

Ike Plans for Continued Prosperity

Bandit Takes a Loan

TILL EMPTIED—Beneficial Finance Co. clerks (l-r) Frieda Sleep, 18, of Milford, and Mrs. Janet Killian, 20, of Ortonville, examine the firm's empty cash drawer after a bandit held up the office yesterday afternoon, and made off with \$150. Miss Sleep said the bandit had been in the office earlier, inquiring about a loan on furniture. The firm is located on the second floor at 7 W. Lawrence St.

Lone Gunman Takes \$150 in Holdup of Loan Office

A mid-afternoon robbery in downtown Pontiac yesterday netted an armed bandit \$150 in cash, Pontiac Police said.

The lone bandit held four employees at gun point at 2:15 p.m. in the second floor office of the Beneficial Finance Company, 7 W. Lawrence St. No customers were present.

GM's Aerotrain Arrives in Detroit on Trial Run

NEW YORK (AP)—The revolutionary, new, lightweight "Aerotrain" built by General Motors Corp. makes its formal debut today on two railroads.

A thousand miles apart, two separate units of the train, headed by GM President Harlow H. Carr, as a "new concept" in railroading, appear on demonstration runs.

The New York Central Railroad will show one unit on the 23.5-mile trip from Chicago to Detroit. In the afternoon, the Pennsylvania Railroad puts the other unit through its paces on a run of 218.8 miles from Washington, D.C., to Newark, N.J.

The latter train will stop 10 miles short of New York because a city ordinance prevents diesel engines from using the river tunnels.

The GM train—a sleek, 10-coach job of aluminum and steel pulled by a jet-nosed diesel especially styled for it—is the latest entry in the field of lightweight trains. Three other manufacturers are making their own versions of what they think the passenger train of the future should be.

No Traffic Deaths

LUDINGTON (AP)—The city has closed its books on 1935 as a year free of traffic fatalities in Ludington.

Congress Gets Money Request to Combat Reds

Ike's Foreign Aid Plan for Asia, Middle East Could Total \$1 Billion

WASHINGTON (AP)—President Eisenhower asked Congress today to provide new long-range economic weapons to fight communism in South Asia and the Middle East.

Under the plan, the United States could commit itself to a total of one billion dollars foreign economic spending in any area over a 10-year period, with a maximum outlay of 100 million dollars for such projects in any one year.

The request is due for a critical inspection on Capitol Hill, where many members have been urging (A) an end to all purely economic help abroad, and (B) a drastic scaling down of the administration's request for nearly five billion dollars in new foreign aid funds.

Rep. Richards (D-S.C.), chairman of the House Foreign Affairs Committee, told an interviewer the administration's plan to seek \$4,500,000,000 in foreign aid appropriations—compared with the \$2,700,000,000 Congress voted last year—will get "full consideration."

"I'm keeping an open mind," he said, "but I want to see the basis, the grounds for which they want this increase."

Secretary of State Dulles has said the appropriations step is needed mainly to build up the backlog so aid shipments can be kept flowing. He said actual spending next year will be about 200 million above the estimated \$4,200,000,000 this year.

Under the long-range formula, the government would be able to pledge assistance up to a maximum of 10 years. It would have to go to Congress for annual appropriations, however, which would give Congress the power of review or veto.

Leap Year to Help British Women in Nabbing Mates

LONDON (INS)—It's getting easier for British girls to nab a husband.

And the news—contained in an official report by the registrar-general's statistical review of England and Wales—could hardly have come at a better time.

For 1936 is leap year, when traditionally it is perfectly in order for a woman to propose to a man.

The review said: "For females, there is certainly no lack of partners to choose from at the younger ages."

The statistics showed that for every ten unmarried girls between 20 and 24 years of age there are about 14 bachelors of similar age.

Also for every ten unmarried women between 25 and 34 there are 13 bachelors in the same age group.

The review also said that a woman's chance for having twins, triplets, or quads is increasing.

Appointed

FRANK V. BRIDGE

Division Names New Sales Head

Frank Bridge Appointed Successor to Crawford at Pontiac Motor

Frank V. Bridge has been appointed general sales manager of Pontiac Motor Division, Robert M. Critchfield, general manager of Pontiac and vice president of General Motors has announced.

Assistant general sales manager of Buick since 1930, Bridge was a member of the Buick factory sales organization since 1930. He succeeds Howard E. Crawford, who has resigned his position as general sales manager.

Crawford has been granted a leave of absence because of ill health. Bridge's appointment is effective immediately.

Critchfield said, "I am delighted to announce Bridge's appointment to head the Pontiac sales organization. He has had extensive experience in every phase of the retail automobile business, and has demonstrated an outstanding capacity for leadership."

A native of Plankinton, S. D., Bridge attended the University of South Dakota and the South Dakota State School of Mines. In 1926 he began work as a salesman for a Buick dealer in Rapid City, S. D.

He joined Buick as district sales manager in Minneapolis in 1930, and later served as assistant zone manager there, and zone manager in Denver, St. Louis, Minneapolis, Los Angeles and Chicago.

Appointed regional sales manager for Buick in Chicago in 1949, the following year he was named assistant general sales manager for the Eastern area, with headquarters in New York.

Bank Pays Dividend of 85 Cents a Share

A dividend of 85 cents per share on common stock has been paid by the Community National Bank to stockholders of record Dec. 31, 1935. A. C. Girard, president and board chairman, announced today.

The return was an increase of 15 cents per share over dividends paid June 30, 1935, Girard said. The stock has a par value of \$10.

The bank will conduct its annual meeting of stockholders Jan. 17 at 10 a.m.

City Needs More Parking, Residents of Area Claim

In a random survey taken yesterday in downtown Pontiac, citizens of the city and its suburbs voiced a strong need for additional municipal parking lots in the city.

On Nov. 22 the City Commission adopted an ordinance for a \$600,000 revenue bond municipal parking lot program which would provide for 624 5-cent-an-hour parking stalls in the city.

Action has been taken by a group opposing the program, to force a referendum election on the issue.

Ward Snider, 255 State: "Yes, we sure do need more municipal parking. I live on State street but have to park on West Huron many times because of lack of a closer space. We need at least one more big municipal lot like we have. There's a lot of people in Pontiac shopping out of the city because they can't find a place to park in the city."

Leonard McArthur, of Oxford: "I work in the city and we definitely need more municipal lots. It was terrible around Christmas time to find a space. Right today I find it is almost impossible to find a spot."

Mrs. Clarence Hardenburg, of Sylvan Lake: "We certainly do need more lots, and I shop in the city many times a week. I am strongly in favor of more municipal lots because the expense of Mrs. Hardenburg parking in privately operated lots is too high."

Henry Melberg, of Waterford Township: "We sure do need more parking lots especially if they can be put closer into the center of the city."

Mrs. Mae Oshe, 153 Michigan: "You hardly ever find a place in the city to park, so I would say I would like to see more municipal lots. I gave up shopping in the city during Christmas because I couldn't find a place to park."

Mrs. Oshe, Irving J. Gordon, 37, Bloomfield Terrace: "We definitely need more city lots. It would help both business and shoppers and everybody else concerned coming into the city. My wife experienced great difficulty in finding a parking space during Christmas and she often gave up and came home."

GORDON

Tell the Boss to Slow Up—It'll Help Everything

LOS ANGELES (AP)—The president-elect of the American Medical Assn. has this advice for tycoons: Slow down. Save yourself, and help business too.

"We could salvage some of our most valuable business executives if we could get them to slow their pace from a gallop to a trot," Dr. Dwight H. Murray told a county medical convention yesterday.

"In upper middle age, men should do such things as eat less salt and fats and, above all, take less stimulants."

Fear of the Lord?

MADISON, Wis. (INS)—A motorist, frightened by the heavy holiday traffic toll, suggests, "Equip all cars with an instrument that will automatically sing 'Nearer My God to Thee' when the speedometer hits 50."

80 Today

KONRAD ADENAUER

Born in being deluged with messages and gifts for Konrad Adenauer, chancellor of West Germany who marks his 80th birthday today. Among them is an award of the Order of the Golden Spur sent by Pope Pius XII. A week-long celebration will honor "Der Alte" of democratic Germany. A personality profile of this dynamic world leader is presented in the last of three articles on Page 8.

Rising Temperatures Forecast for Area

The U.S. Weather Bureau forecast for tonight and tomorrow will be fair to partly cloudy. It will be somewhat warmer this afternoon with a low tonight of 24 to 28 degrees. The high tomorrow will be near 40.

The lowest temperature preceding 8 a.m. was 21. The thermometer registered 28 at 1 p.m.

Michigan Youth Is First Colorado Traffic Fatality

LIMON, Colo. (AP)—A 17-year-old Howell, Mich., youth was Colorado's first traffic fatality of the new year.

Edwin R. Baldwin died yesterday in a fatal hospital shortly after an automobile driven by his brother, Peter, 24, skidded off U.S. 4 about six miles west of Limon and overturned. The brother was not seriously hurt.

State of the Union Message Delivered This Afternoon

WASHINGTON (AP)—Following is the text of President Eisenhower's State of the Union message to Congress today:

To the Congress of the United States:

The opening of this new year must arouse in us all grateful thanks to a kind providence whose protection has been ever present and whose bounty has been manifold and abundant.

The state of the Union today demonstrates what can be accomplished under God by a free people; by their vision, their understanding of national problems, their initiative, their self-reliance, their capacity for work—and by their willingness to sacrifice whenever sacrifice is needed.

In the past three years, responding to what our people want their government to do, the Congress and the executive have done much in building a stronger, better America. There has been broad progress in fostering the energies of our people, in providing greater opportunity for the satisfaction of their needs and in fulfilling their

demands for the strength and security of the republic.

Our country is at peace, our security posture commands respect. A spiritual vigor marks our national life. Our economy, approaching the \$400 billion mark, is at an unparalleled level of prosperity. The national income is more widely and fairly distributed than ever before.

The number of Americans at work has reached an all-time high. As a people, we are achieving ever higher standards of living—earning more, producing more, consuming more, building more and investing more than ever before.

Virtually all sectors of our society are sharing in these good times. Our farm families, if we act wisely, imaginatively and promptly to strengthen our present farm programs, can also look forward to sharing equitably in the prosperity they have helped to create.

War in Korea ended two and a half years ago. The collective security system has been powerfully

strengthened. Our defenses have been reinforced at sharply reduced costs. Programs to expand world trade and to harness the atom for the betterment of mankind have been carried forward. Our economy has been freed from governmental wage and price controls. Inflation has been halted; the cost of living stabilized.

Government spending has been cut by more than ten billion dollars. Nearly three hundred thousand positions have been eliminated from the federal payroll.

Taxes have been substantially reduced. A balanced budget is in prospect.

Social security has been extended

ed to ten million more Americans and unemployment insurance to four million more. Unprecedented advances in civil rights have been made. The long-standing and deep-seated problems of agriculture have been forthrightly attacked. This record of progress has been accomplished with a self-imposed caution against unnecessary and unwise interference in the private affairs of our people, of their communities and of the several states.

If we of the executive and legislative branches, keeping this caution ever in mind, address ourselves to the business of the year before us—and to the unfinished business of last year—with resolution, the outlook is bright with promise.

Many measures of great national importance recommended last year to the Congress still demand immediate attention—legislation for school and highway construction; health and immigration legislation; water resources legislation; legislation to complete the implementation of our foreign economic policy;

such labor legislation as amendments of the Labor-Management Relations Act; extension of the Fair Labor Standards Act to additional groups not now covered, and occupational safety legislation; and legislation for construction of an atomic-powered exhibit vessel.

Many new items of business likewise require our attention—measures that will further promote the release of the energies of our people; that will broaden opportunity for all of them; that will advance the Republic in its leadership toward a just peace; measures, in short, that are essential to the building of an ever-stronger, ever-better America.

Every political and economic guide supports a valid confidence that wise effort will be rewarded by an even more plentiful harvest of human benefit than we now enjoy.

Our resources are too many, our principles too dynamic, our purposes too worthy and the issues at stake too immense for us to enter

tain doubt or fear. But our responsibilities require that we approach this year's business with a sober humility.

A heedless pride in our present strength and position would blind us to the facts of the future. We must walk ever in the knowledge that we are enriched by a heritage earned in the labor and sacrifice of our forebears; that, for our children's children, we are trustees of a great Republic and a time-tested political system; that we prosper as a cooperating member of the family of nations.

In this light, the administration has continued work on its program for the Republic, begun three years ago. Because the vast spread of national and human interests involved within it, I shall not in this message attempt its detailed delineation. Instead, from time to time during this session, there will be submitted to the Congress specific recommendations, within specific fields. In the comprehensive survey required for their preparation, the administration is

guided by enduring objectives. The first is: The discharge of our world responsibility.

Continued Threat to Free World

All were in agreement that a nuclear war would be an intolerable disaster which must not be permitted to occur. But in October, when the foreign ministers met again, the results demonstrated conclusively that the Soviet leaders are not yet willing to create the indispensable conditions for a secure and lasting peace.

Nevertheless, it is clear that the conflict between international communism and freedom has taken on a new complexion. We know the Communist leaders have often practiced the tactics of retreat and zigzag. We know that Soviet and Chinese communism still poses a serious threat to the free world. And in the Middle East recent Soviet moves are hardly

the world of moderation in the bitterness, of word and action, which tends to generate conflict and war.

Senator Denies Probe of 'Times'

Feud Emerges as Paper Employees Testify Before Investigators in Capital

WASHINGTON (INS) — The Senate internal security subcommittee called another New York Times employee for questioning today as a feud erupted between the newspaper and the investigators over the inquiry.

Otto Albertson, described by a subcommittee aide as a pro-Reader, was to be the day's first witness and the fourth man from the Times to be questioned in two days.

Of four other witnesses quizzed yesterday in the Senate group's investigation of Communism all but one had worked for the Times in the past.

However, subcommittee chairman James O. Eastland (D-Miss.) described as "bunk" a Times editorial charging that the influential newspaper had been "singled out" for attack.

Angry Editorial

The newspaper charged that it was being hit because of its opposition to "many of the things" for which the committee leadership stands. It named Eastland, Sen. William Jenner (R-Ind.) subcommittee member, and the group's counsel.

The angry editorial declared the Times has opposed segregation in the southern schools and has challenged "the high-handed and abusive methods employed by various congressional committees."

Eastland, in a telephone interview, declared:

"The New York Times denies when no one accuses. This thing is a smokescreen. I did not know what their position was on segregation. Of course, the Times is not under investigation."

Yesterday, at the conclusion of the first day of the current public hearings, the Mississippi senator told interviewing newsmen he stands on his insistence that the subcommittee is "not investigating the press" or any newspapers in particular.

Yesterday testimony was heard from James Glaser, former Communist Daily Worker managing editor, now a copy reader for the New York Post; John T. McManus, general manager of the "National Guardian"; Samuel Weisman, employed in the Times index department for 20 years; Jerry Zeph, Times proofreader, and Allan James Aronson, of the "Guardian."

All but Glaser are, or were for a time, on the Times staff.

Goodrich Family Receiving Help Following Fire

Many families are coming to the aid of the Truman Smith family of Goodrich who lost their home and its contents in a \$30,000 fire New Year's Day.

The former owner of the destroyed home at 473 Shuman Rd., Mrs. Jack Johnson, of 109 Green St., Pontiac, said today that nine families had donated clothing for the Smiths' 15 children.

"We still need clothing for the 4-year-old boy and the 5-year-old girl, plus more bedding and milk for the kids," said Mrs. Johnson.

When the fire Sunday leveled the Smiths' 10-room farm home, it marked the second time in months that tragedy had struck the large family. In October, their barn with cattle and riding horses trapped inside, was destroyed by fire.

The family is presently living with Mrs. Smith's sister, Mrs. Roy Baker, of 5610 Croswell, Pontiac.

Justice Moves Office

Waterford Township Justice William L. Lehighy has moved his law office and justice court to 1050 W. Huron St., Waterford Township, he announced yesterday.

Higher prices for sausages and newspapers are under investigation in Durin, Eire.

Jail Gets Praise From Inspector Following Tour

Oakland County Sheriff Frank Irons' renovated jail was praised yesterday by State jail inspector W. H. Nestle in a letter to Floyd Andrews, chairman of the Oakland County Board of Supervisors.

Nestle, who inspected the jail recently, commented:

"Sheriff Irons and his staff are to be commended on the outstanding supervision they are giving this jail."

A cleanup program of painting and alterations recently was completed in the jail.

Nestle recommended for the consideration of the board of supervisors the employment of two additional turnkeys, adding that with this improvement "the Oakland County Jail could become one of the finest in the country."

Ike Outlines Plans for Home, Abroad

(Continued From Page One)

White House, but avoids any direct reference to his political future.

Agriculture Secretary Ezra Taft Benson was flying to Key West today for a Friday conference with the President on the special agriculture message which will be sent to Congress Monday.

Eisenhower's message said the budget will be in balance this fiscal year and next. He declared, however, a tax cut would be justifiable only if it would not put the government into the red again.

Eisenhower declared Russia has shifted from "violence and the threat of violence to reliance on division, enticement and duplicity."

To meet the Russian threat, he called, among other things, for a stepped-up foreign aid program and asked Congress "to grant limited authority to make longer term commitments for assistance to such projects, to be fulfilled from appropriations to be made in future fiscal years."

Eisenhower's legislative program also called for:

1. A 25-billion-dollar program of federal aid to highways such as Congress failed to approve at the last session. Eisenhower suggested merely "an adequate plan of financing," rather than insisting on the long-term borrowing program which caused the highway plan to bog down last year.
2. Farm legislation, including a soil bank program as part of "a multi-sided assault on the stubborn problems of surpluses, prices, costs and markets." The program will be detailed in a special message next week.
3. A five-year program of federal aid to school building. This, too, will be outlined in greater detail in a later message.
4. A two-year slum clearance program calling for 35,000 public housing units in each of the two years.
5. Creation of a bipartisan commission to investigate charges that in some localities Negroes are being denied the right to vote.
6. Statehood for Hawaii, something the President has repeatedly asked and Congress has refused to approve. Eisenhower said he hoped "progress toward statehood" for Alaska also could be made at this session.
7. Revision of the immigration law so the number of persons admitted to this country each year could be based on the 1950 census rather than that of 1920. Eisenhower also asked amendment of the 1953 Refugee Relief Act so more immigrants can come from Greece and Italy and from the ranks of Iron Curtain escapes.

Eisenhower began his message with a review of progress he said had been made in the three years since he took office. In summary, he said:

"Our country is at peace. Our security posture commands respect. A spiritual vigor marks our national life. Our economy, approaching the 400-billion-dollar mark, is at an unparalleled level of prosperity. The national income is more widely and fairly distributed than ever before."

"The number of Americans at work has reached an all-time high. As a people, we are achieving even higher standards of living—earning more, producing more, consuming more, building more and investing more than ever before."

Clearing House for Draper Aid Is Established

Offers of assistance for the family of Mr. and Mrs. John B. Draper are now being accepted at the offices of the Urban League of Pontiac, 28 Orchard Lake Ave., officials announced today.

A fire last week gutted their home at 86 Gillespie St., and 8 of the 10 children are currently being housed in the Oakland County Children's Home.

Two of the youngsters are with their mother, Mrs. Lois Draper, who is staying with relatives. No one was injured in the blaze. Draper is employed at Pontiac Motor Division.

Donations of money, clothing or furniture will be welcome, according to league officials.

Mercury to Cut Working Force

About 2,450 Employees Will Be Affected, Say Division Officials

DETROIT (U) — Announcing a production cutback "to reflect current market conditions," Mercury Division of Ford Motor Co. says it will lay off about 2,450 employees.

These will include 1,300 at the St. Louis plant, 700 at Wayne, and 450 at Metuchen, N.J. Following the layoffs, Mercury will have a total employment of 15,888.

Some other auto producers have reduced output recently by cutting down on overtime.

Chrysler Corp. announced Dec. 16 it was laying off 1,400 in its Automotive Body Division and cutting back its Plymouth Division from an overtime schedule to a 40-hour week.

An eight per cent production cutback was announced previously by Chevrolet Division of General Motors.

Ford said it was retaining "most" of its 65,500 employees to a 40-hour week, but was adding 2,500 by putting its Louisville, Ky., and Mahwah, N.J., plants on a two-shift day in abolishing overtime.

Following the auto industry's record production of nearly eight million passenger cars in 1955, new car inventories in hands of dealers have been reported at a level of around 145,000.

Harlow H. Curtice, president of General Motors, and George Romney, president of American Motors, have said they expect the 1956 output will be 10 to 12 per cent below the 1955 peak.

L. L. Colbert, Chrysler president, in a year-end statement declared the 1955 output "is not a temporary phenomenon." He said, "we are confident that the growth in demand for cars will be continued and strengthened."

Ohio Strikers Crowd Westinghouse Plant

MANSFIELD, Ohio (INS) — Another 300 strikers milled around the Westinghouse Electric Corp. plant here today, shouting insults at returning workers, overturning a car and reportedly throwing rocks and punches.

About 150 men gathered in the plant parking lot for the second straight day while another 150 dispersed in small groups around the plant area. As each worker left his car to cross picket lines, the strikers trailed closely behind him, yelling intimidations.

Several men claimed they were punched or hit by rocks as they entered the plant, but by the time some of the dozen police officers spread around the plant area reached the trouble spot, the brief clash had died and another was in progress at some other section.

No one was seriously injured in the second day's melee, and at Westinghouse plants elsewhere in Ohio, where violence was previously reported, the situation was said to be "quiet."

Detroit Paper Strike at Standstill Today

DETROIT (U) — Detroit's newspaper strike entered its sixth week today with still no indication that publishers and striking unions are near to settling the first such tie-up in the city's history.

The Detroit Newspaper Publishers Assn., which represents the three struck metropolitan dailies, met yesterday with top officers of unions which bargain with the papers to present management's side of a jurisdictional dispute said to be a major stumbling block in negotiations.

The issue involves union jurisdiction over a number of new printing processes, although none is yet in operation at any of the three papers — the morning Free Press and the afternoon Times and News.

Neither the publishers nor the striking mailers, stereotypes and printers planned any meetings for today.

Williams Scores Point on MSU-UCLA Remark

HOLLYWOOD, Calif. (U) — Gov. G. Mennen Williams showed a talent for fast gulps in commenting on Michigan State's 17-14 victory over UCLA in the Rose Bowl game.

The governor, appearing on a television program, was asked whether he thought it was fair that MSU's game winning field goal followed a disputed penalty against UCLA.

"No, I don't think it was fair," he replied, then added quickly: "I think it was terrific."

Appoint Two to Posts in Hospital Association

Sister Mary William, St. Joseph Mercy Hospital administrator, and Willis M. Brewer, Pontiac General Hospital trustee, have been named to one-year terms on committees of the Michigan Hospital Assn.

Brewer will serve on the Legislative Committee and Sister Mary William on the Educational Committee. The association has its headquarters in Lansing.

Pontiac Deaths

Mrs. Alfred Beiter
Mrs. Alfred (Mary Ellen) Beiter, 64, of 1581 Kendall St., Sylvan Lake, died yesterday morning in St. Joseph Mercy Hospital. She had been ill three years.

Born in McGregor, Aug. 12, 1871, she was the daughter of M. E. and Ellen Briggs Merick.

Mrs. Beiter was a member of Central Methodist Church and had lived most of her life in Pontiac.

She is survived by a son, Philip Danielson of Sylvan Lake; two sisters, Ida Tuffelmire of Pontiac and Nellie Willis of Marysville.

The funeral will be at 1:30 p.m. Saturday from the Sparks-Griffin Chapel with her pastor, the Rev. Milton H. Bank, officiating. Burial will follow in White Chapel Memorial Cemetery.

Kenneth A. Clark

Kenneth A. Clark, 47, of 55 Williams St., died yesterday in Pontiac General Hospital after an illness of two months.

A civil engineer, he was born July 9, 1908, in Hudson and had lived in the Pontiac area 15 years.

Surviving are his wife, Helen, his mother, Mrs. Elva Clark of Attica; four children, Mrs. Betty Fitzpatrick, Vicki Gaye, Kenneth Jr. and Ronald, all of Pontiac.

Other survivors include two sisters and two brothers, Mrs. Cecile Vance of Flint, Roy Jr. of Attica, Mrs. Sophia Charlton and Walter, both of Detroit.

Service will be Saturday at 2 p.m. from the Pixley Funeral Home, Rochester. The Rev. Donald Olsen will officiate. Burial will be in Perry Mt. Park Cemetery.

Robert A. Malloy

Prayer service will be held at 8 o'clock this evening in the Huntington Funeral Home for Robert A. Malloy, a former Pontiac resident. The funeral will be Friday at 10 a.m. in the Huntington Chapel with burial following in Mt. Hope Cemetery.

Mr. Malloy moved from Pontiac to Van Lan Court, Flint three years ago.

Clarence A. Marks

Clarence A. Marks, 78, of 425 Midway Ave., died at his home yesterday. He had been in ill health three years.

Born Aug. 3, 1879 in Ridgeway, Ohio, he was the son of George and Sarah Bondy Marks. On Sept. 28, 1907, he married Anna Christofferson in Manistique.

Mr. Marks had lived here 30 years coming to Pontiac from Manistique. He retired in 1932 from the Wilson Foundry & Machine Co. where he had been employed in the sanitation department for 26 years.

Besides his wife, he is survived by three sisters and three brothers, Mrs. Edith Ward of Lansing, Edward of Pontiac, Mrs. Stella Oliver of Green Bay, Wis., Mrs. Hattie Martin, James L. and George Marks, all of Manistique.

Services will be Saturday at 2:30 p.m. from the Donelson-Johns Funeral Home. The Rev. Quentin Williams of the Emmanuel Baptist Church will officiate with burial in White Chapel Memorial Cemetery. Friends may call after 7 o'clock this evening.

Donald A. Plankel

Service for Donald A. Plankel, assistant prosecuting attorney, who collapsed while attending to duties in the courthouse Tuesday, will be Friday at 2 p.m. in the Weasels Funeral Home, 23690 Woodward Ave., Pleasant Ridge.

Mr. Plankel had served as assistant prosecuting attorney for Oakland County from 1939 to 1943, then from 1946 until his death in St. Joseph Mercy Hospital Tuesday afternoon.

Born in Reading July 22, 1903, he was a graduate of the high school there and was graduated from Detroit College of Law in 1931.

A member of the Kirk in the Hills, he also belonged to the Michigan Bar Association, Northwood Lodge F&AM and the Royal Oak Elks.

He is survived by his wife, Frances Arlene, and a sister, Mrs. Roland (Frances) Eddy of Royal Oak.

Mr. Plankel, 52, who had lived in the county since 1923, made his home at 7405 Parkstone Lane, Birmingham.

Roy R. Tarbell

Word has been received of the death of Roy R. Tarbell, 71, of 42 Birthen St., Grand Rapids. A former Pontiac resident, Mr. Tarbell died yesterday in Tucson, Ariz.

A veteran of World War I, he had been employed here at the General Motors Truck & Coach Division and was a member of the First Baptist Church.

He is survived by his wife, Marie; two sisters and three brothers, Mrs. Eva G. Kellogg and Paul Eugene, both of Pontiac, David Tarbell of Detroit, Mrs. M. H. Dempsey and Harold Tarbell, both of Grand Rapids.

The funeral will be held Monday in the Sullivan Funeral Home, Grand Rapids.

Elderly Man Injured as Auto Skids on Ice

A 72-year-old Walled Lake man suffered a broken knee when his car skidded off an icy road yesterday, Sheriff's Deputies said.

Lester L. Pepper was treated in a Walled Lake clinic for the injury suffered on Oakley Park Rd., they said.

The Day in Birmingham

Two Films to Point Up Warning to City Children

BIRMINGHAM — A threatening danger to local children will be pointed up in two films to be previewed by Adams Parent-Teacher Assn. at its Monday meeting, and later will be shown to all the city's school children.

"The safety of our children in relation to the rising number of sex perverts occasionally operating in the Birmingham area" is the topic announced by the PTA for its meeting. The two films are "Dangerous Stranger," pertaining to elementary school children, and "Name Unknown" dealing with teenage safety. Both stress precautions children should take when accosted by strangers.

The meeting will also feature an interview between a police official and a Detroit newspaperman on children's safety, according to Program Chairman Don Farry.

The program comes as a follow-up to the PTA council's committee meeting held in October that decided on actions to protect children attending Birmingham theaters during Saturday afternoon cartoon shows. These cartoons attract an occasional deviate seeking an excuse to get near the children, according to the council.

Two fathers have volunteered to be present at each Saturday showing to help patrol the theaters, as a result of the council meeting.

That meeting was attended by Police Chief Ralph W. Mosley, Adams Principal Noah Blosser, and Vice President Bob Ellerby, and parents from other schools.

Sponsors of the event are the Birmingham Youth Committee, the Community House and the Ferndale-Pleasant Ridge Community Center, Peter Lewandowski, staff adviser of the latter, is directing the event and Dr. and Mrs. William Squires and Mr. and Mrs. Arthur Zimmer will be greeting.

Holy Name PTA will meet Monday night, with classroom conference set for 7 p.m. and business at 8:30 p.m. in the auditorium.

A Junior High school's youth program is slated for tomorrow from 7:30 to 9 p.m. at the Community House, with dancing, games, and light refreshments planned.

Sponsors of the event are the Birmingham Youth Committee, the Community House and the Ferndale-Pleasant Ridge Community Center, Peter Lewandowski, staff adviser of the latter, is directing the event and Dr. and Mrs. William Squires and Mr. and Mrs. Arthur Zimmer will be greeting.

SIMMS BROTHERS

United Church Women will install Mrs. Newell Allen as president at their annual meeting tomorrow at 10 a.m. in the First Baptist Church. Vice presidents are Mrs. Charles Breitmeyer, first; Mrs. Fraser Pomeroy, second; and Mrs. Donald Tracy, third.

Other officers are Mrs. Stewart Allen, treasurer; Mrs. Paul McNulty, recording secretary; and Mrs. Ruth Norton, corresponding secretary. Nominating committee for the recent election includes Mrs. George H. Coleman, Mrs. Richard Fowler and Mrs. Harry Martin.

Changing plans Tuesday evening just before installation, Pythian Sisters Temple No. 94 installed Mrs. Forest Moyer as most excellent chief to lead their group instead of Mrs. Holland Gowans.

Mrs. Gowans, elected two weeks ago, declined the post because of sudden illness of her daughter, and took the manager's post instead.

Two Streets Get New Lighting

Fluorescent Equipment Placed on Parke, Pike as Experiment

A new fluorescent street light system has been installed on two streets bordering the City Hall. John W. Emerson, city electrical superintendent, announced.

Six of the lights are located on Parke street while four are on Pike street. Emerson said the remaining four of the planned 14 will be installed this spring.

The lights, which have twice the light output of standard lamps, were installed and are being operated under a Consumer Power Co. experiment.

Pontiac is the first Michigan city to test the use of this kind of equipment under the Consumers Power system, Edward L. Karkau, Consumers district manager said.

Each light has four six-foot fluorescent lamps housed under a protective plastic cover. The poles stand 30 feet while the standard lights measure 25 feet.

The lighting project is an experiment to determine whether a city street can be lighted sufficiently from one side, Emerson said.

Male Chorus Set to Sing Locally on February 11

An inter-city male chorus sing Feb. 11 in Pontiac High School gymnasium will be co-sponsored by the MacDowell Male Chorus of Pontiac and the Pontiac Exchange Club, officials announced yesterday.

Over 300 members of eastern Michigan male chorus clubs, members of the Michigan Male Chorus Association, will sing in the joint concert.

Participating clubs are from Ann Arbor, Detroit, Flint, Midland, Port Huron, Pontiac, and Wyandotte. The Pontiac High School Boy's Glee Club also will participate.

Exchange Club president Leslie Ware said tickets are available from club members and members of the MacDowell Chorus.

New Circuit Judge Starts With a Rush

Oakland County's new circuit judge, Clark J. Adams, put in a busy first session yesterday.

Judge Adams' initial full-day appearance on the bench saw him dispose of four civil cases. He was installed Tuesday.

Cordovan leather is made from the hides of horses.

Meet Konrad Adenauer

He Rules Bonn With Strong Reins

By TOM AGOSTON
(Last of a series of three articles.)
BONN (INS) — Konrad Adenauer, whose government career started 50 years ago, has never enjoyed higher prestige at home or abroad than he does today, on his 80th birthday.

Like a predecessor, "Iron Chancellor" Otto Von Bismarck, Adenauer until his recent illness has failed to train independent minds as a precaution against the disintegration of a governing coalition.

The question which for years has sent a chill down the spines of Western statesmen is this — would Germany after Adenauer's passing from the political scene make a deal with Russia?

The danger, the chancellor himself realizes, lies in Germany's traditional relations with Russia, dating back to the days of Charles Magnus.

As of now, Adenauer's pro-Western policies are firmly anchored by the recent appointment of Dr. Heinrich von Brentano as foreign minister.

WARNED THE WEST

On the eve of the second Geneva conference, and newly back from Moscow, he discounted the "Geneva Spirit," when he declared: "You just cannot talk of the cold war having ended, or that there has been any relaxation of tensions."

He made it clear he was pessimistic about the Russians giving up control of Eastern Germany in the near future.

Top-ranking allied diplomats agree that so long as Adenauer and von Brentano control West German policy, the Western alliance never will be sacrificed, to deal with the Russians to buy unification.

HIS SUCCESSORS?

Adenauer's closest friends believe he will bend to the inevitable and agree to delegate some of his powers to Vice Chancellor Franz Blücher and a small group of intimates in coming months.

Possible candidates to succeed Adenauer aside from von Brentano, 61, are Karl Arnold, 54, Dupper Catholic province of the Ruhr state of North Rhine Westphalia; and Kurt Kiesinger, 51, parliamentary chairman of the foreign affairs committee. Meanwhile, he lives a full life.

mind statecraft with music, art and other interests. One has to be pretty close to him before he bares one of his choice souvenirs, consisting of two identical green folders, one obviously of recent vintage, the other faded with age. Both bear the heading "Dismissal."

DISMISSAL DOSSIERS

The first, marked "Dismissal — by Liberators," holds his notice of

ousting from his post as Cologne lord mayor at the hands of the British military governor Gen. Barracough, on grounds of "inefficiency" in 1945.

The second similarly marked in German script and headed "Dismissal — by Nazis" holds his dismissal notice from the same post 22 years before, by Hitler.

A natural born gadgeteer, who

has filled the house with self-designed or inspired labor saving devices, Adenauer can also lay claim to having invented the world's first illuminated darning egg.

As he was watching his wife battling with a darning needle in bad light, he said, "surely there must be a better way of doing this," and soon came up with a combination flashlight-darning egg.

Japan is exporting portable radios.

Traditional Fish in Japan Piles Up Woe for Grocers

TOKYO (AP)—All is woe in herring roe. Grocers' shelves are piled high with dried roe cakes, traditional New Year's fare in Japan. The delicacy is called "kazunoko" (little children) and is thought to promote fertility. Lately the herring have deserted Japanese fishing grounds for more northern waters, near Soviet territory. The catch of herring roe has fallen off—a third of the 1954 catch

and a 33rd of the bumper harvests of the 1920s. The demand was considered so strong and the supply so short that prices spiraled. Thousands of Japanese went without this New Year's. Their boycott brought the price down from the level of caviar to fish meal. The nation's leading economic paper said Tokyo grocers alone are stuck with 33,000 pounds, enough to furnish about half the tables in the metropolis. "New Year's is over; we don't need it," one housewife said. Said another, "I never liked the taste anyway."

India expects soon to be manufacturing 2,400 windmills a year.

Doctor Freed on Charge of Murder in Wife's Death

CHICAGO (AP)—A suburban Skokie physician was freed yesterday on a murder charge in the sleeping drug death of his wife. Harry Sullivan, Skokie justice of the peace, dismissed the charge against Dr. Hobart H. Todd, 43, after a coroner's jury was unable to determine whether the death of Mrs. Hazel Todd, 37, was accidental or intentional. Mrs. Todd's body was found in the bedroom of their home Dec. 2. Coroner Walter McCarron said a chemical analysis showed she died of barbiturate poisoning.

A-Energy Seen as Cancer Cure

Tiny A-Bombs Set Off
in Brain Prolong Lives,
Says Ex-AEC Medic

LOS ANGELES (INS) — A former medical director of the Atomic Energy Commission reports that miniature atomic bombs set off in the human brain have prolonged the lives of certain cancer victims.

Dr. John Hughes, now a medical and health education director for the Rockefeller Foundation of the Los Angeles County Medical Assn. told about the new cancer weapon at the physicians' midwinter convention yesterday.

Dr. Hughes was careful to point out that although the new atomic medicine treatment for cancer holds much promise, it has not resulted in cures but has only prolonged the useful life of patients, who otherwise would be bedridden until death.

He said the treatment of 23 persons so far by the new technique began with injecting a combination

of boron and borax into a vein. The boron has a mild attachment to cancer tissue. So it is taken up by malignant cells in the brain. The boron settles on cancerous cells in twice the number it attaches to normal cells. Then the patient is exposed to a beam of neutrons—the atom splitting agents from a nuclear reactor.

The neutrons hit the boron atoms and split them, creating a miniature explosion. The boron atoms are divided into two particles and release energy at the

rate of 2,400,000 million electron volts.

But the great energy is so localized that it serves effectively

only to destroy the cancer cells and not the normal ones.

Britain has an estimated 2,500,000 cats.

News From Bloomfield Hills

Snow Forms Background for Both Hunting, Skiing

BLOOMFIELD HILLS—Up in ski country, localities are finding snow just the right depth for alomping and shussing, but here the shallow depths appeal to horseback riders as picturesque background for fox hunting.

Bloomfield Open Hunt had about 15 riding after hounds and foxes in their New Year's hunt last weekend, with the 3-hour winter ride watched by many members from parked automobiles around the wooded course.

Going to northern Michigan for skiing this weekend are many residents. The Russell Stricklands of Country Club drive will be going to Otsego Ski Club, first of the winter's almost weekly trips for the parents and their three youngsters, Kent, John and Sherry.

Also going up this weekend are their neighbors, the David Lees of Pembroke road and their two boys, David and Tom.

The entire Strickland family just returned from a week at Mount Tremblant in the Laurentian Mountains of Canada.

With the James K. Campbells of West Maple road, the Frank Audettes of Detroit and two Grosse Pointe families, the Ray Whytes with sons, Peter and Tom, and the Sterling Dacksons with daughter, Pat, they stayed at the Tremblant Club. It was third year for all but the Audettes, on their initial ski visit to the Laurentians.

ENTERTAIN AT RESORT

The Arthur Hagmans of Cotton-tail lane, Bloomfield Township, entertained 30 Detroit area friends at their year-old resort 12 miles west of Grayling last weekend.

Among guests at Lake Valley resort were Mr. and Mrs. Clinton Clark, Miss Pat Key and Mr. and Mrs. Richard Frost, all of Birmingham.

The Hagmans and their daughter, Sandra, entertained at buffet luncheon, musical singing, and dancing at the Kiltanna Hotel on New Year's Eve.

The party marked the coming

of Fred Boeks, former Cadillac Chamber of Commerce manager, to Lake Valley. He will manage the resort for Hagman.

A buffet dinner tonight will be given by the Don Millers of Bloomfield Township for their son, Don, and daughter, Clair, and 40 friends at Bloomfield Open Hunt Club.

Red and white checked cloths and candles will be on the tables where guests will eat the buffet dinner, and an orchestra will play for dancing.

TO REPRESENT CLUB

Going to New York next week to represent the Bloomfield Open Hunt Club, which sponsors the Detroit Horse Show each year, at the American Horse Show Assn. meeting are Irving J. Duffy, the local show's chairman, and D. C. McIntyre, manager of the club and its show.

Mr. Duffy's son, Frank, will be leaving late this month to take his place with other Olympic riders in tryouts at Tryon, N.C.

Frank, 15, already has passed tryouts, but his horses, which are being sent to Tryon tomorrow, will be judged and 2 of 4 will accompany him to Sweden next spring for the Olympic horse events.

Maj. Robert Borg is here with two of his own horses, and will take the Irving horses and his own to Tryon. Maj. Borg will train the U.S. team for the 3-day events, including dressage, cross-country, and stadium jumping.

In Washington, D.C., Mrs. William Dowling was missing for two hours after her horse threw her from its back and ran away.

Mrs. Dowling, who with her husband belongs to the Hunt Club here, and moved to the capital when he was appointed to a Commerce Department administrative post by President Eisenhower last fall, suffered a broken hip in the fall.

She lay in the wood for several hours before searchers found her. Their son and daughter are living in their home in Bloomfield Hills.

Luncheon guests of Mrs. Sidney J. Sabourin of Golvivew, Bloomfield Village, Wednesday noon were neighbors, Mrs. D. J. Orth, Mrs. L. P. Lucia and Mrs. Victor Keller.

Blind Date Leads to Engagement Julius Picks Ava's Type

By JACK O'BRIEN

NEW YORK (INS) — Julius LaRosa, fired by Arthur Godfrey into a \$500,000 income in 1935, is engaged — to Perry Como's beautiful, Ava Gardner-like secretary, Rosemary Meyer.

after scouts saw her pictures in the newspapers.

The brown-eyed brunette, strikingly good-looking Miss Meyer is the daughter of Mr. and Mrs. Clarence J. Meyer of Manitowoc. Her father is an architect and draftsman.

Called "Rory" since she was 6 months old, Miss Meyer met Julius last February on a blind date when the ex-Godfrey singer "couldn't think of anyone" to escort to a performance of another Godfrey gang graduate, Marion Marlowe.

Julius is the only son of Salvatore and Lucy LaRosa of Mount Vernon, N. Y., formerly of Brooklyn, where the elder LaRosa was in the radio-TV repair business.

NEW YORK HOME

Julius didn't know today where the nuptials would take place, although Manitowoc seemed most likely. The couple will live in New York.

That conventional date — preceded by proper introductions arranged by a friend and business associate — was followed by almost a year in which Julius hardly looked at any other young woman.

Outside of one date with movie star Dorothy Malone, "it has been Rory all the time," his friends tell us.

Julius' highly publicized romance with 27-year-old Dorothy McGuire of the singing McGuire trio had presented a religious hurdle impossible to surmount. Julius is a Roman Catholic, Dorothy a Protestant who was separated at the time from her husband, Army Sgt. John Brown.

Rory is a beautiful 24-year-old native of Manitowoc, Wis. Julius was 26 on Monday.

Rory Meyer is a devout Roman Catholic as is Julius, and now no religious problems exist at all.

She came to New York four years ago to study psychology and liberal arts at Columbia University. After some months at Columbia, the business world seemed to offer better opportunities quicker. She held several jobs before becoming Perry Como's private secretary.

The Dorothy-Julius complications were erased by Dorothy herself just one year ago when she surprised everyone — mostly Julius — by reuniting with her estranged husband after a cupid-type weekend flight to Miami Beach with Arthur Godfrey.

STEP UPWARD

Two years ago when Perry's previous aide got married, Rory was with United Air Lines but sought the job with Como as a larger step upward in a secretarial career.

The estrangement of Dorothy and Sgt. Brown, which had been so definite that Dorothy even sent him a "Dear John" letter in Korea asking for a divorce, promptly ended.

A familiar beautiful face to many persons in show business, because of Como's prominence in radio, TV, records, music publishing and other phases of entertainment Rory usually is described as "a ladylike Ava Gardner."

They were reunited last January and were separated again only a couple of months later. Sgt. Brown immediately re-enlisted in the Army and after being assigned to Florida filed suit for divorce Aug. 16 charging cruelty.

The similarity was emphasized more than a year ago when Ava's movie "The Baroque Countess" opened and a contest was held to find a "double for Ava Gardner." Someone in her office sent in Rory's photograph and she won first prize.

When this news came to Dorothy's attention she filed a countersuit two weeks later. She also charged cruelty, asking not only her divorce, but court costs and alimony from her sergeant-husband.

Reluctant to accept the honor, she finally went through with it, but emphatically turned down movie tests from MGM, United Artists and other major studios.

Having passed the half-million bracket several weeks before Christmas, Julius decided to take the holiday season for vacation and a final campaign to win Rory's hand, knowing that he would be leaving New York on another nationwide tour starting next Monday in Houston, Tex.

Late Guest Ruins Lunch for Others

Hostess Need Not Wait Longer Than 15 Minutes

By EMILY POST

A woman writes me: "Just recently I gave a luncheon for eight at my house. One of the guests arrived 25 minutes after the hour set for lunch. I waited, thinking any minute she would arrive, and as a result, the menu I had planned was spoiled."

"When she finally arrived she made some sort of an excuse, but I think the least she could have done was to telephone me that she would be detained."

"In the meantime, the other guests grew restless and my whole lunch party was ruined. Isn't it inconsiderate and rude to be late to a luncheon or dinner?"

Answer: To be deliberately late for lunch or dinner is inexcusably rude. Furthermore, a hostess is not expected to wait longer than 15 minutes for a late guest, and if your menu is one that cannot stand, you do not allow the food to spoil for all of your other guests because of a delinquent one.

"Dear Mrs. Post: I am to have a very simple wedding in church, after which my family is giving a supper for just the immediate families and half a dozen friends. Must we invite the clergyman to the house afterward? And what about inviting his wife whom we hardly know?"

Answer: You would not include the clergyman unless he is one of the half-dozen dearest friends you mention. But you would invite him — and his wife also — should you decide after all to ask many more people.

"Dear Mrs. Post: I was given a set of sterling silver flatware by my mother-in-law for a wedding present. Instead of tablespoons I received round-bowled soup spoons."

"As I do not serve soup very often, I have very little use for this type spoon and was wondering if they may be used for anything other than soup."

Answer: They could be used for cereal and for certain desserts, such as ice cream, stewed fruits and soft puddings.

Make Cook Dapper

For Christmas the party cook in your house might enjoy a chef's hat and apron or perhaps a new spice set. One seasoner set comes in blue, pink and sand ceramic with black trim.

A pepper mill and salt shaker is accompanied by two matching herb jars that the cook can label herself from labels in the package.

Mr. and Mrs. James F. Blain of LeGrande avenue announce the engagement of their daughter, Charlene, to David S. Dennis, the son of Mr. and Mrs. B. E. Dennis of East Kennett road. She attended Central Michigan College and he is a senior in the School of Engineering, Marquette University, Milwaukee.

F. FAY WESTERMAN

The engagement of their daughter, Fay Westerman, to Clifford H. Mullikin is announced by Mr. and Mrs. Frank Westerman of Wall street. He is the son of Mr. and Mrs. William H. Mullikin of DeMark, Tenn. A December wedding is planned.

Decorate Closet to Be as Pretty as Room Itself

NEW YORK (INS)—Don't close the door on your closets when it comes time to decorate them.

Instead, remember that occasionally outsiders do look inside—and it might give you a lift if you had a good-looking closet to peek into.

An added reason for keeping closets looking well is that a pretty one is likely to influence the youngster in the house to keep neat.

If you have a spacious closet, erect two clothes bars. The back one can come in very handy for storing summer clothes in the winter, and winter clothes in hot weather.

Curtain off the storage section from the front for appearance's sake, preferably with a gay curtain that blends in well with your color scheme.

Remember that the inside of a closet looks well painted the same color as the room. If you have some leftover wallpaper, you might try papering at least the top half for a gay effect.

Then, making something special of your hangers—either cover them with cloth or paint them a bright color. For a really extra touch, sew some brilliant or rhinestone to the cloth covering.

Tack a trim of chintz or oilcloth along the edges of the shelves for a final, restful touch.

Smooth as suede—that's the name for a new suede jacket. Cut on straight, lines and featuring deep pockets. It's ideal for casual wear on "in-between" days, when it's too warm for winter clothes and too cool for lighter duds.

Just Become Too, Too Busy to See Him

By ELIZABETH WOODWARD

"Dear Miss Woodward: I've been going with him for two months. He's a nice boy, but I don't like him well enough to go steady."

"My friends tell me just to go right up to him and tell him, but it seems I lose my nerve when I start to. I'm 15 and think I'm too young to go steady, anyway. Could you please help me?"

Answer: Do you've just plain sick and tired of him after two months? He's no longer an exciting mystery? You know everything he's going to say before he says it? You're fed up with the way he looks, thinks and acts? And you want to cut loose?

Maybe it's because he was the wrong choice in the first place. There wasn't anyone else particularly eligible, and he talked you into it. Maybe now that you've gotten to know him it's obvious that you aren't congenial really.

Or maybe you've got your eye on someone else. And with him you haven't a chance while you're encumbered with a steady bean.

You want to get rid of the ball and chain without too much commotion, don't you? Well, the one thing you can't do is tell him you don't like him enough. That puts all the blame on him. And it's not his fault that he's the way he is and your interest isn't enough.

Nor can you tell him with any hope that you don't want it to be steady any more, just now and then. Only a red-blooded man will rear back and tell you that if you position as top lady in his life isn't giving you any pleasure, you can count him out.

A good, old-fashioned fight would fix things for you. You can start in pointing out one of his faults after another. You can blame him for a

lot of things he never did. And all of this in gradually rising tones.

You can snap back, make critical remarks, and wind up without a steady bean—but with a permanent enemy. But life can be grim enough without manufacturing opposition.

The George Petersens of Dakota drive announce the engagement of their daughter, Shirley, and Robert Van Duyn, son of the E. D. Van Duynes of Kansas City, Mo. She is a senior at University of Michigan School of Nursing and he is a graduate student at U. of M. A September wedding is planned.

SHIRLEY PETERSEN

Working Grandma Says: Keep Busy, Look Young

By DOROTHY BOE

Associated Press Women's Editor

The way to stay young and look your best is to keep busy, says Margaret Rudkin, a glamorous red-haired grandmother whose latest honor is the award of the medal of honor from the Women's International Exposition.

Mrs. Rudkin, who started with a lot of home-baked bread and built an international business, says:

"My own grandmother had retired to her shawl and her rocking chair at my age, and wore her bonnet and best black silk dress only on Sundays."

Mrs. Rudkin, on the other hand, is given to frivolous Paris hats and spike heels, keeps up with the latest in art and literature and manages a far-flung business empire with accomplished ease.

Despite her fantastic success, however, she knows every employee at her Pepperidge Farms in Norwalk, Conn., and personally supervises the old-fashioned ingredients and hand processes that go into her bread.

Mrs. Rudkin has a granddaughter Margaret Rudkin, aged 10 months, daughter of her son Henry J. Says grandma:

"She's simply wonderful, has red hair just like me, and I'm going to see to it that she has a career. I'd like to see her go to Harvard Business School."

Mrs. Rudkin feels that the world's happiest women as well as some of the most glamorous get that way from keeping busy, not growing bored, having more than they can do most of the time. Says she:

"When you're in business you have to be on your toes, look your best, but spend less time at it. When you have to do these things, you do them, and manage to be efficient about it."

"I think women's worst enemy is boredom, which comes of not

having enough to do. I might add that I never have had that trouble."

The choice of Mrs. Rudkin as recipient of the current "award to industry" of the Women's International Exposition was made in recognition of:

1. Her outstanding business success in an area of special interest to women (namely, bread).
2. The job opportunities she has provided through the years for women.
3. Her encouragement to women in the field of economics by the establishment of annual scholarships at Connecticut College for Women, at Howard University and to the Lucy Stone League, to be awarded by the league to a worthy student.
4. Her keen interest in art and her financial support of many worthwhile causes of benefit to women.
5. Her policy of giving her employees, both men and women, a sense of personal participation in her own business.

When notified of the new honor, Mrs. Rudkin exclaimed happily: "I suppose I should say I don't deserve it, but let me have it quick!"

Altar Society Elects Officers

Officers were elected when members of St. Michael Altar Society met in St. Michael Hall Tuesday evening.

Elected to office for the coming year were Mrs. Gayle Coulson, president; Mrs. Paul Singles, first vice president; Mrs. Charles Schwartz, second vice president; Mrs. Joseph Bower, third vice president; Mrs. Louis Petruska, secretary, and Mrs. John Myers, treasurer.

Jaycee Group Views Movies, Plans Activities

"America's Wonderland" and "Bermuda Holiday" were the movies shown by Ardie Grubaugh to members of the Junior Chamber of Commerce Auxiliary when they met Wednesday for their January dinner session at Hotel Waldron.

A Valentine party and box social will be held Feb. 11 at the home of Mr. and Mrs. William Treanor on Berwick boulevard.

Committees were appointed for the fashion show to be sponsored by the group on March 5. Mrs. Mayan Siple will serve as chairman of the refreshment committee, Mrs. James Martin, hall, and Mrs. Robert Nordman, tickets. Mrs. Jerry DuBois and her committee will handle post-show arrangements.

Mrs. Al Hansen reported on the recent state convention in Grand Rapids.

Latest Skiing Vogue

Very wide leather belts, built like a narrow waist-cinching corset, are the latest thing to wear with a skiing outfit.

One charming Paris creation is such a corset belt in red leather with jingle-bells all around the lower edge. It looks and sounds amusing and is smart over a black skiing outfit for a wasp-waisted girl.

C. F. DICK

The promotion of C. F. Dick to the post of assistant general sales manager of the Coach Division of GMC Truck & Coach Division was announced today by E. P. Crenshaw, division general sales manager.

Dick will move to Pontiac from Los Angeles, Calif., where he has served as regional manager on the West Coast for the past five years.

A 32-year veteran of the bus industry, Dick joined the company in 1923 when the original firm, the Yellow Cab Manufacturing Co., had its headquarters in Chicago. He was advanced to assistant sales manager of taxicabs when Yellow Cab became part of General Motors.

Dick joined the Coach Sales Dept. after taxicab production ceased, becoming distribution manager in 1944 and executive assistant to the sales manager in 1946.

In another appointment, the division named Mitchell A. Samuelson coach representative for the territory comprising Arizona, Nevada and Southern California.

Samuelson joined General Motors December 1, 1955. Before his association with the firm he was a regional manager for the Burlington Transportation Co., of Omaha, and later vice-president of the Gibson Lines, of Sacramento.
