Bell to Spend $4.4 Million on Local Improvements

Michigan Bell Telephone Co. will spend $4,398,000 this year to expand and improve communications facilities in Pontiac, it was announced today.

The local outlay is part of the $184-million the company will spend throughout the state in 1967. The statewide total equals Bell's record expenditure last year.

Charles B. Woodhead, public relations manager for the Pontiac district, said the expenditure for Pontiac would be allotted as follow:

Outside plant facilities, $963,000; telephone equipment in homes and offices, $1,212,000; central office equipment, $2,125,000.

Michigan Bell President William M. Day said that last year's program "went a long way toward helping the company catch up with the unprecedented demand for and high usage of telephone service."

SERVICE DEMANDS

"Our 1967 program, as last year's, is designed not only to meet the continuing demand for basic telephone service," said Day, "but to give every Michigan Bell customer the type and quality of service he wants and expects from us."

Noting that much of the capital to finance the construction program must come from investors, Day said the "magnitude of this year's expenditures reflects the company's confidence in the continued economic health of Michigan."

Part of the huge demand placed on company facilities, according to Day, stems from the fact that more and more customers are requesting better grades of service (one party vs. two party), and that customers in general are using their telephones more.

★ ★ ★

During 1967, the company will place more exchange cable throughout the state than it ever did in a single year, a record 11.4 billion conductor feet, said Day.

In addition, construction of eight new telephone buildings will get under way, along with 26 building additions.

★ ★ ★

Nine more communities will be tied into the direct distance dialing network during the year, bringing to 95 per cent the number of customers able to dial their own long-distance calls.

GRIEVING SON CONSOLED — Astronaut Eugene Cernan tries to console a grieving Stephen Chaffee, 5, as he weeps at the graveside of his father, Roger Chaffee, at Arlington National Cemetery yesterday. Sharing his grief are (front row, from left) his mother and his sister, Sheyrl, 8.

Bus Rams Truck, Killing Six

COLUMBIA, S. C. (AP) — Six passengers were killed early today and at least 12 others injured when a Continental Trailways bus slammed into the rear of a stalled tractor-trailer truck on Interstate highway 26, three miles north of Columbia.

The truck had stopped after striking an automobile.

An emergency lighting system set up by firemen to aid in rescue work revealed jumbled wreckage, moaning passengers and twisted seats scattered about the highway following the 4:30 a.m. crash.

Richland County officers climbed through shattered windows to remove dead and injured.

The right side of the bus was almost sheared off and its top was peeled back. It was en route from Asheville, N. C., to Columbia and then was to go to Charleston, S. C.

Richland County Coroner Cecil Wiles said names of the dead would not be released until next of kin were notified.

Injured were taken to two Columbia hospitals. Four injured servicemen later were transferred to the base hospital at nearby Ft. Jackson.

The bus driver, Marvin Rhodes of Columbia, was not critically hurt. The tractor-trailer driver, Donald Goan, 29, of Morristown, Tenn., escaped injury.

★ ★ ★

Goan's rig was loaded with canned goods destined for the naval base at Charleston. The consignment was shipped by the Bush Brothers Produce Co. of Dandridge, Tenn.

The bus, the tractor-trailer and the automobile all were southbound on the four-lane interstate highway.

Goan said a car in front of him swerved and he was unable to avoid striking it a glancing blow, knocking the vehicle across the median and across the two southbound lanes. It tore through a wire fence bordering the southbound lane.

Goan said he stopped immediately, leaving his lights on and the four-way blinker system operating while he went across the median to check on the passengers in the automobile.

He said a man and a young woman in the car did not appear seriously hurt, but when the girl complained of the cold he said he went back to the truck to get her a blanket.

GM '66 Profits $333 Million Below '65 Mark

DETROIT (AP) — General Motors, the world's largest corporation, saw its 1966 profits fall $333 million below the record it set in 1965.

The decline stemmed largely from a drop of almost $500 million in sales, but the firm still wound up with its second-best year.

These were the key points in the preliminary financial statement of the giant auto-making firm, which in 1965 became the first corporation with more than $2 billion in profits in a single year.

The 1966 figures were not quite that rich as GM earned $1.793 billion, down from the record $2.126 billion earned in 1965.

★ ★ ★

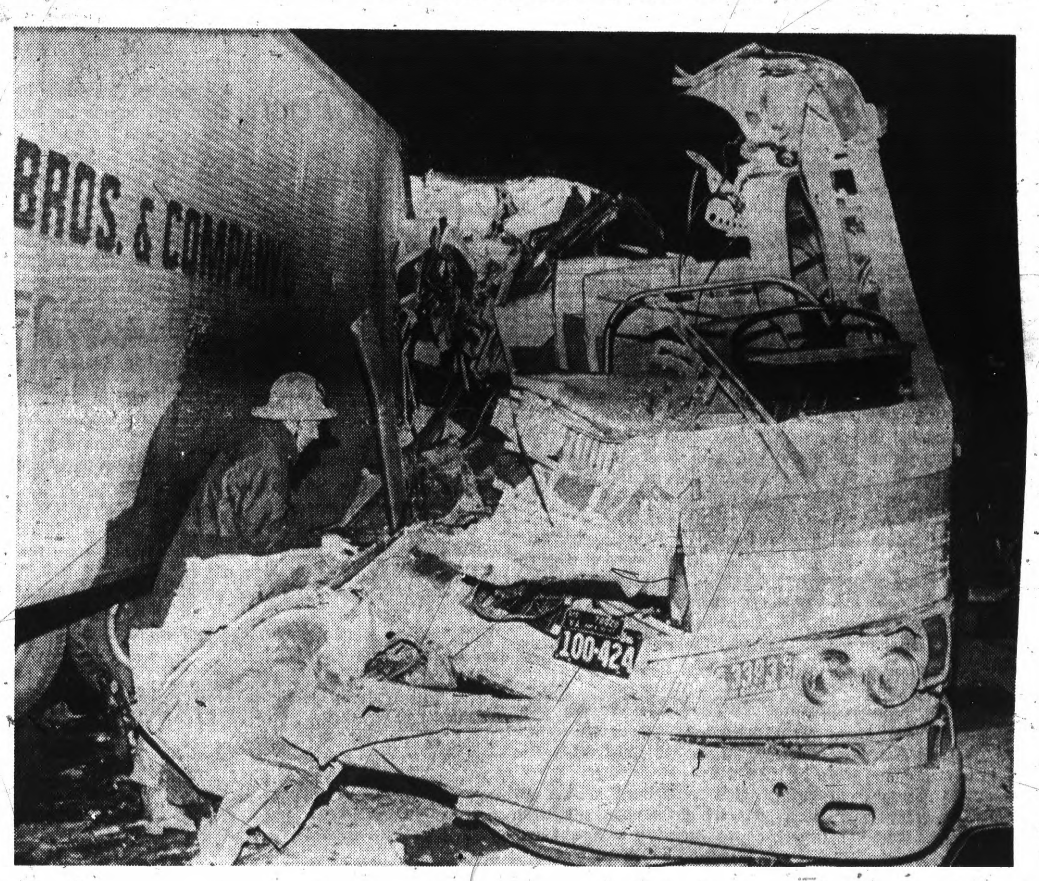

Ford Motor Co. was to release its preliminary figures tomorrow and Chrysler next week.

AMC REPORT

American Motors' financial picture was to be disclosed at its annual stockholders meeting today.

GM President James M. Roach said his firm's 1965 figures were swelled abnormally because of a heavy carryover of car buyers who could not get

Wreckage Of Bus In Which 6 Were Killed In South Carolina

Auto Makers Mull New Safety Rules

DETROIT (AP) — U.S. auto makers plan to study in detail the federal government's softened car safety standards.

The Commerce Department withdrew yesterday three of the original 23 standards, which had drawn strong protests from the auto makers when they were announced last Dec. 3. They are the first federal standards.

In a compromise move, the other original 20 standards were toned down, and the industry was given an extra four months in which to put them on 1968 model cars. The original deadline, next Sept. 1, was extended to next Jan. 1.

Withdrawn for further study were two proposed standards dealing with tires and rims and one requiring headrests to protect riders from whiplash injury.

The automotive Big Three — Ford Motor Co., General Motors Corp. and Chrysler Corp. — said they would reserve comment until the revisions could be thoroughly studied.

Board Chairman Roy Chapin of American Motors Corp. declined comment.

OPTIMISTIC

Volkswagen, most successful foreign challenger in the U.S. auto market, appeared optimistic.

"It looks now as if we will be able to meet all standards still in effect for 1968 cars and we foresee no major problems," said a Volkswagen official.

One U.S. auto industry source was asked whether the four-month extension would be meaningful since 1968 cars would be unveiled in September and October.

Safety Standards Listed on Page A-2

★ ★ ★

"It's possible to put out one kind of car in October and another in February assuming there were only minor changes," he said. "But a whole new kind of automobile, that's something else."

Romney Talk Up to House Dems

LANSING (AP) — Gov. George Romney may ask the Legislature tomorrow night for a billion-dollar state income tax—or he may not. It depends on whether House Democrats decide to send him an invitation.

A resolution inviting the Republican governor to deliver his budget message to a joint session of the Legislature at 7 p.m. tomorrow was passed last night by Senate Republicans on a party-line vote.

The measure now goes to the House where Democrats hold half the seats and have an equal say.

Senate Democrats objected to the unprecedented evening message as a bid by the governor for publicity through prime radio and television time, but majority Republicans rolled over them, 17-10.

★ ★ ★

If Democrats in the House also make a partisan issue of inviting Romney for the evening session, Republicans will have to find a majority in the equally divided chamber or wait and hear Romney in the morning.

GUESSING GAME

Trying to guess the total figure of the governor's budget is an annual game in Lansing. Estimates this time hover around a record $1.15 billion, down about $80 million from guesses which followed a reported last-minute Romney order to trim that much from the embryonic budget.

Flash

WASHINGTON (UPI) — Vladimir Kazan-Komarek, a Cambridge, Mass. travel agent, today was sentenced to eight years in prison by a Czech court, on espionage charges the State Department reported.

Fire That Killed 2 Baffles AF

SAN ANTONIO, Tex. (AP) — An Air Force official, commenting on an oxygen-fed fire inside a simulated space cabin that killed two airmen, says:

"We don't know how or why it happened."

★ ★ ★

The explosion yesterday was the second fatal oxygen accident in the nation's space program in five days. Last Friday, the three Apollo 1 astronauts were killed at Cape Kennedy in a fire in their space capsule. Both the Apollo 1 sapcecraft and the simulator were filled with pure oxygen at the time.

The Air Force official, Col. James B. Nuttall, head of the Air Force School of Aerospace Medicine, said the school has had "over 500 exposures to pure oxygen with no difficulty at all."

He said that an accident investigation board has started gathering data.

Killed in the accident at Brooks Air Force Base here were Airman 2.C. William F. Bartley Jr., 20, son of Mr. and Mrs. William F. Bartley, Indianapolis, Ind., and Airman 3.C. Richard G. Harmon, 21, son of Mr. and Mrs. Vernon F. Harmon, Auburn, N.Y.

MOTHER WORRIED

Two hours before the tragedy Bartley's mother had mailed a letter to her son, a technician at the school, telling him that she was worried about him because of the Apollo 1 fire.

The victims were performing routine care and testing of some experimental rabbits inside the School of Aerospace Medicine cabin, actually a green-colored steel tank.

Air Force officials said the simulator was filled with pure oxygen, which can turn a spark into an inferno, in a planned 60-day experiment to determine the atmosphere's long-range effect on the blood of 16 rabbits confined in the cabin. Pressure in the cabin was kept at seven pounds per square inch, about half normal sea-level pressure.

Bartley died within an hour. Harmon died almost eight hours later in an Army hospital.

4 More Inches of Snow Tonight

Still shaking off the effects of last week's crippling storm, Pontiac and Lower Michigan are headed for another four inches of snow tonight along with high winds, according to the weatherman.

A forecast issued this afternoon reversed a previous prediction that only slight precipitation would be felt in the area through this weekend.

★ ★ ★

Winds ranging up to 30 miles an hour are expected tonight, with resultant drifting likely to chop visibility to near zero at times.

From early morning through 2 p.m., the mercury hugged the 30-degree mark in downtown Pontiac.

Weather Contrast Reaches Extremes

By DICK SAUNDERS

Everyone seems to have jumped on the snowfall bandwagon when the conversation comes around to descriptive phraseology for the winter of 1966-67.

Let me put in a vote for contrasts.

It was about two weeks ago my sled-bearing son excitedly informed me: "I can turn and make it all the way to Rickard's."

Translated, this proves several points:

- The ice was so fast that one could fly down a smallish hill on a nearby vacant lot, turn when he hit the sidewalk and continue his record-smashing run to about the fourth house off West Huron.
- I am the proud inhabitant of a neighborhood where laziness manifests itself in glazed sidewalks.
- We, the adult, male inhabitants, are true champions in the eyes of kids with sleds.
- It was very, very cold two weeks ago.

★ ★ ★

In fact, it was about three below zero.

5 DAYS LATER

Five days later, in the same neighborhood, I saw young girls in knee-length shorts, kids on bikes, idle sleds, almost-green grass in my front yard and lots of fog and mud.

The temperature hit 60.

At dusk on Jan. 23, a girl rode past on a bike with a blazing new headlight and a red warning light for traffic to the rear.

The lights were obviously recent gifts which were getting an unexpectedly early trial run.

★ ★ ★

It was so springlike, I went out and oiled my lawn mower.

NOT OVER YET

I reassured a friend who is new to this country that winter was not over. It took about 72 hours for the elements to make a true prophet of me.

Friday, my neighborhood again disappeared under a blanket of snow.

The latest blanket brings us to about 41 inches for the winter of 1966-67 to date.

It's true we only had 23.5 inches all last winter (November through April), but the year before last we recorded a whopping 59.8 inches in the Pontiac area.

13-INCH SNOWFALL

Most of that winter's total fell after Feb. 1, including a 13-inch snowfall Feb. 25, 1965.

February, traditionally, is a heavy snow month in this part of the country.

If it helps any, the U.S. Weather Bureau predicts below normal precipitation for the Pontiac area during the next 30 days.

★ ★ ★

One way or another, it won't make much difference in my neighborhood.

We're lazy and popular.

Chicago Gets Snow Warning

50 Per Cent Chance of a Fresh Fall Today

By the Associated Press

Storm weary Chicagoans kept wary eyes on leaden skies today for signs of more snow, sleet or rain from out of the west.

After last week's record 23-inch storm that practically immobilized the city and most of the Midwest, the Weather Bureau warned there was a 50 per cent chance of fresh snow by tonight.

★ ★ ★

Mayor Richard J. Daley, when asked how Chicagoans might prepare for new snow, suggested with a smile: "I'd ask them to say a few prayers so we don't get it."

Thomas Coulter, chief executive officer of the Chicago Association of Commerce, estimated the total storm loss to business at $150 million. Estimates of lost wages ranged beyond $30 million.

RECORD-BREAKER

Crammed into the Chicago weather record book for January were temperature readings which ranged from a record high of 65 degrees Jan. 24 down to 10 degrees below zero Jan. 18, an all-time record snowfall of 23 inches on the 26th and a dust storm on the 16th which blew into Chicago from Missouri and southern Illinois.

On Jan. 22 a fog blanket in the Chicago area brought visibility to zero in places. Record high winds Jan. 24 killed a policeman and injured several others.

★ ★ ★

As Chicago struggled out of the drifts and back to normal, a weather disturbance skirting the Canadian border in the northeast brought a combination of snow, freezing rain or sleet to the north Atlantic states. Hazardous driving warnings were continued for most of New England and northeastern New York.

Some scattered snow also fell through the Rockies and rain or snow spread into parts of the adjoining Plains.

Sharp contrasts existed between temperatures in the North and South. The mercury plunged below zero in the early morning in North Dakota, Montana and Minnesota. A surge of warm Gulf air kept readings through the South generally near 60.

Early morning temperatures ranged from —5 in Grand Forks, N.D. to 70 in Miami, Fla.

AP Wirephoto

SITTING GUARD — A Chicago resident "stands" guard in a parking spot that he and a neighborhood cleared out today. While one neighbor used the car, the other took up a position in the cleared stall to guard against the possibility of someone else grabbing it.

Hanoi Talks Stand Watched for Thaw

WASHINGTON (AP)—U.S. officials are watching for possible signs of a thaw in North Vietnam's so-far icy rejection of peace talks, following two weekend statements from Hanoi.

But State Department spokesmen quickly pointed out Tuesday that the statements, while a departure from the usual North Vietnam position, in themselves weren't enough to raise hopes negotiations toward a settlement of the war would get under way.

Press officer Robert J. McCloskey said the State Department is giving "careful study" to the Hanoi statements, but added: "I don't want to take this as far as saying there is any change of position by North Vietnam. We are certainly short of that at this point."

DEVELOPMENTS

In other Vietnam-related developments here Tuesday:

● Rep. George W. Andrews, D-Ala., said he'd try to block all U.S. foreign aid appropriations until the war is ended.

● Some 2,000 churchmen held a silent vigil outside the White House to protest the war.

● A group of college student leaders met with Secretary of State Dean Rusk to gain amplification of U.S. policy in Southeast Asia. A spokesman said afterward that Rusk had failed to answer their questions satisfactorily.

★ ★ ★

Over the weekend, Hanoi radio broadcast in English an interview by an Australian journalist with North Vietnam Foreign Minister Nguyen Duy Trinh and a commentary appearing in the Hanoi party newspaper Nhan Dan.

Although denouncing U.S. policy, the Nhan Dan article said: "If it (the United States) really wants talks, it must first halt unconditionally the bombing raids and all other acts of war" against North Vietnam.

U. of M. Eying McNamara?

DETROIT (AP) — Secretary of Defense Robert S. McNamara and Roger W. Heyns, chancellor of the University of California at Berkley, today were reported to be on a list of possible successors to University of Michigan President Harlan Hatcher.

The Detroit Free Press said the list names 200 prospective candidates including John Lederle, president of the University of Massachusetts; David Truman, dean of Columbia College, and John W. Gardner, secretary of health, education and welfare.

★ ★ ★

Robert P. Briggs, chairman of the U. of M. Board of Regents selection committee, would make no comment on the reported list of successors other than, "That's a very interesting group of people they have there."

Hatcher, who is 69, has reached the mandatory retirement age and must retire this year.

McNamara lived in Ann Arbor, site of the university, when he was president of Ford Motor Co.

Dirksen Key to U.S.-Red Consular Pact

WASHINGTON (AP)—Senate Republican leader Everett M. Dirksen—who has a history of making or breaking some Johnson administration measures—appears now to hold the key to the President's U.S.-Soviet consular treaty.

Right now, he is against it.

The pact, which sponsors say is aimed at relaxing East-West tensions and opening the way for the end of the cold war, needs two-thirds approval of those voting on ratification.

This parallels the situation last year in which Dirksen, unlike in 1964, refused to give the administration the Republican votes required to break a filibuster and pass a civil rights bill.

Some of the same Republicans who wanted a civil rights bill in 1966 are seeking ratification of the treaty in spite of what they call "hysterical opposition" to it. But when the countdown comes in a future GOP caucus Dirksen is likely to command a majority for his views.

★ ★ ★

The Illinois senator reported there was "quite a rowdy-dow" over the treaty at a closed meeting of the Senate Republican Policy Committee Tuesday. He said differing views were voiced by members but there was no rancor.

He said he would find it "very difficult" to support the document in its present form. He complained at a news conference that the Soviets have largely ignored 1933 agreements establishing the rights of American visitors and he sees little hope they will stick by any new pact.

The tousled-haired Republican leader talked like a man who will need a great deal of the kind of "educating" Sen. Thruston B. Morton, R-Ky., told the Senate Tuesday the administration ought to be undertaking.

Egypt Denies Poison Gas Use in Yemen

CAIRO (AP) — The Egyptian government has denied charges that its forces in Yemen have used poison gas and called for a U.N. fact-finding commission to investigate the allegations.

★ ★ ★

In a statement over Cairo radio, Minister of National Guidance Mohammed Fayek said: "I have been authorized to reaffirm decisively once again on behalf of the United Arab Republic that our forces in Yemen never used poison gas bombs at any time."

REPEATED DENIALS

Saudi Arabia, which backs the royalists in the 4-year-old Yemeni civil war, has accused Egypt, whose forces support the Yemeni Republicans, of gas bomb attacks. Egypt has repeatedly denied the charges.

GOP Confab Nearly Turns Into Fist Fight

Opposing views among some Oakland County Republicans nearly turned into a free-for-all at the 19th Congressional District Convention last night.

It ended with District Chairman Christian Powell, a West Bloomfield Township attorney, being shoved, pushed and shouted at by a few members of the party's moderate element.

Their anger was vented after a substitute slate of state convention delegates, a number of them conservatives, was selected over the liberal's list by a 53 to 52 vote.

Charges that the convention was improperly adjourned before a requested roll call vote was taken, and thereby illegal, have been leveled at Powell by members of the liberal faction.

★ ★ ★

Leading the battle is Dale A. Feet of Waterford Township, former county Republican chairman.

TO SEEK REVIEW

He was to ask the Republican State Central Committee to review the procedure today.

Powell said that he conducted the convention fairly, and that adjournment was in order because it was what the majority wanted.

He said that the closeness of the vote was responsible for the incidents brought about by "radical and wrought up individuals."

★ ★ ★

"They were screaming and stomping on tables," said Powell.

AT HIGH SCHOOL

The convention was held at the Walled Lake High School.

The 18th Congressional District had a separate convention at the school, but unlike the 19th District convention, it went smoothly, with State Rep. William Hampton of Birmingham being named to lead the district delegates to the state convention Feb. 24-25.

Powell was elected to head the delegation from the 19th District.

★ ★ ★

In all, 167 delegates were named to go to the state convention, 110 from the 18th and 57 from the 19th.

Powell said that the defeated slate of candidates contained the names of those selected at formal and informal caucuses in each of the legislative districts.

The winning list of delegates, according to Powell, was made up of mostly precinct delegates who were elected by the people.

GM Profits Decline $333 Million in '66

(Continued From Page One)

new vehicles in late 1964 because of a GM strike.

The preliminary 1966 report released yesterday showed sales totaled $20.2 billion, off nearly a half-billion dollars from 1965.

GM's 1966 showing was aided by a fourth-quarter which made up in part for a sharp dip in the third quarter.

The world's biggest auto maker did not announce specific figures for the final quarter, but subtraction of previously announced nine-month figures from those for the full year showed almost no decline in sales and only a small drop in profit.

Birmingham Area News

Support for Tax Hikes Sought

BIRMINGHAM — City Commission support for a proposal to raise state gas and weight taxes has been sought by the Michigan Good Roads Federation.

A slide presentation pointing out reasons for seeking the increase was presented by William T. Killeen, city engineer at the commission meeting.

The federation wants one cent to be added to the state gasoline tax (now six cents) and 20 cents per 100 pounds added to passenger weight tax (now 35 cents per 100 pounds).

It also seeks a 10 per cent hike in commercial vehicle weight taxes. The proposal would call for the increased revenue to be spent on streets, roads and highways.

It would provide an additional 2 per cent distribution to cities and villages for highway funds.

MAY HOLD VOTE

The commission will consider the issue and perhaps vote on a resolution at a later date.

No action was taken on changing the traffic pattern on Willits, a hilly, winding street off Woodward. In the absence of complaints by street residents, suggestions made by a consulting firm were tabled.

The commission granted permission to the Uniformed Fireman's Association to sell tickets for their 14th annual show to be held in March at the Birmingham Theater.

★ ★ ★

Proceeds will be used for the association's family welfare and recreation fund.

Pontiac Press Photo

ALL NEW — Principal George Dexter greets a group of his new charges at Covington Junior High School, Covington and Quarton, Bloomfield Township. Yesterday was the first day of classes at the school which opened after several delays due to labor and weather problems. The school is still not fully completed inside.

Auto Safety Standards for 1968

WASHINGTON (AP) — Here are the safety requirements ordered by the Commerce Department for automobiles beginning next Jan. 1.

1. Labels for all essential controls, and accessibility to a driver restrained by a safety belt.

★ ★ ★

2. Automatic transmission control sequence, from left to right, of park, reverse, neutral, drive, low.

3. Hydraulic brake hoses meeting specific standards.

LIGHT REFLECTIONS

4. Limitation of light reflecting surfaces within driver's vision.

5. Outside rear view mirrors for cars where inside mirrors provide insufficient vision field.

6. Impact absorbing steering system inside passenger compartment.

7. Limit of five inches on the distance a crash might drive steering mechanism inward toward driver.

WINDSHIELD

8. Shatter-resistant windshield glass.

9, 10, 11, 12: four standards: Shoulder harness as well as seat belts.

★ ★ ★

13. Elimination of spinner hub caps and other winged wheel protrusions.

14. Rupture-proof fuel tanks.

DEFROSTERS

15. Windshield defrosters and defoggers.

16. Windshield wipers and washers with two-speed wipers and specified wiping area.

BRAKES

17. Parking brakes and fallback brake system, with warning light to show service brake failure.

★ ★ ★

18. Specified requirements for lights and other such safety devices.

★ ★ ★

19. Softening and padding of inside areas.

20. Latches and hinges engineered to prevent doors springing open in crash.

OEO Awaits Grant OK as Year Begins

The Oakland County Commission on Economic Opportunity (OCCEO) began a new fiscal year today without confirmation of a federal grant to meet requirements.

A carryover of some $100,000 in funds granted last year but not used, however, could finance the total program for some 45 days.

James M. McNeely, executive director of the OCCEO, said he anticipates no problem in funding and expects that the new grant will be announced shortly.

Grants for some proposed new programs such as dental, legal and homemaker services, however, are not expected, according to McNeely.

★ ★ ★

The $109,000 carryover from the year just ended results from operating costs of the summer Head Start program School Community Action Programs (SCAP) below the estimated budget.

★ ★ ★

McNeely anticipates that carryover funds plus the new grant will total $890,000 which is $50,000 higher than past year funding for the OCCEO operation.

Award Contracts

WASHINGTON (AP)—Award of government contracts totaling more than $5 million to Indiana firms was announced Tuesday. They included a $1,759,748 contract to General Motors Allison Division, Indianapolis, for development of an advanced gas turbine generator.

Gov. Romney, Colleague Talk

Politics, U. P. Are Aired in Wisconsin

MADISON, Wis. (AP)—Michigan Gov. George Romney discussed politics and economic improvement of the Upper Peninsula with fellow Republican Gov. Warren P. Knowles Tuesday night.

Both insisted there was no specific discussion of the possibility of Romney's entry into Wisconsin's presidential primary, one of the earliest major tests in the nation next year.

★ ★ ★

Knowles said, "We couldn't get away from talking politics," but he added: "It's entirely too early to speculate about 1968."

Romney, asked if the 1968 election had been discussed, answered, "just casually."

STANDARD REPLY

The Michigan governor, pressed on whether he would seek the GOP nomination for president next year, gave his standard reply:

"I'm exploring the matter but I've made no decision."

★ ★ ★

Romney fielded questions at two airport news conferences flanking a two-hour dinner with Knowles in the privacy of the executive mansion.

Romney said he flew to Wisconsin to discuss the economic improvement of the Upper Peninsula with Knowles, who is co-chairman of the Upper Great Lakes Economic Development Commission.

PHEASANT DINNER

"We didn't talk about presidential candidates," insisted Knowles.

The chat took place over a dinner of pheasants shot by Knowles.

Knowles, who remains uncommitted publicly to any presidential candidate next year, said "I think very highly of George Romney. I think he's done an outstanding job as governor."

Romney insisted his concerns as Michigan governor were the major reason for his visit.

Told to Resign

JAKARTA, Indonesia (AP) — Foreign Minister Adam Malik has told President Sukarno again to step down before he is eventually brought to trial, reliable sources said today. They said Sukarno indirectly refused.

NATIONAL WEATHER — Rain and snow are forecast tonight in the mid-Mississippi and Ohio valleys, the Great Lakes region, the Gulf Coast and the Tennessee Valley. Rain is also expected in the Pacific Northwest and northern California. Warmer temperatures are predicted in the southeastern section of the nation.

Could Mean Added Revenue

County Valuation $118 Million Higher

Oakland County's 1967 equalized valuation on existing property is $118 million higher than a year ago, according to computations of the county's equalization department.

A valuation figure on new property development will be established by the equalization department in mid-April.

Department Director Herman W. Stephens said yesterday that a state determination on the county's equalized valuation will be made early in May.

In 1966 the county's equalized valuation was set locally at $72 million over that of the previous year and the State Tax Commission concurred with this figure.

Last year's total county valuation was $2.689 billion, including both new development and existing property value.

WOULD ADD $637,000

If the county's tax allocation of 5.4 mills in 1966 is unchanged, the added $118 million valuation this year would mean an additional $637,000 in tax revenue for the county.

Three weeks ago when some valuations of communities still had not been established by the equalization department, Stephens estimated a rise on existing property of at least $100 million.

He said that most of the increase reflects value adjustments in acreage in outlying areas. Sales studies substantiate a significant hike in land values, Stephens said.

★ ★ ★

Most community assessors have tried to comply with the state law that calls for assessing at 50 per cent of market value, Stephens said.

UNABLE TO ADJUST

He added that some municipalities have been unable to adjust to the 50 per cent level due to lack of personnel.

Stephens pointed out that the change from a lower assessing level to 50 per cent is not a tax booost. It is aimed at achieving a general equalization factor of one in equalizing the entire county at one half of market value.

January Was a Month of Mosts and Leasts

January treated area residents to a preview of spring before lowering the boom and dumping 12 inches of snow in the worst storm of the winter.

A reading of 60 degrees Jan. 23 toppled the city's 59-degree record for this date set in 1909. Boys and girls reached for their roller skates while dad tried his golf clubs to make sure his grip hadn't changed.

Only three days later, the United States Weather Bureau issued a heavy snow warning. The storm began around noon, and by the next morning the area was nearly paralyzed.

The kids turned to flying saucers and dad adjusted his grip to the snow shovel.

★ ★ ★

Sleet, rain and strong winds accompanied the snow causing heavy drifting and complicating snow-removal operations.

COLDEST DAY

The month also chalked up the coldest day of the season, 3 degrees below zero on Jan. 18.

To date 41 inches of snow have fallen on the Pontiac area as compared to last winter's 23½-inch total.

Heavy fog blanketed the area Jan. 22 and 24, slowing traffic on the ground and in the air.

★ ★ ★

A monthly mean temperature of 27.9 was 12.9 degrees warmer than the January mean of 1966. The sun managed to break through on only 14 days during the month.

City Reconsiders Action

Housing Unit Recognition Uncertain

Official status of a citizens' housing committee remains uncertain after the City Commission last night first gave recognition to the group and then voted to reconsider the move.

A motion designating the Pontiac Housing Study Committee (PHSC) as an official city committee received quick approval from the entire commission at the outset of the meeting.

Related Stories, Page B-5

Following completion of the formal agenda, however, District 4 Commissioner Leslie H. Hudson asked his colleagues to consider a substitute motion.

Hudson's proposal — drawn during the meeting with the assistance of City Attorney Philip A. Rowston — was aimed at including minority group housing among the study committee's official responsibilities.

★ ★ ★

Coupled with that move, Hudson suggested, would be transfer of the present role of the minority housing subcommittee of the Civic Improvement Advisory Committee (CIAC) to the newly formed PHSC.

CARRIED OUT

The CIAC subcommittee's work has been carried out in recent months by only two persons — Clarence A. Barnes, executive director of the Urban League; and JoAnn Van Tassell.

"Both of these people are among the 25 persons on the Committee (PHSC)," Hudson said. "Having a single committee appointed by the mayor will strengthen our position in obtaining approval of the workable program."

District 2 Commissioner Robert C. Irwin quickly voiced doubts, however, that Hudson's proposed committee structure would meet federal aid requirements for a committee aimed solely at minority group needs.

"The 25-member committee has a very broad base," Irwin said. "To limit it only to minority group problems would change the entire context of the group."

GOOD POINT

City Manager Joseph A. Warren, commenting that Irwin had "a good point," reminded commissioners of the city's difficulty in obtaining housing and urban development department approval last year.

District 5 Commissioner John A. Dugan, while doubting that Hudson's proposal "would foul up the committee's work," also expressed wariness at implications of a shift in emphasis on minority housing needs.

Hudson then moved to table his motion until next week's commission meeting, conceding that "valid points" had been raised regarding the committee realignments.

★ ★ ★ ★

Having already voted to reconsider their original action, however, commissioners had in effect withdrawn the effect of the motion, leaving the committee without official status.

SEEKS FINANCING

The committee, presently headed by Howard H. Fitzgerald II, publisher of The Pontiac Press, is seeking city financing for an $8,500 housing market analysis.

★ ★ ★

The committee is predominantly made up of local businessmen, who number 15 of the total 25 members.

Labor groups have three representatives, civic agencies four, the City of Pontiac two, and Oakland County one.

City Moves to Get Funds for Operation

The City of Pontiac last night took its annual stop-gap measure to provide the city with operating funds until taxes are collected beginning July 1.

Commissioners unanimously voted to accept a bid of a 2.9 per cent interest rate from Community National Bank on $2.25 million in tax anticipation notes.

City Manager Joseph A. Warren said the short-term notes, due Sept. 1 of this year, will give the city cash for municipal operations for the first six months of 1967.

Detroit Area Gets New Missile Setup

SAN PEDRO, Calif. (AP) — The Detroit-Cleveland area is one of nine spots across the country to receive a new electronic system to coordinate surface to air missile firings.

The U.S. Army Air Defense Command announced Tuesday the high speed system which is designed to give air defense commanders more data than previous systems.

Other sites where the new system has been installed include San Pedro, the Chicago-Milwaukee area, New England, New York-Philadelphia, Miami, Pittsburgh, San Francisco and Washington-Baltimore.

Disputed Pact Goes to Lapeer Workers Today

LAPEER — State Hospital employes were meeting here today in all likelihood to ratify an alleged union contract — the first ever with a department of the state government.

They are doing so despite the Michigan Department of Mental Health's insistence that no "agreement" exists.

Should the union ratify the contract, the Michigan Civil Service Commission could find itself in the awkward position of having half a contract when it doesn't recognize collective bargaining for state employes.

Top officials of the Michigan State Employes Union (MSEU) will be on hand as Lapeer State Home Local 567 decides whether to ratify a 15-page document the union claims it has negotiated with the Michigan Department of Mental Health.

★ ★ ★

Ratification elections at 16 other state mental institution locals will follow through February, continuing at Caro State Home Thursday and at Ypsilanti, Gaylord and Pontiac next week.

HOST OF ISSUES

Covered in the agreement are a host of labor-management issues other than wages and hours.

Based on claims by employes that Michigan Civil Service is an outmoded and useless form of employe protection, the agreement seeks to prevent what employes have termed "persecution" and to obtain improved work facilities and regulation of responsibility.

The union hailed it as a "historic master agreement" last week, but stunned Mental Health Department officials said there wasn't any agreement at all.

★ ★ ★

"The document, which has been announced by MSEU representatives as an 'agreement,' contains a number of sections with which we disagree and which we could not approve," Mental Health Director Dr. V.A. Stehman wrote his hospital superintendents.

WERE ADVISED

"Union representatives were advised of this.

"Furthermore, when and if any agreement is developed it must be approved by the Department of Civil Service. . . "

Stehman went on to warn the hospital superintendents that "the process of ratification at this time may create more confusion and misunderstanding than clarification of the issues."

★ ★ ★

But he made it clear the department couldn't interfere with union meetings called to talk over the contract.

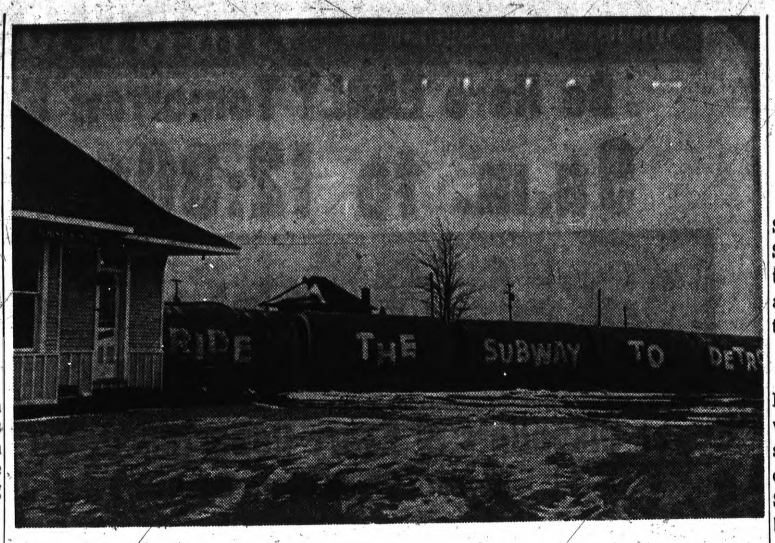

DISCUSSED ISSUES

Representatives of the union and the state department met for about four months to discuss various personnel issues with the blessings of the State Civil Service Commission.

The commission claims it has not authorized collective bargaining, nor has it empowered heads of state departments to enter into contracts as under the Michigan Constitution it has the final say on state employment.

The MSEU is part of the American Federation of State, County and Municipal Employes (AFSCME, AFL-CIO) and has about 6,000 members or 15.6 per cent of the state's classified work force.

It has staged its own representation elections at 11 of the 17 mental health institutions and has won every one.

Pontiac Press Photo by Edward R. Noble

'Whistle-Stop' Along Van Dyke On The Way To Detroit

Troy Workers Seek Negotiating Rights

TROY — Blue collar workers from three city departments are seeking the right to negotiate a union contract with the city.

★ ★ ★

Employes of the departments of public works, water and engineering are the object of the petition filed with the Michigan Labor Mediation Board.

They ask that the American Federation of State, County and Municipal Employes, AFL-CIO, be designated sole bargaining agent for employes of the three departments.

The City Commission has received notice of the petition and named Earl Boonstra, a Detroit labor relations lawyer, to represent the city in the proceedings.

★ ★ ★

Howard Draft, staff representative of Metropolitan Council 22 in Detroit, said yesterday a meeting between union officials, Troy officials and the state board will be held Feb. 13 in Detroit.

PETITION

Draft said at that time "sufficient interest" must be shown by employes in forming the union unit. He said a petition bearing the names of 30 per cent of the employes must be shown before an election by the state board will be considered.

Draft said his union has about 70 per cent of the 58 employes of the three departments as signed members.

If the city is agreeable, the mediation board will conduct an election on the basis of evidence shown, but if not, a further hearing may be necessary, Draft said.

★ ★ ★

In the event the employes approve the union as bargaining agent in the proposed election, an agreement would then be negotiated, he said.

Safecrackers Toil in Vain

SPARTANBURG, S.C. (AP) — The safecrackers who attempted to steal a five-foot-high vault weighing several hundred pounds from a local firm met with nothing but frustration in their efforts.

Their back-breaking job started when they broke into the building through a rear window. They first had to move a heavy counter that runs for nearly the full length of the interior. They then rolled the safe out the front door on a wheelbarrow. But it fell out and flopped onto its side when it was eased over a curb.

★ ★ ★

Apparently the thieves were unable to right it and gave up. Had they been able to open it they would have had one more disappointment.

The safe contained no money.

Officers Elected

CLARKSTON — Fred Ratliffe, 4864 Lakeview, has been elected president of Sunny Beach Country Club Property Owners Association of Walters Lake.

Other officers elected are Jesse Quigley, vice president, and Mrs. Marie Brendle, secretary-treasurer.

Clarkston Kickoff of Library Drive Set

CLARKSTON — Kickoff date for the library fund drive has been set for Feb. 9. The goal has been set at $100,000.

The advance gifts committee under cochairmen Philip Smith and Merle Bennett, has already received donations from two clubs and one individual.

Other chairmen are Mrs. Richard Johnston, general solicitations; Mrs. Evan Leonard, treasurer; Lewis Wint, publicity; and Rev. Alexander Stewart, building and site committee.

A speakers bureau has been formed to provide informative talks to any club or group.

★ ★ ★

Goal of the fund drive is to construct a new library to replace the structure next to the county center in Clarkston now used for the township library. The building has been deemed inadequate to house increased facilities.

'Whistle-Stop' Just for Laughs

WASHINGTON TOWNSHIP — It may be only a "Whistle-Stop," as the sign says, but Bob E. Owen's new sign shop is providing motorists along Van Dyke at 29 Mile with an unexpected smile.

★ ★ ★

Owens, 53, who lives at 55401 Hayes in Washington is a former schoolteacher who turned sign painter some 30 years ago.

Last summer he purchased the old Grand Trunk depot in Washington for the sum of $200 to have it moved north three miles to its present location.

Along came Detroit water line workers and deposited water tile on the easement behind his "Whistle-Stop" and Owens, being a sign painter, couldn't resist.

★ ★ ★

Though the workmen have since moved the tile so only Tickets, Ride and Subway remain to greet the public, there was a time when motorists envisioned the underground ride to Detroit—probably by canoe.

★ ★ ★

The old depot still sits adjacent to the Grand Trunk tracks —but its floor area of 972 square feet has been converted to the sign painter's trade.

Installed in Post

COMMERCE TOWNSHIP — James Lush, 9900 Crayview, was installed recently as worshipful master of Commerce Masonic Lodge No. 121, F&AM.

★ ★ ★

Installed with him were John Gordon, senior warden; Leland Percy, Junior Warden; Hancel Boatright, treasurer; and Arthur Ward, secretary.

To Be Discussed Tonight

Sanford Reply Is Eyed

WEST BLOOMFIELD TOWNSHIP — Reasons for Duane K. Sanford's sudden resignation as township supervisor three weeks ago are to be revealed at a township board meeting tonight.

★ ★ ★

Township Clerk Mrs. Doris Leach said that in compliance with a board request, Sanford sent a letter giving in greater detail his reasons for quitting. She said the entire matter will be discussed tonight.

In his original letter of resignation, Sanford, who was elected to the position in November, charged that "many conditions have existed for several years" over which he has "little or no control."

He resigned, he said, because he could forsee little change in these conditions, and because he had "an obligation to my family and to myself which seems impossible to meet as township supervisor."

★ ★ ★

He also said that the board retains the authority "which in many cases should be in line with the responsibilities" of the township supervisor.

'HARASSMENT'

"A great deal of harassment of department heads by various board members" was also cited as a factor in his resignation.

"Since all department heads report to one of the officers, I had hoped that any departmental problems would be referred to the officer in charge to be resolved," he said. "The reverse is true, resulting in conflicts between board members, officers and department heads."

Two weeks ago the board refused to accept the resignation until he detailed his charges.

★ ★ ★

Sanford was appointed to the position last summer to replace former supervisor John C. Rehard. His elected term would have begun in April.

TIME AND PLACE

The board meets at 8 tonight at the township hall, 4460 Orchard Lake.

Modern Feed S. Lyon Topic

SOUTH LYON — The use of modern feeds to balance a cow's rations will be discussed at a meeting at 8 p.m. Feb. 7 at South Lyon High School's agricultural room.

Donald Hillman, extension specialist in dairy from Michigan State University will speak at the meeting sponsored by County Extension Service agricultural agents Lyle Abel of Oakland County and Donald Johnson of Washtenaw County.

★ ★ ★

The meeting is the first of a series. The second on Feb. 16 will feature problems of dairy cattle sterility and infertility.

On Feb. 23 and March 2, farm business arrangements, budgeting and record keeping will be discussed.

Rochester Exec Aids Program for College in Ohio

ROCHESTER—James S. Ludwick, president of the board of education and vice president and treasurer of the R. P. Scherer Corp., has been named to a key post in a development program for Bowling Green University, Bowling Green, Ohio.

★ ★ ★

The university said Ludwick would serve as Pontiac area chairman in the Southern Michigan phase of the nationwide program entitled "Bowling Green's Mission: Expanding Horizons."

Ludwick resides at 2341 S. Christian Hill, Avon Township.

News of the Area

In Novi Twp.

State: Fix Crossing

NOVI TOWNSHIP — Following a citizen's complaint, the Michigan Public Service Commission has ordered the Chesapeake and Ohio Railroad to modernize crossing protection devices at its crossing at 10 Mile.

The resident complained that the physical conditions of the crossing's surface caused severe jolts to motorists traveling at the 50-mile-per-hour speed limit.

★ ★ ★

Peter B. Spivak, commission chairman, said that with a traffic count showing almost 3,000 vehicles per 24 hours,

"It is reasonable to assume that such a crossing bump presents a true hazard to motoring traffic."

The commission also ordered the existing flashing-light signals to be modernized.

Parks Offer Winter Pleasures

A child's delight in spotting a rabbit track — the sounds of the woods in winter — the opportunity to hike alone in the snow are pleasures offered by the Huron-Clinton Metropolitan Authority parks in Oakland County.

Nature Centers at Kensington and Stony Creek Metropolitan Parks played host to more than 100,000 visitors last year.

Both centers have several nature trails open year-around for self-guided hikes, offer lectures to school and civics groups and present seasonal exhibits on many subjects of natural science.

Presently Oakland County youngsters are among those benefiting from naturalist lectures provided to elementary schools through March 31.

Except for Stony Creek Metropolitan Park nature study area which is closed Mondays, the trails are open daily. Both Nature Centers are open 10 a.m. to 4 p.m. Saturday and Sunday and afternoons during the week.

Story Hour Set at Avon Library

AVON TOWNSHIP — Mrs. Charles Souders will be reading stories entitled "The Brave Cowboy," "The Littlest Rabbit," "What Can A Frog Do?" and "Where's Willie?" at the Avon Township Library story hour at 10:30 a.m. Saturday.

Children 4-years-old through the first grade are invited to the Jaycee Auxiliary-sponsored program.

'Sleeping Beauty' to Aid AAUW's Rochester Drive

ROCHESTER — "Sleeping Beauty," the heroine of the Brothers Grimm classic, is about to devote her efforts to raising money for the Rochester Branch, American Association of University Women's fellowship fund.

The play will be offered by Gilmar Productions Inc. of Birmingham at 2 p.m. Saturday at Central Junior High School auditorium.

★ ★ ★

Proceeds from the sale of tickets will benefit the group's project.

Information is available from Mrs. Edward Goodwin, 736 Cambridge, Avon Township.

Home Owners to Dine, Dance

WEST BLOOMFIELD TOWNSHIP — The Powder Horn Estates Homeowners Association will welcome new home owners at a dinner-dance Friday.

The evening will begin at 7 at the home of Mr. and Mrs. Malcolm Spencer, 3095 Hartslock Woods, followed by the Valentine dinner-dance at Kingsley Inn.

Chairman Mrs. Robert Gale will be assisted by Mrs. Malcolm Spencer, Mrs. Gordon Fisher, Mrs. Jerry Friedman and Mrs. O. D. Dillman.

Prayer in School Topic

An opportunity for parents to meet with teachers and discuss prayers in school is planned for Thursday from 7:30 p.m. to 10 p.m. at Clifford Smart Junior High School. The school office will have to be called for parents to make appointments.

Cuban Youths Now Farmers

MIAMI, Fla. (AP) — The head of the Cuban Workers Confederation says that more than 65,000 Cuban youths are now working on the farms.

A Havana broadcast, monitored here, quoted Miguel Martin as saying that "not one Cuban youth must serve in a bureacratic post in Cuba.

"Since agriculture is the essential key of our economy, our youths must be at the vanguard of such a movement," Martin was quoted as saying.

Leader Elected for U. N. Group

ROCHESTER — Robert J Slingerlend, 3201 Lake George, Oakland Township, has been elected president of the Rochester chapter of the United Nations Association.

★ ★ ★

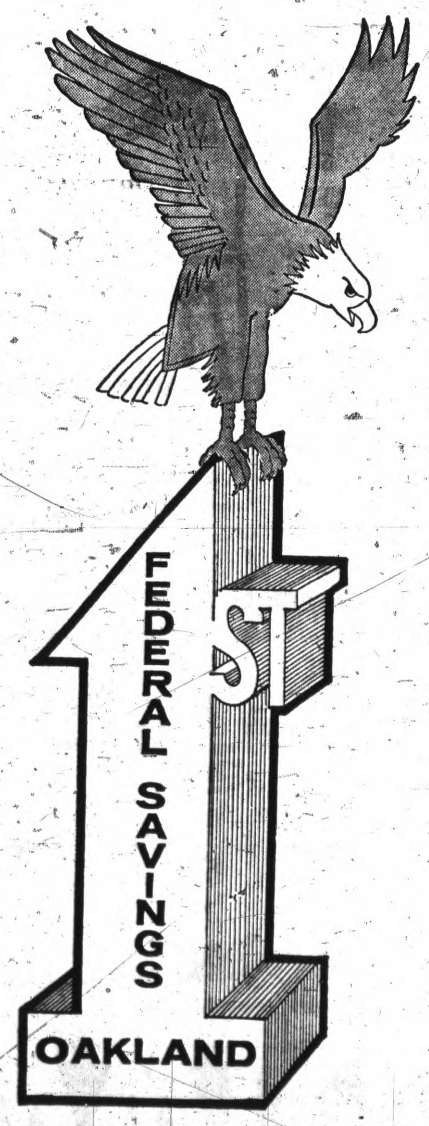

The Rev. Robert Jacobson was named first vice president, William Dorn, program vice president, and Mrs. Wood Geist, membership vice president.

★ ★ ★

Other new officers include Donald Hansen, treasurer; Mrs. Lawrence Shepard, secretary; and Mrs. John Barthel, corresponding secretary.

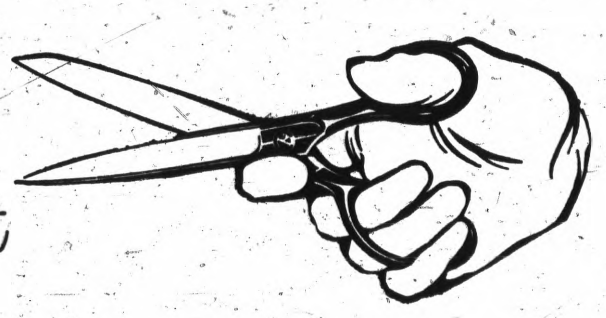

TV Tower OK'd

GAYLORD (AP)—The Microwave Communication Co. of Alpena, a cable television firm, was licensed by the Federal Communications Commission Tuesday to erect a 320-foot tower near Gaylord. The company waited 15 months for the license and expects the tower to be completed within 90 days.

WIDOW ACCEPTS MEDAL—Mrs. Frank S. Reasoner yesterday accepted the Medal of Honor for her husband, a Marine lieutenant, who was killed in Vietnam. In a posthumous award ceremony at the Pentagon, Navy Secretary Paul H. Nitze presented the nation's highest award for valor to the widow. Lt. Reasoner of Kellogg, Idaho, was killed while covering the evacuation of his radio operator under attack by the Vietcong. The hero's son, 3-year-old Michael, is at right.

Unique Separation of Siamese Twins Is Described

HIGH POINT, N.C. (AP) — Approaching their second birthday, the two girls laugh and talk, have healthy appetites, and crawl with as much speed as any tot. One has taken a few steps and doctors today believe both eventually may walk almost normally.

Yet, during the first seven months of their lives, the girls were Siamese twins, joined at birth in the pelvic region. Their successful separation is believed to be the first of its kind.

Dr. Joseph E. Eades and Dr. Colin G. Thomas described the unique case in detail for the first time in the December issue of Annals of Surgery.

★ ★ ★

In a preface, the doctors said they found histories of 16 cases of Siamese twins being separated and surviving, with most of these involving bodies joined in the area of the chest.

They said, however, that they have never heard of another successful separation of Siamese twins joined in the pelvic region.

★ ★ ★

The twins, Althea and Dorothea Allen, were born in High Point Memorial Hospital on April 6, 1965, to Mrs. David Allen, 25. Their combined weight was just over seven pounds. Dr. Otis E. Tillman, who delivered the infants, reported that they breathed and cried at the same time.

Their breathing and heart action were not related. The pinching of one infant provoked no response from her twin.

The question was whether to risk separation, with no known medical precedent of success in a case of this kind. As the twins grew, however, one appeared to become physically dominant. She grew faster and became more active.

Specialists agreed that this might prove dangerous if the infants remained unseparated and an operation was decided upon.

First a team of surgeons, plastic surgeons, pediatricians, anesthesiologists and urologists ran through a mock operation, using two dolls to familiarize themselves with any difficulties involved in the physical handling of the human twins.

★ ★ ★

Then, on Nov. 8, 1965, surgery was performed on two adjoining tables so that, once separated, each twin could be cared for by separate teams of doctors. The operation lasted 5½ hours.

YOU MAY HAVE

PIN-WORMS

AND NOT KNOW IT

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then — Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults.

Muskegon Airport Needs a Fence More Than Ever

MUSKEGON (AP) — With the coming of the jet aircraft revolution to Western Michigan the Muskegon County Airport's greatest need is for a nonaeronautical item — a chain-link fence.

Eight years ago the airport was considered almost perfect. But with more and more airlines shifting to jets the needs of the Muskegon airport have changed.

★ ★ ★

Jack Hakes, airport manager, said in 1965 the airport served 68 per cent more passengers than in 1958 when the airport was built. In the same period air express climbed from 281,000 pounds to 601,000, up 113 per cent.

Air mail has increased 135 per cent and air freight has soared to 564 per cent more than in 1958.

GREATEST NEED

But even though many airports are campaigning for longer and stronger runways, better terminal facilities, and modern baggage - handling equipment, Muskegon's greatest need is the fence.

★ ★ ★

Hakes said a four-foot high light wire fence, similar to those along Michigan expressways, is all that encloses the airport and its runways now.

★ ★ ★

Dogs and children frequently wander onto the runways, he said and the present gates haven't kept out automobiles which also have ended up on the landing strip.

Teen-agers last summer played "chicken" on the runway, he said, seeing who would be the last to leave the path of an inbound aircraft.

HELD UP

Just last week, Hakes said, three aircraft attempting to land on instruments in bad weather were held up while airport personnel tried to get a car off the runway.

"One of these days a plane is going to hit someone or something," Hakes aid.

★ ★ ★

Hakes explained a piston-driven aircraft could throw on emergency power and lift off again if the pilot spotted something in his landing path. But with jets it's a different story.

"Once they start to land, they're committed," Hakes said. "They have to continue landing, no matter what's in front of them."

ANYBODY'S GUESS

What would happen if a plane hit a dog that had wandered onto the runway?

"It would shear off the nose wheel, and from then on it's anybody's guess," Hakes said. Hakes said he also would like to have the runways extended. But that takes money and so far voters have been unwilling to supply the necessary funds.

Pontiac Motor Christens New Baby

Pontiac Motor Division proudly introduced a new member of its auto family distinguished by the Pontiac nameplate.

Called the "Firebird," the new product is Pontiac's entry into the sports car field, the most rapidly growing in the industry according to general manager JOHN Z. DELOREAN. The "Bird" will go on sale Feb. 23.

Addition of the Firebird in two styles — a hardtop coupe and a convertible — brings to 37 the number of models offered by the Pontiac and Tempest lines.

The good looking and sporty Firebird could well prove a significant shot in the production arm in holding the Pontiac Division in its preeminent position.

While industrywide sales for 1966 were down from the year before, Pontiac achieved a major triumph by selling more cars during the 12-month period than for any year in its history.

Sales aggregated 834,843 units compared to 827,571 in 1965—the previous record. It marked the fifth straight year of record-breaking sales.

We doubly congratulate Mr. DeLorean, his able executive staff and conscientious plant workers on the stunning new Firebird and the outstanding sales record for last year.

High Court Opens Door to Subversion in Schools

Chalk up two more un-American decisions for the U.S. Supreme Court.

Having in recent years upset the observance of prayer in schools, invaded the domain of states by decreeing reapportionment of national and state voting districts and imposing restrictions on law enforcement agencies to the detriment of society, the high court now muddies the waters of academic administration.

Splitting 5 to 4, the tribunal ruled unconstitutional a New York state law which makes Communist membership grounds for dismissal of state university and college teachers.

It gave the same treatment to another New York law, passed in 1917, which made "the utterance of any treasonable or seditious word or words or the doing of any treasonable or seditious act" grounds for dismissal from the public school system.

★ ★ ★

The twin decisions can only be described as shocking beyond belief. While society on one hand struggles to indoctrinate its youth with principles of loyalty to Country and steadfast devotion to its welfare, one of three branches of Federal government opens the doors of our schools to the subversive influence of a godless concept of government that scoffs at democracy.

Government Unhurried in Vital Drug Decision

A group of doctors went to Washington a short time ago to appeal for an easing of a ban on clinical testing of a new pain-relieving drug. Their appeal was refused by the Food and Drug Administration.

The drug, called DMSO, is the only known drug to give relief in cases of certain crippling diseases. At a Cleveland clinic, 50 patients were in critical condition because the drug had been withdrawn at the order of the Food and Drug Administration.

The drug had been withheld from these patients by government order because massive dosages in animals—some 250 times the recommended dose—have resulted in eye changes. One scientist pointed out that a 250 times normal dose of aspirin would have even more disastrous results.

The spectacle of a group of the Country's most eminent scientists having to travel to Washington to plead for the privilege of conducting their work in behalf of critically ill patients is discouraging to say the least. According to news accounts, they were told that action would be taken in "four or five weeks."

Patients may have expired by then.

How Would You Like to Kibitz These Hands?

A bridge foursome in Hollywood, Fla., was recently dealt 13 clubs in one hand and 12 each of hearts, spades and diamonds in the other three hands.

The mathematics department at Broward Junior College was asked to calculate the odds on such a thing ever happening.

An old-fashioned, precomputer device known as a professor was rushed into action and came back with the answer:

508,600,000,000,000,000,000,000 to 1.

One more question, professor, please:

How do you figure the odds of anyone giving you an argument on it?

GOP Treading Familiar Ground

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — The Republicans, now 21 months away from the 1968 presidential election, are in the same mixed-up condition they were in at the same time before the 1964 contest.

MARLOW

They don't have a single, dominant would-be candidate. They didn't have one in 1963, either.

When they did make a choice, Barry Goldwater, it was one of their worst mistakes.

No wonder there is a sudden rash of stories about Sen. Charles H. Percy of Illinois, although the 47-year-old Percy has been in the Senate less than a month and this is the first public office he ever held.

George Romney, Michigan's thrice-elected governor, has been getting the most attention and the most publicity but he is a long way from showing he would be the ideal candidate.

★ ★ ★

He still hasn't demonstrated, by anything he has said, that he would know his way around in the federal government or foreign affairs.

IN SAME SPOT

Richard M. Nixon, who lost the presidential race in 1960 and then lost the contest for governor of California in 1962, is in the same spot he was in before the Republicans picked Goldwater in 1964.

Now, as then, the former vice president is being talked of as a possible candidate, but hardly more.

Nevertheless, despite those two major defeats behind him, Nixon seems to refuse to take "no" for an answer.

★ ★ ★

But, since 1960, he has not been able to whip up any great enthusiasm for himself as a rallying point.

LITTLE OPINION

Romney has been a successful governor of his state. But there is little public opinion on what kind of president he would make or even what kind of candidate he would make because his national and international views are little known.

He has been reported boning up on foreign affairs — particularly Vietnam. What he has said on Vietnam has been a mish-mash.

So he still has some distance to go before he can qualify as an attractive presidential candidate.

★ ★ ★

Until he does start sounding off on the country's major problems, he's going to remain nothing more than a nice, pleasant man.

MUCH PUBLICITY

Percy, good-looking, with the mark of tragedy on him because of the murder of his daughter a few months ago, and more articulate than Romney, has been getting extraordinary publicity for a newcomer in the Senate.

He doesn't have the tired look — which comes from familiarity, if nothing else — that is the hall-mark of other politicians who have been around a long time.

This enables Republicans, who want to, to find fresh hope in him.

His Thirty Billion Dollar Question!

David Lawrence Says:

D. C. Crime Problems Neglected

WASHINGTON — With all the glowing promises about the "Great Society," the fact remains that both the administration and Congress have sadly neglected the task of dealing with crime in the nation's capital itself.

LAWRENCE

The city of Washington is relatively small—only 10 miles square—and could be a model for the entire country. But the community has for years been plagued with crime, and nothing very substantial is being done about it.

The latest protest has come from the Washington, D. C., Clearing House Association, which is composed of bankers.

In a letter addressed to the President of the United States —with a notation that similar letters have been sent to the vice president, members of the Senate and House District of Columbia committees, and the District of Columbia commissioners — the charge is made that the people are not being protected and that their property is being subjected to a wave of crime.

The letter reads in part as follows:

"Undoubtedly, the root causes need to be attacked, poverty, slum conditions, the lack of adequate education and adequate opportunity which burden so many of our citizens. But these are long-term objectives. The problem is immediate, and the immediate recourse is strict and adequate law enforcement."

★ ★ ★

Attention is also called to the fact that the police force in Washington is undermanned and that its facilities are inadequate.

TEMPORARY MEASURE

More aid from the federal bureau of investigation is sought as a temporary measure, as well as additional facilities for prosecution.

While there have been some improvements in court procedures, the bankers draw attention to the frequent release of criminals by the courts.

The city is not self-governing. A commission of three members is appointed by the President to look after district affairs under laws enacted by Congress.

★ ★ ★

The administration seems to be more concerned with helping the Negro majority in Rhodesia than protecting the Negro majority in Washington.

Hardly any kind of business has been free from interference by criminals. Even vending machines in the corridors of buildings as well as personal belongings from offices have been robbed during the daytime.

In the residential neighborhoods there is not only fear of going out at night but of intruders in the home.

★ ★ ★

The crime problem of the national capital is urgent, but there is little sign as yet that the administration will give it priority.

Bob Considine Says:

For Lt. Col. Gus Grissom, It Was 3 Strikes and Out

NEW YORK — It was a case of three strikes and out for Lt. Col. Gus Grissom, the least lucky but most cheerful of American spacemen.

CONSIDINE

On July 21, 1961, after being shot up to 118 miles altitude and 300 miles down the Atlantic test range, Grissom's Mercury capsule, Liberty 7, splashed down as planned. The sea was quite rough.

As the spacecraft and its lone passenger bobbled about, waiting for a helicopter to arrive, the hatch suddenly was blasted away. Grissom had not touched the detonation button.

Water immediately began to pour into the capsule. Gus tore off his restraining belts and space helmet and wriggled through the tiny opening as the craft began to sink.

A helicopter lowered a horse-collar hoist nearby and Gus began to swim for it.

★ ★ ★

It was a 75-foot swim but certainly the most desperate of his life.

SHIPPING WATER

His space suit was shipping water. It flowed in via the suit's oxygen "port," and Gus began to be pulled down as inexorably as his spacecraft was sinking.

He barely made it to the horsecollar.

Gus's second strike came March 23, 1965, when, as commander of Gemini 3, he became the first man ever to return to space.

★ ★ ★

He and Cmdr. John W. Young made three circuits of the earth and in the course of the voyage proved for the first time that a spacecraft could be maneuvered. They changed their flight path three times during the four-hour and 54-minute trip.

But trouble developed on reentry. The computer that was to aid them in that difficult job blew a fuse at an important moment. Gus had to bring the 7,000-pound craft in manually.

As the cargo chute opened and braked the dizzy fall of the spacecraft, Gus was thrown forward against the instrument panel. The plastic face shield of his spacehelmet was smashed.

Then, last Friday night, strike three.

He was a real pro, Gus.

Smiles

The emptier some folks' heads are the more they want to talk them off.

★ ★ ★

With the gals' fad for extra-long fingernails, the thimble business must be in bad shape.

★ ★ ★

When wifey tells hubby she wants a joint account, she doesn't mean she wants to run a tab at the neighborhood tavern.

★ ★ ★

The tremendous strides in communications still can't speed the spoken word faster than gossip.

Voice of the People:

'Area Programs for Poor Give New Lease on Life'

I'm deeply concerned about the programs for the poor. O.E.O. has made people feel they are really citizens. Under this program it has been made possible for the poor to have better education so they can better living conditions.

★ ★ ★

It has given the poor a new lease on life and I hope others can benefit from the program as I have. I wanted to be a clerk-typist and it is being made possible through O.E.O.

MRS. ODESSA GRIFFIN
252 BONDALE

I appreciate the O.E.O. organizers who were helpful in getting the southwest community organization started. This has been a long time for the people in the Crystal Beach area. Godspeed to the O.E.O. and its staff.

MR. AND MRS. E. W. ROSS

Snowstorm Prompts Praise and Complaints

I see "1967" asks whether the young people would have gone to school last Friday "back in my day." He thinks they wouldn't have done so.

★ ★ ★

Well, he's crazy. "Back in my day" (World War I) everyone would have gone to school and that's that. And there weren't any buses then. Of course these modern "conveniences" get snow bound and can't move and are useless. But my gang would have gone to school with a smile.

If Mr. "1967" had "fought his way next door" for a drink last Friday, he would have expected applause and loud cheers. The pantywaists of today are just a big laugh. Go back to sleep, "1967" and we'll wake you up in June, (if it isn't raining).

OLD-TIMER

I agree with your fine praise for Pontiac Press newsboys. They're the best. But also, I'd like to report when things were bad our milkman came, even though he was many, many hours late. But he came. That means he can sign that great oath of faithfulness the Post Office has discarded.

J. J.

It's disgusting and poor service to wait four days to have our blacktop road plowed when many of the gravel roads are cleared. Main roads are gone over and over and side roads are not touched.

★ ★ ★

As long as we women have to shovel ourselves out of snow mounds trying to get our children home from school, I suggest we not send children to school until the roads are plowed.

MRS. JOHN STRUTENSKI
5936 LOCH LEVEN

This storm proves what I have always said—that the man who wrote "snow, beautiful snow" was nuttier than a fruitcake. I'm still digging.

BOB SIGLER
144 MARK

Bravo to the Press carriers—a paper both Friday and Saturday. And what of the government-owned post office crowd? No delivery either Friday or Saturday. Sidewalks in our part of town were cleaned by a commercial snowploy twice on Friday. The postmen couldn't match the efforts of 14-year-olds. My Press carrier had twice the load of the average mailman.

WILLIAM JOHN GOLDEN

Question and Answer

You had a letter in the Voice of the People stating the Grand Trunk blocked Huron Street 11 minutes. Recently at noon they brought a freight across Huron, broke it in two on the far side and backed up. Doesn't the ordinance require splitting a train for traffic first when they stop and then back up?

DRIVER

REPLY

Trains are not supposed to hold up traffic for more than five minutes, but according to Sgt. Hendren of the Traffic Bureau, the ordinance says nothing about splitting for traffic.

Reviewing Other Editorial Pages

Lasting Fears

The Fall River (Mass.) Spectator

Man has two outstanding fears. One is the fear that he will live longer than his money will last, and the other fear is that he will not live as long as his money lasts.

One Conclusion

Life Magazine

The professional China Watchers have long been agreed on one thing — that nobody could be positive what was going on in China. The details of who was doing what to whom and why in the Great Proletarian Cultural Revolution have been shrouded in rumor and contradiction. But now more and more of the experts are drawing one startling conclusion from their analyses: Mao is losing.

★ ★ ★

He is losing—if not his immediate battle for control of the country, then in simply having his infallibility questioned. His ability to dictate the course of China after his death was lost when the mantle of deity was taken from him.

The course that Mao set when he mobilized his Red Guards and precipitated chaos was doomed to fail in the long run.

He called for a permanent revolution, powered by mass fervor, which neither the nature of man nor the history of China could long support. Mao, in effect, challenged the great philosophical systems that have existed in Chinese thought for over 2,000 years — Taoism and Confucianism.

The Tao doctrine of wu-wei, of bringing the individual into harmony with nature and environment, is the antithesis of constant revolution. And in precipitating the dogfight that has resulted, Mao broke a cardinal rule of Confucian leadership — that moral leadership should be so strong that it rules with only a few formal orders. Once the moral leadership is questioned, then actual power is eroded.

The possibilities are bewildering. Mao may regain the forms of control, if not much of their substance. Or, the country could fracture into regional units, controlled by the military; or it could drift into anarchy.

For us, there is some comfort to be gained from the fact that Mao's strongest opponents appear to be the pragmatists — the bureaucrats and managers who learned something from the failure of the Great Leap Forward in 1960 and would like to get on with the task of feeding, clothing and modernizing China. Mao's dream of "constant revolution" got in the way of their plans for a modern nation.

★ ★ ★

There is no reason to believe that any new regime would necessarily be less hostile to us. But it is less harrowing to deal with the expectable demands of a pragmatist than the visions of a messiah.

China Follows Opera Pattern

By JOHN RODERICK

TOKYO (AP)—What is happening in China today seems like the controlled madness of the Peking Opera: acrobats tumble, fierce generals fall before shrill-voiced heroines; drums roll and cymbals clang.

But the audience pays little attention to that part of the opera. It is only when the rival emperors come on stage that the spectators stop gossiping and pay attention.

The "emperors" vying for applause of the crowds in China today are Mao Tse-tung and President Liu Shao-chi. The "heroines" are Mao's acid-tongued wife, former actress Chiang Ching, and Liu's wife, Wang Kuang-mei, accused by Mrs. Mao of being dissolute and luxury-loving.

★ ★ ★

Red China's two first families—Mao is chief of the Communist party—are entwined in a struggle for power. Mao wants to recover the authority he lost in 1958 when Liu succeeded him as president. Liu is resisting.

Mao says China's Communist revolution has gone astray. He blames Liu for taking the soft road of Soviet "revisionism," thinking less of communism than of capitalism.

Since August, Mao has hammered at Liu's heavily entrenched positions with words and abuse scrawled across millions of wall newspapers in Peking or put into the mouths of fanatic Red Guards.

The words have turned to blows.

Yet there is the absence from the Peking scene of the principals in this strange drama.

Since last November—when he made his ninth and final 1966 appearance before the Peking multitudes—Mao has not been seen in public. Nor has his chosen heir-apparent, Defense Minister Lin Piao.

These absences—and the lack of information about the whereabouts of Liu Shao-chi—give the Peking developments of recent weeks an air of intermission, as though a shadow play were being performed between the acts of the opera.

The shadow puppets are held in the youthful but perhaps firmer hands of Chiang Ching and purge chairman Chen Po-ta. Under their manipulations, the villains have taken on a dimension larger than life.

Reportedly driving out of Peking in November 1965, Mao found refuge in Shanghai. From there he plotted his comeback, returned to the capital last July, once it had been seized by his own men. His big name foes were in Peking and could not escape.

He is trying to stage city coups in Shanghai, Nanking, Canton, Shenyang—Mukden—Harbin, Tientsin, Hankow and other big centers. But most of these cities are in the hands of Liu appointees.

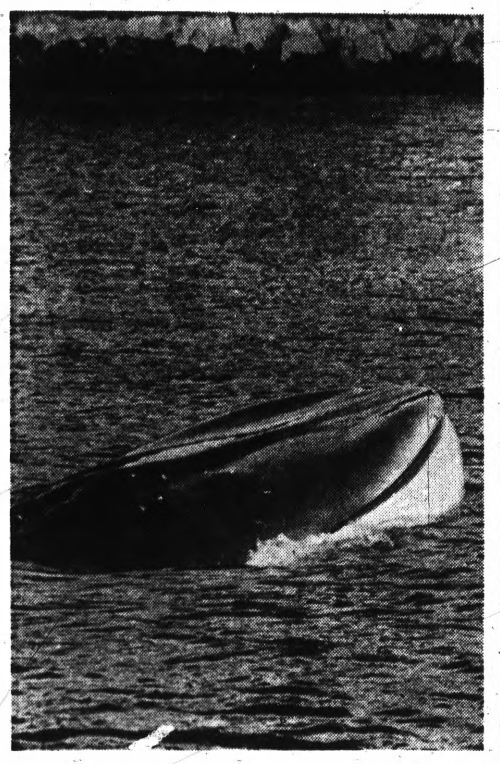

Mao's strategy is to use the army. But in many areas, including Inner Mongolia and Sinkiang, the atom bomb testing site, the army's loyalty to him is not 100 per cent sure.

Like the traditional Peking Opera, what exists in China today is calculated disorder.

"We advocate the theory of the continuous development of revolution, but not the Trotskyite theory of a permanent revolution," Mao said in 1928.

By continuous development, Mao meant China's progress through periods of private land ownership, state capitalism, cooperatives, communes and finally into communism itself.

He has run head-on into Liu Shao-chi because he believes the president has pulled socialism into the wings just as the last act of pure communism was about to begin.

AP Wirephoto

A WHALE OF A PROBLEM—An 80-ton whale comes to the surface in the bay at Burgeo, an isolated community on the south shore of Newfoundland. Author Farley Mowat, who has appointed himself guardian of the whale, says the mammal apparently became trapped when it pursued a school of herring into the bay. The provincial government has taken the whale under its protection to keep local residents from shooting at it, and a fund has been started to feed the whale until it can be helped out of the bay.

NEVER TOO YOUNG—It's going to be "like father, like son" if Carl Stolberg of Muskegon has his way about it. Carl, who wears the black belt of a karate expert, is already teaching his 15-month-old son, Carl Edward, one of the basic stances.

Korean: Viet Peace Hinges on Bombing

By HENRY HARTZENBUSCH

SEOUL, South Korea (AP)—South Korean Premier Chung Il Kwon argued today for continuation of the U.S. air war against North Vietnam, saying American efforts to open peace talks would be hopeless if the raids are stopped.

"The allied powers are on the way to military victory," he said in an interview. "We must redouble our military efforts to win and create conditions to force the North Vietnamese to sit at a peace conference table."

He brushed aside recurrent proposals for a temporary letup in the U.S. air war against North Vietnam.

"If the United States retreats even one step, their efforts to open peace negotiations will be hopeless," the outspoken premier said.

EXTREMELY DIFFICULT

"If the United States decreases its military capability or stops bombings, then invites the North Vietnamese (to talk), it will be a long long time and extremely difficult, if at all possible, to secure peace."

Chung, 49, ruled out an invasion of the North, saying the ground war can be expanded in the South while the bombing of the North continues, as agreed at the Manila summit conference in October.

★ ★ ★

The handsome, youthful-looking premier, who is also South Korea's foreign minister, said the allied war effort in the South and the air strikes against the North are showing results.

Conscription in Communist areas starts at 17 and has been extended from men 35 to those 45 years old, he said.

INTENSE EFFORT

"The continued intense effort to win sympathy against the bombings shows their desperate situation," he declared.

Chung, whose country has sent nearly 50,000 men to South Vietnam, said this is his government's position:

1. Strengthen the military capability to achieve victory, which is the shortest route to peace;

2. Rehabilitate and push forward the pacification plan in the South to win over the North;

3. If the North Vietnamese show sincerity for peace, do not hesitate to accept it.

★ ★ ★

Chung said South Korea does not intend to increase its forces in Vietnam.

"With almost 50,000 troops there now, we have reached our maximum capability," he said. "We have to secure our own nation."

SECOND FRONT

He said reported efforts by Communist China to persuade North Korea to send "volunteers" to Vietnam and to open a second front in Korea to relieve the pressure on North Vietnam had failed.

★ ★ ★

North Korea, instead, had "chosen an independent line inclined toward Russia," he said. And the current upheaval in China has served to consolidate North Korea's independence from Peking, he added.

Chung said the Soviet Union is reported to have increased its military aid to North Korea. The equipment included four submarines and MIG21 jets, he said.

Final I-94 Section Due to Open Today

DETROIT (AP) — The final section of I-94, stretching seven miles through St. Clair Shores and Roseville, is scheduled to be opened today.

The section became a center of controversy late last year because the section was to be opened before exit and entrance ramps were completed between Eight Mile and Fourteen Mile. As a temporary measure the Michigan Highway Department opened an emergency ramp at Eleven Mile.

The new section completes the 275-mile highway running from New Buffalo to Port Huron.

Meeting Set on Activities

A meeting aimed at providing activities for older teenagers and young adults will be held at 8 p.m. Friday at the Community Activities, Inc., building at 5640 Williams Lake, Waterford Township.

All persons of this age group are invited to attended the meeting, regardless of whether they live in the township.

The purpose of the meeting is to discover the potential, needs and interests of this age group in the community.

GLENWOOD PLAZA NORTH PERRY AT GLENWOOD

Junior Editors Quiz on GLACIERS

QUESTION: Was the earth really flat before the glaciers came?

★ ★ ★

ANSWER: We will have to correct this question a bit. First, the earth, although it may look flat, is really round, although not entirely so, for its spinning motion pulls it out slightly toward the middle, making it a little flatter toward the poles.

You can prove that the earth is round by traveling in one direction, whether by railroad, steamer, or airplane. You will finally arrive at the point you started from.

We present an extraordinary proof of the earth's roundness in our top drawing, which is taken from a photograph made last August by the spacecraft Orbiter I while it was circling the moon. The gray part below is the moon's surface, and the white crescent is the earth, partly illuminated with sunlight. Here is the earth's spherical shape, for everyone to see!

When snow accumulates on high mountains in a sufficient amount, it turns to ice and its weight may cause it to slide very slowly downhill; it is often shaped by the valleys it moves through into river-like forms.

★ ★ ★

These ice-rivers are called glaciers. They may churn up the earth's surface, but they do not cause the round shape, which comes from gravitation pulling everything on the earth toward its center.

Costs of College Boosting Tuitions

NEW YORK (AP) — The rising cost of higher education has led to steep increases in college tuition charges across America, a nationwide survey shows. In extreme cases, fees have more than doubled within five years.

Some state schools have been driven recently to charging tuition for the first time.

★ ★ ★

In California, a row which developed when Gov. Ronald Reagan proposed tuition fees for resident students resulted in the ouster of Clark Kerr as president of the University of California. Kerr had opposed both tuition and Reagan's proposal to cut the university's budget.

Many educators have expressed fear that mounting student charges will deprive children of low income families of a chance to attend college.

'DISCRIMINATES'

Don Stevens, a member of the Michigan State University Board of Trustees, said: "Tuition is wrong in public education. It discriminates against low income families and against girls."

"If there are a boy and a girl in the same family, the boy gets the nod. The brightest kids from low-income families don't go to college," Stevens said.

Taking note of mounting educational costs, Gov. Kenneth M. Curtis of Maine had this comment in his inaugural address on Jan. 5:

"Our long-range objective must be free education beyond high school for every Maine boy and girl who has the desire and talent to use this education. We will not achieve this objective during my administration."

STUDENT VIEW

A student point of view was voiced by Dan Allison, a member of the University of Oregon Student Senate:

"We believe that higher education should be available to all who wish to take advantage of it, and raising tuition fees not move in this direction."

★ ★ ★

A pending proposal to raise tuition fees in 22 state- supported colleges in Texas by a total of $44 million during the next two years was denounced by U.S. Sen. Ralph Yarborough as "a tax on students" and "an antieducation measure."

But almost everywhere, the fees go up and up.

IN MINNESOTA

Tuition at the University of Minnesota costs resident students $375 a year, compared with $275.45 five years ago, and nonresidents $921, compared with $662.55.

Utah State University charges residents $282 against $180 in 1960, and nonresidents $639 against $285.

★ ★ ★

At Indiana's Purdue University, the tuition for residents went from $240 to $330 in the past five years, and for nonresidents from $750 to $950.

In 10 years, resident student tuition at the University of South Carolina was gone from $200 to $440, and nonresident tuition from $370 to $990.

AT WISCONSIN

In the 1960-61 academic year, state residents paid $220 at the University of Wisconsin, nonresidents $600. This year the figures are $325 and $1,050.

The University of New Hampshire charged residents $380 five years ago, nonresidents $800. Now the charges are $480 and $1,125, and the fee for nonresidents goes up next September to $1,375.

★ ★ ★

Georgia's state-supported schools held fees at the 1962 level until this academic year, when there was an increase averaging 33 per cent. At Georgia Tech, resident students now pay $315 a year, nonresidents $1,005.

"The increases were made because it was necessary to get operating funds," explained Dr. Harry Downs, assistant vice chancellor of the University System of Georgia.

40 PCT. HIKE

In Illinois, the proposed budget for higher education in 1967-68 is $600 million, up 40 per cent from the preceding biennium, and some college administrations regard tuition increases as inevitable. The University of Illinois charges resident students $270 a year, nonresidents $870, compared with $230 and $580 in 1961.

California's academic blow-up came when Reagan, newly elected governor, proposed state educational budget cuts of about 10 per cent, with an offsetting tuition charge—first in history—on resident students. He suggested $400 a year at the University of California's nine campuses and $200 at the 18-campus California State colleges.

★ ★ ★

Nonresident students in California now pay $980 a year plus a $219 incidentals fee, compared with $500 and $120 five years ago.

Jesse M. Unruh, Democratic speaker of the State Assembly, protested:

"Tuition charged solely for the purpose of making up a budget cut must be considered a tax on education. Such a proposal demands the most thorough study we can make before it is enacted."

MARCH IS SET

The California Federation of Teachers announced plans for a march on Sacramento, the capital, by 10,000 educators, students and parents on Feb. 11 to "resist Gov. Reagan's attack on public education."

Reagan denounced his critics as "hysterical" and said they might change their tune when they got a look at his forthcoming state budget.

★ ★ ★

New York, where 24 undergraduate schools had been tuition-free to resident students, adopted a uniform tuition schedule in 1963 which requires payment from almost all who attend state institutions of higher learning.

Resident undergraduates pay $400, nonresidents $600. Students at graduate schools, both resident and nonresident, pay $600. At medical, dental, law and other professional schools, the charge is $800 for residents, $1,000 for nonresidents.

However, New York also has what it calls a "scholar incentive program," applying only to resident students, which is based on family net income. An undergraduate student from a family with taxable income of less than $1,800 pays nothing. If income is $1,800 to $7,500, the student pays $200 and the state reimburses the college for the other $200. If net income is more than $7,500, the student pays $300 and the state $100.

Inca Methods Aid in Solving Peru Problems

LIMA, Peru (UPI) — Modern science is trying to emulate the ancient Incas by making the most of Peru's limited resources.

One of the chief problems is producing enough food to feed 11 million people in a country made up of three basic areas — desert, mountains and jungle.

The Incas produced crops from the rich desert sands by watering them through elaborate irrigation systems, including aqueducts that are still in use today.

The forbidding Andes were made productive by terrace farming — remarkable stepping-stone plots of ground clinging to the mountain slopes.

★ ★ ★

These measures were effective for the relatively small Indian population of four centuries ago, but today's large and expanding population needs ever-greater amounts of food.

CONVERSION

One answer may be nuclear conversion of seawater to fresh water. This could change the face of the Peruvian coast, which is presently a narrow strip of desert 1,400 miles long, broken by only a few rich oases where water trickling down the western slope of the Andes is used for irrigation.

★ ★ ★

One private company has already taken a major step in establishing South America's first major desalination plant, at Ilo, on the coast 190 miles south of Lima.

POLIO VICTIM HAM—With two fingers of his left hand, the only parts of his body not paralyzed by polio 14 years ago, Earl Lammlin of Ann Arbor operates his amateur radio transmitter from his wheelchair or rocking bed. Several other local hams helped build the set, most of which is surplus telephone and airplane equipment. Lammlin, whose call letters are WA8AKU, attained his conditional operator's license last week.

Support for China Lessening

Ivan Is Friendlier to U.S. Now

By LEON DENNEN
Foreign News Analyst
Newspaper Enterprise Assn.

NEW YORK—Who said this?

"The war in Vietnam helps only the Chinese. The Americans are victims of Mao Tse-tung's provocations."

No, this was not the usual statement of a harassed State Department official apologizing for the Johnson administration.

It was, believe it or not, a spontaneous comment by two Russian sailors, citizens of the Soivet Union, interviewed recently by an American.

"Many are beginning to believe that the United States is defending Asia against Chinese aggression rather than conducting a colonial war," one of the young Russians said.

EQUALLY FRIENDLY

A student from Leningrad was equally friendly in his comment on President Johnson's policy in Vietnam.

In his view, "It is not a question of American prestige but rather one of Red China's supremacy in Southeast Asia."

He revealed, among other things, that during a meeting held at his university some students stood up and declared that "Russian blood should not be spilled in Vietnam on behalf of the Chinese."

Spontaneous comments on Vietnam by Soviet citizens have become increasingly frequent in talks with Americans.

To be sure, not all of those interviewed recently were as friendly toward the United States as the sailors and students.

However, out of 42 reactions to the Vietnam conflict, only two Russians were strongly critical of the United States while 22 said that they were neutral.

But even the "neutralists" leaned more toward the side of the United States than to Red China.

★ ★ ★

"There is not a Russian who wants to die for the Vietcong or Mao Tse-tung," said a teacher from one of the Soviet republics that border on China.

ALWAYS THE SAME

"The newspaper reports from Hanoi are always the same. They always underscore American atrocities, killing and so on. We take them all with a grain of salt. The only report that we shall read with pleasure from Hanoi is one announcing a truce and peace negotiations."

One interesting fact emerged clearly from the interviews. The Communist leaders, despite a massive propaganda campaign, have as yet been unable to convince some of their people that the United States is the only villain in the Vietnamese tragedy.

This is true not only of Russia but also of other Communist countries, such as Czechoslovakia, Poland, Hungary and Romania.

Like to take this brand-new twenty-inch Snow Blower off Chief Pontiac's hands? (plus 50 $5 Savings Accounts)

Fly into our new Airport Office. (Grand opening today, February 1st)

What a prize! And what a time to win it! . . .

Waterford to Enjoy New Library Service

Beginning today, the Waterford Township Public Library will receive services from the Wayne County Federated Library System.

The township decided to become affiliated with the Wayne County system in December, shortly after the breakup of the North Oakland County Library Contract System.

One of the largest county library systems in the United States, the Wayne County system serves an area with a population of 1,132,763.

Forty-five libraries are members, including 17 in Oakland County.

★ ★ ★

In addition to Waterford Township, Oakland County member libraries include the townships of Bloomfield, Brandon, Independence, Orion, Milford and West Bloomfield, Clawson, Farmington, Highland, Huntington Woods, Madison Heights, Oak Park, Southfield, Troy and Walled Lake.

★ ★ ★

The Wayne County system charges members for actual services rendered, the rate being eight cents per volume circulated.

Jean M. Andrews, Waterford Township librarian, announced today the following services will be available:

- Reference and interloan of books. Waterford patron requests for books or other services will be transmitted daily to the Wayne County systemh.

★ ★ ★

- Patrons who borrow books directly from the main library in Detroit can return them to the local library.
- Films are available without charge to local groups, but not for classroom use.
- **Consultant and advisory services are available upon request.**

"We are looking forward to our continued association with other libraries in north Oakland County and to our new association with the Wayne County Federated Library System," said Miss Andrews.

★ ★ ★

"Our local library service will be strengthened through participating in a library system which brings library services of the Michigan State Library, the main Detroit Public Library and other community libraries to the users of our library," she added.

Bell to Spend $184 Million

DETROIT (AP) — Michigan Bell Telephone Co. said today that it will spend $184 million on expansion and improvements in 1967, matching last year's record total.

William M. Day, Michigan Bell president, said $45 million of the total will be spent on Detroit exchanges with the remainder divided between almost every community served by the company.

AP Wirephoto

'TUNNEL RAT' EMERGES — Wearing a gas mask, an American infantryman emerges from a cave in the Soui Cat Mountains about 375 miles northeast of Saigon. Troops of the 25th Infantry Division's 3rd Brigade found huge natural caves this week which had been used by guerrillas as hideouts and headquarters.

Waterford Board to Open Bids on School Projects

The Waterford Township Board of Education will open construction bids tomorrow night for additions and alterations at two elementary schools — Williams Lake, 2525 Airport, and Drayton Plains, 3000 Sashabaw.

Total project cost for both schools is $587,500, not including two special education rooms earmarked for Williams Lake School.

Planned for both schools are gymnasium - multipurpose room complexes, library-instructional materials centers, new classrooms, remodeling, furnishings and equipment and parking lot improvements.

Also tomorrow night, the board will review final plans for projects at Stringham School 4350 Elizabeth Lake, and Waterford Village School, 4241 Steffens, estimated to cost $284,000 and $288,500, respectively.

★ ★ ★

The board also will conduct a union grievance hearing for three school district employes who have lodged complaints about the administration of the food service program.

In the U.S. medical profession today, a typical general practitioner sees about 169 patients a week.

MARTHA GRAYCE JETTER

Mid-June vows are planned by Martha Grayce Jetter of Rochester, daughter of the Charles J. Jetters, Oil City, Pa., and Thomas V. Marsh, son of Mrs. Katherine Marsh, East Pike Street, and Harry Marsh, Sioux City, Iowa. She is a graduate of Seton Hill College.

SUSAN MARY DORAIS

August vows are planned by Susan Mary Dorais, daughter of Mr. and Mrs. Thomas C. Dorais, Beverly Hills, and Michael Clark Zerafa, son of the Vincent S. Zerafas of Darcy Drive. He is an alumnus of University of Detroit where his fiancee is a senior.

Slate Pre-Lenten Event

A pre-lenten smorgasbord salad luncheon and card party is being planned by members of the St. Perpetua's Rosary Altar Society. The event, to take place in the church hall, will begin at 12:30 p.m. on Monday.

Valentine motifs will be used throughout, reports ticket chairmen, Mesdames Joseph Gauthier and Roland Thompson.

★ ★ ★

Others working on arrangements include: Mrs. William J. Dean Jr., Mrs. Paul Holler, Mrs. Nicholas O'Dea, Mrs. Earl Hetzlaff and Mrs. Garry McLean.

★ ★ ★

New officers of the group for this year are Mrs. Adrian Magnan, president; Mrs. Stanley Steck, vice president; Hazel Thompson and Mrs. Edna Stevenson, secretaries; and Mrs. Gauthier, treasurer.

March Altar Date

A March 11 wedding date has been set by Bonnie Lee Steele, daughter of the Howard N. Steeles of Thomas Lane, and Randy Lee Galehouse, son of Mr. and Mrs. Wilbur Fritz of Flint.

Pontiac Press Photo

Dean Jr. of Forest Street work on decorations for the Monday luncheon and card party given by St. Perpetua's Altar Society. The party, open to the public, will take place in the church on Airport Road.

Entertaining Can Become a Talent

By ELIZABETH L. POST

Entertaining, when one lives in a small house or smaller apartment, gives rise to many questions, not the least of which is "Should we invite the Well-offs — their parties are so much more elaborate than we could possibly attempt?"

It is the underlying spirit of hospitality that makes the simplest entertainment a success, and without it the most elaborate occasion is like a fireplace without a fire. Recently, a young woman came up to speak to me after a talk I had given on table settings.

I remember the worried expression of her face as she said, "Mrs. Post, I wonder if you know how discouraging you were?" "Discouraging?" I answered. "I'm terribly sorry — please tell me why."

She said, "I'm afraid you could never understand our problem. My husband and I live in one room with a kitchenette built like a closet in the hall. There is nothing in the world that we both love so much as to entertain, but we can't.

"It just happens that most of our friends are better off than we are. We know we can't go on accepting and never returning, so it means that we find ourselves awfully left out."

I told her that she and her husband were greatly exaggerating their liabilities and forgetting their assets, which are far more important.

I want to reassure those of you who may feel, as she did, that you'd love to invite people you like to simple parties but don't dare because your limited facilities wouldn't be enough for guests who serve meals including every delicacy imaginable.

Ask yourself: IS your own idea of a happy evening measured solely by a yard-long menu or the jam of strangers?

The first asset of the ideal hostess is the spirit of hospitality. This means selecting people who like or amuse each other.

An important rule of behavior is to take the situation easily, with no undue fuss or false pretense. You should, of course, make the best preparations you can. But having done that, don't worry about their limitations.

The 'Pill' No Answer

Talk to Your Daughter

By ABIGAIL VAN BUREN

DEAR ABBY: I am the mother of a 17-year-old girl who has never given us any trouble. She's an honor student and is active in her church group. While she never was wildly popular, she has had a few "steadies."

ABBY

I have suspected for some time that she and her boyfriend were going "all the way." My suspicions were confirmed last week. I am not guessing. I know. I live in fear that she will get pregnant. Should I come right out and tell her I know, and offer her protection with birth control pills?

I do not use them myself, but I'm sure my doctor would prescribe them for me if I asked him to, then I could give them to her.

Should we forbid her to see this boy again? (He is only 18.) Please advise me, Abby. If I failed to prevent the tragedy of bringing an unwanted life into the world (or perhaps a botched abortion) I would never forgive myself. TORN

★ ★ ★

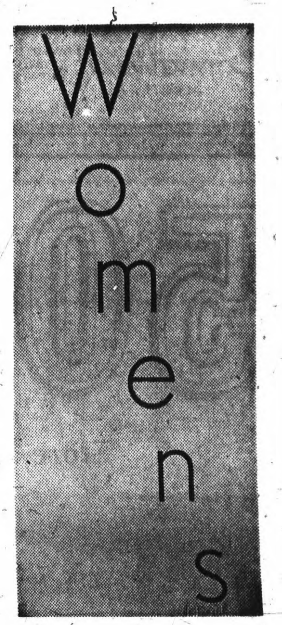

DEAR TORN: If you provide your daughter with pills you are in effect condoning her illicit relations. Have a frank talk with her and tell her that you know. Stress the dangers of premarital relations and the rewards of self-control.

Don't "forbid" her to see her boyfriend or you'll drive them to meeting on the sneak, which could make their clandestine meetings even more exciting.

Try to prevent them from spending too much time alone in tempting circumstances. Perhaps if your husband were to have a talk with the boy, it would help. Unwanted babies and botched abortions are not the only potential penalties for pre-marital relations. Venereal disease, fear of disclosure, and feelings of guilt and unworthiness do incalculable damage to the emotional health of "young lovers."

★ ★ ★

For Abby's booklet, "How to Have a Lovely Wedding," send $1.00 to Abby, care of The Pontiac Press.

Calendar

THURSDAY

Friendship Circle, Welcome Rebekah Lodge No. 246, noon, Mrs. Bertha Maiden home on Cottage Street. Luncheon.

Oakland Writers' Workshop, 1 p.m., YWCA. Regular meeting.

Fashion Your Figure Club of Pontiac, 7:30 p.m., Adah Shelly Library. Regular meeting.

Will-O-Way Auditions Set for Season Shows

A casting call for six shows, to be produced at the Will-O-Way Apprentice Theatre this spring and summer, has been announced by Celia Merrill Turner, director of the professional theatre school.

★ ★ ★

Mrs. Turner recently was appointed director of the newly created performing arts department, Northwood Institute of Indiana, West Badan-French Lick, Ind.

★ ★ ★

Northwood will be one of the first accredited colleges in the country to offer a Bachelor of Performing Arts degree.

★ ★ ★

Auditions for the dramatic and musical shows will be held 8:30 to 11:00 p.m. on Feb. 7, 9, 10.

★ ★ ★

These auditions for actors, singers, dancers and backstage production personnel will be held at the Apprentice Theatre on West Long Lake Road near Telegraph Road.

★ ★ ★

The shows include "Absence of a Cello", "Fantastiks", "Sunday In New York", "Oh Dad, Poor Dad", "My Three Angels" and the musical "Sneaky".

★ ★ ★

In addition to being produced and performed at Will-O-Way, the productions will tour the Spring Valley Playhouse at Northwood Institute of Indiana during the summer.

CLASSES IN FALL

Mrs. Turner will begin her work on the Indiana campus of Northwood Institute with a 12 to 14-week summer theater program. Regular classes in the performing arts program will start in September.

★ ★ ★

Students will be trained to work on the stage, in radio or television, in the teaching field, in advertising and in the producing end of all phases of drama.

★ ★ ★

Will-O-Way Apprentice Theatre will continue to operate with classes next fall concentrated on weekends.

REGISTER NOW

Further information on the spring and summer shows may be obtained by contacting Mrs. Turner at Will-O-Way. Registrations are still being accepted for the spring term.

★ ★ ★

Classes are open to grade, high school and college age students; and adults. All are conducted as seminars, tailored to meet the individual student's needs.

★ ★ ★

A limited number of scholarships are available.

Talks to Symphony Women About Culture in Schools

Mrs. Harold R. Laudenslager, teacher of vocal music in Pontiac schools, spoke before the Pontiac Symphony Women's Association, Monday, in the Ottawa Drive home of Mrs. Harold A. Fitzgerald.

She described methods used in teaching children about the symphony, its instruments also composers and their works. They are taught how to listen to and appreciate symphonic music.

A resume was given of the rescheduled Feb. 14 evening concert to an afternoon performance on Feb. 19.

Felix Resnick will conduct the all-instrumental concert which features the oboe, bassoon and trumpet.

The numbers are "Concerto for Small Orchestra" by Haydn; "Symphony No. 1 in C Major" by Beethoven; "Overture to Rosamunde" by Schubert; and overture "Caprice Italien" by Tchaikovsky.

★ ★ ★

Serving on the social committee were Mrs. Herman Dickstein Mrs. William H. Taylor Jr., Mrs. Harry Arnkoff, and Mrs. Irving Steinman.

This is a sketch of a culotte dress in ivory and green reversible wool. The creation is from Mme. Gres in Paris.

Designer Pierre Balmain, at the Paris spring and summer fashion showings, presented a neat grey plaid suit with crisp white cuffs and collar, accented by a white gardenia.

Gets Grinnell Scholarship

By SIGNE KARLSTROM

Noel Rogers, daughter of Mr. and Mrs. Waldo Papsdorf of Clinton became the winner of this year's $2,500 Grinnell Scholarship annual opera competition.

★ ★ ★

The annual award presentation and the auditions take place following the Detroit Grand Opera Association's yearly luncheon when detailed plans are announced about the Metropolitan's Opera's visit in May.

Noel is working on her Masters degree at the University of Michigan.

★ ★ ★

With her mother, she was a guest for dinner Monday eveing at the Detroit Athletic Club where Mr. and Mrs. Sam B. Williams were hosts to jury members and some of the opera officials.

★ ★ ★

The luncheon was well attended by members of the women's committee as well as a few men. The knowledgeable Francis Robinson, assistant manager of the Met who has become such a favorite among opera lovers, gave an amusing account of the problems the new Met has encountered. He assured the audience that their new home in Lincoln Center is something all Americans could be proud of.

★ ★ ★

Further, he said, that even though the annual visit to Detroit was at the end of the season for the Met the artists felt inspired to come as they were so warmly received. Dr. David DiChiera also spoke about the enlarged plans for oyerture to Opera.

Mrs. William M. Walker Jr. presided, assisted by her co-chairman, Mrs. Ralph McElvenny.

MANY LOCALITES

Among those present from this area were: Mesdames James Roche, John F. Gordon, Henry Whiting Jr., Roy Hawkinson, Edward Proctor, Calvin Patterson, Robert Thom, M. M. Burgess, Elwood Engle, Robert B. Knight and Richard Ruppel.

Mrs. George Romney who had to take over a speaking engagement in Detroit for her husband stopped by at the reception and was greeted by enthusiastic friends.

★ ★ ★

Several years ago Mrs. Romney and Mrs. John F. Gordon were the team of general chairman and cochairman of the women's committee.

It is a girl for the John D. Knoblocks of Kellen Court. Deborah Jean was born Jan. 19 which was her sister Catherine's fourth birthday. There are two more little sisters and one brother in the family.

Mr. and Mrs. Marquis V. Young of Lathrup Village have announced the engagement of their daughter, Mary Catherine, to William Arthur Taylor Jr., son of Mrs. William A. Taylor of Birmingham and the late Mr. Taylor. Both are students at Northwood Institute in Midland.

Handsome decorator pillows are Hawaiian inspired.

Hawaiian Quilting Has Numerous Uses

For a needlework project that offers ample opportunity for creating original designs, try your hand at Hawaiian-style quilting. In strong colors and bold motifs, it's one of the most interesting of the creative crafts.

As a starter, use Hawaiian-style quilting for making handsome decorator pillows . . . then move on to more ambitious projects like full-size bed quilts.

You might even use the quilting on a cotton skirt.

★ ★ ★

Hawaiian quilting is truly an American art, according to the National Cotton Council. When American missionary wives introduced patchwork quilting to Hawaii in the late 19th century, the Islanders were quick to devise their own style and distinctive designs.

Lacking a supply of multi-colored scraps, they used new cloth . . . making their quilts out of a single piece of fabric, and decorating them with appliques cut from another cloth.

Most Hawaiian quilts have only two colors — both of them bright, bold shades. A favorite combination is red and yellow, the royal colors.

For their applique designs, Hawaiian women borrowed motifs from nature — transforming flowers and fruits into stylized eight-point figures. And when it came to quilting, they usually followed the contours of the applique instead of stitching along diagonal lines.

★ ★ ★

To make the Hawaiian-quilted pillow, create your own applique design by experimenting with paper cut-outs. The principle's the same as cutting out paper doilies or lacy valentines.

Take a square piece of newspaper — slightly smaller than the dimensions of your pillow — and fold it in half, then into quarters. Now make a diagonal fold, forming a triangle with the free edges of the paper meeting on one side.

★ ★ ★

Place the folded triangle with the long side toward you and the free edges on the left. Starting near the left corner of the long side, draw or cut a design toward the right corner (which will be the center of your design).

Continue cutting up toward the top of the triangle. Unfold the paper and you'll have an eight-pointed motif.

Use this as a pattern for your fabric applique. When you cut the fabric, allow one-eighth of an inch all around the pattern for tucking in raw edges.

Choose firmly-woven cottons like percale broadcloth for applique and background fabrics.

★ ★ ★

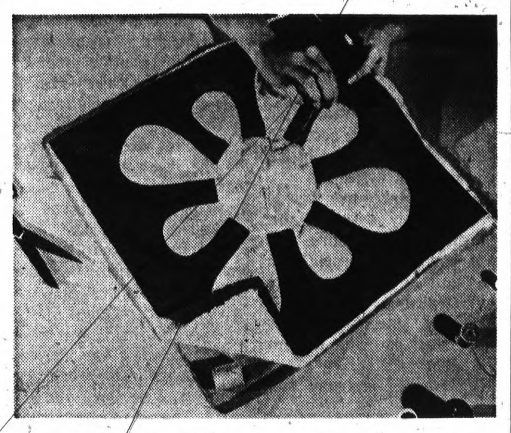

Turn under raw edges and stitch applique to the contrasting background fabric with a regular hemming stitch or a blind stitch.

To quilt the pillow top, place a thin layer of cotton batting behind the appliqued square and back it with a lining fabric. Baste fabric and batting layers together.

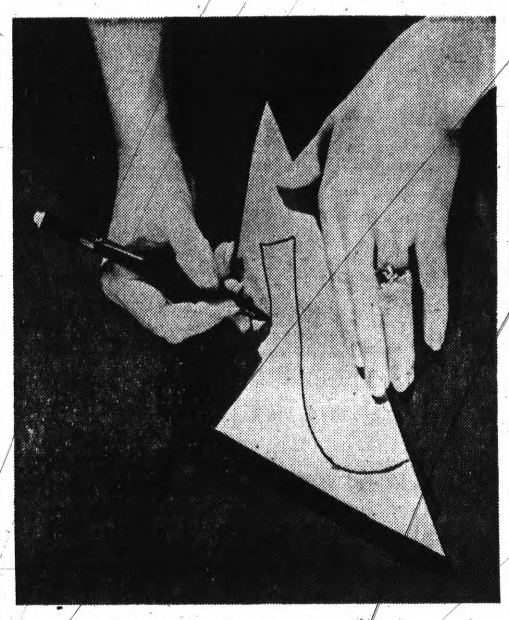

★ ★ ★

For your rows of quilting, use a mercerized cotton thread the same color as the applique. Stitch around the applique — in wavy lines following the shape of the design — making quilting rows about one-fourth inch apart.

Quilting stitches can be done by hand or machine.

Quilting follows contours of the applique.

Making the design for Hawaiian-style quilting.

Launch Annual Search for American Mother

Mrs. Charles F. Kuhn, Michigan state chairman of the American Mother's Committee, Inc., has announced the launching of the search for the 1967 "Mother of Michigan."

★ ★ ★

The primary objective of the American Mother's Committee, Inc. is to develop and strengthen the moral and spiritual foundations of the American home.

Qualifications for the American Mother are:

★ ★ ★

- That she be a successful mother, as evidenced by the character and achievements of her individual children.
- That she be an active member of a religious body.
- That she embody those traits highly regarded in mothers: courage, cheerfulness, patience, affection, kindness, understanding and a home-making ability.
- That she exemplify in her life and conduct the precepts of the Golden Rule.

★ ★ ★

- That she have a sense of responsibility in civic affairs and that she be active in service for public benefit.
- That she be qualified to represent the Mothers of America in all responsibilities attached to her role as the National Mother.

★ ★ ★

Other qualifying conditions require that the youngest child should not be less than 15 years of age since achievement, conforming with qualification No. 1, cannot be judged at an earlier age; also, no divorced mother may qualify.

★ ★ ★

The State Mother will be especially honored at a luncheon sponsored by Northland Center Chamber of Commerce. Later she will be sent to New York by Northland Center to be considered with the State Mothers selected by all the other states for the honor of being the American Mother.

★ ★ ★

Anyone may send in the name of a candidate if they have the recommendation by a recognized organization.

Nomination blanks are obtainable from: Mrs. Charles F. Kuhn, Post Office Box 224, Drayton Plains, Mich.

Nominations must be returned by March 1, 1967.

Clothes May Spray On Yet

What will fashions be like in the year 2,000? Would you believe—spray-on clothes? Recently Beaunit Corp., a fiber and textile producer, asked eight leading designers to give answers to that question. Some predicted that whole wardrobes may be contained in a series of small pressure cans. The spray-on fibers will contain thermostatic properties that keep the wearer climate conditioned no matter how hot or cold the outside temperature. Clothes that respond to a signal to change color or pattern were also forecast. These would respond to light beams or highly pitched audio signals to rearrange their molecular structure and reveal themselves in a new hue or design. Ah, science!

Nurses Uniforms Take on Style

Fashion designers are doing their bit to help the nurse-recruitment drive. Uniforms with embroidered yokes, free-flowing beltless lines, and zip-down fronts should tempt style-conscious young women to that once-starchy profession.

An added enticement is hospital approval of textured white hosiery to enhance shapely young legs under very short skirts.

★ ★ ★

The new styles, made of eminently sudsable tricot, require little time and energy for washing after each day's wear.

Adjustable Knit

When knitting a child's sweater, knit the cuffs separately and sew them on. Then as the children grow and their arms get longer, replace the original cuff with a longer set.

New York Word Game for Renters

NEW YORK (UPI)—Apartment-hunting never is easy but a firm that offers to ease the job (for free) in the New York City area says it helps to know some of the "flat to let" jargon.

Here is part of the list in what Area Consultant, Inc., calls "the apartment-hunting word game":

★ ★ ★

"All modern improvements—refers to a renovated building.

"Business' people or business couple — no children wanted.

"Charm — no exact definition but usually denotes higher price.

"Garden apartment — in Manhattan, an apartment on the ground floor or in basement with a rear yard.

★ ★ ★

"High floor — no room for kitchen furniture.

"Stall shower — no bathtub.

"Terrace—anything outside above ground level, all shapes and sizes, usually small and sooty.

"Walkup—a few flights to walk, could be as many as six."

Case No. B-553

This Is 'Earned Love'

By GEORGE W. CRANE, PH. D., M. D.

CASE B-553: Jerry W., aged 20, is infatuated.

"Dr. Crane," he began, "I am crazy about a Northwestern University coed named Lorna.

DR. CRANE

"But she doesn't seem interested in me at all, although I fell in love with her at first sight.

"So could I ever win her love? If so, how?"

★ ★ ★

Youngsters don't like hot dogs when they first encounter them.

★ ★ ★

But because hot dogs are often linked with picnics and outdoor fun, the many pleasures associated with camping or picnics and outdoor frolic, soon become associated with the hot dogs.

Ultimately, those hot dogs resurrect many diffuse but very pleasurable moods.

So the children now think they are delicious. Indeed, the usual child will even disdain steak or chicken at fancy restaurants and demand hot dogs!

Yet the very same type of meat and seasoning were present when the baby may have spit out its first taste of a hot dog.

So the chemical quality of the hot dog may remain identical; yet it will soon change into the most desirable meat item on the average child's menu.

"EARNED" LOVE

This same process occurs in building up a romance of the "earned" love variety.

You can take two people who have only a neutral attitude toward each other and soon have them ardently in love, just by this same "hot dog" strategy.

Actually, most marriages didn't start out with love at first sight.

The couples probably met on a blind date or via our computer machine at the Scientific Marriage Foundation.

Then they attended a movie, which was pleasurable.

So some of that pleasure figuratively spilled over on the person you were dating.

If you had a delicious dinner together, the delightful meal also left a vague "spillover" emotional effect.

If you attended the opera or a ball game or church or a picnic or a dance or just a stroll across the campus during a beautiful moonlit night, all of the resulting pleasures from various sensory realms, then became vaguely fastened to the person you dated.

Soon, his voice on the phone or the sight of him coming down the street will set loose a flood of these diffuse but pleasurable emotions.

For he (or she) thus becomes a symbol of many happy experiences that you have shared together.

★ ★ ★

This is called the "earned" love formula, by which you build mutual love through many shared, happy experiences.

In love at first sight, you have subconsciously linked such myriad pleasures with some striking feature of your mother or father or brother, sister or favorite cousin.

Later, you may meet a stranger who has the same shaped nose or profile or gestures or voice, and suddenly you are overwhelmed by a rush of happy emotions that accumulated during the years of your childhood.

★ ★ ★

The stranger thus bowls you over by "love at first sight."

Yet even that is really an "earned" type of love, but was earned legitimately by your father, mother or other generous relative.

So send for my 200-point "Rating Scale for Sweethearts," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of The Pontiac Press, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

SEW SIMPLE
By Eunice Farmer

My head is literally filled beyond capacity with the many, many new and interesting ideas in fashion that I have seen in New York. Each week I shall try to tell you about the new details, fabrics and over-all fashion picture so that you can plan your new clothes wisely.

The first thing everyone asks is always the same thing, "What is the length of the skirt going to be?" If there is going to be any change, it certainly won't be this spring. If anything, the skirts seem to be even shorter. The top American designers are all in agreement on this.

One very well known designer, Mollie Parnis, says that taking an inch off the length of your skirts will take 10 years off your age. So please listen, gals, and shorten your skirts for spring and look new and younger.

Always consider your age but most especially, your legs. Most women can easily settle for the middle or top of the knee. Let's don't make the hems too wide. You won't be letting your skirt down again because when they do change, it will be a radical change and an extra inch won't help.

For those of you who can't sew, try the wonderful new press-on hem tape. However, be sure not to use the steam iron, and also use enough heat to clearly show the two bonding lines through the tape. It's a good idea always to check a sample of the fabric with the tape before proceeding.

TAILOR TRIX WINNER

Mrs. George Yarborough, Orlando, Fla., is this week's Tailor Trix pressing board winner for her following suggestion.

Here is a double money saving idea! Buy remnants for your little girls' dresses and have the newest look. Make the yoke or bodice in a contrasting fabric from the skirt. If you have a little extra fabric in either color, make matching underpants at no cost whatsoever. Don't throw your scraps away, instead cut them in 6-inch squares. At the end of the year, make a patchwork shift, your free dress.

Dear Eunice Farmer,

I'm making a winter coat with a very heavy fabric. When I tried to finish the buttonholes on the wrong side, it was impossible to turn a small edge of the fabric in without making it too lumpy. How would I finish the back of buttonholes in these heavy fabrics? Mrs. F. S.

Dear Mrs. F. S.:

I have purposely checked with some of the very expensive coats made of this heavy firm fabric and find that many of them have been finished by simply using a blanket stitch very close together which will overcast the cut edges and prevent raveling.

This is a detail that most of us worry about too much. Just do the neatest job possible, press well and forget it!

The George W. Halls of Cass-Elizabeth Road announce the engagement of their daughter, Mary Sandra, to Michael Lee Shuttleworth, son of worths of Green Lake. the Merle L. Shuttle- A fall wedding is planned.

The Lawrence L. Scheibs of Keego Harbor announce the engagement of their daughter, Linda Lee, to Daniel Eugene Penrod, son of the Archie Limbaughs of Irwin Drive. A June 30 altar date is set.

Mr. and Mrs. Lawrence R. Myers of Rochester announce the engagement of their daughter, Susan Kay, to Thomas Edward Hagaman, son of the Burton F. Hagamans of Leonard. Both the bride-elect and her fiance are juniors at Oakland University.

An early October wedding is planned by Patricia Ann Janette, daughter of the Joseph Janettes of Normadele Street and Michael Davis Morrow, son of the Russel Morrows of Ledgestone Drive. She is a freshman at Oakland University and her fiance attended the University of Detroit.

The engagement is announced of Nancy Carol Stump, daughter of Mrs. Walter F. Stump of Rochester and the late Mr. Stump, to Pvt. Donald B. Elfes, USMC, son of Mr. and Mrs. Donald B. Elfes of Royal Oak. Miss Stump is a sophomore at Michigan State University where her fiance was a former student. He is stationed at Camp Pendleton, Calif.

The Emerson C. Vliets of Ortonville Road, Independence Township, announce the engagement of their daughter, Virginia Diane, to Pvt. Gerald C. Svetcos of Fort Lee, Va., son of Mrs. Dimitri Svetcos of Ortonville and the late Mr. Svetcos. Miss Vliet is a Central Michigan University freshman. Her fiance attended Ferris State and Oakland Community Colleges.

Know This Attitude for What It Really Is

By MURIEL LAWRENCE

DEAR MRS. LAWRENCE: We recently bought a country place we use for weekends and holidays. But our 14-year-old girl has spent only one weekend there since September.

She won't go with us because she says she doesn't know any of the local youngsters and that there's nothing to do there. My husband thinks it's all right to leave her alone in our city apartment on weekends but it worries me. She is the most headstrong of our three children . . .

ANSWER: You've just about given up on her, haven't you? That's usually what we mean when we call a child "headstrong." We mean that compared with the strength of his head, our own is baffled, indecisive and weak.

O. K. Now I'm going to tell you what I'd do were I you. I would refuse to go on any more weekends without her. Nor would I make a big martyred deal out of remaining in town with her.

On the contrary, I'd make her town weekend with me as happy as possible. I'd ask her to invite her best friend to dinner and afterward take them to a movie they wanted to see.

know that she had rejected country weekends with her parents, not out of dislike of the country, but out of dislike of her parents. I'd perceive that her trust of their interest in her happiness was in bad need of repair. So this surrender to her defiance would not be surrender to me. It would be the beginning of my effort to recover my child's trust.

But I am not you. Thus, I cannot ask you to do this. However, I can suggest that you're just fooling yourself by telling yourself that this problem is defiance of country weekends. It is not. It is a problem of your child's estrangement from her parents, and the more you encourage it by permitting these weekend separations, the more entrenched it is going to become, the more serious and probably destructive.

Public Hearing Set Feb. 14

Water Main, Sewerage Plan Backed

Water main construction and steps toward sewerage development on Pontiac's north end received unanimous backing at last night's City Commission meeting.

A public hearing was set for Feb. 14 on expenditure of some $16,000 in city funds and an additional $5,000 assessments for construction of mains in the Northfield - Giddings - Cameron area.

Residents of the area submitted a petition Dec. 13, 1966 asking for the new mains.

Last night's consideration by the commission followed a report and cost estimate from Joseph E. Neipling, director of public works and service.

★ ★ ★

Neipling placed cost to the city at about $12,000 for construction of mains in Northfield from Giddings to Cameron and in Giddings from Walton to Northfield.

ASSESSMENTS

Assessments of nearly $5,000 would be levied to meet the full cost. Construction of a smaller main in Cameron from Walton to Northfield, costing $4,160, would be borne entirely by the city.

City monies for the three projects would come from the sewage disposal fund.

Commissioners also authorized appropriation of $2,500 from the capital improvement fund for constructionof a 50-foot section of the Richton Storm Drain.

★ ★ ★

The expenditure, to be reimbursed by the county following completion of the work, will meet an immediate construction need in the Featherstone-Belt Line Railroad area, Neipling said.

WORK TIMED

The city work will be timed to coincide with pending construction of a proposed new service center in that area by Consumers Power Co.

In a related move, commissioners set March 6 as the date to receive construction bids for the balance of the Galloway Creek Sanitary Sewer project.

Neipling recommended that the city ask for bids on completion of the project following "extensive review" of the condition of the sewage disposal fund.

★ ★ ★

Feb. 14 has been established as the date when the city will receive construction bids for the pumping station portion of the project.

City Affairs

Land Swap With County Apparently Final Today

The City of Pontiac-Oakland County land swap is apparently final today, following formal approval by the City Commission of city acquisition of a parking lot at the rear of 1 Lafayette.

The lot was previously owned and operated by the county, which used it for parking of cars having county business at the county building.

The Board of Supervisors, which first balked at including the lot in the land trade, gave approval Jan. 20 to transfer of the land to the city.

Major items in the swap were the parking lots at Saginaw and Huron — former site of the county courthouse — and the Pontiac Municipal Airport in Waterford Township, formerly operated by the city.

★ ★ ★

Commissioners also agreed to another land transaction last night, appropriating $300 for purchase of a 40-by-82-foot lot at the southwest corner of Kiwanis playground.

SQUARES OFF PARK

Acquisition of the rectangular parcel squares off the park at Osmun, Sanford and Going.

"Reasonable assurance" of ultimate federal approval of a proposed new emergency wing at Pontiac General Hospital was received by the commission from the State Health Department.

The department, which administers the Hill-Burton hospital assistance act in Michigan, gave preliminary backing to a city application for some $293,000 in federal funds.

★ ★ ★

Estimated cost of the entire project, according to City Manager Joseph A. Warren, is $727,000. The proposed emergency facilities would necessitate a new wing at the hospital.

Final approval, Warren told commissioners, must await completion of plans and specifications and the taking of construction bids.

35 Employes to Take Class on Personality

Some 35 key Oakland County employes will begin a 14-week personality development course Monday night with the cost being shared by the employes and county on a 50-50 basis.

★ ★ ★

Conducting the program will be the Dale Carnegie Leadership Training Institute.

Participants will include department heads, assistant department heads and staff personnel. Each meeting will last four hours.

★ ★ ★

A similar program was offered last year for a smaller employe group.

Thieves Fight, Share---Jail

CINCINNATI, Ohio (AP)— Two partners in crime who got into a fight about splitting the loot are serving jail sentences together.

Lyle Christian, 46 and Jack Ellis, 39, were convicted of petty larceny Tuesday. Police Judge Clarence Denning sentenced them to 60 days in the workhouse and fined each $25.

★ ★ ★

Police said Christian stole $20 from a bar's cash register while Ellis acted as lookout Monday night. Then, police said, they went into another bar a block away and got into a fight about dividing the money.

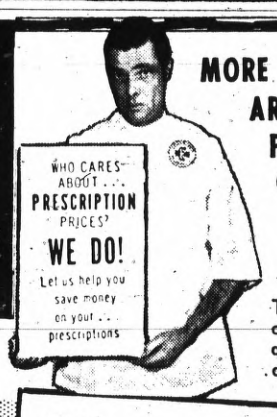

Afghanistan was founded as an independent kingdom by Ahmad Shah Durrami. He was the first to be crowned king in 1747.

FDR PORTRAIT UNVEILED—A new portrait of Franklin Delano Roosevelt was unveiled yesterday in the East Room of the White House, with President and Mrs. Johnson among the observers. To Mrs. Johnson's left is Mrs. Anna Roosevelt Halsted, daughter of the president. The portrait, painted by Mme. Elizabeth Shoumatoff, was given to the White House art collection.

Rocky's Balanced Budget Tied to Borrowing, Lottery

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller sent to the legislature today a record state budget of nearly $4.7 billion, balanced without raising taxes but relying on bond borrowing and proceeds from a proposed state lottery.

With tax revenues falling far short of spending demands, Rockefeller proposed to sell $360 million worth of bonds.

★ ★ ★

The bond sale, he said, would include $51 million from the massive $2.5-billion transportation borrowing that he wants the voters to approve next November. Sources close to the Republican governor said he would cut the state's road-building program if the voters turned down the bond issue.

★ ★ ★

Rockefeller also penciled in $45 million from the lottery — yet to be authorized by the politically divided legislature.

SPENDING RISES

The governor's financial plan would raise state spending for the fiscal year beginning April 1 to $4.686 billion compared with current spending of $4.042 billion. The $644-million increase would shatter all previous state records.

Rockefeller said the spending program he advocated was minimal to meet the state's needs.

★ ★ ★

"This is a tight budget," he told the lawmakers in the message accompanying the document.

Rockefeller made no provision in his budget for an increase in basic state aid to the public schools beyond the $117-million boost mandated by existing aid formulas.

James E. Allen, education commissioner, the State Board of Regents and education groups had been pressing for a further increase of $103 million.

★ ★ ★

Rockefeller estimated that school aid in the new fiscal year would climb to $1.5 billion.

★ ★ ★

Apart from the transportation plan, which would not get into full swing until the following year, Rockefeller proposed no major new or costly programs.

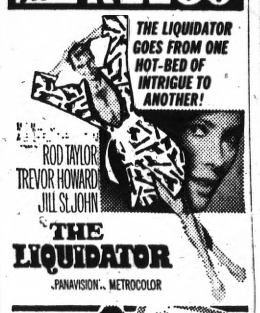

'Visual Flight' Caused Crash

WASHINGTON (AP) — An Illinois man, who was killed when his plane crashed and burned in a heavy snowstorm near Jackson, Mich., was attempting to fly without instruments in bad weather, the Civil Aeronautics Board reported today.

The CAB said Sheldon G. Braunstein, 34, of Park Forest, Ill., was not rated to fly with instruments and continued visual flight in adverse weather conditions, resulting in loss of control."

Braunstein's Piper PA-23, on a flight from Park Forest to Detroit, crashed 12 miles southwest of Jackson, April 1, 1966.

A Day in the Life of a Movie Star

(EDITOR'S NOTE — What's a working day like in the life of a top movie star? For James Stewart, doing his 74th film, it's a drive in a limousine. The monotony of between-scenes waiting. "Good grub" for lunch. Folksy conversation. Taking time out to feed an ancient steed. AP's Bob Thomas reports on a dawn-to-dusk day with Stewart in three columns. This is the first.)

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — A hint of frost silvers the well-clipped lawn as Jimmy Stewart strides out of his Roxbury Drive home in Beverly Hills and enters the studio limousine.

THOMAS

At 58 he walks like a boy, his long legs taking big steps with a basketball player's grace. It is his essential boyishness that helps maintain his appeal to movie audiences after 32 years. At an age where he shuns playing romantic leads, he remains the all-American boy — sincere, idealistic, yet with a reserve of toughness.

★ ★ ★

On this morning Jimmy Stewart is being driven to the location of his 74th movie, "Firecreek." It is a Western, his 13th. Although he is not as identified with Westerns as Gary Cooper and John Wayne, he has increasingly come back to outdoor epics.

"They're not bad to come back to," he commented as he settles back in the limousine.

BEST THING

"Westerns are the best thing we do in pictures, the only really original thing. People like 'em. They like the scenery and the action and the way things are spelled out in simple terms. No problems. Just entertainment."

Stewart is wearing gray flannel pants, a blue sweater and tweed jacket, and his lanky frame is wrapped in an overcoat of brown tweed. The outfit looks lived in. A fedora covers most of his prematurely white hair, but tufts stick out the back, his hair being long for the frontier role.

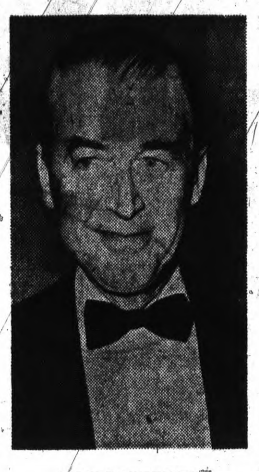

★ ★ ★

His hair is thin on top, and he has long worn "my wig" for film roles, which seems to embarrass him. Aside from squint marks beside the eyes, he shows little evidence of the passage of time.

On the seat is a battered leather script holder.

GIFT LEATHER TOOLED

"Roz Russell gave me that when we were making a picture called 'No Time for Comedy' in 1939," he explains. "She had a hairdresser who did leather tooling, and had him make it for me. Don't know what I'd do without it.

JAMES STEWART

"The binding is steel, so it won't break. But boy, some of these scripts you get nowadays sure put a strain on it!

"I don't know why they make pictures that way. You get a script that is so fat you know the picture's got to run four hours. There isn't any picture good enough for four hours, and they end up by cutting the thing to pieces. Trouble is, they don't want to take out the big, expensive scenes.

"So they take out the scenes that tell you about the characters, and you end up with a movie that doesn't make sense. That seems stupid to me. People are interested in characters, not the big spectacle scenes."

GLIDES ALONG

The long black limousine glides along the Ventura Freeway in the San Fernando Valley, and early-morning commuters crane to see who is in the back seat. They fail to recognize Stewart, who is wearing glasses.

Stewart is not complaining about "Firecreek," which has a compact script. He admits that he has been hopeful about all the 73 films that have gone before. He has known hits — "Mr. Smith Goes to Washington," "Philadelphia Story" (Academy Award, best actor), "Broken Arrow," "Glenn Miller Story," "Shenandoah." He has also had his share of flops — "Pot of Gold," "Magic Town," "Carbine Williams," "The Spirit of St. Louis."

"You can never tell when a picture is going to be good," he says. "It always seems good while you're making it, and you pour everything you can into it.

"But you never can tell. Often you work hard and everybody's happy and you think this has got to be a winner — and it turns out a flop. All you can do is try to develop style and taste and strive to give your work quality. After you've done that, all you can do is hope."

Next: Conversation with Jimmy Stewart — and Henry Fonda.

Plea Switch Will Be Fought

Prosecutor's Office Asks Reconsideration

The Oakland County Prosecutor's Office will fight a circuit judge's decision to allow two Detroit men to withdraw their guilty plea in the holdup of a Bloomfield Hills restaurant.

A hearing asking that he nullify his order will be heard Monday by Judge Arthur E. Moore.

Two weeks ago, Moore permitted the defendants, James L. Ingram, 20, and James A. July, 18, to withdraw their plea just before he was to sentence them for assault with intent to rob and steal while being armed. He then ordered them to stand trial.

The pair had been charged with the armed robbery of the Fox & Hounds Inn, but on Dec. 14 were allowed to enter a guilty plea on the lesser offense.

Asst. Prosecutor Robert Leutheuser will argue the case.

MOTIVATION

In his motion to void Moore's ruling, Leutheuser said that it appears the only motivation Ingram and July had in withdrawing their plea was that "they expected a lighter sentence than they had reason to believe they would receive."

Leutheuser said that contrary to court procedure, the Prosecutor's office was never informed of the defendants intention to withdraw their pleas.

Area Physician Gets Medical Society Post

An Oakland County physician has been elected to a high post in the Michigan State Medical Society.

Dr. John R. Ylvisaker, 875 Canterbury, Bloomfield Hills, has been elected treasurer of the society.

★ ★ ★

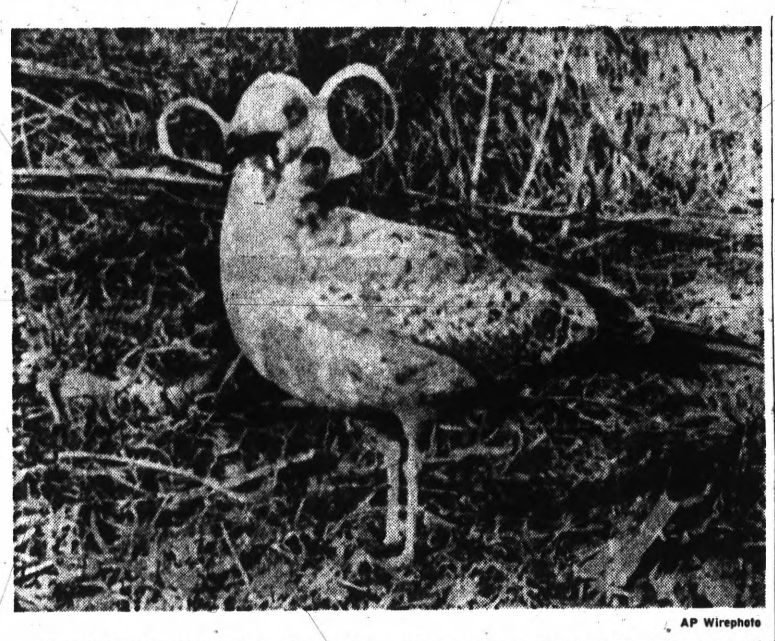

Dr. Ylvisaker succeeds a Grand Rapids man who held the post for 14 years until his recent death.

★ ★ ★

A general surgeon, Dr. Ylvisaker graduated from the University of Minnesota Medical School and received further training at Herman Kiefer Hospital, Detroit, and Wayne County General Hospital.

IT'S GALLING FOR GULL—This seagull spotted in a field in Charlestown, R. I., is wearing what looks like radar antenna for foggy weather navigation. In reality, the gull apparently stuck his head in a ring of the handle used on a six-pack of beer.

Hare 'Meets the Press,' a Pint-Sized Interviewer

LANSING (AP) — The newest member of the Capitol press corps is a no-nonsense 10-year-old who gets right to the point with his questions, but who confesses he was a little nervous his first day on the job.

And he succeeded in something even veteran reporters can't always do. He got an elected official to give a straight answer about his future political plans.

The first assignment for young Chris, son of newsman Tom Greene of Detroit radio station WJR, came from his fifth grade teacher at Lansing's St. Casimir parochial school. Interview somebody, Chris was told.

Another youngster might be content to interview a neighbor or a relative. Not Chris. He chose Michigan's secretary of state.

TOUGH QUESTIONS

And, after borrowing his dad's tape recorder for the one-boy news conference, he had some pretty tough questions for Secretary James Hare.

Why are you a Democrat?" Chris asked.

Or, "What is the difference between a Democrat and a Republican?"

And then the clincher: "Will you try to run for governor if George Romney runs for the presidency?"

Ask some politicians a question like that last one and you'll get a 15-minute answer that really isn't an answer at all.

But Chris got an answer from Hare that was right to the point.

★ ★ ★

'No, I'll never run for governor," Hare said. "That's an extremely time-consuming and arduous job."

Why is Hare a Democrat, Chris wanted to know.

"Well, I come from an all-Republican family," Hare told him, "And I became a Democrat in the midst of the Depression in 1932 when I just came out of college. I don't think my father ever really forgave me.

"But at that point in history, I decided the Democrats were more concerned about the fellow who had problems than the Republicans of that day, and I guess I've been a Democrat ever since."

Attorney to Run

GRAND RAPIDS (AP) — George V. Boucher, Grand Rapids attorney who last month resigned as chairman of the Kent County Republican Committee, said Tuesday he is a candidate for election to the chairmanship of the 5th district GOP Committee.

Is Shakespeare's Labor Lost?

By DICK WEST
United Press International

WASHINGTON — The controversy over "that book" appears to grow more intense and complex with each issue of the magzine serialization.

WEST

By the time the book itself is published it will be, in the words of Shakespeare, "as full of quarrels as an egg is full of meat."

And speaking of Shakespeare, I fell to wondering what it might have been like if a similar dispute had arisen during his day. Shall we kick it around a bit?

"LONDON — Lady Capulet of Veronia, Italy, filed suit here today to block production of a new play about her daughter, Juliet.

"She charged that playwright William Shakespeare had violated an agreement giving her the right to approve the script.

"She sought an injunction barring the Globe Theater from staging the play, 'Romeo and Juliet,' pending negotiations to change some of its scenes and lines.

"The play is based on Juliet Capulet's star-cross'd romance with Romeo Montague.

"A spokesman for the Capulets said the disputed passages concerned the behavior of the Montague family before and during the affair.

"Lady Capulet, whose family had feuded with the Montagues, was said to feel that presentation of this material on the stage would be in poor taste.

"Shakespeare, reached at his home in Stratford-on-Avon, expressed surprise and shock over Lady Capulet's action.

"'He said it was Lady Capulet herself who suggested that he write the play and that she had supplied him with the material for it.

"Subsequently, he said, representatives of the Capulet family brought great pressure on him to make certain changes.

"But I am constant as the Northern Star, of whose true-fix'd and resting quality there is no fellow in the firmament," the playwright said.

"He argued that the controversial matter should be left in the play for the sake of history.

★ ★ ★

"How many ages hence shall this our lofty scene be acted over in states unborn and accents yet unknown?" the bard remarked.

"Meanwhile, a spokesman for the Globe Theater said it was too late to make extensive changes in the drama. He said the actors had already learned their lines."

Expert Lists 'Errors' of U.S. Viet Policy

(EDITOR'S NOTE — Edwin O. Reischauer, historian and diplomat specializing in Far East affairs, lists what he calls the three major U.S. Vietnam policy mistakes of the past two decades. He also discusses what it would mean if Ho Chi Minh ruled all of Vietnam.)

By WALTER R. MEARS and SPENCER DAVIS

WASHINGTON (AP) — Diplomat-historian Edwin O. Reischauer says Ho Chi Minh could have led all Vietnam without menacing U.S. interests if U.S. policy errors had not locked this country in a Vietnam war.

The war should have been avoided, said the former U.S. ambassador to Japan, but the United States cannot now quit because it is in a narrow passage "and can't walk backward."

★ ★ ★

Reischauer, now a State Department adviser and Harvard University historian, cited in an interview what he called three major policy errors of the past two decades which led to the present Vietnam situation:

—"We just stumbled sort of bit by bit into supporting French colonialism" beginning in 1945.

★ ★ ★

—The United States stepped "into the unsound situation the French left behind them" after their defeat by the Vietminh at Dien Bien Phu in 1954.

★ ★ ★

—The United States increased its troop commitment in 1961 from 800 advisers to 17,000. "This increased the stakes. It would have been a lot less damaging if we had taken our losses and pulled out then."

OTHER MISTAKES

Reischauer said there were other mistakes, too — decisions which at the time they were made seemed relatively unimportant.

"I can't give you a year-by-year or a step-by-step analysis," he said.

★ ★ ★

Reischauer's recommendation: A prudent de-escalation of the war, perhaps with a halt in U.S. bombing of North Vietnam. If the combat can be eased, he said, the war may gradually dwindle without formal peace negotiations — a prospect he considers slim.

"The countries that are close to Vietnam would be tremendously worried if we were to pull out," Reischauer said. "Getting out is not as easy as getting in."

LOOK AHEAD

For the years ahead, Reischauer sounded this appeal: "Let us not do this again. Let us at least think 12 years ahead and not get into new commitments and new situations of this kind."

Two decades ago, Reischauer said, even a Communist Vietnam would have fiercely maintained its independence. A government headed by Ho Chi Minh, now president of North Vietnam, probably would have taken an independent course similar to that of Yugoslavia in Europe though perhaps more extreme, he said.

★ ★ ★

In any event, he suggested, such a government would not today be an enemy of the United States.

"It wouldn't have been a serious menace to us to have had Ho Chi Minh there for the past 20 years," Reischauer said.

Pacing as he talked following a day-long session before the Senate Foreign Relations Committee Tuesday, Reischauer expanded on his list of mistakes that marked American policy.

FRENCH CONTROL

When France sought in 1945 to reassert her control over what was then Indochina, he said, "many of us felt that we should not back the revival of French colonialism in Asia."

Reischauer said the late President Franklin D. Roosevelt held that opinion. "We allowed ourselves to stumble into a course of support," Reischauer said.

★ ★ ★

"Step by step we became the major supplier of the French colonial war in Vietnam," Reischauer said. It was a war against Ho Chi Minh and his Viet Minh army in what is now North Vietnam.

Reischauer said that in supporting the French, American policymakers apparently were guided by the impact of the decision in Europe, not by the future of Asia.

FEW ASIAN EXPERTS

He said there were few Asian affairs experts in the State Department, and they were not in the top echelon.

Reischauer was among them. "I had the feeling this was wrong," he said. But he said nobody listened to him in those days.

PARTITION

Reischauer said the 1954 Geneva agreement which partitioned Vietnam after the French defeat was a face-saving move for the French.

He said it might have been better had the United States signed that pact, but in any event, its provision for elections in 1956 "was completely unsound."

★ ★ ★

At that point, the United States sponsored Ngo Dinh Diem as president of South Vietnam, and, in Reischauer's view, inherited the dilemma left by the French.

Although Reischauer lists the 1961 troop buildup as a mistake, he said the more massive troop expansion in 1965 could be one American step which may one day prove to have been sound.

At the time of the latter buildup and concurrent switch from a U.S. advisory capacity to a combatant role, said Reischauer, "our choices were narrowing."

SYMPATHETIC WORDS — President Johnson offers his condolences yesterday to Mrs. Martha Chaffee, widow of astronaut Roger Chaffee, at burial services in Arlington National Cemetery. Mrs. Chaffee holds the American flag which draped the casket bearing the body of her husband. At center is astronaut Eugene Cernan, who was the widow's escort at the services.

Highway Official Denies Allegations by Romney

LANSING (UPI)—A top State Highway official says his private business transactions under question by Gov. George Romney are completely "above board."

Frederick Tripp, deputy director for administration, yesterday challenged any suggestion that his business interests were gained through his connections with the Highway Department.

"I have nothing to hide. I have done everything above board," Tripp said.

In a letter to Ardale Ferguson, state highway commission chairman, Romney said it has come to his attention that "certain highway personnel have outside business interests." Romney singled out Tripp.

★ ★ ★

Romney asked the commission to look into reports that "some of these business interests are located in strategic areas adjacent to highway interchanges and intersections."

The governor said "it is possible that information made available to these individuals in their official capacity with the highway department could have been used for personal benefit.

"In particular, these allegations have been made against the business interests now being conducted and owned by Mr. Frederick Tripp," Romney said.

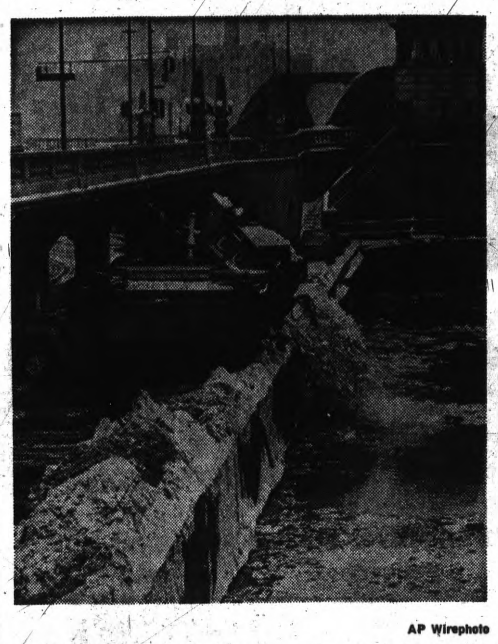

"As far as I'm concerned, I have no indication that Mr. Tripp is guilty of the allegations; this should be said in fairness to him," Romney told newsmen when he released the contents of his letter to Ferguson.

★ ★ ★

Tripp said he wants to hold a news conference to explain his position.

WELCOME OPPORTUNITY

"I would welcome an opportunity to explain my position because my integrity has been questioned," Tripp said.

AP Wirephoto

DUMPING SNOW—Trucks subcontracted to the City of Chicago dump loads of snow into the Chicago River. The city has started digging out after a record-breaking snowstorm last week. The river is about the only place in Chicago where the snow can be dumped.

Coverage Broadened, Too

$1.40-an-Hour Base Wage in Effect

WASHINGTON (AP) — The federal minimum wage went up to $1.40 an hour today as government officials braced for a flood of inquiries and labor leaders warned they will pounce on any violators.

The $1.40 applies to 32.3 million workers covered by the old $1.25 minimum, while 8 million more employes are brought under the law for the first time, starting at a $1-per-hour minimum.

★ ★ ★

Altogether, nearly two million companies are covered by the law.

The government estimates only about 4.7 million workers will get pay increases under the law since most of those covered already earn more than the minimums.

WAVE OF QUERIES

"We are pulling our investigators into the field offices to answer the phones," said Clarence T. Lundquist, Labor Department wage and hour administrator, noting the rising tide of queries from workers and employers.

"The new increases in the minimum wage will further tempt chiselers," said AFL-CIO President George Meany in asking President Johnson to strengthen enforcement.

★ ★ ★

Meany said the 13.5-million-member labor federation will set up its own nationwide enforcement machinery to police the law and help both union members and nonmembers press for federal action against cheaters.

★ ★ ★

Although the law — the Fair Labor Standards Act — provides fines up to $10,000 for willful violations and possible jail terms for a second offense, Lundquist said most cases are settled without court action.

"One of our problems is in getting employers to feel that we can be talked to," Lundquist said.

★ ★ ★

Some business groups have expressed fear of harassment by federal investigators and costly court litigation for accidental violations.

★ ★ ★

"Certainly inadvertent violations can be corrected by payment of back wages and assurances of future compliance," Lundquist said.

★ ★ ★

Meany said Lundquists' 1,000 investigators never have been enough to enforce the law and that "last year, some 430,000 workers were underpaid a total of $90 million by employers who flouted the Fair Labor Standards Act—and these figures cover only those who were discovered. Only about half the violators were caught."

Economical Chicken Dishes Are Delicious

CHICKEN 'N' RICE EASY CASSEROLE

By JANET ODELL
Pontiac Press Food Editor

Chicken this week is advertised for as low as 21 cents a pound. At that price, you can indulge heartily. You may want to put some poultry in your freezer too.

Chicken is almost a universal food; countries all around the world have favorite ways of preparing it. For instance, here is a recipe with an Italian air.

CHICKEN AND PIMIENTO, ROMA

2 fryer-broilers, cut up
Seasoned flour
¼ cup olive oil
1 clove garlic, mashed
¼ cup chopped parsley
½ teaspoon poultry seasoning
1 teaspoon salt
⅛ teaspoon pepper
Dash Tabasco
1 cup white wine
¾ cup black olives, sliced
1 can (6 oz.) sliced mushrooms, drained
1 jar or can (7 oz.) whole pimientos (drained and torn into large pieces)
1 package (8 oz.) thin spaghetti

Roll chicken pieces in seasoned flour, then brown in hot oil. Mix garlic, parsley, seasonings and wine; pour over browned chicken. Simmer few minutes. Scatter olives, mushrooms, and pimiento pieces over chicken.

Cover skillet and cook over moderately low heat about 35 minutes, or until chicken pieces are fork tender.

Serve hot with parsley buttered spaghetti and a crisp green salad. Makes 6 servings. (If chickens are very small and split only, makes 4 servings.)

Parsley Spaghetti: Cook spaghetti according to package directions. Drain and toss with about ¼ lb. melted butter or margarine (1 stick) and sprinkle with chopped parsley.

Marinate chicken in a sweet hot sauce for an entirely different dish.

CHICKEN SWEET AND HOT

1 tablespoon butter or margarine, melted
½ cup red currant jelly
¼ cup Worcestershire sauce
1 cup orange juice
1 clove garlic, minced
1 tablespoon mustard with horse-radish
1 teaspoon powdered ginger
3 dashes of Tabasco
1 frying chicken, quartered
Salt, pepper
3 cups cooked rice

Blend together the first 8 ingredients; heat until jelly melts. Season chicken pieces with salt and pepper. Pour over chicken and marinate 2 to 3 hours. Cover and bake at 350 degrees for 1 hour.

Uncover, increase temperature to 400 degrees and continue cooking 30 minutes, basting occasionally. Serve over beds of hot fluffy rice.

Makes 4 servings.

While the chicken bakes, the rice can be prepared on top of the range according to package directions. Of, if you prefer, oven bake the rice this way:

Measure 1 cup uncooked regular white rice into a casserole that has a cover. Heat 2 cups water and 1 teaspoon salt to boiling (use 2½ cups liquid for brown or par-boiled rice). Pour over rice and stir. Cover tightly and bake at 350 degrees about 25 minutes (45 to 50 minutes for brown and parboiled) or until rice is tender and liquid absorbed.

★ ★ ★

With convenience foods, you can have a chicken and rice casserole in less than two hours. Once this is in the oven, you have nothing to do but prepare the rest of the meal.

CHICKEN 'N RICE EASY CASSEROLE

1 broiler-fryer, 2½ lbs., cut up
1 can (3½-oz.) fried onions
1½ cups rice
⅓ cup grated cheese
1 can (10½ oz.) cream of chicken soup, diluted with ½ can water
2 tablespoons pimiento, chopped
1 tablespoon instant green pepper flakes
½ teaspoon paprika

Grease bottom and sides of 1½ or 2-quart baking dish. Cover bottom with onions. Mix rice with pimiento and pepper flakes; spread over onions. Place chicken pieces (skin side up) on top of rice mixture. Pour soup, diluted with water, over chicken and sprinkle paprika on each side of chicken.

Cover; cook 1½ hours at 300 degrees. Take off cover last 10 minutes of cooking. Serves 6.

CHICKEN AND PIMIENTO, ROMA

Date Dessert

Can Use Day-Old Cake for This

It's sort of a rich candy-cake, this unusual — and unusually good — "Sugarcrunch Date Cake." The dates are packaged diced dates, a comparatively recent addition to the array of convenience foods now found in markets. They are pure fresh California dates coated with dextrose to make them flow easily.

Even a small serving of this delicious dessert should satisfy the sweet tooth of the most avid dessert devotee.

Sugarcrunch Date Cake

1½ cups brown sugar, packed
1 cup water
¼ cup butter or margarine
½ teaspoon cinnamon
⅛ teaspoon ground mace
⅛ teaspoon ground cardamom (optional)
Few dashes salt
6 cups cubed day-old spice cake or yellow cake
1 cup packaged diced dates
½ cup chopped candied citron
½ cup coarsely chopped macadamia nuts or almonds
2 teaspoons grated lemon rind
2 tablespoons fresh lemon juice
1 cup whipping cream

Combine sugar and water in saucepan; bring to boil and cook until candy thermometer registers 250 degrees F. or until a few drops of the syrup will form a hard ball in cold water. Remove from heat. Stir in butter until melted then mix in spices and salt.

Spread cake cubes in large shallow pan. Pour hot syrup over cake in fine stream, tossing gently; mix in dates citron, nuts, lemon rind and juice and ½ cup cream. Press into well buttered 4-cup mold; chill at least 2 hours.

Just before serving, run tip of sharp knife around top edge of mold; place mold in bowl of hot water a few seconds, then invert onto plate. Whip remaining cream and dollop on top. Makes 12 to 14 servings.

Crunchy Dressing

A tasty knife-and-fork salad combines finely chopped walnuts with minced cooked ham, tongue or corned beef and bottled sandwich spread. Thin slightly with half and half cream or dairy sour cream; spoon over wedges of crisp western iceberg lettuce.

Meringue Shell Gets Fruit Cap

Emperor grapes are beautiful to look at and wonderful to eat. So how about using them in a regal dessert?

Frosty Maringue With Emperor Grapes

4 egg white
¼ teaspoon salt
1 teaspoon cream of tartar
1 cup sugar
1 teaspoon pure vanilla extract
1 quart vanilla ice cream
¼ cup creme sherry wine
1 cup halved and seeded Emperor grapes
2 tablespoons sugar
2 tablespoons creme sherry wine

Beat egg whites until foamy. Add salt and cream of tartar; beat until stiff. Beat in 2 tablespoons sugar at a time until 1 cup sugar has been added.

Cut a piece of brown paper 12x15 inches and trace onto paper an 8-inch circle. Place on cookie sheet.

Spread layer of meringue over the circle ¼-inch thick. Build up sides to form wall about 2 inches high with meringue.

Bake in preheated slow oven (250 degrees 1 hour. Turn off heat and leave meringues in oven 6 hours or overnight.

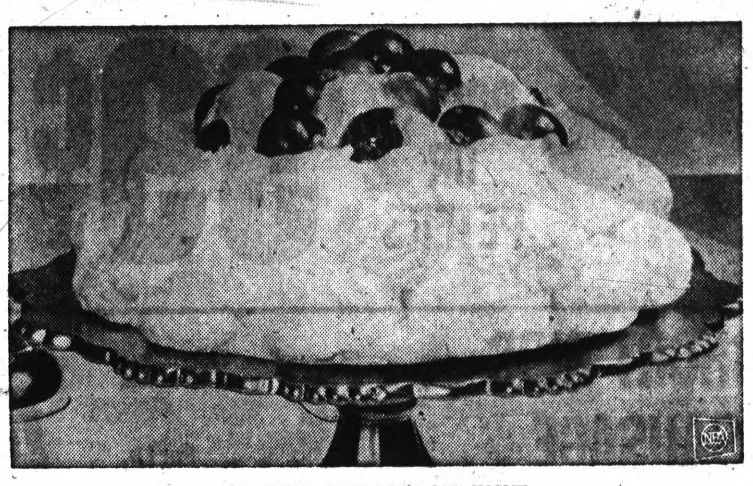

In the meantime, soften ice cream and fold in ¼-cup sherry. Return to freezer tray and refreeze.

Combine grapes, 2 tablespoons sugar and sherry and marinate in refrigerator 2 hours. Just before serving, remove meringue shells to serving dish.

Full with alternate layers of ice cream and grapes. Spoon sherry marinade over top as sauce. Cut into wedges and serve immediately. Yield: eight servings.

Nuts in Cookies

If your favorite "chill 'n roll" butter cookie recipe doesn't call for walnuts, just add one cup finely chopped California walnuts for every three cups flour. See what a difference it will make. Remember the thinner you roll the dough, the crisper the cookies will be.

EMPEROR GRAPES IN MERINGUE

Ever Cook Lettuce?

Here's a tasty concoction that is economical and easy to make, yet elegant and eye-catching. The colorful combination of spring - green western iceberg lettuce and peas, golden corn and cherry tomatoes is drizzled with a delicious butter sauce perked up with onion, parsley and tarragon.

Serve with steak, roast chicken or baked ham.

Lettuce Casserole Carousel

1 head western iceberg lettuce
⅓ cup butter or margarine
¼ cup finely chopped onion
½ teaspoon crumbled tarragon
¼ teaspoon salt
⅛ teaspoon pepper
¼ cup chopped parsley
1 package (10 oz.) frozen green peas, thawed
1 can (12 oz.) whole kernel corn, drained
12 cherry tomatoes or 6 small tomatoes halved

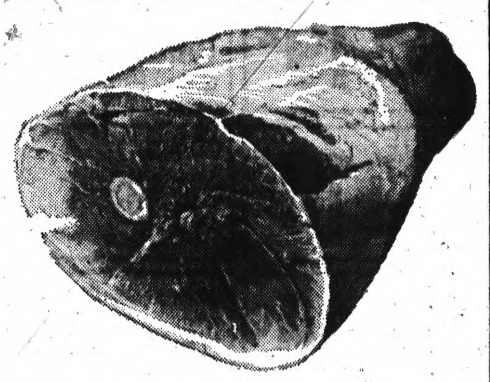

Core, rinse and drain lettuce well; cut into 4 wedges. Combine butter, onion, tarragon, salt and pepper in saucepan; saute until onion is tender-crisp. Stir in parsley.

Heap peas into 2 triangles opposite each other in shallow 10- or 11-inch round baking dish. Heap corn into 2 triangles between peas. Place tomatoes around edge and in center. Arrange lettuce wedges cut sides up over peas and corn. Pour butter sauce over all.

Cover tightly; **bake in 450-degree oven about 15 minutes or just until peas are cooked and lettuce is hot but still crisp.**

Pre-Schoolers Delighted if Mother Fixes Special Lunch

By CECILY BROWNSTONE
Associated Press Food Editor

Does this sometimes happen at your house?

School-age children go off to classes and preschoolers are disconsolate because they can't go along?

How do you cheer up the stay-at-homes?

Some mothers have "classes" for the youngest set right at home. If there is a small-size table and chair at hand holding scrap or construction paper, blunt scissors, pastepot, crayons and an old magazine, a youngster can have his own "school."

He'll "write," make collages from cut-out pictures or crayon some of his own. After such a period of "school work" he is usually happy to go about his everyday play.

One mother — whose older children often carry their lunch to school — tells us that on occasion she delights her preschoolers by preparing a "school lunch" for them to have picnic-style in the house.

Such a lunch may consist of Funny-face Sandwiches, Daisy Desserts and milk.

For the sandwiches she uses both white and whole-wheat bread — one slice of each variety for each sandwich. She puts the bread together with peanut butter mixed with crisp-cooked crumbled bacon or finely grated carrot.

For the funny-face effect, she cuts round slices from a large unpeeled red apple and removes the center (any seeds and core) with a small sharp knife.

She fills the tiny center cavity of each apple slice with peanut butter and covers the peanut butter with a raisin, or a triangle cut from green pepper or carrot, for the nose.

Two raisins make the eyes, and half of a small round of carrot makes the half-moon mouth — all affixed with peanut butter.

The first time this mother made the Funny-face Sandwiches for her small fry, she did so as a surprise.

After that the youngsters insisted on making their own funny-faces — adding such ingenious features as eyebrows (half raisins) and bangs (shreds of carrot)!

If these sandwiches are prepared ahead of lunchtime, it's a good idea to brush the apples slices with orange juice (before the features are affixed) so the apple won't discolor.

Then the funny-faces can be wrapped in clear plastic film, placed atop the sandwiches and be wrapped again in film before being stored in the refrigerator until the lunchtime "school bell" rings.

ORANGE FLOWER

For the Daisy Desserts vanilla pudding is spooned into small paper dessert dishes and garnished with sections of fresh orange or with drained canned mandarin oranges.

The orange sections are placed petal-fashion and centered with a maraschino cherry. Covered with plastic film, the desserts are stored in the refrigerator.

★ ★ ★

At lunchtime, the Funny-face Sandwiches, the Daisy Desserts, a vacuum bottle of milk, paper plates, cups and napkins go into a picnic basket.

Then Mom and the kids have their picnic wherever they please — in an old-fashioned window seat in the sunny dining room, or in the children's playroom where teddy bears and dolls can join in.

Best of all, during the picnic the children have their mother's full attention — a fine prelude to a happy rest-of-the-day.

Buffet Casserole

You can make a quick and good casserole from canned sweet potatoes and canned pie-sliced apples. Sweeten with brown sugar or maple sugar and dot generously with butter.

Apple-Cornbread Stuffing Is Just Right for Duck

By CECILY BROWNSTONE
Associated Press Food Editor

When you can use a ready-mix and produce as delicious a dish as you would gain had you "cooked from scratch," we're the first to want to spread the news.

★ ★ ★

That's how we feel about this apple-and-cornbread dressing for roast duck. The cornbread used in the stuffing is made from a handy mix that comes with its own mixing bag and baking pan.

Isn't that a lovely thought? Just as important, this cornbread has just the right flavor for this particular dressing.

★ ★ ★

One caution: please do find yourself some tart green-skinned apples when you try this recipe. This old-fashioned fruit is the right partner for the cornbread.

We usually roast duck at the moderate (350 degrees) temperature given in the recipe. But we know some cooks prefer a slow (325 degrees) oven; so if that happens to be your preference, go along with it!

You may want to prick the duck skin during the roasting in the hope of draining off all the fat. Sometimes we do this, sometimes we don't — depending upon how busy we are with other chores.

The pricking does help the fat to drain, but so does a long enough roasting time.

ROAST DUCK WITH APPLE CORNBREAD DRESSING

- 1 package (10 ounces) cornbread mix (with mixing bag and baking pan)
- 2 cups finely chopped peeled tart apple
- ½ cup finely diced celery
- 1 teaspoon salt
- ¼ teaspoon pepper
- ½ teaspoon thyme
- ¼ cup butter or margarine, melted
- ½ cup water
- 4½ to 5 pound duck

Make up cornbread mix according to basic package directions. Cool. Crumble coarsely into a medium size mixing bowl. Add the apples, celery, salt, pepper and thyme. Sprinkle with melted butter and water. Lightly toss together.

Stuff dressing loosely into neck and body cavity of duck. Close openings with small skewers and lace with cord. Do not truss.

Place breast side up on a rack in a shallow roasting pan. Roast uncovered in a moderate (350 degrees) oven until tender and skin is crisp — 2½ to 3 hours.

Can of Salmon for Main Dish

For an easy-to-fix seafood main dish . . . arrange chunks of drained canned salmon in a shallow baking dish and drizzle a tablespoon of canned lemon juice over it—use two 1 lb. cans of salmon. Slip the salmon into a 300 degree oven to heat about 20 minutes.

Stir another tablespoon canned lemon juice into ¾ cup dairy sour cream and pour over the hot salmon. Heat a few more minutes, then sprinkle with chopped parsley for garnish. Six servings.

Make It Rosy

Using grenadine syrup as a glaze for baked ham adds a rosy glow. Angostura bitters, used the same way, also adds ruddy color.

Opening lead—♦ K

By OSWALD AND JAMES JACOBY

Oswald: "The book of the team trials represents a real effort by the American Contract Bridge League to show experts at their best and worst in the toughest possible competition."

JACOBY

Jim: "Yes, and today's hand shows one of our great players at his worst. West's vulnerable double of a nonvulnerable spade opening is far too dangerous for my taste."

Oswald: "I was noted as a desperate type of bidder 35 years ago. Needless to say I try to avoid such risky bids today."

Jim: "I can't blame East for doubling the four-spade contract. Two aces are pretty good defensive ammunition against a preemptive type jump to game."

★ ★ ★

Oswald: "West opened the king of diamonds. East played the deuce and it was up to West to shift. A trump shift would seem to be indicated. North and South were playing five card majors so there was no chance of killing a spade trick for East."

Jim: "I remember how you have always stressed the extreme undesirability of leading dummy's long suit yet this particular West shifted to a club at trick two. After this lead declarer had no trouble setting up dummy's club suit with the loss of one trick to the ace.

"With a trump shift South would have had to find the jack of clubs in order to make the contract."

Oswald: "I think you have been a trifle harsh with poor West. Suppose that South held the ace instead of the king of clubs, but only two clubs and two diamonds. Then the club play would be necessary to beat the contract. It is so much easier to make the best play when you see 52 cards."

CARD Sense

Q—The bidding has been:

West	North	East	South
Pass	3 ♥	Pass	2 ♥
?			

You, South, hold:
♠ K 2 ♥ A K Q 10 9 8 6 5 ♣ A Q 6

What do you do now?

A—You might jump to six hearts but if you want to explore grand slam possibilities, try a four-club bid.

TODAY'S QUESTION

You bid four clubs and your partner raises you to five clubs. What do you do now?

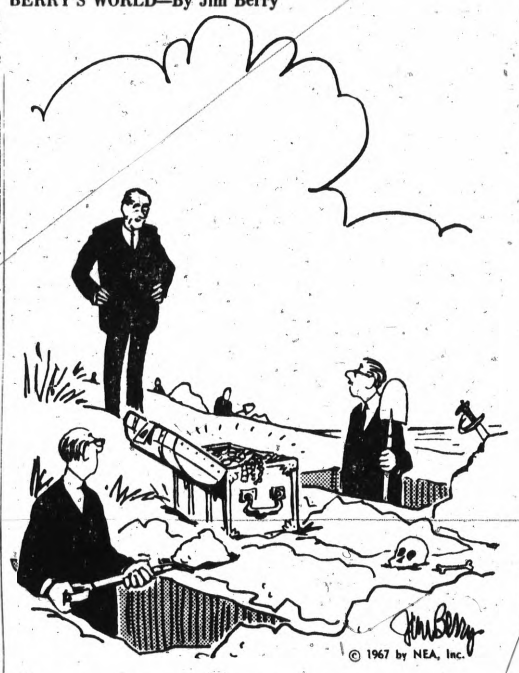

Answer Tomorrow

THE BETTER HALF

"Have you already forgotten the purple oysters climbing up the legs of the bed after the last time you went heavy on that cough syrup?"

BERRY'S WORLD—By Jim Berry

"You see! Balancing the budget is NOT hopeless!"

Astrological Forecast

By SYDNEY OMARR
For Thursday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 - Apr. 19): Deception concerning assets is possible. Know this and be alert. Judgement of mate, partner not as sharp as usual. Be self-reliant. Depend on FACTS . . . not rumors.

TAURUS (Apr. 20 - May 20): Some desires may not be practical. Check legal angles. Be positive on rights, requirements. Go directly to source. Move ahead only after consulting with expert.

GEMINI (May 21 - June 20): Strive to display abilities. One who discourages you may merely be envious. Know this — respond accordingly. Avoid extremes where diet is concerned. Keep resolutions.

CANCER (June 21 - July 22): Where love enters picture . . . be cautious. Tendency for deception exists. If practical . . . you can be happy without being hurt. Give special attention today to youngsters.

LEO (July 23 - Aug. 22): Within home area there are questions which need answering. Stick to practical issues. Don't make promises you can't keep. Others tend to prod, to urge action. Best to wait, observe.

VIRGO (Aug. 23 - Sept. 22): Exercise care during short trips. You may feel need to rush. But if wise you will observe rules, regulations. Some reports subject to quick change. Be ready!

LIBRA (Sept. 23 - Oct. 22): Some long-standing obligations can be met today. Don't be afraid to ask questions. Others respond with favor. If you make conciliatory gesture . . . you gain in stature. Act accordingly.

SCORPIO (Oct. 23 - Nov. 21): Beauty, illusion accented. You may find yourself center of attention. Prepare, take care with manner of dress. Have special presentation at hand. Emphasize GLAMOUR.

SAGITTARIUS (Nov. 22 - Dec. 21): You may be shaken in some of pet beliefs. Eventually this proves beneficial. It is time for you to examine, probe. Shake off any tendency to be lethargic.

CAPRICORN (Dec. 22 - Jan. 19): Some friends today appear to live in a world of their own. Be patient! Don't cast first stone. If lenient . . . you acquire future benefits. Know this and feel secure.

AQUARIUS (Jan. 20 - Feb. 18): Attitude takes on paramount importance. If positive enough to see through smoke screen . . . you gain. Otherwise backward steps result. Realize this and be perceptive.

PISCES (Feb. 19 - Mar. 20): What is in future needs clarification. Means don't make long-range plans without proper verification. One you respect wants to exchange ideas. Be a willing listener.

★ ★ ★

IF THURSDAY IS YOUR BIRTHDAY . . . current cycle indicates greater recognition. Your ability to see both sides of an issue would make you excellent mediator, counselor.

★ ★ ★

GENERAL TENDENCIES: Cycle high for SCORPIO, SAGITTARIUS, CAPRICORN. Special word to LIBRA: Check valuables. Be thorough in approach.

T33 Jet Trainer Near Retirement

SELMA, Ala. (AP) — The last Air Force pilots to win their wings in the T33 jet trainer will be graduated at Craig Air Force Base near here Feb. 8.

Other Air Force training bases already have converted to the newer T38 jet trainer.

★ ★ ★

Since it was first used in 1949, more than 36,000 Air Force pilots have trained in the T33, the Air Force said.

Happy Birthday!

LAREDO, Tex. (AP) — The Feb. 16-19 George Washington birthday celebration in Laredo will have its usual list of dignitaries, including President Gustavo Diaz Ordaz of Mexico and Gov. John B. Connally of Texas.

Firemen Speed to Free 'Baby,' Rescue Puppy

BIRMINGHAM, Ala. (AP) — Firemen received a telephone call yesterday from a woman who said, "Little Baby's got her head stuck in a tire."

Firemen jumped aboard an engine and rushed to the scene.

★ ★ ★

There, they greased the ears of 10-month-old Little Baby, a small dog, and slipped her head out of the center rim of an automobile tire.

CALLED FIREMEN

Pat Hawkins, 22, had called the firemen.

"I guess I got excited," she said. "I said Little Baby had her head stuck in a tire. I forgot to say it was a puppy."

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U. S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see... we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading–not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

If you haven't learned the true meaning of "Super-Right" Quality–try it. Let the taste be the test. After all, it doesn't matter what the label or grade is. It's the EAT in the MEAT that counts.

The EAT in the MEAT is unconditionally guaranteed in "Super-Right" Beef. Either you agree that the "Super-Right" Beef you buy is as flavorful, as tender as you think it should be or you get your money back.

Is it any wonder with a quality guarantee like that, that "Super-Right" Beef is the choice of thousands?

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

RIVAL DEMONSTRATIONS — Two groups of demonstrators walk along opposite sides of Pennsylvania Avenue in front of the White House yesterday. Those nearest the mansion (across the street) protest U.S. involvement in the war in Vietnam. Those in the foreground support the U.S. war effort.

95 Pct. of Bombing Not in Hanoi Sector

WASHINGTON (AP) — Pentagon sources said today that better than 95 per cent of U.S. bombing raids on North Vietnam since April have been against targets outside a 20,000-square mile zone that includes Hanoi.

No figures were given, however, for an adjacent zone which includes territory near the capital city.

Responding to recent criticism about air raids near Hanoi, these sources provided figures showing that American planes have staged about 100,000 sorties — attacks by one plane against one target — since April.

The daily sortie rate over North Vietnam is kept secret to prevent the enemy from knowing how many U.S. aircraft are sent aloft on bombing missions. Military communiques from Saigon instead record the tempo of the air war in terms of missions, which usually mean three to five aircraft flying one or more sorties.

30,000 FLIGHTS

Since April, sources said, the United States has sent 30,000 flights — roughly one-third of its missions — to raid supply lines and storage areas hundreds of miles south of Hanoi.

Specifically, this is in what military planners refer to as "Route Package One," a roughly 4,000-square-mile area of North Vietnam just above the former demilitarized zone separating the two Vietnams.

★ ★ ★

By contrast, said sources, there have been only slightly more than 3,500 raids in that period on "Route Package Five," an area five times as large encompassing all of the city of Hanoi and northwest North Vietnam.

North Vietnam's leglike southerly extension is sliced up into four route packages numbered one through four in stairstep fashion — the fourth stopping short of Hanoi's southern city limits and along 21 degrees latitude.

NO FIGURE GIVEN

No figure was given for the number of sorties within that fourth zone, however — which includes the Van Dien truck park, a target placed at least temporarily off limits after controversy about civilian bombing casualties.

The northeastern territory of North Vietnam makes up Section Six, subdivided into 6A and 6B, the latter taking in the port city of Haiphong.

★ ★ ★

Only approved targets can be hit in the zones, and the greatest restrictions are levied on U.S. pilots operating around Hanoi, Haiphong and the Vietnam-China border, the sources said.

Without advance authorization, American planes cannot hit within a few miles of either city unless a surface-to-air missile site or antiaircraft battery in the area lies in the way of a successful air strike on an adjacent military target, sources said. It may be knocked out.

ALONG BORDER

In addition, they added, there is virtually no bombing along the Vietnam-China border. Military planners have established what is called an "Air Defense Identification Zone" along the border which U.S. planes are prohibited from penetrating, mainly to assure that there are no flights over Chinese territory.

The border zone is generally about 25 miles wide, although its depth varies from point to point.

★ ★ ★

Although there is about a 100-mile stretch of railway extending northeastward from Hanoi to China, only about 25 miles of rail lie outside the prohibited areas, sources said.

And along this rail line, used to carry military equipment and supplies into North Vietnam, Hanoi has concentrated more than 1,100 antiaircraft guns to ward off American planes.

★ ★ ★

These are among the more than 7,000 antiaircraft weapons spread around Hanoi and Haiphong.

U.P. Residents Ask More Time---to Decide on Time

WASHINGTON (UPI)—Northern Michigan residents need more time to decide how to set their clocks, Rep. Philip E. Ruppe, R-Mich., said yesterday.

★ ★ ★

In a letter to Chairman William Tucker of the Interstate Commerce Commission, Ruppe asked for a delay in strict enforcement of the uniform time act when that law becomes effective April 1. The state and interested parties need time to review the problem and determine what course to take, Ruppe said.

Effective April 1, standard time must be observed in each state. Clocks will be moved up to daylight time the last Sunday in April in all except those whose legislatures have voted to remain on standard time.

Ruppe said this would create chaos in Northern Michigan which until now has managed to observe the same time despite the fact that the Upper Peninsula is in the central time zone and the Lower Peninsula in the eastern zone.

Clocks in the Lower Peninsula have been kept on Eastern Standard Time throughout the year, and those in the Upper Peninsula — except in three counties adjoining Wisconsin — on Central Daylight Time.

TO PETITION

Residents of the area might decide to petition for a transfer of all but three Upper Peninsula counties to the eastern zone.

The ICC chairman is authorized by the Uniform Time Act to take into court those who fail to comply with the law's provisions.

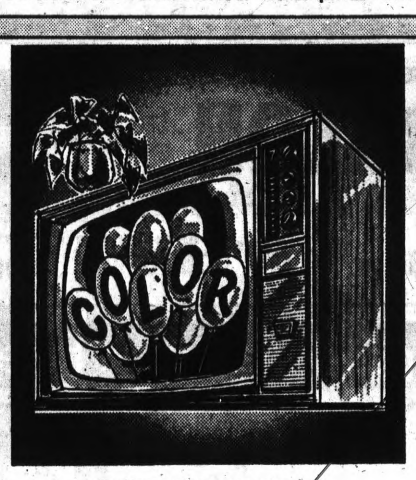

But even if Tucker should grant Ruppe's request not to do so immediately, the outlook still is uncertain since jurisdiction over the matter is scheduled to be shifted to the new Transportation Department sometime between March 1 and April 15.

Milford Victim of Captains, 86-44

Slow-Starting Kettering Romps to 9th Straight Win

Powerful Waterford Kettering crunched Milford last night, 86-44, for its ninth straight win without a loss and its second best scoring effort of the campaign.

The Captains had 11 players crack the scoring column as they impressively tried to confirm that they merit a slot among the state's top ten Class A prep quintets.

Currently, the Associated Press weekly poll has WKHS in the fifth spot, the highest rating in the school's history.

Milford, a Wayne-Oakland League member with a 3-7 record, made a game of it for the first 10 minutes. Kettering hadn't seen action for 11 days and showed the effects in the opening period.

The lead see-sawed in the first quarter. WKHS held a 12-11 edge at the period's end, then fell behind in the opening minute of the second session.

But the host Captains went into a pressing defense and sparked by Bob VonBargan's ball-hawking took the lead for good at 16-14 on a bucket by the senior guard.

BEST QUARTER

The Captains dominated the rest of the half, moving to a 41-19 halftime lead. They scored 31 points in the period, their best effort of the season, with Dave Cox tallying nine and Joe Raczyinski seven.

Although Milford's Don Hill hit 13 of his game-high 28 points in the third stanza, Kettering added to its lead. The difference was never less than 20 points in the final half.

Junior Pete Evans led Kettering's marksmanship with 17 points, 10 in the first half. Cox was close behind with 16 and both Jack McCloud and Raczyinski finished with 10.

★ ★ ★

Hill had 10 of the 14 Milford field goals and was the only Redskin in twin figures. The winners had a 33-14 field goal advantage. The 86 points are their best since the school record 91 against Oxford early last month.

★ ★ ★

Kettering will conclude the current gour-game home stand with a Tri-County League tilt against Lapeer Friday night. Milford will return home to meet West Bloomfield in W-O play.

Central Stays Atop SVC With Easy Triumph

Chiefs Collect 83-63 Verdict Over Flint 'S'

Prentice Hill Scores 32 Points; Saginaw Nips Flint Central

PRENTICE HILL
Scores 32 for Chiefs

Special to The Press

FLINT — If there was any doubt about Pontiac Central's role as a serious contender for the Saginaw Valley Conference cage crown, the Chiefs dispelled it Tuesday night.

PCH rolled past Flint Southwestern, 83-63, for its biggest victory ever in the perennially tight series with the Colts.

★ ★ ★

The win was the sixth straight for the Chiefs (9-2) and kept them atop the SVC race. Saginaw, a half game behind PCH, snapped Flint Central's six-game win skein with a come-from-behind 51-46 win in the Vehicle City.

PCH's victory last night was its second in a spell of three major hurdles in a 10-day period. It will invade dangerous Flint Central Friday night.

Coach Fred Zittel of the Chiefs was pleased with their home court surprise of Saginaw last weeek and he must've been nearly as well pleased last night.

Central now is 5-3 in its series with Flint SW but never had beaten the Colts by more than eight points previously.

Tuesday, Prentice Hill set a season high of 32 points and combined with newcomer Jewel Stephens to break open the game midway through the third quarter.

Down 42-27 at intermission (as Hill scored 18 points), the host Flint squad drew within 10 points at 57-47.

Walter Causey then hit a long jumper, Hill notched two free throws and a fast break layup, and Stephens — who just regained his eligibility — a long one-hander and a layup to make the spread 20 points and that's the way it finished.

PCH was more content to play for good shots and trailed Southwestern, 94-77, in field goal attempts but, nonetheless, had a 31-23 advantage in buckets.

The Chiefs made 40 per cent of their attempts led by Hill's 12 of 23 and Stephens' four for eight. The Colts effectively bottled up Alton Wilson, holding the hard-driving forward to 11 points (his lowest count in eight games).

Battle of Tape for Clay, Ernie

HOUSTON, Tex. (AP)—Cassius Clay and Ernie Terrell both planned sparring rounds in their workouts today for Monday night's championship showdown fight, and Sonny Liston will be a spectator at Terrell's gym session.

Liston, who lost his world championship to Clay in 1964, stood silently by Tuesday in the Astrodome ring while Clay and Terrell submitted to the Texas Boxing Commission's tape measure and scales in a preliminary physical exam and unofficial weigh-in.

Improving Highlanders Fall to Grand Rapids

Despite some hot shooting by John Olander and Bob Adsit, plus improved teamwork, Oakland Community College's Highland Lakes' quintet dropped a 106-95 verdict at Grand Rapids CC last night.

The Highlanders had cold spells at the start of each half or they might have exerted prolonged pressure on the host team, who topped them by 30 points in an earlier meeting.

Grand Rapids (14-7) jumped into a quick 23-point lead by hitting 14 of its first 16 shots while the visitors were having a bad time scoring.

Coach Lynn Reed resorted to a pressing defense and the Highlanders were down by 11 at the half. But the homesters ballooned the lead back to 25 points in the early portion of the final half.

Highland Lakes (4-9) continued to plug away and drew within five points with less than three minutes to play. But two key baskets by Grand Rapids then iced the contest.

Olander set an 18 for 32 pace from the floor for 39 points to lead all marksmen. Teammate Adsit hit 10 of 19 for 22 markers but they had little support.

The winners, meanwhile, had five players with at least 15 points led by Jim McClain's 24 and Jim Lawson's 21. This was the sixth straight loss for Highland Lakes, but Reed praised the over-all team effort by the smaller Highlanders.

Early Deficit Spells Defeat for Emmanuel

Emmanuel Christian played Warren Mott even for three quarters but the damage was already done after one period and the Lancers lost a 72-59 decision Tuesday night.

Mott jumped into a 21-10 lead as Jay Olind tallied five of his 12 field goals in the initial session. The winners upped their lead to 18 points in the second quarter but Emmanuel reduced the gap to 40-27 at the break.

The Lancers cut the edge to nine points twice, the last at 53-44, before Mott padded the margin again.

Len Loveless, playing his finest contest of the campaign, scored 10 points in the last quarter and boasted 17 at game's end. He lost scoring honors to Olind who hit 25.

Speed Record Still Aim

Fear Doesn't Stop Arfons

NEW YORK (AP) — Art Arfons, who has his sights set on breaking the world speed records on both land and water, doesn't pretend to be a nerveless, fearless hero.

"I am scared stiff every time I get behind a wheel at speeds over 500 miles an hour," the 40-year-old daredevil from Akron, Ohio, said today.

★ ★ ★

"Things are blowing up in front of you so that you can't see. You realize you are in a sensitive, fragile piece of machinery. You know you're just a second away from death.

"A man would be a fool not to feel a bit of fear under those conditions. Yet we keep on trying for greater speed — Heaven only knows why."

Arfons is in New York showing off his latest speed contraption — an elaborate collection of nuts and bolts and steel which he calls the "Green Monster Cyclops" and with which he hopes to crack the late Donald Campbell's water speed record of 276 m.p.h.

★ ★ ★

Campbell, speed demon son of the late Sir Malcolm Campbell, was killed Jan. 3 when his jet hydroplane boat, Bluebird, disintegrated on England's Lake Coniston while racing at 200 miles per hour.

SAME GOAL

"Campbell was shooting for the 300 mark — and that's my aim with this craft," said Arfons, pointing to the snub-nosed creation which looks half auto and half motor boat. It is equipped with front wheel tires.

"These tires will help cushion the shock in case we leave the water," Arfons said.

★ ★ ★

Arfons miraculously escaped death last November on the Bonneville Salt Flats of Utah, when his car, the "Green Monster," swerved and rolled over several times after coming out of the measured mile at 589.597 m.p.h. He got out with a fractured cheek bone, multiple bruises and scratches.

★ ★ ★

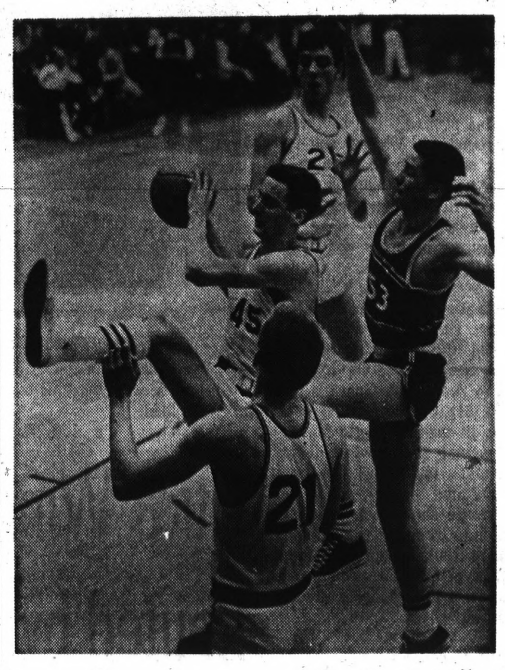

"It really jarred me when I read of Campbell's death. I had just finished my 'Green Monster Cyclops.' My wife said, 'Let's go out and burn it up right away.'"

★ ★ ★

Before he died, Campbell said he planned to build a car that would travel 840 m.p.h. — faster than the speed of sound.

Arfons, with a new car powered by a J-79 jet engine, has similar ideas, but he's not taking too many chances.

"I'll try it. But I'll send the car out first — unmanned. If it disintegrates in the air, I don't intend to be in it."

Pontiac Press Photo

A BIG KICK — Kettering's Dave Cox (45) gives with a kick in an effort to retain his balance after hauling in a first-half rebound against Milford last night. Cox's teammates are Bob VonBargan (21) and Joe Raczyinski (25). Milford's Doug Phillips (53) lost out on the play. Kettering won, 86-44.

Pontiac Press Photo

HOT NIGHT — Forward Bob Adsit, a graduate of Waterford Township High, hit on 10 of 19 shots at the basket last night and finished with 22 points for the Highland Lakes squad of Oakland Community College. Adsit's performance came in a losing cause, however, as the Highlanders fell to Grand Rapids CC, 106-95.

Real Cool Meet at W. Michigan

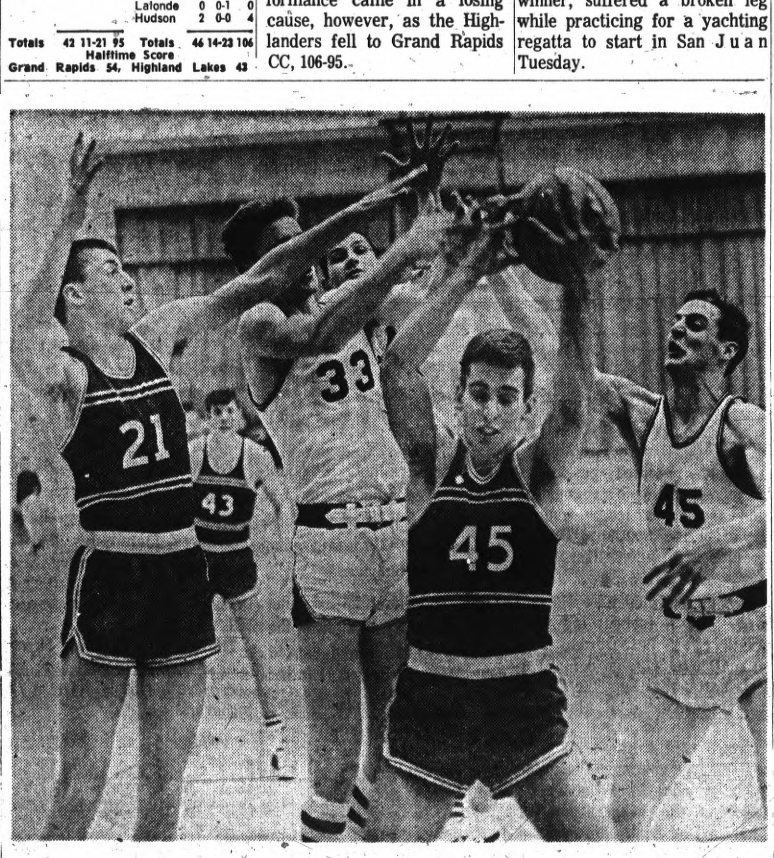

KALAMAZOO (AP)—One record will certainly be broken at the Western Michigan Invitational indoor track meet Friday night. It will be the coldest indoor track meet in history.

★ ★ ★

The snow that swamped Kalamazoo over the weekend tore away part of the university's fieldhouse. Despite the unwanted airconditioning, the track meet, like the mail, will go on. But it promises to be a cold night for the athletes.

Docked by Leg Injury

SAN JUAN, P.R. (AP) — Paul Elvstrom, Denmark's four-time Olympic gold medal winner, suffered a broken leg while practicing for a yachting regatta to start in San Juan Tuesday.

Pontiac Press Photo by Ed Vanderwerp

HANDS UP — Five players get a hand in the action on this scramble for a loose ball in the first half of the Kettering-Milford game last night. Milford players making a grab for the ball are Bob Clinard (21), Jim Kaspar (45) and Mark Giegler (rear). Kettering players are Jack McCloud (33) and Dave Cox (45). In background is Milford's Don Hill (43).

Holly Defeated by Flint Team

Cold First Half Brings Broncos Sixth Loss

A cold first half sent Holly reeling to its sixth defeat of the season last night.

★ ★ ★

Hitting on only one field goal in the first quarter, Holly fell behind 36-22 at halftime and failed in an effort at catch-up in dropping a 76-70 decision to Flint Holy Redeemer.

Holly (5-6) outscored the winners in the second half, 48-40, but the effort fell six points shy.

Center Greg Averyhardt paced the Holly attack with 24 points and 22 rebounds. Teammate Mike Beelby contributed 16 points.

Waterford Pulls Upset

Brother Rice Rolls; Shrine Falls, 70-67

Birmingham Brother Rice and Royal Oak Shrine continue to seek Detroit Catholic League playoff berths following the resumption of hoop activity last night.

★ ★ ★

The First Division eliminations don't begin until Feb. 12 at the University of Detroit Memorial Building and neither team will know if it has gained a berth as a runner-up in its respective circuit until later this week.

★ ★ ★

Brother Rice kept its hopes alive with a 61-57 verdict over University of Detroit high school as Lee Juett hit nine points in the last quarter and five of six charity tosses in the final minutes.

Shrine was upset, 70-67, at Bishop Gallagher and now must beat Divine Child Saturday night to clinch the Double-A circuit's runner-up slot.

Brother Rice will play Notre Dame Friday night for second place in the Central Division and another crack at highly rated Catholic Central in the playoffs.

★ ★ ★

U. of D.'s quintet trailed throughout against Brother Rice (9-2) but crept within three points before Juett's foul shooting iced the decision. He finished with 19 points. Teammates Lee Hart (14) and Tom Schearer (10) also were in twin figures.

John Kauton scored 24 and Mark Yankley 23 to pace Bishop Gallagher's upset victory. The score was tied at 67 when Shrine failed on a field goal attempt.

Yankley then connected for the winners with 25 seconds to play and he notched a free throw to clinch the win with five seconds to play.

★ ★ ★

Shrine (8-3) was paced by Mickey Brzezinski's 15 and Paul Seymour's 14. The Knights had a 27-22 edge from the field.

Holy Cross Routs Rams

Marine City Holy Cross ran up a record score last night in routing St. Frederick, 116-68, in a Macomb Parochial League game.

It was the worst setback in St. Frederick's history, and left the team with a 7-5 mark in league play. The win upped Holy Cross to 7-4.

Fred Goodell tossed in 36 points and teammate John Dietlin added 33 to spark the winners. Sam Brady tossed in 24 for St. Fred.

Skippers Post 69-64 Decision

Mount Clemens Five Loses Return Match

The Skippers of Waterford apparently learn their lessons well and that could mean trouble for Inter-Lakes League pace-setter Farmington Friday night.

WTHS upset Eastern Michigan League leader Mount Clemens, 69-64, Tuesday night with a sparkling team effort that avenged an early defeat and upped its season record to 6-4.

The win was the Skippers' third straight and their second success at home in three games.

In the previous loss at Mount Clemens, the Battlin' Bathers opened a big first-half lead and kept the Township team at bay for a 71-60 victory.

Last night, Waterford stayed close in the first half and then spurted ahead in the third quarter as coach Bob Taylor made maximum use of substitutes Ron Stafford and Bill Foley.

CONTRIBUTES

Guard Stafford entered and used his driving ability to ignite the offense. Foley, a 6-2 sophomore, provided the backboard strength, particularly in the final period when the visitors (7-2) made a strong bid to overtake WTHS.

But three technical fouls against the Mount Clemens bench gave Waterford three cushioning points on free throws, plus ball possession.

The losers, after displaying a balanced offense in the first half and taking a 35-31 intermission lead, had their attack dominated by Dave Roberts and Dan Madigan in the final half and fell behind by as much as eight points in the late going.

Coach Taylor of the winners also praised the rebounding of Paul Thomas. The second-half scrap of Thomas and Foley under the defensive backboard was a vital factor in the win.

Mickey Mantle to Give First Base a Whirl

Yank Slugger Signs Again for $100,000

Veteran Star Looks to Possible Final Season as Player

NEW YORK (AP) — Mickey Mantle will give first base a whirl at $100,000 a year in a desperate attempt to revive the fortunes of the New York Yankees.

This probably will be the last go-round for Mickey who is 35 and soon will be starting his 17th year as a Yankee. Unless the switch brings new life to Mickey's battered legs and knees, he probably will hang it up after the season.

★ ★ ★

Mantle would like to hit 500 home runs (he has 496). He would like to play more games than any Yankee (he has 51 to go to reach Lou Gehrig's mark of 2,164). He also would like to play in another World Series, a happening that would call for a dramatic last-to-first flip-flop by the Yanks.

Mantle showed up at Yankee Stadium Tuesday with manager Ralph Houk to sign his fifth consecutive $100,000 contract. He admitted this probably would be his last.

★ ★ ★

"If I should have a real good year and we do good, I think it (moving to first base) could add to my career," he said. "I'll just have to wait and see how it turns out before we talk about the future."

GROUND BALLS

Mickey never has played first base, although he has a passing acquaintance with ground balls from his early days as a shortstop. He expects to go down to camp at Fort Lauderdale, Fla. about Feb. 15 to get ready for the big switch.

"Maybe Mickey can play the kind of first base that does not call for him to make so many moves," said Houk. "I have in mind a shallow first base, not deep like Joe Pepitone. In that way maybe he won't have to run and stop so many times."

★ ★ ★

Mantle is dubious about the shift but is willing to try.

"The hardest thing to learn will be where to throw the ball on cutoffs," said Mantle. "I never even thought about it before. There can't be that much difference in the glove.

"I'd like to do it good. I don't want to be bad so that people will start to yell at me. If it gets that bad, we'll know what to do. I've seen a lot of guys play first base. I think I can do as good a job as some of them."

★ ★ ★

Houk thinks the shift from the outfield where Mickey has to make long runs will prove less strain on Mantle's legs. He admits he doesn't know how the legs will react to the quick stops and starts of first base play.

Pontiac Press Photo

SPARKS UTICA — Gerry Lane produced 22 points last night in sparking Utica to a 62-49 victory over Lakeview, a win that boosted the Chieftains into a share of the Bi-County League lead.

Utica Wins; Avondale Routed by O-A Leader

Utica claimed a share of first place in the Bi-County League basketball race Tuesday while Avondale's Oakland A League fortunes sunk lower.

Utica gained revenge and walloped Lakeview, 62-49, after having a 61-35 lead with 2:05 to play. Both teams are now 6-2 in the race.

Warren Fitzgerald heading the league with a 10-0 mark, stayed unbeaten and trimmed Avondale, 68-28, as the Yellow Jackets played without Lee Saunders and Bob Burt, their two leading performers.

In the Southeast Michigan Association, Royal Oak Kimball upset Southfield, 74-68, as Ed Stafford ripped the cords for 35 points. Glen Lenhoff hit 24 for Southfield.

Berkley upended Oak Park, 61-50, and East Detroit spilled Ferndale, 63-56.

Utica was a 59-53 loser at Lakeview earlier but took control early last night. It was 38-24, at the intermission.

Gerry Lane scored eight points and Jim Jilek seven in the 22-11 decisive second quarter. Lane ended the game with 22 and Jilek 15. Bob Marzonie's 18 rebounds for the winners also were a key to their success.

The game matched the Bi-County circuit's top defensive unit and the top offensive unit. The Chieftains limited high-scoring Lakeview to 49 points — their own average.

The second quarter also decided the Avondale-Fitzgerald game. The man-power shy visitors managed to keep within five points of Fitz in the opening quarter, then slipped back as the Spartans produced a balanced attack.

Don Billy, John Pahoski and Dave Dubowski made 19 of Fitz's 21 points in the second quarter while Avondale was held to just four markers in the same span.

Fitzgerald produced a 28-12 field goal edge while hitting nearly 50 per cent of its attempts. Its 6-3 center Dubowski nabbed 11 rebounds.

Imlay's Spartans Trip Millington at Charity Line

Sharp free throw shooting by Imlay City's reserve players protected a 67-59 win over Millington in a South Central loop clash Tuesday night.

The Spartans built their winning margin in the opening half, then held off Millington with an eight-for-eight clutch effort at the charity stripe by four substitutes in the final few minutes.

Personal fouls had deleted the Imlay starting crew. Then Larry Hourtienne grew warm with 12 of his 19 markers in the fourth session for the Cardinals. He brought the losers within four points several times.

Imlay was outshot, 23-21, from the field but had a 25-13 margin at the foul stripe.

Pontiac Press Photo

ON THE ATTACK — Milford's Don Hill (43) flips a pass over the head of Kettering's Bob VonBargan as he and the Redskins maneuver near the basket in first-half action on the Kettering floor last night. Hill collected 28 points in an 86-44 loss.

Record Falls as PCH Wins

Pontiac Central swimmers set a varsity and pool record in the 400-yard freestyle relay last night in downing Flint Southwestern.

★ ★ ★

Checking in with the new mark of 3:37.4 in the freestyle were John Mason, Larry Froede, Tom Pepper and Jeff Bisanz.

Ken Osler turned in a pair of firsts for PCH, winning the 200-yard freestyle in 2:07.6 and the 400-freestyle in 4:43.6.

Rides Three Winners

MIAMI, Fla. (AP) — Jorge Velasquez rode three winners at Hialeah race track Tuesday.

Pistons Lose, 108-106 on Steal by Warriors

NEW YORK (AP) — Dave Bing, Detroit's senational rookie, was the goat Tuesday night as the Pistons lost another National Basketball Association game.

The Pistons fell before Western Division leader San Francisco 108-106 in the first game of a doubleheader at Madison Square Garden. The New York Knicks bombed the St. Louis Hawks 139-120 in the nightcap. They were the only NBA games Tuesday night.

★ ★ ★

Bing, who has been averaging more than 18 points a game in his first NBA season, lost the ball at midcourt with 20 seconds to play and Detroit leading 106-105.

Warrior guard Paul Neumann knocked the ball from Bing's hands and fired a pass to Jeff Mullins who drove in for an easy layup, giving San Francisco a 107-106 lead.

HE MISSED

Detroit tried for a final shot in the waning seconds. Bing took it and missed. Mullins was fouled on the play and sank a free throw for the final point of the game.

Dave DeBusschere topped Detroit with 29 points. John Tresvant added 25 and Bing 23.

★ ★ ★

Detroit held San Francisco's Rick Barry, the league's leading scorer, to 21 points. But Nate Thurmond had 23 for the Warriors and Mullins wound up with 21. Wayne Hightower, whom Detroit obtained from Baltimore in a cash deal Monday, scored four points.

DETROIT	G	F	T	SAN FRANCISCO	G	F	T
Bing	11	1-1	23	Attles	1	2-3	4
DeBscre	14	1-3	29	Barry	8	5-6	21
Strawder	2	0-1	4	Meschery	8	2-6	18
Tresvant	9	7-8	25	Neuman	7	4-6	18

Detroit	30	23	31	22—106
San Francisco	25	34	26	23—108

Fouled out—Detroit, Strawder, Tresvant.

Total fouls—Detroit 27, San Francisco 16.

AP Wirephoto

MISSING THE MARK — Detroit Pistons' rookie Dave Bing (21) turns loose a shot that missed its mark in third-quarter action against the San Francisco Warriors in New York last night. Failing to stop Bing's shot is Paul Neumann. Other players (from left) are John Tresvant of Detroit, along with Clyde Lee (43) and Tom Meschery of the Warriors. Bing scored 23 points but the Pistons lost, 108-106.

Hope Classic Has Big Field Ready to Go

PALM SPRINGS, Calif. (AP) — A legion of golfers — 128 professionals and 384 flailing amateurs — begin assault on five courses today in the five-day, 90-hole Bob Hope Desert Classic marathon.

Incentive for the professionals is a Hope chest of $110,000. The money, according to the PGA, is listed as unofficial but as 1965 winner Bill Casper observed: "It'll spend."

★ ★ ★

The PGA lists tournaments as unofficial when professionals play with amateurs or the field is limited by invitation.

Leading what is probably the bulkiest field in golf is Arnold Palmer, winner by five strokes last Sunday in the $100,000 Los Angeles Open. Arnie played well in Los Angeles, finishing 15 under par for the 72 holes and is installed here as the pre-race favorite.

LOST PLAYOFF

Palmer won this tournament in 1960 and 1962, but lost to Doug Sanders last year in a playoff.

Casper, the U.S. Open titlist, and Masters champion Jack Nicklaus, who won the Bing Crosby party two weeks ago, are on hand to complete golf's Big Three in action. Gary Player doesn't plan to play in U.S. tournaments until later in the tour.

Northern Michigan Posts Easy Triumph

HOUGHTON (AP) — Dominic Jacobetti scored 23 points pacing Northern Michigan to a 90-78 basketball victory over Michigan Tech Tuesday night.

David Kovack added 22 points for Northern Michigan, which chalked up its sixth straight triumph and first road victory of the season.

Northern led 42-33 at halftime.

Tech's top scorer was Ted Wittig with 32 points, the most in his career and the most by any Tech player this season.

Tennessee Likes Home Court

Vols Seeking 30th Straight in Own Gym

KNOXVILLE, Tenn. (AP) — How much advantage is the home floor in a college basketball game?

Tennessee Coach Ray Mears should qualify as an expert on the subject. His team has won 19 consecutive games on its home court.

★ ★ ★

The streak dates back to a 53-50 loss to Vanderbilt in early December, 1965, and includes perhaps the biggest upset of the 1965-66 season — a 69-62 victory over Kentucky.

Coach Adolph Rupp's Wildcats came to town last year boasting a 25-game winning streak and were ranked No. 1 in the country.

SHARES LEAD

Tennessee, which shares the Southeastern Conference lead with Vanderbilt at eight victories and one loss, goes after its 20th in a row at home tonight against Georgia Tech.

The honeymoon apparently is over for Texas Christian in the Southwest Conference.

The Horned Frogs from Fort Worth had been the surprise leader in the SWC college basketball race at 4-0 despite an over-all 6-8 record.

★ ★ ★

That is until Tuesday night at Dallas. Southern Methodist edged out an 89-88 home court victory and toppled TCU out of first place. The Mustangs, now 12-4 and the preseason choice to win the SWC, took over the No. 1 spot themselves with 5-1 league mark to TCU's 4-1.

Lynn Phillips, with 25 points, and several vital steals by Charley Beasley, paced SMU. The score was tied at 83-83 with 1:59 left on the clock before SMU took the lead for good on Denny Holman's free throw.

Phillips added two more free throws and Bob Voight's basket made it 88-83 before TCU cut it to 88-86.

WINNING POINT

Phillips then sank what proved to be the winning point from the foul line with five seconds left. That made Micky McCarty's last second basket for the Frogs meaningless.

Army won its sixth straight, defeating Fordham 61-59 in New York on two free throws by John Mikula after time had run out.

Once-beaten Boston College made it five in a row and 11-1 over-all with a 90-75 victory over Seton Hall at South Orange, N.J. despite 34 points by the losers' Bill Somerset.

★ ★ ★

In other road triumphs, St. Peters of New Jersey won its eighth straight and upped its season mark to 13-1 by defeating Hofstra 91-87, Memphis State beat Jacksonville 63-58 in overtime, Fairfield downed Fairleigh Dickinson 75-67 and sixth-ranked Houston overwhelmed Nevada Southern 103-83. Houston was the only team in the Associated Press Top Ten to see action.

EDDIE TOLAN

Ex-Gold Medal Winner Dead

Eddie Tolan Stricken at Age of 57

DETROIT (AP) — When little Eddie Tolan's stubby legs carried him to double gold medal upset victories in the 1932 Olympics, he became the first Negro to be hailed as the fastest man alive.

★ ★ ★

Tolan, who electrified the track world with those victories, died Tuesday from an apparent heart attack. He was 57.

★ ★ ★

Only 5-foot-4, Tolan was dubbed the Midnight Express when he ran track at the University of Michigan. He was graduated in 1931.

Tolan's success in the Big Ten Conference, where he set world marks of 9.5 seconds in the 100-yard dash and 10.4 in the 100-meter dash, prompted him to try out for the U.S. Olympic team in 1932.

★ ★ ★

He made the team, and he won the 100 and 200-meter dash events over favorites Ralph Metcalfe of Marquette and George Simpson of Ohio State.

OU Swimmers in 64-30 Win

Flint Junior College Victim of Pioneers

Oakland University's swimmers prepped for tonight's trip to Albion with a 64-30 spree against Flint Junior College Tuesday night.

★ ★ ★

The Pioneers gained their third straight dual meet win by capturing eight first places, including a pool record 2:16.2 timing in the 200-yard backstroke by their Jim Shirilla.

Flint's Tom Austin also set a new standard for the Oakland pool with a 2:15.5 effort in the 200-yard butterfly.

Shirilla also was on the winning 400-yard medley relay unit, Tom Davies won the 200-yard and 500-yard freestyle races and Rick Krogsrud took the 200-yard individual medley and was on the winning 400 freestyle relay unit.

Oakland is now 4-3.

Oakland U. 64, Flint JC 30

400 Medley Relay — Oakland (Shirilla, M. Mellen, Foxlee, Johnson), time 4:21.8

200 Freestyle — Tom Davies (OU), Wilkins (F), Banes (OU), 2:08

In Thumb Race

Almont Holds Second

Almont regained possession of second place but couldn't gain ground on league-leading Capac in the Southern Thumb circuit's two contests last night.

★ ★ ★

Almont trimmed New Haven, 80-50, with a fast-moving two-period effort but Dryden was no match for Capac and lost a 64-36 battle that kept the Chiefs two games ahead of Almont.

★ ★ ★

Brown City suffered an 85-65 thumping at unbeaten Peck (11-0) in a nonleague encounter. Three of the winners had 20 points led by Dick Molesworth's 28, while Arden Fisher hit 25 for Brown City.

POINT SPREE

Almont hit 29 points in the second quarter and 24 in the third after trailing, 18-16, following the opening session. The scoring spree boosted the Raiders into a 69-42 margin going into the last quarter.

Bob Hamilton tallied nine and Dick McEwan eight in the winners' 29-9 second period rout. McEwan added 11 in the next quarter and finished with 22 to lead all shooters.

Cliff Leitz notched 20 points and three teammates had 10 each in Capac's triumph. After staying close to the invaders in th first eight minutes, Dryden fell back.

The losers only made 25 per cent of their field goal attempts and were seriously hurt by 24 turnovers.

PROPER BILLIARDS

by Jim Lidey

In this last of the 24-part series on the fundamentals of playing pocket billiards, it seems appropriate to review what has been written.

After all, the game is becoming one of the most popular participation sports, both at home and in modern cue centers.

Some of the things that will help you improve your game are balancing the cue, using a bridge, perfecting a light stroke, obtaining your own cue, visualizing where to hit the ball, and using a proper stance.

Also, advice was given on shooting off the cushion, practicing the basic shots, avoiding careless habits, shooting from angles, apply English and breaking racked balls.

It was brought out that the player should use chalk and the right cue tips, how to bank balls and how to deal with the powder problem. I hope these tips have been and will be helpful. Remember, it's a fine game for relaxation.

Top Valley Contender Next for PCH Matmen

Pontiac Central's wrestlers, fresh from a 30-16 triumph over Waterford last night, now set their sights on Flint Central, leading contender for the Saginaw Valley Conference title.

The Chiefs entertain the Flint squad tomorrow night.

Central won eight of 12 matches in downing Waterford and running its record to 7-2.

N.Z. Bryant (112), Earl Polk (138) and Charles Mason (heavyweight) posted pins for the Chiefs. Jim Way (95) and Joe Alsup (133) turned in pins for Waterford.

In other matches, Cranbrook (6-3) downed Detroit Country Day (5-3), 29-20; Birmingham Seaholm (7-1) trimmed Lake Orion (4-4), 29-19; and Farmington (1-7) downed North Farmington (4-5), 26-14.

Pontiac Central 30, Waterford 16

95 — Way (W) pinned Thomas, :41; 103 — Seay (PC) dec Eldon Johnson, 13-10; 112 — Bryant (PC) pinned Mark Johnson, 2:16; 120 — Lewis (W) dec Arnold, 4-0; 127 — Craft (PC) dec Himmelspach, 16-5; 133 — Joe Alsup (W) pinned Sutherland, 5:35; 138 — Polk (PC) pinned Temple, 2:23; 145 — R. 95 pounds — Dan Straub (LO) pinned Hughes, 4:30; 103 — Kevin Wilson (BS) pinned Fields, 2:30; 112 — Chris Shell (LO) pinned Meeske, 3:00; 120 — John Cameron (BS) pinned Hall, 3:05; 127 — Rick Bardsley (BS) dec Frisch, 6-0; 133 — Scott McEvoy (BS) dec Fons, 4-1; 138 — Bob Leffler (BS) dec Leach, 6-0; 145 — Bob Fox (BS) pinned Kelts, 3:45; 154 — Dave Mellendorf (LO) dec Jefferson, 2-0; 165 — Shelby Largent (LO) dec Shy, 10-6; 180 — Dave Largent (LO) dec Monteith, 7-0; and heavyweight — Mike Hermoyian (BS) pinned Fritz, 5:08.

CMU Whips Wayne State

DETROIT (AP) — Central Michigan jumped to a 25-2 lead in the first 10 minutes and rolled to an 88-45 basketball victory over Wayne State Tuesday night.

Central concentrated on a pressing defense throughout the game. Dave Outwin was high scorer for the Chippewas with 12 points. Top Tartars scorer was Dave Tischler with nine points.

Central boasts a 12-2 record. Wayne is 4-10.

Davenport Loses to Penta Tech

PERRYSBURG, Ohio (AP) — Penta Tech overcame a 48-42 halftime deficit and defeated Davenport Institute 94-78 in basketball Tuesday night.

Morry Kocher helped boost Penta's basketball record to 11-5 with a 28-point effort. Jim Penix added 19.

Pulls Surprise in City Loop Cage Contest

Town & Country broke into the win column last night in city International League recreation basketball by surprising Lee's Lawn and Garden, 64-55.

★ ★ ★

In a second I-L game, Country Chef ran its record to 3-2 with a 67-57 victory over Orchard Lanes (1-4).

★ ★ ★

Down 19-13 after the first period, Town & Country (1-5) tallied 18 markers in the second period to take a 31-28 lead at halftime. The winners added to the margin with a 13-9 edge in the third frame.

★ ★ ★

Leading the balanced T & C attack were Clark Hall and Ed DeRoeck with 18 points apiece. Boyd Daniels grabbed scoring honors with 24 for the losers.

★ ★ ★

Earl McKee flipped 28 points through the hoop to pace the Country Chef attack while teammate Dan Gillen contributed 14. Jim Skinner scored 20 for the losers.

Ryun in MSU Meet

EAST LANSING (AP) — Jim Ryun, 19-year-old world record holder in the mile and half-mile, and more than 400 other athletes have decided to race in the 44th Michigan State Relays Feb. 11.

Snow Skulkers Prowl French Hills

ALPE D'HUEZ, France (UPI) —Groups of men dressed in all manner of weird gear crept from hotels and sneaked through the darkness early today to a slope on the Grandes Rousses Massif near the Poutran Pass.

Lights beckoned them to a couple of buildings high up in the snow where freed from the noise restrictions which prevented them from waking the resort town of Alpe D'Huez, they revealed themselves as bobsledders getting ready to hold their first practice sessions for the 33rd world championships starting this weekend.

★ ★ ★

Like kids with new toys on Christmas Day, they shouted and greeted each other with whoops while they manhandled their sleds into readiness for their mile-a-minute runs down the 1,500-meter chute with its 140-meter drop.

It was the end of a frustrating, five-day loaf on this high-priced winter playground where continuous warm sunshine had rendered the run unfit for use.

But two sharp successive overnight dips in temperature enabled repairs to be made.

Britain's Tony Nash, winner of the 1964 Olympic two-man title with Robin Dixon, said, "the boys just think it's swell to be going at last. Continued idleness was frustrating to one and all."

★ ★ ★

Training, normally, would have been held at the same time as the championship events, in this case at night. But the organizers were so anxious to get them going at the first opportunity, they picked early morning.

★ ★ ★

Workouts today through Friday will be for two-man sleds. Competition for the two-man bobs will be on Saturday and Sunday, two runs on each day. The big four-man sleds then commence training through Feb. 9 with competition on Feb. 11 and 12.

★ ★ ★

Contenders are Britain, Germany, United States, Canada, Italy, Austria, Sweden, France, Switzerland, Romania, Japan and Czechoslovakia.

NEW DUCK STAMP—This drawing of a pair of old squaw ducks resting on an ice floe was announced as the winning design of the 1967-68 Federal Duck Stamp. The Interior Department announced that it is the work of Leslie C. Kouba of Minneapolis. The stamp will go on sale July 1.

No Roads, Lumbering or Hunting

Isle Royal Wilderness Area Plan Supported

HOUGHTON (AP)—The powerful Michigan United Conservation Club and the National Wilderness Society Tuesday swung their weight behind dedication of most of Isle Royale as a national wilderness area.

The Department of Interior's National Park Service conducted a day-long hearing at Houghton on a proposal to keep 90 per cent of the remote island in Lake Superior a natural wilderness.

★ ★ ★

Access would be by trails rather than roads. Hunting, grazing, mining and timber harvesting would be forbidden under the proposal.

The 45-mile long island has a unique pack of about 20 timber wolves and a moose herd of some 600 animals. It now attracts about 10,000 visitors a year.

Others flying in a chartered plane from Detroit to testify in favor of the proposal were representatives of the National Parks Association, Michigan Parks Association, Michigan Audubon Society, and the United Auto Workers Union. The State Conservation Department also has gone on record in favor of the wilderness area.

Howard Raimer of Grand Rapids, field representative of the MUCC which represents some 6,000 outdoorsmen, said the federal plans would be "a definite contribution to the preservation of wilderness areas for future generations."

Raimer said he believes federal plans have adequate provisions to handle any increased number of visitors.

"Destruction of values such as are found on Isle Royale would be an irreplaceable loss," the MUCC spokesman said.

★ ★ ★

Isle Royale is one of the most important wilderness areas in the Midwest, declared M. Rupert Cutler, associate executive director of the 36,000-member Wilderness Society.

★ ★ ★

Pressures for roads, motorboat use of inland waters and other tourist-attracting developments are serious threats to the island, Cutler said.

Cutler also said the Wilderness Society questioned some of the Park Service proposals for the island — such as building more housekeeping units, restaurants, gift shops, visitor centers, boat and sea plane docks, and doubling the present number of developed camp sites.

PARKWAYS

The society also opposed any future trail-building, saying present trails resemble "broad parkways rather than foot paths through the wilderness."

★ ★ ★

Both the society and the MUCC also called for inclusion of nearby 182-acre Passage Island in the wilderness area.

★ ★ ★

Rep. Russell Hellman, D-Dollar Bay, had told federal officials people should not be forgotten in the efforts to protect the wilderness.

★ ★ ★

Hellman, who offered written testimony saying he was unable to attend because of legislative duties, had some reservations.

★ ★ ★

"I caution you not to make Isle Royale a green, beautiful unused desert by prohibiting its use to such an extent that it becomes unusable," Hellman said.

★ ★ ★

This seems to be the current trend of federal planning, he said, citing restricted use of Pictured Rocks, Sleeping Bear Dunes, Isle Royale, Wolf River and National Park Lands.

★ ★ ★

"It is unfair and prejudiced to ask the people of the Upper Peninsula to hold their lands in abeyance, practically tax free, while the rest of the nation and the state enjoy prosperous activities in manufacturing, business, agriculture and Coney Island type tourist profits," he said.

★ ★ ★

If the people of the Upper Peninsula are expected to maintain untouched and unspoiled lands, Hellman said, they "should be compensated for the taxes and profits which they are required to sacrifice upon the wilderness altar."

FISHERMAN'S CALENDAR FOR FEB.-JUNE '67

FEB. 1

Sturgeon spearing season begins on inland waters.

Special winter season on rainbow and brown trout continues on Great Lakes and connecting waters and about 300 designated inland lakes.

FEB. 15

Muskellunge fishing closes on Lake St. Clair and the St. Clair and Detroit rivers.

FEB. 28

End of all spearing through the ice and winter fishing for rainbow and brown trout. Last day for muskellunge and northern pike fishing on non-trout streams and inland lakes. Close of kokanee salmon season in Higgins Lake, Rosecommon County, and Torch Lake, Antrim County.

MARCH 4

Saginaw Bay goes off limits to fishing for muskellunge, northern pike, and walleyes.

MARCH 15

Finale for walleye fishing in non-trout streams and inland lakes.

MARCH 31

Lakes Huron, Michigan and Superior close to fishing for muskellunge, northern pike, and walleyes.

APRIL 1

Early opener for rainbow and brown trout fishing on Great Lakes and connecting waters and designated inland streams. Coho salmon fishing begins on Great Lakes. Start of archery and spearing season on certain rough fish in designated Lower Peninsula streams.

APRIL 11

Saginaw Bay opens to fishing for muskellunge, northern pike, and walleyes.

APRIL 29

General trout opener in all waters with splake included as legal catches. Legal action also resumes on lake trout, northern pike, and walleyes in trout lakes and trout streams. Non-trout streams and inland lakes also open to

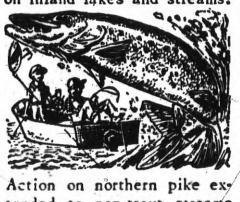

walleye fishing. Kokanee join catch list in Higgins and Torch lakes.

MAY 1

Start of archery and spearing season on certain rough fish in designated Upper Peninsula waters.

MAY 15

Muskellunge fishing begins on inland lakes and streams.

Action on northern pike extended to non-trout streams and inland lakes.

MAY 21

Lakes Huron, Michigan Superior re-open to fishing for muskellunge, northern pike, and walleyes.

MAY 31

Archery-spearing season on rough fish closes in certain streams throughout state.

JUNE 1

Black bass opener in all waters except Lake St. Clair and the St. Clair and Detroit rivers.

JUNE 3

Muskellunge become legal catches in Lake St. Clair and the St. Clair and Detroit rivers.

JUNE 17

Black bass season extended to Lake St. Clair and the St. Clair and Detroit rivers.

Weather Nightmare for Anglers

The last 10 days have been a nightmare for ice fishermen.

First, unusually warm weather made access to lakes almost impossible and sent over 1,000 shanties through the ice in Southeastern Michigan and the central Thumb.

Second, the big snow covered the already weak ice making it generally unsafe for anglers because the bad spots were not visible.

The downed shanties will have to be recovered or the owners will be cited by conservation officers. If found guilty the owners not only will have to pay a fine, but they still will be required to remove the shanties.

Rabbit and fox hunters stayed home Sunday even though many side roads were passable. The snow was too deep for walking without snowshoes.

Fred Baucom of Lapeer had an experience that several other dog owners probably faced during the weekend.

He had to dig the dogs "in" instead of "out."

TOO DEEP

"The snow was drifted so deep in the pen that the dogs could just about step over the fence," he said.

This report from the Conservation Department's Imlay City district office just about sums up the situation:

"Due to heavy snow . . . roads are impassable and lakes inaccessible. Fishing and hunting . . . both at a standstill . . . shanties are down by the hundreds and efforts should be made to retrieve them as soon as conditions permit."

Joins Lands Section

Barrie E. Lightfoot, area forester for Betsie River State Forest in northwestern Lower Michigan, this week joined the Conservation Department's Lands Division in Lansing.

AP Wirephoto

SHOTGUNS AND TSCHAIKOWSKY—Seventeen-year-old Miss Judith Warden, women's world skeet shooting champion, takes aim for her role in a performance of the "1812 Overture" with the St. Louis Symphony. Judith, William Kelly (center), and her father, John Warden, use their shotguns to simulate cannon-fire during the performance.

Storm Warnings for U.P. Deer Herd

Although winter temporarily loosened its bitter-cold grip this week, storm warnings remain out for yarding deer in Northern Michigan, particularly in the Upper Peninsula.

★ ★ ★

The mild break in the weather caused some settling of snow in the upper region. However, this temporary turn for the better offered no real relief for whitetails which are yarded throughout the Upper Peninsula and restricted to heavy cover in nearly all areas.

Latest Conservation Department field reports indicate that conditions above the Straits are reminiscent of the very hard winter of 1962 which took a heavy toll of deer.

In all areas of the Upper Peninsula, the winter picture for deer is described as "severe" for this stage of the season.

Keeping the animals socked in sheltered wintering places are snow depths which range from a high of 2.7 feet at Toivola and Chatham to a low of about 1.3 feet in the areas of Watersmeet, Ensign and Manistique.

EARLY CONCERN

In the northern Lower Peninsula, conditions are generally better, but in some areas they are bad enough at this point in the wintering deer season to cause game men some early concern.

Deer are loosely yarded in the region's northernmost Gaylord District. Elsewhere in most parts of the northern Lower Peninsula, the animals are sticking close to wintering swampland areas.

As in the Upper Peninsula, snow depths are above average in the northern lower region where the deepest readings of 1.5 feet are reported at Alpena and Gaylord.

Heavy crusting of snow has sealed off acorns and other on-the-ground foods which deer in that region have made good use of this winter.

One encouraging note is that the northern Lower Peninsula's deer herd went into the wintering season in excellent physical condition.

Films Scheduled for PAC Meeting

"Raising a Red-Tailed Hawk" and "A Trip to Mexico" will be film features at the Feb. 8 meeting of the Pontiac Audubon Club at All-Saints Episcopal Church.

Carl Seufert will present the program. The meeting starts at 7:30 p.m. A field trip to feeding stations is planned Feb. 11 at 8:30 a.m.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Rouman to Lead Rec Group Picks Officers

Officers were elected at a meeting in Lansing for a new citizens advisory committee to work on Michigan's 10-year, $377 million recreation program.

Named to head the committee are chairman, James L. Rouman, Michigan United Conservation Clubs; vice chairman, David O. Laidlaw, Michigan Forestry and Park Association; secretary, Gene Little, Michigan Outdoor Writer's Association; and Treasurer, Mrs. Mary Barrow, City of Warren Beautification Commission and the Southeastern Michigan Beautification Council.

Representatives of approximately 75 organizations, associations, and public and private agencies who attended last week's all-day meeting also voted to choose another vice chairman, specifically a female member, as soon as eligible candidates for the post can be determined.

It was agreed that the committee's newly-named slate of officers would serve for a temporary period — not longer than six months — to steer the group through its formative stages.

Rouman announced that the group's tentative bylaws, its recommended membership lists for the board of directors and various sub-committees, and other organizational decisions will be brought up at a second meeting to be held within the next six weeks.

Beaver Tastes Best in Test

TRAVERSE CITY (UPI). — Tasty beaver meat in a casserole, topped with spicy tomato sauce, was the winning recipe in the annual Michigan Wild-Game Recipe contest Thursday.

The winner, Mrs. James Thatcher, of Traverse City, was selected from among five state finalists.

★ ★ ★

The contest is sponsored by Mort Neff, host of the "Michigan Outdoors" television program.

★ ★ ★

Mrs. Thatcher, a mother of four boys, said she used fresh beaver because her husband had just trapped one.

Trade Is Active

Small Loss for Stock Market

NEW YORK (AP) — The stock market took a small loss early this afternoon in the first session of February trading.

Brokers noted that February has a reactionary market history.

They also said the market was due for a rest after its big advance in January.

Trading was active and big blocks crossed the ticker tape.

Steels, motors, rubbers, aircrafts, electronics, oils and tobaccos joined in the dip.

International Business Machines, which Monday confirmed that the Justice Department was investigating the computer industry, fell more than 7 points on a delayed opening and then recovered 2.

U.S. Steel and General Motors, which reported lower 1966 earnings yesterday, declined fractionally.

The Associated Press 60-stock average at noon had declined .8 to 315.4 with industrials off 1.0, rails off .2 and utilities off .9.

The Dow Jones average of 30 industrials at noon was off 2.23 at 847.66.

The market advanced slightly at the opening and then settled into a gradual slide.

Losses of about 2 points were taken by U.S. Smelting and Grumman Aircraft.

Prices advanced in heavy trading on the American Stock Exchange. Gains of about 2 points were posted by Digital Equipment, Microdot, Solitron Devices and U.S. Radium.

Quiet Funeral for Gypsy King

TAMPA, Fla. (AP) — Tom Mitchell, recognized as king of American Gypsies by a 15,000-member clan, was buried Tuesday in rites kept simple by the manner of his death.

Mitchell, 68, was fatally injured last Thursday in a highway accident. A son, Stephen, said the clan reserves funeral music and chants for death by natural causes.

★ ★ ★

Two of Mitchell's survivors are in serious condition as a result of his death. His widow, Mother Rose, suffered a heart attack and his granddaughter, Princess Linda, was struck by a car when she ran to Mitchell's aid on U.S. 301 at Sarasota.

★ ★ ★

Stephen Mitchell said the clan would appoint his father's successor later this year at a meeting in Virginia. He said it is traditional to choose the new king from the Mitchell family.

ROCKER FOR TWO — This unique rocker went in display at the prototype furniture exhibition in London recently. Designed by David Goodship, the novel chair has plastic sides, reinforced cardboard tubes on each end and center, and is upholstered with polyether chip foam.

Citizens' Parley in Oklahoma City to Hear Milliken

LANSING (UPI) — Lt. Gov. William G. Milliken will describe Michigan's progress toward solving urban problems at a National Citizens' Conference on Community Planning in Oklahoma City, Okla., tomorrow.

Milliken said he will "emphasize that state action must be on a partnership basis with federal and local government, private industry, and voluntary organizations."

Milliken's assignment at the conference, sponsored by the United Community Funds and Councils of America, is to discuss the role of the states in solving urban problems.

The federal role will be outlined by Sen. Edmund Muskie, D-Maine, chairman of the Senate Subcommittee on Intergovernmental Relations.

★ ★ ★

Milliken will extend to the councils an invitation to hold their 1968 meeting in Michigan.

Cause No. 22105

STATE OF MICHIGAN — In the Probate Court for the County of Oakland, Juvenile Division

In the Matter of the Petition Concerning Verna Sue and Roger Ethridge and Cora LeeAnna Ethridge aka McDermit, Minors

TO Vernon Ethridge, father of said minor children

Petition having been filed in this Court alleging that said children come within the provisions of Chapter 712A of the Compiled Laws of 1948 as amended, in that the present whereabouts of the father of said minor children is unknown and said children are dependent upon the public for support, and that said children should be continued under the jurisdiction of this Court.

In the Name of the People of the State of Michigan, You are hereby notified that the hearing on said petition will be held at the Court House, Oakland County Service Center, in the City of Pontiac in said County, on the 9th day of February A.D. 1967, at ten o'clock in the forenoon, and you are hereby commanded to appear, personally at said hearing, at which time temporary or permanent severence of all parental rights will be considered.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Norman R. Barnard, Judge of said Court, in the City of Pontiac in said County, this 30th day of January A.D. 1967.

(Seal) NORMAN R. BARNARD
Judge of Probate
(a true copy) ELIZABETH A. BALLARD
Deputy Probate Register,
Juvenile Division
February 1, 1967

Deaths in Pontiac, Nearby Areas

Ray C. Meiser

Service for Ray C. Meiser, 74, of 522 Harper will be 2 p.m. tomorrow in Sparks-Griffin Chapel with burial in Perry Mount Park Cemetery.

Mr. Meiser, associated with John Kinzler Realty, died yesterday. He was a member of First Congregational Church and American Legion Cook-Nelson Post and a life member of Elks Lodge No. 810.

Surviving is his wife, Emma, and a brother.

John Harding

Private service for John Harding, 78, of 2260 Oxley, Waterford Township, was yesterday morning at the Huntoon Funeral Home with burial in Oak Hill Cemetery.

Mr. Harding died Sunday. He was a former employe of the City of Pontiac.

Surviving are four sons, Edward, Glenn, Frank and Jack, all of Pontiac, and two daughters, Mrs. Esther Wall and Mrs. Frances Bell, both of Pontiac.

Walter W. Morrow

Service for Walter W. Morrow, 63, of 6 Marge, Waterford Township, will be 7:30 p.m. tomorrow in the Huntoon Funeral Home. Prayers and burial will be from the Bethel Baptist Church in Strathroy, Ont.

Mr. Morrow died yesterday. He was an employe of the Railroad Express Agency.

Surviving are his wife, Lola; a sister; and three brothers.

Jasper Price

Service for Jasper Price, 69, of 86 E. Colgate will be 2 p.m. Friday at Sparks-Griffin Funeral Home with burial at White Chapel Cemetery, Troy.

Roosevelt Masonic Lodge will have a memorial service 7:30 p.m. tomorrow at the funeral home.

Mr. Price, employed in the accounting department at Pontiac Division, died yesterday. He was a member of the First Congregational Church, Owen-Wever Community Club and the PAC Campers Group.

Surviving are his wife, Edythe; five sons, Maj. Douglas Price of the U.S. Army, Albert E. of Rochester, Jack S. of San Diego, Calif., and Raymond H. and William, both of Pontiac; a sister, Mrs. Linus Pace of Pontiac; a brother and eight grandchildren.

Jesse A. Gregory

TROY — Service for Jesse A. Gregory, 51, of 5901 Wright will be 1:30 p.m. Friday at Price Funeral Home. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. Gregory, a tool and die maker with Ex-Cell-O Corp., Highland Park, died yesterday.

Surviving are his wife, Della J.; a daughter, Holly K. at home; two sons, Thomas L. at home and David A. of Troy; two sisters; a brother; and a grandchild.

William G. Heumann

BIRMINGHAM — Funeral service for William G. Heumann 13, of 5856 Sutters Lane will be 1 p.m. Friday at Lutheran Church of the Redeemer. Burial will be in Glen Eden Cemetery, Livonia, by Vasu-Lynch Funeral Home, Royal Oak.

William, the son of Mr. and Mrs. Harold Heumann, died yesterday. He was an eighth grade student at Covington Junior High School and active in the Mel Ott Lutheran Baseball League and the Franklin Pony League. His father is manager of the Pontiac AAA division.

Surviving besides his parents are a sister, Kathy Jo at home, and two brothers, Timothy and Fred at home.

Memorial tributes can be made to Children's Leukemia Foundation.

Mrs. Howard Hunt

LAPEER TOWNSHIP — Service for Mrs. Howard (Blanche) Hunt, 72, of 1212 Turrill will be 1:30 p.m. tomorrow at the Seventh Day Adventist Church. Burial will be in West Deerfield Cemetery by Muir Brothers Funeral Home, Lapeer.

Mrs. Hunt died yesterday.

Surviving are three sons, Russell of Pontiac, Wilbur of North Branch and Vern of Lapeer; two daughters, Mrs. Edith Swett of Otisville and Mrs. Normagene Churchill of Cherokee, Iowa.

Also surviving are five sisters, Mrs. Tillie Gritzinger of Pontiac, Mrs. Olive Steele of Van Nuys, Calif., Mrs. Martha Clavin of Union Lake, Mrs. Addie Fanson of Detroit and Mrs. Frances Trune of Columbiaville; four brothers, Erie Warren of Columbiaville, Charles Warren in Ohio, Orie Warren of Lake Orion and Ralph Warren of Dowagiac; 22 grandchildren; and two great-grandchildren.

Martin B. Travis

CLARKSTON — Graveside service for former resident Martin B. Travis of Staunton, Va., was to be today at Lakeview Cemetery.

Mr. Travis, a retired Iron Mountain School superintendent, died Friday. He was a member of the Methodist Church.

Surviving besides his wife, Helen C., are a son, Martin B. of Syosset, N.Y.; a daughter, Mrs. R. D. Hornidge of Andover, Mass.; four grandchildren; and a sister, Mrs. John Thors Jr. of Pontiac.

Avon Man Listed as Satisfactory After Crack-Up

An Avon Township man is in satisfactory condition at Pontiac General Hospital after suffering injuries in a collision yesterday at 1:45 p.m. on Adams South of East Hamlin in Avon Township.

Hospitalized was Richard A. Farmilo, 36, of 2373 Arizona.

Farmilo's car was headed south on Adams when a northbound car driven by Henry R. DeLorme, of 329 Royal Park, Madison Heights, crossed the center line.

DeLorme said he lost control of his car on an icy area of the road, according to sheriff's deputies.

English of Classroom Is 2nd Tongue--Prof

The English taught in schools today is really a second tongue and is more difficult for a student to master than a foreign language, educators were told at an Oakland Schools meeting recently.

Dr. Kenneth Goodman, professor of education at Wayne State University, said the way to improve a student's language usage cannot be found in memorization of the rules of grammar.

Teachers have a hard time accepting the fact that a child who doesn't remember what a noun is can master the rules of his language, Goodman said.

"The child can listen to a sentence he has never heard before and respond immediately with a sentence he has never used before," Goodman told his audience of elementary principals and high school English department heads.

★ ★ ★

"Whatever his dialect, it has the same number of rules as the dialect the teacher speaks. Social patterns determine whether the child's dialect is in or out, whether it has higher or lower status."

'GIVE UP'

Educators should give up the idea that knowledge of the language will change the way a child uses it, Goodman commented.

"Change will come when the child is helped to expand the effectiveness of his own language," he said.

Goodman urged greater emphasis on oral communication in school by letting children work together so that they can talk out their ideas and have immediate response from a listener.

Stamp Club Plans to Resume Activity

The Pontiac Stamp Club will be reactivated at a 7 p.m. meeting Monday at the administration building of Pontiac Motor Division. Interested persons can attend the bimonthly meetings.

The club, which will hold stamp auctions, trade, and offer guest speakers, become inactive some three years ago.

Contact Edwin Radewahn of 7668 Tull, Waterford Township, for further information.

Dies of Injuries

DETROIT (AP) — Scott Cannon, 17, of Livonia died Tuesday in Wayne County General Hospital of injuries suffered Jan. 13 in a Dearborn Heights two-car collision that also claimed the life of a 17-year-old girl.

Dispute Over Two Pennies Ends in Death

NEW YORK (AP)—A 58-year-old man was stabbed to death after he intervened in an argument between two other men over two cents.

The man, tentatively identified as Earl Thomas, was slain Tuesday night in a downtown Manhattan grocery store.

Police gave this account:

While Thomas was in the store, an unidentified man walked in carrying an empty soda bottle and asked the grocer, Murray Karton, to give him the two-cent bottle deposit.

Karton told the man he didn't carry that brand of soda, and an argument developed. Thomas tried to reason with the man with the bottle.

★ ★ ★

Karton, to keep the peace, gave the man two cents and threw the bottle into a trash can.

As the man began to leave the store he turned and said to Thomas: "Why don't you mind your own business?"

After a short dispute, the man plunged a knife into Thomas' neck and back, and fled.

Fight Pressure From Outside, OCCEO Told

Tomas Chavez Jr., a Latin American civic leader and member of the Oakland County Commission on Economic Opportunity, has asked that the commission resist special interest group pressure in the antipoverty program.

Action by the commission last week to appoint a committee to evaluate the antipovery war's relationship with the NAACP and Urban League prompted Chavez' request.

In a letter to OCCEO chairman Carl F. Ingraham, Chavez said he believes that all segments of the community are represented on the commission and that the commission should make policy decisions itself.

A resident of Pontiac and state president of Latin Americans United for Political Action (LAUPA), Chavez urged that the commission work for the well being of all Americans, not just a few.

He added that LAUPA will oppose any action taken toward allowing any one group to "run the commission."

Nature Use Up

DETROIT (AP) — More than 268,000 people made use of the nature programs offered in parks in Livingston, Macomb, Washtenaw and Wayne Counties by the Huron-Clinton Metropolitan Authority in 1966.

This is up from 225,000 in 1965 and 6,700 in 1953, the program's first year of operations.

Decline in Measles Reported in State

LANSING (AP)—A "dramatic decline" in new measles cases during the first two weeks of 1967 was reported Tuesday by Dr. Albert E. Heustis, the state health director.

★ ★ ★

Heustis said preliminary reports indicate only 54 new cases of measles during the week of Jan. 8-14, compared with 292 cases in the second week of 1966. For this year's first week, he said, there were 18 reported cases, compared with 196 in the year-ago week.

★ ★ ★

But "traditionally," Heustis warned, "the greatest surge in the number of measles cases comes during late winter and early spring — so we are far from out of the woods yet."

Oxford Twp. Blast Leaves Man Fair

A 23-year-old Metamora man injured in an industrial accident Monday at the Sea Ray Boat Corp. in Oxford Township was listed in fair condition earlier today in Flint's Hurley Hospital.

★ ★ ★

Omer J. Wright of 1547 Kile received burns over 20 per cent of his body following an explosion at the firm about 5 p.m. Monday.

★ ★ ★

Wright told State Police he was working in a boat which had gone through the fiberglassing process when acetone fumes apparently ignited the explosion.

Social Security Offices to Move This Saturday

The Pontiac Social Security office will move Saturday to a new office at 21 S. Glenwood in the Glenwood Shopping Center.

The new office has 7,700 square feet of space, almost double the size of the former office.

Office hours will be from 8:45 a.m. to 4:30 p. m. Monday - Friday, and until noon Saturday.

There is free parking.

★ ★ ★

"We have outgrown our old offices in the downtown Federal Building, said Gilbert G. Gallivan, acting district manager. In six years, our workload has increased 300 per cent and we have had a 40 per cent increase in our staff," he said.

Wheat Supplies in Michigan Up

LANSING (AP) — Michigan granaries had 21,438,000 bushels of wheat in stock on Jan. 1, 44 per cent more than a year ago, the Michigan Crop Reporting Service said Tuesday.

Stored oats were down 25 per cent from Jan. 1, 1966. The rye stocks total was down 22 per cent and soybean stocks were up 8 per cent, the service said.

Your Roads Still Unplowed? Look to the Road Commission

Wondering why your snow-covered road hasn't been plowed?

★ ★ ★

If you live outside a city on a primary or secondary road, chances are the Oakland County Road Commission is responsible for plowing your street.

In fact, the road commission serves as caretaker for 26,000 miles of roads.

The problem in cleaning up last week's big storm is that the snow, coupled with ensuing rain, is too heavy for regular snowplows to handle.

★ ★ ★

Heavy graders, consequently, are needed to do the job on several county streets.

ONLY 7 GRADERS

The road commission owns about 100 regular snowplows, but only seven heavy graders.

Crews are working day and night in an effort to clean off unplowed streets, according to road commission officials.

The rainfall which followed the snow was like cracked cement on some streets, they noted.

DPW Crews Speed Trash Pickups

Department of Public Works (DPW) employes in Pontiac have been directed to pick up trash "in any condition and wherever they can get it," according to Samuel Baker, city sanitation supervisor.

★ ★ ★

Baker said collection crews in some areas are running two days behind because of difficulties in getting through unplowed areas to remove trash.

★ ★ ★

Further hampering removal operations, he said, are piles of plowed snow which in some cases block driveways.

★ ★ ★

Baker urged residents to remove emptied waste containers from streets in order not to interfere with plowing and clean-up efforts.

Death Notices

HALL, HAZEL; January 29, 1967; 288 Burningtree Drive, Groton, Connecticut, formerly of Oxford; age 80; dear mother of Mrs. Jane Helmick and Mrs. Edith Jones; also survived by five grandchildren and eight great-grandchildren. Funeral service will be held Thursday, February 2, at 10 a.m. at St. Vincent de Paul Catholic Church. Interment in White Chapel Cemetery. Mrs. Tinka will lie in state at the Huntoon Funeral Home.

In County Teacher Program Starts

A new Michigan State University program for the training of elementary teachers now is getting under way in Oakland County.

The Elementary Intern Program (EIP) has been arranged cooperatively with Oakland Community College and six public school systems in the area — Pontiac, Bloomfield Hills, Clarkston, Rochester, Waterford Township and West Bloomfield.

Students will be accepted into the program after they have completed two years of general liberal arts education at any approved institution.

It is anticipated that many will come from the first class to be graduated from OCC in April, according to Dr. Robert D. Trautmann, MSU local director of the program.

★ ★ ★

"However, any student who has completed approximately 60 semester hours of credit and can meet the transfer requirements of MSU may make application to EIP," he said.

Most of the instruction in teacher education will be given in Oakland County by MSU faculty. Two terms — summer and fall — plus one five-week summer session are required on the East Lansing campus.

The rest of the instruction, including a full year of internship in one of the six public school districts, will take place in Oakland County.

A stipend of at least $3,500 will be given the student during his internship year.

★ ★ ★

Trautmann now is screening applicants for the first group to enter the program.

DATE AND TIME

Interested OCC students can consult their counseling centers for the date and time of his interviewing on both the Auburn Hills and Highland Lakes campuses.

Others who have completed two years of undergraduate work and might be interested in the program can contact Trautmann at the MSU Regional Office at Oakland University.

Maoists Claim 5th Major City

TOKYO (AP)—Mao Tse-tung's forces today claimed the capture of a fifth major city in Red China, but a Peking wall poster said the Maoists are suing for peace in turbulent Sinkiang Province, the site of China's nuclear weapon tests.

Peking radio said Mao's supporters seized control on Jan. 25 of the provincial government and Communist party offices in Kweiyang, capital of Kweichow Province in southern China and an American air base in World War II.

★ ★ ★

The Maoists now claim control of five major cities, the others being Peking, the northeast port of Tsingtao on the Yellow Sea, the big port of Shanghai, and Taiyung, capital of Shansi Province adjacent to Peking. But broadcasts admitted trouble in two of the cities.

A Chinese-language broadcast said that more than a week "since power was seized in Tsingtao, a handful of persons in authority are continuously attempting to counterattack."

CONTINUED RESISTANCE

The official New China News Agency reported continued resistance in Shanghai.

A wall poster said Premier Chou En-lai had ordered fighting stopped in Sinkiang Province, bordering on the Soviet Union, and had offered to confer with Gen. Wang En-mao, the anti-Mao military commander of the vast, sparsely populated region in northeast China.

★ ★ ★

China's nuclear test grounds are situated in the Sinkiang city of Lop Nor, and Chou's peace efforts may be aimed at averting seizure of the installation. The Hong Kong Star said in an unconfirmed report Tuesday that Wang had threatened to seize the Lop Nor base if Maoists tried to take over the provincial government.

★ ★ ★

Japanese correspondents said Wang arrived in Peking Dec. 19 to discuss matters relating to Sinkiang's borders with the Soviet Union, along which the Soviets have been reported concentrating troops. A refugee leader from Sinkiang now living in Turkey said Monday that the Russians have trained a guerrilla army of 60,000 refugees from the province, and said the guerrilla force has made more than 5,000 raids into Sinkiang in the past year.

Mao was reported earlier to have ordered the army to move against his enemies in Sinkiang. But it was reported that seven of the eight army divisions there refused to obey him.

State Plane Fatality Tied to Pilot Errors

WASHINGTON (AP) — A 24-year-old student pilot who died of injuries after his plane crashed last July 22, "misjudged distance, speed and altitude" in attempting to land at McKinley Airport in Fraser, Mich., the Civil Aeronautics Board reported today.

★ ★ ★

The CAB said Ralph Cass Richard of Clawson, Mich., came in too low in his Cessna 140 plane, hit a truck on Utica Road and crashed at the airport.

Richard was on a five-minute flight from Big Beaver Airport near Troy.

In Memoriam 2

IN LOVING MEMORY OF REV. Ford B. Reed, who passed away January 31, 1963.
The world may change from year to year
And friends from day to day,
But never will the one we love
From memory pass away.
Sadly missed by wife, Frances Oler, sister-in-law, Clara Finkley, 4 daughters, 3 sons, step-daughter, Precious, step-son, Sgt. 1C Otis J. Williams, 8 step-grandchildren and 14 grandchildren.

IN LOVING MEMORY OF WILLIAM M. Henderson, who passed away February 1, 1966:
The depths of sorrow we cannot tell,
Of the loss of one we loved so well;
And while he sleeps a peaceful sleep,
His memory we shall always keep.
—Sadly missed by parents, brothers and sisters, wife and child.

IN LOVING MEMORY OF WILLIAM J. Martin who passed away Feb. 1st 1966:
God saw you getting weaker,
He did what He thought best;
He came and stood beside you,
And whispered come and rest.
You wished no one farewell,
Not even to say goodby;
You had gone before we knew it,
And only God knows why.
—Very sadly missed by son, Bob and family; we miss you too, Poppa — Robbie and Tammy.

IN LOVING MEMORY OF WILLIAM Henderson who passed away Feb. 1st., 1966:
The pearly gates were opened,
A gentle voice said, "Come";
And with farewells unspoken,
He gently entered Home.
—Sadly missed by wife, son, Mother, Father, sisters and brothers.

BLOOMERS "IN" — A new take-off on the old bloomer days is this "French" bloomer suit making its debut in London's Bond Street today. The admitted problem is "where can it be worn?" The Bond Street store settled for home lounging but said the suit could be a hit at parties. Old-fashioned bloomers reached only to the waistline and were held there by elastic. But the world moves. Upward in this instance. These bloomers are white broderie Anglaise trimmed with pastel shaded blows.

Ex-Mrs. Wynn Wins $15,000

LOS ANGELES (UPI) — Frieda Mierse, 55, the second wife of Comedian Ed Wynn, has won a $15,000 settlement from his estate in lieu of $25 weekly support for life.

The settlement was approved yesterday by Superior Court Judge Alfred J. McCourtney.

Miss Mierse, Utica, N. Y., was married to Wynn June 15, 1937, and divorced him Dec. 12, 1939. A property settlement dated Oct. 21, 1939, provided for the weekly payments until Miss Mierse remarried or died.

Wynn died last June 19, at the age of 79. He left the bulk of his $290,000 estate in trust for his son, actor Keenan Wynn, 49.

★ ★ ★

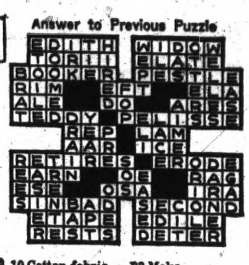

The zany comic's third wife, Mrs. Dorthy Nesbitt Wynn, filed suit against the estate Oct. 25, contending $100,000 is due her for alimony payments under a Feb. 4, 1955, property settlement. That trial is pending.

New Mexico Chief Tells of Phone Tap

SANTA FE, N.M. (AP) — Gov. David Cargo says the phone in his Albuquerque law office was bugged during the 1966 general election campaign.

The governor told a news conference Tuesday he knew for several weeks before the Nov. 8 election that his office line had been tapped.

★ ★ ★

Security supervisor John McLachlan of Mountain States Telephone Co. confirmed that an electronic device had been installed in the telephone.

The device had been removed before the telephone company investigated, McLachlan said, but evidence of its having been there was discovered after a report by another subscriber of an unusual interconnection between his and Cargo's telephones.

ONE ADVANTAGE

The Republican governor laughingly added: "I think they listened to my advice and that's why they lost the election.

"I didn't care. I had trouble getting an audience in those days anyway."

★ ★ ★

State Rep. Bruce King, state Democratic chairman, said the wiretapping charge "sounds like so much nonsense to me."

No transients these: the workers of Morocco who follow the crops, pick up their thatched houses and take them with them when they move from job to job.

'K-K-K Katie' Composer Dies

ST. PETERSBURG, Fla. (AP)—Geoffrey O'Hara, whose rollicking song "K-K-K Katie" pepped up many a marching column in World War I, died Tuesday night. He was 84.

"K-K-K-Katie" was a spoof of a tongue-tied, love-smitten rustic. Its catchy tune and simple lyric made it one of the most popular war songs of its time.

★ ★ ★

Among his compositions were "Your Eyes Have Told Me So," "Give a Man a Horse He Can Ride," "Peggy and the Pirates" "Riding Down the Sky" and "There Is No Death."

The Chatham, Ont., native taught community music and song-writing at Columbia University and at the University of South Dakota.

SURVIVORS

O'Hara leaves his wife, Constance; a son, Hamilton of Mamaroneck, N.Y., and a daughter, Nancy of New York City.

The increased use of tranquilizers in the American home has spiraled the number of deaths caused by them from nine children in 1955 to over 1,000 in 1965.

Dispute Tarnished Jackie, Say 2 Polls

WASHINGTON (AP) — Two pollsters claim Jacqueline Kennedy's public popularity has dropped because of her role in the controversy over the book "The Death of a President."

★ ★ ★

George Gallup said his Gallup Poll—which in December found Mrs. Kennedy to be the woman Americans admired most — now shows that three of four people interviewed feel the controversy tarnished her image.

★ ★ ★

Louis Harris said one of every three persons his Harris Survey polled thinks less of President John F. Kennedy's widow because of the battle over the book.

★ ★ ★

Mrs. Kennedy and Sen. Robert F. Kennedy, D-N.Y., went to court to try to block publication of the book by William Manchester and a shortened serialization in Look magazine. The suit was settled out of court after Manchester agreed to some of the changes sought by the Kennedys.

TRYING TO CONTROL

Harris said 32 per cent of those interviewed felt the Kennedy's were "trying to control the writing of history." He said 55 per cent didn't feel Mrs. Kennedy's privacy was invaded, as she contenced in the lawsuit.

Gallup and Harris said both polls, published Tuesday in the Washington Post, involved questioning a cross-section of the public. Harris said his sampling found that those most critical of Mrs. Kennedy were well-to-do Americans who thought she was trying to control the recording of history.

ZIP Code Will Slow Mailing

DENVER, Colo. (AP) — Use your ZIP code to speed mail delivery?

★ ★ ★

Jerome Rose, director of Denver's Motor Vehicle Department, says mailing of 1967 automobile license plates will be a little slower this year. They must be sorted in his office according to ZIP codes.

Rose Estate Feathers Nest of His 'Intermittent' Mate

By EARL WILSON

NEW YORK — The Billy Rose legatees are now being paid and Joyce Mathews, who was twice divorced from Rose but considering marrying him a third time, has received the first part of her bundle — which consists of $50,000 in cash and $40,000 a year income from a $1,000,000 trust fund. Joyce, who will be receiving around $800 a week, is taking her young husband, Ivor S. Schmidt, from their home in Houston to California to visit her mother who is ill.

WILSON

She has also ordered some new furs. She likes furs.

★ ★ ★

Eleanor Holm, Rose's wife-before-Joyce, who lives in Miami Beach, was forbidden by lawyers to accept a $10,000 cash bequest because she's sued the estate for $13,000,000, alleging that two supposed Renoir paintings she received in a divorce settlement haven't been authenticated. Miss Holm in fact is prepared to make a Page One story out of experts' doubts about the paintings and how it happened that Billy gave them to her.

An astute acquaintance of Billy's recently said: "In my opinion, Billy deliberately left a confusing will, because he loved publicity and wanted people to talk about him and papers to print stories about him, long after he died. And he would especially enjoy this publicity — because he wouldn't have to pay a press agent."

★ ★ ★

THE MIDNIGHT EARL . . .

Tuesday Weld, at Arthur with husband **Claude Harz,** puffed happily on an after-dinner cigar . . . Swedish sexpot **Ingrid Thulin,** rehearsing "Of Love Remembered," stayed home to watch **Burgess Meredith** on "Batman" — he's famous in Sweden as The Penguin . . .

Pretty Hanne Borke got two calls after "Come Live With Me" — from friends in Denmark, and from **Harold Hecht** in L.A. discussing a film . . . **Lawrence Welk's** ABC-TV contract has two years to go, but other networks are romancing him . . . Steve **Lawrence** and **Eydie Gorme** visited El Morocco for the first time.

Anthony Quinn finished his autobiographical novel, "Portrait of a Primitive" . . . **Jack Benny says his salary from "Guide for the Married Man" went right into the bank, "to keep the rest of my money company."**

Producers Feuer & Martin, whose "Walking Happy" is their tenth Broadway show, are now looking for some non-showbiz projects . . . The theme song for the film "The Fox" will have two sets of lyrics — one for the movie, a less bawdy one for records.

TODAY'S BEST LAUGH: Pianist Bill Selden introduced a song at Charlie Bates' Saloon: "It's so old you can understand the lyrics."

WISH I'D SAID THAT: It's easy to find out how old a woman is. Just ask her sister-in-law.

REMEMBERED QUOTE: "Come to think of it, 'Life' has a big IF in the middle of it." — Arnold Glasow.

EARL'S PEARLS: Take it from any husband — woman's word is never done.

Some people will brag about anything. A guy boasted about being fired and replaced by a $250,000 computer . . . **That's earl, brother.**

(The Hall Syndicate, Inc.)

Computer Fails Test; Students Are Relieved

COLLEGE PARK, Md. (AP)—A computer flunked arithmetic at the University of Maryland.

A lot of students were relieved to hear about it today.

R. Lee Hornbake, academic vice president, says an error in programming caused the computer to crank out incorrect grade averages for several hundred students.

★ ★ ★

For some, the mistake seemed to lower their averages to a level requiring probation or dismissal from the university.

Hornbake said it may take some time to unscramble the computer's miscalculations.

Where Was the Partridge?

WASHINGTON (UPI) — The only thing missing was a partridge in a pear tree.

The national capital division of the Salvation Army said yesterday that an audit of contributions dropped into Christmas kettles during the holiday season showed, in addition to money, the following:

One gold wedding band, three pairs of eyeglasses, 91 postage stamps, bus tokens from eight East Coast cities, and a recipe for stuffed peppers.

TRICK TO FEEL YOUNG—Stafford P. Kissick, who at 92 looks about 70, shows one of his tricks for feeling young. Kissick of Phenix City, Ala., says he hasn't been sick or had any aches or pains in 12 years.

Viet Medical School Dean Is Discharged

SAIGON, South Vietnam (AP) — The dean of Saigon University's Faculty of Medicine, which is partly supported by the American Medical Association, has been discharged in a dispute over use of the Vietnamese language, it was announced today.

The official Vietnam Press quoted Deputy Premier Nguyen Luu Vien as saying that the dean was ousted "because he failed to carry out properly a government decision concerning the use of Vietnamese."

★ ★ ★

The government maintains that Vietnamese teachers should lecture in their native language and that Vietnamese should be used to teach in schools here, Vien said.

Foreign teachers are not expected to lecture in Vietnamese, Vien added, "but whenever they give lectures there must be a Vietnamese teacher on hand to explain in Vietnamese for the students."

LECTURE IN ENGLISH

A number of Americans are on the Faculty of Medicine under the AMA program. They lecture in English.

Prof. Pham Bieu Tam was discharged this week and replaced by a temporary five-member administrative board.

★ ★ ★

The deputy premier also criticized the faculty's lecture program as "an outdated one inherited from the French."

The use of foreign languages and foreign-operated schools has become a political issue.

PUSHING PLANS

Informed sources confirmed that the government is pushing plans to close down French elementary schools.

Negotiations began here Jan. 12 between French consular officers and Vietnamese officials on the French-operated schools. Neither party will comment on the talks.

★ ★ ★

More than 12,000 Vietnamese are now enrolled in schools run by the French government under a cultural agreement signed in 1949. The pact expires Nov. 30.

French schools are among the best in Vietnam. Even the most anti-French Vietnamese try to enroll their children in them.

2 Navy Ships Collide at Sea

HONOLULU (AP) — Two Navy ships collided during operations Tuesday night 75 miles southeast of Oahu, injuring some men.

A Navy spokesman at Pearl Harbor said that to his knowledge there was no fatality.

★ ★ ★

Time of the collision was 10:37 p.m.

The ships are the destroyer escort McMorris and the gasoline tanker Tom Bigbee, which were in a "night operating area" off the Hawaiian islands.

"HOLE"

The spokesman said the McMorris sustained a "hole in her side" but was in no danger of sinking. The cause was not immediately known, the spokesman said.

Five vessels were standing by the crippled ship — the destroyer Carpenter, two submarines, a submarine rescue ship and a Pacific Fleet tugboat.

BELL & HOWELL COMPANY

Bell to Spend $4.4 Million on Local Improvements

MAKE OVER PAGES

Michigan Bell Telephone Co. will spend $4,398,000 this year to expand and improve communications facilities in Pontiac, it was announced today.

The local outlay is part of the $184-million the company will spend throughout the state in 1967. The statewide total equals Bell's record expenditure last year.

Charles B. Woodhead, public relations manager for the Pontiac district, said the expenditure for Pontiac would be allotted as follow:

Outside plant facilities, $963,000; telephone equipment in homes and offices, $1,212,000; central office equipment, $2,125,000.

Michigan Bell President William M. Day said that last year's program "went a long way toward helping the company catch up with the unprecedented demand for and high usage of telephone service."

SERVICE DEMANDS

"Our 1967 program, as last year's, is designed not only to meet the continuing demand for basic telephone service," said Day, "but to give every Michigan Bell customer the type and quality of service he wants and expects from us."

Noting that much of the capital to finance the construction program must come from investors, Day said the "magnitude of this year's expenditures reflects the company's confidence in the continued economic health of Michigan."

Part of the huge demand placed on company facilities, according to Day, stems from the fact that more and more customers are requesting better grades of service (one party vs. two party), and that customers in general are using their telephones more.

★ ★ ★

During 1967, the company will place more exchange cable throughout the state than it ever did in a single year, a record 11.4 billion conductor feet, said Day.

In addition, construction of eight new telephone buildings will get under way, along with 26 building additions.

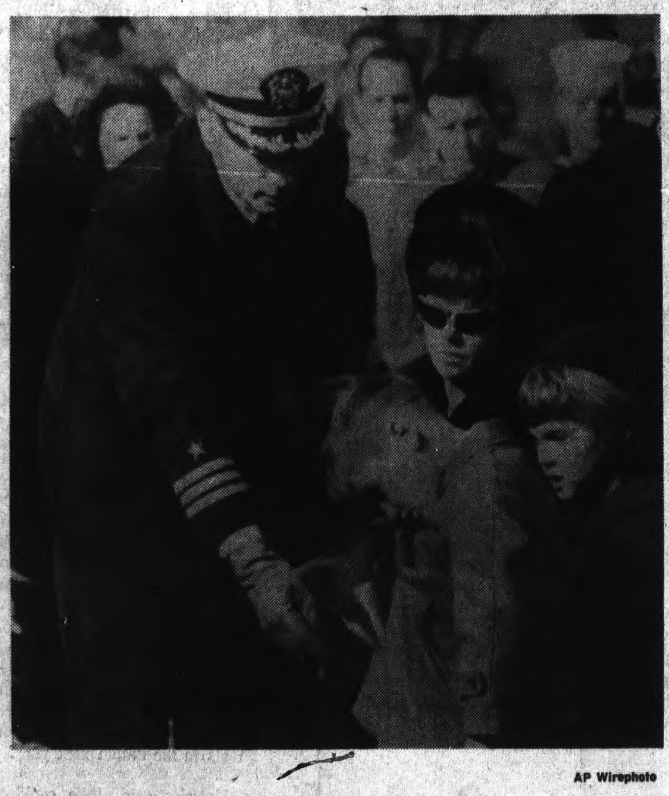

★ ★ ★

Nine more communities will be tied into the direct distance dialing network during the year, bringing to 95 per cent the number of customers able to dial their own long-distance calls.

GRIEVING SON CONSOLED — Astronaut Eugene Cernan tries to console a grieving Stephen Chaffee, 5, as he weeps at the graveside of his father, Roger Chaffee, at Arlington National Cemetery yesterday. Sharing his grief are (front row, from left) his mother; his sister, Sheryl, 8; Mr. and Mrs. Donald Chaffee, parents of the astronaut; and President Johnson.

Bus Rams Truck, Killing Six

COLUMBIA, S. C. (AP) — Six passengers were killed early today and at least 12 others injured when a Continental Trailways bus slammed into the rear of a stalled tractor-trailer truck on Interstate highway 26, three miles north of Columbia.

The truck had stopped after striking an automobile.

An emergency lighting system set up by firemen to aid in rescue work revealed jumbled wreckage, moaning passengers and twisted seats scattered about the highway following the 4:30 a.m. crash.

Richland County officers climbed through shattered windows to remove dead and injured.

★ ★ ★

The right side of the bus was almost sheared off and its top was peeled back. It was en route from Asheville, N. C., to Columbia and then was to go to Charleston, S. C.

NAMES WITHHELD

Richland County Coroner Cecil Wiles said names of the dead would not be released until next of kin were notified.

Injured were taken to two Columbia hospitals. Four injured servicemen later were transferred to the base hospital at nearby Ft. Jackson.

The bus driver, Marvin Rhodes of Columbia, was not critically hurt. The tractor-trailer driver, Donald Goan, 29, of Morristown, Tenn., escaped injury.

Goan's rig was loaded with canned goods destined for the naval base at Charleston. The consignment was shipped by the Bush Brothers Produce Co. of Dandridge, Tenn.

The bus, the tractor-trailer and the automobile all were southbound on the four-lane interstate highway.

Wreckage Of Bus In Which 6 Were Killed In South Carolina

GM '66 Profits $333 Million Below '65 Mark

DETROIT (AP) — General Motors, the world's largest corporation, saw its 1966 profits fall $333 million below the record it set in 1965.

The decline stemmed largely from a drop of almost $500 million in sales, but the firm still wound up with its second-best year.

These were the key points in the preliminary financial statement of the giant auto-making firm, which in 1965 became the first corporation with more than $2 billion in profits in a single year.

The 1966 figures were not quite that rich as GM earned $1.793 billion, down from the record $2.126 billion earned in 1965.

★ ★ ★

Ford Motor Co. was to release its preliminary figures tomorrow and Chrysler next week.

AMC REPORT

American Motors' financial picture was to be disclosed at its annual stockholders meeting today.

GM President James M. Roach said his firm's 1965 figures were swelled abnormally because of a heavy carry-over of car buyers who could not get new vehicles in late 1964 because of a GM strike.

The preliminary 1966 report released yesterday showed sales totaled $20.2 billion, off nearly a half-billion dollars from 1965.

GM's 1966 showing was aided by a fourth-quarter which made up in part for a sharp dip in the third quarter.

★ ★ ★

The world's biggest auto maker did not announce specific figures for the final quarter, but subtraction of previously announced nine-month figures from those for the full year showed almost no decline in sales and only a small drop in profit.

Auto Makers Mull New Safety Rules

DETROIT (AP) — U.S. auto makers plan to study in detail the federal government's softened car safety standards.

The Commerce Department withdrew yesterday three of the original 23 standards, which had drawn strong protests from the auto makers when they were announced last Dec. 3. They are the first federal standards.

In a compromise move, the other original 20 standards were toned down, and the industry was given an extra four months in which to put them on 1968 model cars. The original deadline, next Sept. 1, was extended to next Jan. 1.

Withdrawn for further study were two proposed standards dealing with tires and rims and one requiring headrests to protect riders from whiplash injury.

The automotive Big Three — Ford Motor Co., General Motors Corp. and Chrysler Corp. — said they would reserve comment until the revisions could be thoroughly studied.

★ ★ ★

Board Chairman Roy Chapin of American Motors Corp. declined comment.

One U.S. auto industry source was asked whether the four-month extension would be meaningful since 1968 cars would be unveiled in September and October.

★ ★ ★

"It's possible to put out one kind of car in October and another in February assuming there were only minor changes," he said. "But a whole new kind of automobile, that's something else."

★ ★ ★

American Motors and Ford were outspoken in criticism of the original standards last December. AMC said the regulations might force the financially troubled firm out of business and Henry Ford II, board chairman of Ford, said that some of his production lines might have to close if the federal government stuck to its original standards.

Romney Talk Up to House Dems

LANSING (AP) — Gov. George Romney may ask the Legislature tomorrow night for a billion-dollar state income tax—or he may not. It depends on whether House Democrats decide to send him an invitation.

★ ★ ★

A resolution inviting the Republican governor to deliver his budget message to a joint session of the Legislature at 7 p.m. tomorrow was passed last night by Senate Republicans on a party-line vote.

The measure now goes to the House where Democrats hold half the seats and have an equal say.

Senate Democrats objected to the unprecedented evening message as a bid by the governor for publicity through prime radio and television time, but majority Republicans rolled over them, 17-10.

★ ★ ★

If Democrats in the House also make a partisan issue of inviting Romney for the evening session, Republicans will have to find a majority in the equally divided chamber or wait and hear Romney in the morning.

GUESSING GAME

Trying to guess the total figure of the governor's budget is an annual game in Lansing. Estimates this time hover around a record $1.15 billion, down about $80 million from guesses which followed a reported last-minute Romney order to trim that much from the embryonic budget.

More Snow Is Due

The weatherman says there's a chance of some snow tonight and tomorrow possibly mixed with rain. A few flurries may be expected Friday and over the weekend.

★ ★ ★

A low of 30 was the recording in downtown Pontiac preceding 8 a.m. The mercury reading at 1 p.m. was 32.

Fire That Killed 2 Baffles AF

SAN ANTONIO, Tex. (AP) — An Air Force official, commenting on an oxygen-fed fire inside a simulated space cabin that killed two airmen, says:

"We don't know how or why it happened."

★ ★ ★

The explosion yesterday was the second fatal oxygen accident in the nation's space program in five days. Last Friday, the three Apollo 1 astronauts were killed at Cape Kennedy in a fire in their space capsule. Both the Apollo 1 sapcecraft and the simulator were filled with pure oxygen at the time.

The Air Force official, Col. James B. Nuttall, head of the Air Force School of Aerospace Medicine, said the school has had "over 500 exposures to pure oxygen with no difficulty at all."

He said that an accident investigation board has started gathering data.

Killed in the accident at Brooks Air Force Base here were Airman 2.C. William F. Bartley Jr., 20, son of Mr. and Mrs. William F. Bartley, Indianapolis, Ind., and Airman 3.C. Richard G. Harmon, 21, son of Mr. and Mrs. Vernon F. Harmon, Auburn, N.Y.

MOTHER WORRIED

Two hours before the tragedy Bartley's mother had mailed a letter to her son, a technician at the school, telling him that she was worried about him because of the Apollo 1 fire.

The victims were performing routine care and testing of some experimental rabbits inside the School of Aerospace Medicine cabin, actually a green-colored steel tank.

Air Force officials said the simulator was filled with pure oxygen, which can turn a spark into an inferno, in a planned 60-day experiment to determine the atmosphere's long-range effect on the blood of 16 rabbits confined in the cabin. Pressure in the cabin was kept at seven pounds per square inch, about half normal sea-level pressure.

Bartley died within an hour. Harmon died almost eight hours later in an Army hospital.

Deaths Renew Oxygen Debate

CAPE KENNEDY, Fla. (AP) — Four years ago, American scientists argued the pros and cons of a decision to use pure oxygen as the spacecraft atmosphere for the Apollo man-to-the-moon program.

Now, after two fatal flash-fire accidents in four days, that decision by the National Aeronautics and Space Administration is under scrutiny.

Last Friday night at Cape Kennedy, the three Apollo 1 astronauts died when fire swept their spacecraft during a launch-pad test.

In San Antonio, Tex., yesterday, two airmen died in the flaming interior of a space cabin simulator.

All five men were working in a 100 per cent oxygen environment.

Weather Contrast Reaches Extremes

By DICK SAUNDERS

Everyone seems to have jumped on the snowfall bandwagon when the conversation comes around to descriptive phraseology for the winter of 1966-67.

Let me put in a vote for contrasts.

It was about two weeks ago my sled-bearing son excitedly informed me: "I can turn and make it all the way to Rickard's."

Translated, this proves several points:

- The ice was so fast that one could fly down a smallish hill on a nearby vacant lot, turn when he hit the sidewalk and continue his record-smashing run to about the fourth house off West Huron.
- I am the proud inhabitant of a neighborhood where laziness manifests itself in glazed sidewalks.
- We, the adult, male inhabitants, are true champions in the eyes of kids with sleds.
- It was very, very cold two weeks ago.

★ ★ ★

In fact, it was about three below zero.

5 DAYS LATER

Five days later, in the same neighborhood, I saw young girls in knee-length shorts, kids on bikes, idle sleds, almost-green grass in my front yard and lots of fog and mud.

The temperature hit 60.

At dusk on Jan. 23, a girl rode past on a bike with a blazing new headlight and a red warning light for traffic to the rear.

The lights were obviously recent gifts which were getting an unexpectedly early trial run.

★ ★ ★

It was so springlike, I went out and oiled my lawn mower.

NOT OVER YET

I reassured a friend who is new to this country that winter was not over. It took about 72 hours for the elements to make a true prophet of me.

Friday, my neighborhood again disappeared under a blanket of snow.

The latest blanket brings us to about 41 inches for the winter of 1966-67 to date.

It's true we only had 23.5 inches all last winter (November through April), but the year before last we recorded a whopping 59.8 inches in the Pontiac area.

13-INCH SNOWFALL

Most of that winter's total fell after Feb. 1, including a 13-inch snowfall Feb. 25, 1965.

February, traditionally, is a heavy snow month in this part of the country.

If it helps any, the U.S. Weather Bureau predicts below normal precipitation for the Pontiac area during the next 30 days.

★ ★ ★

One way or another, it won't make much difference in my neighborhood.

We're lazy and popular.
