Executive MBA in Health Care Management or Information Systems Leadership

Join us for an information session for prospective Executive MBA students with concentrations in Health Care Management or Information Systems Leadership on Friday, March 19, 2010 at 5:30p.m.

The information session is the ideal format to hear about the program directly from the faculty coordinators. They will go over the program structure, application process and answer all your questions. The session will be held when our current students are meeting for class, so we anticipate being able to provide an opportunity to speak directly to the students about their experience.

Please confirm your attendance by email at milczars@oakland.edu or by phone to (248) 370-2059.

Although it may seem early to be thinking about next fall, we are encouraging students to apply early as the program size for Fall 2010 is limited to 30 students. For more information regarding the Executive MBA program please visit our website <http://emba.oakland.edu/>

SUMMARY

Interested in an Executive MBA with a focus on Health Care Management or Information Systems Leadership? Learn more about our exciting programs at our March 19 information meeting.
