

Gather for Cooking School

THEY CAME EARLY — Pontiac Press readers heeded the advice given in the paper and came early to the cooking school. Those people up in the front row of the balcony came before lunch. Cliff Wiegand (center foreground), local organizer, entertained the crowd with a half-hour recital. Members of the audience were busy filling out numerous coupons for the daily prize.

4-Day Press Food Classic Under Way

By JANEY DOBBS,
Pontiac Press Home Editor

Nine Pontiac area households had special food in their homes Tuesday evening.

Nine women attending the Pontiac Press Cooking School were lucky winners of the tempting dishes prepared on the stage of Pontiac Central High School.

Carolann Hamnersten and June Uebele, an efficient pair of home economists from the National Live Stock and Meat Board, showed preparation details and finished dishes.

Six were meat recipes, the other three included an onion pie, a banana snack and a pineapple torte.

The members of the audience came early, settled down and paid the lecturers the greatest compliment any audience can

PARADE OF FOODS — At the end of each session of the Pontiac Press Cooking School a Parade of Foods shows off each dish in a dramatic setting. June Uebele, one of the home economists conducting the school, puts the finishing touches on a glamorous pineapple torte.

Unanimous Call Goes Out for Charter Revision

Changes Would Affect Trial Board and Public Safety Director

By HARVEY ZUCKERBERG

The City Commission last night unanimously resolved to "put the police department controversy to a vote before the people."

Fellow commissioners concurred with J. A. Dugan's resolution instructing the city attorney to prepare a "rough draft" of an amendment to the city charter.

Based on recommendations from the Pontiac Area Chamber of Commerce and the Pontiac Police Officers Assn., the amendment will deal with Police Trial Board provisions and the office of director of public safety.

Both organizations seek to have control of the Trial Board over the chief of police transferred to the city manager.

If the amendment adheres to that aim, the way would be paved for City Manager Walter K. Wilman to fire Herbert W. Straley as chief of police in less than three months, if he chooses to do so.

Public Safety Director George D. Eastman may also lose his job in that time with abolishment of his position as provided in the City Charter.

The PPDA last night also asked the commission to either get Straley's resignation or fire him.

When drawn up, the amendment will be submitted to the Commission for its consideration and, if approved, be placed on the April ballot.

THE ONLY WAY

"We've got to get this back to the people and get this straightened out," said Dugan. "It is the only way it can be solved."

The Commission's action is a defense of the city.

Dugan met some opposition from Commissioner Milton R. Henry, who said "in deference" to City Attorney W. A. Ewart, that one

Blaze Started With Explosion

EXAMINE RUINS — Two Oxford firemen survey the damage caused this morning when fire gutted the interior of the Pontiac Hide Co. plant, 885 Lakeville Rd., Oxford. Also on hand to fight the \$100,000 blaze were firefighters from Addison and Orion Townships. An electrical spark which ignited naphtha solvent in a storage tank, is believed to have caused the fire.

De Gaulle May Try Dictatorship

Threat of Further Split With Algeria Growing by the Hour

PARIS (AP)—The threat of a further break between inflamed Algeria and President Charles de Gaulle's Paris government grew hourly today.

As the deadlock went into its fourth day, rumors spread that the President might evict constitutional provisions that would give him dictatorial powers if he feels France's integrity is menaced.

Reports also persisted that Premier Michel Debre would resign as a result of the crisis in which 28 persons died and about 150 were injured in a battle last Sunday pitting Frenchmen against Frenchmen. Debre's aides denied the report.

There was no sign of a solution to the situation which posed the gravest threat to De Gaulle since the Algerian uprising of May 1958, doomed the Fourth French Republic and vaulted him to power.

The hardheaded insurgents—fearful that De Gaulle's moderate self-determination policy would lead to eventual independence for Algeria—demand that the largely Moslem land remain French.

The harridanous insurgents—fearful that De Gaulle's moderate self-determination policy would lead to eventual independence for Algeria—demand that the largely Moslem land remain French.

\$100,000 Fire Strikes Hide Plant in Oxford

A \$100,000 fire this morning gutted the interior of the main section of the Pontiac Hide Co. plant, at 885 Lakeville Rd., Oxford.

The blaze was believed to have been caused by a short in the electrical wiring which ignited solvent fumes.

A night crewman was injured slightly.

Max Evans was just preparing to leave the cooking room when the explosion occurred. He was taken to a local doctor for treatment of facial burns.

The cooking room is where the slaughterhouse materials are rendered for manufacture of tallow and meat meal for poultry and dog food.

The blaze broke out about 7:45 a.m. and spread to the adjacent storage room and downstairs where the cookers are kept.

The other employees were in the building when the explosion occurred. Unhurt, they summoned the Addison, Oxford and Orion volunteer fire departments.

The firefighters brought the blaze under control in about an hour.

The cooking room of the huge cement block and concrete building was gutted and the machinery was left a mass of twisted ruins.

The carcasses and meat scraps stored in barrels in the next room were covered with ashes and soot.

The basement room was destroyed. Owners of the firm are three partners, Morris Blumenfeld, Morris and Samuel Kamper, all of Pontiac.

They said the plant was put out of commission by the blaze but they would continue to operate through other companies.

Most of their 15 employees will be kept on the payroll while they help clean up the mess, the owners said.

The banquet is scheduled for 7:30 p.m. at the Elks Temple.

The Jaycees plan to distribute several honors.

The Distinguished Service Award will go to the outstanding young man of the year, and plaques will go to the boys of the year and to a Jaycee named as the key man of the organization during 1959.

The banquet is scheduled for 7:30 p.m. at the Elks Temple.

GOP Seeks Foe for Bagwell, Nixes Romney

Lodge Misses Meetings Goal: Candidate Who Seeks No Income Tax

From Our News Wire

LANSING—Nineteen Republican senators hopeful of agreeing on an Aug. 2 gubernatorial primary opponent to Paul D. Bagwell met over steak last night and canvassed the possibilities.

Among the three missing was Sen. L. Harvey Lodge of Oakland County. He said he arrived in Lansing too late after taking his wife home from a Pontiac hospital yesterday.

"What were the net results?" a reporter asked an hour after the session broke up at the Lansing Country Club.

"Nothing," answered Sen. Perry W. Greene of Grand Rapids, nominal host at the gathering.

The check-for about \$200—was picked up by Russell Boyle, publisher of the Michigan Tradesman.

Greene said the name that sparked the most interest was that of Tyrone Gillespie, assistant to the president of the Dow Chemical Co. Gillespie was mentioned in early 1959 as a possibility for Republican state chairman.

Sen. Lynn D. Francis (R-Midland), GOP floor leader, sounded out Gillespie over the weekend. "I can't afford it. It was nice of you to think of me," Francis said, was Gillespie's reply.

Gillespie was hailed by Greene as answering the prescription the GOP Senate majority was trying to fill.

"We are looking for an outstanding man, somewhat conservative, committed to a state income tax," Greene explained.

"He had no strikes against him. He signed a minority report after the (Owens) Citizens Advisory Study Committee on taxes in 1958," he recalled.

Newsman wanted to know why Republican senators objected to Bagwell, Michigan State University. (Continued on Page 2, Col. 1)

Romney Puts His Foot Into McNamara's Door

DETROIT (AP)—Industrialist George C. Romney, in an apparent political about-face, has indicated he could be persuaded to run for U.S. senator from Michigan this year.

Romney, 52, American Motors Corp. president, told an interviewer yesterday he would not seek office, nor would he accept a draft as candidate for the Michigan governor's chair long occupied by Democrat G. Mennen Williams.

However, he left the door ajar regarding a possible movement to draft him for the Republican senator's nomination in face of Sen. Patrick V. McNamara (D-Mich) in November.

"I haven't said that absolutely under no circumstances would I give the matter consideration," Romney declared. But he would say no more, not even as to his party leaning.

The statement drew mixed comment from Michigan political leaders.

Romney also said:

"I decided several years ago that issues exist in this country too great to be ignored just because it might hurt me in a corporate job to speak out."

Romney has been touring the state for several months to build up membership in his "Citizens for Michigan," a nonpartisan group dedicated to help solve Michigan's governmental and economic ills. He has maintained strict political neutrality.

At a group organizational meeting in Detroit Monday night, Romney said, "I am not a candidate for any political office."

The auto executive stated he was "profoundly concerned that publicity about the question of my possible availability as a senatorial candidate may impair the effectiveness of the program of Citizens for Michigan."

"My dedication to this purpose takes priority over availability as a candidate for any political office," he said.

Romney made no flat statement regarding his party allegiance during the interview. But reminded he had spoken in the past as a Republican fund-raiser, the industrialist smilingly acknowledged he has been "saying pretty much the same thing since."

Police Head Clears Taylor in UAW Case

State Police Sgt. Howard L. Selzer says there was "no special handling or collusion" in the state court case against UAW leader who later was jailed in Detroit.

Selzer yesterday wound up a probe ordered by State Police Commissioner Joseph A. Childs after Detroit attorney Nicholas J. Rothe alleged there were "peculiar circumstances" in the Jan. 7 arrest of William P. Vinson, 32, of Warren.

Rothe, Vinson's attorney, charged the investigator was biased in re-selecting Oakland Prosecutor George F. Taylor, a Republican.

"Our officers acted properly," Selzer said.

The extradition law does not require a suspect to be taken to the seat of the county in which he was arrested.

Taylor has emphatically denied that politics was involved. He said yesterday after hearing of Selzer's findings:

"Sure it clears me. It shows I have no complicity in this thing."

The superintendent, in copies of the report sent to Childs, Gov. William and Rothe, said that it was "apparent" to take Vinson to Pontiac to make application for a fugitive warrant.

GOP Senators Seek Rival for Bagwell

(Continued From Page One)

by faculty member who ran a creditable race against Gov. Williams in 1958 and in an effort to regain this year for the GOP gubernatorial nomination.

BROWN ON YES MAN

"We decided Bagwell shouldn't be in there all alone saying yes to everything the Governor said," was Green's explanation.

"We don't dislike Bagwell, we dislike his ideas about an income tax and a payroll tax," Green said. "We prefer to have somebody else but if he's the candidate we will support him one hundred per cent."

Green recently would have been on the side of those who are fighting back with Bagwell's position on the income tax.

"There are things about him I don't like," Lodge told The Pontiac Press today. "I don't like his attitude toward the income tax and his ideas about spending."

"What the Republican party needs is not the nifty-pammy attitude, but one towards a strong, honest economy in government," said Lodge who was chairman of a Senate committee on governmental waste.

NO CANDIDATE

Asked who could best give this to the party, Lodge replied he had no particular candidate in mind.

"At the moment," he said, "I want to see what principles the different ones stand for. I haven't made any declaration for anyone."

Green was asked whether the name of George W. Romney, American Motors Corp. president and sponsoring of the Citizens for Michigan movement came up.

"Does anyone want to know whether we would support Romney? The answer is no," Green replied.

"Why?" he was asked.

"All he's trying to do is to sell American Motors," was the reply.

Where would you stand on Romney, Lodge was asked.

"Romney?" he questioned.

"He's a nice fellow but too cozy. He hasn't stated what he stands for."

Green said the consensus of the meeting was to huddle again in two or three weeks if someone's name was brought forth as worthy of serious consideration.

"Besides Lodge, Harold L. Nichols of Jackson and Paul Younger of Lansing missed the meeting."

Freezing Rain Across Midwest

By The Associated Press

Freezing rain lashed streets and highways across wide areas in the Midwest today as a wide belt of precipitation covered the eastern half of the country.

Extreme driving conditions developed in the belt of freezing rain and rain from eastern Nebraska into extreme northwest Ohio.

The Weather

Paul H. W. Weather Bureau Report

DETROIT — High Thursday 34, low 24. High Friday 36, low 26.

WIND — Thursday 10 to 15 mph, Friday 10 to 15 mph.

Pontiac's Vista Hardtop Receives Wide Acceptance

Pontiac's new four-door Vista hardtop model with slim-line roof styling gained widespread public acceptance and led all Pontiac body style preferences in its first year of production, according to division production totals for the 1959 model year.

The Vista headed the Pontiac popularity list with a production total of 114,397 cars. This was Pontiac's top output of four-door hardtops since their introduction in 1954 and represented a 141 per cent increase over the 1954 model year when 47,287 were built.

Pontiac's leading body style in 1959, the four-door sedan, was second to the Vista in 1959 with a total of 108,209. The Division produced 81,535 four-door sedans in 1959.

Pontiac in 1960, with the addition of its new Ventura hardtop model, will offer the Vista in all four styles.

Area Ford VP Dies of Seizure

Heart Attack Claims Earle S. MacPherson of Bloomfield Hills

A retired Ford Motor Co. vice president who lived in Bloomfield Hills died last night in Old Grace Hospital, Detroit, following a heart attack.

Earle S. MacPherson, 68, had suffered the attack Monday night at his home, 30 Merrimac Ct.

Mr. MacPherson had served as a consultant with the company since his retirement in 1952. He had been a vice president with the company since 1942.

Until 1947, when he became chief engineer at Ford's, he was chief engineer of Chevrolet's light car division.

A graduate of the University of Illinois, he had been with Chrysler Corp. and Humble Oil & Refining Co. before joining General Motors in 1934.

In World War I, MacPherson served overseas as a captain. He was a member of the Society of Automotive Engineers, the Engineering Society of Detroit, Phi Delta Theta, Tau Kappa Psi, Delta Kappa Epsilon, and the Detroit Athletic Club. He was a member of the Detroit Golf and Country Club and the Detroit Country Club.

Surviving are his wife, Florence Lucille, a daughter, Sandra, at home, and a sister at Highland Park, Ill.

Service will be held at Christ Church Cranbrook Friday at 2 p.m. The body will be at the Bell Chapel of the William R. Hamilton Funeral Home until noon Friday. Entombment will be at Woodlawn Cemetery, Detroit.

Commissioner Denies Secret Session Held

Suspicion and attack from two commissioners last night pierced the decorum of the City Commission meeting before a near capacity audience.

The first instance occurred when Philip R. Henry asked Mayor Milton E. Rowland, "Was a Commission meeting held during the week without myself or Commissioner (Robert A.) Landry being notified?"

The question drew admonishment from William W. Donahue, who said he had visited "socially" with another commissioner during the week. Both wives were present, he added.

Rowland told Henry, "There has been no meeting since last Tuesday."

"A group of commissioners did not gather during the week for a meeting," Henry asked again.

"No, I met with another commissioner," Donahue said.

"Yes," said the mayor.

Commissioner Robert A. Landry charged that Public Safety Director George D. Eastman was "out of a telephone threat he had received before he brings to the FBI," the commissioner said.

Landry said he had received the threatening call and mentioned it to his neighbor, Police Lt. William F. Neidert. Landry said he was not worried as he was told city officials get crack calls all the time.

"I made no formal complaint or request for protection from the police department," said Landry. "An officer was stationed outside my home, however, and because of it Eastman fired a member of the vice squad and called down Police Chief Herbert Straley and Neidert."

Sitting in the audience, Police Capt. Donny Ashley stood up and said the mayor:

"Mr. Landry's statements are completely false. I attended that meeting and no one was fired. Chief Straley told Mr. Eastman he provided the personal service (protection to Landry) for two days himself. It involved a special officer, not an officer from the police department. No one was called down."

Landry replied, "Well, I did not request police protection. If I wanted protection, I certainly would not call Mr. Eastman."

Feb. 8 Is Payola Date

WASHINGTON (UPI)—House investigators announced Tuesday they will open public hearings Feb. 8 on radio-TV "payola."

A reliable source said TV disc jockey Dick Carr, idol of the nation's teen-agers, was among those subpoenaed.

Bobbing Around in Lake Erie Ice

TESTING SURVIVAL CAPSULE — Coast Guard frogmen push a survival capsule away from the stern of the boat "Maple" Tuesday as Alvin J. Bruce Jr. Barwise begins a 72-hour cold-water test of human endurance in the tiny waterproof capsule in Lake Erie. The survival shell is intended for use with the B5H Hyster.

In the enlarged inset of the capsule, Alvin J. Bruce Jr. Barwise looks through the view port. He is dressed in standard flying coveralls under a thermal suit.

Airman Takes Cold-Water Test

BUFFALO, N.Y. (AP)—An Airman, fighting physical and mental fatigue, sat cramped in a metal pod, bobbing in Lake Erie's icy waters today.

The assignment for Alvin J. Bruce Jr. Barwise, 34, of Bevely, Minn., is part of the Air Force's 72-hour endurance test of man and a new ejection capsule designed for supersonic F-108H.

Barwise was strapped in the yellow pod and floated in the water near the Buffalo harbor at 2:15 p.m. Tuesday.

One of his first chores was to man a bilge pump to run off sewage which enters the capsule at the rate of about an inch and a half an hour.

Barwise's only contact with the outside is by radio to the U.S. Coast Guard tender Maple in which the capsule is tethered.

WEATHER COLD

The weather in the lake was enough to chill the heartiest of ice fishermen. Temperatures ranged from 15 to 20 above zero Tuesday night and the water temperature was 32 degrees. Winds up to 35 miles an hour baked the hull of the unnamed pod.

Barwise is dressed in standard flying coveralls under a thermal suit.

2 Queens Will Be Chosen at Ice Carnival in City

Two queens will be selected at the North Side Community Club's annual ice carnival this weekend.

As usual, a Winter Sports Queen, 18 years of age or older, will be picked by the club to represent Pontiac in the state wide winter sports contest in Grayling.

But this year, there's a new twist open to girls age 16 or over — Pontiac Ice Queen.

Although the Winter Sports Queen must be a sports enthusiast, she doesn't have to be an expert. But the Ice Queen will be judged on ability to skate, her grace and costume.

Contestants for both titles must be single and residents of Oakland County.

There'll be skating contests for boys and girls, preliminaries Saturday afternoon and finals on Sunday.

Separate races are scheduled for boys and girls in the age brackets 7-9, 10-11 and 12-14. There'll be a five-lap race for 15-year-old girls and 10-lap race for boys 16-18.

In addition, there'll be backward races for boys 10-14 and a two-lap sled race.

Highlights of the racing events will be the 20-lap Silver Skis Derby for boys 15 and over.

A championship hockey game tentatively scheduled for 2-30 p.m. Saturday and figure skating preliminaries are set for 7 p.m. Sunday.

Racing finals are scheduled to begin at 1:30 p.m. Sunday. Figure skating finals are set to begin at 2 p.m. and the queens will be selected and crowned at 4:30 p.m.

Trophies and prizes in all contests will be provided by the club, which operates the rink seven nights a week on a non-profit basis.

North Side Park is at Montclair and Edison streets.

Virus Infection Cause of Death

But Authorities Called In to Check Home of Independence Boy

Oakland County Juvenile Court authorities were called in by Sheriff's detectives today to investigate conditions surrounding the death of a five-year-old Independence Township boy Tuesday.

A postmortem at Pontiac General Hospital yesterday afternoon disclosed that Michael J. Sillwell, 4675 Independence Dr., died from a severe virus infection which affected his brain.

Detectives said the head injury reportedly suffered by the boy when he fell while playing Monday "had no connection with his death."

Their investigation revealed that the boy had been ill for at least 24 hours prior to his death but had received no medical attention.

The boy's father, Robert Sillwell, 30, a member of the National Guard stationed at the Nike Base in Auburn Heights. The mother, Anna M. Sillwell, 36, told detectives her son "acted like he was drunk" after striking his head Monday.

He didn't cry but said his legs felt like they were asleep," she told officers. She said she didn't call a doctor but kept Michael home from school.

The boy collapsed Tuesday afternoon and was found dead on arrival at the hospital.

People to Decide on Police Squabble

(Continued From Page One)

men can't do the job of drafting the amendment, etc. which was Henry proposed a charter commission be given the task.

"That would take months," Ewart said, "We don't have time."

Henry said also, "In District 1, we will vote in favor of getting rid of the Trial Board."

POINT PACKAGE

The PPOA request for Straley's ouster was embodied in a three-point package recommendation (acked) on a "solidarity letter" before Eastman.

The association claims to represent 90 per cent of the city's law enforcement department.

A progress report, in effect, the letter cited 30 "improvements" in the police department since Eastman took office as public safety director 15 months ago.

The letter was read aloud before the near capacity audience in the Council Chambers. It was signed by Robert Emery, PPOA president.

The mayor's reply was, "We have no authority to act on your recommendation at the present time."

Emery's letter stated that the policies and procedures implemented by Eastman have been "part of an intricate plan to overcome the chaos, inefficiency, low morale, low productivity, etc. which was present within the department at the time of Mr. Eastman's appointment." The PPOA president said.

"The majority of shortcomings which were so evident in our service to the public during Chief Straley's regime had been or were being overcome."

"But with the reversal of the decision of the Civil Service Commission by Judge Davis, it was immediately obvious that 15 months work would be wasted."

"It is our firm belief that conditions will get steadily worse if Robert Straley is allowed to remain as chief of police."

The organization recommended: 1. Herbert Straley resign or be immediately separated from the office of chief of police.

2. Chief Eastman assist in the selection of a new chief of police and remain until the new chief is prepared to assume his responsibilities.

3. After the previous recommendations are accomplished, the office of director of public safety be abolished and the new chief of police assume duties as the executive head of the police department.

State Plan Would Include Pontiac Company

Launch Drive to Ease Bus Tax Burden

Lansing, Pontiac, Muskegon, Port Huron and Benton Harbor-St. Joseph.

TROUBLE FORESEEN

The companies rejected the governor's suggestion they take off on a new tack, backing a 6 per cent tax on net income and doing away with the corporation franchise and business activities tax on bus lines.

Any corporation income tax, their spokesman said, is certain to run into trouble with the Republicans — controlled Legislature, which blocked a business and personal income tax proposal last year.

The firm's estimated the income tax proposal would save ailing bus companies a total of less than \$10,000.

The Day in Birmingham Okay Purchase of Land for Fourth Fire Station

BIRMINGHAM — Birmingham Township's Board of Trustees has approved the purchase of two lots at Franklin and Kennedy roads at the site for a fourth township fire station.

The cost of the lots in Colonial Hills Subdivision No. 2 is \$8,000, according to Treasurer Homer Cam.

A third fire station will be built at Maple and Woodbury roads in the spring, Cam said. The fourth station is scheduled for two years from now.

The Township Planning Board has recommended that William Lomas and Assoc., consulting engineers, be hired on a two-year basis for \$12,500 to make a study and draw a master plan for the township.

The recommendation was tabled for further study by the township trustees.

James Scott has been hired by the township as superintendent of the Water and Sewer Department. He was formerly with the Oakland County Sanitation Department.

For the past four years Treasurer Cam has held the post in a special capacity.

A petition to build a small reservoir or pump station in Glencoe Estates Subdivision No. 2 from J. Leonard Hyman, representing 16 homeowners, was denied by the township.

The spring term at the Will-O-Way Apprentice Theater will have a fresh "New Decade" look, according to Director Celia M. Turner.

Besides the regular classes in all phases of theater for children, teenagers and adults, Will-O-Way is expanding its program to include a "master class" for experienced actors and directors, she said.

"The master class technique is employed extensively in European musical circles, but has seldom been used in dramatic training," Mrs. Turner said.

"This technique brings to groups of serious advanced students criticism from a person of great stature in his field," she added.

Members of the "master class" will be chosen at tryouts tomorrow through Sunday from 8:30 to 10:30 p.m. at the theater on West Long Lake road near Telegraph road.

Previous attendance at Will-O-Way is not a requirement to attend the tryouts.

Area residents are reminded that a Secretary of State's office is still located in Birmingham by branch manager Robert E. Aylen. He said that since the office has been moved, he has been immediately separated from the office of chief of police.

2. Chief Eastman assist in the selection of a new chief of police and remain until the new chief is prepared to assume his responsibilities.

3. After the previous recommendations are accomplished, the office of director of public safety be abolished and the new chief of police assume duties as the executive head of the police department.

People to Decide on Police Squabble

(Continued From Page One)

men can't do the job of drafting the amendment, etc. which was Henry proposed a charter commission be given the task.

"That would take months," Ewart said, "We don't have time."

Henry said also, "In District 1, we will vote in favor of getting rid of the Trial Board."

POINT PACKAGE

The PPOA request for Straley's ouster was embodied in a three-point package recommendation (acked) on a "solidarity letter" before Eastman.

The association claims to represent 90 per cent of the city's law enforcement department.

A progress report, in effect, the letter cited 30 "improvements" in the police department since Eastman took office as public safety director 15 months ago.

The letter was read aloud before the near capacity audience in the Council Chambers. It was signed by Robert Emery, PPOA president.

The mayor's reply was, "We have no authority to act on your recommendation at the present time."

Emery's letter stated that the policies and procedures implemented by Eastman have been "part of an intricate plan to overcome the chaos, inefficiency, low morale, low productivity, etc. which was present within the department at the time of Mr. Eastman's appointment." The PPOA president said.

"The majority of shortcomings which were so evident in our service to the public during Chief Straley's regime had been or were being overcome."

"But with the reversal of the decision of the Civil Service Commission by Judge Davis, it was immediately obvious that 15 months work would be wasted."

"It is our firm belief that conditions will get steadily worse if Robert Straley is allowed to remain as chief of police."

The organization recommended: 1. Herbert Straley resign or be immediately separated from the office of chief of police.

2. Chief Eastman assist in the selection of a new chief of police and remain until the new chief is prepared to assume his responsibilities.

3. After the previous recommendations are accomplished, the office of director of public safety be abolished and the new chief of police assume duties as the executive head of the police department.

State Plan Would Include Pontiac Company

Launch Drive to Ease Bus Tax Burden

Lansing, Pontiac, Muskegon, Port Huron and Benton Harbor-St. Joseph.

TROUBLE FORESEEN

The companies rejected the governor's suggestion they take off on a new tack, backing a 6 per cent tax on net income and doing away with the corporation franchise and business activities tax on bus lines.

Any corporation income tax, their spokesman said, is certain to run into trouble with the Republicans — controlled Legislature, which blocked a business and personal income tax proposal last year.

The firm's estimated the income tax proposal would save ailing bus companies a total of less than \$10,000.

Cramton Offers Civil Rights Bill

Would Replace FEPC,
Extend Its Authority to
Housing, Education

LANSING (U)—The father of Michigan's Fair Employment Practices Commission last night introduced the first civil rights bill to come into the Legislature this year.

Rep. Louis C. Cramton, 84-year-old Republican from Lapeer, proposed to create a civil rights commission to replace the FEPC. Its authority would be extended to cover publicly assisted housing, education and public accommodations as well as employment.

An identical bill got short shrift in the Legislature last year.

House Democrats are drafting a similar proposal.

Rep. Alexander Petri (D-Rochester) submitted a bill to require trading stamp companies to pay sales taxes on stamps sold to Michigan retailers. Petri said it would net about two million dollars a year to new taxes.

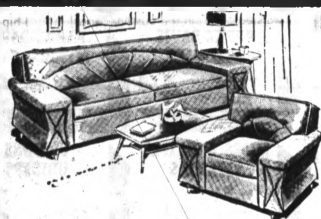

Another new bill by Sen. Philip Rahot (D-Iron Mountain), would start the deer season in the Upper Peninsula on the Saturday preceding the present Nov. 15 opening unless the present starting day falls on a Saturday.

One of every six businesses in the United States is automotive.

Death Notices

ALLEN J. EMERY
Service for former Pontiac resident Allen J. Emery of Coventry, Conn. will be held at 3 p.m. Thursday at the Taylor & Modern Funeral Home, 223 Washington St., Hartford, Conn. Cremation will follow at Springfield, Mass.

A technical service representative for General Motors Truck & Coach Division; he leaves his wife, Alice; his mother, Mrs. Minna Pelletier of Sheridan, Mass.; a son, Robert A. of Pontiac; a daughter, Mrs. Sherry Bédouin of Pontiac; six grandchildren, two brothers and two sisters.

Mr. Emery, 57, died Monday after a brief illness.

CYCEL R. SMITH
Word has been received of the death of former Pontiac resident Cyrel R. Smith Monday. He died of a heart attack at the farm home of Mr. and Mrs. Donald Dickie near Fortaria where he was employed.

Surviving are a son, Clifford of Detroit, and several grandchildren. His body is at the Reynolds Funeral Home, Columbiaville.

MRS. HARRY B. KINNEY
MILFORD — Service for former resident Mrs. Harry B. (Minnie Belle) Kinney, 85, of Coldwater, will be held at 1:30 p.m. Friday at the Richards-Sirard Funeral Home. Burial will be in the Oak Grove Cemetery.

Mrs. Kinney died yesterday at Maple Lawn Hospital, Coldwater.

Surviving are three daughters, Mrs. Lillian Butler of Highland, Mrs. Victor Cash of Oneco and Mrs. Jettie Rogers of Clifford; two sons, Harold of Milford and Eugene of Lake Worth, Fla.; 12 grandchildren; 23 great-grandchildren; and five great-great-grandchildren.

Kennedy Fears Johnson Most

Confident of Whipping Humphrey in Wisconsin, and That Adlai Is Out

WASHINGTON (AP) — Sen. John F. Kennedy (D-Mass.) is increasingly centering his thinking on Sen. Lyndon B. Johnson (D-Tex.) as his chief rival for the Democratic presidential nomination.

He said so publicly last week when he entered the Wisconsin primary against Sen. Hubert H. Humphrey (D-Minn.). Humphrey scored poorly there, saying after all it was he, not Johnson, who is running against Kennedy in Wisconsin.

But Kennedy thinks he can dispose of Humphrey's chances in the Wisconsin battle, and he has told friends he no longer believes Adlai Stevenson is likely to be drafted by the convention if there is a stalemate.

On the other hand, Kennedy is inclined to believe that Johnson, the Senate majority leader, may have more convention votes correlated than he himself has at this time. But he thinks his first ballot potential is greater than the Texan's.

20-Year-Old Mother-Slayer Enigma to Parole Officers

DETROIT — George Darryl Flatter, 20, held in the street straggling of Mrs. Elizabeth Moughler, was a puzzle to his parole officers, they said today.

Police say the good looking, apparently well composed youth has

admitted taking the life of the mother of three children on her way home from a movie Friday night.

Saying he had been drinking beforehand, Flatter could not recall details of the slaying, Police said.

Leonard Schaar, a pardons and paroles supervisor for the State Corrections Department, said Flatter was always polite and well behaved but nonetheless "unpredictable."

Another parole officer, Martin Schmidt, said Flatter gave complete cooperation but there were doubts of his "sincerity."

Flatter, who comes from a broken home, has a record as an incorrigible since he was 14.

At funeral service yesterday for Mrs. Moughler, the Rev. Father Harold Kruerker asked the 300 mourners for pity and sympathy rather than hate for Flatter.

Daniel Moughler, 19, son of Mrs. Moughler and her husband, Wilbur, came home on emergency leave for the funeral from Germany where he is in the paratrooper. The other children are Joann, 22, and Kenneth, 13.

Medical Training for Emergency Set

Under the guidance of the Oakland County Office of Civil Defense and the health department, a four-week medical emergency training course for Waterford Township residents will get underway Feb. 24.

County doctors and nurses trained for emergency disaster work will donate their time as instructors for the weekly course from 7:30 p.m. to 9:30 p.m. at the John D. Pierce Junior High School on Hatchery road.

The course includes not only what to do in case of a national disaster, but also for individual family illnesses, according to Mr. Marie Rodriguez, director of training for medical emergency in the CD program.

County doctors and nurses trained for emergency disaster work will donate their time as instructors for the weekly course from 7:30 p.m. to 9:30 p.m. at the John D. Pierce Junior High School on Hatchery road.

'Truth Train' Reaction Mixed

Many Question Whether It Would Be Effective as Planned

WASHINGTON (U)—A suggestion that a "truth train" be dispatched to combat erroneous impressions about Michigan drew congressional reaction ranging from hesitant endorsement to dubious disapproval today.

Several Michigan members shied away from commenting at all pending a further study of the proposal advanced last week by State Sen. H. Stahlin (R-Belding).

Stahlin proposed sending a special 10-car train through eastern and central states in a bipartisan effort to erase misconceptions about Michigan and the state's financial situation.

He suggested that such diverse personalities as Walter Reuther, United Auto Workers Union president, and Henry Ford II, president of Ford Motor Co., might make the trip, which would start from Washington during Michigan Week, May 15-21.

Rep. William S. Broomfield (R-Oakland County) suggested altering the proposed route a little.

"Let's send the train down to the Tennessee Valley area and bring back some of the industry they've stolen from us with the help of cheap, federally subsidized electric power," Broomfield said.

"I'd want to study that much more closely before commenting," Rep. Charles E. Chamberlain (R) said, then commented:

"I don't think any good purpose would be served by running around the country screaming 'We're not bankrupt, we're not bankrupt.'"

"People may forget about all that if we keep quiet."

Any way, Chamberlain said, things are better in Michigan now. He said unemployment in Flint, in his district, has dropped in the last 18 months from a rate of 22 per cent to the present 5 per cent.

Find Big Fish at Record Depth Despite Strain

LAUSANNE, Switzerland (UPI)—The divers who plunged to a depth of seven miles in the Pacific Ocean in a U.S. Navy experiment last week found fairly sizable fish living at that depth. It was reported today.

Prof. Augustin Piccard, himself an authority on high altitudes and deep dives, said his son Jacques saw a 10-inch fish "merely swimming along" at a depth of about 35,000 feet during the Navy-sponsored bathyscaphe dive.

Piccard said a fish of that size, swimming at that depth, would be subjected to a pressure of 300 tons — "the weight of two big railway engines."

"It had been generally assumed that no life could exist at great submarine depths because of the immense water pressure," Piccard said. "This assumption was erroneous."

Mayor Race Shaping

GRAND RAPIDS (U)—With full-year deadlines past, a three-way race has shaped up for mayor in the Feb. 15 primary elections at Grand Rapids. Candidates are incumbent Stanley J. Davis, second ward commissioner Robert H. Blandford and businessman Thomas D. Stafford.

Report Uranium Find but Mine Long Way Off

LANSING (UPI)—Although a new uranium find was reported to the State Conservation Department this week, Michigan is a

long way from having a commercial uranium mine. Conservation Department officials said today. Four Detroit men, who hold a lease on a state-owned, 80-acre tract of second growth timberland near Gwinn in Marquette County, showed the department radioactive samples Monday. Officials said the samples indicate possible commercial grade uranium, but that more exploration was needed before there would be any attempt at mining the area.

Better Cotton-Pickers

To Survey Area Sewage Needs

Mayor Miriani Starts Sanitation Council for Southeast Part of State

News that an extensive survey will be made of the sewage and drainage needs of Southeastern Michigan was a welcome surprise to Drain Commissioner Daniel W. Barry.

"It does nothing more," Barry said, "than acquaint the public with the fact there is a problem of sewage on a regional basis, it's been successful."

Detroit Mayor Louis Miriani today announced formation of the Sanitation Council of Southeastern Michigan to undertake the study with the help of public and private support.

It will be an offshoot, the mayor said, of the study started by the National Sanitation Foundation several years ago for the Supervisors Inter-County Committee, comprised of Oakland, Wayne, Macomb, Washtenaw, St. Clair and Monroe Counties.

The group completed a similar study on water needs for the area, but never finished one on sewage and drainage needs.

HAMLEN ON BOARD
The new council will be directed by John R. Wilt, senior vice president of the Manufacturers National Bank.

Twelve Hamlin, chairman of the SIC and Oakland County Board of Supervisors, will sit on the executive committee.

"We are studying the possibility of obtaining a federal grant to finance part of the estimated \$200,000 cost of the study," Wilt said. "Contributions from government agencies and private industry would complete the financing. We estimate it will take two years to complete the work."

Think Castro Stirring Latins

Anti-Ike Fuss Planned?

WASHINGTON (AP) — Anti-American agitators operating out of Cuba were reported today to be plotting demonstrations against President Eisenhower when he visits South America next month.

These reports, picked up by U. S. government security agencies, are being studied carefully by top aides planning the President's good will tour of Brazil, Argentina, Chile and Uruguay.

As a precaution, the Secret Service, in cooperation with local governments, is planning the closest step-by-step security watch over the President.

One report is that some fanatic supporters of Cuban Prime Minister Fidel Castro have flown from Havana to countries Eisenhower will visit to help organize demonstrations.

There was no proof that Castro knows or approves such activities.

Editors and Publishers Will Convene at MSU

EAST LANSING — Michigan newspaper editors and publishers will assemble at Michigan State University Friday and Saturday for the annual convention of the Michigan Press Assn. (MPA).

Operators of one-man weeklies will swap shop talk with the men who run Detroit's huge metropolitan dailies.

Presidency of the association is alternated yearly between a daily and a weekly newspaper. This year, Jack C. Sinclair of the Hartford Day Spring will succeed E. C. Hayhow of the Hillsdale Daily News.

Dale Stafford of the Greenville Daily News will be designated president-elect.

(Both Hayhow and Stafford were once editorial staffers of the Pontiac Press.)

But some security authorities expressed doubt the demonstration could be planned without Castro's knowledge.

HOPE TO EMBARRASS IKE
The agitators, it is reported, hope to embarrass the President during his stay, by picturing him as a reactionary foe of efforts by the Latin American people to improve their living standards.

Another disturbing report is that Puerto Rican nationalists, based in Havana, now plan to pursue and heckle the President during his week will tour.

This group is reported planning to demand an audience with him to present their demand for independence from the United States.

Authorities have received conflicting reports about whether Latin American Communists plan to organize or join any anti-Eisenhower demonstration which might boil up on the route.

The Reds are known to have been the instigators of the spitting, rock-throwing demonstration

Brother, Sister Leave Moscow for Chicago

MOSCOW (AP) — A Lithuanian girl and her brother, fearful and a bit frightened, left Moscow today on the first leg of a plane trip to Chicago and a long-sought reunion with their parents.

Regina Leonas, 20, and Tomas, 17, became separated from Mr. and Mrs. Paulius Leonas of Chicago 16 years ago during World War II.

They are rejoining their parents under a promise the father and mother obtained from Soviet Premier Nikita Khrushchev during his U.S. visit last year.

3 Army Officers Lost in Beach Maneuvers

EGLIN AIR FORCE BASE, Fla. (AP) — Heavy surf and a broken cable dumped 30 Army Rangers into the Gulf of Mexico. Two officers drowned and a third is missing.

The missing Ranger was presumed to have drowned. The series of mishaps occurred Tuesday night about 600 yards from the white beaches of nearby Santa Rosa Island about 11:30 p.m.

The Rangers had arrived at this northwest Florida base from Ft. Benning, Ga., Saturday for special survival training.

Stork Is Expected

HOLLYWOOD (AP) — Movie actress Terry Moore and her husband, Stuart Kramer III, are expecting a baby next August. They were married last June 22.

Discovered in U. of M. Survey

Old Age and Death Near Don't Spur On Religion

ANN ARBOR (UPI)—People don't "get religion" as old age and death creep up on them, a survey by the University of Michigan Department of Gerontology indicated today.

The survey covered about 7,000 adults in three counties (Wayne, Macomb and Oakland) in the Detroit Metropolitan area over a period of five years.

Its principal finding, according

to Harold L. Orbach, was that contrary to popular opinion, religious activity does not increase with age.

The number of persons in the survey who attended church once a week ranged from 42 to 49 percent but showed no steady increase with age.

WOMEN ATTEND MORE
Women in all age groups attended church more frequently than men, with those between 40 and 55 attending most often.

Other results of the survey:
—Among Protestants, only Negro men showed a persistent increase in church attendance with advancing age.

—Among Catholics, men showed a clear decline in attendance with age, while women showed a steady level of attendance with some suggestion of an increase in old age.

—The only group showing a trend toward increased religious attendance with advancing age for both men and women were Jews. Orbach said, "It would seem quite evident that this difference is more readily explainable as a consequence of the historical decline of Orthodoxy within Judaism in the United States, directly reflected in our age groupings, than as a function of age."

Diphtheria in Idaho

POCATELLO, Idaho (AP)—

Two more cases of diphtheria have been confirmed, making a total of 13 in southeast Idaho since Dec. 1.

31. Health authorities plan to expand mass inoculation programs.

About 3,500 persons die in the United States each year as a result of diphtheria in farm-buildings at current loss rates.

Civil Defense Fever Up Again

Gov. Williams Tells Citizens He's Building Fallout Shelter

LANSING (UPI)—The off-again, on-again fever chart for civil defense in Michigan bounced skyward again.

The state's citizenry was told yesterday that Gov. Williams and Civil Defense Director Ralph Sheehan are acting to provide home protection for their families against atomic bomb radiation.

Lt. Gov. John B. Swainson, third participant in a White House conference on civil defense Monday, said he's thinking of adding a radiation-proof room to his limestone house in Plymouth.

Sheehan reported that demonstration shelters will be built starting Feb. 1 in Pontiac, Flint, Bay City, Grand Rapids and Holland—each with a surface structure erected on the state fairgrounds at Detroit.

The cost of such shelters range from \$200 to \$400 apiece on a do-it-yourself basis and assuming acceptance of plans recommended by the federal office of Civil Defense.

The plans, five to a pamphlet, have been distributed to 350,000 Michigan homes in the past nine months, Sheehan said.

The whole matter of civil defense preparations was hashed over yesterday at the governor's news conference after Williams said President Eisenhower had evinced a radiation-protection policy.

This kind of protection was put ahead of evacuation.

"The thinking is that persons outside the immediate blast area would have perhaps an hour of warning in which to take shelter," Williams said.

He said that among other things this meant children in school, where warning time permitted, would be brought home to join their parents in facing atomic bomb danger.

The governor said home shelters would make little or no difference in atom-blast areas where few persons would survive.

However, he said, they might make a critical difference at a distance of 20 to 30 miles where the chief hazard would be radiation.

Gels Government Post

WASHINGTON (UPI)—The Senate today approved the nomination of Philip McCallum of Ann Arbor as administrator of the Small Business Administration succeeding Wendell B. Barnes who has resigned.

*The side of the meat you don't see
is even better than the side
you see... because Kroger
packages all meat*

"Sunnyside Down"

Every steak, chop and roast is packaged "SUNNYSIDE DOWN" at Kroger. It's purposely packed so the bottom side—the side you don't see—is leaner and better looking than the side you do see!

LET KROGER PROVE IT TO YOU!

When making your selection—your Kroger meat man invites you to select any package from the meat display you would like to inspect—Ring the service button. He will be happy to unwrap the package for your inspection. If the bottom side isn't as lean, and every bit as red and juicy as the top side the store manager will give you the package of meat **ABSOLUTELY FREE!**

Grow Sugar Cane

HAVANA — Cuba has about seven million acres of its farm land devoted to the cultivation of sugar cane.

If You Are Under 80 You Are Not Too Old For Life Insurance

His Exile Not Hard to Take

Another Dictator Shelters Peron

By PHIL NEWBOM
UPI Foreign Editor

Juan D. Peron, an ex-dictator, resumed his wanderings in exile this week.

In the four and a half years since a military revolt toppled his regime in Argentina, his life has not been a hard one. His hosts have ranked high in the blue halls of Latin American dictatorships, giving him refuge though he no longer was a member of their dwindling club.

First to give him shelter was Gen. Alfredo Stroessner of Paraguay. Then it was President Anastasio Somoza of Nicaragua. A visit to Venezuela proved to be one of unfortunate timing, because he was there when the dictatorial government of President Marcos Perez Jimenez fell.

and he was forced to take refuge in the Dominican embassy.

From there he moved on to Ciudad Trujillo, headquarters of Generalissimo Rafael Trujillo, and Peron's new home away from home for the last two years.

His new host is Generalissimo Francisco Franco of Spain, reportedly still grateful for Peron's postwar shipments of grain on credit to impoverished Spain.

While dictatorships and ex-dictatorships have eased Peron's way along exile's road, his residence is not hard to mouth. Assisting him along the way is a treasure hoard estimated as high as \$10 million dollars.

This is the money he hid away while wrecking Argentina's economy, making him one of history's most successful looters.

Peron's departure for Spain represented at least a temporary victory for Argentina's present regime headed by President Arturo Frondisi which long has wanted him out of the Western Hemisphere.

HOPES TO RETURN

But the victory may be temporary and Peron himself has indicated he still hopes for a triumphal return to Buenos Aires.

Amazingly, and in spite of the Argentine government's unceasing campaign to destroy his image, Peron's name remains a power in Argentina.

It was in December 1953 that Peron began his rise to power. Gen. Pedro Ramirez, then president, named him minister of labor and welfare. This post permitted him to organize the

"descamisado"—his shirtless ones—who became the pillars of his regime.

Today they battle the austerity program brought on by Peron's excesses and remember only that under Peron they bought television sets "Thief or no thief, we want him back," is a neo-Peronist chant in Buenos Aires.

In Argentina's last general election, at Peron's call, they left more than two million ballots blank.

Saving Argentina's new regime is the fact that the armed forces do not want Peron back. And unless they do there is little chance that Peron can carry out his threat that "many heads will roll when I return to Buenos Aires."

When Texas was annexed by the United States, it retained the right to divide itself into five states.

**Ike's Reporters,
in Strange Land
—Washington!**

**'Going Home?
Can't Believe It!
Cry Ike's Pals**

**Ike's Retinue
Gets All Shot
in Washington**

WASHINGTON (UPI)—The President spent last weekend in Washington, much to the gratification of those who must travel with him when he leaves town—and he's been away a good bit these last few months.

At any rate, when the word was passed that Eisenhower would stay in town over the weekend, this anonymous notice ap-

peared on the White House press room bulletin board:

"Don't forget your immunization shots for Washington. All the signs are that we will be here for a long weekend. Don't forget your water purifying tablets and dysentery pills."

One of the weary travel crew saw the notice and observed, "bitterness will get you nowhere—only to South America."

Bill to Halt Reflectoring of Plates on Senate Floor

LANSING (UP)—Legislation to reverse last year's decision to reflectorize Michigan auto license plates reached the Senate floor today with Appropriations Committee approval.

The committee, headed by Sen. Elmer R. Porter (R-Blairfield), also endorsed a bill for a 10-million-dollar revenue bonding program to improve the state park system.

The committee acted yesterday on the license plate bill at the suggestion of State Controller James W. Miller and Secretary of State James M. Harbo.

"This should be delayed at least a year to permit the highway traffic safety center (at Michigan State University) to research the values of reflectorized plates," said Harbo.

Miller reported that since last August his department has tried unsuccessfully to stimulate competitive bids on reflectoring materials the state would have to buy.

"Exhaustive tests indicate that only materials manufactured by

the Minnesota Mining and Manufacturing Co. will meet the rigid specifications contained in the (1959) bill," Miller said.

Porter said he was swayed by Miller's estimate that reflectorized plates would cost \$2,200,000 beyond the expense for 1961 tabs that otherwise would be necessary under Michigan law.

Harbo urged more money for next year's plates or continuation of the present system which contemplates validation tabs for license plates in 1960 and 1961 and issuance of full-sized plates in 1962.

Porter said he hoped the parks and license plate bills would clear the Senate later this week. He made no prediction on their fate in the House.

The parks bond issue would be retired by a \$2 annual admission charge to state parks designated by the State Conservation Commission. A daily fee of up to 50 cents also could be levied.

State conservation officials estimate it would produce about one million dollars a year.

Gov. Williams vetoed similar measures last year and in 1957.

Boy Transforms Gorilla Into a Pinup Subject

ST. LOUIS (UP)—Sales of postcards showing Phil the Gorilla have soared since attendant Tom Toman memorized a little speech about gorillas.

The 17-year-old boy gives a little spiel to zoo visitors who view Phil, who was stuffed and mounted after dying several months ago.

Proceeds from the cards he sells

are used to help pay the \$4,000 cost of the exhibit.

Woman's 'Shell' Could Start Smear Campaign

TULSA, Okla. (UP)—L. Harold Wright says his wife, hunting pheasants with him, raised her gun to fire, but there was only a click when she pulled the trigger. She had shoved a tube of lipstick into the chamber, thinking it was a shotgun shell.

WAKE UP RARIN' TO GO

Without Napping Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains with one shoe.

When these shoes are worn, the foot is held in a position that allows the muscles of the back and neck to relax and the spine to straighten up. This relieves the tension and strain on the muscles and joints, and the result is a feeling of ease and comfort.

Don't let your backache, headache, muscular aches and pains, or any other ailment keep you from enjoying life. Try these shoes today. You'll find them a real relief.

Seven Violators From Pontiac

35 Drivers Taken Off Road in County

Thirty-five Oakland County residents had their drivers' licenses revoked or suspended due to various traffic violations according to the Michigan secretary of state's office in Lansing.

Those required to furnish proof of financial responsibility due to one or more drunk driving convictions were:

- Harvey M. Aschley, 220 Kensington St., Farmington Hills, 200
- James M. Long, 220 Cassin St., Pontiac
- Bert O. Stratton, 170 S. Teller St., Pontiac
- John W. White, 1000 E. 12th St., Pontiac
- David L. Davis, 121 W. Warren St., Pontiac
- Harold J. Part, 1000 E. 12th St., Pontiac
- Walter G. Ross, 1000 E. 12th St., Pontiac
- Harold J. Part, 1000 E. 12th St., Pontiac
- John F. Zobel, 1000 E. 12th St., Pontiac

Florida; Kansas to Mimic State Dinner Idea

EAST LANSING (AP)—Florida and Kansas are trying to copy Michigan's idea of a dinner featuring only foods produced within the state.

"Florida might be able to do it, but I think Kansas would have a hard time," commented Joe E. Wells, assistant to George R. McIntyre, State Agriculture Department director.

Wells has been lining up the menu for the 19th annual all-Michigan dinner, concluding event Saturday night at the convention of the Michigan Press Assn.

Here's the complete menu:

Tomato juice, cottage cheese, pickles, relish, roast pork, gravy, cinnamon apples, potatoes, asparagus casserole, rolls, salad, peaches and ice cream, and milk. Postum or coffee.

The milk and Postum is for purists who don't want to drink non-Michigan coffee.

Ordered to furnish proof of financial responsibility due to drunk driving and suspended judgments were Clifford F. Hammers, 2200 Charleston Rd., Lake Orion, and Elmer E. Higgins, 29 E. Gifford and Peter Dadek of 1100 John R. Rd., both of Madison Heights.

Those whose licenses were revoked for having unsatisfactory driving records and failure to appear for re-examination included Gerald R. Burgess of 11 S. Shirley St., Pontiac, Gerald W. Gravin of 415 1/2 Main St., Rochester, and John F. Zobel of 5801 Wright St., Troy.

Also Down J. Watts of 3140 Middlebury St., Birmingham; Frank D. Thompson of 426 Pinecrest Dr., Ferndale; and Burns J. Morris of 31304 Brush St., Madison Heights.

Larry S. Kapuscinski of 2008 Thomas St., Berkley, was ordered to furnish proof of financial responsibility for driving while his license was suspended and William E. Hersh of 31 W. Borkston St., Madison Heights, lost his license for violating license restrictions.

Gen. MacArthur Gets Mementoes on 80th Birthday

NEW YORK (AP) — General Douglas MacArthur received several mementoes of his long military service Tuesday night as gifts at a party celebrating his 80th birthday.

Leaders of the Army, Navy and Air Force presented MacArthur: The silver command wings of "Dusty" Rhodes, MacArthur's wartime pilot, from Gen. Thomas White, Air Force chief of staff.

A flag flown by the USS Nashville, MacArthur's command ship during much of the Pacific campaign, from Adm. Thomas C. Kincaid of the Navy.

And the office chair MacArthur used as Army chief of staff from Undersecretary of the Army Maj. Gen. Hugh Milton II.

Proposes 'Center' for Wall Street

NEW YORK (AP) — A divi group headed by David Rockefeller has proposed a big 250-million-dollar world trade center to dress up the city's shrunken financial district.

Plans for a center on a 13 1/2-acre site include a combination

office and hotel structure of 50 to 70 stories, a six-story international trade mart and exhibition hall, and a building that could house the New York Stock Exchange.

The idea, outlined Tuesday by Rockefeller, banker brother of Gov. Nelson A. Rockefeller, drew favorable reaction from Mayor Robert F. Wagner. Rockefeller indicated he expects most of the money for the project to be raised privately without government help.

Alcoa Acquires Cupples Door and Frame Corp.

DOWAGIAC, Ill. — Acquisition of Cupples Door and Frame Corp. by Aluminum Co. of America was announced Tuesday by C. J. Brown, executive vice president of the Cupples plant at Dowagiac.

Financial details were not disclosed in the transaction which includes Cupples headquarters at St. Louis, Mo., and a third plant at

Dallas, Tex. The firm employs about 300 persons at the three sites.

The Cupples firm started its Dowagiac operations in 1952.

Tired of the same old breakfast?

SLICEABANANA!

BANANA-MAPLE TOAST

Cover hot toast, French toast, waffles or pancakes with a generous layer of ripe banana slices. Top with cinnamon and sugar or cinnamon and hot maple syrup. Serve immediately.

2 MORE BANANA BREAKFAST IDEAS:

For each serving, slice 1 ripe banana. Then:

- Cover with 1 cup orange juice... or 1/2 cup skim milk
- Put half of slices in bottom of bowl, pour in HOT (or cold) cereal, top with rest of banana, sugar (or molasses) and milk.

See! Taste! Learn how to make other exciting Chiquita Banana dishes. Attend free cooking school!

Remember—bananas satisfy hunger quickly and supply plenty of vitamins and minerals to start the day right!

Sleepy appetites wake up fast when you serve bananas for breakfast. Smooth, mellow bananas taste so good in the morning—and they're so good for you. So plan a breakfast your family will love. Serve banana soon!

Calorie Low! Vitality High! Bananas belong in your daily diet!

*Calorie low! Only 88 calories in a medium banana according to the U. S. Dept. of Agriculture. Fruits as a class are low in calories, and bananas are a particularly low-calorie food because they may be eaten straight from the peel with no high-calorie extras added.

Circuit Docket Busy

Burglary Down? Ask Court

There was little indication that burglaries in Oakland County were on the decrease during Monday's Circuit Court arraignments and sentences before Judge H. Russell Holland.

Eight men were sentenced—two going to prison, the rest receiving probation with jail terms.

On the list of 28 arraignments, there were six for burglaries, one breaking and entering, as the police call them.

There were five guilty pleas to breaking and entering charges, one to a charge of entering without breaking, and one of the accused burglars was remanded back to a lower court for examination.

BROKE INTO MARKET

Judge Holland sentenced Thomas Reitano, 17, of 831 Round Lake Rd., Milford, to 18 months to 15 years, and Robert W. Payne, 18, of 10 S. Parker St., to 2 to 15 years in Jackson Prison for breaking into the Cut-A-Way Market, 71 Auburn Ave., Dec. 27. Both pleaded guilty Jan. 11.

A partner of Reitano in another burglary, that of the Eagles Lodge, 228 Montclair St., Nov. 8, received three years probation, 60 days in the county jail, and was ordered to pay \$87 in restitution and \$100 court costs.

Albert Bucco, 17, of 9667 Elizabeth Lake Rd., White Lake Township, pleaded guilty Jan. 11 to stealing some \$52 worth of liquor with Reitano.

Three of four Pontiac men who pleaded guilty to breaking into the

Westside Recreation building Dec. 28 received 30-day jail terms as part of three years probation handed them by Judge Holland.

These terms were received by Billy Joe Henry, 17, of 355 Howard McNeill St., Lewis M. Morganfield, 17, of 25 Elizabeth St., and Melvin Ray Williams, 22, of 287 E. Wilson Ave. They also were ordered to pay \$3 per month court cost.

A fourth man who pleaded guilty to the same crime, Charles Holmes 20, of 441 S. Paddock St. was sentenced to prison for 18 months to 15 years as a probation violator.

Connie B. Falkner, 22, and Harold Woods, 34, both of Detroit, were placed on probation for three years and sentenced to 60 days in the county jail for breaking into an auto dealership in Birmingham.

Those who pleaded guilty yesterday to breaking and entering will be sentenced Feb. 8 by Judge Holland after presentence investigations by the Probation Department.

Tracking Network Contract Awarded

WASHINGTON — The space agency Tuesday announced that Western Electric, Inc. has been given the job of building a worldwide tracking network for manned satellites in Project Mercury.

The contract calls for an outlay of more than 30 million dollars. The tracking network — including installations aboard two ships — is to be completed during 1960.

The first Mercury satellite orbitings, with a man aboard, are planned for some time in 1961. The network will be designed not only to track the satellites and receive scientific information from them but to keep an electronic eye on the man-bearing capsules so as to aid the astronauts by remote control if they need it.

Sacked DJ Tom Clay Hired by Station WBBR

MOUNT CLEMENS (UPI)—Disc jockey Tom Clay, who was fired by Detroit station WBBR for taking payola, Tuesday was hired by radio station WBBR of Mount Clemens, the only station in Macomb County.

Clay's contract with WBBR provides that the station shall have complete control over the musical and commercial content of programs to which Clay is assigned. It also provides that Clay "agrees to accept nothing of value . . . from any source other than the radio station" for the services he renders.

Milton Maltz, president and general manager of WBBR, announced that the station "believes every man should be given a second chance."

Mom Has Her Day at Press Cooking School

WHAT'S ALL THE FUN? — These two youngsters kept each other amused while the cooking school program was going on. Kirk Gibson was brought by Mrs. LeRoy Rugsby of 2680 Bender

Rd. His playmate is Patricia Lynn Loper whose mother, Mrs. John Loper of 2701 Bender Rd., is interested in what's happening on stage.

LINING UP — From all over the county they came. One party from Farmington and Franklin arrived before noon in order to get good seats. From all walks of life — all ages —

an occasional man — a few small children. The crowd lined up outside Pontiac Central High School well before curtain time Tuesday.

OLDEST IN AUDIENCE — Eighty-three years of living brought Mrs. C. A. Bogle of 110 Pine Grove Ave. a special prize at The Press Cooking School Tuesday. She was the oldest member of the audience. Mrs. Bogle and her sister, Mrs. Eva L. Mosher, who lives with her, attended all the cooking schools sponsored by The Pontiac Press in past years. They are still interested in new ways of cooking.

MEN CAME TOO — Yes, there were men present to hear and see the program "Kitchen Classics." Here, George Bond of 180 Thwendale St., Commerce Township, drops his ticket stub in the box for the day's prizes. He and his wife are planning to attend all the sessions.

Pontiac Press Photos by Phil Webb

WASN'T ALL FUN — Someone has to do the dishes. What happens on stage looks almost like magic, but backstage ordinary household tasks go on. Two sisters-in-law, Mrs. David St. Dennis (left) of 1107 Burton Ave. and Mrs. Delore St. Dennis (right) of 500 Lakeside St., wash the dishes and help with the food preparations before the program each day.

PREOCCUPIED? — When you're only five years old, your only interest in food is eating it — not hearing about how to prepare it. Young Scotty Smith, son of the William D. Smith of 224 Rosemary St., brought along his cherished fire truck to keep himself occupied while his mother listened to Carolann Hammersten who conducted the school.

EARLY ARRIVALS — Ticket-holders came early and made good use of their waiting time. Mrs. Edward Tynan of 2724 Chadwick Dr. (in the white hat) winds yarn while her neighbor,

Mrs. Walter E. Sweetman of 2459 Voorheis Rd. holds the skein. Others in the background are filling out their prize coupons.

SERVING AS PAGE — Two local women are serving as pages for The Pontiac Press Cooking School. In this picture Mrs. Tom Atkinson of 4150 Lanette St. gets the standing rib roast ready for the Parade of Foods which climaxes each day's session. Mrs. Stanley J. Treadwell is the other page.

GRAND PRIZE HOPEFULS — Everyone was anxious to get her ticket in the proper box to be eligible for the grand prizes to be given away on Friday. Here the crowd is lining up to deposit slips for the Magic Chef gas range donated by Consumers Power Company.

Bachelor Invents New Casserole

Here's a dish guaranteed to be a man's taste — potato, frank and sauerkraut casserole. It ought to be. The idea was created by a bachelor who likes to cook. We think it is a good idea for a hearty casserole for family meals during cold weather. So we passed it on to you with another tip from our male cook. He uses instant whipped potato flakes—this beats peeling, boiling and mashing potatoes—and the results are flavorful, whipped potatoes, completely lump free.

Our male cook was delighted to discover instant whipped potato flakes at the "food store." These "fluffy flakes" come in a six-ounce package which contains two foil envelopes, each envelope making four servings of whipped potatoes.

Potato, Frank and Sauerkraut
1 1/2 cups water
1 package instant Whipped Potato Flakes
1 cup frank
1 cup sauerkraut
Combine water and salt in medium-size saucepan; cover; bring to boil. Remove from heat. Add milk immediately, then potato flakes and butter; stir gently with fork, or wire whip until liquid is absorbed. Whip briskly.

Lane battered 1 1/2 quart casserole with 1/2 the whipped potatoes. Arrange sauerkraut, carrot and seeds and frankfurters in casserole. Spoon remaining potatoes on top. Bake in moderate oven (350 degrees) about 30 minutes or until potatoes are browned and mixture is heated throughout.

Want a pretty decoration for a chocolate frosted cake? Arrange blanched almond halves as Daisy petals and bits of orange for the flower centers.

Drink Your Coffee or Use It for Flavor

By JANEY ODELL

Pontiac Press Home Editor

Has anyone told you that some of the coffee you drink comes from Africa? Africa has become Brazil's biggest competitor in the U.S. coffee market. Back in 1948 when coffee prices soared nearly out of sight, importers discovered African coffee and have been blending it ever since with the South American coffee.

This makes the Brazilians very unhappy. They believe they grow the best coffee in the world, and want us to use it. Maybe we won't ever go back to drinking pure Brazilian or Colombian coffee, but we can head the words of a leading Brazilian coffee exporter, M. Laurens Costa.

Here are his rules for making a better cup of coffee:

1. Buy good coffee.
2. Use a good grinder. It is good but the size of the grinder is better.
3. Use a good coffee-maker. Metal filters the flavor.
4. Always use fresh water. Don't boil it too long before pouring into drip pot.
5. Grind it black, if possible to get the real flavor.

Coffee can become an exciting ingredient in recipes. We have long used it in making stew. Here is a recipe that calls for it in preparing lamb steaks. Save this one for your grill next summer.

Barbecued Lamb Steaks
1 lb. of lamb
1 cup strong coffee
1 cup finely packed brown sugar
1 tablespoon prepared mustard
1 teaspoon Worcestershire sauce
1 cup ketchup
5 or 6 fresh tomatoes
Five fresh tomatoes

Have meat dealer cut lamb into

Fish Chowder Good Eating In Winter

FISH AND POTATO CHOWDER

1 pound fish fillets (such as halibut)
1 cup boiling water
2 cups sliced (1/2-inch) pared potatoes
1 teaspoon salt
1/2 teaspoon pepper
1/2 cup finely sliced (1 large) onion
1 cup milk
Place whole fillets in large (at least 3-quart) kettle with boiling water, potatoes, 1 teaspoon salt and pepper. Boil gently until potatoes are tender and fish loses its translucent look—15 to 20 minutes. Using long-handled fork, break up fillets into spoon-size pieces.

Meanwhile cook bacon in skillet until crisp; remove. Add onion to bacon fat and cook slowly, stirring often, until yellowed—about 10 minutes. Add onion (and any bacon fat in skillet) to chowder kettle. Add milk and add. Reheat gently; do not boil. Add more salt if necessary. Crumble bacon into soup bowls and pour chowder over. Makes about 2 quarts.

steaks about 3/4-inch thick (use ends for soup or stew). Combine remaining ingredients. Marinate steaks in this mixture several hours or overnight, turning occasionally. Drain steaks, saving marinade.

Grill over charcoal 5 to 10 minutes on each side, depending on desired degree of doneness, brushing often with marinade or broll in broiler.

A smooth frothy dessert is named Coffee Run Crumb Mallow. Flavor in this mixture several hours or overnight, turning occasionally. Drain steaks, saving marinade.

Coffee Run Crumb Mallow

2 tablespoons instant coffee (see list)
1 cup boiling water
1/2 cup brown sugar
1/2 cup heavy cream
1/2 cup heavy cream
1/2 cup heavy cream
1/2 cup heavy cream

Blend together Graham cracker crumbs and butter. Press crumb mixture into bottom and sides of 4 sherbet glasses. Pour coffee mixture into each. Chill about 2 hours, or until firm. If desired, garnish with shaved chocolate. Makes 4 servings.

When your family comes in from a day on the ski slopes, whip up a mocha drink, spiced with cinnamon. It'll warm everyone right down to his toes.

Hot Mocha Spice
1 quart milk
1 cup instant coffee (see list)
1 cup instant coffee (see list)
1 cup instant coffee (see list)
1 cup instant coffee (see list)

Cognac Hard Sauce Is Really Tops

Buy your steamed pudding (in a can) then make hard sauce for it.

My Hard Sauce
1/2 pound butter
1 cup dried cranberries sugar
1/2 cup instant coffee (see list)
1/2 cup instant coffee (see list)
1/2 cup instant coffee (see list)

Let the roast chicken stand; let it from the oven to about 30 minutes after remove; juices and make carving easy.

Officers Are Elected by Camp Fire Council

Theodore Wiersema was re-elected president of the Pontiac Council of Camp Fire Girls when the group held its annual meeting Tuesday evening at Madison Junior High School.

Also re-elected to office for 1960 were Richard Jarvis, first vice president, and Edward Ladd, treasurer. Mrs. Leslie Sey will be second vice president.

dent, and Mrs. Monroe Osmun, secretary.

Guest speaker Graham K. Andrews, diagnostician for the Pontiac Schools, stressed the characteristics and needs of the 6-to-11 age group in his talk, "Why Youth Groups?"

Gifts totaling \$2,000 were turned over to Thomas Temple, trustee of the council's permanent campsite trust fund. A

check for \$1,000 from the Civitan Club of Pontiac was presented by Joseph R. Horton. A similar amount, from the 1959 candy sale, was presented on behalf of the girls by Margo Graves of the Waterford High-Flying Bluebirds.

FUND TOTALS \$11,000

The fund, which now totals \$11,000, will be used by the

council for its program of continuous expansion and improvement of Camp Oweki on Lake Gullick, near Clarkston.

Following the election and adoption of bylaws, significant events of the past year were reviewed. These included the purchase of a larger group camping building for Oweki; the establishment of leader's associations; annual council-wide programs for girls; and workshops for leaders.

Re-elected to the board of directors were Mrs. Seay, Mrs. L. R. Sampson, Reita Smith, Mrs. Charles Ullman, Mrs. Osmun, Mrs. Paul Kern, Dr. Joseph Chapman, William Brace, Clifford Groggell and Andrew Montgomery.

Newly elected board members are Mrs. Roderick Taylor, Mrs. Ray Meggitt, Mrs. John Vanderlind and Lawrence D. Stuart.

Midterm directors who will also serve during 1960 are Mrs. Melvin Boersma, Mrs. Kenneth Matthews, Mrs. Fred Ziern, Bernice Watten, Dr. Lynn Allen Jr., Dr. Daniel McGee, Dr. Maurice Thorne, William McLean, Eldon Gardner and Carroll Brail.

The evening's arrangements were handled by Mr. Wiersema, Mrs. Kern and Mrs. Donald Beck, executive director of the council. In charge of refreshments were Mrs. Boersma and Mrs. David Warrilow. The local council is a member agency of the Pontiac Area United Fund and provides leisure time activities for girls 7 to 18 years of age.

Early arrivals at Tuesday evening's annual meeting of the Pontiac Council of Camp Fire Girls are, from left, Joseph R. Horton of Waterford; Mrs.

Donald Beck, executive director; and Theodore Wiersema of West Iroquois road, president-elect.

Who Was Wrong; Who Right?

By EMILY POST

Dear Mrs. Post: Recently I spent the week end with a friend of mine. On Saturday evening we went to a movie which we both wanted to see very much. When we arrived at the theater and my friend was paying for the taxi, I hurried to the window and bought two tickets. I thought this was one thing I could do to show my appreciation of her hospitality. However, she resented my doing this and insisted upon reimbursing me saying that she was the hostess. Will you please tell me if I was wrong in doing what I did, or was she wrong in insisting upon reimbursing me for a kindly gesture.

Answer: It seems to me that you were both trying to be too polite and neither one of you was wrong. But if you must have a decision, whichever one of you first suggested the movie should have been allowed by the other to buy the tickets.

Dear Mrs. Post: My daughter was to have been married in two weeks, wedding invitations were sent out and all preparations made. Two days ago she and her fiancé had a terrible row and the wedding has been canceled permanently. This is a very embarrassing position and I would like to know what to do about notifying the guests that there will be no wedding.

Answer: Send the following notice to the whole wedding list:

Mr. and Mrs. Henry Smith regret to inform you that the marriage of their daughter Mary Ellen to Mr. Arthur Jackson will not take place.

Dear Mrs. Post: If a group of friends are giving a bride-to-be shower, is it considered proper, or necessary, that the girl's fiancé send a present to this party?

Answer: No, certainly not.

GOP Club Women Set Tea Feb. 8

The Pontiac Republican Women's Club met Monday afternoon at the Adah Shelly Library.

Jack Gibbs of Oakland County Republican Headquarters spoke on "Good Organization and Faith in People." A question period followed.

Chairman of the Feb. 8 Lincoln Tea, Mrs. Charles Crawford announced the tea will be held at the Hotel Waldron from 2:30 to 4:30 p.m.

Mrs. Duncan McVeen closed the meeting with prayer.

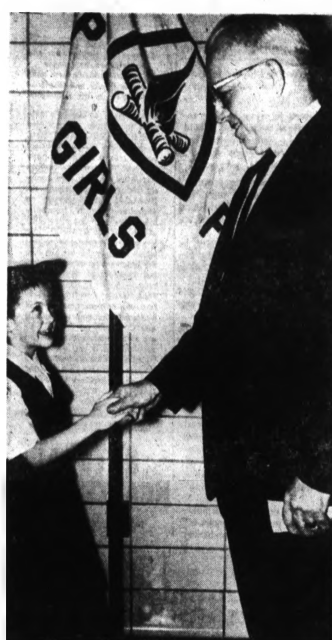

Refreshments were served at the social hour which followed by Mrs. Lulu Luby, Mrs. Maude Place and Mrs. Edith M. Tich.

Gold Stars Sew Pads

Members of Gold Star Mothers Chapter 9 sewed on cancer pads at the Monday afternoon meeting in the Baldwin avenue home of Mrs. Edna Mahey.

Those attending were Mrs. Leo R. Archambeau, Mrs. Earl Duemler, Mrs. Lola Erb, Mrs. John A. Green, Mrs. H. C. Hight and Mrs. Edna Olinsted.

Four Pages Today in Women's Section

Bluebird Margo Graves, 7, of Dick avenue, presented the \$1,000 check from the 1959 candy sale to Thomas Temple, trustee of the council's permanent campsite trust fund. The fund is for expansion and improvement of Camp Oweki near Clarkston.

Mrs. Turner Thrills Audience

Symphony Produces Rewarding Evening

By RONALD K. GRABBE

The Pontiac Symphony Orchestra under Associate Conductor Celia Merrill Turner and Conductor Francesco DiBlasi produced one of the finest, most rewarding evenings ever. The orchestra performed magnificently; the conductors were alert. It was a brilliant experience.

Opening the program with Von Weber's "Overture to Oberon," Mrs. Turner thrilled the audience with an unprecedented display of feminine power, only to follow impressively with an even more

powerful interpretation of the highly colored Borodin "Second Symphony in B Minor." This symphony is marked with distinctly Russian flavors which were beautifully and adequately brought out by the conductor.

Mr. DiBlasi turned performer for the after-intermission portion of the concert, in the Saint Savas "Concerto for Trumpet, Piano and Strings," he co-starred with pianist Jerry Libby. The work was well accepted, and the composer himself would have approved this rendition of his concerto. A post horn solo by Mr. Di-

Blasi followed. This instrument proved a novelty to many in the audience. In a fast-moving "Post Horn Gallop" arranged by Leonard B. Smith, the horn exhibited some of the possibilities of music hidden in the harmonic series.

Mr. DiBlasi was at a disadvantage under the responsibilities of conductor-soloist and did not perform as expertly as was expected. However, the over-all effect was satisfactory.

Ippolitov-Ivanov's "Caucasian Sketches" was very well executed. The orchestra responded with ready will to the movements of the baton.

The choice of program for this concert was clearly approved by the listeners. The results prove once again that for a civic orchestra with many nonprofessional players, involved technical works are out of place.

A pleasant surprise was the audience's refusal to accept the concert's official end. As an encore, the orchestra presented Wagner's Prelude to the Third Act of "Lohengrin." The powerfully moving piece was played with renewed strength and vigor. The thrill was climactic. The concert was complete.

Exchanging greetings at the social hour which followed the annual meeting at Madison Junior High School are, from left, Mrs. David Warrilow of Dick avenue, speaker Graham K. Andrews and Mrs. Melvin

Boersma of Locke street. Mrs. Warrilow and Mrs. Boersma were in charge of the evening's social arrangements.

Jaycettes Plan Year

The Waterford Township Junior Chamber of Commerce Auxiliary will meet at the home of Mrs. Dan Akers on Percy King road at 1 p.m. Thursday to work on this year's community project.

The Jaycettes plan on making 40 large, bright colored toy bags for children at the Pontiac Osteopathic Hospital.

They have been collecting toys and books to put in the bags which can be tied on each of the children's beds.

90 See OES Initiation

Pontiac Chapter 228, OES, held a special meeting Monday evening at the Masonic Temple on Lawrence street.

Before 90 members and guests, Mrs. Mary Erickson, Worthy Matron, initiated candidates Mrs. Marion A. Newton and Mrs. Homer Smith into the order.

Distinguished guest was Mrs. Paul Hagle, Past Grand Matron of Grand Chapter, Michigan OES.

Past Matrons of Chapter 228 present were Mrs. Sylvia Clark, Mrs. Ruth Sartell, Mrs. Cecil Diehl and Mrs. Earl Ross.

Will Head Festival

Mrs. W. S. Furkling of Argyle avenue, a member and Junior Club Counselor of Pontiac Tuesday Musicals has been named Southeastern District Chairman of the Junior Festival of the Michigan Federation of Music Clubs.

This year's festival will be March 19 at the Music building of Wayne State University. Applications for entry are now being received by Mrs. Furkling.

Gaily beribboned teacups are assembled by members of Areme Chapter 503, OES, for their annual Cup and Saucer Card Party Feb. 3. From

left are Mrs. Harry Eaton of W. Longfellow avenue, Mrs. Victor Bodamer of N. Tasmania avenue and Mrs. Robert Scharf of Pine Lake road.

Mrs. Lester Olvs of Knollwood street, at right, general chairman of the OES Card Party, distributes tickets for the event to refreshment chairman Mrs.

Daniel Peterson of McCormick street. The 8 p.m. party will be at Roosevelt Temple on State street.

Workers Named for Party

Annual Event for Areme Chapter of OES Here

General chairman Mrs. Lester Olvs has announced her committees for the annual Cup and Saucer Card Party of Areme Chapter 503, OES.

The affair, which will feature table and door prizes as well as refreshments, is scheduled for 8 p.m. Feb. 3 at the Roosevelt Temple on State street.

Chairmen are Mrs. G. Robert Scharf, tickets; Mrs. Robert Davis, cups and saucers; Mrs. Harry Lanford, door prizes; Mrs. Harry Eaton, soft drinks and candy; Mrs. Royal Clark, tables and table favors; and Mrs. Daniel Peterson, refreshments.

Working with them is Worthy Matron Mrs. Victor O. Bodamer.

Stations-Snyder Rites Performed Before 250

Dr. Milton Bank officiated at the Saturday nuptials of Norma Cheryl Snyder and Freeman Lee Stations in Central Methodist Church. Vows and rings were exchanged in the presence of 250 persons.

Parents of the couple are the Roy Gale Snyders of Northfield avenue and Mr. and Mrs. Oscar S. Stations of Stirling avenue.

The brilliant bride wore a white bouquet tulle dress with lace and sheer panels. Her hair was styled in a chignon. She carried a large bouquet of white carnations. The groom wore a tuxedo with a white shirt and a white bow tie. The ceremony was held at 11 a.m. in the church.

White carnations topped the bride's bouquet. The groom's boutonniere was a single stem of white carnations. The couple's first dance was to "The Lord's Prayer".

Wearing Royal blue tulle styled with lace and sheer panels, the bride wore a white bouquet tulle dress. The groom wore a tuxedo with a white shirt and a white bow tie. The ceremony was held at 11 a.m. in the church.

Martyne Robb of Jackson, flower girl, and Norman Miller, ring bearer, and cousins of the bride.

Gene Swartz was best man. Brandon Dennis and Ben Cooper acted as the groomsmen. All are of Pontiac.

At the reception in Community Activities Hall, Waterford, Mrs. Snyder appeared in a French blue Chantilly lace dress, and beige accessories. The bridegroom's mother chose taupe lace over pink tulle with bateau neckline, and a pink hat. Both mothers wore orchids.

For traveling to the southern states, the new Mrs. Stations changed to a pure silk cerise floral costume suit, black accessories and the corsage from her bouquet. The couple will reside on Hazel avenue.

**All-White Belts
Good in Spring**

(UPI) — Looking for a tunic for your spring wardrobe? The answer is a white belt, say the Leather Industries of America. There are all-white belts and white with a cut of black leather just barely showing, or with the black fading halfway over the white.

NAM Official Chides Female Political IQ

MUSKOGEE (UPI) — A representative of the National Assn. of Manufacturers says the United States would be in better shape if American women knew as much about local, state and national candidates as they do about brands of baby food and perfume.

Mrs. Louise Bushnell, program director of the NAM's women's organization addressed the Quadrangle Business & Professional Women's Club here Monday night.

Mrs. Bushnell said women should take an increasingly important role in civic life and politics. She cited Carrie Nation's fight for women's suffrage as an example.

Puree cooked lentils for a soup or leave them whole. Serve the soup with thin rounds of frankfurter browned in a little butter.

Choose Western Michigan for Honeymoon After Rites

On a honeymoon in western Michigan are Mr. and Mrs. George Richard Hollis (nee Judy Ann Perry) who pledged wedding vows before the Rev. Myron Everett Saturday in Baldwin Evangelical United Brethren Church.

Altar vases of white gladioli and chrysanthemums, with palms and candelabra adorned the chancel. Mrs. Carson Pail sang "Because" and "The Lord's Prayer" before the ceremony.

Mr. and Mrs. Elmer Perry of Jambou road hosted the reception in the church parlors.

Receiving with them were Mr. and Mrs. George Hollis of Dorland road, parents of the bridegroom.

SISTER HONOR MAID

Diane Perry was her sister's honor maid, wearing floor-length gown and tulle with elbow-length sleeves.

Marvella Edwards of Pontiac, bridesmaid, wore floor-length pale blue tulle with lace bodice. They carried cascade bouquets of yellow carnations.

The bride appeared in a floor-length gown of broadcloth tulle made by the bridegroom's grandmother.

The fitted bodice was styled with sweetheart neckline and long tapering lace sleeves. A sequin crown held the flapper veil edged with lace.

White roses and ivy comprised her cascade bouquet.

CARRIES ROSE PETALS
Luann Scheppe, in pink net over tulle, carried a basket of pink rose petals. Mark Pickering of Detroit carried the rings on a white satin pillow.

The bridegroom's brother Robert stood as best man. Usher were William Puddy and Thomas Cox of Pontiac and the bride's brothers Edward and James.

Mrs. Perry chose blue lace with white hat and gloves for her daughter's wedding. Mrs. Hollis appeared in beige lace with white accents. Both mothers wore red rosebuds.

The couple will live on Churchill road.

**Rub Elbows
With Sponge**

The neglect of elbows, knees and heels can easily detract from an otherwise attractive appearance. Very often they will develop a dry and flaky look, and sometimes become discolored.

To prevent this, apply a generous amount of night cream to these areas after your bath, then massage with a sponge instead of the fingers. The sponge will help remove flaky particles of skin.

Be Generous Giving Those Compliments

By RUTH MILLET

If you are scared to death to give extravagant compliments for fear you'll be marked down as gushing or insincere, be honest; which of each of the following pairs of compliments would you be more pleased to receive?

"How nice you look" or "You're looking very beautiful tonight."

"This is a comfortable room" or "This is such a pleasant, comfortable room I always enjoy being in it."

"Your daughter is an attractive girl" or "Your daughter is one of the prettiest girls I've seen in a long, long time."

"It was nice hearing from you" or "I have just finished your wonderful letter and it was almost as good as a visit."

"That was a good dinner" or "That was a marvelous meal. The apple pie was out of this world."

"So-and-so had some nice things to say about you the other day" or "So-and-so was singing your

praises. He is a great admirer of yours."

"You sew very well" or "You sew like a professional. Wherever did you learn to tailor so beautifully?"

"You are looking much better than when I saw you last" or "You're looking wonderfully well."

"It has been a nice evening" or "I don't know when I've spent such an enjoyable evening."

"It was nice meeting you" or "I am so happy to have met you at last. I've heard so much about you and have been wanting to meet you for a long time."

Honest, now. When you're on the receiving end of a compliment, the more extravagant of the two doesn't sound too extravagant, does it?

So why hold back when you are on the giving end?

Ten simple graham crackers, when crushed into fine crumbs, will yield about two-thirds cup.

MRS. GEORGE R. HOLLIS

Expert Pleads for Fairness to Children

NEW BRUNSWICK, N.J. (UPI) — When it comes to household chores, don't let children do all the dirty work, says Phyllis Greer, human relations specialist at Rutgers University.

It's natural for youngsters to resent "busy" work — chores that aren't necessary or needed, Miss Greer said. And how could anyone be enthusiastic for long about taking out garbage, washing dishes and making beds? Most mothers dislike these tasks, too.

One solution is to make a list of all duties, not just dishes and garbage. Then let each member of the family select the job he prefers. Less interesting jobs should be divided and all tasks rotated, she added.

Will Frolic Saturday

Owen School's PTA will sponsor a frolic from 5 to 9 p.m. Saturday at the school.
General chairman is Mrs. John Newman. Committee heads include Mrs. Lowell Harris and Mrs. Goldman Dillon, ham dinner; Mrs. Robert Newman, snack bar; Mrs. John Kilmer, cloak room; and Mrs. Eugene Chaboin, aprons.

Others are Mrs. Amos Hoodhan, talent show; Mrs. Robert Johnson, tickets; Mrs. Fay Douglas and Arnold Davis, pop corn and movies respectively.
Publicity chairmen are Mrs. John Maxwell and Mrs. Earl Ottesvig.

Fifth and Sixth grade students will be sent to camp with proceeds from the frolic.

Schedule Cards

Plans for a Valentine card party at the Naval Training Center on Feb. 13 were made by the Pontiac Navy Mothers Club at a social meeting in the Virginia Avenue home of Mrs. Vinton Ball. Tickets were distributed to club members.

The annual products sale for the welfare fund will begin in February.

Add That Touch

(UPI)—Add a Parisian touch to your at-home wardrobe with heel-less gold mesh booties.

Club Meets on Feb. 9

William McCarthy will speak on juvenile delinquency when the Mother's Club of the YMCA meets Feb. 9 at 1:30 p.m. at the Mt. Clemens street building.
All interested mothers of YMCA members are invited to attend.

First Russian Will Sing at Met in Opera 'Aida'

NEW YORK (AP)—Pavel Lichstein, baritone of the Bolshoi Opera, is billed as the first Soviet artist to sing with the Metropolitan Opera Co.

He will sing Amonkaro in Verdi's "Aida" March 3.

Lichstein will be in the United States on a six-week recital tour as part of an exchange that will send George London, Metropolitan baritone, to the Soviet Union for four weeks.

London will make several appearances at the Bolshoi Opera.

New Kind of Iron Needs Just One Enamel Coat

MIDDLETOWN, Ohio Jan. 27—Armco Steel Corp. says it has figured a better way to put that porcelain enamel finish on your stove, refrigerator, washer or other appliances.

The trick: A new kind of iron that will take one coat of enamel

instead of the usual two.

Armco said the new metal should cut costs for porcelain enamel products. The firm said also it hopes to license other steel firms to make the new metal.

Home ownership and age slow down the mobility of families and tend to create more stability and contentedness.

Picture Window Developed for Our Astronauts

CORNING, N.Y. Jan. 27—Project Mercury astronauts will have a panoramic view from the space capsule through windows able to briefly withstand tempera-

tures of nearly 2,000 degrees Fahrenheit.

Corning Glass Works, manufacturers of the windows for the National Aeronautics and Space Administration's space capsule, revealed details of the new glass yesterday.

The seven astronauts selected for the ride into space suggested

the windows' trapezoid design instead of two small portholes and a periscope originally planned.

Double Holden Red Stamps EVERY Wednesday

It's unexpected, but Pete Rozelle's New NFL Boss

His Selection Lets Expansion Debate Begin

Los Angeles Ram GM Is 6th Commissioner of Pro Football

MIAMI BEACH, Fla. (AP)—Pete Rozelle, 45-year-old general manager of the Los Angeles Rams, is the sixth commissioner of the National Football League.

Rozelle's selection as a compromise candidate to succeed the late Bert Bell came unexpectedly here last night and cleared the decks for debate today on league expansion.

The youthful native of South Gate, Calif., near Los Angeles, was elected to the \$25,000-a-year job by the club owners who had fought bitterly for seven days and through 22 ballots before choosing a league boss.

Rozelle, announcing he would keep league headquarters in Philadelphia and eventually move to New York City, was given a three-year contract. He said he planned to keep the league staff intact, including Austin H. Guse, acting commissioner since Bell's death last Oct. 12.

Minutes after Rozelle's election, the owners re-elected Guse league treasurer, giving him a \$3,000 a year salary boost to a reported \$15,000, and a \$10,000 bonus for his work as acting commissioner.

Rozelle's first problem as commissioner concerned the important issue of expansion which will be taken up at the season starting at 9:30 a.m. (EST) today.

"Expansion is a must for the National Football League," said the new commissioner.

"The growth of the league under Bert Bell has made professional football the top spectator sport in our country. There are many population areas that should have pro football."

However, the 5 foot 11 1/2 inch former Compton (Calif.) Junior College basketball player did not say when the league should expand. He said the time and place would have to be determined by the league owners.

Minneapolis - St. Paul and Dallas have been promised franchises this year. Miami, Fla. and St. Louis are possibilities in 1961. Representatives of all four are here awaiting the decision. It will take 10 of the 12 votes to pass, through an amendment necessary to approve any expansion.

Rozelle was chosen as commissioner when 126 1/2 owners were unable to agree on Marshall Leaky of San Francisco, Guse, and Don Kistler, Baltimore's general manager.

Rozelle's Los Angeles club, along with Cleveland, San Francisco, Detroit, the Chicago Cardinals and Green Bay were for Leaky. Washington, Pittsburgh, Philadelphia and Baltimore backed Guse and Kistler through most of the balloting.

The new commissioner's election was far from uneventful. Only nine votes were cast on the deciding ballot. Under the league constitution at least three-fourths of the total votes cast were necessary for election. Rozelle received eight, San Francisco voted for Leaky and Detroit, Los Angeles and Chicago Bears passed.

Joe Donohue, Philadelphia Eagles' vice president and chairman of the meeting, said Los Angeles' vote was cast for Leaky. Leaky, who was from their club, he said San Francisco's Vic Morabito felt he had a moral obligation to support Leaky. There was no explanation for the abstentions by the Bears and Lions.

The break in the stalemate over election of a commissioner came after the afternoon session yesterday. The seven backers of Leaky finally realized they could not put over the West Coast barrier in face of determined opposition from the easterners.

Wellington Mara of the New York Giants and Paul Brown of Cleveland suggested Rozelle as a compromise candidate.

Carroll Rosenbloom of Baltimore, leader of the opposition to Leaky who wanted a 5-year contract at \$75,000 a year with headquarters in his native San Francisco, nominated Rozelle. Rozelle, 45, is a native of Philadelphia. He was a member of the anti-Leaky movement. Frank McNamee of Philadelphia, George Marshall of Washington and Art Rooney of Pittsburgh expressed pleasure at the election of the young Californian.

It was Bell who installed Rozelle as the reported \$30,000 a year job as general manager at Los Angeles.

No Limit at Nor-West

Six teams, including Nor-West, topped 200 on an average big Farmington Classic night. There was \$225 by Automobile. Ron Collins, 175-178, Jerry Lindley, 174-238, Jim Stewart, 217, Bill Eggleston, 217, Fred Ringrose, 230 and Dave Chisham 205.

'Youngsters' Aim at Watrous Today

Prep Cager Sets National Record With 135 Points

BURNSVILLE, W. Va. (AP)—Danny Heister probably set a national record, scoring 135 points as Burnsville defeated Widom 113-43 in a high school basketball game Tuesday night.

The national scholastic record game is reported to be 138 points by Bob Baglaric of Redulla, Ohio (Midway High School) in 1945.

Heister, a six-foot senior playing at forward, made 33 field goals and 39 of 41 free throws. He went into the game with a 27-point average.

Burnsville Coach Jack Shulaker said it was planned ahead of time to let Heister score as much as he could.

Most of his points came on layups. He made 33 of 70 shots from the floor — 76.7 per cent — and also got 24 rebounds and seven assists.

AWAY HE GOES — Lake Orion's Gary Johnson drives past Doug Stott of Oxford on his way for a layup in the game between the two rivals yesterday on the Orion court. Oxford scored a 64-41 victory over Lake Orion. (See story on page 30).

Prep Players Get Reinstated

Michigan High School Athletic Council Gives 14 Clean Bill

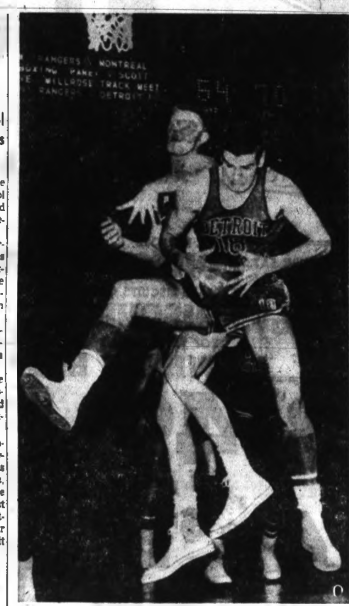

LANSING (AP)—The representative council of the Michigan High School Athletic Assn. yesterday resolved the temporary suspension of 14 Detroit high school athletes.

The 14 were suspended from participating in high school athletics three weeks ago for accepting jackets valued at \$25 apiece while members of the national championship American Legion Edison post basketball team.

The acceptance violated an association rule which limits all trophies, medals and awards to a maximum of \$3.

Karl Reusche, manager of the Edison team, admitted he had misled the youths that they could receive the jackets without violating rules.

The representative council announced the eligibility of the players would be restored as soon as the 14 jackets and \$300 dollars, which the players earned while presumably working out the cost of the jackets during the Christmas holidays, were turned over to the Salvation Army in Detroit for charitable distribution.

Willie Mays Inks \$85,000 Contract for 1960 Season

SAN FRANCISCO (AP)—Willie Mays has \$85,000 reasons for believing Hiroe Greely was right when he said "Go West, young man."

The famous center fielder joined the Giants at New York's Polo Grounds in 1951, and moved with them to San Francisco in 1958 when major league baseball came to the West Coast.

Yesterday he signed a contract calling for an estimated \$85,000. That may make him 1960's top-salaried baseball player and an estimated \$5,000 over his last year's pay.

Such a pay boost came after a season in which injury-hampered Willie's batting average slipped from .347 to .313.

Former Red Wings Boost Youth Hockey

DETROIT (AP)—Former Detroit hockey players have formed the Red Wings Youth Club to encourage and promote youth hockey in the area.

President Stu Evans said the club expects to line up 27 ex-Red Wings residing in the area. The club's first promotion will be the sixth annual face off dinner for youth hockey, Jan. 22 National Hockey League president Clarence Campbell will be the featured speaker.

Members of the Red Wings and Montreal Canadiens club will attend.

Other officers of the Red Wing Alumni group are: Ebbie Goddell, vice president; Jack Stewart, treasurer; and Johnny Sherl, secretary.

New Football Aides

NEWTON, Mass. (AP)—Boston College Tuesday named Gene Gibson, an assistant at West Virginia, and Fred Cady, a Massachusetts coach, to the football staff.

Oakland Hills Pro Shoots 71 in PGA Seniors

AL's First-Round Score Holds Up, Even Against Gene Sarazen

DUNEDIN, Fla. (AP)—The "boys" take over the spotlight in the 21st annual PGA Seniors golf tournament today.

They are the young sprouts in the 35-54 age group and if they hope to take over the lead one of them will have to better the one-under par 71 shot by burlly Al Watrous yesterday. The Michigan golfer led the field of 35-and-up age group entrants in the first round.

The youngsters include such capable performers as Paul Runyan, Leland Gibson, Dick Metz, Clarence Dwyer and defending champion Willie Grogan.

Considering that the greens of the 6,609-yard PGA National course are hard and glass-like, bettering the score of the Birmingham, Mich., veteran will be no easy task.

Even the still-classy Gene Sarazen could do no better than 76 yesterday, although from tee to green he was as capable as ever.

One stroke behind Watrous were Clarence Ehrenman of Cheltenham, Pa.; John Rogers of Denver, Colo.; Harold Sanderson of Summit, N.J.; Denny Shute of Akron, Ohio; and Mortie Dutra of Bonita, Calif.

Any one of these could have tied Watrous, who has won the title three times, with a break here and there. A seven on the 15th cut Shute's chance. Sanderson didn't settle down until the second round, which he negotiated in a three-under par 34.

Eighteen players shot 74 or better yesterday and 10 were tied at 75.

Today's field includes the first six finishers in 1959, Behring Grogan were Gibson, Runyan, Shute, Dwyer and Metz. Grogan's 72-hole score was 284, four under par.

The record field of 315 this year is competing for prize totaling \$15,000, with the winner taking a \$1,500 slice. The winner also gets an expense-paid trip to England to meet the British champion for the World Seniors title.

Two Jackson, Mich. men were among the leaders at the finish of the first round. William Dundas posted a 38-39-77 and Marnie Miller also fired a 77 on nines of 39-38.

Shamrocks Stay in Contentment at ROSM, 60-51

Gene Wright's surprising basketball Rams almost made a real upset over their mentor, last night. The St. Frederick crowd bet the Shamrocks' Eagles to a hard-earned 65-64 win for St. Mary's in overtime, the 2nd overtime score for OLSM in a year's time.

The Rams' coach had his club "up" for this one, and there was a feeling among the players that "we've got to get this one."

While Eagles were checking in their 7th win (7-1), St. Michael was marking its 5th victory (7-1) at ROSM, 60-51 and St. Benedict scored a half-game ahead (8-1) with a 51-35 victory over troublesome St. Rita.

Orchard Lakers actually won with a string of six charity tosses in nine tries, in the extra session. Ironically, Phil Bieri who missed the first period, along with Mike Reed, sunk two goals in the overtime, but committed a foul that eventually produced the winning point with a few seconds to go.

However, Bieri who played a splendid game, both from floor and on the boards hit his season's and the game high of 26 points. The diminutive Reed had 15.

For Eagles it was Don Dwyer, ski with 15, Stan Krognick, 17 and Milt Wojtowicz with 13.

After OLSM led at halftime 7-34, Rams closed the gap, and took the lead briefly in the final, 60-51. They couldn't hold the score below underbated regulation time ended 60-59. A foul 8 seconds from the end gave OLSM its tie.

Eagles lost two starters before end. Glen Hans going out in the 3rd, and Wojtowicz in the overtime.

Shamrocks had little trouble at ROSM, despite a close, 32-30 half time count. "We had a good team performance," said coach Jim Bauer, who is now looking ahead to the postponed meeting with St. Mary's Eagles, at PCH on Feb. 2.

In the other Suburban Catholic League tilt, Tuesday night, surprising St. Clement dined St. James 47-32.

Summary:

ST. FREDERICK	OL SM	ST. MARY

All-Star Pin Points

FAR OUT TO THE RIGHT SIDE BY TREKMAN GIBSON

A professional can get away with bad habits but a person who bows only occasionally will be much better off if he follows the style that a majority agree upon.

For instance, I hold the ball far out to my right side preparing to make the delivery. I have won thousands of dollars in prize money and a berth on the advisory staff of the International Professional Bowlers Association.

The preferred method is to hold the ball in front of the body comfortably.

A relaxed backswing will bring the ball past one's side just as surely as if it were extended in an unnatural position before starting the swing.

Torrance Oil Co. of Birmingham took the early lead, 29-30, as the eighth annual Huron Valley team tournament got under way at Fairgrounds Bowling in Milford recently.

R. Smith of Pontiac turned in the high single for the opening round with 224.

A total of 310 teams are entered thus far. Others interested have until Feb. 25 to join the battle for approximately \$3,800 in prizes. They should contact proprietor Mel Moore.

From The PRESS BOX

Charles T. Forester, state director of high school athletics, said yesterday that tournament officials hope to seat all fans expected at the prep league basketball championships March 18-19. Semifinals are scheduled at six centers in the Lansing area March 18 and final games will be spaced from 10:30 a.m. to 8 p.m. March 19 at MSU's Jensen Fieldhouse in East Lansing.

Shelbutter Parry O'Brien's 65-foot, 1-inch throw in last Friday's Los Angeles Invitational indoor track meet will not be offered as a world record. The shot was under 16 pounds in weight, said Los Angeles AAU coordinator of track officials. The shot was four ounces underweight, Hansen said.

Jack Phillips, former utility infielder in the major leagues, has been named manager of Elmira in the Class D New York-Pennsylvania League. Phillips, 36, played with Buffalo of the International League last year. He was with the New York Yankees in 1948-49, Pittsburgh Pirates in 1950-51 and Detroit Tigers in 1952-56.

The Olympic basketball trials in Denver March 31-April 2 will include a NCAA all-star team, Big Ten Commissioner K. L. (Bud) Wilson disclosed Tuesday.

Spencer KO's Northern in Hockey Tournament

Spencer Floor Covering eliminated Pontiac Northern No. 1 from the City Junior Hockey League's double elimination tournament for 15-19 year olds with a 4-3 victory last night at Northside Park.

The Spencer skaters met the Village Snack Shop tomorrow at 5 p.m. on the same ice with the skaters facing underbated regulation time ended 60-59. A foul 8 seconds from the end gave OLSM its tie.

Eagles lost two starters before end. Glen Hans going out in the 3rd, and Wojtowicz in the overtime.

Shamrocks had little trouble at ROSM, despite a close, 32-30 half time count. "We had a good team performance," said coach Jim Bauer, who is now looking ahead to the postponed meeting with St. Mary's Eagles, at PCH on Feb. 2.

2nd Half Play Opens for City Table Netters

Seaman Manufacturing got off to a fast start in the 2nd half of play in the Pontiac Table Tennis League, sponsored by the City Parks and Recreation Department.

Seaman's defeated Nattelle 3-1 to take 1st place in the Eastern Division. Alumnus Sales triumphed Fox Cleaners 3-1 to lead the Western Division.

Dorrie Reilly of Don Porritt, 2nd-year netter, virtually clinched the "most improved player of the year" award by upsetting OLSM's Richard Heyman 21-18, 17-21, 21-14.

Floyd Finkle of Newberry Market ended Perc Secord's string of consecutive wins at 22 by downing the Capitol Barber star in straight games, 21-19, 21-13.

Foul Shots Produce NBA Wins for Pistons, Knicks

ROOKIE IN ACTION — Detroit's star rookie Bailey Howell cuts off Red Kerr and snags a rebound in the third period of the game last night between the Pistons and the Nats in New York. The Pistons won the opener of the twin bill, 121-114, for their 4th win in the last five games.

The famous center fielder joined the Giants at New York's Polo Grounds in 1951, and moved with them to San Francisco in 1958 when major league baseball came to the West Coast.

Yesterday he signed a contract calling for an estimated \$85,000. That may make him 1960's top-salaried baseball player and an estimated \$5,000 over his last year's pay.

Such a pay boost came after a season in which injury-hampered Willie's batting average slipped from .347 to .313.

The famous center fielder joined the Giants at New York's Polo Grounds in 1951, and moved with them to San Francisco in 1958 when major league baseball came to the West Coast.

Yesterday he signed a contract calling for an estimated \$85,000. That may make him 1960's top-salaried baseball player and an estimated \$5,000 over his last year's pay.

UPI High School Basketball Poll

DETROIT (UPI) — The weekly Michigan high school basketball ratings as compiled by United Press International from the votes cast by the UPI board of leading state prep coaches:

- 1. Muskegon Wrights (4)
- 2. Lansing State (4)
- 3. Grand Haven (3)
- 4. Detroit Eastern (3)
- 5. Detroit Western (3)
- 6. Highland Park (3)
- 7. Detroit North (3)
- 8. St. Joseph (3)
- 9. Detroit Central (3)
- 10. Detroit Central (3)

Most bowlers have a tendency to let the ball go in back of them on the backswing if they start with the ball at the right, "big" hurts accuracy.

The preferred method is to hold the ball in front of the body comfortably.

A relaxed backswing will bring the ball past one's side just as surely as if it were extended in an unnatural position before starting the swing.

Torrance Oil Co. of Birmingham took the early lead, 29-30, as the eighth annual Huron Valley team tournament got under way at Fairgrounds Bowling in Milford recently.

R. Smith of Pontiac turned in the high single for the opening round with 224.

A total of 310 teams are entered thus far. Others interested have until Feb. 25 to join the battle for approximately \$3,800 in prizes. They should contact proprietor Mel Moore.

Seaman Manufacturing got off to a fast start in the 2nd half of play in the Pontiac Table Tennis League, sponsored by the City Parks and Recreation Department.

Seaman's defeated Nattelle 3-1 to take 1st place in the Eastern Division. Alumnus Sales triumphed Fox Cleaners 3-1 to lead the Western Division.

Dorrie Reilly of Don Porritt, 2nd-year netter, virtually clinched the "most improved player of the year" award by upsetting OLSM's Richard Heyman 21-18, 17-21, 21-14.

Floyd Finkle of Newberry Market ended Perc Secord's string of consecutive wins at 22 by downing the Capitol Barber star in straight games, 21-19, 21-13.

11th Frame

By CHUCK ABRAHAM

This will almost assuredly be the last season of bowling at the Motor Inn Recreation but the regular contestants there should have no fear about where they will be kegging next year.

A new place will likely have been built for their pleasure by the time their favorite sport resumes in the fall.

With the exception of the completion of final papers, co-proprietors Lou and Jay Koprinice are ready to go ahead with plans for a bigger and better establishment.

Construction will begin this spring with everything ready to go in time, barring complications, in the fall.

The new "house" will be located in an area surrounded by Perry street, Pontiac and Giddings roads. It will contain 24 automatic alleys and there are provisions to add more. "There will be room for 60 alleys there as we have 15 acres," explained Lou.

Many things are still undecided about the plant except that everything will be new. The brothers have been inspecting various modern alleys to get some ideas on features they are considering.

The move is being made for the convenience of the customers, especially concerning parking, and to get automatics which cannot be installed at the present second floor location.

No decision has been made on a name for the new place but it is not expected to be Motor Inn. "We may" the name in with the location," said Lou.

All the present leagues are expected to make the switch and this corner would not be surprised if a few new ones crop up there since the Koprinice boys are among the most popular in bowling here.

Plans are in the making for another area key business to make a move possible by next fall.

EXTRA PENS

The 6th annual Greater Detroit Bowling Assn. tourney will open April 23 at two Motor City sites. Deadline to enter is Feb. 27. All inquiries should be directed to organization secretary Frank Miller, 1000 E. Warren, Detroit 10, Mich. Dick Preston apparently bowls as well as he goes. Hit a 300 recently.

Title Leap has made history in the Cooley Toppers League with a 615 series featuring a 229. Bob had some rough breaks in the latter game following six straight strikes. It was the first 600 in eight years since the loop started and panned her Cooley League team to new highs of 223-226.

Jackson bowlers heading two of four divisions after three weeks of Eagles State at Muskegon.

Golden Gloves to Fight Saturday

Second Annual Tournament at Pontiac Central

Port Huron and Pontiac Boxers Compete Here in Regionals

The second annual Junior Chamber of Commerce Golden Gloves regional tournament will get started Saturday night at Pontiac Central with fighters from Pontiac, Port Huron and Pontiac participating.

The regional finals will be staged a week later at the PCH gym and from there the winners will proceed to Grand Rapids for the state championships Feb. 12-13 and a chance for the National tournament at Chicago in March.

A program of approximately 20 bouts will be held Saturday.

Eliminations will be held in 16 divisions over the two night program.

Some of the divisional champions in last year's regional tournament who are returning include Alex Trevino, in the 118 pound class, Frank Brown a featherweight and Jerry Gumble at bantamweight.

Twenty fighters comprise the Port Huron contingent under trainer Bob McCulla. Port Huron will be represented in all divisions except the 155 pound and 112 pound classes.

Bill Strange, trainer of the Pontiac group who have been working at Jaycee gym on N. Perry, will have 12 boxers ready to compete.

Tickets for the Golden Gloves can be obtained at various locations around Pontiac, from members of the Jaycees and from the box office at PCH, Saturday night.

Jackie Jensen Quits

Bosox Right Field Open

BOSTON (UPI) — Billy Jurges hopes to fill the "Golden Boy's" shoes by platooning several of his younger players in right field for the Boston Red Sox.

"It's tough when you lose a guy like Jackie Jensen," the Red Sox manager said after hearing that the broad-shouldered outfielder had quit the team. "Sure, it hurts. But you've gotta figure there's always somebody to take his place."

Surge, who took over for Mike Higley manager through last season, said he would try Gary Geiger, Marty Krogh and rookie Leo Clinton in right this season.

PCH Maltmen Pinned by Hazel Park, 30-17

Pontiac Central lost its third dual wrestling meet in 9 outings last night in dropping a 30-17 verdict to Hazel Park.

The Chiefta scored victories in three divisions with the 124 pound match between Sam Wimbom of PCH and Bob Ferguson ending in a draw.

WHAT'S UP — There's something mighty interesting up there and it could be the ball. Tom Reed (44) of Lake Orion seems to be growing at everyone as Dick Miller (33) of

Orford and four players of both teams glare upward. Orford defeated its rival, Lake Orion, 64-41 last night.

Holly 67-66 Victor, Ortonville Scores 98

Oxford Socks Orion, 64-41

The loss of a team leader can often change the entire outlook of a ball club. Clariston found that out when John Parks could not play this season and now Lake Orion is learning what it's like without Dean Callison.

The Dragons took a 64-41 battering from an impressive Orford quintet last night for their second straight dismal showing in as many games since the rugged guard was sidelined with the mumps.

Callison, whose 13 points paced the upset of Troy the last time he played, may miss several more contests because he has been placed under quarantine. And was in his coach Hal Carlin.

Holly nipped Flint Holy Redeemer 67-66. Greenville bombed a weak Genesee outfit 98-33. Lapeer, Clawson, North Branch and Millington were beaten — all in non-league action.

Lampere squeaked by Huron 41-30, and Royal Oak Shrine whipped St. Theresa, 55-43.

At Lake Orion, the combination of the absence of their captain and the surprising defeat in Oak Park had painted a gloomy picture for Dragon followers. It got darker last night. They have their doubts now about Friday's game against Williamston.

Callison might have made the difference in the Oak Park tilt but he likely would not have against Orford because the Wildcats were well "up" for the occasion.

Orions only lead was 3-2 at the start and then it was all Orford. The 2nd quarter ended 17-3 and it was 33-15 at halftime. The difference kept growing and growing. The losers had no scoreless spree that lasted eight minutes as an indication of their ineptness.

Despite suffering an ankle injury on the opening tip-off, Doug Seely turned in a strong performance, totaling 15 and holding LOHS point ace Tom Reed to his season low of 15. Jeff Brady's 15, Norm Williams with 11 and Dick

Miller all 19 gave the victors star ratings.

Orford shot 38.6 per cent from the floor and was also hot of both in winning its 3rd straight. The Dragons hit 24.6 and are now 5-3. Orion won both games last year but Orford got a big one back in tonight's play.

A close press in the final minutes pulled out the Holly triumph with scoring leaders Ron Morin and Ted Waggoner making clutch goals and Morin adding two free throws. Morian finished with 30 and Waggoner tallied 21 in the saw-dust.

Ortonville had little more than a light workout in taking its 8th straight opening with a 28-5 advantage and adding at least 11 in each of the other periods. Ten players shared the scoring headed by Mead Myers, who paraded 14 of his 18 in the first eight minutes. Gus Buehling followed with 17, reserve Jerry Brownson added 15, Ed Miller 13 and Earl McHardy 10.

Lapeer had a good chance to make it two wins in a row but could connect on only 16 per cent of its field goal attempts despite working in close in bowing to Flint MacDeville, 44-35. Tom Connor topped the Panthers with 11. A strong last half sparked Shrine. Jerry McCullough had 18.

Clawson led most of the way and was still in front with five minutes to play yet took a 71-54 whipping at Warren Lincoln. The home club broke loose for five successive baskets and six fouls in a great finish. Bob Taylor paced Lincoln with 20. Gary Boas got 15 and Ken Burton 12 in defeat.

North Branch, blew a six-point edge in the 2nd quarter and went on to bow to Yale, 61-53, hindered considerably by a 9-0-2 foul shooting record. Les Frampton hooped 15 and Don Nellenback 14 for the Broncos. Ned Lockwood capped 15 but Millington showed little other scoring punch in a 43-37 loss at Vassar. Three baskets broke up a 35-35 tie with 1:30 to play.

Lampere won its contest on free throws although its overall mark was a miserable 9-for-23. Carmen Bartolone dropped in the two clinchers with one minute left. Lee Spranger was high scorer with 12.

ORFORD	FLINT	LAKE ORION

St. Louis Depends on Young Pitchers

Cardinals See Improvement in '60 Race

By SOLLY MENUS
St. Louis Cardinals Manager
(Written for Associated Press)

Houston, Tex. (AP)—Your winter trades have made the St. Louis Cardinals a better and more interesting club for 1960. We have added power and helped our pitching.

Our pennant chances depend largely upon our young pitchers and upon the new players we have added in trades with the Giants, Phillies, Pirates and Orioles.

We helped our power from the right-handed side in the plate when we added Darryl Spencer and Bob Niemann. We added left-handed power by obtaining Carl Sawatski and Leon Wagner. We certainly improved our pitching by acquiring Ronnie Kline for our starting staff.

I do feel, however, we have hurt ourselves a little bit defensively by giving up Don Blasingame whom I consider one of the top second basemen in the league, and Gino Cimoli, who is a fine outfielder and got a lot of big hits

for us. However, I feel that Curt Flood, with a chance to play regularly in center field, will more than make up for Cimoli's loss and Alex Grammas will do an acceptable job at second base. Young Wally Shannon could figure in that position, too. Our plan is to put Spencer back at shortstop, his original position.

Our biggest weakness last year was lack of offense. We seemed to get a lot of men on base, but couldn't get the big hit to drive in the big runs. We can now win ball games with one swing of the bat, whereas last year too much pressure was put on the shoulders of Kim Boyer.

Our club lacks possibly pitching experience but we have the nucleus of a good pitching staff. Our experienced starting pitchers will be Larry Jackson, Vinegar Bend Mizell and Kline. Bob Gibson, Ernie Broglio and Bob Miller, three promising youngsters, should benefit from last year's experience. The bullpen is well protected by

Lindy McDaniel and Bob Dilliba, right-hander, and Marshall Bridges, a left-hander.

Hal Smith is our No. 1 catcher. Our infield situation will depend upon how much Stan Musial will be able to play. Besides Stan at first, we have Will White and George Crowe.

Novices Eye National Figure Skating Titles

SEATTLE (AP)—America's skating stars of the future — the novices — opened the 1960 National Figure Skating championships here today.

The youngsters were the first of 99 entrants to take the ice in the four-day program. Novice ladies skated school figures this morning; novice men this afternoon. The tempo will quicken tomorrow when the senior ladies and juniors — men skate school figures and the first evening program brings free skating by the novices and the junior pairs.

Jerry Tillman bagged 58 points to spark the Saginaw attack and Jack Rasmbling of Flint Central took individual game scoring honors with 21.

Saginaw, Flint Northern and Arthur Hill now are deadlocked for 2nd place with 52 records. Pontiac Central leads the Valley race with a 5-0 mark.

In non-conference games Tuesday involving Valley quintets, Arthur Hill was defeated by Midland 56-47, and Bay City Central lost to city foe Handy, 60-47.

Scotty Cross Is Dead

DETROIT (AP)—Charles (Scotty) Cross, Scotland's boxing champion in 1908, died here yesterday. He was 87.

Cross, born in Edinburgh, had lived in the Detroit area for the last 50 years. His boxing career here was highlighted by a bare-knuckle bout on a barge in the Detroit River.

He became a carpenter upon retirement from the ring.

Anti-Gun Legislation Challenges Sportsmen

By The Press Outdoor Editor

The right to possess, and use firearms, for lawful purposes has long been a priceless heritage for Americans, such as no other nation on earth can boast.

This inherent right covers the use of firearms in the sporting sense as well as in public defense. The National Rifle Assn. pointed out recently that increased efforts are being made by uninformed, or biased sources, to deny reputable citizens their right to own and bear arms for lawful purposes.

"The right to keep and bear arms" says executive director Louis F. Lucas of the NRA, "is a priceless heritage, and must be protected from those who would destroy it."

STRESS RESPONSIBLE GUN OWNERSHIP

Lucas went on to say, in an editorial, that action is being taken to build public acceptance of responsible gun ownership and use. The NRA through safety training course, an expanded small arms firing school program, national matches by the Armed Forces and NRA are means of focusing attention of the public on the importance of marksmanship in national defense.

Recreation groups, schools and colleges are offering hunting and fishing. Legislative people seek guidance of NRA in the matter of laws on firearms before the legislation is presented. "A positive approach to improved public acceptance and understanding" the NRA added.

When Mr. and Mrs. R. N. LaVarra, 411 Summit, Lake Orion, remarked to friends at a recent party that their miniature poodle, Tony, had become the mother of an even dozen youngsters, there was considerable eyebrow lifting.

"But it's a fact" says Mrs. LaVarra who spends much of her home time seeing the hungry puppies and their patient little mother are properly cared for.

The usual litter for this breed runs from five to seven. So, Mrs. LaVarra believes, this one may be some kind of a record.

All but one have survived. The litter was divided equally between the sexes. They were whelped in the living room of the Lake Orion home, and the busy little family is still there.

The litter is now two weeks old, averaging from 14 ounces to better than a pound. The dogs weighed about 6 ounces at birth.

"I expect we will sell them, but it will be hard, after you get to like them so much," Mrs. LaVarra added.

Oakland County Sportsmen's club archers will be represented at the coming Ben Pearson national shoot in Akron, Ohio, Feb. 13-14. A team of OCSC's top bowmen, including four regulars and an alternate, was announced to day by Woody Slade, includes Bob Goff, L. G. Green, Joe Bablin, Moose Bewick, and alternate George White.

The trip was made possible, says Slade, by a \$150 grant from OCSC.

BLACK COYOTE BAGGED IN UP

The recent shooting of a black coyote in the Upper Peninsula brings to memory of this animal a similar animal, many years ago. The coyote is normally a lawny color, and such off-color individuals are rare indeed.

The animal this observer noted today at the side of an old logging road in the vicinity of Stoughton, in Bay De Noc, had all the characteristics of the latest reported animal.

There's a free ski map of Michigan awaiting winter sports enthusiasts, now that the skiing season has hit its peak. All that is necessary to get one, or a number of the maps, is to write the Michigan Tourist Council for Ski Map, Lansing 28, Michigan. It lists all facilities and locations of the state's winter sports centers (71).

YOUNGSTERS LANDS BIG CALICO

Biggest calico has been taken from an Oakland county lake this winter, appears to be the 14 1/2-inch, one-pound, 15-ounce taken by 13-year-old Barry Benson. Barry, Lake Orion junior high pupil, caught the big calico on a tipup rig on a private lake near Pontiac. This was his first ice-fishing expedition, and he got just the one fish.

Oakland County Sportsmen's Club has a young "Diana" who is becoming quite a proficient skeeter. Homer Coss of OCSC reports to this department, Janet Leonard, daughter of the Al Leonards of Milford, is just 16, a very personable young woman who has been shooting the flying clay targets for only two years. Janet has recently come up with some 25-30 straight, usually scores well up.

The call of Nepal, or the Punjab has been heard by Pontiac's big-game-hunter-physician Dr. M. C. Worster, and the good doctor is planning an early spring tiger-hunting trip to India. Several years ago Dr. Worster enjoyed a thrilling big-game safari in Africa, getting a variety of splendid game, including a big bull elephant.

Grand Rapids Club Wins Sectional Test

ANN ARBOR 49 — The Grand Rapids Rifle and Pistol club captured the overall team title in the National Rifle Assn. Junior Sectional tournament here over the weekend.

The Grand Rapids team piled up 1,335 points, only nine short of the winning national total last year.

Grand Rapids Union ROTC won the military scholastic crown with 1,340 points. Allen Park, High school took the scholastic title. Grand Haven High, winner seven times in a row and 10 times in

the last 12 years, did not defend

Arthur Onweller of Toledo won the individual title. Second was Edward Nelson of Grand Rapids. The tournament was one of 20 sectional events held throughout the country.

Gnu's Nothing New!

By appearance, the gnu is part donkey, part buffalo, part horse and part antelope. Apparently, there is nothing new about a gnu.

Two-Way System

The fact that the blood in their gills flows in one direction and the water in another enables fish to utilize the oxygen in water most efficiently.

Ned Lilly Grooms Sons for Trap Titles

Perpetuating a Tradition

STANTON, Mich. 49 — Long an expert in the massacre of clay pigeons, Ned Lilly is building a practice shot trapshooting range at his home to help his sons take aim on targets part in about five major tournaments a year.

CHAMPION — Ned Lilly, world renowned all-time trapshooting great, is building a practice field for his two sons at their home in Stanton, Mich. The boys are pointing for championships, like their dad.

Lilly has been named to the All-American trapshooting team nearly every year since his first appearance with the 18-man squad in 1932 at the age of 14. He was its captain last year.

He finished second in high overall standings last August at the annual Grand American trapshoot at Vandellia, Ohio—trapshooting's greatest test. Lilly has won the event more often than any two other leading shooters between the years 1933 and 1959, the first and latest times he finished on top.

His other honors include 16 national championships; three national father and son championships with his father Dr. I. S. Lilly, Montclair county coroner; plus father and son championships with his own son John, 18, in 1957 and 1958.

It all started with an air rifle Christmas present when Lilly was five years old. Three years later

he had a trap layout of his own on a neighbor's farm where he blasted 50 to 75 targets a day for more than a decade while between tournaments.

Lilly, who operates a Stanton lumber yard, offers two reasons why he doesn't practice. He feels he can't spare the time from work and, besides, he believes he can't concentrate with nothing at stake and might fall into the habit of missing.

Nine-year-old Dan Lilly rounds out the family trio of "big shots." Lilly's wife, Mary Jane and their 17-year-old daughter Nedra are noseshooters. They travel, however, to most of the tournaments which become family outings.

Lilly claims he will continue shooting in competition only as long as he is able to keep his place among the top few gunners in national meets. After that, he plans to sit back and watch his sons try their aim on the titles their father holds.

Hunt Coons in Daytime

Break With Tradition

Quail Shooting Provides Funds for Charity Work

SAVANNAH Ga.—The Savannah Hunting Preserve is one of the most unique in the south. It is operated by Rev. George Atkins of the Union Mission. Profits are put back into the Union Mission for charitable work.

Rev. Atkins, hunter and fisherman says: "We used to raise stray cows as a source of income, but when we saw how hunters were for quail we sold our herd. Handling quail is tougher, but it's more fun and pays for the Union Mission."

Spearing Good in Area Waters

12, 11 Pounders Taken by 'Shantymen' During Last Few Days

A few added inches of thickness to ice on area lakes has brought more activity on the part of the "shantymen," the anglers who sit in the comparative comfort and darkness, waiting for some sly northern to slide beneath the hole. The curious past, coming in to look over the decoy, then usually "gets it in the neck."

Biggest speared pile of the season for this area was the 11-pounder brought in by Orionville fisherman J. L. Groveson. A dazed lure on a short line attracted the fish which hooked itself, then went back under the hole to get the spear. The fish was 34 inches long, 18 in girth.

Lloyd Barry, Pontiac transmission service operator, didn't have any luck where he first set up his shanty on Elizabeth Lake. But almost as soon as he shifted to a new location he had a 11-pounder that went in to look over a wooden minnow skipper. The fish was 33 inches long. Lloyd's small daughter was with him and got quite excited when the big pike was landed.

16 Show Tuesday, None Is Standout

Bird Dogs Run for Title

CANTON, Miss. (AP)—The 41st annual Derby championship of the bell of Dancynville, Tenn., seemed National Field Trial Club remained wide open Tuesday with six prize bird dogs yet to show. The six make their 30 minute hunt for the judges today. After the Derby, limited to 2-year-old bird dogs, the club's free-for-all gets cracking.

Of 15 dogs that showed there was one fault. He found no birds. His braceable, Hoppe's Dianah May, owned by Dr. J. B. Anderson of Russellville, Ala., turned in a fair hunt and one bevy.

Sadlie Ace of Spades, owned by C. L. Mason of Madison, Ga., ran an excellently placed hunt but was carried by bad luck. Ace's first point was confused by a rabbit. The second failed to produce game. In the third, the birds seemed away when Ace presumably got top close.

The Savage, owned by H. G. Tarter, had two finds and a back but tired toward the end of his hunt. Stamina is an important factor in judging.

In the opening brace, Hedgerow got lost midway in his hunt and Safflin Concord Amos turned up one bevy.

Annual mid-winter 30 caliber rifle "Snowball Derby" is scheduled for Sunday, Feb. 21 at the Oakland County Sportsmen's Club range at Townsend Lake.

The shoot will be limited to the first 41 rifles signed up at the clubhouse, with the entry fee of \$2 per shooter going to the OCSC's indoor rifle range fund. Match starts at 9 a.m.

Program of competition calls for 10 shot, firing 10 offhand, 10 rapid fire standing at sitting at 200 yards, and 10 slow-fire sitting, 10 rapid fire standing to prone at 300 yards.

Ammunition will be furnished, but competitors should take their own ground clothes.

Nebraska Drake Refuses to Admit It's a Dead Duck

LINCOLN, Neb. (AP)—Two Nebraska hunters, both officials of the state game commission, are red-faced over the "twice-dead" duck that got away.

One of them shot the drake but it started skiff for five minutes, then crashed at the feet of the other hunter on the opposite side of the lake. He put it in the trunk of his car.

After the hunt, they decided to give the Labrador retriever some practice, and handed over the drake, slamming its head against the car fender several times to make sure it was dead.

They tossed it into the air for the dog to retrieve—but before the hunters could grab their shagwags the duck flew away to safety.

Great Outboards

NEW YORK—There are almost six million outboards in use in the United States. More than 500,000 were sold in 1959.

PISCATORIAL PRIZE — J. L. Groveson, Orionville, was the proud angler who speared this husky pike in a northern Oakland county lake. The northern was 32-pounds, 36-inches long, and 16-inches around.

White Buck Archers Arrange Golf Shoot

A large field of archers is expected to be attracted to Sunday's archery-golf shoot, over Pontiac Country club's 18-hole layout.

The shoot is a handicap affair and even beginners may qualify for cash awards. Registration will take place between 9 and 9:45 a.m. at the clubhouse, which will be opened for the convenience of the archers.

Giles White Buck club is sponsoring the shoot.

WASHINGTON — U.S. fishermen spend an estimated \$2 billion during each year.

If It Doesn't, He's Finished

Will Army Back Up De Gaulle?

By WALTER LOGAN

United Press International
France's 600,000-man expeditionary force in Algeria holds the key to Gen. Charles de Gaulle's future.

It was the strength of that Army and the threat of a march on Paris that brought the Fourth French Republic crashing down in May 1958 and sent De Gaulle rushing from retirement in Colombey-les-Deux-Eglises to fulfill what he believed to be France's destiny.

As the army backs De Gaulle throughout the current crisis in Algeria he will be able to remain as president and direct France along a path he hopes will lead to a revival of past glories.

Should it turn against him De Gaulle would be finished. Many officers in the army are believed to be opposed to De Gaulle's Algerian policies of giving self-determination to an area made up of one million Frenchmen and nine million Moslems. They fear that will be the end of Algeria.

So do the French settlers who are Algerians by birth but French by nationality and blood ties. They have aligned themselves with the army and landed with its leaders to act before a five-year rebellion by French Moslems leads Algeria to independence.

Maj. Gen. Jacques Massu, a paratrooper hero to the Algerian settlers and leader of the May 1958 uprising, was quoted last week as saying the army had begun to wonder if it had made a mistake in making De Gaulle their choice. He hinted at the use of force.

A formal denial was issued in his name. It said he did not use those words.

But the words were there and they have been hanging over France and Algeria and over new hope to the settlers, dismayed by what they considered De Gaulle's softness, and freighted by new attacks of terrorism.

And Massu spoke later of discontent in the army itself. There was no hint from Gen. Maurice Challe, the French au-

gustine commander in Algeria, of any Anti-Gaullist sentiment. He is an ardent Gaullist and he is mentioned in a special broadcast, "the uprising will not triumph against the French army."

"I am bringing in reinforcements from the interior to Algeria," he said.

THIS IS ALL:
"Rioters have attacked and fired at the forces of order, who tonight have several killed and wounded," Challe said when the shooting began. "Order will be maintained. The city is under a state of siege. An assembly of more than three persons is forbidden. This is all."

De Gaulle has effective this order will be depended the

future of the city and probably of De Gaulle's Fifth Republic. The die-hard settlers ignored it. The army itself remained aloof during the Sunday fighting in which students and middle-aged settlers fought from behind cobblestone barricades against security police—the first time Frenchmen had spilled French blood in the Algerian fighting.

De Gaulle had major political troubles brewing in France itself, but the situation was far less tense than in May 1958. Then an undercurrent of crisis gripped France and riot police lurked near every major intersection in Paris, ready to act should violence flare.

Paris today was calm and riot police stationed near the Arch of

Triumph saw only curious moviegoers on their way home. De Gaulle still has an ace up two up his sleeve in France. Should political crisis arise at this time he is empowered to dissolve the national assembly and rule by decree till order is restored.

"He is opposed now by Antoine Pinay, the conservative leader he fired recently as finance minister."

He also is opposed by Georges Bidault, the former premier who leads a group of extreme rightists in Algeria. Bidault disappeared from his suburban home last night and police were looking for him. But if the army remains loyal De Gaulle can attend to these matters later.

Rochester Rezoning Public Hearing Set

ROCHESTER—A public hearing of a proposed amendment to rezoning both sides of West University drive between Pine and Oak streets from multibusiness to mercantile business A has been set Feb. 22 by the Village Council.

The main purpose of the amendment is to allow Dr. L. W. Melstrom, optometrist, to remodel his office at 303 W. University Dr. and to build closer to the lot line.

York and Roscoe R. Martin, village attorneys, also have been directed to prepare a revision to correct the unintended side effect of rezoning and to set up more definite restrictions for accessory uses in residential districts.

Accessory uses are mainly when businesses are set up in the home. The attendant problems involved are neighborhood acceptance of the venture, the accompanying traffic and parking problems and other related issues, councilmen said.

About 75 per cent of all U.S. families own automobiles.

Romeo Citizens Air School Money Views

Compromise on Millage Proposal

ROMEO — Called back into session last night after a meeting with some 100 citizens and teachers, the Romeo Board of Education decided on a compromise millage proposal to present to the voters "as soon as possible."

The Board will ask for four mills for one year with the idea of helping to pay off this year's anticipated deficit and increasing the base salary schedule for teachers by \$200.

The citizens and teachers had met with Board members to give their views on the three millage proposals recently presented to the Board.

One of the three proposals under consideration was a "crash program" of three mills for one year, submitted by the Citizens' Committee pending completion of an overall study of district needs due around June 1.

WOULD MEAN \$150

"The Citizens' Committee's proposition was designed to give the teachers an across-the-board pay hike of \$150 and to help pay the district's deficit of \$40,000."

The second proposal was the one recommended by the Welfare Committee of the Romeo Education Assn. (teachers' club). It called for a \$400 increase in the base salary schedule, higher maximum salaries and larger and fewer increments.

No pay raises were granted last year, and the teachers wanted their salaries hiked to meet increased living costs and to compete with neighboring districts.

Schools Superintendent T. C. Filippa then outlined his reasons for proposing an extra four mills for five years at the last Board meeting.

He said the school system is "just in" a junior high educational program, and that a music program, both vocal and instrumental, recently has been developed on all grade levels.

COUNCILS WOULD STOP

Filippa further explained that social science is now being offered in the elementary grades and that foreign languages have been introduced in junior high and high schools.

If the proposed "crash program" is approved, these things will be stopped, the superintendent warned, adding "I don't think it's advisable to get along with less."

He added that five administrators does not have the selection of teachers now that it could have if salaries were higher.

It was pointed out that if the teachers, citizens and Board members were given enough time to inform the electorate about school needs, a millage proposal could be sold. And perhaps in a year, voters would go for a bond issue for school expansion.

Those present also asked that whatever millage is proposed be translated into dollars and cents for public clarification and that anticipated reduction of services, which would be forthcoming should the proposal fail, be fully explained.

Before the earlier meeting adjourned, James C. Burke, REA president, proposed that the citizens support the four mills for five years. He said, "It would save a lot more teachers than three mills for one year."

Grand Rapids Senator to Run for Re-Election

GRAND RAPIDS — Retiring Grand Rapids druggist Perry W. Greene today announced he is a candidate for re-election as state senator from the Sixteenth West District.

Greene first was elected to the post in 1944 and is in his eighth year.

In Europe there is only one telephone for every 15 inhabitants.

Auburn Heights Group to Hold Pinochle Party

Rhubarb Queen Contest Feb. 3

Deadline Is Saturday for Utica's Hothouse Crop Fete

UTICA—The 1960 Michigan Hothouse Rhubarb Queen will be selected in a contest at 8 p.m. Feb. 3 at Utica Community High School, according to Charles Bannow, contest chairman.

To be eligible to compete for the crown, candidates must live in Macomb County, be single, between 18 and 21 years old and have a sponsor.

Deadline for registration is Saturday, by which time contestants must have made arrangements to enter the competition with Bannow, owner of Bannow Flower shop.

Contestants will appear first in street clothes for interviews and later in formal.

COOKING ADDED

This year cooking has been added as a requirement for points in addition to beauty, poise, personality and speaking ability.

The winner and her court will receive the 1960 Annual Hothouse Rhubarb Festival March 5. Before that time the queen will be called upon to make numerous television and radio appearances to promote the festival and the rhubarb industry.

Franklin Knolls Lateral Sewer Contract Given

FARMINGTON TOWNSHIP — A \$108,000 contract for construction of the Franklin Knolls lateral sewer has been awarded by the township to Gordon Sel-Way Inc., Birmingham contractors.

The lateral is the first to be built that will connect with the Farmington Interceptor sewer, which is expected to bring relief to Farmington and West Bloomfield townships and Keego Harbor.

Some 100 homeowners in Franklin Knolls have been assessed approximately \$601 over a 10 year period to pay for the lateral. Residents in the special assessment district already have made two payments.

Construction of the laterals will begin before spring, according to Township Supervisor Curtis H. Hall.

The \$3,700,000 interceptor is scheduled for completion in early summer.

Ten Lake Orion Employees Given Hourly Pay Boosts

LAKE ORION — A pay raise of 10 cents an hour for 10 permanent village employees has been granted by the Lake Orion Village Council, retroactive to Monday.

The 10 employees, called "permanent" because they have worked for the village two years or more, include members of the maintenance crew, the superintendent of the Department of Public Works, police chief, one patrolman, the village clerk and the two full-time police dispatchers.

The men of the road crew had asked for a pay hike, their first in five years, at the Jan. 11 Council meeting. They wanted their wages increased from \$1.05 to \$1.15 an hour.

Village attorney Harry Slater has recommended that the Council stay out of an alley dispute that has been brewing since Christmas.

The construction of a building by Harold Waltman at the rear of the Lake Orion Bakery prompted the furor. Property owners whose stores abut the alley claim neither they nor their customers can use the alley now for access from nearby streets.

The Council has set March 8 and 9 for the Board of Review. George Perry and James Handrell have been appointed to serve on the board.

Lamphere District School Bonds OK'd

MADISON HEIGHTS — The borrowing of \$2,825,000 through general obligation bonds by Lamphere School District here was approved yesterday by the State Finance Commission at Lansing.

The money will be used to buy land and build new schools.

Plans call for a senior high school at 13-Mile road between John R. and Harper Avenue highway. Construction is scheduled to begin sometime this year, with completion in September 1961.

Also, a 13-room elementary school will be built in the vicinity of 12-Mile and Dequindre roads this year.

Part of the loan will be used to finance additions of rich classrooms at Lessinger School and multipurpose rooms and offices at both Woodland and Simonds Elementary schools.

Plans also call for the addition of two more elementary schools and another high school within the next five years.

Central America is leading the world in population growth, adding more than 1,000,000 persons each year.

A low bid of \$1,329.50 with trade, submitted by Russ Johnson Motor Sales for a new police cruiser, has been accepted by the Council.

Plan Pancake Supper

FOUR TOWNS — A pancake supper, sponsored by the Four Towns School PTA, will be held at 5:30 p.m. Saturday at the school. The public is invited.

BLOOMSBURG, Pa. — A girl in nearby Rush Township borrowed \$350 to buy a used car.

When the new license plate arrived for the car it bore the numbers "U OO 350."

Farmington Twp. Clerk Director of County Unit

FARMINGTON TOWNSHIP — Township Clerk Floyd A. Cairns has been named Oakland County director of the Michigan Township Assn. for a one-year term.

He replaces Mrs. Elsie Avery, Farmington Township treasurer.

Cairns, who lives at 32924 13-Mile Rd., has been township clerk since 1955 when he was appointed to fill a vacancy.

He has been elected twice since then.

Leadership Course Set

WALLED LAKE — A nine-week leadership course under the sponsorship of the Christophers began tomorrow at 7:30 p.m. at St. William's Church. Jack Hooy will be the class instructor. The public is invited.

GOP Can't Find Rival for Bagwell

Cooking School Audience Quiet and Very Interested

By JANET ODELL,
Pontiac Press Home Editor

Nine Pontiac area households had special feasts in their homes Tuesday evening.

Nine women attending the Pontiac Press Cooking School were lucky winners of the tempting dishes prepared on the stage of Pontiac Central High School.

Carolann Hammenstein and June Uebel, an efficient pair of home economists from the National Live Stock and Meat Board, showed

preparation details and finished but there were a number of pre-schoolers occupying seats. (Some mother asked where the nursery was.)

The oldest member of the audience was Mrs. C. A. Bogle of Pontiac. She received flowers from the Press. With her sister, Mrs. Ever Mosher, Mrs. Bogle has lived in Pontiac almost 60 years. Both women said they had attended former cooking schools sponsored by the Press.

We didn't see any tiny babies. Except for last-minute trouble

with the microphone, the program went smoothly and swiftly. As fast as Miss Hammenstein finished preparing one dish Miss Uebel brought in materials for another one. We think she should wear a pedometer and find out just how many miles she walks during each program.

In addition to the overhead lights on the stage two large spotlights were focused on the table used by Miss Hammenstein's one on each side. This table, obtained through the courtesy of Economy Furniture Co., has a smooth Formica top. The sides are draped with dark velvet.

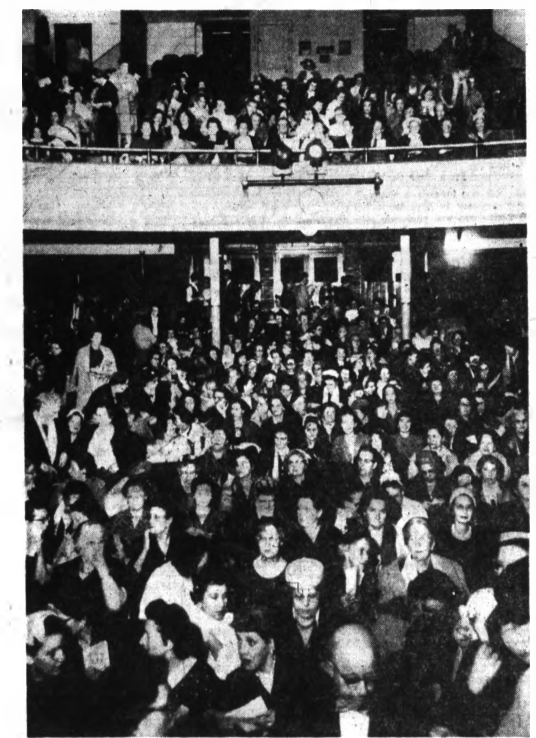

On one side of the stage is the Magic Chef gas range and on the other the Hotpoint electric range. Both are used during the cooking demonstrations. They will be given

See Cooking School Photos on Page 21

away as grand prizes on Friday. Consumers Power Co. and Federal Department Store are the donors. Consumers Power also furnished the RCA-Whirlpool gas refrigerator on stage Tuesday.

Backstage there is another refrigerator and a third stove. The refrigerator is crammed almost to the hatching point with the various foods needed. Some 35 to 40 pounds of meat are used each day.

Two young Pontiac area home-bakers, Polly Anderson and Toni Treadwell, served as pages. Becoming dressed in flowered skirts and coral blouses, they carried in each finished dish to be shown against a dramatic background in the final Parade of Foods. A large slanting mirror enabled every member of the audience to see the food.

THEY CAME EARLY — Pontiac Press readers needed the advice given in the paper and came early to the cooking school. Those people up in the front row of the balcony came before lunch. Cliff Wiegand (center foreground), local organizer, entertained the crowd with a half-hour recital. Members of the audience were busy filling out numerous coupons for the daily prizes.

De Gaulle May Try Dictatorship

Threat of Further Split With Algeria Growing by the Hour

PARIS (AP)—The threat of a further break between inflamed Algeria and President Charles de Gaulle's Paris government grew hourly today.

As the deadlock went into its fourth day, rumors spread that the President might evince constitutional provisions that would give him dictatorial powers if he feels France's integrity is menaced.

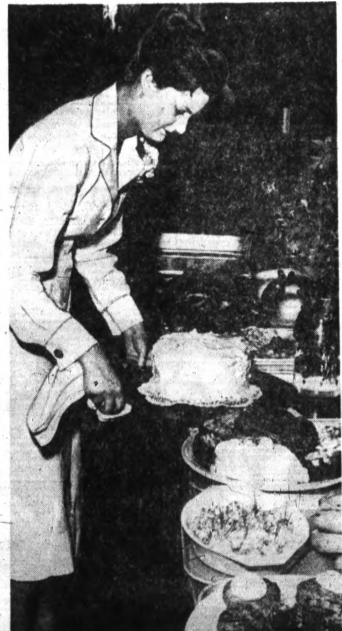

Reports also persisted that Premier Michel Debre would resign as a result of the crisis in which 24 persons died and about 150 were injured in a battle last Sunday pitting Frenchmen against Frenchmen. Debre's aides denied the report.

There was no sign of a solution to the situation which posed the gravest threat to De Gaulle since the Algerian uprising of May 1958 doomed the Fourth French Republic and vaulted him to power.

The barricaded insurgents—fearful that De Gaulle's moderate self-determination policy would lead to eventual independence for Algiers—demand that the largely Moslem land remain French.

Volcano Runs Wild

KOAE, Hawaii, (UPI) — The Puna eruption on Hawaii destroyed one home yesterday, threatened two others and cracked open the earth near Warm Springs Junction.

PARADE OF FOODS — At the end of each session of the Pontiac Press Cooking School, a Parade of Foods shows off each dish in a dramatic setting. June Uebel, one of the home economists conducting the school, puts the finishing touches on a glamorous pineapple torte.

See Cooking School Photos on Page 21

away as grand prizes on Friday. Consumers Power Co. and Federal Department Store are the donors. Consumers Power also furnished the RCA-Whirlpool gas refrigerator on stage Tuesday.

Backstage there is another refrigerator and a third stove. The refrigerator is crammed almost to the hatching point with the various foods needed. Some 35 to 40 pounds of meat are used each day.

Two young Pontiac area home-bakers, Polly Anderson and Toni Treadwell, served as pages. Becoming dressed in flowered skirts and coral blouses, they carried in each finished dish to be shown against a dramatic background in the final Parade of Foods. A large slanting mirror enabled every member of the audience to see the food.

TICKETS TUMBLED — Laughter broke up the suspense preceding the awarding of prizes when half the tickets fell out of the revolving drum holding them.

Prizes for the day included an inner-spring mattress from Economy Furniture, a baking set from Consumers Power, gift food certificates from Wiegand, a gift certificate for cleaning from Oge Craters, and the food and some utensils from the cooking school.

Cliff Wiegand entertained with a half-hour organ recital before the program Tuesday and will play each day of the school. Sessions are planned through Friday of this week.

Snow, Freezing Rain Pose Road Menace

This morning's light snow was expected to change to freezing rain or drizzle by late afternoon and to snow flurries tonight.

Main highways were clear this morning but the County Road Commission said the snow was packing on all streets and roads, making driving hazardous. Gravel roads were still slippery.

For the next five days temperatures will average about six degrees above the normal high of 33 and normal low of 19. Tonight's low will be near 21. Thursday's high is expected to be 36.

Friday and Saturday will be a little warmer with little change in temperature.

Precipitation will total near four-tenths of an inch as snow flurries tonight and Thursday and rain about Friday or Saturday. More snow is likely about Monday.

Morning winds easterly at 8-15 m.p.h. will become northeasterly at 12-20 by evening.

Twenty-six was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury read 35 at 1 p.m.

Police Issue Going to People for Vote Verdict

Commission Decides Unanimously to Call for Charter Revision

By HARVEY ZUCKERBERG

The City Commission last night unanimously resolved to "put the police department controversy to a vote before the people."

Fellow commissioners concurred with J. A. Dugan's resolution instructing the city attorney to prepare a "rough draft" of an amendment to the city charter.

Based on recommendations from the Pontiac Area Chamber of Commerce and the Pontiac Police Officers Assn., the amendment will deal with Police Trial Board provisions and the office of director of public safety.

Both organizations seek to have control of the Trial Board over the chief of police transferred to the city manager.

If the amendment adheres to that aim, the way would be paved for City Manager Walter K. Williams to fire Herbert W. Straley as chief of police in less than three months, if he chooses to do so.

Public Safety Director George D. Eastman may also lose his job at that time with abolishment of his position as provided in the City Charter.

The PPOA last night also asked the Commission to either fire Straley's resignation or fire him.

When drawn up, the amendment will be submitted to the Commission for its consideration, and when approved, be placed on the April ballot.

THE ONLY WAY — "We've got to get this back to the people and get this straightened out," said Dugan. "It is the only way it can be solved."

The Commissioner then addressed Philip E. Rowland, "Mr. Mayor, I want to warn you that time is flying by."

Dugan met some opposition from Commissioner Milton R. Henry, who said "I'm not a candidate for City Attorney W. A. Exner, that one."

Highland Park Protests Chrysler Xway Route

LANSING — Highland Park residents have gone to the State Highway Department to protest proposed construction of Walter P. Chrysler expressway along one of the city's main thoroughfares.

More than 60 residents of the Detroit suburb brought petitions they said carried names of 7,500 fellow townpeople to a meeting yesterday with highway Commissioner John C. Mackie.

For the next five days temperatures will average about six degrees above the normal high of 33 and normal low of 19. Tonight's low will be near 21. Thursday's high is expected to be 36.

Friday and Saturday will be a little warmer with little change in temperature.

Precipitation will total near four-tenths of an inch as snow flurries tonight and Thursday and rain about Friday or Saturday. More snow is likely about Monday.

Morning winds easterly at 8-15 m.p.h. will become northeasterly at 12-20 by evening.

Twenty-six was the lowest recording in downtown Pontiac preceding 8 a.m. The mercury read 35 at 1 p.m.

Straley Granted Right to Intervene in PPOA Lawsuit

Judge H. Russell Holland today granted Police Chief Herbert W. Straley the right to intervene in the lawsuit testing the legality of the Police Trial Board.

"There is no question but that petitioner Straley has an interest in this litigation," the judge ruled.

He said by denying the petition of intervention it would "decide nothing" and only drag out the case with an appeal to the Supreme Court.

Although his (Straley's) interest perhaps does not exceed the interest of others in the police department, there appears to be more urgency attached to his interest that requires the following basic question to be answered by the court, than attaches to the interest of some of the plaintiffs for instance," the judge said in his opinion.

That question, he said, was to determine whether the Trial Board legally existed.

Oxford Plant Hit by \$100,000 Fire

One Workman Injured in Blast Which Spread Blaze Through Factory

A \$100,000 fire this morning gutted the interior of the main section of the Pontiac Hude Co. plant, at 555 Lakeside Rd., Oxford.

The blaze was believed to have been caused by a short in the electrical wiring which ignited solvent fumes. A fire crewman was injured slightly.

Max Evans was just preparing to leave the cooking room when the explosion occurred. He was taken to a local doctor for treatment of facial burns.

The cooking room is where the slaughterhouse materials are rendered for manufacture of tallow and meat meal for poultry and dog food.

The blaze broke out about 7 a.m. and spread to the adjacent storage room and downstairs where the cookers are kept.

Two other employees were in the building when the explosion occurred. Unharmed, they summoned the Addison, Oxford and Orion volunteer fire departments.

The firefighters brought the blaze under control in about an hour. The cooking room of the huge, cement block and concrete building was gutted and the machinery was left a mass of twisted ruins.

The carcasses and meat scraps stored in barrels in the next room were covered with ashes and soot. The basement room was destroyed.

Owners of the firm are three partners, Morris Blumens, and Morris and Samuel Kampner, all of Pontiac.

They said the plant was put out of commission by the blaze but they would continue to operate through other companies.

Most of their 15 employees will be kept on the payroll while they help clean up the mess, the owners said.

Senate Door Left Ajar by Romney

DETROIT (AP)—Industrialist George C. Romney, in an apparent political about-face, has indicated he could be persuaded to run for U.S. senator from Michigan this year.

Romney, 52, American Motors Corp. president, told an interviewer yesterday he would not seek office, nor would he accept a draft as candidate for the Michigan governor's chair long occupied by Democrat G. Mennen Williams.

However, he left the door ajar regarding a possible movement to draft him for the Republican senatorial nomination to face Sen. Patrick V. McNamara (D-Mich.) in November.

"I haven't said that absolutely under no circumstances would I give the matter consideration," Romney declared. But he would say no more, not even as to his party leaning.

The statement drew mixed comment from Michigan political leaders.

Romney also said: "I decided several years ago that issues exist in this country too great to be ignored just because it might hurt me in a corporate job to speak out."

Romney has been touring the state for several months to build up membership in his "Citizens for Michigan," a nonpartisan group dedicated to help solve Michigan's governmental and economic ills. He has maintained strict political neutrality.

At a group organizational meeting in Detroit Monday night, Romney said, "I am not a candidate for any political office."

The auto executive stated he was "profoundly concerned that publicity about the question of my possible availability as a senatorial candidate may impair the effectiveness of the program of Citizens for Michigan."

"My dedication to this purpose takes priority over availability as a candidate for any political office," he said.

Romney made no flat statement regarding his party allegiance during the interview. But reminded he had spoken in the past as a Republican fund-raiser, the industrialist emphatically acknowledged he has been "saying pretty much the same thing since."

Senators Huddle but Discover No Agreeable Foe

County's Sen. Lodge Misses Dinner Meeting at Lansing Club

From Our News Wire

LANSING—Nineteen Republican senators hopeful of agreeing on an Aug. 2 gubernatorial primary opponent to Paul D. Bagwell met over steaks last night and canvassed the possibilities.

Among the three missing was Sen. L. Harvey Lodge of Oakland County. He said he arrived in Lansing too late after taking his wife home from a Pontiac hospital yesterday.

"What were the net results?" a reporter asked an hour after the session broke up at the Lansing Country Club.

"Nothing," answered Sen. Perry W. Greene of Grand Rapids, nominal host at the gathering.

The check-for-about \$200-was paid up by Russell Boyle, publisher of the Michigan Tradesman.

Greene said the name that sparked the most interest was that of Tyrone Gillespie, assistant to the president of the Dow Chemical Co. Gillespie was mentioned in early 1958 as a possibility for Republican state chairman.

Sen. Lynn O. Francis (R-Midland), GOP floor leader, sounded out Gillespie over the weekend. "I can't afford it. It was nice of you to think of me." That, said Francis, was Gillespie's reply.

Gillespie was hailed by Greene as answering the prescription the GOP Senate majority was trying to fill.

"We are looking for an outstanding man, somewhat conservative, not committed to a state income tax," Greene explained.

"He had no strikes against him. He signed a minority report after the 1958 election. He was looking for an outstanding man, somewhat conservative, not committed to a state income tax," Greene explained.

Newsmen wanted to know why Republican senators objected to Bagwell, Michigan State University faculty member who ran a creditable race against Gov. Williams in 1958 and is an odd-on choice again this year for the GOP gubernatorial nomination.

BROWN ON YES MAN — "We decided Bagwell shouldn't be in there all alone saying yes to everything the Governor said," was Greene's explanation.

"We are looking for an outstanding man, somewhat conservative, not committed to a state income tax and a payroll tax," Greene said. "We prefer to have somebody else but if he's the candidate we will support him one hundred per cent."

Lodge seemingly would have been on the side of those who are finding fault with Bagwell's position as the income tax.

"There are things about him I don't like," Lodge told The Pontiac Press today. "I don't like his attitude toward the income tax and his ideas about spending."

"What the Republican party needs is not the nifty-pammy at (Continued on Page 2, Col. 6)

Press Publisher to Speak Tonight at Jaycee Dinner

Harold A. Fitzgerald, publisher of The Pontiac Press, will be the main speaker tonight at the annual Boones Night Dinner sponsored by the Pontiac Area Junior Chamber of Commerce.

The banquet is scheduled for 7:30 p.m. at the Elks Temple.

The Jaycees plan to distribute several honors.

The Distinguished Service Award will go to the outstanding young man of the year, and plaques will go to the best of the year and to a Jaycee named as the key man of the organization during 1959.

Car Sales Tax Way Up

LANSING — The state tax law showed car sales were up in Michigan last year. Secy. of State James M. Hare reported. Sales tax use tax collections on motor vehicles in 1959 totaled \$48,938,000 compared with \$34,106,000 in 1958.

Driver Safe as Car Gets Dunked

EARLY MORNING DIP — An occasional "refreshing dip" in the hot summer months is fine, but not this kind. Roger Elliott, of 6271 Pontiac Lake Rd., Waterford Township, was driving to work along Williams Lake road near Cooley Lake road when his car skidded out of control at about 6 a.m. It went off the road and smashed through the ice on a small lake to the west of the highway. Elliott scrambled to his safety and huddled the rest of the way. He called Pontiac state police from work to report the dunking. The auto belongs to Elliott's brother, Gordon, of 2700 Pebble Brook Dr., Waterford Township.

Police Head Clears Taylor in UAW Case

State Police Supt. Howard L. Siler says there is "no special handling or collusion" in the Michigan County arrest of a UAW member who later was jailed in Pontiac.

Siler yesterday wound up a probe ordered by State Police Commissioner Joseph A. Childs after Detroit attorney Nicholas J. Rotte alleged there were "peculiar circumstances" in the Jan. 7 arrest of William P. Nixon, 22, of Warren.

Rotte, Visson's attorney, charged the transfer was aimed at reflecting Oakland Prosecutor George F. Taylor, a Republican.

"Our officers acted properly," Siler said.

"The extradition law does not require a suspect to be taken to the seat of the county in which he was arrested," Siler said.

Taylor has emphatically denied that politics was involved. He said yesterday after hearing of Siler's findings.

"I don't care one bit. It shows I have no complicity in this thing," Taylor said.

The superintendent, in copies of the report sent to Childs, Gov. Williams and Rotte, said that it was "expedient" to take Visson to Pontiac to make application for a fugitive warrant.

Visson is wanted in the 1954 beating of a nonstriking father and son in the prolonged Kohler strike in Wisconsin. He was about to be arraigned in Oakland Circuit Court when Rotte arrived from Detroit and heatedly protested Visson's being brought to Pontiac.

Taylor said the move was made because a similar case was handled here in 1958.

Yesterday Taylor learned from Siler that Lt. Howard A. Wheeler, chief of detectives at the Redford Post, had ordered Detective Wayne Rademacher and George Craft to take Visson to the Oakland County jail after they arrested him. He was being taken to a Miami Gardens hospital when apprehended.

"I find that matter was handled routinely and that other cases have been handled in the same way," Siler said. "There was no special handling or collusion with anyone."

Visson is now awaiting a March 7 hearing in Maricopa County.

Area Ford VP Dies of Seizure

Heart Attack Claims Earle S. MacPherson of Bloomfield Hills

A retired Ford Motor Co. vice president who lived in Bloomfield Hills died last night in Old Grace Hospital, Detroit, following a heart attack.

Earle S. MacPherson, 69, had suffered the attack Monday night at his home, 20-Merrimack Ct.

Mr. MacPherson had served as a consultant with the company since his retirement in 1958. He had been a vice president with the company since 1952.

Until 1947, when he became chief engineer at Ford, he was chief engineer of Chevrolet's light car division.

A graduate of the University of Illinois, he had been with Chrysler Corp. and Hupmobile Motor Corp. before joining General Motors as assistant to the vice president of engineering in 1934.

World War II, MacPherson served overseas as captain. He was a member of the Society of Automotive Engineers, the Engineering Society of Detroit, Phi Delta Theta, Tau Beta Pi, Detroit Athletic Club, Red Run Golf Course and Detroit Skating Club.

Surviving are his wife, Florence Laetle, a daughter, Sandra, at home, and a sister at Christ Church, Detroit.

Service will be held at Highland Cranbrook Friday at 2 p.m. The body will be at the Bell Chapel in the William H. Harned and Company Home until noon Friday. Entombment will be at Woodlawn Cemetery, Detroit.

Hart Criticizes Siler

WASHINGTON (UPI) — Sen. Philip A. Hart (D-Mich.) criticized the Justice Department yesterday for its failure to act on reports on his antilynching bills.

Freezing Rain Slicks Highways Across Midwest

By The Associated Press

Freezing rain slicked streets and highways across wide areas of the Midwest today as a wide belt of precipitation covered the eastern half of the country.

Extremely hazardous driving conditions developed in the band of freezing rain, the middle Mississippi Valley while showers and thunderstorms broke out in Arkansas, Mississippi and Alabama.

Bobbing Around in Lake Erie Ice

Airman Takes Cold-Water Test

BUFFALO, N.Y. (AP)—An airman, fighting physical and mental fatigue, sat cramped in a metal pod, bobbing in Lake Erie's icy waters today.

The assignment for Airman C. Barwise, 34, of Beyer, Minn., is part of the Air Force's 72-hour endurance test of man in the tiny waterproof capsule in Lake Erie. The survival shell is intended for use with the B38 Hukster. In the enlarged inset of the capsule, Arman Barwise looks through the view port. He is dressed in standard flying coveralls under a thermal suit.

His dinner consists of concentrated food. An 8-inch window provides an icy scene. Under actual conditions, the 72-hour endurance test of man in the tiny waterproof capsule in Lake Erie. The survival shell is intended for use with the B38 Hukster. In the enlarged inset of the capsule, Arman Barwise looks through the view port. He is dressed in standard flying coveralls under a thermal suit.

Commissioner Denies Secret Session Held

Rowston told Henry, "There has been no meeting since last Tuesday."

"A group of commissioners did not gather during the week for a meeting," Henry asked again.

"Yes, I met with another commission," Donaldson said.

"No," said the mayor.

Commissioner Robert A. Landry charged that Public Safety Director George D. Eastman was "making a federal case" out of a telephone threat he had received. "I want to get this cleared before he brings in the FBI," the commissioner said.

Landry said he had received the threatening call and mentioned it to his neighbor, Police Lt. William F. Nesbitt. Landry said he was not worried as he was told city officials get crank calls and it is a nuisance part of the job.

"I made no formal complaint or request for protection from the police department," said Landry. "An officer was stationed outside my house, however, and because of it Eastman fired a number of the vice squad and called down Police Chief Bert Bratley and Nesbitt."

Sitting in the audience, Police Capt. Donny Ashley stood up and told the mayor:

"Mr. Landry's statements are completely false. I attended that meeting and no one was fired. Chief Bratley told Mr. Eastman he provided the personal service (protection to Landry) for two days himself. It involved a special officer, and an officer from the police department. No one was called down."

Landry replied, "Well, I did not request police protection. If I wanted protection, I certainly would not call Mr. Eastman."

2 Queens Will Be Chosen at Ice Carnival in City

Two queens will be selected at the South Side Community Club's annual ice carnival this weekend.

As usual, a Winter Sports Queen, 16 years of age or older, will be picked by the club to represent Pontiac in the state-wide winter sports contest.

But this year, there's a new twist. The club will select a Winter Sports Queen and a Winter Sports Princess.

Although the Winter Sports Queen must be a sports enthusiast, she doesn't have to be an expert. But the Winter Queen will be judged on ability to skate, her grace and costume.

Contestants for both titles must be single and residents of Oakland County.

There'll be skating contests for boys and girls, preliminaries Saturday afternoon and finals on Sunday.

Separate races are scheduled for boys and girls in the age brackets: 5-9, 10-11 and 12-14. There'll be a five-lap race for 15-year old girls and 10-lap race for boys 15-18.

In addition, there'll be backward races for boys 10-14 and a two-lap relay race.

Highlights of the racing events will be the 20-lap Silver Skates Derby for boys 15 and over.

A championship hockey game is tentatively scheduled for 2:30 p.m. Saturday and figures skating preliminaries are set for 7 p.m. Saturday.

Racing begins at 1:30 p.m. Sunday. Figure skating finals are set to begin at 2 p.m. and the queens will be selected and crowned at 8:30 p.m.

Trophies and prizes in all contests will be provided by the club, which operates the rink seven nights a week on a non-profit basis.

North Side Park is at Montclair and Edison streets.

Stampede Kills 31 in S. Korea

SEOUL, South Korea (AP) — Thirty-one holiday-bound Koreans were killed and 50 injured Tuesday night when a huge stampede of people, called the "living hell" of a human stampede at the Seoul railway station.

Eleven of the victims were children under 10.

They either suffocated or were trampled to death when hundreds of ticket buyers, rushing wildly to board the train, crowded into the last night train to Mokpo, piled up at the bottom of a steep stairway.

Officials said one person apparently slipped on the snow-covered stairs, starting a human avalanche.

Transportation Minister Kim Il Hwan resigned today after eyewitnesses blamed station officials for the tragedy. The station master also was relieved of his duties. President Syngman Rhee ordered an investigation.

More than 3,000 tickets had been sold for the train's 16 coaches—more than twice the number of seats—and the station gates were opened only five minutes before departure time.

Sixteen of the dead were women. Most of them were servants of ticket buyers, rushing to Mokpo, a seaport in southwest Korea, to celebrate the lunar calendar New Year, which falls Thursday.

Ticket Buyers Dashing for Last Train Are Trampled, Suffocated

NEW CITIZENS — The United States and Oakland County yesterday welcomed these 24 men and women who took oath as naturalized citizens. All foreign-born they were the first naturalization class to be sworn in this year. Oakland County

Virus Infection Cause of Death

But Authorities Called In to Check Home of Independence Boy

Oakland County Juvenile Court authorities were called in by sheriff's detectives today to investigate conditions surrounding the death of a five-year-old Independence Township boy Tuesday.

A postmortem at Pontiac General Hospital yesterday afternoon disclosed that Michael J. Stillwell, 4075 Independence Dr., died from a severe virus infection which affected his brain.

Detectives said the boy had been ill for about 20 hours prior to his death but had received no medical attention.

The boy's father is Robert Stillwell, 30, a member of the National Guard stationed at the Nike Base in Auburn Heights. The mother, Anna M. Stillwell, 36, told detectives her son "acted like he was from school" after striking his head Monday.

"He didn't cry but said his legs felt like they were asleep," she told officers. She said she didn't call a doctor but kept Michael home from school.

The boy collapsed Tuesday morning and was dead on arrival at the hospital.

The Day in Birmingham

Okay Purchase of Land for Fourth Fire Station

BIRMINGHAM — Birmingham Township's Board of Trustees has approved the purchase of two lots at Franklin and Kendra roads as the site for a fourth township fire station.

The cost of the lots in Colonial Hills Subdivision No. 2 is \$2,600, according to Treasurer Homer Cae.

A third fire station will be built at Maple and Woodbine roads in the spring. Cae said. The fourth station is scheduled for two years from now.

The Township Planning Board has recommended that William L. Lott and Associates, consulting engineers, be hired on a two-year basis for \$15,000 to make a study and draw a master plan for the township.

The recommendation was tabled for further study by the township trustees.

James Scott has been hired by the township as superintendent of the Water and Sewer Department. He was formerly with the Oakland County Sanitation Department.

For the past four years Treasurer Cae has held the post in a dual capacity.

A petition to build a small sewer pump station in Gloucester Estates Subdivision No. 2 from J. Leonard Hyman, representing 16 homeowners, was denied by the township.

The spring term at the Will-O-Way Amusement Theater will have a fresh "New Dealer" look, according to Director Celia M. Turner.

Almost 200 million tons of waste are produced in the United States each year. More than half of this waste is put in landfills. The rest is burned or dumped in rivers and oceans. This waste produces more than half of the air pollution in the United States. It also produces more than half of the water pollution in the United States. It is estimated that one million tons of waste are produced each year on a million tons of waste.

Cramton Offers Civil Rights Bill

Would Replace FEPC,
Extend Its Authority to
Housing, Education

LANSING (AP)—The father of Michigan's Fair Employment Practices Commission last night introduced the first civil rights bill to come into the Legislature this year.

Rep. Louis C. Cramton, 84-year-old Republican from Lapeer, proposed to create a civil rights commission to replace the FEPC. Its authority would be extended to cover publicly assisted housing, education and public accommodations as well as employment.

An identical bill got short shrift in the Legislature last year.

House Democrats are drafting a similar proposal.

Rep. Alexander Petri (D-Ezra) submitted a bill to require trading stamp companies to pay sales taxes on stamps sold to Michigan retailers. Petri said it would net about two million dollars a year in new taxes.

Another new bill by Sen. Philip Rahoy (D-Iron Mountain), would start the deer season in the Upper Peninsula on the Saturday preceding the present Nov. 15 opening unless the present starting day falls on a Saturday.

One of every six businesses in the United States is automotive.

Circuit Docket Busy

Burglary Down? Ask Court

There was little indication that Wednesday's docket in Oakland County was as busy as it was during Monday's Circuit Court arraignment and sentencing before Judge H. Russell Holland.

Eight men were sentenced—two going to prison, the rest receiving probation with jail terms.

On the list of 23 arraignments were six for burglaries, or breaking and entering, as the police call them.

There were five guilty pleas to breaking and entering charges, one to a charge of entering without breaking, and one of the accused burglars was remanded back to a lower court for examination.

BROKE INTO MARKET
Judge Holland sentenced Thomas Reitano, 17, of 631 Round Lake Rd., Milford, to 18 months in 15 years, and Herbert W. Payne, 18, of 54 S. Parke St., to 12 to 15 years in Jackson Prison for breaking into the Cut-A-Way Market, 71 Auburn Ave., Dec. 27. Both pleaded guilty Jan. 11.

A partner of Reitano in another burglary, that of the Eagles Lodge, 229 Montclair St., Nov. 8, received three years probation, 60 days in the county jail, and was ordered to pay \$97 in restitution and \$100 court costs.

Three of four Pontiac men who pleaded guilty to breaking into the

These terms were received by Billy Joe Henry, 17, of 300 Howe and McNeill Sts., Louis W. Hargreaves, 17, of 13 Elizabeth St., and Melvin Ray Williams, 22, of 287 E. Wilson Ave. They also were ordered to pay \$3 per month court costs.

A fourth man who pleaded guilty to the same crime, Charles Holmes, 20, of 441 S. Paddock St., was sentenced to prison for 18 months to 15 years as a probation violator.

Connie R. Falkner, 22, and Howard Woods, 34, both of Detroit, were placed on probation for three years and sentenced to 60 days in the county jail for violating into an auto dealership in Birmingham.

Those who pleaded guilty yesterday to breaking and entering will be sentenced Feb. 8 by Judge Holland after presentence investigations by the Probation Department.

Atlas Firing Are Successful

Prove That Rocket Has Power, Accuracy

CAPE CANAVERAL, Fla. (AP) — The United States has demonstrated the power and accuracy of its biggest military rocket, the Atlas, with a pair of successful launches from opposite ends of the country.

The launches featured a heavy American missile schedule which also included the successful firing of a Redstone ballistic missile at White Sands, N.M., and a Javelin test rocket from Wallop's Island, Va.

An Atlas launched at Cape Canaveral Tuesday night carried an experimental nose cone to a target off the South Atlantic island of Ascension, 5,000 miles away. A few hours earlier, Strategic Air Command troops fired another Atlas into the Pacific from Vandenberg Air Force Base, Calif.

The Air Force announced both shots were completely successful. They were the 16th and 17th straight successes for the big missile in a remarkable string extending back to last July.

The 15 previous missiles landed on their targets, President Eisenhower said. The launches were the first since the Atlas was called the Atlas of this nation's greatest war deterrent.

The Air Force Atlas is the maximum range of the missile as 3,000 miles. But Defense Secretary Thomas S. Gates Jr. told the House Space Committee Monday he believes it can reach 8,500 miles.

In 1959, alone, the scheduled launches carried nearly 50,000 men and women to the United States. The Atlas is the most important of the nation's commercial transportation.

Here is a good example of the Atlas in action. The Atlas is the most important of the nation's commercial transportation.

Political candidates may seize on the amended law to seek air for the opposing view and so put his personality before the voters, even though the controversial issue was raised by someone not even running for office.

His conclusion is that "only a case-by-case approach over a period of time will develop a law which can give the broadcaster any reliable guide."

NAB attorney Anello has said he is "a little disturbed" by Doerfer's interpretation. "I simply wanted to make sure," he said, that in exempting newscasts from equal time programs were not also being exempted from a standard of fairness.

In a test case last year involving the Chicago mayor's race, the FCC ruled that if a candidate gives a statement in exchange for news coverage, not necessarily involving his candidacy, the equal time provisions of the act, and to call for fairness.

THE SITUATION IS: No broadcasting station need carry any political material. But the law has always said that since a radio or television facility is made available to a qualified candidate, all other qualified candidates for that particular office must, on demand, be provided with matching time, and on the same terms, free or paid for, as the case may be.

In a test case last year involving the Chicago mayor's race, the FCC ruled that if a candidate gives a statement in exchange for news coverage, not necessarily involving his candidacy, the equal time provisions of the act, and to call for fairness.

But Congress went one step further, on its own motion. It added another sentence to the section which said radio and TV stations have an obligation to provide reasonable opportunity "for the discussion of conflicting views or issues of public importance."

The FCC has always said broadcasting stations should maintain balance in the handling of controversial material, but chairman Doerfer recently asserted: "Now an administrative policy has become a federal law. And a law, as you know, is more inflexible than an administrative policy."

Equal time requirements have been applied to candidates and candidates alone. However, says Doerfer, "apparently, any responsible person who has opposing views can now get into a political 'hassle' over the air."

He believes the new wording means that anybody, in or out of politics, who disagrees with what has been said on a broadcast about a public issue of importance, can make a bid for answering time.

The prosecution now hopes to enter his testimony into evidence, but her attorneys argue that using her own statements against her would violate her constitutional rights.

Superior Court Judge Walter R. Evans is expected to rule on admissibility of the testimony next week. The trial is in recess until the because of the illness of a witness.

Two Ex-Congressmen of Roosevelt Era Die
WASHINGTON (AP) — John J. O'Connor, 74, a top congressional Democrat in the early years of the New Deal, died Tuesday.

Five Times More Certain Than Auto Travel

Flying Safer Than Ever Before

SAFETY. The writer of the following dispatch is the author of the book, "Flying Safer Than Ever Before," published by the National Transportation Safety Board.

THE sudden increase in commercial airline crashes is a spurt only in comparison with a tremendous improvement in flying safety. During the past 10 years, flying is safer than ever before.

There is a definite pattern in air safety. The airline industry has problems to face, and it is important to note that the industry is not shying away from discussing its problems openly, before the public.

It is being frank and honest, and wishes the public to know of the great improvements in flying—safety—that also taken place every day and every month.

In 1959, the scheduled airlines of the United States had nine fatal crashes, with loss of life of 291 passengers. Yet, 1959 was the eighth consecutive year in which the airline fatality rate ran below one death for every 100-million passenger miles flown.

Over the 1959 Christmas Day weekend, 593 Americans died in highway accidents and many thousands were mangled and badly injured.

Despite accidents, commercial flying, some five times as safe as travel by auto, is getting ever safer.

A study of the passing years shows two important trends. First, the safety pattern sometimes fluctuates. Second, the accident trend is steadily downward, and this trend remains unbroken.

In 1959, alone, the scheduled airlines carried nearly 50,000 men and women to the United States. The Atlas is the most important of the nation's commercial transportation.

Here is a good example of the Atlas in action. The Atlas is the most important of the nation's commercial transportation.

Even Schools for Dogs Are Society Conscious
New York — Our dog, Sam Spade, a Schnauzer pup, lives with us on the west side in the poor part of town.

Sammy is ambitious socially and wants us to send him to a good school like Mr. Barney's School for Dogs over east among the rich dogs.

Mr. Barney's school bus for dogs picks up these rich dogs every morning, they hop into a red Volkswagen truck and sit with their tongues out of the window riding off to class.

We can't afford that — but Barney Morovitz said he'd give me some free lessons to take home to Sammy so he wouldn't grow up uneducated.

"That's Scoop Cerf, he's the cocker, guess he wants to be a newspaperman," Mr. Barney said. I then shook paws with Dan Topping's Maltese podiatrist, "Tanks," Mrs. George Schaffert's red setters, "Shadow" and "Coco," and Eva Burnay's dachshund, "Lumpy."

The dogs are also known by their owners' names and you might meet named Jane Mansfield, or Tuesday May or even Kookie Byrnes.

"Easiest thing in the world!" nodded Mr. Barney, who also has a dog college in Boston. "He, Bennett Cerf — in the bed. In the bed! All right now, I'm mad."

Mr. Barney rattled a chain. Bennett Cerf skulked into bed, not, however, without barking a pun back over his shoulder.

"Just hold your hand up over his head and say 'Walk-walk-walk' to Sammy," Mr. Barney told me. "Teach him the word. You don't have to reward him. Except a pat of your left hand. Dogs will know if you're cruel. They'll stand in the corner and cry."

Bennett Cerf was out of bed again and walking toward us as boldly as though he'd just published a new joke book.

"No, he isn't a dog, he's a juvenile delinquent," Mr. Barney assured me. "Bennett's only been in school two weeks. Dogs only take 15 minutes to teach. PEOPLE take six weeks. Dogs are so simple to teach. 'Bennett Cerf, in the bed. IN THE BED. BENNETT CERF. I-N-T-H-E-B-E-D.' Bennett Cerf alunk back into bed but I don't imagine for very long."

THE MIDNIGHT EARL . . .
Pretty Leslie Parrish of "Lili Abner" will get publicity buildup.

Law Opens Mike to Too Many Gabby Persons

Radio-TV Equal Time Still All Snafu

WASHINGTON (AP) — This is the election year in which every word was supposed to be crystal clear in relation to equal radio-TV opportunities for the politicians. But it isn't turning out that way.

Already, the chairman of the Federal Communications Commission and the chief attorney for the National Assn. of Broadcasters have had a head-on collision of ideas about what Congress meant when it threw a handful of new words into the "equal time" section of the Communications Act last summer.

According to FCC Chairman John C. Doerfer—dodge few words—possibly unintentionally—have greatly broadened the area in which demands for equal time might be made.

To this the NAB counsel, Douglas A. Anello, has entered a resounding dissent. Anello contends Congress did nothing more than exempt bona fide newscasts, interviews and documentaries involving candidates from the equal time provisions of the act, and to call for fairness.

THE SITUATION IS: No broadcasting station need carry any political material. But the law has always said that since a radio or television facility is made available to a qualified candidate, all other qualified candidates for that particular office must, on demand, be provided with matching time, and on the same terms, free or paid for, as the case may be.

In a test case last year involving the Chicago mayor's race, the FCC ruled that if a candidate gives a statement in exchange for news coverage, not necessarily involving his candidacy, the equal time provisions of the act, and to call for fairness.

But Congress went one step further, on its own motion. It added another sentence to the section which said radio and TV stations have an obligation to provide reasonable opportunity "for the discussion of conflicting views or issues of public importance."
