

County Digs Out from Under 3-Inch Snowfall

Soviet Purges 6 Members of Supreme Court

Claims Firings Are Due Chiefly to 'Poor Health'

Reds Say Parliament
OK'd Move Monday;
Successors Appointed

From Our Wire Services

MOSCOW — The Soviet government said today that six members of the Supreme Court have been relieved of their posts and seven new members appointed.

The relief of the six was described as a routine measure ratified by the Supreme Soviet (Parliament) last Monday, and the result of "normal attrition."

Five were said to have been retired because of ill health. Nothing was known about the reason for the sixth. The fact that seven new judges were appointed indicated another judge had died.

(The London Evening News treated the news as "another Moscow purge" and the London Star called it in a headline "another Moscow sensation day.")

The Soviet Supreme Court is the court of final jurisdiction in cases of treason, sabotage and other high crimes against the state.

No reason was given for the shakeup. But it was assumed that the judges who were ousted had a hand in rendering some decision not popular with the new regime.

There was speculation that there might have been some connection with the still hazy case of the "nine doctors" who were accused during Stalin's last days of plotting to murder Russia's top leaders and then were exonerated when Georgi Malenkov became premier.

With his fall from the top Soviet political post and the appointment of Marshal Nikolai Bulganin as premier, it was believed the case may have been reopened again.

A less likely possibility was that the drastic court shakeup had some connection with the ouster, trial and execution of Russia's former security chief Lavrenti Beria.

It was generally agreed here that the announcement indicates some significant shift in Soviet communism's line.

Homestead Bought by Sen. McCarthy

APPLETON, Wis. (INS)—Sen. Joseph R. McCarthy (R-Wis.) has purchased a homestead in Outagamie County near the town of Grand Chute, Wis., from his brother, Howard McCarthy, an Appleton real estate dealer, for \$25,000.

The Wisconsin senator announced the deal in Appleton yesterday.

McCarthy said that although he has no immediate plans, he expects to make his home on the farm which includes an eight-room frame house and 144 acres.

Patience, Persistence Make Meany the Top Man in U. S. Organized Labor

MIAMI BEACH, Fla. (U)—Patience and persistence have made a onetime Bronx plumber, George Meany, the top man in organized labor.

A stocky, 230-pounder with a cigar constantly clenched in his teeth, Meany is well equipped with wit and ability, but ceaseless plodding after objectives is a major reason for his success.

Few gave him much chance when, on being chosen president of the American Federation of Labor in late 1953, Meany announced his goal was to merge the AFL with the rival CIO.

Yet with characteristic diplomatic skill he calmed the jealousies and fears of fellow union chiefs and secured the merger deal through top-level union meetings here this week.

Meany now is the unchallenged choice of all organized labor's moguls, both AFL and CIO, to head the new 15-million-member organization. He seems to have won their complete confidence.

At 60, he is healthy and vigorous,

Nationalists Shift Forces

FIRST EVACUATED TROOPS—The first shipload of Generalissimo Chiang Kai-shek's regular troops to be evacuated from the Tachen docks at Keelung, Formosa. The troops will be redeployed to defend other Nationalist islands. Navy officials report the evacuation is going well ahead of schedule.

Both Parties Give Support to Schimmel's School Plan

Bipartisan support for Louis H. Schimmel's "pay-as-you-use" school building financing program for distressed school districts in the state has been pledged today by:

Gov. G. Mennen Williams.
Sen. William S. Broomfield (R-Royal Oak) and the Republican Party.
The Detroit and Michigan Builders Assns.
The Michigan Education Assn.
The Michigan Manufacturers Assn.
Representatives of the CIO and AFL.

Banking interests of the state of Michigan.

Schimmel's plan calls for state aid to those districts which locally levy 13 mills annually of state equalized valuation for bonds or other debt services. Anything above the 13 mills which is required to meet the annual principal and interest payments due on bond issues will be loaned by the state.

The school district, under Schimmel's plan, returns pledges itself to continue to ask its local property holders for 13 mills until the state has been repaid for its loan.

Under the proposed plan, the bonding time will be extended to 30 years. Present constitutional restrictions, states Schimmel, are forcing local districts to raise enough money to pay off bonds in 8 to 12 years for schools built to last for 40 to 50 years.

The plan also provides for refunding of existing bond issues, thus securing a lower rate of interest.

A more equitable interest rate for all districts, Schimmel pointed out, will result because of the back-

(Continued on Page 2, Col. 4)

and is enthusiastic over his prospective new job.

He has confided only to associates his plans for organizing new industries and combining weak unions in allied fields into powerful bargaining groups.

He is the sort who, when balked, is willing to wait to put his ideas across but never will be deterred from his purpose.

It is not generally known but for

Troops Destroy All Fortifications on Tachen Isles

Demolition Work Near
Completion; Evacuation
Now in Final Phase

TAIPEI, Formosa (U)—Chinese Nationalist soldiers dynamited and put the torch to trenches, pill boxes and buildings today and U. S. Navy officers said the evacuation of the Tachen Islands was in its final phase.

February gale winds that had slowed the operation to a crawl died and steady loading continued. Officers said the Armada probably would wind up its job and sail by Saturday.

The Nationalist Defense Ministry said it felt the withdrawal was entering its crucial stage with most land fortifications blown up and equipment and troops ready for shipping.

It said this was a critical period although there was no indication the Communists meant to attack.

AP Correspondent Forrest Edwards, aboard a U.S. aircraft carrier, reported indications on his ship that the troop withdrawal is a one-shot affair.

Nationalist troops, guns and equipment will be loaded and the whole armada, including the protective warships, will make the trip to Formosa together, Edwards said.

Carriers and pilots were prepared to shift their jet and propeller-driven air cover umbrellas from the Tachens to the ocean lanes to Formosa, he reported.

"It seems certain that the evacuation fleet will have air cover from the time it leaves the islands until it gets to Formosa," he quoted a Navy briefing officer. "We are ready to shift cover whenever ordered."

The carrier Princeton, especially adapted for antisubmarine warfare, has been assigned a special protective mission as the evacuation sails for Formosa. It seemed almost certain that other carriers would provide air cover and anti-submarine patrols while evacuation ships are still near the Tachens.

The two Tachens and the Yu Shan group to the northeast and (Continued on Page 2, Col. 5)

Press, Civitans Add to Fund for Young Patients

Dr. Ivan A. LaCore, medical superintendent of Pontiac State Hospital, today appealed for a small fund to provide field trips for some 25 children under 16 years of age who are patients at the hospital.

Only about \$240 is needed, but it is not immediately available from state funds. The money will enable the hospital to take these young patients on occasional trips to Teepie Lake and other recreation spots.

The Pontiac Press has contributed \$125 to the fund and the Pontiac Civitan Club has contributed \$50. Any individual or group desiring to contribute may get in touch with Dr. LaCore.

Explorer Reports World Is Warmer

BOSTON (INS)—All the ice in the world is melting and the world is getting warmer.

Adm. Donald MacMillan, famed explorer recently returned from the Arctic, makes the declaration. He showed University Club members pictures of glaciers dropping off icebergs in thousand-ton chunks.

"The cod fish are moving north," said the admiral. "They were not there when I made my first trip north 45 years ago."

Don't Spare the Rod

WARWICK, R. I. (U)—"Love 'em and spank 'em and love 'em again." That's the advice about bringing up children given a local women's club last night by Mrs. Ode E. Seaman, of the Providence Child Guidance Clinic.

Watertford High School Sophomore Is Named State Cherry Pie Champion

A 15-year-old Watertford Township girl who got an early start in the state's 23rd annual Cherry Pie Baking Contest yesterday walked off with top honors today.

Beth Lorraine Rose, a high school sophomore, opened the contest at Grand Rapids yesterday when she clanged the oven door shut on her entry, first in the competition.

She was named winner over 61 other contestants today, baking her way into representing Michigan in the national contest slated for next Friday in Chicago.

Along with the honors goes a \$150 scholarship, which George S. McIntyre, director of the Michigan State Department of Agriculture presented to her.

The daughter of Mr. and Mrs. Leon Rose of North Cass Lake Road, Beth is a member of the Watertford 4-H Club.

Contest officials wouldn't reveal how many points she received out of the 1,000 maximum, "but you can bet she received more than 950," contest chairman Reed M. Roberts said.

Each contestant was judged on three main points — method of preparation of their pie, quality of the pie, and personal qualifications. The pie itself accounted for about two-thirds of the maximum number of points scored, while the

Votes Extension of Receipts Tax

Senate GOP Supports
Indefinite Continuation
of State's Unique Levy

LANSING (U)—The Senate has voted to extend Michigan's unique business receipts tax indefinitely. With Democrats voting against it, the bill was passed 20-9 and sent to the House.

However, the Democrats joined Republicans to give the measure immediate effect, a necessary step if the tax is not to die on its present March 15 expiration date.

The only Republican to vote against the bill was Sen. Perry W. Greene (R-Grand Rapids).

Republican leaders said the extension vote did not mean the tax could not be changed or repealed later this year, but they argued the state cannot afford to lose about nine million dollars in revenue on which the current budget is based.

Democrats objected that the vote commits the Legislature to the tax and prevents consideration of the governor's tax program.

Efforts to compromise a hot partisan fight over highway expansion were suspended today as the Michigan Legislature recessed for the weekend.

But Sen. Edward Hutchinson (R-Fennville) said "we will have a road program next week and it will be intelligently fitted to our capacity to build roads."

Thus, Hutchinson appeared to sum up the Republican majority's current objection to Gov. Williams' program — the theory that his 500 million dollar bond issue will produce more money than the state can spend annually with its present contractor force.

A week's effort to bring agreement in the House on the rival Peltz program appeared to have gained nothing despite three Republican caucuses.

RIGHT IDEA!

other two classifications accounted for the remaining points.

Runners-up were Darlene Hansen, 17, of Manistee County, second, and Carol Dickman, 16, of Kent County, in third place.

Late yesterday Beth, a blue-eyed brunette, was announced as one of the eight finalists in the contest, before parlaying her recipe and oven temperature to the payoff in the contest sponsored by the Michigan Canners and Freezers Assn. and the Michigan Cherry Commission.

The bake-off was the climax of scores of city and county cherry-pie baking contests all over the state in which an estimated 4,000 girls and at least one boy participated.

Richard Wood, a Mt. Pleasant high school athlete, was co-winner of the Isabella County contest, but couldn't come to the state contest because it was only open to girls.

BETH ROSE
Michigan Cherry Pie Champion

Officer, Volunteer Fireman Spot Blaze, Save Three

A Troy Township policeman and a volunteer fireman were credited with saving the lives of a Big Beaver mother and her two children early today when they spotted a fire while on patrol.

Patrolman William Renshaw and fireman J. W. Smith

noticed flames and smoke pouring from basement windows of the John M. Reynier home, 814 16 Mile Rd., at 2:20 a. m.

While Renshaw roused the sleeping Mrs. Reynier and her son John, 12, Smith drove two blocks to the fire hall and sounded the alarm.

A daughter Donna, 13, was rescued from a second floor window of the brick home by ladder when smoke prevented firemen from entering, according to Fire Chief Elmer M. Schroeder.

The fire was confined to the basement, and smoke damaged the upper floor of the home. Mrs. Reynier and her children were uninjured. Cause of the blaze has not been determined, Schroeder said.

Firemen battled the spectacular blaze for eight hours in near zero weather before the last embers were extinguished. The fire was discovered about 8 p. m.

Firemen first had it under control about midnight, when the third floor of the 4-story plant fell through and sent flames raging again. It finally was brought under control about 1 a. m.

No one was injured.

Don Mitchell, president of the firm, said the brick building and machinery were valued at one million dollars. Only a shell of the building was left. Mitchell placed another million dollar estimate on a huge inventory of seat cushions, upholstery, foam rubber and other materials that were destroyed.

Much of the material was destined for use in Nash and Studebaker cars. The destroyed building was about to be converted to the production of automobile bodies.

More than a thousand residents of this central Michigan city braved the cold to watch the fire. The spectators included Michigan Congressman Alvin M. Bentley. (Continued on Page 2, Col. 3)

Temperatures Around Zero to Chill Pontiac

Near-Blizzard Snarls
Rush Hour Traffic and
Causes Crashes

Oakland County was digging its way out of a 3-inch blanket of snow today after a blinding snowstorm lashed the area yesterday and last night.

Meanwhile the U. S. Weather Bureau said temperatures would continue dropping to near zero tonight, rising to about five above Saturday.

Over the whole Midwest, the season's most severe cold wave gripped the land and spread into the east and the south with a threat to Florida's citrus crop.

Zero temperatures were forecast for tonight as far south as Tennessee.

At New York City, the temperature today soared to 31 while fog and mist shut down Idlewild Airport for an hour and caused delays at LaGuardia and Newark Airports.

But the cold wave was spreading eastward, and the New York City forecast called for a low of 15 tonight.

Miami, Fla., jammed with tourists, braced for a low of 20 to 25 degrees.

In St. Louis, Mo., Thursday, the temperature dropped from 31 degrees above zero to 3 below within a few hours.

At Detroit the temperature dropped from a balmy 45 at noon yesterday to 13 early today after a blustery snowstorm cut traffic to a bumper-to-bumper crawl during yesterday's evening rush hour.

The near-blizzard, which struck Pontiac at full force at about 4:30 p. m., paralyzed rush hour traffic and was blamed for at least three auto accidents in which seven persons were injured.

An accompanying temperature drop froze wet snow turning roadways into icy glaciers. Traffic jams lasted for 4½ hours in Pontiac and cars were piled up on nearly every hill in the county.

Heavy jams were reported on M34, U. S. 10 and other main arteries as motorists crept along at five miles an hour.

Both Pontiac and county emergency road crews labored throughout the night in an effort to keep main arteries clear.

Leon Belknap, County Road Commission engineer manager, who warned that most main and secondary roads were hazardous, said his department used all available equipment, including 10 snowplows. An estimated 600 tons of salt and sand were used.

Towing services reported hundreds of calls from stalled motorists last night and this morning. State police, city police and sheriff's deputies warned drivers (Continued on Page 2, Col. 1)

Clear Sledding Predicted for Low-Tariff Program

WASHINGTON (U)—Sponsors of President Eisenhower's lower-tariff trade program predicted today it will survive a close test on the House floor without major change.

They commented after the House Ways and Means Committee approved the administration bill late yesterday by a surprisingly top-heavy 20-5 vote.

House Speaker Rayburn (D-Tex.) set next Thursday and Friday for floor action on the bill, which would extend the Reciprocal Trade Agreements Act for three years past June 12 with renewed tariff-cutting powers.

Under this act the President may negotiate lower tariffs on foreign products coming into the United States, in exchange for trade benefits to American products abroad.

Specifically, the bill would permit the President, in negotiations, to lower tariffs in any of three ways:

He could cut them 5 per cent each year from present levels;

he could cut tariffs now above 50 per cent of the value of the goods down to that level or on products not now coming into the United States in appreciable amounts, he could chop rates 50 per cent below the levels of Jan. 1, 1945.

The Republican-controlled Congress balked at a similar bill last year and Eisenhower settled for a one-year extension of the act without added power to cut tariffs.

Rep. Daniel A. Reed (R-N.Y.), senior Republican on the Ways and Means Committee, announced he will fight on the House floor for more protection for American industries.

Picked a Good Time

DANCE PLANNERS—Looking things over to see that all is going well with their annual semi-formal dance are members of the Varsity Club at St. Fred's. Set for Feb. 19, the Varsity Ball is under the direction of (left to right) Mike Wells, president of the club, with

Jerry Bradley taking charge of tickets. Don Cox will see to the posters and paints, while Mark Peck tends ballots for king and queen of the dance.

All Schools Plan Plays; PHS Eyes Basketball Win

Senior plays at St. Michael and St. Frederick, and basketball and the spring play at Pontiac High are the main events at local high schools this week. Added to dances, club activities and scholastic work, this schedule promises to keep students busy for some time.

ST. FREDERICK

Mumbled grunts and groans from behind play books were all that could be gotten out of many seniors this week, as they revealed that tryouts were held Tuesday night for their play entitled "The Little Dog Laughed." The cast will be picked this Sunday afternoon between 2 and 4 o'clock.

Nervous tension along with happy smiles marked the girls' basketball team this week. While playing St. Mary of Mount Clemens for first place, the best girls' club managed was a 16-16 tie.

Dr. Edwards' Offers Complete Relief from Constipation

Take DR. EDWARDS' OLIVE TABLETS—the pure-peppermint formula of a noted physician—for the clogging, transient kind of constipation. OLIVE TABLETS clean out waste and pass blood from the intestinal tract, giving complete satisfaction. Take olive tablets tonight to feel "lumpy" tomorrow. Inexpensive.

"The sooner the better," says Captain Jean McHugh. The girls will be idle this Sunday because of their game with St. James being postponed for a week.

"Why is the U. S. interested in Formosa?" was the question discussed in U. S. history classes this week. During the discussion another question which arose was: "Should we continue to help Chiang Kai-shek, or have we already done more than our share?"

Any conversation between girls these days is bound to be formal. Net and taffeta formal, that is. With the big Varsity Club dance just one week from this Saturday, dresses, hairdos and shoes seem to be getting all the attention, along with guesses on who will be voted king and queen for the big affair.

Nominations were made Wednesday, with final voting slated early next week. Couples nominated are: Seniors, Jean McHugh and Jerry Bradley; Juniors, Nancy Demski and Aaron Koenig; sophomores, Betty Jo Fitzpatrick and Ed Kant; freshmen, Judy Ernel and Martin Keenig.

A suggestion in the office this week was that a caution light be hung in front of the library door to slow down the deluge of seniors who are making last-minute stampedes on books. The reason for all the hub-bub was that term papers were due today.

If there is anything of which you are in doubt, just stop by the last-

hour English class. Members are now working on ways to convince people of anything and everything.

Talk of the school this week was about the wonderful turnout at last week's junior-senior parent and teacher get-together. Highlighting the evening was a panel discussion.

Chuckles are still brought forth when students think of the humorous speech given by Dr. J. K. Schachern, a member of the panel, while more serious looks cover their faces when they think of the good advice given by Mrs. George Scholtz, another panel member.

And proud looks of "that's our teacher" cross the faces of seniors when highlights of Sister Philip Neri's speech come to memory. Following the panel was an open floor discussion in which students gave their opinions on the speeches.

Representatives of Student Council elected officers this week. Don Cox was hailed as president with Ross Moody helping as vice president. Sharon Wolf will record the minutes of the meetings and Alice Reveria will serve as corresponding secretary.

If you see seniors looking more at your feet than your face these days, don't take offense. Since a movie and talk on chirophy were presented Wednesday afternoon by Dr. Maurice Thome, the seniors have become very foot conscious.

ST. MICHAEL

The big story at St. Michael's this week is the senior play, and things are happening so fast the reporter is having a time keeping up with the news.

Practice sessions have been highly intensified in anticipation of the big event, and thespians, stagehands and prompters are flying around in a flurry of excitement, doing everything from assembling props to selling tickets.

Seniors are also practicing their sales talks this week, as they plan to sell tickets after the Sunday Masses.

An unexpected vacation from class was enjoyed by seniors Wednesday as they were excused to rehearse their choral selections for the play.

The next noteworthy coming event on Michaelites' agenda is the forthcoming pre-Lenten "Coronation Ball" which will be presented by juniors next Friday. General Chairman Jerry Steinheper will tell you it's no easy job putting together an event like that, but he says it's lots of fun, too.

Sportswise, Shamrocks travel to Royal Oak St. Mary tonight to polish off the regular season. If they win this game, Shamrocks will meet their old rivals, St. Benedict, in a play-off game Sunday.

Scholastic-wise, Michaelites have been busy hitting the books and starting the second semester on the right foot.

Senior American history class is studying big business in United States.

A Children of Mary Society meeting was held Wednesday in Room I. It was attended by all the high school girls. Highlight of the meeting was the talk by Sister Bernita on modesty. After discussion, the group decided to sponsor a magazine subscription drive for the benefit of the missions.

On the social scene, Barbara Cooper and Mary Carol Trudell both announced their plans for open house after the play Monday evening.

Play pictures adorn the halls of St. Michael this week. The photos of scenes from the play occupy favored places, and as senior Marsha Bauer put it, "It looks like an art gallery."

"Don't be heartless, buy a heart" say the cleverly designed posters on display in all the high school rooms this week. They are in connection with the mission fund drive now in progress.

Mary Singles is St. Mike's representative to interview Alec Templeton, blind pianist, for the school

BOND ISSUE—The stepchildren of Mrs. Savage (Gwendolyn Herald, left) seem over-eager at the sight of her negotiable bonds in a scene from "The Curious Savage." St. Michael's senior play. Members of the cast are Marcee Hill, who plays Lilly

paper. She will go to the Sheraton-Cadillac in Detroit for the event Friday.

PONTIAC HIGH

Basketball headlines the news again as the PHA five plays host once more on the home court tonight after nearly a month's absence. The team presented the student body with a win over Highland Park Tuesday evening, and the students are hoping for another as the Chiefs take on Detroit Catholic Central. A pep rally was held today to cheer the team.

Members of the Vocal Department and glee clubs have been purchasing tickets for the annual get-together which will be held Feb. 19. At the "February Frolic" the vocal members and their guests will dance, view a film, "Night and Day," and participate in other recreational activities such as cards and checkers.

Pontiac High students this week have been brushing up on their dramatic styles as tryouts were held for the spring play, "Mr. Barry's Etchings," a comedy. All students throughout the school were welcomed to tryouts for the production which will be presented March 16, 17, 18.

Booster Club members are planning on sporting their own special Pontiac High beanies soon. The group has ordered them to be worn by members at all athletic events. Club members presented a skit at the pep assembly today.

George Bergstrom was recently elected president of Chem-Physics Club, with Fred Roeser as vice president. Madeline Van Matre is secretary, Ed Kantzer, sergeant-at-arms, and Roberta Johnston, treasurer.

This week seniors started plans for the forthcoming boat trip, holding meetings to discuss info about clothes, what will be seen and done, and other required preparations.

Vera Mae Adams has announced next week's programs for Radio Workshop. Monday, the story of clouds, rain and snow will be presented. On Wednesday, "The Forgetful Elephant" will be given, and the story of winter of 1776 when the Continental Army under George Washington overcame the Hessians at Trenton will be told in the program called "A Revolution Is Won."

PHS Fencing Club is continuing its individual ladder bouts and preparing for forthcoming matches with Flint, Detroit, Saginaw, LaPeer and possibly Highland Park teams.

Arthur Schulz once more regained a tie for first place with Vicky Micu, beating her five to two Wednesday evening. Schulz and Vicky share the No. 1 position with eight wins apiece.

State's Editors Ask Road Action

Agreement Is Voiced on Need for a Big Building Program in Michigan

Widespread agreement on the urgent need for better highways has been revealed in editorials appearing in Michigan newspapers. Following are some recent editorial comments:

The Evening News of Sault Ste. Marie, Mich., takes the view that "Lansing politics should not delay the road program for another year."

Editor and Publisher George A. Osborn says:

"The people of Chippewa, Mackinac and Iosco counties are strongly in favor of better roads, and we think they are ready and willing to pay for them."

Osborn expressed the belief that the people of the three counties would be willing to have the gasoline tax increased by "at least two cents," particularly if all the funds were earmarked for highway and street improvement.

The Muskegon Chronicle is favorably disposed towards a highway bond issue, but Editor C. D. McNamee has pointed out editorially that the Chronicle believes that it should be coupled with a plan for raising the money to pay off the bonds.

Commented the Chronicle: "There is no question as to the need for a bigger state highway program. That will have to come just to permit Michigan to catch up with its present volume of traffic."

"Gov. Williams has submitted a proposal. So have many others. It is the responsibility of the Legislature, and nobody else, to sift these and come up with the specific plan on which voters will be asked to pass."

The Lansing State Journal said in an editorial last Friday:

"Michigan needs new roads. It needs them urgently. It needs them quickly."

"It is to be hoped that the Governor and Republican and Democratic leaders will get behind this important program with only one thought in mind—to forget partisan politics at least long enough to give Michigan a sound, sensible, liberal but economically conceived program of highway improvement."

The Detroit Times pointed out editorially that Michigan's gas tax is below the national average and that the average is rising.

"The Governor is right when he opposes the scattering of additional highway funds all over the state, whether they are needed there or not. The great bulk of the money to be raised ought to go where traffic and congestion are."

The Jackson Citizen-Patriot has expressed fear that: "Political pig-headedness in Lansing is going to delay the urgently needed expansion of our road-building program."

The emergency need for new highways isn't just something that involves truckers, farmers or sportsmen who want to drive up to Grayling for the opening of the trout season.

"It's dollars and cents in the pockets of workmen and on the balance sheets of industries in Jackson, Detroit and wherever automobiles or assembly parts are made . . . somebody should remind the Governor and the legislature of the facts of economic life in Michigan. The need is urgent."

The Battle Creek Enquirer and News said editorially:

"Whether the state road program comes to \$1,230,621,000, or more or less, and whether it bears the Governor's trademark or that of the newest legislator from Copper Harbor, is not the first concern of Michigan motorists. They want their roads modernized."

They Make Lousy Pets

RENO, Nev. (U) — Wesley C. Richards, 29, a bartender, was wondering today what to do with two elephants he said an uncle, W. C. Richards, a Pensacola, Fla., animal importer, had left him in his will. Richards said property worth several hundred thousand dollars had been left to his brother but "I guess my uncle didn't like me much."

The American Music Conference estimates that four million Americans play the guitar.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

FRIDAY, FEBRUARY 11, 1955

Lincoln Club Speakers Praise Ike's Program

Oakland County Republican Club's 65th annual dinner meeting was a notable affair.

The presence of 450 members provided Interior Secretary DOUGLAS MCKAY and Congressman GEORGE A. DONDERO with an ideal opportunity to pay tribute to the Great Emancipator.

The membership reacted enthusiastically to praise of the EISENHOWER Administration voiced by both speakers. Equally enthusiastic was the applause when they pointed to the Lincoln-esque qualities of President EISENHOWER.

"Lincoln's selfless dedication to the fundamental welfare of all Americans," said Secretary McKay, "we find reflected in the words and actions of our President today. His program is for all America, based on enduring principles and not on political expediency."

Continuing, Secretary McKay reminded his audience that LINCOLN brought to the country the promise of strong, progressive government which drew adherents from both the older parties.

"In just such fashion," he said, "has President EISENHOWER provided the answer to the demand of the American people today for responsible, incorruptible leadership."

There are plenty of solid reasons for such praise. The people in 1952 voted overwhelmingly to put Dwight D. Eisenhower in the White House. They did so because they believed he'd give them a program inspired by zeal for the common good and dedicated to the welfare of every American family.

Because he has done that, we believe they will do the same thing again a little less than two years hence.

Indefensible Delay

The Senate's Judiciary Committee is paying a high price in loss of prestige for its indefensible delay on the nomination of JOHN MARSHALL HARLAN to be a U. S. Supreme Court Justice.

The nomination went to the Senate early in November. But action on it was left to the new Congress at the instance of Mississippi's Democratic Senator EASTLAND. The new Congress has been in session more than a month but the Judiciary Committee has set February 23 as the earliest date for dealing with the nomination.

A significant fact in this matter is that the Supreme Court has delayed action on decrees to implement its desegregation decision till it has a full complement of justices. Sen. EASTLAND, of course, isn't the only member of the upper House who would like to see the desegregation decrees delayed interminably.

Sen. LANGER, ranking Republican member of the Committee, opposes Judge HARLAN for another and most frivolous reason. He is not a North Dakotan or native of one of the other six States which LANGER says never have been represented in a high Government office.

Judiciary Chairman Kilgore says none of the protests against the nominee have anything to do with his integrity, his reputation or his judicial competence.

Thus all this boils down to irresponsible delaying tactics against the Supreme Court's desegregation decrees.

Italo-Turkish Agreement

In diplomatic circles great importance is attached to the recent three day visit in Rome of Turkey's Premier MENDERES. The event developed into a very cordial demonstration of Italo-Turkish agreement on the value of NATO. As a result it is believed the NATO alliance will be strengthened along its southern flank.

Another result of the visit was agreement on collaboration for the defense of the Mediterranean with special emphasis on the eastern end of that great sea. Both the Rome and Ankara governments consider themselves "the two most important fortresses of Western defense" in that area.

Also of interest is the fact that the discussion embraced expansion of the Turkish-Greek-Yugoslav alliance to include Italy. One obstacle to such expansion is Greece's current unhappiness over the Cyprus issue. There is also Egypt's opposition to Turkey's agreement on a defense pact with Iraq.

Because Western defense solidarity is so important, it is to be hoped all of the nations concerned will co-operate in the common effort.

The Man About Town

Widely Known City

Pontiac Has Distinction Not Enjoyed by Others

TV set: A modern contrivance whose best part often is its shut off.

"When you tell them you're from Pontiac, they always take notice," says

City Manager Walter K. (Bill) Willman, in speaking of attending conventions or other gatherings in faraway cities. He finds that Pontiac's fame spreads over a much wider area than that of other cities of comparable size or even much larger.

This he says is largely due to what we have accomplished or now are doing in our several ways. This includes the manufacture of the Pontiac car and other things allied to the auto age. This is the only car that bears the name of the city where it is made. And the great Indian chief also accumulated a fame that is passed on to us.

The two local army draft boards are asked to send only 25 men as their quota for this month. The Pontiac city board sends 10, and the out-county board 15. The induction date for both is Feb. 17.

In spite of her very efficient official contact over a long period of years with more people than any other Oakland County woman.

Probate Register Florence Doty is the most publicity shy person I ever met. When I told her I was going to put an item in this column about her good work, she threatened to shoot me. So here it is, and if I don't dodge the bullet, please omit flow-ers.

Holly claims to have been the first Michigan town to pass an ordinance prohibiting spitting on the sidewalks. It was in 1905 and John Barnes painted the signs for posting throughout the village.

It is not generally known that the late Henry Ford has a brother living not far from Pontiac. He is

William Ford, aged 83, who owns a farm on which he lives just over the Oakland County line in Livingston County. Although Henry's will made no mention of him, William vehemently denies any ill feeling between them. They never mixed very much. William and his sister,

Mrs. Margaret Ruddiman, aged 87, of Dearborn, are the survivors of the five Ford children who grew to adulthood.

When their cars ran into a Detroit underpass bridge abutment, 16 persons were either killed or injured in two years. After a "keep right" sign was posted on the abutment it has not been struck by a car in seven months.

Verbal Orchids to—

Clinton E. Graham of 280 Osmon St.; eighty-fifth birthday.

Mrs. R. E. Bailey of 18 Lexington Place; eighty-third birthday.

Mrs. Flora C. Johnson of 60 Parkhurst St.; eighty-third birthday.

Jack, Jim and Jerry Uhrick, the triplet sons of

Mr. and Mrs. J. A. Uhrick of 3335 Pontiac Trail; eighth birthday.

Rev. and Mrs. H. B. Johnson of Belding, formerly of Oxford; golden wedding.

Thomas Flynn of Clyde; eighty-fourth birthday.

Pandora's Box

David Lawrence Says:

Appointment of Zhukov May Mean Peace Effort

WASHINGTON — If it were left to just two men — President Eisenhower and Marshal Zhukov, the new defense minister in Moscow — there probably could be an era of peace and understanding in the world.

For there is an intensely human aspect to the friendship which developed in wartime between the commander-in-chief of the American and Allied forces in Europe and the commander-in-chief of the Soviet forces.

Long before General Eisenhower became President he talked to intimate friends of his meetings in Berlin in 1945 with Marshal Zhukov. From the statements made this very week in Moscow to newspapermen by the new cabinet minister who will be in charge of all defense for Soviet Russia, it is evident that the friendship has not been forgotten by the Soviet leader.

Marshal Zhukov is a military hero in Soviet Russia and, if he alone were to decide on future policy, there would be much less to fear even though he has a military background. For, contrary to a rather curious impression that seems to have been fostered in pacifist quarters—where the word "militarism" is loosely used to describe a phobia to start fighting—the truth is military men usually do not want war and lean over backward to avoid it.

Generals who have the responsibility of ordering young men to face death are often the last people to urge the use of war as an instrument of national policy.

If Marshal Zhukov could speak his own thoughts freely, he probably would say the same things that President Eisenhower has been saying against war. Actually, since Eisenhower has been in the White House, he has proved the very antithesis of the concept of a military man which has been so widely held.

But could these two men—Zhukov and Eisenhower—get together and talk things over? This concrete question was raised at the President's press conference this week, and he answered guardedly that he would have to take up such a proposal with his advisers.

Meanwhile, Marshal Zhukov in Moscow in an interview earlier this week with William Randolph Hearst Jr., head of the Hearst group of newspapers, and Kingsbury Smith of International News Service, referred specifically to the two times he had been invited by General Eisenhower to visit America and expressed the hope that his dream of coming here might some day be realized. He said that he didn't think relations at the moment made it suitable for him to come at this time, but he hoped relations would improve.

What does all this mean? Plainly the rise of Marshal Zhukov is a significant development. Today, of course, he is an officeholder backed by the Communist Party. He has to stick closely to their doctrine. If he came to the United States as an envoy of the present Communist regime, he would not get the same kind of reception as he might get if he were the elected representative of the Soviet people as a result of a free election.

There may come a time when some spokesman of a free government which has overturned a perhaps with a bloodless revolution—

Jim says he believes in helping the deserving, but he always figures that people are greedy or wicked or they wouldn't be hard-up.

Voice of the People

Says Rural Routes Will Have Junk Mail Until Carriers Are Given 40-Hour Week

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I have been following with great interest articles appearing in this column on junk mail, or boxholders, as they are called by the post office. I note also that on March 31, 1955 this junk will be discontinued on all city routes unless an address appears on each piece. This will cost the sender more money, so you city dwellers can expect less of this cheap type of advertising.

The actual reason for the post office stopping this misuse of the mails is this: It was started for additional revenue, but so many firms took advantage of it, the post office had to hire extra help to deliver the mails, sometimes slowing the mails to a snail's pace. The cost of delivery was over and above the revenue.

This nuisance on the rural routes was started back in the early 1900s when the Congress passed a law that allowed boxholders to be used by any person or firm that had anything to sell. In those days a rural carrier had only a few farm families to serve.

Your rural carrier does not have a 40 hour work week like the city carrier. He works six days per week and as many hours a day as it takes him to finish his route. There is no overtime pay for him.

Therefore, Mr. and Mrs. Rural Dweller, you will have boxholders until your carrier is put on a 40-hour work week with overtime provisions. Don't forget, the rural carriers dislike boxholders, too.

A County Rural Carrier

Buy Fluoridated Water in Bottle, Says 'C.H.N.'

Anyone who wants to use distilled water can buy it in a bottle. Why couldn't fluoridated water be made available the same way so that whoever desired it could get it at the drugstore where all drugs are sold?

Editor's note—The cost of this plan would put it out of reach of many. The plan suggested for Pontiac makes the cost per capita the lowest of any method that can be devised.

If the proof of the pudding is in the eating, then the value of water fluoridation is obviously in the drinking of fluoridated water over an extended period.

This unpretentious news item in Time Magazine, Feb. 7, 1955, page 49 is a statistical testimonial for the fluoridation program:

"Grand Rapids, Mich., one of the first U. S. cities to add fluoride to its water supply, celebrated the experiment's tenth anniversary with a look at the results. Among them: 1-30 per cent fewer kindergarten children have decayed

teeth. 2-first-graders have 75 per cent fewer cavities. 3-eighth-graders have lost 50 per cent fewer teeth."

The other night "Enthusiastic" suggested that instead of putting fluoride into the water we put in Scotch. I have an additional suggestion.

Fluoride was to be one part to a million parts of water. Let's use one part water to a million parts Scotch.

Even More Enthusiastic

'Never Gets Pension Regardless of Age'

Our policemen and firemen who are 55 look good and healthy to me. Why should I start paying them a pension at 55 when I never get one at any age?

Farm Worker (Age 60)

'Retired Worker' Differs With 'Welder' on Pension

'Welder,' I see you are annoyed, having to pay taxes in order to allow firemen and police officers to retire at the age of 55 years.

Have you never considered the fact that these two public services are much more hazardous than working in a factory?

Can you imagine a fireman climbing a high fire ladder at the age of 65 in order to save a life? Or a police officer at 65 trying to outrun a fleeing criminal and always in the danger of being shot at?

There are, of course, inequities in community taxes, but not in the line you mentioned.

Retired Worker

Says A. W. Nixon Should Go to Belgium

This article is to answer Mr. A. W. Nixon's article that appeared in the Voice of the People recently. He asked, "What will happen to the working man?"

C. H. N.

I do enjoy each little thing... That anybody gives... Especially the presents from... My friends and relatives... I keep them in my study or... Some other special place... And every item brings to mind... A fond, familiar face... But most of all I treasure now... The gifts that came to me... Quite long ago, with eyes aglow... From my dear children three... The razor Jimmie gave me with... The money he had earned... The calendar from Don that shows... Each date as it is turned... And, oh, the precious ash tray that... My darling Kristine made... When she was learning lessons in... A very early grade... These are the only articles... With which I would not part... These are the loving, childish thoughts... That whisper to my heart.

(Copyright 1955)

Portraits

By JAMES J. METCALFE

Nobody can be so independent he can make omelets without eggs. When a proposition is adopted 40-3 you might figure the three would be like the old lady in the first carriage. She didn't agree with the late lamented but she went along for the ride.

The only thing more unanimous than 40-3 is the handling of a fat hog in the Chicago stockyards. They use everything but the squeal. Which is a short piccolo lesson.

Development of Character Uppermost in Scouting

(Editor's Note—This is the final article in a series presented by the Pontiac Press in observance of the 45th anniversary of the Boy Scouts of America.)

Scouting, 45 years old in the United States this week, is more than outdoor activities, training in leadership and skills; more than the comradeship and fun enjoyed by nearly 4,000,000 boys in this country.

It is an idealistic concept, but one that has proven value in the most realistic sense.

Of all the things a boy can derive from participating in scouting, nothing is more valuable to him or to the community in which he lives as the development of character the Boy Scout program emphasizes.

The first thing a tenderfoot learns, even before he takes his first hike or ties his first knot, is the Scout Oath. Each time his troop meets, he stands and solemnly recites these words:

"On my honor I will do my best;

"To do my duty to God and my country, and to obey the Scout Law;

"To help other people at all times;

"To keep myself physically strong, mentally awake, and morally straight."

If anything is omitted in this simple affirmation of basic good citizenship, it certainly must be included in the Scout Law. This is the second thing the new scout learns, and before many weeks he knows these twelve points, which, if observed conscientiously, cannot help but make him a better man. The Scout Law reads:

1. A scout is trustworthy. His honor is to be trusted. If he were to violate his honor by telling a lie, or by cheating, or by not doing exactly a given task, when trusted on his honor, he may be directed to hand over his Scout badge.

2. A scout is loyal. He is loyal to all to whom loyalty is due, his scout leader, his home, his parents and country.

3. A scout is helpful. He must be prepared at any time to save life, help injured persons and share the home duties. He must do at least one "good turn" to some body every day.

4. A scout is friendly. He is a friend to all and a brother to every other scout.

5. A scout is courteous. He is polite to all, especially to women, children, old people and the weak and helpless. He must not take pay for being helpful or courteous.

6. A scout is kind. He is a friend to animals. He will not kill or hurt any living creature needlessly, but will strive to save and protect all harmless life.

7. A scout is obedient. He obeys his parents, scoutmaster, patrol leader, and all other duly constituted authorities.

8. A scout is cheerful. He smiles whenever he can. His obedience to orders is prompt and cheerful. He never shirks or grumbles at hardships.

9. A scout is thrifty. He does not wantonly destroy property. He works faithfully, wastes nothing, and makes the best use of his opportunities. He saves his money so that he may pay his own way, be generous to those in need, and helpful to worthy objects. He may work for pay, but must not receive tips for courtesies or good turns.

10. A scout is brave. He has the courage to face danger in spite of fear, and to stand up for the right against the coaxings of friends or the jeers and threats of enemies, and defeat does not down him.

11. A scout is clean. He keeps clean in body and thought, stands

for clean speech, clean sport, clean habits and travels with a clean crowd.

12. A scout is reverent. He is reverent toward God. He is faithful in his religious duties, and respects the convictions of others in matters of custom and religion.

These are the ideals on which scouting is founded. They are much the same, in all probability, as the ideals which any man might wish to instill in his son.

That the Boy Scouts of America have succeeded in making these ideals real and living truths for two generations of our citizens is perhaps the greatest single tribute that could be paid them.

Their thoughts, on this 45th anniversary, in the true scout tradition, are instead toward the future. The theme selected for this birthday celebration states simply, "Building for a Better Tomorrow."

Defend Human Rights Abroad, Here—HST

KANSAS CITY (AP)—Harry S. Truman told the National Conference of Christians and Jews last night "we must strive abroad, as well as at home, to defend human rights."

The former President said suppression of freedom in various parts of the world threatens "to undo the slow and hard-won achievements of civilization."

He declared: "It is only the people of religious faith throughout the world who have the power to overcome the force of tyranny. It is in their beliefs that the path can be found to justice and freedom."

Milk usually is whiter in winter than in summer because cows do not eat growing plants from which coloring matter is transmitted to the milk.

Montreal Man Hanged for Dismembering Body

MONTREAL (AP)—Lucien Picard, a jobless Montreal machinist, was hanged early today for killing 6-year-old Raymond Trudeau and dismembering his body. Police officials termed the murder one of the most gruesome they had ever seen.

Picard, 45, was convicted of murder Nov. 9. Part of the boy's body was found in a suitcase in Picard's room.

About 75 Americans go blind each day.

Waitress Tells Suicide Go Out, Don't Die in Bar

BANCROFT, Mich. (AP)—George L. Lauer, 60, walked into a tavern yesterday and announced he had swallowed cyanide and was dying. Believing him to be joking, the

waitress told him: "Go outside, George. Don't die in here." Lauer walked out the door, collapsed and died a short time later in a hospital in nearby Durand. Coroner William Scarlett ruled the death suicide by cyanide poisoning.

SOLID STORY—This pigeon was found frozen to an ice-covered wire by Charles W. Campbell, of Kansas City, Mo. He took the bird inside to thaw out and afterwards released it in good condition.

7 Pilots Saved by Nylon Web

Runway Barrier Also Credited With Salvage of Valuable Jet Aircraft

NELLIS AIR FORCE BASE, Nev. (AP)—This installation claimed today a saving of seven pilot lives and some four million dollars worth of airplanes through the use of runway barriers costing a few thousand dollars.

Success of the new device has been so striking the Air Force has decided to install it at every base from which jet aircraft operate. It already has been installed at all air training command bases.

Nellis AFB, which owns or leases more than three and a half million acres of land—almost one tenth of Nevada—reported none of the seven pilots in the jet planes arrested by the barrier was injured by the sudden stop, nor did any of the planes suffer serious damage. Capt. Curtis Lutterbach of Brackettville, Tex., operations and training officer, said one of the saved planes hit the barrier at almost 180 miles per hour.

He said that two of the saved planes suffered engine failures on takeoff and had to come down at the far end of the runway. Without the barrier they would have plunged on across the rocky desert.

The barriers consist of a strip of nylon webbing across the end of the runway about the height of a tennis net. The plane's nose wheel engages this strip and the main landing gear then engages a steel cable.

Each end of the cable is attached to a steel chain of 243 links, each link weighing 50 pounds. The weight of the dragging chain brakes the aircraft.

The barrier was adapted from a device aboard carriers. Brig. Gen. James E. Roberts, Pettus, Tex., Nellis AFB commander, said the barriers have helped reduce the accident rate here.

Nellis is the finishing school for combat jet fighter pilots. Nellis students use more than 4,000 practice rockets plus 12,000 practice bombs and 600,000 rounds of .50 caliber ammunition every month.

Mom Saves Girl, Dolls Squeezed Into the Oven

NEW YORK (AP)—Six-year-old Olga DeJuana and her sister, Gloria, 4, were playing in the kitchen of their Brooklyn home yesterday when they decided to put their dolls in the oven.

After the dolls were in the oven, Gloria suggested that Olga climb in with them. Olga did, and Gloria jammed in the wire baking rack and Olga was very much stuck.

Howls from Gloria and Olga brought their mother, who needed police help to free Olga.

Anybody burned? Only Gloria, in a "rear action" maneuver by her mother.

Twin Brothers, Maybe?

THOMPSONVILLE, Conn. (UP)—Police reported that Robert S. Johnson became so excited while driving behind his brother, Chester, when the latter struck a pole that his automobile also went out of control—and smashed another pole.

Doctors say certain exercises sometimes help crossed eyes.

Distant Kin Given Niche in Valentine Card Rack

By MARGARET LATROBE

You can say "Be My Valentine" to everybody you know without a paste pot and paper lace to give the red cut-outs a personal touch. The greeting card industry, bless its creative heart, has made it easy to find that certain message which great-aunt Tabitha's second cousin will know was selected for her alone. How? Because you can step into the stationer's and pick out a card dedicated "For Great-Aunt Tabitha's Second Cousin. With Love on Valentine's Day."

In the unlikely event you don't have an aunt Tabitha, you can still greet all friends and relations aptly and intimately. Your mood can vary with the warm February sun, following as wide an arc as personalities and conscience allow.

For instance, the card picturing a large purple plum with a face peeking from behind its velvet circumference suggests both the day's sentiment as well as a touch of gout. It reads: "I'd be 'plum' silly not to want you for a Valentine." Get the idea?

Another we all can use is "What Every Working Girl Should Know —" And inside, the pleasant rejoinder — "A Millionaire."

Intriguing is the eye-catching number on which are imprinted lots of red lips with the tender exclamation "Ain't You Sweet!" (The manufacturers assume, and quite rightly, that every card should be chosen with caution by those bent on acquiring somebody for a Valentine.)

Insouciance blends with frankness on another — "You've Got a Figure Divine. And a face only a Mother could love."

I was thrown a bit off balance by one message addressed "To My Husband and Sweetheart," but the saleslady assured me no triangle was suggested. The card was meant for one and the same gentleman.

There is the right card for every single soul. Sisters, nephews, darling daughters, noble sons,

'Champagne' Girl Due to Remain in Hospital

LOS ANGELES (U) — Trixie Friganza, vaudeville's Champagne Girl, isn't leaving the hospital just yet.

The 53-year-old actress was admitted to Queen of Angeles Hospital last week with an intestinal ailment. She was reported improved and due to leave the hospital yesterday.

But Dr. Alfred P. Luppi said she needs more tests and that she suffers from arthritis and heart trouble as well as intestinal trouble.

HOLLYWOOD (U)—The wife of Alan W. Livingston, recording firm executive whose name has been linked romantically with that of Betty Hutton, is agreeable to a quick divorce, her attorney says. Samuel Barchas said yesterday that Mrs. Elaine Livingston, 36, has accepted a "generous settlement" and will appear in court Feb. 24 to seek a default decree on grounds of mental cruelty. Livingston, 37, married her in New York City in 1943.

Police Find Bombs

SAN JOSE, Costa Rica (U)—Police say that several unexploded bombs have been found in the past few days in this country, which only recently put down a rebellion. They don't know who has been planting them.

Deaths Last Night

NEWPORT BEACH, Calif. (AP)—John Bell Clayton II, 48, novelist, short story writer and former newspaperman. Born in Craigsville, Va.

WASHINGTON—John J. Deviny, 72, former director of the government's printing business who had started to work for the government as an apprentice printer. Born in the District of Columbia.

MODESTO, Calif. — Mrs. Josephine Cochran Wilson, 43, who lived in the White House when her grand uncle Woodrow Wilson was President. Her aunt is Eleanor Wilson McAdoo, daughter of Wilson.

Boy Rebuked for Jeans Drops Out of School

WHEATON, Md. (U)—Without giving a specific reason, 17-year-old Paul McQuain—whose attire drew the wrath of school officials—has

withdrawn from Wheaton High School.

Young McQuain, a junior, was sent home in January and told not to come back in the tight-fitting dungarees he was wearing. He returned to school only once, wearing conventional clothing, to take

midterm exams. Principal Elwood B. Mason said two counselors tried without success to persuade the boy to remain in school.

New York's first subway was opened Oct. 27, 1904.

Prison Left Its Mark

Alger Hiss Awaits Offer of \$20,000 a Year Post

NEW YORK (INS) — Three months after his release from prison, Alger Hiss is jobless and living on hope.

The one-time State Department aide is anxious to become a "forgotten man" on the American scene.

Despite his imprisonment and disgrace, Hiss is waiting hopefully for an offer of a high-level executive post paying about \$20,000 a year, such as he held in the past.

But first Hiss wants to write a book about his case, if he can find a publisher.

During a 30-minute chat in his apartment, it was apparent the 44 months Hiss spent in Lewisburg Federal Penitentiary have taken their toll.

His eyes are sunken deeply, his cheeks are hollow, and his once-youthful appearing face is heavily lined and has aged considerably.

But Hiss' demeanor is unchanged from the days before he was convicted of lying about passing State Department secrets to confessed ex-Communist spy courier Whittaker Chambers.

He is still polite, aloof, and condescending in manner.

The lean 50-year-old former State Department official answered the ring of the doorbell in the Greenwich Village apartment which his wife, Priscilla, maintained while he was in prison.

She now works for a Madison avenue book publisher.

The ex-diplomat who helped found the United Nations is not, as generally believed, free of restrictions despite his release 18 months ahead of time because of good conduct.

He reported Tuesday to the U.S. parole office in the Federal Building as he must from time to time until September. Hiss cannot leave Manhattan to go even to Brooklyn without the permission of his probation officer.

Hiss, who is disbarred and can not practice law or hold any federal position, has not sought employment since his release but has had some job offers which he declined.

He hopes to obtain a position similar to the one he held before.

Director to Pay \$52,383 Due on 1940 Divorce

LOS ANGELES (U)—Film Director Howard Hawks has agreed to entry of a \$52,383 judgment in Superior Court against him in favor of his first wife, Mrs. Athole Hawks, sister of Norma Shearer, former screen star.

Mrs. Hawks, 53, sued for funds due under a 1940 divorce settlement. The agreement called for payment of \$1,000 a month and 10 per cent of Hawks' earnings for her support and establishment of a trust fund for their two children.

Death Penalty to Stay

LONDON (U)—A proposal to abolish the death penalty in Britain on a five-year trial basis was knocked down 245-214 last night in the House of Commons. The Churchill government had opposed the change—favored by many Laborites.

'10 Million' Dissolving

NEW YORK (U)—The Committee for Ten Million Americans, set up last November to collect signatures petitioning the Senate not to censure Sen. McCarthy (R-Wis.), is dissolving. Its chairman, George E. Stratemeyer, a retired Air Force lieutenant general, announced yesterday.

Most of the present residents of Haiti are descendants of the slaves imported from Africa by early French settlers.

Charges Monopoly in Light Ammunition

DENVER (U)—A Denver businessman filed suit in U. S. District

Court yesterday charging a monopoly in the small arms ammunition field and demanding \$475,000 damages.

Phil I. Francis, who runs a downtown store, stated he has been without a stock of such ammuni-

tion for a year because he refused to sign a fair trade agreement with the two firms involved.

The companies are Oth Mathieson Chemical Corp. of Virginia and Remington Arms Co., a Delaware firm.

Soviet Working on Atomic Auto.

Still Must Devise Way to Protect Riders From Deadly Rays

BERLIN (UP)—An East German newspaper said today the Soviet Union is developing an atomic automobile that can drive for weeks without refueling.

The only hitch, the newspaper said, is that they haven't found a way yet to protect the persons riding in the car from the deadly gamma rays and neutrons constantly emitted by its uranium reactor.

The East German Magdeburg newspaper Volkstimme said a Soviet scientist named Romadin is working on this. He is developing a metal alloy that is not only light but also absorbs the deadly rays, excluding all dangers, it said.

"The main part of the atomic car is its atomic engine. Otherwise the automobile is constructed in a normal way."

"This atom engine is no engine in the traditional meaning, but more like an atomic reactor, similar to the uranium piles in atomic power plants."

"In a glimmering explosion, during the slow transformation of uranium or plutonium, immense quantities of heat come into being. This heat is used to melt a metal heat conductor such as lead."

"The melted lead is kept in constant rotation and heats water. The water turns into steam and drives a small turbine, similar in principle to a steam turbine in a power plant."

"The turbine drives the axles, thus replacing the usual gasoline engine."

It said the steam is condensed back into water and that it is not necessary to refill the radiator.

Once a final solution is found for protecting people from the deadly atomic rays, new ways will be open to Soviet science for the peaceful use of atom energy, the newspaper said.

New Jazz Tune by King Tops Thai Hit Parade

BANGKOK, Thailand (UP)—A new song by King Phumiphon Aduldet is topping the Hit Parade in Thailand. "We Want to Be Happy Today" is the title.

The 27-year-old monarch's composition—he's an accomplished jazz musician—is being featured in the annual variety show being put on by Bangkok's American University Alumni Assn.

Europeans package many food products in collapsible metal tubes such as those used for toothpaste in the United States.

Sen. Broomfield or Sen. Brown: Both Will Answer

Politics can become slightly confusing when public officials in the same party and attending the same meeting have a similarity of appearance.

Assistant County Prosecutor Donald A. Brown gave little heed when some one addressed him as "senator" at the recent county Republican convention. Just a slip of the tongue. When it happened again he became curious.

BROOMFIELD BROWN

He found the answer in State Sen. William S. Broomfield, also present. Friends discovered the men look sufficiently alike to confuse acquaintances who see them only occasionally. To keep the record straight, their pictures appear here, side-by-side.

Panama Solons to Discuss Trial

Commission Suggests Legal Action Against Ex-President

PANAMA (UP)—A special congressional investigating commission has recommended that former President Jose Ramon Guizado be tried on charges of complicity in the assassination of his predecessor Jose Antonio Remon.

The National Assembly is expected to debate the recommendation next Wednesday. It must decide whether to try Guizado or quash the accusation. If tried and convicted, he could be sentenced to a prison term of from 10 to 20 years.

The commission's report, given to the Assembly last night, said Guizado was implicated by his own testimony and that of others questioned, including his own son. Jose Ramon Guizado Jr. and two of his business partners are among 13 other persons held in connection with the Jan. 2 slaying of Remon.

A 43-year-old Panamanian lawyer, Ruben Miro, has admitted the actual machine-gunning. He said in his confession he had discussed the killing previously with Guizado and was promised the Cabinet post of government and justice minister.

Unhappy Pair End Life Together in Parked Car

VERNON, Vt. (UP)—A young couple who couldn't stand to be parted took their own lives yesterday in a car parked off State Highway 142. They were identified as William Cedar, 21, of Middletown, Conn., and Susan A. Eckersley, 15, of Cromwell, Conn.

State police said the couple left a note saying, "We love each other but no one will let us stay together and we cannot stand to be parted." Police listed them as suicides by carbon monoxide poisoning.

Pontiac High Yearbook to Get New Look in '55

Although the term "new look" is a bit overworked, Pontiac High School's yearbook, the Quiver, will have just that when it comes out this year.

Different from cover to cover, the book will be based upon school activities throughout the year. Red, white and black will adorn the hard cover and the number of pages will be increased from 126 to 144.

Ten pounds of air at 80 degrees Fahrenheit can hold 3 1/4 ounces of water, compared to 1/4 ounces of water at freezing temperature.

Trial to Begin for Phenix Pair

Ex-Officials Accused of Killing Vice Crusader Patterson

BIRMINGHAM, Ala. (AP)—Two of the reputed bosses of a once-thriving Phenix City vice empire face trial here Monday for the killing of A. L. Patterson, the crusader who had sworn to smash the racketeering domain.

Former Prosecuting Atty. Arch Ferrell, 37, and ex-Chief Deputy Sheriff Albert Fuller, 35, are both charged with first-degree murder, punishable by death in the electric chair.

A third defendant, former Alabama Atty. Gen. S. I. Garrett, also is under a murder indictment for what the state contends was a bizarre plot to keep Patterson from taking office as Garrett's successor.

Garrett is under treatment for a mental disorder in a hospital at Galveston, Tex., and no date has been set for his trial.

Patterson, a crippled 68-year-old former state senator, was shot down outside his Phenix City law office June 18 a few days after he had won the Democratic nomination for attorney general on a promise to break the evil grip of lawlessness in his community.

His 33-year-old son John is the attorney general now. He won the Democratic nomination without opposition after his father was slain, and was elected in November.

The elder Patterson was assassinated a few hours after he had made known that he would testify before a grand jury in Birmingham which later charged Garrett, Ferrell and a young Birmingham attorney, Lamar Reid, with trying to steal the nomination from the anti-vice crusader.

The three men were indicted for fraudulently adding 600 votes to the total for candidates Lee Porter, of Gadsden, after the official Jefferson County canvass of the June 1 election returns had been made.

Reid at that time was chairman of the county Democratic committee.

The vote fraud trials have been set for March 7 in Birmingham.

The elder Patterson accomplished in death what he had vowed to do alive. His murder brought about an unprecedented vice cleanup in Phenix City which resulted in heavy fines and prison sentences for more than 100 racketeers and their underlings. National Guard troops took over law enforcement for six months during the cleanup.

Only men and monkeys can have the common cold.

Most of DuPont's Estate Earmarked for Gardens

WEST CHESTER, Pa. (AP)—Most of the multimillion-dollar estate of the late Pierre S. du Pont will go to a foundation to keep up his famed Longwood gardens, near Kennett Square, Pa., under terms of his will on file in the Chester County courts Thursday.

Du Pont, former president and board chairman of E. I. du Pont de Nemours and Co., Inc., died last April 5 at Longwood. He was 84, and the oldest member of the Du Pont family which built and operated one of the world's largest industrial firms.

His estate was estimated for probate purposes at 40 million dollars when the will first was filed in Delaware, which claimed him as a resident. Later estimates indicated the total may reach twice as much. A copy later was filed in Chester County for administration of the estate's Pennsylvania assets.

Du Pont's will established the Longwood Foundation Inc., to use the funds "for the maintenance and improvements of the gardens." Longwood gardens have been open to the public for many years.

The gardens are world famous for their beautiful horticulture displays.

Du Pont directed that use of the trust funds for the gardens be con-

Airman Claims America Able to Build Satellite

COLORADO SPRINGS, Colo. (AP)—The United States can build an earth satellite in space now, the president of an aircraft company said yesterday.

"We have the knowledge," said James T. McNamee, a retired Air Force general. "It is a question of finding someone who wants to put a billion dollars in the project."

McNamee, Mediterranean theater Air Force commander during World War II and now head of the Consolidated-Vultee Aircraft Corp., said he is less hopeful about the immediate prospects for atomic-powered aircraft.

"We will be lucky to get atom-powered planes by 1965," he said. The thermo-dynamic barrier—the problem of tremendous heat to which supersonic planes are subjected in flight—is a major factor limiting speeds of military aircraft, McNamee explained.

"We do not have the metals which will stand up at speeds above the barrier," he said.

How Many to a Ton?

CHICAGO (AP)—A ton of fried grasshoppers shipped from Japan to a Chicago food distributor arrived yesterday at collector of Customs Frank Peska's office. Figuring \$315.0 duty on the shipment, Peska commented: "I guess people eat them."

continued "as long as income from the foundation is tax exempt by the United States and the Common wealth of Pennsylvania."

A specific bequest to the Foundation was 3,000 shares of common stock of Christiana Securities Co., which was incorporated in 1915 as a Du Pont family holding unit. The stock currently is quoted—although infrequently—at more than \$11,000 per share, which would make this specific bequest more than 33 million dollars.

Du Pont's will was dated March 21, 1946, and included 30 codicils covering amendments or specific bequests. There are numerous personal and charitable bequests, and the residue is left to the Longwood Foundation.

Du Pont directed that all his letters and papers be kept privately for five years to give his family an opportunity to examine them and select some for permanent preservation as being "of interest to future generations."

DELAYED BIRTH—Mrs. Bernard Schmees of Delaware, Ohio, gave birth to a son January 28, but must wait until late March for the birth of her son's twin. The delayed birth is said to be one of the rarest in medical history.

The U. S. traffic death toll is 7.3 deaths per hundred millions miles of auto travel, the lowest in the world and 50 per cent lower than it was 15 years ago.

Will Shun Blocs, Tito Says Again

Yugoslav Leader Sets Neutral Course in Talk on Returning Home

BELGRADE, Yugoslavia (AP)—Yugoslav President Tito said again today that Yugoslavia will not enter any bloc—Communist or Western—but will pursue an independent course to "support the policy of peace."

Sun-bronzed from his 73-day trip to India, Burma and Egypt, the Yugoslav Communist leader disembarked from the naval ship Galeb at the Adriatic seaport of Rijeka. Belgrade radio reported thousands cheered him and singing

schoolchildren scattered flowers over the waterfront.

"We believe that blocs lead to wars, and wars are the major danger of humanity," Tito declared in a speech on arriving.

"The race in arms exists," he said. "We will not join those who believe that problems should be settled by arms. That would mean a catastrophe for the human race."

Yugoslavia broke with the Russian-led Cominform in 1948 on Kremlin charges that Tito was pursuing "nationalistic" policies. In the past year, it has gone a long way toward restoring what Tito calls normalization of diplomatic and economic relations with the Cominform nations while carrying on friendly relations with the West.

Between A. D. 1200 and 1800, world population increased from about 500 million to 900 million and today it is 2,400,000,000.

74 N. SAGINAW ST.

MARKING ANNIVERSARY—Looking over posters designed for this week's 45th anniversary of the Boy Scouts of America are five Pontiac residents who represent every branch of the scouting program. Mrs. Joseph Hughes of Pack 51, Donelson School PTA, is a den mother, and beside her is Cub Scout L. G. McKinney, also of Pack 51. Behind them is

Glenn Lackey, neighborhood commissioner of Pontiac District, an adult leader, while the Boy Scout at left is Larry Reynnells of Troop 150, Crofoot School. Charles Bradshaw, a member of Explorer Post 66, Joslyn Ave. United Presbyterian Church, represents the senior branch of scouting.

Unusual Plow Vacuums Walks Clear of Snow

PETOSKEY (UP)—Dick Lark said today he got pretty tired of shoveling his 50-foot driveway every time it snowed so he built an electric vacuum cleaner-type plow with \$12 worth of scrap metal.

Lark's "lazy man" rotary snow plow is powered by a three-quarter horsepower electric motor.

It rides on runners and has a small scoop, not much larger than a snow shovel, extending from the front of the blade. This acts as a guide to force the snow against the blower which

throws it as far as 50 feet out of a funnel.

Lark said his kids, whom he couldn't even get out of the house—let alone shovel the walks, now fight for the privilege of using the plow when it snows.

"And the beauty of it all," Lark said with a smile, "is that my wife can 'shovel' snow now just as easy as she can when she vacuums the rugs."

Fish Don't Play Rough

PORTLAND, Me. (UP)—Dr. Albert A. Aranson says he thinks he will stick with his hobby of raising tropical fish from now on. He tried playing football with neighborhood youngsters and fractured an arm and a finger when he fell trying to catch a pass.

Let's Have No More Unkind Quacks, Sir

SAN FRANCISCO (AP)—The elderly man said he wasn't the fellow who had been stealing ducks recently from Spreckles Lake in Golden Gate Park. He told officers Victor Wilcox he was just bringing his pet duck Elmer down for his daily swim.

The man put Elmer's box down by the water's edge. After Elmer swam far out, the man took a breath and bellowed, "Elmmerrr!"

Straight back to shore and into the box went Elmer. Then the man asked Wilcox: "Well?"

Expects Ike Will Run

GLASTONBURY, Conn. (AP)—Sen. Bush (R-Conn.) said last night in a Lincoln Day dinner address he expects President Eisenhower will run for re-election. "The president has the trust of the American people," he said.

America's Boston is named after a town in England.

City Getting Too Clean

UVALDE, Tex. (AP)—Hotel manager Zola Price says the city's diligence in keeping the downtown district clean is putting him out no end. Hotel guests, he said, persist in mailing letters in the new trash containers set up beside the mail boxes.

Liberace's Parents at Odds Over Name

MADISON, Wis. (AP)—Sam Liberace, father of the pianist, says he had retained an attorney to fight a petition by his former wife to resume the name of Liberace.

Mrs. Frances Casadonte, divorced from Sam Liberace in 1941, filed a petition in Los Angeles this week to change her name back to Liberace. She now lives in Hollywood with her son, well known radio and television entertainer.

The former Mrs. Liberace married a man named Casadonte in 1945. He died in 1945.

The elder Liberace, who has remarried, said he objects to her capitalize on the name.

She said in her petition she wanted to make the name change to "avoid confusion."

Boys Romp in Boxcar, Wind Up in California

NEWHALL, Calif. (AP)—Two youngsters came as a surprise to Newhall—and vice versa.

Tidel Bravo, 14, and his brother Miguel, 11, said they were playing in an empty freight car in Tucson, Ariz., three days ago. They got locked in.

Yesterday, railroad workers were surprised to find them, hungry and thirsty, still in the box car. The boys were surprised to find they were in California. Sheriff's deputies are arranging another ride—back to Tucson.

Cop Cools Off Truck, Hopes He Gets Paid

JACKSONVILLE, Fla. (AP)—Detective Sgt. J. W. Wingate, stuck with a truckload of cabbage, bought 700 pounds of ice to keep it from spoiling and hopes he gets his money back.

The owner of the truck, C. W. Benson, of Wilmington, N. C., telegraphed police yesterday that his driver phoned long distance saying he "misaid" the truck and ran up a big taxi bill trying to find it.

Wingate found the truck and its perishable cargo where it had been parked on a side street since Wednesday. The detective bought the ice and hopes the substitute driver arrives before it melts—and with the money to repay him.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

A VALENTINE FOR GIRLS TO MAKE

This Monday is Valentine's Day, on which any little girl can send a heart to her dad, brother or friend. Here is a valentine for a girl to make.

1. Color the heart a bright red. You can make the arrow yellow and color the little girl's hair and ribbon any shade you wish.
2. Paste this picture on stiff paper and cut out the two parts carefully along the outside black lines. Then cut the four slits in the heart so that you can slip the arrow through them, taking care that the words "Be My Valentine" show clearly.
3. Punch the holes in the hair ribbon, draw a bright string through them and you can carry your valentine to the one you love.

Jap to Receive \$5,540 for U.S. Plane Damage

TOKYO (AP)—A Japanese farmer, whose house was destroyed by an American bomber which crashed after an attack by Soviet fighters off Hokkaido last year, will receive more than two million yen (\$5,540) compensation from the United States, Kyodo news service said today.

The RB29 photo-mapping plane was on a routine mission Nov. 7 when MIG fighters shot it down. Ten of the 11 crewmen parachuted to safety. The other was killed.

Olds Gets Gun Work

DETROIT (AP)—A 3½ million contract for 90-mm guns and spare parts has been awarded the Oldsmobile Division of General Motors, Col. E. D. Mohlere, commanding officer of the Detroit Ordnance District, announced today. The contract, for work at Oldsmobile's Lansing plant, will run for one year from May.

Thirty per cent of school children in Libya have an eye disease called trachoma.

Cadillac

Where Pride Leads to Economy!

This gasoline station isn't accustomed to being ignored by the cars that pass its way. For it resides at the edge of a great desert—and it is many, many miles to the next fueling point.

But the big, handsome automobile you see here swept by without so much as a sign of recognition! For it is a new 1955 Cadillac—and its owner knows that he can travel from his morning's start until his evening's stop without a single refueling.

Of course, when a motorist decides to order his first Cadillac, he isn't usually aware that the car is so economical to operate—or that it is so practical to own.

He wants a Cadillac for what it is and represents—and for the great pride and pleasure it will bring him.

But it isn't long before he discovers where his pride has led him!

He discovers it first when he prices the Cadillac of his choice. Invariably, he is surprised at its relatively modest cost. Not infrequently, he finds that it actually costs less than the car he is currently driving.

And then, once his Cadillac is delivered, he discovers how *frugal* it is with a gallon of gasoline. He finds, as we said, that a full tank is sufficient for a full day's drive.

Next, he learns of Cadillac's extraordinary dependability. In fact, he often has

to be reminded when the time has come for routine service.

But not until he surrenders his Cadillac to its second owner does he discover the full wonder of Cadillac's economy. For then he learns how amazingly it holds its value—and how little a year's service affects the public's regard for the car.

All this is to say, of course, that you don't have to follow your pride to the "car of cars." You can, if you prefer, make your decision solely on the basis of economy—and still buy a Cadillac!

Come in soon—and see for yourself! We've got the facts—and we'll be delighted to see you at any time!

Newcomers Hear Talk on Food

Mrs. Janet Odell
Discusses Work of
Editor

Members of the Newcomers' Club of Pontiac heard Mrs. Janet Odell, food editor of the Pontiac Press talk on "What is a Food Editor" Wednesday.

Mrs. Ericson Lewis was hostess to the group at her home on Chipewa road.

"A food editor is a teacher and a student," Mrs. Odell declared, and she said that she must constantly remember that she is writing for all sorts of people — those who know and practice good food habits and those who are interested in learning more about good food.

Mrs. Odell said, "This is an exciting age we live in, and the progress in the food industry is no exception. We are eating better than ever. Food consumption has jumped tremendously."

"A food editor must see and appreciate the overall food picture. She must have a feeling for the Lifeline of America and appreciate the importance each individual plays in the whole."

"She must be impressed with the necessity for good nutrition and keep up to date with the recognized authorities in that line, ever ready to retell what she knows," Mrs. Odell declared.

In conclusion the speaker said a food editor must be able to answer any number of questions, and where she doesn't know the answer herself, be willing to look it up and know where to find it.

Cohostesses were Mrs. Gordon Bennett and Mrs. James C. Graybiel, Mrs. William Merritt was chosen Blood Bank chairman of the club.

Daughter Is Born

Mr. and Mrs. John G. Brown (nee Eleanor Jefferson) of Royal Oak are parents of a daughter, Jacquelyne Elenor, born Feb. 8 at Harper Hospital, Detroit. Grandparents are Mr. and Mrs. Gilbert Brown of Barrington road, and Mr. and Mrs. William Jefferson of Regina, Saskatchewan, Canada.

Mr. and Mrs. LeRoy Kiefer of Birmingham were among the guests at a breakfast held this week at Hotel Key Biscayne in honor of General Motors executives. The Kiefers have vacationed at the hotel for several weeks.

Miami Holds Interest of Local People

By ETHEL TOMBRINK

MIAMI—Famous Italian fashion designer Emilio Pucci was news in Miami this week. He came down to this land of sunshine for a special showing of his spring and summer sportswear collection, dubbed "the mermaid look," at the Junior League's formal dinner dance early this week.

The fashion show, with the designer himself doing the commenting, was the highlight of the evening's entertainment.

Enjoying the glamorous evening in the ballroom of Miami Beach's fabulous new Hotel Fontainebleau were Birmingham residents Mr. and Mrs. Ted Guething.

Mr. Guething's already back in the cold north, but Camille is spending a few days here with her brother-in-law and sister, Mr. and Mrs. Robert Hector in Miami Shores and seeing some of her long time friends. She heads home this weekend.

The Guethings stopped in Miami after a two-week tropical vacation on Antigua in the Leeward Islands.

Mr. and Mrs. Frank D. Murray of Pontiac were at the airport Tuesday evening to greet their daughters, Mrs. Wilson Wagner of Birmingham and Mrs. Chris Kurzwil, of Port Huron.

They'll be here for two weeks with the Murrys in their Alhambra Hotel apartment.

The foursome will journey to Nassau for a weekend—for their first look see at that Bahama Island, just 50 minutes away from Miami by air.

From Birmingham are Mrs. William Joseph Gallagher and her three daughters, Sara Jane, Barbara and Nancy. They're visiting her sister, Mrs. John Canfield and Mr. Canfield in Bal Harbour.

Sat next to LeRoy Kiefer of the GM Styling Staff at a press luncheon last week following a preview of the Kitchen of Tomorrow at the Motorama. In fact Mr. Kiefer was surrounded by women—for it was a strictly

feminine preview—except for the GM men.

The Kiefers came to Miami ahead of Motorama to rest up at the Key Biscayne Hotel on Key Biscayne. Besides it's oceanfront vantage point, the hotel boasts, not only a swimming pool but a palm lined, pint sized golf course.

Valentine Swing Held by Club

"Valentine Swing" was attended by members of Do-C-Do dance club Thursday evening at Webster School.

Decorations for the annual dance were planned by Mr. and Mrs. Carl Howard Powers, Mr. and Mrs. Carl Donelson and Mr. and Mrs. Edward Vieriech. Mr. and Mrs. Duane Lemaux were in charge of refreshments.

Guests of the group were Mr. and Mrs. Nelson Verborg, Mr. and Mrs. James Thompson and the Les Melbergs.

Callers were Sam Joan, Rex Lawrence, Enar West Vere Hodges, Gordon McLeod, John Streit, and George Harkless.

Mr. Melberg was a guest caller from Western Whirlers Club and Mr. Thompson is Square Set's caller.

Marriage Revealed

Mr. and Mrs. Dillard Johnson of Chase street announce the Jan. 29 marriage of their daughter, Clea, to Paul R. Cremer. He is the son of Mr. and Mrs. C. J. Cremer of Gage Street. The couple is residing on Kimball street.

By Guild Seven

New Officers Are Chosen

Officers for the new year assumed their duties at the February meeting of Guild Seven, All Saints Episcopal Church held Wednesday in Rose Kneale room of Stevens hall.

Mrs. Robert E. Nienstedt is president; Clarabelle Amidon, vice president; Mrs. Alice Whitmore, treasurer, and Mrs. Standish Sibley, secretary.

Committee members appointed include Mrs. William Wolfram, planning and advisory; Mrs. Harold Steinbaugh and Emma Howard, cochairmen of telephone and notification, and Mrs. M. W. Whitfield, banquet chairman.

Others include Mrs. Clarence Starkier, house and projects; Mrs. Elmer Quine, membership; Mrs. Roy Pierce, transportation; and Mrs. Bert F. A. Ede, religious education.

Mrs. J. Frank Coad was named chairman in charge of the business girls' group.

A report of the diocesan convention which she attended as a delegate of the general guild was given by Mrs. Nienstedt.

Luncheon was served to 17 members and three guests from small

tables decorated in the Valentine motif.

Hostesses for the day were Mrs. Gilbert Lee, Mrs. Astolph Levin, Miss Howard and Miss Amidon.

New members welcomed into the guild were Mrs. L. B. Calley and Mrs. M. Thomas Hayes.

Dirt Gardeners Hear Mr. Hemstock

Ray A. Hemstock, director of Detroit Garden Center spoke at the recent meeting of Dirt Gardeners Club in Waterford CAI Building.

Mr. Hemstock's talk gave the functions of the center. He also led a discussion on trees.

Members of the Sylvan Lake, Drayton Plains and Waterford garden clubs and Better Homes and Garden Club were guests.

Mrs. Charles W. Furier and Mrs. Ralph Brackett were in charge of the luncheon. Mrs. Eleroy E. Thomas and Mrs. LeRoy S. Small designed the table arrangements, and Mrs. Glen Arthur and Mrs. Clare Lancaster presided at the tea service.

Blue Bird Groups Work for Others

The Busy Bees Blue Bird Group at McConnell School has made scrap books to be presented to the Infirmary and Oakland County Children's Home.

The Jolly Joiners Blue Bird Group of McConnell School is making Valentine centerpieces/out of apples. They have also made plans to assemble wishing wells out of cans and yarn to be filled with a plant. They will be presented to their mothers on Mothers Day.

New officers of the group are Susan Mellor, president; Janet Loch, vice president; Sandra Goodrich, treasurer and Carolyn Hueter, secretary and scribe.

The Chip'n Chatter Blue Birds of McCarroll School have raised money to purchase plastic model cars for Bobbie Dunn to assemble while he is in the hospital.

Mrs. John Reichert Receives Trophy

Mrs. John Reichert received the weekly trophy for losing the most weight from the recent Fashionette Club gathering.

The meeting was held at Pontiac High School. A Valentine party is scheduled for Feb. 15 in the gymnasium, and a fashion show will be held Feb. 22 at St. Benedict Hall. Fashions will be from Federal Store.

Program chairmen for April include Mrs. Charles Scott, Mrs. John Naves and Mrs. Trinidad Sanchez. Mrs. Otto Mertz, Mrs. Edward Saincome and Mrs. Edward Cook will handle the programs for May.

Annual Dinner Held by Club

Twenty-three members of the Parents' Guidance Club met Wednesday evening at Rotunda Inn for an annual dinner. Secret pals were revealed and new names were drawn from a Valentine heart which centered the dining table.

Mrs. Gordon Reynolds gave devotions. It was announced that the next meeting will be held March 2 at the Illinois avenue home of Mrs. Reynolds. Dr. Dana P. Whitmer will be guest speaker.

Sorority Celebrates 36th Anniversary With Banquet

League Tells Plans for Next Year

Folk Ball Will Be Given on Saturday at Temple

By RUTH SAUNDERS

BLOOMFIELD HILLS—Members of the Junior League of Birmingham will gather for meetings in various members' homes Tuesday.

The purpose of these meetings is to complete discussion of plans and projects for next year.

Hostesses will be Mrs. Paul McKenney of Bloomfield Hills, Mrs. William Bullock, Mrs. Jervis B. McMechan and Mrs. David E. White, all of Birmingham; Mrs. Parbury Schmidt of Wing Lake, Mrs. Carl Underhill, Mrs. Merrill O. Bates and Mrs. William S. James of Bloomfield Hills and Mrs. Harry Swan and Mrs. Franklin Butler of Bloomfield Township.

Many Bloomfield residents are expected in the ninth annual Folk Ball of the International Institute which will be held Saturday evening in the Crystal Ballroom of the Masonic Temple.

There will be a colorful floor show of nationality music and dances in costume and the Hon. W. K. Von Weiler, consul of the Netherlands will be Grand Marshal.

Gov. and Mrs. G. Mennen Williams will be among the honored guests.

Mr. and Mrs. John H. Fitch will entertain at dinner Saturday evening in their home on Lone Pine road for Mr. and Mrs. Graham J. Graham and Mrs. Manly Davis.

The Grahams leave early next week for a trip to Jamaica, and Mrs. Davis will start off in March for Africa.

Julie Otter who is spending this winter in New York, will leave there March 15 to fly to Miami. There she will meet Phoebe Otter who will fly from Detroit, and together the girls will fly to Nassau, B.W.I. for a stay of several weeks at the Balmoral Club.

Mr. and Mrs. C. Thorne Murphy of Franklin will leave Friday to spend the weekend at Otsego Ski Club.

They will be accompanied by Mr. and Mrs. Robert Allen who are coming over from Cleveland, and by Mr. and Mrs. Alvan Macauley Jr. of Grosse Pointe.

Mylen Merrill, soprano, and Len Dresslar, bass baritone, are the artists for this Sunday afternoon's concert of the Cranbrook Music Guild.

The concert will be given in Cranbrook House.

Hostesses at the coffee hour will be Mrs. Martin Archangel, Mrs. Robert F. Nevin, Mrs. Edward A. Proctor, Mrs. William J. Bird, Mary Bulck and Mrs. Walter T. Bromley.

Mr. and Mrs. John R. Davis will leave next week for Delray Beach, Fla., where they have taken an apartment for the rest of the winter.

On Sunday at Bloomfield Hills Country Club Mrs. Frank R. Pierce will be hostess to a group of friends at a "brunch."

Beta Theta Phi sorority members (left to right) Mrs. Floyd Oswald of Woodbine drive; Mrs. Emil Mailahn of Auburn Heights and Mrs. Harold Davidson of Woodbine drive put their table decorations through a dress rehearsal before they joined other members and guests at Old Mill Tavern for the 36th annual banquet Thursday evening.

Pontiac White Shrine, 22 Anniversary Is Celebrated Thursday

Pontiac White Shrine 22 held its annual memorial service Wednesday evening in Roosevelt Masonic Temple. Mrs. Robert Marion was in charge of the ceremony.

New committee members were announced. Serving on the audit-

Stork Shower Is Given

Mrs. George Pentuk of Utica road was honored Tuesday evening at a pink and blue shower given by Barbara Wilson and Marilyn Hanby at the latter's home on West Long Lake road.

Refreshments were served to the guests from a table centered with an arrangement of pink and blue flowers.

Those invited to the shower were Mrs. James Hatton, Mrs. Otto Pentuk, Mrs. Elmer Wilson, Mrs. William Hanby, Mrs. Frances McCue, Mrs. Percy Sheay, Mrs. Leo Hill and Mrs. William McInnis.

Others were Pat McInnis, Mrs. David Robertson, Mrs. Stanley Nivett, Mrs. David Sperling, Mrs. Fred Barnfather, Mrs. Jerry Smith, Mrs. William Cross and Marilyn Shearer.

St. Mary Unit Has Valentine Party

A Valentine party was held at the Spokane drive home of Mrs. Blanche Woods recently for members of the St. Mary Unit of St. Benedict Church. The hostess was assisted by Mrs. Howard Grady and Mrs. Joseph Albrecht.

Mrs. Grady was named chairman of the nominating committee during the meeting. Mrs. Eric Hoover of Marlborough drive will be hostess for the March gathering.

PTAs Hold Programs, Celebrations This Week

Reports of meetings from four PTA groups tell of special programs and celebrations.

Dr. Dana P. Whitmer, superintendent of Pontiac Public Schools spoke on discipline for the Thursday meeting of Hawthorne PTA.

The speaker said that today's society uses discipline to help us comply with its beliefs and ideals.

He said that external discipline is given by persons of authority. This guidance of teachers and parents is vital to the immature being.

As the child grows older, said Dr. Whitmer, he must develop self discipline from within.

In making suggestions as to how this internal discipline can be developed, the speaker said that although teachers should act as guides and counselors, children need some opportunity to work things out for themselves.

This should be combined with sessions of talking problems over in a group.

Further, he pointed out, before children can reach a satisfactory degree of self discipline, the needs that cause these behavior problems must be fulfilled.

In closing, Dr. Whitmer said, "In learning the art of self discipline and emotional control, children must have the opportunity to make mistakes."

Emerson

The Rev. Herbert Ryan was guest speaker Wednesday evening when members and friends of Emerson School PTA gathered for an annual Founder's Day program. L. D. McLaughlin, father vice-president, was in charge of the meeting.

Mrs. Thomas Smith, first president of Emerson PTA, was presented with a bouquet of flowers and corsages were presented to other past presidents as they were introduced.

"I Can Fix It Myself," was the topic of the speech delivered by Rev. Ryan. He stated that we should not speak of juvenile delinquency, but should call it parental problems instead. He pointed out that if each parent would take an interest in his child these problems could be ironed out.

Mrs. Thomas Johnson presented a report by the nominating committee. It was announced that fluoride treatment for the teeth will be given to the students of the second and fifth grades during March.

Plans were discussed for a dinner to be given on Washington's birthday, Feb. 22, at the school.

Mrs. Albert Stevens and Mrs. Ira Lewis had charge of refreshments. Mrs. Thomas Smith and Mrs. Thomas Johnson presided at the refreshment table.

Owen

Josephine Serley, health coordinator for Pontiac Public Schools discussed the importance of increasing the immunity status of older children for parents and guests who attended the Owen School Founder's Day celebration on Wednesday.

Members of the Owen School chorus directed by Hazel Gessinger furnished music for the program. "Suppose It Had Not Happened" presented by a group of PTA mothers.

It was announced that an adult education class will begin on Feb. 10, Feb. 21 is the date for a group of parents and a scout leader to gather to discuss the possibility of the reorganization of Cub Scouts in the Owen School area.

Longfellow

Rabbi Sanford Saperstein and the Rev. Soterios Gouevolis spoke at Longfellow School's PTA meeting Thursday afternoon.

In celebration of National Brotherhood Week, Feb. 13-20, the speakers pointed out that National Brotherhood Week suggests that a constant effort toward brotherhood and human understanding be made throughout the year.

Patient in Hospital

Mrs. Jessie Ellsworth of Elizabeth Lake road is a patient in Pontiac General Hospital.

4 Area Plan Groups Mull Present, Future Projects

Members of four area planning commissions discussed present projects and future goals yesterday in the Oakland County Office Building.

The meeting to initiate closer coordination of governmental planning activities was called by the county plan commission.

Other groups represented were the Detroit City and Detroit Metropolitan Regional Area planning commissions plus the Rochester, Avon, Oakland Area Planning commission.

T. Ledyard Blakeman, executive director of the Detroit Metropolitan group which includes Oakland County in its surveys, reported first.

Blakeman said his organization will join with Oakland and Detroit in an industrial study aimed at obtaining an overall picture of manufacturing in Michigan's south-east section.

The survey should help guide future industrial development plus providing information needed by established firms, he explained.

The metropolitan commission is formulating a land-use plan in co-operation with local governmental units, said Blakeman. It attempts to set up a logical plan for laying out residential, industrial, commercial and recreation districts, the director explained.

"We adopted a tentative land-use plan in 1953," he said, "and are now taking sub-sections of it to local agencies for their study and criticism before it is made final."

"When a major part of the plan for Oakland County is completed, it will be submitted to the county plan commission for study and recommendations."

Another study now underway is attempting to decide what are the "natural communities" in the region. "The design is to plan parks, roads and other services so they will compliment whole communities without cutting them in pieces."

Other data being gathered on home-to-work car traffic "I think will indicate people would like to live as close to their work as reasonably possible given space and a free housing market."

Plans for this year include starting a survey to blueprint future sewer and water trunklines, said Blakeman.

After Blakeman's report, discussion was held on a proposed plan for highway development worked out for their area by the Rochester, Avon, Oakland group.

County Highway Engineer Robert A. Larson outlined several changes in the plan recommended by the county plan group.

Armin Doemer, assistant director of the Detroit city commission, described that city's progress in planning expressways, redevelopment of slum areas, a civic center

Bohemian Life, Beachcombing Are Not for Her

DETROIT (AP)—Life in a Bohemian den or beachcomber's hut holds absolutely no appeal for Mrs. Joan F. Hopkins of Dearborn. That's what she told Circuit Judge Wade H. McCree in applying for a divorce from her husband, Orrin.

In the 18 months they've been married, she said, Orrin: Quit his job to study dramatics and art, leaving her to support them both.

Set around the house all day drawing pictures, leaving the dirty dishes in the sink for her to wash when she came home from work.

Romantically suggested that they disconnect the telephone so they wouldn't be disturbed. Actually, she said, "the telephone company did it on their own because he was \$40 behind in the bill."

"But the final break came," she said, "when he suggested we go away and become beachcombers. That was all I could take."

Judge McCree granted the divorce.

U.S. Ordered to Pay \$62,000 for Lakes Ship

WASHINGTON (AP)—A payment of \$62,000 for a Great Lakes vessel taken over by the government from Sand Products Corp. of Michigan during World War II was ordered by the Court of Claims yesterday.

The company had rejected a government proposal to pay \$25,000 and asked instead \$1,003,333.

The ship, the Octorara, was bought by the company in 1940 from the Great Lakes Transit Corp. after having been laid up at Buffalo since 1936.

For each gallon of gasoline burned, a gallon of water is formed.

Auto Club Sends Scouts to Find Florida Tourists

DETROIT (AP)—The Auto Club of Michigan is sending two travel counselors to Florida to tell the state's 200,000 winter tourists how to get home again.

Jack Schlaff and Don Theisen,

both of Detroit, will remain in Miami and Ft. Lauderdale until April 15 inspecting tourist attractions and advising Michigan motorists on the best northward routes.

There are 60,000 lakes in Finland.

Chartreuse Streets? Just the Thing for LA

LOS ANGELES (UP)—Art Expert Elizabeth Black today recommended an aesthetic improvement on the city's streets.

Miss Black suggested the

streets be painted mauve, pink, chartreuse or some other fashionable color.

There are three great classifications of rocks constituting the earth's surface—igneous, sedimentary and metamorphic.

X Marks the Drunk

DES MOINES, Iowa (UP)—The Iowa State Legislature may require convicted drunk drivers to identify themselves. A bill introduced recently would require persons so convicted to stick a red "X" emblem on their windshields.

Must Be Ring-Wise

JACKSON, Miss. (UP)—State Rep. Arlie Medford, former professional boxer, won House approval of his bill to require that referees of wrestling bouts in Mississippi be former wrestlers or boxers.

CD Briefing Scheduled

BATTLE CREEK, Mich. — Michigan newsmen will be briefed on civil defense activities at a news conference at Federal Civil Defense Administration headquarters here next Wednesday.

The number of musical instruments in the United States is estimated at 27 million.

Says Indiana Chief Turned Down Post

EVANSVILLE, Ind. — Rep. Charles B. Brownson (R-Ind.) said last night he had confirmed in Washington that Gov. George N. Craig of Indiana was offered a position as secretary of the Army.

Here for a Lincoln Day speech, Brownson said in a news conference before the talk that the governor, a Republican, had turned down the sub-Cabinet post. He expressed the opinion that nothing could tempt Craig to leave Indiana "until he has finished the job he started."

Craig's term as governor ends in January 1957. The state constitution forbids a governor's serving consecutive terms.

Auto Maker Road Victim

PARIS — Pierre Lefaucheur, 66, president of France's giant government owned Renault automobile works was killed today in an auto accident.

Last GAR Vet 108 Years Old

Only Surviving 'Boy in Blue' Gets Greetings From President

DULUTH, Minn. — Albert Woolson, sole survivor of the Civil War's "Boys in Blue," was celebrating his 108th birthday today, with personal greetings from President Eisenhower.

"Such an anniversary is meaningful, not only to your loyal personal friends but to people throughout America who regard with honor the brave men on either side of the conflict in which you served nearly a century ago," the President wrote in a special delivery letter received at the Woolson home last night.

"You have my best wishes for a happy and memorable celebration."

Woolson's only public appearance was the dedication at City Hall of a pedestal holding a bust of the veteran, presented to the city last fall.

Woolson says his chief ambition is to "get winter over and take a long walk." He also confides that he expects to live another three or four years.

Even before the letter arrived from the White House, Woolson had some advice for the President on the current Formosa situation: "If President Eisenhower asked me, I'd say let's stay home and mind our own business. I'd caution like to stay out of those islands."

This was the first year when Woolson hasn't been out shoveling snow from the sidewalks.

England passed a law in 1867 providing that lemon juice must be given to sailors daily during long voyages.

Expert Says 28 H-Bombs Could Imperil 50 Million

CHICAGO — A developer of America's first atom bomb believes 28 well-placed H-bomb hits could jeopardize the lives of 50 million U.S. citizens with deadly radioactive fallout.

Dr. Ralph E. Lapp said the strategic bombings could "atomize" and cover with radioactive fallout a vast region containing two thirds of the nation's industrial might.

The atomic scientist said one hydrogen bomb—if exploded close to the ground—could coat with a potential death mantle an area of 10,000 square miles, comparable to the state of Maryland.

He said the single H-bomb explosion would create a sun-hot fireball three to four miles wide while devastating a large area.

Writing in the Bulletin of the Atomic Scientist, he said a person caught in an H-bomb area can do only one thing—go underground in a shelter and remain there for a day or two.

A person caught in an atomic dust cloud less than a day old would receive twice the amount of radiation needed to kill, he said. The same person, emerging from a shelter after a wait of two days, he said, could walk through a contaminated area without absorbing too much radiation. Radioactivity

One recent study shows that the average American man walks 9 miles a day and the average woman 10.

Close U.S., Canada Civil Defense Cooperation Urged

LITTLE LLAMA—Chewing nonchalantly on a straw, this baby llama shows how unimpressed she is with the fanfare accompanying her first public appearance at Vincennes Zoo in Paris. However, the mother looks pleased with the whole business.

Official Speaks at Battle Creek

Says Unity Necessary for Best Protection Against Attack

A high-ranking Canadian official on the Joint United States-Canada Civil Defense Committee today urged closer cooperation between the two countries to provide the best protection against enemy attack.

"In the past, we have been like two people in next door offices," said Col. M. P. Cawdron, Canada's executive secretary on the committee, speaking at Federal Civil Defense Administration headquarters in Battle Creek.

"It has worked to a degree. Now, it's time to develop one office, one plan, one team," he continued.

Cawdron cited such adjacent cities as Windsor and Detroit, Niagara Falls, Ont. and Niagara Falls, N. Y. and Vancouver, B. C. and Seattle as underlining the need for greater cooperation.

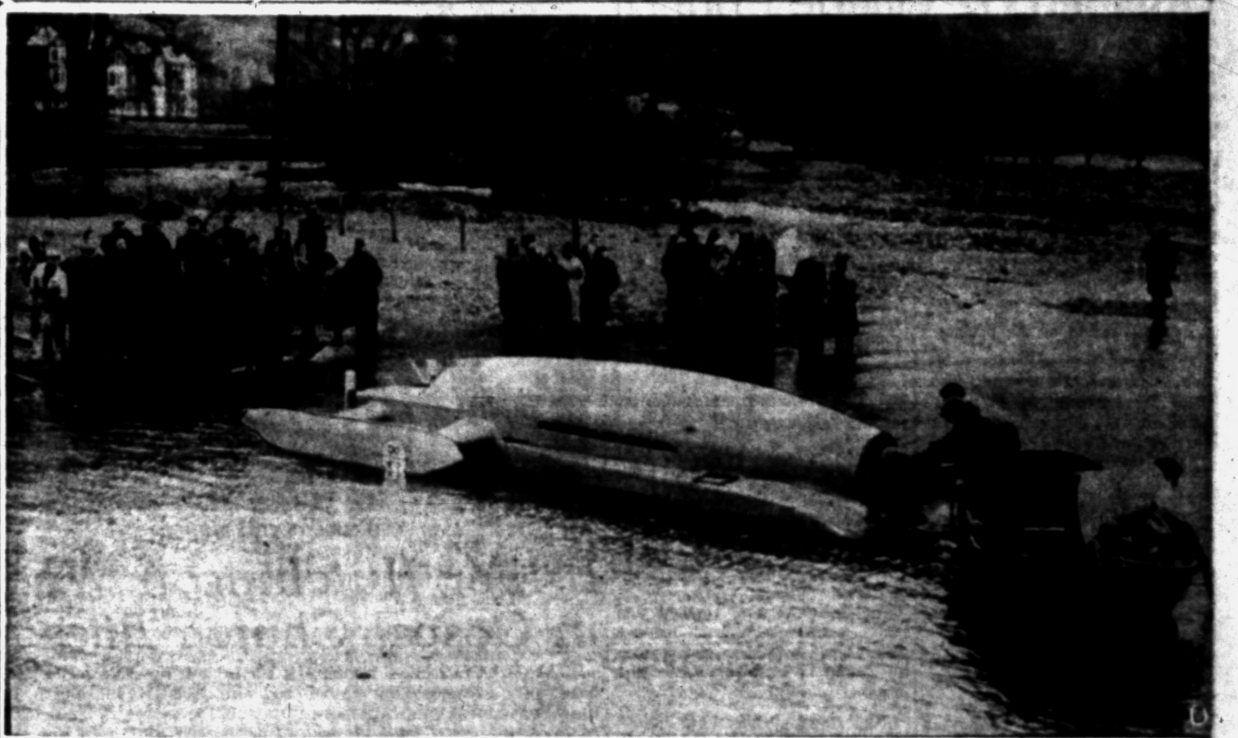

"Take for example the warning signals which would be sounded if attack came," he said. "They must be the same."

"You can imagine what would happen if an attack came and Canada used different signals to alert Windsor, just across from Detroit."

A greater exchange of ideas could provide more unity, he stated. He said that in the past Canada and the U. S. often had taken independent action on ideas before they came up for mutual consideration.

"So far as civil defense in our countries is concerned, there is no dividing line," he declared. "If there is, it is imaginary."

"Our countries are essentially the same piece of real estate, at least from the standpoint of civil defense."

JET SPEEDBOAT GETS TRIAL—Donald Campbell's sleek turbo-jet hydroplane "Bluebird" is eased into the water at Ullswater, England, during launching ceremonies. Campbell, 33-year-old son of the late speedboat and race car driver Sir Malcolm Campbell, plans to test the craft for six months before going after the world speed mark on water. Britain's John Cobb was clocked at 206.89 mph in Scotland in 1931 before his jet blew up, killing him.

Old China Hand Gives Estimate of Reds' Next Move

Editor's Note—James D. White, Peiping correspondent for The Associated Press from 1938 to 1941 and student of Chinese affairs, writes the following interpretive from San Francisco.

By JAMES D. WHITE

What next after the Tachens? Red China has the initiative.

Peiping has many choices. It can sit tight and see what happens. It can pick off more offshore islands, piecemeal, from Nanchishan to Quemoy. It can blow the works and go after Formosa. So many choices are open that it's anybody's guess what Peiping will do next.

What are the main factors that may determine Peiping's strategy?

Red China's basic aim is to become the dominant power in Asia. That is the classic Chinese concept of China's place in the world. Over this is laid that dynamic force of communism, even more ambitious.

The classic Chinese idea of how to attain this goal is through political action in which military action is used as a tool when useful, but only as a tool.

The Chinese are not afraid to

use this tool. That was shown in Korea, where it profited them under the circumstances. They fought and negotiated U.S. forces to a standstill and emerged with the most powerful combat-trained army in Chinese history.

The Chinese undoubtedly realize that next time the circumstances well may not be the same. Here we get into what actually is the Chinese state of mind. This is a complex which has grown increasingly remote to the Western world in the past five years of Red rule.

My Asian friends assure me of two things about this state of mind which may be of supreme importance.

One is the Chinese conviction that any war with the United States would involve the use of atomic and possibly hydrogen weapons against them. We used the atomic bomb on Japan, why not on China?

The other is an equally firm Chinese conviction that they, if anyone, can emerge from such a war. They figure it this way: Their treaty with Russia guarantees Soviet involvement in such a war. Russia and the United States then would destroy each other's war-making powers. China, with her 600 million people and experience in survival, would emerge if anyone does.

The other side of the coin is this question: What if war does not develop?

In that case the Chinese can go on as they are, exerting pressure

in all directions, including against Russia, to further their own ends.

Cobo Acquires Title to Arizona Property

DETROIT—Mayor Albert Cobo of Detroit has obtained title to an elaborate private school and riding stable at Tucson, Ariz.

The mayor stepped into the picture Monday when he learned a bank planned to foreclose on the property. He offered \$10,000 to satisfy the creditors, then raised enough to meet the full purchase price. The full price was not disclosed.

"I don't know for sure what I'm going to do with the property," the mayor said today. "Perhaps someone will want to build on it."

Dems Offered Rooms for State Convention

Oakland County Democratic Chairman Carlos G. Richardson today said he has hotel reservations available for county residents going to the Democratic State Convention Feb. 25-26 in Grand Rapids.

The county group will hold its convention to select 88 delegates to the state meeting Feb. 17 at 3 p.m. in the County Office Building, 1 Lafayette St.

Persons elected as delegates in last fall's primary balloting will serve as delegates to the county convention, said Richardson.

A-Energy Experts Laud Edison's Plan for First Private Nuclear Power Plant

WASHINGTON—Congressional atomic energy specialists today hailed as highly significant the plan of Consolidated Edison Co. of New York to build the nation's first privately financed nuclear power plant.

H. R. Searing, president of the big utility which serves the New York metropolitan area, made the announcement to the Senate-House Atomic Energy Committee yesterday.

The plant, to cost an estimated \$20 to 40 million dollars, is to be

built five miles south of Peekskill, N.Y., on the Hudson River.

Searing estimated it would be a year before construction begins and at least four years before the plant is in service. It would probably have a generating capacity of about 125,000 kilowatts of electricity—large enough to serve a city of 250,000.

Searing said his firm should be ready to apply for a license before April 1.

The nation's first commercial nuclear power plant is now under

construction at Shippingport, Pa., near Pittsburgh as a joint project of the Duquesne Light Co. and the Atomic Energy Commission.

Searing conceded his company's plans for a privately financed plant leave numerous problems to be solved. But he declared, "Our chief objective has been to get something done, for we firmly believe that only by actual construction of projects can the art be placed on a commercial basis."

Searing said Babcock and Wilcox, boiler manufacturing concern, was designing the reactor Consolidated Edison believes best suited to its purposes. He said it should be "reasonably competitive with conventional plants in our area."

Sen. Anderson (D-NM), chairman of the joint committee, said Searing's statement was "very, very important," and added:

"It shows that if the (atomic energy) commission will just take the wraps off, there'll be plenty of fellows waiting to jump in."

Anderson said the announcement shows the AEC was mistaken in views presented to the committee last week. Kenneth D. Nichols, AEC general manager, said the agency thought no private company was willing at this point to put up its own money to build an atomic power reactor. For that reason, he said, the commission has gone ahead with its program under which the government would put up a share of the cost.

Test on Paint Roller Involves Work Here

WASHINGTON (INS)—Detroit painters have asked the U. S. Supreme Court to rule on a dispute with painting contractors involving use of paint rollers.

The AFL Painters District Council 22 said the issue was a federal matter since its contract called for painting work for the Ford Motor Co. and S. S. Kresge Co., both of which are engaged in interstate commerce.

The Michigan Supreme Court on June 7, 1954, held that painting contractors were not required to agree to a ban on roller equipment.

The suit named 14 individuals four painting contracting firms covering all painting and decorating operations in Detroit and Pontiac.

An attorney for the union said the use of rollers tended to cause unemployment in the painting industry and also were heavy and "intolerably exhaustive to use."

Asks Delay in Closing of State TB Sanatoriums

LANSING—The Senate Appropriations Committee today heard pleas that tuberculosis fighters be allowed time to dig out undiscovered TB cases before the state starts closing partly-filled sanatoriums.

Conceding there is a substantial number of vacant beds in state and county institutions, Dr. Albert E. Heustis, state health commissioner, said "I firmly believe drastic action should be withheld this year. Give us a chance to show what a fine case-finding program can do."

JOHN A. RILEY

Pontiac Man Named to Press Seminar

John A. Riley, assistant national advertising manager of the Pontiac Press, will attend an American Press Institute seminar opening Monday at Columbia University in New York City.

The seminar, on newspaper advertising, will continue two weeks and will be attended by newspaper advertising men from 18 states and Hawaii.

This is the third program to be conducted by the Institute for advertising directors of newspapers under 75,000 circulation. Like all API seminars it is limited to 27 members in order to ensure a full round-table exchange of information and ideas.

Chinese Female Pirate Becomes Orphans' Mother

KEELUNG, Formosa—Two-Gun Huang Pa-mei has reached this Formosan port, minus her famous shooting irons but loaded with 100 orphans from the Tachen Islands.

The former guerrilla and pirate leader, famed for resistance first against the Japanese and later against the Communists, seemed bouncy and energetic despite her 48 years.

"I have laid down my weapons," she said. "I am too old to fight."

The children are orphans of parents killed by the Communists.

Huang Pa-mei (the name means "Eighth Sister Huang") was once known as the "Queen of the Pirates" along the coast south of Shanghai. The widow of a pirate, she turned her band of buccaneers and their stealthy armed junks against the Japanese early in World War II and earned a Nationalist pardon for her pirate days.

After the Reds gained control of the mainland, she turned the popeyed prow of her Tachen junk against the Communists, ambushing a flotilla of nine Communist junks in Hangchow Bay.

She captured one and turned its crew over to the Nationalists.

She visited Formosa in 1952 and then returned to the Tachens to lead guerrillas against the Reds.

Later, regular Chinese Nationalist forces took over the defense of the islands, and Two-Gun Huang laid her pistols down and took up the orphaned children of fellow guerrillas. Now, she says, "I want to rehabilitate my orphans and take care of them."

CALL TO ARMS—A Nationalist Chinese bugler, well armed and camouflaged, emerges from cover to blow a signal to troops to move during maneuvers in the Formosan hills near Taipei. Generalissimo Chiang Kai-shek's troops on the island soon will be joined by an estimated 14,000 troops being evacuated from the Tachen Islands, which Chiang has said have lost their strategic value.

Ike Goes Quail Shooting Today on Georgia Estate

THOMASVILLE, Ga. (AP)—President Eisenhower, happy over a modest start, tries his hunting luck again today in a quest for south Georgia quail.

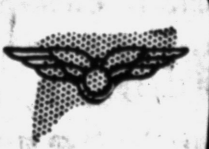

The Chief Executive arrived here shortly before dark yesterday and brought down two birds in an hour's shooting. So did his host Secretary of the Treasury Humphrey. They were 10 under the daily limit of 12.

Aides said Eisenhower was pleased when he managed to bag a couple of birds before darkness brought him back to Humphrey's plantation estate, a 600-acre place known as Milestone. The President had said with a grin as he started out aboard a mule-drawn hunting roadster:

"Well, if we don't find 'em in about 15 minutes, it'll be a bad day."

The President and Humphrey, their wives and Mrs. Eisenhower's mother Mrs. John S. Doud flew from Washington to Spence Air Base at Moultrie, Ga., 35 miles to the northeast. Also along was Clifford Roberts, New York investment banker and an old golfing pal of Eisenhower.

The party traveled to Thomasville by motor car, and the President—even though it was close to the dinner hour—changed from business clothes quickly and set out for quail.

Hawaiians Pressing for Statehood

By JOE HAAS
HONOLULU—Hawaii arguments for statehood are quite unique, and generally sound.

Recent polls conducted by local newspapers show that four-fifths of the people here want statehood. The principal opposition comes from the descendants of the old native families and is largely a matter of tradition.

It is pointed out that the islands now have a population several times that of any other state when it was admitted to the union.

The distance barrier argument is met with the statement that Hawaii's 2,000 miles from the mainland is no greater than most of Alaska's area from its nearest point in the United States.

Hailed here with great joy was Eisenhower's recent state of the

union message in which he said there is no justification for further deferring the admission of Hawaii to statehood.

A tour of the islands proves that they have all of the qualifications for admission to the union. This is true in a political way, also in an economic and cultural sense.

Honolulu reminds one of most any typical American city of comparable size or even larger. It has all of the mercantile, financial and other features that enter into the makeup of any of our home cities.

Its buildings are as substantial, and most of them newer; its streets are as well paved, its homes above the American average, its slums almost wiped out, and poverty unknown. It has half the population of the territory.

Its schools are comparable to our own, and its churches show a larger percentage of attendance than those in the states, they claim.

Houses of worship of every denomination are here, Christian and otherwise. The Buddhists

probably now are in the lead, but the Christians are making great gains. The latter claim more progress than in some American cities.

Incidentally, the other day in a resplendent Buddhist temple I heard one of the finest sermons to which I ever have listened. It was by the head of the 100,000 Buddhists in the islands.

Never will I forget his closing words: "You all were born with a key to heaven, but you can make that same key unlock the gates of hell."

The military angle of course is a strong point in Hawaii's quest for statehood. This is both from a geographical and local aspect.

With Pearl Harbor now what it is in our national defense, the people here feel that qualifies Hawaii for a place in the great brotherhood of states.

But they also claim that no state of the union furnished as much man power in proportion to its population as did Hawaii in the recent World War.

This is proven by the fatalities,

as evidenced by the military cemeteries here, the largest of which is beautifully located in the crater of an extinct volcano.

It contains several thousand graves, including that of Ernie Pyle, the beloved newspaper correspondent who met death at his work. His grave is marked by a simple ground level slab, the same as the others, with graves of unknown soldiers on each side of him.

Much as they would like immediate admission to the union, the Hawaiians are ambitious to be the fiftieth state in the nation, not the forty-ninth.

Should the bills be taken up at the same time in Congress, they are willing to waive that forty-ninth spot to Alaska, for the distinction of being the fiftieth.

Perhaps it all is summed up in the statement in a local paper: "Nature has denied Hawaii nothing. We have more than done our duty to the United States. It never has found us wanting. Can Washington politicians beat us out of our statehood?"

People May Never Walk When New Gadgets Come

By PHYLIS BATTLE
NEW YORK (INS)—It was with a mild sensation of dismay that I received the news today I may never (well, hardly ever) walk again.

Save your sympathy, Buster. Neither may you.

This is not to say that we will not be permitted to walk; there will still be free perambulation in this great land. It is just that the mechanical wizards are about to come out with innovations which will make walking not only unnecessary but highly precarious.

We are to have autos — or abridged versions thereof — on everything from our golf links to our parlors, and "car-dunking" may be the coming sport of the safe society set. For there'll be autos in night clubs, too, you can bet your bartender on that!

The news of this revolution comes directly from the Universal Travel and Auto Sports Show, which opens at Madison Square Garden Feb. 20. Already over at the Garden, I understand, they have accumulated a number of the newest contributions to what Fred Pittera, the show's director, calls "the drastic new mechanized mode of existence" we will undergo in this year '55.

There are:
1) A newer, finer mobile home (they used to be called, simply, trailers) with a built-in swimming pool, for people who do not want to have to walk outside for recreation. It is 40 feet long, including pool area, sleeps a party full of people, and has on its top a small helicopter landing deck.

2) The new Golfmobile, by which a man can drive to his club in a little sports car and—without touching foot to ground—transfer himself into a small mobile unit which will cruise him and caddy through the 18 with a minimum effort. A few Golfmobiles have been tried, with modest success, at some of the swankier courses in the past year, but something was always lacking.

This year, the lack has been discovered. Each Golfmobile has a food counter and a bar in its handy little innards.

3) A new drive-in house, which according to Pittera, enables a family to have "a complete wardrobe of cars." This house has walls that open conveniently to admit anybody's car: Friends', neighbors', mamma's, the kids'.

You can drive right up to the parlor if you're late for dinner, or up to the refrigeration unit with the groceries.

A radio button on the control panel of the family car opens

the entrance to the "motor hall" inside the house, so that nobody at home has to go to the trouble of walking over to open the door.

There are many more innovations, including tri-wheeled cars and loads of snappy 2-wheeled motor scooters for the little kiddies. But the real tipoff on what's to come is the "do-it-yourself" model, which permits a person to whip

himself up a new car with very few tools and very little courage. This can be put together from a sitting position, of course.

It's a great new era we're entering, except for pedestrians.

(Monday: Miss Battelle, in Washington, gets a new slant on President Eisenhower as a "beast benefactor.")

Heavy Schedule Marks Preps' Last 'Big' Night

NO YOU DON'T!—Jefferson center Gene Lawson (foreground) moves in to block out Washington's Dick Whitmer (9) as Harrison Munson (10) drives for a layup shot. Picture was snapped during yesterday afternoon's Washington-Jefferson junior high school basketball game here. Washington outlasted the Jeffs, 32-31, in a double-overtime scrap.

Chief, Ram Cagers See Action at Home; PHS Tankers, Mikes Quintet 'Hit Road'

All four city high school athletic squads are in action this evening in the last big night of 1954-55 local prep sports season.

Pontiac High's basketball team entertains Detroit Catholic Central; PHS swimmers go to Saginaw Arthur Hill; St. Michael's cagers play at Royal Oak St. Mary; and St. Frederick's quintet plays host to Orchard Lake St. Mary.

Illness will cost both PHS teams the services of top performers tonight. Influenza has sidelined Bob Johnston, a 5-year regular on the basketball team, and at least four members of

Coach Des Boyce's swimming squad.

Among the ailing tankers is Bob Lamson, who has yet to be beaten in his 100-yard free style specialty this year. Even if Lamson is ready to compete, Boyce will use him only in the less-demanding 50-yard event.

Chiefs had hoped to pull an upset on the undefeated Lumberjacks and move into a tie for the Saginaw Valley Conference lead. Pontiac, however, doesn't have the depth to compensate for the loss of the regulars and will be a decided underdog.

Art Van Ryzin's cagers will be seeking their 5th straight home victory against the Shamrocks, who have a 7-6 season record.

Clay Williams, 5-foot 4-inch speedster, will again start in Johnston's guard spot. Remainder of the lineup will have John James and Rod Treas at forwards, Dick Blacklaw at center and Walt Poe at the other guard berth.

Tonight's game will mark the 1st regular-season meeting between the two teams. Pontiac has twice met Catholic Central in tournament play, winning both games. Chiefs took a 25-20 victory in the 1943 area tournament and a 35-30 triumph in the finals of the 1947 regional meet.

St. Michael will have a share of the Suburban Catholic League regular-season championship at stake in its final conference game with Royal Oak's Irish. If the Mikes come through with an expected victory, they will meet co-leader St. Benedict at Highland Park on Sunday for a Second Division playoff berth.

St. Frederick, burdened with a 4-4 season mark, will attempt to close out its schedule with an upset over twice-beaten St. Mary of Orchard Lake.

Despite the difference in the two teams' records, St. Mary barely managed to edge the Rams 32-30 in their last meeting. Lionel Bradley, who missed last week's game with an ankle injury, is expected to return for the game tonight. A 6-foot 2-inch senior, he is St. Fred's top scorer with a 16.9-point average.

Pontiac-Catholic Central game and St. Fred-St. Mary contest both are scheduled to start at 8 p. m.

Braves Defeat Jefferson Five in 2 Overtimes

Smith's Free Throw Decides Hectic CJHS Battle

Washington took over undisputed 1st place in the City Junior High School Basketball League yesterday by edging Jefferson, 32-31, in a double-overtime battle.

Nearly 700 spectators packed Washington's gymnasium to watch the contest, which probably will prove the deciding game in the 1954-55 title campaign.

Braves held a lead for three quarters, but Jefferson rallied to narrow the gap in the 4th period. Jeff's forward Harrison Munson sank a jump shot in the final minute to knot the count at 27-27.

Each team collected four points in the 1st extra period. Charlie Barge and Willie Shaw scored single baskets for Washington, while Munson pushed in a field goal and Jim Hawkins and Walter Chance added single free throws for the Jeffs.

Ray Smith sank one of two free throws in the last 30 seconds of the 2nd overtime to account for the winning point. Dick Whitmer of Washington and Gene Lawson of Jefferson shared scoring honors for the game with 13 points apiece.

Eastern moved into the 2nd place by downing Wever, 31-17. Ken McClintock led the winners with nine points, while Hyatt had eight for Wever.

In junior varsity games, Washington edged Jefferson 25-24 in a single overtime period and Eastern defeated Wever, 41-24.

Washington 11 8 4 4 4 39
Jefferson 7 4 8 6 6 31
Eastern 11 8 4 4 4 39
Wever 7 4 8 6 6 31

Jewelers Win 6th 'A' Start

Third - Period Spree Brings 82-66 Triumph Thursday Night

Shaw's Jewelers won their 6th victory in seven City Basketball League Class A starts last night dumping Chuck's Shack, 82-66.

Jewelry Five led only 20 - 30 at halftime, but broke the game wide open with a 20-point 3rd period spree. Garland Townsend led the winners with 18 points, but Dick Carter of Chuck's took game honors with 22.

Stadium Inn outsold Courtney Floor, 50-44, in an exhibition game between two cellar-dwelling Class B teams. Jim Lee sparked the victory with 20 points.

Chuck's 14 18 20 12 66
Shaw's 22 14 20 26 82
Courtney 10 11 12 19 52
Stadium 6 12 10 23 51

Welter King Saxton Faces Ron Delaney

AKRON, Ohio — Welterweight champion Johnny Saxton goes against Ronnie Delaney in the latter's home town tonight in his second match since grabbing the title from Kid Gavilan last Oct. 20.

Tonight's affair, at 10 rounds, will not involve the crown. Saxton's last action was on Dec. 2, when he took a non-title victory over Ramon Fuentes.

Sign Redleg Contracts

CINCINNATI — It's 35 down and 3 to go for the Cincinnati Redlegs today.

The latest to sign 1955 contracts are Gerry Staley, the righthanded pitcher acquired from the St. Louis Cardinals; third baseman Bobby Adams and rookie pitcher Don Gross. That brought the total to 35.

Still unsigned are pitcher Bud Podbielan and rookies Angel Scull and Jim Willis.

5,824 Teams to Compete in ABC Tourney

FORT WAYNE, Ind. — The American Bowling Congress announced today that 5,824 teams will compete in the 1955 ABC tournament, to be held in Fort Wayne March 26 through June 5.

The entry list also includes 11,311 doubles, 22,618 singles and 18,817 all-events. With these adding individuals to the 23,120 bowlers on teams, the total number of participants is expected to top 31,000.

It will be the fifth largest tournament in ABC history and will have the third largest prize list, worth an estimated \$435,000.

The record for distance traveled to compete is expected to be broken. One singles entrant is coming 6,400 miles from Saudi Arabia. The previous record was 4,900 miles, set in 1940 by a team from Stockholm, Sweden.

Simer Nears Lead Among Oakland County Scorers

Jim Simer, a 5-10 junior sharpshooter from Madison High School of Royal Oak, has taken aim on the Oakland County prep basketball scoring leadership.

Simer, one of five underclassmen among the top 10 scorers, dumped in 40 points Tuesday night against Dearborn Roosevelt to move into 2nd place behind Milford's Jim Davidson with a 19-point per-game average.

Simer displaced Tom Gould of Milford, who dropped to 3rd place with an 18-point mark. Shrine's Hugh Kirkick and Lionel Bradley of St. Fred's, who didn't play last week because of a sprained ankle, retained 4th and 5th positions.

Ron Troy of Shrine and John Keller of St. Miles advanced ahead of Frank Rogers of West Bloomfield and Bob Evans of Southfield slipped back into the top 10 in place of Myrel Taubee of Walled Lake.

Davidson, Simer, Keller, Rogers and Evans are all juniors.

Simer's chances of reaching the top were enhanced in the light of the strategy apparently planned by Wayne-Oakland League rivals for Milford's high-scoring outfit.

After the Redskins had rolled up 91 points against West Bloomfield, including 37 by Davidson, Brighton staged a super-slowdown and held Milford to 10 points. The possibility of one or two more teams trying

the same tactics could well pull the Milford scoring aces from the top of the list, where they have rested all season.

Others making advances towards the leaders in recent games have been Earl Kirchen and Bill Dean of Rochester, Jerry Rice and Bud Jones of Farmington, the latter only a sophomore, and Larry Spencer of Oxford.

The leaders:

Player	Team	Pts.	Avg.
Jim Davidson	Milford	13	29.8
Jim Simer	Madison	11	29.9
Tom Gould	Milford	12	24.6
Hugh Kirkick	Shrine	12	23.8
Lionel Bradley	St. Fred	12	23.8
John Keller	St. Miles	10	19.9
Ron Troy	Shrine	12	18.9
John Keller	St. Miles	11	17.8
Frank Rogers	W. B.	11	16.8
Bob Evans	Southfield	12	14.7
Bob Kelly	R.O.	10	14.7

New Attempt Started to Get UM-MSU Tilt on TV

LANSING — A new attempt was started in the legislature today to persuade the University of Michigan and Michigan State College to televise their annual football game.

Sen. Harold M. Ryan (D-Detroit) filed a resolution which was sent to committee for study. In previous years, the legislature has usually refused to approve such resolution.

Ryan's resolution said the Wolverine-Spartan classic is "a particularly important match within the borders of Michigan and it should not be subject in any way to any interference or dictation by a collegiate organization or league which may be dominated by endowed and privately-supported colleges and universities."

The resolution said the legislature knew it could not order the two institutions to act and did not want to influence their general sports television policies.

But it argued that both institutions should sell television rights to a Michigan sponsor for telecast within Michigan to relieve the tax payers of as much financial burden as possible.

The annual game, the resolution said, "belongs in a very special way to the taxpayers of this state from whom the legislature obtains the necessary money to finance both institutions."

Two Contests Played in County Union Loop

Two games were played last night in the Oakland County UAW-CIO Basketball League.

Pontiac Motor Local 653 paced by Arnold's 18 points, routed Milford, 60-29. Cab Local 594 edged Fisher Local 598, 30-26, despite Goldworthy's 15-point effort.

Aims for 1st Division

Harris Cautious in Evaluating Chances, but Visions Better Balanced Tiger Club

EIGHTH OF A SERIES DETROIT TIGERS BY BUCKY HARRIS

DETROIT — Right at the start it must be realized that I am taking over a team which I do not know as well as a team that had played for me. In this light, I must reserve many of my comments until I can fully evaluate the personnel in spring training.

It would be a fallacy to say that any team does not have weaknesses. I am not certain of the principal ones relating to the Tigers. I do know that they were short on relief pitching in 1954, and that Muddy Ruel has a roster of 23 pitchers for me to look at this spring. I hope our pitching will be better balanced in 1955.

Offhand, I would say the Tigers should be a better balanced team as a whole in 1955. Basically, they

'Backwoods Belters' Cut and Shoot Boys Eye Texas Mitt Title

CUT AND SHOOT, Tex. — Nail down the trophies men! The boys from Cut and Shoot are going after the Texas Golden Gloves championships again.

This little community in the Texas big thicket, named thus because it once had so many cutting and shooting scrapes, is sending three contenders to the state tournament at Fort Worth next week.

Fighting is what the boys around here do most, and these back-

Paul Andrews Favored Over Harold Johnson

Both Boxers Making First Starts in 1955 Tonight

NEW YORK — Because Paul Andrews is supposed to be on the way up and Harold Johnson on the way down, Andrews is an 8 to 5 choice to win their 10-round rematch tonight at Madison Square Garden.

Andrews is No. 2 among the light heavyweight contenders and Johnson is No. 3 but Johnson already had his shot at champion Archie Moore. Although Johnson led at the end of the 13th round no demand for a rematch.

Archie is so busy sending letters and wires and shouting at Al Weill and Rocky Marciano that he hasn't given much thought to his challengers. Anyhow, No. 1 is Joey Maxim and they already have fought three times.

Although Andrews still is a light heavy, his ultimate aim is Marciano's "big" title. He'll be a legitimate heavy in another 18 months.

Andrews, billed out of Buffalo, N. Y., because his manager, Marshall Miles, comes from there, wants to wipe out his defeat by Johnson at Chicago last March 17. He had Johnson down with a left hook in the first round but lost a split decision on Johnson's strong finish.

As usual, on Friday nights, the bout will be carried on network radio and TV (NBC) at 10 p. m. (EST). Under New York State rules, two judges and a referee will score the fight by rounds, using a supplementary point system.

Both fighters will be making their first start of 1955 after busy campaigns last year. Johnson won five of seven in '54 and Andrews seven of nine, losing to Johnson and Max Baer, who gave him a boxing lesson at Chicago, Nov. 24.

The big reason why Andrews was made favorite is his two bouts with Boardwalk Billy Smith of Atlantic City. In Johnson's first appearance after he was stopped by Moore, he was knocked out by Smith in two rounds. Andrews polished off Smith, who had been the No. 1 contender, winning by a knockout at Miami, Dec. 29.

ST. PETE Open Led by Faulk

Georgia Golfer Over Par Figure on Only One Hole

ST. PETERSBURG, Fla. — "I just hit them straight down the middle and everything went fine," commented Mary Lena Faulk Thursday after taking the first-round lead in the \$5,000 St. Petersburg Women's Open golf tournament, her first tournament as a professional.

Most of her competitors thought "fine" was a mild word to describe the kind of golf Miss Faulk was shooting. "Picture golf" and "just perfect" were terms more often heard.

The Thomasville, Ga., golfer wasn't perfect, but she wasn't far off in shooting a 34-35-69 over Sunset's 6,116-yard, par-37-74 course. She was over par on just one hole.

She had to be good to nose out Marlene Bauer, the blond Sarasota lass, who shot 70; Patty Berg of Chicago, who had 71, and defending champion Beverly Hanson of Indio, Calif., who carded 72.

Ice fishing is expected to be "generally good" this weekend but heavy snows are expected to curtail fishing pressure, conservation field reports indicated Friday.

Perch, bluegill, and pike all were reported to be biting good this week.

Two Contests Played in County Union Loop

Two games were played last night in the Oakland County UAW-CIO Basketball League.

Pontiac Motor Local 653 paced by Arnold's 18 points, routed Milford, 60-29. Cab Local 594 edged Fisher Local 598, 30-26, despite Goldworthy's 15-point effort.

Aims for 1st Division

Harris Cautious in Evaluating Chances, but Visions Better Balanced Tiger Club

EIGHTH OF A SERIES DETROIT TIGERS BY BUCKY HARRIS

DETROIT — Right at the start it must be realized that I am taking over a team which I do not know as well as a team that had played for me. In this light, I must reserve many of my comments until I can fully evaluate the personnel in spring training.

It would be a fallacy to say that any team does not have weaknesses. I am not certain of the principal ones relating to the Tigers. I do know that they were short on relief pitching in 1954, and that Muddy Ruel has a roster of 23 pitchers for me to look at this spring. I hope our pitching will be better balanced in 1955.

Offhand, I would say the Tigers should be a better balanced team as a whole in 1955. Basically, they

are a young team, with a few veterans in key spots for stability. We have five men coming out of service for spring training, and they could make a lot of difference if two or three of them play up to major league standards. I've heard good reports about all of them, especially J. W. Porter, a lad who can play anywhere, they tell me.

Our winter deal that brought us Ferris Fain, Jack Phillips and Leo Cristante, a young pitcher with an outstanding record in the Southern Assn., could help.

Actually, I won't know where the weak spots are until I see the club play. I would feel better if we had an extra infielder. The way things are now, we can't afford to get anybody hurt. However, we are building and we seem to have the nucleus of a good pennant contender a few years hence. Remember,

Gola One-Man Show

By THE ASSOCIATED PRESS

It's difficult to improve on perfection, but if two-time All-American Tom Gola isn't doing just that in college basketball he's making a darn good try.

The magnificent 6-7 center was at his very best as LaSalle slowly gained momentum to make Manhattan its 17th victim of the season 76-62 last night. Gola simply was the whole show.

It wasn't until the last 10 minutes, when the Explorers began to pull away, that he got some support from Charlie Greenberg and Frank Blatcher. Before that, he practically battled the Jaspers on even terms all by himself.

He continually tormented the Jaspers with his ball hawking. He passed off beautifully to his mates, and when they missed the layup he generally was ready to tap in the rebound on the followup. He also snared 20 rebounds. He scored 27 points, hitting 12 of 23 field goal attempts.

The Jaspers, who had won 10 straight, thrice had third-ranked

LaSalle nine points down and held on grimly against a Gola-fired rally for a 37-36 count at the half. Greenberg and Blatcher supplied the finishing kick and in six minutes had outscored Manhattan 14-2, with only a field goal assist from Gola.

In other games, Holy Cross snowed under little St. Michaels (Vt) 101-72 with Wally Suprunovich scoring 32 points. St. Louis U. overran New York U. 87-66 while paired with the LaSalle-Manhattan game as a Madison Square Garden double-header. Oklahoma surprised Oklahoma A & M 50-30 by hitting 31 of 36 foul shots in 14 starts.

Furman showed up without flustered Darrell Floyd, the nation's leading scorer, but called on Bob Thomas and Bob Gaines for 25 points each to beat Davidson 96-67. Sophomore Lee Marshall scored 22 for Washington and Lee in an 82-67 victory over Virginia Tech.

Bradley, the NCAA runner-up to LaSalle last season, dropped its 14th decision in 19 games by an 87-63 count to Notre Dame.

In the Southeastern Conference, Denver Brackeen, the league's top scorer, hit for 34 to help Mississippi to a 66-58 victory over Mississippi State.

Oklahoma City U came to life in the second half to humble Texas A&M 55-34 while Wichita was defeating Drake 96-78.

Scoring Marks of Selvy and O'Brien Topped Grambling's Hopkins Has 2,571 Points in Less Than 3 Years

NEW YORK — Out of Grambling College (La.) comes news of the nation's newest scoring phenom, Bob Hopkins, a 6-9 center.

Though only a junior, Hopkins has already bypassed the standards set by Furman's Frank Selvy for major college players and Seattle's Johnny O'Brien for minor college players.

Figures released today by the National Collegiate Athletic Bureau for games through Saturday illustrate Hopkins' offensive prowess. In less than three years he has amassed 2,571 points, 33 more than Selvy and 34 more than O'Brien. Hopkins is a cinch to be the first college player to total more than 3,000 points.

George Snyers of West Virginia Tech is tops in average at 35.7. West Virginia Tech, whipping along at a 109.5 clip is far and away the highest scoring machine in the country.

Tartars Dump Omaha, Set Scoring Record

DETROIT — Wayne University's Tartars connected on 63 per cent of their field goal tries last night to set a new school basketball record and defeat the University of Omaha, 78-67.

Wayne had five players scoring in the double figure column in hitting 30 of 48 field shots.

Wayne led all the way, with a 41-29 halftime advantage.

Guard Bob Mackie of Omaha scored 20 points—topping by two points the best forward Tom Keller and guard Clarence Straughn could do for Wayne.

Minnesota Five Meets Illinois

Winner Automatically Becomes Title Favorite in Big 10 Chase

MINNEAPOLIS — Minnesota, packed with brawny rebounders and fronted by an All-American candidate, meets Illinois before the television cameras here Saturday with the Big Ten basketball title beckoning both.

The victor automatically becomes the championship favorite in a taut first place fight that also includes Iowa. Minnesota leads at 6-2. Iowa and Illinois are 5-2. Iowa, however, plays a much rougher schedule the rest of the way than Illinois or Minnesota.

To win, Illinois must withstand not only Gopher physical power and the bullseye shooting of Dick Garmaker, but Minnesota's home court advantage which has routed every team appearing here this season.

Garmaker is the Gophers' offensive gem, a 6-3 forward who was all-conference last year and who holds eight Minnesota scoring records. His 26.3 Big Ten average this season puts him squarely in the running for the league's scoring championship.

But Illinois also has worries under the basket where 6-11 Bill Simonovich, a massive 285-pounder, is Minnesota's chief rebound threat.

Against this, Illinois will send a team of runners and fine shooters, almost all on the same level of scoring proficiency. Bill Ridley, only 5-9 but stunningly quick, shoots well from long distance. Paul Judson is a smooth running mate at guard, and Bruce Brothers, Bill Altenberger and George Bonasalle make up an active front line.

Kandahar Club Will Hold CSA Sanctioned Tourney

With a field of about 35 contestants already lined up, Kandahar Ski Club, in the Pontiac Lake Recreation Area, Sunday holds its first jumping meet in several years.

The meet is a Central Ski Association sanctioned event, and includes the usual Class A-B and other divisions. All entries, according to secretary Alden Hyry, Baker, are Michigan jumpers. But they include some of the state's top performers on the waxed slaves. Competition gets under way at 3 p. m.

Among Class A jumpers are Earl Hill, Detroit and Paul Jacobs of Iron Mountain. This pair tied for top spot in the Michigan Ski Jumping Championships at Briar Hill, Mesick, last weekend. Hub Drury of Ann Arbor and Dave

The HUNGRY SPORTSMAN & Eddie Meier

HARET AND MACARONI Here's a way of making that lone cottontail constitute the main dish for the family dinner, rather than augmenting him with a pound or so of chicken legs from the poultry counter!

Cook the rabbit in water to cover with 1 teaspoon salt, 1 bay leaf, 1 small onion and 1 small carrot until meat falls from bone. Remove, pick the meat off carefully and cut into small chunks.

Mix 1 cup grated cheese with 2 cups cooked macaroni and place alternate layers of macaroni-casserole. Sprinkle bottom mushrooms on top of each layer of meat along with a liberal pinch of onion salt. Over this pour 1 No. 2 can of tomatoes which have been cut fine. Place in moderate oven (350 degrees) and bake 45 minutes.

Colts Seek Autograph of Wisconsin 'Horse'

BALTIMORE — The Baltimore Colts hoped today to sign Alan (The Horse) Ameche, their No. 1 draft pick, but meanwhile, received a signed contract from Emil Radik, University of Omaha halfback who was 13th draft choice.

Ameche, All-American fullback for Wisconsin, said Thursday only "minor details" stood between him and a National Football League agreement with the Colts.

Radik, 5-11, 185 pounder, is a versatile athlete who captained the track and golf teams at Omaha and lettered in basketball in addition to starring on the gridiron.

Freeman, Waterford High School physical education staff member are other Class A jumpers, along with Clarence Hall, Detroit veteran.

In Class B are Walter Hyry, winner of the "B" title in the Briar Hill meet and also top jumper at Soldiers Field, Chicago, last fall, on artificial snow; Jan Simonsen, originally from Norway, and Alden Hyry.

The Kandahar hill is designed for jumps up to 100 feet. It is of the log scaffold type and has been up for some five years.

Information regarding the meet may be obtained from Alden Hyry, phone Logan 2-7600, Inkster.

Site of the meet is 7 miles west of Pontiac, on M58, to Williams Lake road, where direction signs will point the rest of the way.

Rosburg, Holquin Set Pace at Tucson

Stengel Looking for More Gems from Rookie School

ST. PETERSBURG, Fla. (U)—Manager Casey Stengel is hoping he can get a couple of players as good as pitcher Bob Grim and first baseman Bill Skowron from the

New York Yankees' rookie baseball school this year.

A year ago Grim and Skowron were in this school and apparently without prospects of being on the Yankee rosters for several years.

Grim wound up as a pitching mainstay with a 20-6 record; Skowron hit .340 in 87 games for the Yanks.

Stengel would just as soon get two good pitchers from this batch of rookies. He thinks he can do without any more first basemen.

Among the better hurling prospects here are Guy Grasso, Summit, N.J., 18-3 with Binghamton, N.Y., and Norfolk, Va., last season and a returned veteran, John Kucks of Stanhope, N.J., 19-6 with Norfolk in 1952, his last previous season in baseball.

Stengel has 14 pitchers and two catchers out for the first session. Outfielders and infielders will report Feb. 15. The school will end when the Yankees begin spring training here March 1.

Dayton Joins Duquesne in Field for NIT

Twice A Finalist in Cage Test, Flyers Now Hold 17-3 Record

NEW YORK (U)—Two down and 10 to go. That's the National Invitation Basketball Tournament picture today following the acceptance of the University of Dayton only a day after Duquesne became the first team in the field.

The Flyers' seventeenth in The Associated Press weekly poll, chose to make their fourth appearance in NIT Thursday rather than wait for a possible "at large" bid from the NCAA's post-season classic.

The NCAA has yet to name its first entrant.

Dayton has won 17 and lost only three this year, losing to Duquesne and UCLA in the Madison Square Garden Holiday Festival and to Cincinnati in its only home defeat. The Flyers reached the finals of the NIT in 1951 and 1952, losing to Brigham Young and LaSalle.

Other teams reported under consideration to fill the remaining 10 berths include Cincinnati, which meets Dayton again this season, Connecticut, Holy Cross, Louisville, Niagara, Penn State, St. Louis, St. Francis (Pa.), Villanova, Lafayette, Marshall (W.Va.) and undefeated Williams.

Saratoga Is Favorite in Everglades Test

MIAMI, Fla. (U)—Saratoga, a fair to middlin' colt who ran third to Nashua and Boston Doge in the winter headline derby, probably will be the choice in Saturday's \$25,000 added Everglades at Hialeah Park.

The Everglades, at a mile and a furlong, is the final stakes for 3-year-olds leading up to the \$100,000 added Flamingo to be run two weeks later.

Neither the highly-regarded Nashua nor the unbeaten Boston Doge is in Saturday's feature and Saratoga conceivably could win the Everglades and go on to triumph in the richer Flamingo, just as did Citation in 1948 and Oil Capitol in 1950.

Carey Goes to Arizona

TEMPE, Ariz. (UP)—Bob Carey, former All-America end from Michigan State college, today was named end coach at Arizona State College at Tempe.

Carey's appointment was announced by Dan Devine who was picked last Saturday as new head coach at Arizona State.

Prep Schedule in County Area

Catholic Central at Pontiac; Farmington at Waterford; Van Dyke at Walled Lake; Southfield at Berkley; Clarkston at Brighton; Milford at Northville; Holly at West Bloomfield; Oxford at Lapeer; Lake Orion at Romeo; St. Mike at 80 St. Mary; St. Mary at St. Fred; Avondale at Fitzgerald; Madison at Troy; Roseville at Clawson; Birmingham at Grand Park; Perendale at Port Huron; East Detroit at Mt. Clemens; Inlay City at Orionville; Millington at North Branch; Beavering at Mayville; Royal Oak at Monroe; South Lyon at Pinckney; Holy Redeemer at Shreve; Ann Arbor at Almont; Brown City at Capac; Memphis at Dryden; Utica at Center Line; South Lake at Warren; Fraser at Eastland; Lakeview at Lake Shore.

Pontiac Skaters Take Part in Grayling Event

Pontiac Skating Club will be represented at the annual Grayling Winter Sports Carnival, opening Saturday. Along with the group of club skaters will be the Northside Community Club's 1955 ice queen, Miss Colleen McEnery, 16. Colleen will vie with other winter sports queens from Michigan communities for the title of Miss Michigan Winter Queen.

The Pontiac skaters will appear in an exhibition with Colleen having a part in the numbers. The St. Michael High School student is the daughter of Mr. and Mrs. Eugene McEnery, 56 East Colgate street.

The 11 skaters making the trip, include two former Northside queens, Jackie Dubay (1954) and Jeannie Harris (1952). Others are Janet Bush, Pat Garrison, Joyce Nestor, Capogna and daughter Joy; Peggy (Richard) Bowman and daughters, Jackie and Jerry; Sandy Stockton, Delores Cook, Janice Bentham and Sue Danner.

Detroit Official Asks Return of MSC-UD Tilt

DETROIT (U)—A member of the Detroit common council has introduced a resolution urging Michigan State to consider renewing football relations with the University of Detroit.

Councilman Blanche Parent, author of the resolution, asked that Michigan State give "thoughtful consideration" to an early resumption of the series which ended in 1934.

Michigan State's football coach Duffy Daugherty was captain of the 1938 Syracuse team that played in the Orange Bowl.

Busy Weekend Ahead for Spartan Athletic Squads

EAST LANSING (U)—Seven Michigan State winter sports teams will see action this weekend with a crush of four home events scheduled for tonight.

Spartan hockey squad, currently in a losing slump, will take on Michigan tonight at the ice arena. A return match is set for Saturday at Ann Arbor.

Michigan also will be the opponent at a swimming meet in Jensen fieldhouse pool. The strong Michigan team is expected to have little trouble in piling up points on the Spartans.

Best individual performances are expected from Spartans John Decker of Detroit in the breast stroke and Tom Payette of Grand Rapids

in the free style.

At the same time, the wrestling team will grapple with Minnesota and the fencing team will engage in a triangular meet with Ohio State and the University of Buffalo.

Saturday afternoon, Michigan State will run in a quadrangular track meet with Penn State, Ohio State and Missouri.

The basketball team, meanwhile, will be on the road going against Northwestern Saturday and Illinois Monday night. Spartans will be doing well to break even when the home court advantage is considered.

Boxing team also will be away, fighting the Quantico Marines Saturday night at Quantico, Va.

Youthful Stars Take Play From 'Name' Players

Boros and Clark Toss Clubs; Bolt Snaps at Photographer

TUCSON, Ariz. (U)—Youth dominates the \$10,000 Tucson Open Golf Tourney as it moves through the second round today.

Name players yesterday had to be satisfied with supplying minor fireworks, such as heaving clubs. Bob Rosburg, San Francisco, and bawling out a photographer.

and Tony Holquin, Midlothian, Ill., a couple of 28-year-olds, share the lead. Each had 5-under-par 65s for the 6,409-yard, par-70 El Rio course in the first round.

George Bayer, 240-pound giant from Glen Head, N.Y., and Bud Holscher, 24, Santa Monica, Calif., are a stroke behind with first-round 66s.

Rosburg didn't know whether he would be well enough to stagger around the course. Flu had kept him in bed and prevented him from eating for two days. Wednesday he had a temperature above 100.

"Somehow I feel better," he said after his round. "I think the temperature is down."

Bayer is supposed to be the longest hitter in golf, and got off a couple of tee shots that traveled well over 300 yards. But driving honors for the day went to Rosburg. His drive rolled on the green of the 348-yard 17th hole. Two putts provided a birdie three.

Tommy Bolt, Houston, Tex., missed a 12-foot putt on the 11th and snapped at a photographer. "That's a fine place to stand," he said. "You know I throw clubs."

When Julius Boros, Mid Pines, N.C. was unhappy with his approach on the 16th he threw his iron a couple of yards farther than the ball.

On the same hole Jimmy Clark, Laguna Beach, Calif., sent his club skimming through the air when he missed a three-foot putt for a birdie 3.

Boros finished with 69. Clark 71 and Hunt 75.

Gene Littler, Palm Springs, California showed the biggest gallery a lot of wild, erratic golf. Fine putting helped him finish with 71.

More Baseball Players Might Undergo Tests

Chicago Cubs' Rookie Took Fitness 'Course' at Illinois

CHICAGO (U)—Pitcher Jim Brosnan of the Chicago Cubs has gone through tests at the University of Illinois physical fitness laboratory and more of the club's hirings may do the same.

Brosnan, 25, has been working on diets and exercises designed to increase his endurance since going through more than 100 tests at the lab.

Wid Matthews, Cubs' personnel director, said two other Cubs may take the tests before the start of the 1955 season. He would not name them.

Research Director of the fitness program is Dr. T. K. Cureton. Matthews said he met him recently in Chicago and that "his theories impressed me, especially on the importance of the mind to an athlete."

Spotlight on Inter-Lakes Tilt

The championship of the Inter-Lakes Conference may well be decided tonight as Berkley and Southfield hook up in the Berkley gym. However, Walled Lake, currently fighting for 3rd place, could cast the deciding vote.

Berkley can clinch no worse than a tie for the crown by beating the Bluejays tonight, but a Southfield victory would throw the two into a tie with two games remaining. Each has a date with Walled Lake after tonight.

Jim Beadle's Berkley quintet, an exceptionally well-balanced

club, has won its last eight games for a season record of 9-3. Since losing to Berkley earlier in the season, 59-43, Bob Watts' Southfielders have won six straight games.

Their record is 9-4 for the year. Southfield, a senior-less team, got a big lift with the return of Steve Klamik to the squad. He gives added height to juniors Ray Filar and Eric Leighton and sophomore Len Lamb.

Klamik also has scored 26 points in his two starts, giving aid to Bob Evans and Ken Moser, the pint-

sized junior guards, in the point department.

Meanwhile, the senior-studded Berkley team has displayed remarkable balance with Bob Blackwell, Don Biggott, Lou Lemack, Max Roe and Bill Donohoe all helping out.

Niles Freeland's Walled Lakers will prepare for their meetings with the leaders by playing Van Dyke. The winner gets sole possession of 3rd place. In the other Inter-Lakes scrap, Farmington brings a 3-game winning streak to Waterford.

Birmingham takes its 10-1 record and 8-game winning string to Hazel Park. The Maples hope to stay on the heels of Mt. Clemens, the Eastern Michigan pacesetter, which is heavily favored against East Detroit.

With Roseville a sure bet against Clawson, the top game in the Oakland-B sends Madison (9-2) to Troy (7-5) with 2nd place at stake. Each is 5-2 in the league behind Roseville's 6-1.

Shrine (11-1) closes its regular season against Holy Redeemer and Utica goes after its 11th straight win without defeat at Center Line. Oxford plays at Lapeer, and Lake Orion at Romeo in other games.

Considerable interest centers on

the Wayne-Oakland League and its "boycott" of Milford's point production. There is somewhat of a controversy over whether or not Brighton's stalling tactics in Tuesday night's 19-13 Milford victory were designed as a definite upset maneuver or just an effort to hold the score in retaliation for a bad beating previously.

Milford coach Jack Minzey offered a defense for the charges of "pouring it on" leveled at him in some quarters. He said that with the exception of a couple of games, his regulars have seen only limited action in the 2nd half.

In addition, Minzey says that in several instances his reserves have out-scored the opposition in the later stages of the game.

The Redskins play at Northville tonight, and while the Mustangs' battle plans are not known, Milford will not be shocked by another stall. Clarenceville coach Art Orloske has indicated he would stall when the Trojans go to Milford next week.

Meanwhile, Clarkson plays at Brighton. The Wolves still trail Milford by only a half-game in the Wayne-Oakland. Holly is at West Bloomfield.

Sports May Be Probed Again

SACRAMENTO, Calif. (AP)—Asst. U.S. Atty. Gen. Stanley Barnes says the Justice Department's anti-trust division, which he heads, is about to take another look at monopolies in sports, both professional and amateur.

"Any sport that gets into broadcasting and telecasting is subject to investigation on monopoly charges," Barnes said in an interview Thursday. "That goes for hockey, basketball, wrestling and NCAA football, as well as boxing."

He said his unit certainly would look at the NCAA football game of the week policy. When one college sells air time to only one station, he said, and won't sell to others, it has violated the law. Regional games of the week would be the same thing, he noted, only to a lesser degree.

It's Time Out!

"I'm holding up your purse pending an investigation into the looks you were giving that blonde in the second row, Dynamite!"

Board Backs Army Participation in Bowls

WEST POINT, N.Y. (AP) — Army's participation in post season football games, probably the Sugar or Cotton Bowls, had the backing today of the Military Academy's board of visitors.

The board, an 18-man group composed of members of Congress, the military and civilians, is strictly an advisory organization but its recommendations carry weight in the formation of academy policies by Army officials.

The move to break down the Army barrier against participating in post season games reached a climax Thursday night when the board held its annual meeting at the Point.

Rep. Hebert (D-La.) made the motion. It was seconded by Reps. Teague (D-Texas) and Johnson (R-Calif.) and met with unanimous approval from the board headed

by Dr. James Baxter III, president of Williams College.

"To all intents and purposes the way has been cleared for the acceptance of a bowl bid by the Army," said Congressman Hebert. He pointed out his motion had the backing of Secretary of Defense Wilson and, while not binding on academy authorities, it will be given serious consideration.

Lt. Gen. B. M. Bryan, superintendent of the academy and former Army gridiron star, and Head Coach Earl Blaik both were advised of the board's action. They will not learn of it officially, however, until after the group's recommendation, along with others, has been sent to President Eisenhower. Hebert pointed out that the President takes no official action on the board's recommendations.

Neither Gen. Bryan nor Blaik was available for comment.

Although the board's recommendation approved Army's participation in any recognized bowl if a bid is extended, actually the Cadets probably would be limited to either the Sugar or Cotton Bowls. They are the major bowls not entirely tied up with individual conferences.

Representatives of the Big Ten and Pacific Coast Conferences play in the Rose Bowl. The Atlantic Coast and Big Seven are under contract to send their teams to the Orange. The host team in the Cotton Bowl is the Southwest Conference champion while the Sugar has followed the policy of inviting the winner of the Southeastern Conference.

Navy broke the ice when it sent its team to the Sugar Bowl last Jan. 1, where the Middles defeated Mississippi 21-0. The Middles played in the Rose Bowl 30 years ago but Army officials have consistently turned down bowl overtures and there have been many, especially during World War II, when the Cadets were riding high.

Maple Tankers Lose 4th Meet of Season

Birmingham High School's swimmers dropped their 4th decision in 9 dual meets Thursday, as the Maples lost, 44-40, to Plymouth High in the Plymouth pool. Birmingham has one more dual meet before the Eastern Michigan League meet.

Jay Lewis of the Maples was the meet's lone double winner as he took 1st in the 50 and 100-yard free style.

Bill Brandel of Plymouth won

Three Team Openings Left in PWBA Tourney

There still are openings in the Pontiac Woman's Bowling Association's 22nd annual tournament for three more teams, according to PWBA secretary Peggy Bender. Any PWBA team wishing to enter may do so by contacting Mrs. Bender at Federal 5-5343. Tourney opens March 5 at the Colonial Lanes in Utica.

TALL AND BLONDE—Brown-eyed Betsy Palmer starring Tyrone Power and Maureen O'Hara. Betsy makes her motion picture debut in Columbia's well known on television, has second feminine lead Technicolor, CinemaScope "The Long Gray Line," in her first film.

**Story of Signers
of Declaration
Set for Filming**

BY LOVELLA G. PARSONS

HOLLYWOOD (INS)—My good friend Harry Joe Brown couldn't have chosen a better time to tell the world that he and his partner, Randy Scott, will produce a great American epic, "Liberty or Death." When I tell you that this project is based on our Declaration of Independence—and intelli- gately tells the stories of the vital and important Americans who signed it—you'll know what I mean.

With the explosive situation in the East what it is, it's time all Americans be reassured about the beginning of our great country and what it stands for.

Says Harry Joe, "Casey Robin- son is writing the script for us and we are after such stars as

Frederic March, Charles Laughton and Tyrone Power to play Patrick Henry, Thomas Jefferson, George Washington and Benjamin Franklin."

"I'm not married to Erich Maria Remarque," Paulette Goddard told me over the long distance phone, "but I'm considering it," she laughed. Paulette came to New York from Switzerland to appear in "The Women" on TV. "I'm heading right back to St. Moritz where Erich is," she went on. "I'll stay one week there and then go on to Paris, where I start 'Angel Puss,' a French motion picture."

"What a title!" I said, "Laugh-and-on? shrdlu pupu

"It will be called 'Angel Face' when it's released in this coun- try," Paulette explained, "I play an adventuress."

She said she won't be back in Hollywood until September be- cause she doesn't want to leave the boyfriend.

I asked if she had seen her ex, Charlie Chaplin. She said, "Oh, no—he lives on another mountain in Switzerland."

I pinned Kirk Douglas down when I met him and his attractive bride, Anne Buydens, to ask him what he's going to do about the Van Gogh story.

"I'm going to make it for MGM," he said. "They own Irving Stone's 'Lust for Life,' and when they found I had planned to do the life of the eccentric painter for my own company, they asked me to do the Stone Story. I think the book is great, so I am glad to forget my own idea."

Kirk is leaving in a few days to carry the banner for "The Man Without a Star," for Universal-International.

Socially speaking: Television and electronics greatly interested the Mertyn LeRoy's dinner guests, especially Louis B. Mayer, Jack Warner, Sam Goldwyn and Walt Disney. They had quite a discussion with Robert D. Michaels, head of Television-Electronics Fund, and Paul Just, sales manager.

The girls certainly got out their best bib and tucker, and Kitty LeRoy's daughter, Mrs. David May, was gorgeous in a ruby color gown with beautiful ruby jewelry given her by her in-laws, the Tom Mays.

Mrs. Disney was in red, too, a

most becoming lace gown. Lorena Mayer (Mrs. L. B.) wore a stunning emerald green gown. There were many long gresses, and Joan Cohn's (Mrs. Harry) Paris creation of black and light blue jersey was most effective. Mrs. Michaels and our hostess both wore formals.

In the dressing room the gals all got together and talked careers, clothes and other girl talk. Greer Garson said she was trying to make up her mind about TV.

Snapshots of Hollywood col- lected at random: The romance of Maria English and Bud Pennell may lead to the altar.

Luis Dominguin had a date with Linda Christian Power the night the sheriff's office was looking for her to serve the subpoena.

Stewart Granger has put his foot down on having Edmund Purdom in "Bhowani Junction" after he read some of the Holly- wood stuff Purdom is supposed to have given British newspapers.

Child Guidance Clinic Schedules Meet Tuesday

The annual meeting of the Pontiac Child Guidance Clinic will be held this year at the Isaac E. Crary Junior High School, Waterford Township, Tuesday at 8 p. m.

A play, "Random Target," will be presented by members of the Donelson School PTA and directed by Mrs. Harold Zimmerman of 3080 Old Orchard Dr.

The annual report of clinic activities will be given by Dr. F. Milton Hathaway, board chairman, and Miss Madeleine Hall, clinic director.

Board members will be elected during this meeting, and Joseph Fischhoff, M. D., clinic psychiatrist, will give a talk. Refreshments and a social hour will conclude the program.

Committee for the annual meeting includes Mrs. Edwin B. Clark, chairman, of Birmingham; Mrs. Charles Cox, of Commerce; Mrs. Lawrence S. Martz, of Bloomfield Township, and Dr. Hathaway, Pontiac.

Advantages of Country Don't Lure Rudy Vallee

By EARL WILSON

NEW YORK — Rudy Vallee was talking about the advantages of the country over the city.

"I had a caretaker who was always pointing them out," said Rudy. "His name was Charlie Johnson. He was from Lovell, Me. 'What's New York or Los Angeles got that we haven't?' he'd say. 'Libraries? Ho! We've got 3 traveling libraries that bring the books right to us!'"

Rudy's speech almost convinced me that I should go back to Rockford, Ohio, and work on the weekly paper.

We were at a little French restaurant. Rudy was just back from 17 weeks in Europe. He played himself in "Gentlemen Marry Brunettes," looking as he looked in 1926 when he was fresh from the country.

"Charlie Johnson," Rudy went on, "would say 'Yes, you do have museums and beautiful paintings.' 'But what do they show? Beautiful fields, lakes and sunsets. We don't need the paintings — we have the beautiful fields, lakes and sunsets. The painters come here to copy what we see every day!'"

I was about ready to buy my tickets for back home.

Rudy, having finished his costly dinner, lit a costly cigar.

"Charlie would say, 'You have symphonies and concerts and the opera in the city.'"

"What do THEY do?" he'd say. 'They copy the songs of the birds. We hear them every hour. Without buying a ticket.'"

"I remember the other night," he'd say, "when I heard the beautiful song of the thrush — and all was still."

"Somebody from the city said, 'Yeah, too still.'"

"But," continued Rudy, "Charlie was right. I got advantages in health, and in proper living, in a small town, that have been invaluable to me."

"So all right, it's a deal," I said to Rudy. "I'll go back to the Middle West. You'll go back North."

"I would never go back there to live," exclaimed Rudy. "I don't like those dreary leaden skies. I was always a sun-worshiper, but I never knew it till I moved to California. I love it there. When I go back up there, they say to me, 'You can't talk that way. You were born here.'"

"I say 'Because I was born here, do I have to like it?' I don't believe the average boy who leaves, wants to go back. I don't."

I'll see you around Broadway.

THE MIDNIGHT EARL...

Shelley Winters says she did the bubble bath scene nude on NBC-TV's "The Women" Monday night. "The only trouble was," she said, "when I leaned back in the tub the bubbles didn't move back with me. I kept scooping 'em over me, scared to death."

Producer George Sidney's set July 1 as rehearsal date for "St. Louis Woman," and says, "As far as I know Sinatra and Ava Gardner will both be there." Frank signed for it before he got hot again, and MGM might have to hike his salary.

Fran Warren, a hit in the touring "Pajama Game," gets a screen test soon.

Producer Paul Gregory's upset—"The Caine Mutiny" will cancel the Southern portion of its tour because of Paul Douglas' remark that "The South stinks." A possible solution: Have someone play Douglas' role—but there's no one available to take over the difficult part.

Judy Garland expects the baby April 7... Kay Spreckles baked a birthday cake for Clark Gable... Harry Belafonte's set to star opposite Gina Lollobrigida in an Italian film.

Blind Indian Leads Men

CLAREMONT, Calif. (U) — Ved Nehta, a blind student from New Delhi, India, led all the men students at Pomona College in scholarship last semester. Nehta, a junior, is a history major.

Introduces Bill to Fix Liability for Back Wages

LANSING (U) — Legislation was introduced in the House today that would hold contractors liable for payment of back wages unpaid by sub-contractors.

Rep. Raymond D. Dezendel (D-Detroit) filed a bill which would require employers to notify employees of the time and place of paydays.

The bill would also require employers to keep "adequate" wage and hour records of employees and permit the state labor commissioner inspecting the records.

Besides providing that contractors are responsible for back pay of sub-contractors, the bill would hold sub-contractors liable to contractors for unpaid wages.

The bill would provide penalties of fines of up to \$100 or 90 days imprisonment for violations.

Toothsome Orange

NEW BEDFORD, Mass. (U) — Louis Xifras tossed away part of an orange and didn't realize his lower dental plate was still in it. He still is looking for it.

Taft Jr. Hazed by Ohio Solons

Whole House Gangs Up on Young Lawmaker During Maiden Speech

COLUMBUS, Ohio (INS)—Young Bogg Taft, son of the late "Mr. Republican," made his debut this week in the Ohio House of Representatives where his father got his start in politics and observers agreed they were watching a "comer."

The whole House ganged up on him playfully as he made his maiden speech, but Bob Jr. soon let it be known they were dealing with a Taft.

His first bill was not the kind to provoke public enthusiasm. It would allow judges in divorce cases to issue orders about custody of the child while the case was pending. As he phrased it, it would "provide for custody and support pendent life."

The last two words sent the

legislators off into a carefully-planned spree of indignation. One old veteran of legislative battles rose and asked, "What do those two funny words mean anyhow?"

"In English," Taft shot back, "I believe that 'pendente lite' means while litigation is pending."

"Oh," countered his opponent, "I knew that all the time." The House rocked with laughter. The handsome 37-year-old grandson of President Taft stood his ground good-naturedly and finished his speech.

When he was through the speaker called for vote on the electric roll call system. Immediately all the red lights indicating "no" flashed on and Taft saw his maiden effort shattered. But before adding up the total the speaker asked "Have all the members now voted?"

Suddenly all the red lights switched to green. Bob Taft had survived his first test.

When using condensed milk, seal the can "naturally" by tipping it so that a film of milk seals the hole. You can break the film with a fork time whenever you need to use milk again.

Reds Coin 'Automaniac' for U.S. House Leader

TOKYO (U)—The official Chinese Red newspaper coined a word today—atomaniacs—and bestowed the label on Rep. Martin, the Republican leader in the House.

"American atomaniacs are again brandishing their weapons while taking part in Chiang Kai-shek's military operations in China's off-shore islands," said a Peiping broadcast, quoting from People's Daily.

"Martin's fantastic thinking has reached the point where he believes the use of atomic weapons can bring the Chinese people to their knees within 30 days," the newspaper said.

It's wise to put paper on the floor under your ironing board to prevent soiling of pieces which are long; but don't use newspaper because hot, moist materials tend to pick up ink.

O-JIB-WA BITTERS IS TOPS FOR RHEUMATISM-ARTHRITIS

"My legs were swollen and painful so much that I couldn't stand on my feet," says Mrs. Effie Nations, 3102 Fielding St., Flint, Michigan.

"I had Rheumatism and Arthritis in my ankles, legs, shoulders, back and arms. At times, my legs were swollen and painful so much that I couldn't stand on my feet. I couldn't go up or down stairs or do many of the other little everyday things that one never thinks about. It would bother me all day and then the pains would keep me awake most of the night. I suffered these pains and miseries for over six years without finding much relief until trying O-JIB-WA BITTERS. I read in the newspaper where someone else had found relief by using O-JIB-WA BITTERS and decided to try it myself. I wasn't disappointed with it because in a few days, I could tell it was helping me, and in about a month, the swelling went down in my legs and ankles, all of the pains were gone, and I could walk around fine. I get a good night's sleep now and feel better than I have in many years. O-JIB-WA gives me more pep and I feel like getting around and doing things. I think O-JIB-WA BITTERS is tops. There is nothing better for Rheumatism and Arthritis."

Career Girls Should Shed Girdles, Buy Larger Shoes

NEW YORK (AP)—Curbsome comments by a Pavement Plato: Are the strains of modern life beginning to affect even women? It would seem they are, particularly with career girls. The iron nerves of housewives are still holding up well, perhaps because they dress more sensibly and can lie down and relax in between the times they are prodding their husbands up the ladder of success.

But the career girl—Horatio Alger's mythical granddaughter, Hortense—often finds her life in the business world keeps her restless. Some signs that this is true: Women used to marry ulcers. Now they're getting more and more ulcers themselves. Bartenders report that more and more secretaries and stenographers are having cocktails at lunch to bolster them up for a long hard afternoon of trying to make the boss look like he knows his job.

If you stand on a mid-Manhattan street corner and watch the glamour girls of business go by, you will notice that about one out of every ten of these trim beauties is nervously gnawing her lip, twisting her lovely face all out of shape over some inner worry.

Why? My theory is that career girls are caught between a man's world and a woman's world. They are doing a man's work all day while dressed up as if they were a movie star on her way to launch a battleship. They are as uncomfortable as a plumber trying to fix a drainpipe while clad in a straitjacket.

No wonder they sometimes are cranky and moody, get easily upset over trifles, or miss out on a promotion because they bawl out their employer instead of buttering him up. They are suffering from a new career girl's disease—clothing claustrophobia. It's their clothing—

not the boss—that pinches them. Nobody can do a good job when he has a cramped feeling. Career girls should take a hint from their married sisters. When a housewife sets out to clean up her lair, she puts on a pair of old loose-fitting slacks, the shirt her husband wore the day before and a pair of floppy slippers that go flap-flap as she she-flap-flops around looking for more dirt to annoy.

This is the working uniform of most American housewives today. Good thing, too. It enables them to avoid the anatomical imprisonment suffered by the more fashionably dressed career girl. Their care-free clothing allows their bodies to slump into those restful, bulging, lumpy—and, of course, graceful—patterns natural to womankind when they are not a-prowl for their prey, man.

A career girl, I realize, can't go as far in the direction of informal dress as a housewife. An office manager might frown on her if she showed up wearing cowboy pants and a shirt borrowed from her boy friend, and with her hair tied in a frayed dish towel.

But since it is well known that too-tight clothing inflames the temper and reduces mental efficiency, a girl ought to do something about her present ulcer-manufacturing office garb. A recent scientific study—I just made it—shows that the two key areas where constriction brings out the raging lioness most in a woman are—the waist and the feet.

So any career girl will find it easier to concentrate on winning fame and fortune in her work, if she'll just follow these two tips: "Either throw away your girdle, or get one so comfortable you can put it on with one hand tied behind your back—this I'd like to see—and buy shoes at least one size, and pre-

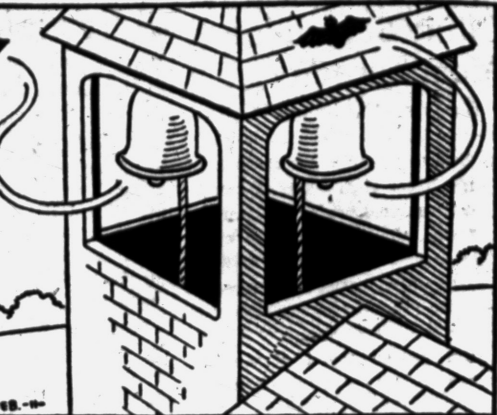

erably two, larger than the ones you're wearing."

You'll be amazed, Hortense Alger, to see how these two steps will take the pressure off your mind, cut down your nervous irritability. Even if you don't land a bigger job, you'll feel so gay and sweet-dispositioned the guys in the office will be standing in line to marry you.

Let the one who wins you worry about business ulcers. You can stay home and be really comfortable in those floppy slippers that go flap-flap.

In the Channel Islands, near England, a variety of cabbage plant is grown which reaches a height of 10 to 16 feet with a strong stem which is used for rafters in thatched cottages.

Oxford Band Members Win High Ratings

OXFORD — Of the 18 Oxford High School Band members who took part in a Solo and Ensemble Festival at Ypsilanti recently, four soloists and three ensembles received first division ratings, entitling them to take part in the state finals.

Some 367 high school musicians participated in the festival, sponsored by the Southeastern Michigan Band and Orchestra Association.

Oxford soloists receiving first place positions were Carolyn Tubbs, oboe; Kay LaDouceur, oboe; Gerald Dupon, cornet; Janice Yomker, alto saxophone.

Ensembles receiving first division ratings were a woodwind quintet with Marion McTavish, Kity LaDouceur, Richard Geisler, Loretta Earp and David Rogers; a clarinet quartet with Richard Geisler, Shirley Beardslee, Joyce Eberstein and Mary Jo Meads; and a saxophone quartet composed of Janice Yomker, Gerald Rossman, Mary Lou Rossman and Robert Woolcox.

A flute trio with Marion McTavish, Judy Valentine and Joan Brady were rated second, and third division ratings went to soloists Darryl Borst, Judy Valentine and David Morrow.

Trailer Park Told to Stop Expansion

The Oakland Hills Subdivision Home Owners Assn. has obtained a court order stopping Stanley J. and Viola Pons from constructing an addition to their trailer park on Southfield road in Southfield Township.

The association claims the area's zoning prohibits expanding trailer parks or constructing new ones. The proposed addition, it alleges, would hurt value of homes in the vicinity.

A hearing date will be set in Oakland County Circuit Court for the trailer camp owners to appear and attempt to show that the injunction should not be made permanent.

To Hold Friday Dance — A square dance for adults of the area will be held at 8 p.m. Friday at the Walled Lake Elementary School.

Cupid Caper Slated

CLARKSTON — "Cupid's Capers" is the title of the dance the junior class of Clarkston High School is holding from 9-12 p.m. Saturday, in the new school addition.

Psychiatrist to Talk at Monday Meeting

ROCHESTER — Dr. Ralph Green, staff psychiatrist of the Haven, will be the main speaker of the evening at the Monday meeting of the Baldwin-Goodison PTA, in the Baldwin School.

A film entitled, "The Fears of Childhood" will be shown by Dr. Green during his talk, which will be on the same subject.

Prior to accepting his present position, Dr. Green was a private practitioner in Detroit, and a staff psychiatrist at Wayne County General Hospital.

The meeting will begin at 8 p.m.

Proper PTA to Feature Skit by Boy Scouts

GINGELLVILLE — The regular meeting of the Proper School PTA will be held at 8 p.m. Monday at the school. The local Boy Scout troop will present a skit, marking the 45th anniversary of scouting.

Mrs. Robert Sanford, candidate for president of the East Oakland County PTA Council, will speak on "What PTA Means to Me."

County Deaths

SOUTHFIELD TOWNSHIP — Service for Carl Code, 78, a former resident, will be held at 10 a.m. Saturday at the Brown Funeral Home, Hudson, with additional services at 2:30 p.m. at the Southfield Methodist Church, and burial in Southfield Cemetery. He died Wednesday at his home in Pittsford.

Surviving are his widow, Alma, and four daughters, Mrs. Carmine Thibodeau of Pittsford, Mrs. Verne Bourne of Pontiac, Mrs. Lorraine Wentworth of White Lake and Lola, at home, five sons, George H. of Royal Oak, Carl of Pontiac, Marvin of Southfield Township, Arnold of Royal Oak, and Harvey of Troy Township, 22 grandchildren and 7 great-grandchildren.

VICTOR CHARLES TENNY — Service for Victor Charles Tenny, 75, of 3300 Elizabeth Lake Rd., will be held Monday at the Hill-Goulet Funeral Home in Island Pond, Vt., with burial. The body will be sent there today by Coats Funeral Home of Drayton Plains. Mr. Tenny died this morning.

Surviving, besides his widow, Margaret, are two sons, Carlton with whom he was staying and Harold of Hallister, Calif.; and one grandchild.

Mrs. William Cuddington — Service for Mrs. William Cuddington, 63, of 1870 Austin St., will be held at 2 p.m. Saturday at the Spiller Funeral Home, Royal Oak, with burial in Roseland Park Cemetery. She died Thursday.

Surviving besides her husband are six children, Chester, Joseph, and Harvey, all of Royal Oak, Burton of Ferndale, Mr. Alfred Allen, at home, and Mrs. Royce Allen of Hazel Park, five brothers, Walter Sidelinger of Pontiac, Joseph of Florida, Albert of Curtis, Harold and Louis, both of Gould City, and 28 grandchildren.

Mrs. Anna F. Savory — Service for Mrs. Anna F. Savory, 76, of Brooklands, will be held at 10:30 a.m. Saturday at the Pidgey Funeral Home. Mrs. Savory died Wednesday.

Lions Offer Pancakes

WATERFORD TOWNSHIP — The Waterford Township Lions Club is sponsoring a pancake supper, to be held from 5-8:30 p.m. Friday at the Eagles Hall, M59 and Pontiac Lake Road.

Proceeds will go to support the Lions activities of sight conservation, white canes, and the Leader Dog Foundation.

County Births

Orionville — Mr. and Mrs. Wayne Lucas of Bald Lake, Pa., are the parents of a son, born Feb. 5.

Dryden — Mr. and Mrs. George Brown of Bishop Hospital, Allenton, Pa., are the parents of a son, born Feb. 5.

Tennessee Farmboy Makes Good in City

New TV Show for Eddie Arnold

Six-Footer Concerned Over Being Himself, Is at Home Anywhere

NEW YORK — Eddy Arnold, Tennessee farm boy who took a mail order guitar and went to town with country music, has a television show of his own coming up on the celluloid network.

Arnold, whose phonograph records of country songs have sold in the millions, has done three summer stints on network TV but the new filmed shows will be his first on a regular basis. They will be distributed directly to stations, after the fashion of the Liberate shows.

The husky six-footer, who is now as much at ease in plush places as at a barn dance, is more worried about being himself than over whether country music will click with city viewers.

"Actually I do better in personal appearances in the larger places than in the small ones," Eddie explains in his Tennessee twang. "I don't know whether they come to hear me sing or are just curious to see what kind of varmint I am."

"I know that at one place I played in Las Vegas I followed Nelson Eddy, and I was jittery over how well I'd be accepted after someone like him. But he said, 'Just be yourself—that's the main thing—and they'll like you.'"

Although Arnold made his reputation as a singer of country songs, he says he plans to include standard popular tunes on his show as well. Since he hopes the films will be rerun a number of times later, he will steer clear of current hits unless he's pretty sure they'll stand the test of time.

Queen to Be Chosen

PETOSKEY — Miss Michigan Winter Queen of 1955 will be picked Saturday from among five contestants at the Northern Michigan Winter Ball. The queen will receive her crown from Olympic champion Stein Erickson of Norway.

Italy to Get \$53 Million

ROME — The United States agreed today to give Italy \$53 million dollars to boost Trieste's economy and to help the Italian government raise living standards in southern Italy.

English Churchmen Split on Divorce, Remarriage

LONDON — The Archbishop of Canterbury and a group of his own churchmen differed today over the Church of England's ban on conducting weddings for divorced persons.

The archbishop, Dr. Geoffrey Fisher, said in an official pamphlet yesterday the ban was necessary to make couples think more seriously before marriage. Dr. Fisher is the British state church's No. 1 official.

Dissenting clergymen promptly answered with a statement asserting the pamphlet did not prove

Eartha's Illness Threatens Play

Lack of an Understudy May Keep Doors Shut on 'Mrs. Patterson'

NEW YORK — Eartha Kitt, star of "Mrs. Patterson," was reported ill today and the lack of an understudy in the play created a problem.

Miss Kitt left the stage of the National Theater last night eight minutes after the curtain went up. Money was refunded to the audience.

The Negro entertainer's press agent Virginia Wicks said today Miss Kitt "collapsed" and "has been a very sick girl for six weeks."

Bill Doll, press agent for the show, said, "I don't know whether she is ill or whether she doesn't want to go on tour, or what." Doll said he had an appointment today with a lawyer for the producer, Leonard Sillman, to discuss the situation.

The play, which opened Dec. 1, is scheduled to close here in three weeks and go on a national tour. A spokesman for Sillman said there will be no performance to night if Miss Kitt does not appear.

Miss Kitt's press agent said she plans to return to her role tonight. The Sillman spokesman said several doctors were called backstage last night and they failed to agree on the 27-year-old Miss Kitt's condition.

Miss Wicks said Miss Kitt has a kidney infection and her doctor "wanted to pull her out of the show six weeks ago and put her in a hospital" but she insisted on carrying on.

Miss Wicks said Miss Kitt has been under daily medical care, fainted at the theater after the performance last Saturday night, fainted three times last night—both at home and at the theater—and spent the night at the home of one of the physicians called backstage.

UM Educational TV Available to Classes

ANN ARBOR — The Educational Television and Radio Center announced today its television films will be available for classroom and instructional use through Indiana University Feb. 15.

Dr. H. K. Newburn, president of the center, said that Indiana will be the national center for non-television distribution, but the center itself would continue to distribute all television programming.

The classroom and instructional films will be distributed on a self-liquidating basis from Indiana and Dr. Newburn said that income from sales and rentals will pay for the cost of the service.

45 Millions Have Visited Famed Lincoln Memorial

Oakland County Congressman George A. Dondero, who has gained considerable renown for his life-long interest in Abraham Lincoln and in data relative to the Civil War president's life, has collected some interesting facts about the Lincoln Memorial in Washington.

He repeated some of these at the Republican Lincoln Club banquet here this week, pointing out that:

The Lincoln Memorial in Washington was dedicated in May, 1922. It is the most visited shrine in the world. Every civilized nation of the world has visited there, either by the head of state or a representative high in their government.

Thus far, 45,780,000 people have visited the Memorial. In April, 1950, in one month, 426,850 people came to pay tribute to Lincoln. Last year 1,688,000 came, and in 1950, the greatest year of all, 2,065,000 paid their respects. This is more than double the number of visitors who paid tribute to Washington.

When the public visits the Lincoln Memorial, they show an attitude of reverence not shown in or at any other public shrine.

When Civil War veterans were still living, they came and sometimes would kneel at the foot of the statue of Lincoln. Even now, occasionally, civilians come and kneel before Lincoln.

Men visitors remove their hats voluntarily as they stand in his presence. They rarely speak out loud, and with an attitude of deep reverence read the Gettysburg Address and that part of the Second Inaugural chiseled in granite on the Memorial. Some stand in tears, others with misty eyes.

There has never been an act of vandalism against the Memorial. The Memorial receives birthday cards for Mr. Lincoln, and some of them send a dime in the envelope—even Christmas cards are sent to him.

Named Institute Dean DETROIT — Capt. William A. Hickey, retired naval engineer, was named dean of the Engineering College of the Detroit Institute of Technology Thursday. He succeeds Dean Clarence C. Winn who was named dean emeritus.

Bob Considine Says:

3 Recent Books Introduce Abe Lincoln to Thousands

NEW YORK (INS)—Those who have yet to read Jim Bishop's brilliant new book "The Day Lincoln Was Shot," Carl Sandburg's condensation of his massive Lincoln study, and Stefan Lorant's down-to-earth and picture-laden "The Life of Abraham Lincoln" are to be envied. Wonderful experiences await them.

So much has been written about Sandburg's masterpiece that little can be added here to its lustre. For him it must have been a cruelly hard task to condense all those millions of hard-won words to a single volume.

But he has this comfort: He has introduced his friend Abraham Lincoln to scores of thousands who might never really have known this unique American.

Lorant, whose work has been put into 50-cent pocketbook size by Signet, came to this country 14 years ago after achieving great success as a magazine editor in Europe. He must have headed immediately for Lincoln's log cabin. He is transfixed by Lincoln's storytelling ability.

When Lincoln was asked what he thought of editorial blasts directed at him by Horace Greeley, he replied, "It reminds me of the big fellow whose little wife beat him over the head without a resistance. When his friends remonstrated the man turned to them and said, 'Let her alone. It don't hurt me and it does her a power of good.'"

John Hay warned Lincoln that General Benjamin Franklin Butler was the only man in the Union Army in whose hands power would be dangerous. "Yes," Lincoln nodded, "but he is like Jim Lett's brother. Jim used to say that his brother was the damndest scoundrel that ever lived, but in the infinite mercy of providence he was also the damndest fool."

On trying to patch up a fight between warring factions of the Republican Party:

"I learned a great many years ago that in a fight between husband and wife, a third party should never get between the woman's skillet and the man's ax-helve."

Jim Bishop started work on his wonderful "Day Lincoln Was Shot" while working as a rewrite man on the New York Daily Mirror. Our desks, I'm proud to say, were only feet removed. That was in the late 1930's. All through the years he filled notebooks, each devoted to a single hour in the last day of Lincoln's life. It was a job that called for infinite patience and research as well as fine scholarship.

It is a breath-taking retelling of a tragic day in history, from the moment Lincoln rose to face a corridor of grasping favor-seekers on Good Friday, 1865, until 24 hours later when the terrible news reached Coles County, Illinois, where Lincoln's stepmother, Sarah Bush lived:

"They (the farmers) stood on the doorkill and they told her the tidings and her old leathery face did not change when she said, 'I knowed when he went away that he would never come back.'"

A lesser craftsman than Bishop would have overdone the great moment of the book. Come now with John Wilkes Booth into the darkened presidential box at Ford's. From the stage below rings this bit of dialogue from "Our American Cousin":

"Wal, I guess I know enough to turn you inside out, you old sock-dologizing old mantrap!" Racing on, Bishop wrote:

"The Dorringer was behind the President's head between the left ear and the spine. Booth squeezed the trigger and there was a sound as though someone had blown up and broken a heavy paper bag. It came in the midst of laughter, so that some people

heard it and some did not. The President did not move. His head inclined toward his chest and he stopped rocking. Mrs. Lincoln turned at the noise.

her round face creased with laughter. . . . Anyway, don't miss it. On the flyleaf of "The Day Lincoln Was Shot" the modest author, who is now editor of the Catholic Digest, writes, "Dear Bob—This may kill a couple of hours. Jim Bishop." Imagine.

The action of a hurricane is similar to that of a tornado, but the hurricane is much larger.

Airline Extension Hearings Started

SAN FRANCISCO (INS)—The Civil Aeronautics Board opened hearings in San Francisco yesterday on a proposal to extend Pan American World Airways' Latin American route to San Francisco. San Francisco City officials also

stated they hoped to persuade West Germany's first post-war national air line to use the San Francisco international airport as the terminus of a proposed polar route between Europe and the Pacific coast.

San Francisco civic and business leaders planned to present evidence in favor of designating the city's new \$15,000,000 airport as terminus for the 5,000-mile PAA route to Guatemala and Panama.

Carpenter Was There, but Steps Were Gone

BALTIMORE (AP)—Jerry Glover, 66, came home and asked his wife if the carpenter had arrived yet. Yes, he's in the basement, she replied. Glover started down the basement and fell eight feet to the floor. He was treated for a bump on the forehead but otherwise was not hurt.

The carpenter had removed the steps to repair them.

To Address AF Assn.

COLORADO SPRINGS, Colo. (AP)—Gen. Benjamin Chidlaw, head of the Continental Air Defense Command, opens a two-day Air Force Assn. meeting tonight with an address on the nation's air defense system.

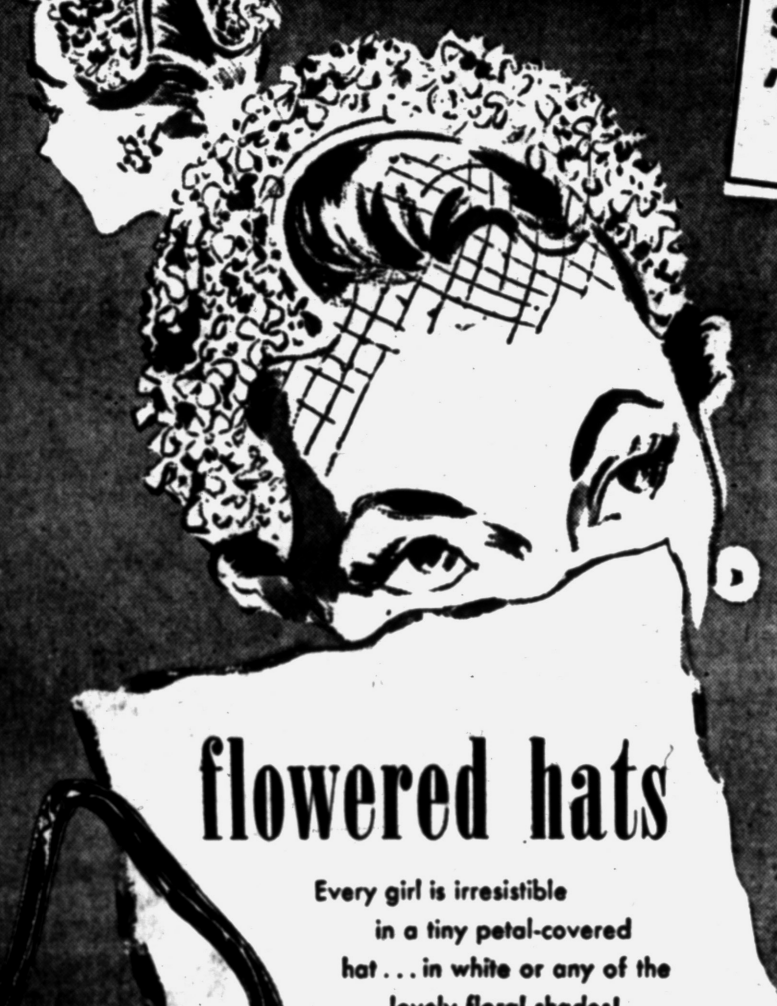

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel insecure because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them faster so they feel more comfortable. Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug counter.
