

Waterford Approves 2 School Issues

Pioneer Streaks Close to Moon on Flight to Sun

WASHINGTON (AP)—Pioneer IV streaked close to the level of the moon today in America's most successful probe into the mysteries of the farther reaches of space.

The tracking station at Goldstone Dry Lake in the Mojave Desert re-established radio contact at 7:33 a.m. EST and reported the gold-plated cone 192,000 miles out, with its speed down to 4,775 miles an hour.

Ike Plans Meet With Macmillan

Will Discuss Future Russian Negotiations on German Situation

WASHINGTON (AP)—A mid-March meeting between President Eisenhower and British Prime Minister Harold Macmillan was being arranged today to discuss new negotiations with the Soviet Union on the German situation.

The Soviet government has agreed conditionally to a foreign ministers conference but has stated terms which U. S. officials call unacceptable.

Diplomatic authorities indicated the United States, Britain and France probably would send counter proposals to the Soviet Union, insisting that any meeting on German issues must be wide open as to the problems which can be discussed.

The Soviet note called for a conference which would deal only with the future of West Berlin and the Soviet proposal for a peace treaty to be signed by both East and West Germany.

White House press secretary James C. Hagerty announced Tuesday that Eisenhower had asked Macmillan to come here. He put it in these words: "The President has invited the prime minister of Great Britain to come here to Washington at his convenience."

Macmillan is expected to fly here late next week. He told newsmen in London Tuesday he hoped to talk with Eisenhower by the middle of the month.

Hagerty, queried about the purpose of the meeting, said "It certainly is to talk about the situation in Berlin." He added "And I would assume his trip to Moscow."

Macmillan has just returned home from 10 days visiting in the Soviet Union and conferring with Premier Nikita Khrushchev.

Hospital Agrees to Pay Disputed Repair Expense

City to Receive Refunds After Pontiac General Builds Cash Reserve

Pontiac General Hospital has agreed to pay the cost of extra repairs blocking the expansion program.

The precedent-breaking concession was announced to the City Commission last night.

The hospital Board of Trustees voted to cover the extra costs as depreciation, not as new construction, thus avoiding a direct reversal of its traditional policy of not sharing in construction costs, said Harold B. Euler, hospital administrator.

This technically had been suggested by the city a week ago when commissioners agreed they would not advance funds for the repairs unless the hospital promised to reimburse the city later out of hospital revenues.

Under the new agreement between city and hospital, the city will advance necessary funds for repairs out of 1961 capital improvement funds.

The repairs—involving replacement of utilities in the hospital's east wing—probably will cost \$350,000-400,000, it is estimated. How much of this will come out of public funds is dependent on whether the Detroit Area Hospital Council provides a \$300,000 construction grant, now under consideration.

Other features of the agreement: 1. The hospital will begin paying back whatever the city advances "as soon as operating conditions permit."

2. The payments will be spread over a long span of years.

3. They won't start until the hospital has built up sufficient cash reserves to cover one month's operating expenses—about \$400,000. This comfortable financial position may not be reached until months or several years after the expansion program is completed.

4. As an added expense, the payments will affect room rates, which are the only source of revenue the hospital has. The degree to which room rates will be affected depends on the terms of payment.

5. The terms will be decided upon when the hospital gets into a financial position to begin payments.

SEEN AS 'VICTORY'

Several commissioners privately hailed the agreement as a victory. Since the \$3,000,000 hospital construction bonds were sold in 1954, the city has given or promised the hospital an additional \$1,450,000 out of tax revenues to complete the expansion program.

The hospital itself has contributed no funds to meet extra or added costs encountered as the building program progressed.

The Board of Trustees consistently has taken the position that its job is limited to running the hospital, while the city is obligated to provide the physical plant.

With the agreement completed, City Manager Walter K. Willman said he would reopen negotiations with local contractors for a final agreement under which they will begin the repair work and complete remodeling on a time-and-material basis.

Willman has estimated it will take at least eight months to complete the work, once it is begun.

The remodeling was halted last fall when the faulty installations were first discovered and there were no funds on hand for their replacement.

Hope Undergoing Tests on Impaired Vision

NEW YORK (AP)—Further tests were scheduled today to see what can be done about a blood clot which has impaired vision in the left eye of comedian Bob Hope.

Several hours of examination followed Hope's entry into the Columbia-Presbyterian Medical Center yesterday. The hospital said afterward that more tests were needed before any determination could be made.

The 55-year-old entertainer suffered an eye hemorrhage soon after returning Dec. 29 from an overseas tour of Armed Forces bases.

Failed to Stop at Railroad

Plains railroad crossing, police said. A freight train struck his auto, smashing it to a pile of rubble and killing Walsh instantly.

Drayton Plains Man Year's Eighth Road Fatality

Area Father Killed as Train Rams Car

A 29-year-old Drayton Plains father of two was killed at 6:45 this morning when his auto was struck by a southbound freight train at a Hatchery road crossing near Dixie Highway in Waterford Township.

Thomas L. Walsh, 4141 Woodmont St., was pronounced dead at the scene by Oakland County Deputy Coroner Dr. M. G. Prosser.

His late model station wagon was turned into a mass of twisted steel. He was thrown 45 feet from the point of impact, Waterford Township Police said.

The engineer of the Grand Trunk Western Railway freight train, Curtice A. Lawrence of Detroit, said signal lights and bells at the crossing were operating and that he sounded his horn before reaching the crossing.

He told police that Walsh had approached the train, driving parallel to the tracks along Saginaw trail. Walsh then turned right onto Hatchery and crossed the tracks.

The 85-car freight train, pulled by two diesel engines, struck Walsh's auto in the left rear, ripping out the left side and pulling it to a rail end on a side track.

Police found the auto overturned 15 feet from the crossing. The train was traveling at an estimated 40 m.p.h., police said.

The imprint of a "draw bar," or coupler, on the front of the engine was found in the auto just above the left rear wheel.

Walsh was employed by Chrysler Engineering Division. He leaves his wife, Ruby, a six-year-old girl and three-year-old boy.

Walsh's body was taken to Coats and Clark Funeral Home in Drayton Plains.

Bill to Broaden Sales Tax Pushed in State Senate

LANSING (AP)—Support was gathering in the Senate today for a new \$8 million dollar proposal to broaden the base of the sales tax. It would not change the existing three per cent rate.

Meanwhile, Republicans and Democrats in the House struck an Alphonse and Gaston pose in continued fencing over some sort of borrowing proposal to offer voters April 6. Chances of agreement neared the vanishing point.

Sen. Perry W. Greene (R-Grand Rapids), prime mover of the sales tax base broadening plan, said he could get a dozen or more signers for his bill, including some Democrats, if it were ready to go now.

After a conference with revenue department officials yesterday, he said it will take another week or so to get it ready.

Mainly, it will call for lifting present exemptions on machinery, equipment and supplies used in industrial processing and agricultural production.

Greene also will ask for removal of exemptions on contractors, on commercial advertising, such as in catalogues, price lists and handbills, and elimination of the \$30 standard sales tax exemption.

The Grand Rapids senator based his estimate of support on continuation of the stalemate over raising the state's \$230,000 debt limit and utilizing the \$50 million dollar veterans trust fund.

His plan would have no significant impact on the cash emergency but might, if successful, go far toward heading off a state income tax increase.

Heart Attack Claims Jolly Lou Costello

HOLLYWOOD (UPI)—Jolly little Lou Costello is dead.

The slap-happy member of the famed Abbott and Costello comedy team died yesterday following a second heart attack, only three days before his 53rd birthday.

Hospitalized last Wednesday by a heart attack, Costello was given last rites of the Roman Catholic Church.

He was pronounced out of danger later in the week, but a blood clot snuffed out his life yesterday a few minutes after his wife Anne left his bedside to prepare dinner for the family.

Costello's unexpected death

(Picture on Page 2)

shocked Hollywood. His former partner, Bud Abbott, was in a state of collapse.

On hearing the news Abbott sobbed, "What can I say? What can I say? It's the worst thing that ever happened. Poor little Lou. He's dead. He's dead."

Straightman Abbott said he was watching a rerun of an old Abbott and Costello comedy routine on his TV set when Sherman telephoned the news.

"I was laughing my head off at (Continued on Page 2, Col. 1)

Ike Reassuring on U.S. Defenses

Warns Against Scare of War, Says General Mobilization Out

From Our News Wires

WASHINGTON — President Eisenhower warned today against war scare stemming from East-West tensions, saying the nation's defenses are powerful and satisfactory for the present.

He said the U. S. government is taking an optimistic view as possible of the outlook in the light of the last Soviet note.

In that note, delivered to the Western Allies earlier this week, the Soviets reluctantly agreed to a foreign ministers conference on the Berlin problem.

Eisenhower said today it would not only be futile but disastrous for the free world to have general mobilization against possible attack.

Eisenhower told his news conference that the present 15-minute alert, maintained by the Strategic Air Command is completely appropriate for world conditions.

The President said, however, that the matter of self-preservation comes into the picture.

He now faces trial in Oakland County Circuit Court on a gross indecency charge plus appeals on lower court convictions on charges of drunk driving and driving with a revoked license.

Hodge handed down his decision of not guilty yesterday afternoon saying, "My ruling was based primarily on the credibility of the prosecution witnesses."

"I may have been wrong, or may have been right, but legally I found it more than I could do to believe the story of the three youths. It is quality, not quantity that counts."

The youths testifying for the prosecution were James Palmer, 17, of 7861 Locklin St., West Bloomfield Township; Frank Secan, 16, of 2660 Overridge St.; and Captain Frank Wilson, 16, of 1045 Boston St., both of Waterford Township.

The three testified that they "got together \$2.22" and went to Mooney's home at 1651 Grimshaw St., Commerce Township, and asked him to buy them two six packs of beer.

Wilson said he went to a store with Mooney while the others stayed at Mooney's place.

A fourth teenager with the group was killed later that night (Dec. 13) when the youths were involved in an auto accident.

Mooney said the youths were at his home that night but denied buying beer for them.

Both Measures Win by Narrow Vote Margins

Provide Biggest Bond Setup for Construction, Special Millage

By narrow margins, voters of Waterford Township School District yesterday approved the biggest construction bond issue in the district's history and okayed special millage for operational costs.

Preserving their 10-year record of never turning down a school financing proposal, property owners cast 1,582 ballots in favor of a mammoth \$5,000,000 bond issue and 1,200 against it.

All voters were eligible to ballot on a special millage increase of five mills for five years, and this passed by an even slimmer margin of 1,467 votes to 1,334.

The millage is to cover expenses and salaries, not to retire the new bonds.

To be financed by the bond issue are a new high school, at least five new elementary schools and additions to several existing school buildings.

Also included in the huge school building program will be additions to the Maintenance and Board of Education buildings, as well as the purchase of additional sites for future schools.

Approval of the two propositions climaxed months of research, study and public explanation by Board of Education members and Supt. William Stunck.

Expressing his gratitude for the residents' support, Stunck said: "With so many Michigan school districts saying 'no' at the polls, and with our State Legislature still functioning in an atmosphere of indecision, it is gratifying and reassuring to know the people in the Waterford Township School District (Continued on Page 2, Col. 5)

Teacher Freed of Liquor Charge

Judge Questions Word of Minors Who Said He Bought Them Beer

Suspended Waterford Township High School teacher Arthur C. Mooney, 50, yesterday came through the first of four court cases unscathed.

He was acquitted on a charge of furnishing beer to minors by Pontiac Township Justice Robert W. Hodge.

Mooney stood mute to the charge when arraigned Dec. 19, before Hodge. His non-jury trial was postponed three times and finally got under way last Friday.

He now faces trial in Oakland County Circuit Court on a gross indecency charge plus appeals on lower court convictions on charges of drunk driving and driving with a revoked license.

Hodge handed down his decision of not guilty yesterday afternoon saying, "My ruling was based primarily on the credibility of the prosecution witnesses."

"I may have been wrong, or may have been right, but legally I found it more than I could do to believe the story of the three youths. It is quality, not quantity that counts."

The youths testifying for the prosecution were James Palmer, 17, of 7861 Locklin St., West Bloomfield Township; Frank Secan, 16, of 2660 Overridge St.; and Captain Frank Wilson, 16, of 1045 Boston St., both of Waterford Township.

Ah, Sweet Spring

A DOG'S FANCY — This is a weather picture. It is spring in San Francisco. Warm, balmy weather prevails. Pop, one-year-old Weimaraner belonging to Mr. and Mrs. Rick Paul, feels the vernal urge, too, but for beer. In fact, he can hardly wait for the glass to be filled. Licks it right from the can, oblivious of etiquette. But, then, it is spring and he is a gay young dog. Gayer, too, as soon as he finishes the can of beer.

Snow Forecast for Late Tonight

The U. S. Weather Bureau predicts snow late tonight and continuing tomorrow with the low tonight about 28 degrees.

The high Thursday will reach 32-38.

Temperatures for the next five days will average about two degrees below the normal high of 39 and normal low of 24. Friday and Saturday will be a little warmer with Sunday cold again.

Precipitation will average about one-half inch in snow Thursday, and snow or rain Saturday and Sunday.

Twenty-five was the lowest recorded temperature in downtown Pontiac preceding 8 a.m. The thermometer read 36 at 1 p.m.

Favor Teetotalers

DES MOINES (AP)—Persons who do not drink will be able to obtain special rates on fire insurance as well as auto insurance under a plan announced by preferred risk Mutual Insurance Co. of Des Moines.

any repetition of Monday's angry outbreak over an article in Time magazine, when rioters stoned the U. S. Embassy and burned an American flag.

A 15-year-old boy killed in the first eruption was to be buried today.

The riots claimed a second victim Tuesday night. Police fired to break up a group of demonstrators trying to rush the apparently deserted U. S. Embassy building. A Bolivian dentist standing nearby was killed by a stray bullet. The government

LA PAZ, Bolivia (AP)—Some 700 Americans in La Paz gathered outside Bolivia's capital today in fear that the funeral for a victim of Bolivia's anti-U. S. riots might touch off further violence.

State Department spokesman Lincoln White said in Washington that Americans in the capital, including the U. S. Embassy staff, had been moved to the suburbs for better protection by the Bolivian army.

Reinforced police patrolled the tense mountain capital to avert

Fear Bolivian Boy's Funeral May Stir Up New Violence

LA PAZ, Bolivia (AP)—Some 700 Americans in La Paz gathered outside Bolivia's capital today in fear that the funeral for a victim of Bolivia's anti-U. S. riots might touch off further violence.

State Department spokesman Lincoln White said in Washington that Americans in the capital, including the U. S. Embassy staff, had been moved to the suburbs for better protection by the Bolivian army.

Reinforced police patrolled the tense mountain capital to avert

White denied reports in Washington that the U. S. government

had dispatched chartered planes to Bolivia to evacuate Americans. But he said that arrangements obviously had been made for evacuation "if, and when it seems necessary."

No Americans have been reported injured. Nor have there been any reports of attack on American property other than the embassy and the U. S. Information Service building.

ORDERLY DEMONSTRATION

Thousands demonstrated in orderly fashion Tuesday against the article. All government and private offices were closed. Top officials, military leaders, veterans and businessmen marched in a civic parade to the Presidential Palace. Police were out in force.

Speaking from the palace balcony, President Hernan Siles said Bolivia had come close to an explosion, but that cool heads had prevailed.

Several U. S. congressmen expressed belief in Washington that the Bolivian riots were an emotional explosion by a few extremists who believed a false report. But Sen. Styles Bridges (R-NH) told reporters he favors sending U. S. troops to La Paz and stopping foreign aid to Bolivia if the violence continues.

IN BOLIVIA — Wymberley D. Coet, above, is charge d'affaires of the U. S. Embassy in La Paz, Bolivia, where mobs have demonstrated against Americans.

'We'll Sign Own Pact'

Nikita Reports Germany Plan

Says West Refuses His Ideas, Proposes Unreasonable Setup

LEIPZIG, East Germany (U.S. Press)—Soviet Premier Nikita Khrushchev said today the Soviet Union will sign a separate peace treaty with East Germany if the West fails to come to terms on an all-German settlement.

Khrushchev also accused the West of refusing his proposals on Germany without proposing any alternatives "that a normal human intelligence can agree to."

Khrushchev had just arrived for consultation with his East German Communist allies and a visit to Leipzig's trade fair.

Speaking before a big crowd in a rain, he insisted all the Soviet Union wants is peace.

"However much these people rage," he said of Western leaders, "nothing will come of it."

A crowd which the East German Communist radio estimated at "tens of thousands" heard the brief speech without marked enthusiasm. They did cheer and applaud, though, when he spoke of peace.

"In the name of the Soviet Union," he said, "I declare that those people could be reasonable who are responsible for signing a peace treaty. The United States, England, France and all nations want peace. Now the governments should listen to the voice of their people, and the peoples say we want peace, peace, peace."

Khrushchev declared that "only lunatics can seek solutions by war."

He made that statement at an airport near East Berlin after arriving from Moscow, where he and Britain's Prime Minister Harold Macmillan wound up talks on cold war issues Tuesday.

Khrushchev responded to a welcome from East Germany's Premier Otto Grotewohl and Communist party leader Walter Ulbricht. Officially he is here to visit the trade fair in Leipzig, 110 miles from Berlin.

Khrushchev told the welcoming party that a peace treaty with Germany is now "most necessary." His words were relayed by the official East German ADN news agency.

He said his talks with Macmillan were fruitful. Naturally the viewpoints were not the same but in any case each now knew better the standpoint of the other, he said.

He called for peaceful competition in which "welfare and peace, not weapons, would be victorious."

Khrushchev said that his visit to Leipzig would also give him a chance to talk with "representatives of Western countries." It was assumed he referred to businessmen in town for the fair.

There has been speculation that Khrushchev will sign a separate peace treaty with his German satellite if the West fails to accept his conditions for a German settlement.

Khrushchev's program has not been announced, but he was expected to remain over the weekend, with plenty of time for talks with top East German officials.

Moscow sources indicated he would go on to East Berlin.

Paraphrasing what a General Motors official recently said about a similar bond drive in Flint, Cote said:

"It requires, not only leaflets and a display of posters, but also requires a little bit of salesmanship and encouragement."

Robert S. Nelson, chairman, said the local "Share-in-America" campaign will be kicked off Monday and will run through March 13.

Campaigners hope to add 2,500 new employees in Pontiac to the list of workers purchasing bonds by weekly payroll deductions.

Yesterday's meeting attracted 26 to the Waldron Hotel where Nelson, Cote and Bill McDonald, assistant national director of the Treasury Department's bond division, prepared employers about the "why" of the campaign.

Nelson, vice president of the Universal Oil Seal Co. in Pontiac, gave a run-down of events in Washington a week ago when he and other 1959 campaign chairmen from 30 large cities listened to President Eisenhower and many other top officials speak about the importance of buying bonds.

A 1959 Oakland County sales goal of \$15,576,000 has been set, Nelson said. Michigan's 1959 goal is \$307,500,000.

A local drive will fall, McDonald warned lunchers, if employers don't make a person-to-person campaign to solicit buyers of these indestructible and absolutely safe bonds.

Throughout the Tuesday noon gathering it was repeated how such an investment not only serves as a worthwhile source of security for the purchaser, but

TICKET ANYONE? — David S. Neal and Roland A. Lewis, vice presidents of the Pontiac Shrine Club, are busy this week distributing reservation tickets for the club's special dinner program next Wednesday. Reservations are limited to 150 for the special event which will feature a film-lecture about the Shrine Club's aid to crippled children throughout the state.

Records 2,385 Deeds of County Property

During the month of February the Register of Deeds branch of the Oakland County Clerk's office recorded 2,385 property deeds and six new land plats, according to Daniel T. Murphy Jr., clerk-registrar.

Murphy said in a monthly statement that total business for the month was \$16,617.95 for 10,997 papers handled. This amounts to an increase of \$1,385.20 for the same month in 1958 when 10,979 papers brought in \$15,032.75 in receipts.

February also saw 1,068 real estate mortgages (\$3,854.25) and 5,064 chattel mortgages (\$5,064) handled in the local office. Other business included 423 notices (\$578.95); seven bills of sale (\$7); 2,090 miscellaneous matters (\$3,256.50).

Khrushchev told the welcoming party that a peace treaty with Germany is now "most necessary." His words were relayed by the official East German ADN news agency.

He said his talks with Macmillan were fruitful. Naturally the viewpoints were not the same but in any case each now knew better the standpoint of the other, he said.

Shriners to Display Work for Crippled Children

The Pontiac Shrine Club will offer members and the public an inside look at its various programs for aid to crippled children at a special dinner next Wednesday.

The event will take the place of the club's regular monthly meeting. It will begin at 6:30 p.m. in the banquet hall of the Pontiac Federal Savings and Loan Assn. Building, 761 W. Huron St.

Highlight of the evening will be a film-lecture by Edward E. Payne Jr. of Detroit, the state illustrious potentate, and his illustrious wife.

The topic of the motion picture and speech is "Temple of Mercy." The program will outline the Shrine Club's work here and throughout the country in contributing to the cure and care of crippled and deformed children.

Dave Neal of 245 Voorhees Rd., event chairman, said reservations will be limited to 150. They may be obtained by contacting him or R. J. Stanton, club secretary, before March 9.

Despite the size of the approved school bond issue and added tax millage, there will be no increase in residents' annual school taxes, providing their assessed valuation is not increased, he has said.

This can be accomplished, he said because of the rapid growth of the school district, making it possible for an increase in the state equalized valuation. Debt incurred from previous school bond issues are being paid off faster than was anticipated.

In 1957 a \$1,400,000 bond issue for the senior high school was paid off eight years ahead of schedule. Two other school bond issues, for the Isaac Cray Junior High and elementary buildings, totaling \$2,750,000 can now be retired in a little more than a year with a tax rate of \$2 per each \$1,000 of assessed valuation, Shuck said.

In 1956 the last bond issue of \$975 million was approved for construction of the newly opened John D. Pierce Junior High School, elementary schools and additional school sites.

Yesterday's approved school bond issue will be payable on a 25-year basis. Shuck said, however, that with a predicted doubling in the Waterford Township population by 1970, this bond issue will be fully paid long before the scheduled time.

Within the last 10 years, bond issues in Waterford Township School District have produced 10 new schools, 8 large additions and 15 school building sites.

At the present time Waterford Township School District's equalized valuation is \$83 million as compared to \$25 million 10 years ago.

The Board of Education will have a special meeting at 7:30 p.m. tomorrow to canvass the votes.

Present Sales Tax Bill in State Senate

(Continued From Page One)

come tax, regarded as virtually inevitable in some quarters.

Greene said his bill, while taking off exemptions enjoyed by farmers on purchases of machinery, equipment, fencing and other materials, would not disturb those applying to seed, feed, fertilizer and spraying supplies.

The biggest bugaboo appeared to be that about two-thirds of the added revenue impact would fall on industry.

The sales tax would be made to apply to stamping machines, dies, drill presses and similar units used in turning out a manufactured product, but which do not become a component part of it.

Lubricants, power to run industrial processing machinery and chemicals used in paper making — all such things as these now exempt also would become taxable.

"Something's got to be done," said Greene. "For those who don't like the income tax, maybe this is the answer."

Truck Weight Limits Lowered

County Restrictions for Spring Thaw Season Effective at Midnight

Spring weight restrictions will go into effect at midnight tonight for trucks using the more than 1,600 miles of blacktop and gravel roads in Oakland County.

Tom Kennedy, county weighmaster, said the new restrictions will be 11,700 gross weight pounds for single axle trucks and 16,900 gross weight pounds for tandems. Normal restrictions are 18,000 for single axle and 26,000 for tandems.

Because of the extremely heavy snow during the winter, followed by the warming trend lately, Kennedy said it was more important than ever that weight restrictions be observed.

Restrictions are put into effect as the heavy weight of trucks easily tear up blacktop and gravel roads when their surfaces are loosened due to thawing, he said.

"We've got several feet of frost underneath the surface of the roads," said Kennedy. "Roads are already breaking up fast. So we will be keeping an extra close watch out for violators."

Truckers exceeding the limits can be ticketed and fined based on the amount of overweight, according to Paul Van Riekel, highway engineer for the Oakland County Road Commission.

Meanwhile, the State Highway Dept. said similar restrictions forced by the spring road breakup will go into effect at noon today.

The restrictions apply on all gravel and blacktop trunklines, except those designated as all-season routes south of, but not including, M21. Some 15 miles of M78 from Battle Creek south to Athens have been deleted from the all-season trunkline system, the department said.

"I told them the same thing I told them all along — that I didn't raise 15 acres of wheat (as the committee charged)," he told United Press International.

"I included affidavits from two of my neighbors who drilled and combined the wheat. They both said they personally measured the ground and it was not 15 acres (the minimum number of acres needed to come under the controls)."

Schilling differed from Michigan's other rebel farmer, Stanley Yankus of Dowagiac, in that he claims he did not violate the federal controls.

But he is just as determined to battle the government's right to impose any controls.

WASHINGTON (AP) — Doctors, who injected radioactive gold into Secretary of State John Foster Dulles Tuesday, plan to resume X-ray therapy of his cancer in a few days.

A fluid containing gold was injected into the patient's abdominal cavity as reinforcement for his earlier X-ray treatments. Dulles has received nine dosages since Feb. 29 from a million-volt X-ray machine at Walter Reed Army Medical Center.

The change in treatment was ordered, a medical bulletin said, because of "satisfactory response to X-ray therapy."

The change in treatment was ordered, a medical bulletin said, because of "satisfactory response to X-ray therapy."

WASHINGTON (AP) — Doctors, who injected radioactive gold into Secretary of State John Foster Dulles Tuesday, plan to resume X-ray therapy of his cancer in a few days.

A fluid containing gold was injected into the patient's abdominal cavity as reinforcement for his earlier X-ray treatments. Dulles has received nine dosages since Feb. 29 from a million-volt X-ray machine at Walter Reed Army Medical Center.

The change in treatment was ordered, a medical bulletin said, because of "satisfactory response to X-ray therapy."

The Day in Birmingham

Bloomfield Art Group Names Photo Winners

BIRMINGHAM — Three prize winners in the second annual Photographic Show sponsored by the Bloomfield Art Assn. were announced today by Mrs. Helen McIntire, director of this year's show.

First prize went to Robert Hughes, second to Carl Doley and third to Paul Averill.

The show will continue through March 15 with Saturday and Sunday afternoons and evenings open to the public. It is being staged at the Bloomfield Art Assn. Studios, 241 N. Woodward Ave.

Highlight of the show is a one-man exhibit of works by Harvey Croze, head photographer at Cranbrook. Croze, holder of many national and international awards, has recently had a one-man show at the Smithsonian Institute in Washington, D. C.

A second feature of the public program is a motion picture directed by Charles Magge, head of the design department at Cranbrook, and filmed by Croze. It represents work done in the department.

A Berkley woman suffered compound fractures of the right knee about 1:30 this morning when she lost control of her car on Hunter boulevard just south of the Oak avenue intersection.

Birmingham Police said Marjorie M. Benabio, 25, of 3233 Gardner St., Berkeley, was thrown from her car which came to rest in the southbound lane, heading north. They said that because of her condition, the victim was unable to make a statement and there were no witnesses to the mishap.

Mrs. Benabio was reported in "fair" condition at William Beaumont Hospital in Royal Oak.

"Nudes and glamour" will be the subject of the Bloomfield Hills Camera Club meeting at 8 p.m. Thursday at Cranbrook Institute of Science. Color slides and prints will be shown.

Members of the Junior Chamber of Commerce Auxiliary are coloring 300 eggs for the annual Easter Egg Hunt March 23 at Springdale park.

Starting at 2 p.m. special hunts will be staged for children from three to 11 years old.

Sponsored by the Birmingham Board of Recreation, over a thousand candy eggs also will be hidden in the picnic area.

"Whither Thou Goest" will be the title of the film shown at the Friday meeting of the Senior Mens Club in the Community House.

Richard Vika, instructor at the Leader Dog School in Rochester will speak following the film.

The discussion group will deal with the country's natural resources and good neighborliness. Herbert Flemington will moderate the discussion and show a number of photographs.

Treatments on Dulles Resume in Few Days

WASHINGTON (AP) — Doctors, who injected radioactive gold into Secretary of State John Foster Dulles Tuesday, plan to resume X-ray therapy of his cancer in a few days.

A fluid containing gold was injected into the patient's abdominal cavity as reinforcement for his earlier X-ray treatments. Dulles has received nine dosages since Feb. 29 from a million-volt X-ray machine at Walter Reed Army Medical Center.

The change in treatment was ordered, a medical bulletin said, because of "satisfactory response to X-ray therapy."

Heart Attack Claims Jolly Lou Costello

(Continued From Page One)

our old 'Who's on first?' bit," Abbott wept. "Then all of a sudden I got the call about poor little Lou dying."

"My God, I just can't believe he's gone."

Costello is survived by his wife, three daughters, Patricia, 22; Carole, 26; and Christine, 11; and a brother Pat, all of Los Angeles.

His only son, 1-year-old Lou Jr., drowned in 1943 when he toppled into the family swimming pool.

Rosary will be said Friday evening at St. Francis Mortuary followed by Requiem High Mass Saturday morning at St. Francis de Sales at nearby Studio City. Entombment will be at Calvary Cemetery in Los Angeles.

APPEARED AS 'SINGLE'

Since the Abbott and Costello team broke up two years ago, the cracked-voiced "Mr. Five by Five" appeared on TV shows and in an unreleased movie (Lou Costello and His 30-foot Bride) as a "single."

During the past five years he and Abbott indulged in frequent spats and feuds.

"But they loved one another like brothers," Sherman said. "Bud was a constant visitor at the hospital and they were talking about the future together."

Their last movie together was "Dance With Me Henry," made in 1956.

The zany, laugh-provoking partnership of the fat little clown and the sour-pussed straightman traces back to a Brooklyn burlesque theater in 1930, where both performers appeared on the same bill.

Neither was successful on his own, but by joining forces they became one of the most famed comedy teams of their era.

They perfected their act for eight years in second rate burlesque houses and in traveling "tab" shows.

In 1938 Abbott and Costello achieved stardom on Kate Smith's radio show, and finally won a program of their own in 1940.

Hollywood beckoned and the boys made their picture debut in "Caribbean Holiday."

Then, during the war years of the early '40s, Abbott and Costello made a series of pictures that kept the country laughing and the box office spinning.

Their hilarious nuptials in "Buck Privates" established them as the top comedy team in show business.

They starred in more than 40 pictures, including "Keep 'em Flying," "In the Navy," "Hold That Ghost," "Rio Rita," "Who Done It?" and "The Noose Hangs High."

For 15 years Abbott and Costello were the mainstays of Universal-International Studios.

The Weather

Paul U. S. Weather Bureau Report

Deaths in Pontiac and Nearby Areas

JESSIE W. SMALL
Service for Jessie W. Small, 62, of 225 Florence Ave., will be held at 9 p.m. Wednesday at the Hulton Funeral Home. His body will be taken to the Pafford Funeral Home in Lexington, Ky. for prayers and burial.

Deaths Elsewhere

WEST PALM BEACH, Fla. (AP)—Walter Lewis Evans, 83, retired cartoonist for the Cleveland Press, died Tuesday after a long illness. He was founder of the W. L. Evans School of Cartooning.

KANSAS CITY, Mo. (AP)—John Hubert Hagerty, 63, head of a Missouri rock quarry firm and a partner in Chicago catering and food service companies, died Monday after an illness of six months. He had lived most of his adult life in Chicago where he operated a realty company.

ORLANDO, Fla. (AP)—Andre Smith, 79, who designed the Distinguished Service Cross for the U.S. government and was one of the pioneers of American art, died Tuesday. He was a director of the Art Research Studio at nearby Maitland. He was born in Hong Kong.

WASHINGTON, Pa. (AP)—William C. Stumpf Jr., 50, vice president and treasurer of Jessop Steel Co., died Tuesday after a brief illness. He also was vice president and treasurer of the River Steel Corp., of Owensboro, Ky.

BUD I. SMITH
Bud I. Smith of 615 Arthur St. died Monday after an illness of five months.

He was a member of the Church of God in Christ.

Surviving are two sons, Roy of Lebanon, Tenn., and Al of Homestead, Fla.; and five daughters, Mrs. Geneva Fairfax of St. Louis, Mo., Mrs. Mary K. Owens, Mrs. Gladys Tippit, Mrs. Ida M. Seay and Mrs. Nancy E. Evans, all of Pontiac.

Mr. Smith's body will be taken from the William F. Davis Funeral Home Friday to Lebanon for service and burial Sunday.

MRS. LEROY J. SMITH
Mrs. Leroy J. (Jennie) Smith, of 113 N. 7th St., Ann Arbor, a teacher in the Pontiac area in the early 1900's, died Monday after an illness of several years. She was 82.

She was a member of the Methodist Church and the Macabee Lodge, before moving to Ann Arbor in 1910.

Surviving are a daughter, Miss Lois Smith of Ann Arbor; and a sister.

Service will be held at 2 p.m. Thursday at the Hulton Funeral Home with burial in Oak Hill Cemetery.

MRS. ARVELLA HOWELL
TROY — Service for Mrs. Arvela Howell, 70, of 6700 John R. Rd., will be held at 1 p.m. Friday at the William R. Portiere Funeral Home, Rochester. Burial will be in Mt. Avon Cemetery, Rochester.

Mrs. Howell died Tuesday in a Royal Oak convalescent home following a long illness. She was a member of the Bad Axe OES.

Surviving are a daughter, Mrs. Edith Bennett of Troy; three sons, John of Fort Worth, Tex., Robert and Neil, both of California; four sisters, two brothers, and 12 grandchildren.

Detroit Police Slowdown Strike Tapering Off

DETROIT (AP)—Detroit's police traffic-ticketing slowdown strike gave signs of tapering off today.

There has been a three-day demonstration against orders for integration of two-man scout crews.

Officials blamed the slowdown on issuing traffic violation tickets on what they called a few "extremists" among white traffic duty officers of the 4,500-man force.

Commissioner Herbert W. Hart, declaring racial integration of the force was "here to stay," ordered compliance or resignations.

The Detroit Police Officers Assn. condemned the strike as a violation of duty oath. It pledged support to the integration steps.

Headquarters reported a big increase in the number of ticketed motorists on late shifts Tuesday after the warning by Hart.

Private Detective Turns Bank Robber

DETROIT (AP)—A private detective who turned bank robber when he couldn't find any clients, was held under \$20,000 bond here today.

Richard Bagaria, 26, pleaded guilty yesterday to the \$1,000 hold-up of a savings and loan office.

Bagaria was captured by police who found him in a bar drinking beer 10 minutes after the stickup. The officers trailed Bagaria on a witness' report that the robber wore a checked shirt.

Mrs. Edith Kaelin, 40, cashier, said she turned over the money to Bagaria when he demanded it and thrust an envelope at her at the Surety Federal Savings and Loan Assn. The holdup man had no gun.

Detroit Valuation Drops

DETROIT (AP)—Detroit's assessed valuation for 1959 tentatively has been set at \$4,930,560,200, compared with \$5,005,008,550 for 1958. The valuation decrease of \$74,448,350 would lop off about \$1,716,000 in city taxes.

Highway Department Rapped

Stahlin, Mackie Feud Over Publicity Bureau

LANSING (AP)—Sen. John H. Stahlin (R-Belding), replying to an apology demand, says Highway Commissioner John C. Mackie should offer one for using gas tax dollars to build up a "Hollywood type" publicity bureau.

Mackie said last week the public had an apology coming from Stahlin for loose handling of highway department budget figures.

"It's encouraging to see that the senator from Belding has retreated from his totally false claim that the highway information office had 24 employees who received \$555,000 a year in salary," he commented.

Stahlin said yesterday in renewing his feud with the Democratic commissioner that the public relations division had nine employees, compared with four on the payroll two years ago.

He challenged the propriety of spending gasoline tax income for a movie cameraman, a radio and TV script writer, and radio tapes and recordings.

"Why should Michigan have to make movies of its roads?" he asked. "You can tell a road is there by driving on it."

"Why should the department have a man writing scripts for weekly radio shows?"

"How are the tapes and recordings used?"

Philippines Ask Red Fishermen to Cooperate

MANILA (AP)—The Philippines today asked the Soviet government to order bally crewmen of five detained trawlers to cooperate with intelligence officers investigating their surprise appearance in a remote northern Luzon Bay.

The Soviet trawlers, with 82 men aboard, were seized over the weekend in northernmost Luzon. They refuse to move to a Philippine naval base farther south until they had instructions from Moscow.

The trawlers reportedly were en route to Vladivostok from the Baltic. Their appearance in Philippine waters produced a rash of unconfirmed spy rumors.

Babies to Get Accounts

DETROIT (AP)—Babies born in the Detroit metropolitan area Thursday will start off life with a \$5 savings account, and the first one will get a \$110 account. The Detroit Bank & Trust Co. is giving the savings accounts in celebration of its 110th birthday Thursday. It estimates 250 babies will qualify.

Ask Early Retirement

WASHINGTON (AP)—The Navy has a promotion problem: junior

officers want advancement but voting for the early retirement of most senior spots are filled. The House will consider a 34-million-dollar bill that may help by providing for the early retirement of about 3,000 senior officers. The Rules Committee cleared the bill Tuesday.

Requests Central File to Stop Cheating Drivers

WASHINGTON (AP) — About one million drivers lose their licenses each year. But, the Commerce Department says, many continue driving by getting licenses from other states. The department has asked Congress

to set up a central file on drivers who have their licenses suspended or revoked. In this way, a state easily could check whether an applicant has lost his license in another state.

Flee Communist Sector

Refugee Center in Berlin Freedom Gate for 3,000

By PHIL NEWSOM
BERLIN (UPI)—The sign over the entry way to the Marienfeld Refugee Receiving Center says:

"Beware! Danger of spies and kidnapping.
"Beware of conversations and invitations.
"Observe border when near East Zone."

This is freedom gate to the nearly 3,000 refugees from communism who put a gray past behind them to flock each week from Communist East Germany to a hopeful but uncertain future in the free West.

The sign over the doorway is a last reminder that their flight to freedom is not quite over.

The East Zone border is only minutes away from the Marienfeld Center and the unwary refugee who is wanted badly enough still can be snatched to a future which has no uncertainties at all. It would be jail or worse.

Beyond the gate, Gerda Nuschke and her two children have passed through interrogation and their medical checkup.

The children are a girl of 10 and a boy of 8.

She stands now in a room

crowded with three double decker beds and a small table. The room is clean, but after all it is a small room and six people have been assigned here.

Her story is one of double tragedy repeated only too often in a world divided by bitterly clashing philosophies.

Left behind in East Berlin were her husband and another son of 15. Gerda Nuschke is a plump pretty brunette in her early 30s. She wears a neat pleated skirt and red sweater.

Does her husband know where she is?

He knows now because she left a note for her 15-year-old son who, like his father, is already a dedicated Communist. She fled because she didn't want the two other children brought up the same way.

The two younger children did not know yet that they probably would not see their father and brother again.

She didn't smile much because there was little to smile about. She hopes to get work in a fish market in Frankfurt. She has heard there are jobs there.

A young man, once an assistant

professor at the University of Halle, had come out with his wife, two children and his 70-year-old mother-in-law.

He hoped his father, an Evangelical minister, would not have trouble.

These were only a few of the hundreds who arrive each day and are processed with machine-like yet sympathetic precision. Within 12 days they will be somewhere else in West Germany.

Births and deaths occur here in the days of waiting.

Kin of 4 Doctors Dies in Boston After Illness

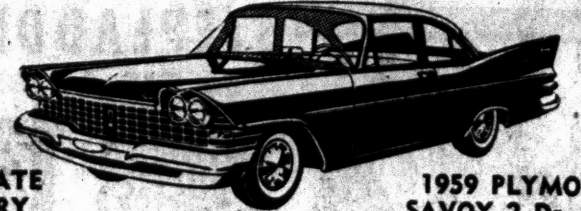

BOSTON (AP) — Mrs. Edith Gettes, 54, daughter of a doctor, wife of a doctor and mother of

two doctors, died at a hospital Tuesday after a short illness. Her husband has a practice in Boston. One son is an Air Force doctor and the other has a practice in Burlington, Vt. Her late father practiced in Boston.

Woman Killed in Crash

GRAND RAPIDS (AP)—Mrs. Alice Krick, 59, of Ada, was killed in a two-car collision at an intersection on the city's eastern outskirts yesterday.

Fashions for '59' to Be Shown Here

The Sisterhood of Temple Beth Jacob will present "Pontiac Fashions for '59" at 8 p.m. Tuesday at the Temple. Mrs. Nat Morrison, left, is cochairman, and Mrs. Bernard Horowitz will be one of the models.

Mrs. Arthur Benson, left, ticket chairman, reports on the sale of tickets to Mrs. Hubert Curson, chairman of the affair. Tickets will be sold at the door the evening of the show.

Girls Present Fashion Show

A drip-dry lilac print dress with full skirt and contrasting cummerbund was the hit of the fashion show held Tuesday night at Madison Junior High School by the Pontiac Council of Camp Fire Girls, in cooperation with Walte's Department Store.

The Petiteen fashion was worn by sub-teen Linda Douglas.

COORDINATES POPULAR
Also popular with the girls and mothers attending the show was the coordinate group of clothes. Sherry Mitchell modeled a plaid blouse, skirt, chemise and slim-line slacks in girl's sizes.

Appealing to the junior size girls was a basic navy sheath dress of cotton blend with removable white dickey and elbow-length sleeves, worn by Teena Monte.

For the toddlers, Julie Cupp modeled a pink floral polished cotton with rick-rack round neckline, full skirt and back tie sash. Appearing with her was Kelly Elmy who wore a Jack and Jill white shirt, short pants and navy Eton jacket.

Camp clothes were shown by Ellen Stickney who wore a red plaid swimming suit with skirt and matching terry cloth beach robe.

Also popular with the girls were the shirtwaist dresses and the blue Ming dresses for sub-teens and juniors.

MODELS NAMED

Other models in the show were Mark Davis, Vickie Perry, Janet Barton, Sharon Zelinski, Kaye Hudson, Mary Ellen Hill, Pat Presby and Carol Hall. Mrs. Charles Cupp Jr. modeled clothes for mothers.

Arrangements for the style

show were made by the Junior High Girls Cabinet, assisted by advisers Mrs. David Warlow and Mrs. Timothy Dally. Proceeds from the show will be used for girls activities.

AW Chapter of PEO Names New Officers

Mrs. William Miller was elected president of PEO Chapter AW for the coming year at the group's meeting held Monday evening at her Elizabeth Lake road home.

Serving with her are Mrs. James Boaz, vice president; Marian Emery, recording secretary; Mrs. Robert Fagen, corresponding secretary; Mrs. Joseph Bara, treasurer; Mrs. Walter Teeuwissen, chaplain; and Mrs. R. M. Williams, guard.

Mrs. Millard Schram was initiated as a new member, and Mrs. George Windiate of Flint was a guest.

The next meeting will be held at the home of Mrs. Webster Francis of Orchard Lake.

14 Tables in Play at Bridge Session

Pontiac Duplicate Bridge Club met at Elks Temple Monday evening with 14 tables in play.

Winners were Mrs. Perry Brunk, Ernest Guy, and Mr. and Mrs. Herbert Beyers.

Others were Mr. and Mrs. A. K. MacKean and Mr. and Mrs. Ericson Lewis. Duplicate beginners are welcomed to Monday evening session.

Women of Moose Meet, Plan Dance and Banquet

Robert Godfrey, Pilgrim member of the Loyal Order of Moose, was guest speaker for the Women of the Moose when they observed Moosehaven Chapter Night Monday at Moose Hall. Mr. Godfrey gave the history of Moosehaven.

Announcement was made that the St. Patrick's dance will be held March 14 at Moose Hall, with Mrs. Clifford Lynch as general chairman.

Members of Pontiac Women of the Moose are taking part in the college enrollment in Taylor Center March 8.

HEADS BANQUET PLANS
Mrs. Edwin Taylor is general chairman for a mother, daughter and son banquet to be held May 6.

Installed as Argus was Mary

Lutheran Group Holds Meeting

Mrs. Elaine Orheim, supervisor of social workers at Lutheran Charities in Detroit, was speaker for the day when the Augustana Lutheran Church Women met Thursday at St. John Evangelical Lutheran Church.

Mrs. William Park was appointed councilwoman from St. John's church to serve on the auxiliary board of Lutheran Charities.

The group has record of 77 charter members as of March 3.

Hostesses for the day were Mrs. Harold Person, Mrs. John Lundgren, Mrs. Karl Erickson, and Mrs. Harry Hahn. Mrs. Hector McClellan also participated in the meeting.

The next organization meeting will be held at the church at 8 p.m., April 7.

Mrs. Miller Hosts Opti-Mrs. Group

Mrs. H. A. Miller was hostess at her home on Wemona drive Tuesday evening to members of the Opti-Mrs. Club of Pontiac. She was assisted by Mrs. Ralph Merkovitz. Members served cancer pads.

Election of officers is slated for the April meeting, to be held at the home of Mrs. Ralph Becker.

Guests were Mrs. Gordon Paine of Eagle Grove, Iowa; Mrs. Palmer Burns, Mrs. George Slonaker and Mrs. Robert Slonaker.

Sorority Gathers

Phi Epsilon Nu Sorority met at the home of Mrs. Robert Overcashier of Waldon road Tuesday evening. The next meeting will be held at the Sashabaw road home of Mrs. Charles Furlong. New members will be initiated.

Beth Jacob Event Set for Tuesday

"Pontiac Fashions for '59" will be presented by members of the Sisterhood of Temple Beth Jacob at 8 p.m. Tuesday at the temple. Fashions are by Alvin's.

Coordinator for the fashion show is Mrs. Louis Trachten. Mrs. Hubert Curson is chairman, with Mrs. Nat Morrison as cochairman.

HEAD COMMITTEES

Others heading committees are Mrs. Arthur Benson, tickets; Mrs. Sam Stolorow and Mrs. George Richman, prizes; Mrs. William Present, refreshments, assisted by Mrs. Morris Simon, Mrs. Abe Zamek and Mrs. Thomas Horwitz.

Tables and cards are being handled by Mrs. Melvin Eller and Mrs. Paul Mandel.

Other committee members are Mrs. Irving Gordon, Mrs. Arthur Collins, Mrs. Alfred Simmons, Mrs. Jack Simon, Mrs. Sidney Shertzer, Mrs. Richard Wolfe and Mrs. Oscar Berg.

Five hundred favors have been donated by Pontiac-Motor Division.

Shower Honors Bride-Elect Gail E. Gibson

Gail E. Gibson, bride-elect of James L. Cornforth, was honored at a linen shower Tuesday evening at the Salmer road home of Mrs. Fred W. Moote. Cohostess was Mrs. Ben Cleaver.

Miss Gibson, daughter of Mr. and Mrs. J. Fred Gibson of Osceola drive, will marry Mr. Cornforth, son of Mr. and Mrs. John Cornforth of Ingelwood avenue, June 18 at Bethany Baptist Church.

Guests were Mrs. Gibson, Mrs. Cornforth, Mrs. Hoyt Joyner, Mrs. Laurence Taylor, Mrs. Ralph Ashmeade, Mrs. Gordon Bray, Mrs. Norris Smith, Mrs. Thomas Callahan, Mrs. H. Wayne Reeves, Mrs. Charles Kelly Jr., Mrs. Jerry Qualls and Irene Dawson.

Charlene J. Mandeville Weds Howard G. Brown

Charlene Jean Mandeville and Howard Grant Brown were married Saturday evening at United Presbyterian Church. The Rev. William Palmer officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Glenn Mandeville of Birmingham and Mr. and Mrs. Wilbur Brown of Petoskey.

The bride wore a ballerina-length gown of Chantilly lace and tulle over taffeta, with a Sabrina neckline and long sleeves. Her ballerina-length veil of silk illusion was held by a tiara of seed pearls and sequins, and she carried a bouquet of white carnations, stephanotis and ivy.

ATTENDS BRIDE

Mrs. Ned Colburn was matron of honor. She was dressed in a peach taffeta ballerina-length dress with a matching headpiece and she wore a corsage of roses.

Donald Brown of Charlevoix was his brother's best man. Ushers included Roy Blankenburgh of Lake Orion, Charles Cowart of Troy, and Everett Mandeville, the bride's brother.

A reception was held in the church parlors. Before leaving for a honeymoon to northern Michigan, the

MRS. HOWARD BROWN

bride changed to a gray wool gabardine suit with blue accessories and the corsage from her bridal bouquet.

Mrs. Mandeville wore a beige lace dress with pink accessories for her daughter's wedding. Mrs. Brown was dressed in beige silk chiffon with matching accessories. Both had shoulder corsages of pink roses.

2 Events Highlighted in Birmingham

By RUTH SAUNDERS

BIRMINGHAM—Mary Chase Proctor, daughter of Mr. and Mrs. Edward A. Proctor of Wing Lake road, was honored at a luncheon Saturday at the home of Mrs. William Lloyd Kemp. Cohostesses were Mrs. Syver K. Thingstad and Mrs. M. McKnight Parker.

Next Saturday, Mrs. John P. St. Clair and Mrs. Vene Perry will give a tea in the St. Clair home.

Kitty, as the bride-elect is known informally, will be married April 11 in Christ Church Cranbrook to Creighton Wilson Runnette of Pittsburgh, Penna. He is the son of Mr. and Mrs. Alexander Creighton Runnette.

Miss Proctor has asked Cynthia Chisholm of Laurel, Miss., to be her maid of honor, and bridesmaids will include Mrs. Richard T. Blood of Pomfret, Conn.; Mrs. Chune J. Walsh Jr., Grosse Pointe; Ellen Eagle of Durham, N.C.; Mary Foulkes, New York City; Sally Beardslee, Grosse Pointe; and Elizabeth Partridge of Birmingham, Mass. Mary Kerr and

Beta Sigma Phi Chapter Elects Officers for '59

Election of officers was held at the Tuesday meeting of Xi Alpha Nu Chapter of Beta Sigma Phi held at the home of Mrs. Richard F. Benham of South Avery street.

Mrs. Harvey Kerr was named president; Marie McGill, vice president; Mrs. Jay Sandow, recording secretary; Joanne McLain, corresponding secretary; and Mrs. Elwyn Hall, treasurer.

Appointed to the committee for Founders Day were Mrs. William Essery, Mrs. John Lewis, Mrs. Grace Sovey and Mrs. Edward Markham.

Mrs. Essery gave a report on the City Council meeting, and Mrs. William Cheal gave a program on "Tests for Parents."

The next meeting will be held at the home of Mrs. John Lewis.

Philathea Class Hears Mrs. Hakes

Mrs. William Hakes presented a talk entitled "With Such Sacrifices God Is Well Pleased" at a meeting of the First Philathea Class of First Baptist Church. Members gathered Tuesday afternoon at the church.

Mrs. Ethel Kennedy was in charge of the program. Participating in the meeting were Mrs. Suard Schultz, Mrs. Hakes, special music; and Mrs. Isaac Prevette, hostess. Mrs. Florence Harcourt and her committee served refreshments.

Use Soap on Plants

Cool soapsuds prove a boon to indoor gardeners. Many use suds to remove aphids and plant lice by pouring it over the plants and letting a little soak into the soil.

Edgar Well will be junior attendants.

Mr. and Mrs. Proctor will give a reception and dinner after the 6 o'clock service.

Tuesday members of the newly formed Villa League were invited to a "coffee" by the Sisters of Divine Charity at the Villa Franciska, West Long Lake road.

The new league is composed of members of the Junior League, Christ Child Society and several other church and club groups, which will assist in maintenance of this home for retired women.

Most members of the new group live in Birmingham and Bloomfield Hills, Pontiac and Detroit's North End.

Among those invited were Mesdames Charles T. Stewart, Robert Backstrom, Richard T. Purdy, Frederick Colombo, Karlton Pierce, Lloyd Diehl Jr., Donald Scriven, William

Bands Set for Concert Tomorrow

The combined bands of Pontiac Central and Northern High Schools will present the 32nd annual concert at Pontiac Central High School auditorium at 8:15 p.m. Thursday. Dale C. Harris and Eldon Rosegarr will conduct the bands.

Past concerts by Pontiac High School bands have featured many first performances of numbers still in manuscript form.

ANOTHER 'FIRST'

On Thursday, the bands will open the program giving a first High School Band performance of "Olympic Fanfare" by Merikanto and arranged for brasses and percussion by Robert M. Peterson of the Instrumental Music Department.

"Olympic Fanfare" was used in the ceremonies of the 1952 Olympic Games held in Finland. This is the first performance of the work in this country so far as is known.

A featured number will be "Thunderbird Overture" by Philip J. Lang. This overture was composed especially for the silver anniversary concert of the Pontiac High School Band in 1952, and was given its premiere performance at that time with Mr. Lang conducting.

DEDICATED TO HARRIS

"Thunderbird Overture" is closely identified with this community, because not only is it dedicated to Pontiac High School Band and its conductor, Mr. Harris, but it is based on authentic themes of the Ottawa Indians, which can be heard throughout the composition.

Tickets may be obtained from any High School band member, at the box office, from Calbi Music Co. and Morris Music Co. All seats are reserved, and reservations are being handled by Calbi and Morris Music Co. and at the Pontiac Central High School box office Thursday evening.

MARGUERITE M. BUCKLEY

Likes Practicing in Pontiac

Woman Attorney on Way Up

By LYDIA ROTHMAN

Pontiac is now the home of Oakland County's first and only practicing woman attorney. She is Marguerite M. Buckley and she has just joined the firm of Houston and McLaughlin.

Not only does she bear the distinction of being the only practicing woman attorney in the county, but she is also one of the youngest attorneys in the area. (She's one of the 5,000 practicing women lawyers in the United States.)

Miss Buckley first became interested in the law at the age of 12. She decided that being a lawyer was "an effective way to help people out of trouble." An admitted idealist, she says she has always had this social outlook about the legal profession.

She also thinks the law is one of the most varied professions there is. "Things are always happening and rarely the same thing twice. Like the newspaper business," she added.

"The most exciting thing about law is that you never stop learning," she said. "The mark of a good lawyer is not necessarily having the answers, but knowing where to find them."

Miss Buckley was born in Detroit in 1932. She received her B.A. from the University of Michigan and her LL.B. from Wayne State University in 1957. She was admitted to

the bar in Michigan Jan. 10, 1958.

When asked if she had encountered many problems in her job because she was a woman and so young, she answered that she has been very fortunate in not meeting with resistance.

She said she has never taken the attitude of a woman fighting against a man's world nor has she asked to be treated as an equal.

HER VIEWPOINT

Rather, she takes the view that she is a woman in a field of many men; that men are human and, treated accordingly, they will act like humans, giving her respect for being a woman lawyer but not taking advantage of the fact.

Often in trials, she is on the opposing side of male lawyer friends. She says they fight against her harder than those who don't know her; but are still her friends outside the courtroom.

The only trouble she ever had in court was last November. She was opposing a 60-year-old gentleman. Throughout the case he kept talking with the judge, saying, "You and I know what it was like back in the good old days." By the way, she won the case.

Because of her youthfulness, she is often mistaken for a secretary when clients come into the office. However she soon sets them right. She says she will take on any case that walks into the office. She has already done much work with

divorce and criminal cases in Detroit where she worked before coming to Pontiac.

Miss Buckley thinks the law is a fine profession for a woman — and one that can be combined with marriage and family life. However, she warns, it is not an eight-hour-a-day job, but one you find yourself working at all the time.

TOUGH STARTING

Trying to gain the respect of the male side of the profession and establishing a reputation can make the first few years difficult for a woman she says. However, if a woman can overcome these first difficulties, she generally remains in the profession the rest of her life.

She is now making her home in Waterford, and says Pontiac is a fine place to be. Everyone has been very warm and friendly and the judges have been most kind in their welcome.

She is an avid reader—of anything—and collects classical music records. She also plays bridge and chess and sketches some. While in the area she hopes to learn to ski.

She is an active member of the Detroit Business and Professional Women's club and is affiliated with Phi Delta Delta, a woman's legal fraternity, and with Women Lawyers Association of Detroit.

Get Out of That Rut

Grandmothers Are Still People!

By JOSEPHINE LOWMAN
There is something I simply cannot understand—the effect which being a grandmother seems to have on many women. These women write me as follows: "Dear Mrs. Lowman: I have meant to write you for some time hoping that you can help me with my problem. My husband and I are in our forties. He is a good man but always has been difficult to live with, I am a grandmother. Our main trouble is . . ." etc.
Or "Can you tell me what causes this buzzing in my ears? I am in

good health. I am a grandmother . . ." Or, "I would like your advice about which colors are best for me. I have a good figure, am a blonde and 40 years old. I am a grandmother . . ." Or "I am 45 years old, 5 feet 5 inches tall and weigh 138 pounds. I am a grandmother." Then comes this letter.

"I wish you would write an article about the dignity of growing old gracefully. I agree with the idea of keeping alert mentally and physically but extremes in anything do detract from the charm of a grandmother."

Reading this letter I felt sure it would be signed, "Grandmother." It was signed "ANOTHER. Grandmother."

Certainly your figure and physical stamina are not affected by becoming a grandmother. Your daughter or daughter-in-law had the baby—not you.

The colors and hairstyle and clothes you should wear depend on your skin and hair tones, the shape of your face and figure, not on whether or not you are a grandmother.

I do not see why being a grandmother should do anything to you except bring you a great big hunk of new happiness. These letters sound almost as though a grandmother is no longer an individual.

TWO CONCLUSIONS
Well, I have tossed this about in my feeble brain and have come

Just because you're a grandmother don't give up personal interests and live only through your grandchildren. Here's a youthful grandmother who has not lost her personal identity.

up with two conclusions. Evidently being a grandmother makes a lot of women feel older, and how silly can you be? It is possible to become a grandmother at a very early age. All you have to do is to marry young and have your children marry young and let nature take its course.

Then, as you know, women today of 40, 50 and 60 and more are extremely vibrant and attractive.

The second conclusion is that perhaps by the time some wom-

en have become grandmothers they have lost track of themselves as individuals. They have long ago given up personal interests and live only through their grandchildren.

Rather than thinking of your grandchildren as lovely bonuses, if you have gotten into a Grandmother Rut, why not do something about it?

Tomorrow: "You Can Improve Figure While Doing Housework."

Grandma Didn't Need Glamor Too

By RUTH MILLETT

Let's hear no more about how easy things are for the modern housewife, just because she has a few electrical appliances to make short work of what used to be drudgery.

Great-grandma used to spend hours over a scrub board, beat her rugs to get them clean and preserve her own fruits and vegetables.

But though there was plenty of back-breaking work for her to do, she didn't have to break her neck to stay young looking or wear herself out trying to be a companion to her husband.

Great-grandpa didn't expect his wife and the mother of his children to look like a glamor girl. If her hair was neatly combed and her apron clean, she looked all right to him.

If she put on a little weight as she grew older and if her hair and skin showed the aging effect of time that was all right, too.

She could look and act comfortably middle-aged.
But look at how much time and energy a woman today spends on just trying to look young. Time at the beauty salon, time at the reducing salon, time shopping for just the right clothes, time spent on daily beauty routines . . .

Not much was expected of Great-grandma as a companion, either.

Musical League Holds Workshop

"Marches in Many Moods," was the theme of the Workshop held at the meeting of Student League of Junior Tuesday Musicales Sunday afternoon at the Shore View drive home of Mrs. Lyndon Salathiel.

William Hartman read a story of the life of John Philip Sousa and played several of his recorded marches.

Piano selections were played by Amanda Malone, William Hartman, Sandra Bowden, Diane LaBair and Mary Slowik. Refreshments were served by Mrs. Leo Bowden, Mrs. C. B. Payne and Mrs. Rudolph Hatman.

If she didn't have a sharp tongue or wasn't always ailing, Great-grandpa thought himself a lucky man.

Now a wife is expected to share all of her husband's interests and enthusiasms. If he likes to hunt, she has to learn how to shoot a gun. If he is enthusiastic about fishing, she has to be enthusiastic about it, too. If he likes to dance, she has to learn to rumba.

It's safe to say that a modern wife spends as much time keeping herself young and being companionable to her husband as Great-grandma spent over the wash tub, the bread board, and the scrub bucket.

Why Does Bing's Wife Serve as Hospital Nurse?

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (U)—Why should a girl like Kathryn Grant be studying to become a registered nurse? Her movie acting career is building all the time. She is married to Bing Crosby, so she doesn't need the security.

"But there are different kinds of security," she comments.

Kathy has long puzzled her fellow workers in the movie mills. She has all the attributes of a film star, as anyone can testify who has seen her in the scanty aerialist costume for "The Big Circus."

Yet she refuses to play merely the role of screen actress—or the wife of a millionaire celebrity.

UP WITH BIRDS—

When she isn't working at a studio or at one of the Crosby vacation homes, reports at 6:35 a. m. to a local hospital. She serves as a scrub technician in surgery until 2:30 in the afternoon, sometimes transfers to the maternity section to help out there.

As part of her long-range program to become an R. N., she is also taking a correspondence course from the University of California in physiology.

"Oh, it's tough for me," she said. "All through school I avoided science courses. I got my degree from the University of Texas in fine arts, which is good for an actress but useless to a nurse. Now I have to learn a whole new vocabulary."

The reason for this drive?

"I'm lucky to be in a line of work that is more like play. Bing always says when he makes a movie, he feels as if he's stealing money. I feel the same way. I

Be Stylish Not Conspicuous

Belts again will be on the fashion scene this spring. Remember when selecting them that they are designed to make

If a belt or other popular the wear more attractive, accessory brings out your worst beauty features, avoid them. Being fashionable in this sense is only making yourself conspicuous.

Madison PTSA Set for Skits, Discussion

Students of Madison Junior High School will present a group of skits, entitled "What Is an Adolescent?" at the PTSA meeting to be held at 7:30 p. m. Thursday at the school.

After the skits, the audience will divide into groups to discuss, "Look Who's Smoking," "Granny, This Isn't 1890," "Who's Delinquent?" and "Shall We go Steady?"

Submerge Wool When Washing

The cardinal rule in washing woolen is gentle treatment. Let the garment soak in lukewarm soap or detergent suds for about five minutes. Then gently squeeze the suds through the fibers.

Keep the fabric submerged, because the weight of the water tends to pull the wool out of shape. Rinse thoroughly in lukewarm water, blot in a turkish towel, and shape to dry.

Always insert a meat thermometer into the meat before placing the roast in the oven.

Says Vacationers Have Nothing to Fear There

Cubans Send Soft-Sell Tourist Director Here

By PHYLIS BATTLE
NEW YORK — Most any night of the week, a New York reporter has a choice of three or more parties to attend. Usually they're stand-up, scotch-and-soda affairs in honor of movie stars, television premieres, new soap fashions or cars.

The guest of honor, a master of the soft-sell, was made around the table and explained "I am one of the shaved barbedos." But he wore a small black mustache "as a gesture," and had a face

as innocent of Madison Avenue influences as his confederates in the 25th of July movement, the country-boy rebels.

"We are ready now for the tourists of America," he said quietly. "Our beads are still on our boys, and perhaps will be for a long time. But the guns are gone now. There is nothing to fear—only things to delight."

Oscar Ramirez had lived 15 years in the U.S. before he met Fidel Castro and was persuaded to become first treasurer and vice president of the 25th of July movement. "I got to know all kinds of Americans—Ah, I was so proud of them, the ones who gave us

are entire loss. We have fight in of overthrowing him. He paused, we are not gonna stop... all He fought for words. "Listen," he said, "I feel sure, a right to live in a Democracy."

The Sierra Maestra, where much of the bloodiest fighting took place between Batista's forces and Castro's rebels, is the section of Cuba which the tourist director visualizes as "a great, most beautiful place for you to come."

Courthouse Workers Favor New Building Downtown

Employees at the present Oakland County courthouse want a new one built on the downtown site, instead of more than two miles away on the proposed County Service Center plot.

envisioned their "noonday shopping trips coming to an end with construction of the new building northwest of the downtown area.

Plans are being brought up to date following a favorable State Supreme Court opinion freeing funds to finance the building, the League in 1956 filed a lawsuit claiming these monies had been accumulated illegally.

Supervisors, however, are sticking to the 337-acre West Side site as being for "the good for the vast majority of the people of Oakland County."

Another said: "Just as long as it's new and big, I have no preference for location."

However, many of the feminine office workers in the courthouse

are entire loss. We have fight in of overthrowing him. He paused, we are not gonna stop... all He fought for words. "Listen," he said, "I feel sure, a right to live in a Democracy."

State Capitol Flag in Bad Shape, Too

LANSING (AP)—The American flag flown over the State Capitol, like the state's finances, is in bad shape these days.

But unlike the finances, state officials hope to do something about the flag soon.

John Gaffner, state property manager, explained that a rope on the flag staff broke several weeks ago. Since then the flag has been suspended just by one rope.

The flag frequently tangles with the staff.

"We have a standing order for a steeplejack to fix it," Gaffner said. "He's tried about eight times but just can't get up there because of the bad weather. We don't want to risk a man's life on it."

Gaffner added that it would cost about \$5,000 to build a scaffolding to get at the flag so better weather is being awaited before a rescue is planned.

Rescinds Electrical, Heating Limitations

WALLED LAKE—At the regular meeting of the city council last night, amendments to the electrical and heating ordinance which prohibited owners from doing work of this nature themselves in their business establishments were rescinded effective March 24.

According to City Manager George Shaw, the amendments had been included originally "in the interest of safety and the council was under the impression that neighboring communities had

such amendments in their ordinances.

"However, investigation revealed that other communities were merely discouraging owners from doing their own work without any definite ordinance banning this," he said.

The council determined that in all fairness Walled Lake should not have such an amendment as long as neighboring communities didn't.

A resolution to make Pontiac trail (route 218) a state trunkline was passed at the request of the Michigan Highway Dept.

Among the streets being considered for blacktopping are E. Walled Lake drive from Pontiac trail to Witherell street and Barnston street from E. Walled Lake drive to Pontiac trail.

Clark Aerial Survey Co. of Plymouth was given permission to take a survey here for city engineers. The survey will be used for future developments in the city of such things as water systems.

In a final motion the council released a bond for the Schoolcraft Manor Subdivision upon the contractor's meeting prerequisites of city building ordinances in developing the project.

Orion CD to Sound Sirens Saturdays

ORION TOWNSHIP—The Lake Orion-Orion Township office of Civil Defense will initiate its one-month test period for the defense warning system at 1 p. m. Saturday, Dr. Richard A. McNeil, CD director, announced today.

The fire siren at Lake Orion and Gageville will sound the two-minute warning followed by the one-minute all clear whistle.

The test will be a regular occurrence the first Saturday of every month, Dr. McNeil said.

He added that the purpose of the periodic use of the warning system is to inform citizens of the procedure and to familiarize them with its meaning.

JOYCE L. FARNIER

A June wedding is being planned by newly-engaged Joyce L. Farnier and Russell A. Sill. Her parents are Mr. and Mrs. Frank Farnier of Rose Center and he is the son of Mr. and Mrs. Hugh Sill of 2785 Cherry Rd., Milford.

To Boost Wheat Yield Per Acre Even Higher

WASHINGTON (AP)—The Agriculture Department said today pending technological advances promise to boost the production of wheat far above present high rates.

It said research work now under way undoubtedly will enable farmers to step up acre yields, which last year climbed to a new record high to add greatly to surpluses.

Much of this research, it said, centers on new varieties and on control of plant pests.

The department said anticipated advances in control of pests will likewise contribute to higher average acre yields, and more effective chemicals for seed treatment are coming into use.

Evangelist to Speak at Utica Youth Rally

UTICA—Billy Walker, youth evangelist, will be guest speaker at the Three County Youth Rally to be held at 7:30 p. m. Saturday in the Utica Community High School auditorium.

Other features of the program will be a quartet, ensemble and the new Three County Youth Orchestra.

Farmers Urged to Feed Cows Sugar Beet Tops

EAST LANSING (AP)—Michigan farmers have been advised that sugar beet tops can be used as silage to increase dairy feed supplies or to replace some of the more expensive feeds.

C. F. Huffman, dairy scientist at the Michigan Agricultural Experiment Station, says there is more than one and one-half million dollars worth of good feed not being used on Michigan farms where sugar beets are grown.

Huffman says one test showed milk production increased 7.7 pounds a day when 22 pounds of hay were replaced with 85 pounds of beet-top silage.

Donna Bell to Wed

Mr. and Mrs. Wilson M. Eggleston of 401 Duane St., Walled Lake, announce the engagement of Donna Joanne Bell, daughter of Mrs. Eggleston and Frank Bell, to Neil F. Schenk. He is the son of Mrs. William Schenk of 16800 Savoy St., Livonia. A wedding is planned for June 21.

Wants Higher Pensions

American Legion has placed this proposal before the House Veterans Affairs committee. Preston J. Moore, national commander, also asked pensions for all veterans 65 and over with limited incomes.

JUDITH CAROL WILKINS

Mr. and Mrs. Wilfred W. Wilkins of 4402 Pine Tree Rd., Orchard Lake, announce the engagement of their daughter, Judith Carol, to Robert James Slais. He is the son of Mr. and Mrs. Thomas A. Slais of 6730 Meadowfield Rd., Orchard Lake. A Sept. 12 wedding is planned.

EASTER FINERY—Children from the Sashabaw School kindergarten through the fifth grade will present a fashion show 7:30 p. m. tonight, at the school. Judging 5-year-old Jan Stump's bonnet is Carol Sonntag, as John Dawling Jr.

watches. More than 50 children will model the latest in children's finery, and all proceeds will be put in a fund for the fifth graders' trip to Windsor, Canada, May 16.

Discussion Also Planned Monday North Hill PTA to Vote

ROCHESTER—The nominating committee will present its slate of officers for the coming year at the North Hill School PTA meeting Monday at 8 p. m. in the school's multi-purpose room.

After the regular business meeting, a discussion will be held on the topic, "How Can We Improve Home-School Relations Through Our North Hill PTA?"

Manned Space Vehicles Urgent 1st for U.S.

WASHINGTON (AP)—Sen. John Stennis (D-Miss.) said today the United States must be the first to develop a manned space vehicle that could deliver nuclear weapons.

"Manned space vehicles must have top priority," Stennis said in an interview.

He spoke at the Senate Space Committee approved authorization for \$48,354,000 more money for the National Aeronautics and Space Administration for use between now and July 1.

The Sierra Nevada mountains in California have at least 41 peaks that are more than 10,000 feet high.

SHIRLEY JEAN BILLIAU

The betrothal of their daughter, Shirley Jean to Michael J. Morrissey is announced by Mr. and Mrs. Harold R. Billiau of 170 Opdyke Rd., Auburn Heights. The fiancé is the son of Mr. and Mrs. William Morrissey of 2800 Pontiac Lake Rd., Waterford Township. A June wedding is planned.

Romeo Bank Worker Fired After Shortage Revealed

ROME—Romeo Savings Bank officials today confirmed a shortage of between \$3,500 and \$3,600 in safety deposit box receipts following an audit by a Detroit firm.

Calling the shortage "misappropriations" of funds, officials reported the consequent firing of one of the bank's employees, whose name they withheld pending possible charges by the bonding company presently conducting an investigation.

Commerce Club to Stage Dance for Anniversary

COMMERCE TOWNSHIP—The Commerce Daytimers Square Dance Club will stage a fifth anniversary dance from 9 until 12 midnight Saturday at Commerce Elementary School.

The dance will be held in the multi-purpose room.

General chairman of the affair is Mrs. Arthur Petar. Mrs. Anthony Zielony is in charge of refreshments and publicity, Mrs. Nerval Parker is in charge of decorations.

Mrs. Robert Brown is ticket chairman. Mrs. Bill Hurtubise is in charge of the reception, and Arthur Petar is program chairman.

Lee Kaines will be master of ceremonies for a special anniversary program.

Square dance callers will be Frank Kopesky, Bill Hurtubise, Carl Durbin, Arthur Petar and Lee Kaines.

The shortage was discovered recently by bank officials and substantiated by an audit just completed by the Detroit firm of Touche, Niven, Bailey and Smart.

The shortage is not a matter of theft of one large sum but rather "misappropriations" of small amounts over a period of many months, bank officials said.

The exact figure will depend on an assessment to be levied by the federal government.

The employee's name is being withheld as no charges have been filed.

The auditors verified the condition of the bank and confirmed officers' statements that

all other accounts and deposits are in order.

The bonding company investigating the shortage, which is covered by insurance, is the Fidelity and Casualty Co. of New York.

Storage batteries and the coverings for electric cables account for about one-half the lead used in the U.S.

LEG CRAMPS?

Do you have leg cramps? If so, you need to take a course in leg stretching. This is a simple, easy-to-learn technique that will help you stretch your leg muscles and prevent leg cramps. It is a natural, healthy, and safe method that can be used by anyone.

WRESTLING HOLD — Waterford's Dale Mahrie tries to put a wrestler's grip on Roger Davis of Bentley in last night's Class A district tournament game at Southfield. The Skippers' Larry Bowen, carrying a clenched fist and a determined look, is ready to grab the loose basketball. The Livonia quintet eliminated Waterford, 70-50.

Four Thumb Schools Win

Highland Park in Romp

Highland Park, one of several Class A powers hoping to beat the state championship, got off to a good start last night by breezing past weak Royal Oak Kimball 60-22 as the district hoop tournaments got under way.

Lakeview was another area "A" victor. Almont and Brown City won in Class C as did Dryden and Memphis in "D" giving Thumb schools a 4-2 record for opening night. Armada was eliminated.

Highland Park had no trouble at all at Birmingham with the entire squad seeing plenty of action after the score reached 30-13 at halftime. John Kourakis topped the scorers with 18 which was matched by Kimball star

Mike Harris. Lakeview walloped South Lake 74-29 at East Detroit featuring a 30-point night for John Switkowski. Lakeview is automatically in the regionals.

Almont's 47-37 victory over Capac was its toughest of four wins this season over its league foe. Capac trailed by only two at halftime. Bob Wallace swished 14 and Don Eschenburg 12 for Almont as Bill Abraham and John Kersten had 15 and 11 in defeat.

Armada gave Marine City a busy time in the 2nd game of a doubleheader at Port Huron before bowing 68-52. Terry Wills of the Tigers paced both teams with 24 and Ken Montgomery added 14. The winners broke the contest open in the closing minutes. Armada had led 8-0 early and 15-10 at the 1st period.

Brown City coasted to a 54-32 romp over Harbor Beach at Deckerville sparked by Bob Fisher's 25. He had outscored the losers by four at halftime with the count 34-13.

Dryden had too much for Michigan School for the Deaf in a 56-35 triumph at Grand Blanc. It was just the opposite for Memphis which had to come from behind in the 4th quarter to down Detroit Sweetest Heart of Mary 44-36 at East Detroit. John Barber hooped 12 for MHS.

All the area winners will play their 2nd contests Thursday. Highland Park will meet Ferndale. Almont tangles with mighty Imlay City. Brown City battles the victor in tonight's Sandusky-Deckerville game. Dryden faces Flint St. Mary and Memphis goes against Marine City Holy Cross.

TUESDAY'S FIGHTS
TOLEDO, Ohio—Henry Hank, 157, Detroit, outpointed Jimmy Beucham, 155, Miami, 18.

PHOENIX, Ariz.—Manuel Elias, 116½, Phoenix, outpointed Cesar Sanchez, 116½, Los Angeles, 10.

Waterford, Walled Lake Ousted

Skippers Unable to Halt Bentley Quintet, 70-50

Redford Union Defeats Vikings, 63-49, in 'A' District Openers

By BILL CORNWELL

The 1959 Michigan high school basketball tournament was a short one for Waterford and Walled Lake.

Both Inter-Lakes Conference members absorbed decisive lickings last night in the opening round of the Class A district tournament at the Southfield High School gymnasium.

Livonia Bentley had too many guns for the Skippers as the Bulldogs coasted to a 70-50 triumph after a fairly close 1st half. Redford Union's balance defeated the Vikings, 63-49, in the nightcap of the twin bill.

Only one game is scheduled at Southfield tonight, but it's of great interest to Pontiac Central. Host Southfield tangles with U. of D. High at 7 and the winner goes against the Chiefs on Saturday at 8:30 p.m.

Waterford managed to make things interesting for the first 16 minutes, but Livonia's superior shooting and rebounding told the story, after intermission.

Tom Eveland poured in 31 points to spark the Bentley attack, followed by Don Phillippi with 16 and Jim Carmichael's 15. Huskey Barry Campbell scored 16 for the Skippers, all in the 1st half, and little Ed Stigers tallied 15 points, 11 of them in the 4th period.

Walled Lake followed Waterford to the sidelines after trailing the Union cagers all the way in a sloppy, loosely-played contest.

The Vikings kept within striking distance during the 1st quarter, but a poor 2nd period put them 11 points down at halftime, 29-18. They fell 20 behind late in the 3rd stanza and their attempts to rally never came closer than 10 points.

Redford's balanced offense placed four players in two-figure scoring, paced by Ron Hagen's 19 points. Bob Smith netted 13 for Walled Lake.

Shamrocks Pressed to Trip Hartland

Rams Smother OLS

By H. GUY MOATS

An all-Suburban Catholic League finale for the District Class C state basketball tourney at Pontiac Central High gymnasium was assured last night.

With both Pontiac parochials victors in opening tests and their 2nd round opponents also members of the SCL, the district champion has to be an SCL club. And the odds favor Orchard Lake St. Mary, SCL kings, to repeat as district winners.

Eaglets tangle with St. Frederick, which toyed with a hapless Our Lady of Sorrows club

from Farmington, for a 58-37 win.

Eaglets had drawn a bye. OLSM has defeated Rams, and both fives in the lower bracket where St. Michael faces RO St. Mary after outlasting Hartland, 45-37, in last night's nightcap. The Royal Oak team had a 1st round bye.

The Ram-OLS affair was really a mismatch. The Farmington club managed a single point in the opening period and that one didn't come until the last minute and a half of the period. St. Frederick hit for 18 (8 by Tom Derocher) in the same session. OLS didn't sink a goal until midway in the 3rd period.

Derocher set the scoring pace with 15.

Hartland proved unexpectedly difficult for the Shamrocks, who were outplayed much of the first half on the boards. After the intermission, however, the north sideers improved, and following a 27-27 tie early in the 3rd period ran out a 36-31 lead going into the finale.

Mikemen's scoring was well balanced, with all six who played figuring in the totals, led by Pat Campbell's 14, Chuck Steinhelper and Tom Dabbs 10 each.

ST. FREDERICK OLS, FARM.
Derocher 7 1-3 15 Discher 0 0-0 0
Poco 7 0-4 14 Hirsch 1 1-2 3
Reed 2 1-2 5 Duke 1 3-3 3

Sees Upswing for U.S. Rubber

Automation to Reduce Tire Making Time From 48 to 4 Hours

NEW YORK (AP)—United States Rubber Co. plans to use automation to reduce the time to make a tire from 48 hours to less than 4 hours. H. E. Humphreys Jr., chairman, today outlined the company's present and future operations in a talk before the New York Society of Security Analysts. He predicted record sales this year.

Humphreys said, "We are in the midst of a concentrated program to apply automation to tires."

"We have already completed development of equipment for the continuous flow and automatic feed of components from the curing operation to the finished product and are working on equipment to automate earlier steps in the process."

"When this program is completed, we shall be able to reduce the time required to process a passenger car tire from 48 hours to less than 4 hours. That covers the interval from the time the raw rubber is fed into the process until the finished tire comes out."

Record sales of 950 million dollars were predicted for this year by Humphreys. He said net earnings would be "no less than \$4.50 a common share." In 1958 the company had sales of \$71 million dollars and earnings of \$3.6 a share.

Rate Increase for Legal Ads Asked in Senate

LANSING (AP)—A bill to increase rates newspaper publishers may charge for legal notices apparently is in for clear sailing in the Senate. It advanced to passage stage yesterday without a murmur of objection.

Under the measure, newspapers could charge \$2 for the first 120 words instead of a maximum of \$1.50 on the first insertion of any legal notice, order, citation, summons or other proceedings or advertisement required by law to be published in a newspaper.

The rate for second and subsequent insertions of 120 words would be pegged at \$1.50 each instead of the present \$1.

Sen. Frank Beale (R-St. Clair) said as long as the Legislature sets maximum rates it should recognize increased publication costs. Since 1947, he said, legal rates have gone up 15 per cent while display advertising rates rose 50 per cent, labor costs 62 per cent and newspaper costs 95 per cent.

Mills See Output Hike

DETROIT (AP)—Detroit area steel mills have scheduled operations at 99.4 per cent of capacity this week and expect to produce 151,700 tons of steel, Iron Age, a national metalworking weekly, reports. Operations last week were at 93.2 per cent of capacity and accounted for 144,500 tons. A year ago this week production was at the rate of only 44 per cent of capacity.

U. of D. Ups Tuition \$100

DETROIT (AP)—The University of Detroit is increasing its tuition \$100 a year. Tuition in the college of general studies will go up from \$225 to \$275 per semester; the school of dentistry from \$300 to \$380 and the school of arts and sciences and commerce from \$448 to \$544.

Business State's Jobless on Rise Again

January Figures Show 11.9 Pct. Out of Work Despite Car Recovery

DETROIT (AP)—Michigan's unemployment for January of this year was greater than that of January, last year. It also was 23,000 more than December despite a slight rise in automotive employment.

The Michigan Employment Security Commission said the total idled for January of this year was 332,000, or 11.9 per cent of the labor force. The percentage figure keeps Michigan in the "distressed area" class.

This compared with unemployment of 316,000 of January of last year and 329,000 for December. For all of 1958 average unemployment was 13.5, the state agency said.

Hard-hit Detroit's unemployment went up to 14.6 per cent in January as compared with 12.5 per cent for January last year and 13.6 for December.

The Motor City's January 1959 jobless was placed at 217,000. For December it was 205,000 and for January 1958, 191,000.

Unemployment figures cover all types of jobless. MESCC said auto employment increased 10,000 from December to January—from 201,300 to 211,300. In January of 1958 auto employment was 226,200.

For the state as a whole auto employment in January was 317,000 as against 316,600 for December and 348,100 for January of 1958.

News in Brief

Three juveniles were apprehended yesterday by Pontiac police in the break-in of a restaurant at 52 E. Kennett Rd., Monday.

The theft of tools from his car, parked in front of his home, was reported to Pontiac Police yesterday by Raymond Silk, 4 Liberty St.

Rummage sale, March 6th and 7th, 9 to 12 noon—both days, Four Towns Methodist Church, Cooley Lake Rd. —adv.

Goebel Gets New Prexy
DETROIT (AP)—Leroy J. Wallace has been promoted from executive vice president to president of the Goebel Brewing Co. He succeeds Edwin J. Anderson, who was stepped up to board chairman when he decided last year to devote his time to presidency of the Detroit Lions Football Co. The office of president had been vacant since last July.

Two Accountants Sue Hedy Lamarr for \$15,997
LOS ANGELES (AP)—Two accountants sued actress Hedy Lamarr Tuesday for \$15,997 they say she owes them.

For work by which he said Miss Lamarr got an \$89,970 deduction in her 1950 federal income tax return.

In another suit, Robert J. Mason said Miss Lamarr owes \$7,000 for accounting services performed from 1950 to 1952 by himself and a partner, Eli G. Gold.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Monday.

Detroit Produce

FRUITS	
Apples, Delicious, bu.	\$4.25
VEGETABLES	
Beets, topped, bu.	1.75
Carrots, topped, bu.	1.50
Celery, doz. stalks	1.25
Homestead No. 1, pk.	2.00
Leeks, (bunch), doz.	2.00
Onions, 4-6 lb. grade	1.50
Parsley, (bunch), doz.	1.50
Peas, 4-6 lb. grade	1.50
Radishes, (bunch), doz.	1.50
Rhubarb, (bunch), doz.	1.50
Turnips, topped, bu.	1.50
