Guard Against Cuban Plane Plot to Hijack Five U.S. Airliners

Report Scheme to Hijack Five U.S. Airliners

Precautions Taken at N.Y., Florida Airports to Squelch Plan

From Our News Wires

NEW YORK—FBI agents and local authorities established strict security precautions at airports in New York and Florida today to squelch a reported pro-Castro plot to hijack five U.S. airliners during Cuba's revolutionary celebrations this week.

It was not disclosed just what the safeguards were. But one source indicated that FBI men were accompanying the flights.

An eastern Air Lines Super Electra was commandeered Monday during a Miami-Dallas flight. Stringent precautions took effect during the night to prevent further seizures.

It was learned Monday night that five two-man teams of pro-Castro agents were believed plotting to seize aircraft bound to or near Florida and divert them to Havana.

The report, from a high-ranking airline source, was not published until precautions could be completed.

TAKE PRECAUTIONS

"We're taking all possible precautions," an Eastern Air Lines spokesman said. "We are working closely with the FBI and the State Department."

He declined to give details "It would not be a precaution if we talked out loud about it," he said.

However, it was learned that passengers were not being searched for arms before boarding planes of any of the airlines, and presumably, any precautions was being afforded on the flights themselves.

Eastern, National and Northeast airlines make scores of flights daily along the East Coast.

"We're maintaining our schedules," a Northeast spokesman said. "This problem is a matter of international law, and if the United States wants to provide protection, we will gladly cooperate."

Passenger lists were being screened and planes were under surveillance at airports in New York, Miami and Tampa, Fla., it was learned.

Castro Frees Crew, Riders

Solons Demand Cuban Leader Get Ultimatum on Pirated Craft

From Our News Wires

MIAMI, Fla. — Fidel Castro today ordered the release of passengers and crew of an Eastern Air Lines plane hijacked over Florida.

Even as Castro acted, Senate Democrats and Republicans in Washington joined in sharp demands that he be given an ultimatum to release the hijacked airliner and its passengers or the United States will "go in and get it."

Pan American World Airways announced it had put a crew and a DCB on standby at Miami International Airport to bring out of Havana the 33 passengers and five crew members aboard the Super Electra.

A spokesman for Eastern confirmed that a plane had been chartered and he said the go-ahead would be given as soon as Eastern received assurance that the passengers were free to leave Havana.

Mayor Gets Pleasant Surprise

CENTENNIAL PAYS OFF — A pleasantly surprised Mayor Philip E. Rowator (left) receives a check for \$36,000 from a beaming Stuart E. Whitfield, general chairman of the Greater Pontiac Centennial. The check represents repayment in full of the city's loan to get the June 17-24 celebration started. Warmed in advance that Centennial celebrations usually aren't financially successful, the city expected to take a loss. But Pontiac's celebration was a financial success and there was no municipal loss. (See story, page 2)

No Danger Reported in Serum

Virus in Polio Vaccine Halts 2 Firms

WASHINGTON (AP) — The Public Health Service said today that two of the five major manufacturers of Salk polio vaccine have temporarily suspended production because of the presence of a virus in their product.

The virus, a newly discovered one, came from monkey kidney tissue, used to make the vaccine. Although production was halted, officials stressed there was no evidence the virus would sicken man.

The service said that all Salk vaccines released during the last two months had been tested for presence of the virus, designated SV40, and only those which were free of it were cleared for general use.

Under the law, the service does not identify the manufacturers involved, but it was learned that the firms which have suspended production are Merck Sharp & Dohme, a division of Merck, Inc., and Parke, Davis & Co.

The two firms together have accounted for something like 25 per cent of the nation's total output of Salk vaccine.

However, a service spokesman said it is not expected that withdrawal from the market will cause a general shortage of the vaccine, produce illness in man.

The service said the monkey virus is known to multiply in man under certain conditions but present in at least some of the there is no evidence that Salk vaccine used in previous small amounts, when introduced years.

Philadelphia Mayor Stoned as 2,000 Riot

PHILADELPHIA (UPI) — Mayor Richardson Dilworth braved salvos of rocks, bottles and garbage Monday night from a jeering crowd of 2,000 persons angry over his plan to charge car owners \$40 a year to park on the street.

A councilman suffered a gash on the face by a tossed bottle, several newsmen were roughed up or struck by flying debris and the mayor himself had to duck suddenly when a stone smashed through a window of the George Washington School auditorium where he had gone to explain his project.

Dilworth finally left behind a wedge of policemen and missiles that rained down on his car. His wife was forced to remain inside and later left under escort of police commissioner Albert N. Brown.

Dilworth later described the wild two-hour demonstration as the worst situation he has faced in 14 years of campaigning.

Nazi-type salutes rang out from the crowd of 500 persons jammed inside the auditorium when Dilworth began defending the program.

Massed around the entrance were more than 1,500 residents, booing and hissing and shouting derision at the mayor. At one point he was dared to come outside.

The outside crowd hurled the barrages of rocks and bottles which shattered the auditorium windows while Dilworth remained defiantly at a lectern inside attempting to outline his plan.

The residents of a 20-block area had been protesting since the mayor announced his plan (Continued on Page 2, Col. 6)

Wednesday Will Be Less Humid, With High of 84

Skies will be fair and the low about 63 tonight, the weatherman says.

Wednesday will be partly cloudy and less humid with temperatures climbing into the 80s again. The high is expected to hit 84. The outlook for Thursday is continued warmth with a chance of scattered showers.

Westerly morning winds at 10 miles per hour will diminish at night, becoming variable tomorrow.

Sixty-six was the lowest recording in downtown Pontiac preceding 8 a.m. The thermometer reading at 2 p.m. was 72.

Gas Prices Up 8 Cts. a Gallon

A price increase of eight cents a gallon at most Pontiac area gas stations seemed to be in store for motorists as independents and Standard Oil Co. announced price hikes today.

Standard Oil announced a retail price jump in Southeastern Michigan from 24.9 cents to 32.9 a gallon for regular grade and 28.9 cents to 36.9 for premium.

Other major dealers were expected to announce similar increases, but as of noon only Shell Oil Co. had followed Standard's lead.

Shell upped its price seven cents to 31.9 cents a gallon for regular and 35.9 cents for premium grade.

Locally Pure Oil Co., Speedway Petroleum Corp., Mobil Oil Co. and Sun Oil Co. all reported they were "studying the situation" but had reached no decision.

Clark Super Service Stations increased their price from 25.9 cents to 33.9 cents a gallon. Some 95 per cent of the 220 independent stations in the Detroit area reported price increases.

Standard said that the price hike still leaves its current prices a penny a gallon lower than they were on Jan. 1.

Standard's increase affected dockers in Wayne, Oakland, Macomb, Genesee, Lapeer and Shiawassee counties.

Gov. John B. Swainson and the Automobile Club of Michigan expressed concern and dismay at the sudden boost in prices.

SWAINSON HAS DOUBTS

Swainson, at Lansing, said the fact that the increase was general (Continued on Page 2, Col. 3)

Many Hopefuls to Be Defeated in Primaries

It's First Step Toward Possible Replacement of State Constitution

Oakland County and Michigan voters today were taking the third step in a six-link chain leading up to possible replacement of the much-amended state constitution.

At 7 a.m. voters started nominating Democrats and Republicans who will face each other in the Sept. 12 election — the fourth step. In the state, 144 constitution convention delegates will be elected at that time.

Polls will remain open today until 8 p.m. County Clerk-Register Daniel T. Murphy Jr. said voters in line at any of the county's 311 voting precincts will be allowed to vote.

Murphy was hopeful that county voters would prove his Monday prediction wrong. At that time, he said only 23 per cent of the registered voters would turn out today.

"This is one time elected officials don't mind being proven wrong," Murphy said.

But a random check of polling places throughout the county at 10 a.m. proved him right so far. City and township clerks reported light turnouts and no lines at the usual 7 a.m. opening time.

One exception was noted in Bloomfield Township's Precinct No. 1 at the township hall where 34 voters had cast their ballots.

The township is the county's 3rd Legislative District where there is a spirited contest for the Republican nomination between former presidents of the State League of Women Voters and State Bar.

MUST CUT LIST

County voters today must reduce a list of 63 candidates — 32 Democrats and 31 Republicans — to 12 nominees, one from each party for the county's six state representative districts.

There's no primary contest for the county's senatorial seat.

When the convention — the fifth step — convenes in Lansing Oct. 3, Oakland County will have (Continued on Page 2, Col. 4)

Press Will Offer Election Results

The Pontiac Press will give voting results of the constitutional convention balloting in Districts 1, 2 and 3 this evening. Totals on the civil service issue in Waterford will also be offered.

This information will be given out beginning at 8:30 p.m. The telephone number is Federal 2-8181.

FIVE VOTED. HAVE YOU? — Oakland County Clerk-Register Daniel T. Murphy Jr. signals that he's done his duty as a citizen this morning by voting in today's statewide constitutional convention primary. He voted at Washington Junior High School on his way to work. Polls will be open until 8 p.m.

Waterford Twp. Votes on 3 Issues

Voting started off light in Waterford Township today, with one notable exception.

Balloting on con-con candidates and two local issues came in dribbles at most of the township's 18 precinct stations.

During the four hours after polling places opened, between 3 and 4 per cent of the township's 22,264 registered voters had visited the polls, according to a spot survey.

Township Clerk James Setterlin yesterday predicted a light turnout, with only about 13 per cent of the registered voters casting ballots between the 7 a.m. opening of polls and the 8 p.m. closing. All voters in line at 8 p.m. will be allowed to vote.

Wants Warrant in Girl's Death

Prosecutor Has Reason to Believe Driver Not Watching Road Closely

The driver of the car that struck and killed 6-year-old Pamela Modin in Pontiac yesterday may have been distracted by the same ballgame that led her to step into the rush-hour traffic on busy Elizabeth Lake Road, Oakland County authorities charged today.

J. Robert Sterling, assistant Oakland County prosecutor, said he would seek a warrant in the death charging the driver, Michael N. Knaack, 26, of 3037 Old Orchard Drive, Waterford Township, with negligent homicide.

Sterling said evidence from another driver gave cause to believe Knaack wasn't watching (Continued on Page 2, Col. 7)

Oakland Highway Toll in '61 52

Last Year to Date: 64

The 32 who had balloted at Donelson School represented less than 5 per cent of the registered strength in Precinct 7.

At Precinct 14 at Jayno Adams School, though, some 55 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Setterlin, stopping off at the school during a tour of polling places, was quoted by Precinct workers as saying the turnout was highest there.

ISSUES ON BALLOT

Besides 15 Republican and Democratic candidates running for the con-con nominations in Oakland County's 1st Legislative District, township voters were deciding on two issues concerning police and firemen.

In the first of four local propositions on the ballot, the township's 18-member police force, from chief to patrolman, would be placed under the protection of the "Act 77" civil service provisions offered to police and firemen by the State Legislature. Township firemen already come under them.

Three other propositions are a package deal, providing for a retirement system for police and firemen and an increased tax levy of up to one-half mill annually to finance the township's contribution to the pension fund.

Flash

WASHINGTON (P) — The Senate Foreign Relations Committee today recommended passage of President Kennedy's \$476,500,000 foreign aid bill as "an unavoidable responsibility" in a world menaced by Communist threats.

Tipsico Lake Yields Body of Detroit Youth

The body of an 18-year-old Detroit youth who drowned yesterday in Tipsico Lake, Rose Township, was recovered this morning by sheriff's department and Brighton State Police skin divers.

Edward J. Wroblewski slipped beneath the waters in spite of efforts by his twin brother Donald to save him. Donald said told officers his brother struggled so, that he was forced to let him go.

Skin divers searched for his body until 1 a.m. with lights and reeled the hunt at dawn.

The victim attempted to swim a quarter of a mile to shore, but a tall wave he was caught in, brother said.

Waterford Twp. Votes on 3 Issues

Voting started off light in Waterford Township today, with one notable exception.

Balloting on con-con candidates and two local issues came in dribbles at most of the township's 18 precinct stations.

During the four hours after polling places opened, between 3 and 4 per cent of the township's 22,264 registered voters had visited the polls, according to a spot survey.

Township Clerk James Seiterlin yesterday predicted a light turnout, with only about 13 per cent of the registered voters casting ballots between the 7 a.m. opening of polls and the 8 p.m. closing. All voters in line at 8 p.m. will be allowed to vote.

By 10:45 a.m., only 24 persons of Precinct 4 had voted at Township Hall, slightly over 3 per cent of the registered strength there.

The 32 who had balloted at Donelson School represented less than 3 per cent of the registered strength in Precinct 7.

At Precinct 11 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 11 workers as saying the turnout was highest there.

At Precinct 12 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 12 workers as saying the turnout was highest there.

At Precinct 13 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 13 workers as saying the turnout was highest there.

At Precinct 14 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 14 workers as saying the turnout was highest there.

At Precinct 15 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 15 workers as saying the turnout was highest there.

At Precinct 16 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 16 workers as saying the turnout was highest there.

At Precinct 17 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 17 workers as saying the turnout was highest there.

At Precinct 18 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 18 workers as saying the turnout was highest there.

At Precinct 19 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 19 workers as saying the turnout was highest there.

At Precinct 20 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 20 workers as saying the turnout was highest there.

At Precinct 21 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 21 workers as saying the turnout was highest there.

At Precinct 22 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 22 workers as saying the turnout was highest there.

At Precinct 23 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 23 workers as saying the turnout was highest there.

At Precinct 24 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 24 workers as saying the turnout was highest there.

At Precinct 25 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 25 workers as saying the turnout was highest there.

At Precinct 26 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 26 workers as saying the turnout was highest there.

At Precinct 27 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 27 workers as saying the turnout was highest there.

At Precinct 28 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 28 workers as saying the turnout was highest there.

At Precinct 29 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 29 workers as saying the turnout was highest there.

At Precinct 30 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 30 workers as saying the turnout was highest there.

At Precinct 31 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 31 workers as saying the turnout was highest there.

At Precinct 32 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 32 workers as saying the turnout was highest there.

At Precinct 33 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 33 workers as saying the turnout was highest there.

At Precinct 34 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 34 workers as saying the turnout was highest there.

At Precinct 35 at Jayno Adams School, though, some 63 persons had voted, more than 5 per cent of the precinct's 1,229 registered voters. Seiterlin, stopping off at the school during a tour of polling places, was quoted by Precinct 35 workers as saying the turnout was highest there.

Tipsico Lake Yields Body of Detroit Youth

The body of an 18-year-old Detroit youth who drowned yesterday in Tipsico Lake, Rose Township, was recovered this morning by sheriff's department and Brighton State Police skin divers.

Edward J. Wroblewski slipped beneath the waters in spite of efforts by his twin brother Donald to save him. Donald told officers his brother struggled so, that he was forced to let him go.

Skin divers searched for his body until 1 a.m. with lights and resurfaced the hunt at dawn.

The victim attempted to swim a quarter of a mile to shore from a raft when he went under, his brother said.

Bourguiba Warns of Fighting

Says French Defying U.N.

TUNIS (AP)—Tunisian President Habib Bourguiba accused France today of violating the U.N. Security Council's Bizeze ceasefire order by refusing to withdraw to their probable positions and by extending their hold on Tunisian territory.

Bourguiba warned at a news conference that fighting was breaking out again. He said he had told nations that had offered volunteers to help Tunisia that he needed trained guerrilla fighters, planes based in Tunisia or other countries, arms and mobile anti-aircraft batteries.

"We have decided to resist until the end and we are prepared for new hostilities," the president declared.

"We have decided to inform the Security Council that this cannot continue. This situation cannot last indefinitely."

DAG CONFERS
While Bourguiba spoke, U.N. Secretary-General Dag Hammarskjöld conferred with Tunisian officials in an effort to keep the crisis from reaching bigger proportions.

Hammarskjöld, who arrived in the Tunisian capital Monday at Bourguiba's invitation, was studying Tunisia's case against France in one of the thorniest and most difficult tasks of his career.

A number of Tunisians doubted that the U.N. official would produce a solution that would satisfy Tunisia, which wants total unconditional French withdrawal from the Bizeze base.

Hammarskjöld had a three-hour session Monday night with Bourguiba which a Tunisian official described as exploratory.

SAYS LITTLE
The U.N. chief was tight-lipped when he emerged from Bourguiba's seaside summer palace 10 miles outside the capital. His only comment to newsmen was that he had not scheduled a visit to the city of Bizeze, which the French in four days of bloody fighting captured before a ceasefire call from the U.N. Security Council stopped the fighting.

The secretary-general, who described the crisis as "a matter of urgency," was reported to have told officials he could not foresee how many days his mission would take. U.N. sources in New York said Hammarskjöld was expected to return Thursday.

A Tunisian delegation source at U.N. headquarters in New York said another Security Council session on Bizeze was virtually certain late this week.

AP Photo
Tunis, Monday. Hammarskjöld has been conferring with Tunisian officials in an effort to keep the Bizeze crisis from reaching bigger proportions.

Arms Talks' Fate Firm To Design May Be Decided Water System

MOSCOW (UPI)—U.S. Chief disarmament adviser John J. McCloy flew to the Black Sea today for a meeting with Soviet Premier Nikita Khrushchev that could decide the fate of U.S.-Soviet disarmament talks under way here.

McCloy was expected to visit with Khrushchev at the Soviet Premier's vacation home near Sochi until Thursday.

He was accompanied on the trip by his wife, his daughter Ellen, his niece Miss Sharon Douglas and State Department translator Alexander Okolovsky.

Climate's Like a Sad Melody—Stormy Weather

By The Associated Press
Stormy weather hit areas in the Midwest and thunderstorms broke out in scattered sections in the East and South today as the day of heavy downpours in parts of Texas and Arkansas.

Warm and humid weather clung to wide areas in the eastern third of the nation.

Most severe weather during the night was in northern Missouri where heavy rain, hail and high winds hit wide sections as a belt of thunderstorms moved into the region. Tornadoes were reported in the Chester, Ill., area south-east of St. Louis.

Flash flooding was expected along some rivers and streams in southern Illinois and east-central Missouri.

McClay was expected to visit with Khrushchev at the Soviet Premier's vacation home near Sochi until Thursday.

He was accompanied on the trip by his wife, his daughter Ellen, his niece Miss Sharon Douglas and State Department translator Alexander Okolovsky.

The Day in Birmingham

Parking Lot Traffic Plan, Okayed by Commission

BIRMINGHAM—Traffic regulations permitting south entering and exiting from the Northwest Quadrant parking lot were approved last night by the City Commission.

The commission has tabled action on the four recommendations of Police Chief Ralph W. Mosley until the parking committee of the Birmingham Chamber of Commerce could review the suggestions.

The committee, headed by Donald L. Cummings, approved the plan as sound and workable.

The new traffic program will provide for parallel parking on the east side of Woodward from Euclid to Woodland, plus an additional southbound lane next to the west curb for right turns in the parking lot.

It also provides for a center lane for left turns into the lot for northbound Woodward traffic and left turns into Oakland for southbound Woodward traffic.

The center lane will provide space for 10 cars wanting to make turns.

The Chamber of Commerce Parking Committee noted in its report to the commission that its approval of the removal of angle parking on the east side of Woodward does not set a precedent whatever for the removal of angle parking elsewhere in the business district.

The commission, in another action, approved the installation of a traffic signal at Woodward and Hamilton and pedestrian signals at the Maple-Bates intersection.

Total cost of the lights and installation is \$4,300.

Funds for the signal lights have been allocated in this year's budget. Bids will be taken on the equipment.

Mrs. Roland C. Koehler
Service for Mrs. Roland C. (Iva Belle) Koehler, 61, of 4890 Charing Cross Road, Bloomfield Hills, will be 3 p.m. Thursday at the Manly Bailey Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Funeral—Robert died today at Henry Ford Hospital, Detroit, following a short illness.

She had been a Bloomfield Hills resident for two years, coming from Detroit.

Surviving besides her husband are three daughters, Verona Haddock of Detroit, Anna B. Nesbitt of Taylor and Ruth B. Martin of Oakdale; three brothers and one sister.

It's a question of whether Knack was paying as much attention to the road as he should have been," said Sterling.

"I think a jury should decide the answer."

On the basis of Sterling's recommendation, police will seek the warrant this afternoon in Pontiac Municipal Court.

A possible distraction for drivers yesterday afternoon was the bad game that neighborhood boys often play off Elizabeth Lake Avenue on the spacious grounds of Pontiac State Hospital.

Apparently it was a long-cherished desire to play the bad game that neighborhood boys often play off Elizabeth Lake Avenue on the spacious grounds of Pontiac State Hospital.

A couple of playmates were almost across the street and clambering over the hospital fence when Pamela began to cross, possibly for the first time in her life.

Seconds later she was killed instantly by the oncoming car. Pamela was the daughter of Mr. and Mrs. Edward J. Moden.

Moden, who works for Chrysler Corp. in Highland Park, said Pamela had never tried to cross Elizabeth Lake Avenue before, as far as he knows.

"She never went over there to the hospital grounds, although she wanted to and asked us a lot of times. But we told her never to cross the street—it was too dangerous."

The Modens have two other daughters, Patricia, 5, and Diane, 3. Also surviving are grandparents, Mr. and Mrs. Charles Moden of Pontiac and Mr. and Mrs. R. J. Arnold of Granvilleville, S.C.

Service will be held at 2 p.m. Thursday at the Sparks-Grimm funeral home with burial in White Chapel Memorial Cemetery.

Pamela was the second child to be killed on Pontiac streets this year.

She is the sixth person to die in Pontiac traffic so far in 1961. There were five deaths by this time last year.

Detroit-Pontiac Commuter Fare Increase Delayed

LANSING—The State Public Service Commission Monday delayed a proposed 15 per cent fare increase for Grand Trunk Western Railroad commuter trains between Detroit and Pontiac.

The increase, scheduled to become effective Aug. 1, was suspended until Sept. 14 at the earliest. The commission called public hearings Sept. 6 and 7 on the proposed rate hike.

The railroad contends it lost \$92,500 in the commuting service last year. It planned to increase the rate to \$1.50 a ride between Detroit and Pontiac from \$1.25 to \$1.50.

The trains stop at Highland Park, Ferndale, Pleasant Ridge, Royal Oak, Birmingham and Bloomfield Hills.

Castro Frees People on Hijacked Plane

(Continued from Page One)
The plane was "ready and willing to follow through" on its demand for release of the plane and passengers.

Sen. George Smathers, D-Fla., said the United States should give Castro a 24-hour ultimatum.

GETS NO REPLY
Meanwhile, State Department press officer Lincoln White said the department had not yet received any reply to its demand for immediate release of the airliner, its crew members and passengers.

He confirmed that Pan Am had received Cuban permission to send a charter plane to Havana to pick up the passengers and crew.

Sen. Jacob K. Javits, R-N.Y., congratulated Bridges on his stand.

"Castro is a little guy who is saying come and step on me," Javits said.

"But the rules for Castro are the rules of international law. We must not be intimidated by a tyranny of weakness. Because we are big and he is little doesn't mean he can outrage us."

The Swiss Embassy in Havana was trying to arrange for the return to Miami of the passengers and crew.

DENY GUNPLAY
The wife of the pilot of the hijacked EAL plane said airline officials had told her that Cuban authorities have denied there was any gunplay involved.

Mrs. W. E. Buchanan, in South Miami, told News Director Neil Borgs of radio station WKAZ, Charleston, by telephone that Eastern had advised her a Cuban spokesman said "there wasn't any gun play, they just came down of their own free will. They wanted a free flight to Havana."

"I know that isn't so," Mrs. Buchanan said.

Mrs. Buchanan said she had not been contacted by U.S. officials. She said Cuban officials had told Eastern that they were happy and "any gun play they just came down of their own free will."

She said when Eastern called Monday night, a Cuban spokesman said all were in a hotel eating dinner "and having a good time," but that he would not permit Eastern to talk with any of them.

Mrs. Buchanan is the former Shirley Burn of Detroit. She and her pilot husband have four children.

Philadelphia Mayor Stoned in Riot

(Continued from Page One)
and singled out that section as the riot area.

CRIES OF 'NO'
Feelings were intensified when police began a stepped-up drive of ticketing cars illegally parked in the area.

Each of Dilworth's statements to the crowd was greeted with angry cries of "No, no." Scores rose together with arms extended and a thumbs pointed down to signify their objections to the plan.

The mayor charged that the demonstrators were triggered by a small core of "about 10 to 12 young fellows."

Police Commissioner Albert Brown claimed that certain persons had been planted in the audience.

Dilworth promised a police investigation of the incident.

Attempts to Strengthen Economy

LONDON—Britain today boosted the basic interest rate, increased purchase and excise taxes and called for a reduction of government spending in an attempt to correct the country's faltering economy.

Wants Warrant in Girl's Death

(Continued from Page One)
The road closely enough when the little girl was hit crossing the street at 4:45 p.m. on her way to the Pontiac State Hospital grounds from her nearby home at 161 Lincoln Ave.

Knack was quoted afterwards by Pontiac Patrolman Larry Feneley as saying the accident wasn't his fault, that he hadn't even seen the girl but only heard the bump when he hit her.

But Sterling said that Rawlins Stivers, 36, of 3101 Greenwald St., Union Lake, driver of the vehicle, was not immediately behind Knack's, reported he had been able to see Pamela standing in the middle of the street before she started to complete the crossing in the path of Knack's car.

ALMOST CLEARED CAR
Sterling said physical evidence showed Pamela had almost cleared the front end of Knack's car when she was hit.

"Another step or two and she would have lived," said Sterling.

The witness, Stivers, told Feneley that Knack "was not driving fast." Sterling said drinking played no part in the accident.

It's a question of whether Knack was paying as much attention to the road as he should have been," said Sterling.

"I think a jury should decide the answer."

On the basis of Sterling's recommendation, police will seek the warrant this afternoon in Pontiac Municipal Court.

A possible distraction for drivers yesterday afternoon was the bad game that neighborhood boys often play off Elizabeth Lake Avenue on the spacious grounds of Pontiac State Hospital.

Centennial Debt Is Paid in Full

City Given Check for \$36,000 by Whitfield—Profit Set at \$1,800

The city was repaid in full last night for the funds it advanced to the Greater Pontiac Centennial celebration.

Stuart E. Whitfield, general chairman of the Centennial, said the final figures will show a net profit of about \$1,800.

Whitfield presented the City Commission a check covering the \$36,000 the Centennial borrowed this year from the \$50,000 which the Commission had made available in 1960.

City Needs New Setup to Handle Distribution Under Detroit Hookup

On City Manager Walter K. Willman's recommendation, city commissioners last night approved contract with Jones, Henry & Williams of Toledo for design of a new water distribution system to handle Detroit water.

Major plans will involve a big water main to take Detroit water from the southeast corner of town to the vicinity of Pontiac Motor Division on the north. A new water storage tank and main extension on the east and west sides may also be included.

As engineering consultants to the city over the years, the Toledo firm warned the city about its dropping water table and recommended the switch from municipal wells to Detroit water.

In a preliminary study, Jones, Henry & Williams estimated it would cost more than \$3 million to revamp the backbone of the distribution system to handle water from one source instead of from the 24 municipal wells.

The contract calls for payment to the engineers of 2.5 per cent on the total construction cost for their work in preparing blueprints, 1 per cent for supervision of construction and lesser charges for a resident engineer and field inspectors.

Willman estimated the total cost for engineering and supervision would be \$100,000 to \$150,000, all included within the revenue bond issue the city plans to issue to finance the water changes.

Willman congratulated commissioners on giving ready assent to the contract, saying the city should be prepared to distribute the Detroit water by the time Detroit completes its pipeline to Pontiac in the spring of 1963.

Commissioner Milton R. Henry, who opposed the contract with Detroit for water July 5, also opposed the contract for plans last night.

Gas Prices Up 8 Cents a Gallon
(Continued from Page One)
among most companies and dealers and its size "casts doubt that it was arrived at by the gasoline companies independently."

The auto club denounced the increase as "high-handed disregard of the public interest" and said it would damage Michigan's economy.

Atty. Gen. Paul L. Adams said his department was making a continuing study of the rise and fall of gasoline prices.

Swainson said the increase showed the need for creation of a consumer protection agency in state government and that "I recommend this to the legislature as a means of determining facts in situations like this."

The auto club said the increase amounts to 31 per cent and "we know to no other product which almost everyone must use daily that has gone up that much at one time in many years."

The club said the increase would cost the average motorist an additional \$30 a year.

Williams said he already has taken care of one of these. He said he is willing to make any adjustment the Treasury and Justice departments desire on the other.

Voters Move to Polls in Con-Con Primary

(Continued from Page One)
several delegates answering the roll call. They will be elected Sept. 12.

Murphy reported that in one of the city's 44 precincts a voter cast his ballot at around 8 a.m. was only the fourth to do so. At 8 a.m. was the first of about 100,000 of the state's four million voters vote in the first mid-summer election since World War II.

Clark's speech was hopeful that the turnout would increase after the working hours.

State Director of Elections Robert M. Montgomery was discouraged by the fact that only about 60,000 of the state's four million voters vote in the first mid-summer election since World War II.

Murphy said there are 334,450 registered voters in Oakland County.

Voters at the November 1960 election eased the way to con-con by approving an amendment to the existing 1960 constitution, which was put on the ballot through the League of Women Voters, Junior Chambers of Commerce, Michigan Education Association and Citizens for Michigan.

The second step came when voters called for a convention at the spring 1961 election.

The final link in the con-con chain is forged when the action of the convention goes before voters for approval, probably in November of 1962.

Throughout the state today more than two-thirds of the 1,180 con-con candidates will be knocked out of contention in the primary runoff.

Two hundred and eighty-eight will survive, one for each party from the 110 State House and 34 State Senate seats in Lansing.

Sixty are already assured of a spot on the September ballot. Included are American Motors Corp. Representative George W. Romney, a Republican, and Lawson County Democrat and attorney William A. O'Brien, unopposed for Oakland's 12th senatorial district convention seat.

Treasury Will Agree to Stockholder Bill

WASHINGTON—The Treasury says it will agree to a Senate bill to give a break to Du Pont Co. stockholders due to receive the company's holdings of General Motors stock as the result of an antitrust action against Du Pont.

In a telegram made public Monday, Secretary of the Treasury Douglas Dillon told the bill's sponsor, Sen. John F. Williams, R-Del., his department would not object to the bill's becoming law if the Delinths were settled satisfactorily.

Williams said he already has taken care of one of these. He said he is willing to make any adjustment the Treasury and Justice departments desire on the other.

The auto club said the increase amounts to 31 per cent and "we know to no other product which almost everyone must use daily that has gone up that much at one time in many years."

The club said the increase would cost the average motorist an additional \$30 a year.

Williams said he already has taken care of one of these. He said he is willing to make any adjustment the Treasury and Justice departments desire on the other.

Pontiac, Nearby Area Deaths

MRS. FREEMAN FERGUSON — Mrs. Freeman (Daisy) Ferguson of 64 Riverside St., died yesterday after a brief illness. She was 83.

Mrs. Ferguson was a member of Bethany Baptist Church. Surviving are her husband; two daughters, Mrs. Winifred Overbaugh of Pontiac and Mrs. Mae McCaughy of Arlington, Va.; three sons, Russell of Hamilton, Ohio, and William and Earl, both of Pontiac; and 18 grandchildren.

Service will be held at 4 p.m. Wednesday at the Sparks-Griffin Chapel with burial following in White Chapel Memorial Cemetery.

FRANCIS O. FRY

Francis O. Fry, 81, of 91 Pine Grove Ave. died of a stroke yesterday. He had been ill several months.

A former employee of Atlas Drop Forge Co., Lansing, he was a member of the Elks Lodge and Loyal Order of Moose in Lansing.

Surviving are a daughter, Mrs. Frances Cummings with whom he made his home; a son Bruce of Owosso; six grandchildren; and 20 great-grandchildren.

Service will be held at 1:30 p.m. Thursday at the Hutton Funeral Home. Burial will be in Owosso.

GUY P. GATEWOOD

Guy P. Gatewood, 55, of 253 N. Saginaw St. died yesterday after a brief illness.

An employee of the Pontiac Parks and Recreation Department, he leaves two sons, Guy of Stevensville and Joseph R. of Memphis.

Victim of Attacker Barely Clings to Life

SPRINGFIELD, Mo. (AP) — Lisa Schuh, 13, victim of a rapist, clung to life today, but just barely.

She underwent nearly three hours of brain surgery Monday night at St. John's Hospital in Springfield, Mo. A spokesman said she was in critical condition with no improvement.

The Wichita, Kan., girl was kidnapped, raped and brutally beaten Sunday while visiting her grandmother in Joplin.

Charles Harvey Odom, 29, an ex-convict from Wellington, Kan., is being held without bond for a preliminary hearing Aug. 2, on a rape charge.

A-Plant Finish Date Is Extended by AEC

WASHINGTON (AP) — The Atomic Energy Commission Monday extended to Dec. 15, the completion date for the Enrico Fermi atomic power plant near Monroe, Mich. The extension had been requested by the builder, the Power Reactor Development Co. of Detroit. The completion deadline originally was July 15.

Work on the plant, which was designed to supply electricity to the Detroit area, was hampered during court litigation initiated by groups which claimed that the reactor had not been proven safe.

Iraqi Reportedly Nab 3 British Soldiers
BAGHDAD, Iraq (AP) — Iraqi forces today were reported to have seized a British armored car and captured three British soldiers after they were found inside Iraqi territory near the Kuwait border.

It was the first capture reported by either side since Iraqi Premier Karim Abdel Kassim claimed Kuwait as Iraqi territory and Britain sent troops to the oil-rich little sheikdom to guard its independence.

A British Foreign Office spokesman said the three soldiers apparently strayed across the border, which is not clearly marked. They had been missing since they went out on patrol Sunday.

Bibles for Prisoners?
ORLANDO, Fla. (AP) — The congregation of the Colonial Baptist Church in Orlando is making a swap with Cuban Prime Minister Fidel Castro—1,200 Bibles for 1,200 political prisoners.

Winds of Change Blowing Over U.S. China Policy

By PHIL NEWMAN
UPI Feature News Analyst

For more than 10 years the United States has followed a policy toward Nationalist China branded by its friends as unrealistic.

And it is illustrative of the unrelenting pressures of world complexities that at this particular time the United States must divert a part of its attention from threatening crises in Berlin and Tunisia to consider a change in its China policy.

Published in New York is a small, new publication called "War/Pace Report." It is oriented toward support of the United Nations and in its July issue carries what purports to be a survey of 96 of the 99 members of the United Nations.

It reports that more than three-quarters of the U.N. members believe Communist China should be seated as the representative of China both in the Security Council and in the United Nations.

On the island of Formosa, the Chiang Kai-shek government is angered and dismayed.

Nationalist newspapers help fan the flames and the American community of 10,000 persons in Taipei feels increasingly the resentment against a reported softening of the U.S. position toward Red China.

There are unpleasant memories

of an anti-American demonstration in 1957 in which nine Americans were injured.

Disturbing Dream
There is no more anti-Communist leader in Asia than Chiang Kai-shek and it would be pleasant indeed if he were able to pass his declining years undisturbed in the dream of a reconquest of the mainland.

But that seems not to be. For in Chiang's one-track determination lies the hard decision facing the United States.

Published in New York is a small, new publication called "War/Pace Report." It is oriented toward support of the United Nations and in its July issue carries what purports to be a survey of 96 of the 99 members of the United Nations.

It reports that more than three-quarters of the U.N. members believe Communist China should be seated as the representative of China both in the Security Council and in the United Nations.

On the island of Formosa, the Chiang Kai-shek government is angered and dismayed.

Nationalist newspapers help fan the flames and the American community of 10,000 persons in Taipei feels increasingly the resentment against a reported softening of the U.S. position toward Red China.

There are unpleasant memories

behind the U.S. decision to negotiate recognition of Outer Mongolia and to permit Outer Mongolia's entrance to the United Nations in exchange for similar action on the new African republic of Mauritania.

It is a vote-getting gesture to other French-speaking republics of Africa. It is a play for time only.

But inherent in it is the two-China theory. The school of thought which promotes it believes it better for Chiang Kai-shek to accept half a loaf than have nothing at all. And there is always the possibility that Red China will reject it, making the strategy successful.

General Telephone Cuts Bid for Rate Increase
LANSING (U-P) — An annual rate increase for the General Telephone Co. has been whittled down from \$4 million to \$2,035,200, the state Public Service Commission says.

The commission staff recommended the \$2-million hike at a hearing in Lansing Monday after the company reduced its original request to \$3.32 million.

J. L. Johnson, General Telephone controller, told the commission the cut in the rate hike request resulted from a new agreement in toll requirements with the Michigan Bell Telephone Co.

Lieutenant Governor a Judge Possibility

LANSING (U-P) — Gov. T. John Lesinski is being considered along with other candidates for possible appointment to a recorder's judge ship in Detroit.

Gov. Swainson told newsmen Monday that he had discussed the matter with Lesinski after the recent death of Judge George Murphy.

"Any lawyer is a potential judge," Swainson said, "and Lesinski has entertained the thought of serving on the bench. He told me, however, that he enjoys the job of lieutenant governor."

Edwards Joins ILO

LANSING (U-P) — Michigan Supreme Court Justice George Edwards has been appointed a deputy judge of the administrative tribunal of the International Labor Organization. He will retain his present post on the state bench, serving with the tribunal simultaneously.

All's Well Say Katy and Ernie Borgnine

By BOB THOMAS
AP Movie-TV Writer

ROME — "People are amazed that we're so happy. They expect us to be fighting all the time."

Ernie Borgnine was talking about his marriage to Katy Jurado. In a year and a half, the union has weathered many a storm, real and otherwise. In a year and a half, the union has weathered many a storm, real and otherwise. In a year and a half, the union has weathered many a storm, real and otherwise.

Though he is an Academy Award winner and she is talented actress neither is suicidal enough to fake the felicity they now display.

"Everyone makes one big mistake in life," said Ernie of the charges and countercharges they flung at each other in California last year.

Both denied the photos and news stories that reported a fight between them after they arrived in Rome earlier this year. They attributed the whole business to the city's packs of freelance photographers.

"THEY'RE MONSTERS"
"They are monsters," said the fiery Mexican. "They follow you around, waiting to catch you in some embarrassing pose."

"You know what one of them did to Ava Gardner," said Ernie. "She told him once in no uncertain terms that she didn't want her picture taken. He followed her around for weeks, finally climbed up a building and caught her in the bathroom."

"They prey on celebrities," Katy said. "If they can get one good shot, they can sell it and live for half a year on the money."

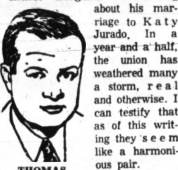

"We were now in Rome and they were out to get us," Ernie said. "Also we had gone through that silly business back home, and they were expecting us to have trouble."

Now they spend most of their evenings at their hotel, she painting, he writing or watching TV. Yet they're not soured on the Roman life.

"LIKE HONEYMOON"
"The five months we've been in Italy have been like a honeymoon," said Ernie. "We've prowled through every museum, every gallery, we've studied the history of every important city, we've visited every antique store. We also visited the town where

my mother was born and met cousins galore."

Ernie came here originally to do one film for producer Dino de Laurentiis, "Black City." He stayed on for "The Last Judgment," and "Barabbas" and may do another. Katy also did "Barabbas" and starts another soon.

THOMAS

Not Many of Some Lines in Showrooms

Auto Models May Run Short

By BEN PILEGAR

AP Automotive Writer

DETROIT — The auto industry now is wondering if it has built enough 1961 cars in the popular models to last until the 1962s come on the market late in September.

While '61s will be coming off production lines for another two to three weeks the time is past for any changes in body styles—such as more four door sedans — or factory installed options.

And for some lines, such as Buick, Oldsmobile, Pontiac, their companion small cars and Studebaker-Packard, production has halted. It will end this week at a number of other plants.

The dealers have about 300,000

cars, or about a 45-day supply at current selling rates. This would point to a very orderly inventory cleanup, in marked contrast to a year ago.

TOO MANY LAST YEAR

At that time dealers were left with roughly 1.04 million cars, or a 60-day supply, and they had almost 600,000 of them on hand when the new cars arrived.

One estimate was that between one-fourth and one-third of all cars sold in the final quarter of last year were year-old models. This in turn put a serious dent into 1961 model sales.

The major problem the industry faces now is one of proper model selection, not volume. Dealers have on hand cars which are not in demand for one reason or another, yet are short on hot-selling models with little hope of replenishing their stocks.

Among the good sellers are the budget models of the compact, whereas the stripped, least expensive compacts have been a drag on the market.

As of July 1 Comet was in shortest supply, roughly 21 days. Supplies of the standard Chevrolet, Corvair, Buick Special, Falcon and Mercury were in the 31-40 day range while Pontiac, Buick,

2 Hungarian Soldiers Ask Asylum in Austria
VIENNA, Austria (AP)—Two uniformed Hungarian soldiers crossed into Austria and requested political asylum, the Interior Ministry said Monday.

The Hungarians, Josef Ockali and Istvan Irvai, both 21, apparently used their knowledge of the Iron Curtain barbed wires and mines to get across unhurt.

Trains Collide, No One Killed

Engineer Only Person Seriously Injured; 51 Treated at Hospital

MACON, Ga. (AP)—"We were riding along talking and all of a sudden there was a terrible jolt," a teen-age girl said.

The jolt was the Central of Georgia's streamlined passenger train, the Nancy Hanks, colliding head-on with a freight train 10 miles east and a little south of Macon.

Fifty-one persons were treated at hospitals Monday night but the engineer of the Nancy Hanks, George B. Wheeler of Savannah, was the only one believed injured seriously.

The Nancy Hanks was on the way from Atlanta to Savannah. Jack Mason, district machinery supervisor for the Central of Georgia, said freight train No. 95 was running behind schedule and failed to reach a sidetrack in time to clear the main line for the passenger train.

Albert Kelly, conductor, said his freight train had stopped when the crew realized the main line could not be cleared in time and a flagman was dispatched on foot ahead of the freight train in a futile effort to flag the approaching passenger train.

'Satellite System Should Be Owned by Private Firms'

WASHINGTON (AP)—President Kennedy, in a statement of policy, has announced that a U.S. communications satellite system should be owned and operated by private companies—if certain requirements are met.

Among the requirements he laid down was "maximum possible competition."

In his statement Monday Kennedy again invited all nations to join in the space network "in the interest of world peace and closer brotherhood among peoples throughout the world."

He drew up guidelines for business requirements and government responsibility in the program which is still in the research and development stage.

Gus Honorary Mayor

NEWPORT NEWS, Va. (AP)—Capt. Virgil I. Grissom, America's latest man in space, was named honorary mayor of Newport News Monday and had the city's newest branch library named in his honor as the city, home of the Grissom family, began to pay official homage to its adopted son.

Research Chief Is Dead

CLEVELAND, Ohio (AP)—Dr. Edward R. Sharp, 67, former director of Lewis Research Center of the National Aeronautics and Space Administration, died Monday of cancer. Dr. Sharp, who served as head of the \$125-million research center from 1942 until his retirement last January, was born in Hampton, Va.

The Science Men Beat Us Out in This Game

A sequel to what might have been in the Pontiac area is found in the now much publicized limestone deposits in the Alpena vicinity.

It supplants the use of the marl deposits in which Oakland County lakes abound.

Around the turn of the century the use of marl in the manufacture of cement was a prime factor.

Enormous cement plants were built near Fenton, and operated there for many years.

Their removal of the marl created large new lakes.

The site was purchased and blueprints made for the erection of the world's largest cement plant near Holly.

It would draw its marl supply from Oakland County lakes.

But scientists then discovered that limestone was as good as marl for that purpose.

The Holly plans were called off; the Fenton plants were closed, and their buildings torn down or remain as ghostly reminders of what once was.

In case you don't already know it, marl is that white soil found around lakes, that gives you such a friendly feeling as it squeezes between your toes.

It also has a fertilizer value when mixed with other soil that lacks its elements.

It now is being dredged for that purpose, and evidently has a good future use.

Most of the sand and gravel used in building construction and in street and highway work in Southeastern Michigan comes from Oakland County.

Its mixture with cement and water does the trick, and if the scientists hadn't been so industrious we'd be furnishing the whole mix.

But we still furnish the major part of it—and have our marl for other and perhaps better uses.

Expect Women Golfers to Relax Berkin Tension

Sometimes our propaganda shenanigans by our military reminds us of General "Yoo Hoo" LEAR of World War II fame. General LEAR, it will be recalled, was the U.S. Army officer that punished his troops with a forced march for whistling at some young ladies.

Another bit of astute strategy by our military authorities is the story that they hope to relax the tension in Berlin with carefree golfers.

The picture of American women golfers blithely digging divots amid international chaos will help put Berliners at ease—so say our psychological warfare experts.

To help create an atmosphere of relaxation, *The Insider's Newsletter* says U.S. Army is baiting U.S. wives with cutrate memberships at Berlin's 27 hole Wannsee course, clubs at wholesale prices and free lessons.

The gals tee off within driving range of Soviet army barracks. A bad slice on the 10th hole will carry the ball into Communist territory. Military experts feel it will be hard for Berliners to believe there is a crisis in the air after sizing up the lady golfers.

If this is all actually true, all we can say is hogwash.

What Next Department

The battle between speeders and police officers has reached the exotic

weapons stage. A Chicago firm is now marketing a 15-ounce auto gadget that lets out a warning beep when it detects radar beams.

Well, officers, back to the lab. Develop that jamming device now.

One reason there are so many juvenile delinquents is that the ones caught violating the law are slapped on the wrists lightly instead of being vigorously kicked in the pants.

The Man About Town Freckles Contest

Is Again to Be Feature of Annual 4-H Club Fair

Freckles: What can be turned into money—and still keep the priceless things.

A \$50 U.S. bond will be awarded the winner of this column's fourth annual Freckles Contest, in connection with the annual Oakland County 4-H Club Fair, Aug. 8 to 12. Ample advance notice is given, so those brown spots can be groomed into winning shape.

There is no entrance fee, and any boy or girl is eligible to compete. As in former years, competent judges will decide who gets the \$50 bond, the best investment in the world. Watch this column for the exact day and hour when you must be on hand, with your freckles.

Last year's winner was 11-year-old James Barrieger

of Clawson, of course otherwise known as "Red."

Two years ago the \$50 bond went to Jill Ellen Sorenson,

also of Clawson, and ten years of age.

The winner of the first contest, three years ago, was

Judy Fay Blaylock

of Lake Orion, 11 years old.

All three beat out a good field of contestants, some of whom will be back on the line this year—they're already served notice. One of them asserts that last year she had eaten too many cherries, and they caused her freckles to fade.

From the results of the contest thus far, it would appear that freckles grow better in our suburbs than in Pontiac.

And did you ever see a freckled faced kid who wasn't a live wire?

A letter drifts in from

Sammye Stampler

of Walled Lake, which says he can beat that Keego Harbor woman on panya blossoms. He raises them two and one-quarter inches across. In Keego two inches is tops.

A phone call from

Peter Lancy

of Birmingham asserts that we omitted one important thing in our description of the conglomeration of roadside stands in that 30-mile stretch of highway between Bay City and Standish—we didn't say that they stink. Just as a precaution, Pete, we held our nose for the entire distance.

In spite of all this talk about the poor farmer, land used strictly for agricultural purposes, and several miles from any village or city, is selling in our neighboring Lapeer County for \$300 per acre. And up around Frankenmuth, they have farmers worth a million dollars, made in farming.

An apple tree on which a pear branch was grafted a few years ago, in the yard of

Mr. and Mrs. Byram Whitsoner

of Drayton Plains, is loaded with both kinds of fruit. This is the first year that both pears had fruit at the same time.

There are all kinds of contests, but our sprightly neighbor,

The Lapeer County Press,

springs one that's new. It had a big mis-spelled word in a big headline, and offered a prize to the first ten persons to report it. The prize was that they would not have to pay the entry fee to be charged to all others who followed them.

Verbal Orchids to—

Mr. and Mrs. Frank A. Cochrane

of 710 East Pike St.; 50th wedding anniversary.

Mrs. Henrietta Bradner

of Auburn Heights; 84th birthday.

Mr. and Mrs. William Chamberlain

of 3180 Sashabaw Road; 55th wedding anniversary.

Garfield Andrus

of Bloomfield Hills; 82nd birthday.

Mr. and Mrs. Buell Hanford

of Waterford; 53rd wedding anniversary.

Mrs. Georgiana Arundsen

of Drayton Plains; 82nd birthday.

Mrs. Rebecca Olmstead

of Rochester; 83rd birthday.

'Arsonist!'

David Lawrence Says:

Common Market Hard to Manage

IN EUROPE—The newspapers throughout Europe are discussing continuously nowadays the prospects of a common market for all countries.

Important conference of the top officials of governments are being held to determine whether all or some of the Western countries will bind themselves together in a kind of free-trade community.

Britain will meet soon with her six associates, known as The Seven, to decide whether to join another association known as The Six.

The first group is called the European Free Trade Area, and the second group is the European Economic Community or common market.

As an ideal, the principle of a common market has been received with noticeable enthusiasm in several countries of Europe.

But when it comes to practical application, the whole discussion as to which additional countries shall join or abstain, and what is to happen after a new member joins, seems reminiscent of the tariff headaches which the Congress of the United States has experienced for decades.

It is like the pressure for tariff protection that comes from individual industries or from certain sections of the United States who want tariffs or import quotas are discussed.

The British, who have tended to play a lone game, indicate that they intend to join the common market of the continental countries, but a final decision in London cannot be made without paying substantial attention to the wishes of commonwealth countries like Australia, New Zealand and Canada, with all their preferential arrangements in trade.

IT'S NOT EASY

It is not an answer to the British dilemma that say that these preferences in duties would have to be brushed aside. Such action would cause severe repercussions in Commonwealth countries.

Britain, for example, now takes one-third of Australia's exports and 90 per cent of New Zealand's dairy products.

The London Cabinet will have to give assurances that some sort of "reservations" will be made so that the Commonwealth countries affected by the common market proposal will have ample opportunity to adjust themselves to the new formula, or perhaps in some extreme cases will be covered by a special agreement.

It is not easy to reorganize trade arrangements that have lasted for many decades and have imbedded themselves in the price structure of a nation or in the habits of a people.

Now I hope readers who imagine they have colitis will not quit—just as soon as anything turns up that seems to me to be a case of passing along I'll pass it along.

Class B neurotics tell me I'm singularly lacking in the attributes which one expects in the good physician, notably sympathy and patience, and I know a lot of them enjoy excellent health, for they tell me so.

Conscience or not, I don't think I could sleep so well if everybody I knew, or were exposed to colitis and other maladies in this column.

On the contrary it is a comforting reflection, as I drift off to innocent slumber, that very few victims of auto-intoxication, nervous breakdown, rapid liver, catarrh, obstinate cold or chronic rheumatism can say they got it from "Brady."

An occasional reader may get a pain in the neck—but the column is intended for regular readers, and I know a lot of them enjoy excellent health, for they tell me so.

Colitis can happen, I frankly admit. Yet I believe the real cause of the trouble may of these amateur students of medicine ascribe to "colitis" is artificial interference with the alimentary function, particularly the abuse of physics, enemas and so-called bowel washes.

The unhealthy habit can be corrected in most instances if only the victim's prodigious conceit can be broken.

The Country Parson

An occasional reader may get a pain in the neck—but the column is intended for regular readers, and I know a lot of them enjoy excellent health, for they tell me so.

Colitis can happen, I frankly admit. Yet I believe the real cause of the trouble may of these amateur students of medicine ascribe to "colitis" is artificial interference with the alimentary function, particularly the abuse of physics, enemas and so-called bowel washes.

The unhealthy habit can be corrected in most instances if only the victim's prodigious conceit can be broken.

"It isn't easy for a preacher to make the Bible as dull and uninteresting as some of us do."

Voice of the People:

'Improve Bombers, Missiles by Reducing Foreign Aid'

Foreign aid, for which the President fervently pleads, will not keep American boys at home, and it detracts from our own defense and threatens the stability of the dollar. It must be drastically cut to finance the B70 and nuclear bomber development. We can deal successfully with Russia only from a position of strength—principally bombers and missiles.

The Soviets unveiled some aircraft which the U. S. cannot match and a new intercontinental bomber larger than our best. And they can strike any target in the U. S. Foreign aid appropriations spent largely on bombodging should be spent on bomber and missile power.

We are trying to buy allies; allies cannot be bought.

Morgan Barker

'Is Press Trying to Inspire Voters?'

Is The Pontiac Press doing all it can to inspire more and better voting? Several editorials have complained about voter apathy, yet the paper gave relatively insignificant preliminary coverage to a scheduled meeting where the public could see and hear the candidates.

Maybe the grass roots in Pontiac and vicinity are dead. Everyone knows that when the roots die, the whole plant is doomed.

(Editor's Note: The "apathy" in the headline of Michigan seems to be even greater than it is here.)

'Summer Camp Most Successful'

The Michigan Army National Guard's 15th postwar summer field training period has drawn to a close. It has been classified by military authorities as one of the most successful at this historic military reservation. The 46th Infantry Division continued to rank among the top Guard units.

Your splendid cooperation has contributed materially to this enviable record.

All of the 8,000 Guardsmen in Camp Grayling as well as their relatives and friends join in saying how much it is appreciated.

On behalf of Maj. Gen. Cecil J. Kennedy, commanding general of the Michigan "Iron Fist" Division, I would like to thank your staff for the noteworthy assistance.

Harold R. Wickman
Major, 1st MAAS
Information Officer

Says Chamber's Suggestions Costly

I agree with the editorial in The Press that the Chamber of Commerce suggestion on city elections deserves consideration.

Give it to them and let's forget it. Their suggestions have cost the taxpayers enough. The Chamber is run by the businessmen who have done good enough job of letting downtown Pontiac go to pot.

We are satisfied with the present method of electing our commissioner and require no help from the Chamber in District 4.

We have no desire to have the Chamber of Commerce control our residential neighborhoods. I do not know anyone in District 4 who is not satisfied with the present method.

Jeane O. Young

53 E. Fairmount St.

Case Records of a Psychologist:

Be Proud of History, Heritage

By DR. GEORGE W. CRANE

CASE J-450: Horace G., aged 33, teaches history in high school. "Dr. Crane," he grumbled, "I've been taking summer courses at our state university, working on my advanced degree."

"But" some of my profs seem to sneer at early American patriotism. They depict our forefathers as "provincial" to laud our heroes of the past.

"This is a case of Communistic infiltration! Or just a snobish distaste for those of us who oppose a One World Welfare State?"

CANADA AND U. S. A.

Canada and the U. S. A. have been the mecca for freedom loving individuals who fled socialist Europe.

Samuel Pettengill, who helped prevent the packing of the Supreme Court a generation ago, recently corroborated Horace's charges, as follows:

"A new two volume history of the United States, 1,075 pages long, published by the University of Michigan Press, does not have room to mention Nathan Hale or the immortal Captain Lawrence ('Don't give up the ship'), or to quote the flaming words of John Paul Jones 'I have just begun to fight.'"

"Another recent history, 'The American Past,' also has no room for John Paul Jones, but... says of Sacco and Vanzetti that they were 'electrocuted on a trumped up murder charge,' which is that author's opinion, not history."

As regards North America's interest in world peace, he concludes:

"About all we ever get to see of the dove of peace is the bill."

We physicians are disturbed, too, by the fact that thousands of unweaned mothers are hearing babies, by illicit lovers, yet the taxpayers are stuck with the bills at the charity hospitals and then taxpayers are forced to subsidize these "free love" mothers in their illicit affairs via mounting subsidies and welfare grants, based on every new baby born.

Always with me, George W. Crane is of the Pontiac Press, Pontiac, Michigan. He is a long and comical, self-addressed envelope and 20 stamps, and a long and comical, self-addressed envelope and 20 stamps, and a long and comical, self-addressed envelope and 20 stamps.

(Copyright 1961)

The Almanac

Today is Tuesday, July 25, the 200th day of the year with 139 to follow in 1961.

The moon is approaching its full phase.

The morning stars are Venus, Saturn and Jupiter.

The evening stars are Mars, Saturn and Jupiter.

On this day in history:

In 1648, British statesman Arthur John Balfour was born.

In 1854, David Belasco, actor, playwright and producer, was born.

In 1866, Ulysses S. Grant became the first general of the United States Army.

In 1943, King Victor Emmanuel of Italy demanded that Benito Mussolini resign as head of the government. The dictator refused.

In 1956, the luxury liners Andrea Doria and Stockholm collided 45 miles off Nantucket.

A thought for today: Fiction writer Arthur Stringer said: "Our bitterest wish is always drained from crushed ideals."

THOUGHTS FOR TODAY

Let us therefore strive to enter that rest that no one can take by the same sort of disobedience. —Hebrews 4:11.

Of all the commentaries on the Scriptures, Good examples are the best.—John Donne.

Pettengill bluntly states that taxpayers are now touted as "humanitarians" if they even "question the wisdom of making the breeding of bastards a pre-

cession through the modern system of welfare prizes for female fecundity."

Canada and the United States are still the torch bearers for freedom in this planet earth.

But to teach our youth to be little or pioneer patriots is simply going to reduce us to the common denominator of the hungry, starving "jungle" nations, where the golden rule is discarded in favor of "Might makes right."

Always with me, George W. Crane is of the Pontiac Press, Pontiac, Michigan. He is a long and comical, self-addressed envelope and 20 stamps, and a long and comical, self-addressed envelope and 20 stamps.

blue jeans

For CHRISTMAS!

In Coquimbo, Chile, every boy in the worst slum sector of town received a pair of blue jeans for Christmas! These were the first, clean, whole clothes many had ever had in their lives! This clothing was collected from American churches and sent to Coquimbo. Lists of needy children were gathered from public, Protestant and Catholic schools and a Jewish refugee organized the outfitting job. By Christmas, 5,000 children were dressed in clean clothing!

This is one example of Americans supporting the Overseas Aid Programs of their faith. While this case is Protestant—all three faiths—Protestant, Catholic and Jewish—maintain programs that provide not only clothing but jobs, tools, housing, schooling and food for those in need overseas! Next time an appeal is made—give generously!

THE SILVER SHIELD—

Your Guarantee of Heating Comfort!

COMFORT Plus
SAVINGS for
20 Years With
SILVER SHIELD HEATING

★ GUARANTEED

You receive a signed contract, guaranteeing that your heating system will be built to Silver Shield quality specifications.

★ INSPECTED

Qualified inspectors, representing the leading dealer-contractors of the community, personally inspect your heating system to make sure of its quality and performance before granting it the Silver Shield label.

★ GREATER VALUE

Fuel is not wasted with a properly balanced heating system. Maintenance and repair costs are minimized. These factors can add up to substantial savings over the years.

★ LASTS LONGER

A Silver Shield heating system is a quality installation, built to last for a long time. For a few dollars extra at the time of installation you enjoy lasting value, lasting comfort.

Leading dealer - contractors in this community have organized an Indoor Comfort Bureau whose only purpose is to protect you in the purchase of your heating system. This Bureau is authorized to award the Silver Shield seal of performance to heating systems installed according to exacting specifications embodying the most modern advances in heating and air conditioning.

★ MODERN

Silver Shield specifications are based on the results of more than 40 years of testing and development work by the National Warm Air Heating and Air Conditioning Association. The Silver Shield means modern heating.

★ RESALE VALUE

A home with a quality heating system, as represented by a Silver Shield seal on the installation, can be expected to have a higher resale value than homes with old-fashioned heating.

★ BADGE of QUALITY

The Silver Shield label on your heating system is a badge of quality, sound evidence that you are a smart buyer and have the very best.

SILVER SHIELD systems are available for all residential comfort needs... heating, cooling, or a combination of both.

FREE

For complete facts about the Silver Shield program of guaranteed heating and air conditioning comfort, send your Silver Shield dealer-contractor or mail him this coupon.

those cities which are spared from actual nuclear blasts, officials believe.

This implies that stocks of food and medical supplies would be on hand. Providing them will take still more federal and local dollars. The President said that his budget requests "will increase sharply in subsequent years."

Wednesday—Reservoir of Assets)

Police Seek to Find Out Where the Balls Bounce

Sports-minded burglars were being sought today by Pontiac police.

Officers yesterday received a report that eight volleyball, eight basketball, five football, and four footballs were stolen from the Bethune School gymnasium.

Vaccine Is Possible for Common Cold

LONDON (AP) — The British Medical Research Council reported today a vaccine against the common cold is now a possibility following a scientific breakthrough.

The council said it is collaborating with three commercial drug manufacturers who are working on a vaccine.

Scientists working at the Common Cold Research Laboratory at Salisbury discovered that with modification of the technique of tissue culture, viruses of the

common cold could be grown consistently.

But the council cautioned that if many types of cold virus exist, prospects of developing a reliable single vaccine are not so bright.

Quake in New Zealand Scars a Wide Area

AUCKLAND, New Zealand (AP) — A sharp earthquake alarmed sleepers over a wide area of central New Zealand early today.

It lasted less than a minute and is believed to have caused no great damage. A loud rumbling noise preceded the quake in some places. Buildings shook and structural noises added to the alarm. The quake was centered 50 miles northeast of Wellington.

Much Hard Work Needed Before Becoming Actress

ABIGAIL VAN BUREN
DEAR ABBY: Ever since I can remember I have wanted to be an actress. I am 16, and I know I have as much talent as anyone I have seen in the movies. But I can't get anyone to give me a break. Some people say you have to have lessons in dancing, singing, speech and even tumbling. I have read the success stories of all the big stars, and none of them took any lessons.

They are just natural-born actresses who were discovered and got a break. Just what does it take to make the grade in Hollywood? I'll do anything.

WANTS TO BE A STAR
DEAR WANTS: Don't you believe that all it takes to be a "star" is a break. Years of hard work and study are required. The dancing, singing, and speech lessons will help you — if you have talent. If you haven't — the tumbling will prepare you for the fall.

DEAR ABBY: My beloved mother passed away a few months ago. From that awful day to this I have not shed one tear in public. But oftentimes when I am alone, my grief is uncontrollable.

All along, even at the funeral, I was able to talk about her without becoming emotional. I was the one who comforted my father and the rest of my family while I was being torn apart inside.

I am not looking for sympathy, but some people have said that I am hard and cold and could not have loved my mother very much.

Abby, this is not true. I wish people would understand that it is possible to have very deep feelings without making a public spectacle of oneself.

Whether you print my letter or not, I want to thank you for giving me someone to tell this to. Just writing this letter has helped me tremendously.

A PRIVATE AFFAIR

DEAR ABBY: I would like your opinion of the following: Am I just old-fashioned, or is it all right for a dog to lick and kiss a small baby in the face, and mouth? The baby is so small at present he isn't

able to turn his head to protect himself.

I like dogs, but I can't stomach this. I was told by the baby's parents that there is nothing wrong with it. That a dog licks its own wounds this way. This may be true, but am I wrong in feeling this way?

K. M.
DEAR K. M.: I think you are right. It is a disgusting sight, and who can say at any moment how healthy the dog (or baby) is?

Among the winners were L. J. Bourgeois and Lowell King, Dr. and Mrs. Carl Bolten, Dr. Douglas Campbell and Robert Larson, Mrs. Sam Cohen and Henry Georgia.

Others were Mrs. Charles Davis and Mrs. Ernest Guy, Mr. and Mrs. Ludwig Maybaum, Frank Ferryman and Melvin Small, Edwin V. Clarke and Dr. Robert Segala.

Baseball will be one of the many events at the reunion of St. Frederick High School's 1946 class Sunday at 1 p.m. in the Jaycee Park. Practicing his swing for the game is class president Joseph Polmeur

Jaunty, Frothy Bonnets Crown a Gay Season

By MARGARET BROWN
Poet Oliver Wendell Holmes said, "Man and nature scorn the shocking hat." But a woman never scorns any hat! Frankly flamboyant and frothy chapeaus bobbing along our city streets may have shocked Poet Holmes' late 1800 contemporaries, but they're the fastest moving commodity on today's millinery mart.

"Fun in the Sun" is the catch phrase hat stylists have sent forth with their offerings for this season. And women have taken the jaunty bonnets, in a gay array of shapes, sizes and colors, to their hearts as well as their heads.

Conservative or boldly dramatic, each personality type will find a fetching hat attractively displayed at practically every store in town.

COOL COOLIE HATS

Among the eye-catchers on display in downtown Pontiac are huge straws in beachcomber,

calypso and coolie styles; airy confections of lace and organdy; and an assortment of saucy sailors, some emblazoned in felt with popular expressions—"Cool, man, cool!"

From out West, where it's "Fun in the Sun" year 'round, comes word of several genuine traffic stoppers. Spotted in a Denver department store by a Pontiac vacationer were zany head-buggers (some as "large as umbrellas") topped by gigantic artificial vegetables—corn, carrots and cucumbers.

One hat featured a wreath of tomatoes, and another was adorned with garlands of blue bachelor buttons and yellow California poppies.

The prize-winner was a ten-inch crown creation with a two-inch deep button-down top for cosmetics and mad money. A cluster of grapes added the final mad hatter touch.

It seems millinery designers and the ladies are prescribing a perfect tonic for midsummer doldrums: "Let your hair down; don a 'Fun in the Sun-ner!'"

Pretty señorita Patricia Evans of Romeo shows off this sombrero-like brown straw to best advantage. Fashioned with a bright aqua cotton tie, the hat is a favorite for riding in convertibles. Found at Sears, Roebuck and Co.

A touch of the Orient—the straw coolie hat above is modeled by raven-haired Mrs. S. Richard Hamilton of Oakway Drive. Topped by a caramel-colored rose, this hat, along with the creation in left top photo, is from Neisner Brothers, Inc.

Perky Mrs. James Maddox of South Marshall Street wears a wide-brimmed golden hued straw fedora. The high, round crown is trimmed with a gay aqua, pink and white striped band which extends into two long streamers. Available at the S. S. Kresge Store.

Couples Win in Card Play

Nineteen tables played at the Pontiac Duplicate Bridge Club's Monday meeting in Elks Temple.

Among the winners were L. J. Bourgeois and Lowell King, Dr. and Mrs. Carl Bolten, Dr. Douglas Campbell and Robert Larson, Mrs. Sam Cohen and Henry Georgia.

Others were Mrs. Charles Davis and Mrs. Ernest Guy, Mr. and Mrs. Ludwig Maybaum, Frank Ferryman and Melvin Small, Edwin V. Clarke and Dr. Robert Segala.

Meals Are Topic of Twin Mothers

Home economists Mary Jackson and Barbara Zimmerman demonstrated the preparation of "Quick and Easy Meals" before some 25 members of the Twin Mothers' Club Thursday in the Consumers Power Co. auditorium.

Highlight of the program was top-of-stove quick pecan rolls prepared in a skillet.

Three new members of the club are Mrs. Donald Harding, Mrs. Charles Hatter and Mrs. Donald Berry.

The annual family picnic will be held on Aug. 6.

Ask Hostess If You Wish to Add Date

By The Emily Post Institute
Q: I was invited to a large cocktail party at the house of a business friend, as I am unmarried I assumed it was all right for me to bring a date, so I asked the young woman with whom I have been going for the past three months, to accompany me.

When I arrived the host and hostess greeted me rather coolly and later the host took me aside and said that he had not counted on my bringing a friend.

I have given many large parties and have had unmarried men bring along a date without asking permission and I never thought anything of it. Of course if it had been a dinner party I certainly would not have done this, but to a general type of party I did not think one guest more or less would make any difference. Will you please tell me if I was wrong?

A: I am sorry, but you were wrong to bring an extra guest to a party without first telephoning your hostess and asking her permission to do so.

Q: I am engaged and recently received an invitation to the wedding and reception of one of my co-workers. My fiancé was not invited. Would it be incorrect for me to accept the invitation and attend the wedding without him?

A: If your engagement has been announced, correctly your fiancé should have been sent an invitation to the wedding. However, in answer to your question, if you would like to go to the wedding and don't mind going without your fiancé, there is no reason why you may not accept the invitation.

Q: My fiancé has two nieces (nine and eleven) whom he would like very much to include in our wedding. Will you please tell me how they can be included and also where they walk?

A: They can be junior bridesmaids and wear white immediately following the ushers and ahead of the bridesmaids.

Couple Repeats Vows in Indiana Ceremony

MRS. LARRY E. MORRIS

Bob-Lo Trip Set by YW

Girls enrolled in both day camp groups sponsored by the Young Women's Christian Association will join their families Friday in the annual boat trip to Bob-Lo Island. They will leave the YWCA by bus at 9 a. m., returning about 7 p. m. Former and prospective day campers are welcome.

Junior counselors for both the younger girls' group and the junior high age include Pat Platz of Waterford Senior High School, Janet Seamen and Doris Kadd of Pontiac Central, and Mary Blitt of Bloomfield Hills.

Mrs. Judith Hewett is swimming instructor, assisted by Christopher Cadwallader. Both day camps are supervised by Mrs. Andrew Bevan, teen-age program director.

The YWCA instructors' corps of some 40 men and women, who teach many hobbies from mosaics and silversmithing to golf and bowling, met Monday for a picnic luncheon at the home of Mrs. Leslie Pickup in Drayton Plains.

A reception in the Apostolic Temple, South Bend, Ind., followed the marriage of Peggy Ann Davis to Airman 3C Larry E. Morris before Rev. Worthy Rowe, Saturday evening.

Mr. and Mrs. Harold A. Davis were hosts at a buffet dinner in their home in Mishawaka, Ind., following the reception. The bridegroom is the son of Mr. and Mrs. Robert E. Morris of West Walton Boulevard.

For her wedding, the bride chose white satin brocade, styled with long tapered sleeves, basque bodice and ballerina-length bell skirt.

A short veil of tulle fell from a crown of pearls and sequins and a cascade of white roses completed her ensemble.

Maid of honor, Diana Scott of Mishawaka, Ind., appeared in pink silk organza over taffeta and carried white pom-poms.

Leo Morris served his nephew as best man. Raymond Davis, brother of the bride, and Thomas Richards, also of Mishawaka, acted as the best men.

After a honeymoon in Montgomery, Ala., the couple will live near Gunther AFB where the bridegroom is stationed. Both attended Elkhart University.

White roses accented powder blue lace for Mrs. Davis and a toast-shade lace sheath dress for the mother of the bridegroom.

Attending the wedding from Pontiac were Mrs. Leo Morris and twin daughters Nancy and Nola, the bridegroom's uncle Ira Morris and a cousin Gary Carter of Auburn Heights.

Picnic Planned for Dem Women

The Waterford Township Democratic Women's Club's annual picnic is slated at 6 p.m. Aug. 1 at the Riviera Street home of Mrs. Charles Evans.

Each member has been asked to bring a table service and a dish to pass.

Assisting the hostess will be Mrs. Luther Olson, Mrs. Stanley Irish, and Mrs. Walter Brinkman.

A brief business meeting will follow the picnic.

The pleasant aroma of freshly laundered sheets is the stuff of which pleasant dreams are made.

Conrad L. Donakowskis Back From Honeymoon

The Conrad L. Donakowskis, who were married in St. Hugo of the Hills Church, Bloomfield Hills, have returned from a honeymoon at Mackinac Island, Isle Royale, the Porcupine Mountains and Wilderness Park.

The former Judith Wharton is the daughter of Mr. and Mrs. John P. Brunschwyler Jr. of Princeton, W. Va., and the Louis Donakowski of Detroit are the bridegroom's parents.

A reception at the Bonnie Brook Country Club followed the Nuptial Mass offered by Rev. Robert V. Ryan, chaplain of Dominican High School, Detroit, assisted by Rev. Arthur Fausner.

Rosemary Brunschwyler of Philadelphia was her sister's maid of honor at the July 1 wedding, and their cousin Peggy Allen served as bridesmaid with the bridegroom's sister Lorraine.

That's a Problem?

She Looks an 'Aged' 20

By JOSEPHINE LOWMAN

A letter from a reader says, "I am 16 and have a problem. I have dark circles and they make me look 20 years old. This causes me to worry very much."

I wish I had something to make me look 20! That does not seem to me to be such an awful fate. One of the nicest things about reaching middle age is the way it levels age.

Actually I have always had a blind spot about age. At every age, I have had some friends who were much older and some who were much younger than I.

However, I can remember that at the age of about 14 I felt very sorry for the sister of one of my friends because she was an "old maid" (at the age of 23).

After we pass the stage where everyone past 15 seems like 90 we begin to be more discriminating in the choice of our friends. We choose them for qualities which are lovable, amusing, consoling or stimulating rather than for the number of years they have lived.

We begin to realize that there is more to age than years, that some folks older than we are more fun than some who are younger and, perhaps, even that we ourselves have more stamina and a more youthful outlook than others we know who are younger than we are.

Actually youth is not a question of years but of health and mental and emotional resiliency. It is entirely possible for a man or woman of 60 to be more youth-

Good health is the cure for circles under teen-age eyes. Make-up will help temporarily. This is usually an inherited characteristic.

ful in spirit and body than another of 50.

The rate at which we age is such a highly individualistic matter that we are foolish to think in terms of years.

OH, YES — THE CIRCLES

Now to get back to our young friend with the dark circles. This is usually an inherited characteristic. However, poor health, malnutrition and lack of sleep can also cause them.

Have a checkup with your doctor and be sure that you eat a health-

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Do babies get bored? Yes, sometimes they do. As a baby begins to stay awake for longer periods of time he may fuss because he doesn't know what to do with the extra time. Ways to woo baby's interest:

For the snobby baby—a mobile, a balloon or bright scented to his crib will keep him happy. Music will keep him listen-happy.

For the baby who can grasp rattles, bell toys and touch toys with different textures will keep him absorbed.

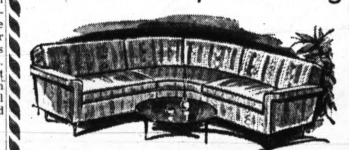

Boredom of mealtime is most unusual when you serve a variety of foods. It's easy, with over 50 delicious Gerber Strained Foods. 10 fruits + 9 vegetables + 9 meats + 5 high meat dinners + 10 dinners + 6 juices + 4 desserts + egg yolks.

Each one is designed with baby's eating pleasure in mind. All are prepared to preserve the utmost in precious food values.

Beauty tips for a prettier you. Baby's cotton swabs make mighty fine beauty aids. Borrow them to smooth on rouge, lipstick or eye shadow. Also good for applying perfume or cream deodorants.

Specialty of the house, specially made to please your pride and joy. Gerber Strained Creamed Cottage Cheese with Pineapple is pure delight for a hungry sprit. Think of it... creamy cottage cheese, flavor-brightened with a touch of mellow pineapple. M-m-m! High in protein, it also provides calcium and riboflavin, an important B-vitamin. Gerber Baby Foods, Fremont, Michigan.

To Study Detroit Water in Avon-Rochester Area

By DON FERMOYLE

ROCHESTER — Including the entire Avon Township, Rochester area in a plan to tap into the Detroit water system will be studied by a committee of township and village officials.

A proposal that a recently organized village committee of township and village representatives study a joint venture into the water plan met with the enthusiastic approval of the Village Council last night.

Tentative costs of receiving the Detroit water as opposed to the price of expanding Rochester's present well system were outlined by Ray Smit from the village's engineering firm of Ayres, Lewis, Norris and May of Ann Arbor.

Smit told the council that the cost of extending existing treated water to users in the Rochester water system would be cheaper if the supply were obtained from Detroit.

The village presently provides its users with untreated water as it is pumped from the ground by Rochester's system of municipally owned wells.

Smit estimated that treated water received from Detroit would cost the village some \$141,000 a year based on a 30-year bond issue. It would take approximately \$165,000 per year if the village were to provide the same quality of water to its customers as that supplied by Detroit.

When asked if the village could not provide untreated water at a cheaper rate, Smit said it could but that the citizens eventually will demand better quality water.

The engineering consultant said he expected Rochester could receive its water supply from Detroit at approximately the same rate Pontiac will pay for the service.

Pontiac's cost is \$1.51 per 1,000 cubic feet.

Smit also said that water rates to customers in the Rochester system probably would triple with Detroit water. But they would save money on the price they are now paying for water softeners, special soaps and detergents.

Smit emphasized that the figures he was quoting were based on only preliminary plans.

STUDY ORDERED

The Village Council instructed its engineers to study the possibilities of increasing Rochester's water capacity after Pontiac approved a contract which will bring a 24-inch water main up South Boulevard, four miles south of the village.

Village Manager Paul York said today no date has been set for a meeting of the village-township joint committee.

However, he said it probably would be held next week and the new group's main concern would be a joint discussion of the water problems.

Members of the committee include York, Avon Township Clerk Mrs. Thelma Spencer and Township Trustee Earl W. Dean.

The village has been told by its engineering consultants that its water supply should be expanded since the system will soon be operating near peak capacity.

The village council approved a motion to advertise for bids on a new well for its present system last night. The additional well will be needed even if Rochester agrees to a contract with Detroit.

A supply of Detroit water would be available for at least 18 months even if the council agreed immediately to a contract. The village will need the extra well before that time, according to the engineers.

PROTESTS CLAIM

They said the consulting job would be effective only until such time as a full-time assessor was appointed by the mayor.

Clarkson claimed that Eastlick was not qualified for the job and that he had not done any land assessing in the last six years.

Councilman Clarence A. Durbin protested, saying that all the property in the city was assessed three years before becoming incorporated.

Clarkson shouted "Are you calling me a liar?"

"Yes," Durbin said, "when you make a statement like that."

Order was restored by Dohany but the issue was left without decision.

The city is still without an assessor or a consulting assessor.

AREA NEWS

Mayor Vetoes Appointment

Council, Clarkson Fund in Southfield Over Job for Gerald Eastlick

By NANCE BELLEFLEUR

SOUTHFIELD — The appointment of Gerald Eastlick as an assessing consultant by the City Council was vetoed last night by Mayor S. James Clarkson.

The council, anticipating the veto, immediately retaliated by refusing to confirm the mayor's appointment of Myron Greenfield, a realtor, as city assessor.

Eastlick was fired by Clarkson as city assessor June 24. A week later the mayor named Greenfield as the successor to Eastlick.

However, the council tabled action on Greenfield's appointment and named Eastlick as an assessing consultant.

In the long, stormy session last night Clarkson accused the council of usurping his right to hire an assessor.

He charged that the hiring of Eastlick as a consultant was "an attempt by the council to hire an assessor under the guise of subterfuge of calling him an assessor."

Council President C. Hugh Dohany and Councilman J. J. Meier, who said the council was not trying to appoint an assessor but only a consultant who would advise deputy assessor William Meier.

They said the consulting job would be effective only until such time as a full-time assessor was appointed by the mayor.

Clarkson claimed that Eastlick was not qualified for the job and that he had not done any land assessing in the last six years.

Councilman Clarence A. Durbin protested, saying that all the property in the city was assessed three years before becoming incorporated.

Clarkson shouted "Are you calling me a liar?"

"Yes," Durbin said, "when you make a statement like that."

Order was restored by Dohany but the issue was left without decision.

The city is still without an assessor or a consulting assessor.

At one point during the meeting Dohany had to call the Southfield police to calm down an unidentified citizen who kept shouting that his property was being assessed above its value.

No arrest was made, however.

State Awards Paving Contract for M150 Stretch

The Peeke Asphalt Co. of Utica was awarded the contract yesterday by the State Highway Department for 1 mile of paving on M150 north of the Rochester village limits.

The firm's low bid was \$46,050. The completion date is set for Oct. 15.

A contract also was awarded to the E. R. S. Corp. of Lansing for 10 miles of traffic signing on I-75 north from M24 near Pontiac to M150.

To cost \$84,000, the project is due for completion by Sept. 30.

MARY CAROL TRUDELL

Mr. and Mrs. J. H. Trudell of 8 Hovey St., Oxford, announce the engagement of their daughter Mary Carol to Richard Lee Billman, son of the late Ivan Billmans of Roscomon. An Aug. 26 wedding is planned.

Project Costing \$4 Million OK'd for River Branch

WASHINGTON — A \$4,130,716 watershed project for the south branch of the Cass River in San Jacinto and Lapeer counties was approved yesterday on a House agriculture subcommittee.

Full House committee action still is needed before work can begin.

Rep. James G. O'Hara, D-Texas, had urged the subcommittee to authorize the work plan in the two-county area.

Local interests would put up \$2.6 million, 63 per cent of the total \$4.1 million cost, O'Hara said. He said this was an unusually high percentage.

The plan calls for soil conservation on farms in the area, plus about 45 miles of multiple-purpose channel improvements. A annual benefits were estimated at more than \$133,000.

Women, Children Stop Bulldozer in Redford

DETROIT (AP) — Women and children put up a human barricade and stopped a bulldozer from cutting through a park in suburban Redford Township Monday.

The Wayne County Road Commission wanted to extend a street through the park but the women and children would have no part of it. They stood their ground. The bulldozer didn't move.

Plan Church Dinner

OHION TOWNSHIP — The Woman's Society of Christian Service of the Howarth Methodist Church will serve a dinner tomorrow at 5 p.m. at the church on the corner of Silver Bell and Bald Mountain roads.

Sewer Treatment Plant for Wixom Under Study

WIXOM — The feasibility of building a sanitary sewer and treatment plant is under study here but it is unlikely that a construction proposal will be placed on the September ballot as had been anticipated, a city spokesman said today.

John Finlayson, assistant to the mayor, said the city has hired the Ann Arbor engineering and architectural firm of Kaimowitz, Millman, Millman and Associates to prepare the study but they have not yet received any recommendations are submitted to the City Council.

The consultants, hired for \$500, will make recommendations explaining what the proposed system would require initially and in the foreseeable future, what construction and operating costs would be and what benefits would be gained.

A three-mile trunkline sewer through the center of the city, and a treatment plant at a total cost of approximately \$500,000 have been discussed by city councilmen.

Finlayson said tentative plans call for the trunkline to run north and south, from West Road along Wixom Road, across Pontiac Trail, along Montclair Street, across property near the Wixom Elementary School and back to Wixom Road to Charns Road.

The treatment plant would probably be built on West Charns Road, Finlayson added.

"But there is a lot of work to

Salvation Army's Mrs. Cox Leaving

Aged Campers to Lose Friend

ADDISON TOWNSHIP—A group of elderly persons who arrived here yesterday will have their last chance to visit an old friend this week at the Salvation Army camp on the shores of Lakeville Lake.

For many of the Golden Agers, today marks the start of a carefree vacation in the clean country air.

For others, the week will be the last time they will be able to see their long-time friend, Mrs. L. C. J. Clyde Cox, who is leaving the camp this summer after being associated with it for 10 years.

Mrs. Cox, whose husband also is a lieutenant colonel in the Salvation Army, has been camp director for the past five years after serving as an assistant director.

HUSBAND TRANSFERRED

However, Mrs. Cox's husband has been named chief secretary of the

central territory for the Salvation Army in the United States. She will accompany him to Chicago when he leaves for his new post after the camp closes Aug. 27.

Many of the 175 elderly persons who arrived here yesterday

MRS. J. CLYDE COX

Absentee Ballot Reminder Given

Okoy of Two Proposals on Aug. 7 Is Advocated by Avondale Schools

Hoping for a good turnout of voters in the Aug. 7 special election, officials in the Avondale School District are urging those who expect to be out of town to secure absentee ballots before leaving.

The ballots may be obtained by calling the Avondale Board of Education office.

Two proposals will be on the election ballot.

One seeks approval of a 3.9 mill tax to be levied of five years. This is a renewal of three mills voted in 1956, which expires this year, and a 3 mill debt transfer.

A "yes" vote on this proposal will not increase taxes, board of education members point out.

Proposal 2 asks voters to authorize the levy of 2.5 mills for two years. It will be used to pay off an existing accumulated operational debt.

Failure of the second proposition would mean the loss of credit rating and financial standing of the district because it is committed to pay \$30,000 a year to the banks to pay the debt.

The over-all millage would increase taxes 2.4 mills, or less than \$10 per year for the average taxpayer, according to school officials.

A proposition which asked permission to levy a 6.5-mill operational tax for five years was rejected in the annual school election June 12. The margin of defeat was 124 votes.

School Supt. Leroy Watt said then that the veto of the proposal would mean the loss of \$100,000 in local taxes and state aid in next year's budget.

School officials, in presenting the two questions Aug. 7, reaffirm the same need for the funds to meet current and anticipated debts during the 1961-62 school year.

They also remind voters that the last day of registration is Friday.

Marketing Cards for Wheat Crop Being Mailed

Wheat marketing cards for the 1961 crop of wheat now are being mailed to producers by the Oakland County Agricultural Stabilization and Conservation Committee office which has a record of wheat planted.

Producers should watch for these cards as they are designed like postcards and are being mailed without envelopes, according to local ASC officials.

Producers are asked to be careful not to misplace or lose these cards because they would then be necessary to make application for duplicate ones.

Any producer who has wheat and does not need a card should contact the Oakland County ASC office, Room 323 Hubbard Building, Pontiac, so that an acreage check and card can be issued.

Divers Find Body of Clawson Man, 32

ALGONQU (UPI) — The body of Donald Martin, 32, of 404 Madison St., Clawson, was recovered by state police skin divers yesterday in the middle channel off Harsen's Island.

A companion told investigating officers Martin was diving from his 26-foot cabin cruiser Sunday. He came to the surface twice but on his third dive disappeared.

Police said the victim apparently used up the oxygen in his aqualung but was investigating the death of his wife, two children and two other couples was in the boat.

Will Become President of Marygrove College

DETROIT — Sister Mary Emil, IHM, will take over as president of Marygrove College beginning with the next school year in September.

Sister Mary Honor, IHM, will become president emerita of the girls' school, where she has been president since 1937.

Taking Training Course

ADDISON TOWNSHIP — Susan Charron, daughter of Mr. and Mrs. C. A. Charron of 1801 Army Road, is taking a two-month training course in occupational therapy at the National Jewish Hospital, Denver, to complete requirements for a degree at Western Michigan University.

CRIPPLES HOME—Injured Detroit Tiger players Steve Boras, left, and Terry Fox check in at a Detroit Hospital Monday after a plane trip from Kansas City. Boras suffered a broken collarbone Sunday in KC while Fox came down with a sore arm. Steve may be out six weeks and Terry 10 days.

Just Use 'C' When Explaining Bengals

Colavito Hits Big Home Run in Latest Win

Bunning Records 11th Win at Los Angeles; Final Score, 5-2

LOS ANGELES (AP)—The letter "C" means a lot to the Detroit Tigers these days.

It stands for slugger Norm Cash, for slinger Rocky Colavito, for a day off yesterday for Command—of first place in the American League.

Cash led the Tigers back into first Sunday when he drove in eight runs in a doubleheader that Detroit swept from Kansas City. It was Colavito's first night when he hit a three-run homer and led the Tigers to a 5-2 victory over the Los Angeles Angels.

The New York Yankees, now four percentage points behind, took a day off yesterday to face the Chicago White Sox today in a doubleheader at Yankee Stadium. Detroit meets Los Angeles again tonight.

The Tigers were trailing 1-0 when Colavito hit home No. 28 in the sixth inning. The blast off Rocky Jim Donohue boosted Colavito's RBI total to 86 in 98 games.

Home run No. 5, by Dick McAuliffe, supplied the other two Tiger runs in the ninth inning.

Jim Bunning allowed only one earned run as he went the distance for his 11th victory against seven losses. Donohue, the loser, evened his record at 4-4.

The Angels, who had won four straight, took a 1-0 lead in the first inning. Joe Koppe reached first base on a fielder's choice, took third when Lee Thomas singled and came home on Leon Wagner's sacrifice fly.

The Tigers took over in the sixth. Jake Wood and Bill Brown singled. Wood was thrown out at the plate when Al Kaline hit a bounce back to Donohue but Colavito followed with a 400-foot blast over the left field fence.

The Angels got one run back in the seventh. Earl Averil led off with a walk, took second on an infield hit by Billy Moran and moved to third when pinch hitter Albee Pearson laid down a bunt single along the third base line.

Catcher Mike Roedel fielded the ball after third baseman Larry Osborne deflected it and threw to third. No one was there except Averil, and he trotted home.

Don Mossi (10-2) will pitch for the Tigers tonight against Ken McBride (9-3).

State amateur quarterfinalist John Kuznoski, a 19-year-old Jackson Junior College student, won the shop assistants tournament with a 74-73.

Bill Mattson of Edgewood shot 74-75-149 for victory in the cadet diemaster division.

Bears Get Whitsell After Swap Trouble

FAIRFIELD, Conn. (AP)—The multi-player trade engineered by the New York Giants two weeks ago hit a snag Monday with the disclosure that defensive halfback Dave Whitsell has refused to report to the Washington Redskins.

Whitsell was obtained by the National Football League Giants from Minnesota in exchange for Bob Schmelzer and Mel Triplett and then passed along to Washington in the transaction that brought Jim Pooley and Joe Walton to New York.

The Giants will try to arrange for another player, preferably a defensive back to report to Washington in Whitsell's place. Whitsell will be sent to the Chicago Bears in payment for player kicker John Aveni, who was obtained in a separate deal.

Tiger Manager Good Prophet

Claimed Team Wouldn't Fold Despite Rookies Used in Lineup

LOS ANGELES (AP)—When Bob Schefling predicted a couple of months ago that his Detroit Tigers would be in contention all season, he was widely regarded as a prophet who was about to be thrown for a loss.

"They all figured we'd fold," Schefling said, "and I can easily see how they would. We've got a lot of kids on this club."

"Frankly, I don't see how we can pull away from the Yankees, but I think we can keep it close all the way. We haven't had a real bad streak yet. Trouble is, neither have they."

Schefling was asked how much this might hurt the Tigers, whose reserve strength is not generally considered formidable.

"I don't know," Schefling said. "I'll play Larry Osborne at third against right-handed pitching and probably use Chico Fernandez there some too."

"It's true we don't have a real good bench. But I don't think anybody else in the league does either. Most of last year's benches are playing this year for the two new clubs, Los Angeles and Washington."

ONE FOR ANGELS—Shortstop Joe Koppe of Los Angeles scores in 11th inning at LA last night as Detroit catcher Mike Roark can't get at throw-in by outfielder Rocky Colavito. Rocks' three-run homer sparked a comeback which produced a 5-2 win putting the Tigers a full game in last place.

three-run homer sparked a comeback which produced a 5-2 win putting the Tigers a full game in last place.

SPORTS

Move Two Games in Front of Dodgers

Redlegs Chill Braves

MILWAUKEE (AP)—The Cincinnati Reds are proving they're not dead yet by rebounding from a six-game losing streak and defeating the field to catch them in the National League pennant race.

After sweeping a doubleheader from the San Francisco Giants Sunday, the Reds moved into Milwaukee Monday night and cooled off the resurgent Braves 9-3 on a 14th inning hit by Frank Robinson and the effective pitching of Joe Jay.

Robinson hit his 29th homer, a double and an infield hit, boosting his average to a hefty .348, as the Reds snapped the Braves' five-game winning streak. He drove in three runs for a season total of 87 and now has a 19- game hitting streak.

Jay, a former Milwaukee bonus pitcher who won only 24 games in seven seasons with the Braves until traded last year, scattered nine hits in posting his 14th victory against five losses.

The big right-hander was nicked for a run in the fourth and then surrendered a home run to Frank Miles Mantle homered. The Phillies boxed to their Eastern League farm team Williamsport, away until the Braves pushed 5-2.

total of 87 and now has a 19- game hitting streak. Jay had trouble with his control until rain forced a 28-minute delay in the Milwaukee sixth.

The Giants beat the Yankees 4-1 in New York yesterday in a benefit exhibition for sandlot baseball before 47,546 on a rainy day. The Phillies boxed to their Eastern League farm team Williamsport, away until the Braves pushed 5-2.

Howe's Goal: 20 Seasons
DETROIT (UPI)—Gordie Howe, the 33-year-old veteran center, showed no signs of slowing up. He finished fifth in NHL scoring with 72 points on 23 goals and 49 assists. The goal output was his lowest in 12 years but his assist total was a personal high and broke his own right wing league record by one.

Howe, who has missed only 40 games in his 15-year career, is the league's all-time leading point getter and also holds the career mark for assists. In 980 games he has scored 469 goals, 580 assists for 1,049 points.

Howe is within 75 goals of Maurice Richard's all-time goal record of 544 and this season should become the first NHL player to play 1,000 season games. Ted Lindsay, Howe's old linemate at Detroit, holds the league record of 999 games.

Contract terms were not disclosed but Adams said, "I never have any trouble with the big guy and this year was no different."

Howe may reach his "20-year goal with ease. Last season, after becoming the oldest player in point of service in Detroit his 999 games.

Ernie Debruler of Leslie, Mich. has been signed by the New York Mets of the National League. He is a pitcher. The LA Angels signed 1st shortstop Frank Mingo of Pennsylvania for a bonus. Minnesota sacker Zola Versalles was back in action today after a stomach ailment. Twin catcher Earl Batley learned he will be out a week to 10 days with a fractured facial bone.

Fred Arkans of Michigan has been one of the top performers of the College All Stars in drills for the Aug. 4 clash with the Philly Eagles. The Louisville Raiders of the new United Football League have signed Haysed Stephens, the nation's top punter last year at Hardin-Simmons.

Jerry Sieracki has been named as assistant coach at Central Michigan and Pat Naughton will take over a similar post in football at Northern Michigan.

Peaches Bartkiewicz of Hamtramck won her opening tennis match in national junior action Monday. Michigan's three entrants were beaten in the Western Junior and Boys meet.

The Justice Department said today it is undertaking a study of all package television agreements involving organized sports.

Senators' Gate Up Over 1960

Tigers Show Attendance Increase as Do Yankees From Last Year

NEW YORK (AP)—The Washington Senators drew 44,821 for a two-day, three-game series with the New York Yankees last week and pulled ahead of last season's home attendance pace of the old Senators, now in Minnesota.

The Senators have played to 420,115 in 42 dates in Griffith Stadium compared to 411,887 by the team which represented the nation's capital in 1960.

Cincinnati, Detroit, Kansas City and the Yankees are the only other major league clubs showing attendance gains. The Reds are up 172,000, the Tigers 56,000, the Athletics 39,000 and the Yanks 28,000.

The figures:

Lions Start Practice at Cranbrook School

By United Press International

With a dozen regulars still unsigned the Detroit Lions gathered today at Cranbrook School in Bloomfield Hills to begin training.

The opening exhibition game is only two weeks off, the Lions vs. the Cleveland Browns on Aug. 11 at Tiger Stadium. The game kicks off the National Football League exhibition season, somewhat shortened this year because the regular season has been increased to 14 games.

Defensive halfback Jim Steffen signed his contract yesterday and gave notice that he will be out on a running job this season.

About a dozen Lions ran through a light workout at the University of Detroit yesterday and 47 veterans and rookies are expected at the training table today.

Routine camp opening chores will continue with physicals and picture taking on the agenda for the next two days. General Manager Edwin J. Anderson said the first real workout would be held Friday.

Anderson tended to dispense questions about a possible player revolt in connection with the enlarged schedule. Some players have indicated they want more pay for more play, additional money for the additional games.

Anderson said only, "we have always signed players for the full season, not on an individual game basis."

The Haig Gets Walter Hagen Golfing Award

NEW YORK (UPI)—The first annual Walter Hagen award went today to none other than "The Haig" himself.

The five-time Professional Golfers Association champion and four-time British Open champion, was voted the award against a slate of candidates that included "Grand Slammer" Bobby Jones and former President Dwight Eisenhower.

The award is to be presented annually to "the golfer of official past or present, who has made the most distinguished contribution to the furtherance of Anglo-American golf."

The association pointed out that Hagen won at least one major international title every year for 11 straight years and referred to him as "one of the most accomplished golf ambassadors of history."

Hagen will be presented with the award on Wednesday at the Olympia Fields Country Club near Chicago where the PGA championship is scheduled to start the following day.

No Hard Feelings Over Being Dunked in Pool

PHILADELPHIA (UPI)—First-babesman Norm Larker of the Los Angeles Dodgers said today that he "has no hard feelings" over being pushed fully-clothed into a Cooperstown, N.Y., hotel pool by teammate Dick Farrell yesterday.

"I was a little mad at the time because I didn't expect to be pushed into the water when I had all my clothes on," said Larker. "But then I realized we were just fooling around and Farrell and I shook hands. We'll just go on playing ball now like we always have."

Gives Up Pro Football

PENNS GROVE, N.J. (AP)—Don Bragg, the Olympic pole vault champion, arrived at his home today from the football camp of the Dallas Texans and said he is giving up a crack at pro football.

THE PALMER METHOD

FORGET ABOUT THAT CLUBHEAD

1. POWER IMPACT OF CLUBHEAD AGAINST BALL IS THE END RESULT OF ALL GOOD INSTRUCTIONS. HOWEVER, I FIND THAT MOST TRY TO HUNT FOR THE CLUBHEAD OR TRY TO HIT THE CLUBHEAD ON THE DOWNSWING, THINK OF JUST ONE THING AS YOU START THE DOWNSWING - PULL THE BUTT END OF THE CLUB DIRECTLY DOWN TOWARD THE BALL, AS SHOWN HERE.

2. IF YOU WILL LITERALLY ATTEMPT TO "HIT" THE BALL WITH THE BUTT END OF THE CLUB, YOU WILL QUICKLY GET YOUR HANDS MOVING AHEAD OF THE CLUBHEAD. THIS IS A DEFINITE AID IN KEEPING THE WRISTS COCKED UNTIL JUST BEFORE IMPACT, BUT DON'T THINK OF YOUR WRISTS AT ALL. IF THIS COMES INTO MIND, THEN SO DOES THE CLUBHEAD, AND YOU MAY BE TEMPTED TO UNCOCK YOUR WRISTS TOO SOON, WAITING POWER BEFORE IMPACT.

3. SINCE THIS FEELING OF PULLING THE BUTT END DOWN TOWARD THE BALL IS NORMALLY LEARNED, YOU'LL FIND THAT THE MOMENTUM OF THE CLUBHEAD, PLUS THE SPRING OF THE SHAFT, WILL AUTOMATICALLY UNCOCK THE WRISTS AT THE RIGHT TIME.

AT THE FINISH YOU WILL HAVE A FEELING OF SOLID LEFT SIDE, ONE WHICH MAY BE HIT AGAINST. YOUR WRIST WILL HAVE BEEN ALMOST COMPLETELY SHUT TO THE LEFT AT THAT POINT.

PGA Championship Course Expected to Be Difficult

CHICAGO (AP)—Par should be highly respected when a field of 169 pros start taking a crack at it Thursday in the 72-hole, stroke-play National Professional Golfers' Association Tournament.

The 33-35-70 standard over the wooded, Butterfield Creek Valley terrain of Olympia Fields North Course has stood up well in previous big tournaments.

And, in practice, there are few if any golfers who boast of shattering par on the 6,722-yard layout.

Arnold Palmer, who is expected to arrive today, shot a 69-June 6 to defeat defending PGA champion Jay Hebert by four strokes in climactic National Golf Week. But the rough has been allowed to grow since then in a gradual toughening-up process that will put a premium on accuracy.

Palmer and Hebert agreed that anything from 277 to 280 might be the winning total.

An idea of the trouble the course can provide is the 284-14 over-par aggregate that locked Johnny Farrell and Bobby Jones in a first place tie of the 1958.

USGA Open. Farrell won the 36-par taken a real whipping on the al. Open titlists and seven Masters' champions.

North Course. Lawson Little's 63-ers' champions.

in a 1940 qualifying round for the USGA Open stands as the course record.

Walter Hagen was one-over-par with 281 in winning the 1927 Western Open on the same course.

Palmer is regarded the man to see the 1961 Masters' champion beat in a field which includes leading money winner, Gary Player of South Africa; USGA Open winner Gene Littler; USGA winners, 20 leading money winners of the year, eight National-Venture.

Will Playoff Tomorrow

The hour of decision in the red-hot Pontiac American League softball race comes up tomorrow night at 8:30 at Beaudette Park when Arroyo and Soto will battle in a playoff for the title.

They finished tied for the loop championship with 11-3 records on final victories last night as the largest crowds to watch city softball in several years turned out at North Side and Beaudette parks.

Arroyo had the biggest task beating Elks 4-2 in nine innings.

Harland Keith blanked Fisher 5-0 on two hits 4-0 for Soto-Bol later.

Elks had been in a three-way tie for the top slot going into the first round of play.

Shortstop Bud Hayward batted in all the Arroyo runs with two RBI in the 2nd and home run with one on in the 9th.

Harry Aveson got three straight batters in the bottom of the 9th. He retired the last eight men to face him and allowed only one baserunner over the last 7 2/3 innings.

York Hurls One-Hit Game

John York came within three outs of making the city Class A-BI baseball debut under the lights at Jayvee Park, Monday a memorable one.

York tossed a strong one-hitter as Joy Boy Jets whipped Don's Used Cars, 10-0. The lone hit off York was a bloop single by Jim Casper after Doug Trueman had been hit by a pitching lead off the seventh and final inning.

It was the second one-hit game posted by the Jets' hurler. He fanned 15 Lake Orion batters in this contest.

Two-run homers by Bill Mosher and Warren Stephens highlighted the Jets' nine-hit attack on two hurlers. Mosher hit his circuit clout in a five-run fourth inning and Stewart capped the scoring for Jets with a homer in the seventh.

York added his own cause with three hits, including a pair of doubles, and three RBI. Gene Cox also had three safeties.

Tonight's game sends Pontiac Merchants against CIO Local 584 at 8:00.

Forecast Bright Despite Thunderheads

Sees Fair Payment Balance Status

By SAM DAWSON
NEW YORK (UPI)—America's economic status in the world is looking better all the time to at least one group of U.S. businessmen. They are sharply upgrading America's international balance sheet today.

And they are doing this in the face of the first hints of a new gold rush in London, the revival of some austerity measures by the British which could hurt American exports, and the call for increased defense build-up with its implied threat of higher dollar.

taxes to come which many expect President Kennedy to make tonight to the American people. In spite of this troubled world outlook, the Balance of Payments Group of the National Foreign Trade Council says we now look healthier than at any time since 1957.

That was when a strong tide set in against the United States. International deficits built up, and Europeans finally started a gold rush that last fall aroused doubts about the future value of the dollar.

The group is made up of economists and other executives of leading U.S. corporations with international dealings. Earlier this year it had estimated that 1961 would see a deficit of \$1.9 million in the U.S. balance of payments. Today it has cut that to \$500 million. The deficit ran at \$3 billion to \$4 billion in earlier years.

The continuing deficit since 1957 has arisen because U.S. spending abroad for imports, foreign aid, investment, military bases and services exceeds receipts from exports and services and income from foreign investments.

Today's sharp cut in the estimated deficit comes when Americans are uneasy over the situation in Western Europe on several counts.

England is having a trade deficit crisis of its own and the pound is weakening. Today's spelling out the belt tightening it must do.

ENGLAND STRAITENED
The price of gold on the London market has started creeping up to a virtual halt in the second again and now stands 13 cents above the official U.S. Treasury price of \$35 an ounce. Perhaps coincidentally, the U.S. lost some gold last week for the first time since late April.

So the dollar looks safer than some of the disturbing headlines end of the month whether it will on the front page might indicate.

BOARDING HOUSE

OUT OUR WAY

Waterford Board Seeks to Sell Charter Change

How to sell the man on the street voting for a change in Waterford Township's form of government is a problem baffling township board members.

They have put on the Sept. 12 ballot a proposal they feel must pass in order to meet the problems posed by the rapidly expanding community.

It would change Waterford from a rural to a charter township.

Board members believe that voter approval of the change would allow them to meet the problem of financing long-range, expensive water and sewer disposal facilities.

SEK TO EXPLAIN
They met last night with the Township Planning Commission and financial consultant Louis H. Schimmel of Pontiac to ponder explaining the proposed change to the township's 4,000 residents.

"It's a complex issue which must be reduced to simple terms," said James E. Seeter, township clerk.

Voter approval of the change would permit the township to issue long-term, general obligation bonds for water and sewer projects.

In addition to spreading retirement of the bonds over a greater span of time, Waterford as a charter township, could sell its

Brand Names Confuse Doctors, Says Educator

WASHINGTON (UPI)—A medical educator said today that brand names get doctors so confused they sometimes keep giving patients the wrong drug under different names.

Dr. Harry F. Dowling, head of the department of medicine at the University of Illinois College of Medicine, supported legislation to require the generic name of a drug to be displayed in type as large as the label showing the brand name.

It doctors were familiar with the generic name and thus the chemical composition, they would not prescribe a second drug just as ineffective as a previous one, Dowling said in remarks prepared for the Senate Antitrust subcommittee.

Patients would be spared extra expense and doctors would cure their patients sooner, he said.

Says Allies of U.S. See Crisis the Same

WASHINGTON (UPI)—Defense Secretary Robert S. McNamara said today America's NATO allies view the Berlin crisis "much the same as we do in this country."

McNamara said upon returning from Paris-London conferences with NATO officials and British military authorities that the "U.S. allies in Europe are taking a calm, firm attitude" toward the situation.

In response to queries about reports that Britain was hesitating to make any "dramatic" moves such as boosting its forces in Berlin, McNamara said he found no such feeling.

Reports from London said the British were understood to have told McNamara Britain was prepared to send more troops to Germany only if there was a military crisis over Berlin.

Windsor, Auto Cities Plan March on Ottawa

WINDSOR, Ont. (UP)—Windsor and several other Ontario cities with auto plants are planning a march on the capital city of Ottawa to urge action to spur employment, a Windsor alderman said Monday.

Alderman William C. Riggs said marchers are expected to urge the federal government to implement recommendations of the Baladen Commission on the auto industry.

Only one of the report's recommendations—removal of the 7.5 per cent excise tax on new cars—has been acted upon since the report was tabled earlier this year. The tax has been eliminated.

Narrow Gains Buoy Market

NEW YORK — Steels, oils and some chemicals helped give the stock market a slightly higher tone in quiet trading, early this afternoon.

Gains of fractions to a point or so outnumbered losses among individual issues. Most gains were very narrow.

The market was mixed in early trading but gradually moved to the upside.

It was the fifth straight session of extreme caution to President Kennedy's messages on the Communist threat. He is scheduled to address the nation tonight and Congress Wednesday. Advance reports on the likely content of Kennedy's message, however, seemed more reassuring than otherwise.

While airmails remained spotty, the trend was a bit higher among motors, rubbers and tires. Drugs, tobacco and mail order retailers tended to sell off.

Du Pont kept more than a point of an early gain exceeding 2 points as it responded to news that the U. S. Treasury has agreed to go along with a bill to give a tax break to Du Pont shareholders in the spin-off of General Motors stock owned by the chemical giant. GM, which was off fractionally at the start, recovered, rising $\frac{1}{4}$ to $\frac{1}{2}$, on successive blocks of 3,000 and 2,000 shares.

Steels continued to ride on brighter sentiment. U. S. Steel, which reports on second-quarter results after the close, was up about a point, as was Jones & Laughlin. Bethlehem was fractionally higher.

Prices were generally higher on the American Stock Exchange in slow trading.

Moderate gains were made by Canadian Javelin, Davage, Hazel Bishop, Lafayette Steel, Napco, Technicolor, Sun International, Reis & Co. and American Petroleum.

ANNOUNCEMENT!

Here, at Perry Pharmacy, we have recently installed a modern Prescription Record System, to make available to you at any time, a complete record of your original prescriptions and prescription refills for each year or any given period.

Under this system your individual record of your prescriptions will be so maintained as to qualify for income deductions, insurance requirements or for any other purpose under which you may need or desire such a record.

For instance, if you were to lose or misplace your prescription number with which to obtain a refill . . . it would be easily available to you under your individual record.

Or, your doctor may wish to review the medication you have had over a previous period of time; this, too, will be easily available to him from your personal file.

A copy of your complete record will be available to you at any time or at the end of each year and your record for each succeeding year will become a permanent part of your personal file.

THERE IS NO CHARGE FOR THIS SERVICE . . . Have your prescriptions filled at Perry Pharmacy and your file will be set up immediately.

GRADY THE COW DIES—Grady the cow, a 1,300-pound Hereford that jumped through a 17 by 25½-inch silo feed door into national prominence 12 years ago, died Monday at Yukon, Okla., near the silo where she spent four confusing days. Grady is shown with owner Bill Mach as she looked through the small door in 1949 during the four days of her imprisonment. The cow cooed her way out after being smeared with grease. Mach said the 18-year-old animal died of old age.

K Says Youth Must Stop War Seekers of West

MOSCOW (AP) — Premier Khrushchev declared today "certain political leaders in the West" want to start a nuclear war and it is up to the youth of the world to stop them.

"To multiply the efforts of all youths and girls in the struggle against this world catastrophe—this is the task set before the youths by life itself," Khrushchev told the opening session of a Communist-sponsored youth forum.

Soviet sources said 697 youths from 91 countries are attending the forum, meeting here until Aug. 3.

Wants Bond for Peebles Pending Second Trial

GRAND RAPIDS (AP) — Counsel for J. Otto Peebles will try to have Peebles released on bond pending his second trial on a charge of murder in the fatal shooting of his wife March 18.

Peebles, 41, a Rockford industrialist, was remanded to Kent County jail Friday after his first trial ended in a hung jury. Attorney Harold S. Sawyer Jr. said he would try first "to get my client out of jail" and then consider other questions involving another jury and another trial.

There are more geysers in Yellowstone National Park than in all the rest of the world combined.

Plan 'Sky Spy' Despite Protests

Red Army Would Term
Launching 'Aggressive'
If It Flew Over Russia

WASHINGTON (UPI) — Defense department officials today continued preparations to launch a "Sky-Spy" satellite despite Soviet army protests that it would be "an act of aggression," if it flew over Russia.

Officials said there was no change in plans to send up a Samos satellite.

But they said a magazine report (Missiles and Rockets) that the satellite would be launched this week was wrong.

They did not dispute the magazine's claim that Samos could take aerial photographs of the Soviet Union for as long as a year and detect missiles being readied for launching.

The officials said the launching was a month or two away.

Voting Begins in Con-Con Primary

Mayor Gets Pleasant Surprise

CENTENNIAL PAYS OFF — A pleasantly surprised Mayor Philip E. Rowston (left) receives a check for \$36,000 from a beaming Stuart E. Whitfield, general chairman of the Greater Pontiac Centennial. The check represents repayment in full of the city's loan to get the June 17-24 celebration started. Warned in advance that Centennial celebrations usually aren't financially successful, the city expected to take a loss. But Whitfield's celebration was a financial success and there was no municipal loss.

Waterford Twp. Votes on 2 Issues

Voting started off light in Waterford Township today, with one notable exception. Balloting on con-con candidates and two local issues came in dribbles at most of the township's 18 precinct stations.

During the four hours after polling places opened, between 3 and 4 per cent of the township's 22,264 registered voters had visited the polls, according to a spot survey.

Centennial Debt Is Paid in Full

City Given Check for \$36,000 by Whitfield—Profit Set at \$1,800

The city was repaid in full last night for the funds it advanced to finance the Greater Pontiac Centennial celebration.

Stuart E. Whitfield, general chairman of the Centennial, said the final figures will show a net profit of about \$1,800.

Whitfield presented the City Commission a check covering the \$36,000 the Centennial borrowed this year from the \$50,000 which the Commission had made available in 1960.

Full repayment came as a pleasant surprise because the city had been warned most Centennials end up in the red. That Whitfield made money after all debts were paid is a tribute to its popular success and the business management of Whitfield, said Mayor Philip E. Rowston.

"This check reaffirms our faith in your ability to lead up this tremendous affair," Rowston told Whitfield, vice president of the Pontiac State Bank.

Whitfield said the board of directors of the Greater Pontiac Centennial Commission Inc. would announce in two or three weeks what civic project or organization will receive the \$1,800 profit.

Cut Down Refugee Flow

BERLIN (AP) — A Western official said today tightened control by Communist police has succeeded in cutting down the flow of refugees into West Berlin.

He'll Broadcast Them Tonight

JFK Mum on Berlin Proposals

From Our News Wires
WASHINGTON — President Kennedy today kept under close wraps the proposals he will lay before the American people tonight to meet the Berlin crisis.

Democratic congressional leaders held their weekly conference with the President at the White House, but reported that he did not tell them what he would say in the radio-television address he will deliver at 9 p.m. (Pontiac time).

Cost of Living at Record High

Major Factors in Rise Include Higher Prices for Cars, Gas, Textiles

WASHINGTON (AP) — The cost of living rose two-tenths of 1 per cent in June to reach a new high.

The Labor Department reported the major factors in the rise were increased prices for used cars, gasoline and household textiles.

Ewan Clague, commissioner of labor statistics, told reporters nonfood commodities were the largest factor in the rise, "although food went up to some extent."

He said fruits and vegetables generally rise at this time of year.

Earnings Rise

Clague called attention to a rise in the next spendable earnings of factory workers.

After four months of steady rise the buying power of factory workers in June reached the record levels previously set in June and December of 1959.

The department's consumer price index for June reached 127.6 per cent of the 1947-48 average — an increase of nine-tenths of 1 per cent.

(Continued on Page 2, Col. 3)

Wednesday Will Be Less Humid, With High of 84

Skies will be fair and the low about 63 tonight, the weatherman says.

Wednesday will be partly cloudy and less humid with temperatures climbing into the 80s again. The high is expected to hit 84. The outlook for Thursday is continued warmth with a chance of scattered showers.

Westerly morning winds at 10 miles per hour will diminish to light, becoming variable tomorrow.

Sixty-six was the lowest recorded in downtown Pontiac preceding 8 a.m. The thermometer reading at 1 p.m. was 76.

Tipsico Lake Yields Body of Detroit Youth

The body of an 18-year-old Detroit youth who drowned yesterday in Tipsico Lake, Rose Township, was recovered this morning by sheriff's department.

However, administration sources did not rule out a tax increase later if inflation should threaten.

\$3 BILLION OK?

Congress appears ready to support an expected request for an increase of \$3 billion or more in defense spending.

But there is a sharp difference of opinion among members on whether action should be taken at this time to increase taxes.

The general belief among the

Philadelphians Riot, Stone Mayor

PHILADELPHIA (UPI)—Mayor Richardson Dilworth braved salvos of rocks, bottles and garbage Monday night from a jeering crowd of 2,000 persons angry over his plan to charge car owners \$40 a year to park on the street.

A constabulary suffered a gash on the face by a tossed bottle, several newsmen were roughed up or struck by flying debris and the mayor himself had to duck suddenly when a stone smashed through a window of the George Washington School auditorium where he had gone to explain his project.

Massed around the entrance were more than 1,500 residents, booing and hissing and shouting

wedge of policemen and missiles that rained down on his car. His wife was forced to remain inside and later left under escort of police commissioner Albert N. Brown.

Dilworth later described the wild two-hour demonstration as the worst situation he has faced in 14 years of campaigning.

Nazi-type salutes rang out from the crowd of 500 persons jammed inside the auditorium when Dilworth began defending the program.

Massed around the entrance were more than 1,500 residents, booing and hissing and shouting

derision at the mayor. At one point he was dared to come outside.

The outside crowd hurled the barges of rocks and bottles which shattered the auditorium windows while Dilworth remained defiantly at a lectern inside attempting to outline his plan.

The residents of a 20-block area had been protesting since the mayor announced his plan and singled out that section as the pilot area.

CRIES OF 'NO'

Feelings were intensified when police began a stepped-up drive

of ticketing cars illegally parked in the area.

Each of Dilworth's statements to the crowd inside was greeted with angry cries of "No, no." Scores rose together with arms extended and thumbs pointed down to signify their objections to the plan.

The mayor charged that the demonstration was triggered by a small core of "about 10 to 12 young fellows."

Police Commissioner Albert Brown claimed that certain persons had been planned in the audience.

Dilworth promised a police investigation of the incident.

Press Will Offer Election Results

The Pontiac Press will give voting results of the constitutional convention balloting in Districts 1, 2 and 3 this evening. Totals on the civil service issue in Waterford will also be offered.

This information will be given out beginning at 9:30 p.m. The telephone number is Federal 2-8181.

Some Area Gas Stations Raise Prices Eight Cents

A price increase of eight cents a gallon at most Pontiac area gas stations seemed to be in store for motorists as independents and Standard Oil Co. announced price hikes today.

Standard Oil announced a retail price jump in Southeastern Michigan from 24.9 cents to 32.9 a gallon for regular grade and 28.9 cents to 36.9 for premium.

Other major dealers were expected to announce similar increases, but as of noon only Shell Oil Co. had followed Standard's lead.

Shell upped its price seven cents to 31.9 cents a gallon for regular and 25.9 cents for premium grade.

Locally Pure Oil Co., Speedway Petroleum Corp., Mobil Oil Co. and Sun Oil Co. all reported they were "studying the situation" but had reached no decision.

Clark Super Service Stations increased their price from 23.9 cents to 33.9 cents a gallon. Some 55 per cent of the 220 independent stations in the Detroit area reported price increases.

Standard said that the price hike still leaves its current prices a penny a gallon lower than they were on Jan. 1.

Standard's increase affected dealers in Wayne, Oakland, Macomb, Genesee, Lapeer and Shiawassee counties.

SWAINSON COMMENTS

The huge jump brought a comment from Gov. John B. Swainson in Lansing.

"The fact that the increase is general in the state, and its aim, casts doubt that it was arrived at by the gasoline companies independently," the governor said.

"The action shows the need for consumer representation in the executive branch of the government. I recommend this to the legislature as a means of determining facts in situations like this."

Start Selection of Opponents for Delegate Posts

County, State Citizens Taking Third Step to Replace Constitution

Oakland County and Michigan voters today were taking the third step in a six-link chain leading up to possible replacement of the much-amended state constitution.

At 7 a.m. voters started nominating Democrats and Republicans who will face each other in the Sept. 12 election — the fourth step. In the state 144 constitution convention delegates will be elected at that time.

Polls will remain open today until 8 p.m. County Clerk-Register Daniel T. Murphy Jr. said voters in line at any of the county's 311 voting precincts will be allowed to vote out today.

Murphy was hopeful that county voters would prove his Monday prediction wrong. At that time, he said only 23 per cent of the registered voters would vote out today.

"This is one time elected officials don't mind being proven wrong," Murphy said.

But a random check of polling places throughout the county at 10 a.m. proved him right so far. City and township clerks reported light turnouts and no lines at the usual 7 a.m. opening time.

One exception was noted in Bloomfield Township's Precinct No. 1 at the township hall where 54 voters had cast their ballots.

The township is the county's 3rd Legislative District where there is a spirited contest for the Republican nomination between former presidents of the State League of Women Voters and the State Bar.

MUST CUT LIST

County voters today must reduce a list of 61 candidates — 32 Democrats and 29 Republicans — to 12 nominees, one from each party for the county's six state representative districts.

There's no primary contest for the county's senatorial seat.

When the convention — the fifth step — convenes in Lansing Oct. 1, Oakland County will have (Continued on Page 2, Col. 4)

Girl, 6, Killed Crossing Street

Dashes Out Into Heavy Traffic on Elizabeth Lake Road

For the first time in her young life, Pamela Moore, 6, was off with the gang to the spot where the "big kids" play baseball.

This meant going up a half-block from her Lincoln Avenue home on Pontiac's west side, crossing busy Elizabeth Lake Avenue, then hopping the fence at Pontiac State Hospital.

Off beyond the fence, on the spacious hospital grounds, the neighborhood boys have their baseball games.

Pamela's parents, Mr. and Mrs. Edward J. Mosen, 162 Lincoln Ave., had forbidden her to cross Elizabeth Lake Avenue.

But at 4:45 p.m., yesterday, a couple of Pamela's little friends had already crossed the street and were busy clambering over the fence.

Another friend was still at the curb when Pamela began to cross for the very first time, darting out into rush-hour traffic.

She was struck by a westbound car and instantly killed.

The driver, Michael M. Knauck, 20, of 3037 Old Orchard Drive, Waterford Township, said he didn't even see the girl. He said he only heard the bump.

Another driver, Basilina Stivers, 36, of 3101 Greenleaf St., Union Lake, told Pontiac Patrol. (Continued on Page 2, Col. 7)

Polls Remain Open Until 8 P.M. in Con-Con Election

FLERS
PEED
IN YOUR CAR
