Veteran Actor Seen in Two Series on 7

A familiar, competent face is getting double exposure on Channel 7 in two widely differing roles. And Jack Warden is very much at home in both series, having lived in surroundings similar to each.

In ABC-TV's police drama series "N.Y.P.D.," which is being produced against the actual backgrounds of New York City, Warden stars as Detective Lt. Mike Haines, up from the ranks with 18 years on the force.

* * *

Born just over the river in Newark, N.J., Warden earned a living in New York as a professional boxer, deck hand on East River tugboats, bouncer in a dance hall, and a lifeguard. "N.Y.P.D." is seen Tuesday nights at 9:30 on WXYZ-TV.

Sundays at 4 p.m. Jack is back on Channel 7 in "Wackiest Ship in the Army," a comedy aired on the networks in 1965-66. Here he costars with Gary Collins in the story of a two-masted schooner doing intelligence duty in World War II — jointly run by the Army and Navy.

SERVICE RECORD

Here again, Jack is at home, having served a 3½-year hitch with the Navy along the China coast. At the outbreak of World War II he reenlisted, this time in the Merchant Marine, where he had a ship sunk from under him. Re-enlisting again in the Army, he served with the 101st Airborne Division of Infantry Paratroopers.

Preparing for the D-Day invasion of Normandy, Warden broke a leg in a practice jump over England. In a base hospital, he met another GI from show business who sparked Jack's inferest in acting.

* * *

After the war he attended acting classes in New York, toured with stock companies and put in a five-season apprenticeship at the Margo Jones Theatre in Dallas.

Among Warden's notable stage roles: the Italian immigrant of Arthur Miller's "View From the Bridge" and the song-and-dance comic in "The Body Beautiful." He appeared in "Lullaby" with Kay Medford and Mary Boland, and in "A Very Special Baby," produced by David Susskind, whose Talent Associates is producing "N.Y.P.D."

DRAMATIC SHOWCASES

Warden has been a guest star on virtually every major dramatic show on television, including the early dramatic showcases such as "Studio One" and "Playhouse 90."

Among Jack's many motion picture credits are "Bachelor Party," in which he played the restless organizer, "Twelve Angry Men," as the thick-skinned salesman, and "Edge of the City," as the sadistic dock boss. His most recent film, "Bye, Bye Braverman," was filmed in New York.

* * *

Warden maintains residences on both the West Coast and in New York and his wife, Vanda, and their son, Christopher, 6, have joined Jack in New York.

Pat Blair takes "the girls," two Italian Greyhounds, with her whenever she travels. Husband Martin Colbert calls them his "three little gypsies."

Travel Is a Boon to Patricia Blair

HOLLYWOOD — Daniel Boone's wife, Becky, did her traveling by covered wagon. Patricia Blair prefers a Rolls Royce.

"Marty says he has three little gypsies," said Pat, referring to husband Martin Colbert. "All he has to say is, 'Let's!' and I'm ready to pack up the car, take 'the girls,' and go."

* * *

"The girls" are two Italian greyhounds, Amanda and Genevieve. Pat loves to travel when she isn't busy starring as Dan'l's wife, Becky, in the "Daniel Boone" series color-cast Thursdays.

"Patti," said her husband, "has a traveling kit that's always packed ready to go. We take our '60 Rolls—that's how Patti likes to rough it."

While Marty drives, Patti reads to him.

"She's my little encyclopedia," he said.

REFERENCE BOOKS GO ALONG

"I always take reference books along in the car," said Pat. "They're my favorite form of reading. I read to Marty, as we drive along, about points of interest that we'll visit."

The Dallas beauty has had a lifelong interest in American history.

"I found that our heroes were human," she said. "These were great men, but they had their personal faults and shortcomings. Washington goofed. Franklin goofed. That's what the kids are looking for — reality and truth. If we made our heroes more human the kids wouldn't go for Bonnie and Clyde."

AN ANTIQUE FAN

History comes alive for Pat in other ways.

"I love antique shops," she said. "I become mesmerized by places."

Pat loves each place for what it has to offer. She still hopes to visit Idaho, Montana, northern Colorado, and northern Maine.

Czechs Optimistic, but Talks Continue

MOSCOW (AP) — Talks between Czechoslovak and Soviet leaders apparently ran beyond schedule today, suggesting a snag even while broadcasts from Czechoslovakia reported its leaders had won significant concessions.

A radio station identifying itself as Czechoslovakia One reported President Ludvik Svoboda had concluded "an honorable agreement" with the Russians. It offered no details.

A broadcast on the wavelength of the clandestine Radio Prague said Alexander Dubcek, the Czechoslovak Communist party chief whose liberalization program prompted the Soviet bloc invasion Tuesday night, "is to resume his functions in the next few days."

Shortly after 3 p.m. traffic was stopped on the highway leading from the Kremlin to the airport in preparation for the departure of Svoboda's delegation.

Then, without explanation, the highway and bridge were reopened and a crowd which had been waiting to see the motorcade was dispersed.

A column of soldiers lined up near the Kremlin marched off and the street returned to normal except for Czechoslovak and Soviet flags still fluttering from the lampposts.

★ ★ ★

Dubcek and Premier Oldrich Cernik, both of whom had been restricted when Russian troops occupied Prague, were reported to have joined Svoboda's delegation for the second round of talks today.

Exchanges in the opening session yesterday were described by Soviet news media as "frank," a word that in Communist usage here means disagreement.

OCCUPATION NEWS

The airwaves carried considerable data about the occupation:

● Radio Prague said Russian and Bulgarian soldiers, allies in the occupation, exchanged fire at the Libnesky bridge because of a misunderstanding, and several Russians were reported injured.

★ ★ ★

● Quoting information from hospitals, the Clandestine station said clashes in Prague so far have resulted in eight dead and 390 wounded, 90 seriously.

★ ★ ★

● Radio Moscow told the Russian people that "four Soviet servicemen have died at the hands of the murderers" in Czechoslovakia.

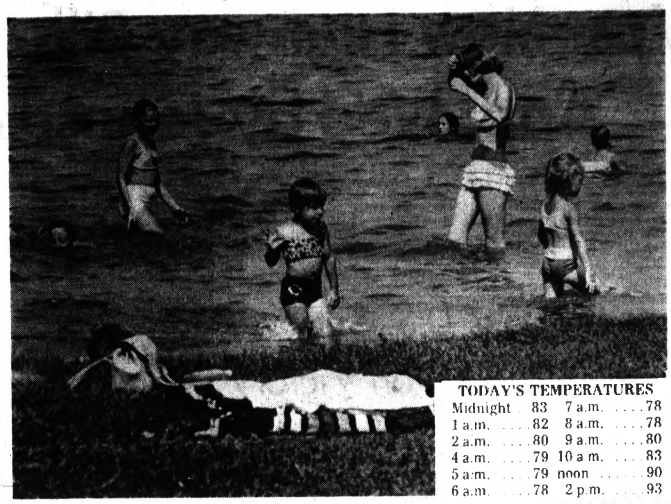

★ ★ ★

Radio Prague said its information that Dubcek would be resuming his duties came from Deputy Premier Gustav Husak, who was in Moscow with Dubcek, Svoboda and Premier Oldrich Cernik.

Relief—a Shower Away?

Relief may be in sight!

The weatherman predicts temperatures will cool off a little tonight.

Pontiac residents wilted during one of the hottest days of the year yesterday, with a high of 96 at 4 p.m. The mercury registered 83 at midnight, the hottest night of the year.

Here is the official U.S. Weather Bureau day-by-day prediction:

TODAY: Partly sunny, hot and humid with chance of afternoon thunderstorms. Highs 87 to 93. Chance of showers or thundershowers and turning a little cooler tonight. Lows 67 to 72.

TOMORROW: Partly sunny, cooler and less humid. Winds southwesterly 10 to 20 m.p.h. and gusty.

★ ★ ★

MONDAY: Sunny and cool.

Precipitation probability is 30 per cent today, 40 per cent tonight, and 10 per cent tomorrow.

NORTH TO SIZZLE

Metropolitan area masses who depart every weekend to the north country won't find much relief there this weekend. The weather bureau today predicted increasing cloudiness, hot and humid weather today with thundershowers likely in northern lower Michigan. Highs were predicted between 90 and 95 degrees.

As temperatures in lower Michigan clung in the low 90's yesterday for the fifth straight day, Consumers Power Co. broke all records for use of electricity.

The company's one million customers used 2,972,800 kilowatt-hours of power between 1 and 2 p.m. yesterday breaking the old record, which had stood for less than 24 hours.

Hot, humid weather and the demands of air conditioning systems caused the record electricity use, company officials said.

Eisenhower Is Hit by Heart Spasms

WASHINGTON (AP) — Former President Dwight D. Eisenhower suffered new attacks of irregular and rapid heart beats early today his doctors at the Army's Walter Reed Hospital announced.

In a statement released at 11 a.m. EDT the doctors said:

"After a very good day and night, Gen. Eisenhower again had a recurrence of marked cardiac irritability this morning with frequent extra beats and two short episodes of very rapid heart action. He is now resting comfortably but remains in critical condition."

★ ★ ★

Walter Reed doctors have explained that the term heart irritability means irregular and rapid heart beats, which is considered a dangerous symptom for the 77-year-old five-star general fighting to overcome effects of his seventh heart attack.

Humphrey Foes OK Viet Peace Plank

CHICAGO (AP) — Sen. George S. McGovern, D-S. D., the man with the nearly impossible dream of becoming President, is leading a lancers' charge on the gates of Hubert H. Humphrey's Democratic convention redoubt.

Possessed by his own estimate of only one-tenth of the 1,312 needed for the party presidential nomination in next week's convention, McGovern strode smilingly to a hotel news conference platform last evening as the first of the candidates to appear on the sweltering Chicago scene.

★ ★ ★

McGovern was flanked by a couple of veterans of the Robert F. Kennedy wars, Former White House press secretary Pierre Salinger and Frank Mankiewicz, the slain Kennedy's assistant.

He unveiled a proposed Vietnam peace platform plank he said had been personally endorsed by both him and Sen. Eugene J. McCarthy, D-Minn., Humphrey's chief rival for the nomination.

BOMBING HALT

It called for a halt in the bombing of North Vietnam, withdrawal of opposing forces from the South, and pressure on the Saigon government to "negotiate a political reconciliation" with the communist National Liberation Front.

The proposed plank adds "we are also resolved to have no more Vietnams."

★ ★ ★

The peace proposal gets its first test today when it is presented to the drafting subcommittee of the official platform committee.

The suggested plank, said to have the support of more than 20 members of the 110-member platform committee, avoids direct criticism of Johnson or his administration, saying, "discarding judgment about the wisdom of the past, we must now act to secure and enrich our own future by bringing the war in Vietnam to a swift conclusion."

GEORGIA PROBLEM

Georgia remained a concern to the credentials committee today as the panel closed a grueling week of public hearings with a move to unseat Alabama delegates who work for the third-party presidential bid of ex-Gov. George C. Wallace.

Committee Chairman Richard J. Hughes took time out from his Georgia peacemaking efforts to announce that a modified loyalty oath would be slapped on Alabama's delegates to next week's Democratic National Convention.

★ ★ ★

The oath "is sort of a pledge against disloyalty," the New Jersey governor said as he ended five days of 10 to 14-hour public sessions on an unprecedented flood of seating contests.

Except for closing the gap between two rival Georgia delegations, all that remained was a meeting with the Democratic National Committee and an executive session to work on a final report that Hughes said would "probe very deeply into party reforms."

DELEGATE CHOICES

It might, he said, recommend changes in the way delegates are selected, an issue in more than half of the cases heard this week.

The Georgia solution, worked out in a series of angry, closed-door debates, was a committee decision to seat portions of two rival delegations. It would freeze out Gov. Lester Maddox, a Wallace sympathizer and a late entry into the Democratic race.

But it ran into strong objections from Maddox, who threatened a floor fight.

Planes Try to Break Siege by North Viets

SAIGON (AP) — American bombers swept in from all over the country while allied commandos battled over hilly terrain today in an attempt to lift the siege of a tiny U.S. Special Forces camp surrounded by well entrenched North Vietnamese troops.

Both sides were clinging stubbornly to their positions at last report following 30 hours of fighting.

Illumination flares dropped from the air revealed a grotesque scene of twisted enemy bodies strung out along the wire perimeter of the isolated Green Beret camp at Duc Lap, 130 miles northeast of Saigon.

The U.S. Command poured in all available firepower to dislodge the estimated 1,000 to 3,000 North Vietnamese soldiers surrounding the allied force of at least 15 American Special Forces troopers and 400 South Vietnamese.

PROTECTIVE FIRE

Large numbers of fighter-bombers and helicopter gunships swooped in from bases throughout South Vietnam to provide continuous protective fire for the outnumbered defenders. Heavy B52 bombers followed in waves of 10, raining 300 tons of explosives on enemy ground. Many bombs fell within three miles of the Green Berets.

Meanwhile, more than 300 American and South Vietnamese commandos, airlifted into the area by helicopters, battled to within three miles of the beleaguered allied camp. They were last reported at a district headquarters that came under a mortar barrage and ground assault about the same time the Special Forces camp was first attacked early yesterday.

★ ★ ★

A U.S. officer said the district headquarters, manned by about 100 South Vietnamese militiamen and a handful of Americans, was "pretty much demolished," but that the allies managed to hold on until the commandos arrived. South Vietnamese spokesmen reported at least 65 enemy killed, while allied casualties were listed as light.

Outside the Special Forces camp, at least 25 enemy bodies were observed and many others were spotted farther away, apparently victims of the heavy American air and artillery barrage.

Three Deputies Honored

Three members of the Oakland County Sheriff's Department were honored yesterday for bravery stemming from the incident July 3 in which Pontiac police Capt. Donny Ashley drowned in the Clinton River.

In addition, three staff members of The Pontiac Press received certificates of appreciation from Sheriff Frank W. Irons for coverage of the tragic and near-tragic events of the day.

Receiving the plaques were Capt. Leo Hazen, who was credited with saving the life of Deputy Wayne Brause by pulling the exhausted skin diver from the river, and Brause and Sgt. Medward Tessier, who entered the swirling waters in search of one of two missing brothers.

Given certificates were reporters Mel Newman and Jim Long, both of whom covered the story, and chief staff photographer Ed Noble, who was at the scene when Ashley drowned.

Ashley died when the search craft in which he was riding overturned. Both of the youths sought were found drowned.

Vast New Highway Bill Approved by Johnson

AUSTIN, Tex. (AP) — President Johnson has signed into law legislation authorizing a $21 billion national highway program over the next six years and expanding the interstate expressway system.

The measure provides $12.3 billion in new money for the Interstate and other federal-aid roads and also allocates about $9 billion of previously-voted funds.

In addition, it extends the highway beautification program, a pet project of Mrs. Lyndon B. Johnson's, and establishes a greatly broadened system of relocation payments for persons and businesses displaced by road projects.

Congressional sponsors said it was the most significant highway legislation since the interstate system was set up in the 1956 act.

ANNOUNCED TODAY

The Texas White House announced today the presidential signing.

The bill adds 1,50t miles to the 41,000 miles already allocated to the interstate system. The new miles would have to be used for critical links not included on the present routes: they would be apportioned by negotiation between the Transportation Department and the states.

* * *

The date for completion of the interstate system is extended two years, to June 30, 1974, by the legislation. Federal officials have been saying for some time the original 1972 date could not be met.

* * *

The highway beautification program, while extended, is given only a new $25 million, one-year authorization by the measure. Johnson had asked $85 million annually for three years.

Other provisions of the law will:

- Delay for one year, to Jan. 1, 1970, the penalty for states which fail to implement the national highway safety program.
- Authorize new programs of $200 million each in the next two years for traffic improvement projects in major cities and of $125 million each in the same period for special categories of rural highways.

Authorize a demonstration program of use of federal highway funds to help build fringe parking facilities in cities.

- Revise the national policy of protection of parklands and historic sites in connection with highway projects to give somewhat greater discretion to the Secretary of Transportation in carrying out the policy and to provide for joint federal-state-local action in implementing it.

These are the new interstate system allotments in the bill: $4 billion each for fiscal 1970, 1971, 1972 and 1973, and $2,225,000,000 for 1974.

Agnew Says U.S. Survival Depends on Nixon Victory

GRAND RAPIDS (UPI) — Gov. Spiro T. Agnew, GOP vice presidential candidate, told Michigan Republicans today the Republican party must be elected in November if the nation is to survive.

In an address to the Michigan Republican State Convention, the Maryland governor said "our stake in this campaign is nothing less than national survival, not of the Republican party, but of America."

He said "Richard Nixon alone offers the American people a fresh path to peace from experience gained by past success, not equivocation to rationalize past failures."

Agnew told the Republicans the GOP offers the American people the choice of "strong, honest leadership . . . that we work for progress at home without violence, and peace abroad without capitulation."

Agnew said the Republican leadership stands for civil rights but not for civil disorders.

The vice presidential candidate said he shares with Richard Nixon a "deep concern" for an ordered society with justice for all.

"So much dangerous nonsense has been uttered on the subject of civil rights and civil disorders," Agnew said. "It is time for whites and Negroes together to affirm the only position consistent with American ideals."

That position, Agnew explained, was "equal justice, equal opportunity, respect for every man and zealous protection of his rights."

But, he added, in pursuit of these goals, "resort to the torch or gun all the time, or the rock, cannot be tolerated."

President Quits at Columbia U.

NEW YORK (AP) — Dr. Grayson Kirk has retired as president of Columbia University where he was a major target of the student rebellion that rocked the Ivy League campus last spring.

Kirk told the president of the board of trustees in a letter made public yesterday that one reason he was stepping down was "to ensure the prospect of more normal university operations during the coming academic year."

* * *

As acting president the trustees named Dr. Andrew W. Cordier, dean of the school of international affairs and a former career diplomat. He said he would stress "the human values and participatory possibilities of university life."

* * *

The first reaction from student activists, whose main goal has become the restructuring of the university to allow greater student and faculty participation in policy making, was that the change made little difference.

LBJ WON'T NIBBLE—Frank C. Erwin, Democratic national committeeman from Texas, is shown suggesting that there is "growing sentiment" in his state's delegation to nominate President Johnson for reelection. Johnson responded today: "I am not a candidate for anything, except maybe a rocking chair." Erwin's bait-dangling came yesterday during a hearing of the Democratic rules committee. He had testified in a bid for retention of the unit rule vote, but the committee decided to abandon it.

Nursing Homes OK State's New Rates

LANSING (AP) — The president of the Michigan Nursing Home Association said yesterday the organization had agreed, with reluctance, to new rates of state reimbursement for the care of public patients.

* * *

Gov. Romney earlier announced the agreement by which the state would pay $12 or $14 to nursing homes depending on the kind of care rendered. The state earlier proposed $11 and $14 rates.

* * *

Basil Boyce, the asspciation president, said "we are so certain that the governor's study commission will recommend an immediate increase in rates . . . that we agreed to an interim solution that is far from equitable for most nursing homes."

* * *

Boyce claimed one effect of the agreement would be that some patients would end up in hospitals which charge the state $40 a day, rather than in nursing homes which have sought reimbursement of only $16. Boyce said that would amount to a monthly loss of $288,000 to the state.

PATIENTS DISCHARGED

Some nursing homes, particularly in Wayne County, had discharged elderly state-supported patients, in some cases sending them by taxi to area hospitals as a protest against the state rate reduction.

* * *

Romney said the agreement yesterday included an understanding that nursing homes submit to a state audit of costs. A nursing home failing to return accounting forms within 30 days would be reduced to the $11 rate of payment.

* * *

During the period of the committee study, nursing homes agreed not to discharge patients except under normal operating circumstances.

Shots Injure 6 at Pacifist Camp

VOLUNTOWN, Conn. (AP) — State police and a group of men they called Minutemen engaged in a shoot-out at a pacifist camp early today. Six persons, including a state trooper and a woman resident of the camp, were shot.

State Police Commissioner Leo J. Mulcahy said his troopers arrested six men, five of them as they entered the premises of the Committee for Non-Violent Action.

* * *

The men, he said, were heavily armed, masked and carrying inflammables. State police reached the pacifist headquarters scene on information supplied by the Federal Bureau of Investigation, Mulcahy said.

* * *

"The Minutemen fired upon the state police" as the troopers arrived, Mulcahy said.

* * *

State Police Sgt. Stanley Nastatka of the Colchester barracks was shot in the foot. Mrs. Robert Trask, a resident of the pacifist headquarters, was shot in the hip.

Four of the men arrested were wounded in the gunfight. One was shot in the face.

* * *

All six were charged with conspiracy to commit a felony and assault with intent to kill. Mulcahy said the felony conspiracy charge involved arson.

The CNVA pacifist group has taken part in numerous antiwar demonstrations, most notably in the Connecticut area at launchings of nuclear submarines at the Electric Boat Division of General Dynamics Corp. in Groton.

Bronson Probes Charge Police Avoid Areas

Oakland County Prosecutor S. Bronson yesterday asked for a report on charges that white policemen are afraid to enter some areas of Pontiac.

Bronson said today he has invited City Commissioner T. Warren Fowler Sr., who made the allegations, "to put his serious charges in writing so that the truth or falsity can be determined."

* * *

The prosecutor yesterday asked that the Pontiac Police Department make a full report concerning the situation.

"I feel fact-finding is essential here," nothing less.

'UNSUBSTANTIATED'

"Standing alone, the charges are unsubstantiated. If they are true, the situation must be remedied. If they are false, this should be brought out in all fairness to Pontiac policemen and others connected with law enforcement."

* * *

Fowler charged that police made infrequent checks in the Negro areas of the city because they were afraid and that the black community had no confidence in white police officers.

* * *

"All citizens, wherever they live, have the right to expect full and equal protection of the law," said the chief law enforcement official of the county.

* * *

"All citizens have the right to be able to walk upon our streets in safety without fear of being assaulted or otherwise harassed."

Kingswood Master Gets N.Y. College Post

Dr. John R. O. McKean, headmaster of Kingswood School for Girls in Bloomfield Hills, was named dean of Hobart College, Geneva, N.Y., yesterday.

Teen' Lucky 'Despite Arm Loss

By MEL NEWMAN

Young Ronald Turcsak today is back riding a hospital bed. It's a seat the Waterford Township youth has occupied frequently since that day more than two years — and 50 operations — ago when his motor scooter collided head-on with a car on busy M24.

Turcsak lost his left arm Wednesday. He had worn it in a sling for the more than two years.

CALLED LUCKY

But he and his family are lucky, according to his father, Joseph Turcsak, 47, of 6259 Elizabeth Lake, Waterford Township.

That's because the Turcsaks were told on June 29, 1966, that Ronald, then 16, would not live through the night.

* * *

He was riding his motor scooter back from his aunt's home in Lapeer that day when a car struck him head-on at the intersection of M24 and Waldon in Orion Township, sending him crashing to the pavement.

Despite the terminal prognosis he survived the night and spent the next 62 days in a coma at St. Joseph Mercy Hospital.

But his ordeal was only beginning and that's why his father, a body-builder at GMC Truck and Coach Division, commented yesterday that "things should start looking up for him now."

First of all, the arm remained paralyzed after the accident due to nerve injuries, and, according to the elder Turcsak, "just hung limply, completely useless."

* * *

In addition, Ronald has had 50 neck operations for bone repair. He has also had his jawbones rebroken and reset twice.

In and out of Detroit's Ford Hospital for the past 18 months, he's dropped 45 pounds. As a star baseball pitcher two years ago, he weighed 190.

SCHOOL RETURN EYED

"Ronald now hopes to recover from the amputation in time for classes at Waterford Township High School in September," said his father.

He would have graduated this year, except for the accident.

* * *

"He's in good spirits and hopes to hear from his friends while he's recuperating in the hospital. Then, he can come home and he'll only have to go back to Ford for periodic treatments," said Turcsak.

So things may at last be looking up for Ronald.

It's been a long haul.

But, it's better than the short way would have been.

BLOOMFIELD HILLS — Francis W. Misch of 391 Cranbrook, has been named acting president of Wabash College, Crawfordsville, Ind., effective Sept. 1.

He will replace Dr. Paul W. Cook Jr. who resigned what he called the "exhausting demanding job" as president.

* * *

Misch retired two years ago as vice president of finance for Chrysler Corp.

He is a 1925 graduate of the private college and is a trustee.

BLOOMFIELD HILLS — William McGuire, former principal at Bloomfield Hills Junior High School, has been named personnel director for the Bloomfield Hills Schools.

McGuire, 39, has been on leave of absence for the last two years working on his doctorate at Michigan State University.

* * *

He replaces Clyde C. Fischer, who resigned to become superintendent of Brandon Schools near Ortonville.

Prior to his four years as principal at Bloomfield Hills Junior High, McGuire was principal at East Hills, Eastover, and Wing Lake.

* * *

He has completed all requirements for a Ph.D. except dissertation.

Area Man Gets GOP Drive Post

A Birmingham man, G. Doyle Dodge, has been appointed to the newly created post of campaign coordinator for the Republican Committee of Oakland County.

The appointment, announced by County Chairman Joseph R. Farnham, puts Dodge in charge of coordinating party candidate's campaigns for the State Legislature, county offices and university boards.

* * *

Dodge, county chairman in 1966, was campaign manager for Rep. William P. Hampton of the 65th District when he was selected for the new post.

Employed by Continental Motors, as an executive assistant to the president, he is a member of the Detroit Area Economic Forum and has served on the Economic Advisory Sub-committee of the Michigan Energy Study.

Doyle is a graduate of the University of Oregon and obtained his M. A. in Business from the University of Indiana. He was formerly an instructor in economics in the Royal Oak Adult Education Program.

Change Made at Top of Police Tactical Unit

A change at the top has been announced by the North Oakland County Police Tactical Unit.

Named coordinator of the force, made up of 17 departments in the Pontiac area, was Sgt. Medward Tessier of the Oakland County Sheriff's Department.

* * *

He replaces Lt. Martin McLaughlin of the Bloomfield Township Police Department, who resigned because of new responsibilities in his home department.

The change in command became effective last week.

JOHN O. CANNON

Father Shoots Girls, Kills Self

DALLAS, Tex. (AP) — A 63-year-old father ordered his three young daughters to kneel and say their prayers in a Dallas hotel Friday, then shot all three in the head and killed himself, police said.

One of the girls Phyllis Cannon, 9, died a few hours after the shooting. Pamela Cannon, 13, and Patricia Cannon, 11, remained in critical condition late Friday night.

* * *

Officers said the father, John Overton Cannon of suburban Irving, had been shot in the right temple at close range and that a 32-caliber revolver was clutched in his right hand.

Investigators said Cannon had gone to the home of his estranged wife early Friday afternoon and picked up the girls ostensibly to buy school clothes.

* * *

Pamela told officers they had checked into the hotel room, and the father ordered them to kneel and say their prayers. She struggled with him and was shot in the head but managed to get to the hotel lobby.

House Choice of Nixon Seen Likely by Ford

JONESBORO, Ark. (UPI) — The 1968 presidential election will probably wind up in the House of Representatives which will then select Richard Nixon, according to House Minority Leader Gerald Ford of Michigan.

Ford said Friday that if such a development occurs — because of the third party candidacy of George Wallace — it would touch off "deals, schemes and conniving."

* * *

"I think it's bad," he said. "I want the people, not the politicians, to select the president."

Ford said he was confident the GOP would win the House this year and also hopeful that Nixon could win the presidency outright.

SHADY DEALS

But he noted the elections of 1800 and 1824 — which both wound up in the lower congressional chamber — were full of intrigue and shady dealing.

If no candidate gets a majority of the electoral vote, the election is thrown into the House, where each state has one vote regardless of size or population.

* * *

Ford was in Arkansas campaigning for Guy Newcomb, a GOP congressional candidate who, if he is elected, will give Arkansas two Republicans and two Democratic congressmen if all incumbents also are reelected.

In 1800, it took 11 days and 36 ballots before the House elected Thomas Jefferson. Ford said a lot of deals were made preceding the decision.

"There is a possibility of that kind of balloting in 1969," he said.

OCC Program Unfair to Area Students

Oakland Community College was chided by one of its own trustees recently for initiating a program for inner city youths from Detroit, rather than students from Oakland County.

COLLINS

Dr. Douglas J. Collins, of Farmington Township, who was elected to the board in June, argued that OCC should take care of students from Oakland County before enrolling students from outside Oakland in such programs.

★ ★ ★

We heartily agree. It is the taxpayers of Oakland County which support OCC, not the taxpayers in Wayne County.

The program in question will subsidize the education of 50 high school graduates from Detroit's inner city, with the college waiving their tuition, giving them $300 for expenses and arranging their admission to Michigan State University if they maintain at least a "C" average for two years.

We feel certain that there are many students in Pontiac's "inner city" who would give their eyeteeth to be enrolled in just such a program. And the shame of it is that the parents of the Pontiac students are paying taxes to support this college. The parents of those Detroit students are not.

College officials said the Detroit group was established and located by a Detroit citizens group, and it was necessary to use this established group to get an immediate federal grant. They added that efforts are being made to locate and include Oakland County students.

★ ★ ★

We certainly hope college officials will, with due haste, make those efforts pay off. We suggest the Pontiac School District, Oakland County Commission on Economic Opportunity or the Voice of Oakland County Action League as worthy contacts in the search for inner city students from Oakland.

Soviet's Czechoslovak Move Heats Up Cold War

The Iron Curtain has been rung down again with a clang that will echo throughout the world for a long time. The Russian blitzkrieg against Czechoslovakia has not only killed all hope of freedom in that little country, or in any other of the satellites, for years to come; it has ushered in a new period of deep freeze in the Cold War — something that many had come to think was nothing but an outdated label.

As this Country warned the Soviets during the time when it appeared that Premier Dubcek and his liberal supporters might pull off their program of democratic reforms, a resort to force by Russia would have seriously detrimental effects on the developing "detente" between the two superpowers and on the chances of peace in Asia.

★ ★ ★

In the long run — but it is a distressingly long run — the Russians will, of course, have failed. Tyranny over the minds and bodies of men is something that cannot be maintained indefinitely, however strong the chains. The impulse to freedom in the human breast is something that no system of dictatorship has ever been able to destroy, however great its power.

Unfortunately, the United States is not in a position to aid the Czechoslovakians directly or to adopt a moralistic stance. In the eyes of many in the so-called neutral world, there is little difference between a Hungary and a Vietnam or between a Czechoslovakia and a Dominican Republic.

★ ★ ★

Wrong as this view is, it is a reality we have to take into account, and it is one more consequence of a Cold War that is with us again in full force.

Barring School Prayers Contradictory

By EVERETT DIRKSEN

While the nation waits with bated breath for the opening of the Democratic National Convention in Chicago, wondering meantime how the delegates will solve the problems of Hubert Humphrey and Eugene McCarthy, and how either of them would resolve his ideas for a vice presidential candidate, this perchance is a timely moment to discuss the question of prayer.

DIRKSEN

I do not refer to whether the convention will open with a prayer for divine guidance in these perilous times, because I am confident that it will, but to the sad question of prayer in American schools.

★ ★ ★

There are a great many contradictions in this country, and some of them don't make sense. The matter of prohibiting a prayer time for children in our public schools is one of them.

If you look at the facts, they will surprise you, and you may agree that what the United States needs is a constitutional amendment that will once again permit children in our public schools to voice out loud the prayers that may be in their hearts. We intend to introduce such an amendment when Congress reconvenes next month.

When the U.S. Senate convenes — usually every day — the president pro tempore calls it to order and then says: "The chaplain will lead in prayer." When the House of Representatives convenes, the speaker gavels for order and then says: "The chaplain will offer prayer."

You see, it is perfectly all right for senators and congressmen, and even political conventions, to pray out loud in a public building, or to listen to prayer led by a clergyman.

Midway between the House and the Senate is a small, beautiful room with an altar. It is the Prayer Room of the Capitol. There, any member of either body of Congress, or a visitor to the Capitol, may go in and in the cloistered silence pray as he pleases to his God.

Those prayers take place in a public forum supported entirely out of public funds. The two regular chaplains are paid out of public funds.

★ ★ ★

But there is a ruling that prohibits prayers by and for children in public schools.

On every U.S. vessel of any consequence there is a facility for prayer and a chaplain to conduct it. In Vietnam there are religious services and prayer and military service chaplains to conduct them.

But there are no prayers in our public schools.

★ ★ ★

Why aren't there prayers in public schools as well as in other public places? You may recall why.

In 1964 the board of regents of the state of New York caused a prayer to be composed for use in all New York public schools. Certain citizens went to court to protest the prayer and its use as a violation of Article I of the Constitution, which recites that Congress shall make no law respecting the establishment of religion or the free exercise thereof.

When the case reached the U.S. Supreme Court Justice Hugo Black wrote the decision that said the action of the New York board of regents, in arranging for prayer in schools, violated the Constitution because the board was an official state body.

There came another case. It was styled "Stein V. Oshinsky." The parents of 21 children of differing faiths asked the U.S. district court in New York to pass upon their petition to permit "voluntary prayer" in the schools. The district court supported the view of the parents.

But the court of appeals reversed the opinion, and when the parents petitioned the Supreme Court to order the lower court to send up a certified record for review, the Supreme Court refused and so the door of further appeal on the matter was closed.

The decision of the appeals court which had ruled voluntary prayer in schools was not legal was permitted to stand. The parents were out of court. They were finished. What it meant was that a teacher who conducted or permitted prayer of a purely voluntary, nondenominational character would soon hear from the principal or superintendent.

★ ★ ★

It meant that any teacher who permitted prayer would soon be the target of more complaints. It meant that in practice, prayer was barred from public schools — even such a short prayer as "God is great, God is good, And we thank Him for this food."

There is much evidence that the people of the country want prayer in public schools. A national poll discovered that more than 80 per cent declared themselves in favor.

But the Supreme Court has the door closed. The answer, the real answer, is a constitutional amendment.

The POWER of FAITH

By WOODI ISHMAEL

Outeiro da Gloria, The Church of Our Lady of Glory of the Knoll in Rio de Janeiro, is probably the oldest church still standing in Rio. Rich in history and legend, it has been a symbol of faith to Brazilians for 300 years.

Legend holds that once there existed on the hill a natural grotto with a likeness of the Virgin Mary in it. The people called her Our Lady of Glory. In 1671 a Portuguese named Antonio Caminha set himself up as caretaker of the grotto and built a rustic chapel to shelter the figure. Pilgrims came from far and near to worship at the shrine.

The shrine grew in fame and a Brotherhood of Our Lady of Glory was founded. In 1699 Claudio Gurgel do Amaral, owner of the knoll property, gave it to the brotherhood. Construction of the present church began around 1714.

During the Empire period in Brazil the church was the church of the royalty and the center of religious life in Rio. The Feast of Our Lady of Glory is celebrated each August 15. During the Monarchy the most famous musical directors and singers would participate and celebrated clergymen would preach at the annual festivities.

Because of its prominent location The Church of Our Lady of Glory catches the eye of foreign travelers in Rio. In the quiet of the famous little church and its museum nearby one can reflect on a history of faith.

Confident Living:

Take a Trip Backward in Time

By NORMAN VINCENT PEALE

Ever take a trip backward in time? Well, I did and believe me it is something unforgettable! Good results came of it too, for my trip into the old days made the new days even more exciting.

DR. PEALE

It is not a bad idea to test your excitement quotient now and then.

A return to the past, where you had some of your greatest experiences, may revive your ability to be excited by life.

Well, anyway, I went back to Findlay, Delaware, Bellefontaine, Greenville, Bowersville, Lynchburgh and Cincinnati — old home towns, big and little, all in Ohio.

★ ★ ★

It was Junetime, the sun shining warm on green meadows, corn giving promise of being knee-high by the Fourth of July, as it is traditionally supposed to be. But it wasn't so much the sweet-scented and balmy breeze off the fields that moved me.

It was rather a rush of memory — long memory of faces, scenes and events of yesterday. Some of them buried in consciousness began floating to mind's surface stimulated by excursion into the past.

We went to Delaware and had lunch at Bun's Restaurant, an institution as old as Ohio Wesleyan University whose students throng it more enthusiastically than they do the library.

★ ★ ★

Bun, the head of this great center of food, fun and fellowship, has a brother they call "Biscuit" and a younger Bun called "Crumb." And the menu card contains a historical account of the university listing famous alumni: Branch Rickey, famous baseball executive; Ralph Sockman, famous preacher; and believe it or not, this author too.

And then we visited Findlay where once I was a reporter on the old Findlay Morning Republican (now the Republican-Courier) run by the Heminger family, old and dear friends of mine. My beat was principally the local undertaking parlors reporting the passing of citizens of this world to the next.

★ ★ ★

Guess I must have done a fair job of writing on this subject, because one of the town's worthies told me "it would almost be worth dying to be the subject of one of those tear-jerking obituaries of yours." At any rate, I wouldn't have missed being a cub reporter on this wonderful paper for anything.

Next stop was Bellefontaine, highest point in Ohio. My father was pastor of the First Methodist Church there, and I went into the church and stood in the pulpit where he had preached.

I recalled going into the empty church one evening when about 14 and preaching a sermon to a vast imaginary multitude. This was without question one of the most eloquent sermons ever delivered to an absentee congregation. I thundered and pounded the pulpit and declaimed like nothing ever before or since. Demosthenes was a piker alongside this orator.

★ ★ ★

Greenville was next on our pilgrimage to the days that were. Lying hard by the Indiana line it is the setting of the great Darke County Fair where the best harness races in the Midwest may yet thrill you. Home of Lowell Thomas and the famed horsewoman and dead shot, Annie Oakley, Greenville has several claims to fame.

I walked up Fourth Street where we had lived a long while ago and finally picked out our old house — which was a bit difficult due to structural changes. But selecting a house which I thought it might be I pressed the bell. The door was opened by a pleasant young man. "Was this once the parsonage?" I inquired. He replied that it had been but was sold recently to him. "Well, I lived here once," I said.

★ ★ ★

"And your name?" When I told him he called to his wife: "Honey, come out here. Here's the man whose name is carved in our attic!"

He saw my bewilderment and invited us in. We climbed past familiar rooms to a spacious attic floor, and there carved deeply into a beam was my name with the date January 1, 1912. I stood there thinking of a young boy who carved his name and date as he contemplated a new year so long ago.

★ ★ ★

On our way down from the attic I stopped by a bedroom door. "This was my room," I explained. And I remembered one stormy night when I couldn't sleep being troubled by fears — the kind of fears that sometimes come to chifdren on wild nights of wind and rain. I couldn't seem to talk about it to my mother, but later Dad came home. I recalled as though it were yesterday how he sat on my bed and asked what was wrong.

I talked out my fears and he placed his hand on my head. "Don't be afraid, sonny," he said, "your mother and I are in the next room. There's nothing to be afraid of." Then he added, "When you are older and we are gone, just remember God is always with you, so never be afraid."

Well, anyway, it did this one writer a powerful lot of good to take a trip into the past.

'Let's Clear Up Status of Our City Income Tax'

We have read where The Pontiac Press keeps asking about the legal status of the City Income Tax and wonder why the City Fathers don't ask for an immediate decision from the State Court of Appeals.

If the City is not interested in clearing up the matter, how about the group that backed the referendum petitions fighting for all the folks who signed the petitions?

'Agree With Letter About American Indians'

I agree with a recent letter about our American Indian. The white man created the Indian's situation and the average one condones their condition, so the white race is guilty. Now that the Indians are so outnumbered, their only choice is to remain silent. The letter stated the Indian is proud and this is why he remains silent. I think because of the condition that the white man has brought upon the Indian, the word should be "pathetic" instead of "proud."

Newsmen Pay Tribute to Robert F. Kennedy

WASHINGTON (NEA) — A select but completely unofficial club was formed in Washington recently. Membership numbers under 50, and will not, under any circumstances, expand.

The group, known informally as "The Kennedy Press," includes newsmen who are veterans of the 81-day campaign for the presidency by Sen. Robert F. Kennedy. Onetimers are not invited to the club—only those who accompanied the senator on the hustlings for some duration.

★ ★ ★

"Those of us who traveled with him all know of the special feeling, the camaraderie that developed among us," said one of the organizers of the group. "For that reason, some of us thought there might be some interest in keeping in touch with each other and getting together occasionally."

The club has no particular function, except perhaps to experience nostalgia and admiration for the energetic young man from the famous Boston family, who died from an assassin's bullet on the night of his California primary victory. Members have, however, undertaken one project — putting together selections of their writings about the late senator, to be presented in anthology form to Ethel Kennedy.

★ ★ ★

In their first get-together, held last weekend, The Kennedy Press viewed two hours of slides of the RFK campaign. For all the tragedy of the assassination, in keeping with the Kennedy wit, there was much laughter and jocularity as the group relived the short campaign through pictures, sparked by humorous commentary from Frank Mankiewicz, former Kennedy press secretary.

But in the last 10 minutes of the showing, and narration, the jokes stopped. The final several dozen slides were simply silent photographs of Robert Kennedy in various moods, with various expressions, during his campaign, and the laughter of The Kennedy Press died away and the room fell silent.

Working hard at the convention image business, Democrats have not only limited demonstrations and nominating speeches but they are now boasting an accent on youth among the convention planning staff in Chicago.

★ ★ ★

Twenty of the 28 persons on the convention staff are less than 30 years of age, announced National Democratic Chairman John Bailey. Fifteen of the 28 are 25 years old or younger.

They should have plenty of company. Word has it that a plethora of young people will be at the convention site, with plans for outside the hall as well as inside.

California Law OKs Options in First-Time Drug Sentences

SACRAMENTO, Calif. (AP) — California judges will have flexibility in punishing first-time marijuana and dangerous drug users under a bill signed into law by Gov. Ronald Reagan.

★ ★ ★

Up to now, a youth convicted of possessing marijuana for the first time had to be given a felony sentence with a prison term of one to 10 years.

★ ★ ★

The new law will permit the judge—beginning in November—to determine whether the conviction should be a felony or a misdemeanor, which carries a jail term of up to one year.

★ ★ ★

At the same time, the measure allows the judge to assess a felony penalty for first-time users of LSD and other dangerous drugs. Under present law, that crime is a misdemeanor only.

'A STEP FORWARD'

"The new law marks a step forward in recognizing the tremendous danger posed by the illicit traffic in dangerous drugs," Reagan said in announcing Friday he had signed the bill sponsored by Assemblyman W. Craig Biddle, R-Riverside.

★ ★ ★

"It also improves a judge's capability to deal with different types of marijuana offenders," Reagan said.

★ ★ ★

Judges and prosecutors had testified in committee hearings that they subverted the present marijuana possession law in some cases because they didn't feel a young man or woman, experimenting with marijuana for the first time, should forever bear the stigma of a felony conviction.

In many cases, those youths were permitted to plead guilty to lesser offenses, such as the misdemeanor crime of being in or near a place where marijuana was being smoked, the law enforcement officials said.

California had an alternate jail sentence for first-time marijuana users until the 1961 legislature removed it.

★ ★ ★

The use of marijuana and drugs has risen markedly since then.

One of Czechoslovakia's best known movie directors, Jiri Weiss, has requested political asylum in Italy.

The 55-year-old director came to Rome the day before the Russian invasion and had just sold American distribution rights of his latest movie, "Murder, Czech Style," to Columbia Pictures.

"I shall not return to Czechoslovakia as long as it is occupied by any foreign army, and that includes the Soviet Union," Weiss told reporters yesterday.

Weiss is noted for his films "Wolftrap," which won a critics award in Venice 10 years ago, and more recently for "Romeo and Juliette and Darkness" and "Night in the Shade."

Part-Time Teacher Is New Mrs. America

MRS. FISHER

Mrs. Joan Fisher, a sparkling 29-year-old brown-haired homemaker who also takes part in politics and several other things, is the new Mrs. America.

The Salt Lake City, Utah, part-time schoolteacher and mother of three children was crowned in ceremonies last night at the Minnesota State Fairgrounds in St. Paul.

A Republican district treasurer in her home state, she finds time for such hobbies as sewing, cooking, piano, and flower-making.

Her husband Byron, an attorney, was on hand during the 10-day countdown of special events to determine the winner, and could rejoice about one special achievement: His wife took first place in the safe-driving competition. She was a finalist in several other events.

Enough's Enough! Sisters Retire From Jobs

Christabel Troxel, 80, decided she'd worked enough, so she has quit the Union Pacific Railroad after 52 years as a stenographer and clerk in Los Angeles. That convinced her sister Maud, 77, and she too is resigning—after 51 years with the railroad.

Band Leader to Wed Swiss-Born Secretary

Band leader Ray Conniff, whose orchestra has recorded seven million-seller albums, is marrying a young Swiss-born secretary, a Las Vegas newspaper says.

The Las Vegas Review-Journal said Conniff, 51, and 24-year-old Verna Schmidheiny would be married today in the Little Church of the West in Las Vegas. They will honeymoon in Hawaii.

Miss Schmidheiny came to the United States from Basel, Switzerland, three years ago.

It will be her first marriage and Conniff's third. He was divorced by his first wife, Emily Jo-Ann, in 1947 and by his second, Ann Marie, earlier this month.

Inkster Sues Its Police in Sick-Call Campaign

INKSTER (AP)—The Detroit suburb of Inkster has filed a $50,000 lawsuit against the Inkster Police Officers Association in response to a police sick-call campaign allegedly instituted to support demands for a pay hike.

The epidemic of so-called blue flu began Thursday when 14 policemen called in sick.

* * *

In addition to the $50,000 suit, said City Manager Ralph DeSantis, $5,000 suits have been filed against two IPOA officials, and a request has been made for a court order temporarily barring further sick calls.

Sheriff's deputies, State Police and a skeleton crew of Inkster officers have taken patrol duties in the city of 41,000.

'ALLEGED STRIKE'

"The very people who are supposed to be protecting the community and upholding the law are breaking it," said DeSantis. "I don't care if they call it blue flu or whatever. This is a strike and it is illegal."

All officers who have called in sick have been ordered by Chief James Fyke to take physical examinations at a nearby hospital.

* * *

Inkster police, demanding salary in excess of $9,000 a year, have been working without a contract since July 1, the start of the fiscal year. The city is offering $8,800 and the current rate is $8,177.

The men are demanding an increase in department strength from 43 to 68 men.

NO NEGOTIATIONS

DeSantis said he would not schedule further negotiating meetings. "If they're too sick to come to work, they're too sick to come to a meeting," he said.

The hearing on the suits and temporary restraining order was set for Monday.

Romney Will Lead '68 GOP State Drive

GRAND RAPIDS (AP)—Gov George Romney named chairman of the 1968 Republican campaign committee Friday by party leaders attending the annual fall state GOP convention.

Romney will direct the efforts and name key personnel to conduct the upcoming presidential and lesser campaigns.

* * *

Romney said the action was the "best way to develop an all-out unified effort in Michigan." He immediately named Lt. Gov. William Milliken and Senate Majority Leader Emil Lockwood as vice chairman.

The election apparently represents the wishes of GOP presidential nominee Richard Nixon, who said Monday in Lansing that Romney had agreed to direct campaign efforts in Michigan. Nixon had said his campaign would include party members who supported his candidacy during the presidential primary as well as those who supported New York Gov. Nelson Rockefeller.

ONCE ROCKY BACKER

Milliken directed the Rockefeller effort in Michigan before the Republican National Convention selected Nixon as the party's nominee earlier this month. Lockwood was chairman of the Michigan Nixon for President committee.

Romney said party leaders decided that the adopted plan represented the best of three possible methods of conducting the state campaign.

Birth-Control Pill Taker Sues

DETROIT (AP) — A Detroit-area woman has sued a birth control pill maker, a doctor and a druggist for $770,000, charging use of the pills caused serious damage to her eyes.

Mildred Dobbs and her husband, Herbert, of suburban Redford Township filed the suit Thursday in Wayne County Circuit Court.

Named as defendants were the Syntex Corp. of the Republic of Panama Dr. Donald V. Hobbs of Detroit and druggist Fred L. Cook of Detroit.

The suit asserts that use of Syntex birth-control pills caused nearly total blindness in Mrs. Dobb's left eye and some damage in her right eye.

In the suit the 42-year-old mother of three says that she used the pill from August 1966 until March 1967 when she awoke with near-blindness in her left eye and swelling in her legs and abdomen. She said the eye injuries have been diagnosed as permanent.

HHH Aide Plays Key Role in Vote to Outlaw Unit Rule

CHICAGO (AP) — A representative of Vice President Hubert H. Humphrey played a key behind-the-scenes role as the Democratic National Convention's Rules Committee voted to abolish the controversial unit rule.

Although the Humphrey camp has insisted its representatives mittee deliberations, rules are merely observers at committee deliberations, Rules committee sources reported that Rep. James C. Wright Jr. of Texas did a good deal more during the sessions leading up to Friday night's vote.

* * *

On Thursday, Wright summoned pro-Humphrey rules committee members from 15 states to a breakfast, telling them in a telegram "There are a few vital matters which we would like to discuss in behalf of Vice President Humphrey prior to convening of the rules committee."

At the breakfast, Wright supplied members with a five-page single-spaced memorandum, noting that supporters of Sen. Eugene J. McCarthy were pressing various rules changing.

Although Humphrey, as well as McCarthy, had publicly urged abolition of the unit rule under which all of a state's votes are determined by a majority of the delegation, Wright took a contrary stand.

"A change that would suddenly outlaw all unit voting in the present convention would run counter to established custom and, coming at this late hour, could include painful complications concerning certain state laws," the memorandum read.

At another point, it stated that "whatever the future of permitting unit rule votes, it would come a bit late at this point to adopt a rule for the 1968 convention absolutely denying to any state the privilege of casting its votes in this manner if it so desires."

Still, strong sentiment for abolition developed at the group's public hearing.

* * *

On Friday afternoon, when a 26-member drafting subcommittee went to work, committee sources said Wright handed to Edward L. Marcus, the delegate from Democratic National chairman John M. Bailey's Connecticut delegation, the proposal subsequently adopted to abolish the unit rule.

The carefully worded proposal labeled a "freedom of conscience" rule by Wright and other backers said the convention would not enforce any unit rules but that each delegate should vote according to "his individual conscience," determining for himself any obligation to obey state unit rule instructions.

* * *

This was adopted 18 to 3 by the subcommittee and by voice vote in the full committee. Although Illinois Gov. Samuel Shapiro, the committee chairman, reported hearing "very few" no's, he added that he expects a floor fight.

* * *

It is expected to be led by Texas, whose spokesmen told the committee the delegation might walk out—or stay and try to renominate President Johnson—if the unit rule is abolished.

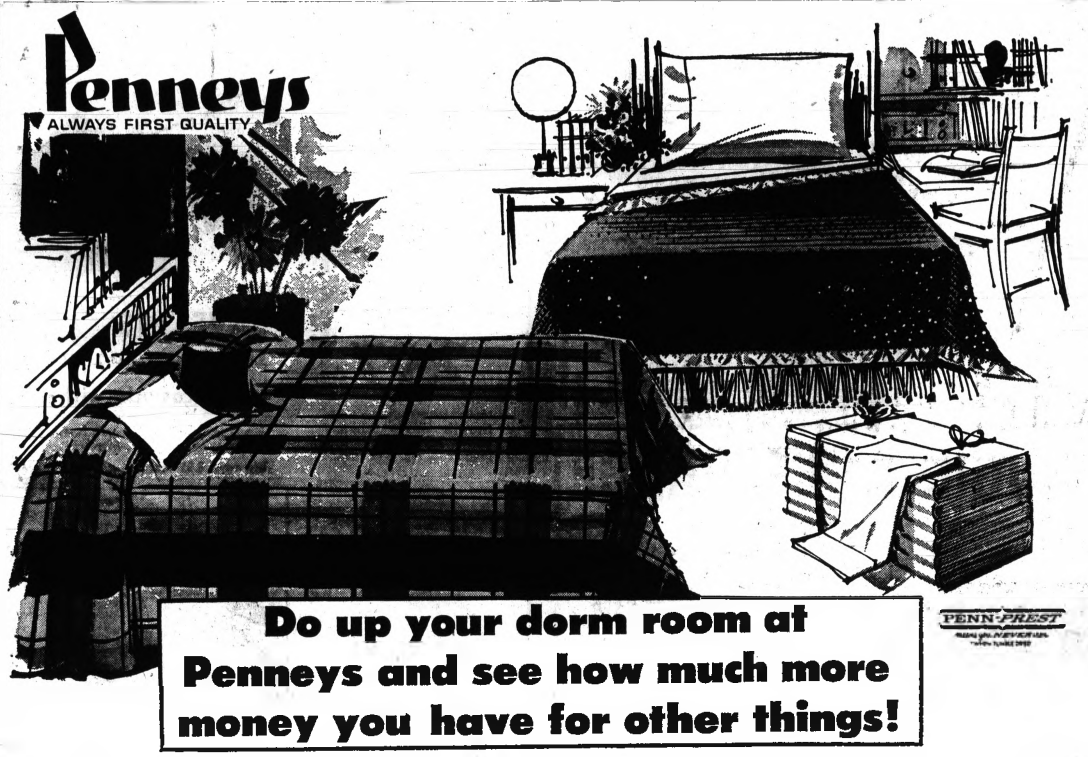

Family of Heart Patient Aided

KALAMAZOO (AP)—A group of Kalamazoo women, including friends and neighbors, have begun a "Have a Heart" fund to aid the family of Phillip T. Barnum, who is awaiting a heart transplant operation at the University of Michigan Medical Center in Ann Arbor.

"Mrs. Barnum has many expenses," said one of the women, Mrs. Bevery Cornfield, who formerly served as Barnum's secretary when he ran an accounting firm several years ago.

Barnum, 49, is suffering from degeneration of the heart muscle. Lack of funds caused the closing last week of the hospital's clinical research unit, curtailing chances of Barnum becoming Michigan's first heart transplant patient.

However, university officials since have said Barnum, the father of four, would be given the operation as soon as a donor can be found, and that he would not have to pay for the operation.

CBS Seeks to Pinpoint Vote

Fresh from their amazingly accurate advance count of the Republican convention voting in Miami Beach, a special CBS News unit is now hard at work on a similar analysis of how the Democratic delegates are going to vote in Chicago.

Led by Martin Plissner, manager of editorial operations, CBS News Convention Unit, the group has devoted more than 10 months to compiling delegate counts — months well spent if the results in Miami Beach are any indication.

* * *

There, CBS News forecast, more than an hour before the roll call at the Republican National Convention, that Richard M. Nixon would receive 689 first-ballot votes, only three less than his actual total of 692 votes.

CBS News will cover the events of the Democratic National Convention from Monday through Thursday nightly from 7:30 p.m. to conclusion, live and in color on the CBS Television Network.

A SCIENCE

Learning the intentions of the 2,632 delegates who will cast ballots at the Democratic conclave is not an easy matter. But, by now, Plissner and his staff have it down to a science.

Since last September, Plissner, two associates in editorial research — Joan Richman and Beth Fertig — and other members of the CBS News Special Events Unit have been delegate watching, analyzing the results of state primaries, and talking to correspondents who know political leaders and have developed a rapport with them.

Plissner and his staff have observed delegates and would-be delegates, and have developed an ability to predict how they will behave before and at the convention.

Kukla's Crew to Cover Dems

Burr Tillstrom and his famous "Kukla, Fran and Ollie" team will participate in the "Today" show's coverage of the Democratic National Convention in Chicago.

They will join host Hugh Downs, Barbara Walters and Joe Garagiola to report on political events and personalities during the week, offering a Kuklapolitan view of the convention.

* * *

Creator Tillstrom and his Kuklapolitan players have been regular performers on pearance on the show was in pearance on the showhwas in Oct. 1953, when bulb-nosed Kukla, Fran Allison, and Beulah Witch made a special Halloween appearance.

Kukla, Fran and Ollie bring with them previous political experience. They appeared each morning on "Today" during the week of the 1960 Republican National Convention in Chicago and the Democratic National Convention in Los Angeles, where they served as "anchor men" in the early morning show's live coverage.

Veteran CBS news correspondent Walter Cronkite will anchor coverage of the Democratic National Convention beginning Monday evening in Chicago. Cronkite will head a 25-man team of correspondents.

Anchor Man Has His Ups and Downs

A television news anchor man must be well informed, well spoken and—when it comes to political conventions — particularly sound of wind and limb.

Viewers may sometimes think that since they will be seeing Walter Cronkite sitting at a desk as he surveys the Democratic National Convention scene in Chicago this week the noted CBS News correspondent isn't getting much exercise. But he has to climb up to the anchor booth several times each day before the gavel to gavel broadcasts get under way; then he goes back up again while the convention conducts its session.

* * *

Anchor men, of course, are not the only correspondents for whom the political conventions represent tests of leg power. The newsmen who cover the scene on the convention floor walk many miles in the course of their duties.

They are usually stationary when being photographed as they report for the CBS television network audience, but life for a floor reporter is just one long walk punctuated by pauses for interviews and reportorial conversations.

* * *

CBS news correspondent Mike Wallace talks wistfully of his desire to put on a pedometer to figure out his mileage, and one other correspondent who had best remain nameless says that conventions are his arch enemies, rubbing his fallen arches ruefully as he thinks of it.

VFW Auxiliary Hunts Its 'Unsung Heroine'

DETROIT (AP)—Its "Unsung Heroine", is missing and the Auxiliary of the Veterans of Foreign Wars can't find her anywhere.

It searched for Mrs. Toshiko Sasano for more than a week. It had a $500 check for her, an expense allowance for a flight from California and a swank hotel suite, complete with flowers, reserved for her and her husband.

* * *

Presentation of the "Unsung Heroine Award" was to have been a convention-opening highlight at a joint session of the auxiliary and VFW last Monday. But the heroine failed to appear.

MRS. TOSHIKO SASANO

Presentation was postponed, postponed and postponed again. Officials frantically dispatched telegrams and placed long-distance phone calls. Nothing.

ARMY CALLED OUT

Finally, within hours of adjourning their 1968 convention, the 2,469 delegates, in effect, called out the Army .

They presented Mrs. Sasano's award to Army officials who promised they would track down Mrs. Sasano and see that she gets the check and citation that goes with it.

* * *

Col. Joseph Baranowski of the U. S. Army garrison in Japan, who nominated Mrs. Sasano, had written that her husband, James K., was very happy and guaranteed Mrs. Sasano would be in Detroit for the award presentation.'

Col. Baranowski advised Mrs. Mellicker the Sasanos were leaving Japan for a vacation in the United States about Aug. 1 and asked her to mail instructions to a friend in Garden Grove, Calif.

NO REPLY

A letter giving time, place and other details was quickly dispatched but brought no reply. Neither did others. Four telegrams and eight telephone calls revealed little.

The Sasanos are American-born citizens of Japanese extraction. He is a civilian employe in the controller directorate of the Army Command Depot, near Yokohama, Japan.

* * *

The award was "for building a bridge of understanding between two cultures, for symbolizing American citizenship at its best, and for enhancing the image of the United States in Japan."

Col. Baranowski recommended the award to Mrs. Sasano for "leadership and participation in voluntary activities which reflect a high degree of intra-American cohesion and adherence to our democratic covenants."

'CHARMING PERSONALITY'

He also said she had a charming personality enabling her to influence and persuade others to participate in many projects which demonstrate to the Japanese people that we are a culturally enhanced people" despite what he said was a strife-torn image of a disintegrating society depicted in some Japanese newspaper reports of urban riots.

Sasano and his wife became engaged in 1942, but were evacuated from California and placed in internment camps in Arizona. They were married later that year.

* * *

When the Army called for bilingual volunteers for service in the Pacific, Sasano joined the Army and distinguished himself as a combat intelligence specialist with U. S. and Australian forces.

While her husband was in service, Mrs. Sasano awaited his return in the encampment where Japanese and those of Japanese ancestry were interned. He came back in 1945 and they went to Japan, where he obtained employment as a civilian with U.S. forces.

The John K. Stevensons of Glengarry Road joined their honored guests, son Robert and new daughter-in-law, the former Heidi Irvin, as they arrived to greet family and friends for a dinner dance at the Bloomfield Hills Country Club Friday evening. The newlyweds, who recently returned from a European honeymoon, will be returning in the fall to Dennison University where both are seniors. The new Mrs. Stevenson is the daughter of the Charles Irvins of Birmingham.

Respect Owed to Members of Party Line

By ELIZABETH L. POST

Dear Mrs. Post: We have a party telephone. On several occasions when I have been talking to a friend, I have heard the click of a receiver being lifted and I think someone must be listening in on my conversation.

I don't know who the party is, but it gives me a very uncomfortable feeling. Do you have any suggestions as to how I might handle this situation?

—Mrs. J. Mallory

* * *

Dear Mrs. Mallory: It is hard to understand how a person can be so ill-mannered as to listen in on someone else's conversation. Try saying to the person you are talking to, "Don't say anything confidential, because I believe someone is listening in."

Perhaps once the listener knows you are aware of this, he or she will stop. If not, tell the telephone company you would like your telephone changed.

RETURNING INVITATION

Dear Mrs. Post: I have no home of my own, so what do you suggest as the nicest way to return dinner invitations and week-end invitations of my friends? The expense of taking these people to good restaurants would be beyond my means.

—Janis

* * *

Dear Janis: It is not necessary to return invitations in kind when it is obvious that it would be impossible, or very difficult, to do so. Instead, as a thank-you, send flowers, take candy for the family or amusing toys for the children when you visit.

Miss McQuaid Exchanges Vows

St. Hugo of the Hills Catholic Church was the setting Friday evening as Carol Ann McQuaid became the bride of Dr. Paul William Becker.

The bride is the daughter of Mr. and Mrs. Irwin W. Peterson of North Berkshire Road and the late Orrin McQuaid. Parents of the bridegroom are the William P. Beckers of St. Louis, Mo.

ENSEMBLE

For the evening exchange of rings, the former Miss McQuaid wore a skimmer of candlelight peau de soie fashioned with a Victorian yoke and French net sleeves appliqued with pearled Alencon lace.

To complement her ensemble, she chose a matching lace cap with a Cathedral veil of illusion. Stephanotis and Phalaenopsis orchids with baby's breath comprised the bride's bouquet.

* * *

Matron of honor, Mrs. Robert Mangone of Eastchester, N. Y., lead bridesmaids, Mrs. Richard Beall, Mrs. William R. Klemme of Chelmsford, Mass., Kathleen Reuter and flower girl Sandra Beall.

On the esquire side, David Becker of St. Louis, Mo. was best man with Theodore Kienstra, also of St. Louis, Mo., Richard Beall and William R. Klemme as ushers.

Following a reception at the Detroit Golf Club, the newlyweds departed for a honeymoon trip to Canada.

They will make their home in Tuscon, Ariz., where Dr. Becker will complete his tour of duty while serving as a Captain in the USAF.

MRS. PAUL W. BECKER

This Man Needs Lawyer to Learn His Rights, When in the Wrong

By ABIGAIL VAN BUREN

DEAR ABBY: While on a business trip several months ago, I met a very attractive married woman. (I am also married and have a family). I admit I became quite involved with her. I won't say it was "love," but it was a very romantic encounter for both of us.

ABBY

We've kept in touch through letters and telephone, and I invited her to meet me again at my expense. I am not a rich man, but I own my own business, and can well afford it. Out of the blue I receive a letter from this woman's husband telling me he'd found the letters I had written to his wife, and that she has confessed EVERYTHING.

Now he demands that I write him a letter assuring him that I will never see his wife again. He also asks me to assure him in my letter that I will not leave my wife and family for her. (I never intended to).

I am at a loss as to how to handle this. I am definitely through with his wife as I want no trouble. What is your advice?

WORRIED

DEAR WORRIED: Don't put anything in writing, but do consult your lawyer. He can tell you what to do and what not to do, which is even more important in this case. A man needs a lawyer to advise him of his rights — especially, when he's wrong.

* * *

DEAR ABBY: What can a woman of 42 do to get a compliment out of her husband? I have spent hours in the beauty parlor getting a new hair-do. No comment. I bought material and made myself a beautiful outfit in his favorite color — blue. No comment. I use cosmetics artistically and even searched for a subtle perfume I thought he'd like. No comment.

Everyone else tells me I am a fine-looking woman, but he never says a word. I know he loves me and our children, but sometimes I think, "Oh, what the heck!"

NO COMPLIMENTS

DEAR NO: You're lucky. Some women get plenty of sweet talk from their husbands, and nothing else. By the way, when was the last time you complimented him?

* * *

DEAR ABBY: This is for the woman whose husband had a good job, was "smart" but he evaded filling out forms because he could neither read nor write!

He could be a victim of a disability called "DYSLEXIA." This occurs in people of all intelligence levels, but more often in those of superior intelligence. For some unexplained reason it affects twice as many boys as girls. The most baffling part of the problem is that dyslexic readers have high I.Q.'s, show facility in math, have normal vision, and show no signs of brain damage and appear healthy in every other way.

Dyslexia can be detected by simple kindergarten tests, and if detected early the child can be helped with SPECIAL training, and no amount of ordinary tutoring will produce results.

Dyslexic readers see "saw" for "was" and "no" for "on"; they also confuse alphabetical look-alikes.

A team of Johns Hopkins medical scientists is presently tackling the problem. It is estimated that this disorder afflicts about half a million children in the United States.

For further information about this subject, write to The National Society for Crippled Children and Adults, 2023 West Ogden Avenue, Chicago, Illinois, 60612.

Sincerely,
INDIANAPOLIS READER

Democrats Plan Salute for 'Women in Action'

FRANCES LEWINE
Associated Press Writer

CHICAGO (AP) — The Democratic National Convention puts the spotlight on Democratic women-doers this week — from delegates to diplomats.

Many famous Democratic women in government and politics will be part of the show — except, perhaps the party's top woman-doer, Lady Bird Johnson.

Mrs. Johnson's role in the convention remained to the last — along with her husband's — a political secret.

KEY

One thing is certain, the first lady's press secretary Elizabeth Carpenter said: "The key is the President — she won't go alone."

There is a built-in spot waiting for a salute to the president's wife, however, a luncheon for 2,000 convention-going women, the largest event of the week given by the Democratic National Committee's Office of Women's Activities.

BIRTHDAY

It is already billed as a "Salute to Women of Action" and is set for Tuesday, Aug. 27, which happens to be President Johnson's 60th birthday — and the day the Democrats figure would be most likely for his appearance.

The Democratic Convention, filled as usual with partying and social activities and appearances of the presidential candidates' wives and family, is playing up the political activities of women as well.

The two women picked to make convention speeches before the delegates and alternates — including a record 917 women — are an example.

A prime Monday opening night nationwide color television spotlighting is being given Katherine Peden, who is campaigning to win the U.S. Senate seat vacated by retiring Republican Sen. Thurston Morton in her home state of Kentucky.

It's a first try for elective office for 42-year-old Miss Peden, whose career includes vice presidency of her hometown radio station WHOP in Hopkinsville, Ky., first woman commissioner of commerce in Kentucky, and the only woman member of Johnson's Special Advisory Commission on Civil Disorders.

* * *

The second woman speaker, scheduled for Tuesday night, has been a familiar face at past conventions — on television commercials — Betty Furness.

Miss Furness is now the "Voice of the Consumer" in the White House as a $26,000-a-year Johnson-appointed special assistant.

Since she took over the high-ranking government job in May 1967, Miss Furness has toured the country, testified before congress and made scores of TV appearances — this time trying to get a better break for consumers.

French Designs Set New Pace

By LUCIE NOEL
AP Fashion Writer

PARIS (AP) — The French fall and winter collections have once again set a new pace in styles, fabrics, ideas and colors.

The buyers have come and gone. They arrived filled with apprehension but most left happy, armed with new ideas and merchandise.

* * *

Fashion photos released today show that hemlines brush kneecaps at most of the great traditional houses, but are still lifted two to four inches above at the younger avant-garde houses. They are Cardin, Courreges, Ungaro, Feraud, Esterel.

The traditionalists are Dior, Givenchy, Balmain, Gres, Lanvin. They believe in women and in fashions doing something for them.

PANTS

Big news this season is "pants for every hour." Even Givenchy, known for his distinction, comes out with hostess jump suits in black satin, and Coco Chanel, the rebel, has Bermuda legs peeking out from beneath glamorous tunics in precious brocades.

Two styles go round the clock. They are seen at most houses. The chasuble dress is revived with emphasis, but treated to major surgery, its midriff contrasting in media and color.

Vinyl, or patent, or leather, shows again and again at Cardin's. Obviously knitted turtlenecks go with it.

The tunic gets a new lease on life everywhere. Most skirts flare but only younger houses sponsor skating - skirt styles for the young set.

Every type of fabric is seen, from double flannels to elaborate brocades or all-beaded and jeweled fabrics.

* * *

Black is terribly chic once again. Red, brown, gray and green are other basics. Sapphire blue needs watching.

There has been so much see-through and nudity around that the designers themselves have turned to suggestive and seductive covered-up glamor, floor-length and long-sleeved, with built up necklines.

The billfold wraparounds often reveal an expanse of bare leg or flowing pants in chiffon, brocade or crepe.

In the limelight is the revival of black velvet, taffeta and faille. For daytime tweeds, jersey, velours and melton cloths are everywhere. Fabrics and colors are contrasted in the same model, in geometric or puzzle patches.

Dior does his patchwork incrustations in fur.

* * *

Come evening the word is glamor for both couturier groups. Brocades come into their own, gauze, metallic weaves.

Bands of jeweled embroidery fall in with the Renaissance trend evident in the treatment of sleeve decor and jerkins. The Oriental trend is found at Chanel and Givenchy.

Style focus is on midriffs, often stressed with leather, vinyl or patent leather. Tunics are important.

Emanuel Ungaro prints a bold gray and gold pattern on Nattier's double-woven pique of "Qiana" nylon for a cape pants suit. The fabric illustrates the new fiber's ability to take clean sharp prints and to give the whitest possible ground.

Why Grow Old?

By Josephine Lowman

The following is part of a letter from a reader:

I get so mad at myself! I am nervous, awkward and shy, because I am so self-conscious. I like people very much and want them to like me, but I dread being with them and when I am with them I freeze.

I am not sure that people know how I feel. I try to hide it but I can't believe that it doesn't show. I have read books about this but nothing seems to help. I do not know whether I should see a psychiatrist or a doctor or go to a school for models.

I feel foolish not being able to solve this myself. I do not know why I am like this, but it is serious and I am miserable. Please tell me what to do. This is spoiling my pleasure in daily living and ruining my chance for future happiness.

* * *

This reader is not the only one who suffers from the same problem. Many of those we think conceited or "offish" may simply be shy. This is a serious condition in that it should not be neglected because it can affect happiness. It can make one withdraw from the world and lead to isolation and loneliness.

The fact that this reader mentioned going to a school for models made me wonder if she has some defects in good looks, or thinks she has, which add to her self-consciousness. If this is true, she should go after them with vim and determination because an improvement in appearance can increase self-confidence. Even the most stalwart souls respond to it.

* * *

Try this as a first measure. However, I think this reader needs more help than this. It is a good idea to check in with a doctor also because physical conditions can add to nervousness and depression. Sometimes a traumatic experience earlier in life leaves one with a sense of insecurity.

Nuptial Bells Note Vows Spoken

A wedding trip to Lake of the Ozarks, Mo., followed the marriage today of Kathleen D. Daugherty and Charles L. Middleton in St. Michael's Catholic Church.

For the afternoon ceremony, the bride selected a gown of linen cut on Princess lines with accents of Venetian lace on sleeves, neck, hems and train. Her shoulder-length French illusion veil was secured with a floral half-bonnet embroidered with crystal drops. Stephanotis and white gardenias formed the bridal bouquet.

MRS. C. L. MIDDLETON

Four other daughters of Mr. and Mrs. Dennis J. Daugherty of Wolfe Street, attended their sister; Mrs. Thomas G. Fugitt as matron of honor, and, as bridesmaids, Mrs. John L. Clark, Maureen and Deborah. The bridegroom's sister, Mrs. Michael V. Flynn of Kansas City, Mo. completed the list of attendants.

Ralph E. Deeds Jr. was best man for the son of Mr. and Mrs. Kenneth H. Middleton of Birmingham. John L. Clark, Thomas Fugitt, Michael Flynn and Melvin Montie ushered.

The newlyweds were feted with a reception at the Elks' Lodge, Rochester.

Huebler-Kostanecki

The candlelit setting of St. William's Catholic Church was chosen by Maureen Theresa Kostanecki and John David Huebler as they spoke vows Friday evening.

For the double ring exchange, the bride was gowned in an ivory skimmer of peau de soie highlighted with a mandarin collar of Alencon lace. Framing her hair was a Cathedral mantilla edged in matching lace.

MRS. DAVID HUEBLER

Escorted to the altar by her brother-in-law, Robert Carpenter of Wolverine Lake, the bride held a bouquet of sweet peas, glamelias, pink roses and baby's breath.

Mrs. Robert Carpenter attended her sister as matron of honor with Jill Bey, Julie Tillman and Kristin Carpenter as flower girls. Bridesmaids were Mrs. Thomas Bey, Lynn Blomberg, Vicki Gaylord, Mrs. Robert Francis and Sandra O'Conner.

On the esquire side was best man, Russell Streeter, with ushers Lawrence Mitich, Rick Smaltz, George Kostanecki, Thomas Bey, Loren Giglio, Leonard Forfinski and Gerald Tillman.

Prior to their departure for a honeymoon trip to New York City, the couple greeted guests during a reception at the UAW Hall in Wixom.

The bride is the daughter of the late Mr. and Mrs. George A Kostanecki. Parents of the bridegroom are the Earl Hueblers of Union Lake.

Unit Delegates Give Reports on Confab

Representatives to the Michigan Jaycee Auxiliary summer session addressed the monthly meeting of the Waterford Auxiliary recently during a general membership gathering at the CAI Building.

In cooperation with the State organization, the Waterford unit plans to nominate an outstanding woman from the area who will join a list of statewide honorees.

Anyone interested in joining the campaign search is asked to contact chairman Mrs. Larry Ettinger.

* * *

Discussion of the annual September Dinner Meeting slated for the 16th at the Old Mill Tavern noted Mrs. A. B. McClindon of the Waterford Organization for Retarded Children will attend as guest speaker.

Mrs. McClindon will address the group on the needs of retarded children and areas in which the Auxiliary may assist.

Mrs. Larry Crake was welcomed into membership and Mrs. Robert Davis was guest for the evening.

The engagement is announced of Mary Dianne McPhail and Terry Alan Sanders, students at Ferris State College. Miss McPhail is the daughter of the Thomas C. McPhails of Farmington. Her fiance, an affiliate of Alpha Delta Sigma fraternity, is the son of Mr. and Mrs. Albert Sanders of Sutcliffe Street, West Bloomfield Township. Early summer vows are slated.

Gifts Cause Trouble

DEAR POLLY — Our grandchildren came to visit us during a holiday so we took them to town and bought some things they wanted. When they went home my daughter-in-law sent me the amount of money we had spent on the children and said she would buy what they needed. Her mother thinks we are trying to influence them to love us best. Perhaps in our own hearts we are trying to make them remember us. What would you do? — A GRANDMOTHER.

* * *

DEAR POLLY — I have a couple of suggestions our "Dear Girls" might use. When a bottle of milk, water, jam, etc., is a bit heavy and may be moist at the same time, grasp the object closer to the bottom than usual and slip the little finger underneath it. The bottle can be lifted easily and is not likely to slip out of the hand and break. — SYLVAN

DEAR POLLY — When I send cookies to my husband in Vietnam, I pack them in a one-pound coffee can with a plastic lid. I line the can with a plastic bag. He uses it later to protect some of his belongings from the humidity.

I found a one-half gallon milk carton cut down from the top and folded over makes a suitable box to put the can in for mailing. It can then be easily wrapped and addressed for mailing. — TERI

DEAR POLLY — In answer to Donna who has trouble with smudges on her coppertone refrigerator I find that if I wipe my refrigerator off with a mild detergent and then rub DRY with a paper towel it takes off all the streaks and the smudges. This also works just as well on my copper-finished range. — MRS. J. H.

* * *

DEAR POLLY — Tell Donna to clean her coppertone refrigerator with a commercial spray window cleaner and then wipe dry with a paper towel. Shines like glass. — GRACE

Woman Brings Case to Court After 21 Years

LEWISTON, Mont. (AP) — Mrs. Violet Haskins apparently is not one to rush into things. She entered a lawsuit for $227,400 against a Lewiston doctor and an order of nurses at St. Joseph's Hospital here.

She charged that a surgical needle was left in her body during an operation performed 21 years ago. Judge Leroy McKinnon dismissed the suit on the grounds that the plaintiff had failed to prove her case.

Leather Look in Men's Fashions

Fake leather is an intriguing new material being used in the men's fashion arena.

Made of a husky cotton coated with polyurethane plastic, it has the appearance and "hand" of fine leather when made into apparel.

* * *

It is inexpensive, breathable, crack- and stain-resistant, pliable, and — most importantly — is entirely washable in soap or detergent suds.

No Record of Life Before 1938

Mystery Man 'a Perfect Mate'

EL PASO, Tex. (AP) — In 1938, a man who called himself Eddie Shores turned up in El Paso, Tex., got married a year later, and for the 28 years he was married until he died in 1967 was considered by his wife, Dovie "the most perfect person I ever knew."

Who Eddie Shores was, what he did and where he came from before 1938 are a complete mystery.

He claimed to have been born in Worcester, Mass., where there is no record of his existence.

He told his wife Dovie he had been married once before to a woman named Marion Halladay while both were students at Columbia University in New York. His first wife, he said, had been an accomplished musician who was raised in Ann Arbor, Mich.

NO SCHOOL RECORD

There is no record he ever attended Columbia. No one in Ann Arbor ever heard of Marion Halladay.

His first wife and three sons, he told Dovie, were killed in a car-train crash in New Jersey in 1936. There are no records to vouch for the tragedy.

There are no records of his supposed track performance as a student, his World War I decorations or even his service as an Army officer.

The Worcester Gazette scoured records going back 60 years and found no trace of Shores.

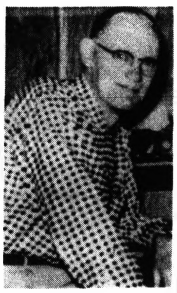

FRUITLESS SEARCH

The Ann Arbor News, which conducted a fruitless search for people who might have known Marion Halladay, says it has received numerous letters from people around Michigan who believe they might have some connnection with him.

A man in Port Huron, Mich., wonders if Shores might be his father, who disappeared in 1938, leaving a wife and three sons. A woman in Kalamazoo, Mich., wonders if Shores might be her cousin, who disappeared in 1938, reappeared briefly for a visit and then vanished forever.

LIGHT DUTY — The 1969 Adventurer, a half-ton pickup by Dodge Trucks, will feature optional bucket seats and console.

Versatility Marks Dodge Trucks

Versatility and styling highlight changes in the 1969 Dodge Truck lineup. For specialized business use, Dodge is introducing a new concept in functional marketing with its Tradesman and Job-Mated Tradesman vans that literally put business on wheels.

Tailored for specific vocations, and embracing more than 18 variations of factory-installed interiors with bins, racks, and cabinets, the Tradesman adds versatility to the compact van market. A mobile office, called the Executive Suite, and a living room on wheels, called the Host Wagon are two more examples of the way Dodge continues to pioneer new markets for trucks.

* * *

Changes in the styling of all conventional cab models has been achieved with new color-keyed interiors. More than ever before the conventional cab truck has the appearance and environment of a passenger car, Dodge officials said.

* * *

All conventional cab units embody restyled front ends, instrument panels, optional exterior and interior appearance packages, model designation insignia, and painted hub caps.

HIGH-STYLED INTERIORS

High-styled color-keyed interiors in a choice of four colors are offered with 13 exterior colors.

* * *

Custom Sportsman wagons offer three new interior colors and nine exterior colors. Compact vans, Sportsman wagons and pickups provide four interior and 11 exterior color selections.

* * *

To further combine passenger car handling with the luxury appearance of its conventional cab trucks, Dodge is offering power steering on 6 and 8-cylinder compact vans and wagons with automatic transmissions. Product planners expect this feature to become one of the most popular options on delivery vans, Sportsman and camper conversion wagons.

* * *

Air conditioning is available on all 1969 models. On the light and medium-duty trucks, the air-conditioning units are integrated in the dash to blend with the rest of the car-like interiors. Dash installation is also available on four-wheel drive Power Wagons W100 through W300, officials announced.

OPTIONAL EQUIPMENT

Roof-mounted air conditioning is optional equipment on all compacts with optional 6-cylinder and V8 engines.

Area dealers carrying the new line of trucks include Hunter Dodge at 499 S. Hunter in Birmingham; Kessler Auto Sales at 10 N. Washington in Oxford; Spartan Dodge at 855 Oakland in Pontiac, and Lloyd Bridges Traveland at 1010 W. Maple in Walled Lake.

Warren Sees OK of Fortas —Eventually

HELENA, Mont. (AP) — Chief Justice Earl Warren, whose retirement from the Supreme Court has become ensnarled in a Senate fight over a successor, says he may still be presiding over the high court when it opens its new year in October.

But Warren predicted Friday the Senate eventually will approve Justice Abe Fortas to take his place rather than keep him.

* * *

Fortas' nomination is caught in a Senate committee, with a filibuster threatened when it reaches the Senate floor after Congress returns in September.

Warren told a college luncheon here, "I'm very much afraid I'm going to have to open up that court in October."

But he added, "Those people in Washington who have refused to approve the nomination are not trying to keep me. Between accepting Abe Fortas and keeping me, they are going to take Abe Fortas."

Much of the fire aimed at Fortas has come from southern senators who long have been critical of Warren for court rulings on civil rights and crime.

A Rent-a-Baby?

CHICAGO (AP) — A photographer took a picture of a young woman with a baby strapped to her back during a demonstration in Civic Center Plaza Friday. Afterward, he sought to learn her identity and was given a number of facetious replies. So he asked the name of the baby. "Oh, I don't know," she replied, "it isn't mine. It's a rent-a-baby."

Uniting Departments Saves $200,000

LANSING (AP)—Only three state employes were laid off and the state, meanwhile, will save $200,000 a year with consolidation of the departments regulating the motor carrier industry, the State Commerce Department reports.

The consolidation was recommended by Gov. George Romney and approved by the 1968 legislature. Such a combining of all the functions in one department had been recommended in studies dating back to 1953.

The commercial licensing function of the Department of State and the weighmaster functions of the State Highway Department were combined with the motor carrier responsibilities in the Commerce Department's Public Service Commission.

The consolidation enabled a new, single checkpoint system on the state highways.

Herbert DeJong, Commerce Department director, said the new system will improve uniform enforcement and eliminate confusion and inconvenience to the trucking industry as well as assure continued proper protection of state highways.

"The level of the service will be in no way affected. We will be able to save money and give the same service," DeJonge said.

2 Bandits Rob Area Drugstore

Two armed bandits held three drugstore employes at gunpoint while they took about $400 cash from a cash register last night in Waterford Township.

William Robertson, owner of Robertsen Pharmacy at 3801 Elizabeth Lake, told Waterford police the bandits entered his store about 10 p.m. and told him and two other employes to lay down on the floor. The two carried nickel-plated pistols.

While one of the men held the employes at gunpoint, the other rifled the cash register, police were told. Robertson said the same two men had come into the store 30 minutes earlier and bought a pint of liquor.

He described both of them as white males of medium height weighing over 200 pounds. Both looked to be in their late 30s, and one wore a beard, he said.

★ ★ ★

A witness living across the street from the pharmacy said she saw two or three men lingering in the parking lot before the burglary, so police suspect a third man could be involved.

$450 in Items Taken From City Garage

Thieves got away with garage equipment valued at about $450 when they broke into a city garage early yesterday.

Donald C. Smith, owner of Smith's Garage at 570 Franklin, told Pontiac police yesterday that his garage was broken into between midnight and 8 a.m. Entrance to the building was gained through a broken wood panel on a door on the west side of the garage, police said.

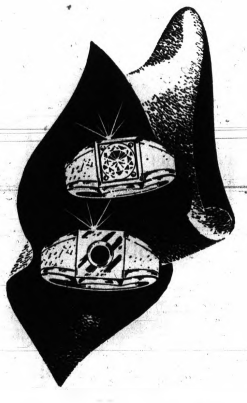

Reported missing were gauges, batteries and other tools. Smith also said keys to several of the garage's vehicles were missing.

Junior Editors Quiz on OSTRICH

QUESTION: Is it true that an ostrich buries his head in the ground when alarmed?

★ ★ ★

ANSWER: No, this is just a fable. One of the reasons for this false notion is that the ostrich, largest of living birds, has a very bulky body, but only a thin, scrawny neck bare of feathers. From a distance, you see the body, but the thin neck may be hardly visible and you might think the head was underground.

The ostrich is a magnificent runner stretching out its long legs with an enormous stride. Streaking off like this, the bird can outrun a man or a horse.

However the poor old ostrich is not very smart and can't get over the silly notion that it should run in a circle. Result: a group of horsemen, coming from different directions, can easily surround the bird and kill it with arrows, spears or guns.

There used to be great flocks of ostriches in Africa and Asia. They got along well enough until there was a demand for the soft, elegant-looking ostrich plumes.

Now they are scarce in their native countries. However, ostrich farms have been successful in South Africa, Algeria and Argentina as well as the United States.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Famed Mime Is at UCLA for 1st U.S. Speaking Date

HOLLYWOOD (AP) — The green-eyed, scraggly haired little Frenchman spoke with gestures from the back seat of his agent's speeding limousine.

"I have played before prisoners condemned to death," said famed pantomimist Marcel Marceau. "I have played before deaf-mutes, factory workers and sophisticated audiences.

★ ★ ★

"Yet everyone could understand, could join in the laughter or tears. Pantomime is the language of the heart."

After five U.S. tours, the tanned, spirited Marceau is here to speak—for the first time from an American stage — tonight and Sunday at the University of California at Los Angeles. His two-part seminar-demonstration, previously presented only at the Sorbonne in Paris, traces the history of pantomime from ancient Greeks and Romans through European theaters to Chaplin and Skelton.

"Universally acknowledged as the world's greatest living pantomimist," as UCLA bills him, Marceau is having a crowded five days here: Lectures at Actors Studio-West . . . television talks with 20th Century-Fox . . . a 47-minute turn on a Joey Bishop show, enacting audience-suggested impressions like donning a corset in a high wind. An interview was sandwiched into a fast ride to Rowan & Martin's "Laugh-in" office, where Marceau agreed to a fall appearance.

"I'm a real gypsy," he remarked.

He is also:

"In my early 40s and hope to be for 20 years."

• A father of two, separated from his wife.

• A butcher's son, who with childhood playmates imitated "flowers, stones, trees, Chaplin, Robinson Crusoe, Christ. We were mimes without style."

• Creator in 1947 of "Bip," his clown in striped sweater and flowered hat, defeated by both butterflies and lions.

AUDIENCES PARTICIPATE

A critic has said Marceau in an impression of youth, maturity, old age and death "accomplishes in less than two minutes what most novelists cannot do in volumes."

The secret, said Marceau, is "making people identify with yourself," like a spectator vicariously becoming a boxer in the ring or a concertgoer "pretending for a moment in his bathroom that he is Caruso."

★ ★ ★

Audiences participate in his pantomime. "When I begin to play, they play wiz me."

Said Marceau:

"Mime is the eternal language. The Greeks and Romans played as we play, and we are in the space age.

"I have performed in 55 countries. In a world confused, where there is violence, hate and despair, the art of pantomime helps bring people closer together.

"Through it you can bring light and love into this dark world."

'No-Squeak' Lions Surprise Colts, 14-7

GRAND AMERICAN SHOOTER—Denton Childers of Rochester was the best marksman Friday in the shootoff for the coveted Grand American Handicap title at Vandalia, Ohio. The 33-year-old production worker scored on 24 of 25 shots in the extra session. Childers was shooting in his first Grand American competition.

Munson Works Out Arm Kinks With 19 of 22

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

For not having played a ball game in almost three years, Bill Munson's "rusty" arm didn't even have a squeak in it last night as he guided the Detroit Lions to a 14-7 victory over the Baltimore Colts before 35,000 fans in Tiger Stadium.

Munson took the kinks out of his arm on the very first pass (which went astray); but after that, he threw 21 more times and completed 19 — including his last 12 and all 10 of the second half.

"I'd say it was quite an auspicious debut," said happy head coach Joe Schmidt as he complimented Munson's first appearance in a Lions' uniform since the trade which brought him from the LA Rams the past spring.

Munson's debut was the feature for which pro football fans of the area have waited, but there was an added attraction to last night's billing.

It was the play of the defensive unit which held the Colts' running game to only 28 yards and which put up one of the most exciting goal line stands seen in Tiger Stadium in many years.

It happened in the final minute of the third quarter with the Lions leading 14-0. Rookie quarterback Terry Southall from Baylor had connected with Jimmy Orr on a 53-yard pass play to the Lions' one-yard line.

WRONG WHITE LINE

Orr was tripped by Dick LeBeau who made a last-ditch dive at the wide white stripe which everyone thought was the goal line. The official signaled a touchdown, but after a discussion it was ruled that the white stripe was not the goal line but the right field foul line of the Detroit Tigers.

The ball was placed on the 1½-yard line where Orr finally hit the ground, and the Colts had a first down.

The Lions put up their "six stones of granite defense" using three defensive tackles and three defensive ends at the goal line.

Southall tried and got about a foot. Tony Lorick hit the line, fumbled and southall picked it up and made another try but failed.

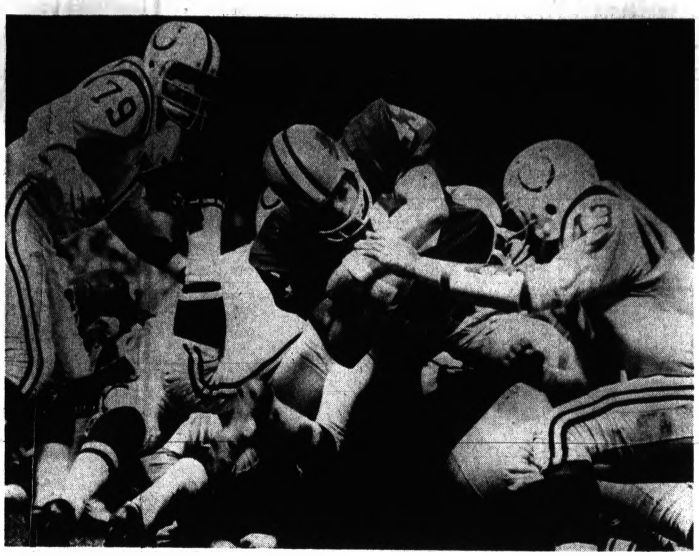

* * *

Jerry Hill picked up another foot and Lorick tried to slant wide but was stopped with the ball a whisker from the goal line, with Lem Barney making the final contact on the play.

"Wasn't that a beautiful sight to see," said Schmidt afterward, "that was a real great team effort."

The Lions' defense started the scoring when Mike Lucci blocked an attempted field goal by Lou Michaels on the first series of plays of the game.

LION FINDS RIGHT HOLE—Running back Dave Kopay (center) of the Detroit Lions leaps through a hole over left tackle to score on a one-yard plunge for a touchdown in the second period of last night's 14-7 victory over the Baltimore Colts in a National Football League exhibition at Tiger Stadium. Colt tackle Lou Michaels (79) and defensive back Len Lyles (43) aren't in position to stop Kopay.

VANDALIA, Ohio AP) — Denton Childers, an up-and-down shooter by his own admission, made his first appearance in the Grand American Trapshooting Tournament a memorable occasion.

* * *

The 33-year-old production line worker from Rochester had a simple explanation Friday after he won the sport's most coveted event—the Grand American Handicap:

"Some days I can hit them, some days I can't."

* * *

Obviously, Friday was one of those days Childers brought his shooting eye with him from his General Motors job in Pontiac.

But winning was no easy chore. Childers thought he had a good crack at it after breaking 98 of 100 in Thursday's preliminary handicap. He picked up $440 for his showing, exactly the amount he came here with after taking three days off from his job.

STRAIGHT RUN

Then the quiet Michigan gunner shattered 100 straight from 21½ yards Friday for the first time in his life.

That should have been enough to take the big prize—but it wasn't. Bill Hendrickson, a 40-year-old rural mail carrier from Olive Hill, Ky., and Roy Kohl, a Springfield, Ohio, production manager, also posted perfect scores.

That set up the first three-way shootoff in the 69-year history of the tournament and the first shootoff of any kind in 20 years.

But Childers, who admitted he lacked confidence, outshot his rivals in a 25-target showdown. Hendrickson, competing in his 11th Grand, slipped early when he missed birds on his fifth and sixth shots.

Kohl, 31, shooting in his third Grand, missed the targets on his 10th and 15th shots. Childers shattered 21 straight, then missed.

DIDN'T MISS

"I was a little nervous on those next three shots," he admitted. But he didn't miss and bagged the jackpot worth an estimated $5,000. The most money he had ever won before was $70 in a Michigan state shoot.

Mankato Mets Looking

MANKATO, Minn. (UPI) — The Mankato Mets of the Northern League are in the market for a new working agreement with a major league baseball team.

The Minnesota team lost its affiliation Friday when the New York Mets announced they would terminate their contract with the Mankato team on Labor Day. The major league team cited poor local support as the reason for the termination.

Clippers' Battery Sparks Triumph in State Tourney

Special to The Press

BATTLE CREEK — The battery of Jim Horner and Ron Kind was too much for host Battle Creek Friday night as the R. T. Clippers of Pontiac blanked their opening round rival in the state Amateur baseball championships, 4-0.

Horner left-handed the ball past seven batters for third strikes and only three Battle Creek hitters managed safeties off him in a strong mound effort.

* * *

Catcher Kind — picked up for the tournament from M. G. Collision mainly because of his defensive prowess — drove in three runs with a double and perfect squeeze bunt.

* * *

Also a key factor in the winners' attack was Dick Miceli. The former Kettering High School infielder had a single, double and scored twice.

The Pontiac squad meet Wyandotte at noon today. Wyandotte topped Muskegon, 6-5; Redford Township blanked Saginaw, 4-0; and Ann Arbor nipped Jackson, 2-1, in the other games.

Clock Stops Tigers in New York

McAuliffe Wants Hearing After Being Suspended

BOSTON (UPI) — Dick McAuliffe, Detroit Tigers' second baseman, was fined $250 Friday and suspended five days by American League President Joe Cronin following a Thursday night fight.

McAuliffe was bitter over the suspension and fine and said he will demand a hearing "so the league can hear both sides of the story.

* * *

"They only looked at one side of it. I have no idea what the league is basing its case on and I want the chance to tell my side."

Detroit Manager Mayo Smith said when he managed in the National League they made sure to get more than one version but Cronin, who reportedly based his action on home plate umpire Al Salerno's report, "has rendered his decision and I can't comment on the fairness of it. I'm not the president of the League."

The action stemmed from a fight between McAuliffe and Chicago White Sox pitcher Tommy John in Detroit.

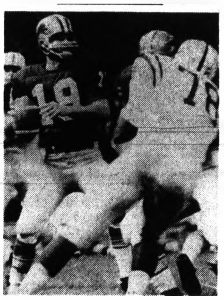

John suffered torn ligaments to his left shoulder and will be sidelined at least three weeks.

McAuliffe, 28, will not be eligible to play again with the league-leading Tigers until Wednesday, a spokesman said.

* * *

The White Sox left-hander decked McAuliffe with ball four and as the Tigers' second baseman was walking toward first he and John heatedly exchanged cuss words.

McAuliffe then charged the mound and grappled with John.

POCKET AMMUNITION — Quarterback Bill Munson (19) of the Detroit Lions stands in the pocket ready to pass as Baltimore Colts' Bubba Smith (78), former MSU star, tries to get by Lions' offensive tackle Charley Bradshaw. Munson was able to get rid of the pass, hitting on 19 for 22 for the night as the Lions won, 14-7.

Curfew Ends Tilt After 19 Innings With Score Tied

NEW YORK (AP) — As the big Yankee Stadium clock crept dutifully towards 1 a.m., manager Ralph Houk glanced around the nearly empty New York dugout and heaved a sigh of relief.

"It's a good thing they put that curfew in," smiled Houk, "or we'd be playing when the people go to work in the morning."

The Yankees and Detroit Tigers were scheduled to play a twi-night doubleheader Friday. It turned into a twi-night tripleheader, with the Yankees winning the only game that reached a decision—a 2-1 six-hitter for Stan Bahnsen in the opener.

In the second game, New York and Detroit battled 19 innings to a 3-3 tie before the American League curfew that allows no inning to start after 1 a.m. mercifully ended it. The game will be replayed in its entirety as part of a doubleheader Sunday.

STEADY EFFORT

Tom Tresh's two-run homer and Bahnsen's steady pitching gave the Yankees the opener.

"I was glad to get the runs— both of them," said Bahnsen, often a victim of silent bats.

In the second game, Roy White's two-run homer in the eighth inning tied it and the game settled down to a battle of relief pitchers.

* * *

New York's Lindy McDaniel buried seven perfect innings and Dooley Womack tacked on four more blanks.

John Hiller of the Tigers pitched a complete game in relief—nine scoreless innings— and Don McMahon added three more.

NEW POSITION

Mickey Stanley, who started and finished the day in center field for Detroit, spent eight innings in the middle of it playing shortstop. That was because service committments, injuries and the five-day suspension to Dick McAuliffe had left Smith's bench thin on infielders.

"No, I never played there before," smiled Stanley. "But I enjoyed it. It was a good workout."

Bill Freehan, the Tigers' workhorse catcher, caught the first game and was scheduled to sit the second one out. But reserve Jim Price was clipped by a foul tip and Freehan wound up catching 13 innings in the second game as well as the nine in the opener. He could still smile afterwards.

Ann Peterson Shows Muscles in Leading Platform Diving

LONG BEACH, Calif. (AP — Ann Peterson says she used muscle in winning the top spot on the women's 10-meter platform diving team which will compete in the Mexico City Olympic Games.

The 21-year-old from Arizona State University scored 319.17 points Friday to outdistance second place finisher Lesley Bush, Princeton, N.Y., AND THIRD PLACE Barbara Talmage, Walnut Creek, Calif. All three make the U. S. team in the event.

Miss Peterson's routine in the optional dives was uncomplicated: she performed easy dives but with grace that gave her an 18-point victory over Miss Bush, 1964 gold medal winner in the Tokyo Olympics.

PIGSKIN POPS LOOSE—The football (arrow) bounces loose as Baltimore's Tony Lorick (not visible) is buried under a jarring Detroit Lion goalline defense Friday night. Lorick was attempting to plunge for a touchdown from the one-yard line when he was separated from the pigskin. Quarterback Terry Southall (not visible) grabbed the bouncing ball but was stopped short of the goalline. Lion defenders in the picture are Larry Hand (left), Bruce Maher (21) and Lew Kamanu (right). The blockers are Tom Mitchell (84), Sam Ball (73) and Norm Davis. The Colts failed to score in four tries inside the Lions' two-yard stripe.

Lion Defense Stymies Colts

(Continued From Page B-1)

The try was blocked at the 28 and Dick LeBeau picked it up on the 35 and he went 65 yards for the score. Garo Yepremian added the point.

STALLED BY FUMBLES

Both teams had drives stalled with fumbles as the ball became hard to handle in the humid 90 degree temperatures.

Michaels tried another field goal from the 40 and it was wide.

In the second quarter, John Unitas had the Colts moving with passes to Orr and John Mackey but at the Lions' 28, Lorick fumbled and Wayne Walker recovered.

Munson passed to Mel Farr for 19 and hit rookie Charlie Sanders with another pass before he connected with Earl "The Pearl" McCullouch for 32 yards to the one-yard line.

McCullouch sailed high into the air to catch the ball and in mid-air he was hit and knocked into the end zone, but the official placed the ball on the one from where Dave Kopay went in for the score.

Southall came in at quarterback with 6:20 in the half and played the entire second half for the Colts who took their first loss in four exhibitions this season.

SCORING PASS

There was 1:37 left to play when Baltimore scored on a 16-yard pass from Southall to rookie Tom Mitchell.

The Colts however completed a successful onside kick and had the ball on the Lions 45 with 1:27 to go, but again the defense rose to the occasion as Southall's last bomb attempt for Tom Matte fell incomplete.

Baltimore coach Don Shula praised the Lions as "real hustling ball club."

Schmidt's added comment was "what made the victory so nice was the fact we got through the game without an injury."

Munson, who said he hoped he would be permitted to go all the way, commented, "I made a lot of mistakes. I'm glad they didn't cost us the game."

2 Californians in Final Round

BATTLE CREEK (UPI) — Two Californians — a housewife and a school girl — tee off for 36 holes of match play today in the final round of the Trans-Mississippi women's amateur golf championship.

Mrs. Michael Skala, a mother of three from Carmichael, will meet 18-year-old Martha Wilkinson of Anaheim, a semifinalist in last year's tourney. Both were easy winners in Friday's semifinal round at the Battle Creek Country Club.

A 4 and 2 win over Connie Day of Cleveland, Tenn., put Mrs. Skala in her first championship round.

For Miss Wilkinson, gaining the finals was even easier as she picked up a 6 and 5 victory over Carole Jean Sorensen of Racine, Wis.

Aaron Speaks With Big Bat

Atlanta Star Honored Prior to Victory

By The Associated Press

Hank Aaron, the Atlanta rough-hitter, speaks nervously and swings a big bat.

Aaron was honored before the Braves-Philadelphia game at Atlanta Friday night and he was so nervous he couldn't finish his remarks.

He felt right at home with a bat in his hands, however, as he drove in four runs, three with a homer, in leading the Braves to a 6-0 victory.

St. Louis nipped Pittsburgh 3-2 in 11 innings, Cincinnati topped the New York Mets 4-2, Houston edged the Chicago Cubs 3-2 and San Francisco trounced Los Angeles 8-3 in other National League games.

In the American League, Boston beat Baltimore 4-3, the Chicago White Sox topped Minnesota 4-2, Cleveland took Washington 6-2, the New York Yankees beat Detroit 2-1 and then played the Tigers to a 3-3 stalemate in a game halted by curfew after 19 innings and Oakland walloped California 9-4.

'Gimpy Knees' Namath Has Strong Right Arm

By The Associated Press

You've got to hand it to Joe Namath the way he performed with his right arm while testing his gimpy left knee for the first time this season. Gino Cappelletti didn't do badly with his toe, either.

Namath, the New York Jets' passing wizard, and Cappelletti, the Boston Patriots' field goal specialist, were among those who starred on Friday night's five-game pro football exhibition program.

* * *

Namath passed for two touchdowns in completing 12 of 20 passes for 140 yards as the American Football League's Jets downed Atlanta of the National League 27-12.

Cappelletti contributed field goals of 49 and 48 yards in leading the Patriots to a 19-17 victory over the Miami Dolphins in a game matching AFL teams. In another AFL tilt, the Houston Oilers crushed the Buffalo Bills 37-7 while in the NFL the Detroit Lions downed the Baltimore Colts 14-7.

In another inter-league game, the NFL San Francisco 49ers defeated the AFL Denver Broncos 22-6.

THREE QUARTERS

Namath, who complained of pain in his left knee and sat out his team's first two exhibition games, played almost three quarters against the Falcons at Birmingham, Ala. In addition to his TD aerials, the former Alabama star fired a 15-yard pass to George Sauer to set up another touchdown.

The Patriots, who had scored only one touchdown in losing two previous games, parlayed Cappelletti's golden toe and alert fumble coverage to down the Dolphins.

* * *

Boston found an easy route to a pair of scores after its strong defense recovered bobbles by Miami's Bob Griese and rookie Kim Hammond. The latter lost the ball at the Miami 35 late in the second quarter and fullback Jim Nance scored the first touchdown of the game on a 28-yard run with eight seconds left in the half.

The Patriots had to go only a short distance for their second touchdown after Griese fumbled in the fourth quarter. Rookie quarterback Tom Sherman swept left end for nine yards and halfback Gene Thomas powered over the goal on the next play. Griese marched the Dolphins 72 and 80 yards for touchdowns and Jimmy Keyes hit on a 27-yard field goal.

SUB STARS

Reserve quarterback Bob Davis led undefeated Houston to its fourth consecutive victory. He worked the entire second half and completed three touchdown passes, one a 60-yard bomb to Ode Burrell. It was Buffalo's first loss in four exhibition starts.

The 49ers struck for 16 points in the second quarter against Denver in registering their first victory of the season. John Brodie's passes set up a pair of one-yard touchdown plunges by Ken Willard.

* * *

Friday night's action launched a 13-game weekend schedule. Four NFL games are on Saturday night's six-game program. They are Green Bay at Dallas in a nationally televised tilt (CBS) starting at 9:30 p.m., EDT; Philadelphia at Minnesota, Cleveland at New Orleans and Chicago vs. Washington at Raleigh, N.C. In the others Los Angeles of the NFL is at San Diego of the AFL while Oakland is at Kansas City in an AFL meeting.

Two games are on tap Sunday afternoon—Cincinnati of the AFL against Pittsburgh of the NFL at Morgantown, W.Va. and New York against St. Louis at New Haven, Conn. in an NFL match.

Veteran, Youngster Tied in Golf Classic

PHILADELPHIA (AP) — The old adage that golf knows no age was never more evident as the $100,000 Philadelphia Golf Classic started its third round today with three leaders.

Jim Ferrier, 53-year-old native Australian now a U.S. citizen; Bobby Cole, a pink-cheeked 20-year-old South African, and Billy Casper, who approaches a round of golf much the same as a banker does a day's work, were deadlocked with 36-hole totals of 137, seven under par.

* * *

It was no surprise to see Casper at the top of the field of 156 starters. The 37-year-old veteran has won four tournaments this year and earned $146,896. He's usually where the money is.

Ferrier and Cole, however, are longshots.

Ferrier was runner-up in the 1931 Australian Open, 17 years before Cole was born. Casper was wearing diapers.

* * *

Asked what he is doing still competing with players who could be his sons or grandsons, the greying Californian replied: "You can chase the little white ball long after you've stopped chasing everything else. You get old fast enough without looking for it. I can play in the Seniors later."

Looking fit at 6-foot-2 and 180 pounds, Ferrier shot a 34-35—69 over the Whitemarsh Valley Country Club course Friday. Cole, who tied for second in the opening round, fired a 35-35—70 while Casper carded a 34-35—69.

* * *

They led by a stroke over Charlie Sifford, Labron Harris and Terry Dill.

Ferrier admitted he played old-fashioned golf.

* * *

"I chipped and pitched and putted well," he said. "That always has been the whole game of golf. That's how Julie Boros (48 years old) has been winning all that money. I see old man Boros stumbling around out there and winning money and it keeps me playing."

The Renault 16 Sedan-Wagon can go to bat for you as a sedan or a station wagon. Depending on which one you need.
When you need a station wagon, it's a station wagon with practically enough room in the back to be a small moving van. When you don't, it's a sedan with a trunk behind the back seat.
It can get 28 miles to the gallon. Has front wheel drive. Independent suspension. Seats so comfortable they've been compared to those in the Mercedes-Benz 600 (they even recline for sleeping). And it costs only $2898.

Jacoby on Bridge

By OSWALD and JAMES JACOBY

Life Master Don von Elsner of Hawaii has written a couple of mystery thrillers based on Jason Winkman, an expert bridge player with a flair for getting involved in murders. Jason is always suspected at first and has to solve the mystery to prove his innocence.

JACOBY

In a recent issue of Popular Bridge, Don has Winkman involved in some high stake rubber bridge. Since it is a short story there is no murder, but at one stage Winkman comes up with a defensive play to murder South's villanous contract.

Even Winkman could have done nothing about three no-trump but South tried for five clubs with 100 honors as an extra bonus.

West opened the deuce of spades. Winkman played his king on dummy's nine. South won with the ace and played the ace and a low club. When West produced the nine, Winkman could figure out the whole hand.

West had led the deuce of spades to show exactly four cards in that suit. Hence declarer had three spades. Declarer also had six clubs which left him exactly four red cards. If one were the ace of diamonds, the five-club contract was sure to make. If the four red cards were three small hearts and the jack of diamonds, Winkman would have to play his king of diamonds to beat the contract.

Out came the king of diamonds in a storybook expert play and down went the declarer.

HOME AGAIN—The Rev. and Mrs. Jack H. C. Clark and two older children, Jack and Jill of 497 W. Iroquois have returned from Uppsala, Sweden where they attended the World Council of Churches Convention. The Rev. Mr. Clark, pastor of North Oakland Christian Church, was a delegate from the Pontiac Area Council of Churches. Here 2-year-old Jay models the suit his parents brought him from the continent. Jeff, 4 years of age, standing on the steps wears the same style. The Clarks accompanied a group of Youth for Understanding students by plane to Europe. Mrs. Clark was one of several adults accompanying exchange students sailing from Europe to the United States on the Aurelia.

Clarks Give Report on WCC, Exchange Students

It was in November 1967 the Assembly of the Pontiac Area Council of Churches nominated the Rev. Jack H. C. Clark and Mrs. Clark as the official representatives to the World Council of Churches in Uppsala, Sweden.

In January the official board of North Oakland Christian Church granted permission to Pastor Clark to attend the world event.

So on June 27 pastor and Mrs. Clark with youngsters Jack and Jill were on their way to Sweden.

The transportation for the trip came through the work the Clarks are doing for a volunteer organization of student exchange known as Youth for Understanding.

* * *

In the late 1940s through the Ann Arbor Council of Churches, some 50 young people from Michigan began a summer travel program.

This summer YFU will transport in cooperation with the U.S. State Department some 6,700 students to all parts of the world. Over 1,500 have gone to Europe.

Here are some of the things Pastor Clark told us of his trip to Sweden

"Leaving Metropolitan Airport in Detroit at an early hour gave us an opportunity to have a midnight snack on board and sleep for most of the trip to Copenhagen.

"We were chaperoning 150 students. We left in the rain and arrived in Copenhagen in the rain. Groups were then divided into the countries they were to visit and adult sponsors accompanied them by air, water or rail to their homes for the summer.

"Since we were going to Sweden we escorted, with the help of the local committee, our Sweden bound students to the train station where their bags were checked. They were soon off for a sight seeing trip.

BY FERRY

"Since the trip was to last nine hours the committee secured sleeping accommodations for all of us. About an hour out of Copenhagen the train was placed aboard a ship and we were ferried from Denmark to Sweden.

"Swedish host families were waiting for their new son or daughter at the station. When each student was placed, the Clarks checked into a small hotel about a mile from the station, and from here took in the king's castle, a zoo, several museums, churches and cathedrals. We then went by train to Uppsala.

* * *

Three landmarks of Uppsala tell the story of the historic city of some 90,000 people. The twin spires of the Cathedral are a reminder that the city has been the See of the Archbishop of Sweden since 1164.

"The round capped towers of the Castle date from the 16th Century when the town became the King's dwelling. The university buildings call attention to the strong influence of the city on the nation's cultural and intellectual life.

* * *

For our stay in Uppsala we had rented the apartment of the Rev. Simon Pettersen, a retired Congregational pastor who lives on the outskirts of Uppsala. The bus to town stopped every 15 minutes out in front.

"The World Council of Church sessions were held all over the city. The Press briefing session was held in the university auditorium about one block from the Cathedral.

"During the Press briefing a bishop was saying how well everything was going when the loudspeaker went off. Since every word at the assembly was translated into about 10 languages there was silence for about 12 minutes.

IN CASTLE

"We then walked up the hill to old Uppsala Castle for what was billed as a reception and Viking Buffet.

"The winding marble stairway led some 700 press, radio and TV representatives from all over the world into a large banquet room about 200 yards long. There were mammouth tables running the full length of the room.

* * *

"The Viking Buffet included breads, smoked pig's head, herring, cheese, smoked reindeer steak, dried leg of mutton, brawn with beetroot, country hams, cold poached perch, meat balls, omelettes, chipolatas, shrimp, apples and beverages.

"Working sessions of the assembly were held in the university field house. The security was tight and no one was admitted without a pass.

* * *

"Old Uppsala the original site for the city is north of the present city. The burial mounds some three stories hieh are believed to be the resting places of the Viking kings.

BY BUS

"Transportation was most adequate through the city busses and the city made every effort to accomodate the thousands of visitors. The cultural aspects were numerous. There were art exhibits, daily concerts in the Cathedral and arts center.

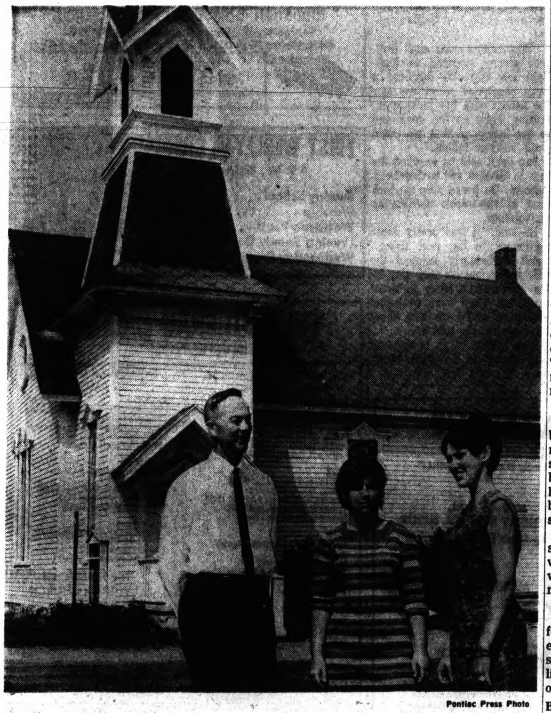

* * *

Dr. Michael Ramsey, Archbishop of Canterbury, was the most personable of the six WCC presidents it seemed to us. The limitation of time did not allow us to stay the full length of the assembly but it was a once in a life-time experience.

"We rented a car in Stockholm piled our luggage overpages of English text for delegates but no ball scores.

Former Pastor on Mission Field

The Rev. G. J. Bersche, former pastor of the Christian & Missionary Alliance Church, returned this week from an evangelistic ministry that took him to the Philippines, Laos, Hong Kong and Japan. The denomination also has active missionary programs in 20 other countries.

He will speak at 7 p.m. tomorrow to his former congregation in the C&MA Church located at M-59 and Cass Lake, Waterford Township.

* * *

The Rev. Ord Gehman, father of Paul Gehman who is a member of The Alliance Church, will preach at the 11 a.m. service. He is pastor of Grace Brethren Church in Fillmore, Calif.

The Rev. Mr. Bersche left the United States April 29 for the Philippines.

Speaking of his trip he said "I traveled by boat, bus, jeep, jeepney, out-rigger boat, plane, train, pedicab, motor scooter and by foot.

"This ministry has been exciting, demanding and strenous but also exciting, thrilling and rewarding."

PHILIPPINES

Concerning the Philippines the former pastor went on to say "Missionary activity has been very successful. The National Church is now self governing, self supporting and self propagating. Leaders have sent some of their own people into other countries as foreign missionaries."

"After the rally in the Philippines I started across the bay with four natives in an outrigger boat for Dadiangas. About half way across the motor stopped. The missionary and boatmen worked for an hour while the boat drifted in rough waters.

"A large boat came along and towed us back to Glan. We then went overland by jeepney.

"I traveled several days and nights on inter-island boats. All passengers are assigned a 10-foot cot. It is really quite a trick to sleep on one of these things. They are all over the deck, jammed one against-another and all filled.

LAOS

Speaking of Laos he said" I flew over the northern section of the country with an Alliance missionary and a Missionary Aviation Fellowship pilot.

REV. G. J. BERSCHE

"We flew near the Plain of Jaru which is controlled by the enemy. We landed on dirt runways on top of the mountains where people have had to flee to escape from the enemy holding sections of the valley.

ON MOUNTAINS

"A mountain top village is now made up of several villages which were once in the valley. In most of these communities there is a national pastor or a missionary. The only safe way in or out of the country is by plane.

* * *

"The U.S. Government is supplying food for these refugees. I stayed all night in one of these villages. I ate with the families and preached in their church.

"I flew over this enemy territory on three occasions with the missionary and pilot visiting many mountaintop villages."

OKINAWA

Of his visit to Okinawa Pastor Bersche told us "I visited Okinawa for two days with the Don Molines who were sent out by the Pontiac congregation as missionaries. Both Don and Ruth were public school teachers in the Pontiac area before becoming missionaries."

* * *

Remarks on Hong Kong and Japan were "One of the missionaries took me to the border of the mainland of China. I was thankful to God for the Far Eastern Broadcasting Co. that beams Gospel programs to the China mainland. There are many denominations doing missionary work in both Hong Kong and Japan.

When asked about missionaries' salaries he said "I found missionaries including doctors and nurses a dedicated people. Their allowances are approximately $150 per month. Most of this is spent for food.

"Homes are furnished by the denomination but missionaries must provide their own clothes and vehicles."

* * *

In 1966 and 1967 the Rev. Mr. Bersche conducted conferences and engaged in evangelistic ministeries in Guinea, Mail, Uppervolta, Ivory Coast, Congo and Gabon Africa for a period of five months. These are all mission fields of the Christian & Missionary Alliance.

* * *

The Rev. and Mrs. Bersche will leave Monday for Fanconia, Va. to begin his fall schedule of preaching and conferences. His program will take him to North Carolina, Florida, Texas, Ohio, Indiana, Pennsylvania and West Virginia through 1969.

Orchard Lake Church Honors Young People

The Orchard Lake Community Church, Presbyterian will give special recognition to young people leaving for college and university in the worship service tomorrow. The Rev. Edward D. Auchard, pastor, will preach on "How Much We Need Each Other."

* * *

Young people will be guests of the congregation at the Fellowship Hour between the 9 and 11 a.m. services.

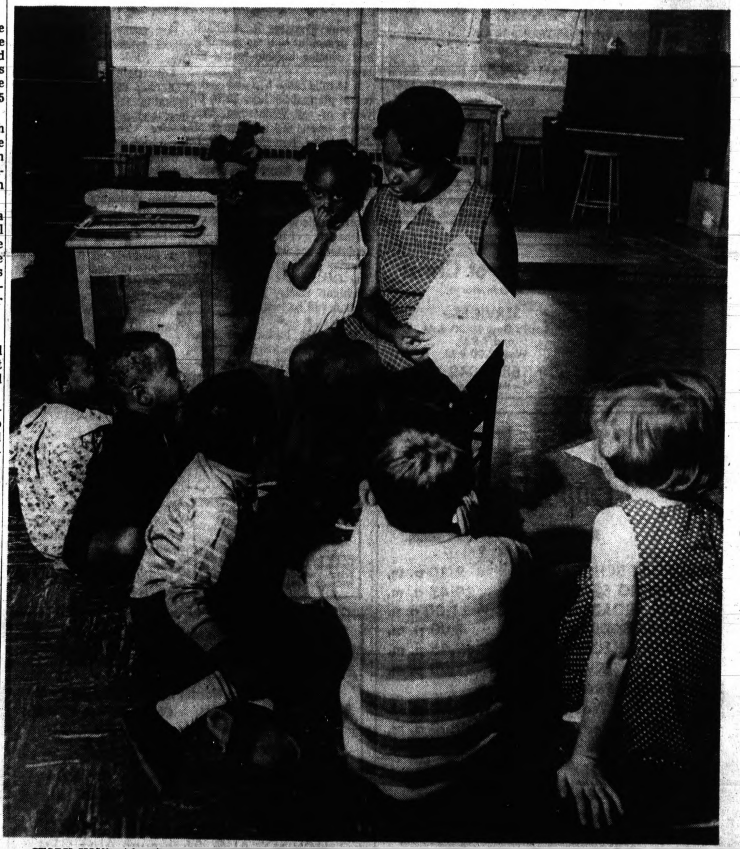

* * *

Francis and Jebby Webster assisted by the board of deacons will be hosts on behalf of the campus and career program of the Orchard Lake Church.

* * *

The second Vacation Bible School closed Thursday with an average attendance of over 100 children and young people.

An informal Chapel Prayer Fellowship is being held each Wednesday evening at 7:30 in the chapel.

Clarks Return from Europe

(Continued from Page B-5)

head and drove to Berlin, Munich, Austria, Switzerland to Paris and to Amsterdam where we returned the car.

"My wife Norma, Jack and Jill remained in Amsterdam to sail on the Aurelia with students coming to the United States. I attended the Lambeth Conference of all Church of England bishops of the world in London before flying home.

Mrs. Clark told us "I was with a group of 200 European students and 20 faculty members who were coming to the United States to study and live in American homes.

"The program on ship was directed toward their becoming familiar with the American church, school, family life and most important that they speak and understand English.

★ ★ ★

"These students had at least three years of English in school but our task was to get them to speak fluently. This year there will be 6,700 exchange students in Youth For Understanding.

"The sailing was our first. Two storms occured to highlight our trip. We became a little concerned when we saw the sailors with life jackets on, putting ropes on the deck and in the lounge so that we could walk without falling.

Son Jack said he enjoyed the trip to Sweden and to Salsberg, Austria. On board ship he took part in the mock nominating conventions.

He said "It was pretty tame compared to the real thing."

Jill particularly enjoyed the folk games put on each day by the students from different countries. They were real cool and gave us information about the country, she told us.

The family is at home now and happy to be with young sons Jay and Jeff.

CLEARS GROUND—Nicholas Pitzen of Chicago, Ill., a student priest at St. Benedict Monastery, mans the tractor as he endeavors to clear ground in preparing for the annual Summer Festival from noon to 8 p.m. tomorrow. The monastery is located at 2711 E. Drahner, Oxford. Hours for the festival are from noon to 8 p.m. The monastery is a home for the Benedictine Fathers who serve in different parishes in the Archdiocese of Detroit.

At St. Benedict Monastery

Hold 9th Summer Festival

The Benedictine Fathers and student priests are hoisting a huge tent, clearing ground and putting up booths as they make ready for the ninth annual summer festival on the grounds of St. Benedict Monastery, 2711 E. Drahner, near Oxford tomorrow.

The outdoor fair is scheduled from noon to 8 p.m.

There will be roast beef dinner, hot dogs, corn on the cob, ice cream.

Entertainment will consist of music, games, booths and touring the monastery and grounds.

The Mothers Club of Detroit, directed by Mrs. James Green, will be in charge of the 20 booths where hand made articles and linens may be purchased.

One of the most scenic views in Oakland County may be seen from the monastery grounds looking toward Pontiac.

* * *

The monks will guide families around the home, barns and lakes. Last year more than 5,000 persons attended the festival. Public is invited.

Reception Sunday

Accepts Ohio Call

The Rev. John W. Wigle, rector of The Episcopal Church of the Advent, 3325 Middlebelt, Orchard Lake, has accepted the call to become rector of St. John's Episcopal Church in Youngstown, Ohio, one of the Diocese of Ohio.

The Rt. Rev. John Burt, present bishop of Ohio and son of the late Rev. Bates G. Burt who was a former rector of All Saints Episcopal Church, Pontiac, served the St. John's Church several years ago.

RECEPTION

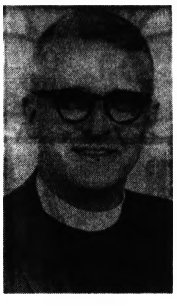

A reception for families to greet the Wigle family before their departure will be held following the 10 a.m. service of morning prayer tomorrow.

Mr. and Mrs. John Hubbard were hosts to the vestrymen and their wives at a dinner honoring the Wigles at their Westover Road home last night.

* * *

The Rev. Mr. Wigle has served the Orchard Lake Church congregation since 1956, coming first as the vicar when it was a Mission of Christ Church Cranbrook.

With his wife, Barbara, and children, Janis, Anne and John, Mr. Wigle will take up residence in Youngstown in September.

Beige Brick Ranch Home Of The Edwin H. Olsons In Avon Township Sheltered By Grove Of Trees

Childhood Favorites Influence Interior

By JODY HEADLEE

Home Editor, The Pontiac Press

The past plays an important part in the present as Mrs. Edwin H. Olson builds her decorating theme around family heirlooms.

"I wanted to keep our home comfortable," said Mrs. Olson, "but I enjoy looking around and seeing pieces that I grew up with"

An English handcrafted lady's desk holds a place of honor in the master bedroom in a monochromatic setting of sea green walls, carpeting and draperies. In original condition, the antique features intricate inlay of sandalwood.

Above the desk hangs an oval water color of pears which was painted by Mrs. Olson's great-great-aunt in 1856. On the desk shelf before the beveled mirror stands a tintype of Mrs. Olsen's great-grandmother and grandfather.

ON DESK

An antique brass and crystal inkwell and letter opener rests on the desk's green leather top.

Moving into the formal living room, Victorian pieces set the scene. Before the sofa, covered in a slate blue and gold, is a traditional Duncan Phyfe mahogany cigarette table. The authentic French inkwell on the table dates back to the 1700s.

A Victorian oval arm chair, its flaring scrolled arms supported by extensions of the front legs, is placed before the room's gold antique satin draperies. The chair is covered in an old rose, slate blue and gold stripe.

Between the sofa and chair is a mahogany, serpentine footed table with a pie-crust edge. Light flooding through the side window enhances the electric blue of the stoppered bottle from Copenhagen on the table's top.

A round fruitwood and leather table in the three-windowed bay introduces a French Provincial accent into the room. On the table, red, white and blue dried flowers are arranged Williamsburg-fashion in a polished brass container that belonged to Mrs. Olson's mother.

And, ready for the smallest generation, a maple rocker with a red corduroy cushion awaits the arrival of one of the Olson's four grandchildren. The red repeats the red of the sofa's velvet throw pillows.

To break the length of the family room, the Olsons grouped a matching gold and bittersweet tweed sofa and loveseat at a right angle to the room's gold throw rug.

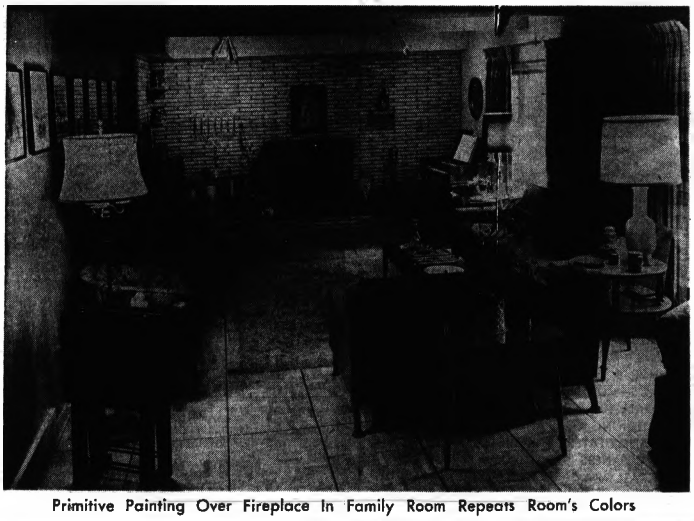

* * *

Again, antiques come into play. On the fireplace shelves is a selection of Mrs. Olson's mother's copper lusterware, and the brass menorah on the television is one of the family's favorite pieces.

FAMILY GARAGE—This unit has been converted into a teen recreation room, but still serves to cache the car and the kids. Designed by Lloyd Henson, A.I.D., for the Englander Company, Inc., bedding manufacturer, and Callaway Mills, carpeting firm, the garage adds much-needed living space. Asymmetrical bunks have been built into one wall, along with a sink, and cabinet unit. The bunk mattresses are slipcovered in sturdy, lively colored striped and solid duck. An adjacent wall is covered with campy blowup posters of teen idols and symbols. The carpeting is a new indoor-outdoor "Ever-Wher" floor covering of Acrilan from Callaway — and you can park the car on it because stains, including oil leaks, can be wiped away.

Bridge Youth Gap With Guest Garage

The generation gap is expanding home horizons.

Family rooms are becoming more elegant, more formal and more often occupied by adults. So a new "out" has been found for the platter parties and guitar sessions younger members of the family thrive on.

* * *

The "out" is convenient and within the scope of parental supervision. It's the family garage.

The latest idea for creating a youth-geared recreation area is a joint project by two home furnishings manufacturers: The Englander Company, Inc., who make bedding, and Callaway Mills, who make carpeting.

GUEST GARAGE

Lloyd Henson, A.I.D. of New York City has designed a teen-age guest garage for the two firms. This has wall-to-wall Acrilan plush carpeting; a wall of poster blowups of teen idols and symbols and tiered bunk beds. The bunks are Englander mattress and box spring ensembles covered in sizzling stripes and solids of party-proof canvas.

The carpeting is treated to be impervious to stains. It has been especially developed for indoor-outdoor use. To dramatize this, the interior designer shows a Volkswagen convertible right on the carpeted floor of the garage.

However, for actual use as a youth recreation area, the car should be temporarily removed from the premises for safety — and also for room-making reasons.

Safety Railing

When a safety railing is needed around a deck edge, why not combine it with a seating bench? It looks better than an ordinary railing and is mighty functional.

Glamor Holds Key to Selling

Glamour and low-maintenance have become twin keys to house sales, according to James M. Lange, housing consultant and former editor of Practical Builder magazine.

As an example, Mr. Lange points to the increasing use of plastic-surfaced hardboard wall paneling in new homes.

The panels are available in a wide range of patterns, textures, designs and decorator colors suitable for any room in the house.

They're considered minimal-maintenance materials, since they resist dents, mars and scuffs, and can be washed clean.

HARDBOARD

Perforated hardboard panels are also being used extensively because they provide extra storage space — an asset in any home.

The panels accept hooks and brackets from which a variety of items can be hung, and come in a variety of finishes including scrubbable plastic surfaces.

One of the most decorative hardboard panels available is filigree — an airy, open-work design that is used extensively for connecting doors, privacy screens and room dividers.

* * *

The panels are sturdy despite their delicate appearance, and can be painted, varnished or shellacked to blend with the room's decor. They add a glamourous accent to any room.

Tall Screens Liven Wall

A windowless end wall of a single-story house looks blank —but needn't.

Give it dimension and character with three screens built to make tall, vertical accents between the ground and roof overhang.

* * *

One effective pattern uses cedar 2x2s spaced two inches apart, or 1x4s turned edge out and spaced.

Use a row of spacer blocks two-thirds of the way from ground to eave and another row just two feet above ground as horizontal bracing — a sort of built-in rail.

VERTICALS

Nail the verticals to a 2x4 top and bottom, attaching the top 2x4 to the roof overhang just behind the roof's fascia.

Corners of the bottom 2x4 can rest on blocks or bricks to hold it above ground, with plantings arranged at the base for concealment.

Keep the screens narrow and use them against only one half of the end wall for best effect.

Light and Dark

Textured wood grain paneling lends visual interest and warmth to any room. It comes in both oak and wormy chestnut in light and dark tones and plastic-finished for easy maintenance and durability.

PATIO COVER — The custom aluminum patio cover shown above converts a hotspot into an all-day oasis. Aluminum patio covers can be designed to cover any area, rectangular, curved, or free-form. Besides keeping out the sun, they offer protection from rain, snow and winds.

Special Touches Give House 'Curb Appeal'

Does your house have curb appeal — that touch of individuality that attracts attention from passers-by? Or, does it look like every other house on the block?

Builders say there's a trend away from the look-alike houses often found in community developments.

Today, a homeowner wants his house to be individualistic. Yet, he may not be willing or able to pay the cost of a custom-designed home.

Many residential builders are solving the problem with stock materials that have design flexibility. The homeowner gets a house that's different from his neighbor's, but costs are kept down.

WINDOWS

Since windows make up as much as one-third of wall area, and entrances are a focal point of any house exterior, stock wood windows and entryways are among the most effective means of achieving design flexibility and "curb appeal."

What's more, window and door treatments are a natural way to reflect architectural decor, and quality stock wood units are readily available.

Ponderosa pine windows, panel doors and complete, ready-to-assemble entryways, for example, come in stock sizes and a variety of styles to suit individual tastes and house designs.

All window styles are obtainable with insulating glass and handy removable grilles that give the glass a distinctive divided-pane appearance.

SHUTTERS

Even stock wood shutters are versatile. They're available with louvers, wood panels, and a number of attractive panel inserts.

By combining the homeowner's choice of window and door styles with different exterior siding materials, the builder can construct a Colonial, traditional or contemporary house from the same basic blueprints.

Individualistic window and door treatments can make the difference between a house that looks custom-designed, and one that appears to have been stamped out with a cookie-cutter.

Laminated Arch Plays Church Role

Glued laminated lumber arches and beams are used in a wide variety of buildings with churches the most conspicuous use area.

In fact, three-fourths of all new churches have engineered timber structures. Graceful timber arches under a sweeping canopy of wood roof decking create a feeling of the forests and an inspirational setting.

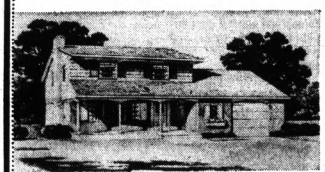

Clear spans of several hundred feet have been achieved with glued laminated Southern Pine arches.

New Cushioned Vinyl Flooring

If you're a do-it-yourself buff, chances are you've installed at least one resilient floor in your home, and that, most likely, was asphalt or vinyl-asbestos tile.

Until now, tile flooring was the only material available to the do-it-yourself home mechanic. Sheet flooring, while offering the advantage of fewer seams, was a bit too complicated for the homeowner of average skill to install himself. If you wanted a sheet vinyl floor, you normally hired a professional to install it for you.

* * *

No longer!

New on the market is an economical 12-foot-wide cushioned vinyl flooring material that installs quickly and easily at any grade level without the use of adhesives.

The new product, called Castilian, is simply loose-laid over concrete, plywood, hardboard — or even an old resilient floor — then is finished off with quarter-round moulding or vinyl cove base around the primeter of the room.

EXTRA WIDE

The extra width of the material — just double that of conventional sheet vinyl flooring — drastically reduces the number of seams in the finished floor. In many rooms, there are no seams at all. In an average 12 x 15-foot kitchen, for example, Castilian produces a totally uninterrupted floor surface with no open seams to attract or hold dirt.

In rooms wider than 12 feet, the manufacturer recommends the application of a four-inch band of adhesive along the seam line. The new 12-foot-wide flooring can also be installed by conventional methods, if desired, using adhesive over the entire subfloor.

ADVANCED METHOD

Castilian is a quality sheet vinyl flooring material produced by the most advanced rotogravure techniques. The printed floor design is protected by a tough surface layer of clear vinyl that resists scuffs and stains, and needs very little maintenance.

A special core of resilient foam is built into the material for added comfort and quiet underfoot.

Since it is equipped with a moistureproof asbestos backing, Castilian is suitable for use at any grade level including basements. The asbestos backing also gives Castilian outstanding dimensional stability. Even when installed by the loose-lay method, the material will not "creep" or buckle. This eliminates the necessity of retrimming after the floor is laid.

* * *

Installation of the new 12-foot-wide Castilian flooring by the loose-lay procedure is fast, simple and inexpensive. Practically no subfloor preparation is required.

The flooring material is simply rough-cut from the roll to the approximate dimensions of the room, then is laid in place on the floor and finish-trimmed with a sharp linoleum knife allowing 1-32" clearance along all walls.

METAL FINISHED

Quarter-round moulding or cove base is applied at the juncture of floor and walls, and special openings such as doorways, are finished off with a strip of threshold metal.

Where seams occur in very large rooms, the widths should be reversed as they are cut from the roll. When cutting seams, the edges of the adjacent pieces are overlapped and a sharp linoleum knife is used to cut through both pieces.

Lastly, a four-inch band of adhesive is applied to the subfloor to hold the seam edges firmly in place. Short seams in back of pipes and radiators should also be cemented.

* * *

One of the chief advantages of the new flooring is the fact that it can be do-it-yourself installed directly over an existing resilient floor without removing the old material. This means that the homeowner can now replace a worn or outdated kitchen or bathroom floor in a matter of hours at very reasonable cost.

Approximate retail price of Castilian, exclusive of installation materials, is $4.50 per square yard. The new product is available nationally through flooring retailers and department stores in a choice of attractive designs and colors.

Crawl Space Low in Cost

You can save about $1 a square foot of excavated area by building your new home on crawl space rather than on a concrete slab.

* * *

That was one finding in the latest of numerous cost studies made in recent years by a leading national home and garden magazine.

* * *

Crawl-space construction, it was determined, could save $1500 or more over a slab system for a 1500-square-foot single story house.

CRAWL SPACE

The crawl-space system puts a home's first floor 30 inches above the ground.

Its wood-joist floors provide a resilient walking surface which can receive virtually any type of finished flooring.

* * *

In a crawl-space house, floors should be insulated well, and an effective vapor barrier should always be installed over the earth.

* * *

Approved barriers include polyethylene plastice and 55-pound roll roofing paper. They should be installed even if the crawl space is to be covered with a concrete apron and before concrete is poured.

Begin Spruce-Up at Front

By VIVIAN BROWN
AP Newsfeatures Writer

Liven up that blind spot around your home — the place that needs something you never quite see.

For example, the front yard. Many people stress the rear of a house where the fun is.

★ ★ ★

A fix-up program should begin at the front of the house, and it is never too late to begin.

You may have priceless antiques within the portals of your home and your swimming pool might be the largest in the community, but the entrance to your home makes the first impression.

FOCUS

Here's a run-through that might help you focus on that blind spot.

Is there a porch? Do its floors and windows need painting? Are stairs rickety? This could be a very satisfactory refurbishing project for a small investment of lumber and paint. It can go a long way to giving your house a whole new look.

Is the front lawn a mess of crab grass, tree shoots, overgrown bushes and hedges? A weekend's concentration on this area may brush it up without depriving you of a rural look if that is what you want.

If it is a question of tools, inquire at the hardware store about instruments for each project.

You may have one of those lush green garden-book lawns but if your house looks like a headstone above a well-cared-for plot there is something wrong with your planting.

Organize an asymetrical plan avoiding neat little rows of anything in front or at the sides of the house. Instead vary the plantings of bushes, shrubs, trees.

LOW COST

For a small investment, anyone in a crowded suburban area can make a driveway entrance to a garage more interesting.

Yet you will see one home next to the other with the same dull-looking ramps leading to the garages. Why not tall metal stanchions on either side of the ramp with two old or new lanterns above?

Or if there is space and it suits the house, how about stone columns on either side with urns for plants? It is one way to distinguish your house.

If there is a porch, hanging baskets of flowers can be inviting and colorful. Fill them with easy-to-grow petunias, lantanas or other creeping plants.

If the entrance is a bare flight of stone steps with a metal railing on either side, it's an ideal place for large pots of flowers such as geranuims, begonias.

STEPS

Put some on steps if there is space or place topiary trees on either side of the door. If the man of the house complains that they are in the way, move plants or whatever to the area on either side of railings at the foot of the stairs.

One lively way to make your entrance different is by painting your door a different color from the house. This is such a simple rejuvenator that people seldom think of it.

★ ★ ★

Good colors for doors of white houses include red, Bristol blue, black.

Doors of weatherbeaten shingled houses look good in faded colors such as sea-green blue or denim blue or that washed-out pinky red.

BRIGHT COLORS

Stucco house doors, particularly those in resort areas, can wear a coat of brilliant hued Bahama blue or Portuguese pink (a lively coral pink).

For some reason, red brick houses are often stuck with unpainted doors, but what a difference a delicate green makes in the appearance of the house. Brick can take colors similar to those used on weatherbeaten houses.

If there are shutters, all the more chance to treat your house to additional colorful frills.

One pretty natural-shingled house that has faded to a weather beaten appearance is breathtakingly different with its sea-green door, shutters and window boxes with trailing green and white variegated ivy among pink geraniums.

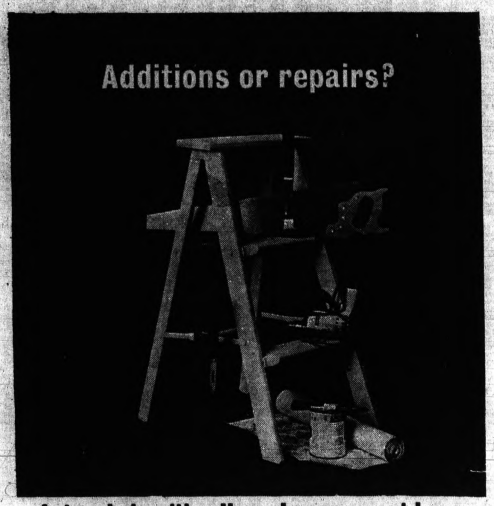

OUTDOOR LIVING — Careful planning gave privacy for outdoor living on this small lot. Roofless room is a delight, but utterly private with high walls built of horizontal tongue-and-groove cedar siding. Exterior appearance is tops, thanks to match of privacy wall pattern with house siding. Tiny planting square for bamboo inside patio gives enough garden atmosphere.

Enjoy Your Patio Through the Year

To enjoy your patio year-around, put it on display from inside the house. Install wide-expanse wood windows or sliding patio doors in the adjoining wall.

A variety of styles and sizes are stock items in ponderosa pine.

What Wall Street Did

NEW YORK (AP)—The stock market this week managed to weather the shock of the Soviet Bloc invasion of Czechoslovakia so well that it notched up another weekly gain, its second straight.

The gain was not a large one but brokers expressed themselves content the technical strength of the market was such that it was able to post any kind of a plus.

The Dow Jones Industrial Average this week advanced 6.45 to 892.34.

In advancing beyond the 891 line, the Dow Industrials achieved a small penetration of what had been heraldee as an upside resistance level which might turn back the recovery drive.

Volume was 44,623,590 shares, compared with 45,812,000 the previous week.

The closing on Wednesday — the 10th of a series of weekly shutdowns of stock exchanges to allow brokers to catch up with paperwork — gave investors 24 hours in which to digest the developments in Czechoslovakia.

* * *

The crucial session of the week was Thursday. As generally predicted by market analysts, the market declined in its first session after the crisis news. Also, as predicted, bargain hunters began to sanp up stock after the first hour or so of insistent selling pressusre. From there on out, it was an up market. Although Thursday ended with a small net loss, the recovery move continued Friday when a late spurt by blue chips bushed the averages well ahead on the day and the week.

The Associated Press Average of 60 stocks this week advanced 1.9 to 332.5.

Of 1,654 issues traded on the New York Stock Exchange, 806 rose and 721 fell. New highs for the years totaled 146 and new lows 46.

The market also had to digest a statement by President Johnson rejecting further de-escalation in Vietnam unless the enemy reciprocated. That was on Tuesday, and the market held on an even keel even though the President's statement was interpreted as dampening prospects for progress joward peace.

Building equipment and materials issues rose on news that housing starts had a sharp rise in July, an increase in beer-bottle prices by Owens — Illinois also heightened the inflationary atmosphere.

Easing of the discount rate in the U.S. rate by additional federal reserve banks and a sharp drop in the U.S. balance of payments deficit were other items that firmed confidence.

Most analysts, however, saw the market as slowly building a base and did not expect much of a move until business prospects became clearer after Labor Day.

The five most active issues this week on the New York Stock Exchange were: Contrael Data (new), unchanged at 128 on 1,392,700 shares; Martin-Marietta, up 1⅞ at 25; Livingston Oil, up 1 at 12¼; Occidental Petroleum, up 1⅝ at 46⅝; and American Telephone, off ⅛ at 51¼.

NEW YORK (AP) — Government bond prices declined last week for the third consecutive week under pressure of liquidation of dealer inventories.

Issues maturing in 5 to 8 years have lost about y of a point of about 15 per cent of their late May-early August rally prices, according to Salomon Brothers & Hutzler, national investment firm. Longer term issues have lost almost two points — or about 20 per cent—of their recent rally.

Three-month treasury bill rates rose from 5.12 to 5.15 per cent, but federal funds eased to 6 per cent from the slightly higher level that existed the two previous weeks.

Long-term municipal bond prices declined for the second consecutive week, but shorter term municipals adaanced slightly.

Corporate bonds were mixed. Recent issues sold off slightly, while seasoned issues were unchanged.

Among the new issues offered during the week was the giant $236 million Nebraska Consumers Public Power District tax-exempt offering that ranked as the largest single borrowing to reach the municipal market in four-years. The issue consisted of $225 million of nuclear-facility bonds and $61 million of electric-system bonds.

A group of underwriters bid 98.2 for a variety ofcoupons. This established an annual net interest cost to the agency of 5.09 per cent for the electric-system segment.

Another sizable new tax-exempt offering during the week was $60 million of North Carolina Highway bonds. Underwriters bid 100 for a variety of coupons to set an annual net interest cost to the state of 3.626 per cent. The securities were reoffered to the public to yield 2.75 per cent for the 1969 maturities to 3.80 per cent for those falling due in 1985.

Corporate bond offerings included $38 million in Pennsylvania Electric Co. 6% per cent bonds, due 1998, priced to yield 6.50 per cent; $12 million Southern Indiana Gas & Electric Co. 6⅜ per cent bonds, due 1988, priced to yield 6.35 per cent, and $50 million texas eastern transmission corp. 6¾ per cent bonds, due 1988, priced to yield 6.84 per cent.

Johnson Back at Texas Ranch

AUSTIN, Tex. (AP) — President and Mrs. Johnson were back at their hill country ranch today after an eventful, four-day stay at the White House.

The Johnsons flew to the ranch from Washington Friday to resume a work-rest vacation started the first part of the month when Congress adjourned for the political conventions.

There was no word on Johnson's schedule for the rest of the month. Presumably, he will be keeping a close watch on the Czechoslovakian situation that erupted shortly after he returned to the capital.

* * *

He also is expected to visit to the Democratic National Convention city of Chicago sometime next week, but the White House has been coy on the subject and hasn't said whether he will or not.

Johnson and top aides briefed congressional leaders on the Czech situation before he left for Texas.

TAKEOFF DELAYED

His takeoff from Andrews Air Force base in suburban Maryland was delayed about 13 minutes, apparently when Johnson decided at the last minute he wanted to make a telephone call.

His big plane had just started to taxi when it stopped and the pilot held up to his window a white sign with a red T on it.

* * *

Ground crewmen plugged a wire into the side of the plane and the other end into an outlet on the ground. After a few minutes the line was unplugged and Johnson took off.

The first nutria, a rodent similar to a beaver, was brought to this country from South America in 1899.

Annual Section

The third annual Press Bowling Section was produced by the Sports Department and photographers Ed Noble, Ron Untern ahrer, Ed Vanderworp and Rolf Winter.

Scribes Honor Quartet

The Metropolitan Bowling Writers of New York City this summer honored Jim Stefanich of Chicago and Dorothy Fothergill of Massachusetts as the National Bowlers of the Year, while the Metropolitan winners were Teata Semiz and Mary Baker.

BEST AT HOWE'S—Cliff Thompson (left) of Pontiac waited until the summer league season to bowl his best. When he did, it was a 268-211-279—758 in the Tuesday Mixed Doubles and the top sanctioned series ever rolled at Howe's Lanes. Coowner Les Howe presents Thompson with a trophy on behalf of the Clarkston establishment.

Orchard Hosts Majors Tourney

The 1968-69 bowling season at Orchard Lanes is off to a big start this weekend with the appearance of the Michigan Majors Tour during its monthly outing.

Making its initial appearance at Orchard and only in the Pontiac vicinity for the second time, the 185-or-better average association is having six qualifying games this afternoon and evening.

★ ★ ★

The 12 head-to-head matches will begin at noon tomorrow. A $500 first prize is the target of the 100 men expected in action.

Today's squads are at 4 p.m. and 7 p.m. The 12 leading qualifiers advance to Sunday afternoon's showdown series. The top-average men from around the state, augmented with some of the finest local keglers, will compete.

Orchard Lanes will continue its round-the-clock operation this season. Ken Boussum again will direct the night shift. Madeline Rice has joined the staff to coordinate the women's leagues.

Owner Don Spalla is starting a Wednesday night men's classic for 175-plus bowlers. Teams are needed for that loop, and there are also openings for bowlers in post-midnight leagues.

The Wednesday morning Coffee and Donuts Circuit will continue for the women. Ed Marzka is available for lessons during the day.

Annual Affair Keeps Format of 600 Target

By JERE CRAIG

The Pontiac Open Bowling Championships have undergone changes in format, scope, and name during their 11-year development; but the most welcomed growth has been in the prize fund.

From the $425 first prize payoff in the 1957 Bowlerama sponsored by The Press, the guaranteed first prize has risen to $1,000.

Another $100 is paid to the Actuals Invitational winner — a special event added for the benefit of the high-average bowlers — and numerous other booster prizes (house teams, mixed pairs, qualifying awards) have been added in the Pontiac Open.

★ ★ ★

The sponsoring Press has been joined in its efforts by the City Parks and Recreation Department and the Bowling Proprietors' Association of North Oakland County.

This year's tournament will retain the format that has proven very popular in the past two years. A record 1400 entries were received last fall as men, women and sanctioned junior bowlers attempted to hit the 600 qualifying score.

Nearly 500 managed a 600 with handicap which put them into the semifinal rolloffs. Hal Marsh, an Oakland University student, emerged as the eventual champion.

The competition this year will have its scope broadened to permit qualifying at all association houses desiring to participate in the tournament.

Qualifying is planned for Sundays Nov. 24, Dec. 1 and 8. The semifinals will be Dec. 15 and the finals Dec. 22. Sites haven't been selected for the semifinals or finals.

TOPS AMONG MEN—Five men from the Monday Dixie All-Stars and representing Howe's Lanes took home the $500 top prize and handsome trophies in the men's bracket of the Champion of Champions Tournament sponsored each spring by the area bowling proprietors' association. The bowlers (left to right) are Ran Conley, Ivan Betts, Earl Card (the captain), Cliff and Larry Thompson.

PBA Numbers 750 Men

Pro Payoffs Growing

NEW YORK (AP) — In less than 10 years, purses on the pro bowling tour have jumped from $47,000 for three tournaments to nearly $1.6 million for 35 tourneys in 1968.

In 1959, Lou Campi of Dumont, N. J., won the Professional Bowlers Association's first tournament at Albany, N. Y., and collected first prize of $2,500 from the total purse of $16,500.

This spring, Dave Davis, a tall, skinny, 25-year-old lefthander from Phoenix, Ariz., captured the $100,000 Firestone PBA Tournament of Champions at Akron, Ohio, and pocketed a check for $25,000.

10 YEARS

"This was the 10th year of our tour and the rise has been spectacular," said Eddie Elias, the Akron attorney who founded the PBA in 1959 and has been its executive director ever since. "There is still room for growth and we expect to grow."

"We had 33 bowlers in the PBA at the start and now we have more than 750," said Elias. "The 35 tournaments now average nearly $52,000 in purses.

"Television has played an important part in the growth. This season will be the eighth straight year ABC-TV has carried the finals of the 13-week winter tour from as many cities.

NAMES

Campi and Andy Varipapa were the name players of the early years. Then came Don Carter, Dick Weber, Ray Bluth, Billy Welu, Harry Smith, Buzz Fazio and Joe Joseph, among others.

Carter and Weber still rate at the top, along with the bright new stars — Davis, Don Johnson of Kokomo, Ind., Jim Stefanich of Joliet, Ill., Billy Hardwick of San Mateo, Calif., and Bill Allen of Orlando, Fla.

★ ★ ★

Weber and Carter are bowling's counterparts of golf's Gold Dust Twins, Arnold Palmer and Jack Nicklaus.

Weber, another thin man from St. Louis, tops the all-time PBA money-winners with $260,000 through last December. Harry Smith of Redwood City, Calif., is second with $176,000 and Carter, of Tarzana, Calif., is third with $147,000.

While still extremely optimistic over bowling's future, Elias said bowling establishments could improve their financial position by diversification.

Howe Women Enjoy Snacks

Coffee and donuts are on the menu for the women bowlers Tuesday and Wednesday at Howe's Lanes this season, and there will be nursery service, too.

Action will begin for the Waterford Merchants' men Tuesday night Sept. 3 and the Howe's Senior Classic starts firing that Friday night.

★ ★ ★

Some individual bowlers are needed Monday nights for a mixed circuit and in the Thursday morning men's loop. Beginning junior bowlers have begun an instruction class Saturdays and will progress into the regular Howe's youth action next month.

The billiards room at the establishment has been converted into a banquet hall; and some redecorating has been done around the interior of the building.

Also on the calendar are Moonlight Doubles each Saturday night.

Collier Installs New Carpeting

New carpeting will be evident when the Oxford area keglers begin the season at Collier Lanes.

The Senior House bowlers will open their season Sept. 9 with no openings. Teams are lacking, though, in the Monday handicap loop, and the Thursday women's daytime trios league.

The handicap circuit is for five-member men or women's teams. Red Collier continues as manager, assisted by sons Dean and Del.

BPAA Teams Finish Handicap Tourney

Residents of the St. Paul, Minn., area will have an opportunity to witness some of the most exciting bowling action in the nation this weekend in the finals of the 14th Annual BPAA National Team Handicap Championships at Minnehaha Lanes.

Final position standing will be determined on the basis of the nine-game total, including handicap.

★ ★ ★

All of the 13 teams in the finals will go home winners. These are the survivors of nearly 30,000 teams from across the country who participated in local, district and state qualification tournaments sponsored by affiliates of the Bowling Proprietors' Association of America.

★ ★ ★

The total prize fund is $18,200. The champion team will receive $5,000 plus handsome individual trophies and a huge sponsor trophy. Other prizes are proportionately scaled down to the $500 prize for 13th place.

Active Season on Elks' Lanes

Another busy season looms for member bowlers at the Pontiac Elks Lodge No. 810.

Action will commence the first week of September for two women's leagues and seven men's circuits.

The annual beginners' clinic for junior bowlers will be Sept. 14th, followed by the start of league competition for the two junior loops Saturday morning Sept. 21.

Several teams and individuals are needed in the adult leagues.

FAMILY ROLLOFFS

The first tournament for the Elks lanes will be the second annual Family event in November. The juniors will begin qualifying for the Greater Detroit BA's singles and doubles in December.

The popular Elks Ladies' National Invitational will open at Lodge No. 810 in January. Following that the lodge members will vie in the state men's rolloffs at Saginaw and the state women's action at Plymouth.

★ ★ ★

The Elks National Men's Tournament will be at Milwaukee in April. Additional information on the lodge's programs is available from Ralph Ware, 332-1854.

WIBC Tourney Plans Changes

Three Divisions Set for San Diego Meet

The 1969 Women's International Bowling Congress Tournament will have a new face when the action commences Apr. 3 at University Lanes in San Diego.

Divisional averages have been realigned and a new class, the open division, has been established. It will take in teams at 851 or above, doubles units with 341 or better, and singles entries above 170.

★ ★ ★

Division I now will be for teams 726-850, doubles 291-340 and individuals 146-170. All women below those low figures will remain in Division II.

SPECIAL DAYS

Again this season the WIBC Tournament will have squads for Senior Day and for Military Day. They are scheduled to become annual feature attractions of the popular tourney.

★ ★ ★

WIBC Tournament headquarters will be at the El Cortez Hotel in San Diego, and the Convention Hall at the Community Concourse will have the annual convention May 5-7.

Reservations for the tournament are due Nov. 1, while entries won't be accepted after Jan. 24th. Forms are available at the WIBC Office, 1225 Dublin, Columbus, Ohio.

Distaff Pros Earning More on Keg Tour

The Professional Woman Bowlers' Association is in the midst of its most lucrative season in its nine-year existence.

Almost $30,000 has been added in prize money, primarily due to an increase in tournaments on the tour.

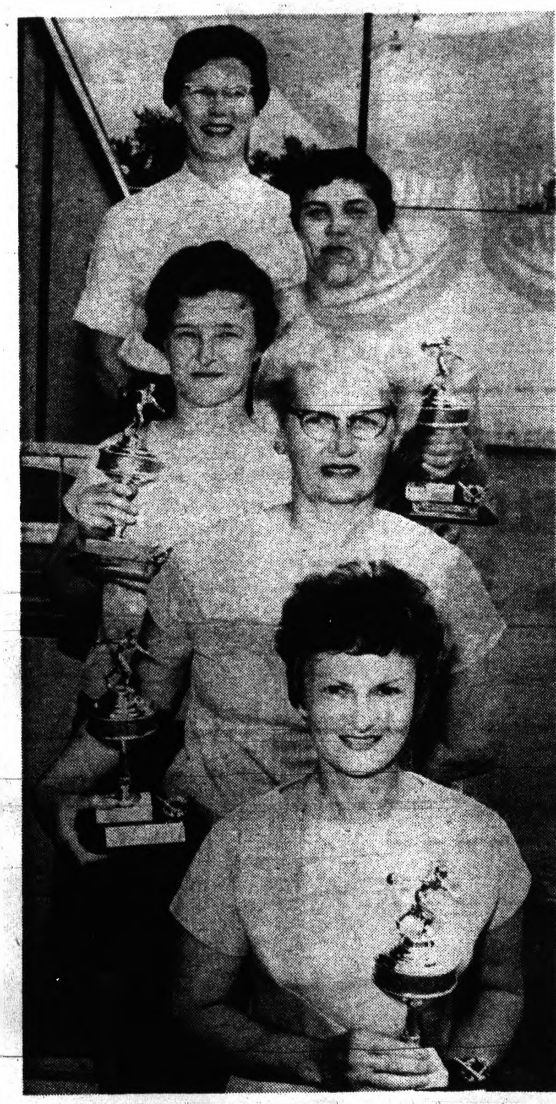

A $3,000 check was claimed early this month at Flint by pro woman bowler of the year Dotty Fothergill (N. Attleboro, Mass.) as she won the PWBA National Championship.

The winnings upped her season earnings to $20,000, of which $5,725 has come from PWBA Tournaments. The all-time PWBA leader is Betty Kuczynski of Chicago who has totaled $12,233.

They do have room for a 14-team league at 9 p.m. Wednesdays.

Coowners Larry and Garry Crake have announced the hiring of Bob Lowry and Jerry Getzan as comanagers for the upcoming bowling season.

They have the immediate responsibility for getting the 300 Classic and the Women's All Star League ready to go Sept. 5 and 6, respectively.

Also, 300 Bowl's extensive school bowling program will receive their attention. A Wednesday morning Coffee League for women is being organized.

The prestigious and pin-busting Detroit All-Star Classic teams will invade 300's facilities Oct. 24. Action in the state K of C Tournament will being Jan. 11 and run weekends through Mar. 15.

Monsignor A. X. M. Sharpe Council No. 600 will be host for the tournament.

North Hill Lanes plans to honor all men who have sanctioned 700 series and women with 600's with membership in the House 700 and 600 Club this season.

Quite a few 700 members likely will come from the Wednesday North Hill Classic and the Fri-Nighters. Other potentially high-scoring leagues will be the Oakland University and Young Ladies' circuits Thursday nights.

★ ★ ★

Two new loops being organized are every-other-week leagues for mixed teams Saturdays and men's singles Sunday mornings. The junior program is being expanded Saturday mornings.

ADDITION

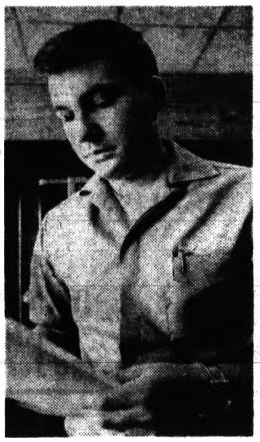

Owner Lou Korpince has added Larry VandeVelde to the counter crew. He also has indicated that the parking lot is slated for expansion this fall.

Mavis Starts Classic Loop for Doubles

Joining the Mavis Lanes Classic this season will be a Scratch Doubles League as high points in the bowling scene around Holly.

The Classic teams will begin rolling Monday Sept. 9 and the Scratch Doubles is slated to start two days later. A Saturday night open doubles also will be introduced next month.

Dick Beehler has joined the Mavis staff to work with the high-scoring leagues, junior bowlers and special promotions.

ABRUPT HALT

Manager Ron Mavis had to disrupt the season last fall to add new pinsetters and ball returns, and he is looking forward to smooth sailing this season.

Mavis is operating under limited hours presently but will return to the regular full-day schedule Sept. 3. Individual bowlers are needed for late night leagues; while teams are lacking in the new Thursday House loop.

Special instructional sessions will be set up both at night and in the afternoons when the season commences.

BPAA Allocates All-Star Spots

HOFFMAN ESTATES, Ill. — Allocations to state associations for entries in the 1969 BPAA All-Star Tournament have been revealed by Robert A. Colburn, tournament director for the Bowling Proprietors' Association of America.

The allocation to each state is based on that state's number of paid lanes in BPAA membership, with no state allotted fewer than two men's spots and one woman's spot.

★ ★ ★

Two significant changes in the allocations are apparent, due to actions taken during the BPAA convention in June at Las Vegas. First, the men's field for the 28th running of the All-Star has been reduced from 288 to 216.

Also, there will be only 24 bowlers automatically qualified into the men's division next year and 17 women, both of which represent substantial reductions.

STILL UNKNOWN

Dates and site for the tournament have not yet been selected. The tournament committee, headed by Carl Hindel of Indianapolis, will meet this month to determine dates and will then invite BPAA member proprietors to submit bids to host the event.

The greatest number of spots has been awarded to Ohio, 18 men and 14 women. Three other states have been given 15 men's spots — Illinois, Michigan and New York. Illinois and Michigan have 11 women's spots, and New York has 10.

The size of the women's field for 1969 will remain at 144.

★ ★ ★

The total prize fund for the men will remain the same, but first place will pay $8,000 instead of $15,000, and 12th place will pay $2,000 instead of $750. The field of semi-finalists in the men's field was also reduced from 72 to 48.

Adamowski Heads ABC

Chicago lawyer Gilbert L. Adamowski this month succeeded Harry G. Sherwood, of Burbank, Calif., as the president of the American Bowling Congress — the world's largest participant sports organization.

Youth Classic at Thunderbird Needs Bowlers

Bowlers up to 20 years of age and carrying 160 (males) and 145 (coeds) averages or better are needed for the Prep Teen-Age Mixed Classic Sundays at Thunderbird Lanes in Troy.

The 16-team conference will start at 12:30 p.m. Sept. 15. Moreover, Thunderbird will have a Peanuts Division (5-7 year olds) Saturday mornings this season. It will be Youth Bowling Association sanctioned.

The popular Beat The Champ television season will commence its fourth season Sept. 9. Bowlers from Huron Bowl and Airways again will be qualifying.

Troy's other establishment, Gold Crown Lanes, has a new manager. Hal Peters will be starting his first full season at the controls.

HARD-WORKING WOMEN — Officials of the Pontiac Woman Bowlers' Association are busy these days in the new offices at the Pontiac State Bank Building organizing materials and distributing them to local league officers. League sanctioning forms are due in the PWBA office within three weeks after the start of play. Individual dues are up to $1.60. The 36th annual women's city tournament will be in March at Orchard Lanes. The workers are (left to right) Gen Bradley, Margaret Lally, Elizabeth Smiley and Janet Willson.

Don Johnson No Long-Hair

Clippers Brighten Pro's Image

AKRON, Ohio — (NEA) — Don Johnson won his first Professional Bowlers Association tournament about the same time the Beatles were becoming famous. Only the PBA didn't like his tune.

"There were about a half dozen of us younger guys on the tour," recalls Johnson, a native of Kokomo, Ind., "who let our hair grow long and usually bowled in white levis and surfer shirts.

"Most of the spectators thought I was a bum, I'm sure. Well, my hair was growing practically down to my eyes so, before a tournament in Louisville, Harry Golden, the national tournament director, told me to cut my hair.

★ ★ ★

"I told him he couldn't tell me when to get a haircut. So Golden and Eddie Elias (founder of the PBA) got together to discuss the problem, after I went ahead and bowled. They announced the forming of an Image Committee and I was named chairman."

SHAPING UP

Not only did Johnson get a haircut and buy a suit but he also started shaping up the other bowlers.

"Only about 10 per cent of the guys used to put on a coat and tie after finishing their matches," he says. "But now, we all try to dress nice.

"Instead of people saying, 'Look at that slob,' they're asking for our autographs. It was surprising how many of the younger fans we had then, but I still have a lot of them pulling for me."

MENTAL

He attributes several factors to his success, most of them mental.

"Concentration is the main thing," he says. "I used to just sail 'em down the lanes, you know . . . let her fly.

★ ★ ★

"But in the past year and a half I've gained the experience and learned so much about lane conditions that my head hurts from concentrating after a tournament. Frankly, my game is not as good as a lot of other guys, so I really have to think about what I'm doing.

★ ★ ★

And also on the image. All he really needed to do was get the hair out of his eyes.

CHECKING THE CALENDAR—Three officers of leading leagues at Fairgrounds Bowl in Milford meet with coowner Dorothy Moore (left) to confirm the starting dates for their circuits. Around the calendar are Beverly Kuschel from the Monday Mixed League, Bill Vernagus of the Friday night House Men, and John Vincent (right) of the GM Proving Grounds Men.

Cloverlanes Having Cecil Ward Singles

The Cecil Ward Testimonial Singles Tournament at Cloverlanes in Livonia will continue for the next six weekends with divisions for men, women and children.

Any bowler who ever competed in a junior league, tournament or special event staged by the 72-year-old Ward, a member of Detroit's Bowling Hall of Fame, is eligible for the testimonial tournament.

The entry fee is $5 per adult and $3 for each youngster. An Honorary Awards Dinner will follow the completion of the bowling at which time Ward will be honored also.

Huron Will Honor Bowlers of Week

Huron Bowl has announced a program to honor a bowler of the week in both its men's and women's leagues, and further will project the citation into bowler of the month and bowler of the year awards.

All league bowlers will be eligible. Some leading contenders undoubtedly will come from the Huron Friday night Men's Classic and the Huron Thursday night Ladies Classic both of whom will get under way the first week of September.

Also the Galaxy of Gifts (merchandise instead of money for prizes) women Wednesday and Thursday mornings, the Sunday afternoon Family Twosomes (adult with junior relative) and the Pontiac Blind Bowlers (Monday mornings) are included.

The Blind Bowlers are expanding to 10 teams this year. Sighted helpers are needed to bowl with two blind bowlers per team, and sponsors are needed for the teams, too.

New leagues being lined up for Monday nights are a mixed circuit (two men and two women per team) and a men's scratch doubles (four games per night) using the Peterson point system — both at 9 o'clock.

A 16-week season (every other week) has been set up for the new Saturday night mixed loop two men and two women).

NEW AIDE

Bonnie Nugent has joined the Huron staff and will work specifically with the three-division junior program that last year produced an All-Stater in Jim Bonfiglio.

The prep, junior and senior youngsters ages 9-18) will compete at 10 a.m. and 1 p.m. Saturdays.

Mike Samardzija Jr., again, will conduct the Wednesday afternoon instructional program. No appointment is necessary.

Fairgrounds Plans to Start Sept. 1

The bowling season will be under way at Fairgrounds Bowl in Milford Sunday, Sept. 1st with very few changes.

The Senior House men will battle each Thursday, while the Monday GM Proving Grounds and Mixed leagues will have their debut delayed until Sept. 9.

Moonlight Doubles events will be two Saturday nights each month. The Milford Doubles Tournament is set for March and the Huron Valley Team Tournament also will be during the winter.

Coowners Mel and Dorothy Moore are in need of bowlers for Friday night leagues.

Detroit Host to ABC in '71

Detroit's Cobo Hall will showcase the country's leading bowlers for a 2½ month period in 1971 when the Motor City will be host to the American Bowling Congress Tournament, again.

The 68th annual tournament will mark the return of the ABC to Detroit after a 10-year absence. Approximately 35,000 entries are forecast for the 1971 competition.

The tournament is scheduled to start March 6, 1971 and the annual ABC Convention will be Apr. 23 at nearby Ford Auditorium. An estimated 1500 delegates are expected from the 50 states.

During the 79-day tournament Detroit businesses can expect to gross about $6 million.

Changes Noted in Birmingham

Significant physical changes will be evident at two of the three Birmingham bowling houses this season.

Birmingham Bowl has added two lanes and now is a 32-lane establishment. The addition has enabled it to offer some limited covered parking in the existing lot.

★ ★ ★

Strike 'N' Spare has a new manager in Dick McCuaid. Primarily a food-service manager, McCuaid is anticipating adding at least one more new face to the staff.

Moreover, McCuaid is directting the installation of a restaurant and remodeled lounge at the massive 52-lane house. A new snack bar and new carpeting will be added. Painting has been done inside, too.

Jim Milford's Northwood Lanes remain unchanged, although the trim has been painted. Dave Hubbard (Saturday night) and Ralph Skinner (Sundays) will help Milford.

There are openings in the 12-team Thursday night Senior House League and also the new Friday Junior House loop. Couples are needed for the 8 p.m. Monday Mixed Circuit.

MIXED KINGPINS—The Auburn Lanes' Tuesday night league produced the mixed team rulers in this year's Champion of Champions Tournament sponsored by the Bowling Proprietors Association of North Oakland County. The Town & Country Radio-Television unit includes (left to right) Tom Morris, Mrs. Gil VanConant, (captain) Chuck Denison, Mrs. Don Hester and Don Hester.

Montcalm Seeking Couples for Loop

Couples are needed for a new Sunday night Mixed League at Montcalm Bowling Center.

The establishment caters to church leagues. The top scoring Northside Community Men will begin Monday Sept. 9. The bantams league (6-12 years old) will bowl on Saturday mornings.

Montcalm has been closed for refurbishing but manager Tom Mayes said the establishment will open this weekend.

Born, Treloar Head All-City Unit

Jack Born and Jack Treloar are the featured members of the 1967-68 Greater Detroit Bowling Association All-City teams announced this summer.

Born is the only repeater from last year's first team. The selections are based on points accumulated by placings in the major city, state and national tournaments, plus league records.

★ ★ ★

Treloar was named captain of this year's team since he was the leading pointgetter (53). He teamed with Born to win the city doubles crown and they were second in the state tournament.

Rounding out the first squad are Don Wray, Al Thompson and Bob Kwolek.

★ ★ ★

The Greater Detroit Bowling Association has announced a check list of dates that should be important to league officers and tournament bowlers.

★ ★ ★

September — Be sure your league rules are approved and each captain receives a copy. A schedule for the complete season should be posted on the board of the establishment or passed out to each team captain.

● October — A tentative prize list should be approved not later than five weeks after the start of the season. Reservations close Oct. 26 for 66th annual Michigan State Bowling Association tournament which will start January 4, 1969, at Westgate Bowl in Grand Rapids.

★ ★ ★

● November — Reservations close Nov. 1 for 1969 ABC tournament at Madison, Wis. State tourney final entry-closing date Nov. 9.

LEADNG TEAM EFFORT—Huron Bowl's entry in the West Side Classic registered the best actual team score in the Pontiac area last season, rolling a 3291 total. The high-scoring unit included: (left to right) Walt Rennhack, Joe Myers, Ed Jostock, Fran Bertram (the captain) and Art Pearson.

Woman Posts 715 in League

Four perfect games by Pontiac area men and the highest sanctioned three-game series ever reported locally for a woman bowler highlighter the 1967-68 season scoring parade.

Millie Anderson of the Lawyers' Title League at 300 Bowl amazed the local bowling scene by using a 278 opening game to rocket to an All-Time record 715 series in late March.

★ ★ ★

Achieving perfection among the men were Ray Brancheau (at Sylvan Lanes), Ed Bate (Wonderland in Livonia), Dick Carmichael (Lakewood) and Vince Spencer (Rochester Lanes).

TEAM EFFORT

Only one team could near the 3300 mark and that was the Huron Bowl unit captained by Fran Bertram. It rolled a 3291 actual during a West Side Lanes Classic outing.

71-Year-Old Has 300 Game, 4th Oldest on List

"Pappy" Brooks, 71, of St. Louis waited 55 years to fulfill a 1913 vow that someday he would roll a perfect game.

When he did achieve perfection this year, he became the fourth oldest man to roll a sanctioned 300 game, according to the American Bowling Congress records.

No. 1 on the list is Guy Ormsby of San Antonio who put 12 strikes together last year at age 73. A pair of 72-year-old keglers also did it.

Bowling Hall of Famer Ebber (Sarge) Easter had a 300 in 1955 at Winson-Salem, N.C., and in 1965 George Wessbecker earned his ABC ring at Young America, Minn.

There was a perfect game in open bowling during 1957 by 74-year-old Wilson Gildersleeve of New York City.

TRIES PBA CIRCUIT — Dale (Skip) Seavoy of Birmingham has started strong in his bid to make a living on the Professional Bowlers' Association tour after several years of campaigning with the Stroh's Beer team. Seavoy joined the summer tour on the West Coast. His earnings reached $5500 following last week's tournament at Milwaukee.

Dale Seavoy Tries Pro Bowlers' Tour

His bowling instincts bred on the lanes at Redford Recreation and nurtured with the help of his Detroit All-Star Classic teammates, Birmingham's Dale Seavoy this summer is seeking a national reputation.

The former Stroh's Beer standout resigned his spot on the renowned team to join the Professional Bowlers Association's summer tour to "make a name for myself."

This week he has been making his bid for headlines and money in the PBA Open at Montreal, Can.

★ ★ ★

"Skip," who moved to Birmingham from Southfield in 1956 with his parents, started on the summer tour in June at Seattle Wash. He surprised even himself with his success.

He debuted by winning $1,000 for an eighth place finish Admittedly watching the scoreboard too much, nonetheless he managed to more than cover his expenses at the next four stops although only making the top 16 once more.

PROBLEM POINT

"I had trouble in the final block of six games at Portland, Fresno and El Paso," Seavoy said. But he made from $300 to $365 at each stop by placing among the top 25.

At Tucson, his 15th-place finish earned him $650. He capped his baptism of fire on the tour by coming in second at Fort Worth to pocket a $1600 check. Only at Houston when he was ill did he finish out of the money.

★ ★ ★

The $4500-plus he won during that stretch of the tour gave him the necessary confidence and capital to pursue his fame on the winter schedule.

Actually, Seavoy's background includes highlights that would delight most bowlers.

TOP AVERAGE

In 1961 he rolled with the Detroit Thunderbirds in the ill-fated National Bowling League, posting the circuit's top average with a 222 tempo.

That earned him a tour with the Stroh's team for five seasons during which he was a teammate of Pontiac's Mike Samardzija, Jr.

"Mike's a good shooter," Dale comments. "We played golf together almost every day last summer; he's a good golfer, too."

★ ★ ★

While with Stroh's he was named to the first three All-City teams picked by the Greater Detroit Bowling Associaton — posting the most points each time and thus being the honorary captain of the 10-man squad.

DOUBLES KINGS

He and Mike Totsky won the state doubles crown in 1965 and were runners-up in the American Bowling Congress event. "Skip" placed third that year in the ABC Masters Tournament.

★ ★ ★

He began in bowling as a pin boy at Redford Recreation. From that beginning he has progressed to the point that he averaged 211 on the PBA tour this summer, including 224 at Fort Worth. His high league average was a 223 in the Fort Boulevard Singles Classic.

★ ★ ★

The dedicated sharpshooter appears ready to better those marks this fall.

The popular Wonderland Classic, run on the Peterson point system, will open its season Monday Sept. 9.

Two tournaments are scheduled for the establishment. The Ford Wixom Plant competition will be late in the winter. During April, the Chevrolet Engineering Tournament will occupy the lanes.

21 Youths Win Scholarships

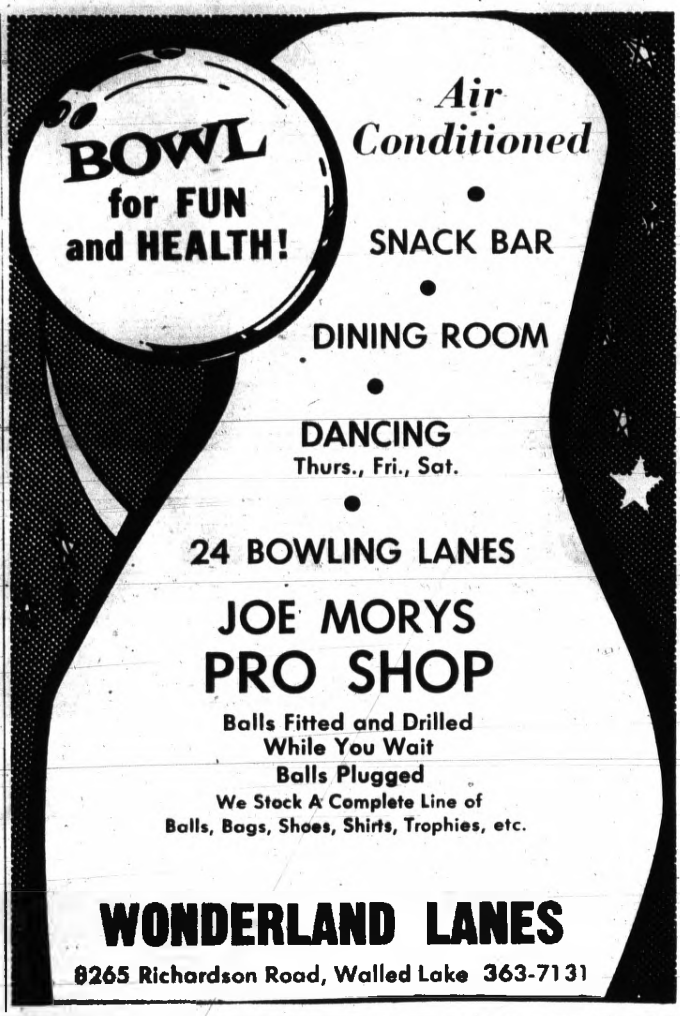

The Bowling Proprietors Association of America and the Bowling Council again have awarded 21 college scholarships for $1000 each and crowned three national champions through their eighth annual All-America Youth Championships this month at Washington, D.C.

Dave Pearson of Thousand Oaks Calif. won the boys' scratch division; Mike Goings of Seward Neb. is the boys' handicap ruler; and Pearl Bakken of Eugene, Ore., reigns in the girls' handicap class.

The seven high scorers based on bowling (30 per cent) in each division won scholarships.

No Michigan youths were honored. Of the three among the 108 qualifiers, Hazel Park's Bob Smith was best placing 19th in the boys' scratch competition.

The American Bowling Congress and the Women's International Bowling Congress cooperate with the cosponsors on the tournament.

Czechs Optimistic, but Talks Continue

MOSCOW (AP) — Talks between Czechoslovak and Soviet leaders apparently ran beyond schedule today, suggesting a snag even while broadcasts from Czechoslovakia reported its leaders had won significant concessins.

A radio station identifying itself as Czechoslovakia One reported President Ludvik Svoboda had concluded "an honorable agreement" with the Russians. It offered no details.

A broadcast on the wavelength of the clandestine Radio Prague said Alexander Dubcek, the Czechoslovak Communist party chief whose liberalization program prompted the Soviet bloc invasion Tuesday night, "is to resume his functions in the next few days."

Shortly after 3 p.m. traffic was stopped on the highway leading from the Kremlin to the airport in preparation for the departure of Svoboda's delegation.

Then, without explanation, the highway and bridge were reopened and a crowd which had been waiting to see the motorcade was dispersed.

A column of soldiers lined up near the Kremlin marched off and the street returned to normal except for Czechoslovak and Soviet flags still fluttering from the lampposts.

★ ★ ★

Dubcek and Premier Oldrich Cernik, both of whom had been restricted when Russian troops occupied Prague, were reported to have joined Svoboda's delegation for the second round of talks today.

Exchanges in the opening session yesterday were described by Soviet news media as "frank," a word that in Communist usage here means disagreement.

OCCUPATION NEWS

The airwaves carried considerable data about the occupation:

● Radio Prague said Russian and Bulgarian soldiers, allies in the occupation, exchanged fire at the Libnesky bridge because of a misunderstanding, and several Russians were reported injured.

★ ★ ★

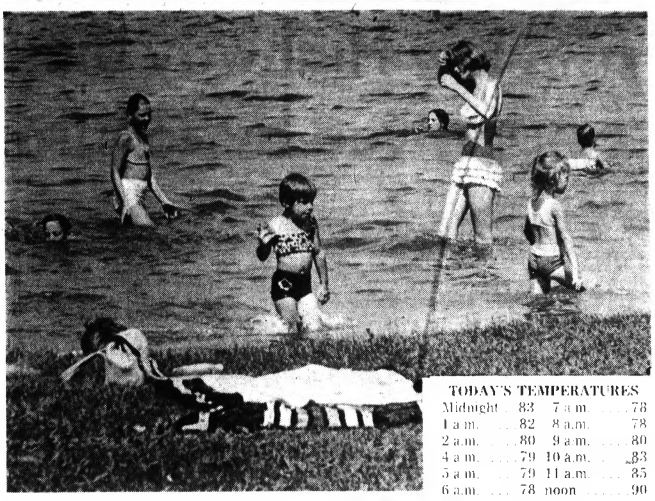

● Quoting information from hospitals, the Clandestine station said clashes in Prague so far have resulted in eight dead and 390 wounded, 90 seriously.

★ ★ ★

● Radio Moscow told the Russian people that "four Soviet servicemen have died at the hands of the murderers" in Czechoslovakia.

★ ★ ★

Radio Prague said its information that Dubcek would be resuming his duties came from Deputy Premier Gustav Husak, who was in Moscow with Dubcek, Svoboda and Premier Oldrich Cernik.

Relief—a Shower Away

The weatherman predicts temperatures will cool off a little tonight.

Pontiac residents wilted during one of the hottest days of the year yesterday, with a high of 96 at 4 p.m. The mercury registered 83 at midnight, the hottest night of the year.

★ ★ ★

Here is the official U.S. Weather Bureau day-by-day prediction:

TODAY: Partly sunny, hot and humid with chance of afternoon thunderstorms. Highs 87 to 93. Chance of showers or thundershowers and turning a little cooler tonight. Lows 67 to 72.

TOMORROW: Partly sunny, cooler and less humid. Winds southwesterly 10 to 20 m.p.h. and gusty.

★ ★ ★

MONDAY: Sunny and cool.

Precipitation probability is 30 per cent today, 40 per cent tonight, and 10 per cent tomorrow.

NORTH TO SIZZLE

Metropolitan area masses who depart every weekend to the north country won't find much relief there this weekend. The weather bureau today predicted increasing cloudiness, hot and humid weather today with thundershowers likely in northern lower Michigan. Highs were predicted between 90 and 95 degrees.

As temperatures in lower Michigan clung in the low 90's yesterday for the fifth straight day, Consumers Power Co. broke all records for use of electricity.

The company's one million customers used 2,972,800 kilowatt-hours of power between 1 and 2 p.m. yesterday breaking the old record, which had stood for less than 24 hours.

Hot, humid weather and the demands of air conditioning systems caused the record electricity use, company officials said.

Ike's Condition Is 'Encouraging'

WASHINGTON (AP) — The word "encouraging" has slipped into a report on the condition of former President Dwight D. Eisenhower. But doctors stress that his condition remains critical and is likely to for some time.

"There has been no essential change" in the 77-year-old general's condition, said his doctors in a bulletin issued at 8:30 p.m. yesterday.

They added that although critically ill he was resting comfortably.

Use of the word "encouraging" was made in an earlier bulletin and was the most hopeful term to appear in any report since Eisenhower suffered his seventh heart attack Aug. 16.

Since then he has been fighting against an irregular heart beat, a fluttering of the heart muscle that poses his most immediate threat because it means the heart is not keeping the blood flowing in even supply.

Humphrey Foes OK Viet Peace Plank

CHICAGO (AP) — Sen. George S. McGovern, D-S.D., the man with the nearly impossible dream of becoming President, is leading a lancers' charge on the gates of Hubert H. Humphrey's Democratic convention redoubt.

Possessed by his own estimate of only one-tenth of the 1,312 needed for the party presidential nomination in next week's convention, McGovern strode smilingly to a hotel news conference platform last evening as the first of the candidates to appear on the sweltering Chicago scene.

★ ★ ★

McGovern was flanked by a couple of veterans of the Robert F. Kennedy wars, Former White House press secretary Pierre Salinger and Frank Mankiewitz, the slain Kennedy's assistant.

He unveiled a proposed Vietnam peace platform plank he said had been personally endorsed by both him and Sen. Eugene J. McCarthy, D-Minn., Humphrey's chief rival for the nomination.

BOMBING HALT

It called for a halt in the bombing of North Vietnam, withdrawal of opposing forces from the South, and pressure on the Saigon government to "negotiate a political reconciliation" with the communist National Liberation Front.

The proposed plank adds "we are also resolved to have no more Vietnams."

★ ★ ★

The peace proposal gets its first test today when it it is presented to the drafting subcommittee of the official platform committee.

The suggested plank, said to have the support of more than 20 members of the 110-member platform committee, avoids direct criticism of Johnson or his administration, saying, "discarding judgment about the wisdom of the past, we must now act to secure and enrich our own future by bringing the war in Vietnam to a swift conclusion."

GEORGIA PROBLEM

Georgia remained a concern, to the credentials committee today as the panel closed a grueling week of public hearings with a move to unseat Alabama delegates who work for the third-party presidential bid of ex-Gov. George C. Wallace.

Committee Chairman Richard J. Hughes took time out from his Georgia peacemaking efforts to announce that a modified loyalty oath would be slapped on Alabama's delegates to next week's Democratic National Convention.

★ ★ ★

The oath "is sort of a pledge against disloyalty," the New Jersey governor said as he ended five days of 10 to 14-hour public sessions on an unprecedented flood of seating contests.

Except for closing the gap between two rival Georgia delegations, all that remained was a meeting with the Democratic National Committee and an executive session to work on a final report that Hughes said would "probe very deeply into party reforms."

DELEGATE CHOICES

It might, he said, recommend changes in the way delegates are selected, an issue in more than half of the cases heard this week.

The Georgia solution, worked out in a series of angry, closed-door debates, was a committee decision to seat portions of two rival delegations. It would freeze out Gov. Lester Maddox, a Wallace sympathizer and a late entry into the Democratic race.

But it ran into strong objections from Maddox, who threatened a floor fight.

Planes Try to Break Siege by North Viets

SAIGON (AP) — American bombers swept in from all over the country while allied commandos battled over hilly terrain today in an attempt to lift the siege of a tiny U.S. Special Forces camp surrounded by well entrenched North Vietnamese troops.

Both sides were clinging stubbornly to their positions at last report following 30 hours of fighting.

Illumination flares dropped from the air revealed a grotesque scene of twisted enemy bodies strung out along the wire perimeter of the isolated Green Beret camp at Duc Lap, 130 miles northeast of Saigon.

The U.S. Command poured in all available firepower to dislodge the estimated 1,000 to 3,000 North Vietnamese soldiers surrounding the allied force of at least 15 American Special Forces troopers and 400 South Vietnamese.

PROTECTIVE FIRE

Large numbers of fighter-bombers and helicopter gunships swooped in from bases throughout South Vietnam to provide continuous protective fire for the outnumbered defenders. Heavy B52 bombers followed in waves of 10, raining 300 tons of explosives on enemy ground. Many bombs fell within three miles of the Green Berets.

Meanwhile, more than 300 American and South Vietnamese commandos, airlifted into the area by helicopters, battled to within three miles of the beleaguered allied camp. They were last reported at a district headquarters that came under a mortar barrage and ground assault about the same time the Special Forces camp was first attacked early yesterday.

★ ★ ★

A U.S. officer said the district headquarters, manned by about 100 South Vietnamese militiamen and a handful of Americans, was "pretty much demolished," but that the allies managed to hold on until the commandos arrived. South Vietnamese spokesmen reported at least 65 enemy killed, while allied casualties were listed as light.

Outside the Special Forces camp, at least 25 enemy bodies were observed and many others were spotted farther away, apparently victims of the heavy American air and artillery barrage.

Three Deputies Honored

Three members of the Oakland County Sheriff's Department were honored yesterday for bravery stemming from the incident July 3 in which Pontiac police Capt. Donny Ashley drowned in the Clinton River.

In addition, three staff members of The Pontiac Press received certificates of appreciation from Sheriff Frank W. Irons for coverage of the tragic and near-tragic events of the day.

Receiving the plaques were Capt. Leo Hazen, who was credited with saving the life of Deputy Wayne Brause by pulling the exhausted skin diver from the river, and Brause and Sgt. Medward Tessier, who entered the swirling waters in search of one of two missing brothers.

Given certificates were reporters Mel Newman and Jim Long, both of whom covered the story, and chief staff photographer Ed Noble, who was at the scene when Ashley drowned.

Ashley died when the search craft in which he was riding overturned. Both of the youths sought were found drowned.

Vast New Highway Bill Approved by Johnson

Austin, Tex. (AP) — President Johnson has signed into law legislation authorizing a $21 billion national highway program over the next six years and expanding the interstate expressway system.

The measure provides $12.3 billion in new money for the Interstate and other federal-aid roads and also allocates about $9 billion of previously-voted funds.

In addition, it extends the highwwy beautification program, a pet project of Mrs. Lyndon B. Johnson's, and establishes a greatly broadened system of relocation payments for persons and businesses displaced by road projects.

Congressional sponsors said it was the most significant highway legislation since the interstate system was set up in the 1956 act.

ANNOUNCED TODAY

The Texas White House announced today the presidential signing.

The bill adds 1,500 miles to the 41,000 miles already allocated to the interstate system. The new miles would have to be used for critical links not included on the present routes: they would be apportioned by negotiation between the Transportation Department and the states.

The date for completion of the interstate system is extended two years, to June 30, 1974, by the legislation. Federal officials have been saying for some time the original 1972 date could not be met.

The highway beautification program, while extended, is given only a new $25 millione one-year authorization by the measure. Johnson had asked $85 million annually for three years.

Other provisions of the law bill:

● Delay for one year, to Jan. 1, 1970, the penalty for states which fail to implement the national highway safety program.

Other provisions of the law will:

Delay for one year, to Jan. 1, 1970, the penaltyh for states which fail to implement the national highway safety program.

● Authorize new programs of $200 million each in the next two years for traffic improvement projects in major cities and of $125 million each in the same period for special categories of rural highwys.

Authogize a demonstration program of use of federal highway funds to help build fringe parking facilities in cities.

● Revise the national policy of protection of parklands and historic sites in connection with highway projects to give somewhat greater discretion to the Secretary of Transportation in carrying out the policy and to provide for joint federal-state-local action in implementing it.

These are the new interstate system allotments in the bill: $4 billion each for fiscal 1970, 1971, 1972 and 1973, and $2,225,000,000 for 1974.

FOR THE STATUS QUO—Frank C. Erwin, national Democratic committeeman from Texas, tells the Democratic Rules Committee the unit voting rule should be kept in the 1968 convention. Erwin said, during yesterday's testimony, that there is "growing sentiment" in his state delegation to nominate President Johnson for reelection if unit rule is abolished. Later in the day, the committee decided to scrap the rule.

Agnew Says U.S. Survival Depends on Nixon Victory

GRAND RAPIDS (UPI) — Governor-Spiro T. Agnew, GOP vice presidential candidate, told Michigan Republicans today the Republican party must be elected in November if the nation is to survive.

In an address to the Michigan Republican State Convention, the Maryland gaovernor said "our stake in this campaign is nothing less than national survival, not of the Republican party, but of America."

He said "Richard Nixon alone offers the American people a fresh path to peace from experience gained by past success, not equivocation to rationalize past failures."

Agnew told the Republicans the GOP offers the American people the choice of "strong, honest leadership . . . that we work for progress at home without violence, and peace abroad without capitulation."

Agnew said the Republican leadership stands for civil rights but not for civil disorders.

The vice presidential candidate said he shares with Richard Nixon a "deep concern" for an ordered society with justice for all.

"So much dangerous nonsense has been uttered on the subject of civil rights and civil disorders," Agnew said, "It is time for whites and Negroes together to affirm the only position consistent with American ideals."

That position, Agnew explained, was "equal justice, equal opportunity, respect for every man and zealous protection of his rights."

But, he added, in pursuit of these goals, "resort to the torch or gun all the time, or the rock, cannot be tolerated."

President Quits at Columbia U.

NEW YORK (AP) — Dr. Grayson Kirk has retired as president of Columbia University where he was a major target of the student rebellion that rocked the Ivy League campus last spring.

Kirk told the president of the board of trustees in a letter made public yesterday that one reason he was stepping down was "to ensure the prospect of more normal university operations during the coming academic year."

* * *

As acting president the trustees named Dr. Andrew W. Cordier, dean of the school of international affairs and a former career diplomat. He said he would stress "the human values and participatory possibilities of university life."

* * *

The first reaction from student activists, whose main goal has become the restructuring of the university to allow greater student and faculty participation in policy making, was that the change made little difference.

Shots Injure 6 at Pacifist Camp

VOLUNTOWN, Conn. (AP) — State police and a group of men they called Minutemen engaged in a shoot-out at a pacifist camp early today. Six persons, including a state trooper and a woman resident of the camp, were shot.

State Police Commissioner Leo J. Mulcahy said his troopers arrested six men, five of them as they entered the premises of the Committee for Non-Violent Altion.

The men, he said, were heavily armed, masked and carrying inflammables State police reached the pacifist headquarters scene on information supplied by the Federal Bureau of Investigation, Mulcahy said.

"The Minutemen fired upon the state police" as the troopers arrived, Mulcahy said.

State Police Sgt. Stanley Nasiatka of the Colchester barracks was shot in the foot. Mrs. Robert Trask, a resident of the pacifist headquarters, was shot in the hip.

Four of the men arrested were wounded in the gunfight. One was shot in the face.

* * *

All six were charged with conspiracy to commit a felony and assault with intent to kill. Mulcahy said the felony conspiracy charge involved arson.

The CNVA pacifist group has taken part in numerous antiwar demonstrations, most notably in the Connecticut area at launchings of nuclear submarines at the Electric Boat Division of General Dynamics Corp. in Groton.

Nursing Homes OK State's New Rates

LANSING (AP) — The president of the Michigan Nursing Home Association said yesterday the organization had agreed, with reluctance, to new rates of state reimbursement for the care of public patients.

* * *

Gov. Romney earlier announced the agreement by which the state would pay $12 or $14 to nursing homes depending on the kind of care rendered. The state earlier proposed $11 and $14 rates.

* * *

Basil Boyce, the association president, said "we are so certain that the governor's study commission will recommend an immediate increase in rates . . . that we agreed to an interim solution that is far from equitable for most nursing homes."

* * *

Boyce claimed one effect of the agreement would be that some patients would end up in hospitals which charge the state $40 a day, rather than in nursing homes which have sought reinbursement of only $16. Boyce said that would amount to a monthly loss of $288,000 to the state.

PATIENTS DISCHARGED

Some nursing homes, particularly in Wayne County, had discharged eldrly state-supported patients, in some cases sending them by taxi to area hospitals as a protest against the state rate reduction.

* * *

Romney said the agreement yesterday included an understanding that nursing homes submit to a state audit of costs. A nursing home failing to return forms within 30 days would befYor turn accounting forms within 30 days would be reduced to the $11 rate of payment.

* * *

During the period of the committee study, nursing homes agreed not to discharge patients except under normal operating circumstances.

Kingswood Master Gets N.Y. College Post

Dr. John R. O. McKean, headmaster of Kingswood School for Girls in Bloomfield Hills, was named dean of Hobart College, Geneva, N.Y., yesterday.

Hobart, a men's school, has an enrollment of about 1,000.

Bronson Probes Charge Police Avoid Areas

Oakland County Prosecutor S. Bronson yesterday asked for a report on charges that white policemen are afraid to enter some areas of Pontiac.

Bronson said today he has invited City Commissioner T. Warren Fowler Sr., who made the allegations, "to put his serious charges in writing so that the truth or falsity can be determined."

* * *

The prosecutor yesterday asked that the Pontiac Police Department make a full report concerning the situation.

"I feel fact-finding is essential here," nothing less.

'UNSUBSTANTIATED'

"Standing alone, the charges are unsubstantiated. If they are true, the situation must be remedied. If they are false, this should be brought out in all fairness to Pontiac policemen and others connected with law enforcement."

* * *

Fowler charged that police made infrequent checks in the Negro areas of the city because they were afraid and that the black community had no confidence in white police officers.

* * *

"All citizens, wherever they live, have the right to expect full and equal protection of the law," said the chief law enforcement official of the county.

* * *

"All citizens have the right to be able to walk upon our streets in safety without fear of being assaulted or otherwise harassed."

Teen' Lucky 'Despite Arm Loss

By MEL NEWMAN

Young Ronald Turcsak today is back riding a hospital bed. It's a seat the Waterford Township youth has occupied frequently since that day more than two years — and 50 operations — ago when his motor scooter collided head-on with a car on busy M24.

Turcsak lost his left arm Wednesday. He had worn it in a sling for the more than two years.

CALLED LUCKY

But he and his family are lucky, according to his father, Joseph Turcsak, 47, of 6259 Elizabeth Lake, Waterford Township.

That's because the Turcsaks were told on June 29, 1966, that Ronald, then 16, would not live through the night.

* * *

He was riding his motor scooter back from his aunt's home in Lapeer that day when a car struck him head-on at the intersection of M24 and Waldon in Orion Township, sending him crashing to the pavement.

Despite the terminal prognosis he survived the night and spent the next 62 days in a coma at St. Joseph Mercy Hospital.

But his ordeal was only beginning and that's why his fahter, a bodybuilder at GMC Truck and Coach Division, commented yesterday that "things should start looking up for him now."

First of all, the arm remained paralyzed after the accident due to nerve injuries, and, according to the elder Turcsak, "just hung limply, completely useless."

* * *

In addition, Ronald has had 50 neck operations for bone repair. He has also had his jawbones rebroken and reset twice.

In and out of Detroit's Ford Hospital for the past 18 months, he's dropped 45 pounds. As a star baseball pitcher two years ago, he weighed 190.

SCHOOL RETURN EYED

"Ronald now hopes to recover from the amputation in time for classes at Waterford Township High School in September," said his father.

He would have graduated this year, except for the accident.

* * *

"He's in good spirits and hopes to hear from his friends while he's recuperating in the hospital. Then, he can come home and he'll only have to go back to Ford for periodic treatments," said Turcsak.

So things may at last be looking up for Ronald.

It's been a long haul.

But, it's better than the short way would have been.

The change in command became effective last week.

Why Grow Old?

By Josephine Lowman

The following is part of a letter from a reader:

I get so mad at myself! I am nervous, awkward and shy, because I am so self-conscious. I like people very much and want them to like me, but I dread being with them and when I am with them I freeze.

I am not sure that people know how I feel. I try to hide it but I can't believe that it doesn't show. I have read books about this but nothing seems to help. I do not know whether I should see a psychiatrist or a doctor or go to a school for models.

I feel foolish not being able to solve this myself. I do not know why I am like this, but it is serious and I am miserable. Please tell me what to do. This is spoiling my pleasure in daily living and ruining my chance for future happiness.

* * *

This reader is not the only one who suffers from the same problem. Many of those we think conceited or "offish" may simply be shy. This is a serious condition in that it should not be neglected because it can affect happiness. It can make one withdraw from the world and lead to isolation and loneliness.

The fact that this reader mentioned going to a school for models made me wonder if she has some defects in good looks, or thinks she has, which add to her self-consciousness. If this is true, she should go after them with vim and determination because an improvement in appearance can increase self-confidence. Even the most stalwart souls respond to it.

* * *

Try this as a first measure. However, I think this reader needs more help than this. It is a good idea to check in with a doctor also because physical conditions can add to nervousness and depression. Sometimes a traumatic experience earlier in life leaves one with a sense of insecurity.

Nuptial Bells Note Vows Spoken

A wedding trip to Lake of the Ozarks, Mo., followed the marriage today of Kathleen D. Daugherty and Charles L. Middleton in St. Michael's Catholic Church.

For the afternoon ceremony, the bride selected a gown of linen cut on Princess lines with accents of Venetian lace on sleeves, neck, hems and train. Her shoulder-length French illusion veil was secured with a floral half-bonnet embroidered with crystal drops. Stephanotis and white gardenias formed the bridal bouquet.

MRS. C. L. MIDDLETON

Four other daughters of Mr. and Mrs. Dennis J. Daugherty of Wolfe Street, attended their sister; Mrs. Thomas G. Fugitt as matron of honor, and, as bridesmaids, Mrs. John L. Clark, Maureen and Deborah. The bridegroom's sister, Mrs. Michael V. Flynn of Kansas City, Mo. completed the list of attendants.

Ralph E. Deeds Jr. was best man for the son of Mr. and Mrs. Kenneth H. Middleton of Birmingham. John L. Clark, Thomas Fugitt, Michael Flynn and Melvin Montie ushered.

The newlyweds were feted with a reception at the Elks' Lodge, Rochester.

KOSTANECKI

The candlelit setting of St. William's Catholic Church was chosen by Maureen Theresa Kostanecki and John David Huebler as they spoke vows Friday evening.

For the double ring exchange, the bride was gowned in an ivory skimmer of peau de soie highlighted with a mandarin collar of Alencon lace. Framing her hair was a Cathedral mantilla edged in matching lace.

MRS. DAVID HUEBLER

Escorted to the altar by her brother-in-law, Robert Carpenter of Wolverine Lake, the bride held a bouquet of sweet peas, glamelias, pink roses and baby's breath.

Mrs. Robert Carpenter attended her sister as matron of honor with Jill Bey, Julie Tillman and Kristin Carpenter as flower girls. Bridesmaids were Mrs. Thomas Bey, Lynn Blomberg, Vicki Gaylord, Mrs. Robert Francis and Sandra O'Conner.

On the esquire side was best man, Russell Streeter, with ushers Lawrence Mitich, Rick Smaltz, George Kostanecki, Thomas Bey, Loren Giglio, Leonard Forfinski and Gerald Tillman.

Prior to their departure for a honeymoon trip to New York City, the couple greeted guests during a reception at the UAW Hall in Wixom.

The bride is the daughter of the late Mr. and Mrs. George A. Kostanecki. Parents of the bridegroom are the Earl Hueblers of Union Lake.

Gifts Cause Trouble

DEAR POLLY — Our grandchildren came to visit us during a holiday so we took them to town and bought some things they wanted. When they went home my daughter-in-law sent me the amount of money we had spent on the children and said she would buy what they needed. Her mother thinks we are trying to influence them to love us best. Perhaps in our own hearts we are trying to make them remember us. What would you do? — A GRANDMOTHER.

* * *

DEAR POLLY — I have a couple of suggestions our "Dear Girls" might use. When a bottle of milk, water, jam, etc., is a bit heavy and may be moist at the same time, grasp the object closer to the bottom than usual and slip the little finger underneath it. The bottle can be lifted easily and is not likely to slip out of the hand and break. — SYLVAN

DEAR POLLY — When I send cookies to my husband in Vietnam, I pack them in a one-pound coffee can with a plastic lid. I line the can with a plastic bag. He uses it later to protect some of his belongings from the humidity.

I found a one-half gallon milk carton cut down from the top and folded over makes a suitable box to put the can in for mailing. It can then be easily wrapped and addressed for mailing. — TERI

DEAR POLLY — In answer to Donna who has trouble with smudges on her coppertone refrigerator I find that if I wipe my refrigerator off with a mild detergent and then rub DRY with a paper towel it takes off all the streaks and the smudges. This also works just as well on my copper-finished range. — MRS. J. H.

* * *

DEAR POLLY — Tell Donna to clean her coppertone refrigerator with a commercial spray window cleaner and then wipe dry with a paper towel. Shines like glass. — GRACE

Woman Brings Case to Court After 21 Years

LEWISTON, Mont. (AP) — Mrs. Violet Haskins apparently is not one to rush into things. She entered a lawsuit for $227,400 against a Lewiston doctor and an order of nurses at St. Joseph's Hospital here.

She charged that a surgical needle was left in her body during an operation performed 21 years ago. Judge Leroy McKinnon dismissed the suit on the grounds that the plaintiff had failed to prove her case.

Leather Look in Men's Fashions

Fake leather is an intriguing new material being used in the men's fashion arena.

Made of a husky cotton coated with polyurethane plastic, it has the appearance and "hand" of fine leather when made into apparel.

It is inexpensive, breathable, crack- and stain-resistant, pliable, and — most importantly — is entirely washable in soap or detergent suds.

HOME AGAIN—The Rev. and Mrs. Jack H. C. Clark and two older children, Jack and Jill of 497 W. Iroquois have returned from Uppsala, Sweden where they attended the World Council of Churches Convention. The Rev. Mr. Clark, pastor of North Oakland Christian Church, was a delegate from the Pontiac Area Council of Churches. Here 2-year-old Jay models the suit his parents brought him from the continent. Jeff, 4 years of age, standing on the steps wears the same style. The Clarks accompanied a group of Youth for Understanding students by plane to Europe. Mrs. Clark was one of several adults accompanying exchange students sailing from Europe to the United States on the Aurelia.

Pastor's Family in Sweden

Clarks Give Report on WCC, Exchange Students

It was in November 1967 the Assembly of the Pontiac Area Council of Churches nominated the Rev. Jack H. C. Clark and Mrs. Clark as the official representatives to the World Council of Churches in Uppsala, Sweden.

In January the official board of North Oakland Christian Church granted permission to Pastor Clark to attend the world event.

So on June 27 pastor and Mrs Clark with youngsters Jack and Jill were on their way to Sweden.

The transportation for the trip came through the work the Clarks are doing for a volunteer organization of student exchange known as Youth for Understanding.

* * *

In the late 1940s through the Ann Arbor Council of Churches, some 50 young people from Michigan began a summer travel program.

This summer YFU will transport in cooperation with the U.S. State Department some 6,700 students to all parts of the world. Over 1,500 have gone to Europe.

Here are some of the things Pastor Clark told us of his trip to Sweden:

"Leaving Metropolitan Airport in Detroit at an early hour gave us an opportunity to have a midnight snack on board and sleep for most of the trip to Copenhagen.

"We were chaperoning 150 students. We left in the rain and arrived in Copenhagen in the rain. Groups were then divided into the countries they were to visit and adult sponsors accompanied them by air, water or rail to their homes for the summer.

"Since we were going to Sweden we escorted, with the help of the local committee, our Sweden bound students to the train station where their bags were checked. They were soon off for a sight seeing trip.

BY FERRY

"Since the trip was to last nine hours the committee secured sleeping accommodations for all of us. About an hour out of Copenhagen the train was placed aboard a ship and we were ferried from Denmark to Sweden.

"Swedish host families were waiting for their new son or daughter at the station. When each student was placed, the Clarks checked into a small hotel about a mile from the station, and from here took in the king's castle, a zoo, several museums, churches and cathedrals. We then went by train to Uppsala.

* * *

Three landmarks of Uppsala tell the story of the historic city of some 90,000 people. The twin spires of the Cathedral are a reminder that the city has been the See of the Archbishop of Sweden since 1164.

"The round capped towers of the Castle date from the 16th Century when the town became the King's dwelling. The university buildings call attention to the strong influence of the city on the nation's cultural and intellectual life.

* * *

For our stay in Uppsala we had rented the apartment of the Rev. Simon Pettersen, a retired Congregational pastor who lives on the outskirts of Uppsala. The bus to town stopped every 15 minutes out in front.

"The World Council of Church sessions were held all over the city. The Press briefing session was held in the university auditorium about one block from the Cathedral.

"During the Press briefing a bishop was saying how well everything was going when the loudspeaker went off. Since every word at the assembly was translated into about 10 languages there was silence for about 12 minutes.

IN CASTLE

"We then walked up the hill to old Uppsala Castle for what was billed as a reception and Viking Buffet.

"The winding marble stairway led some 700 press, radio and TV representatives from all over the world into a large banquet room about 200 yards long. There were mammouth tables running the full length of the room.

"The Viking Buffet included breads, smoked pig's head, herring, cheese, smoked reindeer steak, dried leg of mutton, brawn with beetroot, country hams, cold poached perch, meat balls, omelettes, chipolatas, shrimp, apples and beverages.

"Working sessions of the assembly were held in the university field house. The security was tight and no one was admitted without a pass.

"Old Uppsala the original site for the city is north of the present city. The burial mounds some three stories high are believed to be the resting places of the Viking kings.

BY BUS

"Transportation was most adequate through the city busses and the city made every effort to accomodate the thousands of visitors. The cultural aspects were numerous. There were art exhibits, daily concerts in the Cathedral and arts center.

Dr. Michael Ramsey, Archbishop of Canterbury, was the most personable of the six WCC presidents it seemed to us. The limitation of time did not allow us to stay the full length of the assembly but it was a once in a life-time experience.

"We rented a car in Stockholm piled our luggage overpages of English text for delegates but no ball scores.

Former Pastor on Mission Field

The Rev. G. J. Bersche, former pastor of the Christian & Missionary Alliance Church, returned this week from an evangelistic ministry that took him to the Philippines, Laos, Hong Kong and Japan. The denomination also has active missionary programs in 20 other countries.

He will speak at 7 p.m. tomorrow to his former congregation in the C&MA Church located at M-59 and Cass Lake, Waterford Township.

The Rev. Ord Gehman, father of Paul Gehman who is a member of The Alliance Church, will preach at the 11 a.m. service. He is pastor of Grace Brethren Church in Fillmore, Calif.

The Rev. Mr. Bersche left the United States April 29 for the Philippines.

Speaking of his trip he said "I traveled by boat, bus, jeep, jeepney, out-rigger boat, plane, train, pedicab, motor scooter and by foot.

"This ministry has been exacting, demanding and strenous but also exciting, thrilling and rewarding."

PHILIPPINES

Concerning the Philippines the former pastor went on to say "Missionary activity has been very successful. The National Church is now self governing, self supporting and self propagating. Leaders have sent some of their own people into other countries as foreign missionaries."

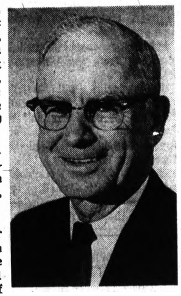

"After the rally in the Philippines I started across the bay with four natives in an outrigger boat for Dadiangas. About half way across the motor stopped. The missionary and boatmen worked for an hour while the boat drifted in rough waters.

"A large boat came along and towed us back to Glan. We then went overland by jeepney.

"I traveled several days and nights on inter-island boats. All passengers are assigned a 10-foot cot. It is really quite a trick to sleep on one of these things. They are all over the deck, jammed one against another and all filled.

LAOS

Speaking of Laos he said" I flew over the northern section of the country with an Alliance missionary and a Missionary Aviation Fellowship pilot.

REV. G. J. BERSCHE

"We flew near the Plain of Jaru which is controlled by the enemy. We landed on dirt runways on top of the mountains where people have had to flee to escape from the enemy holding sections of the valley.

ON MOUNTAINS

"A mountain top village is now made up of several villages which were once in the valley. In most of these communities there is a national pastor or a missionary. The only safe way in or out of the country is by plane.

* * *

"The U.S. Government is supplying food for these refugees. I stayed all night in one of these villages. I ate with the families and preached in their church.

"I flew over this enemy territory on three occasions with the missionary and pilot, visiting many mountaintop villages."

OKINAWA

Of his visit to Okinawa Pastor Bersche told us "I visited Okinawa for two days with the Don Molnes who were sent out by the Pontiac congregation as missionaries. Both Don and Ruth were public school teachers in the Pontiac area before becoming missionaries."

Remarks on Hong Kong and Japan were "One of the missionaries took me to the border of the mainland of China. I was thankful to God for the Far Eastern Broadcasting Co. that beams Gospel programs to the China mainland. There are many denominations doing missionary work in both Hong Kong and Japan.

When asked about missionaries' salaries he said "I found missionaries including doctors and nurses a dedicated people. Their allowances are approximately $150 per month. Most of this is spent for food.

"Homes are furnished by the denomination but missionaries must provide their own clothes and vehicles."

In 1966 and 1967 the Rev. Mr. Bersche conducted conferences and engaged in evangelistic ministeries in Guinea, Mail, Uppervolta, Ivory Coast, Congo and Gabon Africa for a period of five months. These are all mission fields of the Christian & Missionary Alliance.
