

Survives Murder Try

TERRORIST TARGET — Two strips of tape on his forehead cover the only wounds suffered by French Information Minister Jacques Soustelle after rebels' bullets ripped through his car. Soustelle was cut by flying glass as Algerian terrorist gunmen opened fire on the car with revolvers and submachinegun bullets. He is one of the leading exponents of continued French control in Algeria. (Story on Page Two.)

Downtown Pontiac to Become Carnival

Plans are crystalizing for downtown Pontiac's gala five-day festival which will turn the business district into a carnival scene starting Thursday.

Amusement rides will be set up at two locations, Norman Pattison, president of the Downtown Merchants Assn., sponsors of the event, disclosed today.

At city parking lots, W. Lawrence and Wayne and E. Pike at Hill, a variety of rides will be in operation starting about 3 p.m. Wednesday and continuing through Tuesday of next week when the festival ends.

OUTDOOR COOKING

At both locations, too, outdoor cooking facilities are planned so the public can enjoy barbecue, hot dogs, coffee and soft drinks at outdoor tables.

Merchants are giving out tickets with each \$1 in purchases which entitle youngsters to take carnival rides at 10 cents each.

The stores are also busy at work on booths that will be placed outside their doors and will feature special values, entertainment, amusement games and costumed clerks.

Many special events are planned for the downtown area during the festival. Bands will play, contests will be held, sport celebrities will make appearances and a boating and outdoor sporting goods show is scheduled.

The merchants are also planning tremendous values on brand new seasonal merchandise. A special section in Wednesday's Pontiac Press will list these buys.

Stores will stay open every night until 9 except the last day, Tuesday, when they will close at 5:30 p.m.

Summerfield Will Speak at Post Office Dedication

Postmaster General Arthur E. Summerfield has accepted an invitation to act as main speaker at dedication ceremonies for Pontiac's new \$850,000 post office.

The announcement was made jointly by Acting Postmaster Robert C. Miller and Stuart E. Whitfield, chairman of a Pontiac area Chamber of Commerce committee that has aided in program arrangements.

Summerfield tops a long list of dignitaries invited to attend the public program, scheduled for 2 p.m. Sept. 27 in the patron parking area of the W. Huron street building.

Many local, county, national and post office department officials are planning to be present, said Miller.

Among those invited are Sens. Potter and McNamara; former Oakland County Rep. George A. Dondoro and Rep. William S. Broomfield; Pontiac city commissioners and City Manager Walter K. Willman; the Chamber of Commerce board of directors; Delos Hamlin, chairman of the Oakland County Board of Supervisors; and Fred V. Haggard, president of the Oakland County CIO Council.

Special invitations have been sent to four General Motors Corp.

We'll Press Formosa in U. N. — Reds

MOSCOW (U)—The Soviet Union warned the United States today it will press for discussion of the Formosa issue at the U.N. General Assembly session opening tomorrow in New York. It also predicted a showdown fight to seat Communist China.

The United States, it warned, will have a tougher time than ever before in opposing Communist China's bid for U. N. representation.

The warnings came in a special broadcast by Moscow radio on the eve of the opening of the 13th General Assembly session.

The broadcast said the session is opening in an exceptionally tense atmosphere.

"The whole world is alarmed by the threat of war provoked by adventurist policies of the United States in the Far East," it said.

It predicted a heated discussion on the seating of Red China, but added that the majority of delegates "appreciate the abnormal situation in which Communist China's seat is illegally held by Washington's Chiang Kai-shek puppets who in fact represent no one."

Train Plunges Over Bridge

New Ford Contract Offer Expected in Talks Today

DETROIT (U)—Henry Ford II, president of the Ford Motor Co., said today "events of the past few days encourage us to believe we can reach an agreement that will be economically sound and fair" with the walkout-threatening United Auto Workers Union.

Ford did not speculate whether settlement would come before Wednesday's 10 a.m. strike deadline.

He expressed himself as his company prepared to present later today a new contract offer it hoped would avert a UAW walkout that could idle an estimated 140,000 Ford employees.

The Detroit Times reported today it had learned Ford would offer a three-year contract carrying a wage increase of between 24 and 30 cents an hour over that period.

Without disclosing any source, the Times story added: "It will provide for continuation of the annual improvement factor, cost-of-living escalator clause, improvements in Supplemental Unemployment Benefits and pensions, and make some monetary concessions to skilled tradesmen."

John S. Bugas, a Ford vice president, told newsmen after an unusual Sunday negotiating session with the UAW that Ford was ready to get down to brass tacks.

Ford's contract situation, which was made against the backdrop of the UAW's strike threat, was a duplicate of 1955 bargaining in which Ford came up with a three-year contract offer a few hours after the scheduled start of a UAW strike.

FORD BROKE DEADLOCK

In 1955—the last year of bargaining between the UAW and the automotive big three—Ford, Chrysler and General Motors—it was Ford that broke the contract deadlock by offering the UAW additional pay for unemployed workers, in addition to that already provided them by the states.

The Ford settlement cost an estimated 20 cents an hour for each of Ford's 140,000 workers, with five cents of that amount going into the supplemental pay fund known as SUB. GM and Chrysler later made similar concessions to the UAW.

In the intervening three years, the balance in the SUB fund at Ford has risen to \$1 million dollars, while at GM it is \$1 million and at Chrysler, \$1.8 million.

Reuther made this fund one of the principal targets in his bargaining strategy as he asked the companies to release part of it to help unemployed auto workers, those on short work weeks and (Continued on Page 2, Col. 6)

U.S., Red China Trading Views

Representatives Meet in Poland to Discuss Far East Crisis

WARSAW, Poland (U)—U. S. and Chinese Communist representatives sat down in a Polish palace today to begin talks on the Far Eastern crisis.

U. S. Ambassador Jacob Beam and Red Chinese Ambassador Wang Ping-nan braved a barrage of reporters and photographers as they arrived at Mysliwiecki Palace, 18th-century hunting lodge of the kings of Poland.

The negotiators said they would discuss the crisis in the Far East, as the world had assumed they would, but top sources were silent on details of any proposals to be put forward.

It is assumed in diplomatic circles here that if the talks show any sign of progress they will move to a higher level for the definitive stages.

The conference here was announced as a resumption of U.S.-Red China discussions held in Geneva for 2½ years, but broken off last Dec. 12.

The primary emphasis, however, was believed to lie on the Nationalist-held offshore islands in Formosa Strait and U.S. demands for a renunciation of force by Red China.

Appeals for resuming the Geneva talks were made by both the United States and the Peiping government shortly after the Communists began bombarding Quemoy right off the mainland on Aug. 23. U.S. sources here maintain the parleys are only a resumption of the Geneva talks.

Supervisors OK County Budget

Consider Salary Report, Sick Day, Vacation Employee Benefits

Oakland County Supervisors, by a vote of 71 to 3, adopted a 1959 county budget of \$12,285,723 today.

The budget holds the line generally on salaries and benefits to county employees, and allocates \$1,938,700 for county welfare needs.

Those who opposed the budget were Duane Hursfall, of Independence Township, Carl F. Ingraham, of Birmingham, and Marshall E. Taylor, of Walled Lake.

Before acting on the budget, the supervisors took up the report of the Salaries Committee.

On a motion by Fred L. Yockey, the board struck out of the report a section which would have postponed vacation time for county workers of nine years or less service from the present 10 days a year to 12 days, and for those over nine years in service from 15 days to 18 days.

The supervisors then knocked out of the report a companion proposal to cut county workers sick days from ½ day per bi-weekly pay period to one day per month. This was done on a motion by Frank Webber, Addison Township.

The board of supervisors also debated a part of the report which trimmed county contributions to circuit judges' salaries from \$11,000 a year to \$10,000.

The committee recommended the change to bring the judges' salaries down to \$22,500 a year which is the ceiling set by law. The state pays the judges \$12,500 a year, with the county paying the balance.

Ingraham told the assembly that the Auditor-General's office had told him they would not enforce the law. He moved that the \$11,000 county contribution per judge remain the same, but it was defeated 26 to 48.

To Say 'I Do' in Unison

CHIVARI, Italy (UPI)—Giuseppe Costa said today his six children — four men and two women — will be married Thursday in a single ceremony. After their collective "I do," the six Costas and their mates will move into three villas of two apartments each built by the Costa sons.

Nationalists Make 2nd Successful Run

Airdrop Supplies on Little Quemoy

TAIPEI, Formosa (U)— Nationalist cargo planes flew the supply run to Little Quemoy again today. The Defense Ministry said the airdrop was successful.

The announcement gave no other details. Presumably the flight, like the successful one Sunday, was escorted by U. S. and Nationalist fighter squadrons.

Little Quemoy, two miles west of Quemoy, is within easy range of Red jet fighters and probably the anti-aircraft guns bristling on Red China's mainland coast.

Whether the U. S. planes were flying in past the three-mile sea limit was not disclosed. U. S. 7th Fleet ships guarding Nationalist sea-convoys have remained outside it.

As the Nationalist planes flew the new run, a convoy of Nationalist vessels was assembling in the Pescadores for another

School in the News Again

WHAT NEXT? — A guard armed with a revolver keeps watch over Little Rock's Central High School which remained closed today by proclamation of Arkansas Governor Orval Faubus. Citizens are awaiting a plan to operate the

school as a private institution and speculate on the next move by the federal government to enforce a Supreme Court order for integration at the school.

In Little Rock Today:

Four High Schools Closed

LITTLE ROCK, Ark. (UPI)—All four of Little Rock's high schools closed today on orders from Gov. Orval E. Faubus and the NAACP announced that it was leaving the problem of getting them reopened to the federal government.

"There is no sense in the Negro kids going in," Clarence A. Laws, southwest field secretary of the NAACP, said. "As far as I can determine, like Governor Faubus says, the next move is up to the federal government."

As for the possibility of the NAACP's asking for an injunction against Faubus, he said, "I don't think that's a wise idea, because the closing affects all the kids."

Central High, the crux of the Little Rock integration dispute and

the scene of bitter rioting last fall, was quiet today.

So were the other schools: Hall County High, both white, and Horace Mann, a Negro high school.

About 175 teachers were at their posts, since they are under contract and have been paid since Sept. 2, the day the schools were all supposed to open.

Their opening was put off two weeks to await the Supreme Court's integration ruling. If Faubus, who said he feared integration would bring on more violence, had not ordered them closed, they would have opened at 8:30 a.m. today.

Instead, he ordered them closed at 8 a.m.

About 40 white girls, in tight

shorts and sweaters or blouses, reported to Central and were admitted by six or seven civilian guards. So did members of the school band.

"They are members of the pep squad," a school official said. "They are coming in to practice. They will not attend any classes. There are no classes."

He said the band members were checking out instruments.

There were only a few curious onlookers, in addition to about 20 reporters and photographers in front of Central. The guards refused to let them on the school grounds.

It was quiet at the other schools. There are 3,470 students registered in the four high schools, most of whom are worried about their academic future. Many who would have been seniors have already applied to colleges for entrance next fall.

It is entirely possible that they will lose a whole year of school credits unless the schools are reopened soon. The government is believed to hope that Faubus will soon begin feeling internal pressure from parents.

The Justice Department is expected to go to court today with an action to counter the closing order. The first litigation probably will be a petition to perfect the government's status; that is, making it a direct party to the integration action.

So far, the legal dispute has been between the NAACP and the Little Rock school board. The government has taken the position of a friend of the court.

They Don't Stop Him

SOUTH LYNN, England (UPL)—John Watt became a Boy Scout official during the weekend. Watt is 90 years old.

At Least 15 Die in New Jersey Accident Today

Commuter Flies Past Raised Draw-Span Into Newark Bay

ELIZOBETH, N.J. (U)—A commuter train rammed through a raised draw-bridge over Newark Bay today. Two coaches plunged into the water.

The Coast Guard said it had unconfirmed reports at least 15 persons were killed.

Ambulances were called in from all over the area. Bayonne hospital said the injured were arriving too fast to count.

The Coast Guard rushed every available craft to the area as a mammoth rescue operation got under way. Two police launches from New York were dispatched.

A railroad spokesman said the train normally carries 90 to 100 passengers from the shore on a Monday morning.

It had just left Elizabethport for the Jersey City Terminal when it came to the 1,500-foot-long bridge.

"The bridge was up for some reason or other," a railroad spokesman said.

The bridge is a vertical lift type with a center section 120 to 150 feet long which is raised when ship traffic passes.

The Coast Guard said the water at the spot is 35 feet deep at low tide. The bay is a heavily used ship waterway.

The train had left Bay Head at 8:25 a.m. It reached Elizabethport, the station just before the bridge, at 9:57 a.m.

The Jersey Central's terminal is at Jersey City. Passengers for New York City take ferries there to cross the Hudson River.

Coast Guard headquarters in New York City said it was sending everything it can — small boats, helicopters and seaplanes.

The Coast Guard sent out an "all ships" alert for help in coping with the accident. One tug was reported at the scene.

Two diesel locomotives pulling the train plunged into the water, pulling the two coaches with them.

One coach was left hanging over the bridge. Two more remained standing on the track.

"The bridge was up for some reason or other," the railroad spokesman said.

Ship traffic is heavy on the bay, which is about two miles wide where the bridge crosses.

Holding Driver in Death of 2

Police Report Men Changing Tire When Hit in Drayton Plains

A Davison man is being held today for investigation of manslaughter in a Drayton Plains traffic accident early Sunday which killed two area men.

Dead are Alfred R. Adkins, 21, of 163 Augusta Ave., and David J. Williams, 33, of 6831 Saline St., Waterford Township.

Being held is Alfred H. Thompson, 51. Police said the men were parked alongside U.S. 10 at Hatchery Rd. changing a tire when the Thompson car struck them.

Thompson said he must have fallen asleep at the wheel. Police said there was no evidence he had been drinking. Both Adkins and Williams were killed instantly.

Adkins was thrown onto the highway where another car driven by Lowell R. Palmer, 45, of 45 E. Princeton St., struck him a second time.

Thompson is scheduled to make a statement at the Oakland County Prosecutor's Office today. The accident occurred shortly after midnight Saturday.

Over Grim Weekend

Freakish Accidents Claim Fifteen Lives in Michigan

By United Press International
A weekend of freak deaths came to a close today and authorities counted a grim toll of highway fatalities in Michigan.

A United Press International survey showed 15 dead in traffic accidents, three drownings and one miscellaneous death.

The quirk of fate were illustrated when two Traverse City youngsters who were enjoying a ride in their father's dump truck fell from the rear of the vehicle late yesterday and smashed against a rural road.

They were eight-year-old Nancy Lammie and her five-year-old brother Frederick. Fred died instantly. Nancy was rushed to a Traverse City hospital where she died a few moments after being admitted.

A 16-month-old baby met death early this weekend when he drowned in a tub of water in his parents' home. He was Charles Crommiller of Coldwater.

A fourth freakish death occurred in Detroit.

Ralph Miller, 58, was cleaning soot from his chimney. He fell from the roof of his home and was killed when he hit the concrete pavement below.

Sheriff's officers said today they hadn't completed an investigation of a three-fatality head-on crash just outside of Midland.

The preliminary report showed two cars cracked together on M30, killing the driver of the southbound car, 17-year-old Jack Dubois of Midland, and the driver of the northbound auto, Rueben Rife, 56, Wheeler. Also killed was a passenger in one of the vehicles, 30-year-old Dale Dougherty, Midland.

Another multiple-death accident started Saturday in Highland Township, Ottawa County.

Robert Rescorla, 31, of Grand Haven, died instantly in the two-car collision. Mrs. Wilma Nederhede, a 63-year-old Kalamazoo resident, died yesterday from injuries she received in the crash.

Death also was untimely with two tire-changers.

Alfred Reesce Atkins, 21, Pontiac, and a companion, 35-year-old David James Williams, Charleston, were changing a tire on an Atkins' car on U.S. 10 in Waterford Township.

A car plowed into them, killing them as they worked.

Authorities counted four other deaths — highway fatalities:

—Orville Meisner, 17, Sand Lake, who lost control of his car and struck a tree 15 miles north of Rockford in Montcalm County.

—Glenne Dash, a 13-year-old boy who was riding a bike being towed by a motor scooter. He died when a car struck him from the rear on M33 in Comins Township, Oscoda County.

—Laylin Lloyd Jewett, 33, Mason, who lost control of his vehicle and had it slide sideways before turning over several times and killing him near Edmore.

—Donald Ray Roberts, 19, Ne-gaunee, who died early Sunday in a car-pedestrian accident on Omer-Sterling road, Arenac County.

—James Jewel, 17, Detroit, who died when his car crashed into a concrete wall in Detroit.

—Arthur F. Roemer, Tawas City, the state's first traffic fatality of the weekend, who died Friday evening in a crash which injured two others near Turner.

A Detroit youth drowned in St. Clair River near Marine City Saturday when he went under after jumping from his fishing boat and swimming more than 200 feet to shore and turned back. He was 18-year-old Leonard J. Pirrello.

Gerald Dickson, 18, Big Rapids, drowned in Turnbull Lake, Norwich Township, Saturday. His boat had capsized.

Faces Trial in Holly on Charge of Arson

Robert Guth, 25, of Flint today faced trial on a charge of arson involving the Holly Township house fire which caused the death of his companion, William Mosley, 17.

After standing mute at arraignment this morning, Guth was ordered held over in lieu of \$10,000 bond by Circuit Judge Frank L. Doty, who entered a plea of innocent for Guth and ordered him to stand trial.

A previous charge of first-degree murder was dismissed against Guth last week after he waived examination in justice court.

State police said Guth admitted helping Mosley, also from Flint, pour gasoline over the floor of a vacant, eight-room frame home at 1370 Gage Rd. Aug. 30 because they were mad at the owner, Lawrence Hemboldt.

Burned over 75 per cent of his body when the gasoline exploded as it was ignited, Mosley died 17 hours later in Flint Hurley Hospital. Guth was burned less seriously dragging Mosley away from the flames.

Had Road to Himself Till Plane Sped Along

WICHITA, Kan. (AP)—John Eli told police that he became confused by circle drives at Municipal Airport yesterday and suddenly noticed a plane trying to crowd him off the road.

The pilot of a DC-6 passenger airliner, starting to take off, slowed his plane just in time to avoid hitting Eli's auto on a runway. The plane came so close to the car that the pilot noted its license number and radioed it to charge of drunken driver.

Eli was booked at city jail on a charge of drunken driver.

U.S. Jet Planes, Shock Troops Go to Formosa

AIRBASE, Southern Formosa (AP)—A contingent of F104 Starfighters has arrived in Formosa.

Also newly arrived in Formosa is a composite U.S. air strike force—the recently created "small war deterrent" force capable of delivering nuclear weapons and the same type of unit that was sent to the Middle East last July.

The number of Starfighters arriving was not disclosed. The initial group is at a base in northern Formosa. Two of the supersonic jets, which hold world speed and altitude records, whizzed over this southern air base Monday afternoon.

Rio Grande Back to Normal Today

EL PASO, Tex. (AP)—The Rio Grande was its usual sluggish, muddy self today after a make-shift levee baffled a weekend rampage here.

Heavy rains in the New Mexico watershed sent the river on a spree Saturday night and threatened parts of this far west Texas city.

About 1,000 workers, including soldiers from Ft. Bliss, worked all Saturday night to build a 2,000-foot levee.

The water reached a crest of 12 feet above flood stage.

The United States is the major supplier of cotton to the United Kingdom, having exported 588,000 bales in the period from last August to March.

KEEPING UP TO DATE — Pontiac Central High Principal Francis Staley, right, receives a calendar from Thomas A. Horwitz, chairman of the calendar committee of the Pontiac B'nai B'rith Lodge. Looking on, center, is the chapter's president, Mitchell L. Bacow. The lodge each year gives a calendar to each teacher in the Pontiac school system. The calendars note religious holidays of all faiths.

Soustelle Missed by Assassins' Bullets Fail to Kill Top DeGaulle Aide

By GEORGE MCARTHUR
PARIS (AP)—Algerian assassins tried to kill French information Minister Jacques Soustelle in the heart of Paris today, but missed him.

Soustelle, a former governor general of Algeria, was cut above the eyes and under his chin by glass shattered in bursts of gunfire at his car. One bullet whizzed through his coat as he dived to the floor.

In the blistering gunfight that followed, one Algerian was killed and another wounded. Stray bullets killed a French subway worker and wounded three more.

The shooting occurred near the Arc de Triomphe as American tourists and French passers-by raced for cover.

Next to Premier de Gaulle himself, Soustelle is the biggest government figure the Algerian nationalists could attack in France to underscore their determination to win independence for that vast North African territory. Soustelle sits at De Gaulle's right hand in the French Cabinet and is his chief propagandist.

Soustelle, at a news conference after the shooting, blamed the attack on the Algerian National Liberation Front (FLN). Police at first said the attackers were members of the Nationalist Algerian Movement (MNA), which rivals the FLN for leadership in the Algerian rebellion.

The attack came as Soustelle, with his usual police escort, pulled to a stop near his office. Sudden bursts of gunfire shattered the rear window of the car and peppered its sides.

Two American tourists, Jack McLeod and Elmer Johnson of Duluth, Minn., were in a nearby hotel and came running out when they heard the shooting. A French detective with a pointed gun stopped them from taking pictures.

Soustelle told reporters that after the terrorists had stopped firing at his car he got out to head into a building. Then another Algerian, standing nearby, pulled a weapon from under his raincoat and opened fire again.

"I threw myself to the ground," Soustelle said. Police and bodyguards seized this Algerian as he attempted to flee into a nearby subway station.

Soustelle long has been a De Gaulle supporter and an exponent of a hard French policy for Algeria.

It was Soustelle that dihard Frenchmen cheered loudest when De Gaulle made his first trip to Algeria to rein the loyalty of the right-wingers who staged the May 13 revolt against the Paris government. Soustelle had fled to Algeria after being put under house arrest by the then government of Premier Pierre Pflimlin.

Soustelle was minister of information in De Gaulle's World War II Free French government in London. He is known for a personal determination which borders on truculence.

Airdrop Supplies to Little Quemoy Coming Down Rhine Cliff Train Jumps Rail, 18 Killed

(Continued From Page One)

The Nationalists said, wheeled vehicles raced ashore with the supplies and the LST withdrew.

An indication of the long-range aspect of the buildup came with the disclosure by military sources that a large engineering firm already has sent representatives to Taipei with a crash program to build launching sites for U.S. ground-to-air Nike missiles.

Barrack areas also are being laid out, presumably to house a reported total of 5,000 American troops believed due here. Most would be specialists such as missile men.

The U.S. Embassy confirmed that a program has been set up to evacuate most of the 6,000 American women and children on Formosa. They are the dependents of the 3,000 U.S. advisers to Chiang's forces.

So far the evacuation is wholly voluntary.

Division; Philip J. Monaghan, vice president and general manager of GMC Truck & Coach Division; and Thomas A. Wiethorn, Fisher Body Division plant manager in Pontiac.

Among post office department officials expected to attend are Ralph Willis, deputy executive assistant to Sumnerfield; Robert R. Justice, regional director, and members of his staff; Postmaster Edward Baker of Detroit, who is president of the National Association of Postmasters; and three former Pontiac postmasters, Leslie H. Dean Sr., George Stockwell and William T. Jackson.

In addition, all other Oakland County postmasters are being sent invitations, Miller said.

They're Too Realistic

HAGERSTOWN, Md. (AP)—The forthcoming re-enactment of the battle of Antietam already is real enough for Mrs. T. J. Sharp. She got a cannonball, vintage 1862, in her back yard yesterday afternoon. "Soldiers" who will stage the Civil War battle were practicing at a farm about 1 1/2 miles from Mrs. Sharp's.

Another milestone — Sir Winston and Lady Churchill leave the beach at Monte Carlo on the eve of their 50th wedding anniversary with their son Randolph and his eight-year-old daughter, Arabella. The anniversary celebration was held Friday at the Villa "La Capponcina" in nearby Cap d'All, France.

Expect Protests on Open Ditch

Waterford Board Set to Hear Residents in Airport Road Area

A delegation of Waterford Township residents from the Airport road area are expected to be present at tonight's Waterford Township Board meeting, protesting the construction of an open ditch.

Residents living on the west side of Airport Rd., near M50, do not want developers of the Highland Heights Subdivision to build a proposed storm water drainage ditch of any kind.

The township has indicated that if a ditch must be built they want it covered and the developers are expected to meet with the group to work out a solution to the problem, according to clerk James Sesterlin.

In other business contractor for the Sylvan Shores sewer installation, Seymour Weissman, is expected to be at the meeting to collect \$5,029 owed him by the township for the work.

However, the Oakland County Road Commission has asked the township to withhold payment until Weissman settles a \$1,317 bill he owes the county.

The county's bill is for black-topping repair work and new ditching completed by the county on Voorheis Rd. Due to unforeseen circumstances it was necessary for the construction company to tear up the roads and the county later did the repair work.

Historic City Home Will Open to Public

Open house will be held Wednesday, Thursday and Friday at the Moses Wisner Home on Oakland Ave. between 9:30 a.m. and 5 p.m. on each day.

The Oakland County Historical Foundation, owners of the home which they are endeavoring to preserve as a local historical shrine, will have guides on duty to show people through the house and explain its value for such a purpose.

The general public is invited and has been urged to avail themselves of this opportunity to inspect this house built by Judge Moses Wisner in 1847 and which was occupied by his family when he was governor of Michigan.

Gas Price Reduced by Standard Oil Co.

Standard Oil Co. cut its wholesale gasoline prices by 1.8 cents a gallon today in Pontiac and the Detroit metropolitan area.

Other major companies indicated they would follow Standard's lead and said the price cut would be passed on to consumers.

Standard said the cut applied to regular and premium grades. A. V. Fraser, Detroit regional manager, said the cut was made in order to permit dealers to meet competing prices.

Fraser said a survey showed a "substantial" number of major and independent dealers retailing gasoline at 29.9 cents a gallon. If the cut is passed on to customers, Fraser said, most Standard dealers will charge 29.9 cents a gallon for regular and 33.9 cents for premium.

The price cut is effective as far north as Clarkston, Lake Orion and Romeo, Fraser said.

New Contract Offer Expected From Ford

(Continued From Page One)

those who lost their jobs because of movement of auto firms to other cities.

In the weeks before the big three contracts ran out Memorial Day weekend, the companies stood firm in their refusal to increase SUB payments.

The UAW has continued its drive for more of the SUB money and only yesterday a subcommittee of the main Ford-UAW negotiating team met in special session to try to solve the issue.

What success they had was expected to be disclosed when Ford makes its offer today.

Chrysler and GM negotiations resumed today, but chief interest centered on Ford and its offer, which might break the long deadlock and open the way for contracts, covering nearly a million workers in the auto industry and suppliers.

2 Trustees Walk Away From Prison Farm

Two trustees walked away from the Pontiac area Jackson Prison Farm located at White Lake and Teggerdine roads, in White Lake Township, early today according to State Troopers.

The two were identified as William J. Wiseman, 24, of Flint, serving 2 1/2 to 5 years for armed robbery and Juan Delgancillo, 36, of Detroit, serving 3 to 14 years for uttering and publishing.

Neither are believed to be armed, said troopers.

The Day in Birmingham

Police Apprehend Youth After Wild Auto Chase

BIRMINGHAM — An 18-year-old Bloomfield Hills youth was arrested shortly after 2 a.m. Saturday after leading Birmingham Police officers on a wild auto chase across the city and having the rear window of his car shattered by a police bullet.

Robert R. Ridley, of 340 Barden Lane, was released on bond of \$100, posted by his father, J. C. Ridley. Young Ridley was charged with reckless driving.

Officers Edmund Long and Donald Graham said they had attempted to stop Ridley to question him about ownership of the car.

During the chase, which began near the Birmingham Country Club, Ridley drove across lawns and through shrubbery, officers said. The car was finally stopped near the Grand Trunk Railroad Station after they fired a bullet into the rear window. No one was injured.

The car belonged to the youth's father, police said.

Birmingham police are holding Samuel Tumminello, 30, of 2025 Decker Rd., Walled Lake, for investigation of breaking and entering in the night.

He was arrested less than five minutes after Robert Brown, janitor at Alben's Store, 128 N. Huron Blvd., reported at 5 a.m. yesterday that a cigarette machine in the store had been tampered with.

Police said Tumminello had \$36 in small change in his pocket and additional \$73 was found under the front seat of his car, parked near the store.

The only hearing scheduled for tonight's Birmingham City Commission meeting concerns a proposed zoning ordinance amendment.

Herbert Herzberg, city planner, suggested a side yard reduction of six inches for each lot-width foot under 50 feet.

City planners to ease construction hardships on narrow lots.

Commissioners will award bids on the Cole avenue sewer and water main construction.

They also will discuss City Clerk Irene Hanley's proposal for additional registration hours prior to the Oct. 6 deadline for the Nov. 4 general election.

Forms concerning state laws, banning secret societies in public schools, are being distributed this week in Birmingham schools for signatures of students and their parents, according to Dr. Dwight D. Ireland, schools superintendent.

He said this is to remind school district residents of the ruling and to notify all students that school credits will be withheld from any who join such groups.

Each student is required to sign a second statement at the end of each semester, stating he has not been a member of any illegal organization.

Board members of the Federated Civic Assn. of Bloomfield Township will meet at 8 p.m. tomorrow at the conference room of Bloomfield Hills High School to hear reports of the group's various committees.

The reports will be consolidated for the FCA meeting scheduled for 8:30 p.m. Sept. 23 at the school.

Representatives of the township's 70 civic associations have been invited, as well as any other interested residents.

Mrs. Beryl Conrad
Service for Mrs. Beryl (Maude) Conrad, 77, of 16155 Beverly Rd., Birmingham, will be held at 2 p.m. Wednesday at the Forest G. Hay Funeral Home in South Bend, Ind. Burial will be in Cline Cemetery, Royal Center, Ind.

Mrs. Conrad died yesterday after a short illness.

The body will be taken to South Bend today from the Manley Bailey Funeral Home.

Surviving are a son, Donald R. of Birmingham, and two grand-children.

Exotic Weed Wins 1st Place in Contest

SHEFFIELD, England (UPI) — The Gardeners Assn. here had decided to call off its annual flower show competitions because of the appalling summer weather. Then somebody got a bright idea — why not a competition for weeds?

"They are the only things we can grow successfully because of the constant rain," he wrote to secretary Clarence Potter.

Potter agreed. Members had to show "one specimen weed, potted up."

The judges eyed the colorful entries and awarded first prize to a handsome, spreading plant which completely baffled them.

Nobody in the show tent could tell them what it was, not even winner Mrs. Evelyn Cotter.

Second prize was won by a magnificent plantain with broad green leaves and a superb show of seeds.

Two Youths Killed as Building Explodes

CEDAR CITY, Utah (AP) — A small building jammed with four tons of blasting powder and dynamite blew up near this southern Utah community Saturday night. Two youths thought to have been rabbit hunting in the area were blown to bits.

The building was used to store explosives made for the Southern Powder Co. of Millard, Utah. It had thick walls and a steel door with only two points of possible entry—the keyhole of the door and vents in the roof.

Al Cline, an agent for Southern Powder, said the only way the explosion could have been set off was by a sharp blow, as from a bullet.

Officials said they thought the boys had fired through the keyhole because their remains and guns were found in the same direction from the blast as parts of the door.

Science Shrinks Piles
New Way Without Surgery
Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where doctors' observations were continued over a period of many months.

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be

Deaths in Pontiac and Nearby Areas

ALFRED R. ADKINS
 Alfred R. Adkins, 22, of 163 Augusta Ave., was dead on arrival at Pontiac General Hospital Sunday of injuries sustained in an auto accident.

An employee of Dostal Foundry, Mr. Adkins was a member of the Eagles Lodge No. 2887.

Surviving are his wife, Patricia, two children, Kevin A. and Robert D., both at home; his father, Dewey F. Adkins, of Thayer, W. Va.; and his mother, Mrs. Arnold Smith, of Chicago, Ill.

Also remaining are two brothers, Chester Ward of Pontiac, James Adkins, of Chicago; and three sisters.

Service will be held at 3 p.m. Wednesday at the Voorhees-Siple Funeral Home with the Rev. Tom Malone of Emmanuel Baptist Church officiating. Burial will be in Oak Hill Cemetery.

CHRISTOPHER E. BOYLE
 Christopher E. Boyle, 64, of 976 Cameron Ave., died Sunday at Dearborn Veterans' Hospital after an illness of three years.

A veteran of World War I, Mr. Boyle was retired from the Pontiac Motor Division.

Surviving besides his wife, Florence, are a daughter, Mrs. Robert Mehoke, of Bloomfield Hills; three sons, Roderick A. Boyle, of Waterford; Christopher E. Boyle Jr., of Rochester; Brian W. Boyle, of Pontiac; and four grandchildren. Two sisters also survive.

Service will be held at 1:30 p.m. Tuesday at the Voorhees-Siple Funeral Home with burial in Perry Mt. Park Cemetery.

MRS. JAMES H. CULL
 Mrs. James H. (Mary L.) Cull, 70, of 40 Charlotte St., died this morning at St. Joseph Mercy Hospital.

Mrs. Cull was a member of St. Michael Catholic Church.

Surviving besides her husband are a son, James E. Cull, of Pontiac, and three grandchildren. A sister and brother, both of Detroit, also survive.

The Rosary will be recited at 8 p.m. Wednesday at the Huntoon Funeral Home. Funeral service will be held at 10 a.m. Thursday at St. Michael Catholic Church with burial in Mt. Hope Cemetery.

MRS. ALBERT EVANS
 Mrs. Albert (Matilda E.) Evans, 65, of 469 Mt. Clemens St., died Sunday at St. Joseph's Mercy Hospital following a heart attack.

She was a member of the First Church of the Nazarene.

She is survived by her husband, two daughters, Mrs. Herbert Libby, of Pontiac, and Mrs. Lloyd Thorpe, of Auburn Heights; and a son, Wayne J. Evans, of Vassar.

Also surviving are nine grandchildren; four great-grandchildren; three brothers, Harold Chambers of Pontiac, Orel and Carleton Chambers, both of Caro; and four sisters.

At noon Wednesday the body will be taken from the Pursley Funeral Home to the First Church of the Nazarene for service at 2 p.m. Burial will be in White Chapel Memorial Cemetery.

LARS H. PERSON
 Lars H. Person, 61, of 132 Pingree Ave., died Sunday at Pontiac General Hospital following an illness of five months.

Mr. Person was a member of St. John's Lutheran Church and an employee of the Pontiac Motor Division. He was affiliated with Roosevelt Lodge No. 510, F. and A.M., and Vasa Lodge of Pontiac.

Surviving are his wife, Martha; two daughters, Mrs. La Von Ryden and Mrs. Frank Perna, both of Pontiac; two sons, Herbert, of Pontiac, and Harold, of Cincinnati, Ohio; and 12 grandchildren. Four brothers in Sweden also survive.

Service will be held at 1:30 p.m. Wednesday at St. John's Lutheran Church with burial following in Oak Hill Cemetery. Arrangements have been made by Huntoon Funeral Home.

DAVID SAGAMANG
 David Sagamang, 58, of 277 S. Shirley St., died Saturday at his home where he had been in ill health since last April.

Mr. Sagamang was a member of St. Vincent De Paul Catholic Church and was employed at General Motors Truck and Coach Division.

Surviving are his wife, Elizabeth; four sons, Tomas, of Pontiac; David and James Sagamang, who are stationed in California with the U.S. Army and U.S. Marines respectively; Donald Sagamang who is serving with the U.S. Marines in Quantico, Va.; and six daughters.

(Advertisement) (Advertisement)

ters, Mrs. Louis Downs, Patricia, Margaret, and Barbara Sagamang, all of Pontiac; Mrs. Beverly Stenger, of Rogers, City; and Mrs. Consuelo Damian, of the Philippines.

Ten grandchildren and a brother, Gabat Sagamang, also remain.

The Rosary will be recited at 7:30 tonight at the Melvin Schutt Funeral Home. Funeral service will be held at 10 a.m. Tuesday at St. Vincent De Paul Catholic Church with burial in Mt. Hope Cemetery.

HARRY F. SAUNDER
 Harry F. Saunder, 49, of 152 Washington St., died suddenly of a heart attack Sept. 11 at Delhi, Ontario, Canada.

He is survived by his wife, Rhea Jagoe Saunders and three brothers and two sisters in Virginia.

Service was held this afternoon in Halifax County, Va.

DAVID J. WILLIAMS
 David J. Williams, 33, of 6831 S. Line St., Waterford, died Sunday at Pontiac General Hospital after being hit by a car while changing a tire Saturday night.

Mr. Williams was employed at the Warren Alloy Foundry.

Surviving are his wife, Joan; a daughter, Denise, at home; and his mother, Mrs. John Ring, of Escanaba.

Two brothers, Floyd Williams, of Drayton Plains, Daniel Williams of Cornell; and a sister, Mrs. Earl Johnson, of Ortonville also survive. His body is at the Coats Funeral Home, Drayton Plains.

MARIAN SENTKOWSKI
 ROCHESTER—Service for Marian Sentkowski, 34, of 2531 Longview St., who died Saturday at his home, will be held at 10 a.m. tomorrow at the William R. Potere Funeral Home. Burial will be in Mt. Avon Cemetery.

Mr. Sentkowski came to Rochester from Poland about 10 years ago. He had been employed as a welder.

MRS. RAYMOND STEPHENS
 LAPEER — Service for Mrs. Raymond (Grace) Stephens, 50, of 3773 Davenport Rd., Hadley, will be held at 2 p.m. Wednesday at the Hadley Baptist Church with burial in Greens Corners Cemetery.

Mrs. Stephens died yesterday at Lapeer County General Hospital of a heart condition.

The body will be at the Muir Brothers Funeral Home in Lapeer until time of service.

Surviving are her husband; three daughters, Mrs. Elaine Hewison of Metamora, Mrs. Roselyn Johnson of Compton, Calif., and Mrs. Irene Yaklyvich of White Pine; and a son, Robert at home.

She also leaves her parents, Mr. and Mrs. Nicholas Van Belkum of Kent City; six brothers, three sisters and six grandchildren.

2 Area Drivers Hurt in Brandon Smashup

A two-car smashup early Sunday morning in Brandon Township injured two area drivers according to Oakland County Sheriff's Deputies.

David W. Putnam, 38, of 74 Camley St., Waterford Township, was treated for minor injuries at Pontiac General Hospital and released. Also treated at Goodrich Hospital and released was Oliver R. Wolfe, 28, of 1385 Connell Rd., Ortonville.

The collision took place at M15 and Myron street, said deputies.

Woman Hurt in Collision at Intersection in City

One person was injured slightly Sunday, at 4:30 p.m., when two cars collided at the intersection of Raeburn and Jessie streets.

Martha Messer, 22, of 465 S. Jessie, told police she had stopped at the intersection at a stop sign and thentried to drive quickly across before the other car reached the intersection.

The other driver, Juanita C. Hill, 28, of 295 Raeburn, told police that Miss Messer failed to stop.

Injured was Betty Messer, 25, of Detroit. She was treated at St. Joseph Mercy Hospital for a head injury and released.

Deaths Elsewhere

BLUEFIELD, W.Va. (AP)—Dr. D. V. Kechele, 65, well-known radiologist and former head of the West Virginia Cancer Society, died Saturday. He was born in Lindsay, Ohio.

NEW SMYRNA BEACH, Fla. (AP) — Walter Thomas Morton, 67, retired engineer for Ford Motor Co., died Saturday.

BOSTON (AP)—Arthur J. Good, 72, news editor and assistant managing editor of the Boston Daily Record, died Friday. He was a veteran of 53 years in journalism and had been with the Hearst newspaper organization 39 years.

Highest point in Texas is Guadalupe peak with a 9,000 foot altitude.

Open Letter to the People CITY of PONTIAC

from
The Pontiac Police Officers Association

On Sept. 8th and 9th three separate letters appeared in the voice of the people, condemning the Pontiac Police Officers Association for its charges against Chief of Police Herbert Straley. These three articles praised Chief Straley and upheld his actions of late. None of the letter writers chose to give their names. It is our opinion that they could not give their names without revealing the fact that they are either close friends of Chief Straley, members or a small group of policemen who stand to benefit only if Chief Straley remains Chief of Police, or else Chief Straley himself. We find it difficult to believe that the average citizen is going to condemn any organization which is charging or attempting to expose any public official whom they feel is guilty of wrong-doing. Every police officer in the city of Pontiac including the Chief of Police is responsible to the citizens and taxpayers who make their jobs possible. These people have every right to expect full value for their tax dollars. When the actions of any individual in the service of the public is such that the public is deprived of the type of service they are entitled to, then it is the responsibility of any and all concerned to do everything within their power to remedy the situation.

Exposing an individual as powerful as a Police Chief can sometimes be very difficult. In all three of the afore-mentioned letters reference was made to the fact that the Police Officers Association, for several years now, has been at odds with Chief Straley. They say that we have placed charges against Chief Straley several different times in the past. These statements are all true. Not once have we ever attempted to hide our actions. On the contrary, we have made every effort to bring them to the public's attention. It is our opinion that until the public learns just what is taking place within the higher ranks of its Police Dept. and City Hall, then little or no remedial action will take place.

It is true that some of our charges and complaints with Chief Straley have been of the type which would occur in other types of employment and which concerned working conditions, and wage problems common in other fields. No one can deny any working man the right to fight for fair wages and working conditions. However many of the charges placed against Chief Straley were of a nature that seriously lowered the caliber of police service rendered the public. In every case the public was either directly or indirectly effected by the conditions that existed. Any time any municipal employee, regardless of position, is suspected, charged, accused, or even remotely connected with any criminal acts, wrong-doing or dereliction of duty, the public has a right to know about it and expect disciplinary action. Whether it is an officer, a civic group, or individual citizen, anyone has the right to voice objections and demand action from those so empowered to act in such matters.

The writers of the three letters in the voice of the people seem awfully anxious to "shut our association up," as one of the writers put it. If Chief Straley is so innocent of the charges we have preferred, then why hasn't the City Manager placed the matter before the Civil Service Commission so that he can be officially cleared.

In 1952 a patrolman was forced to resign or be fired for only recommending a lawyer to a prisoner on trial. One writer states that Chief Straley had every right to help Mr. Burke get a parole. The same writer then asks what business it is of the Association's. We will answer the first statement by pointing out that the man Straley helped get paroled was a known criminal with a long list of convictions, and a man who on release from prison immediately organized a gambling syndicate, which only recently was broken up — not by our department, under Chief Straley, but by the State Police investigators who had been called in secretly by members of the Dept.

Hasn't anyone stopped to wonder why the Chief of Police wasn't informed by the State Police of the investigation and the raids which followed? The question asked as to what business it is of ours, we will not answer, as the question itself is too ridiculous. It is not only our business, but the business of every citizen in Pontiac.

In two of the letters writers knock Civil Service and refer to it as "that thing we voted in." Civil Service is not to blame for the situation that exists now. Police Departments all over the country operate efficiently with civil service. Our own Fire Dept. has operated for many years without any trouble of any kind. But then our Fire dept. is not under Chief Straley's command.

One of the writers asked who was behind the uproar and wanted to know what they had to gain; implying that someone was misleading the members of the association for personal gain. The officers and committee members of our association are elected to their jobs by a vote of the members once a year. The persons holding those positions seldom hold them two years in a row. The only thing that these men in office can ever expect to gain is retaliation from Chief Straley for representing the men in their grievances and problems. Such things as holding up of pay raises, refusal to make promotions after the wrong men passed the examinations he himself ordered, failure to furnish adequate uniforms as ordered by the City Commission, and a hundred other things which he as Chief has the power to control. Hardly any man who ever served as an officer in our association or on one of the committees hasn't been threatened by Chief Straley at one time or another. This is the gain they can expect.

57 police officers on this Dept. signed a resolution to City Manager Willman asking for charges against Chief Straley just recently. Not only patrolmen, but Lts. and Sgts. signed the resolution. The resolution was passed by secret ballot at an association meeting. No pressure was brought to bear by anyone. To think that a patrolman could pressure a Lt. or Sgt. is ridiculous to begin with. Had no endorsements been called for on the resolution, the facts would have still been the same.

Had any other officer on the Dept. been connected with a known criminal in the manner Chief Straley was, he would have been immediately stripped of his equipment and suspended from the Dept. pending further investigation. You cannot expect a dept. to operate correctly with two different sets of rules. What holds true for the majority should hold true for the Chief of Police and his associates.

We of the association realize that there are a few on the Dept. who would hate to see Chief Straley go. Many of the positions that they hold are the result of their friendship with the Chief. Such things as using city vehicles for their personal use, holding jobs on the dept. that rightly should be held by officers who passed examinations for them, and in general, receiving favored treatment by the Chief. Several of the positions these few men hold were considered unnecessary by the Public Administration Service report that the city just completed. This report even suggested that they be performed by departments other than the Police Dept. We can understand why these few officers would make every effort to protect Chief Straley, and thereby protect themselves. We cannot condone their actions, however, when the entire dept. as well as the city must suffer.

In Sept. of 1957 City Manager Walter K. Willman and the City Commissioners authorized the expenditures of \$8,000.00 of the taxpayers' money to obtain a report on conditions within the Police Dept. This survey and subsequent report was made by the Public Administration Service of Chicago, Ill. Their investigators spent several months in Pontiac preparing this report which is public information and is available to every citizen requesting same at the City Clerk's Office. We strongly urge every interested citizen to make an appearance at the City Clerk's Office to read and study this report for we are confident that they will then be truly enlightened and educated as to the existing circumstances surrounding the present and proposed operation of their Police Dept. This report was highly critical of Chief Straley and his administration of the Dept. A suggested plan for improvement was outlined in detail by this same report which included a complete re-assigning of the department's personnel and equipment. Up to the present date only two of the survey reports recommendations have been placed into effect which include the hiring of a Director of Public Safety and the placing of the present violations bureau from the jurisdiction of the Police Dept. to the Municipal Court.

As a final thought, we would like to point out the fact that in Monday's paper a letter was printed from someone signing their letter "Observer." The very next day, a letter answering "Observer" was printed. How was the person signing the letter "Conscientious Objector" able to get his letter through the mail, to the press, and get it printed in one day time. One would almost think that the letters were both written at the same time, by the same person, and mailed one day apart so as to appear in the Press two days in succession.

In the past the Pontiac Press has declared that its policy involving letters criticizing individuals or organizations was that they would not be printed without also printing the writer's name. Why then were these three letters printed with fictitious names while other letters voicing different issues were not allowed to be printed?

We realize that the Press is a powerful means of controlling public opinion and that their support usually means success for an individual or a project. The Pontiac Press as well as the City Manager and the City Commission have backed Chief Straley in almost everything that has taken place. It is indeed unfortunate when one man can have such power over so many people. We are confident, however, that eventually the public will demand an accounting of the actions of those who have thwarted the efforts to remedy the matter. A "One Newspaper" town does not have the opportunity to receive more than one interpretation of facts and situations. They say that you can't beat "City Hall". They should add "Or the Press."

In conclusion, we pledge that our association will never stop trying to expose any and all acts of inefficiency or malfeasance in office of Chief Straley, or any other Police or City Employee or official any time we discover them. With or without the help of the Pontiac Press or the City Commission, we are confident that no one individual, guilty of wrong-doings, can avoid being exposed in due time.

Signed

**The Executive Board,
 Pontiac Police Officers' Association**

Political Confab With Ike Today

GOP in Rhode Island Hope to Offset Dem Victories in Maine

NEWPORT, R. I. (AP)—President Eisenhower today holds his first formal political conference since the Republicans took a trouncing in the Maine elections a week ago.

The meeting is with Rhode Island Republican candidates for Congress and state offices, and other state party leaders.

Democratic victories in Maine were a staggering blow to Republican hopes for capture of control of Congress.

Today's meeting gave Eisenhower an opportunity to tell something of his plans for participation in the fall campaign in an effort to stem the Maine tide.

There was no advance indication the conference would deal with the demands of many Republican candidates that Eisenhower get rid of Sherman Adams, his chief White House aide.

The demands are based on contentions that Adams, under intense new fire because of his relations with Boston industrialist Bernard Goldfine, has become a major political liability.

Eisenhower has remained silent about Adams since the party setback in Maine, where the Goldfine case was an undertone issue. In June the President said Adams had been imprudent but that nevertheless "I need him" to stay on in the White House.

There have been reports the last couple of days that Eisenhower may end sometime this week the work-vacation he started here Aug. 29. But whether he would go directly back to Washington is uncertain. There is talk of an in-between stay at his farm home at Gettysburg, Pa.

The President has tentatively scheduled at the Newport White House tomorrow a conference with

TOP KNOT—This new coiffure by Walter Florell of New York features wide bands of hair that boldly wrap the head and spiral to a chignon on top. The hairdo is called "Pride and Prejudice."

Atty. Gen. William P. Rogers on school integration problems. Eisenhower attended services yesterday at a Navy chapel. After the services he played golf at the Newport Country Club.

Man Really Swallowed Five Pounds of Metal

STOCKHOLM (UPI)—Reports that a Swedish man had swallowed five pounds of metal rang false to skeptics until the newspaper Expressen yesterday printed a picture of the 2,300 items retrieved from him by an operation. The items included fish hooks, tacks, pins, buttons, curtain rings, screws, keys, nails, brads, a number of Swedish coins and an emblem emblazoned with the word "peace."

New Many Wear FALSE TEETH With More Comfort

FASTTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly to eat and talk in more comfort. Just sprinkle a little FASTTEETH on your plates. No gummy, soapy, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

Cite Likely Factors in Disease of Heart

ALBANY, N.Y. (UPI)—Obesity, high diastolic blood pressure and elevated cholesterol may be factors in coronary heart disease in middle-aged men, a team of Albany Medical College physicians said yesterday.

Alcohol consumption and smoking were not found to be contributing factors to the disease, according to the team, headed by Dr. Joseph T. Doyle, associate professor of medicine and director of the cardiovascular health center.

In their study of 1,900 middle-aged men, the team found that being "moderately" overweight does not certainly mean an individual will suffer from coronary heart disease but there is likelihood a person will get it if he is obese.

Suspends Skipper, Mate for Running Aground

SAN FRANCISCO (UPI)—The Coast Guard has suspended the licenses of the skipper and navigator of the American President Lines ship President Hayes.

The Coast Guard said after hearings into the grounding of the ship May 13 on a coral reef 400 miles southeast of Hong Kong that the men had been negligent. There were 12 passengers and 59 crewmen aboard the vessel.

Suspended for two months was the license of Capt. Orion A. Larson and for three months, that of 2nd Mate Howard T. Hanson.

Red Mine Changes Name

VIENNA (UPI)—The name of the "Roosevelt" coal mine near Ostrava, Czechoslovakia, has been changed to "Mine of the Czechoslovakian Army," Radio Prague said today. The mine had been named in honor of the late President Franklin D. Roosevelt.

It's Old Stove Round-up Time!

SEE WHAT A MODERN **GAS RANGE** WILL GIVE YOU

- ★ **AUTOMATIC COOKING.** The new gas burner-with-a-brain makes every pot and pan you use an automatic cooking utensil. Simply set the dial . . . the flame raises and lowers itself to maintain the exact temperature you want. Does all your pot-watching for you! Foods won't burn, scorch, or dry out.
- ★ **CLOCK-CONTROLLED OVENS.** Set the timer on the new gas range oven . . . leave for the day! Whole meals cook to perfection without worry or watching.
- ★ **PERFECT BROILING.** Direct flame broiling seals in the natural tender flavor of meat. And with gas it's smokeless closed door broiling.
- ★ **TIME SAVING.** A turn of a dial and the correct cooking temperature is there . . . instantly! With a gas range foods start to cook at the moment you command.
- ★ **EASY CLEANING.** Nothing beats modern gas range design for quick and easy cleaning. Removable parts, including burners that can be washed in the sink.
