Welcome to OIRA's Grizz Facts

Each week, you'll receive an email with an interesting piece of information that will help you better understand OU and its students.

Summer Enrollment Since 2000

Since 2000, OU's fall headcount has increased almost 35 percent! However, summer enrollment is smaller than fall or winter enrollment, so it is more sensitive to even small changes in faculty, course scheduling, course offerings, etc. Most of the decrease in summer has been at the graduate level, due to the recession and the drop in demand for teacher education.
