KEEPING COOL — Waterford Township Recreation Department swim program personnel managed to keep cool yesterday as they registered youngsters for summer sessions at Elizabeth Lake. Carolyn Klender (right), director of the swim program, registers Carmen Janik, 7, while assistant director Lucy Roe and lifeguard Fred Finkbeiner look on. Registrations are being taken this week at five area lakes.

Attacks Police Investigation

Thorson Lawyer Closes Case

From Our News Wires

DETROIT — The defense attorney for Robert M. Thorson closed his case today with a blistering attack on the police investigation into the death of

the circumstantial evidence presented was able to stand on its own.

Thorson, a securities salesman in Birmingham, is accused of first degree murder in the Dec. 3 strangulation-beating death of his mother-in-law, Mrs. Dorothy Thomas, 62, Detroit.

The trial is in its 12th day before a Detroit Recorder's Court jury of seven women and six men.

Kohl said there were conflicts in testimony regarding the testing of the blood types found on a coat of Thorson's which allegedly had two types of blood on it, one matching Thorson's and the other the slain woman's.

He also said the investigation did not disclose the condition of the road the day after the discovery of the slaying when Thorson was involved in a traffic accident. Thorson said scratches on his face were caused by the accident.

The prosecution was to give its final rebuttal later today and then the case was to go to the jury.

Mrs. Thorson, 30, testified she saw her husband in bed at 12:15 a.m. after she returned from a nursing assignment at William Beaumont Hospital, Royal Oak.

This was an hour and 15 minutes after a man of Thorson's general appearance was seen entering Mrs. Thomas's home.

Mrs. Thorson said she looked in on her husband and their young son, David, now 14 months.

Tells Pig Tale—Market Rises, Stock Lies Low

The market keeps going up, and those darn pigs are still gone. They're ruining any plans Lloyd Marlowe, 2375 East Rose Center Road, Rose Center, may have had for profit.

Marlowe related his unhappy tale of pig-raising yesterday to Oakland County sheriff's deputies. He said he purchased 25 young pigs two weeks ago, but they all escaped.

Beating the woods and swamp near his home turned up 13, but 12 are still missing. Worse yet, market prices have jumped three dollars per pig since he originally purchased the porkers, he said.

Swedish AF Officer Arrested as Russ Spy

STOCKHOLM (UPI) — The Foreign Ministry today announced the arrest of a Swedish air force colonel who has confessed to spying for Russia since 1948.

Political sources described it as the worst spy case in Swedish history.

Dash Into Road Fatal to Girl, 3

Lori Sue Boston, 3, of 6214 Andersonville, Waterford Township, was killed yesterday afternoon near her home when she dashed into the road while walking with her mother.

The child was struck at 3:30 p.m. at Andersonville Road, 250 feet west of Waterloo Road, by a car driven by Frank Eaton, 65, of 11780 Scott, Davisburg. She was dead on arrival at 4:10 p.m. at Pontiac General Hospital.

Witnesses told Waterford Township police that the girl darted into the road from the south shoulder where she stood with her mother, Mrs. Fred J. Boston, who was carrying a baby and had another child in a stroller.

DARTED OUT Eaton told police he saw the group at the roadside as his west-bound auto rounded a curve at 25 to 30 miles an hour.

He added that the child darted into the path of the car and he was unable to avoid hitting her.

Eaton was not held.

BUCK ROGERS? — As a stunt for the International Trade Fair in Chicago yesterday, a man was borne aloft 60 feet by two cylinders of compressed gas. The flight lasted 20 seconds.

Warns NATO Breakup

Kennedy Assails De Gaulle

'K Plans Tour of E. Germany to Lift Morale

Hopes to Counteract American Diplomacy; Trip Includes Romania

MOSCOW (AP) — Soviet Premier Khrushchev will make a morale-boosting trip to East Germany this week-end just a few days after President Kennedy winds up his swing around West Germany and West Berlin.

There were reports in western circles that the premier had already left for Bucharest, Romania, en route.

Romanian Communists have been showing signs of independence from the Kremlin and such a trip could be a trouble-shooting expedition.

However, the Foreign Ministry's press department denied it has said it "understands" Khrushchev had left for the Romanian capital.

The premier is scheduled to arrive in East Germany Sunday in an obvious attempt to counter some of the effect of Kennedy's West German tour and visit to the Berlin wall.

The announcement early today of Khrushchev's trip called it a friendly visit in connection with the 70th birthday Sunday of Walter Ulbricht, East Germany's Communist leader.

Western quarters in Moscow viewed Khrushchev's plans as an effort to counterweight Kennedy's visit and boost East German morale, always the low point in the Soviet bloc. A West German government spokesman in Bonn agreed.

"The demonstration of friendship of the German and American people during the visit of President Kennedy apparently made it necessary to freshen up Ulbricht's damaged prestige on somewhat short notice," said Karl Guenther von Hase, West German press chief.

The announcement of Khrushchev's trip caught Communist circles in Moscow by surprise. Some called Western news agencies to find out if Kennedy and Khrushchev might be in Berlin at the same time.

There was no indication in Moscow, however, that Khrushchev would arrive in East Germany before Sunday. Kennedy flies from West Berlin to Ireland on Wednesday.

The Soviet news agency Tass, in announcing Khrushchev's trip, did not indicate whether Berlin or some other East German city was his destination.

'63 Traffic Toll Up 100

LANSHING (UPI) — State police said today the 1963 traffic death toll of 733 is 100 higher than the 1962 fatality figure of 633 persons killed on state roads.

MARMADUKE STARTED SOMETHING — Marmaduke, the dog, found a new owner through the Michigan Animal Rescue League, 790 Featherstone. He so completely won over Mrs. Margaret Moran's grandchildren, sisters Shawn, 5, and Ginger Rose DeLater, 2, of

Oxford, shown here giving an admiring pat, Mrs. Moran decided to stage a Flea Market sale Sunday to benefit the Rescue League. The market will feature antiques at her Collector's Corner shop, on Emmons, at Auburn Road, Avon Township.

Negroes Press Aid, Space Budgets Cut by House Units

NAACP Reasserts Its Downtown Campaign

The Oakland County Chapter of the National Association for the Advancement of Colored People (NAACP) last night approved a re-emphasis of efforts to obtain equal employment opportunities for Negroes in downtown Pontiac.

At the organization's monthly meeting, 75 members voted to set up a special study committee to investigate the employment policy of downtown merchants.

This is the first step, the second step — only to be used if the committee is unsuccessful in its dealings with Pontiac businessmen — is a boycott of businesses not hiring Negroes, they agreed.

The committee's function, according to co-chairman Clifford Officer, of 48 Lorraine, is to contact local businessmen in an effort to increase Negro employment in stores in which Negro business amounts to a significant percentage.

Also named to head the committee was Albert C. Shaw, of 312 E. Wilson.

Appointed to the committee in addition to its chairmen were Charles Tucker, of 161 Earlewood; William H. Garling of 50 Chapman; Mrs. Sharline Stanley of 1167 Dudley; Rev. Lenworth Miner of 497 Pearsall; Bonnie Milton of 79 Orion; and Lloyd H. Minard of 284 Rapid.

The first meeting will be held at 8 p.m. Thursday at the home of Mrs. Stanley.

Pontiac Enjoys Suntan Weather With No Wind

WASHINGTON (UPI) — In budget-paring moves today the House Foreign Affairs Committee settled on \$400-million reduction in the foreign aid program, and the House Space Committee voted to cut \$259,122,000 from next year's manned space program.

In a move designed to head off a drive for heavier slashes in the aid program, the Foreign Affairs Committee members agreed to trim \$175 million from military aid, cutting the administration's arms assistance request from \$1.4 billion to about \$1.2 billion.

Other cuts include \$50 million in the Alliance for Progress program, a surprisingly low figure in view of sharp congressional criticism over the Latin American aid program.

Meeting behind closed doors, the committee also agreed to cut \$50 million from the grants program for underdeveloped nations.

The action by the Space Committee was the first step in its final consideration of the \$5.7 billion budgeted by President Kennedy for civilian space activities. Chairman George P. Miller, D-Calif., indicated there would be a slash of nearly \$500 million from the overall program.

In cutting funds for manned space travel, the committee agreed with one of its subcommittees which had called for a 74 per cent reduction in the \$2.7 billion requested for the fiscal year starting July 1.

It called for a decrease of \$182,700,000 in research and development.

Suntan lotion was a necessity as today's clear skies and near 90-degree weather with little or no wind lured many area residents to the beach.

The fair and warm weather will continue tonight and tomorrow. Tonight's low will be 62.

The forecast is partly cloudy with widely scattered thunder showers tomorrow and cooler with widely scattered thunder showers Thursday.

The low recorded in downtown Pontiac before 8 a.m. was 60. By 2 p.m. the mercury had risen to 87.

'We Will Risk Our Cities for a Free Europe'

Denounces Isolation in Unity Challenge to Continental Allies

FRANKFURT, Germany (AP) — President Kennedy clashed openly with President Charles de Gaulle of France today over the future of Europe and U.S. willingness to defend its allies. "The United States will risk its cities to defend your cities because we need your freedom to protect our," Kennedy said.

He appealed to Allied leaders and peoples to unite in partnership with the United States and warned their failure to do so could break up the North Atlantic Treaty Organization.

Speaking in historic St. Paul's church in this ancient German trade city, the President rejected de Gaulle's charge that Europe's future defense cannot rely upon American nuclear might.

In words beamed all over Western Europe he denounced "without actually naming de Gaulle"—those who would doubt our pledge "or deny that the defense of the West is indivisible."

Men who would split the allies or separate Europe from the United States, he said, "would only give aid and comfort to the men who make themselves our adversaries and welcome any disarray."

LUNCH WITH TROOPS

The President, having spent two days in Bonn, the West German capital, came here by way of the U.S. military base at nearby Hanau, where he lunched with the troops.

As his motorcade proceeded through the countryside and along the streets to the center of the city, crowds cheered his progress, rivaling in enthusiasm the reception he got driving (Continued on Page 2, Col. 6)

President Hits Major Foreign Policy Points

FRANKFURT, Germany (AP) — Highlights of President Kennedy's major foreign policy speech at the Frankfurt Paulskirche today: On defense:

"The first task of the Atlantic community was to assure the common defense. That defense was and still is indivisible.

"The United States will risk its cities to defend your cities because we need your freedom to protect ours."

Those who would doubt our pledge or deny this indivisibility — those who would separate Europe from America or split one ally from another — would only give aid and comfort to the men who make themselves our adversaries and welcome any Western disarray.

ON U.S. COMMITMENTS:

"... Doubts fly in the face of history. For 18 years the United States has stood its watch for freedom all around the world.

The firmness of American will, and the effectiveness of American strength, have been shown in support of free man and free governments."

ON EUROPEAN UNITY:

"It is not in our interest to try to dominate the European councils of decision. If that were our objective we would prefer to see (Continued on Page 2, Col. 7)

Say Soviet Craft Exploded

WASHINGTON (AP) — One of several Soviet space craft occurred last Oct. 24.

There was no indication in the U.S. report whether the spacecraft could have been manned.

The breaking up of the Soviet satellite was brought to light in satellite situation report published semimonthly by the National Aeronautics and Space Administration's Goddard Space Flight Center, Greenbelt, Md.

The disclosure clearly was the

result of the recently announced change in policy under which NASA is to make public all non-classified space flight data sent by the North American Air Defense Command and other agencies. NORAD, among its other duties, tracks foreign objects in orbit.

For many months, virtually all information on Soviet shots, except for data announced by Moscow, was withheld from the NASA reports even, though the

information had no apparent military significance.

The big breakup of the U. S. satellite involved the Navy's launching of the 175-pound Transit 4A navigation satellite with three smaller scientific satellites, Injun 3 and Greb, riding piggyback. The two satellites detached themselves from Transit satisfactorily but not from each other, and went into orbit with Transit as the 85-pound Injun satellite. Three of the fragments have fallen out of orbit.

Seek Death Penalty in Murder of Evers

From Our News Wire
JACKSON, Miss. — The state will seek the death penalty for a white segregationist charged with the sniper slaying of Negro civil rights leader Medgar Evers.

The suspect, Byron De La Beckwith, was scheduled to appear before City Judge James Spencer today in a preliminary hearing on a murder charge.

District Attorney William Waller said last night he would ask the Hinds County Grand Jury when it convenes next Monday to indict Beckwith for murder.

"I will ask for the death penalty if, and when, he is indicted and tried," Waller said.

GIVEN TO CITY POLICE
Beckwith, 42, of Greenwood, was turned over to Jackson police yesterday afternoon by U.S. Commissioner John R. Connelley III on instructions from the Justice Department.

He is charged with the June 12 sniper slaying of Evers, who was state field secretary of the National Association for the Advancement of Colored People (NAACP).

For Bipartisan Backing Tariffs Spark Move

WASHINGTON (AP) — Congressional anxiety over Common Market tariff barriers sparked a bipartisan move today to put the Senate behind President Kennedy's efforts to keep U.S. farm products flowing to Europe.

Senate Republican Leader Everett M. Dirksen of Illinois and Sen. Hubert H. Humphrey of Minnesota, assistant Democratic leader, joined in offering a resolution aimed at lining up both political parties behind the President in trade negotiations.

Dirksen said in an interview he believes it would be helpful to Kennedy "in the extremely difficult negotiations ahead" to have a demonstration of bipartisan support.

DEEPLY CONCERNED
Humphrey said in a statement he is "deeply concerned by the evidence that EEC (European Economic Community) is moving toward protectionist, trade-restrictive policies."

Behind this complaint is a skyrocketing demand from all sections of the country for action by the administration to get rescinded decisions which have all but closed the European market to U.S. frozen chickens and wheat, threaten future exports of flour, feed grains, rice, dairy products and many meat products.

The Humphrey-Dirksen resolution noted that the Common Market actions threaten "a significant part of our \$12-billion export earnings from sales of agricultural commodities to the EEC."

The resolution noted that the Trade Expansion Act passed last year "directs the President to take all appropriate and feasible steps to eliminate unjustifiable tariff restrictions maintained by any country against U.S. agricultural products."

KENNEDY APPEALS
Kennedy was reported to have conveyed a vigorous appeal to Chancellor Konrad Adenauer of his Bonn, Germany, conference Monday for German support in an effort to rescind the tariff decisions.

The President said at a subsequent news conference that Western Europe should consider in shaping its economic policies that the United States has borne the major burden of its defense for years. In effect, he urged allied governments to reject discriminatory trade policies.

Kennedy apparently will have to depend primarily on persuasion so far as farm products are concerned, although he has authority to cut U.S. tariffs up to 50 per cent on closed the European market to U.S. frozen chickens and wheat, threaten future exports of flour, feed grains, rice, dairy products and many meat products.

MILITARY WELCOME — President Kennedy rides with Maj. Gen. John R. Pugh, commander of the Third Armored Division, as he reviews troops at Hanau, a U.S. military base near Frankfurt, Germany, during a high military display yesterday.

Clear Three U.S. Airmen in Profumo-Keeler Scandal

WASHINGTON (AP) — The Defense Department cleared three U.S. airmen today of any involvement in Britain's sex-and-security scandal and sent them back to duty in England.

"Investigation has not given any indication whatsoever of any security violation," Arthur Sylvester, assistant secretary of defense, told a news conference.

"No military information was ever solicited from these men nor was any ever furnished by them," the Pentagon's chief spokesman—still refusing to identify the men—said "they have been returned to their unit in England."

He said the return was today. The three, all below commissioned rank, were brought here from Britain last Friday for questioning about rumors connecting them with British party girl Christine Keeler.

Summarizing the results of the investigation, Sylvester said none of the men was involved directly or indirectly in any way. One had never met Miss Keeler, central figure in a scandal which resulted in the resignation of British War Minister John Profumo and the arrest on morals charges of Dr. Stephen Ward, a fashionable London osteopath and two of the men casually met a girl named Christine through mutual acquaintances.

"NO CONTACT"
He said he had no intimate contact with her and didn't even know her last name until they read the publicity concerning her in the newspapers," Sylvester said.

Until the publicity broke, Sylvester said, the airmen had never heard of Capt. Eugene Ivanov, former Soviet naval attaché in London and described as one of Miss Keeler's lovers.

Sylvester said the airmen also had nothing previously about Ward or Profumo and knew nothing of any association Miss Keeler might have had with them or Ivanov.

In disclosing Monday that the airmen had been brought to this country, Sylvester emphasized that the Defense Department's concern was with security aspects.

"We are not making it a moral case," Sylvester said. "We have felt that in view of the whole complex involvement the Defense Department has checked into the case completely, and is continuing to check and as of now we have no connection with the security aspects."

Other sources said "there is not a bit of evidence" to the Capt. Thomas Murphy and his wife, Mrs. Murphy has been naval attaché in London and newspapers recently published a photograph of Mrs. Murphy kissing Ivanov at a party in December 1961. Mrs. Murphy has explained that this was part of a traditional ceremony involving an Elizabethan "kissing cup" and said "I wasn't kissing him; he was kissing me."

He did not specify what reports he was referring to, but rumors here have linked Capt. Christine Keeler with three U.S. airmen, a U.S. Navy officer and high British officials.

Meanwhile, members of the Labor opposition tabled six new questions about the scandal for Macmillan to answer in the House of Commons next Thursday.

City Asks Assessments Be Tallied for Sewers

BIRMINGHAM — City commissioners last night asked that assessments be figured for \$246,100 worth of relief sewers.

The three projects involved are being considered in order to give the city an advantage in asking for bids.

Streets where the sewers will be installed are Cummings, at an estimated cost of \$90,000; Ruffner from Woodward to about 330 feet west, \$5,100; and South Eon, \$151,000.

The Ruffner project has been approved by the Michigan State Health Department, but permits have not yet been issued for the other two.

However, City Engineer William T. Killeen said he expected permits shortly for the plans which have been approved by the Oakland County Drain Commission.

Assessments based on the city's paying 15 per cent of the cost and landowners the other 85 per cent are to be calculated in preparation for a hearing on the roll.

Rev. and Mrs. Harry Clark and other members of Pine Hill Congregational Church are attending the National Association of Congregational Churches convention in Hartford, Conn., this week.

Rev. Ray M. Hardy of Lincoln Park, a retired Dearborn Congregational minister, will be the guest pastor Sunday.

The Bloomfield Township church is also represented by Dr. and Mrs. Lester Olmstead, 7030 Commerce Road, Orchard Lake, and Mr. and Mrs. James Hutton, 2063 Lakewood, Pontiac.

The congregation is meeting in the Pine Lake Elementary School during construction of a church. Its summer schedule of 10 a.m. services will be in effect until Sept. 1.

A special outdoor service for July 14 is being planned by the board of deacons.

ABOARD THE USS FORT SNELLING (A-7)—Further attempts of the bathyscaphe Trieste to locate the hulk of the submarine Thresher were postponed today for 24 hours because of minor technical problems.

The decision to delay a second dive was made shortly before 10 a.m.

The first dive yesterday brought no results.

Capt. Frank Andrews, in charge of the search, said "nothing significant was observed."

He called Monday's 8,400-foot descent by Trieste extremely satisfactory from an operational point of view, but added: "The Trieste went down a little further to the east than planned. A major problem was the failure of a transponder on the positioning buoy to function properly, which limited the Trieste's navigational capabilities."

SLIGHTLY WESTWARD
Capt. Andrews said today's dive was set for a spot slightly to the westward "and over the area of interest."

The Navy picked the spot 220 miles off Boston because of what it described as a heavy concentration of debris at the bottom.

The dive area is about 4,000 yards from the last known position of the nuclear submarine Thresher when she sank with the loss of 129 men during a deep test dive last April 10.

LT. Cmdr Donald L. Keach, 34, formerly of Somerville, Mass., and Orrington, Maine, and Kenneth Mackenzie, 51, of San Diego, a civilian engineer with the naval electronics laboratory, made the Trieste's first dive in the Atlantic.

Keach said Trieste covered about two square miles on the ocean floor.

City Residents Warned of Low Water Table
City officials today urged residents to conserve water as the water table reached a new low. Five wells are out of service, three due to low water.

City Manager Robert A. Stierer asked residents to continue the water conservation program imposed last week from 8 a.m. to 8 p.m. daily.

"Police have been asked to stop where they see lawn sprinklers operating and notify people of the ban. There will be no tickets issued unless the situation worsens," Stierer said.

The water level in the city's observation well was 128.8 feet below ground level at 8 a.m. today, the lowest level on record.

The level also was down in the Baldwin Avenue water tank last night.

"It is not unusual for us to have several wells out of service for repairs, but it is unusual when it's due to low water levels," he said.

City's Hospital Nets 2 Awards

Pontiac General Hospital employees today won two of the 10 special \$100 awards in the fifth hospital achievements contest sponsored by the Michigan Hospital Association and Michigan Blue Cross.

The awards were accepted by Harold B. Euler, administrator, at the association's 44th annual convention in Traverse City.

One of the awards went to Irene D. McNamara, the hospital's public relations director, for a major retraining of Pontiac General's volunteer program which increased the hours and effective use of volunteers in nursing departments.

The other award went to a team of employees.

Their entry outlined an effective employee discussion program to increase participation in work simplification procedures.

The team consisted of Margaret Roehm, assistant executive housekeeper; Elsie Bartindale, in-service nursing instructor; Thelma Reid, a practical nurse; and Geraldine James, a secretary.

Frances Ver Lee, a registered nurse, received an honorable mention.

2 More Yank GI's Shot Near Saigon

SAIGON, South Viet Nam (AP) — Two U.S. enlisted men were wounded by Communist guerrilla fire in Red-controlled Zone "D" north of Saigon today, bringing to nine the number of Americans wounded in South Vietnamese fighting in the past seven days.

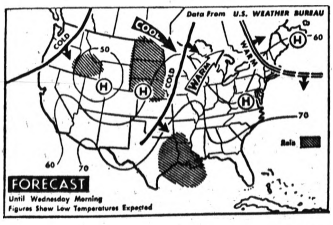

A U.S. military spokesman said one of the latest casualties was wounded after the helicopter to which he was assigned had taken off for the newly built Rangrang airstrip.

The other was wounded an hour later.

197 Acres Involved

Set Ortonville Annexation Hearing

The Oakland County Board of Supervisors yesterday scheduled a public hearing Sept. 9 on the proposed annexation of 197 acres to the Village of Ortonville.

After the hearing, the board will decide whether to allow annexation to the 114-year-old village.

The board's decision will be final under the old Village Act, which precludes any public election on the issue.

The hearing, required by state law, is intended to give the supervisors some direction before they reach a decision.

Property owners involved will be able to speak both for and against annexation.

Chairman of the board's boundaries committee, Thomas Tiley, said people seemed afraid to speak their minds at a recent informal hearing held by the committee in Ortonville.

Of some 150 people present, only about 10 would speak at all, he said "and it appeared that those favoring annexation had a slight majority."

CONVERSE POINT
Brandon Township Supervisor Alex Solley said the reverse is true. "Many businessmen in the

affected area signed the petition to annex because they were afraid to lose customers from the village otherwise," he said.

Of the 20 property owners in the 197-acre area, about 90 per cent signed the petition which started the annexation ball rolling more than a year ago.

However, 17 of them have since said they were pressured

into signing, according to Solley.

"Those people that signed the petition requesting annexation aren't really in favor of it now," Solley says.

"They're small merchants in the village who just hate to get out and argue about it and commit themselves."

John Teare, a member of the

annexation committee appointed by the village president, disagrees with Solley.

"The village needs room to grow," he maintains.

Teare said that residents of the area would gain the benefit of the village's police protection and road maintenance.

SOME FAVOR
A majority of the people com-

cerned are for the move, according to Teare.

"If most folks of the district were for it I wouldn't be against it," Solley counters.

"A lot of folks don't realize that they won't have a chance to vote against this."

The public hearing will be held during the course of a regular meeting of the county board of supervisors. Time and place of the meeting will be announced later by the county clerk - registrar.

"The people have nothing to gain except an additional 11-mill tax levy," according to Solley.

Teare claims that the township has nothing to lose except a "small amount of intangible taxes and some sales tax."

The property in question is in the shape of a rectangle with its northern boundary running along the western line of the village's southern limit. It extends one-half mile south of Ortonville.

Riot Suspects Get Trial Date

One Man in Hospital With Skull Fracture

SHELBY TOWNSHIP — A July 16 trial date was set yesterday for three of the four men arrested in connection with Sunday's riot at Warsaw Park.

The fourth, Eugene J. Sobolewski, 29, of Detroit, remained in St. Joseph Mercy hospital today where he is reported in satisfactory condition with a skull fracture.

Charged with resisting arrest and creating a disturbance in a public place were Stanley Dopierala, 36, of Detroit, and Chester Grzywinski, 42, and his brother Richard C., 29, both of Warren.

The three were arraigned before Macomb County Judge of the Peace Francis A. Castellucci yesterday. They stood mute and were released on \$500 cash bond.

Police said the exploding of firecrackers led to the riot which involved some 50 persons and five police departments before it was quelled.

Special Macomb County deputies Joseph Wozniak and C. J. D. Thrush were patrolling the park but could not control the rioters, and requested the assistance.

Court Names Psychiatrists for Ex-Convict

Circuit Judge William J. Bep yesterday appointed two Pontiac psychiatrists to examine a 31-year-old ex-convict accused of clubbing his estranged wife to death in Southfield.

Judge Bep's action could lead to a sanity hearing for James Butler, 31, who admitted beating his 23-year-old wife Virginia with a 22-caliber rifle in front of her home at 28493 Brentwood.

Butler, who once served a prison term for armed robbery and who was treated at a mental hospital three months ago, told police he had intended to shoot himself in front of his wife.

But when she ran screaming from the house he chased her and clubbed her with the rifle, he said.

Butler is being held in the Oakland County jail on a first-degree murder charge.

Ferry's Business Booms

HOUGHTON — The ferry Ranger III, which makes three voyages a week from Houghton to Isle Royale, reports it is doing a booming business. The ferry reports consistent reservation for 50 persons. Ordinarily, only about 20 persons make the trip this time of year. The Isle Royale Company, which operates out of Copper Harbor, reports similar heavy traffic.

Troy Votes 5-1 for Authority

Plan Way to Finance City Building Program

TROY — The city commission last night voted to establish a building authority which will finance the proposed new city hall through revenue bonds.

Commissioner Clifford Sutermeister Jr. doesn't agree with the method.

During the discussion which preceded the vote, City Manager David E. Firestone brought out the fact that both the City Hall Study Committee and a special citizen's study committee favored establishment of an authority.

"At the start members of both committees objected to a building authority," Firestone said, "but they changed their minds after studying that and other methods."

This financial method means the authority will be set up as a public corporation, separate from but controlled by the city.

NO VOTE

No public vote on the issue is necessary, as it would be if the council had decided to issue general obligation bonds.

The authority will sell revenue bonds to finance the construction, and pay them off with rent it collects from the city.

Commissioner Glen H. Houghten said if the various city departments have to pay rent they will have to curtail services.

"There will be no effect on any department," Commissioner Wallace B. Hudson countered.

He said that the city has been paying \$20,000 in rent annually for the last six years and will just continue rent payments, but they will be into the building authority and serve to purchase the city hall.

"It's a way of getting around giving the people the right to vote," Sutermeister argued.

GOT TO COME
Mayor Pro Tem Vincent J. McGoy said the new building has "got to come," and that a vote might cause delay in its construction, thus leading to greater cost later.

The vote was five to one for establishment of the authority. Mayor Robert J. Huber was absent from last night's session.

NEWS OF THE AREA

Area Pair Marries in Methodist Church

MILFORD TOWNSHIP — The First Methodist Church of Milford was the setting Saturday evening for the marriage of Barbara Lynne Blascak and Hugh Heintzelman.

The ceremony was performed by Rev. Howard Short. She is the daughter of Mr. and Mrs. Theodore Blascak, 1615 Duck Lake. The bridegroom is the son of Mr. and Mrs. Howard Heintzelman, 3280 Edgewood, Commerce Township.

A floor-length gown of silk organza with a Swiss embroidered motif was chosen by the bride for her wedding. The bell skirt was draped in a panel effect.

A silk organza petal headpiece held her silk tulle veil. She carried white roses centered with a pink and white nosegay.

Susan Blascak was maid of honor for her sister. Bridesmaids were Nina Gramlich and Ruth Metley.

On the esquire side, Jerald L. Radtke of Detroit was best man. The guests were seated by Theodore Blascak Jr., brother of the bride, and Richard Tyburski of Hamtramck.

The newlyweds are honeymooning in Wilmington, N.C.

Troy Crash Injures Birmingham Driver

TROY — Injured in an automobile accident here yesterday, Ellen L. Schmit, 46, of 1641 Witherbe, Birmingham, was listed in good condition at St. Joseph Hospital in Pontiac this morning.

She is being treated for a fractured collarbone and multiple abrasions and contusions.

The Schmit vehicle collided with one driven by Thurman O. Pruett, 3335 Auburn, Pontiac, at the intersection of Crooks and Long Lake Roads yesterday morning, according to Troy police.

Pruett was treated and released from the hospital. Police said charges are pending.

DUMPED FROM CAR

Police said Mrs. Martin hid the body in her garage for two days before dumping it from her car onto 12-Mile Road.

Police found the fatal weapon, a hunting knife belonging to Flory, in Mrs. Martin's bedroom closet.

MRS. HUGH HEINTZELMAN

Murder Trial Begins for Mother of 2

The first-degree murder trial of a 37-year-old Farmington mother of two was to begin today before Circuit Court Judge William J. Bep.

Mrs. Virginia A. Martin, of 34732 Fendit, is accused of the May 8 fatal stabbing of Walter Flory, 45, of 33642 Grand River, Farmington, whose body was found two days later on 12-Mile Road in Novi by a motorist.

Mrs. Martin told police that Flory fell on a knife during a scuffle that started when Flory threatened to kill her 10-year-old son Arthur.

She said Flory made the threat as they were returning home from local bars after an evening of drinking.

DUMPED FROM CAR

Police said Mrs. Martin hid the body in her garage for two days before dumping it from her car onto 12-Mile Road.

Police found the fatal weapon, a hunting knife belonging to Flory, in Mrs. Martin's bedroom closet.

Mother Saves Self, Children

Escape Asphyxiation in Smoky House

PONTIAC TOWNSHIP — A 30-year-old mother is credited with saving herself and her six children from asphyxiation last night when she awoke and herded them out of their smoke-filled home.

Mrs. Gerald Pike was sleeping shortly after 11 p.m., unaware that her cigarette ashes were smoldering and beginning to flame in a living room wastebasket where she had emptied them.

After getting her children to the safety of outdoors, Mrs. Pike ran back into the house and called the fire department.

"In another five minutes, the whole family could have been lost," Pontiac Township Fire Chief Carl Schlegel said today.

When firemen arrived, they found the living room of the six-room house at 378 Hilldale completely in flames. The room was gutted before they could bring the fire under control.

Schlegel estimated the damage at \$1,200 to the house and another \$1,000 to furniture damaged by smoke.

The children's father, Gerald, 33, a carpenter, was working late. He arrived home shortly before the fire department got there and attempted to extinguish the blaze with water from a garden hose.

The house is fully insured. The Pike's children are Gloria, 12, Karen, 11, Marcia, 9, Larry, 7, Wendy, 5, and Dale, 3.

"There's no doubt that their mother saved those kids' lives," Schlegel said today.

State Checks Contribution to Dem Fund

MOUNT CLEMENS — Two partners in Roseville Bowling Alley and Bar will be examined July 29 on charges of state election law violation involving a campaign contribution they made to the state Democratic Party.

Justice of the Peace Francis A. Castellucci yesterday denied a motion to dismiss charges against Edmund Pawlega, who operates a Detroit restaurant as Eddie Pawl, and Hazel Park attorney Peter Hodges.

Pawlega and Hodges, treasurer and counselor, respectively, for Continental Lanes Inc., are accused of sending corporation checks for \$1,300 to the Democratic state central committee last fall, soon after a liquor license transfer was approved for Continental Lanes.

The two partners have denied any connection between the contributions and the liquor license. Such corporation gifts are illegal.

CELEBRATION BONNETS — Pam Long, 301 N. Saginaw, Holly, adjusts a bow on the back of the old-fashioned bonnet worn by Joy Neely, 401 S. Saginaw, Holly. The distinctive chapeaux are gaining popularity as time for the

125th anniversary celebration in Holly Township draws near. The three-day event, which will begin July 4, will include a parade, queen contest and coronation ball.

Drive-In Restaurant Ordinance Tabled by Rochester Council

ROCHESTER — After more than an hour-long discussion, the Rochester Village Council last night tabled indefinitely a new ordinance designed to govern operation of drive-in restaurants.

Primary protest launched against the proposed ordinance concerned the closing hour set at 2 a.m. on weekends.

The Elias Brothers Big Boy restaurant, Rochester's only drive-in, is required to stay open one hour later under its present franchise.

Citing an East Detroit case curbing drive-in hours which was found to be unconstitutional, Elias Brothers officials threatened to sue.

DISPUTE LEGAL RIGHT

They said the village has no legal right to fix hours or to regulate closing of a business.

Harry Markle, co-owner of the local Big Boy, said there

was an existing ordinance that governed drive-ins and a new one wasn't needed to "spell out" a neat and orderly appearance, conduct on the lot and hours.

His opinion was shared by George Bashara, general counsel for the Michigan Drive-In Restaurant Association, who was also present.

Bashara said the association seeks to police its own ranks and promised complete cooperation in

Teachers to Convene

DETROIT — Next week's annual convention of the National Education Association (NEA) is expected to attract 10,000 teachers, including 6,000 delegates. Preceding the convention of the world's largest teacher organization will be a national conference on "teaching machines" this week, tomorrow through Friday.

controlling noise and litter at its local restaurant on Main and Al bertson.

This was in answer to several complaints made at the session by residents of the neighborhood who wanted less noise from cars and their occupants in the lot and from employees cleaning up in the early morning hours.

They also asked that litter be picked up and that something be done about the floodlights that also illuminated the properties

IMMEDIATE ACTION

Markle asserted that the drive-in wants to be "a good neighbor" and would take immediate action on their complaints.

Thurley Allen, local certified public accountant, spoke on behalf of the drive-in, saying it was an asset to Rochester and the type of place needed locally for teenagers especially to stop in for snacks.

A letter also was read from David Milne, 1201 Hallie Fox, which made the same points.

A motion then was made to table the second reading of the ordinance indefinitely. It carried by a 5-1 vote with Councilman John O'Donnell the sole dissenter.

O'Donnell claimed that when Markle made application to the zoning board of appeals to build the drive-in in May 1962, the closing hour mentioned was 1 a.m. seven days a week, whether the board could officially accept it or not.

Markle countered that that was before he knew the hours stipulated under the Elias Brothers franchise which was granted in October.

Fishery Group to Meet

ANN ARBOR — The Great Lakes Fishery Commission will conduct its annual meeting at the University of Michigan tomorrow through Friday. The U.S.-Canadian agency, with headquarters at the U of M, will review sea lamprey control and lake trout rehabilitation programs and discuss use of Great Lakes fishery resources.

Beef, Pork Dinner Set

ORION TOWNSHIP — The Hawthorn Methodist Church will sponsor a roast beef and pork dinner tomorrow at the church on Silver Bell. Serving will begin at 5 p.m.

MRS. LEWIS RENSHAW JR.

Renshaw-Hawkins Wedding

Couple Marries in Troy

TROY — Honey mooning in Northern Michigan are Mr. and Mrs. Lewis F. Renshaw Jr., who exchanged their nuptial vows Saturday evening in Troy Methodist Church.

Rev. Ralph W. Janka officiated.

The bride is the former

Jaqueline Hawkins, daughter of Mr. and Mrs. Nelson Wentworth of Madison Heights. The bridegroom's parents are Mr. and Mrs. Lewis F. Renshaw, 6090 Niles.

For her wedding the bride chose a gown of silk organza over tulle featuring appliques of Venetian lace at the waist and neckline.

Her bouffant veil was attached to a Dior bow, and she carried two white orchids accented with variegated green ivy.

Matron of honor was Mrs. John Hawkins of Royal Oak. Mrs. Jeffery Cornish of Pontiac, Mrs. Earl Stevens of Skaneateles, N.Y., and Mrs. Ronald Reynolds of Dayton, Ohio, were bridesmaids.

Robert Renshaw assisted his brother as best man. The guests were seated by Jeffery Cornish, Earl Stevens and John Hawkins, brother of the bride, while another brother, Paul Hawkins, served as junior usher.

A reception at Devon Gables in Bloomfield Hills followed the ceremony.

Supreme Court to Ban ALL Reference to God?

Of a piece with its ruling a year ago on New York State's "Regents' Prayer" is the latest decision of the U. S. Supreme Court banning Bible reading and recitation of the Lord's Prayer in public schools.

Many feel that the top tribunal strained somewhat in its first finding and again, in its second, against the State of Maryland in seeing a violation of the 1st Amendment to the Constitution. The Amendment commands that "government maintain strict neutrality, neither aiding nor opposing religion."

Those disagreeing doubt that the classroom practices now prohibited constitute "aiding religion."

Moreover, they are concerned as to how far the court, once committed to its present course, may go.

Will all references to God in connection with the Pledge of Allegiance, our coins, the National Anthem be stricken out? Does the decision hold threat of discontinuance of prayers which daily open proceedings of Senate and House and of the cry "God save the United States and this honorable court" by which court sessions, including those of the U. S. Supreme Court, are opened?

On the other hand, the decision might be said to safeguard conditions under which religion may enter the classroom.

It recognizes that "one's education is not complete without a study of comparative religion or the history of religion and its relationship to the advancement of civilization..." that the Bible is worthy of study, and concludes with "...this is not inconsistent with the First Amendment."

The net effect of the decision, it would seem, is to broaden the "Regents' Prayer" decision while giving judicial sanction to the curricular status of religion.

New Transit Service for San Francisco

The refrain of the once-popular song hit "Clang, Clang, Clang Went the Trolley," long ago muted as a note of the times, may again be heard—in swelling chorus, if predictions hold true.

The San Francisco Bay area is the first to get a metropolitan rapid transit concept out of the visionary stage and into a realistic project. Twelve years in the planning, it is backed by a program for capital acquisition and utilization.

By three-county action, a bond issue of \$800 million has been approved by voters to provide 70-mile-an-hour transit service that will move 30,000 passengers an hour on each of the system's double tracks.

The State Legislature has allocated another \$133 million from bridge tolls for a four-mile transit tube under San Francisco Bay, linking Oakland and San Francisco.

Another \$71 million, from revenue bonds will buy rolling stock and equipment for the 75-mile complex.

If Congress votes Federal aid for metropolitan transit projects, the system could be completed in 1968. Otherwise it would take four years more.

Appeal to potential users is based on:

● **ECONOMY** — Transportation cost to the average commuter would be \$425 per year, plus a \$50 hike in real estate taxes to amortize the local bond issue. The commuter now is spending \$950

annually for bridge tolls alone.

● **PROSPERITY** — The projection of the "biggest economic boom since the gold rush days" for the bay area as a result of re-establishment of downtown business centers.

This area offers unique geographical advantages for success of the rapid transit innovation.

Highways of the Nation's metropolitan areas are already becoming increasingly traffic-clogged. The accompanying forecast of a population boom compels a lasting solution in public transportation.

The forward-looking development on the West Coast will be keenly watched by all sections of the United States.

Will Nonbias Rule Hit All Business?

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON — Should the federal government be able to tell privately owned businesses which cater to the public that they can't discriminate against Negroes?

President Kennedy says yes. He asked Congress to pass a law which says yes, too. This part of his civil rights program, unfolded last week, will bring one of the toughest fights in Congress.

Southern Democrats are against it. But some Republican leaders—like Sen. Everett M. Dirksen of Illinois and Barry Goldwater of Arizona—back it, too.

Kennedy did not ask that every last business, no matter how small, be compelled to stop discriminating. But it seems likely almost every business could be affected.

If Congress did pass such a law, it would automatically stop discrimination by business places. Those who wanted to spend money fighting it could go to court.

This is an explanation of what Kennedy asked, how it would work, and what it is based on. Everything Kennedy said hinges on two sections of the Constitution:

1. The 14th Amendment. It says state authorities—this includes local authorities—must treat all citizens equally.

2. The commerce clause. This empowers the federal government—and the Supreme Court has long upheld this—to regulate interstate commerce or prevent interference with it.

ASKS INVOCATION

Kennedy asked Congress to invoke both these constitutional provisions in passing the kind of law he wants.

The 14th Amendment says only that states must treat all citizens equally and cannot discriminate. The Supreme Court ruled in 1953 that the amendment does not outlaw discrimination by private business, like hotels, or theaters. This year the court, under the same amendment, said states or local communities cannot compel private businesses to discriminate.

It might seem, from those two decisions, that private businesses can do as they please about refusing to serve Negroes.

Not quite. There can hardly be a business in any place or of any size which is permitted to operate without a state or local license.

Couldn't then, a license by a city or state be a business which refuses to serve Negroes be considered state approval or even authorization for such discrimination?

That's the point Kennedy raises.

Therefore, since the 14th Amendment forbids state participation in racial discrimination, Kennedy argues Congress should pass a law forbidding it in business serving the public.

He is also asking Congress to act under the constitutional authority which lets the federal government protect interstate commerce.

Call To Arms

David Lawrence Says:

JFK's Trip to Europe Necessary

WASHINGTON—Whether or not a President of the United States should put aside his official activities in Washington and make a trip to Europe, 3,000 miles away has often been debated but never resolved to everybody's satisfaction.

Yet the most important reason for a President to go to Europe, or anywhere else abroad, is to accomplish something he can never do by staying home—to give the public opinion on issues of the day.

Mr. Kennedy has been criticized for taking a trip to Europe at a time when he has some pressing problems at home. But he couldn't cancel his arrangements without evoking more criticism and hurting the feelings of the various governments concerned.

The most important issue in Europe today is whether a coalition of the free governments of the West can function effectively. Economic reasons for an alliance are numerous in theory, but in practice there are barriers due to nationalistic emotions and self-interest of a material nature.

Politically, there is usually no difficulty in maintaining the Western alliance whenever there is real danger on the horizon. As a war scare recedes, however, there is a tendency for each of the governments to go its own way.

Perhaps the most surprising thing about Mr. Kennedy's trip to Europe is that he felt it necessary to declare that the United States intends to defend each and every one of its allies which might be attacked.

It is surprising because such an utterance would seem to be wholly unnecessary. For the same pledge was written into the North Atlantic Treaty, which shortly after World War II was ratified by the Senate of the United States.

No suggestion has been made from any official source in this country that the treaty be discarded.

NEED REASSURANCE

The peoples of Western Europe constantly need reassurance. The peoples of the Soviet Union, too, need to be told again and again that the United States will employ its forces solely to repel attack and there should be no worry about a war so far as acts by this country are concerned.

Mr. Kennedy can help soothe the feelings of Western leaders who may have heard this or that rumor about a deviation in America's foreign policy which would give the Communists an opportunity to make gains at the expense of Western Europe.

But when the President speaks today on foreign policy, he is expressing the true determination of the United States to defend Europe against attack and also America's basic purpose to try every peaceful process to avoid a major war.

On the whole, the absence of President Kennedy from this country for less than a fortnight can hardly encourage any extremists here to try out some new

species of demonstration on the "civil rights" issue.

Nor can it interrupt the normal functioning of government. Mr. Kennedy has available the latest facilities for instant telephone and radio communication.

If a traveling chief executive

can carry on for a few days inside Europe a crusade to foster a friendlier and more understanding public opinion in the world, his mission is worthwhile.

For if it will help bring the peoples of Europe closer to America, it is a constructive step.

Bob Considine Says:

Americans Abroad Need Competent Medical Care

ROME—Ever been sick while overseas? It can be a pretty frightening experience. Not many travelers, particularly Americans, have a grain of confidence in the ability of a foreign doctor, for some reason or other, though most of what we know in medicine came to the United States from abroad.

The language barrier is often as much of a pain as the physiological pain which is being suffered. How would you say "Hey, Doc, I think I've got appendicitis" if the doctor understood only Sanskrit?

We know a lady who came down with a bad stomach in a little French town one time and yelled to a maid "Get me a pan."

"Comment?"

"Pan, Stupid, a pan."

The maid obediently read off and came back with a loaf of bread.

Dr. V. Marcolongo, president of the newly formed International Association for Medical Assistance to Tourists, and his group have spent three years on the task of setting up a body of doctors which will satisfy any medical requirements the traveler may have and to coordinate the aspects of medical assistance so that he may find the same level of medical care wherever he may go.

PROBLEM GREAT

With the flowering of the jet age and the immense increase in travel the problem of medical aid to tourists is indeed of great importance. For example, more than 21 million foreigners were checked at Italian borders last year.

"While at home these people were probably protected by family doctors, medical groups and so forth," Dr. Marcolongo's note says. "But medical care during their travels is often inadequate, giving rise to problems which sometimes are very grave."

The establishment of a new medical association which will take care of this "traveling doctor's note" has been urged.

Associated doctors retain all fees received. The association will support itself by charging tourists a small fee for keeping him informed on who is the best heart specialist or corn remover in, let's say, Saudi Arabia.

Voice of the People:

'Regard Every Motorist as a Congenital Idiot'

The best motoring advice was that given in a hearing by the late Waldo R. Briggs.

A defendant motorist pleaded that an accident had been caused because he "did not expect the other chap to do that."

Mr. Briggs leaned from his bench and commented, "There would be far fewer accidents if every driver would regard every other user of the road as a congenital idiot."

B. Wright

'True Example of Brotherhood'

This newspaper story interested me: "New Orleans—A priest arrived at a radio station to lead the Holy Name men of his parish in the Rosary. He was the only person present—but decided to go it alone. The announcer introduced the Rosary broadcast and then gave the responses."

"The grateful priest thanked the announcer and asked the name of his parish. The announcer replied 'Temple Sinai, a Jewish Synagogue.'"

Jennie Spadafora

'Racial Strife Path to Dictatorship'

Racial strife could lead to military and financial dictatorship. If the situation gets out of control the international hate mongers will tell us we can't control ourselves and that the only solution is a dictator. We pretend to be a Christian nation and should practice what we preach. We are all created by one God and I have never read in the Good Book where God said one race or color was better than another.

The Almanac

By United Press International
Today is Tuesday, June 25, the 176th day of 1963 with 189 to follow.

The moon is approaching first quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening star is Mars.

On this day in history:

In 1669, the former Confederate States of North and South Carolina, Georgia, Florida, Alabama and Louisiana were readmitted to the Union.

In 1876, Sitting Bull led the Sioux Indians in the Battle of the Little Big Horn that wiped out Gen. George Custer and his men in an action that later became known as "Custer's Last Stand."

In 1950, a military conflict began when North Korean Communists invaded South Korea.

In 1962, the Supreme Court handed down a decision interpreted as barring prayer in public schools.

A thought for the day — The European philosopher, Friedrich Nietzsche, wrote: "Distrust all in whom the impulse to punish is powerful."

Smiles

If you really have a wonderful time and rest on vacation it's worth going broke for.

If the Statue of Liberty could talk she'd likely claim she was still in her 20s.

In Washington:

Odds Against Pact on Test Ban

By PETER EDSON
WASHINGTON (NEA) — No high official in Washington is kidding himself that the forthcoming American-British-Russian talks on a nuclear test ban will result in agreement and a treaty. Some administration sources put Undersecretary of State Averell Harriman's chances of success in Moscow at no better than 1 in 20.

This is perhaps the best answer to congressional and other critics who think that the conference announced in President Kennedy's June 10 speech on a new strategy for peace is an ambush and a waste of time.

The rationalization for it is that any president would want to be sure that he had done everything he could to avoid a worldwide nuclear disaster. If the talks prove fruitless as expected, Russia gets the blame.

What could follow would be of considerable advantage to the United States in one way, of considerable damage to both the Communist and the free worlds in another.

Another demonstration by the Russians that they do not want a test ban should make a mockery of the North Atlantic Treaty Alliance countries realize exactly what they are up against. It should unite them as they have not been united before.

Russian rejection of a test ban should also make it easier to bring into being the NATO Multi-

lateral Force—MLF — of submarines and surface ships armed with Polaris missiles.

The bad part of such a development is that it might bring on an all-out arms race between East and West. The MLF alone would cost the U.S. an estimated \$15 billion. It would mean \$100 billion U.S. defense budgets within a few years. The question is whether or not a test ban would be preferable.

If a test ban agreement should come through as a long shot, there is no intention that the United States would relax on what is now believed to be its vast nuclear superiority.

Plans for future testing would go right ahead. Development of antimissile missiles and anti-missile missiles would go ahead.

Then if the Russians broke the test ban treaty, the United States would be prepared to resume testing immediately. It would not be forced to lose six months as it did before when Khrushchev broke the Eisenhower moratorium on bomb testing.

In spite of U.S. nuclear weapons superiority—which is not to be confused with a missile gap in delivery systems—there is no assurance that American scientists would be the first to develop new superweapons that come after the H-bomb.

In the potential for proliferation of nuclear weapons development in the next 10 to 20 years by Red China, France, Germany, Italy, Sweden, India, Japan or others that have the know-how, some obscure scientist may make the breakthrough. This is a development

the United States must be prepared to match.

The key issue on test ban negotiations now is inspection of unidentified explosions. Chairman Khrushchev doesn't want any U.S. inspectors in Russia, maintaining that they would all be spies.

He doesn't need any inspectors in the United States, for in the wide-open United States society the Russians need only about 5 per cent espionage to learn what they want to know.

While the United States has a world-wide nuclear test detection system, which the Russians do not have, the U.S. needs inspection of unidentified explosions. Khrushchev apparently has been led to believe that the United States will ultimately sign a test ban treaty without inspection. But the often repeated remark from the Russians that the former American disarmament negotiator, Ambassador Arthur Dean, had ever said that inspections are not important is officially denied.

Anyway, the difference between three inspections a year, which Russia might settle for, and the seven which the United States insists on as a minimum is considered important. What's wanted is a reserve of two or three inspections for safety.

Authorities Seeking Killer of Dad of 6

COLOMA (AP) — Authorities today sought the person who beat a Hartford father of six to death and left the body in a peach orchard 3 miles west of here.

The victim was John Thomas Craig, 36, Berrien County sheriff's men said.

Craig's body was found yesterday on the Joe Sage farm, clad in a T-shirt and work trousers. No weapon was found near the scene and sheriff's men said no motive for the slaying was indicated.

State Treasury Swells

LANSING (AP) — The state's treasury balance rose some \$3.6 million last week, with income of \$47.8 million exceeding expenditures of \$44.2 million. The treasury balance at the week's end was nearly \$80.7 million.

Strong at Convention

Young Republicans Plug Barry

SAN FRANCISCO (AP) — A news conference this morning strong pro-Goldwater contingent swung into action today at the start of the national Young Republican convention in the city where the 1964 GOP standard-bearer will be picked.

About 1,000 delegates and members of associated groups were present at the start of the 10th biennial convocation of the Young Republican National Federation.

Many sported badges backing Sen. Barry Goldwater of Arizona, the only Republican presidential prospect who agreed to speak to the convention.

The two candidates for chairman of the organization during the next two years were to hold a

Hatfield is scheduled to give the keynote address Wednesday morning.

183 Freshmen Receive OU Scholarships

Roughly one-fourth of next fall's entering freshman class at Oakland University have been awarded scholarships by the school.

Glen Brown, director of scholarships and associate director of admissions, announced that 183 awards, totaling \$51,400 have been made to high school seniors.

These students, who have outstanding scholastic records, constitute the largest number to ever receive scholarship aid from OU, Brown said.

Brown said the awards averaged out at about \$280 per student an included loans and campus jobs.

"Oakland's growing aid program," Brown said, "is able to provide needed help to so many able students this year because of the efforts of the Oakland University Foundation and the community in raising scholarship funds, and because of the availability of National Defense Education Act loan funds."

The three largest vehicle-producing countries last year outside the United States were, in order, West Germany, Britain and France.

Negroes Claim Some Success in LA

LOS ANGELES (AP) — Negro leaders today claimed partial success for yesterday's demonstration against the board of education, but indicated differences of opinion on plans for future protests against alleged de facto segregation.

Nearly 1,000 hymn-singing, placard-carrying demonstrators walked through downtown Los Angeles yesterday on their way to a meeting of the board of education. About 700 Negroes were joined by 200 whites.

Demonstrators outside the

board meeting were orderly and on the way through the downtown area walked two and three abreast on both sides of the streets, halting for red lights as they walked.

Several police patrol cars and motorcycle policemen drove slowly along with the group and a police helicopter hovered overhead.

The Rev. H. H. Brooks said after the board meeting that "Negro leaders would rather 'talk than walk' and said there probably would be no more demonstrations be-

cause the board had indicated a willingness to talk.

Brooks is former local chairman of the National Association for the Advancement of Colored People (NAACP).

But Dr. Christopher Taylor, present NAACP local chairman, said "they still haven't met our minimal demands."

He added that "we will come back to every meeting of the board until it meets our demands."

The next board meeting was scheduled for Thursday afternoon.

TOTAL PERFORMANCE:

FORD GALAXIE 500/XL SPORTS HARDTOP

IF YOU KNEW WHAT THIS "CAR KILLER" KNOWS...YOU'D BE DRIVING A SOLID, SILENT SUPER TORQUE FORD

The steel-edged pothole in the picture is probably the world's toughest test of a car's suspension. We drive into this car killer at 30 miles per hour, locking our brakes as we go. That means the wheels can't roll through the hole as they normally would—the car slams against the far edge of the hole with such impact that it literally bounds out.

If you added up the cumulative effect of all the jars and jolts your car's suspension system experiences in years of normal driving, it wouldn't match the impact of one thunderous trip through the hole. Yet—a Ford must run this test three times to prove its strength.

How can a Ford stand up to this crunching torture test so well? Because Ford's front suspension has extra beef in spindles, springs, suspension arms—in fact, it's about 20 pounds heavier than the front suspension of our principal competitor's car.

We don't expect you to abuse your car the way we do our test cars. But, whatever kind of driving you do, you'll welcome the extra strength you'll find in a total performance Ford. The strength in a Ford is tried and tested in a thousand ways in Ford's laboratories and proving grounds—and in open competition in the world's toughest rallies and stock car events.

Look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside, and Atlanta 500's, the World 600 at Charlotte, N.C., and in the demanding Pure Oil Performance Trials. Only a car with total performance—the best combination of strength, balance, precision control and rapid-clinging suspension—could roll up so many impressive wins.

Before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery: if it's built by Ford, it's built for performance...total performance.

Narcotic Addicts Lie Without Any Reason

By DR. WILLIAM G. BRADY

Narcotic addicts are notoriously secretive, deceptive and untrustworthy about their use of the narcotic and about everyday matters.

It makes little difference whether the narcotic they use is heroin, morphine, laudanum (tincture of opium), paregoric (camphorated tincture of opium), marihuana, demerol or alcohol. As a young doctor, I had to learn by sad experience that a narcotic addict will lie when there is no apparent reason for it.

There was the working man whom I had attended in two or three drinking bouts. Then for a year or two he did no drinking at all. Whenever we met he didn't wait for me to ask, but assured me he had no use for the stuff.

Then he developed pneumonia. I attended him at his home. Shortly after the crisis he developed emphysema, collection of pus in the pleural cavity.

This calls for opening the chest and inserting a tube to drain the pus. I took him to the hospital and operated.

Everything was going well when, the second morning after the operation, the patient suddenly demanded whiskey. The nurse told him she couldn't give him whiskey unless the doctor ordered it.

The patient didn't give a curse about the doctor; he wanted whiskey and he wanted it right now.

PATIENT DIES

He became delirious (delirium tremens), fighting nurse and attendant, and tore the dressing off his chest, drainage tube and all. He died of delirium tremens.

Later, his family told me he had never quit drinking, and even through the pneumonia illness at home, his cronies had smuggled in whiskey for him every day.

Now if he had told me the truth, I would have ordered regular doses of whiskey for him in the hospital. This might have prevented development of delirium tremens.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not diseases, diagnosis, or treatment, will be answered by Dr. William Brady, if it is answered only addressed "Dr. Brady, c/o The Pontiac Press, Pontiac, Michigan." Northwood Announces New Director at Alma

ALMA (AP)—Northwood Institute President Arthur Turner announced yesterday the appointment of W. Arthur Batten as director of the school's Alma campus.

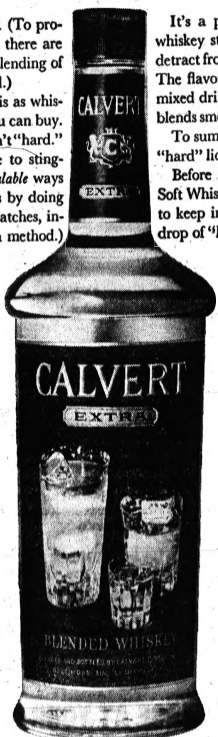

Since 1959 Batten has been employed by the Flint board of education and the Mott Foundation for Adult Education. Prior to 1959, he was a teacher at General Motors Institute.

Soft Whiskey, explained.

Or, rather, *partially* explained. (To protect all our years of hard work, there are things about the distilling and blending of Soft Whiskey that we can't reveal.)

To begin with, Soft Whiskey is as whiskey a whiskey as any whiskey you can buy. But it's the first hard liquor that isn't "hard."

That means no "hard" edge to sting-bite-burn you. (One of the *revealeable* ways we take off that "hard" edge is by doing some of our distilling in small batches, instead of the regular large batch method.)

It's a pleasure to drink this 86 proof whiskey straight—there's no heat in it to detract from your enjoyment. Just warmth. The flavor is rich, yet it swallows easy. In mixed drinks, it doesn't fight the mixer. It blends smoothly, yet doesn't lose itself.

To sum up: Soft Whiskey does anything "hard" liquor can do. It just does it softer.

Before you sample Calvert Extra, the Soft Whiskey, there's something you ought to keep in mind: you may never touch a drop of "hard" liquor again. \$4.36 Fifth.

UNITED NATIONS, N.Y. (UPI) — Western diplomats predicted overwhelming approval of a U.N. financial plan today in a budgetary committee vote they hoped would show the Soviet bloc in isolated opposition.

The 11-nation committee was scheduled to wind up a six-week debate this morning and proceed to vote on the seven resolutions

that comprise the comprehensive and complicated plan.

Committee Chairman Jan Paul Bannier of the Netherlands said he wanted to vote on the measures today so that the committee could prepare its report and submit the issue for ratification by the General Assembly by Thursday.

Assembly consideration of the plan was expected to be brief.

Most countries made their views plain in the committee debate, and the special session convened on May 14 to consider the financial crisis was expected to adjourn by Thursday night.

Although many countries announced they intended to abstain in the vote, Russia and its allies were unrelenting in their opposition.

The Soviet countries contended

that the Security Council has sole responsibility for peace-keeping operations and refuse to pay any assessments not voted by the council.

THE RESOLUTIONS

The financial plan, contained in resolutions sponsored by groups of Latin America, Afro-Asian and Western countries varying in number from 9 to 34, provides:

In two resolutions, that Secretary General Thant be authorized to spend \$42.5 million on the Congo and Middle East peace operations for the last six months of this year.

Of this amount, the first \$5.5 million would be assessed against all members on the regular budget scale. Above the "first bite," \$5 "underdeveloped" countries would be granted a 55 per cent reduction in their regular assessment.

The resulting \$3.56-million deficit would be made up by voluntary contributions.

In three more basic resolutions, a set of guideline principles for financing future peace-keeping operations, procedures for a collection campaign against delinquent members.

These resolutions would grant almost \$100 million for such activities, and authorization for Thant to extend to the end of this year the sale of the \$200-million U.N. emergency bond issue.

A sixth resolution would set up

a "peace fund" to provide ready cash for emergency operations and to be subscribed by governments, institutions and individuals.

The final resolution would continue a 21-nation working group on finances and charge it with devising by the time of the 1964 assembly session a permanent plan for assessing peace costs.

GOP Condemns Russians in Cuba

WASHINGTON (AP) — House Republicans submitted a House resolution Monday that called the presence of Soviet troops in Cuba a "clear violation of the Monroe Doctrine."

The resolution, which was approved by the House Republican Policy Committee, was drawn up by a GOP task force headed by Rep. James F. Batton of Montana.

He said Congress should demand an end to Soviet intervention in Cuba, a termination of Communist sabotage, subversion and guerrilla warfare in the Western Hemisphere and the right of the Cuban people to determine their own destiny.

Assassins Sentenced

PARIS (UPI) — A military court today sentenced Serge Bernier, 29, to life imprisonment and Guyula Sari, 32, to 20 years imprisonment for their part in an unsuccessful machine gun attack by a GOP task force headed by Rep. James F. Batton of Montana.

WILLIAM F. STACK
HOLLY — Service for William Frank Stack, 79, of 502 North, will be at 10 a.m. Thursday at St. Rita's Catholic Church. Burial will follow in Lakeside Cemetery.

Mr. Stack died yesterday after a long illness.

The Rosary will be recited at 7:30 p.m. tomorrow at the Dryer Funeral Home.

A retired farmer, Mr. Stack was a member of his church's Holy Name Society.

Surviving are his wife, Rose, four sons, Francis, Arthur and Albert, all of Holly, and Paul of Davisburg; a daughter, Mrs. Grace Hadel of Holly; a brother, Hugh of Holly; 30 grandchildren and 27 great-grandchildren.

The 65-year-old pontiff also was being brought up to date by officials of the Vatican Secretariat of State on matters left unfinished at the death of Pope John and was reported planning private audiences with a number of the cardinals.

The Pope's coronation will take place Sunday afternoon in front of St. Peter's Basilica. His audience for President Kennedy will come the next day, and will be the first meeting between the new pontiff and a chief of state.

The coronation is expected to last about an hour and a half — or one-third of the usual time for this ceremony.

The Pope's coronation will take place Sunday afternoon in front of St. Peter's Basilica. His audience for President Kennedy will come the next day, and will be the first meeting between the new pontiff and a chief of state.

The coronation is expected to last about an hour and a half — or one-third of the usual time for this ceremony.

The 65-year-old pontiff also was being brought up to date by officials of the Vatican Secretariat of State on matters left unfinished at the death of Pope John and was reported planning private audiences with a number of the cardinals.

Italian Reds Boycott Speech

Ban Cuban During Congress of Women

MOSCOW (AP) — Italy's 50 delegates to the Communist-sponsored World Women's Congress boycotted a speech today by a Cuban delegate in a dispute over cold war problems.

The Italian women walked out of the Kremlin Palace of Congresses Monday to protest an anti-American speech by a Japanese delegate. A spokesman said they were not trying to show support for the United States but wanted to see the congress continued to special conditions for women and conditions in the home.

The American delegation of 65, sponsored by the Women's Strike for Peace organization, sat through both the Japanese and Cuban speeches.

At an organizational committee meeting Sunday night, the British and French delegations joined the Italians in protesting cold war speeches. The British and French also did not join in the boycott.

Ruth Gage Colby of New York, an international organizer of the Strike for Peace organization, defended the American refusal to join the walkout.

"I think walking out is discourteous — and is itself a cold war tactic," she said, adding that she was expressing only her personal view.

Another delegation member, Mrs. Edward Badura of Rochester, N.Y., refused to comment, explaining: "We are not allowed to make any statement unless we are in the presence of a member of our press committee."

Members of the press committee wouldn't talk either.

An observer said the Italian delegation was composed of about one-third Communists, one-third Socialists and one-third tourists who joined the group because it was easier that way to get visas to the Soviet Union.

The 65-year-old pontiff also was being brought up to date by officials of the Vatican Secretariat of State on matters left unfinished at the death of Pope John and was reported planning private audiences with a number of the cardinals.

The Pope's coronation will take place Sunday afternoon in front of St. Peter's Basilica. His audience for President Kennedy will come the next day, and will be the first meeting between the new pontiff and a chief of state.

Auto Output Heads to 7 Million Units

The world ratio of doctors to per 96,000 in the Niger Republic. A miniature welding unit for small parts produces a gas flame Washington has the purest population varies from one per 100 in the United States use in assembling jewelry, etc. of 6,000 degrees but only one known silica deposits in the United States. The ratio in Israel is one to 790. or other fifteenth of an inch in diameter.

AP Automotive Writer

DETROIT—Auto industry production eased slightly last week but still appeared headed toward a seven-million unit year.

Ward's Automotive Reports, a trade publication, reported that first-half production of cars and trucks in U.S. plants will reach 4.8 million units—an increase of 13.8 per cent over the January-June record last year. It was almost even with the six-month

record of 4.9 million set in the industry's biggest year—1955.

Automotive News, another trade publication, said 169,893 passenger cars were built in the U.S. last week and that the June total would be around 690,000 cars.

It said that for the year to date, the estimated 3.8 million assemblies compared with the 3,498,703 at the similar point in 1962.

Truck production remained one of the brightest spots in the industry as some 715,622 have been built, more than 100,000 ahead of the 614,886 at this stage of 1962.

Lynn A. Townsend, president of Chrysler Corp., was one of the latest auto leaders to express confidence that auto sales would hit a new high in 1963.

"If these strong car and truck sales continue — and we don't have any reason to believe otherwise—we will definitely establish a new record for this industry in 1963," Townsend said.

The weekly tabulation, prepared by Automotive News, showed passenger car output by Chrysler, Ford and General Motors was off a fraction over the previous week. American Motors and Studebaker showed tiny gains.

Ask Tax Cut Replaced by Local Levies

KALAMAZOO (U)—Civic leaders of Kalamazoo, Allegan and St. Joseph counties yesterday told Gov. George Romney they favored cutting business and property taxes.

They also said they favored some form of state income tax or local property tax to replace the lost revenue.

The governor polled about 150 people, attending a breakfast here, on their tax views, and asked them to consider alternate tax plans and write him as to their views.

The meeting, billed as nonpolitical, was sponsored by the Kalamazoo County Chamber of Commerce.

Also present at the meeting were State Controller Glenn S. Allen Jr., Grand Rapids Accountant L. William Seidman and Senate Finance Committee Chairman Clyde Geerlings, R-Holland.

Enters Lowest Bid

CHICAGO (U)—Ridahl construction Co. of Minneapolis submitted the low bid of \$146,400 yesterday for extension and remodeling of the Ironwood Mich., Post Office. The bid was received by the General Services Administration. Contract awards will be made later.

U.S., Spain Eye New Pact Gains

By PHIL NEWSOM
UPI Foreign News Analyst

When the United States and Spain negotiated their 1953 agreement on U.S. naval and air bases in Spain, both sides won important benefits.

The United States won a valuable forward base against Communist aggression and Spain a much-needed economic shot in the arm plus a start toward re-entry into the family of nations.

Now, amid considerable secrecy but with some of the facts known, they are approaching a renegotiation of the agreement which expires in September.

Both sides seek certain gains.

A somewhat similar agreement with Portugal on the strategic U.S. base in the Azores already has expired, with negotiations at present reported deadlocked but by no means abandoned.

Both the Spanish and the Portuguese agreements bear heavily on U.S. strategic planning, especially since President Charles de Gaulle's snub of the Atlantic Alliance, the gain in Communist voting strength in Italy and U.S. hopes for a mixed-nation naval force based on the nuclear-tipped Polaris missile.

FRANCO HOLDING CARDS

All of these conditions would seem to be cards in Generalissimo Francisco Franco's hands. There are indications the Spanish asking price is not cheap.

The 1953 agreement gave the United States the use of three air bases by the Strategic Air Command, the big naval base at Rota and other installations including naval depots, radar sites and a pipeline system.

There is evidence now that the United States would like to make the Rota base available

to NATO submarines carrying nuclear ballistic missiles.

In return, Franco wants either Spanish membership in NATO or, at the least, closer political ties with the United States.

Spanish membership in NATO has in the past been adamantly opposed by the low countries, Denmark and Norway and, to a lesser degree, by Britain.

WANTS MORE AID

Spain also wants an increase in economic aid which since 1953 has totaled more than a billion dollars, plus modern military equipment including rockets and missiles.

On its part, the United States would prefer that the agreement continue much as it is and to wait as long as possible to determine how Europe's strategic and political alignments finally are to work out.

It further has warned Spain that, because of the unfavorable outlook of U.S. gold, free military aid to Spain will have to stop. That, instead, she will expect Spain to spend some \$250 million of her own money on new equipment.

The deadlock in the negotiations with Portugal is on an issue less complex but equally difficult.

The 20-year-old agreement with Portugal expired last Dec. 31 but use of the base which is a strategic link with Europe and Africa, has continued.

Cartoonist Gives View on Abstract Art Works

WASHINGTON (AP)—Cartoonist Al Capp was asked on a recorded television program Monday to discuss abstract art.

His evaluation: A product of the untalented, sold by the unprincipled to the utterly bewildered. "The creator of 'Lil Abner' gave his view while being interviewed by teen-agers on a program called 'Youth Wants to Know.'"

Could
this
be our
deadliest
disease?

Medical evidence is mounting that the greatest plague of our times may well be inactivity.

It's one reason why millions of Americans are overweight. And inactivity is also a factor in the onset of diseases of the heart and blood vessels. Our children are not as active as they should be. They sit more than they move; they watch more than they participate. As a result, their physical fitness has declined. Almost one-third of them can't pass minimum physical achievement tests. What to do about it? Get them into action again! Preferably in physical education programs that include vigorous activity—for at least 15 minutes of every school day. Investigate the program in your child's school. Discuss it with your school officials. Make sure the program is what it should be. If you would like more information, write to The President's Council on Physical Fitness, Washington 25, D.C.

Date Set for New State Laws

LANSING (AP) — After 12:01 drive 70 miles an hour after dark cost you an extra buck to get married.

JUNK CARS AND TRUCKS WANTED
—HIGHEST PRICES PAID—
We Pick Up
FE 2-0200
PONTIAC SCRAP

Raising the night speed limit from 60 to 70 and increasing the marriage license fee from \$2 to \$3 are two of the many changes in Michigan law which will influence the ordinary citizen when they go into effect.

Some 90 bills passed during the regular 1963 session of the legislature already are in force, having been given "immediate effect" when passed and signed into law by Gov. George Romney.

These include such things as the appropriation of money for the state's 1963-64 budget, a total

of just over \$550 million, the creation of a state safety commission, and permission for cities to issue revenue bonds to acquire industrial buildings and sites.

90 DAYS LATER

But many of the bills which will affect the ordinary citizen won't be official until 90 days after the end of the session on June 7.

This means that after midnight Sept. 5, the provisions of 158 new laws will be in effect.

For example:

If you're a physician, you'll be able to administer first aid to accident victims at the scene without fear of being sued for damages later.

If you're a motorist, you can drive 70 mph or more on the freeways but you must go at least 45 miles an hour. And you can't drive with your parking lights instead of your headlights.

You'll be able to get a loan of up to \$1,000 from a finance company under the "small loan" act which raised the maximum from \$500.

If you're a landscape architect, or a sanitarian, you will be required to register with the state.

If you're a dentist, you can join a nonprofit dental care corporation patterned after the medical "Blue Shield" program.

NO PERCH NETS

If you're a nonresident, you can go ice fishing in Branch, Cass, Berrien, Hillsdale, St. Joseph or Van Buren counties. But no matter where you live, you can't use perch nets in certain parts of Northport Harbor.

In addition to getting married, it will cost you more if you want to register as a notary public (\$1 to \$2); apply for registration or unrecorded birth (\$2 to \$3); file laundry marks (\$2 to \$3); dentists' certificate of practice (\$1 to \$2); or veterinarians fee (\$1 to \$2).

If you're a solicitor for private school, business or correspondence school, you must be licensed and bonded.

One of the more important and controversial pieces of legislation not given immediate effect was the so-called parochial bus bill which requires school district offering bus transportation to public school students to do the same for private and parochial school students.

It will become effective Sept. 6 but by its own language **can't be enforced until July, 1964.**

A similar situation applies to the new law requiring seat belts on cars built in Michigan. Its effective date is Jan. 1, 1965.

By being given "immediate effect," Bills already have changed Michigan laws to provide that:

Michigan cities are legally able to issue revenue bonds for the acquisition of industrial buildings and sites under an "immediate effect" bill that formed part of the governor's economic expansion program.

Counties may combine into districts to operate community colleges if they are not in one at present. They also can join forces to establish regional facilities for detention and diagnosis of delinquent and neglected juveniles.

County Dems Consider Debt

State Party Owes Funds to County Unit

Oakland County Democrats are not sure if they will join some other county and congressional district party organizations in a bookkeeping maneuver aimed at trimming the state party's \$250,000 debt.

James M. McNeely, executive assistant to County Democratic Chairman Sander M. Levin, indicated the county organization may take a "wait-and-see" attitude.

The question is whether to grant a request by the Democratic State Central Committee to cancel a debt of some \$1,200 owed the county organization by state central as its share of membership dues collected in Oakland County.

State Democratic Chairman Zolton A. Ferency said last week that "several counties have met and informed us they are waiving our indebtedness," a matter of some \$10,000 so far.

If all county and district organizations were to cancel such debt, state central could trim some \$24,000 from its total debt, Ferency indicated.

"We just haven't been returning the money on the 50-50 basis that we're supposed to," he explained.

McNeely indicated county Democrats would not directly refuse the request, but might let it ride on the theory that the \$1,200 would be collectible later if the party's debt were to be wiped out by other means.

The first domesticated sheep were Anatolian Mouflons, which still run wild in the hills of Iraq, Iran and Turkey.

Order Ashland Fuel Oil Now and SAVE 3 Ways!

Fill your tank with clean-burning, dependable Ashland Fuel Oil and save 3 ways:

- You get the advantage of the lowest prevailing Fuel Oil price with no payment until October 10. (Payment due September 10 for Budget Plan customers.)
- You're protected from any Fuel Oil price increases that may occur.
- Your fuel tank will stay cleaner, rust-free.

To ease the strain on your pocketbook even more, Ashland Oil has a Fuel Oil Budget Plan that will enable you to spread your fuel costs over nine equal payments—from September to May. No interest or carrying charge to pay. Don't wait for winter . . . call us now!

Miss Staunton Enjoys Full Week of Parties

By SIGNE KARLSTROM
Joe Seaver Staunton, whose marriage to Robert S. Pulphier will take place Saturday, is being feted by her friends. When Joe arrived home from Denver June 16 a week of activities had been planned in her honor.

McPhail and her daughter Susan honored the bride-to-be with a luncheon and personal shower at the Oakland Hills Country Club. Sunday Mr. and Mrs. Ward Tollison gave a supper party in their home on Harlan Drive.

Others who have honored Miss Staunton are: Mrs. George Moffett, Mrs. James Bradburn, Alice Bradburn and Mrs. Richard Staunton.

The rehearsal dinner will be given by the parents of the bridegroom-elect, Mr. and Mrs. K. DeWitt Pulphier of Wynwood, Pa., Friday at Pine Lake Country Club.

Donald Pulphier will come from Frankfurt, Germany to partake in last-minute festivities and assist as best man at his brother's wedding.

On the day of the wedding Mr. and Mrs. James H. Carmel of West Long Lake Road will entertain the bridal party and out-of-town guests at luncheon in their home.

That evening Mesdames George Odien, Warren Rick and Lawrence Patrick entertained for supper in Mrs. Odien's home on Gilegarry Circle. Mrs. Robert Davis, Mrs. Charles Davis and Mrs. Norman Lyle gave a luncheon recipe- and kitchen-gadget shower Monday in the Davis home on Willis.

A round-the-clock shower and luncheon was given by Mrs. R. J. Waterbury at the Village Woman's Club on Thursday and on Friday Mesdames Jervis B. Webb, David Clark and Ray Church and Misses Carolyn Clark and Mary Susan Church entertained for lunch and a linen shower at the Orchard Lake Country Club.

On Saturday Mrs. James

Carrell, an expert with the deadly Australian boomerang and a wizard with the bull-whip, and a precision drill team of Arabian horses.

The riders, colorful in their authentic Arab garb, are composed of metropolitan Detroit business and professional men, who train their own horses. They will present afternoon and evening rides Saturday and Sunday.

CHORUS EVENTS
Saturday's spotlight, in keeping with Oakland University Day, falls on the O.U. chorus men's octet, directed by Dr. Walter Collins, music department chairman. They will give shows Saturday afternoon and evening.

Climaxing social activities will be the senior supper-dance that evening, with music by Danny Baker's Orchestra following the buffet.

Sunday, in the main ring, club members, guests and exhibitors will enjoy a continental breakfast before the show's final day.

Climaxing every show after the stake classes and award presentations, is the hilarious grooms' class. The men behind the scenes emerge in fantastic hats, astride their sleek chargers and take the hurdles bareback for cash prizes.

at pool-side for games, music and food before the record party. A barbeque, radio DJ and several recreation groups highlight tonight's fun. There are no evening classes today.

The rest of the week is filled with delectable items from the Hunt Fair, sponsored by Oakland University's Scholarship Committee: automobile exhibits and parades, games, and, of course, the horses. Wednesday through Sunday classes run from 8 a.m. to midnight.

In addition to some of the country's finest horses and riders, main ring features include Chuck Grant of East Square Lake Road and his palomino stallion, Shining Gold.

DAILY EXHIBITIONS
The pair will give dressage exhibitions every afternoon and evening. Dressage, one of the most refined arts of horse training demonstrates instant response to the rider's commands without preceptible use of hands, legs or reins. The signals are so subtle that they are almost undetectable to the observer.

Mr. Grant and his horse are headliners for the Michigan State Fair later this summer.

Other features include Bud

By LINDA LaMARRE

One of the nation's largest outdoor horse shows for hunters and jumpers, the Detroit Horse Show, opened today at the Bloomfield Open Hunt Club for six days of rail-gripping excitement.

And members, guests and exhibitors will fill in the wee hours with dances, dinner parties and a moonlight record hop around the pool for juniors this evening.

Those under 12 will gather

'Y' Group to Attend Annual Fete

Golden Agers from the Pontiac YWCA will attend their annual picnic Wednesday at the home of Mrs. Fred Stimpert of Watkins Lake.

Mrs. Stimpert, retired president of the Pontiac 'Y' makes this her farewell to the group. She leaves for Florida later this summer.

Following a served luncheon, movies of Michigan, "Land of Shining Water," will be presented by Consumers Power Co. Mrs. Arthur Sweet, Golden Age chairman, will be assisted by Mrs. Marcus Scott, hostess chairman, and her committee.

Thursday, staff members and the YWCA instructors' corps have been invited by Alice Serrell, president, to meet with the board of directors for a salad-dessert luncheon.

Bethel No. 40 Gives Degrees

Bethel No. 40 International Order of Job's Daughters, conferred Majority Degrees Monday at the Roosevelt Temple.

Honored Queen Helen Boatright conferred degrees on Mrs. William Lister, Marilyn Vernon, Nancy Newcomb and Jackie Horton.

Thirty members of the group attended the 23rd annual Grand Council Session, held June 20-22 in Grand Rapids.

Heat, Humidity Burdens Heart

NEW YORK (UPI) — Dr. George E. Burch, editor of the American Heart Journal, reports that studies of cardiac patients show heart and high humidity put an added burden on the heart.

Dr. Burch, of Tulane University School of Medicine, does the reporting in a new film—"The Air Around Us."

DIANE JUNE HOPE

Mr. and Mrs. Leo J. Hope, Gingell, announce the engagement of their daughter Diane June to Fire Controlman 3.C. Lawrence Wayne Fetter, USN, son of the Mark J. Fetters of Home. Winter vows are planned.

Diane Bowen Hubert, daughter of the Dawson B. Huberts, Elk Grove Village, Ill., became the bride of Richard E. Rogers, son of Mr. and Mrs. Byron Rogers, Chippewa Road, recently, in St. Andrew Episcopal Church, Livonia.

MRS. RICHARD EDWARD ROGERS

Grand Rapids, and Dawson T. Hubert.

The newlyweds will tour Michigan on their honeymoon and will attend Central Michigan University in the fall.

Larson-VanMilligan

Touring the Blue Ridge Mountains of Virginia are the Henry C. VanMilligans (Delores L. Larson), wed recently in the Christian and Missionary Alliance Church.

Delores L. Larson, daughter of the Louie Larsons, Birmingham, and Henry C. VanMilligan, son of Mrs. Henry VanMilligan, South Holland, Ill., and the late Mr. VanMilligan, were wed in the Christian and Missionary Alliance Church.

Pontiac members of the Hunt Fair Committee took a well-deserved break during Monday's set-up procedures before the 1963 Detroit Horse Show opened. They are (from left) Mrs. Arthur R. Young, East Hammond Lake

Drive; Mrs. Clifford T. Ekelund, Ottawa Drive; and Mrs. Ralph T. Norvell of Wrennash. Mrs. Norvell's daughter Carol and her hunter Gambol were also preparing for the show.

Speak Nuptial Vows in Livonia and Pontiac

St. Andrew Episcopal Church, Livonia, was the setting for the recent vows of Diane Bowen Hubert to Richard Edward Rogers.

Rev. James Coulton performed the afternoon ceremony, followed by a church reception.

The Dawson B. Huberts, Elk Grove Village, Ill., are the bride's parents. Her husband's parents are Mr. and Mrs. Byron Rogers, Chippewa Road.

Pearl-frosted Alencon lace enhanced the bride's gown of white silk organza over taffeta fashioned with fitted bodice and chapel train.

LILY HEADPIECE
She donned an illusion veil with lily headpiece and carried white roses and ivy.

Her attendants wore blue silk organza and carried dusty pink carnations and potted geraniums on trout-shaped baskets.

With honor maid Susan Mandulak, Farmington, were bridesmaids Patricia Lindsay, Midland; Ann Compton, Southfield; and Barbara Dutcher, Caledonia.

James Moyer was best man. Seating guests were John Blamy, Robert Misner,

MRS. HENRY C. VANMILLIGAN

American Field Service exchange students arrived in Pontiac Monday afternoon to spend two days in the area. In the group at left are Doug Ash and his mother, Mrs. Douglas Ash, Pontiac Trail, whose guest is Jean

Gaossot of France. At extreme right is Farida Agha, Pakistan, with her host family, Darlene and Mrs. Fred Toney, East Fairmont.

Area Pupils Hosting Forty From Abroad

Pontiac Northern and West Bloomfield High School students are acting as cohosts to 40 American Field Service (AFS) exchange students this week.

The Pontiac area is one stop in a six-week tour of the country before the students return to their own countries. All have spent the past school year in the United States.

Monday afternoon, they arrived at West Bloomfield High School. Their program will include a tour of the Ford Motor plant and a splash party, given by Robert Carter at Orchard Lake Country Club.

Students who spent the past school year in Pontiac are now traveling in different parts of the country. New AFS students arrive here late in August.

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

In these days of modern travel we ones often fly before they walk. If you take a "flyer" with baby, it's helpful to remember these hints:

- When you make reservations, alert the airline about baby—for the stewardess' convenience and yours.
- A bottle at take-off time is desirable. Sucking distracts baby and relieves discomfort sometimes caused by altitude changes.
- A favorite toy helps while away flying time when baby's awake.

Stay-put strategy. Why is it that babies bounce around best when you're getting them dressed or diapered? Guess clothes just plain "cramp their style." Diversions that may help to still those squirms:

- (1) A favorite squeak toy to hold or a Gerber Teething Biscuit to munch.
- (2) A spot of lively music from your or your radio.
- (3) Assorted funny faces or silly sounds.

A nutrition memo from Dan Gerber: "Improving the food values of your baby's vegetables is a continuing Gerber research project. Take Gerber Carrots. In one experiment alone, 30 varieties of carrots were grown to find the one with the highest vitamin-A value and the best flavor and color. After harvesting, each variety was processed, evaluated for nutritive values and color, then flavor-tested by taste experts." Gerber Baby Foods, Box 72, Fremont, Michigan.

SERVING THE PONTIAC AREA OVER 41 YEARS

Pontiac Press Photo

Mr. and Mrs. John J. Bennett, Charlotte Street, will celebrate their golden anniversary Sunday at an open house to be given by their children, Mrs. Russell L. Thorne and Albert H. Bennett. The honored couple have 11 grandchildren and seven great-grandchildren.

Couple Touring Midwest After Catholic Nuptials

The Douglas Robertsons (Patricia Ann Boughner), who were wed Saturday in St. Vincent de Paul Church, are touring the Midwest and later will live in Oxford.

Daughter of the Harold C. Boughners, Whittmore street, the bride donned white silk organza with chapel train, and a silk illusion veil.

She also wore her husband's gift, a diamond - set cross, and carried camellias and Stephanotis atop a white missal.

Mrs. David E. Blower, her sister's honor attendant, Mrs. David E. Hendrix, bridesmaid, and junior maid Tena Robertson wore white nylon dresses.

VARIED COLORS

Their picture hats, accessories and carnation bouquets were aquamarine, lavender and green, respectively.

Mary Kaye Robertson was flower-girl and Daniel Blower ringbearer.

The bridegroom, son of the Walter M. Robertsons, Lake

Orion, had his brother Ted as best man. Seating guests were David E. Hendrix and Lawrence Schlaud.

The reception was held in the club rooms of First Federal Savings of Oakland.

MRS. D. ROBERTSON

Pick Mexico for Summer

Mr. and Mrs. James Lipke (Katherine Harger), are spending the summer in Mexico following their recent marriage in Orchard Lake Community Church.

They have entered the Inter-American University at Saltillo where they will study Spanish.

The bride is the daughter of the Douglas Hargers, West Long Lake Road. Parents of the bridegroom are Dr. and Mrs. Daniel Lipke of Grand Rapids.

Niblick Club Gives Prizes

Golf prizes were awarded to husbands and wives of Niblick Club following their annual husbands' day Sunday at Pontiac Country Club.

Mrs. Florence Allen and David Warriow headed the winners' list with Mrs. Velm Lewis and Donald Long; Mrs. Jack Meddaugh and Albert Games; and Mrs. F. Howard Grady and Jack Meddaugh.

Group singing, led by Mr. Meddaugh, and bridge completed the day.

ONE COLOR

State's Apportionment Rated 10th Best

By RICHARD PYLE

LANSING (AP) — With the confusion over population figures finally unraveled, Michigan turns out to have the 10th best congressional apportionment plan in the nation, in the opinion of the front office.

Robert Danhof, legislative aide to Gov. George Romney, said his clerical staff delved into the official figures from the 1960 U.S. Census and found:

— Only nine states have districts which average less deviation from a prescribed population norm than do Michigan's 10 districts under the new apportionment plan.

— The 15th district of Wayne County, which Democrats had claimed was five-tenths of a percent outside the 20 per cent deviation limit asked by Romney, is actually within the limit by nine tenths.

— The Michigan Manual, the state almanac regarded as the best source for state population figures, is the wrong one to use because whoever does its arithmetic can't add.

QUESTIONS RAISED

Danhof said his staff went after the official census figures because of questions raised in the legislature about the validity of those used by Republican lawmakers who drafted the plan which passed and has been signed by Romney.

One challenge came from Rep. Joseph Gillis, D-Detroit, the Democrats' special vigilante on reapportionment.

Having once managed to stall passage of the bill by finding a serious drafting error, Gillis later contended the 15th district was not within the deviation limit as advertised by Republicans.

Gillis had said the 15th — the largest single district among the 19 with some 495,000 people — was 20.5 per cent off the norm.

of 411,000 persons per district, or 1-19th of the total state population.

Republicans did a double-take and eventually confessed to errors in population figures for the 15th and other Wayne County districts.

With the official tabulations from census tracts in hand, Danhof now claims Gillis was wrong after all.

FIGURES INCORRECT

"I don't know where he got his figures, but they're incorrect," he said. "According to the census—which we are using from now on—the district has 490,310 people, or 19.1 per cent off the norm."

The executive office staff, in comparing the census figures with those in the tried-and-true Michigan Manual, found some people in Wayne, Oakland and Menominee counties had been left out of the manual.

They also found that although the manual's total population figure for the state was 7,823,998, its own addition should have come up with 7,823,992.

"We had a hard time finding those six people," said Danhof.

"But according to the census, the population of Michigan was 7,823,194 or 798 less than what the Michigan Manual would have had if its figures had been added properly."

He said he now regards the

totals as "a really accurate count."

The Romney staff takes into account the fact that the new 11th district, which encompasses the Upper Peninsula, is 25.7 per cent off the norm of 411,000 persons per district, but they point out there was bipartisan understanding of this circumstance.

WITHIN LIMIT

All of the other 18 districts are within the limit, the 15th at 19.1 per cent being the farthest above and the new 19th Livingston and northern Oakland County the farthest below with 346,290 people, or 13.3 per cent off the average.

Deviations per district in the state average out to 9.27 per cent, and that accounts for Danhof's argument that Michigan is 10th best.

Among other states which have reapportioned congressional districts in the last two years, New York's average 7 per cent off the norm, California, 11.2 per cent off, and Massachusetts, 6.3 per cent off.

For the record, among the 42 states which have districts (eight elect congressmen on an at-large basis), Maine has the closest average adherence to the norm with 4.3 per cent deviation, and South Dakota the farthest from it, with 46.3 per cent.

Curiously, both of these states have only two congressional districts.

Pontiac Man to Get Sentence July 9

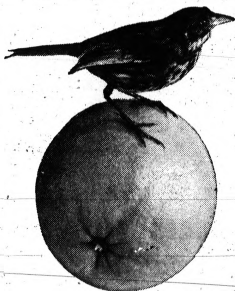

Angelo Tony Manzella, 25, of 113 Third St., will appear before Circuit Judge Arthur E. Moore July 9 for sentencing on a charge of aggravated assault in the beating last July of another Pontiac man.

Manzella, who had been charged with attempted murder, was permitted to plead guilty Friday to the lesser charge.

He was accused of beating Gene Feist, 24, of 2327 Richmond, after dragging Feist from a car parked at 3409 Dixie Highway.

PONTIAC ZIP CODES — Residents living within the five areas bordered by the heavy lines will soon be using new ZIP code numbers assigned to the Pontiac Post Office District. The new numbering system, which goes into operation July 1, will help speed mail deliveries. Persons living in any of the

five areas are asked to include their Zip Code on their return address. In addition to geographical zone numbers on the accompanying map, postal box users at the main office, 735 West Huron, have a ZIP number of 48056, while box holders at the old office, Huron and Perry, are assigned 48059.

ZIP Code Starts July 1

New Judges Face Squeeze

Supervisors Fail to Provide More Room

Two new judges Gov. George Romney is expected to appoint to the Oakland County Circuit Court in September might have to stand around in the corridors awhile. Efforts to speed construction of additional judges' chambers in the courthouse failed yesterday when the County Board of Supervisors couldn't agree on waiving its bylaws.

The county is faced with the necessity of squeezing the two judges into space intended for only one.

Architects O'Dell, Hewlett & Luckenbach said this can be done for about \$86,150 by retrofitting the available space. However, it will add only one more courtroom.

SEEKS SHORTCUT

The committee recommended eliminating the time-consuming need for several board of supervisors meetings by delegating authority to accept plans and let contracts to the County Board of Auditors, subject to approval by the ways and means and buildings and grounds committees.

According to Robert Lilly, secretary of the board of auditors, this would have speeded construction by several months to some time in October.

County Corporation Counsel Robert Allen said unanimous approval by the board of supervisors is needed to waive or suspend its bylaws.

The recommendation failed with 73 yeas and three nays.

Voting against it were White Lake Township Supervisor Edward Chey, Orion Township Supervisor John Lessiter and Northville Supervisor Sydney Frid.

They said they objected because the governor was "rushing to fill appointments" allowed only under the old State Constitution which he so strongly advocated the new constitution which takes effect in January.

Birmingham Supervisor Carl Ingraham said, "I think the debate is useless because what we do will have no effect on what the governor does anyway."

GOP Leader, 85, Dies

NEW YORK (AP)—Frederick C. Tanner, 85, former chairman of the Republican State Committee and New York State official, died Monday night of a heart attack at his Long Island home. Tanner served as GOP chairman from 1914 until 1917 and also was deputy attorney general of New York State, assuming office in 1910.

Mail Service to Gain Speed

Speedier mail service can be expected in Pontiac starting next month.

Beginning July 1, a nationwide numbering system known as ZIP Code goes into effect, providing faster delivery of all mail. ZIP stands for Zone Improvement Plan.

Because of the large area served by the Pontiac Post Office, it has been divided into five districts, each with its own five-digit number, according to Postmaster William Donaldson.

The accompanying map shows the general boundaries and the ZIP Code for each of the five TO RECEIVE CARD areas.

Area residents also will receive a card in the near future telling them of their ZIP Code, Donaldson said.

The first digit of the code is

the geographical section of the country. The next two numbers identify the major offices in the area.

The fourth and fifth digits designate a specific area.

This code should be included on the return address of all correspondence Donaldson said. In answering mail the ZIP Code taken from return addresses on incoming mail should be used.

The following is an example of how the ZIP Code should be written.

Postmaster William Donaldson
U.S. Post Office
Pontiac, Mich. 48053

The code can be placed a line below the city and state, if desired, but at no time should numbers precede or follow the code number.

Postal authorities explain that

the ZIP Code designates a specific area and does not replace street addresses.

The purpose of the ZIP Code is to eliminate much of the handling of mail by clerks, allowing for faster processing and distribution.

Superintendent of Mails Jack Featherstone said he expects business firms to be the first to make the change.

But an actual speedup in Pontiac mail delivery "depends on how fast individuals start using the zone numbers," he explained.

City Association Organizing Scout Troop for the Retarded

Moving with short, sure steps, the Pontiac Association for Handicapped Children may soon add a unique feature — a boy scout troop for the mentally retarded — to its list of accomplishments.

The unusual scout troop, which is now being organized by a special committee of parents, may be in operation by late summer, according to Harlan Johnson, association vice-president.

Meantime, the six-year-old association must also find new facilities for its "Jack & Jill" school room, which must move out of the Longfellow School because of overcrowding.

The association has taught mentally retarded children in a special room at Longfellow for three years. Nine youngsters attended the "school" last year.

DONATED ROOM

School officials, who in the past have donated the room, anticipate increased enrollment at Longfellow School this fall. Thus, the association must find a new facility.

The scout troop idea, however, will be pursued at a meeting next Monday of the six-man scout committee. Johnson, principal of Rochester High School, expects the groundwork to be laid and hopes to plan at least one activity this summer.

He estimated that about 15 boys would join. "They (the boys) may never get beyond the tenderfoot stage," he explained, "but if it is meaningful to them, then it is worthwhile."

Johnson said the regular scout program would have to be modified, but thought there would be enough to make the project interesting.

The association, which is run by an 11-member Board of Directors, was founded in March,

1957. The "Jack & Jill" room has been the group's biggest project. Other programs have also been started, according to Johnson. He pointed to the once-a-week swimming program at the YMCA as an example.

Special events, like the annual Christmas party, are also planned for mentally retarded youngsters.

The "Jack & Jill" room is as old as the association. Begun in 1957 at Emerson School, the room was transferred to Longfellow after three years.

The school board has donated the room, while Pontiac civic and church groups have helped defray the expense of supplies. Johnson's wife, Ethna, has taught the children the past four years.

While cooperation or good behavior is stressed, the mentally retarded youngsters are also instructed in simple arithmetic, penmanship, reading, art, and music.

The association, made up of about 30 parents of mentally retarded children, operates with minimum financial support. A \$5 fee is the cost of membership for an entire family.

Johnson indicated that even this is overlooked for some members, but the quiet-mannered high school principal seemed unperturbed by it. He said the object has been to make it possible for anyone to belong.

He pointed out that more women seem to take part than men. He believed this was because it is harder for men to admit they have problems they can't lick.

The association vice-president hoped the proposed scout troop might interest more fathers in taking part. He said the unique scouts would need leadership from within the association who know how to work with the mentally retarded youngster.

To Advance Expense Money

County OKs State Law

A new state law enabling counties to advance expense money to officials was put into effect here yesterday by the Oakland County Board of Supervisors.

The county had been following this practice previously, until State Auditor General Billie S. Farum pointed out such action wasn't covered by state law.

Subsequently, permissive legislation was passed in Lansing. The law has since been adopted by several other counties.

Yesterday's board action authorized the county treasurer "to advance funds to any county officer for anticipated expense in connection with county business."

The law is particularly useful to the county prosecutor in dispatching legal authorities from here to return witnesses and fugitives from justice.

However, it can be applied to any county official on county business.

Prosecutor George F. Taylor said he has been advancing travel funds to sheriff's deputies and his assistants from his own pocket, to be reimbursed later by the county.

Officials taking advantage of the new law are required to make complete accounting and return any unused funds to the county.

County Medical Society Urges 4 Immunizations

Urging immunization against four major diseases, the Oakland County Medical Society has designated this month as "Immunization Month."

Dr. Murray B. Levin, spokesman for the county medical group, defined immunization as a process whereby the body develops specific substances that protect against a particular disease.

He urged protection against tetanus, polio, smallpox and diphtheria.

Dr. Levin pointed out that the adult population is not as protected as it should be against these diseases.

Tetanus, or lockjaw, according to Dr. Levin, is a completely preventable disease. He recommended a basic immunization of three injections at monthly intervals, followed by a booster injection one year later.

Tetanus frequently develops from a cut or open wound. When a patient goes to a doctor for treatment of such a wound, the most common question is: Have you had your shots against lockjaw?

Dr. Levin said the initial injections furnish immunity for 3 to 5 years. After this time, the doctor said, another booster is necessary, giving immunity for 10 to 15 years.

Immunization against polio comes from five shots of Salk vaccine. The second injection follows one month after the first, while the third shot is given seven months later, the fourth at one year, and the fifth after two years. Annual booster shots are also suggested.

Immunization against smallpox requires only one injection, and one established is effective for about five years. Revaccination is then recommended, Dr. Levin said.

Diphtheria is another preventable disease. Immunization comes from two injections. The first shot is a "test" to see if the patient and the toxoid (immunizing agent) get along. The second shot furnishes immunity for about five years. Most doctors recommend a test dose to check on the immunity of patient.

Other new officers are Howard Dell, first vice president, Richard Wilson, second vice president, Rev. Galen E. Hershey, secretary, and Clyde R. Haskill, treasurer.

Accepting seats on the board of directors were Harold Goldberg, Robert Norberg, Philip Rowston, Duward Varner, Dr. Andrew T. Yang and Walter K. Willman.

Elect Officers for Boy's Club of Pontiac

The safety supervisor for the Oakland County Road Commission, Joseph Davis Jr., yesterday was elected president of Boy's Club of Pontiac, Inc. Davis lives at 42 Jefferson.

Other new officers are Howard Dell, first vice president, Richard Wilson, second vice president, Rev. Galen E. Hershey, secretary, and Clyde R. Haskill, treasurer.

Accepting seats on the board of directors were Harold Goldberg, Robert Norberg, Philip Rowston, Duward Varner, Dr. Andrew T. Yang and Walter K. Willman.

Kelvinator, the one "no-frost" that helps you feed your family better... because it costs you less to run

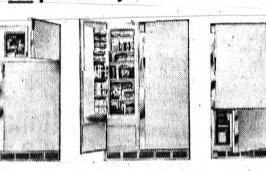

Other "no-frost" refrigerators can cost you dearly in cold cash every month on your electric bill!

Kelvinator "no-frost" refrigerators never waste electricity. They cost less to run than refrigerators using heating coils or separate tubing to defrost... less than models built without the 49 years of experience Kelvinator has had in refrigerator design. This saves you up to \$1.41 on your electric bill every month.

Let Kelvinator end messy defrosting and give you every modern convenience and the complete dependability you want. Far less can go wrong with Kelvinator "no-frost" because it uses one trouble-free system for both cooling and removing frost.

Built by American Motors to the same exacting standards as Rambler automobiles, Kelvinator "no-frost" values are unbeatable. Visit your Kelvinator dealer and see the proof!

You pick the style with Kelvinator

Movie Renews Old Partnership of Bette Davis, Paul Henreid

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD—A fine old partnership is being renewed in a new guise—Bette Davis and Paul Henreid.
You remember the two cigarettes. Of course you do. How Paul sentimentally lighted two of them and then handed Bette one in the unabashedly sentimental "Now Voyager" (1942). THOMAS
It was the greatest thing that happened to smoking until the filter tip.
They're back together again, though, smoking independently these days. They returned to their old acting grounds, Warner Brothers, to make "Dead Ringer." This time Henreid is directing Bette, who is playing two of the starring roles. Karl Malden is her leading man.
"MARVELOUS"
"It's really marvelous to be working with Bette again and to have Jack Warner put his arms around me and say, 'Paul, it's great to have you back,'" said Henreid. "Simply marvelous."
He indeed seems to be a happy man as he embarks on the complicated film, which will require spills-scrams and other trickery for Bette's dual role. He is no tyro at directing, having done a few modest films and 100 television shows.
How did he develop that phase of his career?
"That was really what interested me most when I studied at the academy in Vienna," said Trieste-born Henreid. "But I neglected my desire to direct because of the gratification of the success I enjoyed as an actor first in Vienna, then in London and New York and finally, here."
CAREER CHANGES
The big change in his career came after he had acted in a bomb called "10,000 Bedrooms." After he saw the preview he told his wife: "If that is what is ahead for me as an actor, I would rather be running a gas station."
"Naturally I have had to change my way of life," he said. "No more yacht, no more horses for my daughters. Yet there is no great difference between an income of \$75,000 which is still a lot of money, and \$300,000."
He is not at all concerned about working with Davis, who has been reputed to frighten directors. He directed her in a Hitchcock show and reports they got along famously. "The main thing is to consult with Bette beforehand so you agree the dialogue and action is right," he said.

THOMAS
He admitted directing brings much less return.

World News

Pearson Censure Fails

OTTAWA (AP) — An unusual number of absentees and abstentions saved Prime Minister Lester B. Pearson's minority government Monday night from a parliamentary vote of no confidence and Finance Minister Walter Gordon from personal censure.
The ruling Liberal party defeated the censure motion 113-73 with the aid of 10 Social Credit votes, 13 abstentions by New Democrats and 66 absent members.
The Conservative party motion condemned Gordon personally for using employees of Toronto investment firms to help prepare the national budget and suspending the controversial foreign takeover tax while stock market exchanges were still open for business. The motion also condemned the budget generally.
Only the Conservatives voted for the motion which, if adopted, would have ousted the Liberals after less than three months in office.
GENEVA (AP) — The International Labor Organization is expected to call on the Security Council and the General Assembly to expel South Africa from the United Nations because of its policy of strict racial segregation.
David A. Morse of the United States, ILO director-general, made the proposal Monday and adoption by the ILO governing body next month appears certain. African and Arab nations walked out of the ILO annual conference to protest the presence of the South African delegation.

JERUSALEM, Israel (AP) — Israel's new government will give priority to strengthening national security, Premier-designate Levi Eshkol told Parliament Monday.
Eshkol outlined his policies and presented his 15-member coalition Cabinet to Parliament. He also served as defense minister, as Premier David Ben-Gurion did. Parliament is expected to approve the government in a few days.
The Cabinet is virtually the same one that served under Ben-Gurion before his retirement.
LONDON (AP) — Britain has agreed to give Kenya its independence by 1964, informed sources report.
The sources said British assured Kenya's justice minister, Tom Mboya, that a constitutional conference would be held this year to arrange the transfer of power.
Mboya was elated as he wound up negotiations with British officials and left for home Monday night.
The former East African colony won self-rule June 1. Britain still controls Kenya's defense and foreign affairs and also has a veto over domestic legislation.

TOKYO (AP) — Red China has accused East Germany of deliberately attempting to "widen the differences in the international Communist movement" by trying to prevent publication of the Peking's recent 30,000-word denunciation of Soviet Premier Khrushchev.
The East German news agency ADN on June 21 charged the Red Chinese Embassy in East Berlin violated "existing rules and legal regulations" by distributing the lengthy statement.
Quoting a spokesman for Peking's embassy in East Germany, the New China News Agency said today ADN's action "can only be regarded as a deliberate attempt to kick up an uproar, attack the Communist party of China, widen the differences in the international Communist movement and undermine the unity among fraternal parties."

Detroit Edison Official Expires in Ann Arbor
ANN ARBOR (AP) — David M. Reed, Detroit Edison Co. supervisor of press information, died here yesterday after a short illness.
Reed, 55, was a native of Tecumseh. From 1935 to 1940, he was associate editor of the Oxford Middle English Dictionary in Oxford, Eng. After service in World War II, he became an editorial writer for the Ann Arbor News.

YOUTH PROGRAM WINNERS — The youth golf program of the Pontiac Recreation department, held weekly at Rose's driving range, came to a conclusion yesterday with a tournament at city course. Cress Barner (center) course supervisor, presents the trophies to the winners John Hinkley (left) and Mike Waters. Hinkley shot a 44 for nine and Waters and John Wilson both had 47's, but Waters took the runnerup trophy in a playoff.

Aussie After Net 'Slam'

Tennis Crown Up for Grabs

Emerson Wins Opening Round at Wimbledon

WIMBLEDON, England (AP)—Australia's Roy Emerson, the world's top-ranked amateur tennis player, has two legs on tennis' grand slam but he's a long way from a shoe-in for the Wimbledon title.

"He's a good player and he has as good a chance as anybody of winning," said Bill Lennor of Tucson, Ariz. after falling before Australian in Wimbledon's opening round Monday.

"But he's no cinch for the title," Lennor said. "I have the feeling he could have a bad day which would put him out."

The sentiment was echoed by former Wimbledon champion Jaroslav Drobný, now a London newspaper columnist and one of the world's leading authorities on the game.

"I take unseeded Rafael Osuna of Mexico to claim Rod Laver's vacated crown and become the new Wimbledon champion," Drobný wrote.

Osuna and second-seeded Manuel Santana of Spain probably will meet in the third round. Santana did not play in the rain-shortened Monday program.

Osuna had some trouble eliminating Mikhail Miron of Russia 6-4, 9-7, 6-3. Emerson, who already has nailed down the French and Australian titles, whipped past Lennor 6-0, 6-4, 6-3.

RAINED OUT

Rain cut Monday's program about in half and eight American entries, including Chuck McKinley, didn't get on the courts. Cliff Buchholz of St. Louis, had a 2-1 lead over Italian Davis Cup star Nicola Pietrangeli before the match was postponed. They are scheduled to finish today.

McKinley, the United States' top-ranked player, goes against Cliff Drysdale of South Africa today.

The men will have to share some of the courts with the women, who swing into action for the first time today at the sprawling all-England club.

Margaret Smith of Australia is an odds-on choice to walk off with the women's singles even though she was upset by Billie Jean Moffitt of Long Beach, Calif., in her first match last year.

Darlene Hard of Long Beach is the only seeded American in the women's singles. She was seeded fourth. For her opening match, Miss Hard was pitted against Joyce Fulton of England. The dozen other American women entered included Miss Moffitt, Carole Caldwell of Santa Monica, Calif., Judy Alvarez of Tampa, Fla., Carol Hanks of St. Louis, and Donna Floyd Pales of Arlington, Va.

Tigers Must Struggle to Reach .500

BOH Main Ring Events Start on Wednesday

Night Competition Set to Begin Tomorrow at Detroit Horse Show

Horses and riders will appear in the main show ring for the first time Wednesday during the Detroit Horse Show at Bloomfield Open Hunt.

The show started today with dressage events scheduled for the polo field on the back of the BOH grounds.

Tomorrow through Sunday the main and north rings will be used. There is no evening program tonight, but competition will be under the lights for the remainder of the week starting Wednesday.

Competitors will move into the ring at 8:30 a.m. tomorrow. Thursday and Friday the events will get under way at 8 a.m. They will start at 9 a.m. Saturday and 9:15 a.m. Sunday.

There will be a one hour break at noon each day and the show will continue from 1 to 5 p.m. Evening times are 7 p.m. until the scheduled events are completed.

Among the favorites will be Blue Monday, owned and ridden by Peter Foley of Birmingham, which won the working hunter class at Grosse Pointe during the weekend.

Mr. Deliberate, owned by Mrs. Robert Egan and Mrs. E. E. Fisher, of Bloomfield Hills, was runnerup in conformation hunters at Grosse Pointe. The winner, Quiet Flite, is owned by Mrs. A. C. Randolph's Oakley Stables of Upperville, Va.

WDGA Starts 54-Hole Play

The annual 54-hole medal play tournament of the Women's District Golf Association began today at Knollwood Country Club.

A total of 125 entries in four flights teed for 18 holes today, and will continue with 18 on Wednesday and 18 more on Thursday.

Defending champion Mrs. John (Marge) Hume heads the championship flight which has champions as far back as 1941 among the contenders.

Past champions included in the field are Mrs. Sally Sharp Warner of Forest Lake, the winner in 1958-59 and 1961; Mrs. Susie Leclair of Barton Hills, the winner in 1955-56-57; Mrs. Don Weiss, Plant Golf Club, winner in 1941 and 1963 and Mrs. Hume winner in 1960 and 1961.

Mrs. Hume plays out of Essex Country Club in Windsor, Canada. Starter Al Downing, 21, then.

DROPPED BALL — Dick McAuliffe of the Detroit Tigers slides safely into second base in yesterday's game with Kansas City as Jerry

Lumpe of the Athletics drops the ball after making the tag. McAuliffe was credited with a stolen base. Kansas City won, 6-3.

Ward Triggers Win Over Yanks

Rookie Bats White Sox to Victory

By The Associated Press

The Chicago White Sox hit the bullseye when they pulled off a multiple-player swap that included Pete Ward, a young third baseman who has been right on target since he kicked the Ty Cobb habit. Ward, who used to bat with his hands spread apart in the Cobb manner but now is taking a closer grip on things, triggered a 5-2 victory over American League leading New York Monday night that moved the White Sox to within one game of the Yankees.

Continuing his bid for Rookie of the Year honors, the 23-year-old left-handed swinger got the White Sox rolling with a second-inning homer, then singled in a four-run fourth inning uprising that put it out of the Yankees' reach.

Ward, who came to the White Sox along with Ron Hansen, Dave Nicholson and Hoyt Wilhelm in the big deal with Baltimore—that sent Luis Aparicio and Al Smith to the Orioles, now has a .300 batting average to go with nine homers and 42 runs batted in.

SPREAD HANDS

He credits his new-found power to the fact he made his hands neighbors again. In college "I spread them about an inch for better control," he says, and in the minors "I kept spreading them apart even further until I guess I had about 4 or 5 inches between them."

Now that he's closed the gap, he has widened his range. While the White Sox were moving up, Boston closed to within four games of the top by beating Cleveland 7-5, Minnesota whipped Baltimore 6-4, the Los Angeles Angels edged Washington 3-2 and Kansas City downed Detroit 6-3.

Ward's homer matched one by Roger Maris, and the Yankees and White Sox stood at 1-1 going into the fourth. Singles by Nicholson and Ward plus a walk by Hansen loaded the bases. Yankee starter Al Downing, 21, then.

walked Tom McCraw to force in the lead run and Camilo Carreon triple. John Buzhardt, 9-3, got the 7-6, drove in what turned out to be the decisive run with a double in the third but needed Bill Dwyer's relief help to nail the victory. Jackie Brandt homered for Gary Geiger won it for Boston.

The Angels, shut out on two hits for seven innings by Claude Osteen, erupted for three runs in the eighth to beat the Senators. Hank Foles' homer got Los Angeles started and singles by Lee Thomas, Ed Sadowski, Albie Pearson and Jim Fregosi finished the job.

The Twins struck quickly with Jerry Walker, 6-2, the loser.

The Twins struck quickly with Jerry Walker, 6-2, the loser.

The Twins struck quickly with Jerry Walker, 6-2, the loser.

Giants Regain NL Lead; LA Snaps Reds' Streak

By The Associated Press

Getting a quick jump, the San Francisco Giants and Los Angeles Dodgers have hoped ahead in that game of leap frog they're playing in the National League.

The Giants scrambled for all their runs in the first inning Monday night and bounced into the lead over St. Louis, slugging the Cardinals 4-3 with some clutch relief work by Billy Pierce.

The Dodgers collected all their runs in the first three innings and took third place away from Cincinnati, snapping the Reds' winning string at seven games, 5-4.

At latest count, the Giants are one-half game ahead of the Cards, with the Dodgers another one-half game back.

In the only other NL game played, Denny Lemaster of Milwaukee became the latest in a lengthening line of pitchers to shut out Houston's runless wonders

with a four-hit 3-0 victory. The Dodgers took the ninth in a row for the last-place Colts, and the shut-out was the fifth in their last six games.

PIERCE CALLED

Pierce replaced Juan Marichal in the seventh inning at St. Louis with one run in, a man on second and two out and retired the last seven Cards in order. With that help, Marichal's record went to 11-3.

Harvey Kuenn led off the game against Loser Lew Burdette with a triple and was at home trying to score on a grounder, but the Giants quickly recovered for their four runs. After Willie Mays' single, left and error and a walk, Burdette hit Orlando Cepeda with a pitch, forcing in a run.

Then came Ed Bailey's sacrifice fly, another error, and Jim Davenport's run-scoring single.

Bill White tagged Marichal for a two-run single in the fifth and the star right-hander gave up a homer to John Javier and a double to Dick Groat in the seventh before Pierce stepped in.

The Dodgers rought up Joy Jay for their five runs and six of their seven hits in the first 2-1-3 innings and it looked like a breeze for Don Drysdale. The big right-hander checked the Reds without a hit over five innings and allowed only two through seven—but never got through the eighth.

Singles by Gordy Coleman and Leo Cardenas around two walks brought on Ron Ferrarinosi in relief of Drysdale, and Cincinnati counted three more runs on pinch singles by Tommy Harper and Ken Walters and a double play grounder before Ferrarinosi finally quelled the rally.

JAY BOMBED

Willie Davis' three-run homer was the major blow against Jay, the 21-game winner of last year, who currently is 3-11.

Lemaster dotted out four singles to the Colts and was backed by homers from Lee Mays and Eddie Mathews. The Milwaukee southpaw lowered his earned run average to 1.78 with the shutout, the 13th of the season against Houston.

In their string of nine losses, the Colts have scored only six runs. And in dropping all but one of their last 14 games, they've managed a grand total of eight runs in the 13 defeats.

3-Game Streak Snapped by A's in 6-3 Triumph

Moss Chased in 4th; Bengals Start Series Tonight With Twins

MINNEAPOLIS (AP)—Unless they string together a lot of three-game winning streaks, the Detroit Tigers are going to have a hard time getting back to the .500 mark.

The Kansas City Athletics spotted the Tigers three second-inning runs last night, then came back for a 6-3 victory to snap Detroit's brief three-game victory streak. The Tigers have not been able to win more than three games in a row this season.

The Tigers scored their three runs on Billy Brant's solo homer and a two-run single by Jake Wood. They picked up four hits in the inning, then mustered only five more for the rest of the game.

Bobby Del Greco's two-run homer in the third inning closed the gap to 2-2, and the A's chased Tiger starter Don Mossi with a two-run rally in the fourth. Norm Siebern opened the inning by beating out a hit to short. Gino Cimoli singled off Mossi's glove, and Jerry Lumpe, tripled to bring home two runs and put the A's ahead.

INSURANCE RUNS

Rookie Ken Harrelson's two-run homer in the eighth — his third of the season and second against Detroit — gave Kansas City a couple of insurance runs.

John Wyatt relieved starter Ed Rakow in the eighth inning and preserved Rakow's seventh victory in 12 decisions.

The Tigers loaded the bases in the first inning, but failed to score as Norm Cash grounded to Rakow who turned it into an inning-ending double play.

The only other Tiger threat came in the fifth when Kaline and Cash singled. They were left stranded as Bruton fouled out. Manager Charles Dressen had his players running early in the game. The Tigers stole two bases in the first two innings, but were discouraged from trying any more when Rakow picked Wood off first and Cash was nailed trying to steal second in the third inning.

Cash collected three hits in four trips to lead the Tigers at the plate. Detroit moved to Minneapolis, St. Paul to start a three-game series with the Minnesota Twins tonight. Jim Bunning (1-2) and Lee Stange (1-0) were scheduled to be the starting pitchers.

Two hits in four trips to lead the Tigers at the plate.

DETROIT (AP)—The Detroit Lions advanced yesterday the signing of both of their quarterbacks — Milt Plum and Earl Morrall.

Plum, starting his second year as a Lion after a number of seasons with the Cleveland Browns, was an early signer last year, too. He inked his pact with the Lions soon after being traded.

It marked the first time in five years, however, that Morrall had signed his contract before the opening of training.

"I just decided to get it over with this time," Morrall said.

DETROIT (AP)—The Detroit Lions advanced yesterday the signing of both of their quarterbacks — Milt Plum and Earl Morrall.

Plum, starting his second year as a Lion after a number of seasons with the Cleveland Browns, was an early signer last year, too. He inked his pact with the Lions soon after being traded.

Lions' Two QB's in Fold for '63

DETROIT (AP)—The Detroit Lions advanced yesterday the signing of both of their quarterbacks — Milt Plum and Earl Morrall.

Plum, starting his second year as a Lion after a number of seasons with the Cleveland Browns, was an early signer last year, too. He inked his pact with the Lions soon after being traded.

It marked the first time in five years, however, that Morrall had signed his contract before the opening of training.

"I just decided to get it over with this time," Morrall said.

WHAT GOES HERE? — Baltimore's Brooks Robinson appears to be sliding into third base while Earl Battey of the Twins is covering the bag in yesterday's game. Battey reaches third base standing up while Robinson falls to the ground trying to catch a wild throw from pitcher Milt Pappas (3) who had just fielded a hit. Battey raced home when the ball went into left field.

'Ageless' Sugar Ray Loses Unanimously

PHILADELPHIA (AP) — Former middleweight and welterweight-champion Sugar Ray Robinson is 43 and he's still good enough to beat most middleweights, according to Joe Giardello who scored a unanimous 10-round decision over the aging former champ last night.

But Robinson seemed uncertain he'll be tackling any more fights, middleweights or otherwise.

Robinson said after the fight: "I'm not sure what my future plans are. I can't make up my mind now."

Robinson, 158½, had hoped to gain a shot at middleweight champ Dick Tiger. Instead he suffered his 13th defeat. He has won 153.

Giardello, 160½, is now 32-20 and won the right to challenge the champ. Giardello has had eight draws.

"I knew I was in with a good fighter when those body punches didn't slow him up," Giardello said. "And he's a smart fighter. Look at the way he threw that right hand lead at my head to open the eighth."

"It was great, but I was expecting something like that all over a run."

through the fight. Don't sell this guy short—even if he is getting old—he can fight any middleweight around today and beat them."

LARGE CROWD
A crowd of 8,500 cheered Robinson as he left the ring in Convention Hall. The ex-champ got about \$17,000 for the 10 rounds, Giardello \$15,000.

Giardello gained his advantage in the early rounds. Robinson flashed some of his old form in the last three, but was unable to overcome Giardello's lead.

Referee Buck McTernan scored last night's fight 49-43, Judge Lou Treas 48-45, and judge Bob Polis 47-43.

The Associated Press gave it to Giardello 47-43.

SUGAR TURNS SOUR — Sugar Ray Robinson grimaces as he takes a left to the head from Joey Giardello in last night's fight in Philadelphia. Giardello easily won a 10-round decision over the former welter and middleweight champion.

Marichal Outwits 'Whammy' Lovers

SAN FRANCISCO (AP) — Whammy! Phooey!

From days immemorial, the unwritten baseball law has been that you don't mention, hint or even breathe the act a pitcher in late innings hasn't allowed a hit or a run.

Nor should you mention a game is being played rapidly. It might suddenly change into a drag and go on for hours.

Juan Marichal, on Saturday, June 15, proved convincingly that pitching, not anti-whammying, brings the no-hitter. The little Giant's no-hitter beat Houston 1-0 despite a bustle of activity in Candlestick Park and many mentions of what was possible.

In the press box, pointed questions were asked — out loud. Even downtown shoppers, including Marichal's wife, knew what was possible.

"Shhuuuussh," someone versed in the tradition hissed when a press box newsmen inquired how many one-hitters Marichal had thrown, obviously preparing to write about a no-hitter when the game still had two innings to progress.

You might put the whammy on him. If an opponent then gets a hit, it's your fault. You could be run out of the press box or maybe even the stadium for such an audacious breach of tradition.

Still the buzzing went on and Marichal continued invincibly, en route to his first no-hitter ever and the first for a Giant pitcher since 1929. Juan hadn't even thrown one as a kid in his native Dominican Republic.

He was only sorry his wife, Alma, wasn't at the game. She was shopping at the time with Mrs. Felipe Alou.

"She had a transistor radio with her, but it didn't work very well inside the store," Marichal disclosed later. "When she came out, she heard a lot of cheering and Felipe's wife told her I was near a no-hitter."

This in itself must be considered a whammy of the first order by whammy believers. How could Marichal set down both it and the

Such an obvious whammy was incredible. Marichal just couldn't go the full distance after that.

MORE TALK

Still the buzzing went on and Marichal continued invincibly, en route to his first no-hitter ever and the first for a Giant pitcher since 1929. Juan hadn't even thrown one as a kid in his native Dominican Republic.

He was only sorry his wife, Alma, wasn't at the game. She was shopping at the time with Mrs. Felipe Alou.

"She had a transistor radio with her, but it didn't work very well inside the store," Marichal disclosed later. "When she came out, she heard a lot of cheering and Felipe's wife told her I was near a no-hitter."

This in itself must be considered a whammy of the first order by whammy believers. How could Marichal set down both it and the

The fact he did, by striking out two Houston batters in the final inning, just had to kill the whammy-lovers.

Two Lotus-Fords Entered on U.S. Racing Circuit

DETROIT (AP) — Ford Motor Co., buoyed by its racing triumphs, plans to put two Lotus Fords on the United States Auto Club racing circuit and return to the Indianapolis 500 mile race next year with an improved powerplant.

The Indianapolis team of Jimmy Clark and Dan Gurney will be behind the wheels of the Lotus Fords at Milwaukee Aug. 18 and Trenton, N.J., Aug. 22.

Donald N. Frey, assistant manager of the Ford division, said yesterday Ford also planned to race a double overhead camshaft engine at the famed Indianapolis brickyard next year.

Clark drove a Lotus Ford to a second place finish at this year's Indy classic and Gurney placed seventh in his car. Ford said the car Gurney drove and one he cracked up during qualification runs will hit the USAC circuit.

Clark's racer was scheduled to be shown at dealers and auto shows around the country and will not be raced.

"Engine engineers already have started development work on a double overhead camshaft version of the same basic engine that won at Indy," Frey said.

He added the improved version would offer a substantial increase over the 350 horsepower produced by the push-rod engine. The new double overhead cam engine, Frey said, will be sold on a "limited basis" to racing owners.

About \$20,000

Colin Chapman, builder of the Lotus, said following the Indianapolis race he would build a car, including engine, for about \$30,000. But Frey would not put a price tag on the new Ford engine.

The engine used in this year's Indianapolis car, he said, would not be sold because the new version would make it obsolete.

Ford Engineers said they would not be able to estimate just how much the horsepower in the new engine would be increased. But one said the push-rod engine ran at about 8,000 revolutions per minute and the new version will be able to run at 10,000 rpm.

Jaycees Select Two for State Net Play

Two Pontiac Central tennis Jaycees will represent the Pontiac Jaycees in the state tennis tournament at Ypsilanti this weekend.

Chosen were Dale Andrews and Jerry Bunce winners of the area high school regionals. Should they qualify at the state meet they will represent the city Jaycees in the national tournament at Provo, Utah later this summer.

RIDING ROUGH water or taking waves can be a lot of fun.

ROUGH WATER

Riding rough water or taking waves is not recommended for novices but it can be a lot of fun once you have gained the mastery that gives confidence.

It is much like crossing the wake of the tow boat. Bend forward a little and flex the knees

a trifle more for smooth water skiing to absorb the shock. The best way to hit a wave is at an angle, just as it is with a boat. Otherwise you run the risk of being dumped.

AUTOMATIC

After you have hit enough crests to gain the feel of taking them properly, you will find that you will almost automatically jump slightly when you hit the top.

This takes some of the weight of the skis and softens the impact. Hitting rough water is thrilling. You might compare it to taking tiny jumps on a horse, preparatory to tackling real big fences and obstacles.

Once you have gotten used to it, you'll find it becomes more and more enjoyable, but please remember not to try it until you have first gained the mastery over the skis that makes you feel completely at home during smooth sailing.

Seaholm High Golfer Fires 69 in JDGA

Birmingham Seaholm high school golfer Troy Hornberger, only 18 years old, was the first junior golfer to break 70 in the Junior District Golf Association tournament at Lakepointe yesterday.

Hornberger, representing Oakland Hills, fired a 22-47 in winning the second tournament of the 8-week JDGA schedule.

Three strokes behind at 71 was Dick Drager of Lakepointe and in third place in the championship flight was John Lauri of Burning Tree with 75.

In the First Flight, Carl Burkemo, son of Franklin Hills pro, had a 39-35-74.

Next Monday the junior district play will shift to Meadowbrook and July 8th it will be held at Lakeland GC in Brighton.

These were the results yesterday:

Championship Flight
Troy Hornberger, Oakland Hills 22-47-69
Dick Drager, Lakepointe 25-34-71
John Lauri, Burning Tree 35-40-75
First Flight
Carl Burkemo, Franklin Hills 39-35-74
Second Flight
Jim Brien, Lakepointe 40-39-79
Third Flight
Keith Goody, Washleson 42-43-85
Glori DeHaven
Emily Chalk, Grosse Ile 39-44-82

Four Softball Games Played

Huron-Airway Wins Again

Huron-Airway made it four in a row last night as it clubbed two MG Collision pitchers for eight hits to post a 10-1 victory at Jaycee Park.

The win strengthened H-A's hold on third place in the city Class A standings and left the winners with a 5-2 record. The loss was the fourth of the season for MG against one victory.

Huron had eight players with one hit apiece. Al Barkeley got things started off for the winners in the second inning when he blasted his third home run of the season off left hander Dick Lamphere.

Jim Wagner got credit for the win, his second of the season, by holding MG to only four hits. The losers were paced by Mike Marcum who had a double and a triple along with a pair of RBI.

In tonight's Class A action,

league leading Clippers meet the Oxford Merchants on the Jaycee diamond at 8.

Six runs in the final two innings enabled Bob & Larry's to down First Church of Brethren, 8-4, in a National League city softball game at Beaudette Park last night.

POST TRIUMPHS

In other softball action in the city last night, Circle Inn, Berry Door and Jet Bar recorded victories.

Morris Yarnold and Bob Smith paced Bob & Larry's big four-run rally in the fifth inning.

Smith's fifth inning triple scored Tom McMahon with the tie breaking run. Yarnold singled home Bill LaRose, who had reached first base on an error and advanced on a sacrifice fly, with their run of the inning. A double by Dean Perko added the fourth run.

The losers added two more in the sixth, but Bob & Larry's scored twice in the sixth to clinch the victory. Jerry Bouton was the winning pitcher, Earl Cox took the loss.

Circle Inn scored five times in the first two innings and added two more in the fourth to take a 7-3 decision from Motor Car Transport.

Chuck McClrath and Jim Skinner paced the winners with two hits each. Jim Smith got credit for the victory, Charles Gist was charged with the loss.

Jet Bar scored seven times in the first inning and held on to rout Plant 2 Local 653, 16-4. Phil Landry and Bob Whitmore had three hits apiece for the winners.

Berry Door smashed Bud & Lou's, 10-4, behind the bat of Joe Curti and the pitching arm of

Darrell Herron. Curti had a pair of singles and a double to lead the offensive attack for Berry Door, while Herron held the losers to just one hit, a first inning leadoff single by Ray Sherman.

Four American League games are on tap for this evening. At Northside Arto Realty meets the Elks and Monicatti plays Martin Associates. At Beaudette, Dave's Boys play league leading Harvey's Colonial House and Howes Lanes meet 300 Bowl.

Engineer Testifies Before Congress

Claims Shelters Would Hike N-Attack Toll

WASHINGTON (AP)—An engineer told Congress yesterday fallout shelters could become firetraps that would increase, rather than cut, the toll in a nuclear attack on the United States.

A group of physicians said building shelters to save lives would be like the one-common practice of wearing a piece of garlic around one's neck to ward off diphtheria.

"If fallout shelters falsely appear to promise protection for large segments of the population, they may prove to be worse than no shelters at all," said Dr. Victor Sidel of Brookline, Mass., speaking for an or-

ganization called Physicians for Social Responsibility.

William F. Schreiber, associate professor of electrical engineering at Massachusetts Institute of Technology, told a House Armed Services subcommittee a chain of fallout shelters would be essentially useless and might, in fact, actually increase, rather than decrease, the number of casualties if nuclear war came.

If the Soviet Union launched a nuclear attack using ground-level blasts against U.S. cities "The number of lives needlessly lost in firetrap shelters outside the circle of total devastation would probably exceed the number of

lives that the shelter system would save," Schreiber said.

But he said as long as the Russians have limited capacity to deliver nuclear weapons by ballistic missiles, they "would almost certainly use high-altitude air bursts of large bombers in attacks against cities, causing no fallout whatever but blasting and burning vast areas around their targets."

"A more effective way to save lives from fallout would be carefully devised monitoring and radio guidance systems to lead people out of the menaced areas, and good information to tell persons who were unable to escape from those areas how best to protect themselves," Schreiber said.

He said attack-hardened missile emplacements are the most likely targets for the type of ground-burst attacks that would produce fallout. Those installations should be built in thinly populated areas, and shelters should be provided there, he said.

Sidel's statement said the ma-

jor causes and injury in thermonuclear war would be blast, fire and disease, not radiation.

Sidel said the physicians' organization has concluded that "a large scale thermonuclear attack on this country would present a medical problem that has no solution."

Births

The following is a list of recent Pontiac area births as recorded at the Oakland County Clerk's Office (by name of father):

Rochester
William A. Chen, 435 Meadow Lane, Edward A. Goodwin, 227 N. Alton, James R. Kelly, 407 W. 10th, Donald D. Binkley, 306 Nicholson, Edwin E. Cooper, 410 W. Truitt, Richard W. Scheriff, 2175 Ave. Manor, Richard J. Bourne, 614 Meadow Lane, Alvin V. Church, 1128 N. Main, John D. McIntyre, 260 Lindway, Jack D. Richardson, 213 E. Ave., Richard J. Smith, 181 Brynmore, John H. Barker, 209 Harrison, Charles C. Ward, 2775 Oakwood, John K. Staley, 2300 Longview, Thomas C. Ward, 2800 Norton Lane, Kenneth W. Murrish, 185 West Lane, Douglas J. Featherston, 233 Liverdale.

By OSWALD JACOBY
The experts complicate Blackwood by employing another convention known as Gerber along with it. Blackwood—Gerber players use four clubs as Gerber when it is apparent that they want to use four no-trump as a strong bid in no-trump.

Thus after any opening no-trump bid the immediate raise to four no-trump is just a raise. The immediate bid of four clubs asks for aces.

Gerber after a no-trump opening has another advantage over Blackwood. Sometimes you will want to sign off at game if your partner doesn't show enough aces for a slam.

After North opens with one no-trump South wants to be in a small slam if North holds three aces and a grand slam if North holds all four of them and he has

Astrological Forecast

By SYDNEY OMAR

"The stars control his destiny," Astrology points the way. "ARIES" (Mar. 21 to Apr. 19) Rides your own ambition, needs. Are you true to yourself? Answer to the question of permanent importance. Day to day. Take time to establish. Taurus (Apr. 20 to May 20) Find where you stand. You are a creative spirit. Be creative in your work. Gemini (May 21 to June 21) You have to make things happen today. Means you must apply pressure. Go all out. Check details. Find out where your strength lies. Be ready with facts. Love, love, love to change.

Cancer (June 22 to July 21) Good hour ahead today. Spiritual satisfaction of ideas. Smart creative spirit. Read, ask questions, apply knowledge. Exhibit intellectual curiosity. Have fun with your work.

Leo (July 22 to Aug. 21) You can judge accurately where money will be concerned. Watch fate. Don't try to do too much. Get enough rest tonight. Be sensible. Don't touch caution to the wind.

Virgo (Aug. 22 to Sept. 21) You are "creative high." You can't cross personality and get whatever you need. Work on faith. Don't expect perfection. Seek beauty, even where there is none.

Libra (Sept. 22 to Oct. 21) Key to day is being able to keep a secret. Don't disclose all you know. Don't let someone else know. Get needed rest. Privacy. Don't be pushed into making hasty decisions.

Scorpio (Oct. 22 to Nov. 21) Be an expert for justice, business and social affairs. Plus more. Wonderful time for the "superhero" person. You are together with "special" person. Be ready for the "special" person.

Sagittarius (Nov. 22 to Dec. 21) Happiness is key today. Means try to understand you. Light of truth shines. Be ready for the "special" person. Be ready for the "special" person.

Capricorn (Dec. 22 to Jan. 21) Overcome tendency to be discouraged. Means more action today. Possible success. Future opportunities. Now is the time to act. Don't be discouraged. Family members.

Aquarius (Jan. 22 to Feb. 21) Pursue professional activities. No time to make efforts. What have you wanted to "come your way." Know this and be ready. Don't let anyone else know. But PROPHET is DUE. Pisces (Feb. 22 to Mar. 21) Be cautious in dealing with legal problems. You can gain most by listening. Show respect for options of those close to you. Better for financial projects than starting new ones.

IF WEDNESDAY IS YOUR BIRTHDAY—You are a true leader. You find it difficult to make a mistake.

GENERAL TENDENCIES: Lunar cycle high for LEO, VIRGO, LIBRA. Be careful word to advice. You may need advice regarding 1963. General Features (Copyright 1963, General Features Corp.)

A perfect hand to ask for aces by Gerber. It is not a perfect hand for Blackwood because it is possible, although very improbable that North will only hold one ace in which case there will be no play for five odd.

This happens to be the case. North has a full 17 points for his opening no-trump, but he holds only one ace. He shows this by his four heart bid. He is a trifle surprised when he finds himself playing that contract, but everything is fine when he sees dummy.

Answer Tomorrow

Q—The bidding has been:
South West North East
1♠ Pass 1♠ Pass
2♥ Pass 4♣ Pass
3♠ Pass 4♥ Pass
4♥ Pass 6 N.T. Pass

You, South, hold:
♠ A Q 5 ♠ K 3 2 ♠ A Q 2 ♠ A 6 5
What do you do?
A—Pass. 6-5-5 partner has placed the contract where he wants it.

TODAY'S QUESTION
Instead of bidding three diamonds over your two no-trumps, your partner has bid three spades. What do you do?

Answer Tomorrow

Prosecutor's Assistant

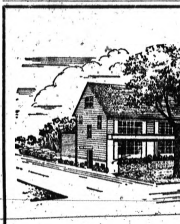

Resigning County Staff
Birmingham Attorney Donald M. Reddy, 32, yesterday announced his resignation from the staff of Oakland County Prosecutor George F. Taylor.
Reddy, an assistant prosecutor since last June, said he was leaving to enter private practice with a Royal Oak law firm. His resignation will take effect July 19, he said.

Instant fish products may soon be on the market. They will be the dehydrated variety.

VIPs Called to Testify in N.Y. Quiz

NEW YORK (UPI)—A former U.S. interior secretary and an ex-Massachusetts congressman were among several prominent persons named today in an order directing them to appear in court for questioning about an attempt to sell investors \$3 million in worthless oil leases.

State Atty. Gen. Louis J. Lefko obtained the order in State Supreme Court—in New York County against 10 persons to appear for questioning under oath on Thursday.

Lefkowitz said the inquiry was aimed at uncovering the operations of James E. Lofland and James E. Lofland Enterprises, Inc. He said \$200,000 in worthless mineral land deeds was sold to investors from the firm's Manhattan offices.

In addition to Lofland and the corporation, those named in the order were Oscar L. Chapman of Washington, D.C., secretary under former President Harry S. Truman; former Rep. Joseph E. Casey, D-Mass.; James Murray Jr., Washington, son of a former U.S. senator from Montana; Dennis Chavez Jr., Washington, son of a former U.S. senator from New Mexico; prominent Broadway actress Dolores Gray; Anky Von Boythorn, of New York; Agnes E. Nelson, San Antonio, Tex.; Stanley J. Gould, New York; J. and Joseph Smith, New York.

The last three allegedly were connected with the Lofland firm.

Wounded Air Chief Still on Critical List

OKLAHOMA CITY, Okla. (AP)—Maj. Gen. Thomas J. Gent Jr. remained in critical condition but is responding to treatment for the gunshot wound he received early Monday.

Damage from passage of a small-caliber bullet through the head of the outgoing commander of the 32nd North American Air Defense Command was described as "minimal."

Gent, 52, was out of a coma and physicians at a hospital here said his condition looks favorable to ward recovery.

Death Notices

BEAL, JUNE 24, 1963, ANDREW, 62, of 1400 N. 1st St., died at 10:15 a.m. Thursday at St. Joseph's Hospital. Burial at 10:30 a.m. at the Trinity Baptist Church, 1400 N. 1st St., under the care of Rev. Seek Death Penalty in the Evers Murder

From Our News Wires
JACKSON, Miss. — The state will seek the death penalty for a white segregationist charged with the sniper slaying of Negro civil rights leader Medgar Evers.

The suspect, Byron De La Beckwith, was scheduled to appear before City Judge James Spencer today in a preliminary hearing on a murder charge.

District Attorney William Waller said last night he would ask the Hinds County Grand Jury when it convenes next Monday to indict Beckwith for murder.

"I will ask for the death penalty if, and when, he is indicted and tried," Waller said.

GIVEN TO CITY POLICE
Beckwith, 42, of Greenwood, was turned over to Jackson police yesterday afternoon by U.S. Commissioner John R. Counts III on instructions from the Justice Department.

He is charged with the June 12 sniper slaying of Evers, who was state field secretary of the National Association for the Advancement of Colored People (NAACP).

Beckwith was arrested by the FBI last Saturday night at his attorney's office in Greenwood on a federal warrant. He had been held since early Sunday as a federal prisoner.

In other developments on the racial front:

- A shotgun blast that wounded five Negroes on a Canton, Miss., street apparently had "no racial overtones," authorities said today.
- City Attorney Robert L. Goza said the two women and three men received superficial wounds from the blast of bird shot last night.
- He said there were no clues to the assailant, who may have been in a passing car, and nothing to indicate a racial motive.
- In Richmond, Va., a federal judge yesterday presented the Justice Department with a new legal weapon for its fight to force school desegregation in federally impacted areas.
- District Judge John N. Butner ruled the U.S. government has the right to bring desegregation suits in Prince George County because the county accepted federal funds to offset the cost of educating dependents of personnel stationed at Ft. Lee.
- Butner held that the county's acceptance of the money formed a contract containing a clause that said there was to be no discrimination against Negro school children from the post.
- In Savannah, Ga., Negro leader Hosea Williams today called off all racial demonstrations pending the outcome of desegregation talks with city officials.
- A negotiating conference was scheduled for tonight.
- Williams, head of the Chattanooga County Crusade for Voters, said, however, the recruiting of new demonstrators was continuing. Negroes cannot make any progress "sitting around a table," he said.
- Williams led a sidewalk demonstration by about 500 Negroes in front of police headquarters last night. There were no incidents and no arrests.
- In Austin, Tex., Negroes will appeal a federal judge's order to integrate public schools of Georgetown, in south central Texas, because "13 years is just too long to give them to desegregate the schools."

For Bipartisan Backing Tariffs Spark Move

WASHINGTON (AP) — Congressional anxiety over Common Market tariff barriers sparked a bipartisan move today to put the Senate behind President Kennedy's efforts to keep U.S. farm products flowing to Europe.

Senate Republican Leader Everett M. Dirksen of Illinois and Sen. Hubert H. Humphrey of Minnesota, assistant Democratic leader, joined in offering a resolution aimed at lining up both political parties behind the President in trade negotiations.

Dirksen said in an interview he believes it would be helpful to Kennedy "in the extremely difficult negotiations ahead" to have a demonstration of bipartisan support.

DEEPLY CONCERNED
Humphrey said in a statement he is "deeply concerned by the growing evidence that EEC (European Economic Community) is moving toward protectionist trade-restrictive policies."

Behind this complaint is a skyrocketing demand in all sections of the country for action by the administration to get rescinded decisions which have all but choked the European market to U.S. farm products and threaten future exports of wheat, feed grains, rice, dairy products and many meat products.

The Humphrey-Dirksen resolution noted that the Common Mar-

'U.S. Airmen, Party Girl Only Casually Acquainted'

WASHINGTON (UPI) — The Defense Department today cleared three U.S. Air Force men who were flown home from Britain for questioning in the Profumo sex and security scandals.

Saying, "Security is our basic concern," Sylvester told reporters that so far the investigation indicates no U.S. military personnel have been involved in any security aspect of the Profumo-Keeler case.

Sylvester declined to identify the Air Force men on grounds it would be unfair to them. He would only go as far as describing them as noncommissioned and enlisted personnel and saying they were with the 3rd Air Force with headquarters at South Ruislip near London.

The Defense Department information chief refused to say exactly where the airmen are now. It was felt "questioning could be done better here," Sylvester told newsmen when asked why the probe wasn't conducted in England.

NOT UNDER ARREST
Informants said the airmen are not under arrest and that no charges have been lodged against them. It could not be learned whether they were being given lie detector tests.

"We are not making it a moral case," Sylvester said. "We have felt that in view of the whole complex involvement the Defense Department has checked into the case completely, and is continuing to check and as of now we have no connection with the security aspects."

Other sources said "there is not a bit of evidence" to the Capt. Thomas Murphy into the case. Murphy has been naval attaché in London and newspapers recently published a photograph of Mrs. Murphy kissing Ivanov at a party in December 1961. Mrs. Murphy has explained that this was part of a traditional ceremony involving an Elizabethan "kissing cup" and said "I wasn't kissing him; he was kissing me."

Kennedy Jabs at DeGaulle's Isolation View

(Continued From Page One)
livelihood of American strength, have been shown in defense of free men and free government, in Asia, in Africa, in the Americas, and, above all, here in Europe."

The President said the United States has undertaken "and sustained with honor" mutual obligations with more than 40 allies.

"We are proud of this record, which more than answers all doubts," he said.

Kennedy's reply to de Gaulle was matched in emphasis by his appeal for greater European unity and increased cooperation with the United States.

"It is not in our interest to try to dominate the European countries of decision," he said. "If that were our objective, we would prefer to see Europe divided and weak, enabling the United States to deal with each fragment individually."

"Instead we look forward to a Europe united and strong—speaking with a common voice—with a common will—a world power capable of meeting world problems as a full and equal partner."

EQUAL BURDENS
The United States, he continued, looks forward "to a united Europe in an Atlantic partnership—an entity of interdependent parts, sharing equally both burdens and decisions."

He said "this is no fantasy" but "rather a realistic goal to be achieved by concrete steps to solve common military, economic and political problems."

Birmingham Area News City Asks Assessments Be Tallied for Sewers

BIRMINGHAM — City commissioners last night asked that assessments be figured for \$246,100 worth of relief sewers.

The three projects involved are being considered together in order to give the city an advantage in asking for bids.

A special outdoor service for July 14 is being planned by the board of deacons.

Streets where the sewers will be installed are Cummings, at an estimated cost of \$90,000; Ruffner from Woodward to about 330 feet west, \$5,100; and South Eton, \$151,000.

The Ruffner project has been approved by the Michigan State Health Department, but permits have not yet been issued for the other two.

However, City Engineer William T. Killean said he expected permits shortly for the plans which have been approved by the Oakland County Drain Commission.

Assessments based on the city's paying 15 per cent of the cost and landowners the other 85 per cent are to be calculated in preparation for a hearing on the roll.

Sub Search Postponed 24 Hours

ABOARD THE USS FORT SNELLING — Further attempts of the bathyscaphe Trieste to locate the bulk of the submarine Thresher were postponed today for 24 hours because of minor technical problems.

The decision to delay a second dive was made shortly before 10 a.m.

The first dive yesterday brought no results.

Capt. Frank Andrews, in charge of the search, said "nothing significant was observed."

He called Monday's 8,400-foot descent by Trieste extremely satisfactory from an operational point of view, but added: "The Trieste went down a little further to the east than planned. A major problem was the failure of a transponder on the positioning buoy to function properly, which limited the Trieste's navigational capabilities."

SLIGHTLY WESTWARD
Capt. Andrews said today's dive was set for a spot slightly to the westward "and over the area of interest."

The Navy picked the spot 220 miles off Boston because of what it described as a heavy concentration of debris at the bottom.

The dive area is about 4,000 yards from the last known position of the nuclear submarine Thresher when she sank with the loss of 129 men during a deep test dive last April 10.

Lt. Cmdr. Donald L. Keach, 34, formerly of Somerville, Mass., and Orrington, Maine, and Kenneth Mackenzie, 51, of San Diego, a civilian engineer with the naval electronics laboratory, made the Trieste's first dive in the Atlantic. Keach said Trieste covered about two square miles on the ocean floor.

Major Points of JFK Talk

(Continued From Page One)
Europe divided and weak, enabling the United States to deal with each fragment individually.

"Instead, we look forward to a Europe united and strong—speaking with a common voice—with a common will—a world power capable of meeting world problems as a full and equal partner."

On economics and trade: "Economic cooperation is needed throughout the entire free world. By opening our markets to the developing countries of Asia, Latin America, and Africa, by contributing our capital and our skills, by stabilizing basic prices we can help assure them of a favorable climate for freedom and growth. This is an Atlantic responsibility."

On defense: "Our defenses are now strong—but they must be made stronger. Our economic goals are now clear—but we must get on with their performance. And the great extent of our necessities, the most notable of our omissions, is progress toward unity of political purpose."

City Residents Warned of Low Water Table

City officials today urged residents to conserve water as the water table reached a new low. Five wells are out of service, three due to low water.

City Manager Robert A. Stierer asked residents to continue the lawn-sprinkling ban imposed last week from 8 a.m. to 8 p.m. daily.

"Police have been asked to stop where they see lawn sprinklers operating and notify people of the ban. There will be no tickets issued unless the situation worsens," Stierer said.

The water level in the city's observation well was 12.5 feet below ground level at 8 a.m. today, the lowest level on record.

The level also was down in the Baldwin Avenue water tank last night.

"It is not unusual for us to have several wells out of service for repairs, but it is unusual when it's due to low water levels," he said.

2 More Yank G's Shot Near Saigon

SAIGON, South Viet Nam (AP) — Two U.S. enlisted men were wounded by Communist guerrilla fire in Red-controlled Zone "D" north of Saigon today, bringing to nine the number of Americans wounded in the past seven days.

A U.S. military spokesman said one of the latest casualties was wounded after the helicopter he was assigned had taken off for the newly built Rangrang airstrip.

The other was wounded an hour later.

Britain Starts Inquiry Into Sex Scandal

LONDON (UPI) — A one-man judicial inquiry into the Profumo sex and security scandal began today and the opposition Labor party planned new moves to force Prime Minister Harold Macmillan to disclose further details of the crisis that has rocked his government.

The master of the rolls, Lord Denning, who was ordered by Macmillan to look into the rumors, imputations and security aspects surrounding the scandal, formally began collecting evidence today.

"You can take it that the inquiry is starting as from today," an aide said.

Lord Denning asked last night that anyone who "has grounds for believing that reports of this kind are true" should write him in confidence by July 8.

LINKED IN RUMORS
He did not specify what reports he was referring to, but rumors have linked Capt. Christine Keeler with three U.S. airmen, a U.S. Navy officer and high British officials.

Meanwhile, members of the Labor opposition tabled six new questions about the scandal for Macmillan to answer in the House of Commons next Thursday.

Labourite William Hamilton said he would ask Macmillan what steps he was taking to insure that he would personally be informed of all actions taken on security by senior officials.

The surrender led a bitter taste with aid supporters who were ready to make an all-out fight on the House floor for the program.

At the time, aid critics, led by Rep. Otto E. Passman, D-La., called it "a great victory for the taxpayers." Passman is determined again to win cuts of a billion dollars or more this year.

Agree on Cut in Foreign Aid OK \$400-Million Slice From \$4.5-Billion Bill

WASHINGTON (UPI) — Key members of the House Foreign Affairs Committee have agreed on a \$400-million cut in President Kennedy's \$4.5-billion foreign aid bill but will resist further slashes, it was learned today.

Informed sources said the White House has decided it can live with the smaller program, clearing the way for the House group to approve the scaled-down figure in the next few weeks.

Kennedy also was reported to have told the lawmakers, however, that he will fight to keep the aid authorization at the new \$4.1-billion level.

The congressmen sought the Chief Executive's views because the administration decided at the last minute last year not to fight deep cuts voted in the program by the House subcommittee handling foreign aid appropriations.

The surrender led a bitter taste with aid supporters who were ready to make an all-out fight on the House floor for the program.

At the time, aid critics, led by Rep. Otto E. Passman, D-La., called it "a great victory for the taxpayers." Passman is determined again to win cuts of a billion dollars or more this year.

Parking Project Up Before City

An agreement to finance an off-street parking lot for employees at Pontiac General Hospital will be up for approval at tonight's City Commission meeting.

Basically, the proposed transaction calls for the city to put \$100,000 into the hospital lot now through a loan from the general employees pension system.

Pontiac General would pay back the loan during a two-year period.

Commissioners are also slated to approve disposition documents for properties in the R20 urban renewal project.

Pending further approval by the Urban Renewal Administration and Housing and Home Finance Agency, the city will then be free to advertise for bids and sell the urban renewal land to developers.

City's Hospital Nets 2 Awards

Pontiac General Hospital employees today won two of the 10 special \$100 awards in the fifth hospital achievements contest sponsored by the Michigan Hospital Association and Michigan Blue Cross.

The awards were accepted by H. B. Euler, administrator at the association's 44th annual convention in Traverse City.

One of the awards went to Irene D. McNamara, the hospital's public relations director, for a major revamping of Pontiac General's volunteer program which increased 10 hours and effective use of volunteers in nursing departments.

The other award went to a team of employees.

Their entry outlined an effective employee discussion program to increase participation in work simplification procedures.

The team consisted of Margaret Roehn, assistant executive housekeeper; Elsie Bartindale, in-service nursing instructor; Ronald Nordquist, an orderly; Thelma Reid, a practical nurse; and Geraldine James, a secretary.

Frances Ver Lee, a registered nurse, received an honorable mention.

Five Escape Injury as Boat Catches Fire
A new, 18-foot, fiberglass boat owned by Ralph Dickman, 6858 Longworth, Waterford Township, caught fire yesterday in Lake Oakland when flames backfired through the carburetor.

All of the craft's five passengers escaped injury. Damage to the \$4,000 boat, powered by an inboard motor, has not been determined.

4 Landslides in S. Korea Fatal to at Least 116
PUSAN, Korea (AP) — At least 116 persons were believed killed in four landslides which rocked the southern coast of Korea last night and today.

Ninety-four Koreans were reported killed today by a landslide in a village on Koje Island. Another 22 perished in three smaller slides last night in Pusan and nearby Kimhai County, police said.

The world ratio of doctors to population varies from one physician per 420 in Israel to one per 96,000 in the Niger Republic. The ratio in the United States is one to 790. A miniature welding unit, for small parts produces a gas flame, use in assembling jewelry, of 6,000 degrees but only one-tenth of an inch in diameter. Washington has the largest known silica deposits in the United States.

pared by Automotive News, showed passenger car output by Chrysler, Ford and General Motors was off a fraction over the previous week. American Motors and Studebaker showed tiny gains.

KALAMAZOO (P)—Civic leaders of Kalamazoo, Allegan and St. Joseph counties yesterday told Gov. George Romney they favored cutting business and property taxes.

They also said they favored some form of state income tax or local property tax to replace the lost revenue.

The governor polled about 150 people, attending a breakfast here, on their tax views, and asked them to consider alternate tax plans and write him as to their views.

The meeting, billed as nonpolitical, was sponsored by the Kalamazoo County Chamber of Commerce.

Also present at the meeting were State Controller Glenn S. Allen Jr., Grand Rapids Accountant L. William Seidman and Senate Finance Committee Chairman Clyde Geerlings, R-Holland.

See for yourself what makes it a Cadillac! The car's unique kind of motoring is hard to put into words. But behind the wheel you can't get it out of your mind: superb handling...relaxing comfort...invigorating response. The only place to discover it is at your dealer's.

By PHIL NEWSOM
UPI Foreign News Analyst

When the United States and Spain negotiated their 1953 agreement on U. S. naval and air bases in Spain, both sides won important benefits.

The United States won a valuable forward base against Communist aggression and Spain a much-needed economic shot in the arm.

Spain is now well on its way to a start toward re-entry into the family of nations.

NEWSOM

Now, amid considerable secrecy but with some of the facts known, they are approaching a renegotiation of the agreement which expires in September.

Both sides seek certain gains.

A somewhat similar agreement with Portugal on the strategic U. S. base in the Azores already has expired, with negotiations at present reported deadlocked but by no means abandoned.

Both the Spanish and the Portuguese agreements bear heavily on U. S. strategic planning, especially since President Charles de Gaulle's snub of the Atlantic Alliance, the gain in Communist voting strength in Italy and U. S. hopes for a mixed-nation naval force based on the nuclear-tipped Polaris missile.

FRANCO-HOLDING CARDS
All of these conditions would seem to be cards in Generalissimo Francisco Franco's hands. There are indications the Spanish asking price is not cheap.

The 1953 agreement gave the United States the use of three air bases by the Strategic Air Command, the big naval base at Rota and other installations including naval depots, radar sites and a pipeline system.

There is evidence now that the United States would like to make the Rota base available

to NATO submarines carrying nuclear ballistic missiles.

In return, Franco wants either Spanish membership in NATO or, at the least, closer political ties with the United States.

Spanish membership in NATO has in the past been adamantly opposed by the low countries, Denmark and Norway and, to a lesser degree, by Britain.

WANTS MORE AID

Spain also wants an increase in economic aid which since 1953 has totaled more than a billion dollars, plus modern military equipment including rockets and missiles.

On its part, the United States would prefer that the agreement continue much as it is and to wait as long as possible to determine how Europe's strategic and political alignments finally are to work out.

It further has warned Spain that, because of the unfavorable outflow of U. S. gold, free military aid to Spain will have to stop. That, instead, she will expect Spain to spend some \$250 million of her own money on new equipment.

The deadlock in the negotiations with Portugal is on an issue less complex but equally difficult.

The 20-year-old agreement with Portugal expired last Dec. 31 but use of the base which is a strategic link with Europe and Africa, has continued.

Cartoonist Gives View on Abstract Art Works

WASHINGTON (AP)—Cartoonist Al Capp was asked on a recorded television program Monday to discuss abstract art.

His evaluation: A product of the untalented, sold by the unprincipled to the utterly bewildered." The creator of "Lil Abner" is being inter-

gave his view while being interviewed by teen-agers on a program called "Youth Wants to Know."

Could
this
be our
deadliest
disease?

Medical evidence is mounting that the greatest plague of our times may well be inactivity. It's one reason why millions of Americans are overweight. And inactivity is also a factor in the onset of diseases of the heart and blood vessels. Our children are not as active as they should be. They sit more than they move; they watch more than they participate. As a result, their physical fitness has declined. Almost one-third of them can't pass minimum physical achievement tests. What to do about it? Get them into action again! Preferably in physical education programs that include vigorous activity—for at least 15 minutes of every school day.

Investigate the program in your child's school. Discuss it with your school officials. Make sure the program is what it should be. If you would like more information, write to The President's Council on Physical Fitness, Washington 25, D.C.

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

In these days of modern travel we often find fly-begged babies. If you take a "flyer" with baby, it's helpful to remember these hints:

- When you make reservations, alert the airline about baby-for-the-stewardess' convenience and yours.
- A bottle at take-off time is desirable. Sucking distracts baby and relieves discomfort sometimes caused by altitude changes.
- A favorite toy, helps while away flying time when baby's awake.

At or away from home, I think you'll find Gerber Baby Pants a blessing for both baby and you. They have built-in comfort and protection because they're made of whisper-soft polyvinyl film that's waterproof, leak-proof, acid-proof, and the best-flavor and color. Yes, Gerber baby pants are machine washable... will last (and stay soft) through many washings. Medium, large, extra large, in pull-on or snap-on styles.

A nutrition memo from Dan Gerber, "Improving the food values of your baby's vegetables is a continuing Gerber research project. Take Gerber Carrots. In one experiment alone, 30 varieties of carrots they were grown to find the ones with the highest vitamin-A value and the best flavor and color. After harvesting, each variety was processed, evaluated for nutritive values and color, then flavor-tested by taste experts." Gerber Baby Foods, Box 72, Fremont, Michigan.

Women's Boots Get Big a Boost

Dr. Milton H. Bank officiated at the Saturday marriage of Mary Margaret Conrad and Charles F. Johnson. The ceremony was followed by a reception in Central Methodist Church.

A seed pearl pillow topped

MRS. CHARLES F. JOHNSON

an illusion veil for the bride, attired in white silk organza applied with Alencon lace and styled with chapel train. She held white roses, carnations and Stephanotis.

Mrs. Warren E. Baker, honor matron, and brides-

Mary Margaret Conrad, daughter of the William B. Conrads, Novarra, and Charles F. Johnson, son of the E.E. Johnsons, Bloomfield Hills, were wed Saturday in Central Methodist Church.

maids Barbara Conrad, Holland, and Mrs. Dale A. Payne were pink taffeta and carried matching rosebuds and white carnations.

Warren E. Baker was best man. Seating guests were Floyd Stanton and William Hayward.

The bride, daughter of the William B. Conrads of Novarra, is an alumna of University of Michigan. Her husband, son of the E. E. Johnsons, Bloomfield Hills, attended Flint Junior College.

Trade Nuptial Vows in Presbyterian Church

Shirley Mas Gruber exchanged vows with Clarence Paul Payne before Rev. Theodore R. Allebach recently in the Oakland Avenue United Presbyterian Church.

Her parents are the Jacob Grubers, Summit. The bridegroom is the son of Mrs. Mable L. Ransom of Howard and Paul Payne, Denver, Colo.

White French lace in ruse pointe fashioned the bride's

MRS. C. P. PAYNE

tiered gown and chapel train, worn with silk illusion veil and imported headpiece. She carried white rubrum lilies, Carol Amyling rosebuds and lilies of the valley.

AQUAMARINE TAFFETA Wearing street-length aquamarine taffeta, with floor-length organza overskirt, were honor matron Mrs. Kenneth Chaffin, Ferndale, and bridesmaids Mrs. Billie Gruber and Mrs. Ronald Noien, Hanford, Calif. They held cascades of rubrum lilies. On the esquire side were best man William Cheswick, and ushers James and John Speas, Lake Orion. The couple left for Las Vegas after a reception in the CAI Building, Waterford. They will reside in Pontiac.

For Grass Stain

Rubbing dark corn syrup on the stained area will help remove grass stains. Let the garment soak for about one hour and then wash as usual.

A huge comet-shaped cloud of hydrogen and dust surrounds the earth's atmosphere. The head of the cloud is about 800,000 miles develop trees of greater sap sweetness.

Eastern Star Chapter Initiates Four Members

Four were initiated into Pontiac Chapter No. 223, Order of the Eastern Star, Monday at Pontiac Masonic Temple.

Welcomed into the order were Mr. and Mrs. Leslie Edwards, Mrs. Russell Duncan and Bernice Morgan.

Worthy Matron Mrs. Charles Moore introduced guests who included Mrs. Floyd Levely, Mrs. Joseph Minton, Mrs. Clarence Curry,

Mrs. Mary Erickson and Mrs. Earl Ross. James Householder and Fred Cleland were also on the roster.

MRS. ELWIN M. BEATY

Pair Weds in Lutheran Ceremony

A reception in the Oakland County Sportsmen's Club followed the candlelight vows of Elaine Ellen Carlson, Augusta Avenue, to Elwin Myron Beaty, in the Gloria Dei Lutheran Church.

Parents of the newlyweds, presently honeymooning in Maine, are the Jesse Carlsons, Rochester, and the M. A. Beatys, of Kuhn.

Alencon lace accented the bride's gown of white peau satin styled with Watteau back and circular court train. She chose a short illusion veil and carried white Cymbidium orchids and Stephanotis.

Delphinium blue carnations and lilies of the valley designated maid of honor Rebecca Beaty, wearing cotton blue chiffon, as did bridesmaids Sandra Abney and Diane Dolcock. They held blue-tipped white carnations.

Cathleen and Cheryl Guinn were flowergirls. Best man was Thomas Curilla, Warren, with ushers Joseph Guinn and Robert Abney. Gerald and James Silkwood were candlelighters.

Key Issues Change Fractionally

Rails Strong in Mixed Market

NEW YORK (AP) — Rails continued strong in a mixed stock market early today.

Corn and losses of fractions to about a point prevailed among most key stocks.

The rails moved ahead under the influence of some forecasts of sharply increased earnings and also of merger reports and maneuverings for control.

Rock Island advanced more than a point, Chicago & North Western, up a fraction, is

period challenging the plans of Union Pacific and Southern Pacific to split the Rock Island's properties between them.

Union Pacific advanced a point to 41 1/2 on an opener of 4,600

shares, Southern Pacific eased. Fractional gains were made by a number of other roads including Southern Railway, Chesapeake & Ohio, and St. Paul.

LITTLE CHANGE

Steels continued unchanged to a bit lower. Motors made narrow movements. Aerospace issues slipped fractionally.

Gains of a point or so were scored by IBM, Control Data, U.S. Smelting, and Loral Electronics.

Smith, Douglas, under further selling pressure, dropped 3/4 to 44 on blocks of 4,000 and 25,000 shares, later shaving a fraction from the loss.

Petroleum Gas Service rose 1/4 to 25 on 22,000 shares. Southern California Edison eased 1/4 to 31 1/2 on 23,000 shares.

Opening blocks included: U.S. Steel, up 1/4 at 77 1/2; 7,000 shares; Rock Island, up 1/4 at 25 on 5,000; Ford, off 1/4 at 52 1/2; and Pennsylvania Railroad, up 1/4 at 19 1/2, both on 5,000 shares; and Standard Oil (New Jersey), up 1/4 at 67 1/2 on 4,000.

Monday the Associated Press average of 60 stocks rose 5/8 to 274 1/2.

Prices were mixed on the American Stock Exchange. Rayette advanced a point. Fractional gains included Electronics Specialty, Gulf Industries, and Scurry-Rainbow Oil.

A special Justice Department grand jury worked more than two years to build its case.

Hoffa, who surrendered to a U.S. marshal yesterday and a posted \$5,000 bond to guarantee his appearance at the Federal Court arraignment, said he would not comment on the charges until after he entered a plea with Judge Richard B. Austin.

A Teamster attorney said Hoffa would plead innocent.

DIVERTED \$1 MILLION

Hoffa and the others were indicted on charges they fraudulently obtained \$2 million in loans from the Teamster pension fund and diverted more than \$1 million of it to their own use.

A federal grand jury issued the indictment early this month, charging Hoffa and his associates with deceiving trustees of the central states, southeast and southwest area pension funds in order to obtain loans for favored firms in six states.

Each defendant was charged with 20 counts of mail fraud, seven counts of wire fraud and one count of conspiracy to defraud.

A Hoffa aide predicted the complex trial may not begin for several months and may be a drawn-out affair.

Business Notes

Raymond C. Blackwell of 10514 Borgman, Huntington Woods, will retire from MacManus, John & Adams, Inc., effective next Monday.

He joined the firm 40 years ago when it was known as MacManus, Inc. Since that time, he has been assigned to the company's Bendix account.

GRAND RAPIDS — All pulp and paper manufacturers named in a government antitrust suit charging price fixing of pulpwood purchased in Michigan were advertising yesterday.

Defense motions based on grounds that the government failed to establish its case were granted by U.S. District Judge W. Wallace Kent.

The trial opened last Monday.

The government, represented by Joseph J. O'Malley of the Department of Justice Antitrust Division, alleged that the respondents had conspired since 1951 to depress prices they paid for pulpwood bought in lower Michigan.

All the respondents pleaded innocent to the indictment returned against them by a federal grand jury July 11, 1962, said they denied any allegations that they acted to hold down pulpwood prices.

Named as defendants in the suit were Packaging Corp. of America; Scott Paper Co., Philadelphia; S. D. Warren, Boston; Menasha Wood, Ware, Ohio; Menasha, Wis.; American Excelsior Corp., Chicago; Hammermill Paper Co., Erie, Pa.; and Abitibi Corp., Alpena.

Grain Prices
