Israel, Syria Clash; 3 Killed

JERUSALEM (AP)—An armed clash erupted on Israel's border with Syria today, bringing the first fatalities since the Middle East crisis broke out. Israel's army spokesman said two Israelis and a Syrian were killed.

The fighting came a few hours after the appointment of Gen. Moshe Dayan, a vigorous fighting man and architect of Israel's triumph over Egypt in the Suez war of 1956, as defense minister. Israel

looked to Dayan to prosecute a vigorous policy.

Related Stories, Pages A-8, B-8

The skirmishing was at the village of Kar Hanassi, populated largely by settlers from Britain. It is less than a mile inside Israel's border and five miles north of the Sea of Galilee.

An Israeli army spokesman said a patrol encountered four armed Syrians as they were returning to Syria. Found near the Syrian's body were a sub-machine gun, two antipersonnel mines and ammunition.

It was the second day of firing on Israel's border with its Arab neighbors. Jordan said it opened fire yesterday on an Israeli helicopter that flew over its half of divided Jerusalem. Israel said a

shell burst hit a house but no casualties were reported.

As the border incidents added to war jitters, French President Charles de Gaulle spoke out on the Middle East crisis, warning that any nation opening fire will have "neither the approval nor support" of France. Arab states have considered France a friend in the crisis although it has sold arms to Israel in the past.

Paint-Up Week Will Begin on Monday in City

The second phase of a drive to clean-up and beautify Pontiac will begin Monday with residents urged to take part in Paint-Up Week.

A cleanup campaign — designed to rid streets, alleys and yards of unnecessary debris and eyesores — just completed was termed "very successful" by Mrs. Adele Walker, chairman of a block-club and home owners' association heading the citywide drive.

She said that marked progress had been made in several areas of the city.

Mrs. Walker said the paint-up campaign has been helped by stores that have donated some 150 gallons of paint for use next week.

The week beginning June 19 will be devoted to encouraging residential beautification projects including the planting of flower beds, shrubbery and trees, Mrs. Walker said.

ACHIEVEMENT AWARDS

During the final week judges will inspect efforts made by block clubs and home owner associations to determine which of these will receive achievement awards.

Clubs and associations wishing to enter the city-sponsored neighborhood achievement contest may register at the department of parks and recreation, Mrs. Walker said.

Loud Muffler Leads to Spouse in Trunk

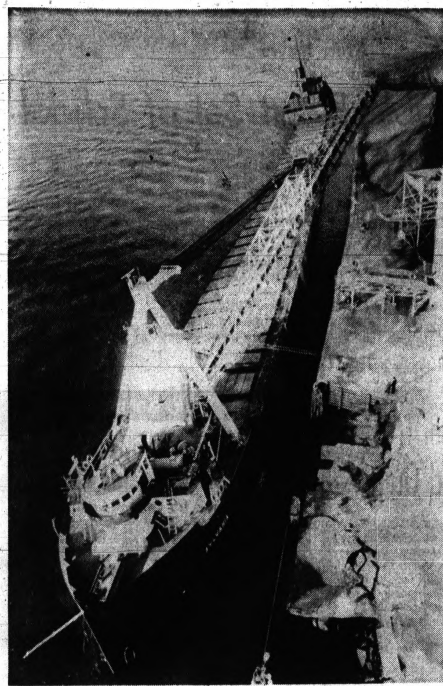

ASHEVILLE, N.C. (AP) — Policeman Carl Hoglen stopped Daniel Lunsford for a loud muffler.

The policeman then discovered yesterday that Lunsford also had no driver's license and no insurance. So Hoglen said he would impound the car.

"But my wife's in the trunk," Lunsford wailed.

It turned out that Mr. and Mrs. Lunsford had disagreed over something, and she had vacated the front seat in favor of the trunk.

Hoglen released her. Lunsford was in \$300 bond on the driving of fences.

THE MORNING AFTER — The American lake freighter Sylvania rests on the bottom of the St. Clair River this morning after being rammed by the Canadian ship Renvoye (background) last night. The Sylvania was unloading limestone at the Pelee Island Cement Co. dock at Port Huron when the Renvoye reportedly tried to turn around in the river and rammed her stern. Thirty crewmen left the Sylvania and no one was injured. Fifty ships were halted in the river and Lake Huron until the Sylvania could be moved. (See story, page A-2.)

Charges Will Get Airing in Death of Industrialist

Allegations that the wife of the late industrialist, Roy Fruehauf, refused to aid her dying husband are to be aired Monday by Oakland County Prosecutor S. Jerome Bronson.

"Our chief concern," said Bronson, "is to find out why this information, if true, was withheld when my office and police conducted a thorough investigation of Fruehauf's death."

Fruehauf's family founded and built the internationally known trailer company which bears the Fruehauf name.

Yesterday, Fruehauf's widow, Ruth, 41, was accused by an ex-boyfriend, Donald DeClerq, in a story appearing in a Detroit newspaper of ignoring her husband while he lay unconscious on the terrace of their West Bloomfield Township home at 5330 Middle Belt.

Sunshine to Reign During Weekend

Sunny and slightly warmer is the forecast for all of Michigan tomorrow. Sunshine will reign throughout the state Sunday except for western Upper Michigan where there's a chance of a few showers.

Temperatures for the next five days will average two to eight degrees above the normal high of 73 to 79 and normal low of 51 to 56. The low is expected to register 45 to 53 tonight.

Precipitation for the next five days will total less than three-quarters of an inch in occasional showers after Sunday.

The low in downtown Pontiac prior to 8 a.m. was 57. At 2 p.m. the recording was 65.

BOW FROM PRIME MINISTER — Prime Minister Harold Wilson of Britain bows in salute to the colors of the honor guard during welcoming ceremonies today on the south lawn of the White House. Standing behind Wilson are Col. Joseph Conny Jr., commander of the honor guard, and President

Johnson. The prime minister is in Washington for conferences on the Middle East. The United States and Britain are consulting with a dozen maritime nations on issuing a declaration for free and open passage through the Egyptian-blockaded Gulf of Aqaba. (Earlier story, page B-8.)

GOP 1 Vote Nearer House Okay of Tax

LANSING (AP)—House Speaker Robert Waldron says he's found another vote to help Republicans pass their tax package in the House.

But he also thinks the State may wind up in court if the Legislature passes the new fiscal ideas hammered out this week in the House Republican caucus and still hanging on a controversial state income tax.

Soundings more optimistic yesterday than he has for some time, Waldron said Rep. DeForest Strang, R-Sturgis — one of eight members who refused to vote with the party the first time around — had agreed to support the new two-package GOP proposal.

"I think we've got the votes for this thing," he told newsmen.

The program, being written into a Senate-passed package by the House Taxation Committee, was to be reported out today.

But with the House in recess until Monday, action on the measures will have to wait until at least Wednesday un-

less Waldron can find a three-fifths vote to suspend the chamber's rules.

Waldron, the No. 1 House Republican, had been predicting "about 50 GOP members would fall in line behind the program currently in the works. He said yesterday that estimate had been "conservative."

In May, Republicans forced a vote on a different tax package, which had been amended following negotiations with Democrats. It failed 48-57, attracting only two Democrats, while the eight Republicans defected.

Waldron gained another likely yes vote last week when Republican Anthony Licata won a special Detroit election, and was sworn in to fill the vacancy caused by the death of House Democratic Leader Joseph Kowalski.

Attracting Strang's support appeared to be an immediate victory for the Republican leadership's new strategy of virtually ignoring Democratic demands while concentrating on wooing new Republican aid.

SHIRLEY EYES RACE—Shirley Temple for Congress? This became a possibility when Rep. J. Arthur Younger, R-Calif., announced that he will not seek reelection. The former actress, now Mrs. Shirley Temple Black, said she is backing State Sen. Richard J. Delwig of Atherton, but added that if he doesn't run, "I don't rule myself out as a possible candidate."

4 Stevedores Die in Buffalo Blaze

BUFFALO, N.Y. (AP) — Fire broke out today in a hold of a Norwegian freighter in Buffalo harbor, and four stevedores were killed.

The fire started in the Thorstream, which was taking on a cargo of chemicals. Harbor officials said the chemicals were principally chlorine gas in containers.

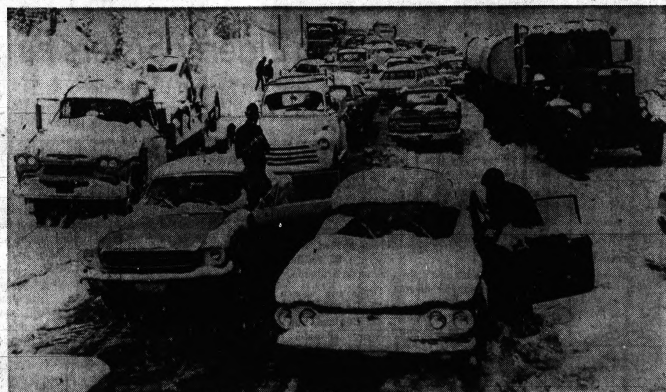

Police said six other men escaped. Five were sent to hospitals. The fire was extinguished in a half-hour.

One policeman said: "One of the containers fell out of a sling, broke and the gas spilled over the hold."

The spilled chlorine started what firemen described as a hot fire. The flames flashed and spread rapidly in the hold, they said.

The dead were identified as Paul Cook, 24, Paul Smith and Robert Conrad, all of Buffalo, and Henry Janora of Elma.

It was reported the chemical came from a plant in Niagara Falls and was destined for Africa. The Thorstream, registered in Sotford, Norway, to A. S. Odd & A. S. Orren, is 479 feet long and displaces 5,754 tons. It was built in 1960.

AP Wirephoto

SIERRA SPRING — A late spring blizzard in the Sierra Mountains yesterday caught motorists traveling on Interstate 80, trapping them near Soda Springs, Calif. Most drivers were caught without chains. Visitors to the mountain areas have been warned to expect more snow.

Exchange Pursuing Own Rigging Probe

NEW YORK (AP) — President Ralph S. Saul of the American Stock Exchange says it is vigorously pursuing its own investigation of alleged stock manipulation parallel to a federal probe of nationwide Wall Street price rigging.

The federal investigation led to the indictment of six men Thursday by a grand jury on charges of conspiracy, manipulation and fraud involving the Penton Electronics Corp., whose stock is listed on the American Stock Exchange.

The indictment, handed down after a year-long investigation, accused two New Yorkers and four Chicago men of rigging Penton's market price to obtain profits by selling the stock to the public.

About a million shares were involved, according to the indictment, with the defendants holding one-third of them. The alleged manipulation was said to have cost unwitting investors close to \$2 million.

N. Viet Stand Is Reiterated

'Unconditional Halt to Bombing Is First Step'

TOKYO (AP) — A Japanese correspondent reported today another suggestion from North Vietnam that "unconditional cessation of U.S. bombing and other operations against the North could be a step toward settlement of the Vietnam war."

Nguyen Duy Trinh, former minister and deputy premier of the Hanoi regime, touched on that point again in a written reply to questions submitted by Yasumasa Ohta, assistant foreign editor of the Kyodo news service.

Ohta, who visited the North Vietnamese capital last month, said he received the reply May 28. He filed his dispatch from Hanoi.

Trinh's response was similar to his position in February as outlined by Wilfred Burchett, an Australian writer whose articles often reflect a Communist viewpoint.

LURE OF TALKS

From the Communist side, the public emphasis for months has been on getting the United States to stop the bombing of North Vietnam with the lure of possible peace talks, but without an offer of parallel de-escalation.

The United States has stressed a readiness to engage in a balanced scaling down of the war or to enter peace negotiations without conditions.

Ohta said Trinh emphasized that North Vietnam's proposal for achieving a political settlement would provide an opportunity for the United States to regain its "honor."

He said Trinh added that the United States should indicate its good faith with action and demonstrate a "basis of respect for our national rights."

Trinh said he did not feel peace talks alone would suffice, but indicated "unconditional" cessation of U.S. bombing and all other acts of war" against North Vietnam could be the means of reaching a political settlement.

Eisenhower to Dedicate D-Day Mural

WEST POINT, N.Y. (AP) — Former President Dwight D. Eisenhower, who commanded the Allied invasion at Normandy in 1944, dedicates a D-Day mural at the U.S. Military Academy Museum today.

The mural, commissioned by the Class of 1944 which graduated on D-Day, June 6, depicts the landing at Omaha Beach on the coast of France.

John Eisenhower, son of the former president and a member of the 1944 class, was scheduled to be present for the ceremony.

General of the Army Omar N. Bradley, who commanded the Army during the invasion, had been scheduled to dedicate the mural with Eisenhower, but could not be present until later in the day.

JUNE WEEK

The dedication ceremony opened the academy's June Week, which runs through graduation next week.

The mural, 22½ feet by 8 feet, was painted by William Linzee Prescott of Mexico and Tuxedo Park, N.Y. Prescott made an early morning landing himself during the invasion with the 82d Airborne Division.

\$84 CADETS

The academy will graduate 584 cadets in ceremonies Wednesday morning in Michoud Stadium. The graduates include three foreign cadets. Secretary of the Army Stanley R. Resor will be the principal speaker.

Among the graduating class will be James D. Fowler Jr., the first Negro graduate who is the son of a graduate. His father, Col. James D. Fowler, stationed at Ft. Leavenworth, Kan., is a member of the class of 1941.

The June Week ceremonies will draw some of the Army's highest ranking officers back to the academy. Scheduled to attend are Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Gen. J. Lawton Collins, former Army chief of staff, class of April 1917, and Gen. Maxwell D. Taylor, former chairman of the Joint Chiefs and former ambassador to Vietnam, class of 1922.

Charges to Get Airing in Death

(Continued From Page One)

Schmier said he was assigned to the investigation by Bronson after Fruehauf's daughter from a previous marriage requested it.

"We checked out every aspect and interviewed all persons who might have been involved and decided that there was no collusion," said Schmier.

"She had some suspicions that her father's death was not from a natural cause," Schmier said.

Mrs. Fruehauf said that she has not met secretly with DeClercq for some time.

ASSAULT CHARGE

Last week, she filed an aggravated assault charge against DeClercq, accusing him of beating her up during an argument over \$25,000 she loaned him last January.

She said that DeClercq was following through on threats that unless she dropped the charge he "would go to the police with a story that I let my husband die."

DeClercq's trial was scheduled to begin today, but Bronson said his office had requested a three-week postponement "in light of the circumstances."

Shortly before his death, Fruehauf had filed suit for divorce.

An armor-plated, gold-finished Pullman car marked U.S. No. 1, sponsored by Presidents Franklin Delano Roosevelt, Truman and Eisenhower between 1942 and 1958. It was given to the Miami Railroad Historical Society by the Federal Government in 1959 and is now a tourist attraction in Fort Lauderdale.

SNARLED AIRSHIP — Crewmen work to free the Goodyear blimp "Mayflower" after it rammed high-voltage power lines above a major highway near Dunsmuir, Ind., yesterday. The blimp became entangled while hunking strong winds. The crew escaped with only superficial injuries. A pilot later floated the blimp off the lines and moored it in a nearby field for repairs. (See story, page A-8).

U.S. Losses: 1,398 Planes, 888 Copters in Viet War

SAIGON (AP) — The U.S. Command announced today that the United States has lost 1,398 planes and 888 helicopters in Vietnam since the war began. This includes two planes shot down over North Vietnam in May and not previously announced.

In one of its periodic reports of American air losses, the command said combat losses over the Communist North totaled 587 planes and six copters. Total losses over South Vietnam totaled 183 planes and 331 helicopters.

UAW Adds 3 Canadians to Chrysler Unit

DETROIT (AP) — Three Canadians have been added to the nine-member United Auto Workers Union negotiating committee for Chrysler Corp. apparently to strengthen union demands for wage parity between Canadian and American workers.

UAW President Walter Reuther, who has called equal pay for U.S. and Canadian workers a "must," was to meet with the union's Chrysler council today. The Canadians were added to the committee Thursday.

Assembly line workers in Chrysler's Canadian plants are paid about 30 cents an hour less than their American UAW brothers.

Of the \$5,000 UAW members employed by the firm, about 12,000 work in Canada.

Bus Overturns; 41 Are Injured

MORGANTOWN, Pa. (AP) — A chartered bus, carrying 46 sixth grade pupils from Trenton, N.J., on a trip to the chocolate plants in Hershey, Pa., smashed down a medial barrier on the Pennsylvania Turnpike today, crossed into opposite lanes and overturned going down a 75-foot embankment.

Police said 41 persons were taken in five ambulances to nearby Ephrata Community Hospital. No one was reported injured seriously.

A total of 650 preschoolers were earmarked for participation in the Head Start programs that will begin later this month in the 18 school districts.

OCCOE officials said that no indication was given by the OCCOE regional office in Chicago that the full grant application would not be allowed.

A separate application for \$204,644 in federal funds for summer Head Start in Pontiac was filed last month by the OCCOE.

Notification of the status of this grant application is expected by the OCCOE by mid-June.

'Social Condition' Corrected

Two elderly sisters, found living in a substandard home with no inside plumbing, have been accepted for residence at Lakeside Homes, Inc., and will probably move into the public housing project next Friday.

Clay Jones, assistant executive director of public housing, said a first-floor apartment had been located for Mrs. Frank Gordon, 82, and her sister, Miss Blanche Armstrong, 65.

The two women presently live in a 40-year-old home at 418 Howland, where their sole source of water (cold) is a single spigot on the back porch.

The house lacks inside plumbing and toilet facilities, having only an unfirm outdoor in the back yard.

The plight of the sisters was brought to public attention by James L. Jackson, relocation officer for the city, who termed their situation "a social condition which must be corrected."

Subsequent investigation into what little income the sisters received through welfare channels revealed that a nephew, appointed guardian for Miss Armstrong, had failed to send to her the \$40 a month she was entitled to.

At the same time, groups from the Newman AME Church — which Mrs. Gordon belongs to — and an Eastern Star chapter initiated efforts to relocate the sisters.

"They visited Lakeside last week and seemed to be impressed," Jones commented.

Birmingham Area News

Double Event Set at School

BIRMINGHAM — A double event will be held at Wing Lake School Sunday, 2-5 p.m., with dedication of the school bell and a retirement celebration for Mrs. Geneva Forslund.

Mrs. Forslund will leave her post as principal. She has served 39 years at the school at Wing Lake and Maple.

Former students, parents, teachers and friends will be present to bid her happiness in her retirement.

The school bell is one that called children to school in the last century. It was on the original school built in 1859.

Due to a campaign by the Parent Teachers Organization, the bell will be mounted in front of the school.

Carol Stanton, a veteran of 43 years of teaching, is retiring after this semester from the Birmingham district.

She was recently honored at an afternoon tea at Quarten School.

Miss Stanton, said she plans some travel during retirement, but will stay at her home in Linden most of the time.

A public hearing on a \$2,826,820 budget for Birmingham for the coming fiscal year will be held at 8 p.m. Monday at City Hall.

The budget calls for a one-mill cut in taxes, but this will be offset by a hike in assessed property values.

The figure will mean about a \$25 increase for the average home owner.

Former Trustee Found Guilty

A former Royal Oak Township trustee was convicted yesterday in Oakland County Circuit Court of three counts of perjury when he appeared as a witness before grand juror Philip Pratt in October 1965.

A jury returned the verdict against Marshall Taylor after deliberating less than an hour.

He will be sentenced June 29 by Judge Arthur E. Moore.

Each offense carries a maximum 15-year prison sentence.

Taylor, who served on the township board from August 1964 to April 1965, was found guilty of lying to Pratt when asked if he had ever been offered a bribe, if he had ever accepted a bribe, and if he had paid another township trustee a bribe to influence his vote on the sale of a parcel of township property.

Taylor still faces trial on the two bribery charges brought by Pratt.

Crash Sinks U.S. Ship in St. Clair River

PORT HURON (AP) — The 556-foot lake freighter Sylvania was rammed by a Canadian ship Thursday night but her crewmen scurried to safety across a makeshift gangplank moments before she sank in the St. Clair River.

The crew of about 30 stepped gingerly but rapidly along the rungs of a 40-foot ladder laid between the Sylvania and the Peerless Cement Co. dock where the freighter was moored when it was struck by the 379-foot Renville.

"It all happened so fast, there almost wasn't time to do anything," a Sylvania crewman said.

Within 15 minutes, the Sylvania, filling rapidly with water from a gaping hole in her starboard side, listed heavily and sank below her starboard deck. Nobody was reported injured.

The Coast Guard ordered an investigation of the crash and temporarily halted movement of any ships past Port Huron in the river.

More than 50 vessels were backed up today for 40 miles upstream and downstream of the collision scene.

Probe Ordered

PROBE ORDERED

The Coast Guard ordered an investigation of the crash and temporarily halted movement of any ships past Port Huron in the river.

More than 50 vessels were backed up today for 40 miles upstream and downstream of the collision scene.

"They'll be getting other attention, too — Visiting Nurses Assn., Bureau of Social Services and others."

HOUSING FACILITIES

The street-level apartment, a basic need for the elderly women, will include a bedroom, living room and kitchen with refrigerator and range, and bathroom, according to Clay.

Charles Cohen, senior city sanitation, said removal of the sisters from their present home will probably be followed by condemnation of the hand-built structure.

"As soon as they're settled at Lakeside, we'll initiate condemnation proceedings," he said. "The building will be torn down some time this summer if everything goes right."

Referred to Architects for Study

Bids Opened on Projects at Schools

The Waterford Township Board of Education last night opened bids for additions and alterations to seven elementary schools estimated to cost \$16.1 million.

Apparent low base proposals totaled \$1,575,129. However, this doesn't include alternate bids for optional additional construction.

Several firms did not submit bids for all seven projects. Architectural, mechanical and electrical contracts

could go to more than three companies when they are awarded June 15.

The board referred all bids to architects O'Dell, Hewlett and Luckenbach, Inc., of Birmingham for review and recommendations.

The additions and alterations are earmarked for Grayson, Covert, McVittie, Monteith, Cooley, Haviland and Leggett elementary schools.

ARCHITECTURAL TRADES

Apparent low base bidder on

the architectural trades was Schurrer Construction Co. with a bid of \$980,700.

Bids in this general contracting category were submitted by eight firms and ranged to a high of \$1,034,133.

Bundy Construction Co. and Leon Blachura General Contracting Co. turned in base bids of \$989,740 and \$992,670, respectively. However, their alternate bids generally were less than the low bidder.

Low among eight bidders in

the mechanical trades was Syl-Inc., had the low base bids of \$28,450 for Haviland School, \$29,680 for McVittie School and \$22,900 for Monteith School. Farley Electric Co. submitted the low base proposal of \$26,950 for Cooley School.

BASE PROPOSAL

Only three firms turned in bids for the electrical trades. T. L. Jacobson Electrical, Inc. was the lone company to submit bids for all seven projects, its low base proposal totaling \$214,000.

However, Surand Electric,

Waterford School Affairs

Board Authorizes Crescent Lake Bids

The Waterford Township Board of Education last night approved final plans for the proposed new Crescent Lake Elementary School and authorized architects O'Dell, Hewlett and Luckenbach, Inc., of Birmingham to advertise for bids.

Bids will be opened at 8 p.m. June 29. Budgeted for the project is \$594,500. However, the cost is expected to exceed this figure. Architects estimate the cost will be \$638,000, not including a lecture center planned for the school.

To be located on a 16-acre site off Crescent Boulevard, the school will include a learning center, a gymnasium-multipurpose room complex, conference rooms, a teachers' workroom, a teachers' lounge, 12 self-contained classrooms, two kindergartens and a court area.

Geared for large group functions, the learning center will be centrally located to all classrooms. It will adjoin the lecture center. A soundproof folding partition will separate the two facilities.

A federal funded exemplary program also is planned for the school.

Target date for completion of the one-story structure is early next year.

In other business last night, the board approved a \$250,000 school district loan from Community National Bank at an annual interest of 2.50 per cent.

The money will be repaid from 1967-68 state school aid funds to the district.

Also last night, the board approved a recommendation to take steps for the repayment of \$202,100 loaned to the district through the State School Bond Loan Fund.

Several purchases were approved by the board, including two 24-passenger school buses for a combined \$9,458.

A request from Oakland County for a permanent easement on the Mason Junior High School site for a sanitary sewer also was approved by the board.

In still other business, 39 election officials were approved for the June 12 school election and 1967-68 contracts were okayed for 10 teachers.

M. BARRETT VORCE

Administrator Elected to Post

The Michigan Schoolmasters' Club recently elected Waterford Township school administrator M. Barrett Vorce as its president at the group's 80th annual meeting.

The organization's membership consists of educators from throughout the state.

Vorce, 51, of 3184 Angelus is associate superintendent of personnel and instruction for Waterford Township Schools, a position he had held since coming to the school district four years ago.

Prior to coming to Waterford Township, Vorce was employed with South Redford Schools, serving as principal of Thurston High School for 12 years.

Vorce received his bachelor's degree from the University of Michigan and his master's diploma from Michigan State University. He is married and has one son.

The word "eucalyptus" comes from the Greek for "well-hidden," referring to the peculiar cap which covers the flower buds.

Extended School Day Seems a Certainty in Avondale District

By JEAN SAILE

Extended day sessions beginning next September seem assured in the Avondale School District.

Whether they will be introduced at the senior high school or at the junior high school is a matter yet to be determined.

It is a measure that seems to have found approval with a large number of parents, some 120 of whom were present at a hearing last night in the Avondale Senior High School.

A final decision is expected at the board of education's regular meeting at 8:30 p.m. Monday to be held in the Auburn Heights Elementary School.

The meeting has been moved from the board offices in order to accommodate an anticipated heavy turnout.

The Avondale PTA Council hosted last night's public meeting to introduce candidates in the June 12 school board election and to allow the audience to quiz board members on plans for housing some 300 additional students this fall.

At issue was the board's recent reversal of a decision to plan for extended days at the senior high school next fall.

An alternate plan, adopted by four members of the board, has since been scuttled. The State Board of Education has ruled that bonding money cannot be used to purchase relocatable classrooms.

Those attending were also reminded of the 3-mill renewal for operating purposes which will be on the June ballot.

Said Dickey, if the renewal fails, and it must not, we would stand to lose \$102,000 with which to run the district.

SPEAK ON FEELINGS

The three candidates, two incumbents and an announced write-in candidate, spoke on their feelings in regard to the extended-day plan.

Jack Slater, who voted against the reversal along with board President Ray Isanbath, was joined by Trustee Edward Turner, absent from the meeting at which the reversal was voted.

Jessie Holmes, who had voted to reverse the original decision for the extended day was at times heckled by the crowd as he made his stand regarding a preference for relocatable classrooms, an alternative which has since been nixed by the state.

Sustained applause greeted Robert Lewis, 716 South Hampton, Pontiac District election campaign.

As campaign participants carry on for or against the proposed seven-mill tax hike to be decided June 12, scores of other people are also busy — building houses.

And in those houses will live school children, hundreds of new ones for which the district will have to provide classrooms.

In the last three months building permits have been issued for \$4.5 million in homes of the single-family type.

At the rate of 2 1/2 children per house (1 1/2 child per house of school age), the three-month period could produce over 300 new faces for teachers to cope with this fall or winter.

"TAX-GAP"

School Board member Richard Snodgrass, leading the campaign for the millage, points out this will mean a "tax gap."

Not only will the district have to provide classes for the children free until their homes get on the tax rolls next year, but all who enter after the fourth Friday in September will not be on the district rolls that year as far as state aid is concerned, Snodgrass points out.

He uses these figures to support his contention that the district must have the \$7 per \$1,000 assessed extra funds to tide them over.

The amount would only be assessed for one year, if approved by voters.

FAILED EXPECTATIONS

Last year the district expected 500 new students, but only about 200 showed up. This left

Smoke Filters Through Fissures At The Bald Mountain Dump

Budget, Tax Rate Boosted in Romeo

ROMEO — A village budget of \$247,000, up \$27,000 from last year, has been approved by the council here.

Along with the budget hike went an increase in the tax levy from 13.5 to 17.5 mills — due in part to a state ruling which necessitated the lowering of village assessments.

Village clerk Norman Engel reported the assessments down \$300,000 despite this year's addition of the Ford Motor Co. property on the tax rolls.

The decrease, he reported, was a result of the state ruling which requires that the villages be assessed at the same

rate as the township within which it lies.

Since the townships of Washington and Bruce divide the village and since their ideas of a 50 percent assessment was considerably lower than the village's had been in 1966, the reduction showed up on the assessment rolls, Engel explained.

2-MILL INCREASE

"At least 2 mills of the increase in levy will be needed to make up the difference in assessments," he said.

Also provided for in the new budget is a 10 percent increase in salary for village employees

and a raise of \$1,500 to \$7,000 for Engel.

The money received from 1 mill is to be set aside for a village-sponsored recreation program.

No provision was made in the budget for a police chief's salary. Sgt. Charles Meeker has been in charge of the department since the resignation/last fall of former Chief Lyle Jewell.

WATER STUDY

Councilmen Martin Durham and Hugh Gates were appointed to a committee to study the alternatives of hooking into the Detroit water system or expanding the village's present well system.

Bonding procedures and cost estimates on a proposed street paving program were assigned for study to Councilmen Donald Mosher and Kenneth Smith.

Councilmen Stanley Ludtke and John Kegler were named to review several insurance and pension proposals for employees.

Board Hopefuls at Open Forum

ROCHESTER — The League of Women Voters will present the seven candidates for election to the board of education at an open forum at 8 p.m. June 8 at North Hill Elementary School.

An opportunity to quiz the seven, who seek two seats on the board, will be afforded to the audience.

School Board Date Changed

INDEPENDENCE TOWNSHIP — The Clarkston Community School District has changed the date of its board meeting to Monday at 8 p.m., at the district office, 659 Middle Lake.

The regular date was the following Monday, but because of the district election and school graduations, the date was moved up.

For the election, voters will choose between two incumbents and two challengers for two four-year terms.

Incumbents are Ronald A. Weber of 6110 Overlook and Melvin Pohlkotte of 6609 Shelley. Challengers are Richard Yarbrough of 5220 Maybee and Ingrid M. Smith of 6360 Eastlawn.

Also on the ballot will be a one-mill countywide levy to provide a system of vocational schools.

Roast Beef Dinner

OXFORD TOWNSHIP — The Thomas Community Association will serve a roast beef dinner at 5:30 p.m. Tuesday at the Thomas Community Hall, 487 First, Thomas.

School Bus Drivers in Walled Lake to Vie

WALLED LAKE — School bus drivers here will stage a Road-E-O Sunday at 2 p.m. at the high school.

The event, which the drivers

Bald Mountain Dump Still Afire

Courts Attempting to Determine Its Fate

PONTIAC TOWNSHIP — Smoke still rolls through fissures at the dump on Bald Mountain as the courts attempt to determine what is to become of the property.

Owned by Mr. and Mrs. Charles Zwyer, the land is under lease to Bald Mountain Properties Inc.

An attempt to break the lease, dating back about two years, was stalled with the opening of bankruptcy proceedings against the corporation.

Involved is Silver Bell Ski Lodge, built by the Martin Co. and the nearby dump where fires have burned continuously for better than a year.

An attempt to reorganize the Bald Mountain company under bankruptcy proceedings has apparently failed, lawyers say, and it appears that the Martin Co. is about to become the owner of the lodge. The company does not now own the land on which the lodge sits.

EFFORTS FAIL

Efforts by the township to have the underground fires doused have failed due to the money wrangle. A township attempt to close the fires — estimated to cost up to \$1,500 — has awaited the outcome of court action.

Lawyers in the case say, "We're not nearly done yet."

Colleges to Give 1st B.S. Degrees

SAULT STE. MARIE (AP) — Ten men will receive bachelors degrees from Lake Superior State College June 7, marking the first time the university has granted four-year graduate degrees in a 20-year history.

Lake Superior State College is an extension of Michigan Technological University, and was formerly a two-year branch.

Grand Jury Calls Police Sergeant

DETROIT (AP) — Detroit Police Sgt. August Cardinal, who was fined two weeks pay Sept. 8 after he admitted spending an hour in Florida with Costas (Gus) Colacides in 1964, appeared before the Wayne County grand jury Thursday.

Card Party Tonight

Sacred Heart Altar Society will sponsor a card party at 8 tonight at the Church, 3360 Adams, Pontiac Township.

ARE NEWS

July Vote Set on Annexation

LAPEER — An election July 10 is slated to determine whether the city of Lapeer will annex some 350 acres of Elba Township.

Only those who are registered voters of the city and those who are residents in the affected portion of the township can vote, according to Lyle F. Stewart, county clerk.

Stewart knows of only two of the latter who are renters on the property. The land is planned as the site of a subdivision, an 18-hole golf course, motel and bar.

The County Board of Supervisors voted 12-7 last week to allow the election. Similar petitions were rejected by the board in February.

Bunyan Days July 30-Aug. 1 at Union Lake

Plans are being made for Union Lake Paul Bunyan Days July 30 through Aug. 1, according to Elton Black, general chairman.

Events will begin with a parade at 2 p.m. July 30.

Churches and organizations wishing concession booths are asked to make reservations early with either of the concession chairmen, Arthur Marohn or Frank Hoagland.

Persons planning to enter floats or musical talent may contact Black.

Children's Camp Forms Available

Applications for Camp Micho, the Oxford Township camp for children with diabetes, may be obtained by writing to Michigan Diabetes Association, 10737 W. McNichols, Detroit.

Boys and girls, aged 8-16, are eligible to attend. Two 10-day sessions will begin July 16 and August 5.

The Michigan Diabetes Association, a member agency of the Michigan United Fund, offers partial and full camperships where family income cannot provide the full cost.

Students Set Art Exhibit

A "Clothesline Art Exhibit" will be displayed by members of the Avondale Junior High School ninth grade art classes tomorrow at the Auburn Heights Fire Station, Auburn Road.

Paintings, prints, and sculpture will be featured. Two students will be present to sketch portraits, and an art movie, "The Color Bombardment," will be shown throughout the day, according to Karen N. Adams, art department chairman.

Hoedown Slated

MILFORD — The Aces and Eights Square Dance Club will hold its third annual County Hoedown at 8 p.m. June 10 at Milford High School.

Profits will be given to the Huron Valley School District.

Pontiac Press Photo

READY FOR ROAD-E-O — Members of the Walled Lake School Bus Drivers Association check out a skill course which they must drive Sunday in the Road-E-O being staged at Walled Lake High School. They are (from left) Mrs. Elsa Hines, a

bus driver; Ross Easty (kneeling), president of the Bus Drivers Association; Floyd Vickery, supervisor of transportation for the school district; and Frank Barber, a committeeman for the Bus Drivers Association.

hope will spread to other Oakland County communities next year and eventually statewide, is being held to improve the skill and efficiency of the drivers, according to Ross Easty, president of the Walled Lake School Bus Drivers Association.

Twenty-five drivers will participate in the Road-E-O which will consist of a written test on safety and operation, a skill course, a straight line test, a diminishing line test, backing into an alley, stopping on a line and repairing a part of the bus.

Easty said other school districts in the area have been invited to send representatives to observe the event.

"Maybe next year other districts will hold a Road-E-O and we will be able to hold a county-wide playoff," he said. "Eventually we would like to have a statewide playoff."

TO AWARD TROPHIES

First-, second- and third-place trophies will be awarded. Judges will be police chiefs from surrounding communities and members of the Oakland County Sheriff's Department.

The Road-E-O, directed by Donald Smith, driver education teacher for the Walled Lake High School, is cosponsored by the Bus Drivers Association and the Walled Lake School District.

Admiral's Praise of TFX Draws Fire of Congressmen

WASHINGTON (AP) — An admiral's praise for the F11B-Navy version of the controversial jet interceptor once called TFX—drew scathing and skeptical reactions from two congressmen.

Vice Adm. T. F. Connolly, deputy chief of naval air operations, told a House Appropriations subcommittee the F11B has fine low-speed performance, isn't too heavy to work from aircraft carriers and could be "a pretty impressive airplane."

Connolly's April testimony, released Thursday night in a censored transcript, apparently failed to convince Rep. William E. Minshall, R-Ohio, and Rep. George W. Andrews, D-Ala.

Minshall told Connolly he had "talked to many others privately and have gotten their opin-

ions; I think they are experts in the Navy as much as you are, and they think this aircraft is a dog."

COMPLIMENTARY STATEMENT

"That is the most complimentary statement about that plane which has been made before this committee," said Andrews of Connolly's testimony.

Minshall also sharply questioned an assertion by Graeme C. Bannerman, assistant secretary of the Navy, saying Secretary of Defense Robert S. McNamara was right in believing the nation could save \$1.9 billion by using different versions of the F111 for both the Navy and Air Force.

Minshall said, "This is just as wrong as the other statements made by the secretary of de-

fense. It only further widens his credibility gap."

McNamara has been under considerable congressional fire ever since he overruled his military advisers in 1962 and awarded the contract for the plane to Boeing Corp.

Connolly told the committee he based his appraisal on having flown an F11B a week before testifying. He said its anticipated weight satisfies Navy requirements.

"No deck problems?" asked Andrews.

"Not to do with weight, no," said Connolly.

And the admiral added: "As a matter of fact, I think this F11B is going to land on that carrier like a lady. If there is anything great about the airplane,

it has fine low-speed performance."

Later he said there should be no major problems with the plane once difficulties with engine stall are ironed out.

Asked by Minshall why the Navy was seeking funds to buy 20 of the planes when it still has flaws, Connolly responded: "I am up here defending the President's budget."

Cavanagh Talk

LANSING (AP)—Detroit Mayor Jerome P. Cavanagh is to deliver the O'Rafferty High School commencement address Sunday. Graduation ceremonies for O'Rafferty's fourth and largest senior class, 171 members, will be held in the Lansing Sexton High School auditorium.

BEST COMPANY. BEST GIRL.—Midshipman John Mark Griffin of Olean, N.Y., who commanded the 1st Company at the U.S. Naval Academy this year, which was adjudged best in year-long competition, sits next to his girl, Barbara Jerry, 20, of Syracuse, N.Y. Chosen Color Girl, she will present Griffin with the national colors which his company will have the honor of carrying next year as a result of their victory. The traditional color girl parade will be held next Tuesday.

4 Months of Terror on Caribbean Island

SAN JUAN, P.R. (UPI) — The government of St. Kitts-Nevis today reported a four-month reign of terror on the tiny island of Anguilla.

It said dissidents burned down Government House, besieged local police and seized control of the island's only airstrip.

The governments of Jamaica and Barbados reported they had received requests for troops and police to quell what has now become a raging revolt on Anguilla.

The requests were turned down because the neighboring Caribbean governments reportedly took the view that Britain has responsibility for St. Kitts-Nevis and Anguilla.

The islands gained complete independence in domestic affairs last February with Britain retaining control only over defense and foreign affairs.

NEGLECTED BY TOURISTS
Anguilla has an all-Negro population of less than 6,000. It is one of the few Caribbean islands neglected by tourists and makes its living by farming and fishing.

Premier Robert Bradshaw reported from Basseterre, the national capital on St. Kitts

island, that he has declared a state of emergency in Anguilla. He did not say whether dissidents on the island have any political affiliation.

In a message to the British Consul in San Juan, Bradshaw reported a reign of terror began on Anguilla during independence celebrations Feb. 4 when police used tear gas to break up a riot. Later the police chief and a superintendent were shot and wounded when arrests were attempted.

A month later, Bradshaw said, the Anguilla Government House "was burnt flat to the ground" and the island's warden barely escaped with his life.

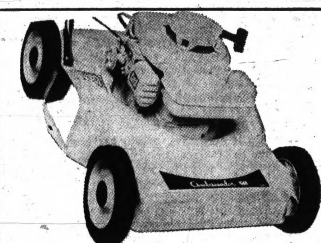

FREQUENT ATTACKS
Frequent attacks then took place on police stations, on the hotel where the warden took refuge and other buildings.

In one of these attacks, at least 12 bullets were found in the quarters of a woman Peace Corps language teacher who was not identified.

The violence came to a head this week when a mob marched on police headquarters to demand the police leave the island.

Bradshaw said rioters had seized the island's only airstrip, preventing flights to and from Anguilla.

Law Proposes Sex-Crime Penalty

State Rep. ARTHUR LAW is to be commended on his forthright stand on enactment of legislation aimed at effective punishment for major crimes perpetrated by sex deviates, as expressed in his recent letter to The Press' Voice of the People section.

LAW

Needless to say, the social area under consideration by the lawmaker is a most sensitive one and susceptible of diverse viewpoints not only in diagnosis of criminal motivation of offenders but prescription of a form of punishment that will best serve society.

cidence of sex crimes, particularly against children that has brought a state of constant apprehension for parents, Law has suffered a reversal of his former opposition to capital punishment.

The legislator is readying a bill for introduction in the next session of the State Legislature that would provide for castration of deviates who practice their depredations on children or stand convicted as criminal sexual psychopaths.

The Press heartily supports Rep. Law in his concern over one of the major social infections of the day and applauds him on his willingness to stand up and be counted. To date, he is the only legislator to publicly commit himself. The citizenry would assuredly be interested in hearing the views of its other lawmakers.

Flawed Gem

David Lawrence Says:

Crisis Will Catch Up With Egypt

WASHINGTON — A prolonged dialogue on the Middle East seems in prospect.

In the interim, Egypt's leader, who seeks to dominate the entire region, will appear to have had his way.

The Soviet Union is giving Nasser strong support, while the United States and Great Britain plead with him to exercise self-restraint.

But it is pertinent to look ahead at the probable long-range results as compared with the ephemeral advantages to be derived from keeping the Gulf of Aqaba closed to international shipping.

It will naturally take a lot of time for the controversy to get through the procedures of the United Nations and also through the subsequent conferences that may emerge between nations which seek to find a basis for a compromise.

But eventually Nasser will have to face the facts of life and realize that to antagonize the most powerful industrial nation in the world today, and to slow down or diminish shipments of oil from the Middle East to other areas of the world, is not likely to bring economic stability or prosperity either to Egypt or to the allied Arab countries.

Incidentally, both North and South America have a surplus of petroleum, and perhaps this is the time for Europe to begin to be less dependent on Arabian oil.

The United States, of course, will gradually find itself compelled to suspend its foreign-aid programs to those countries which have openly shown their hostility to American interests.

It will be said that the Arab nations will rely on Russia to finance and support them. But Moscow is not inclined to become too deeply involved in economic aid to the Middle East while the Soviet Union faces a threat of conflict with the Red Chinese and is substantially involved in Southeast Asia in connection with the Vietnam war.

While there will be disappointments over temporary reverses which the United States may encounter in trying to bring about peace and stability in the Middle East, the responsibility of the Soviet government for the crisis of today is being clearly outlined before the world.

Perhaps the most tragic phase of the whole controversy is the apparent weakness of the United Nations.

Israel has indicated it won't stand still more than a few weeks for what Nasser did.

If, by the end of that time Nasser hasn't backed down and the United Nations can't find a solution, the shooting probably will begin.

The structural defects are becoming obvious, but even more serious is the utter inability of the United Nations to carry out the principles of its own charter because of the arbitrary exercise of the veto power in the Security Council by the Soviet government.

World opinion is not likely in the long run to be content

Bob Considine Says:

Road to College Degree Gets Harder and Harder

NEW YORK—For the keenest mixture of joy and sorrow, he yourself (or he) is to a graduation at a girls' junior college.

Joy is easy. The vast majority of the class has passed. The caps and gowns lend marvelous dignity to the slender bodies that

—slay—have come to look more natural in miniskirts.

They all look like moist-eyed angels.

Their scholarship is breathtakingly beyond what a speaker as they advanced to that hallowed cloister reserved for graduates and told that they hadn't made the grade.

Sorry, they were told, they were one-eighth of 1 per cent off passing in chemistry and that brought down their total average to one milligram beneath the level tolerated by the state regents and the bursar at dear old Swampoodle University.

There were tears, of course, and the terrible problem on the part of the girls of telling their parents. Fortunately, the parents were understanding.

A daughter's incapacity to tolerate or explain the interrelation and antagonism of electrons, neutrons and the piercing strain of laser may not compel them always to send the child out into the night, in shame. Would that she could cook an egg for the guy she'll soon enough be marrying!

High school, junior college and college graduates who wish to go on with their education have a shockingly hard time today.

It has nothing to do with race, creed, color or — incredibly — marks.

I know a boy who has been on the honors list at Berkeley University of California, from

with a weak international organization.

It seems certain that sooner or later there will be a universal demand for a revision of the U.N. Charter so that a peace-keeping mechanism will be made available for instant action whenever international disputes break out that can menace world peace.

A Parish Paper

Three boys were talking about their fathers. "My dad writes a couple of lines," the first boy said, "calls it a poem and gets \$10 for it."

"My dad makes dolls on paper, calls it a song, and gets \$25 for it," the second boy said.

"That's nothing," said the third boy. "My dad writes out some words, calls it a sermon, reads it from the pulpit, and it takes four men to bring in the money!"

Triumph . . .

The New York Times

There's a strain in British blood that has responded through the centuries to the beauty and the awesome challenge of the seas.

Kipling phrased it, Masefield sang it, and the swash-buckling, heroic figures of Britain's past, from Duke of Devon to Winston Churchill, have again and again sailed forth upon the ocean to win an empire or defend it.

The conclusion at the historic port of Plymouth of the round-the-world voyage of Sir Francis Chichester, whose appeal to British hearts was that he sailed alone, confirming the

Voice of the People:

Memorial Day Coverage Commended by Reader

I commend The Pontiac Press for the fine front-page Memorial Day editorial. It is a shame that we really need a reminder such as "Lest We Forget." Keep up the good work. Yours is a fine newspaper.

I also commend all the concerned people who worked so hard to make our parade the success it was. I was only a spectator but I was proud of everyone involved.

Group Holds Area Organizational Meeting

An organizational meeting was held recently to plan events for a "Vietnam Summer," in north Oakland County area, in conjunction with a national program called "Vietnam Summer Project." This was in response to a growing number of worried Americans who have heretofore remained silent. Plans include a draft counseling service, a petition drive and a series of debates and neighborhood meetings. The meeting was attended by college students, teachers and other adults in the hope that activity would materialize.

Suggests Citizens Committee for Roads

How long is the motoring public going to stand for all the holes and bumps left in our roads by utility companies and sewer contractors cutting through the roadways instead of going under them? Time has proven that the cut-through space is never the same again. Settling takes over and there is either too much stuff or not enough in repaired areas. The road commission still allows this to happen and fails to fix places when notified. Orchard Lake Road is a good example. A citizens committee for better roads is in order.

Nasser Showdown Tone Is Ominous

By JAMES MARLOW

AP News Analyst

WASHINGTON — If it were just a matter of tug-of-war, calling men to the colors, and whipping up patriotic frenzy and hatred in Israel, Egypt, Jordan, Syria and elsewhere in the Middle East the crisis there might melt away without war.

But Egyptian MARLOW President Gamal Abdel Nasser gave all of it a showdown tone when he barred Israeli shipping from the Gulf of Aqaba, and announced he could never be persuaded to drop his blockade.

Elath, at the southeast tip of Israel on the north end of the Gulf of Aqaba, is its port for direct shipping to and from Asia and East Africa. Ninety per cent of Israel's oil is imported through Elath.

If Nasser can keep it closed to all vessels bound for Israel through the Gulf of Aqaba, then they will have to travel around all of Africa and through the whole length of the Mediterranean.

Since he seized the Suez Canal in 1956 Nasser has barred all shipping to or from

Israel through that channel, which lies within Egyptian territory.

FOUR NATIONS

But the Gulf of Aqaba, connected with the Red Sea, is bounded by four nations: Israel and Jordan at its northern tip, then further down, Egypt on the west and Saudi Arabia on the east.

Eventually, as the result of pressure in the present form, Nasser may agree to let ships bound for Elath use the Gulf of Aqaba so long as the Gulf is not held by Israeli flag.

But, if he is permitted to do that, he will have established his right to bar ships, if only Israeli-owned ships, from the gulf. Then, the next time the mood seized him, he could argue his right to bar all shipping bound for Elath.

The channel through the strait lies along the Egyptian shore. So long as he could put troops and cannon at Sharm el Sheikh — before 1956 — Nasser could keep all Israeli shipping out of it and thus out of the Gulf of Aqaba.

AGREED TO LEAVE

He lost that control, of course, when the Israelis took the strategic point in 1956.

They agreed to leave it in

1957, after peace was restored, on condition that a U.N. peace-keeping force be stationed at Sharm el Sheikh to assure Israel use of the Strait of Tiran and the Gulf of Aqaba.

But last month, when Nasser ordered the U.N. forces out of all Egypt, they had to leave Sharm to him.

He promptly manned it and banned Israeli shipping again. IMPLICITLY FORBIDDEN

Yet, in 1958 a U.N. conference on the law of the sea voted overwhelmingly against forbidding "innocent passage of foreign ships through straits" connecting international waters with the high seas.

The Arab nations were implicitly forbidden to halt ships bound for Elath through the strait and the gulf. But the Arab states, including Egypt, abstained from the vote. So Nasser can say he was not a party to such a ruling.

Israel has indicated it won't stand still more than a few weeks for what Nasser did.

If, by the end of that time Nasser hasn't backed down and the United Nations can't find a solution, the shooting probably will begin.

Negro Teachers Face a Housing Shortage in Pontiac

Four simple words — "poor housing in Pontiac" — on a Negro teacher's resignation raised the eyebrows and opened the mouths of Pontiac school board members.

Board of education members questioned administrators about the Negro housing situation at a board meeting. Asst. Supt. Richard Fell gave this answer:

"Pontiac is losing many good Negro teachers because of a shortage of housing for them."

A typical opinion from a Negro teacher is like this:

"I like the school system. It is an excellent one. There are many opportunities here for the Negro teacher, but Negroes just can't live here as a professional."

But the problem facing Pontiac goes deeper than this, as expressed by Lewis A. Crew, director of instructional personnel services:

"Leaving is not the big question; it is whether Negroes can be attracted under these conditions."

NOT ALONE

Officials agree that Pontiac is not alone in facing a shortage of housing for both Negroes and whites. Many cities have a teacher housing problem.

Single Negro teachers find it difficult to pay upwards of \$140 per month for a luxury unfurnished apartment even

if they can get in. Crew stressed. This proves a major barrier for Negroes who make up 20 per cent of the city's teaching staff.

Jacquelyn Simpson, a 25-year-old second grade teacher at Wisner School, said price was a large factor in her resignation because of poor housing.

Of 15 Negro teachers expected to leave the system this month, she is the only one to actually state that housing was the reason.

GOING HOME
"I don't know what I'll do now," she uttered. "I'm just going home to Augusta, Ga."

Others, like Ann Craig, special education teacher at Bethune School, are seriously considering moving out of Pontiac to Detroit, where almost half of Pontiac's 203 Negro teachers dwell.

"In Pontiac, you just have a choice between a rooming house or luxury apartment," Miss Craig remarked. "There is nothing in between."

Yet others say that money — while important is not the self-contained solution to poor housing for Negroes.

'SUBTLE BARRIERS'
Terming the Negro "psychologically conditioned" to race prejudice, Negro Principal Richard Craig of Jefferson Junior

High remarked that "subtle barriers" still exist even in situations apparently oriented to integration.

"Money has never changed anybody's attitude," he insisted, "which is not to say that as a race we can't move in these areas."

Many school administrators and teachers point to outright discrimination by luxury apartment owners. They say Negroes are put on a never-called waiting list or are given the "no vacancy" pitch.

The apartment owners reply that they know of no such discriminatory practices.

LEWIS A. CREW

One school administrator confessed that he thought there would have to be a test case to really prove and remove apartment discrimination.

Besides high prices and alleged discrimination at apartments, a third problem was cited — poor home facilities for Negroes.

Craig expressed this opinion: "I've seen some houses that were recently available for Negro teachers, but I wouldn't buy them for a dog."

Thus, it is not surprising that 90 Negro teachers live in Detroit and commute 25 miles daily while 101 reside in Pontiac with a dozen others scattered in between.

OWN HOMES

Most of the Negro teachers who live in Pontiac are married and own homes in the Twain-Herrington schools area, according to Crew.

Even members of the schools administrative staff, which is 13 per cent Negro, live in Detroit.

What are potential candidates being told about housing for them in Pontiac? Crew replied: "One of the first questions a Negro candidate asks is about housing."

"I tell them it is difficult to find housing and that they may have to take something of a

lesser nature than they are in apartments. I advise them to look around and get The Pontiac Press as soon as it comes out to check housing ads."

LOOK AROUND

"I don't encourage them on

Five Students

Win GM Grants

EAST LANSING (AP) — Five high school seniors, three from Michigan and one each from Iowa and Pennsylvania, have been named recipients of General Motors Corp. scholarships to Michigan State University.

They are David A. Haase, Muskegon; William J. Murphy Jr., Lansing; Greg M. White, Belleville; Larry D. Alpha, Wesley, Iowa; and Nelson H. Grayes, Erie, Pa.

buildings and subleasing to teachers.

Pontiac citizens are certainly concerned with the problem. Pontiac's housing study committee and the board of education's committees on human relations and equality of education are looking into the problems.

When Crew was asked what is being done for Negro teachers, he sighed; paused a few seconds while he looked out of his office window and replied: "That's a question that hurts."

He said the school system is currently investigating the possibility of leasing apartment

OTHER MEASURES
Two other measures have been discussed, he reported.

Narrow Defeat in School Vote

JACKSON (AP) — A recent Thursday confirmed the narrow defeat May 16 of a proposed 2.75-mill tax increase for school expenses. The margin of defeat was narrowed to two votes, 2,191-2,189.

The board of education has said it will now be forced to trim its \$9.5 million budget by \$400,000.

Pontiac has tried to get federal funds for low-middle-income apartments but has found that teachers could not be given priority in getting into apartment units.

School administrators have also looked into leasing large vacant homes and making them into apartments. Costs were found to be too high.

Crew cautioned, however, that housing for teachers does not have priority over building new schools and increasing teachers' salaries.

'MUCH HOPE'
Will something be done soon to improve Pontiac's housing situation?

Crew concluded with four words: "We have much hope."

Blimp Hits Power Lines; Crew of 2 Slides to Safety

DUNREITH, Ind. (AP) — A Goodyear blimp, battling strong winds, snapped on high-tension power lines early today about 75 feet above the ground on busy U.S. 40 just east of this east-central Indiana town.

The two-man crew slid to the ground, on a safety rope as police and fire department searchlights played on them.

Both crewmen were unhurt, but the pilot was taken to Henry County Hospital at nearby New Castle for observation.

The crew members declined to identify themselves pending a check with Goodyear headquarters in Akron, Ohio.

The pilot said a gasoline can in back of the gondola caught fire when the blimp hit the wires, but the crewmen extinguished the blaze.

A state police trooper said the blimp "was popping and cracking, and its skin wrinkling as it fell slowly to the ground."

The pilot said the blimp was not damaged badly. Power company workmen were sent to the scene to deactivate the lines.

The blimp was one of two stationed at Indianapolis during the 500-mile race Tuesday and Wednesday, but Federal Aviation Agency officials at Indianapolis were unable to confirm which blimp it was.

The crewmen declined to identify the blimp. The blimp was en route back to Akron.

Typhoid Hits 16 at Stanford

STANFORD, Calif. (UPI) — Calif., and Robert Shore, Bak-swimmer Mark Parmerly. The An outbreak of typhoid fever at Stanford University has left 16 students hospitalized. The students stricken, Ten athletes are among the victims.

Eleven of the students required hospitalization, including Olympic swim star Dick Roth.

Dr. Maurice Osborne, director of the Stanford health service, said yesterday that all 11 students hospitalized were doing well. Five others who caught the disease did not require hospitalization, he said.

The disease has been traced to the kitchen of the Beta Theta Pi fraternity house and the director said a cook there was "the most likely source" of the infection.

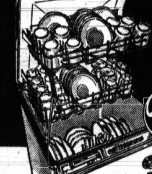

The kitchen was closed last Friday when the first cases turned up, but Dr. Osborne warned that more cases might occur because the maximum incubation period for the disease is three weeks.

LIST OF HOSPITALIZED

Those hospitalized with confirmed cases included football players Mike Hibler, Mountain View, Calif.; Jon Huss, Van Nuys, Calif.; John Read, Alameda, Calif.; Tim Sheehan, Delano, Calif.; and Bob Conrad, Los Angeles.

Also hospitalized for observation, but without confirmation of typhoid, were football players Greg Broughton, La Canada,

Parties Focus on House Race

MOUNT CLEMENS (AP) — With control of the State House of Representatives at stake, both political parties are sending their top brass into the 75th House District to gather votes for their candidates in the June 6 special election.

Former Democratic Rep. Victor Steeh is running against Republican David Serotkin for the right to represent the Macomb and Southern St. Clair County district. The seat was left vacant by the death of Rep. James S. Nunneley, a Republican, who died in April.

If Steeh wins, the House will return to a 55-55 deadlock. If Serotkin is victorious, the GOP will take a two-vote majority.

With this prize in sight, the Republicans are sending in Gov. George Romney, Lt. Governor William Milliken, House Speaker Robert Waldron and newly elected Rep. Anthony Licata.

DEM FIELD — The Democrats are fielding Atty. Gen. Frank Kelley, Secretary of State James Hays and the entire Democratic State Central Committee.

Democratic State Chairman Zolton Ferenzy announced Thursday that the committee meeting, originally scheduled for East Lansing, will be held measures, notably the Senate.

Several important legislative measures, notably the Senate, will be held measures, notably the Senate. Ferenzy said the change was currently facing the House. If Steeh wins and the House again becomes deadlocked (as

THE DRUMMOND CORP.

You can tell it's an expensive Scotch, even in the dark.

By the taste not the price.

McMaster's Scotch tastes expensive, smooth and mellow. You can tell that without looking. Try the McMaster's Scotch taste test: Pour McMaster's fine Scotch and your expensive Scotch into separate glasses. Have a friend blindfold you, rearrange the glasses. Taste both. Aren't you glad you tried McMaster's?

All you have to pay is \$4.98 for a \$7.00 value: how do we do it? We bring McMaster's fine Scotch over from Scotland in barrels. And bottle it only after it arrives in this country. So we save on taxes, shipping and handling. We pass the savings on to you. The only expensive thing about our Scotch is the taste. **4.98 4/5 qt.**

KILLS LAWN WEEDS ROOTS & ALL

ONLY \$2.98 a quart

Ortho® Weed-B-Gon grows lawn weeds to death. Makes them start shriveling up as soon as 48 hours after application. Cuts them up and kills them off. Won't bother your lawn, though. Or your bilfold. Because \$2.98 buys a quart, enough to take care of every awful lawn weed you've got. Get some today.

SPECIAL! SAVE \$1.00 ON ORTHO LAWN SPRAYER

Perfect for spraying Weed-B-Gon! Delivers 1 1/2 gallons of dilute chemicals. Ideal for your lawn and garden fertilizing, too. **Now \$2.98** Regular price \$3.98 only

Vietnamese Evacuate DMZ

CAM LO, South Vietnam (AP) — The demilitarized zone behind them, the refugees were in tin sheds and tents under the 100-degree sun and fanned by a brisk, dry, dusty wind. Children played in a big drain pipe, bounced on their grandfathers' knees, rode on their mothers' hip if they were very young.

Their precious cattle wandered about the camp or slouched in the low scrub.

Arguments broke out over the buckets of water being handed down on ropes from the top of a 6,000-gallon U.S. Marine tank truck. The camp's wells were not finished yet and there was barely enough water to drink and to cook with, much less to bathe.

COOKING FIRES

The families had 10-foot-square sections of the sheds if they did not have a tent of their own. Meager possessions were heaped against the wall. The old people tended cooking fires.

They were peasants, children, women and the elders. The young men were elsewhere, committed to the Vietnam or to the government.

All told, there were 9,600 refugees at the camp, moved there in one week from within the demilitarized zone as government and Marine troops entered the buffer area.

The project had been planned to come about in stages, family by family, hamlet by hamlet, to avoid shortages and lessen the misery. Swift military decision and fighting made it imperative for the plan to materialize much faster.

Vietnamese army rations were the diet for some families not yet getting their rice issue.

Marine medical teams were seeing to cholera and plague shots. Questioning and screening were under way. However,

it was thought those outwardly sympathetic to the enemy were not there. Those, officials said, may well have waded across the Ben Hai River into the northern portion of the zone.

In short, this camp looked like all the rest in Vietnam where there are about one million refugees, one of every 15 people.

An administrator said every family should be in a new tin-roofed hut, on its own 20-yard-square plot, in two months. The huts were being built.

NEW CROPS

The land is dry around Cam Lo, 10 miles south of the zone, so the farmers, traditionally rice growers, will be trained to raise other crops. Outside the new hamlets, the government has promised to provide enough communal land for the new crops.

Originally, the planners estimated there were 20,000 people to be moved from the zone. That figure was based on a 1964 census, and it was found half the people had already left. Those who became refugees moved to Cam Lo by Navy landing craft and trucks, will be reimbursed for their property, spokesmen said.

The land and huts they left behind will be in a free-fire zone, an area bare of support for infiltrating North Vietnamese troops, an area that will be bombed and shelled at will.

Sponges Clean Polluted Waters

By Science Service WASHINGTON—Sponges that eat the bacteria in polluted water have been found by scientists at the Republic Aviation Division of Fairchild Hiller.

The sponges, they report, are found along the East Coast from Cape Cod to Cape Hatteras. In a laboratory test, the sponges demonstrated their ability to kill more than 30 times the number of bacteria that would normally die in seawater.

THE CITY OF WARREN NEEDS POLICEMEN

SALARY RANGE \$7160 To \$8000

(Initial salary increment commensurate with police experience and recognized training)

Fringe Benefits

- Paid vacation and sick leave
- Paid hospital insurance

New Way to Create a Smart-looking Ceiling. Armstrong SUSPENDED CEILINGS

Takes the work out of ceiling installation. Suspend a new Armstrong ceiling to cover wiring, plumbing, heat ducts, or unsightly cracks. Easy - to - install metal framework accommodates acoustical ceiling panels. No special tools needed. Fashionone panels dress up any room while absorbing irritating noises. The panels are incombustible, washable and easy to remove for access to water valves, electrical connections.

2'x4' PATTERN 28¢ per sq. ft. to 38¢ per sq. ft. Including Necessary Metal for Installation!

Armstrong GRIDMATE

The new Armstrong Gridmate is an innovation in lighting fixtures for Suspended Ceilings. The Patented mounting brackets allow Gridmate to be attached directly to the suspended ceiling grid. Gridmate's V-shaped ballast cover and high-gloss reflector panels distribute light evenly throughout a room which means, overall, fewer fixtures are required, and thus lighting costs are lower.

THIS IS FORD COUNTRY

This road leads to our used car lots—filled with shiny trade-ins from folks who just had to move to Ford Country '67. Sale-priced to make room for more coming in. Come see—come save!

FORD DEALER USED CAR SALE

JOHN McAULIFFE FORD, INC. — 630 Oakland Avenue, Pontiac, Mich.

Mrs. Frank Audette, Harsdale Road, president of St. Joseph Mercy Hospital Auxiliary, presents a \$50,000 check to Sister Mary Anastasia, RSM, assistant director of nursing service. The auxiliary received the check from the Jerry McCarthy Foundation, Detroit. Presentation was made Thursday at the auxiliary's annual meeting and luncheon.

LBJ Leads Showgirl Into a Stately Spin

WASHINGTON (AP) — President Johnson, in a dancing mood, gave a pretty-Broadway showgirl a White House twirl Thursday night that left her spinning.

For five dances — and during one number while watching illuminated fountains from the front porch — the President and songstress Barbara Williams enjoyed the music of the Marine Corps Band.

Johnson put aside crises in the Middle East and Vietnam to entertain Australian Prime Minister Harold Holt and 130 guests at a state dinner.

The entertainment included a rollicking rendition of showtunes going back 100 years.

Holt, who comes from a theatrical family — his aunt Vera Pearce was a comedienne on the London stage — said it filled him with nostalgia and "I had tears in my eyes."

Johnson, who jokingly admonished Secretary of Defense Robert S. McNamara to go home early and saw Holt out at 12:30 a.m., led the dancing in the north portico hallway until 1:10 a.m.

His most frequent partner was Miss Williams, a farmgirl from Wisconsin with reddish-brown hair and a purple evening gown, one of four featured singers in the show, "A Salute to the American Musical Theater."

"Oh, it was thrilling," Miss Williams said later.

The music ranged from fox trot to frug, but Johnson kept his usual slow pace which Miss Williams described as "rhythmic and fun."

At one point, she said, Johnson snapped his fingers and an aide came up with a cigarette lighter bearing the presidential seal. Johnson gave it to her, along with his autograph on a gold-edged engraved presidential card.

Miss Williams, wife of television actor John Carter of New York City, is the mother of a young child.

She and the other performers, including a chorus of 20, from the Manhattan School of Music in New York City are making White House history — performing two nights in a row for visiting prime ministers.

Mrs. Philip Hart (center), wife of the senior senator from Michigan, chats at Thursday's luncheon in Northwood Inn with Mrs. Willis Brewer of Lakeview Street (left) and Mrs. Ralph Mazza of West Iroquois Road. Sponsoring the event which honored Mrs. Hart, was the Oakland County Democratic Women's Club.

Taking on leadership responsibilities in the St. Joseph Mercy Hospital Auxiliary for the coming year are (from left) Mrs. Joseph F. Paulus and Mrs. George Stephens, both of Bloomfield Village; Mrs. Gale Smith, Franklin Road; and Mrs. Louis Hagopian, Grindley Court. The annual meeting Thursday was held at Oakland Hills Country Club.

WOMEN'S SECTION

She Hates Cigars

Love Goes Up in Smoke

By ABIGAIL VAN BUREN

DEAR ABBY: I am going with a wonderful man who is dying to marry me, but he has

one horrible fault. He smokes cigars. I have asked him to please refrain from smoking those stinking cigars when he is with me, and so far he has, but I'm still not satisfied.

ABBY: I am going with a wonderful man who is dying to marry me, but he has one horrible fault. He smokes cigars. I have asked him to please refrain from smoking those stinking cigars when he is with me, and so far he has, but I'm still not satisfied.

He is a handsome, courteous, considerate, sober, well-to-do gentleman who would make an ideal husband if it weren't for this one fault. What do you suggest?

HATES CIGARS: I suggest you either develop a tolerance for

cigar smoke or try to find yourself another handsome, courteous, considerate, sober, well-to-do gentleman who's "dying" to marry you.

DEAR ABBY: What do you think of a man who is never satisfied when he eats out?

No matter what he is served, he sends it back with the complaint that it's either undercooked, overcooked, cold, or "smells funny" — or not what he ordered. When he sends something back and reorders it holds up everybody else's dinner.

He is always complaining about the service, and argues with waiters and captains, in-

sisting that something is "fried" when they assure him it has been broiled. Or he'll insist that something has garlic in it when they assure him it hasn't. What is wrong with a person like that?

UP TO HERE: DEAR UP: He's either a malcontent whom no one could please, or an obnoxious little man who enjoys picking on people who can't fight back.

How has the world been treating you? Unload your problems on Dear Abby, in care of The Pontiac Press. For a personal, unpublished reply, enclose a self-addressed stamped envelope.

Navy Mothers Will Celebrate 25th Anniversary

During a special meeting of the Navy Mothers Club No. 355, plans were made for celebrating the group's 25th anniversary on Sept. 7.

Mrs. John Prieto, appointed Americanism chairman, will make arrangements for the Navy Mothers Day at Hawthorne Park Aug. 10.

Navy Mothers will bring their families to this event.

Mrs. Herman Dennis was appointed chairman for a card party to take place in November.

The Pontiac club will also host the Michigan State Navy Mothers convention in 1969.

Chairman for Tag Day, designated as Oct. 27 and 28, will be Mrs. Vidal Gonzales.

Guild Was Warming on Chilly Stage

By JANET ODELL

Pontiac Press Women's Editor: The name of the game was "Pajama" and the most stylish outfit in the audience was a warm quilt.

St. Dunstan's Guild of Cranbrook opened its musical show, "The Pajama Game" Thursday night in the Greek Theatre.

Warm as the day had been and bright as the night was, one becomes a bit chilled sitting in an open amphitheater.

The hot coffee available between acts was welcome as it warmed the inner man and cold hands at the same time.

This able little theatre group is presenting another of its excellent productions. Membership includes many with undeniable talent and they work hard.

A newcomer, Richard Wright, had the male lead. Coming to amateur theatricals from a professional career, he set the pace for the entire company.

His attractive feminine lead is Mrs. Fred Bahr (Robin).

Phil Skillman carries a comedy role with happy ease.

The tunes are tuneful; the dancing is energetic. If the

male members of the chorus seemed less sure of themselves, the girls made up for it.

Costumes are psychedelic.

Robert Bates, Joan Schmidt, Bruce Warnock and Carl Stewart do a stupendous job of providing musical accompaniment for the show.

Part of the proceeds from each St. Dunstan production goes to the Sheldon R. Nobel scholarship fund for scholars-

ships to the Cranbrook academic institutions.

Additional funds this spring will provide scholarships to the Cranbrook Summer Theatre School.

"The Pajama Game" will be repeated tonight, Saturday and June 8, 9 and 10 at 8 p.m.

John Coppin directs the play; Robert Bates is musical director; Mrs. Sam Greenawalt is choreographer.

The First Lady, Mrs. Lyndon Johnson, holds an encased brooch, composed of gems and minerals from all of the 50 states, which was presented to her Thursday at the White House in a ceremony in the east garden. The stones were donated by amateur collectors and presented by the American Federation of Mineralogical Societies.

Missing Woman Turns Up in NY

WEST PALM BEACH, Fla. (AP) — A young wife reported missing since Monday turned up in New York City Thursday night, her husband said.

John Ackert, a personnel executive for the Radio Corporation of America, said his 26-year-old wife, Mabelle, told him by telephone she would return home today.

Ackert said she told him her return to West Palm Beach had been delayed by an "airline strike" in Europe.

Now New Media Are Available for Sculptors

Opening Sunday at the Bloomfield Art Association, is the 15th annual exhibition by the Terra Cotta Sculptors.

Founded in 1952 by the students of Svea Klein for the purpose of improving the artistic skill of its members and promoting the appreciation of sculpture in the Birmingham-Bloomfield area, the group has departed from the exclusive use of terra cotta and now works in all mediums.

This year's exhibition, which will be juried by Sergio Deguisti of Cranbrook and the Bloomfield Art Association faculty, will include sculpture in metal, wood, plastic and glass.

Penny Birmingham and Barbara Fowle are co-chairmen and Pam Bender, vice-president of the Bloomfield Art Association, consultant for the show which will run through June 18. Gallery design and installation is being handled by Donald Snyder, Resident Artist of the Bloomfield Art Association, in cooperation with Margaret Valpey and Ellen Glowacke, members of the Terra Cotta Sculptors.

Mrs. V. W. Gazda, of Franklin is president of the organization whose membership includes sculptors from many Southeastern Michigan communities. The group holds a weekly workshop and critique sessions at the Bloomfield Art Association in addition to which most members are enrolled in sculpture classes.

Mrs. Donald J. Bennett of Winry Drive, Avon Township, mental health district coordinator of the Junior Chamber of Commerce auxiliaries, presents camping and recreation equipment to officials at Pontiac State Hospital. Receiving \$500

worth of donations, including 20 sleeping bags, are Frank Cashman (left), recreational director of the hospital's day children, and Kyle Elliott, psychologist for adolescent service.

16-Piece Open Stock \$8.95

MAYTIME . . .

You'll love the way this delightful pattern creates a refreshing new mood. The wide yellow band frames the soft white blossoms and the tan toned leaves. New as the spring itself, bright as the morning sun!

DIXIE POTTERY

5281 Dixie Hwy. 623-0911

Mrs. Margaret Rudkin, 69, founder of Pepperidge Farm Inc., and a pioneer in the bread industry, died Thursday of cancer. Mrs. Rudkin started what was to become the nationally famous bakery in the kitchen of her home in Fairfield, Conn., in 1937. The company grew to include five plants employing about 2,300 persons. She was born in New York City.

Polly's Pointers

Very Special Dinner

Newspaper Enterprise Assn.

DEAR POLLY — A good idea for perking up a marriage is to have an anniversary dinner once a month, on the date of your marriage. Plan a very special dinner for two, feed the children early and put them to bed.

Candlelight, good wine and soft music contribute to the effect and you will find your husband looking forward to this day each month.—MRS. N. J. D.

DEAR POLLY — My son has just become a choir boy and the surprise he has to rent is very gray. I soaked it in bleach water but to no avail. Does anyone have a solution for getting this white? **TERESA**

DEAR POLLY — My two small boys love the tiny toys they get in gum-vending machines. When they tire of these, I drop the toys in my purse. They come in handy when the children are someplace where there is nothing to amuse them

— these little toys have been forgotten and seem like new. They keep the children quiet for awhile when we are at the coin laundry, church, doctor's office and so on. — **NORMA**

DEAR POLLY — I had trouble wearing two rings on one finger as my joints are enlarged. The rings were always turning to the inside of my hand. I remedied this by crocheting them together, using No. 30 white cotton thread and a single crochet stitch. This works perfectly and is washable. — **MRS. R. R. M.**

DEAR POLLY — G. W.'s letter asking how to remove the odor from an old dresser prompted to write. I bought an old cedar chest in a junk shop, and it was a mess. I easily refinished the outside but the inside was a real problem as it had been drenched in moth balls. I used a slightly dampened soap pad on the entire inside, then wiped it with a clean, damp cloth. After it was completely dry, I sprayed the interior generously with a commercial cedar spray, closed the lid and let the spray odor penetrate the wood. Now it is like new. G. W. might try this on her old dresser. **MARIAN**

You will receive a dollar if Polly uses your favorite home-making idea, Polly's Problem of solution to a problem. Send to Polly's Pointers in care of The Pontiac Press.

The United States paid the Blackfeet Indians \$1,500,000 for land to establish Glacier National Park. It is an area bigger than Rhode Island.

Shown (from left) are four of the officers of Gamma Omega, Sigma Beta national sorority: Mrs. Ivan Arnold of Bloomfield Terrace, vice president; Mrs. Michael Gilbert of East Boulevard South, treasurer; Mrs. Archie Flanagan of North Sanford Street, president; and Mrs. James Drake of Merritt Street, Orion Township, secretary.

'Tire Talk for Women' Includes Driving Tips

AKRON, Ohio — A booklet that would have been a "best seller" had it been sold in bookstores has emerged in a new, updated edition — and the world's largest rubber company is bracing itself for a deluge of requests for copies.

In its original edition, "Tire Talk for Women" was distributed to 100,000 persons — men as well as women. Now, with all the changes and improvements that have been made in tires, The Goodyear Tire & Rubber Company for a renewal in demand from persons of both sexes.

Printed in two shades of green instead of violet, as was the earlier edition, the new 71-page edition is designed and written to appeal primarily to women. But its clear and simple descriptions of tire constructions and its suggestions for common sense tire maintenance can be informative to men, too, says Goodyear's Women's Service Bureau.

The new edition brings up-to-date the information on Goodyear's Lifeguard safety spare, metal-studded Safety Spike Suburbanite winter tires and Vitacord polyester cord, the strength member in tires developed by Goodyear.

Copies may be obtained without charge by writing the Public Relations Department, The Goodyear Tire & Rubber Company, Akron, Ohio 44316.

Eileen Raye Oltesvig recently became the bride of Larry Robert Dodd in the Hardy Methodist Church in Howell. The bride is the daughter of Mr. and Mrs. Orval E. Oltesvig of West Wardlow Road, Highland Township. She wore a colonial style dress of nylon and rose point lace with fingertip veil of French silk illusion crowned with seed pearls and lily of the valley. Matron of honor was the bride's sister, Mrs. Laurence A. Stack. James Short was best man with ushers Tim Foley and Mark Hogue. The bridegroom's parents are the George A. Dodds of Howell. A reception was held in the IOOF Hall in Clyde.

Whirl of Parties Fetes

Bride-Elect Before Vows

Bride-elect Carol Armbruster has been the honored guest at a number of pre-wedding events.

A church group shower was given recently by Mrs. Charles Young, Mrs. Calvin Barr, Mrs. Roy Murphy, Mrs. John Brady, Mrs. Jesse Seibert, Mrs. Willard Desweese and Mrs. Ralph Strahm at the home of Mrs. Young.

Joy McReynolds in the First Federal Savings of Oakland was the hostess for another shower in Miss Armbruster's honor.

If the warm weather makes you a weekend golf widow, here is a project to keep you busy. Try knitting this set of golf club mitts of gay, multicolor knitting worsted. White crocheted chains are stitched on to form numbers. Free instructions are available by sending a stamped, self-addressed envelope to the Needlework Editor, Pontiac Press, P.O. Why Grow Old?

By JOSEPHINE LOWMAN

If you look at a woman from the knees down, and that is surely easy to do today, you can almost always guess what type build she has.

If the legs are very thin pipestems, the woman is usually very thin. However, this type leg also often belongs to the woman who has flat hips, practically no hips, and is large busted.

Then there are the very large calves which are usually matched with overweight or the athletic individual. Then there is the leg which has no shape, although it is not fat. It goes straight up and down. This kind of leg belongs to the stocky woman who is broad through the pelvis. She is also apt to be short.

Today, with exercise, almost any legs can be improved. Men can whittle down ankles, slim the calf and firm the thigh.

The following exercise is splendid for firming and contouring the whole leg. Place your hands on your hips. Bend your knees half-way down. Now bounce up and down.

straightening the knees and then bouncing back to the half-way position. This exercise will not be effective if you bend forward at the waist.

The back must be kept erect all through the bounces. If you cannot do this, then place one hand on the wall for balance.

Fat knees are giving a lot of women inferiority complexes these days. A general loss of weight is the best cure, that is, if you are overweight and the fat knee usually indicates this. However, speed the process by the following method of massage.

Grasp the fat between the heels of your hands and fingers and knead the flesh like you would dough. Do not be too vigorous, or you will raise a crop of bruises but be firm.

Barbara Jean Hughes became the bride recently of David Lee Drass in the Oakland Avenue United Presbyterian Church. Their parents are Mr. and Mrs. Frank L. Hughes of East Columbia Avenue and Mrs. Charlotte Drass of West Cornell Street.

The George H. Kilpatrick of Troy announce the engagement of their daughter, Judith Ann to David Steven Olah. His parents are the Zigmund Olahs also of Troy. A July wedding is being planned.

Dunseith-Tower

Double Ring Nuptials

Wed in a double ring ceremony recently were the Thomas William Dunseiths nee Marsha Lynn Tower.

For the evening rite in the First Congregational Church, Rochester, the bride wore a gown of silk organza with Alencon lace appliques on the bodice, sleeves and hemline. A coachman's train of organ-

za and matching lace completed her ensemble.

A cluster of roses secured her bubble veil and she carried a prayer book with white orchids.

Mrs. Dwight Hughes was matron of honor for her sister. They are the daughters of the Jack E. Towers of Fox Hills Drive.

Mrs. Floyd Metz was bridesmaid with Mrs. Gregory Crickshank.

Best man was Charles Storm. Ushers were Dwight Hughes, Charles Wesley, Tom Anderson and Ed Dando.

Parents of the bridegroom are the William Dunseiths of Crooks Road, Avon Township. Following a Niagara Falls honeymoon the couple will reside in Birmingham.

echo park SUMMER CAMP

JUNE 26 - AUGUST 25

ECHO PARK SUMMER CAMP, one of the most outstanding facilities in Michigan begins its summer season of nine weeks on June 26th.

Located on 63 acres of unspoiled woods in Bloomfield Hills, including three spring-fed lakes, miles of nature and riding trails and two swimming pools.

A day camp program covering the years 3½ to 17, employing qualified educators with a solid background in camping and possessing warmth and understanding which Echo Park's particular approach demands. This includes specialized instruction in swimming, riding, boating, fishing, games and sports, trampolines, arts and crafts, canoeing, nature fare, archery and cookouts for the scheduled evenings.

Every Sunday after May 1st will be open-house at Echo Park and staff members will be on hand to discuss activities.

For parent participation in all-year outdoor fun at Echo Park, please inquire about our "Family Program."

674-0421 ½ BLOCK E. OF DIXIE HIGHWAY - DRAYTON PLAINS

Mock bride Sharon Arendt holds still for fitting of a paper bridal gown fashioned from "Imagination," a new paper plant wrap product. The disposable dress was designed, made and is being fitted by freshman coed Jean Heddins, prior to recent mock wedding ceremonies staged by Michigan State University students of floriculture.

It was a sight to send chills up the spines of dyed-in-the-wool bachelors when the Women's Club of Calumet modeled a half-century of fashions in wedding gowns. Cel-

bates viewing the procession of past and present nuptial wear preferred the dark earlier-era gown worn by the woman on the right because "it's more fitting for a mourning."

Blast-Off or Let-Down

Office Work Is Destiny

NEW YORK—Memo to 1967 graduates:

Whether your sheepskin is from high school or college, chances are you're going to be herded into an office.

After all the graduation parties, the job experience will be a blast-off or a let-down—depending on you.

The boss isn't going to care a wet noodle about your personal problems. You were hired on a first-impression—that you had potential to fill the job.

The rest is simple. He expects your best.

There are some things you should know about the business world.

EXPERT ADVICE

Robert H. Loeb Jr. cites some of them in "manners at work" Association Press.

The book, published by the National Council of YMCAs of the U.S.A., could be subtitled—

"How to Succeed in Business by Really Trying."

Facts about the business world:

• It isn't very understanding.

"The marketplace is neither as gentle nor as forgiving as the 'learning' place, whether it was high school or college."

The business world will not be nearly so sympathetic to your whims nor so forgiving to your frailties.

• It sees all. "The ubiquitous eye of business is watching your behavior at all times. It is adding you up and judging your every action like a computer."

How you talk, how you dress, how you wear your hair, how you eat, how you get along with others, how you spell, how you smell—every single little bit, part and morsel of your behavior is constantly fed into this computer.

• It expects you to be nice, to everybody. "Don a pair of

'Sensible' Brides Turn to Satiny Paper Gowns

By LEROY POPE
United Press International
NEW YORK (UPI)—About 2,500 of this year's early summer brides in the United States will be married in paper gowns.

That is the estimate of Robert Magid, president of Hartford Textile Corp., a firm in the van of the trend for paper disposable garments for both men and women.

Magid says about enough paper fabric finished to resemble white satin has been sold to bridal gown houses to make 2,500 gowns.

"Since a wedding dress is worn but once, paper is sensible for the girl who doesn't want to splurge," Magid said.

Magid says paper fabrics and laminated paper and plastic fabrics are catching on far faster than anybody would have dreamed possible only a year or so ago.

IN STYLE

"Paper is 'in' mainly because of style rather than price per se," Magid says. "Of course price cuts a big part."

"A woman can buy a printed paper frock in brilliant color for \$4 or \$5 with a styling

and designing that she might have to pay \$15 for in cloth. She can wear the paper frock four or five times before it becomes too soiled or frayed for further wear."

Paper garments cannot be washed or cleaned though, Magid said.

Any washing or cleaning process that would work on them would destroy the flame retardant chemicals used in the finish, anyway.

'Beauty-ful' Nuptial Rite

LOUISVILLE, Ky. (AP)—Mrs. William Rains returns to the scene of her wedding every day in the beauty shop where she works.

On the day of her wedding, business in the shop went on as usual and a number of women customers sat under hair dryers and watched the ceremony being performed at one end of the shop.

Baubles, Beads of Cotton Cord

Bright shiny beads get brighter, bigger... and lighter... every year!

For today's jumbo jewelry, one designer has hit on the ideal raw material: lightweight cotton cord. The cotton strands are compressed into big round or oblong bead shapes and used for coordinated necklaces, bracelets, and earrings.

The National Cotton Council reports that the cord beads are dyed in different vivid colors, then lacquered for glitter and gleam. The result is jewelry as light as paper mache, but with a more finished look, and a polished surface resembling fine porcelain.

Plan Wedding

Mr. and Mrs. John A. Stevens of Berkeley announce the engagement of their daughter, Bobbie Lou, to Thomas Gerald Campbell. He is the son of Mabel Campbell of San Jose, Calif. Aug. 19 vows are being planned.

Dorene H. Pokorny graduated recently from the Borgess School of Nursing in Kalamazoo. She is the daughter of Mrs. Charles E. Pokorny of Lake Orion and the late Mr. Pokorny. She will join the staff of New Providence Hospital in July.

Bloomfield Hills, WOODWARD AT SQUARE LAKE RD.

Debate on Teachers Tickles Students

LANSING (AP)—There were glimmers of delight from some visiting schoolchildren in the Senate gallery Thursday when they heard a senator declare: "not all schoolteachers are good schoolteachers."

Both the youngsters and their teachers listened intently as most of the Senate debate centered around bills affecting the schools.

The Senate planned to work only on routine bills Friday and recess at noon for the weekend. Senators were wrestling over the taxation package, already passed by the Senate, up to the house.

Sen. John Bowman, D-Roseville, made the comment that snapped the teachers and their pupils to attention.

OBJECTS TO BILL

Bowman voiced objections in preliminary debate to a House bill that would strengthen the present law covering dismissal of probationary teachers.

Proposed amendments to the law would require that probationary teachers be given 60 days' notice before they are released. School boards would be required to notify them of their rights in writing. Another clause would require a two-thirds vote by a school board to fire a teacher.

"We're going from the sublime to the ridiculous," Bowman protested.

"Not all schoolteachers are good schoolteachers. Sometimes a school board wants to get rid of a teacher."

"Why tie the hands of the school boards? And why require a two-thirds vote?"

Only a majority board vote is now required to dismiss a teacher.

TENURE PROTECTION

Bowman said the protection clause "implies teachers

haven't got brains enough to know their rights."

The schoolteachers, the senator said, probably have the strongest tenure protection of any group in the state.

"You couldn't get rid of a teacher unless you caught him in an overt act and made a movie of it," Bowman declared.

"Why not do away with school boards entirely?" he suggested with sarcasm. "That's exactly what we're doing when we're taking away the rights of school boards to do what they are elected to do."

Further action on the bill was delayed when Sen. Emil Lockwood, R-St. Louis, Republican majority leader, called an end to the debate.

Earlier, the Senate debated but also took no final action on a proposal to require school districts to forfeit part of their state aid if they hold classes for less than 180 days during the year.

"BABY STEP"

Sen. Harold Volkema, R-Holland, chairman of the Senate Education Committee, called this "a baby step" in the direction of requiring a minimum number of school days.

At present, Volkema said, schools are required to be in session for nine months of the year but can declare holidays "for almost any reason."

As originally proposed, schools would be docked two days of their state aid for every

day under 180 that they failed to conduct classes. An amendment was proposed to cut the aid reduction to one day of aid for every one missed.

ECONOMY MOVE

Sent to probable death in the Appropriations Committee were bills to permit junior colleges to grant sabbatical leaves to teachers with six years of tenure and to provide state aid for transportation to area vocational schools. At present, most colleges allow sabbatical leaves after seven years of tenure.

Economy-minded senators objected to both bills on the grounds they would drain more money from the state treasury.

The Senate amended a House bill to make the state budget di-

rector a member of the State Higher Education Facilities Commission.

A measure to permit the State Conservation Department to accept federal funds for the development of steelhead trout and salmon fishing was moved up to become eligible for vote.

Sen. Frank Beadle, R-St. Clair, chairman of the appropriations committee, amended the bill to provide that the Legislature would not be committed to appropriating funds to carry on such programs.

Also moved to final passage stage was a bill to set a quail shooting season during the last 10 days of the pheasant season and 10 days thereafter.

State Dependence on U.S. Aid Grows

LANSING (AP) — Michigan's state government is becoming increasingly dependent on a growing flow of federal millions, a budget division analysis reveals.

Federal aid direct to state government has boomed from about \$85.5 million in 1955-56 to \$305 million in 1967-68, the report by state budget director Glenn Allen shows.

This represents an increased share in the state's operating revenue from 9.5 to more than 18 per cent.

"Over a period of years, federal grants have developed rapidly until, to varying degrees, they now support many governmental services," Allen said.

OTHER FORMS OF AID

Allen's report dealt only with the federal aid provided directly to state departments. He noted there are many other forms of such aid, to local units of government, public and private institutions and agencies and to the state.

The State Department of Social Services receives the largest chunk of federal aid to the state.

The department's total for the 1967-68 fiscal year is estimated at \$185.5 million. This represents more than half—or 54.6 per cent of the expenditures by the department.

The State Highway Department is receiving the next largest chunk of federal funds this year, an estimated \$142 million.

Most of it is a result of the federal trunkline highway pro-

gram. The federal government finances the trunklines on a 90-10 basis.

This year's total from the federal government still is below the \$148.9 million received last year, as Michigan is nearing completion of the trunkline building program.

Other state departments leaning heavily on federal funds are education, \$83.9 million; labor, \$36.4 million; military affairs, \$20.9 million, and public health, \$22.5 million.

Receiving lesser but still important federal aid are: Conservation, \$7.1 million; commerce, \$4.5 million; mental health, \$2 million; agriculture,

Stoplight Study Conducted by GM

NEW YORK (AP) — General Motors Corp. researchers are attempting to develop a new system of traffic controls that will minimize the time waste at stoplights, the company said Thursday.

GM conducted a study of driving patterns in London to see if a pattern of traffic control could be developed to conform to driving habits rather than trying to make drivers conform to present signal patterns.

The company says the study showed that such a system is feasible.

U.S. Said Hoping to Avoid Gulf Blockade Test

WASHINGTON (AP) — U.S. leaders are reported hopeful a way can be found out of the Israeli-Arab crisis without a test of force against Egypt's anti-Israeli blockade of the Gulf of Aqaba.

A sweeping review of the war-threatening situation in the Middle East and planning for future developments were scheduled in a White House conference between President Johnson and British Prime Minister Harold Wilson.

Wilson, following a brief visit

to Canada, was due at the White House in late morning for day-long talks with Johnson.

The President and Wilson, through earlier negotiations, evolved these main points of strategy for dealing with the crisis:

— To urge restraint on the disputing nations, particularly Egypt and Israel, in order to allow time for secret diplomacy and public debate in the United Nations to have their chance to work out a solution.

Officials consider this so far has succeeded, even though it is

not certain the U.N. Security Council will take any positive action to maintain peace in the Middle East. The big gain to date from the U.S.-British point of view is that Israel and the Arab states have not gone to war.

— To rally maximum support among maritime powers for a declaration asserting the Gulf of Aqaba, through which passes shipping to the southern Israeli port of Elath, is an international waterway which Egypt has no right to close to any shipping.

— To arrange, as a last resort, for an international naval force, preferably under U.N. sponsorship, to challenge the Egyptian blockade and open the waterway to shipping.

Vice President Hubert H. Humphrey, Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara told congressional leaders Thursday the United States is trying for a diplomatic settlement ahead of a test of force.

Humphrey told newsmen "I

have not heard of any such consideration" when asked about reports the United States and other maritime powers are planning to use a naval force in the gulf.

Rusk said, "I don't want to get into any question of unilateral action."

Peruvian Indians fashioned the first known flint razor some 4,000 years ago. Previously clam shells were used to pick out the stubble, whisker by whisker.

State Capitol Happenings on Thursday

By The Associated Press

Told a news conference the current Middle East crisis is "a very grave situation" which further indicates Russia is pursuing its own interests in world affairs.

Expressed confidence that the House will work out a tax reform program and reported his promise to approve no appropriations bills until a tax program is passed "except those which fill within existing revenue."

Said he supports the State Labor Mediation Board in its steps to end a teachers strike which has closed six schools in Wayne County's Gibraltar school district.

Announced appointment of George Munter of Dearborn as a member of the Workmen's Compensation Appeal Board.

THE HIGHWAY DEPARTMENT

Received a new loss as Howard Smith was sworn in as acting state highway director.

THE SENATE

Moved seven minor bills up to final passage stage.

Heard extensive debate over a House bill to strengthen protection given professional teachers. Sen. John Boorman-D-Roseville, led opposition to the bill, declaring teachers have the strongest tenure provisions of any group in the state.

THE HOUSE

Met in morning and afternoon sessions and adjourned until Monday.

Sent to the governor (X-denotes immediate effect).

X-82066, Hummel, Permit firing of a County Welfare Board member who is absent without excuse for three consecutive meetings.

X-82417, Brown, Permit prosecution of a teacher in any county in which a large document is ordered and published.

PASSED:

X-81816, Richardson, Ban glue sniffing.

X-81818, Beebe, License persons so fitting music tank cleaning jobs.

X-81819, Schweitzer, Extend Conservation Department's experimental game management area to include several islands in the Beaver group.

X-82352, Cartwright, Permit use of hand nets to catch carp and other "rough fish."

X-83674-9, Tepp, Raise court costs for enforcing child support and alimony payments from \$10 to \$18 per year.

X-82172, Richardson, Permit one-man grand jurors conducting concurrent investigations to exchange information.

X-83537, Fien, Increase maximum penalty for actual or attempted prison escape from three to five years (include violations of work-pass programs).

X-82926, G. F. Montgomery, Outlaw certain retail promotional games.

Cigarette Price Will Rise Soon

NEW YORK (UPI) — Cigarette smokers will soon be paying more for the pleasure of their habit.

Trade sources in New York expect the retail price of cigarettes to go up a penny a pack as a result of the two largest manufacturers announcing wholesale price increases. The carton price is expected to go up by at least 10 cents.

American Tobacco Co. told its distributors yesterday that they would have to pay five cents more a carton. R. J. Reynolds followed the lead within 10 hours, on a slightly varied increase rate.

It was the second increase in American prices in 15 months. No reason for the increase was given by either company, but an American spokesman cited this line in a recent annual report: "Leaf and other costs have continued to rise and it is becoming increasingly difficult to maintain our margins in the face of these rising costs."

The increase by American will be from \$9.25 to \$9.45 a thousand for filter cigarettes, and from \$9 to \$9.25 a thousand for nonfilter cigarettes.

House OKs Amended Glue-Sniffing Bill, Returns It to Senate

LANSING (AP) — A bill to make glue sniffing a misdemeanor and require a parent's written consent for purchase of airplane dope passed in the House Thursday and was returned to the Senate.

Apparently spurred by the sex slayings of two little Westland girls by an alleged glue-sniffer, police.

The Senate now must act on amendments providing that a glue purchaser under 17 must have written permission from his parent or guardian and that stores must record the names and addresses of buyers and make the records available to police.

Eight-year-old Deborah Louise Crowther and her sister Faith, 6, were found murdered near their suburban Detroit home last April. A 14-year-old boy, described as a member of a glue-sniffing gang, was held. Aiding or encouraging another person to sniff glue also would be a misdemeanor under provisions of the bill.

Other measures passed by the House Thursday would permit concurrent grand jurors to exchange information and evidence, boost the penalty for escaping from prison and increase the cost of paying alimony and child support.

In other capital developments: Gov. George Romney criticized the role of the Soviet

Union in the "very grave situation" in the Middle East, and added he was confident the House will pass a tax package for this session.

House Speaker Robert Waldron said a heavily amended version of the Senate-passed tax package could be reported out of the House Taxation Committee today.

The Senate moved several minor bills to the final passage stage and heard extensive debate on a House bill to strengthen the protection given probationary teachers.

A felon escaping from prison or attempting to could have up to five years tacked onto his

sentence under a Senate bill passed by the House without amendments. The present maximum penalty is three years.

A series of Senate bills passed by the House would charge a person paying alimony or child support \$10 a year to reimburse the county for the cost of court supervision. The current charge

for the third and apparently last time this year the House defeated an attempt to outlaw retail promotional games such as those offered by major oil companies to boost their gasoline sales.

Livestock represents about 44 percent of the farm income of Texas.

Crime Reporting Hit

SAGINAW (UPI) — Prosecutor Robert Currie accused the Saginaw News yesterday of "unethical practices" in reporting crime news which "interfered with law enforcement." The News denied it.

Currie released a letter to William Ellmann of Detroit, president of the State Bar of Michigan, in which he blamed the switch from Saginaw to Wayne County of the trial of two youths charged with murder in the July 4, 1966, knife slaying of another youth.

Currie alleged that James Brown Jr., editor of the News, for criticism and said pretrial publicity in the daily afternoon newspaper "is jeopardizing the prosecution of criminals in Saginaw County."

"It seems an odd coincidence that Mr. Currie's letter comes at a time when our reporters are investigating the impact of reduced charges on crimes in Saginaw County," Brown replied in a brief statement.

CAN'T 'BEER' IT—Thirteen-month-old Laura Lee Williams reacts to her first taste of beer after persuading her grandmother to let her have a sip at a family picnic. The little girl's dad, photographer Larry Williams of the St. Louis Post-Dispatch, was on hand to record the reaction.

Gets Electric Car

By BOB THOMAS AP Movie-Television Writer BEVERLY HILLS, Calif.

Everyone talks about the electric automobile as an anti-smog measure, but look who has done something about it: Jascha Heifetz.

The violin virtuoso has devoted his lifetime to fine music, and he still teaches, records and plays an occasional concert. Lately he has developed a new passion — the crusade against smog.

Says he, with typical Heifetzian irony: "Smog is not really very important; it's merely a matter of life or death."

From his home atop Beverly Hills, Heifetz can look down on the stifling blanket of smog that envelops the Los Angeles plain. He ventures into it for his classes at the University of Southern California, and on many days the smog clings to his aerie.

CARRIES CLIPPINGS

In his billfold he carries articles about our polluted cities, and he produces dog-eared clippings to bolster his arguments.

"Three years ago, I decided I might be able to help fight smog by setting an example," he related.

"Obviously nothing can be done about smog until we do something about the automobile. It's either people or the automobile, and I happen to think people are more important."

Heifetz told his yen for an electric car to auto expert L. M. "Bud" Cohn. The pair took the project to the Cortik Link engineering firm in nearby Studio City.

City. Building of the electric car began in February, and delivery was made last week.

"PRIDE OF TEENAGER" Heifetz showed off the car with the pride of a teenager displaying his first hot rod.

"Obviously I don't need another car; already have one," said Heifetz, indicating the immaculate 1955 Bentley beside the electric car in his garage.

"My only hope is that I encourage others to try the electric automobile. It may be the last good deed of my life."

He took his visitor for a spin up and down the hills near the Heifetz house. The sensation is eerie. Powered by 12 normal car batteries — another service the lights, etc. — the auto shifts its six forward gears in effortless silence.

BULL HORN

"I'm sorry my new horn isn't working," said the violinist as he toiled about the hills. "The car had a tiny one that went 'honk-honk.' I put on a bull horn that goes 'roooooo!'"

Back at the garage, he proudly lifted the front and back compartments to display the profusion of batteries and little else away.

"You need no gasoline, no oil, no water—except to fill the batteries," he said.

The Heifetz car, which has the body of a 1961 Renault, has its limitations. It can travel only 40-50 miles before it has to be recharged; each hour of charging provides eight hours of travel time — less for hill climbing.

The car can reach as much as 80 miles an hour on the straightening firm in nearby Studio City.

Fatal Initiation Stirrs Order by McNamara

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara has ordered a halt to military drinking rituals of the kind that ended with the death of a nondrinking young paratrooper officer.

"I want you to investigate immediately and report to me by June 15 on any military function involving initiation and similar activities in your service which could be detrimental to men and women in uniform," McNamara said Thursday in a directive to the secretaries of the Army, Navy and Air Force.

The defense chief's order followed by hours the publication in news media of the events April 14 leading to the death of Lt. Ronald Greer Reeves, 23.

Reeves, a Clemson University graduate and — according to his relatives — a nondrinker before attending a Ft. Bragg, N.C., so-called prop blast.

More Places to Hide
for U.S. Congressmen

By DICK WEST
United Press International
WASHINGTON — One of the
most cherished status symbols
in Congress is a hideaway office
in the Capitol.

Everyone, of course, has a
suite in one of the congressional
office buildings. Which is the
trouble. Everyone has one. Hence
it lacks prestige.

But space in the Capitol itself is at a premium. Any law-giver who can
wangle a private nook in that
building, in addition to his regular
suite, is recognized everywhere
as one of nature's noblemen.

Until a few years ago, this
honor was reserved for House
and Senate leaders, plus a few
senior members who had distinguished
themselves mainly by getting
reelected numerous times.

But with the extension of the
building's east front, a score or
more new hideaways became
available on the Senate side.

PLANS AFOOT

Now there are plans afoot, or
under foot, to extend the
building's west front.

Capitol architect J. George
Stewart and his staff recently
appeared before a House

A appropriations subcommittee
to defend the west front project,
which has drawn heavy criticism.

In the course of their testimony
it developed that the westward
expansion would put more than
100 additional hideaways at the disposal
of the congressional establishment.

Stewart claims the west front
extension is necessary because
the old sandstone walls have become
unsafe. He used the same argument
when the east front extension
was being considered.

HISTORICAL IDENTITY

Stewart's critics, on the other
hand, insist the wall should be
repaired, rather than replaced,
to preserve its historical identity.

Now I'm not taking sides,
you understand, but I got to
wondering what might happen
if Stewart should next discover
a leak, or some other structural
defect, in the Capitol's roof.

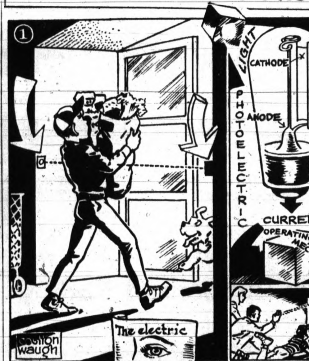

There are practical restrictions
on eastward, westward and other
outward extension. But upward,
apparently, the sky would be
the limit.

Extending the roof another
three or four floors would
provide enough hideaway offices
for all 535 Senators and House
members.

This would, alas, reduce their
prestige value. But that problem
could be solved by putting the
leaders in the penthouse.

Refunds Delayed

DETROIT (AP)—Persons who
overpaid their 1966 Detroit city
income taxes may have to wait
until July 31 to get refunds.
Robert P. Rosell, deputy city
controller, told the Common
Council Thursday. He said too
many returns came in near the
April 30 deadline to permit earlier
processing.

Junior Editors Quiz on
AUTOMATIC DOORS

QUESTION: How do some doors open automatically?

ANSWER: Jerry is walking to the supermarket door, which is opening without his touching it. This apparent miracle must have been accomplished by his weight on a floor panel starting a motor.

But in the case of our picture, an electric eye is doing the job. The large arrows point to small boxes. From one comes a beam of light which is focused exactly on the other.

Inside this second box is a tube called a photoelectric cell. Inside of this is a wire loop, the anode (positive) and a part coated with light-sensitive material, the cathode (negative).

When the light beam strikes the cathode, electrons flow from cathode to anode and around an electric circuit, creating a flow of current. If something blocks the beam, the current flow stops.

Changes of current, off and on, are used in the operating mechanism to start and stop motors. The blocking of the beam may be used to start an electric motor and this is what is opening the door in front of Jerry. The electric eye may also be used to control TV sets (lower right).

JACKIE IN LONDON — Jacqueline Kennedy sits in an auto at London's Heathrow Airport after her arrival today from New York. She was to attend the funeral later today of Lady Harlech, wife of the former British ambassador during the Kennedy administration. Lady Harlech was killed in an auto accident Tuesday.

Hong Kong Prohibits
Red Wall Posters

HONG KONG (UPI) — British authorities today struck back at Chinese Communist agitators by imposing a stiff law against the Peking-inspired propaganda machine that has sparked rioting and strikes in the crown colony.

The colony's executive council passed a law yesterday making it a crime to put up Communist wall posters that criticize the government. The law carried a maximum punishment of \$875 fine and two years in prison.

Into the colony came a vanguard of Americans from Macao following U.S. Consul General Edward Rice's warning that the Portuguese colony was "not a safe place of residence for Americans."

The new law in Hong Kong empowered police to tear down and destroy any wall posters criticizing the government. Owners of buildings where wall posters are displayed were also liable for prosecution.

Communist newspapers immediately attacked the edict as "a Fascist law which shows that the Hong Kong British authorities are preparing to escalate another step in the suppression of the Chinese patriots."

The government moved swiftly to break a Communist-inspired strike last night by suspending 515 Marine Department employees who walked off their jobs earlier in the day. The dockyard workers were protesting the ripping up of a wall poster by a government official.

Los Angeles (AP) — Sen. John G. Tower of Texas is being backed for the Republican presidential nomination by a citizens' committee headed by James Drury, television star of "The Virginian."

Drury told a news conference Thursday that his group is neither blessed nor frowned upon by the conservative Texan senator. But, Drury said, Tower is fully informed of his group's activities.

The actor called Tower a "progressive conservative" who could beat President Johnson again. The reference was to Tower's victory last year over Democrat Waggoner Carr, who was backed by Johnson and Democratic Texas Gov. John Connally.

Extradition to Arkansas Refused

Oregon Order on Escapees Hit

LITTLE ROCK, Ark. (AP) — [not come into this court to give] which the state of Oregon entered any assurances of fairness and decency to the plaintiffs. She ended itself against the allegations of a fugitive from justice.

Scott replied Thursday, "I's not just not done by Oregon or any show me one single case in other state on a writ of habeas."

Rockefeller called the ruling by Circuit Judge Lyle Wolf an "open invitation to escape and leave for Oregon."

Rockefeller aide Bob Scott said the judge apparently had been "unable to distinguish between what has been and what is" in Arkansas' penal system.

Faubus said statements by the judge "sound pretty extreme."

AFTER RULING

The three men spoke Thursday after Wolf ruled the day before that the prisoners should be released from the Baker County Jail at Baker, Ore., because cruel and unusual punishment received in Arkansas had voided their convictions.

Dist. Atty. Jesse Himmelsbach of Baker said Thursday that he would determine next week whether to appeal Wolf's decision to the Oregon Supreme Court, depending on whether it would require a transcript of proceedings in Wolf's court.

The cost of the transcript may be prohibitive, but "there is no legal impediment to somebody else providing the money," Himmelsbach said, indicating that the money might come from Arkansas.

Wolf said in his ruling that Richard G. Emory, 38, a convicted forger, and James Stephens, 22, a convicted robber, should be released because of cruel and unusual punishment and also because records failed to show that they were represented by counsel at their trials or advised of their constitutional rights.

CONVICTED OF SODOMY

The other two convicts are Jimmy Pike, 36, a convicted killer, and Don C. Smith, 17, convicted of sodomy.

The four men escaped from Tucker Prison Farm Jan. 15 and were arrested two days later near Baker. They will remain in jail pending a possible appeal.

Arkansas asked for their extradition and assured Oregon Gov. Tom McCall that their rights would be protected if they were returned. After a hearing attended by Scott, McCall said he was satisfied with the assurances and signed an extradition order. The order was blocked by the prisoners' application for a writ of habeas corpus.

Wolf said in his decision on the writ that "Arkansas, whatever her promises may have been to Oregon's governor, did

New Pitcher for Mud Hens Wins Debut

By the Associated Press
There's nothing like a good batting attack to make a new young pitcher feel right at home.

George Korince found that out Thursday night as he made his International League debut with the Toledo Mud Hens. Backed by his teammates' 11-hit assault, he came out with a 9-2 victory over the Columbus Jets.

Other action saw the league leading Rochester Red Wings edge the Syracuse Chiefs 1-0 and the Toronto Maple Leafs squeeze past the Buffalo Bisons 2-1. Richmond's scheduled doubleheader at Jacksonville was rained out.

WALKED SIX

Korince, a 21-year-old right-hander sent down this week by the Detroit Tigers, didn't go all the way against Columbus. He was lifted in the seventh inning after giving up his sixth walk. In his six-inning stint, he surrendered five hits and struck out six. One Jet run was unearned.

The Mud Hens broke the game open with a seven-run uprising in the fifth that snapped a 1-1 deadlock. Don Pepper's three-run homer climaxed the surge, which also featured two walks and four singles.

GARY PLAYER'S GOLF CLASS:

Care of the green

Keg Teams Gunning for Title, Big Purse

The title Champion of Champions and \$1,000 in prize money are the goals of 38 teams Saturday and Sunday at Howe's Lanes in the final big competition of the 1966-67 bowling season.

The fifth annual season-ending competition sponsored by the Bowling Proprietors of Oakland County will be worth \$50 to the lowest scoring team among the 38, with graduated payoffs through \$500 for the runner-up team.

The five-member teams with any combination men and women qualified at their respective establishments after finishing first, second or third in their leagues.

The Champion of Champions event is a handicap tournament. There will be Saturday squads at 6:30 and 9 p.m. Sunday's two squads will go at 1:30 and 4 p.m. It will cost each team \$9 to cover the cost of bowling.

In addition to the final round payoffs, each leading qualifier team from the 16 participating establishments will receive \$20 prize checks.

MSU Honors Senior Athletes

Special Awards Go to Dilley, Washington

EAST LANSING (AP)—Michigan State University honored its outstanding senior athletes Thursday night at its third annual varsity awards banquet, giving medals to the top graduating senior in each of MSU's 12 varsity sports.

Special awards went to a pair of NCAA champs — swimmer Gary Dilley and track and football standout Gene Washington. Dilley was presented the Chester L. Brewer Award, honoring athletic and scholarship achievements, high character, leadership and personality.

CONFERENCE MEDAL

Washington, a football All-America and NCAA champion hurdler, received MSU's Conference Medal of Honor, awarded each year to the graduate senior with highest proficiency in scholarship and athletics.

Seniors named outstanding in their sports were Bill Steckley, baseball; Matthew Aitch, basketball; George Webster, football; Frank Schubert, fencing; Sandy McAndrew, golf; Ron Auer, gymnastics; Bill Faunt, hockey; Terry Biadik, soccer; Dilley, swimming; Vic Dhooge, tennis; Washington, track; and George Radman, wrestling.

Head Coach Is Named

MONMOUTH, Ill. (AP)—Jim Wasem, 31, former Chicago White Sox infield prospect and an assistant coach at Illinois State University, was named head basketball and baseball coach at Monmouth College Thursday.

Senators Surge Following Deal

By the Associated Press
Statistical note: The Washington Senators have not lost a game since making their celebrated trade for Mike Epstein. Whether that happy situation will continue once Epstein enters the line-up is problematical.

The Senators have won four straight since obtaining the big first baseman from Baltimore, Monday, including Thursday night's 1-0 decision over California.

In the only other American League action Thursday, Minnesota blanked Boston 4-0 and Cleveland outdid Detroit 8-2.

Epstein is due to enter the Washington line-up as soon as Manager Gil Hodges feels he has worked off the effects of his self-imposed exile when the Orioles wanted to send him down to the minors. In the interim, the Senators have won a doubleheader from Kansas City and two games from California.

WINNING FORM

In Thursday's game, Camilo Pascual suddenly returned the winning form that has been eluding him for the last few years, limiting the Angels to four hits in the tight game.

The curvballing right-hander scattered three singles and gave up a double to Jose Cardenal in the sixth, Cardenal moved to center on Jay Johnstone's fly to third but was out attempting to steal home.

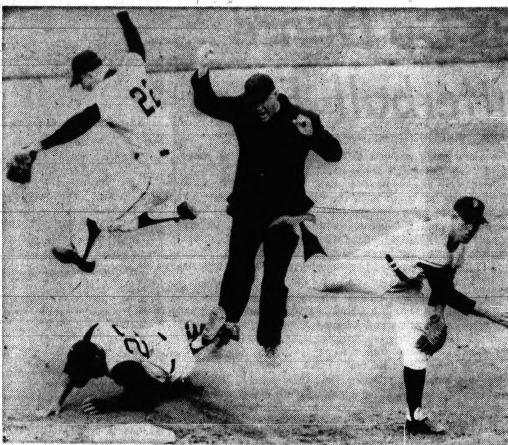

The lone run of the game came in the third inning when Ed Brinkman singled, moved to second on a sacrifice bunt by Pascual and scored on Bob Saverine's single to left.

Dean Chance came up with another brilliant pitching performance, allowing the Red Sox big hitters of late, just five hits and winning his ninth game of the season against only two defeats.

Celebrating his 26th birthday, Chance struck out 10 and allowed only one Boston runner as far as third base. Home runs by the Senators were by Bob Allison, his sixth, and Russ Nixon, his first, gave Chance all required for employment.

A meeting will be held in the same place next Wednesday and Thursday for all boys interested in umpiring and score-keeping for the junior league.

The meeting will be at 7 p.m. Bob Allison, his sixth, and Russ Nixon, his first, gave Chance all required for employment.

JUMPING SPOT — Everybody was on the move on this attempted double play by the San Francisco Giants in their game yesterday against Pittsburgh in San Francisco. On the play, George Spriggs (23) is forced at

second on Roberto Clemente's grounder to Hal Lanier. Play went from Lanier to Jimmy Davenport (right) to first, Clemente beat the play at first. Calling the action is umpire Paul Pryor. Giants won, 7-1.

Runner-Up Gets Ace

Hill Leads Memphis Open

MEMPHIS, Tenn. (AP)—Babe Hill trailed leader Dave Hill going into the second round of the \$100,000 Memphis Open Golf Tournament today, but the new car he won for a hole-in-one soothed the pain.

Hill, from Jackson, Mich., shot a 5-under-par 65 in the opening round Thursday and used a powerful driving game to post an eagle 3, three birdies and 14 pars.

Chasing Hill as play resumed today were Bert Weaver at 67 and Gary Player, Harold Henning, Dave Marr and Hiskey.

Next came Dave Stockton, Dave Ragan, Steve Spray and Randi Petri with 68. Defending champion Bert Hiskey shot a par-70, and former champ Jack Nicklaus soared to a 77.

Hiskey, 28, of Burley, Idaho, jumped to an early lead with a

PCH Golfers Drub Northern

Dave McNeely carded a two-under-par 33 yesterday in leading Pontiac Central to a 188-212 golfing victory over Pontiac Northern at Pontiac Municipal Golf Course.

Albrey Tipton helped McNeely with the scoring by firing a 36. The win gave Central an over-all record of 11-7.

Touring Golf Pros Petition for Authority

MEMPHIS, Tenn. (AP) — Touring pros issued their first formal statement about a dispute with the Executive Committee of the Professional Golfers' Association Thursday and called for a settlement by June 15.

Dan Sikes, spokesman for the players and chairman of the PGA Tournament Committee, held a news conference at the Memphis Open and issued a petition asking for more authority.

"The overwhelming majority of the players here have signed the petition to the PGA office, asking that certain rights and prerogatives... be returned to them," he said.

The main grievance, Sikes said, is the PGA Executive Committee's power to veto actions of the seven-member Tournament Committee.

"We feel the players, who are on the tour, know more about the problems of the tour," Sikes said.

Among other things, the players who signed the petition asked that the Tournament Committee, which includes four players, be given the right once again to schedule all tournaments on the tour, to hire and fire all employees of the Tournament Bureau and to negotiate and sign all contracts for tournaments and television rights to PGA events.

Detroit Posts Ace

Frank Delaney of 14644 Griggs, Detroit scored the first ace of the season at the Twin Lakes Golf Club last Tuesday. He holed his six-iron tee shot on the 155-year 4th hole and finished with a round of 45.

A tee shot soared out of bounds and triggered a triple bogey on the last hole, when he was 6 under, and cost him the lead.

Cardinals Do Dance as Flutterball Flops

By the Associated Press
The way Phil Niekro's knuckleball was dancing around, it should have been wearing ballerina's slippers.
Or perhaps a suit of armor for catcher Joe Torre would have been more appropriate.
Torre was the unfortunate fellow on the receiving end of Niekro's fluttering floater Thursday night. The Atlanta catcher was charged with two passed balls in a nightmare ninth inning as St. Louis rallied for a pair of runs and then went on to defeat the Braves 5-4 in 11 innings.

The ninth inning was just as and moved to third as Niekro served a wild pitch.
Lou Brock's sacrifice fly brought Hughes home. Then Julian Javier walked and two of Niekro's knucklers fluttered their way past Torre, moving Javier to third. Curt Flood's single scored Javier with the tying run.
Niekro was gone in the 10th when Phil Gagliano singled and raced home on Bobby Tolant's two-out triple for the game-winning run.
The Cubs suffered through a similar ninth inning against the Reds. Cal Koonce was protecting a 6-4 lead built mostly on five runs batted in by Billy Williams, who socked a pair of home runs.
Koonce struck out the first two batters in the bottom of the ninth, but Floyd Robinson beat out an infield hit. Vada Pinson's triple brought Robinson home, and moments later Pinson scored the tying run on a wild pitch.

NICE CATCH — This trio of three-pound black bass was caught yesterday morning at Lake Orion by Donald C. Jidas, 3393 Indianwood, Lake Orion. The largest weighed 3 pounds, 5 ounces. He was using an underwater plug.

FIVE-POUNDER — The 5-pound, 5-ounce largemouth held by Jack Henon, 6816 Saline, Waterford Township, fell victim to a Jitterbug about 3 a.m. yesterday at Loun Lake. It was The Pontiac Press Derby Leader until the current top bass was entered.

Tennis Tournament Slated in Rochester

The Annual Rochester Jaycee Junior Tennis Tournament will be June 17-18 at Rochester High School.

Last year's 18 and under boys' singles champion Rick Watson will defend his title.

The tournament is open to boys and girls in the 18 and under or 16 and under age group regardless of previous tournament experience.

Each contestant must bring two new U.S.L.T.A. approved tennis balls for his or her first match. There is no other entry fee.

Unearned Tallies Defeat Merchants

An unearned run per error helped Clyde's Frame and Wheel down the Waterford Merchants, 12-7, last night in Waterford softball play.

Chuck Cox of the Merchants (0-8) collected four hits while Clyde's (5-3) Ken Young had three singles. The losers made nine errors and Clyde's tallied the same number of unearned runs.

In the second game, McAnnally Auto Sales (4-4) defeated Buckner Finance, 7-6. Ken Armstrong and Adrian Dutcher led McAnnally with two hits apiece. Buckner has a 1-7 record.

Racing Circuit May See Fleet of Turbine Cars

Auto Maker Awaits Ruling on Machine by U. S. Club

INDIANAPOLIS, Ind. (AP) — A fleet of turbine-powered cars may be hitting the championship racing circuit soon.

That is if the U.S. Auto Club, race sanctioning body, gives its official blessing. Anthony (Andy) Granatelli said Thursday he will produce 10 copies of the turbine car that almost ran away with the Indianapolis 500-mile race Wednesday. Parnelli Jones was 10 miles from the checkered flag when forced out.

A. J. Foyt won the race in a Coyote-Ford he helped design. Granatelli, president of Studebaker Corporation's STP Division and turbine sponsor, said, "Although we were knocked out by a break failure of a \$6 ball bearing assembly, a one in a million failure, we proved without question the turbocar is the racing machine of tomorrow." "Whether the turbine is permitted to race further against the conventional piston engines may be settled when the USAC rules committee meets June 5."

CRIES OF FOUL

There were cries of foul when the turbine came to the Indianapolis Motor Speedway this year. Opponents claimed it was like letting a motorcycle in a bicycle race and the piston-engine drivers would be battling only for second place.

"There were no ground rules for a turbine and we think we came up with a pretty good formula for one," Banks said. "All you can do for a new development is run it once and then reconsider."

Banks pointed out the turbine alone wasn't responsible for the car's fine showing. He said it was a combination of an extraordinarily fine chassis, four-wheel drive, the turbine and Parnelli Jones.

Granatelli gave a "rough estimate" of \$67,500 to produce the turbine car. He said there still were some costs to figure but the Pratt & Whitney aircraft-type engine would be about \$30,000 and the chassis about \$37,500.

He said this was about \$15,000 more than the typical piston model, but the turbine engine would last for 10 years of racing while two, three or more piston engines are needed sometimes in one season.

Illinois Champion in Hazel Park Run

Elkam Stable's Royal Malabar, winner of the \$65,000 added Illinois Derby three weeks ago, is the early favorite in the \$20,000 added Michigan Derby Trial Saturday at the Hazel Park Race Track.

Royal Malabar has been assigned the high weight of 122 pounds for the one-mile test. He will concede from five to 10 pounds to his eight rivals in the final warm-up for the \$50,000 added Michigan Derby at Hazel Park on June 10.

The other big race at Hazel Park this Saturday will be the \$15,000 added Lottie Wolf Memorial for fillies and mares at six and a half furlongs.

TEENING

By FLETCHER SPEARS

A pro whose winning exploits have filled many news columns has also occupied a lot of sports space for the one big event he's never won.

He's Sam Snead, who spends a little time playing the pro tour when fish and game aren't in season.

The 55-year-old Snead has won more than 120 tournaments dating back

Jefferson Grabs City Track Title

Jefferson Junior High grabbed the city junior high track championship yesterday on the Pontiac Northern track.

Taking first in three events, Jefferson piled up 50½ points to nip Washington (49), Lincoln was third (35), followed by Madison (30½), Eastern (26) and Kennedy (11).

In the seventh grade division, Eastern took the title with 52 points. Lincoln was second with 39.

Mevin Reeves of Madison won two events in the junior high competition.

He took the 100-yard low hurdles in 12:05 seconds and came back to win the 60-yard hurdles in 8.1. His time of 8.0 in the preliminaries broke the record of 8.1 set by Don LaValais and Stubby Phillips in 1963.

CITY JUNIOR HIGH TRACK MEET
Varsity Team Standing
1. Jefferson 50½, 2. Washington 49, 3. Lincoln 35, 4. Madison 30½, 5. Eastern 26, 6. Kennedy 11.

Individual Results (Varsity)
400 Yds.—Mevin Reeves (Madison); Ever Robinson (Washington); Charles Wellen (Washington); Hirsch (Eastern); Time: 1:10.5.
800 Yds.—Carl Willen (Jeff); Roy Hodges (Jeff); Anthony Thomas (Jeff); Time: 2:25.4.

1600 Yds.—Mevin Reeves (Madison); Guy Reynolds (Eastern); Dan Carter (Madison); Charles Wellen (Washington); Time: 5:17.1.

TEENING UP—Bob Ryan of Indianapolis tees up his ball on the second hole while partner Chuck Byrne of Birmingham watches in the qualifying round yesterday in the Indianapolis Country Club Invitational. The two carded a best-ball 69 to grab the No. 2 spot among the qualifiers. The teams moved into match play today. Fred Zinn and Mike Jackson led the qualifying with a 68.

City Softball Squad Hikes Record to 4-0

Unbeaten Town & Country night its record to 4-0 last night by edging Ron's Roost, 6-5 in Pontiac American League softball action to pace the Orchard attack.

In other A.L. games, Orchard Lanes (3-1) rolled past Bob's Bar (1-3), 9-1, and Local 594 (1-2) gained a forfeit decision over Idletime Bar (1-3).

In a lone National League contest, Timberlans No. 1 (2-2) came from behind with two runs in the seventh to nip L & S Standard (1-3), 7-6.

Chuck Nichols picked up three hits and scored what proved to be the winning run for Town & Country in the sixth. Al Levy collected a pair of hits and he tripled home two markers in the winners' four-run second inning. Ron's Roost (2-2) made it close when Bill Hayward clouted a two-run, two-run homer in the seventh, but after a walk and an error put two more runners aboard, Walt Travis grounded to pitcher Roger Reynolds who flipped the ball to first for the final out.

Rochester Club Has Tour

By JODY HEADLEE
Pontiac Press
Garden Editor

Only "sunbrellas" will be needed if the weatherman heeds the pleas of Mrs. Donald D. Foss and Mrs. Arthur B. Wright, co-chairmen of the Rochester Branch, Woman's National Farm and Garden Association's Annual Home and Garden Tour.

Scheduled for June 10 and 11 from 1-5 p.m., the tour will feature interesting and outstanding homes and gardens in the Rochester area.

Transportation will be provided at no extra charge for ticket holders who prefer not to drive. The buses may be boarded between 12:30 - 1 p.m. at the E. University Drive city parking lot.

Tickets may be purchased from the 142 branch members, at Shepard's Real Estate Office, corner of Main and University and on tour days at the E. University parking lot.

Open for viewing will be the traditional colonial of Mr. and Mrs. Henry W. Axford of 4090 N. Rochester, Oakland Township; with its spacious rooms and furnishings of rare antiques.

GARDENS

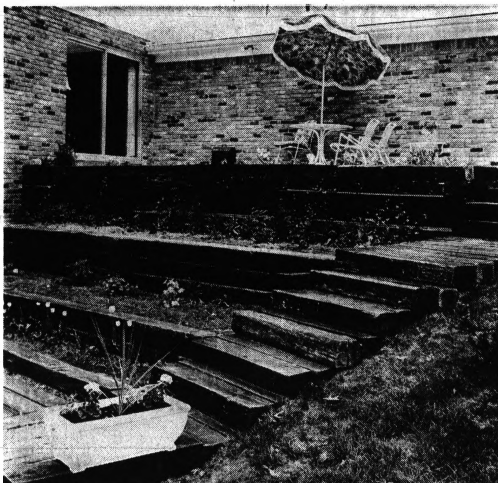

Gardens on the tour will include those of Mr. and Mrs.

William Johnson, 159 Maywood, Rochester; Mr. and Mrs. Ralph R. G. Furgerson of 634 Lynndale and Chan-

cellor and Mrs. Durward B. Varner of 1300 S. Adams, both of Avon Township.

Opening both their homes

and gardens are Mr. and Mrs. Keith Crissman of 741 Apple Hill, Avon Township; (Continued on Page C-9, Col. 5)

Professionally Grown Plants Highlight Health, Reliability

While there are plenty of expert "do-it-yourself" container gardeners, most of the nation's growing millions of pot plant fanciers shop for colorful additions to their plant collections. When the plants selected are professionally grown, they are usually healthier and hence longer lasting and more satisfying than the catch-as-catch-can varieties offered as so-called "bargains."

You'll generally find the best in professionally grown plants in traditional red clay flower pots at retail florists and garden centers whose principal business is catering to the year round demands of indoor and outdoor gardeners.

It's their best interest—and yours—to offer the same degree of reliability in pot plants that is given in garden and lawn tools.

Being specialists, your florist and garden center should know how to choose pot plants of every suitable type for every possible indoor and outdoor decorative use.

"KNOW HOW"

They know how to care for plants during that important interval between shipment from greenhouse growers and loading into their customers' cars or station wagons for the trip home. And, if you ask them, they are qualified to pass on

useful care tips that will prolong the life and beauty of your potted plants.

There are several vital reasons why it's best to play safe with professionally-grown plants.

First—they've been given a healthy start in life in the growers' greenhouses, with sterilized soil.

Second—they've been properly fertilized.

Third—they haven't been overwatered because they

have been grown, shipped and sold in porous clay pots that guard against "drowning," cause of most plant failures.

Fourth—Growth and deliveries have been scientifically timed so that pot plants reach the market—and your home—with many weeks or months of growth or bloom ahead of them.

They haven't been prematurely "finished." Flowering plants, for example, are not "all blossoms"—plenty of buds are there to foster further growth.

Control Birch Leaf Miner With the Right Pesticide

Home owners having birch trees on their property should make preparations now to control the expected invasion of birch leaf miners.

It is toward the end of May or beginning of June that the mines, or discolored blotches appear on the leaf with the leaf finally turning brown and falling off the tree.

Control measures are not too difficult for this pest if the home owner will apply the right pesticides at the right time.

Control before the mines appear can be gained through applying one of the new systemic insecticides to the soil now so the roots of the tree can absorb them and move them throughout the tree.

The insecticide known as "disyston" comes in a granular form that can be put on the soil under the spread of the branches and watered in immediately and thoroughly.

This insecticide is somewhat toxic to people so caution must be taken to water it in as soon as applied. One application is sufficient for an entire year.

If spraying is more convenient, use of a mixture of malathion and lindane when the mines are less than 3/8-inch in diameter on the leaf.

These materials will penetrate the leaf and kill the small larvae between the leaf surfaces. The first spray can be followed up with a second application ten days later if necessary.

There are two broods of this insect a year, the first in late May and the second about the first part of July. The same control measures are necessary for

both broods as far as spraying is concerned.

Read the label and follow the directions for amounts and how to apply insecticides.

Do not add more material than is called for on the label as this is needlessly using insecticides.

The leaf miner is a larvae of a black sawfly that overwinters in the soil beneath the tree. Therefore, prompt clean-up of fallen leaves is a must to prevent the larva from leaving the leaf and entering the soil.

An application of chlordane to the soil in early fall will also help to control this pest.

'Seedy' Weeds Should Be Burned

Look over the vegetable garden to make certain that any weeds in it are pulled before their seeds ripen. Such "seedy" weeds are poor prospects for the compost pile.

It is more sensible to burn them, thus getting rid of many potential weeds.

Garden Center Sponsors Tours

The Detroit Garden Center will sponsor two garden pilgrimages this year. The Southfield area tour will be presented June 10 and 11, the Grosse Pointe gardens will be shown June 17 and 18.

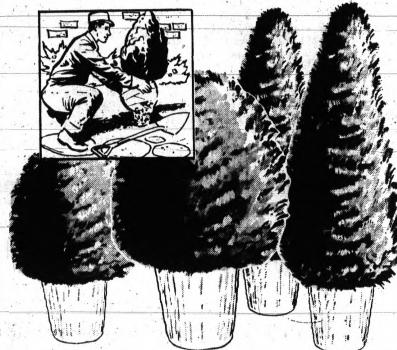

For further information contact Mrs. Lee A. Hough, center president, of 25205 Waycross, Southfield.

Feed Grass Balanced Fertilizer

Dollar for dollar, putting on fertilizer does more to "green up" lawns than any other thing you can do.

The correct fertilizer analysis and time to apply may be perplexing. A Pennsylvania State University correspondence course makes it clear.

Nitrogen is the key. Grasses need two or three times as much of it as any other element. Adequate nitrogen brings good growth of dark green turf.

Other elements are also needed. Phosphorus is for root growth. Lack of potassium lowers the fresh appearance of otherwise healthy grass. Iron is essential to chlorophyll production.

Lawn grasses grow best in cool seasons, spring and autumn. They need more soil nutrients in those times than in hot summer weather. So, fertilize your lawn when growth commences in early spring and again in autumn.

Use mixed fertilizer. Nitrogen, phosphorus and potassium are all needed.

To learn more about lawn care, study the Penn State correspondence course. Send your name and address with \$2.75 to Home Lawns, Box 5000, University Park, Pennsylvania 16802. A course copy will come to you by mail.

Eliminate Suckers From Your Roses

Plant at Right Time

Once in a while your rose bushes will throw up shoots similar to the branch of a climber. These are suckers.

They come from the wild plant, probably multiflora, on which the cultivated rose was grafted.

Normally, when you get such suckers, they should be held close to the ground and yanked off the root section to keep them under control.

They have few thorns at that point, so yanking them is no problem.

Anyone can pop bean seeds into the ground and 50 days later pluck succulent pods of snap beans for the pot. But, how many people do you know who dig fresh carrots from their gardens in the middle of February? The fact is, you can have fresh vegetables from your garden all year round.

Growing things for the winter garden is not really very hard but it does require a certain

amount of precision. Things should be done correctly and at the right time.

Before getting to a list of vegetables that are ideal for winter gardens there are three general things that should be kept in mind, according to Fred Strelan, Burpee vegetable specialist.

First, your winter garden should preferably be planted on a gentle slope. This will keep the land well-drained and prevent vegetables from rotting, becoming water-logged, or being attacked by fungus.

Second, the various crops should be covered with a mulch of straw to keep them from alternate-freezing and thawing due to weather changes.

This will also help keep the ground from heaving.

Third, sowing time is important and should be carefully observed for satisfactory results. Proper sowing time will be given below for those vegetables recommended. The sowing time indicated applies to areas where tomatoes are frozen out by Oct. 10 and vegetable growth, in general, has stopped by Nov. 10. Adjust sowing times for your area accordingly.

• BEETS AND CARROTS

Both of these will usually last well into November without a covering. They should be sown during the first half of July. After harvested both can be buried in a well-drained location where they will last until the spring

thaw. So, there are two items they're frozen, wait for a thaw and then harvest.

• BROCCOLI, KOHLRABI, CAULIFLOWER AND CHINESE CABBAGE

Though this group represents the less hardy members of the cabbage family all will usually yield into late November. Broccoli can be sown in mid-July; Kohlrabi in the first week in August; cauliflower in late June and Chinese cabbage the first week in August. Compact Chinese cabbages are ruined by hard freeze but the loose-leaf types will survive several freezes.

• TURNIPS AND RUTABAGAS

These are old stand-by winter vegetables with rutabagas somewhat more cold-resistant. Turnips should be sown the last week of August and rutabagas the first.

• LEEK AND CHIVES

Both are from the onion family and are winter hardy. Sown in early June they usually survive without protection until the end of December. Ted Torrey, Burpee's Fordhook Farms manager, says they often last the whole winter in the trial gardens at Doylestown, Pa.

• WINTER RADISHES

These can be handled the same as beets and carrots but shouldn't be sown until about the middle of August.

• BRUSSELS SPROUTS, KALE AND COLLARDS

All these leafy vegetables can take short periods of cold, as low as 10 degrees, and their flavor will be improved by it. Seed kale and collards about July 20 and start brussels sprouts in flats about June 1 transplanting when strong enough.

The Burpee people say their trials of collards and kale often make it through the winter and put on new growth in the spring. Frost improves the quality of these vegetables.

• CABBAGE

Somewhat less hardy than the other vegetables discussed with the red and savoy types best for winter use. They should be sown during the last week of June. Don't handle heads while

Harvest Vegetables in Winter

LIVING ACCENT—Make generous use of lush green foliage plants to add decorative beauty to your rooms, and increase your enjoyment of everyday living, suggests the Society of American Florists.

Scholar tree Planted for Blossoms

Grow a scholar tree for its loose clusters of white flower in late summer. Plant it anywhere in any kind of soil.

According to a Pennsylvania State University correspondence course on landscape trees, scholar tree is winter hardy as far north as southern Canada.

The foliage remains green during summer and autumn, and drops before changing color. The bark of twigs and small branches are green the year round, giving an ever-green effect.

You plant scholar trees for their flowers, dark green foliage and green bark. They're round-topped trees and eventually become 50 feet tall.

Scholar tree is of Asiatic origin. Sometimes it's called Chinese Scholar tree. Or, you may know it as Japanese Pogoda-tree.

Learn of other new and interesting trees for home landscapes by studying Penn State's correspondence course.

To enroll, send your name and address with \$1.50 to Trees, Box 5000, University Park, Pennsylvania 16802. A course will come to you by mail.

Seminar Set on Yule Trees

Christmas Tree growers of Southeastern Michigan are invited to attend an afternoon-educational meeting

Wednesday at Wayne County's only Christmas Tree plantation. This will be a county agent-type meeting, with demonstrations, tours, and discussions showing all possible phases of this interesting business.

The 2:30 p.m. until dark, come-when-you-can - leave-when-you-have-to meeting is being arranged by Agricultural Agent Ed Kidd of Wayne County, and the Metropolitan Detroit Christmas Tree Growers organization.

Several knowledgeable experts, will assist: Les Bell, M.S.U. Forester; Jack Prescott, Macomb County Agricultural Agent; Ervin McFarland, District Conservation Department Forester; and others. Several merchants will display and explain supplies and equipment used in the industry.

The meeting will be held for the seventh year at the George Boughan plantation, 15851 Martinsville Road, just south of Hull Road, about 2 1/2 miles southeast of Belleville.

This 15-acre producing plantation has a good variety of various sized Christmas Trees, some we'd control demonstrations, some insect study a r e s , and many other interesting features.

Local Christmas Tree growers who own plantations in other areas are especially invited, as well as those who have idle land and have contemplated planting space double the trunk diameter.

Rose Society Show at J. L. Hudson Co.

Detroit, the City of Wheels is the setting for the American Rose Society National Convention to be held June 14-17.

There is something to please everyone: historical, modern, fun loving, hospitable, cosmopolitan, rose filled, beautiful.

Headquarters for the convention will be the Sheraton Cadillac Hotel and the National Rose Show will be housed in the J. L. Hudson Co.

Plan now to bring your prize rose blooms and enter them in the show June 15 from 6:30 through 10 a.m. The show will be open Thursday afternoon and all day Friday, with hundreds of rose blooms on display.

Highlights of the American Rose Society convention will be lectures by outstanding speakers on all phases of rose culture including hybridizing, soils, diseases, exhibiting, planting, photography and new rose introductions.

Interesting side tours include the Cadillac Motor Car Co., a trip to world renowned Greenfield Village and a visit to Windsor, the city of roses where you will see Canada's largest public rose garden featuring over 35,000 rosebushes.

The red carpet treatment will be rolled out for all conventioners June 14-17. Come prepared to be pampered and leave with memories that will live for the rest of your life.

For more detailed information on this American Rose Society Convention visit the Detroit Rose Society, Joseph Nufer, chairman, 22481 Chippewa, Detroit, Michigan 48219.

Food for Soul Important too

In France, a housewife will stop at the florist shop as a matter of course after shopping for food. Flowers and perfume are almost as essential to her as bread. In England, masses of fresh, cut flowers - great, dramatic bouquets, often all of the same bloom - are commonly used to decorate living and dining rooms.

For many centuries, fresh flowers have played an important role in daily living in the Middle East and the Orient.

In last decade, particularly, there has been a sharp rise in the purchase of fresh flowers in the United States; the American woman is increasingly aware of the happiness that bouquets add to daily living.

Carambola Tree Under Glass

A carambola tree is growing in St. Louis in the plastic-domed Climatron in the Missouri Botanical Gardens.

The tree's fruit is about four to five inches long, crisp, juicy and aromatic.

The tree is native to South-east Asia. The carambola tree's fruit when ripe is used for preserves and jellies.

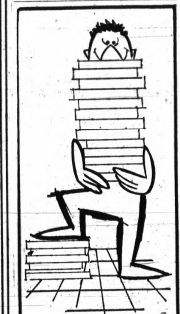

The tree's half-ripe fruit is used for pickling.

It Grows On You

Be a skeptic. Experiment a little. Try RA-PID-GRO in a small way first—say on a piece of backyard lawn. See the difference in just a few short days—and don't be surprised if it turns out to be your best piece of lawn! Go on to bigger things: the whole lawn; flower and vegetable gardens; trees, shrubs, evergreens. Prove to yourself that RA-PID-GRO delivers all the necessary plant nutrients—and without mess, lifting or spreading. Just sprinkle or spray on everything you grow.

Check Quality Before Buying

Home owners purchasing trees and shrubs can check their quality to considerable extent.

With the boom in beautification, many retail stores who never handled trees and shrubs before are selling nursery stock.

Care of nursery stock is vitally essential at retail sales outlets. It must not be allowed to dry out.

It must be watered regularly. If the home owner sees dried out nursery stock do not buy it as it will not flourish when transplanted.

Both nursery stock with bur-lap around the ball of earth, and nursery stock in cans should have been watered recently.

MOIST BALL

Feel with your fingers whether the ball of earth is moist or completely dry, or the earth in the cans is moist, or dried out.

Yellowed and dropped leaves are a sign of lack of care.

Trees are measured by the caliber of the trunk and they are valued accordingly. A 1 to 1 1/2-inch caliber shade tree should be 7 to 9 feet tall; 3/4 to 1-inch caliber, 6 to 8 feet tall.

Small trees such as dogwood or hawthorn if 2 to 3 feet high should have three or more branches. If taller, more branches.

Without getting too complicated, the purchaser should select trees with the most branching for their height, and with a good ball of earth around the roots.

Bare-root trees should have a good root system.

Select shrubs with the most branching, better root systems and healthy foliage colors.

HEALTHY PLANTS

Be especially careful to look for proper care of plant by its healthy appearance.

The best guide in purchasing plants is to buy them at sales outlets, which by their nature indicate that the retailers are more familiar with plants and know how to take care of them.

Fresh nursery stock always is preferable.

Irish Lullaby

Iris Society Holds Show Tomorrow

The Southern Michigan Iris and Hemerocallis Society (SMI&HS) will present its second annual Iris Show from 1-9 p.m. tomorrow at the Livonia Mall at Seven Mile and Middle Belt Roads.

All growers of Iris are invited to enter as many specimen stalks as they wish in the more than 50 classes. Entries and registrations will be from 9-11 a.m. Entrance H is near the area of the show.

Ribbons for first, second and third place winners and three rosettes will be awarded.

All SMI&HS members are eligible to win the "Dad" Simon trophy for "Queen of Show" and the Claire Linscheid Memorial Trophy for "Sweetestakes."

If you are interested in join-

ing the society, contact Mrs. Joseph Charnawaskas at 5115 Old Court, Birmingham, 48010. Annual dues are \$2.

Most nurseries of any size will plan your landscape in such a way that it can be completed piecemeal on a do-it-yourself basis, or planted by the nursery.

Mower Oil Pontiac Tested

A new oil formulated specifically for power lawn mowers and other garden equipment is being test marketed in Pontiac by the Mobil Oil Corporation the company announced today.

This is the first time an oil company has made a specialized power mower oil available to the public through retail outlets. It can be purchased at Mobil stations throughout the city and suburbs.

Identical to the original-fill oils Mobil supplies to power mower engine manufacturers, the new lubricant is packed in plastic bottles designed to make it easier to fill the power mower crankcase.

Chief advantage claimed for the new lubricant is longer motor life because the additive level of the new oil is carefully matched to the operating characteristics of garden equipment. Mobil spokesmen pointed out that most power mower owners use regular automotive engine oils.

These are not ideally suited to the relatively constant speed operation of power mower and similar engines and their continued use can lead to formation of deposits which contribute to wear.

Two-cycle outboard motor type oils formulated to be mixed with gasoline are also not suited to use with four-cycle garden equipment motors.

Major manufacturers of garden equipment engines have endorsed the new lubricant which has been exhaustively tested by Mobil.

Sweet William—gallantry and perfection — "You are my shining knight."

Rochester Club Has Tour

(Continued From Page C-4) and Mr. and Mrs. Richard Kandarian of 170 Cedarwald, Oakland Township.

The Kandarians' home features Oriental accents inside and out. The entrance deck was built around a towering oak tree to take advantage of the tree's leaf shelter for natural air conditioning and shade.

Tastefully furnished in a blend of antiques, Early American and traditional, the two-story colonial of the Candarians also emphasizes outdoor

living with an upper and lower patio overlooking the wooded valley.

Railroad ties hold the landscape's tiered gardens in place and provide a walkway from one level to the other.

Refreshments will be served to guests on the upper patio.

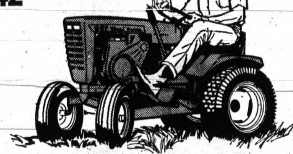

Tour visitors are asked to please wear low heels and to refrain from smoking in the houses on the tour.

All proceeds from the two-day event are earmarked for the club's scholarship and education fund.

Now—grow plants in heavy clay!**Lawn and Garden Gypsum****loosens soil—lets it breathe****USE IT ON NEW LAWNS**

Mix with top soil before seeding... gypsum will prevent caking and cracking of the surface, keep it from packing hard under sun and watering.

USE IT ON ESTABLISHED LAWNS

Even on established lawns, gypsum will gradually work its way into the soil, letting it breathe. Grass grows better, roots go deeper.

USE IT IN GARDENS

Gypsum mixed with the soil makes it more friable, easy to work. The gypsum particles get between the clay particles, preventing it from compacting hard.

50 lbs. COVERS 500 UP TO 1,000 SQ. FT.—COSTS \$1.99**ORTHO ROSE & FLOWER DUST****\$1.59**

House Plants Begin New Growth Cycle

The days are getting noticeably longer and house plants which have been dormant or resting are beginning to show signs of renewed growth.

This means that it is time to loosen the soil in the pots using one of the little house plant cultivators available in most garden, department and hardware stores.

Loosen the soil as deeply as you can without injuring the roots. Then stir in a little house plant or bulb fertilizer according to the manufacturer's instructions.

Or, if you prefer, you can water with a liquid fish emulsion or any liquid plant food.

This also means that flowering-type plants should get more sun and be watered regularly—exactly how often, depends upon the immediate growing conditions.

If you are using clay pots, especially small sizes, the important thing to remember is to watch out that the soil does not dry out and the plants suffer.

On the other hand, if you use plastic or metal ones, the thing you must guard against is overwatering and a soggy soil which causes the roots

to decay. When this happens the plant can't take in moisture and the effect has much the same appearance as a drought.

The next thing to watch is the temperature. While it is usually true that actively growing plants like it slightly warmer than when resting, the ideal temperature varies with the species of the plant. In few cases, however, do they like to go much above 70 degrees.

Tender azaleas should be getting ready to bloom if they haven't done so already. Then they should be kept growing actively until early fall when it is time to reduce watering and let them rest for 2 to 3 months.

Unlike most plants, gardenias like it warm. In the 70's is not too much during the day. The reason for bud drop is usually too little moisture in the air—use humidifiers, if possible. If the leaves turn yellowish the soil needs more nitrogen or soluble iron (chelates), or is not sufficiently acid.

For this latter purpose use sulfate of ammonia. All these things are available at good garden stores.

Among the other plants which should be coming to life are star of Bethlehem, bird-of-paradise, some begonias, callas, hoyas or wax plants, amaryllis which are through flowering, geraniums, primulas and most ferns and foliage plants.

TREASURE—Cardinal climber grows from spring-sown seeds, flowers fast.

Control Bugs Chemically

With warmer weather coming on, the insect world is awakening and homeowners should be drawing up their battle plans now for halting the various pests which will be attacking their trees, shrubs, lawns and flowers.

Each year a number of different garden foes cause damage amounting to billions of dollars, and they are no respecters of property—the only way to stop them is to fight them.

How to effectively control many of the most common and highly destructive of these pests is described in a new brochure available from Niagara Chemical Division, FMC Corporation.

"If you take pride in the appearance of your lawn... if you grow fruit trees and prefer not to share the fruit with insect pests... if you're a gardener whose goal is undamaged flowers and shrubs... you should know about a chemical called ethion insecticide... according to the six-page bulletin.

Properties and uses of ethion—a broad-spectrum pesticide which is marketed in several different forms under the labels of many manufacturers—are presented in terminology readily understood by the home gardener.

Among the principal pests which ethion is said to control are: lawns—chinch bugs, sod webworm, mites; ornamentals—mites and scales; fruits—various mite and scale species, codling moth, aphids.

For copies of the new bulletin write: Department A: Niagara Chemical Division, FMC Corporation, Middleport, New York 14103.

Take Steps to Beautify Your Home

How can local citizens—home owners and homemakers—participate as individuals in the beautification of their community and thereby contribute to a more beautiful America?

P. S. Cook, president of the Society of American Florists, supplied one answer to this question, saying:

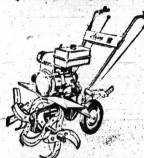

"Beautifying America really begins at home—in individual homes that cumulatively make up our communities and cities.

"An individual on his own cannot beautify a city street or park. But he can, very easily and rather inexpensively, beautify the outside and inside of his own residence with cut flowers, flowering and foliage plants.

"By so doing, the home owner and homemaker will be bringing beauty into their everyday living; enhancing the attractiveness and value of their residence; participating in the local community beautification effort; contributing to the over-all Beauty America program; and influencing their neighbors and friends to follow suit."

Flowers Speak Louder Than Words

By EARL ARONSON
(A Newsfeature)

We envision problems of communication by a generation more concerned about human Beeties than the insect variety but there's a way to express your sentiments through flowers.

The following list, compiled by the horticultural staff at Florida's Cypress Gardens (which believes that "all the world loves a lover") is designed to help you substitute the appropriate flowers when you can't find the words.

These flowers supposedly have acquired a special meaning for romanticists:

Aster — symbol of daintiness or elegance — "I think you are charming."
Begonia — flirtatious but frivolous — "Beware! I am not serious."
Calendula — sensible and sensitive — "Be careful, do not hurt me."
Carnation (red) — admiration — "You are a wonderful person."
Carnation (yellow) — disdain and rejection — "I do not wish to see you again."
Carnation (white) — white, pure and ardent love — "My love is true."
Dahlia — treachery — "You can't be true."

Daisy — purity in thought and loyal love — "I love you for just being yourself."
Dogwood — love in adversity — "I'll love you even in bad times."
Everlasting Flower (Helichrysum) — constancy — "I'll always be yours."
Gardenia — restrained affection — "I love you secretly."
Hibiscus — delicate and beautiful — "You are the perfection of womanhood."
Honeysuckle — bond of love — "We belong to each other."
Impatiens — refusal and severed affections — "Touch me not, you have offended me."
Jasmine (white) — cheerful-

ness — "Our love will be sweet."
Jasmine (yellow) — folly and glee — "Our love will be intoxicating."
Lily of the Valley — humility and renewed happiness — "I'm sorry, let's make up."
Magnolia — hopeful but doubtful — "I wonder if you really care for me."
Marigold — unhappy love — "I can't go on this way."
Orange blossom — marriage and eternal love — "Be mine forever."
Orchid — magnificence and beauty — "You are too beautiful for words."

Pansy — desirable and worthy — "Please let me love you."
Periwinkle — sweet memories — "I'll always remember you."
Rose (red) — desire — "I love you, I want you."
Rose (pink) — joy — "Our love is perfect happiness."
Rose (white) — charm and innocence — "You are so pure and lovely."
Rose (yellow) — insincere — "I know you don't love me."
Snapdragon — overly possessive — "You act as though you own me."
Sunflower — devotion — "My heart belongs to only you."
Violet — modesty and simplicity — "I return your love."

Follow Formula to Keep Trees Cool

If you mulch a tree base to help keep the roots moist and cooler, the mulched area should be 12 times the diameter of the trunk.

A tree with a 5-inch trunk should be mulched 2½ feet out from the trunk, or a total of five feet in diameter.

Good mulching materials include peat moss, clean pebbles, peanut shells, buckwheat shells, spent hops and bagasse.

If you use wood chips, provide a supplemental feeding to replace nitrogen in the soil.

Hidden Lake Gardens

Annual Meeting Set

The 37th Annual Meeting of the Michigan Horticultural Society will be held June 10 at the Hidden Lake Gardens near Tipton. Dr. Fred Freeman, curator of Hidden Lake Gardens, will welcome society members and their guests.

William L. Favinger, society president, will conduct the business meeting and announce the new trustees elected by the membership vote.

Candidates named will serve for a term of three years. Included on the ballot are J. Tim-

Northern Seniors Weekend at Camp

By DEBBIE KILLEN
Some 160 students and 19 faculty members from Pontiac Northern High School left this morning for the senior trip. They will stay at Camp Tamarack near Ortonville for a three-day weekend.

Faculty members accompanying the group are Rosemary Steppon, Farnie Kerr, Lynn Whipple, Ann Marcille, Helen Swanson, Judith Davis, Nancy Dash and Madeline Thomas. Others are David Landers, Stan Rogell, Ray Hull, Don Balzarini, Don Friebe, Enar West, Herc Renda, Art Duffy, Warren Stephens, Vern Dumas and Ed Dauw.

Monday is senior skip day, giving seniors the day off. An Alma Mater song has been proposed from a suggestion by A. Roger Welton, band director at Northern.

Lyrics were written by Judith Davis, and the choral arrangement was made by John Touse. The Alma Mater will be presented to the Student Council at some future date for the consideration of adoption as the legal school song.

To the school we hold so dear,
Where dreams become realities,
With each passing year,
For the many cherished moments,
That shall last throughout our lives,
Our voices ring, our praise
To thee Northern High.

The Alma Mater will be presented to the Student Council at some future date for the consideration of adoption as the legal school song.

Exams Set for Seniors at WLHS

By MARK EICHER
Walled Lake High School's senior activities begin rolling next week when seniors will be given final examinations Tuesday, Wednesday and Thursday.

Walled Lake students greeted June yesterday with Bermuda Day. Denis Fitzgerald was cited as the most Outstanding Senior Athlete at Walled Lake's All Sports Banquet Monday evening while Fred Welch was named senior boy of the year.

HONORS ATHLETES
The banquet honoring senior athletes, cheerleaders and majorettes was held at the Walled Lake Methodist Church.

Senior Ron James accepted from disc jockey Scott Reagan the Pancake Champion's award at Uncle John's Pancake House at Eight Mile and Greenfield in Detroit.

Janet Barron and Steve Conway are the 1967 recipients of the Irene Daniels PTA Council Scholarships.

Janet and Steve won their award on the basis of scholastic ability, good citizenship, leadership and a desire to continue their education beyond high school.

MSU CANDIDATES
Both are planning to attend Michigan State University this fall.

The 1967 Viking Yearbooks will be distributed in home-rooms next week.

The new yearbook will introduce the use of blue tint blocks throughout in place of the single color picture of previous years.

The Viking staff was headed by editor-in-chief Sue Gerard; Jeanne Werther, business manager; Roger Lang, chief photographer; and Mark Eicher, literary editor.

Faculty sponsors were Penny Morris, literary and art and layout; and Phyllis Marsh, business.

Members of the Art II class are preparing murals for permanent display in the cafeteria.

Scott Matyjaszek is working on an oil art mural while Nancy Korpella is working on one using another modern contemporary technique.

Ann Thibodeau will replace Madelyn Liedig as president of the Spanish Club next year.

OTHER LEADERS
Other newly elected officers include Connie Pamel, Vice president; Karen Popok, secretary; and Shelley Zisler, treasurer.

Yesterday new officers of the Future Teachers of America saluted senior members at the annual picnic at Kensington Park.

Freshmen from Clifford H. Smart Junior High and Walled Lake Junior High toured the building Wednesday and Thursday under the guidance of National Honor Society members.

Oxford Classes Pick Next Year's Leaders

By CATHY OBERG
Leaders of next year's classes have been elected at Oxford High.

Next year's seniors, the class of '68, voted Ray Martens to their presidency.

Doug Bass will be vice president; Kathy Marshall, secretary; and Carolyn Kamm, treasurer.

Leading the class of '69 will be Larry Schultz, president; Dan

rell Marsh, vice president; Betty Conner, secretary; and Clara Callahan, treasurer.

Next year's sophomores chose Dan Valentine as their president; Denise Wait as vice president; Sandy Mabee as secretary and Greg Davidson as treasurer.

The National Honor Society members have also elected their officers for next year.

They are: Carolyn Kamm, president; Brian Edgett, vice president; Kathy Marshall, secretary; and Mike Kozachik, treasurer.

The seniors are preparing for their final week at Oxford High.

BACCALAUREATE
On Sunday, baccalaureate services will be held in the high school auditorium with the Rev. Arthur Habermehl as speaker.

Monday will be the Honors Assembly at which all the awards earned by students that year will be given.

Tuesday and Wednesday are the final exams with the climax of the week coming Thursday night when the commencement exercises will take place.

Friday morning is the senior breakfast. The official ending of the year is that afternoon when report cards are handed out.

CLASS WILL
At the banquet, the senior class prophecies and will are to be read.

At the Athletic Banquet held last week, honors were given to the outstanding athletes of OLL.

Richard St. Louis, senior, was named the outstanding athlete and Tom Strangh, senior, was named the outstanding player in basketball.

Jake Methner and Vic Terzigni were named the outstanding players in football; Sue Gregor and Louie Hunt, seniors, were named the outstanding cheerleaders.

FRESH ATHLETE
Mike Webster won the title of outstanding freshman athlete, and Joe Day, of the eighth grade, was named the outstanding grade school athlete.

Next Friday a sock hop sponsored by the 1967-68 cheerleaders will be held in the high school gym.

The dance will be held to raise money for the new cheerleaders' uniforms.

OLL's 1967 valedictorian and salutatorian are Caesar Weston and Cathy Chad.

3.5 AVERAGE
Caesar maintained a 3.5 average of high school grades. Cathy's average is 3.3.

Their parents are Mr. and Mrs. Caesar Weston of Waterford and Mr. and Mrs. John Chad of Clarkston.

St. Michael
By LYNN BAUER
With graduation just a little more than a week away, the seniors at St. Michael's High School have pretty well finished up their school year.

The majority of their final

'Ham' Station Built at Groves

By KIM SEROTA
The Birmingham Groves advanced electronics classes have been busy in the area of construction. Under the direction of their teacher, Russ Harvey, they've spent several months building a complete ham-radio station.

The station will operate on the 10, 15 and 20 meter bands; an addition of a second antenna will make it possible for them to use the 40 and 80 meter bands.

The first antenna, a 55-foot, self-supporting tower, located in the court between the electronic and journalism classes, was completed Monday.

This summer a group of 12 students, five from Groves, will tour Spain. The group, all Spanish students, will be accompanied by Jacqueline Grycan, a Groves Spanish teacher.

The trip will include studying at the University of Madrid and touring the country.

SPANISH CULTURE
They plan to come into contact with Spanish culture as much as possible.

Before they return home the group plans to visit cities in the south of Spain, including Cordova, Granada, Malaga and Seville.

WRITE-IN—Waterford Township High School students were in for a day of reminiscence and writers' cramp as the 1967 yearbook, Waterlog, was distributed this morning. Staff helpers (from left) Andy Hunt and Ron Stafford carry boxes of the books into the building. Ron seemingly plans to leave a sweeping signature with his paint brushes in hand. Both boys are seniors.

Waterford Students Get Awards

By MARY JERGOVICH
Wednesday was a hectic day for the students of Waterford High School.

Journalism students at WTHS passed out over 1,300 copies of the Waterlog, the school yearbook.

The day began with the 28th Annual Honors Convocation with Waterlogs being distributed in a second, 30-minute homeroom, following the assembly.

During the assembly, newly elected National Honor Society members were officially inducted.

STUDENT WRITERS
Quill and Scroll members received their pins at a breakfast before the assembly.

Students receiving these pins were Darlene Galbraith, Douglas Elgin, Mary Jergovich, Nanette Pavia, Paul Peabody, Mary Poole, Beverly Roberts, Susan Sas and Kathryn Welch.

Special journalism awards were also presented.

Receiving Michigan Press Association certificates were: Michael Walsh and Douglas Elgin from the Anchor staff, Wayne Flowers and Enit Martin from the Phaeon staff, and Candace Barker and Darlene Galbraith from the Waterlog staff.

SENIOR JOURNALISTS
Outstanding senior Anchor staff member is Kirk Colford. Mary Poole was named outstanding senior Waterlog staff member.

The Best Thespian award was presented to Anne Vondanoff for her outstanding contribution in dramatics.

Brent Barnes was given the John Philip Sousa Award.

The person to receive this award is chosen by fellow band members. He is judged on the basis of his musical ability, leadership and citizenship.

OUTSTANDING CITIZEN
Sharon Murphy was named school yearbook and in Pontiac Press correspondent.

She plans to enter Oakland University in the fall, majoring in elementary education.

Her intention is to teach in the lower elementary grades after completion of her studies.

Elgin has taken an active part in basketball and a great deal of his spare time is taken up in practicing his cornet.

He has been accepted at Taylor University in Upland, Ind., where he plans to major in physics or chemistry.

Senior Enit Martin was given special recognition during the assembly as the only person at Waterford to maintain membership in the National Honor Society, Thespians and Quill and Scroll, the school's three honorary societies.

Dominican Valedictorian, Salutatorian Announced

By ANDI BARNES
Dominican Academy salutes Kathleen Derycke and Gail Anne Yezbick as valedictorian and salutatorian respectively of the class of 1967.

Both girls are from Lake Orion.

Kathleen Derycke has been involved in many extra-curricular activities during her four years at D.A.

She has been an active participant in the journalism and yearbook clubs for four years.

For three years she has been editor-in-chief of The Woodlander, the academy's yearbook which won the Ignatian Commander in 1966.

CORRESPONDENT
She is also the school correspondent for the Pontiac Press.

During her high school years, Kathleen was the class vice president for three years, a member of the debate, creative writing, drama and glee clubs and a participant in school plays.

She is also involved in many outside activities — as an active Girl Scout for 11 years and a council member of the St. Joseph's Teen Club.

She teaches second grade catechism at St. Joseph's Church.

PLANS FOR SUMMER
Kathleen's immediate plans for the future include working during the summer months at Girl Scout Camp Linden.

This fall she plans to attend Nazareth College with two scholarships — a Michigan competitive scholarship and a Nazareth Honor scholar-

ship — and will major in nursing.

Gail Yezbick, this year's salutatorian, has been active in many outside activities though her main interests have been in music.

She has studied piano and organ for five years. During this time she has been an organist for St. Joseph's Church in Lake Orion.

SELECTED TO CHOR
Gail was selected to sing in the Archdiocese Honors Choir at Ford Auditorium in Detroit this spring.

She also attended a psalm festival sponsored by the Gregorian Institute of America at Cleary Auditorium in Windsor, Ont., in 1965.

Last fall, Gail was Lake Orion chairwoman for ALSAC, a fund-raising drive started by Danny Thomas for Aiding Leukemia-Stricken American Children.

Gail's interest in music and school is shown by her participation in the glee club, varsity choir, as D.A.'s organist, in school plays, drama club.

OTHER DUTIES
She was also business manager on the yearbook and a member of the debate club.

She was a class officer in grades 9 and 12 and the Student Council treasurer in her junior year.

Gail's favorite hobbies are skiing (both water and snow), bowling and boating.

She plans to attend Oakland University in the fall. She hopes to major in mathematics in the Teacher Education Program and receive a B.S. degree.

SCHOOL NEWS ROUNDUP

St. Frederick

By TIM HALL
St. Frederick High awarded its valedictorian and salutatorian honors for the class of 1967.

Ranking first in his class with a 3.8 average is Steve Hamilton.

Sharing honors for salutatorian are Kathy Culloty and John LaLonde, both carrying a 3.5 average in scholastic grades.

The awards for these honors will be given at the annual Honors Convocations to be held Tuesday evening.

Besides being high scholastically, they were required to have activities behind them.

NHS HEAD
Steve is a member of the Student Council, Honors Club, Senior Play, and is also president of the National Honor Society.

Kathy has been active in Sacristans, Student Council, Honors Club and National Honor Society.

John is a member of the National Honor Society, Honors Club, participated in the senior play and has been active in sports this past year.

St. Michael
By LYNN BAUER
With graduation just a little more than a week away, the seniors at St. Michael's High School have pretty well finished up their school year.

Brandon

By MICHAEL COOPER
This morning seniors took part in the Seniors Awards Assembly at Brandon High School.

Awards were given for scholastic and athletic achievement.

Thursday morning the seniors practiced for baccalaureate which will be held Sunday evening at 8 p.m. in the high school gym.

Monday the seniors will leave by air for Washington, D.C.

They will spend 3 days sightseeing, accompanied by Larry Meier, class sponsor, Harvey Fletcher, assistant principal, and Mrs. Fletcher.

Jack Ferris, principal, announced the top 10 of this year's graduating class. They are: Christine McPhail, Kris Hobson, Joe McCullough, Grayce Schoen, Joanne Noble, Wayne Wills, Gail Kilbourn, Pat Poli, Marva Featherstone and Bill Roman.

Graduation exercises will be Thursday at 8 p.m. in the high school gym.

Top 2 Seniors at ECS Listed
By MARCIA PERKINS
Top seniors from Emmanuel Christian School have been announced.

They are valedictorian Linda Wright with a 3.6 average and salutatorian Elgin Green maintaining a 3.4 average.

Both Linda and Elgin are members of the National Honor Society holding the offices of secretary and president, respectively.

They are both representatives to the Citizens' Committee on Youth where they participate in Youth Forum, a weekly radio discussion.

Linda has been president of the senior class and has been busy leading the class in various projects to earn money for the class trip.

She has also worked on the school yearbook and in Pontiac Press correspondent.

She plans to enter Oakland University in the fall, majoring in elementary education.

Her intention is to teach in the lower elementary grades after completion of her studies.

Elgin has taken an active part in basketball and a great deal of his spare time is taken up in practicing his cornet.

He has been accepted at Taylor University in Upland, Ind., where he plans to major in physics or chemistry.

Senior Enit Martin was given special recognition during the assembly as the only person at Waterford to maintain membership in the National Honor Society, Thespians and Quill and Scroll, the school's three honorary societies.

BIG BANG—Emmanuel Christian School valedictorian Linda Wright and salutatorian Elgin Green prove that they add more than brains to their class. Here they try a hand at making some noise to publicize one of the many extracurricular activities in which they both participate. Their parents are Mr. and Mrs. Vance Wright and Rev. and Mrs. Elgin Green.

Dbl Pass Pass 4
Opening lead—♦K

By OSWALD & JAMES JACOBY

North had to scrape all around the bottom of the barrel to dig up his raise to three spades. East passed because his opening bid had been a minimum, and his queen of spades had become worthless for play at hearts. South also passed. His overall was sound but he had played with North before and had seen some of his competitive raises. West went on to four hearts and South had a real problem. He could pass and trust that he would beat four hearts or he could go on to four spades. Down one at four spades doubled would only be minus 200 and would represent a

good match point score against minus 420 for four hearts bid and made. South went to four spades and West doubled like a shot.

West didn't have much confidence in his double but he had rushed South to game and doubled in the hope that South might misguess the trump situation if he had to guess.

The defense collected four tricks in the red suits and led a third diamond. South ruffed and played his ace of trumps. When both opponents followed first trump led South stopped to study the problem of a trump finesse.

In rubber bridge he would simply have banded down the king because the drop play is superior as a matter of strict mathematics but this was match point duplicate.

South noted that if spades broke 2-2 the chances were that East would have been set at four hearts but if spades split 3-1, East would have been in game.

Q—The bidding has been: West North East South

1	2	3	4
Pass	1	Pass	2
Pass	4	Pass	?

A—Q 8 7 5 2 4 3 2 A Q 10 5 4
What do you do now?
A—Bid four no-trump. You plan to bid six even if partner can show only one ace. At worst you will have a finesse for this contract.

TODAY'S QUESTION
You bid four no-trump and your partner bids five hearts to show two aces. What do you do now?

Answer Tomorrow

Therefore, the only way South could get any sort of result would be to find by the spades 3-1. South went over to the clubs and took the dummy with a club, took the trump finesse and got out for 130 down one and a very good match point score.

2½ Million Frogs Slated for Plates

BUDAPEST (AP) — A total of two and a half million Hungarian frogs will migrate westward to find by train this year, destined for the plates and palates of French and Swiss gourmets. The news agency MTT said that Hungary had orders for 130 down one and a very good match point score.

OUT OUR WAY

THE HAPPY MEDIUM

BOARDING HOUSE

Astrological Forecast

By SYDNEY OMARR
For Saturday
"The week ahead holds his destiny . . . Astrology points the way."
ARIES (Mar. 21 - Apr. 19): Argument possible with one close to you. Avoid this by making concessions, especially to the member. Your tendency to be aggressive now emphasized. Strive for balance.
TAURUS (Apr. 20 - May 20): What previously was mysterious is revealed. Bright eyes of fear no longer haunt you. Means this is a day for SELF-DISCOVERY. Find reasons why — base actions on knowledge.
GEMINI (May 21 - June 20): Obtain hints from ARIES message. Friend may attract and irritate simultaneously. Respect turns the practical at social gathering. The friendlier you are . . . the better.
CANCER (June 21 - July 20): Domestic squabble occurs if you jump to conclusions. Realize one close to you may be out of sorts. Be patient. Finish task. Six signs on worthwhile goal.
LEO (July 21 - Aug. 20): Realize purpose of recent mission. Today be an affable. Avoid feeling discouraged at temporary setback. Air will clear and friendship will improve. Trust hunch. You've got right idea!
LIBRA (Sept. 21 - Oct. 20): Avoid excessive speed. Be thorough. Avoid rash for fear of future troubles. There is confusion, especially at special day. It is to be selective. Don't waste yourself!
SCORPIO (Oct. 21 - Nov. 20): Obtain hint from TAURUS message. Some of your beliefs are obsolete. Give up details. Be more realistic. Give youngsters chance for self-expression. You learn most by listening. Making mental notes. Some changes due. But no need to rush them.
CAPRICORN (Dec. 21 - Jan. 20): Strive for solid base. Take note for granted. Accept suggestions of family members. Don't lose potential allies through display of temperance.
AQUARIUS (Jan. 21 - Feb. 18): Some may try to convince you without presenting facts. Don't fall prey to wishful thinking. You get nothing for nothing. Utilize this as a premise for decision.
PISCES (Feb. 19 - Mar. 20): You are repaid for special favors. But HOW

Pontiac Man Tells About Wait at Suez

A Pontiac man, Dennis Rose, is on the U.S. carrier Intrepid which passed through the Suez Canal yesterday.

In his most recent letter to his parents, Mr. and Mrs. Gerald Rose of 646 Fourth, he told of waiting near the canal for permission to enter.

"We've been here about four days while they're deciding in Washington whether to go through the Suez or around Africa. We're the closest ship to Egypt, and Egypt and Israel both know we're out here. And they know the power we have aboard ship," he wrote.

In his letter, dated May 28, he also talked of the Soviet ship which has been following the Intrepid.

"The last four days we've had a Russian destroyer keeping tabs on what we're doing. It stays right by us day and night. We've tried to talk to them except they will not talk to us. Every once in a while they come right up to the ship and look us over."

Bronson to Eye Election Tactics

PONTIAC (AP) — Oakland County Prosecutor S. Jerome Bronson will investigate charges that a Southfield group violated state election laws in a campaign against a Southfield school millage proposal.

The charges were brought by the Southfield Schools Election Campaign Committee which claimed the group used illegal tactics before a March election and plans to use similar tactics for the June 12 election.

The Southfield School Board is asking voters to approve a \$5.5 million operating tax and an \$8-million bond issue in the June election. A similar proposal was defeated in March.

White Lake Man Injured in Accident

A 53-year-old White Lake Township man was injured last night in a one-car accident on Cooley Lake Road near Motorway in Waterford Township.

Listed in fair condition in St. Joseph Mercy Hospital with a fractured hip and contusions is Jack S. Leahy of 8795 Van Gordon.

Leahy said township police lost control of his car when it passed over some holes in the road. The vehicle swerved off the road and hit a tree.

Hospital Exec Elected to Post

Paul Petroff, personnel director of Pontiac Osteopathic Hospital has been elected secretary of the Michigan Hospital Personnel Directors Association.

Petroff, who will serve a one-year term, is also chairman of the association's nominating committee, a member of the housing committee, the program committee and the membership committee.

REMEMBERED IN WILL — A wealthy eccentric willed \$1,400 each to dancers Nicole Delatree (left) and Michelle Roine, shown in their dressing room at the Folies Bergere in Paris Wednesday night after learning of their legacy. Julian Ellis-Morris, who dressed like a tramp and sold cheap toilet goods door to door, left a fortune of \$174,967 when he died in March at 75.

Deaths in Pontiac Area

Mrs. Antonio Gonzalez — Requiem Mass for former Pontiac resident Mrs. Antonio (Evangelina) Gonzalez, 36, of Trenton will be 10 a.m. tomorrow in St. Vincent de Paul Catholic Church with burial in Mount Hope Cemetery. The Rosary will be recited at 8 p.m. today in the Melvin A. Schull Funeral Home.

Mrs. Gonzalez died Wednesday.

Surviving are her husband; her father, Encarnacion Gonzalez; four children, Kristina D., Nancy M., Anthony R. and David S., all at home; and seven sisters, including Mrs. Joseph R. Gonzalez of Waterford Township and Mrs. Rose Aginaga, Mrs. Sara Mellado, Mrs. Consuelo Diaz, Mrs. Erlinda Flores, Mrs. Alice Rodriguez and Mrs. Aletha Simpson, all of Pontiac.

Four brothers also survive.

Charles D. Corby — LAKE ORION — Service for Charles D. Corby, 62, of 114 S. Slater will be 2 p.m. tomorrow at Allen's Funeral Home. Burial will be in McCafferty Cemetery, Romeo.

Mr. Corby died yesterday. He was a member of the American Legion Charlton-Polan Post of Lake Orion.

Surviving is a sister, Mrs. Gladys Westendorf of Lake Orion.

Mrs. Fred Graves — COMMERCE TOWNSHIP — Private service for Mrs. Fred (Edna M.) Graves, 88, of 1821 Union Lake was held yesterday at the Sparks-Griffin Funeral Home, Pontiac.

Mrs. Graves died Tuesday.

Mrs. Teresa M. Harris — BIRMINGHAM — Service for former resident Mrs. Teresa M. Harris, 66, of Detroit was to be 3 p.m. today at Bell Chapel of the William R. Hamilton Co. Burial was to be in White Chapel Memorial Cemetery, Troy.

Mrs. Harris died yesterday. Surviving are her daughter, Mrs. Webster Buell of Birmingham; a son, John E. Eckenrode Jr. of Birmingham; eight grandchildren; four sisters; and a brother.

TV Network Seems Dead, as Show Flops

LAS VEGAS, Nev. (AP) — The Las Vegas Show is through, and its network apparently is too.

The United Network announced in New York Thursday that the variety show aired from Las Vegas nightly was being dropped. Almost simultaneously, United said network operations were being suspended.

The two-hour program, which starred comedian Bill Dana, folded after 23 sessions.

Las Vegas sources blamed poor timing and a lack of advertiser response for its demise. They said national sponsors were hesitant about signing contracts with the new venture.

One source noted that the television season begins in September and ends in the spring. The Las Vegas show started May 1.

United had been billed as the fourth commercial network.

Boy Hit by Car in Pontiac Twp.

A 5-year-old boy is in fair condition in Pontiac General Hospital after being struck by a car on Sheffield north of South Boulevard in Pontiac Township, yesterday.

Graig H. Garvey of 652 Sheffield, Pontiac Township, is in the hospital's intensive care unit. Authorities said he suffered fractures of the jaw and arm and facial lacerations.

Graig was hit by a car driven south on Sheffield by Kenneth Hind, 35, of 151 Westcombe about 6:15 p.m., according to Oakland County sheriff's deputies.

Hind reportedly told deputies the boy ran from a driveway and kept coming despite warning blasts from the car's horn.

'Y' Fun Club Set for Summer

The Pontiac YMCA is offering a Summer Fun Club for boys and girls between 8-12 years of age. The entire program, to be operated in three two-week periods beginning July 5 includes day-camping with swim instruction, nature study or crafts and other programs.

Contact the YMCA office, 131 Mount Clemens, to register. Program fee is \$15 for members and \$18 for nonmembers. Advance registration is necessary. The second period begins July 17 and the third July 31.

Rules Can Sway in 'Bombs Away'

RICHMOND, R. I. (AP) — The Charlton Regional District School Committee sat down for a meeting and found this printed on the top of the agenda: "In event of atomic attack, all school children are to be taken to school."

Investigators said entry was made by cutting through a screen door with a file knife.

Police Action

Pontiac police officers and Oakland County sheriff's deputies investigated some 77 reported incidents the past 24 hours.

A breakdown of causes for police action:

- Arrests—10
- Vandalisms—12
- Armed Robberies—1
- Burglaries—7
- Larcenies—14
- Auto Thefts—1
- Shopliftings—1
- Disorderly Persons—7
- Gross Indecencies—1
- Assaults—7
- Property Damage Accidents—14
- Injury Accidents—2

Guard Cutback Move Is Near

WASHINGTON (AP) — Top defense and Army officials called a news conference today at which they were expected to announce a controversial new Reserve reorganization which would eliminate 15 low strength National Guard divisions.

Deputy Secretary Cyrus R. Vance, Secretary of the Army Stanley R. Resor and Gen. Harold K. Johnson, Army chief of staff, were lined up to explain the plan to newsmen at the Pentagon.

The net effect of the action is expected to reduce the National Guard and Reserve by more than 1,300 units.

All the combat and combat support elements will be grouped in the National Guard and the service outfits will be left to the Reserve.

Men displaced from abolished units will be urged to transfer to existing units to beef up their strength.

Fellowship Goes to Counselor

Thomas G. Rosenthal, counselor at Pontiac Eastern Junior High School, has been awarded a fellowship for graduate study in General Electric Guidance Fellowship Program at the University of Louisville from June 19 to July 28.

The General Electric Foundation has granted 50 all-expense paid fellowships to experienced guidance counselors from nine central states for the program.

Byus Publication

DETROIT (AP) — Robert B. Powers, publisher of Ward's Automotive Reports, says he has bought publication rights of the Social Secretary, the blue book of Detroit area society, from Bruce E. Cox, son of the founder.

Fingerprinting has been used for more than 3,000 centuries in one way or another for identification purposes. The first practical system of classifying fingerprints was established in the 1800s.

2 Armed Women Rob Man Near Local Restaurant

A Pontiac man was robbed by a pair of armed women as he left a restaurant early today, it was reported to city police.

Roy Fowler, 34, of 110 Parkdale told officers he was approached by the women about 2:15 a.m. as he left the establishment on North Saginaw.

He said they forced him into their car by threatening him with a razor and a pistol.

The bandits took a \$66 check and Fowler's cigarette lighter, then dropped him off at Beaudette Park, police were told.

Chrysler Contract

WASHINGTON (AP) — Chrysler Corp. has been awarded an \$11.7-million contract to build 300 three-quarter-ton trucks for the Department of Defense at the company's Dodge Truck plant in Warren, Mich.

Teamsters' Strike

Ends at Detroit Firm

DETROIT (AP) — Teamsters Union members at the Ewald Steel Co. in Detroit stayed off the job for eight hours Thursday but returned when a new contract was negotiated.

The strike began at midnight when the old contract expired, idling 100 members of Teamsters Local 247 who were to report for the first shift.

Company executives and union representatives said they agreed on a new contract calling for 50 cents per hour pay increases and a \$200 bonus twice a year for all employees.

Proclamations

LANSING (AP) — Recreation and parks, Army nurses and fraternal organizations received special attention Thursday in the form of proclamations by Gov. George Romney.

The governor proclaimed the month of July as Recreation and Parks Month, June as Army Nurses Corps month and June 11 through 17 as Fraternal Week.

Flying High in Florida on Periwinkle

BRADENTON, Fla. (UPI)—The periwinkle is a wild flower in Florida. Just how wild juvenile authorities are beginning to discover.

Juvenile officers said yesterday that teen-agers are smoking dried periwinkle leaves to "get high."

It is much the same as glue-sniffing, only much more dangerous.

The smoke causes hallucinations and affects the nervous system in such a way that smoker's skin has a crawling or tingling sensation, said Dr. George Dame, the county health officer.

The result, said Dame, can be loss of coordination, difficulty in walking, loss of hair and the wasting away of muscle tissue.

The drug vincistine sulfate, used to combat leukemia in children, is produced from the periwinkle. It lowers the body's white blood cell count, but leaves the individual more susceptible to infection and less able to fight off disease, Dame said.

This Garbage Man Was Real Rattled

OTHELLO, Wash. (AP)—When garbage collector Dave Wilson lifted the lid of a can he became rattled and so did the contents.

He poked a coiled and blinking rattlesnake with a stick and it slithered to the bottom of the can. So Wilson dumped the can in his truck. Out came the live rattler and five dead ones.

Wilson took off for the police station where officers killed the snake.

The snakes had been put in the can by a collector who catches them for their rattles and hides to make fancy belts. He thought all the snakes were dead.

Confab for Dems

GRAND RAPIDS (AP)—Former Congressman Paul H. Todd Jr. will be the principal speaker at a regional Democratic conference Saturday at Grand Rapids. Todd currently is chief executive officer of the Planned Parenthood Division of America.

Prosecutor Will Air Charge Wife Didn't Aid Dying Fruehauf

Allegations that the wife of the late industrialist, Roy Fruehauf, refused to aid her dying husband are to be aired Monday by Oakland County Prosecutor S. Jerome Bronson.

"Our chief concern," said Bronson, "is to find out why this information, if true, was withheld when my office and police conducted a thorough investigation of Fruehauf's death."

Fruehauf's family founded and built the internationally known trailer company which bears the Fruehauf name.

Yesterday, Fruehauf's widow, Ruth 41, was accused by an ex-boyfriend, Donald DeClerq, in a story appearing in a Detroit newspaper of ignoring her husband while he lay unconscious on the terrace of their West Bloomfield Township home at 5330 Middle Belt.

DeClerq, 29, submitted a photograph to the paper which he claims was taken in his presence the day before Fruehauf, 57, was admitted to a hospital, where he died about 12 hours later.

DISPUTES TIME ON PHOTO

Mrs. Fruehauf admits taking the photograph of her husband, but said that it was made about three weeks before her husband's death.

Bronson said he has requested that both Mrs. Fruehauf and DeClerq come to his office to tell their stories.

Former Oakland County Asst. Prosecutor Walter D. Schmier, who conducted the investigation of Fruehauf's death, said today he was "positive" that the photograph was among those he saw during the inquiry.

"She had taken a number of photographs as I recall," said Schmier, "which she wanted to use as support to get her husband committed for alcoholism."

Schmier said that his investigation with State and West Bloomfield Township police covered an eight-week period, "and when it was completed we all were satisfied that no foul play was involved."

Fruehauf's death was listed as a result of a cerebral hemorrhage and pneumonia. He died Oct. 31, 1965.

"He had fallen before from being drunk," said Schmier, "and in fact, X rays revealed that he had suffered another fracture a few days before that aggravated the fracture that led to his death."

Schmier said he was assigned to the investigation by Bronson after Fruehauf's daughter from a previous marriage requested it.

"We checked out every aspect and interviewed all persons who might have been involved and decided that there was no collusion," said Schmier.

ONE COLOR MAKE OVER PAGES 3 Die in Mideast Clash

JERUSALEM (AP)—An armed clash erupted on Israel's border with Syria today, bringing the first fatalities since the Middle East crisis broke out. Israel's army spokesman said two Israelis and a Syrian were killed.

The fighting came a few hours after the appointment of Gen. Meshe Dayan, a vigorous fighting man and architect of Israel's triumph over Egypt in the Suez war of 1956, as defense minister. Israel

looked to Dayan to prosecute a vigorous policy.

Related Stories, Pages A-8, B-8

The skirmishing was at the village of Kfar Hanassi, populated largely by settlers from Britain. It is less than a mile inside Israel's border and five miles north of the Sea of Galilee.

An Israeli army spokesman said a patrol encountered four armed Syrians as they were returning to Syria. Found near the Syrian's body were a sub-machine gun, two antipersonnel mines and ammunition.

It was the second day of firing on Israel's border with its Arab neighbors. Jordan said it opened fire yesterday on an Israeli helicopter that flew over its half of divided Jerusalem. Israel said a

shell burst hit a house but no casualties were reported.

As the border incidents added to war jitters, French President Charles de Gaulle spoke out on the Middle East crisis, warning that any nation opening fire will have "neither the approval nor support" of France. Arab states have considered France a friend in the crisis although it has sold arms to Israel in the past.

GOP Moves 1 Vote Closer to House OK of State Tax

LANSING (AP)—House Speaker Robert Waldron says he's found another vote to help Republicans pass their tax package in the House.

But he also thinks the State may wind up in court if the Legislature passes the new fiscal ideas hammered out this week in the House Republican caucus and still hinging on a controversial state income tax.

Sounding more optimistic yesterday than he has for some time, Waldron said Rep. DeForest Strang, R-Sturgis — one of eight members who refused to vote with the party the first time around — had agreed to support the new two-package GOP proposal.

"I think we've got the votes for this thing," he told newsmen.

The program, being written into a Senate-passed package by the House Taxation Committee, was to be reported out today.

ACTION MUST WAIT

But with the House in recess until Monday, action on the measures will have to wait until at least Wednesday unless Waldron can find a three-fifths vote to suspend the chamber's rules.

Waldron, the No. 1 House Republican, had been predicting "about 50 GOP members would fall in line behind the program currently in the works. He said yesterday that estimate had been "conservative."

In May, Republicans forced a vote on a different tax package, which had been amended following negotiations with Democrats. It failed 48-57, attracting only two Democrats, while the eight Republicans defected.

Waldron gained another likely yes vote last week when Republican Anthony Licata won a special Detroit election, and was sworn in to fill the vacancy caused by the death of House Democratic Leader Joseph Kowalski.

Norwegian Freighter Fire Kills 4 Stevedores in Buffalo Harbor

BUFFALO, N.Y. (AP) — Fire broke out today in a hold of a Norwegian freighter in Buffalo harbor, and four stevedores were killed.

The fire started in the Thorstream, which was taking on a cargo of chemicals. Harbor officials said the chemicals were principally chlorine gas in containers.

Police said six other men escaped. Five were sent to hospitals. The fire was extinguished in a half-hour.

One policeman said: "One of the containers fell out of a sling, broke and the gas spilled over the hold."

The spilled chlorine started what firemen described as a hot fire. The flames

flashed and spread rapidly in the hold, they said.

The dead were identified as Paul Cook, 24, Paul Smith and Robert Conrad, all of Buffalo, and Henry Janora of Elma.

It was reported the chemical came from a plant in Niagara Falls and was destined for Africa.

The Thorstream, registered in Salford, Norway, to A. S. Odd & A. S. Ornen, is 479 feet long and displaces 5,754 tons. It was built in 1960.

Inflation Surge Is Feared in Viet

SAIGON (AP) — U.S. officials are deeply concerned over signs that South Vietnam's economy may be headed for runaway inflation.

One high source says harsh measures may be necessary if a feared inflationary surge in the second half of the year is tacked onto the 22 to 24 per cent increase in the cost of living during the first five months of 1967.

The Vietnamese government and the U.S. mission here have discussed the problem, but so far no contingency plans have been agreed upon.

The fear in some quarters is that the economy, which was brought under some measure of control during 1966 through a painful currency devaluation and U.S. financed imports, may be headed for the disastrous inflation that feeds on itself.

Among the problems inflation fighters face are powerful interests who through speculation can pile up fantastic profits if they are nimble enough. The business barons of Vietnam, nearly all Chinese; have shown themselves extremely nimble in the past.

ROCKETING INDEX

Last year inflation pushed the cost of living index up 70 per cent in Saigon. Since 1962 the cost of living for working families in the capital has rocketed 300 per cent.

It is estimated that if the cost of living goes up much past the 50 per cent mark this year, the effect of last summer's currency devaluation will be wiped out. More devaluation might then be necessary.

Tight control of U.S. military and civilian agency spending already is in effect with the ceiling including even the amount of piasters available for spending in bars, nightclubs and shops.

This could be tightened further but with the expected major boost in U.S. troop strength here, it seems doubtful that even the present line can be held.

A more likely inflation weapon would be to cut U.S. supported projects including those under the Agency for International Development program. The Vietnamese could be expected to resist this strongly since AID has been a pork barrel that has made many Vietnamese generals and politicians rich through corruption.

Painting Time Near

The second phase of a drive to clean-up and beautify Pontiac will begin Monday with residents urged to take part in "Paint-Up" Week.

A cleanup campaign — designed to rid streets, alleys and yards of unnecessary debris and eyesores — just completed was termed "very successful" by Mrs. Adele Walker, chairman of a block-club and home owners' association heading the citywide drive.

"She said that marked progress had been made in several areas of the city."

Mrs. Walker said the "paint-up" campaign has been helped by stores that have donated some 180 gallons of paint for use next week.

The week beginning June 19 will be devoted to encouraging residential beautification projects including the painting of flower beds, shrubbery and trees, Mrs. Walker said.

ACHIEVEMENT AWARDS

During the final week judges will inspect efforts made by block clubs and home owner associations to determine which of these will receive achievement awards.

Clubs and associations wishing to enter the city-sponsored neighborhood achievement contest may register at the department of parks and recreation, Mrs. Walker said.

AP Wirephoto

SHIRLEY EYES RACE—Shirley Temple for Congress? This became a possibility when Rep. J. Arthur Younger, R-Calif., announced that he will not seek reelection. The former actress, now Mrs. Shirley Temple Black, said she is backing State Sen. Richard J. Delwig of Atherton, but added that if he doesn't run, "I don't rule myself out as a possible candidate."

Sunshine to Reign During Weekend

Sunny and slightly warmer is the forecast for all of Michigan tomorrow. Sunshine will reign throughout the state Sunday except for western Upper Michigan where there's a chance of a few showers.

Temperatures for the next five days will average two to eight degrees above the normal high of 73 to 79 and normal low of 51 to 56. The low is expected to register 45 to 53 tonight.

Precipitation for the next five days will total less than three-quarters of an inch in occasional showers after Sunday.

The low in downtown Pontiac prior to 8 a.m. was 57. At 1 p.m. the recording was 63.

Loud Muffler Leads to Spouse in Trunk

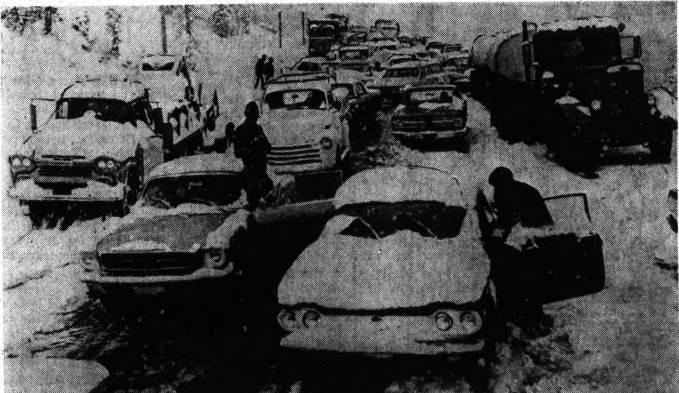

ASHEVILLE, N.C. (AP) — Policeman Carl Hogen stopped Daniel Lunsford for a loud muffler.

The policeman then discovered yesterday that Lunsford also had no driver's license and no insurance. So Hogen said he would impound the car.

"But my wife's in the trunk," Lunsford wailed.

It turned out that Mr. and Mrs. Lunsford had disagreed over something, and she had vacated the front seat in favor of the trunk.

Hogen released her. Lunsford was freed in \$300 bond on the driving offenses.

SIERRA SPRING — A late spring blizzard in the Sierra Mountains yesterday caught motorists traveling on Interstate 80, trapping them near Soda Springs, Calif. Most drivers were

caught without chains. Visitors to the mountain areas have been warned to expect more snow.

Exchange Pursuing Own Rigging Probe

NEW YORK (AP) — President Ralph S. Saul of the American Stock Exchange says it is vigorously pursuing its own investigation of alleged stock manipulation parallel to a federal probe of nationwide Wall Street price rigging.

N. Viet Stand Is Reiterated

'Unconditional Halt to Bombing Is First Step'

TOKYO (AP) — A Japanese correspondent reported today, another suggestion from North Vietnam that unconditional cessation of U.S. bombing and other operations against North Vietnam could be a step toward settlement of the Vietnam war.

Nguyen Duy Trinh, former minister and deputy premier of the Hanoi regime, touched on that point again in a written reply to questions submitted by Yasumasa Ohta, assistant foreign editor of the Kyodo news service.

Ohta, who visited the North Vietnamese capital last month, said he received the reply May 29. He filed his dispatch from Hong Kong.

Trinh's response was similar to his position in February as outlined by Wilfred Burchett, an Australian writer whose articles often reflect a Communist viewpoint.

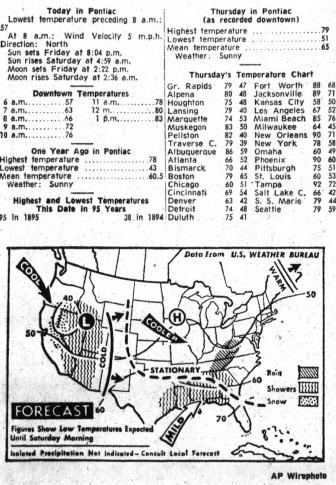

LURE OF TALKS From the Communist side, the public emphasis for months has been on getting the United States to stop the bombing of North Vietnam with the lure of possible peace talks, but without an offer of parallel de-escalation.

The United States has stressed a readiness to engage in a balanced scaling down of the war or to enter peace negotiations without conditions.

Ohta said Trinh emphasized that North Vietnam's proposal for achieving a political settlement would provide an opportunity for the United States to regain its "honor."

He said Trinh added that the United States should indicate its good faith with action and demonstrate a "basis of respect for our national rights."

Trinh said he did not feel peace talks alone would suffice, but indicated "unconditional cessation of U.S. bombing and all other acts of war" against North Vietnam could be the means of reaching a political settlement.

NATIONAL WEATHER — Rain is forecast tonight in the central Appalachians with showers due in the Gulf states and the Rocky Mountains. Snow is expected in the higher elevations of the Sierra Nevada mountains. Warmer temperatures are predicted for the upper Lakes region.

to the indictment of six men Thursday by a grand jury on charges of conspiracy, manipulation and fraud involving the Pentron Electronics Corp., whose stock is listed on the American Stock Exchange.

The indictment, handed down after a year-long investigation, accused two New Yorkers and four Chicago men of rigging Pentron's market price to obtain profits by selling the stock to the public.

About a million shares were involved, with the defendants holding one-third of them. The alleged manipulation was said to have cost unwitting investors close to \$2 million.

Commenting on the indictment, Saul said in a statement:

"On April 21, 1967, the American Stock Exchange announced it had been investigating certain alleged manipulative activities. That investigation is being vigorously pursued while the exchange continues to cooperate with the U.S. attorney's office and the Securities and Exchange Commission."

The Associated Press reported last weekend the federal government was investigating the Pentron case as part of an expanding Wall Street probe, and that indictments were expected shortly.

At least eight other stocks on the American exchange and over the counter are reportedly being scrutinized in the federal probe and one government official said more indictments involving other manipulations were expected.

One of the defendants named Thursday was Osborn Andreas, 63, Chicago, who was Pentron's board chairman, president and treasurer before he left the company 18 months ago. The indictment claimed he left to further the stock scheme.

Pentron, now based in Cleveland, Ohio, was once located in Chicago. Harold Ballonoff, president and treasurer of the firm, which manufactures housewares, electrical and railroad equipment, said Thursday in a statement:

"None of the present officers or directors of Pentron Electronics Corp. had any part in or knowledge of irregularities in the trading of the company's stock. We have cooperated and will cooperate fully in the investigation."

"Mr. Andreas was no longer with Pentron at the time of the alleged irregularities, having resigned."

The June Week ceremonies will draw some of the Army's highest ranking officers back to the academy. Scheduled to attend are Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Gen. James D. Fowler, Jr., first Negro graduate who is the son of a graduate. His father, Col. James D. Fowler, stationed at Ft. Leavenworth, Kan., is a member of the class of 1941.

The June Week ceremonies will draw some of the Army's highest ranking officers back to the academy. Scheduled to attend are Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Gen. James D. Fowler, Jr., first Negro graduate who is the son of a graduate. His father, Col. James D. Fowler, stationed at Ft. Leavenworth, Kan., is a member of the class of 1941.

The alumni will review the parade of cadets Saturday. Retired Maj. Gen. Robert M. Danahy, class of 1904, will lay a wreath at the foot of the Thayer Monument. Danforth, 87, will be the oldest graduate present.

NEW YORK (AP) — With garbage piling up under a warning sun, Mayor John V. Lindsay declared a health emergency today and ordered legal steps to enjoin landlords from "conspiring to stop essential services" during the apartment strike here.

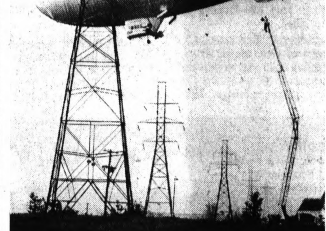

Lindsay said a new conference today with the producers of the strike would permit city sanitation men to cross picket lines and clear away the mounds of garbage growing out of sight of Manhattan's apartment buildings.

He directed Corporation Counsel J. Lee Rankin to go into State Supreme Court for the injunction affecting landlords.

Lindsay estimated that it would cost the Sanitation Department \$135,000 in overtime money to clear away the mounds of refuse that have built up alongside buildings and in the streets since the complicated strike of building service personnel began eight days ago.

Some 6,000 men who perform janitorial and maintenance services in rent-controlled Manhattan buildings walked out in a demand for \$18 more a week over the three years. The average pay is now \$85 weekly.

The output of goods from United States factories grew as much between 1951 and 1966 as it is now in the first 150 years of the nation's industrial history.

SNARLED AIRSHIP — Crewmen work to free the Goodyear blimp "Mayflower" after it rammed high-voltage power lines above a major highway near Dunreith, Ind., yesterday. The blimp became entangled while bucking strong winds. The crew escaped with only superficial injuries. A pilot later floated the blimp off the lines and moored it in a nearby field for repairs. (See story, page A-8).

U.S. Losses: 1,398 Planes, 888 Copters in Viet War

SAIGON (AP) — The U.S. Command announced today that the United States has lost 1,398 planes and 888 helicopters in Vietnam since the war began 1965. The command said the losses included 183 planes and 331 helicopters.

The number of planes lost during May now stands at 38, a record for a single month surpassing the previous mark of 33 in July 1966.

Combat aircraft lost during the war to nonhostile action such as mechanical failure totaled 648 planes and 551 helicopters.

Losses of fixed-wing planes are greater over North Vietnam because pilots there face much greater Communist defenses.

TOUGHER DEFENSE The number of fixed-wing planes are greater over North Vietnam because pilots there face much greater Communist defenses.

Grant Okayed for Head Start

A federal grant of \$152,886 for summer Head Start programs in 18 Oakland County school districts was approved today by the Office of Economic Opportunity in Washington.

The grant is \$90,000 below the \$242,886 application authorized Jan. 25 by the Oakland County Commission on Economic Opportunity (OCCOE).

A total of 650 preschoolers were earmarked for participation in the Head Start programs that will begin later this month in the 18 school districts.

OCCOE officials said that no indication was given by the OEO regional office in Chicago that the full grant application would not be allowed.

A separate application for \$204,644 in federal funds for summer Head Start in Pontiac was filed last month by the OCCOE.

Notification on the status of this grant application is expected by the OCCOE by mid-June.

'Social Condition' Corrected

Two elderly sisters, found living in a substandard home with no inside plumbing, have been accepted for residence at Lakeside Homes, Inc., and will probably move into the public housing project next Friday.

Clay Jones, assistant executive director of public housing, said a first-floor apartment had been located for Mrs. Frank Gordon, 82, and her sister, Miss Blanche Armstrong, 65.

The two women presently live in a 40-year-old home at 418 Howland, where their sole source of water (cold) is a single spigot on the back porch.

Double Event Set at School

BIRMINGHAM — A double last school year. It was on the original school built in 1859.

Due to a campaign by the Parent Teachers Organization the bell will be mounted in front of the school.

Carol Stanton, a veteran of 43 years of teaching, is retiring after this semester from the Birmingham district.

She was recently honored at an afternoon tea at Quarten School.

Miss Stanton, said she plans some travel during retirement, but will stay at her home in Linden most of the time.

A public hearing on a \$2,826-639 budget for Birmingham for the coming fiscal year will be held at 8 p.m. Monday at City Hall.

The budget calls for a one-mill cut in taxes, but this will be offset by a hike in assessed property values.

The figure will mean about a \$25 increase for the average home owner.

Former Trustee Found Guilty

A former Royal Oak Township trustee was convicted yesterday in Oakland County Circuit Court of three counts of perjury when he appeared as a witness before grand juror Philip Pratt in October 1965.

A jury returned the verdict against Marshall Taylor after deliberating less than an hour.

He will be sentenced June 29 by Judge Arthur E. Moore.

Each offense carries a maximum 15-year prison sentence.

Taylor, who served on the township board from August 1964 to April 1965, was found guilty of lying to Pratt when asked if he had ever been offered a bribe, if he had ever accepted a bribe, and if he had accepted a bribe, what it was.

Taylor still faces trial on the two bribery charges brought by Pratt.

Crash Sinks U.S. Ship in St. Clair River

PORT HURON (AP) — The 550-foot lake freighter Sylvania was rammed by a Canadian ship Thursday night but her crewmen secured a safety across a makeshift gangplank moments before she sank in the St. Clair River.

The crew of about 30 stepped gingerly but rapidly along the rungs of a 40-foot ladder laid between the Sylvania and Peeries Cement Co. dock where the freighter was moored when it was struck by the 379-foot Renvoyelle.

"It all happened so fast, there almost wasn't time to do anything," a Sylvania crewman said.

Within 15 minutes, the Sylvania, filling rapidly with water from a gaping hole in her starboard side, listed heavily and sank below her starboard deck. Nobody was reported injured.

PROBE ORDERED The Coast Guard ordered an investigation of the crash and temporarily halted movement of any ships past Port Huron in the river.

More than 50 vessels were backed up today for 40 miles upstream and downstream of the collision scene.

"They'll be getting other attention, too," said a Sylvania spokesman, "Bureau of Social Services and others."

HOUSING FACILITIES The street-level apartment, a basic need for the elderly women, will include a bedroom, living room and kitchen with refrigerator and range, and bathroom, according to Clay.

Charles Cohen, senior city sanitation, said removal of the sisters from their present home will probably be followed by condemnation of the hand-built structure.

"As soon as they're settled at Lakeside, we'll initiate condemnation proceedings," he said. "The building will be torn down some time this summer if everything goes right."

Old-Fashioned Hand Plow Adds Whimsical Touch To Garden Of The William Johnsons

June 10th and 11th

Rochester Club Has Tour

By JODY HEADLEE
Pontiac Press
Garden Editor

Only "sunbrellas" will be needed if the weatherman heeds the pleas of Mrs. Donald D. Foss and Mrs. Arthur B. Wright, co-chairmen of the Rochester Branch, Woman's National Farm and Garden Association's Annual Home and Garden Tour.

Set for June 10 and 11 from 1-5 p.m., the tour will feature interesting and outstanding homes and gardens in the Rochester area.

Transportation will be provided at no extra charge for ticket holders who prefer not to drive. The buses may be boarded between 12:30 - 1 p.m. at the E. University Drive city parking lot.

Tickets may be purchased from the 142 branch members, at Shepard's Real Estate Office, corner of Main and University and on tour days at the E. University parking lot.

Open for viewing will be the traditional colonial of Mr. and Mrs. Henry W. Axford of 4990 N. Rochester, Oakland Township; with its spacious rooms and furnishings of rare antiques.

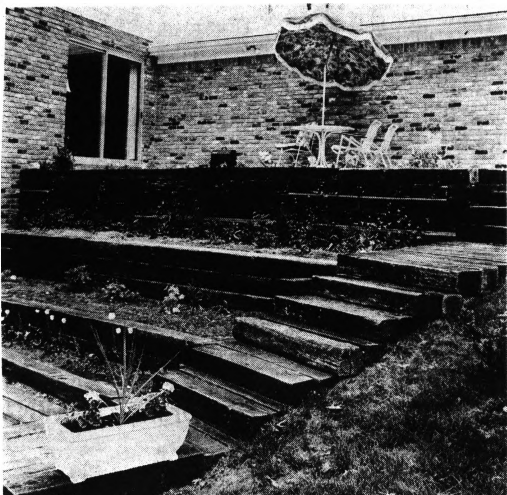

GARDENS

Gardens on the tour will include those of Mr. and Mrs.

William Johnson, 159 Maywood, Rochester; Mr. and Mrs. Ralph R. G. Furgerson of 634 Lynndale and Chancellor and Mrs. Durward B. Varner of 1300 S. Adams, both of Avon Township.

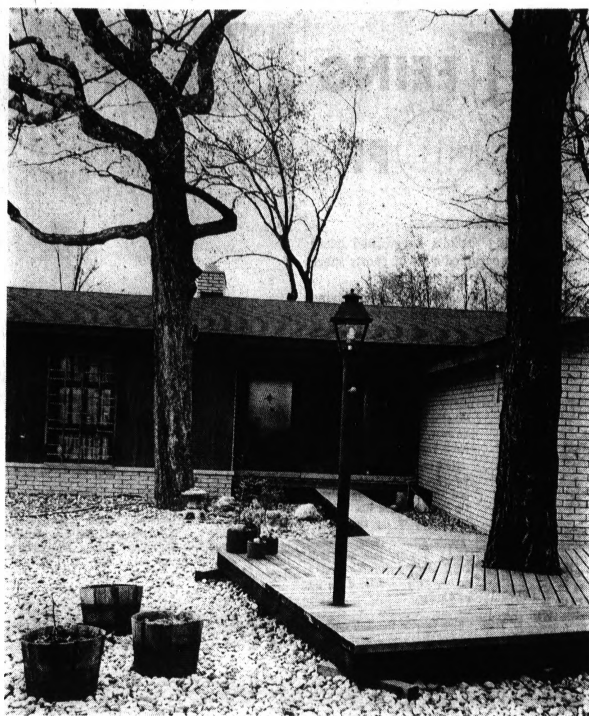

Opening both their homes

and gardens are Mr. and Mrs. Keith Crissman of 741 Apple Hill, Avon Township; (Continued From Page C-6)

Check Quality Before Buying

Home owners purchasing trees and shrubs can check their quality to considerable extent.

With the boom in beautification, many retail stores who never handled trees and shrubs before are selling nursery stock.

Care of nursery stock is vitally essential at retail sales outlets. It must not be allowed to dry out.

It must be watered regularly. If the home owner sees dried out nursery stock do not buy it as it will not flourish when transplanted.

Both nursery stock with burlap around the ball of earth, and nursery stock in cans should have been watered recently.

MOIST BALL

Feel with your fingers whether the ball of earth is moist or completely dry, or the earth in the cans is moist, or dried out.

Yellowed and dropped leaves are a sign of lack of care.

Trees are measured by the caliber of the trunk and they are valued accordingly. A 1 to 1 1/2-inch caliber shade tree should be 7 to 9 feet tall; 3/4 to 1-inch caliber, 6 to 8 feet tall.

Small trees such as dogwood or hawthorn if 2 to 3 feet high should have three or more branches; if taller, more branches.

Without getting too complicated, the purchaser should select trees with the most branching for their height, and with a good ball of earth around the roots.

Bare-root trees should have a good root system.

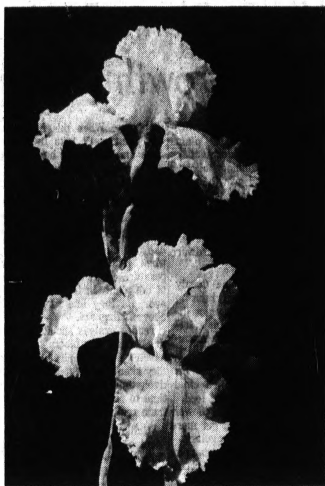

Select shrubs with the most branching, better root systems and healthy foliage colors.

HEALTHY PLANTS

Be especially careful to look for proper care of plant by its healthy appearance.

The best guide in purchasing plants is to buy them at sales outlets, which by their nature indicate that the retailers are more familiar with plants and know how to take care of them.

Fresh nursery stock always is preferable.

Iris Lullaby

Iris Society Holds Show Tomorrow

The Southern Michigan Iris and Hemerocallis Society (SMI&HS) will present its second annual Iris Show from 1-9 p.m. tomorrow at the Livonia Mall at Seven Mile and Middle Belt Roads.

All growers of Iris are invited to enter as many specimen stalks as they wish in the more than 50 classes. Entries and registrations will be from 9-11 a.m. Entrance is near the area of the show.

Ribbons for first, second and third place winners and three rosettes will be awarded.

All SMI&HS members are eligible to win the "Dad" Simon trophy for "Queen of Show" and the Claire Linscheid Memorial Trophy for "Sweepstakes."

Mower Oil Pontiac Tested

A new oil formulated specifically for power lawn mowers and other garden equipment is being test marketed in Pontiac by the Mobil Oil Corporation the company announced today.

This is the first time an oil company has made a specialized power mower oil available to the public through retail outlets. It can be purchased at Mobil stations throughout the city and suburbs.

Identical to the original-fill oils Mobil supplies to power mower engine manufacturers, the new lubricant is packed in plastic bottles designed to make it easier to fill the power mower crankcase.

Chief advantage claimed for the new lubricant is longer motor life because the additive level of the new oil is carefully matched to the operating characteristics of garden equipment. Mobil spokesmen pointed out that most power mower owners use regular automotive engine oils.

These are not ideally suited to the relatively constant speed operation of power mower and similar engines and their continued use can lead to formation of deposits which contribute to wear.

Two-cycle outboard motor type oils formulated to be mixed with gasoline are also not suited to use with four-cycle garden equipment motors.

Major manufacturers of garden equipment engines have endorsed the new lubricant which has been exhaustively tested by Mobil.

Sweet William—gallantry and perfection — "You are my shining knight."

and Mr. and Mrs. Richard Kandarian of 170 Cedarwald, Oakland Township.

The Kandarians' home features Oriental accents inside and out. The entrance door was built around a towering oak tree to take advantage of the tree's leaf shelter for natural air conditioning and shade.

Tastefully furnished in a blend of antiques, Early American and traditional, the two-story colonial of the Crissmans also emphasizes outdoor

living with an upper and lower patio overlooking the wooded valley.

Railroad ties hold the landscape's tiered gardens in place and provide a walkway from one level to the other.

Refreshments will be served to guests on the upper patio.

Tour visitors are asked to please wear low heels and to refrain from smoking in the houses on the tour.

All proceeds from the two-day event are earmarked for the club's scholarship and education fund.

Pontiac Man Tells About Wait at Suez

A Pontiac man, Dennis Rose, is on the U.S. carrier Intrepid which passed through the Suez Canal yesterday.

In his most recent letter to his parents, Mr. and Mrs. Gerald Rose of 646 Fourth, he told of waiting near the canal for permission to enter.

"We've been here about four days while they're deciding in Washington whether to go through the Suez or around Africa. We're the closest ship to Egypt, and Egypt and Israel both know we're out there. And they know the power we have aboard ship," he wrote.

In his letter, dated May 28, he also talked of the Soviet ship which has been following the Intrepid.

"The last four days we've had a Russian destroyer keeping tabs on what we're doing. It stays right by us day and night. We've tried to talk to them except they will not talk to us. Every once in a while they come right up to the ship and look us over."

The Suez Canal is a vital waterway for international trade, and the Intrepid's passage through it is a significant event for the United States Navy.

The Southfield School Board is asking voters to approve a \$1.5 million operating tax and an \$8-million bond issue in the June election. A similar proposal was defeated in March.

White Lake Man Injured in Accident

A 53-year-old White Lake Township man was injured last night in a one-car accident on Cooley Lake Road near Motorway in Waterford Township.

Listed in fair condition in St. Joseph Mercy Hospital with a fractured hip and contusions is Jack S. Leahy of 8795 Van Gordon.

Leahy told township police he lost control of his car when it passed over some holes in the road. The vehicle swerved off the road and hit a tree.

Hospital Exec Elected to Post

Paul Pettoff, personnel director of Pontiac Osteopathic Hospital has been elected secretary of the Michigan Hospital Personnel Directors Association.

Petroff, who will serve a one-year term, is also chairman of the association's nominating committee, a member of the housing committee, the program committee and the membership committee.

AP Wirephoto

REMEMBERED IN WILL.—A wealthy eccentric willed \$140,000 each to dancers Nicole Delattre (left) and Micheline Roine, shown in their dressing room at the Folies Bergere in Paris Wednesday night after learning of their legacy.

Julian Ellis-Morris, who dressed like a tramp and sold cheap toilet goods door to door, left a fortune of \$174,967 when he died in March at 75.

Deaths in Pontiac Area

Mrs. Antonio Gonzalez—Requiem Mass for former Pontiac resident Mrs. Antonio Gonzalez, 36, of Trenton will be 10 a.m. tomorrow in St. Vincent de Paul Catholic Church with burial in Mount Hope Cemetery. The Rosary will be recited at 6 p.m. today in the Melvin A. Schutt Funeral Home.

Mrs. Harry Holmes—DRYDEN—Mrs. Harry (Olga) Holmes, 60, of 5251 Bishop died Wednesday. Her body is at the Mair Brothers Funeral Home, Lapeer.

Surviving besides her husband the two sons, Iann of LaPorte, Ind., and Frederick B. with the U.S. Navy in the Philippines; a brother; and two grandchildren.

Harry C. Ravell—WHITE LAKE TOWNSHIP—Service for Harry C. Ravell, 48, of 8226 Highland will be 11 a.m. Monday at the Donsen-Johns Funeral Home, Pontiac. Burial will be in Oakland Hills Memorial Gardens, Novi.

Mr. Ravell died yesterday. He was a truck driver.

Surviving are his wife, Ruth; two daughters, Mrs. Larry Wall of Waterford Township and Mrs. Richard Grignon of Pontiac; a sister, Mrs. Leo E. Boyd of Lake Orion; a brother; and four grandchildren.

Charles D. Corby—LAKES ORION—Service for Charles D. Corby, 62, of 114 S. Slater will be 2 p.m. tomorrow at Allen's Funeral Home. Burial will be in McCafferty Cemetery, Romeo.

Mr. Corby died yesterday. He was a member of the American Legion Charlton-Polan Post of Lake Orion.

Surviving is a sister, Mrs. Gladys Westendorf of Lake Orion.

Mrs. Fred Graves—COMMERCIAL TOWNSHIP—Private service for Mrs. Fred (Edna M.) Graves, 88, of 1821 Union Lake was held yesterday at the Sparks-Griffin Funeral Home, Pontiac.

Mrs. Graves died Tuesday.

Mrs. Teresa M. Harris—BIRMINGHAM—Service for former resident Mrs. Teresa M. Harris, 66, of Detroit was to be 3 p.m. today at Bell Chapel of the William R. Hamilton Co. Burial was to be in White Chapel Memorial Cemetery, Troy.

Mrs. Harris died yesterday. Surviving are her daughter, Mrs. Webster Buell of Birmingham; a son, John E. Eckenrode Jr. of Birmingham; eight grandchildren; four sisters; and a brother.

TV Network Seems Dead as Show Flops

LAS VEGAS, Nev. (AP)—The Las Vegas Show is through, and its network apparently is too.

The United Network announced in New York Thursday that the variety show aired from Las Vegas nightly was being dropped. Almost simultaneously, United said network operations were being suspended.

The two-hour program, which starred comedian Bill Dana, folded after 23 sessions.

Las Vegas sources blamed poor timing and a lack of advertiser response for its demise. They said national sponsors were hesitant about signing contracts with the new venture.

One source noted that the television season begins in September and ends in the spring. The Las Vegas show started May 1.

United had been billed as the fourth commercial network.

Boy Hit by Car in Pontiac Twp.

A 5-year-old boy is in fair condition in Pontiac General Hospital after being struck by a car on Sheffield north of South Boulevard in Pontiac Township, yesterday.

Graig H. Garvey of 652 Sheffield, Pontiac Township, is in the hospital's intensive care unit. Authorities said he suffered fractures of the jaw and arm and facial lacerations.

Graig was hit by a car driven south on Sheffield by Kenneth Hind, 35, of 1511 Winchcombe about 6:16 p.m., according to Oakland County sheriff's deputies.

Hind reportedly told deputies the boy ran from a driveway and kept coming despite warning blasts from the car's horn.

'Y' Fun Club Set for Summer

The Pontiac YMCA is offering a Summer Fun Club for boys and girls between 8-12 years of age. The entire program, to be operated in three two-week periods beginning July 5 includes day-camping with swim instruction, nature study or crafts and other programs.

Contact the YMCA office, 131 Mount Clemens, to register. Program fee is \$15 for members and \$18 for nonmembers. Advance registration is necessary. The second period begins July 17 and the third July 31.

Rules Can Sway in 'Bombs Away'

RICHMOND, R. I. (AP)—The Charlton Regional District School Committee sat down for a meeting and found this printed on the top of the agenda: "In event of atomic attack, all rules against praying in this school are indefinitely suspended."

Police Action

Pontiac police officers and Oakland County sheriff's deputies investigated at least 79 reported incidents the past 24 hours.

A breakdown of causes for police action:

- Arrests—14
- Vandalism—11
- Burglaries—7
- Larcenies—15
- Auto Thefts—3
- Assaults—9
- Disorderly Persons—2
- Accostings—1
- Obscene Phone Calls—1
- Property Damage Accidents—13
- Injury Accidents—3

Guard Cutback Move Is Near.

WASHINGTON (AP)—Top defense and Army officials called a news conference today at which they were expected to announce a controversial new Reserve reorganization which would eliminate 15 low strength National Guard divisions.

Deputy Secretary Cyrus R. Vance, Secretary of the Army Stanley R. Resor and Gen. Harold K. Johnson, Army chief of staff, were lined up to explain the plan to newsmen at the Pentagon.

The net effect of the action is expected to reduce the National Guard and Reserve by more than 1,300 units.

All the combat and combat support elements will be grouped in the National Guard and the service units will be left to the Reserve.

Men displaced from abolished units will be urged to transfer to existing units to beef up their strength.

Fellowship Goes to Counselor

Thomas G. Rosenthal, counselor at Pontiac Eastern Junior High School, has been awarded a fellowship for graduate study in General Electric Guidance Fellowship Program at the University of Louisville from June 19 to July 28.

The General Electric Foundation has granted \$50 all-expense paid fellowships to experienced guidance counselors from nine central states for the program.

Buys Publication

DETROIT (AP)—Robert B. Powers, publisher of Ward's Automotive Reports, says he has bought publication rights of the Social Secretary, the blue book of Detroit area society, from Bruce E. Cox, son of the founder.

Fingerprinting has been used for more than 3,000 centuries in one way or another for identification purposes. The first practical system of classifying fingerprints was established in the 1800s.

2 Armed Women Rob Man Near Local Restaurant

A Pontiac man was robbed by a pair of armed women as he left a restaurant early today, it was reported to city police.

Roy Fowler, 34, of 110 Parkdale told officers he was approached by the women about 2:15 a.m. as he left the establishment on North Saginaw.

He said they forced him into their car by threatening him with a razor and a pistol.

The bandits took a \$66 check and Fowler's cigarette lighter, then dropped him off at Beaudette Park, police were told.

Chrysler Contract

WASHINGTON (AP)—Chrysler Corp. has been awarded an \$11.7-million contract to build 300 three-quarter-ton trucks for the Department of Defense at the company's Dodge Truck plant in Warren, Mich.

Bronson to Eye Election Tactics

PONTIAC (AP)—Oakland County Prosecutor S. Jerome Bronson will investigate charges that a Southfield group violated the election laws in a campaign against a Southfield school millage proposal.

The charges were brought by the Southfield Schools Election Campaign Committee which claimed the group used illegal tactics before a March election and plans to use similar tactics for the June 12 election.

The Southfield School Board is asking voters to approve a \$1.5 million operating tax and an \$8-million bond issue in the June election. A similar proposal was defeated in March.

White Lake Man Injured in Accident

A 53-year-old White Lake Township man was injured last night in a one-car accident on Cooley Lake Road near Motorway in Waterford Township.

Listed in fair condition in St. Joseph Mercy Hospital with a fractured hip and contusions is Jack S. Leahy of 8795 Van Gordon.
