique charitable pursuits, many hundreds of persons in Europe and South America are grateful. Word reached the INS office in Brazil, her last (literally) operating point, that hundreds of the grateful turned out with flowers and tears to see her off. Of this she says:

"They do not know, but they do me as much good as I do them. I was always dissatisfied with nature, and when I see a face that has never smiled turned into a face that can laugh, it makes me laugh too. If you know me, you'd know I am either laughing or working or sleeping. There is nothing in between."

Dr. Sakin, beautifully dressed in hand-made clothing and costume jewelry that Brazilian families gave her in lieu of money, took her final medical examinations in 1939 and came to the United States from Germany. For a few years, she set up a practice here but, just as it was building, she volunteered for U.S. Army service.

There never was a shapelier, harder-working woman in the Medical Corps when she was sent to be in charge of surgery in the American military hospital in Berlin. She was a major and the only lady plastic surgeon in the Allied armies.

After the war, she took up her private business until she saved enough to go to Greece for two years and hundreds of operations. Weary and out of funds and holding citations from Gen. James Van Fleet and King Paul and Queen Frederika, she was about to return home when an 18-year-old girl who had often tried suicide because of her hid-

eously deformed face asked for help.

"What could I do?" she remembers. "I was too tired to have any fingers left." So she sponsored the girl's trip to New York, kept her here a year, performed 20 operations on her face, and sent her home an attractive young woman.

Dr. Sakin just returned from South America a few days ago, and does not know where she will go next. But she knows she will go soon again, because she sees her self as "two people — the woman who wants to sit and con-

template beauty — and the one who wants to make-it-herself." The latter woman is stronger. (Copyright 1953)

Policewomen a Novelty

HONG KONG (UP) — Policewomen are directing traffic in Hong Kong for the first time. The novelty hasn't worn off yet, either. Car drivers and pedestrians still wave, and smile when passing the skirted constables.

The great Chicago fire occurred in 1871.

Oxford Students Plan Clothing Crusade

OXFORD — Thursday, Oxford school children will go on a crusade. Their weapons will be bundles of clothing. Their goal: to help provide many pounds of sturdy, warm, clean clothing for needy children in America and overseas.

According to Elementary Principal Wayne Francisco, the local drive is part of Save the Children Federation's 13th annual "Children's Clothing Crusade," which is conducted in public schools throughout the United States under the auspices of the federation's National Advisory Committee of School Superintendents.

The clothing collected will be used to aid children and families in Korea, in war-depleted countries of Europe and the Middle East, and in disadvantaged rural areas of the United States, including the Navajo Indian Reservation.

Francisco pointed out a second objective of the drive.

"Not only are we helping to alleviate the suffering of many thousands of needy children," he said, "but we are also teaching our own children a valuable lesson in the importance of thinking of others."

Federation officials present these pointers for clothing givers who want to be sure their clothing will do the most good:

Most needed is warm clothing—heavy underwear, wool skirts, suits, sweaters and coats. Even adult sizes can be cut down and gratefully used, officials said.

Low-heeled adult and children's shoes are next in importance, and babies' clothing is in constant demand. Diapers, crib blankets, night shirts, warm sweaters and undershirts are especially needed.

All clothing gifts should be clean and in as good repair as possible. Save the Children Federation is urging all local citizens to join in the clothing crusade, either by sending a bundle of used clothing to school or by making a small cash contribution to help defray the cost of collecting, reconditioning, and sorting the clothing for distribution.

Cash contributions in any amount may be sent to: National Headquarters, Save the Children Federation, 345 East 46th Street, New York City.

Baseball League Elects Officers at Walled Lake

WALLED LAKE—William Staman has been elected president of the Babe Ruth League in Walled Lake. Watson Stringer is vice-president and Jill Shaw, secretary. Clifford Cottrell and Ralph Buffmeyer have been named to the board of directors.

Practice dates are in the process of being arranged according to Staman.

The Little League which was organized in Walled Lake last year is engaged in getting Al Riley Field in shape before games are to be played. Officers of this league are seeking volunteers to help with this project.

The Little League has four teams organized and the first game will be played on Sunday, June 5.

The battleship Missouri had 9.5 acres of deck space.

Crary PTO to Hear Talk on Curriculum

WATERFORD TOWNSHIP — A program on curriculum orientation will be presented when the Isaac E. Crary Junior High School PTO meets at 8 p.m. Wednesday at the school.

Parents of present sixth and seventh graders will have explained to them the subject content of next year's school program, and teachers will be on hand for conferences.

Mrs. George Smith of Elizabeth Lake Estates is chairman of the nominating committee which will present a double slate of nominees for the election of officers to be held during the business meeting.

Church to Meet Tuesday

WATERFORD — Election of officers and annual reports are scheduled for the annual meeting of the Waterford Community Church, at 8 p.m. Tuesday.

MR. AND MRS. THOMAS NEDDERMEYER

Mr. and Mrs. Milward Strong of Leonard have announced the marriage of their daughter Mable Ann, to Thomas W. Neddermeyer. He is the son of Mr. and Mrs. William Neddermeyer of Romeo. The ceremony was performed at the Methodist Church, Angola, Indiana, April 26. Mr. and Mrs. Howard Hunt of Romeo, sister and brother-in-law of the bridegroom, were the attendants.

H. Frank German Takes Gloria Trainor as Bride

MRS. H. F. GERMAN

WALLED LAKE — Gloria Rose Trainor and H. Frank German spoke their nuptial vows in a double ring ceremony Saturday at the Commerce Methodist Church. White flowers and candelabra decorated the altar for the 11 a.m. rites.

The bride is the daughter of Mrs. Rose Lee Newkirk of Walled Lake. Mrs. Paul Hempy of Mandon Lake is the mother of the bridegroom.

The bride's gown was of white embroidered organza over tulle, with high neckline and bouffant street-length skirt.

A staid petal cap, rhinestone studded, secured her fingertip veil of illusion, and she carried a white Bible with white gardenias and stephanotis.

Maid of honor was Rose Mary Chown, and Ray Papania served as best man for his brother-in-law. A dinner and reception was held in the home of the bride's mother, following the ceremony.

Child Study Unit to Meet at Williams Lake School

WATERFORD TOWNSHIP — The Williams Lake Child Study Group will meet at 8 p.m. Tuesday at the school for evaluation of this year's program and planning for next year.

Frieda Huggett will be the adviser.

First execution in an electric chair occurred in New York in 1890.

George's Newport

74 N. Saginaw St. We Give Golden Shells

Harrowed by Slope

MT. SUNAPEE, N.H., (UP) — Skiers were a little surprised when a snow tractor with a harrow behind it started running over the slopes here. But Mt. Sunapee State Park Manager Dick Parker explained he was using a new method to break up boiler-plate

snow and turn glass-slick surfaces into good skiing. Parker also said he also treats icy patches with salt to make fresh powder snow stick to the slick sections of trails.

Bulk of the world's supply of cloves is produced on the islands of Zanzibar and Penba, off the east coast of Africa.

1,500 Singers to Meet

ROCHESTER, N. Y. (UP)—More than 1,500 male singers from eastern and midwestern United States and Canada will convene here in May, 1936, for the "Big Sing" of the Associated Male Chorus of America. The singers will have

worked for a year as individual units in 60 different communities but will sing here as a massed chorus.

Has Good Name for Job

STORRS, Conn. (UP) — The agricultural editor of the University of Connecticut is Hardy Berry.

Honeymooners Injured

PLATTSMOUTH, Neb. (UP) — Wounds inflicted by a shotgun blast touched off by one of the brides marred the happiness of the joint honeymoon of Mr. and Mrs. Harold Heater and Mr. and Mrs. James Woodell of Baltimore. Mrs. Woodell, while climbing out

of their auto knocked over a shotgun which discharged. Injuries to the men were slight.

In financial circles a "Tangerine" isn't likely to be a fruit—but is more likely to be the negotiable gold certificate issued by Tangerier which circulates throughout Europe.

Vets Are Good Risks

CHICAGO (UP) — Ex-GIs make good mortgage risks. GI home loans three months or more overdue amounted to only .22 of 1 per cent last year, the Mortgage Bankers Association reported. Only 2.45 per cent were delinquent for any time at all.

"Sitting this one out" are, from left to right, Mr. and Mrs. Paul Snider of West Huron street and Mr. and Mrs. Webster Francis of Orchard Lake. May baskets decorated the tables which outlined the dancing area. Apple blossoms and lilacs carried out the springtime theme when they were used to decorate the rest of the ballroom.

One of the first persons taking to the dance floor to enjoy the climax after his fruitful efforts was the club's president, Wilbur Crawford of Mark avenue. Shown above, he and Mrs. Crawford are just taking their first turn, which will lead them to the bandstand.

Personal News of Interest

Mrs. Frank Egan and her daughter, Margaret Ann, arrived recently from Bronxville, N.Y., for a visit with Mrs. Egan's parents, Mr. and Mrs. Harry F. Menard of Birmingham.

Mr. Menard was feted Friday evening with a dinner party held at Orchard Lake Country Club on the occasion of his birthday.

Dr. and Mrs. George Harkless of Mark avenue will spend three days at Hotel Morrison in Chicago attending a Great Lakes Congress of Optometrists.

The couple will also visit with Mrs. Harkless' sister, Ruth Jackson of Chicago.

Fred Kuekes, son of Mr. and Mrs. Elmer Kuekes of Shore drive, is a member of the cast of "Katerina," the spring Studio One production at Michigan State College.

The play, a Russian tragedy by Leonid Andreyev, centers around a woman's search for strength of character.

Helen Rigdon of Ward road, a student at Mercy College, has received Mercy's scholastic honor for her superior scholastic average.

Mr. and Mrs. Elmer S. Gransten Jr. (nee Joan Dunn) of Genes street are announcing the birth of a daughter, Susan Jane.

on May 3 at Pontiac General Hospital.

Grandparents are Mr. and Mrs. Elmer Gransten of Lenox avenue, and Mr. and Mrs. Albert G. Dunn of Ellwood avenue.

Mrs. L. Clare Utley of Ottawa drive spent the weekend at the University of Michigan as the guest of her daughter, Devon.

Saturday evening mothers of Delta Delta Delta sorority members were entertained before dinner with a fashion show at the house.

Other activities planned to entertain mothers were a tour of the campus and antique shops, and they were also serenaded by fraternity members.

Episcopal Diocese Gathers Monday

Carl Sayers of Allen Park spoke on "The Recovery of Family Life," when the spring meeting of the Oakland Convocation of the Episcopal Diocese of Michigan was held Monday in Ferndale.

A service of Holy Communion began the session at 10:30 a. m. at St. Luke's Episcopal Church, with the program preceded by a 12:15 p. m. luncheon.

Following the talk of Mr. Sayers, discussion groups formed, after which a panel summarization of the topic was given, closing the meeting.

Mothers, Daughters Hold Annual Event in Church

Grandmothers, mothers and daughters shared honors at the Mother and Daughter banquet staged in the Congregational Church Friday night, by the Saybrook Group. The new large dining room was used to seat 225 guests who were served a turkey dinner. Colorful programs were enhanced by luxurious bouquets.

Following the dinner, Mrs. Howard McIntyre, acting as impresario, called on Diane Euler, who gave a toast to the mothers. Her mother, Mrs. Harold Euler, responded with an impressive toast to the daughters.

Geraniums were given to the oldest and youngest grandmothers present, youngest mothers, to a four generation group, and out-of-town guests.

From this point on, the program took on a comical character. There was a grandmothers band led by Mrs. Oscar Lundbeck. Mrs. Theodore Wiersma was bandmaster and led all in singing parodies suitable to the occasion. Mrs. Melvin Boersma accompanied.

A comic opera in four acts, "Mother is Right" was portrayed by Victoria Canfield, Pat Kendall and Hedy Gaff, with unique details. Chorus girls were Helen Teitgen, Mrs. William Hurlburt, Mrs. R. George Tallardy, Mrs. Robert Gaff and Mrs. Wales Goodwin.

Carolyn Smith and Sue Ulgian sang a duet, "Be Kind to Your Parents" and four little tots, Judy Gaff, Vicki Canfield, Mary Bancroft and Marilyn Boersma sang, "Let the Sunshine In."

Chairmen of arrangements were Mrs. Hurlburt, menu; Mrs. Gaff, dining room; Mrs. Albert Games, decorations; Mrs. Howard McIntyre and Mrs. Robert Gaff Jr., entertainment.

Others were Mrs. Charles Ulgian and Nancy Vance, tickets and Mrs. Cecil A. Bondurant, program production. The invocation was given by Mrs. Graves and the benediction by Mrs. Burton.

New Sylvanites Hear Representative

Women of the New Sylvanites Club learned of "Principles of Scientific Laundering," the topic chosen by Mrs. Margaret Smith, electric supply company representative, when she was their guest speaker recently.

The group gathered at the Warwick avenue residence of Mrs. Tom T. Reese. The annual installation dinner is on the docket for the next meeting and will be held at Rotunda Inn.

MARIAN HASELHUBH

Mr. and Mrs. Fred Haselhubh of Baldwin avenue are announcing the engagement of their daughter, Marilyn Kay, to Edward F. Marlow. He is the son of Mrs. Daisy Marlow of Lake Orion and the late William Marlow.

String Trio Will Entertain

Pontiac Tuesday Musicale will present a Guest Artist String Trio and their own Workshop Vocal Ensemble at its Annual Luncheon on May 10 at 12:30 p. m. at Devon Gables. Guests are invited.

The trio will be Luella E. Elder, piano, Ruth Saunders, cello and Jean Elder Hohmeyer, violin and the ensemble will be directed by Mrs. George Putnam and Mrs. Howard Heidenbrand will be at the piano.

The Ensemble

Co-Workers Honor Regina McDonald

In recognition of her 35 years of "meritorious and faithful service" with the United States Postal Service, Regina MacDonald, who has retired, was presented a check by friends and co-workers recently.

Miss MacDonald, who had served as Civil Service secretary for the past 20 years, received the presentation from Robert Newman, president of the National Federation of Post Office Clerks representing the Post Office Council. He spoke briefly on the loss felt over her retirement.

In addition, a framed Certificate of Service was awarded Miss MacDonald by Robert Hukka, another representative of the council.

Early arrivals at the spring dance which Mrs. Edmund Rogers of Linden road marked the close of the season for Cotillion removed their wraps to head for the ball-Club members Saturday evening, Mr. and room of Hotel Pontiac.

Auxiliary Tells Plans for Open House

The Women's Auxiliary to Pontiac General Hospital announces a list of those who will preside at

the Open House Membership Tea to be held Wednesday.

Members and guests will arrive at the home of Mrs. John J. Marra on Nokomis drive, Indianwood Lake at Lake Orion beginning at 2 o'clock. The affair will conclude at 5 o'clock.

General chairman of the tea, Mrs. Charles J. Barrett, reveals the names of Mrs. D. R. Wilson, Cecil McCallum, Mrs. Henry P. Beehler, Mrs. A. C. Ish, Mrs. Ross Tenny and Mrs. Fred Voelker.

Church Slates Fashion Show

A show featuring summer fashions and hair styles will be presented Wednesday at 1:30 p. m. in the Fellowship Hall of the Birmingham Methodist Church.

A nursery will be furnished for the convenience of mothers and punch will be served following the show. Mrs. Howard Willett and Mrs. John D. Maynard are co-chairmen of the affair.

Members of the church who will be modeling the fashions from a Birmingham store are Mrs. Howard Willett, Mrs. Lawrence Pomeroy, Mrs. David Todd, Mrs. Theodore Wreeman and Mrs. Merrill Anderson. Others are Mrs. James Isham, Mrs. Keith Plunstein, Mrs. Joe Hengelmann, Mrs. Thomas Murphy, Mrs. J. C. Tolboldt and Mrs. Richard Sneed.

Teachers Accept Summer Posts in Colleges

Several Pontiac school faculty members have accepted teaching assignments in colleges during the coming summer.

Robert F. Beauchamp, of the PHS English department, will teach journalism at the University of Michigan. John Youngpeter, of the biology department, will teach in his field at the University of New Hampshire.

Viola Fitch, high school librarian, will teach library science at Winthrop College, at Rock Hill, S. C. Dr. Edith Roach Snyder, Webster School principal, will be on the staff of Michigan State Normal College.

Father and Sons Honored at Banquet

L. D. McLaughlin, father vice president of the Emerson School PTA, served as toastmaster at a father and son banquet held this week at the school.

Prizes were awarded to Harry King, the youngest father present; to William Wesch who was the oldest father present and to Keith Mortimore, the father having the most sons present.

J. E. Gammy, incoming father vice president, presented a gift to Mr. McLaughlin. The evening's program included a group of dances by students of a local studio, Mrs. Albert Stevens was general chairman of the affair.

DeMolay Mothers Entertain at Dinner

Pontiac DeMolay Mothers' Club met Thursday evening in the East Lawrence street Masonic Temple for a cooperative dinner. Members' husbands and DeMolay boys were guests.

Mrs. Paul Hagel gave a short talk on "The Purpose of DeMolay." She told of many prominent figures who were once members of the order, such as Walt Disney and Robert Taylor.

Any boy from the age of 14 to 21 is eligible for membership if he is sponsored by a Mason.

Mrs. Wilbert Davies was welcomed as a new member.

A mother and daughter banquet will be sponsored by members of the Ida Kahn Unit of the WSCS of Central Methodist Church on May 10 at 6:30 at the church. Those present will be delighted with the marionette show which is being planned. Getting things in tiptop shape for the banquet are (left to right) Mrs. Wesley D. Johnson of South Johnson avenue, Mrs. Frederick Poole of Watkins Lake, Mrs. John Mulder of Mary Day avenue and Mrs. William E. Bullock of Walled Lake.

Pontiac Press Photo

50 Miles of Wire Connect New City Hall's Telephones

Saturday, as Mayor William W. Donaldson plugged in the last fuse, a \$50,000 telephone installation involving 50 miles of wire, the efforts of dozens of phone experts and years of preparation went clickety-clacking into operation at Pontiac's new City Hall.

The tailor-made system, termed by a Michigan Bell Telephone Co. official "the most efficient, modern, compact and workable devised to this point," has as its heart a costly piece of equipment known as a dial switching unit.

Located in a specially designed room on the ground floor of the new building, the switching unit will result in faster service for outside callers and city personnel, alike.

With it, the City Hall operator handles no outgoing calls, thus is free to devote full time to routing incoming calls. To get an outside line in less than a second, the city worker need only dial "9".

The dial switching equipment also permits inter-office calls to be dialed directly. Each office or department has a two-digit number of its own.

Any official or employee can reach another by phone in the time it takes to poke his finger in the dial and take two pulls.

Not only does this give the operator more time to handle incoming calls, it makes possible more rapid emergency phone communication, points out City Manager Walter K. Willman.

who is also city civil defense head.

Formerly, all inter-departmental calls had to be handled manually through the switchboard and could easily pile up under rush conditions.

Linking the 81 phones in the City Hall network to the switching unit and switchboard are cables carrying a total of more than 50 miles of wire.

Included among the new telephone instruments are five new "hands-free" sets which enable persons using them to walk around the room digging out files or looking up data while still talking and listening.

A microphone is built into the base of these phones and a small

loudspeaker carries the caller's voice.

Initial plans for the system were first laid five years ago at a meeting of city officials, the architect and Michigan Bell representatives. Chief result of the session was to establish the amount of space that would be needed.

Three and a half years later, a phone company traffic department survey crew kept count of the different type calls which went through the old City Hall switchboard for six days.

With the results of the study, Walter Barnett, company commercial representative, asked equipment engineers in Detroit to draw up specifications on

what was needed to meet the needs.

Plans in hand, he later conferred with Willman and architect Leo J. Heenan, who agreed to the layout.

Barnett then sent the minutely-detailed request for the system's construction to Western Electric laboratories in Chicago. There, piece by piece, the system was assembled.

Eight weeks later it was en route to Pontiac.

When it arrived here, a 20-man Western Electric installation crew took over. A local Michigan Bell squad of construction and cable men moved into the picture at the same time.

On April 29—six weeks after

they had begun—the job was complete.

With the complex system installed, another local crew, this time PBX-men, hooked up the WE equipment with the phones.

It will be this crew's responsibility to keep the switchboard and dial switching unit operating.

Despite the welter of new-fangled devices, Mr. and Mrs. Public

visiting the building won't be confused if they want to make a phone call.

Old-fashioned pay stations have been installed on each of the three floors.

FINAL STEP — Watching as Mayor William W. Donaldson (right) plugs in the fuse activating the \$50,000 telephone system at Pontiac's new City Hall are Walter Barnett (right), Michigan Bell Telephone Co. commercial representative, and Edward J. No-

Vehicle Maintenance Program Opens

NATO Grows to 15 Members

North Atlantic Defense Community Is Now Six Years Old

By THE ASSOCIATED PRESS
West Germany joins the North Atlantic Treaty Organization (NATO) today as its 15th member. Here is a thumbnail sketch of NATO:

Under a treaty effective in 1949, 12 nations joined in a mutual defense alliance "to promote stability and well-being in the North Atlantic area." The original signers were Belgium, Canada, Denmark, France, Iceland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Great Britain and the United States.

Greece and Turkey were admitted as partners in 1952. Now West Germany is ready under its newly won sovereignty to begin recruiting an armed force to add to the alliance.

These 15 nations have a total population of about 435 millions. In signing the treaty the nations announced their support of the United Nations and their desire to settle differences peacefully with all peoples and governments. They agreed to develop their individual and collective capacities to resist armed attack, and warned that any attack against one or more of them in Europe or North America would be considered an attack against them all.

The NATO council of governments has headquarters in Paris. On the council sit the nations' foreign ministers and defense and financial ministers. In addition each government has a permanent representative.

A military committee composed of the chiefs of staff meets normally in Washington to shape military policies and assay defense needs. A standing group, a subcommittee of the military committee, functions continuously in Washington. It is composed of one representative of each of Britain, France and the United States.

In December, 1950, the NATO council established an integrated force for the defense of Western Europe under a Supreme Headquarters Allied Powers, Europe (SHAPE). U. S. Gen. Alfred M. Gruenther is SHAPE commander, with Paris headquarters. U. S. Adm. Jerauld T. Wright heads an Atlantic command with headquarters at Norfolk, Va.

STRANGE BROOD — "Betty," a Beagle hound owned by Mr. and Mrs. Joseph Gallivan of Commerce Township, had some strange visitors on Mother's Day, just because she's a good mother. The kittens, born three weeks ago had not been treated as baby kittens should be by their mother, "Hateful," but apparently had lost them.

Kittens Desert Mom on Mother's Day Prefer Maternal-Minded Beagle Hound

By JOSEPH K. SPAIR

Three little kittens were thankful they didn't spend Mother's Day with their own mother, "Hateful," yesterday.

Instead, the 3-week-old kittens, owned by Mr. and Mrs. Joseph Gallivan of 2460 Union Lake Rd., Commerce, cuddled around their adopted mother, "Betty," in a small cut-away box.

Strange that the kittens should desert their mother on such a day. It is strange, thinks Hateful, because their adopted mother is a Beagle hound who should be nursing her own pups.

The Gallivan's daughter, Gail, 23, believes the matter is going according to natural laws, though Betty possibly should get some psychiatric treatment as a frustrated mother.

"We found Betty the same way we did Hateful," said Gail. "Last fall Hateful meowed at our front door—her long angora hair was just drenched with rain and she was hungry. So we kept her,

"Recently, Betty came barking at our front door and Dad decided to take her in. We could see that she had just had puppies. Three weeks ago Hateful had her kittens and Betty didn't like the way she was taking care of her babies.

"One day Betty gently picked up the three kittens and took them into her doghouse. From then on Betty wouldn't let Hateful near the kittens."

The mamma cat is named Hateful, explained Gail, because "she just is. She treats her babies rough and she sneaks around like she's going to pounce on you."

What makes Betty such a good and gentle mother to the kittens, is baffling the Gallivans.

"Even Dad likes Betty better. She's so affectionate to everybody, especially the three small kittens. The kittens play with Betty and never get hurt. And when they want to nurse, they're never pushed away."

"Hateful is moody. She nurses them whenever she feels like it

and picks them up roughly."

Maybe, it's because Betty knows what it means to lose her own little puppies that makes her such a good mother, think the Gallivans. And perhaps the black, slanted green-eyed Hateful has been treated "just too dog-gone good."

What is it that makes a good or bad mother? The Gallivans say either the contentment which Hateful has experienced or the frustrations Betty has had to endure.

Finding Missing Cab, but Driver Is AWOL

DETROIT (INS) — A taxi belonging to the Checker Cab Co., of Detroit, which had been missing since last Friday, was found today but a search is still being made for the driver, John Ford, 39, of Detroit.

The cab meter showed it had been driven 562 miles, but the trip sheet disclosed no paying customers.

Safety Checks Slated on Cars

Inspection of 20,000 Automobiles Goal for City-Wide Plan

Pontiac today launched its 4th annual city-wide vehicle maintenance program with hopes of inspecting at least 20,000 autos in a week's time.

Scheduled to last only a week this year, the program formerly had been conducted for an entire month with inspections of only 10,000 cars.

Designed as a public service in the interest of greater safety, the

program is sponsored by the Pontiac Chamber of Commerce Safety Committee, the Police Dept. and the Auto Dealers Assn.

"The success of the program," said Clyde R. Haskell, committee chairman, "is expected to be boosted by help from various civic groups who are participating in the campaign. Members of the Auto Dealers Assn. also are making the free inspections at various garages in the city."

Motorists are urged to drive into the following reserved lanes throughout the city today for the inspections:

On Johnson street, between Elizabeth Lake and Liberty Sts.; on Hillside drive in front of Lincoln Jr. High School, East Blvd., between Auburn avenue and Whittemore street; Municipal Parking Lot on Pike street and on West Huron, beside the Oakland County Courthouse.

Motorists passing the safety check will be given an "OK" sticker to be pasted on the windshield indicating the auto's safety features have passed inspection. Others will be advised on unsafe features.

Civic groups helping in the program this week include the Northside Kiwanis Club, the Lions Club, Civitan Club and Pontiac Police Reserve officers.

POWs' Fate Linked to India-China Talks

The visit which India's peppery Vengalil Krishnan Krishna Menon is paying to Chinese Communist premier Chou En-Lai this week may make him a diplomatic hero.

It is entirely possible that the Krishna Menon-Chou talks, in the Red Chinese capital of Peiping may lead to United States-Communist negotiations on a Formosa cease fire.

They also may have important bearing on the suddenly intensified efforts of United Nations Secretary General Dag Hammarskjold to win the release of American and other Korean war prisoners held by the Reds in violation of the armistice.

The State Department does not often care much for the diplomatic activities of Indian Prime Minister Jawaharlal Nehru and Krishna Menon, who is his chief delegate to the U.N. and chief diplomatic adviser.

Nehru and Krishna Menon can not fairly be called fellow travelers of the Reds. But too often, in the United States viewpoint, they and the Communists happen to be going the same way diplomatically.

This time it is difficult to see how Krishna Menon can do any harm. He could do much good. Here is the situation:

Chou En-Lai made the dramatic announcement on April 23, at the Asia-Africa conference in Bandung, Indonesia, that Red China was ready to negotiate directly with the United States on the Formosa situation and Far Eastern issues in general.

Ever since then, there has been an under-current of secret diplomatic negotiations involving countries which have diplomatic relations with both the United States and Red China.

Nehru announced in New Delhi on April 30 that during the Bandung conference Krishna Menon and Chou had discussed "certain aspects" of the Formosa situation.

As the result, Nehru said, Chou invited Krishna Menon to Peiping to continue the talks.

"We have known for some time

that (Red) China was ready to enter direct talks with America on Formosa," Nehru said.

Krishna Menon took off for Peiping Saturday.

Before he left, he had some long talks with John Sherman Cooper, the United States ambassador.

It happened, interestingly, that Hammarskjold's stimulated attempt to get the American prisoners in China freed coincided with Krishna Menon's visit.

Hammarskjold announced last Thursday at U.N. headquarters in New York City that he had "intensified" his work in behalf of the prisoners. The intensification

started during a 10-day visit he made to Europe.

He said that it was "just by feeling that this is the time for it" that led to his suddenly stimulated activity.

But the Chou-Krishna Menon talks and the prisoner situation fit together.

There is also the new development that the Chinese Reds have just agreed to accept relief packages through the Red Cross for 54 detailed Americans. These Americans include 15 imprisoned airmen — 11 of them accused of being "spies" — in whose behalf Hammarskjold is primarily acting.

Ford Willing to Run If GOP Cooperates

DETROIT (AP)—Rep. Gerald R. Ford indicates he is willing to run for the Michigan governorship in 1956 provided state Republican leaders adopt two principles—avoid the "big business" label and rid the party of strife.

The four-term Grand Rapids Republican also says, if he is to risk his congressional career, the state GOP must give unqualified support to the Eisenhower program. Ford, a strong Eisenhower supporter, has voted 92 per cent of the time for the President's legislative program—the second highest mark in the house.

Claims Security Probe Already Shows Results

WASHINGTON (AP)—Sen. Olin Johnston (D-SC) said today a Senate investigation of the administration's employee security program "already has had a good effect" without public hearings so far.

Johnston, chairman of the Civil Service Committee conducting the inquiry, said in an interview that federal agencies now "are guarding the rights of individuals more than they were before."

18 Jap Climbers Found

TOKYO (AP)—Searchers today found 18 high school mountain climbers lost yesterday in snow and fog on Mt. Nasu, 110 miles north of Tokyo.

WEST CAPITAL — David Doyan, (left) of St. Frederick School, and Spencer Gray, of Whittier School, were among 120 Michigan school safety patrol leaders who visited Washington, D. C. as guests of the Automobile Club. They are shown visiting with Clarence E. Otter, Auto Club president, and Congresswoman Ruth Thompson of Michigan. The 4-day trip is part of the 19th AAA National Safety Patrol Rally.

Ed Sullivan Signed by Warner Brothers

HOLLYWOOD (UP) — Warner Bros. Studio today announced the signing of Ed Sullivan, columnist and television star, as star and producer of an independent motion picture for the studio.

Jack L. Warner said casting for the picture would begin immediately with production scheduled to start about Oct. 1.

"Sullivan's motion picture for Warner Brothers will be one of the most important forthcoming pictures on our release schedule," Warner said. "We welcome him to the studio."

MOVING DAY—Saturday was moving day at the City Hall, on E. Pike street. Vans are shown loading city records and office equipment for the move to the new City Hall a block away, facing on Park street. City affairs are being directed from the new building today.

Ohio has more acreage under glass than any other state in the Union.

Michigan's coastlines total 3100 miles, more than any state in the Union.

Benny Reviews Radio

'Money or Life' Joke Draws Biggest Laugh

By EARL WILSON

NEW YORK—Jack Benny—who'll welcome a farewell to radio because it bores him now—was reviewing 23 years of laughs and said his best radio laugh came when a holdup man said, "Your money or your life?"—and he didn't answer but just hesitated, for a long, long pause.

"Well?" demanded the holdup man... and Jack answered: "I'm thinking it over."

Jack plans to do this one—a laugh classic—on TV sometime. The longest TV laugh he had was on a New Year's eve show when he was supposedly dancing with Mrs. Jimmy Stewart. In swinging her around, Jack lost Mrs. Stewart and instead grabbed a waiter by the hand. The waiter—a stunt man—did a double somersault, spilling food and drinks all over everybody, including Jack.

"We timed that laugh—it was about 40 seconds," Jack says.

On a filmed TV show, Jack dreamed he was at dinner, serving meat to a young man calling on his daughter—a young man "whose father works for a bank."

Piling the meat high on the young man's plate, Jack said, "So your father works for a bank?" The young man said, "Yes—he's a janitor." The next scene showed Jack removing some of the meat from the young man's plate.

"Wives are people who spend money they don't have to buy things they don't need to impress people they don't like."—Al Moragne, Nashville.

At a party where a couple of people were obnoxiously intoxicated, Herbert Bayard Swope turned to one guest and said, "Why don't they get drunk soberly... like you do?"

Gen. Melvin Maas, retired, who's sightless—and chairman of the President's Committee to employ the physically handicapped—remarked at a recent U. S. Marine Corps Combat Correspondents convention, "Of course, I'm handicapped myself." And while the crowd looked sad for him, he added, "I have false teeth."

TAINA

which she'll make herself! And she'll have a voice in stories!

TODAY'S BEST LAUGH: Mike Connolly overheard it at a H'wood party: "I hope she doesn't spill anything on her wedding gown—she's worn it only once."

(Copyright 1955)

Italian Actress and Orson Welles on Honeymoon

LONDON—Orson Welles, one-time boy wonder of the American theater, honeymooned today with his new bride. She is dark-haired Countess Di Giralco, an Italian actress better known as Paolina Mori.

Welles, 40 Friday, was wed to the 24-year-old starlet yesterday in an early morning ceremony at London's Caxton Hall Registry. British producer Peter Brook and his wife were the witnesses.

The couple kept their honeymoon destination secret.

It was Welles' third marriage and the Countess' first. The show-

man married Virginia Nicholson in 1934 and movie star Rita Hayworth in 1943.

Army to Fire Near Fuji

FUJII-YOSHIDA, Japan (U)—The U. S. Army today said it will begin artillery practice firing tomorrow in the famed Mt. Fuji area despite a protest demonstration by 1,500 local residents.

Gov. Hisashi Amano of Yamana-shi prefecture warned of "possible grave consequences" if the shoot begins. He did not amplify.

United Artists Signs Wagner

Young Producers Plan
to Film Story on Lines
of 'American Tragedy'

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—I might have known when I saw Robert Jacks and Robert Goldstein talking a mile a minute to Bob Wagner that something was in the air. Well, something definitely is happening.

Bob—Wagner, that is—stars in "A Kiss Before Dying." Ira Levin's prize-winning mystery novel of last year. This is the first United Artists picture for young producers Jacks and Goldstein.

The story has an "American Tragedy" slant in that Wagner plays a scheming college boy who murders the girl standing in the way of his marriage to an heiress.

As the picture starts in June, Bob Wagner is now definitely out of "Girl in the Red Velvet Swing."

In a few days you'll be hearing about a rarin', tearin' Greek beauty by the name of Irene Papas. She arrived in town over the weekend to make additional tests for Spencer Tracy's picture, "Jeremy Rodock," and you can take my word for it that she's one of the most attractive actresses to be in our midst in many a day.

It's difficult to stay up late at parties when you have to work early next day, but it's one way of getting news.

At a recent party I heard whispers that Monty Clift has agreed to star in D. H. Lawrence's "Sons and Lovers" at Columbia. If you haven't read this book, let me say that it's much better than Lawrence's famed "Lady Chatterley's Lover," which brought him criticism.

"Sons and Lovers" is the story

of a coal miner's son, a sensitive, intellectual boy, who is completely dominated by his mother. Two other women enter his life and when his mother dies he is free from her domination. It's going to be difficult to film, but I understand Columbia has it all worked out.

The Marilyn Monroe Co., which Marilyn formed with photographer Milton Greene, has let it be known that they are ready to do tie-ups in a big way.

Marilyn has already loaned her name to the A. Perlman Co., a New York corset manufacturer. No, she won't have Marilyn Monroe corsets, she'll have Marilyn Monroe bras, which now are being readied for the market.

This doesn't interfere with the exclusive story I printed some time ago that Marilyn and 20th Century-Fox are talking reconciliation. And speaking of reconciliation, Joe Di Maggio is still waiting for Marilyn to come back to him. He goes with no other girls.

Snapshots of Hollywood collected at random: Looks very promising for Polly Bergen to play the Helen Morgan role. She arrived over the weekend to make a test.

Baby Fraser Heston had to have a complete medical examination before he could play the infant Moses in "The Ten Commandments" with his daddy, Charlton Heston, the grownup Moses.

Five favorite leading men have been invited by Mae West to ring-

Grains Firm Up After Opening

CHICAGO (U.P.)—Grains firmed after a mixed opening on the Board of Trade today. Dealings were fairly active.

Wheat met some selling pressure at the start, probably based on scattered moisture in parts of the winter wheat area over the weekend. The bread grain quickly recovered under the leadership of the May contract.

Soybeans were firm from the start, as were oats. Corn lagged early and then made a small recovery.

Wheat near the end of the first hour was unchanged to 1 1/4 higher, May \$2.18 1/4; corn unchanged to 1/4 higher, May \$1.44 1/4; oats 1/4 to 1/2 higher, May 73 1/4; rye 1/4 to 1/2 higher, May \$1.00 1/4; soybeans 1/4 to 1/2 higher, May \$2.54; and land unchanged to 3 cents a hundred pounds higher, May \$12.60.

3 Fishermen Rescued, Overcome by Fumes

TRAVERSE CITY (U.P.)—Three Benton Harbor fishermen were rescued yesterday after being overcome by poisonous gas from a leaky exhaust line on a tug boat they were taking from Charlevoix to Benton Harbor.

The coast guard station in Traverse City and surface craft from Charlevoix took part in the rescue.

Rescued were William Eyerly, owner of the tug; Warren, his brother; and Raymond Groom, father-in-law of William Eyerly. They are recovering at Northport Hospital.

Wheat near the end of the first hour was unchanged to 1 1/4 higher, May \$2.18 1/4; corn unchanged to 1/4 higher, May \$1.44 1/4; oats 1/4 to 1/2 higher, May 73 1/4; rye 1/4 to 1/2 higher, May \$1.00 1/4; soybeans 1/4 to 1/2 higher, May \$2.54; and land unchanged to 3 cents a hundred pounds higher, May \$12.60.

County GOP Group Plans Larger Program

The Oakland County Republican Committee is planning to enlarge its size and get an expanded program under way, according to chairman Chad M. Ritchie.

Oakland's four members of the GOP State Central Committee already have been added to the group, he stated. They are Mrs. Doris Stacey, of Troy Township; Mrs. Delphine Lamb, Oak Park; Mrs. Clara Fuller, Oxford; and Arthur Elliott, Pleasant Ridge.

Chairman of last fall's county convention, Robert A. Sutton of Pontiac, also has been named to the committee.

"We plan to further expand the committee by addition of two members from each of the 213 precincts in the county," said Ritchie. The group will include every delegate to the county convention elected in September 1954, he explained.

Future meetings will be scheduled on Friday allowing committee members serving in the State Legislature to attend. Another meeting will be slated within two weeks, said Ritchie.

DD 4 DOCTOR, 94

Doctor, 94, Becomes Father Second Time

CLINTON, Iowa (INS)—Ninety-four-year-old Dr. John D. Hullinger of Clinton, Iowa, listed as the oldest practicing physician in the nation, appears headed for records of another sort.

He became a father yesterday for the second time in 22 months, and said he and his 32-year-old wife, Lucille, still are "looking for a girl."

Dr. Hullinger, who has delivered more than 3,000 babies, did the honors himself, in his home. He commented:

"My wife behaved like a good fellow and both mother and son are getting along fine."

The Hullingers have been married since May 28, 1952.

Expects College Boom
LANSING (AP)—Michigan's college enrollment will double within 15 years, says Dr. Albert Mayer of Wayne University. Present enrollment is 100,000.

At least 167,000 by 1970 and may well go to 215,000, he predicts. His figures are based on the fact that the children already have been born.

Ease Parcel Curbs for U. S. Prisoners

WASHINGTON (INS)—American prisoners in Red China will soon be receiving food and comfort packages more quickly because of a new agreement between the Chinese and American Red Cross organizations. The American Red Cross says the Reds had agreed to allow direct transmission of the parcels through the Bamboo Curtain. Previously the Peiping government had required that the gifts be sent through international parcel post channels.

Now they will be shipped to Hong Kong and handed to Chinese Red Cross officials who will take them to the prisoners.

There will be two shipments every month—one on the 15th and the second on the 30th. The first

shipment will be May 15. ARC president Ellsworth Bunker said the Chinese insisted that all packages be subject to Chinese customs inspection at the entry point.

The Chinese agreed to accept packages only for the 29 U.S. civilians and 15 airmen they have acknowledged holding.

World Bank Farm Head in Japan for Conference

TOKYO (AP)—Egbert de Vries, director of the agricultural division of the World Bank, arrived today for conferences with Japanese officials.

The government wants a loan for development of the Kiso River irrigation area.

Though smaller, the moon appears to be the same size as the sun because the latter, with a diameter of 400 times that of the moon, is 400 times as far away.

Rodney Brodie Wakes From 51-Hour Coma

CHICAGO (AP)—Rodney Dee Brodie has taken a turn for the better, but still is listed in critical condition at Illinois Research Hospital. The 3½-year-old boy—first head-injured—came out of a 51-hour coma yesterday. Rodney's eyes flitted happily over the faces of his mother and father, Mr. and Mrs. Royt Brodie who visited at the hospital on Mother's Day.

Rodney, seemingly well on his way toward a normal life after separation from his twin 29 months ago, was returned to the hospital Tuesday with a deep, mysterious bleeding in his brain.

A hospital spokesman said Rodney was resting comfortably but that doctors could not tell for cer-

tain whether the brain hemorrhage had stopped.

Blame Denver Fire on Culprit in Kansas

DENVER (AP)—Firemen here are blaming some unknown resident of the Kansas City area for putting them to work yesterday.

The firemen, wearing special gas masks, fought through heavy smoke to extinguish a blaze among 1,400-pound rolls of roofing paper jammed into a boxcar.

Asst. Chief Art Becker said a cigarette apparently had been tossed into the car before it was sealed and sent out of Kansas City last Tuesday. The paper had smoldered the four days and 650 miles to Denver.
