

EXPERIMENTAL PLANE CRASHES — The tail section of a French Breguet 1150 Atlantic maritime patrol plane lies atop the airport social club in Farnborough, England, yesterday where it crashed in flames during a demonstration of flying on one engine. At least 12 persons were killed in the

crash. The aircraft, a twin-engine turboprop, was built to the specifications of the North Atlantic Treaty Organization. A formal inquiry begins today, and two key questions are whether the plane was flying too low or too slowly.

Heart Donor's Wish: 'To Do Some Good'

One of the last things a Pontiac criminal who donated his heart to another man might live said was "I want to do some good." This was the start of the first heart transplant in Michigan.

His remarks were reported by his brother-in-law, who saw him just before his last operation. The heart donor was Herman Opendenoff, 38, a former Pontiac resident who was a three-time convict at the Southern Michigan State Prison in Jackson.

Early yesterday morning at the University of Michigan Hospital, Ann Arbor, his heart was transplanted into Philip T. Barnum, 49, a Kalamazoo ac-

countant. Barnum was reported resting comfortably this morning, according to hospital officials.

The donor has at least four relatives in the Pontiac area including a 17-year-old daughter. One of the last persons to see him alive was his brother-in-law, Arthur E. Allen of 1640 Waterfront, Waterford Township.

EYES, BRAIN DONATED

Allen reported that before his last operation for a brain hemorrhage, Opendenoff told him: "If things don't go right in the operation, I want to do some good. The hospital can take anything they want."

He has also reportedly donated his eyes and brain to medical science.

Opendenoff was taken from the prison to the University of Michigan hospital on Sept. 6 after suffering fever and severe headaches, which apparently led to rupturing of blood vessels in his brain, followed by his death early yesterday.

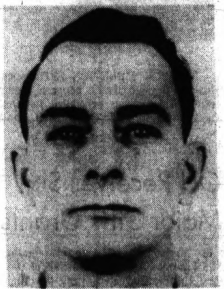

Doctors said he suffered a massive brain hemorrhage, and hope for his survival was abandoned late Thursday.

TRANSPLANT MADE

Doctors said Opendenoff died at 12:45 a.m. yesterday, about one hour after a

22-member team began operating on Barnum. The transplant was made at 3:02 a.m., and the operation was completed at 5:50 a.m.

He had been sentenced to 6½ to 10 years in April by a circuit court judge in (Continued on Page A-2, Col. 5)

HERMAN OPDENHOFF

Vietnam Escalates as Issue in Presidential Campaign

By the Associated Press

Vietnam is escalating as an issue in the race for the White House.

Vice President Hubert H. Humphrey drew a standing ovation from a crowd of 5,000 last night as he pledged to do everything possible "to find an honorable peace, to end this war."

Romney Sounds Like Nixon Pick

SACRAMENTO, Calif. (UPI) — Gov. George Romney talked yesterday like he expects to wind up in Richard M. Nixon's cabinet if the Republicans win the presidency this fall.

In a wide-ranging speech before a California businessmen's group he touched on a variety of national and international matters, including the Vietnam war.

Romney, who has been rumored under consideration for a top job in a Nixon administration, is campaigning this week for the GOP ticket on both the East and West coasts.

Romney told the Comstock Club of Sacramento that the problems of the cities, the U.S. economy and Vietnam are "central to the future of America."

AN URBAN PLAN

He set forth a detailed prescription for curing America's urban malaise. Here are the major ingredients:

- Establish urban extension services at big city universities to provide technical assistance to encourage self-help and cooperative action.

- Replace many government-operated poverty programs by contracting with private urban corporations whose purpose would be to provide jobs for the jobless in construction, health, household, general service and other occupations.

- Modernize state and local building codes and regulations which block the use of new cost-cutting technology in low-cost home construction.

- Create national business development bank for loans for black-owned and black-run enterprises in the ghettos.

His Republican rival, Richard M. Nixon, cautioned against a settlement that would bring home today's 19 and 20-year-old soldiers but would mean "their 14- and 15-year-old brothers will be fighting someplace else again."

Nixon said if a coalition government were imposed on South Vietnam, the Communists would only be encouraged to try aggression elsewhere. He said Vietnam's future should be determined by free elections.

OLIVE BRANCH

Humphrey, speaking in Louisville, Ky., made what may have been an allusion to his role as vice president in the Johnson administration when he noted the eagle on his seal of office holds only a single olive branch, compared to the cluster on the presidential seal.

Related Stories,
Pages A-5, A-16

The Democratic candidate said, "How can you expect me to be the No. 1 peace man with one little olive branch. You let me have a handful, believe me, you'll have peace."

He told his cheering supporters, "I will do everything, God willing, to find an honorable way, to find an honorable peace, to end this war and get on with the unfinished business of America."

Nixon voiced his opposition to a coalition government for South Vietnam in a television broadcast to Pennsylvania, Delaware and parts of New Jersey last night.

"We do not want to lose at the conference table what 200,000 American casualties have already paid for in Vietnam," he said.

Nixon said a coalition settlement "will end this war and it will bring home the 18- and 20-year-old boys that are out there now and their 14- and 15-year-old brothers will be fighting someplace else again. I don't want that to happen."

Nixon continued campaigning in Philadelphia today while Humphrey and his running mate, Sen. Edmund S. Muskie of Maine, planned a pilgrimage to Independence, Mo., to meet with former President Harry S. Truman.

Third-party candidate George C. Wallace stumped through Florida yesterday, criticizing the federal government and the Supreme Court.

Wallace told a cheering crowd of 9,000 at Orlando, "The federal government is increasing control over every phase and aspect of your lives."

He said if elected he will seek a constitutional change to require Senate reconfirmation of Supreme Court justices every six or eight years.

Famed Beer Bust Starts

MUNICH, Germany (AP) — Oktoberfest, the world's biggest beer bust, began at the stroke of noon today when Mayor Hans-Jochen Vogel ceremoniously tapped the first keg.

Soon beer was foaming in countless mugs. The festival will continue until Oct. 6 and five million visitors are expected in Munich for it.

Next Space Trip Last for Schirra

SPACE CENTER, Houston, Tex. (AP) — Astronaut Walter M. Schirra Jr., the dashing hero of Mercury and Gemini flights, says he will hang up his space helmet after he commands the first three-man Apollo ship on an earth orbit trip next month.

There was a hint of regret in his voice when the 45-year-old Navy captain, the nation's oldest astronaut, told an interviewer:

"I don't anticipate another flight. I don't think I want to wait two or more years for a mission, and we don't have that coming up, if you recall our budget."

He also mentioned the rigors of training, with resulting disruption of family life, as a contributing factor in his decision.

"One of the many things my wife will be glad to see is my getting off this," he said. "I've been on Apollo now for almost three years and that's a long pull. With the Mercury and Gemini preparations, I've been gone one heck of a lot. Last week my son left for college and I couldn't see him off."

2 City Brothers, 2 Others Arrested After Bank Theft

Two Pontiac brothers and two men identified as escapees from prison were arrested yesterday in Nashville, Tenn., in connection with the holdup Monday of the Woodruff State Bank in Dewitt.

A spokesman for the Federal Bureau of Investigation (FBI) in Detroit said that Alan Rex Adams, 32, and his brother, Melvin C. Adams, were arrested by Nashville police with John Ballor, 26, of Detroit and John C. Green, 27, of Lansing at a motel.

Alan Adams, whose last reported local address was 138 W. Cornell, Ballor and Green are all charged as federal fugitives, according to the FBI.

Officers said that the three appeared yesterday before a federal commissioner in Nashville and were placed under \$75-

000 bond each before being remanded to local custody.

HARBORING FUGITIVES

Melvin Adams, local address unreported, is charged with harboring the other three as fugitives.

Green and Ballor were named on warrants issued earlier in the week after the bank was robbed of \$9,400 by three men.

Alan Adams was named on a similar warrant after the arrest.

Nashville police said a shotgun, two pistols and some \$4,000 were seized from the three motel rooms where the group registered.

All will probably be prosecuted federally, the FBI said.

Temperatures Tumble

Snow Hits Rockies

By the Associated Press

A wintry storm packing windblown snow, cold rain and freezing temperatures laced the northern and central Rockies today—the last full day of summer.

Six to 10 inches of snow covered some mountain sections of Montana and Idaho. Temperatures tumbled into the 30s and 20s.

Warnings to stockmen and travelers were in effect for portions of central and western Montana and western Wyoming. Hazardous driving warnings included parts of Idaho and Utah as well.

Highway crews attempting to keep mountain passes open were hampered by limited visibility. Snow-bearing winds up to 40 miles an hour frustrated their efforts. The going to the Sun Road in Glacier National Park in northern Montana was closed by drifting snow. Park maintenance workers hoped to have it open by Friday.

COLD FRONT

Snowfall amounts were lighter as the storm spilled out of the high country into the Montana plains. Eastward across Montana, Wyoming and Utah, the first cold front triggered thundershowers and chilling rains.

For most of the country from the great plains to the Atlantic, however, the day was a pleasant climax to summer. Autumn begins at 7:26 p.m. EDT Sunday.

Temperatures in the 60s and 70s were common over the eastern half of the na-

tion before dawn. A few autumnlike 50s cooled the northern plains, the northern Great Lakes and New England. The only exceptions to a generally fair weather pattern were widely scattered thundershowers in the Texas panhandle and Oklahoma and extreme western Iowa.

Early morning temperatures ranged from 30 at Butte, Mont., to 84 at Patrick Air Force Base, Cocoa, Fla.

Mostly Sunny Sky Over the Weekend

Showers forecast for today will move eastward, leaving skies mostly sunny in the Pontiac area over the weekend.

Here is the official U.S. Weather Bureau report:

TODAY — A few brief showers or thundershowers are possible, but mostly sunny and warm. High 77 to 82. Low tonight 54 to 60.

Southerly winds at seven to 17 miles per hour early today will continue through the night.

TOMORROW — Partly sunny and warm.

MONDAY — Chance of showers or thundershowers and mild.

The low recorded temperature in downtown Pontiac preceding 8 a.m. was 62. By 2 p.m. the mercury had climbed to 82.

Pontiac Press Photo by Edward R. Hoob

LAST SAILS OF SUMMER—As summer comes to an end, this sailboat on Lake Huron glides along in the fading sunset. The scene illustrates the dying days of summer in the Great Lakes State and heralds the advent of autumn tomorrow.

Soon this gaff-rigged craft will take her final trip of the year, and she will be hauled out and the gear stowed away — for another summer in the sun.

Griffin: Fortas Opposition Not Anti-Semitic

WASHINGTON (AP) — A leader in the fight to block Abe Fortas' nomination as chief justice says the White House is trying to make it seem as though opposition is based on anti-Semitism.

"The White House, indirectly and directly, is trying to stir this up and make it a big issue, even though there is no basis for it," Sen. Robert P. Griffin, R-Mich., told newsmen Friday.

"I think it's emanating right from the White House," he said. "It's fopped and backfired on them, but they are still trying."

There was no immediate comment

from the White House which Griffin has accused in the past of bringing extraordinary pressure to bear in Fortas' behalf.

HART SPEECH

As Griffin got in some final licks against the nomination before debate starts next week, Sen. Philip A. Hart, D-Mich., put out a speech defending Fortas, who would become the first Jewish chief justice if confirmed.

Hart, who did not deliver the speech before the Senate adjourned, said examination of Fortas' record in Supreme

Court obscenity decisions "clearly refutes the charge he favors smut."

Meeting with newsmen in his office, Griffin said opposition forces now have about 45 votes against invoking the Senate's debate-limiting closure rule—far more than enough to keep a filibuster going.

He said he didn't think the nomination would ever come to a vote.

JUDICIARY PANEL

The Senate Judiciary Committee, after unprecedented hearings during which a chief justice nominee was questioned by

a committee for the first time ever, approved Fortas' nomination Tuesday.

President Johnson nominated Fortas June 26 to succeed Earl Warren, who retired. Johnson wanted to fill the vacancy that elevation of Fortas, an associate justice since 1965, would create.

The committee has shelved the

Thornberry nomination until action is completed on Fortas. Both Fortas and Thornberry are old Johnson friends.

Opponents are basing their fight against Fortas on charges that Johnson is guilty of cronyism, that he has no right to make such an important nomination in the waning days of his tenure, that Fortas acted improperly in continuing to advise the President with the majority in overturning obscenity cases has contributed to an increase in pornography.

Debate is expected to start Tuesday or Wednesday.

NEARS COMPLETION — The opening of Elizabeth Lake Road to through traffic between Josephine and M59 in Waterford Township is scheduled for Oct. 1, according to the Oakland County Road Commission. The \$358,529 project, which began in early June, is being financed on a 50-50 basis with the Federal Bureau of Roads. The improvement of the one-mile section of road includes the widening of the existing pavement to five lanes, with the center lane for left turns.

OU Receives Six Major Gifts, Grants

Six major gifts and grants totaling \$127,822 were accepted in behalf of Oakland University yesterday by the Michigan State University Board of Trustees.

Two grants will support eye research in Oakland's new Institute of Biological Sciences, under the direction of Prof. V. Everett Kinsey, director of the institute.

Another federal grant, in the sum of \$29,250 from the Department of Health, Education and Welfare, will support OU's Language and Area Center for East Asia, under the direction of S. Bernard Thomsen, chairman of the area studies program.

The other gifts and grants included \$24,276 from the National Science Foundation as an institutional grant for science, under the direction of Chancellor D. B. Varner; \$12,100 from National Science Foundation to purchase instructional scientific equipment, under the direction of Robert H. Edgerton, associate professor of engineering; and \$19,194 worth of laboratory equipment for teaching and research in chemistry, from Smith and Underwood Laboratories of Royal Oak.

Czech Leaders Hopeful of Edge in Kremlin Talks

PRAGUE (AP) — Czechoslovakia's liberal leaders continued their visit to the provinces today, hopeful that the cheers they draw demonstrate a national solidarity that will give them a bargaining wedge in upcoming talks with the Kremlin.

Their visit today to Ostrava, a city of 250,000 in the coal, iron and steel region of Czech Silesia, followed a triumphant visit yesterday to the international industrial fair at Brno, Czechoslovakia's second largest city.

President Ludvik Svoboda, reformist Communist party chief Alexander Dubcek, Premier Oldrich Cernik, National Assembly President Joseph Smrkovsky and Slovak Communist party leader Gustav Husak were cheered by thousands in the streets of Brno and at the fair.

Dubcek and Cernik appear today at a workers' mass meeting at Ostrava.

The provincial tour came after postponement of talks in Moscow originally expected this weekend.

Informed sources said Dubcek would probably lead a delegation of party and government officials to Moscow Monday or Tuesday to ask the Soviets to begin withdrawing the more than 500,000 troops that occupied the country a month ago.

Prague Radio reported 100 per cent of 204 citizens queried in a poll at Usti, North Bohemia, said they favored the departure of the occupation forces.

Marine Task Force Drives Through DMZ

SAIGON (AP) — A task force of 2,000 U.S. Marines swept through the demilitarized zone today in a drive to seize the enemy's weapons stockpiles and destroy its infiltration trails.

Heavy fighting also raged near the Cambodian border northwest of Saigon where government troops holding an embattled outpost reported killing 173 enemy.

Helicopters carried the Marine assault troops into the DMZ Tuesday, but the U.S. Command placed an embargo on news about the operation until word leaked out today.

In five days of maneuvering, the Leathernecks reported killing 74 North Vietnamese regulars while suffering two dead and 10 wounded.

two aims, to destroy hidden war supplies and to disrupt a newly discovered network of "speed trails" enabling North Vietnamese to move swiftly through the DMZ to Marine outposts. A Marine spokesman described the "speed trails" as cleared paths fitted with steps and hand rails at difficult spots.

Associated Press correspondent John Wheeler reported from Marine headquarters that the Leathernecks had seized 450 Russian assault rifles and 300,000 rounds of ammunition in addition to other booty.

Donor's Wish 'to Do Good'

Grand Traverse Bay on a charge of breaking and entering.

Prison officials said he served time from September 1963 to February 1960 for armed robbery and from September 1960 to February 1966 for burglary.

Despite his encounters with the law, he was described by his brother, Carl Odenhoff of 157 N. Tilden, Waterford Township, as a "good and generous person," but one who had a "streak" in him.

LOANING MONEY

"He was always loaning people money," his brother said.

Odenhoff had three brothers and three sisters, among those reportedly in the Pontiac area are Carl, Charles of 4009 Halvey, Independence Township, and a sister, Donna Allen, wife of Arthur. He also is survived by a second daughter.

Officials at University of Michigan Hospital said last night heart recipient Barnum was "much improved" after a few moments of panic yesterday morning when his new heart stopped beating an hour after the operation. They said he was sleeping and resting comfortably.

Funeral arrangements for the heart donor were announced today.

Donor's Wish 'to Do Good'

Service will be 2 p.m. Monday at Elton Black Funeral Home, Union Lake, with burial in Lakeland Cemetery, Independence Township.

Holly Crash Fatal to Clawson Man

A Clawson man was killed in a two-car collision in Holly Township yesterday afternoon.

Killed at the intersection of Dixie and Bedford was Ernest Means, 21, of 349 Kinnick, according to Pontiac State Police.

His car collided with one driven by Donald Vanderlip, 57, of Flint, who was treated and released at McLaren Hospital in Flint.

British Gunman Holed Up 3 Days, Holds Wife, 4 Children Hostages

WELLINGTON, England (AP) — Police closed in on besieged gunman John James today but were told by one of his hostage children: "Mummy says just go away."

James, 28, has been holed up for three days in his barricaded farmhouse with his wife and four children as hostages. All attempts to talk him out have failed.

A former mental patient, James is said to have a grudge against policemen. He was chased into the house after failing to stop on a traffic charge.

Today's drama started with the arrival of the mailman. James' mother-in-law, who had waited outside the house all night, called in through a loudspeaker: "There's some mail for you which may need a reply. It may be urgent."

WALKS UP TO HOUSE

Then, with the postman she walked up to the house unprotected. Police followed. The mother-in-law, Mrs. Eunice Haddington, 48, shouted to the children: "Please tell Mummy to come and open the door."

"Mummy can't talk," one of the children said. "Mummy says just go away."

Police believe James and his family are running short of food and water. The house normally relied on a back-yard faucet.

James asked for cigarettes after opening fire from the house with a shotgun Wednesday.

DRUGGED CIGARETTES

Now police are considering sending in some drugged cigarettes — then rushing the building while James is unconscious. Some police officials fear, however, that the gunman might notice a change in the cigarettes and turn more violent.

A 19-year-old fireman, shot in the leg and side by James Wednesday, was reported today "comfortable" in a hospital.

Birmingham Area Business Head Appointed at Roeper School

BLOOMFIELD HILLS — Named as director of business administration and development of Roeper City and County School is Anthony J. Haisch, 2995 Chestnutbrook, Farmington Township.

Announcement was made by George A. Roeper, headmaster and a trustee of the Roeper School, an independent school for gifted children, early elementary through grade twelve.

Haisch, a Wayne State University graduate, is a member of the Beta Gamma Honor Society, the Association of School Business Officials, the Council of Educational Facility Planners, and the Institute for Certification of Engineering Technicians.

BIRMINGHAM — Philip G. Moon, 1020 Brookwood, vice president of the National Bank of Detroit, has been named Detroit area chairman of Dartmouth College's Third Century Fund.

The national goal of the drive is \$1 million.

Moon is a 1942 Dartmouth graduate and also attended Dartmouth's Amos Tuck School of Business Administration.

BIRMINGHAM — People and Politics, a short course designed to acquaint the public with exciting opportunities for playing active roles in government will be offered from 8 to 10 a.m. at Birmingham's Seasholm High School, from Sept. 24 through Oct. 29.

Fee for the six-week course is \$10.

"People as Voters" will be the topic of the first session, conducted by Selma Fisher, chairman of the League of Women Voters.

On Oct. 1, Frances Snelham, national board member of the League of Women Voters will conduct a discussion on people as volunteers. Panelists for this program will be Dr. John Dorsey, Clingman, Jerry McNabb, Democrat, Rita Robertson, Republican; Doris Mosher, higher level political activity; and Mary Bright, New Detroit Committee.

The course, offered by Oakland Community College, is cosponsored by the Birmingham-Bloomfield League of Women Voters and the Birmingham Department of Adult Education.

For information, call the OCC Community Services Division.

BIRMINGHAM — The Franchise Concept of Distribution, a new course developed to assist persons who wish to purchase a franchise will be offered by Oakland Community College beginning Sept. 25.

The eight-session course, cosponsored by the Adult Education Department of the Birmingham School District, will be held Wednesday, Sept. 25 to Nov. 13 from 8 to 10 p.m. at Seasholm High School.

Topics to be covered in the course include the franchising concept, the franchise contract, the deposit and earnest money form, marketing for the franchise, prime franchise concept, termination of the franchise and franchising and the law.

The course will be coordinated by Ernest S. Curtis, president of American Franchise Systems Inc. He is the head of the nation's oldest independent franchise development and marketing organization.

Fee for the course is \$25. For registration or information, contact the OCC Community Services Division.

Tail-Gate Defect in GM Wagons

DETROIT (AP) — General Motors Corp. disclosed yesterday a defect has been found in dual-action tail-gates on some 1968 GM station wagons, but said all will have been repaired before new models go on sale next Thursday.

About five per cent of the station wagons inspected had malfunctioning dual tail-gates, a spokesman said, adding that all GM lines were affected.

Improper synchronization of the side and bottom locking devices on Fisher Body division assembly lines was blamed for the malfunctioning, which could cause a defective tail gate to fall off when opened.

Chrysler Corp. reported yesterday that it has recalled 7,210 Dodge trucks.

BRAKE ROSE ROUTING

The firm said it was calling back 4,200 Dodge truck model M300 and M375 chassis for inspection and correction, if necessary, of the routing of the left front brake hose and the torque of the spring U-bolt nuts.

In another campaign, 3,010 Dodge 1968 — 66 medium-duty trucks equipped with power steering and 7,000-pound front-end assemblies were recalled for inspection and possible replacement of the tie rod clamp assembly on the power steering cylinder.

Trustees Deadlock in Vote

EAST LANSING (AP) — The Michigan State University Board of Trustees, by a deadlocked 4-4 vote, agreed today to keep Philip J. May on the job as the university's top financial officer.

May had been under fire for his outside business dealings which City. Gen. Frank Kelley ruled in August were in conflict of interest with his role as MSU treasurer and vice president in charge of finance.

Trustees Don Stevens of Okemos made a motion that May be fired in a finance committee meeting before the board met officially.

Stevens, C. Allen Harlan of Southfield, Clare White of Bay City and Frank Hartman of Flint voted for the firing.

OPPOSE DISMISSAL

Trustees Connor Smith of Pinconning, Stephen Nisbet of Fremont, Kenneth

MSU Finance Exec Keeps Job

Thompson of Detroit and Frank Merriam of Deckerlyville voted against dismissal.

The deadlock put May back on the payroll effective today. He had been on leave of absence pending the opinion by the attorney general and the board's decision.

The main criticism against May was that while a director of the Lansing branch of the Michigan National Bank, he borrowed more than \$1 million from the bank to finance construction of an office building adjacent to the campus.

The modern office building then was leased to the International Business Machine Corp., which sells nearly \$500,000 in machines to the university each year.

LETTER TO HANNAH

In a letter to John Hannah, MSU president, May said he and his wife had

Holly Crash Fatal to Clawson Man

A Clawson man was killed in a two-car collision in Holly Township yesterday afternoon.

Killed at the intersection of Dixie and Bedford was Ernest Means, 21, of 349 Kinnick, according to Pontiac State Police.

His car collided with one driven by Donald Vanderlip, 57, of Flint, who was treated and released at McLaren Hospital in Flint.

FRANCINE GOTTFRIED

She Stands Up Market Crowd

NEW YORK (UPI) — Francine Gottfried, the girl the girl-watchers watch on Wall Street, took the day off Friday and if the market didn't crash, it buckled.

Police estimated the crowd at 10,000 along the crooked streets near the New York Stock Exchange, on rooftops, in windows. The metal roofs of four cars crumpled under the weight of staid stockbrokers who climbed on top for a better view.

They waited in vain for Francine, a 21-year-old computer operator from Brooklyn whose 43-25-37 figure has driven Wall Street daffy.

On Thursday, 5,000 turned out to watch her stroll in a light yellow sweater and red skirt from the BMT subway station to her job in a nearby bank.

SANITY'S SAKE
But for sanity's sake, she stayed home Friday.

"It's all crazy," the 5-foot-4, brunette said. "These people have all the responsibility of handling millions of dollars and they act like they're out of their minds."

Francine said she has had inquiries from film studios, talent agents and television shows, including a TV talk show.

"They asked me to wear the same sweater I wore yesterday and to bring in a knitted dress as well," Francine said. "It's insane. There are thousands of girls on Wall Street, and they act as though I'm the only one."

Most of the 10,000 persons who caused traffic jams for blocks around the corner of Wall and Broad streets were men, but many women also wanted to see Francine.

"We're just as curious as the men are," said one pretty secretary. "We're just as nice as she is — just not as big."

Reagan Loses; Black Panther Set for Class

LOS ANGELES (AP) — Over Gov. Ronald Reagan's vigorous objection, Edridge Cleaver, Negro militant, was given approval Friday to give one class lecture at the University of California's Berkeley campus.

Reagan warned that the 10-A vote by university regents might cause a "top to bottom" legislative investigation of the university. He was one of the regents voting against Cleaver.

Cleaver, an official of the Black Panthers who had been scheduled for 10 lectures on the background of racial disorders, said he found the decision "obnoxious," but that he would make the appearance if the original organizers wanted him to.

Reagan said he wasn't concerned about whether students would be influenced by Cleaver but objected to the university's lending its prestige to him. After the approval, Reagan was asked if he considered he lost.

"Yes," he said. "It is morally wrong to have this person with his character as guest lecturer and it is equally wrong for him to be allowed one appearance."

Asked if he planned further action, Reagan said: "I'm going to take whatever action is necessary to prevent others from doing the same thing, even though they may be within the university."

Stop Smoking in Stages

(EDITOR'S NOTE — This is today, 15 tomorrow, etc. or another in a weekly series of articles by the Oakland County Medical Society. Dr. Oaks is the collective voice of the society.)

Longevity — a longer life — is hardly a factor of sufficient strength to allow, persuade a smoker to discontinue smoking. The typical puffer is apt to slow down a bit for a while, but he won't abstain. He'll compromise.

"I just won't smoke as much," he tells himself, figuring silently that he'll settle for five when 10 years are available.

This type of rationalization in itself provides proof of the mental muscle behind the three-pointed advice offered in this series to discontinue smoking.

All-important phase one suggests plausible health gains from discontinuance. These are facts — known, documented and proven with no maybes or mightys.

PHASE ONE
Phase one is not easy, it may take weeks, even months. But, the self-directed brainwashing must be complete.

Phase two is then automatic. "I want to stop." It's that simple. No announcements need be made, no countdowns — 20 Columbia and Brown colleges.

If phase one has been successful, the subconscious has done the work. You stop! Not quit. There's such a quality to that word. Just the mere

Contest Ends When It Should —on Last Lap—

EL PASO, Tex. (AP) — Fourteen coeds were sitting on Mim Wyley's lap when the chair collapsed.

That was the end of the lapsitting contest Friday.

Wyley, 6-foot-5 255-pound senior at the University of Texas at El Paso, was treated at a hospital for cuts from the splintered back of the wooden chair.

When college officials called the contest off, the leader was Allen Mueller, 5-foot-7 and 208 pounds, clocked for 45 seconds with 13 coeds aboard.

The Ivy League consists of Yale, Harvard, Pennsylvania, Cornell, Princeton, Dartmouth, Brown, Columbia and Brown colleges.

thought of finality produces anxiety.

"I'm not stopping, I'm quitting," you say. What of that? The mind is a tricky thing. Actually, you'll be setting yourself up for the fall.

MONSTER LOOMS LARGE
Should the habit be resumed at a later date, for example, the monster called guilt looms large and real.

Resumption would openly reveal ambivalence, insincerity, subservience to the tobacco-filled tube. The tendency will be to hide, to sneak one.

The anxiety will mount until it becomes so unbearable that you are unbearable. The lesser of the two evils wins. Gleeftully, the slave lights up.

How to resist resumption of the smoking habit? This is phase three — staying stopped. Again, it rests firmly on the brainwashing accomplished in phase one. The repeated admonitions, subconsciously rooted and subliminally discharged, become the mood and the new habit.

The facts against inhaled tobacco smoke are continually mounting. The seemingly unending presentation of facts upon facts provide reinforcement for the initial phase one mental gymnastics. However, reinforcement is not really necessary when the former smoker realizes his new found control over his emotions. It amounts to a significant dose of self-appraisal.

(If you have a question for Dr. Oaks, send a card or letter to Oakland County Medical Society, 246 Park, Birmingham, 48009. Specific medical advice cannot be given.)

Nixon Hits Coalition as Viet Settlement

PHILADELPHIA (AP) — Richard M. Nixon scolds the city and the suburbs for votes today after declaring that as president, he would not accept a Vietnam settlement to bring home U.S. troops at the risk that "their 14-and 15-year-old brothers will have to fight another war."

He plans a stop at a shopping center in the Negro section of Philadelphia to open a 14-hour day of campaign rallies, and said he seeks the votes of all Americans.

In a statewide television broadcast Friday night, Nixon denied he has written off the Negro vote in his bid for the White House.

"Whoever is going to be president of this country has got to be president of the whole country," Nixon said. "He must be able to unite this country and therefore his appeal must be to all segments of the country."

'CIVIL WAR'

The Republican nominee said any candidate who ignored Negro voters and appealed only to white Americans would not be able to govern as president because he would have "basically a civil war on his hands between the black and the white community."

Nixon said even if he does not win Negro support, it is important that he seek it for "I hope that after this election, I'll have the confidence of the black people as well as the white people."

Dealing with Vietnam, Nixon

said he opposed coalition government as the price of a peace settlement.

"We do not want to lose at the conference table what 200,000 American casualties have already paid for in Vietnam," he said.

RAPS ADMINISTRATION

He did so, after Jack McKinney, a Democrat, and a member of the panel which questioned him on the campaign television show, suggested that the GOP nominee has been seeking votes with "a wink and a smile", but with no detailed discussion of the war.

"Now Mr. McKinney, just a minute, maybe you haven't been reading what I have said about Vietnam," Nixon said.

He accused the Johnson administration of wasting U.S. military and diplomatic potential and failing to unite the nation with a full account of the war situation.

"If we impose by negotiation a coalition government with Communists in the government of South Vietnam, that will be an encouragement not only to the North Vietnamese, but to the Communist Chinese and the Soviet Union to try it again," Nixon said.

"It will end this war and it will bring home the 19-and 20-year-old boys that are out there now and their 14-and 15-year-old brothers will be fighting someplace else again. I don't want that to happen."

Viet Issue Gaining in HHH Campaign

LOUISVILLE, Ky. (AP) — Robert H. Humphrey, bound for a reunion with the underdog winner of the 1948 presidential election, seems to be inching toward making the Vietnam war his major issue.

The self-acknowledged 1968 underdog in the presidential campaign flies to Kansas City, Mo., today to meet his running mate, Sen. Edmund S. Muskie of Maine, for a brief trip to Independence and a visit with Harry S. Truman.

Humphrey, who says he badly needs all the help he can get in his race with Republican Richard M. Nixon, found Friday night Vietnam brought him his second standing ovation in 24 hours.

Speaking at a \$100-a-plate fund raising dinner in cavernous Freedom Hall—where at least twice as many people greeted third party candidate George C. Wallace a few weeks ago—he brought his estimated audience of 5,000 to its feet saying:

"I will do everything, God willing, to find an honorable way, to find an honorable peace, to end this war and get on with the unfinished business of America."

SIMILAR RESPONSE

A day earlier he had gotten a similar response—prolonged applause from people on their feet—with a similar statement in Sioux Falls, S.D.

And earlier Friday, speaking from the steps of Abraham Lincoln's old home in Springfield, Ill., he spoke of the works of the Great Emancipator and said "We must be emancipated." Rather pointedly, many observers felt, he went on to speak of emancipation from "policies of the past if they are wrong."

Humphrey, who had said earlier in the week that Nixon is a bigger Vietnam hawk than any

one in the current administration, seemed to become even more pointed when discussing the design of the vice presidential seal that adorns his podium.

Noting that the eagle on his seal grasps but a single olive branch in one claw, compared to a bunch of them on the presidential seal, he said:

"How can you expect me to be the number one peace man with one little olive branch. You let me have a handful and, believe me, you'll have peace."

Humphrey, by invitation also brought his Louisville audience to its feet when he wound up his speech with these words: "Stand with me now. Let us go forth from this place determined that America will not turn its back on its own people, that we are determined to make this country the finest place in the world for the finest people in the world—the American people. I ask your help."

This statement followed directly after one in which he said to his border-state audience: "I'm going to stand on the principle of human equality and human opportunity of equal equality and equal opportunity, for every American regardless of race, color or creed."

With all this, Humphrey did not neglect Nixon. At one point he said the voters would have a choice—from an economic standpoint—of "trickle down" Nixon or "percolate up Hubert."

The vice president also predicted he would creep up on his GOP opponent, causing him to look over his shoulder. "When he does," said Humphrey, "he may trip himself up a little bit, if you know what I mean."

Declaring that Nixon evades major issues, he said: "I'm going to send him talcum powder. He must have travel shoes from straddling all those fences."

Senate Panel OKs Defense Spending

WASHINGTON (AP) — A \$71.9-billion proposed budget for defense spending has been pointed toward the Senate floor for possible passage next week on an antiballistic missile system and the war in Vietnam.

The Senate Appropriations Committee approved the money measure Friday at a level \$3

billion beneath what has been sought by the White House. The bill was set for Senate debate Monday and is expected to be passed within two days.

The committee trimmed another \$353 million from the House-passed defense measure of \$72.2 billion. A Senate-House conference eventually will try to iron out the differences.

About one-third of the defense spending is earmarked for Vietnam.

President Johnson had originally asked \$77 billion in the defense budget for the fiscal year that began July 1.

The heavy cuts, made mostly in the House, represented the first time in recent years that the military budget has been slashed significantly. The cutting stemmed in part from the congressional economy drive that accompanied passage of the 10 per cent surtax.

The Senate committee gave its endorsement to the \$700-million contained in the House-passed bill to start deployment of an antiballistic missile system to shield against possible attack by Red China. The system has been questioned by some congressional critics of the Pentagon.

2 State Youths Held in Georgia Slaying

STATESBORO, Ga. (UPI) — Two Michigan youths — were bound over to a grand jury Friday on charges they murdered a 77-year-old retired merchant seaman from New York who gave them a ride.

The Bulloch County sheriff's office identified the two youths as Daniel Paul Karkin, 20, and Mark Alan Alm, 19, both of Saginaw, Mich.

The two were taken into custody Tuesday while driving through Statesboro in a car owned by the dead man, Frank Lindstrom of Red Hook, N.Y., police said.

Lindstrom's body was believed to have been carried several miles stuffed in the trunk of his car. Two policemen in Milledgeville, Ga., had attempted to inspect the trunk, but were told it had been damaged in an accident and would not open.

BLOODY CLOTHING FOUND. Minutes later the Millen patrolmen discovered blood-soaked clothing at a car wash where the two suspects had stopped only three minutes before to wash the car. They alerted other policemen in the area.

The suspects were stopped in Statesboro about the same time the body was discovered in a plum orchard.

Located near the body was an envelope containing money.

Lindstrom was believed to have been approached for a

Bias Charged to Parke, Davis

DETROIT (AP) — The Justice Department Friday filed a lawsuit accusing Parke, Davis & Co., a major pharmaceutical firm, of discriminating against Negroes in its employment at plants in Detroit and Ann Arbor. The civil suit filed in U. S. District Court at Detroit, accuses Parke, Davis of violating the equal employment opportunities section of the 1964 Civil Rights Act.

Of 3,000 employees in Detroit, Parke, Davis has only 150 Negroes, the suit said. It said about eight Negroes are employed among 470 in Ann Arbor 36 miles west of Detroit.

The suit asks that the court forbid Parke, Davis to continue any of the alleged discriminatory practices. It seeks an order requiring the drug maker to recruit and hire Negroes on the same basis as whites.

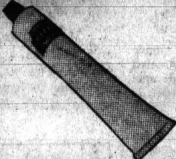

The company makes no effort, the suit charges, to recruit and hire Negro clerical and professional employees on the same basis as white applicants.

FEDERAL DEPT. STORES

DOWNTOWN AND
DRAYTON PLAINS

Fashion's fire never burned brighter than in this sleek silhouetted royal blue silk velvet chosen by Mrs. Alger V. Conner of Kellen Lane, Bloomfield Township, for the Pontiac Area United Fund Volunteer Ball in Holiday Inn, Oct. 15. Illuminated with daisy-effected prisms and petal shaped rhinestones, Mrs. Conner, whose husband is this year's campaign chairman, presents a look of sophisticated elegance.

Frothy white organdy ruffles edge the neckline and cuffs of a blue silk taffeta mini cocktail dress for Mrs. Frederick J. Poole of Heitsch Street. A bit of glamour is added with touches of jewelry for Mrs. Poole, whose husband is president of the PAUF board of trustees.

Pontiac Press Photos

Clever Mrs. D. Richard Veazey, Special Events chairman, will have a look all her own at the ball in this almost finished black satin sheath. Black was a splendid choice for Mary whose blonde tresses will be highlighted by the simplicity of her ensemble. The Veazeys live on Midpine Road, West Bloomfield Township.

Mrs. Ted McCullough Jr. of Stephanie Court, West Bloomfield Township, will wear black lace over taffeta. Sparkling drop earrings, along with the lace ruching defining the hemline, add a touch of drama to the understated sleeveless look of her dress.

Night to Sparkle as Milady Sets Fashion Pace

The long and short of it is simply another "first" for the Pontiac Area United Fund. Ball gowns and mini cocktail ensembles will glitter on Oct. 15 as the PAUF Ball scatters its gaiety through the evening air.

The scene takes place at Holiday Inn with McCullough Realty, Inc. sponsoring this gala for volunteers. Highlight of the evening will be a film presentation of "The Day Love Died," filmed on the Yucatan Peninsula, Mexico.

ATTIRE

From recent reports, there will be a fairly even distribution between floor length gowns and the dressy shorter versions so popular in this area nowadays.

In the spirit of friendly feminine competition, area lovelies will vie for attention in spectacular ensembles ranging from couture designs to the self-made. Colors and fabrics run the gamut as does the styling.

The Kickoff Ball heralds the opening of this year's campaign in which the goal is set at \$1,150,000.

CHAIRMAN

Mrs. Richard Veazey, PAUF special events chairman, reports that response to the ball has been tremendous. In addition, Mrs. Alger Conner, wife of this year's general chairman, comments that everyone is optimistic and enthusiastic with a positive outlook for reaching the goal.

Mrs. William Wright of Hammond Lake, chairman of the Women's Division, "coats" the gala event with this misty platinum ensemble. The matching sheath and rhinestoneuffed full-length coat are done in luxurious brocade. Her dancing slippers carry out the note of silver along with the dainty evening bag.

Garden Clubs Set Joint Sessions

The first meeting of the new season for the Orchard Lake Flower and Garden Club and the Bloomfield Welcome Wagon Garden Club will be held jointly Sept. 25 at 12:30 p.m. at the Birmingham Federal Savings and Loan on West Maple Road at Lahser Road.

Mrs. Fred Trickey, president of the Orchard Lake group, will present a program entitled "Design With Garden

Flowers" and will make several arrangements. Mrs. Trickey is an accredited judge and well known exhibitor in this area.

Seven members of the Orchard Lake Club served as hostesses at the exhibition of table settings and flower arrangements presented by District One of The Federated Garden Clubs of Michigan at the Washington Boulevard store of Charles W. Warren and Company in Detroit.

They are: Mesdames Frank Giordano, Roland T. Gerhart, Vincent McLeod, August Meerschaert, Edward Elgert, Carl Kleisde and Harold Laing.

Hostesses for the Sept. 25 meeting will be Mrs. Charles Pollock and Mrs. William McDonald.

Miss Humphries Wed

Mr. and Mrs. Thomas Humphries announce the recent marriage of their daughter, Linda, to Thomas Swett. He is the son of Mr. and Mrs. Stanley Swett of Seymour Lake Road, Brandon Township.

The newlyweds, who were attended by Susan Humphries, Judy Sutton and James Burr, spoke vows at the Sylvan Lake home of the bride's parents.

Following a reception at the CAI building they departed for a Niagara Falls honeymoon. They are now residing in East Lansing where both are students at Michigan State University.

Thanks' Always in Order for a Compliment

By ELIZABETH L. POST

Dear Mrs. Post: In a group of friends, someone complimented me on my 17-year-old daughter's poise. I said, "thank you." Someone else then commented that when a compliment is paid to your child nothing is said in acknowledgement. Will you kindly comment? —Mrs. K.

Dear Mrs. K.: I can't imagine why one shouldn't thank someone for a compliment paid to his child. You would surely say "thank you" if you were complimented yourself, and a nice remark about your child is indirectly a compliment to you.

Dear Mrs. Post: In recent weeks it has become necessary for me to stay late at the office one night a week to do special work. My boss also stays and he takes me to dinner and drives me home. He is married and has children. My husband objects on the grounds that people seeing us together will talk. Everything is open and above board and I see no impropriety. May I have your opinion? —Rosalee

Dear Rosalee: If your own and your employer's attitude is strictly impersonal, it will be obvious to those who see you, and your reputation will not suffer. Don't make too much of a habit of it, however, or the situation may justify the gossip.

Hostesses Describe Visit With Foreign Delegates

Members of Sylvan Lake branch, Women's National Farm and Garden Association, who entertained Countrywomen of the World recently, described their experience and spoke of the customs of their visitors' countries at the Thursday meeting of the group.

Mrs. Glenn Bedell talked about the uses to which the "Pennies for Friendship" fund is put, both here and abroad.

A fluffy feather boa enhances this black chiffon sheath for Mrs. Jack Ross of Adamson Road who is chairman of the Community Division this year.

'Lady' Goes Only Where Invited ---This Day Belongs to the Bride

By ABIGAIL VAN BUREN

DEAR ABBY: After being a widow for four years, I married George, a divorced man whose daughter is getting married in Syracuse next month.

I suggested that we go to Syracuse a day or two early as I have relatives there. It was then that George informed me that I was not invited to the wedding. I was furious. I took it for granted that as his wife I would be welcome at his daughter's wedding.

George said I could make the trip with him, but while he attended the wedding and reception, I could visit with my relatives. I told George that I was a lady and refused to be hidden away.

All his people know that he has remarried. The only reason he has ever given me for his divorce was that he and his wife "didn't get along." Do you suppose that he's afraid if I go to the wedding I'll find out something he does not want me to know?

He says, "I can't imagine why you would even want to be there with my former in-laws and ex-wife present." Please advise me as I am very unhappy over this, and am considering leaving him.

LEFT OUT LADY: DEAR ABBY: I am 16 and have known Betty since kindergarten. She is 17. We were neighbors, but last year Betty moved away. She keeps phoning me, and we have long conversations. She always talks about boys and sex,

and she's started to use very vulgar language. She kept wanting to get together, but I always made up excuses.

Finally Betty suggested she pick me up (she drives) and we go to visit a former teacher who is ailing. I agreed, as I liked this teacher. When I saw how hard and cheap Betty looked, I was shocked. Now I know I don't want to associate with her anymore, so when she calls, I ask my mother to say I'm out.

My mother did this several times, but now she says getting rid of Betty is MY problem, and she refuses to lie for me anymore. How can I end this friendship, without hurting Betty?

SOFT: DEAR ABBY: Answer the telephone and tell Betty you are too busy to talk to her more than a few minutes. And when she suggests getting together, be sure you won't "hurt" Betty in the beginning, but I promise, you'll be rid of her in the end.

Cultural Calendar

DETROIT (AP) — Here is a list of major cultural events in Michigan for today through Friday, Sept. 27.

ART

DETROIT — Institute of Arts: Household Arts of the Classical World, Etruscan, Greek and Roman glass, metal work and pottery used in everyday life from VII-Century B.C. to IV Century A.D. Through Oct. 18. Hours: Tues., 9:30 a.m.-5:30 p.m. Wed.-Sun., 9:30 a.m.-5:30 p.m.

DETROIT — J. L. Hudson Gallery: Kinetic Light; LeParc, Jones, Palatnik, Reiback, Boto, Mack, Plene, Takis, Vardanogian and Tsai. Through Sept. 30. Hours: Tues., Thurs., Sat., 9:15 a.m.-5:30 p.m.; Mon. and Wed., 9:15 a.m.-5:30 p.m.

DETROIT — Gertrude Kaseb Gallery: Edward Giobbi, drawings, paintings and watercolors. Through Oct. 3. Hours: Mon.-Sat., 11 a.m.-5 p.m.

DETROIT — Donald Morris Gallery: Group Show; Arp, Avery, Calder, DeKooning, Frank, Groz, Johnson, Leger, Marsh, Noguchi, Miro and Wilbur. Through Oct. 12. Hours: Tues.-Sat., 10:30 a.m.-5:30 p.m.

DETROIT — Institute of Arts: Mrs. Medica Collection, prints from the Philadelphia Museum of Art held in connection with Michigan State Medical Society Annual Session.

MUSIC

DETROIT — Ford Auditorium: Detroit Symphony Orchestra; Sept. 21, featuring Gary Graffman, pianist; Sept. 22, featuring Leslie Guinn, baritone; 8:30 p.m.

DETROIT — University of Detroit Memorial Building: Town and Gown Series, Mischa Dichter, pianist; 8:30 p.m.

Banquet Relives Past Events

When the Pontiac Business Girls Golf Association meets for its end-of-the-season banquet Saturday evening, it will mark the 40th anniversary for the group. A gay evening with reminiscences and skits is planned,

beginning at 6:30 p.m. in the Clarkson Golf Club.

Golfers faced with today's fees may long for "the good old days" when league rates were a quarter.

ORGANIZE

It was depression time when Ruth Kimball (Mrs. Clarence Starter) organized a group of business women who liked to play or wanted to learn how to play golf.

Within a few years, membership reached 150 and league play at the Pontiac Municipal Golf Course was scheduled twice a week. This course was home for BGGA for 30 years.

ACTIVITIES

During the early years, winter meetings were bingo and card parties and style shows.

Members even wrote songs for golfers.

In 1938, the closing dinner was held at Rotunda Inn; cost of the meal was 60 cents. By World War II, this had tripled when the final golf party took place at Pontiac Country Club and members paid \$1.75 for dinner.

Over the years membership has fluctuated. In 1953, the club voted to restrict playing memberships to 50, all of whom had to live in Oakland County. A few years later, it was decreed that members had to be active business women.

Since 1960, membership has been held to 40 playing members. Ruth Kimball Starter has been made an honorary member.

The member with the longest record of participation is Mrs. Eve Miller of South Roslyn Street. Since she first joined BGGA in 1934, she has held every office.

The first president of the group was Mrs. Bessie Deo; she was followed by Frances Harrington. The present president is Mrs. Arlington Bigler of Snow Apple Drive, Independence Township.

Change Perfume to Revive Spirit

Has it ever happened to you that you've suddenly become so accustomed to your regular perfume that you're getting battle-weary, unable to enjoy it — perhaps even smell it?

Prevent this from happening by changing fragrance for awhile. It will let your sense of smell rest a bit before going back to your favorite scent.

Women Take Role in Safety Conference

EAST LANSING—The distaff role in highway safety will be spotlighted when 60 leaders of 30 statewide women's groups attended the sixth annual Highway Traffic Safety Conference for Women's Organizations, Sept. 23-24, at Michigan State University.

Major addresses will deal with current and proposed highway safety projects, legislation and education, the motorist's responsibility for the car and its safety equipment, alcohol and highway safety, a new electronic device for clocking speeders, the need for wider first aid training and women's role in promoting safer highway traffic.

Group discussions will explore driver licensing limitations,

quality driver education needs, the problems of enforcement and what organized women can do about them.

Among the speakers are Secretary of State James M. Hare, chairman of the Michigan Safety Commission; Noel C. Bufe, executive director, Michigan Office of Highway Safety Planning; Jack I. Green, managing director, Traffic Safety of Michigan, and Gordon H. Sheehy, director, MSU Highway Traffic Safety Center.

Others include Roy C. Haesler, chief engineer, automotive safety, Chrysler Corp.; Milo Chalfant, traffic safety coordinator, Office of Driver and Vehicle Services, Michigan Department of State; Dr. Lester Bollwahn, coordinator, Emergency Medical Services, Michigan Department of State; Jay Kennedy, Safety and Traffic Bureau, Michigan State Police, and additional specialists from the Highway Traffic Safety Center. The conference is sponsored by the MSU Department of State Police and the Highway Traffic Safety Center and Cooperative Extension Service.

Pontiac Press Photo

The whole jazzy route of the 'Roarin' 20s' will be followed in a skit to be presented tonight for the Business Girls Golf Association at Clarkson Golf Course. From the left are president, Mrs. Arlington Bigler, Snow Apple Drive, Independence Township; Mrs. Eve Miller, South Roslyn Street and Jackie Robinson, East Colgate Street.

Pair Notes Vows

Family and close friends joined newlyweds, the LaVern Coles (nee Mihoka Mishima) for a dinner reception at Jasons following vows recently. Parents of the couple are the Harvey Coles of Pioneer Drive and the Sukeji Mishimas of Tokyo, Japan.

The newlyweds, who were attended by his brother, Steven, then departed for a honeymoon trip to Niagara Falls.

OCC to Offer Classes at Troy, Birmingham

Party P's and Q's and You and Your Personality, two short courses, will be offered by Oakland Community College beginning Sept. 24 and Sept. 25, respectively.

Party P's and Q's will be offered six consecutive Tuesdays, Sept. 24-Oct. 29 from 7:30-9:30 p.m. at Troy High School.

Topics covered will include glamour for the hostess, parties with a theme, elegance on a budget, the gourmet touch, table settings, and detours around difficult situations.

Co-sponsored by the Troy Adult Education Program, each session will be conducted by a specialist who will focus attention on skills essential in making parties fun for the guests and hostess.

Fee is \$10 and the session is coordinated by interior designer Dorothy Thomson.

You and Your Personality will be conducted five consecutive

Thursday afternoons, Sept. 26-Oct. 24 from 12:45-2:45 p.m. at Birmingham Community House. Directing its attention to the varied roles assumed by modern woman, topics of the course will include finding self identity, exploring elements of a successful personality, and conflict and change.

Co-sponsored by Birmingham Community House, the course is coordinated by James Freer, associate professor of Psychology, University of Detroit.

Fee is \$15. For registration or information, contact the OCC Community Services Division.

OPEN SUNDAY 2 to 5 P.M.

CHEROKEE HILLS—TRI-LEVEL

BREAD FOR SMORGASBORD — Mrs. Darrell Stewart of 1848 June, Avon Township, bakes bread for the smorgasbord set for Sept. 25 at the Apostolic Church of Christ, 1410 University. Mrs. Stewart lets her son, Darren, sample

the bread. The smorgasbord dinner will be served from 5 to 7 p.m. Tickets for adults are \$1.25 and 75 cents for children. Pastor William D. Parent will show slides of South America, British Columbia and the Western States.

Dominican Sisters Hold Fall Festival

A Fall Festival of fun and fancy is in the offing near Oxford. The Dominican Sisters announce the festival will be held on Sunday from noon until 8 p.m. at 775 W. Draher Road, Oxford. There will be ample room on the spacious Motherhouse grounds approximately one mile west of M-24.

Through the united efforts of the parishes where the Dominican Sisters of Oxford are teaching, and under the chairmanship of John J. Martin and co-chairmen Peter L. Buback and John Balm, the festival grounds will be filled with a variety of fun activities.

Special attractions will include carnival rides by the Glen Wade Shows, horse and fire engine rides by John Ivory, and a whole midway of booths and games galore. The highlight of the day will be the raffish of a Chrysler, Plymouth, and eight various U.S. Savings Bonds.

Proceeds will be given to the Dominican Sisters of Oxford to help meet the expenses of the community's latest adventures, the building of a residence hall for DeLima Junior College, and a new Motherhouse building for the Sisters.

Some men see things as they are and say why. I dream things that never were and say why not. — Robert F. Kennedy.

MEMORIAL BAPTIST CHURCH

599 MICHIGAN AVENUE

PONTIAC

Rev. Gerald H. Rapelje

Noted Evangelist in Detroit

America Needs to Pray Today

"The Greatest need of America today is a spiritual awakening, a getting back to God," said Dr. Billy Graham, top evangelist of the century, as he spoke to more than 1,200 members and guests of the Economic Club of Detroit at the noon luncheon Tuesday in Masonic Temple, Detroit.

Walter L. Ciesler, chairman of the board of Detroit Edison Co., introduced the Very Rev. Malcolm Carron, president of the University of Detroit, who presided.

Laughingly Father Carron said it was a little unusual for a Catholic priest to introduce a Baptist minister in a Masonic auditorium.

REPENT, FORGIVE

As Dr. Graham dined with kings, queens or heads of state, and preaches to thousands in huge auditoriums around the world, his message is always the same — "Repent, Forgive and Love God," the university president stated.

Father Carron introduced Dr. Graham saying "With personal pride I present today's speaker, a great and good man, Dr. Billy Graham."

Evangelist Graham who

REV. DR. BILLY GRAHAM

preaches to millions through crusades, television, radio and the printed word, spoke of the political conventions.

He quoted the late President John F. Kennedy concerning the presidency — "No man entering upon this office can fail to be staggered by the enormity of the trials through which we must pass in the next four years, and time is not on our side."

In speaking of student rioting and discontent in colleges he repeated remarks by J. Edgar Hoover who said "The plan of the new left is to smash first our educational system, our economic system and finally our government itself."

"It is vitally important to recognize that these militant extremists are not simply fanatics or college kids at play. Their cries for revolution and their advocacy of guerrilla warfare evolves out of a pathological hatred for our way of life and a determination to destroy it."

"I believe in dissent but what we are witnessing is not dissent. It is anarchy and revolution."

People want to hear about God. After our last crusade we received one million letters from persons pouring out their hearts, and troubles to us."

In closing Dr. Graham said early leaders of our country who helped make America great were praying men. He reminded guests that Washington knelt and prayed for help in the battle of Valley Forge; that Lincoln prayed for guidance during the Civil War; and America needs to pray today.

ST. PAUL UNITED METHODIST — The Rev. Samuel Seizert, pastor, looks over the St. Paul Methodist Church grounds and building, Bloomfield Township, as he meditates on the 50th anniversary of the congregation. The church

At St. Paul United Methodist

Members Celebrate 50th Anniversary

The early history of the St. Paul United Methodist Church, Bloomfield Township, is closely connected with that of First United Methodist Church of Pontiac. The congregation will celebrate its 50th birthday tomorrow.

It was in April, 1914, that the Young People's Class of First Church with the late A. L. Moore teacher, rented a small house on South Paddock for the purpose of organizing a Sunday School.

Later in the same year the official board of First Church appointed a building committee to establish the Foote Street Chapel. Sunday School and worship were held each Sunday afternoon.

On Jan. 13, 1913, the new congregation separated from the mother church and became a Methodist Society taking the new name of Wilson Avenue Methodist Episcopal Church. On Dec. 28, 1918, the First Methodist Church decided the property to the new church.

In the spring of 1958 it became apparent that the church could not meet the demands of the changing congregation. The building was small and parking was inadequate.

Under the leadership of the Rev. Easton H. Hazard the congregation decided to relocate, and the present church site was purchased.

Just prior to the move the church took the new name of St. Paul Methodist.

The old Hickory Grove School on the property was completely refurbished, the auditorium becoming the sanctuary. Bishop Marshall R. Reed, now retired, delivered the consecration ceremony. Membership numbered 200.

During the ministry of the Rev. James A. McClung a new parsonage was built on Harrington.

It wasn't long before the congregation now holding two services realized the need for a new church. In the fall of 1962 a building committee was appointed and specifications for the new church were presented to members.

Groundbreaking was in September, 1964. The new sanctuary and fellowship hall were consecrated in September 1965.

Under the leadership of Pastor Samuel G. Seizert the congregation has grown to more than 500 members. Organizations include Church School, Women's Society for Christian Service, Methodist Men's Club, and Methodist Youth Fellowship.

Ecumenical Lecture at 7:30 P.M. Sunday

The Rev. Henry D. Jones, missionary associate of the Orchard Lake Community Church, Presbyterian will deliver the first in a series of two ecumenical lectures at 7:30 p.m. Sunday at the church, 5171 Commerce, Orchard Lake.

The lectures sponsored jointly by the Orchard Lake Church and St. Mary's College will constitute an interpretation of the Fourth Assembly of the World Council of Churches.

The first lecture is scheduled for the Orchard Lake Church and the second lecture is set for Shrine Chapel, St. Mary's College. A fellowship hour will follow each program with time for discussion.

Neighborhood churches are invited, and the public is welcome. Pastor Edward D. Auchard said.

SERVED MISSIONS

The Rev. and Mrs. Jones spent 20 years in National Missions work in American

cities. He served in China and Japan from 1947 to 1965 journeying to other areas of Asia, Africa, the Middle East and Latin America.

Mr. and Mrs. Jones' tour to Europe last summer included a visit to Uppsala. The Jones are well acquainted with many leaders of the World Council of Churches.

Dick Reese, Don Brunson and Gene Smeltz will attend the Presbytery of Detroit Tuesday with the Jones and Pastor and Mts. Auchard.

Wixom Church Marks 130th Birthday

The congregation of First Baptist Church of Wixom, will celebrate the 130th anniversary of the church at a special service at 3 p.m. Sunday. During the service, the new educational unit costing approximately \$150,000 will be dedicated.

Those participating in the afternoon worship include Pastor Robert V. Warren; Terry Angles, youth and music directors; the Rev. George B. Dagley of Calvary Baptist Church, Charlotte; Wesley McAlister, mayor of Wixom; the Rev. Stanley Veldt, pastor of Berean Baptist Church, Utica; and the Rev. Radon Brown, pastor of Highland Park Baptist, Southfield.

On June 24, 1864 Alonzo Sibley deeded land from his farm on the corner of West Maple and Wixom roads for "meeting house purposes only." The total cost was \$625. On Jan. 13, 1865 the new church was dedicated with a sermon by President Fairfield of Hillsdale College.

After the sermon Deacon Sibley's oldest daughter, Harriet, came down the aisle and was married to Pastor Drew. In 1887 the Rev. J. C. Robinson proposed moving the building into the center of town. This took two weeks using a team of horses and a sweep with planks underneath on which the rollers were used. It was moved across the corner, down through a cornfield where the present church now stands, and across the road to the old site where the Wixom Elementary School is located. Young people led by the Rev. H. E. Sayles built the first addition and dedicated it Oct. 1910. A basement was later added. The congregation celebrated the centennial in July 1938. In 1958 a new building site of more than five acres was purchased. The new church auditorium was constructed in 1960 under the ministry of the Rev. Edmund Case. The congregation called its present pastor, the Rev. Robert V. Warren of Flint in 1963. In November 1965 the old church property was sold to the Walled Lake School System. In April 1966 the old church was torn down by the school. The new educational unit was started on Oct. 1, 1967.

Paul Proffitt, contractor, and Carl Gaiser, architect, will present the keys of the building to Everett Pearsall, chairman of the board of trustees and Wayne Beckley, chairman of the building committee.

Dr. Harry Love, director of the Conservative Baptist Association of Michigan, will give the dedicatory message.

Other participants are Robert Schneider of Chelsea, and the Rev. Ronald MacDonald of Spring Lake.

As a climax to the service J. Standish Sibley of Pontiac, a former member of the Wixom Church, will ring the old church bell for the first time in many years.

Sibley's grandfather, Alonzo Sibley, the first elected deacon of the church, was instrumental in securing the bell for the church back in 1865 when the church was built.

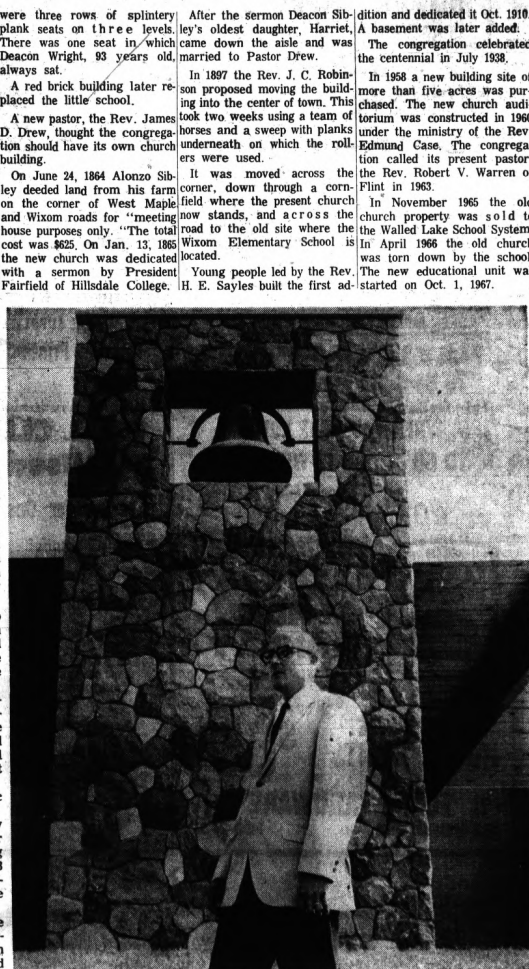

The Rev. J. Ronald MacDonald of Spring Lake will conduct revival meetings at the church beginning at 11 a.m. and 7 p.m. tomorrow. Services will continue through Sept. 29 at 7:30 each evening.

There will be special music and a nursery provided.

The Wixom Church, the only church in the community for 130 years, has an interesting background. On March 21, 1838 a dozen families came of Michigan from New York State settling in the Wixom area.

Under the leadership of the Rev. C. P. Goodrich they organized a church, meeting in homes until 1854 when they held services in a red frame school house located near the present Wixom Cemetery.

A balcony over the front door seated the choir; the pulpit was opposite. On either side

NEW UNIT—The Rev. Robert C. Warren, pastor, is shown in front of the new educational unit and church bell at Wixom Baptist Church, Wixom. The congregation will observe its 130th anniversary with services tomorrow and also dedicate the new unit. J. Standish Sibley of Pontiac, a former member of the Wixom Church, will ring the bell for services.

COMPLETED — The new educational unit of Wixom Baptist Church was completed in time for dedication service tomorrow. The Rev. Robert C. Warren, pastor, will officiate at services with special music, and guest speakers present.

The original church was founded in a small schoolhouse. The pastor urges former members and friends to attend worship tomorrow and revival services next week.

Name Long Honorary Deacon

Bethany Baptist Church will observe Homecoming Sunday tomorrow, the annual roundup of the congregation. The day also marks the beginning of a week-long celebration of the 50th anniversary of Bethany Church.

Special features tomorrow include recognition of Ivan H. Long as a new honorary deacon. For more than 35 years an outstanding leader in the church and community, Long will leave Pontiac shortly to make his home in Phoenix.

Presenting Long with the citation will be Wilbur Crawford, moderator, and Ray Rooney, deacon.

Choirs, Members in Church Musicales

Members of Perry Park Baptist Church, Baltimore and Cameron, as well as the Adult and Youth choirs will present special numbers during the musicale at evening service tomorrow.

Director of the program will be Don Tarvested. The Rev. H. H. Bihl is pastor.

The Rev. and Mrs. Lyle York, missionaries from the Philippines, will speak at morning worship on Sept. 29.

They will show slides at a meeting of the Philadelphia and Berean classes at 7 p.m. on Sept. 28 at the home of the Delbert Burnett family 595 Melrose.

Rally day is scheduled for Oct. 6 under the direction of Sunday School superintendent Leonard Liddy.

35th Anniversary, Observance Sunday

Mrs. Nola Arnold, president of missions, will bring the annual message on stewardship when the Missionary Department of New Hope Baptist Church observes its 35th anniversary at 3 p.m. tomorrow.

Mrs. Ola Paige of Mt. Olive Baptist Church will give the history of the mission. Members of the mission department of Macedonia Baptist Church also will be guests.

The Rev. Arthur Jackson of New Bethel Baptist Church will speak at 11 a.m.

At 7 p.m. the Young Matrons will present "A Personal Encounter With Christ" under the direction of Dorothy Arnold. Mrs. Macie Jordan is general chairman for the day. The Rev. Jesse Long is pastor.

Service of Songs at Liberty Church

John Robertson, Mrs. Ruth Busbee and the Harper-Busbee Singers of Johnson Temple Church of God in Christ will present a service of song in Liberty Baptist Church, 250 Fisher, at 7 p.m. tomorrow.

Also participating in presenting musical numbers will be Brenda Owens of Triumph, the Church and Kingdom of God in Christ.

Charles Johnson, organist of Johnson Temple, will serve as organist.

The evening program sponsored by the Young People's Mission, will be directed by Mrs. Maggie Baldory and Mrs. Vera Pausler.

Charter members living in the 11 a.m. will include dedication Pontiac area also will be of a piano, a memorial to Earl recognized. Morning worship at Sanborn.

REV. MURL EASTMAN

REV. COY D. SIMS

Revival Services Set for Baptist Churches

Coming to Crescent Hills Baptist Church, Waterford evangelist of the State Baptist Convention, will conduct the meetings is the Rev. Murl Eastman of Mason.

Evangelist Eastman will preach at the 11 a.m. and 7:30 p.m. worship tomorrow, and services each evening during the week through Friday.

Special meetings for children are scheduled for 4 p.m. daily. The Rev. Mr. Eastman will use chalk talks, object lessons and black light along with his sermons.

KEEGO HARBOR BAPTIST The Rev. Coy D. Sims, founder of the personal

Pastor Emil Kontz will preach on "His Yoke on Your Back" and the Chancel Choir will sing directed by David Hoover. The Rev. William Offutt, assistant pastor, also will participate in the service. A time of fellowship will follow with refreshments.

Highlight of the 6 p.m. worship will be several young people who traveled this summer to Latin America reporting on their experiences.

Headed by Linda McCulloch, the group will show color pictures of visits to mission fields in Central America. Pastor Offutt will assist.

The board of missions will provide a get together of members and friends with refreshments following the program.

Davidson to Show Plans for Pontiac

C. Don Davidson, professor of architecture at the University of Detroit, will discuss and show pictures of the plans he has made for a new downtown Pontiac at the 6:30 cooperative dinner Thursday evening at All Saints Episcopal Church, West Pike at Williams.

Those planning to attend are asked to call Mrs. Arnold Thingstad concerning the food to bring for the dinner.

The new Boy Scout Troop, open to boys in the community, will hold meetings from 7:30 to 9 p.m. in the Roosevelt School. The first session was held Monday. More information may be obtained by calling the Keego Harbor Baptist Church office.

Junior choirs will assist the Rev. Thomas Wilson, associate rector, during the chapel service at Pontiac State Hospital Tomorrow afternoon.

Cars will leave the church at 12:45 p.m. and return at about 2:30 p.m.

Open SUNDAY 12 to 6

5 Men Charged in Organized Crime Ring

LANSING (AP) — Five men were accused Friday by Michigan Attorney General Frank J. Kelley of being members of an organized crime ring operating in Michigan, Ohio and Pennsylvania.

He said the ring once plotted to kill Prosecutor Robert F. Leonard of Genesee County.

Three of the five named by Kelley were arrested Thursday night in Flint, the major city in Genesee County. A fourth was picked up in Erie, Pa., the attorney general said.

Kelley said the fifth man was taken into custody by police in connection with two Flint filling station holdups.

Amuel E. Bachmann, 43, of Flint, arrested in Flint, obstructing justice and inciting perjury.

John Juarez, 25, of Flint, arrested in Flint, held on a fugitive warrant to face Pennsylvania charges of obtaining money under false pretenses.

1967 CASE

Kelley said the arrests stemmed largely from a November 1967 case in which 31 persons, including three of the five men accused as members of the ring, were charged with violations, ranging from conspiracy to murder a police informant to gambling.

Those named by Kelley and the charges were:

Thomas J. Parry, 30, of Erie, Pa. who reportedly was picked up in connection with the Natick bank holdup. He was reported held for conspiracy to commit armed robbery.

Joseph Giacalone, 25, of Flint, arrested in Flint, held on conspiracy to commit armed robbery, obstructing justice and inciting perjury.

Caesar Montevicchio, 25, of Erie, arrested in Erie and held on a fugitive warrant, conspiracy to commit armed robbery

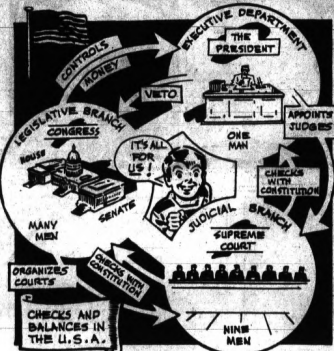

ATTEMPTED MURDER

Montevicchio, Giacalone and Juarez, were charged last November with conspiracy in the attempted murder of police informant Charles Thomas, Kelley said. Thomas was wounded by two gunshots in the head in a Pittsburgh, Pa., motel.

Kelley said the ring threatened prospective witnesses who informants had confirmed that informants had confirmed that informants had confirmed that

Leonard told newsmen that informants had confirmed that informants had confirmed that informants had confirmed that

Junior Editors Quiz on FEDERAL BRANCHES

QUESTION: How do checks and balances work in our national government?

ANSWER: Our Founding Fathers decided that a written constitution should stand as the supreme law for the new nation of the United States, protecting it from those who might try to grab power.

The Constitution provides for a federal system which divides power between the governments of the states and the national government. The Constitution spelled out a wonderful system of checks and balances which has worked very well.

The national government is divided into three branches, the legislative, executive and judicial. These are regarded as separate but equal; they are said to be balanced.

In our drawing, each federal branch is symbolized within a circle. Each branch has its separate job. The Congress makes laws, the President enforces them, the Supreme Court checks on them, if necessary, to see that they agree with the Constitution.

Our drawing shows how each department can check or restrain each of the others. These checks are shown by white arrows. Look where they are going and read what they represent.

Wallace Gets Tough in Florida Speeches

ORLANDO, Fla. (AP) — George C. Wallace made a campaign swing through Florida Friday, blasting the Democrats and Republican opponents in general and the Supreme Court in particular as more than 25,000 persons chanted "Sock it to 'em, George."

And Wallace responded with some of the toughest talk of his American Independent party campaign drive.

In Tallahassee, the first stop of his tour, he told a crowd of 10,000 that, if elected, he would seek a constitutional amendment requiring the senate to reconfirm all Supreme Court justices every six or eight years.

In Daytona Beach a crowd of 6,000 heard him include all federal judges in the proposal.

And in his final appearance at Orlando before an overflow crowd of 9,000, he said: "Both Mr. Nixon and Mr. Humphrey succumbed to blackmail and intimidation by a group of anarchists roaming the streets. And I say neither is fit to lead the country."

Obviously growing more confident with each warm reception, Wallace quit referring to the Democrats and Republicans as the "two parties" and began calling them "the other two."

At each stop he received roars of approval as he knocked the writers, Supreme Court, Democrats and Republicans and Earl Warren.

Accompanying him was his blonde, 7-year-old daughter, Lee, whom he said was named for Confederate Gen. Robert E. Lee.

STUDENTS PICKET The only heckling he received was in Tallahassee where some 30 Florida State University students picketed him.

But the students comprised only a tiny voice against the roar of Wallace's supporters.

"Republicans and Democrats have rammed everything down our throats that there is to ram," Wallace told his Tallahassee audience.

Milford West Boomfield Roll in League Openers

Andover Pair Clicks in Taming Clarkston

By FLETCHER SPEARS

With perhaps a couple of exceptions, the lineup of powers in the Wayne-Oakland League football race looks pretty much the same.

Milford, as usual, is rolling and the same for West Bloomfield. The exceptions are Clarkston, which seems headed for a not-too-bright season, and the Barons of Bloomfield Hills. Andover, who have picked up where they left off last year.

In league openers yesterday, Milford rolled past Clarenceville, 26-7. West Bloomfield blanked Brighton, 41-0, and Andover, which crushed West Bloomfield in its finale last year, 32-6, pinned a 22-6 setback on Clarkston.

SHARP COMBINATION

At Andover, the Barons' family combination of quarterback Scott Roley, a junior, and brother Jeff, a senior halfback, was too much for the bigger but slower Clarkston squad.

Clarkston, now 1-1, surged in front in the first frame as a six-yard drive around left end by Rich Porritt, but the Barons pushed across 19 points in the second period to break the game open.

After fullback Chuck Palalan, a powerful 5-7, 185-pounder who picked up 31 yards rushing, raced across from 24 yards out to tie the score at 6-6, the Roley boys took over.

PASS PAYS OFF

With 1:28 left the Barons re-

covered a fumble on their own 33, and on the first play, Scott ruffed a pass over the middle that Jeff hauled in at his own 45 and scored to tie the Clarkston second to the endzone.

Andover (2-0) had the ball again with just five seconds left in the half and it was enough. From his own 44, Scott faded back and lofted a pass down-field to Jeff who had slipped behind the Clarkston defense. He caught it at the Wolves' 30 and raced the rest of the way untouched.

CAN'T MOVE

Clarkston's offense in the second half was ineffective against the strong Barons defense which limited the visitors to just 37 yards rushing.

SCORES 3 TIMES

The speedy Conley tallied on runs of three and five yards and hauled in a 60-yard pass for his third score from quarterback Robin Brennan.

Kim Woodruff clicked on a 22-yard pass from Brennan, Ed McKenna went over on a four-yard run and Jim Bays scampered 45 yards with an interception for the final West Bloomfield tally. Jim Tapered booted five extra points.

SCORING TOUCH

Milford was outgained in the yardage department by the visiting Clarenceville squad, but the defending champion Redskins had the scoring touch as they built up a 20-7 halftime lead.

With the ground attack bogged down, Redskins' quarterback Bob Cline took the air lanes to produce the victory. He hit halfback Doug Powers with scoring tosses of one and 14 yards and he flipped a 52-yarder to Mark Giegler.

Larry Vick scored the other Redskins touchdown on a 24-yard run that capped a 60-yard drive in the second quarter. Cline's one-yard toss to Powers for the first score was set up by a 52-yard pass to Giegler that carried to the Clarenceville one.

Ron Weller scored 29 yards for the lone Clarenceville touchdown.

Ontario Press Photo by Ed Vandervoort

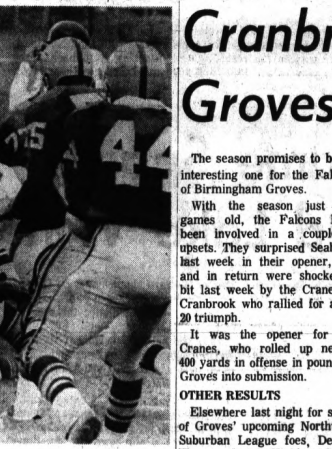

TOUCHDOWN — Halfback Jeff Roley of Bloomfield Hills Andover has the goal line in sight as he hears the end of a 67-yard touchdown play against Clarkston yesterday afternoon. An unidentified Clarkston player gives chase in background. Roley scored twice as Andover won, 22-6.

BIG BARON — Fullback Chuck Palalan (45) rips the middle of the Clarkston line for good yardage in their game yesterday afternoon behind blocking help by Jeff Roley (21) on ground and Bill Richards (40). In on

PAY DIRT AHEAD — Mike Hall of Rochester heads toward the goal line on a 20-yard touchdown run as the Falcons whipped the Lake Orion Dragons, 33-14, last night on the Orion gridiron. The touchdown was set up after a 24-yard punt return by Gary Miller, and Hall scored one play later.

LOT OF ROOM — It was the opener for the Cranes, who rolled up nearly 400 yards in offense in pounding Groves into submission.

Anchor Bay Back 'Dozer'

Bryan Mousseau is the bulldozer of the Southern Thumb League.

The back rolled up 226 yards rushing to lead Anchor Bay to a 20-0 victory over Capac last night.

Capac has only 52 yards while the other Anchor Bay rushers netted only seven yards.

In other games Ayma defeated Dryden, 10-4; New Haven stopped Almont, 13-0; and Richmond walloped Memphis, 33-0.

Mousseau scored twice on two and 10 yard runs, while Jerry Genso scored on a 12 yard pass.

Almont and New Haven were scoreless for one half. Then Bryce Moore scored on Lynn Ryan's 30-yard pass. Roy Lee completed the pointmaking with the extra point and a 30-yard run with an intercepted aerial.

Terry Kalfleish scored on runs of four and 20 yards last night in leading Brown City to a 20-13 win over North Branch.

Jerry Sauder hauled in a one-yard pass from Terry Czap for the other Brown City score. Bob Mayberry tallied on a 30-yard kickoff return and on a 22-yard run for North Branch.

Falcons Fly

Rochester ran its cross-country route to 2-0 yesterday with a 10-14 win over Kettering. Keith Wattles paced Rochester with a winning time of 10:48. Teammate Ed Griffis was second. Kevin Reabe placed third for Kettering.

Troy Manages Tie; Falcons Pull Away

Defending champion Troy had to scramble to earn a wild 27-27 tie with Madison's Eagles; while Rochester, Clayton and Romeo jumped into first place with wins on the opening night of the Oakland A League race Friday.

While failing to avenge last year's loss to the Eagles, Troy did manage to avoid a defeat when quarterback Terry Brown plunged over from the two-yard line and Joe Mitchell ran the game-tying PAT with 1:25 left to play.

Rochester pulled away from Lake Orion in the fourth period for a 33-0 triumph, Romeo held off Avondale, 17-4, and Clawson made a first-quarter touchdown stand up for a 7-0 win at Ulica.

At Troy, the host Colts and Madison matched points for three quarters with the Troy team tallying first each time.

THREE SCORES

Mitchell tallied on 2-yard and 47-yard runs. Brown scampered 18; but each time Madison retaliated with Doug Meadows. He scored from the 26, the 13 and the 23.

Then the Falcons pulled away with Ted Malkasian and Mark McAllister taking scoring passes from Mike Scally, and Tom Brown tossing one to Chris Diener.

Miller's opening touchdown came on the first scrimmage play following a penalty after the opening kickoff. He also set up Hall's scoring scamper with a 24-yard punt return. The speedy Miller gained 204 yards in 22 carries.

QUICK LEAD

A six-yard scoring sprint by Pete Dahl capped a 40-yard drive by Clawson's Trojans in the first period at Ulica. Bill Weakly's run for the PAT ended the night's pointmaking.

At the start of the game in Romeo, but the host Bulldogs halted their visitors inside the five-yard line.

Romeo took over later in better position thanks to a pass interception. Marvin Craft put the home team on the scoreboard with a 15-yard run, and Ron Tabar kicked the extra point.

It stayed 7-0 until the third quarter. Gary Monroe broke through to block a Romeo punt inside the 20 and Clyde McCauley scooped up the ball and went over from the 10-yard line.

But the conversion run failed. In the final period, another pass interception put Romeo in scoring position. Fred Lebendig scored from the one.

Tabar added that PAT, then capped the scoring with a 35-yard field goal.

Pale Position for Cale in 'Old Dominion'

MARTINSVILLE, Va. (AP)—Cale Yarborough of Timmonsville, S.C., looking for his second straight victory on the half-mile track, put his 1968 Mercury on the pole Friday for Sunday's 12th annual Old Dominion 500 race at Martinsville Speedway.

Yarborough, NASCAR's top money winner with over \$120,000 this season, qualified at 77.779 miles per hour to take the top position in the 40-car field for the \$27,000 event.

The outside pole position went to Buddy Baker of Charlotte, N.C., who qualified a 1968 Dodge at 77.235 m.p.h. Grand National point leader David Pearson of Spartanburg, S.C., grabbed the No. 3 spot in a 1968 Ford at 77.104 m.p.h. while the fourth position was won by rookie Pete Hamilton of Dedham, Mass., who qualified a 1968 Dodge at 76.946 m.p.h.

Mayo Mum on Al in Series

Kaline Wields Hot Stick as Tigers Halt Senators

WASHINGTON (AP)—Will Al Kaline, after a 15-year wait to see a World Series, watch his first game from the bench.

Detroit Manager Mayo Smith stayed silent on the question but the longtime Tiger star was taking a wry view after cracking four hits including a homer in a 6-3 victory over Washington Friday night.

It was Kaline who drove in six runs against the same Senators four months ago in the game that thrust the Tigers into first place to stay, and an observer asked after the latest performance why he seemed to hit so well against Washington.

"It's the only team I get to play regularly against," said Kaline, unsmiling.

THREE HOMERS

Kaline boosted his batting average to .295 with his 4-for-4 night and ignited an outburst of three Tiger homers in the eighth inning as Detroit came from behind once again to win. Jim Northrup followed with his second two-run homer of the game. Jim Price tagged a bases-empty shot.

Kaline has vowed never to watch a World Series game in person until he could play in one, and the Tigers' pennant this year has given him first opportunity in his 15 seasons with Detroit.

But Smith, forced to choose between Willie Horton (38 homers), Northrup (16 team leader with 88 RBI, plus 21 homers), Mickey Stanley (good glove, 56 RBI) and Kaline in the outfield, or Kaline and Norm Cash (24 homers, 265 at first base), isn't saying what lineup he'll use.

"These are nice problems to have," said Smith.

The victory over Washington was the Tigers' 100th of the year and stretched their winning streak to 10, longest in the majors this season.

Detroit Manager Mayo Smith said the team's success was due to the fact that the team had been playing well since the start of the season.

The victory over Washington was the Tigers' 100th of the year and stretched their winning streak to 10, longest in the majors this season.

BREAKING LOOSE—Pontiac Central's Jerry Hinsinger finds running room up the middle. Moving in on the big fullback is Flint Northern's Mike Richards. Hinsinger

gained 76 yards in 27 carries for the Chiefs who defeated the Vikings, 14-6, in the Saginaw Valley Conference game.

Bids for Second Bat Title

Yaz Hikes Average to .305

By The Associated Press
Elmer Flick is back in business thanks to a late-season surge by Boston's Carl Yastrzemski.

Yastrzemski's second straight crown seems secure. His 21st home run of the year Friday night, helping Boston to a 4-3 victory over the New York Yankees and raising his American League leading batting average to .305.

That's the same mark that Flick managed in 1965—the lowest average ever to win a major league batting crown. Until Yastrzemski picked up a head of steam a month ago, it seemed that Flick's record would be erased in this season of sub-300 averages.

But since Aug. 20, Yaz has

had 43 hits in 99 trips to the plate, raising his average 31 points from .275. With just over one week to play and a 14-point cushion, Yastrzemski's second straight crown seems secure.

Yastrzemski's home run in the eighth turned out to be Boston's winning run when the Yankees staged a late comeback against Jim Lonborg, 6-4. But Lonborg survived Mickey Mantle's 538th homer and a ninth inning shut by Bill Robinson.

After Robinson opened the

stint with his homer, Lonborg struck out the side, finishing the game with eight.

Reliever Wilbur Wood tied an American League record with his 82nd appearance of the year, helping the White Sox nail down their victory over the Orioles.

Wood matched the mark set by Eddie Fisher with Chicago in 1965.

Ken Berry drove in both Chicago runs with clutch singles. Jim "Catfish" Hunter pitched Oakland past Minnesota with Danny Cater tagging a home run and Bert Campaneris stealing two bases. The two steals gave Campaneris 58—a single season career high for him.

John Roseboro homered for the Twins.

Lions, Bears QB's Recuperating

Munson Ready for Home Start

Chicago's Concannon Has Broken Nose

Two convalescing quarterbacks, Bill Munson of the Detroit Lions and Jack Concannon of the Chicago Bears will face each other tomorrow in the season home opener for the Lions at Tiger Stadium.

Both teams were defeated in their opening last week. The Lions, led by the powerful Dallas Cowboys and the Bears taking a 38-28 setback at the hands of the Washington Redskins.

Munson, who pulled some chest muscles in the exhibition game against the New York Jets two weeks ago, was on the sidelines as rookie Greg Barton handled the signal calling against Dallas.

BROKEN NOSE
Concannon, suffered a broken nose when he was hit by a mask guarding his nose.

The Bears are seven point favorites over the Lions and once again they will be an oddsmaker, Gayle Sayers, who will be the Lions' big problem.

Last year, Sayers led the Bears to two victories over Detroit on long runs and kick returns.

After one game, he is second in the NFL rushing with 161 yards, with Leroy Kelly of the Browns in the lead with 107 yards in his opener.

Kickoff is 1:15 p.m. at Tiger Stadium.

A big game in the Central Division will have Minnesota and Green Bay matched at Milwaukee Sunday.

The Vikings lambasted Atlanta 47-7 in the opener as Joe Kapp passed for 181 yards and three touchdowns and as Clint Jones, former MSU ace, ran for 101 yards.

FULL SCHEDULE
There's a full eight games on Sunday's schedule for the second week of NFL action.

In the other six games, Cleveland is at Dallas, Baltimore is at Atlanta, New York goes to Philadelphia, Washington at New York, Pittsburgh at Los Angeles and St. Louis at San Francisco.

In the other game attracting a lot of interest Sunday, Oakland goes back to the Oakland Bowl in hopes of avenging the 54-12 pasting they took at the hands of Dallas in the Eastern Conference title game last year.

Dallas clubbed Detroit last week while the Browns had to go down to the final two minutes before turning back the New Orleans Saints 24-10.

Imlay City's Defense Holds

In a defensive game, Imlay City scored in the first period and then held off Deckerville to post a 6-0 triumph.

Mark Dodge swept end of a 7-yard touchdown after a drive of 58 yards.

Deckerville got to the Imlay one in the third quarter and failed to cross the goal line in four tries.

Parochials in Full Weekend Schedule

The Eagles of Orchard Lake St. Mary and the Lakers of Waterford Our Lady of Lake were involved in squeakers, but with different results, last week in their football openers and both will be looking for better performances when they collide tonight.

OLSM opened with a 14-13 win over Royal Oak St. Mary, while the WOLL Lakers dropped a 20-14 decision to Pontiac Catholic.

OTHER GAMES
Another league game on the Northwest state tonight finds Farmington Our Lady visiting Detroit St. Rita. Sunday, Pon-

tac Catholic plays at Royal Oak St. Mary at 7:30 and Ferndale St. James has a 2:30 p.m. date at St. Francis de Sales.

Winnings beats losing
but OLSM was far from impressive in stopping the Irish of ROSM, who were picked to finish somewhere around the bottom in the Northwest Catholic league.

The Eagles scored the winning touchdown late in the game and kicker Tad Cymann booted the extra point as the team launched its title defense.

Coach Fr. John Rakoczy will be hoping for a better start from the Eagles when they take the field at Waterford Kettering against WOLL. Game time is 7:30.

LAKERS NO PUSHOVER
The Lakers were supposed to be a pushover for the Titans of Pontiac Catholic, but WOLL didn't play the game like the script read. The Lakers gave up 20 points in the second quarter but made it a close game by dominating play in the second half.

Coach Mike Boyd has nearly half of the Lakers on the injured or ailing list, so the team's showing Saturday depends upon how quickly the bumps and bruises mend.

KEY TEST
With ROSM, almost pulling off an upset over the Eagles, the contest Sunday with Pontiac Catholic should give an indication of how strong the Titans are.

Coach Mel Larson has a lot of underclassmen manning the key posts with the Titans, so it figures the team will improve as the season grows.

The Warriors of Birmingham Brother Rice, 13-12 losers to Notre Dame in their opener last week, will try to get on the winning track Sunday at 2 p.m. at U. of D. High.

Other games on tonight's slate have Divine Child at Royal Oak Shrine, Yale at Birch Run and Bishop Foley at St. Anthony.

Another Sunday contest finds Utica St. Lawrence visiting St. Gertrude at 7:30.

As PGA Team

Hill Brothers Hold Lead

OKLAHOMA CITY (AP)—Palmer and Jack Nicklaus ran into trouble at Quail Creek. They struggled to a 72 and the total of 136 left them nine strokes back.

Four teams are tied for third place at 12-under-par 131—Tommy Hill, Mike Sayers, Bob Nichols and George Arcler, Tommy Aaron and Charles Moody, and Rives McBee and Moody Kaser.

The Hill team received a big boost from Mike, a 29-year-old four rookie. Mike made five birdies, including a 70-foot putt from the fringe of the green on the first hole. Dave collected two birdies.

Palmer and Jack Nicklaus ran into trouble at Quail Creek. They struggled to a 72 and the total of 136 left them nine strokes back.

Hamtramck at Wisner Tonight

'Buckeye' Brown Leads Firebirds

In less than two games, shift Bob 'Buckeye' Brown has become the leading rusher on average per carry for the Pontiac Firebirds on the road in the past two games. Tonight, the former griddle from Alliance, Ohio, who is employed at Pontiac Motor, can pad his two game statistics when the Firebirds face the Hamtramck Chargers at Wisner Stadium.

Brown, who sat in the background last year and for the first four games of this season, moved into the spotlight two weeks ago with his shift running.

In only 13 carries he has picked up 175 yards for a 13.5 average including runs of 52 and 40 yards, along with a 52 yard punt return and a 40 yard pass reception for a TD.

The Firebirds need a victory tonight to keep on the heels of league leader Dayton which is off this weekend. Lackawanna and Flint are both favored in the games against Fort Wayne and Ypsilanti respectively and thus should the Firebirds win, the three teams would remain leadlocked in second place with 5-2 marks.

Hamtramck has a 2-4 record coming off a 12-7 victory over Ypsilanti last week.

The Chargers have former Firebird halfback Chuck Humphrey in their backfield and the ex-PCH griddle scored the winning TD last week against Ypsilanti.

Head coach Tom Tracy is pleased with the return to form of quarterback Bill Harrington, who last week added four touchdowns to his record.

Harrington missed the two games which the Firebirds lost

to Dayton and Lackawanna, and in four victories he has directed the team he has completed 48 of 56 passes for 775 yards and nine touchdowns.

Mickey Blazitz continues to lead the Firebirds receivers with 18 receptions for 280 yards.

Plunker Jim Stewart has been in for two games with an injury and tight end Ron Benis has moved up among leading receivers.

Chuck Stein, last year's top interceptor, is back in the lead in that department with two steals, and Marty Malatin, now leads the team scoring with 35 points.

The Firebirds rate 13 point favorites over the Chargers. Kickoff is 7:30 p.m. with ticket windows slated to open at 6:30 p.m.

Home on an Area Hilltop Proves a 3-Time Winner

By JODY HEADLEE

Home Editor, The Pontiac Press

The custom-designed home of the Irving A. Duffys is a winner all the way. It won the hearts of the Duffys as it developed from the home of their dreams into an exciting reality.

And, for its architect Carl Luckenbach of Birmingham, it won the first honor award in 1967 from the Detroit Chapter of the American Institute of Architects and the 1968 award of merit from the Michigan Society of Architects.

Built by Walter Desimpel of Birmingham, the dramatic one-story is located on a cleared hilltop in Oxford Township, its contemporary exterior of natural-finished cedar siding complemented by a hand-split shake roof.

The breathtaking beauty of the surrounding woods-dotted hills and pastureland commands attention through the home's wide expanses of insulated glass-to-incorporate the vastness of the outdoors into the interior's majestic floor plan.

ENTRANCE

Massive double doors lead from the entrance courtyard into the brick-floored foyer and hall allowing for a smooth traffic pattern between the master bedroom wing, the living and entertainment center, the nursery and guest rooms and the service wing.

A bittersweet, deep-piled rug in the center of the brick floor of the ranch room marks the conversation grouping before the brick fireplace.

"The chandelier," said Mr. Duffy, "was also designed by Carl Luckenbach so that it would be in keeping with the size of the room. Its glass globes had to be specially blown. And as a safety measure, in case there was ever any breakage, we ordered a dozen extra.

"The furniture," he continued, "is of Florentine leather with a rosewood base. We had it made in Italy."

CRYSTAL DISPLAY

Serving the triumvirate of sofas is a square cocktail table of bronzed glass, the special glass being used to absorb the light rays of the spotlights trained on the glittering crystal pieces on the table.

"The Steuben piece," said Mr. Duffy, with more than a tinge of pride entering his voice, "depicts the surface of the moon. It was given to me when I retired as chairman of the board of Philco Corporation." The exquisite half round sparkles with a dignity befitting its cosmic counterpart.

Matching ceramic lamps on rosewood

block tables furnish additional light for the grouping.

An off-white chair and round ottoman await the browser's convenience in the room's book nook.

AUSTRIAN ANTIQUE

"The crucifix," said Mr. Duffy, nodding to the cross above the chair, "is an old crucifix from Austria which was given to us when our home was opened. It is an Austrian tradition to have it hang in a corner."

Mrs. Duffy, or Dr. Helga as she is fondly known by many of the owners of her animal patients, is a native of Austria.

An original bronze of the famous racing horse Man O'War by June Harrah on the room's credenza hints at the Duffys' devotion to horses and the sport of racing.

To enhance the contemporary mood established by the room's furnishings and design, the Duffys inject the permanence of the past by using a hand-carved teakwood oriental chest topped by three rare porcelain mandarins.

The Duffys will open their home for the Oxford Junior Women's Club annual Fall Home Tour. Proceeds of the tour, to be held Oct. 2, from 11 a.m. to 5 p.m., will purchase playground equipment for the Oxford Area Community Schools.

Yes, we take the pains to be "Old Fashioned" builders

That's why Kampsen Built Homes consistently re-sell at higher prices

The other day a man who wanted to pay us a compliment called us "Old-Fashioned" builders. "I mean", he said, "you go on building to quality standard. You don't take construction short-cuts . . . or compromise on materials. Well, I'm glad you build the way you do. It means that, if I ever have to sell my Kampsen Built Home, I'm going to get more money for it than for any other comparably priced home I might have bought!" Yes, we're "old-fashioned" that way. "Old-fashioned" in our ideas about service, too. We believe that every buyer of a Kampsen Built home is entitled to prompt, thorough service. That's why we only build in areas where we can give service to our homeowners. We like to "stay on top" of the homes we've built.

When money is the object and value a must . . .

LUXURY APARTMENTS

BUILT BY THE SMOKLER COMPANY

Soft Look Achieved by Shutters

From authentic Colonials to contemporary ranchers, the designer turns to shutters for softening the exterior and making the windows more interesting. Homeowners can achieve the same effect by having shutters installed on their present home.

Aluminum shutters are inexpensive, easy to install, require a minimum of attention and add charm to your home, according to The Aluminum Association.

Today's aluminum shutters are normally fixed in position to provide decorative treatment to your home. They are factory pre-painted in many colors to blend with your home's color styling.

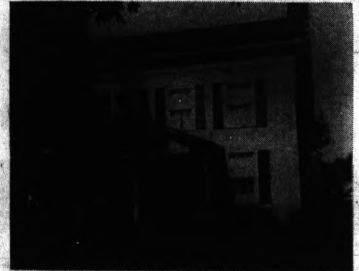

Architects advise care in selecting the proper size. A unit that is longer or shorter than the window will detract rather than add to your home's appearance. The shutter should extend from the top of the window frame to the bottom of the window sill. Long units are used next to doors to carry out a fully framed look.

LITTLE CARE

The baked enamel finish on aluminum shutters requires little care and stay clean with an occasional washing down with a garden hose. Shutters can be installed in minutes over any wall surface, aluminum, wood or brick and are secured with aluminum screws included.

Decorators have recently brought shutters into the home interior and suggested their use in wall treatments and as room dividers. This seems to follow designers' desires to coordinate exterior and interior treatments.

Cottages Get Lease on Beauty

Summer cottages are getting a new lease on beauty due to the new influence of interior decorators and color specialists with manufacturers.

Everything from paper accessories to pots and pans provides colorful, low-cost, easy-care pick-ups, particularly good for vacation cottages.

Resilient floorings in yummy new colors—yellows, oranges, mint greens and pinky-red patterns were not an afterthought by one manufacturer. The idea was the result of market research.

"We have been going along with the old architectural theory of muted and earth colors," explains Gene Walker, flooring designer-colorist for Armstrong. "Architects had control of color until recently but now decorators and color specialists are setting the pace. We also had to consider op, pop and psychedelic art in planning new color ideas."

FLOORINGS

These new floorings in six-foot widths come in the same tiny, random-size hexagonal designs that have been popular in beige tones in country and beach houses.

The new floorings (vinyl) Corlons reflect the influence of California, Florida and the Gulf Coast.

Lemon and lime always have been popular colors in such areas—happy colors that go with open planning. Now these colors have worked their way into New England and other eastern homes and it is time to stop playing it safe, he says.

Heretofore, such durable floorings were confined to kitchen and utility traffic but now have found their way throughout the house in important homes, particularly in the country and at beach where emphasis is on easy care.

BRIGHTNESS

Now there is a red hexagonal—pinkish red and magenta flakes—that provides brightness without glare to blend in with everything in home furnishings.

The new trends in decorating with painted and lacquered furnishings. Naugahyde materials, antique furniture, Spanish and Mediterranean styles which will be around for

quite a few years and the trend to paper all had to be taken into consideration in designing new color schemes.

A great many avant-garde first homes and summer cottages are on the paper standard with everything from tableware to bedspreads of paper providing instant color on a budget.

Color is an easy way to inject personality into a house, and young people choose paper for that reason. They also like washable, bright cottons.

SUMMER HOMES

An easy decorating idea noted in several houses at one vacation resort was this easy-maintenance one:

One washable, colorful cotton in geometric pattern reds, greens, yellows, blues, white, was laminated to all window shades throughout a house, and the same pattern was used on sleep sofas in the living room. It was the only pattern in the house.

Plain-color bedspreads in each bedroom provided the only other color—each spread lifted a color from the shade. All bathrooms were bright white. A beige resilient floor was used throughout the house.

When things can be washed or disposed of easily, vacation cottages are a joy. But if they are furnished with heavy draperies, rugs, coverlets that can become damp and soggy or

Bathroom Made in Waste Space

Do you have an old closet, pantry or space under a stairwell going to waste? Are you badly in need of additional bathroom facilities?

If this combination exists at your house, why not use that waste space for a compact powder room? According to the Plumbing-Heating-Cooling Information Bureau, you can install a powder room in a space as little as 4x5 feet. For rooms with unusual shapes, there are lavatories and water closets for corner installation.

A good neighbor fence looks equally attractive on both sides.

midewed, you can't see the fun, so that it will be more enjoyable? It's something to think about.

This year, take a good look at your summer home. Are there ways to make it more efficient?

You may have furnished it with cast-offs and the effort involved.

Understanding Is Key

Toilet Repairs Are Easy

By MR. FIX

The typical flush-type toilet tank has remained pretty much unchanged over the years. Parts are easy to come by and in spite of what the average person thinks, repairs are not terribly complicated.

When the tank doesn't operate properly, not only is there impaired efficiency, there is noise as well. And don't forget the waste of water which can be considerable over a period of time.

Take a look inside the tank sometime and watch how it works. Set the tank cover aside carefully. If you break it you may have to buy a whole new

outfit. Covers alone are hard to come by.

Pushing down on the handle outside the tank raises a trip lever. This pulls a lift rod upward which lifts the tank ball off of its seat. This uncovers the opening at the bottom of the tank allowing the water from the tank to rush into the toilet bowl.

FLOAT BALL

With the water inside the tank going down, a large float ball goes down with it. The float ball is connected by way of an arm to the inlet valve. As the ball and arm are depressed the valve opens to allow more water to rush in.

The tank ball floats upward (it is hollow at the bottom) when it is raised. But as the water level drops the ball falls back down and is reset against the opening when the tank is emptied.

The fresh water holds the ball firmly against the seat. Meanwhile, the float ball is rising until it turns off the inlet valve as the water is restored to its former level.

There is a little more to it than that, such as part of the water entering through the inlet valve being diverted through another tube through the overflow tube into the bowl. This adds water to the bowl to seal the trap.

A HELP

Understanding the operation you will be able to determine where the trouble is.

The problem most likely to occur is one in which water continues to run into the bowl and the tank itself never seems to fill up.

This is caused by the tank ball not being seated properly. Since the tank ball wears in time it is best to replace it. Turn off the water, or support the float arm with a piece of string tied to a stick placed across the top of the tank. Unscrew the ball from the lift rod and replace with a new one. If even a new ball doesn't

seat properly the rod guide might need adjusting. This is a horizontal piece of metal fastened to the overflow tube. Through the other end of it passes the lift rod.

The guide can be moved to the left or right by loosening a set screw where it is fastened to the overflow tube.

Sometimes the continuous run of water is not through the tank opening but from the inlet valve through the overflow tube. This happens when the inlet valve does not shut off after the water reaches the proper level.

The problem is either with the tank float or the inlet valve. Try the float first.

Lift the float ball manually. Raise it as high as it will go. If this stops the water running, unseat the float ball and examine it. Sometimes it will develop a leak and partially fill with water. Replace it. If that is not the trouble, then

adjust the float arm which is made of heavy gauge wire. If the ball is not rising high enough, then bend the wire downward at its middle.

This will allow the ball to rise higher than it would with a straight arm. You will have to experiment to get the right adjustment.

If the trouble is not with the float ball or arm, then the inlet valve itself may be at fault. There is a washer inside at the top of the valve, right beneath the plunger that moves up and down.

PLUNGER

To reach this plunger you will have to remove the float arm linkage at the top of the valve. There may be either a set screw or a pin. Then pull up the whole plunger to get at the washer.

Aluminum Siding Conserves Heat

If you had to set your thermostat at 75 or 80 degrees last winter to heat your home, your heating system is not operating efficiently and your fuel bills are too high.

One of the chief causes of heating problems is insufficient insulation, he says. Most homes, especially those built before 1955, have a little or no insulation in the walls. To correct this situation, homeowners previously had to have insulation blown into wall cavities, a costly and difficult process.

Today, many homeowners are looking into the insulation qualities of aluminum siding. In addition to the savings it offers on periodic exterior repainting, the aluminum siding has reflective properties that bounce the heat from heating system back into the house. Special interlocking designs prevent outdoor drafts from entering. Insulation is obtained without altering interior walls.

Fuller details on the insulation properties of aluminum siding as well as its other properties are available in a free booklet, "26 Straight Answers on Aluminum Siding." For a copy, write to "26 Answer Booklet," Building Products Division, Alcan Aluminum Corporation, 100 Erieview Plaza, Cleveland, Ohio 44114.

PATTERN 482

ORIENTAL DESIGNS for bird houses are sure to please your decorative sense and the birds will like them, too. The Japanese tea house for wrens and the Chinese lantern for blue birds are equally attractive. Pattern 482, which gives actual-size cutting guides and directions, is 35c. It is also in Bird House and Feeder Packet No. 78 with five other unusual designs for \$1. The Pontiac Press Pattern Dept., P.O. Box 50, New Windsor, New York 12550.

Ladder Safety Check Points

A good way to insure the safety of older, straight ladders used for outdoor painting:

Lay the ladder flat on the ground, and put all of your weight on each rung — if one of them breaks or splinters, it's time for a new ladder.

Avoid Autumn Fires by Following Tips

Fall fires can be disastrous. This is a good time to take special care to prevent them. Dry leaves, grass and other foliage add to the fire threat to homes.

Think ahead and know what to do to prevent fires and fight them if they do get started. Here are some tips for your family:

• Don't burn leaves or other refuse in an open fire when other ways are available.

BURNER

If possible, burn these dry materials in a perforated galvanized steel rubbish burner with a close-fitting cover. That way, gusty autumn winds won't blow sparks and burning embers around.

• If you do start an open fire, make arrangements ahead of time to control it. Be on hand till it burns out. And keep children away, as they're attracted by fire.

• One good "stitch in time" is to fill several galvanized steel

pails with water or sand before you strike the first match. With this precaution you can douse a fire before it gets away from you.

• Store gasoline, turpentine, kerosene, cleaners and other flammable fluids in fire-proof metal containers, away from sources of heat or sparks.

STORE GAS

After the last grass cutting this fall, drain the power mower and store the gasoline in a galvanized steel fuel can. Do the same with the cleaners and solvents you'll be using for fall painting and tool cleanup.

• Clean the basement garage, and other areas where refuse is apt to collect. And resolve to keep them clean through the year.

• Discard or burn old newspapers, rags and other trash which might cause a fire. Put accumulations of sawdust, scrap lumber and the like from your workshop into a galvanized steel trash can until it can be hauled out.

Clean Mildew Area Before Repainting

Before repainting in mildew problem areas, it is absolutely necessary to wash the mildewed area with a quality mildew cleaner.

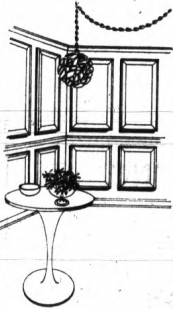

Merely painting over the area will not kill the fungi and will result in poor paint performance.

Mildew cleaners are available in various forms such as liquids, powders and small tablets to be dissolved in water.

Many all-purpose mildew cleaners may be used on painted surfaces, roofs, tile, canvas and cement blocks, and will clean and renew these surfaces while killing any mildew infection.

Storage Space

A convenient place to store portable kitchen appliances will be a great time-saver for the cook. So will work areas surfaced with a heatproof and stainproof material such as ceramic tile.

WALL MAGIC — Stock wood mouldings bring decorating magic to plain walls, as illustrated here. For idea and "how to" booklets, send 30 cents to Homemakers Institute 518M2P, 700 Yeon Bldg., Portland, Ore. 97204.

WHAT IS KLINGELHUT FACE BRICK SIDING?
It is the Multi-Purpose Brick Siding that does so many jobs — BETTER

Klingelhut brick is genuine, individually made, full-sized brick of standard dimensions except that it is 1/2 inch thick. It is bonded to 1/2 inch lightweight grout by an exclusive process developed by Klingelhut. This produces an insulating wall, about 1 1/2 inches of hollow insulation — or 4 feet of solid brick.

- Gives year-round insulation
- Reduces fuel costs • Beautifies your home, increases its value • Resists fire • Ends repair and maintenance bills — no painting • Economical to install

Fire: a Major Cause of Accidental Deaths

Fire is ranked by the National Safety Council as one of the three major causes of accidental deaths. Nearly 13,000 lives were lost in this country last year as a result of fires.

One of the main causes of fire is the careless handling of trash or waste material. Because of this, virtually all fire safety officials endorse the use of covered galvanized steel garbage cans as the most effective deterrent against the spread of destructive fire.

Should spontaneous combustion occur in a galvanized steel can, the fire can no more than smolder if the cover is in place.

Even if the cover is removed, the fire can be confined until the cover is put back to smother the flames.

TESTED

Fire resistance capabilities of galvanized steel garbage cans were tested by the General Services Administration in Washington, D.C. This federal agency operates more than 6,000 government buildings throughout the world.

Galvanized steel garbage cans were pitted against nonmetal

containers, winning hands down in the dramatic tests.

The G. S. A. report concluded:

"These tests proved beyond doubt that combustible waste and trash containers multiply the chances of spreading fire and for this reason are completely unsatisfactory for use in G.S.A. buildings."

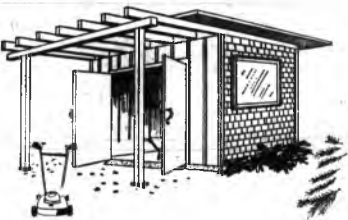

BARRED

Such receptacles also are barred in many offices, shops, schools, hospitals and public and private buildings where large numbers of people congregate.

Besides fire safety reasons, covered galvanized steel garbage cans are approved by municipal authorities for health reasons, guarding against the spread of disease from flies and rodents.

Rats are compulsive gnawers who like to eat through the insulation on electric wiring as well as nonmetallic garbage containers.

They would not be disposed to gain entry to a home or establishment unless attracted by unkempt trash storage.

YARD STORAGE — Small tool house in garden will take clutter out of garage or back porch — and the home handyman can build one readily with basic materials, lumber, plywood and shingles, stock wood window and doors. Arbor for sun-filtering vines ties unit closely to garden. For plan and materials list, send 15 cents to: H-I Tool House, 700 Yeon Bldg., Portland, Or. 97204.

Annual Realtor Forum

"Symbols of Success" will be one of the principal topics discussed at the fifth annual Realtor Forum to be held on Oct. 1, Marvin O. Moser, general chairman, announced.

The speaker will be Clifford Robedeaux, a recognized expert in real estate sales stimulation. Robedeaux will present his audience with an oral and graphic demonstration of successful real estate sales techniques through the application of his "motivation by attitude" process.

More than 1,000 Realtors and guests from throughout the metropolitan Detroit area are expected to attend the half-day Forum at the Raleigh House, Southfield.

The principal address will be by Marilyn Van Derbur, Miss America of 1956, a popular keynote speaker for thousands of groups.

BREAKFAST
Starting with breakfast at 8:30 and lasting until shortly before noon, the Forum will also feature reports and predictions on real estate market conditions throughout the five-county metropolitan area.

The Forum is sponsored by the Metropolitan Detroit Council of Real Estate Boards, consisting of 11 Realtor Boards operating in Wayne, Oakland, Macomb, Washtenaw and Monroe Counties. Robert C. Pettipren, Sr., Mt. Clemens Realtor, is chairman of the council.

The general public is welcome to attend the Forum. Tickets, priced at five dollars, including breakfast, may be obtained in advance from forum ticket chairman, William Demmons.

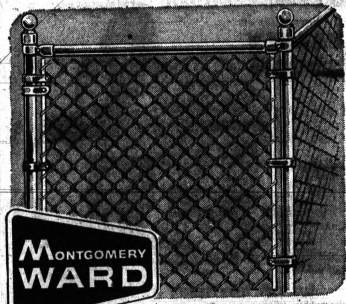

Rainy Day Moves a Necessary Evil

Everyone hates moving in bad weather and even the moving men would prefer postponing the event to a sunny day.

But that's just not possible. Other qualities that have helped establish moth-repellent cedar closets as a highly desirable home feature include attractiveness and ease of upkeep.

They use waterproof coverings and spread floor runners through the house in order not to track up floor or carpets. The vans themselves are waterproof.

Other qualities that have helped establish moth-repellent cedar closets as a highly desirable home feature include attractiveness and ease of upkeep.

Chancellor of Urban Affairs

New Administrator at OU

A Wayne State University economist was named yesterday to the newly created post of assistant to the chancellor for urban affairs at Oakland University.

Karl D. Gregory, assistant professor of economics at WSU, will primarily work with disadvantaged residents of Pontiac and in the area of race relations and urban problems.

GREGORY CROWDER

The Michigan State University Board of Trustees, which also governs OU, approved the appointment of Gregory at its regular monthly meeting in East Lansing.

Other top-level administrative changes approved by the board were:

• Troy F. Crowder, director of university relations, will take on additional duties as assistant to Chancellor Duward B. Varner. Crowder will handle administrative details of the office.

• Lewis N. Pino, assistant to the chancellor for planning, will

assume the newly created post of dean of the summer school and director of research services.

Provost Donald D. O'Dowd was named to the additional post of dean of graduate study. It is a new position.

POSITION EXPLAINED
Varner had this to say about Gregory's appointment:

"While the specifics of the assignment must be worked out, it is my hope that Gregory can serve as a focal point in the university community for student and faculty interests and involvement in this problem in terms of both community action and research."

A successful program in dealing with the disadvantaged will necessitate a close and continuous working relationship with the many segments of the Pontiac community, both black and white."

Gregory has held his present position since 1964. He has also served as consultant to Detroit's Inner City Business Improvement Forum, the Federal Bureau of the Budget and the Federal Reserve Bank.

Another new position — assistant dean of graduate study — was filled by William

The board also is expected to consider an amendment of the zoning ordinance for multiple dwellings in a residential district. The amendment primarily concerns the establishment of two.

In other business, the board is scheduled to consider a request for an application for a water main extension in the Hospital and Cooley Lake roads area.

The meeting will be 7:30 p.m. in the cafeteria of the Waterford Township, High School, 1415 Crescent Lake Road.

Turkey Dinner in Ortonville
The Harvest Festival at Ortonville United Methodist Church is set for Thursday. The family style turkey dinner beginning at 5:30 p.m. will be served by the Woman's Society for Christian Service.

Fancy work, mystery packages, baked goods and candy will be for sale. Mrs. Ellis Jencks is chairman.

Music at Messiah
The Senior Choir will observe its 10th anniversary and the Junior Choir will mark its second year at the 6 p.m. service tomorrow in Messiah Missionary Baptist Church. The Rev. Henry Robinson will speak and the Morning Stars will sing.

Hold Dinner
The Rev. John F. Kuntze, field representative of the World Gospel Mission, will be the featured speaker at an advance crusade dinner to be held at 7 p.m. Thursday in Sroden Home. The rally is sponsored by laymen of the World Gospel Mission.

H. Jones, associate director of admissions.

OTHER PROMOTIONS

Assistant Provost Frederick W. O'Leary was promoted to vice provost and William F. Surman was reappointed assistant provost.

The board also approved the promotions to assistant professor of Arturo Bilbraz, instructor in sociology, and Marc E. Briod, instructor in teacher education.

Bauregard Stubbfield, associate professor of mathematics, was granted a leave of absence to continue his work in a teacher improvement program in Texas.

Police Arrest City Shooting Suspect, 36
A 36-year-old Pontiac man was arrested by city police early today moments after another man was shot at a bar.

In custody for investigation of attempted murder is Wesley Rambun of 356 Franklin Rd., Pontiac community, both black and white."

Gregory has held his present position since 1964. He has also served as consultant to Detroit's Inner City Business Improvement Forum, the Federal Bureau of the Budget and the Federal Reserve Bank.

Another new position — assistant dean of graduate study — was filled by William

The board also is expected to consider an amendment of the zoning ordinance for multiple dwellings in a residential district. The amendment primarily concerns the establishment of two.

In other business, the board is scheduled to consider a request for an application for a water main extension in the Hospital and Cooley Lake roads area.

The meeting will be 7:30 p.m. in the cafeteria of the Waterford Township, High School, 1415 Crescent Lake Road.

Turkey Dinner in Ortonville
The Harvest Festival at Ortonville United Methodist Church is set for Thursday. The family style turkey dinner beginning at 5:30 p.m. will be served by the Woman's Society for Christian Service.

Fancy work, mystery packages, baked goods and candy will be for sale. Mrs. Ellis Jencks is chairman.

**Crescent Lake
Pupils Attend 1st**

Б. И. Д. 31.1

Full Day School

Lake at the new Crescent
Lep Elementary School, 5449
Crescent, Watford Township,
present to full-day classes for the
first time yesterday.

* * *

Students had been attending
half-day sessions because con-
struction on the school was not
complete.

* * *

The major construction prob-
lem was plumbing. Toilet
facilities worked fine the first
morning, according to assistant
superintendent Joseph Giddis, but later
gravel seeped into the system
and clogged valves.

* * *

Giddis said the school is ex-
pected to operate on a normal
schedule for the rest of the
year.

News in Brief

Flores Grimaldi, of 4727 Ditley
Highway, Watford Township,
told Pontiac police yesterday
that someone stole a furnace
valued at \$275 from the base-
ment of a home at 239 W. Pike.

ABOUT IT!

REALITY

Christian Doctrine of morality,
not the teaching when we do
it against God. In today's
scriptures cloth society's accep-
on and should be restricted
evidently. For those who would
be the only sins for which man
according to sociologists and psychi-
an Almighty theorize misbe-
order. Too many people seem
right thinking, wrong behavior

use people have discarded
Testaments teach us wrong
on and should be restricted
evidently. For those who would
be the only sins for which man
according to sociologists and psychi-
an Almighty theorize misbe-
order. Too many people seem
right thinking, wrong behavior

use people have discarded
Testaments teach us wrong
on and should be restricted
evidently. For those who would
be the only sins for which man
according to sociologists and psychi-
an Almighty theorize misbe-
order. Too many people seem
right thinking, wrong behavior

PONTIAC PRESS

- FOLLOW THESE INSTRUCTIONS:
1. Keep this page and the following page in the position they are now. Hold them this way while you do step 2.
 2. Cut along the dotted line in the center. Be sure to cut both sheets.
 3. Lift the upper half (keep both upper sheets as they are now) and place over the lower halves.
 4. Fold along the solid black line running up and down the middle of the page.
 5. Now you should have a booklet with pages in the proper order 1 thru 16.

GOOD YEAR SERVICE STORE

BRAKE RELINE

PICK YOUR PRICE FROM 3 GREAT SAFETY BUYS!

GOOD	BETTER	BEST
only \$14	only \$19	only \$24
Installed, exchange Econo-Lining will last 1 year or 10,000 miles.	Installed, exchange O.E. Quality Lining will last 2 years or 20,000 miles.	Installed, exchange Premium Master-Balanced Quality will last 3 years or 30,000 miles.

PRICES FOR CHEVROLET, PLYMOUTH, FORD, DODGE, AND ALL U.S. COMPACTS. OTHERS SLIGHTLY HIGHER.

Here's what you get!

- Rugged lining that meets G.S.A. minimum brake lining standards.
- All new lining, and new or completely reconditioned brake shoes installed by trained brake specialists.
- Free brake adjustment at 1000 and 5000 miles.

IT MUST BE RIGHT OR WE MAKE IT RIGHT!
Goodyear-installed brake lining is available in three grades—good, better and best. If the Goodyear-installed brake lining should wear out before the time or mileage (whichever comes first) as listed above for the grade you purchase (and upon surrender of the original invoice) we will supply new linings of the same grade at no charge. You pay only for the cost of installation.
GOODYEAR APPRECIATES CUSTOMERS

Here's what we do!

- REPLACE all old linings on both front and rear wheels.
- CLEAN and INSPECT brake drums for perfect roundness.
- Inspect entire hydraulic system (cylinders, lines and hoses) for possible leaks and cracks.
- Inspect front wheel grease retainers for leaks, clean, inspect and repack front wheel bearings.
- Inspect brake shoe return springs for tension and balance.
- Add heavy duty brake fluid and road test.
- Adjust brakes on all four wheels for full even contact with brake drums.

GOOD YEAR

SERVICE STORE

BRAKE RELINE

PICK YOUR PRICE FROM 3 GREAT SAFETY BUYS!

GOOD

only **\$14**

Installed, exchange

Econo-Lining will last 1 year or 10,000 miles.

BETTER

only **\$19**

Installed, exchange

O.E. Quality Lining will last 2 years or 20,000 miles.

BEST

only **\$24**

Installed, exchange

Premium Master-Balanced Quality will last 3 years or 30,000 miles.

PRICES FOR CHEVROLET, PLYMOUTH, FORD, DODGE, AND ALL U.S. COMPACTS. OTHERS SLIGHTLY HIGHER.

Here's what you get!

- Rugged lining that meets G.S.A. minimum brake lining standards.
- All new lining, and new or completely reconditioned brake shoes installed by trained brake specialists.
- Free brake adjustment at 1500 and 5000 miles.

IT MUST BE RIGHT OR WE MAKE IT RIGHT
Goodyear-Installed brake lining is available in three grades—good, better and best. If the Goodyear-Installed brake lining should wear out before the time or mileage (whichever comes first) as listed above for the grade you purchase (and upon surrender of the original invoice) we will supply new linings of the same grade at no charge. You pay only for the cost of installation.

GOODYEAR APPRECIATES CUSTOMERS

Here's what we do!

- REPLACE all old linings on both front and rear wheels.
- CLEAN and INSPECT brake drums for perfect roundness.
- Inspect entire hydraulic system (cylinders, lines and hoses) for possible leaks and cracks.
- Inspect front wheel grease retainers for leaks, clean, inspect and repack front wheel bearings.
- Inspect brake shoe return springs for tension and balance.
- Add heavy duty brake fluid and road test.
- Adjust brakes on all four wheels for full even contact with brake drums.

EXPERIMENTAL PLANE CRASHES — The tail section of a French Breguet 1150 Atlantic maritime patrol plane lies atop the airport social club in Farnborough, England, yesterday where it crashed in flames during a demonstration of flying on one engine. At least 12 persons were killed in the crash. The aircraft, a twin-engine turboprop, was built to the specifications of the North Atlantic Treaty Organization. A formal inquiry begins today, and two key questions are whether the plane was flying too low or too slowly.

Vietnam Escalates as Issue in Presidential Campaign

By the Associated Press
Vietnam is escalating as an issue in the race for the White House.
Vice President Hubert H. Humphrey drew a standing ovation from a crowd of 5,000 last night as he pledged to do everything possible "to find an honorable peace, to end this war."

Romney Sounds Like Nixon Pick

SACRAMENTO, Calif. (UPI) — Gov. George Romney talked yesterday like he expects to wind up in Richard M. Nixon's cabinet if the Republicans win the presidency this fall.
In a wide-ranging speech before a California businessmen's group, he touched on a variety of national and international matters, including the Vietnam war.

Romney, who has been rumored under consideration for a top job in a Nixon administration, is campaigning this week for the GOP ticket on both the East and West coasts.
Romney told the Cornstock Club of Sacramento that the problems of the cities, the U.S. economy and Vietnam are "central to the future of America."

AN URBAN PLAN

He set forth a detailed prescription for curing America's urban malaise. Here are the major ingredients:

- Establish urban extension services at big city universities to provide technical assistance to encourage self-help and cooperative action.
- Replace many government-operated poverty programs by contracting with private urban corporations whose purpose would be to provide jobs for the jobless in construction, health, household, general service and other occupations.
- Modernize state and local building codes and regulations which block the use of new cost-cutting technology in low-cost home construction.
- Create national business development bank for loans for black-owned and black-run enterprises in the ghettos.

THE PONTIAC PRESS

PONTIAC, MICHIGAN, SATURDAY, SEPTEMBER 21, 1968

VOL. 126 — NO. 196 ★ ★ ★ ★ ★ ASSOCIATED PRESS UNITED PRESS INTERNATIONAL — 46 PAGES 10¢

Heart Donor's Wish: 'To Do Some Good'

One of the last things a Pontiac criminal who donated his heart to another man might live said was "I want to do some good." This was the start of the first heart transplant in Michigan.

His remarks were reported by his brother-in-law, who saw him just before his last operation. The heart donor was Herman Odenhoff, 38, a former Pontiac resident who was a three-time convict at the Southern Michigan State Prison in Jackson.

Early yesterday morning at the University of Michigan Hospital, Ann Arbor, his heart was transplanted into Philip T. Barnum, 49, a Kalamazoo accountant.

Next Space Trip Last for Schirra

SPACE CENTER, Houston, Tex. (AP) — Astronaut Walter M. Schirra Jr., the dashing hero of Mercury and Gemini flights, says he will hang up his space helmet after he commands the first three-man Apollo ship on an earth orbit trip next month.

There was a hint of regret in his voice when the 45-year-old Navy captain, the nation's oldest astronaut, told an interviewer.

"I don't anticipate another flight. I don't think I want to wait two or more years for a mission, and we don't have that many coming up, if you recall our budget."

He also mentioned the rigors of training, with resulting disruption of family life, as a contributing factor in his decision.

"One of the many things my wife will be glad to see is my getting off this," he said. "I've been on Apollo now for almost three years and that's a long pull. With the Mercury and Gemini preparations, I've been gone one heck of a lot. Last week my son left for college and I couldn't see him off."

comfortably this morning, according to hospital officials.
The donor has at least four relatives in the Pontiac area including a 17-year-old daughter. One of the last persons to see him alive was his brother-in-law, Arthur E. Allen of 1640 Waterfront, Waterford Township.

EYES, BRAIN DONATED

Allen reported that before his last operation for a brain hemorrhage, Odenhoff told him: "If things don't go right in the operation, I want to do some good. The hospital can take anything they want."

He also reportedly donated his eyes and brain to medical science.

Odenhoff was taken from the prison to the University of Michigan hospital on Sept. 6 after suffering fever and severe headaches, which apparently led to rupturing of blood vessels in his brain, followed by his death early yesterday.

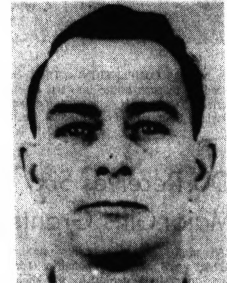

Doctors said he suffered a massive brain hemorrhage, and hope for his survival was abandoned late Thursday.

TRANSPLANT MADE

Doctors said Odenhoff died at 12:45 a.m. yesterday, about one hour after a

22-member team began operating on Barnum. The transplant was made at 3:02 a.m., and the operation was completed at 5:50 a.m.

He had been sentenced to 6½ to 10 years in April by a circuit court judge in (Continued on Page A-2, Col. 5)

HERMAN ODENHOFF

2 City Brothers, 2 Others Arrested After Bank Theft

Two Pontiac brothers and two men identified as escapees from prison were arrested yesterday in Nashville, Tenn., in connection with the holdup Monday of the Woodruff State Bank in Detroit.

A spokesman for the Federal Bureau of Investigation (FBI) in Detroit said that Alan Rex Adams, 32, and his brother, Melvin C. Adams, were arrested by Nashville police with John Ballor, 28, of Detroit and John C. Green, 27, of Lansing at a motel.

Alan Adams, whose last reported local address was 138 W. Cornell, Ballor and Green are all charged as federal fugitives, according to the FBI.

Officers said that the three appeared yesterday before a federal commissioner in Nashville and were placed under \$75,000 bond each before being remained to local custody.

HARBORING FUGITIVES

Melvin Adams, local address unreported, is charged with harboring the other three as fugitives.

Green and Ballor were named on warrants issued earlier in the week after the bank was robbed of \$9,400 by three men.

Alan Adams was named on a similar warrant after the arrest.

Nashville police said a shotgun, two pistols and some \$4,000 were seized from the three motel rooms where the group registered.

All will probably be prosecuted federally, the FBI said.

Temperatures Tumble

Snow Hits Rockies

By the Associated Press

A wintry storm packing windblown snow, cold rain and freezing temperatures laced the northern and central Rockies today—the last full day of summer.

Six to 10 inches of snow covered some mountain sections of Montana and Idaho. Temperatures tumbled into the 20s and 30s.

Warnings to stockmen and travelers were in effect for portions of central and western Montana and western Wyoming. Hazardous driving warnings included parts of Idaho and Utah as well.

Highway crews attempting to keep mountain passes open were hampered by limited visibility. Snow-bearing winds up to 40 miles an hour frustrated their efforts. The Going to the Sun Road in Glacier National Park in northern Montana was closed by drifting snow. Park maintenance workers hoped to have it open by Sunday.

COLD FRONT

Snowfall amounts were lighter as the storm spilled out of the high country into the Montana plains. Eastward across Montana, Wyoming and Utah, the first cold front triggered thundershowers and chilling rains.

For most of the country from the great plains to the Atlantic, however, the day was a pleasant climax to summer. Autumn begins at 7:26 p.m. EDT Sunday.

Temperatures in the 60s and 70s were common over the eastern half of the na-

tion before dawn. A few autumnlike 50s cooled the northern plains, the northern Great Lakes and New England. The only exceptions to a generally fair weather pattern were widely scattered thundershowers in the Texas panhandle and Oklahoma and extreme western Iowa.

Early morning temperatures ranged from 30 at Butte, Mont., to 84 at Patrick Air Force Base, Cocoa, Fla.

Mostly Sunny Sky Over the Weekend

Showers forecast for today will move eastward, leaving skies mostly sunny in the Pontiac area through the weekend.

Here is the official U.S. Weather Bureau report:

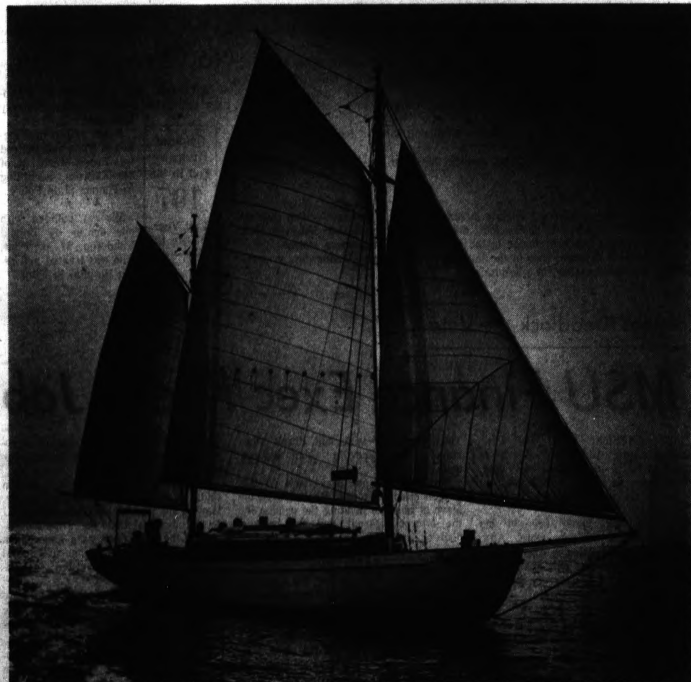

TODAY — A few brief showers or thundershowers are possible, but mostly sunny and warm. High 77 to 82. Low tonight 54 to 60.

Southerly winds at seven to 17 miles per hour early today will continue through the night.

TOMORROW — Partly sunny and warm.

MONDAY — Chance of showers or thundershowers and mild.

The low recorded temperature in downtown Pontiac preceding 8 a.m. was 62. By 12:30 p.m. the mercury had climbed to 78.

LAST SAILS OF SUMMER—As summer comes to an end, this sailboat on Lake Huron glides along in the fading sunset. The scene illustrates the dying days of summer in the Great Lakes State and heralds the advent of autumn tomorrow.

Soon this gaff-rigged craft will take her final trip of the year, and she will be hauled out and the gear stowed away — for another summer in the sun.

Pontiac Press Photo by Edward R. Noble

Dr. Oaks Says:

Stop Smoking in Stages

(EDITOR'S NOTE — This is today, is tomorrow, etc. or another is a weekly series of articles by the Oakland County Medical Society. Dr. Oaks is the collective voice of the society.)

Longevity — a longer life is hardly a factor of sufficient strength to alone persuade a smoker to discontinue smoking. The typical puffer is apt to slow down a bit for a while, but he won't abstain. He'll compromise.

"I just won't smoke as much," he tells himself, figuring silently that he'll settle for five when 10 years are available.

This type of rationalization in itself provides proof of the mental muscle behind the three-pronged advice offered in this series to discontinue smoking.

All-important phase one suggests plausible health gains from discontinuance. These are facts — known, documented and proven with no maybes or mighties.

PHASE ONE
Phase one is not easy, it may take weeks, even months. But, the self-directed brainwashing must be complete.

Phase two is then automatic. "I want to stop." It's that simple. No announcements made, no count downs — 20

thought of finality produces anxiety.

"I'm not stopping, I'm quitting," you say. What of that? The mind is a tricky thing. Actually, you'll be setting yourself up for the fall.

MONSTER LOOMS LARGE

Should the habit be resumed at a later date, for example, the monster called guilt looms large and real.

Resumption would openly reveal ambivalence, insincerity, subservience to the tobacco-filled tube. The tendency will be to hide, to sneak one.

The anxiety will mount until it becomes so unbearable that you are unbearable. The lesser of the two evils wins. Gleefully, the slave lights up.

How to resist resumption of the smoking habit? This is phase three — staying stopped. Again, it rests firmly on the brainwashing accomplished in phase one. The repeated admonitions, subconsciously rooted and subliminally discharged, become the mood and the new habit.

The facts against inhaled tobacco smoke are continually mounting. The seemingly unending presentation of facts upon facts provide reinforcement for the initial phase one mental gymnastics.

However, reinforcement is not really necessary when the former smoker realizes his new found control over his emotions. It amounts to a significant dose of self-approval.

(If you have a question for Dr. Oaks, send a card or letter to Oakland County Medical Society, 340 Park, Birmingham, 48009. Specific medical advice cannot be given.)

Contest Ends When It Should — on Last Lap

EL PASO, Tex. (AP) — Fourteen coeds were sitting on Min Wyley's lap when the chair collapsed.

That was the end of the last sitting contest Friday.

Wyley, 6-foot-5 255-pound senior at the University of Texas at El Paso, was treated at a hospital for cuts from the splintered back of the wooden chair.

When college officials called the contest off, the leader was Allen Mueller, 6-foot-7 and 208 pounds, clocked for 45 seconds with 13 coeds aboard.

The Ivy League consists of Yale, Harvard, Pennsylvania, Cornell, Princeton, Dartmouth, Columbia and Brown colleges.

MODERNIZATION

Cedar Planks And Beams In Brick-Floored Ranch Room Repeat Home's Natural Finished Exterior

Home on an Area Hilltop Proves a 3-Time Winner

By JODY HEADLEE
Home Editor, The Pontiac Press

The custom-designed home of the Irving A. Duffys is a winner all the way. It won the hearts of the Duffys as it developed from the home of their dreams into an exciting reality.

And, for its architect Carl Luckenbach of Birmingham, it won the first honor award in 1967 from the Detroit Chapter of the American Institute of Architects and the 1968 award of merit from the Michigan Society of Architects.

Built by Walter Desimpel of Birmingham, the dramatic one-story is located on a cleared hilltop in Oxford Township, its contemporary exterior of natural-finished cedar siding complemented by a hand-split shake roof.

The breathtaking beauty of the surrounding woods-dotted hills, and so that it would be in keeping with the size of the room. Its glass globes had to be specially blown. And as a safety measure, in case there was ever any breakage, we ordered a dozen extra.

ENTRANCE

Massive double doors lead from the entrance courtyard into the brick-floored foyer and hall allowing for a smooth traffic pattern between the master bedroom wing, the living and entertainment center, the nursery and guest rooms and the service wing.

A bittersweet, deep-piled rug in the center of the brick floor of the ranch room marks the conversation grouping before the brick fireplace.

"The chandelier," said Mr. Duffy, "was also designed by Carl Luckenbach so that it would be in keeping with the size of the room. Its glass globes had to be specially blown. And as a safety measure, in case there was ever any breakage, we ordered a dozen extra."

"The furniture," he continued, "is of Florentine leather with a rosewood base. We had it made in Italy."

CRYSTAL DISPLAY

Serving the triumvirate of sofas is a square cocktail table of bronzed glass, the special glass being used to absorb the light rays of the spotlights trained on the glittering crystal pieces on the table.

"The Sleuben piece," said Mr. Duffy, with more than a tinge of pride entering his voice, "depicts the surface of the moon. It was given to me when I retired as chairman of the board of Philco Corporation." The exquisite half round sparkles with a dignity befitting its cosmic counterpart.

Matching ceramic lamps on rosewood

block tables furnish additional light for the grouping.

An off-white chair and round ottoman await the browser's convenience in the room's book nook.

AUSTRIAN ANTIQUE

"The crucifix," said Mr. Duffy, nodding to the cross above the chair, "is an old crucifix from Austria which was given to us when our home was opened. It is an Austrian tradition to have it hang in a corner."

Mrs. Duffy, or Dr. Helga as she is fondly known by many of the owners of her animal patients, is a native of Austria.

An original bronze of the famous racing horse Man O'War by June Harrah on the room's credenza hints at the Duffys' devotion to horses and the sport of racing.

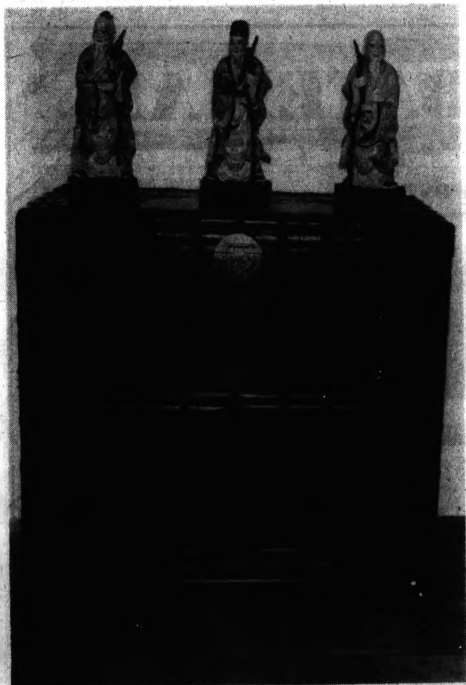

To enhance the contemporary mood established by the room's furnishings and design, the Duffys inject the permanence of the past by using a hand-carved leakwood oriental chest topped by three rare porcelain mandarins.

The Duffys will open their home for the Oxford Junior Women's Club annual Fall Home Tour. Proceeds of the tour, to be held Oct. 2, from 11 a.m. to 5 p.m., will purchase playground equipment for the Oxford Area Community Schools.

built by LEON BLACHURA, General Contractor, Inc.

Soft Look Achieved by Shutters

From authentic Colonials to contemporary ramblers, the designer turns to shutters for softening the exterior and making the windows more interesting. Homeowners can achieve the same effect by having shutters installed on their present home.

Aluminum shutters are inexpensive, easy to install, require a minimum of attention and add charm to your home, according to The Aluminum Association.

Today's aluminum shutters are normally fixed in position to provide decorative treatment to your home. They are factory pre-painted in many colors to blend with your home's color styling.

Architects advise care in selecting the proper size. A unit that is longer or shorter than the window will detract rather than add to your home's appearance. The shutter should extend from the top of the window frame to the bottom of the window sill. Long units are used next to doors to carry out a fully framed look.

The baked enamel finish on aluminum shutters requires little care and stay clean with an occasional washing down with a garden hose. Shutters can be installed in minutes over any wall surface, aluminum, wood or brick and are secured with aluminum screws included.

Decorators have recently brought shutters into the home interior and suggested their use in wall treatments and as room dividers. This seems to follow designers' desires to coordinate exterior and interior treatments.

Yes, we take the pains to be

"Old Fashioned" builders

That's why Kampsen Built Homes consistently re-sell at higher prices

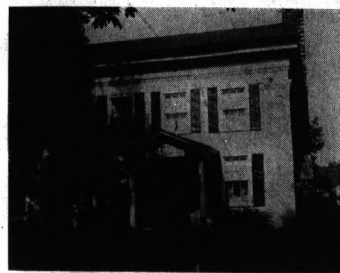

The other day a man who wanted to pay us a compliment called us "Old-Fashioned" builders. "I mean", he said, "you go on building to quality standard. You don't take construction short-cuts . . . or compromise on materials. Well, I'm glad you build the way you do. It means that, if I ever have to sell my Kampsen Built Home, I'm going to get more money for it than for any other comparably priced home I might have bought!" Yes, we're "old-fashioned" that way. "Old-fashioned" in our ideas about service, too. We believe that every buyer of a Kampsen Built home is entitled to prompt, thorough service. That's why we only build in areas where we can give service to our homeowners. We like to "stay on top" of the homes we've built.

When money is the object and value a must . . .

Understanding Is Key

Toilet Repairs Are Easy

By MR. FIX

The typical flush-type toilet tank has remained pretty much unchanged over the years. Parts are easy to come by and in spite of what the average person thinks, repairs are not terribly complicated.

When the tank doesn't operate properly, not only is there impaired efficiency, there is noise as well. And don't forget the waste of water which can be considerable over a period of time.

Take a look inside the tank sometime and watch how it works. Set the tank cover aside carefully. If you break it you may have to buy a whole new

Parts for your toilet are easy to come by.

outfit. Covers alone are hard to come by.

Pushing down on the handle outside the tank raises a trip lever. This pulls a lift rod upward which lifts the tank ball off of its seat. This uncovers the opening at the bottom of the tank allowing the water from the tank to rush into the toilet bowl.

FLOAT BALL

With the water inside the tank going down, a large float ball goes down with it. The float ball is connected by way of an arm to the inlet valve. As the ball and arm are depressed the valve opens to allow more water to rush in.

The tank ball floats upward (it is hollow at the bottom) when it is raised. But as the water level drops the ball falls back down and is reset against the opening when the tank is emptied.

The fresh water holds the ball firmly against the seat. Meanwhile, the float ball is rising until it turns off the inlet valve as the water is restored to its former level.

There is a little more to it than that, such as part of the water entering through the inlet valve being diverted through another tube through the overflow tube into the bowl. That adds water to the bowl to seal the trap.

A HELP

Understanding the operation you will be able to determine where the trouble is.

The problem most likely to occur is one in which water continues to run into the bowl and the tank itself never seems to fill up.

This is caused by the tank ball not being seated properly. Since the tank ball wears in time it is best to replace it. Turn off the water, or support the float arm with a piece of string tied to a stick placed across the top of the tank.

Unscrew the ball from the lift rod and replace with a new one.

ADJUSTING
If even a new ball doesn't seat properly the rod guide might need adjusting. This is a horizontal piece of metal fastened to the overflow tube. Through the other end of it passes the lift rod. The guide can be moved to

adjust the float arm which is made of heavy gauge wire. If the ball is not rising high enough, then bend the wire downward at its middle.

This will allow the ball to rise higher than it would with a straight arm. You will have to experiment to get the right adjustment.

If the trouble is not with the float ball or arm, then the inlet valve itself may be at fault. There is a washer inside at the top of the valve, right beneath the plunger that moves up and down.

PLUNGER

To reach this plunger you will have to remove the float arm linkage at the top of the valve. There may be either a setscrew or a pin. Then pull up the whole plunger to get at the washer.

Aluminum Siding Conserves Heat

If you had to set your thermostat at 75 or 80 degrees last winter to heat your home, your heating system is not operating efficiently and your fuel bills are too high.

One of the chief causes of heating problems is insufficient insulation, he says. Most homes, especially those built before 1965, have a little or no insulation in the walls. To correct this situation, homeowners previously had to have insulation blown into wall cavities, a costly and difficult process.

Today, many homeowners are looking into the insulation qualities of aluminum siding. In addition to the savings it offers on periodic exterior repainting, the aluminum siding has reflective properties that bounce the heat from heating system back into the house. Special interlocking designs prevent outdoor drafts from entering. Insulation is obtained without altering interior walls.

Fuller details on the insulation properties of aluminum siding as well as its other properties are available in a free booklet, "26 Straight Answers on Aluminum Siding." For a copy, write to "26-Answer Booklet," Building Products Division, Alcan Aluminum Corporation, 100 Erieview Plaza, Cleveland, Ohio 44144.
