

Macmillan Talks With Khrushchev on State Matters

MOSCOW (AP)—Prime Minister Harold Macmillan and Premier Nikita S. Khrushchev got down to formal talks in the Kremlin today after a get-acquainted weekend in the country.

The opening of the little summit talks in the Kremlin coincided with the 41st anniversary of the Soviet army and navy. The official Communist Party newspaper Pravda used the occasion to warn the West against starting a war. It also criticized the agreement reached on Cyprus last week by Britain, Turkey and Greece.

Macmillan, who arrived here Saturday, was the guest of Khrushchev yesterday at the latter's dacha, or country villa, 50 miles southeast of Moscow. The villa was built for the late Josef Stalin and is one of several maintained by the government.

Go-Ahead Due on Courthouse

County Supervisors Are Expected to OK Start of Planning

Authorization is expected to be given tomorrow by the Oakland County Board of Supervisors for the county to proceed with plans to build a new courthouse.

Plans and money laid aside for the \$4,500,000 building, to be located at Telegraph road, northwest of Pontiac, had been held up pending a decision by the Michigan Supreme Court.

This decision came last Thursday when the court ruled a \$1,666,407 fund to finance the building had been collected legally from non-tax or miscellaneous receipts.

The Oakland County Taxpayers League, which filed suit in 1956 to block the construction, contended the supervisors had violated a law which prohibits counties from levying in any one year more than one-tenth of one mill for the purchase of lands or construction of public buildings.

With the freeing of the funds, supervisors tomorrow are expected to give a Special Courthouse Committee the go ahead to sit down with architects to put plans back into action.

Another order of business will be to revise the cost of the proposed Farmington interceptor sewer. In a resolution approved at the January meeting, an incorrect estimate was given, according to Norman R. Barnard, corporation counsel.

Latest developments on a request for a second probate judge for the county will be aired, too.

A recommendation that the vacant Contagious Hospital not be used entirely for the mentally ill will be given by a special committee looking into future uses of the 80-bed hospital on Telegraph road.

Start Driving Series

Traffic accidents killed \$7,000 in the U. S. last year.

Why? Needless driving practices were at the root of almost all highway mishaps.

A series of 12 concise "Driving Lessons," each illustrating a common traffic hazard and its remedies begins on Page Two of today's Pontiac Press.

Lenten Guideposts

Faith Brought Gospel Singer From Poverty to World Fame

By JOHN LEWELLEN

The place: Chicago. The time: the 1930s—the depression is still on. The setting: a theater jammed with job-hunters—a WPA dramatics project is screening talent for "The Hot Mikado," a musical with an all-Negro cast.

In the crowd of applicants is a big, vital-looking Negro woman with an anxious face. Her name is Mahalia Jackson.

She is not worried about her singing ability, she is worried about being in a theater at all. Since early childhood she has been taught to believe that singing in a theater or night club is wrong. But an elemental force has driven her here, against her principles, against her moral judgment. She is hungry.

For months her only income has

been from singing gospel songs to church audiences at 10 cents admission, or "pass the plate."

Mahalia is the last to be called and she sings magnificently, her great silver voice full of faith and yearning.

Mahalia walks home. She feels sure she has won, but there is no gladness in her heart. She needs the money. Her husband and her friends need the food it will buy.

But she knows, also, that if she accepts the part she will be violating her own principles.

"Oh, Lord," she prays, "help me. If You don't want me to do this thing, give me a sign, I beg of You."

When she gets home, her husband runs out to meet her, to give her the good news. He has landed a job selling 20-cents-a-week insurance policies from door to door. But to Mahalia it is more than a job—it is a sign from the Lord, proof that He will take care of those who keep the faith.

When the WPA people call to tell her she has won the audition, she astounds them by turning down the part.

That was a quarter of a century ago, and although numerous offers have since run as high as \$10,000 a week, Mahalia never yet has sung in a nightclub or in any place not appropriate for her (Continued on Page 22, Col. 5)

Early Morning Fire Razes \$700,000 Huron Bowl

Flames Consume W. Huron Building

BATTLE RAGING BLAZE — The west wall (left) of the Huron Bowl is toppled as tons of water are hosed into the crackling inferno. Billowing, acrid smoke worried dozens of nearby home

dwellers and attracted hundreds of early morning motorists. Despite firemen's efforts, the fire continued to rage until the building was gutted.

2 Major Traffic Snarls Reported

Wet Snow, Rain Perils Area Motorists

A heavy, wet snowstorm accompanied by rain and rising temperatures hit the Pontiac area this morning, creating perilous driving conditions for local motorists.

The Oakland County Sheriff's Dept. warned drivers of slippery spots on state trunklines, although most major trunklines have been sanded and salted.

Two major traffic snarls were reported this morning. North-bound lanes on Telegraph road south of Long Lake road in Bloomfield Township were blocked when 14 trucks failed to negotiate a hill there.

A second jam was reported on M59 between Crescent Lake and Airport roads. East-bound M59 and south-bound Crescent Lake traffic moved at a snail's pace for three-quarters of an hour.

The storm dumped up to four inches of new snow in some parts of the state, Manistee and Ludington were cut off from long distance telephone service.

Two and a half inches of snow pelted this area overnight.

Temperatures were expected to climb into the 40s today in Pontiac, bringing an end to freezing rain.

However, the Weather Bureau said the warming trend would be short-lived with much colder temperatures and increasing winds forecast for tonight. The

colder temperatures were expected to turn the snow-rain into snow flurries.

The mercury will hover in the 18-25 degree range tonight. Southerly winds at 12 to 15 m.p.h. will shift to west-northwest at 18 to 25 m.p.h. late this afternoon and tonight.

Tomorrow will be partly cloudy and colder with a few flurries. A high of 22 to 28 is expected.

For the next five days, temperatures will average near the normal 34 high and 21 low. A warming trend is expected Wednesday and Thursday, with temperatures dropping again Friday and Saturday. Rain or snow is likely Thursday and Friday.

The lowest temperature recorded in downtown Pontiac preceding 8 a. m. was 32. At 1 p. m. the thermometer registered 39.

Scores Search Mountains for Missing Doctors

BERLIN, N.H. (AP)—Scores of volunteers today ploughed through deep snow on the White Mountains while spotters flew overhead in a search for two doctors missing since last Saturday on a 70-mile mercy flight.

Authorities expressed fear for the safety of Dr. Ralph E. Miller, 60, an experienced pilot, and Dr. Robert E. Quinn, 32, both members of the Dartmouth Medical School faculty.

They disappeared at 3:30 p.m. Saturday while flying in a single engine plane from Berlin to Lebanon. They had gone to Berlin to treat a heart patient. The temperature Saturday and Sunday nights was about 15 degrees below zero.

Guards posted on Sunday night said they saw no sign of any outdoor fires in the mountainous region. Authorities said it would be difficult to survive outdoors for more than 24 hours.

Some 40 planes and a helicopter flew over the area near Lebanon and White field.

The Dartmouth Outing Club special rescue squad led the ground search. The group is composed of expert skiers and includes two doctors.

Water Flowing Into Wabash After Dike Dynamited

LAWRENCEVILLE, Ill. (AP)—Water which covered some 33,000 acres of Illinois farm land is draining back into the Wabash River through a dynamited breach in a clay dike.

The farm land was flooded Wednesday when the swollen Wabash burst through the levee near Russellville, about 10 miles upstream.

Farmers blasted a 100-foot long hole in the dike Saturday. The breach is on the east side of the river, across the Wabash from Vincennes, Ind. Farmers said the flow from the fields did not raise the river level.

Smashups Kill 2 in Lapeer Area

Accident Near Davison Claims Life of Woman From Ortonville

Two area men were killed Sunday in accidents about two hours apart on highways near Lapeer.

A third weekend traffic victim was an Ortonville woman who was fatally injured in a two-car crash Saturday on M15, five miles south of Davison.

Dead are George Wood, 31, of Oxford; Alvin E. Johnson, 45, of Lapeer; and Mrs. Joseph (Irene) French, 38, of Ortonville.

The Oxford father was killed and six other persons, including four children, were injured in a two-car crash Sunday afternoon on M21, five miles west of Lapeer.

Wood, who lived at 24 Glaspe St., was dead on arrival at Lapeer County General Hospital. His wife Joyce, 30, suffered facial cuts, and their daughters, Kay, 9, and Susan, 5, had cuts and bruises.

Other passengers in Wood's car were Mrs. Wood's brother, Herbert Shaw, 11, of the same address, who was slightly injured, and a neighbor, 10-year-old Kathleen Brooks, daughter of Oxford patrolman and Mrs. Chauncey Brooks. She had a broken nose and possible arm injury.

All of the injured were admitted to Lapeer County General Hospital, where they were reported in fair to good condition today.

The driver of the other car was Russell E. Summers, 29, 801 Cornelia St., Flint. He suffered a broken neck and was transferred to Hurley Hospital, Flint. His wife, a passenger in the car, was unhurt.

Lapeer County sheriff's deputies said Wood's car hit Summers' auto broadside as Summers turned into (Continued on Page 2, Col. 4)

Bowling Alley, Lounge 4 Other Concerns Gutted

Fire of undetermined origin destroyed the \$700,000 Huron Bowl building at 1124 W. Huron St., Waterford Township, early this morning.

The one-story steel and cement block structure, which housed one of the largest bowling alleys, the 300 Lounge Bar, a restaurant, and four other business concerns, were completely gutted.

About 55 firemen from Waterford Township and Pontiac fought the blaze in vain.

"By the time we arrived the fire had gotten too big a start on us," said Waterford Township Fire Chief Edward Smith. "It had spread throughout the front of the building, he said.

Pontiac Assistant Chief James R. White, who arrived with three city trucks and 15 men about 6:45 a.m., said the fire seemed to be centered in the middle of the building toward the front.

"The roof had collapsed in front and smoke was billowing from the structure."

Township firefighters were hampered by a frozen hydrant directly in front of the blazing structure. After their arrival shortly after 6 a.m., it took about 20 minutes to begin pumping water.

Witnesses said the first sign of fire came from the 300 Lounge in the front center of the building. Firemen believe the blaze may have started in the restaurant in the basement and then spread to the 24-lane bowling alley.

"Once they hit those laquered and varnished alleys, the flames spread rapidly to the rear of the building," observed a soot blackened fireman.

Beside the lounge, restaurant and bowling alley the building housed a snack bar, a barber (Continued on Page 2, Col. 4)

Intruders Leave Clues

LONDON (UPI)—A squad of policemen arrived too late at a London store to nab some after-hours intruders, but there were definite clues to their age group—empty ice cream containers, empty ginger pop bottles and sticky little handprints everywhere.

The Odds Were Too Great

BRAVING FLAMES — Closeup photo shows how firemen pitted themselves against deadly smoke and flames at the peak of the Huron Bowl

Snow Welcome Close to Blaze

Houses Get Protection as Downfall Puts Out Falling Sparks

For the umpteenth time this winter, most people were complaining about the weather this morning. But for some folks in Waterford Township, the newest snowfall was a Godsend.

Anxiously, householders near the Huron Bowl fire watched the black, billowing clouds gushing up from this morning's fire, sending a shower of angry sparks over the neighborhood.

The sparks descended like rain on the roofs of the nearest homes. But fresh snow blanketing the roof gave them protection. The sparks flared out harmlessly.

"The snow came at just the right time, as far as we're concerned," said Mrs. Andrew Peekie, 1130 La Salle Ave., a block north of the blaze.

The smoke was so dense in the neighborhood that Mrs. Peekie first thought it was fog.

It settled so thickly in the home of Ivan E. Herr, 1135 LaSalle, that he thought the fire centered in his own house.

Herr aroused his family, sending his five children next door for refuge, then called the township fire department.

The Vern Crake family, 1129 La Salle, was awakened when the Herr children pounded on the door for admittance.

From their rear door, the Crakes could feel the heat of the flames raging in their direction a half-block away.

Coincidentally, a nearby home actually did catch on fire, but firemen said it had nothing to do with the bowling alley blaze.

A small blaze was discovered in the basement of the home of Mr. and Mrs. Glenn Auten, 1146 W. Huron St. shortly after 7 p.m.

Firemen didn't know what caused the fire, but said it wasn't due to sparks. The Autens are in Florida on vacation, neighbors said.

Business Booms for Merchants on 'Hatchet Days'

Local merchants today reported a large increase in Saturday business as droves of customers turned out to take advantage of their second annual "Hatchet Days" sales.

Sponsored by the Downtown Merchants Assn., the sales are the merchants' way of paying tribute to Washington's birthday.

Assistant manager of Kresge's downtown store, Bernard E. Marlow, reported a "marked increase in sales, with more people in the store Friday and Saturday than for some time."

Waite's Department Store reported its sales at a high for this year and crowds were waiting in front of WKC, Inc., before it opened.

Archie Barnett, owner of Barnett's Clothes Shop, reported his store had one of its "biggest Saturdays of the year."

William MacDonald, president of Miracle Mile Businessmen's Assn., reported the shopping center's Washington Birthday Sales Day a huge success, exceeding last year's and all prior expectations.

Senator Learns Fast

WASHINGTON (AP)—Sen. Harrison A. Williams (D-NJ) has figured out the difference between the two houses of Congress. A former representative, the freshman senator says: "I've got a larger office, more help and 10 times as much work."

MAHALIA Jackson.

County Dems Thwarted by a 'Hand-Picked' Slate

By GEORGE T. TRUMBULL, JR.
GRAND RAPIDS — Democrats from Oakland County failed to penetrate a "hand-picked" slate of 14 nominees for state offices at the State Convention which ended here Saturday.

Joseph S. Radom, a 46-year-old West Bloomfield Township attorney, was cast into a role of a political sacrificial goat in Oakland's last-ditch bid to place a local man on the April 6 Democratic ticket.

A veteran of many Democratic conventions, who asked that his name not be used was bitter when he saw Radom's campaign tactic to nothing. "This slate has all been hand-picked," he said.

Oakland's only other chance for a nominee, Albert W. Marble, 50-year-old director of the Michigan Credit Union League, also from West Bloomfield, never got his campaign as far as the convention floor of the Civic Auditorium.

The local delegation of 125 urged Marble to pull out of the race for a seat on the new Wayne State University Board of Governors feeling Oakland County had little chance to place two local sons on the six-member board. So Radom was singled out as having the best chance.

However, after a parliamentary mixup was straightened out and vote tallied, Radom had only 125 votes from his fellow Oakland Democrats and another 23 votes from Washtenaw County to show for his efforts.

Winners for this first of two

two-year terms on the board were Detroit Dr. DeWitt T. Burton and Clair White, a Bay City teacher. They received 1,364 and 1,645 votes, respectively, to Radom's 148.

Radom, of 2617 Cove Lane, might have had another 119 votes had not the chairman of the 7th District reported the wrong tally of his delegation. A hurried huddle later produced not a single vote for Radom.

There will be two county names on the April 6 ballot. They will be Republican nominees for two Supreme Court justice posts, William H. Baldwin, of Bloomfield Township, and Maurice F. Cole, Circuit Court commissioner from Ferndale.

They will be up against incumbents Justices George Edwards and John D. Voelker, both re-nominated without opposition Saturday.

Former Birmingham resident and now U.S. Senator Philip A. Hart nominated Edwards, whose name has been mentioned in some circles as a possible successor to Gov. Williams.

Justice Edwards, in the process of writing a book on criminal corrections — "It won't compete with John's for the best-seller list" — said in accepting the nomination, "I will continue to hold judicial office with complete dedication to that task alone."

A successor to Voelker's re-nomination alluded to Voelker's "Anatomy of a Murder" novel being

on the best-seller list for 56 weeks as a qualification.

Prior to this, the majority of Oakland delegates were scurrying about the convention floor trying to stir up votes for Radom and were unaware that Gov. Williams had been overwhelmingly endorsed as 1960 presidential timber.

They were no different from the rest of the delegations who hardly gave a spattering of applause when this plank of the party's 1939 platform was read.

Delegates, 1,605 in number, were too busy rallying support for their favored candidates to pay much attention to a rubber-stamped batch of resolutions. Few, if any, delegates realized what resolutions they had endorsed.

But they were sure where the party stood on the question of Williams' proposed state income tax. They endorsed the plan with no discussion from the floor.

When told by a reporter of Williams' endorsement, Carlos G. Richardson, Oakland County Democratic Committee chairman, remarked, "It will go over big with Oakland Democrats, but..."

Willis M. Brewer, who modestly shys away from the title of Mr. Democrat in the county, pledged his support should the six-term Michigan governor go for the nomination.

This was the first actual backing given Williams by the party for the presidency, although his name has been mentioned numerous times.

Former Waterford Township resident Billie S. Farnum, deputy to Secretary of State James M. Hare, said support of Williams for the president had come about as counties flooded the resolutions committee with similar endorsements. Oakland Democrats were the exception.

However, the local Democrats had the jump on the rest of the state when they favored Williams for the presidency in a resolution adopted last August.

Interest among the Oakland delegation appeared to dwindle after Radom's setback. During the nominations there were but a scattering of about 50 delegates still in their seats.

Some had made an early exit, weary from the four-hour-long caucus they had at the Pantlind Hotel Friday night. Farnum led the caucus.

Major interest during this caucus was the election of Mrs. Robert (Harriet) Phillips, a Huntington Woods housewife and supervisor, John Archambault, of Madison Heights, Everett C. Sparlock, of 146 Franklin Blvd., and Mrs. Louis H. Golden, of 2025 N. Lake Avenue Rd., Waterford Township, to represent the county on the 73-member State Central Committee. Mrs. Phillips is the only incumbent.

Another setback for the Oakland Democrats developed when the resolutions committee refused a suggestion from county delegate-at-large, Mrs. Irene E. Murphy, University of Michigan regent from Birmingham, to have the party support another constitutional revision.

Mrs. Murphy's plan, favored by the local Democrats at their county convention in Pontiac, called for an initiative petition action for a constitutional convention based on party strength in the House of Representatives, split 55-35.

Michigan Democrats opposed a similar recommendation last fall, which voters later killed at the polls in November, which would have selected three convention delegates from each of the state's 34 senatorial districts.

Democrats said they would have given Republicans an unfair majority in the convention since they have a 22-12 margin in the Senate.

Mrs. Murphy said she was told by the committee her proposal offered "nothing new" and was therefore rejected as part of the party's platform.

Oakland, State Democrats Pick Slate for April Vote

Oakland County and other state Democrats Saturday picked this slate of nominees to oppose Re-

Wintry and Wet Weather Hits Much of Nation

By The Associated Press
Wintry and wet weather prevailed across broad areas of the country today.

A storm which hammered sections of the Rockies and plains spread into the middle Mississippi Valley, dumping rain, sleet and snow over the central part of the country.

British-Soviet Talks Get Down to Issues

(Continued From Page One)
lunch around a long, ornate table in the dacha's big dining room. Khrushchev sat on one side, flanked by Reilly and the ambassador's wife. Mrs. Khrushchev sat opposite him with Macmillan on one side and Lloyd on the other.

When lunch was over, Khrushchev proposed a champagne toast to the British royal family. Macmillan responded with a toast for all Soviet President Kliment E. Voroshilov.

The Soviet newspapers gave considerable space to Macmillan's visit. They carried the full text of his speech at a Kremlin dinner Saturday night in which he warned against the dangers of "muddling" into war.

Some observers noted that it was the first time in years that the Soviet picture of "the aggressive West" had been contradicted so effectively in papers reaching millions of Russians.

Macmillan also scored a big hit by wearing a foot-tall hat of white fur he had bought in Russia in 1929 when he stepped from his plane at the Moscow Airport Saturday. It stood out like a beacon over the squat felt hats sported by Khrushchev and other members of the Soviet welcoming party.

British correspondents here to cover Macmillan's visit said it was a "wonderful, glorious, outrageous piece of showmanship."

But Macmillan put aside the white hat yesterday in favor of a more conventional, smaller dark-colored model.

SAFE DRIVING TIP

A motorist should never be distracted while driving. Children in the front seat can prove extremely bothersome to the driver, and safety seats are recommended for youngsters to make sure they do not interfere with the driver's concentration.

Common sense dictates that young children should not be allowed freedom of movement in the front seat while the car is in motion, points out the Chicago Motor Club. At no time should a child be permitted within easy reach of the car's driving mechanisms.

OXFORD AREA HOME BURNS — Firemen from seven Oakland County departments, battled a blaze Saturday morning which destroyed the second floor of the home of Mr. and Mrs. John C. Edwards Jr. at 2470 Baldwin Rd., four miles north of town. Cause of the fire, discovered by a passing motorist, was still unknown. Damage to the two-story frame home was estimated at close to \$15,000.

Early Morning Fire Razes \$700,000 Huron Bowl

(Continued From Page One)
shop, bowling supply shop, and the Quality Printers.

Traffic was blocked off at Telegraph road and Vooheis road. The west wall of the structure crumbled, while other walls of the exterior were buckled by the intense heat but remained standing.

Every window in the building was broken out. Twisted steel girders around which rubble was piled

high on the interior attested to the heat of the blaze.

Firemen were also hampered by several barrels of varnish and lacquer, stored at the rear of the bowling alley, which ignited.

Dominic Mazza and Joseph Bonfiglio, owners of the building, estimated its value at \$700,000 including the contents and equipment. Automatic pin setters in the bowling alley were valued at \$300,000.

"We only have \$250,000 insurance on the building," said Bonfiglio.

"There's nothing left of it," he said quietly. "We've lost \$500,000 just like that."

He and Joe Puertas, who leased the bar, were the last to leave the structure.

"We closed up the place and left at about 3 a.m. this morning," said Puertas. "Everything was all right then. There was no sign of fire."

Firemen were not sure who turned in the first alarm.

Ivan Herr of 1125 LaSalle St., directly behind the building, reported the fire at about 6 a.m. and said the operator told him the alarm already had been turned in.

Mrs. Caroline Gorman, owner of the Personality Beauty Shop, directly across the street at 1123 W. Huron, said she heard someone banging on her door at 6 a.m.

"A man was standing there and shouted to me that there was a fire across the street and I'd better call the fire department."

"I looked out and could see smoke and flames leaping from the door to the lounge and bowling alley," she said.

No firemen were reported hurt. One man suffered a slight cut on his chin when struck by flying glass, but no one was overcome by smoke.

Repairs from Consumers Power Company worked in kneed mud to reach a gas line in order to cut off the flow of gas into the burning building.

One brave worker climbed a telephone pole and remained there amidst thick, choking black smoke to snapper power lines which had snapped.

Firefighters finally brought the blaze under control at about 8 a.m. but were at the scene throughout the morning extinguishing many small fires in different parts of the gutted structure.

Fire inspectors will search the rubble this afternoon to find if they can what caused the blaze. No walls were left standing within the building.

It was the scene two weeks ago of part of the State Match Team Bowling Championships between the Stroh and Pfeiffer teams.

The alleys had also been used for many area tournaments and championships in recent years.

Car Accidents Claim Lives of 3 in Area

(Continued From Page One)
a driveway west of Elm Grove road in Elba Township.

The other area man killed in an accident near Lapeer was 43-year-old Alvin R. Johnson of the Barrett Hotel, Lapeer. Six other persons were hurt in the two-car collision at M24 and Mayfield road in Mayfield Township at 5:17 p.m. Sunday.

Johnson was a passenger in a car driven by Harold D. Noonan, 48, 448 N. Court St., Lapeer. Noonan escaped injury in the mishap.

Driver of the other car was Lee Stolkier, 34, of Sandusky, who suffered chest injuries.

His wife Perrie, 32, had leg injuries, cuts and bruises. One son, Paul, 8, suffered facial cuts and bruises, and another son, David, 4, also was slightly injured.

Stolkier was reported in fair condition today at Lapeer County General Hospital where his wife and sons were treated and released.

Other passengers in the Stolkier car were his father Cyrus, 58, who was taken to Lapeer County General Hospital with head injuries, and his mother Myrtle, 54, who had facial lacerations and an injured left leg.

Sheriff's deputies said the Stolkier car hit Noonan's broadside at the intersection. Cause of the accident has not been determined, police said.

Mrs. French, of 18 Church St. in Ortonville, was a passenger in the car driven by her husband Joseph, who was critically injured in the accident.

The third member of the family, daughter Sandra, 4, was also in critical condition in Flint's St. Joseph Hospital.

Witnesses told Flint State Police that French's car came over the crest of a hill and that he attempted to stop when he saw a car turning ahead of him.

His car skidded into the opposite lane and was hit broadside by an approaching vehicle.

Driver of the other car was Mrs. Joe F. Williams, 46, of Davison, who was also taken to St. Joseph's Hospital, Flint, with a bruised chest, leg and ankle injuries.

MRS. O. LEO BEAUDETTE

Pontiac Woman Dies at Home

Prominent in Hospital, Church Activities; Life Member of YWCA

Mrs. Oliver Leo (Virena Palmer) Beaudette, of 269 W. Huron St., first president of Pontiac General Hospital Auxiliary, and a director of the Oakland County Historical Foundation, died at her home yesterday morning after a brief illness.

Born in Pontiac, she was the daughter of the late Mr. and Mrs. Clarence Palmer and granddaughter of Charles H. Palmer who came here in 1853.

A member of All Saints Episcopal Church, Mrs. Beaudette had been active in the Altar Guild of her church since girlhood.

Besides her work with the hospital auxiliary, Mrs. Beaudette had served as a section president of the Pontiac Chapter of Needlework Guild of America, Inc., and was a life member of the YWCA.

Surviving are her husband; a daughter, Mrs. Thomas H. Wilson of Clarkston; two sons, Palmer T. of Santa Ynez, Calif., and Bruce T. of Santa Barbara, Calif.; and 13 grandchildren.

Funeral service will be conducted at 2 p.m. Wednesday at All Saints Episcopal Church with burial in White Chapel Memorial Cemetery.

Memorials to All Saints Church will be preferred by the family.

The Day in Birmingham To Present Specifications for Ambulance Service

BIRMINGHAM — After considerable study and planning, City Manager L. R. Gare tonight will present to city commissioners the specifications for assuring ambulance service in Birmingham.

Several weeks ago the city was informed that a pile-up of unpaid bills threatened the survival of the Birmingham Ambulance Service owned and operated here by Mike O'Hara.

At that time, commissioners decided to open the way for proper service on the basis of competitive bids.

Specifications will call for properly trained personnel with two men to answer all calls and fully equipped ambulances to include first-aid kits and resuscitators. It is also specified that all vehicles must be equipped with two-way radios.

Vehicles will be subject to inspection by the Police Department at any time. The Fire Department will be in charge of checking the proficiency of ambulance personnel.

Operators will have a choice of maintaining the heavy-type, ambulance or the converted station wagon type providing they meet rigid specifications.

Commissioners will review Gare's sample bid tonight to decide whether or not they approve its present wording.

Commissioners also will consider a request from Municipal Judge John C. Emery Jr. for a salary adjustment for his office and that of his associate.

In a survey of seven communities in the immediate area, City Clerk Irene Hanley reveals that Birmingham judges have the lowest salaries of any.

Members of the Uniformed Firemen's Assn. are asking permission for a street sale of tickets for a benefit show April 2.

Scheduled at the Birmingham Theater, the show is to raise funds for the association's family welfare and recreation program.

Six hundred petitioners in the Kentmoor Subdivision at Adams and Square Lake roads, Bloomfield Township, have been told there is little hope that the proposed route of Walter P. Chrysler expressway will be shifted as they are requesting.

The route which cuts across the southwest corner of the Charnwood Subdivision in Troy will pass just north of the Kentmoor Subdivision.

Arno Hulet, township supervisor said current plans call for a large turn-around at the Square Lake and Adams roads intersection. The expressway will parallel Square Lake road to about one half mile from Opdyke road where it will swing north into Pontiac Township.

Walter Wood, 49, of Detroit and Geneva Miller of Ferndale suffered bruises this morning when Wood lost control of his car on Woodward avenue near Chesterfield road. The vehicle jumped a snowbank and slammed against two trees. The victims were treated at St. Joseph Mercy Hospital, Pontiac and released.

Mrs. Ethel M. Pollock

Service for Mrs. Ethel M. Pollock, 69, of 587 Woodland Rd., will be held at 9 a.m. tomorrow from Holy Name Church. Burial will be in Holy Sepulchre Cemetery.

The rosary will be recited at 8:30 tonight in the Bell Chapel of the William R. Hamilton Co.

Mrs. Pollock, who owned and operated a children's wear shop here for 25 years, died Saturday morning at her home after a brief illness.

She is survived by two sons, Robert and Philip both of Birmingham, a sister and a brother.

Bob Considine Says:

Hilton's Bathtubs Have High Mortality Rate

EN ROUTE TO CAIRO—Like the horses at Rockingham (or is it Bowie?) we're off and running again.

This is an expedition to investigate one of the profoundest mysteries of our time, an historic case of Butter Fingers.

Stevadores and others handling the plumbing that was built to go into the newly opened Nile Hilton dropped and broke or chipped 300 bathtubs. Five hundred!

For all we know this may have been a subtle counterattack on the entire institution of the bathtub,

rather than just a source of harassment for Hilton and the 16,000 Egyptian stockholders in his hotel.

MAYBE THEY FELL
The people who cracked up the tubs may very well have taken a nasty fall in one, over the years. Or, more plausibly, they probably just hate bathing.

Anyway, of the first 400 tubs ordered (from a firm in Italy), 300 were broken by the time they reached Cairo. Most of them were said to have been dropped from splintering heights by longshoremen in Naples.

So-o-o, the firm of Welton Becket

designers and builders of the handsome pleasure dome along the Nile, ordered 300 more. This time only 200 were found damaged upon arrival.

A third shipment of 300 somehow reached Egypt unscathed. Not even a ring in them.

We learn from the Becket people that work on the Nile Hilton continued through the air raids that were a part of the Israeli-French-British attempt to take the Suez Canal away from Nasser.

The worst of the strafing and light-bombing attacks came just as the building was being "topped out," which is the putting into

place of the last structural materials on what is now the tallest building in Egypt.

"Topping out" normally calls for a ceremony. There are several theories which attempt to explain why the Egyptian workers waved and shouted at the planes, then went back to work.

One is that they thought it was just part of the ceremony, arranged for by the crazy Americans who were in charge of the building operation.

A more logical conclusion, however, is that the poor slob just didn't know what was going on.

The Europeans and Americans

working on the structure certainly knew. They scattered to all points of the compass, and it was not until five weeks after Dulles put a stop to the war that they all were lured back to work.

Judging from the pictures and a model we saw, this is the most glittering of the string of hotels Hilton is building around the world.

Yet it was built largely by hand, sometimes in a manner not too much unlike the building of the Pyramids visible from its upper floors and restaurants.

Excavation of the site was accomplished by thousands of gowned Egyptian laborers carrying earth in buckets and other containers. Cement was carried in arms from story to story.

A village of 2,500 persons was formed to weave the fabrics for the hotel, which includes what may be the most luxurious carpeting ever used in a public building.

Another village of 3,500 was set up to make the furniture the designers ordered especially built for the hotel.

These two thriving little places will be retained, and sell their resultant products elsewhere in Egypt and through the Arab world.

The Nile Hilton is the fourth on the Texan's international list, the others being the Havana Hilton, which has a Liberty Bell crack in it, from an earthquake a year or so ago; the Queen Elizabeth in Montreal and the Berlin Hilton, a remarkable reminder that the West plans to stay in Berlin.

On this trip, the chartered TWA Jetstream scheduled a stop at Athens, so that Hilton could lay the cornerstone of the coming Athens Hilton. American ingenuity's answer to the Acropolis.

Income Tax Notes

DO I FILE?
Read these instructions and you can determine if you have to file an income tax return:
Every citizen of the United States, and every alien resident of the United States who is under 65 years of age and who had gross income of \$600 or more must file a tax return.

If you are 65 or over on Dec. 31, you must file an income tax return if your gross income was \$1,200 or more during the taxable year.

The fact that you are under 21 does not exempt you from filing an income tax return if your gross income was \$600 or more.

If you had less than \$600 of gross income, and income tax was withheld from your wages, you must file a tax return to get the money back.

If in doubt about the filing requirement, call the Internal Revenue Service.

Check Driver's License, Hare Urges Motorists

LANSING — Secretary of State James M. Hare has appealed to every motorist in Michigan to look at his driver's license to double check if it still is valid. "We estimate that about one out of every five drivers is blissfully and unknowingly operating a car on an expired license," Hare said.

The eight jet engines of the B52 can develop a "thrust" of nearly 100,000 pounds.

Bury Republican Dean of House at Birthplace

SHERIDAN, N.Y. (AP) — The dean of the House Republicans, Rep. Daniel A. Reed, was buried Sunday in this town where he was born 83 years ago.

More than 400 persons, including a congressional delegation, attended the funeral services in Adams Memorial Unitarian Church in nearby Dunkirk.

Reed had represented the 43rd district, a mainly rural area, for 40 years. He died of a heart attack last Thursday in Washington, D.C.

Japanese scientists have made a specialty of cross-breeding Japan's goldfish were produced by mating different species of Japanese carp with those introduced from China more than 1,500 years ago.

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

You'll love the full six-passenger comfort in the cars

BUILT FOR PEOPLE! . . .

Just one standard was used by Ford in designing its 1959 car—people! First, Ford created beautiful Thunderbird styling that appeals to more people. Then they made the door openings wider, so it's easier to get in and out. Next they made sure that six big people—not just four or five—could stretch out on seats that are padded their full width. Result? More room for everybody's legs, elbows, hips and hats . . . more solid comfort than ever before.

BUILT FOR SAVINGS! . . .

Savings start the moment you buy a Ford. A price tag comparison with major competitive cars will prove it! And then you go right on saving. With Ford's standard Six or Thunderbird V-8 engines that thrive on regular gas, you save a dollar each tankful. Ford's Full-Flow Oil Filter means oil changes only each 4000 miles. Ford's standard new aluminized mufflers last twice as long as the ordinary kind. And new Diamond Lustre Finish never needs waxing!

KEEP YOUR FORD ALL FORD WITH GENUINE FORD PARTS

The Ford Custom 300 Fordor is the buy of the year. Combines beautiful proportions with beautiful savings.

Profile of Future Soldier

To Wear Rocket on Back

EDGEWOOD, Md. (AP)—Profile of the soldier of the future:

He wears headgear much like a football helmet. His special clothing protects him from any form of enemy attack. He casually climbs obstacles and crosses ditches with the aid of a rocket belt strapped on his back.

He moves almost effortlessly with the help of zero ground pressure "creeping boost." And he carries a light, all-purpose supergun with 150 rounds of ammunition.

This isn't the product of a science fiction writer. It comes from the Army's chief of combat developments.

And these things will begin to take shape about 1970, Maj. Gen. Harry E. Johnson told a closed-door meeting of Army and

civilian workers at the Army chemical center here Friday.

Most of what he said is classified, but the Army did disclose a few things.

The space-age soldier probably will travel in an airjeep, a saucer-like vehicle which can move in any direction or hover motionless in one place, Gen. Johnson said.

When he has time, he will eat a tasty meal of irradiated food which he will carry in a small flat pack similar to today's frozen food.

He will carry a tiny radio with an effective range of well over 1,000 yards. The radio will be contained in a helmet which will protect him against chemical, biological and radiological attack.

A small pencil-shaped detonator which can quickly blast foxholes will be standard equipment.

SCALED TO SIZE — Two youngsters almost disappear into big boots, first section of statue of Paul Bunyan being erected to mark 125th anniversary of Bangor, Maine.

Kennedy Confident of Labor Bills' OK

WASHINGTON (UPI)—Sen. John F. Kennedy (D-Mass.) is confident that Congress will pass two labor bills—his own union reform measure and another to change provisions of the Taft-Hartley Law.

Kennedy, chairman of the Senate labor subcommittee, said yesterday in a TV program he was sure two separate bills would be approved despite the administration's request for a one-package measure. He said the reform bill, designed to stop crooked unions and their leaders, is needed because the AFL-CIO "weapon of expulsion" had failed to solve the corruption problem.

Kennedy said that, like the administration, he favored controls on "blackmail picketing" and secondary boycotts but felt such changes should be made in a Taft-Hartley amendment bill to follow the union reform measure.

Rain Queen Modjaji III Dies in South Africa

TZANDEAN, South Africa (AP)—Queen Modjaji III, most famous of primitive Africa's rainmakers, is dead.

The Queen, who was 86, ruled the Babubedus in Transvaal for nearly 60 years. Her village, Indulwelskloof (Devil's Valley) near here, lies among dense forests which also hide the royal drums used by generations of rain queens for their mystic rites.

In these forests, too, are the remains of past rain queens, buried upright with their heads above ground.

The rain queens in former times drank from a poison cup when they became too old to rule. But Modjaji abolished this rite after she became a Christian. Reports from her forest domain said she died peacefully of old age.

Have You Tried This?
Teenage Cook Chooses Red Devils Food Cake

By JANET ODELL
Pontiac Press Home Editor

Toady's cook is a seventeen year old senior at St. Frederick High School. Dianne Needle is the school's winner of the Betty Crocker Home-making Contest. We called her for her favorite recipe.

Dianne is interested in swimming and other sports. She has not decided what her future plans are but is considering practical nursing.

RED DEVILS FOOD CAKE
By Dianne Needle

1 1/2 cups sifted cake flour
1 1/2 cups sugar
1 1/2 teaspoons soda
1 teaspoon salt
1 cup cocoa
1/2 cup shortening
1 cup milk
2 eggs
1 teaspoon vanilla

Sift dry ingredients. Add shortening and 2/3 cup milk. Beat 2 minutes. Add 1/3 cup milk, eggs and vanilla. Beat another 2 minutes.

Pour into two 8-inch greased layer pans. Bake 35 to 40 minutes at 350 degrees. Frost and fill as desired.

Praise Gets Results, Criticism Doesn't

By RUTH MILLETT

Is the average wife too critical of her husband?

A male reader claims that if men went around talking about their wives' faults as much as women do about their husbands' shortcomings the men would be considered cads.

There's at least some truth in what he says. Even a columnist gets far more letters from wives complaining about their husbands than praising them.

Maybe it would be a good idea for every wife to make a list now and then under the heading "What I like best about my husband." Never mind what he does wrong. What does he do right?

Whether the list is long or short, just acknowledging his good qualities ought to start a wife thinking along the right lines.

While a wife is thinking about what's right with her husband she isn't brooding about the ways in which she would like to change him.

And if she thinks about his good qualities now and then, she might even be tempted to let him know that she appreciates them.

Then instead of telling him "I wish you wouldn't..." or "You never do..." she might surprise him with an occasional sentence beginning, "You're so good about..." or "I'm glad you..."

And once his wife begins to praise instead of criticize, even a far-from-perfect husband might try a little harder to please his wife and even to comment on the things she does well, instead of the things she neglects to do.

Sylvan Shores Club Meets

Mrs. Fran Salents showed films on alcoholism, sponsored by the Alcoholism Information Center at the meeting of Sylvan Shores Women's Club. The meeting was held Wednesday evening at the Woodbine drive home of Mrs. Clare Graham.

Cohostesses were Mrs. John Paddock, Mrs. Gordon Hayter, Mrs. Russell Grover and Mrs. Ronel White.

Plans were made for a money making project. At the next meeting, members will sew cancer pads for the American Cancer Society.

All Saints Guild 6 Plans March Dinner

Seventeen members of Guild 6 of All Saints Episcopal Church met Thursday evening in Stevens Hall. Hostesses were Mrs. Arnold Thingstad and Mrs. W. L. Thomas.

Mrs. Harry Griffith gave a report on the annual diocesan convention, held in Detroit. Members also discussed plans for the general parish dinner in March.

Mrs. William S. Igrigg also took part in the program.

Discipline Yourself

Marathon Victors Share Reports

More women are exercising and looking trim while they're at it because they've been on the Eight-Week Marathon. There still is time if you'd like one of the 10-cent booklets.

By JOSEPHINE LOWMAN

This is the eighth week since publishing my 8-Week Self-Improvement Marathon in January. Thousands and thousands of you have joined to see how much you can improve your appearance during eight weeks. I already am receiving letters from some of you telling me the happy news!

Many of you have a few more weeks to go before YOUR eight weeks is over because you had to wait for your Marathon booklet. This could not be avoided because of the size of the mail.

Please do share the fun with me! While it is not obligatory to write to me telling me how you got along, I would love to hear from you. When I taught classes I could see the results with my own eyes and it was so exciting. BUT, you are so far away from here! You seem very real to me, though.

I especially would like to know how the change in your appearance is affecting your life and personality and your feeling of personal identity as an individual. Next summer I will publish a few of the letters from

Marathon winners, not using names.

It may be fun as a child to go up and down on a see-saw but it's no lark when at mid-life you are on the lose weight — gain weight see-saw. So, why not remember the things you learned during your eight weeks of diet and exercise?

Surely you can give yourself more leeway with a few luscious tidbits **ONCE IN A WHILE** — but think of Marathon as a way of life to a certain extent.

MORE HEALTH FOODS

Eat more of the health building foods and less of the calorie-packed devitalized items. Continue to discipline yourself in regular care of your skin, hair and posture. Don't lose the wonderful by-products which exercise and correct weight have brought you; more energy and less fatigue, more self-confidence and more zest for life and people and accomplishments and clothes and

fun, than you may have had for some time.

This is the last call for Marathon booklets. If you missed Marathon and would like to join, send 10 cents and a stamped, self-addressed envelope with your request for one. Address Josephine Lowman in care of this newspaper.

The bra that does more for you because...

the under cup elastic stitching gives flexible fit!

\$3.95

RAVE
by formfit

Expert corsetiers to advise and help you to a proper fit.

The use of elastic thread to stitch the undercup section of this new Rave bra means the cup actually "gives" to give perfect fit. In addition, this elastic stitching permits the front band to stay firmly anchored, always comfortable. When you examine this bra, pull the cup section away from the band and see the elastic stitching in action. Rave No. 589 in machine washable white cotton broadcloth. 32A to 38C.

All these other important features, too...

- Elastic around the cup for snug fit!
- Circle-stitched cups for uplift and shaping!
- Extra low-cut back for fashion and firm anchorage!
- Extra low-cut underarm for freedom of movement!
- All elastic back for breathing, moving comfort!

Have You Tried This?
Teenage Cook Chooses Red Devils Food Cake

By JANET ODELL
Pontiac Press Home Editor

Toady's cook is a seventeen year old senior at St. Frederick High School. Dianne Needle is the school's winner of the Betty Crocker Home-making Contest. We called her for her favorite recipe.

Dianne is interested in swimming and other sports. She has not decided what her future plans are but is considering practical nursing.

RED DEVILS FOOD CAKE
By Dianne Needle

1 1/2 cups sifted cake flour
1 1/2 cups sugar
1 1/2 teaspoons soda
1 teaspoon salt
1/2 cup cocoa
1/2 cup shortening
1 cup milk
2 eggs
1 teaspoon vanilla

Sift dry ingredients. Add shortening and 2/3 cup milk. Beat 2 minutes. Add 1/3 cup milk, eggs and vanilla. Beat another 2 minutes.

Pour into two 8-inch greased layer pans. Bake 35 to 40 minutes at 350 degrees. Frost and fill as desired.

Praise Gets Results, Criticism Doesn't

By RUTH MILLETT

Is the average wife too critical of her husband?

A male reader claims that if men went around talking about their wives' faults as much as women do about their husbands' shortcomings the men would be considered eads.

There's at least some truth in what he says. Even a columnist gets far more letters from wives complaining about their husbands than praising them.

Maybe it would be a good idea for every wife to make a list now and then under the heading "What I like best about my husband." Never mind what he does wrong. What does he do right?

Whether the list is long or short, just acknowledging his good qualities ought to start a wife thinking along the right lines.

While a wife is thinking about what's right with her husband she isn't brooding about the ways in which she would like to change him.

And if she thinks about his good qualities now and then, she might even be tempted to let him know that she appreciates them.

Then instead of telling him "I wish you wouldn't..." or "You never do..." she might surprise him with an occasional sentence beginning, "You're so good about..." or "I'm glad you..."

And once his wife begins to praise instead of to criticize, even a far-from-perfect husband might try a little harder to please his wife and even to comment on the things she does well, instead of the things she neglects to do.

Sylvan Shores Club Meets

Mrs. Fran Salents showed films on alcoholism, sponsored by the Alcoholism Information Center at the meeting of Sylvan Shores Women's Club. The meeting was held Wednesday evening at the Woodbine drive home of Mrs. Clare Graham.

Cohostesses were Mrs. John Paddock, Mrs. Gordon Hayter, Mrs. Russell Grover and Mrs. Ronel White.

Plans were made for a money making project. At the next meeting, members will sew cancer pads for the American Cancer Society.

All Saints Guild 6 Plans March Dinner

Seventeen members of Guild 6 of All Saints Episcopal Church met Thursday evening in Stevens Hall. Hostesses were Mrs. Arnold Thingstad and Mrs. W. L. Thomas.

Mrs. Harry Griffith gave a report on the annual diocesan convention, held in Detroit. Members also discussed plans for the general parish dinner in March.

Mrs. William S. Igrigg also took part in the program.

Discipline Yourself

Marathon Victors Share Reports

More women are exercising and looking trim while they're at it because they've been on the Eight-Week Marathon. There still is time if you'd like one of the 10-cent booklets.

By JOSEPHINE LOWMAN

This is the eighth week since publishing my 8-Week Self-Improvement Marathon in January. Thousands and thousands of you have joined to see how much you can improve your appearance during eight weeks. I already am receiving letters from some of you telling me the happy news!

Many of you have a few more weeks to go before YOUR eight weeks is over because you had to wait for your Marathon booklet. This could not be avoided because of the size of the mail.

Please do share the fun with me! While it is not obligatory to write to me telling me how you got along, I would love to hear from you. When I taught classes I could see the results with my own eyes and it was so exciting. BUT, you are so far away from here! You seem very real to me, though.

I especially would like to know how the change in your appearance is affecting your life and personality and your feeling of personal identity as an individual. Next summer I will publish a few of the letters from

Marathon winners, not using names.

It may be fun as a child to go up and down on a see-saw but it's no lark when at mid-life you are on the lose weight — gain weight see-saw. So, why not remember the things you learned during your eight weeks of diet and exercise?

Surely you can give yourself more leeway with a few luscious tidbits ONCE IN A WHILE — but think of Marathon as a way of life to a certain extent.

MORE HEALTH FOODS

Eat more of the health building foods and less of the calorie-packed devitalized items. Continue to discipline yourself in regular care of your skin, hair and posture. Don't lose the wonderful by-products which exercise and correct weight have brought you: more energy and less fatigue, more self-confidence and more zest for life and people and accomplishments and clothes and

Mrs. James Hosts Sylvan Garden Club

Mrs. Harold K. James of Sylvan Village was hostess at her home to the Sylvan lake Branch of Woman's National Farm and Garden Association Thursday. Cohostesses for the day were Mrs. G. R. Jarvis, Mrs. Earle D. Knapp and Mrs. H. J. Green.

Mrs. Walter Lange, a native of Estonia, gave a talk on her country and customs.

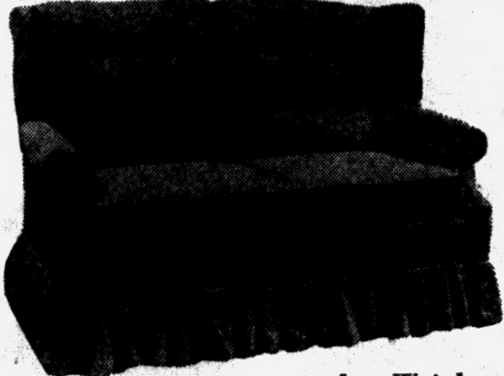

Guests were Mrs. Proctor G. Coates and Mrs. John Beaudin.

fun, than you may have had for some time.

This is the last call for Marathon booklets. If you missed Marathon and would like to join, send 10 cents and a stamped, self-addressed envelope with your request for one. Address Josephine Lowman in care of this newspaper.

Macon County Policies on Registration Due for Probe by Judge

MONTGOMERY, Ala. (AP) — Federal charges of long standing anti-Negro voting policies in rural Macon County get their first court airing in a hearing today.

U.S. Dist. Judge Frank M. Johnson Jr.'s ruling may determine whether the Justice Department can proceed with its suit to enjoin Macon voter registrars from any discrimination against Negroes.

The hearing is on a government motion to forbid Macon County officials from destroying old voter registration records, which federal attorneys want for evidence.

A new state law authorizes all counties to throw away questionnaires filled out by voter applicants who were later rejected. The questionnaires are used to determine if applicants are eligible to vote.

But the real point of the hearing is to determine at whom any injunction would be directed. State attorneys say the last two Macon registrars, E. P. Livingston and State Rep. Grady Rogers resigned last December and therefore there is no one to issue a court order against.

But federal attorneys named Livingston and Rogers as defendants, contending they cannot legally resign, until their successors have been appointed.

Federal attorneys contend Rogers and Livingston are in legal possession of the files and can be ordered to keep them for the trial.

The state claims no one can be told what to do with the questionnaires until new registrars are named.

AFL-CIO Hears NAACP Blast

Charges Color Line in Unions and Locals; Asks Decisive Action

SAN JUAN, Puerto Rico (AP) — AFL-CIO leaders today turned to a series of new charges of racial discrimination in labor unions at their annual winter meeting.

Herbert Hill, labor secretary of the National Association for the Advancement of Colored People, has filed a series of complaints alleging the color line in specific unions and union locals.

What is needed from the AFL-CIO now, the NAACP said, "is not more pious resolutions or public relations but rather decisive action."

Hill has written a series of letters to AFL-CIO President George Meany and other federation leaders urging action. During a weekend recess the labor chiefs were guests on the U.S. missile-firing cruiser Boston for a cruise off Puerto Rico and at a reception given by famed cellist Pablo Casals.

Casals, a self-exile from his native Spain, spoke of the Franco regime's oppression in his homeland. The AFL-CIO council issued a statement urging the Spanish people to continue their efforts to overthrow the Spanish dictatorship.

Union officials indicated the federation was planning a mass demonstration of union officials in Washington this spring to urge Congress to adopt programs to aid the unemployed. This would be a watered down version of the mass march of jobless on the capital proposed by President Walter Reuther of the United Auto Workers.

Some union leaders said privately they were refusing to help in the Democratic party's fundraising efforts because they feel the Senate labor-management investigation is stacked against organized labor.

Supreme Court Probe Begins on Trombly

MOUNT CLEMENS (AP) — An investigation ordered by the State Supreme Court into the handling of cases by the Macomb County probate court's juvenile division began this weekend.

Meredith Doyle, the high court's administrator, arrived here Saturday to start the probe.

The investigation was ordered after the Macomb County Bar Assn. and the County Board of Supervisors questioned the way the cases were being handled by Probate Judge Joseph V. Trombly.

Trombly, who has not held court since Jan. 22, resigned from the bench for "medical reasons" but later withdrew his resignation.

Boy, 11, Buried in Sand; Dies Soon After Rescue

WASHINGTON (AP)—A bank of sand collapsed on a boy playing in a pit Sunday and buried him for 25 minutes. Rescuers pulled him out alive but he died soon after in a hospital.

The boy, Randolph L. Ford, 11, of Washington, had been playing cowboys with a friend. Doctors said Randolph apparently died of suffocation.

The Army has developed a camera which requires no light but depends solely on heat radiation from the person or object being photographed.

Atomic Surface Ship Set Soon, Reds Say

LONDON (AP)—The Soviet Union says the world's first atomic surface ship soon will be ready to put to sea.

Moscow radio gave some details of the 16,000-ton icebreaker

Lenin which was launched at Leningrad in December 1957.

The broadcast said the Lenin, which is completing dockside tests is powered by three atomic reactors which can develop 44,000 horsepower.

"Two reactors suffice to meet all the needs of the ship and one is kept as an auxiliary unit," the broadcast added.

Urges Michigan Industry to Help Lure Vacationers

LANSING (AP)—The Michigan Tourist Council has made a plan to the state's industry to help lure vacationers to Michigan.

Robert J. Furlong, council executive secretary, said yesterday he has written to a group of Michi-

gan firms that do business in other states, suggesting they promote Michigan's vacation appeal in their advertising and promotional efforts.

He said vacation travel is one of the big three industries in Michigan. Tourists annually spend about 650 million dollars here, Furlong said.

a working wife speaks...

"My Gas Clothes Dryer helps give me extra time!"

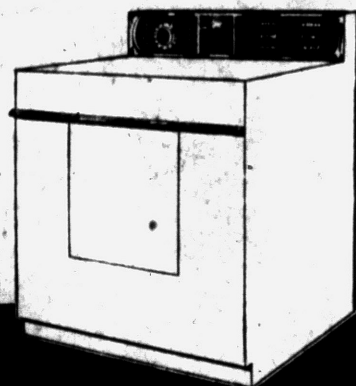

Mrs. Rita Doran
17083 Ego Avenue
East Detroit
Michigan

"It's so convenient to dry clothes with my Gas Dryer. While my wash is being dried I can catch up on other things that have to be done. In our home, anything that saves me time is needed. Our Gas Dryer is a time-saver I wouldn't want to do without."

Busy women like Mrs. Doran find they can eliminate hours of drudgery each week by using an Automatic Gas Dryer. In fact, what could be simpler than tossing a load of wet wash into the Gas Dryer and turning a dial? What could be nicer than having a stack of soft, fluffy, sweet-smelling clothes only a short time later? What could be more welcome than clothes dried so smooth and wrinkle-free that they need little or no ironing? Yes, this is a convenience no busy homemaker should be without.

PCH Cagers Eye Crown in Class A Poll

Convincing Win Over Saginaw May Take Title

Chiefs Have Conquered 5 Rated Teams on Way to 13-1 Record

By BILL CORNWELL

Pontiac Central can nail down the Saginaw Valley Conference basketball championship at Saginaw High this Friday night and possibly capture another highly coveted honor at the same time. The Associated Press poll, which each week names the top 10 high school teams in Michigan in classes A, B, C and D, will hold its final vote next Monday after all prep quints have finished their regular season slate.

PCH, tied with Hamtramck for 1st place in last week's AP ratings, could win the 1st mythical Class A cage championship in the school's history with a convincing, impressive victory over the Trojans.

The Chiefs staked a solid claim to the crown last Friday evening at Flint with a 50-42 conquest of Flint Northern in their Saginaw Valley showdown on the Wildanger Fieldhouse court.

Coach Art Van Ryzin's cagers clinched a Valley co-championship with that important triumph and only Saginaw stands between them and their 2nd undisputed conference title in three years.

The Chiefs now boast a glittering 13-1 record and four of their wins came at the expense of other ranked quints.

Fourth ranked Northern was victimized twice by the Chiefs. In addition, they defeated 6th-ranked Flint Central and 10th-ranked Highland Park and Edsel Ford.

Royal Oak Dondoro was voted 12th best until the Oaks took a 62-50 licking from the Chiefs, then dropped out of sight. Pontiac Central's only loss was a 53-52 overtime heartbreaker in a return match with Flint Central at Flint.

The Chiefs are idle until Friday's 1958-59 season closer at Saginaw, but several other schools in Oakland County and area will see action Tuesday night.

Heading tomorrow evening's area schedule is a return duel between Pontiac Northern and Rochester, this time on the Northern floor. The Huskies bowed to Rochester early this season in the Falcon gymnasium.

Other feature games are Mt. Clemens St. Mary against St. Michael in the PCH gym, Waterville at Romeo, Wayne at Waterford, West Bloomfield at Clawson, Walled Lake at Milford and Cranbrook at Bloomfield Hills. All except the Romeo-Avalon scrap are return matches.

Full schedules are on the docket in the Eastern Michigan and Southern Thumb circuits. The EML slate sends Mt. Clemens to Birmingham, Royal Oak Kimball to Ferndale and Hazel Park to East Detroit. In the Thumb league it's Almont at Memphis, Dryden at Armada, Brown City at Anchor Bay and Capac at New Haven.

Orchard Lake St. Mary tunes up for the district tournament with a pickup game at Detroit St. Hedwig Tuesday. The Eagles finished 7th in the Catholic League tourney by defeating All Saints, 51-41, in a consolation game Sunday. Redford Union whipped Farmington, 63-44, in a Saturday contest at Farmington.

'Old' Yardley Tallies 33 in Rout of Ex-Mates

By The Associated Press

George Yardley seems to have located the fountain of youth in Syracuse.

The balding, 30-year-old Yardley, a veteran of six years in the National Basketball Assn., was traded by the Detroit Pistons to Syracuse for the younger Ed Conlin.

But Yardley, after a few games in which he acclimated himself with the Nats offense, apparently has regained the touch which made him the league's scoring leader at Detroit before the Pistons decided to peddle the "old man."

Yardley had his best game as a Nat Sunday and it came against his former mates. It also came at a time the Nats needed all the scoring punch they can get.

Big George scored 33 points and grabbed eight rebounds as the Nats dumped Detroit 129-108 and set an all-time home court scoring record. It also moved the third-place Nats four full games in front of fourth-place Philadelphia in the Eastern Division.

Newburgh, New York also gave the Nats a lift, knocking off the Warriors, 111-60. In other games St. Louis ended Minnesota's four-game winning streak

Kuenn and Mantle Still Dickering

Yankees Finally Sign Ford

By United Press International

Now that they have finally corralled their best sniper — Whitey Ford — the New York Yankees today turned their attention to the big slug gun — Mickey Mantle.

Ford, threatened earlier with a pay cut, was given a \$3,000 raise when he signed his 1959 contract for an estimated \$35,000 yesterday and immediately joined the world champions in a workout at their St. Petersburg, Fla., camp.

The stubby southpaw had balked earlier at certain clauses in his new pact, one of which reportedly was aimed at governing

his actions off the field. However, the Yankees insisted only that Ford make an honest effort this year to adhere to a strict diet, which is supposed to prevent a recurrence of the arm miseries that have bothered him in the past.

The diet, prescribed by doctors at the Mayo Clinic, prohibits the use of protein meat or alcoholic beverages. Ford is permitted only broiled chicken, fish and lamb.

"I should finish the season at a rugged 130 pounds," quipped Ford, who reported at 182.

Despite assorted arm ailments, Ford has a nifty earned-run average of 2.50 for seven seasons

with the Yankees. He has won 164 games and lost only 49 (including a 14-7 mark last year), giving him a winning percentage of .724 — the highest career mark in baseball history.

Mantle is due in camp Thursday when the Yankees will launch full-scale drills. However, he has indicated he won't leave for Florida until he is offered a "fair" contract.

The Detroit Tigers also were dealing with a potential holdout — Harvey Kuenn — who opened a bargaining session with general manager Rick Ferrell yesterday at Lakeland, Fla., but refused to come to terms. Kuenn, who led

the Tigers with a .319 batting average last season, has been offered a raise. He thinks it isn't big enough.

At Bradenton, Fla., general manager John McHale said he hoped to acquire some infield help this week during a tour of other National League training camps. With Red Schoendienst hospitalized with tuberculosis and Mel Roach still limping with a knee injury, the Braves are "hurting" at second base.

"I don't have anything definite in mind," McHale said. "I'm just feeling out the other clubs to see what they have to offer. Maybe we can open up the market a little."

WHITEY SIGNS — Whitey Ford (left) is welcomed by Ed Lopat after signing his 1959 contract with the New York Yankees. Ford was disgruntled over a "behavior clause" in the contract and not salary terms. Mickey Mantle is holding out on both counts, salary and the same kind of clause.

Battle Creek will be host to the Michigan State Women's Bowling tournament in 1961. The '60 tourney was awarded to Detroit.

Michigan State's new swimming pool will be the site of the Big 10 championships, March 5-7.

Herm Nickles, boat builder from Fenton, finished third yesterday but still took over-all honors in the 12th annual mid-winter lightning regatta at St. Petersburg. He scored 295 points.

Cover King, owned and handled by M. J. Ellis of Birmingham, handled two finds to perfection in the opening of the National Shooting Dog championships at Union Springs, Ala. A total of 64 dogs are entered with the finals set for Thursday.

Morey's Golf and Country Club on Union Lake Road will be the first area course to open for 1959. March 1st is opening date.

U. of D. has NCAA permission to telecast its home Friday night football games next season with George Washington and Kentucky. Last year the Titans waived permission to televise their Friday night games with Air Force and George Washington.

Five Michigan golfers received invitations for the Masters at Augusta, April 2-5. Automatic invitations went to Horton Smith, Chick Harbert, Wally Burkemo and Walter Hagan. Chuck Kocals drew a bid since he is alternate member of 1959 Walker Cup team.

Elkin Isaac, track coach at Albion since 1952, has been elevated to the athletic directorship.

Miss Karen Violette, Pontiac Northern teacher, was the women's downhill champion in the Central U.S. Ski championships at Caberline. She took third place in the combined event.

Cadillac and Traverse City won the Lower Peninsula state high school ski championships for boys and girls respectively at Sugar Loaf Mt.

Jones Misses National AAU

Mixup in Schedules Eliminates Local Boy; 5 World Records Set

NEW YORK — Hayes Jones of Pontiac, Mich., and Eastern Michigan College failed to compete in the National AAU track championships at Madison Square Garden Saturday night due to a mixup in schedules.

The hurdle star became ineligible to take part when he failed to appear for the qualifying events in the afternoon. It had been his understanding that all competition would be at night after failing to receive an event time schedule, reported to have been sent to him.

The setting of five world records featured the big meet. Ron Delaney ran the mile in 4:05.5 and John Thomas, the Boston University freshman, scored 7-1 1/2 in the high jump for two of the big ones.

Big Parry O'Brien, the Los Angeles banker who holds every shot put mark in the book, bettered his own indoor record for the 16-pound ball with a 62-1 1/2 heave. Lt. Bill Dellinger of the U. S. Air Force cut almost seven seconds off the 3-mile standard in 13:37 and Bob Backus shattered his own 35-pound weight throw high by reaching 66-2 1/2.

Cooper Nets \$5,000 on Caribbean Tour

KINGSTON, Jamaica (AP) — Pete Cooper, 43-year-old Lakeland Fla., golf pro, found a four-week tour of the Caribbean quite profitable. It added some \$5,000 to his bankroll.

Cooper didn't take the Jamaica Open yesterday but he finished in a tie for fourth place as Ed Oliver of Denver carried off top honors with a course record 1-under-par 277 for 72 holes. The tie plus Cooper's victories in the Panama and Puerto Rico Opens and a third in the Venezuela tournament gave him the most points among the 30 touring pros and a bonus of \$1,400.

Grandelius Picks Aide

BOULDER, Colo. (AP) — Coach Everett (Sonny) Grandelius has reached into the Big Ten for his defensive football coach at the University of Colorado. The Buffalo mentor yesterday named Charles (Chuck) Boerio, who has coached centers and linebackers at Illinois the past three seasons.

Stanley Cup Picture Glum for Wings

Redshirts Lose to Boston, 4-1, on Olympia Ice

Detroit Takes to Road Five Points Away From NHL Playoff Berth

MUSCLES — Parry O'Brien has the plenty of muscle to put into the 16-pound shot he heaved 62 feet 1 1/2 inches to beat his own world indoor record in the AAU meet in Madison Square Garden Saturday.

DETROIT (AP) — The Detroit Red Wings will have to fight their way into the Stanley Cup playoffs in hostile territory if they're to make the postseason scramble for the 22nd straight time.

And the prospect is glum, especially the way the Wings played last night in losing to the Boston Bruins here 4-1.

The defeat came at a bad three of its last four games and three of its last four games and was closing in on the New York Rangers for the final playoff berth.

But the Rangers picked last night to emerge from a seven-game winless streak and wallop the first place Montreal Canadiens 5-1. The two valuable points put New York five points up on Detroit.

Now the Wings must play six of their next seven games on the road while an ice show takes over Detroit Olympia.

The Rangers finally snapped out of their longest slump in three years by beating Montreal at their own game.

The Canadiens boast the most awesome power play in the National Hockey League but the Rangers used this maneuver to score three goals.

Three goals by Ted Lindsay carried the Chicago Black Hawks to a 5-1 rout of the Toronto Maple Leafs.

Detroit didn't come to life until the final period last night. By then it was too late. They fired 18 shots at Bruin goalie Don Simmons in the last stanza and found him unbeatable. Only Alex Delvecchio was able to get the puck by Simmons with a 25-foot screen shot in the first period.

Larry Leach and Jerry Toppazzani sandwiched Boston goals around Delvecchio's. Vic Stasiuk and Guy Gendron tallied the last two Bruin goals in the third period while Detroit was applying most of the pressure.

Detroit lost its 29th game of the season. That matched last year's total and equalled the all-time Detroit number of defeats.

Defending Skate Champ Dethroned

DETROIT (AP) — Little Kathy Sullivan, a 12-year-old lass from Cheyboygan, has become the youngest speed skater to win the Gold Skates derby yesterday on ice made mushy by above-freezing temperatures.

Detroit's Bob Snyder won the 220-yard and three-quarter mile events as he dethroned Tom Augustis for the senior men's A mid-west championship.

SENIOR MEN — Bob Snyder, Detroit, 16; Tom Augustis, Detroit, 11; Terry Browne, Detroit, 16; Tom Augustis, Detroit, 11.

SENIOR WOMEN — Jeanne Omlenichuk, Detroit, 20; Nancy Renshaw, Saginaw, 8; Mary Beth Terrell, Lakewood, Ohio, 8.

INTERMEDIATE BOYS — Larry Martin, Saginaw, 15; Chuck Bertrand, Detroit, 13; Mel Dries, Detroit, 11; Frank Leach, Saginaw, 10; Ken Renshaw, Saginaw, 8.

JUNIOR BOYS — Dick Murphy, Detroit, 10; Mary Anne Sheets, Midland, 8; Kay Geczyanski, Alpena, 4.

JUNIOR GIRLS — Loretta Chapman, Detroit, 10; Mary Anne Sheets, Midland, 8; Kay Geczyanski, Alpena, 4.

JUVENILE GIRLS — Kathy Sullivan, Cheyboygan, 10; Bonnie Frank, Alpena, 8; Karen Walden, Detroit, 8.

Photo Finish Decision at Daytona Speedway

(Special to The Pontiac Press)

DAYTONA BEACH, Fla. — Daytona's new international speedway had a photo finish champion in its first major event.

Johnny Beauchamp of Harian, Iowa, was declared the winner of the 300-mile sweepstakes in his Ford Thunderbird, clinching the three-day event. But six hours after the finish, the official result was declared unofficial.

Bill France, president of NASCAR, said that after a hearing as to the winner and until photos and movies are checked, the official winner would be made known.

Lee Petty of Randleman, N.C., driving a 1959 Oldsmobile, was ruled to have been beaten by inches in the exciting finish before 47,000 spectators.

For the last 15 laps, the two cars

exchanged leads and they were never more than a few feet apart.

Pontiac automobiles took third and fourth places. Charlie Griffith of Chattanooga, Tenn., took third in a 1957 Pontiac and Cotton Owens of Spartanburg, S.C., was next in a 1955 Pontiac.

Fireball Roberts of Daytona Beach, driving a 1959 Pontiac, took the lead as was expected after he weaved his way through heavy traffic.

Roberts set a sizzling pace and after 40 laps his average speed was 143.08. He then moved to the pits with a broken piston and after losing 15 laps he eventually returned to the race but it was too late to catch up.

Only 32 of the 55 starters were on the track at the finish.

The race was run at the astonishing average of 135.521 miles an hour, only eight seconds slower than that of the record pace at Indianapolis set by Sam Hanks in 1957.

Crawford May Drop Boxing for Painting

DETROIT (AP) — Mickey Crawford, a Saginaw welterweight, is thinking about hanging up his boxing gloves to devote full time to hanging up paintings.

Crawford's manager, Art Greenwald, said his fighter has decided to take an indefinite vacation from the ring. It's uncertain whether Crawford will return to boxing.

The Saginaw fighter rose quickly to stardom last year, but has been beaten decisively in his last two bouts.

Crawford has gained considerable renown for his handwork with a paintbrush as a commercial artist.

Pancho Whips Anderson for 3rd Straight Win

LOS ANGELES (AP) — Richard (Pancho) Gonzales tore Mal Anderson's net defense to shreds and downed him in straight sets, 6-2, 6-3, before almost 4,000 hometown fans here last night.

Pancho's defeat of the Australian gave him his third victory in a row on his tour with Jack Kramer's pros. Gonzales plays Lew Hadron tonight.

Last night Hadron downed Ashley Cooper, last year's Wimbledon and American men's champion, 6-2, 6-3.

Hope Stays Hot, Wayne in Upset

By The Associated Press

Hope College continued its domination of Michigan Intercollegiate Athletic Assn. play and Wayne State turned in a big upset in Presidents Athletic Conference competition in highlights of a heavy weekend schedule on the Michigan small college basketball front.

Hope took its 11th MIAA victory in 12 starts with an easy 81-66 decision over Hillsdale. Wayne State stopped Case Tech, the PAC's No. 1 team 72-47. Wayne is last in conference standings.

The University of Detroit dropped to the .500 mark for the season, losing an intercollegiate game to Fordham 93-73 in New York.

In another MIAA game, Alma routed Olivet 94-57. Kent State of Ohio stopped Western Michigan 71-61 in a Mid-America Conference contest; Eastern Illinois trounced Eastern Michigan 91-59 and Southern Illinois defeated Central Michigan 94-67 in Interstate Intercollegiate Athletic conference play, and Detroit Tech romped over Ferris Institute 95-53.

Aquinas of Grand Rapids stopped Jackson Junior College 74-44 and Indiana Tech edged Lawrence Tech 82-80 in non-conference play.

Hope jumped into an early lead against Hillsdale and was

never headed. Paul Benes and Warren Vanderhill paced Hope with 21 points each. Don Bohannon led Hillsdale with 13 points.

Winfield Henry piled up 24 points as Wayne State won its first PAC game this season. The Tartars took an early lead and built it up throughout the upset. Wayne State led 31-23 at half time.

Fordham closed out its home season with an easy conquest of Detroit. It was Detroit's 11th loss in 22 starts. Larry Hughes paced the Titans with 24 points. Fordham's Ed Degroat had 21.

Alma held a slim 35-34 edge against Olivet but broke out fast in the second half as Olivet

faded. Dick Grook was high scorer with 20 points for Olivet.

Kent State and Western Michigan exchanged the lead nine times in the first half before the Ohio school forged ahead for a 46-36 intermission lead. Western Michigan's Ed Blair and Kent State's Chuck Bolkin shared scoring honors with 22 points each.

Eastern Illinois rolled to a 41-34 halftime lead over Eastern Michigan in a battle between IIAC also-rans.

Tom MacKenzie was high for Eastern Michigan with 14. Captain Seymour Bryson collected 21 points for Southern Illinois against Central Michigan. Gary Lee topped Central Michigan scorers with 17 points.

Junior Medley Team Wins

Pontiac Y Tankers 3rd

Pontiac YMCA took third place in the Northeastern-District swimming championships held at Saginaw Arthur Hill pool Saturday.

Pontiac's midjet division entries swam against top watches in an untested meet, while the medley relay team of the junior division continued its unbeaten streak.

In the prep division Skip Ervin took second in the 25-yard butterfly in :16.9 and Dick Ries was nudged by Tim Gohn of Saginaw

in the 25-yard breaststroke in 19.0. The junior medley team was made up of Phil Cashin, Jim Velzy, Tom Harrington and Bob Butler.

Cashin, unbeaten in the 50-yard backstroke, won the event in :33.3, while Velzy did the 50-yard breaststroke in :36.8.

Bill Main won the diving event with 25 points.

PREP DIVISION RESULTS
Saginaw 56, Flint 58, Pontiac 31, Bay City 19 and Port Huron 12

JUNIOR DIVISION
Saginaw 77, Flint 69, Pontiac 67, Bay City 31 and Port Huron 22

Savitt, Olmedo Battle Today for Net Crown

NEW YORK (AP)—Dick Savitt defends his National Indoor Tennis championship against a newcomer to the boards today — and if he had a good night's sleep, he's a brave bloke, indeed.

Savitt takes the court against Alex Olmedo, the Davis Cup ace, in the final after a sweep through his semifinal with a straight set triumph yesterday.

Olmedo was far the more impressive in chopping down Davis Cup teammate and former University of Michigan star Barry MacKay of Dayton, Ohio, 6-2, 8-6, 6-4. Savitt ousted teenager Earl Buchholz of St. Louis, 6-4, 6-4, 6-3.

Sports Calendar

 CLASS A—Rocco's Restaurant vs. Lakeland Pharmacy, 7:15 p.m., and Johnson & Anderson vs. Lyell & Colegrove, 8:30 p.m., at Cray Junior High.

IF YOU WERE THE UMPIRE

By BEN OLAN

An injury to a pitcher often results in a considerable delay in a ball game.

Here is a simulated instance in which a pitcher is hurt at the start of a game. This is a good opportunity to find out how you rate as a baseball expert.

Ralph Terry of the Kansas City A's is the pitcher. It's the top of the first inning at Kansas City and Don Buddin of the Boston Red Sox is the game's opening batter. The count goes to one ball and two strikes. On the next pitch, Terry lands heavily on his left leg after following through with his delivery. The pitch is wild. Terry apparently has pulled a muscle and cannot work without pain.

Do you think that:

- Terry cannot be relieved until he has finished pitching to Buddin?
- He can be relieved immediately?
- He must make at least one more pitch?

The umpire must decide whether to allow the pitcher to finish the inning or to replace him. The answer is—He can be relieved.

Carl H. Thomsen

"Wonders of Alaska"

If you want to add to your knowledge of your newest state, Alaska, Carl Thomsen will provide just that in his films on the "Wonders of Alaska," which took five years to produce.

You will see and hear what happens when walls of blue-green ice as high as skyscrapers break from a glacier. A lake 16 miles long and 5 miles wide, drops 150 feet in one week's time and becomes a mud hole filled with huge stranded icebergs.

There are interesting camera shots showing Sitka, Juneau, National Parks, a salmon run, forest fires, seals, sea lions, and king-sized crabs five feet in diameter.

Carl Thomsen won the Ver Halen Trophy as the first award in an international contest of 262 motion pictures.

Nothing could be as timely this year as a travelogue on our 49th state, Alaska.

School Tax Hike to Be Discussed at PTA Meeting

WALLED LAKE — A proposal to raise the school tax by 2 mills will be discussed by Superintendent of Schools Clifford H. Smart tonight at Twin Beach Elementary school when the PTA meets.

The millage hike proposal will be decided by voters at a special election March 9.

A family-style, potluck dinner will be served at 6:30 p.m. Beverages and a large cake in honor of Founder's Day are being provided. Parents of the different grades will bring a variety of dishes.

Following the dinner, the children will be entertained with a movie, "The Life Cycle of the Cottontail Rabbit," furnished by the State Conservation Department, while the parents hear Smart speak.

Four-Time Loser Gets Fifth Prize From Stork

PITTSBURGH (AP)—Mrs. Thelma Lippert has a poor record in races with the stork. But she always gets the prize.

An 8-pound 2-ounce girl was born Sunday to Mrs. Lippert before she could leave home for the hospital. She has won only one of five races with the stork.

Hearing on Car Financing Set

2 Bills Would Prohibit
Retail Credit Programs
by Auto Makers

WASHINGTON (AP)—The Senate antitrust and monopoly subcommittee starts public hearings tomorrow on legislation to bar automobile manufacturers from financing retail car sales.

The proposal also would prohibit them from engaging in the insurance of cars.

Chairman Estes Kefauver (D-Tenn.) said officials of the Federal Trade Commission, Ford Motor Co., Chrysler Corp., and independent finance companies will be among the witnesses.

He said General Motors Corp., which has an auto financing subsidiary, and American Motors Corp. declined invitations to testify but added that General Motors will file a statement.

Separate bills have been introduced by Kefauver and by Sen. Joseph C. O'Mahoney (D-Wyo.), a subcommittee member. They acted after reports that Ford intends to enter the car financing field.

L. L. Colbert, president of Chrysler, is scheduled to testify on Thursday, and Theodore O. Yntema, finance vice president of Ford, the following day.

Church Asks Parents to Stay at Home

LONG BEACH, Calif. (AP)—The Unitarian Church's parent-education meeting scheduled for tonight has been cancelled.

The reason, as given in the church newsletter: "All Unitarians who have children want to be better parents. They join PTA groups, enroll in night classes in child psychology, work in cooperative nurseries and Cub Scouts.

"One way or another they go to meetings, meetings, meetings. Maybe, too many meetings. Perhaps the best way to learn how to be a good parent is to stay home and practice.

"Anyway, that's what we are advocating. We ask that all parents stay home with their children the evening of Feb. 23 and glory in family joy. Pop corn, read stories, play games, love one another more than usual."

Ohio Accident Injuries Fatal to Michigan Man

COLUMBUS, Ohio (AP)—Herbert C. Cramer, 70, of New Boston, Mich., died Saturday in Grant Hospital here of injuries he received when he was struck by a car. The accident occurred Feb. 7.

Police said Cramer, standing in the middle of a street, stepped back to avoid a northbound car only to move into the path of a southbound auto. He was in Columbus visiting a niece.

STILL A TEAM—Mrs. Marilyn Wolf earns \$13,344 a year. She works for her husband. He's Rep. Leonard G. Wolf (D-Iowa). "We've always been a team and my wife is earning every penny of what she's paid," says Wolf, a new member of the House. At least six of the 82 new House members have their wives on their office payrolls.

Congressmen Hire Relatives

There's Gold in the U.S. House

HEART-TO-HEART TALK — Tony Chapelle, of New York, whose heart has stopped beating six times in the last three weeks, holds talk over the machine which has helped his heart back into action. With him is Mrs. Marty Lieto, another heart disease victim. Chapelle, 58, is connected by a 20-foot electrical cable to the machine. When his heart stops, an alarm rings, and his wife starts the machine. An electrical shock reactivates his heart.

Army Developing 2 New Tanks for Present, Future

DETROIT (UPI)—The Army is developing two new tanks — one to be introduced, the other still on the drawing boards—it was disclosed Saturday.

Formal announcement is expected soon on the new conventional tank—to be known as the M60, replacing the M48 of Korean War fame. The M60 will have a 105-mm gun in place of the original 90-mm gun.

The new tank, with a Diesel engine instead of a gasoline engine, would be able to travel 30 per cent farther than the M48. Production of the tank will be speeded because many parts will remain identical with the M48.

The "dream" tank, not yet in the project stage, would have radically different methods of defense and could carry nuclear weapons, either in the form of shell or missiles.

It is under development at the Detroit Arsenal and is several years off at least.

A unique and top secret feature of the vehicle is a device to protect the tank against guided missiles or artillery fire.

Expect Stiff Ike Fight on Foreign Aid Plan

WASHINGTON (AP)—President Eisenhower is reported ready to make an even stronger fight than last year for support of his \$3,930,000,000 foreign aid request.

Some Republican leaders say they are convinced he would veto and demand reconsideration of any bill which cut deeply into the program he proposed.

Democratic leaders have indicated they may slice the mutual assistance program to offset increases in other outlays above the president's requests in his 77-billion-dollar budget.

With this in mind, Eisenhower reportedly has told associates he fears the United States might eventually be pushed back into a garrisoned hemisphere unless foreign military and economic aid is carried on at a high level.

Janet Blair, Dick Mayo Have First Child, a Son

HOLLYWOOD (AP) — It's a baby girl for actress Janet Blair and her husband, producer Nick Mayo.

The baby weighed in Sunday at eight pounds. She is the couple's first child. Miss Blair is 38, Mayo 39.

Ex-Cell-O Strike Ends With Pact

Contract Ratified at Mass Meeting of Local 49 After Negotiation

DETROIT (AP) — A four-month strike at three Detroit plants of the Ex-Cell-O Corp. has ended with the ratification of a three-year contract.

The contract was ratified yesterday at a mass meeting of members of United Auto Workers local 49. Union officials brought the new contract to the meeting just minutes after they ended negotiations with the corporation.

Ex-Cell-O had been on strike since Oct. 20.

Willard Miller, local president said the contract was patterned after those signed last year between the UAW and the auto industry. The Ex-Cell-O agreement runs until March 31, 1962.

Ex-Cell-O said it would notify the workers by telegram when to report to their jobs.

"This is a good settlement after a bitter struggle," Emil Mazey, UAW secretary-treasurer, told the workers. "The only one to suffer if this strike continues will be the worker."

The new contract calls for an annual improvement factor increase of six cents an hour or 2 1/2 per cent, whichever is greater, retroactive to Sept. 1, when the old contract expired. It also includes increases of up to eight cents an hour for skilled workers, and continuation of the cost-of-living clauses.

Average wage scale for the company's 3,500 employees was not available. The company has plants in Detroit, Traverse City and three Ohio cities and the union originally demanded a continuation of a national agreement covering them all.

However, local settlements were reached earlier this year ending the strikes at all but three Detroit plants.

Dems Back Income Tax Plan

State Solons Have 5 Days to Find Cash Crisis Cure

From Our News Wire

LANSING—Michigan was running out of money, time and excuses today as lawmakers found themselves with just five days to decide on a cure for the worst cash crisis in state history.

After a long weekend of politicking, Democratic lawmakers returned from the party's state convention with a clear mandate from the delegates to help put over Gov. Williams' income and corporate tax program.

With equal firmness, the convention platform sounded the death knell for a four cent sales tax, urging unmovable resistance to Republican attempts to put the proposition on the April 6 ballot.

Democrats in the evenly divided house beat the sales tax proposition last week. Republican strategists promised to try for another vote tomorrow, but stood virtually no chance of getting the two-thirds vote they needed.

Once the proposition dies, Republican legislators can write their own tax program, without concern for a party platform. The GOP convention earlier this month went no further than endorsing a public vote on the sales tax.

With fate of the proposal virtually a foregone conclusion, GOP moves for a second house vote were seen by some observers as little more than a maneuver to bring public attention to the party's stand.

Labor Force, Jobless Rolls Both Up in State

EAST LANSING (AP)—Michigan's labor force increased by about 14,000 between December 1957 and December 1958, Michigan State University's Bureau of Business and Economic Research said today.

Gains were reported in Detroit, Bay City, Saginaw, Kalamazoo and the Upper Peninsula.

But the board, in its publication Michigan Economic Board, said unemployment grew at a faster clip at the same time. It said Michigan's unemployment climbed from 90,000 in December 1957 to 321,000 in December 1958.

The board cited Jackson and Battle Creek as the only exceptions to the unemployment trend.

It also reported a drop in retail sales from November 1957 to November 1958 in every Michigan city except Kalamazoo. Kalamazoo recorded a gain from 170.6 to 170.7 in the retail sales index.

Oh, How Humiliating!

RIVERSIDE, Calif. (UPI)—Florida oranges soon may be California oranges. The citrus experiment station of the University of California said today it would send 30,000 citrus seeds to Florida, where a disease causing citrus trees to go into a decline.

Senators Want Dulles to Stay

Secretary Has Parleys With Nixon, Brother Between Treatments

WASHINGTON (AP) — Secretary of State John Foster Dulles gets his third X-ray treatment for cancer today after two discussions on world affairs.

While Dulles was talking about the international situation Sunday with Vice President Richard M. Nixon and later with his brother, Allen W. Dulles, several senators were disagreeing with a suggestion that the secretary resign.

Sen. Stuart Symington (D-Mo) made the suggestion Saturday in St. Louis. He said he didn't think Dulles could run the State Department from a hospital.

But Sen. Mike Mansfield of Montana, assistant Democratic floor leader, said he regards Dulles as almost indispensable at this time. Sen. Homer Capehart (R-Ind) said Symington was carrying partisan politics too far. He called Symington's suggestion very cruel and unwarranted.

Sen. John F. Kennedy (D-Mass) said it would be unfair to ask Dulles to quit now.

Sen. John Sparkman (D-Ala) said he saw no need for making a replacement. He said Dulles "may bounce back. If anyone can, I believe he will."

Sen. Carl T. Curtis (R-Nebr) said there are many examples of cured cancer patients doing a great job.

The KC135 jet tanker carries more than 15,000 gallons of fuel to feed thirsty bombers aloft.

MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Market by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Friday.

Hogs—Saleable 25. No early sales today. Compared last week very limited supply of choice yearlings 1000 lbs. down about steady; choice steers over 1000 lbs. down about steady; lower grades 75-125 down.

Vienna's Dogs Smart
When Crossing Street
VIENNA (AP) — Most of Vienna's dogs are "traffic-minded" and know their way when crossing a street, a local investigation revealed.

The survey, conducted by Dr. Ferdinand Brunner of Vienna's Veterinary College, showed that only 14 per cent of the dogs walking the streets unleashed proved to have poor traffic sense.

The rest were able to cross the busiest intersections by careful listening to a any approaching noise, the expert says.

Perfect Circle to Close Foundry at Muskegon
MUSKEGON (AP)—Some 100 workers will lose their jobs when Perfect Circle Corp. closes its Muskegon foundry about Aug. 1.

Perfect Circle officials said over the weekend the jobs will be eliminated and the foundry closed after the firm consolidates its sliver casting production at its Richmond, Ind. plant.

Perfect Circle makes piston rings for autos.

Stock Exchange Closed

The New York Stock Exchange is closed today because of the holiday.

Michigan Phone Workers Picket

Union Employees Off Job at Saginaw, Bay City as Contract, Expires

DETROIT (AP) — Supervisory personnel manned switchboards for Michigan Bell Telephone Co. at Saginaw and Bay City today after the Communications Workers Union began picketing the company's central office buildings.

The company said a few pickets showed up in both cities. The company's garage also was picketed at Bay City.

The company's contract with the union expired at midnight. Negotiations on a new contract were scheduled to resume in Detroit today. Bargaining sessions ran until 1:30 a.m.

No strike vote has been taken among the some 17,000 union employees represented by the CWA. One union spokesman said:

"We are hopeful, but we aren't moving very fast. There are a whole lot of problems."

The company said it has made two offers to the union, both of which were rejected as "inadequate." Terms of the offers were not disclosed.

The union said it is seeking a substantial wage increase and improved pensions, vacation, sickness benefits and union security provisions.

Indiana Mayor Slashed in Office

Police Lack Motive in Attack by 3 Thugs on Respected Official

GREENSBURG, Ind. (AP)—Police officers said today they were at a loss for the motive of three thugs who Mayor Sheldon Smith said lured him to his private office and slashed his face, hands and body.

The mayor, 39, was in fair condition at Greensburg Memorial Hospital with "innumerable superficial cuts and a strained neck and back."

Officers said the mayor's spotless reputation weakened any personal revenge motive. Smith, who also serves as judge of the Greensburg city court, said the man who did the slashing Saturday night, snarled: "You sent up my buddy and you're going to pay for it."

"We can't come up with any leads until we get some reason for the attack," said Police Chief Warren Melick. "We're up against a blank wall."

Smith, mayor for 10 years, said the three men were strangers, but he had seen the razor blade wielder Saturday noon in a Greensburg restaurant. He said the thugs also had broken glass and a hatchet.

The mayor told police one of the men enticed him to his private tax accountant's office by telephone, saying he wanted help in preparing an income tax return.

Burglars Get \$8,000 in Roof-Entry Theft

Burglars who believe in working their way from the top down were being sought today by Ferndale Police following an \$8,000 theft from a market safe over the weekend.

Thieves used a sledgehammer to pound their way through the roof of the State Fair Market, 725 Hilton St., Ferndale, owned by Sam Wolfe of 15341 Park St., Oak Park. Police recovered the sledgehammer which was left at the scene.

About \$8,000 in cash, bills and checks was removed from the safe. The escaping thieves dropped a bundle containing \$140 in bills in the alley as they fled.

The same method of operation was used in the burglarizing of a westside Detroit market over the weekend when an estimated \$18,000 was removed from a safe.

John L. Lewis Goes Home, Condition Said Excellent

WASHINGTON (AP)—John L. Lewis is in excellent condition after three weeks in Georgetown University Hospital recuperating from a heart attack and pneumonia, his physician said today.

Lewis, president of the United Mine Workers, entered the hospital Jan. 30 and checked out Friday. He now is at his home in Alexandria, Va.

LOOSE CABOOSE — Perfect balance was achieved by a loose caboose when it left the tracks at St. Ignace. Trainmen believe it was off track when the freight moved out. At the right, two railroaders appear to hold it off the ground with little effort, although it balanced there without their assistance.

Faith Brought Singer From Poverty to Fame

(Continued From Page One)

sacred music. And she has never been hungry, either.

The career of the world's greatest gospel singer, as the critics call her, began obscurely enough 47 years ago on a Mississippi levee near New Orleans.

Her father was a dock worker and a barber who served as a minister on Sunday. Mahalia's mother died when she was four and from then on she was raised by her uncle and aunt, who were childless.

Economic necessity made Mahalia leave school after the eighth grade and go to work. When she was 16 she moved to the South Side of Chicago, joined the Greater Salem Baptist Church, and promptly became the featured singer in a quartet which toured various churches throughout the Baptist convention.

Mahalia says, "Even when I was just a little kid you could hear my voice up and down the levee."

KNOW HARD TIMES

She knew hard times in Chicago, working as a hotel maid, and later packing dates in a factory for \$7.50 a week.

Slowly, her reputation grew. There began to be times when she made as much as \$25 on a Sunday. Accustomed to little, she saved much, and soon owned her own beauty and flower shops.

She was asked to make recordings, and one of her first discs, a gospel song she wrote herself, called "I Will Move On Up A Little Higher," sold over two million records. Another, "Even Me," sold over a million.

Critics recognized instantly that she had the greatest jazz voice since the incomparable Bessie Smith, but Mahalia stuck resolutely to her gospel songs. She refused.

Bertrand Russell Predicts Death, Writes Obituary

LONDON (AP)—Bertrand Russell said today he expects to die on June 1, 1962.

Lord Russell, who will be 87 on May 18, will read his own obituary on a television interview program next month.

The aged Nobel Prize winner, who has been married four times, wrote the obituary in 1937.

"Why June 1, 1962? Well, I will be just past 90 then and it seems a suitable age to die," he said. "I must confess I am becoming a little nervous as the time approaches."

Lodge Calendar

Pontiac White Shrine No. 22 annual memorial and ceremonial, Wednesday, February 25 at 8 o'clock, Roosevelt Temple, 22 State St. Bernice Cover, Scrib. adv.

News in Brief

Burglars took an undetermined amount of money from three amusement machines in the W. Walton Dairy Bar, 228 W. Walton Blvd., it was reported to police Sunday.

An undetermined amount of change was taken by burglars who broke into the Idle Time Bar, 262 E. Pike St., it was reported to police Sunday.

The theft of a clock-radio from her home at 18 Lull St. was reported to Pontiac Police over the weekend by Bessie Jones.

Thieves took \$200 in \$1 bills from the Northside Auto Supply offices, 739 N. Perry St., it was reported to police Sunday.

literally and figuratively, to sing the blues.

"SANG GOD'S MUSIC"

"When I was a girl," she said to one interviewer, "I washed dishes, scrubbed floors, bent over a wash-tub to keep my family alive. I knew the blues, but there's despair in the blues."

I sang God's music because it gave me hope. I still need the hope and happiness God's music brings. I find it a personal triumph over every handicap, a solution to every problem, a path to peace."

It was in my capacity as a radio and television producer that I came to know Mahalia, and from the start I was impressed not only by her wonderful musical gift, but by the warmth and depth of her religious faith.

I saw that faith in action when Mahalia was hospitalized and was told that she must undergo major surgery within a matter of hours. She was extremely frightened, as almost anyone would have been, and asked to be left alone for a little while. Then she took her Bible, and re-read the 27th Psalm:

The Lord is the strength of my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid? until she regained her faith.

She recovered quickly, believing sincerely that God had given her a better and stronger body with which to carry on her mission of singing the gospel.

Brazil Approves Mrs. Luce as Envoy

RIO DE JANEIRO (AP) — It's practically official now: Mrs. Clare Boothe Luce is the new U. S. Ambassador to Brazil.

A foreign office spokesman announced today the Brazilian government, responding to an inquiry from Washington, cabled its agreement over the weekend to appointment of the petite author-diplomat.

The White House customarily awaits such a response before announcing the appointment of a new ambassador.

Mrs. Luce is to succeed Ellis O. Briggs, a career diplomat who has been ambassador to Brazil since July 1954. There was no indication where he might be reassigned.

Mrs. Luce is the wife of magazine publisher Henry R. Luce. She was ambassador to Italy from April 1953 to November 1956. She has since represented President Eisenhower at two Vatican ceremonies, the funeral of Pope Pius XII and the coronation of Pope John XXIII.

Williams Trails in Poll of Presidential Likelihoods

WASHINGTON (AP) — A magazine survey of political leaders rates Vice President Nixon far out in front for the Republican presidential nomination. Among Democrats, it says sentiment now favors Sen. Stuart Symington of Missouri or Adlai E. Stevenson.

A copyrighted article in U. S. News & World Report also lists Sens. John F. Kennedy of Massachusetts and Lyndon B. Johnson of Texas as Democratic contenders. Trailing them are Sen. Hubert Humphrey of Minnesota and Gov. G. Mennen Williams of Michigan and Robert B. Meyner of New Jersey.

Remember the man who could sell refrigerators to Eskimos? Well, a recent "job wanted" ad boasted the writer could "sell rockets to the Russians." A Manhattan hosiery company says its stockings are for "contented calves." —Earl Wilson.

'Rebel' Farmer May Be Heard

Hoffman Would Get House Group to Hear Yankus' Complaints

DOWAGIAC (UPI)—Cass County poultry farmer Stanley Yankus Jr., may have his day before the House Agriculture Committee, but there is no telling whether his appearance will prompt him to change his mind about leaving the country.

Rep. Clare E. Hoffman (R-Mich) said he would try to arrange a hearing for Yankus, but the Allegan lawmaker said he didn't think it would do much good because "the law is the law."

Yankus, an independent-minded chicken farmer last week posted a "for sale" sign on his 100-acre farm near here because "the government won't let me farm as I see fit."

Hoffman said Yankus' case proved "this country is not the citadel of freedom we thought it was," and showed how a "good citizen can be driven out of the country if he has enough independence."

The federal government levied fines on Yankus because he exceeded his quota of wheat plantings. He continued his fight since 1954 but last week announced plans to sell his farm and move to Australia.

Hoffman praised Yankus for his spirited battle and said the situation was not Yankus' fault, "It is ours."

"People who came to this country thought they would be free to work and live as they please so long as they didn't hurt anybody," he said. "This shows how the federal government has moved in on every part of our life."

Hoffman said Yankus was "just old fashioned—he wants to run his own business."

New Radio Item Enables Constant Tracking of Moon

CEDAR RAPIDS, Iowa (AP) — Collins Radio Co. said today that for the first time in history the moon has been tracked continuously through the use of a new precision radio sextant.

Since the moon gives off extremely weak radio waves, the company said in a statement, the feat of developing a sextant to track the moon accurately is a "major breakthrough in navigational systems."

The company said the radio sextant functions as a precise compass, with more than 10 times the accuracy of present marine compasses.

Wallets Holding \$125 Stolen From Home

Waterford Township police this morning recovered two wallets stolen from Mr. and Mrs. Clyde Gregory of 1026 Fremont St., but \$125 was missing from the wallets.

Thieves entered the unlocked house sometime after the couple went to bed at 11 last night and took Mrs. Gregory's purse and her husband's trousers containing the wallet.

The theft was discovered when the Gregory's daughter Sharon came home and found the front door wide open.

The trousers and purse were stolen from a chair beside the Gregory's bed.

Police are investigating the case.

Traffic Weekend Worst of Year

9 Die as Unseasonably Warm Weather Draws Crowds to Highways

By The Associated Press
Four persons died in accidents Sunday on crowded state highways, boosting Michigan's weekend traffic fatality toll to nine — highest of any weekend this year.

State Police said unseasonably warm weather in the southern part of the state brought heavy traffic to most trunklines Sunday for the first time this year.

The state's highway death toll, however, still remains far below the count at this time last year. Revised State Police figures show 114 persons have died in traffic accidents thus far this year compared to 167 traffic deaths reported at this time last year.

The Associated Press weekend fatality count started at 6 p.m. Friday and ended at midnight Sunday.

Eddy Liqua, 8, Otisville, died Saturday when his sled was struck by a car near his home.

Mrs. Irene French, 38, Orionville, was killed Saturday in a collision east of Flint.

Merlin F. Hopkins, 45, Stockbridge, died Saturday when his car was struck by a train south-west of Brighton.

Donald Witter, 16, Le Roy, died Friday night when the car in which he was riding struck the rear of a snow plow near Le Roy.

Larry Kuehnlein, 19, Monroe, was killed Saturday, when the car in which he was riding collided with a tractor-trailer near Monroe.

George E. Wood, 31, Oxford, was killed Sunday when his car and another collided west of Lapeer.

Alvin E. Johnson, 43, Lapeer, died Sunday in a collision north of Lapeer.

Mrs. Rose M. Polly, 28, Wickliffe, Ohio, died Sunday when the car in which she was riding struck a tractor-trailer at Devils Lake.

Willie H. Griffin, 44, Inkster, was killed Sunday when his car and another auto collided head-on in Dearborn Township.

Former Detroit Paper Ad Manager Dies

DETROIT (AP) — Funeral services for Ralph Horton, former classified advertising manager of the Detroit News, will be held here Wednesday. Horton died Saturday at the age of 71.

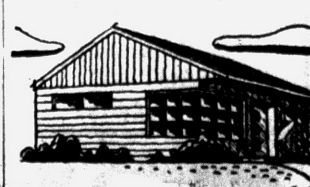

Born in Cleveland, Ohio, Horton came to Detroit in 1932 to take an advertising job with the Detroit Free Press. He moved to the News display advertising department the following year. He had been classified advertising manager for 15 years when he retired in 1953.

Horton formerly was with Curtis Publishing Co., Philadelphia; the Cleveland Plain Dealer; the New York Herald Tribune; the Cincinnati Enquirer and the Columbus, Ohio, Dispatch.

Ex-Cell-O Strike Ends With Pact

Contract Ratified at Mass Meeting of Local 49 After Negotiation

DETROIT (AP)—A four-month strike at three Detroit plants of the Ex-Cell-O Corp. has ended with the ratification of a three-year contract.

The contract was ratified yesterday at a mass meeting of members of United Auto Workers local 49. Union officials brought the new contract to the meeting just minutes after they ended negotiations with the corporation.

Ex-Cell-O had been on strike since Oct. 20.

Willard Mills, local president said the contract was patterned after those signed last year between the UAW and the auto industry. The Ex-Cell-O agreement runs until March 31, 1962.

Ex-Cell-O said it would notify the workers by telegram when to report to their jobs.

"This is a good settlement after a bitter struggle," Emil Mazey, UAW secretary-treasurer, told the workers. "The only one to suffer if this strike continues will be the workers."

The new contract calls for an annual improvement factor increase of six cents an hour or 2 1/2 per cent, whichever is greater, retroactive to Sept. 1, when the old contract expired. It also includes an increase of up to eight cents an hour for skilled workers, and continuation of the cost-of-living clauses.

Average wage scale for the company's 3,500 employees was not available. The company has plants in Detroit, Traverse City and three Ohio cities and the union originally demanded a continuation of a national agreement covering them all.

However, local settlements were reached earlier this year ending the strikes at all but three Detroit plants.

Senators Want Dulles to Stay

Secretary Has Parleys With Nixon, Brother Between Treatments

WASHINGTON (AP)—Secretary of State John Foster Dulles gets his third X-ray treatment for cancer today after a respite during which he had two discussions on world affairs.

While Dulles was talking about the international situation Sunday with Vice President Richard M. Nixon and later with his brother, Allen W. Dulles, several senators were disagreeing with a suggestion that the secretary resign.

Sen. Stuart Symington (D-Mo) made the suggestion Saturday in St. Louis. He said he didn't think Dulles could run the State Department from a hospital.

But Sen. Mike Mansfield of Montana, assistant Democratic floor leader, said he regards Dulles as almost indispensable at this time.

Sen. Homer Capehart (R-Ind) said Symington was carrying partisan politics too far. He called Symington's suggestion very cruel and unwarranted.

Sen. John F. Kennedy (D-Mass) said it would be unfair to ask Dulles to quit now.

Sen. John Sparkman (D-Ala) said he saw no need for making a replacement. He said Dulles "may bounce back. If anyone can, I believe he will."

Sen. Carl T. Curtis (R-Neb) said there are many examples of cured cancer patients doing a great job.

Vienna's Dogs Smart

When Crossing Street

VIENNA (AP)—Most of Vienna's dogs are "traffic-minded" and know their way when crossing a street, a local investigation revealed.

The survey, conducted by Dr. Ferdinand Brunner of Vienna's Veterinary College, showed that only 14 per cent of the dogs walking the streets unleashed posed to have poor traffic sense.

The rest were able to cross the busiest intersections by careful listening to any approaching noise, the expert says.

Dems Back Income Tax Plan

State Solons Have 5 Days to Find Cash Crisis Cure

From Our News Wire

LANSING—Michigan was running out of money, time and excuses today as lawmakers found themselves with just five days to decide on a cure for the worst cash crisis in state history.

After a long weekend of politicking, Democratic lawmakers returned from the party's state convention with a clear mandate from the delegates to help put over Gov. Williams' income and corporate tax program.

With equal firmness, the convention platform sounded the death knell for a four cent sales tax, urging unswerving resistance to Republican attempts to put the proposition on the April 6 ballot.

Democrats in the evenly divided house beat the sales tax proposition last week. Republican strategists promised to try for another vote tomorrow, but stood virtually no chance of getting the two-thirds vote they needed.

Once the proposition dies, Republican legislators can write their own tax program, without concern for a party platform. The GOP convention earlier this month went no further than endorsing a public vote on the sales tax.

With fate of the proposal virtually a foregone conclusion, GOP moves for a second House vote were seen by some observers as little more than a maneuver to bring public attention to the party's stand.

Labor Force, Jobless Rolls Both Up in State

EAST LANSING (AP)—Michigan's labor force increased by about 14,000 between December 1957 and December 1958, Michigan State University's Bureau of Business and Economic Research said today.

Gains were reported in Detroit, Bay City, Saginaw, Kalamazoo and the Upper Peninsula.

But the board, in its publication Michigan Economic Board, said unemployment grew at a faster clip at the same time. It said Michigan's unemployment climbed from 90,000 in December 1957 to 321,000 in December 1958.

The board cited Jackson and Battle Creek as the only exceptions to the unemployment trend. It also reported a drop in retail sales from November 1957 to November 1958 in every Michigan city except Kalamazoo. Kalamazoo recorded a gain from 170.6 to 170.7 in the retail sales index.

Oh, How Humiliating!

RIVERSIDE, Calif. (UPI)—Florida oranges soon may be California oranges. The citrus experiment station of the University of California said today it would send 30,000 citrus seeds to Florida, where a disease causing citrus trees to go into a decline.

Stock Exchange Closed

The New York Stock Exchange is closed today because of the holiday.

Michigan Phone Workers Picket

Union Employees Off Job at Saginaw, Bay City as Contract Expires

DETROIT (AP)—Supervisory personnel manned switchboards for Michigan Bell Telephone Co. at Saginaw and Bay City today after the Communications Workers Union began picketing the company's central office buildings.

The company said a few pickets showed up in both cities. The company's garage also was picketed at Bay City.

The company's contract with the union expired at midnight. Negotiations on a new contract were scheduled to resume in Detroit today. Bargaining sessions ran until 1:30 a.m.

No strike vote has been taken among the some 17,000 union employees represented by the CWA. One union spokesman said:

"We are hopeful, but we aren't moving very fast. There are a whole lot of problems."

The company said it has made two offers to the union, both of which were rejected as "inadequate." Terms of the offers were not disclosed.

The union said it is seeking a substantial wage increase and improved pensions, vacation, sickness benefits and union security provisions.

Indiana Mayor Slashed in Office

Police Lack Motive in Attack by 3 Thugs on Respected Official

GREENSBURG, Ind. (AP)—Police officers said today they were at a loss for the motive of three thugs who Mayor Sheldon Smith said lured him to his private office and slashed his face, hands and body.

The mayor, 39, was in fair condition at Greensburg Memorial Hospital with "innumerable superficial cuts and a strained neck and back."

Officers said the mayor's spotless reputation weakened any personal revenge motive. Smith, who also serves as judge of the Greensburg city court, said the man who did the slashing Saturday night, snarled: "You sent up my buddy and you're going to pay for it."

"We can't come up with any leads until we get some reason for the attack," said Police Chief Warren Melick. "We're up against a blank wall."

Smith, mayor for 10 years, said the three men were strangers, but said he had seen the razor blade wielder Saturday noon in a Greensburg restaurant. He said the thugs also had broken glass and a hatchet.

The mayor told police one of the men enticed him to his private tax accountant's office by telephone, saying he wanted help in preparing an income tax return.

Burglars Get \$8,000 in Roof-Entry Theft

Burglars who believe in working their way from the top down were being sought today by Ferndale Police following an \$8,000 theft from a market safe over the weekend.

Thieves used a sledge-hammer to pound their way through the roof of the State Fair Market, 726 Hilton St., Ferndale, owned by Sam Wolfe of 1341 Park St., Oak Park. Police recovered the sledge-hammer which was left at the scene.

About \$8,000 in cash, bills and checks was removed from the safe. The escaping thieves dropped a bundle containing \$140 in bills in the alley as they fled.

The same method of operation was used in the burglarizing of a westside Detroit market over the weekend when an estimated \$18,000 was removed from a safe.

John L. Lewis Goes Home, Condition Said Excellent

WASHINGTON (AP)—John L. Lewis is in excellent condition after three weeks in Georgetown University Hospital recuperating from a heart attack and pneumonia, his physician said today.

Lewis, president of the United Mine Workers, entered the hospital Jan. 30 and checked out Friday. He now is at his home in Alexandria, Va.

LOOSE CABOOSE — Perfect balance was achieved by a loose caboose when it left the tracks at St. Ignace. Trainmen believe it was right, two railroaders appear to hold it off the ground with little effort, although it balanced off track when the freight moved out. At the there without their assistance.

Faith Brought Singer From Poverty to Fame

(Continued From Page One)

sacred music. And she has never been hungry, either.

The career of the world's greatest gospel singer, as the critics call her, began obscurely enough 47 years ago on a Mississippi levee near New Orleans.

Her father was a dock worker and a barber who served as a minister on Sunday. Mahalia's mother died when she was four and from then on she was raised by her uncle and aunt, who were childless.

Economic necessity made Mahalia leave school after the eighth grade and go to work. When she was 16 she moved to the South Side of Chicago, joined the Greater Salem Baptist Church, and promptly became the featured singer in a quintet which toured various churches throughout the Baptist convention.

Mahalia says, "Even when I was just a little kid you could hear my voice up and down the levee."

She knew hard times in Chicago, working as a hotel maid, and later packing dates in a factory for \$7.30 a week.

Slowly, her reputation grew. There began to be times when she made as much as \$25 on a Sunday. Accustomed to little, she saved much, and soon owned her own beauty and flower shops.

She was asked to make recordings, and one of her first discs, a gospel song she wrote herself, called "I Will Move On Up A Little Higher," sold over two million records. Another, "Even Me," sold over a million.

Critics recognized instantly that she had the greatest jazz voice since the incomparable Bessie Smith, but Mahalia stuck resolutely to her gospel songs. She refused, "I sang God's music because it gave me hope. I still need the hope and happiness God's music brings. I find it a personal triumph over every handicap, a solution to every problem, a path to peace."

It was in my capacity as a radio and television producer that I came to know Mahalia, and from the start I was impressed not only by her wonderful musical gift, but by the warmth and depth of her religious faith.

I saw that faith in action when Mahalia was hospitalized and was told that she must undergo major surgery within a matter of hours. She was extremely frightened, as almost anyone would have been, and asked to be left alone for a little while. Then she took her Bible, and re-read the 27th Psalm:

"The Lord is the strength of my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?" until she regained her faith.

She recovered quickly, believing sincerely that God had given her a better and stronger body with which to carry on her mission of singing the gospel.

Brazil Approves Mrs. Luce as Envoy

RIO DE JANEIRO (AP)—It's practically official now: Mrs. Clare Boothe Luce is the new U. S. Ambassador to Brazil.

A foreign office spokesman announced today the Brazilian government, responding to an inquiry from Washington, cabled its agreement over the weekend to appointment of the petite author, diplomat.

The White House customarily awaits such a response before announcing the appointment of a new ambassador.

Mrs. Luce is to succeed Ellis O. Briggs, a career diplomat who has been ambassador to Brazil since July 1956. There was no indication where he might be reassigned.

Mrs. Luce is the wife of magazine publisher Henry R. Luce. She was ambassador to Italy from April 1953 to November 1956. She has since represented President Eisenhower at two Vatican ceremonies, the funeral of Pope Pius XII and the coronation of Pope John XXIII.

Williams Trails in Poll of Presidential Likelihoods

WASHINGTON (AP)—A magazine survey of political leaders rates Vice President Nixon far out in front for the Republican presidential nomination. Among Democrats, it says sentiment now favors Sen. Stuart Symington of Missouri or Adlai E. Stevenson.

A copyrighted article in U. S. News & World Report also lists Sens. John F. Kennedy of Massachusetts and Lyndon B. Johnson of Texas as Democratic contenders. Trailing them are Sen. Hubert Humphrey of Minnesota and Govs. G. Mennen Williams of Michigan and Robert B. Meyner of New Jersey.

Remember the man who could sell refrigerators to Eskimos? Well, a recent "job wanted" ad boasted the writer could "sell rockets to the Russians." A Manhattan hosiery company says its stockings are for "contented calves." —Earl Wilson.

News in Brief

Burglars took an undetermined amount of money from three amusement machines in the W. Walton Dairy Bar, 228 W. Walton Blvd., it was reported to police Sunday.

An undetermined amount of change was taken by burglars who broke into the Idle Time Bar, 262 E. Pike St., it was reported to police Sunday.

The theft of a clock-radio from her home at 18 Lull St. was reported to Pontiac Police over the weekend by Bessie Jones.

Thieves took \$300 in \$1 bills from the Northside Auto. Supply offices, 739 N. Perry St., it was reported to police Sunday.

'Rebel' Farmer May Be Heard

Hoffman Would Get House Group to Hear Yankus' Complaints

DOWAGIAC (UPI)—Cass County poultry farmer Stanley Yankus Jr., may have his day before the House Agriculture Committee, but there is no telling whether his appearance will prompt him to change his mind about leaving the country.

Rep. Clare E. Hoffman (R-Mich) said he would try to arrange a hearing for Yankus, but the Allegan lawmaker said he didn't think it would do much good because "the law is the law."

Yankus, an independent-minded chicken farmer last week posted a "for sale" sign on his 100-acre farm near here because "the government won't let me farm as I see fit."

Hoffman said Yankus' case proved "this country is not the citadel of freedom we thought it was," and showed how a "good citizen can be driven out of the country if he has enough independence."

The federal government levied fines on Yankus because he exceeded his quota of wheat plantings. He continued his fight since 1954 but last week announced plans to sell his farm and move to Australia.

Hoffman praised Yankus for his spirited battle and said the situation was not Yankus' fault, "It is ours."

"People who came to this country thought they would be free to work and live as they please so long as they didn't hurt anybody," he said. "This shows how the federal government has moved in on every part of our life."

Hoffman said Yankus was "just old fashioned—he wants to run his own business."

New Radio Item Enables Constant Tracking of Moon

CEDAR RAPIDS, Iowa (AP)—Colling Radio Co. said today that for the first time in history the moon has been tracked continuously through the use of a new precision radio sextant.

Since the moon gives off extremely weak radio waves, the company said in a statement, the feat of developing a sextant to track the moon accurately is a "major breakthrough in navigational systems."

The company said the radio sextant functions as a precise compass, with more than 10 times the accuracy of present marine compasses.

Wallets Holding \$125 Stolen From Home

Waterford Township police this morning recovered two wallets stolen from Mr. and Mrs. Clyde Gregory of 1026 Fremont St., but \$125 was missing from the wallets.

Thieves entered the unlocked house sometime after the couple went to bed at 11 last night and took Mrs. Gregory's purse and her husband's trousers containing the wallet.

The theft was discovered when the Gregory's daughter Sharon came home and found the front door wide open.

The trousers and purse were stolen from a chair beside the Gregory's bed.

Police are investigating the case.

Traffic Weekend Worst of Year

9 Die as Unseasonably Warm Weather Draws Crowds to Highways

By The Associated Press

Four persons died in accidents Sunday on crowded state highways, boosting Michigan's weekend traffic fatality toll to nine—highest of any weekend this year.

State Police said unseasonably warm weather in the southern part of the state brought heavy traffic to most trunklines Sunday for the first time this year.

The state's highway death toll, however, still remains far below the count at this time last year. Revised State Police figures show 114 persons have died in traffic accidents thus far this year compared to 167 traffic deaths reported at this time last year.

The Associated Press weekend fatality count started at 6 p.m. Friday and ended at midnight Sunday.

Eddy Liquia, 8, Otisville, died Saturday when his sled was struck by a car near his home.

Mrs. Irene French, 38, Ortonville, was killed Saturday in a collision east of Flint.

Merlin F. Hopkins, 45, Stockbridge, died Saturday when his car was struck by a train south-west of Brighton.

Donald Witter, 16, Le Roy, died Friday night when the car in which he was riding struck the rear of a snow plow near Le Roy.

Larry Kuehnlein, 19, Monroe, was killed Saturday, when the car in which he was riding collided with a tractor-trailer near Monroe.

George E. Wood, 31, Oxford, was killed Sunday when his car and another collided west of LaPeer.

Alvin E. Johnson, 45, LaPeer, died Sunday in a collision north of LaPeer.

Mrs. Rose M. Polly, 28, Wickliffe, Ohio, died Sunday when the car in which she was riding struck a tractor-trailer at Devils Lake.

Willie H. Griffin, 44, Inkster, was killed Sunday when his car and another auto collided head-on in Dearborn Township.

Former Detroit Paper Ad Manager Dies

DETROIT (AP)—Funeral services for Ralph Horton, former classified advertising manager of the Detroit News, will be held here Wednesday. Horton died Saturday at the age of 71.

Born in Cleveland, Ohio, Horton came to Detroit in 1932 to take an advertising job with the Detroit Free Press. He moved to the News display advertising department the following year. He had been classified advertising manager for 15 years when he retired in 1953.

Horton formerly was with Curtis Publishing Co., Philadelphia; the Cleveland Plain Dealer; the New York Herald Tribune; the Cincinnati Enquirer and the Columbus, Ohio, Dispatch.
