OK County Valuation for '58 at $1.8 Billion

Three dissenting votes were cast as Oakland County supervisors today approved a $1,808,669,648 valuation of taxable county property for 1958 taxes.

Voicing votes of "no" were supervisors from Waterford and Independence, and the City of Northville. Only Duane Hursfall of Independence Township, indicated he "might appeal" to the State Tax Commission.

Elmer R. Johnson, Waterford Township supervisor, said he had "some questions to ask," while Northville Supervisor Sydney Frid charged in his annual criticism of equalization that "it is a racket."

Neither said they had any intentions of appealing. "I'd be just wasting my breath," said Frid who lost an appeal last year.

Three Southfield supervisors refrained from voting saying, because of the recent incorporation of their area, they wished more time to study the 1958 equalization report presented to the Board of Supervisors today.

★ ★ ★

Supervisors approved the billion dollar figure by a vote of 63 to 3.

It represents a $135,356,377 increase over the 1957 equalized valuation of $1,673,313,271.

The Equalization Committee headed by Alger Zapf reported that the 25 townships in the county have a total valuation of $688,114,739. He said cities, of which there are 20, totaled to a valuation of $1,120,554,909.

Pontiac's valuation went up from $333,288,958 in 1957 to $335,048,188.

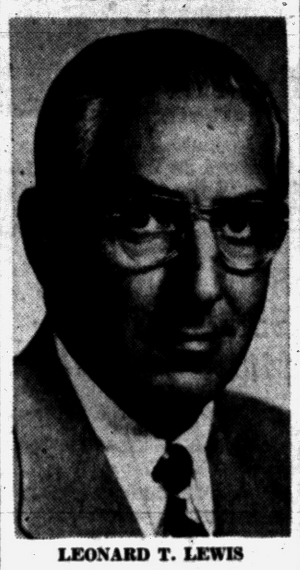

This means that the city will be asked to pay 18.5 per cent of the total county funds. Next in line to pay the highest share will be Royal Oak with 10.2 per cent.

★ ★ ★

Johnson indicated that under the county's 1958 equalization factor of 2.17, assigned Waterford Township, the township could face a dollar

Elected

LEONARD T. LEWIS

Leonard Lewis Named to Head Area United Fund

Leonard T. Lewis, prominent Pontiac furniture dealer and long-time Pontiac Area United Fund trustee, was elected president of the PAUF at the annual meeting today.

★ ★ ★

Lewis, 57, was also reelected to the board of trustees for a three-year term. He has been active in civic affairs for many years and served as president and a director of the Pontiac Community Chest.

In 1955, Lewis was elected a director of the Michigan United Fund.

President of Lewis Furniture Corp. which was founded by his father, he has been a Pontiac resident since 1924.

★ ★ ★

Other officers elected today were Fred V. Haggard, vice president, and Alfred C. Girard, secretary-treasurer.

Elected to the board of trustees for three-year terms were Girard, Glenn H. Griffin, Goodloe H. Rogers and Thomas F. Wiethorn.

For the first time, representatives of the townships which last year joined the PAUF were officially elected to the board of trustees.

★ ★ ★

They were: For three-year terms —Mrs. William Harrison and Robert Parenti; for two-year term—Peter Hammelef; for one-year term —Merle Bennett.

Rock 'n' Roll Ban Issued for Boston

BOSTON (AP) — Boston today banned rock 'n' roll jam sessions from public auditoriums after 15 persons were injured after one at the Boston Arena.

Mayor John B. Hynes told a reporter those so-called rock 'n' roll musical programs are a disgrace and must be stopped.

As far as he is concerned, Boston has seen the last of them, he said.

The mayor also said promoters do not hire enough policemen to take care of the crowds and are not entitled to licenses.

No licenses will be issued in the future, the mayor said.

Numerous flare-ups kept police busy Saturday night and early yesterday after a jam session at the Boston Arena.

Manager Paul Brown of the state-operated arena said, "The next rock 'n' roll show at the arena will be presented over my dead body."

Police reported that gangs of teenagers left the arena after the jam session and attacked, robbed and molested passers-by.

Albert Raggiani, 19, a Navy man from Stoughton, suffered several deep stab wounds on the chest as he left the arena with two girls.

He was treated at City Hospital and later transferred to the naval hospital in Chelsea. His condition was described as fair. Others were less seriously injured.

Brown said unrest developed when police ordered the dimmed house lights turned on at the arena after fans began dancing in the darkened aisles.

5 Others Hurt in Same Crash on U. S. 23

Family En Route for Home in Independence When Accident Occurs

An Independence Township man and his great-grandson were killed yesterday when a family of seven were involved in a traffic accident on U. S. 23 south of Brighton.

Fatally injured when the panel truck they were riding in sideswiped a car and overturned were: Elias Bliss, 71, and Roy L. Jackson, four months.

The five other persons were injured, including the infant's father, Warren E. Jackson, 30; Jackson's wife, Evelyn, 20; two other children, Thomas, 2, and Agnes, 3, and Mrs. Ada Wylgers, 53.

All were released after treatment for minor injuries at St. Joseph Mercy Hospital, Ann Arbor.

★ ★ ★

The family lives at 4819 Edgewood Dr., on the grounds of the American Legion Chief Pontiac Post 377, where Jackson is a caretaker. Jackson's wife is Bliss' granddaughter.

The accident occurred as Jackson tried to pass a slow-moving lane of traffic, Brighton State Police said. As he pulled out to pass, they said, his panel truck sideswiped a car that was attempting to pass the same column of traffic.

It was driven by a Southfield man, James W. Cross, 45, of 17417 Buckingham Rd. He was not injured.

As a result of the impact, Jackson's truck was sent hurling end-over-end off the highway, police said.

★ ★ ★

The Jackson vehicle was about three miles south of Grand River (U.S. 16) and headed north towards Pontiac when the accident took place about 3:40 p.m. The family had been in Ann Arbor, where they were visiting Mrs. Wylger's husband, a patient in Veterans Hospital there.

Funeral arrangements are pending at the Voorhees-Siple Funeral Home.

GM Offering Same Contract

Curtice Writes Letter to Workers, Urging 2-Year Extension

DETROIT (INS) — General Motors president Harlow H. Curtice today urged the company's 350,000 hourly-rated employes to accept a two-year extension of the present Union contracts in the interest of the nation's sagging economy.

In a letter to the employes covered by United Auto Workers and International Union of Electrical Workers Union contracts, Curtice stated:

"I am firmly convinced that prompt agreement on the sound basis we have proposed would have a most favorable effect on public confidence. . .

"We feel that such a settlement would be in the best interest of all the people affected by the outcome. We feel that it would go a long way toward leading to more stable conditions in the country generally."

Noting that when the present agreement was concluded three years ago the automobile industry was enjoying its best year, Curtice said that GM is willing to take the risk of continuing the agreement "even in these uncertain times."

Curtice's letter followed one from Henry Ford II, president of Ford Motor Co., on Saturday to that company's hourly-rated employes.

Ford, however, did not mention the two-year extension, which proposal already has been turned down by the unions. Ford blasted the UAW for implying that all the gains made by the Union in past years were "squeezed out" of a reluctant management.

The GM chief executive told employes that the two-year extension would continue to raise and protect the living standards of employes until May 29, 1960, "on the same basis as in the good years of 1956 and 1957."

Expecting Anything Weatherwise Now

Almost the only thing predictable about our weather is that we'll be having it.

Following temperatures that ranged to a high of 77 degrees Saturday, the mercury dropped to a low of 34 on Sunday and failed to rise above 47 degrees.

According to the Weather Bureau, the outlook for Pontiac and vicinity tonight is fair and cool, with a low near 34 and scattered light frost. Tuesday should be a little warmer, with fair skies and a high near 60.

This morning the thermometer registered a low of 34 degrees and rose to 55 by 2 p.m.

Brewery Workers Nix Latest Offer in Detroit

DETROIT (AP)—A new wage offer by Detroit's five strikebound breweries has been rejected by members of three Brewery Workers Union locals.

The offer, made Friday by the Michigan Brewers Assn., included a 10-cents-an-hour pay increase for each year of a three-year contract and a 20-minute paid lunch period the third year.

The union said the proposal was turned down 1,859-640 yesterday.

The brewery workers went on strike April 1, seeking a wage increase, various fringe benefits and a shorter term contract.

Dennis Crosby, 23, Marries Showgirl Pat Sheehan, 26

LAS VEGAS, Nev. (AP)—Bing Crosby's son Dennis, 23, married showgirl-divorcee Pat Sheehan, 26, in a Protestant ceermony between her show performances last night.

The rites were performed at the Gretna Green Wedding Chapel by the Rev. James A. Herndon, pastor of the Las Vegas Church of the Nazarene.

★ ★ ★

Dennis is the first of Bing's four sons to marry. All were reared Roman Catholics.

Miss Sheehan, a shapely blonde, was Miss San Francisco of 1950. She has a 6-year-old son by her previous marriage.

She and the crooner's son were having dinner at a Mexican restaurant next door to the chapel when they decided to marry immediately, Miss Sheehan said later.

★ ★ ★

She said they wanted a quiet, simple ceremony rather than a more elaborate one that had been discussed.

After the marriage she made another dancing appearance in her supporting role in the show at the Tropicana Hotel.

Best man at the ceremony was Don Williams whose singing group appears in the show. Miss Sheehan was attended by Dotty Harmony and the witnesses were Mary and Marcia Darcy — all showgirls in the act.

★ ★ ★

Miss Sheehan said she and young Crosby had no honeymoon plans and that she might continue appearing at the night club another two months.

Dennis and Miss Sheehan have been keeping company for

Bus Strike Fails to Keep Workers From London

LONDON (AP)—More than a million Britons footslogged, cycled or hitchhiked to work in London today.

The city's mammoth fleet of bright red double - deck buses stayed in the barns, halted by a strike.

★ ★ ★

Some 50,000 men and women employes in the 2,000-square-mile greater London area stopped work at midnight demanding an increase of 10 shillings 6 pence—$1.47 a week. Average weekly pay is $28 to $30.80. Union leader Frank Cousins said it might be a long and bitter struggle.

★ ★ ★

The entire government-run fleet of 8,400 vehicles was idle in 114 darkened garages.

For commuters, it was what British papers called "thumb-a-lift day" or "the big walk."

Mayors Tour Pontiac and Its Environs

Their honors the Mayors got a look at Pontiac and environs today. Visiting here on Michigan Week's Mayor Exchange Day were Harry A. Reiley, president of Bellaire Village; Emil Geigling, mayor of Grayling and Arthur Smith, mayor of Stockbridge.

They are visiting Pontiac, Keego Harbor and Sylvan Lake, respectively, while the local opposites are away visiting their hometowns.

The three visitors this morning toured Pontiac's new City Hall, Public Safety Building and the Pontiac Motor Division plant, where they lunched.

This afternoon they were scheduled to tour Sylvan Lake and Keego Harbor, with a stop at the Oakland County Boat Club. They will dine tonight at Rotunda Inn.

Similar exchanges were being observed in some 400 Michigan communities today. Michigan Week began yesterday. Tuesday is "Hospitality Day," Wednesday "Our Livelihood Day," Thursday, "Education Day," Friday "Our Heritage Day" and Saturday "New Frontiers Day."

Maj. Robert MacVittie Killed in Bomber Crash

Highland AF Pilot Buried

A military funeral was held today for a Highland pilot who died in a crash into Pike's Peak in Colorado.

MacVITTIE

Major Robert J. MacVittie, 35, of 134 Center St., was flying a B25 from Pueblo, Colo. back to his home base at Lowry Air Force Base near Denver Tuesday.

A snowstorm which reduced visibility in the area was blamed for the crash. Also killed were two crew members.

Rescue party members reached the wreckage 24 hours after the crash and brought the bodies down the mountainside.

A career Air Force officer, MacVittie joined the Army Air Force at Selfridge Field in 1939.

He was promoted to major a month ago, and also recently received a commendation medal for "superior devotion to duty, excellent technical knowledge, and untiring efforts in establishing improved systems and procedures."

During World War II, he had 101 combat missions. He had served in Alaska, Hawaii, New Guinea and participated in the first atomic bomb tests at Bikini.

Before his death, McVittie and his four brothers had accumulated 37 years of duty in the armed services. He was a graduate of Utica High School and had lived in the Utica area prior to his enlistment.

Surviving beside his wife Marjorie and his three children, Sharon, 13, Robert, 12, and Cecilia, 6, are his parents, Mr. and Mrs. Harold MacVittie and brothers John and Harold of the Milford area, and Walter, with the Air Force in Germany.

Burial was in Utica Cemetery.

Spree Killer Pleads Innocent; 'Confession' Implicates Girl

LINCOLN, Neb. (INS) — Attorneys for 19-year-old Charles Starkweather entered a plea of innocent by reason of insanity for the accused killer of 11 persons today as his first-degree murder trial opened in district court at Lincoln.

The pint-sized redhead, hi.. hands manacled to a security belt, was brought to the jammed courthouse under a heavy guard of deputy sheriffs and state patrolmen.

One officer stood on the roof of a building overlooking the courthouse parking lot. He was armed with a high-powered rifle with a telescopic sight.

Starkweather, neatly dressed in a light brown suit, conferred briefly with his mother, Mrs. Helen Starkweather, in the sheriff's office before entering the courtroom where attorneys for both sides began selecting a jury to decide his fate.

If the former garbage collector is convicted, the 12 jurors may impose life imprisonment or death in the electric chair. Either sentence is subject to automatic review by the State Supreme Court and the Board of Pardon and Parole.

Reuther Says His Can't Be Beaten

Figures on GM Pay and/or Investing Loosely Used

By MERRYLE S. RUKEYSER
INS Economic Writer

Walter P. Reuther, president, United Auto Workers Union, in an attempt to diagnose the imbalances which led to the recession, contrasted the earnings since 1947 of a General Motors stockholder and those in the same period of a General Motors rank and file worker.

Reuther said challengingly that no one could question the accuracy of his arithmetic. He was testifying before the Kefauver Senate Subcommittee on antitrust and monopoly.

Reuther's testimony was that an investment of $52,000 (in the stock market) early in 1947 would have acquired 1,003 shares of GM stock, which in the subsequent 10 years paid $92,000 in dividends, which he compared with the 10-year full time earnings of a worker of $46,000.

After much palaver, he concluded:

★ ★ ★

"I say that there is something wrong with the moral standard when $9,000 gets you more income than 10 years of hard work. Yet there it is. No one can challenge the arithmetic of that . . .

★ ★ ★

"I am willing to stand before the world and say that something is wrong in our values when we have to fight giant corporations who defend this kind of what I think is cockeyed economics and distorted standards of human morality."

Reuther's arithmetic appears to be correct, but he has apparently missed the significance of the figures. His errors in interpretation illustrate the difference between a bookkeeper and an accountant.

The CPA puts figures in perspective, and undertakes to interpret their significance and meaning.

In relating the $9,000 to human earnings, Reuther combines dividends with capital gains. In this connection, it should be pointed out that in our profit-and-loss society, capital gains should be interpreted together with capital losses.

★ ★ ★

Reuther is wrong in harking back to Karl Marx's separation of capital and labor. Capital—savings—accumulates as a result of the thrift of those workers with forbearance who consume each year a little less than they produce.

General Motors has more shareowners than employes, and many of the stockholders are workers for this company and for other employers. Likewise, the customers of General Motors are mainly workers or employes of this and other companies.

If Reuther intends to get into the act and assume managerial discretion over profit and price tags, then he should be held to the same accountability that business executives face from law and morals. The SEC, which supervises corporate accounts, is highly critical of material omissions.

In his presentation of figures, Reuther has made material omissions.

★ ★ ★

In tracing the relationship from 1947 through 1957 between a stockholder and a worker, Reuther failed to point out that

Action Expected on Street Lights

Waterford Board Will Consider Request for Indianwood Manor

The Waterford Township board is expected to take action on the establishment of a special street lighting district in the Indianwood Manor subdivision when they meet at 7:30 tonight.

★ ★ ★

A hearing was held from 9 a.m. to 4 p.m. today regarding the special assessment for 61 lots in the subdivision which is located near Walton boulevard and Sashabaw road.

In other business, board members will consider rezoning from residential to commercial four lots in the Maceday Gardens subdivision.

Action on the plat, located on Williams Lake road, adjacent to the Whitfield Estates, was tabled at last week's meeting for further consideration by the board.

Another area on Airport near Williams Lake roads is also up for rezoning from residential to commercial for additional parking space for the Waterford Drive-In theater.

★ ★ ★

The township has received a proposed ordinance to take over the Venice of the Lakes subdivision water system and, according to Clerk James Seeterlin, the board will discuss adopting the new ordinance.

several months. Last Feb. 3, spokesmen at their homes said they planned to be married in the same Las Vegas Catholic church where widower Bing, 53, married actress Kathryn Grant, 25, last Oct. 24.

Two days later the Rt. Rev. John J. Ryan, pastor of the church, St. Anne's, issued this statement: "I wish to make it clear that no such marriage can be approved by the Catholic Church unless, after thorough investigation, it is found that the former marriage of Miss Sheehan was not a valid Christian marriage contract."

★ ★ ★

Miss Sheehan, a non-Catholic, told a newsman that in 1950 she and George Douglas, then 30 and a representative of the American Guild of Variety Artists, were married at Carson City, Nev., by a justice of the peace. She said they later were divorced—in 1953, she thought.

Coincidentally with his marriage, Dennis disclosed he plans to follow his brother Gary and their father in a singing career.

He said he has been "practicing in the morning over coffee" with an arranger of Bing's and will soon sign an RCA recording contract in Hollywood.

★ ★ ★

Gary, a specialist third class, last month completed 17 months of Army service in West Germany as a singer and comedian.

Interviewed in a hotel corridor while his bride did her late show, Dennis said both were "afraid to go in alone" for the wedding, for which the chapel could have supplied witnesses. So they asked the other entertainers, sitting at another table in the restaurant, to accompany them.

★ ★ ★

The blond youth added: He and Miss Sheehan have made no plans. He is moving to her apartment here but later they'll live in Los Angeles. He has no objections if she wants to continue in show business.

★ ★ ★

He'll return to Los Angeles tomorrow. His bride probably will remain here. The hotel show closes June 10.

Also, Dennis said, he hadn't had time to tell Bing of the wedding.

Bing, who married a girl just Dennis' age, actress Kathy Grant, last October, was not immediately available for comment.

His brother, Larry, said the crooner was off fishing somewhere along Rising River, near Redding, Calif.

Larry said of the wedding:

"I thought they had ironed out all their problems about the marriage. I suppose they did what they thought best, and I hope they will be very happy."

Rain Dampens South and East; Midwest Chilly

By THE ASSOCIATED PRESS

More rain dampened sections of the South and East today as cool, dry air from Canada chilled most of the Midwest.

★ ★ ★

The cool weather extended into the Great Lakes region, the Ohio Valley and the middle Mississippi Valley. Temperatures were as much as 20 degrees lower than 24 hours earlier in some areas. The lowest readings, below freezing, were in the Lake Superior region. They were in the 30s in other parts of the Great Lakes and in the 40s in the middle Mississippi and Ohio valleys.

★ ★ ★

The cool, dry air shoved the rain southward to near the Ohio River. Showers and thundershowers hit wide areas in the warmer air from Missouri and Kentucky southward to the Gulf Coast. More than an inch of rain fell in parts of Kentucky and Arkansas during the night. The rainfall measured 1½ inches at Tuscaloosa, Ala.

★ ★ ★

The rain tapered off in Eastern sections, but light rain fell in scattered areas in the mid-Atlantic Coast states and southern New England. Showers also were reported in scattered sections of Florida.

Oil Firm in Detroit Cuts Price 1.6 Cts.

DETROIT (AP) — Standard Oil Co. reduced its wholesale gasoline price to dealers by 1.6 cents per gallon on regular grades and .6 cents on premium today in the Detroit area.

Other major oil firms are expected to follow with similar cuts.

The move by Standard follows a hike of 1.1 cents a gallon a month ago and brings total reduction in Detroit area wholesale prices since January to 4.9 cents on regular grades and 3.9 cents on premium.

The cuts brought Standard's wholesale prices to dealers to 12.6 cents per gallon for regular and 17.1 cents for premium gasolines.

A. V. Fraser, Standard's regional manager, said the new cuts were a "result of the company's day-by-day study of local competitive conditions."

The reductions were expected to be passed on to consumers.

Killer Starkweather Pleads Innocent

(Continued From Page One)

ities say contains the defendant's confession to the slayings.

Defense attorneys last night released the text of a reported confession Starkweather scrawled on a jail cell wall, attributing two of the murders to 14-year-old Caril Ann Fugate, his girl companion on the bloody flight through Nebraska and Wyoming.

Starkweather is charged specifically with the Jan. 27 shooting of Robert Jensen, 17, of Bennet, Neb.

A double indictment was returned by the grand jury. One charged murder in the first degree, the other first degree murder while in the act of robbery.

★ ★ ★

Starkweather was brought to the courtroom from his cell at the Nebraska State Penitentiary. His attorneys said that in another cell, in another jail, he scrawled a confession of nine murders.

The attorneys, T. Clement Gaughan and William F. Matschullat, said the confession was written on a wall at the Scottsbluff County Jail at Gering, Neb., during an overnight stop en route to Lincoln after the youth's capture in Wyoming last Jan. 29.

They said the confession named Caril Ann as the killer of two girls. The attorneys said the Scottsbluff confession read in part:

"1958, killed 11 persons.

"Charles kill 9, all men. Caril kill 2, all girls."

Below the confession, the attorneys said, the prisoner had drawn an arrow-pierced heart and had written the names "Charles Starkweather" and "Caril Fugate" within it.

ONLY 6 MEN SLAIN

(Six of the victims were men — Jensen; C. Lauer Ward, 47; Marion Bartlett, 57; August Meyer, 70; Robert George Colvert, 21, and Merle Collison, 37. The other victims were Lillian Fencl, 51; Clara Ward, 46; Carol King, 16; Velda Bartlett, 37, and her 2-year-old daughter, Betty Jean, Caril Ann's halfsister.

Ten of the slayings occurred in the Lincoln area and the last near Douglas, Wyo.

The murders touched off one of the greatest manhunts in the modern history of the West.

The lawyers also asserted that the fugitive couple had hurled a dozen notes from their car during the wild flight.

They said that their client told them each of the notes contained details of one of the crimes and was written by the slayer. They said only one of the notes had been found, and it was in the hands of the prosecution.

Caril Ann also is charged with first degree murder in the Jensen slaying.

Rejected Suitor Held in Slaying

California Man, 34, Also Kidnaps Couple, Wrecks Car

ALAMEDA, Calif. (AP) — Police Inspector Kenneth W. Kennedy said a rejected suitor was captured today after slaying an Alameda divorcee, kidnaping a young couple and finally wrecking a car.

Mrs. Cleo O. Dell Rosse, 37, Alameda Naval Air Station stenographer and mother of two, was shot just before midnight as she got out of her car in front of her home.

★ ★ ★

Kennedy said Earl Nelson, 34, booked on suspicion of murder and kidnaping after his capture, shot Mrs. Dell Rosse four times.

Kennedy reported Nelson had been waiting for her. Friends said she had been trying to avoid his unwelcome attentions and had been afraid of him.

★ ★ ★

The inspector gave this account of what followed after the shooting:

As Mrs. Dell Rosse fell dead, Nelson ran down the street and, at gunpoint, forced his way into the car of Robert L. Goodman, 22. Miss Gina Coffey, 21, was in the car with Goodman.

★ ★ ★

After circling through the Oakland Hills, Nelson stopped at a San Leandro restaurant, released the couple and took another car from a parking lot.

He lost control of this machine at a railroad crossing and ran into a power pole. Dazed by a head injury, Nelson was captured.

The first diesel-electric locomotive in the United States was tried out on ten different railroads during 1924 and 1925.

Rukeyser Challenges Reuther's Figures

(Continued From Page One)

those who provided the capital — the tools and facilities of production — during that period not only continued to provide jobs for those employes in 1947, but by expanded capital investment, through retained earnings and otherwise, financed job availability for many additional workers in each year following 1947.

★ ★ ★

For example, last year there were 200,857 additional GM employes over the number employed in 1947. Thus in that one year —1957—the total additional dollar labor income which the investment of stockholders made possible, amounted in that single corporation to $1,009,105,568.

Thus, while a single employe in 1957 earned $5,024, the total number of employes financed in 1957 by the 1,003 shares—or .000021 of GM capitalization which Reuther mentions — amounts to 12.35 workers receiving $62,050.

In January 1947 the investment in tools represented by 1,003 shares provided facilities to employ 8.52 employes who were paid $25,850, not merely facilities, for one worker at $3,034 as indicated in Reuther's example.

Thus, for the 11-year period mentioned by Reuther, workers serviced by the one block of stock Reuther mentions in his illustration did not receive $46,000, which was the worker's income, but an aggregate for the group of $522,757.

Meanwhile, customers got 40 more units of product out of this investment in 1957 than in 1947. During the period through retained earnings $63,038 was reinvested by the stockholders.

Capital is a benefactor in providing the tools needed to enable the human worker to increase his productivity and thus receive more and better things in exchange for a week's work.

Accounting should be a tool to enable men in good faith better to understand the realities. When data are twisted, the result is popular confusion and national weakness, instead of strength.

Accordingly, it is desirable to audit the loose talk and the loose use of figures by adventurous phrasemakers. To fail to hold the loose talkers to an accounting is to participate—passively at least—in the conspiracy to pull the wool over the eyes of the so-called common man.

The Day in Birmingham

City Commission to Eye Petition of 47 Owners

BIRMINGHAM — When the Tauton street paving hearing comes before Birmingham city commissioners tonight, they also will consider a recent petition signed by 47 property owners for the extension of the special assessment district.

★ ★ ★

The city has proposed a permanent paving from Lincoln avenue to approximately 50 feet south of Melton street. Residents have asked the inclusion of all Sheffield Estates properties within the Torry School district.

The petition was filed because of the traffic problem at the school. Cars pulling off the pavement have created an almost permanent mud hole, residents claim.

Commissioners also will consider several Planning Board reports on zoning change requests. The largest area for which rezoning has been requested is the Cummiskey property on Hunter boulevard-Oakland avenue. The change sought is from residential to business use.

A summary of money-raising projects has been prepared by City Clerk Irene Hanley and will be presented this evening.

Arthur Ruhl, administrative assistant at Wayne County Juvenile Court, will speak Wednesday afternoon before the Women's Auxiliary of St. James Episcopal Church.

Plans will be completed at the gathering in the church for the auxiliary's 39th annual pet parade Saturday, May 24.

J. Howard Groves

Service for J. Howard Groves, 68, of 175 W. Frank St., Birmingham, will be held at 1 p.m. tomorrow at Bell Chapel of the William R. Hamilton Co.

★ ★ ★

Mr. Groves died Saturday at St. Joseph Mercy Hospital, Pontiac.

Son of a pioneer Oakland County family, he spent his entire life in this area. He was associated with the Leonard Electric Co. for 35 years and for 10 years was electrical engineer for the Detroit Edison Co., retiring in 1956.

Mr. Groves was a member of Birmingham Lodge, F&AM; Royal Arch Masons; High 12 Club; Charles Edward Post, American Legion; and the American Live Steamer Club.

Surviving is his brother, Wiley E. Groves.

Don E. Dasher

Service for Don E. Dasher, 59, of 4851 Inveray Dr., Birmingham, will be held at 1 p.m. Wednesday at the Manley Bailey Funeral Home. Burial will be in Acacia Park Cemetery.

Mr. Dasher died Sunday at St. Joseph Mercy Hospital in Pontiac after a short illness. He was development manager for the New Products Division of Calumet & Hecla, Inc., in Detroit.

Mr. Dasher was a judge for the American Kennel Club and had been active in the Southern Michigan Obedience Training and Oakland County Kennel Clubs.

★ ★ ★

He was a member of Stillwater Lodge, F&AM, Dayton, Ohio; Scottish Rite Bodies of Detroit and the American Legion in Dayton.

Surviving are his wife, Marguerite; a daughter, Mrs. J. W. Waters of Birmingham; three sisters, two brothers and one grandchild.

Playmates Rescue Boy Buried Under Dirt Pile

DETROIT (AP)—Joseph Doute, 9, of suburban Wyandotte, has a broken pelvis and a broken leg—but he's lucky to be alive.

Two quick - thinking playmates were credited with saving the boy's life Saturday night after a pile of dirt collapsed, burying him under 12 feet of earth at a playground near his home.

Michael Murray, 8, who was playing nearby, shouted for help and was joined by Nancy Lee Stevenson, 11, who scraped dirt away from Joseph's face. She and Michael then freed him.

County Valuation OK'd at $1.8 Billion

(Continued From Page One)

per thousand of assessed valuation increase in taxes.

"I've just got some questions to ask of the equalization department," said Johnson. "I think this can be worked out without an appeal."

Frid's opposition to Northville's 1958 equalization valuation of $1,179,993 stems from the fact that a portion of the city falls within Wayne County and thus "we are still faced with the problem of one side paying more than the other."

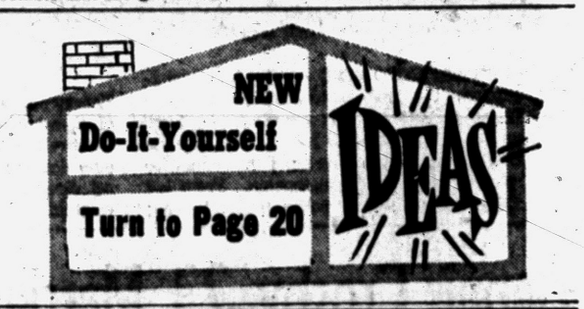

He questioned what authority the state has to determine state equalized valuations in Oakland County. "This is a racket in my opinion," he said.

★ ★ ★

Several of the larger 1958 city valuations as compared to 1957 figures are (the 1957 valuation is that in parenthesis):

Royal Oak, $185,164,027 ($178,709,018); Oak Park, $99,620,275 ($99,603,250); Ferndale, $93,769,988 ($91,991,854); Birmingham, $87,385,725 ($84,172,528); Bloomfield Hills, $17,310,388 ($16,782,880).

Amongst the townships, Bloomfield showed a substantial amount of building during the past year as its equalized valuation leaped from a 1957 figure of $79,679,823 to a 1958 valuation of $96,861,952.

Engineer Wife, Husband Work Together Apart

CINCINNATI (UP) — A husband-wife combination works at the General Electric Co.'s gigantic plant in nearby Evendale, but their paths seldom cross during the day.

Mrs. Loren Ingram, one of the few women engineers in this area, is in the jet engine plant. Robert Ingram, the husband, is in the component engineering operations, doing work which is not particularly related to that done by Mrs. Ingram.

Gives Farmers Facts to Push Potato Sales

IDAHO FALLS, Idaho (UP) — The potato isn't fattening; it's the gravy. That's the word of Agriculture Department Economist Will Simmons of Washington, D.C.

Simmons urged a group of potato growers to sell that fact to the public if they wish to increase markets. He said potatoes contain much more than starch and are strong in energy and other valuable nutritional elements.

Shift Blame Elsewhere

SAN CLEMENTE, Calif. (UP) — Sign on a car lot: "New Car Prices Born Here — and Raised Elsewhere."

The term, "love," in tennis scoring originated from a mispronounciation of the French word, "l'oeuf," meaning "the egg" — the vernacular for zero.

Predicts Issues of '58 Election

Van Peursem Believes Governor to Yell 'Stop Thief' at Legislature

LANSING (AP) — A Republican prophet who called the shot on Gov. Williams' "austerity" budget predicted today that he will campaign for a sixth term by yelling "stop thief" at the Legislature.

★ ★ ★

House speaker George M. Van Peursem said that by doing this the Democratic chief executive will try to divert attention from these issues:

"In 10 years he has led Michigan to bankruptcy and depression.

No other industrial state is suffering from unemployment and economic hardship as is Michigan.

"No other state has suffered the loss of manufacturing jobs Michigan has during the past eight years.

★ ★ ★

"That the Republican controlled legislature has kept state services among the finest in the nation, and in addition prevented the governor from increasing state taxes by millions and millions of dollars."

Van Peursem said the real reason Williams seeks re-election is to gain a springboard to advance his personal political ambitions.

Last summer, the Zeeland Republican forecast that the governor would forgo his customary demand for a corporation profits tax in 1958, and call in his 1958-59 budget for only a slight spending increase. He was right on both counts.

Pilot Spots Home Afire, but Too Late to Save It

JACKSONVILLE, Fla. (AP)—The pilot of an incoming airliner gave the first alert that a home was on fire yesterday along the St. Johns River.

★ ★ ★

Firemen arrived too late, however, to save the $45,000 suburban house.

Neither the pilot nor the airline was identified.

Kids who used to ask about the birds and the bees now want to learn about the car and the keys. . . . A career woman is a gal who goes out and earns a man's pay instead of staying at home and taking it away from him. —Earl Wilson.

Disgruntled Bull Tries to Bite Way into House

HAMILTON, Ohio (AP) — What would you do if a 1,500-pound bull appeared outside your home and tried to bite its way through a wall of the house?

★ ★ ★

When it happened yesterday to Carl Gatliff, he ushered his family upstairs and telephoned for help.

And when Deputy Sheriff Howard Cook arrived, the bull shifted its attention to a charge at the newcomer.

★ ★ ★

Cook stopped the charge but not the bull. He shot the animal in the head. The bull ran into an adjoining field, where it was corralled.

Investigators said the bull had left its pen on a farm about half a mile away, and apparently was not seriously injured by the shot.

The average score of the typical bowler is 154.

Liberals Barely Win in S. Korea

Syngman Rhee's Party Charged With Distorted Vote by Opposition

SEOUL (AP)—President Syngman Rhee's Liberals have retained control of South Korea's National Assembly but with much less than the two-thirds majority they hoped for.

With only four races undecided after the national election Friday, the Liberals had won 123 places in the 233-seat Legislature. This was only 6 more than the 117 required for control and far short of the 156 (two thirds) they needed to block Vice President Chang Myun's right to succession in case of Rhee's death.

★ ★ ★

Chang's Democrats won 78 seats, Independents took 27 and the Unity party 1.

Democratic Leader Chough Pyung Ok charged that Rhee's regime "totally wrecked the fairness of Korea's election through undemocratic acts."

★ ★ ★

Chough made the charge as four remaining races because of counting was suspended in the alleged interference by Liberal candidates and election officials. nd the Rhee government had wrecked the election by "such barbarous acts as delaying the counting, reversal of counted ballots and ouster of legitimate opposition witnesses at counting places."

The election results were seen as something of a victory for the Democrats, who ran strong in the cities while the Liberals won in the countryside.

Dead Man's Truck Turns Up in Flint

METAMORA — The missing pickup truck owned by Pearl H. Snover, 71-year-old Metamora farmer who was found shot to death last Monday afternoon in his home, turned up in Flint.

Lapeer County Sheriff William J. Porter said he and State Police crime lab experts will go over the vehicle today for fingerprints and any other evidence that might shed some light on the death of the prosperous bachelor.

Flint police found the truck Saturday evening parked on Burns street, just north of Davison road, about 30 miles from Snover's home. It was impounded by State Police of the Flint Post.

Porter believes he was murdered and robbed.

Astronomers measure distances to far-off stars by their radiance. The apparent brightness of a light, in accordance with a basic law of physics, diminishes by the square of its distance from the observer. Thus, if the sun were twice as far away from the earth, it would seem only one-fourth as bright.

U.N. Head Backs 'Open Arctic'

In an unprecedented endorsement of the United States proposal for an Arctic inspection plan, U.N. Secretary DAG HAMMARSKJOLD departed from his normally neutral position.

The Secretary spoke at the close of the 11 nation Security Council debate on the plan for international inspection of the world's northern area. The Soviet Union Friday vetoed President Eisenhower's Arctic inspection plan after denouncing it as a gimmick to help get military data in Soviet territory.

★ ★ ★

Now in his sixth year as head of the United Nations Secretary HAMMARSKJOLD took over the top position in 1953 from a fellow Scandinavian TRYGVE LIE who had incurred Russia's wrath because he had urged collective action in Korea. Mr. LIE eventually stepped down after seven years of trying to maintain an objective attitude between East and West.

★ ★ ★

Mr. Hammarskjold had welcomed the Soviet announcement of a nuclear test ban and warned the Russians that there would have to be careful preparation for another summit meeting. On his recent visit to Moscow he had told the Kremlin leaders that he was convinced of the good faith of the U. S. plan for a meeting of the U. N. disarmament commission.

★ ★ ★

In a recent interview with a N.Y. *Times* correspondent, World Statesman HAMMARSKJOLD told the newspaperman that his basic principle has been to stick to his own guns while listening to both sides. In trying to settle international disputes he said that he followed three rules: Don't let a situation get frozen; keep trying in areas where there are possibilities of agreement and don't let yourself get sidetracked by fears that the other fellow has cards up his sleeve.

★ ★ ★

It is to be hoped that the Secretary's stand on the "open Arctic" plan will not incur the lasting enmity of Russia. During his tenure he has won the respect of all in the U. N. and added prestige to that organization.

African Conferences Set Moderate Tone

The results of the North African political conferences now meeting at Rabat, Morocco, will affect all Western relations with that area.

The conference includes representatives from Western oriented Morocco and Tunisia and from the insurgent Nationalist party of Algeria. If these groups would unite in an Arab union they would be strong enough to negotiate a reasonable settlement with France in Algeria and act as a check on President NASSER of the United Arab Republic.

Emergence of Africa as a force to be reckoned with was emphasized at the first joint conference recently held in Accra, Ghana. There eight independent African states, five of them Arab — Egypt, the Sudan, Libya, Tunisia and Morocco and three Negro—Ethiopia, Ghana and Liberia — pledged to assert a "distinctive African personality in world affairs."

★ ★ ★

Fortunately moderate Tunisia set the tone of the conference. In a final resolution they proclaimed themselves "the vanguard of the complete emancipation of Africa," which is just and proper, and a common foreign policy of non-entanglement with either of the great power blocs. The latter will be difficult for Egypt which already is under Russian influence and may be more so after the Red Carpet treatment NASSER is currently receiving on his Moscow visit.

★ ★ ★

Russia, with headquarters in Cairo, is spreading anti-Western propaganda and offering arms to natives in exchange for minerals and raw materials. Discovery of vast quantities of oil in the Sahara has spurred Communist penetration of North Africa.

The moderate tone of these two conferences shows the emergence of Africa as a responsible world force which can be depended on to resist Communist, or other efforts to interfere with the right to independence and its accompanying obligations.

The authority is composed of a member from each of the five counties where its properties are located, and two members appointed by the governor. The other counties are Wayne, Macomb, Livingston and Washtenaw.

Confusion

David Lawrence Says:

Rules Ignored by Supreme Court

WASHINGTON — Attorney General William P. Rogers has his baseball metaphors mixed up. He says the bills being considered in Congress to curb the excesses of the Supreme Court are the result of the same sort of outcry heard from spectators at a baseball game who shout, "Kill the umpire!"

LAWRENCE

But what the critics of the Supreme Court really want is for the "umpire" to stick to his job of watching the ball and abiding by the rules. They don't think it's the umpire's duty to make new rules or to tell the manager of the club, for instance, just when he can put in a different pitcher. They don't like to see an umpire deciding that, when a ball drops outside the foul line, it is a foul for one team but, when the other team hits the ball into exactly the same spot, it isn't a foul at all. In other words, the fans don't want to see the umpire moving the foul line around to suit himself.

That's essentially what the dispute is about as the Supreme Court ignores the rules of the game repeatedly and makes up its own rules that are then proclaimed as binding on everybody —even to the point of telling Congress what questions may be asked in formal hearings through which its committees seek to get information to guide them in writing new laws.

Also, in a baseball game, everybody knows who the umpire is. He appears in full uniform and he has a rule book to go by. In the Supreme Court's work, it isn't always possible to know who the umpire happens to be.

★ ★ ★

Thus every justice has two law clerks, and the chief justice has four. These assistants don't have to be confirmed by the Senate. They are not supposed to be judges. Yet they perform some of the work of the Supreme Court justices, especially in connection with what are known as "writs of certiorari." These are petitions to the Supreme Court to grant an appeal from the lower courts. If the writ is denied, there's no appeal. It means a final judicial decision so far as the citizen is concerned.

The justice himself signs the denial of the writ, but the basic judgment which has preceded it often comes from a young law clerk imbued with all sorts of ideas as to the role of the Supreme Court in the nation today.

Just a week ago, the "New York Times," in its Sunday magazine, had an article by a former law clerk to a Supreme Court justice who discussed very frankly the role played by the law clerks, many of whom come from the law schools imbued with the viewpoint of the so-called "intellectuals." The article said:

"Law clerks, then, generally assist their respective justices in searching the law books and other sources for materials relevant to the decision of cases before the court. . . .

"The clerks often present the fruits of their searches to their justices along with their recommendations. They go over drafts of opinions and may suggest changes. They tend to see a lot of their justices, and talk a great deal with them. And the talk is mostly about law and cases. . . .

★ ★ ★

"What is more important, the way to the justice's mind was always open. There was always someone—fresh from the immersion in ideas that marks a law-school and law-review career—poised at the justice's elbow, willing and able to do intellectual combat."

In baseball, anybody making decisions on the field of play must appear in uniform as an umpire and has to be seen. There are no invisible umpires.

Certainly when a lawyer has argued his case and submitted it to the Supreme Court justices, he ought to have a right of rebuttal against any new points raised by "law clerks," especially some of those remarkable "footnotes" in Supreme Court opinions which have introduced new material of a controversial nature never brought up when the case itself was argued.

Surely the Senate of the United States ought to examine the whole law-clerk system to determine whether perhaps these "clerks" should be given "umpire status," or at least classified as "assistant justices."

The Country Parson

"The model child used to willingly do his chores—today he gives up his favorite TV show so his parents can watch a different channel."

Dr. William Brady Says:

Dandruff Lotion, Pomade You Can Make Yourself

"Twenty years ago I wrote you for prescription to control oily dandruff. I used it for years with complete satisfaction, but I have lost the formula. . .(B.B.W.)"

DR. BRADY

"I went to the pharmacy to purchase salicylic acid in order to prepare the pomade for dandruff as recommended in your booklet on hair and scalp. The pharmacist said I must have a prescription. . . This is the first time I have had any difficulty, . .(J.A.)"

★ ★ ★

This is the first time I have heard of a pharmacist demanding a prescription for 20 grains (about one-third level teaspoonful) of salicylic acid.

In booklet The Hair and Scalp (35c and stamped, self-addressed envelope) I give recipes or formulas but not prescriptions.

The formula which B.B.W. lost called for 10 grains of salicylic acid and 10 grains of resorcinol to the ounce of toilet water, cologne water or bay rum.

Apply to the scalp (not to the hair) every few days. That is, part the hair here and there and paint the lotion on the scalp only, with a small brush or the fingertips.

★ ★ ★

The pomade consists of a dram (level teapoonful) of precipitated sulfur (milk of sulfur) powder and 20 grains (about one-third teaspoonful) of salicylic acid powder thoroughly worked into one ounce of freshly made U.S.P. ointment of rose water (cold cream), to make a perfectly smooth pomade. Only genuine U.S.P. rose water ointment will do for this dandruff remedy.

Part the hair here and there and rub a little of the pomade into the scalp with fingertips, covering about one-fourth of the scalp each evening. Shampoo once a week and continue treatment.

This controls dandruff for weeks or months. It may be repeated whenever the dandruff becomes troublesome again.

If you have blond, gray or white hair, prolonged use of resorcinol may stain the hair yellowish. In that case, omit resorcinol from the recipe and use half as much again of salicylic acid alone — that is, 15 grains salicylic acid powder instead of 10 grains.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

I just read the letter from Visiting Britisher and it made me furious. He and all other visiting Britishers (Sarah Churchill for another example) should be shipped back where they came from if they don't like us.

We are swell people when they want a few million dollars. Times like that they're pretty glad we're self sufficient. Thank God we are a prosperous nation and we should help those in need.

I don't think we should expect worship in return for our favors to other nations, but we deserve better than a slap in the face.

Tired of Ingrates

We call ourselves Americans because the official name of the country in which we live is the United States of America. Similarly, residents of the United States of Brazil would be Brazilians, in the United States of Venezuela the people would be Venezuelans.

Generally speaking, all people who live on American continents are Americans, just as people who live on the continent of Europe are Europeans. The fact that the name of our country happens to also be the name of the continent on which it lies hardly seems sufficient reason to call us "too conceited."

'Will They Let Widows Starve?'

Do industry and labor think they can lick the depression by starving the thousands of widows and widowers who are on a fixed income? Many lost all they had in the last depression but would be glad to work if they were allowed to or if they could find work.

It would be more merciful to shoot them than to leave them to suffer.

Case Records of a Psychologist:

Crane Offers College Knowledge

Lois took only one psychology course at Ohio State University. But she says she has majored in psychology since her graduation by studying this daily column and keeping a scrapbook. Newspapers thus offer a wide cultural "menu" so teach your children to sample a few meaty items to balance the dessert (comics).

By DR. GEORGE W. CRANE

CASE Y - 301: Lois L., aged 32, is an Ohio housewife.

★ ★ ★

"Dr. Crane, I scrapbook your column faithfully," she informed me after my address before the Ohio Funeral Directors Association.

DR. CRANE

"In college I took one course in Introductory Psychology, but that was all.

"So I have used your daily column to obtain what might be called a newspaper 'major' in psychology.

"Don't other readers ever make a similar comment to you?"

NEWSPAPER EDUCATION

Yes, I receive that same type of comment frequently. For Lois is quite correct in saying you readers obtain almost a college "major" in psychology if you follow this column regularly.

At George Washington and and Northwestern Universities, I taught a wide variety of courses, including Introductory Psychology, Social Psychology, Child Psychology, Applied Psychology, etc.

And I conducted the Experimental Psychology Lab at Northwestern, too, so I pour into this daily feature the contents of a dozen university courses in psychology.

I also give you readers the practical benefits of much that is taught in Medical School in the field of psychiatry.

★ ★ ★

Just because I employ simple words and actual cases to clinch each point neatly, don't get the false notion that the newspaper doesn't match the college campus for useful education.

Hundreds of high schools and colleges employ this column for teaching purposes. And many medical schools do likewise.

In fact, the latest Directory of of American Medical Colleges shows that only 4 of the 85 require even a single course in Introductory Psychology as an admission requirement!

That's why many medical colleges thus employ this column to supplement and illustrate their classes in psychiatry.

NEWSPAPER TEXTBOOKS

The daily newspaper in America thus serves as textbook material in high schools, colleges and professional schools.

And this psychology column is not the only part of the newspaper so used by our schools.

The editorial page is often assigned by professors of civics and political science.

The front page news is really current history, hot off the griddle. Our foreign correspondents give scientific observations that rival any that could be offered by roving groups of campus professors from the departments of sociology, history or psychology.

Agriculture and home economics derive a great deal of aid from pertinent features in the daily newspaper.

So imitate the desirable example set by Lois and scrapbook the

helpful items you read in the newspaper. That's a dandy cultural hobby.

★ ★ ★

I pour into this daily column much original data from the fields of psychology and psychiatry. It forms my daily diary of recent cases.

Later I may use some of these same data in speeches before professional societies or in magazine articles for technical journals, but you readers get them fresh from my office.

Teach your children, therefore, to read the newspaper very widely as a means of self-education on a wide variety of cultural subjects.

★ ★ ★

The comic and sport pages may be the "dessert" courses, but urge your teenagers to balance their newspaper menu with some of the meaty educational features and at least one editorial per day!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 50c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Expect Red River to Pour Onto 90-Mile Stretch

Louisiana Prepares Major Flood Battle

BATON ROUGE, La. (AP)—A major flood is expected along the Red River from Shreveport to Alexandria during the next 10 days.

Lt. Gov. Lether Frazar yesterday called on the National Guard, civil defense and all state agencies to prepare for an emergency.

★ ★ ★

By coincidence the Louisiana National Guard, civil defense and selective service headquarters are moving to Camp Beauregard, near Alexandria, today for a civil defense two-day Operation Alert.

Frazar, acting governor while Gov. Earl Long is out of the state, said, "This may be a bad one." Long was expected back today.

★ ★ ★

Already there were scattered reports of floodwaters lapping at the tops of levees. Scores of roads and some farmland was under water from heavy rainfall, and levee breaks would endanger residents and livestock.

For a week the 2,000-mile Red River has been gorging on heavy rains in Texas, Oklahoma, Arkansas and Louisiana. The drainage basin is about the area of the state of Utah.

★ ★ ★

The menace now is a 90-mile stretch from Shreveport in northwest Louisiana to Alexandria, in the heart of the state. Over this stretch the river describes a crazy zig-zag course several hundred miles long, and in some places levee breaks would result in inundation of lowlands 20 miles wide.

The same area battled floodwaters last year during May and

"We think the area flooded badly last year—Natchitoches, Coushatta and Campti—will be hit harder this year," Frazar said.

At Coushatta, Sheriff Kirwin Brown said the immediate danger spot was at East Point, 12 miles north of Coushatta.

At Alexandria the 42-foot level expected May 14 is 10 feet above flood stage. This more than a foot above the peak of last year's floo dwhen water swept over the banks and levees. Miles of lowland cotton and corn in one of the state's most fertile areas were flooded.

The only inhabitants of Jan Mayen Island, about 300 miles east of Greenland, are those working with the Meteorological Institute.

UAW Answers Ford Message

Denies Company Ever Was Concerned With Workers' Welfare

DETROIT (AP) — A statement by Henry Ford II, saying he resents implications by the United Auto Workers Union that all gains made by labor in the past 30 years were "literally squeezed out of a reluctant management by the union," brought quick retort by the UAW over the weekend.

Ford's statement, printed in company newspapers mailed to Ford workers' homes, said, "I resent any such implication. And I resent it in behalf of every Ford employe because it could give him a warped and distorted picture of the company on which he depends for his livelihood."

The Ford president also said he would try to "protect (workers) from demands of union leaders which in the long run would work to their detriment by weakening their company competitively or underminding our economy."

Ken Bannon, director of the UAW's National Ford Department, said, "We in the UAW know Ford workers will be happy to receive Mr. Ford's letter in which he expresses commendable concern for their welfare. We also know Ford workers remember how the benefits that now are theirs were accomplished.

"As one who has represented Ford workers for the past 17 years I can honestly say I can never recall Ford calling the union in to propose additional benefits for the workers. Every program which Ford now lauds was suggested and designed by the union in the first instance."

★ ★ ★

The Ford statement came while union and company negotiators were in weekend recess over new contract negotiations.

Says Machines to End Problem of Translation

BOULDER, Colo. (INS) — The head of International Business Machines (IBM) research laboratories predicts the development of a computor that can devour a text in one language and deliver a dozen translations, all properly indexed and abstracted.

★ ★ ★

R. B. Johnson of the IBM laboratories at San Jose, Calif., said the machine may provide the answer to the "glut of information" now served up in many languages which is keeping the scientist chained to his desk.

Said Johnson: "Radar equipment has been developed that can see our enemy coming 3,000 miles away. Who can tell what will happen when this same genius is turned toward the library shelves."

Johnson said such a machine is needed soon. He estimated 55,000 scientific and technical journals, 75,000 government reports and 60,000 technical and scientific books are published each year.

★ ★ ★

He said translating books and journals from abroad is one of the biggest bottlenecks in scientific understanding.

Johnson spoke at the engineering day celebration at Colorado University.

The Grand Banks, a section of the ocean off Newfoundland, has been a rich treasure trove for cod fishermen fishing for 500 years.

Plastic Balloon From England Falls in Her Yard

ANN ARBOR (AP)—All sorts of objects fall from the heavens in this satellite era. Sputniks, radioactive fallout and sometimes even balloons.

★ ★ ★

It was a large plastic balloon for Mrs. Helen Peterson of Ann Arbor. It floated all the way from England to descend in her backyard — probably across Europe, Asia and the Pacific at that.

She said a note dated Oct. 27, 1957 was attached to the pink balloon. The message was signed by Frank Connelly of Middlesex, England.

"If this balloon is found on the ground, please refill it with gas and return it to the air," read the note.

★ ★ ★

Instead Mrs. Peterson reported the incident to police. She said she plans to write Connelly and tell him about it.

It was believed the balloon traveled the long way around to Ann Arbor because of the jet stream, which blows from west to east.

Historian Toynbee Predicts No War

ST. LOUIS (AP) — British historian Arnold J. Toynbee predicts there will be no war between the Soviet Union and the West.

Toynbee said, "Instead, there will be fierce competition to win over the underdeveloped and uncommitted nations of the world by missionary-like programs of aid."

Toynbee, director of the Royal Institute of International Affairs in London, was interviewed during a visit here.

Townbee said the Soviet Union has taken an early lead in the contest for world leadership with the West, but he said the West probably would win over the long run.

"Russia is taking a kind of short cut to power at the price of individual freedoms," he said. "But over the long run human beings don't like to be driven like mules or sheep and they will find some way of freeing themselves."

★ ★ ★

If there is a war, it will eliminate the contesting nations, he predicted.

"But I don't believe we're going to fight that war," he said.

Hal Boyle Says:

Men Live Longer Only in India and Ceylon

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

★ ★ ★

That if you want to outlive your wife you'd better move to India or Ceylon. Those are said to be the only two countries left in which the life expectancy of men is greater than that of women.

That Turkish baths originated in Rome.

That, despite what you think, the state with the highest marriage rate is Nevada.

★ ★ ★

That Walter Brennan, who became famous in Western movies and now stars as a West Virginia farmer in the TV series, "The Real McCoys," actually speaks with a New England twang. He hails from Swampscott, Mass.

That for some reason giantesses are much rarer than giants—that is, unless you are a short guy looking for a blind date.

★ ★ ★

That if you have an ordinary build, your thigh bone should be about 27½ per cent of your height. Get a tape measure and check yourself.

That if you want to live in the geographic center of the United States, go to Lebanon, Kan.

That Candy Jones Conover, model agency head, says the ideal TV actress should have a forehead "exactly five eyes wide". This makes ex-Queen Soraya of Iran a good candidate.

That there is such a thing as crocodile tears. When this reptile eats, the food presses against a gland near its mouth and releases tears.

That the island of Jamaica has decided against legalizing gambling casinos, in the belief they'd hurt rather than help its tourist industry.

That Robert Q. Lewis, now in Rome, cables he has found an Italian restaurant that specializes in American food—pizza!

★ ★ ★

That a survey showed the typical New York City office executive is 42 years old, 5 feet 11, weighs 174 pounds, lives in the suburbs, and served as a sergeant in World War II.

That one tenth of the world's running water flows in the Amazon River.

That Sir Noel Bowater said: "The happiest wife is not the one who marries the best man. She is the one who makes the best man out of the one she married."

★ ★ ★

That if you feel tired and don't know why, maybe you should recall what Anne Morrow Lindbergh wrote: "The most exhausting thing in life is being insincere."

Stolen Kiss Leads Young Man to Jail

VIENNA — Amorous Otto, a butcher's helper in Vienna, Austria, stole a kiss to win a bet. He then was sentenced to a month's hard labor and faced a divorce.

Otto — the court withheld his surname — bet his workmates he would kiss a pretty colleague named Amanda, without getting his face slapped. She had already slapped several unwelcome suitors. But Otto held her arms by her side as he kissed her cheek.

He won the bet but got a month for an offene against Amanda's "personal liberty." And his wife, who wouldn't believe that a kiss alone would jail him, sued for divorce.

Woman Found Dead on Train to New York

DETROIT (AP) — Mrs. Frederick Shorey, 65, of New York, was found dead in a compartment of a New York Central train after a stopover here last night. Police said she apparently suffered a heart attack.

Officers said the woman's body was discovered by a porter. Mrs. Shorey was traveling from Chicago to New York alone.

Blames Theft on Devil, Told to Contact Angel

TOLEDO (INS)—An eight-year-old boy, appearing in Toledo juvenile court for stealing milk and fruit juice from a delivery truck, blamed it all on the devil. The boy said, "he was short, all covered with hair, with big balls of fire for eyes, had three horns, a long tail and four hooved feet like a cow."

Court Referee E. Wade McBride, accepted the boy's description, but suggested he contact an angel from now on.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.** Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Rustlers Operating in Imlay City Area

IMLAY CITY — Cattle rustlers were at work Saturday night at a farm southeast of Imlay City, Romeo State Police said today.

A 10-month-old bull was found missing by its owner, Mile Belzake of 7809 Rider Rd., Imlay City.

Belzake said he followed the animals' tracks which led him to the head and entrails 500 feet away from his pastures.

Investigating officer Robert Bratschi said the animal apparently was dressed out on the spot and then loaded into a truck and hauled away.

Hazel Park Police Station Shaken

Bomb Cut-Rate Barbershop

HAZEL PARK — A homemade bomb last night was thrown at the rear of a Hazel Park barbershop, next door to the city's Police Station.

Someone apparently attempted to toss it through the rear window of Adam's Barbership, 23100 John R., according to Detective Lt. Harold J. Hill of the Hazel Park Police Department. It fell about five feet short.

Sgt. Charls W. Young said the blast shook the station and "nearly knocked me off my chair." No one was injured and the only damage was two broken windows, one at the rear of the barber shop and another in an adjacent store.

The large barber shop, located in the old Hazel Park Post Office building, is owned by Adam Bochinski of Detroit. He employs seven barbers and charges $1 a haircut on weekdays and $1.25 on Saturday. Th shop stays open Wednesdays when most other shops are closed.

Bochinski said a brick was thrown through a front window three weeks ago.

Bringing Cheer to Romeo

Grandma Taft, 98, on Her Feet Again

By LEE WINBORN
Romeo Correspondent

ROMEO—Miss Malvina Taft, who will be 99 years old next September, is up and walking around again.

She broke her hip about five months ago, and, although handicapped by advanced age, "Grandma" Taft—as she is affectionately called—was determined to walk again. All her friends and the lodge whom she keeps amused with her ga yrepartee. And she has two regular visitors every Sunday—her minister, the Rev. Vernon Boshart of the Free Methodist Church in Romeo, and a longtime friend, 60-year-old Clarence Edgerton, caretaker of Miss Sarah Van Hoosen Jones' farm in Rochester.

For persons who are distressed in mind, Sammond recommends a talk with this delightful old lady to cheer them up. "She's a tonic for anyone," he said.

Even when she was flat on her back for so many weeks, Miss Mallie never complained, her nurses said. Her prime concern in life is to cause no extra trouble and to bring joy wherever she can.

MALVINA TAFT

nurses at Sammond Pleasant Lodge in Romeo marvel at her amazing recovery and her strong will to live.

Never pessimistic, Miss Mallie has a wonderful philsophy of life that is a constant source of strength to all those who come in contact with her, says lodge owner Richard E. Sammond.

"I get my greatest joy from reading the Bible," Miss Taft said, "and I know my prayers are answered." She wears glasses and is slightly hard of hearing, but her mind is still as keen as ever, making her completely aware of all that goes on around her.

Miss Mallie, oldest of eight children, still has a brother and sister living in Romeo and another sister residing in Rochester. All members of the family are noted for their longevity—one brother died recently at the age of 97.

The Taft farm is located four miles south of Romeo and has been the lifetime residence of the whole family. While still at home and already over 90, Miss Mallie used to accompany her sister Mae on her egg route around the countryside.

When told she was going to be the subject of a story, Grandma Taft said, "Don't extol me too high," which brought giggles of delight from her three roommates.

She never wants for companionship with so many friends at the

Perform 'Hansel and Gretel' at Romeo

Beware the Witch's Oven

ROMEO—The music department of the Romeo Elementary School will present an adaptation of Humperdinck's familiar operetta "Hansel and Gretel" at 8 p.m. tomorrow in the auditorium in Romeo High School.

Grade School Vocal Music Director Miss Marguerite Crawford has charge of the production. Her assistants include fourth, fifth and sixth grade teachers whose students, 135 strong, are members of the chorus.

★ ★ ★

The leading roles of Hansel and Gretel will be played by Cary Kilner and Vera Kiriczenke with Susan McGuire as the witch.

Marie Ojala and Brian Rees will portray the mother and father.

Forty-one other grade school pupils will be featured in smaller parts. Ellen Mosher will be the assistant accompanist.

★ ★ ★

The witch's house was constructed by Norman Scheck who designed and built the stage setting for the Romeo Players' production last month.

Omer Walters will have charge of the lighting.

Car Flips in Commerce, Youth in Hospital Here

Robert R. Darmody, 17, of Lincoln Park, was admitted to Pontiac General Hospital yesterday when his car ran off the road and overturned.

★ ★ ★

Darmody was driving on Union Lake road, near N. Cooley Lake road, Commerce Township, when the accident occurred. He was unable to tell Sheriff's deputies what happened.

Darmody suffered a possible concussion and a broken finger. His condition today is satisfactory, the hospital reports.

Princess Anne Mending After Tonsillectomy

LONDON (AP) — Seven-year-old Princess Anne lost her tonsils and adenoids today.

The operation was performed at the Hospital for Sick Children and a communique announced the condition of Queen Elizabeth's daughter immediately after the surgery was very satisfactory.

★ ★ ★

Anne's governess Mabel Anderson brought her to the hospital last night and spent the night in a separate room.

Queen Elizabeth, who had been staying at Windsor Castle just outside London, came back to remain at Buckingham Palace last night.

Madison Heights Man Seriously Wounded in Stomach; Hospitalized

MADISON HEIGHTS — Shot in the stomach by the divorced husband of the woman he was visiting, Allen Klee, 34, of 27733 Townly St., Madison Heights, is in serious condition today in William Beaumont Hospital.

★ ★ ★

Madison Heights Police are holding Tony Caruso, 51, of 8734 Hupp St., Warren, for investigation of assault with a deadly weapon.

Mrs. Eleanor Caruso, 39, of 27335 Townley, told police she and Klee were sitting in the kitchen of her home yesterday evening when her former husband walked into the house. He pulled out a .32 caliber pistol, struck her in the head with the butt of it and then shot Klee in the stomach, she said.

Mrs. Caruso called the police and Caruso was picked up in his car at 10 Mile and Mound roads.

Caruso told police he wasn't sorry he did it. He said he pays his ex-wife $40 a week to care for their four small children and she spends it on drinks.

★ ★ ★

Klee underwent surgery last night for removal of the bullet.

"I can help you save gasoline and get back 20 to 30 horsepower stolen by Spark Plug Miss"

TCP adds Anti-Miss to anti-knock

"I'M NOT JUST TALKING off the top of my cap when I tell you that spark plug 'miss' is today's greatest cause of power loss, a threat to 30 million cars. Yours is probably one. And I have the remedy for spark plug 'miss' in the white pump."

It's Super Shell with TCP*. It adds anti-miss to anti-knock, which means you get across-the-board protection from Super Shell.

You get protection against knock because Super Shell has higher octane, so that engine knock is no longer a problem. But in today's modern engines, anti-knock alone isn't enough.

That's why Super Shell adds anti-miss to anti-knock. Super Shell, with its exclusive TCP additive, stops spark plug misfiring caused by harmful combustion deposits. TCP neutralizes them, restores 20 to 30 lost horsepower!

You'll save gasoline, too—because the extra combustion energy of the aromatics in Super Shell converts automatically to give you extra mileage! Get your car's full power the way thousands of other motorists do. See your Shell Dealer.

Warden Service Helps Keep Dogs Contented

BRANCHBURG, N.J. (AP) — A dog's best friend in over 50 communities around here is the Contented Warden Service.

Started six years ago by David Condit and Michael Kredovski who were fed up with the dog food business, Contented offers dog warden service at a fraction of the cost of retaining a full-time municipal dog catcher. And Contented dogs have it soft.

They are kept until claimed by an owner or an interested dog lover and have free lodging and medical service while they wait.

Donates $3 Million for Drama Theater

NEW YORK (AP) — Mrs. Vivian Beaumont Allen, a patron of the arts in New York for many years, has donated three million dolars to build a theater for repertory drama on Manhattan's West Side.

★ ★ ★

The gift, annouced yesterday, was made to the Lincoln Center for the Performing Arts, which is plannig a complex of theaters, concert halls and schools in the Lincoln Square redevelopment, an 11-acre site.

★ ★ ★

John D. Rockefeller III, president of the center, described Mrs. Allen's pledge as "magnificent."

The center has now received pledges of more than 28 million dollars. The previous pedges were by the Ford, Rockefeller and Avalon foundations.

Mrs. Allen inherited a fortune from the May chain of department stores.

Truman Taking Credit for Ike's Defense Plan

NEW YORK (AP)—Former President Harry Truman says President Eisenhower's plan to reorganize the Defense Department is a "duplicate" of one that Truman proposed when he was in the White House.

★ ★ ★

Truman says the current proposal before Congress is a duplicate of "a message I sent down for the reorganization of the Defense Department. It was sent from the White House."

★ ★ ★

Truman did not specify when this occurred, nor did he elaborate otherwise.

He made the statement in the course of an interview on a variety of subjects on the Youth Wants to Know program televised yesterday by NBC. The program was filmed a week previous.

Plugs for Foreign Trade

Ike Speaks in Virginia

STRATFORD, Va. (AP) — President Eisenhower drove here Sunday to visit the boyhood home of Gen. Robert E. Lee, and used the contrast to plug for more foreign trade.

★ ★ ★

The President and Mrs. Eisenhower motored 82 miles through the Virginia countryside to Stratford, the birthplace of the Confederate general.

The President and Mrs. Eisenhower were guests of the Robert E. Lee Foundation, which holds its annual meeting the first Sunday in May.

In a brief backyard talk before 500 persons, Eisenhower onted that Stratford was almost a self-supporting economic unit.

★ ★ ★

But the difference between the nation then and now, he said, is "the difference betwen ox carts and jt airplanes."

Eisenhower, in an obvious boost for the reciprocal trade program, said 4½ million Americans are engaged in building items that are sold abroad.

"There is not a person in the United States," he said, "that is not affected every single day by what happens in Africa, in far Asia, in Europe and all of South America. We are no longer independent economic units."

★ ★ ★

Eisenhower has recommended a five-year extension of the reciprocal trade program, which otherwise will expire June 30. He has also asked authority to cut tariffs as much as 25 per cent over the five-year span. The proposed legislation is now before the House Ways and Means Committee.

Secretary of Commerce Weeks, who also spoke, said "the best is yet to be" for America and forecast a growth in goods and services from last year's total of 434 billion dollars to a 1967 total of 580 billions.

★ ★ ★

Weeks predicted a 10-year rise in personal income to 460 billions from the present 343 billion.

Gaither Giving Up Post as Ford Foundation Head

NEW YOR K (AP) — H. Rowan Gaither Jr. is giving up the chairmanship of the Ford Foundation, the world's richest philanthropic organization.

★ ★ ★

Gaither, 48, said yesterday he will leave the foundation at its annual meeting in December to resume his law practice and other interests in San Francisco. He will continue as a foundation trustee.

★ ★ ★

His name has been given to the still-secret Gaither report by the security resources panel of President Eisenhower's Scientific Advisory Committee. Th report is said to have recommended larger defense spending.

Young Rockefeller Hard at Work-He's 9

WORLD CITIZEN—Dag Hammerskojld of Sweden starts his day with a smile as he embarks on his sixth year as Secretary-General of the United Nations.

By PHYLLIS BATTELLE

NEW YORK (INS) — Winthrop (Winnie) Rockefeller Jr., a nine-year-old potential millionaire who has not yet learned how to fritter away time and money, has been hard at work.

It seems that his mother—who is coyly called "Bobo" when the subject comes up, and it frequently does for millions of reasons—gives him only $1 a week for the essentials of life, like soda and rubber knives and other nine-year-old accoutrements. And these he has to work for, doing light household chores around their Palm Beach and New York homes.

Winnie is ambitious for bigger things, so recently he has been designing airplanes for the Air Force.

He has come out with an all-new type of plane—details top secret, in keeping with the Air Force and Rockefeller policies. Upon completion of his design, he phoned a military base near home and asked for "the officer in charge of new planes."

Asked to give his name, he responded, promptly, "Winthrop Rockefeller." And was immediately put through to a high-ranking officer.

This officer, bewildered by the small voice with the big name behind it, urged the boy to mail in his design.

With no undue delay, Winnie penned the U.S. Air Force a note and, spending three per cent of his salary for postage, sent his invention to the proper authority—the "adjective general."

★ ★ ★

There has been no official announcement as to how this suggestion was received, or whether the adjective even saw it, but it illustrates one point succinctly:

If Bobo Rockefeller has had ill success in holding a man, she at least has an intuitive knack with a child. This boy, for whom the coal miner's blonde daughter permitted herself to be called a gold-digger, is not going to grow up a wealthy slouch. He will be enterprising like his mama—and I mean that in the most kindly, thoughtful sense.

My two crosses in life, as newspaper reporter and woman, have been those headline-blackened Barbaras, Hutton and Rockefeller. I must have composed millions of words about their millions, not to mention their marriages and divorces, and have come out of each interview with a feeling of sympathy: For Hutton, because she is so unsure; for Rockefeller, because she is so sure.

★ ★ ★

Lately, I've had a particularly hard time explaining my case for Bobo. It is becoming increasingly difficult, in view of her $7,000,000 divorce settlement, give or take a million, to locate listeners when I claim she's a nice girl with a gentle voice and face who cares more about her kid and his welfare than most nice girls care for the whole world put together.

But I still can tell how Winnie and Bobo play baseball after school, take golf lessons together; how they go to a matinee and soda fountain every Saturday; how, between 5 and 7 each week night, when not-so-rich mothers are working on cocktails with their husbands, Bobo is working on home work with the boy on whose behalf she fought like a tigress—and won the reputation for being a tigress.

And within a week or two, if there is no answer from the Air Force to Winnie's suggestion that they adopt his new plane design, Bobo says she will sit down with him and explain: "I'm afraid they didn't accept your plans because they were probably not mathematically correct. I guess you'll have to study your math a little harder."

When she encouraged him to submit his design, Bobo had that in mind.

★ ★ ★

As a mother, Bobo is a planner. Everybody refused to understand that.

SAC Bombers Factory-Bound

1,400 B47s Being Sent Back for Correction of Structural Weakness

WASHINGTON (AP) — America's B47 bombers, major elements of U.S. striking power, are going back to the factory for correction of a structural weakness that showed up in low level operations.

★ ★ ★

An Air Force announcement yesterday said it will take several months to complete modification of the approximately 1,400 B47s, tht medium range arm of the Strategic Air Command.

A spokesman said, however, the project will not affect the deterrent capability of the medium bomber fleet. The six-jet B47s, originally designed for stratosphere flight, can pack a nuclear bomb more than 3,000 miles at speeds of more than 600 miles an hour.

No estimate was given of the cost of the modification program, which will be handled at the Tulsa, Okla., plant of the Douglas Aircraft Co. and the Marietta, Ga., plant of the Lockheed Co.

Th Air Force said the program to modify the B47s results from an accident near Buffalo, N.Y., on April 10 when a B47 crashed in approaching a tanker plane for refueling. Four men were killed.

★ ★ ★

Although the announcement didn't pinpoint a specific weakness, the spokesman said the investigation indicated the trouble may have been in structural plats in the wings.

Court Given the Birds by House Committee

WASHINGTON (AP) — The Supreme Court officials would like to get rid of the birds that roost on the court's white marble building. But Congress is afraid the birds would fly across a plaza and perch on the Capitol.

So the House Appropriations Committee recently cold shouldered the court's request for $33,000 to install an electronic device to scare the birds aay.

When the court learned the committee's attitude, it withdrew the request.

Penitentiary Officers Fight Ridiculous Outfits

OTTAWA (AP)—Penitentiary officers at Stony Mountain, Man., say their uniforms make them look ridiculous.

"They have been made by the prisoners for years and their object is to make the officers look as ridiculous as possible," complained an unidentified sponsor of a resolution at the convention of the Civil Service Assn. of Canada.

"I may add they succeed," he said. The resolution calling for the uniforms to be made outside prison walls was approved.

To Open Home for Aged

DETROIT (AP) — The Salvation Army says it will open its Eventide Home for the Aged, formerly a 14-story hotel, about July 1. The building is being converted to care for 200 residents. It was bought for $600,000 and $270,000 is being spent on renovation.

Proper Makeup Protects the Skin

Besides making a girl pretty, proper makeup also protects the skin during harsh weather.

But be certain to remove thoroughly all makeup when you are home. This allows the skin to breathe.

Start Scrubbing!

The girls may scream at the idea but a health expert thinks they should scrub a few more floors. It's good for physical fitness. The scrubbing motions are especially muscle toning.

Let Your Guests Help With Work

Having guests this weekend? It can be relaxing or a rat race. It all depends on the hostess' attitude toward help from her guests.

Most expect to lend a hand. Let them.

Can't Ask to Bring an Extra

By EMILY POST

"Dear Mrs. Post: My husband and I planned an elaborate cocktail and dinner party at the country club for fifty guests. Among those invited was a Mrs. A. who is a casual acquaintance. She had entertained us once several months ago and I wished to repay her hospitality.

"Two days before the party she called me on the telephone and said, "I have a favor to ask of you. My brother is in town for a few days and I want to know if it will be all right if he came along with us to the party." I refused as politely as I could saying that table arrangements had been made and it would be difficult to change them at the last minute.

Answer: You were quite within your rights to explain that you did not have place for an extra guest. No one should request bringing an extra guest to a sit-down luncheon or dinner.

"Dear Mrs. Post: We are expecting our second baby soon and if it is a boy we would like to name him for my husband. Our first son was not named for him.

"I have been told that the second son in a family cannot be called Jr. and that only the eldest son can correctly carry the father's name. Will you please tell me if this is true?"

Answer: You have been misinformed — any son can be named for his father.

"Dear Mrs. Post: I have been going out with a boy for the past six months. I have been invited to dinner at his house several times and his mother has always been very nice to me. I would like to know if it would be proper for me to send her a few flowers on Mothers Day?"

Answer: As you are not yet her daughter-in-law I think it would be wiser, if you wish to send her some flowers, to choose some other day.

MRS. RAYMOND X. ZWEIG

Judith C. Wainger Wed in Palmer Woods Rite

Judith Claire Wainger, daughter of the J. J. Waingers of Palmer Woods, was married Sunday afternoon in the home of her parents to Raymond X. Zweig, son of Abraham Zweig of Detroit and the late Mrs. Zweig.

Flowering dogwood, lilies of the valley and sweetheart roses in an all white motif, decorated the Wainger living room.

★ ★ ★

The bride chose an ivory ballerina-length gown of peau de soie and an imported Chantilly lace mantilla. She carried a Bible with a spray of white orchids and lily of the valley.

SISTER IS HONOR MAID

Janice Wainger, the bride's sister, was her only attendant. She was gowned in an ice blue taffeta ballerina-length frock and carried an arrangement of white sweetheart roses. Alvin L. Levine acted as best man.

For her daughter's wedding, Mrs. Wainger selected a street-length dress of beige and brown print silk taffeta.

Following the ceremony a buffet luncheon was served to 70 guests.

For flying to Madrid and the Isle of Majorica, the new Mrs. Zweig chose a black and gray wool plaid suit with an organdy petaled hat and black accessories. The couple will continue on an extended European tour visiting Italy, France, England, Denmark and Belgium.

Upon their return they will live in Detroit.

The bride is a graduate of Kingswood School and Simmons College for Women in Boston. Mr. Zweig was graduated from Wayne State University and Columbia University School of Law.

The bride's father is president-treasurer of WKC here and president of Grinnell Brothers.

Added Years Call for New Makeup

A shade of makeup selected 10 years ago may not be suitable to a woman now. A complexion changes as one grows older.

It is wise to check makeup shades occasionally to see if they are doing the most for your appearance.

Take Positive Steps to Overcome Shyness

By JOSEPHINE LOWMAN

Everyone wants to be liked by others. However, the world seems to be full of folks who long for friends but who do not know how to make them. I receive so many letters from women asking how to overcome self-consciousness. They also want to know how to meet people gracefully and what in the world to say to them when they meet them.

The real secret is to be interested in the people you meet. If you are truly interested in the person with whom you are talking, this will be apparent in your manner, facial expression and the tone of your voice. It isn't so important what you say as how you say it.

Many shy retiring women are sincerely interested in others, as evidenced by their wish for friends, but they never get this fact over because they are handicapped by a constant awareness of self. Instead of concentrating on what the other person is saying and thinking they are preoccupied with what they themselves will say next and what sort of an impression they are making.

If you will analyze those folks you yourself find most attractive and enjoy most, you are almost certain to discover, probably to your amazement, that they make you feel more interesting, witty or charming than usual, because they seem to find you interesting, funny or charming. We all bloom in the atmosphere this sort of person provides.

However, if you have the habit of shyness, there are certain tricks or crutches you can use until you overcome it. First, do not sell yourself short. There is nothing wrong with you. You probably have as much to offer as the next person, you just haven't learned how to put it across.

What the heck! When you think of the great sweep of life and its excitement and importance, what does it really matter whether or not Mr., Mrs. or Miss So and So likes you anyway?

This latter is a good healthy thought and will be of help to you. You will never have the friends you want if you approach others with a strained, fearful attitude. Too often the shy person who is eager for friends is either too aggressive or pushing, seeks an intimate relationship prematurely, or sinks into silence and awkwardness. Take it easy! Be natural! Concentrate on others!

It is too bad that all of the lonesome people in the world can't get together, or at least some of them! Judging by my mail, there are a great many.

Shyness is a big handicap in making friends.

I think the following trick will help you, too. Imagine that the person you meet is shyer than you are. This is possibly true even though you may not think so. Anyway, pretend that the person to whom you are talking IS extremely timid.

What would you do to make him or her feel comfortable? What sort of things would you ask or say? How would you make this person feel at ease You will find yourself being considerate and even trying to draw the other person out in conversation. This will take practice but you can learn this art.

It also will help if you will discover for yourself WHY you are shy.

Dear Abby....

Teach Him Manners Before It's Too Late

By ABIGAIL VAN BUREN

"DEAR ABBY: How can you tell a man 39 years old how to eat? He is a bachelor and has lots of good qualities and he has asked me to marry him. He puts his elbows up on the table, licks the knife, cuts his food using the knife between the prongs of the fork. He has passed the State Bar Association, has done a lot of traveling and is a Major in the Reserves so it isn't as though he came out of the hills.

ABBY

"I am ashamed to eat out with him and have avoided eating with friends, but if I am going to marry this man, something has got to be done. Or am I placing too much importance on table manners?"

ASHAMED OF HIM

DEAR ASHAMED: Table manners ARE important, but even more important is his reaction toward constructive criticism. By all means, gather your courage and diplomacy and offer to teach this man how to eat. If you lose him over this — you haven't lost much.

★ ★ ★

"DEAR ABBY: I am 12 years old and my problem is my mother and my grandmother (my mother's mother) who lives with us. I hate to come home from school because they are always fighting.

"I only bring friends home when I am sure one of them is gone. The way they yell at each other is a disgrace. The worst thing my father can say to my mother is: "You are just like your mother!" Isn't this family a mess?"

SICK AND TIRED

DEAR SICK: It sure is. The best you can get out of it is a good object lesson in how NOT to be.

★ ★ ★

It was "Tea for Two" when Mrs. Raymond Harris (left), chairman of the tea, and Mrs. James Shearer, a social committee member, selected a choice corner for a brief visit at the Jaycee Auxiliary event.

Incoming president of the Junior Chamber of Commerce Auxiliary, Mrs. Donald Weddle (left) was presented the gavel by Mrs. Leslie Langford, retiring president, during the installation of officers program at Sunday's tea. Mrs. Weddle formerly was vice president of the group.

Jaycee Auxiliary Tea Held

Members of the Junior Chamber of Commerce Auxiliary held a Mother's Day Tea at the home of Mrs. Irving Merkovitz on Menominee road Sunday afternoon.

Highlighting the program was the installation of officers for this season. Mrs. Donald Weddle became the new president. Others installed were Mrs. Ozzie Watchpocket, vice president; Mrs. Cramer Partridge, secretary; and Mrs. Raymond Harris, treasurer.

Serving on the welcoming committee were Mrs. Watchpocket and Mrs. Jerry DeBois. Mrs. James Wilkinson presented a toast to mothers, while a toast to daughters was given by Mrs. William Kovin. Chairman for the event was Mrs. Raymond Harris, assisted by Mrs. Leonard Buzz, Mrs. James Shearer and Mrs. Norman O'Brien.

An out-of-town guest was Mrs. Vivian Post of Lansing. The group is planning a cooperative dinner to be held in June.

Mr. and Mrs. Raymond P. de Steiger of East Detroit announce the engagement of their daughter, Sylvia Loretta of Monroe street, to James Heath Cole of Milford. He is the son of Mr. and Mrs. Harold Cole of Clearwater, Fla., and Drummond Island.

SYLVIA L. de STEIGER

Engagement Revealed

At a cocktail party in the home of her parents Sunday evening, the engagement of Sylvia Loretta de Steiger of Monroe street and James Heath Cole of Milford was announced.

The bride-elect is the daughter of Mr. and Mrs. Raymond P. de Steiger of East Detroit, and the prospective bridegroom's parents are Mr. and Mrs. Harold D. Cole of Clearwater, Fla., and Drummond Island.

PLAQUE TELLS NEWS

A plaque with the inscripton, "Milestones in Sylvia's Life" revealed the announcement in the de Steiger home. A floral arrangement in the shape of an engagement ring surrounded by tapers in silver candelabra lighted the setting.

Miss de Steiger and Mr. Cole received guests before the mantel which was banked with white stock, snapdragons and sweetheart roses in shades of pink and yellow. The engagement ring theme was carried out in decorations throughout the de Steiger home.

★ ★ ★

For the occasion, the bride-elect chose a talisman peau de soie cocktail dress.

★ ★ ★

Miss de Steiger was graduated from Michigan State University, and her fiance is a graduate of Michigan College of Mining and Technology where he was a member of Theta Tau fraternity.

Youth Tour Pictures Are Shown

Mrs. Benjamin Minford of Lapeer, formerly of Pontiac, showed colored slides of Presbyterian missions in the Southwest Friday evening at First Presbyterian Church

Mrs. Minford, who accompanied a youth caravan which visited 10 of the national Presbyterian missions in the Southwest, explained to members of the Women's Association attending that high school students of Michigan Presbyterian churches were carefully selected to make the 4,000-mile trip. Those attending camped out most of the time, Mrs. Minford said.

Following a cooperative dinner with the February-December group as hospitality chairman, Mrs. Leslie Ellis presided at a business meeting. Mrs. Davy Gilpin introduced the speaker.

City VFW Auxiliary to Join Hospital Tour

Mrs. Archie Tryon, Mrs. Lorell Beach, Mrs. Allen Hersee, Mrs. Paul Boelter and Mrs. Martie Pike will spend Wednesday at Battle Creek Veterans Administration Hospital.

A tour of the grounds and hospital facilities is planned for members of Ladies Auxiliary to VFW 1008, as well as 19,000 other auxiliary members in the state.

The occasion is to dedicate a patio and recreation room which the auxiliary endowed this year.

If you want a friend to fill in at a bridge party for a guest who cannot come, explain the situation when you invite her.

Ike's Mascot Buzzes Aide

Finds Self Going to Dog(s)

WASHINGTON (AP) — Robert Keith Gray, affable new secretary to the Cabinet, often chuckles quietly when President Eisenhower sounds his desk buzzer to summon an aide.

The explanation goes back to a day about three weeks after the President suffered a minor stroke last November. Gray at that time was serving as Eisenhower's appointments secretary, with an office adjacent to the President's.

★ ★ ★

"The President's buzz when he wants someone usually is very loud and insistent," Gray relates.

ROBERT GRAY

"This day it rang in a sort of erratic, hesitant manner and it alarmed me."

With Eisenhower's recent illness crowding every other thought out of his mind, Gray grabbed a notebook and fairly leaped into the President's office. There to his great relief he found Eisenhower serenely at work.

"Do you want something, Bob?" Eisenhower inquired in surprise at Gray's agitated look.

★ ★ ★

"Didn't you ring, Mr. President?" Gray stammered.

"No, I didn't." Eisenhower replied, looking down at the buzzer bottom on the desk leg. Then the President grinned and exclaimed: "Heidi! Get out of there!'

It was Eisenhower's Weimaraner dog, nuzzled against the buzzer button under the desk.

★ ★ ★

"Ever since," says Gray with a smile, "I've been telling folks about the day I answered a summons by a dog."

Gray, whose hair started turning gray in high school, is a friendly, hard-working 36-year-old who gave up a prosperous warehousing business in Nebraska and Iowa in 1955 to take a Navy Department job handling manpower problems.

★ ★ ★

He did so "because I found Washington so exciting and such a beautiful city." He had served with the Navy in the Far East during World War II — supply and disbursing officer aboard the USS Collingsworth, an attack transport vessel.

Gray, born Sept. 2, 1921, in Hastings, Neb., had been in Washington only a short time when Fred A. Seaton, also from Hastings and then a top aide to Eisenhower, had him transferred to the White House. Ten days later Seaton was named secretary of the Interior and Gray soon took over job patronage for Eisenhower, a key assignment dealing with the filling of administration positions.

★ ★ ★

"It's been fascinating," says Gray. "The only discouraging thing is that it's hard to make friends in patronage work. For every job there are 50 to 100 applicants. Those who lose out always are unhappy, and the fellow who gets the job isn't always happy very long."

Now he's moving up to Cabinet secretary, to replace Maxwell M. Raab, who is leaving May 19 for private law practice.

★ ★ ★

Gray is a graduate of Carleton College at Northfield, Minn. and Harvard University School of Business Administration. He later taught business administration at Nebraska's Hastings College.

A bachelor who lives with two other bachelors in Washington's Georgetown area, Gray grins broadly when you ask him about marriage, and says: "Not forever am I going to be a bachelor. That's definite."

Donkey Down Payment

LONDON (INS)—An auto dealer on the channel island of Jersey reported accepting a 10-year-old donkey as down payment on a 20-year-old car.

The boundary between Canada and the United States is about 3,986 miles in length with about 1,788 miles of dry land and 2,198 miles in which the border traverses through water.

Land areas of the world have an average population of about 40 persons per square mile. Some regions, of course, are much more heavily populated while some are less.

Historic Concert Set by Pontiac High Band

By SYLVIA de STEIGER

History will again be made by the Pontiac high school band next week when it presents the 31st and final Spring Band Concert.

This year's performance will be a milestone for the band since it will be the last time students of high school age throughout the city will have the opportunity to play together as members of one band.

JOIN NEW GROUP

In September, when the new $3 million high school named Pontiac Northern opens, at least 15 of the present band members will have to join the band organized at the new school since they will live in its area. A conductor for the new band has not been appointed to date.

The band, which today consists of 80 teenage musicians, has been known throughout Michigan and the Midwest for the first place ratings it has received in the district and state class "A" high school band competition.

For 27 consecutive years of the 31 it has been formally organized as a part of the student curriculum, first place trophies, plaques and certificates have been awarded to this band.

It is the only Michigan class "A" high school band to have received unanimous first division ratings in state competition from judges of both concert playing and sight reading during this same period.

Dale C. Harris, supervisor of instrumental music for Pontiac schools, has been the conductor of the band since it was organized in 1927.

Besides the annual spring concert, bandsmen have performed for school activities including football and basketball games as well as assemblies.

★ ★ ★

Since the present high school has been renamed from Pontiac High School to Pontiac Central High School, this will be the first concert presented under the new name. The program will be held May 16 beginning at 8:15 p.m. in the high school auditorium.

Guest conductor for the special event will be Richard F. Goldman, internationally known composer, conductor, teacher, lecturer and author of music texts. Goldman, who will conduct the second half of the concert, is chairman of the Department of Literature and Materials of Music, Julliard School of Music in New York City.

★ ★ ★

Michigan State University's professor of music and band director, Leonard Falcone, will play two euphonium (baritone) solos for the occasion.

Pontiac Press Photos by Ed Vanderwerp

BABY AND PAPA — Nancy MacAfee, a sophomore, of 110 Thorpe St., plays the baby of the woodwind instruments of the band, the piccolo while Jim Williams, a junior, 321 Dick Ave., fingers the bassoon, the largest of the woodwind instruments. The two are practicing portions of Kallinikow's "Symphony I" which includes concentration on this section in the concert.

TIMPANI TIME — Terry Wilkins, a sophomore, of 66 Waldo St., looks as if he is sneaking up on this timpani drum nicknamed the kettle drum. This percussion instrument will be featured in the selection, "Pontiac Fanfare" next week at the Pontiac Central High School band's spring concert.

LAST TRY — Head band manager John Howell, senior clarinetist, of 243 Judson St., (left) assists Linda Stoner, another senior clarinetist, try on her uniform jacket for size since this is the last time both will perform in the high school band's concert. Cornetist Charles Laverque, another senior, 172 S. Jessie St., (right) is the head of the uniform committee.

NEWCOMER LEAVES — Linda McGlothin, a sopbomore, of 491 First St., (right) is practicing with a mute on her cornet for the first and last concert she will participate in with the Central Band. Next fall she will join the Pontiac Northern High School band at the new school. Delmar Benson, a senior, of 18 Newton St., points out a few complicated bars in "Carousel," which calls for the mute in the brass section.

House to Be Public Shrine

BEDFORD VILLAGE, N. Y. (AP) —Bedford House, for 30 years the home of John Jay, first chief justice of the United States, is to become a public shrine.

Edwin G. Michaelian, Westchester County executive, helps save the 30-acre site from house-wreckers today as he asks the Westchester Board of Supervisors to take the first fiscal step toward buying the property for $136,000.

The county then will give the property to New York state for operation as a public shrine. Gov. Averell Harriman recently signed a bill permitting the state to accept the property.

City Naval Center Sponsors 'Ham' Club

By DICK SAUNDERS

The Pontiac Naval Reserve Training Center has formed a non-military alliance with area civilians. The center recently sponsored a new club designed to offer aid and instruction to the area's ham radio operators and those interested in amateur radio operating as a hobby.

At present they refer to themselves as the Pontiac Amateur Code Group No. 1, but as new members flow in, the organization is expected to add several more groups.

Forming the code group with cooperation of the Michigan Six-Meter Network, the center offers competent instruction in the various stages of ham operating while offering its $50,000 worth of transmitting equipment in training interested parties.

There are no fees. The group is not affiliated with any one ham club or group. It's a civic project open to the public. All one needs to join is to attend one of the weekly Saturday afternoon meetings at 2 p.m. at the center, 469 S. East Blvd.

★ ★ ★

Co-sponsors and leaders of the movement are Carl Mandahl, Radioman 2.C., and Jack Smelser, of 4975 Halstead Rd., Walled Lake, a local ham operator.

The project has been aided greatly by the helping hand of Frank Prano, 6198 Snow Apple Dr., Clarkston, who is president of the Michigan Six-Meter Network.

The current membership is made up of men from Pontiac, Detroit, Royal Oak, Warren, Walled Lake, Ferndale, and Hazel Park, among other communities.

"We believe we are the first naval group in this part of the country to originate a program with such a military and civilian alliance as this," says Mandahl.

SEVERAL AIMS

According to Mandahl, the group has several aims. First, is to stimulate a growing need for interest in electronics and related fields.

Secondly, the project hopes to assist members in obtaining F.C.C. amateur licenses. Finally, they hope to form a close relationship between the Naval Reserve activity and various amateur groups in the area.

As members learn various factors such as Morse code and the theory behind microphone work and transmission, they are given tests for higher licenses by F.C.C. authorities in Detroit.

Members start with a "novice" license. As they learn more they graduate to the "technician" classification and finally to the "general" class. With a "general" license, they are free to transmit from their own set at home.

EMERGENCY SYSTEM

Authorities are quick to point out that beside being an enjoyable hobby, licensed ham radio operators can play a major role in combating any natural or man-made disaster which may strike their community, as an emergency communications system.

HELLO, CALIFORNIA? — Frank Prano, president of the Michigan Six-Meter Network, sits at the Pontiac Naval Reserve Center surrounded by equipment talking to a fellow ham operator. The ham on the other end might be the guy next door, a member of the network reporting a storm center moving toward Pontiac, or, weather permitting, someone on the west coast.

SHOWING EQUIPMENT — From left to right, Peter Bau, of 8889 E. Vernor Highway, Detroit, and Jack Smelser, of 4975 Halstead Rd., Walled Lake, get a good look at equipment being shown them by Radioman 2.C. Carl Mandahl. This is part of some $50,000 worth of equipment being used by ham operators joining the civilian code group at the Naval Reserve Training Center, 469 S. East Blvd.

Two Women's Clubs Contest Winners

SAGINAW (AP) — Royal Oak Women's Club and the Rochester Junior Women's Club have been named winners of first prizes in the Michigan State Federation of Women's Clubs community achievement contest.

Royal Oak won for clubs over 75 members and Rochester for clubs with 75 members or under. The Greenville Federation of Women's Clubs was runnerup to Royal Oak. Baldwin Women's Club was second to Rochester.

The contest — one is held in each state — was sponsored by the General Federation of Women's Clubs and the Sears Roebuck Foundation.

A national achievement award will be presented at the General Foundation's annual convention in Detroit next month.

Rescue Student After 18 Hours

College Youth Suffers Possible Leg Fracture Exploring Cave

DERRY, Pa. (AP)—A 19-year-old college student suffering from a possible leg fracture was removed from a cave near this southwestern Pennsylvania community early today after a 12-hour rescue effort.

The victim, Richard LaVal, was admitted to Latrobe Hospital in fair condition with a possible fracture of the lower left leg. LaVal is a student at the Carnegie Institute of Technology in Pittsburgh. The hospital listed his home as Florissant, Mo.

★ ★ ★

LaVal and 14 other members of the Pittsburgh Grotto of the National Speleological Society were exploring Copperhead Cave at Hillside, six miles from here, when LaVal was injured about 12:30 p.m. yesterday.

The explorers and Derry volunteer firemen teamed up in the rescue. Dr. O. P. Oliver entered the cave, administered first aid and stayed with LaVal until he was removed about 1:15 a.m.

★ ★ ★

A member of the rescue party, who declined to be identified, said LaVal was about 1,000 feet from the cave entrance when injured. The man said the rescue team carried LaVal on a stretcher over three crevices ranging in depth from 50 to 100 feet.

A girl who was with LaVal also was brought out of the cave. A member of the rescue team identified her as Hermine Zotter, a Carnegie Tech student. She was not injured.

MSU Student Cycling Way Through College

EAST LANSING (AP) — A Michigan State University student has a unique solution to the problem of getting from class to class on the sprawling MSU campus here.

Bob Johnson, a senior from Clawson, Mich., discovered his ability to balance on unicycle is a step-saver. What's more, Johnson says, a unicycle is the only means of transportation not under regulation. Although students are not permitted to ride bicycles on the sidewalks, he claims no laws prohibits his one-wheeler.

Johnson says steering is all with the hips. He rides with hands free to carry books. "And I haven't hit anyone yet," he says.

Couldn't See the Light

GETTYSBURG, Pa. (AP)—One voter in Berwick Township had his own ideas for his ballot in the fall election here. He printed, under his own title of the "live and let live amendment," the question "Shall We Have A Stoplight at Cross Keys?" After that he drew two squares, one marked "yes" and the other "no" and placed an "X" in the "yes" square. Election officials threw out the ballot because it had been defaced.

Negroes Uniting After Bombings

To Answer Violence by Registering, Voting in Jacksonville

JACKSONVILLE, Fla. (AP)—The Negroes' answer to bomb violence and threats here emerged as: Register and vote.

It was formulated yesterday at a mass meeting of more than 400 at St. Paul AME Church.

★ ★ ★

They asserted it in one of seven resolutions passed by a standing vote. They decided to back their answer with a united action organization that can speak for the 94,000 Negroes among the 400,000 population in the Jacksonville area.

Representatives of Negro civic, social, fraternal, political and religious organizations were invited to meet Wednesday to form the central group.

★ ★ ★

Other resolutions reaffirmed confidence in law enforcement agencies, declared two weeks of prayer starting tomorrow, praised the objectives of the National Assn. for the Advancement of Colored People and pledged a Christian attitude of nonviolence and love toward all problems.

★ ★ ★

This group, like Southern mayors and police officials who conferred here a day earlier, asked the U. S. Justice Department to intervene in the investigation of dynamite blasts a week ago at a Negro school and Jewish synagogue here plus 45 other dynamite incidents in 20 cities.

Several speakers stressed the importance of the Negro registering and voting.

Tigers Handed 'Homegrown' Setback

Young Detroiter Stops Bengals 4-3 in Opener

Orioles Sweep Twinbill as Foytack, Hoeft Take Defeats

BALTIMORE (AP)—An 18-year-old homegrown hurler named Milton Pappas has the Detroit Tigers wishing they had bid a little harder for his services.

Pappas, a graduate of Detroit's Cooley High School, is one of the reasons the Bengals are especially eager to topple the Baltimore Orioles in tonight's game.

The Detroit youngster scattered five hits in seven innings as the Tigers fell 4-3 in the first game of a doubleheader here yesterday. Baltimore repeated its triumph in the nightcap 4-0.

Pappas, who was noted in Detroit prep circles for his "hard fast one," says the best the Tigers could offer him was a class D contract. This was denied by Bengal officials who said they were prepared to offer him anything short of a bonus.

★ ★ ★

"That's what I wanted," the schoolboy phenom said yesterday after striking out six batters in chalking up the first victory of his Major League career.

Pappas said he didn't get a bonus from the Orioles either but adds, "they've treated me swell and I've learned a lot." The Orioles signed him after a 7-0 senior high school record and a 22-4 mark in Detroit American Legion competition. He has yet to play a day in the minors.

Southpaw Jack Harshman proved to be the Tigers' nemesis in the second game of yesterday's doubleheader. He allowed only five hits in registering his fourth victory of the season.

★ ★ ★

Gene Woodling, booed out of Baltimore after a dismal showing at the start of the 1955 season, was the big gun in the Oriole's first-game attack, belting a 2-run homer off loser Paul Foytack in the first inning.

He kept Pappas' victory alive in the eighth when he threw out a potential tying run at the plate.

The only run off Pappas, who retired in the seventh with a pulled tendon in his elbow, came in the second on two walks and a single by Frank Bolling.

★ ★ ★

Detroit's second run came in the eighth on a walk, a single by Charlie Maxwell and another single by Reno Bertoia. Gus Zernial completed the Bengal scoring for the day with a pinch homer in the ninth, his seventh, setting a new American League record.

Baltimore's scoring in the second game started in the first on two singles and a sacrifice fly by Gus Triandos off loser Billy Hoeft. Jim Busby added two more in the second on a homer which scored Brooks Robinson. The final run was in the seventh when Detroit center fielder Harvey Kuenn fumbled Bob Neiman's double, allowing Al Pilarcik to score from first.

★ ★ ★

The Tigers now 8-10 and sixth in the league, face Washington in three games this week before returning home Friday for a three-game series with Kansas City.

DEAD BIRD — Baltimore catcher Joe Ginsberg is forced out at second base by Tiger second baseman Frank Bolling after taking a throw from Reno Bertoia at third base. The Tigers lost both ends of the doubleheader yesterday to the Orioles, 4-3 and 4-0. Bolling relayed the ball on this play for a double play.

He Is No Competition for Tim Tam in Derby

Question--How About Silky?

LOUISVILLE, Ky. (AP) — Tim Tam won the Kentucky Derby. That came as no surprise. But the big question that remained unanswered today was what happened to Silky Sullivan, the most publicized horse in the 84 runnings of the turf classic.

Tim Tam won last Saturday's 1¼ mile race over a very muddy track to give Mrs. Gene Markey's Calumet Farm its seventh Derby triumph. Lightly regarded Lincoln Road from the Sunny Blue Farm of Chicago was second, a half-length back. Dr. Peter Graffagnino's New Orleans-owned Noureddin, also neglected in the betting, trailed by another half-length in third place.

Silky Sullivan, the horse that had electrified fans with his sensational last quarters in come-from-last-place performances, was 12th in the 14-horse field. He trailed Tim Tam by 20 lengths.

"I only know that (Jockey Willie) Shoemaker told me he didn't like the track," said trainer Reggie Cornell. "I knew he wasn't right by the way he ran the first half-mile.

"He wasn't even breathing hard when he finished the race and never overlooked a bit of his food. It was his second bad race. The other was his second start as a 2-year-old, in which he bucked his shins."

★ ★ ★

But Cornell and owners Tom Ross and Phil Klipstein of San Francisco are going to give Silky at least one more chance in the East. He'll start in the Preakness at Baltimore May 17. He's also staked in the $50,000 added Jersey at Garden State May 24 and the $100,000 added Belmont in June.

★ ★ ★

"I don't think he'll ever run as well in the East as he has on the West Coast," said Syl Veitch, whose Flamingo finished 13th.

Detroit Golfer Publinx Winner

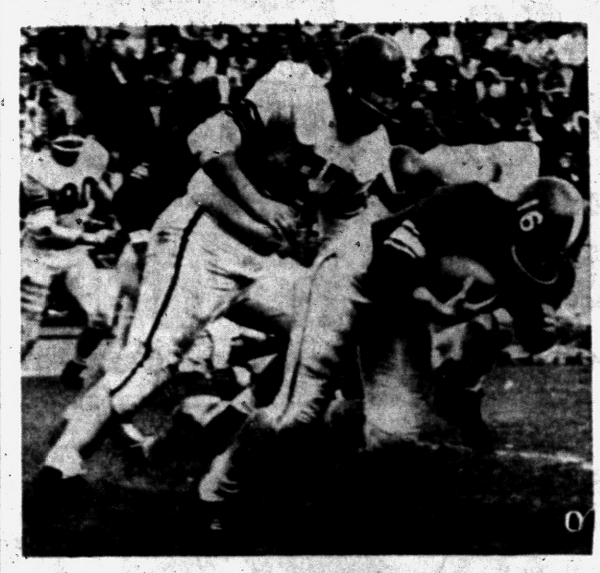

Lee Gohs of Detroit fired a two-under-par 70 Sunday at Idyl Wyld to win the Michigan Publinx Golf Association's first individual handicap tournament of the season.

Gohs, playing a steady game over Idyl Wyld's toughened layout, shot an actual 73 with a three-stroke handicap in the championship flight. Doug Wilson took 2nd place with 74-2—72.

Joe Liddle of Royal Oak won the 1st flight on a draw after he and Ray Hartner of Pontiac had finished with 78-7—71. Hershal Luck of Detroit took the 2nd flight with a card of 83-16—67.

A total of 226 players, the largest turnout in MPGA history, participated in the tourney.

THE BIG CHASE — Little Mike Panitch, quarterback for the Michigan State varsity, runs the option against the "Oldtimers" with big Norm Masters (57) giving chase and eventually making the tackle in these sequence photos by Press photographer Tom Gerls. The alumni team won the game, 19-13 Saturday.

Senators Close In on Yanks!

WASHINGTON (AP) — There's a new conversation piece around this town that has nothing to do with the recession or how to get along with the Russians. It's all about those sizzling Senators — the baseball variety.

This season's surprising jumpoff by Washington is raising the fond hope that maybe, the home team might crash the American League's first division. If so, it would be the first time since 1946.

With 5,885 fans on hand to give them plenty of cheers, the Senators took a firmer grip on second place Sunday by beating Kansas City 7-3 in the first game of a doubleheader. They came from behind to gain a 2-2 tie in the nightcap, which was called at the end of nine innings because of rain.

The results left Washington a scant one game behind leading New York Yankees.

No one in his wildest fantasies expects the Senators to challenge the Yankees for the pennant. But manager Cookie Lavagetto is saying his capital crew can finish in the first division by playing .500 ball the rest of the way.

What accounts for the Nats' new winning ways?

The reasons are both general and specific. The club has been getting clutch hitting and pitching, the players have been pulling some dandy fielding gems and the team is winning the close ones. Five of Washington's nine victories have been by one run.

★ ★ ★

Cleveland and Boston exchanged close decisions, the Indians winning the first game 2-1 and the Red Sox taking the second by the same score in 12 innings and Baltimore swept Detroit 4-3 and 4-0. Rain wiped out the scheduled twin bill between the Yankees and Chicago White Sox at Yankee Stadium.

A sparkling one-hit relief performance through six innings by Dick Hyde highlighted Washington's first game victory over Kansas City. After overcoming a 3-0 deficit with three runs in the fifth, the Senators assaulted Murry Dickson for four runs in the seventh.

Albie Pearson collected four of Washington's six hits and drove in both runs in the second game.

★ ★ ★

Frank Malzone's single scored Billy Consolo from second with the runs that gave the Red Sox heir 12-inning triumph, after Bobby Avila got the clutch hit for the Indians in the first game. Avila doubled in the ninth to score Gary Geiger from first with the tie-breaking run. Mike Garcia, in relief, was credited with the first game victory. Frank Baumann yielded eight hits in 12 innings in the nightcap for his first victory.

'New' Bolt Outlasts Hogan to Win Colonial Tourney

FORT WORTH, Tex. (AP) — A nervous but even-tempered Tommy Bolt — the "new" Bolt—was steady down the stretch even in his first head-to-head battle with the grim, calculating Ben Hogan, yesterday to win the $25,000 Colonial National Invitation tournament.

★ ★ ★

Bolt snapped back from a staggering first nine to gallop in with the kind of golf it takes to win the big ones and pocketed $5,000 for his 2-over-par 282 for 72 holes. He heads for Hot Springs, Ark., today and the next stop on the tour with $9,040.00 in his jeans, making him ninth among the money winners of the year.

It was Hogan who faltered in the stretch this time. Ben took a double-bogey six on the final hole to blow his chances of even finishing second. He wound up tied for fourth place with a 285.

★ ★ ★

A 30-foot putt that Bolt sank on the thirteenth hole was the real telling point. Ken Venturi, the brilliant young professional from San Francisco, had shot a 1-under-par 69 and finished with 283, putting the pressure on Bolt and Hogan. The latter was just a stroke back of Bolt and had made two straight birdies. So Bolt rammed down that putt and grinned because he figured this was the payoff. He bogeyed 16 when he was in a trap but pulled himself back up for pars on the last two holes.

★ ★ ★

Venturi won $3,000 for second place, which upped him to second among the leading money winners of the year with $16,731. Arnold Palmer of Latrobe, Pa., who wound up with 289 and only $662.50 here, still leads with $20,545.50. Palmer shot a course record-tying 65 on opening day but never could even get down to par again.

The final leaders, with winnings:

Tommy Bolt, $5,000 Paradise, Fla.	68-70-70-74—282
Ken Venturi, $3,000 San Francisco	72-73-69-69—283

Area Athletes Set CMC Marks

Cawley Erases Jones' Hurdles Record; Maples Score in Relay

Pontiac area prep thinclads figured in three of 25 records that fell during the outdoor relays at Central Michigan College, Mt. Pleasant, during the weekend. Flint Northern was the Class A winner, with 67½ points to 51 for runnerup Flint Central. Boyne City won the Class C title.

Birmingham's middle-distance medley relay team (Jim Reilly, Phil Ingraham, Bob Stephenson, Dick Boyd) erased PCH's mark of 5:59.6 (1955) with a record 5:55.5. Farmington's great hurdler, Warren Cawley, who won the low hurdles set records in both low (19.65) and high sticks (14.45) in preliminaries. The high hurdle mark was set in 1956 by Jayes Jones (14.9).

Bill Cole of Waterford was 5th in the highs, its shuttle hurdle relay team 3rd. Skippers had 7 points.

Maples took 24½ points for 6th place. Inkster was 3rd with 40½; Lansing East and Muskegon Heights 4th-5th with 28. Farmington had 9; RO Kimball 8, Walled Lake 3 (on Frank Fink's place in the vault); and Hazel Park 2, for area schools.

Gibson (won shot), Alcorn (2nd, vault), 2-mile relay (5th), Kulow (5th broad jump), Stephenson (tied 5th high jump) and 880-relay (5th) won other points for Maples.

'500' Trial Cars Narrowly Miss Collision on Turn

INDIANAPOLIS (AP)—A speeding race car spun out of control and narrowly missed hitting world racing champion Juan Manuel Fangio Sunday in the first close call of the year at the Indianapolis Motor Speedway.

Fangio was taking his driver's test in the Dayton Steel Foundry Special when Ray Crawford of El Monte, Calif., came roaring around the northeast turn at 135 m.p.h. and whipped around in a complete circle that missed the Argentine's car by about two feet.

Crawford, who drives his own car, managed to regain control and pulled off the track after completing the lap.

"It's my fault," said Fangio, who was moving at about 115 m.p.h. when Crawford came past. He said he should not have been in the middle of the track when the Californian approached.

However, Crawford took full blame for the mishap, explaining he came into the turn too high.

"I was just showing what not to do here," Crawford cracked to newsmen.

★ ★ ★

Fangio had completed only part of his driver's test when rain forced his car off the track. He planned to resume the test Monday.

Melvin DeWalt Marbles Champ

Melvin DeWalt, 12-year-old son of T. P. DeWalt, 360 South Boulevard, won the 11th annual city marbles championship Saturday by defeating James Clark in the tournament finals at Oakland Park.

DeWalt is a student at Bagley School. Clark, 11-year-old son of Mr. and Mrs. Joe Clark, 496 Harvey Street, attends Whittier School.

Saturday's finals climaxed three weeks of city-wide eliminations at 23 Pontiac elementary schools. The champion from each school came to Oakland to bid for the title.

The mibs tournament, open to all 5th and 6th grade boys and girls, is sponsored every year by The Pontiac Press in cooperation with the Parks and Recreation Department. Trophies were awarded by The Press to the winner and runner-up.

Runs at Marysville

Rochester High thinclads have accepted an invitation to compete in the 3rd annual Marysville High School Invitational Meet on Tuesday.

There are seven other schools in the event, including defending champion Marysville and runnerup Davison. Lapeer, Flint Madeville, Port Huron St. Stephens, St. Clair and Richmond are other entries.

MSU Oldtimers Win Game in 'Pro Style'

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

EAST LANSING—Looking over the personnel of the "Oldtimer" squad, the Michigan State varsity had no reason to fret over its 19-13 loss in the annual spring game Saturday, but coach Duffy Daugherty was concerned over the injury to Blanche Martin the hard-driving fullback from River Rouge.

Martin, who took the varsity's outstanding player award, tore a ligament in his left knee and was listed to undergo surgery today. "We hope the injury isn't too bad," said Daugherty, "he will have five months to recover before our opener next fall."

The game, which featured 26 pro players on the 45-player roster of the oldtimers, started off in spectacular fashion and finished the same way.

The varsity needed only 35 seconds to score on a 74-yard pass from Mike Panitch to end Dick Barker. Then came the choice of trying for the point under the new college extra-point rules.

The Spartans elected to try for two points by passing, but it was incomplete.

★ ★ ★

Al Dorow's passing and Billy Wells' three yard smash tied the count after the first quarter 6-6. Jimmy Ellis looked like he did in his college days when he raced back a punt return 62 yards to set up the second alumni score from the 12 yard line.

Clarence Peaks went the last two yards and as the point play via a pass failed, the Oldtimers 12-6.

The varsity got a taste of some tackling as it is done in the pro ranks when they stayed on the ground to take a 13-12 lead in the third quarter.

Don Arend plunged his way for the touchdown and Sammy Williams kicked the extra point.

Then came the spectacular play which put the alumni ahead to stay. Dorne Dibble, who played his pro football with the Lions until traded just recently to the New York Giants, entered the game and was on the receiving end of an 89 yard pass play from Dorow. Bob Carey's point made it 19-13.

Daugherty used 36 players, including several highly touted sophomores in the game. Ike Grimsley, the highly regarded soph quarterback from Canton, Ohio, saw action in only one play. He came in to punt.

★ ★ ★

The Oldtimers, with such talented quarterbacks as Dorow, Earl Morrall and Jim Ninowski, made the airlanes their big offensive by netting 247 yards passing and only 78 rushing.

MSU varsity rushed for 121 yards and netted 110 more by passing. Bob Jewett, who is being groomed for the pro ranks by the Chicago Bears, was voted the most valuable player for the Oldtimers as he grabbed six passes for 96 yards from his end position.

The University of Michigan will play its spring game at Ann Arbor, Saturday afternoon May 17th.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

Patient's Complaint: "I Can't Stay Balanced"

Diagnosis: Narrow Stance

TREATMENT: There's no doubt about it; golf is a game of hunting happy mediums. Take the matter of how far apart your feet should be, for instance.

If you place them too far apart, you get all spraddle-legged and you can't transfer the weight properly during the swing. But if you place the feet too close together, you don't have as wide a base as you need to stay on balance during the swing. And to play decent golf, you have to keep your balance.

Mostly through trial and error, I found that the happy medium here is placing the feet as far apart as the shoulders are wide, for the drives. The measurement is from instep to instep. This width of stance will do for all your wood shots.

As you progress to the irons, the stance becomes narrower. With the shorter swing with the irons you won't need as full a body turn; therefore you won't need as wide a base. But you should always feel that your stance is wide enough to keep you from losing your balance when you shift the weight to the right leg on the backswing.

Teeing Off

By BILL CORNWELL

Most weekend golfers like to play the easiest course available and the reason is simple. Low scores are few and far between for the duffer so the easier the layout, the better the opportunity for a respectable card.

If you're that type of golfer—the one who wants a minimum of sand traps, wide-open fairways, shallow rough, no water hazards and other similar benefits — then stay away from the new Michigan State University course.

It's not for you, believe me. It's a real "toughie." If any more proof is required, just ask the four Oakland County youths who toured its 6,778 yards Saturday as MSU, Notre Dame and Detroit competed in a triangular meet.

Pontiac's Lloyd Syron and Joe Grace Jr. of Lathrup Village, who fired for the Irish, and Jack Reynolds of Waterford and Birmingham's Tim Baldwin, MSU standard - bearers, had their troubles over the rolling 18-hole acreage.

Grace met with the best luck, shooting rounds of 75-77—152 for the 36-hole distance. Par is 35-36—71, leaving Grace 10 strokes above regulation figures.

Syron came next with 76-80—156. Baldwin shot rounds of 79-78—157 and Reynolds, medalist a week earlier against Northwestern when the course was initiated, soared to 82-80—162.

Everyone found the going rugged except MSU's Otto Schubel who carded a one-under-par 70 in the morning, currently the course record. However, Schubel jumped to a 77 on the second round.

The Spartans won the meet with a 23-13 margin over Notre Dame and a 31-5 conquest of the U. of D. The Irish topped Detroit, 33½ to 2½, for second place.

Syron, who was presented with a new car between rounds by his parents, Mr. and Mrs. Frank Syron of Pontiac Country Club, thought the sprawling layout was highly competitive and very tough. He had much support for his opinion.

From the championship tees, the longest hole is the 578-yard 7th and the shortest is the 182-yard 15th. The greens are excellent but treacherous with putting surfaces like glass. Narrow fairways, yawning traps, trees, deep rough and hilly terrain add to your problems.

Are you a weekend player who enjoys breaking 90 now and then? Don't go to East Lansing and expect to get it.

SHORT PUTTS

Mrs. Charles F. Fox Jr. and Mrs. Joseph Koss are at the top of the Women's Metropolitan Golf Association handicap list this season with four-stroke ratings. Mrs. Fox is the defending medal play champion.

Mrs. George Todd, the 1957 match play champion, has a 14-stroke rating. There are 14 players in the championship flight with handicaps of 14 or less.

The WMGA begins its 22nd season this Wednesday at Maple Lane. All events will be conducted on an 18-hole medal play handicap basis.

Cubs Retain Lead in NL With Split

Dodgers Batter Phils Twice

By THE ASSOCIATED PRESS

Los Angeles baseball fans who only a week ago were chasing the Dodgers back to Brooklyn were embracing their heroes today like native sons.

The repatriated Dodgers reached new heights in popularity Sunday when they swept a doubleheader from Philadelphia to climb a notch into sixth place in the National League pennant race.

★ ★ ★

An enthusiastic crowd of 38,453, which swelled the home attendance to 505,453 for 16 games, saw the Dodgers do everything right as they won 8-7 and 15-2.

They saw second baseman Charlie Neal bash two home runs, a triple and single for four RBIs. They saw the Dodgers whip Robin Roberts in the first game and then assault six pitchers for 18 hits in the second game, tops for a single game in the league this season.

They saw the Dodgers give their pitchers spectacular defensive support with seven double plays, which boosted their total to 35 twin killings in 19 games.

They saw the Dodger hitters crack eight consecutive hits for seven runs in one inning as lefthander Danny McDevitt coasted to his first victory of the season in the nightcap.

★ ★ ★

In San Francisco, a crowd of 22,721 saw the Giants rebound with a 4-3 10-inning victory after Pittsburgh had won he opener of their doubleheader 6-2. Despite the split, the Giants dropped into fourth place behind Milwaukee, which defeated St. Louis 7-2. The Chicago Cubs retained their half-game first place lead by dividing a doubleheader with Cincinnati. The Cubs won the opener 5-4 with the Redlegs taking the second game 3-2 in 14 innings.

★ ★ ★

The Dodgers overcame a 7-4 deficit to win the opener. The decisive blow was Neal's seventh inning homer with a man on base, which put Los Angeles ahead 8-7, and finished Roberts who was looking for his 191st NL victory.

Roman Mejias, a part-time outfielder, hammered three home runs and drove in four runs in Pittsburgh's first game triumph over the Giants. Ronnie Kline won his second game for the Pirates.

Warren Spahn gained his 48th victory in 76 decisions with St. Louis. The Milwaukee southpaw permitted five hits, two by Stan Musial, who pulled into eighth place among the all-time hit leaders with 2,988. The Cardinal star, who has hit safely in all 15 games this season, is batting .517.

NOW! WONDERFULLY NEW, THRIFTIER WAY TO BUY GASOLINE!

America's six finest gasoline grades (OCTANE RATINGS) custom-blended to fit any car today

-from this one spectacular new blending pump!

©1958, SUN OIL COMPANY

This you can have! Today's big difference—in gas costs and performance—something 3 out of every 5 car-owners have never been able to get, up to now!

- EXACT OCTANE-STRENGTH YOUR ENGINE NEEDS
- HIGHEST-OCTANE "REGULAR" PRICE GAS ON THE MARKET
- SAVINGS UP TO $1.00 A TANKFUL OVER OTHER "PREMIUMS"
- MOST MILES PER DOLLAR...SMOOTHER, KNOCK-FREE POWER

It's the big difference, all right. You'll feel and hear it from your engine... count it in what you save on gas.

Cars are not unlike men—in what they need to do their stuff. Few men can eat, or thrive on identical food.

Two cars of the same make, model, age and even the same mileage can vary as much as 8-10 octane points in what they need to perform best!

It's hopeless to expect that *all* the cars running today can be *correctly* powered on 2 or 3 "ready made" gasoline grades. That's what Sunoco's brilliant new blending pump corrects . . . by custom-blending on the spot the right fuel, for every car it fills. Ready and waiting, today! Come see for yourself!

BLUE SUNOCO

CUSTOM-BLENDED AT THE PUMP

THIS IS WHAT HAPPENS: Attendant sets dial (see A) for any one of the six "custom blends" desired. This precisely controls proportions drawn from each of the two buried tanks. In one, premium quality straight Blue Sunoco '200', with higher octane than any other gasoline at "regular" price; in the other tank, Sunoco Octane Concentrate . . . far higher octane than any car *needs*. Meters and control valve accurately deliver the exact octane quality called for.

SOME EXAMPLES: CARS AND THEIR CUSTOM-BLEND NUMBERS:

'55 Chevrolet — 6, V-8 200	'57 Plymouth — V-8 DeLuxe 210
'57 Chevrolet V-8 DeLuxe 220	'55 Oldsmobile 210
'55 Ford — 6, V-8 200	'56 Pontiac 210
'58 Ford V-8 DeLuxe Models 240	'58 Edsel — Ranger, Pacer 240
'56 Dodge V-8 Power Pack 210	'58 Cadillac 240
'56 Buick Special 220	'58 Mercury — Power Pack 260
'56 Buick — All Others 230	'58 Rambler 200
'57 Plymouth — 6, V-8 200	'58 Imperial 260

Get complete pocket chart at any Sunoco station . . . showing all cars, new and old, with their Sunoco Custom-Blend grades. It's simple . . . your right Sunoco grade is easy to remember by these numbers: '200'—'210'—etc., (numbers, incidentally, were picked solely for simplicity and convenience).

Special Note: You *may* discover, with the right Custom-Blend, your car needs *less* octane than you've been buying! Start with blend your pocket chart shows; then, next time, try the *next lower* Custom-Blend. Many cars *do* perform smoothly, powerfully, on a lower Sunoco Custom-Blend. Try it!

Kenneth Fundeeburk, 21, of 65 W. Kennett Rd., is in satisfactory condition today at St. Joseph Mercy Hospital.

He told Pontiac police he crossed the intersection of East boulevard and Featherstone road and thought he had time to clear before a car passed through.

The driver of the car, Wilfred Pineau, 51, of 2284 Livernois Rd., Avon Township, said he tried to stop in time but could not.

Bids $465,000 for State Ferry

Lakes Line President Disturbed by Reception of His Offer

CHICAGO (AP) — Roy W. Spanjar, president of Lakes Seaway Line, says he is disturbed over the reception his firm got when it bid $465,000 for the state ferry Vacationland.

★ ★ ★

He said if anything the bid was too high for the 345-foot ferry which cost Michigan nearly five million dollars in 1952.

Bids were opened Thursday in Lansing on the five-ferry, state-owned fleet that used to carry cars and passengers across the Straits of Mackinac.

State Highway Commissioner John C. Mackie, with specifically referring to Spanjar's bid, said most of the six bids were "not even scrap prices" and added he would recommend their rejection.

Spanjar said his newly organized firm planned to cut the Vacationland in two, insert a 120-foot length in the center and put her in service between Muskegon and Milwaukee transporting loaded truck-trailers running between Detroit and St. Paul. He said he felt his proposition was a good one.

A Detroit firm bid $1,733,000 for Vacationland but its bid was not accompanied by a required certified check for five per cent of the bid.

PEAK PERFORMANCE — A towering needle of granite provides a precarious perch for two recruits (circled) of Italy's crack Alpini Corps, which does much of its hiking straight up. The soldiers are taking part in a rigorous 40 - day training course at Cordova in the Dolomite Alps. Italy has five brigades of the mountain troops, two of which are assigned to NATO.

Subsidies for Relief Opposed by Group

WASHINGTON (AP) — The National Assn. of Manufacturers today opposed any new federal subsidies for the relief of depressed areas with extensive unemployment.

Instead of federal loans and grants to communities to finance private enterprise, it urged adoption of "a sound economic and engineering approach" on state and local levels to revive community economics. This system has been used successfully in the past, it said.

NAM's recommendations were contained in testimony prepared for the House Banking Committee by Milton C. Lightner, NAM president and chairman of the board of the Singer Manufacturing Co., Elizabeth, N. J.

★ ★ ★

Opposing numerous bills before the committee for federal assistance to depressed areas, Lightner said he sympathized with the objectives of the proposals but differed over the method of achieving them.

Strike Threatening Air, Missile Industry

LOS ANGELES (AP) — A high-ranking official of the Federal Mediation and Conciliation Service arrives today to take chage of negotiations in a last-ditch move to prevent a strike in Southern California's aircraft and missile industry.

★ ★ ★

At the same time union officials meet with Secretary of Defense McElroy and Labor Secretary Mitchell to discuss how a strike can be avoided Wednesday when old contracts expire.

★ ★ ★

Nearly 50,000 members of the International Assn. of Machinists and the United Auto Workers held mass meetings in Los Angeles and San Diego areas. They overwhelmingly backed their negotiators in rejecting company offers as unsatisfactory.

In Pennsylvania Bid

Stassen Coming Up Fast

HARRISBURG, Pa. (AP)—Harold E. Stassen, who three months ago ventured into Pennsylvania's political arena a seemingly hopeless underdog, is coming up fast in his bid for the Republican nomination for governor.

★ ★ ★

Campaigning as an independent who at first wasn't even taken seriously by many of the party old-timers, Stassen has built up strength surprising even to his adherents.

All the same, there is a question whether his upward climb will have enough zing to outstrip the organization's man, Arthur T. McGonigle, in the short while before the May 20 primary. McGonigle, making his first run for office, is a Reading pretzel manufacturer.

★ ★ ★

At the moment, sentiment samplers expect the voting to be light, a circumstance that nearly always favors the organization.

The Republican organization is beating out a steady drumfire of criticism against Stassen, its main theme being that he is a carpetbagger, an epithet of political resentment on the part of native sons toward the 51-year-old former Minnesota governor who resigned as President Eisenhower's disarmament aide to try his luck in Pennsylvania.

★ ★ ★

And the organization leaders keep talking — without naming names — about Stassen's getting out-of-state money help in his campaign, all aimed at blocking Vice President Nixon's presumed presidential aspirations in 1960.

The man in the governor's chair traditionally has led the Keystone State's big delegation to national conventions.

North Carolina has had 10 capital cities—Edenton, New Bern, Bath, Wilmington, Hillsboro, Halifax, Smithfield, Fayetteville, Tarboro and Raleigh.

'No Reason, Just Did It'

Boy, 15, Imprisons Tot

ST. LOUIS (AP) — The fate of a youth who left little Kathy Hampton tied and naked in a vacant house without food or water for three days rested today with a juvenile court judge.

Robert Martin Reich Jr., 15, told police step by step how he gave the pretty blonde tot a ride on his bicycle to the ramshackle house 30 blocks from her home, then tore her dress off and tied her up.

★ ★ ★

She wriggled free and was found scratched and dirty but otherwise unharmed. She had not been sexually molested.

The polite, slightly built boy told officers he was scared to go back to the house and intended never to tell where Kathy was.

"I had no reason. I just did it," he said.

Reich is only a shade over 5 feet tall and weighs just 90 pounds. Police said he suffered from rheumatic heart disease and missed a lot of school. He attends special classes for mentally retarded children.

The boy has lived most of his life with his widowed grandmother Mrs. Bessie Dillman, who said: "I can't believe he did it, but if he did, he needs psychiatric attention."

Robert's father, an epileptic, is in a mental institution. His mother has remarried.

The boy's teacher said he had never been a behavior problem at school. His grandmother said he was a gentle youth and good to children.

★ ★ ★

Robert went to police the day after Kathy's disappearance with a story that he had given her a bike ride and left her at her home, where he had last seen her talking to a man. He admitted the abduction three hours after the 6-year-old girl was found.

Kathy was back home with her parents and five brothers and sisters a few hours after she was examined at City Hospital.

★ ★ ★

Mrs. Hampton said, "Now I want the people to know there's another mother who needs their prayers . . . and a boy who needs their prayers too."

Dreary Weather Keeps Toll Low

Five Killed as Fewer Motorists Use Michigan Roads During Weekend

By THE ASSOCIATED PRESS

Five persons died in weekend traffic accidents in Michigan as wet, dreary weather held down the usual numbers of springtime motorists.

Two persons were killed in one accident near Brighton Sunday.

★ ★ ★

The Associated Press weekend traffic fatality count begins at 6 p.m. Friday and ends midnight Sunday.

Elias Bliss and his grandson, Roy L. Jackson, both of Pontiac, were killed Sunday in a collision near Brighton.

Raymond Morehouse, 13, Vermontville, was killed Sunday when the bicycle he was riding was struck by a car southwest of Charlotte.

Jack R. Veeker, 19, Mass, was killed Saturday when his auto ran onto a soft shoulder and overturned between Mass and Ontonagon.

Buddy Quick, 26, of Kalamazoo, was killed Sunday when his car left a Kalamazoo street and struck a tree.

Benefit Extensions Bill Due in Senate

WASHINGTON (AP) — Sen Harry F. Byrd (D-Va) called the Senate Finance Committee into session to set a date for hearings on a House-passed bill to extend the benefits for workers whose payments are exhausted before April 1, 1959.

The extended payments would be made from federal funds which the states would have to repay from added taxes or, otherwise, four years hence. But Byrd said the states now have nearly eight billion dollars of reserve funds.

NATO Ready for Big Parley

But Doubts Growing That Summit Meeting Will Ever Materialize

COPENHAGEN, Denmark (AP) — NATO Secretary General Paul-Henri Spaak said today the 15-nation North Atlantic Alliance would present a solidly united front if an East-West summit conference materializes. But conviction grew here that there would be no top-level parley before next year.

★ ★ ★

Spaak opened the three-day foreign ministers' meeting in Copenhagen's Christianborg Palace with a warning against Soviet political, economic and psychological moves designed to weaken Western unity.

Similar cautions were issued by Luxembourg's Joseph Bech, chairman of the NATO Council, and Danish Prime Minister H. C. Hansen, host to the conference.

★ ★ ★

Hansen said NATO would fail in its responsibilities if it did not explore all the possibilities of bringing about a relaxation of present international tension.

Eaton Says Spy Tactics Peril U. S. Freedoms

NEW YORK (AP) — Snooping agencies are putting freedom in the United States in jeopardy, says Cyrus S. Eaton, Cleveland industrialist.

Adolf Hitler, at the height of his power, "never had such spy organizations as we have in this country today," Eaton said last night.

He said the FBI's importance is enormously exaggerated.

"They make no contribution to the upbuilding of this country and its respect abroad," he said. The FBI, he said, is just one of scores of agencies in the United States investigating citizens.

Eaton, sponsor of an annual international scientific meeting in Pugwash, N. S., was interviewed on a TV program.

No One's Celebrating About These Fireworks

DAYTON, Ohio (AP) — An aerial fireworks display which lit up southwest Dayton gave firemen and the United Fireworks Manufacturing Co. no cause to celecelebrate.

The company's president, Walter Bachler, estimated damage to a twp-story display building at about $70,000. Lightning hit the building, used to show fireworks to wholesale sellers and customers and set off the fire.

Cousy's Long Shot Beats Western Club

NEW ORLEANS (AP) — Bob Cousy's long field goal with less than a minute to play Sunday put the National Basketball Assn.'s Eastern All Stars out in front for good and enabed them to carry off a 126-123 victory over the West.

Cousy's basket followed Paul Arizin's field goal that knotted the count, at 122-122, enabling the East to win the 12th game in 20 starts in the series.

Stocks Bounce Near '58 Peak

NEW YORK (AP)—The stock market turned mixed in quiet trading early today after a slightly higher and vigorous opening.

Most key stocks showed fractional gains or losses. The ticker tape was late briefly in the initial rush.

★ ★ ★

Lorillard continued strong, rising more than a point in active turnover. Douglas Aircraft rose around a point in fairly brisk dealings following weekend news that the administration has increased production of the Thor missile.

Market background included reports of a rise in construction outlays in April and of a slight lift in steel demand due to increased building activity. The market was fluctuating near its newest high for 1958 reached Friday.

Nixon spoke to the one-party Chamber of Deputies after House President Eulogio Estigarribia predicted that, soon "Paraguay will live without restriction." President Alfredo Stroassner, a military dictator, and his Colorado party now rule Paraguay.

In one of his bluntest warnings against communism since he began his Latin-American tour, Nixon also declared that the West must take the offensive against the Reds.

★ ★ ★

"We must find ways to attack problems on which the Communists attack us," Nixon said. "It is quite right to say our system is better, but we must prove by actions plus words that it is better than communism."

Nixon received a resounding welcome from the little country as he arrived yesterday for an 18-hour tour and visit with Stroessner. The greeting was marred only by the arrest of several students shouting "Long live liberty," which Stroessner told newsmen was a Communist slogan. The students were later released.

Nixon conferred for an hour last night with the President on a possible six-million-dollar bank loan to complete a highway to Brazil.

Nixon leaves today for Bolivia.

Italian Fiat Cars Arrive Aboard Ocean Ferry

NEW YORK (AP)—A large shipment of Italian-made Fiat automobiles has arrived aboard an ocean-going ferry.

The Fiat Motor Co. said the ferry, the Italmare, is the first ship of its kind to dock here.

Aboard were 866 cars worth about $1,300,000. The Italian firm said 591 of the cars will be unloaded here while 143 are destined for Philadelphia and the remaining 132 will go to Boston.

The Italmare is a converted liberty ship designed to carry automobiles. Two sister ships are in regular service between Italy and the U. S. West Coast.

New York Central Ready to Improve

DETROIT (AP)—The head of the New York Central said today the railroad system will go ahead with a 150 million dollar improvement program if Congress lends a hand to financially distressed railroads.

In a speech prepared for the Economic Club of Detroit, Alfred E. Perlman, NYC president, said "All of this would mean spending for steel and labor, the two greatest problems in our nation's presently depressed areas."

Perlman said recommendations made last week by the Senate subcommittee on surface transportation if enacted into law "will go a long way toward restoring some of the freedom which we need if we are to survive as a competitive industry."

★ ★ ★

Perlman said problems of the railroads were recognized for the first time in the report of the Senate subcommittee headed by Sen. Smathers (D-Fla).

Death Takes Joe Maul Old-Time Phil Hurler

PHILADELPHIA (AP)—Albert Joseph Maul, who pitched for the Philadelphia Phillies and other major league teams from the 1880s to the turn of the century, died in a suburban nursing home Saturday night. He was 92.

His best year was with Baltimore in 1898 when he had a 20-7 record.

Benington Gets St. Louis U. Job

ST. LOUIS (AP)—John Benington, head basketball coach at Drake University, has been hired to coach the St. Louis University basketball team.

Benington, 36, replaces Eddie Hickey, who quit last month to take the coaching job at Marquette University. St. Louis did not disclose Benington's salary.

Giardello, Calhoun Collide in Rematch

By THE ASSOCIATED PRESS

An interesting middleweight match far from the network TV cables finds Joey Giardello of Philadelphia meeting Rory Calhoun of White Plains, N.Y. at the Cow Palace in San Francisco tonight. Giardello won a decision over Calhoun in their previous vious meeting.

Tony Anthony, second-ranked light heavy challenger, appears tonight at St. Nicholas Arena in New York. His opponent, Art Miller of Gastonia, N.C. is an unknown with only 11 pro fights.

Goodyear Tire, Rubber Revises Price Listings

AKRON, Ohio (AP)—Goodyear Tire & Rubber Co. announces it will reduce the price of some tires for domestic cars and increase the price on some tires for foreign cars. The changes are effective today.

Prices will be reduced 3 to 10 per cent on three of the most popular passenger car tires in the rayon and nylon 6.70-15 black tube-type. An increase of about 2½ per cent will be made on four 13 inch size 100 level tires used on imported cars.

The company said the revisions were made after a careful analysis of current manufacturing costs.

In Memoriam 2

IN LOVING MEMORY OF NORman, Douglas and Kenneth Kell who passed away May 5, 1954.
The road of life is dreary
Where once in glee you trod,
Now your path is in the sunshine
Of an ever loving God;
My darlings how I miss you,
Every day the tears I hide,
For the road of life was brighter
When I had you by my side.
Sadly missed by Mom and Dad.

Seeking Hit-Runner of Pontiac Girl, 11

Pontiac police are seeking a hit-run driver who knocked down an 11-year-old girl and fractured her leg Sunday, at 4:15 p.m. on Midway at Going street.

Lupe Gonzales, of 484 Midway, was crossing the intersection when struck her. The car kept on going.

She was admitted to St. Joseph Mercy Hospital where her condition today is satisfactory.

Couple Slightly Hurt in Smashup in Avon

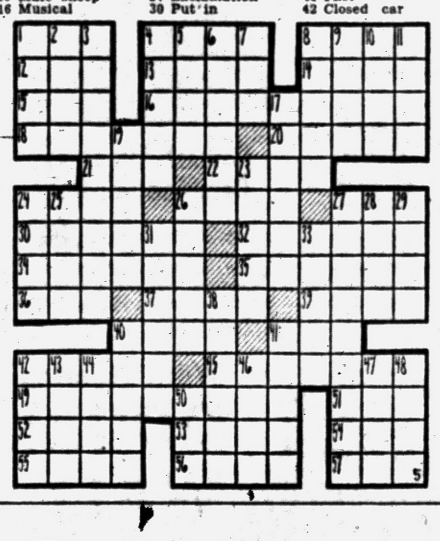

Two persons suffered minor injuries when their car missed a curve and hit a tree Saturday on Squirrel road, two miles north of Auburn, in Avon Township.

Facts Hoarded by Ventriloquist

Television Entertainer Devours Knowledge of Varied Subjects

By DICK KLEINER

NEW YORK (NEA)—Sitting in Paul Winchell's salmon-colored Cadillac is an interesting experience and something of an insight into this fabulously talented man.

On the floor of the front seat there's a tape recorder. Winchell is of the never-waste-a-minute school so, driving along, he switches the machine on and listens to lessons he pre-recorded for himself.

There may be Italian lessons or lectures on comparative religion — both subjects he's currently studying—or a script he's memorizing.

Winchell, a pleasant, good-looking man, is typical of many non-college men. He's making up for his lack of higher formal education by tackling learning the way a hungry lion tackles a fat zebra —his appetite for stray facts is voracious.

★ ★ ★

Besides Italian and comparative religion, he's a student of astronomy, sculpture, woodworking, painting and, just recently, he's added hypnosis to his string. This came from his being hypnotized by a therapeutic hypnotist, Nat Fleisher, as a means of curing himself of smoking.

COULDN'T QUIT

He'd been medically advised to quit. But he couldn't. His doctor took him to Fleisher. And, even though Winchell was suspicious at first, it worked. He hasn't smoked since.

★ ★ ★

And he's become fascinated with the subject of hypnosis—not stunt hypnosis, but scientific hypnosis.

You can talk to Paul Winchell about almost anything. He's a good listener, a better talker. And his range of interests is so wide he'll have facts about virtually any topic you mention.

His professional life—he's been on TV steadily for 11 years with his famous dummy, Jerry Mahoney—runs second in Paul's mind to his private, scholastic life. He's a man who knows what living is for.

LOVES TO LEARN — Ventriloquist Paul Winchell, shown here with his famous dummy, Jerry Mahoney, is so eager for knowledge that he studies constantly, even when driving. Winchell and his wooden partner have been appearing on television for 11 years.

Trailer Parks Up for Action

City Commission to Be Asked for Rezoning to Control Establishment

The City Planning Commission will be asked Wednesday to endorse action that would rigidly control establishment of new trailer parks within the city limits.

★ ★ ★

Under the plan, it would become illegal to locate new trailer parks here without permission of the City Commission or by a referendum vote.

The controls would be exercized through the city's zoning ordinance. Up for consideration is an amendment to the zoning code that would create a new classification for trailer parks.

The classification would be titled Residential 4. If adopted, trailer parks could be located only in districts with this classification.

★ ★ ★

It will be recommended at the planning board's Wednesday meeting that the ciyt's two existing trailer parks be rezoned to the new classification.

The city's administration has proposed that these be the only areas rezoned at this time. If in the future, therefore, a new trailer camp wishes to settle somewhere in the city, the proposed location would first be rezoned through an amendment to the zoning ordinance.

In Pontiac, ordinances can be amended only by City Commission or by popular vote. This would mean that power over new trailer camps would lie almost entirely in the hands of the City Commission.

City Commissioners already have endorsed this plan. It is expected they will take final action on it before the end of the month. Commissioners can go ahead with the plan whether the planning board approves or not. But it is expected that board members will approve.

★ ★ ★

Under the existing setup, trailer parks can be located in any unlimited manufacturing or commercial area. The two existing parks are on Telegraph road north of Beaudette Park and on E. Walton boulevard, between Cambridge street and Pontiac, Oxford and Northern Railroad.

The whale, though a descendant of land animals that were hairy and four-legged, has a naked skin except for a few scattered hairs on the head. The only trace of hind limbs are a few tiny bones hidden at the base of its powerful tail.

Tennessee Ernie's Kin Are Just Plain Folks

By EARL WILSON

NEW YORK—Tennessee Ernie Ford was squattin' in about the purtiest suite at his hotel telling about his hillbilly kinfolk.

WILSON

He insisted that the stories were true—including one about a woman relative who went to Hollywood when he was on "This Is Your Life." Sittin' in a Hollywood hotel a-sniffin' her snuff, she had her door open. So anybody passing could say "Howdy."

"Young lady!" she suddenly called to a passerby. "Would you bring me a spittoon?"

Another kinswoman didn't like it when her husband got progressive and put up screens. She ripped them down.

"Y'ain't ketchin' me breathin' that strained air!" she said.

Ernie just came in from Washington where he visited Sen. Kefauver. "Man, he sure does come on like a wagon-load of turkeys!" Ernie said.

Senator Kennedy was speaking on the Senate floor. Nobody was listening. One Senator counted paper clips, another tore ads out of the paper. Kefauver walked in and brought about 20 Senators out to meet Ernie. Sen. Kennedy went on speaking.

★ ★ ★

Anyway, we asked Ernie—one of NBC's hardest-working stars—how he likes doing TV.

"Well," he said, "it's reg'lar."

Windsor Tot Burned

WINDSOR (AP) — Laura LaFreniere, 2, was treated for third-degree burns after her brother Roy, 12, pulled her from a blazing shed at the rear of her home here yesterday. Playmates said the fire began when a supply of gasoline was set ablaze.

Girl, 16, Jailed as Accomplice

Gunman Boy Friend Dies in Bullet Battle With Oregon Police

GOLD BEACH, Ore. (AP)—A pretty 16-year-old girl—sad but also relieved that police had shot down her gunman boy friend—was in jail here today accused of helping him.

Dorothy Louise Decker, of Reno, Nev., was captured by police at the nearby southern Oregon town of Carpenterville Saturday night, after poice had killed her cousin-companion Henry Thomas Hill, 36, in a gun battle.

The shooting at Carpenterville ended a 24-hour crime spree in which a police officer was kidnaped and robbed and four other men were kidnaped, apparently to be held as hostages in a desperate attempt to break through roadblocks.

The girl said she ran away with Hill last month and he had planned a series of robberies. She told reporters that only one was pulled off—a $40 holdup of a service station near Sacramento.

★ ★ ★

From there they made their way up to Brookings, Ore., and on Friday night, she said, Hill planned to steal a car.

But their intended victim became suspicious and called Brookings Patrolman Pat Sims. Sims picked up the pair and was taking them in his car to the Brookings jail when Hill threatened him with a gun and forced him to drive them out of town.

★ ★ ★

Sims said the girl held a gun at the back of his head and threatened to kill him.

Two miles north of town, Hill ordered Sims to stop. Hill took Sims' gun, his money and a little food that was in the car and then he and the girl made off into the brush.

They hid out in a little cabin they found in the woods and there captured at gunpoint four young men who had come to the cabin for a weekend outing, police said.

Hill forced one of the four to drive the car in an attempt to get through the roadblocks.

★ ★ ★

When police stopped the car at Carpenterville, Hill came out shooting. Police returned the fire, wounding him fatally.

When brought to the jail here, Dorothy said that Hill had threatened to kill her if she tried to leave him. "But I wasn't really afraid of him. I cared quite a lot for him."

Then she added, "I wish I had never left home."

She was being held without formal charge. Authorities were to decide today whether the case would be handled in the adult or juvenile court.

City Policeman Finds Body on His Day Off

When Pontiac Police Sgt. Hugh Stimson went north for the weekend, he had only one thought in mind, to get away from police work and relax.

Instead, Sgt. Stimson wound up dragging a lake to assist in the search for a missing Flint man.

On Saturday, Stimson found the body of Wilbur M. Richardson in Round Lake, near East Tawas.

★ ★ ★

Richardson drowned when he tried to run a 10-foot boat with a 15 horsepower motor.

Truman Glances at License Plate to Recall Dates

INDEPENDENCE, Mo. (AP)—The license number on former President Harry S. Truman's car helps him remember his birthday and the date of Germany's surrender in World War II.

★ ★ ★

About 100 persons at a Missouri Writers Guild meeting yesterday sang "Happy Birthday" and gave him a cake at the Truman Library.

The ex-President, who will be 74, smilingly reminded them that it was a little premature.

★ ★ ★

"My birthday will be four days from now, on the eighth," he said. "That is also the official surrender date of Germany. Actually the surrender was the night before.

"If you ever see the license number on my car—5745—you will know that it is the surrender date."

2 Bowling Alleys Hit by Burglars in City

Bowling alleys were the major target of burglars over the weekend, Pontiac police report.

★ ★ ★

On Saturday, they learned that West Side Recreation, 199 Orchard Lake Ave., had been entered and change stolen from three coin machines.

On Sunday, Pontiac Recreation Center, 18 N. Perry St., was reported burglarized, but apparently nothing was stolen.

★ ★ ★

Another burglary over the weekend was at the Pure Oil Station, 660 W. Huron St. What is missing has not yet been determined.

Lleras Elected by Colombians

Terrorist Attacks Kill 33 Persons on Way to Polls; Order Restored

BOGOTA, Colombia (AP) — Long split into bitter factions, most of Colombia's voters united to elect Alberto Lleras Camargo president yesterday. Terrorist attacks pointed up his most pressing problem.

Thirty-three persons, mostly peasants on their way to the polls, were killed by roving terrorist bands. They killed 25 in an attack on two truckloads of voters near Tolima, in central Colombia, and shot down others at Huila and Caucha, in the west.

★ ★ ★

Troops and police kept order in the rest of the nation. Most city dwellers heeded government appeals to forget about staging victory celebrations that might flare into riots.

Tolima has long been the scene of bandit raids resulting from the bitter civil war that split the Liberals and the Conservatives for years.

★ ★ ★

The two parties finally united in 1957 to throw out dictator Gustavo Rojas Pinilla and then agree on Lleras as a unity candidate under a political truce. The 52-year-old Liberal party leader had served as president in 1945-46. He is to be followed in the presidency by a Conservative in 1962.

★ ★ ★

Jorge Leyva, a Bogota lawyer, challenged the truce and ran against Lleras with the backing of extreme Conservatives. But he admitted his candidacy was only a token stand against former President Laureano Gomez, the Conservative leader who threw most of his party behind Lleras.

★ ★ ★

The first substantial returns showed Lleras leading by margins running from 30-1 to 50-1. In Bogota a 50 per cent count gave Lleras 280,000 votes to 18,000 for Leyva.

OK Until He Leaves Car

COVENTRY, R.I. (AP)—Lawrence H. Lopez Jr., 26, West Warwick, escaped injury when his car collided with another car and then struck a tree. But he was injured when he stepped from his damaged car and fell down a four-foot embankment. He suffered cuts and bruises.

Saint Rose of Lima, canonized in 1667, was the first American saint.

Indonesia's Civil War Shifts

Rebel Capital on Sumatra Seized

JAKARTA (AP)—The focus of the Indonesian civil war shifted to the eastern part of the island nation today with the fall of Bukittinggi, the abandoned rebel capital on the western island of Sumatra.

★ ★ ★

"For the moment we have almost completed our operation in Central Sumatra," said Lt. Col. Rudi Pirngadie, intelligence chief of President Sukarno's army at this capital city on Java.

★ ★ ★

Pirngadie did not know whether rebel leaders had been captured when Bukittinggi fell yesterday, but it seemed unlikely.

The rebels pulled out of their capital almost two weeks ago and moved deeper into the mountains.

They set up headquarters at Batusangkar, and there have been reports in the past few days that some rebel leaders had fled Sumatra to the Celebes, 1,800 miles to the east.

Sukarno's forced moved quickly to reestablish civil control over Sumatra, the focal point of the rebellion since it sprang into the open 2½ months ago.

British Defense Shakeup Nears

Expect Appointment of Mountbatten as Chief Over Unified Forces

LONDON (AP) — Britain's defense setup is due for sharp revision, with the expected appointment of Adm. Earl Mountbatten playing a major part.

An official source says Mountbatten will be the first supreme commander of the air, land and sea defenses. The appointment may not come for several weeks.

Mountbatten, uncle of the Duke of Edinburgh, Prince Philip, is nearing the end of his term as first sea lord.

★ ★ ★

The defense of the British Isles now rests with a series of separate commands headed by senior air, land and sea officers.

Defense Minister Duncan Sandys is said to have earmarked Mountbatten for the new job.

★ ★ ★

Appointment as top man in the projected setup would come as a climax to a fabulous career. Mountbatten's exploits in war and peace have made him one of Britain's most colorful personalities.

He is a grandson of Queen Victoria. He has a flair for getting along with subordinates as well as superiors.

★ ★ ★

Lately he has presided over the liquidation of Britain's pre-atomic age grand fleets and over the process of streamlining the Royal Navy to the needs of the future.

On the Italian State Railways today, you can purchase a ticket ($48 for third class and $72 for first class) that is good for unlimited mileage for 20 days.

He's Always Ready

CAIRO (INS)—When police raided the home of Mohamed Soliman and found six pounds of hashish and two pounds of opium, Soliman explained he was only keeping the supply on hand "to use in case of an atomic bomb attack."

Some of the most ancient flags were feathers attached to poles.

Just Words—No Value

MEMPHIS, Tenn. (AP) — Ben Parker, movie critic for the Commercial Appeal, received a fat envelope full of "news releases." Stamped on the outside of the envelope were these words: "Printed matter. No value."

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and gripe the entire system. Of all laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAID moisturizes dry, hardened waste for easy passage without pain or strain. (2) COLONAID'S unequalled rebulking action helps retone flabby colon muscles. (3) And COLONAID acts gently, on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for women in critical stages of pregnancy. And COLONAID won't interfere with absorption of vitamins or other food nutrients. Get COLONAID, today!

New responsibilities ahead . . . and ways to meet them

Thoughts of a new father

He is remembering the very first time he saw his wife and baby together—there in the strange hospital room. A flood of love and pride had suddenly welled up in him. And they had seemed so totally dependent on him that it might have been frightening.

But it wasn't frightening—then or now. On his side are youth, strength, ambition. And now a family to encourage him on.

And he has the sure, dependable backing of his life insurance—with its answer to the question, "What would happen to them, if something happened to me?"

Note that it's called *life* insurance. That's a reminder of its second job: insuring a more confident life for the man who owns it.

INSTITUTE OF LIFE INSURANCE, 488 Madison Ave., New York 22, N. Y.

When someone's counting on you . . . YOU can count on life insurance.
