

MSUG Goal: Education for All Top Students

The Michigan State University Oakland Foundation is reportedly ready for a big financial drive to insure all of the top high school students in Oakland and Macomb counties of the opportunity to get a college education, even if they can't afford one.

The Foundation, it was disclosed, is planning a fund-raising campaign to more than double the

number of scholarships it sponsors at the Pontiac area university. The aim of the giant undertaking was described to a large gathering of high school counselors last night by MSUG Chancellor D. B. Varner. He said:

"It is our hope to insure that not a single student in the top quarter of his high school graduation class will be denied, for financial reasons, the opportunity to attend MSUG."

"We believe that we will have the financial resources available next fall to make it possible to do just this."

Varner disclosed that the foundation wants to provide 120 or more scholarships next fall. It provided 50 last fall for the current school year.

IS MAJOR SOURCE
Importance of the foundation's

plan is emphasized by the fact that it is by far the major source of scholarships for MSUG. The school does not receive any scholarship money from MSU.

The foundation is a 50-member group of community leaders which has helped guide MSUG since its inception. The group is headed by Harold J. Fitzgerald, publisher of The Pontiac Press.

According to a university spokesman, the new scholarships would probably fall in the same pattern as those granted last fall — most of them \$250 tuition scholarships, but some of \$300 to cover tuition and other school expenses.

Varner emphasized that the university wanted primarily to make the scholarships available to top students in the 48 high schools in the two-county area.

He was addressing about 175 guidance counselors from 43 of the high schools at a dinner meeting at the MSUG Student Center. The schools were asked to co-operate by furnishing the names of top students who need financial assistance.

"You tell us who needs help and we'll take it from there," Varner stated.

He said the university would plan a program of student jobs

and part-time student jobs to help carry out the assistance plan.

Individual help would be flexible, he said, depending on circumstances and the availability of financial help from family sources.

Optimistic that the university would be able to step up its financial assistance next fall, Varner asked the counselors to begin expanding their lists of potential scholarship candidates.

Varner pointed out what President Eisenhower and many others have termed the nation's most serious problem—the fact that the nation is failing to provide higher education for many able students.

The U. S. Office of Education has estimated that 200,000 able high school students each year are denied a college education—about half of them because of inadequate financial means.

Debate Volcano Erupts on 'Beats'

By PETE LOCHBILER

The beatnik controversy appears to be raging everywhere in Pontiac, including the corner of Huron and Saginaw streets.

Passers-by were asked yesterday noon what they thought of plans to establish a so-called beatnik night spot in Pontiac and of the City Commission's efforts to keep it from opening.

Some applauded the Commission's determination not to grant the place—"The Cave of the Ninth Cat"—a food license because of objections on moral grounds.

Others said the commission was wrong and some added that City Hall was probably on shaky grounds legally.

One thing was clear: No one identified himself as a beatnik and no one knew for sure just what a beatnik is.

Here are some typical comments on the beatnik controversy:

"If what I've heard about them is true, then the beatniks are wrong from a moral standpoint and should be kept out of Pontiac," said Donald Lovett, 6039 Eastview, Dry, Independence Township.

"And, if what they say about beatniks is true, then the City Commission acted correctly."

Lovett

"I think they're 'weirdsville!'" said a young housewife, Mrs. Jerry DuBois, groping for a beatnik term.

"I wouldn't visit a beatnik joint myself and I think everyone in the Pontiac area is against them, except the beatnik themselves," said Mrs. DuBois, 3230 Seabird Rd., Drayton Plains.

DOESN'T APPROVE
She thought the City Commission had done a good job.

"I certainly don't approve of them," said a grandmother, Mrs. Frank Lewis, 1407 Avondale Rd., Sylvan Lake.

Mrs. Lewis

Holding her grandson, Jackie, in her arms, she said, "I don't like their looks. I think Pontiac can do without them."

NOT IN PONTIAC
"Beatniks are intellectuals, aren't they? I think they exist in (Continued on Page 2, Col. 2)

Red Bloc, West Agree on Six Arms Principles

But Sharply Divided on Path to Trod From That Point

GENEVA (AP)—Delegates of the Soviet bloc and the North Atlantic Alliance tentatively agreed today on six initial principles for the control of an East-West disarmament treaty.

The two sides at the 10-nation disarmament conference remained sharply divided, however, on how to go on from there.

The six points of agreement were defined by the French disarmament expert, Jules Moch, on behalf of his own country, the United States, Britain, Italy and Canada.

Moch's definition summarized the points of East-West agreement on control principles which the Western delegations believe emerged during the first week of the 10-nation talks.

These were:

1. Acceptance of the need for an international disarmament organization to act as the enforcement organ of a treaty.
2. The need for control of every stage of agreed disarmament from the beginning to the end of the process.
3. The continuation of control after the completion of any agreed disarmament measure to prevent secret violations.
4. The need for full participation of all states in a general worldwide disarmament treaty. This would include particularly Red China, which is not represented at this conference.
5. The need to control the actual cuts in men and weapons made in compliance with the treaty.
6. The need for verification carried out by an international staff of inspectors.

Niehus called on the committee to restore the five million dollars in Senate aid from Gov. Williams' recommended \$5,750,000 budget for university operations in 1960-61.

"Until recently our mathematics department suffered a very serious setback with the resignation earlier this year of Leo Goldberg, department chairman and director of the observatory, and William Liller, his assistant."

"Salaries are not involved," he said. "With men like these, we would not hesitate to match the salaries they will get at other institutions."

Admits Presidential Aspiration

Count Me In—Symington

WASHINGTON (AP)—Sen. Stuart Symington (D-Mo) laid down a four-point peace-and-progress program in formal announcement today he is seeking the Democratic presidential nomination.

His statement avoided direct mention of the primary theme which he has pursued in months of campaigning—that the United States is falling dangerously behind the Soviet Union in the development of intercontinental missiles.

Instead, Symington confined himself to the statement that "only a first-rate, first-class, first place America can restore the world's faith in freedom and secure a just and lasting peace."

He said the next president of the United States—which he wants to be—"must provide the free world with resourceful and decisive leadership." In the past, Symington has accused President Eisenhower of failing to supply the country with leadership.

PRIMARIES OUT
Symington arranged an afternoon news conference at which he appeared likely to rule out any primary race except that in Oregon May 20.

The senator's formal announcement had been planned for the

STUART SYMINGTON

Khrushchev Working on France to Get Pact

PARIS (AP)—Soviet Premier Nikita Khrushchev pressed his campaign today for a Moscow-Paris axis to replace the growing alliance between France and West Germany.

The Soviet leader again assailed West Germany and emphasized that he believed France and the Soviet

Union together could be a force to maintain peace on the Continent.

Khrushchev made his remarks in response to a toast to peace given by Premier Michel Debré at a luncheon in the Hotel Matignon, Debré's official residence.

He suggested that the ultimate in good relations between France and the Soviet Union would be achieved by a "pact of non-aggression between the two groupings of states."

He apparently referred to the North Atlantic Treaty Organization and its Communist counterpart, the Warsaw Pact.

French sources, without quoting him directly, said he stressed the theme which he brought out shortly after his arrival Wednesday for a presumptive visit with President Charles de Gaulle—that Germany is a menace and France should not trust her.

Khrushchev held a two-hour private talk with De Gaulle at the Elysee Palace this morning. Two interpreters were the only persons present as the two leaders talked in De Gaulle's private office.

They smiled pleasantly as they emerged and shook hands on the palace steps. Then Khrushchev drove off through a rain to lunch with Debré.

The first talks were held in a very good atmosphere, as aside to De Gaulle said. A high French source said the initial talk was largely exploratory and that De Gaulle and Khrushchev ranged over a series of subjects in the first of their several meetings.

Khrushchev arrived at De Gaulle's Elysee Palace in a pouring rain for the first business talk of his 11-day visit to France. Scores of policemen lined the Premier's route from the foreign office, where he is staying, but few Parisians were out.

Despite a grueling 18-hour day of activity Wednesday, the 65-year-old Soviet leader climbed quickly out of his car and seemed little the worse for wear.

No formal agenda was announced for the Khrushchev-De Gaulle talks, but the Soviet Premier made his objectives clear Wednesday in three public statements. These are his aims:

1. To woo France from her new ties with West Germany and replace the Paris-Rome alliance with a close French-Soviet understanding.
2. To plug for a German peace treaty on Soviet lines.
3. To hammer away for disarmament on Soviet terms.
4. To weaken the North Atlantic Treaty Organization and the Western European Union, to both of which West Germany belongs.

1. To woo France from her new ties with West Germany and replace the Paris-Rome alliance with a close French-Soviet understanding.

2. To plug for a German peace treaty on Soviet lines.

3. To hammer away for disarmament on Soviet terms.

4. To weaken the North Atlantic Treaty Organization and the Western European Union, to both of which West Germany belongs.

Drivers legally have until March 30 to continue the "cortège" without a \$20 jiny license.

Systma was not optimistic that drivers would embrace the jiny plan.

"The cost of insurance seems prohibitive, especially if there is to be a settlement soon in the strike," he said.

The city says the special jiny drivers must carry liability insurance in the amount of \$25,000 to \$50,000.

Meantime, City Commissioner Floyd P. Miles, chairman of the mayor's special 14-member citizens committee on transportation, said his group would need to mull over to consider long-range aspects of Pontiac's public transportation problem.

News Flashes

* DOWNEVILLE, Calif. (AP)—Larry Lord Motherwell was sentenced to life imprisonment today for the murder of Mrs. Pearl L. Patney, 75, well-to-do Washington, D.C., widow. The jury, which has been deliberating three days, could have sent him to the gas chamber.

WASHINGTON (AP)—The House passed its five-point civil rights bill by a vote of 311-109 today and sent it to the Senate, which promptly fell into a parliamentary battle over the handling of the measure.

PRISON GO-BETWEEN — Father Charles O'Donnell leaves the state prison in Nashville, Tenn., where two armed convicts have been holding hostages since last night. He spent more than an hour talking with the convicts but was unable to persuade them to give up. He told prison officials they demanded their freedom.

Bus Strike Negotiations Bring Familiar Results

Both sides reported no progress yesterday after negotiations in the 110-day Pontiac bus strike broke off again without a settlement.

Representatives of Pontiac City Lines, Inc. and Pontiac Local 1097 (AFL-CIO) of the busmen's union conferred nearly two hours at the invitation of state and national labor mediators.

Earl Dreasher, company manager, and John Systma, union president, both reported the strike was still on dead center.

The principal issue remains wages, with the union asking a 25-cent-an-hour package increase over a two-year period and the company saying it can't afford wage hikes without a leasing arrangement with the city.

Systma said the union may be asked this weekend to consider the jiny plan which the city has ordered to regulate the "cortège" service drivers have provided since the strike began Dec. 5.

The membership meeting is scheduled for 6:30 p.m. Saturday at Roosevelt Hotel.

So far, the union has continued the "cortège" service with no indication whether it will co-operate with the 25-cent-a-day jiny plan prescribed by the City Commission March 15.

Drivers legally have until March 30 to continue the "cortège" without a \$20 jiny license.

Systma was not optimistic that drivers would embrace the jiny plan.

"The cost of insurance seems prohibitive, especially if there is to be a settlement soon in the strike," he said.

The city says the special jiny drivers must carry liability insurance in the amount of \$25,000 to \$50,000.

Officials Hope for Early End to Rebellion

Nobody Has Been Hurt, Says Guard Let Out This Morning

NASHVILLE, Tenn. (UPI)—Robert Rivera, one of two desperate convicts who held up with 18 hostages in the state prison walked out with his hands in the air shortly before noon.

Rivera returned to the hostage room — the captured deputy warden's office — within a few minutes, apparently to confer with Raymond Farra, the other convict. Rivera told officials at the prison he believed he could talk Farra into coming out, too. Prison authorities waited outside.

NASHVILLE, Tenn. (AP)—Two hardened convicts released one of their hostages in the Tennessee Penitentiary shortly before noon because of illness.

Jack Warrick, a prison guard and telephone operator was released to get a bottle of milk because he has stomach ulcers. Sam Broyles, a convict-hostage, was released last night for the same reason and did not return. Newsmen were unable to talk to him.

Charles Cottle, a prison psychologist, said Warrick told him the convicts have treated all their hostages well.

"Nobody has been hurt or roughed up," Warrick told the psychologist.

The remaining 1,700 or more prisoners have not been fed since the rebellion started yesterday. They protested last night but there was no indication today of further protest. Officials declined to say when they would be fed.

There was a flurry of activity between prison officials involving Warden Lynn Bomar, the prison psychologist, Albert Bailew, and a prisoner, Clifton Cotton, who has been studying law since his imprisonment.

VISIT CONVICTS
Bailew and Cotton carried papers inside the room with the convicts' hands on at least one occasion.

Bomar, sometime All-America football player at Vanderbilt University and a veteran law-enforcement officer, rushed back and (Continued on Page 2, Col. 4)

Mercury's Dippy So Summery Not Summery

When will it quit?

Not tonight, the weatherman says.

Scattered snow flurries with the mercury dipping to 16 is the forecast for the Pontiac area tonight.

Cloudy but, ah... Saturday, there will be a warming trend. Tomorrow's high will be 32.

Southeasterly winds at 10 miles an hour this morning will become northeasterly at 20-25 miles late today and tonight, diminishing Friday.

The lowest recording in downtown Pontiac preceding 8 a.m. was 22 degrees. The reading at 2 p.m. was 28.

Consumers Gives Union 25-Cent, 2-Year Offer

JACKSON (AP)—Consumers Power Co. today offered its 5,000 Striking Utility Workers of America what the company said was a \$4.54 cent-an-hour increase over a two-year period in an effort to end a 24-day-old strike against the utility.

The company said union negotiators agreed to take the offer to the state council of the Utility Workers Union. The offer was made at noon.

Simms New Vice-President Stages His First Storewide Clearance!

SPRING 'Clear-Out' SALE

A new generation! A new era at SIMMS!... but the same old money-saving policy that has kept prices down here in Pontiac for over a quarter-century...

**My Dad and Uncles Say My Job Is to
Reduce Our Stock by \$50,000 or More!**

They gave me a title and a big job to do. It should be easy for me to make good. I've had the world's best teachers (my dad and two uncles) for 25 years.

This is the first storewide promotion that I've been put in charge of and I'm mighty proud. Maybe I've cut

prices too deep but I want this to be a successful sale and I'm pretty certain that I won't get fired if you customers take advantage of my inexperience.

Signed,
Jack Simon
Vice President

Dr. Charles A. Neafie

Pontiac loses a valuable citizen and physician in the death of Dr. CHARLES A. NEAFIE.

The good doctor devoted nearly a half century of his life to caring for people in this area in one way or another. He was one of the area's better known men and held several responsible posts.

Kindly, gracious and cooperative, CHARLES NEAFIE was a definite benefactor of all mankind and his death deprives the community of a faithful and loyal individual.

During his more active years, Dr. Neafie was one of the City's prominent men and his lifetime marks a period of achievement and accomplishment that constitutes a proud memory for his family and friends.

Congolese to Be Freed With Belgian Blessing

Under the agreement reached at a conference between the Belgians and Congolese in Brussels, the Congo will become an independent state on June 30, much sooner than expected.

This territory has an area about half the size of continental United States and will be the largest new African state. It is inhabited by 13 million Negroes and 125,000 whites. The native population consists of 200 tribes, many not far removed from cannibalism, and no common language. Exports to the United States of copper, tin, uranium and industrial diamonds account for half its commerce.

For their part the Belgians have been doing a good job in laying the groundwork for freedom and in keeping the African happy with economic opportunities. There is no color bar and Congolese attain good paying jobs. Belgium has barred all white immigration.

Those who work for the Belgians do so under the best of conditions. There are fine modern hospitals and schools where primary education is compulsory. More schools are being built farther and farther into the back country.

Nevertheless, the Congolese feel the "winds of change" sweeping over Africa and the Belgian government seems genuinely interested in the success of native rule. In fact, the whole free world should be concerned. Communist influence finds fertile ground in newly independent states and in those about to become independent. Our policy is to help strengthen truly democratic leadership.

How Filipinos Avoid Paying Income Taxes

Tax collectors in the Philippines have an impossible task and honest officials are asking for better rules and regulations.

For instance, the official records of North Borneo show that \$3.5 million in dried coconut was imported from the Philippines in 1957. But records in the Philippines show that only \$23,100 worth was exported to North Borneo.

Figures cited by Sen. GU J. PUYAT of the Philippines show that there are 12,000 doctors registered in the islands but only 4,037 file income tax returns. Although horse racing is a very popular sport, only three jockeys paid taxes.

Congress investigating subsidies paid to farmers found that the Government Tobacco Corp. for no good

reason had upgraded tobacco to get higher subsidies for tobacco growers, says the Milwaukee Journal. The head of this corporation whose salary is \$200 a month suddenly acquired valuable real estate. This was due, he said, to pure luck. He and his daughter had won 10 big prizes in government lotteries totaling \$60,000. One bureau of customs official obtained 80 major prizes in two years.

Because winnings in lotteries are tax free, many avoid paying income taxes by covering up income sources. The theory is that it's no crime to steal from the authorities. That is why some \$230,000 worth of U.S. supplies were stolen from Clark Air Force Base and \$92,000 worth from the Navy's base at Subic Bay last year.

If all Filipinos paid their just taxes and theft from U.S. installations were prevented, the islands would not cost us so much in military and economic aid.

Judging from recent statements he made, Sen. KENNEDY seems to be campaigning against EISENHOWER.

The Man About Town

Baseball Contest

1960 Event Is Under Way; Prize to Be \$250 in Bonds

Nerve: What it takes to spring a baseball contest in such weather.

U.S. Savings Bonds of \$250 is the prize in our annual baseball contest which opens today. Your chance to win it is as good as that of anybody else.

It goes for the best answer to: What player who has been at bat at least 25 times will be leading the American League on the night of Thursday, May 5, and what will be his batting average.

It costs nothing to participate in the contest. Only one entry is allowed for each person, but every member of your family can compete. Each entry must be on a separate piece of paper.

You only write down the name of your favorite player, and estimate what his batting average will be. Then sign your name and address and send to The Pontiac Press.

All entries must be received in The Pontiac Press office by noon on Friday, April 15.

During the past 12 years the ladies have far outnumbered the men in capturing the \$3,000 in bonds awarded. However, last year's prize was divided between two men. They were:

Warren Roberts of 861 Robinson Ave., Pontiac, and Virgil E. Newton of 1350 Fieldway Drive, Bloomfield Hills. The 1958 prize went to:

Mrs. Virginia M. Laurian of 145 West Palm Court Ave. In 1957 it was copied by:

James J. Mersino of Oxford, and the winner in 1956 was Mrs. Willard Boardman of 275 Star Ave.

The bonds in 1955 went to Mrs. Clifton Hicks of 224 West Longview Ave., and in 1954 it was divided between:

Robert I. McCormick of 761 Newberry St., and Mrs. Bernice G. Jossik of Drayton Plains.

The winner in 1953 was Miss Betty Whitson of 495 Harper Ave. In 1952 it went to Miss Joyce McQuaid of 129 Osceola Drive, and in 1951 to Mrs. Loretta Stricklin of 2500 Silver Drive.

The contest of 1950 was won by Mrs. E. J. Peterman of 38 Murphy Ave. In 1949:

Donald Jo Love of 142 Cadillac St. got the bonds, and in 1948:

Mrs. Marie Eggert of 437 North Saginaw St., was the winner.

Verbal Orchids to—

Franklin Burnaby of Bloomfield Hills; 52nd birthday.

If We Could Just Get Rid of Mr. Hyde—

David Lawrence Says:

Comment on Africa New Policy

WASHINGTON—Sometimes tradition goes by the boards and, as the saying goes, "Fools rush in where angels fear to tread."

Maybe this time the saying will be reversed and the tacticians of diplomatic policy will be proved not "fools" but "angels."

For the Department of State, in expressing shock and dismay at the way the police fired on a mob in South Africa, certainly reversed tradition.

It remains to be seen whether this unprecedented step—making an official comment on the actions of another government in a strictly internal police problem—will add up to more advantages than disadvantages.

It must be noted at the outset, however, that the State Department has lately expressed itself on another issue that has always been looked upon as internal, but this didn't attract much attention. Thus Secretary of State Herter sent word to the Korean government the other day that the department here was sorry to read about the disorders attending the election in Korea.

The unfortunate implication was that the government in Seoul was somehow responsible for these, when the truth is that the few cases of disorder were the natural outgrowth of deep-seated emotions about the election here and there among the populace.

It is doubtful whether many republics have always been free from such disorders in the past.

As for the public comment by the State Department on the South African episode, this may appear to be injudicious in the sense that an internal matter under inquiry by a friendly government is disclosed.

Incidentally, it puts on the spot the British government, which has remained silent officially. Newspapers in England are taunting the government there by citing the American government's example of outspoken condemnation of the handling of the riots in South Africa.

There was a time when it would have been considered the height of diplomatic propriety for the American government, or any other, to issue comments on internal happenings in a country with which it was maintaining friendly relations.

This rule has been followed for the most part by the United States, particularly in recent years by withholding formal comment on France's problem in

The Country Parson

"Countries, like people, must either show concern for their friends — or have none."

Algeria and also on most of the disorders that occur inside Latin American states.

But the question now has arisen as to whether this type of aloofness has helped its usefulness.

The famous Article 11 inserted in the United Nations charter by

the late Sen. Arthur Vandenberg of Michigan passed with precedent, as it provided that the General Assembly "may discuss any question relating to the maintenance of international peace and security."

(Copyright 1960)

Dr. William Brady Says:

Anger Rough on Heart; Ca, D Won't Help Then

In a piece about angina pectoris, I mentioned here that physicians formerly regarded it as neuralgia of the heart nerves; Dr. Wm. Heberden believed that it was a cramp of the heart muscle. Most physicians today believe it is transient ischemia (local anemia) or chest or a kind of choking of blood supply to the heart muscle, due to spasmic contraction or narrowing of the arteries that carry blood to the heart muscle.

In most cases of angina pectoris examination reveals more or less arteriosclerosis or hardening of the arteries, which is particularly evident in the coronary arteries and arteries which distribute blood to the heart muscle (wall of heart).

"Here's an interesting report from a Minnesota reader:

"For six months I had been suffering from pain in my chest" (angina pectoris) and "indeed it had been called 'breast pain,'" which got so bad I had to take a nitroglycerin tablet just to walk from house to garage. I was almost totally disabled.

"Then I happened to come across your article saying that 'booping the Ca and D intake' tends to prevent muscle cramp. So I bought coarse ground wheat and began to eat two meals a day of it. Within the week the pains were gone, and have had no more trouble. I never before heard of any getting well from that sickness!"

(Signed) —

If the writer was just spoofing he certainly succeeded. I was so elated by the first part of his letter that I could have cried when I reached the part about eating wheat.

I must dismiss the testimony as irrelevant and immaterial. Not that anything but good comes of restoring plain wheat to the everyday diet—whole wheat, cracked or ground fresh as needed. But this has nothing to do with the correction of the national calcium deficiency.

Nevertheless I still believe, with Heberden, that angina pectoris may be a cramp of the heart muscle, and that booping the calcium and vitamin D intake (the D is essential for good utilization, metabolism) may moderate or prevent seizures of angina.

Anyway this can do no harm to try for a few months.

It is pertinent to remind persons subject to angina that one of the physiological functions of calcium is regulation of excitability of nervous system.

As the famous John Hunter, 18th Century surgeon, subject to angina pectoris, complained: "My life is

in the hands of any rasal who chooses to annoy and tease me."

Indeed Hunter had a fatal attack in a fit of anger when he was only 65 years old. He probably consumed a minimum of milk and greens or green leafy vegetables to meet his daily requirement of calcium.

In the booklet CVD (about heart and artery troubles) I give directions for the use of nitroglycerin tablets as an emergency prophylactic against a seizure of angina pectoris. For a copy of the booklet send me 35 cents and a stamped envelope bearing your address.

Signed letters, not more than one page or 100 words long pertaining to powers, health and hygiene, diagnosis, or treatment, will be answered by Dr. William Brady, if stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1960)

Case Records of a Psychologist:

Wives, Beware Sins of Omission

Nelly is like millions of unhappy wives whose husbands have been unfaithful to them. For Nelly, though feeling 100 per cent innocent of blame, has actually been 50 per cent at fault. Yet her error has been a "sin of omission." So send for the sex booklet below:

CASE E-416: Nelly N., aged 27, has been married for three years. "Oh, Dr. Crane," she wailed, "my husband has been unfaithful to me."

"I think I should separate and go home to my parents, for I can never have any confidence in him again."

"Why would he be so cruel to me? Don't men have any sense of honor?"

Notice the terse DR. CRANE facts, for Nelly was 50 per cent at fault for this threat to her marriage.

She had been guilty of what call "sins of omission."

Although she herself had not had an affair with any other man or otherwise been guilty of sins of commission, she had jeopardized her marriage by her sins of omission.

To be specific, she left her husband to run home and visit mamma for six weeks.

Mamma wasn't in danger of death from any serious ailment, so her prolonged visit was not necessary.

Meanwhile, she had educated her husband to look to herself for his gastric as well as his erotic nourishment.

Faced with the sudden departure of his wife, Nelly's husband

Voice of the People

Basketball Team, Coach Inspire Pride of Students

Now that the basketball season is over, the students of Pontiac Central are very proud of our fine team.

They played good ball and showed excellent sportsmanship all year long. Even though they had obstacles to overcome, our boys came through with flying colors. Boys, we're proud of you. Once again congratulations.

Also congratulations to our fine coach, Mr. Van, for being chosen "Coach of the Year."

Advise Vacation During the Winter

I just took a vacation in the winter for the first time in my life and I was very much surprised to find how many other people are doing the same thing. We met folks from Wisconsin, Ohio, Pennsylvania and New York. In our motel and living close to us were people doing the same thing and many for the first time, also. I urge others to give this a trial and my wife and I are sure they will like it.

Mr. and Mrs. B.

Readers Disagree on Ticket Fight

Today I was especially proud of The Pontiac Press. I was also proud of Waterford schools and thank God such as Clara Ross are instructing our young people. Most of us wouldn't take the time, effort, or expense to live up to a student.

To Mrs. Ross and her intestinal fortitude in connection with your ill-placed parking ticket, I say bravo. She has reassured my faith in Democracy.

Mr. Arthur Bradley

Huron Street

Does Mrs. Clara Ross believe in civil rights and not the law? Keeps Harbor police chief was put in office to enforce the law and that's what he did. Everyone has trouble with cars. She could have got in touch with the police at once and saved everyone trouble. Signs aren't put up to be ignored.

Mrs. Earl Franklin

315 E. Tennyson

In this day of almost complete indifference by most people to matters of principle, it's refreshing to read "Ross' Fight."

Congratulations to her for her personal crusade and The Pontiac Press for giving publicity to it.

Let's hope those who read the article are not confused by the small amount involved but see in Mrs. Ross' battle for a principle what it really is — a battle for truth.

Patricia de la Fuente

462 E. Mansfield

'Foreign Movies' Serious Problem

I am startled at the number of movies made in foreign countries. I used to think it was because they were cheap and easy to make. I guess it's because it's so much cheaper in other lands. This is serious.

M.N.O.

Tax Tips

INTERNAL REVENUE SAYS: A carbon copy of last year's return provides a good guide in filling out this year's return. When you have completed your return, preserve the records used in preparing the return for at least three years.

brain soon makes him forget his absent wife.

If a stren is sitting at the next table or a bar mopez flirts with him, he physically presences banished his fuzzy recollection of you, his distant wife.

A few more beers or a couple of slugs of whisky, and he is reminded in his thinking to the immediate present.

Later, when he sobers up, his alert IQ, will be back in action, but a little whisky drops that IQ.

You can't expect to starve your husbands in either the gastric or the erotic realms, without having those mates look elsewhere to make up for your miserly home rations!

If you read this column regularly, then you have already learned that the average man is far more erotic than the average woman.

Patriarchal Jacob thus needed four wives to assuage his erotic hunger.

Your modern American husband is not much different from Jacob in this respect. He has probably 40 per cent more erotic hunger than you wives.

So if you run away to mamma, what do you think is going to happen in his 400 per cent greater erotic appetite?

Watching TV sports broadcasts may temporarily divert his mind. And his evening newspaper can keep him interested for possibly 30 minutes.

But, sooner or later, he grows restless and craves food and companionship. If he is accustomed to liquor, he will soon head for a tavern.

Maybe he thinks he will drink "just one beer." But one drink leads to two and then his lousy

Stocks Appear to Be Steady

Surveys Show Selling Seems to Have Ended, Recovery to Start

NEW YORK (UPI)—The faltering ups and downs through which the stock market has been going during most of this year are likely to strengthen in the near future, according to a survey of the Fitch Survey.

The market probably will have more weak moments and periods of strength in the near future until a solid base has been formed, says Fitch. "Nevertheless, the bulk of the selling wave appears to be over and a slow recovery phase may be under way."

Edmund W. Tabbell of Watson & Co. believes that declining and consolidating markets offer excellent opportunities to single out individual issues which are acting better than the market as a whole. "Such issues," he says, "can be considered strong candidates for purchase on any minor weakness which may take place."

Lucien O. Hooper of W. E. Hutton & Co. says the news environment over the next few weeks should improve stock market sentiment. "Even-postponed business is giving retail trade a lift. Easter is only a few weeks away and very late, and many earnings reports to appear in the next few weeks will be excellent. In addition," Hooper says, "a feeling persists that money is being allowed to become easier."

'Humphrey to Be Tops in W. Virginia Primary'

NEW BRUNSWICK, N.J. (AP)—The Republican governor of West Virginia thinks Sen. Hubert H. Humphrey (D-Minn.) has the edge over Sen. John F. Kennedy (D-Mass.) in the West Virginia Democratic presidential primary May 10.

Gov. Cecil H. Underwood said at a recent news conference that Humphrey is better known in West Virginia because of his support of aid to depressed areas. West Virginia has a high unemployment rate.

Underwood is serving a week's stint as a politician-in-residence at the Eagleton Institute of Politics, Rutgers University.

Approximately 85 per cent of what they're saying. The truth is something different. Nobody has told it and I guess maybe nobody will," he added.

KNIT SHIRT SALE

May Do Movie About Racketeer Lucky Luciano

TAORMINA, Italy (UPI)—Deported racketeer Charles (Lucky) Luciano said Tuesday that Hollywood will make a movie about his life. He suggested George Raft be the star.

Luciano, 63, refused to go into details on the movie plans. He is vacationing in this Sicilian resort from his Naples home.

"Fitz Humphrey Bogart is dead," he said. "Boy, that would have been the man. Now, perhaps, George Raft—his about the only tough type left."

"I really think the thing will work," he added. "It's a very solid and serious American company, and I think we'll get to gether on everything."

Luciano, deported to his native country as an undesirable alien, complained anew that he is treated unfairly in the press.

"They keep saying that I'm involved in all sorts of rackets," he said. "That's a lot of baloney. Out of 100 newspaper stories about me, 99 are libelous. Write that."

"There's not a bit of truth in what they're saying. The truth is something different. Nobody has told it and I guess maybe nobody will," he added.

DOWNTOWN AND DRAYTON PLAINS

Consumers Hit by Sabotage

Power Cut Wednesday to 4,000 Customers as Talks Fall Flat

JACKSON (AP) — The strikebound Consumers Power Co. says it is being plagued by sabotage which has caused power losses to several communities.

The company said sabotage at two points yesterday cut off power for a time to about 4,000 customers.

Sabotage at Rives Junction was blamed for a six-hour power interruption to Leslie, Oronogo and Rives Junction for about six hours. Some 2,500 customers in the three communities near Jackson were affected.

A mobile substation was hooked up to restore power.

At Manchester, about 1,500 customers lost power when oil petcocks were knocked off a generator at a power substation. Consumers officials said the trouble was spotted and the unit shut down before it destroyed itself. The firm said 2,000 gallons of oil drained away.

Power was restored at Manchester three hours later.

Shortly before the mobile unit from Battle Creek was hooked up at Rives Junction, the Ingham County Highway Department and civilian defense officials set up a generator at the Leslie waterworks to start the water pumps.

Officials said Leslie was down to about a two-hour supply of water.

No progress has been reported from negotiations at Jackson between Consumers and the striking Utility Workers of America. The 5,600 union men struck throughout the Lower Peninsula March 1 in support of contract demands.

Consumers Power services customers in 64 counties in lower Michigan outside of Detroit.

Was Star on 'Information Please'

Famed 'F.P.A.' Dies at 78

NEW YORK (AP) — Franklin Pierce Adams, the "F.P.A." whose wit and wisdom delighted millions, died Wednesday night. The 78-year-old newspaper columnist and unabashed poet, one of radio's earliest panel stars on "Information Please," had been confined to a nursing home for the past five years. Death was attributed to hardening of the arteries.

"F.P.A." had not signed those initials to a regular column since 1941. But for a time shortly after World War II he wrote a syndicated daily piece of several paragraphs called "This Little World." His verse—on subjects ranging from baseball to humorous "translations" of the classics—appeared in many collections as well as in his columns.

In one brief piece he described the newspaper craft to which he devoted nearly 40 years:

"Journalism is a shrew and a scold—
"I like her.
"She makes you sick and she makes you old—
"I like her."

Adams not only wrote light verse, but did so without apology. In fact, in an introduction to a 1942 collection of his and others' "Innocent Merriment," he wrote that if he could choose the ability to write either serious or light verse, "I would vote for lightness."

His best-known bit of verse, quoted by thousands who may not have known its source, had to do with an immortal Chicago Cub infielder and was entitled "Baseball's Sad Lexicon":

"These are the saddest of possible words:

"Tinker to Evers to Chance."
"Trio of Bear cubs and fleeter than birds,
"Tinker and Evers and Chance."
"Ruthlessly pricking our gon-falon bubble,
"Making a Giant hit into a double—
"Words that are heavy with nothing but trouble.
"Tinker to Evers to Chance."

FRANKLIN P. ADAMS

To many Americans "F.P.A." was the seemingly-sty, head-dipping man with the long nose and big mustache who helped write Kieran answer Clifton Fadiman's longest questions on "Information Please," on radio and later TV. The 1952 TV version was short-lived, folding after one season.

WIFE SURVIVES

Adams' second wife, Esther Skyles Root Adams, survives, as do three sons: Timothy, a staff member of the San Francisco Examiner; Anthony, of Weston, Conn.; and Jonathan, of New Canaan, Conn.; and a daughter, Miss Persophone Adams, of New York.

His sons likely inspired one of his most delightful—and briefest—verses, entitled "Lines to Three Boys, 8, 6½ and 2 Years of Age":
"Gentlemen, I love and like you,
"Caring little for your IQ."

Adams was born in Chicago, attended the University of Michigan,

briefly, then began selling insurance.

It was not long before he turned to newspaper work, becoming a \$25-a-week columnist for the Chicago Journal without an apprenticeship as a reporter.

After a year of writing "A Little About Everything" for the Journal, he came here to spend nine years on the old Evening Mail.

Then he moved to the Tribune and started the column known as "The Coming Tower" which he wrote for 27 years.

After World War I interrupted his career and he became a captain in intelligence, he made this comment:

"I didn't fight, and I didn't shoot."
"But general, how I did salute."

Broadcast Reform Bills in House Mill

WASHINGTON (AP) — Bills to outlaw rigging, chicanery and payola in radio and television now are in the works in the House.

Rep. Owen Harris (D-Ark), chairman of the House subcommittee that uncovered the TV quiz and payola scandals, introduced two such bills Wednesday.

In general they will tighten up Federal Communications Commission regulations in this field and put enforcement teeth into the law. One provision would make it a criminal offense to rig any kind of show in the way that was done on the big TV quiz shows.

Another provision would require radio and TV networks to be licensed by the FCC, as individual stations now are.

A modern railway dining car costs about \$150,000 to put into service.

Search Writer From New York for a Camera

GARDEN CITY, Kan. (AP) — Novelist Truman Capote was summoned from a courtroom here Wednesday and searched by Sheriff Earl Robinson.

Robinson said he received an anonymous tip that Capote had smuggled a camera into the courtroom. Photographers have been barred from the trial of two ex-convicts charged with killing farmer Herb Clutter, his wife and two of his children.

The sheriff found no camera on Capote, who is covering the trial for the New Yorker magazine.

"Who would be the rat who would blab (inform) on me?" asked Capote. "Here I am, the only writer from a publication that doesn't use pictures."

Astronomer Gazes Into Future

'We'll Be on Moon by 1970'

DETROIT (AP) — A noted astronomer says your children may live in a self-sustaining colony on the moon.

Dr. I. M. Levitt, director of Franklin Institute's Fels Planetarium in Philadelphia, told the American Rocket Society Wednesday he thinks men will land on the moon within 10 years.

Within 20 years there may be a civilization there, he added.

Levitt, who admitted he didn't have the faintest idea what it would cost, said a nuclear reactor could supply the power needed and the moon itself provide everything else, food, water, air, clothing, etc.

From rocks, he said, man can extract water, which in turn can be broken up into oxygen for air

and hydrogen for fuel.

Food, he said, would be derived from algae (primitive plants).

"Once the atmosphere and food situation is taken care of," he continued, "we can begin worrying about clothes, homes, desks, chairs and other structural materials."

"I propose that these items will be fabricated from the basic elements: oxygen, nitrogen, carbon and so forth."

Levitt thinks man will get to the moon from some sort of space station.

Manned reconnaissance of the moon, which he views as a vital

step, will be made from a space station that will have to be assembled in space as a satellite of the earth.

"It is from this station," he continued, "that a small crew could take off for the moon to circle it and bring back photographs."

He said this crew could pick a spot for man's first landing.

Dr. Levitt said he believes man will have to pick a moon cave to shelter him from radiation and meteors and temperature extremes.

PRINCESS—A combination telephone and night light is provided by the Princess, a small light fixture expected to be popular as a bedside extension. A built-in light provides a soft glow in a darkened room which becomes brighter for dialing when the receiver is lifted.

Williams Asks Abolition of State's Spring Elections

LANSING (AP) — Gov. Williams Tuesday called for abolition of Michigan's spring elections, higher pay for legislators and reorganization of House and Senate seats on a strict population basis.

The Democratic governor, speaking at a meeting of the Michigan Citizenship Clearing House, mapped out a five-point program for improving operations of the legislature.

It also included improved facilities for lawmaking activities and a permanent corps of experts to develop legislative policy and furnish legislators with more individual and committee help.

"Heretofore, I have been somewhat under wraps in speaking publicly about government because with elections coming around so often, I was always suspected of speaking for the political record," the governor told the largely student group.

SPEAKS DIFFERENTLY NOW
"Now that I am not going to run for governor again, I can speak with more detail and emphasis about some things I believe need correcting."

"The spring election is a sure and potent disrupter of the public's business," he declared.

"It brings a state convention and then a state-wide election right about the time the Legislature should be consummating its most important work."

The proposal would require a statewide vote on amending the Constitution.

The governor renewed a long-time Democratic demand for re-vamping "the unrepresentative

character of the Senate," controlled 22 to 12 by Republicans.

The House also is based on unequal population representation, he added.

DECISIONS CONFLICT
"Consequently," he said, "the people's mandate is expressed in their choice of a governor and administrative officials, is frequently in conflict with their decisions on the Legislature."

Williams branded the \$4,000 salary and \$1,000 expense account collected by legislators as "far too low." The Senate currently is considering a House-approved bill to boost salaries to \$6,500.

Because of inadequate facilities, Williams said, legislators work under "almost impossible conditions."

He recommended construction of an annex to the Capitol to provide individual offices for each legislator and a number of committee and hearing rooms.

The proposed legislative council would supplement the "cruelly overworked" legislative service bureau in doing research, gathering information and furnishing other assistance to committees and individual lawmakers.

There are 28 railroad tunnels in the United States more than a mile long.

Asks Summit Talks
by Labor, Employers

NEW YORK (U)—Top management and labor leaders should hold a "summit conference" to try to improve understanding, says Secretary of Labor James P. Mitchell.

Mitchell made the suggestion Tuesday night at a dinner of the Industrial Relations Division of the Federation of Jewish Philanthropies of New York.

He said that periodic summit meetings, held in times when big negotiations were not in progress, would have "real merit if only tried."

Michigan Expects
Record Planting
for Corn, Beets

LANSING (U)—A record spring corn planting is in prospect for Michigan this year, the Federal-State Crop Reporting Service reports.

Farmers have stated they intend to plant 2,225,000 acres of corn, five per cent over last year and more than 25 per cent of the total acreage for major crops.

A planned 15 per cent increase in soybean acreage following last year's record level of 1959. The proposed planting is 567,000 acres.

Planted acreage of all major

crops, including hay for harvest, is expected to total a little more than 7,700,000 acres. Acreage of spring planted crops will exceed last year's by about three per cent.

A six per cent increase in sugar beet plantings is indicated, boosting the total to 106,000 acres. The 570,000 acres planned for dry bean plantings will raise the total to the highest level since 1944.

To Run in Kent County

GRAND RAPIDS (UPI)—Garritt Gritter, a former Grand Rapids city commissioner, has announced he will seek nomination for state representative from the Kent County 1st District in the Aug. 2 Republican primary.

Sale of Radioactive
Carbon to Reds OK

WASHINGTON (U)—The Atomic Energy Commission announced Tuesday it had agreed to let Soviet Russia have a small quantity of radioactive by-product material for scientific, nonmilitary use.

This would represent only the second such shipment to Russia and the first since 1959. However, there have been a number of shipments of radioactive materials to Communist Yugoslavia for peaceful uses.

The AEC said it had approved the application of the New England Nuclear Corp. of Boston, Mass., to sell 5,000 shooks to the Soviet Union for a license to export a hormone

containing five-millionths of a curie of radioactive carbon-14 to Dr. Nicolai Yudin of the Institute of Biology and Medicine, Academy of Medical Sciences, Moscow.

The material, the commission said, is intended for use in a study of some of the chemical productions of the adrenal gland.

Worried Over Duck Kill

LANSING (U)—The Michigan Animal Conservation Club has asked a federal agency to join the State Conservation Department and Water Resources Commission in investigations of a duck kill on the lower Detroit River. The sportsmen's group estimated in a wire to the secretary of Interior's office that 5,000 ducks have been killed by oil on the river.

Top U.S. Tax Brains to Study State Levies

DETROIT (AP)—"The most qualified minds in the country in the field of taxation" are being brought together to study Michigan's tax structure.

The tax experts are being assembled by the Committee on Michigan's Economic Future to recommend a tax program that will stimulate economic growth.

"We are asking these experts to review Michigan's entire tax structure with the

idea of bringing out a tax program which will do the most to encourage industry in Michigan," said Committee Chairman William Day.

Day said the tax group will be staffed with eight to 10 men from outside Michigan.

The committee's announcement followed a comprehensive study of Michigan's economy sponsored by the Upjohn Institute for Employment Research. The study showed a need for an "equitable" tax program for industry.

Day said the tax experts will make their recommendations individually, not as a group.

Bought It, Lock, Stock and Barrel

Highest Bidder Faces Dam Problem

JEFFERSON CITY, Mo. (AP)—James N. Rice soon will become the owner of a genuine United States government lock and dam — but if he knows what he's going to do with it.

The property is U.S. Lock and Dam No. 1—there never was a No. 2—on the Osage River, 14 miles southeast of Jefferson City, near where the Osage empties into the Missouri.

Rice will become the owner because a bid of \$10,500 he submitted proved to be the highest

among 20 received by the General Services Administration. Rice, 42, a bachelor who works for the State Detective Bureau, was surprised when a newsmen told him the GSA had accepted his offer.

RESORT, PERHAPS

What will he do with his acquisition?

"Dam if I know. I hadn't given the matter any thought because I had no idea my bid would be high enough. I like to fish, and I understand the fishing is real good

out there. I guess that's what was in the back of my mind when I bid on it. I might make a resort out of it sometime."

The rundown property includes about 10 acres of parklike land beside the river, three old frame houses, and several lesser structures. The concrete-base dam is 17 feet high and 220 feet long. Its lock is 42 feet wide.

The facility was built in the early 1900s to provide water for shallow-draft barges to make it up the river as far as Warsaw, Mo., 173 miles from the mouth. River

traffic in those days was heavy, but construction of Bagwell Dam 25 miles upstream in the 1930s put No. 1 out of business.

Kamehameha May Join Statues at Capitol

WASHINGTON (AP)—A king may join the famous Americans honored in the Capitol's Statuary Hall. He is Kamehameha the Great, who died in 1819 after uniting several Pacific Islands into the land of Hawaii.

Now the 50th state, Hawaii has the right to nominate famous sons for a place of honor in Statuary Hall. Sen. Oren Long (D-Hawaii) yesterday said he would support the nomination of Kamehameha. The Hawaiian legislature will make the final decision.

Hulan Jack, Powell Join Political Forces

NEW YORK (UPI)—New York's two most powerful Negro political leaders announced last night that after months as enemies they are combining forces.

Both have been at odds with the regular city Democratic organization. Both have been in serious trouble in the courts.

At a press conference held in Manhattan Borough President Hulan E. Jack's office, Rep. Adam Clayton Powell announced that Jack had joined his "united Democratic leadership team."

The move came while Powell was on trial in Federal Court on

charges of income tax evasion, and while Jack was under notice from the district attorney that he would be called to answer charges of accepting a bribe and lying to a grand jury.

Firm to Publish Paperback Books Worth a Scent

NEW YORK (AP)—Now, the sweet-smelling book.

A publisher of paperbacks announced it is going to incorporate covers with perfume during the printing process — saddle-leather scent for westerns, floral for gardening, baked aromas for cook books.

The firm said "the bouquet will linger for months."

He loves me . . . in

WHITE

New "fresh-as-a-daisy" look, the most utterly feminine fashion of the season!

White is right — around the clock—in this versatile, double-duty costume that has no "time limit." So smart by day, with its own demi-jacket "cover-up"—and the dress is equally poised, when it solos alone, past first Glamour-top, scoop-neckline Empire sheath with all-over embroidered jacket. Of crisp, linen-look 79% rayon/21% cotton. Sizes 10-18.

12⁹⁹

White is versatile—in this height-of-fashion spring coat! What other color could go so easily, so smartly over, absolutely everything in your wardrobe. "Elegant" is the word for this white-slim, Coachman style—superbly tailored of luxurious "white" Hockanum's wool Facade. Dramatically accented with big, beautiful buttons to add to its smartness. 10-18.

29⁹⁹

White is luxury supreme—in this dashing "go-to-town" suit that puts you up to your pretty ears in lavish, dramatic, black-dyed red fur. Fitted for flattery with a gently bloused, half-belt back. Beautifully tailored of fine, 100% wool. "Jeweled" with a sparkling, rhinestone pinned bow. And—good news, the elegant fur collar is detachable! In sizes 10-18.

24⁹⁹

Fur products labeled to show country of origin of imported furs.

Downtown AND Drayton Plains

Mentions Bomb, Vacations in Jail

MSU Student Pulls Off Kidding Remark About Florida Plane

ST. JOHNS (AP)—For mentioning a bomb before boarding a plane, a Michigan State University student is spending the first 10 days of his spring vacation in the Clinton County Jail instead of in Florida.

James A. Draves, a 21-year-old sophomore from Saginaw, pleaded guilty yesterday to making a false report relating to a bombing.

Draves caused a bomb scare Tuesday night at the Lansing Capital City Airport by saying, "I hope my bomb goes off on time," as he placed his luggage on the scales.

Justice Albert F. Wert sentenced him to 10 days in jail, a \$40 fine and \$15 court costs.

"You've got to stop that sort of thing," said Wert. "In a case like this, you've got to think of the public rather than the individual. With all the planes going down, it's something you can't just brush off."

Draves had planned to fly to his parents who are vacationing in Florida. He said he was "just having a little fun" when he made the bomb remark to two fraternity brothers at the airport.

It was a bad psychological moment for the first by the MSU psychology major. A phoned bomb threat to the Detroit Willow Run Airport earlier disrupted four flights in Detroit and one at Grand Rapids.

Police seized Draves after operations agents reported overhearing his remark. No bomb was found. The plane took off 32 minutes later.

Clinton County Prosecutor Fred Lewis authorized the warrant under a 1958 act. The charge is a misdemeanor and carries a maximum penalty of 90 days in jail, \$100 fine or both.

Several persons have been sentenced under the same act for phoning in false bomb scares to schools.

Audie Murphy, Pamela Planning to Separate

HOLLYWOOD (AP) — Actor Audie Murphy and his wife Pamela are separating.

Neither is planning a divorce immediately. They blame the rift on incompatibility of personalities and the pressures of Murphy's movie work. They have been married nine years and have two children, aged 8 and 6.

Murphy, a World War II Medal of Honor winner, was married once before, to actress Wanda Hendrix.

A hogsnore is a harmless North American snake who "plays dead" to repel an enemy.

AP Photos

CAVE FOR ATOMIC AGE — Girls chat in the corridor of a vast underground bomb shelter cut from solid rock about 50 feet below street level in Karlskrona, southern Sweden. The cave, which will accommodate 5,000 persons, has a bowling alley, theater and table tennis room. Similar shelters are being built in large Swedish cities.

Licenses Are Revoked or Suspended

Sixty-One in Area Lose Right to Drive

Sixty-one Oakland County residents had their drivers' licenses revoked or suspended recently, according to the Michigan Secretary of State's Office in Lansing.

Ordered to furnish financial responsibility due to one or more drunk driving convictions were:

Willie J. Anderson, 40 Bagley St., Oakton P. Hancock, 112 S. Perry St., Boker T. Newcomb, 200 Prospect St., Terry Smith, 69 Gannon St., Ronald L. Shaw, 128 W. Longfellow St., John Baird, 214 Dwyer St., Royal Oak, Donald R. Corvett, 2400 Woodland St., Royal Oak, Edward V. Cairns, 22000 Tulse St., Farmington, Ronald A. Lavelle, 29703 Brockton St., Farmington, Cole H. Crocker, 21129 Brookmire St., Farmington, Ronald E. Burtner, 1206 E. Dallas St., Madison Heights, Robert L. Liska, 27237 Brightonwood St., Madison Heights, Edna C. Johnson, 1206 E. Dallas St., Madison Heights, Charles J. McDonald, 2444 Haslett Dr., Waterford Twp., Charles C. Lawwell, 1761 Orchard St., Waterford Twp., Frank B. Hinkley, 1284 Nokomis Way, Waterford Twp., Paul P. Hinkley, 120 East St., Oxford, Charles W. Hooker, 4111 Ten Mile Rd., Troy, Carlisle J. Leonard, 614 Elm St., Holly, Morris L. McIner, 2355 Labarry Rd., Milford, Joseph A. Shannon, 4770 Arlene St., Orchard Lake, George A. Hing, 465 Jovine Rd., Lake Orion, Harold A. Woodworth, 1825 College St., Ferndale.

Losing the right to drive due to unsatisfactory judgment were:

Richard F. Partridge, 229 W. Tenth St., Madison Heights, 12 E. Hopkins St., Chicago, 212 E. Harrison St., Royal Oak, Gerald H. Slater, 5333 Dwyer Rd., Dwyer Pk., Robert E. Wilson, 27646 Morningstar, Farmington, Arthur Brown, 20543 Glenridge St., Farmington, Douglas B. Niles, 6538 Arcadia Pk., Farmington, Jay B. Horton, 1156 Fairfax Ave., Bloomfield Twp., Larry E. Smith, 1714 E. Maple St., Hazel Park.

Erwin F. Gates of 955 Boston St., John H. Piery of 1644 Moulton St., Madison Heights, and Billie J. Cook of 217 E. Harrison St., Royal Oak, had their licenses revoked due to unsatisfactory driving records and failure to appear for re-examination.

Ordered to furnish financial responsibility for unlawfully driving away an auto were William E. Cook of 24 W. Cornell St., Ted Dennis of 148 E. Huron St., Charles W. Eason of 198 E. Huron St., Dallas W. Goff of 29 Hillside Dr., Michael W. Cies of 1433 Royal St., Royal Oak, and Karl J. Keller of 320 W. Hazelhurst St., Ferndale.

The license of Joseph I. Clark Jr. of 34124 Moore Dr., Farmington, was revoked because he was driving while his license was suspended.

No Strong Leads in Slaying of 3

Many Tips Pour In, but Illinois Probers Are Still in the Dark

OTTAWA, Ill. (AP) — Tips and conjectures continue to pour in, but investigators admit they have little to go on in their efforts to track down the killer or killers of the wives of three Chicago business executives.

"We have no strong lead at this time," William Morris, superintendent of the Illinois State Police, told a newsmen Wednesday. The women were slain March 14, a few hours after they had checked into the lodge at Starved Rock State park for a rest. Their battered bodies were found two days later in a shallow cave in a canyon in the year-round recreation area.

The victims were Frances Murphy, 47, Mildred Lindquist, 50, and Lillian Oetting, 50. All lived in Riverside, a Chicago suburb.

Singer Joan O'Brien Ends 2-Year Marriage

SANTA MONICA, Calif. (AP)—Joan O'Brien, former singer for the Bob Crosby band, obtained a divorce from television (CBS) executive John Meyers Wednesday.

She testified they quarreled almost constantly and he told her he no longer loved her. They were married two years and have a 1-year-old daughter, Melissa, who will receive \$25 monthly support. Miss O'Brien waived alimony.

Coke is the solid residue containing some ash and a small percentage of measured amounts of volatile obtained by the dry distillation of coal.

Here's Today's DJ Industrial Averages List

By SAM DAWSON
AP Business News Analyst
NEW YORK—A popular index of stock price averages is designed to tell you the daily changes in market sentiment—the urge to buy vs. the urge to sell.

But a side benefit of a long-time use is the mirror it holds up to the changes in U. S. industry itself over the years.

AMERICANS RESTLESS

The makeup of the older averages has been changed many times. Whole, industrial groups have disappeared from the lists, outmoded by the restless interests of Americans.

Industries unheard of, or scarcely noted, at the time an index

made its debut, have wormed their way onto the list and then expanded to commanding positions.

The complete list of the present Dow-Jones Industrial Averages follows: Allied Chemical, Aluminum Co. of America, American Can, Anaconda, AT&T, American Tobacco, Bethlehem Steel, Chrysler, Du Pont, Eastman Kodak, General Electric, General Foods, General Motors, Goodyear, International Harvester, International Nickel, International Paper, Johns-Manville, Owens-Illinois Glass, Procter & Gamble, Sears Roebuck, California Standard Oil, Jersey Standard Oil, Swift, Texaco, Union Carbide, United Aircraft, U. S. Steel, Westinghouse Electric and Woodworth.

The Dow-Jones average of 30 industrial stocks contains only two survivors from the first list of 12 set up in 1897. They are General Electric and American Tobacco.

Three companies on the first Dow-Jones average no longer ex-

isted: Distilling & Cattle Feeding, U. S. Leather, North American (utility holding company). Tennessee Coal & Iron is now a division of U. S. Steel (on the present list but not the original) and Chicago Gas is now part of Peoples Gas Light & Coke (now listed on the 15 utility stock average).

The other five members of the 1897 team, dropped along the way as the stock market's aspect changed, were: American Cotton Oil, American Sugar, La Crosse Gas, National Lead and U. S. Rubber.

Whole industries once represented on the list have disappeared for various reasons. They include: Steamship, manufacturing gas, motion pictures, cordage, beet sugar, leather and tanning, steam locomotive and railroad car companies.

CHEMICAL APPEARS

Other industries have made an entrance as they grew in stature in the nation's economy. The first chemical, Du Pont, appeared in 1934. There are three chemicals now. Allied joining in 1925 and United Carbide in 1928.

Texaco was an oil pioneer in 1914, was off for a while and now back. First permanent oil member was California Standard, in 1924.

Sec. Benson Faces Political Blind Alley

WASHINGTON (UPI) — Where does Ezra Taft Benson go from here?

It is obvious that the Secretary of Agriculture does not see eye-to-eye with Vice President Richard M. Nixon on farm policy. Nixon is almost certain to be nominated for President at the Republican National Convention in July.

Assuming this, how secure is Benson's position in the Cabinet? To long-time observers, it seems far too late for the controversial farm chief to change his concept of what is best for American agriculture to mesh with that of Nixon.

Benson is a strong party man. So, in order to avoid embarrassing the prospective candidate, will he resign, or will he sit out the campaign, conducting merely a holding operation until the Eisenhower administration expires next Jan. 20?

It was clear to reporters at a Benson news conference last week that he is not enthusiastic for Nixon as the Republican nominee. He said that without endorsement of Nixon's "perky chops were candidacy. But he said that he be-

lieved Nixon would make a good president.

Benson noted that Nixon was the only candidate for the Republican nomination. He said "it would appear" that if there was no other candidate "he would have my support."

Later, before TV cameras, Benson modified this somewhat by saying "it would appear that I will be in support of the vice president because he's the candidate that seems to be the one that will get the nomination."

The differences between Nixon and Benson apparently began in 1955 when the price of hogs dropped sharply. Nixon called Benson a "political hill-fitter" and reportedly there were sharp words between them over Benson's refusal to support the price of live hogs.

The idea of support of livestock prices was and is entirely foreign to the Benson-Eisenhower farm policy. Benson's only report of the meeting with Nixon was that they had lunch, "perky chops were served, and they were good."

Game Officers Work Trap: Outfox the Fox

INTERNATIONAL FALLS, Minn. — They're trapping the wily fox with mouse squeaks in this area of Northern Minnesota.

The fox figures a mouse is a tasty tidbit and state game department officers are luring the animals into gunner range with tape recorded squeaks.

The greatest altitude at which an airplane can be seen with the naked eye is about 12,000 feet.

Vecek Returns to Duty After Elbow Operation

CHICAGO (AP)—President Bill Vecek of the Chicago White Sox returned to Comiskey Park Wednesday after being sidelined

nine days for surgery on an infected elbow. Vecek denied reports the American League champion Sox sought to deal pitcher Dick Donovan and reserve catcher Earl Battey to the Detroit Tigers for pitcher Paul Foytack.

Graham Case Probe Pushed

Did Woman Confess Before Execution in California Chamber?

SACRAMENTO, Calif. (UPI) — An assembly committee has scheduled another session to hear further testimony in the mystery of whether Barbara Graham confessed to murder prior to her execution five years ago.

Chairman John O'Connell (D-San Francisco) of the Criminal Procedure Committee set the new hearing for Monday.

The action came yesterday when four witnesses—all of whom were under oath—gave conflicting testimony.

Mrs. Graham was executed with Jack Sacco and Emmett Perkins for the murder of Mrs. Dale Monahan in Burbank, March 9, 1933.

MOVIE DOUBTED GUILT
She was later the subject for an Academy Award-winning movie, "I Want to Live," which cast doubts on her guilt.

Her case came up two weeks ago during debate in a Senate committee on a bill to abolish the death penalty.

J. Miller Leavy, who prosecuted Mrs. Graham in Los Angeles, revealed that she confessed her guilt to the late warden of San Quentin, Harley O. Trites.

Yesterday's hearing was held to establish if Mrs. Graham did confess and if Leavy and other prosecutors withheld evidence which might have indicated she was innocent.

Mrs. Barbara Cates, a registered nurse from Utah, and Ed Montgomery, a San Francisco reporter who covered most of the Graham trial, took issue with reports of a confession.

Mrs. Cates said she was with the condemned woman in a almost every minute during the 24 hours prior to her execution in the gas chamber at San Quentin.

Says Farm Income to Drop 4.5 Per Cent

WASHINGTON (UPI)—A top administration farm economist has testified that net farm income in this election year probably will drop 4½ per cent to a new 18-year low.

The forecast is likely to add new fuel to the running political fight in Congress over the policies of Agriculture Sec. Ezra Taft Benson and legislation to ease the financial burdens of the farmer.

The testimony was given at a closed door session of the House agriculture appropriations subcommittee by Oris V. Wells, administrator of the Agriculture Department's marketing service.

Support prices for the 1960 corn crop will run about 6 cents per bushel below the 1959 level, according to a report of the U. S. Department of Agriculture.

AND AWAY WE GO — With his son James, 10, as pilot, Dr. E. R. Mertz releases gas for a takeoff in what is believed to be the first rocket-powered kiddie wagon in the United States. The test was made at the Twin Lakes School, Orangeville, Calif. Dr. Mertz, who heads Aerojet's solid rocket plant in Sacramento, Calif., made

the test before science students to explain graphically the principles of rocketry. The wagon is equipped with two giant pressurized carbon dioxide bottles which emit jets of the gas through nozzles. It can attain speeds up to 25 miles per hour.

AP Photos

AAA Denounces Idea of City Curb on Cars

WASHINGTON (UPI) — The American Automobile Assn. (AAA) has denounced as "incredible" a Commerce Department suggestion that cities consider discouraging auto commuter traffic in order to stimulate mass transportation.

Russell E. Singer, executive vice president of the AAA branded the

idea an "unconscionable coercion against the passenger car owner."

A 78-point transportation recommendation sent to Congress last week by Commerce Sec. Frederick H. Mueller suggested that federal laws be changed to permit cities to erect toll gates on highways at city gateways and hike community parking charges to discourage auto commuting.

In the Evangeline country of Nova Scotia, Canada, are the largest apple orchards to be found anywhere in the British dominions.

Ride Problem? Rent a Bus — With Bar

NEW YORK (AP)—The smart thing to do these days, if you want to get your dinner guests to the theater without a lot of unpleasant cab-hunting, is take a bus.

Not just an ordinary bus, of course, but a very posh uphol-

stered bus with a bar and a white-coated waiter pouring champagne.

Some of them even have catering service and bridge tables. A transportation company which is a big provider of limousines for special occasions is now touring buses for rent.

Engraved announcements to the Social Register set described the bus service, at prices which range from \$25 for a 28-passenger bus to \$30 for a 41-passenger bus for 2½ hours. This includes tax.

Deaths in Pontiac and Nearby Areas

MRS. MICHAEL BRUNS

Former Pontiac resident Mrs. Michael (Guss) Bruns, 80, of Saginaw, died of a heart ailment yesterday in St. Mary's Hospital in Saginaw.

Surviving are three sons, Harvey of Milford, Kenneth of Detroit and Marvin of Saginaw; four daughters, Mrs. James (Ruth) Vineyard of Cleveland, Ohio, Mrs. Dan (Thelma) Wilhelm of Saginaw, Mrs. Roy (Madeline) Ludlum of Bridgeport and Mrs. Kenneth (Edna) Schuler of Fenton; and 13 grandchildren.

Mrs. Bruns' body is at the Reitz Funeral Home in Saginaw.

DR. CHARLES A. NEARIE

Service for Dr. Charles A. Nearie, city public health director for 35 years and later consultant to the Oakland County Health Department, will be held at 2:30 p.m. Saturday at St. Clare's Church. Burial will be in White Chapel Memorial Cemetery.

An Elks Lodge of sorrow will be conducted at 8 p.m. Friday at the DeWitt C. Davis Funeral Home.

Dr. Nearie, 77, of 483 Orchard Lake Ave., died unexpectedly of a heart attack at his home yesterday morning.

MRS. LILLIAN GORTNEY

Word has been received of the death of Mrs. Lillian Gortney, 1385 Ford Ct., Grosse Pointe Woods.

A former Pontiac resident, she was a recipient of the Grosse Pointe Board of Education for many years and a member of the Methodist Church at St. Clair Shores.

Surviving are her mother, Mrs. Walter Gortney of Royal Oak; brother, Paul Gortney of Pontiac; and a sister, Mrs. Thomas M. Adams of Grosse Pointe Woods.

Mrs. Gortney died on March 7 in Detroit Memorial Hospital after a brief illness.

Service was held at the Verheyden Funeral Home, Detroit, with burial in Roseland Park Cemetery.

MRS. JACK JOHNSTON

Mrs. Jack (Norma C.) Johnston, 40, of 236 S. East Blvd., died yesterday at Pontiac General Hospital after an illness of several weeks.

A member of First Presbyterian Church, she had been employed in the bookkeeping department of General Motors Truck & Coach Division.

Mrs. Johnston leaves her husband; her mother, Mrs. Frank Chaney of Sullivan, Ind.; a son, Jack, Jr., at home; and a sister, Mrs. William Pullis of Pontiac.

Service will be held at 1:30 p.m. Saturday at the Sparks - Griffin Chapel with burial in Perry Mount Park Cemetery.

HOWARD F. STEVENS

Former Pontiac resident Howard F. Stevens, 69, died yesterday morning in a Bryn Mawr, Pa. hospital after an illness of two years.

Surviving are his wife, Irene; two daughters, Mrs. Stanley (Jane) Brooks of Plymouth Meeting, Pa. and Mrs. Richard (Patricia) Buck of Gladwyn, Pa.; seven grandchildren; one great-grandchild; a brother, Guy N. of Royal Oak; and two sisters, Beth M. Stevens of Lyons and Mrs. Allan (Clio) McInlock of Pontiac.

Service and burial will be held in Philadelphia, Pa.

BERT L. WILSON

Bert L. Wilson, 89, of 111 Palmer St., died this morning at his home. He had been in ill health several months.

Mrs. Wilson was a member of the

Seventh-Day Adventist Church.

Surviving are three sons, Ralph in Indiana, Harry E. of Chicago, and Paul of Pontiac; 11 grandchildren; three great-grandchildren; and two sisters.

Service will be held at 3:30 p.m. Saturday at the Sparks - Griffin Chapel. His body will be taken to Logansport, Ind. for burial.

FRANK ATKINS

BRANDON TOWNSHIP — Frank Atkins, 82, died today at his home, 800 Oak Hill Rd., after a short illness.

He had farmed in Oakland County throughout his life, and was a member of the Masonic Lodge at Clarkston.

Surviving are a daughter, Mrs. Clarence Dodge of Clarkston; son, Dr. Hagen S. Atkins of Flint; six grandchildren; 10 great-grandchildren; and three great-great-grandchildren.

Arrangements are by Sharpe Goggett Funeral Home, Clarkston.

MR. AND MRS.

WALTER W. CRAWFORD — Service for Walter W. Crawford, 75, and his wife Edith, 77, of 483 S. Pontiac Trail will be at 2 p.m. Saturday at Keesh Funeral Home, Brighton.

Burial will be in Brighton Hill Memorial Cemetery.

Mr. and Mrs. Crawford were killed yesterday in an automobile accident at Middle Belt and West Long Lake roads in West Bloomfield Township.

They were members of the Reorganized Church of Jesus Christ of Latter Day Saints in Pontiac.

Surviving are two sons, Bruce Dennis at home and Maj. Gordon Dennis of the Air Force, stationed in Washington, D. C.; a daughter, Mrs. Kenneth Love of Brighton; and seven grandchildren.

ROY HILL

GOODRICH — Service for Roy Hill, 67, of 8051 S. State Rd., will be held at 2 p.m. Saturday from C. F. Sherman Funeral Home, Oshtemo, with burial in Goodrich Cemetery.

Mr. Hill died yesterday in Goodrich General Hospital after several months illness.

He was a retired employee of Chevrolet Motor Division.

Surviving are his wife, Clara, at home, and a daughter, Mrs. Goodrich, and Lt. Cmdr. Ross Hill, stationed with the U.S. Navy at Norfolk, Va.; a sister, Miss Jessie Hill of Goodrich; and eight grandchildren.

JOHN J. LICHT

WASHINGTON — Service for John J. Licht, 72, of 7101 Lindhurst St., will be at 2 p.m. Saturday at Roth's Home for Funerals. Burial will be in Romeo Cemetery.

Mr. Licht died unexpectedly of a heart attack on his way home from work Tuesday. He operated a portable milling business in the Romeo area for many years.

Surviving are his wife Electa; two daughters, Mrs. Norma Foss of Romeo and Miss Marie Licht of Washington, D. C.; a daughter, Mrs. Washington and Air Force Capt. John Licht, stationed in France; two brothers, and seven grandchildren.

EDWARD LUSCOMB

ROMEO — Service for Edward Luscomb, 48, of 306 S. Bailey St., will be at 1 p.m. tomorrow at Roth's Home for Funerals. Burial will be in Romeo Cemetery.

Mr. Luscomb died Tuesday at University Hospital, Ann Arbor, after a brief illness.

He was employed as a press operator at Hamill Mfg. Co., Washington.

Mrs. Yengin died Monday after a long illness.

Surviving besides her husband are five sons, Earl of Romeo, Mayford of Alabworth, Neb., Glenn and Clarence, both of Piquette, and Merle of Ferndale; two daughters, Mrs. George Layh and Mrs. Opal McDonald, both of Romeo; a sister, 26 grandchildren and 28 great-grandchildren.

\$450,000 Fire Destroys Hotel in Atlantic City

ATLANTIC CITY, N.J. (AP)—A seven-story hotel was a collapsed mound of ruin today after a general alarm fire that for a time threatened two other hotels.

The fire Wednesday destroyed the 200-room Wiltshire Hotel. Two firemen were injured.

Occupants were evacuated from the Governor and Morton hotels next door. The Wiltshire Hotel was closed for the winter.

Cause of the fire was undetermined. Estimates of loss ran unofficially up to \$450,000.

Deaths Elsewhere

NEW YORK (AP)—Herbert London, 77, author of the popular "Gray Phantom" series of detective novels during the 1920s, died Tuesday.

SHIRMANSDALE, Pa. (AP)—Allen L. Shearer, 41, a former orchestra leader, died Wednesday of a heart attack.

PHILADELPHIA (AP)—Miss Katharine Hood McCormick, an artist well known in the East and Midwest, died Wednesday.

The United States five-cent piece contains only 25 per cent nickel. The remainder is copper.

MRS. SAMUEL YENGLIN

ROMEO—Service for Mrs. Samuel Yenglin, 80, of 221 E. Washington St., was held at 2 p.m. today at Roth's Home for Funerals with burial in Bruce-Armada Cemetery.

At Avondale Junior High

Plan Family-Style Show

AUBURN HEIGHTS — Room mothers of Stone and Auburn Heights schools will present a "Family Fashion Show" at 7:30 p.m. March 31 in the Avondale Junior High School auditorium.

General chairman of the affair is Mrs. Herman J. Niedling.

There will be 12 models in the show: two men, four juniors and six children. They will be showing fashions from the J. C. Penney store at the Miracle Mile shopping center near Pontiac.

Mrs. Sammy Stanfield will be the commentator.

Proceeds from the event will be used to furnish teacher supplies at analysis report.

Volunteer Firemen Want to Disband

UTICA — The Utica Volunteer Fire Department yesterday petitioned Macomb County Circuit Court for authorization to disband.

The move stems from formation of a paid fire department, serving the city since the first of the month.

The volunteer department has been in existence for the past 12 years. It originally served Shelby and Sterling townships as well as Utica. Now the townships have their own departments.

Petitioners are asking the court to enter a decree dissolving the Utica volunteer force and appointing a receiver of its assets and effects. They have requested a decision within 30 days.

PROPOSED POST OFFICE — Contracts have been let for construction of a post office at Davisburg similar to this sketch. Completely modern in every respect, the building is slated for completion by Aug. 31. It will be leased by the U. S. Post Office Department for 10 years with renewal options. (See story on page 17.)

Alternating current, the kind from the fact it is alternately commonly available in most households in America, gets its name energy output.

Addison Twp. Firemen Slate Penny Supper

ADDISON TOWNSHIP — The Addison Township firemen will sponsor their annual penny supper Saturday beginning at 6 p.m. until all are served at the Leonard Elementary School.

Proceeds from the supper go toward payment of their insurance.

Cancer Society to Fight for Fund-Raising Right

DETROIT (UPI)—The American Cancer Society said today it will go to court if necessary to force dissident communities to license a fund-raising campaign.

Lincoln Park and Allen Park have refused to grant licenses to the ACS for a fund drive on grounds that the cancer society voluntarily withdrew from the United Foundation Torch Drive, a give-once-for-all campaign.

Rochester Unit Lauded

Kiwanis Club Tops State

ROCHESTER — The Rochester Kiwanis Club has won top honors in the state for a club its size for achievements during 1959. Club President Robert Smith announced today.

He said credit for last year's accomplishments goes to the immediate past president of the organization, Milton Weaver.

Honors will be bestowed on Weaver and the club at the spring divisional meeting of District 6 in Birmingham next Tuesday.

LL. Gov. Richard W. Hughes of Rochester will make the presentations.

Last year the club sponsored its first annual 4th-O-Rama program July 4, organized the Kiwanis Key Club for Rochester senior high school boys and held its first annual Ice Olympics for area children at the local rink.

The service club also continues many programs for boys and girls such as the annual trip to the Shrine Circus for the Safety Patrol, Halloween parties at local schools and the annual "Kids' Day" at the local athletic field.

Motorcycle policemen in Tokyo carry noise-measuring meters to get evidence on loud horn-blowing motorists.

SOUTH LYON'S MAJOR INDUSTRY — Organized in 1927, The Michigan Seamless Tube Co. of South Lyon has grown into a 20-million-dollar-a-year business employing 500 persons with an annual payroll of more than \$3 million. Founded by William N. McMunn, who died in 1941, the firm had a total payroll of \$12,000 the first

year. In recent years it has expanded into Texas and has sales offices in 19 cities throughout the United States and Canada. When construction is completed in South Lyon and Texas later this year, the annual production of 45,000 tons of seamless tubing will almost double.

South Lyon Plant Employed 27 When It Opened in 1927

Seamless Tube Plans Bright Future

By JIM LONG

SOUTH LYON—In 1927 William N. McMunn hired 27 men to work his new plant in South Lyon. That first year he had a payroll of \$12,000.

Today, 33 years later, The Michigan Seamless Tube Co. in the corner of southwest Oakland County is a 20-million-dollar-a-year organization, employing 500 persons with an annual payroll in excess of 3 million dollars.

The firm is the only one of its kind in the state, devoting its entire plant to the production of cold-drawn seamless steel tubing.

The company's tubing is made in almost every form—round, square, rectangular,

hexagonal, octagonal, streamline, or oval.

From the late Mr. McMunn's original factory, which is still an integral part of the 16-acre facility used today, the firm now includes a subsidiary in Texas and 19 sales offices throughout the United States and Canada.

The sister plant, Gulf States Tube Corp. in Rosenberg, Tex., is currently engaged in an expansion program that will double its capacity. The Texas plant began operations in 1957.

For the past 19 years the company has been headed by William A. McHattie, who took

over upon McMunn's death in 1941.

NO STRANGER

McHattie was no stranger to the operation. He had worked almost every machine in the plant since 1933.

Tubing produced by Michigan Seamless falls into three general classifications, mechanical, pressure and aircraft.

Outside diameters may range from 3-16 of an inch to 3½ inches. It can be produced to an infinite number of specifications to fill particular orders.

Mechanical tubing is used in machine construction for tracers, rods, gears, in farm

implements, hydraulic equipment, lawn mowers, mining equipment, motorcycle frames and pneumatic tools.

Seamless pressure tubing has a variety of applications wherever gases, vapors and fluids are handled at a full range of pressures and temperatures.

Michigan Seamless aircraft tubing is used in the manufacture of fuselages, landing gears, flight controls, engine mounts, wing assemblies, fuel lines and axles.

45,000 TONS

It is estimated that the firm produces 7 per cent of the nation's total of seamless tubing or about 45,000 tons annually.

The expansion program will increase the total capacity of the two plants when it is completed this year to about 95,000 tons of seamless tubing a year.

More than 2,200 persons around the country own stock in the organization. The total number of stockholders nearly doubled last year when a million shares went on sale to finance new construction.

From a huge stockpile of the finished product, the process of making a tube takes about a day.

The 24-hour period is required so that the glowing hot, pierced length of steel can cool and be "cold worked" to its final form and specification.

On entering the plant, long lengths of carbon or alloy steel are cut to a predetermined size by an acetylene torch machine.

The lengths, known as billets, are then automatically transferred and heated to the proper temperature in a rotary hearth furnace.

FORM HOLE

Reaching a workable temperature, the orange-red billets are removed from the furnace and rammed over a conical "piercing point" which starts the formation of the hole in the tube.

The pierced tube is rolled several times, transforming

the hollow cylinder into a more uniform tube both inside and out. The tube is then cooled.

The cold working is done by either of two methods—tube reducing and cold drawing.

In tube reducing the fully tempered tubes are rolled between semicircular dies which rock forward and backward under pressure that causes the cold metal to flow between polished die surfaces over long tapered spindles.

In the final production stage, the tube is cold-drawn through a stationary die over a mandrel to reduce the diameter and wall thickness.

The finished product is then stacked neatly at one end of the plant where the tons upon tons of tubing of various shapes and sizes are ready for shipment to distant warehouses and the nation's industries.

Construction to Start in Early Spring

Davisburg Will Get New Post Office

DAVISBURG—Construction of a new post office in Davisburg is scheduled to begin early this spring with completion due by Aug. 31, according to Postmaster General Arthur E. Summerfield.

A modern building containing 1,320 square feet of floor space will be constructed on the north side of Broadway street, between Eaton and James streets. It will have a loading platform of 120 square feet of hard-surfaced parking and truck maneuvering space.

The building will be leased from Floyd W. Pope of Grand Blanc for 10 years with renewal options extending an additional 10 years.

"Under the Post Office Department's unique Commercial Leasing Program, the Department now is awarding contracts for new postal facilities at the accelerated rate of over five build-

ings every work day," Summerfield said.

He pointed out that the post office to be built at Davisburg is typical of many others going up elsewhere throughout the country.

"These new post offices contain not only the modern patron-service counters and eye-saving fluorescent lighting, but provision is made for patron service after regular business hours," he added.

Because the Davisburg post office will be leased to the Federal government, it will pay property taxes to the local government.

The present post office is located in a small frame building several doors from the new site.

The new facility is one of 1,400 new post offices to be built in fiscal year 1960. A total of 12,000 post offices must be replaced or

modernized due to lack of space and obsolescence, according to Summerfield.

There are more than 25,000 post offices in the United States at the present time. They handle a total of 62 billion pieces of letter mail and parcel post annually.

Muskegon Sheriff Quits on His Doctor's Advice

MUSKEGON (UPI)—Sheriff Arthur W. Davis, Muskegon County's colorful chief law enforcement officer for the past 38 months, resigned yesterday on the advice of his doctor.

The 50-year-old Davis, who was a constable and undersheriff before being elected sheriff in 1956, said he was quitting with "deep regret." His resignation will become effective April 15. Meantime he will take a vacation.

MODEL IN SHOW — Two mothers and two children try on the fashions they will model in the "Family Fashion Show" March 31 at Auburn Hills Junior High School. They are, from left, Mrs. Lester Arnold, Annette Niedling, 2, Mrs. Jack Bailey and Terry Bailey, 3. The event is sponsored by room mothers at Stone and Auburn Hills elementary schools.

150 Children to Take Part in Art Meeting

ROCHESTER—Forty-one elementary classroom teachers and over 150 children will participate in the Michigan Education Assn. Region Seven Conference art meeting in Rochester tomorrow morning.

The classrooms of North Hill Elementary School will be open to the public during the event, announced Dorothy Whipple, meeting chairman and head of the elementary art department in the local grade schools.

Teachers and token groups of children in kindergarten through six-grade and special education will demonstrate some of the art media used in the Rochester schools.

There also will be intermittent showings of colored slides of local pupils' art work and exhibits from Rochester's eight elementary schools and the junior and senior high schools.

Art consultants, Mrs. Sue Preston and Julius Kusey, will work with the classroom teachers and Mrs. Whipple.

Election to Be May 9 on Rochester Schools

By LEE WINBORN

ROCHESTER—The Rochester Board of Education last night set May 9 as the date for a special school election. Voters then will be asked to approve a \$3,100,000 bond issue for school construction and expansion.

The proposed building program is designed to meet the needs of the district for the next two years, school officials said.

Major projects to be included are a new elementary school, a junior high school, an 18-classroom addition to the high school, additions to two elementary schools and extensive remodeling of the present junior high.

The new Howard L. McGregor Elementary School will cost an estimated \$500,000. It will contain 14 classrooms, a library, general use room, multi-purpose room and other service areas.

TO BE EXPANDABLE

Designed to accommodate 600 students and be expandable to hold 900, the new junior high school will cost about \$1,400,000.

The figure set for the high school expansion program is \$500,000 for the addition of 18 classrooms.

Also planned on the elementary level are additions of six classrooms each plus a library and general use room at both Hamlin and Meadow Brook schools.

These two additions will cost \$200,000 each.

Remodeling of the present junior high school building is planned to bring it up to the standard of the new junior high so that the educational programs will be same at both schools, administrators said.

In addition to the school

building and expansion program, a portion of the money raised by the proposed bond issue will be set aside for further site development on the senior high school grounds.

The Board of Education last night also selected Linn Smith Associates, Inc., Birmingham, as the architectural firm to work on the new junior high school building. The company had previously been hired for the remodeling of the old junior high.

The same architectural firm hired for the new McGregor Elementary School will have charge of the design and construction of the two elementary school additions. It is O'Dell, Hewlett and Luckenbach Associates, Birmingham.

The amount of millage to be asked at the time of the bond issue has not yet been decided by the Board. It is expected to be about four and a half mills, however, members have estimated.

Betty Wins in Rochester

Tops Science Fair Field

ROCHESTER—A project on the eye, made by 13-year-old Betty Frank, was picked from a field of 600 entries as the top winner in the Science Fair at Rochester Junior High School last night.

An eighth grader, Betty is the daughter of Mr. and Mrs. Robert F. Frank, of 694 Bloomer Rd.

For her achievement she received a trophy and \$250 worth of science books of her choice.

Future Farmers Meet in Convention at MSU

The 32nd annual convention of the Michigan Assn. of Future Farmers of America gets under way today for the next two days in the auditorium at Michigan State University.

Nearly 1,600 FFA boys from some 225 high schools are on hand competing for honors to be awarded at this time, Superintendent of Public Instruction, Dr. Lynn M. Bartlett announced today.

Selection of 220 youths for State Farmer degrees and the naming of a Star Farmer will highlight the convention.

The annual banquet program will include greetings from Bartlett and Gov. Williams. Former national FFA officer Norman Brown of Temperance is the featured speaker.

The top 10 projects will be entered in the Detroit Metropolitan Science Fair April 7-10.

The science students' work will be on public display at the junior high school from 6 to 9 p.m. today.

Open 10 A. M. till 9 P. M. Thurs., Fri., Sat. and Sun. Tues. and Wed. till 5 P. M.

Madeline Hall, center, director of the Oakland Child Guidance Clinic, spoke on "The Gifted Child" when Child Study Club Group III members held an election of officers and luncheon at Ted's Restaurant. Mrs. Eddie

O'Brien of Herbell street, left, a new club member, and Mrs. Roy M. Jones of Roslyn street, a past president and parliamentarian of the group, joined the speaker for pre-luncheon chitchat at the Tuesday gathering.

Teen-age Delight: Softened vanilla ice cream mixed with peanut brittle that has been put through the food chopper, then ice-cream mixture refrozen.

AAUW Elects Officers

Mrs. Tom T. Reese has been elected president of the Pon-

tac branch, American Assn. of University Women.

Serving with her will be Mrs. Thomas J. Hollis, first vice president and Mrs. Robert Doerr, recording secretary. Other officers are Mrs. Donald McMillen, second vice president; Aldene French, corresponding secretary; Dorcas Wolf, treasurer. Mrs. R. V. Thurston and Mrs. John M. Bills are directors.

Mrs. Olin E. Thomas reported at Monday's meeting on work being done by the AAUW to promote legislation to meet the urgent needs of mentally sick children in Michigan. She stressed the need for separate children's units, increased staffing and improved programs. Although the Lodge-Nichols bill did not pass the Senate, Mrs. Thomas feels that there is still time to enact legislation for the urgent need.

James Henderson of the Leader Dog School for the Blind in Rochester narrated the film "They Shall Not Walk Alone." Training of dogs before assignment to a blind person and subsequent training of dog and prospective master was shown.

Mrs. Hollis, social chairman for the evening, was assisted by Mrs. Lloyd Watt, Mrs. Morley J. Newman and Margaret Steward.

A mental health psychodrama will be presented at the April 18 meeting in the Community Services Building at 8 p.m.

Fur Featured
(UPI) — New cotton coats, jackets and parkas feature fur. Raccoon, jaguar, badger and fox are used for hoods, collars, cuffs, and linings. Look for fur on corduroy coats, fur coats, poplin parkas, ponchos and shepherd's coats.

Child Study Club Group III Holds Election of Officers

Officers were elected when Child Study Club Group III members met for luncheon at Ted's Restaurant Tuesday.

Mrs. E. W. McGovern, new president, will be assisted by Mrs. William Wright, first vice president; Mrs. Robert Bego,

second vice president; Mrs. Maynard Raye, recording secretary; Mrs. Elwood Bigler, corresponding secretary; and Mrs. James Jenkins, treasurer.

Mrs. Clarke Kimball was named parliamentarian and Mrs. Robert Knight, auditor.

Madeline Hall, director of the Oakland Child Guidance Clinic, spoke on "The Gifted Child." She said the gifted child becomes a special responsibility to parents, school and community as a whole.

"Intellectual measurement,

early development and better performance at an early age . . ." mark the gifted child, the speaker explained. "I.Q. testings and aptitude tests may give a clue to pointing up a gifted child." Miss Hall added, "The hallmark of the gifted child," she concluded, "is an insatiable curiosity."

Mrs. Richard Kieft and Mrs. Robert Reynolds were luncheon hostesses. Guests were Mrs. Robert Shorey, Mrs. John Hubbard and Mrs. Norman O'Brien.

Among smiling faces at Child Study Club's luncheon were, from left, Mrs. William Wright of Chippewa road, first vice president; Mrs. Maynard Raye of Eileen drive, recording secretary; Mrs. E.

W. McGovern of Alice avenue, president; Mrs. Richard Kieft of Wenonah drive, hostess; and Mrs. Herbert Howerth of Drayton Plains.

County Seminar Studies Family Life, Education

By MADELEINE DOEREN

Dr. Paul Miller, provost of Michigan State University, East Lansing, spoke about "Challenges Facing Today's Women" at a seminar of the Oakland County Cooperative Extension Service home economics program Wednesday evening in the Oakland County Health Center.

Lyle Abel, county director for the Cooperative Extension Service, welcomed representatives of professors who participated in the discussion of family living education in Oakland County.

Family living as related to women was the subject of a talk by Mrs. Carolyn Schroek and Mrs. Mary Hardy, county extension agents in the home economics program. This service seeks ways to improve family objectives and meet the needs of the 175,000 families in Oakland County.

There are 120 extension clubs in Oakland County with 1,600 members. Monthly meetings cover family education.

MANY PARTICIPANTS
Participating in a discussion of woman's role in family functioning were Circuit Court Judge Clark Adams, home economist Mrs. Ruth Clark, Dr. Lowell Edmund of the MSU continuing education department, George Gaky of Pontiac Parks and Recreation, Mrs. Carol Green of the welfare board, Mrs. Eva Hagany of the League of Women Voters,

Jean Hardy of the Detroit Edison Co., Bob James of Family Service and William McCarthy of the Juvenile Court.

Viewpoints of other professions and services were expressed by Dr. Christopher Sower, sociology professor, MSU; Albert Waxman, area services director, Royal Oak; Mrs. Miriam Shafer, vice chairman, county home economics; Florence Rann, MSU home economics program; Mrs. Hope Lewis, Board of Supervisors; Mrs. Margaret McCall, Holly Herald; Francis Miller, Pontiac Credit Bureau; Mrs. Peg O'Hara, County Home Economics Council chairman, and Phyllis Pope, director, Pontiac library.

Another seminar is planned for April, with the date to be announced later.

How to Become a Low Brow

NEW YORK (UPI) — If you have a high forehead, create the illusion of a lower brow by proper shaping of eyebrows. Arch the eyebrows slightly to shorten the distance between eyes and hair line.

Twelve underneath the brows just enough to raise them a little higher above the eyes. Heighten the curve on top with eyebrow pencil.

Six Pages Today in Women's Section

Champs Elysees . . . Maxim's Under One Roof

It's Almost Like Being in Paris

By MARJORIE EICHER

Fresh violets for the ladies dispensed a la Parisienne is just one of the touches Raymond Meurer has up his sleeve for Kingsley Inn's gala festival "April in Paris," April 26.

Honoring the visit to this country of His Excellency Charles DeGaulle, President of France, the affair constitutes a commercial scoop on the diplomatic front.

Mr. Meurer has assembled all area resources from the advice and personnel of members of Entr' Aide Francaise (Detroit area society of people of French origin) to the corporate strength and services of Air France.

The former is supplying guidance to lend authenticity and flavor to the event. Air France will fly the spring fashion collection of Pauline Trigere for showing in Bloomfield Hills at this festival.

Included in the flight will be an authentic gendarme's uniform, believed to be the first imported to this country (red tape, not red brain, you know). Mr. Meurer confided with a secret smile that it's very possible the gendarme, too, will be included.

PAULINE TRIGERE

The evening should be worth it alone on the strength of Miss Trigere's collection. A 'blue chip' name in the fashion world, she was one of ten women honored yesterday as one of the nation's top 10 working women.

Last year Miss Trigere won the annual Cotton Fashion

Award, so her summer collection indeed bears scrutiny. Her designs will be presented by Claire Pearson who has arranged for commentary by Betty Lou Shaw.

Plans for transforming the Inn into a bit of Paris in spring leave one reeling. Commercial designer Stan Harris visualizes a Paris at the time of Giot.

The foyer will be transformed into the Champs Elysees. The main dining room is destined to become Maxim's (Mr. Harris is dicker for miles of red velvet); the smaller dining room will become Versailles and the bar will bear the tri-color of a French military bistro.

Pigalle will emerge in the decor of the basement, adjoined by an outdoor garden which will be lighted a la Folies Bergere with strobe lighting effects that are strictly Hollywood. Floral designer Serba who is noted for these effects, is working with Mr. Harris.

Talented soprano Maria Roulet who was heard with the Pontiac Symphony orchestra last year, has been engaged to provide light French song. Dancing, too, is on the musical menu.

Food and France evening practically synonymous, Kingsley's French chef, Jaime, has been busy making plans for an elegant dinner menu worthy of the occasion. (Champagne) is expected to flow freely.

Whether or not Oakland County's snows stay for ever, we have the promise of a little bit of Spring out Woodward avenue way. Vive la France!

Three Initiated by Daughters

Edna Isenberg, Lucy Smith and Judy Timmerman were initiated into Pontiac Bethel Lodge, International Order of Job's Daughters, Monday evening at the Masonic Temple on Lawrence street.

Plans were made for a pancake supper April 9 from 5 to 7 p.m. at the Pontiac Federal Savings and Loan building. Patricia Rajala of Voorhees road is in charge of tickets.

The Fox and Hounds Inn will be the scene of the Mother and Daughter Banquet set for April 27.

Newcomers Hear of Wine on Men's Night

The Newcomers Club of Pontiac held its annual Men's Night Wednesday evening at the Hotel Waldron.

Arrangements were made by Mrs. Gordon Lowe. Hostesses were Mrs. Clifford Wilcox and Mrs. Harry Hahn, assisted by Mrs. Richard Boyer and Mrs. E. T. Kucharczyk.

A movie was presented by Don Bonhaus, representing the Wine Advisory Board of California. Covering the history of wine-making and cookery with wine, the showing was accompanied by distribution of recipes and an informal wine-sampling session in the traditional manner.

This News Is Personal

Guests of Mr. and Mrs. Matthew Cammerari of Birmingham following the film showing of "The Barber of Seville" at the Bloomfield Theater Tuesday included acting Italian Consul Vittorio Re and Mrs. Re.

Other Detroit guests were Mr. and Mrs. Thomas V. Lociero, Prof. and Mrs. Domenic Pucci, Mrs. Angelina Di Martino and her sister Mrs. Grace Adarante, Dr. and Mrs. Norbert Dittich, Mrs. Aurelia Peralta, the Frederick Solversons, Mr. and Mrs. Carl Carlson and the Frank Blanchfords.

From the Birmingham area were Mr. and Mrs. L. S. Heintz, the Thomas Hurms, Mrs. Howard Cousins, Mrs. Alfred Smith, the William J. Mirelgers, and former Birmingham resident Mrs. Pearl Robinson of Vero Beach, Fla. The Earl Demels of Plymouth completed the guest list.

Lillian Samardisja, daughter of Mr. and Mrs. Mike Samardisja of Home street has returned to New Orleans, La., where she is a student nurse at Charity Hospital.

Mr. and Mrs. Cyle R. Haskill and children Dixie, Robert and Karren of Drayton Plains are visiting Mrs. Haskill's parents, the Glenn Richmonds of Voorhees road, who are wintering at Lakeland, Fla.

Named to the dean's list at Albion College for high scholastic standing were Richard J. Hathaway, sophomore, son of Dr. and Mrs. F. M. Hath-

away of Iroquois road; Michael John Strang, sophomore, son of the Ralph B. Strangs of South Tilden avenue, and Sara L. Birmingham, freshman, daughter of Mr. and Mrs. Walter Barningham of West Huron street.

Mr. and Mrs. Edward E. Rothman of Lakecrest drive, Bloomfield Township, have invited a few friends for Sunday night buffet this weekend. They will also entertain at Sunday brunch on April 10.

Mr. and Mrs. Harold F. Wells have returned to their home on Premont street, Waterford Township, after a trip to Marcellus, N.Y.

Mr. and Mrs. John D. Polmear of Bamford street, Waterford Township, announce the birth of a daughter Elizabeth Mary, March 21 at St. Joseph Mercy Hospital.

Mrs. Polmear is the former Joanne Russell. Mrs. John P. Polmear of North Shirley avenue is paternal grandmother.

David S. Cooper, son of Dr. and Mrs. E. L. Cooper of Shirley drive, Birmingham, recently was elected recording secretary of Phi Gamma Delta fraternity at Denison University, Granville, Ohio, where he is a junior.

Diane Wengren, Denison freshman, daughter of Mr. and Mrs. Walter A. Wengren of Ottawa drive, Bloomfield Township, has pledged Alpha Phi sorority.

Typical of the trend toward checks introduced by Dallas fashion designers this week was this yellow and white tablecloth plaid ensemble designed by Charles Dickey. The perky tie-on hat is ideal for sports car cruising.

He's All Yours, Honey! Says Dear Abby

You've Married a SLOB... for Worse

By ABIGAIL VAN BUREN

DEAR ABBY: My husband has absolutely no sense of values. He likes nice things but he doesn't take care of them.

When we were first married, four months ago, he had a nice wardrobe. But there is practically nothing left of it now. Everything is either torn, lost, or he burned a cigarette hole in it.

My husband thinks nothing of taking off his good clothes and letting them drop right on the floor. He wears his good shoes to work every day and will use a good T-shirt to buff them. (He says it has to go to the laundry anyway.)

Our nice collection of records would lay around out of their jackets collecting dust and scratches if I didn't take care of them. Our new furniture has cigarette burns and glass marks, and our rugs are all

stained from things he has spilled. I am broken-hearted and depressed. Can you help me?

DISILLUSIONED BRIDE
DEAR BRIDE: It sounds like someone turned her little boy over to you to finish raising. Face it. Your husband is a slob. Remind him gently (without nagging) to be more respectful of his clothing and furniture. Pick up after him when he "forgets."

You took him for better or for worse. I've heard of better. But there are worse.

DEAR ABBY: I am a college

student (male) and 20 years old. My problem is that girls won't leave me alone. I had to call the police twice this year because girls were hanging around my house. I also had to get an unlimited telephone number for the reason that I was pestered constantly by girls. I get letters all the time from girls and women I don't even know. They all want to be with me or marry me.

To be perfectly truthful I do not see what they see in me.

DEAR WANTING: To be perfectly truthful—neither do I.

DEAR ABBY: Will you please settle something for us? We are 44 women who meet once a week. We call ourselves "The Club."

Recently an elderly woman in our town passed away. She was the mother of one of our members.

"The Club" sent a large floral bouquet to the funeral. Each member's name was on the card.

Don't you think that each member was entitled to a "thank you" note? And shouldn't the "thank you" notes have been sealed in an envelope and mailed with a 4-cent stamp?

A FEW OF THE MEMBERS
DEAR MEMBERS: One letter of appreciation written to "The Club" president, thanking all the members jointly would have sufficed. Whether or not the letter was mailed in a sealed envelope with a 4-cent stamp seems to be a pretty petty point.

CONFIDENTIAL TO

"NEEDS TO KNOW" (and about 100 other wives who beg to remain anonymous): If there is any question in your mind about what is "normal," I urge you to ask your doctor. He has heard everything, so you need not feel embarrassed.

HELGA MARIA FALK

A late spring wedding is being planned by Helga Maria Falk and Thomas Gonzalez, son of Mr. and Mrs. Jose Piedad Gonzalez of South Shirley street. The bride-elect is the daughter of Mrs. Gustav Helmut Falk of Joslyn avenue and the late Mr. Falk. Her fiance has served with the Air Force.

Blue Star Hears Report on Dinner for Anniversary

Blue Star Mothers Chapter 4 met Tuesday evening in the Pontiac YMCA.

A report was read on the St. Patrick's anniversary dinner at Elks' Temple, attended by 30 members.

A school of instruction Monday in Detroit was attended by Mrs. Otto McCune, Mrs. James Dando, Mrs. John Yung and Mrs. Charles Cowley.

Guests from Detroit Chapter 30 were Department Presidents Mrs. Clyde Trueman and National Choral Director Mrs. Mary Domke.

Name Fashion Show Chairman

At the Monday evening meeting of the Italian-American Club of Pontiac, Mrs. Paul Felice was appointed chairman of the spring fashion show and card party, April 28, at the club hall.

Also accepting chairmanships were Mrs. Robert Gaines, refreshments; Mrs. Floyd Loomis, decorations; Mrs. Joseph Spadafora and Mrs. Frank Perna, prizes; Mrs. Quillo Bernero, tickets; Mrs. Paul I. Spadafora, publicity.

Hostesses for the evening were Mrs. Felice and Mrs. Gaines.

Host to PEO Chapter

Chapter AW, PEO, Sisterhood, was guests of Mrs. Webster S. Francis of Pine Lake Monday evening.

President Mrs. James B. Boaz announced the date of the Michigan State Chapter Convention to be April 18-21 at Hotel Fort Shelby, Detroit.

Mrs. John F. Naz of Water-

ford reviewed the book, "The Last of the Curlews" by Fred Bodsworth.

Mrs. Boaz and Mrs. Paul M. Soover presided at the refreshment table.

Guests included Mrs. Jerry Shelburg of Des Moines, Iowa; Mrs. Robert D. Sweeney of Pine Lake; Nancy Oliver of

Pontiac; and Barbara Sanborn of Chapter EP, Palladin, Ill., who now lives in Clarkston.

The April 4 meeting will be at the Sylvan Lake home of Mrs. Millard G. Schram.

Speak Nuptial Pledges in Kingdom Hall Here

Nancy Jo Williams and Robert Kenneth Tucker pledged nuptial vows Saturday in Jehovah Witnesses' Kingdom Hall, Pontiac.

Ross Berry, cousin of the bridegroom, read the service in the presence of 200 guests.

Ballerina-length white nylon with jacket of Chantilly lace fashioned the bride's gown, worn with fingertip veil of silk tulle. She carried

yellow rosebuds and white carnations.

Mary Williams, her sister's only attendant, appeared in white lace over green taffeta. Her flowers were pink roses and white carnations.

The bridegroom, son of Mr. and Mrs. Verne Thomas Tucker of Collier drive, was assisted by his cousin, Gary Berry of Lake Orion as best man. The bride's brother Alan and the bridegroom's brother Wayne ushered.

At the reception at the home of the bride's parents, Mr. and Mrs. Kenneth B. Williams on South Jessie street, the bride's mother appeared in navy blue organza. Mrs. Tucker wore a two-piece powder blue wool suit. Red rosebuds and pink carnations fashioned their corsages.

The newlyweds will live in Waterford Township.

Bride-to-Be Is Honored

Janice Elaine Price, daughter of Mr. and Mrs. Harry Christ Price of Sunley avenue is on the pre-bridal party circuit before her May 14 marriage to Jacob Ramig Jr. Her fiance is the son of the senior Ramigs of Melrose avenue.

First of bridal showers to honor Miss Price was given Tuesday evening in the Cameron avenue home of Mrs. Robert Hessler. Cohostesses were Mrs. Marvin Callender, Mrs. Elmer Perry, Mrs. Robert Hays, Mrs. George C. Helzer and Mrs. Reinhardt Hessler.

Mothers of the engaged couple presided at the refreshment table. Other guests were Mrs. Ray Robinson, Mrs. Peter Tysick, Mrs. Jack Helzer, Mrs. John Helzer, Mrs. Howard Benedict, Mrs. George Scheppmann, Mrs. Dietrich Scheppmann, Mrs. James Perry, Mrs. Edward Perry, Diane Perry, Betty Perry, Linda Hessler, Mrs. Dale Flanery, Holly Marie Flanery, Frances Walters, Mrs. Chris Ramig and Geraldine Ramig.

Completing the list were Mrs. Steve Kamrad, Mrs. Steve Kamrad Jr., Joanne Kamrad and Mrs. David Schubert of Unionville.

Cancer Branch to Hold Meeting

ORION TOWNSHIP — The Tri-Township branch of the Michigan Cancer Foundation will hold its bi-monthly meeting at 1 p.m. Monday in Branch headquarters at the Orion Township Hall, 571 S. Broadway Ave.

A special invitation is being extended to Orion, Oxford and Addison Township residents in order to get as many volunteers as possible to work in the 1960 crusade, according to Mrs. Harry Slater, branch chairman.

Tom McCullough, representative for the Macomb County and north and south Oakland County units, will be present to talk to the volunteers.

The coat of Jacques Heim's two piece red wool suit is lined with red, white and black checks to match the blouse.

Reveal Their Secret Pals

Mrs. Milton Ott of Camelot drive, White Lake Township, was hostess for the annual secret pal revelation party for Alpha Omega chapter of Beta Sigma Phi sorority, Wednesday evening.

New officers elected were: Mrs. Vincent Schneider, president; Mrs. Donald Lloyd, vice president; Mrs. Ronald Kasher, corresponding secretary; Mrs. Kenneth Miller, treasurer; Mrs. Ott, recording secretary.

Names of new pals for 1960-61 were selected from an arrangement of yellow carnations which centered the tea table.

The annual state convention is scheduled for Oct. 21-23 in Detroit. The April 13 meeting will be at the home of Mrs. Ralph Marriott on Macey drive, Drayton Plains.

You'll look lovely... with a four-row necklace, made of white beads and tied at the back by means of a large navy-blue bow, matching a navy-blue suit.

Introduces Attendants

At a tea and kitchen shower in the West Huron street home of Mrs. Howard L. Cate Sunday afternoon, Barbara Fair introduced the attendants for her April 23 wedding.

Maid of honor will be Patricia Clark. Luana Mehlig and Janet Wilson will serve as bridesmaids.

The bride-elect's mother Mrs. Hardy J. Fair of Mark avenue presided at the tea table.

Also present were Mrs. Edward

Souden of Robinwood street, mother of the honoree's fiancé, James Souden; Mrs. George Mize, Mrs. Gerald Hubbard, Mrs. Donald Fair, Mrs. William Fair, Mrs. Raymond Fair, Mrs. Emory Fair, Mrs. Howard L. Cate Jr., Mrs. Richard L. Corl, Mrs. James Lear, Mrs. John Clark, Mr. Lester Mehlig, Mrs. Elmer Wilson, Kay Rouse, Karen Denham and Mrs. Kenneth Davidson.

Entertaining for the bride-elect at previous showers were Mrs. Dean Fulcher of Fairmont avenue and Mrs. Steve Field of Birmingham.

See What You Can Do Yourself

Don't Blame It on Family

By JOSEPHINE LOWMAN

Too many people blame too many things on their ancestors. If they are overweight they say, "I can't help it. It runs in my family."

If they have a bad disposition they say something like, "I am just like my Aunt Sarah. She is the kindest person in the world but she has a violent temper."

Of course it is true that inheritance plays a big part in how we look and what we are. BUT I do not like to see this taken too far because I am the mother of a couple of children and therefore I am an ancestor of sorts.

It is true that we inherit our glandular make-up which has a tremendous effect on our figure and our disposition.

However, the eating habits you inherited from your family probably have more to do with your weight than your glandular inheritance. Remember that only a very small percentage of overweight have a glandular deficiency.

THERE'S AN ANSWER

There is an answer to almost everything. Calorie counting is the answer to overweight. Plastic surgery is the answer to any real deformity. A permanent wave is the answer to straight hair as clever make-up is to a sallow complexion or thin or light brows or lashes.

However, don't take your disposition for granted. It is true that some folks just seem naturally to have a gay, happy disposition while others are born all tied up in knots.

This also probably reflects glandular inheritance and hence atmosphere to a certain extent, but something CAN be done about it and only YOU can do it!

You can learn self-control. It all

Nervous, tied up in knots? Don't blow your top — you can learn self-control.

the lower in warm associations and friends.

If you have a quick temper and then regret what you do or say, remember that it is always possible to remain quiet. Don't say anything when you are upset. Wait until an hour from then or even until the next day, if it is necessary.

Try to adopt an outgoing attitude which makes you aware of how your words and deeds affect others. With real effort you will develop control. This takes practice just like any other art.

Nuts add crunchiness to curries and creamed dishes. They're delicious, too, in poultry stuffings.

To Be Sent All Alone Not Good

By EMILY POST

Dear Mrs. Post: My daughter has been going out with a young man who lives at the opposite end of town. Several times when they have been out on a date, he has put her in a taxi and sent her home alone. I object to this very much and do not think much of a young man who will let a girl go home alone late at night. When I confronted my daughter about this, she said there was absolutely nothing wrong in it and that it would be foolish to have the young man come all the way out here and then go all the way back again. I would very much like to know what you think about this?

Answer: You are right. It is most improper for the young man to let your daughter go home alone late at night.

Dear Mrs. Post: A very dear friend of mine is planning to be married soon. However, she and the groom are of different faiths and therefore they are going to be married in the rectory of the church. It has always been her dream to wear a bridal dress and veil, but she has been told by several friends that this would be incorrect for a wedding in the rectory and that she should wear either a suit or afternoon dress, and hat. Will you please tell me if this is true?

Answer: It is never incorrect for a bride marrying for the first time to wear a bridal dress and veil. She should, however, choose a dress that is in keeping with the simplicity of the wedding.

Dear Mrs. Post: Having been entertained in a neighbor's house, would it be unfriendly, or unneighborly, not to extend an invitation to them to our house? My husband thinks not, but I disagree with him.

Answer: You should certainly return an invitation if you can, especially when you have enjoyed their hospitality.

Hat Hanger

A fellow seldom gets so blind that he can't see the other fellow's duty.

(UPI) — Make a hat hanger for a car with a wire coat hanger. Hold it by the hook and pull the crosswire down to form a square. Hang it by the hook at the side of the car, and put the hat in it.

MRS. DANIEL T. MICHAUD

Michauds Honeymooning at Ramada Inn, Phoenix

Honeymooning at the Ramada Inn, Phoenix, Ariz., are the Daniel Thomas Michauds (Paula Joanne Luscombe) who were married Saturday in the St. Gregory Church, Detroit. The Rev. Joseph J. Lasse officiated at the double-ring nuptials.

Daughter of Mrs. Jewel Luscombe of Birmingham and the late Mr. Luscombe, the bride was given in marriage by her brother William Kydd Luscombe. The parents of the bridegroom are the Herman J. Michauds of Detroit.

Attached to a semi-pillbox of Alencon lace with a scalloped edging of seed pearls was a fingertip veil of French illusion. White roses, stephanotis and ivy comprised the Colonial bouquet.

Matron of honor was Mrs. William Kydd Luscombe of Lincoln Park. Bridesmaids Patricia Andrus and the bride's cousin Nancy Jane Platz and Barbara Luscombe are all of Birmingham. Their dresses of peacock blue

silk organza over taffeta were styled with bell skirts, portrait neckline and cap sleeves. They held shell pink roses and blue and pink hyacinths.

Janet Mary Luscombe was flower girl and her brother Billy carried the rings.

Chester Susalla was best man. Guests were seated by Robert Michaud, Melvin Susalla and Bernard Cassin, all Detroiters, and Patrick Bradford of New York City.

For the reception in the Statler-Hilton Hotel Detroit, Mrs. Luscombe appeared in beige silk organza and Mrs. Michaud in royal blue lace. Both wore pink cymbidium orchids.

The newlyweds will fly to San Francisco for a brief stay, before returning to their home in Detroit.

Paula Joanne Luscombe, daughter of Mrs. Jewell Luscombe of Birmingham and the late Mr. Luscombe was wed Saturday to Daniel Thomas Michaud, son of the Herman J. Michauds of Detroit.

Couple Wed in Watford, Honeymoon at Niagara

The Rev. Roy F. Lambert solemnized the wedding vows of Althea Nora Allen and Phillip Wayne Reeves, Saturday, in Lakeland United Presbyterian Church, Watford, Altar flowers were yellow and white gladioli.

Parents of the couple are Mr. and Mrs. Leo Olin Allen of Bender street, Drayton Plains, and the Quinton Ralph Osmonds of Sutherland street, Watford Township.

The bride's sister, Sandra, was honor maid at the candlelight rite. Bridesmaids Laura Lou Upchurch, Mrs. Ivan G. Herr, Mrs. Edward Reeves and Cynthia Marie Reeves, junior bridesmaid, are all of Drayton Plains.

Cascades of yellow chrysanthemums and white carnations complemented their dresses of yellow satin and yellow daisy-trimmed hats.

Chantilly lace was applied along the hemline of the bride's bouffant gown of white Italian silk, styled with chapel train. The fitted bodice of lace featured long tapering sleeves and a soft scooped neckline.

Her fingertip veil of silk illusion fell from a cloche type beehivepiece of lace. A white orchid centered the cascade of white carnations.

Patrick Peters of Pontiac was best man. The usher corps included the bridegroom's brothers, Edward Allen Reeves, and Gary Thomas Reeves, both of Watford Township; Thomas Stevenson of Drayton Plains and Everett Handlett of Detroit.

At the reception in Amvets Hall, Mrs. Allen appeared in a light silk sheath dress with matching

MRS. PHILLIP W. REEVES

accessories. The bridegroom's mother chose a bouffant dress of brown organza with yellow accessories.

To begin the honeymoon trip to Niagara Falls, the new Mrs. Reeves wore a sheath dress of red jersey and the orchid from her bouquet. The couple will live in Pontiac.

OES Holds Friendship Gathering

Arene Chapter No. 503, Order of the Eastern Star, observed Friendship Night this week in Roosevelt Temple.

Presiding as guest officers were Mrs. Tom Rhodes, Royal Oak; Mrs. Gilbert Thran, Commerce; Mrs. Allison Toussaint, Rochester; Clarence Curry, Pontiac 228; Leo Mienner, Oxford; and Julius Kindel, Walled Lake.

Honored guests introduced were Mrs. George Tates, present grand committee woman on finance committee, and Mrs. David Varro, grand representative to the State of West Virginia in Michigan.

Members initiated were Mrs. Emory Holcomb, Mrs. George Brack, Mrs. Claude Jackson and Mrs. Joe K. Emert.

Past matrons and past patrons introduced were Mrs. Eugene Perko, Mrs. Sidney Fellows, Mrs. Theron Taylor, Mrs. Evert Johnson, Mrs. Lester Oles, Mrs. William Pfahler, Lester Oles and William Pfahler.

Oakland County officers present were Wilma Bendle, president; Mrs. T. J. Glascock, first vice president; Mrs. Perko, second vice president; Mrs. Perko, secretary-treasurer, and Mrs. Robert Adair, marshal.

Mrs. William Cox was hostess assisted by Mrs. Lyle Vemmer, Mrs. Albert Holton, Mrs. Frank Waring, Mrs. Joseph Waring, Mrs. Pfahler and Eugene Perko.

Assisting Mrs. Daniel Peterson, refreshment chairman, were Mrs. James George, Mrs. Clarence Crowley, Mrs. Fred Eastman, Mrs. Victor Nelson, Mrs. Norton Graham, Mrs. Donald Hetherington, Mrs. Joshua Hebertson and Mrs. Marion Holmes.

Chapters represented at the meeting were Oak Park, Davisburg, Clawson, Birmingham, Hazel Park, Commerce, Milford, Lake Orion, and Lewiston.

Members of Arene chapter will be guests of Roosevelt Lodge at a family night, March 31.

Bite-size shredded corn biscuits are a "different" and delicious accompaniment to chili con carne.

Shun These Habits; They're Unladylike

By RUTH MILLETT

A woman should try to visualize how unattractive she appears to others when:

She wears a cold, aloof, I couldn't-care-less expression instead of a warm and friendly smile when she is introduced to strangers.

She is verbally tearing another woman to shreds with catty comments.

She is expressing her opinions in a loud, know-it-all tone of voice, impatiently interrupting anyone who dares to question her conclusions.

She appears in public in pants, hair curlers or otherwise looking like anything but a well-groomed, appropriately dressed "lady."

he loses her temper and in a loud voice gives somebody a piece of her mind.

She acts highbanded with a

salesperson or someone else who is trying to serve her and has to take it.

She is bragging about how much she paid for this or that.

She is name-dropping in an attempt to make herself seem important.

She is trying to make others feel sorry for her by talking on and on about her troubles.

She is obviously happy to be passing along gossip about someone whose friend she pretends to be.

She is trying to build herself up at her husband's expense, making him look like a poor dope who doesn't even have sense enough to follow her advice.

Under the influence of a few drinks she decides that she is the life of the party.

She is running down her in-laws.

She is highbandedly correcting her husband's facts or his manners.

A sophisticated classic, this pure silk by Tranel of Dallas has deep sleeve setting and eased skirt fullness. Fringe at the neckline adds a feminine accent.

Beta Theta Pi OKs Projects

Mrs. Kenneth McIntosh opened her St. Joseph street home to members of the Gamma Chapter of Beta Theta Phi sorority Tuesday evening.

Mrs. William Doerr and Mrs. Joshua Madden will head the Easter basket project for children at the Oakland County Children's Home.

Donations were approved for scholarships to Camp Sherwood, council camp of the Northern Oakland County Girl Scouts.

A social hour followed, with refreshments served by Mrs. McIntosh, assisted by Mrs. William Frankfield.

The April 12 meeting will be at the Menominee road home of Mrs. William Ford.

Use minced scallions (green onions) to pep up tuna or chicken salad; be sure to add some of the green tops.

**Hawaiian Women
Have Upper Hand**
NEW YORK (UPI)—Among other blessings of the 50th state, Hawaiians also boast that

they live longer than mainland Americans.
But it's not exactly a man's paradise. Hawaiian women, as in the mainland, live longer than the men.

Hot Cross Buns Are in Style Now

By JANET ODELL
Pontiac Press Home Editor

Just as cookies are associated with Christmas, so Hot Cross Buns accompany Lent and Easter. Why not enjoy them right this week? You know that homemade bread and rolls make any meal a feast.

When we make bread at our house, we like to time it so that it comes out of the oven just before the school bus arrives. The Eleven-Year-old loves fresh bread for his after-school snack. We do the same thing when company is expected for dinner; the fragrance of fresh bread says, "welcome," in a special sort of way.

Although the origin of Hot Cross Buns is lost in antiquity, they are an accepted part of Lenten food in most Christian countries. This recipe uses mixed fruit peels as well as the usual raisins. Surprise the family with a batch for dinner tomorrow night.

Hot Cross Buns

1 cup granulated sugar
1/2 cup active dry yeast
1 cup warm water
1 egg
1 cup shortening
1 cup milk
1 cup sifted all-purpose flour
1 cup chopped mixed fruit peels
1 cup raisins
1/2 cup butter or margarine

Mix sugar and yeast in large bowl. Add water and stir mixture until dissolved. Add salt, egg, shortening and milk. Blend. Add flour, half at a time, mixing well. Mix chopped peels and raisins into dough.

Cover and allow to rise in warm place until bulk doubled. Turn onto floured board and knead. Roll out dough 1" thick and cut out with 2" round cutter. Arrange in greased baking pans.

Bake in moderate oven, 375 degrees F., 15-20 minutes. Remove buns to cooling rack. While warm, brush buns with melted butter or margarine. Make icing by mixing confectioners sugar with egg white and top each bun with a cross.

Icing

1/2 cup confectioners sugar
1 egg white

Variation: Two 12" braided loaves can be made with this dough. Divide dough into two parts. Roll out one part 1/4" thick about 6"x11". Cut 3 long strips. Braid loaf. Fasten ends by tucking under and securing. Place on greased baking sheet. Repeat with second part. Allow loaves to rise. Bake 15 minutes longer at same temperature as buns.

There are many customs attached to bread. The medieval housewife, for example, would never give the heel of a loaf of bread to a stranger because it would give away her good luck.

If you make up a batch of old-fashioned potato flakes, you'll have your friends fighting for the heel of the loaf. Instant whipped potato flakes are used in this recipe and the preparation features the quick batter method.

Potato Bread and Rolls

1 1/2 cups milk, acidified
2 tablespoons sugar
1 tablespoon salt
1 egg
1/2 cup shortening
1 package active dry yeast
1 cup water
1 cup instant potato flakes

Combine milk, sugar, salt and shortening; cool to lukewarm. Sprinkle yeast into warm water; stir until dissolved. Blend in lukewarm milk. Add flour and instant potato flakes; stir until well blended, about 2 minutes.

Cover, let rise in warm place, free from draft, until doubled in bulk, about 30-40 minutes. Stir batter down. Beat vigorously about 1/2 minute. Fill greased pan. Bake in moderate oven at 375 degrees.

ROLLS—2 1/4 x 1 1/4-inch greased

HOT CROSS BUNS—In the foreground a batch of fragrant warm Hot Cross Buns nestled in a napkin-lined basket. In the background the same dough has been used to make a braided Easter Loaf. Fresh homemade bread is welcome at any season of the year.

LOAF—Bake in 2 1/2 x 4 1/2 inch loaf pan at 350 degrees, about 1 hour and 15 minutes, or until well browned.

Yeast bread just not your forte? Well, all right, there are dozens of good recipes for what we call quick breads made with baking powder.

How about Caraway Cheese Rolls to serve with soup or salad? They're baked in a long roll and cut to serve.

Caraway Cheese Rolls

2 cups sifted flour
1 tablespoon double acting baking powder
1 teaspoon salt
1/2 cup milk
1/2 cup milk
1/2 cup caraway seeds
1 cup grated cheddar cheese

Sift together flour, baking powder and salt. Cut in butter or margarine. Stir in milk and caraway seeds. Knead for 10 to 12 seconds. Roll out 1/4-inch thick and sprinkle cheese over all. Cut 1 1/2-inches wide and twist to make a long roll.

Place on an ungreased cookie sheet and bake in a preheated hot oven (450 degrees F.) for 12 to 15 minutes. Yield: 6 servings.

An even quicker bread is made with a package of corn bread mix. This one also features cheese.

Crisp Cross Corn Bread

1 package corn bread mix
1/2 cup cheddar cheese, grated
1 egg, unbeaten
1 cup milk

Heat oven to hot (425 degrees F.). Cut 1 slice of cheese into tiny squares. Cut remain-

ing 2 slices of cheese into 1/4-inch strips. Place cheese squares, egg and milk in bag of mix. Squeeze upper part of bag to force air out. Close top of bag by holding tightly between thumb and index finger. With bag resting on table, mix by working bag vigorously with fingers. (Mix about 40 seconds, or until egg is completely blended.)

Squeeze bag to empty batter into special aluminum foil pan contained in package. (Do not grease pan.) Place strips of cheese on top of batter to form lattice pattern. Bake about 30 minutes. Open corner folds of pan for easy cutting and serving.

Heat Chicken Salad for Spring Serving

Here's a chicken salad that is fine for a main dish for spring serving at any time of day, or if you want a delightful side-dish with cold-cuts, this is it! It's one part of the meal you can prepare ahead of time, then just pop it into the oven before serving time.

Chicken Salad Casserole

4 cups cubed chicken
1 cup diced celery
2 tablespoons grated onion
1/2 cup chopped walnuts
1 tablespoon lemon juice
1 cup shredded cheddar cheese
1 teaspoon salt
Dash pepper
Mayonnaise

Combine chicken, celery, cheese, walnuts; blend in lemon juice. Stir in enough mayonnaise to moisten thoroughly.

Place mixture in greased baking dish. Bake in 350 degree oven for 15 to 20 minutes. Garnish with chopped walnuts. Serves 4 to 6.

Frozen Fish and Bananas Among Food Bargains

Slow and ice crippled farm output coming at a time of increased Lenten demand has resulted in sharply increased prices—3-5 cents in all markets.

Cream cheese and a wide variety of yellow natural cheeses and processed cheese leaves are being featured this week at the dairy counters.

Poor shipping conditions have caused a backlog of bananas at points of entry and prices in most markets are particularly low this week. Asparagus also continue to be economical, but California navel oranges are moving out in much lower volume and prices have increased in the past couple weeks.

Fresh shipping conditions are getting better all the time and prices are edging lower.

Shipments of carrots continue to be heavy and new production areas for broccoli have opened up to cause the present attractive prices.

Fewer fryers are coming to market and the poultrymen also fear that some flocks were weakened by the cold weather. Knowing this situation, shoppers will recognize the many current store features on whole birds and fryer parts as excellent values.

Many of the nets which were placed in Lake Erie waters last week were swept away in the ice. Fresh fish is scarce but there are ample supplies of frozen stocks at low prices. Along with medium shrimp, halibut, haddock and ocean perch are the best values. Fish which are cut into fillets and steaks are often less expensive per serving than the "dressed" fish because they are sold meat and practically boneless.

EGGS AND DAIRY

The storms have cut egg output in estimated 8-10 per cent in major producing areas. This decline in

Although offerings of spinach and cauliflower have been light due to weather conditions, there are a number of thrifty store specials to be found.

The volume of asparagus is increasing every day and prices are dropping, sizes are running larger than last season. Plentiful supplies of fresh mushrooms, which are such a fine addition to meat-less menus, are causing reasonable prices.

Supplies of canned peaches stand at a new high due to the record-large California pack. Along with record crop that's now reaching food stores across the nation.

The almond has a long and interesting history. It's even mentioned in the Bible where, in the Hebrew language the word "almond" signifies "waker," or one who is sleepless. That's an interesting reference, for in culinary circles the almond has long been known as an "awakener" of languid taste buds.

Veal Almondine Wins Praises

If you plan your menus with the help of your cook book, it's a good time to mark those recipes calling for the use of almonds. The U.S. Department of Agriculture says almonds are one of our most plentiful nuts, due to the record crop that's now reaching food stores across the nation.

The almond has a long and interesting history. It's even mentioned in the Bible where, in the Hebrew language the word "almond" signifies "waker," or one who is sleepless. That's an interesting reference, for in culinary circles the almond has long been known as an "awakener" of languid taste buds.

Try this recipe for **VEAL ALMONDINE** which is an especially delicious combination of veal, sour cream and almonds. Brown med-

ium-sized cubes of veal in hot oil. As soon as the meat is uniformly brown, sprinkle with salt and pepper and add enough hot water to cover. Simmer slowly until tender, using a tight cover on the pan to keep in the steam. Then remove the cover and allow most of the liquid to evaporate.

Blend in some sour cream and simmer gently, uncovered, for about 5 minutes. Stir in chopped, roasted almonds. Serve immediately on buttered noodles with a generous scattering of almond slivers or halves for garnish. This is an easy-to-prepare dish that is bound to win compliments.

Tuna Dogs

Children, from six to 60 will love Tuna Dogs. Cut frankfurter rolls lengthwise and put on cookie sheet. Combine tuna salad, with 1/4 cup grated cheddar cheese and roll rolls. Bake in 350-degree oven about 15 minutes. Sprinkle each dog with paprika and serve with a plump lemon wedge.

Next time you are making egg-minced parsley if it happens to be in the refrigerator. Fresh flounder has an affinity for cucumbers.

Lenten meals are tastier...

When you serve Hoffman House **SHRIMP or TARTAR Sauce**

TRY THIS IDEA: Tarter-Tuna Salad! Mix one can of tuna with Hoffman House Tarter Sauce. Blend until smooth. Add a dollop of mayonnaise spread or salad!

Traditional Biblical Foods Used in Recipes

Lent is a time when homemakers can express the family's faith through food. While the tradition of fasting predates the first Easter and has varied widely through the centuries, faith and food have always been closely linked.

Lent can take on deeper meaning through appreciation of the relationship of this season's foods to those of Biblical times. The Bible often refers to foods, particularly bread and fish. These are mentioned in the story of Christ when he came to the aid of his disciples fishing on the sea of Galilee — "Jesus came and took the bread and gave it to them, and so with the fish." John 21:13.

These foods became symbols — fish the symbol of Christianity and bread meant all food. Bread was life. A third common food was cheese. In the Valley of the Cheese Makers, near Jerusalem, cheese was purchased either as a product similar to yogurt or as a dry curd to be made into a drink with addition of water.

The fishes of the seas, broiled or salted, and the hearth-baked breads are heritages from this past. The Old Testament speaks of raised bread to which dried fruits, honey, and spices were added to make a "sweet."

The simple fare of Galilean fishermen — and meat was a rarity then — can inspire appreciation of this season. Here are Proven Recipes with delightful ways to serve the traditional Lenten fish, bread, and cheese.

Mushroom-Cheese Casserole
 1/2 cup sliced mushrooms
 1/2 cup sliced cheddar cheese
 1/2 cup chopped onion
 1/2 cup chopped celery
 1/2 cup butter
 1/2 cup milk
 1/2 cup salt
 1/2 cup pepper
 1/2 cup milk
 Alternate layers of soft bread cubes, mushrooms, cheese, celery and onion in a greased (1 quart) casserole. Combine beaten eggs, mustard, salt, pepper and milk. Pour over bread in casserole. Bake

Best egg whites until frothy; 2 x 12 x 1 1/2-inch) oblong baking dish. Arrange cheese cubes, lima beans, and onion over bread. Drain tomatoes and place the pulp over the cheese-bean mixture; reserve mixture. Bake sandwiches in a slow oven (325 degrees F.) about fifteen minutes, or until delicately browned. Yield: 6 sandwiches.

Cheese Sandwich Bake
 1 slice enriched bread
 1 cup cheddar cheese (1/2 pound)
 1 cup drained, canned baby lima beans
 1 tablespoon chopped onion
 1/2 cup milk
 2 eggs beaten
 Combine tomato juice and beaten eggs; spoon over sandwiches. Bake in a moderate oven (350 degrees F.) for 20 minutes, or until bubbly. Yield: 4 servings.

Canned chicken-noodle soup takes on extra-good flavor if you sprinkle it with minced chives just before serving.

Protect Baby—Disinfect

ROMAN BLEACH
has germ-killing power

Roman Bleach is a safe germicide for disinfecting of toys, play pen, nursery. Careful mothers use Roman Bleach every day to insure sanitary cleanliness for baby's protection. Disinfecting directions on label.

ROMAN BLEACH IS A CLEANSER, A BLEACH, AND A DISINFECTANT.

Sea Island Sandwiches Fashioned Club Style

From the shores of the swaying palms comes this recipe for Sea Island Club Sandwiches. Spread slices of buttered white toast with

mayonnaise. Cover each with a lettuce leaf, bacon slices and a drained canned pineapple slice. Add a slice of buttered whole wheat toast; spread with mayonnaise and cover with drained canned boned chicken, or turkey. Top each with a second slice of

buttered white toast. Cut sandwiches diagonally into quarters. Secure with toothpicks.

Note to new cooks: the word "dredge" means to coat a food with flour or some other fine substance.

Chutney in Gravy
 When you have mango chutney in the house, mince some of the big pieces of fruit in the condiment and add it, along with a little of the chutney sauce, to gravy. Wonderful with roast lamb!

FISH-SHAPED PIE — Here's a special fish-shaped pie for serving during Lent that takes a while to prepare, but is well worth the effort. It is

shaped like a fish, but is really a pie — Fish-Shaped Salmon Pie.

Use That Sauer

Many American hostesses are not observing the rules of fine service when they place a leucop directly on a tea plate without adding a saucer. Use that saucer! It keeps the cup from jiggling and makes tea-drinking comfortable!

"A dash" means to use less than 1/4 teaspoon of whatever seasoning is called for.

Cut Pastry in Fish Shape, Add Salmon Insides

Now's the time to bring out your favorite, most delicious, and fanciest fish treat for the family. Serve it attractively and you'll be pleased with the compliments you'll receive.

Fish-Shaped Salmon Pie

Plain pastry dough: two 12-inch circles (round can red or white salmon flakes) 1/2 cup milk 1/2 cup onion, chopped 1/2 tablespoons lemon juice 1/2 cup butter 1/2 cup sugar 1/2 cup salt 1/2 cup pepper 1/2 cup lemon juice

Fish shape: Draw a fish pattern on paper, either free hand or using a fish-shaped mold as a guide. Length should be approximately 12 inches, depth of fish five to six inches. Make pastry to cover pattern twice. Roll each half of pastry dough into a circle 1/4 inch thick. Lay pattern on pastry and cut around it with a pointed knife.

Remove pattern and trimmings, and carefully slide fish-shaped into baking sheet; place in refrigerator. Roll out second portion and cut out exactly as first, but slide this shape onto waxed paper, then slide onto a second baking sheet and chill.

Filling: Drain salmon, save juice. Remove skin and discard; crush bones and flake fish. Melt butter in saucepan, add onion, sauté until soft. Blend in flour, then add salmon liquid and milk gradually and cook and stir until sauce boils and thickens.

Fold in fish, season with salt and pepper and blend in lemon juice. Cool.

An hour before serving, spread mixture over the fish-shaped, pastry, heating slightly in center, but keep filling 1/4 inch from edge. Wet edge with cold water. Now slide second fish-shaped pastry from waxed paper over filling, exactly matching lower pastry; press edges together firmly to seal.

Bake 15 minutes in hot oven (450 degrees) then reduce heat to moderate and bake about 30 minutes longer or until brown.

To serve, loosen with spatula and slide onto hot chop plate or other long platter. Garnish with parsley, sliced cooked carrots, olives and pimiento, and serve hot. About four servings.

One egg, used as a thickening, is the equivalent of one tablespoon of flour.

It's Lemon Filling for Graham Cake

Desert will be the highlight of your meal when you bring a luscious looking cake of several thin layers filled with lemon custard to the table. The mouths will start watering as soon as you begin cutting the cake to reveal the rich goodness of the layers of the graham cracker cake. This cake is as delicious as it is beautiful to look at, so don't plan on much of it being left over.

Lemony Layer Cake

1/2 cup sifted flour, 2 teaspoons baking powder, and 2 cups fine graham cracker crumbs. Add four mixture alternately with 1 cup milk; add 1 teaspoon vanilla.

Turn into two 8 inch layer pans lined with waxed paper. Bake in moderate oven (375 degrees) 30 to 35 minutes. Remove from pans; cool and split each layer. Fill layers with lemon filling above. Will serve 8 to 10.

Special Salad

Serve this unusually good salad to your family tonight. Combine sliced drained-canned peach slices with sliced celery, thinly sliced stuffed olives and fresh spinach; torn into pieces. For the dressing, combine equal amounts of fruit juice French dressing and commercial sour cream.

Sandwich change: Spread sliced bread with a mixture of butter and Roquefort cheese when you are using fillings of smoked tongue, baked ham or luncheon meat. Lots of men like these served with marinated onion rings.

Oranges and Pineapple Flavor Ice Cream Pie

Gay as springtime is this ice cream pie! A flaky crust is heaped high with an exotic new ice cream flavor, Hawaiian Pineapple Orange Royal. (Available in your market March through mid April) With its mingled sweet and tangy juices of pineapple and orange, its smooth texture, this is a wonderfully refreshing ice cream.

The ice cream pie is filled with surprises too! On a prebaked cooled pie shell, place thin slices of fresh orange, alternating with spoonful of crushed canned pineapple. Top the layer of fresh fruit with Hawaiian Pineapple Orange Royale Ice Cream and garnish with fresh fruit and miniature marshmallows. Here's a pie and an upside down sundae all in one — "company" fare easy to prepare, delicious climax to dinner.

Yam Dish Caters to Sweet Tooth

As a tip to the homemaker, this recipe is one in which bulk pork sausage can be used... just another way to include pork in the diet.

Sausage-Sweet Potato Casserole
1 pound pork sausage (can 1 pound 7 ounces) sweet potatoes, drained and mashed 1/2 cup butter 1/2 cup brown sugar 1/2 cup orange juice 1/2 cup miniature marshmallows
Shape sausages into 8 patties. Brown lightly. Combine potatoes, orange juice and sugar and spoon into a greased 1 1/2-quart casserole. Arrange the patties and orange slices alternately in a circle around edge of casserole. Sprinkle most of marshmallows in the center and a few on the sausage and oranges. Bake in a moderate oven (350 degrees) for 45 minutes. Yield: 4 servings.

Care for your baby...free for Top Value Stamps

Yes, you can care for your baby free—for Top Value Stamp! Just pick out the things you want. A playpen, maybe. The baby jumper. Or, how about that cuddly tiger?

Venice Likely Port of Call for Royal Homeymoon

VENICE, Italy (AP) — Venice is shaping up as the major port of call on Princess Margaret's honeymoon cruise.

Buckingham Palace announced Wednesday that Queen Elizabeth II was leading the royal yacht Britannia to her sister and Anthony Armstrong-Jones for their trip after their Westminster Abbey wedding May 6.

The honeymoon itinerary was not announced, but British newspapers said Italy's romantic city of canals and gondolas was a likely destination.

Flowering dogwood is found only in the United States and in small sections of the southern part of Canada.

Want Bufalino as New Monitor

Detroit Paper Learns He's Teamster Choice to Fill Vacancy

DETROIT — The Detroit Free Press said today William E. Bufalino will be Teamster President James R. Hoffa's candidate to fill a vacancy on the Teamsters Union board of monitors.

Bufalino, controversial president of Teamster Local 985 here, would replace attorney Daniel B. Maher, the newspaper said. Maher resigned as the Union's representative on the three-man board.

Bufalino was a principal target of the Senate Labor Rackets Committee. But he denied charges leveled against him and filed a five-million-dollar libel suit against committee counsel Robert F. Kennedy for remarks Kennedy allegedly made about Bufalino on television.

Maher resigned after charging that monitors Chairman Martin O'Donoghue was so determined to "get" Hoffa he would not consider complaints against the monitors by Teamster members.

The Union said its choice for the board would be announced in a few days.

But the Free Press said it had learned that the Teamster executive board unanimously endorsed Bufalino for the monitor's board. The paper said there is controversy over whether Federal Judge F. Dickinson Letts, who set up the board in 1957, will accept Bufalino and whether he has the power to reject Bufalino.

Fruehauf Trailer Reports Record Earnings in 1959

DETROIT — Fruehauf Trailer Co. of Detroit today reported record net earnings of \$12,971,107 for 1959, equal to \$1.92 per share, compared with a net loss in 1958 of \$5,413,837, or 87 cents a share. Net sales of \$269,683,107 were second highest in the company's history.

Roy Fruehauf, chairman of the board, said net working capital increased more than six million dollars during the year and the net worth of the company increased more than 13 million dollars.

The company said it expects both sales and earnings to show further gains during 1960.

Climate in India varies from the tropical heat found in the central provinces to the extreme cold common to the regions dotted by the towering Himalaya Mountains.

SPRING ROUNDUP — A western theme will prevail at the Leggett School PTA's annual fair from 4 to 8 p. m. Saturday. Getting the balloons ready are (from left) Principal Mrs. Frances Dawson, pupil Raymond Steele, home room chairman Mrs. James Schultz and PTA fair chairman Mrs. Raymond Steele. Proceeds will be used to purchase playground equipment.

\$180 Million Bond Issue Eyed by State Democrats

LANSING (AP) — A Democratic plan to issue a \$180-million bond issue to pay for a new highway program will be enough to cause the GOP floor leader to say the Democrats "won't help us put the sales tax proposal on the ballot," he said. "We will do it by petition. Republican Party members, the Michigan Retailers Assn. and other groups are ready to start circulating them on short notice."

The new wrangle all but cut off chances for a vote on the sales tax proposition till next week. Both the bond issue and sales tax proposals require constitutional amendment and need two-thirds support in both the House and Senate to go on the ballot via legislative resolution. Bipartisan support is necessary in the House, where Democrats outnumber Republicans 55-41.

Rep. Joseph J. Kowalski (D-Detroit), Democratic floor leader, said GOP reaction to the proposal might influence the party's vote on a Senate-approved resolution for a referendum on the sales tax. "Republicans leaders were quick to reject the idea," he said. "Democrats offer no plan to pay off the bonds and we feel there will be enough issues on the ballot next November without adding any more to confuse the voters," said Rep. Allison Green (R-Kingsford), GOP floor leader.

House Democrats uncoiled the bonding plan when the House committee on revision and amendment of the Constitution released Gov. Williams' proposal for a 30-million-dollar bond issue for state parks. Still shelved in House Ways and Means the committee was another administration plan for a state building authority designed to launch more than 150 million dollars in building projects urged by the governor.

Democrats agreed to tie the two together, earmarking 30 million dollars in bonds for college construction and 60 million for mental health and other areas. Up to 60 million dollars could be issued in any one year.

House budgetmakers currently are considering a 15-million-dollar capital outlay measure passed by the Senate last week.

"But that's hardly a postage stamp on the corner of our needs," said Rep. George M. Montgomery (D-Detroit), sponsor of the building authority measure.

Continue Debate on Motherwell

Jury Out for Third Day; He Seems Confident of Getting Life, Not Gas

DOWNTOWNEVILLE, Calif. (AP) — The jury that convicted Larry Lord Motherwell of murder begins its third day of deliberations today, trying to determine whether he should be split on their verdict. Motherwell should pay with his life.

When the jury was locked up Wednesday night, it had been considering his case for 13 hours and five minutes.

It took the same panel of nine women and three men just seven hours March 15 to find Motherwell, 42, guilty of murdering Pearl Putney, 72, a Washington, D.C., widow, after a cross country motor trip with Motherwell in 1958.

SEEMS CONVINCED — Motherwell appeared quietly convinced the jury would not send him to the gas chamber at San Quentin Prison. The only other option the jury had was life imprisonment.

Suspense filled the courtroom when the jury returned after eight hours of deliberation. Superior Court Judge Warren Spied polled the jurors and reported they were split on their verdict, 8 to 4. He wouldn't say whether the majority favored life or death.

Foreman Edward E. Moon said the panel began its deliberation with the 8-4 split and there had been no changes in three ballots, two of them oral.

Chessman's IQ Up Three Points—'Very Superior'

SAN QUENTIN, Calif. (AP) — Condemned Caryl Chessman has increased his superior IQ by three points after 12 death row years of fighting off gas chamber execution.

Chessman's score of 130 in an intelligence test given him this month by San Quentin prison psychologists ranks him among the top three per cent of the American population in mental ability. The score rates him as processing very superior intelligence.

When the jury was locked up Wednesday night, it had been considering his case for 13 hours and five minutes.

Hong Kong Gets \$1,000 Hourly

U.S. Spends Lavishly for Refugees in Name of American People

HONG KONG (UPI)—The United States spends nearly \$1,000 an hour on Chinese refugees in Hong Kong, but the colony's British government tries to conceal the official source of this aid.

The aid, in funds and food, is administered by voluntary agencies and is labeled "voluntary contributions from the American people."

But the \$7,500,000 involved per year was not collected in churches, at charity bazaars or through private donations. It is direct U. S. government aid given under Public Law 480 and under the Mutual Security Act.

The Hong Kong government, however, insists that no publicity be given to the source. The British do not want to give the Red Chinese government an excuse either to criticize the government or to demand that the government accept substantial aid from the Communists, and administered by the Communists.

The feeling is so strong that the voluntary agencies must agree in writing not to divulge where the aid comes from before they are permitted access to it.

Last year, the U. S. government gave 43 million pounds of surplus food, including wheat, flour, corn meal, milk powder and some rice to Hong Kong for distribution to refugees under Public Law 480.

Hong Kong provided storage space for the cargoes until the food was processed and distributed by such organizations as CARE, the National Catholic Welfare Committee and the World Council of Churches.

Value of this food is estimated between 4 and 5 million dollars.

AMS Estimates Food Industry Nation's Biggest

WASHINGTON (UPI)—The Agricultural Marketing Service (AMS) estimates that food is the biggest industry in the United States.

Sales of food by wholesalers, retail stores, and restaurants now add up to some 70 billion dollars annually.

The average value of food consumed in 1960, including that raised by farmers for home consumption, has been estimated by AMS at about \$400 per person.

Food prices have been relatively stable in recent years, averaging about 2 per cent higher in January 1960 than in January 1952.

This is compared with an average increase of almost 13 per cent in other cost-of-living items over the same period, and an increase of 28 per cent in average per capita disposable income.

KNIGHT TRIAL DELAYED — Alvin Knight is handcuffed by an officer for his trip back to a jail cell after his trial in Howell was delayed Tuesday. He is accused of murdering State Policeman Albert W. Souden last September. The jury was improperly selected. Circuit Judge Michael Carland agreed, upholding the defense motion when the trial of the 48-year-old ex-convict was only six minutes old. The new trial date is Tuesday.

Hutchinson Seeks Ticket With Liberal, Conservative

ANN ARBOR (UPI)—State Sen. Edward Hutchinson, a candidate for the Republican nomination for lieutenant governor, said Tuesday night both liberal and conservative wings of the GOP "should be represented on the party's fall ticket."

The remark, made in a debate with Rep. George W. Sallade of Ann Arbor, who is seeking the same post, was taken to mean Hutchinson would prefer Paul Bagwell to Sen. Carlton Morris of Kalamazoo as the party's gubernatorial candidate in the November election.

Both Hutchinson and Fennville and Morris are members of the conservative element of the GOP. Bagwell, director of scholarships at Michigan State University, represents the liberal wing of the Republican Party.

Sallade, who associates himself with Bagwell, agreed with Morris that the GOP should be as "big a tent as possible to include as many voters as possible."

But he added that all candidates for state executive offices "should be on the same team." Sallade considered one of the most liberal Republicans in the state Legislature.

Firemen Follow the Axe

RIVERTON, Wyo. (UPI)—When ax-wielding firemen head for blazes in Riverton, they'll be led by an axe.

They were lavish in their praise of the way the Army and Air Force were carrying out the big maneuver in Puerto Rico with what they had available.

Urge Transports for U.S. Troops Be Modernized

WASHINGTON (UPI)—Military authorities looked to America's largest airborne exercise today to bolster their case for a modernized fleet of specialized planes, ready to rush troops anywhere in the world on short notice.

But they speculated how much better it could be done if not dependent on ancient workhorses planes that chug along at barely 300 miles an hour.

These authorities felt that the chance for congressional endorsement of a modernization program for the Military Air Transport Service (MATS) was better than at any time in recent years.

The difference between the speed possible in reaching Puerto Rico for the current exercise Big Siam Puerto Pine and the speed attainable with up-to-date planes might mean the difference between halting aggression and seeing it spread.

NY City Mayor Wagner Due in Detroit Sunday

LANSING (UPI)—Mayor Robert F. Wagner of New York City will speak at a luncheon sponsored by the nationalities division of the Democratic National Committee in Detroit Sunday.

The Democratic State Committee said he will join Sen. Hubert H. Humphrey (D-Minn.) and National Chairman Paul Butler at the luncheon, held in conjunction with the Democratic Midwest Conference.

Campaign commitments have forced Humphrey to cancel plans to speak at a Saturday night Jefferson-Jackson Day dinner with other top presidential aspirants.

Follows Tradition of Her Father; Orders Apples

SALEM, Ill. (AP)—Apples have been given to students in Salem public schools for 61 years on Washington's birthday.

The custom was started, in 1899 by Joseph and Frank Schwartz, brothers who operated an orchard.

The traditional apple day has been continued by Joseph Schwartz's daughter, Mrs. Christine De Linck, wife of Air Force Col. Martin J. De Linck.

Mrs. De Linck orders more than 2,000 apples every year from wherever her husband is stationed. This year they live in Sacramento, Calif. In 1959, they were in the Panama Canal Zone.

Muskegon Gets New Director of Harbors

MUSKEGON (UPI)—Capt. Joseph V. Cook, Chamber of Commerce port director since early 1958, will take over the new job of Muskegon director of harbors effective April 1.

Cook, a licensed marine master, was appointed to the new city post by City Manager George Liddle.

Cook's appointment was expected to boost his status in trips throughout the country to line up business for Muskegon's growing port.

His city salary will be \$3,750 annually, the same amount he has been receiving from the Chamber of Commerce.

White Minister Applies to Adopt Negro as His Son

DEERFIELD, Ill. (UPI)—A minister in this all-white suburb said today that both "moral reasons" and his desire for a son led him to apply to adopt a Negro boy.

The Rev. Paul V. Berggren, 43, pastor of the Zion Evangelical Lutheran Church and a pro-Integration leader in Deerfield, said his Christian beliefs dictated his dream to bring a Negro boy home as a brother for his two blue-eyed daughters.

"I've always wanted a son," the Rev. Berggren said. "Doctors

have advised my wife against having any more children, but I will concede that my wish for a son is not my only reason for the adoption."

"I have moral reasons. I would like to make sure the people of the Christian Church throughout the world and the others who would like to believe in democracy can know we're not all hypocrites."

The Lutheran minister said his wife and daughters, aged 9 months and 14 years, are "right behind me although the little one can't voice approval."

Get Jet Fuel Contract

DETROIT (UPI)—The regional office of the Small Business Administration has announced that Leonard Refineries, Inc., Alma,

has been awarded an \$896,005 contract by the Military Petroleum Supply Agency, Washington, for 8,500,000 gallons of jet fuel.

Boats Being Registered Under New Michigan Act

LANSING (UPI)—Secretary of State James M. Hare reports boat registrations are coming in at about 450 per day under Michigan's new Boat Registration Act.

Both inland licenses and licenses for boats 16 feet and over which will be used on the Great Lakes are being registered in greater numbers than last year, Hare said.

A law passed by the Legislature last year brought Michigan into line with federal watercraft regulations and required re-registration of all watercraft.

See The Dinah Shore Chevy Show in color Sundays, NBC-TV—the Pat Boone Chevy Showroom weekly, ABC-TV.

Air Conditioning—temperatures made to order—for all weather control.

This is the Impala 4-Door Sedan

There just isn't any car that does better by your dollars than this new Chevrolet. Look at all these fine features—worth a bundle of money more to you—that just can't be found in any other car near Chevy's size and price!

1 MORE ROAD AND RAMP CLEARANCE Straddle rough spots with space to spare, thanks to Chevrolet's greater road clearance. And more generous ramp angles, front and rear, give you the go-ahead on steep driveways.

2 MORE USABLE TRUNK SPACE Up to a whopping 22.5% more, in fact! And this is space you can get at from either side or the rear. The loading is easier than ever, too, with a lower sill and a higher opening lid.

3 FULL COIL CUSHIONING Nobody's come up with a suspension yet that can out-gentle Full Coil cushioning. A resilient coil spring at every wheel helps blot out road shocks far more effectively than leaf springs.

4 WIDER SEATING Chevy gives you up to 3.1 inches more hip room, front and rear, than any other full-sized car in its field. As for foot room, Chevy will place you right down to your toes with the smallest transmission tunnel in its field.

5 HIGHER ENTRANCE HEIGHT Chevrolet makes it comfortable to climb in, with as much as 3.4 inches of extra entrance height. And once you're in, you enjoy all the craftsmanship of Body by Fisher.

6 WIDEST CHOICE OF POWER TEAMS You can choose from seven, vigorous engines and five silk-smooth transmissions—24 combinations in all. Nobody anywhere gives you so many power teams to choose from!

7 MORE "EXTRAS" AT NO EXTRA COST Vent windows you open with a crank... foam cushioning in the front seat of every model... we could go on and on. But why spoil the surprise waiting for you at your dealer's?

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals!

Off to a Winning Start

WRONG SIDE OF NET — Detroit goalie Terry Sawchuk slams into Maple Leaf player Bob Pulford as he checks the puck behind his own net. Wing Warren Godfrey is after the disc while teammate Marcel Pronovost comes around the side of the goal. Detroit took a 2-0 lead in the first period of the NHL playoff game in Toronto last night and then won the game, 2-1.

Dick Smith was named the most valuable player and honored as captain of basketball for the past season at the annual Avondale High All-Sports banquet last night. Darryl Thorpe was named MVP. Jim McDonald was picked to lead the football team next fall and also selected the most improved griddler. Bob Benedict was the most improved in football. All the other athletes were introduced. Michigan State assistant football coach Bill Yeoman was guest speaker.

Former Michigan State star Al Luplow was among 10 players shipped to the minors Wednesday by the Cleveland Indians.

Lake Orion High School has chosen Bucky Craven and Tom Reed as basketball co-captains for 1960-61.

Lennie Ford, 34, former end at the University of Michigan and Cleveland Browns, was arrested and charged with drunk driving yesterday. He retired after playing Canadian pro football last year.

Jim Bartfield of Grand Rapids is armed up with a 67 yesterday preparing to defend the \$5,000 Gulf Coast Invitational starting today.

Wayne Walker, veteran line-backer, and rookie Frank Walston have signed their Detroit Lions' contract for the 1960 season. Walston, halfback from John Carroll, was the Lions' 18th draft choice.

Fernandez Gets Split Decision Win Over Dupas

MIAMI BEACH, Fla. (AP) — Hard-hitting Florentino Fernandez felled Ralph Dupas once and went on to a 10-round split decision over the bicycling New Orleans fighter at Miami Beach Auditorium Wednesday night.

Fernandez weighed 147½, Dupas 154½. The knockdown came with a right to the face for a nine-count late in the seventh round. There were only 10 seconds left when Dupas got to his feet and the Cuban didn't have time to gain an advantage.

Fernandez, who has lost only one of 27 professional fights, worked over Dupas with his left whenever he could catch him, which wasn't often.

Women Start Golf Battle in Georgia

COLUMBUS, Ga. (AP) — A field of 45 women golfers, 29 of them members of the Ladies Professional Golf Assn., will tee off Thursday as the second annual Columbus Golf Club tourney starts.

Betty Rawls, winner last year with a 72-hole total score of 294, again is rated the one to beat. Polly Rife, Fort Worth, Tex., is favored as the top amateur of the 16 in the tournament.

Miss Rawls, Spartanburg, S. C., winner of 10 LPGA tournaments in 1959, is expected to have plenty of competition from such professionals as Mickey Wright, Fay Crocker, the recent winner of the Titleholders in Augusta, Marlene Hagge, and Kathy Gosselin.

Wings Get Jump on Toronto in Playoff

Pontiac Star Sensational This Winter

Olympics-Jones' Big Hurdle

YPSILANTI, (AP) — Hayes Jones, who has swept every hurdle race in sight during the winter indoor track season, still has a couple more hurdles he'd like to top this year.

"First, I want to earn a spot on this country's Olympic track team," the serious, soft-spoken, slender white said. "If I can do that, then I hope to bring back a gold medal for the United States."

Judging from his sensational performance this winter, Jones

Chisox Score 7-3 Victory in 15-Hit Attack

SARASOTA, Fla. (AP) — When the Detroit Tigers completed their Grapefruit League game against Chicago here yesterday at Payne Park, a bruised, striped, striped to the waist, striding hitting baseballs to a bunch of youngsters down the left field line.

It was Hank Greenberg, in his late forties but getting a big kick out of being the offerings served up by one of his sons.

Howe and Haley Connect in 2-1 Win Over Leafs

TORONTO (AP) — "We won the one we said we were going to win," yelled coach Sid Abel to his rejoicing Detroit Red Wings last night, after they had jumped into a 1-0 lead in the Stanley Cup semi-final with the Toronto Maple Leafs.

"Just three more," bellowed a half dozen players, as the tension abated from the dying minutes of the game, which the Wings had squeezed 2-1 despite a last-minute surge by Leafs.

Tigers Still in Hitting Doldrums

Bruce Makes 3rd Try With Tigers

LAKELAND, Fla. (AP) — When you talk with manager Jimmie Dykes about young pitchers, the Detroit Tiger pitcher invariably brings up the name of Bob Bruce.

A tall, strong youngster with a good variety of pitches, Bruce is rated a strong contender for a spot on the varsity roster. This is his third attempt to break into the big leagues.

It's the first time Bruce himself however has figured he had a chance to make the club.

Bruce is nearly 26 years old. A native of Highland Park, Mich., he attended Alma College for 2½ years and this is his sixth season in organized baseball.

"I figure I'm at the crossroads," said Bruce.

"I've always figured I could make a good living from baseball. I'm not making it now, but I think I'm capable of doing it."

Dykes has given Bruce special encouragement this spring. He started him in the third exhibition game.

Bruce allowed the New York Yankees two runs and four hits in three innings.

The difference between this start, and some others Bruce has had in spring training, was the Lions' 18th draft choice.

Point Honors to Tinger

Pontiac Central's great shooting, rebounding and scoring balance propelled the Chiefs to their 2nd straight Saginaw Valley Conference basketball title this year, but they were forced to relinquish individual point-making honors.

Forward Dave Tinger of Arthur Hill is the Saginaw Valley's official individual scoring king for the 1959-60 season. Pontiac's John Banday, now a freshman cager at Western Michigan, was the Valley scoring champ last season.

Tinger scored 163 points in 19 league games for an 8.6 average, nearly two points better than runner-up Ernie Thompson of Saginaw High. Thompson, sophomore center, averaged 16.5 in league warfare.

Booker Humer, Pontiac's tall, entered out-court marksmen, finished 7th in the league scoring race with 144 points in 19 contests for a 14.4 average.

The Chiefs landed three other players in the top 15, all with double-figure averages. George Fed averaged 11.8, Phil Babaja 10.9 and Bill Pritchett 10.2.

Thompson won the all-games division with 286 points in 15 games for a 19.0 average. Humer also was Pontiac's leading point-getter in the all-games race with 227 in 15 regular season starts for an average of 15.1.

Narleski, who opened with a three-inning hitless showing against New York, is getting special attention from the Tigers this spring. Dykes discovered a fault in Narleski's delivery last year, when the strong-armed right-hander was counted on so heavily and faltered so badly.

Steve Bilko excited the crowd with the longest hit of the day, a triple into the pine trees more than 400 feet away. It came in the second inning and Bilko scored Detroit's first run on a single by Larry.

Frank Cieslik, 28, a bowling ball salesman, pulled the team by his bootstraps as he fired the best individual series thus far in the team event, 235-246-247-247.

Detroit's Coca Cola team took sixth place with 2,968. Jim Panzavides helped his club's cause with 686.

The Coca Cola crossed lanes with Chicago's highly subsidized

Birmingham Keglers Top ABC With 3096

TOLEDO, Ohio (AP) — Three teams crashed into the top ten standings of the American Bowling Congress tournament with heavy pinfalls Wednesday night.

A routing 2,096 series by A and A Asphalt of Birmingham, Mich., was a sound rebuttal to those who have said conditions in this 57th ABC tourney will not permit high scores. The A and A showing gave them first place in the open division and further embarrassed the high society of bowling who have failed so wretchedly.

Although they had no national reputation, A and A is no minor league quintet. Last year they finished ninth in the ABC, and only a week ago the team rolled a 3,474 series, the best league performance this season in Michigan.

Munster were. Buddy Bomar's star-studded quintet rolled a frustrated 2,793, with the captain mustering 497.

Bill Bunetta had 623, Bud Schallmyr 591, Johnny King 572 and Chuck Hamilton 510.

Rookie Hurlers Toss No-Hitter for Yankees

LUCKY DAY—New York Yankee rookie pitchers John James (seated) and Bill Bethel pose with a string of fish caught by James a few hours after they combined to hurl a no-hitter against the Philadelphia Phillies in St. Petersburg, Fla. The Yanks won the game, 4-0.

White Sox Giving Look Plenty of Spring Work

SARASOTA, Fla. (AP)—Dean Lusk, the \$50,000 bonus baby from Michigan State, is one of the hardest workers in the Chicago White Sox camp.

The former Spartan quarterback has been putting in extra duty on his batting because his White Sox bosses detected a flaw in his swing.

"He was pulling up and away from the pitch," said manager Al Lopez. "He wasn't getting a good, full out with his full body into it. So it wouldn't take a half-way smart pitcher long to find out that Dean would have trouble on a low, outside pitch."

Lopez and special batting coach Ron Northey have been spending extra time with the three sports-

star from Lansing Everett high school.

They will recommend that the young center fielder spend his first season of pro ball with the Sox' class B farm club at Lincoln, Neb. in the three-I league.

"He does most everything well," Lopez commented. "He runs and throws well and does a good job on pursuing the ball and catching it. All he has to do is correct that hitch in his swing. He's a fine young prospect."

Lusk himself is gratified by his progress in the big camp and grateful for the opportunity to work with the Major Leaguers.

"I think I've learned some things," he said. "Everyone certainly has been helpful."

Bethel, James Almost Pitch Perfect Game

Phillies Are Throttled by Right-Handers; Walk Lone Base-Runner

By The Associated Press

A couple of rookie right-handers—Johnny James and Bill Bethel—pitched a no-hitter for the New York Yankees against the Philadelphia Phillies Wednesday and just missed a perfect game in chalking up a 4-0 shutout.

A base on balls to Johnny Calison in the first inning gave the Phillies their only base runner. The walk came on a 3-1 pitch by James, who worked the first five innings and fanned three. Bethel struck out five in his four-inning stint. James was with Richmond of the International League last year and Bethel with Omaha of the American Assn.

The no-hitter was the second of the exhibition season. Dennis Daniel and Jim Umbricht shared a Pittsburgh no-hitter against Detroit a week ago.

It won't be long now that some pitcher is going to go nine innings. Will it be a veteran right-hander who knows the hitters like his own family, or maybe a bright young left-hander who wintered in Caribbean ball?

You never can tell. Last year it was young Bob Anderson of the Chicago Cubs who achieved the spring training breakthrough. It earned him an opening day assignment, and the 24-year-old right-hander followed through with a six-hit 6-1 victory over the St. Louis Cardinals.

Wednesday, in both Florida and Arizona, the pitchers were really in form.

Carl Willey, Milwaukee right-hander, threw seven shutouts in the Braves best Kansas City 2-0 at Bradenton.

Daniels also went seven for Pittsburgh. Willey gave up four hits and three runs in the Pirates' 6-4 victory over St. Louis at Fort Myers.

Left-handers Johnny Podres of Los Angeles and Joe Nuxhall of Cincinnati turned in solid six-inning tricks.

Podres held Baltimore batters as the young champions stopped the Orioles 3-1 at Vero Beach, and Nuxhall checked Washington with two runs in the Reds' 4-3 triumph at Orlando.

Wynn Hawkins, a rookie right-hander, blanked San Francisco on one hit for the opening four innings at Tucson where Cleveland won 6-4.

White Is Still Retiring

Boston-Cleveland Feud Looks Like Dead Issue

BOSTON (AP)—"I'm in the process of retiring. I haven't changed my mind one bit."

With those words catcher Sammy White apparently wrote an end to a Boston-Cleveland baseball squabble that reached as high as Commissioner Ford Frick and even chased Ted Williams' pain in the neck out of the spring training news.

White arrived in Boston Wednesday after a Florida vacation and reaffirmed that he will quit the game.

In Florida, Frick said that if the veteran receiver does retire he will void a trade that kicked up the biggest hassle of the young season.

"The hardest thing I have to do now," White said, "is to tell my son Sammy I'm quitting baseball."

It all started March 16 when the Red Sox traded White and first baseman-outfielder Jim Marshall to Cleveland for catcher Russ Nixon. White promptly announced he would retire from baseball to devote full time to a bowling venture in Boston.

Cleveland General Manager Frank Lane said the deal was off and demanded the return of Nixon. Red Sox General Manager Bucky Harris refused.

Angry words started to fly. Lane charged Harris with fraud. "Profoundly unprincipled," White replied.

"Completely unprincipled," retorted Lane.

This went on for a while. Then the matter reached Frick.

"If White has retired," Frick said, "it is a simple matter of applying the rule which states that a deal shall be void if a player retires before the date of his assignment and 30 days of the club's regular season."

But there is an exception to the rule.

"If White has retired," Frick said, "it is a simple matter of applying the rule which states that a deal shall be void if a player retires before the date of his assignment and 30 days of the club's regular season."

Arrow VODKA

The perfect companion in any drink is clear, light, pleasant Arrow Vodka. Never intrudes, never dominates, mixes well. Preferred by more and more people.

ARROW LIQUORS CORP., DETROIT 7, MICH. 48 & 100 PROOF, DISTILLED FROM GRAIN

'Watch Orioles' Agrees Richards

MIAMI, Fla. (UPI) — Casey Stengel of the Yankees warns, "Look out for those Baltimore kids in 1960."

And Orioles manager Paul Richards agrees with him.

"We've got a corner on kids, especially when it comes to pitching," the usually stern-faced Richards smiles. And there isn't a disclaimer in the American League.

They all agree that Richards, only a mediocre catcher in his Major League career, can work magic when it comes to pitching. But they are not at all sure that he has enough other young blood along with that pitching to overtake such clubs as the White Sox, Indians and Yankees.

"We're a good dark horse bet," is all that Richards will say. But

he will admit, with one of his rare smiles, that his team "is a mighty good bet for the future." He won't say that this year is that "future."

His pitching is his pride and joy. He points out four:

—Milt Pappas, the baby of the group at 20, who was 15 last year and whom Richards says he wouldn't trade for "any other pitcher in the league."

—Jerry Walker, 21, who was 13-10 with a 2.92 earned run average.

—Jack Fisher, also only 21, whose 14 record after being called up from Miami wasn't impressive, but he lost close ball games and showed he had the stuff.

—Chuck Estrada, the "old man" of the quartet at 22, who never has pitched an inning of Major League

ball. He struck out 178 while winning 14 at Vancouver last year.

To back them up he has knuckle ball specialist Hoyt Wilhelm, no kid at 30; Skinny Brown, another pitcher at 30; Arnie Portocarrero at 25; and two left-handers, Billy Hoelt and Ed Coleman.

Richards thinks he can make reclamation projects out of both those left-handers and does not seem worried because they are the only southpaws on his staff.

"The American League," he explains, "is predominantly right-handed hitting. You don't need too much left-handed pitching to get along."

If he is wrong in that theory, he could be hurt. Hoelt was cast off by the Tigers, Coleman by the Yankees and Athletics.

For young infielders, Richards has 22-year-old Brooks Robinson at third base. Stengel described him as one of the most improved ball players in the league last season. The 21-year-old Ron Hansen is at short, and Richards calls him the "best glove man in America."

But from that point on, he may be hurting for infielders. Jim Gentile, who couldn't make it with the Dodgers; Walt Dropo, coming to the end of the Major League road, and Bob Boyd, a .385 hitter, are the first base candidates.

Then there's veteran Billy Gardner at second, but one of two rookies — Jerry Adair, 23, who hit .260 at Amarillo, and Marvin Brodwin, 24, up from Vancouver where he hit .328 — could beat him out.

Veteran Billy Klaus is on hand for infield reserve duty.

Two outfield positions are set — the veteran Gene Woodling, who seems to get better as the years go along, in left and Jack Brandt, obtained in a deal with the Giants, in center. Right field is a battle among Willie Tashy, house baby Dave Nicholson, little Albie Pearson and Al Pilarcik.

For catching, there is one of the best in the business — Gus Triandos. Behind him are Myron Ginzberg and Gene Green, the former Cardinal, who also can play the outfield. The Orioles have youngsters for sure. Whether they have enough veterans to blend in with them for the coming season, only time will tell.

No Pooling for Continental

Frick Rejects Rickey's Plan

CLEARWATER, Fla. (AP) — Baseball Commissioner Ford Frick said today he would not permit any pooling of players by the Class D Western Carolina League for the proposed third major, the Continental League.

"I will not permit this operation the way Branch Rickey (Continental League president) has outlined it," said Frick. "It would be a complete evasion of all the player limits."

Rickey's league does not plan to operate until 1961, but it would work with the Western Carolina League this year, signing players and distributing them to the minor league clubs according to an announced working agreement.

"If the Western Carolina League wanted to operate with working agreements between its clubs and clubs already in organized baseball, such as Denver, Toronto, Dallas and Jacksonville (owned by Houston's Continental League club; that could be worked out," said Frick. "But they cannot pool players or make agreements with clubs not yet in organized baseball."

"Of course, they can organize and operate in any way they

please but not within the structure of organized baseball."

"We can't have two sets of rules, one for one group and a different set for another group," Frick said, outlining his plan of operation.

"I told all these things to Rickey in a letter," said Frick. "But apparently he has not chosen to make it public. I have had no reply from him."

Actually, the Western Carolina, a new league, has not yet been admitted to organized baseball. Its president, John Moss of Hickory, N.C., has applied to the National Association (Minors) for recognition.

Yankee Netters Win
PRETORIA, South Africa (AP) — A touring U. S. tennis team composed of Jack Frost of Monterey, Calif., Earl Bacheval of St. Louis and Mrs. Dorothy Head Knobe of New York, defeated a Northern Transvaal team 4-0 Wednesday.

Jewelers Bid for State Cage Title

Shaw's Jewelers, Class A City League basketball champions, will represent Pontiac in the Michigan Recreation Assn.'s 29th annual state tournament at Battle Creek.

The state MPA title will be at stake for the Jewelers and teams from seven other Michigan cities in the single elimination tourney scheduled Friday and Saturday.

Games are scheduled at Northwestern and Percy Jones gymnasiums with Saturday night's championship game slated on the Percy Jones court.

Shaw's will swing into action Friday evening at 8:30 on the Percy Jones floor against the host Battle Creek quintet. If the Jewelers pass their first round test, they will play again Saturday at 2 p.m. in a semifinal game. The title contest follows at 8 o'clock.

The Jewelers qualified for the

state tournament with a 66-60 district victory over Livonia at Garden City.

Dave Diehm and Al Barkley sparked Shaw's win over the Livonia cagers with 22 and 21 points, respectively.

Several well-known former Michigan college stars are competing in the state MPA tourney. Included are Michigan's Ron Kramer and Don Eaddy, Michigan State's Sam Williams, Bob James and Barkley of Western Michigan, George Brown of Wayne State and Eastern Michigan's Jim Skala.

Completing the eight-team field

will be Ypsilanti, Grand Rapids, Flint, East Detroit, Jackson, Dearborn and Battle Creek.

A first round feature contest will pit Ypsilanti against Grand Rapids. Ypsilanti, which won the crown last year at Pontiac, is paced by Brown, Skala and 6-foot-11 George London.

Members of Shaw's roster who will make a state title bid this weekend include Dick Ayling, Amos Bailey, Dick Blacklaw, Jack Campbell, Bill Hayward, Bob McManus, Dave Scriven, Dave Sebring, Garland Townes, Tom Spencer, Barkeley and Diehm.

DOUBLE HONORS — Dick Smith took double honors at the Avondale All-Sports banquet last night. He was named most valuable player in football and captain for the past basketball season.

Eight Oakland Schools in 'A' Field at Ypsi

'B' Schools Compete Friday; Heavy Action on Saturday

High school teams around the state and Oakland County get into track competition this week in the 5th annual Eastern Michigan University Huron Relays, Friday and Saturday in Bowen Field House.

The Class A Section has drawn 64 teams which will run the prelims Saturday at 9:30 a.m. and the finals at 6:00 p.m. There are 31 schools entered in class B to be held on Friday with prelims and finals at the same times as the 'A' schools.

Flint Central, which compiled 51 1/4 points last year, is defending Class A champion. Flint Northern was second with 47.

Ecorse High School is defending champion in Class B with River Rouge as runnerup.

Pontiac Central has some fine veterans returning from last year among the 19 lettermen, and the Chiefs, two-time winners at Ypsilanti, should be among the top contenders for the title.

Oakland County Class A schools entered are Berkley, Birmingham, Farmington, Pontiac Central, Pontiac Northern, Southfield, Walled Lake and Waterford. Others in Class A are Adrian, Amherst (0), Ann Arbor, Columbian (0), Dearborn, DeLassie, East Detroit, Edsel Ford, East Lansing, Fordson, Flint Central, Flint Northern, Flint Southwestern, Garden City, Grosse Pointe, Highland Park, Inster, Inster Roosevelt, Kalamazoo, Lansing Eastern, Lansing Sexton, Livonia Park, Livonia Bentley, Monroe, Muskegon Heights, Portage, Redford Union, Romulus, Saginaw Arthur Hill, Saginaw, Taylor Center, Thurston, Toledo DeWitt, Utica, Wayne, Wyandotte and Ypsilanti.

County schools in Class B are Birmingham Groves, and South Lyon.

Wichita Cagers Are Hot in AAU

126-80 Victory Moves Defending Kings Into Quarter-Finals

DENVER (AP) — Wichita's defending champions, firing at a record pace, and seven other members of the talented National Industrial League jumped into the quest of the 53rd National AAU basketball championship.

Wichita was the class of the second round Wednesday night, bombing Cheyenne (Wyo.) 126-80 in a record rout. Denver set the previous team scoring mark with 122 points Monday night against Little Rock (Ark.).

Third-seeded Akron also figured in an AAU record in a 115-107 victory over Brownstown (Ind.) and its former Hoosier college stars. The point total is 20 points greater than the old record set last year. And Brownstown's production was 5 more than the old mark for a losing team, also set last year.

Other games Wednesday included Cleveland 90, Army All-Stars 79; Seattle 94, San Francisco Olympic Club 77; Peoria 98, Chicago 73; Bartlesville 77, Salt Lake City 54; New York 73, Denver 75; and San Francisco Investors 88, Los Angeles 70.

Tonight's quarter-final round sends Peoria against Cleveland, Bartlesville against San Francisco, Wichita against Seattle, and Akron against New York.

Ice hockey goalie Eldon Van Spybrook had a rugged year in the nets for Michigan State, making an incredible 755 saves in 24 games for a 33.5 average.

Chene-Cortez Rematch

Leaping Larry Chene will get a long-awaited chance to settle the score with Ricki "The Crusher" Cortez on Friday night at the Pontiac Armory.

Another match will pit Abner Jacobs, the popular New Zealand-born, against Paul "Gorgeous" DeValles, Jacob's "tactician" manner is exactly the opposite of De Galles' brash behavior, but both men share a strong competitive instinct. Bertrand "Frenchie" Villard will angle with Jim Sikany in another bout.

'M' Swimmers Favorites in NCAA Championships

DALLAS — Nine-time champion Michigan will be favored to win the 100-yard butterfly. He won both of them last year.

The meet runs through Saturday with seven sessions all told. There will be sessions each afternoon and night and an extra one Saturday morning.

NCAA King, Vet From Michigan in Gulf Coast

GULFPORT, Miss. (AP) — A new title threat popped up today as the \$5,000 Gulf Coast Invitational golf tournament opened and NCAA champion Dick Crawford wasn't the kind of man the field could take lightly.

There were no reports on how Crawford fared in his practice trips around the narrow fairways, but early favorite Dick Metz had at least one 69 while graying Jim Barfield of Grand Rapids, Mich., had a 67 and Johnny Revolta of Evanston, Ill., a one-time great of the tour, also had a 69.

There was every indication the tournament record of 273 set last year by young Mason Rudolph would go out the window. Rudolph is now a regular member of the tournament trail and is ineligible to try for a repeat victory.

Need Spring Schedules

All high school athletic offices and coaches are urged to forward their spring sports schedules to The Pontiac Press sports department as soon as possible.

Legacki is a top man in the 50-yard free style in addition to the

Detroit Golfer Loses in Seniors Tourney

ST. AUGUSTINE, Fla. (AP) — Two of the favorites in the American Seniors Golf Assn. tournament meet in a quarter-final

match today. Bruce Coffin of Carbo Faces L.A. Trial

Marblehead, Mass., goes against Mattie Reynolds of Dallas, Tex. Coffin beat Dr. Daniel Jaffar of Detroit 4 and 3 and Reynolds beat Eugene Pittman of Washington, D.C. 2 and 1 Wednesday.

San Francisco (AP) — The United States Court of Appeals

says Frankie Carbo, one-time boxing star, must face trial in Los Angeles on charges of conspiring to cut himself in for a share of Purdue and Notre Dame.

Defending Champions Advance in Tourney

ST. JOSEPH, Mo. (AP) — Defending champion Wayland College of Plainview, Tex., and seven other teams have won

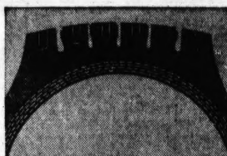

berths in the quarter-finals of the Women's National AAU basketball tournament.

Wayland breezed to a second-round victory 57-42 Wednesday night over Defiance, Ohio, while second-seeded Nashville downed Des Moines, Iowa, 72-26.

MORE TRACTION EDGES GIVE EXTRA TIRE SAFETY

Forward Traction
and traction when in reverse, too. Extra traction edges are in every tread rib and take a bull-dog grip on the road.

Sidewise Traction
to the left or right. Hundreds of these zig-zag grooves grip the road and help prevent your car from swaying.

Stopping Traction
the combination of deep tread, rubber buttons (to keep the tread apart) and traction edges give you extra fast stops.

Miss Pitou Gets Special Medal

CONCORD, N. H. (AP)—Penny Pitou, glamor skier of the 1960 Winter Olympics, Wednesday received a special gold medal from her home state.

Gov. Wesley Powell told the perky 21-year-old Gilford girl that she did "a wonderful job" at Squaw Valley, where she won two silver medals for the United States.

[illegible]

Discussions Begin Today on Cage Loop

CHICAGO (AP) — Preliminary discussions on possible formation of a second major professional basketball league will be held here Thursday.

Owner Abe Saperstein of the Harlem Globetrotters called the meeting "just to exchange views and see if it's feasible to get together. If you have a bolt of good idea, you don't talk about a suit of clothes until it's made."

He presides the independent Globetrotters, Chicago Superstars, one of the Philadelphia Warriors of the National Basketball Assn., and the Chicago Bulls.

Cities to be represented at the meeting, or which have expressed interest include Washington, D. C., New York, Buffalo, Cleveland, Los Angeles, Portland, San Francisco, Baltimore, Toledo, Honolulu, Kansas City and Chicago.

BOZEMAN, Mont. (AP) — Defending champion Colorado, favored Denver University and nine other schools send their best skiers into the downhill and the first event of the NCAA ski championships.

★ ★ ★ ★ ★

The three-day event at Bridger Bowl is the first NCAA title competition ever held in Montana.

The slalom was scheduled to draw the downhill and cross-country Friday and the jumping Saturday.

★ ★ ★ ★ ★

Colorado's primary challengers are Denver and Dartmouth, with whom between them have dominated collegiate skiing in this country.

★ ★ ★ ★ ★

Drives to Endurance Race

SEBRING, Fla. (AP)—Drivers from 11 nations took their first practice turns around Sebring's treacherous course Wednesday, tuning up for Saturday's 12-hour sports car endurance race.

Missing from the initial trials was the early favorite, Stirling Moss of England, who will drive an Alfa Romeo Maserati, Massi drive a Ferrari.

★ ★ ★ ★ ★

No attempt to reach top speed was made in Wednesday's practice. Instead, the drivers devoted themselves to feeling out and memorizing the hazardous turns and bends of the 2.1-mile road laid out over an abandoned World War II bomber training base.

However Walt Hansen of Westfield, N. J., was clocked quickly on one lap at 3 minutes, 29 seconds in a Maserati. The competition record of 3:20, or 3.6 miles an hour, was set by Moss in an Aston-Martin in 1958.

★ ★ ★ ★ ★

Call the Doctor John

SPOKANE, ID. (UPI) — Johnny Revolta, considered one of the best short game players in golf, often is consulted by some of the top professionals when their game needs "doctoring."

★ ★ ★ ★ ★

The Sports Department will file any action against the NFL. The AFL protested alleged encroachment by the NFL into Dallas and the Minneapolis-St. Paul area.

★ ★ ★ ★ ★

Foss held a news conference at the Los Angeles Chargers' offices. Advised that the Oakland owners are irritated over the players obtained from the other AFL clubs, the former Marine flying ace said:

"I think the formula worked out by the owners and coaches was sound one. Oakland's position is that they are not going to have a matter such as this."

A latter he said, "Oakland will come out of this with a club tough to beat. When you get 77 players from a list of around 500, you are bound to have a lot of good men to look over."

★ ★ ★ ★ ★

The league's package television deal should be worked out shortly.

★ ★ ★ ★ ★

Palmer Is Tourney Favorite at Florida

Associated Press Sports Writer

BRAZOSPORT, Texas (AP)—Arnold Palmer was the fairly favorite to win the \$40,000 Toulon Lakes Open Golf Tournament started today over the long, beautiful, but very tough new DeSoto Lakes Course.

★ ★ ★ ★ ★

Palmer has won \$23,000 on the current tour. He had lost only two strokes back in the playoffs in the St. Petersburg Open over the weekend.

★ ★ ★ ★ ★

Others mentioned as strong contenders were Ken Venturi of Palo Alto, Calif., playing the final two rounds at St. Petersburg in 57 and had a 66 here in the pro amateur; George Bayer of L. Mont., ill winner of the St. Petersburg Open in a Florida area a tremendously long drive; or Dave Ragan, of Orlando, Fla. winner of the Seminole Tournament at Palm Beach, Tuesday.

POSES WITH MAIL—Rep. Alime J. Forand (D-RI) poses in his Washington office Monday with some of the mail he has received on his bill to provide government-paid hospital and home-nursing care for old-age social security pensioners. Forand said 90 per cent of those writing him favor such legislation.

Seeks Presidency

Negro Runs in Primary

INDIANAPOLIS (AP)—The son of a former slave filed Tuesday in the Indiana Republican primary for President of the United States. Frank Beckwith, 55, Indianapolis Negro lawyer, said as far as he knows he is the first Negro ever to run for president. His filing was accompanied by a petition bearing more than 3,200 signatures.

Asked if he thought he would beat Vice President Richard M. Nixon in the May 3 primary, Beckwith replied:

"Well, I think I know more people in Indiana than Nixon does. I can call 7,000 people by name."

Beckwith said his presidential platform includes creating a "Department of Peace" in the federal

government "to wage peace as diligently as we waged war." He also favors the government hiring clergymen to preach evangelism at home and overseas. He also wants strong civil rights legislation.

Chicago Area Barbers Ask Hike on Saturdays

CHICAGO (AP)—A spokesman for Chicago area barbers says prices for haircuts on Saturdays and days preceding holidays soon may be increased to \$2.25.

The present price of \$2 includes Saturdays and days before holidays. The single price was established last April when prices were boosted from \$1.75 to \$2.

Frank Allotta, secretary-treasurer of the association's more than 2,000 shop owners now are urging a return to the 25 cent differential for Saturdays and days before holidays to help spread work throughout the week.

Road to Faith ... Oursler

Young Minds Question ... Listen, Wonder ... Think

By WILL OURSLER
 Chap. Twenty

To arrive at the heart of our own doubts and questions and uncertainties about religious matters, we must be willing to explore not only matters of faith and the ultimate reality, but also the immediate questions of the world around us.

If we seek truth on which to build our lives, there can be no areas or paths where we dare not look, no facts or concepts we dare not consider.

In the valley between the foothills and the mountains of faith we seek, there is the town, and beyond the town the university, the citadel of truth, the repository of integrity of mind.

This is the arsenal of free thought, the outpost of the intellectual, where generalizations of learning pour out their findings, usually stripped of the sentimental, the wishful, the saccharine.

Yet among these same craggy defenders of the unsentimental we find a most unusual sentimentalism—of which they sing and talk with nostalgic wonder—the campus and the elms, the ivy-covered lecture halls, the professors with their dreamy Mr. Chipman expressions, clinging to their dogmas and theories and hypotheses. To be forced to admit an error one does not discover oneself is even more catastrophic than to suffer defeat on the football field, which for years has supported the entire institution and paid most of the salaries of these same professors.

Thirring athletes and calling them students is vernal only in a controlled measure, and if it produces funds by which the professors are enabled to teach their students ideas and ethical principles, how can one attack it as morally wrong? Does not the end justify the means that enables them to teach that the end does not justify the means? Such is the beautiful duplicity of the ivy-covered halls.

Besides, there are many kinds of minds and morals, are there not, and wouldn't it be wrong to practice only one kind of morality in a place of learning?

This is a place of preparation for youth for what lies beyond. We are inclined to forget its importance, this training ground of bodies and minds and souls. Here the students put aside, perhaps for the first time, the childhood dreams and begin to explore realities.

We are inclined to forget how important it is that young people have this time, free and unfettered, to find the truth. Elders fretted over the generation that grew up in depression and turned to socialism and left-wingism. Everyone thought they would tear civilization down. Instead they went out to war on our enemies and defeated them on battle fronts all over the world, to prove that freedom as we know it, imperfect as we may be, is worth living and dying for. Where did they learn this but in the matrix of freedom itself, in the examination of ideas from every side, at the point where freedom should walk with greatest pride—the high places of learning?

Here in the universities is the beginning of maturing faith, of faith that may deny itself, or that may stumble down some ancient path to long-forgotten realities.

The professor is small and bent and forgetful. Professors mirror down to a quart of maple syrup.

the personalities they are supposed to have.

The professor knows well the hazards of the roads beyond the university and the valley. He insists that whatever road his students choose, they must be fortified with knowledge and understanding.

LEARN, LEARN!

"Learn, learn, learn," he cries. "Without learning all is lost, and the road that is sunlit in the morning is storm and death in the darkness. And you can be forced back down and the avalanche buries you, unless you know"

"Your equipment, your training, your reason, your depth of understanding—these are the tools for your journey. Take with you knowledge and integrity and willingness to face truth on its own high terms."

He looks around at the questioning young men and women in his class.

"How do we know what is truth, Professor?"

"You do not know it. But you can recognize it. But you must admit the truth given to yourself."

"Why won't we?"

"I did not say you won't, only that you may not. It depends on how frightened you are, or how frightening the truth itself may be."

"So truth is frightening?"

The professor is annoyed at the students' persistence. "It depends on how you look upon it," he answers.

"What is faith, Professor?"

"A kind of knowledge, based on intuitive perception, in most instances, rather than factual data. The reasons may be sound or unsound, physical or metaphysical."

"What if it does not work? If you have faith in God and you ask some favor and it is not granted?"

"Well, we have a choice. You may give up your faith that there is a God who answers prayers. Or you may decide that your request is denied; that you have asked amiss."

The young mind listens and questions and wonders—as he should.

(To be continued)

K of C Headquarters
 Scouts for New City

NEW HAVEN, Conn. (AP)—The Knights of Columbus, administered from New Haven since its founding, is in the market for a regional headquarters in the Midwest.

A primary reason for the decentralizing is the Roman Catholic fraternal order's big membership insurance program.

Luke Hart, the supreme knight, said that more than half of the million members who are insured through the order live west of Cleveland.

The K of C, he said, is considering cities in Wisconsin, Indiana, Illinois and Iowa.

"We are looking for a city between 75 and 100 thousand to set up an office to process insurance applications," Hart said.

The order was founded in New Haven in 1882. It now has members and local chapters throughout this country and in Cuba, Mexico, Canada, Puerto Rico and the Philippines.

An average maple tree yields 15 to 20 gallons of sap which boil and ferment to a quart of maple syrup.

Titan Data Capsule Recovered in Ocean

CAPE CANAVERAL, Fla. (UPI)—A data capsule which rode 5,000 miles in the nose cone of a Titan intercontinental ballistic missile was recovered Wednesday in the Atlantic Ocean near Ascension Island.

Officials said the capsule would be returned to the Wilmington, Mass., research and development division of the Avco Corp., which builds the Titan's operational prototype nose cones.

The capsule was expected to reveal detailed information about the nose cone's performance in white-hot heat of re-entry into the earth's atmosphere.

The nose cone, which also has been tested successfully aboard the Atlas ICBM, would carry a nuclear warhead in time of war.

South Africa Fears TV Would Weaken Whites

CAPE TOWN, South Africa (AP)—South Africa is not going to get television because it would undermine and destroy the white man's rule here, the minister of posts and telegraphs, Dr. Albert Hertzog, said today.

Hertzog told the Senate: The whites can maintain the position of rulership only if they remain superior to the non-whites. This cannot be achieved if such bad influences as television and all its accompanying evils are allowed to contaminate our young people who'll be leaders of the country in the future.

Monocitizenship is limited to families which have lived there four generations.

OH, NO! — The young lady is amusing herself with a toy in New York that's described as the worthy successor to the hula hoop. It's called a Jiggle-Stick. Object is to keep the wavering flexible shaft straight so the ball balances.

Business Inventories Getting Filled Up

WASHINGTON (UPI)—The Commerce Department reports the nation's economy no longer is getting an extra lift from the aftermath of last year's steel strike because steel shortages have been made up.

Basic business forces affecting supply and demand will determine production and employment from now on, the department said in its monthly review of the business situation.

It said that income and output are at or near record levels and that filling of inventory pipelines has eliminated some production bottlenecks. But replenishment of inventories also means an easing of demand for new goods, the department said.

Which One Was Fooled? Store or the Thief?

PHOENIX, Ariz. (AP)—Annoyed by a thief who twice broke into a coin box on a mechanical rocking horse, employees of the hardware store emptied the money from the box one night and left this note: "Fooled you, didn't we?" The same night, the thief again broke into the coin box and stole the note.

Water covers 143 million square miles of the earth's approximate 179 million square miles of total area.

How Much Jack Can a Genius Jill Marry?

Jill St. John, Lance Reventlow Wed Today

SAN FRANCISCO (AP)—Lance Reventlow, a young man with just about everything, weds Hollywood beauty Jill St. John today in an hotel suite ceremony.

Much married Barbara Hutton, mother of the groom, headed up the advance party. The dime store heiress arrived Wednesday night from Mexico City and quickly explained why the young couple selected San Francisco.

"Pointing at Hawaii," she said, "that was mama's idea. It's my favorite city." Lance is her only son by her second husband, Danish Countess Countess Reventlow. She had four other husbands, low. She had four other husbands, low. She had four other husbands, low.

NOB HILL WEDDING
California Supreme Court Justice Marshall McComb will perform the ceremony at the Mark Hopkins Hotel on Nob Hill. Guests include the parents of the bride, Mr. and Mrs. Edward Oppenheim of Beverly Hills, Calif.; Reventlow's father, Dudley Walker; and his childhood nurse, Barbara Latimer, now living in London.

Best man is Reventlow's cousin, Jimmy Woolworth Donahue. The bride's maid is actress Nina Shipman.

The newlyweds-to-be had selected presents for each other in Los Angeles. Jill, 19, had received a \$12,000 blue gray imported convertible sports car, a Mercedes Benz 300 SLR.

Lance, 24, makes and races sports cars, and buying something for him was something of a problem for his red-haired beauty, she, saying he has everything, finally settled on an expensive carved jade object. Reventlow collects jade.

RATED A GENIUS
The actress, married at 16 and divorced at 18, has been in show business since she was 6. Her press agent credits her with an IQ of 182, genius rating.

Lance is scheduled to drive in a grand prix auto race April 23 in Riverside, Calif., so there will be no extensive honeymoon. There is talk of a few days in Honolulu, however.

Wherever they roam, the couple can always return to the \$500,000 Beverly Hills bungalow Miss Hutton gave her son on his 21st birthday. It has a swimming pool close to the size of a small lake and a bathtub reportedly as big as a garage.

Gzvrgr, Tmnz& 4 Pux Hl Agyo Pn3... Oh, Well
CORPUS CHRISTI, Tex. (AP)—Frank Joseph Fletcher Jr., said Wednesday the information listed on his new driver's license is not correct.

His name is not Frank J. G183853 Jr.

The expiration date is not 3 5 6, his weight is not 5 pounds, the color of his hair is not 3, his eyes are not 755, and his sex is not 4.

Fletcher said he plans to send the license back to the Department of Public Safety and request a new one.

It seems the machine that automatically prints the information on the license was out of order at the time his was printed.

Cuba Hints Pressure on U.S. Naval Base
HAVANA (AP)—Fidel Castro's leftist labor minister declared today the U.S. Naval base at Guantanamo in eastern Cuba is a "foreign business" subject to Cuban laws.

The assertion by Augusto Martinez Sanchez was the first official hint of pressure tactics the Castro regime might use in case of conflict over the status of the U.S.-leased base.

Officials at the Navy base recently rejected demands by Cuban employees for an agreement that would place them under Cuba's labor laws. The Navy said both Cuban and American workers on the base were covered by U.S. Civil Service regulations.

Gladiators Take 'Y' Community Cage Title
The PCH Gladiators captured the YMCA Community Basketball League title by beating Rochester, N.Y., 81-38.

GLITTER, GLITTER LITTLE STAR—Dime store heir Lance Reventlow, son of Barbara Hutton, poses Tuesday with actress Jill St. John, awaiting today's glittering San Francisco Nob Hill wedding.

MOTHER BARBARA ON HAND—Woolworth heiress Barbara Hutton, left, pauses with traveling companion Mrs. Ignacio de Landa at San Francisco International Airport Wednesday night. She arrived for the wedding of her son Lance Reventlow and actress Jill St. John, taking place today.

Wants to Slash Military Aid

Idaho Senator Proposes \$200 Million Slice From Ike's Request
WASHINGTON (AP)—A fight to cut 200 million dollars from two billion dollars in military assistance funds was started today by Sen. Frank Church (D-Idaho).

Church announced he will offer an amendment to the big foreign aid bill to repeal what he called the "blank check" authorization Congress voted last year for arms aid abroad. He proposed instead a ceiling of \$1,800,000,000 on appropriations for the fiscal year starting July 1.

"Actually," Church told a reporter, "this would not effect a cut below current levels of military aid spending but would prevent an increase in current levels."

Congress last year authorized no-riding appropriations for military assistance for the fiscal years starting July 1, 1960 and July 1, 1961. Congress still controls actual appropriations.

The senator is a member of the Senate Foreign Relations Committee which is considering Eisenhower's over-all \$4,175,000,000 foreign aid program.

The committee called closed sessions for secret testimony from State Department officials, while the House Foreign Affairs Committee continued to vote on economic assistance items.

Church said he also will offer a second amendment to prohibit any new commitments for arms aid to Latin America.

Annexation Permissible If Districts Only Touch
LANSING (AP)—Territory touching a school district only at a corner is eligible for annexation, an attorney general's opinion has held.

The opinion noted many Michigan school districts are irregular in shape and that the Legislature has often allowed annexation of districts not touching each other at any point.

Must Halt Sneak Flights to Cuba

U.S. Immigration Needs More Cash to Check on Illegal Operations
WASHINGTON (AP)—The Immigration service was reported planning to ask today for an extra half million dollars for expanded operations against sneak flights between Florida and Cuba.

U.S. investigators declined to rule out the possibility that the American private plane forced down in Cuba Monday was really on a Cuban-inspired mission designed to embarrass the United States.

The investigators said not enough facts in the case have been pinned down yet to warrant any official conclusion.

Machine-gun bullets from a Cuban army patrol forced a low-flying U.S.-based private plane to make an emergency landing Monday near Matanzas. Cuban authorities said the small craft was headed for a rendezvous with a former colonel in ex-president Fulgencio Batista's police force.

The Cubans said they also found documents in the plane that they claimed proved participation in a fire-bombing raid on Cuban sugar cane fields. The fliers claimed they were only on a fishing trip.

An immigration service spokesman said the Senate Appropriations Committee would be asked for a supplemental fund of \$500,000 for stepped-up enforcement against illegal Florida-Cuba flights.

Last fall the service put an extra 100 agents on the job in Florida to stop sneak flights to Cuba.

Wednesday the Federal Aviation Agency announced a multi-agency tightening of controls, including setting up a flight information center at Immigration service headquarters in Miami.

Bridge to U.S.S.R. Urged by Professor
BERKELEY, Calif. (AP)—How would you like to drive to the Soviet Union?

T. Y. Lin, professor of civil engineering at the University of California, Wednesday proposed the U.S. and Soviet Union build a joint bridge to span the 48-mile wide Bering Straits between Alaska and Siberia.

Lin, an authority on prestressed concrete, figured the enormous bridge could be built of prefabricated 1,000-foot strips and floated into place.

The cost? About one billion dollars.

Pontiac Women Earned \$671 at Elks' State

Pontiac bowlers won a total of \$671.23 in the recent Michigan State Elks' Ladies Bowling Association tournament at Royal Oak.

Eight teams divided \$79.17 headed by the Bowlerettes with \$80. A total of 17 won \$242 in doubles with champs Esther Baker and Marion McNair setting the pace.

Seven places in all events and 29 in singles produced the other \$151.16.

Blue Cross, Shield Called Autocratic
LANSING (AP)—Senators today pondered a Detroit hospital official's assertion that Michigan Blue Cross-Blue Shield is assuming "autocratic power" over state hospitals.

The Senate Senate Committee led by Sen. Edward Hutchinson (R-Fremont) put off a decision on an investigation after hearing Sidney S. Goosen and other critics of the hospitalization and medical service insurance plans.

Goosen, administrator of Lakeside General Hospital, testified in support of a resolution calling for the investigation submitted by Sen. Raymond D. DeZeeuw (D-Detroit).

DeZeeuw criticized what he called excessive rates and discrimination among hospitals by Michigan Hospital Service and Michigan Medical Service.

Gets State TB Post
LANSING (AP)—The Michigan Tuberculosis Assn. has named Raymond M. Taylor as its field service director. He was formerly chief of the case-finding unit of the National TB Assn. in New York.

Census Holds Vital Key for State Cities, Counties

LANSING (AP)—Michigan cities and counties will eye the 1960 census figures as closely as a wife checks her husband's pay check stub.

A lot of money will be involved. The census will determine per capita distribution to cities and counties of state sales and intangibles tax money.

The State Revenue Department predicted that at least 15 counties and cities, enjoying mushrooming growth, will benefit from considerably higher funds.

Another 15 counties and cities will fall below their 1950 population count and will have to look elsewhere to make up the income.

PREDICTION DIFFICULT
The intangibles tax return to local units of government was fixed at \$9,500,000 in 1952 or about \$1.49 per capita. The population increase could drop this to as low as \$1.15, the department said.

Per capita distribution of sales tax funds is more difficult to predict because of inflation, a fairly high level of income and increased tourist trade spending, the department added.

Counties listed as probable tax gainers:
Macomb, Isco, Genesee, Livingston, St. Joseph, Van Buren, Ottawa, Berrien, Lapeer, Monroe, Eaton, Allegan, Branch and Lenawee.

Cities listed as probable tax gainers:
St. Clair Shores, Allen Park, Okemos, Roseville, East Detroit, Midland, Inkster, Lincoln Park, Birmingham, Grosse Pointe Woods, Royal Oak, Hazel Park.

Counties listed as probable tax losers:
Hamtramck, Highland Park, Ironwood, Escanaba, Cadillac, Ecorse, Detroit, River Rouge, Montclair, Mt. Pleasant, Marquette, Port Huron, Ferndale, Sault Ste. Marie and Ann Arbor.

Calls for Measures Against Contagion

ANN ARBOR (AP)—A medical researcher who evaluated the Salk polio vaccine has called for attacking bacterial diseases, such as arthritis, rheumatism and heart disorders, with preventative medicine techniques that have proved effective against contagious diseases.

Dr. Thomas Francis Jr., chairman of the University of Michigan's department of Epidemiology, said this approach would add a new perspective to the physician's traditional practice of preventive medicine.

In an article in the current Journal of the American Medical Assn., Dr. Francis said preventive measures fall under three general headings:

Protection from chemical and physical exposure; correction of dietary deficiency or excess; and sanitation, immunization or other specific countermeasures to prevent infectious diseases.

Forecasts Failure in House for Old-Age Health Bill
WASHINGTON (AP)—A key House Republican forecast failure today for a Democrat's effort to force a House vote this session on government paid old-age health benefits.

Aid to Leukemia in Final Testing
TOLEDO, Ohio (UPI)—The discovery of two chemical regulators to prevent hemorrhaging in leukemia cases was announced last night by Dr. Bernard Steinberg, director of Toledo Hospital Institute of Medical Research.

Traverse City Merchant After State Senate Seat
TRAVERSE CITY (AP)—William G. Milliken, a 37-year-old merchant, today announced for the Republican nomination for the State Senate from the 27th District.

Milliken's father, the late James T. Milliken, served in the State Senate and was first chairman of Michigan's "Little Hoover Commission." His grandfather also was a state lawmaker.

S. Africa Hate Plays No Favorites

'Explosion' Sooner Than Expected

By PHIL NEWSOM
UPI Foreign Editor

On June 3, 1948, a tough old Afrikaner named Daniel F. Malan became Premier of the Union of South Africa and began instituting the policy of "apartheid" — more simply, "white supremacy."

Ten years later, a newsmen toured the Union of South Africa and wrote:

"Three million whites keep 11 million nonwhites in virtual bondage. Even the white supremacists concede an explosion is bound to come — the only question is when. Fascists say five years; optimists, 10."

This week the worst and most tragic outbreak yet occurred outside Johannesburg.

PLANNED AS NONVIOLENT

What had been planned as a non-violent demonstration by 25,000 non-

white Africans exploded in gunfire, rioting and burning.

In the outburst of hate, no favorites were played among the victims. There were women and children among them as well as men.

Malan, as have been his successors, was a member of the Nationalist Party which is dedicated to racial segregation and white supremacy.

In general, it is a party of intense nationalism and its members are descendants of the Dutch settlers of South Africa.

Their language is Afrikaans which is derived from the Dutch, and is one the Nationalists would like to have supplanted English as the foremost national tongue.

Its leaders when they speak of apartheid use such expressions as "volkswil," meaning will of the

people, or "baasskap," bossism or white supremacy.

SMOTHER OPPOSITION

To enforce apartheid, Nationalist leaders have run roughshod over their opposition, including white.

They have rewritten the laws and changed the relationship between Parliament and the courts to make sure their policies cannot be outlawed.

Apartheid covers native Africans, all persons of mixed blood and Indians. Their segregation is complete.

They have no direct vote and the population registration act places upon them their racial origin forever.

The latest riots were a protest against passes which every native African must carry.

They describe the name, tribe and place of birth of the holder, his place of residence and the name of his employer.

HARD TO CHANGE

He cannot change his employment or move to any other part of the country without having his pass endorsed.

South Africa's apartheid policy has estranged it from India, strained its relations with the United Nations and caused a constant state of friction with Britain, the mother country.

Former Union of South Africa Premier Johannes G. Strijdom put it in a nutshell.

"The white man has 'baasskap,' he said, because he has the vote. South African laws, he continued, make it impossible for natives ever to regain that power."

When British Prime Minister Harold Macmillan visited the Union last winter he frankly criticized apartheid.

To which Nationalists replied that Macmillan was a political opportunist and that South Africa would continue its course.

Violin-Maker in Niles Puts Love in His Work

NILES (AP) — What's a violin? It's a collector's item if Beverly Maxson of Niles made it. Beverly Maxson violin isn't good by accident. The 35-year-old craftsman has been making violins since his youth, when he traveled about the country seeking out every violin-maker he could find.

As he traveled, he observed. He was disappointed in the work other violin-makers were doing. "I tell you I didn't see much," he said. "One famous maker handed me a violin he was about to deliver, and it stuck to my hands. It wasn't even dry."

It takes a long time for Maxson to build one of his instruments. He selects the wood, takes 212 man-hours to construct a violin with 72 pieces, using three kinds of wood, and weighing less than a pound.

The woods for a Maxson violin come from Czechoslovakia, Maple, spruce and ebony from there seem to have superior tone and quality to American woods.

Maxson studied under a master violin-maker as a boy, and soon found out. "You can't teach a man to make a violin. You've got to live the violin, and have a feeling for wood."

The problem that a modern violin-maker faces don't make his craft a profitable one. The wood, and the horsehair from Soviet Russia so necessary to make a violin are hard to come by. The wood for the bow comes from British Guinea.

When the maker has assembled all the material he needs, and has built the violin, he still must find a buyer for it. This is a problem for Maxson.

"My violins are worth more than a beginner would want to spend, and the great artists prefer

violins at least 75 to 100 years old."

Despite the discouragement, Maxson violins can be found all over the United States, and in Europe, too. "I don't advertise my work," Maxson says. "But somehow people find out and come to me."

Vasa Lodge 510 to Hold Dinner, Dance Saturday

Pontiac Vasa Lodge 510 will hold a dinner meeting Saturday night at the Pythian Hall, 345 Voorhees Rd., Waterford Township.

On the serving committee are Mr. and Mrs. Gustav Persson, Mr. and Mrs. Keith Potter and Mr. and Mrs. Erik Danielson.

Dancing will follow the meeting. Scandinavians and their friends in the Pontiac area can attend.

Allegan Leader to Run for Hutchinson's Seat

ALLEGAN (UPI) — Robert F. Irwin, 45, president of the Allegan Improvement Assn., has announced that he will seek the Republican nomination for state senator from the 8th District of Allegan, Barry and Van Buren counties.

The seat is presently held by Sen. Edward Hutchinson (R-Fennville) who has announced plans to seek the GOP nomination for lieutenant governor.

Frederick Hilbert, a Wayland seed dealer, also has announced he will campaign for Hutchinson's seat in the GOP primary.

MIL

Brennan Grandpa Again

HOLLYWOOD (UPI) — Actor Walter Brennan, who plays a grandfather on the "Real McCoys" television series, has become a real-life grandpa for the 12th time with the birth Monday night of a girl to his daughter, Mrs. Dixon Laderman.

Canada and the United States consume 244 pounds of wood fiber per capita annually.

Subject: The Volunteer Worker

Plan Institute on April 5 at MSUO

"The Volunteer in our Metropolitan Community" will be the subject of an all-day institute April 5, at Michigan State University Oakland.

The program, third in a series for volunteer leaders in Oakland and Macomb counties, will focus on the role and importance of the volunteer in the American society.

"In the interest of increasing the effectiveness of the volunteer, the program will be directed at improving his understanding of his function, and of the place of his agency in the general pattern of modern social services," said Dr. Lowell R. Ekland, MSUO director of continuing education.

"The organization, philosophies, operations and relationships of local volunteer agencies will be examined against the backdrop of our modern metropolitan community's problems," he said.

Subjects which will be discussed include socio-psychological needs of individuals in modern society, how communities meet these needs through private and public agencies, relationships between agencies, and the organization and operation of various agencies.

Panel members will be Dr. Mel J. Ravitz, staff sociologist of the Detroit Planning Commission and a faculty member of Wayne State University; Dr. Charles Brink, dean of the School of Social Work, Wayne State University; Bernard Houston, supervisor of the Wayne County Bureau of Social Welfare; and Mrs. J. Howard Stephenson, past president of the National Federation of Settlements and Neighborhood Centers.

"Our aim is to provide information by which the volunteer will be able to understand and grasp the total role of his agency, and to see his and the agency's relationships to the composite of social-service agency activities," said Robert Langer, assistant director of the Pontiac Area United Fund, who is chairman of the program planning committee.

The institute is open to representatives of all area volunteer agencies. Reservations should be made in advance, Langer said.

Further information is available at the MSUO continuing education office.

Some KP Will Be Abolished

Airmen to Tend Planes Instead of Scouring Pots

WASHINGTON (UPI)—The Air Force shortly will tell its commanders everywhere that they can end kitchen police—the bane of many a GI's existence.

They can end it, that is, if they can afford to hire civilians out of their authorized budgets and demonstrate that this is a more economical way of feeding airmen than by using GIs.

The Air Force order, now being prepared for distribution and to be effective next July 1, was reported by the service newspaper Air Force Times and confirmed by the Air Force. It also was made public by Rep. Frank Kovalchick (D-Conn.), a congressional crusader against using servicemen as servants.

The Air Force pioneered the idea of hiring civilians as food service attendants five years ago. With its new order, it will be adopting a procedure similar to one the Army has had in effect since December 1958 for units outside the United States and since last February for units at home.

The Navy says it is studying the possibility of eliminating KP—which it calls MC, for mess cooking—by the end of this fiscal year. It has a pilot program under way at Treasure Island, near San Francisco.

MARINES HOLD STRONG

But the Marine Corps said it is not, and has not been, considering abolishing mess duty.

"As a 'force in readiness,' a 'spokesman' said, the Marines need to have their men prepared for KP in the event of rapid movement to a combat area. Civilians "would be useless," the spokesman said, in either combat or operational training deployments.

The Air Force move could be halted prematurely by many airmen, if they expect an immediate end to KP duty.

The regulation becomes effective July 1 and leaves the matter of ending KP to the discretion of local commanders, as is the case in the Army. Most local commanders already have prepared their budgets for the fiscal year.

The Air Force pioneered the idea of hiring civilians as food service attendants five years ago. With its new order, it will be adopting a procedure similar to one the Army has had in effect since December 1958 for units outside the United States and since last February for units at home.

The Navy says it is studying the possibility of eliminating KP—which it calls MC, for mess cooking—by the end of this fiscal year. It has a pilot program under way at Treasure Island, near San Francisco.

MARINES HOLD STRONG

Jim Farley to Seek Dem Convention Post

NEW YORK (UPI)—Former Postmaster General James A. Farley has agreed to run for Democratic national convention delegate in Manhattan's 17th congressional district, Tammany leader Carmine de Sapio, announced.

Farley, a former national chairman of the Democratic Party, will be unopposed.

His entry into the race healed a breach between a Democratic faction led by de Sapio and another supported by former Sen. Herbert H. Lehman.

Lehman had threatened a primary fight in the district if Henry Silverman, a veteran Tammany district leader, got the nod for the delegate's state.

Skunk Came Visiting, Didn't Leave a Whiff

TURTON S. D. (AP)—Ida Mae Leonard opened the front door, thinking it was her pet kitten outside scratching.

It was a skunk.

The creature poked up the steps, into the living room, through the kitchen and out the hastily opened back door.

No, it didn't—not even a whiff.

Dr. Teller Proposes Localized N-Testing

LOS ANGELES (AP)—The scientist known as the father of the hydrogen bomb says the United States would become a second-rate power if it accepted an indefinite ban on all nuclear tests now.

Dr. Edward Teller told a Los Angeles audience Wednesday that the nation instead should seek a halt on air, surface and undersea tests. He said the Soviet Union could disregard an overall ban by underground tests that could not be detected.

Teller is director of the University of California's Radiation Laboratory at Livermore.

HELEN KELLER AT FUNERAL—Helen Keller, famous for overcoming handicaps of blindness and deafness, is led away from the funeral of her long-time companion, Miss Polly Thomson, 75, who died Sunday. With her is her brother Phillip Keller, who flew in from Dallas, Tex., for the funeral.

Part of MSU Public Information Series

County Planning Panel Set

The importance of planning in township growth will be the theme next Tuesday when the Cooperative Extension Service of Michigan State University conducts another of its "Know Your County Government" panel discussions for the public.

How the Oakland County Planning Commission works with the County Department of Public Works in laying out future sewer facilities will be another subject.

At the 8 p.m. session in the County Office Building, 1 Lafayette St., will be a panel of four officials. Participating will be R. J. Alexander, DFW director,

George

Goes Slumming (Psychologically Speaking)

Anthropologist Raps U.S. Family Life

LOS ANGELES (UPI)—Anthropologist Margaret Mead takes a dim view of American family life today, charging it has reverted to "living in the slums—psychologically, spiritually and sociologically."

The famed scientist told a press conference yesterday the "kettle is boiling over" for today's parents, who have "too many children," and have been "forced into adulthood at too young an age."

Dr. Mead, here on a lecture tour, asserted the American family wants the benefits of earnings of \$20,000 to \$30,000 a year "without desiring the promotions to reach it."

She said the nation's new attitude of craving only material goods and family security would prove disastrous in producing scientists, statesmen and philosophers.

Dr. Mead termed the new philosophy as actually the old philosophy of the 1930 depression years.

She scored early marriages and early parenthood, calling the trend "a reaction not only to the uneasy state of the world but pressures put on by adults."

"Going steady in the sixth grade," she explained, "gets as boring as can be by the time youngsters reach high school. The next natural step is teen-age marriage."

Referring to men, she said they should marry "only when they are able to support a wife and family."

She called that the first requirement for marriage for a man, who is not really adult until he is economically self-supporting.

She criticized "young women who want their men to work a 40-hour week or less and play with the baby, work in the garden—and not be too interested in their work." On a 40-hour week, you can't produce greatness in any field, she added.

Now insist on payment for each unit they deliver to an auto company.

This might indicate that the current Ford research might end up in the same scrap barrel that previous projects have.

Research of this type is not new.

Since front-wheel drive was used originally on the 1936-37 Cord, the last American-made car to apply power to the front wheels, many companies have shown temporary surges of enthusiasm for this arrangement.

About the same time Cord was offering front-wheel drive to the American motorist, General Motors did extensive research into the possibilities of bringing out a car with front-wheel drive.

Similar projects have been started and dropped so often that companies producing the special universal joints needed for front-wheel drive have stopped giving the auto companies free prototypes to use in their experimental work.

Most parts manufacturers give the auto companies free samples of their parts for use in research work in hopes of obtaining volume orders when the research is completed. But the makers of the special universal joints generally used in connection with front-wheel drive.

'Sizzling '60s' Quieting Down but Still Good

CHICAGO (UP)—A business educator Wednesday observed that the "Sizzling '60s seem to have become the Sputtering '60s instead."

But 1960 is far from a lost cause economically, said Dr. Paul W. McCracken of the University of Michigan's School of Business Administration. He added:

"Actually, even recent developments have been disappointing heavily in terms of expectations rather than plain accomplishment. There is now a promising prospect for a sound and orderly pace of economic expansion in the months ahead."

Future Farmers Add Assets, Are Surprised

MIAMI, Okla. (UPI)—Learning to be a farmer can be profitable, and 202 Future Farmers of America here have proved the point.

Tallying the assets they have gained while raising poultry, livestock and crops, the boys figure they are worth well over \$100,000.

"Carry Me Back to Old Virginia" is the state song of Virginia.

You Can Do Anything With the Right Wrench

BALTIMORE (UP)—It happened on a downtown street corner. A workman with the proper wrench turned on a fireplug, took

out his false teeth, washed them in the gushing water, replaced them in his mouth, turned off the fireplug and walked away.

The first railroad tracks in Missouri were laid in 1831.

Registrations Pour In

LANSING (UP)—Motor boat registrations are coming in at the rate of 450 a day, the secretary of state's office reports.

Ford Research Cited

Front-Wheel Drive Ahead?

By JACK VANDENBERG

UPI Automotive Editor

DETROIT — Front-wheel drive may reappear on American cars within the next few years, auto industry sources say.

The sources say Ford is experimenting with front-wheel drive for a new small car it is developing to compete with such foreign imports as the Volkswagen and Renault.

It also is experimenting with front-wheel drive on a Thunderbird, but this could be pure research with no intention of ever introducing such a car.

Research of this type is not new.

Since front-wheel drive was used originally on the 1936-37 Cord, the last American-made car to apply power to the front wheels, many companies have shown temporary surges of enthusiasm for this arrangement.

About the same time Cord was offering front-wheel drive to the American motorist, General Motors did extensive research into the possibilities of bringing out a car with front-wheel drive.

Similar projects have been started and dropped so often that companies producing the special universal joints needed for front-wheel drive have stopped giving the auto companies free prototypes to use in their experimental work.

Most parts manufacturers give the auto companies free samples of their parts for use in research work in hopes of obtaining volume orders when the research is completed. But the makers of the special universal joints generally used in connection with front-wheel drive.

years. "Buy the beefsteak, the beer and the night out—now that we have some money—and they can't take it away."

She scored early marriages and early parenthood, calling the trend "a reaction not only to the uneasy state of the world but pressures put on by adults."

"Going steady in the sixth grade," she explained, "gets as boring as can be by the time youngsters reach high school. The next natural step is teen-age marriage."

Referring to men, she said they should marry "only when they are able to support a wife and family."

She called that the first requirement for marriage for a man, who is not really adult until he is economically self-supporting.

The Michigan State University Oakland Foundation is reportedly ready for a big financial drive to insure all the top high school students in Oakland and Macomb counties the opportunity to get a college education, even if they can't afford one.

The Foundation, it was disclosed, is planning a fund-raising campaign to more than double the number of scholarships it sponsors at the Pontiac area university.

The aim of the giant undertaking is to insure that every high school senior in the Oakland and Macomb counties last night by MSUC Chancellor D. R. Varner. He said:

"It is our hope to insure that not a single student in the top quarter of his high school graduation class shall be denied, for financial reasons, the opportunity to attend MSUC."

The Foundation, it was disclosed, is planning a fund-raising campaign to more than double the

"We believe that we will have the financial resources available next fall to make it possible to do just this."

Varner disclosed that the foundation wants to provide 120 or more scholarships next fall. It provided 50 last fall for the current school year.

IS MAJOR SOURCE

Importance of the foundation's plan is emphasized by the fact that it is by far the major source of scholarships for MSUC. The school does not receive any scholarship money from MSU.

The foundation is a 50-member group of community leaders which has helped guide MSUC fortunes since its inception. The group is headed by Harold A. Fitzgerald, publisher of The Pontiac Press.

According to a university spokesman, the new scholarships would probably fall into the same pattern as those granted last fall — most of them \$250 tuition scholarships, but some of \$300 to cover tuition and other school expenses.

Varner emphasized that the university wanted primarily to make the scholarships available to top students in the 48 high schools in the two-county area.

He was addressing about 175 guidance counselors from 43 of the high schools at a dinner meeting at the MSUC Student Center.

The schools were asked to co-operate by furnishing the names of top students who need financial assistance.

"You tell us who needs help, and we'll take it from there," Varner stated.

He said the university would plan a program of student loans

and part-time student jobs to help carry out the assistance plan.

Individual help would be flexible, he said, depending on circumstances and the availability of financial help from family sources.

Optimistic that the university would be able to step up its financial assistance next fall, Varner asked the counselors to begin expanding their lists of potential scholarship candidates.

Varner pointed out what President Eisenhower and many others have termed the nation's most serious problem—the fact that the nation is failing to provide higher education for many able students.

The U. S. Office of Education has estimated that 200,000 able high school students each year are denied a college education—about half of them because of inadequate financial means.

Debate Volcano Erupts on 'Beats'

By PETE LOCHBLER

The beatnik controversy appears to be raging everywhere in Pontiac, including the corner of Huron and Saginaw streets.

Passers-by were asked yesterday noon what they thought of plans to establish a so-called beatnik night spot in Pontiac and of the City Commission's efforts to keep it from opening.

Some applauded the Commission's determination not to grant the place—"The Cave of the Ninth Cat"—a food license because of objections on moral grounds.

Others said the commission was wrong and some added that City Hall was probably on shaky grounds legally.

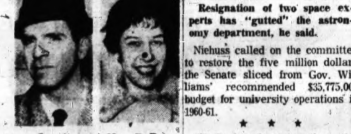

U. of M. Loses More Professors

LANSING (AP) — A University of Michigan official says "A feeling of lack of progress" has undermined two departments at his school and threatens still more damage.

Four of the university's top five professors in the field of theoretical mathematics have quit in the last year, Marvin L. Niehaus, U. of M. vice president and dean of faculties, told the House Ways and Means Committee yesterday.

Resignation of two space experts has "gutted" the astronomy department, he said.

Niehaus called on the committee to restore the five million dollars the Senate sliced from Gov. Williams' recommended \$33,775,000 budget for university operations in 1960-61.

Lovell Mrs. Dubois

"I think they're 'widerworld,'" said a young housewife, Mrs. Jerry Dubois, groping for a beatnik term.

"I wouldn't visit a beatnik joint myself and I think everyone in the Pontiac area is against them, except the beatniks themselves," said Mrs. Dubois, 3230 Seaboard Rd., Drayton Plains.

DOESN'T APPROVE

She thought the City Commission had done a good job.

"I certainly don't approve of them," said a grandmother, Mrs. Frank Lewis, 1407 Avondale Rd., Sylvan Lake.

Mrs. Lewis

Holding her grandson, Jackie, in her arms, she said "I don't like their looks. I think Pontiac can do without them."

Count Me In for Presidency, Symington Finally Admits

WASHINGTON (AP) — Sen. Stuart Symington (D-Mo.) laid down a four-point peace-and-progress program in a formal announcement today he is seeking the Democratic presidential nomination.

His statement avoided direct mention of the primary theme he has pursued in months of campaigning—that the United States is falling dangerously behind the Soviet Union in the development of intercontinental missiles.

Instead, Symington confined himself to a statement that "only a first-rate, first-class, first-place America can reinforce the world's faith in freedom and secure a just and lasting peace."

He said the next president of the United States—which he wants to be—"must provide the free world with resourceful and decisive leadership." In the past, Symington has accused President Eisenhower of failing to supply the country with leadership.

Symington arranged an afternoon news conference at which he appeared likely to rule out any primary race except that in Oregon May 20.

The senator's formal announcement had been planned for the

Red Bloc, West Agree on Six Arms Principles

But Sharply Divided on Path to Trod From That Point

GENEVA (AP) — Delegates of the Soviet bloc and the North Atlantic Alliance tentatively agreed today on six initial principles for the control of an East-West disarmament treaty.

The two sides at the 10-nation disarmament conference remained sharply divided, however, on how to go on from there.

The six points of agreement were defined by the French disarmament expert, Jules Moch, on behalf of his own country, the United States, Britain, Italy and Canada.

Moch's definition summarized the points of East-West agreement on control principles which the Western delegations believe emerged during the first week of the 10-nation talks.

Board to Ask School Tax Hike

Edutators Meet Tonight — Expected to Announce Size of Proposed Levy

The Pontiac Board of Education tonight is expected to act on a proposal to increase the operating tax levy in the Pontiac school district.

The present voted levy, approved by the electorate six years ago, is 8.75 mills.

The size of the millage hike in response to a tax to be announced at the Board's regular 7:30 p.m. meeting at 40 Paterson St.

The proposal is an outgrowth of a five-year financing program for the school system, studied by the Board since December.

Increasing costs and declining income has worried Board members.

Also to be presented is the study on teachers' salary schedules by the Pontiac Education Assn. and American Federation of Teachers.

In a Democracy

ALBANY, N. Y. (AP) — Gov. Nelson A. Rockefeller says opposition from the general public led him to abandon his 11-billion-dollar plan for mandatory construction of fallout shelters.

The need to control the actual cuts in men and weapons made in compliance with the treaty.

The need for verification carried out by an international staff of inspectors.

1. Acceptance of the need for an international disarmament organization to act as the enforcement organ of a treaty.

2. The need for control of every stage of agreed disarmament from the beginning to the end of the process.

3. The continuation of control after the completion of any agreed disarmament measure to prevent secret violations.

4. The need for full participation of all states in a general worldwide disarmament treaty. This would include particularly Red China, which is not represented at this conference.

5. The need to control the actual cuts in men and weapons made in compliance with the treaty.

6. The need for verification carried out by an international staff of inspectors.

May Missouri State Democratic Convention

His action in moving up the date was interpreted generally by politicians as reflecting some alarm on his part about the progress Sen. John F. Kennedy (D-Mass.) is making in the nomination contest.

His action left only Sen. Lyndon B. Johnson (D-Tex.) unnamed among the major Senate aspirants for the nomination.

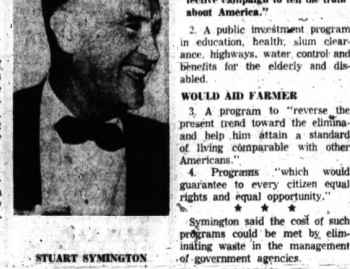

Johnson gave no indication he plans to change his course.

WOULD ABANDON FARMER

3. A program to "reverse the present trend toward the elimination of living comparable with other Americans."

Programs "which would guarantee to every citizen equal rights and equal opportunity."

Symington said the cost of such programs could be met by eliminating waste in the management of government agencies.

STUART SYMINGTON

Mercury's Dippy No Summary's Not Summery

When will it quit? Not tonight, the weatherman says.

Scattered snow flurries with the mercury dipping to 16 in the forecast for the Pontiac area tonight.

And Friday will be cold and cloudy. But, ah... Saturday, there will be a warming trend. Tomorrow's high will be 22.

Southeasterly winds at 18 miles an hour this evening will become northeasterly at 20-25 miles late today and tonight, diminishing Friday.

The lowest recording in downtown Pontiac preceding 8 a.m. was 22 degrees. The reading at 1 p.m. was 20.

2 Convicts Held 16-18 Persons in Tennessee

NASHVILLE, Tenn. (AP) — State authorities said today they hope to reach an early agreement for release of 16 to 18 hostages held at gunpoint by two hardened convicts in the deputy warden's office at the Tennessee Penitentiary.

Warden Lynn Bomar said prospects look bright.

The hostages—estimated by a group spokesman at 16 and listed by one of the hostages as 15—include three women. None has been hurt, insofar as outsiders can tell.

Would Woo France From W. Germany

PARIS (AP) — Soviet Premier Nikita Khrushchev pressed his campaign today for a Moscow-Luxembourg treaty, where he is staying, but few Parisians were out.

Despite a grueling 18-hour day of activity Wednesday, the 63-year-old Soviet leader climbed quickly out of his car and seemed little the worse for wear.

No formal agenda was announced for the Khrushchev-De Gaulle talks, but the Soviet Premier has his objectives clear: to weaken the North Atlantic Treaty Organization and the Western European Union, to both of which West Germany belongs.

What headway he may make is highly problematical. De Gaulle maintained a courteous reserve throughout the opening day of the visit but showed no sympathy with Khrushchev's talk of new danger from Germany. The French President is no amateur at the conference table, and he is a stubborn man convinced of the wisdom of his own judgment.

Nikita Pressing for Pact

Khrushchev made his remarks in response to a toast to peace given by Premier Michel Debré at a luncheon in the Hotel Matignon, Debré's official residence.

He suggested that the ultimate in good relations between France and the Soviet Union would be achieved by a "pact of non-aggression between the two groupings of states."

He apparently referred to the North Atlantic Treaty Organization and its Communist counterpart, the Warsaw Pact.

French sources, without quoting him directly, said he stressed the theme which he brought out shortly after his arrival Wednesday for a presumptive visit with President Charles de Gaulle—that Germany is a menace and France should not trust her.

Khrushchev held a two-hour private talk with De Gaulle at the Elysee Palace this morning. Two interpreters were the only persons present as the two leaders talked in De Gaulle's private office.

They smiled pleasantly as they emerged and shook hands on the palace steps. Then Khrushchev drove off through a rain to lunch 35 miles away.

The first talks were held in a very good atmosphere, an aide to De Gaulle said. A high French source said the initial talk was largely exploratory and that De Gaulle and Khrushchev ranged over several subjects in the first of their series of meetings.

Khrushchev arrived at De Gaulle's Elysee Palace in a pouring rain for the first business talk of his 11-day visit to France.

Bus Strike Negotiations Bring Familiar Results

Both sides reported no progress yesterday after negotiations in the 110-day Pontiac bus strike broke off again without a settlement.

Representatives of Pontiac City Lines, Inc. and Pontiac Local 1097 (AFL-CIO) of the busmen's union conferred nearly two hours at the invitation of state and national labor mediators.

Earl Dresscher, company manager, and John Symington, union president, both reported the strike was still on dead center.

The principal issue remains wages, with the union asking a 13-cent-an-hour package increase over a two-year period and the company saying it can't afford wage hikes without a leasing arrangement with the city.

Systma said the union may be asked this week to consider the jockey plan which the city has ordered to regulate the "courtesy ride" service drivers have provided since the strike began Dec. 3.

The membership meeting is scheduled for 6:30 p.m. Saturday at Roosevelt Hotel.

So far, the union has continued the "courtesy ride" service with no indication whether it will co-operate with the 35-cent-a-day jockey plan prescribed by the City Commission March 15.

Drivers legally have until March

2 Convicts Held 16-18 Persons in Tennessee

NASHVILLE, Tenn. (AP) — State authorities said today they hope to reach an early agreement for release of 16 to 18 hostages held at gunpoint by two hardened convicts in the deputy warden's office at the Tennessee Penitentiary.

Warden Lynn Bomar said prospects look bright.

The hostages—estimated by a group spokesman at 16 and listed by one of the hostages as 15—include three women. None has been hurt, insofar as outsiders can tell.

One Wants to Give Up But Won't Break Word to Companion

Previous reports placed the number at 19 and then Correctional Commissioner Keith Hampton said late Wednesday night there were 16.

Bean said one of the "trusties," Sam Broyles, was released during the night for medical treatment at the nearby hospital.

One of the two convicts, Robert Rivera, 25, told a newsmen he was willing to surrender if his partner would.

Asks Summit Talks by Labor, Employers

NEW YORK (U-P)—Top management and labor leaders should hold a "summit conference" to try to improve understanding, says Secretary of Labor James P. Mitchell.

Mitchell made the suggestion Tuesday night at a dinner of the Industrial Relations Division of the Federation of Jewish Philanthropies of New York.

He said that periodic summit meetings, held in times when his negotiations were not in progress, would have "real merit if only tried."

Michigan Expects Record Planting for Corn, Beets

LANSING (U-P)—A record spring corn planting is in prospect for Michigan this year, the Federal State Crop Reporting Service reports.

Farmers have stated they intend to plant 2,328,000 acres of corn, five per cent over last year and more than 25 per cent of the total acreage for major crops.

A planned 15 per cent increase in soybean acreage following last acreage back to the near record level of 1958. The proposed planting is 367,000 acres.

Planted acreage of all major

crops, including hay for harvest, is expected to total a little more than 7,700,000 acres. Acreage of spring-planted crops will exceed last year's by about three per cent.

A six per cent increase in sugar beet plantings is indicated, boosting the total to 106,000 acres. The 570,000 acres planned for dry bean plantings will raise the total to the highest level since 1944.

Sale of Radioactive Carbon to Reds OK

WASHINGTON (U-P)—The Atomic Energy Commission announced Tuesday it had agreed to let Soviet Russia have a small quantity of radioactive by-product material for scientific, nonmilitary use.

This would represent only the second such shipment to Russia, and the first since 1936. However, there have been a number of shipments of radioactive materials to Communist Yugoslavia for peaceful uses.

The AEC said it had approved the application of the New England Nuclear Corp. of Boston, Mass., to a license to export a hormone

containing five-millionths of a curie of radioactive carbon-14 to Dr. Nikolai Yandarov of the Institute of Biology and Medicine, Academy of Medical Sciences, Moscow.

The material, the commission said, is intended for use in a study of some of the chemical productions of the adrenal gland.

Worried Over Duck Kill

LANSING (U-P)—The Michigan United Conservation Club has asked a federal agency to join the State Conservation Department and Water Resources Commission in investigations of a duck kill on the lower Detroit River.

The sportmen's group estimated in a letter to the secretary of interior's office that 3,000 ducks have been killed by oil on the river.

To Run in Kent County

GRAND RAPIDS (U-P)—Garritt Gritter, a former Grand Rapids city commissioner, has announced he will seek nomination for state representative from the Kent County 1st District in the Aug. 2 Republican primary.

MRS. DANIEL T. MICHAUD

Michauds Honeymooning at Ramada Inn, Phoenix

Honeymooning at the Ramada Inn, Phoenix, Ariz., are the Daniel Thomas Michauds (Paula Joanne Luscombe) who were married Saturday in the St. Gregory Church, Detroit. The Rev. Joseph J. Lissie officiated at the double-ring nuptials.

Daughter of Mrs. Jewel Luscombe of Birmingham and the late Mr. Luscombe, the bride was given in marriage by her brother William Kydd Luscombe. The parents of the bridegroom are the Herman J. Michauds of Detroit.

The bridal gown of white Dresden silk featured a fitted bodice and full carriage skirt caught with silk roses under a black bustle which ended in a chapel sweep. Pearl-trimmed Alencon lace edged the scalloped scoop neckline.

Attached to a semi-pillbox of Alencon lace with a scalloped edging of seed pearls was a fingertip veil of French illusion. White roses, stephanotis and ivy comprised the Colonial bouquet.

Matron of honor was Mrs. William Kydd Luscombe of Lincoln Park. Bridesmaids Patricia Andrus and the bride's cousin Nancy Jane Platz and Barbara Luscombe are all of Birmingham. Their dresses of peacock blue silk organza over taffeta were styled with bell skirts, portrait neckline and cap sleeves. They held shell pink roses and blue and pink hyacinths.

Janet Mary Luscombe was flower girl and her brother Billy carried the rings.

Chester Susalla was best man. Guests were seated by Robert Michaud. Melvin Susalla and Bernard Cassia, all Detroiters, and Patrick Bradshaw of New York City.

For the reception in the Statler-Hilton Hotel Detroit, Mrs. Luscombe appeared in beige silk organza and Mrs. Michaud in royal blue lace. Both wore pink cymbidium orchids.

The newlyweds will fly to San Francisco for a brief stay, before returning to their home in Detroit.

Water on Tap

(NEA) — Something new on the home scene — hot water faucets for outdoors. This is a practical development and saves carrying buckets of hot and cold water from indoors to outdoor areas where they are needed.

Paula Joanne Luscombe, daughter of Mrs. Jewell Luscombe of Birmingham and the late Mr. Luscombe was wed Saturday to Daniel Thomas Michaud, son of the Herman J. Michauds of Detroit.

Couple Wed in Waterford, Honeymoon at Niagara

The Rev. Roy F. Lambert solemnized the wedding vows of Althea Nora Allen and Phillip Wayne Reeves, Saturday, in Lakeland United Presbyterian Church, Waterford. Altar flowers were yellow and white gladioli.

Parents of the couple are Mr. and Mrs. Leo Allen of Bender street, Drayton Plains, and the Quinton Ralph Osgoods of Sutherland street, Waterford Township.

The bride's sister, Sandra, was honor maid at the candlelight rite. Bridesmaids Laura Lee Upchurch, Mrs. Ivan G. Herr, Mrs. Edward Reeves and Cynthia Marie Reeves, junior attendants, are all of Drayton Plains.

Cascades of yellow chrysanthemums and white carnations complemented their dresses of yellow satin and yellow daisy-trimmed hats.

Chantilly lace was applied along the hemline of the bride's bouffant gown of white Italian silk, styled with chapel train. The fitted bodice of lace featured long tapering sleeves and a soft scooped neckline.

Her fingertip veil of silk illusion fell from a cloche type headpiece of lace. A white orchid centered the cascade of white carnations.

Patrick Peters of Pontiac was best man. The usher corps included the bridegroom's brothers, Edward Allen Reeves and Gary Thomas Reeves, both of Waterford Township; Thomas A. Stevenson of Drayton Plains and Everett Randlett of Detroit.

At the reception in Amvets Hall, Mrs. Allen appeared in a yellow silk sheath dress with matching accessories. The bridegroom's mother chose a bouffant dress of brown organza with yellow accessories.

To begin the honeymoon trip to Niagara Falls, the new Mrs. Reeves wore a sheath dress of red jersey and the orchid from her bouquet. The couple will live in Pontiac.

MRS. PHILLIP W. REEVES

OES Holds Friendship Gathering

Armed Chapter No. 503, Order of the Eastern Star, observed Friendship Night this week in Roosevelt Temple.

Presiding as guest officers were Mrs. Tom Rhodes, Royal Oak; Mrs. Gilbert Thran, Commerce; Mrs. Allison Townsend, Rochester; Clarence Curry, Pontiac 228; Leo Miesner, Oxford; and Julius Kindel, Walled Lake.

Honored guests introduced were Mrs. George Tiller, present grand committee woman on finance committee, and Mrs. David Varron, grand representative to the State of West Virginia in Michigan.

Members initiated were Mrs. Emory Holcomb, Mrs. George Brash, Mrs. Claude Jackson and Mrs. Joe K. Emert.

Past matrons and past patrons introduced were Mrs. Eugene Perko, Mrs. Sidney Fellows, Mrs. Theron Taylor, Mrs. Evert Johnson, Mrs. Lester Oles, Mrs. William Pfahler, Lester Oles and William Pfahler.

Oakland County officers present were Wilma Bendle, president; Mrs. T. J. Glascock, first vice president; Arthur Gotcher, second vice president; Mrs. Perko, secretary-treasurer, and Mrs. Robert Adair, marshal.

Mrs. William Cox was hostess assisted by Mrs. Lyle Vanner, Mrs. Albert Holton, Mrs. Frank Waring, Mrs. Joseph Waring, Mrs. Pfahler and Eugene Perko.

Assisting Mrs. Daniel Peterson, refreshment chairman, were Mrs. James George, Mrs. Clarence Crawley, Mrs. Fred Eastman, Mrs. Victor Nelson, Mrs. Norton Graham, Mrs. Donald Hetherington, Mrs. Joshua Heberton and Mrs. Marion Holmes.

Chapters represented at the meeting were Oak Park, Davisburg, Clawson, Birmingham, Hazel Park, Commerce, Milford, Lake Orion, and Lewiston.

Members of Armed chapter will be guests of Roosevelt Lodge at a family night, March 31.

VENICE Likely Port of Call for Royal Honeymoon

VENICE, Italy (AP)— Venice is shaping up as the major port of call on Princess Margaret's honeymoon cruise.

Buckingham Palace announced Wednesday that Queen Elizabeth II was leaving the royal yacht Britannia for her sister and Anthony Armstrong-Jones for their trip after their Westminster Abbey wedding May 6.

The honeymoon itinerary was not announced, but British newspapers said Italy's romantic city of canals and gondolas was a likely destination.

Flowering dogwood is found only in the United States and small sections of the southern part of Canada.

Wives Wow Wisconsin Before Primary

By RELMAN MORIN

MILWAUKEE (AP)— The trim little woman with wavy gray hair gripped the microphone in both hands and cooed into it. "My candidate, my senator—my husband."

Everybody loved it, especially the ladies.

This was Mrs. Muriel Humphrey on the campaign trail in Wisconsin, working to put Sen. Hubert Humphrey of Minnesota in the White House.

Elsewhere in Wisconsin, a slim, dark-haired woman with a girlish expression, stood before another audience. She looked shy, confessed to a touch of jittery, and said in a low voice, "My husband couldn't be here today, and of course I can't really substitute for him—not really."

Everybody loved it, especially the men.

PINCH HITS FOR JOHN

This was Mrs. Jacqueline Kennedy, pinch hitting for Sen. John Kennedy of Massachusetts, who also wants to move to the White House.

Kennedy and Humphrey are vying for votes in the highly significant Wisconsin presidential primary, April 5.

Their wives are helping them with a "petticoat campaign." It's a quiescent success.

It brings a gleam of glamor to the smoke-filled room, the country social, the wayside tavern, and even the cow shed.

Both are attractive women. Mrs. Humphrey, 47, is petite, gray-haired, with an out-going personality. Mrs. Kennedy, 39, is taller. She has cascading dark hair, almond-shaped eyes, and a shy, girlish manner. Both are carefully, but not too obviously, chic.

They have been the excuse for cozy little feminine gatherings, receptions, socials, innumerable coffee klatches. (The "petticoat campaign" has been a big boost to the countries with a coffee economy.)

For the most part, they talk about hearth, home and husband, eschewing politics and campaign issues.

In her first time out, Mrs. Kennedy put in a 13-hour day, which is just average for a campaigning candidate. She told her audiences Kennedy didn't be in Washington for the debate on the civil rights and that she was merely trying to meet his commitments.

SHE'S NERVOUS

"He told me to go out and meet the people and to express his re-

grets," she said. "It's my first time and I can't really substitute for him. I guess I'm pretty nervous."

She shook about 2,500 hands and made eight stops, the last at 10 p.m. Along the way, she was taken to a dairy man's farm and dutifully walked out to the cow shed to admire his herd.

Similarly, Mrs. Humphrey said, "I want to help people know my husband as a whole man and to know his family."

Mrs. Kennedy, when asked what she thought of her husband as a campaigner for the presidency, replied, "He's terrific."

Mrs. Humphrey says that she has been so impressed by her husband's political idealism that "I would be for him for president even if he weren't my husband."

The "petticoat campaign" is a recent local elections appear to indicate that incumbents, regardless of office or political party, are being rejected at the polls."

Sallade said a revision of legislative procedures was as important as a constitutional convention. He criticized fellow lawmakers for mulling increased legislative retirement funds while killing measures to revise judicial code and to boost jobs pay.

'Brain' Flies AF's Jet Across U.S.

LOS ANGELES (AP)— An Air Force F106 Delta Dart flew 2,500 miles across the country Wednesday with an electronic brain doing all but five minutes of the piloting.

Maj. Frank Forsyth handled the controls for only five minutes as the cigar-shaped, all-weather interceptor flashed from Palmdale, Calif., to Jacksonville, Fla., in 3 hours and 17 minutes.

While was like riding in the back seat of a limousine with a TV set and someone else doing the driving," Forsyth said in Florida.

The plane was piloted by a Hughes Aircraft Co. MA-1 Navigator and Fire Control System. The system does everything except take off and land the 70-foot jet, which holds the world speed record of 1,525 m.p.h. The pilot is needed to monitor the system and take over if anything goes wrong.

"Nothing went wrong," Forsyth said.

Given Economic Duty

LANGING IN — The State Economic Development Department has named Ralph F. Swan as chief of its administrative division. He replaces John P. Kavanagh who moved up to assistant to the director. Seth Whitmore was named chief of the information division.

Voters Unhappy Over Michigan

Rep. George W. Sallade Tells Caro Club Clean Sweep Coming

CARO UP — Dissatisfaction with Michigan government appears to be at an all-time high, Rep. George W. Sallade (R-Ann Arbor) said last night.

Sallade, a candidate for the Republican nomination for lieutenant governor, told the Exchange Club that the average citizen wants a housecleaning in state government from top to bottom.

"Recent local elections appear to indicate that incumbents, regardless of office or political party, are being rejected at the polls."

Sallade said a revision of legislative procedures was as important as a constitutional convention. He criticized fellow lawmakers for mulling increased legislative retirement funds while killing measures to revise judicial code and to boost jobs pay.

Producer Hal Roach Back in Films at 68

HOLLYWOOD (AP)—Hal Roach Sr., a producer who gave a helping hand to many of Hollywood's early-day stars, is returning to the film business at 68.

Roach has been in semi-retirement since his son, Hal Jr., bought him out several years ago. But Tuesday he was back in his own studio at nearby Culver City. He told newsmen he plans 80 one-hour comedy TV shows and four feature-length theatrical comedies in the next year.

The Roach Studio passed into receivership recently. Roach Sr. said he had obtained financial backing and, subject to court approval, worked out a lease-purchase agreement.

500 Firefighting Sheep Also Star in Movies, TV

HOLLYWOOD (UPI)— Only in Crayville, U.S.A., will you find a flock of firefighting sheep who double at working in movies and television shows.

Sounds zany, but the woolly brigade can be seen any day at Revere-Universal International Studios lounging around the back lot.

Five hundred strong, the sheep are imported from a Bakewell's, Calif., ranch each spring to crop the tender young grass shoots along the studio's slopes and hillsides.

A Basque shepherd tends the flock which is free to roam over some 20 acres of scenic southern California real estate.

FRAMED BY FIRE CHIEF

Their principal service is to prevent brush fires.

Capt. Joseph Karol of the Los Angeles County Fire Department

Is one of those in charge of the sheep. He says they are doing a fine job, and have a spotless record in firefighting on the lot.

"See, they graze here for three months every year," Karol explained, "and by doing that they keep the grass chewed down real close."

"This keeps the hillsides photogenic. If it weren't for them we'd have to burn the hills ourselves during the dry season to prevent fires."

"Now if the lot were all blackened by the burning, the studio wouldn't be able to use its own facilities for movies. They'd be forced to go somewhere else for location sites."

Karol said the deal between the Bakewell's rancher and the movie-makers was to their mutual advantage and does not include cash.

Road to Faith... Oursler

Young Minds Question... Listen, Wonder... Think

By WILL OURSLER
Chap. Twenty

To arrive at the heart of our own doubts and questions and uncertainties about religious matters, we must be willing to explore not only matters of faith and the ultimate reality, but also the immediate questions of the world around us.

If we seek truth on which to build our lives, there can be no areas or paths where we dare not look, no facts or concepts we dare not consider.

In the valley between the foothills and the mountain of faith we seek, there is the town, and beyond the town the university, the citadel of truth, the repository of integrity of mind.

This is the arsenal of free thought, the outpost of the intellectual, where generalizations of learning pour out their distilled findings, usually stripped of the sentimental, the wishful, the saccharine.

Yet among these same craggy defenders of the sentimental we find a most unusual sentimentalism—at which they sing and talk with nostalgic wonder—the campus and the clink of the ivy-covered lecture halls, the professors with their dreamy Mr. Chipman expressions, clinging to their dogmas and theories and hypotheses. To be forced to admit an error one does not discover oneself is even more catastrophic than to suffer defeat on the football field, which for years has supported the entire institution and paid most of the salaries of these same professors.

Hiring athletes and calling them students is really only in a controlled measure, and if it produces funds by which the professors are enabled to teach their students ideas and ethical principles, how can one attack it as morally wrong? Does not the end justify the means that enables them to teach that the end does not justify the means? Such is the beautiful duplicity of the ivy-covered halls.

MANY KINDS
Besides, there are many kinds of minds and morals, are there not, and wouldn't it be wrong to practice only one kind of morality in a place of learning?

This is a place of preparation of youth for what lies beyond. We are inclined to forget its importance, this training ground of bodies and minds and souls. Here the students put aside, perhaps for the first time, the childish dream and begin to explore realities.

We are inclined to forget how important it is that young people have this time, free and unfettered, to find the truth. Elders fretted over the generation that grew up in depression and turned to socialism and left-wingism. Everyone thought they would tear civilization down. Instead they went out to war on our enemies and defeated them on battle fronts all over the world, to prove that freedom as we know it, imperfect as may be, is worth living and dying for. Where did they learn this but in the matrix of freedom itself, in the examination of ideas from every side, at the point where freedom should walk with greatest pride—the high places of learning?

Here in the universities is the beginning of maturing faith, of faith that may deny itself, or that may stumble down some ancient path to long-forgotten realities.

An average maple tree yields 15 to 20 gallons of sap which boil down to a quart of maple syrup.

the personalities they are supposed to have.
The professor knows well the hazards of the roads beyond the university and the valley. He insists that whatever road his students choose, they must be fortified with knowledge and understanding.

LEARN, LEARN!

"Learn, learn, learn," he cries. "Without learning all is lost, and the road that is sunlit in the morning is storm and death in the darkness. And you can be forced back and down and the avalanche buries you, unless you know."

"Your equipment, your training, your reason, your depth of understanding—these are the tools for your journey. Take with you knowledge and integrity and willingness to face truth on its own high terms."

He looks around at the questioning young men and women in his class.

"How do we know what is truth, Professor?"

"You do not know it. But you can recognize it. But you may not admit the truth even to yourself."

"Why won't we?"
"I did not say you won't, only that you may not. It depends on how frightened you are, or how frightening the truth itself may be."

"So truth is frightening?"
The professor is annoyed at the students' persistence. "It depends on how you look upon it," he answers.

"What is faith, Professor?"

"A kind of knowledge, based on intuitive perception, in most instances, rather than factual data. The reasons may be sound or unsound, physical or metaphysical."

"What if it does not work? If you have faith in God and you ask some favor and it is not granted?"
"Well, we have a choice. You may give up your faith that there is a God. Who answers prayers. Or you may decide that your request is denied; that you have asked amiss."

"The young mind listens and questions and wonders—as he should.

K of C Headquarters Scouts for New City

NEW HAVEN, Conn. (UP)—The Knights of Columbus, administered from New Haven since its founding, is the market for a regional headquarters in the Midwest.

A primary reason for the decentralizing is the Roman Catholic fraternal order's big membership insurance program.

Luke Hart, the supreme knight, said that more than half of the million members who are insured through the order live west of Cleveland.

The K of C, he said, is considering cities in Wisconsin, Indiana, Illinois and Iowa.

"We are looking for a city between 75 and 100 thousand to set up an office, to process insurance applications," Hart said.

The order was founded in New Haven in 1882. It now has members and local chapters throughout this country and in Cuba, Mexico, Puerto Rico and the Philippines.

The professor is small and bent down to a quart of maple syrup.

Spring Spree!

What a happy coincidence... for you! Just as Spring bows in, sparking a hundred-and-one urgent needs for your family and yourself, we stage our biggest money-saving event of the year! Down come prices on so many things that you need and want right now that you can turn your usual Spring "shopping spree" into a SAVING SPREE that will leave you many bonkable DOLLARS AHEAD!
