

Sneak Snowstorm Buries City, Ties Up Traffic

Ohio River Flood Fled by Thousands

CINCINNATI, Ohio (AP) — An Ohio River flood, threatening to be at least the fourth worst in recorded history, had driven thousands from their homes today in Ohio, Indiana and Kentucky.

There were at least four deaths in Ohio.

Refugees, hauled from their flooded homes by trucks and boats, crowded shelter areas in Cincinnati and in many smaller river-front towns.

N. H. Primary Poses Puzzle

Storm, Write-In Vote
Compound the Riddle

CONCORD, N.H. (AP) — A

swirling snowstorm and early write-in votes for Henry Cabot Lodge and Richard M. Nixon compounded the Republican riddle today as New Hampshire voters cast their ballots in the nation's lead-off presidential primary.

With seven votes, Arizona Sen. Barry Goldwater held a one vote edge, but Lodge was right behind him as a trickle of votes from mountain hamlets began the tide that will shape up the battle for the GOP nomination.

Goldwater's name was on the ballot, Lodge's and Nixon's were not.

New York Gov. Nelson A. Rockefeller, who, like Goldwater, has been stumping New Hampshire all winter, had three votes, and Nixon had five write-in ballots.

Those early votes were from the north country communities of Dixville Notch, Hart's Location and Ellsworth.

Maine Sen. Margaret Chase Smith, who is on the ballot as a presidential candidate, had more votes than anyone else. But all eight Smith votes were write-ins for vice president.

As the hamlet votes provided early clues to New Hampshire's thinking, a late-winter snowstorm piled up five inches in Concord.

The weatherman said the snow would blanket the entire state and pile up to six inches in central New Hampshire.

It was almost certain to hold down the voter turnout—which had been expected to total 90,000 to 100,000.

But the candidates' men were not venturing any guesses as to what a lighter turnout would mean when all the votes are counted.

Polling hours vary, with an 8 p.m. deadline.

WHAT'S THE USE? — The more you shovel, the more snow there is, discovered Joe Thorne as he manfully tried to clear a store sidewalk at Saginaw and E. Lawrence at the height of this morning's storm. Streets were in even worse shape as the snowfall piled up in the wake of plows and salt trucks and traffic was all but brought to a standstill.

Commission to Air Offer for Urban Renewal Parcel

Tonight may be the turning point in Pontiac's urban renewal redevelopment program.

At their 8 p.m. meeting, City Commissioners are slated to accept a proposal from urban renewal developer Charles L. Langs for the development of a shopping center on 4.44 acres of downtown urban renewal land.

In the planning stage for two years, the development involves land bounded by the west leg of the perimeter road (Case extended), Jackson, S. Saginaw and Orchard Lake Avenue.

Langs has offered to buy the property for a tentative price of approximately \$183,000 and has given the city the required five per cent (\$9,300) deposit.

PRELIMINARY PLANS
The preliminary plans call for about 47,700 square feet of building space, with the major tenant an A&P supermarket.

The A&P store would take about 12,500 square feet and the balance of the building space would be leased to other tenants.

There would be 3.2 square feet of off-street parking for every square foot of building space.

Tonight's action would amount

to a tentative approval of the sale and redevelopment of the land parcel by the city.

NEEDS FEDERAL OK
Langs' proposal and price offer would still be subject to approval by federal urban renewal officials and a local public hearing before the commission can grant final approval to the sales contract.

In other business, a public hearing and final approval is slated for a contract to sell 21 lots in the R20 urban renewal project to Goodell Builders, Inc.

The firm's offer and proposal to build single-family dwellings was tentatively approved by commissioners last November and has been okayed by federal officials.

Goodell is paying \$31,500 for the lots which lie in an area

Driving Made Hazardous by Four Inch Fall

Salt Crews Caught
by Surprise as Only
Light Snow Predicted

A sneak storm dumped four inches of snow on Oakland County this morning all but paralyzing traffic.

City streets were hazardous, but even major state trunk lines usually kept clear, were almost impassable.

The storm, spawned in the Far West by a mixture of cold Canadian air and a moist Gulf Coast front, swirled up from the Southwest to catch the weatherman off guard.

Only light snow had been predicted until the storm warning was given at 5 a. m.

Throughout the Detroit metropolitan area salt crews were not alerted until it was almost too late.

STREETS BLOCKED
Partially clear streets were soon blocked by intersection tie-ups, accidents and slippery spots.

Pontiac police report virtually all downtown intersections had traffic jams at various times this morning. By noon the police switchboard was loaded with accident calls and citizens complaining about slippery streets.

City police say the storm caused a number of accidents, mostly of the rear-end variety. One, on Huron at Cass, was a six-car chain accident. There were no serious injuries reported.

State and Oakland County sheriff's officers were busy on out-county roads, investigating accidents and untangling traffic.

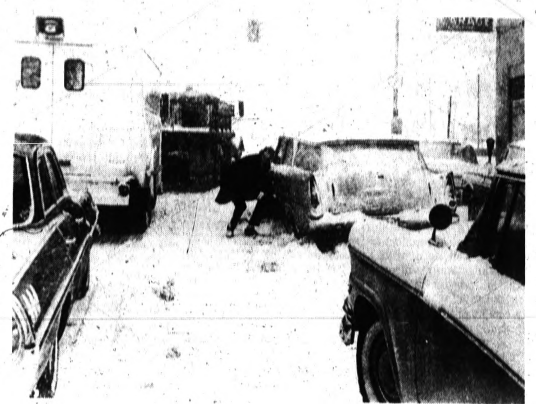

POLICE REPORT
State police reported Tele-graph, 1-75, M59 and other major routes were almost impassable. An occasional car was able to get through, passing trucks which had pulled off the road or skidded into ditches.

An Oakland County Road Commission fleet of some 100 salt trucks and plows were at work throughout the morning, but had almost no noticeable effect.

A layer of salt spread on slippery roads disappeared under more snowfall before it could begin to melt the hardpacked snow.

The heavy snow was made

GRUNT, PUSH, CUSS — This morning's 4-inch snowfall was a snow tire advertisement come true. This unknown motorist struggled more than a half hour with rags, ropes and brute force to get his station wagon moving up the slippery incline of West Huron at Wayne. Countless area drivers experienced the same tire-spinning frustration.

Harsh Weather Cripples Sections of United States

By The Associated Press

Snow, rain, floods and tornadoes wove a path of misery and destruction through sections of the United States today.

The snow belt stretched from New England down into Kansas and Oklahoma, and caused at least three deaths in St. Louis.

In other sections, mostly in the Midwest, Southwest, East and Southeast, rain and sleet caused hundreds of traffic accidents, stalled thousands of motorists and forced many rivers and streams beyond their banks.

Thousands of families were driven from homes by flood waters.

Highways in Pennsylvania, Ohio, Kentucky, Indiana and Missouri were closed because rains had forced creeks and rivers over their banks.

PLANE CRASHES
An airplane carrying three men and a cargo of freight crashed today into a Boston waterfront lumber yard during a sleet and near-gale storm. All three were killed.

Scores of schools and places of business were shut down by swollen rivers and streams.

The rainfall since yesterday averaged between 5 and 8 inches in much of the flood area.

At Louisville nearly 7 inches of rain up to 7 a. m. today brought the month's total to 12.88 inches, highest monthly figure in its history.

AID EVACUATION
The Red Cross and National Guardsmen aided evacuation of families from flooded areas in the Ohio River valley, hardest hit by the new rains.

An intense storm centered over Kentucky and rain splashed the region for the fifth day this month. Weather Bureau officials said the rain may end in many areas today.

Snow, sleet and rain hit areas from Oklahoma and Texas to New England. Nearly a foot of snow fell at Tahlequah in eastern Oklahoma during a surprise storm yesterday.

MORE SNOW
Another belt of snow, sleet and rain pelted areas from Kansas and Arkansas to southern Illinois. The storm dropped 10 inches of snow in some parts of northwest Arkansas, with six inches reported in a six-hour period in St. Louis.

Heavy snow was forecast along a narrow band from east central Missouri through central Ohio with the possibility the wet belt might extend into mountain areas of Pennsylvania and New England.

In Kentucky, hard hit by the overflows, Louisville was

LARRY SPENCER

Missing Boy Home; Spent Night in Store

A night-long vigil by the parents of a missing 12-year-old boy ended at 11 a. m. today when the youngster returned home unharmed.

Larry Spencer told his parents, Mr. and Mrs. Thomas Spencer, 137 W. Sheffield, that he had spent the night sleeping in a camping tent inside the K-Mart department store. He stayed in the store after it closed.

He said he had gone there after breaking away from two men who grabbed him as he left the home of his grandparents, Mr. and Mrs. James Spencer, 623 E. Kennett.

He was on his way to visit a boy friend who lives across the street from his grandparents.

REPORT TO POLICE
His disappearance was reported to Pontiac police after his mother and grandparents heard "a cry for help" outside and then learned that he did not arrive at the friend's home.

The scream was heard at 7:30 p. m., a few moments after Larry left the house.

A seventh grader at Lincoln Junior High School, Larry said he was in the middle of the street when he was approached.

He said the pair started to chase him but after that he never looked back.

Pontiac police said the attempted abduction would be investigated.

Bulletin

BONN, Germany (AP) — The U.S. Embassy here said today it had a report that a U.S. Air Force plane is missing over East Germany.

STORM HITS — This is spring? A sudden March snowstorm dumped over 3 inches of snow on Oakland County this morning, about equalling all that fell throughout February.

This scene in downtown Pontiac was typical, with cars spinning slowly forward and visibility reduced to fog level.

Pontiac Press Photo

On Redistricting

Oakland in Dilemma

By JIM DYGERT
This redistricting mess is getting so that an area like Oakland County needs a computer just to keep track of the possibilities.
As a fast-growing area, the county is smack in the center of the changes. It has a center of Michigan's political efforts to bring representation in the U.S. Congress and the state legislature in line with population.
Some of the possibilities visible in the confusion are pretty far out.
Depending on what a federal panel of three judges does...

News Analysis

March 23 with the state's 19 congressional districts, the county could end up this year with

as few as no congressmen or as many as 19.
This is admittedly absurd and unlikely, but theoretically quite possible if the federal judges say the districts can't be used this year, the state legislature fails to draw new ones in time, and all 19 are elected at-large in the state.
Or, depending on several things, the county could have state senators numbering anywhere from zero to 35 — with members one and three, however, having the most probability.
In state representatives, the possibility for the county ranges from zero all the way up to 110 — although 6, 9 or 10 are admittedly more likely.
The county now has no congressmen, but would probably elect two this year under the 1963 districting that split part of the county off the old 18th and put it into the 19th with Livingston County.

WERENT EQUAL
Many hope that the federal court, which said the districts were not equal enough in population to be constitutional, will let the state use them this year, and fix them by 1966.
If not, the legislators hope to have new districts ready in time. Among the possible changes would be to join part of Wayne County to the 18th.
Others might be to shift Avon Township from the 18th to the 19th (thus putting Republican candidate James P. Dickerson, who recently moved from the 18th to the 19th, back in the 18th) and to add Lapeer and Shiawassee county to the 19th.

Both 18th and 19th are under the 411,000 average, the 18th by 7 per cent and the 19th by 16 per cent. Members of Gov. George Romney's staff are working on a plan in which districts would not vary from the average by more than 5 per cent.
AWAITING WORD
In State Legislative reapportionment, the State Supreme Court has deferred action until it gets more precise word from the federal courts on what equality of representation is.
"It's up to the Legislature to act," says State Rep. Henry M. Hogan Jr., R-Bloomfield Hills, author of a resolution expected to reach a vote today. It would amend the state's 1963 constitution to freeze House districts as they are now and provide for the Senate to redistrict itself.
If that fails, another resolution is expected to be introduced to keep incumbent senators and representatives in office so that Michigan will have a legislature.

Oakland County now has six House seats and one senator. If reapportionment manages to arrive before 1964 elections, it would get nine of 10 House seats and three senators under any plan so far advanced.
Another possible outcome is at-large elections in which statewide votes could elect legislators from any part of the state—meaning, theoretically, any number could come from Oakland County.

At the grave as the rifles bark and the bugle sounds taps were to be his parents, Mr. and Mrs. Elmer A. Palencsar of Philadelphia and Chews Landing, N.J.; his sister, Mrs. Edward Kovach, a Cleveland lawyer; and some 20 other relatives.

LOVED AVIATION
From his boyhood, Bob Palencsar was in love with aviation. In 1939 he joined the Army Air Corps. When Gen. Dwight D. Eisenhower invaded North Africa, Bob and his plane were catapulted from the carrier Shenango to join the fight. He was a member of the 60th Fighter Squadron, known as the "Fighting Crows."

WASHINGTON (AP) — The Labor Department for the first time has published figures indicating that total unemployment may be far higher than the 4.5 million persons shown in latest official statistics.
The figures show that among white men aged 45 to 54 with four years or less of education, 221 out of every 1,000 are not working.
Of these, 4 are listed as unemployed and 137 as not in the labor force.
A man of 39 with college degrees, the corresponding figure shrinks to 39 who are not working, including 10 unemployed and 29 not in the labor force.
The figures showed that out of every 1,000 white men 25 to 64 years old, 82 are not working, including 33 listed as unemployed and 49 as not in the labor force.

BOSTON AIR CRASH—An air freight plane crashed into a lumber yard on Castle Island of Boston, Mass., today, killing three crewmen and two lumberyard workers. The plane was a DC4, four-engine Slick Airlines craft. It hit the waterfront terminal as it reeled from a steep climb and was trying to land at Logan International Airport.

Snowstorm Hits County

(Continued From Page One)
worse by 25 to 30-mile-per-hour winds which caused drifting.
Factory morning shift workers throughout the area were at their jobs before the snowfall began to accumulate by 8 a.m. to slow office, and store-bound employees.
Most school buses ran late this morning. Bloomfield Township, which operates one of the larger school bus fleets in the county, reports all runs were completed although they were delayed by traffic.
One local AAA service station reported countless calls from stranded and stuck motorists. The station had five tow trucks on the road but told motorists they could expect an hour's wait.

Commission to Air Offer for Property

(Continued From Page One)
bounded by Whittemore, Perkins, Cottage and Center.
TRUNK SEWER
Commissioners will also act on a resolution ordering construction of a Sylvan Lake trunk sewer as a public necessity this year.

The present trunk serving southwest Pontiac and Sylvan Lake has "deficient capacity," according to City Engineer Joseph E. Nepling, who recommended the public necessity resolution.
Bids received for the planting of some 139 trees in the 12th urban renewal project will also be presented to commissioners for okay tonight.
The preliminary tabulation shows the low bidder to be DeAngelo Landscaping Co. of Flat Rock. The firm bid \$3,616.80 to do the job.

RIGHT-OF-WAY
Commissioners are expected to approve resolutions ordering city officials to purchase right-of-way for the proposed Murphy Park relief sewer and the extension of East Boulevard to Woodward.
A date is also to be set for accepting bids on the Murphy Park sewer and on demolition of the old public library building at Lawrence and Williams and the city electrical shop building on Water across from city hall.
Commissioners are also slated to get several planning commission recommendations on the lengthy agenda.

Weather forecast for lower Michigan is cloudy with snow and blowing snow gradually ending this afternoon.
The weather tonight will be clearing and colder, low 10 to 18 in the north and 18 to 25 in the south. Wednesday will be partly cloudy and warmer, high 32 to 38 north, and 35 to 43 in the south.

The 3- to 5-inch snowfall hit across Michigan from Grand Rapids to Flint on the north, and into northern Indiana and Ohio to the south.

NEW YORK (AP)—High-altitude RB57 reconnaissance bombers with several advantages over the U2 are reported to have been flying missions over Communist China for several years, the New York Times says.
The Department of Defense denied the report, printed last night.

An American Broadcasting Co. television program reported last night that the RB57, a new U.S. reconnaissance plane, has been flying over the heartland of Communist China photographing industrial and military facilities.

The boy was arrested after an hour-long stand-off with police at his locked home. Officers finally discovered an open entrance to the basement. Charles did not shoot at police.
Juvenile Court waived jurisdiction in the case.

Police said Charles, who had a record of trouble with police dating from his 12th birthday, was despondent over being forbidden to see a 16-year-old girl who had run away with him six weeks earlier in an unsuccessful marriage attempt.

Birmingham Area News

City to Seek Ordinance on Teen Cigarette Sales

BIRMINGHAM — The City Commission last night took a first step in a crackdown on the illegal sale of cigarettes to minors.
A retired chemist, Mr. Hulbert had been assistant superintendent of the Detroit Water Department from 1923 to 1949. He was a member of the Torch Club of Detroit, the American Society of Chemical Engineers, a life member of Birmingham Lodge No. 44, F&AM, and a cofounder of the Birmingham-Northwest Detroit Astronomical Society.
Surviving are his wife, Helen J.; three sons, John R. of Dearborn and Lawrence A. and William B., both of Birmingham; two sisters, Mrs. David W. Thornberry of Birmingham and Mrs. Frank Kraft of Cincinnati, Ohio; and five grandchildren.

City Attorney James Howlett was directed by the commission to prepare an ordinance for the licensing of cigarette vending machines.
The provisions of the ordinance would make it possible to revoke the license of any proprietor permitting the sale of cigarettes to anyone under 21 years of age.
Anyone found guilty would have to remove the vending machine from the premises.

NO JUSTIFICATION
City Commissioner Carl F. Ingraham, who initiated an inquiry into the sale of cigarettes, said, "I see little justification in not enforcing the law."

"The prosecutor's office said they would cooperate," said Ingraham.
State law prohibits the sale of tobacco to persons under 21 as well as the use of cigarettes by anyone below that age.

Police Chief Ralph W. Moxley said a recent survey in the city showed that not one of the business establishments checked had good control over the sale of cigarettes from vending machines.

Hostilities Resume Over Districting

LANSING (AP) — Hostilities over apportionment resumed today in the legislature, with a Democratic House member ready to propose a unique "weighted vote" plan as a possible compromise answer to the confusion.

The plan, worked-out by Rep. William Ryan, D-Detroit, was injected as a fresh alternative Democrats prepared for a caucus held since late last week as crucial for the Republican proposals.

Key changes would freeze House districts for the 1964 election and set general guidelines for reapportionment of the Senate.

Democrats are balking at the GOP plans, contending it would be better to await a ruling by the Michigan Supreme Court on apportionment, expected April 15.

Plugging a new for the GOP plan, Ryan termed the apportionment middle "a serious problem that must be resolved within a very few days."

He challenged Democrats to ignore what he called pressure by the Michigan AFL-CIO officials who oppose the plan. Green last week had accused the unionists of "arm twisting tactics."

Ryan said he offered his plan as an amendment to the GOP-sponsored resolutions and would ask for support from both parties.

Expense Reports Due at City Hall

City Clerk Olga Berkeley today reminded candidates in the March 2 city primary that they have until midnight Thursday to file campaign expense statements in her office at City Hall.

State election laws require that all money donated to or spent by a candidate or treasurer of a political campaign committee be reported by the candidate or campaign committee treasurer.

The law states that this statement of campaign expenses be filed with the clerk within 10 days after a primary election. The law applies to losing candidates as well as winners.

In Arlington Cemetery

World War II Pilot's Body Now at Rest

WASHINGTON (AP) — "He was such a fine boy," says his father. "He wrote home every day, even when in World War II combat. So I just had to find out what happened to him."

Thus the 31-year quest ended today with the interment in Arlington National Cemetery of Lt. Robert J. Palencsar, killed March 29, 1943, on a strafing raid in North Africa.

At the grave as the rifles bark and the bugle sounds taps were to be his parents, Mr. and Mrs. Elmer A. Palencsar of Philadelphia and Chews Landing, N.J.; his sister, Mrs. Edward Kovach, a Cleveland lawyer; and some 20 other relatives.

LOVED AVIATION
From his boyhood, Bob Palencsar was in love with aviation. In 1939 he joined the Army Air Corps. When Gen. Dwight D. Eisenhower invaded North Africa, Bob and his plane were catapulted from the carrier Shenango to join the fight. He was a member of the 60th Fighter Squadron, known as the "Fighting Crows."

WASHINGTON (AP) — The Labor Department for the first time has published figures indicating that total unemployment may be far higher than the 4.5 million persons shown in latest official statistics.
The figures show that among white men aged 45 to 54 with four years or less of education, 221 out of every 1,000 are not working.
Of these, 4 are listed as unemployed and 137 as not in the labor force.
A man of 39 with college degrees, the corresponding figure shrinks to 39 who are not working, including 10 unemployed and 29 not in the labor force.
The figures showed that out of every 1,000 white men 25 to 64 years old, 82 are not working, including 33 listed as unemployed and 49 as not in the labor force.

On March 29, 1943, the war ended for Bob. He was 22. In a treetop height rally against Germans and Italians at Mezzouna, Tunisia, he encountered heavy fire from the ground. His plane caught fire, limped 10 miles past the town, and crashed.

The area was in enemy hands and, amid the fog of war, all the Army could tell his parents was that he was missing in action. Later, Allied forces overran the area. It was reported that the lieutenant's body had been buried by the enemy near the crash site, but his remains could not be identified.

The father, an electrical contractor now semi-retired, was determined to know more. He corresponded with Bob's fellow officers, ran down every clue. Two years ago he and his wife went to Tunisia. The rainy season prevented them from making a thorough search.

APPEAL TO PRESIDENT
The father appealed to President John F. Kennedy. A famed investigator, Wesley A. Neep of

the Army Mortuary Service, was assigned.
He interviewed Arabs, former gendarmes, French, German and Italian authorities and delved into burial records of

Police Call Her a Heroine

Talks Convict Into Surrender

MUNITH (AP) — "I never talked so much in my life," said Marian Poxson, 40-year-old housewife, after she persuaded an escaped convict to surrender.

"I talked to him like he was my son," she said. "He needed help."

Mrs. Poxson, a small, plumpish woman, talked convicted forger Lester B. Dionne, 35, into giving himself up after a hectic frightening period Monday.

Police described Mrs. Poxson as a heroine.

'No Violence
in Negro Drive'Muslim Leader Hits
Remarks of Ex-Aide

PHOENIX, Ariz. (AP) — The leader of the Black Muslims predicts the Negro will not turn to violence in the quest for equal justice.

Elijah Muhammad made the observation in his Phoenix home Monday after learning that his former top aide, Malcolm X, was breaking away from the organization.

Malcolm X said his action was an effort to convert non-Muslim Negroes "from nonviolence to active self-defense against white supremacists in all parts of the country."

Muhammad, 65, spoke quietly of the defection, his eyes sometimes watering.

ADAPTED TO PEACE

"My people are more adapted to peace," he said. "They believe in peaceful solutions."

He said Malcolm X is too smart to start any violence, adding that "he has no guns, no ammunition."

Malcolm X had been a Muslim for nine years.

"We are surprised," said Muhammad. "I never dreamed this man would deviate from the nation of Islam. Every one of the Muslims admired him. But what he has said makes it definite. He has deviated."

NO EFFECT

Muhammad said he felt the announcement by Malcolm X would have little or no effect on the civil rights bill pending in Congress or on the attitudes of the nation's Negroes.

The chief of a group involving an estimated 275,000 Negroes, Muhammad said his movement would continue the peaceful approach in an attempt "to follow the revelations which came to me from Allah."

He said Muslims believe in separation of race only "if America will not give us equal justice."

If this is not attained, he said the Muslims want "the slave master and his slave to be separated."

"Let us return to where they brought us from," he said, "and if not that, then give us some territory and give us a little start and let us live by ourselves."

Fire, Blast Destroy

Atlas, \$11-Million Silo.

ROSWELL, N.M. (AP) — A fire and explosion during a training exercise Monday destroyed an Atlas intercontinental missile and its \$11-million silo 33 miles northeast of Roswell. No one was hurt.

It was the third similar incident within a year and reduced the squadron of ICBM's deployed around Roswell and Walker Air Force Base to nine. The cause of the fire and explosion have not been determined.

A threatened kidnapping, two home break-ins, and a high-speed auto ride with Mrs. Poxson at the wheel praying for police intervention figured in the series of events.

A state police alarm was out. Road blocks were up.

"An unusual woman," said Gus Harrison, state corrections commissioner, after Mrs. Poxson marched Dionne into his office, climaxing six tense hours.

Dionne, fugitive from a southern Michigan state prison farm, had emerged from a barn hide-out in mid-morning.

WEARING MASK

With a red bandanna handkerchief on his face, he broke into the home of Connie Poxson, 29, daughter-in-law of Marian and mother of six children. The Poxson homes are close to each other.

Though the younger Mrs. Poxson said Dionne seized her by the neck, she also said he meant her no harm.

"He said he didn't want to hurt me, all he wanted was some food and money," Mrs. Poxson said. She was alone with the children. Her husband, Larry, 27, was at work.

Catching him unawares, Mrs. Poxson fled to her mother-in-law's house. Dionne pursued her with an open scissor. Again, he did not harm her.

TAKES CHARGE

At that point, the elder Mrs. Poxson took charge. Dionne wanted to be taken to see his parents. The elder Mrs. Poxson took the scissors from Dionne.

She drove Dionne to the River Rouge near Detroit, where they picked up Dionne's mother, Adeline Pament, as they doubled

DO YOU TAKE
VITAMINS AND
STILL FEEL TIRED?*

If you take vitamins and still feel tired, your trouble may be due to iron-poor blood. Vitamins alone can't build up iron-poor blood. But GERTROL can because just two GERTROL tablets, or two tablespoons of liquid GERTROL, contain 7 vitamins plus twice the iron in 14¢ of calves' liver.

In only one day GERTROL-iron is in your bloodstream beginning to carry strength and energy to every part of your body. Check with your doctor and if you've been feeling tired because of iron-poor blood, take GERTROL, liquid or tablets, every day. You'll feel stronger, less in just 7 days or money back from GERTROL.

*Due to iron deficiency

Simms Bros. 98 N. Saginaw

back to Lansing, another 75 miles. Mrs. Poxson drove up to 90 miles an hour hoping to attract police.

In Lansing, while she bought Dionne a hamburger and coffee, Mrs. Poxson called Harrison's office.

"Bring him in," she was instructed. Mrs. Poxson, 5-foot-8, and about 140 pounds, did so. Dionne, 5-foot-8, about 130, came along quietly. Two officers met them. Dionne was locked up for return to prison.

Mrs. Poxson apologized for her slacks and sweat shirt.

"I didn't have time to change," she said.

Mrs. Poxson and Dionne parted friends. "He asked me to write him and I promised I would," she said.

How many ways
does exercise
help your child?

We're all aware of the more obvious benefits of exercise—to develop strength, skill, agility. But exercise has other important benefits. For instance, it is good for the heart and blood vessels. Indeed, daily, vigorous activity may be the most important factor in preventing or delaying heart disease. Moreover, the better a youngster's physical condition, the more likely he is to do well in his studies. And the physically fit boy or girl certainly measures up to challenging or competitive situations with a sureness that the "under-developed" child often lacks. Don't you agree that your child should have both the immediate and the long-range benefits of exercise? Won't you see to it that his school has a daily program that can improve every child's fitness? For more information, please send for the free leaflet offered by the President's Council on Physical Fitness, Washington 25, D. C.

Can Hypnotist Win Election? Wife Votes No

GLOUCESTER, England—A hypnotist, Henry Blythe, today announced his plan of campaign for the Gloucester City Council. "I shall tell everyone to look into my eyes and order them to vote for me."

Blythe, 66, is an Independent Conservative. The election is early next month.

"I shall perform mass hypnosis from a van, the sides of which will be plastered with gigantic pictures of my face," he said.

After being elected, he continued, he will hypnotize the rest of the council and will them into agreeing with everything he suggests.

Blythe added: WIFE TO RUN

"My wife votes labor. She swears that if I win by this methods she will oppose me at the next election and try to knock me out. But she is the easiest person in the world to hypnotize."

The Blythes have six children.

Nutrition Expert Warns of Health Food Charlatans

WASHINGTON (UPI)—A nutrition expert said today hucksters of phony food supplements and dietary plans enjoy about a \$500-million annual intake from health-conscious Americans.

"Recently, sea water has become popular with the food faddists," said Dr. Frederick R. Stare, Harvard University nutritionist.

Stare was among a number of witnesses scheduled to testify on medical quackery, at the second day of hearings by the Senate subcommittee on frauds and the elderly.

The panel, headed by Sen. Harrison A. Williams, D-N.J., focused attention on food and diet schemes.

SMOOTH RACKET

In prepared remarks, Stare said "Nutrition quackery has become one of the smoothest and best organized rackets in the country."

The American Medical Association estimated "the take from the innocent" at \$500 million a year.

Elderly persons are "particularly gullible," he said, because of the "eternal hope of living longer and keeping one's health."

As for the sea-water fad, Stare said it would not do anyone much good to gulp a high-priced special glass of nature's own ocean water.

ORDINARY DIET

With the possible exception of iodine, the same mineral elements are present in common foods and "abundantly supplied by the ordinary diet," he said.

Henry B. Montague, chief postal inspector, said in prepared remarks that an esti-

mated \$57.9 million was fished from the public last year through various consumer mail fraud schemes which were investigated by the Post Office Department.

These included, but were not limited to, medical frauds and quack schemes.

Dr. Dena Cederquist, Michigan State University nutritionist, cited "a few representative claims made by authors of books and writers of advertising copy."

In all cases, Cederquist said in a prepared statement, the examples cited were "flagrant lies or gross misrepresentations." He did not identify any of the publications or advertising media.

MISINFORMATION

But he emphasized that the examples cited were the "kind of misinformation with which the vulnerable senior citizen is persistently bombarded."

"Money which could and should be used for medical care, better housing or just for fun is spent for unnecessary nutritional supplements," he said.

BLOCKS GOV. WALLACE—Stowell V. Kessler, a Maryland integrationist, leans against the limousine of Gov. George C. Wallace after the Alabama chief executive filed for Maryland's May 19 presidential primary yesterday at Annapolis. A silhouette of Wallace may be seen in car's rear window. Police removed Kessler, who then threw himself to the pavement and had to be dragged away.

Opera Tenor Is Killed in New York Collision

MASPEITI, N.Y. (AP)—Alessio de Paolis, 71, an internationally known opera tenor, was killed Monday in a two-car col-

lision on the Long Island Expressway.

De Paolis, who made his debut at the Metropolitan Opera House in 1936, also had appeared at the San Francisco Opera and at the La Scala in Milan, Italy.

New idea in life insurance!

Nationwide's "Adjustable Plan" lets one policy do the work of four

You buy one policy, then add or subtract other kinds of protection as often as your needs change. It is the most flexible plan ever.

Include any of these "Benefits" in one Nationwide policy. Add or subtract them as your needs change.

These 4 "Benefits" required separate policies until now

Life and Children Benefit: Provides insurance for wife and each child. Children born later are insured after 15 days at no extra cost. It also guarantees your children can get more insurance when they are 22 regardless of their health.

College Savings Benefit: Provides money to pay for children's college education. You pay as much as 15 percent less for this plan than for all other college endowment-type plans. Nationwide guarantees substantial interest on your money.

Family Security Benefit: Low-cost, extra insurance for father. It provides a large amount of protection while children are young. Then it decreases in value as children grow older. It is called decreasing term insurance.

"Level Term" Benefit: Term insurance. It runs for a specific term—5, 10, 20 years. Does not build up cash value. It is pure insurance. It costs less than insurance that builds up cash value. Level term pays full amount if you die within term.

These 5 "Benefits" can also be added to your one policy

"Dividend Term" Benefit: Insurance that is completely paid for by the dividends from your basic Nationwide Life Insurance policy. Requires no out-of-pocket expense.

Guaranteed Insurability Benefit: Lets you buy more life insurance—as much as \$60,000 more—as you get older, regardless of your health. Eliminates medical check-ups to get insurance.

Accidental Death Benefit: Can provide as much as two and three times the face amount of your basic life insurance policy if death is a result of an accident. A "must" if you travel a lot.

Waiver of Premium Benefit: Self-completing "Benefit." If you become totally and permanently disabled, Nationwide will pay all your insurance premiums for you.

Retirement Benefit: Guarantees your right to buy retirement income anytime in the future at today's low prices. This "Benefit" can save you quite a bit of money when you retire.

Until today, if you had a life insurance policy on yourself, you had to buy a new policy to insure your wife. Another for your mortgage. And so on. Complicated, and you paid extra to have the new policies written.

Today, Nationwide's "Adjustable Life Plan" ends all this. It lets you custom-tailor a single policy to fit your needs, and change it as your needs change. Simple. And it gets rid of extra costs. Here's how it works:

Let's say you already have a life insurance policy on your life and you now want to insure your wife and child.

Until now, you had to buy a brand-new policy to insure them both.

There were drawbacks to this. You had to pay extra to cover the paper work involved in writing a new policy. You also had to take more insurance on yourself.

Now Nationwide's "Adjustable Life Plan" lets you insure your wife and child without buying a new policy and without buying more insurance on yourself.

You simply select Nationwide's "Life and Children Benefit" and add it to your one, basic Nationwide policy.

You can do the same thing with four different "Benefits" that used to require buying separate policies—the top four described at the left. Besides that, you can add the five described below at the left. Nine "Benefits" in all.

If you'd like to learn more about this amazingly flexible plan, call your local Nationwide representative today. He can lend you a hand with all your insurance—life, health, home and auto. He's listed in the Yellow Pages.

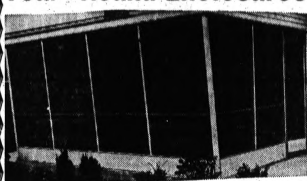

NOTICE TO NATIONWIDE POLICYHOLDERS

If you now own a basic Nationwide Life Insurance policy and you bought it since 1948, you can go back and revise it with any of these nine "Benefits."

Auto Output at Fast Rate

Sales Across Nation Continue to Be Firm

DETROIT (AP)—Passenger car assembly lines moved at a fast pace this week as the auto industry found the public still in a buying mood.

Sales across the nation continued firm. Ward's Automotive Reports, an automotive trade publication, predicted new car sales would hit a record high of 700,000 this month.

The record for any March was the 698,600 cars sold in March, 1955.

Ward's optimistic prediction was based partly on sales figures for last month, which showed 591,893 new cars sold. That broke the old February high of 569,000 set in 1955.

NEW CAR ASSEMBLIES

New car assemblies for March were projected at about 740,000 units.

Ford Motor Co. began production of the industry's newest car — the Mustang — at its Dearborn plant today. The 106-inch wheelbase sports model, with a list price reported at under \$3,000, will be introduced at the New York World's Fair next month.

The Ford Dearborn plant was idled a month for the change-over to the Mustang. Its 4,000-man work force was back on the job today.

Five Ford plants — Dallas, Kansas City, Louisville, Norfolk and St. Paul — were on overtime Saturday as Ford boosted its production schedules by 50,000 units for the first quarter. It would not disclose what the original production schedule had been.

General Motors had eight of its 26 assembly plants on overtime operations during the Monday-Friday period, but none on Saturday.

Baboon Kidneys Fail Expectations

DENVER, Colo. (AP)—Four of the six persons who have received baboon kidneys in transplant operations here have died, surgeons disclosed Monday. The other two transplants were termed failures.

The baboon kidneys have since been removed from two teen-aged boys who survived and human kidneys donated by prisoners have replaced them.

The patients were not identified.

The doctors at Colorado General and Veterans Hospitals who performed the operations said none of the transplanted baboon kidneys functioned as had been hoped.

Tough Washable Enamels

You can't beat durable "Duco" enamels for long wear, lasting beauty. Use world-famous "Duco" one-coat-magic Gloss Enamel indoors or out...for walls and wood-work, wood and metal furniture. For a lovely low-luster finish, choose "Duco" Satin Sheen Enamel. Both are quick drying, easy to use.

JFK Murder Witnesses to Be Questioned

WASHINGTON (AP) — In its search for all it can find about the assassination of John F. Kennedy, the Warren Commission questions today four witnesses who were watching the presidential motorcade when the President was shot.

The commission named them as Arnold Louis Rowland, Ames Lee Ennis, James Richard Worrell and Robert H. Hackson, a news photographer.

Worrell said last week that he

will tell the commission that he heard four shots fired when Kennedy was killed. The president was hit twice and Gov. John Connally of Texas, riding with Kennedy in the Dallas motorcade, was hit once.

Worrell also told the Dallas Times Herald he saw a man "run like a bat out of hell" from the rear entrance of the Texas School Book Depository Building.

'FIRED FROM 6th FLOOR'

It was from a 6th floor win-

dow of that building, authorities say, that Lee Harvey Oswald fired the fatal shots into Kennedy.

Yesterday the commission, headed by Chief Justice Earl Warren, examined four Secret Service men who were riding in the motorcade.

The commission would say only that each of the men "testified as to the events of Nov. 22 from early morning until return of the presidential plane with the body of President Kennedy."

Brought into the closed hearing was the windshield of the limousine in which Kennedy was riding when he was killed. Commission members declined to discuss its role in the investigation.

Sources had said previously that fragments of one of the bullets that killed Kennedy damaged the windshield.

The post office at the 1964-65 World's Fair in New York is expected to process an estimated 200,000 pieces of mail daily.

Churchill's Son Loses Parts of Left Lung

LONDON (AP)—Randolph Churchill, 52-year-old son of Sir Winston Churchill, was reported in satisfactory condition today after removal of parts of his left lung.

Churchill, a journalist, underwent surgery yesterday for a nonmalignant condition. He returned recently from Morocco, where he went after a spell of bronchial pneumonia in January.

Each day 14,594 tons of garbage are discarded in New York City.

Who'd ever think
a car 213 inches long,
79 inches wide,
6 passengers roomy and
Trophy V-8 powerful
could cost so little?

Pontiac people.

You'll never guess what *else* Pontiac people get for their money in Catalinas. Pontiac styling? Well, obviously. Curve-uncurving Wide-Track? Of course. A Trophy V-8 that thrives on regular gas, if they prefer? No charge. Lots more that could cost extra, but doesn't? Sure, electric wipers and dual visors and foam-cushioned front seats. If you drove a Catalina, you'd feel like a Pontiac person. Smug.

Wide-Track Pontiac

See your authorized Pontiac dealer in Metropolitan Pontiac for a wide choice of Wide-Tracks and good used cars, too.

Solons Deem Selves Worthy of Pay Hike?

Few ever quarrel with the Biblical ethic that the laborer is worthy of his hire.

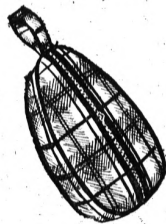

But we think that it is straining credulity a bit to believe that members of Congress are worth a \$10,000 annual increase on top of the \$22,500 they now receive. The increase would cost the taxpayers around \$5,350,000 yearly.

Our lawmakers are seeking an increase of over 44 per cent, a pretty hefty jump under any circumstances, but particularly so in light of the continuing deficits in the

Ledford Is Tops

Attendance Mark

City Commissioner Loy L. Ledford was high man on the attendance record for commission meetings last year.

The annual commission report out of the city clerk's office gives Ledford credit for attending 57 of the 61

commission meetings held in 1963.

It was the heaviest load of meetings held by any commission in recent years, due to the five public hearing meetings held last August and September to air ouster charges against former City Manager Robert A. Stierer.

During 1962 there were 54 meetings.

1962 MARKS

That year, Mayor Robert A. Landry, Commissioner Winford E. Bottom and former commissioner Milton R. Henry tied for the best attendance record with 52 each.

Bottom trailed Ledford by one in 1963. Commissioner Dick M. Kirby was at 55 meetings, William H. Taylor, 54, and Landry, 51.

Commissioner Charles H. Harmon was credited with attending 48 meetings and Henry, 43.

Commissioners spent 69½ hours in session. The Stierer hearings ran 21 hours and 45 minutes.

36 ORDINANCES

Commissioners adopted 36 ordinances, most of them involving rezoning of properties. There were 18 ordinances adopted the year before.

The Commission also confirmed 46 special assessment rolls, mostly for paving and resurfacing streets, last year compared to 55 the year before.

Of oil industry profits in the 1952-61 decade, 46.5 per cent was paid out in dividends.

13 Motorists Lose Licenses

Ordered Off Road by Department of State

Drivers' licenses of 13 area motorists were recently suspended or revoked by the Michigan Department of State.

Ordered to show proof of financial responsibility due to convictions of drunk driving were:

Albert E. Fox, 241 Going; James D. Kennedy, 728 Monticello; Russell E. Vopni, 2235 W. Maple, Birmingham; and Jon R. Hobrock, 436 Bonnie Brier, Bloomfield Township.

Ordered off the road for unsatisfactory driving records were:

Jackie R. Abernathy, 1207 Cloverlawn; Ronald J. Liles, 3220 Lexington; Robert T. McCallum Jr., 96 Clovise; Charles C. Bowles, 453 Gateway, Waterford Township; Randolph L. Scott, 32125 Nottingham, Farmington Township; and Earl P. Stanford Jr., 3215 Culbertson, Avon Township.

Joe F. Liford, 253 W. Ypsilanti; C.W. Martin, 104 Mechanic; and Daniel L. Johns, 6400 Elmwood, Waterford Township, were ordered to show proof of financial responsibility due to unsatisfied financial judgments against them.

City Man Joins U. S. State Dept. Panel on Cyprus

Pontiac resident, Socrates V. Sekles, participated in a round-table discussion in Washington, D.C. recently on current affairs in Cyprus, at the invitation of the Department of State.

Sekles of 185 Ottawa was one of a dozen Americans of

Greek descent who were briefed by John D. Jernegan, acting assistant secretary of the Bureau of Near Eastern and South Asian Affairs.

Sekles is chairman of the supreme board of trustees of the Order of Ahepa, national fraternal organization composed of Americans of Greek descent.

Japan produced more than 40 million pairs of shoes last year, double the annual output in the early 1960's.

Ruling Seen as Support for Criticism by Papers

WASHINGTON (UPI) — The Supreme Court's historic decision in the New York Times libel case was viewed today as massive support for the right of the nation's press to criticize public officials.

The court, in a decision which set sweeping new guidelines in the field of freedom of the press and of speech, yesterday threw out a \$500,000 libel judgment against the Times.

The judgment had been won in state courts by a Montgomery, Ala., police official. The decision also struck down the judgment as it applied to four Negro clergymen who were co-defendants in the Alabama case.

The court's majority opinion in strong language laid down the rule that critical statements about the official conduct of government officers are protected by the constitutional guarantees of free speech and free press.

"MUST PROVE MALICE" — A government official can collect damages only if he can prove "actual malice," said Justice William J. Brennan Jr., who wrote the decision.

Brennan defined "actual malice" as a statement made "with knowledge that it was false or with reckless disregard of whether it was false or not."

The court stopped short of ruling that an official can never bring a libel suit based on criticism of his official conduct, thus there remained a bar on reckless lying, for instance, in a political campaign.

The decision was seen as a roadblock in the way of retaliatory libel action against newspapers like the Times, or other news media, which, according to Justice Hugo L. Black's concurring opinion, could conceivably be labeled "outside agitators" in some sections of the nation.

GO FARTHER

Black would have the court go farther and rule that no libel suits whatever can be brought against critics of a public official's conduct in office.

He was joined in this view by Justices Arthur J. Goldberg and William O. Douglas.

Goldberg noted particularly that he was not including the "private conduct of a public official or a private citizen."

Black said he believes the first amendment to the Constitution insures "an unconditional right to say what one pleases about public affairs."

Tax Tips

(EDITOR'S NOTE — The following income tax information is supplied by the Internal Revenue Service as a public service.)

Q: I am married and entitled to file a joint return. Our joint income is \$6,200. Can you tell me if it would be better to itemize my deductions or to take the standard deduction?

A: No. There is no way to determine which method results in the smallest tax liability without actually going through the process of listing all your allowable deductions and then comparing this with the standard deduction. We suggest that every taxpayer make this comparison each year and thereby take advantage of the benefits allowed under either method.

For the answer to YOUR question call your local Internal Revenue Service Office.

In a unique holdover from pre-Reformation days, Sweden, which is 96 per cent Lutheran, calls its pastors priests and Sunday service high Mass.

Patronage Off for City Buses

12-Month Tailspin
Continues in Pontiac

Bus patronage in Pontiac continued a 12-month tailspin last month.

Passenger totals fell about 1,000 short of the same month a year ago in spite of the extra business day in 1964's leap-year February.

There were 71,909 passengers on Pontiac Transit Corp. buses last month, compared to 72,947 in February 1963, according to Glen Crawford, manager.

Buses carried 75,237 passengers in January.

STARTED SLIDE

It was a year ago that Pontiac Transit patronage started a downward slide that never was reversed. Beginning with February, monthly passenger totals in 1963 consistently fell below those of the preceding year.

The corporation closed the 1963 calendar year with 53,526 fewer passengers than it carried in 1962.

Last month's figure brought the 1964 passenger total to 147,146 for the first two months, almost 6,000 short of the 153,000 passengers on city buses during the same period last year.

Junior Editors Quiz on SUNSPOTS

QUESTION: Do sunspots affect us on earth? If so, why?

ANSWER: Some astronomers believe that sunspots result from the whirling of electrified particles close to the sun's outer layer.

Others think they are caused by masses of the sun's material which have been thrown out and then settled back, causing enormous hollows.

While we don't know exactly what causes them, we do know that the center of the sunspot appears dark because this area, while fiercely hot, is not nearly as hot as the surrounding parts of the sun and so looks dark by contrast.

We can see the spots moving in a regular direction, proving that the sun rotates, in about 25 days.

Sunspots are enormous in size, as you can see by comparing them in the picture with the size of our earth. They are magnetic in nature and shoot off electric particles which can travel an enormous distance.

For this reason, we can say yes to the first question. Sharp sudden changes in earth's magnetic field are credited to sunspots, and these, besides producing the wonderful spectacle of the "Northern Lights," or "Aurora Borealis," frequently disturb radio and telegraph communication.

The sudden shooting out of extra electric energy by sunspots is thought to be the cause of this disturbance.

FOR YOU TO DO: We show a section of the sun's disc contrasted with the earth. Cut out the picture, pin it on the wall, and then with your forefinger continue the sun's disc, noting where it falls in the room. It will give you a vivid idea of the sun's enormous size compared to the tiny dot which is our little earth.

LBJ Forgets Economy for Visiting Youngsters

WASHINGTON (AP)—President Johnson has been turning out White House lights to economize, but he didn't stint on the electricity yesterday.

When the temperature rose to 80, the White House turned on its air conditioning. It was pleasantly cool for some 400 youngsters entertained in the presidential mansion at an afternoon concert by guitarist Charlie Byrd.

More than one third of the movie theaters in the U.S. are located in towns of 2,500 or less population.

Frozen Tulsa Woman Heads for Recovery

TULSA, Okla. (UPI)—Mrs. Stella Adams, 45, found on a Tulsa street yesterday apparently frozen to death and with no heartbeat, today appeared headed for full recovery.

The woman was brought to Hillcrest City Hospital about 8:15 a.m. EST yesterday and had a body temperature of 67 degrees when doctors started cardiac massage at 9:30 a.m.

There was no pulse or heart sounds in the woman's body for about two hours after she was brought in.

Dr. William J. Roberts, resident physician, said warm water was circulated through her stomach and hydro-thermal blankets wrapped around her to aid in warming her up.

RIISING TEMPERATURE

A body temperature increase was noticed about 11:45 a.m. and continued throughout the day. Roberts said her body temperature was 90 degrees, 8 degrees below normal, at 12:30 a.m. today.

"It looks like she may have

a full recovery," Roberts said, "but we are aware of a real possibility of complications." At least one of those, he said, was pneumonia.

"We don't think any of the tissue was crystallized or frozen and it looks like there will be no damage."

Mrs. Adams' husband, Ellis, was with her most of the day yesterday but there was no explanation of how the woman happened to be out in Tulsa's subfreezing snow and cold all night.

Medicare Discussion for Waterford Gops

Dr. Everett Gustafson will discuss Medicare at Thursday's 8 p.m. meeting of the Waterford Township Republican Club at Pierce Junior High School.

A Waterford Township resident, Dr. Gustafson is a past chief of staff at Pontiac General Hospital.

Pontiac Mall

Telegraph at Elizabeth Lake Road

Portraying a tea party from earlier days in a skit, "Lamp Oil Out of Pumpkin Seeds," are Pontiac Federation of Women's Club members. Seated are Mrs. William Belaney, Chippewa

Road, and Vera Bassett, Cherokee Road. Standing are (left) Mrs. Richard Veazey, Mid Pine Road and Mrs. Fritz Stoddard, Ottawa Drive.

WOMEN'S SECTION

At Anniversary Tea

Federation Celebrates 50 Years

Fifty years of accomplishments were hailed at the Monday meeting of Pontiac Federation of Women's Clubs.

The group celebrated its golden anniversary with a tea and meeting at the Loon Lake home of Mrs. James Clarkson. A skit, "Lamp Oil Out of Pumpkin Seeds," written by Mrs. Henry J. Healy, was presented by Mrs. Fritz Stoddard, Vera Bassett, Mrs. William Belaney and Mrs. Richard Veazey.

Parliamentarian emeritus Mrs. Joseph J. Panter described the founding of the Federation and its first 25 years.

Following her were Mrs. George Shearer, Mrs. William McClure, Mrs. Raymond Cole, Mrs. B. B. Roush, Mrs. Paul Gorman, Mrs. S. V. Sekles and Mrs. Arnold Hillerman.

All past presidents, they gave highlights of their terms. Mrs. Merrill Petrie, the current president, concluded the roundup of history.

WAY BACK WHEN

Mrs. Edward V. Howlett, James K Boulevard, now 84, is the oldest living past president in terms of tenure. She held office in 1920.

Oldest in actual years is Mrs. Peter Davidson, Lorraine Court, who's 87 and who was

president in the Thirties. Neither was able to be present Monday.

A special guest was Miss Grace Heitsch who was a member of the constitution committee when the Federation was reorganized in 1920. She was then a member of the Research Club.

Under the direction of Robert Satterlin, the Senior Girls Ensemble of Pontiac Central High School, sang several musical selections.

CHECK GIVEN

The Federation presented a check to Camp Oakland — proceeds from its September card party.

Tea arrangements for the day were handled by the Auxiliary to St. George Church with Mrs. Steve Grapnas as chairman. Assisting here were Mrs. John Condon, Mrs. Dora Giannopoulos, Mrs. Charles Habb, Mrs. Helen Pratt and Mrs. Ethiam Gabriel.

Mrs. Merrill D. Petrie, Cherokee Road, right, president of the Pontiac Federation of Women's Clubs, looks through early records of the organization with Mrs. H. V. Hancock of

Green Street. Mrs. Hancock served as president for two years, starting in 1926. The organization celebrated its 50th anniversary Monday.

Don't Leave Happy Birthday Surprises Pair Home by Selves

Need Your Cooperation

By The Emily Post Institute
Q: At Christmas, my daughter became engaged to a young man who is also a student at her college. She will be home during Easter vacation and would like her fiancé to come home with her so that they can spend their holiday together.

A: He does not live in this city. My problem is this: I am a widow and of necessity have to work and it will be impossible for me to take time off when they are here.

This, of course, will leave them alone in the house all day. I trust my daughter and have no qualms about leaving her alone, but I am concerned about appearances.

Could this possibly cause gossip?

A: Not only do I think it would cause gossip, but in my opinion, leaving two young people alone in the house all day is not a very wise thing to do, and I would suggest that you invite a relative or a friend to come and stay in your house while your daughter and her fiancé are here.

Q: When a guest is invited to dinner in a house where grace is said before meals and the guest is of a different faith and unfamiliar with the prayer, what does he, or she, do?

A: A guest merely sits silently with head bowed while the host or hostess says grace.

Q: When a man invites a young woman to dine with him in a restaurant, is it permissible to ask her to meet him there at a specified time, or must he go to her house and fetch her?

A: At lunch time he may properly ask her to meet him at the restaurant.

In the evening, however, he should go to her house for her unless they are going somewhere after dinner and time is limited.

Details concerning the announcement of an engagement are described in the new Emily Post Institute booklet entitled, "Announcing the Engagement."

To obtain a copy, send 10 cents in coin and self-addressed, stamped envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

By ABIGAIL VAN BUREN
DEAR ABBY: Yesterday was my 46th birthday. My husband gave me a new carpet for the living room and a sofa cover. My son gave me some charms for my bracelet. My husband offered to take me out for dinner, but I refused.

I finally opened a few cans, called it dinner and went straight to bed. The big omission was a simple birthday cake!

I have never missed buying my husband and son one on their birthdays. Why are not so thoughtful?

SORE

DEAR SORE: Thoughtless? Gifts and an offer of dinner out?

Perhaps had you gone out to dinner there would have been a birthday cake awaiting you.

What is eating you, Madame? Your complaint takes the cake!

DEAR ABBY: What does one do about parents who do not instruct their children in the proper use of the telephone?

I have one family in mind, but I know others, who let their children answer the telephone. "WHO IS THIS?" This irks me terribly. They

don't even give you a chance to identify yourself. Once I was almost tempted to say, "It's none of your business. Go get your mother!"

I GIVE UP

DEAR "I": Inadequate parents rarely appreciate criticism of their children's manners.

Either risk trying to educate your friends, or learn to tolerate their children's rudeness.

DEAR ABBY: I just read the letter from AGAINST BRACES and want to tell you that I was "against braces," too, until I started to wear them three years ago.

I have made more friends because of my braces. When you meet somebody new and he wears braces, you can always start up a conversation with, "Who is your orthodontist?"

You can talk a long time about whose orthodontist is better, how long you have worn braces, and what kind

of crooked teeth problem is being corrected.

Some of the problems are fascinating! Some kids who have never worn braces ask dumb questions like, "Don't they get in the way when you kiss?" (They don't.) Just sign me —

"FOR BRACES"

DEAR ABBY: My son has been married approximately six years, and so far all they have been able to raise are dogs.

They seem very satisfied, and there is never any mention of their having children. They have two Boston bulls at present and they treat them like babies.

Should I ask my daughter-in-law if that's the best she can do?

DISGUSTED

MOTHER-IN-LAW

DEAR DISGUSTED: Ask your son. But don't be surprised if he tells you he'll "do better" when he's dog-gone good and ready.

Mrs. Peter Davidson, Lorraine Court, was president of the Federation in 1938 when the group had its silver anniversary celebration.

Twins' Mothers Will Discuss Handwriting

Mrs. B. L. Hamilton, handwriting analyst from Ortonville, will be guest speaker at the Thursday meeting of the "Twins' Mothers' Club of Oakland County.

Scheduled for the 8:30 p.m. meeting at the 300 Bowl is a business meeting and problem clinic.

Mothers are requested to bring samples of twins handwriting from the third grade and older to be analyzed.

Hostesses for the evening will be Mrs. Bernard Cybol, chairman, Mrs. Arnold Edmunds, Mrs. Gerald Stanley and Mrs. Donald Hawes.

All mothers of twins are welcome to attend the meeting. More details may be obtained by contacting Mrs. Robert Van Meer.

Golden Agers See the Fair

A preview in color of the New York World's Fair with slides shown by the Detroit Edison Company will highlight the Friday meeting of the Golden Age Club.

A cooperative dinner in the CAJ building at 5:30 p.m. will begin the evening's activities, which will include a business meeting.

The color slides will be shown at 7:30 p.m.

Mrs. Henry J. Healy, Rosewood Drive, right, program chairman and first vice president of the federation, listens as Mrs. Joseph J. Panter, Pingree Street, summarizes some of the accomplishments during earlier years.

Texts on Tape

Blind Students Study

Some 6,000 text books and 40,000 copies have been recorded on tape for blind students in the United States from the high school through college and professional levels.

Mrs. John P. Carrille of Pleasant Ridge, a member of Recording for the Blind, imparted this information in her talk before members of the Junior Pontiac Women's club Monday evening.

The recording service is free and all work is done by volunteers. Recording for the Blind is a national organization.

Anyone wishing to help may have an audition for reading at the Kresge Science Library at Wayne State University.

Mrs. Carrille, who was introduced to club members by Mrs. George F. Brinkman, also spoke to the group on "Flowers of the Bible."

Mrs. A. L. MacAdams was chairman of the social committee.

Assisting her were Mrs. Ross Porritt, Mrs. Ronald Mountain, Cleo Wiley, Helen Kinney, Mabel Smith, Mrs. Carroll Porritt, Mrs. Edward Eichmeier, Mrs. Willard Boardman, and Mrs. Lloyd B. Smith.

Mrs. Bryant S. Sneed and Mrs. Ed. Sorenson were welcomed as guests.

June vows are planned by Mary Teresa Puzerski, daughter of the Edwin Puzerskis of Troy and Pfc. Richard Potter Sloan Jr., son of the senior Sloan of West Long Lake Road. She is an alumna of Oakland University. Her fiancé is stationed at Fort Monmouth, N.J.

MARY TERESA PUZERSKI

Local Representatives Go to State DAR Conference

The Michigan Society Daughters of the American Revolution will hold its 64th state conference in Grand Rapids Wednesday through Friday.

Local women attending from the General Richardson chapter include Mrs. T. W. Jackson, Mrs. E. M. Peterson, Mrs. Frank Allen and Mrs. E. G. Clark.

Alternates are Mrs. Lisle Echlin, Mrs. G. E. Beardslee, Miss Jessie Brewer and Mrs. Marion Hodges Bender.

Announcement of Michigan's Good Citizen Award, a DAR project, will be made Friday.

MANY CANDIDATES
The DAR Good Citizen is selected from a field of 402 senior girls, each representing a Michigan high school.

The state winner is awarded a \$100 U.S. Savings Bond and will represent the state in national competition when

the DAR continental congress convenes next month in Washington, D.C.

The national winner will receive a \$1,000 scholarship to the college of her choice.

Mrs. Walter A. Kleinfelt of Birmingham is state conference chairman.

Artists View Art Movies

Audio visual art movies will be shown to Pontiac Society of Artists members and their friends Friday at 8 p.m.

Area artists who are interested in joining the Society, are invited to attend the meeting in the community services building on Franklin Boulevard. Membership chairman Mrs. Bernard Seiber should be contacted.

Former Head Elected Again

Mrs. Harry J. Chapman was reelected president of Chapter CL, PEO Sisterhood, Monday. Serving with her will be Mrs. George Putnam, vice president; Mrs. William Irons, recording secretary; and Mrs. B. M. Mitchell, corresponding secretary.

Others elected were Mrs. Barry Fell, treasurer; Mrs. Paul Thams, chaplain; and Mrs. Glenn Griffin, guard.

Mrs. Chapman and Mrs. Fell will be delegates to the state convention in April.

Mrs. L. V. Rowley was hostess in her Williams Lake Road home, assisted by Mrs. Martin Wager.

Webford Meets

Members of the Webford Club will meet Thursday at the home of Mrs. Edward Wolfe on Lakeside Drive for a 12:30 p.m. cooperative luncheon.

Sewing will follow the business meeting.

PTA's in Action

BAGLEY

An educational film will be shown at the 2:30 p.m. Thursday meeting in the multipurpose room.

CROFOOT

Edwin Tydell, science specialist for Pontiac schools, will speak at the 8 p.m. Thursday school science fair. Elections of officers will also be held.

Le BARON

A member of the Detroit Police Department will discuss "Pornographic Literature" at the 7 p.m. Thursday meeting.

During the business meeting officers will be elected and scholarship policy and by-law changes discussed.

A nursery will be provided.

LONGFELLOW

Arnold W. Embree, director of guidance and pupil personnel services, will speak at the 2 p.m. Thursday meeting. The Girls Glee Club will also participate in the program.

McCONNELL

Election of officers will be held at 2:30 p.m. Thursday.

Mrs. Eunice Relyea, school music instructor will conduct the fifth grades in a pre-Easter musical program. A nursery will be provided.

PONTIAC NORTHERN HIGH

A "Koffee Klatch" will be held from 8:30 to 10 a.m. Wednesday with donations going to the PTSA budget.

Mrs. Francis Ryan will demonstrate hair styling techniques and Mrs. John Schatzley, cake decorating. Mrs. Thomas McKeever is in charge of the program.

ST. FREDERICK

The Parents Club is sponsoring a pancake breakfast Sunday from 7:30 a.m. to noon. Pancakes, sausage, juice and coffee will be provided for either the set price or the set amount of trading stamp books for the parish project.

WEBSTER

A movie on pre-adolescent growth, changes and development will be shown at the 7:30 p.m. Thursday meeting.

Dr. William J. Donnelly and Mrs. Earl McHugh, school nurse, will comment on the movie to be shown to fifth and sixth graders within the next few weeks.

WHITEFIELD

Avon Players will present "The Eye of the Hurricane" at the 7:30 p.m. Wednesday meeting.

The play shows the effect of too much pressure on children to perform beyond their capacities.

Girl Scout Troop No. 146 will also participate in the program.

WILLIS

Officers for the next school year will be elected at the 7:30 p.m. Thursday meeting.

George Caronis, Pontiac director of youth assistance, will discuss "Youth in a Troubled World."

Elks Dancers Host Guests

The Elks Sashaw Quardille club met Friday evening at the Elks Temple for an evening of dancing with Harold Longway as master of ceremonies.

Callers were William Schmel, Oscar Denham and Bert Denham. Welcomed as guests were Mr. and Mrs. Eugene Foote.

Mr. and Mrs. James Rouse will entertain the group March 20 for a dance at their home.

Marilyn Glynn Has Perfect Rate

Marilyn Ann Glynn, daughter of the James Glynn of Chandler Street is among the 49 full-time students at Eastern Kentucky State College in Richmond who earned perfect standing for the fall semester.

To qualify for this distinction, a student

must carry a minimum of 12 semester hours and earn 4.0 quality points.

KING'S COLLEGE

For excellence in academic achievements at The King's College, Briarcliff Manor, N.Y., Patricia Brien has been named to the Dean's list. She is the daughter of the Theron V. Brien of East Boulevard South.

MSU

At Michigan State University, Mary K. Brown, daughter of the J. Winthrop Browns of Pontiac Trail has recently won admission to Honors College.

She is majoring in elementary education and is a mem-

ber of Alpha Lambda Delta, all-University freshmen women's honorary.

A Substitute Tranquilizer

According to many psychologists and medical authorities music makes you happier, livelier, and more content, and a short nap with music in the background is more relaxing than a tranquilizer.

The Phonola Phonograph Company, manufacturers of fine portable and console stereophonic phonographs, suggests, therefore a little music can lighten your Spring cleaning load.

Phonola advises that you do not let the hum of your vacuum cleaner and the whirr of your floor polisher get you down.

Take music breaks. Turn off the appliances and turn on the records. Lie down on the couch, close your eyes and let some restful and relaxing music soothe you.

A record break can also be combined with a coffee break for those vital periods of personal "recharging."

MRS. J. D. HESTER

Candlelight Rites for Local Pair

Sharon Louise Harrington exchanged vows with James Donald Hester, recently in St. Paul Methodist Church of Pontiac on East Square Lake Road.

Receiving guests in the church parlors with the newlyweds were their parents, the Burton Harringtons of First Avenue and the Paul Hesters of Emerson Avenue.

With her gown of white silk taffeta with lace-applique bodice and bouffant chapel-length skirt, the bride wore a silk illusion veil and pearl tiara.

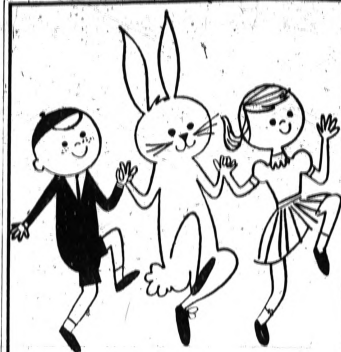

During the candlelight service read by Rev. James A. McClung, she held a small white Bible covered with white orchids and feathered carnations.

Attending their sister were Mrs. Gerald Hayward, honor matron and Cynthia Jane Harrington, junior bridesmaid. Mrs. William Hester was bridesmaid.

Bouquets of green-tipped carnations complemented their dresses of sea-foam green taffeta.

With Ray Frederick, best man, were the bridegroom's brothers William and Jerry who seated the wedding guests.

The couple will be at home on Clara Street.

Polly's Pointers

Spot Stain Easily

By POLLY CRAMER

DEAR POLLY—Before washing a stained sweater, I saw a colorfast thread around the spot so when the fabric is wet I can find it and give the stain the special attention it needs.
—BIRDIE

DEAR POLLY—To prevent the wall behind a child's kneehole desk from getting marked or scratched, cut a piece of cardboard slightly larger than the opening, paint it the color of the wall and tack it on the back of the desk.

If one wall in the room is painted and the others papered, paper one side of the board and paint the other so if the furniture is moved, the cardboard can be turned.

To paint knobs without handling them, push the screw up through the bottom of an upside-down egg carton and rescrew the knob onto the screw. Thanks for all the hints and help.
—B. R. D.

DEAR POLLY—I found that if one wants to water ski without the constant fear of losing eyeglasses, an ordinary light fishing bobber can be attached to the frame of the glasses.

You can see where you are skiing and if the glasses do

come off, they can be spotted easily.
—JANICE

DEAR POLLY—Vanity, thy name is me! However, I do put this vanity to good use.

My memory is so terrible I even forget to use the memo pad but I never forget to look in the mirror.

I bought a small mirror (large enough to see my face in) and tacked it over the kitchen sink. Now, when I want to remember anything, I just write it, with a moistened cake of soap, on the mirror.

Considering the number of times in a day that I glance in the mirror, I cannot forget it I want to.

Polly, they really work for me. The soap can be washed off with a wet cloth, dried and the mirror used as a reminder day after day.
—MRS. M. C.

DEAR POLLY—I made some draperies with a new sort of pleat at the top—a stuffed one. My handyman—husband cut 1/2-inch dowel sticks into 3-inch pieces.

These fit into the row of evenly spaced, vertical tubes I stitched across the tops of the headings.

A thumbtack through the back of each pleat and into the stick prevents sliding.

Be sure the pleat is made so the sticks fit snugly but can be removed when the curtains are cleaned.
—HELEN

Share your favorite homemaking ideas... send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

Bringing Up Baby.

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

There's a theory that second babies cry less than first babies because there is less hovering and mother-henning over second babies. As a consequence they learn not to expect pickups at the drop of a whimper. And since they are left somewhat more to their own devices, they learn to amuse themselves faster... mind being left alone less.

old saying. Wise words and true when it comes to babies. So try not to compare your children with each other or with the little fellow down the street. No two babies develop the same way and no matter what they do when, most babies catch up with each other in the end.

Two-way play. If you're two under 3, toddler jealousy can usually be turned into toddler delight if you create some fun and games in which baby #2 can participate. Your toddler will bask in the warmth of your attention.

Happy ending dept. Mealtime finales take on special magic when you top baby's main course with a Gerber Strained or Junior Dessert. For these delectables are as smooth and flavorful as desserts can be. Made from whole milk solids, eggs and selected fruit they're also wholesome as can be. Gerber Baby Foods, Box 72, Fremont, Michigan.

Refreshing news story. No matter what age, babies respond pleasantly to Gerber Strained Juices. That's because they're delicate in flavor and finely strained for easy sipping and swallowing. Best of all, there are now 9 delicious varieties to multiply baby's pleasure at getting his daily ration of vitamin C: Orange Juice, Apple Juice, Orange-Apple, Orange-Apricot, Orange-Pineapple, Apple-Cherry, Pineapple-Grapefruit and two newer ones, Mixed Fruit Juice and Prune-Orange. All are equally rich in vitamin C.

It's "unfair to compare" goes an

Learning to Juggle Money Is Important

By MARY FEELEY
Consulting in Money Management

Earning money is only the first step in getting your head above water. Learning to juggle the little you have is what really keeps you afloat.

How do you do your banking, how do you borrow, how and why you save, all play a part in determining how much you're worth — FEELEY and how long you stay solvent. And some decisions are best made on the basis of human tendencies, rather than entirely on dollars and cents.

Today's letters raise some questions in point.

What makes this kind of loan entirely practical when the interest rate is small, is that there's compulsion to repay money borrowed. It's often difficult to replace savings. Rebuilding an account can be a "maybe yes, maybe" proposition.

So by borrowing on your savings account, you make sure your savings are intact and are earning interest as well for you. This amounts to a sort of built-in control, and helps you regain your original financial status more quickly.

Dear Miss Feeley:

We have two separate savings accounts of \$500 each, to be used as an emergency fund in case of the death of my wife or myself.

New you might think this

strange — but it's my way of solving a problem. Some years ago, when my father passed away, Mother couldn't get any money from their joint savings account until the estate was settled.

So I figured if we had two individual accounts — one in my name and one in hers — we would avoid this complication.

What do you think of this plan?

B. H. T. Rochester, N. Y.

Dear B. H. T.:

I don't think it's strange at all. There has been some confusion since the taxation of estates was set up. Actually there was no intent to create hardships when the laws were made governing access to safe deposit

boxes and bank accounts in the event of death.

In New York State the ruling now says that in cases where the surviving joint depositor seeks funds for emergency use, pending the obtaining of a waiver, the bank may elect to honor withdrawals up to 50 per cent of the balance on deposit.

The survivor should understand, though, that when a tax waiver is obtained for the final half of the money, it must cover the full amount of the "at death" balance.

Surrogate courts of each state which handle wills and estates set up their own procedures in order to protect the individual.

KNOW RULING

And since states vary in their methods, it's wise for all of us to know what rulings apply to bank accounts in our own locales. A bank officer where you do business can give you this information.

(You can obtain Mary Feeley's handy budget leaflet by writing to her in care of The Pontiac Press. Enclose a stamped, self-addressed envelope.)

Mary Lynn Mitchell Has 4 Sisters as Attendants

Four sisters of Mary Lynn Mitchell were attendants at her marriage to Carl Raymond Glyceroff of Whittemore Street, recently in the First Presbyterian Church.

Daughters of the Thomas C. Mitchells of North East Boulevard, they were long white gloves with their gowns of red satin.

SATIN GOWN

Alecon lace accented the bride's princess gown of white slipper satin styled with scalloped neckline and chapel train. Lace gloves and an imported illusion veil, with crystal tarsi, completed her ensemble.

She held a white pearl-covered Bible topped with a white orchid and Stephanotis.

Maid of honor, Linda Mitchell and Toni Sue Mitchell, junior attendant, carried white carnations centered with red.

The bride's other sisters, Mrs. James France and Sherry Mitchell, along with Georgina Bredon, who were bridesmaids, held Mamie Eisenhower carnations.

*Alexander Glyceroff was best man for his brother. They are the sons of Fano Glyceroff

of Galing Street and the late Mrs. Glyceroff. James Hellenthal ushered with Harold Brennan and Wesley Sevenson. Gary Aniskevich, served as page.

After the church reception the couple left for a week in northern Michigan. They will reside in Pontiac.

Bathe the Bathtub

After your daily bath, use clean suds to swab out the tub.

At Area Wedding

Pink, White Dominate

Patricia Ann Maddock, daughter of Clark E. Maddock of Orchard Lake, recently became the bride of Donald Lawrence Lorenson. The ceremony was performed in First Methodist Church of Birmingham.

The bridegroom is the son of Mr. and Mrs. Donald L. Lorenson of Curtice, Ohio.

The bride wore a gown of white peau de soie fashioned with a bodice and long pointed sleeves of embroidered Alecon lace.

Her silk illusion veil was secured with a small pearl

crown. She carried white carnations centered with pink baby roses.

MATRON OF HONOR

Mrs. W. W. Alderman Jr., the bride's sister, from Skokie, Ill. was matron of honor. She wore a mauve pink chiffon.

Robert Hartman, best man, was assisted by Richard E. Hasley both of Curtice, Ohio. Dr. G. Ernest Thomas performed the double ring ceremony.

The new couple attended De fiance College, Defiance, Ohio and will make their home in Toledo.

Grooming Advice

Do not depend on the original adjusting of belt or suspenders to keep your trousers hanging properly. Suspenders and belts often stretch or slip, and need readjustment.

If you want to be sure to have fresh, clean shirt cuffs for an important lunch date, fold them up neatly (do not roll) when donning the shirt in the morning. When you unfold them, they'll be crisp and neat.

Free copies of the booklet can be obtained by writing to Homemaking Fashion Tips, Faultless Starch Company, 437 Merchandise Mart, Chicago 54, Illinois.

Anti-Zone Hostility Runs Rampant in Panama

PANAMA (AP)—Two months have passed since January's tragic rioting, but most American residents of the Canal Zone still are afraid to visit Panama City.

"They'll stone us or burn our cars if we go over," said a young secretary in the Canal Zone administration building.

Temperers are still inflamed. Some incident could spark a new outburst of violence.

The smoldering antagonism runs both ways. Within the Canal Zone, hostility toward Panamanians also is rampant.

GET ALONG.

Yet hundreds of Americans are living peacefully within Panama. Except for the flareup of

anti-American sentiment during and immediately after the Jan. 9-11 disturbances, these Americans say they get along everywhere in Panama without problems.

"There have been a few telephone calls and threatening notes, but you get those crank calls in the Bronx, too," said the local agent for an American company. "But if I were a 'Zonian' I'd also have long doubts about coming over here."

The cause of the antagonism is almost as elusive as an answer to the riddle about the chicken and the egg—did the Zonians create the trouble or was it the other way around?

In any case, the situation is not improving between the Zonians—the much-maligned residents of the U.S.-run Canal Zone—and the Panamanians.

PANAMA RILED

The Zonians' self-imposed

exile has the Panamanians both riled and worried.

Some believe the isolation is a part of an economic squeeze on Panama by the zone administration to force this country to restore diplomatic relations with the United States.

"This isolation typifies the colonialist mentality of the Zonian," said an accountant in the office of Panama's comptroller general. "They've built a wall around themselves no different from the Berlin wall."

Panamanians also regard the typical Zonian as an "itinerant segregationist."

BAD PUBLIC IMAGE

Many Zonians do little to improve their public image. Consider the case of one of the Canal Zone's ranking officials who insists, contrary to official pronouncements in Washington, that the Canal Zone is U.S. property.

Didadantly waving his hand toward the Canal, the official added:

"We should build another canal elsewhere. We don't want to bother with these people any longer."

The bitterness has directly hit Panama's businessmen. Business has slumped since the January rioting. Panama officials still are unable to say how much their country has lost of the \$6 million contributed annually by the Canal Zone in purchases and salaries.

TOURISM HURT

But tourism has been badly hurt. The two major hotels catering to foreigners are operating well below capacity. Their main business is the small local trade.

Unless essential personal or official business takes them to Panama, thousands of American soldiers are restricted to the Canal Zone—and so are their wallets.

The departure of 2,000 American government workers and their families after the rioting left many vacant apartments and homes in Panama and left hundreds of maids and other servants jobless.

While the canal dispute between the United States and Panama ultimately will be settled, the cold war between the Panamanians and Zonians threatens to continue as long as the Canal Zone remains in its present form.

Airline Shows Patronage Dip

Decrease Recorded for First 2 Months

Patronage of North Central Airlines (NCA) flights at Pontiac Municipal Airport this year has dropped sharply from passenger totals reported after the first two months of 1963.

Outbound flights carried 15 passengers last month and 24 in January, for a passenger total of 39 as of March 1 this year, according to J. O. Edwards, station manager.

Last year, the March 1 total on outbound flights was 64, with 34 on February flights and 30 passengers in January 1963.

Inbound passenger totals tell a similar story. The inbound total as of March 1 this year is 32, compared to 65 at the same time a year ago.

INBOUND FLIGHTS

There were 14 passengers on inbound flights last month and 18 in January. A year ago, inbound passengers numbered 31 in February and 34 in January.

In addition, outbound flights last month carried 897 pounds of air mail, 659 pounds of express and 1,430 pounds of air freight.

For comparison, outbound flights in January carried 1,306 pounds of air mail, 548 pounds of express and 1,480 pounds of freight.

Inbound NCA flights last month carried 1,209 pounds of air mail compared to 1,282 pounds the month before.

Inbound air freight totaled 3,467 pounds in February compared to 3,876 pounds in January.

'64 CHEVROLET—THE GREAT HIGHWAY PERFORMER

Chevrolet Impala Convertible

Nothing feels steep in a Chevrolet Impala (including the price!)

A hill is just something to admire the view from when you're driving a '64 Chevrolet. With engines up to a 425-hp V8*, getting from one side to the other wouldn't be much easier if somebody had put a tunnel there.

And if Chevrolet can go over a whole mountain so you hardly feel it, you can imagine how it goes over plain old bumps. Jet-smooth, of course. We put a big coil spring at all four wheels (not to mention 700 or so sound and shock absorbers throughout the body and chassis) to soak them up just as fast as they come.

As you'd expect, Chevrolet turns in its usual fine performance

with everything inside that big beautiful Body by Fisher, too. All kinds of stretch-out room and wide thick-cushioned seats that let you get in a full day's driving without fatigue. Yards of deep-twist carpeting and elegant fabric and vinyl upholstery that make you feel good just being there.

With all its looks and luxury, you can see how anyone might get the idea that this great highway performer is a high-priced car. Unless, of course, they happened to look first at its reasonable Chevrolet price.

And your Chevrolet dealer will be happy to show you that, wherever you drive, the price is probably what you'll feel least of all.

*Optional at extra cost.

Voters Cast Ballots in 13 Village Elections

The electorate of 13 area villages went to the polls yesterday—several communities turning out in record numbers—to choose officers in the annual spring balloting.

In most cases voting amounted mainly to polling for unchallenged candidates.

However, all three incumbents were ousted in Oxford, and one incumbent was moved out of office in Milford, where voters okayed a charter amendment altering the method of assessing for public improvements.

Following is a roundup of returns from each of the 13 villages:

Lake Orion

Councilman William V. Shoup, a former village president, was elected to return to the top post in balloting which saw Village Party candidates victorious in all contested races.

Shoup won 205 votes to top by 29 the 176 cast for Citizens Party member James Norton.

Village Party candidates named to two-year council posts are incumbent Fred C. Cole,

Voters Get Voice on Assessment

MILFORD—Voters here yesterday gave themselves a direct voice in the establishment of special assessment districts.

They approved by a 494-367 margin a charter amendment requiring the districts to be approved by the majority of the qualified electors in the district.

The proposal passed by healthy majorities in both of the village's precincts, 240-192 in the first and 254-175 in the second. Of the village's 1,643 registered voters, 870 went to the polls yesterday.

Passage of the amendment stopped in its tracks a \$213,000 proposed street amendment program.

PROGRAM METHOD

It was the method by which the village was setting up the program that caused Paul A. Plotzer, former village president, to initiate the petition to have the amendment placed on the ballot.

Although the amendment does not specify the method to be used for determining majority opinion, Plotzer said last night that he thought any public improvement would have to be started by a petition from residents.

Village President Wilbur Johnson, who campaigned against the proposition with other village officials, said it probably will take a year or two to put the provisions of the amendment to work.

With its collective wrist, if not its face, slapped, the council could now must set about implementing the will of the people.

"There is no way outlined in the charter or in the amendment," Johnson said. "Let's think the amendment is what the amendment writers think it should be. Instead of enabling a program, it will just stall it."

The village president said the council would do what it could with available funds to keep streets repaired, on the premise that, "Milford still wants a well-run village."

Lapeer Twp. Woman

Killed in Auto Crash

LAPEER TOWNSHIP—A 60-year-old Lapeer Township woman was killed yesterday when her car hit a tree a mile west of Davison.

Mrs. Marian L. Blalock, 1022 Turville, was returning home after visiting her husband Harry in a Flint hospital when the accident happened. Flint State Police are investigating the cause.

252; incumbent Lewie Rossman, 223; and Robert D. Stokes, 106. The trio of Citizens Party candidates unsuccessful at the polls consists of David A. Donnelly, 144; Larry Marlin, 143; and Edward Bretzlaff, 139.

Three Citizens Party members were given the nod in unopposed bids for election.

Two of them, Clerk Mrs. Mary Parkinson and Treasurer Mrs. Geraldine J. Campbell, were the highest vote-getters in the election. Both incumbents received 295 votes. Mrs. Parkinson will return to

CASTS BALLOT—Mrs. Clarence Read Jr. (right), 134 W. Lafayette, was one of 870 Milford residents who marked ballots in the village election which saw a charter amendment approved. Mrs. Read's vote is deposited in the ballot canister by election worker Mrs. Irving Knight.

her 20th one-year term of keeping village records.

The third, Mrs. Myrle Longpre, received 277 votes to be elected assessor.

Oxford

Even after three recounts, the election here still isn't over. However it is determined that the three incumbents seeking reelection are out of the running.

Yesterday's balloting showed F. Ray Forman assured of one of the two 2-year

positions, tallying 183 of the total 308 votes cast.

Tying for second place, and thus making it necessary to draw lots, were John C. Flamerfelt and Homer Hight. Both garnered 159 votes.

The top two vote-getters will serve for two years and the third for one year. In this case, the drawing will determine which of the second place candidates will be awarded the two-year term.

Village President Allen E. Valentine took fourth place

honors, missing reelection by only one vote, with 158.

Also garnering insufficient votes in the non-partisan balloting were council incumbents Lionel Kamm, with 138, and E. Wayne Converse, with 81.

The number of voters turning out for yesterday's election was almost four times last year's which was 78.

Valentine said he thought the incumbents were voted out for two reasons, because they didn't campaign hard enough and because "the people just wanted a change."

Tonight the present council meets for the last time. It is expected that the tie for second place will be broken with lot-drawing tomorrow morning.

Holly

The slate of seven Citizens party candidates, including five incumbents, breezed into office here yesterday.

New officers are Mrs. Betty Oliver, who pulled 145 votes to receive the clerk's post, and John Ramm, who will serve a two-year term on the Village Council with a 130-vote backing.

Returned to office were President John Oldani, 140; Treasurer Mrs. Hulda Anderson, 143; Assessor Grant Hulet, 138; and Councilmen Leo Oberheim, 131, and John VanBuren, 125.

Sticker candidate Eugene Sammer tallied 15 votes in his bid for a Village Council seat.

Wood Creek Farms

Voters here picked Watson Kinney along with incumbent Philo Wright to serve two-year terms on the Village Council.

Kinney earned 67 votes and Wright 64. Defeated in his bid for the council was William Smolek, 40.

Re-elected for two-year terms were Assessor Robert Swift, 69; Clerk Mrs. Alice Billin, 89; and Treasurer Thomas Jennings, 68.

Novi

The three incumbent council members were returned to office by healthy margins.

Despite the appearance of six candidates on the ballot, voter turnout was light, with 581 going to the polls out of a possible 1,997.

The two highest vote getters will serve four-year terms. They are Councilman J. Philip Anderson, 361, and President Joseph Crupi, 345.

President Pro Tem Dean H. Lemheiser, with 303 votes, was returned to the council for a two-year term.

Unsuccessful candidates were Eugene J. Choquet, 242; Herbert Koester, 197; and Frank Movarak, 171.

Milford

A strong, voter turnout saw a proposed charter amendment approved by a 494-367 vote margin.

Incumbent Calvin Lawrence was defeated in his try for reelection to the Village Council.

Ralph Wiese pulled 520 votes in the nonpartisan election to top Lawrence's 496. Also picked to serve a three-year term on the council was incumbent President Pro Tem Vernon Rounds, 544.

The amendment accepted by the electorate provides that special assessment districts for public improvements be established only upon the approval of the majority of qualified voters in the proposed district.

Rochester

Incumbent Councilman John Lowes led the race in yesterday's voting here, which found all three incumbents returned to office and Burdette Lewis winning the fourth open council slot.

Lowes tallied 454 votes, 110 more than the top vote-getter last year. A total of 729 ballots were cast yesterday.

Running a close second was

Lewis, with 402. The other candidate elected to a two-year position was incumbent Hoy Itowold, who garnered 467.

Awarded a one-year term was fourth-place winner incumbent John O'Donnell, with 408 votes. Losing candidates were Frank Voll Jr., 310, Robert G. Cannon, 249, and David N. Parker, 195.

Leonard

The electorate here voted in three new councilmen, all of whom were put on the ballot when the incumbents were eliminated at the Citizens party caucus.

Kenneth Pease, Lawson Sheik and Calvin Scheall were elected for the two-year terms with votes of 64, 62 and 61, respectively. A total of 79 votes were cast.

Unopposed and reelected to one-year terms in yesterday's balloting were Village President Jesse Sutherland, 69, Clerk Mrs. Clara Scheall, 70, and Assessor Elmer Powell, 68.

Treasurer Mrs. Lucille Porter tied with Mrs. Scheall for the top number of votes, 70, as she was elected to her 12th term in office.

Ortonville

In yesterday's no-contest balloting seven candidates were elected to office, all but one of them incumbents.

Village Clerk LaVerne Borst, who was reelected with 49 of the 50 votes cast, called it the "best turnout we've had in 10 years."

The lone newcomer to the ballot, Ray Long, was elected to the assessor's post for one year with 50 votes.

Others who will serve one-year terms are Village President Charles F. Sherman, elected to a second term with 49 votes, and Treasurer Mrs. Jennie Saunders, who tallied 50.

Candidates who will serve additional two-year council positions are incumbents Raymond Barrick, 48, Ronald Richards, 47, and Lavern Boutell, 45.

Clarkston

Fifty-four voters here turned out for yesterday's balloting to elect a slate of unchallenged Citizens party candidates to the seven open positions.

Leading the pack were in-

cumbent council candidates Harold Goyette and Earl Terry, both polling all of the 54 votes. Incumbent trustee Herbert Bewch was also awarded another two-year term on the council, tallying 53 votes.

Reelected to one-year terms were Village President Robert C. Waters, 49, Assessor Lloyd Shibley, 53, and Clerk Artemus M. Pappas, 51.

Pappas' wife Mary Ann, the only candidate who was not an incumbent, was awarded the one-year treasurer's post with 53 votes.

Yesterday's turnout was 10 less than last year's.

Romeo

The entire slate of Republican candidates on yesterday's ballot was swept into office, unchallenged except for scattered and sparse write-in votes.

Elected president with 430 votes was former Police Chief Edgar Welsh. One write-in ballot was cast for incumbent President Wayne N. Black.

Reelected to one-year terms were Treasurer Mrs. Dorothy Hoover, with the largest number of votes, 426, and Assessor Fred Ebeling, 426.

Councilman Norman Engel tallied 423 votes to gain a new position, that of clerk for a one-year term.

ELECTED TO COUNCIL

Unchallenged candidates elected to the council for two years were Martin Durham, 429, James C. Burke, 426, and Thomas S. Raymond, 425.

Others unopposed in yesterday's balloting were incumbent library board members Edgar Priest, who garnered 429 votes, and Thomas J. Schultz, tallying 421.

Metamora

The Citizens party swept a slate of incumbents into office here yesterday, unopposed this year by the Progressive Party which failed to win a slot in last year's election.

Leading the vote-getters was incumbent President Percy Clark, who tallied 43 of the total 44 votes cast. Clerk candidate Mrs. Margaret Cascadan was also elected to a one-year term, with 39 votes, as was incumbent Assessor Victor Maslin, with 42.

Incumbent Treasurer Mrs. Janette Schenkel was also elected to another one-year term in office, with 42 votes.

Filling The two-year council

posts will be incumbents John DeGroot and Charles Flower, who both received 39 votes. Village Clerk Gracie C. Morse, who left his office to run for a two-year council position, was elected with 39 votes.

BETTER THAN EXPECTED

Morse called the turnout "a lot better than I expected."

Richard Yorks garnered 38 votes to fill the one-year unexpired council term of Dr. Clarence Terwilliger, who had moved.

Dryden

Forty per cent of Dryden's registered voters went to the polls to elect an unchallenged slate of candidates here in yesterday's nonpartisan balloting.

Clerk Mrs. Mildred Gray, reelected with 41 of the total 42 votes cast, called the turnout a record, except for 1960 when a liquor-by-the-glass proposal carried.

Councilman Oliver Bradwood moved into the president's slot with 41 votes. Some have questioned the validity of his election, as he is also Dryden Township clerk.

Elected to two-year trustee positions were incumbents Ralph Hebert, with 39 votes, and Ralph Russell, 40, and Village President Robert L. White, 41, who was not seeking reelection to his slot.

Treasurer Mrs. Gladys Harrington and Assessor Robert Weingartz were reelected to additional one-year terms, garnering 41 and 37 votes respectively.

JULIE ANN STOVER

Mr. and Mrs. Cecil W. Stover, 2868 N. Grant, Avon Township, announce the engagement of their daughter Julie Ann to Dennis J. Underwood, son of Mr. and Mrs. Edward Underwood, 1717 Auburn, Avon Township. No date has been set for the wedding.

Aftermath of Fund Rejection

Utica Schools to Cut Services

UTICA—The Utica Community School Board last night decided upon a course of action to follow as a result of the recent voter rejection of a request for more funds—program cutbacks.

After considering various remedies to the problem, the board has agreed to place all students in kindergarten through grade three on a half-day schedule, beginning next fall.

On the secondary level, youngsters in grades seven through 12 will be limited to four basic courses and one elective, to be taken during a five-period day.

This year the students are allowed two electives.

PROGRAMS CUT

At all grade levels, the vocal and instrumental music, reading services and physical fitness programs will be curtailed, as well as counseling and guidance.

This will allow instructors who formerly worked in these areas to teach standard subjects, thus eliminating the hiring of additional staff members to handle the increased enrollment.

In another category, transportation facilities will no longer be provided for those children living within 15 miles of their school.

In the past buses have picked up some of these students, but it has cost the system to do this and it is not required by the state transportation law.

CROSSING GUARDS

Due to the expected increase in pedestrian traffic, crossing guards will be posted in the heavily traveled areas.

Even though the new Morang Elementary School will be completed by next fall, it is not expected to be opened due to the lack of operational funds.

The board's cutbacks are a result of the January election in which some 6,300 voters—more than twice any previous turnout—voted a \$7.5-million bond issue by 412 votes.

They also rejected a request for a 4-mill, five-year school tax, 3,257 to 3,063.

The board waited until yesterday's meeting to decide where to curtail, in order to hear the recommendations of the Citizens' Advisory Committee.

Hop Will Initiate Dance Season in Auburn Heights

AUBURN HEIGHTS—Uh-huh and yeh-yeh-yeh.

A new season of Teen Club dances at Club 228 (known as the Auburn Heights Boys Club at other times) will begin with a record hop at 8 p.m. Friday.

Dances will continue on a weekly basis until summer. Bands, entertainers and the antics of disc jockey Jim Banowsky of the Lakeland Record Shop will be featured.

All Avon Township dancers in grades 9 through 12 are invited. Club Director Sam Sheehy will supervise the program.

The hall is on South Squirrel, near Auburn.

Rochester Schools Plan Adult Courses

ROCHESTER—Another series of adult education classes is about to begin here, this time with 12 courses, ranging from golf to group piano classes.

Registration for the Rochester Community School District's program can be completed during the first class period, or by calling Director Al Valencia at the high school up to two days prior to the initial session.

No registrations will be accepted after the second instruction period.

COURSE LIST

A list of the courses, along with the time and place of first meeting, follows:

Ceramics—7:30 to 9:30 p.m. Monday, senior high; Beginning Contract Bridge—7:30 to 9:30 p.m. Tuesday senior high; Oil Painting—7 to 9 p.m.; Fashion Clinic—7 to 9 p.m. Tuesday, senior high.

Group Piano—7:30 to 9 p.m. Tuesday, West Junior High; Woodshop for the Home-maker—7 to 10 p.m. Tuesday, senior high; Art Metal Work—7 to 9 p.m. March 18, Central Junior High; Rug Hooking—

If State Legalizes Sport

Women Wrestlers May Get You Down

By HOWARD HELDENBRAND

There is a movement afoot to legalize women's wrestling in Michigan.

Our observation from this neutral and safe corner is that if the dauntless damsels want to establish a shriek-and-screach auxiliary of the grunt-and-groan profession, you'd better let 'em do it.

Once they decide that woman's place is in the ring—man might as well tumble to the fact that it is where they'll land—and he'd better fall for it, first at last.

But once the gentle grapplers get a toehold in wrestling, the maul-and-fall calling is sure to see some startling changes—not only in the form of contestants, but in the stereotype of the sport itself.

For example, have you ever taken a good gander at a wrestling ring? With its tattle-

tale gray canvas deck and restraining ropes it's about as chic as a turn-of-the-century bathing suit. Moreover, close-up it can have a sort of lived-in aroma—lived in, say, by a goat.

Can you imagine a woman climbing into something like that? Ugh! Prepare then, boys, to see rings with rope to rope lavender carpeting and the ropes themselves replaced by daisy chains. The corner posts, too, will soon take on a new look, festooned with multicolored bunting surmounted with poisons.

Those ugly corner stools the combatants sprawl on when not throwing their weight around? You've seen the last of them, aficionados. Look now for snug love seats flanked by tables and lamps...and overall, the seductive aura of Chanel No. 5.

This leads to serious consideration of a question sure to arise with the advent of women wrestlers: What will the comely competitors do with themselves between falls?

JUST INCAPABLE Women, you know, are con-

genitally incapable of just doing nothing between cessation of one major effort and the start of another. They require interim interests. The four main ones are: (a) Telephoning (b) Knitting (c) Baking Cookies (d) Writing Letters.

Presumably, therefore, the ring would be equipped to afford outlet for one or all these diversionary activities during breaks in ring action.

By now, you're probably wondering what an alluring amazon will be wearing when she throws herself into the arms of the enemy.

Well, that would depend entirely on what scouts had reported her foe was wearing. She would, of course, have the usual purse tucked under a gloved arm as she spike-heeled her way into the ring. A hat would be optional adornment.

HAIR ARMOR She might eschew it for hair curlers, since they would provide great strategic advantage. A feminine foe, you see, would find hair pulling a pretty difficult feat when the rival tresses were armored with curlers.

Moreover, think of the mayhem that could be inflicted by a distaff demon were she to hone her curlers to a razor edge with which to give her antagonist a feline facial.

One last contingency is left. Male kick-and-bite practitioners are matched by weight. But how are you going to match the women huggers and tuggers.

In their case, there is more than mere bulk that meets the eye and, at first sight, classification by pulchritudinous measurements would seem to be the right approach.

FALSE REPORT But what then would a bewildered and helpless group of male officials do if a charming contender refuses to proceed with a match on the grounds that her opponent had falsified her dimensions?

Turks to Reject Choice of Cyprus Mediator

ANKARA, Turkey (AP)—The Turkish government has decided to oppose the appointment of Jose Rolz Bennett of Guatemala as the U.N. mediator for Cyprus as a high government source said Monday.

The rejection will be based on the grounds that Bennett, who is

Secretary - General U Thant's deputy chief of Cabinet, lacks the necessary international standing and experience for the post, the informant said.

Total solar eclipses, though fairly common, are not often easy to witness. The band of totality frequently passes over desolate places.

Today in Washington

Biggest U.S. Defense Budget Okayed

WASHINGTON (AP) — In the news from Washington: DEFENSE MONEY: Congress has stamped its final okay on a \$17-billion defense authorization bill — the largest in peacetime history.

Included in the measure sent Monday to President Johnson was \$52 million which the Air Force asked for research on a new bomber for the 1970s.

Both houses had earlier voted the funds, in a slap at the Johnson administration which had asked only \$5 million for research on the bomber.

ORIGINAL VOTE The House voted originally to include \$40 million for research on a manned interceptor plane. The Senate voted against it, and after President Johnson announced development of the se-

cret 2,000 mile-per-hour All intercepter, Senate - House conferees accepted the Senate version. The House went along Monday by voice vote.

SNAPU: The Social Security Administration says it is straightening out the accounts of people who used as their social security number one placed on a sample social security card in wallets sold by a chain store in 1938.

A check of wage account items received during the July-September quarter of 1963 showed 19 persons used the number 078-05-1120, a spokesman said. He added that 27 persons used that number during the second quarter of last year and 24 during the first quarter.

"We are still getting a few reports using that number—078-05-1120," the spokesman said. "We regard this as a continuing small problem but it is not considered a big problem at all."

The Social Security Administration had found 5,755 of the sample numbers by 1943 and thought it was over the hump, but the spokesman said the mis-used number still shows up.

Glenn Begins Examinations

SAN ANTONIO, Tex. (AP) — Marine Lt. Col. John H. Glenn Jr. began a three to four day battery of examinations, including hearing and equilibrium tests, Monday for treatment of a brain concussion.

Glenn, who suffered the concussion in a bathroom accident Feb. 26 in Columbus, Ohio, was flown to Wilford Hall U.S. Air Force Hospital here Friday.

A hospital spokesman said Glenn continues "to suffer with the dizziness when standing and sitting that has been the primary complaint" since the accident. The fall injured his inner ear equilibrium.

A spokesman said "X rays taken over the weekend were normal and doctors were still optimistic of meeting Glenn's hopes for April 1 retirement."

Glenn is a candidate for the Democratic senatorial nomination in Ohio. He plans to be campaigning soon after April 1.

Raise in Toll Charge for Seaway Opposed

WASHINGTON (AP)—A Canadian proposal to raise tolls on the St. Lawrence Seaway should be strongly resisted, Sen. William Proxmire, D-Wis., said today.

"I am convinced," Proxmire said "that any increase in tolls will diminish seaway revenues because shipping will drop off substantially."

Negotiations to revise the toll structure of the seaway, jointly operated by the United States and Canada, are now under way.

About 70 per cent of the milk produced in the U.S. is used for manufacture of various dairy products.

Woman Eying Senate

LANSING (UPI)—Elly Peterson, the "first lady" of the national Republican party, is growing more receptive daily to the idea of running for the U.S. Senate and will make up her mind on the matter by Easter.

Mrs. Peterson, the GOP's National Vice Chairman from Charlotte, said she has been receiving strong encouragement from Republican leaders throughout Michigan to challenge Democratic Sen. Philip Hart, who announced yesterday he would seek a second term.

"I've never considered running for public office before but I'm very receptive to this idea right at the moment," Mrs. Peterson said during an interview yesterday. "I'm much closer to running now than I was a week ago."

"I'll announce what I'm going to do the week before Easter. I'll be in the state that whole week and I want to make some contacts yet. I'm still talking to a lot of people."

FIRST SUGGESTION

Mrs. Peterson, the wife of Col. W. Merritt Peterson of the Michigan Military Establishment was first suggested as a possible candidate during a discussion of the Senate situation at the home of Gov. George Romney Feb. 28.

Since then, Mrs. Peterson said, "quite a few party leaders have told me I should run. But they cannot openly support me at this time and I would not expect them to. It would not be fair."

So far, the GOP's only announced candidates for Senate are Grand Haven businessman Edward Meany and Ford Motor Co. executive James O'Neil of Livonia.

O'Neil is also a member of the State Board of Education.

Recent political polls have indicated neither O'Neil nor Meany, who has never held public office, would have a significant chance of defeating Hart.

HAS OPTIMISM

Elly, back in Michigan briefly Monday following a tour of

Missouri and Iowa, said if she entered the GOP senate primary "I'd expect to beat both of them. And I'd expect to beat Phil Hart, too, in the general election."

"I don't ever go into anything without doing it seriously," If Mrs. Peterson does seek the U.S. Senate seat she would be the first woman ever to do so on a major party ticket in Michigan.

On Political Structure Bill

State Parties Can't Agree

LANSING (UPI)—The question of how the state central committees of Michigan's two major political parties should be organized was still unresolved today following a meeting between Republican Chairman Arthur G. Elliott Jr. and Democratic Chairman Zollen Ferency.

The two party chairmen, Auditor General Bill S. Farnum, State Rep. Russell Strange, R-Clare, and Robert McIntosh, Gov. George Romney's legislative aide, met yesterday to discuss pending legislation which concerns the structure of the political parties.

A main point of difference continued to be membership on the state central committees.

A bill offered by Strange, which has Elliott's backing, would set up a committee whose members would be: one member of each house of the legislature, the party's national committeeman and committeewoman; the chairman and vice chairman of any county having a population of one million or more; three persons from each congressional district, including the district chairman and a county chairman and vice chairman of the opposite sex from within the district; and nine at-large members.

DEMOCRATS PREFER

Ferency said the Democrats prefer that after the congressional district chairmen the bulk of the state central committee membership be made up of persons elected by district convention. "The Democrats would elect four committee members from each district and eliminate the at-large membership."

Ferency said the Democrats also want the political parties to have the power to adopt constitutions which will be filed with the secretary of state as their basic governing law. He said the party felt as much

control should remain in the hands of the parties themselves rather than be set up by statute, as the Republicans have proposed.

Police Escort 'Guards' From Essex Plant

HILLSDALE (AP)—Fifteen Indiana workers, labeled strike-breakers by union officials and called security guards by management spokesmen, were escorted from the strikebound Essex Wire Corp. plant Monday.

The 15 men left the plant in five private cars, escorted by Michigan State Police cars, which accompanied them as far as the Indiana-Michigan state line.

Officials of the striking International Union of Electrical Workers called the 15 illegal strikebreakers and brought unfair labor charges on the basis of their presence in the plant.

Essex Wire had operated with the aid of the men for 11 days of the strike, which started Feb. 28, with a dispute over a first contract.

PEACEFUL PICKETING

Management earlier had offered to discontinue use of the men if they were assured of peaceful picketing by the strikers. The firm said the men were used as a security force and not as production workers. It had denied they were strike-breakers.

Labor and management met Monday in a third straight day of negotiations.

Action is pending from Circuit Court on management and union injunction. The company seeks an injunction against what it calls violence and threats of violence. The union, among other demands, had asked that the company be enjoined from further operations until the outside workers were removed.

Hopes LBJ Will Debate

SAN ANTONIO, Tex. (AP)—The national Republican chairman says he hopes President Johnson "will honor the Kennedy commitment for face-to-face debates" with the GOP presidential candidate.

Rep. William E. Miller, R-N.Y., said last night that legislation to allow the President to take part in open debates could be passed in a matter of hours if Johnson would give the go-ahead.

The fact that the President is exposed to highly classified information should not be an issue in legislation, Miller said.

"Richard Nixon during the 1960 debates was a member of the National Security Council and knew of the A11 jet," Miller said. "And he didn't say anything about it."

Say 2 Indians Killed

in Kashmir Fighting

JAMMU, Kashmir (AP)—Two Indians were killed and at least seven others injured in an exchange of fire across the cease-fire line 50 miles west of Jammu town Sunday night, official sources said Monday.

They said Pakistan army units made two raids within five hours of each other at Naya Chak village.

Michigan Must Share Big 10 Basketball Title With Ohio State

DOWN AND OUT—Michigan's center Bill Buntin is down at midcourt but raises his hand for fouling Purdue's Bob Purkhiser (25) in an effort to get the ball in the closing seconds of the game with Purdue last night. Purkhiser sunk two free

throws to ice the game for Purdue which scored a big upset at Ann Arbor, 81-79, and prevented the Wolverines from gaining a clear cut Big 10 title.

AP Photos

First Upset in NCAA Meet

Connecticut Beats Temple

Villanova, Princeton Gain Victories

By The Associated Press

Connecticut scored the major upset in the first round of the NCAA basketball tournament, which found a little of the thunder stolen by a couple of regular-season developments.

Princeton, Villanova, Texas Western and Creighton joined Connecticut as the first round tournament victors while Oklahoma State closed the regular season with major milestones.

At Stillwater, Okla., Henry Iba's Cowboys belted Oklahoma 80-47, the 700th career victory for the 59-year-old coach. The only other active coaches with 700 or more are Adolph Rupp of Kentucky and Ed Diddle of Western Kentucky.

Connecticut's 53-48 upset of Temple highlighted NCAA tournament opening rounds in Philadelphia and Dallas. Princeton, behind All-American Bill Bradley, bombed Virginia Military 85-60 and Villanova whipped Providence 77-66 in the other games in the Philadelphia tripartite. The winners join Kansas State and Wichita in the Midwest Regional at Wichita Friday.

AGGIES DUMPED

At Dallas, Texas Western whipped Texas A&M 68-62 behind the outstanding performance of Jim Barnes and Creighton, behind All-American Bill Bradley, topped Kansas State and Wichita in the Midwest Regional at Wichita Friday.

Other first round action tonight has Louisville, 15-9, vs. Ohio, 19-5, and defending champion Chicago Loyola, 20-5, vs. Murray State, 15-8, in Evansville, Ill., and Utah State, 20-6, vs. Arizona State, 16-10 and Oregon State, 25-3 vs. Seattle, 20-5, in Eugene, Ore.

Kentucky, Michigan, UCLA and San Francisco, the other NCAA tournament teams, are idle until Friday. The National Invitation Tournament opens in New York Thursday with Miami, Fla. vs. St. Joseph's, Pa., and New York U. vs. Syracuse.

Lakeland 6 Upsets Waterford Blades

The Lakeland Pharmacy set-up upset Waterford's Blades, 4-3, last night on two third period goals within 30 seconds by Ron Prince.

The conquest moved Lakeland into the senior division playoff finals against the Mountain View Rangers in the Waterford Viewers boys' ice hockey program.

They'll clank next Monday night at Cranberry. The intermediate division finals will be tomorrow at 8:15 p.m. between Richardson Dairy and Mountain View's Rangers.

BASKETBALL TALK—Wallace Rice, 16 Aqua, Birmingham, and his son, Pat, 14, chat with catcher Bill Freehan at the Detroit Tiger spring training camp in Lakeland, Fla. The

Rices once lived within two blocks of Freehan in Royal Oak. Pat is a pitcher in one of the Birmingham junior leagues.

Pontiac Press Photo

Decree Is Issued to 'Bulldog Bouton'

RIDGEWOOD, N.J. (AP)—The Bulldog, it appears, is in the doghouse. And this particular doghouse threatens to get doggone expensive.

"It looks like they've got me over the barrel," Bulldog Jim Bouton ruefully admitted at his home here after he had been handed a sign-or-else decree from New York Yankee General Manager Ralph Houk.

The or-else is a \$100 a day

fine, starting midnight Wednesday, for each day the brash young right-hander is absent from the Yankee training camp.

"I'll probably have to give in," Bouton said. "But I'm going to check thoroughly first to see if I have any recourse. I think this is grossly unfair."

BIRTHDAY PRESENT

The timing was a little unpleasant, too. Bouton got the ultimatum on his 25th birthday. Sunday night, in a telephone call from Houk. The Yank GM didn't make the news public until a news conference in Fort Lauderdale, Fla. Monday.

"I don't think the club can give him what he demands and still be fair in its dealings with other members of the team," Houk said.

"I probably won't make a decision until the deadline," said Bouton, dubbed the Bulldog by his teammates because of his fierce competitive spirit.

Last season Bouton was the Yankees' top right-hander and one of the American League's five 20-game winners. He was 21-7 and led the club in earned run average at 2.53, fourth in the league.

For this he received \$10,000. For 1964 he wants \$20,000, a 100 per cent increase.

BIG INCREASE

The Yankees offered a 60 per cent increase, or about \$18,000. Then they offered an 80 per cent increase, or about \$18,000.

"I think the last Yankee offer is barely reasonable," the Bulldog said, but held firm.

Kaline Ready for 'Opener'

Tigers to Host Twins in Exhibition Debut

LAKELAND, Fla. (AP)—Al Kaline will play Saturday when the Detroit Tigers host the Minnesota Twins in the exhibition season debut for both teams.

Kaline, the Tigers' All-Star rightfielder, was one of the few regulars who missed Monday's first spring game for front-line players at Lakeland.

Tiger manager Charlie Dressen also indicated Frank Lary would pitch over the weekend. Dressen slated Lary for three innings Saturday or in a rematch with the Twins Sunday at Orlando, Fla.

Dressen said he was particularly impressed with the work of 26-year-old right-hander Phil Regan, who pitched two hitless innings in the Tigers' 12-2 victory over the Tigertown farm team Monday. Regan won 15 games last season, most of any Detroit pitcher.

Dick McAuliffe sparked the victory with a double and a single. Jerry Lumpe singled in his first at bat as a Tiger.

Don Demeter drove in a run in his Detroit debut, and reserve second-baseman George Smith belted a three-run homer.

REGIONAL TOURNAMENTS

Tuesday Schedule
 Class A
 At East Detroit—Hammer Woods Notre Dame vs. Lakeshore, 7:30 p.m.
 Class B
 At Pontiac—Northern-South Lyon vs. Fraser, 8 p.m.
 Class C

Wednesday Schedule
 Class A
 At Clarkston—Pontiac Central vs. Clarkston, 7:30 p.m.
 At Ferndale—Seaholm St. Mary vs. Birmingham Seaholm, 7 p.m.; Detroit Northern vs. Hamtramck, 8:45 p.m.
 At East Detroit—Hammer Woods Notre Dame vs. Lakeshore, 7:30 p.m.
 Class B
 At Pontiac—Northern-South Lyon vs. Imley City, 8 p.m.

Lakers to Lose Selvy

LOS ANGELES (AP)—Frank Selvy, Los Angeles Laker guard, for the past five years, is leaving professional basketball to take a coaching job at Furman University, Greenville, S. C.

Clarkston Hosts Favored Chiefs

The eyes of the local high school basketball world will be on the Clarkston's gymnasium tomorrow night as the Class A regional tournament gets under way there.

Pontiac Central's Chiefs and Clarkston's Wolves will make their first-cage clash a most important one. The winner will advance to the regional finals, while the loser is finished for the season.

More than 2,000 fans are expected to be on hand at the 7:30 p. m. tipoff. Tickets are on sale at both schools.

The host Wolves will enter the contest with a 16-2 record, a share of the Wayne-Oakland League basketball crown, and their second Class A district title in two years of competing at the state's highest level.

Pontiac Central is an old hand at post-season Class A regional activity, having won at least 14 such crowns. The Chiefs have won six of the seven district titles they've sought.

The four-team tournament beginning Wednesday at Clarkston is the first "A" regional played on one of the county's largest courts.

Also competing at Clarkston are Farmington and Mount Clemens, scheduled for a 7:30 p. m. encounter Thursday. The two winners will play Saturday at the same time.

Two words make Pontiac Central the pre-tournament favorite—depth and competition. The Chiefs have the reserve power to offset any starting lineup misfortune.

Walter Moore, Carl Arnold, Lesel Hunsford and John Hooper were called on frequently by coach Fred Zittel last week at the Pontiac Northern district, and did the job.

The Pontiac quintet has a 14-3 record to date and finished second in the tough Saginaw Valley Conference race.

Only Farmington's Jack Quiggle has had comparable success substituting, and the 9-11 Falcons were in the weaker Inter-Lakes League.

They do have the tournament's biggest regular, however, in 6-8 Neil Warinner, and must be considered the dark-horse entry.

Mount Clemens has two highly regarded starters in Bill Ford and Al Harston, compiled an 11-7 log, and played in the rugged Eastern Michigan League race.

The Eastern Michigan League co-champion is scheduled to open the regional, action on the Ferndale court at 7 p.m. Wednesday with Redford St. Mary providing the opposition.

Detroit Northern will duel Hamtramck in the second contest, slated to start at 8:30 p.m.

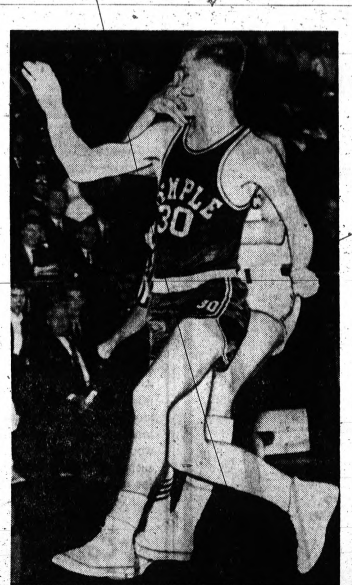

The Class A regional at Ferndale is one of eight on the state edge schedule.

A victory for the Maples in the stop at Ferndale would put the squad into the quarter-finals at a site to be named March 18 by state high school athletic officials.

ACTION TONIGHT

Class C regional action will get under way at Birmingham Seaholm tonight with two games on tap. A single Class B tilt is scheduled at Pontiac Northern.

Two 'D' contests are set for Ferndale, and Harper Woods Notre-Dame and Lakeshore will

SHISHIRI—Temple's Bob Herrington gets a thumb between the eyes and a mouth full of fingers as a Connecticut player pursues him down court in the first round of the NCAA basketball tournament last night. Connecticut upset Temple 53-48 in the triple header in Philadelphia.

SPORTR

Purdue Upsets Wolverine 5 at Ann Arbor

NCAA-Bound Quintet Surprised, 81-79, by Boilermakers

CHICAGO (AP)—Final Big Ten Standings:
 W L Pct. Pts. GP.
 Michigan 11 3 .786 102 107
 Ohio State 10 4 .714 113 143
 Minnesota 10 4 .714 101 149
 Wisconsin 9 5 .643 100 129
 Purdue 8 6 .571 103 116
 Illinois 8 6 .571 114 149
 Northwestern 6 8 .429 101 108
 Indiana 6 8 .429 102 112
 Iowa 3 11 .214 102 192
 Wisconsin 2 12 .143 101 121

ANN ARBOR (AP)—Though disappointed that their team didn't win the Big Ten basketball championship outright, Michigan coach Dave Strack does not feel his boys will fall apart as they prepare for their first NCAA tournament contest this Friday.

"Purdue just played better," Strack said solemnly Monday night after the Boilermakers upset the second-ranked Wolverines, 81-79.

The decision forced Michigan to share the league game title with Ohio State. Each is 11-3 in conference play. It marked the fifth consecutive year that the Buckeyes have either come out on top or shared the crown.

Michigan's next test will come Friday at Minneapolis where they probably will meet defending NCAA king Loyola of Chicago. Loyola plays Murray State, Ky., in an opening round game tonight.

CLUTCH BASKET

A three-point play by Mel Garland and a clutch basket and two free throws by Bob Purkhisher in the last two minutes of play coaxed off the rallying Wolverines and gave the Boilermakers their biggest victory of the season.

The visitors spotted Michigan two quick baskets, then rolled two seven consecutive points to take a 7-0 lead, with a little more than three minutes gone. The Boilermakers went on an eight-point scoring spree later in the half to turn their lead to 19. Purdue held that advantage on two other occasions in the second half, and left the floor with a 43-38 halftime edge.

Michigan hit on only 17 of 47 attempts from the floor while Purdue made 20 of 37 in the first half.

The Wolverines controlled the boards by a 32-19 advantage, but couldn't maintain superiority in the second half as the charged-up Boilermakers got a 20-11 edge off the boards.

Purdue kept the Wolverines at a distance until the 10:52 mark when Cazzie Russell's jump shot made it 56-55 in favor of Michigan.

After the lead changed hands six times in the next five and one-half minutes, Russell scored two free throws and another basket to push Michigan to a 71-68 advantage.

'M' AHEAD

Michigan held a 77-74 lead with 2:06 remaining, but got only one basket—that with four seconds to go—after that and suffered its fourth setback in 24 games.

Russell, though held to six points in the first half by a double teaming maneuver which Purdue coach Ray Eddy said "worked perfectly," finished with 27 to lead all scorers.

Purkhiser had 26, one more than teammate Dave Schell-base.

Eddy said he told his team to play for the percentage shot and wait for a reasonably good one after it tied the score at 77-77.

He said the fast break and the ability to move the ball in the first half coupled with the better defense in the second half, told the story of the game.

THE CONTENTENDERS

Other top contenders include: Class A—Benton Harbor, Albion, Detroit Northwestern, Detroit Northeastern, Hamtramck, Detroit Northern, Muskegon Heights, Grand Rapids South and Flint Central.

Class B—Allegan, Flint St. Michael, Saginaw Buena Vista, Sandusky, and Rudyard.

Class C—Addison, Lake Forest, Akron-Fairgrove, Merrill, Mount Pleasant Sacred Heart, Gaylord and Wakefield.

Class D—Carney, Baraga, Ne-guame St. Mary, Pickford, Gaylord St. Mary, Bloomington, Overt and McBain, a dark horse club which has an unbeaten string of 20 games for the best record in the state.

RIGHT TREATMENT—A check for \$4,000 is worth a kiss and Gary Player (left) gives it the right treatment after winning the Pensacola Open in a playoff with Arnold Palmer and

Miller Barber yesterday. Presenting the check is Porter Hedell of the Pensacola Association. Player took a one-stroke victory over Palmer with a 71.

Rec Department Sets Spring Swim Program

The spring swimming program offered by the Pontiac Recreation Department will begin next week, Monday through Wednesday and continue through May.

Swim classes, open swimming and lifesaving programs are being offered by the recreation department and advanced registrations should be made by calling the recreation department offices at city hall.

Registration fee for the beginning and advanced swimming classes is \$2.00 for the eight classes; \$4.00 for the life saving course; and 25 cents and 50 cents per session for children and adults in the open swim program.

Wednesday, a life saving program for juniors and seniors will begin at PNH with classes beginning and advanced youths slated for Central's pool.

Minimum requirements for those taking life saving courses are: 12 years of age and able to swim 220 yards for juniors; 16 years minimum and 440 yards for seniors.

Open swimming will begin Monday at PCH while beginning and advanced classes are held the same night at Northern for youths and adults.

There is a minimum height of 54 inches for beginners at Northern and 50 inches minimum at Central.

This is the spring schedule beginning next week and continuing through into May except for days missing as denoted:

AT PONTIAC NORTHERN (Minimum Height for Non-Swimmers 54 inches)

Mondays — Beginning and Advanced Youth Classes, 6:30-7:30 p.m. Learn to swim for Adults, 8:00-9:00 p.m. (no programs March 30 or May 4.)

Tuesdays — Open swim, All Ages, 6:30-7:30 p.m. and 8:00 to 9:00 p.m. (no programs March 31, April 28 or May 5.)

Golfer Player Foresees Win at Pensacola

PENSACOLA, Fla. (AP) — Before Gary Player went on the course to play off a tie with Arnold Palmer and Miller Barber in the \$25,000 Pensacola Open Monday he said, "Maybe this will be my day."

The Little South African shot a one-under-par 71 to beat Palmer by one stroke and Barber by three and win \$4,000. They had tied at the end of the regular 72-hole tournament with 27.3.

"I was under more pressure than I ever have been in my life," Player said when he closed out the day and pocketed his check. "It's awfully tough when you have to go against two fellows."

Round 2 for Clay vs. Mental Exam

LOUISVILLE, Ky. (AP) — Cassius Clay's brain gets a rematch with Uncle Sam on Friday and Sonny Liston, along with all the other heavyweight boxing contenders, will have to await the outcome before matching brawn with the champion.

After reportedly flunking the mental test in a previous selective service examination, Clay gets another chance in Louisville.

"I really tried hard — real hard — on that mental test," Clay said. "It wasn't too hard. I guess, but I never was a good reader or a good speller, not brainy with the pencil and paper. I got out of Louisville Central High with a D-minus."

While Cassius prepared for the exam, Manager Bill Favreham sized up the contenders for Clay's crown.

LISTON NEXT

"If Cassius is not accepted by the Army, Liston deserves the next bout because he's the one who lost his title to Cassius," Favreham said.

"If Liston's left arm is in such shape that he cannot fight, then I'd say that the men who do serve a chance are Doug Jones, Ernie Terrell and Eddie Machen, and I'd have to put all of them before Floyd Patterson."

During the weekend, Patterson offered to fight Clay for no purse, with a \$750,000 guarantee to the champion. Clay's rise over Patterson's reference to taking the title away from the Black Muslims.

Clay said he didn't like the mention of his religion when discussing his professional life.

The 22-year-old Louisville native, home for a week of rest, said he will remain with the seel headed by Elijah Muhammad and will not join the splinter group organized by Malcolm X. Malcolm X had been Clay's companion in Miami Beach before and after the fight and in New York. Malcolm X said during the weekend he has split with the Muhammad group and plans to form a group with a more militant approach toward civil rights problems in the South.

"I am a fighter and I am religious. I am not going to do anything that's not right," Clay said. "I don't know much about what Malcolm X is doing, but I do know that Muhammad is the wisest."

Doctor Says Sonny Liston Has Bursitis

DETROIT (AP) — Sonny Liston's personal physician revealed Monday the former heavyweight champion has been suffering from bursitis for nearly two years.

Dr. Robert C. Bennett of Detroit said he had been treating Liston for bursitis in both arms and shoulders all during the months of training before the champion lost his title to challenger Cassius Clay Feb. 25 in Miami Beach, Fla. He described the ailment as an inflammation of the joint.

Liston, who entered the contest a 7-1 favorite, lost on a technical knockout when he failed to answer the bell for the seventh round. At the time, Liston claimed he had injured his left arm in the first round and could not continue.

Bennett said he could not determine whether Liston's bursitis contributed to the arm injury.

"The injury to his arm was four or five inches below, a sort of rupture," explained Bennett. "In our post-fight examination, we could see the swelling and blood."

"It is true, however, that Liston's major complaint after the fight was not his arm, but his shoulder," said Bennett. "It is possible that the bursitis was related to that injury."

MONDAY'S FIGHTS

PHILADELPHIA — Benny Briscoe, 140, Philadelphia, fought Chas. Williams, 140, Philadelphia; 1. Jesse Smith, 157½, Philadelphia; and Larry Barrett, 180½, Baltimore, drew, 18.

Promise Same Fate as Powers

Reds Warn U.S. on A-11 Flights

MOSCOW (UPI) — The government newspaper Ivestia said tonight any flights over the Soviet Union by America's A-11 fighter would meet the same fate of the U2 flown by Gary Powers which was shot down.

In a front-page article entitled "Successor of the U2?" the government organ declared:

"The provocative flight of the

U2 in May 1960 was detrimental to the prestige of the United States. Its fate is universal and widely known.

"It is doubtful whether the A-11 will meet a different fate if the advocates of the cold war across the ocean try to use it for experiments similar to the infamous flight of (Francis Gary) Powers."

Ivestia was referring to the United States' newly disclosed 2,000-mile-an-hour fighter which the Journal Aviation Week claimed has already overflown unidentified "Communist territory."

The report was later denied by official United States quarters, but Ivestia characterized the denial as "exceptionally cautious."

Ivestia said:

"All this story, no matter how accurate the details are, leaves the impression that certain people in the United States cannot wait to get their hands on the new version of the U2 spy aircraft."

Deaths in Pontiac Area

MRS. CLIFFORD R. ELLIOTT
Service for Mrs. Clifford R. (Althea E.) Elliott, 69, of 1570 N. Perry will be at 1:30 p.m. Thursday in the C. J. Godhardt Funeral Home, Keego Harbor. Burial will follow in Roseland Park Cemetery, Berkley.

Mrs. Elliott died yesterday after a three-year illness.

Surviving are her husband; a son, Jack C. of Pontiac; three daughters, Mrs. Laurence Delant of Royal Oak, Mrs. Walter Rind and Mrs. Shirley Bedard, both of Pontiac; 11 grandchildren; and one great-grandchild.

DANIEL D. TOSICH
Prayers will be offered for Daniel D. Tosich, 58, of 821 Jolyn at 7:30 tonight in Voorhes-Siple Funeral Home.

His body will be at the funeral home until noon tomorrow when it will be taken to All Saints Episcopal Church for service at 12:30 p.m. Burial will follow in Ottawa Park Cemetery.

Mr. Tosich, an employee of Baldwin Rubber Corp., died Sunday. He attended St. George's Romanian Orthodox Church.

Surviving are his wife Helen; two daughters Mrs. Eugene McCurdy of Clarkston and Mrs. Philip Goetzman of Wheaton, Ill.; three grandchildren; and a sister.

WARNER BECKMAN JR.

SPRINGFIELD TOWNSHIP
Service for Warner Beckman Jr., 28, of 8552 Claridge will be at 2 p.m. Thursday in the Dixie Baptist Church. Burial will follow in Ortonville Cemetery.

Mr. Beckman, a former employee of the Federal Steel Corp., Clarkston, died yesterday after an illness of several weeks.

His body is at the C. F. Sherman Funeral Home, Ortonville. Surviving are his parents, Mr.

Ex-Brink's Chairman

Succumbs in Chicago

CHICAGO (AP)—John Denby Allen, 76, who rose from office boy to chairman of the board of Brink's, Inc., armored car company, died Monday.

By McNamara

Viet Discussions Held

By MALCOLM W. BROWNE
SAIGON: South Viet Nam (AP) — Secretary of Defense Robert S. McNamara held intensive discussions today at the U.S. military headquarters and

the U.S. Embassy on the future of the Vietnamese war.

McNamara canceled another field trip scheduled for today, but sent several aides into the countryside to investigate vari-

ous aspects of the war against the Communist Viet Cong.

The secretary made three speaking appearances in the Mekong River delta Monday demonstrating U.S. support for the military regime headed by Maj. Gen. Nguyen Khanh.

In a brief conversation with a newspaper, McNamara declined to comment on speculation that the United States is considering carrying the war to Communist North Viet Nam.

WINNING WAR

"I think the time to concentrate on is winning the war down here," McNamara said. "One thing you can be sure of — we intend to continue our support for Viet Nam. The first thing is to overcome the insurgency in South Viet Nam. This should be their objective and ours."

McNamara said he noted progress by the government in the countryside since his last visit.

"I'm delighted to see the contact Gen. Khanh is making with the people and their enthusiastic support," he said. "The war will depend on their enthusiasm."

Teams of Vietnamese divers were searching in the Bassac River 100 miles west of Saigon for the bodies of two U.S. Army gunners who drowned in the crash of a helicopter that was part of McNamara's escort on Monday.

The pilot and copilot escaped before the wreckage sank.

AP Photo

DEEP IN KENTUCKY—Home-bound motorists in Louisville, Ky., yesterday found the going rough. Nearly 6 inches of rain in a 48-hour period caused flooding of many streets. Much of the traffic was blocked temporarily due to the down-pour.

Youth Work Funds OK'd by Waterford Twp. Board

A budget of \$454 for operation of the 30-member Waterford Township Youth Assistance Committee this year was approved last night by the Township Board.

The committee, which works in conjunction with Juvenile Court to help youngsters stay out of court, is comprised of civic leaders who volunteer their services.

Committee chairman Robert Lawyer and Charles Siton, chairman of two of the general committee's eight subcommittees, outlined the budget needs.

All but \$150 of the proposed budget will be used for office expenses such as printing, postage, telephone, stencils and stationery. Office space for the Juvenile Court caseworker assigned to Waterford is provided by the Boys Club at no charge.

SPECIAL COUNSEL
The \$150 item is earmarked for fees to professional people for special counseling.

William Shuck, who was present at the meeting, suggested that \$150 seemed inadequate to provide this service.

Shuck, former superintendent of Waterford Township Schools and now superintendent of Wayne County Schools, based his observation on the growing number of persons in need of special counseling and the existing rates paid professionals.

Lawyer explained that only \$150 was budgeted because professional people have agreed to offer their services for token remuneration.

NOT INDEFINITE
He suggested that the committee probably could not count on this arrangement indefinitely.

Formed in October 1962, the general committee's subcommittees are case study, education, membership, material needs, fact finding, employment, public relations and summer camping.

In other business last night, the board authorized its engineers to advertise for blacktopping bids on Hirtz Street.

A substantial pay increase was cited in Holmes' letter as the main reason for his decision to change jobs. His investigative territory will include all 13 Montgomery Ward stores in Michigan.

Holmes also cited the increasingly heavy juvenile caseload he has been handling alone as a factor in his decision. He suggested that the new juvenile officer he provided help in handling the mounting caseload.

During 1962, 1,800 cases were assigned to the juvenile officer. The figure rose to 2,395 last year.

Holmes said he would continue to live in Keego Harbor. He also plans to remain active in the newly formed Waterford Township Boys Club and the township's Youth Assistance Committee.

Arraign Teen Charged in Holdup Try

Nineteen-year-old Jerry Abumby stood mute yesterday at his Circuit Court arraignment on a charge of attempted armed robbery of a Pontiac drugstore Feb. 25.

Abumby of 493 Moore was ordered by Judge James S. Thorburn to stand trial. He was returned to the county jail in lieu of \$10,000 bond to await trial, for which no date was set.

He is accused of attempting to rob Cole's Drug Store at 501 S. Saginaw. He was arrested shortly after a bandit fled the store when he was falsely told that a policeman was looking in the front window.

When arrested, Abumby was carrying a revolver without handle grips. It was the type of gun described by a woman clerk at the store.

New Outbreaks Feared

Uneasy Truce in Jeopardy on Cyprus

NICOSIA, Cyprus (AP) — Greek and Turkish Cypriots kept an uneasy truce in battered Klima today, but new fighting was feared as shots rang out in nearby Mallia.

The British army rushed a platoon to Mallia in an attempt to head off another outbreak that might plunge the Cypriot factions into all-out war.

Talks between Greek and Turkish leaders aimed at restoring peace on this eastern Mediterranean island were expected to start today unless a new flare-up occurred.

A cease-fire was imposed on Sunday Monday night after Greek and Turkish Cypriots battled more than 12 hours with armored bulldozers, mortars and bazookas. Informants said the truce was authorized by both President Makarios, the Greek Cypriot leader, and Vice President Fazil Kucuk, leader of the Turkish minority.

APPEALS CABLED

U.N. Secretary-General U. Thant cabled appeals Monday night to Archbishop Makarios and the foreign ministers of Greece and Turkey to halt the bloodshed which "can only lead to even more tragic and deplorable casualties."

Casualty reports from Klima, a west coast port of 6,000 Greeks and 3,000 Turks, said two Turks had been killed and 18 wounded and one Greek slain and 13 wounded in Monday's battle. Some believed that Turkish casualties would prove far higher.

Before the fighting stopped, a British helicopter airlifted Turkish leader Aziz Alay out of the surrounded Turkish quarter into

Violence Foes Picket Annual Toy Fair in NY

NEW YORK (AP)—Six members of "Parents Against the Encouragement of Violence" picketed the 61st Annual Toy Fair yesterday. They contend that some of the toys featured there can provoke children into violence if not now, then as adults.

Department store buyers from across the nation are attending the toy fair. Among toys on display are cap pistols, miniature tanks and bazookas.

One of the six women demonstrators, Mrs. Margaret Kanterine, carried a sign picturing a child with a toy gun and bearing the legend: "Cute boy... dangerous adult!"

SALESMAN'S RETORT
Said a toy salesman: "I wonder what these women let their boys play with? Dolls? I played with cap pistols and look at me, am I a murderer?"

The leader of "Parents Against the Encouragement of Violence," Miss Sally Wresztin of Manhattan, explained her concern about military toys this way:

"They encourage a child to grow up accepting the idea of toy weapons in extended form—the real purpose for which the real things were planned, war and murder and violence."

Rhodesians Demonstrate

LUSAKA, Northern Rhodesia (AP)—Thousands of drum-beating, chanting Africans greeted the opening today of Northern Rhodesia's last pre-independence legislative assembly.

Governor Sir Evelyn Hone, in his speech from the throne, is expected to announce the country's independence date. It is believed this will be Oct. 24, United Nations Day.

WHAT A MUTUAL FUND CAN DO FOR YOU

As a shareholder in a Mutual Fund, you become the owner of a proportionate interest in many different securities. Full-time professional managers handle all the details of selection, timing, actual buying and selling, collecting dividends, converting warrants, rights, and so on. Dividends, varying in amount, are paid to shareholders from investment income. Many funds also make annual distributions (taxable as capital gains) of such profits as may be realized from the sale of securities. There are Mutual Funds to help meet practically every investment need. To receive more information about the advantages of Mutual Fund investing, the many funds offered, and how they differ in costs, risks and objectives, simply mail this ad.

the Greek sector for peace talks.

"What can he do but surrender?" one Briton said. "They are completely surrounded and getting the hell kicked out of them."

FIRES BLAZE
Eddie Worth, an Associated Press photographer, flew over the battle area in a British helicopter and reported that fires blazed unchecked in the beleaguered Turkish quarter.

About 100 British troops were cut off inside the Turkish quarter during the battle. Worth said he saw Britons lounging along the curb as bullets whined overhead.

The Greek Cypriots ceased firing at nightfall, a spokesman said, after the Turks agreed to demands that they destroy all fortifications and other firing

posts, deliver up their arms and accept the authority of the Greek Cypriots to patrol all of them.

However, a Turkish spokesman asserted the Turks would never surrender.

HAVING TROUBLE
Than, already having trouble finding soldiers for the U.N. peace-keeping force authorized for Cyprus by the Security Council, also was reported having difficulty getting agreement to a mediator to seek a political settlement of the dispute.

Turkey, Greece, Cyprus and Britain all must approve the mediator.

Thus far, only Sweden has given conditional assent to contribute men to the U.N. force. Brazil has refused to contribute. Canada, Ireland, Finland and Austria have the matter under consideration.

Withdraws in Oregon

Romney Quits Primary

SALEM, Ore. (AP)—Michigan Gov. George Romney with drew Monday from Oregon's Republican presidential primary. He filed an affidavit stating he is not, and does not intend to be, a candidate.

Monday was the deadline for filing withdrawal affidavits. Secy. of State Howell Appling received Romney's in the mail, but said he did not expect any more.

FIVE ENTERED
Applying entered five other Republicans in the May 15 primary: Arizona Sen. Barry Goldwater, New York Gov. Nelson Rockefeller, Pennsylvania Gov. William Scranton, former Vice President Richard Nixon and Henry Cabot Lodge, U. S. ambassador to South Viet Nam.

Only Rockefeller and Goldwater have announced their candidacy. Appling regards the others as generally advocated candidates.

ISSUES WARNING
Meanwhile, in Honolulu Monday night, Romney warned fellow Republicans they must move to halt the spread of federal power as it will destroy individualism and the U. S. Constitution.

The growth toward the centralization of federal power is a problem with which the Democrats cannot deal," Romney told a \$100-a-plate Lincoln Day dinner.

A method of stabilizing desert sand by spraying it with petroleum has been developed. It is said to be economical and to be capable of protecting useful areas from shifting desert sand.

Henry T. Bodman, president of the bank since April, 1958, was elected to become chairman and chief executive officer, succeeding Valley.

George E. Parker Jr., who has been executive vice president, was named to succeed Bodman as president.

Missing Youngster Returns Home After Night in City Store

Larry Spencer, 12, returned home shortly before 11 a.m. today. He told his parents he spent the night locked inside a store after fleeing two men who attempted to grab him as he left his grandparents' home.

The disappearance of a 12-year-old Pontiac boy had police checking every possible lead today in hopes of finding the youngster unharmed.

The boy, Larry Spencer, son of Mr. and Mrs. Thomas Spencer, 137 W. Sheffield, was reported missing to Pontiac police at 8:50 p.m. yesterday.

Larry was at the home of his grandparents, Mr. and Mrs. James Spencer, 823 E. Kennett, with his mother, Beverly, when he told them he was going across the street to visit a boy-friend.

He left his grandparents home at 7:30 p.m. but never arrived at the home of his friend, Tommy Pardee.

Mrs. Spencer told Pontiac police that a few minutes after Larry left the house she and her in-laws heard a "muffled cry for help."

They immediately looked out the window but saw nothing. A telephone call to the Pardees revealed that Larry had not got there.

NO TRACE

Police were called after a search of the area failed to turn up any trace of Larry, a seventh grader at Lincoln Junior High School.

"This has never happened before," said Larry's father, a Pontiac postman. "He has never been in any trouble and he has never left home."

A teletype of Larry's description has been sent to area police departments.

When he left the house he was wearing an olive green trench coat, small plaid pants, a gray sweat shirt and black shoes.

The five-foot-four-inch youngster has crew cut brown hair and green eyes. His front teeth protrude and one of them is cracked.

Newswoman Elected as Village President

NASHVILLE (UPI) — Michigan has its second village president today with the election here Monday of Gladys Miller to the post. The widow and newspaper woman was unopposed.

New Hampshire Voters in U.S. Spotlight Today

CONCORD, N.H. (AP) — New Hampshire voters put their piece into the big Republican puzzle today.

A trickle of votes from Dixville Notch, a hamlet near the Canadian border, began the tide that will shape the battle for the GOP nomination to oppose President Johnson next November.

Nine voters in Dixville Notch registered write-in votes for Henry Cabot Lodge, Republican vice presidential nominee in 1960; three write-ins for former Vice President Richard M. Nixon, who headed the GOP ticket four years ago; two ballots for New York Gov. Nelson A. Rockefeller and one for Arizona Sen. Barry Goldwater.

Voters there cast their ballots moments after Monday midnight to accommodate reporters and television cameras.

Elsewhere in the state, between 90,000 and 100,000 Republicans were expected to head for the polls despite adverse weather conditions — wind, rain and snow.

HOURS VARY

Polling hours vary, with an 8 p.m. deadline.

Goldwater and Rockefeller — the big two of the early campaign — faced a potentially potent question mark candidate in Lodge.

Lodge's name was not on the

Violent Winds, Rising Waters Cripple Nation

Wild March Weather
Brings Death and
Damage in South

By The Associated Press

Violent storms and floods, following the pattern of destructive weather in March, dealt death, widespread damage, misery and inconvenience to thousands in the eastern half of the nation today.

The storm pattern covered nearly all types of precipitation. And tornadoes swept areas in Mississippi and Alabama, killing three persons. Galelike winds, rain and hail lashed areas in the south.

Floods drove thousands from their homes in four states, most of them in the rain-stricken Ohio River valley. Many highways and roads were inundated. Bridges were washed out. Many schools were forced to close. The Red Cross and National Guardsmen aided in evacuation.

An intense storm centered over Kentucky and rain splashed the region for the fifth day this month. Weather Bureau officials said the rain may end in many areas today.

Snow, sleet and rain hit areas from Oklahoma and Texas to New England. Nearly a foot of snow fell at Tahlequah in eastern Oklahoma during a surprise storm yesterday.

MORE SNOW

Another belt of snow, sleet and rain pelted areas from Kansas and Arkansas to southern Illinois. The storm dropped 10 inches of snow in some parts of northwest Arkansas, with six inches reported in a six-hour period in St. Louis.

Heavy snow was forecast along a narrow band from east central Missouri through central Ohio with the possibility the wet belt might extend into mountain areas of Pennsylvania and New England.

In Kentucky, hard hit by (Continued on Page 2, Col. 4)

GIRL SAVES DOG—"I wasn't worried." Gladys Miller, 12, said she was not worried when she saw the dog just as the flood reached the porch. Joy has a good cry while Gladys only feels a little wet.

Today, Joy waded through 3½ feet of muddy water to grab the dog just as the flood reached the porch. Joy has a good cry while Gladys only feels a little wet.

For Downtown Shopping Center

City to Air Development Offer

Tonight may be the turning point in Pontiac's urban renewal redevelopment program.

At their 8 p.m. meeting, City Commissioners are slated to accept a proposal from urban

renewal developer Charles L. Langs for the development of a shopping center on 4.44 acres of downtown urban renewal land.

In the planning stage for two years, the development involves land bounded by the west leg of the perimeter road (Cass extended), Jackson, S. Saginaw and Orchard Lake Avenue.

Jobless Total Seen as Higher

New Figures Bared
by Labor Department

WASHINGTON (AP) — The Labor Department for the first time has published figures indicating that total unemployment may be far higher than the 4.5 million persons shown in latest official statistics.

The new figures, presented to Congress along with President Johnson's report on manpower, include persons "out in the labor force" in addition to the jobless.

Union spokesmen have estimated that the real unemployment total may be close to double the official federal figure, when taking into account part-time work by those who want full-time jobs, and discouraged persons who have given up the search for work and do not even show up in the statistics.

The figures show that among white men aged 45 to 54 with four years or less of education, 221 out of every 1,000 are not working.

ONLY 4 UNEMPLOYED

Of these, 4 are listed as unemployed and 137 as not in the labor force.

Among those with college degrees, the corresponding figure shrinks to 39 who are not working, including 10 unemployed and 29 not in the labor force.

The Labor Department also presented new figures to back up the administration's contention that racial discrimination has a sharp effect on unemployment.

NEGROES NOT WORKING

The figures showed that out of every 1,000 white men 25 to 64 years old, 82 are not working, including 33 listed as unemployed and 49 as not in the labor force.

Corresponding figures for non-white men in the same age group showed 157 not working, including 75 unemployed and 82 not in the labor force.

Cincinnati Has Highest Level Since '45 Rains

Thousands Homeless;
Close Roads, Schools
in Wake of Storms

CINCINNATI, Ohio (AP) — The Ohio River continued rising today towards an expected 66-foot crest in Cincinnati's highest since 1945 and fourth highest in 60 years. Thousands of persons abandoned their homes in pouring rain.

The Weather Bureau said it expected the rain to turn into snow, adding to the misery of the refugees, but perhaps hastening the end of the flood. Clearing skies were expected by afternoon.

Evacuations were reported along the river below Portsmouth, Ohio, at such often-flooded Ohio towns as Ripley, Aberdeen and New Richmond, at Dayton, Ky., opposite Cincinnati, and downstream to Evansville, Ind., and Paducah, Ky.

Rampaging tributaries forced many others to leave their homes—more than 1,500 at Paducah, Ky., where the Licking River reached a record 42 feet, hundreds around South Lebanon and Morrow, Ohio, because of the Little Miami River, and others at Fredericksburg and Milltown on the Big Blue in southern Indiana.

Roads were blocked throughout the river counties—including such major routes as Interstate 65 in Indiana and US 52 at various spots along the Ohio River.

BRIDGES OUT

Bridges were reported washed out. Schools announced vacations due to high water and boats were used in many places to remove people from their homes.

In the Cincinnati area, the Red Cross opened eight shelters and one reception center. A spokesman said more than 1,000 persons in Hamilton and Clermont counties, Ohio, and Boone, Campbell and Kenton counties in Kentucky, had received some aid and 300 were in the shelters by midnight.

The rains that began Sunday morning so far have dumped more than five inches on most of the Ohio River valley — as much as 7½ inches in some places.

Cincinnati's flood stage is 52 feet. The river reached that at 9:45 a.m. Monday. It was expected to go up to 62 feet early today.

Snowstorm Stalls Traffic in County

A surprise snowstorm hit lower Michigan hard this morning and snarled traffic throughout Oakland County before snow fighting equipment could be brought into action.

The snow, flung by winds between 25 and 30 miles per hour, was upon the state almost before the weatherman could issue a warning.

Obscuring vision like a thick fog, the storm had already blanketed Detroit before moving heavily into the county about 7 a.m.

Oakland County Road Commission reports salt-loaded trucks were salting main roads, but the snow fell so rapidly the salt could not melt it.

FULL FORCE

By 10 a.m. the county's full force of some 100 salt and plow vehicles were on the road but were pressed to widen narrow traffic lanes on major streets as the snow continued to pile up.

Snowfall was estimated at at least three inches for the area today. Temperatures of 36 to 40 this afternoon are expected to accompany the storm as it diminishes in intensity.

Throughout the morning, however, the Automobile Club of Michigan reported county streets snow-covered and slippery.

Hazardous driving conditions were listed for the lower third of the state.

ACCIDENT REPORTS

Pontiac police were swamped with accident reports, the most serious a 15-car chain pileup on Huron at Cass. No serious injuries resulted in the smashup, or some 12 other separate accidents.

Typical of what motorists encountered on city streets was the slippery railroad grade crossing on Huron at Cass.

Car after car had to back up, then try to go forward again. (Continued on Page 2, Col. 4)

Snow Hampers City Recount

Officials Are Slowed
by Local Area Storm

A recount of District 7 votes in the March 2 city primary was nearly snarled out this morning.

The flash storm left some county officials snowed in at the Oakland County Service Center and snarled traffic throughout the county.

The recount is conducted by the Oakland County Board of Canvassers.

They were scheduled to meet with city and county officials and candidates in the city clerk's office at 9 a.m.

NONE ARRIVED

Neither the county officials nor canvassers had arrived by 10:30 a.m.

The recount was requested by Emmett S. Welbaum, a candidate for the District 7 nomination. Welbaum lost the nomination by one vote, finishing in third place with 237 votes.

Curtis L. Webb was second to Mayor Robert A. Landry with 238. The two highest vote-getters were nominated.

Officials are slated to open voting machines and recount vote totals at three polling places—McCormell and Wilson Schools and the U.S. Naval Reserve Training Center on S. East Blvd.

STORM HITS—This is spring? A sudden March snowstorm dumped over 3 inches of snow on Oakland County this morning, about equaling all that fell throughout February.

This scene in downtown Pontiac was typical, with cars spinning slowly forward and visibility reduced to fog level.

Taylor Quits as Prosecutor

Doing as he said last month he would, Oakland County Prosecutor George F. Taylor yesterday resigned his post to seek the Republican nomination for Congress in the new 19th district.

Taylor made this resignation official in a letter to the county's seven Circuit Court judges.

Effective date of the resignation is March 31.

The Taylor's unexpired term—rest of the 1964—will be served by an appointee selected by the seven judges.

Circuit Court Judge James S. Thorburn said the judges will meet tomorrow to discuss the matter, possibly to pick a successor to Taylor but more likely just to pick a later date for a decision.

SEEK POSITION

Taylor's three senior assistant prosecutors—Jerome K. Barry, William E. Lang and Robert L. Templin—already have announced their candidacies for their boss's job.

Templin is considered the leading contender for the appointment.

He is expected to get the County Republican party's top endorsement and five of the seven judges, now nonpartisan, were formerly active in the GOP.

Taylor's letter of resignation was prepared before he left 10 days ago for a prosecuting attorneys' convention in Phoenix, Ariz.

On Redistricting

Oakland in Dilemma

By JIM DYVERT

This redistricting mess is getting so that an area like Oakland County needs a computer just to keep track of the possibilities.

As a fast-growing area, the county is smack in the center of a chaos that can have a center.

—of Michigan's tortured efforts to bring representation in the U.S. Congress and the state legislature in line with population.

Some of the possibilities visible in the confusion are pretty far out.

Depending on what a federal

panel of three judges does March 23 with the state's 19 congressional districts, the county could end up this year with as few as no congressmen at all or as many as 19.

ABSURD POSSIBILITY

This is admittedly absurd and unlikely, but theoretically quite possible if the federal judges say the districts can't be used this year, the state legislature fails to draw new ones in time, and all 19 are elected at-large in the state.

Or, depending on several things, the county could have state senators numbering anywhere from zero to 38 — with numbers one and three, however, having the most probability.

In state representatives, the possibility for the county ranges from zero all the way up to 110 — although 6, 9 or 10 are admittedly more likely.

NO SHIFT EXPECTED

Ryan said his plan would probably not shift the balance of power in the legislature from Republicans to Democrats, but would give the minority more potency in discharging of committees from consideration of legislation and passage.

It would not alter the leadership or makeup of committees in either chamber, he said, but would give Democrats an "outside chance" of gaining voting control of the legislature on a population basis.

Other lawmakers' votes would be assigned on the basis of how many persons they represent, up or down from that figure.

Hostilities Resume Over Districting

LANSING (AP) — Hostilities over apportionment resumed today in the legislature, with a Democratic House member ready to propose a unique "weighted vote" plan as a possible compromise answer to the confusion.

The plan, worked out by Rep. William Ryan, D-Detroit, was injected as a fresh alternative Democrats prepared for a caucus billed since last week as crucial for the Republican proposals.

GOP HOPE

Republican leaders hoped the Democratic meeting might expose enough in the minority party to help push through a package of resolutions for amending the constitution.

With two-thirds of the House, or 74 votes needed for adoption of the resolutions, House Speaker Allison Green, R-Kingston, set the required figure Monday night at "16 or 17."

Key changes would freeze House districts for the 1964 election and set general guidelines for reapportionment of the Senate.

DEM'S BALK

Democrats are balking at the GOP plans, contending it would be better to await a ruling by the Michigan Supreme Court on an apportionment, expected April 15.

Plugging anew for the GOP plan, Green termed "a serious problem that must be resolved within a very few days."

He challenged Democrats to ignore what he called pressure by the Michigan AFL-CIO officials who oppose the plan.

Green last week had accused the unionists of "arm twisting tactics."

Ryan said he offered his plan as an amendment to the GOP sponsored resolutions and would ask for support from both parties.

WOULD FREEZE DISTRICTS

As at least a temporary measure, Ryan said, his plan would freeze the existing 110

House Districts, and 34 Senate Districts and assign to each of the 144 lawmakers a number of votes on the basis of how many persons they represent.

A legislator with the average-sized district of 71,000 persons (state population divided by 114) would have 10 votes.

Other lawmakers' votes would be assigned on the basis of how many persons they represent, up or down from that figure.

NO SHIFT EXPECTED

Ryan said his plan would probably not shift the balance of power in the legislature from Republicans to Democrats, but would give the minority more potency in discharging of committees from consideration of legislation and passage.

Portraying a tea party from earlier days in a skit, "Lamp Oil Out of Pumpkin Seeds," are Pontiac Federation of Women's Club members. Seated are Mrs. William Belaney, Chippewa Road, and Vera Bassett, Cherokee Road. Standing are (left) Mrs. Richard Veazey, Mid Pine Road and Mrs. Fritz Stoddard, Ottawa Drive.

WOMEN'S SECTION

At Anniversary Tea

Federation Celebrates 50 Years

Fifty years of accomplishments were hailed at the Monday meeting of Pontiac Federation of Women's Clubs. The group celebrated its golden anniversary with a tea and meeting at the Loon Lake home of Mrs. James Clarkson. A skit, "Lamp Oil Out of Pumpkin Seeds," written by Mrs. Henry J. Healy, was presented by Mrs. Fritz Stoddard, Vera Bassett, Mrs. William Belaney and Mrs. Richard Veazey.

Parliamentarian emeritus Mrs. Joseph J. Panter described the founding of the Federation and its first 25 years. Following her were Mrs. George Shearer, Mrs. William McClure, Mrs. Raymond Cole, Mrs. B. B. Roush, Mrs. Paul Gorman, Mrs. S. V. Sekles and Mrs. Arnold Hillerman.

All past presidents, they gave highlights of their terms. Mrs. Merrill Petrie, the current president, concluded the roundup of history.

WAY BACK WHEN

Mrs. Edward V. Howlett, James K Boulevard, now 84, is the oldest living past president in terms of tenure. She held office in 1920. Oldest in actual years is Mrs. Peter Davidson, Lorraine Court, who's 87 and who was president in the Thirties. Neither was able to be present Monday.

A special guest was Miss Grace Heitsch who was a member of the constitution committee when the Federation was reorganized in 1920. She was then a member of the Research Club.

Under the direction of Robert Setterlind, the Senior Girls Ensemble of Pontiac Central High School, sang several musical selections.

CHECK GIVEN

The Federation presented a check to Camp Oakland — proceeds from its September card party.

Tea arrangements for the day were handled by the Auxiliary to St. George Church with Mrs. Steve Grapas as chairman. Assisting here were Mrs. John Condon, Mrs. Dora Giannopoulos, Mrs. Charles Babb, Mrs. Helen Pratt and Mrs. Ethiam Gabriel.

Mrs. Merrill D. Petrie, Cherokee Road, right, president of the Pontiac Federation of Women's Clubs, looks through early records of the organization with Mrs. H. V. Hancock of Green Street. Mrs. Hancock served as president for two years, starting in 1926. The organization celebrated its 50th anniversary Monday.

Don't Leave Happy Birthday Surprises Pair Home Need Your Cooperation by Selves

By The Emily Post Institute

Q: At Christmas, my daughter became engaged to a young man who is also a student at her college. She will be home during Easter vacation and would like her fiancé to come home with her so that they can spend their holiday together.

He does not live in this city. My problem is this: I am a widow and of necessity have to work and it will be impossible for me to take time off when they are here.

This, of course, will leave them alone in the house all day. I trust my daughter and have no qualms about leaving her alone, but I am concerned about appearances.

Could this possibly cause gossip?

A: Not only do I think it would cause gossip, but in my opinion, leaving two young people alone in the house all day is not a very wise thing to do, and I would suggest that you invite a relative or a friend to come and stay in your house while your daughter and her fiancé are there.

Q: When a guest is invited to dinner in a house where grace is said before meals and the guest is of a different faith and unfamiliar with the prayer, what does he, or she, do?

A: A guest merely sits silently with head bowed while the host or hostess says grace.

Q: When a man invites a young woman to dine with him at a restaurant, is it permissible to ask her to meet him there at a specified time, or must he go to her house and fetch her?

A: At lunch time he may properly ask her to meet him at the restaurant. In the evening, however, he should go to her house for her unless they are going somewhere after dinner and time is limited.

Details concerning the announcement of an engagement are described in the new Emily Post Institute booklet entitled, "Announcing the Engagement."

To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

By ABIGAIL VAN BUREN

DEAR ABBY: Yesterday was my 46th birthday. My husband gave me a new carpet for the living room and a sofa cover.

My son gave me some charms for my bracelet. My husband offered to take me out for dinner, but I refused.

I finally opened a few cans, called it dinner and went straight to bed. The big omission was a simple birthday cake!

I have never missed buying my husband and son one on their birthdays. Why are men so thoughtless?

SORE

DEAR SORE: Thoughtless? Gifts and an offer of dinner out?

Perhaps had you gone out to dinner there would have been a birthday cake awaiting you.

What is eating you, Madame? Your complaint takes the cake!

DEAR ABBY: What does one do about parents who do not instruct their children in the proper use of the telephone?

I have one family in mind, but I know others, who let their children answer the telephone, "WHO IS THIS?" This irks me terribly. They

don't even give you a chance to identify yourself.

Once I was almost tempted to say, "It's none of your business. Go get your mother!"

I GIVE UP

DEAR "I": Inadequate parents rarely appreciate criticism of their children's manners.

Either risk trying to educate your friends, or learn to tolerate their children's rudeness.

DEAR ABBY: I just read the letter from AGAINST BRACES and want to tell you that I was "against braces," too, until I started to wear them three years ago.

I have made more friends because of my braces. When you meet somebody new and he wears braces, you can always start up a conversation with, "Who is your orthodontist?"

You can talk a long time about whose orthodontist is better, how long you have worn braces, and what kind of crooked teeth problem is being corrected.

Some of the problems are fascinating! Some kids who have never worn braces ask dumb questions like, "Don't they get in the way when you kiss?" (They don't.) Just sign me —

"FOR BRACES"

DEAR ABBY: My son has been married approximately six years, and so far all they have been able to raise are dogs.

They seem very satisfied, and there is never any mention of their having children. They have two Boston bulls at present and they treat them like babies.

Should I ask my daughter-in-law if that's the best she can do?

DISGUSTED MOTHER-IN-LAW

DEAR DISGUSTED: Ask your son. But don't be surprised if he tells you he'll "do better" when he's doggone good and ready.

Mrs. Peter Davidson, Lorraine Court, was president of the Federation in 1938 when the group had its silver anniversary celebration.

Mrs. Henry J. Healy, Rosewood Drive, right, program chairman and first vice president of the federation, listens as Mrs. Joseph J. Panter, Pingree Street, summarizes some of the accomplishments during earlier years.

Texts on Tape

Blind Students Study

Some 6,000 text books and 40,000 copies have been recorded on tape for blind students in the United States from the high school through college and professional levels.

Mrs. John P. Carrille of Pleasant Ridge, a member of Recording for the Blind, imparted this information in her talk before members of the Junior Pontiac Women's club Monday evening.

The recording service is free and all work is done by volunteers. Recording for the Blind is a national organization.

Anyone wishing to help may have an audition for reading at the Kresge Science Library at Wayne State University.

Mrs. Carrille, who was introduced to club members by Mrs. George F. Brinkman, also spoke to the group on "Flowers of the Bible."

Mrs. A. L. MacAdams was chairman of the social committee.

Assisting her were Mrs. Ross Porritt, Mrs. Ronald Mountain, Cleo Wiley, Helen Kinney, Mabel Smith, Mrs. Carroll Porritt, Mrs. Edward Eichmeier, Mrs. Willard Boardman, and Mrs. Lloyd B. Smith.

Mrs. Bryant S. Sneed and Mrs. Ed. Sorenson were welcomed as guests.

June vows are planned by Mary Teresa Puzerski, daughter of the Edwin Puzerskis of Troy and Pfc. Richard Potter Sloan Jr., son of the senior Sloans of West Long Lake Road. She is an alumna of Oakland University. Her fiancé is stationed at Fort Monmouth, N.J.

MARY TERESA PUZERSKI

Twins' Mothers Will Discuss Handwriting

Mrs. B. L. Hamilton, handwriting analyst from Ortonville, will be guest speaker at the Thursday meeting of the Twins' Mothers' Club of Oakland County.

Scheduled for the 8:30 p.m. meeting at the 300 Bowl is a business meeting and problem clinic.

Mothers are requested to bring samples of twins handwriting from the third grade and older to be analyzed.

Hostesses for the evening will be Mrs. Bernard Cybul, chairman, Mrs. Arnold Edmunds, Mrs. Gerald Stanley and Mrs. Donald Haves.

All mothers of twins are welcome to attend the meeting. More details may be obtained by contacting Mrs. Robert Van Meer.

Golden Agers See the Fair

A preview in color of the New York World's Fair with slides shown by the Detroit Edison Company will highlight the Friday meeting of the Golden Age Club.

A cooperative dinner in the CAI building at 6:30 p.m. will begin the evening's activities, which will include a business meeting.

The colon slides will be shown at 7:30 p.m.

Local Representatives Go to State DAR Conference

The Michigan Society Daughters of the American Revolution will hold its 64th state conference in Grand Rapids Wednesday through Friday.

Local women attending from the General Richardson chapter include Mrs. T. W. Jackson, Mrs. E. M. Peterson, Mrs. Frank Allen and Mrs. E. G. Clark.

Alternates are Mrs. Lisle Echtnaw, Mrs. G. E. Bedards, Miss Jessie Brewer and Mrs. Marion Hodges Benter.

Announcement of Michigan's Good Citizen Award, a DAR project, will be made Friday.

The DAR Good Citizen is selected from a field of 402 senior girls, each representing a Michigan high school.

The state winner is awarded a \$100 U.S. Savings Bond and will represent the state in national competition when the DAR continental congress convenes next month in Washington, D.C.

The national winner will receive a \$1,000 scholarship to the college of her choice.

Mrs. Walter A. Kleinert of Birmingham is state conference chairman.

Area artists who are interested in joining the Society are invited to attend the meeting in the community services building on Franklin Boulevard. Membership chairman Mrs. Bernard Seiber should be contacted.

Former Head Elected Again

Mrs. Harry J. Chapman was reelected president of Chapter CL, PEO Sisterhood, Monday. Serving with her will be Mrs. George Putnam, vice president; Mrs. William Irons, recording secretary; and Mrs. B. M. Mitchell, corresponding secretary.

Others elected were Mrs. Barry Fell, treasurer; Mrs. Paul Thams, chaplain; and Mrs. Glenn Griffin, guard.

Mrs. Chapman and Mrs. Fell will be delegates to the state convention in April.

Mrs. L. V. Rowley was hostess in her Williams Lake Road home, assisted by Mrs. Martin Wager.

Webford Meets

Members of the Webford Club will meet Thursday at the home of Mrs. Edward Wolfe on Lakeside Drive for a 12:30 p.m. cooperative luncheon.

Sewing will follow the business meeting.

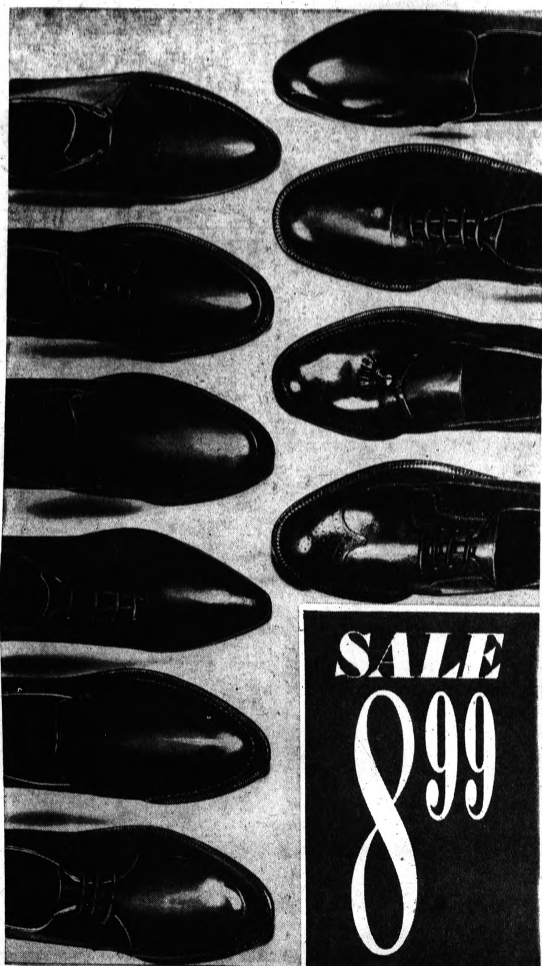

Artists View Art Movies

Audio visual art movies will be shown to Pontiac Society of Artists members and their friends Friday at 8 p.m.

Area artists who are interested in joining the Society are invited to attend the meeting in the community services building on Franklin Boulevard. Membership chairman Mrs. Bernard Seiber should be contacted.

from our regular makers at *Hudson's Budget Store* in the MALL

Business Notes

Attorney Arnold W. Langershausen, vice president of the Detroit Bank & Trust Co. tax division, will be guest speaker at the 7 p.m. Thursday meeting of the Oakland County chapter of the Michigan Society of Professional Engineers at the Vineyards, Southfield.

Prices Move Moderately

Mart Falters in Mixed Trade

NEW YORK (AP)—The stock market advanced faltered today with prices mixed.

Trading was moderately active.

Most changes of key issues were fractional with a few running to a point or so.

Steele, which racked up a good gain Monday, was mostly unchanged. U.S. Steel lost a minor fraction.

ALUMINUM MIXED

Aluminums were mixed in

narrow movements although three producers joined Alcoa in raising some prices. Reynolds Metals added a small fraction.

Monday the Associated Press average of 60 stocks advanced 3 to 29.4.

Prices on the American Stock Exchange were mixed. Volatile

Synthetic opened at 79 1/2, up 2 1/2, on a block of 13,000 shares. Fractional gains were made by Aurora Plastics, Draper and National Bells.

Corporate bonds were mostly unchanged.

Doors Closed to Baker Quiz

By SAM DAWSON

AP Business News Analyst

NEW YORK — Business is getting even more expansive in its growth plans as it eyes future prospects.

This necessary prop of the three-legged stool of the economy looms stronger with each pull of business intentions. The economy largely is shaped by consumer, government and business spending.

WASHINGTON (AP) — The Senate Rules Committee, with a partisan fight on its hands, goes behind closed doors today to question two business associates of Bobby Baker.

Summoned for questioning were Scott I. Peek, a former top aide to Sen. George A. Smathers, D-Fla.; and Jack Cooper, a Miami dog race track official who became one of the "silent partners" in Baker's Serv-U Corp., a vending machine firm.

A row exploded between the Democratic and Republican members on the issue of how far to push the probe into the dealings of Baker, former secretary to the Senate's Democratic majority.

GOP DEMAND

The Republicans demand the committee explore Democratic campaign contributions that passed through Baker's hands over a period of years, including a 1960 contribution to a presidential candidate never named in hearings.

Peek's name has been linked with Baker's in connection with two Florida real estate ventures one of them involving land they bought from Sen. Smathers.

SMATHERS' STATEMENT

Smathers has said in a statement he sold shares of a profitable share in a land development project in Orange County, Fla., in 1957, because of a sympathetic interest in young men with growing families.

He said they paid him \$1,500 apiece for their shares, and each received back \$1,000 a year on the venture over a seven year period.

The other deal involved real estate in Jacksonville, Fla.

Committee sources disclosed they would question Cooper on many scores, including reasons for a long list of telephone calls between Cooper in Miami and Baker in Washington.

Cooper has been named as one of Baker's companions on a flight of Baker's private plane to the Dominican Republic in April 1963. That testimony was given last Jan. 26 by George M. Simon, a Miami accountant.

2 Flint Officials Are Reinstated

FLINT (AP)—The City Commission exonerated the last of five penalized city workers in connection with a land scandal Monday night.

The action cleared the slate, leaving all five reinstated in their posts.

Dismissals or suspensions had followed recommendations by one man grand jury Judge Donn D. Parker.

REINSTATEMENTS

The commission, adopting a report from a three-man special committee, reinstated City Clerk David F. Hendon and Finance Director Olney L. Craft without loss of pay.

The committee found unanimously the charges of misfeasance were "unjustified."

After the reinstatement, the commission adopted a resolution commending Parker for "courage and zeal in protecting the interests of the public."

Earlier the Civil Service Commission had reinstated Theodore D. Moss, director of public works; Albert C. Hull, director of purchases; and Gerald E. Childers, city planner.

Contractor Samuel Catsman and former city manager Robert A. Carter remain under indictment in the alleged fraud. Both deny the charges. The City of Flint allegedly was defrauded in a purchase of land for a proposed Lake Huron pipeline.

ever-widening benefits. It helps the producers of raw materials, the makers of machine tools, it bolsters the construction industry. It creates jobs all along the line. And this increase in payrolls is quickly felt at the consumer spending level, thus benefiting all other industries, and perhaps encouraging them to expand, too.

Latest estimates of plant and equipment spending by businessmen this year put it around the \$45-billion level. This compares with \$39 billion last year, \$37.3 billion in 1962 and \$34.4 billion in 1961.

If the \$44-billion increase is achieved this year, this along with gains in consumer and government spending would assure the economy the strong

propos that most forecasters are now assuming.

Almost as important as the actual outlay in dollars by industry is the boost which the evidence of such spending will give the psychology of workers, businessmen, investors.

WON'T SOLVE ALL

This won't solve all the problems by any means. But any increase in the tempo of industrial activity will help a little in at least containing unemployment. Any strengthening of the economy will make easier the task of defending the dollar and curbing the deficit in the \$8. balance of international payments.

And an expanding industrial plant helps many workers—and employers—to raise a bit higher their standards of living.
