Detroit Dentist Denies He Ever Threatened to 'Get the Other Man'

ALLEGAN (AP) — Dr. Kenneth B. Small, a Detroit dentist, completed his defense to a charge of first-degree murder today by denying he ever threatened "to get the other man" in his pretty wife's life.

Small spent only eight minutes under cross-examination today before he was dismissed from the witness stand. Mostly his answers were, "It is not clear in my mind," or "I'm not denying it."

But he was positive when Prosecutor Dwight Cheever asked: "Did you ever mention to your wife that you were going to get the other man?" Small said "no" and shook his head.

In these terse, vivid sentences the 31-year-old Small described yesterday what he said he remembered of the May 29 slaying of a suitor his wife had picked up on a solo Florida vacation:

"There I was standing in a room. I saw my wife in shorts. There was a gun going off. He was all bloody. There were people screaming. I guess I shot him. I don't remember. I must have."

Dr. Small claims he was temporarily insane when Lack, 45, New York playboy-industrialist, was shot and killed in a southwestern Michigan rendezvous with Mrs. Edith Small.

The dentist, his voice quivering with emotion, described the scene when his wife, returning from a vacation alone in Florida, told of meeting Lack and asked for a divorce.

Dr. Small said: "I asked her if this man had said he loved her."

"She said she did not know but she loved him."

"He has two kids nicer than ours," she told me.

"I said: 'Do you mean to sit' (Continued on Page 2, Col. 3)

Little Temperature Change Seen Here

Continued mild weather will bring little change in temperature tonight and Saturday to the Pontiac area.

The U. S. Weather Bureau predicts a low tonight of 58 to 62 rising to a high of 81 to 85 tomorrow. Partly cloudy skies are forecast. Yesterday's temperatures ranged from 58 to 78.

At 8 a.m. today the reading was 64. By 1 p.m. in downtown Pontiac the temperature stood at 79.

Sewer Worker Rescued

BURIED BY SAND — Romeo Chretien (left) 50, of Lawrence, Mass., was rescued by the efforts of his fellow construction workers after he was buried in eight feet of sand during a sewer trench cave-in yesterday. Friends dug frantically with their hands to free Chretien, after two other men, buried to their waists, managed to dig a hole to Chretien's head and free him. The victim was taken to a hospital suffering from shock.

Boeing's Giant Jetliner Makes Its First Flight

SEATTLE (AP) — The plane Boeing Airplane Co. believes is the world's largest and fastest jet airliner has left its nest and proved its wings in a dramatic flight test.

The big ship, dubbed the 707 and built to serve as an airliner for the commercial airways or a tanker to haul fuel for Air Force jet bombers, took off on its maiden flight yesterday.

The takeoff of the 110,000-pound craft came at a point two-thirds of the way down the 5,400-foot runway at Renton Municipal Airport. Its four 10,000-horsepower jet engines had boosted it into the air in 17 seconds. Within 15 minutes it was at 20,000 feet. An hour and 21 minutes later it landed after what its pilots said was a faultless flight.

Company officials said no speed test was involved but the big craft, designed to carry 130 passengers in its massive belly, is supposed to be capable of a speed of 550 miles an hour.

The company says it has invested 16 million dollars in the ship.

Molotov Balks at French Plan

Mendes-France Seeks Division of Viet Nam on 18th Parallel

By EDDY GILMORE

GENEVA (AP) — French Premier Pierre Mendes-France raced the clock today in a quest to win an Indochina cease-fire based on division of Viet Nam at the 18th parallel. But his efforts were set back by a four-hour session with Russia's stubborn V. M. Molotov.

French sources said last night's meeting with the Soviet Foreign Minister resulted in a complete deadlock. Both statesmen stuck to their positions and no progress was achieved, the informants said.

The partitioning of disputed Viet Nam was said to have been the main topic of the parley which broke up early this morning.

Mendes-France was reported to have pressed for a cease-fire line running from Dong Hoi on the Vietnamese coast, westward to Thakhek, on the Laotian border.

Western diplomats said the Communists seemed willing to do business, but that they were dicker for a bigger chunk of Viet Nam—most important of the three associated Indochinese states.

The Reds appeared to be seeking a compromise between the 18th Parallel across Viet Nam's narrow waist and their original demand for partition at the 17th Parallel.

The French want to hold the line at least to the 17th Parallel. To set it below that point would mean handing over to the Communist-led Vietminh the important air and naval base at Tourane and the old Annamese capital of Hue.

Loss of the latter particularly would be a severe blow to the (Continued on Page 2, Col. 6)

Bingo Hinges on 468 Names

Legalization of Games Depends on Disputed Signatures

LANSING (AP) — The campaign to put bingo on the ballot in Michigan today developed into a legal hassle over less than 500 signatures.

Robert M. Montgomery, state elections director, said so many petitions had been rejected by his office that the legalized bingo proposal lacked about 468 signatures of the 286,398 needed to place the issue of the November election ballot.

Charles R. MacLean of Lansing, attorney for the Michigan Association of Non-Profit Charitable Organizations, the bingo proposal sponsors, said he planned to scrutinize carefully the 40,000 rejected signatures to see whether he could recover enough to put the campaign across.

The State Board of Canvassers will meet Monday to decide formally on the sufficiency of the petitions.

It could override Montgomery on a number of classes of disputed signatures, any one of which apparently would be enough to put the proposal on the ballot.

Or, the board could order petitions sent back to county clerks to be checked against the signature cards of registered voters.

The elections division staff has been hinting that if this is done even more petitions probably will be rejected.

CIO, AFL Arrange Labor Celebration

Robert Boyer of the CIO and Clyde Troxell, AFL, were elected co-chairmen of the CIO-AFL Labor Day Committee at a meeting this week.

Other committee chairmen are Earl Anderson, Local 105, program committee; Eugene Sutherland, Local 594, park committee; Albert Wilkinson, Local 125, parade committee, and Robert Bowens, Local 653, recreation committee.

Boyer said plans for a Labor Day parade in Pontiac are progressing satisfactorily but that openings for bands of any description are still available.

Those interested in joining the celebration are asked to call the Oakland County CIO Council Office at FE 4-0579.

New-Born Twin Girls Left on Doorstep of Rochester Church; Now in Hospital

By HAZEL A. TRUMBLE

The Army blanket bundle that cried on the steps of the St. Andrews Catholic Church in Rochester Thursday night held twin baby girls only a few hours old.

In incubators today at St. Joseph Mercy Hospital, Pontiac, the records state admittance time, Thursday, 7:45 p.m.; weights, four pounds and six ounces and four pounds and one ounce; parents, "unknown."

What appeared to parishioners of St. Andrews on Walnut street to be one of the many bundles for the needy they had been collecting as part of a church campaign was first observed at 5 p.m.

John Peltier of Rochester entered the church at that time to light candles and saw the bundle.

"There certainly wasn't any sign of life. Just looked like another bundle to me," he said.

At 7:15 p.m. Kenneth Wigton, member of the Catholic Men's Club which was scheduled to hold a big meeting Thursday night, entered the church and heard a baby cry.

"I saw the bundle and stooped to roll the edge of the blanket back. All I saw was one baby and so I ran next door to

Father Harry Paul's parish house to get him," said Wigton.

Returning with Wigton, Fr. Paul knelt down intending to baptize one child and rolled the blanket back to discover there was a twin.

"It was evident," said Wigton, "that they had just been born and must have been immediately

wrapped in a piece of clean sheet and then in the large Army blanket."

Fr. Paul baptized the two, Mary and Maurice, called the Potere Ambulance service and accompanied the abandoned pair to the hospital.

The only clues are the piece of (Continued on Page 2, Col. 2)

U. S. Says Local Schools Owe Vets Institute Cash

Pontiac Public Schools have the same problem with the U. S. government that a lot of taxpayers have each March:

The government says the school system owes it more than it thinks it does—\$21,000 more, in fact.

Bone of contention is the Veterans Institute run by the school system from 1946 through 1951. The government, which subsidized the institute, claims it paid Pontiac schools \$41,000 more than it should have—and wants the money back. Pontiac schools claim they only owe \$20,000.

Vernon L. Schiller, school treasurer, says he isn't sure how the government figures that Pontiac is \$41,000 in the hole. He thinks some rules covering Veterans Institutes have been changed, and the changes made retroactive so they cover Pontiac's Institute.

Frank J. DuFrain, retired superintendent of schools, says the Institute "took the greatest amount of paperwork you can imagine."

"It was a worthwhile service for the boys," he said, "and they got a lot out of it. But it was a headache for us from the beginning."

The Institute opened in 1946. Veterans, studying under the GI Bill of Rights, took whatever subjects they chose. The U. S. government paid the costs, up to 59 cents per pupil per hour.

But the government had rules—or has now, anyway—as to how the 59 cents was supposed to be split for maintenance costs, teachers' pay, and administrative costs. Schiller thinks the administrative (Continued on Page 2, Col. 8)

French Troops Hit Rebels Hard

10,000 Infantrymen and Tanks, Planes Attack 2 Positions Near Hanoi

HANOI, Indochina (AP) — Ten thousand French Union troops, backed by tanks and warplanes, smashed today at Vietminh forces entrenched in two positions west and northeast of Hanoi. A French briefing officer said losses were appreciable on both sides.

The assaults began yesterday when 5,000 French Union troops in mobile infantry units barreled out of Luc Nam to hit Communist-led rebels dug in on a river bank six miles west of the town. This area is 35 miles northeast of Hanoi.

Twenty-five miles west of Hanoi, mobile infantry rolled southward out of Son Tay behind a spearhead of tanks in a four-pronged attack against Vietminh attempting to pick off French posts in that area. The officer said both assaults pushed the rebels from their positions, although fighting still raged today.

The two attacks, the biggest French drives in weeks, were designed to relieve increasing Vietminh pressure in those two areas.

The Vietminh hit near Luc Nam have been trying to isolate defense garrisons in that area for 10 days. The pressure had become so great the French pulled the 80-man garrison out of Camp Derulin, between Luc Nam and Phu Lang Thuong, after four nights of successive rebel attacks. A mobile group was sent to aid the garrison in the withdrawal.

A smaller mobile group, rolling east out of Phu Lang Thuong, plowed into another Vietminh concentration five miles from the main battle area.

The four prongs of the Son Tay offensive smashed into Vietminh trenches and foxholes forming an inverted triangle five miles south-east of Son Tay.

20 in Hospitals as Blast Shakes Maryland Town

Fire Hampers Rescue Work; Officials Fear Some May Be Trapped

CHESTER TOWN, Md.

(AP) — Blast after blast ripped through a fireworks plant on the west edge of Chestertown today for more than an hour and authorities ordered the town evacuated.

They feared the explosions might reach large stores of nitro-glycerin and other explosives in magazines at the Kent Manufacturing Co.

It could not be determined immediately if any of the plant's 275 workers had been killed but one witness said it would be a miracle if there were no dead.

Twenty casualties were taken to Kent-Queen Annes Hospital.

Hundreds of residents, including mothers pushing baby carriages, fled across the Chester River bridge to safety.

Chestertown, population 3,140, is directly east from Baltimore across Chesapeake bay.

State troopers were rushing to the scene.

"I'm getting out of this building," someone in the office said. The chief telephone operator at Chestertown reported:

"People are leaving this town like it had been bombed. People are crying on the streets."

"They just called us and asked us to get any more fire help we could from anywhere."

"The explosions have been going on out there since about 10:30."

"It's just terrible."

The Kent-Queen Anne's Hospital was swarmed with injured who managed to get out. Just how many of the 300 and some who worked at the plant were hurt was impossible to tell immediately.

An hour after the explosions started 20 casualties had been brought to the hospital but there was no report of anyone dead.

The Chestertown telephone exchange would accept nothing but emergency calls by that time.

"There can't help but be some fatalities," said Bill Usilton, Chestertown newspaperman who was a witness.

Smoke columns rose into the air for a thousand feet.

The plant occupies a 20-acre site at the west edge of Chestertown about a quarter of a mile from the center of town. It is made up of about 30 or 40 buildings. Most of them are small and dispersed.

Usilton said first reports from the scene indicated there might be many casualties in one of the larger buildings where women workers assemble fireworks and detonator fuses.

Whole bundles of fireworks were blasted into the air and then exploded.

Rescue work was hampered by the continuing explosions.

The local civil defense organization went into immediate operation to help in the rescue work.

McCarthy Halts Planned Probe

Boston Defense Plant Hearings Canceled by Republican Request

WASHINGTON (AP) — Sen. McCarthy (R-Wis.) today cancelled at the request of Senate Republican leaders his plans to open hearings in Boston Saturday on alleged Communist infiltration of defense plants.

Sen. Knowland (Calif.) disclosed this in the Senate when Sen. Flanders (R-Vt.) began a speech protesting McCarthy's plans.

Knowland interrupted and announced that McCarthy "has agreed to cooperate." He told Flanders "it will not be necessary to object."

Minutes later, Francis P. Carr, the McCarthy subcommittee's staff director, announced cancellation of the scheduled Boston hearing.

Carr said McCarthy had agreed, at Knowland's request, not to have (Continued on Page 2, Col. 5)

Birmingham Will Spend About \$11,000 to Develop City's Parks This Year

From Our Birmingham Bureau
BIRMINGHAM — City Manager Donald C. Egbert reported to the recreation board at its meeting last night at the city will have in the neighborhood of \$11,000 to spend on park development this fiscal year, and asked the board for its recommendations on how the funds can be put to the best use.

Of the city's public parks, Eton Park is first on the board's list for further development.

Adding to the baseball diamond, small play area and four tennis courts to open there shortly, board members recommended, in this order, the construction of a shelter house, further landscaping and a possible softball diamond.

Excessive rain has caused a delay in final steps which will complete the tennis courts, Egbert told the board. He added that the new regulation - size courts will probably be finished in two weeks.

In other action, an original \$15,110 1954-55 recreation board budget was revised to \$14,230, based on the \$11,500 authorized by the City Commission as the city's share. Revenues will make up the difference.

The city's share is a \$500 increase over last year. Overall increases were made without actually cutting the planned program.

Re-elected officers of the recreation board are Mrs. William Jackson, chairman; Roland Reese, vice chairman; and William Spence, secretary.

Despite this week's heat wave, City Manager Donald C. Egbert says most residents have been cooperating with the every-other-day lawn sprinkling system currently in operation.

Taking a look at the daily water consumption reports, however, Egbert said he suspects that some residents are cheating in following the regulations that call for odd-numbered homeowners to water gardens and lawns on odd-numbered days, and even-numbered on even days.

It was again pointed out that while all Detroiters may water on weekends, the same does not apply here. The weekend ease in Detroit is made possible by the many industrial plants and factories which close on Saturday and Sunday.

Bloomfield Township residents hit a new high in voting registrations, City Clerk Ann Birrell said yesterday. Final figures show that of a possible 4,200, a total of 3,335 residents are registered to vote in the Aug. 3 primary election.

The closest to that record came before the November, 1952 election, Mrs. Birrell said, when the total vote cast totaled 3,407, out of 3,524.

Since the November election, the township has added two precincts to its former two and has increased from seven to ten the number of voting machines, she said.

Jesse Sheets, a Birmingham resident, was among six Greyhound drivers to receive safe-driving awards from the company last month. With 18 years of safe driving to his credit he was rewarded with a topcoat.

Three Berkeley men were on the list, with Matthew Wright receiving a ruby pin as a three-year award. Uniforms went to Heli Silver, and Carleton Morris, for 10 and nine years, respectively.

Another three-year ruby pin award went to Herbert Young of Royal Oak, while John Onstott of Clarkston, received uniform equipment for six years safe-driving experience.

At a hearing this week, the City Commission confirmed a special assessment roll for acquiring the necessary right-of-way for constructing a sidewalk and fence from Villa road to the Porritt property.

A hearing to confirm the roll for sidewalk construction between Derby and Pembroke on the St. Andrews walkway was scheduled for Aug. 2.

The local YMCA has been given some additional dates at Camp Ohryesa and has openings for boys for the third, fourth and fifth periods. Edwin F. Kirbert, local Y secretary, said the dates include July 26 through Aug. 9, Aug. 9 through Aug. 18 and Aug. 18 through Aug. 27.

Full information, registration blanks and camp literature may be obtained at the Y office. The program includes swimming instruction, sports, camp fires and other activities.

With 21 residents having come forward to volunteer information on last month's fire which cost the lives of the wife and two sons of Thomas Couper, of 1189 Brookwood, a three-man fire investigation committee met this week with Fire Chief V. W. Griffith and other members of the department.

James Spencer, chairman of the board which is investigating possible negligence on the part of the Fire and Police Departments, said it will be at least two more weeks before all testimony has been taken.

"There are still other fire and policemen to report to us, plus any other residents who might wish to testify," he said.

Further meetings have not been scheduled, but Spencer said another one would probably be held this week.

Killed in the blaze were Mrs. Maureen Couper and her sons, Larry, 14, and Danny, 12. Her father, Lawrence W. Cross Sr., was rescued by firemen.

A Birmingham resident one year, he formerly lived in Highland Park. Mr. Harward was a retired Detroit attorney, serving the former Detroit United Railroad, and the Grand Trunk Western Railroad. A member of St. Joseph Episcopal Church, Detroit, he was also a Mason.

Surviving besides his widow, Edith Booth Harward, is a son, Lt. Col. Thatcher Harward, USAF, two daughters, Mrs. Ann Harward Mercer, and Miss Mary Harward, both of Detroit.

Birmingham Officer Marks 25th Year

BIRMINGHAM — Today is a special day in the life of Police St. Henry Timm, for it marks his 25th anniversary with the Birmingham Police Dept.

It was on July 16, 1929, that he began his police career here, a few occupation for the young man who had previously been a motor man on Eastern Michigan Railway's Detroit to Pontiac run for seven years.

Appointed a sergeant Sept. 1, 1944, Timm was promoted to his present rank on March 1, 1951.

Applly enough, "Timm," as he is affectionately known to those who have known him through the years as well as youngsters who succumb easily to his friendly manner, heads the juvenile division of the department. He has held that post since 1949.

Rochester Police said none of the neighbors living adjacent to the church can remember seeing anyone with the bundle near the church. All physicians' offices are being checked to see if there is any record of medical aid for the mother.

St. Andrews Church is located on a busy thoroughfare of Rochester.

"It is obvious," said Wigton, "that whoever abandoned them knew they would be found and taken care of."

Hospital nurses and doctors report that the babies are in fine condition today. They are beginning to take food and both have lusty cries.

"They are beautifully formed children and seem to be identical twins," said Mrs. Josephine Peterson, director of the pediatric ward of St. Joseph Mercy Hospital.

Rogers Hornsby's batting average for his 23-year pro playing career was .358.

Pick New Panel to Decide Award

Second 'Miss Michigan' Title to Be Decided by Well Screened Judges

MUSKEGON (UP) — A "blue ribbon" panel of judges will pick a new winner for the disputed 1954 Miss Michigan title tonight in a restaging of the event.

The first contest, won by Dolores usin of Bloomfield Hills, was declared "no contest" by officials of Commerce when they found that two of the six judges had "padded" their ballots in favor of Miss Susin.

Judges for tonight's event will be Dewitt Gibson, vice president and sales manager of a Chicago electrical supply company; Helen Aschmann, Dean of Women at Purdue University; Mayor Claude Ver Dula of Grand Haven; George C. Lamden, teacher of arts and dramatics at Holland High; Vern C. Adams, sales manager of a Cleveland firm; and Robert Phinney, assistant director of public relations at Gerber's Baby Foods, Fremont.

Gibson, who was an all-American football player at Northwestern University in 1936, is an "id judge," contest officials said.

"He officiates at Big 10 football games and has called a lot of close ones in his day," one contest official said.

Mort Perrin, in charge of the judges committee, said each judge was picked "very, very carefully."

Miss Susin, who was striped of her crown and more than \$5,000 in prizes less than six hours after she was named Miss Michigan June 23, will not take part in tonight's contest.

Miss Susin's mother said her daughter "certainly will not" take part in the contest.

"Our biggest regret now is we did not keep the crown and force the contest committee to take it away with legal action," Miss Susin's mother said. The 22-year-old airlines receptionist from Birmingham was heartbroken when the title was taken from her last month.

there and tell me another man's children are dearer to you than your own?"

"She said again that they were nicer than our children."

Mrs. Small, 30, a dark-eyed brunette, is the mother of three young sons.

Dr. Small said his wife, who left the courtroom while he was on the stand, also told him: "You don't know how to live. I want to live big now."

The dentist told of tracing his wife to the plush summer home near Douglas, Mich., where the shooting occurred, through a phone call she made home. She had said she planned to spend the ill-starred Memorial Day weekend with a former college roommate in Chicago.

Dr. Small told of tracing the call to Fennville, Mich., and "I started to drive. There was rain and storm that night. I had to see for myself if she was with Lack. . . I prayed she wouldn't be there. . . It was like you get some place but don't know how you got there, or what way you went or how many red lights you went through."

The dentist's stay on the stand was interrupted late in the day when Defense Atty. Leo Hoffman called the first of three psychiatrists who will testify for the defense.

Dr. Harry August, chairman of the Michigan Mental Health Commission, said Dr. Small was insane when he killed Lack.

Hoffman asked him when did the dentist "become insane to the point of being unable to restrain impulses?"

"It was when he received the phone call from Fennville," Dr. August said. "The mental turmoil had mounted to the point where his restraint was nullified. He was unable to restrain himself when he saw his wife and Lack together."

Before he left the stand, Dr. Small told of trying to commit suicide "but I couldn't pull the trigger. I thought of the boys. I wanted them to grow up to know their dad."

Hoffman introduced four suicide notes which he claimed Dr. Small had written after his wife had asked for the divorce. One to Mrs. Small said, "I wish you had given me a second chance. . . I have no weapons and no defense and now no will to live."

Pontiac Child Injured When Struck by Car

Helen E. Cunningham, 6, of 299 S. Anderson St., was treated at Pontiac General Hospital for bruises suffered Thursday when struck by an auto driven by Fred Pearl, 34, of 291 S. Anderson St., in front of the child's home.

According to Pontiac Police, the child ran in front of the slow-moving auto from behind a truck going in the opposite direction.

Sweet Reward Repays Officer for Key Rescue

By JOSEPH K. SFAIR

"It was sweet of 'em," said desk Lt. George F. Scott, veteran Pontiac policeman, this morning as he sank both jaws into a fresh jelly roll.

Scott was telling about the "satisfied bakery man from Detroit" who rewarded him with the box of rolls, as fellow-policeman also consumed some of the fresh cakes.

William Keller, 30, who delivers baked goods to Pontiac each morning, dropped his truck keys in a catch basin on East Huron street, Scott said.

"I don't know what to do; I've got to get my cakes delivered," Scott quoted Keller as saying. "I've done this before, and lost a whole day's work practically," Keller also told Scott.

Scott, who begins work at 7 a. m. assured Keller his cakes would be delivered and be on morning breakfast tables on time.

Within 15 minutes, Pontiac DPW workers from Lake Street Yards had rescued the keys and Keller was on his way.

Two hours after the incident, Keller walked into Police Headquarters.

"Lt. Scott, I'd like to give a dozen of fresh rolls for the ast service police gave me today," Keller said.

"When it happened to me the last time outside of Pontiac, the police department never showed up to help," he added.

Said Scott, "Bet they never got any of your jelly rolls, either."

Three Detroit Boys Hurt in Car Crash

Three 14-year-old Detroit boys were injured yesterday when one of them lost control of the car in which they were riding, and the auto struck an embankment and overturned, according to Michigan State Police of the Pontiac Post. Driver of the car, Tim Keating, of 15784 Murray Hill, whose father, Kenneth owns the car, is reported in good condition at St. Joseph Mercy Hospital with a fractured elbow.

Robert McKay, of 18911 St. Marys, is also listed in good condition with a fractured collarbone and chest injuries.

The third boy, Gerald McIntyre of 15805 St. Marys, was treated for mouth and hand injuries.

Troopers Harold Wade and William Dreger, said the two passengers were thrown from the car as it overturned. Skid marks measured 122 feet, they said.

Keating, an unlicensed driver, will be called into Probate Court, police said.

Cab-Auto Crash Hospitalizes Two

A Pontiac cab driver and a Wyandotte motorist are both in good condition at Pontiac General Hospital with injuries sustained when their autos collided yesterday at Whitney street and M59 in Waterford Township, according to the hospital.

Township Police said Ray C. Smith, 49, of 45 E. Lehigh St., the cab driver, stopped at Whitney but then pulled out into the path of a westbound car driven by Robert E. Nelson, 29.

Nelson was admitted with chin cuts and a jaw fracture, and Smith sustained rib fractures, scalp cuts, neck injury, and a possible concussion.

Builder Reveals Gift Practices

Says That Small Favors Were Often Presented to FHA Employees

WASHINGTON (UP)—A Richmond, Va., builder who said he is a friend of Clyde L. Powell, ousted Federal Housing Administration official, told probing senators today it was a common practice for builders to give gifts to FHA employees.

Bertram Bonner of Richmond, New York and Florida said he would not call Powell an "intimate" friend but acknowledged under a barrage of questions that Powell had "dropped by and paid his respects . . . maybe once or twice," including once in Florida.

He said he did not recall that Powell ever stayed overnight with him.

Powell, former FHA official in charge of rental housing programs at the time Bonner built seven government-backed apartment projects, has twice refused to testify before the Senate Banking Committee in its probe of government housing programs. He stood on his constitutional rights not to be a witness against himself.

Chairman Capehart (R-Ind) said at one point in the questioning of Bonner:

"It's like pulling teeth here to get information out of this gentleman."

Capehart asked Bonner if any FHA official had ever asked him for favors. Bonner said no. Capehart asked if Bonner "ever gave anything" to FHA employees.

Bonner said yes, "small token gifts . . . not of any consequence."

Bonner conceded the value of the gifts was around \$50. He said they went to "receptionists, switchboard operators" and others in that category, usually in the form of liquor, possibly cigars and the like.

Bonner said it was common practice for builders to present such gifts.

The committee also planned to dig into financial details of a big Long Island apartment project which housing officials say put profits of nearly a half million dollars into British pockets.

McCarthy Halts Out-of-Town Probes

any out of town sessions. He said McCarthy would have hearings here Monday and Tuesday to question some of the witnesses he had planned to interrogate in Boston, and that "ultimately we will have some hearings in Boston."

Knowland said in the Senate that he had called McCarthy, told him that the Senate plans to be in session all day Saturday and that McCarthy "agreed to cooperate and said he would hold no meeting outside of Washington Saturday."

Flanders said he was protesting McCarthy's plans because "I doubt if the committee has jurisdiction." He said it was a matter involving private industry instead of government operations.

A second reason for objecting, Flanders said, is that "the senator has a date with me on the floor of the Senate July 20" when Flanders plans to seek a test on his efforts to have McCarthy fired from committee chairmanships or censured.

On that same date, which is next Tuesday, McCarthy may face a new effort by some members of his investigations subcommittee to force a shake up of the subcommittee staff.

Sen. Potter (R-Mich.), who is pressing for a shake up, said "I'll stand pat" despite McCarthy's blocking of his first efforts.

State Tourist Chief Believes Michigan Ideal

LANSING (UP) — Robert J. Furlong, executive secretary of the Michigan Tourist Council, rushed out a press release Thursday noting that the temperature was a pleasant 75 degrees outside his office in Lansing.

"It's nice and cool in Michigan," Furlong wanted the rest of the country to know.

He compared this to readings of 120 degrees in Fort Scott, Kan., and 115 in St. Louis, Mo.

"No wonder so many out-state people vacation in Michigan," said the chief of the tourist council.

prestige of ex-Emperor Bao Dai, chief of state for the government. The French have set up in Viet Nam.

Mendes-France has hinted he might be persuaded to turn over Viet Nam's northern war capital, Hanoi, to Ho Chi Minh's forces. But the Premier was reported holding out stubbornly to retain at least temporary control of Haiphong, the major port of the rich Red River delta through which the French may have to evacuate their forces.

In return for retaining Haiphong, 65 miles east of Hanoi and well above the 18th Parallel, the French have offered to let the Vietminh keep control of some of their pockets in the South.

The French believe the Communists will agree eventually to a neutralization of the other two Indochinese states, Laos and Cambodia, based on withdrawal of Vietminh forces and incorporation of local Communist resistance movements into "national communist."

Mendes-France, who has promised to resign if he fails to get a cease-fire by July 20, is feverishly trying to iron out points of difference in small, private huddles between French and Communist delegates.

While the French Premier took the lead in dealing with the Reds, British Foreign Secretary Anthony Eden backed him up with an exhausting schedule of meetings with members of both the Western and Communist delegations.

The French and British hope to reach a large measure of agreement with the Communists on detailed terms of an armistice by the time U.S. Under Secretary of State Walter Bedell Smith arrives tomorrow to sit in on the negotiations.

Michigan Gets Cobalt-60 Bomb

Detroit Hospital Shares New Cancer Treatment With Wayne

DETROIT (UP)—Michigan's first Cobalt-60 "bomb" for treatment of cancer has been installed in Detroit Memorial Hospital in a joint project with Wayne University.

Dr. James E. Lofstrom, roentgenologist in charge of the hospital's X-ray department, said treatment of patients will be started next week.

The "bomb" was brought from the Atomic Energy Commission plant at Oak Ridge, Tenn., in a 1,700 pound lead container and was transferred to its cell in the hospital laboratory yesterday.

It is encased in a ton of lead in a steel jacket with one small circular window which can be opened to allow a beam of radiation to emanate.

The radioactive cobalt is in the form of six small cylinders shaped like roller bearings. Each is approximately a third of an inch in diameter and a third of an inch in length.

Cobalt-60 has a half-life of 5.3 years, which means that half of its radiation power will be expended in that time. Dr. Lofstrom said he plans to use the "bomb" two years and then replace it.

The hospital expects to treat up to 30 patients a day. The "bomb" also will be available for research projects of Wayne University's medical school.

Thieves Take Wheels, Leave Car's Hub Caps

BLOOMFIELD TOWNSHIP — Leaving the fender skirts and hub caps, thieves made off with the wheels of a Cadillac owned by Joseph Preece, of Orchard Ridge Road, Bloomfield Hills, yesterday.

Preece had parked it in the Grand Trunk Western Railroad commuter station at Charing Cross and Wadsworth.

Some Charity Bingo Ruled OK in Detroit

DETROIT (UP) — Charity bingo, played on a voluntary contribution basis, apparently had the green light in Detroit today.

Chief Assistant Prosecutor Ralph Garber ruled that a game played in the VFW Hall Wednesday was legal. He said the game was played on a "voluntary, unspecified contribution basis."

Thieves' Note Warns Owner to Drive Slowly

Mrs. John MacLeod of 650 Lakeview, Lake Orion, has been plagued recently by thieves stealing accessories from her car. Now they are even writing her messages.

The woman called Oakland County Sheriff Clare L. Hubbell yesterday and told him that thieves had struck again and left this note on the front seat of the car: "Don't drive too fast because we took the cap to your oil filter."

Needless to say, the note was not signed.

U. S. Says Schools Owe \$21,000 Extra

Use of Cemetery Restricted by Board

SOUTHFIELD TOWNSHIP—Township Board members approved restriction of the use of the local cemetery to residents and their immediate families at a meeting Tuesday. The board also decided the rate of costs for grave plots during the discussion.

Bids of Lench Packard Body Auto Equipment Co., and Burling McHugh were accepted for a Packard rubbish truck. The purchase of the vehicle gives the township two pack-haul style refuse trucks, as required by incinerator authorities.

A zoning ordinance amendment was passed at the meeting. The areas affected lie near Ten Mile road and Beech road.

A petition of Everett road, residents for a concrete pavement of the r street was accepted, and the SDM license of Walstrom market was transferred to Frnch's Market. License approval was also land drug store.

The building code was amended; the authorization for payment of the Southfield Park incorporation election was passed, and the Township clerk, Fannie Adams, was authorized to appoint the August election board.

Farmington Sells \$1,500,000 Bond Issue for Schools

FARMINGTON TOWNSHIP—The school district sold its \$1,500,000 school building bond issue to the syndicate headed by Halsey Stewart and Co., this week. The bid was the best of four offered, according to O. E. Dunkel, superintendent of schools.

The bond issue will cover the cost of building and furnishing a new elementary school, and an addition to the new high school, as well as financing the acquiring of sites for new elementary schools.

The State Municipal Finance Commission approved the sale of the bonds dated June 1, 1934. Building plans are now in preparation for the bidding of the building contract, scheduled soon.

3 People Killed in State Traffic

2 Boys Die in Hot-Rod; Woman Loses Life in Another Crash

By INS News Service

Three persons were killed in Michigan traffic last night, including two boys in a souped-up hot-rod and a Detroit woman.

Dead are: Donald H. Ross Jr., 19, of Detroit; Donald Brown, 18, of Livonia; Mrs. Florence Priemer, 51, of Detroit.

Ross and Brown were killed when their hot-rod, traveling an estimated 90 miles an hour, collided head-on with a car containing a Detroit mother, her four small children and a neighbor girl.

The crash occurred on North Territorial road, four miles northwest of Dexter, as the hot-rod hit a dip in the road, flew into the air, and then came down out of control.

The mother, Mrs. Patricia R. Ralko, 24, who is expecting another baby in September, received head and internal injuries and is in serious condition in University Hospital, Ann Arbor.

Carol Silverwood, 17, suffered a fractured pelvis and is also in serious condition in the same hospital.

Mrs. Ralko's children escaped without serious injury and are held at the hospital for observation. They are William, 5, Pamela, 4, Donald, 3, and Denise, 2.

In another accident, Mrs. Priemer was killed when the car driven by her husband was hit broadside while making a turn in Dearborn.

The Priemers and Myrtle Truesdell, 53, a passenger, were pinned beneath the car. Priemer and Miss Truesdell are both in serious condition in Wayne County General Hospital.

Romeo Airman Wins Writing Contest in Korea

ROMEO—A. I. C. Winston Hebert, has won a short story contest conducted at his base, the 75th Air Wing in Korea.

He is the son of Mr. and Mrs. Fred C. Hebert, of North Main street.

Hebert's story was sent on to Japan to be submitted in competition with winning entries from other bases in the Pacific. Hebert has been stationed in Korea since October, 1953.

Surgeon General to Talk at Dedication

Dr. Leonard A. Scheele, surgeon general of the U. S. Public Health Service, will give the principal address tomorrow at the dedication of the new Beaumont Memorial on Mackinac Island.

Some 5,000 Michigan doctors of medicine, medical leaders from every part of the country, historians and tourists are expected at the event.

Dr. Scheele is a graduate of the University of Michigan and received his medical degree from the Wayne University College of Medicine.

Dr. Otto O. Beck of Birmingham, chairman of the Beaumont Memorial Committee, is in charge of arrangements.

The monument is a reconstruction of an old fur company store where a trapper was shot accidentally. Dr. William Beaumont conducted digestive system experiments through a permanent opening left in the trapper's stomach by the accident.

A new hospital in Royal Oak has been named for Dr. Beaumont.

Soybeans Show Some Strength

CHICAGO (AP) — Soybeans displayed a little strength on the board of trade today but the rest of the market had a slightly easier undertone.

Wheat's tendency to back away from yesterday's closing levels was not too surprising in view of the sharp upturn this cereal has experienced, brokers said. The buying in new crop soybeans was attributed to a continued lack of substantial moisture in the mid-west.

July soybeans were quite strong at one time on short covering but quickly backed down from its peak. July corn also was strong early, giving up all of its gains later.

MR. SWEENEY'S WORLD—Charlie Ruggles, noted screen character actor, has been lauded for his sensitively perceptive role of Cicero J. Sweeney, star of TV's "The World of Mr. Sweeney." The series was originally launched as a short on the Kate Smith Show. It concerns the small adventures of a village businessman. Filled with tender humor, the program is a summer fill-in for both Dinah Shore and Jo Stafford.

Town Produces Blood, Ice to Preserve It In

MORRISVILLE, Vt. (UP)—Townfolk here did themselves proud by contributing 122 pints of blood one day at a visiting Red Cross mobile unit.

And they also helped preserve the blood.

No ice cubes were available in Morrisville to pack the precious blood during the unit's return trip to headquarters in Burlington. So residents and Red Cross personnel went around clipping icicles from buildings.

Plays Marriott in The Marriage

Jessica Tandy Is His Wife and Is With Him in TV Comedy

NEW YORK — Portraying lawyer Ben Marriott in "The Marriage," domestic situation comedy on TV, seems natural to Hume Cronyn, who studied law at McGill University in Montreal.

Cronyn and his wife, Jessica Tandy, who are co-starred as husband and wife in "The Marriage," have portrayed husband and wife before, most recently as co-stars and entire cast of the long-run Broadway and road tour hit, "The Four-Poster." They appeared together last season in the new off-Broadway Phoenix Theater production of "Madam, Will You Walk."

Miss Tandy was born in London, England, on June 7, 1909, and her husband in London, Ont., on July 18, 1911. Miss Tandy studied acting at the Ben Greet Academy in London and started her career with the Birmingham (England) Repertory Company.

She appeared in London productions of modern plays and Shakespeare, toured in England and studied at the Old Vic. She had made her Broadway debut in "The Matriarch," a quick flop, but returned in 1937 for "Time and the Conways and The White Steer."

During the next few years she appeared in a number of movies, but her greatest personal triumph was on Broadway as the tragic Blanche of the Pulitzer-prize-winning "A Streetcar Named Desire."

Cronyn attended Ridley College and McGill University before deciding to become an actor. He then studied at the American

Republican Women to Entertain Cleary

Women's Republican groups will be guests Monday at a 3 p.m. meeting in the home of Bruce J. Annett at 2799 Sylvan Shores Dr., Waterford Township, with Owen J. Cleary, candidate for governor, as honor guest.

The meeting will follow an extended tour of Oakland County by Cleary in a 15-car caravan leaving Pontiac at 8 a.m.

The tour will include stops at Rochester, 9 a.m.; Lake Orion, 10 a.m.; Oxford, 10:30 a.m.; lunch at noon in Holly; Clarkston, 2 p.m.

and Waterford at 2:45 p.m. Following the afternoon meetings Cleary will pay personal visits to several Pontiac businessmen, according to Annett, Oakland County chairman of the "Cleary for Governor" campaign.

Elevator Is Portable

New on the market is a 12-foot portable grain elevator which weighs only 28 pounds and operates from either an electric motor, two and one-half inch electric hand drill, or a 2-cycle gasoline engine. It delivers 10 to 15 bushels per minute, depending on the type of power used.

Purse Stealer Nets \$80 From Children

TOLEDO (AP)—Two-year-old Sherri Haecker and her sister Roxi, 3, took a spin on their tricycles on

the sidewalk of their home yesterday while their mother, Mrs. Howard Haecker, prepared breakfast. Hanging from Sherri's arm as they rode along was Mrs. Haecker's purse, which the sisters had picked up as they walked out of the house. A few minutes later the girls

ran back into the house to tell their mother that a man grabbed the purse from Sherri's arm and ran away with it.

Mrs. Haecker said the purse had contained \$80.
