City Takes Financial Crisis to Community Leaders

By L. GARY THORNE

City Hall yesterday went to the people — civic, labor, business and industrial leaders — for an answer to Pontiac's financial crisis in municipal government.

Community leaders listened, asked clarifying questions and then requested further information.

No one suggested an immediate solution to the dollar drain as outlined by city officials.

The more than 25 citizens asked city administrators to estimate the revenue to be derived from the several alternatives available for resolving the city's financial bind.

* * *

Presented in capsule form by City Manager Joseph A. Warren, the city needs a minimum of $350,000 in added annual revenue to bring the wages of municipal employes up to the average of the metropolitan area.

DESPITE HIKES

More money for city employes is needed despite two general wage hikes totaling a half-million dollars granted in each of the last two years.

Warren said the city's financial crisis is in the general fund.

The general fund, supported by a charter limit of 10 mills, operates most city departments.

* * *

General discussion at yesterday's afternoon meeting centered on the two principle sources available for added revenue: a city income tax or a property tax hike.

City administrators were asked to update figures on what each of the two would net the city. Also, they are to project possible revenue from a full spread of the 20-mill levy permitted under state law if there is no local charter limitation on the tax rate.

Warren explained that cities not in Pontiac's position with a 10-mill charter limit on taxes for the general fund are governed by a state law that sets a 20-mill limit for general operating expenses.

Mayor William H. Taylor Jr., who presided over yesterday's meeting, called for a second session next Wednesday with the income projections to be prepared.

* * *

Taylor said the object of the meeting was to help people understand the city's problem. "Once that is accomplished, the commission hopes people will respond," added the mayor.

'ESPECIALLY STEEP'

Warren told the community leaders that the general wage spiral had been especially steep in government.

He said personnel costs constitute 86 per cent of the $7.7 million general fund this year.

Citing the past wage boosts, the city manager said the first $5-million increase in the tax base, which again in 1967 is expected to move upward, would only match expenditures projected for this year.

* * *

Warren said the tax base this year fell $5 million short of projections, which left a $50,000 hole in the city's revenue picture.

'CAN'T KEEP UP'

Because of the charter tax limit, Warren said the respective $22 million increases in the city's tax base in 1964 and 1965 and the $15 million jump this year have not enabled the city to keep up in services or wages.

He pointed out that the general fund gained only $10,000 for each million-dollar

Whitmer Plan Backed

The Pontiac Board of Education last night gave enthusiastic endorsement to Schools Supt. Dr. Dana P. Whitmer's concept of developing a human resources center in the southeast quadrant of the city.

"This is probably one of the most positive, progressive steps ever taken by a school board in the city of Pontiac," Board President Monroe M. Osmun said, commending Whitmer for his preliminary work on the project.

The action taken last night, placing the idea officially before the school board and the public, follows months of background study on development of the concept.

Whitmer sees the educational park as a means of providing city residents with the ingredients of the "good life," which have been slowly fading from the American urban scene.

* * *

Initially, the center would replace 63-year-old McConnell Elementary School. However, Whitmer includes in his concept provision for pupils from Wilson and Central elementary schools, which soon will have to be abandoned.

RELATIVELY LARGE SITE

The complex of buildings on a relatively large site would provide facilities for the regular day school program as well as community school activities and

Rusk Says LBJ Viet Policies Same as JFK's

Secretary Defends Global Commitments Before Senate Panel

WASHINGTON (AP) — Secretary of State Dean Rusk told questioning senators today that President Johnson's Viet Nam policies do not differ from those of President John F. Kennedy.

Denying that this country is or wants to be a policeman for the world, Rusk defended the global commitments to aid defenses of more than 40 nations before a critical Senate Defense subcommittee.

Sen. Margaret Chase Smith, R-Maine, told Rusk that because of recent public criticisms by Sen. Robert F. Kennedy, D-N.Y., many persons feel that his brother, the late President, would not have escalated the fighting and U. S. forces in Viet Nam.

She asked comment of Rusk who has served both presidents as secretary of state.

* * *

"I do not feel that I can put words into President Kennedy's mouth," Rusk began but then quickly added that President Johnson and other presidents before him had followed a consistent policy in the Southeast Asian trouble center.

SOLEMN PLEDGE

President Kennedy's statements and action on Viet Nam, Rusk said, made it "very clear he regarded" the Southeast Asia treaty as a solemn pledge and "we would do our duty."

DEPARTS ON TOUR — President Charles de Gaulle of France salutes an honor guard as he prepared to leave Orly Airport in Paris this morning on a round-the world tour.

French Leader to Visit Ruler of Cambodia

Major Speech Set for Sept. 1 Is Expected to Touch on Viet Nam

DJIBOUTI, French Somaliland (AP)—President Charles de Gaulle arrived in Africa today on the first leg of a world tour that will take him to Cambodia, whose leader has been assailing U.S. policy in neighboring Viet Nam.

After a visit to this last remaining segment of the French empire, de Gaulle will proceed to Addis Ababa, Ethiopia, for a three-day official visit.

While in Cambodia, de Gaulle will confer with Prince Norodom Sihanouk, Cambodian chief of state who has charged that U. S. planes attacked frontier villages.

De Gaulle plans a major speech in the Cambodian capital, Phnom Penh, Sept. 1 in which he is expected to push his campaign for a united, neutral Viet Nam.

Whether he would condemn U.S. policy in Viet Nam from that rostrum was a matter of diplomatic speculation here.

He has been critical of it in the past but observers noted he was restrained about the situation while visiting the Soviet Union last spring.

* * *

The president, accompanied by his wife, flew from Paris in an American-built DC8 jet on the 22nd anniversary of the liberation of the city by French and American troops.

OVERSHADOWED

Although his 27,000-mile, round-the-world trip includes stops in Djibouti, French Somaliland; Addis Ababa, Ethiopia; New Caledonia; Tahiti and Guadeloupe, his visit to Cambodia — formerly a part of French Indochina — overshadowed the rest.

Sunny, Cool Seen for Area

Ol' Mr. Sun will direct his rays on Pontiac tomorrow as the Detroit-Weather Bureau has predicted mostly sunny and continued cool weather for this area.

Highs will be 71 to 77.

Skies will clear tonight with temperatures remaining in the cool range of 50 to 55.

Outlook for Saturday is fair with little temperature change.

At 2 p.m. the temperature reading was 70.

News Flash

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara said today there are "clear indications" of a political decision by North Viet Nam to continue pushing the war in the south at a "high level of intensity."

U.S. Moonship Launched

CAPE KENNEDY, Fla. (AP)—America's most powerful rocket, a massive Saturn 1, thundered into the sky today, aiming to hurl an unmanned Apollo moonship three-quarters of the way around the world to qualify both rocket and spacecraft for a three-man earth orbit flight in December.

Spurting a tail of fire the length of a football field, the 22-story 663-ton Saturn 1 soared away from Cape Kennedy at 12:16 p.m. (EST) on 1.6 million pounds of thrust generated by its eight first-stage engines.

The fiery departure was the start of an intended 93-minute flight that was to subject the Apollo craft to a series of punishing and demanding tests, climaxed by a blazing dive back through the atmosphere above the Pacific Ocean.

The spacecraft was not intended to orbit. Recovery will be attempted.

Watching the launching were the three astronauts who have been picked to ride the next Apollo ship into earth orbit for 14 days starting about mid-December.

This team, whose launching will trigger an all-out drive to land men on the moon by 1968, consists of Air Force Lt. Cols. Virgil I. Grissom, Edward H. White II and Navy Lt. Roger B. Chaffee.

Before they rocket into space, the two-man Gemini program is to be completed with two more flights, in September and October.

School Lunch Price Up

The current escalation of food prices was reflected in a Pontiac Board of Education decision last night to increase by five cents the cost of hot lunches for pupils and teachers.

Charges for the 1966-67 school year will be 35 cents for elementary and secondary pupils and 50 cents for teachers.

Assistant Schools Supt. Richard C. Fell noted that an increase in the cost of food has been accompanied by a decrease in U.S. surplus commodities alloted school districts.

The Pontiac School System attempts to maintain a hot lunch program balance to cover one month of operation, Fell noted.

* * *

Fell estimated that this year's hot lunch program will cost $100,000 more than last year's.

Hot lunch charges in the Pontiac district have been lower than those in the majority of Oakland County school districts, he noted.

"The way I understand them, the birds and the bees made me."

Chief Elected for GM Branch

A Bloomfield Township man, Oscar A. Lundin, treasurer of General Motors Corp., today was elected president and director of the firm's General Motors Acceptance Corp. subsidiary.

Lundin of 1475 Tottenham succeeds Thomas W. Towell, who is retiring.

Lundin has been treasurer of the corporation since 1960. He joined GM in 1933, as an employe in the payroll department at Chevrolet Gear & Axle.

He was transferred to the corporation's comptrollers staff five years later.

In 1962 Lundin was named general auditor of GM and in 1954 appointed comptroller of Allison Division in Indianapolis, Ind., a position he held until his promotion to treasurer.

FLYING LOW! — This scene is repeated daily as airliners coming into Standiford Field in Louisville, Ky., give expressway drivers a good buzzing. Planes landing and taking off nearly graze the lights of the interchange. For motorists, it's like driving on a runway.

Threats Put Piggins and Kelley on Guard

DETROIT (UPI)—A staid Circuit Court judge is packing a gun these days, and Michigan's attorney general walks with a bodyguard at his side.

They fear for their lives because they have been threatened with death. They have been threatened because of a grand jury investigation that has touched more than a score of persons from the cop on the vice beat to a collection of reputed Mafia leaders.

* * *

Judge Edward S. Piggins is a one-man grand jury, a role permitted by a unique Michigan law which allows the circuit judges in any one county to initiate such an investigation. Atty. Gen. Frank Kelley asked for the current investigation.

Piggins' began his work with a directive to check on traffic ticket fixing in the Detroit area. In nearly a year's time he handed down indictments against 18 city policemen, the sheriff and

'Wheeling It' Starts Friday in The Press

"Wheeling It," a new column about everything automotive from hot rods to motorcycles, will appear weekly in The Pontiac Press beginning tomorrow.

"Wheeling It" is directed to young people and their vehicles, sedans, sports cars, racers and motorcycles, fast becoming status symbols of the young generation, according to the column's writers Bob Cochnar and Dave Burgin.

State Senate Okays School Aid Proposal

LANSING (AP)—The Senate approved a $9.2-million school aid plan Tuesday which will channel more money to every district in the state—but nearly half of it to Detroit.

House Speaker Joseph Kowalski, D-Detroit, said House Democrats would vote for the plan next week after the procedurally required five days have elapsed.

The action will avert what Detroit school officials had claimed would be a budget crisis in their district.

After lawmakers had worked all day developing the plan, it almost failed in the Senate when six Democrats were absent or abstained. But Sen. Robert Richardson, R-Saginaw, finally joined two GOP colleagues in voting for the plan to give it the 19th vote required for passage.

VOTED 'NO'

Seven senators, all Republican, voted "No."

Each district in Michigan will get an additional $2.50 in state money for every pupil as the per-pupil allowance is raised from $278 to $280.50.

* * *

An ancillary program which gives extra aid to districts with abnormally high local taxes will be liberalized.

The per-pupil increase will cost $5 million, with some $750,000 of it going to Detroit. The extra-aid program will cost $4-million, with $3.5 million of it going to Detroit.

SALARY AID

An additional $215,000 will be distributed statewide for salaries of teachers in special education.

Detroit, claiming a $12 million budget shortage for the coming school year, sparked development of the additional aid program.

But money had to be provided for other districts in order to get enough votes from outstate and suburban legislators to approve the program. Once the extra money was added, opposition to helping only Detroit began to melt away.

A legislative declaration that the state pays school employer social security taxes freed $8-million for Detroit earlier.

Rental Racket Charged to 2

An Oak Park man and woman, charged with obtaining money under false pretenses in a rental racket, both are free on bond awaiting a Sept. 19 examination.

Jack Wein, 30, and Nancy Staley, 21, both stood mute at their arraignment yesterday before Oak Park Municpal Judge Burton R. Shifman.

Bond of $2,500 was set for Wein and one of $100 for the woman. Both gave their address as 15000 Burton, Oak Park.

Simultaneous renting of a house in Oak Park to three different parties was the basis for a warrant issued by the Oakland County Prosecutor's Office.

Prsoecutor S. Jerome Bronson said that information given to police indicated that Wein had been successful with the same operation involving several homes.

County Hears Pleas for Pay, Staff Increases

Pleas for salary hikes and more personnel were made yesterday by the final group of Oakland County department heads called to a preliminary hearing on the 1967 salaries budget.

Each of the eight departmental representatives cited a need for pay raises at the hearing before the personnel policies committee of the County Board of Supervisors.

Six of the eight asked for added personnel with Probate Court seeking the most new workers, a dozen.

The committee will meet again next Tuesday to evaluate the requests of all departments before preparing recommendations on salary adjustments and personnel increases to the supervisor's ways and means committee.

Threats Put Piggins, Kelley on Guard

(Continued From Page One)

undersheriff of Wayne County and various other public and private persons.

Then this week he indicted five alleged Mafia bosses and three of their associates.

ROLE EXPIRES

The threats are coming now because Piggins' role as a grand jury expires on Aug. 31. But Kelley has asked for another grand jury to carry on where Piggins will finish. The Wayne County Circuit judges are in the process of naming a new grand juror.

Piggins said he took out a permit for a concealed weapon after a telephone caller told him, "You better watch yourself. Someone is going to get you."

Piggins has also been assigned a city policeman to guard his life.

Kelley is being guarded by a state trooper and his home in Lansing is under police surveillance. He said he received a call last Sunday after he petitioned for another grand jury.

SAFARI TREASURES — Big game hunters Howard H. Fitzgerald II (left), publisher of The Pontiac Press, and Dr. James M. McHugh (second from right) of 32205 East Lady, Bloomfield Hills, present some African trophies for the university's museum to Dr. George A. Petrides, MSU professer of wildlife management and zoology, and Dr. Rollin H. Baker, museum director. The animal skulls were obtained during an African safari earlier this year.

2 Area Big Game Hunters Aid MSU's African Trove

Two Pontiac area men, with a yen for big game hunting and African safaris, have added an impressive collection of research materials to Michigan State University's Museum.

* * *

The two men are Howard H. Fitzgerald II, publisher of The Pontiac Press, and Dr. James M. McHugh, 32205 East Lady, Bloomfield Hills.

The pair this week donated skulls and skins of animals and birds caught earlier this year on a safari in Kenya, Africa.

Fitzgerald and McHugh, who spent from Jan. 3 to Feb. 15 in the field, enlisted the aid of experts from a museum in Nairobi in capturing the animals and birds for the museum.

* * *

Most of the birds were captured with a mist net, according to Fitzgerald, which permitted those not wanted by the museum to be released.

'FINEST EVER'

Museum director Dr. Rollin H. Baker called the Kenya collection "the finest of its kind we have ever received."

* * *

"It demonstrates," he said, "how effectively private citizens can contribute to the education at MSU."

Included are skulls of several animals that may soon be extinct: the boran cow, a primitive domestic animal of pure breed that will soon be crossed with the Brahma, an Indian breed; the kongoni and gnu, two kinds of antelope whose numbers have sharply diminished in many regions of Africa.

In addition to skulls of leopards, African buffalo, rhinoceros, zebra and impala, the collection includes 279 skins of birds and such small animals as the lemur, a tree-living creature of nocturnal habits related to the monkey.

* * *

All skins were prepared and stuffed in Kenya by a Kikuyu native who spoke no English.

* * *

The Kenya collection will be added to teaching and research materials at the museum.

Whitmer's Center Plan Is Endorsed

(Continued From Page One)

services of other public agencies.

A stabilizing factor in the racially integrated neighborhood, the center would give people the kind of educational and cultural opportunities that enhance the good life, Whitmer said.

"We are considering not just an educational facility, but a plan for the entire southeast quandrant of the city," he said.

* * *

For this reason, the school board will seek the cooperation of the City Commission to make the project a joint one.

TO SEEK FUNDS

An effort will be made to obtain planning funds from a foundation — and city, state and federal cooperation will be sought throughout development of the idea.

Also an integral part of the planning will be the backing of individuals and groups in the community.

Whitmer said much of the success of the program will depend on the residents' having "psychological ownership" of the complex.

* * *

"The best way to accomplish this is to have them as partners in its development," he said.

FEASIBILITY STUDY

The Pontiac School District Citizens Committee on Human Relations has endorsed the concept, contingent on a feasibility study.

School officials will spend the next three months explaining the idea and attempting to win community support for it.

Whitmer's proposed timetable calls for a planning director to be employed by December.

His six-month study would result in a master plan for the area, a location for the educational facility, specifications, financing and other recommendations.

'HIGH TIME'

Mrs. Lucille Marshall moved that the board endorse Whitmer's concept and authorize him to proceed with his plans.

"It's high time we stepped up with something that meets the needs of our city, regardless of whether it's been done before," she said.

Supporting the motion, William H. Anderson commented that the plan is "new, different and far-reaching."

* * *

"We're grabbing for the stars," he said, "but I think we have to start grabbing."

Senate Unit Will Hold I-696 Talks

LANSING (AP)—The Senate Highways Committee will meet with Roseville city officials Monday to try and resolve part of the I-696 freeway routing controversy.

* * *

The meeting is part of majority Democrats' plans to make a last-ditch try to solve the lengthy dispute before resorting to binding arbitration.

Gov. Romney called in Macomb and Oakland County legislators yesterday to push his arbitration plan, but Democrats were not convinced.

"Before this right of the people in local communities is snuffed out," said a Democratic statement, "the Legislature feels that it is incumbent upon it to be certain that all possibilities of local agreement have reached a complete dead end and that the final deadline has been reached."

* * *

Romney is worried that $140-million in federal aid for the 18.1-mile freeway strip might be lost by delay.

NEGATIVE RESPONSE

Sen. Sander Levin, D-Berkley, said he asked Highway Director Howard Hill at the closed meeting if a delay of several weeks could lose the money. Levin quoted Hill as saying "no."

The 15 communities involved in the routing have been unable to agree, although 13 said they'd agree to binding arbitration.

Main dissidents are Roseville and Pleasant Ridge.

Accident Proves Fatal

MOUNT CLEMENS (AP) — Injuries suffered Monday in a two-car accident near his home proved fatal Wednesday to Harold E. Elliott, 49, of Fair Haven.

FDR Jr. to Quit New York Race, Aides Report

NEW YORK (AP) — Franklin D. Roosevelt Jr., plans to withdraw today from the race for the Democratic nomination for governor of New York, his top campaign aides reported.

The 52-year-old son of the late president scheduled a news conference for 2:30 p.m. to make "an important announcement."

The two other announced candidates for the nomination are upstate businessman Howard Samuels and New York City Council President Frank D. O'Connor.

Fourth Crash at Area Corner

Commerce Mishap Hurts 4, 2 Seriously

Four persons are held at Pontiac General Hospital, two of them in serious condition, following an accident last night at a Commerce Township intersection.

The two-car collision, which occurred at Wise and Carroll Lake roads, was the fourth reported injury accident at that intersection this year.

The first of the mishaps claimed the lives of two Commerce Township sisters Jan. 4.

Hospitalized after last night's accident were Fredrick W. Britt, 44; his wife, Lois, 36, both of 367 W. Grand Traverse, Commerce Township; Mrs. Charles Watson, 54, of 435 W. Beechdale, Commerce Township; and Michael L. Utter, 19, of 311 Eleanor, Highland Township.

Mrs. Britt and the Utter youth are reported in serious condition. Britt and Mrs. Watson were held for observation and are listed as satisfactory.

Oakland County Sheriff's deputies said the accident occurred when Utter, westbound on Wise, failed to observe a stop sign at the intersection and collided with the car driven by Britt.

* * *

Mrs. Watson was a passenger in the Britt car, as was the couple's 5-year-old son, William, who escaped serious injury.

PREVIOUS ACCIDENTS

The pattern of the collision duplicated previous accidents at the corner, where area residents have twice staged demonstrations in quest of a traffic blinker at the corner.

The required stop at Carroll Lake for Wise Road traffic is presently indicated by a "Warning-Stop Ahead" sign as well as a standard stop sign.

Romney Picks Commissioner of Insurance

LANSING (AP)—Gov. George Romney today appointed David Dykhouse of Charlotte as state insurance commissioner.

The appointment follows an unusual visit by Dykhouse to the Senate Business Committee Wednesday.

* * *

The committee screens gubernatorial appointees — but usually only after they are appointed. Chairman John Bowman, D - Roseville, said Dykhouse "just dropped in to say hello." The meeting was closed.

Senate confirmation is needed for the appointment to the $18,000-a-year post.

Bowman said today there is currently no known opposition to Dykhouse and indicated the appointment would be approved shortly.

Dykhouse, 29, deputy director of the Michigan Department of Commerce, succeeds acting director John Wickstrom, who has served since Jan. 6, when former Commissioner Allen Mayerson resigned.

EXPRESS CONCERN

If confirmed, Dykhouse would serve the balance of a four-year term, which expires Oct. 11, 1967.

Some lawmakers have expressed concern he does not come from the insurance industry. But, said Romney, "since he has been with the Department of Commerce, he has been directly associated with the daily administration of the Insurance Department..."

Dykhouse was graduated from Rutgers University as a Phi Beta Kappa and studied at the University of Michigan on a Woodrow Wilson Fellowship.

He earned his law degree from the U. of M. and has practiced law in Detroit.

Birmingham Area News

School Bargaining Talks Longer, More Frequent

BIRMINGHAM — Contract negotiations between the Birmingham Education Association and the board of education bargaining teams are growing longer and more frequent as the Sept. 8 school opening date grows closer.

The two sides met Monday night in an eight-hour session presided over by a member of the Michigan Labor Relations Board.

The labor mediator was not sought by either side but was sent into the negotiations by Gov. George Romney.

Talks resumed yesterday in a nine-hour meeting. Don Cameron, BEA executive secretary, said several fringe issues have been resolved but that the two sides still have not settled on a salary schedule.

* * *

Cameron said salary proposals of the two teams are getting closer together and that he was optimistic that an accord might be reached within a week.

TEACHERS' STAND

The teachers have stated they will not return to work this fall without a master contract.

Talks will continue this afternoon in what Cameron said would probably be the longest negotiating session to date.

BLOOMIELD HILLS — Dr. Robert T. Hatt, director of the Cranbrook Institute of Science, and Michael V. Butler, the institute's curator of physics, will attend a Conference on Museums in Education, slated for all of next week at the University of Vermont.

The conference is sponsored by the Smithsonian Institution under a grant from the U. S. Office of Education.

Thirty representatives of major foundations, scholarly societies and educational services have been invited to attend, along with seven members of the Smithsonian staff and two representatives of the Office of Education.

Butler will deliver a talk entitled 'Gawk or Think" to express the Institute of Science's attitude toward programming museum visits.

* * *

Dr. Hatt will serve as chairman of a half-day session on testing the effectiveness of museum programs.

Sen. Murphy Due to Undergo Surgery

LOS ANGELES (AP) — Sen. George Murphy, R-Calif., was scheduled to undergo surgery today on a vocal cord that spokesmen for the senator said may have a possible early malignancy.

* * *

He entered Presbyterian Hospital Wednesday. Last week, a surgeon scraped Murphy's vocal cords to remove scar tissue.

* * *

Murphy, 64, said last week he had exhausted his voice on speaking tours but planned to make scheduled appearances in the fall.

NATIONAL WEATHER — Tonight's weather will be rainly in scattered parts of the south Atlantic Coastal states and the Rockies. It will be warmer in the northern Plains and the middle and upper Mississippi Valley.

City Asks Community Help

(Continued From Page One)

hike in the tax base. He said the cost of one additional patrolman or firefighter was $9,500 per year.

"All our services are at an austerity level," Warren told the community leaders.

The city manager said there was a daily demand for new and better services from "every quarter."

LISTS ALTERNATIVES

Listing the alternatives for obtaining more revenue, Warren said there can be a city income tax identical to the one rejected last year by the voters, a property tax increase, or a cutback in services. The latter would provide funds within the eixsting financial structure.

The city manager estimated 75 people would have to be laid off to provide funds for the needed wage hikes.

After pointing out that the commission last year thought the income tax was the best means to provide added municipal revenue, Taylor said, "We tried to show the city's problems. We can't do it alone, we need the help of our leaders."

Warren said the commission would have to act Sept. 6 to prepare a ballot proposition for the November election.

* * *

Several civic leaders yesterday thought the time was insufficient before November to adequately study the alternatives and wage a successful campaign for any added taxes.

However, others felt the large vote expected in November might be more favorable for a tax increase.

To Complete State Slate

GOP Faces One Fight

DETROIT (AP) — Michigan Republicans complete their general election slate Saturday, but only one top-of-the-ticket battle will apparently materialize.

It's for attorney general, where former State Chairman Lawrence Lindemer is tangling with State Liquor Control Commissioner Armand Bove for the right to be underdog against incumbent Democrat Frank Kelley.

* * *

Gov. George Romney won renomination for a third term without opposition in the August primary and there is no challenge to the renomination of Lt. Gov. William Milliken.

George Washington, top-ranking Republican Negro in state government, apparently will be unopposed in his bid for the secretary of state nomination.

HIGHEST POST

It would be the highest post for which Michigan Republicans ever nominated a Negro, as far as party officials and observers can recall.

Washington, named last January as state director of administration, gets the task of trying to keep Democrat James Hare from winning a record seventh consecutive term.

The Lindemer-Bove race shapes up as fairly close, although sentiment for the former chairman, now an attorney, appears to be growing.

Bove already has put up several orange-and-blue billboards, including one two blocks away from Cobo Hall, site of the convention.

* * *

The question is apparently unsettled whether the nomination will go to an open convention or will be decided upon in advance by party leaders. Aides to Romney declined to flatly say the convention would be as it was in the 1964 lieutenant governor fight between Milliken and then-House Speaker Allison Green.

CHALLENGERS

The GOP will also select challengers to Democratic incumbents on the Supreme Court and education boards.

The only Republican incumbents up for renomination are Michigan State Trustee Frank Merriman of Deckerville and Wayne State Governor Norman O. Stockmeyer of Wayne.

The Republicans will pick one other nominee for each of those boards, two for University of Michigan regencies, two for the State Board of Education and two for Supreme Court.

Unlike last week's Democratic convention, Republicans are not expected to get into a floor fight over Viet Nam — because their platform will probably bypass the subject.

Best chance for an issue fight is the potential repeat of the 1965 battle over state income taxes.

* * *

Conservatives, led by 14th district Chairman Richard Durant, pushed for a resolution requiring a vote of the people before an income tax could be adopted.

State Salt Firm Named in Suit

CHARLESTON, W. Va. (UPI) — The Diamond Crystal Salt Co. of Michigan was one of six companies named in a price-fixing suit by the state of West Virginia yesterday.

The suit asks $2.1 million in damages for the state and 11 of its larger cities.

* * *

It charges the firms "fixed and maintained arbitrary prices quoted identical prices; used artificial freight rates in computing delivery prices; and submitted noncompetitive and rigged bids."

The state said six other states were considering similar action.

Ferency Says Romney Nixes Debate on TV

DETROIT (AP)—Democratic gubernatorial candidate Zolton Ferency said Wednesday that Gov. George Romney has refused an invitation by a Detroit television station to debate issues in the November election campaign.

Ferency called Romney a "political coward" and challenged the Republican governor to debate publicly "at any time, at any place."

* * *

John Byington, Romney's campaign manager, confirmed in Lansing that James Clark, news director of WWJ-TV, had called him and "asked, would we be interested in having all four candidates on a meet-the-press type of show?" The four candidates mentioned were Romney; Ferency; U. S. Sen. Robert P. Griffin, R-Mich., and Griffin's opponent in the fall election, Democrat G. Mennen Williams.

Byington said he told Clark that Romney was not interested in a four-person debate.

The biggest shark ever caught on rod and reel was a 2,664-pound white shark caught off Southern Australia in 1959.

Noise of Jets Annoying Troy Residents

By JOE CRAWFORD

TROY—Residents of the Panhandle Subdivision in southwestern Troy have been growing increasingly annoyed for the past few months over a new innovation at the nearby Jim Robbins Co. plant.

Cause of the home owners' ire is a pair of twin-engine jet airplanes Robbins has acquired and has been operating out of a small landing field at the rear of his plant.

The Panhandle subdivision contains about 380 homes located near the northwest corner of 14 Mile and Stephenson Highway.

Robbins' plant is situated across Stephenson from the home section on the northeast corner of the intersection.

Don Sommer, president of the Troy Panhandle Homeowners Association, said airplanes are not new to the area residents since Robbins has been flying small piston-driven planes at his airstrip for a number of years.

* * *

The small planes, he said, had always been considered only a small annoyance.

NEW SITUATION

The introduction of the jets last spring, however, has presented an entirely different situation.

The Troy police department reports that it has been receiving calls from Madison Heights, Rochester, Royal Oak and Clawson as well as Troy complaining about the jet noise and the safety hazards created by their flying low over residential areas.

Sommer maintained that the jets circle several times over the Panhandle area at less than 1,000 feet altitude before and after landing.

This "buzzing," he said, is extremely disturbing to people in the area, especially since the flights frequently are made at odd hours of the day and night when most people are trying to sleep.

One irate housewife has threatened to get out her husband's rifle and shoot down the next jet that rattles her windowpanes.

GETTING WORSE

Sommer noted that the traffic thus far has been relatively light but that it is getting worse. He estimated that two to three jet appearances a day is usual.

The residents' complaints were introduced to the Troy City Commission last month by Panhandle home owners and city commissioner Clancey Fonseth.

"The jets are a terrible nuisance that the city ought to have some control over," said the commissioner.

Fonseth sought and received a legal opinion from city attorney Stanley Burke on whether the city has control over the operation of the planes and airstrip.

Burke reported that the city has no jurisdiction since the Robbins property is zoned for industrial use, allowing operation of flying facilities.

"There is nothing we can do," said Burke.

He has suggested that the city seek the advice of federal and state officials on the matter.

A Federal Aviation Agency official in Lansing, E. W. McMahon, said that since the airstrip is private the FAA has no right to interfere unless it can be proven that a definite safety threat exists to the area residents.

Les Andrews, chief engineer for the Michigan Aeronautics Commission, said the state has no police power over the facility unless it becomes commercial or represents a manifest safety hazard.

A representative from the MAC has been asked to appear before the Troy City Commission soon to further advise the board as to its power over the strip.

* * *

The airstrip itself is approximately one mile long and runs the length of the 100-acre Robbins site between the I-75 Freeway and Stephenson Highway.

SINCE 1951

It has been paved for about eight years and has been used by planes since about 1951. At present it serves, besides the two jets, two helicopters and about four small piston planes.

Fonseth said the Panhandle residents would not object if the jets were just flown in and out but, he said, they have a right to complain about excessive "buzzing" at unsafe altitudes.

He also noted the hazard to automobile traffic in the area created by drivers gawking at a jet landing on an airstrip that runs between two high speed highways and backs up to within 150 feet of 14 Mile Road.

When asked about the controversy, Robbins denied any knowledge of it.

* * *

"We make an effort," he said, "to keep the planes away from congested areas as a courtesy to the residents. We want to be good neighbors, but if the home owners have complaints they never should have let us get this far."

THERE FIRST

He noted that his plant and the airstrip were located in the area about seven years before the Panhandle section was built up.

He denied that the jets were more noisy than the piston planes. "The problem apparently is that the jets are new and the residents haven't adjusted to them yet," he said.

Troy's Big Beaver and Berz airports handle a lot more air traffic than his own facility,. said Robbins.

In addition, he refuted claims of some Panhandle citizens that he was planning on operating a flying school and selling jets on his land.

The plant employs about 550 people in the manufacture of plastic products.

Jim Robbins Jet Gives Troy Neighbors The Jitters

State Fair Kickoff Tonight

The 117th annual Michigan State Fair will get under way tonight at 8 with a parade through downtown Detroit.

Walter A. Goodman, State Fair manager, estimates that 200,000 people will line the streets to see the parade as it moves up Woodward Avenue from Jefferson to Vernor.

More than 150 units will participate, including bands, drum and bugle corps, drum majorettes, horses, floats and beauty queens.

The fair itself will open at noon tomorrow at the Fairgrounds at Woodward and 8 Mile, six hours earlier than in previous years.

* * *

Goodman is expecting more than a million visitors to swarm through the gates during the fair's Aug. 26 to Sept. 5 run.

BIG NAMES

In the Music Shell, big names in show business will be on hand daily for free shows.

The Baja Marimba Band will be the first headliners, from Friday through Monday. The Kingsmen will be on stage Friday and Saturday, to be followed by the Four Seasons, a top rock 'n' roll combo Sunday and Monday.

Concerts by Woody Herman and his band will be presented Aug. 30-31 along with appearances by Gary Lewis and the Playboys.

* * *

The Temptations, a top record-selling group, are scheduled for Sept. 1-5. Lorne Green and Michael Landon of the "Bonanza" television series will appear on Sept. 2-5.

AUTO RACING

On tap for tomorrow and continuing through both weekends of the fair will be auto racing and special thrill shows in front of the grandstand. Special admission charges will be made for these events.

Free horse shows will be presented in the Coliseum every day of the fair.

Judging is scheduled tomorrow for waterfowl, poultry, farm crops, fruits, vegetables, dairy products, apiary, maple products, floriculture and palomino, cutting and quarter horses.

* * *

Saturday at the fair will be Armed Forces Day with a special Armed Forces awards ceremony slated for 1:30 p.m. in the Music Shell. A veteran's memorial service is also scheduled for 3 p.m. at the Veterans Monument.

News of the Area

SATURDAY JUDGING

Pigeons, rabbits, and palomino, cutting and quarter horses will be judged Saturday.

Sunday has been designated Religion Day with admission free to all who come between 7 a.m. and 8 a.m. The traditional Sunrise Service will be presented by the Metropolitan Detroit Council of Churches at 8 a.m. at the Music Shell.

Judging will continue for the palomino, cutting and quarter horses in the Coliseum.

* * *

All senior citizens will be admitted free before 3 p.m. on Monday, Old-Timers Day. A special "Senior Free Street" will offer free refreshments, books, magazines and Social Security and Medicare information.

TOURS OFFERED

Contests and free tractor-train tours of the grounds will also be offered for senior citizens.

Judging Monday is slated for steers, Guernsey and Jersey cattle, market lambs, barrows, corriedale sheep, and Morgan, Arabian and Appaloosa horses.

Tuesday will be Children's Day. Children under 12 will be admitted free when accompanied by an adult throughout the fair.

* * *

Tuesday's judging will take place for hereford, red poll and milking shorthorn cattle; Columbia, Southdown, Hampshire and Suffolk sheep; Poland China, Chester White, Landrace and spotted swine; and Morgan, Arabian, and Appaloosa horses.

Wednesday is Beauty Queens' Day with preliminary judging in the Miss Michigan State Fair Contest at the Music Shell at 8:30 p.m.

Judging is slated for shorthorn, polled and angus cattle; Shropshire, black top, Rambouillet, Oxford, Dorset Cheviot and Romney sheep; Yorkshire, Hampshire and Berkshire swine; and Morgan, Arabian, and Appaloosa horses.

Sept. 1 will be "Salute to Agriculture Day. Judging will be for Montadale, Lincoln and cotswold sheep; Tamworth swine; and Clydesdale, Morgan, Arabian and draft hitch work horses.

* * *

Final judging in the beauty contest will be at 7:30 p.m. in the Music Shell.

FREE APPLES

One thousand free apples will be given away to teachers on Sept. 2, Teachers Day. Special awards ceremonies and teaching demonstrations are slated.

Judging this day includes dairy cattle, horses(Belgian, Percheron, Tennessee walkers, saddlebred, draft hitch and ponies) and floriculture.

Sept. 3 has been designated Governor's Day. Gov. Romney is expected to make an appearance.

* * *

Judging will be for saddlebred, Tennessee walker and pony horses.

INTERNATIONAL DAY

Sunday has been named International Day with programs by various international groups on tap.

Judging will continue for floriculture and ponies, saddlebred, and Tennessee walker horses.

A salute to the working man will be made on Labor Day, Sept. 5, the fair's closing day.

* * *

Final judging will take place for saddlebred, Tennessee walker and pony horses.

Slingerlend Backers Planning Reception

"Citizens for Slingerlend," an independent citizens group working for the reelection of State Rep. Robert J. Slingerlend, D-Lake Orion, will hold a reception in his honor at the Kingsley Inn Tuesday.

According to cochairmen Dr. Edward Heubel and Peter Vernia, both of Rochester, the reception is "to show Rep. Slingerlend our appreciation for his conscientious work in representing the 63rd District for the past two years."

Secretary of State James Hare will help Slingerlend greet guests. George Googasian, chairman of the Democratic Committee of Oakland County, will serve as master of ceremonies.

During the 8:30 p.m. to midnight event, music for dancing will be provided by the Connie Makris Orchestra.

* * *

The 63rd District includes the townships of Addison, Avon, Oakland, Orion, Oxford and Pontiac; the villages of Lake Orion, Leonard and Rochester; and portions of Pontiac and Troy.

OTHER DETAILS

Tickets and further details may be obtained at Democratic Committee headquarters, 17 Water, Pontiac; at the Rochester branch on Walnut; or by calling Vernia, 2763 Tallahassee, Rochester, after 7 p.m.

Pontiac Press Photo

FAIR CONTESTANT — Marva Lee Featherston, 17, of 149 Mill, Ortonville, will compete in the Miss Michigan State Fair Beauty Queen contest Aug. 31. The coronation will be held Sept. 1. Marva was crowned Miss Ortonville in a contest held July 29.

3 Townships Investigate Dump Costs

Officials from Groveland, Brandon and Independence townships are exploring the possibility of contracting with a private dump operator to take care of their trash disposal problem.

A Brandon Township dump which was used by all three communities was closed last week by township officials at the request of the state and Oakland County health departments.

Following a meeting of township officials this week, Howard Altman, Independence Township clerk, said his township will try to get cost estimates from two dump operators with the idea of servicing all three communities.

Altman said the officials will meet again next week to discuss the findings.

Groveland and Brandon townships will wait to hear from Independence, according to Groveland supervisor Earl B. Rhinevault.

Unsanitary conditions at the dump on M15 north of Oakhill were cited by health department officials as being in violation of state law.

Schedule Listed for Book Store

ROCHESTER — The junior high book store will be open next week according to the following schedule:

Seventh graders will buy books on Monday, eighth graders on Tuesday, ninth graders on Wednesday and all grades on Thursday and Friday.

The schedule appeared incorrectly in yesterday's Pontiac Press.

Milford, White Lake Residents Favor Toll-Free Pontiac Calling

MILFORD — A recent mail survey conducted by the General Telephone Co. of Michigan has revealed that residents in the Milford and White Lake areas are predominantly in favor of Extended Area Service (EAS), toll-free calling, with Pontiac.

J. W. Skoog, Milford district manager for the company, said 63 per cent of the Milford customers and 72 per cent of the White Lake customers support EAS with the Pontiac exchange.

The survey was initiated last May when questionnaires were sent out to each of the 2,637 customers in the Milford exchange and to the 1,651 customers in the White Lake exchange.

The survey letter, said Skoog, advised customers that the addition of nearly 72,000 Pontiac telephones to the local calling areas would increase rates slightly for both Milford and White Lake customers.

RATES FIGURED

Telephone rates are figured in part on the number of phones in the local calling area.

* * *

Skoog pointed out that expanded service could not begin before General Telephone and Michigan Bell, which serves Pontiac, reach an agreement and apply for and receive approval for the EAS projects from the Michigan Public Service Commission.

Legislators OK Billboard Bill

Passage Ends Long Fight Over Particulars

LANSING (UPI) — The Michigan Legislature yesterday approved a bill that will wipe out most "billboard jungles" along major highways by Jan. 1, 1968.

After more than 18 months of tussling over particulars, the House and Senate each gave approval to a final conference report on a highway beautification bill sponsored by Rep. Josephine Hunsinger, D-Detroit, chairman of the House Committee on Roads and Bridges.

More than a year ago, there was considerable fear Michigan would lose large chunks of federal road construction funds unless it complied with federal antibillboard regulations.

* * *

Mrs. Hunsinger said today that although the House-Senate conference committee agreed it wasn't a perfect bill, "We've now got something to send to Washington."

660-FOOT STRIP

Under terms of the bill, which now goes to Gov. Romney for his approval, all signs would be banned in a 660-foot strip either side of interstate and primary trunkline highways beginning in 1968 except for:

- Directional and other official signs such as those pointing out natural scenic or historic attractions.
- Signs advertising the sale or lease of the property on which they are located.

* * *

- Signs advertising activities on the property where they are located.
- Signs located in "business areas" as designated in the act that fall in the 660-foot area.

State Cities May Use Tax-Free Bonds to Lure Industry

LANSING (AP)—A Michigan city may use tax-free financing to lure industry, the Michigan Supreme Court has ruled.

And at least two cities were preparing to use the bait after the court's 6-2 ruling Wednesday upholding the constitutionality of the 1963 Municipal Revenue Bond Act.

* * *

The court also upheld, 5-3, the right of Detroit to build and operate a marina — reversing a lower court decision that could have led to "the solemn requiem for the whole statewide small craft harbor development," said Justice Michael O'Hara.

The bonding act allows a city to issue revenue bonds to finance buildings for industrial use, permitting a private concern to lease or purchase the property from the city.

ARE EXEMPT

The effect of such a procedure is tax-free financing, since municipal bonds are exempt from federal income taxes, while private bonds are not.

In a friendly suit, intended to test the constitutionality of the law, the city of Gaylord sued City Clerk Gladys Beckett to force her to sign the bonds authorized by the City Council.

* * *

Munising in the Upper Peninsula is interested in such financing, legislative sources said, and is going a step further. It contemplates purchasing equipment for use by a Maine-based paper firm.

A bill to amend the 1963 act to include the purchase of equipment was added to the legislative agenda when lawmakers learned that the court opinion was about to come down.

500 JOBS

The Oxford Paper Co. wants to move into a $100-million plant that would provide 500 jobs in the Munising area — if the city can float a $70-million bond issue. It plans to harvest timber on lands held by the Cleveland Cliffs Iron Ore Co.

* * *

The U.S. Plywood Corp. has built a $5 million plant in Gaylord with short term financing, pending outcome of the court's ruling.

* * *

Under the agreement worked out, but never completed, it would lease the plant from the city for 25 years at a rental rate sufficient to pay back the principal and interest on the bonds. At the end of 25 years it would have the option of purchasing the facilities for $1.

* * *

Justice Paul Adams wrote what amounted to the controlling opinion on the content of the law. He was joined by Justice Michael O'Hara.

* * *

He ruled that such bonds did not violate the constitution's prohibition against granting public credit for private purposes. Since the bonds are paid off through the rental, the city is not extending its own credit.

* * *

And because of the benefits to the community expected to result from the building of the plant, a public - rather than a private - purpose is served, Adams said.

"Since the questions certified to this court...have been answered in favor of the plaintiff (the city) a writ of mandamus will issue to compel the defendant (the clerk) to perform her duties," he concluded.

* * *

Chief Justice Thomas Kavanagh and three other justices, John Dethmers, Harry Kelly and Otis Smith, endorsed Adams' conclusions as to the constitutionality of the act in a separate opinion.

The Detroit decision clears the way for the city to proceed with a $1.3 million 265 -boat marina in George Engel Memorial Park on the Detroit River.

* * *

It ordered lifting of an injunction by visiting Circuit Judge Phillip Elliott.

* * *

The lower court tied up the project after Gregory Marina, Inc., in business on the river since 1914, sued for an injunction claiming unfair competition.

Elliott ruled that the marina served a public purpose, but found that it had to be approved by three-fifths of the city's voters because of the costs involved.

* * *

The controlling opinion, written by Kavanagh, said:

* * *

"If a parking facility for motor vehicles is not a business enterprise (which the city is prohibited from entering), the operation of a marina, a parking facility for boats, involving as it does public health, recreation and welfare, is not a business enterprise."

Simple Gesture Is Moved Into Dogged Effort

PHILADELPHIA (AP) — When Jim Stockton found a lost dog he decided to find its owner.

Reading an inoculation tag on the dog's collar, he called a veterinarian in Los Angeles. The vet told Stockton the dog's owner had moved to Bethpage, N.Y. When he called there, Stockton was told the owners had moved to Plainview, N.Y.

He called Plainview but the owner, J. F. Brennan, had moved again.

This time Stockton found him — just two blocks from his home here.

Cities' Roadblock Law Is Outdated

In what smacked of an obstructionist political tactic, Democratic caucuses of the State Senate and House Monday declined to consider legislation proposed by Gov. ROMNEY to establish an arbitration board empowered to resolve the impasse over the route of the projected I-696 freeway.

I-696 would provide a badly-needed east-west highway 18 miles long across Macomb and southern Oakland counties. The total cost of the project, $140 million, would be borne by the Federal highway program. But unless the green light is soon flashed on the undertaking, the qualifying date for government aid will expire.

Start of the freeway is being held up by opposition of two communities through which the route would pass. The dissidents originally numbered five, but a recent marathon meeting between the governor and the affected communities won over three of them.

★ ★ ★

Under State law (Michigan is one of but two states having such legislation) cities have authority to block the routing of highways through their confines. The two holdouts reflect a not uncommon attitude toward public improvements — enthusiastic endorsement so long as there is no inconvenience.

It is unthinkable that a superb concept such as I-696, vital to traffic demands of the fastest-growing area of the State, should be stymied under a law made archaic by progress.

We would like to think that legislative partisanship would be shelved long enough to provide Michigan with the means of resolving the I-696 deadlock as well as others of like nature that will inevitably materialize as the State marches ahead.

Flying Saucer Reports Soar to New High

Flying saucer buffs will be heartened to know that the 646 "sightings" during the first seven months of 1966 are running double those of a year ago. The current annual rate was exceeded only in 1952.

This year's models show a greater variety of shapes than heretofore with optional features, such as color and arrangements of lights and navigational sounds, also on the increase.

★ ★ ★

Moreover, reports that current flight patterns of Unidentified Flying Objects (UFO's) are more erratic come from among the five million Americans who, a Gallup poll showed, claim to have seen the phenomena.

On the scientific front, the UFO debate continues unabated. The branch of the U.S. Air Force that has been investigating reports of the mysterious objects has recorded about 6 per cent of them as unexplained and unidentified.

On the other hand, the civilian group, the National Investigation Committee on Aerial Phenomena, claims that 20 per cent of the cases reported are genuine UFO's.

★ ★ ★

Just when if ever, a definite answer will be forthcoming as to the nature of flying saucers is problematical. Meanwhile, it provides a provocative dish of speculation for a multitude of Americans.

$2 Bills Slated to Be Green Only in Memory

Who remembers when something was "as worthless as a $3 bill?" Times change, and expressions along with it. This one, indications are, may someday be revised to ". . . as a $2 bill."

The U.S. Treasury has announced that it will print no more of the "deuces"—as a matter of fact, none have come off the money presses for more than a year.

★ ★ ★

There are only $139.3 million of the $2 bills, representing about one-third of 1 per cent of the total paper currency in use.

Main reason for discontinuance of the denomination is public dislike of it — many people associate bad luck with possession of the bills and believe the curse can only be removed by tearing off a corner of the money.

Or maybe the money men figure that making $2 bills eventually as worthless as a $3 bill is merely keeping pace with inflationary times. As a measure of future worthlessness, the $3 bill will only go as far as a $2 bill.

Bobby's in Demand Across U.S.

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The New York Stock Exchange is hitting new lows for 1966 but this year has turned into a political bull market for New York's young Democratic senator, Robert F. Kennedy.

MARLOW

He is being deluged with invitations to speak around the country in this fall's political campaigns just as the Gallup Poll says he is the choice of Democrats and independents for president in 1968.

Yet, Kennedy, who has made a bushel of statements on all kinds of issues since his election in 1964, has been consistent in saying he has no intention of being a candidate for anything in 1968.

This is the position he has repeatedly taken: that he supports President Johnson and Vice President Hubert H. Humphrey for renomination and reelection in 1968; that he intends to run for no office that year; that he plans only to run for reelection to the Senate in 1970; that he has no plans to seek the presidency in 1972; and that he has no intention of running for the vice presidency in 1968.

★ ★ ★

But if he campaigns for Democratic candidates around the country this fall—while Johnson is doing the same thing—both men and the country as a whole will learn a lot about their standing with the people.

Despite all his disclaimers about presidential ambitions in 1968, Kennedy didn't seem to react happily to Richard M. Nixon's appraisal Tuesday of Kennedy's chance for the presidency two years from now.

The former vice president said Kennedy has small chance of bouncing Johnson out of the No. 1 spot for the Democratic nomination in 1968 but that Johnson might want Kennedy as his vice-presidential running mate, instead of Humphrey.

Kennedy, hearing of this, said "I've never observed that Mr. Nixon's advice was very helpful to the Republicans, let alone to the Democrats. I only hope my political career will survive Mr. Nixon's endorsement."

★ ★ ★

An insight into the upsurge in Kennedy popularity around the country can be gained from a couple of dates, about a month apart:

CAMPAIGNER

Last July 21, Kennedy said he would campaign for Gov. Edmund G. Brown in California and undertake some vote-seeking missions on behalf of Democrats in Oregon and Wisconsin as well.

But a spokesman for him said Kennedy expected to devote most of his campaign this fall to New York.

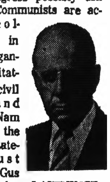
Tuesday his aides said he has a flood of invitations to speak for Democratic candidates outside New York and that so far he has definite commitments in California, Michigan, Illinois, Oregon, Montana and Maine.

Into The Very Halls Of Congress!

David Lawrence Says:

Hall Speech Confirms Red Role

WASHINGTON—What proof could Congress possibly ask for that Communists are active in colleges and in various organizations agitating on "civil rights" and the Viet Nam war than the frank statement just made by Gus Hall, leader of the Communist party in the United States?



LAWRENCE

Hall, while on vacation in Moscow, gave an interview to a Soviet youth publication the other day declaring that many members of the W.E.B. DuBois clubs in this country are members of the Communist party.

He said these clubs — which are named for the late W. E. B. DuBois, a Negro leader who became an ardent Communist — have developed into the most influential youth organization in the United States.

The U. S. Department of Justice last year named the DuBois Clubs as subversive organizations. Yet every time there are police reports from riot-torn cities which speak of Communist infiltration, the tendency on the part of some senators is to pooh-pooh such statements as echoes of "McCarthyism."

★ ★ ★

The inference is that such charges are either without foundation or have been much exaggerated.

CONSIDERING LEGISLATION

Today Congress is considering legislation which would make it a crime to participate in activities that involve the furnishing of supplies and other aid to the enemy at a time when military operations are actually being carried on by this country's troops.

Many of the so-called "liberals" say that such proposed laws would infringe on "free speech."

There was a time when the House Committee on Un-American Activities and the Senate Internal Security subcommittee were free to carry on extensive investigations of subversive activity in this country.

★ ★ ★

Much of the data obtained by the Department of Justice, for instance, was made available for study so that committees of Congress could effectively expose what the Communists were doing.

NO EXPLANATION

The same type of information is being gathered today, but there is no explanation as to why more of it is not disclosed to the American people. Congressional committees would be glad to have it.

Perhaps one reason for withholding the data is that the so-called "liberals" are against such exposures. Many of them have been urging that the committees be abolished altogether. This would, of course, please the Communists.

Those members of Congress who regard Communist activities as the exercise of "free speech" also belittle the charge about giving "aid and comfort" to the enemy.

They argue that the aid given isn't much and that the damage isn't too serious — as if a little treason isn't so bad, after all.

Bob Considine Says:

Herb Alpert Putting 'Pop' Into U.S. Popular Music

NEW YORK — There hasn't been anything as spectacular as the rise of Herb Alpert's Tijuana Brass in the memory of the grayest beard in the music business.

CONSIDINE

Nobody connected with the miracle seems more awed than the 29-year-old bugle blower who invented the newest sound in pop music and put together the men who can make it bray best.

He talks about it in a halting, shy voice that is in odd contrast to the great brazen ring of his beat.

Seems it all started when Alpert went to a bullfight in Tijuana in the spring of 1962 and was more impressed with the bullring music than the bull.

★ ★ ★

He came home humming, improvising and blending what he had heard with what he already knew as an obscure hornblower doomed, he thought, to wind up as a faceless figure in any old LA combo.

SOME HELP

With some help here and there, Alpert put together a number he titled "The Lonely Bull."

He and a record hustler named Jerry Moss scraped together $200 to form the A and M Record Co. and provide coffee and cake money for the selected musicians.

Moss peddled the number among the LA disc jockeys and the show was on the road.

★ ★ ★

In 1964, after A and M had put out several so-so albums, Alpert won his first national attention through a commercial for a gum company, the Clark Teaberry Shuffle.

GREAT ARRANGEMENT

The "sound" of his albums soon swept over the country, particularly his great arrangement of "Taste of Honey."

There was something about it that pleased everybody.

"It was jazz, folk, rock, Dixie and a little Mariachi or Mexican street band blended into one," he told us the other day.

"It took another road than, say, the sound of the Beatles, which is a very good sound. The kids brought the Beatles sound into homes around the country and the older people finally got accustomed to it. In our case, the older people brought us home, and the kids liked it, too."

★ ★

Alpert must be doing something right. His sound is imitated today by half a dozen bands, all of which use "Brass" in their names, brassily enough.

★ ★ ★

"They can't catch up with us," Alpert said contentedly. "I change it a little, all the time. It takes them about a year to get it right but by then I've gone on somewhere else."

Voice of the People:

'Articles of Constitution Restated by High Court'

I think there has been a great deal of misrepresentation regarding the recent Supreme Court ruling on the questioning of accused persons. All this ruling has done is to reiterate the provisions of the Constitution in two respects which are:

★ ★ ★

1. No one shall be compelled to make statements that may tend to incriminate themselves, and

2. The accused shall have the services of an attorney to protect his rights at all times.

★ ★ ★

Is there anything wrong with these provisions? If we vitiate either or both of these provisions, we will be traveling very close to the judicial road followed in Communist and other totalitarian states.

STEPHEN GARRARD
HIGHLAND

'Little Guy Can't Afford Rent Plus Deposit'

The average working man can't afford the rates some apartment owners ask. Some places ask for $50 or $100 deposit. Where do these people get the idea that the little man can get that kind of money? I work in a car wash in Birmingham. We need to pass a law to keep rents down for the little man.

★ ★ ★

Gov. Romney, a couple of years ago, passed a minimum wage law in Michigan. Since then, I have had three raises.

★ ★ ★

I don't think people should charge such high rent and ask for a deposit also. We have to pay bills and buy groceries.

MR. AND MRS. RON NABARETTE
LAKELAND HOTEL

Insists Tongue-in-Cheek Idea Has Merit

I still say a modern equivalent of good, old-fashioned hellfire seems highly desirable. Though originally presented with tongue-in-cheek, the idea has merit.

GEDDIE

Offers Old Testament Proof of Hellfire

Geddie says nobody believes in hellfire anymore. There probably were some scoffers 3,500 years ago in Sodom and Gomorrah. God told Abraham He was going to destroy those cities. He rained fire and brimstone down from Heaven and those cities are no more.

One cannot say God does not warn us. Seems to me this world is about ripe for another dose of fire and brimstone.

Letter Arouses No Sympathy for Viet Cong

Charlotte Ormond should be in Viet Nam with those "poor little men" that our big bad American soldiers are mistreating.

Why does she think they have their arms tied? Given half a chance, they would cut our men's, women's and children's heads off without batting an eye.

LILA ALLEN
5286 PONTIAC LAKE

The letter signed Charlotte H. Ormond was probably signed with red ink. How can any American stand up for the rights of the Viet Cong, especially knowing the way they treat our boys? These underfed kids are really well-trained killers and should be treated accordingly.

TOM

Doesn't Charlotte H. Ormond know that if it were not for our "big, strong men" over there giving their lives to fight Communists, those "little, underfed kids" would be pushing us around and the rest of the world?

She and the people who demonstrate against our government should move over there with the V. C. I believe as did Nathan Hale—"I regret that I have but one life to give for my country."

AN OLD SOLDIER

Background of Burned Will-O-Way Barn

An article in your paper stated that the Will-O-Way Barn that burned down recently had been in the Merrill family for more than a century. My grandfather, John Furse, came from England over a century ago and located on that farm and lived there till he died and then his son lived there for a number of years until he moved to Pontiac. The barn was their horse barn.

'Judicial Coddling of Punks Is A Mockery'

It is disgusting that four hoods, who were drinking in a private yard, could beat up a man and woman when asked to leave, and then be released by the judge on personal bond. The way these punks are coddled by the judges is almost unbelievable. It makes a mockery of justice.

A VOTER WHO VOTES

Question and Answer

I have a female dog which I keep in the house. There are half a dozen male dogs in my yard, some without collars. I can't let my children play in the yard. The dog warden agreed I have a problem, but he wouldn't come to pick up the dogs. He offered to board my dog free if I had her spayed, but didn't pick up the loose dogs even when they took her. Isn't this their job?

ALICE M. KERN
UNION LAKE

REPLY

Dr. Bates of the Animal Shelter says there are not enough trucks to pick up all the males attracted by a female in season. Even conscientious owners cannot keep them home. They travel considerable distances and behave frantically at this time. Children may be bitten, because they carry the smell of the female. Dr. Bates feels the shelter is doing its share by boarding females if owners have them spayed. He suggests the best solution is for owners to have female dogs spayed or board them at a kennel while they are in season.

GUARDHOUSE FOR NUGENTS — Several workmen put the finishing touches on a small room which was built in the carport of Luci and Pat Nugent's new home in Austin, Tex., yesterday morning. The structure will house Secret Service men who protect the President's daughter. A painter is in the back of the carport working on the 8-by-5-foot room.

Illinois Guard to Protect Rights Marchers on Sunday

CHICAGO (AP) — The Illinois National Guard will protect Dr. Martin Luther King Jr. and a column of civil rights followers Sunday when they parade in Cicero, where Guardsmen used bayonets to quell a race riot in 1951.

The decision to use the Guard in the all-white suburb on Chicago's western boundary was made Wednesday by Gov. Otto Kerner.

* * *

Cicero officials and Sheriff Richard Ogilvie of Cook County had declared that state, county and Cicero police would not be able to contain anti-Negro hostility in the community.

Kerner told newsmen that he wouldn't know how many troops would be needed until Guard officers assess the situation.

ASSESS NEED

"Until I know that," he said, "we cannot designate any units. Obviously, we prefer to call on those in the vicinity of Cicero and Chicago."

When asked why he thought the Guard was needed, Kerner replied:

"If you anticipate there is to be property destruction, and even more importantly, possible fatalities, I think it's important that we do everything within our power to maintain law and order and peace in the community."

* * *

Maj. Gen. Francis Kane, commanding general of the Guard's 33rd Division, said at least 2,000 troops would be mobilized.

GUARD PREPARED

"We don't anticipate any trouble with the citizens of Cicero," Kane said. "And any outsiders looking for trouble will be stopped — and stopped promptly."

Cicero officials have said they fear a large influx of white supremist organizations, including the American Nazi party, into the suburb.

Dr. King said he appreciated the governor's "concern for the protection of our march into Cicero."

A total of 277 kinds of mammals and 521 birds are listed as in danger of extinction by the International Union for Conservation of Nature.

Foreign News Commentary

Russell's 'Tribunal' Is French Headache

By JOHN D. PARRY
United Press International

PARIS — British pacifist-philosopher Bertrand Russell has posed a difficult problem for the French government by announcing he will preside over a "trial" of President Johnson and Secretary of State Dean Rusk here in November.

Russell announced in New York Aug. 2, in a statement read by the Rev. A. J. Muste, chairman of Liberation magazine, that the President, Rusk and Defense Secretary Robert S. McNamara would go on "trial" here for their part in organizing the Viet Nam war.

The French government has so far maintained silence about the affair. But government sources said that while there was little likelihood Russell and his colleagues would be barred from holding the "trial," the authorities would have been happier if they had decided to hold it somewhere else.

Announcing the "trial," a spokesman for Russell said he would be joined on the 10-person "jury" by French playwright Jean Paul Sartre, French novelist Simone de Beauvoir, former Mexican President Lazaro Cardenas and Italian humanist Danilo Dolci, among others. Cardenas, who once granted asylum to Leon Trotsky, has accepted.

* * *

So far no definite word has been received on how many of the others, if any, of these personages will actually take part in what Russell is billing as "Nuremberg in Paris."

NO INDICATION

Sartre and Madame de Beauvoir are on vacation, and there was no indication here of acceptance by Dolci.

Russell's aides say the "trial" will last two or three months.

No details have yet been released as to where it will be held, but word has been leaked that about 200 North Vietnamese "witnesses" would be cited and brought to France.

The U.S. Embassy declines comment when asked what it plans to do about the trial. But privately diplomats say there is no chance of an American representative attending to speak for the "defense."

PEOPLE WITH PROBLEM

The people with a problem on their hands are the officials of the French Ministry of the Interior who must presumably rule on whether the "trial" can go on or not.

* * *

There appears little likelihood, at the moment, that the ministry will refuse permission for holding the trial. But it was thought likely in official circles that police would be quick to step in if it developed from what is officially described as a "meeting of writers" and turned into an event threatening law and order.

Downed Pilots May Stay Up

Balloon Would Let Fliers Be Saved in Air

SIOUX FALLS, S. D. (UPI) — One of these days, pilots bailing out over North Viet Nam may have a choice of going down or staying up.

A Sioux Falls-based concern (Raven Industries) which already makes balloons and parachutes for the government, is trying to sell the Air Force on its pilot-in-the-air concept.

The idea is that a compact hot air balloon could be strapped to a pilot's back, along with two fuel tanks, a burner and the conventional parachute.

Then, it is claimed, when his plane is shot down, a pilot could choose between parachuting to earth or inflating his balloon and hovering until a rescue craft could pluck him out of the air.

Russell Pohl, inventor of the device — known as PASS for Pilot Airborne Survival System — said the military is considering it.

BIG QUESTION

The big question at the moment is whether the cockpits of F105s could be conveniently modified to permit use of the additional equipment.

Pohl's company has offered the Air Force two proposals. One is for a balloon pack which would allow the pilot to stay up about 20 minutes.

The other is for one that would keep a man floating for an hour.

"When a pilot bails out," Pohl said, "he starts inflating the balloon and rises to, say, 5,000 feet. There he awaits a rescue aircraft which moves in, latches onto the balloon and pulls him in."

A pilot bailing out below 1,500 feet altitude would have no choice. He'd have to go "conventional" — by parachute.

"It takes a little while to heat the air to start the balloon going up, but we hope to cut this down as the device is refined," Pohl explained.

Radio Stations Set for Emergency Communications

By Science Service

WASHINGTON — An emergency communications system that uses the carrier signal of commercial broadcast stations without affecting the program on the air is being developed by the Department of Defense.

Its first successful test took place during last fall's Northeast power blackout.

A belt of 12 commercial stations now in the system cover an area bounded by Boston, Washington, D.C., Wheeling, W. Va., and Rochester, N.Y.

The stations have already been equipped with fallout shelters and emergency standby power generators.

★ ★ ★

AM home radios sound no different when the system is in use, since the broadcast signal is not distorted, even though the carrier frequency is shifted.

FEDERAL'S—DOWNTOWN AND DRAYTON PLAINS

Pay Freeze Backing Is Wilson Aim

LONDON (UPI) — Prime Minister Harold Wilson is planning to go before the nation's rank and file trade unionists early next month to urgently appeal for their support of his government's deflationary wage freeze.

Wilson hopes that by personally addressing Britain's workers, he can convince them of the necessity for his drastic freeze of all wage increases for up to six months.

At present the labor movement as represented in the almost nine million-member Trades Union Congress is about evenly split for and against the wage standstill.

Wilson has asked the TUC leadership for permission to address its annual convention, which opens in Blackpool Sept. 5.

* * *

The TUC — Britain's labor federation — has scheduled a convention debate on the government's freeze. It is expected to become heated.

PERSUADES COUNCIL

Wilson succeeded in persuading the general council to endorse the freeze "with reservations" early this month when he rammed the freeze-empowering prices-and-incomes bill through parliament.

However, a full-scale revolt against the general council's tepid endorsement has sprung up among militant unionists who maintain the proposal is antilabor and unnecessary.

Opposition to the measure has been spearheaded by former Minister of Technology Frank Cousins, who resigned from the government in July to protest the prices-and-incomes bill.

Cousins, who has returned to his old job as head of the powerful 1.5-million member Transport and General Workers Union, has been mobilizing fellow trade union leaders to repeal the general council's freeze endorsement once all the TUC gathers in Blackpool.

* * *

Cousins' crusade has been gathering increasing momentum, to the point it appears the government faces a serious reversal from the labor movement which provides the ruling Labor party with the basis of its support.

Reds to View MD's Devices

By Science Service

PITTSBURGH, Pa. — The Soviet Ministry of Health has invited Dr. Robert M. Hall, director of the Hall Surgical Design Foundation and former oral surgeon here, to demonstrate his world-famous compressed air surgical tools.

He will lecture in the U.S.S.R. under the auspices of the U.S.-Soviet Scientist Exchange Program.

Dr. Hall's instruments, which have been patented in the U.S., and which won for their developer the Master Design Award of 1966 for significant contribution to human welfare, are used by more than 12,000 American surgeons in more than 2,000 U.S. hospitals and medical centers.

His newest instrument can remove the top of a skull in two minutes easily and safely — a procedure that formerly required 40 minutes of a brain surgeon's time.

Among his other instruments, now used in more than 300 surgical operations, are drills, saws and knives that require no electricity to "literally sculpture" bone from head to toes at 100,000 revolutions per minute.

Detroit Has Jobless, Yet Lacks Workers

DETROIT (AP) — Industrialized Detroit needs 35,000 men to fill jobs at a time when 4.7 per cent of its labor force is out of work, a state official said Wednesday.

Malcolm R. Lovell Jr., director of the Michigan Employment Security Commission, said the Motor City's inability to match men with jobs means it is headed toward an exhausted labor pool.

★ ★ ★

He said the manpower is there — "We've currently got about as many unemployed as we have job openings."

And a portion of the labor force is out of work because of temporary layoffs at auto plants during model changeovers.

MAJOR PROBLEM

But he said the major problem is to find—or create—skills to match the needs.

Lovell proposed "greatly intensified private-public programs to train the unemployed."

★ ★ ★

At the same time, he said, employers must lower or revise job qualifications in the metropolitan area populated by about three million persons.

Commission representatives have talked with officials of the auto industry, largest employer in the area, about hiring women for factory jobs previously held by men, he said.

RESIST WOMEN

"It means equal pay and extra bathrooms, so they're inclined to resist," one state official said.

The employment situation is the worst in Detroit since World War II, commission officials said.

★ ★ ★

Lovell said "We've got to reduce the core of unemployed by relating federal training more accurately to need. And we need new programs.

"The job situation will remain tight in unskilled areas and grow tighter in skilled fields," he predicted.

PRIME REASONS

Commission officials cite these as reasons the jobs and unemployed don't get together:

—People won't commute long distances to work.

—Job applicants fail physical or aptitude tests.

—Some large auto firms decline to hire workers laid off from another plant.

Traffic Is Up 13.4 Per Cent on Seaway

DETROIT (UPI) — Traffic on the St. Lawrence Seaway during the first half of this year's shipping season is running 13.4 per cent higher than one year ago, it was announced today.

Joseph H. McCan, administrator of the Seaway Development Corp., predicted the year's total volume of traffic will surpass estimates for a sixth straight record-breaking season.

During the April to July period the Seaway handled 22.2 million tons compared to 19.5 million tons in 1965.

Heavy wheat shipments and the earliest opening in Seaway history combined to produce the tonnage, McCann said.

★ ★ ★

Iron ore shipments, the mainstay of seaway traffic, continued to set new records. Ore shipments were 6.6 per cent higher than one year ago.

City Council Got the Mayor's Goat

GLENDALE, Ariz. (AP) — No doubt about it — the City Council got the mayor's goat.

By a 2-2 vote, the City Council rejected an appeal by the mayor's wife, Betty Class, that the family be allowed to keep a 6-week-old kid in their home in Glendale, Ariz.

★ ★ ★

Mayor Max Class was absent from the council meeting Tuesday night. Acting Mayor Joe Silva cast his vote against the goat, tying the issue and thereby rejecting the petition.

FRIENDLY WARNING — Benton Harbor Patrolman Ronald Pell shakes his finger at Lee Emmanuel, 6, warning him against further adventures in the police car. Lee pulled the trigger on a shotgun, discharging it through the roof of the patrol car. The gun had been loaded during a hunt for a fugitive when the police car was called to investigate another complaint.

AP Wirephoto

Methane Gas Is Indicated in Martian Atmosphere

By Science Service

WASHINGTON — The atmosphere of Mars shows signs of containing methane compounds and other reducing gases, believed necessary for the formation of prelife chemicals.

A "tentative identification" of small amounts of substituted methane compounds in the Martian atmosphere was reported here by two French scientists and Dr. Lewis D. Kaplan from the Jet Propulsion Laboratory, Pasadena, Calif.

The detection is based on absorption features discovered in the spectrum of sunlight reflected from Mars on photographs taken during 1965, when the planet made a relatively close approach to earth.

* * *

The discovery, if confined, would increase the chances that life-like forms could originate on Mars. However, it is difficult to interpret spectral lines and the conclusions drawn from possible identifications of them have proved controversial in the past.

The two French scientists, A Swiss dental surgeon is who, with Dr. Kaplan, reported fracturing jaws to do for adults the tentative identification here what braces can do for children in the American Association for in straightening protruding teeth the Advancement of Science's and incorrect bite.

weekly journal, Science (Aug. 12), are Drs. Janine and Pierre Connes of the Meudon Observatory.

The DRC Story

A $2 WAGER WILL TURN YOU INTO A WIZARD OF ODDS

Money Talks . . . And Everybody Listens.

YOUR money speaks loudest during a visit to the Detroit Race Course, because it is *YOU* who sets the odds and determines the price every winner pays.

I mean it.

YOU are a Wizard of Odds each time you make a $2 wager at our track. It is you, and thousands of other fans, who control the entire betting system.

I wish more Fans understood this. I think it would add to their Racing pleasure and would remove some of the "mysteries" surrounding how a payoff on a race is determined.

In a bygone day of racing, when the betting was through bookmakers at a track (and this is still the system in some places in Europe), a price was offered on the horse of your choice and you wagered accordingly.

With the parimutuel system however, you bet between yourself and the other fans. You *DO NOT BET* against the DRC. We merely act as an agent for the wagering transaction.

The odds reflect how much is bet on EACH horse against the TOTAL AMOUNT wagered on all horses in the race.

Often, Fans are baffled when the actual payoff on a race does not conform with the "Morning Line," which is listed in their program. They shouldn't be.

The "Morning Line" is merely the Track Handicapper's guide to the probable odds. But once the wagering starts, then it is *YOU* and the other Fans who set the true price.

It is a fascinating part of an afternoon at the races to watch the "Tote Board" in our infield and observe the wagering trends. The big board, on a 30-second cycle, automatically records every dollar bet on each horse to Win, Place and Show.

Within seconds after the order of finish is flashed "Official," the payoffs are posted. And remember, *YOU* were The Wizard of Odds who determined the ultimate price.

Wagering is an alluring part of Thoroughbred racing, but it is only one of the many fascinating phases of America's most popular spectator sport.

We will race daily through November 5. Our post parade, Monday through Fridays, is 3:20 p.m. and on Saturdays it is 2 p.m.

We have a new $3,000,000 Clubhouse, which is one of the Showplaces of Sports.

I invite you to join the growing number of Michigan sports fans who are finding Racing at the DRC a means of enjoyment in surroundings of beauty, convenience and comfort.

LA Mayor Charges That Bob Kennedy Out to Destroy Friends of President Johnson

LOS ANGELES (AP) — Mayor Samuel W. Yorty, back home after a fiery Washington appearance, has accused Sen. Robert F. Kennedy, D-N.Y., of attempting to "destroy all the friends" of President Johnson in order to further his own presidential ambitions.

"I got caught in the cross fire of Bobby Kennedy's attempt to undermine President Johnson," Yorty told a news conference Wednesday.

* * *

"In my opinion, he's trying to ride on his brother's fame and his father's loot and take over the United States of America," Yorty added.

The Los Angeles mayor appeared Tuesday before a Senate subcommittee studying the problems of cities and promptly got into an often caustic give-and-take debate with Kennedy and Sen. Abraham A. Ribicoff, D-Conn., about what the senators described as his lack of leadership.

In Washington, Kennedy responded to Yorty's Los Angeles statements by expressing regret that "Mayor Yorty could not give the Congress the necessary information nor imaginative proposals of any kind."

* * *

Much of the subcommittee's discussion centered around the riot-torn Los Angeles area of Watts and Yorty's admission that he had no direct control over education, transportation, welfare, employment, health or housing in Los Angeles.

* * *

At one point Democrat Yorty told Democrat Kennedy:

"I don't need any lectures from you..."

* * *

"I understood you were mayor of the city," Kennedy replied acidly.

* * *

Yorty, smiling and apparently at ease Wednesday, told newsmen he had completely failed to get across the idea that Los Angeles functions entirely differently from large Eastern communities that he said were "boss-ridden."

* * *

Los Angeles, he said, is free of crime syndicates and the "teeming slums" of the East.

Mrs. Carl E. Widney (left) of West Orchard Hill Drive and Mrs. Robert A. Thom of Birmingham pore over noted works of artist Thomas Hart Benton in "A Treasury of Art Masterpieces." Mrs. William C. Newberg of Island Lake opened her home Wednesday for a meeting of committee members of the patrons' dinner for the artist's exhibition on Sept. 30 at the Bloomfield Art Association.

Review Patron Dinner Fete

By SIGNE KARLSTROM

A few key committee members of the patrons' dinner for the Thomas Hart Benton exhibition met Wednesday at the home of the exhibit chairman, Mr. and Mrs. William C. Newberg.

Mr. and Mrs. Don Ahrens are chairmen and the Robert A. Thoms cochairmen.

At the meeting also were Mrs. Roger L. Crispell and Mrs. Carl E. Widney Jr.

* * *

Other committee members are Mrs. William T. Gossett, Mrs. LeRoy E. Kiefer, Mrs. Harvey A. Kresge, Mrs. R. Jamison Williams and the Paul N. Averills.

This event takes place on Sept. 30 at the Bloomfield Art Association galleries on Cranbrook Road. It is part of Birmingham Arts Festival for which the Robert Benders are co-chairmen.

* * *

Last week artists and craftsmen submitted their works for the forthcoming art market which will be held at the Bloomfield Art Association daily during the Festival week, Oct. 1-8.

According to cochairmen, Dr. and Mrs. Meyer O. Cantor, the art market offerings will appeal to all ages and give everyone an opportunity to shop early for Christmas.

OFF TO VIRGINIA

Marilyn Garabrandt is on her way to her teaching position at St. Margaret's School, Tappahannock, Va., She will teach French and drama and direct the school plays.

First, she is stopping in Cincinnati, to visit her aunt and uncle, Mr. and Mrs. M. L. Dale.

There will be special festivities this weekend as her grandmother, Mrs. C. S. Dale is coming from Fort Thomas, Ky. to celebrate her 85th birthday with her son and daughter-in-law.

Copelands Repeat Vows in Rochester

Sandra Kay Holman and John David Copeland exchanged vows recently in a candlelight ceremony at the Abiding Presence Lutheran Church in Rochester.

Parents of the bridal couple, wed by Pastor Lloyd Buss, are Mr. and Mrs. Wayne Holman of Rochester, Mrs. Cecil Copeland of Redford and the late Mr. Copeland.

ROSE MOTIF

Pearl - embroidered Alencon lace in rose motif accented the bride's gown and cathedral train of white silk organza over taffeta.

A pearl tiara with a tiered illusion veil and a cascade of Phalaenopsis orchids, Stephanotis and ivy atop a white prayer book completed the bride's ensemble.

Matron of honor was Mrs. Danny Beer of Santa Maria, Calif., with Mrs. Mike Virostek and Linda Oxley of Ann Arbor.

A. R. Lemley of Detroit served as best man with ushers Dennis Leyshock of Detroit and Paul Menzel of Petersburg.

The newlyweds greeted guests at a garden reception at the home of John Yungk, Stockport Street, Avon Township.

After a northern Michigan honeymoon the couple will reside in Gibraltar, Michigan.

The Elton C. Loseys of LeBaron Avenue announce the engagement of their daughter, Doris Mae, to Airman 3.C. Rodney Douglas Payne, son of the Lonie M. Paynes of West Cornell Street. He is stationed at Glasgow AFB in Montana. A midsummer wedding in 1967 is being planned.

Guest Upsets Hostess by This Action

By ELIZABETH L. POST

The following letter has been chosen for this week's prize. A copy of Emily Post's "Etiquette" has been sent to Mrs. Charles S. Lang of Pittsburgh, Pa.

Dear Mrs. Post: At a dinner party I gave several months ago one couple arrived carrying a large parcel. The wife explained that her husband had to have a particular vegetable cooked in a certain way.

She told me she had brought enough for everybody and would take care of the cooking herself. It wound up with the vegetable being burned and a very harried hostess. Why do people do things of this sort?

Dear Mrs. Lang: It would have been so simple and understandable if she had prepared at home a portion of the vegetable that her husband required and heated it on your stove in a double boiler, just for him.

Close friends frequently offer to help each other out by bringing a special contribution to an informal party, perhaps a cake or dessert, a salad, or homebaked rolls.

When discussed with the hostess ahead of time, the offer is usually greatly appreciated. But to arrive late, with food for everyone, certainly implies that the hostess hasn't planned well. It's unthinkable!

ANNOUNCEMENT

Dear Mrs. Post: Would it be proper To have an Open House in a large hall in celebration of an anniversary? No invitations will be sent out, just an announcement in the daily paper. — Mrs. J. M.

Dear Mrs. J. M.: It's fine to celebrate your anniversary in this way, but if you want all your friends to be there you had better send out some invitations.

The announcement in the paper is okay, but not everyone will see it. Send personal notes to the friends whose presence you care about.

Does a gentleman remove his hat in an elevator? This question and many others on everyday etiquette, are answered in the booklet, "Manners in Public."

WOMEN'S SECTION

Tell Friends Your Daughter Will Be Here for a Visit

By ABIGAIL VAN BUREN

DEAR ABBY: Our daughter, who has not been married very long, has telephoned us to tell us that she is leaving her husband and is coming home. We can't understand what happened.

ABBY

She never indicated in any of her letters that her marriage wasn't going well. They seemed so in love and well suited to each other, and they surely went together long enough. Our problem is what to tell people.

In case she changes her mind and goes back to him, we don't want a lot of talk needlessly. Should we give our friends and relatives a "hint" as to why she's coming home in case she decides to stay? What if her visit is prolonged?

THE PARENTS

DEAR PARENTS: Tell people she is coming home for a visit. (She is). If she decides to stay, let her make the announcement. You owe no explanations to anyone.

* * *

DEAR ABBY: As far as husbands go, mine is tops. They threw the pattern away after they made him. But he has one fault. He hits, kicks and bites me in his sleep. I carried a scar from one of his bites for two weeks.

My friend says that maybe he wants to beat the daylights out of me during the daytime, but he waits for a dream to bring out his true feelings. Is this possible?

DEAR B AND B: Could be. But there is always a chance that he is not dreaming about you when he lashes out tooth and nail. In self defense you should have twin beds.

* * *

DEAR ABBY: A friend of mine received an old beat up overstuffed chair from a friend of hers. The friend who received the chair was going to reupholster it. When she took it apart, she found several very old coins deep down in the cushion.

* * *

Some of the coins were so old you wouldn't believe they even had coins way back in those days. They could be very valuable. Whose coins are they? They came with the chair.

WONDERING

DEAR WONDERING: The coins "accidentally" came with the chair. The receiver should notify the giver that the coins were found in the chair. It is my view that the coins belong to the giver.

* * *

CONFIDENTIAL TO "NAMELESS, PLEASE" IN LOUISVILLE: True, you may not "need" the money. But a man who borrows money needs to pay his honest debts. Yes, by all means, let him know his note is overdue.

* * *

Problems? Write to Abby in care of The Pontiac Press. For a personal reply, inclose a stamped, self-addressed envelope.

* * *

Hate to write letters? Send $1 to Abby, in care of The Pontiac Press for Abby's booklet, "How to Write Letters for All Occasions."

SUE GLENNIS JOHNSON

Father Was Honest in His Resentment

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: Though our daughter has never told us that her marriage is unhappy we know it is. Her husband seems to take pleasure in making cutting remarks to her in our presence.

* * *

Recently I noticed that her hands tremble. Last Friday my husband had words with her husband over a remark he made to her and we left their house.

I am so afraid that my husband "interfered" in her business, aren't you? He broke the law that governs the behavior of parents of married children.

O.K. So you're another member of the Afflerican Association for the Repression of Parents. Oh, I know you don't know you are.

This subversive association doesn't openly solicit membership. The professional child-adorers who direct it just write books, magazine articles and make speeches about the psychological disasters we will inflict upon a child if we ever express ourselves honestly and forcibly.

When we've read and heard enough to be scared out of our wits, then we're sold. We live by their slogan, "Parents should be seen but not heard under any circumstances" — and become a member in good standing of their million-membered passive parent organization.

If your daughter didn't like her father's "interference" in her business, let her push it away, for heaven's sake.

* * *

Boy, who's to wonder at the rate we American parents are losing the respect of our children? Well-trained ciphers that we are, why should they respect us? What's in us to respect?

* * *

No feeling, no passion, no conviction — just terror of offending the authorities who write the by-laws for the Association for the Repression of Parents.

Don't ask me for sympathy for your "upset." What did you want your husband to do? Just stand there while the child he loves was hurt and humiliated?

Witnessing his forthright rejection of cruelty was the best thing that could have happened to her. It's just possible that her acceptance of it has been inherited from you.

for her. There is a little boy of 4 band only made more trouble

ANSWER: Maybe your husband made good for her, not trouble.

Anyway, if you're asking me my opinion of what he did, I must tell you I think it was splendid. His explosion of honest and open resentment of your son-in-law's behavior may be exactly what your daughter needs to explode her own — and end this hand trembling.

You're upset because your

SUZETTE MORNEAU

An Autumn in England for Suzette Morneau

By JEANNE NELSON

England may be an ocean away for most of us but for Suzette Morneau, 20, daughter of the Lawrence Morneaus of Metamora, it's just two more weeks away.

Sue (as she is most often called) is one of five junior year education students attending Eastern Michigan University who will spend the fall semester at Bulmershe College of Education just outside of Reading, Eng.

The five were selected from over 100 applicants, by EMU faculty on the basis of grades, citizenship, maturity and personality. The English college has chosen five of their students also and the two groups will be exchanging places for six months.

ON DEAN'S LIST

A major in special education, Sue hopes one day to become a speech therapist. Her university expenses thus far have been supplied by scholarships.

Last year she was awarded the Board of Regents scholarship and this year was given the Michigan State Higher Education Assistance grant.

She has been named to the Dean's List since her freshman year.

After landing in England on Sept. 6, the students will take a week's tour of the Scandinavian countries before classes begin. Another tour of Germany, France and Italy is planned for Christmas vacation.

But while the collegians attend school, it will be a no nonsense six-day-week schedule. Sue has learned that she and the others will be housed in dorms on campus. This is unusual for the school where students until now have commuted to classes from private homes.

LIVE WITH FAMILY

Along with instruction, the five will be participating in a student teaching program and at that time will live with English families wherever assignments take them.

Rather excited about this aspect, Sue says "this will really give us the opportunity to see first hand how the English family gets along."

* * *

She has been exchanging letters with a few of her English counterparts during the summer and most of the written word has been about clothes. What to bring over, what to think about buying here and there.

We asked Sue if she had particular feelings about the Mini skirts and other Carnaby Street fashions. She replied that she just might buy one of the thigh-hi skirts since half the fun of an experience such as this is getting right into the thick of things and taking on new ideas.

Well, come next February, when Sue returns home, perhaps she will have acquired a few British characteristics.

Illinois Trip for Director

Judith Davison, executive director of Pontiac Area Council of Camp Fire Girls, will attend a basic training course for professional staff members. The two-week program, beginning Sunday, will be held at the Illinois Beach State Park Lodge, Zion, Ill.

* *

Camp Fire Girls, a United Fund Agency, makes available to girls, ages seven through high school, an educational recreation program designed to encourage the development of spiritual and ethical values.

Skin Blooms Again with 2nd Debut

With this non-surgical face lift, lined, prematurely aged faces appear to have suddenly been reborn. Hard to find are even the most fearsome signs of on-coming crows feet and crinkles that inconsiderately shouted your age just a few days ago. Smoother now is your skin to a firm-up touch with a fresh young feeling of moisture beneath, and roses tinting your cheeks. For 2nd Debut gives a true lift without the surgeon's scalpel—a lift that lasts a long time, an ageless look that's much more intriguing than common youthfulness. The lift comes from underneath as you apply 2nd Debut on the surface. 2nd Debut (with CEF 600) for the woman of no more than 40. 2nd Debut (with CEF 1200) for the impatient lady a few years older—at good department and drug stores.

Indian Sari, Beautiful, but Difficult to Wear

By RANGASWAMI SATAKOPAN

NEW DELHI (AP) — Is the sari sinking?

Indian women often have wondered as they clutched frantically at their flowing national garb, just to keep it up.

Today, however, a serious discussion has been launched by designers and practical Indian women on whether the sari is sinking in terms of fashion and utility.

The problem is that although the sari is a beautiful, defect-hiding garment, just getting into one and then keeping inside it is a difficult job. It tends to fall off.

"There is no more impractical dress in the world than the sari," a woman newspaper columnist wrote.

"In summer, one feels the folds sticking unpleasantly around the legs, making it an ordeal to work. In winter, it is no protection against the cold. In the rains, it just collects a band of mud and filth at the hem."

ONE HAND FREE

Strong words about India's national dress, but the columnist continued her attack:

"One hand is always tied up with the sari," she said, "leaving only one hand free for women to hold the baby or the umbrella or to clutch the railing when boarding a bus."

Young girls, increasingly active these days in fun and games, echo the complaints.

"Have you seen women in saris playing tennis or hockey?" asked coed Nalini Das Gupta.

"You cannot imagine a more ugly sight. The poor girls spend more time adjusting their saris than playing the game."

Saris have no buttons. They just are wrapped around the waist and tucked in, with a flowing end flipped haphazardly across a shoulder.

Underneath, Indian women wear petticoats and a choli, a form-fitting upper garment that leaves the midriff bare.

Step on a sari hem while walking and bingo — there you are in petticoat and choli.

* * *

It's fashionable nowadays, however, to secrete a small clip in the inner folds to sort of hold the creation together and prevent such accidents.

For the working girl, the sari can be a real hazard. It keeps snagging on desks, chairs or getting ground into factory machinery.

DANGEROUS

The sari can be dangerous in another way. Many Indian women have burned to death as their silk, cotton or synthetic saris brushed the kitchen oven.

On top of all this, the sari can be very expensive. Gold-trimmed saris favored for ewddings and other gala occasions cost $120 or omre — a fortune for impoverished Indians.

But despite all the criticism, the sari seems destined to stay — in fashion, if not always up.

* * *

Indian women love their colorful, rich garments and jump into their best one with slight provocation.

Reception in the Lake Orion Knights of Columbus Hall followed the recent vows of Bonnie Jean Snover and William H. Johnston Jr. in the Holy Cross Lutheran Church. Parents are the Russel E. Snovers and the senior Johnstons of Lake Orion. Venize lace trimmed the bride's gown and train of white peau de soie. Attendants were Gloria Snover, Mrs. Sharon Buhl, Mundy Mynovic; William Russell, John Redd, Timothy Warnke.

C. L. Hodges Will Mark Anniversary

The golden wedding anniversary of former Pontiac residents Mr. and Mrs. Claude L. Hodges of National City will be celebrated Aug. 28, from 3 to 5 p.m. at the home of a daughter, Mrs. Opel H. McGoldrick, Allerton Road.

Their other children are Mrs. Ted Weinberg, San Diego, Calif.; Mrs. Elner E. Sterner, Washington, D.C.; Mrs. Harvey Krohn, Detroit; Mrs. Loyce Cockrell, Edwardsburg; and Leo M. Hodges of Highland.

The Hodges who were married on Sept. 5, 1916 have 17 grandchildren and four great-grandchildren.

Area Men Will Study in Vienna

Area young men accepted by the Institute of European Studies for the 1966-67 undergraduate program at the University of Vienna are, Michael Roy Keller and William S. Patton. Their parents are Mr. and Mrs. Charles H. Keller of Lakewood Street and the Walter G. Pattons of Birmingham.

* * *

They will be enrolled in a language program with courses and seminars on fine arts. Two field study trips in western Europe will be included.

Both are completing their sophomore years, Michael at Albion College and William at Colgate University, Hamilton, N.Y.

FELLOWSHIP

Robert W. Murphy is the recipient of the University of Michigan State College Fellowship for study during the coming school year. A June graduate of Central Michigan University, he will use the fellowship to work toward a master's degree at the University of Michigan.

His parents are Mr. and Mrs. Thomas L. Murphy of Tyrone Street.

Elected president of the Lawrence Institute of Technology Student Council for the coming school year is Thomas E. Hansz who is also treasurer of Alpha Gamma Upsilon fraternity and a member of the American Institute of Architects, student chapter.

His parents are Mr. and Mrs. Edward Hansz of McClintock Road.

Not Cheaper by the Dozen

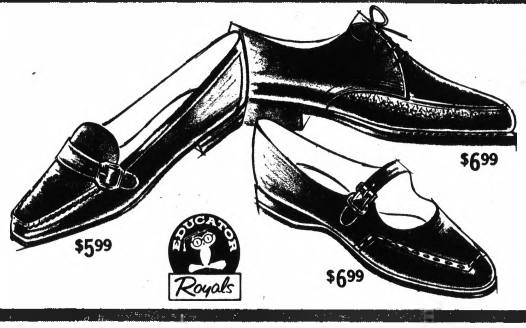
AMARILLO, Texas (AP) — It took 35 years, but Northwest Texas Hospital has collected for the delivery of twin boys born in 1931.

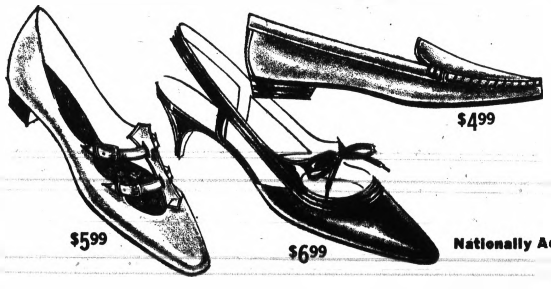
The past-due account totaled $60.90. The same service today would cost at least $305.

Back to school is a family affair at Kinney's!

Here's perfect fit for young schoolgoers! Kinney measures both feet, then double checks to make sure children's shoes like these "Educator Royals" fit perfectly. Left to right, girls' slip-on, girls' sabot, boys' oxford.

Narrow Widths— Wide Widths— Kinney has them





Flings... for young 'n smart girls... in suede ...shades... leathers with straps 'n open backs. Left to right...T-strap, sling and smooth vamp style slip-on.

Nationally Advertised Flings

Big for campus... Raleigh Square's "Carnaby Corner" styling and Stuart Holmes' handsome classics. **Sizes 6-12.**

Similar styles for boys.

Miss Kibbie Is Feted Before Vows

Entertaining continues for Marlene Suzanne Kibbie who will become Mrs. W. William Black Jr., in a four o'clock ceremony, Saturday, in the Central Methodist Church.

* * *

Her parents are the Donald R. Kibbies of Dover Road and her fiance is the son of the F. William Blacks of Kenwick Drive, White Lake Township, who will host the rehearsal dinner.

* * *

Sharing hostess honors at a shower in Port Huron on Monday were Mrs. Gordon Russell, Mrs. Roger Radigan and Mrs. Michael Werner.

Pamela Bomsta of South Roslyn Road gave a recent trousseau shower and Mrs. Robert Byrnes of Marquette Street was hostess at a kitchen and pantry shower with Mrs. J. B. Brown and Mrs. Lester McClellan Jr. assisting.

* * *

Gifts of linens were opened at a party in East Landon Hall, Michigan State University, with Sue Mossharner of Farmington and Sue Wolfe of Battle Creek as hostesses.

Polly's Pointers

Use A Large Pin

DEAR POLLY — My daughter-in-law has five children, three of them are of school age. While ironing their clothes she uses large safety pins to put through the pair of socks, panties and slip that a child is to wear with a certain dress.

* * *

The closed pin is slipped over the hook of the coat hanger that holds the dress. When her children are dressing one never hears anyone call to mama, who is busy in the kitchen, to ask where certain items are or which things go with which. Little boys' clothes could be done the same way.

* * *

I am sure any of you who have the problem of trying to dress more than one child at a time will like the way this works.—LILLIAN

DEAR POLLY — I am a 15-year-old boy who reads the column every day. Those ladies who find it hard to slice pickles thinly with a knife for sandwiches or salad should try a potato peeler. This will do the job thin and straight without any cut fingers.—MARC

Welcome, Marc. Keep reading and one of these days you will make some gal a helpful hubby. — POLLY

DEAR POLLY — Often we just plain forget to fasten the seat belts in our cars so I am offering a sure-fire solution to the problem.

When getting out of the car fasten the seat belt through the steering wheel. When getting in the car the next time you must unfasten the belt from the wheel. This will remind you to fasten your seat belt and to tell your passengers to do likewise. —TERRY

DEAR READERS — This would be a good Pointer to follow until we firmly establish the habit of ALWAYS fastening our car seat belts. I am sure I am one of the forgetful ones but I have already started to do this. — POLLY

DEAR POLLY — I was employed at a jewelry store and many people brought in neck chains to have them untangled. I placed the chains on a table and used two ordinary pins to spread them apart until all the knots were out.

This is very smart for straightening out very fine chains. Hang them up or pin them in a box to keep them straight after the job is done. — BEULAH

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

At Copper Harbor for a honeymoon are the David Lee Slukas (Janice Marie Bass) after recent vows and reception in Grace Lutheran Church. Parents are Mr. and Mrs. Lawrence S. Bass, Hazel Street and the John Slukas of South Tilden Street. The bride chose lace-appliqued white organza over taffeta. Attendants were Vicki Ann Pate, Mrs. Dennis Pudell, and Carol Sluka; Richard L. Johnson, Robert Colpetzer, James W. Sluka, Mark Walker, Stephen M. Bass, and the Sluka twins, John and Robert.

Nadons WOMEN'S WEAR
NEW LOCATION
123 W. MAPLE, BIRMINGHAM

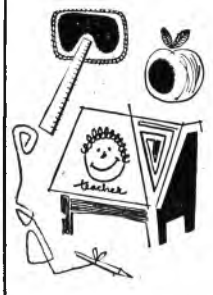
For the first time, in Barcalounger's new "Living Room Series," the small-scale, high-style design of the decorator living room chair has been combined with the plus benefits of a recliner mechanism. The husband-and-wife fireside chairs illustrated are two of the four models in the group, which also includes a tufted barrel-back and a traditional lounge chair. These versatile Barcalounger chairs may be used in fully-reclining or semi-reclining position; in sitting position with ottoman extended (right); or simply as decorator living room chairs (left). Line available locally.

Inexpensive Light Control Developed

Dramatic lighting effects in your own home are becoming easier to achieve. Now a table lamp can offer the same continuous dimming as the most elaborate stage lighting.

* * *

A simple inexpensive dimmer control has been developed that is small enough to fit into a lamp socket, eliminating the need for the conventional two-filament bulb and its three-way socket. The control gives full-range dimming of a 150-watt lamp.



NEW STYLES ARE HERE
HACK'S BACK-TO-SCHOOL-SHOES!
Shop early for the most complete selection of patterns in your size.
FOR GIRLS — Black smooth leather with white harness stitching; also black nylon velvet. Beige, navy and the traditional saddles as well as combinations.

Mary Hartnett Is Married to Mr. Suding

A reception and dinner at Topinka's Country House followed the vows of Mary Jane Hartnett to Robert Suding, Tuesday in St Boniface Church, Detroit.

Parents of the couple wed before Rev. Paul Black are Mr. and Mrs. William Hartnett of Detroit and the August J. Sudings of Nichols Drive.

* * *

Dianne Hartnett was maid of honor at the ceremony for which her sister wore an empire gown of Alencon lace with an illusion veil and carried a bouquet of white roses and fern.

* * *

Thomas LaClave served as best man.

* * *

The couple left for a western wedding trip and will reside in Denver, Colo.

Barbara Jean Stevens and George Louis Izydorek of Rochester were wed recently in St. Michael Catholic Church. Their parents are Mr. and Mrs. Albert A. Stevens, North Perry Street (observing their 23rd wedding anniversary) and Mrs. Val Izydorek, Cass City and the late Mr. Izydorek. Attending the bride who wore white organza and French lace were Sandra Stevens, Sally Izydorek and Mrs. Douglas Hummel. With Paul Izydorek, best man were Larry Spark, Charles H. Izydorek, ushers, and Dale Meredith and Bernard Czeszewski, groomsmen.

In northern Michigan are the Ronald Raymond Staytons (Mary Elizabeth Jarvis) after recent vows and reception in the First Baptist Church, Ortonville. Parents are the Harold H. Jarvises, Williams Lake Road and the A. R. Staytons of Connell Road. The bride wore white Chantilly lace with illusion veil. Attendants were Colleen Asselin, Mrs. Joseph Mazzulla, Sandra Crosby and Kathleen Jarvis; Michael Katchuba, Gilbert and Charles Jarvis and Peter Quigley.

The Walter L. Coverts of Davisburg Road and Mr. and Mrs. Norris Walls of Warfield Road are parents of Mr. and Mrs. Collin Wayne Walls (Diana Lynn Covert) wed recently in the Davisburg Methodist Church. The bride wore white organza over taffeta. Attendants were Karen Swift, Mrs. Roger Covert, Cathy Walls, Lavowa Winters and Marilyn Motchenbacher. Best man was Leigh Uekert with ushers Ronald Swift, Richard Puterbaugh, Gary Tower and Roger Covert.

Home, Isn't So Far Away

Nine area families have been or still are hosts to foreign college students. All are participating in the "Experiment in International Living" program.

Ideally, the students arrive in this country a month before they enroll in college. But this year many of the overseas guests did not reach the Pontiac area until last week.

Three more are expected to come in the next week. They are attending the English Language Institute at Michigan State University and have not yet been assigned to families.

* * *

Mr. and Mrs. Russell Grinnell of Hatchery Road have a Wayne State University student with them — Hsingchi Chang from the Republic of China.

All the other students are going to the University of Michigan.

Valeria Cavazzuti of Italy is with the Whitney Cranahans of Nancywood Court. Dr. Bishwanath Prasad of India is in the North Rochester Road home of Mr. and Mrs. Harry C. Markle.

HOST ENGLISH PAIR

A young English couple, the Michael Johnsons, call Mr. and Frank Derbyshire of South Sharon Street their hosts.

The William W. Lymans, Hickory Bend Road, have opened their home to Alexander Ofesu Honu of Ghana, while Michael Lawson of Nigeria is in the Orchard Lake home of the Fred McNabbs.

Hosts often to international students and this time to Aria Tzeggai of Ethiopia, are Mr. and Mrs. Edmund Windeler of Hatchery Road.

Beatrice Tobi left the Hammond Lake home of the John Vanderlinds on Wednesday.

Engin Sait Sokullu of Turkey is temporarily with the Grinnells until Mrs. William Shunck gets home from a trip to his native land. She was to meet his parents before she welcomed their son into her home.

Any area family interested in participating in the Experimenter program may contact Mrs. Grinnell for particulars.

Trim tri-color cardigan will complement your slim skirts and trim slacks. Knitted in lightweight but warm fingering yarn, it is a perfect example of the understated effectiveness of the basic cardigan. This one is in white, pearl grey and yellow, but it would also be striking in a combination of flamingo, pink and cerise. PK 8705.

WNFGA Branch Views a Film

Mrs. Ray Allen showed films of national parks in eastern Canada, New England and the western States before the Lorraine Manor branch, Woman's National Farm and Garden Association, Tuesday, in her home on Fernbarry Drive.

Members were assigned to assist as clerks and hostesses at The Pontiac Mall Fall Flower Show, Sept. 26 through Oct. 1.

The annual Christmas bazaar and benefit sale highlights the fall agenda for the branch.

Handy Patch

Use the good part of a worn white sock or anklet for a patch when you mend men's or children's knitted underwear. Overcast the edge loosely by hand, placing the patch on the outside.

Armstrongs Take Vows

The Coldwater Bible Chapel was the setting for the recent marriage of Bonnie Marie Norton of Berwick Boulevard to Robert John Armstrong, son of the Corliss Armstrongs of Wenonah Drive.

* * *

After the evening rite performed by Rev. Paul Underwood of Pleasant Lake, Ind., the couple left for a wedding trip to northern Michigan.

* * *

The bride, daughter of the Albert Notons of Coldwater, made her Empress-line gown and train of white satin brocade, with lace applique.

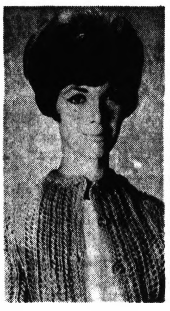
Her fingertip veil was silk illusion and her bouquet was of cascading red roses.

* * *

Mrs. William C. Spencer II attended her sister as matron of honor, with Jean Neidlinger and Mrs. Daniel Holcomb as bridesmaids.

* * *

Carl Holstain performed the duties of best man. Richard Norton and Leo Voelke were ushers.



A mere 10 ounces of fashion! A lovely open-work design . . . firm finishing at the neck edge and borders . . . trimly tailored sleeve shaping . . . make for a fashionable cardigan and only 10 ounces of knitting worsted are needed for the design. PK 2659. Free instructions for any one or all of these patterns available by sending a self-addressed, stamped envelope to the Needlework Editor, The Pontiac Press, Box 9, Pontiac, Mich. 48058.

A beautiful tracery of black forms bright white diamonds in this long stretch of a pullover. An interesting touch of tailoring is added in the wide self-faced cuffs and hem . . . it's sensational with black or white stretch pants. No. PK 1821.

A feminine windbreaker . . . is this betasseled sweater-jacket. Knitted with double strands of knitting worsted in a pale delicate shade, it is then crochet-trimmed with black. The mandarin collar (self-faced for better shape) adds a chic touch. PK 2988.

Summer Skin Care

It is easy to have a smooth lovely complexion, despite the skin-coarsening effect of summer. The pores open much wider in the heat so it's essential that they have free movement to open and close without being clogged. Protect from cosmetic pigments, dust and powder by smoothing on your oil of Olay. This will also protect the complexion from harsh sun rays and will give the skin a cool, milky bloom even on the hottest days. Your druggist can supply you with oil of Olay for your personal needs.

PETE, PLAYFUL OR PREDATORY? — Pete the collie stands in his cell at an animal center in New York's Queens borough, while the courts decide whether he must die as a vicious dog. The health department ruled he must be destroyed for biting three people—the legal limit under state law. But the city asked for an order in the state supreme court that would send the case back to the department for new hearings, on the grounds that Pete should have the right to face his accusers. Pete's owner says he's merely playful and never bit anyone.

Artificial Kidneys Cheaper

By Science Service

NEW YORK — Thousands of kidney patients are expected to benefit from a proposed artificial kidney that will be cheaper and 50 times lighter in weight than the type presently in use.

Artificial kidneys now in use for cleaning impurities from the blood costs each patient from $8,000 to $12,000 a year. The life-saving treatment usually requires hospital visits twice a week. The kidneys so far developed for home use also are complex and costly.

Arrangements have been made with cooperating medical groups in the New York area to test a model of the new disposable artificial cartridge-type kidney on animals. On these tests will depend future human trials.

* * *

The main structural elements in the new artificial kidney will die-cut pieces of waterproof cardboard, which will be easily joined and inexpensive. The entire unit will weigh only about four pounds.

SHORT TUBES

Patients who undergo regular blood cleansing by machine usually have a permanent set of short tubes implanted in one forearm.

The blood is pumped through one of these tubes to the machine by the patient's heartbeat or in some cases by an external pump. One tube carries arterial blood to the machine and the other brings the purified blood back from the machine to a vein in the forearm. The basic process by which an artificial kidney cleanses the circulating stream of blood is called dialysis.

In the artifical kidney device the blood comes in contact with cellophane or another kind of semipermeable membrane through which the metabolic waste products pass into a fluid known as dialyzing solution.

China Viet 'Game' Stirs E. Europe Wrath

(EDITOR'S NOTE: UPI diplomatic correspondent K. C. Thaler has just completed a tour of the Iron Curtain countries of East Europe.)

By K. C. THALER

VIENNA (UPI) — Ranking East European diplomats openly contend that Red China's main stake in the Viet Nam conflict is its hope of involving Russia in war with the United States.

East European officials, normally reticent to discuss internal or external policies with visitors from the West, are vociferous in their condemnation of Red China for such a dangerous game.

Peking's hard-line policy and its apparent long-term designs have made the regime a key target for attack in most Iron Curtain countries, with the exception of Romania which is taking a different stand for reasons of its own.

Diplomats well-qualified to assess Red Chinese intentions predict that the hard line of Mao Tze-tung is certain to become harder still.

Peking appears to have made up its mind that Russia and the United States have already reached a considerable degree of accommodation and are going ahead despite the Viet Nam war.

It is the "nightmare" of such a Russo-American rapprochement which is causing Peking to try every means to involve the two big powers in a military confrontation, the diplomats say.

When an East European delegation recently visited Peking, it was told bluntly its government should attack West Berlin where it could hit out directly against "American imperialism."

The delegation leader, irked by the clumsy suggestion, retorted that Red China would be better placed to take such initiative if it considers it necessary to go to war with America by attacking Formosa. There was no reply.

Peking's anger with and suspicion of Russia, which date back nearly 10 years, were said to have been heightened by the agreements three years ago to ban nuclear tests and to introduce the Washington-Moscow hot line.

HER ATTIRE TRIGGERS TROUBLE—Mrs. Pat Morris, 35, is shown wearing the clothing which resulted in her suspension at the International Paper Co. in Gardiner, Ore., this week. The company claimed the clothes were too tight and distracted other workers. The plant Sawmill Workers Union went on strike in a protest against the suspension. The local felt she should have received a written warning first.

Woman's in a Bind, So Workers Strike

GARDINER, Ore. (AP) — "At first you laugh about it, then you get mad," says a waitress whose husband is among more than 300 workers who have struck the International Paper Co.'s plywood plant in this Southwest Oregon coastal community.

The strike began Tuesday when Mrs. Pat Morris, 35, was suspended from her job at the plant because she wore tightly fitting clothes.

* * *

Mrs. Morris, whose vital statistics are 39-27-39, says she is "heartbroken about so much trouble it has caused."

Mrs. Morris works the overnight shift with six other women, wearing stretch jeans and sweaters. She is not a union member.

SAME TYPE

She was suspended by the plant foreman on the grounds that her tight sweaters and tight jeans were distracting to other workers.

"I don't know why they singled me out," she said. "The other women wore the same type of clothes. I told them I would buy other clothes on pay day. They said something about being too stacked and sent me home."

Mrs. Morris says she works behind a pile of equipment and wears a "huge leather apron."

The company said she refused to change her attire after being orally warned about a week ago.

WRITTEN WARNING

A local of the Lumber and Sawmill Workers Union held a meeting and maintained the company should have given her a warning in writing.

"It's a policy matter, not a personality matter," says Harley Gray, president of the union local. "We are not planning to go back to work until the company lifts the illegal suspension of this worker. We are willing to meet with the company at any time."

* * *

Gardiner is a suburb in the Coos Bay area which has a population of about 15,000. According to state statistics, the forest products industry is responsible for more than 20 per cent of the area's economy.

The manager of the plant, E. A. Meyers, calls the strike nonsense. He said, "The matter of attire is outside the contract. As a matter of fact, she had been warned several times about the way she dressed."

* * *

"I feel just terrible when I think of all the families with children that can be hurt by this," says Mrs. Morris.

Polish Army Leader Dies

LONDON (AP) — Gen Tadeusz Bor-komorowski, Polish army commander during the Warsaw uprising in World War II, died today. He was 71.

Bor's role in the battle for Warsaw when the Russians moved in became the center of a heated controversy.

* * *

Bor charged that thousands of his former soldiers were clamped into Soviet prisons and concentration camps.

The former military leader collapsed Wednesday during a rabbit shoot at Woughton-on-the-Green near Bletchley in Buckinghamshire. He died during the night.

UNDERGROUND

Under the name of General Bor, for four years he carried out the organization of the Polish underground army during World War II.

In the summer of 1944, he led his heroic but fruitless fight against the Germans in Warsaw and was captured.

* * *

Later, he claimed his underground forces supplied the Allies with the details on the German V1 and V2 bombs.

STICKY BREAKFAST — Scott Romney, son of Michigan Gov. George Romney, prepares to eat his breakfast—a serving of peanut butter. Romney, 25, is taking allergy tests in a Chicago hospital to determine what causes his asthma. With him is Jean Gustafson, a nurse.

Romney Son Tested to Determine Allergy

CHICAGO (UPI) — Scott Romney, son of the Michigan governor, has enlisted the aid of the same doctor whose buffalo meat diet helped Billy Casper win the U.S. Open golf championship.

★ ★ ★

Romney, 25, is undergoing allergy tests at Swedish Covenant Hospital under the supervision of Dr. Theron G. Randolph, who shaved more than 25 pounds from Casper's frame and several strokes from his golf score by prescribing an exotic diet of wild meats and vegetables.

Gov. George Romney, Scott's father, said he understood actress Carol Channing also was scheduled to undergo Randolph's alergy tests.

Scott, a strapping, ruddy younger image of his father, plans to enroll at Harvard University Law School this fall.

★ ★ ★

The governor said in Lansing that Scott long has been plagued with allergy trouble and decided to try Randolph after reading about Casper's case.

MILK ALLERGY

The doctor already has determined that young Romney is allergic to milk, which his teetotaling father consumes in copious quantities.

Scott, a bachelor, graduated with honors from Michigan State University last June after completing his two years of Mormon missionary work in England. He is the elder of the Romney's two sons and has two older sisters, both married.

Thant Will Tell Decision Sept. 1 to All in U.N.

UNITED NATIONS (UPI) — Secretary General Thant one week from today will inform the U. N. membership whether he will seek reelection as top officer of the world organization.

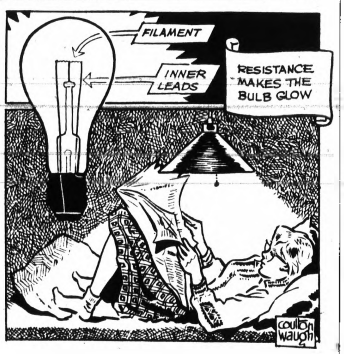
★ ★ ★

An announcement yesterday said Thant, currently on a week-long visit to Mexico and Chile, will announced to all 117 U. N. members on Sept. 1 his plans for the future. He returns from his Latin journey around midnight Aug. 31.

★ ★ ★

The announcement gave no reason why Thant has decided to make his announcement to the full U.N. membership rather than the 15 Security Council members as originally planned.

Junior Editors Quiz on LIGHT BULBS



QUESTION: What happens inside an incandescent light bulb?

★ ★ ★

ANSWER: Inside an incandescent bulb is a little pedestal of glass extending up into a rod with a button on top.

A support wire leads up from this. There are two other kinds of wire inside.

The inner leads bring the electric current up one side and down the other. And the delicate filament connects the lead wires at the top.

This is made of tungsten wire; it tries to resist the passage of the current. It is the resistance of the filament which heats it and makes it incandescent — meaning glowing, brilliant, giving off light.

The air inside an electric light bulb (except for a tiny fraction) must be removed before the bulb is sealed.

Otherwise, the oxygen in the air would unite with the glowing filament and burn it. This would make the light go out.

That is why a bulb which has been giving light will suddenly go dark when the glass is broken.

Although air is taken out of light bulbs, nitrogen and argon gas are put in.

These prevent the filament from evaporating and so the effect of making the bulb last much longer.

★ ★ ★

FOR YOU TO DO: There is usually a clear spot at the bottom of a frosted light bulb. Look up through it and you can see some of the inside structure.

Police-Counselor Program Is Praised

By PAT McCARTY

Law enforcement and education in Pontiac apparently have discovered a winning combination in the police-counselor program initiated last year in the district's two high schools.

Pontiac School Affairs

The program received high praise from several quarters when it was evaluated before the board of education last night.

The six school trustees present at the meeting voted unanimously to continue their support of the project, which they sponsor jointly with the city.

Cost of the program for 1965-66, which will be split on a 50-50 basis, has been estimated at $21,565.

Pontiac Police Chief William K. Hanger was enthusiastic in his endorsement of the program.

EFFECTIVE PROGRAM

"This in one of the most effective crime prevention programs that I have encountered in my 20 years of police experience," Hanger said in a letter to the board.

"Out statistics indicate a significant decrease in reported crimes known to have been committed by juveniles and in the volume of offenses cleared by the arrest of persons under the age of 18 years.

"It is the opinion of both Sgt. Carl Colando and myself that a major share of the credit for these decreases must be attributed to the fine police-school counseling program."

Colando heads the police department's crime prevention bureau, from which two officers were selected for the school assignments.

The two juvenile division officers who will work at the schools this year are Patrolman James R. Lafner, at Pontiac Central High School and Patrolman Fred A. Stormer, at Pontiac Northern High School.

PRIOR EXPERIENCE

Lafnear, 35, has been involved in the program since it was started on a full-time basis last fall. Stormer, 34, became a police-counselor at Pontiac Northern in April when his predecessor, Patrolman Thomas L. Hereford, was promoted to sergeant.

The police-counselors, who do not wear uniforms, serve as resource persons to school personnel in preventing juvenile delinquency.

Assistant Schools Supt. William J. Lacy noted the police-counselors have no responsibility in enforcing school rules but concern themselves with students who have broken laws or are potential offenders.

Equipped with police cars and radios, they also visit homes and work with out-of-school youth and adults who loiter around schools.

The police-counselors cooperate with faculty members to supervise extracurricular activities and to maintain school safety.

HANGER COLANDO LAFNEAR STORMER

Pontiac Central Principal Francis Staley noted that the police-counselor had done "an excellent job of guiding students who have broken the law" and of helping others avoid serious trouble.

"Petty theft has all but disappeared," he said.

Staley commented that the police-counselor has enhanced the image of the law enforcement officer in the minds of both the offenders and those against whom offenses were committed.

Philip J Wargelin, Pontiac Northern principal, was no less enthusiastic.

"I have observed that as the police-counselor becomes acquainted with students they more and more tend to regard him as a respected friend and seek his advice and counsel before becoming involved in wrong-doing," Wargelin said.

MORE EFFECTIVE

"In handling fights and disturbances, which are often a natural outlet for youthful exuberance, a police officer by his very title can be far more effective than an administrator to both the offender and to his parents," he said.

"The is also true in regard to the growing traffic problem around high schools."

The police-counselors also got a pat on the back from Clarence E. Barnes, executive director of the Pontiac Area Urban League.

"In the area offering positive guidance to the development of good citizenship and appropriate student conduct, the school system is to be congratulated for instituting the police-counselor program at Pontiac Central and Northern," Barnes wrote.

"I have heard quite favorable comments about the manner in which the officers conducted themselves in their relationship with students almost without exception . . .

"We are hopeful that the program will continue to be as successful and beneficial as it has been over the last year."

Street Guard Still Needed at Webster

The new pedestrian overpass in front of Webster Elementary School has not alleviated the need for a crossing guard on heavily traveled West Huron, the Pontiac School Board decided last night.

A guard will be stationed at the school for the first two or three weeks of classes to acquaint youngsters with the overpass and how to use it.

The traffic light at the school crossing was removed when the city installed the pedestrian bridge this summer.

* * *

School Board President Monroe M. Osmun noted that there now are no lights to slow traffic between Johnson and Genesee.

SPEEDERS

"The number of speeders on West Huron is appalling," he said.

* * *

Osmun also noted that there is no light to aid youngsters living south of Huron who ride their bicycles to school.

* * *

At the suggestion of Assistant Schools Supt. Richard C. Fell, board members agreed that a guard should be stationed at the Genesee intersection to assist bicycle riders crossing Huron.

District to Seek Model Project

The Pontiac school system will seek a $136,725 federal grant to improve the self-concepts of pupils in the district.

The proposed project, which could serve as a model for other districts, is aimed at "making every youngster feel important," according to B. C. VanKoughnett, community action programs director.

School board members last night authorized administrators to apply for funds under provisions of the Elementary and Secondary Education Act.

"This is a difficult area of concern no one else has tried to tackle," VanKoughnett said.

* * *

He noted there has been much nationwide discussion of the importance of pupil self concept but that no specific programs have been devised to bolster a child's image of himself.

AFFECTS PERFORMANCE

A pupil's self concept affects his academic performances and in turn is affected by all things around him, VanKoughnett commented.

The building of a good self concept is particularly important for educationally or culturally deprived youngsters, who frequently have low opinions of themselves.

If funded, the project would begin in January 1967 with a six-month study by school personnel and representatives of various community groups concerned with the educational and cultural opportunities offered youngsters.

A team of four teachers next summer would work on coordinating the findings and recommendations of the study committee.

DURING 1967-68

During the 1967-68 school year, pilot programs would be established at one elementary and one junior high school.

The project would involve "concentration on the student as an individual, with real emphasis on citizenship," VanKoughnett said.

3rd Assistant Is Approved

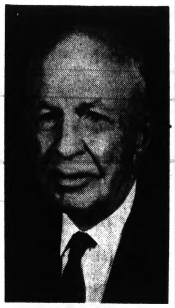
The Pontiac Board of Education last night approved the appointment of Pontiac Central High School's third assistant principal.

Smith Carson Jr., a Detroit teacher, was named to the recently created post.

Carson, 38, has taught social studies in Detroit junior high schools for 10 years.

He holds a bachelor's degree from Western Virginia State College and bachelor's and master's degrees from Wayne State University.

In other business, the board approved the appointment of 11 new members to the Pontiac School District Citizens Committee on Human Relations, taking the total membership to 26.



FLOYD KENT

Dedication Set for Building

A building constructed by a Pontiac realtor will be dedicated Sept. 3 during ceremonies at the Starr Commonwealth for Boys in Albion.

Floyd Kent of 835 Woodward built the ranch-type, limestone building named after him. It will serve as a tourist and information center.

Kent, owner of Floyd Kent, Inc., Realtors, 82½ N. Saginaw, is a former Albion College classmate of Floyd Starr, founder and president of Starr Commonwealth for Boys.

Mrs. George Romney, wife of the governor, will be on hand for dedication ceremonies.

* * *

The school is for homeless, problem and disturbed boys. One of its purposes is to retrain juvenile delinquents.

Labor to Back Inflation Curbs

Equality of Sacrifice Is Key, Says Meany

CHICAGO (AP) — Labor will give conditional support to the government's anti-inflation measures, says George Meany, president of the AFL-CIO.

The labor leader said Wednesday unions would support President Johnson if the situation calls for "the adoption of extraordinary stabilization methods designed to bring all costs, prices and profits, as well, as wages and salaries, under even-handed restraint.

* * *

"We are prepared to sacrifice as much as anyone else so long as there is equality of sacrifice," Meany declared. "At the present time there is no such equity."

Meany, in Chicago to attend a meeting of the AFL-CIO Executive Council, termed present inflation in the United States "profit inflation."

LITTLE ADVANCE

"Profits have skyrocketed," he said, "but the buying power of most worker's take-home pay has hardly advanced at all."

Such profits, the council said in a statement, "are fueling the fires of a capital goods superboom" and could result in a "general economic decline."

* * *

This might be triggered, the council said, by the fact that modern production methods "are increasing industry's ability to produce goods much faster than the demand for products and services can be expected to rise on a sustained basis.

* * *

"As a result," the council said, "there is a growing danger of excess capacity, eventual collapse of the investment boom and general economic decline."

Reuther Raps Money Bars to Education

URBANA, Ill. (AP) — Walter Reuther, president of the United Auto Workers union, called today for removal of all economic obstacles to education.

Speaking to more than 700 students attending the 19th National Student Association Congress, Reuther said a student should be permitted "to continue his education on a basis determined by his capacity and not by his pocketbook."

"India spends a greater percentage of its gross national product on its educational system than does the United States," Reuther said.

Reuther indicated that the UAW will join in any campaign to permit 18-year-olds to vote. He said the UAW's position is that "if a person is old enough to bear arms, he is old enough to vote."

MANY ISSUES

In a speech touching on a number of public issues, Reuther also said:

"In the battle for civil rights we must ask where we are, not where we came from and how far we have to go.

* * *

"The emerging nations of the world are sitting in judgment of the United States' social system. We will be judged, not by our ability to have a man walk safely in space, but by our commitment to enable an American Negro to walk safely in Mississippi."

Manslaughter Charge Due in Police Death

DETROIT (UPI) — A manslaughter warrant was to be sought today against a 22-year-old motorist charged in the auto chase death of a suburban Dearborn Heights patrolman.

A spokesman for the prosecutor's office said the warrant would be asked against Billie Miles of Garden City in Recorder's Court in connection with the death of Patrolman Robert Dowdall 28, on Monday.

Miles was sentenced to 90 days in jail earlier this week when he pleaded guilty to charges of reckless driving and driving without an operator's license.

Dowdall was killed when his squad car crashed into a tree during the chase.

Miles was arrested minutes later by several other patrolmen.

Dirksen Disputes LBJ's Confident Election Prediction

WASHINGTON (AP) — President Johnson's confident prediction that the Democrats will hold their strength in Congress in the November elections drew strong dissent today from Senat Republican leader Everett M. Dirksen.

Johnson observed Wednesday at a news conference that he thinks the people generally approve of what he is trying to do.

* * *

He followed this up by telling party workers at a "dollars for Democrats" rally that if they plug his administration's record "we will have resounding Democratic victory in the congressional campaign this year."

If the President believes that, Dirksen said in an interview, he is likely to be in for some surprises.

DEFINITE TREND

"There is a definite trend in the country against this administration and for the Republicans," Dirksen said. "The mood of the people is such that I believe we are going to make substantial gains in Senate and House races."

* * *

Asked what he thinks is the basis for this mood, he replied:

"Everything. There is a tapestry of discontent being woven out of war, inflation, the high cost of living, our gold difficulties, violent demonstrations in the streets and other things I could recite endlessly. The mood is there and it is growing."

Johnson noted that since 1890 the party not occupying the White House had gained an average of 41 seats in elections when the presidency is not at stake.

"But I do not have the feeling that there will be any substantial turnover in either the House or the Senate," he added.

* * *

The President called on the Republicans to point to any district where they felt sure of winning. He said "They carefully say away from that."

Dirksen said that he, like Johnson, was not going to engage in any numbers game. But he said he is willing to take on some bets, with odds of 1 to 2, that the Republicans capture as many as 50 Democratic House seats.

NONPOLITICAL TRIP

Johnson, who takes off Friday for a "nonpolitical" trip to Idaho, Colorado and Oklahoma on the way to a birthday weekend at his Texas ranch.

Johnson also commented on a suggestion by former Vice President Richard M. Nixon that the President might replace Vice President Hubert H. Humphrey with Sen. Robert F. Kennedy, D-N.Y., on the 1968 ticket. He was asked for an estimate of Nixon's political insight.

* * *

"I think the people of the country have a pretty good estimate of that," he replied. The allusion apparently was to Nixon's defeat for the presidency and for governor of California.

But while he praised Humphrey as "a fine and excellent public servant," Johnson declined any 1968 ticket commitment.

Dies in Accident

MOUNT CLEMENS (AP) — Artemus D. Schultz, chief of security at Ford Motor Co.'s Rouge plant, was killed today in a smashup near here. Police said Schultz, 57, of Indianapolis drove into the rear of a dump truck.

Nectarines Better Than Ever

By JANET ODELL
Pontiac Press Food Editor

Every year, nectarines get bigger and better. New varieties make the season last longer; it now runs from the latter part of June until well into September.

In earlier years, nectarines were fragile and didn't ship well. Today's fruit has firmer flesh and beautiful red-gold skins. One of their nicer points is that they don't need peeling before eating.

Nectarines and hot roll mix combine to make a delectable coffee cake. Serve it warm from the oven, either for breakfast or snack time.

Nectarine Coffee Cake

1 package (13 oz.) hot roll mix
½ cup sugar
2 teaspoons cinnamon
2 or 3 fresh nectarines
½ cup roasted diced almonds
¾ cup soft butter or margarine
1 tablespoon flour
1 egg yolk, slightly beaten

Prepare hot roll mix as label directs. Let rise in warm place until double in bulk, about 45 minutes. Divide dough into 2 parts; roll out each part on floured surface to about 11x9-inch rectangle. Sprinkle each rectangle with ¼ cup sugar and 1 teaspoon cinnamon.

Finely chop nectarines to make 1 cup; combine with almonds, butter and flour. Spread nectarine mixture on both rectangles to within 1 inch of edges. Roll up from longest sides.

Place rolls on greased cooky sheets seam-sides down. Carefully snip 6 deep crosswise cuts on top of each roll with kitchen scissors. Let rise, covered, in warm place until almost double in bulk.

Brush rolls carefully with egg yolk. Cut remaining nectarine into 12 slices; dip in sugar if you wish, then tuck into slits in rolls.

Bake in 375-degree (moderately hot) oven 25 to 30 minutes or until top is golden brown and dough is fully baked. Cool slightly on rack. Cut into 1-inch slices and serve warm.

If you wish, wrap 1 cake in foil and freeze for later use. Makes 2 coffee cakes.

* * *

Cookies made with nectarines are big soft ones which stay nice and moist — for whatever time you can manage to keep them.

NECTARINE COUNTRY COOKIES

2 or 3 fresh nectarines
2 cups sifted flour
1 teaspoon baking soda
1 teaspoon salt
¼ teaspoon cinnamon
⅛ teaspoon ground cloves
½ cup shortening
1½ cups sugar
1 egg
½ cup roasted diced almonds
½ cup raisins

Coarsely chop enough nectarines to measure 1¼ cups. Sift flour with soda, salt, cinnamon and cloves.

Cream shortening with sugar; mix in egg, almonds and raisins. Mix in flour mixture alternately with chopped nectarines.

Drop by tablespoonfuls onto greased baking sheet; bake 375 degrees 13 to 15 minutes. Cool on rack. Store in loosely covered container. Makes 3 to 4 dozen cookies (3½ inches).

You'll want to strip the skins for this frozen dessert. Cover the fruit with boiling water for about a minute; skins almost zip off.

FROZEN NECTARINE VELVET

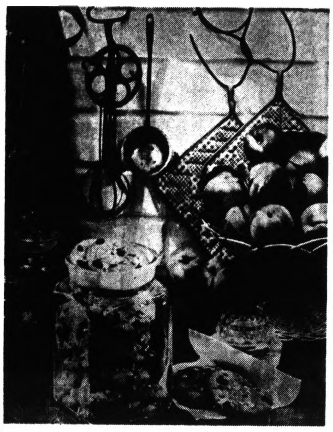
6 to 8 fresh nectarines
1 teaspoon plain gelatin
2 tablespoons cold water
¾ cup lemon juice
⅔ cup sugar

Blanch and peel nectarines. Slice fruit; dice into blender and whir to make 1½ cups puree. (Or dice and press through sieve.) Mix gelatin, cold water and lemon juice; heat, stirring, until gelatin is dissolved. Blend into puree with sugar.

Turn into freezing tray; freeze to mush consistency. Turn into bowl; beat until fluffy. Return to freezer tray and freeze until firm.

Serve with a puff of whipped cream, nectarine slices or fresh berries as you wish. Makes 4 to 6 servings.

NECTARINE



COUNTRY COOKIES

Peas and Rice Mix to Fill Tomatoes

Plan an easy buffet supper for your next party so that you can be free to enjoy the evening's festivities. With careful planning beforehand, you'll have time to chat with your guests instead of fussing with last-minute preparations in the kitchen.

Tomatoes Imbottiti is a tasty vegetable variation you'll want to serve.

Stuff the tomatoes with colorful frozen sweet peas with tiny whole onions which have been combined in a rich cheese and rice base with a touch of oregano. The crunchy topping is buttery bread crumbs.

Tomatoes Imbottiti

One 10-oz. package sweet peas with tiny whole onions frozen in butter sauce in flavor-tight cooking pouch
6 large firm tomatoes
Salt
¾ cup cooked rice
¾ cup grated American cheese
½ teaspoon oregano
½ cup bread crumbs
2 teaspoons grated Parmesan cheese
2 tablespoons butter or margarine, melted

Slip pouch of sweet peas with tiny whole onions into boiling water. Bring to a second boil; continue cooking 16 minutes. Do not cover pan.

Rinse and remove stem ends from tomatoes; scoop out center pulp; sprinkle with salt. Combine rice and American cheese. Partially open pouch of sweet peas with tiny whole onions; drain butter sauce into rice mixture; stir to combine. Add peas with onions and oregano; fill tomatoes.

Combine bread crumbs, Parmesan cheese and butter; sprinkle over tomatoes. Place in greased 8x8x2-inch pan. Bake at 375 degrees for 25 to 30 minutes. Yield: 6 servings.

TOMATOES IBOTTITI — Tiny peas, cheese and rice fill lovely fresh tomatoes for the perfect vegetable course to serve with fried chicken. Crusty Italian or French bread and glasses of wine complete the meal.

Cranberry Adds Sweet Flavor

Outdoor cooking is part of the fun of summer, and new ideas are part of the fun of outdoor cooking. Here's one that will earn you the title of "creative cook."

Next time you make barbecue sauce, use half the amount of sugar you usually do, and add two or three generous spoonfuls of whole berry cranberry sauce. It's great with chicken, beef, lamb, or what have you.

Mayonnaise Tops Open Sandwich

Open sandwiches taste wonderful when they are made of sliced bread, ham and tomatoes topped with mayonnaise mixed with grated cheddar cheese. Toast the bread lightly before making the sandwiches.

After the "filling" is arranged on the bread, put the open sandwiches under the broiler to heat and have the topping puff and brown.

Grill Marinated Halibut

The word "barbecue," to most of us, has come to have a rugged, outdoorsy, American sound — so much so that we tend to forget that open-air cooking is just as popular in other countries. In some parts of the world, it's been a favorite for centuries, which is far longer than we can claim.

The traditional Hawaiian outdoor feast, called the luau, is just as hearty as our barbecues, but naturally somewhat more exotic. At these island spectaculars, a prominent feature is an array of fish and seafood dishes, festively decorated and flavored in interesting native ways, often with ginger and soy sauce.

Halibut Grill, Island Style

1½ pounds halibut steaks, fresh or frozen
¼ teaspoon salt
¼ teaspoon pepper
Dash garlic powder
½ teaspoon ground ginger
6 tablespoons peanut oil or other vegetable oil
3 tablespoons vinegar
1 teaspoon soy sauce

If halibut is frozen, thaw it on refrigerator shelf or at room temperature until it is no longer icy.

Meanwhile prepare basting sauce by measuring salt, pepper, garlic powder and ginger into a bowl. Add 1 tablespoon oil and 1 tablespoon vinegar. Beat with wire whisk. Add 2 tablespoons oil and 1 tablespoon vinegar and soy sauce and beat until well mixed.

Arrange halibut steaks on greased grill. Brush liberally with sauce. Makes 6 servings.

PINEAPPLE SEABREEZE SALAD — Canned pineapple chunks with grapefruit, shrimp and the freshest of garden green vegetables combine in this scrumptious tasting salad designed for summer. Besides its smart combination of flavors it has a tangy sweet sour dressing all its own. Pineapple syrup and a connoisseur's blend of seasonings contribute to the snappy flavor of the dressing.

Salad Is Fruit and Fish

Introduce this pineapple seafood salad to the summer scene as the most beautiful and refreshing of entrees for midday patio dining. Of course, it goes to summertime picnic reunions very prettily too — not to mention its appropriateness at the barbecue buffet table.

★ ★ ★

When summer drinks are the subject of consideration, canned pineapple juice almost invariably enters the picture. For snacks or porch party enjoyment, a quaff of this pure natural juice served ice cold just can't be beat.

PINEAPPLE SEABREEZE SALAD

1 (1-pound 14-ounce) can pineapple chunks
2 cups grapefruit segments
1 sliced cucumber
2 cups cooked or canned shrimp
2 cups shredded crisp salad greens
Crisp romaine
Spicy Tomato Dressing

Chill all ingredients. Drain pineapple chunks; save ¼ cup syrup for dressing. Toss drained grapefruit, cucumber and pineapple with shrimp. Line bottom of chilled salad bowl with shredded greens.

Arrange romaine spears around sides. Pile pineapple mixture in bowl. Serve with Spicy Tomato Dressing. Serves 6 generously.

Spicy Tomato Dressing

¼ cup syrup drained from canned pineapple
¾ cup tomato catsup
¾ cup salad oil
¼ cup vinegar
½ teaspoon seasoned salt
½ teaspoon pepper
½ teaspoon dry mustard
½ teaspoon celery seed

Combine all ingredients in covered jar. Shake vigorously to blend. Let stand 1 hour to mellow flavors. Shake well before tossing with salad ingredients. Makes about 1 cup dressing.

Use Bacon Fat

Just for a change, season cooked snap beans with a sweet-sour dressing made from bacon drippings, sugar and vinegar. The drippings should be white in color and mild in flavor — and they will be if you save the fat from bacon that is cooked over very low heat.

Float cubes of American blue cheese on top of hot cream of tomato soup for an exciting different flavor.

Ham Joins Peaches and Rice

Surprise family or guests with an Hawaiian dinner, planned around this "Ham or Pork With Peaches 'n' Rice."

The barbecue sauce can be poured over rice and peaches, or, for a party-perfect dish, unmold a circle of cooked rice, mound barbecued meat in the center and garnish with golden slices of fresh Michigan peaches and bright green parsley.

Ham or Pork Barbecue

½ cup chopped onion
½ cup chopped celery
½ cup chopped green pepper
2 tablespoon cooking oil
1 8-oz. can tomato sauce
1 tablespoon Worchestershire sauce
1 tablespoon soy sauce
2 tablespoon brown sugar
1 tablespoon vinegar
½ cup orange juice
2 cups cut-up cooked ham or pork
1 tablespoon cornstarch
1 tablespoon cold water

★ ★ ★

Cook onion, celery and green pepper in oil until tender but not brown. Add tomato, soy sauce, Worchester sauce, brown sugar, vinegar, orange juice and meat. Simmer 15 minutes.

Mix cold water and cornstarch and stir into sauce. Stir while cooking until sauce thickens. Serve on or with Peaches 'n' Rice.

Peaches 'n' Rice

4 cups hot cooked rice
1½ cups sliced fresh peaches, peeled
1 tablespoon butter

In large bowl toss rice, peaches and butter. Pack quickly into 6-cup mold that has been lightly greased. Unmold at once onto warmed serving platter. Fill center with barbecued meat mixture. Serves 6.

Better Omelet With Cheese in the Middle

A light summertime luncheon favorite is the omelet. To glamorize this nutritious egg dish, add crumbles of tangy American blue cheese.

★ ★ ★

To make a gourmet omelet for yourself or guests, use one egg per serving. Beat in one tablespoon milk, a dash of salt and pepper, and one teaspoon chopped chives. Pour the egg mixture into a buttered skillet set over low heat. Cook slowly.

★ ★ ★

As the underside becomes set, tip pan slightly, lifting the cooked eggs so that uncooked portion can flow underneath and cook.

When mixture seems barely set, sprinkle about two tablespoons of crumbled American blue cheese in the center. Then fold the omelet and serve.

Instead of making individual omelets for a group, make one large omelet.

He's Another Disney---With Live Animals

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — What's he trying to be — another Walt Disney?" asked a local observer of producer Ivan Tors.

THOMAS

The Budapest-born movie maker would like nothing more than to achieve the success with family audiences that Disney enjoys, but he is doing mighty fine as Ivan Tors.

Look at his activities:

* * *

Two high-rated television series, "Flipper" and "Daktari."

Three movies for the summer-fall season — "Around the World Under the Sea," "Birds Do It," "Namu, the Killer Whale!" plus another shooting in Africa and six in preparation.

A four-stage studio in Miami and an underwater studio in the Bahamas, where the Tors team filmed the wet scenes of "Thunderball."

Africa, U.S.A., where 500 wild animals are trained for movie work.

REAL THING

The difference between Disney and Tors seems to be that while Walt works with animals that are cartooned or automated, Ivan prefers the real thing.

"It all began when I was making 'Sea Hunt,'" said the producer. "During the years of filming we were exposed to sharks, killer whales and all kinds of supposedly dangerous fish. But the only real encounter was when a barracuda bumped against a man's chest. The man was wearing a St. Christopher's medal which the barracuda apparently thought was a fish."

* * *

Tors was intrigued by the apparent willingness of the sea beasts to tolerate the presence of human beings. He continued research with land animals as well and is now convinced that man and beast can coexist.

"The approach is simple," he explained in his MGM office where he works surrounded by photographs of his four-footed and finny friends. "There was antagonism between man and animals during the centuries that man was a hunter.

NO PROBLEM

"But now that hunting is no longer necessary, there is no problem in establishing a friendly relationship. The important step is to pass through the boundary that exists between different species."

He accomplishes that by putting the animal on a long chain and allowing it to grow accustomed to the presence of humans. When Tors finds animals in the wild state, he has little hesitancy about approaching them.

* * *

"I will walk to within 30 or 40 feet of a bull elephant," he said. "Ordinarily the elephant will make no objection. But if he feels I am coming too close! the ears will go forward, and I will know to stop.

"I am not afraid of the noble animals — elephants, rhinos, etc. They can protect themselves. It is the small animals that are difficult to deal with, since they can become hysterical. Monkeys are the most dangerous; their only weapons are their teeth."

* * *

Tors figures he can train almost any animal in a year's time, and he constantly seeks new challenges. Right now he is teaching a tiger and a police dog to work together! They may costar in a future Tors production.

Gaelic Policy Divides Irish

Top Politico Against Compulsory Teaching

DUBLIN (UPI) — If Liam Cosgrave had announced he wanted to abolish Irish whisky, he could scarcely have stirred up a greater storm.

Cosgrave is leader of the Fein Gael, the main opposition party in the Irish Parliament. What he did announce the other day was that his party is against compulsory teaching of Gaelic in Irish schools.

If it should come to power, Cosgrave said, the Fein Gael would abolish Gaelic as a "must" subject for all students and let them take it or not, as they pleased.

* * *

Reaction to his words was immediate and somewhat terrifying. Up and down the country Irishmen became locked in a bare-fisted literary brawl that made silence or neutrality almost a necessity for individual survival.

INTEGRITY, LOYALTY

Personal integrity and national loyalties were the issues. Families jousted in public and sensible men ran for cover. Gaelic organizations thundered their disapproval. Newspapers have virtually smoked with the venomous opinions of letterwriting readers.

Cosgrave appears unconcerned by the clamor. "We expected a somewhat vigorous debate on the subject," he told UPI with a chuckle.

*

Son of the late William T. Cosgrave, head of the first Irish government, the Fein Gael leader counts on a massive endorsement from the voters the next time a general election is called.

Worker Killed on River Project

FLINT (UPI)—Glenn Skelton, 21, Linden, was electrocuted yesterday while working on a flood control project along the Flint River.

* * *

Police said Skelton plugged an electric saw into an outlet. The tool apparently shorted, jolting the victim into the water. He was unable to release his grip on the saw and died in the river.

AP Wirephoto

CHARGED WITH MURDER—Leaving Providence, R.I., police headquarters yesterday after their arraignment on a charge of murder in the mutilation slaying of Quirno Guglielmo, 28, are Guglielmo's sister Maria, 27 (left), and mother, Mrs. Giovanna Gugielmo, 56.

PICKET IN HEADLOCK — Wauwatosa, Wis., police restrain a civil rights picket after he attempted to break through their barricades last night in this Milwaukee suburb. Some 75 persons sought to picket the home of Judge Robert C. Cannon in Wauwatosa in a protest against his membership in the Eagles Club, which they say restricts membership to Caucasians. AP Wirephoto

In Wake of Adverse Ruling

Africans Seek to Remold World Court

UNITED NATIONS, N.Y. (AP) — Africans in the United Nations are working to remold the International Court of Justice in the Hague so it won't rule against them again as it did in the South-West Africa case.

The court ruled July 18, in cases brought for the African countries generally, that Ethiopia and Liberia had no legal right to claim judgment that South Africa had violated its League of Nations mandate over South-West Africa by introducing racial segregation there.

So the African group of 36 U.N. delegations, in the General Assembly convening Sept. 20, will aim to prevent election of unsympathetic judges to five pending vacancies on the present 15-judge court and to enlarge the court by U.N. Charter amendment so that Africa and Asia will have more representation on it.

The big Western powers can stop any such amendment if they do not mind antagonizing the Africans — and they may choose not to.

TWO-THIRDS VOTE

No charter amendment can take effect without a two-thirds vote in the assembly and ratification by two-thirds of the 117 U.N. members including all five permanent members of the Security Council — the United States, Britain, France, Nationalist China and the Soviet Union.

* * *

But nothing seems likely to keep the Africans from electing sympathetic judges to the court and barring the election of unsympathetic ones.

* * *

Electing a judge takes simple majorities in the assembly and the council.

With the Asian-African group of 61 countries, the Africans are sure of more than a majority in the assembly. In the council, they can probably get a majority from among the three African, two Asian, two Latin American and two Communist members, not to mention others.

Lunar Orbiter Due Busy Day

HAMPTON, Va. (AP) — A busy day was on tap today for Lunar Orbiter.

The schedule included transmission of a picture of the earth taken Tuesday and photographing the fifth of nine potential astronaut landing sites on the moon's surface.

A spokesman for the National Aeronautics and Space Administration said the earth's picture would be sent to the deep space receiving station at Goldstone, Calif. It was hoped the photo would show something of the earth's terminator—the line dividing the shadowed and sunlit portions.

Because of the diffusion of sunlight by the earth's atmosphere, officials said they thought the picture would show a gradual shading from light to dark instead of a well-defined line as on the moon.

So far, the camera aboard the spacecraft has exposed 114 frames of film, each containing two pictures. Half were taken by a high-resolution lens and the rest by a standard resolution lens.

Hurricane Faith Rolls West Toward Isles

MIAMI, Fla. (AP) — Hurricane Faith rolled west over the tropical Atlantic on a course that could smash her fury onto the mountainous isles of the eastern Caribbean tonight—and stymie scientists who hope to dilute the tropical storm.

Called a dangerous hurricane by the San Juan, P.R., Weather Bureau, Faith packed winds up to 90 miles an hour and threw out gale force winds for 400 miles as she closed on Dominica, Guadeloupe and Marie Galente.

Residents of the islands — about 375,000 — were ordered to evacuate areas subject to flooding and board up for the powerful winds and heavy rains.

The 4,000-foot jagged mountain range in Dominica, one of the British-owned windward islands, was not expected to affect the strong storm.

DISRUPT SLIGHTLY

"Even if it hit the mountains directly it would disrupt it only slightly," said Arnold Sugg, forecaster at the Miami Weather Bureau. "The mountains are not extensive enough to change its intensity."

The mountains in Guadeloupe rise abruptly from the sea on the west coast and slope gently down in the east in an almost continuous range.

* * *

The flattest of the islands officially on the weather bureau's "hurricane warning" status is Marie Galante, a limestone island where cotton is the biggest industry among its 20,000 residents. Its highest point is 672 feet above sea level.

Winds should start increasing in the warning area this afternoon and evening and reach full force about midnight.

RECORD HOLDER—Pixie Dreher, 22, who entered the University of South Carolina in 1958 at age 14, passes time painting in her Grand Rapids home. Next month, her record as youngest to enter the university will be broken by a 13-year-old.

What Makes Doctor Run? Averting Heart Attack

DALLAS, Tex. (AP) — Perhaps the best way to avert a heart attack — or to survive one — is to run miles each day.

That's the opinion of a 51-year-old heart specialist who practices what he preaches. He runs about five miles every morning.

★ ★ ★

"The heart is a muscle, and it needs exercise like any other muscle to stay healthy," says Dr. Carleton B. Chapman.

The best exercise for the heart, he believes, is sustained running or riding a bicycle.

HE SMOKES

Dr. Chapman, who smokes an occasional filter cigarette, is a professor of medicine at the University of Texas Southwestern Medical School at Dallas. He is immediate past president of the American Heart Association.

Dr. Chapman has been running regularly for 13 years, and he plans to continue indefinitely.

★ ★ ★

He makes the point that such exercise must be done daily or at least four or five times a week to be effective.

"Heavy exercise taken sporadically, or only once in a while, could do more harm than good" by sudden overloads on a flabby heart.

GRADUAL ACTIVITY

The key, then, to treating a heart attack patient is what he calls "carefully graduated activity."

After a patient is able to get out of bed, Dr. Chapman has him walk a mile or two a day. This is stepped up to slow running or jogging a mile in the morning and a mile in the evening.

★ ★ ★

If all goes well, the patient gets into the routine in time of running, walking or riding a bicycle four or five miles a day.

"The important thing is a program of sensible stress on the circulatory system."

FINDS KEY

He said he began thinking about a possible correlation between inactivity and heart trouble when he learned that the death rate in the United States from coronary problems is five or six times what it is in Sweden, where people are considerably more active.

His thinking was spurred on by a study he read of in London, which said conductors on the double-decked buses have significantly less heart trouble than the drivers. The conductors are constantly climbing up and down the vehicle stairs, while the drivers just sit in a seat for hours.

★ ★ ★

"Being a scientist, I'm not in a position yet to say categorically that physical inactivity is related to coronary trouble. But I believe that it is," he said.

He added that one reason why American women suffer fewer heart attacks than their white-collar husbands is possibly that they are much more active doing housework and looking after children.

As for his own exercise program, he admits that running around parks and lakes at 5 in the morning tends to produce some problems.

"A new policeman will check me out now and then, but he's always very agreeable and usually curious when he finds out what I'm doing."

Car Victim Dies

DETROIT (AP) — Charles Griffin, 76, of Detroit died Wednesday in Detroit General Hospital of injuries suffered last Sunday when the car in which he was riding collided with another auto in Detroit.

Tiny transistor radios are being attached to wildlife in some parts of the United States for radio-signal observations of their movements.

She Liked Starting College Career at 14

GRAND RAPIDS (AP)—For John DeTreville, who will enter the University of South Carolina this fall at the age of 13, comes this message from a girl who went before him:

Go to it!

"It was the best thing in my whole life," said Pixie Dreher, who entered the same school in 1958 at the age of 14 and graduated four years later with a coveted Phi Beta Kappa key.

★ ★ ★

"Going to college at that age was significant," she recalled in a recent interview. "I was intellectually awake at 14."

The university announced last month that young John, who recently got an A in a college math course and scored in the top four per cent in a college entrance examination, would become the youngest full-time student to enroll there, beating Mrs. Dreher's record by one year.

BEGAN STUDIES

Mrs. Dreher, now 22 and wife of Paul Dreher, director of the Grand Rapids Civic Theater, began graduate studies in philosophy the year after her magna cum lauda graduation.

A native of Columbia, S. C., where her parents run a dancing school, Mrs. Dreher's accelerated schooling began in the 7th grade, where she was placed in a class for children of above-normal intelligence.

★ ★ ★

"That was the most miserable experience of my life," she said. "I struggled and suffered under an atmosphere of what I felt to be humiliation and intimidation. I believe I was somewhere near the bottom of the class."

Mrs. Dreher said the intimidation and humiliation she felt still is evident in most public school programs. The threat of failure does little to encourage the slow student and is insulting to the above average scholar, she said.

ENTRANCE EXAM

After returning to a standard curriculum in the 8th and 9th grades, Mrs. Dreher took the University of South Carolina entrance examination the summer before she would have begun the 10th grade.

"I believe it was mostly curiousity on the part of my father and some of the administrators to see how I would do on the entrance exam without special preparation," she said.

★ ★ ★

Four years later, Mrs. Dreher graduated magna cum laude with a bachelor's degree from the liberal arts college. With the ink barely dry on her diploma she married Dreher and moved to Grand Rapids.

Claim Is Disputed on Grave Site Find

ST. IGNACE (UPI) — The president of the Father Marquette Pageant Association said today there is no doubt about the location of the explorer priest's grave, despite recent finds in St. Ignace.

Clair Kalbfleisch said Indian graves discovered recently in St. Ignace have led to "wild speculation" that the bones might be those of Marquette.

★ ★ ★

It has been firmly established that the remains of Father Marquette lie buried in a Memorial Park here where they were interred in 1677, two years after his death.

Historians of national repute have agreed on these facts.

Loans to Indians

WASHINGTON (AP) — A bill to expand a loan program for American Indians has been approved by the Senate Interior Committee. It now goes to the Senate.

The nation's 300,000th physician was recently graduated from medical school.

Frozen Milk Concentrate

By Science Service

MADISON, Wis. — Milk, within a year or so, may come frozen and concentrated in cartons one-third the size of present milk cartons.

The housewife will only have to add water, shake and serve it, William D. Powrie of the University of Wisconsin dairy and food industries department said.

★ ★ ★

The scientist reported to a meeting of the Society for Cryobiology that the development of frozen concentrated milk had been delayed because of crystallization caused by lactose, a milk sugar, which made the milk taste chalky and look curdled.

But it has now been found that crystallization can be avoided by adding lactase (an enzyme found in the animal body and certain yeasts) which decomposes lactose into dextrose and galactose.

PUTT ALONG, LI'L DOGGIE — Rod Swafford uses a motorcycle instead of a horse to herd cattle in a livestock sales yard at Dodge City, Kan. Gasoline is cheaper than hay, he says, and cycles are easier on cowpokes than hay burners.

Hess Will Soon Be Last Inmate at Spandau

BERLIN (AP) — Each day, Rudolf Hess knows he is 24 hours closer to the end of September and the day when he may become the sole inmate of the cavernous Spandau war crimes prison.

If he is not freed or moved, he will be the last Nazi held captive in the 19th century military prison built for 600 men.

At 72, Hess no longer is the darkly handsome deputy fuehrer to Adolf Hitler who strutted with the Nazis to the pinnacle of power in Germany in the 1930s. He has become an old man with 25 years imprisonment behind him, dating from the day he made his startling 1941 flight to wartime Great Britain on a self-styled "mission of humanity."

Convicted and sentenced to life imprisonment by the 1946 Nuernberg war crimes tribunal, Hess has been in Spandau 20 years. He shares the prison on West Berlin's outskirts with two of the other seven top Nazis originally sent to Spandau. They are former Hitler youth leader Baldur von Schirach, 59, and wartime production minister Albert Speer, 61.

WILL WALK OUT

At midnight Sept. 30, Von Schirach and Speer will walk out of Spandau free men, their 20-year sentences served.

Hess has refused to see his wife and son all the years he has been in Spandau. He does not want them to see him as a prison inmate.

The key to whether he will remain a man jailed in Spandau, whether he will be freed, or whether he will be moved to a less costly prison apparently lies with the Soviet Union. It costs about $60,000 a year to keep Spandau going.

The United States, Britain and France may be willing to help Hess. But the Soviet reaction is doubtful. Any decision on Hess's future must be unanimous.

40 SOLDIERS

About 40 soldiers from each of the four nations rotate monthly to guard it.

Soviet interest in keeping Spandau going and Hess in jail is seen by some quarters this way:

They wanted Hess executed at Nuernberg. After great wartime suffering, the Russians are unlikely to forgive and forget in the case of a man who was a top Hitler aide.

One authoritative source gave this description of Hess today:

READING WALKING

His main prison occupations are reading, "but only heavy stuff, no fiction, astrology, in which he always was interested, even the encyclopedia, and walking without a halt the 90 minutes each day he is let out into the prison garden."

The source added that Hess "completely avoids politics" although like the others he is allowed to receive censored mail and is given censored newspapers. He may write one censored letter a week and writes his family regularly.

Said one source who has seen Hess recently and who saw him when he first came to Spandau: "If he got out, at his age, after all this time in prison, with all the changes in the world, could he take it?"

Ionia Escapee Captured Later

IONIA (UPI) — Jesse Humble, 23, Detroit, one of two men who escaped from Ionia State Hospital yesterday was captured 18 hours later.

State Police said Earl Gillum, 25, St. Clair County, was still at large. Both men walked away from their assignment at a power house shortly after midnight.

Drowns in Boat Mishap

MUSKEGON (AP) — A 15-year-old Springfield, Pa., youth, Michael Penzl, drowned Wednesday in the White Lake channel in Muskegon County when his boat overturned.

Each Student Starts With a Clean Slate

By DAVID NYDICK
UPI Education Specialist

You, the students, are the only individuals who can take advantage of the many opportunities offered through education.

Your parents, teachers and other advisers can only provide guidance, encouragement and opportunity.

As the new school year approaches each student has an opportunity to start with a clean slate.

Regardless of grade level you can look forward to new and interesting programs. In most cases the teachers also will be new. If you make the effort you can have a highly successful year.

* * *

What can you do to plan for a successful year? The most important thing is your attitude. Learning can be enjoyable. It is interesting and can provide a great deal of satisfaction.

NOT UNPLEASANT

Going to school should not be considered as an unpleasant chore. It is an important and valuable part of your life.

More and more jobs require advanced training and education. Whatever career you may choose, you will find that you can go further and be more successful if you have a good education and training.

Therefore you should try to learn as much as possible. Do a little extra. Your efforts will never be wasted.

* * *

Another important area is planning. Schedule your time properly. It is necessary to have time to do your homework as well as to relax and develop yourself physically and socially.

DON'T SAVE IT

Homework should be done when it is assigned. Saving it up and waiting 'til the last minute only causes problems.

Set aside a reasonable amount of time each day when you can spend an uninterrupted period to complete your work for the following day. You might discuss this with your parents.

Remember that you want to play with your friends. This is also important and time should be provided.

* * *

If there are certain programs on television which you like, your schedule can be adjusted.

* * *

Approach the new school year with a fresh and enthusiastic outlook. Your parents and teachers will do everything they know to help you succeed. Only you can learn for yourself.

Youth Beat

THE NATIONAL REPORT ON WHAT'S HAPPENING

News and information about fashions . . . taking the fashions being worn, when and where, and by whom. Fads. Where they are happening, how they started, who is enjoying them. Music. The hits, the combos, the groups, the 'in'. Sports, hobbies, schools, colleges. In short Youth Beat is a 'Coke-Date' talk with your favorite guy or gal.

the moderator campus report

News and views from across the nation campuses. Interviews with students about everything . . . attitudes, cheating, military service, careers, dating, clothes, cars, movies, plays. It will be fresh, interesting reading for all young adults every Friday in The Pontiac Press.

Wheeling-it

Cars. Cycles. Racers. Dragsters. Anything with wheels and engines to make them turn will be covered in this new column written for your entertainment and information. It will include insurance policies, service methods, technical data, and reports about contests, competitions, shows, and maintenance. Here is reading for every young adult with an interest in mixing gasoline and pleasure. Begins tomorrow in The Pontiac Press and will appear each Friday, so don't miss reading it.

Read All Three Tomorrow In

THE PONTIAC PRESS

Parents and interested adults may read these columns, too. For home delivery of The Pontiac Press Phone 332-8181.

Warplanes Fly 146 Missions

SAIGON, South Viet Nam (AP) — American warplanes flew a record 146 missions over North Viet Nam Wednesday, the U.S. military command announced today.

The heavy raids included attacks on eighteen oil storage depots and a destructive raid on a 40-car freight train. Pilots claimed hits on 25 of the boxcars.

* * *

The previous high for missions was 139 earlier this month.

Individual attacks in the raids were not officially announced but possibly as many as 400 were flown.

71 MISSIONS

The Air Force flew 71 missions, Navy pilots 68 and U.S. Marine pilots accounted for the other seven.

On South Vietnamese battlefronts, no new major contact with the enemy was reported following two battles Wednesday by U.S. Marines in the northern part of the country.

* * *

The engagements, fought 90 miles apart, accounted for 211 Communist dead, the Marines reported. They described their own casualties as light.

U.S. Navy and Marine warplanes were active over North Viet Nam Wednesday, but the weather prevented a full assessment of damage they inflicted.

RAIL FACILITIES

Navy fliers pounded rail facilities in the Than Hoa area about 70 miles south of Hanoi. They shot up a freight train and reported four boxcars were destroyed and the locomotive and five others cars damaged.

The Marines flew 15 sorties against a concentration of about 250 men west of the coast city of Dong Hoi but were unable to determine the number of casualties they caused.

In a war-related development, CBS reported from Saigon that an investigation was under way into allegations that the South Vietnamese Navy had provided "safe conduct to sampans carrying food and supplies to Viet Cong units in the Mekong Delta."

91 Yanks Killed in Viet Fighting

SAIGON, South Viet Nam (AP) — The U.S. military command announced today that 91 American servicemen were killed in the Viet Nam war last week, 10 fewer than the week before.

A spokesman said 425 Americans were wounded and eight were listed as missing or captured during the week that ended last Saturday.

* * *

During the previous week, there were 593 wounded and 11 missing or captured.

In another development, the command announced that more than 300,000 U.S. servicemen were now on duty in Viet Nam.

U.S. sources have predicted that the total would reach 350,000 or 400,000 by the end of the year.

AP Wirephoto

CHOPPERS LAND TROOPS — Helicopters swarm into the air after dropping troops of the 1st Battalion, 16th Infantry, into a clearing near the Michelin rubber plantation and 35 miles northwest of Saigon. Troops were on a search operation after Viet Cong units were reported in the area.

Stennis Fears Overextension

Rusk Asked: What About 2 or 3 Viets?

WASHINGTON (AP) — Sen. John C. Stennis asked Secretary of State Dean Rusk today to "make a hardheaded and realistic assessment" of problems this nation would face if two, three or more Viet Nam conflicts "should occur simultaneously."

Stennis, chairman of the Senate Defense subcommittee, opened a broad inquiry into military requirements and resources by noting that Rusk testified recently there "were over 40 countries with which we have formal agreements committing us to assist them militarily in the event of aggression."

* * *

Rusk is scheduled to be the subcommittee's first witness.

But before Rusk had a chance to testify, the Mississippi Democrat said in a prepared statement that the hard fact is "a relatively small and undeveloped country such as North Viet Nam has been able to tie us down and require a very substantial commitment of our military manpower and resources over many months."

OVEREXTENDED?

Stennis said his panel wanted to know "whether or not we are or may be overextended either now or in the future?"

"We cannot let the requirements and demands of Southeast Asia, for example, degrade the importance of the NATO (North Atlantic Treaty Organization) area which is still the decisive region for the United States and Western Europe," he said.

* * *

"Although changes in and reductions of force commitments may be inevitable, it is still of primary importance that we and our NATO allies maintain adequate forces for deterrence and defense."

Asking Rusk to avoid "rosy generalizations," Stennis said this country may be forced to choose between "what we are willing to do and what we are reasonably able to do within the limits of our military manpower, resources and assets."

* * *

"We must guard against overcommitment that would drain away our manpower and resources and thus leave us weakened and unable to protect ourselves," he said.

Griffin Claims Confidence Gap on War

WASHINGTON (AP) — Sen. Robert Griffin, R-Mich., said Wednesday a wide confidence gap has developed between President Johnson and the people about the war in Viet Nam.

* * *

"The people are learning, almost by the day, that there is often a vast difference between the truth and controlled news, between fact and official pronouncement, between political mood and the realities of war," Griffin said in a speech for the Senate.

'PUBLIC FEAR'

"Out of this credibility gap is growing a public fear that we are now caught in a serious leadership gap in regard to Viet Nam."

* * *

Griffin said he has supported the idea of an all-Asian conference of foreign ministers to explore possible means of achieving peace and he and others had urged Johnson to call for such a conference.

Such a call by the President, Griffin said, at least would be an indication to the American people "that the leadership gap is being closed."

Ky Opens Election Drive With Voter Turnout Appeal

SAIGON, South Viet Nam (AP) — Prime Minister Nguyen Cao Ky officially opened South Viet Nam's election campaign today with an appeal for a big turnout and a warning that Communist terrorism would increase.

* * *

He pledged his word of honor as a soldier that the elections would be honest and he invited foreign diplomats and newsmen in Viet Nam to travel where they pleased during the campaign.

* * *

The United States took note of the campaign's opening by ordering servicemen off the streets of Saigon at 11 p.m. until further notice—an obvious move to avoid incidents during the campaign period. The curfew had been at midnight.

With the two-week campaign period officially beginning at midnight today, the tempo began to pick up measurably.

EDITORIALS

Newspapers blossomed with editorials and statements. A group of dissident Buddhist youths tried and failed to mount a demonstration. A prominent Catholic leader urged his followers to vote.

* * *

Antigovernment Buddhist students had hoped to march on the U.S. Embassy but called off the effort when barely a handful showed up at the police-ringed public marketplace in downtown Saigon.

The appeal to the Catholics came from Saigon's Archbishop Nguyen Van Binh who said that "as citizens we will go and vote." He denied that the Church was backing any candidates.

* * *

The dissident Buddhist paper Cahnh Dao ignored the election completely, in line with the boycott it demands. The radical Buddhists' chief spokesman, Thich Tri Quang, remained silent in the hospital where he is still on the partial fast he began June 8.

542 CANDIDATES

Within the next two weeks, 542 candidates will be stumping South Viet Nam for election to 108 seats of a constituent assembly. The assembly's duties are limited to writing a new constitution.

In addition to the elected seats, nine are set aside for Montagnard tribesmen to be elected among themselves. Premier Ky today extended the period in which Montagnard candidates could qualify—an indication that the often primitive tribal leaders were having troubles naming candidates.

Encephalitis Toll in Korea Is 173

SEOUL, South Korea (AP) Forty-three more persons died today of encephalitis, pushing the death toll here since early this month to 173, the Health-Social Affairs Ministry reported.

* * *

The report said the total number of cases increased to 885.

Local weather forecasts throughout the United States are now being made on the basis of improved wind and temperature predictions calculated by a giant computer.

Opening lead—♣ 10

By OSWALD and JAMES JACOBY

The late Hal Sims once told a budding bridge player that he played like a millionaire. The player was flattered, but he shouldn't have been. Sims meant that he indulged in too many luxuries at the table.

JACOBY

South won the club lead in dummy and made the millionaire's play of the ace of trumps. It is nice to pull trumps but sometimes it is a luxury that ordinary mortals can't afford.

He put in a lot of time studying the hand from then on but it was all to no avail. The combination of bad breaks in the black suits plus the ace of hearts in the West hand was too much for him.

If South had been provident he would have had little trouble making his contract. At trick two he would have led a low club from dummy and ruffed with his queen of trumps just in case there might be a 5-1 club split.

When West followed South would play king and another trump, overtaking in dummy.

Then he would ruff another club; enter dummy with the last trump and discard all his hearts on the last three clubs and wind up with all the tricks.

There is an interesting feature of today's bidding. It is North's immediate raise to three spades. Most players would prefer to rebid the six card club suit but North felt that it was more important to show spade support immediately.

It didn't make much difference this time. We expect that six spades would have been reached anyway but in general we do approve of that immediate raise in preference to the club rebid.

♥♣CARD Sense♠♦

Q—The bidding has been:

West	North	East	South
		1 ♦	Dble
2 ♦	2 ♠	Pass	?

You, South, hold:
♠ K J 6 5 ♥ A Q 4 3 ♦ 2 ♣ A K 9 6
What do you do?

A—Bid three diamonds. You want to suggest a slam without going past game.

TODAY'S QUESTION

Your partner bids three hearts over your three diamonds. What do you do now?

Answer Tomorrow

Jackson Petitioned to Remove Mall

JACKSON (AP) — The City Commission here has received petitions asking for the removal of a shopping mall in the downtown business district.

* * *

The petitions bear 1,500 signatures and are being "preserved" by the commission for further action if nothing is done in the near future. Commissioners offered no hint any action would be taken.

* * *

The mall was financed by local businesses and closed off the main street in the shopping district.

AFT Elects 2

CHICAGO (AP)—Two Detroit area persons have been elected vice presidents of the American Federation of Teachers, AFL-CIO. Patrick Daly of Dearborn and Miss Helen Bowers of Detroit were among 16 vice presidents chosen by 750 delegates of the federation meeting here Wednesday.

Auto Makers Pick AMC Chief

DETROIT (UPI) — Robert B. Evans, recently named chairman of the board of American Motors Corp., has been elected to the board of the Automobile Manufacturers Association.

* * *

Evans' appointment fills a vacancy created by the resignation of former AMC board chairman, Richard E. Cross.

Astrological Forecast

By SYDNEY OMARR

For Friday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 - Apr. 19): Money discussions could prove beneficial, if you attempt to guess or "fly blind" you lose ground. Means check facts to clear air of suspicion. Take initiative. Be frank and stand tall!

TAURUS (Apr. 20 - May 20): Good lunar aspect highlights journeys of the mind. You can now reach out for added knowledge. Be philosophical and attentive. Key is patience, understanding.

GEMINI (May 21 - June 20): Study! ARIES message. Financial matters highlighted. Add to knowledge through reading, asking questions.

CANCER (June 21 - July 22): Check proposals. Be considerate of allies, mate, partner. Public interest in your work is indicated. Think out your plans. Be on best behavior!

LEO (July 23 - Aug. 22): You may now be inclined to talk too much. Means others could pump you for information. Hold back. Be a gentle, perceptive observer. Then tables are turned on one who would trick you.

VIRGO (Aug. 23 - Sept. 22): Recent times have been hectic. Now review future prospects. Don't repeat mistakes. Apologize to person who may have been offended. Highlight love, creative endeavors.

LIBRA (Sept. 23 - Oct. 22): Check security requirements. Be sure you are receiving full benefits. Applies especially to real estate, property holdings. Don't be careless with business matters.

SCORPIO (Oct. 23 - Nov. 21): Friends may provide constructive diversion. Enter into spirit of fun, good will. Be considerate of in-laws. Older individual could come up with good advice. Listen!

SAGITTARIUS (Nov. 22 - Dec. 21): Money decision may depend upon one who is afar. Realize this and plan accordingly. Study LIBRA message. Take nothing for granted. Finish important project.

CAPRICORN (Dec. 22 - Jan. 19): Day definitely calls for initiative. Start things. Shake off lethargy. Outline plans, ideas. Then act on beliefs. Today can be a step UP THE LADDER.

AQUARIUS (Jan. 20 - Feb. 18): Consider individual who has original ideas. It could lead to breakthrough to success. Refuse to fear the unknown. Take positive steps forward with initiative.

PISCES (Feb. 19 - Mar. 20): Friends could be overly optimistic. Be realistic in views. This applies especially to contracts. Check validity of claims. You could be in for surprise. Be realistic.

* * *

IF FRIDAY IS YOUR BIRTHDAY: you are intense, seldom do things halfway. Would make wonderful organizer — are capable of getting things in order — of making sense out of chaos.

* * *

GENERAL TENDENCIES: Cycle high for CAPRICORN, AQUARIUS, PISCES. Special word to VIRGO: Strive for peace of mind. Very necessary to your sense of well-being.

Milwaukee Hearing on Water Pollution

WASHINGTON (AP) — A House government operations subcommittee will conduct a hearing Sept. 16 in Milwaukee on water pollution problems and the area's contribution to pollution of Lake Michigan, Chairman Robert E. Jones, D-La., announced Wednesday.

* * *

This is one of a series of hearings by the subcommittee on pollution problems of the Great Lakes and other water areas.

Hearings concerning Lake Erie and Lake Ontario were held in July and August in Rochester and Syracuse, N.Y. On. Sept. 9, another will be held in Toledo, Ohio.

Romney Asking Social Workers' Salary Increases

GRAND RAPIDS (AP)—Gov. George Romney is asking the Michigan Civil Service Commission to give special attention to social workers' salaries.

Romney told the annual convention of State Social Welfare Boards and Directors that he had asked the commission, now conducting its annual review of state salaries and job classifications, to study the salaries "with a view to securing the most equitable and adequate conditions of employment possible.

* * *

"As their responsibilities increase, as their educational requirements are raised, and as integration of social service activities accelerates, their professional salaries must keep pace," he added.

Last year 7.637 million foreign tourists visited the United States and spent $1.36 billion — an 8 per cent increase over 1964.

PULLING FOR SAFETY — Mr. and Mrs. Raymond Aguilar of Artesia, N.M., hang on to a rescue hope thrown to them in a flooded arroyo at Artesia this week. Their small foreign car floated down the channel for some distance when caught in floodwaters. The couple, terrified but unhurt except for cuts and bruises, was hauled to safety by rescuers.

Viet Election Pits Prestige of LBJ, Ho

By GEORGE McARTHUR

SAIGON, South Viet Nam (AP) — Their names are not on the ballot, but in a way Lyndon Baines Johnson and Ho Chi Minh will be staking their prestige on the way South Viet Nam's election turns out.

The Johnson administration — through Vice President Hubert H. Humphrey — has predicted that 75 per cent of the voters will go to the polls Sept. 11 despite Viet Cong threats. The Viet Cong, by radio scorn and acts of violence, is trying to warn people away from the ballot boxes.

As some of the diplomats in Saigon see it, the United States has put much of its prestige on the line through persistently pushing the elections while the South Vietnamese government was reluctant about them.

Technically, the five million registered voters of the South will have an opportunity to vote Sept. 11 to name an assembly, which will write a new constitution. The assembly will have no other duties and its work will be subject — directly and indirectly — to the dominant influence of the military regime by Premier Nguyen Cao Ky.

QUITE POSSIBLE

It is quite possible, as Ky and the United States insist, that the election will be a genuine step toward the beginning of representative democracy. It is equally possible that it will be viewed in this light by many Vietnamese.

However, two decades of guerrilla war make it questionable that peasant voters generally will disregard Viet Cong threats.

That is what Ho Chi Minh evidently is banking on.

Communist cadres throughout South Viet Nam have received the word from Hanoi and the clandestine radio of the liberation front: Go all-out to harass the electoral processes, intimidate voters and candidates, brand the election an American comedy and Premier Ky as a puppet.

BIG PUSH

The Ky government, on the other hand, has made the decision to push for a big turnout, and to protect the 5,238 polling places. As the election nears, U.S., Korean and Australian military forces will shoulder most of the fighting while about 600,000 South Vietnamese soldiers, militia and police concentrate on the elections.

Analysts feel that the Communists will concentrate their efforts during the campaign period and that election day itself could pass calmly.

* * *

In the cities — which contain perhaps 20 per cent of the voters — the Communists probably will have little success. But in many lightly held areas of the countryside, their threats go a long way.

A few terrorist killings can go farther. The relatively insignificant defeat of a village militia force can have even more effect in the immediate area.

WITHIN CAPABILITY

All this is easily within the capability of Communist forces, which number almost 300,000 organized fighters and more sympathizers.

* * *

Under the circumstances prevailing in Viet Nam, many observers would applaud if even 50 per cent or so voted in genuinely free elections. After all, these people say, any vote at all is an acceptance of democratic processes and as long as a majority favors democracy over communism, there is hope.

If 75 per cent turn out, and if the elections are freely conducted, the Ky government will have scored a significant victory.

Government cadres and propaganda teams are already combing the provinces to stir up enthusiasm. Province and district chiefs have been holding meetings for several weeks. The response thus far has been lukewarm.

* * *

The candidates themselves don't appear to have much vote-getting appeal. Of the 542 now on the ballots — for 108 seats in the constitution-drafting assembly — only a few are well-enough known to stir up much interest.

On Steak, Sausage

Does OK Alone at 101

BOSTON (AP) — George V. Kenyon-Ashendon just turned 101 years old but he insists on living alone and doing his own cooking.

"Steak and sausage — my future is right here," he said at his two-room apartment in Boston's South End.

* * *

He downed eight sausages for breakfast and was preparing chicken wings for dinner.

Ashendon worked around Boston as a freelance photographer until he retired on old age assistance.

State Boy Drowns

GRAND RAPIDS (AP)—A fall from a boat in the Thornapple River near here cost the life of David J. Stahel, 7, of Ada, who drowned.

Average Wife Mysterious, Biggest Puzzle to Husband

NEW YORK (AP) — The biggest puzzle to a husband is his own wife.

Looked at impersonally, the average wife doesn't appear particularly mysterious.

* * *

BOYLE

An ordinary wife, as a matter of fact, doesn't seem very mysterious to any man unless he happens to have wed her himself. It is fairly easy to figure out the other fellow's wife. It's only his own wife that obfuscates a man, be he psychiatrist or bricklayer, stockbroker or bank robber.

INFORMAL POLL

An informal poll of a nondescript group of husbands asked: "What puzzles you most about your wife?" It produced these answers:

"Why she always has to be the first gal at a cocktail party to kick off her shoes."

"Why she wants me to get bifocal glasses but wants contact lenses for herself."

* * *

"Why she only butters the center of our breakfast toast. I like it buttered all over. I've been telling her that for years."

"Why she thinks I should have to give her four weeks' warning if I'm going to bring anyone home for dinner."

LOVE LETTERS

"Why she saves all my old love letters."

"Why she only doles me out six bits for lunch, when everybody knows you haven't been able to get a decent lunch for that in Manhattan since 1942."

* * *

"Why she always makes me lick the stamps for our Christmas cards. The Lord knows she's got as big a tongue as I have — probably bigger."

"Why every time I come home with a stray hair on my coat she wonders out loud if I'm keeping up another woman in a love nest."

ZIP DRESS

"Why I always have to zipper up the back of her dress when we go out in the evening. Single girls seem able to do this by themselves."

"Why she thinks the gal next door got such a bargain in her husband. Anybody in the neighborhood will tell you the guy's a jerk."

* * *

"Why, when we split up the Sunday newspaper, she always demands the section I happen to want to read first."

"Why she thinks she knows how the government could balance its budget when she can't even keep ours in kilter."

EVENING OUT

"Why she'd rather go out in the evening, even to watch a blood transfusion or attend the opening of a delicatessen, than stay home and watch television."

* * *

Yes, mysterious are the ways of wives, but every husband agrees on the one thing that puzzles him most about his particular wife:

"Why she married me in the first place — when, she claims, she had so many to choose from."

Auburn Graduates First Negro Student

AUBURN, Ala. (AP) — Auburn University has graduated its first Negro student in its 116-year history.

Josetta Maxine Brittain Matthews, 23, was awarded a master of education degree in summer commencement exercises yesterday.

* * *

Mrs. Matthews of Montgomery received her undergraduate degree in government from Indiana University last year.

Arms Treaty Conferees to Meet in 1967

GENEVA (AP) — The deadlocked 17-nation disarmament conference went into recess today but agreed to meet again next year.

After calling the talks "fruitless" and "a waste of time" Soviet delegate Alexei A. Roshchin surprised the West by promptly agreeing to a resumption of the negotiations after the end of the next session of the United Nations General Assembly — probably in mid-January 1967.

* * *

The final session ended with East and West blaming each other on the lack of progress during the seven-month session. But delegates from both sides stressed the importance of carrying on with the talks.

Roshchin said the session achieved "no real progress" in any field. He blamed the United States for this and accused America of viewing any disarmament measure "in terms of potential military and political advantages."

GOP Nominee Too Democratic

NASHVILLE, Tenn. (AP) — Von David Hessa of Nashville has been stricken from the list of Republican nominees for the state legislature because he voted in the Aug. 4 Democratic primary.

The state Republican Primary Board refused Wednesday to certify Hessa, who was unopposed for the nomination. He had received only two votes.

Prices Mixed

Stock Market Rally Falters

NEW YORK (AP) — The stock market rally faltered on its second day and prices were mixed early this afternoon in routine trading.

Glamor stocks resumed their market leadership at the start but the list reached its peak in a halfhour. The trend was downward from that point on.

By noon, the New York Stock Exchange index was unchanged after showing a 19-cent gain at 10:30 A.M. (EDT).

Analysts showed no enthusiasm about the character of the rally, saying it was technical and based on no change in the economic and financial factors which were blamed for the 205-point drop in the Dow Jones industrial average from its February peak.

AIRLINES LOWER

Airlines erased early gains and most were lower. The same applied to electronics, office equipments, electrical equipments and photographic issues.

Tobaccos and Big Three motors held small gains.

The Dow Jones industrial average at noon was off .11 at 799.44. At the end of the first half hour it was up 3.90 at 803.45.

Prices turned mixed on the American Stock Exchange. Trading was moderate. Off about 2 were National Video and Solitron Devices. Down a point or so were Xtra Inc., TWA warrants, Conductron and Duval. Up a point or so were Struthers Wells, Wilson Brothers, Anderson Electric and Dorr-Oliver.

Auto Dealers Report Losses

Confident of Boom for 1967 Model Lines

DETROIT (AP) — New car dealers made less money in the first half of 1966 than they did a year ago but most of them remained confident business would boom again when the new 1967 models are shown.

The National Automobile Dealers Association said its 22,000 member dealers chalked up an average profit of $114, or 2.4 per cent, for each new car sold in the opening six months of 1966.

* * *

It compared with the $121 margin, or 2.6 per cent, which the dealers made in the first half of 1965.

The 2.4 per cent was the lowest opening six months profit margin since 1959 when it was only nine-tenths of one per cent. The highest profit point in recent years was the 3.1 per cent showing in the opening half of 1955.

CONFIDENT

Paul Herzog, director of research for NADA, said dealers, many of whom already have seen the 1967 car lines, were "unquestionably confident as they look ahead to the new model year."

Herzog said one of the most satisfying aspects of the auto sales picture from an NADA standpoint was the progress that had been made in chopping into a new car inventory that stood at the 1.7 million mark Aug. 1.

"I feel that the auto inventory situation is much better than it was a year ago," he said.

NADA said 10.4 per cent of its dealer members reported an operating loss in the first six months of this year compared with 8 per cent in the corresponding period a year ago.

CUT EXPENSES

Dealers, who are expected to wind up this year with about 8.3 million sales compared with 8.7 million a year ago, kept their profit margin at a fairly high level by cutting expenses.

NADA said some dealer costs had gone up over a year ago. These included salesmen's salaries, employes' bonuses, local advertising, insurance costs and preparation and delivery charges on new cars.

Bank Ups Interest on Time Deposits

Birmingham Bloomfield Bank announced today the payment of 5½ per cent annual interest on time deposits.

The new guaranteed bank rate, which is the highest permissible under federal and state banking regulations, will be paid on time deposits of any amount over $1.

Thomas H. Wagner, Chairman of Birmingham Bloomfield Bank, said the new 5½ per cent time savings deposit rate would become effective immediately and will be payable on maturities from six months to one year.

All time deposits are insured to $10,000 by the Federal Deposit Insurance Corp. and are available at all five offices of Birmingham Bloomfield Bank, or may be ordered by telephone or by mail.

But Car Borrowing Won't

Home Loans May Ease

By SAM DAWSON
AP Business News Analyst

NEW YORK — If you're in the market for a new car, it may cost you a bit more. But if you're looking for someone to finance your purchase of a new home, it may be a bit easier this fall.

DAWSON

In both cases the key is tight money — rising interest rates in one segment of auto financing, but government largesse for the tightly squeezed mortgage market.

Tight money also is blamed this week for diverting still more investors from the stock market.

And the rising interest rates are being felt by businessmen having more trouble to get a bank loan to finance their fall business inventories — and paying more for the loan when they land it.

* * *

The auto industry will be caught up in the credit squeeze next week as some finance companies and banks hike the interest charges on loans to car dealers for carrying inventories of new cars.

HIGHER PRICES

The costlier loans won't add much to what dealers already pay for such financing, but many are expected to pass along the added amount to their customers in higher prices on the new models.

The dealers now pay 6 per cent for most such loans. Next week some finance companies will change 6¼ per cent and some banks 6½ per cent.

These loans allow the dealer to carry the new car until he can sell it. The length of time he has the unsold car in stock determines how much this charge adds to his cost of doing business — and to the price the customer will pay.

With the finance companies, the added interest charge is blamed on tight money. They have to pay investors more for funds to lend to the dealers, so they are going to charge dealers more.

But some suspect the banks have a different reason for raising the charge even higher than did the finance companies. The banks can usually get more than 6½ per cent these days for other types of loans to business.

DISCOURAGING DEALERS

Some contend the banks are really interested in discouraging car dealers from borrowing at a time when lendable funds are scarce, when banks are paying higher interest rates to savers to get funds to lend, and when they can get a bigger return from other kinds of loans for which the demand is still rising.

In the housing market, the trend is the other way this week. The idea is to make borrowing easier, if possible, rather than, more costly.

Congress is moving toward pumping $4.7 billion into the mortgage market, badly disrupted of late by a credit squeeze.

Congress will do so by letting the Federal National Mortgage Associaion — Fannie Mae — make up to billion dollars in direct purchases of mortgages of less than $15,000 each.

Half of the money would come direct from the U.S. Treasury and the other half from the President's emergency fund.

HIKE CEILING

Fannie Mae's borrowing authority also would be increased by $3.7 billion. This would let the government agency buy more government-insured mortgages from private lenders.

In theory at least, these money-short lenders would thus have funds once more. And they could use the money to lend on new mortgages.

It wouldn't necessarily follow that interest rates on the new mortgages would reverse their recent rising trend just because there's a bit more available for loans.

Nor would the huge conventional mortgage market be affected, except indirectly. These are mortgages which aren't government-insured or subject to government regulations as to size or building specifications.

Tight money probably will thus continue to be a factor — in the housing market, in new car purchases, in business and consumer borrowing of most types, and in the stock and bond markets.

But the tight money situation will continue to change — up and down — as people suffer from it, or profit by it.

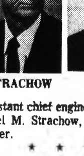
Engineer Firm 'Going Latin'

To Be Represented in Two Trade Missions

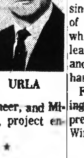
A Waterford Township firm of engineering consultants, Johnson & Anderson, Inc., 2300 Dixie Highway, will participate in two engineering trade missions to Latin America next month, Clair L. Johnson, president, announced today.

The trade missions are being conducted by the Consulting Engineers Council, a national organization of engineers in private practice, and the U.S. Department of Commerce.

Representing Johnson & Anderson will be Joseph L. Urla, assistant chief engineer, and Michael M. Strachow, project engineer.



STRACHOW



URLA

* * *

Both will leave Washington, D.C. Sept. 13, following a day's briefing by the Department of Commerce.

THREE WEEKS

Urla, 41, of 2175 Parkinson, Waterford Township, will spend three weeks in Central America, visiting Guatemala, Honduras, Nicaragua, Panama, Colombia and Mexico.

Strachow, 58, of Flint, will visit Venezuela, Brazil, Argentina, Chile, Peru, Ecuador, Colombia and Mexico during a similar period.

Purpose of the trade missions is to inform Latin American communities and business interests of engineering services available from this country. Countries being visited are known to have great potential for economic development.

* * *

Both Urla and Strachow are registered engineers. They speak Spanish fluently.

MISSION TO INCLUDE

The mission to Central America will include representatives of eight consulting engineering firms. Seven firms will be represented in South America.

Upon their return to the United States Oct. 4, a day of evaluation will be held at the University of Colorado Memorial Center at Boulder, Colo., in conjunction with the opening of the Third Institute for International Engineering sponsored by the university, the Department of Commerce and Consulting Engineers Council.

Successful Investing

By ROGER E. SPEAR

Q) My husband and I have been accumulating the stock of American Telephone and Telegraph. We have built our holdings up to 600 shares. In the last year or so the stock has come down 15 points a share. Should we diversify? If so, please name a better-yielding issue or another growth stock." C.L.T.

A) No matter how good the record, nor how promising the outlook, I am a firm believer in diversification. American Telephone is an old reliable but has been hurt by FCC investigation of its rate structure, and the public's shift of interest away from this type of stock and money rates. Cut your holdings, switching to Indianapolis Power for better yield and Plough, Inc., for growth.

* * *

Q) "My husband, because of health, will be forced to take early retirement at 55. In a few years I too will have to stop work and our income will be sharply curtailed. I have been pleased with the long-term performance of Minnesota Mining, which I own, but I am rather skeptical regarding both Ampex and Pan American Sulphur. We want to eventually increase our income for coming retirement." L. C.

A) You have a good stock in Minnesota Mining and Manufacturing. Payments to stockholders have increased every year since 1958. Long-term records of the other two companies, while satisfactory, nevertheless leave something to be desired, and in the case of Ampex, it has yet to pay a dividend.

For growth and gradually rising dividends over the years, I prefer FMC, Idaho Power and Winn-Dixie.

Winkelman, Inc., Reports Record Earnings, Sales

Winkelman Stores, Inc., has reported its earnings and sales set records in the second quarter and first six months.

Earnings increased 19 per cent in the second quarter to $275,818 or 28 cents per share against $232,514 or 24 cents per share in the second quarter of 1965.

Second quarter sales were 9 per cent higher totaling $8,540,841 compared to $7,819,733 in 1965.

First half earnings advanced 21 per cent to $417,373 or 43 cents per share from the previous high of $344,237 or 36 cents per share in the first six months of 1965.

Sales in the half increased 12 per cent to $16,100,826 from the previous record of $14,396,190 a year earlier.

Treasury Position

X—Includes $266,2[illegible] debt not subject to statutory limit.

Man Kills Two, Then Himself

NEW YORK (AP) — A man shot and killed a man and a woman high in a midtown office building today, and then fatally shot himself with his own gun, police said.

"A man went berserk and started shooting up the joint," said a policeman at the scene, the top floor of a 48-story office on Broadway just south of Times Square.

The shootings occurred in the offices of the Master Truckmen of America, and first police reports had said a man had killed a woman, wounded another and then killed himself.

Large crowds gathered outside the building at 1450 Broadway, on the northern fringe of the crowded garment center.

* * *

The victims were tentatively identified as Lawrence Berman, 53, an official of the firm, and Paula Berman, his daughter-in-law and secretary.

Police said the man who allegedly shot the two was James Rubertone, 61, apparently an employe of the company.

News in Brief

Hubert Baker, 44, of 356 N. Cass reported to Pontiac police yesterday the theft from the front of his home of a spray gun and compressor tank valued at $100.

Mrs. Thomas Moffat of 4369 Forest, Waterford Township, reported to township police yesterday the theft of water-skiing equipment, valued at $40, from a dock by her home.

1,200 Demand Pay Raise in Chrysler Demonstration

DETROIT (AP)—More than 1,200 skilled United Auto Workers demonstrated Wednesday in front of Chrysler Corp. headquarters to promote their demands for an immediate $1 an hour raise.

* * *

The parade of workers grew from 100 to more than 1,200 over four hours as the UAW members expressed displeasure with rejection of union requests to reopen labor contracts and negotiate pay hikes for the skilled workers.

* * *

The Big Three auto firms—Chrysler, General Motors and Ford—Monday turned down the UAW requests to reopen contracts to bargain over demands for at least a 50-cent hourly increase. The pacts will expire Sept. 6, 1967.

ORDERLY

The demonstration was orderly.

Auto plants reported no large-scale absenteeism of skilled workers, and skilled trades leaders said this was because they had restrained workers from stopping work to demonstrate. Most paraders apparently were off duty.

* * *

Workers carried signs reading: "No Dice, Like Hell" and "A Dollar Now."

A sign carried by John Muehoff, a General Motors Fisher Body plant employe, said:

"Walter (Reuther) Come to Detroit and Give Skilled Trades Your Answer."

* * *

Reuther, who has been in Chicago attending a meeting of the AFL-CIO Executive Council, was expected to return to Detroit today or Friday to meet with heads of the UAW's auto company departments.

* * *

A union spokesman said Reuther would meet with the other union officials to "review what has happened." The UAW's 26-member executive board, ruling body of the union, also is expected to consider the situation when it meets Sept. 7.

Union Asking 24-Cent Hike

Cost of Living Boost Is GE Workers' Goal

NEW YORK (UPI) — A 24-cent-an-hour cost of living increase was the major point of contention yesterday at contract negotiations between the General Electric Co. and two unions which represent 92,000 of its 258,000 employes across the nation.

* * *

The unions — International Union of Electrical Workers, AFL-CIO (IUE), and the Independent United Electrical Workers (UE) insisted the increase was necessary to make up cost of living losses during the past six years.

The UE began negotiations a week ago and the IUE joined in Tuesday.

The company allowed the IUE into the talks "under protest" and said it would continue its objection to a court ruling allowing representatives from other unions to sit on the IUE negotiating committee as nonvoters.

* * *

The cost of living increase demand was the IUE's.

GE said union demands were "farther away from reality than ever before," and has contended the negotiating committee wants to strike after GE contracts with eight unions expire shortly after Oct. 2.

Wife, Son to Pinch-Hit for Williams

GROSSE POINTE FARMS (AP)—Nancy Williams says she and her son, Gery, will take over some of the campaign duties of her husband, G. Mennen Williams, while he is recuperating from a kidney stone operation

Mrs. Williams held a news conference Wednesday at the family's home in Grosse Pointe Farms, a Detroit suburb. She announced that she and their 25-year-old son will substitute for Williams at some of the functions he had planned to attend in his campaign for U.S. Senate.

Saying "Soapy is a very good patient," Mrs. Williams reported the former six-term governor is "doing beautifully" and should be released from a hospital this weekend.

Williams, Democratic nominee for the Senate, underwent surgery to remove six stones from his kidney last Friday.

Mrs. Williams said it will be mid-September before her husband is able to campaign against Republican Sen. Robert P. Griffin.

President Johnson sent Williams a get-well telegram and a bouquet of apricot-colored carnations, she said.

Mrs. Williams said her husband also received letters from Sen. Robert Kennedy, D-N.Y.; Vice President Hubert Humphrey, FBI Director J. Edgar Hoover and a number of leaders of African nations. Williams was assistant secretary of state for African affairs for five years until he resigned to run for the Senate.

Hail Provides a Duck Dinner

WELLINGTON, Kan. (AP) — Large hailstones which pounded this area during a recent storm provided a meal for Ernest Phillips.

After the storm subsided, he found a dead wild duck on his front lawn. Upon examination it was evident that the bird had been fatally pelted with a hailstone as it was flying.

$1,100 Taken From Bar Safe

The theft of $1,100 last night from a safe at the Stadium Inn Bar, 352 Oakland, was reported to Pontiac Police.

Clifford Alderson, owner of the tavern, said the money was taken from the office of the building some time between 7:30 and 11:30.

Police said entry to the office had been gained by smashing open a basement door.

AP Wirephoto

CAMPAIGN KICKOFF — A Catholic children's group does a stick dance and girls in background carry a banner as the South Vietnamese government stages a colorful ceremony in front of the Saigon city hall to kick off election campaigning in the capital. The campaigning is primarily a government effort to stir interest among the Vietnamese in the Sept. 11 constituent assembly election.

Deaths in Pontiac, Neighboring Areas

Mrs. John Bublitz

ROMEO — Service for Mrs. John (Olga) Bublitz, 67, of 189 Tillson will be 1 p.m. Saturday at St. John's Lutheran Church. Burial will be in Cadillac Gardens East Cemetery, Fraser, by Roth's Home for Funerals.

Mrs. Bublitz died yesterday after a long illness.

Surviving besides her husband are a daughter, Mrs. Gertrude Smith of Royal Oak; a son, Walter of Lapeer; two sisters; three brothers; and seven grandchildren.

Samuel Jones

Service for Samuel Jones, 65, of 183 Osmun will be 1 p.m. Monday at Macedonia Baptist Church with burial in Oak Hill Cemetery by Frank Carruthers Funeral Home.

Mr. Jones, a night watchman at the Elks Temple, died Monday after a short illness.

He was a member of Messiah Baptist Church.

Surviving are his wife, Willie; three daughters, Mrs. Joe Hodge of Pontiac, Mrs. Issiac Blake of Detroit and Mrs. Arthur Branner of Chicago; one son, Samuel Jr. in the U. S. Navy; five sisters; and two brothers.

Mrs. Hugh McFarlane

MILFORD — Service for Mrs. Hugh (Charlotte) McFarlane, 83, of 334 W. Huron will be 1 p.m. Saturday at Richardson-Bird Funeral Home. Burial will be in Oak Grove Cemetery.

Mrs. McFarlane died yesterday after a long illness.

Surviving are two sons, Maynard of Milford and Oliver of Newark, Ohio; a daughter, Mrs. Earl Vradenburg of Milford; 14 grandchildren; and 26 great-grandchildren.

Baby Girl Pifer

WHITE LAKE TOWNSHIP — Service for baby girl Pifer, daughter of Mr. and Mrs. Warren Pifer, 8770 Gale, was to be 10 a.m. today at Huntoon Funeral Home, Pontiac. Burial will be in Perry Mount Park Cemetery.

The baby was dead at brith Tuesday.

Surviving besides her parents are her grandparents, Mr. and Mrs. Jack Pifer of Davisburg and Mr. and Mrs. Elmer Malinkey of Utica, and a sister; Annette at home.

To Solve Mutual Problems

Intercounty Council Approved

Representatives of Oakland and five other southeast Michigan counties yesterday gave preliminary approval to establishment of an intercounty governmental coordinating council.

The representatives, all members of the Supervisors Inter-County Committee, agreed to present the council concept in the future to their respective boards of supervisors.

Purpose of the council would be to find solutions to mutual problems in Oakland, Wayne, Macomb, Washtenaw, Monroe and St. Clair counties.

* * *

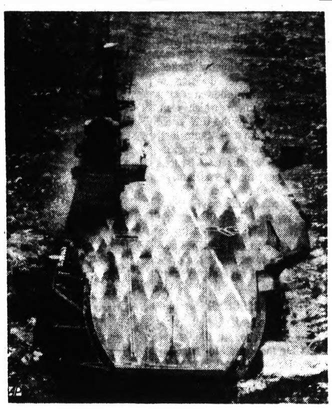
It also would aim at saving money by cooperative buying of items used by the 400 communities in the six-county area.

TOTAL BUDGET

Total budget anticipated for operation of such a council is estimated at $250,000.

Oakland County's share would be between $35,000 and $40,000.

Resolutions favoring the council's establishment will be sought from each board of supervisors, however a favorable resolution would not bind that county to join the unit, the Metropolitan Council of Governments.



FORE AND AFT—The British carrier H.M.S. Hermes sprays water on her flight deck during a nuclear fall-out cleanup exercise while steaming through home waters.

Man Guilty of Assault in Firing of Rifle

A 36-year-old man, accused of firing a rifle through the front door of a Waterford Township home July 20, pleaded guilty to a reduced charge of assault and battery at his examination yesterday before Township Justice Patrick K. Daly.

Eugene Sylcox of 6364 Wilson, Waterford Township, will be sentenced on the misdemeanor Sept. 10.

He had stood mute at his arraignment July 21 on a felonious assault charge.

Sylcox fired a bullet through the door of the home of Mr. and Mrs. James D. Russell, 5764 Strathdon Way, according to township police.

Sylcox' wife, Maxine, was staying with the Russells. No one was injured.

Crash Injures Milford Cyclist

Listed as Fair After Collision in Wixom

A Milford man, Andrea J. ArthurMeunier, was in fair condition at Botsford General Hospital, Farmington, this morning with injuries received in a truck-motorcycle collision yesterday afternoon in Wixom.

The mishap occurred at 2:50 p.m. on Wixom Road in front of the Ford Motor Co. Lincoln plant.

Wixom police said a pickup truck, driven by James R. Meroney, 39, of Detroit, was making a left turn off of northbound Wixom Road into the plant parking lot.

ArthurMeunier of 1120 Garden, was southbound on Wixom on his motorcycle.

He was thrown into the truck's windshield, according to police. He was admitted to the hospital with a broken pelvis, a dislocated and broken arm and head lacerations.

Rifle Accident Injures Youth

Struck in the head yesterday when a 22-caliber rifle accidentally discharged, an Oxford Township youth is listed in fair condition today at St. Joseph Mercy Hospital.

John R. Hill, 19, of 518 E. Drahner was injured when the gun, being unloaded by a companion, went off about 4 p.m., Oakland County Sheriff's deputies were told.

Roger Miller, 19, of 866 Glaspie, Oxford Township, told deputies he, Hill, and a third youth had been "shooting rats" in a field near M24 and Ray north of Oxford prior to the mishap.

* * *

Miller said he and Hill were in a car preparing to leave when Miller began unloading Hill's automatic rifle. Miller said the gun went off as he held it.

* * *

A hospital spokesman described Hill's injuries as soft-tissue scalp wounds.

Thief Takes Hidden $215

A thief who broke open a screen door and smashed a rear door window took $215 early yesterday from a Pontiac firm, it was reported to Pontiac police.

* * *

Lawrence Taylor, proprietor of the Pontiac Window Shade Shop, 381 Orchard Lake, said he discovered the break-in when opening for business yesterday.

* * *

Taylor said the money was taken from a hiding place inside a large roll of linoleum.

Kidnaping Details Are Withheld

BERLIN (UPI) — West Berlin police yesterday clamped a tight blackout on the mysterious kidnaping of a 4-year-old Canadian girl from the home of her German grandparents.

Details of their investigation into the case were being withheld for fear the girl, Audrey Klewer, might be harmed. A note demanding $8,750 ransom warned the child would be killed if police or press was informed.

According to the mother, Regina Klewer, the girl was abducted at 2 a.m. Monday from the suburban home of her grandparents shortly after the two arrived from Montreal.

* * *

Police had few clues to work on and they did not disclose those they did have.

IN THE DARK

They appeared to be in the dark on the indentity of the man the mother said entered her bedroom, bound and chloroformed her and took Audrey.

If they knew the identity of the kidnaper no public alarm was sounded for him. The kidnaper left a note in flawless German demanding a ransom of 35,000 marks.

Some aspects of the case mystified investigators.

* * *

The German-born unmarried mother and her daughter arrived here by plane, Saturday and the daughter was kidnaped a few hours later. Police wondered how the kidnaper heard the arrival so quickly.

TWO-STORY VILLA

Nor could police determine how the kidnaper got into the two-story villa in the American sector's Wannsee District near the East German border.

All the windows were barred and there was no sign of a forced entry.

May Trigger New Debate

Salvage Plan to Stall Draft of Some 1As

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara plan to "salvage" for military duty 100,000 men previously rejected is going to delay the drafting of some men now classified 1A.

And it may trigger yet another round in the continuing congressional debate over the fairness of the Selective Service System's method of choosing who will be drafted.

In addition, some government authorities said the McNamara plan obviously meant that deferred college students would be even less vulnerable to the draft than they are now —another sore spot with congressional critics.

Elaborating on the plan to bring mentally and physically disqualified men up to military fitness standards, defense manpower officials said yesterday that:

Thirty per cent of the men to be drafted or accepted as volunteers will be Negroes. This compares with 10 per cent who are Negroes among all the men now taken into service.

- The rate of washouts — those who fail to get through basic training — is expected to be not more than 15 per cent for the substandard men. This compares with 1.5 per cent for the Army as a whole.
- The previously disqualified men will come very close to meeting the lowest mental standards now required of enlistees and draftees and will go through the same training centers. They will receive special training as necessary.

SIX CATEGORIES

Asked about the effect of the program on the selective service system's present order of call for men classified 1A, a Pentagon manpower expert said, "People in the lower orders of call will not be reached as fast."

There are six categories of 1A registrants, eligible for call in this order: delinquents who fail to follow registration procedures; volunteers for induction through selective service; 19 to 25-year-olds who are single or were married after Aug. 26, 1965; 19 to 25-year-olds who were married before Aug. 26, 1965 and are not fathers; 26 to 34-year-olds, and 18½ to 19-year-olds.

In the 12 months ended July 31, the armed forces took in 867,000 men — 530,000 enlistees and 337,000 draftees.

* * *

On that basis, the group McNamara now proposes to rehabilitate, would comprise a considerable portion of all men entering service

But they will be a part of — not an addition to — the total intake. Hence, the likelihood is that certain men classified 1A and college students will be drafted later than previously, or not at all.

Ford to Add 3 Luxury Cars to 1967 Lines

CLEVELAND, Ohio (UPI) — Lincoln-Mercury Division of Ford Motor Co., will add three new luxury cars in addition to the sporty Cougar to its product line for 1967, a Ford executive said yesterday.

Paul Lorenz, Ford vice president and general manager of Lincoln-Mercury, said the new models, reaching the upper levels of the medium-price field would include a Mercury Marquis, a Brougham, and a Caliente Grande.

He said the Marquis, Brougham and the current Park Lane series will be equipped with disc brakes as standard equipment, and feature a ventilation system called the most advanced in the world.

The Mercury Marquis will be a luxurious hardtop, the Brougham super luxury four-door in hardtop and sedan models, and the Caliente Grande will be a luxury model in the intermediate Mercury field.

Lorenz disclosed the new models in a preview here for dealers and salesmen.

GM Vehicle Sales Below Period in '65

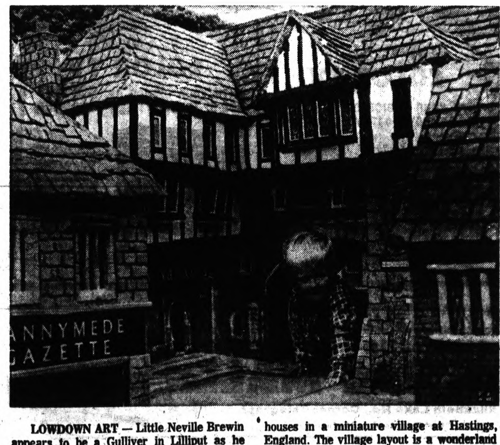
Sales of new passenger cars and commercial vehicles by General Motors Corp. dealers in the United States totaled 121,276 units during the second 10 days of August, H. E. Crawford, vice president in charge of the marketing staff, announced today.

Total sales in the corresponding period last year were 131,892 units.

* * *

This year's total included 102,463 passenger cars compared to 111,600 in the same period of 1965, and 18,813 commercial vehicles compared to 20,282 sold a year ago.

New vehicle sales in the first 20 days of August totaled 240,105 units, compared to 250,642 in the corresponding period a year ago.



LOWDOWN ART — Little Neville Brewin appears to be a Gulliver in Lilliput as he crawls through passage between two old-style houses in a miniature village at Hastings, England. The village layout is a wonderland from Britain's past for all children.

Station Attendant Robbed in Pontiac

A young gas station attendant told Pontiac police he was robbed of $100 early today by two men who came into the station and told him, "This is it — if you move."

Ken Willitt, 21, an employe at the Clark Gas Station, 157 Auburn, said one of the men brandished an apparently hard object covered by a handkerchief.

After threatening him and taking the money, Willitt said, the men fled down an alley toward Central.

Tactics Changed

SAN FRANCISCO (AP) — A drunken bandit robbed the Sir Francis Drake hotel here of $1,200.

Two weeks later the same bandit held up the same cashier, bell boy and desk clerk and got off with $770. This time, he was cold sober.

COSTLY HAIRDO—London-based sculptor Charles de Temple, son of late cowboy star Tom Mix, hammers in gold nails representing hair for the finishing touch on a futuristic mask. The sculptor works only in gold, an art form little used since the heydey of Renaissance Italy's craftsmen.

Youth Guilty in Entry Case

A 17-year-old Waterford Township youth, originally charged with attempted breaking and entering of the Drayton Speedway, 4470 Dixie, Monday pleaded guilty to a reduced charge of entering without permission at his examination yesterday before Township Justice Patrick K. Daly.

* * *

Olvis O. Harville of 2291 Newberry will appear before Daly Monday for sentencing. The charge is a misdemeanor.

* * *

Harville was captured by township patrolman Daniel Coakley who said he saw the suspect running from Drayton Speedway while on a routine building check.

Israel Starts to Refloat Boat

Clash With Syria Left Craft Stranded

JERUSALEM, Israel Sector (AP) — Israel today began refloating a police boat stranded in the Sea of Galilee Aug. 15 after a clash with Syrian planes, an Israeli spokesman reported.

The Foreign Ministry spokesman said Israel's decision to refloat the craft followed a last-minute agreement which Gen. Odd Bull, head of the U.N. truce supervision organization, reached in a week of negotiations with Syrians and Israelis in Damascus and Jerusalem.

* * *

The spokesman said Israel was prepared to pull out the boat Wednesday night "with or without Syrian consent, because of the need to maintain the principle of Israel sovereignty over the lake."

ACTION POSTPONED

But, he added, Israel postponed this action at Bull's request for more time for negotiations. He said Israel agreed to wait in "order to avoid any bloodshed in view of the tense situation in the area."

In Damascus, a government spokesman said the Syrian Army has recovered a MIG fighter which fell into the sea during the clash.

* * *

The spokesman said the Syrian Army also had recovered the body of the plane's pilot, Lt. Ghazi Wazwai, who was given an official funeral last Friday in his hometown of Homs, Syria.

In Beirut, Lebanon, the newspaper Al Bayraq said the recovery of the plane was carried out at midnight Tuesday by 12 Syrian frogmen.

Senate Nixes Further Funds for 'Mohole'

WASHINGTON (AP) — The Senate has voted against authorizing $19.7 million in further funds for Project Mohole, a scientific program which called for drilling through the earth's crust in the Pacific.

The House voted last May to refuse funds for the project. President Johnson asked later that the funds be restored to an appropriations measure for various federal agencies.

* * *

Last Thursday, the House rejected the Mohole money for the second time. The Senate, in a vote Wednesday, also refused to authorize the funds.

During last week's House debate, Rep. Donald Rumsfeld, R-Ill., said the top contractor for the Mohole project and his family had contributed $25,000 to the President's Club, a Democratic fund-raising organization.

EXPECT CHARGES

Asked about this at his news conference Wednesday, President Johnson said: "We can expect to have political charges of this kind until November. They usually come from the party that has been strongly rejected by the people."

Judge's Gavel Breaks Case Wide Open

MOUNT PLEASANT (AP) — A judge's gavel broke the case wide open yesterday.

After Judge Russell D. Otterbine of Mount Pleasant Municipal Court asked a witness to produce records in a larceny case, the witness found they were in his briefcase.

The case was locked. The witness, William Dempster of Linwood, said he had no key and tried unsuccessfully to pry open the case.

* * *

A couple of policemen tried and so did Judge Otterbine.

POPPED IT OPEN

Finally, State Police Detective Jim Mull grabbed the judge's gavel and banged on the briefcase, popping it open.

Testimony — with all records in hand — was to resume on schedule today.

Uruguay Moving Back Toward Presidential System

MONTEVIDEO, Uruguay (AP) — Uruguay, plagued by economic troubles, has taken the first step to restore the presidential system it abandoned 15 years ago in favor of a nine-man ruling council.

A joint session of Congress Wednesday night adopted a compromise bill putting the question before the people in the Nov. 27 elections. Over 800,000 of the country's 2.6 million persons have signed petitions asking for the dropping of the council system.

The proposed constitutional amendment must receive more than 35 per cent of the total registered vote to become effective. There are about 1.4 million eligible voters.

Alberto Heber, president of the council and a major backer of the change, has termed the council "more a debating society than an executive body."

'GOLF COURSE'

"This is a small country, it's really a big golf course. There's no need for having nine men instead of a single president," he said.

Other critics contend the present form of government is too slow and unwieldy. The appointment of a food-price inspector for example, is liable to take weeks, they say.

GRID CAMP OPENS — University of Michigan head football coach Chalmers 'Bump' Elliott (left center) has a word for the players as the squad gathered yesterday to open fall practice sessions at Ann Arbor. Michigan started practice a week in advance of other Big Ten schools because classes start Sept. 1.

Healthy Detwiler Holding Key to 'M' Grid Fortune

ANN ARBOR (AP) — Bump Elliott doesn't intend to wait too long to find out just how much help Jim Detwiler is going to be to the Michigan football team this year.

In fact, the head coach said Wednesday that he would have a pretty good idea within the next seven days.

The Wolverines staged their annual press photographers day Wednesday and opened fall practice with the first double session today. The twice daily sessions will continue until school opens Sept. 1.

"If Detwiler is sound—and the doctors say he is—it will go a long way in solidifying our backfield," Elliott said. "We have Carl Ward at one half and Dave Fisher at full, so a healthy Detwiler will help a lot."

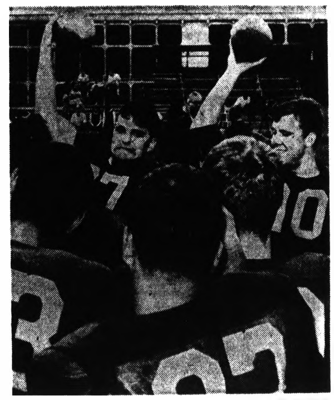
Detwiler, a senior from Toledo, played a total of only 34 minutes in the first three games last year before he was sidelined by a knee injury. He underwent surgery but missed active spring practice.

He started at left half in 1964 and played 263 minutes while playing all 10 games. Detwiler scored three touchdowns, gained 282 yards for a four - yard average and caught 10 passes for 184 yards and two touchdowns.

Detwiler took a pass from Bob Timberlake and scored the game - winning touchdown against Ohio State to give the Wolverines the Big Ten title and the Rose Bowl berth.

Ron Johnson, a sophomore from Detroit Northwestern, is listed as the second team left half in back of Detwiler.

Junior Ernie Sharpe, who gained 73 yards in 18 rushes and caught four passes for 62 more yards while acting as the swing man in the backfield last year, is another possibility.



AP Wirephoto

AFTER QB JOB — Chief candidates for the quarterback post at the University of Michigan this fall are Dick Vidmer (left) and former Walled Lake star John Thomas, both juniors. The two started their battle for the job as the Wolverines opened practice yesterday at Ann Arbor.

Practice Pays Off for Freehan

Bill Triggers 6-2 Tiger Win Over Chisox

Catcher Gets Homer, Double; Mickey Lolich Collects 13th Victory

DETROIT (AP) — No one works harder at improving his hitting than Bill Freehan and the extra hours of practice may finally be paying off for the injury-plagued Tiger catcher.

Freehan hit his first homer since July 9 to trigger a four-run rally and later added a double as the Tigers downed the Chicago White Sox 6-2 Wednesday night.

Two years ago, Freehan would arrive at the Tigers spring training camp an hour earlier than the rest of the team and take some extra practice in the batting cage.

SIDELINED

But he was sidelined with a back injury before the start of the season and this year has been hampered by numerous injuries, including a bruised hand.

"Freehan hasn't been able to sting that ball too much because of that hand injury," Manager Frank Skaff said. "But it was nice to see him stroking that ball again."

Mickey Lolich pitched the first six innings before retiring with a finger blister that developed three starts ago and Orlando Pena came on to preserve the lefthander's 13th victory and sixth in seven decisions since the All-Star game.

"It started to blister a while back, then developed into a blood blister and kept getting tender," Lolich explained. "I didn't want to take a chance in hurting my arm."

Freehan's homer and some heads-up play by Mickey Stanley highlighted the Tiger rally.

Stanley walked following Freehan's homer, went to second when Bill Skowron muffed Tommy John's pickoff throw and stole third after a walk to Dick McAuliffe when the White Sox left the bag unprotected while looking for a bunt from Lolich.

Stanley scored on Lolich's slow bounder—catcher John Romano dropping Skowron's toss to the plate — and the other runs scored on singles by Don Wert and Jerry Lumpe.

SPORTS

Lions to Face Cowboy Rollout

The Cowboy Rollout isn't the Texas version of Roll Out the Barrel, it's the offense which the Dallas Cowboys have used in posting a 3-0 record in pre-season NFL games to date.

The Lions will get their first look at the Cowboy Rollout primarily under guidance of quarterback Don Meredith whose rollouts counter the scrambling of Minnesota's Frank Tarkenton.

Meredith is the No. 1 signal caller for the Cowboys but sophomore Jerry Rhome may get most of the duties against the Lions in Tulsa, where he set numerous collegiate passing records at Tulsa U.

The Cowboys, strong choices in the Eastern Division of the NFL, have conquered three Western Division foes including the 21-3 triumph last weekend over Green Bay, the Western favorites.

Meredith is pleased with the new rollout offense he used but has indicated preference for the standard-T offense.

* * *

"The rollout offense limits the passing game. Of course it limits what the defense can do. For a more varied passing game I would prefer the basic offense," he said.

REDUCES PRESSURE

Meredith admits that the main theory of the rollouts is to reduce the pressure of the defensive line, and as current statistics indicate, the Lions defensive line has been effective in stopping running plays.

Opponents have piled up 427 yards passing and only 204 on the ground including just one rushing touchdown.

* * *

Offensively, it will be somewhat of a homecoming for halfback Amos Marsh who played four years with the Cowboys and still is the holder of some Dallas records including a 101-yard kickoff return and an 85-yard pass play as receiver for a touchdown.

His yards-gained statistics show 2,155 yards rushing, 1,011 as receiver and 1,170 on kickoff returns during his four years at Dallas.

The game Saturday night from Tulsa Stadium will kickoff at 9:00 p.m. with TV on Channel 2.

Soccer Group Says Don't Switch Loops

LONDON (AP) — The English Football Association confirmed Wednesday it has warned all English players against taking part in the new National Professional Soccer League of North America.

A spokesman said:

"A circular letter has gone out to all our clubs, warning that players who compete in this league are liable to permanent suspension.

"This is in accordance with the advice given by the United States Football Association (USFA), which has said that the new league is outside its jurisdiction."

Several British soccer stars and coaches have gone to New York to discuss jobs in the new league.

They include Phil Woosnam of Aston Villa and a former Welsh international, former Scottish international Willy Waddell and Ron Gray, former manager of English League's Milwall club.

FOLLOW LINE

The FA spokesman said his organization merely had followed the line taken by the World Soccer Federation (FIFA).

The spokesman said the USFA wrote to FIFA, calling attention to the new league which, it said, was not affiliated to it. The letter said that the North American Soccer League, run by John Kent Cooke was recognized by the USFA.

Little League 9s Play Semifinals

WILLIAMSPORT, Pa. (AP)—Three American teams and one from Japan face semifinal action today in the 20th annual Little League Baseball World Series.

* * *

Sacramento, Calif., and Houston, Tex., winners of first round games Tuesday, were scheduled to play at 2 p.m., EDT. West New York, N.J., and Osaka, Japan, winners of Wednesday action, were slated to meet at 5 p.m., EDT.

* * *

The winners of today's games will play for the international kid baseball championship title Saturday after a day — long breathing spell Friday.

Ex-Olympic Star in College Post

MACKINAC ISLAND (UPI) — Richard Wailes, two-time Olympic Gold Medal winner, today was appointed dean of students for the newly established Mackinac College.

Wailes, 30, a Yale graduate won medals in rowing at both the 1956 and 1960 Olympic games.

* * *

Mackinac President S. Douglas Cornell aid Wailes, of Seattle, Wash., "combines all around qualities of leadership, experience, academic distinction and athletic ability that admirably qualify him for the position."

Winds Slow Boater

GUNTERSVILLE, Ala. (AP) — Brisk winds for the third straight day prevented Lee Taylor of Downey, Calif., from trying Wednesday to qualify his jet boat for a run at the world water record.

Par Assault Expected

Bada Seeking Fifth Triumph

City Tourney Draws Leading Players

Par may be in for a beating when a field of 45 of the area's top golfers tees off Saturday in the 37th annual Men's Medal Play Championship at Pontiac Municipal Course.

The tricky 5,689-yard course carries a par rating of 69, but golfers have been finding the range this season and at least a small assault on par is forecast for the city tournament.

Defending champion Paul Bada is one of four ex-champions in the field (as of Wednesday) and he's having a better-than-usual year on the links.

Bada won with a six-over-par 144 last year, tying Wally Smith in regulation and defeating him on the second hole of sudden death.

Earlier this year, Bada teamed with George Hammitt to capture the Best Ball Championship, and in taking the title, Bada carded an actual 64 on his card.

PACED PUBLINX

Prior to the Best-Ball play, Bada carded a 69 at Morey's Golf and Country Club to lead a field of 250 in a Michigan Publinx Golf Association tournament.

Among the other ex-cham-

Wilson Finds Bright Spot in Miami Loss

MEMPHIS, Tenn. (AP) — Miami Coach George Wilson, whose Dolphins were beaten by Denver 28-16 Wednesday night, apparently sees a silver lining after his team's fourth consecutive exhibition defeat.

"I think our boys are coming around," said Wilson, after the game.

The coach of the American Football League's newest team noted that the Dolphins' 16 points were the most they have scored this year, while Denver's 28 were the least scored by an opponent.

* * *

"We just let them pick up a couple of cheap ones in the first half," he said. "In the second half, we gave a better defensive effort-particularly Frank Emmanuel and Willie West."

The scoreboard backed him up. Denver scored all 28 points in the first half while Miami rebounded with a touchdown and a safety after the intermission.

PLAYERS CUT

The other clubs resumed cut down efforts as Cleveland traded defensive end and tackle Jim Garcia, a one-year veteran, to the New York Giants for an undisclosed high draft choice in the National Football League.

* * *

The Dallas cowboys dropped Australian kicker Colin Ridgway, kicker Collin Versich of North Dakota and linebacker Roger Pettee of Florida. Flanker James Lewis, no college, and fullback Sonny Utz of VPI, both rookies, were placed on the injured reserve and flanker Arthur Robinson of Florida A&M and tackle Malcolm Walker of Rice were put on the taxi squad.

The Los Angeles Rams cut defensive tackle Sonny Fawns of Kentucky and Washington dropped rookie tackle Dave Powless of Illinois.

The new Atlanta Falcons got rid of receiver Neal Petties of San Diego State, acquired in the draft from Baltimore, and fullback Tom Wilson, a free agent formerly with the Minnesota Vikings.

The Boston Patriots of the AFL cut three rookies — quarterback Billy Laird of Louisiana Tech, defensive end Dick Capp of Boston College and defensive back Billy Johnson of Nebraska.

Grosse Pointe Golfer Ousted

Haggarty Falls, 4-2, in Seniors' Tourney

COLORADO SPRINGS, Colo. (AP) — Ward Watson of La Mesa, Calif., defeated former champion George Haggarty of Grosse Pointe, Mich., 4 and 2 Wednesday in the second round of the World Senior Golf Championships at Broadmoor.

Haggarty, the only former champion in the field, won the title in 1963.

* * *

Tourney medalist Ben Cowdery of Omaha, Neb., also was sidelined, losing to Cecil Dees of Glendale, Calif. 2 and 1.

George Huet of France, the only foreign player to survive first-round play, was ousted by Donald Case of Llano, Calif., 5 and 4.

In the only extra-hole match of the second round, John Pashall of Chicago edged Bill Higgins of San Leandro, Calif., 1-up in 20.

Indiana Diver Leads

TORONTO (AP) — Al Gonzales of Gary, Ind., diving from the 80-foot platform, retained his lead in the World High Diving Championships Wednesday. He has a total of 519 points after three dives.

Keg Association Ready to Start 1966 Campaign

The Greater Detroit Bowling Association will have a league officers' meeting 7:30 p.m. Monday at the Elks Temple in Pontiac to distribute supplies, answer questions and discuss rule changes for the coming season.

* * *

GDBA secretary Tom McKay will be at the Temple, 114 Orchard Lake Avenue from 6 p.m. until 9 p.m. to hand out supplies. Those who can't attend the meeting should contact the GDBA office at 342-6880.

* * *

Supplies will include standing sheets, team and individual record cards, handicap manuals and schedule codes. Treasurer and secretary books will also be available.

WBA Continues Stand Against Ring Rematches

PANAMA, Panama (AP) — The World Boxing Association all but ended Wednesday ancient Eddie Cotton's hopes for a rematch of his controversial title fight against light heavyweight champion Jose Torres.

* * *

Torres beat the 40-year-old Cotton in a televised fight in Las Vegas Aug. 15 in a unanimous, but close decision that brought screams from the Cotton camp and demands for a return bout.

But the WBA, at its annual convention, reaffirmed its stand against such rematches, despite a plea by WBA Commissioner Abe Greene that such a ruling would put the WBA in an "untenable position."

Connecticut Skipper Holds Thistle Lead

SAYVILLE, N.Y. (AP) — Walter Stubner of East Hartford, Conn., took over the lead Wednesday in the Thistle Class National Sailing Championship in Great South Bay.

Stubner sailed his Endeavor to victory in one of the two division races to move in front of Tom Wilson's Waterloo of New York.

Baseball Majors in Annual Huddle

CHICAGO (AP) — Baseball's director, Marvin Miller. Among major leagues open their annual those attacking this plan is Art summer meetings in Chicago Allyn, White Sox owner. Thursday with such items on "It's illegal," he says. "It the agenda as: makes the pension plan illegal

Who's going to pay Marvin for tax deduction and can en-Miller's salary?; clarification of danger the whole pension plan, the White Sox proposal to relax one of the finest programs anyrules limiting major leaguers where."

playing winter baseball. Miller Currently is paid

The Major League Players As- through dues of the Players Association proposes to tap the sociation.

players' pension fund to pay OPPOSITION their $50,000-a-year executive Allyn also is opposed to any agreement with the National Collegiate Athletic Association to hold off signing baseball prospects until their college classes have graduated. Presently, the majors cannot sign a college player until after his sophomore year.

"This business of not signing a boy until after his senior year is silly," Allyn asserts. "It is occasioned by one fact—that the NCAA has decided that if a man wants to follow a professional sports career, he is to be prohibited from engaging in any other sport in college.

* * *

"I can understand prohibiting a boy from competing in a sport in which he is a professional. But they are creating the idea we are depriving a young man of a college education and that is not true.

"If we sign a boy, that doesn't mean he is through with college. In fact, we will pay for him to attend for four years. Baseball has 400 boys whose college educations are being financed by it."

LEGION DRAFT

In the second annual draft of American Legion players Wednesday, the majors selected only eight. They included these 17-year-olds:

Kansas City Athletics—catcher Dick Varney, North Quincy, Mass.; New York Mets—First baseman-catcher Robert Moore, Klamath Falls, Ore.; Houston Astros—southpaw pitcher Gerald Johnson, Newburg, Ore.; California Angels—pitcher-third baseman Louis Mellini, Beverly Hills, Calif.; New York Yankees —righthanded pitcher Gregory Croft, Glenview, Ill.; Atlanta Braves — pitcher-catcher-in fielder-outfielder Guy McTheny, Sarasota, Fla.

In the second round Kansas City, for Vancouver of the Pacific Coast League, selected pitcher-outfielder Robert Bates, Billings, Mont.; and Atlanta, for Richmond of the International League, picked second baseman Jack Goldberg, Union, N.J.

Blue Coat at Stake on Links

Peter Green of Franklin and John Collinson of Midland opened defense of their Blue Coat Championship this morning at Orchard Lake Country Club.

* * *

Facing the defending champions in the first round of the second annual Blue Coat event were Pete Whitelaw of Orchard Lake CC and Jack Moses of Pine Lake Country Club.

A total of 224 players are entered in the best-ball competition. They are divided into seven flights with 16 teams in each flight.

Using a shotgun start, 56 teams moved onto the course this morning and the other 56 were slated to tee off at 1:30 p.m.

SECOND ROUND

After today's round, the remaining teams will meet in the second round tomorrow. Semifinals are set for Saturday morning with the finals slated for the afternoon.

* * *

In the competition, each player is given 75 per cent of his handicap in the scoring.

Ontario Gal Captures First WMGA Prize

A steady 43-43—86 at Partridge Creek yesterday gave Mrs. Nick Panasiuk of Elmstead, Ont., her first victory of the season in the Women's Metropolitan Golf Association weekly tournaments.

Mrs. Panasiuk collected eight pars and used 31 putts for her one-stroke victory over Phyllis Chandler of Hamtramck.

Miss Chandler, who won the event last week, ran into trouble on the 15th hole of the 6,159-yard layout and wound up with a bogey while Mrs. Panasiuk was taking a par. They played even the final three holes.

Mrs. Nick Panasiuk, Elmstead, Ont.	43-43—86
Phyllis Chandler, Hamtramck	44-43—87
Mrs. Max Evans, Southfield	44-46—90
Mrs. John Menefee, St. Clair Shores	44-46—90
Mrs. David Mortimer, Birmingham	46-44—90
Mrs. Paul Richards, St. Clair Sh.	44-47—91
Mrs. George Sullivan, Detroit	45-46—91
Mrs. Harold Wall, Dearb'rn Hts.	43-48—91
Mrs. Fred Brooks, Farmington	46-46—92
Mrs. George Schade, Detroit	44-48—92
Mrs. Henry Pramick, Dearborn	48-45—93
Mrs. Charles Zahm, Detroit	46-49—95
Mrs. Harold Walton, Southfield	53-51—104

Low Net — Mrs. Menefee, 90-13—77.

First Flight — Mrs. Floyd Vernier, Birmingham 48-44—92; Mrs. Williams Foster, Detroit 47-46—93. Low Net — Mrs. Leslie Fleming, Bloomfield Hills 96-16—80.

Second Flight — Mrs. William Newville, Bloomfield Hills 47-49—96; Mrs. Robert Thoms, Detroit 46-51—97. Low Net — Mrs. A. R. Bottler, Troy 98-21—77.

Third Flight — Mrs. E. L. Wiejack, Detroit 50-53—103; Mrs. Davie Freed, Dearborn 51-54—105. Low Net — Mrs. Vasile Cova, Allen Park 106-23—83.

Ex-Teammate May Face Spencer's

An old friend will be trying to sideline Pontiac's Spencer Floor this weekend in the Class A Michigan Softball Association regional tournament at Port Huron.

The friend is Harry Avesian, former teacher at Pontiac Northern who formerly pitched for Spencer's. Avesian is now in the Flint school system.

Avesian is expected to take the mound for Flint Top Hat in the Class A opener tomorrow at 8:30 on Memorial Major field against Port Huron's Emery Lanes. The three teams in the 'A' bracket will play a two-game knockout series.

The winner of that game will then take on Spencer Floor Saturday at 4 p.m. on the same field. If Flint wins the opener, Avesian is the likely choice to face Spencer Saturday.

Should Flint and Spencer drop their first games, the two will meet in a losers' bracket game at 7:30 p.m. Saturday with the winner moving onto the finals.

Finals in the 'A' division are set for 6 p.m. Sunday at Memorial Major.

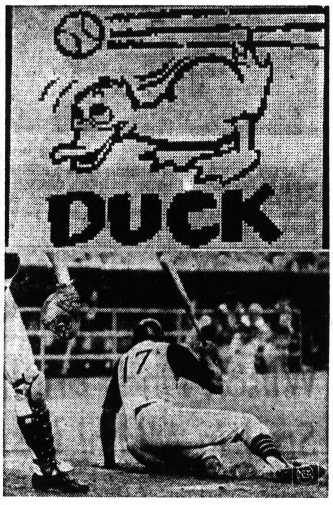
In the 'B' action at Port Huron, Pontiac's Town & Country meets Port Huron's Burk Bombers in the opener tomorrow at 7 p.m. The winner meets Hamm's of Flint Saturday at 6 p.m. Finals are slated for Sunday at 7:30 p.m.

OWOSSO ACTION

The Class C and D regional tournament at Owosso's Bennett Field will have Ron's Roost of Pontiac meeting the host city's State Savings Bank team 8:30 p.m. Friday in "C" play.

Norton's Bar of Holly, the Waterford "D" district champion, has a 7 p.m. meeting Friday with Mitchell-Bentley of Owosso. In both classes, Port Huron teams will meet the winners Saturday afternoon.

The losers then will play Saturday evening and the survivors of those evening battles will tackle the afternoon winners in the Sunday afternoon title games.



FREE ADVICE—Pittsburgh's Donn Clendenon gets some free advice from the scoreboard in Houston's Astrodome after ducking away from a pitch. Claude Raymond of the Astros sent Clendenon down.

Title Makes Up for Small Pay

Curtis Cokes Reigns As Top Welterweight

NEW ORLEANS (AP) — "As long as I own the title I don't care how much money I got," said Curtis Cokes, who won the world welterweight boxing championship Wednesday night but earned only $5,715.60.

Cokes outhustled Manuel Gonzalez in the 15-round title bout at Municipal Auditorium and after it was over the new champ said he thought he could beat anybody else in his class.

The fight was for the World Boxing Association's version of the 147-pound crown but Cokes will probably get recognition from the New York Athletic Commission and the French Boxing Federation—which both act independently of the WBA.

The wiry Cokes went after Gonzalez in the first round and continued to pursue him throughout the fight. The rabbit-fast Gonzalez flicked and tapped at Cokes in the early rounds.

Ex-Soccer Star Dies

BILBAO, Spain (AP) — Guillermo Gorostiza, former Spanish soccer star famed as the Red Bullet, died Wednesday after a long illness. He was 57.

Slumping Baltimore Drops Third Straight

By the Associated Press

The Baltimore Orioles are in a bit of a slump but it'll take a Miracle of Michigan Avenue or a Legend of Lake Erie if Detroit or Cleveland are going to take advantage of it.

oth clubs picked up a game on the Birds Wednesday, the Indians with a 10-4 victory over them, but with less than 40 games to go the Orioles could hardly be blamed for not taking the defeat or their current three-game losing streak particularly seriously.

Baltimore remains 11½ games up on the second-place Tigers and a full 13 ahead of the Indians, who are in third. If the Indians win today the altimore losing string will equal its longest of the season.

In all, the Orioles have four of their last five contests, all at the hands of Detroit and Cleveland.

RAISES TOTAL

Totally unaffected by the recent dip in his team's fortunes, however, is Frank Robinson who raised his league-leading homer total to 40 Wednesday with two shots in the losing effort.

That's one more than Frank's best previous output, attained in Cincinnati in 1962. For all his power, Robinson never led the National League in homers (or batting or runs batted in either, for that matter;, but barring a Ruthian effort by Boog Powell, Harmon Killebrew, Joe Pepitone or one of that crowd, he's got the AL homer crown in the bag.

Frank says he considers 50 homers a reasonable goal, "considering the time remaining."

In other American League action, Detroit beat Chicago 6-2, California edged New York 2-1, Washington squeezed by Minnesota 6-5 in 11 innings and Kansas City took both games of a twi-night doubleheader 4-2 and 8-3.

* * *

The big Cleveland bats were swung by Joe Azcue, who had three runs batted in, and Max Alvis and Rocky Colavito, with two apiece. Robinson's three RBI raised his total for the season to 95, just two behind the league leader, teammate Boog Powell.

A sparkling pitching duel between Fred Talbot of the Yankees and Fred Newman of the Angels came to an abrupt end in the ninth inning when Ed Kirkpatrick sent a two-run homer, the sixth hit off talbot, into the stands. Joe Pepitone hit his 28th homer in the bottom of the inning, the sixth Yankee hit.

The Twins and Senators took turns leading in their game and an 11th inning error by Zoilo Versalles paved the way for the Washington triumph.

* * *

With one out and two on, a grounder went through the Minnesota shortstop's legs allowing the tying run to score. Ken McMullen then singled in the winning one. The Twins had taken the lead in the top of the inning on a wild pitch with tht bases loaded.

3-RUN HOMER

Roger Repoz' three-run homer in the opener and two-run blasts by Ed Charles and Jim Gosger in the nightcap sent the Athletics to their victory. Mike Hershberger drove in three runs in the finale and Lew Krausse breezed to his 10th victory, allowing the Red Sox just five hits.

Rookie Jim Nash built up his record to 8-1 in the first game, but needed relief help from Jack Aker in the seventh when he aggravated a bruise on his right index finger.

THE FLIP SIDE OF TRAD IS MOD

And whether you dig the gassy or the classic, we've got it for you in our Red Hanger Shops. On the swinging side is high gear stuff with a definite English accent: The Carnaby cap, the high rise shirtcollar and low rise pants, the wide belt, the six-button double breasted, the deep side vent, the paisley print. In other words, the whole bloomin' bit. And on the flip side is great traditional: The classic natural shoulder, the three-button-lap-seam-patch-pocket coat, the trousers with belt loops and cuffs, the button-down oxford, the V-neck pullover, the handsome hopsack, the hearty herringbone. In other words, all the things that have made the scene around the quad for a million years. And right in the middle is the Marlboro man: western jeans and lean trim jackets and the ponderosa shirt. Happily, whichever side you flip for, you'll find it in the Red Hanger Shops at HHS.

'BEATING' ARNIE — Chuck Bednarik, former star with the Philadelphia Eagles football team, pretends to belt Arnold Palmer at the start of yesterday's pro-am tournament in Whitemarsh, Pa., preceding the Philadelphia Golf Classic. "That's the only way I could beat Palmer," kidded Bednarik.

Jack Nicklaus Not Satisfied Following 75

WHITEMARSH, Pa. (AP) — You want to know why Jack Nicklaus makes so much money playing golf?

He practices.

* * *

After shooting a 75 Wednesday in the pro-amateur tournament at Whitemarsh Valley Country Club, "Ohio Fats", as some golf people describe the Columbus belter, adjourned to the practice range to adjust a few things.

* * *

Nicklaus and 143 other golfers teed off today in the Philadelphia Golf Classic, a 72-hole test for $110,000 in prize money, including $20,000 first place loot.

* * *

The 26-year-old Nicklaus feels kind of a proprietorship interest in the Philadelphia classic.

He won the top money each of the last two years over the 6,708 yard, par-72 Whitemarsh course.

Faults Hurt State Man on Pentathlon Course

SAN ANTONIO, Tex. (AP)—Orlin Larson of Davison, Mich., posted the fastest time, 2:17.7, but failed to finish first in the horseback riding event as the National Modern Pentathlon Championships opened a five-day run at Ft. Sam Houston.

Two faults cut Larson's point total to 1,040. Lt. James Coots of Fort Lauderdale, Fla., took first, winning the maximum 1,100 points.

Spec. 4 Robert Freahley of Niles, Mich., finished with 930 points.

The Army officer was one of six entries who turned in perfect rides over the 1,200-meter course but his time of 2:29 was the fastest recorded by that group. He scored the maximum 1,100 points.

* * *

John DuPont, Atherton, Calif., was awarded second place on his time of 2:39.1, and Spec. 4 Larry Faircloth, Reedsport, Ore., was third with 2:49.1.

Others scoring maximum points in the opening event and their times were Jim Kerr, Waukesha, Wis., 2:51.2; Lt. William Brennan, Jersey City, N.J., 2:57, and Dr. Bob Beck, San Diego, Calif., 3:07.8.

* * *

Vladislav Kommissarov, the former Russian Army lieutenant who defected from Russia and its team a year ago, missed a perfect ride when his mount knocked down one hurdle.

* * *

His time of 2:33.9 was third best of the day and he was one of five entries sharing second place with 1,070 points.

Golfing Spouses Stonycroft Stars

A couple of families have taken most of the honors in the club championships at Stonycroft Hills Country Club.

James Frith Jr. of Bloomfield Hills captured the men's title with a 54-hole score of 234, and his wife came in second in the women's tournament, finishing three strokes back of Mrs. Everett W. Barber (276).

Defending champion Gerry Burns carded a 237, finishing second to Frith, and his wife took low net honors in the women's play with a 244.

U.S. Golfer Ousted

BRANDON, Manitoba (AP) — Brad Lucy of San Francisco, the only American competitor, was eliminated Wednesday in the first round of match play in the Canadian Junior Golf Championship. He lost to Rick Maguire of Saskatoon, 1 up.

Paul Bada Seeking Fifth Triumph

(Continued from Page E-1)

pions in the field are Clifford 'Kip' Inman, 1929 titlist; Fonce Fowler, who won in 1930; and 1964 winner Dick Robertson.

Bada and the other champs will join 33 qualifiers from last Saturday's play for the 36-hole finals. The field will play 18 Saturday and 18 Sunday.

Among the par-busters who'll be around for the start Saturday is former state amateur champion Lloyd Syron, who carded a one-under-par 68 Saturday to share the qualifying lead with four other players.

Others in the sub-par category in the qualifying were Gene Harry, Ken McClintock, Bill Pembroke and Truman Hammett.

Bada has won the championship four times and he'll be trying to edge closer to the mark of six held by Mike Andonian, who's now living in California.

Eastern Golfer Leading UGA

Detroit's Pro Tied for Second Place

CHICAGO (AP) — Lee Elder of Washington, D.C., took the halfway lead in the United Golfers Association 40th National Tournament Wednesday with a 74-69—143 over the par 72 Chevy Chase Country Club course.

Tied for second at 145 in the pro division were Calvin Tanner of Chicago, 69-76 and Howard Brown, Detroit, 73-72. Sharing fourth with 147 were William Bishop, Philadelphia, 73-74, and Rufus James, Los Angeles, 77-70.

In the 54-hole tourney for senior men amateurs 58 and over, Lajol Cooper of Hampton, Va., catpured the 36-hole lead with 79-86—165. He was followed by C. W. Gregory, Pittsburgh, 82-86—168, and James Davis Cleveland, 80-88—178.

In the 72-hole women's amateur meet, the midway leader was Anne Gregory of Gary, Ind., with a two-under-par 80-80—160. Next was Betsy Ochier of Detroit, with 80-84—164.

Giants Tumble From First Place in NL

Pirates' Law Gains Quick Revenge

By the Associated Press

Vernon Law's first comeback was five years in the making. Turnabout No. 2 required only 24 hours — and gave the Pittsburgh Pirates instant relief.

Law came out of the bullpen for the first time this season Wednesday night and shackled Philadelphia for six innings as the Pirates trimmed the Phillies 6-4 and inched back into first place in the National League race. They lead San Francisco, beaten by Cincinnati 9-4 in an afternoon game, by one percentage point.

Law turned the tables on the Phils 24 hours after they had shelled him from the mound in the first inning. He did not retire a batter Tuesday night, yielding three runs and failing to last for the 15th time in 21 starts.

PAST WINNERS

In 1960 Law won 20 games for the world champion Pirates and captured the Cy Young Award as that year's top pitcher. Last season, after a five-year bout with arm troubles, he put it all together again, posting a 17-9 record and a 2.16 earned run average to earn Comeback of the Year honors.

This year has been no picnic for the 36-year-old right-hander. After his brief stint Tuesday night he showed an 8-5 won-lost record and a fat ERA of 4.46.

Wednesday night he came on for starter Tommie Sisk in the fourth inning, worked his way out of a none-out jam and allowed only one hit the rest of the way in nailing down victory No. 9.

"That's the best I've seen him all year," Pirates' Manager Harry Walker said.

While the Pirates moved past San Francisco again, the Los Angeles Dodgers nipped Atlanta 2-1 in 11 innings and moved within two games of the top. Houston whipped St. Louis 7-2 and Chicago edged New York 6-5 in other NL games.

The Pirates broke a 4-4 tie on Bill Mazeroski's RBI single in the fifth inning and added an insurance run in the sixth on Matty Alou's run-scoring hit.

The Phils had tied it 4-4 in the fourth, Cloy Dalrymple's single delivering the run and knocking out Sisk.

Mazeroski and Bob Bailey each drove in two runs as the Pirates clipped three Philadelphia pitchers for 13 singles.

Vada Pinson cracked a grand slam homer and two doubles in the Reds' romp over 20-game winner Gaylord Perry and the Giants. Bill Henry, who replaced Perry in the fifth with Cincinnati leading 5-3, was greeted by Pinson's bases-loaded shot.

Joe Nuxhall went the distance for the Reds, who had lost six in a row, and boosted his record to 5-4. The loss, Perry's first since July 14, ended a four-game winning string for the Giants.

Maury Wills' single scored Jim Gilliam with an unearned run in the 11th, giving the Dodgers their fourth straight victory — including three one-run decisions over Atlanta.

Phil Regan, who wild-pitched the tying run home in the ninth, blanked the Braves thereafter and gained his 12th victory against a single loss.

Win Seven Medals

U.S. Tankers Triumph

SAO PAULO, Brazil (AP) — It was a sweep for the U.S. swimmers in the opening competition Wednesday in the Pan American Maccabiah Games. They won all seven gold medals.

Mark Spitz and Paul Katz, 16-year-olds from Santa Clara, Calif., and New York, respectively, each won two events. Marilyn ramenofsky of Phoenix, Ariz., and Ann Sachs of Pittsburgh, Pa., took the others along with the women's 400-meter medley relay team.

Spitz won the 100-meter freestyle in 56.1 by a touch over Julio Arango of Colombia, and the 200-meter backstroke more easily in 2:25.

Katz took the 100-meter breaststroke in 1:17.5 and the 400-meter individual medley in 5:16.2. Miss Ramenofsky won the 100-meter freestyle in 1:04 to 1:04.5 for runner-up Cathy Cole of North Miami Beach, Fla. Miss Sachs took the 200-meter individual medley in 2:44.6, compared to the 2:56.4 for second place Heidi Ross of Walnut Creek, Calif.

The misses Sachs, Ross, Cole and Ramenofsky teamed to win the 400-meter medley relay over Mexico in 5:10.8. Mexico's time was 5:35.5.

Yankees' Ford Enters Hospital

HOUSTON (AP) — Whitey Ford, New York Yankee lefthander, entered Texas Medical Center Hospital Wednesday for an examination of his ailing pitching hand.

Ford, 37, earlier this week was placed on baseball's disabled list a second time this season after complaining of cramps in the fingers of the left hand.

John McAuliffe is happy to announce our winner in the recent Ford Motor contest, "To Las Vegas on Volume". He is Bob Van Acker, who started selling Fords for us in March of this year. Bob, with his wife Nancy, will fly to Las Vegas for 4 days of fun as his reward.

We are proud to have Bob on our team as a new car salesman as he shows what can be done if a man makes up his mind to succeed in the automobile business.

We currently have 2 openings on our staff . . . so if you are willing to work hard . . . there is no reason why you, too, cannot be successful. Others have done it! It's your move, now! For more information . . . call Frank Schuck, today. FE 5-4101.

Slow Pitch Stars Ready to Tackle League Champ

The Pontiac recreation department's Slow Pitch Softball League champion, MGM Cleaners-Shalea Lounge, will challenge a 15-man loop All Star unit at 7:30 p.m. Friday under the Beaudette Park lights.

Representing the All Stars will be Larry Olsen, Don Reams, Archie Dennison and Fred Leistman of Artco; Norm Stem, Keith Flowers, Jack Zichau and Bill Maloney from National Cash Register; Gary Page, Bill Monahan, Dave Cook and Jere Craig for the Pontiac Press; and Tim Maloney, Bill Manser and Dave Kurstiener of Sport-O-Rama.

Montreal Eleven Wins

MONTREAL (AP) — Flanker Pete Kempf led Montreal to an upset 16-8 victory over Hamilton in the Canadian Football League Wednesday night. He scored a touchdown, kicked three field goals and a convert.

U.S. Net Pair Has Struggle

Aussies Not Tested in National Doubles

BROOKLINE, Mass. (AP) — Dennis Ralston and Clark Graebner of the U.S. have survived a tough early-round test in the national doubles tennis tournament.

But defending champions Roy Emerson and Fred Stolle of Australia have yet to be troubled in defense of their title.

Ralston and Graebner won their second match, 5-7, 6-4, 6-0 and 13-11, after winning by default in the first round.

Stolle and Emerson seldom hit maximum pace during their first and second round matches.

They defeated Charles Darley of Rochester, Minn., and Tom Gorman of Seattle, Wash., 6-2, 6-0, 7-5 with deep or angled placements and crisp volleys to move into the third round.

Emerson agreed after the match that he and Stolle had "not really been given too much of a test. But I think we've been playing well right along and there's no reason at all why we're not going to hang on to this championship."

Takes Baseball Title

The Waterford Eagles captured the 10-and-under Waterford Township baseball championship yesterday by downing Lakeland Pharmacy in eight innings, 10-5.

'Trapshooters for Life'

Champions Don't Reflect Layoffs

VANDALIA, Ohio (AP) — Once a deadeye trapshooter, always a deadeye trapshooter a 41-year-old Kansas woman and a 17-year-old Kansas City Mo. boy demonstrated at the Grand American Trapshoot Wednesday.

Mrs. Iva Jarvis of Phillipsburg, Kan., back after a six-year layoff from competitive scattergunning, and Steve Carmichael who even at his tender age took two years away from the sport in 1964 and 1965, shared honors with Air Force marksman Kenneth Jones.

Each won major titles in the North American Clay Targets event, an annual feature of the Roaring Grand which winds up with the Preliminary Handicap today and the 67th Grand American Handicap Friday.

Mrs. Jarvis, who won the North American Women's in 1953, posted her best score since resuming competition four months ago, 198 of 200, for the 1966 women's title from 16 yards. She beat Loral Dempsey, Anoka, Minn., in a shootoff.

Carmichael, who won the junior division of the Introductory Shoot here Monday and teamed then with his dad for the parent-child trophy, broke 199 for the North American junior crown.

* * *

Airman 1.c. Jones of Condon, Ore., and Lackland AFB, Tex., by contrast, came into the Grand American with plenty of "practice" before bagging the North American over-all title with a perfect 200 followed by 100 straight in a 10-man shoot-off.

* * *

Jones merely had set a record 397 of 400 at Wiesbaden, Germany, recently in leading the United States team to victory in the world trapshooting tournament.

Myron Willoughby of Independence, Mo., kept up with Jones in the North American shootoff until missing target No. 300.

Others who hit 200 but lost in the runoff included two Ohioans. Edward Beranek of Strongsville and Frank Jones of Miamisburg, along with William Brauer III, Oakfield, Wis.; James Stine, Pillaw, Pa.; Don Mackerman, Newton, Iowa; Dale Ball, Kamiah, Idaho; Robert Loitz, Peotone, Ill., and Floyd T. Goff, Louisville, Ky.

* * *

Another 200 performance earned Lee Braun of San Mateo, Calif., the professional trophy. Mark Burgess, 14, of Indianapolis, Ind., won the subjunior title with 195.

Horse Dies in Race

SCARBOROUGH, Maine (AP) — Red Scrapper dropped dead during the running of the third race at Scarborough Downs Wednesday night. Ben Slaughter, the jockey, was taken to a hospital for x-rays.

WEDNESDAY'S FIGHTS

By The Associated Press

NEW ORLEANS, La. — Curtis Cokes, 145¾, Dallas, outpointed Manuel Gonzalez, 147, Houston, 15. Cokes won WBA welterweight title.

BRIGHTON, England — Jose Menno, Argentina, outpointed John Hendrickson, London, 10, lightheavyweights.

RICHMOND, Calif. — Ralph McCoy, 160, Richmond, knocked out Frank (Snakebite) Niblett, 160½, San Jose, Calif., 10.

California Pilot in Yacht Lead

CLEVELAND (AP) — Donald Trask of San Francisco, piloting Swingin' Star, took a one point lead over olympic bronze medalist Bill Parks of Chicago today in the North American Star Class sailing championships at the Cleveland Yachting Club.

Trask and Parks were tied for first place after two races, but Trask finished second in Wednesday's third race behind winner Alan Holt of Seattle, Wash., parks was third.

City Pastor Eyes Ruling on Merger

A Pontiac pastor today pointed to widespread effects from a Michigan Supreme Court decision yesterday ordering a lower court to hear objections to the merger of a Congregational Church with the United Church of Christ.

The supreme Court ordered Wayne County Circuit Court to hear the complaint of 204 parishoners who object to the merger of the Mayflower Congregational Church, Detroit with the United Church of Christ.

"This is a tremendously important decision," said Rev. Malcolm K. Burton, pastor of First Congregational Church of Pontiac and vice chairman of the committee for continuation of Congregational Christian Churches in the United States.

"It will have an effect on all the churches in the United Church of Christ in every state in the union," he said.

★ ★ ★

"This means any former Congregational church that has joined the United Church of Chirst faces a possible lawsuit over possession of its property."

WAS UPHELD

Circuit Judge Miles Culehan had dismissed the case on the motion of the church, and was upheld by the Michigan Court of Appeals.

But in a unanimous opinion, the high court ordered the hearing for Helen Joan Berkaw, Grace Pfaff, Frank Smith and Roy Stephens Jr., who filed suit June 22, 1961.

They said they represented the lowers in a 253-204 merger vote, complaining that the affiliation "would effect a change in the organizational structure and practices of the Mayflower Church, contrary to the faith and usages to which the church property has been dedicated."

★ ★ ★

They said that "as the faithful minority" — that is, faithful to the historical precepts of Congregationalism — they should have title to the church vested in themselves and others who, they allege, steadfastly adhere to these precepts," said justice Otis Smith.

★ ★ ★

The lower court, Smith said, held that the substantive issues involved had already been decided in two parallel cases in New York and Iowa.

Negroes Pelt Florida Police

FORT LAUDERDALE, Fla. (AP) — A group of Negroes hurled rocks and two or three fire bombs at patrol cars Wednesday night, police reported. Two were arrested.

Officers said only one of the Molotov cocktails hit a cruiser and none went off. No injuries were reported.

★ ★ ★

The incidents occurred outside a drive-in restaurant in northwest Fort Lauderdale, where some 50-75 youths gathered, police said.

"There are more policemen than troublemakers right now," said Fred Burrell, assistant city publicy director. "Everything is under control and they are broke up."

TWO ARRESTED

The two were arrested after they failed to obey an officer's order to break up the gathering, Burrell said.

A local Negro leader also took part in pacifying the group, Burrell said.

One-Week Delay in Boat Death Hearing Granted

Defense counsel for a Waterford Township man charged with manslaughter in a boating death today obtained a one-week delay in preliminary examination in the case.

Independence Township Justice Robert Carr granted the postponement in pretrial hearing of Harold Ions of 4489 Parnell.

★ ★ ★

Ions, 52, is accused of fatally injuring a Pontiac man July 3, in a powerboat collision on Pontiac Lake.

Preliminary examination was partially heard before Carr Aug. 18 but had been rescheduled for today.

OCCEO Tentatively Okays 20 Additional Employes

Employment of 20 additional people was tentatively approved yesterday by the Oakland County Commission on Economic Opportunity.

A total of 17 of the present neighborhood organizers and counselor aides would be promoted to a new classification called program aide, and all would be replaced in the lower classifications.

The commission also indicated approval of the hiring of a manpower director and two persons to work with school districts on education programs.

Program aides would be assigned to various commission projects in a general upgrading of non professional personnel.

SALARY RANGE

Their salary range is proposed at $5,400 to $6,500 compared to the $4,500 to $5,200 range of neighborhood organizers and counselor aides.

After informally approving the personnel changes, the commission directed the antipoverty administrative staff to prepare a formal resolution for future consideration.

In other business yesterday, the commission adopted a policy to stimulate voter registration and voting of the poor through the encouragement of neighborhood organizers.

★ ★ ★

Commission members also agreed to establish a committee to study the possiblity of providing greater transportation to the poor for antipoverty functions and trips.

Wage Boost for Poverty Aides Asked

A proposed higher salary schedule for employes of the war on poverty was approved yesterday by the Oakland County Commission on Economic Opportunity.

Establishment of specific salaries within the range of the wage schedule is slated for the commission's September meeting when the new budget will be considered.

A minimum salary of $15,500 and a maximum of $18,000 for the executive director of the war on poverty is specified in the new scale.

Previously the minimum was $14,500 but the maximum is unchanged.

Area center directors range from $12,000 to $14,000 in the new wage scale compared to a previous $10,000 to $12,000 range.

Estimated payroll costs for 1967 will be included in the proposed new budget next month, according to commission officials.

46 Area Scouts Will Be Guides

Three Boy Scout troops from the Clinton Valley Council will form a delegation of 46 boys and six adult leaders who will serve as governor honor guides at Ft. Mackinac on Mackinac Island for one week beginning Saturday.

Members of Troop 187, sponsored by Holy Cross Lutheran Church of Oxford, Troop 32, sponsored by Oxford Lions Club, and Troop 123, sponsored by St. Paul's Methodist Church of Rochester, will participate in the encampment.

Duncan R. Griffin of Oxford, assistant scoutmaster of Troop 187, will act as the contingent leader.

While on the island Scouts' duties will include guiding tourists in the fort, raising and lowering 15 flags daily and answering questions pertaining to the island.

★ ★ ★

The Scouts will provide an escort to the governor's mansion for the governor or lieutenant governor if they appear on the island, and would meet diplomats from this or foreign countries.

Auto Dealers to Pay Higher Interest Rate

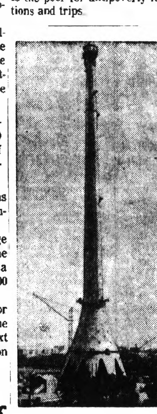
NEW YORK (AP) — The interest rate charged automobile dealers on loans to finance their inventories is going up.

General Motors Acceptance Corp. the nation's largest sales finance Company, said Tuesday it will raise its rate to 6¼ per cent from 6 per cent, effective Sept. 1.

Chase Manhattan Bank and First National City Bank, New York City's first and second largest banks and the second and third largest in the United States, said they would raise their rates to 6¼ per cent from 6 per cent on the same day.

Other finance companies and banks said they are studying the actions and probably will go along.

The rate increase on auto-dealer loans doesn't affect car purchasers directly since it is levied on the dealers. However, it raises the cost of doing business for car dealers and might be passed on to their customers in the future.



GOING UP — The tower of Moscow's television center assumes its final shape as construction work nears completion. Structure will be higher than France's Eiffel Tower.

OFFICIAL NOTICE OF SALE
$60,000
TOWNSHIP OF WHITE LAKE
OAKLAND COUNTY, MICHIGAN
1966 STREET IMPROVEMENT
SPECIAL ASSESSMENT BONDS

Sealed bids for the purchase of "1966 Street Improvement Special Assessment Bonds" to be issued by the Township of White Lake, Oakland County, Michigan, of the par value of $60,000, will be received by the undersigned, at the Township Hall, 7525 Highland Road, in said township (Post Office address: Box 121, White Lake, Michigan), until 8:00 o'clock p.m., Eastern Standard Time, on Wednesday, the 7th day of September, 1966, at which time and place said bids will be publicly opened and read.

The said bonds will be dated September 1, 1966; will be coupon bonds in the denomination of either $1,000 or $5,000 each (but not both) as specified by the original purchaser; will be numbered consecutively in the direct order of their maturities from 1 upwards; will bear interest from their date at a rate or rates not exceeding 5% per annum, payable on May 1, 1967, and thereafter semi-annually on November 1 and May 1. Said bonds will mature serially on the first day of November in each year as follows: $5,000 in each of the years 1967 and 1968, $10,000 in the year 1969, $5,000 in each of the years 1970 and 1971, $10,000 in the year 1972, $5,000 in each of the years 1973 and 1974, and $10,000 in the year 1975. Both principal and interest will be payable at such bank or trust company, qualified to serve as paying agent under the laws of the State of Michigan or the United States of America, as shall be designated by the original purchaser of the bonds. A co-paying agent likewise so qualified may also be so designated.

The said township reserves the right to redeem prior to maturity the bonds of this issue maturing in the years 1973 through 1975, in direct numerical order, at par plus accrued interest, on any one or more interest payment dates on and after November 1, 1972. In the event that any of such bonds are to be called for redemption, notice thereof shall be published not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds, and bonds so called for redemption shall not bear interest after the date fixed for redemption provided funds to redeem the same are on hand with the paying agent.

Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of 1/8th or 1/20th of 1% or any combination thereof. The interest rate for each coupon period on any one bond shall be at one rate only and be represented by only one interest coupon for each coupon period and all bonds maturing in the same year shall carry the same interest rate. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

The bonds are to be issued by the township in anticipation of the collection of an equal amount of special assessments made to pay a part of the cost of street improvement in said township, but will pledge the full faith, credit and resources of the township for the payment of the principal and interest thereon, and all taxable property in the township is subject to the levy of ad valorem taxes to pay such principal and interest, without limitation as to rate or amount.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from October 1, 1966 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the township. No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of $1,200, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the township, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Dickinson, Wright, McKean and Cudlip, attorneys, of Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds (with the legal opinion on the back thereof) will be paid by the township. There will also be furnished the usual closing documents, including a non-litigation certificate, dated as of the date of delivery of the bonds. Bonds will be delivered at township expense at Detroit, Michigan, or elsewhere at the expense of the purchaser. Payment for said bonds shall be made in Federal Reserve Funds.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Bonds."

Approved August 16, 1966

Want Ads

FOR FAST ACTION
NOTICE TO
ADVERTISERS

ADS RECEIVED BY 5 P.M. WILL BE PUBLISHED THE FOLLOWING DAY.

All errors should be reported immediately, or no later than the day following publication. If no notification of such error is made by that time, it will be assumed the ad is correct. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error.

The deadline for cancellation of transient Want Ads is 9 a.m. the day of publication after the first insertion. When cancellations are made be sure to get your "KILL NUMBER." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger then regular agate type is 12 o'clock noon the day previous to publication.

In Memoriam 2

IN LOVING MEMORY OF JAMES R. Dillard Jr., who passed away, Aug. 25, 1965.
Often a lonely heartache,
And many a silent tear,
But always a beautiful memory,
Of one we loved so dear.
Sadly missed by wife, Dorothy and children, Mike, Jerry, Eddy and Joy.

IN LOVING MEMORY OF VIOLA Rose, who passed away August 24, 2 years ago. Sadly missed by Mom, Dad and brothers.

IN LOVING MEMORY OF LLOYD L. Bigham, who passed away August 25, 1963.
He bid no one a last farewell,
He said "Good-bye" to none,
The Heavenly gates were open,
A loving voice said come.

I often sit and think of you,
What things you used to say;
I wonder why you had to die,
Without a chance to say good-bye.

More and more each day I miss you,
Some may think the wound is healed
But little do they know the sorrow,
That is in my heart concealed.
—Loving Wife, Edna.

IN LOVING MEMORY OF LLOYD L. Bigham, who passed away August 25, 1963.
The rolling stream of life goes on,
But still the vacant chair
Recalls the love, the voice, the smile,
Of the one who once sat there.
Sadly missed by children and grandchildren.

WORK IN VIETNAM

Civilian Positions Open in Vietnam and other Far East Countries
with the
U.S. Economic Assistance Program
Agency for International Development
Department of State

Difficult and possibly hazardous working conditions, long hours, great responsibility, good pay.

Applicants for the positions listed below (except secretaries who need only be citizens) must be U.S. citizens for at least 5 years, in good physical condition, and willing to serve a minimum of 18 month abroad without families.

Provincial Representative

Assistant Provincial Representative
Refugee Relief Specialist
(Vietnam)

Advises Vietnamese provincial chiefs. Monitors all AID operations in the province. Works with Vietnamese officials to ensure housing, feeding, and health care of refugees. Participates in security maintenance.

Requires Bachelor's or Master's degree (depending on assignment) with concentration on public administration, political science, politics and economics of developing nations, or Far Eastern studies. Related experience in fields of community development and management, social welfare, or administration of public affairs preferred. Prior experience in developing countries and some fluency in French desirable. Equivalent experience may be substituted for academic requirements.

Salary range: $6,500-$17,000 per year, plus 25% differential, housing allowance, and other benefits.

Program Economist

(Vietnam)

Provides responsible officials with the data, analysis, and recommendations necessary to evaluate AID programs and devise new methods. Advises on and negotiates economic policy and plans with Vietnamese officials.

Requires Ph. D. in economics, or M. A. with at least 2 years' experience in economic analysis or teaching economics at the college level. Competence in economics of developing nations highly desirable.

Salary range: $8,500-$18,000 per year, plus 25% differential, housing allowance, and other benefits.

Agriculture Specialist

(Vietnam)

Specialists sought in the field of: Marketing and Processing, Agronomy (crops, seed improvement and research), Water Resources Engineering, Irrigation Engineering, Home Economics, Credit and Cooperatives, Entomology (plant protection), Food Technology, and Fisheries (fresh water).

Serves as member of staff of the Agriculture Division, U.S. AID Mission to Vietnam. Advises Vietnam Government officials on planning, implementing, and evaluating programs in his field of agricultural specialization.

Applicants must have Bachelor's degree in agriculture, or equivalent experience, plus 5 years' professional experience in a specialized field.

Salary range: $7,500-$18,000 per year, plus 25% differential, housing allowance, and other benefits.

Provincial Agriculture Advisor

(Vietnam)

Serves as a generalist assigned to a province or to a village, responsible for planning and implementing programs which assist Vietnamese farmers in improving agricultural productivity. Also serves as technical advisor to Vietnamese agriculture officials.

Applicants must have a B.S. Degree in agriculture, or equivalent experience, plus several years recent experience as county agent, agriculture teacher, or similar position guiding or training others.

Salary range: $7,500-$15,000 per year, plus 25% differential, housing allowance, and other benefits.

Auditor

(Vietnam and Other Far East Countries)

Participates in audit activities of the major economic assistance program of the U.S.

Requires a Bachelor's degree, with a minimum of 24 semester hours in accounting, supplemented by 2 years' experience in public accounting or internal audits in private industry or government.

Salary range: $6,500-$15,000 per year, plus up to 25% differential, housing allowance, and other benefits.

Public Safety Advisor

(Vietnam and Other Countries Throughout the World)

Assists police forces of Free World countries in the development and improvement of national public safety programs.

Requires a minimum of 5 years' experience at executive/supervisory level in federal, state, or local law enforcement. Degree in police administration and allied fields and overseas experience desirable.

Salary range: $8,500-$12,500 per year, plus overseas differential, if applicable, housing allowance, and other benefits.

Assistant Food for Peace Officer

(Philippines)

Participates in planning and administration of food distribution programs in conjunction with the Government of the Philippines and U.S. voluntary agencies. Inspects field operations.

Requires Bachelor's degree, or equivalent, supplemented by minimum of 2 years related experience, preferably with a U.S. voluntary agency.

Salary range: $8,800-$10,500 per year, plus housing allowance and other benefits.

Financial Analyst

(Vietnam)

Is concerned with financial aspects of Vietnamese industrial development. Reviews financial structure of industrial ventures, requests for loans, and investment guaranties. Provides technical guidance in development of credit institutions.

Requires undergraduate degree and related graduate training, plus minimum of 10 years experience in banking and finance related to industrial development.

Salary range: $15,800-$19,000 per year, plus 25% differential, housing allowance, and other benefits.

Public Administration Advisor

(Local Government)
(Vietnam and Other Far East Countries)

Advises and assists local government officials in appraising administrative operations, identifying problems, and developing solutions to these problems. May advise in such areas as budget, finance, taxation, personnel, organization, etc.

Requires a Bachelor's degree in public or business administration, political science or other social science subject, plus a minimum of 3 years' progressively responsible experience, preferably as city or county manager. Equivalent experience may be substituted for academic requirements.

Salary range: $8,500-$15,000 per year, plus up to 25% differential, housing allowance, and other benefits.

Teacher Education Advisor

(Vietnam)

Assists the Vietnamese Government to extend educational programs into rural areas. Works with provincial chiefs in Vietnam regional offices, advising on the establishment of elementary education programs, including teacher training programs, classroom construction, and teaching materials.

M.A. degree is minimum requirement, preferably a Ph.D. in elementary education, secondary education, or vocational education, plus at least 3 years' public school classroom teaching and either 3 years as a professor of education or 3 years' school administration.

Salary range: $10,000-$18,000 per year, plus 25% differential, housing allowance, and other benefits.

Health Educator

(Vietnam)

Works directly with counterpart Vietnamese personnel to improve health education services, and to improve the health education component of various health programs. Also works with technicians of other U.S. Operations Mission divisions to assure interdepartmental coordination.

Requires M.A. degree in Public Health and five years of work experience program planning and development, with an official health agency. Special consideration given applicants rating high on Language Aptitude Test.

Salary range: $8,000-$13,000 per year, plus 25% differential, housing allowance, and other benefits.

Sanitarian

(Vietnam)

Advises and collaborates with Vietnamese counterparts, U.S. and Vietnamese military medical units, and other AID personnel on development of improved health programs. Work may be related to sanitation, water supply, epidemic prevention or control, facilities and other matters.

Requires a BS degree in Health Sciences or closely related field, and at least five years' experience in community environmental sanitation and public health activities. Overseas experience preferred.

Salary range: $7,000-$12,500 per year, plus 25% differential, housing allowance and other benefits.

Registered Nurse

(Vietnam)

Assists in staffing provincial hospitals where they will administer direct nursing care to refugees and other civilian patients in these hospitals.

Requires a Registered Nurse Certificate and at least 2 years of ward nursing experience.

Salary range: $6,500-$12,000 per year, plus 25% differential, housing allowance, and other benefits.

Secretary

(Vietnam and Other Far East Countries)

Serves as secretary to principal mission staff. May supervise local national employees.

Requires a high school diploma and the ability to type 50 wpm and take shorthand at 80 wpm. Applicants must be single, without dependents, and over 21.

Salary range: $4,700-$5,800 per year, plus up to 25% differential, housing allowance, and other benefits.

HOW TO APPLY

An A.I.D. recruitment team will interview applicants at Room 714, Veterans Memorial Bldg., 151 West Jefferson Ave., Detroit, Monday through Friday, 11 a.m. to 7 p.m. and Saturday, 9 a.m. to 3 p.m., August 22-27. Call 226-6050 for an appointment. (Call collect if out of town; EXCEPT in Flint, Pontiac, Lansing and Ann Arbor, dial Operator and ask for Enterprise 7[illegible].) (There is no charge for an Enterprise call.)

TV Features

U.S. Crime Is Probed

AMERICAN WHITE PAPER, 7:30 p.m. (4) Frank McGee narrates this look at organized crime in the United States, including a close-up of the Piggins probe of Detroit's underworld activities.

PEYTON PLACE, 9:30 p.m. (7) Elliott presses his search for Allison.

AVENGERS, 10:00 p.m. (7) Expert on plant diseases is one of four prominent horticulturists who have mysteriously disappeared.

Everybody Flees New York in Summer, Except People

By EARL WILSON

NEW YORK — Edna Ferber wrote a classic story a long, long time ago called "Nobody's In Town" . . . about how all the really important folks had escaped New York City's heat for the weekend . . . and there was "nobody in town" . . . just seven or eight million human beings.

WILSON

They're still here . . . on Bagel Beach, at 54th & 7th, a little man in shirt sleeves grinding away at the cash register at the Stage Delicatessen is Hymie Anas who doesn't mention it but if I know anything about pastrami prices, he ought to be rich.

Beautiful Lee Remick hops into a car beside her husband on W. 44th St. after embracing a priest who has just seen her in "Wait Until Dark" . . . Val, the maitre d' at Sardi's, can't contain himself about that new bar and the new booths, they're going to have on the second floor, come Sept. 1.

★ ★ ★

"You know Michael Caine was out with Jill Haworth?" asks an autograph fan . . . Several sidewalk madonnas linger in the shadows near the Winter Garden on 7th Av. and a couple of them sit on a fire hydrant removing their too-small shoes.

People in Lindy's quote Dan Stampler's great line about the Catskills weekend: "LBJ Shlepped Here."

★ ★ ★

THE MIDNIGHT EARL . . .

Jack Carter's a candidate for a late-hour TV master of ceremonies job . . . Composer **Vic Mizzy'll** wed for the third time . . . **Sammy Cahn** wrote 50 songs for the Feuer & Martin musical, "Walking Happy"—and now they have to decide which 35 will be eliminated. Film mogul **Jack Warner** had hot dogs air-expressed from Nathan's Coney Island to Cannes, France, for his Riviera weenie party.

Singer **Jack Jones** and **Chris Noel** ended the romance . . . **Peter Fonda** cruised up to Ungano's discotheque on his motorcycle . . . **Barbra Streisand'll** be an exhibit in the famed Mme. Tussaud wax works in London. . . . A well-known film personality is posing in ads for garbage disposals.

★ ★ ★

TODAY'S BEST LAUGH: Bob Orben claims he and LBJ have a lot in common: "For instance, we're both fighting poverty—but he's winning and I'm losing."

WISH I'D SAID THAT: The same lazy husband who discovered that cigar ashes are good for the rug figured out that leaves are good for the lawn.

REMEMBERED QUOTE: "The way to a man's heart is through his stomach. The way out is through his wallet."

EARL'S PEARLS: Tip to vacationists going to Europe (via Ted Chinell): If you don't speak the language, hire a guide—and let him take you.

Carol Channing described her good friend, Jack Benny: "He's the only man I know whose doctor gives trading stamps." . . . **That's earl, brother.**

Pet-Theft Bill Signed by LBJ

Aimed at Halting Sale to Scientific Labs

WASHINGTON (AP) — President Johnson has signed into law a bill aimed at curbing what some have called a multimillion-dollar racket — the theft of pets for sale to scientific laboratories.

★ ★ ★

The measure, which received final congressional approval last week, also requires humane care and treatment for animals to be used in medical research.

During a signing ceremony in the White House Wednesday, Johnson said progress in science and medicine requires the use of animals for research but added that the measure would not interfere with that.

★ ★ ★

"But science and research do not compel us to tolerate the kind of inhumanity which has been involved in the business of supplying stolen animals to laboratories or which is sometimes involved in the careless and callous handling of animals in some of our laboratories," the President said. "This bill will put an end to these abuses."

$50 MILLION

The U.S. Humane Society has estimated that the nationwide traffic in stolen dogs alone brings in at least $50 million annually.

The society said it suspects that most of the 2 million dogs that vanish every year in the United States end up in the crematorium of a laboratory — usually leaving the owners heartbroken.

★ ★ ★

The new legislation provides for licensing of animal dealers and empowers the secretary of agriculture to regulate the handling of animals.

During House and Senate hearings, stories were told of animals starved, abused and kept under filthy conditions by unscrupulous dealers.

Van Cliburn Is Hit at Interlochen

INTERLOCHEN (AP)—At the age of five he announced to his parents he wanted to be a concert pianist.

Nine years later he decided he would rather drive a taxicab in Dallas, Tex.

★ ★ ★

The concert stage won out, and world-renowned pianist Van Cliburn astounded even the masters at the National Music Camp here Wednesday night.

Varying his technique between a fierce attack on the keyboard, passages in which his hands blurred and other serene, mediative movements, Cliburn played two Brahms concertos.

Cliburn was accompanied by the 110-piece World Youth Symphony Orchestra, conducted by Dr. Thor Johnson.

'FINEST PERFORMANCE'

Johnson said afterward that Cliburn's treatment of the Concerto No. 1 in D Minor and Concerto No. 2 in B Flat Major was the "finest performance I've ever witnessed."

After the concert Cliburn was thronged by admirers, autograph seekers and old friends from several nations. Most were delegates to the conference of the International Society of Music Education being held here this week.

★ ★ ★

After greeting all the well wishers, Cliburn escaped to a basement room where he had ice cream and danced rock-and-roll dances with teenage students.

"Rock-and-roll will not last long," he said. "But while it's here, I like it. It's an expression like any other art."

Cliburn, who has been playing the piano since he was three, said he has no other plans than to continue on the concert stage.

Bombay Police Arrest 2,000 in One-Day Strike

BOMBAY, India (AP) — Ten thousand policemen patrolled Bombay streets today as 300,000 workers went on a one-day strike to protest the rising cost of living. The walkout left the street lights burning in daylight and stopped some bus service.

★ ★ ★

Police arrested about 2,000 persons on unspecified charges.

The bulk of the strikers in the leftist-inspired shutdown were textile workers but some municipal workers also stayed off the job. Docks, state and federal offices were unaffected.

★ ★ ★

The strike was organized by the Communist and Samyukta Socialist parties.

Scranton to Speak at Fete for Griffin

LANSING (UPI) — Gov. William Scranton of Pennsylvania will be the keynote speaker Oct. 5 at a $50 a plate fund-raising dinner for Sen. Robert P. Griffin, R-Mich.

★ ★ ★

Funds from the dinner will go into the fall campaign war chests for state and national GOP candidates for office, said Harry E. Guyselman, chairman of the dinner.

★ ★ ★

Griffin, appointed by Gov. Romney last spring to succeed the late Sen. Patrick V. McNamara, D-Mich., is running against former six-term Gov. G. Mennen Williams.

Lost 4-Year-Old Is Found After All-Night Search

MUNISING (UPI) — A 4-year-old boy, lost for 10 hours during the night, was found yesterday, no worse for wear.

Raymond Warsham, son of Mr. and Mrs. Gene Warsham of Jackson, wandered away from the Au Sable Camp Grounds in the east portion of Alger County shortly before midnight Tuesday.

He was found, after an all-night search, by a State Police officer from the Munising post about 2½ miles west of the camp grounds shortly before sunrise yesterday. He was just tired and scratched, authorities said.

Students Protest in Indonesia

JAKARTA (UPI) — About 3,000 anti-Communist, anti-Sukarno students broke through a cordon of troops and armored cars and marched on the Indonesian parliament today to demand further reforms in the government.

The march on parliament came less than 48 hours after students demanded President Sukarno retract statements he made in a speech a week ago or be thrown out of office.

The students, members of the anti-Communist University and High School Student Action Leagues (KAMI and KAPPI), were enraged over Sukerno's attempt to blame the military for Indonesia's economic crisis and his repudiation of the country's rightward shift in foreign policy.

* * *

The students showed up early this morning before parliament went through the formalities of reopening its first session of the new legislative year.

FIRST BARRED

They were at first barred from the building by a battalion of troops from the crack West Java Siliwangi Division. The troops lined the low wall surrounding the compound and were backed with a ring of tanks and armored cars inside the compound.

The students called for an immediate resumption of membership in the United Nations, restoration of relations with Malaysia, a parliamentary declaration of support for military strongman Gen. Suharto and his cabinet, and passage of a measure "legalizing parliament's right to control government expenditures."

'Coed Didn't Know Slayer'

PHILADELPHIA (UPI) — Police, without clues after questioning 100 persons, theorized today that Roslyn Reibstein, 19-year-old former Michigan State University student, was stabbed to death "in a frenzy" by an intruder she surprised in her third-floor apartment.

Miss Reibstein's body, stabbed or cut 12 times, was found inside a bedroom door of the apartment near the University of Pennsylvania campus by her roommate, Barbara Silver, 20.

The daughter of a prominent physician, she planned to enter Temple University in the fall as a transfer student from MSU.

Detectives said they believe the killer and the victim were strangers.

* * *

They said she apparently surprised the slayer last Monday when she unlocked the door to enter her apartment.

The autopsy has been inconclusive on whether she was raped.

Funeral service for the victim was conducted yesterday with more than 1,000 persons in attendance.

Briton Plans Costly Goodby to Single Life

SOUTHAMPTON, England (UPI) — Don Richardson bids farewell today to bachelorhood and $16,800. That's what his stag party for 80 pals will cost him.

Richardson, a 36-year-old businessman from Oldbury, England, has chartered a plane to fly his guests here, where first-class cabins aboard the Queen Elizabeth are waiting.

They will drink campagne until the liner docks at Cherbourg, France, then go ashore.

Ann Huxley, a schoolteacher who marries Richardson Saturday, celebrated in less exotic fashion. She and 10 friends had a party at a restaurant.

Onetime Judge Dies

NEW YORK (UPI) — John Clark Knox, who ruled "Obscene" the 1935 film "Ecstasy" showing Hedy Lamarr swimming in the nude, died Tuesday at his Manhattan home. He was 84.

About two-thirds of the human body is water.

PHOTO OF EARTH—This picture, which scientists described as the first photo of earth taken from the vicinity of the moon, was made Tuesday by America's Lunar Orbiter and was transmitted to earth late yesterday. From 240,000 miles away, the earth is shown in the background with the United States' East Coast in the upper left, southern Europe toward the dark side at right and Antarctica at the bottom. Horizontal lines were formed where strips were joined together to form the complete picture.

GIs Hit By Napalm

U.S. Jets Bomb Own Troops

Report Error Kills 7 Yanks and Injures 20

1st Division Soldiers Victims of Accident; Air Force Absolved

SAIGON, South Viet Nam (AP) — Two U.S. Air Force Supersabre jet fighters dropped fiery napalm by error today on soldiers of the U.S. 1st Infantry Division fighting a savage jungle battle against 500 Viet Cong only 200 miles north of Saigon.

The accidental strike took a heavy toll of infantrymen. Some reports said seven Americans were killed and more than 20 wounded.

Maj. Gen. William E. De Puy, division commander, flew to Saigon to give newsmen an account of the bombing.

De Puy absolved the Air Force of blame for what he called "this unfortunate napalming of our own troops."

He said the infantrymen called in air strikes "very close" to their own positions, but "we did not ask for napalm on our own troops."

★ ★ ★

De Puy said, "It was a rough battle in which we killed more of them than they killed of us, but not as many as we would have liked to have killed.

"As of now, we have 53 VC (Viet Cong) dead."

De Puy said the enemy toll would mount as his men pushed through the jungle area and found bodies of Viet Cong killed by repeated air assaults and artillery barrages.

Canada Rail Strike Starts; Talks Continue

4 Unions, 2 Lines Confer as 1st Effects Felt in Newfoundland

OTTAWA (AP) — A nation-wide railway strike in Canada began today as company and union negotiators returned to the bargaining table with no hope of averting the stoppage. First to walk out were workers at St. John's, Nfld.

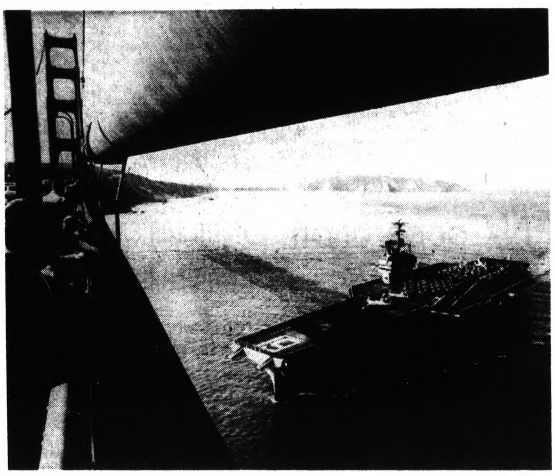
"There is no settlement," R.C. Smith, head of the International Nonoperating Unions, told reporters after a session with railway representatives at the Labor Ministry.

Separate bargaining sessions were held by the unions with vice president W. T. Wilson of the government-owned Canadian National Railways and vice president Duncan McNeill of the privately owned Canadian Pacific.

Representatives of the four unions, whose membership totals 116,000, met with the two railway executives.

★ ★ ★

The Canadian Parliament is scheduled to open a special session Monday and government sources said two bills were being prepared for immediate introduction. One deals directly with the strike and presumably would order the strikers back to work.



AP Wirephoto

USS RANGER'S BACK — The Aircraft carrier USS Ranger returned to San Francisco yesterday from her second tour of duty which involved 8,000 combat sorties off the coast of Viet Nam, including the first bombing raid against the North Vietnamese strategic oil depot at Haiphong. Relatives of the Ranger's crew lined the railing of the Golden Gate Bridge for a glimpse of their loved ones while loudspeakers blared the theme song from TV's "Lone Ranger" series.

5 Killed, 2 Hurt by Jilted Lover

NEW HAVEN, Conn. (AP) — Five persons were killed and two wounded early today when, police said, a man whose girlfriend had left him entered her mother's home with a rifle and began firing.

After leaving dead and dying in nearly every room of the six-room apartment of Mary McClease, the man walked out and drove off.

About four hours later, state police on the New Jersey Turnpike captured a man they later identified as the subject of a multistate alarm.

New Haven police broadcast an alarm for a goateed gunman.

DAVIS

Police said the alarm was for an Arthur Davis, but they identified the suspect as Willie J. Davis, 26, of New Haven, who has the nickname "Artie."

A loaded carbine and pistol were found in Davis' car. He was taken to patrol headquarters at New Brunswick, N. J., for questioning.

A woman, who had watched from her window as the killer left the apartment, said he wore a cowboy hat and seemed in no hurry to get away.

"He just walked along, swinging that gun with one hand," said Mary Menchacha.

Moments later, she said, a boy who had survived the bloodbath ran from the apartment screaming "Somebody please help me! Please help me! They're all dead!"

The shootings occurred in a city-run housing project in New Haven.

Besides Mrs. McClease, 51,

County School Budget OK'd

The Oakland Schools Board of Education yesterday adopted a 1966-67 budget which is triple the figure for last year — but property taxes to support the spending were increased by only .03 mill.

Key to accomplishment of this feat is the nearly $1 million which the federal government will contribute to the intermediate school district this year.

Projects totaling $999,478 have been funded under provisions of the Elementary and Secondary Education Act of 1965.

In comparison, property taxes are expected to net the district $407,776.

The tax rate was set at 15 cents per $1,000 of equalized valuation, three cents less than the limit set by the Oakland County Allocation Board.

Added to this levy is .25 mill for debt retirement.

With expenditures totaling $1,644,284, the board expects to

(Continued on Page 2, Col. 6)

Sunny Skies for Weekend

Sunny skies and warmer temperatures will invade the Pontiac area this weekend according to the forecast of the U. S. Weather Bureau.

FRIDAY — Mostly sunny and a little warmer today with highs of 75 to 83. Tonight will be fair with lows of 54 to 62.

SATURDAY — It will be sunny and slightly warmer tomorrow with highs of 77 to 85. Southwest winds will be 7 to 15 miles.

SUNDAY — Fair and warm with little temperature change.

GOP Braces for Right Wing

Conservatives May Seek Key Nomination

DETROIT (AP) — Michigan Republicans braced themselves today for a noisy right-wing assault.

Richard Durant, ultraconservative chairman of Detroit's 14th district was expected to stir up the party's fall nominating convention in Detroit.

★ ★ ★

"He's up to something," said a highly placed party source. "He picked up delegate lists recently—the only district chairman to do so."

High party officials and grass root Durant supporters said the fiery ex-John Birch Society member might get his name placed in nomination for a statewide party post — possibly that of lieutenant governor.

Such a nomination would serve no other purpose than to embarrass Gov. George Romney, both sides said.

"Durant couldn't muster

(Continued on Page 2, Col. 5)

Mull Bill to Authorize Reserve, Guard Call

WASHINGTON (AP) — The House Armed Services Committee is considering legislation that would authorize President Johnson to call to active duty an estimated 60,000 Reservists and National Guardsmen not now attached to units, it was learned today.

Sources said the committee is expected to vote early next week on the proposal—described as the House's answer to a Senate amendment—that would have given the President power to call up individual Reservists and Guardsmen with less than 24 months active duty.

★ ★ ★

The President had not asked for such authority.

The House rejected the Senate proposal — tied to the massive $58 billion defense money bill—by a vote of 278 to 3 yesterday.

★ ★ ★

Members then voted 381 to 1 for the appropriation bill and sent it back to the Senate.

Consumers Plans New City Center

A proposed new service center for "many Pontiac division operations of Consumers Power Co." will be constructed in Pontiac on a 27-acre site at the eastern edge of the city, if was announced today.

The site is a rectangular-shaped area south of Featherstone on the western edge of the Grand Trunk Western Railroad tracks.

Charles F. Brown, division manager, said rough grading work on the area would begin next week.

Brown said details of the facility and construction schedules would be announced at a later date.

★ ★ ★

Announcement of the site location follows by six months the sale by Consumers Power to the city of a two-story service building and adjacent property on the south side of Wessen.

CITY PURCHASE

Cost of that facility to the city was $589,930, including interest charges on an eight-year land contract.

Brown said the $110,000 grading operation was authorized to "coordinate" with work presently being done in the area by Oakland County engineers on the Clinton River drain project.

★ ★ ★

"It's a little early for such work under ordinary schedules," Brown said, "but with the county work in the area it seemed the logical time for us to do some preparatory grading."

He said a contract for the site work had been awarded to the Canonie Construction Co. of South Haven.

Conferees OK Car Safety Bill

Final Version Likely Next Week on 1968s

WASHINGTON (AP) — Senate and House conferees have reached agreement on a compromise auto safety bill that would require mandatory safety standards on 1968 model cars.

The conferees completed their work late yesterday agd said the final version would be ready for expected Senate and House passage next week.

One source said President Johnson plans a Labor Day weekend signing ceremony for the measure.

Sen. Warren G. Magnuson, D-Wash., chairman of the Senate conferees, said, "I believe that as far as it is possible legislativewise, this bill will make our cars safer."

Under the measure, the secretary of commerce would be directed to fix interim safety standards by Jan. 31 of next year for cars, trucks, buses and motorcycles, including imported vehicles. He could allow six months to a year for them to take effect but is expected to require them for 1968 models.

A year later, permanent standards would be established.

News Flash

NEW YORK (AP) — The stock market dropped again today to the lowest levels since 1964. Trading was active. At 2 p.m., the Dow Jones average of 30 industrial stocks was down 7.69 points to 784.68. (Earlier story, page C-9.)

'Dean' Title Changed

OCC Appoints 3 Provosts

Oakland Community College trustees last night changed the title of their chief campus administrators and appointed three men to fill the positions.

Named provosts were Stanley J. Hergenroeder, Highland Lakes Campus; Dr. H. Vaughn Whited, Auburn Hills; and Dr. Richard E. Wilson, Orchard Ridge.

The title was changed from dean of campus on the recommendation of OCC President Dr. John E. Tirrell, who said the new designation more fully describes the broad administrative responsibilities of the person in charge of a campus.

Tirrell has seen both of the college's original deans of campus, Dr. Joe U. Davenport and Dr. Jack R. Netcher, leave OCC to become presidents of other community colleges.

★ ★ ★

Upon another recommendation of Tirrell, the board last night increased the maximum salary of the top campus administrators from $18,000 to $20,000. The salary of each of the appointees was set at $18,000.

JULY DEPARTURE

Hergenroeder, 49, has been serving as dean of the Highland Lakes Campus since Davenport departed in July.

A Central Michigan University graduate, he holds a master's degree from the University of Michigan, where he now is working on a doctorate in community college administration.

Hergenroader, 700 Edgewood, Rochester, was dean of instruction at Lake Michigan College, Benton Harbor, before joining the OCC staff. From 1951-61, he served in top administrative capacities with U. S. Army de-

Would End Marches

Rights Agreement in Chicago

CHICAGO (AP) — A summit conference of civil rights and Chicago civic leaders today announced it had reached an open-housing agreement which would end marching demonstrations in Chicago.

* * *

Conferees, who included the Rev. Martin Luther King Jr. and Mayor Richard J. Daley of Chicago, said in a statement that the agreement calls for "a cessation of neighborhood demonstrations on the issue of open housing so long as the agreement is being carried out."

* * *

Ben W. Heineman, chairman of the special peace committee which brought about the agreement, said after the meeting that it was "unanimous and a giant step forward."

* * *

Dr. King said that he would defer Sunday's open housing march in Cicero. The planned march of 3,000 had brought assignment of more than 2,500 troops of the Illinois National Guard.

* * *

"To demonstrate our good faith," King said, "we will defer this march to Cicero. This does not mean we will cancel the march. It is postponed."

* * *

A civil rights march Thursday night drew little attention. Three weeks ago in the same neighborhood, a similar demonstration brought out white hecklers who stoned and screamed at the marchers.

* * *

The marchers, escorted by 150 police, made three stops Thursday night at real estate agencies in Chicago's Cragin section where they held brief prayer and song vigils. There was no trouble.

The fourth twilight march of the week is scheduled today in Gage Park, a Southwest Side neighborhood where demonstrations have been held twice previously.

* * *

Violent white reaction reached a peak three weeks ago in Chicago Lawn, adjacent to Gage Park, when King led a protest parade.

* * *

King, who will not lead today's march, was felled by a thrown stone. Several persons were arrested.

The attempt to resolve the open occupancy problem started Aug. 17 when King, Mayor Daley and others discussed the problems. City officials proposed a moratorium on the marches and civil rights proponents demanded that Daley enforce vigorously the city's fair housing ordinance.

A subcommittee was empaneled to propose specific suggestions.

* * *

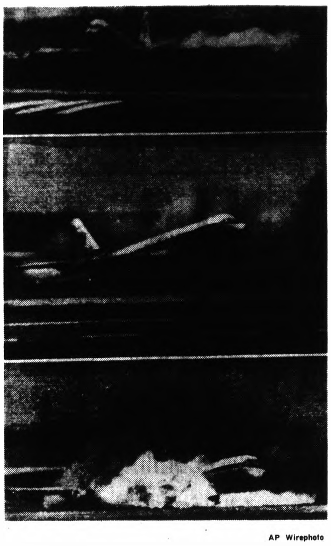
Elsewhere on the racial scene:

* * *

In New Haven, Conn., two Negro aldermen urged Mayor Richard C. Lee to establish a civilian police review board. They said the appointment of a Negro to a post of community relations officer within the Police Department was tokenism.

* * *

In Newark, N.J., the chairman of the Student Nonviolent Coordinating Committee, Stokely Carmichael, called for unity among black people everywhere. He spoke at a housing project and an antipoverty office. He received repeated applause as he urged "black power" and attacked the United States and its foreign policies.



AP Wirephoto

JET AIRLINER CRASHES — A Convair 880 commercial jetliner belonging to Japanese Domestic Airline crashes as it attempts to take off from Tokyo International Airport today. The plane was carrying a crew of five on a training flight. All five were reported dead. Pictures were made by amateur Japanese photographers Kunio Hara and Akiro Matsumoto.

Birmingham Area News

Motorcycle Firm Owner Is Determined to Remain

BIRMINGHAM — The owner of the only motorcycle agency in Birmingham intends to stay in business at his present location despite the city commission's announced intentions of moving him out next January.

Donald Gonczy, owner of the Vigon Rida Renta cycle agency at 784 S. Woodward, said that on advice of legal counsel, he will take to court any effort by the city to force him out of business.

The City Commission on Aug. 8 passed an ordinance banning motorcycle agencies from operating within 500 feet of a residential district.

* * *

The action was directed at the Vigon agency since it is the only one in the city. Gonczy said his business is located about 80 feet from a housing section and has been there since last March.

LICENSE EXPIRES

No action can be taken against the agency before January, according to city attorneys, since its city license is not due to expire before then.

Gonczy said the city is reacting to a problem residents in areas outside Birmingham have been having with motorcycles.

"We've had no such problems here," said Gonczy. "all of our cycles are off the streets by 8 p.m. and they're no more noisy than automobiles."

* * *

He said residents in the Birmingham area should remember that all motorcycles in the vicinity are not rentals from his agency.

TWO ACCIDENTS

He pointed out that only two of his renters have been involved in accidents both with cars and in each case the motorcyclist was found to be not at fault.

* * *

No court action is planned by his firm, he said, until the city actually orders him to leave.

* * *

"We have a long term lease here, and a lot of money invested in the building and the cycles. The City Commission has no right to move us out."

BEA, Board Reach Accord

Marathon Session Results in Agreement

Negotiating teams for the Birmingham Board of Education and the Birmingham Education Association (BEA) reached a tentative agreement this morning on a teacher contract for the coming school year.

The accord came at the conclusion of a 12-hour marathon bargaining session which ended at 4 a.m. Leonard Bennett, a member of the Michigan Labor Relations Board presided.

The mediator had been sent into the negotiations early this week by Gov. George Romney after more than seven months of contract talks had failed to produce a settlement.

* * *

It was the third marathon session this week for the two sides. They had met Monday with the mediator for eight hours and on Wednesday for nine hours.

RATIFICATION

Bennett said the contract will remain tentative until it has been formally ratified by the board of education and the BEA membership.

He said details of the accord will not be released until they have won final approval from the two groups.

The settlement ends a dispute that began early this year. Between 450 and 500 school system teachers staged a demonstration in the rain at a May school board meeting to emphasize their support for their contract demands.

* * *

On Aug. 18 the teachers gathered at Groves High School and reiterated a warning to the board made earlier this summer that they would not return to school this fall without a master contract.

DOORS OPEN

The Birmingham school doors are scheduled to open Sept. 8.

BEA president Phyllis Hassberger said the teachers will meet Sept. 1 to decide on ratification.

Schools Supt. Dr. John B. Smith said it was "a very good contract and one that I'm sure both the teachers and the board will approve."

* * *

He said the board would meet sometime over the Labor Day weekend to ratify the pact.

LBJ Asks Red N-Cooperation

ARCO, Idaho (AP) — President Johnson sounded a new call today for Soviet cooperation to lessen the threat of nuclear war.

Then he expanded that to a general plea for peoples to work together, on the theme that the American goal is justice for man, whether at home or abroad.

* * *

"Violence is one face of failure," he said in asserting that "our foreign policy must always be an extension of our domestic policy."

America, the President said, must wear the same face in Denver and Des Moines, and in Moscow, Peking or Hanoi.

"We are a great and liberal and progressive democracy up to our frontiers," he said. "And we are the same beyond."

For his approach to Moscow on atomic affairs, Johnson chose as his site the national reactor testing station here. The scene for his broader application of principles was Denver, Colo. Both speeches were released in advance of delivery.

* * *

Taking off from Washington this morning, Johnson set out on his second consecutive wide-ranging weekend of personal appearances, with dates at Arco and Denver, and tonight at Pryor, Okla. He visited five northeastern states last weekend.

* * *

In the address prepared for Arco, Johnson said the United States and the Soviet Union face the common task of searching for every possible area of agreement to lessen the chances of nuclear war.

Storm Tamers Await Faith

Hope Course Changes Will Allow Experiment

MIAMI, Fla. (AP) — Hurricane Faith, moving along the northern fringes of the Leeward Islands, moved tantalizingly close today to a target area where scientists hoped to make the first sustained effort to tame the terror of the tropics.

Chances still remained less than 50-50, however, that Faith's eye, circled by 80- to 90-mile winds, would edge across the boundary line into the region where she could safely be bombarded with silver iodide crystals. "Faith is not forecast to go into the area" said the Miami Weather Bureau's top storm forecaster, Gordon Dunn.

* * *

But Dr. Cecil Gentry, alternate director of the U.S. government's Project Stormfury, and other scientists clung to a hope that the hurricane would veer just a bit more northward and become their historic guinea pig.

* * *

Scientists from Washington and California converged on Florida Thursday night and today and kept a close eye on Faith's movements, ready to take off for the Stormfury base at Roosevelt Roads, Puerto Rico, on short notice.

EYE CHANGE

A swing from a westward course to a west-northwest track had raised hopes that Faith would wind up in the right spot. The switch spared the lower Leeward Islands and densely populated Puerto Rico from a direct blow by the storm.

Winds gusted at 50 miles an hour over the Dutch Island of St. Martin, in the upper Leewards as Faith moved past 30 miles to the north.

* * *

On the present track, the center of the storm would miss San Juan, the Puerto Rican capital city of 450,000 population, by 50 to 75 miles on the north.

The south side of the storm was the weakest. Hurricane winds struck out only a few miles in the southern semicircle and gale winds only about 100 miles. To the north, gale winds lashed out 300 miles.

* * *

Biggest danger to the upper Leewards, including the U.S. Virgin Islands, and to Puerto Rico would come from high seas and drenching rains.

GOP Braces for Battle

(Continued From Page One)

more than 150 votes by our account," the party sources said.

Durant has engineered moves to embarrass Romney in the past.

In the 1965 state convention he forced Romney to mount the rostrum and deliver an impassioned speech to block a conservative move to put the party on record as opposing a state-wide income tax.

Romney and Durant have feuded constantly since the time the conservative leader quit the Birch Society at the governor's insistence.

Party sources say said they thought Durant would launch an attack on Lt. Gov. William Milliken because he cannot attack Romney directly.

In order for Durant's bid to be taken seriously, however, he would have to capture a majority of the 1,508 delegates of the state convention.

* * *

Romney has won his party's gubernatorial nomination for third term in the August primary. Aside from a Durant challenge, Milliken appears unopposed for the renomination.

A top-ranked Negro Republican in state government, George Washington, apparently will be unopposed in his bid for the secretary of state nomination.

Washington, named last January as State Director of Administration, would have the task of trying to keep Democrat James Hare from winning a record seventh consecutive term.

Griffin Urges Crime Victim Compensation

WASHINGTON (UPI) — Sen. Robert P. Griffin, R-Mich., today proposed that Congress compensate the victims of crime.

His bill would aid the individual injured by criminal attack, as well as the "good samaritan" hurt while helping the victim, by making their medical expenses tax deductible.

The present 3 per cent limit of gross income would not apply.

The Griffin bill also provides a tax deduction for the amount of property lost through theft and which was not covered by insurance or other compensation.

Orbiter Does Job Without a Hitch

HAMPTON, Va. (AP) — Lunar Orbiter has been given 1,917 separate commands and "is doing a beautiful job of just what it is told to do" as it photographs potential landing spots for America's moon voyagers, a space agency spokesman said today.

The spokesman said officials were particularly pleased by the spacecraft's response to a command to move closer to the moon in an effort to get clearer pictures.

The spacecraft was ordered Thursday to lower its orbit to 25 miles from the moon. Tracking stations reported today it was 25.1 miles away. Its closest approach before the orbit was lowered was 30.7 miles.

This Burglar Plays Old Shell Game

A shrilling burglar alarm at a Bloomfield Township firm early today nipped in the bud a determined "inside job."

The escapist—a 35-pound snapping turtle — was caught by township patrolmen and company president Robert Armstrong on a window ledge at Al Hilde Taxidermy, 1920 S. Telegraph.

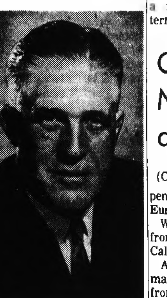
"He crawled all the way from the front of the store up over a pile of mounted African trophies to get at the window," said William Huffman, vice president.

Huffman said the turtle had been placed in a metal tub with a lid that was "weighted by anything we could find."

* * *

The husky captive pushed aside the obstacles however, and made for the lighted window at the back.

In reaching towards the window, police theorized, the turtle triggered the wired burglar alarm.



GOV. ROMNEY

Gov. Romney Visits Pontiac

GOP Candidates Tour Two City Plants

Gov. Romney and three other Republican candidates visited two Pontiac plants in a campaign tour yesterday afternoon.

With the governor were Jack H. McDonald, candidate for U.S. representative in the 19th District; Harvey Lodge, 17th District candidate for the State Senate; and Loren Anderson, state representative candidate in the 61st District.

The candidates arrived in Pontiac at 2 p.m. after stopping in Redford Township.

Their first visit was to the Pontiac Varnish Co. plant at 30 Brush where they greeted workers while touring the plant.

The candidates also shook hands with several shoppers and other passersby near the plant.

The next stop was the GMC gate at 660 E. South Blvd. at 2:30 p.m.

Candidates greeted and shook hands with several of the plant's employes as well as other persons in the area.

The group was forced to cancel a third stop at the Progressive Welder and Machine Co. plant at 915 Oakland, because the governor had to return to Detroit where he was scheduled to participate in the annual State Fair Parade.

OCC Board Names Three as Provosts

(Continued From Page One)

pendents' schools in Western Europe and Africa.

Whited, 40, will come to OCC from Foothill College, Los Altos, Calif.

A native of Jackson, he holds master's and doctor's degrees from the University of Michigan, where he is presently doing postdoctoral work in high education.

Wilson, 33, now is OCC dean of instruction. His appointment as provost of the campus, which is under construction, will become effective Jan. 1, 1967.

The other two provosts will begin their new duties Sept. 1.

Wilson holds a master's degree from Southern Illinois University and earned his doctorate in high education and sociology at Michigan State University.

Dog Warnings Issued to 1,469

Oakland County's Animal Welfare Division, in an intensive campaign this summer, has issued 167 violation tickets and 1,469 courtesy complaints to owners of unlicensed dogs.

* * *

Tickets are being issued by a three-man team of investigators making a door to door survey, according to Dr. Frank R. Bates, division director.

Purpose of this effort is both to enforce licensing and to provide greater control over rabies, Dr. Bates said.

The investigators follow up on courtesy complaints and, if persons fail to obtain a license, they receive a violation ticket.

* * *

These tickets must be taken to a justice court where an average fine plus cost assessment of $10 is levied. The violator must also produce his pet license in court.

* * *

Dr. Bates said that 22,000 licenses have been sold to dog owners this year to date compared to 16,734 for all of last year.

NATIONAL WEATHER—Tonight's weather will be rainy over parts of the Texas Gulf coast. Temperatures will be warmer in the middle Mississippi Valley, Ohio Valley and the Great Lakes. It will be cooler in the New England states.

5 Killed, 2 Hurt by Jilted Lover

(Continued From Page One)

those slain were all friends of her family: Neil White, 55, of Dover, N.C.; Richard Leathers, 27, of New Haven; and Caroline Sykes, 24, and her son, Michael, 5, also of New Haven.

One of Mrs. McClease's daughters, Francyne, 14, suffered a stomach wound and was reported in critical condition. Troy Sykes, 4, son of Mrs. Sykes, was wounded in the chin but was reported in satisfactory condition.

On entering the apartment, police had to step over the twitching body of the McClease family dog, which had been hit by a bullet.

* * *

The only persons in the apartment to come through the ordeal unscathed were one of Mrs. McClease's daughters, Leatrice McClure, 16, and Royal McClease, 12.

* * *

The survivors said Davis had been demanding for days to know the whereabouts of his former girl friend, another of Mrs. McClease's daughters, Gloria Baskerville.

Thieves Steal $100,000 in Cut Diamonds

DETROIT (UPI) — Two dapper thieves stole $100,000 worth of cut diamonds from a downtown store Thursday while clerks were busy with customers.

Police said the diamonds were in a rectangular, green lizard skin case. The two men were seen in the store and were noticed to have left about the same time the jewels disappeared.

* * *

Employes said the pair, both well dressed, had been seen in the store several times earlier in the week. The store owner estimated the loss at "at least $100,000."

Oakland Schools OKs New Budget

(Continued From Page One)

have an equity fund balance of $160,581 at the end of the fiscal year.

Besides federal grants and local taxes, the next greatest source of income is the state. This year, state sources are expected to contribute $196,050.

Instructional categories will account for most of the money spent by the board this year, with $1,325,508 allocated to these areas.

Largest single instruction item is $454,300 for a federally-funded language arts project to establish 49 model programs.

Taking another large chunk of the federal money — $348,628 — will be an educational media project.

Other major instructional items included $82,270 for the reading clinic and $49,090 for the library.

The board also intends to spend $355,362 for operations.

City Sign-Up Nears Cutoff

Tuesday is the deadline for Pontiac junior and senior high school students to complete their registration for the new year of classes.

Students can register at their respective school offices between 8 a.m. and 4 p.m. Monday and Tuesday.

Those in 10th, 11th and 12th grades must be prepared to purchase a $5 book card.

* * *

Any student who did not attend a Pontiac public school last year and all entering seventh and 10th grades will report to their schools at 8:30 a.m. Sept. 8 for the first day of attendance.

CLASSES BEGIN

Regular classes at the junior and senior high schools will begin at 8:30 a.m. Sept. 9.

All elementary school pupils except kindergarteners should report to school at the regular time Sept. 7 and Sept. 8. They will be released at noon on both these days. Their first full day of school will be Sept. 9.

Kindergarten teachers will register kindergarten pupils new to the district and confer with their parents Sept. 8 and Sept. 9.

* * *

All elementary schools will hold regular sessions for kindergarten through sixth grades beginning Sept. 12.

3 Duck Lake Landowners at Hearing

Only three Duck Lake property owners showed up for a public hearing yesterday with Oakland County Drain Commission officials to review cost apportionment of a lake level project proposed for the lake.

A low bid of $39,977 was submitted for the project which will involve sinking of a deep well.

* * *

The cost, which includes financing over a five-year assessment period, will average $1.62 per front foot per year.

Any property owners on the Highland Township lake who object to the assessment spread have 10 days to further review the cost with Drain Commissioner Daniel W. Barry.

The federal government is now using about 15,000 computers to process records.

Booster Explodes, Ruins Launch

CAPE KENNEDY, Fla. (AP) — A Titan 3 rocket exploded into a boiling fireball high over the Atlantic today, ruining an Air Force attempt to hurl eight military communications satellites into orbit.

The Air Force reported there was no immediate indication what went wrong with the big booster. The explosion occurred after about 80 seconds of flight and sent fiery debris falling into the sea off the Florida coast.

* * *

The failure was the first for the Titan 3, largest rocket in the Air Force arsenal.

The rocket was to have strung the satellites like a necklace around the earth's equator at an altitude of about 21,000 miles.

OCC Campus Financing Eyed

Oakland Community College now is beginning work on financing the first phase of construction at its Auburn Hills Campus.

College trustees last night told vice president-treasurer, James Hobson to apply for State Municipal Finance Commission authority to sell $12 million worth of bonds to cover the project.

The board is attempting to complete financing arrangements in time for the letting of construction contracts Jan. 15, 1967.

Plans for the new facilities are being prepared by Giffels and Rossetti of Detroit on design and development concepts prepared by Caudill, Rowlett and Scott of Houston, Tex.

In other business last night, the board approved a lease agreement with OCC President Dr. John E. Tirrell under which the Tirrell family will live on the Bloomfield Hills estate which also includes the college's administrative offices.

The 10-room George A. Bee residence will be leased to Tirrell for $175 a month.

Tirrell said he, his wife and their five children would move into the house soon.

County Bats 40 Pct. in Legislature

Oakland County's 15-point legislative program for 1966 was about 40 per cent successful, according to a report prepared yesterday by the legislative committee of the County Board of Supervisors.

* * *

A total of six bills endorsed by the county were passed by the legislature.

The other nine county-supported bills failed to pass but many of these could be reintroduced in the legislature's next session.

Among the bills passed was one permitting the County Community Mental Health Services Board to contract for services within budget limitations without approval of the board of supervisors.

Another authorized placing functions of the county planning department under the jurisdiction of the County Board of Auditors.

FAILING ISSUES

Issues that failed to pass included permitting the county Department of Public Works to operate a refuse disposal system and authorizing expenditure of school funds for safety devices on highways.

The legislative committee report will go to the board of supervisors Sept. 19.

PUT HEADS TOGETHER—Oakland Community College nursing student Kathleen Foster of 2578 Wendover, Bloomfield Township, helps Fritz Underhill of Clawson bait a hook at Camp Oakland. Through simple encounters like this, Kathleen and 31 other potential nurses found out how healthy children act at camps this summer. Their new understand will help them as they learn to deal with sick youngsters.

Swede Visits Pen Pal in City

Corresponding with people from abroad is a hobby for both Cindy Shafer and Per (Peter) Anders Hellke, her 19-year-old visitor from Goteberg, Sweden.

* * *

Cindy, 18-year-old daughter of Mr. and Mrs. Volney Shafer of 20 Moreland, has, in addition to Per, pen pals in Brazil, Luxembourg and England.

Besides Cindy, Per writes a girl in England. He used to correspond with a girl from Pennsylvania.

Per, who has been visiting here for about a month, plans to return to Sweden Sunday.

* * *

He will take back with him a vivid memory of Michigan and the United States.

BIG HIT

The ice cream sandwiches and corn-on-the-cob will be especially remembered. Unavailable in Sweden, they made a big hit with Per during his short stay in this country.

Per regards Americans as more outgoing and friendlier than his countrymen. He says Swedes are more shy.

Impressed with the size of our stores and heights of our buildings, Per said Pontiac's "skyscrapers" are higher than those of Goteborg, a city of some 450,000 people.

Per, who helped pay for the trip by working two months in the Goteborg post office, observed a marked difference between home design in the two countries.

OLDER STYLES

He said that Americans seem to like older styles while Swedes prefer more modern, contemporary homes.

According to Per, there is not as much difference in class distinction in Sweden. Most are middle-class.

The Shafers have given Per a pretty thorough inspection of Michigan, showing him tourist attractions in both peninsulas.

* * *

"It's just like home," said Per remarking on the similarity of scenery of Michigan and Sweden.

UNDECIDED ON CAREER

Undecided whether to pursue a career in architecture, journalism or meteorology, Per plans to serve one year with the Swedish cavalry after he completes his studies next year in the "gymnasium," the Swedish equivalent to our high school.

* * *

Cindy hopes to make a trip to Sweden in a future summer.

Until then, the two will continue to correspond and to exchange family movies and drawings in the mail.

Lisbon Jolted by Earthquake

LISBON, Portugal (AP) — An earthquake jolted the Lisbon area today, sending hundreds of persons into the streets in their night clothes.

It set chandeliers swinging and made window panes vibrate, but no serious damage or casualties were reported.

Electric Firm's Loan Approved

WASHINGTON (AP) — The Rural Electrification Administration has approved a $1.6 million loan to the Top O' Michigan Rural Electric Co., Boyne City, Mich.

Rep. Raymond F. Clevenger, D-Mich., in reporting the action, said the loan would finance construction of 140 miles of line to serve 1,500 new customers in 12 northern Michigan counties.

Students Study Healthy to Understand the Sickly

If you're going to treat sick children, you should know how youngsters act when they're in good health.

With this axiom in mind 32 Oakland Community College nursing students this summer assisted counselors at Camp Oakland, Echo Park Summer Day Camp, Roeper Summer Day Camp and the Salvation Army Sunbeam Camp.

Their aim was to "see how a healthy, active child looks and behaves," according to Mary E. Jensen, chairman of the OCC paramedical program.

* * *

Miss Jensen hit upon the camp counseling idea as she sought a training ground for the students who had had a year's experience with hospitalized patients and were ready to move into maternal child nursing.

COMMUNICATION

"This posed a problem," she said, "because, unlike adults, children often cannot communicate their discomfort. I was searching for a technique to enable the students to compare the behavior of a sick child with that of a healthy child."

The answer, she discovered, was to allow the students to interact with the children themselves.

"I contacted four camps in the county and was delighted to find the camp administrators as enthusiastic as I about having nursing students at the camps to assist and observe the children at play."

* * *

Miss Jensen noted that the success of the program has been "most gratifying."

"The experience the students have gained by being able to understand the normal, healthy child's behavior will be invaluable to them as they move on to deal with sick, frightened youngsters in a hospital setting," she said.

* * *

The OCC nursing program is a two-year course of study for which the student is awarded an associate degree and is qualified to take the state examination leading to licensing as a registered nurse.

Slingerlend: Probe Crime Statewide

LANSING (UPI) — Suggesting that certain Michigan industries and businesses are "controlled by organized crime," a Michigan lawmaker yesterday called for a statewide legislative crime investigation.

Rep. Robert J. Slingerlend, D-Lake Orion, submitted a resolution in the House asking for a 10-man crime committee to be given authority to "study and investigate alleged activities of undesirable elements of society permeating, and in some instances controlling, legitimate business activities within the state."

The resolution was sent to the House Policy Committee for consideration.

"Organized crime is one of the most scary internal threats this country has ever had," Slingerlend said.

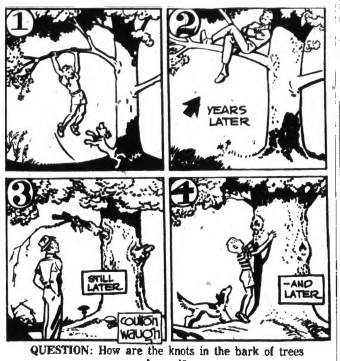
Junior Editors Quiz on TREE KNOTS



QUESTION: How are the knots in the bark of trees formed?

★ ★ ★

ANSWER: In (1) Bob swings happily from a flourishing tree branch growing out sideways from the trunk.

A tree trunk may be powerful, holding the tree up because of its strong wood structure inside.

But it was once just a thin little rod growing up toward the light. Think of tree growth in two ways.

First, there are stems growing out from their tips, all trying to get their leaves into the light.

Secondly, the trunk and branches get thicker because of new living layers (called cambium).

These form one after the other, between the bark and the interior wood. Look at (2): the tree is much higher and wider out of the picture, but the trunk and branches have grown a lot, too—so has Bob.

Years later (3) Bob comes back to look at the tree he used to love to climb in.

The branch he used to sit on has been so shaded that it has lost its leaves and is rotting away.

And even later, (4) there's only a hollow where the branch was: the growing bark has circled around it. That's how knots are formed in tree trunks.

FOR YOU TO DO: Ask yourself why, in (4), the tree has grown older and Bob younger? (Answer: that's Bob's son, George.)

Power Is Cut to 3.5 Million

SANTIAGO, Chile (UPI) — A short circuit caused when a boy came in contact with a high voltage line while attempting to retrieve his kite yesterday, cut power to 3.5 million people in three provinces of central Chile. The blackout lasted for an hour.

The boy, Daniel Vargas Marchant, 14, was in critical condition with burns.

Dems Vote to Double 'House' Term

When members of the State Legislature sneaked themselves a 25 per cent pay raise earlier in the year, taxpayers were anesthetized with prophecy of its attracting aspirants of higher caliber to legislative office.

But the lawmakers lost no time in demonstrating that they themselves had undergone no comparable upgrading when Tuesday the House voted 75-24 to lengthen the historical two-year term of members to four years.

★ ★ ★

Sixty-three of the "aye" votes were cast by Democrats, while but eight opposed. Nineteen Republicans turned thumbs down.

★ ★ ★

Although the measure itself reflects little credit on its proponents, its timing was an affront to voters. Instead of initiating the proposal before the Aug. 2 primary with predictable adverse effect at the polls for sponsoring incumbents, it was introduced after the event.

Actually, the House proposal has slim chance of becoming law — a law that would represent an amendment to the new constitution that went into effect in 1964. In the unlikely event that the Senate, where the bill now reposes, votes approval, it would still require the blessing of voters, presumably at the November 8 general election.

★ ★ ★

Although the constitution lengthened the term of State Senators to four years, it purposely left unchanged that of Representatives. It was reasoned that the two-year term makes incumbents more responsive to the will of the people and more quickly subject to removal if found unqualified.

★ ★ ★

We think the legislative philosophy thus reflected is sound and strongly oppose any tampering with it.

Future Air Travel Promises Pie in the Sky

The airplane appears to be doing to the ocean liner what it has already done to the long-distance passenger train.

As recently as 1957, the transatlantic passenger business was about equally divided between planes and ships. Then came the jets. Last year they handled 86 per cent of all transatlantic bookings.

Even stiffer competition is in store for the shipping lines. The emphasis in jets of the near future will be on providing more and more luxurious accommodations and amenities for passengers.

Although the giant Boeing 747 will be able to carry nearly 500 passengers, the company is planning on an average of 360, which leaves a lot of room for innovations in interior design.

Under consideration are such ideas as compartmentalization, with a small movie theater adjoining a library, a nursery, conference rooms.

★ ★ ★

Lockheed is thinking of slicing its L-500-1 into three decks with partitions to eliminate the feeling of being in a huge tunnel. A forward-facing lounge on the lower deck would give passengers a bombardier's-eye view of the passing scene.

There are as yet no plans for such things as swimming pools, ballrooms, shuffleboard decks or guided tours of the engine room. But don't rule them out.

Longshoremen Uncork Saigon Bottleneck

Thanks to a team from the International Longshoremen's Association, a bottleneck in the port of Saigon which impeded the flow of supplies to fighting men in Viet Nam has been pretty well cleared up.

Among other things, the ILA officials persuaded South Vietnamese dockmen to give up their traditional midday siesta and to accept an incentive system for the speedier unloading of cargoes.

"Such speed-up methods are going to haunt me when we sit down for the next contract," said the president of the ILA, with obviously mixed feelings. "But the country comes first."

Indeed it does, and our thanks to the ILA for its contribution to the effort in Viet Nam. Actually, there should never be a need to distinguish between the interests of dockworkers—or any other workers—and the national interest.

They ought to be identical.

Nixon Back in Bloom as GOP 'Guide'

By JAMES MARLOW
AP News Analyst

WASHINGTON — Richard M. Nixon, out of office almost six years and declining to say whether he has presidential ambitions for 1968, has made an almost incredible number of speeches and statements in 1966.

MARLOW

In the course of them the former vice president probably has given President Johnson more unsolicited advice than any public figure on how to win the war in Viet Nam.

This week he tried his hand at prophecy—or mind-reading — about Johnson and Sen. Robert F. Kennedy, D-N.Y. Both men reacted caustically.

Nixon says his only object in speechmaking is to campaign for Republicans seeking election this year.

★ ★ ★

But, since all this keeps him high in the Republican consciousness if he wants another try at the presidency two years from now, what are his thoughts about that?

'WON'T SPECULATE'

"I am not going to speculate on 1968," he says.

He seemed politically dead for a while, after he lost the 1960 presidential race and his try for the governorship of California in 1962, but he didn't stay mute long.

By the summer of 1963 he was back in full bloom explaining:

★ ★ ★

"As the last Republican presidential candidate, my role now is to try to guide the thoughts of the Republican party. I will make some speeches and do some writing."

It might have seemed the next losing Republican Presidential candidate—Sen. Barry Goldwater of Arizona in 1964—would automatically become the party "guide," replacing Nixon who had first criticized him and then campaigned for him.

SPEECHLESS

But Goldwater became practically speechless after his defeat.

Nixon moved into this vacuum and ever since has done more to stay in the public eye than any Republican around.

Nixon's speeches and statements range from Viet Nam to inflation. He has advice for Republicans on what their attitude on Viet Nam should be.

★ ★ ★

While he approves Johnson's goals in the Vietnamese war, he criticizes Johnson's way of trying to reach these goals, then advises him how to do it.

PUMPS UP HOPES

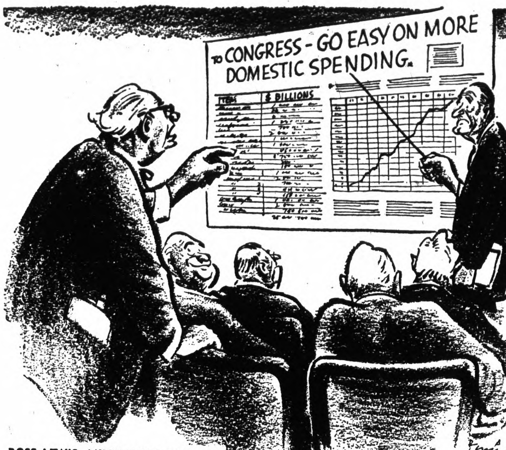
He keeps pumping up Republican hopes for this fall's congressional elections, although he is not always consistent.

Most of the time he says they will win 40 House seats but he also has said they will win only 30.

At the end of 1965 he was saying the Republicans were badly split. Now he says the Democrats are split, and not only over the war.

In May, he said Johnson and Kennedy were locked in a struggle for control of the Democratic party.

In July he was saying the Democrats are divided into two parties; one headed by Kennedy, the other by Vice President Hubert H. Humphrey.



ROSS LEWIS, MILWAUKEE JOURNAL

'Look, Mr. President, WE Are Up For Reelection This Year'

David Lawrence Says:

Congress Ignoring Strike Curbs

WASHINGTON — Congress seems indifferent to the need for legislation to find a way to protect the public interest against the huge losses resulting from strikes.

LAWRENCE

Notwithstanding the widespread criticism of the airlines strike and the many other interruptions of business that have inflicted tremendous losses on innocent bystanders, neither the Senate nor the House is inclined to do anything about it.

Plenty of resolutions and bills have been introduced, but the pressure of public opinion has not yet been felt in either house.

This is not surprising. It took 20 years or more for the late Sam Gompers, head of the American Federation of Labor, to get Congress to recognize by law the right of collective bargaining.

It so happens that just 20 years ago Fiorello LaGuardia who had been elected mayor of New York City on a fusion ticket, came out with a plan for the settlement of labor disputes that is as pertinent today as it was when first presented. Indeed, national labor-union power has expanded considerably ever since.

★ ★ ★

The LaGuardia plan called for the establishment of a separate court to be known as the U. S. Industrial Court. It was recommended that there be four such courts, located in different geographical sections of the country.

APPOINTED BY PRESIDENT

The judges of the courts would be appointed by the president from a panel of judges — selected and approved by the Supreme Court of the United States—already sitting in the courts generally. Appointees would be subject to Senate confirmation. They would have to be not over the age of 55 and to have had at least five years of judicial experience in a U. S. District Court or on a state court having unlimited civil jurisdiction.

Under the plan, there would be provided also an appellate court.

If management refused to abide by the decision of the industrial court, the law would provide that no deduction of labor costs would be permitted to a company for either corporate or personal income taxes. It would also be held liable for losses suffered by individuals or an organization because of the company's failure to comply with the decision of the court.

★ ★ ★

If labor, on the other hand, refused to abide by the decision, the workers would forfeit all rights of unemployment insurance and would not be entitled to the privileges and benefits provided where labor disputes exist.

DISLIKE RESTRICTIONS

Union labor naturally doesn't want any restrictions imposed. Management does not like compulsory arbitration. But if Congress waited for all sides to agree on any proposed measure, very little corrective legislation would be passed on any subject.

If public opinion asserted itself today, Congress would have to act, as the damage done by strikes has been dramatically illustrated in the last few years.

Bob Considine Says:

Here Comes Asteroid! Be Prepared to Duck

NEW YORK — Oh, by the way, there's an asteroid headed in our general direction. Will somebody drop a postcard to Orson Welles?

CONSIDINE

It is due to pass us June 15, 1968, at a distance of 4 million miles. But on this particular orbit around the sun the asteroid could be "perturbed," as we say in cosmic circles, by the magnetic influences of Venus and Mercury.

If so it might veer off its appointed path by a degree or two and cream the earth.

An astronomer in Australia fears it will; suggests that the U.S., Britain and the Soviet Union combine hardware and know-how to knock it down.

★ ★ ★

Its name is Icarus. It is 6/10ths of a mile in diameter, is cruising along at about 60,000 miles an hour, and may weigh about 20,000 million tons.

DETAILS

Little matters like this do not go unnoticed at the American Museum of Natural History. I rang up Dr. Franklyn Bramley and he filled me in with some details both invigorating and unnerving.

"It's about 3,000 feet in diameter at its widest known point, but we're still not sure it is a sphere," Dr. Bramley explained patiently.

"Meteor Crater at Winslow, Ariz. is about one mile across and 600 feet deep. The best estimate is that it was caused by a 200,000-ton meteorite. Icarus is 100,000 times heavier."

★ ★ ★

"They've come closer than Icarus's expected pass," he said.

"In 1937, Hermes, a lot bigger than Icarus, came within 400,000 miles of us. Nothing happened.

"If all goes well, we won't even be able to see Icarus with the naked eye. But, we'll know where it is and how close it passes.

"Right now — unless Venus and Mercury alter things — we can say positively that it will miss the earth by 4 million miles, give or take 150 miles."

The Australian who has been worrying about Icarus and proposing a defense against it, if it goes haywire, says it may strike the earth with the impact of 1,000 H-bombs.

★ ★ ★

If he is thinking of Russia's 100 megaton H-bomb that would mean Icarus would give us a whack equivalent to the punch of 100 trillion tons of TNT.

That might even be enough to crack us like an egg, or, worse, shake the Baltimore Orioles out of first place in the American League.

Smiles

Scientists seeking mysterious motivations for our various vices might consider just plain boredom.

After noting what litterbugs do to our parks, streets and buses you wonder what their homes are like.

Voice of the People:

Superior Nuclear Force Essential to Our Security

The road to world peace does not lie in the direction of disarmament, but rather in the posture of overwhelming nuclear superiority. This has been our successful strategy for the last two decades. Will we maintain this posture or will we go down the path to disarmament and oblivion?

The security and even the continued existence of the United States may depend on what we do within the next two years.

THOMAS S. POWER
GENERAL, U.S.A.F. (RET.)

Why Is Large Sum Being Held in Surplus?

The people of Waterford Township pay high school taxes and have voted to do so in order to provide well-trained teachers and adequate classrooms for their children.

★ ★ ★

I understand a half million dollars is being held in reserve. Why?

★ ★ ★

What emergency, not covered by insurance, could possibly justify that much money being held in surplus?

MRS. R. E. JACOBSON
DRAYTON PLAINS

Mobile Court Residents Proud of Neighbors

We think the person who signed the letter "Peace and Quiet" should investigate before passing harsh judgment. Having traveled extensively, and lived in many parts of the United States, we have never found a better class of people than those we call our neighbors here in our Mobile Home Court.

MRS. C. H. KITSON
MRS. IDA ADAIR

'City Employes Should Be City Taxpayers'

I think it rather strange that we taxpayers pay our city employes a good salary only to find out that they, in turn, live out of the city and pay taxes to another community.

Our city commissioners should see to it that all our employes live in the city of Pontiac and support the city that supports them.

ALFRED HENDRY
456 MONTANA

Pre-School Cooperation Asked of Parents

Parents, school will be starting soon. If you have children riding school buses, it would help if you would caution them about the danger of moving or standing when the bus is in motion; about putting heads, arms and hands out the windows; about screaming or throwing things in the bus or doing anything that might distract the attention of the driver.

★ ★ ★

Driving busloads of children is a big responsibility. Let the children know that when we correct them for something on the bus, it is for their own good.

★ ★ ★

Sometimes, it's a rough job. Sure, we get paid for it but there are times when we wonder if it's worth it. Mostly, though, we like the job and the children.

A SCHOOL BUS DRIVER

Urges Interest in 'Davidson Plan' for Pontiac

I agree with Vern McVerty. Why hasn't the Pontiac Press carried some articles on the University of Detroit study of Pontiac? It seems logical that the University of Detroit, combined with a brilliant, highly-educated architect from our own home town of Pontiac, Professor Don Davidson, would be more interested and familiar with Pontiac's situation than an outsider.

★ ★ ★

This man has a lot to offer. He has spent hours and hours of study and work just because he loves our city, and, this being his line of work, he wants to make a beautiful city we will all be proud of.

★ ★ ★

Why not give him a chance to reveal his talents? I hope the "Davidson Plan" will not be ignored.

MRS. F. DeGROOT
4769 SYLVESTER

Question and Answer

When tax exempt easement or dedicated parkway to a canal just more or less disappears when adjoining property owners claim part of this land, is it the tax assessor's duty to investigate?

DOROTHEA VIOLETT

REPLY

Deputy Treasurer Langdon says you would have to go to the Register of Deeds office and check the plat. If there is violation of dedicated easement or subdivision restrictions, it would be up to the subdivision property owners to take any action indicated.

Reviewing Other Editorial Pages

Differs in Degrees

The Atlanta Journal

"When you stop perspiring and begin sweating you know summer has really arrived."

A Pristine Pool

The Hartford Courant

It may seem paradoxical that one of the world's largest deserts rests over one of the world's largest water supplies. Huge natural reservoirs of water, enough to supply the metropolitan area of New York for 6,000 years are trapped beneath the arid surfaces of the Sahara.

★ ★ ★

This is now beginning to be studied for exploitation for the people living around the largest warm wasteland on earth. According to Dr. Robert Ambroggi, hydrologist, 13 countries with 148 million inhabitants share the arid territory of northern Africa. But the Sahara itself possesses in abundance the remedy for aridity. Huge quantities of water exist in rock formations below the desert sands, to sustain human settlement, pasturage for livestock and, in many places now barren, productive agriculture.

★ ★ ★

The fact that oases supplied by artesian wells have been flowing copiously since ancient times, has always testified to the fact of water under the Sahara. Part of the discovery is due to increased oil prospecting in the Sahara. Indeed, Dr. Ambroggi points out the Saharan oil supply can be the source of the energy needed to pump the water. Good soils are also available once they can be watered.

★ ★ ★

Dr. Ambroggi, writing in Scientific American, indicates vast underground reservoirs cross national boundaries. Most of the nations involved are facing economic difficulties, and their priorities of development are still focused on areas far from Sahara. But with some sense of cooperation in financing, the ground-water resources can be exploited on a total, Sahara-wide basis. If African countries can understand this, vast opportunities are open to them.

DOWNTOWN AND DRAYTON PLAINS

Two Issues Await Legislature

LANSING (AP) — Four-year terms for state representatives and whether to investigate threats against Atty. Gen. Frank Kelley are the major controversies awaiting the Legislature when it returns to Lansing next Thursday.

Lawmakers went home Thursday without either question answered as previous commitments dented the number of legislators on hand to work.

Main accomplishment of the week was development of a $9.2 million plan to grant extra school air — nearly half of it to Detroit.

The Senate approved the revised formula and the House is expected to follow suit next week.

But representatives, if their actions this week are any indication, will be spending much of their time on the Senate side of the Capitol drumming up support for four-year terms.

The House approved a constitutional amendment increasing the term from two to four years effective Jan. 1, 1967.

But the Senate Judiciary Committee could never gather a quorum to consider the issue. Even if it is approved by the necessary two-thirds of the Senate, the change would go to a public vote.

"If any more House members come over here, the Capitol is going to tip on its side," said one Senator, observing the lobbying of representatives.

* * *

The House withheld its permission for adjournment Wednesday in an attempt to force Senate action, but it yielded Thursday as the number of Legislators on hand dwindled.

4th Building Is Requested

Recommendation by Capitol Commission

LANSING (AP)—With three state office buildings now under construction in Lansing, a special commission is urging Gov. George Romney and the Legislature to start on a fourth.

* * *

The eight-member State Capitol Building Commission made the recommendation to Romney Thursday, saying the building is urgently needed to provide adequate space for governmental functions in the immediate future.

Now under construction immediately west of the Capitol building are a four-story Highway Department building, a seven-story general office building and a four-story unit earmarked primarily for the secretary of state and Revenue Department. It includes an underground parking lot for 2,000 cars.

* * *

The price tag on the development, due for completion in early 1968, is $29 million.

COST MORE

The commission, appointed by Romney, Lt. Gov. William Milliken and Speaker Joseph Kowalski, D-Detroit, also reported that the second phase of the capitol development project will cost $11 million instead of $9.5 million as planned.

* * *

Plans for that portion of the project have changed, said A.N. Languis, state building director. It includes the State Supreme Court building. Some thought had been given to flanking the Supreme Court with the state library and a building to house the State Historical Commission.

* * *

But there's not enough room for them, Languis said, and two four-story office buildings will be put there instead.

* * *

The commission also told Romney that state government offices now headquartered in other cities should be moved back to the downtown Lansing capitol development area.

Political Bug Bites Congress

WASHINGTON (AP) — Political campaigning is beginning to interfere with congressional business as the House and Senate wind their respective ways toward an adjournement still weeks off.

Despite Senate Republican Leader Everett M. Dirksen's contention that many members don't want to go home and discuss controversial issues with the voters, increasing numbers are going home—to campaign.

Many major issues remain before the two houses, however, and few congressional leaders anticipate adjournment much before mid-October.

For months many congressmen—especially the large batch of House freshmen—have been going home to campaign every weekend. Now they are beginning to extend their stays into the middle of the week as they step up the pace for remaining primaries and the Nov. 8 general election.

One quorum call Tuesday disclosed 76 House members not answering when their names were called. Some 52 members missed a key roll call on a possible Reserve callup Thursday.

And a mass exodus today was the major reason House leaders put off until next week the remainder of the debate on the administration's proposal to create a cabinet-level department of transportation.

The House is meeting today, but only to consider conference reports on an urban mass transit bill and a measure to pump more money into the home mortgage market.

The transportation department bill, which was crowded off Thursday's program by a long debate over calling up some Reserves and other aspects of the defense money bill, normally would be resumed today. The civil rights bill was debated on Fridays during the three weeks it was before the House.

The Senate has even more catching up to do. It has approved the water pollution, demonstration cities and packaging bills. But it still must consider the five appropriations bills plus a number of House-passed measures—higher education, food for freedom and civil rights—as well as the minimum wage increase now being debated.

Besides these adminstration bills, there also are such things as the House Committee on Un-American Activities' controversial bill to curb and punish the activities of some antiwar groups, a measure to carry out recommendations of a joint committee on congressional organization and proposals to curb rising interest rates.

Suspect Held on Charge of Body Looting

SAN JOSE, Costa Rica (AP) — The government says it is holding a man, Augustino Sanchez, on suspicion of having looted the bodies of 69 aviation cadets in the wreckage of a DC4 Argentine air force plane that disappeared last Nov. 3.

He is being held at Puerto Limon, officials said.

The Argentine plane apparently crashed in the Chirripo Mountains of Costa Rica while en route to El Salvador. The cadets were coming to the United States on a goodwill mission.

Sanchez was arrested several days ago after Orlando Bravino, father of one of the cadets, and Julio Domilsenko, both Argentines, accused him of having clothes, wristwatches and money belonging to the crash victims.

City Takes Financial Crisis to Community Leaders

By L. GARY THORNE

City Hall yesterday went to the people — civic, labor, business and industrial leaders — for an answer to Pontiac's financial crisis in municipal government.

Community leaders listened, asked clarifying questions and then requested further information.

No one suggested an immediate solution to the dollar drain as outlined by city officials.

The more than 25 citizens asked city administrators to weigh the relative revenue merits of the several alternatives available for resolving the city's financial bind.

* * *

Presented in capsule form by City Manager Joseph A. Warren, the city needs a minimum of $350,000 in added annual revenue to bring the wages of municipal employes up to the average of the metropolitan area.

DESPITE HIKES

More money for city employes is needed despite two general wage hikes totaling a half-million dollars granted in each of the last two years.

Warren said the city's financial crisis is in the general fund.

The general fund, supported by a charter limit of 10 mills, operates most city departments.

* * *

General discussion at yesterday's afternoon meeting centered on the two principle sources available for added revenue: a city income tax or a property tax hike.

City administrators were asked to update figures on what each of the two would net the city. Also, they are to project possible revenue from a full spread of the 20-mill levy permitted under state law if there is no local charter limitation on the tax rate.

Warren explained that cities not in Pontiac's position with a 10-mill charter limit on taxes for the general fund are governed by a state law that sets a 20-mill limit for general operating expenses.

Mayor William H. Taylor Jr., who presided over yesterday's meeting, called for a second session next Wednesday with the income projections to be prepared.

* * *

Taylor said the object of the meeting was to help people understand the city's problem. "Once that is accomplished, the commission hopes people will respond," added the mayor.

'ESPECIALLY STEEP'

Warren told the community leaders that the general wage spiral had been especially steep in government.

He said employe wages constituted 86 per cent of the $7.7 million general fund this year.

Citing the past wage boosts, the city manager said the first $5-million increase in the tax base, which again in 1967 is expected to move upward, would only match expenditures projected for this year.

* * *

Warren said the tax base this year fell $5 million short of projections, which left a $90,000 hole in the city's [illegible] picture.

'CAN'T KEEP UP'

Because of the charter tax limit, Warren said the respective $22 million increases in the city's tax base in 1964 and 1965 and the $15 million jump this year have not enabled the city to keep up in services or wages.

He pointed out that the general fund gained only $10,000 for each million-dollar

Piggins, Kelley Get Protection After Threats

DETROIT (UPI) — A staid Circuit Court judge is packing a gun these days, and Michigan's attorney general walks with a bodyguard at his side.

The fear for their lives because they have been threatened with death. They have been threatened because of a grand jury investigation that has touched more than a score of persons from the cop on the vice beat to a collection of reputed Mafia leaders.

Judge Edward S. Piggins is a one-man grand jury, a role permitted by a unique Michigan law which allows the circuit judges in any one county to initiate such an investigation. Atty. Gen. Frank Kelley asked for the current investigation.

Piggins' began his work with a directive to check on traffic ticket fixing in the Detroit area. In nearly a year's time he handed down indictments against 18 city policemen, the sheriff and undersheriff of Wayne County and various other public and private persons.

Then this week he indicted five alleged Mafia bosses and three of their associates.

ROLE EXPIRES

The threats are coming now because Piggins' role as a grand jury expires on Aug. 31. But Kelley has asked for another grand jury to carry on where Piggins will finish. The Wayne County Circuit judges are in the process of naming a new grand juror.

Piggins said he took out a permit for a concealed weapon after a telephone caller told him, "You better watch yourself. Someone is going to get you."

Piggins has also been assigned a city policeman to guard his life.

Kelley is being guarded by a state trooper and his home in Lansing is under police surveillance. He said he received a call last Sunday after he petitioned for another grand jury.

DEPARTS ON TOUR — President Charles de Gaulle of France salutes an honor guard as he prepared to leave Orly Airport in Paris this morning on a round-the world tour.

Major Speech Is Scheduled for Cambodia

PARIS (AP) — President Charles de Gaulle left today on an around-the-world trip, including a state visit to Cambodia whose leader, Prince Nordom Sihanouk, has been vociferously opposed to American policy in neighboring Viet Nam.

De Gaulle plans a major speech in the Cambodian capital, Phnom Penh, Sept. 1 in which he is expected to push his campaign for a united, neutral Viet Nam.

Whether he would condemn U.S. policy in Viet Nam from that rostrum was a matter of diplomatic speculation here.

He has been critical of it in the past but observers noted he was restrained about the situation while visiting the Soviet Union last spring.

* * *

The president, accompanied by his wife, flew from Paris in an American-built DC8 jet on the 22nd anniversary of the liberation of the city by French and American troops.

OVERSHADOWED

Although his 27,000-mile, round-the-world trip includes stops in Djibouti, French Somaliland; Addis Ababa, Ethiopia; New Caledonia; Tahiti and Guadeloupe, his visit to Cambodia — formerly a part of French Indochina — overshadowed the rest.

Besides stressing French interest in its old Southeast Asian empire, de Gaulle also plans a demonstration of France's interest in the new world of nuclear diplomacy.

4th Mishap at Intersection Injures 4, Two Seriously

Four persons are held at Pontiac General Hospital, two of them in serious condition, following an accident last night at a Commerce Township intersection.

The two-car collision, which occurred at Wise and Carroll Lake roads, was the fourth reported injury accident at that intersection this year.

The first of the mishaps claimed the lives of two Commerce Township sisters Jan. 4.

Hospitalized after last night's accident were Fredrick W. Britt, 44; his wife, Lois, 36, both of 367 W. Grand Traverse, Commerce Township; Mrs. Charles Watson, 54, of 435 W Beechdale, Commerce Township, and Michael L. Utter, 19, of 311 Eleanor, Highland Township.

Mrs. Britt and the Utter youth are reported in serious condition. Britt and Mrs. Watson were held for observation and are listed as satisfactory.

Oakland County Sheriff's deputies said the accident occurred when Utter, westbound on Wise, failed to observe a stop sign at the intersection and collided with the car driven by Britt.

* * *

Mrs. Watson was a passenger in the Britt car, as was the couple's 5-year-old son, William, who escaped serious injury.

PREVIOUS ACCIDENTS

The pattern of the collision duplicated previous accidents at the corner, where area residents have twice staged demonstrations in quest of a traffic blinker at the corner.

The required stop at Carroll Lake for Wise Road traffic is presently indicated by a "Warning-Stop Ahead" sign as well as a standard stop sign.

Sunny, Cool Seen for Area

Ol' Mr. Sun will direct his rays on Pontiac tomorrow as the Detroit Weather Bureau has predicted mostly sunny and continued cool weather for this area.

Highs will be 71 to 77.

Skies will clear tonight with temperatures remaining in the cool range of 50 to 55.

At 1 p.m. the temperature reading was 72.

Saturn Test Critical to U.S. Moon Plans

CAPE KENNEDY, Fla. (AP) — America's man to the moon program faces a critical test today with a powerful Saturn 1 rocket scheduled to hurl an unmanned Apollo spaceship three-quarters of the way around the world.

The aim is to qualify it for a three-man earth orbit flight in December.

The Apollo ship, equipped with everything except the astronauts and their sleeping couches, was to ride into space today under the massive thrust of the Saturn 1, the United States' most powerful rocket.

If all goes well on the 93-minute test and there are no other development problems, three astronauts will take a trip of up to 14 days in December to trigger an all-out drive to land men on the moon in 1968.

* * *

The Soviet Union launched an unmanned space laboratory weighing nearly two tons yesterday on an undisclosed mission to the moon, prompting speculation it might photograph the moon's surface or perhaps land an animal on the moon.

A Soviet satellite made a controlled "soft" landing on the moon in February, four months ahead of the United States.

The latest Soviet vehicle, Luna 11, weighs more than four times as much as the 850-pound American Lunar Orbiter, which is now taking pictures of potential astronauts landing sites on the moon.

Senate Unit to Make Last Effort on I-696

LANSING (AP)—The Senate Highways Committee will meet with Roseville city officials Monday to try and resolve part of the I-696 freeway routing controversy.

* * *

The meeting is part of majority Democrats' plans to make a last-ditch try to solve the lengthy dispute before resorting to binding arbitration.

Gov. Romney called in Macomb and Oakland County legislators yesterday to push his arbitration plan, but Democrats were not convinced.

"Before this right of the people in local communities is snuffed out," said a Democratic statement, "the Legislature feels that it is incumbent upon it to be certain that all possibilities of local agreement have reached a complete dead end and that the final deadline has been reached."

* * *

Romney is worried that $140-million in federal aid for the 18.1-mile freeway strip might be lost by delay.

NEGATIVE RESPONSE

Sen. Sander Levin, D-Berkley, said he asked Highway Director Howard Hill at the closed meeting if a delay of several weeks could lose the money. Levin quoted Hill as saying "no."

The 15 communities involved in the routing have been unable to agree, although 13 said they'd agree to binding arbitration.

Main dissidents are Roseville and Pleasant Ridge.

LI'L ONES

"The way I understand them, the birds and the bees made me."

'Wheeling It' Starts Friday in The Press

"Wheeling It," a new column about everything automotive from hot rods to motorcycles, will appear weekly in The Pontiac Press beginning tomorrow.

"Wheeling It" is directed to young people and their vehicles, sedans, sports cars, racers and motorcycles, fast becoming status symbols of the young generation, according to the column's writers Bob Cochnar and Dave Burgin.

Whitmer Plan Backed

DR. DANA P. WHITMER

The Pontiac Board of Education last night gave enthusiastic endorsement to Schools Supt. Dr. Dana P. Whitmer's concept of developing a human resources center in the southeast quadrant of the city.

"This is probably one of the most positive, progressive steps ever taken by a school board in the city of Pontiac," Board President Monroe M. Osmun said commending Whitmer for his preliminary work on the project.

The action taken last night, placing the idea officially before the school board and the public, follows months of background study on development of the concept.

Whitmer sees the educational park as a means of providing city residents with the ingredients of the "good life." which have been slowly fading from the American urban scene.

* * *

Initially, the center would replace 63-year-old McConnell Elementary School. However, Whitmer includes in his concept provision for pupils from Wilson and Central elementary schools, which soon will have to be abandoned.

RELATIVELY LARGE SITE

The complex of buildings on a relatively large site would provide facilities for the regular day school program as well as community school activities and

(Continued on Page 2, Col. 3)

School Lunch Prices Raised

prices was reflected in a Pontiac Board of Education decision last night to increase by five cents the cost of hot lunches for pupils and teachers.

Charges for the 1966-67 school year will be 35 cents for elementary and secondary pupils and 50 cents for teachers.

Assistant Schools Supt. Richard C. Fell noted that an increase in the cost of food has been accompanied by a decrease in U.S. surplus commodities alloted school districts.

The Pontiac School System attempts to maintain a hot lunch program balance to cover one month of operation, Fell noted.

* * *

However, the $28,000 balance at the end of the 1965-66 school year fell $40,000 short of this mark, he said.

HIGHER COST

Fell estimated that this year's hot lunch program will cost $100,000 more than last year's.

Hot lunch charges in the Pontiac district have been lower than those in the majority of Oakland County school districts, he noted.

MAKE OVER PAGES

State Senate Okays School Aid Proposal

LANSING (AP)—The Senate approved a $9.2-million school aid plan Tuesday which will channel more money to every district in the state—but nearly half of it to Detroit.

House Speaker Joseph Kowalski, D-Detroit, said House Democrats would vote for the plan next week after the procedurally required five days have elapsed.

The action will avert what Detroit school officials had claimed would be a budget crisis in their district.

After lawmakers had worked all day developing the plan, it almost failed in the Senate when six Democrats were absent or abstained. But Sen. Robert Richardson, R-Saginaw, finally joined two GOP colleagues in voting for the plan to give it the 19th vote required for passage.

VOTED 'NO'

Seven senators, all Republican, voted "No."

* * *

Each district in Michigan will get an additional $2.50 in state money for every pupil as the per-pupil allowance is raised from $278 to $280.50.

* * *

An ancillary program which gives extra aid to districts with abnormally high local taxes will be liberalized.

The per-pupil increase will cost $5 million, with some $750,000 of it going to Detroit. The extra-aid program will cost $4-million, with $3.5 million of it going to Detroit.

SALARY AID

An additional $215,000 will be distributed statewide for salaries of teachers in special education.

Detroit, claiming a $12 million budget shortage for the coming school year, sparked development of the additional aid program.

* * *

But money had to be provided for other districts in order to get enough votes from outstate and suburban legislators to approve the program. Once the extra money was added, opposition to helping only Detroit began to melt away.

* * *

A legislative declaration that the state pays school employer social security taxes freed $8-million for Detroit earlier.

NO INDICATION

There was no immediate indication whether Gov. George Romney would approve the $9.2-million program.

He had asked for a formula revision channeling $4.5 million to Detroit alone.

Kowalski's statement said that Democrats were assuming Detroit voters will approve a five-mill increase in property taxes in November. He called Romney's plan "a crass political proposal."

Rental Racket Charged to 2

An Oak Park man and woman, charged with obtaining money under false pretenses in a rental racket, both are free on bond awaiting a Sept. 19 examination.

Jack Wein, 30, and Nancy Staley, 21, both stood mute at their arraignment yesterday before Oak Park Municipal Judge Burton R. Shifman.

Bond of $2,500 was set for Wein and one of $100 for the woman. Both gave their address as 15000 Burton, Oak Park.

Simultaneous renting of a house in Oak Park to three different parties was the basis for a warrant issued by the Oakland County Prosecutor's Office.

Prosecutor S. Jerome Bronson said that information given to police indicated that Wein had been successful with the same operation involving several homes.

County Hears Pleas for Pay, Staff Increases

Pleas for salary hikes and more personnel were made yesterday by the final group of Oakland County department heads called to a preliminary hearing on the 1967 salaries budget.

Each of the eight departmental representatives cited a need for pay raises at the hearing before the personnel policies committee of the County Board of Supervisors.

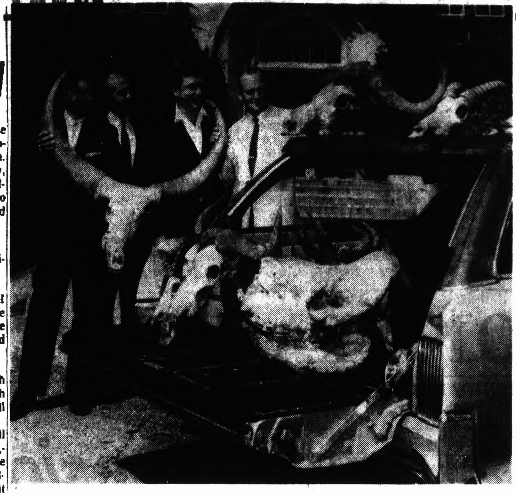
Six of the eight asked for added personnel with Probate Court seeking the most new workers, a dozen.

The committee will meet again next Tuesday to evaluate the requests of all departments before preparing recommendations on salary adjustments and personnel increases to the supervisor's ways and means committee.

London Police Chase Gunmen

LONDON (UPI) — Unarmed London police today battled four masked, gun-toting gangsters in a high-speed chase through city streets. However, none of the four was believed to be suspected cop killer Harry Roberts.

The fight began as a special armed police squad stood ready to pounce after the first probable sighting of Roberts, accused of shooting down three unarmed policemen 13 days ago, in London's "square mile of sin" — Soho.



SAFARI TREASURES — Big game hunters Howard H. Fitzgerald II (left), publisher of The Pontiac Press, and Dr. James M. McHugh (right) of 32205 East Lady, Bloomfield Hills, present some African trophies to Dr. George A. Petrides, MSU professor of wildlife management and zoology, for the university's museum. The animal skulls were obtained during an African safari earlier this year.

2 Area Big Game Hunters Aid MSU's African Trove

Two Pontiac area men, with a yen for big game hunting and African safaris, have added an impressive collection of research materials to Michigan State University's Museum.

* * *

The two men are Howard H. Fitzgerald II, publisher of The Pontiac Press, and Dr. James M. McHugh, 32205 East Lady, Bloomfield Hills.

The pair this week donated skulls and skins of animals and birds caught earlier this year on a safari in Kenya, Africa.

Fitzgerald and McHugh, who spent from Jan. 3 to Feb. 15 in the field, enlisted the aid of experts from a museum in Nairobi in capturing the animals and birds for the museum.

* * *

Most of the birds were captured with a mist net, according to Fitzgerald, which permitted those not wanted by the museum to be released.

'FINEST EVER'

Museum director Dr. Rollin H. Baker called the Kenya collection "the finest of its kind we have ever received."

* * *

"It demonstrates," he said, "how effectively private citizens can contribute to the education at MSU."

Included are skulls of several animals that may soon be extinct: the boran cow, a primitive domestic animal of pure breed that will soon be crossed with the Brahma, an Indian breed; the kongoni and gnu, two kinds of antelope whose numbers have sharply diminished in many regions of Africa.

In addition to skulls of leopards, African buffalo, rhinoceros, zebra and impala, the collection includes 279 skins of birds and such small animals as the lemur, a tree-living creature of nocturnal habits related to the monkey.

* * *

All skins were prepared and stuffed in Kenya by a Kikuyu native who spoke no English.

* * *

The Kenya collection will be added to teaching and research materials at the museum.

Whitmer's Center Plan Is Endorsed

(Continued From Page One)

services of other public agencies.

A stabilizing factor in the racially integrated neighborhood, the center would give people the kind of educational and cultural opportunities that enhance the good life, Whitmer said.

"We are considering not just an educational facility, but a plan for the entire southeast quandrant of the city," he said.

* * *

For this reason, the school board will seek the cooperation of the City Commission to make the project a joint one.

TO SEEK FUNDS

An effort will be made to obtain planning funds from a foundation — and city, state and federal cooperation will be sought throughout development of the idea.

Also an integral part of the planning will be the backing of individuals and groups in the community.

Whitmer said much of the success of the program will depend on the residents' having "psychological ownership" of the complex.

* * *

"The best way to accomplish this is to have them as partners in its development," he said.

FEASIBILITY STUDY

The Pontiac School District Citizens Committee on Human Relations has endorsed the concept, contingent on a feasibility study.

School officials will spend the next three months explaining the idea and attempting to win community support for it.

Whitmer's proposed timetable calls for a planning director to be employed by December.

His six-month study would result in a master plan for the area, a location for the educational facility, specifications, financing and other recommendations.

'HIGH TIME'

Mrs. Lucille Marshall moved that the board endorse Whitmer's concept and authorize him to proceed with his plans.

"It's high time we stepped up with something that meets the needs of our city, regardless of whether it's been done before," she said.

Supporting the motion, William H. Anderson commented that the plan is "new, different and far-reaching."

* * *

"We're grabbing for the stars," he said, "but I think we have to start grabbing."

Southwest Flood Loss in Millions

By The Associated Press

Losses running into millions of dollars became evident today as massive cleanups began in flood-stricken areas around Dell City, Tex., and Carlsbad, N.M.

Skies cleared, easing threats of more rain in sectors still caked with mud and not completely drained.

All major highways were reopened after two days of virtual isolation for Dell City in particular. At least part of the telephone circuits were repaired.

The death toll from Monday's flooding stood at four, all in New Mexico. Two persons drowned, and two were killed as a station wagon skidded off a wet road.

Texas Highway Patrol Capt. Jerry Miller estimated damage to houses in Dell City would amount to a minimum of $2 million. Of the 250 persons forced to evacuate when water rose to six feet, only a few spent Tuesday night in schools. The others returned to their homes.

Crop losses promised to be staggering. Farm experts reported flood waters pouring off the mountains close by damaged thousands of acres of crops. These sources said 30 to 35 per cent of the various crops were destroyed.

At Carlsbad, in southeast New Mexico to the north of Dell City, Mayor Robert Boyd said more than 100 dwellings suffered heavily. New Mexico Gov. Jack Campbell quoted a preliminary survey indicating $100,000 damage to public facilities around Carlsbad.

FDR Jr. to Quit New York Race, Aides Report

NEW YORK (AP) — Franklin D. Roosevelt Jr., plans to withdraw today from the race for the Democratic nomination for governor of New York, his top campaign aides reported.

The 52-year-old son of the late president scheduled a news conference for 2:30 p.m. to make "an important announcement."

The two other announced candidates for the nomination are upstate businessman Howard Samuels and New York City Council President Frank D. O'Connor.

Accident Proves Fatal

MOUNT CLEMENS (AP) — Injuries suffered Monday in a two-car accident near his home proved fatal Wednesday to Harold E. Elliott, 49, of Fair Haven.

McDonald Foe Asks Recount

Kuhn Points to Tally in Redford Township

Richard D. Kuhn, who finished 1,071 votes behind Jack H. McDonald in the Aug. 2 primary race for the 19th Congressional District Republican nomination, filed yesterday for a recount.

* * *

Kuhn's petition asks for a recount of all 49 precincts in Redford Township where McDonald is township supervisor.

Filed with the petition was a fee of $245 to meet the specified $5 per precinct recount assessment.

Kuhn said his decision for the recount was based on the fact that he was credited with less votes in three Redford Township precincts he sampled than the number of affidavits of support he possesses for these areas.

* * *

Cited in his petition filed with State Election Director Robert Montgomery were four alleged vote counting errors:

* * *

- Counting votes improperly cast by absentee voters.
- Counting those improperly marked or void because of distinguishing marks.
- Votes in the precincts using voting machines were incorrectly read, recorded and returned by the election inspectors.
- Counting votes improperly cast by improper and illegal procedures.

2,200 VOTE LEAD

Kuhn, who polled 12,079 votes to 13,150 for McDonald, said election returns indicated he had a 2,200 vote lead before the Redford Township count came in.

* * *

The State Board of Canvassers will determine when the recount will occur.

Parks Group Asks Cut in Vote Millage

Oakland County's Parks and Recreation Commission yesterday voiced opposition to the Nov. 8 millage proposal for park funds and asked that it be cut to 25 per cent of what is proposed.

Last week the County Board of Supervisors authorized a vote on a half-mill levy over 10 years which would raise from $13.5-million to $15 million.

* * *

The board's action concurred with a recommendation of the supervisors' ways and means committee which had upgraded the original one-quarter mill over five years proposed by the parks and recreation commission.

But now the parks and recreation commission has unanimously agreed to pursue its original proposal which would raise about $3.5 million in tax money.

The commission will meet again with the ways and means committee and hopes that a recommendation for the lower levy can go to the full board Sept. 19.

* * *

Members of the parks and recreation commission feel that land for 15 to 20 parks can be acquired by the lower levy and that half of these sites could be developed.

Service for Faubus Kin

HUNTSVILLE, Ark. (UPI) — Funeral services were scheduled tomorrow for John Samuel (Sam) Faubus, father of Gov. Orval Faubus who died yesterday after a long illness. He was 78.

Birmingham Area News

School Bargaining Talks Longer, More Frequent

BIRMINGHAM — Contract negotiations between the Birmingham Education Association and the board of education bargaining teams are growing longer and more frequent as the Sept. 8 school opening date grows closer.

The two sides met Monday night in an eight-hour session presided over by a member of the Michigan Labor Relations Board.

The labor mediator was not sought by either side but was sent into the negotiations by Gov. George Romney.

Talks resumed yesterday in a nine-hour meeting. Don Cameron, BEA executive secretary, said several fringe issues have been resolved but that the two sides still have not settled on a salary schedule.

* * *

Cameron said salary proposals of the two teams are getting closer together and that he was optimistic that an accord might be reached within a week.

TEACHERS' STAND

The teachers have stated they will not return to work this fall without a master contract.

Talks will continue this afternoon in what Cameron said would probably be the longest negotiating session to date.

BLOOMFIELD HILLS — Dr. Robert T. Hatt, director of the Cranbrook Institute of Science, and Michael V. Butler, the institute's curator of physics, will attend a Conference on Museums in Education, slated for all of next week at the University of Vermont.

The conference is sponsored by the Smithsonian Institution under a grant from the U. S. Office of Education.

Thirty representatives of major foundations, scholarly societies and educational services have been invited to attend, along with seven members of the Smithsonian staff and two representatives of the Office of Education.

Butler will deliver a talk entitled 'Gawk or Think" to express the Institute of Science's attitude toward programming museum visits.

* * *

Dr. Hatt will serve as chairman of a half-day session on testing the effectiveness of museum programs.

Sen. Murphy Due to Undergo Surgery

LOS ANGELES (AP) — Sen. George Murphy, R-Calif., was scheduled to undergo surgery today on a vocal cord that spokesmen for the senator said may have a possible early malignancy.

* * *

He entered Presbyterian Hospital Wednesday. Last week, a surgeon scraped Murphy's vocal cords to remove scar tissue.

* * *

Murphy, 64, said last week he had exhausted his voice on speaking tours but planned to make scheduled appearances in the fall.

The Weather

Full U. S. Weather Bureau Report

PONTIAC AND VICINITY — Increasing cloudiness this morning becoming mostly cloudy this afternoon, highs 70 to 76. Clearing and cool tonight, low 50 to 55. NATIONAL WEATHER — Tonight's weather will be mainly in scattered parts of the south Atlantic Coastal states and the Rockies. It will be warmer in the northern Plains and the middle and upper Mississippi Valley.

City Asks Community Help

(Continued From Page One)

hike in the tax base. He said the cost of one additional patrolman or firefighter was $9,500 per year.

"All our services are at an austerity level," Warren told the community leaders.

The city manager said there was a daily demand for new and better services from "every quarter."

LISTS ALTERNATIVES

Listing the alternatives for obtaining more revenue, Warren said there can be a city income tax identical to the one rejected last year by the voters, a property tax increase, or a cutback in services. The latter would provide funds within the eixsting financial structure.

The city manager estimated 75 people would have to be laid off to provide funds for the needed wage hikes.

After pointing out that the commission last year thought the income tax was the best means to provide added municipal revenue, Taylor said, "We tried to show the city's problems. We can't do it alone, we need the help of our leaders."

Warren said the commission would have to act Sept. 6 to prepare a ballot proposition for the November election.

* * *

Several civic leaders yesterday thought the time was insufficient before November to adequately study the alternatives and wage a successful campaign for any added taxes.

However, others felt the large vote expected in November might be more favorable for a tax increase.

Simms, 98 N. Saginaw St.

Discounts on Nationally Advertised Drugs at SIMMS This Weekend

PULLING FOR SAFETY — Mr. and Mrs. Raymond Aguilar of Artesia, N.M., hang on to a rescue hope thrown to them in a flooded arroyo at Artesia this week. Their small foreign car floated down the channel for some distance when caught in floodwaters. The couple, terrified but unhurt except for cuts and bruises, was hauled to safety by rescuers.

Viet Election Pits Prestige of LBJ, Ho

By GEORGE McARTHUR

SAIGON, South Viet Nam (AP) — Their names are not on the ballot, but in a way Lyndon Baines Johnson and Ho Chi Minh will be staking their prestige on the way South Viet Nam's election turns out.

The Johnson administration — through Vice President Hubert H. Humphrey — has predicted that 75 per cent of the voters will go to the polls Sept. 11 despite Viet Cong threats. The Viet Cong, by radio scorn and acts of violence, is trying to warn people away from the ballot boxes.

As some of the diplomats in Saigon see it, the United States has put much of its prestige on the line through persistently pushing the elections while the South Vietnamese government was reluctant about them.

Technically, the five million registered voters of the South will have an opportunity to vote Sept. 11 to name an assembly, which will write a new constitution. The assembly will have no other duties and its work will be subject — directly and indirectly — to the dominant influence of the military regime by Premier Nguyen Cao Ky.

QUITE POSSIBLE

It is quite possible, as Ky and the United States insist, that the election will be a genuine step toward the beginning of representative democracy. It is equally possible that it will be viewed in this light by many Vietnamese.

However, two decades of guerrilla war make it questionable that peasant voters generally will disregard Viet Cong threats.

That is what Ho Chi Minh evidently is banking on.

Communist cadres throughout South Viet Nam have received the word from Hanoi and the clandestine radio of the liberation front: Go all-out to harass the electoral processes, intimidate voters and candidates, brand the election an American comedy and Premier Ky as a puppet.

BIG PUSH

The Ky government, on the other hand, has made the decision to push for a big turnout, and to protect the 5,238 polling places. As the election nears, U.S., Korean and Australian military forces will shoulder most of the fighting while about 600,000 South Vietnamese soldiers, militia and police concentrate on the elections.

Analysts feel that the Communists will concentrate their efforts during the campaign period and that election day itself could pass calmly.

* * *

In the cities — which contain perhaps 20 per cent of the voters — the Communists probably will have little success. But in many lightly held areas of the countryside, their threats go a long way.

A few terrorist killings can go farther. The relatively insignificant defeat of a village militia force can have even more effect in the immediate area.

WITHIN CAPABILITY

All this is easily within the capability of Communist forces, which number almost 300,000 organised fighters and more sympathizers.

* * *

Under the circumstances prevailing in Viet Nam, many observers would applaud if even 60 per cent or so voted in genuinely free elections. After all, these people say, any vote at all is an acceptance of democratic processes and as long as a majority favors democracy over communism, there is hope.

If 75 per cent turn out, and if the elections are freely conducted, the Ky government will have scored a significant victory.

Government cadres and propaganda teams are already combing the provinces to stir up enthusiasm. Province and district chiefs have been holding meetings for several weeks. The response thus far has been lukewarm.

* * *

The candidates themselves don't appear to have much vote-getting appeal. Of the 542 now on the ballots — for 108 seats in the constitution-drafting assembly — only a few are well-enough known to stir up much interest.

On Steak, Sausage

Does OK Alone at 101

BOSTON (AP) — George V. Kenyon-Ashendon just turned 101 years old but he insists on living alone and doing his own cooking.

"Steak and sausage — my future is right here," he said at his two-room apartment in Boston's South End.

* * *

He downed eight sausages for breakfast and was preparing chicken wings for dinner.

Ashendon worked around Boston as a freelance photographer until he retired on old age assistance.

State Boy Drowns

GRAND RAPIDS (AP)—A fall from a boat in the Thornapple River near here cost the life of David J. Stahel, 7, of Ada, who drowned.

Average Wife Mysterious, Biggest Puzzle to Husband

NEW YORK (AP) — The biggest puzzle to a husband is his own wife.

Looked at impersonally, the average wife doesn't appear particularly mysterious.

* * *

An ordinary wife, as a matter of fact, doesn't seem very mysterious to any man unless he happens to have wed her himself. It is fairly easy to figure out the other fellow's wife. It's only his own wife that obfuscates a man, be he psychiatrist or bricklayer, stockbroker or bank robber.

BOYLE

INFORMAL POLL

An informal poll of a nondescript group of husbands asked: "What puzzles you most about your wife?" It produced these answers:

"Why she always has to be the first gal at a cocktail party to kick off her shoes."

"Why she wants me to get bifocal glasses but wants contact lenses for herself."

* * *

"Why she only butters the center of our breakfast toast. I like it buttered all over. I've been telling her that for years."

"Why she thinks I should have to give her four weeks' warning if I'm going to bring anyone home for dinner."

LOVE LETTERS

"Why she saves all my old love letters."

"Why she only doles me out six bits for lunch, when everybody knows you haven't been able to get a decent lunch for that in Manhattan since 1942."

* * *

"Why she always makes me lick the stamps for our Christmas cards. The Lord knows she's got as big a tongue as I have — probably bigger."

"Why every time I come home with a stray hair on my coat she wonders out loud if I'm keeping up another woman in a love nest."

ZIP DRESS

"Why I always have to zipper up the back of her dress when we go out in the evening. Single girls seem able to do this by themselves."

"Why she thinks the gal next door got such a bargain in her husband. Anybody in the neighborhood will tell you the guy's a jerk."

* * *

"Why, when we split up the Sunday newspaper, she always demands the section I happen to want to read first."

"Why she thinks she knows how the government could balance its budget when she can't even keep ours in kilter."

EVENING OUT

"Why she'd rather go out in the evening, even to watch a blood transfusion or attend the opening of a delicatessen, than stay home and watch television."

* * *

Yes, mysterious are the ways of wives, but every husband agrees on the one thing that puzzles him most about his particular wife:

"Why she married me in the first place — when, she claims, she had so many to choose from."

Auburn Graduates First Negro Student

AUBURN, Ala. (AP) — Auburn University has graduated its first Negro student in its 116-year history.

Josetta Maxine Brittain Matthews, 23, was awarded a master of education degree in summer commencement exercises yesterday.

* * *

Mrs. Matthews of Montgomery received her undergraduate degree in government from Indiana University last year.

Arms Treaty Conferees to Meet in 1967

GENEVA (AP) — The deadlocked 17-nation disarmament conference went into recess today but agreed to meet again next year.

After calling the talks "fruitless" and "a waste of time" Soviet delegate Alexei A. Roshchin surprised the West by promptly agreeing to a resumption of the negotiations after the end of the next session of the United Nations General Assembly — probably in mid-January 1967.

* * *

The final session ended with East and West blaming each other on the lack of progress during the seven-month session. But delegates from both sides stressed the importance of carrying on with the talks.

Roshchin said the session achieved "no real progress" in any field. He blamed the United States for this and accused America of viewing any disarmament measure "in terms of potential military and political advantages."

GOP Nominee Too Democratic

NASHVILLE, Tenn. (AP) — Von David Hessa of Nashville has been stricken from the list of Republican nominees for the state legislature because he voted in the Aug. 4 Democratic primary.

The state Republican Primary Board refused Wednesday to certify Hessa, who was unopposed for the nomination. He had received only two votes.

Trading Is Vigorous

Stock Market Resumes Rally

NEW YORK (AP)—The stock market resumed its long-awaited rally early today. Trading was vigorous.

Prices were strong at the opening when trading was heaviest. Gains were trimmed as trading moderated.

* * *

Brokers still saw it as a technical rally from an oversold condition after the Dow Jones Industrial Average had fallen 205 points from its February high of close to a thousand.

Many of the leaders of Wednesday's rebound showed strength — airlines, aerospace, color televisions, electronics, office equipments and other glamor stocks. A good assortment of these trading favorites, however, showed small minus signs as trading continued. Profit taking was evident.

2-POINT GAIN

IBM rose more than 2. Gains of a point or more were made by Eastern Air Lines, Boeing, General Dynamics, Polaroid, du Pont and Chrysler.

Up fractionally were General Motors, Ford, U.S. Steel, Woolworth, Anaconda, Union Carbide, General Electric, Southern Railway, United Air Lines, Xerox and Control Data.

Down slightly were Raytheon, Sperry Rand, Westinghouse Electric, Johns-Manville and New York Central.

Magnavox rose ⅝ to 56¾ on 16,000 shares.

Opening blocks included:

Raytheon, unchanged at 52⅝ on 10,000 shares; American Telephone, up ½ at 52⅛ on 8,000; and Chrysler, up ¾ at 35⅞ on 7,500.

* * *

Wednesday the Associated Press Average of 60 stocks rose 3.4 to 287.1.

Prices were generally higher on the American Stock Exchange.

Sales figures are unofficial.

Unless otherwise noted, rates of dividends in the foregoing table are annual disbursements based on the last quarterly or semi-annual declaration. Special or extra dividends or payments not designated as regular are identified in the following footnotes.

a—Also extra or extras. b—Annual rate plus stock dividend. c—Liquidating dividend. d—Declared or paid in 1965 plus stock dividend. e—Declared or paid so far this year. f—Payable in stock during 1965, estimated cash value on ex-dividend or ex-distribution date. g—Paid last year. h—Declared or paid after stock dividend or split up. k—Declared or paid this year, an accumulative issue with dividends in arrears. n—New issue. p—Paid this year, dividend omitted, deferred or no action taken at last dividend meeting. r—Declared or paid in 1966 plus stock dividend. t—Paid in stock during 1966, estimated cash value on ex-dividend or ex-distribution date.

z—Sales in full.

cld—Called. x—Ex dividend. y—Ex dividend and sales in full. x-dis—Ex distribution. xr—Ex rights. xw—Without warrants. ww—With warrants. wd—When distributed. wi—When issued. nd—Next day delivery.

vj—In bankruptcy or receivership or being reorganized under the Bankruptcy Act, or securities assumed by such companies. fn—Foreign issue subject to interest equalization tax.

Auto Dealers Report Losses

Confident of Boom for 1967 Model Lines

DETROIT (AP) — New car dealers made less money in the first half of 1966 than they did a year ago but most of them remained confident business would boom again when the new 1967 models are shown.

The National Automobile Dealers Association said its 22,000 member dealers chalked up an average profit of $114, or 2.4 per cent, for each new car sold in the opening six months of 1966.

* * *

It compared with the $121 margin, or 2.6 per cent, which the dealers made in the first half of 1965.

The 2.4 per cent was the lowest opening six months profit margin since 1959 when it was only nine-tenths of one per cent. The highest profit point in recent years was the 3.1 per cent showing in the opening half of 1955.

CONFIDENT

Paul Herzog, director of research for NADA, said dealers, many of whom already have seen the 1967 car lines, were "unquestionably confident as they look ahead' to the new model year."

Herzog said one of the most satisfying aspects of the auto sales picture from an NADA standpoint was the progress that had been made in chopping into a new car inventory that stood at the 1.7 million mark Aug. 1.

* * *

"I feel that the auto inventory situation is much better than it was a year ago," he said.

NADA said 10.4 per cent of its dealer members reported an operating loss in the first six months of this year compared with 8 per cent in the corresponding period a year ago.

CUT EXPENSES

Dealers, who are expected to wind up this year with about 8.3 million sales compared with 8.7 million a year ago, kept their profit margin at a fairly high level by cutting expenses.

NADA said some dealer costs had gone up over a year ago. These included salesmen's salaries, employes' bonuses, local advertising, insurance costs and preparation and delivery charges on new cars.

Bank Ups Interest on Time Deposits

Birmingham Bloomfield Bank announced today the payment of 5½ per cent annual interest on time deposits.

The new guaranteed bank rate, which is the highest permissible under federal and state banking regulations, will be paid on time deposits of any amount over $1.

Thomas H. Wagner, Chairman of Birmingham Bloomfield Bank, said the new 5½ per cent time savings deposit rate would become effective immediately and will be payable on maturities from six months to one year.

All time deposits are insured to $10,000 by the Federal Deposit Insurance Corp. and are available at all five offices of Birmingham Bloomfield Bank, or may be ordered by telephone or by mail.

But Car Borrowing Won't

Home Loans May Ease

By SAM DAWSON
AP Business News Analyst

NEW YORK — If you're in the market for a new car, it may cost you a bit more. But if you're looking for someone to finance your purchase of a new home, it may be a bit easier this fall.

DAWSON

In both cases the key is tight money — rising interest rates in one segment of auto financing, but government largesse for the tightly squeezed mortgage market.

Tight money also is blamed this week for diverting still more investors from the stock market.

And the rising interest rates are being felt by businessmen having more trouble to get a bank loan to finance their fall business inventories — and paying more for the loan when they land it.

* * *

The auto industry will be caught up in the credit squeeze next week as some finance companies and banks hike the interest charges on loans to car dealers for carrying inventories of new cars.

HIGHER PRICES

The costlier loans won't add much to what dealers already pay for such financing, but many are expected to pass along the added amount to their customers in higher prices on the new models.

The dealers now pay 6 per cent for most such loans. Next week some finance companies will change 6¼ per cent and some banks 6½ per cent.

These loans allow the dealer to carry the new car until he can sell it. The length of time he has the unsold car in stock determines how much this charge adds to his cost of doing business — and to the price the customer will pay.

With the finance companies, the added interest charge is blamed on tight money. They have to pay investors more for funds to lend to the dealers, so they are going to charge dealers more.

But some suspect the banks have a different reason for raising the charge even higher than did the finance companies. The banks can usually get more than 6½ per cent these days for other types of loans to business.

DISCOURAGING DEALERS

Some contend the banks are really interested in discouraging car dealers from borrowing at a time when lendable funds are scarce, when banks are paying higher interest rates to savers to get funds to lend, and when they can get a bigger return from other kinds of loans for which the demand is still rising.

In the housing market, the trend is the other way this week. The idea is to make borrowing easier, if possible, rather than, more costly.

Congress is moving toward pumping $4.7 billion into the mortgage market, badly disrupted of late by a credit squeeze.

Congress will do so by letting the Federal National Mortgage Associaion — Fannie Mae — make up to billion dollars in direct purchases of mortgages of less than $15,000 each.

Half of the money would come direct from the U.S. Treasury and the other half from the President's emergency fund.

HIKE CEILING

Fannie Mae's borrowing authority also would be increased by $3.7 billion. This would let the government agency buy more government-insured mortgages from private lenders.

In theory at least, these money-short lenders would thus have funds once more. And they could use the money to lend on new mortgages.

It wouldn't necessarily follow that interest rates on the new mortgages would reverse their recent rising trend just because there's a bit more available for loans.

Nor would the huge conventional mortgage market be affected, except indirectly. These are mortgages which aren't government-insured or subject to government regulations as to size or building specifications.

* * *

Tight money probably will thus continue to be a factor — in the housing market, in new car purchases, in business and consumer borrowing of most types, and in the stock and bond markets.

But the tight money situation will continue to change — up and down — as people suffer from it, or profit by it.

$ Successful Investing $

By ROGER E. SPEAR

Q) My husband and I have been accumulating the stock of American Telephone and Telegraph. We have built our holdings up to 600 shares. In the last year or so the stock has come down 15 points a share. Should we diversify? If so, please name a better-yielding issue or another growth stock." C.L.T.

A) No matter how good the record, nor how promising the outlook, I am a firm believer in diversification. American Telephone is an old reliable but has been hurt by FCC investigation of its rate structure, and the public's shift of interest away from this type of stock and money rates. Cut your holdings, switching to Indianapolis Power for better yield and Plough, Inc., for growth.

* * *

Q) "My husband, because of health, will be forced to take early retirement at 55. In a few years I too will have to stop work and our income will be sharply curtailed. I have been pleased with the long-term performance of Minnesota Mining, which I own, but I am rather skeptical regarding both Ampex and Pan American Sulphur. We want to eventually increase our income for coming retirement." L. C.

A) You have a good stock in Minnesota Mining and Manufacturing. Payments to stockholders have increased every year since 1958. Long-term records of the other two companies, while satisfactory, nevertheless leave something to be desired, and in the case of Ampex, it has yet to pay a dividend.

For growth and gradually rising dividends over the years, I prefer FMC, Idaho Power and Winn-Dixie.

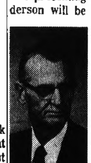
Engineer Firm 'Going Latin'

To Be Represented in Two Trade Missions

A Waterford Township firm of engineering consultants, Johnson & Anderson, Inc., 2300 Dixie Highway, will participate in two engineering trade missions to Latin America next month, Clair L. Johnson, president, announced today.

The trade missions are being conducted by the Consulting Engineers Council, a national organization of engineers in private practice, and the U.S. Department of Commerce.

Representing Johnson & Anderson will be Joseph L. Urla,



STRACHOW

URLA

assistant chief engineer, and Michael M. Strachow, project engineer.

* * *

Both will leave Washington, D.C. Sept. 13, following a day's briefing by the Department of Commerce.

THREE WEEKS

Urla, 41, of 2175 Parkinson, Waterford Township, will spend three weeks in Central America, visiting Guatemala, Honduras, Nicaragua, Panama, Colombia and Mexico.

Strachow, 58, of Flint, will visit Venezuela, Brazil, Argentina, Chile, Peru, Ecuador, Colombia and Mexico during a similar period.

Purpose of the trade missions is to inform Latin American communities and business interests of engineering services available from this country. Countries being visited are known to have great potential for economic development.

* * *

Both Urla and Strachow are registered engineers. They speak Spanish fluently.

MISSION TO INCLUDE

The mission to Central America will include representatives of eight consulting engineering firms. Seven firms will be represented in South America.

Upon their return to the United States Oct. 4, a day of evaluation will be held at the University of Colorado Memorial Center at Boulder, Colo., in conjunction with the opening of the Third Institute for International Engineering sponsored by the university, the Department of Commerce and Consulting Engineers Council.

Winkelman, Inc., Reports Record Earnings, Sales

Winkelman Stores, Inc., has reported its earnings and sales set records in the second quarter and first six months.

Earnings increased 19 per cent in the second quarter to $275,818 or 28 cents per share against $232,514 or 24 cents per share in the second quarter of 1965.

Second quarter sales were 9 per cent higher totaling $8,540,841 compared to $7,819,733 in 1965.

First half earnings advanced 21 per cent to $417,373 or 43 cents per share from the previous high of $344,237 or 36 cents per share in the first six months of 1965.

* * *

Sales in the half increased 12 per cent to $16,100,826 from the previous record of $14,395,190 a year earlier.

County OEO Lists Priorities

Eying the possibility that federal funds for antipoverty could be cut next year due to the war in Viet Nam, the Oakland County Commission on Economic Opportunity yesterday placed three proposed new programs on a priority list.

Its first priority selection was a proposed youth employment-recreation program expected to cost $63,200.

Next was a $208,00 day-care program calling for establishment of four centers where mothers could leave their children while they participate in job training.

* * *

The commission placed a $68,500 homemaker program in the final priority spot. It proposes hiring of 15 persons to serve the ill and perform other needed homemaking duties for the poor.

Total funding to the county antipoverty war this year was $1.7 million. The commission will seek $2.8 million next year for existing programs and proposed new ones.

News in Brief

Hubert Baker, 44, of 356 N. Cass reported to Pontiac police yesterday the theft from the front of his home of a spray gun and compressor tank valued at $100.

Mrs. Thomas Moffat of 4369 Forest, Waterford Township, reported to township police yesterday the theft of water-skiing equipment, valued at $40, from a dock by her home.

MAKE OVER PAGES

1,200 Demand Pay Raise in Chrysler Demonstration

DETROIT (AP)—More than 1,200 skilled United Auto Workers demonstrated Wednesday in front of Chrysler Corp. headquarters to promote their demands for an immediate $1 an hour raise.

* * *

The parade of workers grew from 100 to more than 1,200 over four hours as the UAW members expressed displeasure with rejection of union requests to reopen labor contracts and negotiate pay hikes for the skilled workers

* * *

The Big Three auto firms—Chrysler, General Motors and Ford—Monday turned down the UAW requests to reopen contracts to bargain over demands for at least a 50-cent hourly increase. The pacts will expire Sept. 6, 1967.

ORDERLY

The demonstration was orderly.

Auto plants reported no large-scale absenteeism of skilled workers, and skilled trades leaders said this was because they had restrained workers from stopping work to demonstrate. Most paraders apparently were off duty.

* * *

Workers carried signs reading: "No Dice, Like Hell" and "A Dollar Now."

A sign carried by John Muehoff, a General Motors Fisher Body plant employe, said:

"Walter (Reuther) Come to Detroit and Give Skilled Trades Your Answer."

* * *

Reuther, who has been in Chicago attending a meeting of the AFL-CIO Executive Council, was expected to return to Detroit today or Friday to meet with heads of the UAW's auto company departments.

* * *

A union spokesman said Reuther would meet with the other union officials to "review what has happened." The UAW's 26-member executive board, ruling body of the union, also is expected to consider the situation when it meets Sept. 7.

Wife, Son to Pinch-Hit for Williams

GROSSE POINTE FARMS (AP)—Nancy Williams says she and her son, Gery, will take over some of the campaign duties of her husband, G. Mennen Williams, while he is recuperating from a kidney stone operation.

Mrs. Williams held a news conference Wednesday at the family's home in Grosse Pointe Farms, a Detroit suburb. She announced that she and their 25-year-old son will substitute for Williams at some of the functions he had planned to attend in his campaign for U.S. Senate.

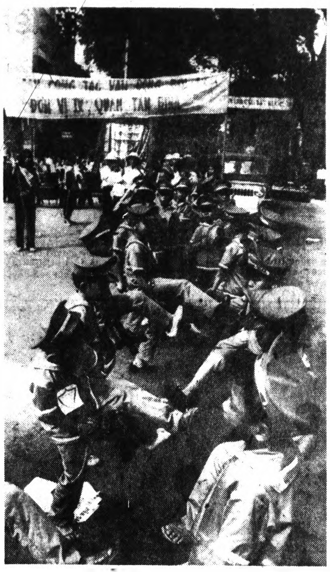
Saying "Soapy is a very good patient," Mrs. Williams reported the former six-term governor is "doing beautifully" and should be released from a hospital this weekend.

Williams, Democratic nominee for the Senate, underwent surgery to remove six stones from his kidney last Friday.

Mrs. Williams said it will be mid-September before her husband is able to campaign against Republican Sen. Robert P. Griffin.

President Johnson sent Williams a get-well telegram and a bouquet of apricot-colored carnations, she said.

Mrs. Williams said her husband also received letters from Sen. Robert Kennedy, D-N.Y.; Vice President Hubert Humphrey, FBI Director J. Edgar Hoover and a number of leaders of African nations. Williams was assistant secretary of state for African affairs for five years until he resigned to run for the Senate.



CAMPAIGN KICKOFF — A Catholic children's group does a stick dance and girls in background carry a banner as the South Vietnamese government stages a colorful ceremony in front of the Saigon city hall to kick off election campaigning in the capital. The campaigning is primarily a government effort to stir interest among the Vietnamese in the Sept. 11 constituent assembly election.

To Solve Mutual Problems

Intercounty Council Approved

Representatives of Oakland and five other southeast Michigan counties yesterday gave preliminary approval to establishment of an intercounty governmental coordinating council.

The representatives, all members of the Supervisors Inter-County Committee, agreed to present the council concept in the future to their respective boards of supervisors.

Purpose of the council would be to find solutions to mutual problems in Oakland, Wayne, Macomb, Washtenaw, Monroe and St. Clair counties.

* * *

It also would aim at saving money by cooperative buying of items used by the 400 communities in the six-county area.

TOTAL BUDGET

Total budget anticipated for operation of such a council is estimated at $250,000.

Oakland County's share would be between $35,000 and $40,000.

Resolutions favoring the council's establishment will be sought from each board of supervisors, however a favorable resolution would not bind that county to join the unit, the Metropolitan Council of Governments

Union Asking 24-Cent Hike

Cost of Living Boost Is GE Workers' Goal

NEW YORK (UPI) — A 24-cent-an-hour cost of living increase was the major point of contention yesterday at contract negotiations between the General Electric Co. and two unions which represent 92,000 of its 258,000 employes across the nation.

* * *

The unions — International Union of Electrical Workers, AFL-CIO (IUE), and the Independent United Electrical Workers (UE) insisted the increase was necessary to make up cost of living losses during the past six years.

The UE began negotiations a week ago and the IUE joined in Tuesday.

The company allowed the IUE into the talks "under protest" and said it would continue its objection to a court ruling allowing representatives from other unions to sit on the IUE negotiating committee as nonvoters.

* * *

The cost of living increase demand was the IUE's.

GE said union demands were "farther away from reality than ever before," and has contended the negotiating committee wants to strike after GE contracts with eight unions expire shortly after Oct. 2.

Hail Provides a Duck Dinner

WELLINGTON, Kan. (AP) — Large hailstones which pounded this area during a recent storm provided a meal for Ernest Phillips.

After the storm subsided, he found a dead wild duck on his front lawn. Upon examination it was evident that the bird had been fatally pelted with a hailstone as it was flying.

$1,100 Taken From Bar Safe

The theft of $1,100 last night from a safe at the Stadium Inn Bar, 352 Oakland, was reported to Pontiac Police.

Clifford Alderson, owner of the tavern, said the money was taken from the office of the building some time between 7:30 and 11:30.

Police said entry to the office had been gained by smashing open a basement door.

Deaths in Pontiac, Neighboring Areas

Mrs. John Bublitz

ROMEO — Service for Mrs. John (Olga) Bublitz, 67, of 189 Tillson will be 1 p.m. Saturday at St. John's Lutheran Church. Burial will be in Cadillac Gardens East Cemetery, Fraser, by Roth's Home for Funerals.

Mrs. Bublitz died yesterday after a long illness.

Surviving besides her husband are a daughter, Mrs. Gertrude Smith of Royal Oak; a son, Walter of Lapeer; two sisters; three brothers; and seven grandchildren.

Samuel Jones

Service for Samuel Jones, 65, of 183 Osmun will be 1 p.m. Monday at Macedonia Baptist Church with burial in Oak Hill Cemetery by Frank Carruthers Funeral Home.

Mr. Jones, a night watchman at the Elks Temple, died Monday after a short illness.

He was a member of Messiah Baptist Church.

Surviving are his wife, Willie; three daughters, Mrs. Joe Hodge of Pontiac, Mrs. Issiac Blake of Detroit and Mrs. Arthur Branner of Chicago; one son, Samuel Jr. in the U. S. Navy; five sisters; and two brothers.

Mrs. Hugh McFarlane

MILFORD — Service for Mrs. Hugh (Charlotte) McFarlane, 83, of 334 W. Huron will be 1 p.m. Saturday at Richardson-Bird Funeral Home. Burial will be in Oak Grove Cemetery.

Mrs. McFarlane died yesterday after a long illness.

Surviving are two sons, Maynard of Milford and Oliver of Newark, Ohio; a daughter, Mrs. Earl Vradenburg of Milford; 14 grandchildren, and 26 great-grandchildren.

Baby Girl Pifer

WHITE LAKE TOWNSHIP Service for baby girl Pifer, daughter of Mr. and Mrs. Warren Pifer, 8770 Gale, was to be 10 a.m. today at Huntoon Funeral Home, Pontiac. Burial will be in Perry Mount Park Cemetery.

The baby was dead at brith Tuesday.

Surviving besides her parents are her grandparents, Mr. and Mrs. Jack Pifer of Davisburg and Mr. and Mrs. Elmer Malinkey of Utica, and a sister, Annette at home.

Man Guilty of Assault in Firing of Rifle

A 36-year-old man, accused of firing a rifle through the front door of a Waterford Township home July 20, pleaded guilty to a reduced charge of assault and battery at his examination yesterday before Township Justice Patrick K. Daly.

Eugene Sylcox of 6364 Wilson, Waterford Township, will be sentenced on the misdemeanor Sept. 10.

He had stood mute at his arraignment July 21 on a felonious assault charge.

Sylcox fired a bullet through the door of the home of Mr. and Mrs. James D. Russell, 5764 Strathdon Way, according to township police.

Sylcox' wife, Maxine, was staying with the Russells. No one was injured.

Rifle Accident Injures Youth

Struck in the head yesterday when a 22-caliber rifle accidentally discharged, an Oxford Township youth is listed in fair condition today at St. Joseph Mercy Hospital.

John R. Hill, 19, of 510 E. Drahner was injured when the gun, being unloaded by a companion, went off about 4 p.m., Oakland County Sheriff's deputies were told.

Roger Miller, 19, of 866 Glaspie, Oxford Township, told deputies he, Hill, and a third youth had been "shooting rats" in a field near M24 and Ray north of Oxford prior to the mishap.

* * *

Miller said he and Hill were in a car preparing to leave when Miller began unloading Hill's automatic rifle. Miller said the gun went off as he held it.

* * *

A hospital spokesman described Hill's injuries as soft-tissue scalp wounds.

Kidnaping Details Are Withheld

BERLIN (UPI) — West Berlin police yesterday clamped a tight blackout on the mysterious kidnaping of a 4-year-old Canadian girl from the home of her German grandparents.

Details of their investigation into the case were being withheld for fear the girl, Audrey Klewer, might be harmed. A note demanding $8,750 ransom warned the child would be killed if police or press was informed.

According to the mother, Regina Klewer, the girl was abducted at 2 a.m. Monday from the suburban home of her grandparents shortly after the two arrived from Montreal.

* * *

Police had few clues to work on and they did not disclose those they did have.

IN THE DARK

They appeared to be in the dark on the indentity of the man the mother said entered her bedroom, bound and chloroformed her and took Audrey.

If they knew the identity of the kidnaper no public alarm was sounded for him. The kidnaper left a note in flawless German demanding a ransom of 35,000 marks.

Some aspects of the case mystified investigators.

* * *

The German-born unmarried mother and her daughter arrived here by plane Saturday and the daughter was kidnaped a few hours later. Police wondered how the kidnaper heard the arrival so quickly.

TWO-STORY VILLA

Nor could police determine how the kidnaper got into the two-story villa in the American sector's Wannsee District near the East German border.

All the windows were barred and there was no sign of a forced entry.

May Trigger New Debate

Salvage Plan to Stall Draft of Some 1As

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara plan to "salvage" for military duty 100,000 men previously rejected is going to delay the drafting of some men now classified 1A.

And it may trigger yet another round in the continuing congressional debate over the fairness of the Selective Service System's method of choosing who will be drafted.

In addition, some government authorities said the McNamara plan obviously meant that deferred college students would be even less vulnerable to the draft than they are now —another sore spot with congressional critics.

Elaborating on the plan to bring mentally and physically disqualified men up to military fitness standards, defense manpower officials said yesterday that:

Thirty per cent of the men to be drafted or accepted as volunteers will be Negroes. This compares with 10 per cent who are Negroes among all the men now taken into service.

- The rate of washouts — those who fail to get through basic training — is expected to be not more than 15 per cent for the substandard men. This compares with 1.5 per cent for the Army as a whole.
- The previously disqualified men will come very close to meeting the lowest mental standards now required of enlistees and draftees and will go through the same training centers. They will receive special training as necessary.

SIX CATEGORIES

Asked about the effect of the program on the selective service system's present order of call for men classified 1A, a Pentagon manpower expert said, "People in the lower orders of call will not be reached as fast."

There are six categories of 1A registrants, eligible for call in this order: delinquents who fail to follow registration procedures; volunteers for induction through selective service; 19 to 25-year-olds who are single or were married after Aug. 26, 1965; 19 to 25-year-olds who were married before Aug. 26, 1965 and are not fathers; 26 to 34-year-olds, and 18½ to 19-year-olds.

In the 12 months ended July 31, the armed forces took in 867,000 men — 530,000 enlistees and 337,000 draftees.

* * *

On that basis, the group McNamara now proposes to rehabilitate, would comprise a considerable portion of all men entering service

But they will be a part of — not an addition to — the total intake. Hence, the likelihood is that certain men classified 1A and college students will be drafted later than previously, or not at all.

Ford to Add 3 Luxury Cars to 1967 Lines

CLEVELAND, Ohio (UPI) — Lincoln-Mercury Division of Ford Motor Co., will add three new luxury cars in addition to the sporty Cougar to its product line for 1967, a Ford executive said yesterday.

Paul Lorenz, Ford vice president and general manager of Lincoln-Mercury, said the new models, reaching the upper levels of the medium-price field would include a Mercury Marquis, a Brougham, and a Caliente Grande.

He said the Marquis, Brougham and the current Park Lane series will be equipped with disc brakes as standard equipment, and feature a ventilation system called the most advanced in the world.

The Mercury Marquis will be a luxurious hardtop, the Brougham super luxury four-door in hardtop and sedan models, and the Caliente Grande will be a luxury model in the intermediate Mercury field.

Lorenz disclosed the new models in a preview here for dealers and salesmen.

Crash Injures Milford Cyclist

Listed as Fair After Collision in Wixom

A Milford man, Andrea J. ArthurMeunier, was in fair condition at Botsford General Hospital, Farmington, this morning with injuries received in a truck-motorcycle collision yesterday afternoon in Wixom.

The mishap occurred at 2:50 p.m. on Wixom Road in front of the Ford Motor Co. Lincoln plant.

Wixom police said a pickup truck driven by James R. Mercney, 39, of Detroit, was making a left turn off of northbound Wixom Road into the plant parking lot.

ArthurMeunier of 1196 Garden, was southbound on Wixom on his motorcycle

He was thrown into the truck's windshield, according to police. He was admitted to the hospital with a broken pelvis, a dislocated and broken arm and head lacerations.

Thief Takes Hidden $215

A thief who broke open a screen door and smashed a rear door window took $215 early yesterday from a Pontiac firm, it was reported to Pontiac police.

* * *

Lawrence Taylor, proprietor of the Pontiac Window Shade Shop, 381 Orchard Lake, said he discovered the break-in when opening for business yesterday.

* * *

Taylor said the money was taken from a hiding place inside a large roll of linoleum.

GM Vehicle Sales Below Period in '65

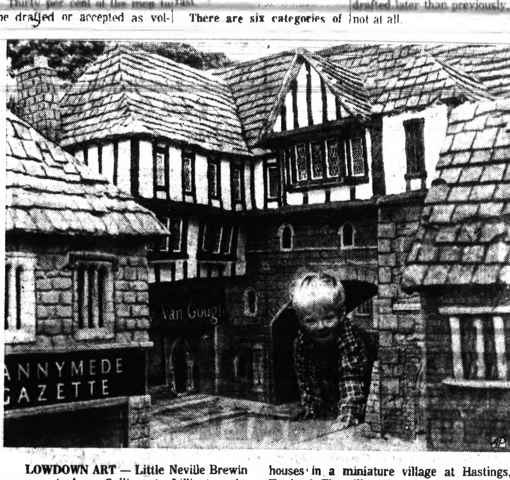
Sales of new passenger cars and commercial vehicles by General Motors Corp. dealers in the United States totaled 121,276 units during the second 10 days of August, H. E. Crawford, vice president in charge of the marketing staff, announced today.

Total sales in the corresponding period last year were 131,892 units.

* * *

This year's total included 102,463 passenger cars compared to 111,600 in the same period of 1965, and 18,813 commercial vehicles compared to 20,292 sold a year ago.

New vehicle sales in the first 20 days of August totaled 240,105 units, compared to 250,642 in the corresponding period a year ago.



LOWDOWN ART — Little Neville Brewin appears to be a Gulliver in Lilliput as he crawls through passage between two old-style houses in a miniature village at Hastings, England. The village layout is a wonderland from Britain's past for all children.

Station Attendant Robbed in Pontiac

A young gas station attendant told Pontiac police he was robbed of $100 early today by two men who came into the station and told him, "This is it — if you move."

Ken Willitt, 21, an employe at the Clark Gas Station, 157 Auburn, said one of the men brandished an apparently hard object covered by a handkerchief.

After threatening him and taking the money, Willitt said, the men fled down an alley toward Central.

Tactics Changed

SAN FRANCISCO (AP) — A drunken bandit robbed the Sir Francis Drake hotel here of $1,200.

Two weeks later the same bandit held up the same cashier, bell boy and desk clerk and got off with $770. This time, he was cold sober.

COSTLY HAIRDO—London-based sculptor Charles de Temple, son of late cowboy star Tom Mix, hammers in gold nails representing hair for the finishing touch on a futuristic mask. The sculptor works only in gold, an art form little used since the heydey of Renaissance Italy's craftsmen.

Youth Guilty in Entry Case

A 17-year-old Waterford Township youth, originally charged with attempted breaking and entering of the Drayton Speedway, 4470 Dixie, Monday pleaded guilty to a reduced charge of entering without permission at his examination yesterday before Township Justice Patrick K. Daly.

* * *

Olvis O. Harville of 2291 Newberry will appear before Daly Monday for sentencing. The charge is a misdemeanor.

* * *

Harville was captured by township patrolman Daniel Coakley who said he saw the suspect running from Drayton Speedway while on a routine building check.
