Testifies That Teamsters Destroyed Records

Israelis Might Strike Again

Return to Gaza of Nasser Could Renew Warfare

Ben-Gurion Declares Full Freedom of Action Without Warning

JERUSALEM (INS) — Premier David Ben-Gurion declared today that Israel might strike again—without warning—if "Egyptian dictator" Nasser regains control of the Gaza Strip.

The 70-year-old Israeli leader raised the prospect of renewed warfare in these words to Parliament:

"For the present the government of Israel had taken political measures against attempts on the part of the Egyptians (to return to Gaza).

"In accordance with the foreign minister's declaration to the U.N. General Assembly, Israel reserves freedom of action in case the Egyptians return to the strip.

"If the time comes when action is appropriate and necessary, then the government of Israel will not, of course, give prior notice of its actions."

Israeli troops conquered the 125-square-mile Gaza Strip and the huge Sinai Peninsula of Egypt in their lightning strikes last October and November. Last week, under pressure of the U.N. and the United States, Israel withdrew her final contingent of troops from the conquered areas.

Israel did so on the "assumptions" that Egypt would never again blockade the Gulf of Aqaba off southern Sinai, or again administer Gaza as a commando attack base against Israel.

The white-maned Premier, who beat down opposition attempts to open extensive debate on the critical issues, was bitter toward Dr. Ralph J. Bunche, U.N. undersecretary now in Cairo.

Bunche said in Cairo today, after a talk with Egyptian President Gamal Abdel Nasser, that the U.N. will give "full cooperation" to a new Egyptian administration of Gaza and will make no attempt to postpone the arrival of Egyptian administrators.

C. of C. Committee Recommends:

Oppose Aid to Schools

The Government Affairs Committee of the Pontiac Area Chamber of Commerce will recommend to the Chamber's Board of Directors that it oppose federal aid for education.

A committee meeting was held yesterday noon to formulate a plan on how the public can be enlightened on two proposed federal aid for education bills.

The plan of federal taxation to support education in the U.S. was one of 15 Congressional issues discussed at a recent U.S. Chamber of Commerce sponsored "Congressional Issues Clinic" in Detroit.

★ ★ ★

Committee members were in agreement yesterday against federal aid and decided to take a definite stand against it.

The committee's opposition seconds the stand of Louis Schimmel, president of the Pontiac Board of Education, that federal aid has no place in schools.

A Pennsylvania Democrat, Augustine B. Kelley, has proposed a bill under which Michigan would be taxed $31,476,000 and would receive $25,581,000 in school aid.

This would amount, committee members pointed out, to a loss of $5,895,000, or 197 less classrooms in the state based on $30,000 per room.

★ ★ ★

The administration's proposal is no better, committee members stressed. Under this plan, taxes would be $16,843,000 with returns being $4,741,000 less or $12,102,000. This equals a loss of 158 rooms based on the $30,000 valuation.

John W. Hirlinger, Chamber manager, told members that one

(Continued on Page 2, Col. 3)

of the objectives of the committee must be to encourage citizens to write their Congressmen opposing this move.

Under both plans, it was pointed out that some 14 states would stand to lose money and classrooms, while the others stand to gain.

"And it might be well to point out that the prospering states have the biggest representations in Congress," Hirlinger said.

★ ★ ★

William H. Wilmont, Pontiac attorney, moved that the committee's first goal should be to oppose the education proposals and educate the public on the points of the issue.

The committee, under the chairmanship of William F. Kalwitz, will meet every two weeks.

$500 Maximum Fine Plan Vetoed by City

Pontiac city commissioners last night unanimously voted to remove the proposed $500 maximum fine amendment from the April 1 ballot.

Commissioner Philip E. Rowston (District 2) moved the proposal be scrapped "because we have had so little time to consider details of the ordinance and ramifications of it."

The commission in January called for a city charter amendment that would permit commissioners to fix a $500 maximum fine for violation of new city ordinances, and also for amended existing ones.

The proposal had received sharp criticism from local groups, especially union bodies. The Oakland County CIO Council and Fisher Body Local 596 voted to oppose the proposal.

City Attorney William A. Ewart, who recommended the amendment, concurred with commissioners last night in dropping it. "Since one circuit judge has assured me he has adopted a new doctrine, so to speak, the purpose of the proposal would be accomplished in Circuit Court without the increase," Ewart said.

The "new doctrine," according to Ewart, was to levy the present maximum fine of $100 for violation of most appealed misdemeanors, and additional $100 to cover court costs.

Ewart asked for the $400 increase to cover these costs, which, he said, were increasing rapidly due to a large number of drunk and reckless driving convictions appealed to circuit court.

Upswing Seen in Employment

U.S. Reports Rise of 600,012 in February Over January

WASHINGTON (AP)—An upswing of 600,012 in employment last month, offsetting in part a surprisingly steep decline in jobs in January, has been reported by the government.

★ ★ ★

Employment rose to a total of 63,190,000, the highest February level in history and about 900,000 above a year ago.

The Commerce and Labor departments said in a joint announcement that unemployment dropped by 123,000 to a total of 3,121,000, or 4.7 percent of the labor force.

Because of the adoption by the Census Bureau of a new definition of unemployment, the jobless total was 240,000 larger than it would have been under old standards. Similarly, the employment figure was about that much smaller.

★ ★ ★

The bureau now classes as unemployed all persons who are on temporary layoffs of less than 30 days, or who are scheduled to start new jobs within 30 days. Such persons previously had been considered "employed" but labor unions protested that this distorted the employment picture.

Van Wagoner Opposes Mackie

Former Highway Head Says Candidate Is Not Registered Engineer

Former Democratic Gov. Murray D. Van Wagoner, of Birmingham is continuing to oppose his party's nominee for state highway commissioner, it was reported today.

Van Wagoner's objections to the candidacy of John C. Mackie, Genesee County Surveyor, were confirmed by the former state highway commissioner's onetime deputy in Detroit.

Varnum B. Steinbaugh, a consulting engineer who is aiding Mackie's campaign, said the objections centered around the Flint man's professional status.

Mackie is not a registered engineer. "As a professional man, Van Wagoner feels that registration is very important," Steinbaugh explained.

However, Van Wagoner at the Democratic convention two weeks ago further maintained that if elected, Mackie would undoubtedly face a lawsuit to test his right to take office.

★ ★ ★

He told The Pontiac Press then that although Mackie was a "good man" for the office, he was "professionally barred" by state statute. Van Wagoner was pushing for nomination of Thede C. Banhagel, Kalamazoo road construction man.

The State Supreme Court has refused to bar Mackie from the ballot as requested by the Michigan Society of Registered Engineers. The Oakland County chapter joined in the request.

Rain, Cool Weather Predicted for Area

The U.S. Weather Bureau predicts rain for the Pontiac area tonight, with a low of 44-48 degrees.

Occasional rain and cooler is the forecast for tomorrow. The high temperature will range from 52-56.

The lowest thermometer reading in downtown Pontiac preceding 8 a.m. was 38. The mercury rose to 64 at 2 p.m.

Beck Refuses to Clarify State of His Finances

President of Teamsters Says He May Invoke Fifth Amendment

SEATTLE (AP)—Is Dave Beck a millionaire, as he oft-times has been described?

The Teamsters Union president wouldn't say yes and he wouldn't say no to newsmen here last night.

"It's as easy to say Beck is a millionaire as it is to say he has $200," said the voluble onetime truck driver in answering questions about his financial status as head of the nation's largest labor union.

Then, at his first news conference since his hurried flight home from Europe under the pressure of Senate investigators, he listed some of the real estate deals that he said had brought him a tidy fortune.

He did it while asserting that if the special Senate committee for investigating alleged labor union rackets tries to pry into his personal financial affairs, he is prepared to invoke the Fifth Amendment unless his attorneys advise him otherwise.

Beck said he had "much business" outside the union, much of it in association with other persons "far removed" from the union.

"I desire not to take the Fifth Amendment," he said, "but I might," if the committee questions him about personal finances.

WAITING FOR DATE

As to union affairs, including the union's purchase of his swank lakeside home for $163,000, Beck said he will be ready to testify freely "the minute they tell me of a date" to appear in Washington.

★ ★ ★

He insisted his record as head of the union and as a financier is clean.

But, he declared, any probing into his personal finances would affect other people — his associates and his wife — and "it is far removed from union affairs."

Of his good fortune in real estate, he said:

"I sold one tract at a profit of

Bill for New Judge Out of Committee

A compromise bill for a fifth Oakland County Circuit Judge was reported favorably out of the House Judiciary Committee in Lansing today.

It calls for election of the new judge in November, 1958.

Rep. Farrell E. Roberts, Republican of West Bloomfield Township, said he expects the county's six legislators will sponsor the legislation before the House.

The effort towards non-partisanship resulted in amendment of an original bill introduced by Rep. Leslie H. Hudson, Democrat of Pontiac. Hudson's bill called for a Democratic appointment in January.

Comb Plane for Bomb

AP Wirephoto

CARGO SEARCHED — Police and employes of Trans World Airline search a plane that landed in Philadelphia yesterday after TWA's New York office received an anonymous telephone call that a bomb had been put aboard one of its craft. The plane was eventually cleared.

But Nothing Found

5 Bomb Reports Delay 36 Planes

NEW YORK (AP)—Five bomb scares yesterday and last night caused five major airlines to search 36 planes in 10 cities in the East, Midwest and South.

No bomb was found but some 1,000 passengers encountered delays of up to an hour.

Trans World Airlines had 28 planes searched in a four-hour period after receiving a hoax call at its Manhattan ticket office in early afternoon.

One TWA Constellation made an unscheduled stop at Willow Run Airport near Detroit. State Police searched the plane and the luggage of 27 passengers and crew members, but found no bomb.

Twenty-two of the planes were searched at New York's two airports, Idlewild and LaGuardia, and at Newark, N. J.

Another five planes were ordered out of the air and told to land at their nearest airports. These planes set down at Philadelphia, Boston, Baltimore, Pittsburgh and Cleveland.

★ ★ ★

TWA officials swung into action after an anonymous young male caller telephoned this threat: "There's a bomb on your plane. You better get it off." Then the caller hung up.

Since no particular plane was singled out as the bomb target, TWA officials took all precautions.

American Airlines, on the basis of a telephoned threat received by its Philadelphia office, had one of its twin-engine Convairs searched as it landed here last night on a flight from Boston.

Mother to Carry Fight for Child to Higher Court

A British-born mother plans to continue her fight for custody of a 20-month-old child she has never seen.

Mrs. Nona Hill, 33, must appeal Monday's Circuit Court decision that Lauren Rae Lewis stay with the Berkley couple that adopted her.

Pontiac attorney H. Malcolm Kahn today said the mother "has every intention" of going to the State Supreme Court with her plea.

Mrs. Hill, who lives in New York City, contends her doctor and social workers persuaded her into giving up the child at the time of its birth in Detroit. She claimed she consented under duress at a time she was in poor mental and physical condition.

Senators Hear Union Officer From Portland

Documents on Finances Tossed Out 'to Make More Office Space'

WASHINGTON (AP)—Reginald (Reg) Mikesell, secretary-treasurer of Portland, Ore., Joint Teamsters Council No. 37, testified today that most of the financial records wanted by Senate racket investigators have been destroyed.

Mikesell was the first witness called on the 10th hearing day of the investigations into an alleged plot by some Teamsters Union bosses, public officials and underworld elements to control Portland vice profits.

Mikesell said that most financial records of Council No. 37 for the period from mid-1954 to mid-1956 have been destroyed—"to make more office space."

He said financial records for the period from 1937 to 1954 were intact.

Investigators said they expected William M. Langley, Multnomah County (Portland), Ore., district attorney, to be the day's major witness.

Langley, a Democrat, has been linked in prior testimony to an alleged plot of high Teamsters Union bosses to "take over Oregon law enforcement" and capture control over underworld profits.

He is under indictment in Oregon on charges of malfeasance and failure to conduct prosecutions.

Robert Kennedy, Senate committee counsel, said he expected to question an unnamed witness about "destroyed" Portland Teamsters Union financial records and to play at the open hearings approximately 40 minutes of tape recordings.

★ ★ ★

It has been previously testified the recordings were taken in secret by James B. Elkins, Portland gambler, when he suspected Langley and others were about to "double-cross me."

Another witness, due to be recalled briefly, was Clyde Crosby, Oregon Teamsters Union boss. He has denied much of Elkins' testimony about Seattle gamblers being sent to Portland by Teamsters bosses to take over control of the city.

Crosby testified the Teamsters Union paid hotel, telephone and airline travel expences for one of the Seattle gamblers, Tom Maloney, but said it was his own idea, not that of West Coast Teamsters czar Frank Brewster. Brewster is to testify tomorrow.

Ethiopia Said to Favor Bases

Nixon Pushes Request for Military Facilities; Aid May Be Extended

ADDIS ABABA, Ethiopia (AP) — Emperor Haile Selassie is reported favorable to a U.S. request for Ethiopian bases flanking Egypt—provided Ethiopia gets more American aid.

Vice President Nixon during his current visit has pressed the American request for an Air Force communications base and anchoring facilities at the Red Sea port of Massawa. Word of the American aims brought immediate reaction from Moscow and Cairo.

Russia was said to have warned Ethiopia it might get embroiled in a major war, alleging the United States wants to store atomic and hydrogen bombs on Ethiopian soil.

★ ★ ★

Egypt's President Nasser sent a special envoy to Addis Ababa before Nixon arrived, reportedly with an urgent request for the Emperor to visit Cairo. Nasser views the vice president's African tour as part of a concentrated U.S. attempt to isolate Egypt from her neighbors.

The American request, according to well-informed sources, included the right to anchor three warships at Massawa in peacetime and more in any common war effort.

MEMO TO CAESAR

Emperor's Mother Asks About Jesus

(Seventh in a Lenten Series)

Livia Drusilla, mother of the Emperor Tiberius, enclosed this note along with one of her son's communications to Pilate, governor of Judaea:

Often it has seemed to me that we know very little about the world we live in, and still less about the people we live among. Either we consider all others to have the same motives as ourselves, or we presume that we have unique sources of inspiration totally unknown to our friends and enemies.

★ ★ ★

Actually, I believe each of us to be different, completely and entirely.

I have attended many of the mysteries in the temples of Rome, yet have seen nothing so mysterious as the soul of man.

It is for this reason, I take such interest in the dispatches you have been sending about Jesus of Nazareth. Tell me: Now that he is becoming widely known in your province, does he follow the practices of any ordinary religion. Or does he seem to be a force unto himself?

★ ★ ★

In reply, Pilate wrote:

Cherished Livia: Your question, fortunately, is easy to answer. This teacher who has lately come into prominence in our province appears to follow the practices of the religion of his people at least as faithfully as we Romans go to our temples.

There is one difference. While we find it most convenient to merely attend our rituals and, bearing gifts, let the Vestals make certain sacrifices to the Gods, he exhorts his people to make personal sacrifice in the form of aid to the poor.

This in no way conflicts with the spirit of the religion which his people profess, but it does put a peculiarly personal responsibility upon the individual.

★ ★ ★

However, in writing of this I am beyond my depth. As your son knows, Pilate is a politician and a governor. I am concerned chiefly with what this man does with his strange and enormous powers over people, and soon I shall report more of that to your son.

In the meantime, so long as Jesus confines his approach to religion, I cannot see how that will have much effect upon the empire or any of us Romans who are masters of the world . . .

By the time he wrote his next letter, Pilate had changed his opinion somewhat.

Amend Charter Before Election

Pontiac Commissioners Pave the Way for Vote on May 20th

The City Commission passed two amendments to the City Charter last night which will pave the way for the proposed May 20 $4,350,000 general obligation bond issue vote.

★ ★ ★

Commissioners, in one of the two amendments, added the proposal of an additional mill to the city's tax rate which would be used to equip the Pontiac General Hospital addition, build a parking lot there, and finance a new sewage treatment plant.

The second amendment allows the city to call for the vote on the issuance of the bonds.

The issue is broken down into $1.5 million for the hospital needs, $350,000 for the 300-car hospital parking lot as required by ordinance, and $2,500,000 to finance partially the treatment plant.

★ ★ ★

City Manager Walter K. Willman has informed commissioners that the project would result in a mill-and-a-half tax boost. This would push the present $13.70 per thousand rate to $15.20.

PREPARED BY LAWYER

The amendments, passed unanimously, were prepared by Claude Stevens, Pontiac's bond attorney.

★ ★ ★

Willman explained that action was taken by resolution instead of ordinance, which is permissible under state law.

The manager said this, according to Stevens, would permit the city certain flexibility "how and when the bonds shall be due and payable."

He said under the regulations of the ordinance, one-thirtieth of the bond issue was due when interest was the highest.

★ ★ ★

The remaining portion of the $3,109,000 treatment plant will be financed by issuance of revenue bonds.

The half-mill to be added to the city's tax rate, along with the mill to be voted on, comes from an already approved millage vote for the hospital in 1954. The half mill was never levied, Willman said.

NEW BANK BRANCH — An open house observance today marked tomorrow's opening of the Pontiac State Bank's new branch office at 1305 Baldwin Ave. Scheduled to go into operation in the morning, the new office has two drive-up windows, safety deposit boxes and parking space for 75 cars. The open house, which began with a ribbon-cutting ceremony at 2 p.m., will last until 8 p.m. today. Services and regular banking hours will be the same as at the main office, according to Manager Harold Keith.

They Reject Normal Procedure, Say Trustees

Expect 6 Doctors to Sue Hospital

Trustees of Pontiac General Hospital today said six doctors who have threatened a law suit against the city hospital have refused to follow normal procedure to settle grievances, and will probably file suit Friday.

★ ★ ★

"We have as yet received no written demands of their grievances," Edward P. Barrett, member of the hospital's Board of Trustees, said this morning.

He said he had received an "ultimatum" yesterday from the six doctors' attorney, William John Beer, stating that if the differences are not settled by Friday, a suit would be filed.

Beer refuted hospital officials' charges that his clients had done nothing to settle grievances. "Every reasonable effort has been made to resolve grievances without success," he said.

ATTEMPT TO STOP

The suit, which was to be filed last month, was to be an attempt to stop Miss Lauretta Paul, hospital director, from enforcing local rules, which, the suit said, "prohibited plaintiffs from the full and unrestricted use of their licenses . . . to practice medicine and surgery."

★ ★ ★

Barrett this morning said the six doctors, general practitioners at Pontiac General, had agreed Feb. 18 "to go back through procedure and present written proposals on what individual relief they wanted."

"They have not taken any of these steps," Barrett added.

SAID OUTLINED

He said it was outlined in the constitution and by-laws of the hospital that if doctors had grievances they should first go to the credentials committee.

If not settled here, the doctors have the right to appeal to the executive committee of the staff, the entire staff, and finally to the Board of Trustees.

The doctors listed in the suit are Drs. Leonard Blackwell, Robert W. Albrecht, Douglass A. Haddock, Maolin Han, Rodman C. Jacobi and Roy V. Cooley, also a city commissioner.

★ ★ ★

"They have not seen fit to submit anything in writing either to the credentials committee, the staff, or Board of Trustees," Barrett, a Pontiac attorney, said.

He said he had heard the doctors were seeking "probationary major surgical privileges without limitations."

"No one is ever going to get that," he asserted.

William P. Babcock, chairman of the board, said the rules and regulations in question were in force at all area and state hospitals.

The body is at Sparks-Griffin Funeral Home.

House Debates Police Measure

Rep. Anderson Opposes Bill to Ease Public Vote on 40-Hour Week

A bill to allow local establishment of a 40-hour week for policemen was up for approval before the House in Lansing today, despite objections by Rep. Lloyd L. Anderson, of Waterford Township.

★ ★ ★

The measure would provide eight-hour days and overtime pay for all officers except supervisory personnel in cities of over 10,000 or more population.

Passage would not affect Pontiac police, who have worked under these conditions several years.

The dispute came yesterday over an amendment that would authorize a public vote on the proposal in each city if 51 per cent of police department employes petitoin for it.

SUBSTITUTE AMENDMENT

The amendment was passed in place of a substitute amendment proposed by Anderson, who called for a public petition for the vote.

Anderson complained that the measure as it stands would permit as few as five or six policemen to force a referendum in smaller cities.

★ ★ ★

A number of cities, as well as the Michigan Municipal League, have opposed the bill on grounds it would violate "home rule" provisions and work a hardship on city governments.

GM Official to Talk to Advisory Council

A General Motors Corp. official from Flint will be guest speaker tomorrow night at the quarterly meeting of the Greater Pontiac Advisory Council at 8 in the City Hall.

★ ★ ★

Ronald O. Warner, operating manager of a division of Chevrolet Motor Division and president of the Flint Council of Social Agencies, will speak on the work of the council and his role in it.

Following the talk Warner will moderate a panel discussion with four members of the Pontiac council who recently attended a Conference of Community Welfare Council leaders in St. Louis.

They will discuss the job of community councils in communities and how they get their jobs done.

★ ★ ★

Panel members include David E. Utley, member of the Executive Committee of the local council, Glenn H. Griffin president of the Community Chest of Pontiac, Arthur Heaton, Red Cross and county CIO council leader and, Robert Langer assistant director of the Pontiac Area United Fund and consultant for the advisory council.

The public has been invited to attend the meeting in the City Commission chambers of the City Hall, 35 S. Parke St. Questions and discussion from the floor will be entertained.

Flails Through Ice, Cold Water to Rescue Dog

A Pontiac man flailed through ice and freezing water twice yesterday to rescue a drowning dog, as some 75 passing motorists cheered encouragement.

★ ★ ★

Ray Wilson, 36, of 59 Monroe St., failed to reach the boxer, "Rusty" on his first attempt yesterday, as the dog floundered in ice of Hadsell Pond, near St. Joseph Mercy Hospital.

★ ★ ★

Wilson, an automotive engineer with Fisher Body in Detroit, was driving along Woodward Avenue at 5 p.m. when he saw the dog plunge through the ice.

★ ★ ★

According to witness James Vickers, 259 S. Jessie St., Wilson failed in his first attempt to reach the dog, but succeeded with a rope tied around his waist on his second try.

A hot shower in a nearby home fixed up Wilson, and Rusty's owner, John Livingston, 71 West Berkshire Rd., Bloomfield Township, said his dog was full of pep today.

Jury Commission Not on Ballot

With a legal battle called off, there was little liklihood today that the question of a county jury commission would appear on the April 1 ballot.

★ ★ ★

The Board of Governors of the Oakland County Bar Association vetoed proposed court action against the board of supervisors. Verne C. Hampton, association president, said "there's probably a saner approach than legal action."

The step had been proposed by Pontiac attorney Mitchell L. Bacow, who heads the association's committee for the commission. Bacow today admitted there seemed to be no legal way to force the question back before voterr.

The Board of Supervisors last week withdrew the issue, an action that reversed a January decision placing the association-sponsored proposal on the ballot.

Bacow, who termed the withdrawal "not in the best interests of Oakland County," regretted that "having explored all the possibilities, we've decided there's nothing that can be done from a legal standpoint."

Unless supervisors change their minds, the proposal will not appear on the ballot in the coming election.

Bacow, as champion of the idea, announced he intended to push plans to petition for the commission at the next election, an action over which supervisors would have no control.

Supervisors defended their decision, saying that the original okay was "hasty," and that more study is needed concerning the type of commission proposed.

It called for a three-man, nonpartisan body to select jurors on a county-wide basis. Under the present system, supervisors prepare lists of potential jurors from each Oakland County community.

Removal of the jury commission proposal means that no county issue remains on the ballot.

Ex-Pontiac Officer Dies While Driving

A former Pontiac patrolman, Ray E. York, 56, died of a heart attack Tuesday while he was driving in the Great Smoky Mountains near Gatlinburg, Tenn.

Pontiac Police records reveal that York, who was a detective with the Detroit police at the time of his death, was a patrolman in Pontiac from 1925 through 1929.

Tennessee police said York's wife, a supervisor of nurses at Detroit's Mt. Carmel Mercy Hospital, avoided a wreck on the narrow mountain road when she reached over from the back seat and turned off the ignition.

York, his wife and a friend, Miss Mary Eileen Holleran, a nurse who lives with the couple at 19490 Rosemont Ave. Detroit, were en route to Florida for a vacation.

'Sweater Girl' Draws 30-Day Sentence Here

A Highland Park teenage girl, charged with obtaining goods from a local store under false pretenses, pleaded guilty at her arraignment yesterday in Pontiac Municipal Court.

Marilyn Bernice Molyneaux, 19, was sentenced to 30 days in Oakland County Jail by Municipal Judge Maurice Finnegan, after she admitted giving false information to secure credit for five sweaters valued at over $38.

She was arrested by Officers Donald Lee Russ and Hal B. Mercer at the local store Saturday after a complaint was made by Delbert M. Raymon, security manager for the company.

Dragging River for Small Boy

Fear Bruce Cope Fell Into the Rouge; 150 Men Work on Rescue

DETROIT (AP)—Little Bruce Cope came in from playing late yesterday afternoon. He got a toy telephone and went back out.

★ ★ ★

Half an hour later his worried mother, unable to locate her 2½-year-old son, called police.

Small footprints were found on the banks of Rouge River near the Cope home. Policemen, firemen, civil defense workers and volunteers began a night-long effort to find the boy.

Bruce's parents, Mr. and Mrs. Clarmont Cope, stood and waited on the front porch of the house they moved into two years ago because it was close to the Redford Township Park through which the small river flows.

Bruce's brother Dennis, 12, and his sisters Evelyn, 9, and Marilyn, 5, went to friend's houses to spend the night.

★ ★ ★

Rouge River is about 20 feet wide and five feet deep at the point where small footprints were found the size and shape of Bruce's shoes.

About 150 men joined the dragging operation. Police sirens and searchlights drew a crowd many times that size that just stood and watched.

Ben-Gurion Warns of Possible Warfare

(Continued From Page One)

reached Israel the Premier told Parliament:

"I must express surprise at Bunche's statement that the U.N. Emergency Force is in Gaza with the agreement of Egypt.

NOT EMPOWERED

"The Egyptian dictator is not empowered to agree or disagree to this since he ignominiously was expelled from the strip.

"The Egyptians originally took the strip through violation of the U.N. Charter and the Security Council."

★ ★ ★

The new crisis arose Monday when Nasser, without consulting U.N. officials, announced appointment of a governor for Gaza and said Egypt proposed to restore its administration of Gaza "immediately."

Bunche said today after talking with Nasser that basic U.N. troop responsibility "is to spread along armistice lines and stand between the conflicting parties." He said the troops are now doing that.

★ ★ ★

Bunche said the U.N. has no intention of "internationalizing" the Gaza territory and he stressed that to Nasser.

FRIENDLY TALK

He described his talk with Nasser as "friendly and helpful" and said he impressed on Nasser the UNEF has no formal administration in Gaza.

Ben-Gurion's own political life is at stake if an Egyptian governor and administrators return to Gaza, especially if a brigade of soldiers also arrives.

Says Salk Vaccine Shortage Won't Last

LANSING (AP) — The shortage of of Salk polio vaccine in Michigan will be only temporary, Gov. Williams said today.

"Reports of a temporary short supply of the vaccine should not deter Michigan citizens from getting themselves and their families protected against polio," the governor said.

★ ★ ★

"Suppies of vaccine remain in the hands of doctors and health authorities and until these are exhausted there is no reason for anyone to delay inoculation. Production of the vaccine will be stepped up immediately, and any shortage is going to be temporary."

★ ★ ★

Williams said the state health department has stressed that it is particularly important that children who have received one or two shots be given the second and third shots without delay so as to get complete protection.

★ ★ ★

As of Jan. 1, he said, about 80 per cent of the state's children in the 1 to 14 age group had received their first dose. But only 55.5 per cent had received the second shot and only 13.1 per cent the third shot.

Unoccupied Cottage Destroyed by Blaze

Fire destroyed an unoccupied cottage on the south shore of Pleasant Lake, in Waterford Township, last night.

Residents on the north shore spotted the raging blaze at 9 p.m. Waterford firemen were unable to save the building, at 300 Wark St., but did prevent a cottage next door from burning.

The razed cottage belonged to the Bond Saunt Club of 244 Fischer Ave., Detroit. The loss was estimated at $3,000 by Bud Goff, assistant fire chief, who said the cause was unknown.

The Day in Birmingham

Board Asks Tax Boost for Rising School Costs

BIRMINGHAM — School enrollment and operating costs are rising faster than the tax base in the Birmingham School district, the co-chairman of the Citizen's Committee on Education said this week.

★ ★ ★

William E. Kegel explained why the independent committee recommended that the board of education ask voters to approve an increase up to 2.5 mills in the special operating levy.

He explained again that the previous 3.5 mill levy had expired Dec. 31, leaving the district with only a 9.32 allocation from the county 15 mill limitation for operation.

TO ASK ADDITION

A special election set for March 25 will not only ask for reinstatement of the 3.5, but the addition of the 2.5 levy.

Projections for the future indicate that school populations will continue to rise with an increase of more than 12 per cent for next year.

Kegel pointed out however that valuations are expected to rise only about 10 per cent.

★ ★ ★

City commissioners are notifying Mrs. Geraldine Schubeck that the playground proposal will not be acceptable since the entire area is not city-owned.

Mrs. Schubeck had suggested the area behind the Bower Street station be used for a neighborhood playground.

Commissioners explained that the firemen will need their area for an equipment turnabout space and the training tower which will be erected soon.

★ ★ ★

A tentative date has been set for 9 a.m. Saturday when city commissioners will hold a special meeting to review the 1956 police report.

★ ★ ★

L. R. Gare, director of public works, has been named as superintendent of the Birmingham Water Dept.

★ ★ ★

Hickory Grove PTA meets at the school at 8 p.m. Thursday to hear Harold Abrams, special education consultant of Oakland County, discuss his work. Slides will illustrate the program.

First and second graders will present a musical program and plans for the Hickory Holiday Fair will be announced.

★ ★ ★

Mrs. Herbert Masters, 888 Ann St., will be hostess at the 1 p.m. potluck meeting of the Franklin Cemetery Assn. Mrs. Donald Brownlee will show colored movies of other meetings the group h heid.

★ ★ ★

Mrs. Hector Sandoval

The former Hazel Leonard, Mrs. Sandoval, 61, of Manistique died at Schoolcraft Memorial Hospital Monday. A former resident of Birmingham, she was a member of the First Baptist Church here.

She is survived by her husband; her son, Staff Sgt. Patrick Sandoval, USAF, Calif.; three daughters, Mrs. Roderick Gable of Detroit, Mrs. Henry Henderson and Mrs. John Eberly, both of Birmingham; a brother, Harold Leonard and a half-brother, Allen Wharfield, both of Manistique; one sister, Mrs. Herbert Strasler of Birmingham and a half-sister, Mrs. Maude Phillion of Manistique, and 13 grandchildren.

Service will be at 1 p.m. Friday from the Manley Bailey Funeral Home, with burial in Roseland Park Cemetery, Royal Oak.

THOMAS F. WIETHORN

Industrialist Heads Michigan Week Here

Thomas F. Wiethorn, manager of Pontiac's Fisher Body plant, has been named Oakland County chairman for Michigan Week, according to Robert B. Semple, regional chairman.

The annual event will be celebrated May 19-25. Purpose of the celebration is to focus attention on Michigan's industrial, agricultural and recreational facilities.

Wiethorn, a resident of 3801 W. Lincoln Dr., Birmingham, has been manager of the local plant since last year. He joined Fisher Body in 1940.

Dave Beck Parries Financial Questions

(Continued From Page One)

$130,000. The Teamsters had nothing to do with that.

"I sold business district property at a profit of over $200,000. The Teamsters had nothing to do with that.

"I invested in the Grosvenor House (one of the city's big, new and swank apartment houses). The Teamsters had nothing to do with that."

★ ★ ★

Beck gets $50,000 a year as general president of the teamsters, but he commented:

"I actually am working for nothing," because, at 62, he qualified last June for retirement at full salary.

ANOTHER TERM

But he declared he "positively" intends to seek another term.

The Senate committee has indicated a desire to quiz him on reports that unions funds may have helped pay for building the home which the union bought from him and now provides rent-free and tax-free.

★ ★ ★

Beck's retort: "There is no iota of truth to it."

The New York Times quoted Beck today as saying he will ask the Executive Board of the International Brotherhood of Teamsters to appropriate at least two million dollars to "intensify our organizing and strengthen the union."

A Seattle dispatch to the Times said Beck indicated this move would be the union's reply to the Senate investigation.

Few Drys in This Jail

MONROE (AP) — The Sheriff's Department radio transmitter was out of service for a time Monday and jail records were soaked in a flood at the Monroe County Jail. Water overflowed from a blocked basin in a second floor cell. It took trusties two hours to mop up.

Royal Oak Newsman Named Press Aide

Oakland County Congressman William S. Broomfield of Royal Oak has named a former newspaper reporter as his research and press assistant.

He is Roy A. Gast, 31, of 2463 Thomas St., Berkley. Gast was formerly on the staff of the Royal Oak Tribune. He was graduated from Michigan State University in 1951.

Broomfield said the new post "will provide a closer link between Oakland county residents and Congress."

Hold Man in Robbery of Cabbie at Knifepoint

O. C. Truett, 29, of 22 Rockwell St., charged with robbing a taxi driver at the point of a knife, pleaded innocent Tuesday and was committed to the Oakland County Jail pending examination March 20.

★ ★ ★

He failed to furnish the $500 bond set by Municipal Judge Cecil McCallum.

★ ★ ★

Truett was arrested early Sunday morning by Detective James H. LaPonsie and Officer Gerald Navarre, after a complaint was made by Walter Millegan, 114 Center St., cabbie for Yellow and Checker Cab Co., 101 W. Huron St.

Slow Boat for Rest and Sun

Ike to Sail for Bermuda

WASHINGTON (AP)—President Eisenhower disclosed today he will take a slow trip on a Navy cruiser to the Bermuda conference in hopes of clearing up his head cold and ear infection.

Eisenhower told his news conference he had been thinking of going to Florida for several days and had had many invitations to visit that state.

But he said he has now decided to go by ship to Bermuda, where he will meet Prime Minister Macmillan of Great Britain on March 21.

Eisenhower said that if he can clear his desk in time he will sail tomorrow night from Norfolk, Va.

He said a few days aboard ship would not require setting up a new communications system with Washington as would have been necessary if he had gone to Florida.

Even Patrice Munsel Must Leave Islands at Dusk

San Blas Indians Scorn Civilization

By PHYLLIS BATTELLE

SAN BLAS ISLANDS, Panama (INS) — Patrice Munsel is an opera singer of considerable beauty and fame, but it didn't impress the natives. She was forced to leave these islands at dusk like everyone else.

* * *

Miss Munsel did not look the least bit beautiful to the San Blas Indians. She did not have the prime requisite of exquisite womanhood — a gold ring in her nose.

What's more, she was dressed in the garb of the curious world of civilization, and the San Blas Indians, with the gold rings in their noses and the cold glints in their eyes, have managed for centuries to keep civilization away from their happy huts.

Their islands, hundreds of tiny coral clusters no larger than a city quare, lie only 20 minutes as the sea gull flies from Panama City. Yet here is an almost entirely primitive world which would defend to the death its right to privacy.

* * *

Since its islands are good for nothing but coconuts or basking in the sun, no civilized nation has ever contested the San Blas' wishes. Except for an occasional tourist or trader who lands on their sandy shores, they are untouched by the modern world.

ALLOWED TO ROAM

Miss Munsel, a typical tourist to them, was allowed to roam their islands during the day. But like all tourists, she was surrounded by stern, dark faces as the sun dipped toward the ocean.

* * *

The unofficial law of the islands is that visitors must leave before nightfall under penalty of — nobody is certain what. Everyone prefers to observe the law rather than to chance being killed by curiosity.

"As long as they are left alone, they are friendly," the Panamanians tell you "— so leave them alone, eh?" (The last time the San Blas got annoyed at extra-island interference was in 1923, when they rose up against the Panamanian government and massacred 200 officials. Panama has deep respect, now, for their primitive independence.)

The San Blas Indians are one of the few genuine matriarchies left in the world. Women run the household, and men obey. Grandma is the boss of all she surveys and it is she who is frequently paddled to the mainland to sell or trade coconuts, their chief source of livelihood.

* * *

Medicine men still control the health of the islands, mixing up black brews of herbs and grated snake bones. One slick medicine man cured a patient of laryngitis by feeding him herb tea into which he had stirred, and then strained out, old phonograph needles obtained from the mainland.

REGULAR REMEDY

He had observed that phonograph needles brought sound out of stillness, and presumed they would return a man's voice. With beginner's luck, the brew worked and is now regularly in use.

* * *

As in all good matriarchies, it's the men who do the sewing. When a couple is married, the husband goes to live with the bride's family and he does what his mother-in-law asks him to do.

The first act, after the ceremony, is usually a visit to the jungle where the bridegroom must cut down a fair-sized tree and lug it home to his wife's family as evidence that he's willing to take on the work of that household.

The primitive life is not all work and despair for men, however. If a man becomes unhappy with his wife — and her family — he need only swim a few yards to another island and try again.

* * *

And the Indian's conscience needn't bother him, either. For the San Blas believes that after death, one goes to one of several heavens. He knows no hell.

Middle Eastern Conflicts Still Center Upon Israel

By JOHN H. MARTIN
INS Foreign Director

For five straight months now top news in the world press has revolved around a New Jersey-sized state led by a white-haired, apple-cheeked, 70-year-old leader.

The state of Israel and its vigorous leader is Premier David Ben-Gurion, who came out of Poland to become the foremost champion in the Zionist drive to recreate a state in the ancient Jewish homeland.

Other issues, of course, contribute to the Middle Eastern turmoil — East-West political struggles, oil, communications, geography and trade through the Egyptian-seized Suez Canal.

But at the center of the conflict is Israel, a tiny state surround, except for its Mediterranean flank, by a hostile Moslem world.

* * *

The Arab nations, led by Egypt, never have recognized Israel and are determined to crush the state which is only 8,048 square miles in area and whose 1,850,000 population is swollen even more by expulsion of Jews from Egypt and an exodus from Communist-ruled lands behind the Iron Curtain.

YEARS OF CONFLICT

Isreal was proclaimed a state May 14-15, 1948, after years of conflict between mandate-holding British and the Jews. The British gave up their mandate the following spring — and six Arab nations struck.

* * *

A British-trained Jordan army carved out a big slice of Palestine west of the Jordan River. Egypt nabbed the bit of Palastine known as the Gaza Strip. But Israel, without a formally organized army, defeated the invading Arabs and the 1949 U.N. armistice resulted.

In the onslaught against Egypt — almost four times the size of Israel — the Israeli army inflicted a stunning defeat in the October - November strike last year.

The United States has been the chief backer of Israel's creation and its main economic prop ever since its establishment.

It has used its influence to get Ben-Gurion to order the Israeli withdrawal from the Gaza Strip, former base for Egyptian commando raids on Israel, and from the banks of Tiran Strait on the sourthern end of the Sinai Peninsula.

SHOWDOWN IMPLIED

Israel is withdrawing on the "assumptions" that Gaza never again will be used by Egyptian aggressors and that the Tiran Strait will be free for Israeli and world shipping.

* * *

This implies an eventual showdown between the United States and the Arab world, particularly Egypt, and thrusts a big responsibility on American policy-makers.

That is, unless, in Ben-Gurion's words, the Arabs realize that "Israel cannot be wiped out and destroyed."

NEW YORK — Telegraph cables have been operating under the North Atlantic Ocean since 1858. Today there are 20 of them.

Army Testing Out Virus-Cold Vaccine

LOS ANGELE (AP)—A vaccine against virus-produced colds is being tested on 10,000 soldiers, says Maj. Gen. James P. Cooney, deputy surgeon general of the Army.

* * *

"On the first 300 recruits, the vaccine showed a 90 per cent efficiency," Cooney told an alumni convention of the College of Medical Evangelists.

* * *

The vaccine is being developed, he said, in an effort to knock out a specific virus that affects 8 out of 10 recruits each winter. If the tests prove successful, he added, the vaccine will be made available to civilians.

Expect to Meet Deadline

Wixom Charter Group Meeting on Thursday

WIXOM — Reporting on the current status of a village charter now being drawn up for Wixom, Kenneth S. Rocker said that continued progress was being made and the April 13th deadline will be met.

Rocker, serving s chairman of the Charter Commission which was elected at a special election on Feb. 5, outlined the procedures that must be taken before the charter is brought to a vote.

The first step is to present the proposed charter to residents of the area before the 60-day deadline. Next, the charter will be revised as necessary to include any changes requested by the public and approved by the Charter Commission.

Third step would be to deliver the charter to the Attorney General for approval. Then the charter will be sent to the Governor for signature.

As soon as the charter is signed by the Governor, the election machinery will be set in motion. Residents will approve or disapprove the charter at a special election.

★ ★ ★

The Charter Commission met four times last week and again on Monday. Next meeting is slated for Thursday evening at a member's home.

House to Vote on Water Bill

Plan Would Let Detroit Increase Rate to Meet Cost of Extensions

Another hurdle was cleared yesterday for a bill before the State House of Representatives which would provide increased water sources for Oakland County.

★ ★ ★

Pontiac's Rep. Leslie H. Hudson, who proposed the bill, said it cleared a general pro and con discussion "without anybody raising any objection about it."

The bill will be put up for possible passage before the House tomorrow, Hudson said.

The bill would allow a city such as Detroit to charge more than double those prices paid by Detroit customers, but still less than the total cost of water paid for by most Oakland County consumers.

★ ★ ★

The bill would be a step toward solving water needs in Pontiac and surrounding communities, Hudson said.

He said that in yesterday's discussion, a Taylor Township representative questioned what affect the bill would have on present users of Detroit's water.

The bill would amend the present law, Hudson said, under which Detroit can only charge outside users double the present price of 62 cents per 1,000 cubic feet that Detroiters pay.

More than doubling the rates for outside communities would pay for the extension of mains, not possible under the present double rate of $1.24 per 1,000.

File 9 Petitions for Three Posts

Mayoral and 2 Seats Open for Election in Pleasant Ridge

PLEASANT RIDGE—Nine candidates have filed petitions for mayor's post and two seats on the city commission here. Residents will go to the polls April 1.

Candidates for Mayor Neil E. Warren's post are: F. M. Hawley, former city commissioner Wendell E. Morris, and G. Norman Gilmore.

Warren, recently appointed mayor by the city commission at the death of former mayor Arthur C. Kuhn, will not seek re-nomination.

Candidates for the two commission seats are incumbent C. Stanley Johnson, John R. Noyes, John C. Martens, Mrs. Millard Newcomb, and Bartram D. Lewis.

★ ★ ★

For justice of the peace, incumbent Charles R. Moon is unopposed.

Borrowing Approved by Finance Group

Among the latest borrowing proposals approved by the Municipal Finance Commission is $750,000 by the school district of Berkley, for new school buildings, additions and sites. The issue would be the third series under a total borrowing authorization of two million dollars.

The second is $150,000 to be received by the Clarkston Community School District for new school buildings, additions and sites.

Wolverine Lake will receive $18,000 in special assessment bonds for road improvements.

Double Trouble Now— Yul Brynner Haircut!

CALDWELL, Idaho (AP)—Director John Sollers had so much trouble, because of illnesses and scholastic difficulties, in filling out the cast for the College of Idaho production of "Ten Little Indians" that he tapped a freshman, Lenn Messman, for the part of a young British speed demon.

Then Messman went to see the movie "Anastasia" — and showed up for rehearsal the next day with a Yul Brynner haircut.

Sollers' is now wondering whether to order a toupee for the freshman, or start holding tryouts for the part again.

Port Huron Ups Tax

PORT HURON (AP)— Port Huron voters boosted their property tax millage for school operations Tuesday in a local election. They okayed, 1,406 to 198, a proposal to continue for three years the current one-and-a-half mill rate and add an extra half-mill per thousand dollars of assessed valuation to meet increased school costs.

Brandon to Form Group to Probe School Situation

BRANDON TOWNSHIP — A Citizens Committee will be formed in the gymnasium in Brandon Township School at 8 tonight. The group will be made up of two representatives of each of about 28 organizations here. They will investigate and report to the Board of Education as to whether the school will operate in the red or whether more money will be necessary to carry on the present program.

The meeting was called after the additional six mill tax was voted down here recently.

The session is open to the public.

Pick 2 Sites for Building

Area Methodist Church May Construct New Edifice Parsonage

LAPEER — At a recent congregational meeting of unusual importance in the Monroe Street Methodist Church, the Rev. Raymond Lamb, pastor, presented an analysis of the problems confronting the congregation at this time.

★ ★ ★

It was voted to discontinue the remodeling plan of the present church in favor of buying a new location on which to build a church and parsonage. The vote was Yes: 92 and No: 14.

Two locations are under consideration. A verbal option has been secured on one property where sewage and water is available.

A written option has been secured on an equally desirable location. Both properties are within the city limits and both comprise approximately five acres in size.

★ ★ ★

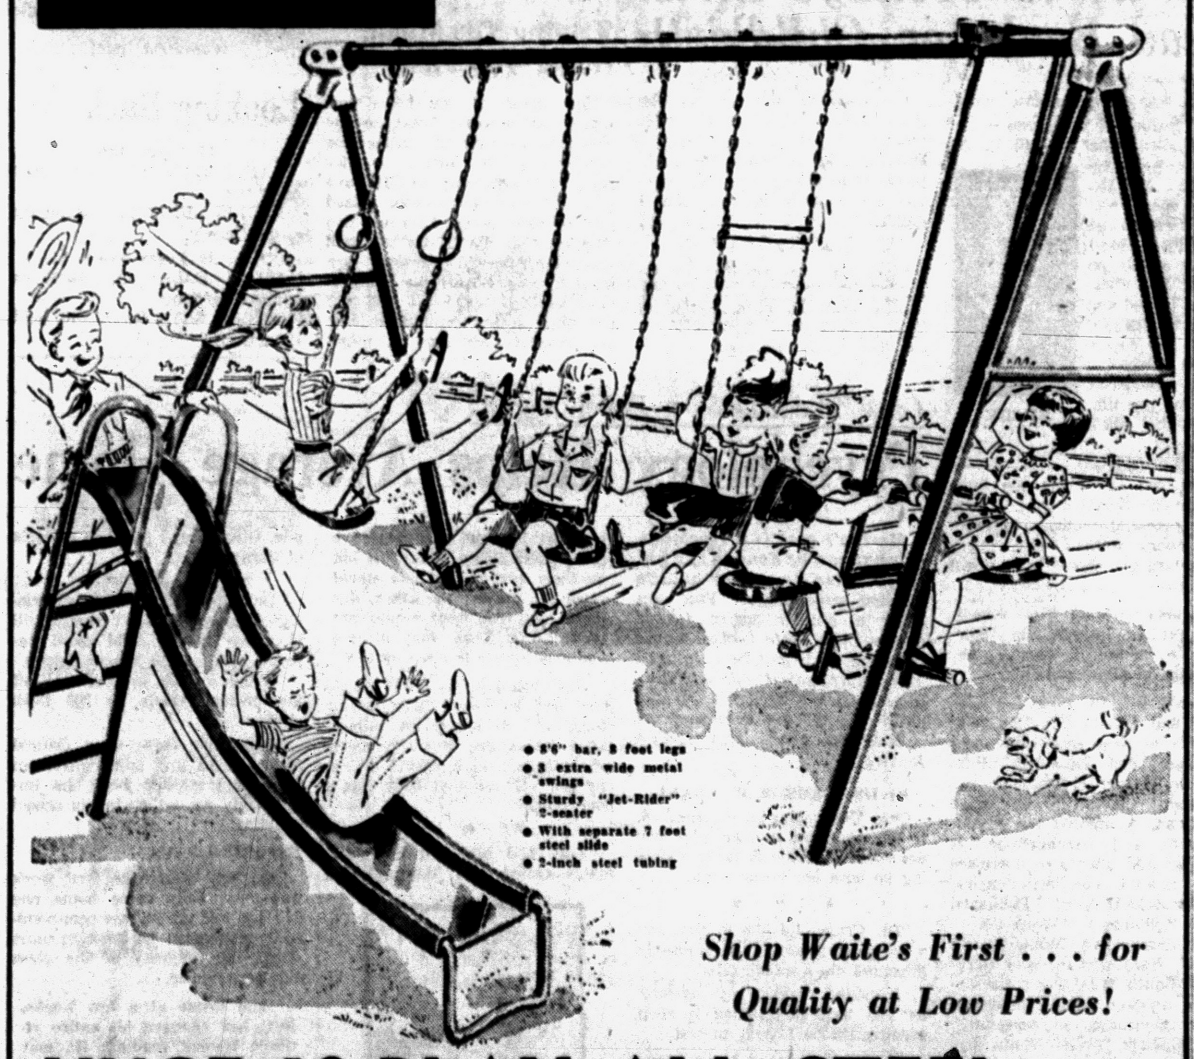

On Thursday the District Property Location Committee of the Port Huron District will be present with Dist. Supt. Arthur Smith to investigate and make recommendations as to the acceptability of the sites under consideration.

Downtown Facelifting Concerns Entire City

One part of Pontiac's current modernization program concerns a section of downtown.

Some time back, the City virtually cleaned out our "skid row" and did a creditable job. Women can walk along that section now without becoming conscious of leers and without hearing indecent language. The bums have been eliminated or dispersed from mass formations.

★ ★ ★

At the same time, in common with cities all over the nation, Pontiac's downtown faces a new era. Shopping conditions can be improved. Parking can be stepped up and made easier. The downtown segment should be cleaner and more attractive. We need more new and modern fronts.

★ ★ ★

As a rather comprehensive solution to many pressing problems, it has been suggested that several blocks of Saginaw Street on the west side be torn down completely. In their place would arise a really modern, challenging shopping section. This would be marked by new stores, ultra-modern fronts and so much parking space the customers would break into Grade-A smiles.

★ ★ ★

This isn't a local problem.

All cities face its counterpart.

To the north, our good neighbor, Flint, has raised a considerable sum of money to engage a firm of experts to help them improve downtown conditions. Many of the largest cities in the nation have been studying the "downtown angle" as people and business have de-centralized. No solution will appear quickly or lightly, but it deserves the thought and study of everyone concerned, including the City fathers. They have a stake in proceedings along with the merchants, for values lessen when trade shifts.

Their taxes recede with them.

One inevitably follows the other.

★ ★ ★

Hence the entire community has a big interest in how the current problem is solved. The new Downtown Merchants Association feels that the proposed highway just a few blocks west of Saginaw Street would prove of great value to the stores in the center of the City, in addition to serving the County and the whole State. It would facilitate traffic in all directions and help bring outsiders here because of the ease of reaching the center of Pontiac. Then, in case of bombing, it would constitute a huge avenue for evacuating the City.

★ ★ ★

The Chamber of Commerce expresses faith in the proposed road. Pontiac was never "laid out" for its present size. The original trails and streets were predicated on a village. Furthermore, no cities were ever built with a realization of what traffic would be today. The number of vehicles has exceeded anything anyone ever dreamed.

Our "downtown" problem concerns the entire community.

Congress Approves Eisenhower Doctrine

Now that the Eisenhower Doctrine for the Middle East has received Congressional approval, the way has been opened for bringing stability and security to that area.

★ ★ ★

Most of the delay was not so much opposition to the bill as it was a means of pressuring the Administration to refrain from sanctions against Israel. There never was any doubt that Congress would approve the principle of protecting our friends.

★ ★ ★

The President thus is "empowered to employ the armed forces of the United States as he deems necessary to secure and protect the territorial integrity and independence of any nation or group of nations requesting such aid against overt armed aggression from any nation controlled by international communism."

★ ★ ★

While the Doctrine doesn't guarantee solution of Middle East problems, it warns the Soviet Union against military interference. It also offers protection and help to various countries which need economic co-operation to solve their problems and preserve their national independence.

The Eisenhower Doctrine is welcomed in both its military and political aspects by all Arab countries except Egypt and Syria, which are aligned with the Soviet Union.

★ ★ ★

With the adoption of this resolution on the Middle East and withdrawal of Israeli troops from Aqaba and Gaza, there is a cautious air of optimism in our State Department.

The Man About Town

To Join the 50,000

Pontiac Area Boy Scouts Booked for Nat'l Jamboree

Most dangerous ages: Woman's middle flirties and man's late naughties.

Although the event does not take place until July 12-18, the Pontiac area already has closed its reservations for the Fourth Annual

National Boy Scout Jamboree

at Valley Forge, Pa. The quota for

Clinton Valley Council

which comprises most of the area of Oakland and Macomb Counties, including the cities of Pontiac and Mt. Clemens, is 80 Scouts, and it has been filled. It was made on the basis of over 8,000 Scouts now in good membership in the local council.

In charge of the arrangements is a committee headed by

Mason Case

of Rochester, who states that the boys will make the trip in special railroad cars from Detroit, and will be accompanied by seven leaders selected from local troops.

These boys already have made their advance payment, and no more reservations can be accepted, unless there are cancellations.

The National Jamboree is the biggest thing in Boy Scouting. It is held every four years, and attended by over 50,000 Scouts. It was at Valley Forge eight years ago, which proved to be an ideal spot, with its wonderful historical background. The last such event was on a big ranch near Los Angeles.

Detroit and Oakland County young people are different. A Detroit paper recently stated that in applying for marriage licenses there, the gals did most of the talking. According to

County Clerk Lynn D. Allen,

such is not the case here, where both usually join into the spirit of the occasion. Occasionally there's a speechless prospective groom who needs some feminine assistance, but it usually is a 50-50 proposition.

Chairman of the Oakland County Board of Health,

Dr. Ethan B. Cudney,

states that we are making better progress in keeping pace with our development toward improved health standards than some other areas that are not growing so fast.

The various projects of the Huron-Clinton Metropolitan Authority are preparing for the biggest crowds ever. According to

R. C. Cummings,

local authority director, its Kent Lake Park should break all records for the entire state in 1957. It had over 100,000 on some days in 1956.

Word comes along from

Al Weber,

spending the winter near Los Angeles, that they're out of the smog district, and everything in his location is favorable.

Good Idea!

David Lawrence Says:

GOP in Congress Right Behind Ike

WASHINGTON — Fully a week has gone by since the Senate passed the Eisenhower Doctrine resolution and the vote revealed a serious cleavage inside the Democratic Party. But this correspondent has noted a curious silence in the press dispatches on the fact that such a split has occurred.

If the Republican Party had divided in the same way and a substantial number of Republican votes had been cast against the resolution, the air would have been filled for several days with outcries about the "failure" of the Eisenhower leadership and about the new strength of the so-called "isolationist" or "right wing" bloc in Congress.

LAWRENCE

But it so happens that 43 Republicans supported the Eisenhower Doctrine resolution in the Senate and only 4 were against it. This is remarkable unanimity and a tribute to the Eisenhower leadership.

It so happens, on the other hand, that, although the Democrats control the Senate, only 31 Democratic senators voted for the resolution and 18 were recorded as against it.

ISOLATIONIST WING

Does this mean that the Democrats now have an "isolationist" wing in the Senate and that the Republicans have abandoned their "isolationism"? If so, American prestige abroad—which we have been told "has sunk low" during the Republican era because of a fear of Republican isolationism—must be bouncing back upward.

Or is there a nervousness now in Britain and France and grave concern over the "isolationist" wave in the Democratic Party which might bode ill for the whole foreign aid program in Congress this year?

Again and again during the last campaign, the country was told by Democratic Party spokesmen that the Republican administration should not be returned to power because it could not command a united party. Again and again Adlai Stevenson hammered away at that theme, and many of the so-called "liberals" took it up in their writings.

CONTROL PARTY

Much was said, too, to the effect that President Eisenhower wouldn't be able to control his own party in his second term because he wouldn't be running again and couldn't be of further use to Republican candidates in future elections.

But it turns out that something sensational has happened. Never before has such unanimity prevailed in the Republican Party on an international issue, with the possible exception of the vote in 1955 on the resolution authorizing the President to use the armed forces to protect Formosa.

It is significant, too, that, although the Formosa resolution was opposed in the Senate by only two Democrats and one Republican, apparently at least 15 Democratic senators now would refuse to give the President of the United States the same authority to use American armed forces to deal with troubled situations abroad.

DON'T GO ALONG

The Democrats in the House of Representatives have not gone along with their colleagues in the Senate and, under the statesmanlike leadership of Speaker Rayburn, voted in overwhelming numbers for the Eisenhower Doctrine resolution. But this only serves to emphasize the lack of unity among the Democrats in Congress as a whole.

★ ★ ★

Some words of alarm have been expressed by a few Democratic senators — who do favor international cooperation on the economic side and also military assistance where America is invited to aid—lest the growth of a Democratic Party bloc in opposition to such policies may tend to hurt the position which the Democrats as a party have taken in the past.

Certainly the trend away from policies of international cooperation is noticeable among the Democrats in the Senate despite the valiant efforts of Senator Lyndon Johnson of Texas, majority leader, to keep the party in line. A sizable bloc of Democrats is defying the leadership, and some of its members are talking like the Republican isolationists of the 1920s. They can hardly be classified as "modern Democrats."

THOUGHTS FOR TODAY

Dr. William Brady Says:

Advice to Teenage Girls: Read Books on Childbirth

"Son was born "natural childbirth" fashion 27 years ago — not that I knew what to call it. All I knew was, according to Dr. Brady there was no need to be fearful. So I wasn't. I felt no need for anesthesia. Talked and joked with the nurses and doctor all during the most wonderful hours of my life. Heard the tike's first cry."

BRADY

(Signed)

What you say about the birth of your son should inspire a good many potential mothers to learn what every woman, nay, every high school girl should know about childbirth.

To help girls of high school age get an insight into their purpose in life, I suggest the following reading matter.

"Childbirth" by Carl Davis, M.D., and Donita Ferguson. Answers to most questions about pregnancy and childbirth. Published by Harper & Brothers.

"Natural Childbirth" by Helen Heardman. A manual for physiotherapists and parents-to-be. It describes and illustrates exercises which make childbirth easier, whether natural or not. Published by the Williams & Wilkins Co.

"To Prospective Mothers" by Wm. F. Hunter M.D., and Bernard H. Smith M.D. Gives the expectant mother some knowledge of the physiology of pregnancy and childbirth, which equips her for a normal delivery. Published by Bruce Humphries, Inc.

"Childbirth Without Fear" by Grantly Dick Read M.D. The principles and practice of natural childbirth. Published by Harper & Brothers.

"Preparing for Maternity" by Wm. Brady M.D. A primer to carry in pocketbook and study at odd moments when there's no one to talk with and nothing to read. For a copy send 35c and stamped, self-addressed envelope.

In reference to natural childbirth, whether the prospective mother and/or her physician accept or reject it, it is well to remember that:

(1) An essential part of the technique is that an anesthetic is always kept ready and the laboring woman can have it whenever she wants it.

(2) Knowing this — as the movie actress, Coleen Gray, said: "Whenever you feel the need . . . knowing you can have the anesthetic at any time you want it — you don't want it. At least I didn't."

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Psychology Helps Average Home

Martha's case is a revelation of what can be done in the average home by use of a little applied psychology. You can alter a child's entire future career by a little tactful home tutoring. This can be employed as a game, yet it will pay dividends within a week in the child's higher standing at school. Scrapbook this Case Record.

By DR. GEORGE W. CRANE

Case U-327: Martha G., aged 34, is the harassed mother who was described Monday as never catching up with her house work.

★ ★ ★

"Dr. Crane, I'd like to give you a progress report," she smilingly informed me a month later.

"I started making my 'agenda' for the next day, doing it each evening before I went to bed.

"And I encouraged Angela, our 13-year-old child to send for your 'Test for Teen-Agers'.

"Well, a miracle has happened at our house since then. For the children loyally pitched in and began looking after their own beds and tidying up their rooms.

"In fact, they even patterned after my agenda and began listing their own school and household chores for the next day.

★ ★ ★

"We'd look at each other's lists on the kitchen wall to see who had the most items crossed off. It really became fun.

WORK BECOMES FUN

"Then they decided to take turns with the evening dishes so I could sit down for 30 minutes and read the newspaper.

"Oh, I felt almost like a queen, but they insisted. And this gave them extra items to scratch out on their agenda, for one would wash the dishes; the other, dry them, and the third would put them away. Thus, they all got one item apiece to cross out.

"Our youngest is Billy, aged nine, and he hasn't been getting along well in school. He almost failed last term. But the school psychologist said it wasn't due to any low I.Q. out that Billy was a poor reader.

★ ★ ★

"Billy had admitted his classmates called him 'dummy' and

that he hated to read. He wished he could quit school.

"So I sent for your booklet on 'How to Tutor a Child at Home' and we made a set of flash cards, using the nouns and verbs from his current reader.

"And I then made a contract with Billy. We'd spend 15 minutes with the flash cards and if he exceeded his previous day's score, then I agreed to do his chore regarding the evening dishes.

"I'd hold up the flash cards, one at a time, and start counting to ten. If Billy identified the card before I reached 10, it went into his pile. Otherwise, I put it in my pile of cards.

★ ★ ★

"Dr. Crane, Billy made surprising progress. I didn't realize till then how fast a child could improve with a little home tutoring.

"Within a week, he could call off the printed words on 300 flash cards.

"And since these were critical nouns, verbs and adjectives from his school reading book, he immediately perked up in his school standing.

TUTORING PAYS

"In fact, before the first week was over, Billy came home one day and told me he was commended by his teacher for knowing some words the majority of the class didn't recognize.

"And inside of a few weeks, Billy had changed his entire attitude toward reading. He now relished it.

"In fact, he said he now looked forward to the reading sessions at school, for he began to excell.

"Because it worked so well with Billy, I used the back sides of the cards for the multiplication tables for our 10-year-old Alice, for she had always been slow in arithmetic.

★ ★ ★

"And now she knows her tables and can add faster than anybody in the family:

"So tell mothers they can accomplish far more and meanwhile help their children in school by using practical psychology. It's been wonderful."

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

Suggest Means of Moving Pontiac Pedestrian Traffic

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

With all the to-do about changing pedestrian lights in Pontiac, I wondered if the city fathers ever considered giving both the driver and man afoot a break. In some cities, after traffic has gone both ways, pedestrians then cross, speeding both automobile traffic and pedestrians, as neither has to wait for the other because the crosswalk is being blocked.

Favors Pigeons Over Loiterers

I am a legal secretary and make regular trips to the Courthouse. All the mess on the steps can't be blamed on the pigeons. I notice numerous candy wrappers, cigarette packages and other rubbish which should be placed in containers. I suggest the vagrants be requested to loiter elsewhere, particularly in the summer. Last summer it was an obstacle course just reaching the door. Men of all ages, some asleep, in various stages of untidiness were perched on nearly every step along with the pigeons. Personally, I vote for the pigeons. At least they mind their own business.

Mother Agrees With Teenager

Teenager has a good point in the Voice of the People. They've blown that air raid siren so much no one would pay the slightest attention unless bombs were dropping on all sides. Last Friday they blew it over a period of 45 minutes. I hope someone "had fun."

Agrees That VA's Fine Organization

I am aware the VA pamphlet is being sent out, as I have nine of them. The two vet organizations I belong to publish each new veterans' rights and benefits in our monthly magazine. I agree the VA is a fine organization.

As for the large down payment, I assure you I am not in the high economic bracket. I also have a family. I just advised to save for a large down payment if possible. Note, I said "if."

There are those who are satisfied with anything. That's why the world situation is as it is. I, for one, am not, and if at all possible, be the Good Lord willing, I will do my utmost to aid and assist the little man.

'Paying Too Much, Going Too Fast'

How many of you know how much your property has gone up? This year we have full millage for schools, which means another raise. A good many ex-GIs have their mortgage payments raised due to high taxes. Lots of men who work in the shops are laid off, and all the old folks have is a fixed income. So are we going to vote another tax raise and put ourselves in the position to lose our property because we might not be able to pay taxes in the future? The city should buy as we do, when we can afford it. It is supposed to be pay-as-you-go, but it's going too fast, and we are paying too much. Let the people in the driver's seat know we are back seat drivers. Our vote is the Voice of the People, so let's all use it to speak.

Suggests Solution for Pigeon Plight

I read in the VOP about shooting those pigeons and about poisoning them. Why not trap them? Then they could be carted away and released. I'd suggest taking them to the other side of Lake St. Clair or they may be back to the Courthouse before the trappers are.

'We Still Need Postal Savings'

There is no doubt that postal savings is a relic of the past in one sense of the word. There have been few changes until 1954 when compound interest was added, requiring 13 months of deposit time to draw 12 months' interest.

Procedures have kept pace with modern business trends about as much as a Model T. But this applies to most postal operations. Methods used for mail handling, working equipment and working conditions, together with low wages are still "horse and buggy."

Postal savings have always shown a profit, and deposits are payable upon demand, which is more than can be said about a closed bank, even though deposits are guaranteed up to $10,000. Postmaster Summerfield may not think there is a need for postal savings, but a good many million ordinary citizens do. I don't believe they will allow the system to be abolished.

Some people fear the thought of death . . . Some are afraid of life . . . Accordingly as they approach . . . Their struggle and their strife . . . Some would do anything they could . . . To live another day . . . While others wish to go to sleep . . . And quickly pass away . . . Both attitudes are wrong because . . . Our time upon this sod . . . Is only by the holy will . . . And by the grace of God . . . Except as we may turn from Him . . . And openly defy . . . His good commandment that we should . . . Not cause ourselves to die . . . So let us face each dawn and night . . . With faith and courage true . . . And as our fortunes vary, strive . . . To see our struggle through.

Says A-Subs Hit Anywhere

Thomas Tells Senators Vessel Can Strike From Unknown Position

WASHINGTON (AP)—Nuclear-powered submarines firing ballistic missiles will be "able to hit practically any target in the world" from unknown and unpredictable positions, Secretary of the Navy Thomas told senators yesterday.

★ ★ ★

Thomas was giving the annual briefing to the Senate Armed Services Committee on the plans and problems of the Navy for the next fiscal year, beginning July 1.

With regard to missile-firing atomic submarines, Thomas said they "fire a missile, submerged, and be gone. Their mobility, their ability to hide, their lethal striking power, make the nuclear-powered-missile-equipped submarines a potent weapon."

★ ★ ★

In discussing the Forrestal class carrier, Thomas said, it "has everything a fixed base has, plus mobility," and can operate anywhere in the "70 per cent of the earth's surface that is ocean."

★ ★ ★

"We do not have to have base agreements with other countries, or ask anyone's permission to take these aircraft anywhere," he added.

He testified behind closed doors but part of what he said was given out afterward.

British to Raise Pay for Hospital Doctors

LONDON (INS) — The British government gave in somewhat yesterday in its battle with the nation's doctors — but the whole socialized medicine scheme still was imperiled by the physicians' demand for higher pay.

Prime Minister Harold Macmillan announced in the House of Commons that the 10 per cent pay boost demanded by the doctors would be granted, beginning April 1, to junior staff doctors and dentists in hospitals.

★ ★ ★

But he said nothing definite on the 10 per cent hike asked by the far more numerous non-hospital doctors. A royal commission, he said, still is studying the salary situation. He offered a vague hint of a possible pay adjustment "in advance" of the commission's findings.

The physicians have threatened to strike if their pay demand is not met by the government.

Suez Fight Started Britishers on Spree

LONDON (INS) — The brief war against Egypt sent Englishmen on a smoking and drinking spree, statistics reveal.

★ ★ ★

During the last quarter of 1956, when British soldiers were battling in the Suez Canal Zone, the folks at home consumed $344,400,000 worth of spirits — $28,000,000 more than in the same period of 1955.

Beer sales increased $14,000,000 to $483,600,000 dollars worth in the three-month period, and tobacco sales were up $3,600,000.

Prisoners End Sitdown After Transfer of 15

SAN JOSE, Calif. (AP)—A sitdown in which 126 prisoners in the Santa Clara County Jail's big tank refused breakfast and lunch yesterday ended quickly when 15 tough inmates were removed to Stanislaus County Jail in Modesto.

Twenty others were transferred to Monterey County Jail farm.

The big tank has bunks for 96.

Officers said they thought ringleaders of the refusal to eat were among those transferred. In an event, those remaining ate their evening meal.

On an average winter day, it is estimated six million men, women and children are incapacitated by some form of injury or temporary illness.

To Interpret Constitution

ANNAPOLIS, Md. (AP)—A Maryland legislator says a new definition of states rights is needed in the U. S. Constitution. State Sen. Wants States to Unite

SACRAMENTO, Calif. (AP) — Assemblyman Sheridan Hegland wants the 48 states to get united so they can present a united front to the government of the United States. He introduced a resolution in the Legislature yesterday calling for creation of an association of states with legislators from each state as delegates.

Refugees on Way Home Cross at German City

PASSAU, Germany (AP) — This Danube River city on the German-Austrian border has become the main crossing point for Hungarian refugees who want to return home.

They come here from France, Belgium, West Germany and other West European countries.

★ ★ ★

Theoretically, they are entitled to repatriation if they ask for it. In practice, it is almost impossible for them to go back legally. This is mainly because Austria, carrying the brunt of the refugee burden, fears that second-thinking repatriates may wind up in Austrian camps again instead of going home.

★ ★ ★

The homesick Hungarian refugee may apply for an Austrian transit visa. But the lists are long and he may have to wait for months. After a few frustrating say the French tried to draft the into the Foreign Legion. Some days in the care of the Catholic Caritas welfare organization here, most try to go it alone.

★ ★ ★

What is driving them back?

Welfare officials agree that in most cases it is homesickness, the yearning to be back in the fold ofa family they have left behind.

A few disillusioned people are among them — those who had thought of the West as a sort of lazy, luxurious refugee. Others say the French tried to draft them into the Foreign Legion. Some complain that working conditions in Belgium's coal mines did not agree with them.

★ ★ ★

And there are those indoctrinated by Red agitators. German police are certain such agitators mingled with legitimate refugees in the great exodus.

Exact figures on those who have already returned are not available here. West German officials say about 1,000 Hungarian refugees in Germany have asked to be repatriated.

Accidents Cost $11 Billion

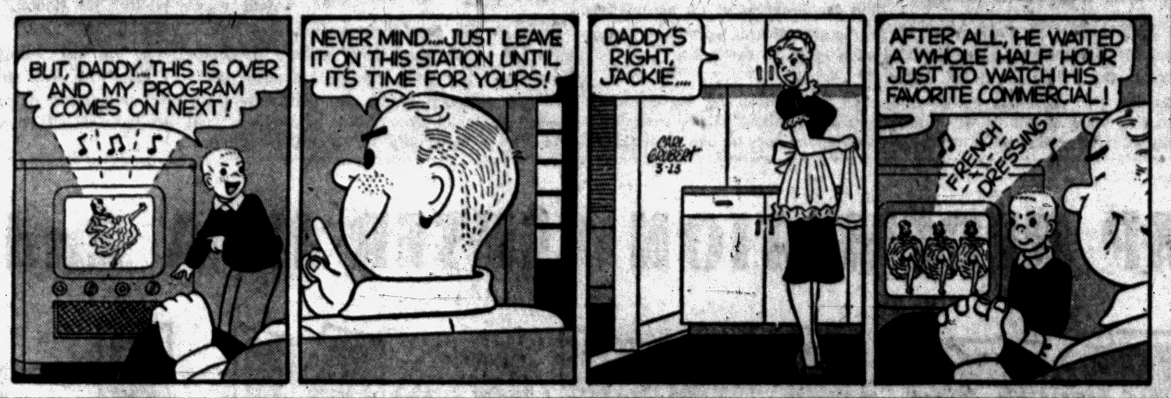

BOSTON (AP) —The Institute for Safer Living says that if all accidents could be elicinated in the United States for one year, the money saved could build one million new single family houses. It says all accidents in the nation last year cost nearly 11 billion dollars.

Seeks Repeal of Income Tax

Ex-Governor of Utah Says He'll Campaign Against Spending

WASHINGTON (AP)—Former Republican Gov. J. Bracken Lee of Utah, new national chairman of For America, says he will expand his campaign against the federal income tax.

Reorganization of For America with Lee in the new post was announced yesterday. Lee said he will stump the country speaking for repeal of the income tax and against "reckless spending and extravagant waste."

★ ★ ★

Attacking both major political parties at a press conference, Lee said a third party of conservatives may develop if Democrats and Republicans don't give the people "a choice."

★ ★ ★

He said President Eisenhower is an "interloper" in the Republican party, and that Eisenhower's "Modern Republicanism" is "just another form of socialism."

Lee attracted national attention when he refused to pay a part of his 1955 income tax and the government collected by slapping liens on his bank account. Lee said yesterday he had been challenging the government's right to tax people to aid foreign nations, but the Supreme Court "threw my case out."

★ ★ ★

For America was organized in 1954 to fight what its founders called "superinternationalism" and seek "a return to constitutional government."

★ ★ ★

For the past 18 months it has been operating under the cochairmanship of Clarence E. Manion, former dean of the Notre Dame University Law School, and Dan Smoot, Dallas, Tex., publisher and radio commentator. Manion and Smoot now will serve as vice-chairmen.

Poles to View U. S. Life in Typical 5-Room House

By ARTHUR EDSON

WASHINGTON (AP) — The Poles haven't seen much of the American way of life for more than 10 years, but they're about to get the works, complete with a five-room rambler right on the premises.

The government announced today that for the first time it will take part in a Polish trade fair, in Poznan on June 9-23. In addition to exhibits by the United States and other western countries, the Communist nations will be there, too.

But Paul Medalie, manager of the U.S. exhibit, isn't too worried about the competition. He's sure the Poles, whose view of this country has been cut off by the Iron Curtain, will be eager to see American products.

He had proof of it while he was there making preliminary arrangements.

"The Poles haven't had much chance to see foreign cars," he said. "Every time we stopped, a crowd gathered immediately, looking at our station wagon."

★ ★ ★

So there will be an exhibit with U.S. cars on revolving turntables.

And will it stress the low priced car?

"What low priced car?" said Medalie, who obviously has had recent consultations with a car dealer.

But giving out prices of American-made goods always is a problem at foreign fairs like this. The best way to handle it is to say how long an American worker would labor to make enough to buy the product.

Medalie thinks the house, furnished with the typical gadgets of any suburban home, may be the hit of the show.

An additional reason why the Poles may pay special attention: Many of them have relatives who came to this country, and as they look at the fancy plumbing they may wonder if Uncle Bronislaw has a bathroom like it.

★ ★ ★

The pavilion itself should be spectacular, since it's a prefabricated dome 124 feet in diameter, and looks like a gigantic igloo.

★ ★ ★

And the exhibits will include everything from farm equipment to fashions to safety devices in mining equipment, with free orange juice to all comers.

Medalie also was with the Yugoslavia trade fair, and he's convinced this is an excellent way to show off the capitalistic system.

"All you have to do," he said, "is to watch their faces. They're impressed—and in the right way."

Until this trade fair came along, Medalie had had only limited experience with the Poles. But he worked his way through school in Chicago by playing tenor sax at Polish weddings.

★ ★ ★

"Such music!" he said. "I remember the part to one piece looked as if it were written for the flute. All black. What wonderful times they had."

So if things get dull at the trade fair, a wedding with full trimmings might be helpful. The U.S. manager can be counted on for a hot sax.

Utility Sale Proposed

ST. LOUIS (AP) — A referendum on sale of the municipally owned power and light plant will be on the St. Louis City ballot in the April 1 election. Consumers Power Co. has offered $478,000 for the utility. The City Council reserves the right to make final decision on the sale.

Group Nears End of Segregation Quiz

TALLAHASSEE, Fla. (AP) — The neared the end today of hearings which created a split in the leadership of the Seaboard White Citizens Council.

Robert W. Saunders of Tampa, field secretary in Florida for the National Assn. for the Advancement of Colored People, is to testify about records and files from his office.

★ ★ ★

Fred Hockett, a founder of the Seaboard White Citizens Council of Washington, split yesterday with the organization's executive secretary, John Kasper.

Hockett had listened while Kasper admitted mingling socially with Negroes in New York until a year and a half ago.

Hockett, 51-year-old carpenter organizing segregation groups in Fort Lauderdale and Miami, said he thought Kasper was "doing more to hurt segregationist organizations in Florida than anything else."

★ ★ ★

Kasper, who with Hockett, George Fleming and Edgar Johnson formed the Seaboard White Citizens Council, was a key figure in the racial disorders of last fall at Clinton, Tenn.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; get a normal urge to purge.

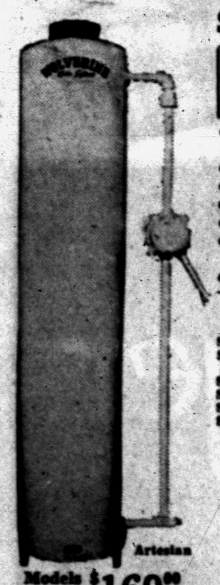

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID's great *moisturizing* capacity, *plus* COLONAID's *stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

2 British Papers Cite Health Danger

Urge Limit to Bomb Tests

LONDON (AP)—Two British newspapers, the Laborite Daily Herald and the Liberal News Chronical, demanded today that Britain call off her H-bomb test scheduled for this psring.

★ ★ ★

The Times said that "once this test is over, a new initiative to ration such tests could be made —and it should come from this country."

★ ★ ★

The editorials reflected a growing concern among newspapers—and doctors—in Britain about the effects of the increasing number of nuclear explosions carried out by the world's great powers.

Japan has appealed three times without success to Britain to postpone the H-bomb tests to be held in the Christmas Island area of the Pacific.

★ ★ ★

Prime Minister Harold Macmillan, stating that available medical opinion considers the danger from tests "negligible," has said Britain will go ahead with the program. The government feels the tests are necessary for Western defense.

★ ★ ★

But in Geneva, a 10-nation committee of scientists warned that the "well-being of descendants of the present generation is threatened by developments in the use of nuclear energy and of sources of radiation."

★ ★ ★

The committee, sponsored by the U. N. World Health Organization and made up of 23 internationally recognized authorities on radio-physics and genetics, agreed unanimously that "all man-made radiation must be regarded as harmful to man from the genetic point of view."

Plan to Charge Girl, 8 Youths in Breakins

GROSSE POINTE (INS) — Grosse Pointe Park Police were expected to seek warrants today against a 19-year-old girl and a gang of eight boys and young men believed responsible for a series of burglaries.

Assistant Prosecutor John Mazer said the woman, Mrs. Patricia Maynard of Detroit, who is on leave from the state hospital at Northville, told him she accomplished the 11 breakins singlehanded, but shared the loot with the gang.

One of the burglaries was in Utica and the rest in Grosse Pointe communities.

★ ★ ★

Detroit Police arrested Mrs. Maynard in a telephone booth Monday night. They said she was talking to a Grosse Pointe Park police officer, bragging about certain robberies.

Suggests U.S. Swap Old Ship, Battle Flags

ANNAPOLIS, Md. (AP)— Count Don Jose M. de Areilza, Spanish ambassador to the United States, has what he thinks is a good idea: Why doesn't the U. S. Naval Academy swap its treasured USS Reina Mercedes for three tattered American flags now in Spain.

The Reina is a Spanish cruiser captured in the Spanish-American War and used by the academy as bachelor officers quarters. The flags were captured by Spain in the same war.

Academy officials had no comment.

Seek Funds to Exploit Rich Pioneer History of State

By ROGER LANE

LANSING (AP) — Michigan may be on the verge of a renaissance in exploitation of her rich historical lore, provided the Legislature gives the green light.

A plan to put a state move in this direction on a footing similar to that of some of her neighbors has won substantial approval of Gov. Williams.

Lawmakers will look it over and decide whether to get behind it.

In Michigan, the State Historical Commission is the official agency charged with collecting historical material and, insofar as it can, making it come alive for the citizenry.

But starting with the depression the commission was hogtied by lack of funds and has suffered from acute malnutrition almost to the present day.

After having $26,250 to work with in 1929, its budget was hacked down to a little over $6,000 for each of the next few years, and it wasn't until 1954 that it recovered, on an adjusted cost basis, the financial footing of a quarter century before.

★ ★ ★

Dr. Lewis Beeson, executive secretary, explained in an interview why he is pressing for, and has sold Gov. Williams on, an increase in operating funds of nearly 50 per cent—a big-sounding sum but one which in state budget terms is peanuts.

"Here in Michigan we were the center, at Mackinac Island and the Sault, of French and British activity from the time the French came to the Sault in 1641 until the British lost control after the War of 1812," he said.

"The history of Illinois, Wisconsin, Minnesota, and the Dakotas all stems from the early military, trading and missionary activity in Michigan.

"Some people forget, but it wasn't until about 1840 that Chicago grew larger than the city of Mackinac Island."

Beeson continued:

"Our historical interests are not local, provincial. Think of Michigan's role in the development of public education.

"At Ypsilanti we established the first teacher-training institution west of the Alleghenies. The University of Michigan was the first state-supported university. Michigan State was the first land grant college.

★ ★ ★

"Our public school system devised by John M. Pierce set the pattern for every other public school system in the United States—that is, for the states and territories formed after Michigan.

"And people forget, too, that Michigan was a pioneer in the aviation industry, just as in automobiles, but we lost aviation. We had the first scheduled commercial airplane flight here, the first air mail route.

"In the early 1930s, Ford was one of the big airplane manufacturers."

What bothers Beeson is that despite its pioneering role in many ways, the byproducts of history in Michigan often are honored more effectively than its makers.

"They're exploiting the fringes," he said of the activities of some neighboring states.

He mentioned the case of Dr. William H. Beaumont, who made world-famous discoveries about the processes of human digestion.

"At Mackinac Island, Michigan had to resort to use of private funds to restore the house where he made medical history," Beeson said.

"Wisconsin, where he went later as a U.S. Army physician, has devoted an entire museum to Beaumont at Prairie du Chien, largely on account of his residence there as an Army doctor."

★ ★ ★

In all, he said, Wisconsin has established four separate historical site museum developments, including one at Fort Howard, an early Army Post on Green Bay "far less important than Fort Mackinac."

Another Wisconsin museum, devoted wholly to agriculture, is the Stonefield Farm and Craft Museum, which is filled with old harvesters, reapers, plows, scythes and the like.

Wisconsin spent nearly $5 to every one spent by Michigan in 1955-'56 on this type of historical work.

Whereas some states have put a good historical foot forward in park development, Michigan has not adhered to this pattern, Beeson said.

As a result, he said, of Michigan's 87 state parks, only one, Fort Wilkins at the tip of Keweenaw Peninsula, occupies an historical site.

★ ★ ★

Last year the legislature coughed up $25,000 to launch a program of erecting markers at Michigan historical sites, and it is being asked to supply $30,000 more this year.

Still in its early stages, the program seems to be making a big hit, Beeson said. One of the first sites marked was the home of the Model T Ford, and another Michigan State University.

If it is carried through, more than 130 markers will be installed by mid-1958—in about two-thirds of the state's 83 counties.

In a way, the site-marking project typifies the commission's misfortunes. It originally was authorized by the legislature in 1941, but then World War II intervened and 15 years passed before the commission was in a position to go ahead with it.

In jumping his budget from $120,000 last year to $175,000 for 1957-58, here are some of the things Beeson wants to do.

GOALS SOUGHT

Build his basic staff, including archivists, cataloger and documents restorer, from 12 to 18 persons.

Acquire equipment necessary to preserve and protect valuable state documents from further deterioration.

Improve historical exhibits in the state capitol.

Plan for a possible Michigan Hall of Fame, a Civil War Centennial and the 200th anniversary of the capture of Fort Michilimackinac.

★ ★ ★

Keep up with archaeological discoveries.

Catch up on long-delayed document work.

Bolster its publication program.

Render guidance and advice as required by statute to a rapidly increasing number of local historical societies.

Expand its services to education.

Ringling Bros. to Open Season in Garden

Circus Heralds Spring in New York

NEW YORK (INS) — If New Yorkers detect a breath of spring in the air today, it may be because of the impending arrival of the world's greatest collection of peanuts, pink lemonade, clowns, wire walkers and elephants.

The circus is coming back to New York bigger and better than ever according to the annual announcement of its press agent.

With union troubles which caused suspension of the show last year now ironed out, the 87th edition of Ringling Bros. and Barnum & Bailey Circus will open in Madison Square Garden on the night of April 3.

The first performance, featuring guest stars of stage, screen and television, will be for the benefit of the N. Y. Cancer Society. Shows thereafter will be given twice daily through May 12.

MAKE UP CAST

A total of 1,100 persons and animals will make up the cast of the huge pageant, with its $350,000 worth of costuming and fairyland comedy floats.

Dozens of new acts, together with four new spectacles headed by "The Coronation of Mother Goose," are to be offered by producer John Ringling North in a return to traditional, simon-pure "circus."

Missing will be former chief clown Emmett Kelly, whose sad face and whisk broom will enliven ball games of the Brooklyn Dodgers.

NO BIG TOP

Missing on future appearances of the circus throughout the U. S. will be its big top and special train.

In its planned 40-week season this year the "world's greatest show," as its bills itself, will play only in covered arenas or in outdoor fair arenas minus canvas in summer.

★ ★ ★

Animals and sets are to be shipped on regular freight trains and the personnel will travel on ordinary passenger trains.

After leaving the Garden May 12, the circus is booked for Boston, Providence, Rochester, Hershey, Pa., Charlotte and Raleigh, N. C. Fair appearances will follow.

"New Tablet Relieves 'Hot Flashes,' Irritation From Change-Of-Life Without Costly Injections!"

Model Photo

"Wasn't getting enough relief from the shots I took," writes W. W., Chicago, Ill. "Then took Pinkham's Tablets. Now I don't wake up nights with hot flashes. My disposition is sunnier and I don't have 'sorry for myself' spells!"

Medical science now offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed *especially* to relieve these functionally-caused discomforts. Doctors reported sensational results using this home treatment alone . . . and no *expensive injections!*

Relief for 8 out of 10 tested!

Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. For woman after woman, a feeling of "well-being" returned!

Unlike aspirin and such "general purpose" remedies, this new tablet is a unique *combination* of special medicines...acts directly on the *cause* of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this positive medical action.

Now you can get this amazing formula at drugstores without prescription. Ask for "Lydia Pinkham's Tablets". Don't let change-of-life rob you of joy! Get easy-to-take Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again — without troublesome injections! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

3. Gloves for a Girl

At first, people wore gloves to protect their hands from the cold or when doing rough work. Wool mittens and fur lined gloves still are used to save us from frostbite, and welders wear gloves to protect their hands.

But long ago, gloves were a mark of distinction. Beautiful gloves of silk or kid were made for great ladies and often a knight going out to battle fastened his fair lady's glove to his helmet.

Here are three gloves of other days for a modern girl to wear.

No. 1 is an early 19th Century German glove to wear at a ball. It has a bouquet of flowers fastened to the wrist and a double ruffle of lace.

No. 2 is an English glove of the 14th Century with a long-tailed cuff, lined with brilliant satin and edged with gold braid.

No. 3 is a French glove of the 17th Century, made of kid surrounded by a muff-like frill of padded satin edged with fur.

Paste this picture down on thin cardboard and color with crayons. Fold the panels forward on either side of the girl so she will stand up. Cut out the gloves and fold back the tabs on each to fit them to her hand.

(Marguerite R. Vauclair of Tenafly, N. J., won $10 with this idea. Send your suggestions in care of this newspaper. Violet Moore Higgins, AP Newsfeatures.)

'Rhubarb Capital' Fete

UTICA (AP) — This Macomb county community, which calls itself the state's rhubarb capital, will hold its second annual Hothouse Rhubarb Festival March 16. The area produces about 85 per cent of the hothouse rhubarb grown in the United States. Gov. Williams will crown the 1957 rhubarb queen.

The first human to travel more than two miles a minute was a New Englander named Fred Marriott. On Jan. 27, 1906 at Daytona Beach, Fla., he drove a Stanley steam-powered racing automobile at a speed of 127.66 miles per hour.

Hal Boyle Says:

Tape Detects Middle-Aged Spread

NEW YORK (AP)—Do you know how to tell whether you have "middle-aged spread?"

A woman always seems able to, but a man can't—or else his vanity won't let him.

★ ★ ★

If a friend tells him at lunch, "Joe, you better cut down on the cheesecake, you're getting middle - aged spread," he simply doesn't believe it. At home that night Joe pulls in his stomach until his face gets purple, looks at himself in the mirror, and says, "Not bad. That guy at lunch must've been trying to kid me."

But there is one thing that doesn't kid anybody unless it's made of rubber—and that's a tape measure.

Dr. Thomas K. Cureton, director of the Physical Fitness Research Laboratory, has figured out an easy way to detect middle-aged spread.

★ ★ ★

This is it:

Simply measure yourself around the abdomen. Then measure yourself around the chest while it is expanded. If your belly girth is larger, brother, you've got it—middle-aged spread.

★ ★ ★

And Dr. Cureton, who also acts as a health consultant for Cooper's Inc., makers of underwear—they want to keep middle-aged men alive longer because dead men don't buy underwear—warns you'd better do something about middle-aged spread as soon as you detect it.

Many middle-aged men regard dieting as the only solution to the problem of middle-aged spread.

Dr. Cureton says a proper diet, of course, is helpful. But he says that the middle-aged man also has to grunt his way out of his swivel chair and take proper exercises to get real results.

★ ★ ★

"It has been very impressive to see how men and women above 40 years of age have been able to improve their fitness by taking up physical training," he adds.

But Dr. Cureton feels that the ordinary social - recreational types of casual exercise obtained in a few casual games of bowling, golf, volley ball, table tennis, or shuffleboard won't do the trick.

Regular exercises with continuous rhythm do more to improve the circulation.

★ ★ ★

Here are Dr. Cureton's suggestions for getting rid of middle-aged spread and restoring lost muscle tone:

"Reduce starchy and fried foods in the diet, and eat more fruits, vegetables and protein foods.

"Breathe more deeply, try to stay untensed, move parts of the body frequently, even while sitting.

"Fifteen to 50 full knee bends are excellent. As you breathe deeply, draw the abdominal muscles in toward the spine as far as you can with each breath.

"Walk two miles each day with a swinging stride, or swim 200 to 400 yards, or cycle five to 10 miles."

★ ★ ★

In a month your middle - aged spread should be gone. But if you quit your diet and cease exercising, in another month that tire around your tummy will be right back again.

Beaver Island Proposed as Site

Petition for Boys' School

CHARLEVOIX (AP) — Beaver Island has asked consideration as a possible site for the proposed relocation of the state boys vocational school, now at Lansing.

Petoskey Attorney John W. Bellamy forwarded to Gov. Williams a petition signed by residents approving the island's Peaine Township as a choice site for the school. The petition has been turned over to the State Welfare Commission, which has authority to select a location for the school.

Information which accompanied the signatures noted that Peaine Township embraced 7,000 acres, much of it in unoccupied state-owned land, at the southern end of the island. The township is one of two on the island which is part of Charlevoix County.

Beaver Island, 17 miles long and about 32 miles offshore from Charlevoix in Lake Michigan, once was alive with commercial fishing operations. It now seeks economic aid to supplement its tourist industry revenue.

★ ★ ★

The petition information contended the island's isolation, natural beauty and the expanse of Peaine Township made it an ideal site for a self-contained boys' community.

Jail Cook Walks Out

GREENSBURG, Pa. (AP)—Cooks, of all people, are supposed to be the happiest of jail prisoners, but officials of this town's jail are stumped. A 28-year-old trusty who had been helping out as a cook walked out a kitchen door that leads to the street and disappeared.

Grass Fires Costly; Can Bring Stiff Fine

By REBA HEINTZELMAN
of Our Waterford Bureau

Early spring grass fires that are sweeping Waterford Township, are leaving devastating results, and 95 per cent of the fires are started by careless supervision in burning rubbish, according to Fire Chief Edward Smith.

The record-breaking number of fires last weekend not only cost Waterford Township taxpayers close to $2,300, but also created a traffic hazard, when approximately 34 volunteer firemen had to rush from various parts of the township, answering the calls, Smith said.

There are 41 firemen, with the seven regulars.

"For four years we have been trying to outlaw wire rubbish containers," Chief Smith said. "All hardware companies in the area have been warned not to reorder this type of receptacle."

When a fire is started in the wire burner, the wind whips through the openings, scatters sparks into the dry fields, and "away it goes," Smith said.

Lack of grass fires, due to heavy rainfall last year, makes fire hazard doubly dangerous this year because of the heavy, dry undergrowth, according to the chief.

A person responsible for causing a grass fire, may be fined $100 and serve up to 90 days in jail, according to Howard Johnson, State Conservation officer for Southern Oakland County.

Residents are urged to burn trash in a 55-gallon oil drum, covered with wire. "This is the cheapest and safest way to prevent grass fires when burning rubbish," Chief Smith concluded.

Add Smoking Room Next to Classroom?

ODESSA, Tex. (AP) — Times sure have changed since the days when a balky student could expect the hard end of a ruler.

Odessa High School Principal James McMath said he was looking into some gripes from students.

One of the complaints was that no place was provided for smoking inside the school house.

Senate to Get Drunk Test Bill

Michigan Body to View Rating of Exam Results for Legal Purposes

LANSING (AP)—A bill to make results of drunkometer tests admissible as evidence in prosecution of drunk driving cases reached the Senate calendar today.

★ ★ ★

It was reported favorably yesterday by the Judiciary Committee.

Under the proposal, tests made with blood or other bodily fluids would rise to certain legal presumptions.

If they showed presence of less than five one hundredths of one per cent of alcohol the presumption would be that the defendant was not under the influence of intoxicating liquor.

★ ★ ★

If the percentage was between five and 15 one hundredths of one per cent, there would be no presumption of either sobriety or drunkenness.

UNDER INFLUENCE

If the precentage of alcohol by weight was over 15 hundredths per cent, the defendant would be presumed to be under the influence of intoxicants.

In any event, if the test was properly administered, the results would have to be considered by the courts.

The bill would require a physician, registered nurse or a trained laboratory technician to withdraw the specimen if blood were to be used for the chemical analysis.

The limitation would not apply in the case of other bodily fluids.

★ ★ ★

Tests could be taken only on the written consent of the motorist, and the results would have to be produced by the prosecution on demand — should the prosecution not elect to use them.

The bill is sponsored by Sen. John Minnema (R-Traverse City), Senate Liquor Committee chairman, along with four other solons.

Josephine Hull Dies at Age 71

Actress Won Acclaim While Playing Roles of Lovable Ladies

NEW YORK (AP)—Actress Josephine Hull, who won acclaim for her Broadway and movie portrayals of lovable, humorous, eccentric old ladies, is dead at 71.

In failing health for several years, she died yesterday in a Bronx hospital of a cerebral hemorrhage.

★ ★ ★

Mrs. Hull, an expert at creating memorable expressions with fleeting grimaces and clever gestures, retired from Broadway in August 1954, when paralytic strokes caused her to withdraw from the cast of "The Solid Gold Cadillac."

★ ★ ★

In recent years she appeared in such hits as "You Can't Take It With You," "Arsenic and Old Lace" and "Harvey.' She appeared in the movie version of "Harvey" and won an Oscar for best supporting actress in 1951.

Born Josephine Sherwood in Newtonville, Mass., she overcame family objections to pursue a dramatic career.

★ ★ ★

She married actor Shelly Hull, brother of actor Henry Hull, in 1910 and retired from the stage. She resumed her career in 1919, after her husband's death.

Since retiring from Broadway, Mrs. Hull had spent most of her time in convalescent homes and hospitals.

Hardware Association to Mark 1st Anniversary

The Northern Oakland County Hardware Association will celebrate its first anniversary with a banquet at 7:30 tonight at Hi-Land Manor, on Highland Road.

State Demos End Filibuster, House Goes to Work Again

LANSING (AP) — With the Democratic filibuster finally at an end, House members went to work today on a big backlog of legislation that has been piling up for eight days.

Democratic leaders, however, declared that though their delaying tactics may be over, their fight for reinstatement of the house "demand vote rule" will continue.

The end of the filibuster, which has slowed floor action to a crawl since March 4, was announced yesterday by Rep. Ed Carey (D-Detroit), House minority leader.

Democrats, he said, had agreed in caucus to call off their demands that every bill before the House be read from start to finish. The move was in protest against a change in house operating rules, backed by Republicans, which did away with a member's right to demand on vote of a colleague on any roll call vote.

MOST OF PURPOSE

"We now feel that most of that purpose has been accomplished," said Carey in a statement read before the house, adding:

"We feel that the issue has been brought before the people."

Nevertheless, Carey said, Democrats "will continue to use any means at our disposal to call public attention to the rules change."

As a starter, he said, Reps. Frank A. Mahoney and John Fitzpatrick, both of Detroit and both leaders in the slowdown move, will introduce a resolution calling for a constitutional amendment which would replace the demand vote rule in both Houses of the legislature.

Carey also challenged the Republican majority to select two House members for a series of public radio and TV debates on the issue.

Democrats, he said, wanted to convince the public that the rule "protected the right of citizens to know what position a representative took on any important issue of government."

Republicans, saying the House was the only state legislative body in the United States having such a rule, contended it served only as a delaying tactic.

House Speaker George M. Van Peursem (R-Zeeland) rejected Carey's debate challenge saying: "We couldn't reach enough people by debate to do any good."

★ ★ ★

"More important," he added, "the House has the constitutional responsibility and privilege to make its own rules. The House has assumed that responsibility."

The end of the filibuster set the stage for some rapid-fire action on the House Floor. After members advanced 20 bills to passage stage in the afternoon.

Carry Suggests Parking Change

Questions Feasibility of Three-Hour Periods on Downtown Meters

Commissioner John E. Carry (District 6) last night asked for a study on the "feasibility" of converting downtown on-street parking meters to three-hour periods.

"There have been some serious objections of persons who operate theaters and bowling alleys that our changing the meters to 9 at night have been somewhat restrictive to their business," Carry told fellow commissioners.

He requested that the city's traffic committee make the study.

If approved, the on-street meters would have the same three-hour maximum as municipal parking lot meters.

The City Commission last September moved on-street meter times to 9 p.m. to provide more turnover in spaces. The time limits formerly were 8 a.m. until 6 p.m.

Cancel Elvis in Quebec, City Short of Police

VERDUN, Que. (AP) — The City Council says Elvis Presley can't rock 'n' roll in its auditorium.

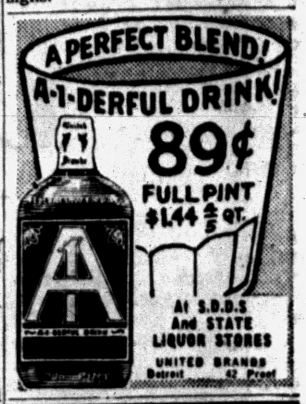

The American entertainer had been scheduled to gyrate twice nightly in the local hall April 4-5. An alderman explained the ban: "We just haven't got enough police to handle the expected crowds. We don't want a repeat of the riots in other cities where he's appeared."

Others would prohibit tattooing of persons under 21, and prevent placement of blinking, oscillating or rotating lights near or along highways if they resemble those used on emergency vehicles or create a traffic hazard.

Adventists at CD Meet

BATTLE CREEK (AP) — From 60 to 70 Seventh Day Adventist church women from five states are attending a three-day meeting at Federal Civil Defense Administration headquarters. Purpose of the session is to bring church welfare work into civil defense activities. Attending are representatives from Michigan, Wisconsin, Illinois, Indiana and Minnesota.

Malta will issue new stamp designs.

London Talks May Be Last

Will Stassen Resign Soon?

WASHINGTON (AP) — Harold E. Stassen leaves today for London and talks which may be his swan song as President Eisenhower's special assistant for disarmament.

He is representing the United States at a meeting of the United Nations Disarmament Commission's subcommittee. There have been persistent reports that he plans to quit his post when that meeting ends.

★ ★ ★

Stassen denied these reports March 1, but at the same time, he declined to comment on other reports that he is thinking about running for governor of Pennsylvania next year.

At 50, Stassen is both a young man politically and a veteran politician. Aside from carrying on his disarmament responsibilities, he is known to be wrestling with a personal decision on his political future.

His friends say he has not yet decided whether to run for Republican nomination as governor of Pennsylvania or stay on as Eisenhower's disarmament aide or in some other Washington capacity.

Stassen, onetime "boy" governor of Minnesota and later president of the University of Pennsylvania, long has nurtured presidential ambitions.

He fell out of political favor among Eisenhower administration faithful last year. He fought virtually a one-man campaign to knock Vice President Nixon off the Eisenhower ticket. His effort was a resounding failure.

Since then, his disarmament office has been moved into the State Department, and although he retains his title he takes policy direction from Secretary Dulles rather than consulting directly with Eisenhower.

Asks City Law in Bond Issuing

Attorney Would Bar Dealing Out Securities Without Backing

A city ordinance was called for last night regulating bondsmen in Pontiac Municipal Court.

Commissioner Philip E. Rowston (District 2) asked the city attorney to prepare the ordinance "to insure that the city would be completely protected in the issuance of bonds."

"It has come to my attention that there are certain bondsmen in Municipal Court that do not possess sufficient securities to protect the city," Rowston, a Pontiac atdorney, said.

Although he didn't oppose the move, commissioner Roy V. Cooley argued that municipal judges "should be the one to determine just what securities the bondsmen should have."

"Just picture a bondsmen issuing bonds totaling $50,000, say, and only having $5,000 himself in assets," Rowston said. "The city would be out in the cold $45,000 in this case."

SEATO Council Ends Meeting

Economic Cooperation, Military Vigilance Are Prime Objectives

CANBERRA, Australia (AP) — The SEATO Council of Ministers ended its third annual conference today with a call for more economic cooperation coupled with continued military vigilance to combat Red aggression in Southeast Asia.

Winding up a three-day session, the eight-nation council put out a communique outlining four main objectives:

1. Tighten SEATO's defense and intensify measures to safeguard the internal security of its member states.

2. Develop economic resources of SEATO members to keep them from coming under the domination of the Red bloc.

3. Encourage multilateral cultural program to promote mutual understanding among SEATO members.

4. Extend SEATO's program of detecting and exposing Communist subversion.

★ ★ ★

The conference closed with mutual expressions of praise from the various ministers.

Secretary of State Dulles declared, "We have every reason to be gratified with what has been accomplished at Canberra."

Educated Fowl Rules the Roost With His Tricks

CAMDEN, N.J. (AP)—Meet Pip, the peppy, perky, pecking rooster that is reputed to be the prize pet perhaps in all Jersey.

He belongs to Mr. and Mrs. Casper Zoppel, of nearby Stratford, who got him when he was only a tiny yellow puff, a casual premium given out with some purchases.

★ ★ ★

The Zoppels took a fance to him and started his education. Now Pip is described as "amazing." His owners say that he perches on a special red leather seat and dines off a flowered dish on hamburger spread over crackers; that he walks—nothing so primitive as hopping — up the stairs, that he squires visitors to and from the house; and that if he likes you he unties your shoe lackes.

"He's a doll," says Mrs. Zoppel.

3 at Waterford Named Champs in Spelling Bee

In a departure from the traditional "spelldown," Waterford Township spelling champs have been selected in a written contest.

Three elementary grades, involving more than 3,000 students, took part in the contest, according to Henry Carlos, chairman of the event.

Carlos explained that the whole spelling program in elementary schools is in written form, and teachers contend there is no reason to have an oral spelling bee.

Winners listed were Susan Windeler, 4th grade, Williams Lake School; Kathryn Jones, 5th grade, William Burt School; and Anne Fulkerson, 6th grade, Liza Leggett School.

Venezuela Goes by Air

CARACAS — Venezuela has 105 airfields in operation. Forty-three of them are national airports and four are international.

Dues-Paying Reds Said 17,500 in U.S.

NEW YORK (AP)—A former official of the American Communist party has told congressional probers that dues-paying members of the party have declined from a high of 100,000 to about 17,500 at present.

The testimony was given by John Lautner, now a government consultant on communism, before a House Un-American Activities subcommittee which today holds the second of a four-day series of hearings on Communist publishing and propaganda.

Lautner said the Communist press has a "terrific impact" on foreign-language groups in this country, notably in the basic industrial areas.

He named 21 persons on at least eight publications as Communists. Most of the list, which was read off to him, was composed of either admitted Communists or obscure members of the foreign-language press in New York.

Lautner testified that he had known the 21 while he was a member and official of the Communist party from 1929 to 1950. He said he had "no reason to believe" that any of them — except for one — had left the party.

May Rip Label Off Secret Data

House Group Studies Downgrading of Papers Classified Long Ago

WASHINGTON (AP) — House investigators set out today to learn what plans the Pentagon may have for taking the secret label off millions of aging documents.

The House subcommittee on government information recalled for testimony the members of a special committee set up to advise the Pentagon on information matters.

★ ★ ★

The committee has recommended creation of an office in the Defense Department to push the "declassification" of documents which no longer need to be guarded.

Testimony yesterday by the advisory committee chairman, Charles A. Coolidge, indicated that possibly billions of documents classified during and since World War II are still being kept secret.

★ ★ ★

The congressional subcommittee has indicated interest also in proposals to put a time limit on the secrecy restrictions hereafter attached to documents.

Blind American Barred in Paris Because of Dog

PARIS (INS) — A blind American woman was barred from visiting the Eiffel tower and Napoleon's tomb yesterday because of regulations against dogs—even seeing eye dogs.

Mrs. Thelma L. Keitlen of Springfield, Mass., who has been blind for two years, failed when she tried to explain the special status of seeing eye dogs to guards at the tower and tomb.

Mrs. Keitlen, who is western Massachusetts regional director of the Anti-Defamation League of B'nai B'rith, said she toured the Louvre museum yesterday and "sensed" with her fingertips such masterpieces as the Venus de Milo and the Winged Victory of Samothrace.

She said she had come to Paris especially to "see" the Paris monuments she had read about before going blind.

Mrs. Keitlen said she went skiing in the Swiss Alps last week. A guide preceded her down the slopes, she said, and rang a bell to show her the right direction to take.

Deft Woodpecker Rings a Bell by Wire-Tapping

SOUTH PASADENA, Calif. (AP)—Irked by a persistent ringing noise near his bedroom window, Louis S. Kurze complained to the telephone company. A lineman came out, couldn't find the source of the trouble, but said he was certain it wasn't in the telephone equipment.

★ ★ ★

The ringing continued. Kurze called the Southern California Edison Co., which supplies his light and power, and for three days a trouble-shooter tried to find the source of the noise. Finally he located it. Inside a metal transformer box a woodpecker was hammering away.

★ ★ ★

Chattering and screeching, the woodpecker flew away as the lineman tapped the box.

New Skim Milk Recipe Takes Off Weight Fast

By Ruth Whitney

A new "hi-vi" skim milk cocktail that helps you lose weight without feeling tired or suffering hunger pangs, has greatly impressed doctors today.

It's based on the discovery that your overeating of fattening foods can be due to a lack of vital nutrients in your body. To make up for this lack, you eat the foods that make you fat.

To overcome this deficiency, a new high-vitamin powder has been created. It is named Addit because you add it to a glass of skim milk (or water, orange juice or other liquid) and drink it before meals, 3 times a day.

The result is sensational. You lose those hunger pangs, eat less—lose weight fast. Addit actually contains food catalysts that help you "burn" fat away.

Then, as Addit floods your system with a concentration of 13 vitamins, minerals, other nutrients (and as you lose those excess pounds), you quickly lose that over-tired feeling, gain in vitality. As Mrs. Evelyn White says: "I'm no longer nervous and listless."

Addit is delicious, too. Get a bottle at any drug store. Results are guaranteed or money back.

FREE BOOKLET, "Now...Reducing Can Be Easy!" Tells all you need to know for safe, fast reducing the Addit way. Contains a large selection of easy, tested reducing recipes, plus calorie information on all common foods. Illustrated. Easily worth 35c-50c. Just write Addit, P.O. Bob Considine Says:

One Omelet Lasts 200 Air Miles

NEW YORK (INS) — It took me nearly 200 miles to eat a small cheese omelet the other day, flying to Baltimore from Seattle.

Once during the flight I strolled from the front to the back of the Boeing 707 in which we were fleeing East, said hello to a guy, walked back to my seat — and we had in that time crossed the broad-beamed state of Washington.

The plane that Boeing gambled $16,000,000 on, before it found a customer, tooled 2,320 miles across the country in 3 hours and 48 minutes. Test pilot Tex Johnston grumbled that bad wind information held him up a bit.

During the incident of the omelet and the stroll to the rear we were doing close to 700 m.p.h., which may account for the distance traveled during those homely tasks. For the whole route we averaged 10.2 miles a minute at altitudes up to 35,000 feet. It was an average speed of 612 m.p.h.

"How did you hold on, Pop?" one of the children asked later when I got home. It was easy, fellows. Traveling at near the speed of sound in the 707 is pretty much like sitting in your living room.

There was no vibration at all throughout most of the trip. The first great cliche of the jet age — the standing of coins, cigaretts and pencils on end, to prove the smoothness of the flight — was duly observed by the photographers.

The noise inside the cabin (which was pressurized to 6,500 feet) was less than that of a DC6 or DC7, any of the Connies or most of the Convairs.

★ ★ ★

It was something of the order of the Viscount, a prop-jet, and of the most comfortable plane ever devised, as far as this particular traveler is concerned, the old two-deck Boeing Stratocruiser.

Certainly hope our landing at Baltimore's hospitable and beautiful Friendship Airport didn't distrub the nice old gentleman with super-senitive hearing aids who make up the New York Port Authority.

The knocked New York out of the story of a record-breaking and curtain-lifting performance by refusing to permit the 707 to land here. Too much exterior noise, they said after a nice few days in Seattle around the Boeing plant.

The 707 slipped into Baltimore with less noise that most commonly accepted airliners. Let the New York Port Authority men ponder that one, as, linen dusters flying, they drive home to Oyster Bay in their electric runabouts and Stanley Steamers.

★ ★ ★

It is difficult to put into words the difference between the best the airlines can offer today and what they'll be presenting beginning in the autumn of 1958.

A BIT STARTLING

I caught up on some sleep, wrote a longish introduction to a book soon to be published about Matsutaro Shoriki, the most versatile man in Asia, and dined well on Pat Patterson's esteemed food.

Then I shot back to the Atlantic side of the country in 12 minutes under four hours, at about twice the altitude. The contrast was a bit startling.

One thing the future air traveler won't see much of is the land over which he flies. We had an unusually good day for our 707 flight, but for perhaps half the way the remote earth was immersed in what appeared to be a thick layer of whipped cream, and when the ground was visible our height made smooth fields of mountains and creeks of mighty rivers.

Perhaps the jet age will really bring the helicopter into its own. "Travel by chopper and see where you're going," might be the slogan. Me? I saw it once.

★ ★ ★

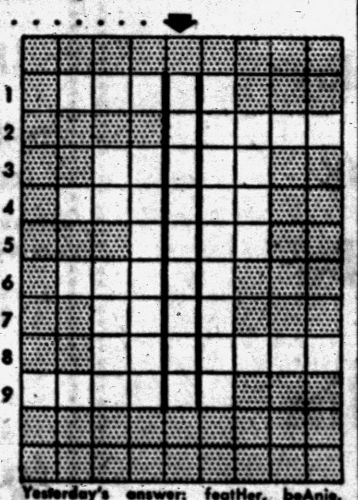

With 31 other working stiffs, I've had a glimpse of what the future holds in air travel. It's stunning, inspiring, aweprovoking . . . and hurry up with that omelet; we're over Chicago and we've got to start letting down for New York. Don't mind the seatbelts. Just don't talk loud as we come in.

Spring Ensembles and Suits Feature Softer Look

Dallas Designers Emphasize Femininity in Fashions

Ike Clark adds a polka dot "jabow," as a soft note, to a dress and jacket ensemble made of cotton and rayon blend suiting. Mrs. Clemence mentions the addition of jabots to spring and summer fashions shown at Dallas Tuesday. The dress is darted to give the new rounded hip look, and white linen piping outlines the bodice detail.

Nylon tulle is draped diagonally for the bodice and ruffled for the skirt in this frothy formal by Clifton Wilhite—obviously headed for gala evenings with its handmade silk rose for that extra-special touch.

A soft empire-effect jacket is fitted over a dress in this cotton and cupioni ensemble from L and L of Dallas. A sewn-in tucked bib and soft tie attached to the dress, plus white collar and cuffs, add a fresh spring look.

City Garden Club Plans Benefit Bridge

Plans were completed for the annual benefit bridge to be held April 24 when members of the executive board of the Pontiac Branch of the Women's National Farm and Garden Association met Monday at the home of Mrs. C. R. Gatley, president, on Oneida road.

★ ★ ★

Following the plans of previous annual bridge parties, proceeds will be used for the organization's civic improvement project, the purchasing of flowering crab apple trees to be given to the city to beautify various locations as selected by the city.

Discussing party details with Mrs. Gatley were Mrs. Walter K. Willman, chairman of civic improvement; Mrs. Harold A. Fitzgerald, chairman of ways and means, and Mrs. Standish Sibley, who is serving with Mrs. Harry Pearce as cochairmen of the affair.

Mrs. Sibley announced the names of members who will be hostesses for the annual event. Included are Mrs. C. G. Burke, Mrs. Milo Cross, Mrs. John Livingston, Mrs. John Marra, Mrs. C. T. Ekelund, Mrs. Harcourt Patterson, Mrs. Jack Habel, Mrs. Percy Hunt, Mrs. Aaron Riker, Mrs. Robert Oliver and Mrs. Sibley.

Mrs. Robert M. Critchfield will be hostess at the Monday meeting of Pontiac Branch of Women's National Farm and Garden Association in her home on Lake Angelus road.

DUV Has Meeting

Mrs. Blanche Galbreath, department president, and Mrs. Iloa Root, department secretary of the Daughters of Union Veterans of the Civil War, attended the recent meeting of Frances Butterfield Tent Nine, DUV. Mrs. William Paetow presided during the business meeting.

Willman of Ogemaw road, chairman of civic improvement; Mrs. W. Ross Thompson of Eileen drive and Mrs. Arthur R. Young of Shoreview drive.

Costumes for Evening Reproduce Traditional Beauty of Old South

By JUDITH L. CLEMENCE
Pontiac Press Women's Editor

DALLAS — Fashions from the Southland continued to be feminine throughout yesterday's showings at Hotel Adolphus here in Dallas.

Mrs. Clemence

For travel and town wear, manufacturers use two and three-piece suits. There is a softer look in this season's ensembles and suits. Polka dots and prints are excellent accents to textured weaves.

★ ★ ★

And you find gingham suits complemented with white pique or linen blouses. Dark cottons are favored but the light pastels are still much in evidence.

Capes with bright-colored linings adorn many of the dresses and suits, and there is a cape length for every woman whether she be tall or short. Mock boleros were prominent in the collection of Ike Clark and L and L Manufacturers, and were a real fashion point.

There's both waist and hip interest in the ensembles. Skirts are darted into peg top effects, and the Dutch boy influence is seen in the doublebreasted jacket closings on many of the ensembles. There are detachable collars and prominent notched lapels.

The box jacket, flattering to so many women, still continues as a favorite here. Back interest, now called "exit" interest, is noted in the bows, buttons and tabs seen in other years.

★ ★ ★

Drip and dry cottons are favored for their practicality, but designers have done such interesting things in neckline treatment, using sissy ruffles, and cutout work for a more feminine look.

Brogan and Jennings and Marcy Lee gave this special treatment to many of their dresses.

EVENING GLAMOR

No Dallas fashion showing would be complete without the added glamor of the evening gowns by Clifton Wilhite and Mary Carter. These two firms bring to the fashion world, the beauty of the deep South, as you've read about it in history books.

★ ★ ★

Traditional bouffant ball gowns of nylon tulle, silk taffeta embroidered silk organza, organdy and tiers of lace were special treats to editors. Mr. Wilhite, famous for his handmade roses, gave special attention to formals and semi-formals.

Garlands of roses cascading from the waist were used to create back interest on one dress.

Another frothy gown of nylon tulle had one large "Texas" rose pinned to the waistline for special accent. Wisteria prints and the famed "Yellow Rose of Texas" were not overlooked in the "I'm From Texas" note.

★ ★ ★

Mary Carter showed a bell-shaped silk ball gown with a large red poppy design, along with a white lace gown which she called "Birthday Cake," made entirely of tiny rows of lace from top to bottom. On the various "layers" were little pink rosebuds to carry out the cake theme.

Floating panels of chiffon and luxurious scarfs adorn many of the sheath dresses for party wear, giving an elegant look to Dallas fashions.

Federation Plans Party on April 4

Mrs. Herman Dickstein opened her home on Chippewa road for the Monday afternoon meeting of Pontiac Federation of Women's Clubs.

★ ★ ★

Mary Parrish, director of dramatics at Pontiac High School, presented a short skit, "Three on a Park Bench." Participating in the skit were Sharon Boice, Elizabeth Gregory, Robert Skinner, Alex Sekles and Emanuel Williams.

Mrs. S. V. Sekles, president, announced that the federation will hold a card party and fashion show, "The Springtime Fashion Festival," at the Elks Temple April 4.

Proceeds from the party will be presented to the Pontiac Foundation for the proposed civic auditorium, Mrs. Howard Powers is serving as general chairman.

The annual dinner meeting will be held at Grace Lutheran Church, Mrs. Sekles announced, Mrs. Leonard Buzz will be general chairman of the membership tea being planned.

★ ★ ★

Members of the Sisterhood of Temple Beth Jacob were hostesses during the tea hour.

Hospital Group Schedules Tea

Members of St. Joseph Mercy Hospital Auxiliary set a tentative date for the auxiliary's annual Membership Tea when they met Monday afternoon in the student nurses' home. Mrs. John A. Reid will open her home on Cranbrook road for the annual event.

Mrs. Fred R. Pickering was hostess for the social hour held following the business meeting.

South Continues to Attract Vacationers From Area

Mr. and Mrs. Everett Johnson and son, Charles, of South Jessie street are leaving this week for St. Petersburg and Fort Lauderdale, Fla.

While in Fort Lauderdale they will visit Mr. and Mrs. George King, former Pontiac residents. They will return to their home the first of April.

★ ★ ★

Following a two-week vacation at Point Clear, Ala., where they were guests at Grand Hotel, Mr. and Mrs. John W. Fitzgerald have returned to their home on Lyonhurst drive in Birmingham.

★ ★ ★

Paul Goulding, son of Mr. and Mrs. R. C. Willoughby of North Mill street, was among 80 California State Polytechnic College aeronautical and mechanical engineering majors participating in a special "learn by seeing" field trip to Ames Aeronautical Research Laboratory and Moffett Field, near Palo Alto, Calif.

★ ★ ★

Mrs. Fritz Goerner of Stuttgart-Weil-in-dorf, Germany, arrived in New York during the past week aboard the Maasdam from Rotterdam, Holland. From there she flew to Willow Run where she was met by her son-in-law and daughter, Mr. and Mrs. Orrin E. King of Quillen street, with whom she will spend several weeks.

Mrs. Goerner was here to greet her grandson, Stephen Frederick, son of the Orrin Kings, when he arrived on March 10 at St. Joseph Mercy Hospital.

Grandparent of the infant, along with the Goerners, is Mrs. Elma King of Liberty Manor.

★ ★ ★

Clara Gaylord of Miami road motored to Orlando, Fla., where she will spend the next four to six weeks. While there she will visit Mr. and Mrs. Bert Lawrence, her uncle and aunt.

★ ★ ★

Clara Nusbaumer of North Saginaw street, Lola Perkins of Auburn avenue and Mrs. William Thomas of Dakota drive are spending several weeks vacationing in St. Petersburg, Fla. They will visit Mrs. Alice Cochran, formerly of Pontiac.

★ ★ ★

Mr. and Mrs. C. D. Welden and daughter, Turry, of Illinois avenue have returned to their home from a motor trip to Point Clear, Ala. While there they were guests at the Grand Hotel.

BRENDA KATHLEEN BURDER

Mr. and Mrs. C. H. Burder of Third avenue announce the engagement of their daughter, Brenda Kathleen, to Alfred O. Mitchell. He is the son of Mr. and Mrs. Wilfred Mitchell of Jones road. A July 27 wedding is planned.

Birmingham Club Plans Style Show

Mrs. James A. Cotter, general chairman, will be assisted by Mrs. Leonard A. Malis and Mrs. Roland P. Weyand at the women's card luncheon and fashion show being held at Birmingham Country Club on March 20.

Fashions by Walter's will be modeled by club members following the 12 o'clock luncheon.

Bridge Winners

First place winners of the Pontiac Duplicate Bridge Club Monday were Joseph Nouse and Aubrey Roberts. Mrs. Douglas Haddock and John Krause were second place winners. The club meets at Hotel Roosevelt.

Child Shouldn't Be Father's Rival

By MURIEL LAWRENCE

Five-year-old Tom had been ill with tonsillitis.

One morning when he was practically well, friends of his parents invited them to dinner. Tom's mother was urged to remember that she and his father needed some recreation. Finally she agreed and called her babysitter.

★ ★ ★

But that night when the time came for her to leave the house, Tom made such a fuss that she got scared he might fall ill again. So his father dined without her at their friends' house.

Not long afterward Tom interfered again in his parents' social plans. Again his mother accepted his interference. But this time his father rejected it.

To his wife's plea to be "understanding" with their little boy, he retorted briskly, "Nonsense! I'm the person who needs the understanding this time.'

★ ★ ★

Then, going upstairs, he said to his son, "Tom, your mother is my wife. We were happy doing things together before you were born and we are happy doing them now that you are born. You don't want us to be unhappy together, do you? All right then—settle down and stop trying to make us unhappy.'

Tom was relieved by this straightforward refusal to allow him to monopolize his mother. He was comforted to be reminded that he was her little boy, not a rival for his father's claims. He was so glad to be put in his right place that he fell asleep almost at once.

★ ★ ★

Occasionally, a mother will insist on maintaining a little boy in his wrong place.

She will actually encourage him to compete with her husband for her attention.

When, like Tom's father, her husband tries to put an end to the competition, she'll protest virtuously, "How can I leave the child when you see how much he wants me?'

★ ★ ★

She behaves like a medieval maiden wringing her hands over two knights fighting for her heart. Her trouble is, she isn't a maiden, modern or medieval. She's a grownup woman who has made her choice of a mate, married him and borne his child.

What she needs is a better acceptance of her mature character if her child is ever to accept his childish one in content and peace.

We belong to our husbands' generation, not his child's.

Attitudes of Women Are Consistently Inconsistent

Gals Who Borrow Ideas From Others Are Irked if Someone Copies Them

By RUTH MILLETT

We women are funny.

Ask us if we baked a cake ourselves, and we are ashamed if we have to admit we didn't. But ask us if we made the dress we are wearing and, if we didn't, we are likely to be insulted and, if we did, probably think, " It must not look as good as I thought it did."

★ ★ ★

We won't tell our ages, and yet we are indignant if someone assumes we are older than we are.

Though we borrow freely from other housewives in the matter of menu planning, decorating, landscaping, etc., we are usually a trifle annoyed when someone duplicates one of our ideas.

We feel quite smug when another woman tells us what an intelligent or capable man we're married to, but if she comments on how handsome he is, we feel a little uneasy.

★ ★ ★

Though we acknowledge to ourselves that many of our friends have less perfect taste when it comes to selecting clothes or furnishing a home, it never really occurs to us that anyone might question our taste.

Though we try hard to be efficient in our jobs, we are never as flattered when told we are efficient as when told we are charming.

★ ★ ★

Even though we have been known to discuss the shortcomings of one friend with another, we are furious if we discover those two have been discussing us.

When we come home with a new dress, we hope to convince our husbands it was a great bargain and other women that it cost more than it did.

We make an effort to find out what our friends are going to wear to a party so that we can dress accordingly — and then have a fit if we meet another woman wearing an identical dress.

The hem-tightened skirt unbalances the top-heavy figure. The pleated insert or godet spills out enough fulness to pyramid out to wide hem and so is good balance and also one of the newest skirt ideas.

Church Group Meets

Mrs. James Leach, Mrs. Elaine Malone and Mrs. H. R. Fraser were cohostesses for the dessert luncheon meeting of the September-October Group of First Presbyterian Church held Thursday in the church parlors. Mrs. H. R. Fraser was discussion leader for the day.

Treat yourself to pastel nylon stockings this spring for wear with a late day or dressy dress in a deeper color.

Ballet Shares in Successful Concert

Symphony Scores Again

By DORA DAWSON

A packed house greeted the Pontiac Symphony Orchestra and its conductor, Francesco DiBlasi, at the concert Tuesday night in Lincoln Junior High School auditorium. A program of unusual interest and talent added another success to this organization's growing permanence and stature in Pontiac.

★ ★ ★

The first half of the program featured a beautiful demonstration of what just the violin family can produce, when a Concerto in D Minor by J. S. Bach for two solo violins and accompaniment was played by Jack Boesen and James Waring of Detroit, members of the Pontiac orchestra.

The voices of the two violins, clear and sparkling or appealingly lyrical, as heard in three movements, were delightful with a supporting accompaniment of strings that made this number one of the outstanding offerings in this year's concerts.

The Adagietto from Gustav Mahler's Fifth Symphony, also for strings, was a beautifully serene, thoughtful movement, difficult, but played with a unity of feeling and gradations of tone color and dynamics.

★ ★ ★

An innovation following intermission was the appearance of the Lemanis-Tillak Ballet of the Detroit Institute of Musical Art, in a classical one-act dramatization of "The Nightingale and the Rose," with music by Shostakovitch and ballet arrangements by Osvalds Lemanis.

BRILLIANT MUSIC

The full orchestra under Mr. DiBlasi's direction played with spontaneous accuracy and brilliance the rather startling dramatic moods, characteristic of Shostakovaich, which were illustrated by beautiful classical dancing by ballerinas and ensemble groups, which were a delight to watch because of their grace, fleetness and skill. Their costumes were enhanced by colorful lighting arranged by students of Will-O-Day Apprentice Theater.

★ ★ ★

A large group was in this dancing ensemble, and it's impossible to mention each interpretive dancer, but Daniel Jackson, the nightingale, Milda Memenas' the old lady, and Joan Bennanemthe, the rose, were especially outstanding in their difficult executions. Emotions of joy and sorrow, expressed by Mr. Jackson in his body movements, were very artistic and full of meaning.

Returning to the leadership of Francesco DiBlasi, he again demonstrated his fine ability and talent by conducting from memory throughout the evening.

One of the attractive features of these concerts is the service of young people as ushers. Those ushering Tuesday night were Clark Lefurgy, Karen Hayden, Nancy McKowan, Mary Ann Engelhard, Lynn Thompson, Nancy Walker, Marilyn Vernon, Kim Nixon, Gloria Cunningham, Andrea Roberts and Judy Johnson, all music students.

Treat yourself (or your teenage daughter) to this lovely set! It's crocheted in the jiffy "fishnet" stitch and may be trimmed with daisies, pearls or rhinestones for that glamorous touch. Perfect for a summer wardrobe!

Pattern No. 5771 contains directions for both types of sandals in small, medium and large sizes; for drawstring bag and snood.

Send 25c in coins, your name, address and the pattern number to Anne Cabot, The Pontiac Press, 372 W. Quincy St., Chicago 6, Ill.

It's ready! The 1957 Needlework Album—56 colorful pages showing many pretty designs; plus directions for making three crochet items and a quilt. Only 25c a copy!

Children's Art to Be Displayed on Wednesday

Paintings and drawings by children of the 23 Pontiac elementary schools will be shown Wednesday from 3 to 5 p.m. in the Webster School library. Also on display will be pictures drawn by children from 5 to 15 years of age, living in countries around the world.

★ ★ ★

This exchange of children's art work, called "Art for World Friendship," is a project of the Women's International League for Peace and Freedom.

The project was initiated in 1946 by a group of league members living near Philadelphia, in recognition of the need for international understanding.

Because of the response elicited by the project, Gerald White, coordinator of elementary education in Pontiac schools, invites interested parents and residents to attend the showing Wednesday afternoon. Refreshments will be served.

Feet Get Fat, Too, and May Spread

Shoe Size Often Grows With Age

By JOSEPHINE LOWMAN

Very few persons wear the same size shoes when 45 or 50 as they did at 20. One reason is because most people gain weight as they grow older. Not only their feet become fatter as the rest of their body does, but the feet bear the weight of the body and may therefore spread.

★ ★ ★

When we think of the burden which our arches support year after year, it is amazing that they can take it. Weak arches can cause great discomfort and fatigue. It is true that you feel tired all over if your feet or eyes are strained and and weary.

It is practically impossible to have a sparkling personality if your arches and legs ache and you are sure to curtail activities which you otherwise would enjoy takin gpart in.

You are more likely to have arch trouble as you grow older and you are more susceptible to it if you are overweight. It certainly seems that preventative measures are intelligent, especially from middle age on. Today I want to give you a few exercises which will strengthen the feet.

To strengthen your feet, walk around the room first on your toes and then on your heels.

1. Take off your shoes. Stand with your feet about 6 inches apart. Roll your feet outward so that the weight is on the outer edges of your feet. Roll them back. Lift the inner and under part of your feet off the floor with each roll.

2. Stand stiff legged, with the legs crossed, feet parallel, 2 or 3 inches apart. Stand this way for one minute. Then reverse.

3. Walk about the room, first on your toes and then on your heels.

★ ★ ★

4. Take off your stockings. Pick up marbles or a pencil with your toes and walk about the room.

If you sit at a desk most of the day get up every once in a while and walk about the room. When sitting, cross your feet at the ankles. This will help preveent swelling. When walking remember to toe straight forward.

If you would like to have my exercises for the feet send a stamped, self-addressed envelope with your request for leaflet No. 14 to Josephine Lowman in care of The Pontiac Press.

WASHINGTON (INS)—President Eisenhower was told today that working wives have just about replaced the spinster "career women" of earlier years.

★ ★ ★

The National Manpower Council of Columbia University reported during a White House visit that while the number of employed women equals one-third of the civilian labor force, only 7 per cent of all women never marry.

The council, created six years ago by Eisenhower when he headed Columbia University, urged a sweeping revision of employer attitudes toward women jobholders.

The council said that women jobholders would provide a tremendous backlog of support for the country in time of war. It added:

1. One-third of all women aged 14 and over are now in the labor force in any given month, and well over two-fifths—or 28 million—work at sometime during the year.

★ ★ ★

2. The average schoolgirl today can expect to spend at least 25 years in paid work outside the home.

3. Women will account for at least half of the expected increase of 10 million persons in the labor force between 1955 and 1965.

4. One-fifth of the nation's income today in wages and salaries, amounting to $42,000,000,000, is earned by women. They put out more than a quarter of the annual total of "man hours" worked.

5. Six out of every 10 women now working are married. Five out of 10 are over 40.

6. Three out of every 10 married women are now working and two out of every five mothers with school age children are in the labor force.

★ ★ ★

The council said that "in a literal sense the so-called 'career' woman' of yesterday has almost disappeared."

"Now, at least 9 out of every 10 American women are likely to work outside the home in the course of their lives.

"Probably more than half the families in which both husband and wife work have incomes of $5,000 or above, and in two out of every five families with incomes between $6,000 and $10,000 both husband and wife are employed."

Hosts Object to Liquor at Parties

Newcomers Bring Highball Fixings to Weekend 'Picnics'

By EMILY POST

A reader explains: "My husband's family has a house in the country and except for a month in the summertime they do not occupy it and so we often spend weekends there, inviting several young married friends to join us. As we are all young and in the same 'financial boat' everyone brings his own 'picnic' lunch.

"Recently a young couple moved here from a distant city and we have invited them to join us on several of these weekends. However, each time they have brought along hard liquor for highballs. How can I tactfully tell them that while we don't object to beer we don't want anything stronger?

"I hate to 'drop' them for this reason as they are very congenial, but we do not want these weekends to turn into drinking parties. I would appreciate your help on this matter."

Answer: The only thing for you to do is to tell them frankly exactly what you have written me.

"Dear Mrs. Post: I have just recently become engaged. Before I met my fiance he was asked to take part in two weddings—one as an usher and the other as best man. I do not know either of the couples who are to be married and was not invited to their weddings.

"My fiance insists that I go to both weddings with him. He says it will be perfectly proper to go as his fiancee. I do not think it would be right but we have decided to let you be the judge."

Answer: He must ask for an invitation for you to both of these weddings, and you should not go uninvited.

"Dear Mrs. Post: Is it proper for a young unmarried woman who is living alone in an apartment to entertain a gentleman friend for dinner unchaperoned?"

Answer: An old friend, certainly; a new acquaintance, not without another couple.

Flora Shelly Group Has Dinner Meeting

Mrs. Hazel Hubbard entertained members of the Flora Shelly Group of First Presbyterian Church in her home on Sylvan Shores drive for dinner and a meeting recently. Assisting the hostess were Mrs. Morrell Jones and Mrs. Olive Lord.

Mrs. W. A. Marbach, Mrs. Chauncy Harris, Mrs. Norman Allen and Mrs. Archie Parker were guests.

Wever PTA Dads Plan April Banquet

Plans for the April 4 father and daughter banquet were made at the Thursday meeting of Wever PTA fathers. A special meeting will be held to complete plans. The judging of banquet posters made by Wever girls will be held at the March 21 meeting.

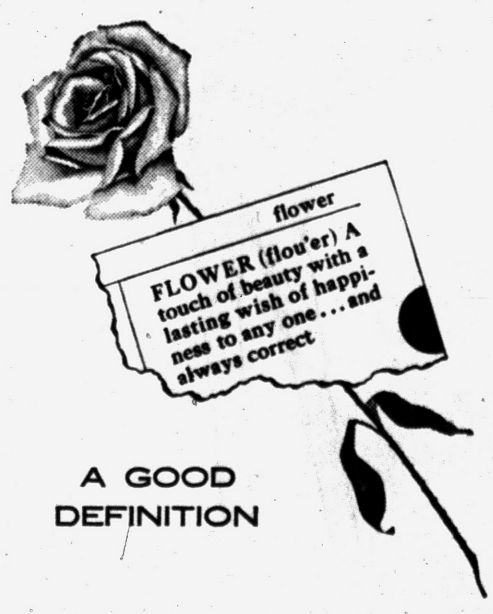

A combined group of Wever and Hawthorne fathers viewed a film, "Childhood Nephrosis," shown by Stan Allen.

Group Entertained

Mrs. Forest Milzow entertained members of the Burlingham Park Extension Group Monday in her home on Cleary drive. Mrs. Lawrence Maki assisted the hostess. A demonstration on painting trays was presented by Mrs. Edward McDowell.

OES Installs Patron

Samuel Smith was installed worthy patron of Pontiac Chapter 228, OES, at the Monday evening meeting held at Masonic Temple. Installing officers were Mrs. Earl Ross, matron; Mrs. Kenneth Anthony, marshal, and Mrs. Ronald West, chaplain.

Have Perspiration Stains Ever Ruined Your Dress?

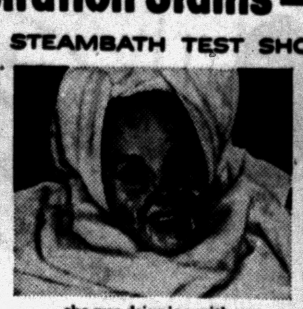

New ARRID with Perstop*

Stops Perspiration Stains — Stops Odor

DRAMATIC STEAMBATH TEST SHOWS HOW

This woman was put in a steambath at 104 degrees. ARRID with Perstop* was rubbed into her forehead. Fifteen minutes later . . .

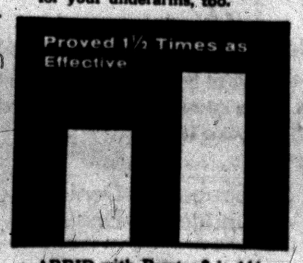

. . . she was dripping with perspiration—but ARRID with Perstop* kept her forehead *dry*. ARRID will do the same for your underarms, too.

Just rub ARRID in—rub perspiration out. Rub ARRID in—rub odor out. When the cream vanishes you know you're safe even on hot, sticky days.

ARRID with Perstop*, used daily, keeps your clothes safe from ugly stains, keeps your underarms dry, soft and sweet.

ARRID with Perstop* is 1½ times as effective as all leading deodorants tested against perspiration and odor.

So . . . don't be half-safe. Be completely safe. Use new ARRID with Perstop* to be sure. 43¢ plus tax.

MR. and MRS. LELAND HAGNER

Charlotte Ann Keener and Leland Richard Hagner were married Saturday at Galloway Lake Methodist Church. Her parents are Mr. and Mrs. Monroe Keener of Opdyke road. Leland's parents are Mr. and Mrs. Leland Hagner of Waterly street.

Galloway Lake Church Is Scene of Wedding

Charlotte Ann Keener became the bride of Leland Richard Hagner at a seven o'clock ceremony Saturday at Galloway Lake Methodist Church. One hundred fifty guests attended the service performed by the Rev. Kenneth Stevens.

* * *

Mr. and Mrs. Monroe Keener of Opdyke road are parents of the bride and Mr. and Mrs. Leland Hagner of Waterly street are Leland's parents.

A bridal gown of lace was chosen by Charlotte. The bodice was fashioned with a scalloped neckline and long sleeves extending to points at the wrists; The straight skirt featured flounces at the waist.

She carried a bouquet of pink roses and white carnations.

Mrs. Georgeina Hendrix served as matron of honor wearing a blue ballerina-length dress and carrying a bouquet of white and blue carnations. Judith Carline served as bridesmaid and wore a pink ballerina-length dress and carried a bouquet of white and pink carnations.

Charles Dryer of Dearborn was best man. Seating the guests was Chuck Richardson.

* * *

For the reception held in the church parlors, Mrs. Keener chose a brown print silk dress and a corsage of garnet roses. Mrs. Hagner selected a gray print dress and a corsage of garnet roses.

The bride changed to a blue print dress with black accessories. The couple is traveling to California where they will make their home.

It's Pastry This Time— Not Legs!

Mrs. Downer Rolls French Fried Strips in Powdered Sugar

By JANET ODELL
Pontiac Press Home Editor

Today's recipe is for an interesting German pastry, called Grable. Mrs. Delia M. Downer says it is delicious served with afternoon tea or coffee. It's made in the manner of doughnuts.

Mrs. Downer is an enthusiastic person who has many interests. Ill health for several years slowed down her social activities, but she enjoys pursuing her hobbies.

She makes clinker gardens, jointed soap dolls and fancy door stops. She has given many lectures on hobbies.

GRABLE
By Mrs. Delia M. Downer

1 pint cream
3 eggs
1 cake or 1 package yeast
1 tablespoon salad oil
½ teaspoon salt
½ cup warm water
6-7 cups sifted flour

Dissolve yeast in warm water. Add other ingredients, except flour. Add enough flour to make a soft dough that can be kneaded. Put in about five cups at first, adding more as needed. Chill in refrigerator one hour.

Roll out on floured board ½-inch thick. Cut into 2x4-inch strips. Fry in deep hot fat like doughnuts. When browned on one side, turn and brown on the other. Drain on paper towels. Serve plain or rolled in confectioners sugar. Makes about 2 dozen.

Hoedowners Club Greets Members

Mr. and Mrs. William Garvey were welcomed as new members of Hoedowners Square Dance Club at the Saturday evening dance held in Owen School. Mr. and Mrs. Amos Sellers and Mr. and Mrs. Lea Mumper were guests for the evening.

Calling the lively quadrilles and novelty dances were Larry Bova, George Beauchamp, Ted Hoyt, Dewitt Hart, Fred Froede, Howard Hatfield, Cecil Elsholp and Harvey Gilchrist.

Robert Wagner Will Star in 'The Day of the Outlaw'

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — I could have told Buddy Adler how popular Robert Wagner is with the youngsters throughout the country, so many of my letters are about him.

Buddy has bought a special story for Bob called "The Day of the Outlaw," a novel by Lee W. Wells. It's the tale of a Wyoming gang of outlaws who take over the town.

Saw Freddie Brisson while I was in Palm Springs and he told me that he had talked with Rock Hudson before Rock took off for Rome for "A Farewell to Arms."

"He's my No. 1 choice for 'The Loving Couple,'" said Freddie, "and Rock would like to do a comedy. We won't make it until much later this year, because Rock has to go to U-I for a picture after he finishes 'A Farewell to Arms.'"

Ed Tanner, who wrote "The Loving Couple" under the name of Virginia Rowan, and "Auntie Mame" under the name of Patrick Dennis, was with Freddie at the Springs working on "The Loving Couple."

FABULOUS CONTRACT

Leland Hayward has signed a fabulous contract with CBS to produce one 90-minute TV show a year plus a creative series of shorter programs. His TV show with Ethel Merman and Mary Martin is still discussed as one of the best ever presented.

In motion pictures Leland has had such hits as "Mister Roberts" and "Spirit of St. Louis." He's still working on "Old Man and the Sea." Since his picture activities are extensive it's expected he will do many of his TV shows right here in Hollywood.

Linda Christian, who always does all right for herself, met the very rich Marquis Portaga in St. Moritz and she is now visiting his family in Cuba. He is going with her to meet her family in Mexico.

Meanwhile, Tyrone Power has been seeing more and more of his children. London gave him wonderful notices on "Seven Waves Away," which is now called "Abandon Ship," because the British thought "Seven Waves Away" meant the pretty girls in our Navy!

Ty gets here in about 10 days on his way to Mexico to report to Darryl Zanuck for "The Sun Also Rises," and after that he stars in "Witness for the Prosecution."

HONOREES ABSENT

Snapshots of Hollywood collected at random: Everyone in Rome came to John Mather's (British talent agent) cocktail party for Jennifer Jones and David Selznick—everyone with the exception of the guests of honor.

Lana Turner has a whole new career open for her in television after her appearance on Bob Hope's show—she was that good. Good show, too.

It's a baby girl for the Darren McGavins, born in New York. Her daddy wired she has beautiful red hair.

On a Mediterranean cruise, Greta Peck met Clarence Snyder, wealthy Philadelphian who fell for her—but she said no to marriage. Later she was at the Interlude with Ernesto Pueyrredon of Buenos Aires.

Cobrina Wright postcards from Zurich, Switzerland, where she broadcast in German. Hope it was better than the one I made in 1932.

What were Frank Sinatra and George Jessel talking about at Romanoff's in a quiet corner?

Same place, Kay Kendall, in another quiet corner, with Terence Rattigan and Harry Kurnitz.

Sir Cedric Hardwicke is the first star signed for "My Sin," the Lanvin perfume story. He'll play a chemist.

Albert J. Cohen has been made executive producer of Jaguar Productions, Alan Ladd's company. Cohen was with U-I for many years.

Quint's Fiance to Sign Waiver?

Expect Trust Company to Insist on Action to Protect Cecile

MONTREAL, Que. (INS)—The trust company administering the Dionne quintuplets $1,000,000 estate was expected to insist that Cecile's fiance sign a waiver to any part of her $250,000 share.

★ ★ ★

Under Quebec law, all of Cecile's property would come under her husband's control without such a contract. Her annual income is estimated at $15,000.

However, friends emphasized there was "no question of money," in her marriage plans with her "unofficial fiance," Phillippe Langlois, 25, Montreal television camerman whom she has known for three years.

"If she were a poor girl," friends said, "Philippe would marry her just the same. And even now, he wants to support her on his own."

MARRY IN FALL

The couple probably will announce their engagement May 28, the quints' 23rd birthday, friends said, and marry in the fall.

★ ★ ★

Cecile, the gayest and prettiest of the four surviving quints, was awaiting reaction from her parents, Mr. and Mrs. Oliva Dionne, at Callender, Ont., to her letter informing them of her wedding plans.

A student nurse now completing three-year training, she shares a $200-a-month apartment with the other quints, Yvonne, also a student nurse, Annette, a music student, and Marie, their housekeeper.

The fifth quint, Emile, died in 1954.

Friends said Cecile and Philippe share a common interest in painting and often go to museums. They also play the piano and enjoy outings to nearby ski hills.

★ ★ ★

His father, Alphonse, a Quebec City apartment house owner, and mother, reportedly have met Cecile and approved of their son's choice.

Philippe quit a TV job to help Marie Dionne promote a flower shop, which closed with a $25,000 loss.

British Lead in Tea

World to Miss Great Explorer, Says President

WASHINGTON (AP) — President Eisenhower said Tuesday the nation and the world "have lost one of the truly great explorers of all time" in the death of Rear Adm. Richard E. Byrd.

"And I have lost an old and dear friend," the President said in a statement.

★ ★ ★

"As commander of two arctic and five antarctic expeditions, Adm. Byrd dedicated his life to the exploration of those little known areas. He was the first man to fly over both the North and South poles," he added.

★ ★ ★

"His explorations charted more than two million square miles of territory, adding tremendously to the world's scientific knowledge of the polar regions. This knowledge is important—and will become increasingly so in the years that lie ahead—and will always remain as a constant tribute to the memory of Adm. Byrd.

"Mrs. Eisenhower and I, on behalf of all Americans, extend our heartfelt sympathy to the members of the admiral's family. He was a gallant gentleman, a fearless and determined explorer, and a true servant to his country."

Liquor Sales in State Climb Nearly 17 Pct.

LANSING (AP)—Liquor sales in Michigan for the first two months of the year climbed nearly 17 per cent above sales in a like period in 1956, the State Liquor Control Commission has reported.

★ ★ ★

Sales through February came to $25,651,321 compared with $21,943,768 in the same period last year.

February sales this year totaled $14,272,011 as against $11,334,678 last year.

Tighe Finds Bright Spots in Defeat

By BRUNO KEARNS
Pontiac Press Sports Editor

ORLANDO, Fla. — The Detroit Tigers, because they found National League pitching too tough, have fallen behind in the Grapefruit League.

But they'll get a chance to even their mark at 2-2 today when they meet the Washington Senators in Orlando. And if the team from the nation's capitol proves to be as easy in the spring as it was in the summer for the Bengals, the Detroit club should be all even by nightfall.

The Milwaukee Braves threw Warren Spahn, 20-game-winning southpaw, lanky Gene Conley and Red Murff at the Tigers in Bradenton yesterday, and the trio shut out the Tigers 1-0. In fact, Detroit got only two singles and now has gone 16 innings with only three singles to show for an offense.

Jim Bunning pitched well for the Tigers, and it wasn't unexpected since the 25-year-old righthander pitched well for the Tigers late last summer and then had a fine season in Cuban winter baseball.

Catcher Red Wilson said Bunning was throwing mostly fast balls and that his control and curve ball weren't as fine as will be required once the American League season rolls around.

Bunning pitched five innings, the most any Detroit pitcher has gone this spring, and permitted the National Leaguers only four hits. Pete Wojey, who tried and failed to make the grade with the Tigers last season, was charged with the defeat.

Wojey gave up the Milwaukee club's only run in the sixth inning on a walk, a sacrifice and a would-be two-base hit to left field that scored the run. But the batter who hit the ball, first baseman Frank Torre, neglected to touch first base. Although the run counted, Torre was declared out—and robbed of his hit—because of his failure to touch first.

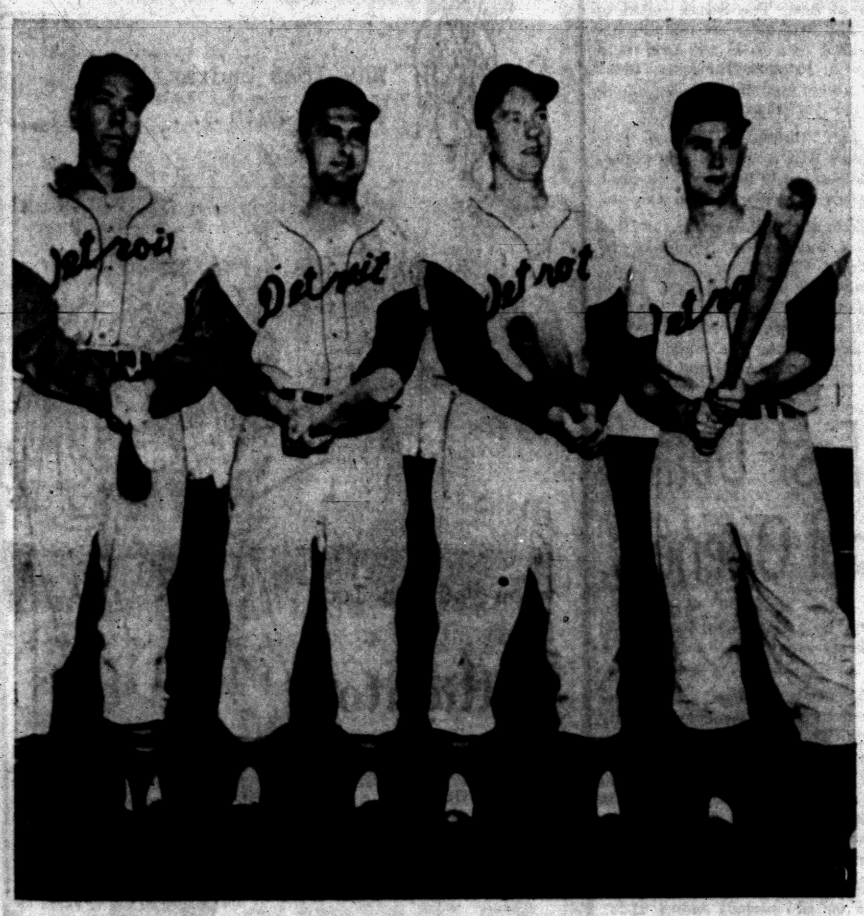

Manager Jack Tighe says he isn't concerned about the lack of punch so far in the lineup. Of course, the Tigers had the best hitting average of any club in the league last year and Tighe figures the hitters will come around before long.

Shortstop Harvey Kuenn and first baseman Ray Boone were the only Tiger players able to hit safely yesterday. Jim Small was in centerfield in place of Bill Tuttle for the entire contest, but failed to hit safely in three appearances. Tighe planned to use the young bonus rookie again today, however, in an effort to find out if Small can replace Tuttle, whose sagging batting average of last year has Tighe worried enough to begin to look for a replacement for 1957.

Tomorrow the team travels to St. Petersburg for its first clash with the New York Yankees. Tighe plans to pitch rookie Don Lee for at least three innings against the world champions.

Tighe has said that Lee, son of former White Sox pitcher Thornton Lee, may stick with the club if his spring performances continue to be good.

Although Lee is 23, he has had only one year of pro baseball experience. He pitched in college, however, and the Tigers feel the college experience is equivalent to a season or two in the low minors.

AP Wirephoto

OUTFIELD QUESTION—Manager Jack Tighe will have to select his starting outfield from these four players, shown here at the Detroit Tigers' training camp in Lakeland, Fla. From left to right are Bill Tuttle, Charley Maxwell, Al Kaline and bonus player Jim Small. Small still owned the job today, along with Kaline and Maxwell.

Golf Popularity Rises in Japan, Corcoran Says

NEW YORK (INS) — Japanese golf courses employ girl caddies and put the greens to bed under straw mats at night, but Fred Corcoran, golf's emissary to far places, says the sport is rivaling baseball in popularity.

★ ★ ★

Corcoran returned full of enthusiasm from 16 days in Japan where he was making arrangements for the International Golf Association's Canada Cup and International Trophy play next Oct. 24 - 27.

Two-man teams from at least 29 countries will compete in what will be Japan's first major golf event. But that doesn't mean it is a new sport to the Nipponese.

★ ★ ★

"They've been playing since 1903," Corcoran informs, "and there are half a million golfers now in Japan. One thing that has helped is U.S. servicemen playing golf over there, and I was surprised by the number of Japanese I met who became familiar with the game while attending U.S. Colleges."

Wings Survive Chicago Rally to Boost Lead

Detroit Goes 5 Points Ahead of Habs in NHL With 4-3 Triumph

CHICAGO (AP) — The Detroit Red Wings survived a wild final period to nip the Chicago Black Hawks 4-3 in a National Hockey League game here last night. The victory lifted the league-leading Wings five points over the second place Montreal Canadiens, who were idle.

Alex Delvecchio scored twice and Norm Ullman once to send the Wings into the third period with a 3-0 lead.

The point that proved to be the winning one for Detroit — a marker by Lorne Ferguson — came midway in the final period.

Then the Hawks started their belated battle from behind. Forbes Kennedy tallied about one minute after Ferguson's score. Nine minutes later Nick Mickoski fired the puck past Detroit goalie Glenn Hall while Detroit's Warren Godfrey was in the penalty box. Just 43 seconds later the Hawks got their third marker when Hec Lalande deflected a shot by Kennedy past Hall.

Delvecchio's first goal came late in the first period when Chicago's Mickowski was serving a tripping penalty.

The game was the home finale for Chicago.

From The PRESS BOX

There are many so-called cage "hotshots" in area prep circles these tournament days. But even the best of them couldn't reach a mark Rev. John Rakoczy (Johnny, in his St. Mary's prep and college days) hung up. The handsome current mentor of the Orchard Lake (17-1) club once compiled 54 points in one game against Detroit St. Francis deSales. He was a better-than-30 points a game star, one of the Eaglets all-time greats, a fine floor man, brilliant shot from any spot on a court.

While his Bloomfield Hills Barons were battling against the strong St. Mary's (OL) five in last week's district cage tourney, Coach Hal Trott was a hospital patient. Hal suffered a broken nose earlier in the week in a Pontiac City League game and entered the hospital to have it set properly.

Waterford and Royal Oak will have new golf coaches this spring. The Skipper links boss will be John Coleman, while Prentice Ryan takes over for the Oaks.

Only visiting group to finish among the top bowlers in the state Elks meet completed here Sunday was Beerman's Music of Muskegon with a 4th in team handcap. This unit averages 60 years of age. Pontiac had four of the top 31 finishers in handicap and one of the top nine in actual.

★ ★ ★

Versatile Ron Kramer concluded his three-year hoop career at Michigan in fine style by setting a new all-time scoring mark for the school at 1,119 points. However, he ranked 2nd for this season's scoring with 319 after pacing the Wolverines the other two seasons.

★ ★ ★

Two 4-6-7-8 splits and two 7-10's occurred on the final weekend of the Elks pin tourney. All were by Muskegon men. Locally, Mrs. A. Steck recently topped a 4-7-6-10 double pinochle combination in the Dixie Housewives League and H. Tipolt converted a 2-4-7-10 split in the Oakland County Employes League.

Merchants Earn Chance at Title

The Pontiac Merchants advanced to the final round of the city Class C basketball playoffs Tuesday night with a 53-51 triumph over the Calgon Kids at Lincoln Junior High.

Griff's Grill will meet the Merchants for the 'C' title next Tuesday night at 8:30 in the Lincoln gym.

Jim Honchell meshed 20 points for the Merchants while Calgon's Roger Reynolds took scoring honors with 24. The winners trailed at halftime, 30-25.

Pietz Market qualified to face Boys Club for the city Class D crown with a forfeit victory over Bussey's Whirlwinds.

Piet and Boys Club will square off next Tuesday at Lincoln at 7 p.m.

NC Continues to Roll On

By THE ASSOCIATED PRESS

Powerful North Carolina was on its way to Philadelphia today to resume the hectic NCAA basketball tournament struggle and boasting a 28-0 record that dangerous little Canisius College would love to smash.

★ ★ ★

The Tar Heels, the nation's No. 1 team, turned on the gas in the second half last night to thump Yale's Ivy League champions in the first round of the Eastern NCAA regionals at New York 90-74.

★ ★ ★

Canisius, of Buffalo, N.Y., humbled West Virginia, the Southern Conference champs, 64-56. Syracuse marched past Connecticut 82-76 in other games on the Madison Square Garden triple-header.

At Columbus, Ohio, Notre Dame racked up its 10th straight victory by clipping Miami (Ohio) 89-77, while the Pittsburgh Panthers took a last-gasp verdict from Morehead (Ky.) 86-85 in the Mid-west regionals.

One contest was played in the West regional, with Oklahoma City University trouncing Loyola of New Orleans 76-55 at Oklahoma City.

Milwaukee Leads ABC

FORT WORTH, Tex. (AP) — Milwaukee team shot into first place today in the open team division of the American Bowling Congress tournament.

The Kearney and Trecker Co. No. 1 squad smashed out a 2,896 score last night to move into the lead in the fourth day of the 51-day bowling marathon.

Vern Samuelson paced the squad with a three game score of 618.

Gay Ellis of Lubbock, Tex., moved into the first in the all-events standings yesterday with a nine game total of 1,843. Ellis, a 33-year-old optician, shot series of 648, 638 and 557 for his best scores in 18 years of bowling.

He paired with Ray Bischof of Lubbock to move into the doubles lead with a pacesetting score of 1,240.

Tribe Concedes Yanks Nothing

By THE ASSOCIATED PRESS

The Cleveland Indians refuse to subscribe to the popular belief that the New York Yankees only have to show up to win the American League race again.

When asked the other day if maybe he didn't think the Yanks would win the pennant, rookie Manager Kerby Farrell barked:

"I do not. I concede the Yanks nothing. They have to beat us to win it and you can bet we'll give them a fight."

Penn State's Engle Named East Coach

SAN FRANCISCO (INS) Charles "Rip" Engle, head football coach at Penn State, was selected today to boss the East Shrine squad coaching staff for the 1957 post-season charity game.

His assistant will be Blanton Collier, University of Kentucky, and Milton Bruhn, University of Wisconsin.

Picks Up 30 Youngsters

Weight Champ Warms Up

LOS ANGELES (AP)—The strongest man in the world, Paul Anderson of Georgia, was merely "warming up" for more difficult deeds as he practiced for his new career as a professional lifter of things.

★ ★ ★

The warm-up was really nothing, or so said America's gold medal Olympic Games champion somewhat apologetically.

He simply lifted, en mass, 29 normal sized Brownie scouts and one attractive teen-ager.

★ ★ ★

Today, after a midnight flight to Atlanta, Paul took his first official step as a pro. He flew there to autograph copies of his new book, "Paul Anderson's Easy Steps to Giant Strength."

★ ★ ★

The 24-year-old Anderson admitted before he left that hip-hoisting 30 youngsters — combined weight an estimated 2,400 pounds, or the equivalent of two healthy race horses — is not one of the first easy steps toward acquiring giant strength.

Boys Club Wins to Reach Semis

Boys Club, Pontiac's Class D representative in the Inter - City Recreation basketball tournament at Detroit, moved into the semi-finals last night at Lasky Community Center with a 44-31 victory over Detroit King's Men.

Utilizing an effective fast break, Boys Club forged into a 24-18 halftime lead and pulled steadily away in the final two quarters. Leon Weeks netted 14 points for the winners while Chuck Archer made 11 for the King's Men.

Boys Club faces Dearborn Thursday night at 8:30. Dearborn reached the semifinal round by conquering Hamtramck last night. Highland Park and Ypsilanti meet in Thursday's other semifinal at 7:30.

Lasky Community Center is located on Fenelon, south of Davison avenue and McNichols (6-Mile road).

Champ Joe Brown Takes Split Win

HOUSTON, Tex. (AP) — Lightweight champion Joe Brown was ready to head home to New Orleans today, victor by a split decision over surprisingly scrappy Armand Savoie of Montreal in an overweight 10-round non-title bout.

Brown finished fast last night, belting Savoie into the ropes as the bell sounded in the eighth. It was the nearest thing to a knockdown in the bout, although Brown also connected with terrific flurries in the sixth. Both were bleeding at the finish.

Majors Called Big Business

Congressman in Favor of Having Trust Laws Include Baseball

WASHINGTON (AP) — Rep. Celler (D-N.Y.) says he doesn't think Congress needs a full investigation to determine that major league baseball is big business and thus subject to anti-trust laws.

★ ★ ★

"As far as I'm concerned," he said in an interview yesterday, "I don't need any hearings.' And Ford Frick is trying to play the role of grand "pooh-bah" for all baseball.

Celler is chairman of the House Judiciary Committee and has sponsored a bill to extend anti-trust laws to baseball. The senior Republican member of that group, Rep. Keating (N.Y.), taking the opposite view, says he favors full hearings.

Training Camp Flashes

ORLANDO, Fla. (AP) — Harmon Killebrew has joined the Washington Senators' "tape - measure" club, but his 440-foot homer wasn't enough to stave off a 4-2 exhibition defeat by Philadelphia yesterday.

The Senators' Jim Lemon has held long-ball honors to date, with two home run blows well in excess of 400 feet.

SCOTTSDALE, Ariz. (AP)—Lenny Green is one of Baltimore's top rookie prospects today but the Orioles were all set to release him two years ago.

Green was playing centerfield for San Antonio and Baltimore's new general manager, Paul Richards, just happened to be watching the game. Green made a sensational shoestring catch, another over-the-shoulder snare of a 400-foot drive, and batted out a couple of timely base hits.

Richards was so impressed he made sure Green would stay on. Last season, the 24-year-old outfielder was the Sally League's leading hitter with a .318 average for Columbus, Ga.

SARASOTA, Fla. (AP) — Righthander Bert Thiel, a 30-year-old "rookie" voted the Texas League's pitcher of the year last season, is making a strong bid for a berth on the Boston Red Sox.

Thiel, who posted an 18-11 mark with Dallas in 1956, held the New York Yankees to just one hit over the last four innings yesterday as the Red Sox pushed across a run in the last of the 13th for a 1-0 victory.

MESA, Ariz. (AP) — Ernie Banks, star shortstop for the Chicago Cubs the last three years, might find himself at first base this season.

MIAMI, Fla. (AP) — Billy Pierce, the Chicago White Sox ace lefthander, will make his 1957 pitching debut against the Brooklyn Dodgers today.

BRADENTON, Fla. (AP) — Warren Spahn of the Milwaukee Braves says that shortstop Harvey Kuenn of the Detroit Tigers "is quite a hitter."

Southern Course Host to $5,000 Event Thursday

GULFPORT, Miss. (AP) — Fast greens and pride-promoting competition awaits a field of 150 tomorrow in the opening round of the 11th annual $5,000 Gulf Coast invitational golf tournament.

The 72-hole tournament, held at the Great Southern Country Club, is designed for home professionals, the links masters who devote their talents to schooling weekend duffers. Another 75 selected amateurs, including Walker Cuppers Dale Morey of Indianapolis, Ind., and Hillman Robbins of Memphis, Tenn., complete the field.

TV Fight Matches Strong Contenders

CHICAGO (AP) — Wilf Greaves, a young middleweight with limited experience, has his sights set on Gene Fullmer's title and figures the best way to meet the champion is by beating fourth-ranked Spider Webb, in a 10-round bout at Chicago Stadium tonight.

Greaves, of Pittsburgh, who has had only 14 professional fights, is subbing for Randy Sandy, who injured his left hand in training and was forced to withdraw.

Southern Training

EAST LANSING (AP) — Schedules for the Michigan State golf and tennis teams, to include preliminary southern training trips, were announced today by athletic director Biggie Munn.

The golfers will get their warm-up in North Carolina and the tennis team will train in Florida and South Carolina. The golfers have only two matches at home during the regular season while the tennis team will play five home dates.

Tourney Tickets

Tickets for tonight's Flint Regional Class A basketball tourney are available at the Pontiac High office. Tickets for Friday's games, if Pontiac wins tonight will also be available, as well as for Saturday's finale. Tourney is under way at Flint IMA.

Tiger Relief Problem

Crimian May Be Answer

LAKELAND, Fla. (AP)—Seven seasons have come and gone since Jack Crimian knew for sure whether he was a starter or a reliefer. Usually, he has been both since he broke into baseball 13 years ago at Bradford, Pa.

But the 30-year-old righthander with the rubber arm learned quickly back in 1944 that it just doesn't pay to baby your pitching arm. He's been throwing an hour a day for the past three weeks, practicing what he preaches, that the only way to have a strong arm is to have an active arm.

Crimian, obtained in the winter trade with the Kansas City Athletics, is expected to be the answer to the Detroit Tigers' relief pitching problem.

"I never saw a guy who liked to throw so much," said pitching coach Willie Hudlin. "The guy just never wants to quit — and he's throwing hard and using his breaking pitches, too."

Crimian pitched nearly 250 innings his first year in baseball. Unlike most moundsmen who require three and four days' rest, Crimian can go every day, and the more he works the better he likes it.

Money Raised to Keep Lakers in Minneapolis

By THE ASSOCIATED PRESS

When the Minneapolis Lakers were consisent champions of the National Basketball Assn. a few years ago loyal hometown folks referred to their city as "the basketball capital of the world."

★ ★ ★

The glory days have passed, but the pro basketball headlines all pointed to the Minnesota city again yesterday.

First, league headquarters in New York announced a complicated preliminary playoff setup that hinged on the Lakers winning two games. Then came the news that local investors had raised enough money to keeps the Lakers in Minneapolis and voided a deal that would have sent them to Kansas City for the 1958 season. Finally, the Lakers traveled over the bridge to St. Paul and whipped the Philadelphia Warriors, 100-94.

Walled Lake Tackles Utica

By BILL CORNWELL

Local interest in the regional basketball tournament at Pontiac High will take a sharp turn upward tonight when powerful Walled Lake opens its drive for the Class B title against strong Utica.

Armada, the Southern Thumb League team which toppled mighty Imlay City in the Port Huron district tourney, encounters Grosse Pointe St. Paul tonight in the Class C opener.

There was little chance for enthusiasm at last night's Class C inaugural in the PHS gymnasium.

Almont, the only Class 'C' team representing the area here, fell by the wayside and Detroit All Saints enjoyed a practice session at the expense of St. Francis de Sales.

★ ★ ★

St. Cecilia raced to a 71-50 victory over Almont in a mild upset. The Raiders made things interesting for the 1st half. They were ahead for a spell in the 2nd quarter before slipping behind at intermission, 32-29.

Almont was never in the game after that. The Irish completely controlled the boards in the 2nd half and outran their tiring foe. In addition, they held high-scoring Larry Kersten to a mere eight points.

Huskey Ed Urban, St. Cecilia's big center, took scoring honors with 18 points. Lee Hartway and Tom Hough each tallied 13 points for the Raiders.

All Saints, Detroit's Catholic League champ, had a good workout at best. The Saints rolled up an 11-0 lead after six minutes and breezed to a 72-32 win over helpless St. Francis. The losers didn't get a field goal until the 3rd minute of the 2nd period.

Bob Matulonis sparked the Saints with 20 points. The versatile Saints will be heavily favored in this 'C' regional from now on.

Tonight's Walled Lake-Utica clash matches a couple of co-champs. The Vikings, Inter-Lakes Conference co-champions, enter the regional in the favorite's role with an impressive overall record of 17-1. Utica, Bi-County League co-titlist, has won 13 and lost four.

Boys' Club Hoopsters in Detroit Tournament

The defending sectional champion Pontiac Boys' Club hoop team begins its quest for another title Friday night at Detroit meeting the Sarver Club of the Motor City in a 6:30 contest.

Pontiac concluded the regular season season with a 13-3 record, including a four-point win over Sarver. Starters Friday are expected to be Len Sharp, Jerry Baker, George Mays, Glen Ray and Del Green.

Chiefs Pick Up 'Cudgel' After Skippers Bow Out

By H. GUY MOATS

FLINT (IMA) — Pontiac High's basketball Chief's, kings of the Saginaw Valley Conference take up the Class A regional battle in the big Flint IMA hall here tonight where Waterford's Skippers left off.

Coach Art Van Ryzin's club (14-1) will get its first tournament test against always strong tourney crew in Lansing Sexton. Because of the Chief's high position in state prep cage circles, a great deal of interest will attach to this game, set for 8 o'clock.

PHS starters for this match probably will be Jim Skinner, Terry Zellhart, Hudson Ray, Dave Diehm and Larry Peet.

Skippers' inability to match the Owosso foul-line performance cost Waterford its first tourney win. Trojans turned in a phenomenal total, hitting 23 gift shots out of 30 chances, to go along with a mediocre field production of 16. It was more than enough to win 56-50. The win was the 1st time any Trojan five had ever taken a regional victory.

Owosso now meets a much rougher test, getting Flint Central on Friday at 8 p.m. Indians outlasted Port Huron in a wild, see-saw contest 69-67, last night.

★ ★ ★

Skippers worked hard all the way to either keep on the Trojans heels, knot the count or grab brief leads. The game was tied up a half dozen times, with Skippers holding the lead on several occasions, but by a single count. At least three times the Skippers had chances to extend a brief lead in the final minute and a half after knotting the score at 50—all. Owosso's Cliff Hanchett was fouled by Jim Devine and promptly dunked two tosses. With a few seconds left Jim Hasse hit four straight charity tries to wind up the game.

Dick Patterson's 10 out of 12 tries, plus eight baskets gave the diminutive guard scoring honors with 26. Another little guy, Gordy Lowell, sunk six chances without a miss.

Skippers had five more goals than the Trojans, but the low percentage of conversions on free shots spoiled their chance.

The Central-Big Red tilt was tied up 13 times, and the lead changed hands a dozen times. Indians' Felix Miller hit 24, Mel Thomas 19 and Tommy Bell 17 to pace the win. Jerry Barr with 23 and Ken Miller with 18, topped the Port Huron scorers.

Mt. Clemens, East Detroit Win 'A' Regional Openers

By CHUCK ABAIR

Mt. Clemens and East Detroit advanced into the semifinals of the Class A regional tournament at Birmingham by posting triumphs in opening round action last night.

They clash Thursday with the winner moving on to the championship bracket. A doubleheader tonight matching Birmingham against Detroit Catholic Central at 7:30 and Royal Oak-Berkley at 9 will determine the other semifinalists.

East Detroit was the class of the tourney in Tuesday's lidlifters and is heavily favored to reach the finals. Shamrocks walloped St. Joseph, 71-40, after Mt. Clemens had tripped Harper Woods Notre Dame by a 61-46 count in a ragged contest.

★ ★ ★

Shamrocks romped with ease paced by a 44 per cent shooting mark as six-foot-six-inch center Ron Emerick rung up 23 points and forward Gary Ballman added 22. It was close only in the 1st period when the losers continuously held the ball at midcourt, Gary Rizer topped St. Joseph with 16.

Opening tilt was a see-saw affair for two periods ending 23-23 at halftime but Mt. Clemens pulled in front to stay following the intermission with its greater height the telling factor in an 18-6 last stanza.

Charley Nicolai's 18 and 13 by lanky Ed Noe sparked the victors to their 6th win of the season. Dennis Grenier hit 12 for Notre Dame.

Tigers Sign Godfrey, Former MSU Hurler

DETROIT (AP) — The Detroit Tigers Tuesday signed Walter (Red) Godfrey, former Michigan State University pitcher, and assigned him to the Birmingham Farm Club in the Southern Assn.

Godfrey won 15 and lost five at MSU, where he had a 6-3 mark last season. He graduated in June and was sidelined all summer after fracturing his ankle in a sandlot game.

Tighter Regulations for Pike Fishermen

LANSING (AP) — More stringent regulations on pike fishing and minnow seining are proposed in a bill introduced into the legislature.

One provision of the measure, submited by Rep. John Kilborn (R-Petoskey), would raise the minimum length of pike which may be kept from 14 to 20 inches.

Fred Westerman, chief of the state conservation's fish division, said the department asked for the regulation because of an increasing scarcity of pike.

The longest winning streak in the Southern Assn. in 1956 was nine games won by the Birmingham Barons.

Our Final Remarks on Pigeons

By JACK PATTERSON

The "Letters to the Editor" department of this newspaper has been enlivened lately by a spirited debate on the desirability of pigeons in the downtown Pontiac area. So far, it appears that the anti-pigeon faction has scored the most telling licks and it would seem reasonable to expect that the next step will be a vote of censure against "Columba livia" by the City Commission.

PATTERSON

Let us hasten to add that that is where the matter will rest. Pigeons resist extermination. Passively, perhaps but stubbornly nonetheless. An armed group of pigeon blasters just might do the trick but wholesale shooting in congested urban areas is complicated by the probability of bagging bigger, protected game.

We speak of such matters with knowledge gained from forward area experience in the battle with genus Columba.

Some years back we were impressed into the struggle by some downtown merchants who had pigeons domiciled on the premises. This symbiotic arrangement pleased the pigeons, but distressed the owners and presented certain hazards to navigation in the entrance.

After establishing a complicated system of watchstanding one of our number finally pranged a pigeon amidships. Unfortunately it picked a time to fall to the sidewalk when there was more than a fair degree of pedestrian traffic.

A hastily appointed retriever fetched it under dozens of eyes which held a hostile glint. This ended the shooting and also, 'til now at least, ended the pigeon problem. And our remarks on pigeons.

A recent article in a national magazine about salt water aquaria for inland dwellers promoted some interesting speculations on the part of this reader at least.

Now a coral reef in every home, complete with its varied and multi-hued complimentary inhabitants would probably be a fine thing and would save a lot of time and effort now devoted to skin diving. But what struck us was the casual revelation that it is now possible to produce synthetic sea water. Consider for a moment the possibilities THAT opens up.

Take Oakland County for example. Practically immersed in fresh water. Not that we have anything against fresh water particularly — but it doesn't support anything interesting except trout. Add salt water fishing to O. C. and we'd have it made.

Pontiac Resident Reports Seeing Flock of Geese

Maybe its spring just around the corner that sent a band of Canada honkers into the Oakland County lake area yesterday. Be that as it may, one Pontiac resident watched the 13-geese flock come in from the east, head for Judah Lake, out Joslyn road.

★ ★ ★

Art Patro, 3705 Coleport wasn't sure but his description indicated the geese were Canadas.

Whether they were north-bound "southerners" or merely an area-wintering tribe wasn't clear.

32 Acres Still Needed for Squaw Valley Site

SACRAMENTO, Calif. (INS) — Plans for the 1960 winter Olympics at California's Squaw Valley have the indorsement today of the state chamber of commerce and other groups but steps must still be taken to acquire a key plot of 32 acres at the site.

At a Sacramento meeting yesterday, the chamber of commerce, the state park commission and the Squaw Valley Property Owners Association endorsed plans for development of a 500-acre tract in the mountain-locked valley near Lake Tahoe.

Nuts to the Fish

Angler Uses 'em as Lures

HILLSDALE (AP) — Eagerly waiting for spring is a man with a nutty idea for catching fish.

Roy C. Hill, 71, of North Adams, will be out the first warm days to try the casting plugs he makes out of horse chestnuts. He's spent all winter on them and he's anxious to find out if they work.

A retired machinist, Hill has fretted for years over the huge stock of "buckeyes" dropped by the big chestnut tree in his yard, wanting to "make something out of them."

Last fall he got his idea of making a casting bait from the shiny brown nuts. He invested in a supply of paints, hooks and fasteners and went to work.

He brushes each nut with a quick drying enamel in different colors, then dips the nut into turpentine to make the colors run. After the paint dries, the chestnut is coated with a clear plastic liquid for a dry, shiny finish.

Hill uses an electric drill to bore holes in the nuts and inserts wires to form loops for three-pronged hooks.

For the final alluring touches, he used duck or pigeon feathers to form a tail. Eyes are large headed tacks with a dab of black paint.

Adrian Five Eliminated From NAIA Tourney

KANSAS CITY, Mo. (AP) — Adrian College, Michigan's representative in the NAIA basketball tournament here, was beaten in a first round game yesterday by Tennessee State of Nashville, 87-69.

Adrian led only once in the game — for a 14-second period early in the first half.

Henry Hughes, who won the MIAA scoring title, led the Adrian attack with 19 points although he sank only three of his six free throw attempts.

Dick Barnett had 28 for the lightning fast Tigers from Nashville.

M-L to See African Plains Hunting Film

Multi-Lakes' Marion Pullis has arranged for the showing of a new film by the Williamses of Davison, at the M-L clubhouse on March 20.

Picture is entitled "African Plains Hunting."

Grain Futures Off by Fractions

CHICAGO (AP) — Grain futures were off fractionally in early Board of Trade dealings today, but there was no continuation of the liquidation that hit the pits near the close of yesterday's session.

Export news and continued unfavorable winter wheat weather aided wheat prices. However, traders said they considered the government wheat loan report somewhat bearish.

Soybeans started with losses of a cent or more, then rallied somewhat, and then dipped again.

Near the end of the first hour wheat was unchanged to ⅝ lower, March $2.31¼, corn ⅛ to ¼ lower, March $1.50⅝, oats unchanged to ⅛ lower, March 75⅛, rye ¼ to 1 cent lower, March $1.35½, soybeans ⅝ to ½ lower, March $2.42⅝, and lard 7 cents a hundred pounds higher to 3 cents lower, March $14.47.

Propose New Laws on Liquor Licenses

LANSING (AP) — New restrictions on issance of liquor licenses to clubs have been proposed in the Legislature.

To qualify for licensing, a club would have to have 300 members, all enjoying equal privileges, or be an accredited affiliate of a national organization, in most cases a lodge or veterans group.

The bill, brought in yesterdy, was one of eight submitted by the State Liquor Control Commission under sponsorship headed by Sen. John Minnema (R-Traverse City), liquor committee chairman.

Minnema said the commission had determined that there have been some abuses in qualifying clubs for licenses under existing law, including stretching of membership figures by admitting persons as "social" or "associate" members without voting privileges.

★ ★ ★

A second of the bills, designed to ease problems of tavern owners in winter resort areas, would remove a limitation restricting resort licenses to eight consecutive months in a calendar year.

Since the winter sports season usually begins in one calendar year and ends in the next, licensing problems would be reduced.

The other bills proposed minor changes, such as providing an April 30 instead of May 1 expiration date on full year licenses.

Bill on TB Facilities Received by House

LANSIN G (AP) — The house today received Senate-approved bills aimed at achieving better utilization of county and joint county tuberculosis sanatorium facilities. The two measures were passed unanimously by the Senate yesterday.

They would authorize use of vacant bed space, now limited to tuberculosis sufferers, by patients with other ailments.

However, the sanatoriums still would have to give TB patients first call on their facilities.

The problem of vacant beds has become a growing concern in recent years to state health officials and members of the Legislature. One reason is a decline in the incidence of tuberculosis.

★ ★ ★

Also okayed by the senate and referred to the house were bills to:

Make it a criminal offense to use the telephone for sales or solicitations based on fraudulent information.

Allow county health departments to hire "other qualified personnel," in addition to doctors and nurses, to perform certain services.

Facilitate annexation of adjacent territory by school districts in some cases. This bill was returned to the house for concurrence in Senate amendments.

1 Killed, 4 Hurt as Tire Blows Out, Wrecks Car

STANTON (AP) — A tire blowout sent a car bounding through a ditch and into a tree near here yesterday. A 9-year-old boy was killed and his mother and a sister were hurt critically. His brother and another sister were hospitalized and their condition was fair.

Dead is Lennie Frank, son of Mr. and Mrs. Arnold Frank of the Crystal Community near Ionia.

Authorities at Sheridan Community Hospital, Sheridan, said his mother, Donna Frank, 33, and his 5-year-old sister Barbara were in critical condition. His 8-month-old sister Patricia and 10-year-old brother James were in fair condition.

Clergyman Convinced Police Are on the Job

HENDERSON, Ky. (AP) — The Rev. C. Sumpter Logan of the First Presbyterian Church is convinced the city police are on the job

★ ★ ★

He was stopped by Patrolman Robert Jones, who thought the minister was driving a little too fast. An ensuing discussion led to the long hours of low pay of policemen. The officer let the minister off with a lecture. Later the minister took a letter to the Henderson Gleaner and Journal, urging better pay for officers. And returning to his car, he found attached a parking violation ticket.

Market Leans Toward Upside

NEW YORK (AP) — The stock market was irregular in quiet early trading today but there was a slight tendency toward the upside.

Pivotal issues showed price changes of from fractions to around a point.

Steels were narrowly mixed as two more steel companies announced cutbacks in production because of lagging demand from the automobile manufacturers. General Motors was about unchanged following news of layoffs in its Delco Appliance Division.

Both international and domestic oils were firmer, however, while the Egyptian - Israeli situation remained in doubt.

Louisville & Nashville was up a major fraction as the Interstate Commerce Commission formally authorized the L&N to absorb its affiliate, the Nashville, Chattanooga & St. Louis Railway. The stock of the latter rose about a point.

U. S. Steel and Bethlehem leaned to the upside while Republic Steel and Youngstown shaded. Gulf Oil Royal Dutch was steady. Texas (New Jersey) made small gains.

Fire Sweeps Store, $250,000 Damage

DETROIT (INS) — A three-alarm fire swept a National Food Store in Detroit yesterday, leaving damage estimated at $250,000.

One fireman, Edward Hill, 35, was injured fighting the blaze, which raged for a half-hour in high winds.

The store manager and two young women employes lagged behind to protect cash receipts and didn't escape until most of the roof had collapsed. Fifteen customers also escaped unharmed.

The fire spread from a defective incinerator chimney to the roof of the structure. Employes had been burning trash in the incinerator.

Eban Back for Confab

WASHINGTON (INS) — Israeli Ambassador Abba Eban returns to Washington from Florida today for urgent consulations with the State Department on Egypt's announced decision to reassume administrative control of the Gaza Strip.

WALT DISNEY'S True Life Adventures

Up to Congress to Slash Budget

Ike Will Help; Abandon Florida Trip; to Travel by Boat to Bermuda

WASHINGTON (AP) — President Eisenhower said today he will be as helpful as possible but it is up to Congress to determine how and whether the administration's $71,800,000,000 budget can be cut.

The President also told a news conference he has abandoned tentative plans to go to Florida for his health.

He said that instead he plans to leave probably tomorrow night for Bermuda by Navy cruiser.

Eisenhower will open four days of talks in Bermuda with British Prime Minister Harold Macmillan March 21.

★ ★ ★

Eisenhower's remarks regarding budget cutting were in reply to a request for comment on House passage yesterday of a resolution asking the President to point out where the administration's budget can be cut "substantially."

The resolution, merely a statement of the House's position, has no force of law. The vote was 219-178, with most Democrats for it and most Republicans against.

Asked what he plans to do about that House call for advice, Eisenhower said anew that he would have no objection to re-examining the budget, and added he will be just as helpful as he can in trying to find ways to cut spending.

But he went on to say it is Congress which authorizes specific projects and provides the money to finance them, and for that reason it is up to Congress to decide where any cuts should be made.

Eisenhower made one suggestion—that Congress move to eliminate the Post Office Department's deficit by providing for greater mail revenue.

Trial of Dr. Adams to Open in London

LONDON (INS) — The dope murder trial of Dr. John Bodkin Adams will begin next Monday.

Adams, the long-respected general practitioner in the seaside resort of Eastbourne, stood in the dock for two minutes as the trial date was set today in London's Old Bailey criminal court.

He bowed stiffly to the judge before being led back to his cell.

The portly bachelor is charged with poisoning one of his wealthy women patients with narcotics in order to benefit from her will.

Car Rams Rowboat

FRANKFORT, Ky. (AP)—A man ran his car into a rowboat at a railroad crossing here, and it put a hole in the boat big enough to sink it.

Police reported that Silas Andrew Wiley, driver of the truck on which the boat was loaded, said he looked both ways before backing his vehicle from a parking space.

That was just at the moment motorist Charles Purvis said he was coming across the tracks — and couldn't miss.

Township OKs Pay for Moore

Judge Wins Bid to Get Disputed $3,314 Fee From Farmington

Farmington Township Board voted last night to pay Probate Judge Arthur E. Moore $3,314 in addition to the $3,953 already paid for his work as legal advisor to the board on the proposed water system.

Last month the board voted to discontinue Moore's services and to employ Claude Stevens, financial consultant, to expedite financing of the proposed system.

Stevens has refused to take over the job until Moore gives the board a formal release.

Moore met with Stevens and Albert Gain, township supervisor, and agreed to release his notes to Stevens, with the proviso that the board pass a resolution to pay the balance of his bill out of the expected bond issue, or not later than Jan. 1, 1958.

Moore was employed by the board in October 1955, to expedite the proposed system.

Stealing Car One Way to Join National Guard

PITTSBURGH (AP)—James Kendall, 18, has a clear police record today and the National Guard has a new recruit.

When Kendall was arraigned on a charge of stealing an auto owned by M. Sgt. Joseph Sinwell of the National Guard, the sergeant told Judge William F. Cercone, "This boy wants to join the National Guard and I want to help him." Judge Cercone dismissed the charge and Kendall joined the Guard. He will serve under Sinwell.

Steinman and Moore were this week to see, along with Mayor William W. Donaldson, the men of the local battery fire the Nike in an annual firing practice at Red Canyon, New Mex.

One Died in Mishap

Blame Fatal Air Accident on High Speed in Descent

WASHINGTON (AP) — Too much speed in an emergency descent contributed to a fatal accident aboard a Canadian airliner over Flat Rock, Mich., last July 9, the Civil Aeronautics Board said last night.

A Trans-Canada Air Lines Viscount propjet plane lost its No. 4 propeller and part of the engine in flight, and a propeller blade passed through the plane, killing one of the 31 passengers aboard and injuring five. One of the four crew members also was injured.

The plane was on its way from Chicago to Montreal, by way of Toronto and Ottawa, when engine trouble developed over Flat Rock. During an emergency descent, almost at the top speed of the airplane, the propeller tore loose. Despite the death, injuries and damage, the pilot was able to land the plane safely at Windsor, Ont.

The CAB accident investigation report said the propeller tore loose because of "excessive loads induced by a descent at too high an air speed while the propeller was windmilling decoupled from the engine and its RPM (revolutions per minute) were known to be uncontrolled."

SHOULD ALERT

"The fact that the sound of overspeed decreased with decreased airspeed and increased with an increase in airspeed should have alerted the crew to the necessity for maintaining a moderate speed during the descent," the CAB said.

★ ★ ★

"Maintaining a low airspeed to reduce RPM of an uncontrolled propeller has been for many years the basic procedure in use . . . and is widely known.

"Despite this, the captain ordered that an emergency descent be executed.

"The board concludes that had a moderate airspeed been maintained, failure of the propeller as subsequently happened would not have occurred."

Use Psychology, Says Barman

A Flex of the Muscle Beats Hollywood Tussle, Asserts Saloonkeeper

NEW YORK (INS) — When a Hollywood studio took over a New York saloon to film a bar brawl, it delighted 1,500 spectators. But the saloon's bartender disapproved.

★ ★ ★

"It's things like this that give us a bad name," complained Bartender William Falise, watching 40 technicians arrange a slugfest scene in his Third Avenue saloon.

Falise was unhappy because the "Hatful of Rain" script called for actor Anthony Franciosa, playing a bouncer, to mop up the floor with two sailors.

Such things, Falise insisted, simply don't happen with a competent bouncer.

JUST PSYCHOLOGY

"You don't have to hit anybody," he insisted: "You just persuade him to leave — psychology, see? Don't these guys know that if you do slug somebody, you lose your license?"

Falise's comments left both movie-makers and regular beer-drinkers unmoved. About 15 regular patrons of the bar had come in for a short one before 20th Century Fox took over the saloon. They had privileged seats, with refreshments, while 1,500 other New Yorkers attracted by the free show had to shiver outside.

The below-freezing temperature didn't dampen the audience's enthusiasm one bit. Small boys cheerfully kept breaking through police lines on Third Avenue to get a close look at actors Lloyd Nolan and Don Murray and director Fred Zinnemann, who was wearing an impressive fur hat. One youngster, as police tossed him out, yelled:

WHERE'S MARILYN?

"Who wants guys — where's Marilyn Monroe?

But most folks enjoyed the movie-making even though the only girls present were extras whose job consisted of shoving forward and yelling "Fight, Fight!" Police guarding the expensive movie equipment reported no problems outside the bar, but inside, bartender Falise continued his lament.

"Sailors," he said. "Why pick on sailors? I've been a bartender 20 years and sailors aren't much trouble.

"Nobody's much trouble if you use psychology."

★ ★ ★

As if on cue, at this point a drunk demanded a beer. Falise gave him a hard look, expanded his 42-inch chest, waved an arm with a knotted bicep and said:

"Hit the road, bum."

The drunk departed instantly, and Falise grinned:

"Psychology, that's all."

Business Notes

Promotion of Frank J. MacDonell to public relations manager of Wrigley's has been announced by Samuel Frankel, vice president of ACF—Wrigley's Inc.

MacDonell

MacDonell, who lives at 3976 Oakhills Dr., Birmingham, was one of three named to top posts in the newly-formed sales promotion department. Head of the new division is Ervin Levinson.

C. E. Patton, Pontiac district organizer for The Great-West Life Assurance Co., ranked sixth in the company in policy sales for February, according to firm officials.

New Luxury Series Introduced by Buick

FLINT (AP) — A new series of Luxury cars, designated the Roadmaster 75 was introduced today by Buick Division of General Motors.

The series is being offered in two-door and four-door—hardtop models. An engineering feature is air-cooled aluminum brakes on the front wheels.

The new cars have the same over-all length and wheelbase as the standard Roadmaster. However, the new features are mainly in interior elegance. Seats and seatbacks are tailored in glove-finish nylon or broadcloth. Doors are padded and upholstered right up to the windows, eliminating the traditional panel along the bottom edge of the glass.

Rear armrests extend the full width of the doors. The built-in armrests on the front doors are longer than those on standard models. Carpeting is of deep-pile nylon with an extra thick base of foam rubber.

Navy Seeks Plane Down Off Tokyo

TOKYO (AP) — U.S. Navy planes combed the Western Pacific today, seeking a U.S. Air Force tanker plane missing with 10 crewmen aboard.

In central Japan a four-man Air Force medical team parachuted to a mountain spot about four miles from what was believed to be the wreckage of a missing C47 transport. Four men had been aboard the C47.

★ ★ ★

The aerial tanker, a KB50, left Yokota Air Base just west of Tokkyo last night and was scheduled to reach Wake 7½ hours later.

★ ★ ★

The Air Force announced it was missing after it reckoned all its fuel was gone and no report was received of its landing.

The wreckage believed that of the missing transport was spotted 9,000 feet up on a 9,500-foot mountain about 200 miles northwest of Tokyo. Aerial spotters saw no sign of life about the plane.

Helicopters were sent to help, but the Air Force said heavy snow probably would prevent the medical team reaching the wreckage before Thursday.

Cab Dragged 80 Feet, Occupants Thrown Out in Chicago Accident

CHICAGO (AP)—A 50-year-old widow and her brother, passengers in a taxicab, were killed and the cab driver was seriously injured today in a collision with a locomotive of a commuter Milwaukee Railroad passenger train.

Police said the crossing gate operator told them the cab driver had opened the gates and attempted to drive across the tracks. Police said the cab driver told them the "gates were up."

★ ★ ★

Detective James Koerner said the northbound cab was dragged more than 80 feet and all occupants were thrown from the vehicle. No passengers or train crew members were hurt. The train of three passenger coaches was westbound to suburban Bensenville, Ill.

The dead were identified as Mrs. Mary Mix, 50, mother of two teen-age sons, and her brother, Thomas Folan, 54, salesman for a Loop book publishing firm. Police said they were enroute to their home on the northwest side.

Police said the crossing gate operator, William Kellogeropos, 49, told them he was in his tower and that the gates were operating. The cab driver, Presley Gregoyg, 25, was reported in serious condition in the Cook County Hospital.

Parties Convince Solon Liquor Program Needed

OKLAHOMA CITY (AP)—A freshman state legislator was displeased today when the House whacked off funds for an alcohol education program in public schools.

Rep. A. L. Murrow, Dacoma, said he didn't believe such a program was needed until he was elected to the legislature, but "since attending a number of parties around the city I'm convinced we need it." This state is constitutionally dry.

Lt. Gov. Hart Officially Opens Seal Campaign

Lt. Gov. Philip A. Hart officially opened Oakland County's annual Easter Seal Campaign by purchasing the first sheet of seals from Debra Ann Shelton of Pontiac, a three-year-old victim of polio.

She has been officially named Miss Easter Seal to spark the month-long appeal for funds which begins today and closes April 21. The society is seeking to raise $50,000 to provide its treatment and care services for the crippled.

In buying the first seals, Hart said, "today our program for the crippled is based on humanitarianism and sound business practice. We realize that society must prepare the disabled to become self-supporting, that we must establish centers where total rehabilitation can be provided."

Dismiss Port Huron Bank Monopoly Suit

PORT HURON (AP)—A suit by the Peoples Bank of Port Huron against the Michigan National Bank seeking to void sale of its controlling stock has been dismissed by Circuit Judge George B. Hartrick.

The judge, sitting in St. Clair County, indicated the question was one of federal jurisdiction. A spokesman for Peoples Bank said the decision, handed down yesterday, probably would be appealed to the State Supreme Court.

Peoples Bank had sought $1,000,000 damages in accusing Michigan National Bank of attempting to gain a monopoly of banking in the Port Huron area.

It alleged conspiracy and violation of state laws against branch banking in the purchase of a majority of its stock by the Michigan National Bank employes profit sharing trust.

India Air Crash Kills 6

NEW DELHI (AP)—An Indian airliner on a training flight crashed into a peasant's hut on the outskirts of New Delhi today, killing six Indians. The dead included the two men aboard the plane and four occupants of the hut.

Cabbie Sparks Search in Bay

Taxi Plunges in Water; Passengers Turn Up Safe and Sound

MIAMI BEACH, Fla. (AP) — A frantic rescue effort was touched off in this area because a cab driver was uncertain whether two passengers were in his cab when he drove the vehicle into Biscayne Bay.

About 50 men from the Miami and Miami Beach fire and police departments, and the Coast Guard joined in the effort yesterday.

★ ★ ★

Police said the cabbie, Lynn B. Johnson, 29, swam ashore after driving his cab into the bay between Miami and Miami Beach and told shocked onlookers that two persons were trapped in the car.

★ ★ ★

Rescue boats raced to the scene, skin divers went to work, and police and fire equipment was summoned.

About five hours later Johnson recalled the name of one of the passengers — bartender John Simon.

Simon was found safe in bed at his hotel. He said he and his girl friend hired Johnson's cab at 2:30 a.m. Tuesday and that he left the cabbie about 7 after dropping the girl friend at her home.

★ ★ ★

Said Johnson: "I don't remember bringing Johnny and his girl home. When I was heading back to town a car crowded me off the road and I swerved off the causeway into the bay. At the time of the accident I thought they were still with me, but now I don't think so."

Johnson was charged with reckless and drunken driving and his bond was set at $500.

★ ★ ★

Police Lt. Jerry Kedrierski of Miami Beach said the cabbie told officers he had eight or nine shots of whisky with beer chasers while waiting for his fare at several night spots.

Public Supports Bill to Restrict Near-Beer Sale

LANSING (AP) — A bill to outlaw the sale of "near beer" to minors has drawn some of the heaviest public support of any measure to come before the Legislature this year.

Many members of the House say they have received between 200 and 300 cards and letters urging passage of the measure since it was introduced Feb. 6 by Rep. Harry T. Emmons (R-Byron Center).

Most appear to be from parents or church groups.

Near beer has an alcoholic cantent of less than one per cent, but some parents object to its name and the beer-type bottle in which it is sold.

Said a typical letter from one mother:

"Sale of near beer is the beginning of a very bad habit in young children before they realize what they are doing."

The bill, which is scheduled for passage vote today, would do away with the classification of liquids containing less than half of one per cent alcohol as nonalcoholic liquor.

A companion bill, introduced by Emmons yesterday, would provide up to 90 days in jail and $100 fine for anyone selling such beverages to minors.

The House passed a similar "near beer" bill last year, but it failed by a single vote to gain approval in the Senate.

13 Fishermen Rescued From Ice on St. Clair

ALGONAC (AP)—Sheriff's deputies rescued 13 fishermen from one of the ice floes that broke off from Lake St. Clair shore ice under the force of 40-mile-an-hour winds.

They were brought back to shore after the wind carried their floe out into the lake. The floe was breaking up fast in the 58-degree temperature when the last man was taken off.

The floes, ranging up to 20 feet high, battered the Anchor Bay shoreline, smashing docks and seawalls.

Anchor Bay opens off the northern end of Lake St. Clair.

FEPC Asks Court to Secure Records

DETROIT (AP) — The Michigan Fair Employment Practices Commission (FEPC) is asking Circuit Court to order the Detroit Water Department to bare its employment records for inspection.

Asst. Atty. Gen. Gerald D. White said the Water Department had refused to turn over its records to FEPC investigators studying the dismissal of William R. Ragland of Detroit, a Negro employe.

Ragland contends he was fired because he complained to FEPC that locker facilities for employes of the sewage treatment plant were segregated.

FEPC said the Water Department pinned Ragland's dismissal on "poor work record, excessive absence, tardiness and lack of loyalty to the department."

His dismissal was upheld Feb. 12 by the Detroit Civil Service Commission.

Tractor Topples Over, Highland Woman Hurt

A Highland Township housewife was injured on her farm at 2070 Wardlow Rd. yesterday when a tractor overturned and pinned her to the ground.

Mrs. Reta Oltesvig, 30, is in satisfactory condition in Pontiac General Hospital with multiple bruises and a concussion.

Mrs. Oltesvig told Sheriff's deputies she was trying to pull her husband's pickup truck out of a muddy lane on the farm when the tractor she was driving tipped over backwards on top of her.

Slate Nurses' Course as Civil Defense Training

A Civil Defense Nursing Training Course for all practical and registered nurses will be given by the Oakland County District Nurses Assn.

The course will meet each Monday, from 7:30 to 9:30 p.m., starting March 18, in the McCauley Nurses Home of St. Joseph Mercy Hospital, 126 Fulton St.

The association is offering the course because it believes nurses will be essential personnel in case of disaster and the special training needed cannot be delayed until disaster strikes, a spokesman said.

College Dating Poll Shows No Religious Link

EAST LANSING (AP)— College students apparently don't let religion influence their dating, a igan State University psychologist Michigan State University psychologist reported today.

Dr. Milton Rokeach, an associate professor of psychology, based his conclusion on a survey of 600 students who were asked to give their own religious affiliation and that of all their dates during the past year.

"We could find no relationship between dating behavior and religious affiliation," Rokeach said.

The number of persons dated, he added, varied from one to as many as 15 or 20.

He emphasized that the study covered only dating and not marriage, which may be the subject of another study.

Gov. Williams Hits 'Token' Benefit Hike

LANSING (AP) — Gov. Williams says if Republicans favor only "token" increases in unemployment compensation benefits "they aren't going to fool anybody."

He referred to an assertion Monday by Rep. Walter G. Nakkula (R-Gladwin), House Labor Committe chairman, that Republicans will support boosts to keep pace with rising living costs.

Williams said yesterday:

"It appears that some Republicans, at last, have recognized the principle that unemployment compensation should be adjusted upward. I'm happy to see that.

★ ★ ★

"But they haven't said how much they propose to increase it."

Williams last week advocated a pattern of substantial increases that he said were keyed to the views of President Eisenhower and Labor Secretary Mitchell.

"Anything short of the Eisenhower-Mitchell standards of job insurance, which are lower than my original recommendations, will be inadequate to do the job," the governor said.

107th Home Group Formed in County

The 107th Home Demonstration Club in Oakland County was formed last night by 10 women from all parts of the county.

The group met at the home of Mrs. Donny Ashley, 33 Ruth St., Pontiac, and elected the following officers:

Mrs. Ashley, extension leader; Mrs. I. M. Lewis, chairman; Mrs. Walter Krause, vice chairman Mrs. Thomas Wood, secretary - treasurer; Mrs. Franklin Bailey, community chairman.

Mrs. Mary Hixon, county Home Demonstration agent, explained demonstration work to the group.

Listed in Fair Condition

An 83-year-old woman was in fair condition this morning at Pontiac General Hospital where she is being treated for a concussion received when she was struck by an auto Tuesday, about 120 yeards from her residence, the Evergreen Convalescent Home.

Pontiac Police report Lottie Quigg, 54 Seneca St., was attempting to cross N. Perry street when an auto driven by Marion McDonald Jr., 48, of 3205 Warren Sr., Drayton Plains, collided with the woman after the rear end had flipped around while the driver w attempting to apply his brakes.

House Asks Ike to Slash Budget

Vote Puts Onus for Cut on President, Rather Than on Congress

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex) said today Senate Democrats will make "least essential" spending their prime target in a drive for "substantial" cuts in President Eisenhower's $71,800,000,000 budget.

Johnson, the Senate Democratic leader, said forthcoming recommendations of Chairman Byrd (D-Va) of the Senate-House Committee on Nonessential Federal Expenditures will be made the basis for a Democratic economy campaign.

★ ★ ★

Johnson disclosed this plan after the House voted 219-178 last night to ask Eisenhower to point out where "substantial reductions" could be made in his record peacetime budget.

★ ★ ★

Countering this, the Conference of All Republican Senators unanimously adopted at about the same time a resolution saying they were "in accord with the President's recommendation that Congress reduce the budget wherever possible."

As their House colleagues had contended in lining up almost solidly against the House-passed resolution, the GOP senators said that "the appropriation of funds or federal government activities is the constitutional responsibility of Congress."

Eisenhower has said that it is Congress' duty to cut his budget if it can, and he is expected to ignore yesterday's House action, which has no force of law.

The House resolution, supported by 209 Democrats and 10 Republicans, said cuts must be made "in the public interest." It requested Eisenhower to "indicate the places and amounts in his budget where he thinks reductions may best be made."

★ ★ ★

Against the measure were 3 Democrats and 175 Republicans. Some of the latter accused the Democrats of "buck passing."

Final passage came after 160-142 rejection of a Republican substitute by Rep. Gubser of California. He proposed commending Eisenhower and Budget Director Brundage for their request to government agencies to review their budgets and report where saving could be made.

Kansas City Says NO!

KANSAS CITY (AP)—Kansas City voters yesterday snowed under a proposal for a 1 per cent municipal earnings tax. The unofficial count showed 80,233 votes against the charter amendment necessary to enact the tax, 20,841 for it.

Myron Cohen Is Best in the Sherwood Show

By EARL WILSON

NEW YORK — As a guy who always liked dialect as long as it's inoffensive, I was glad to find that the greatest of the dialecticians, **Myron Cohen,** is at his best in the new show starring the wonderful **Roberta Sherwood.** For example, a husband says:

"This is my wife's birthday."
A friend asks: "What are you getting for her?"
He roars back: "Make me an offer!"

★ ★ ★

Abbe Lane explains her cough, "I have the same kind the President has." Maybe hers is from having her throat bare all the way down to her waist . . . Marty Kimmell, ex-husband of Gloria De Haven, saw a picture of Kathy Carlyle, the ex-Grace Kelly schoolmate who looks like Kim Novak — and got plane reservations for Hollywood to meet her.

★ ★ ★

"My uncle was a tight-wire walker," says **Jay Marshall** in the Follies. "Well, one night he was tight and the wire wasn't" . . . Quizmaster **Jan Murray** has a new home and **Buddy Hackett** asked him what the decor is. Mrs. Murray replied, "Early Contestant."

As he sent a production manager off to Africa to film "White Hunter" for TV, Producer **Bernard L. Shubert** told him, "Your job is also to promote good will. Humor the natives. If they say Africa is bigger than Texas, agree with them."

KATHY

THE MIDNIGHT EARL . . .

Jerry Lewis sent a good-luck telegram to **Dean Martin,** opening in **Las Vegas.** (Dean, asked about his Calypso number, said, "My knees were shaking so hard it felt like a mambo.")

Shirl Conway, whose ex-husband, singer **Bill Johnson,** died suddenly had been set to sing, "My Bill" on the Sid Caesar TV'er. It was changed . . . **Noel Coward** phoned a N.Y. restaurant from Jamaica for a sauce recipe . . . An excited fan bruised **Jimmy Stewart's** arm . . . **Arthur Loew Jr.'s** still long-distancing **Eartha Kitt** twice weekly . . . **Ilse Peterson,** a Swedish import, is featured in "The Quiet American."

ILSE

★ ★ ★

Deported mobster **Joe Adonis,** still hoping to return from Italy hasn't sent for his family . . . **Bob Crosby's** daughter **Cathy** is dating L. A. restaurateur **Dino Castelli** . . . **Elvis Presley,** who has four Caddies and a Lincoln, is buying a big Chrysler.

Earl's Pearls . . .

History proves war is better at abolishing nations than nations are at abolishing war.—Howie Lasseter.

TODAY'S BEST LAUGH: Allen Swift found a very swanky Chinese restaurant — they print the menus in French . . . That's earl, brother.

Another Jimmy Dean Gets the Star Billing in 'Country Style'

By JACK O'BRIAN

NEW YORK (INS) — "The Big Surprise" with its $100,000 prize is sinking in its shallow ratings and Edgar Bergen's "Do You Trust Your Wife" will go off April 12. Its current long-run winners (Erik and Helena Gude) have won over $100,000 . . .

★ ★ ★

Meanwhile Edgar is planning his future: He'll introduce a brace of new dummies April 28 on the Kate Smith ABC-TV spectacular, one a Swedish sea captain, the other a "snobbish hobo."

Eddie Foy Jr., Gloria De Haven, Teresa Brewer were added to the May 11 "George M. Cohan Story," starring Mickey Rooney as Cohan, Roberta Sherwood as his mother and James Dunn as pop . . .

Star of "Country Style," the musical hoedown replacing Will Rogers Jr. April 8 on CBS-TV opposite Garroway, will be a lively young (27) Texan whose name happens by some strange coincidence to be "Jimmy Dean' . . .

Kraft Theater reports 19-year-old Elvis-like Tommy Sands (Tommy was starred in "The Singin' Idol') received eight times more fan mail than any actor in Kraft's 10-year TV history; a month after the show his goo-goo mail still treacles in . . .

A BLOODY STORY

"Hemo the Magnificent" on CBS-TV March 20 will be a very graphic story of blood, circulation, etc., and in color! . . .

Perry Como's summer-sub show will not star the usual slew of rotating guest singers, but one—and the scramble is on . . .

Janis Paige will do her Las Vegas cafe act on Bob Hope's April 7 show . . .

ABC-TV's "Hawkeye and the Last of the Mohicans" starting next month is being called an "Eastern' . . .

Kate Smith's not ducking the fact of her 48th birthday—she's even announcing it now and it won't happen until May 1 . . .

CALAMITY ELAINE

Mickey Rooney's wife, Elaine Davis, signed for the title role of a new TV series, "Calamity Jane" . . .

Eric Von Stroheim Jr., son of the screen's wickedest heavy, is assistant producer of the "West Point" TV series.

Ex-cafe comedy star Lee Goodman now makes more money as announcer of ABC-TV's "Bold Journey" Thursday nites than he once did at the Blue Angel, Ruban Bleu, Pink Turnip, etc . . .

The NBC "shakeup' will be below the top level—executive producers, supervisors and sales reorganization . . .

Ticket for Jaywalking Is Given Reluctantly

LOS ANGELES (AP)—Motorcycle officer G. P. Jacob says he's sorry, but he had to give Abraham Graff a citation for jaywalking.

★ ★ ★

Graff paid a $5 fine, but he has no hard feelings toward Jacob.

"He's a gentleman," said Graff. "I know I did wrong."

★ ★ ★

Graff was on the way to a movie, his chief diversion since his retirement, when he received the citation.

★ ★ ★

"You're a nice fellow," said Jacob as he wrote out the citation. He then walked with Graff to the movie and paid his admission.

Quakers Split on Taking Grant

Pacifist School Faculty Argues About Accepting Defense Cash

HAVERFORD, Pa. (AP) — Haverford College, a Quaker institution, is involved in a controversy over whether to accept Defense Department grants for nonmilitary research.

★ ★ ★

Taking sides in the dispute are members of the faculty, the Board of Managers and the students at the 124-year-old school, avowedly the oldest Quaker-operated institution in the country.

★ ★ ★

Some feel acceptance of the grants would conflict with the Quaker philosophy of pacifism. Others say rejection of the money would prevent the college from making significant contributions to the sciences.

★ ★ ★

The problem came up when Dr. Robert L. Walter, 37-year-old assistant professor of chemistry, recently asked the Board of Managers for permission to apply to the Defense Department for a $14,000 grant. He wants the money to aid research in organic chemistry.

The board took up Walter's request but has deferred a decision. Since then two similar requests have been made by other faculty members.

★ ★ ★

Some 250 students, faculty members and board members attended a meeting at the suburban Philadelphia school this week to discuss the question.

No immediate decision is expected.

6 Killed, 6 Others Hurt in Japan Avalanches

TOKYO (AP) — Avalanches in Japan killed six persons yesterday.

★ ★ ★

Four college student skiers were swept to their deaths by a snowslide in the mountains northwest of Tokyo. Two others escaped. They were searching for a lost friend.

★ ★ ★

An avalanche crushed a dormitory at a mine near Aomori, killing two persons and injuring six.

With Traffic Accidents

U.S. Losing War

CHICAGO (AP) — The nation is losing the war on traffic accidents, a safety authority said today.

★ ★ ★

He suggested that the know-how and resources of business and industry may well be the secret weapon to win the fight.

"The nation has turned to business and industry for special effort time after time when wars have seemed to be going against us," said Paul Jones of the National Safety Council, "and never have business and industry failed to come through.

"Well, the war on traffic accidents is going against us, and the last year has brought severe reverses. So it is only natural that the nation once again should turn to business and industry to help pull us out of the hole."

★ ★ ★

Deaths on the nation's highways last year were estimated at 40,000, one of the highest in history, said Jones in a prepared speech to the Office Management Assn. of Chicago.

Jones, the council's director of public information, said that nearly twice as many Americans have been killed in traffic accidents than in all of the country's wars — including the Revolution.

Jones, asking "Do we classify war by the size of the toll?" gave these figures: 604,733 dead on the battlefield; 1,150,000 killed on the highway.

★ ★ ★

He blamed public apathy and lack of citizen support for a large part of the failure to reduce the traffic toll.

Fluoride Treatments Continue at Webster

Pontiac Public School's program of giving fluoride treatments to students in the elementary grades will continue Wednesday when the dental team visits Webster School.

The program recently treated 83 children in the second and fifth grades of the Hawthorne and Wever Schools More than 128 pupils are eligible at Webster.

The treatments are offered on a fee basis of $4 per child, payable in advance, and include a dental examination. and four applications of fluoride solution.

The treatments are said to reduce the number of new cavities by 40 per cent in children.

Out of Date; Out of Debt

WATERLOO, Ont. (AP) — "Out of date, but out of debt," is the slogan Charles Kayes has painted on his 1929 model car, which he bought for $30 three years ago. He estimates that in 27 years the car has logged only 26,000 miles, and can still make 70 M.P.H.

Group Awaits South Pole's First Chicken

MEMPHIS, Tenn. (AP)—That first batch of eggs was a fizzle but Lt. R. J. Adams hasn't slackened his effort to make history down around the South Pole.

★ ★ ★

Adams, a dentist with the Navy detachment in the antarctic, said his trouble was due to the "humidity factor" on his makeshift incubator. That's been fixed.

★ ★ ★

In about eight days, the lieutenant from Memphis expects the second batch to turn up at least one chick—the first ever born at Little America. Adams is a member of the U.S. expedition that is participating in the International Geophysical Year.

★ ★ ★

This late report on one of the expedition's lesser activities was given last night by Bob Grice of Hubbard, Tex., in a radio chat from the South Polar regions with the Commercial Appeal. A ham radio operator was the intermediary.

"With any luck at all we ought to have a baby chicken here at Little America," said Grice. "We started this as a joke and then got into it over our heads. By George, we're determined about it.

★ ★ ★

"Lt. Adams is directing but he has some commissioners on the sidelines giving help and advice."

The last batch of eggs to hit the incubator, two dozen, came off the icebreaker North Wind, which brought them from New Zealand.

The new eggs haven't led so hard a life as the first batch, which were flown over and parachuted in a supply drop, passing through 31-below cold during the journey.

It's the lieutenant's first try at chicken hatching.

Planner to Attend Meet

Henry C. Smith, Pontiac city planner and secretary of the Planning Commission, will leave for San Francisco Friday to attend the annual conference of the American Society of Planning Officials, March 17-21.

Ike's Improved, Doctor Says

Exam Shows President's Cough Better but Not Cured Completely

WASHINGTON (AP)—A new physical examination at Walter Reed Army Hospital shows President Eisenhower's condition is "improved," the White House doctor says.

But he still has not recovered completely from a cough, a head cold and an ear ailment, and so he "still hopes and expects" to get away to Florida later in the week in an effort to clear up those troubles. The ailments were described as "slight."

★ ★ ★

That was the gist of reports from Eisenhower's physician Maj. Gen. Howard Mcc. Snyder and his press secretary James C. Hagerty after the President returned from an hour's checkup at Walter Reed yesterday.

★ ★ ★

It was his second visit to the hospital in less than a month. He went there Feb. 21 for a checkup on a lingering cough, the aftermath of a cold which Snyder said he caught in January.

Last week, with the cough still hanging on, Eisenhower developed a new head cold and inflammation of the eustachian tube in the left ear. The ear trouble made it temporarily difficult for him to hear.

★ ★ ★

The new checkup included X-rays, which Hagerty said showed the chest and lungs are clear.

Eisenhower has made tenative plans to go to Florida for some sun and exercise in advance of March 21-24 talks at Bermuda with British Prime Minister Harold Macmillan.

Surgeons Repair Heart Before TV Audience

DETROIT (AP) —Television viewers watched surgeons repair the heart of Harlow Wever, 23, at Grace Hospital in Detroit last night.

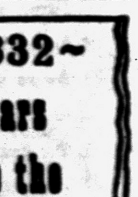

Cameras of station WWJ-TV picked up the operation after surgeons opened Wever's chest cavity and exposed the throbbing heart muscle.

Dr. James E. Blodgett described the steps in the operation as he performed it.

Wever, a farm equipment salesman from Scottville, Mich., had a defective valve in his heart.

A similar operation was televised last year in Seattle.

Health Department Braced for Spring Complaints

Pollution Problem Looms

The Oakland County Health Dept. is bracing itself for an increased tide of complaints concerning septic tanks. With the spring building season approaching.

★ ★ ★

All winter long, the department has had complaints but with spring the number will jump as wet weather and new construction are added.

Under a county ordinance passed last summer, the health department's sanitation division must test each lot before a permit can be issued for installing a septic tank.

This means that suburban lot buyers must be sure their property is usitable for a septic tank, or they may wind up owning a building site on which they cannot build.

Septic tanks vary in effectiveness according to size, amount of use, surrounding soil and ground water conditions, size of drainage field and amount of drainage tile used.

★ ★ ★

Even when all these conditions are the same and installation is exactly duplicated, occasionally one tank will mork while a neighboring one won't.

★ ★ ★

The liquid or effluent from a septic tank, is not pure and must not be discharged into open ditches, lakes or streams, or allowed to come to the surface of the ground.

★ ★ ★

Such effluent is a much greater health hazard than garbage or refuse that is dumped along public roads, yet, Coltson points out, few governmental units outside the health department seem concerned.

CREATES LITTLE STIR

Where garbage is dumped in the open, there is a great outcry, he says, but when sources of drinking water are polluted, a few demand enforcement of the state law forbidding such conditions.

Coltson reminds the public that septic tanks need a certain amount of care. They must be cleaned every few years, usually ranging from three to seven years.

The tile field should be replaced as well, usually in 10 to 20 years.

"Remember," Coltson cautions, "the most expensive home is worth very little if it isn't provided with adequate and sanitary facilities for the disposal of sewage."

Plan Senate Inquiry Into Mideast Policy

WASHINGTON (AP) — Sen. Fulbright (D-Aark) said today that a forthcoming Senate inquiry may determine whether "serious mistakes" in policy helped precipitate the Middle East crisis.

Fulbright is chairman of a subcommittee set up recently by the Senate Foreign Relations and Armed Services committees to collect data from the State Department as the basis of a review of Middle East policy extending back to January 1946.

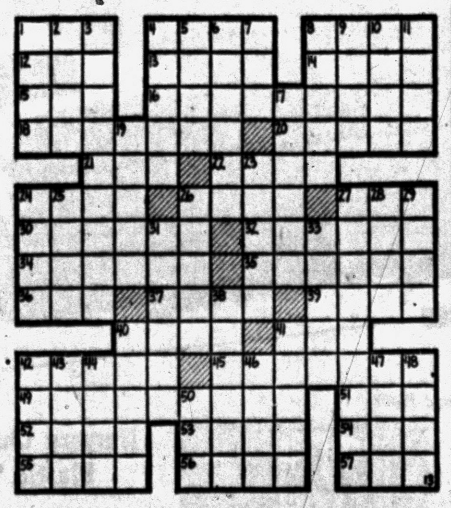

★ ★ ★

Fulbright has contended that the Eisenhower administration had no firm policy in that area, and said that situation helped cause the crisis.

★ ★ ★

His demand for a "white paper" from Secretary of State Dulles during hearings on the Middle East resolution set the stage for the study.

Republicans went along in the unanimous vote which approved it only after Fulbright's resolution was broadened to include a look into developments under the previous Truman democratic administration.

Answer to Previous Puzzle

Find Answers and Pot-O-Gold Money's Yours

Three hundred dollars are waiting for some lucky winner who figures out the right solution to this week's puzzle (that is, if there's no winner for last week's Pot-O-Gold). And subscribers get a bonus of $25. Check the clue words, solution clues and rules carefully. Then send us your answer. The money may be yours.

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

OFFICIAL CONTEST RULE

1. Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employes or their immediate families.

2. A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.

3. To submit an entry the contestant must print his answer words in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be acepted if they are in envelopes. Entries for Puzzle No. 41 must bear a Tuesday, March 19, postmark (or before). No entries received after that time whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.

4. Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.

5. The Pontiac Press will award a cash prize of $100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.

6. Winners will be awarded an extra cash bonus of $25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner no matter how many weekly prizes may accumulate.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries becoming the property of The Pontiac Press and none can be returned.

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Latest Is Plan to Take Gaza Strip

Nasser Is Lifelong Rebel Skilled at Counterpunch

By International News Service

Egypt's Gamal Abdel Nasser has been rebelling and counterpunching since boyhood. So far he has succeeded.

But even a cat has only nine lives, as Western diplomats reiterate after each incorrect prediction that Nasser is finished.

The diplomats have been incorrect so often because they made their statements before the six-foot-tall, handsome, 39-year-old president and strong-man landed, catlike, on his feet and counterpunched.

His latest counterpunch is his government's announcement that it is taking over administration of the Gaza Strip from the United Nations Emergency Force.

This man who has captured the imagination and nationalism of the Arab Middle East—and the attention of the rest of the world—was born in 1918, eldest son of an assistant postmaster at a farm village some 200 miles up the nile from Cairo.

REBEL WITH A CAUSE

At school in Cairo, he quickly became a rebel, fought nationalist street battles and once landed in jail.

★ ★ ★

He won admittance to the military academy, was graduated to hate the corruption of King Farouk and senior officers, and fought and was wounded in Palestine fighting.

Enraged by the army's poor performance and equipment, he returned to Cairo to become the "original" man in the Free Officers' movement.

On July 22, 1952, the "Free Officers" struck bloodlessly, ousted Farouk and established a revolutionary council with Gen. Mohammed Naguib as its titular head but Nasser as its boss.

KEPT ON TOP

Again and again he has met setbacks with so-far successful counterpunches, replacing the popular Naguib, outnegotiating the British, buying arms from Russia, seizing the canal ostensibly to build the Aswan Dam on the Nile, closing the canal when attacked, and now announcing Egyptians will take over the Gaza Strip at once.

Nasser works hard in any one of four offices in the Cairo area, sometimes four days and nights without sleep as he did after the Israeli attack.

★ ★ ★

Seldom does he get a whole day with his wife, Tahia, and their three sons and two daughters. He claims he runs everything, has trusted and smart advisers, and he knows how to appeal to the crowds.

Texas to Allow Curfews

AUSTIN, Tex. (AP) — A bill that would allow cities to establish curfews for youths under 17 has been approved by a state legislative committee.
