High Court Upholds Federal Law Banning Draft Card Burning

WASHINGTON (AP) — The Supreme Court upheld today a 1965 federal law that made it a crime to burn or otherwise destroy draft cards.

The 8-1 decision was given by Chief Justice Earl Warren. Justice William O. Douglas dissented.

"A law prohibiting destruction of Selective Service certificates no more abridges free speech on its face than a motor vehicle law prohibiting the destruction of drivers' licenses, or a tax law prohibiting the destruction of books and records." Warren wrote.

The 1965 law, an amendment to federal draft law, had been declared unconstitutional by the U.S. Circuit Court in Boston. That court held that draft card burnings is a form of protest protected by the First Amendment's free speech guarantees.

'NECESSARY LAW'

The Supreme Court, through Warren, upset this holding and bottomed its position on "the constitutional power of Congress to raise and support armies and to make all laws necessary and proper to that end."

Douglas, in dissent, said it is "undoubtedly true" that Congress has broad and sweeping powers over Selective Service when a state of war has been declared.

★ ★ ★

However, he went on, there is a question whether even the drafting of men is permissible without a declaration of war.

Douglas added this question has not been decided in the draft card burning case or in others stemming from protests over the Vietnam war and said the country is "entitled to a ruling."

MASSACHUSETTS YOUTH

The decision was given in the case of David P. O'Brien of Framingham, Mass. He was convicted of burning his draft card on the steps of the South Boston Courthouse in March 1966. He was sentenced to six years in federal youth correction institutions.

In April 1967 the U.S. Circuit Court in Boston barred O'Brien's punishment under the 1965 law, calling it an abridgment of freedom of speech. However, the Circuit Court said draft card burners could be punished under another federal requirement that they keep their Selective Service registration certificates in their possession.

★ ★ ★

Under the 1965 amendment it is an offense knowingly to destroy or mutilate a draft card. Maximum punishment is five years in prison and a $10,000 fine.

U.S., N. Viet Trade Charges

PARIS (AP) — North Vietnam charged today that the Paris peace talks had so far failed to achieve any results because the United States has refused to take up "the main aim of these conversations," the end of the bombing of North Vietnam.

The United States accused North Vietnam of giving out distorted figures on American and allied losses in the war.

"We hope that you are not deceiving yourselves," U.S. Ambassador W. Averell Harriman told Ambassador Xuan Thuy.

Today's session, the fifth in two weeks of meetings, lasted for 4 hours and 10 minutes. The next meeting was set for Friday.

TO LEAVE FOR U.S.

U.S. deputy chief negotiator Cyrus R. Vance arranged to leave for Washington to report to President Johnson.

Thuy made a 5400-word statement and concluded with this question:

"When will the United States cease unconditionally their bombardments and all other acts of war on the entire territory on the Democratic Republic of Vietnam in order to permit discussions to go on to other problems of interest to the two sides?"

★ ★ ★

Harriman replied that the United States rejects "the suggestion now being urged by you that the only reason for our meetings is to give the hour and date of the cessation of bombing."

If that was the only purpose of the Paris conversations, Harriman said, they would not be necessary. The fact is, Harriman argued, that Hanoi made clear in its messages arranging for the meeting that it was "prepared to enter into discussions which could lead up to a cessation of the bombing."

★ ★ ★

A spokesman for North Vietnam said in releasing Thuy's statement his delegation heard no new ideas from the United States although he understood Harriman was to offer some.

Economists Call for Income Plan

CAMBRDGE, Mass. (AP)—A national system of income guarantees and supplements was urged today by more than 1,000 economists from 125 institutions of higher learning throughout the United States.

They emphasized that to be workable such a plan would have to be based solely on need and would also have to include features providing incentive for working and saving.

". . . Our present programs of public assistance and social insurance exclude millions who are in need and meet inadequately the needs of millions more," the economists said in a statement.

"All too often these programs unnecessarily penalize work and thrift and discourage the building of stable families," they added.

Traffic Toll 30 in State

By The Associated Press

At least 30 persons were killed in Michigan traffic accidents over the weekend, including a brother and sister who died in a two-car collision north of Flint yesterday.

The count of nighway deaths began at 6 p. m. Friday and ended midnight yesterday.

Jack David Starkel, 19, and his sister, 16-year-old Jeannie Margaret Starkel, both of Frankenmuth, were killed in the two-car collision near Flint which also claimed the lives of Billy Joe Harris, 33, of Flint and Barbara Jean Keith, 26, of Birch Run.

Joe Starkel, 16, brother of Jennie and Jack, is in poor condition.

★ ★ ★

Authorities said the car driven by Miss Keith skidded on a highway north of Birch Run and was struck broadside by the car driven by Harris. The Starkels were passengers in the Keith car.

Memorial Day Parade Plan Set

Pontiac's Memorial Day parade Thursday is scheduled to begin at 10 a.m. at Lafayette and Oakland, in front of the First Baptist Church. Parade formation begins at 9 a.m.

★ ★ ★

The parade, commemorating those Americans who have died in battle, will go south to Saginaw, then east on Auburn and north on Wide Track to City Hall.

A wreath will be placed at the foot of the Civil War statue.

★ ★ ★

Marchers will proceed to Perry Mount Park Cemetery where veteran's groups will place wreaths in the veterans lot.

AMVETS WIN TROPHY

The Floyd Cramer Trophy will be presented to the Jimmy Dey Amvets Post 12 for having the largest percentage of men marching in the parade. The award was based on letters sent in previously listing number of men to be in the parade. Some 50 organizations and groups will march.

The parade, sponsored annually by the Pontiac Memorial Day Association, was first organized in 1957.

The late Floyd Cramer, who was head of the Oakland County Veterans' Affairs Office, organized the association.

The invocation and benediction for the ceremony will be given by Rev. Charles F. Rooney, associate pastor of St. Michael Catholic Church.

RFK Focuses on Undecided Oregon Voters

PORTLAND, Ore. (AP) — Sen. Robert F. Kennedy courted the undecided voter in Oregon today while Sen. Eugene J. McCarthy claimed "every sign" now points to a hefty vote in his column in Tuesday's Democratic presidential primary.

And Republican Richard M. Nixon said supporters of two absent GOP rivals, Govs. Ronald Reagan of California and Nelson A. Rockefeller of New York, are working in tandem in an effort to stop his drive for the White House nomination.

★ ★ ★

The former vice president said he does not think that effort will succeed, and forecast he will get 55 per cent of the GOP vote tomorrow.

Kennedy and his top lieutenants believe a substantial bloc of Oregon Democrats are still undecided in the final hours of a hectic campaign, and they are concerned because in past outings, McCarthy appeared to have scored well with late-deciding voters.

WOULD BE AN UPSET

A McCarthy victory would be rated an upset.

While the candidates traveled, their organizations waged heavy, last-minute television campaigns.

One key question on the minds of the Democratic campaigners: How big a share of the vote will President Johnson capture from people who want Vice President Hubert H. Humphrey to become the nominee?

Both the Kennedy and McCarthy camps indicated their surveys of voter opinion pointed to a tight race.

French Strike Pact Has Cool Reception

PARIS (AP) — French union officials, management and the government reached agreement on wage issues today to end the nation's 11-day strike, but the immediate response from French workers was "non."

Meeting at big factories in Paris, Lyon, Marseilles and Nantes, they rejected the

settlement and for the first time since the strike began Paris was hit by scattered electricity cuts.

★ ★ ★

Employes of the state-run gas and electricity company were angry because a meeting on their grievances had been put off.

Union leaders toured the strikebound factories explaining the agreement. The workers shouted their disapproval at the nationalized Renault automobile works and the privately owned Citroen plant.

MORE TURNDOWNS

Other workers were also voting to continue the strike — at the Berliet truck plant and the Rhodiaceta-Vaise plant at Lyon, the nationalized Sud Aviation airplane plant at Nantes, where the strike wave originated, and the Snecma nationalized airplane engine factory in Paris.

Trouble developed in another spot this morning when bakery workers went on strike in Toulouse. Only a few residents of the suburbs were able to get bread, a staple of the French diet.

None of the union leaders would predict whether the 10 million striking workers would accept the pact and end the giant defiance of President Charles de Gaulle's government. But Georges Seguy, secretary general of the Communist-led General Confederation of Workers, said the decisions should be made "in a short time."

★ ★ ★

If the settlement is ratified by the workers, its cost may force de Gaulle to curtail or even abandon such expensive items as his nuclear strike force and large-scale aid to developing countries.

SECOND FRONT

Although the labor front was looking up, Pompidou was plagued with the possibility of more trouble on the second front of France's crisis, the student rebellion.

May Rainfall Record Tumbles

Color the Pontiac, Oakland County and Michigan weather scene wet with a capital "W." So wet, in fact, "the only man in the county who smiles when it rains," Carman McLarty, district forest fire supervisor, is laughing out loud as rainfall records tumble.

"Before going into Sunday's rain," said McLarty, "we were concerned not only about area forest fires but also that the muck areas were drying out and possible peat fires were threatening."

★ ★ ★

Yesterday's all-day rainfall totaled 2.56 inches, breaking the May 26 record and setting a rainfall record for any day in May. Previous May 26 record was 2.41 inches, set in 1932.

Between midnight Saturday and 10 a.m. today, 3.75 inches of rain fell on the Pontiac area .45 inches more than the previous amount of precipitation totaled for this month.

ABOVE NORMAL

As of this morning's accumulation, the total amount of rainfall for May is 7.05 inches, 4.91 inches more than the expected normal rainfall for the area.

Rain accumulation in May normally totals 2.14 inches. Total rainfall chalked up during all of May last year was 1.6 inches.

Power failures early today inconvenienced residents in two areas of Oakland County during the deluge.

In Bloomfield Hills, in an area bounded by Lahser, Squirrel, Hickory Grove and Lone Pine roads, approximately 1,000 customers were without service from 1:34 to 6:25 a.m.

LINES DOWN

Power lines were down on a hill east of Kensington Road, according to a Detroit Edison representative. The Academy of the Sacred Heart Convent and school were also affected.

Approximately 400 customers were without electricity in White Lake and Springfield townships in the vicinity of White Lake and Ormond roads when an equipment malfunction interrupted service. The electricity went out at 12:10 a.m. and was restored at 4:20 a.m.

Water covered sections of several main roads throughout the area. Ac-

HOW, HUBERT? — Vice President Hubert H. Humphrey was greeted Saturday by Chippewa Indians at Milwaukee and pinned an HHH button on an Indian boy. Persons dressed in other ethnic costumes also welcomed the vice president.

Reds Quicken Viet War, Fire New Soviet Ack-Ack

SAIGON (AP) — The Communist command intensified the Vietnam war over the weekend and for the first time introduced Russian long-range antiaircraft guns to its beefed up air defenses just above the demilitarized zone.

Allied forces reported killing more than 1,000 enemy troops in a weekend of savage fighting from the outskirts of Saigon to the demilitarized zone.

In keeping with Hanoi's proclaimed "fight and talk" policy, the Communist command's push came as North Vietnamese and American negotiators prepared for their fifth meeting today in the Paris cease-fire talks.

American casualties were reported as 54 killed and 192 wounded in the series of battles. South Vietnamese losses were termed light.

SHARP SAIGON FIGHTS

Sharp fighting continued on three sides of Saigon today. The Viet Cong was believed moving 500 to 1,000 troops toward the capital.

The heaviest fighting over the weekend came in the northern sector, where North Vietnamese troops renewed their pressure on the U.S. Marine headquarters at Dong Ha, and in the central highlands, where a massive campaign may be shaping up.

★ ★ ★

U.S. spokesman said superior allied firepower led to enemy defeats in most of the clashes, but American troops appeared to have been set back in at least two places.

About 800 North Vietnamese overran a section of the perimeter and four bunkers at a U.S. 4th Infantry Division patrol and artillery base 11 miles west of Dak To in the central highlands. In more than seven hours of fighting, 14 U.S. infantrymen were killed and 56 wounded. U.S. fighter-bombers joined the battle and the enemy retreated in thick fog.

Poor People to Carry Fight to Agriculture Dept. Today

By AUSTIN SCOTT

WASHINGTON (AP) — A demonstration at the Agriculture Department headed the tentative agenda for the Poor People's Campaign today, but organizers wouldn't guarantee they could pull it off.

"We just may sit in on Secretary of Agriculture Orville L. Freeman until we persuade him to go with us to Congress," the Rev. James Bevel told a Sunday morning prayer session at Resurrection City, U.S.A.

★ ★ ★

Bevel said the demonstration in support of more federal food programs would probably be rescheduled for tomorrow if it can't be mobilized today.

His announcement was in keeping with yesterday's announcement by the Rev. Ralph David Abernathy, campaign leader, that this week—the third of Resurrection City's brief existence — would see a move "full swing into nonviolent activities."

OPEN HOUSE

Yesterday was primarily a day for housekeeping and greeting visitors at the campground of little plywood huts that now nearly fills its assigned 15 acres in West Potomac Park; near the Lincoln Memorial.

Two days of broiling weekend sun baked the muddy swamp that engulfed the city last week back to a hard clay surface, and the "city manager," the Rev. Jesse Jackson, declared an open house from 1 p.m. to 6 p.m.

★ ★ ★

Dozens of visitors strolled slowly down the western frontier-style board sidewalk along Abernathy Boulevard, taking pictures of residents lounging in front of their sweltering homes.

A dozen volunteer carpenters, some Negroes in work clothes and some whites wearing hippie-beads and beards, labored over the half-finished day-care-center building that sprawls next to the trees in the camp's southeastern corner.

SHADY GROVE

Nearby in a shady grove, a group of two-dozen Negroes, Indians and whites tried to put together an imaginative series of plastic-covered triangular buildings to house the piles of bedrolls and baggage they had scattered around the site.

Three volunteers put on a puppet show for children in front of a pink canvas tent near the plywood hut marked "Many Races Soul Center."

★ ★ ★

A dozen demonstrators chained themselves together to picket the White House briefly yesterday. They left peacefully when police asked them to.

In New York, plans were announced to send up to 5,000 Puerto Ricans to the shantytown depending on how much money could be raised. And several thousand persons marched up Fifth Avenue in a parade honoring the slain originator of the Poor People's Campaign, Dr. Martin Luther King Jr.

Birmingham Commission to Air Hassle on Crossover

BIRMINGHAM — The City Commission will again take up the question of the controversial Forest Street crossover at tonight's meeting at 8.

The commission and the State Highway Department have reached agreement on the construction of a medial turnaround south of Maple on Hunter on a matching fund basis.

★ ★ ★

However, differences still remain on the question of whether to close the Forest crossover (just south of Maple) when a medial turnaround further south is constructed.

The department has objected to keeping Forest open, saying that the commission's proposed alternative of prohibiting left turns at the Forest crossover would simply create additional traffic problems.

'SIGNIFICANT REDUCTION'

In a letter to the commission in March, H. H. Cooper, director of the department's traffic and safety division, said that keeping the Forest crossover open would "significantly reduce" the benefits of the traffic plan for the area.

However, the board of directors of the Birmingham-Bloomfield Chamber of Commerce has registered its opposition to the closing of the crossover, declaring in a letter, "It is our firm belief that the closing of this street to traffic across Hunter will do irreparable harm to the residential and business community.

★ ★ ★

"We believe this decision will be extremely costly to the total community in the future compared to the present dollars saved by acceding to the highway department's wishes," the letter added.

The commission six weeks ago approved the department's plans for construction of the turnaround along with the closing of the Forest crossover, subject only to the stipulation that a traffic signal be placed at Forest on the southbound side of Hunter.

WOULD AGREE NOW

The department refused at that time. However, a letter dated May 20 from Paul J. Riley, department district traffic engineer, indicates that the department will agree to the signal now.

"I have reviewed the traffic counts that the city took in the latter part of April of this year and compared them with the traffic counts my department took approximately one year ago. The eastbound traffic on Forest has more than doubled," Riley said.

★ ★ ★

"In reviewing the counts with my Lansing personnel," he continued, "it was agreed that a signal would be placed at oFrest and southbound Hunter if the crossover were closed."

City Manager Robert S. Kenning has recommended that the plan be approved as presently proposed.

STOP SIGN OPPOSED

Also on tonight's agenda is a report from the traffic and safety board, recommending that a request from residents for a stop sign at Abbey and Oxford be denied.

The board cited low traffic volume and the good visibility at the intersection in the recommendation.

★ ★ ★

A. P. Blethen, superintendent of the department of public works, has made recommendations on the awarding of bids for blast furnace slag and asphaltic oil, two components of the city's seal coat program.

Blethen recommended that the bids be awarded to the low bidders, Edw. C. Levy Co. for 1,500 tons of slag at $3.80 per ton, and Standard Oil Co. for 25,000 gallons of oil at 14.28 cents a gallon.

Survey Shows Wide Edge

Pennsylvania Dems for HHH

PHILADELPHIA (AP) — Vice President Hubert H. Humphrey is the overwhelming presidential choice of committed Pennsylvania Democratic delegates, an Associated Press poll showed today.

The poll showed him running 27 to 1 ahead of Sen Robert F. Kennedy and 3 to 1 in front of Sen. Eugene J. McCarthy.

★ ★ ★

Pennsylvania, with 162 delegates, will have 130 votes at the party's national convention in Chicago Aug. 26. This is about 10 per cent of the number needed to win the nomination. The delegation is third largest among the states.

LISTS VOTES

The survey lists these Pennsylvania votes:

Humphrey 63¾, McCarthy, 19, Kennedy 2½, uncommitted or unreached 45.

It is almost a clear majority with a third of the votes still up for grabs.

Humphrey supporters are headed by former Gov. George M. Leader, and they claim nearly all of those who still have "no choice" will be with the vice president on the convention's first roll call.

Humphrey said he preferred not to comment on the poll and would rather wait until delegates themselves take definitive action.

This could come today in Harrisburg.

A formal meeting of Pennsylvania delegates has been scheduled. It is possible the leaders of the state organization, who have tried to maintain official neutrality, may leap on the Humphrey bandwagon.

NEW HEART, NEW HOPE—Joao Ferreire da Cunha, a 23-year-old Bazilian cowboy, is the 17th person in the world and the first in Latin America to receive a transplanted heart. He received the heart of a 20-year-old unidentified traffic victim in a 5½-hour operation yesterday.

1 of 9 Survives Boating Mishap

WELLS BEACH, Maine (UPI) — Helicopters, boats and planes swept the chilly waters off Wells Beach early today, seeking the bodies of two of eight persons drowned in a boating accident yesterday.

The sole survivor among nine persons from the Springfield, Mass., area who came to Maine on a weekend family outing was Arthur Savageau Jr., 20, of Springfield, who was picked up some time after their boat overturned. The victims included five children.

★ ★ ★

The eight victims were plunged into the sea when their 15-foot outboard motorboat capsized about two miles off Wells Beach in waters whipped into three- and four-foot waves by a sudden change in the weather.

Wells Beach Fire Chief Donald Moody said someone in a beach cottage sighted the blue-and-white boat and notified his department at 4:15 p.m. — about four hours after the accident.

ENLISTED HELP

Moody enlisted the help of the charter fishing boat Finest Kind to the scene and rescued Savageau, who was sitting in the swamped boat.

Savageau was taken to York Village Hospital, where he was treated and released. He told authorities the group had been on a weekend camping trip and was out fishing when the boat capsized.

★ ★ ★

The other eight were identified as: Arthur Savageau, 13, Leonard Savageau, 36, Eugene Besner, 20, and Ernest Savageau, 12, all of Springfield; Arthur Savageau, 38, Dennis Savageau, 15, Arthur Hamilton, 8, and Leonard Savageau, 14, all of East Longmeadow.

More Flooding Threatens Ohio

By United Press International

Widespread rain fell from Minnesota through the South and Southeast today, increasing the danger of flooding in Kentucky and Missouri and threatening more woes for waterlogged Ohio.

After a week of rain and flood, waters were receding in Ohio yesterday, but more rain threatened to reverse that. The state has been wracked by some of the worst flooding since 1913, and Gov. James A. Rhodes has asked President Johnson to declare 27 Ohio counties flood disaster areas.

★ ★ ★

Sixteen roads were closed by flooding streams. Many residents of Laurelville, population 400, were evacuated. At Ohio University in Athens, 1,250 students were homeless. Authorities said evacuees could return to their homes as the water fell.

Today, six hours of rain poured 1.95 inches on Lockbourne Air Force Base, while nearby Columbus, Ohio, had 1.39 inches.

Court Order to Delay Decision on Waterford Land-Fill Zoning

A decision from the Waterford Township Board of Zoning Appeals on a proposed 50-acre land-fill off Maceday Lake Road probably won't be reached until the third week in June, a member of the board said today.

The board met briefly Saturday and then adjourned to undertake review of five volumes of testimony taken during five previous public hearings on the issue.

★ ★ ★

The method of considering the problem only through reading of the transcripts was ordered by Oakland County Circuit Judge Clark J. Adams in connection with a suit filed by a processing and reclaiming firm.

Robert Richmond, secretary and member of the board, said that it will be at least June 20 before all the material can be digested and a public hearing scheduled on the question.

Judge Adams has given the board until July 1 to make the decision.

The case had gone to Adams after the township planning commission rejected the request of Donald Freeman and David Ward, partners in the Waterford Processing and Reclaiming Co., to operate the land-fill site.

★ ★ ★

Adams, however, said the suit was premature since they had not exhausted all local means of getting relief.

The land-fill operation is planned near Ward's Gravel Pit.

POLLUTION FEARED

Local residents have objected to the proposal on grounds the land-fill eventually will cause the pollution of nearby lakes.

About 40 persons attended Saturday's half-hour meeting, at which time they were told of the court order which restricted the board from accepting further testimony.

cording to the Oakland County Road Commission, all were passable if motorists drive with caution.

All the floodings were due to inadequate storm drainage, according to a commission spokesman. He added the responsibility for correcting the problem is not that of the road commission.

FLOODED AREAS

Areas where flooding has slowed motorists include Dixie Highway south of Walton in Waterford Township, Greenfield between 10 and 11 Mile roads in Southfield, Maple east of John R in Troy, and Halstead sough of 14 Mile in Farmington Township.

No reports were received of washouts on any local roads.

Thalidomide Trial Starts in Germany

ALSDORF, Germany (UPI) — A group of drug company executives went on trial in a rented coal miners' dance hall today on charges they committed criminal negligence in marketing the drug Thalidomide.

The trial of eight employes of pharmaceutical firm of Chemie Gruenenthal opened what was expected to be a decade-long legal battle to decide responsibility for the deforming of thousands of children.

★ ★ ★

Depending on results of the criminal trial, which is expected to last two years, are millions of dollars in civil damage suits filed by parents of deformed children.

About 5,000 children were born in West Germany in the late 1950s and early 1960s without arms or legs or with shriveled fingers or toes growing from their shoulders or hips.

The Aachen state prosecutor, in a 972-page indictment based on six years of investigation, blamed the Chemie Gruenenthal Co.'s Thalidomide sleeping pill.

MARKETED IN 1957

The indictment contends the drug firm failed to test Thalidomide properly because it was eager to seek quick profits. The drug was marketed in 1957 with an advertising campaign that described it as "completely harmless . . . safe as a sugar lump."

The defendants include Dr. Heinrich Mueckter, scientific research chief for Chemie Gruenenthal, and seven of his associates. The company has denied that Thalidomide caused the deformed births and has insisted its claims for Thalidomide were fully justified when made and that it acted properly when alarms were sounded.

★ ★ ★

Appeals of the result of the criminal trial are expected to take another eight years. The prosecutor rented the dance hall in this little coal mining town near the Belgian border because it seats more people than any courtroom in the Aachen district.

Thalidomide was licensed for marketing in 60 other countries but not in the United States due to the efforts of Dr. Frances Kelsey of the U.S. Food and Drug Administration. She was awarded a medal by President John F. Kennedy for refusing to license the drug.

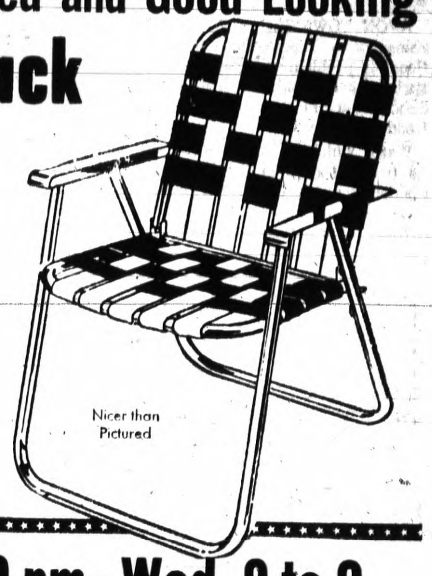

Guam, westernmost territory of the United States, lies beyond the Date Line in the Pacific.

Weekend Rains Intensify Avon Floods

AVON TOWNSHIP — Heavy weekend rains have reportedly intensified the flooding problem suffered most of this spring by residents of Brooklands Park Subdivision in the Auburn-Dequindre Road area.

Water which on Friday stood as much as two feet deep in the back yards of residents along Culbertson Street was this morning lapping at garages and seeping over driveways, according to residents of the area.

Temporary help was promised last week by the Avon Township Board with the promise that crews would be at work today cleaning and extending a drainage ditch in the area, but Supervisor Cyril Miller advised residents that the only long-term solution lay in the creation of a drainage district.

About 10 people present at the meeting had promised circulation of petitions requiring a hearing to set up such a district.

Meanwhile, the fear of disease and the danger to children plague residents, according to Mrs. Edward Arner, 2722 Culbertson.

★ ★ ★

She told of neighbors having to buy new furnaces because of the water, the infestations of bugs and mosquitoes which plagued the area last summer, and the constant danger to small children who wander into the flooded area.

Shelby Supervisor Urges Revamping of Zoning Code

SHELBY TOWNSHIP — A master zoning plan for this township may soon become a reality, if the planning commission follows the recommendation of Supervisor Kirby Holmes.

Holmes has submitted letters to the commission from himself and Bernard E. Giampetroni, director of the Macomb County Planning Commission, urging a change in the township's zoning ordinance to permit "exclusive zoning" rather than the "pyramid zoning" now in effect.

★ ★ ★

Under the pyramid system, Holmes explained, only residential use may be made of property zoned residential. However, both residential and commercial uses may be made on commercial-zoned property.

Multiple-zoned land may be used for residential, commercial and multiple purposes. And so on, down to heavy manufacturing-zoned property, which may be used for any purpose.

USE IS LIMITED

The exclusive system, the supervisor continued, limits property zoned residential, or commercial, or multiple, to only that use and others closely related.

Under the exclusive system, a builder could not construct a subdivision on heavy manufacturing-zoned land, as is now possible.

"At one time all of Macomb County was zoned under the pyramid system," he added. "But as the population came into each township, the remaining land was put under exclusive zoning.

"It's time we moved ahead on this. Shelby has been lagging, and the reason is that the builders and developers prefer the pyramid structure — they prefer to have carte blanche on a piece of property."

At present, Shelby is the only township south of 26 Mile Road which has not converted to the exclusive system, Holmes said.

One reason that changing over is difficult, the supervisor continued, is that the zoning ordinance must be rewritten. "It took Clinton Township three years to go from pyramid to exclusive," he observed.

★ ★ ★

"But when we get water and sewers out here," Holmes said, "the remaining land is going to go like wildfire. If we don't have exclusive zoning by then, we're going to have problems we don't believe possible."

Farmington Vote Is June 10

School Drive in Homestretch

FARMINGTON — School officials and volunteers promoting the 4-mill school tax increase are nearing the homestretch of their campaign.

★ ★ ★

District property owners will vote June 10 on the 10-year tax addition. Present school tax is 23.4 mills for operation and 9 mills for debt retirement.

★ ★ ★

The issue means an increase of $4 in taxes per $1,000 state equalized valuation (SEV). For instance, owners of homes with a market value of $20,000 would pay $40 more than the $324 they paid last year.

★ ★ ★

The SEV of a home is legally set at half the market value.

MAINTAINS PROGRAM

Campaigners stress that the four mills, expected to bring in $811,000, are to maintain the same educational program as now offered.

★ ★ ★

Increased funds are needed because of increased costs and an anticipated enrollment increase of 835 pupils.

★ ★ ★

Rejection of the issue means program cutbacks already finalized by the board of education will take effect, school aides say.

The curtailments would strike most seriously at the teaching staff, building maintenance, interscholastic athletics, extracurricular student activities and some bus service.

'NOT A THREAT'

Supt. Roderick Smith says the program cuts are not intended to be threats to voters. "We're just advising the people what it costs to continue the present level of education," he said.

The 1968-69 budget is expected to be balanced at $11,105,000, including the tax hike.

★ ★ ★

Smith says subtraction of the $811,000 would include cuts of:

- $399,300 for 44 teachers who won't be hired. This means elimination of elementary art and vocal music classes, language arts programs in the elementary and high school and the elementary creative writing course.
- $97,000 in building preventive maintenance.
- $49,300 for interscholastic athletics and extracurricular student activities, except varsity football and basketball.
- $57,350 for data processing and other administrative functions.
- $34,200 for items such as athletic equipment, in-service teacher training and some adult and summer education courses.
- $30,000 for instructional equipment and $26,950 for library materials.
- $17,000 for bus transportation for about 585 elementary pupils who live less than 1½ miles from school.
- $15,000 for half of the driver training program.

Marathon Twp. Crash Kills Vassar Girl, 19

MARATHON TOWNSHIP — An auto accident early yesterday claimed the life of a 19-year-old Vassar girl.

A spokesman for the Lapeer County Sheriff's Department said Pauline L. Raymond was driving north on Marathon just north of Howell when her car went out of control at about 12:30 a.m.

It skidded 136 feet into a large rock and overturned, police said. Miss Raymond was taken to Lapeer County General Hospital, where she was pronounced dead on arrival.

Two Rochester Choirs to Combine for Concert

ROCHESTER — "Spring Is Made for Singing" will be presented by the combined choirs of McGregor and North Hill elementary schools at 7:30 p.m. tomorrow at the Rochester Senior High School auditorium.

Some 140 students, including an all-boy group called "The McHills," will sing. Choir awards will be presented, according to Martha Marsh, vocal music teacher.

Avondale Slates Summer Courses

Nine separate programs including remedial and enrichment school courses will be offered during the summer in Avondale School District, according to Richard Mott, community school director.

Activities, to begin June 17, include tot lots at Elmwood and Grant Graham Elementary Schools, a recreation center at Stiles and Stone Elementary Schools, and library programs at Auburn Heights and Elmwood Elementary Schools.

★ ★ ★

A teen-age recreation center is planned at the high school and at Oakland University. Swim programs will be offered to all students at the university.

Also programmed is a child development center and Head Start program at Elmwood School.

Speaker at Oxford Dedication Decries Local Power Loss

OXFORD — The loss of local control from governmental units was decried Saturday by R. A. Ambrose, president of the Oakland Schools Board of Education and former Oxford Schools superintendent, in a speech to dedicate the new Oxford Civic Center at 22 W. Burdick.

Said Ambrose, "The townships, schools and villages are the last bulwark of local control. Years ago we started looking to Lansing and Washington for the solutions to our problems. Then this nation started to disintegrate."

The Civic Center, a $190,000 edifice housing township, village, library and police facilities, was built without governmental grants. In use since last fall, its dedication was chairmaned by Lee Valentine, Oxford Township supervisor.

A program of band music, presentation of plaques and the honoring of three pioneer settlers engaged the audience of about 100 which gathered on the lawn to watch.

Specially honored were "Three Old Men of a Lifetime" — Louis Haddrill, George B. Tunstead and Fred Stevens.

Redistricting Appeal Ordered

The Lapeer County Board of Supervisors has decided to appeal the "one man, one vote" apportionment plan for the county to the State Court of Appeals.

Adopting a motion by Oregon Township Supervisor Clyde Ross by a 20-2 vote, the board has directed its legislative committee to map a new apportionment plan to accompany the appeal.

★ ★ ★

The appeal, if successful, could delay the election of a new board, since the deadline for candidates filing is June 8.

The reapportionment law, upheld by a recent State Supreme Court ruling, requires boards of supervisors to be elected from districts which are nearly equal in population.

BASED ON '60 CENSUS

The plan was drawn up, as ordered by law, by an apportionment commission composed of the county clerk, county treasurer, prosecuting attorney, and chairmen of both political parties.

As presently structured, it would divide the county into seven districts, based on the 1960 census.

Those districts are District 1, Deerfield, Rich and Marathon townships; District 2, Burlington, Burnside, Goodland and North Branch townships; District 3, Arcadia, Mayfield and Lapeer townships; District 4, City of Lapeer; District 5, Elba, Hadley and Oregon townships; District 6, Attica and Imlay townships; and District 7, Almont, Dryden and Metamora townships.

The present 22-man board would thus be replaced by a seven-man body.

'INSUFFICIENT TIME'

The board's appeal is to be based on the grounds that it had insufficient time to draw up its own plan. The law provides 30 days for appeals after the filing of the plan.

★ ★ ★

The board previously appointed an apportionment committee to propose a redistricting plan, but rejected that committee's report.

It Seems to Me . . .

Have the Parents Defaulted Their Child-Raising Duty?

Is enough of the blame for current juvenile troubles placed where it belongs? Public opinion seems to be growing a little more definite.

It points to the parents.

And isn't this correct?

★ ★ ★

When a teen-ager goes wrong and breaks the law, shouldn't the responsibility rest on the shoulders of his father and mother first?

Have they done their part?

Have they met their obligation?

★ ★ ★

Primarily, all young people learn manners and decency in their own homes. The instruction and guidance of a child are fireside responsibilities. The schools, churches and society in general augment these teachings, but an understanding of decency begins within the family. This can hardly be challenged.

★ ★ ★

Parents will counter with the belief that the schools, courts and churches are answerable to some extent. And this may be absolutely correct. But at the same time, if there's a primary duty, it's in the home.

★ ★ ★

Stockholm, Sweden, says the most effective method discovered there is the practice of taking juvenile offenders to the police stations, locking them behind iron bars and then phoning the mothers—never the fathers. Mama has to come to the station and bail out her errant offspring to the shame and humiliation of both. Perhaps this is worth a trial in the United States. The methods we use now seem to fail entirely too often.

Unexpected Development . . .

An unexpected development in these campus riots is asserting itself. Universities suddenly find it more difficult to find top level administrators. Several national institutions which have been quietly seeking replacements now discover the "going is a little rough."

Capable, top-level executives aren't as anxious to assume authority for a great educational property or an expanding campus when brawls, anarchy, revolts, and lawbreaking procedures are imminent.

★ ★ ★

There are too many top level openings in too many places.

Heart Transplant Operations . . .

A top Boston chest surgeon told a medical group that it should not try heart transplant operations "as they are too risky and represent human experiments with a high probability of failure."

★ ★ ★

Surely the death rate has been high and the risk may be great.

On the other hand, if the patient has no chance of survival with things as they are, isn't he better off to get an added opportunity to live, even if the chance is slight? That particular case might number among the small percentage of success. Also, will we ever advance without experimenting?

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Just the other day, *The Wall Street Journal* had 13 of its own writers and three editors working 222 man hours on one story. When it ran, it was only 1,227 words long. . . . . Overheard: "There's one town where they don't want the police to use guns, clubs or dogs. I guess they're going to try poison ivy." . . . . . The latest unofficial scuttlebutt says North Vietnam won't really get serious about ending the war until January 20th when a new President is inaugurated.

★ ★ ★

RITA

Scouts tell me Rita Lopez deserves mention as one of the area's attractive young ladies. . . . . Incoming Secretary Wilbur J. Cohen of Health, Education and Welfare testified before a Senate Government Operations committee that "doctors must observe greater voluntary restraint in fee increases." He also criticized the infant mortality rate sharply, saying there are 14 countries with better records than the United States. . . . . If Braniff International flights don't arrive on time, each passenger gets a token good for a dollar at the counter. . . . . Half of the phones in the entire world are in the U.S.—80 million.

★ ★ ★

Eight million Americans play golf and to your amazement the tennis adherents outnumber them one million. . . . . With all this to-do about JACKIE KENNEDY and Lord HARLECH, it's interesting to note that he has five children and one of them is really a far-out way-gone male. They're all—well—a little "odd"—or something. . . . . If you're six years old you should sleep 11 plus hours; if you're ten, it cuts to 10; fifteen hits 9 and twenty suggests a shade past 8; twenty-five demands 7 and beyond fifty-five it's a cool six and a half. . . . . Today is Monday, May 27, the 148th day of 1968 with 218 to follow.

★ ★ ★

The moon is new.

The morning stars are Saturn and Venus.

The evening stars are Mercury and Jupiter.

★ ★ ★

On this day in history:

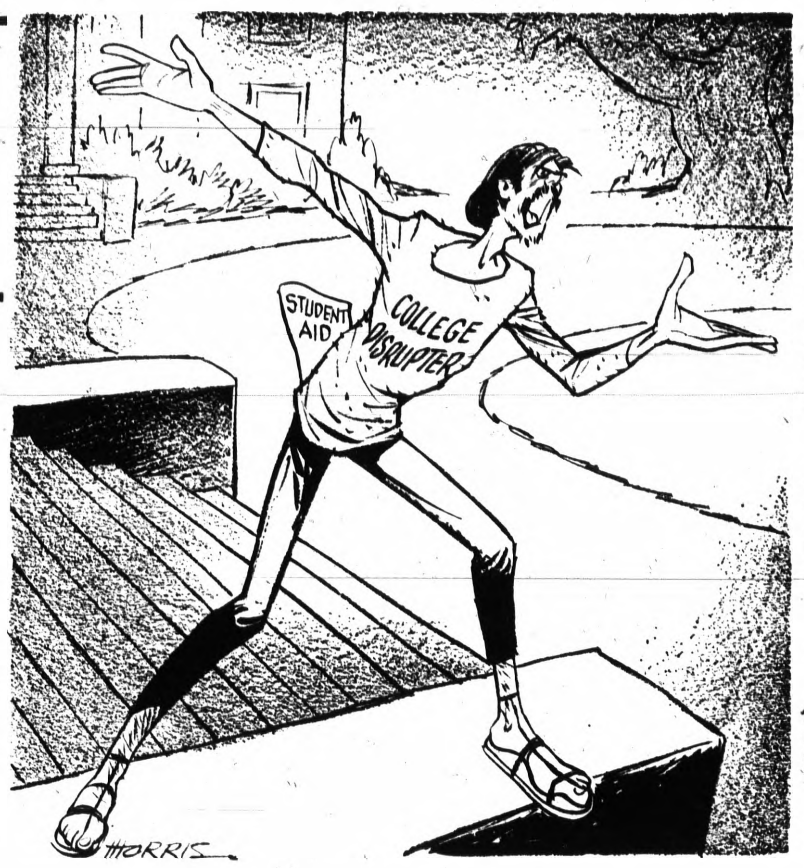

In 1860 Italian patriot Giuseppe Garibaldi invaded Sicily with 1,000 red shirts and captured Palermo.

In 1935 the Supreme Court voted unanimously that the National Industrial Recovery Act was unconstitutional.

★ ★ ★

In 1941 the German battleship "Bismarck" was sunk 400 miles west of Brest, France.

In 1942 Nazi Reinhard Heydrick, the hangman of Czechoslavakia, was murdered by patriots in that country.

Something's Wrong With This Picture!

David Lawrence Says:

Red Subversion Sweeps Globe

WASHINGTON—Communist subversion is sweeping the world. Although not the only influence responsible for the outbreaks of mobocracy, it does take advantage of the disorders and adds further momentum.

LAWRENCE

France, which has long had a Communist party, is in the midst today of virtual revolution.

Italy, which has for years had Communist representation in its Parliament, has just elected a substantially increased number from that party.

★ ★ ★

Violent demonstrations by students in Stockholm prompted the Swedish minister of the interior to issue a public statement declaring the student uprising in Stockholm was "inspired by a small group of Communists."

But why would France, which has had a Communist political faction in its parliament for several years, be the victim of a conspiracy which now has brought strikes, riots and a nationwide paralysis of business and transportation?

COMMUNIST METHOD

The answer is that this is the Communist way. First, an attempt is made to organize a political party and get official recognition of it — in fact, a move in that direction is under way today inside the United States. Then, when the penetration is completed, opportunities to stir up revolution are multiplied.

The crisis in France is, of course, ominous. The Communists have been allowed freedom of dissent and even political organization. Today they have control of labor unions and are to a large extent responsible for the rebellion that has swept the country.

★ ★ ★

The Soviet government meanwhile helps secretly to finance the disorders and subversive activities and pours out hundreds of millions of dollars a year to finance the North Vietnamese army in its war against American troops.

The government here has plenty of information about the munitions, warplanes, mortars and bombs which have been sent to North Vietnam by the Communist countries in the last three years.

But no official pronouncement has come from the government here so that the American people can be authoritatively informed about their true enemies in the Vietnam war.

Communist imperialism has a simple strategy — it keeps Russian troops from getting into battle but sends money and supplies to stir up "wars of liberation" in other countries or gives armament to the existing regimes after subversives have converted the ruling authorities to the Communist side.

The so-called "cold war" is being won by the Soviets, and eventually it will be revealed that the Communists have achieved their biggest victories on the college campuses and in the slum areas of the big cities of America.

Bob Considine Says:

Ho Chi Minh Personality Reflected in His Poetry

NEW YORK—Students and historians who are flabbergasted by the intransigence of 78-year-old Ho Chi Minh, in the face of American power and considerable world power, might not have to look back farther than the man's poetry.

CONSIDINE

While in assorted prisons under the Japanese he was able to record his experience in poetry. That slim volume is now available in limited U.S. stores under the title "Prison Diary." The Nation picked up excerpts this month. Unnerving example:

"Hard Is the Road of Life"
Having climbed over steep
mountains and high peaks,
How should I expect on the
plains to meet greater
danger?
In the mountains, I met the
tiger and came out un-
scathed:
On the plains, I encountered
men, and was thrown into
prison.

"Restrictions"
To live without freedom is a
truly wretched state.
Even the calls of nature are
not governed by restric-
tions!
When the door is opened,
the belly is not ready to
ease itself.
When the call of nature is
pressing, the door re-
mains shut.

"Moonlight"
For prisoners, there is no
alcohol nor flowers,
But the night is so lovely,
how can we celebrate it?
I go to the air-hole and
stare up at the moon,
And through the air-hole the
moon smiles at the poet.

Add former heavyweight contender Lou Nova to the list of presidential candidates.

"I am bidding for 10 million black American votes with my revolutionary plan for Nova-Africa," Lou writes from his headquarters (Box 85171, Hollywood, Calif., 90072.)

"This plan will appeal to all those who want their own state or nation, and to many who would like to see the militant members of their race go to other places.

"Remember, a vote for Nova is a vote for the right and the left."

Lou, who fought his way all the way up to a title match against Joe Louis, bills himself as "the poor man's write-in candidate."

Nova-Africa would not be in Africa, but a territory in Mexico almost the size of Texas. It would be ruled, policed and governed by black Americans alone.

At the end of 20 years a referendum would be held to determine whether its people chose to become the 51st state or remain an independent nation.

There are a few little details involved. For example, first, Lou has to be elected president of the United States.

Voice of the People:

'Death Emphasizes Need for Light at Intersection'

Time after time the plea has been made to install a traffic light at the intersection of Sashabaw and Maybee. The plea has been almost ignored. Maybe not entirely as a blinker was installed, but what is its effectiveness? None. If you sit at this intersection and watch the traffic you can see the yellow caution has little effect on slowing traffic on Sashabaw. The intersection is ignored as if it didn't exist.

★ ★ ★

Now the plea will come again as the hand of death has taken its toll at this intersection. Will the plea be ignored again? How much cost can there be to change the blinker to a traffic control light? Is it worth the cost of another life?

'Children Should Be Taught More Respect'

In answer to people who complain of mistreatment of children in school, if children are taught to respect their parents first, they will respect themselves and the teachers will also respect them. Without respect for each other there can be no understanding between age groups.

'Urge Avondale District Residents to Vote'

Passing the 7.7 millage for Avondale School District will enable our schools to remain an accredited district for future college students; but passing the millage or not, our children will have main road bus service this fall (except in special cases). The safety of our children is as important as their education. We have a wonderful group of bus drivers who protect our children. Their safety records are outstanding, but will they continue with these runs on main roads only? I urge every registered person in our school district to vote on June 10.

'Use Old-Fashioned Ideas to Clean Up U.S.'

Work, self respect, pride in self and others, respect of law, are just words on paper with no meaning to many. We need a man like Mr. Reagan to clean up this country with some old-fashioned ideas because it seems that somewhere along the line the new ones have gotten us in bad trouble. We need men who will do all in their power to restore America to its rightful place in world opinion and we should start here at home by cleaning up our own people.

Suggests New Method for State Park Sticker

In past years we have put our State Park sticker on our windshield in a temporary manner so we could use it on whichever of our two cars we were using. When we went to a park in Ludington a young man removed our sticker and replaced it by sticking another one to the windshield permanently. He informed us that was the way it had to be. Why can't these be in the form of a pass or at least interchangeable for most people have more than one car. The stickers cost enough, so one per family should be enough.

Discusses Importance of Individual's Rights

It sounds good to say we should put human rights above property rights. They're preaching it in some colleges now. But in the Communist countries they have taken away property rights. When those rights were gone, human rights were the next to go.

Question and Answer

What year did "Gone With the Wind" first come out? Is it the same one that was in Detroit, or has it been changed?

READER

REPLY

It was in 1939 that "Gone With the Wind" won the Academy Award as best picture, and Vivien Leigh won the best actress award for her role in the picture. It is the same movie.

Peace Move

The New York Times

Egypt's declaration that she is prepared to move toward a Middle East settlement in which Arab concessions might precede the withdrawal of Israeli troops from Arab lands is, on the face of it, a positive step toward peace. Heretofore, the Arabs have insisted on prior withdrawal of Israeli forces.

★ ★ ★

But the sincerity of Egypt's gesture toward peace is cast into doubt by the manner in which Cairo chose simultaneously to publicize an alleged agreement to open discussions with Ambassador Jarring at the United Nations.

★ ★ ★

The Egyptians have irritated Israel and embarrassed the U.N. envoy by releasing what they said was the text of a Jarring letter to U Thant. The letter reports that Israel and the United Arab Republic have "accepted" the Security Council resolution of last Nov. 22 and intend "to make arrangements under my supervision to implement the provisions of this resolution."

★ ★ ★

Even if this is a true text, it was Mr. Jarring's prerogative to determine the timing and nature of its release after consultations with both sides.

Remembering Cairo's past performance in announcing and then rejecting an agreement to negotiate, at the same time attempting to shift the blame to Israel, there are grounds for wondering whether Cairo may not be preparing once more to try, as an observer put it, "to put the monkey on Israel's back."

Solidarity . . .

Israel Digest

The Economic Conference surpassed all expectations as an expression of Jewish solidarity, Israel's Prime Minister, Mr. Levi Eshkol, told the packed audience which attended the closing session of the Conference at the Binyenei Ha'ooma Convention Center in Jerusalem. Nearly 500 leading Jewish industrialists and businessmen from three continents had come to Israel to attend the four-day deliberations, aimed at devising joint projects and means of cooperation to promote Israel's economic development and foreign trade.

★ ★ ★

"I must confess that there were some who hesitated, who criticized the idea of the Conference in advance, and prophesied failure," Mr. Eshkol went on to say. "When I heard the concluding remarks of Lord Sieff and Mr. Pereire, I felt that the optimists have been proved right — as so often happens in Israel. We looked for a response; we asked for cooperation — but the widespread willingness to participate in Israel's development that has been shown at this conference has surpassed our most optimistic expectations."

Made Passes at U.S. Carrier

'Buzzing' Soviet Jet Crashes

WASHINGTON (UPI) — The cause of the crash of a Soviet bomber which buzzed a U.S. aircraft carrier in the Norwegian Sea remained a puzzle today.

The Soviet plane, a TU16 Badger, went down in flames Saturday moments after making a fourth low-level pass over the carrier Essex. Parts of the bodies of three men from the plane, which normally carries a crew of seven, were found.

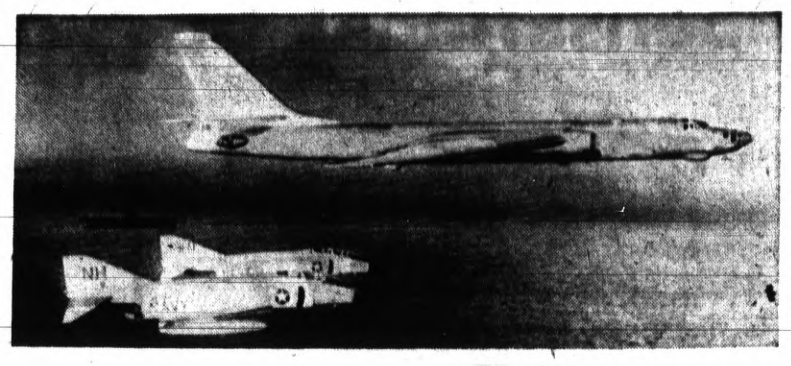

In Washington, Defense Department officials said U.S. forces "in no way interfered with, hampered or threatened the Soviet aircraft at any time or in any way prior to the crash."

In Moscow, Soviet news media were silent on the subject, and there was no confirmation of the crash by Soviet officials.

ADMISSION UNLIKELY

It was considered unlikely, in any case, that the Soviets would admit one of their planes buzzed an American ship.

Soviet planes for many years have frequently flown low over U.S. aircraft carriers and other warships. Like the Soviet intelligence vessels that operate near American naval maneuvers, they are considered to be within their rights in international waters.

AP Wirephoto

TYPE THAT CRASHED — The Soviet TU16 Badger (top) is the type of plane that crashed Saturday after making a pass over a U.S. aircraft carrier. Also in this 1963 picture are two U.S. F4 Phantom fighters shown with the Badger near the USS Kitty Hawk in the northern Pacific.

Shortages Hit Paris, but No Open Panic

PARIS (AP)—"Sorry, madame, I can't sell you a kilo of potatoes," the grocer told a desperate housewife. "The 50 kilos you see are reserved for one of my best customers."

It was one of the aggravations of the general strike that hit France early last week, but there has been no open panic because the fresh food channel —farmers, private transporters and grocers—kept working.

★ ★ ★

French cities were supplied with milk, vegetables, fruit and meat as drivers concentrated on perishable products.

Still, some housewives started hoarding food and some items were hard to find in shops. On Saturday, for example, it was possible to buy beef, tomatoes or cherries in any shop, but one could hardly get salt, sugar, oil, canned food or even wine.

PRICES SOAR

Prices doubled or tripled in a week. Trying to force prices down, some angry housewives threatened to bring charges of black market profiteering against grocers as in World War II.

But there also were cases of price reductions for some perishable vegetables, such as tomatoes, when grocers saw they might have to throw them away.

★ ★ ★

Where the rich hoarded, the poor had trouble obtaining food. In a plush western Paris suburb, one grocery customer blindly ordered food "for 100 francs"—$20—while others waiting in line anxiously looked at their wallets.

Gasoline, cigarettes, soap and other such products often were unavailable. Industrial goods were severely limited because of the strikes in the factories and wholesale shops. Public transport was dead.

TENSE SITUATIONS

Increased prices and the financial problems of the strikers led to some tense situations.

Nonstrikers also were getting short of money since banks were closed and weekly salaries generally were not paid.

★ ★ ★

The bank workers union planned to reopen the banks today to permit payment of monthly salaries.

One Parisian doctor pointed to his empty waiting room and said people were not coming for medical care because they could not pay him. Some doctors in industrial regions said they would treat patients who could prove they were strikers. The strike committees could deliver such proof.

GASOLINE VANISHES

Because of the lack of public transport, persons not on strike drove their own cars to work. But as the days passed, most gasoline stations closed because they were not supplied by the tank truck drivers.

By Saturday, it was impossible to buy gasoline in Paris except in filling stations reserved for doctors — marked with red crosses — and others reserved for drivers of food tucks.

An important reason for the absence of panic was that the electric plant workers, while on strike, did not cut the power supply as they have in the past. They apparently kept a power cut as a threat against the government in case negotiations come to a deadlock.

Many small cafes and restaurants shut down, not so much because of lack of food, but because the lack of transport and gasoline kept customers at home.

U.S. Education Benefits—13

Variety of Grants Available for Study Abroad

(EDITOR'S NOTE — This is the 13th article in a 15-part series on U.S. educational and training benefits available to you.)

By RAY CROMLEY
NEA Publications

For college undergraduates and graduates there are a variety of opportunities for government-assisted study abroad.

The law now provides that U.S.-insured, low-interest federal, state and private loans will be made available to eligible American students enrolled in acceptable foreign institutions.

★ ★ ★

The U.S. State Department, in addition, assists American universities and colleges in providing support for students in Junior Year Abroad programs.

Exceptional college graduates and graduate students can apply for Fulbright-Hays and Inter-American Cultural Convention grants. They usually are for one academic year in the country mutually agreed on by the student and the committee. In some cases, the grant may be renewed.

EAST-WEST GRANTS

If you are working for a masters or PhD degree in some Asian or Pacific field of study, you may apply for a scholarship grant from the Institute for Student Interchange, a part of the East-West Center established and operated by the U. S. government in co-operation with the University of Hawaii.

These scholarship grants may include funds for field study on the continent of Asia or in other countries in the Pacific area if your project requires this research.

★ ★ ★

International development graduate research fellowships and post-doctoral fellowships are also available.

The Mutual Educational and Cultural Exchange Act of 1961 provides opportunities for teachers, professors and graduate students preparing to be teachers with financial aid for foreign language and area study abroad:

- One-year research and study grants are available for teachers with five years of experience.
- Special summer seminars abroad are open to high school teachers, college instructors and assistant college professors with two years' experience and a bachelor's degree.
- Students who have completed at least two graduate years in preparation for a teaching career are eligible for fellowship grants abroad.
- Professors of area studies and foreign languages with a PhD degree and at least two years of professional experience may apply for research grants.

OTHER OPPORTUNITIES

There are a number of other opportunities.

The National Defense Education Act provides funds to assist students and teachers who desire to improve their ability in approximately 57 modern foreign languages other than German, French, peninsular Spanish and Italian, and for area studies relating to the countries in which these languages are spoken.

★ ★ ★

National Defense Foreign Language Fellowships are awarded to undergraduate, graduate and postdoctoral students for advanced language study at U. S. institutions of higher education.

Graduate awards are for full-time academic year and/or summer study and are limited to three renewals.

Twelve-month postdoctoral fellowships are available to college professors for study designed to assist them in developing programs of non-western language and area studies not commonly taught in United States colleges and universities.

Undergraduates may receive stipends for summer study only and must have completed at least one year of college work (or its equivalent) in the language they want to study.

Tuition, fees and living-travel expenses of $2,250 are given for the academic year and $450 for summer study.

★ ★ ★

Postdoctoral and graduate fellows may receive an allowance for up to four dependents.

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N. Y. (Special): A scientific research institute has discovered a medication which has the ability in most cases — to actually shrink hemorrhoids. In case after case, the sufferer first notices prompt relief from the itching, burning and pain. Then this medication starts right in to gently reduce the swelling of inflamed, irritated hemorrhoids.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was all accomplished without narcotics or stinging astringents of any kind.

The secret is *Preparation H®* — an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! In addition to actually shrinking piles and relieving the painful distress — Preparation H lubricates, makes bowel movements less painful and soothes the irritated tissues. It also helps prevent further infection.

Preparation H comes in ointment or suppository form. No prescription is needed.

$4.50 per hundred on a loan is 4½% interest, right? WRONG!

Only the Johnsons knew the truth.

Would you believe that only 1 out of 105 families knows how much interest they pay for auto financing? Here's a shocker:

One hundred and five families were asked that question in a university survey. Only one family (let's call them the Johnsons) knew the true annual interest they were paying.

Of thirty families who thought they knew, estimates ranged from 5 to 12 per cent interest, when actually they were paying 12 to 40 per cent. There's a reason for this confusion. Many car loans are advertised at $4.50 per hundred. People think this means 4½ per cent true annual interest. IT DOESN'T. You're actually paying nearly 9 per cent—when you can get it. (Not everyone qualifies: It applies only to new cars, depends on the down payment, etc.)

Before you buy a car, check with your credit union first. They'll not only give you the true cost on car financing, but rock-bottom rates on a loan as well. It pays to be a credit union family.

Contact the CU where you work—or the one in your parish or neighborhood—or write Michigan Credit Union League, P. O. Box 5210, Detroit, Michigan 48235.

People in the News

COPENHAGEN (AP)—Princess Margrethe gave birth by Caesarian section last night to a nine-pound boy in Copenhagen University Hospital.

The birth was the first in 69 years of a direct heir to the Danish throne.

★ ★ ★

The 28-year-old Margrethe was married last June 10 to French-born Count Henri de Monpezatt, now Prince Henrik of Denmark.

The baby is King Frederick's third grandchild. The others are the son and daughter of exiled King Constantine of Greece and Danish-born Queen Anne-Marie, who is Marrethe's youngest sister.

★ ★ ★

Shortly before the birth, Anne-Marie flew into Copenhagen from London.

Ohioan Plans Voyage to Red China

TOKYO (AP) — Dr. Earle Reynolds, an anthropologist from Yellow Springs, Ohio, says he plans to sail his 30-ton yacht to Communist China this summer on a friendship voyage.

Reynolds, who now lives in Hiroshima, Japan, said he began making "direct and indirect" contacts for the trip last year. He did not identify his contacts.

★ ★ ★

He said he wrote to the U.S. Department of Immigration last year informing it of his planned voyage.

Last year Reynolds, 56, sailed his 50-foot craft, the Phoenix, to North Vietnam.

★ ★ ★

Reynolds said he had not yet selected a crew or exact date for his projected trip to Communist China.

Royalty Pushes Car to Start Drive

CONSTANTINE

BEAULIEU, England (AP) — Exiled King Constantine of Greece and Britain's Earl Mountbatten went for a drive yesterday on Lord Montagu's estate here, but it was far from the usual royal ride.

The king and the admiral had to push the car to get it started.

Constantine was visiting an antique motor museum on the estate. The car that needed a shove was a 1909 Humber.

Russian Girl Wins Piano Contest

BRUSSELS (AP) — A 16-year-old Russian girl was crowned Saturday night as winner of the Queen Elizabeth piano contest in a field of 64 competitors from a dozen countries.

It earned blonde, blue-eyed Ekaterina Novitzkaya $4,000 and a round of recitals in the world's top concert halls.

The month's competition included three concerts and 20 works played in public by each contestant.

Belgian King Baudouin and Queen Fabiola attended the final concert in the 2,200-seat Palais Des Beaux Arts.

The $3,000 second prize went to another Russian, Valere Kamychov, 24.

Third was Jeffrey Siegel, 25, who won $2,500. He is a native of Chicago now residing in New York City and is a graduate of the Juilliard School.

Commented Siegel: "Ekaterina Novitzkaya is a phenomenon. No one of us played as well as she."

Too Conscious of Self

Snap, Crackle, Pop--So What?

DEAR ABBY: This may sound like a silly problem to you but it is serious to me. My bones crack. Honestly, when I'm sitting in one place for a while and then start walking, my knee cracks. It doesn't hurt, but it is very embarrassing.

When I eat, sometimes my jaw snaps. If you are laughing at me I can't blame you, Abby, but I sure wish you would tell me if there is anything I can do about my problem.

"CRACKY"

DEAR CRACKY: Grin and bear it. The "problem" is grossly exaggerated only because it's your own. How much attention would you give to the "cracking" of someone else's knee? Or the snapping of his jaw? Not much, I'll bet.

★ ★ ★

DEAR ABBY: I have pre-school children and a large home to care for, but I schedule my time so that everything gets done. When the children nap, I read, write letters, and relax alone, which I enjoy.

At that precise time, invariably a certain neighbor barges in on me with her children. She helps herself to refreshments, then settles down for an endless outpouring of gossip, unasked-for advice and a monologue of opinions on various subjects. She is a terrible bore.

I would pretend not to be home, but she can see my car in the garage. At first, I found her entertaining, but now she comes so often, I've taken a dislike to her. Please tell me what to do, but don't use my name or location. She has a vicious tongue and would make a better friend than an enemy.

TRAPPED

DEAR TRAPPED: People who open their doors to bores and tolerate their company day after day have only themselves to blame. By your failure to discourage her, you've encouraged her. If you had to decide between having this rude, vicious, gossipy pest for a friend or an enemy, I think you made an unwise choice.

Everybody has a problem. What's yours? For a personal reply write to Abby, care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056 and enclose a stamped, self-addressed envelope.

White Gloves Are Worn in Other Places

By ELIZABETH L. POST

Dear Mrs. Post: I am surprised that you have never seen a waiter or butler serve dinner while wearing white cotton gloves. In Italy, both in homes and in hotels, it is a custom. The gloves are wrist length and always sparkling white.

★ ★ ★

In our own country, in the middle west areas where French influence still lingers, the idea has survived in spots. It adds a touch of elegance to even the least pretentious table service and is so routinely done you could not possibly see it as 'ostentatious or overly-fastidious."

Indeed, our hotels and clubs might well revive the short white gloves to add that "little touch of the superfluous that is so necessary" to help counteract the insidious influence of the Drive-in and Hamburger Palace. — Mrs. F.G.E.

★ ★ ★

Dear Mrs. E.: In saying that I had never seen a waiter wearing white gloves, I should have added "in the United States." I know that it is common practice in Italy and parts of France and some other countries. I am most interested to hear that it exists in some part of our nation. In those areas, gloves may well add a welcome touch of elegance. In other areas, I do feel they may seem ostentatious.

★ ★ ★

Thank you for writing. It is only through letters such as yours that I can keep informed of customs in parts of the country I have not had the pleasure of visiting.

OFFICE

Dear Mrs. Post: I work for a family counseling agency having a total of nine clerical and professional staff members. I plan to be married in June and I had orginally intended to send only two invitations, one to my supervisor and the other to my closest friend.

However, I feel that some may be offended if they are not also invited. Individual invitations would obligate them to send a gift. Would it be "correct" to send them a joint invitation? I feel this would enable anyone who wanted to send a gift or to attend to do so.

If you think this way of handling the problem would be incorrect, please suggest another solution. — Linda

★ ★ ★

Dear Linda: Since your office works as a closely knit unit, you are right not to send invitations to only two of your fellow-workers. It would be perfectly acceptable to send a single invitation as you suggested, and I cannot think of a nicer and more practical solution.

Danish Royalty Adds New Face

COPENHAGEN (UPI) — Danes celebrated the birth of a prince to Europe's oldest royal family. Doctors delivered the son of Crown Princess Margrethe by caesarian section Sunday at Copenhagen's Rigshospital.

The father, Prince Henrik, said the 28-year-old heiress to the Danish throne and her baby were doing well.

The baby, who weighed in at a husky 9 pounds 5 ounces, is the direct descendant of "Gorm the Old," the first king of Denmark, who ruled in the late 10th Century. The kings succeeded Viking chieftains.

★ ★ ★

Prince Henrik and the princess' parents, King Frederik and Queen Ingrid, were at the hospital when the baby was born 10 minutes before midnight.

Princess Margrethe and her husband were married last June 10. She met him three years ago when he, a French count, was serving as third secretary at the French Embassy in London.

★ ★ ★

The baby is second in line for the Danish throne after his mother. By tradition he should bear the name of "Christian." The names of Danish kings alternate between Christian and Frederik.

Caribbean Honeymoon for Edwin Poleses

Following a reception Saturday at the Roosevelt Hotel, Edwin Anthony Polese Jr. and his bride (nee Michal Joy Bright) departed for a Caribbean honeymoon.

The daughter of Mr. and Mrs. Henry S. Bright of North Adams Road, Avon Township and son of the senior E. A. Poleses of Hicksville, N.Y., were wed earlier that evening in St Paul's Methodist Church, Rochester.

Attended by Bonnie Rose, the bride chose a day length crepe ensemble highlighted with a yoke of Brussels lace. A Dior bow capped her veil of illusion and she carried a colonial bouquet of white daisies with ivy.

Ladies Told—Be Bold About Auto Repairs

When you drive into a garage, ladies, don't be embarrassed to say that "The thingamabob makes a ping." Just notice how the repairman answers you.

That is the advice of Mrs. Lucille Treganowan, a comely mother of three who also is an expert mechanic, a partner in a Pittsburgh garage and an active campaigner for the Independent Garage Owners of America.

★ ★ ★

"Make sure the serviceman checks before he says you need a new anything," she cautions. "For example, if your battery goes dead, be very leery if he recommends a new generator without checking your car thoroughly.

"Beware of bait advertising and of low, low estimates. Good mechanics are hard to find and labor is high for dismantling and reassembling major parts. If it doesn't seem possible to you that a specific job can be done that cheaply, it probably can't and you may end up paying much more because of 'extras.'

CHECK UP

"Insist on an itemized bill and ask to see any part that was replaced.

"Check the physical appearance of the garage. No garage can be immaculate but it should be clean and neat.

"Once you find a reliable garage—stick to it."

Mrs. Treganowan's garage has long been a member of IGO, an organization of more than 4,000 garages across the country as well as a representative of 400 independent parts manufacturers.

★ ★ ★

"We follow a nine-point code of ethics that effectively maintains our business integrity," she explained. "That's important for every customer but especially women who usually are not experts in this field."

Betas Will Finance Camping Trip

Alpha chapter, Beta Theta Phi Sorority, voted to use proceeds from a recent benefit sale to send a girl to camp at Camp Oakland this summer. Their May social meeting was held at the Clinton River Drive home of Mrs. Arthur McKinniss.

Mrs. Jewell Graunstadt presented a talk on self-improvement.

Election of officers will take place at the June meeting with Mrs. Charles Irish of Highland Road as hostess.

Old Ties Win Ribbon

LOUISVILLE, Ky. (AP) — Mrs. Laura Watson is not one to waste anything. She used a number of her husband's discarded old neckties in making a quilt. She entered the quilt in the Kentucky State Fair and won a blue ribbon.

Why Grow Old?

By Josephine Lowman

Q. I have fair, pale, skin and dark blonde hair, which I intend to lighten. My eyebrows are thick and a dark walnut brown. How can I lighten them? Could I buy dye for my hair, the color I want it to be, and use some on my eyebrows? If not, why not?

A. Absolutely not! The brows can be dyed but this should be done by an expert. The reason is that you might endanger your eyes. Do not fool around with this, please!

★ ★ ★

I do not know why you want your brows to be the same color as your hair. The contrast of darker brows is most becoming. It seems to me that you have a nice combination now, with fair skin, blonde hair and darker brows. However, if you are going to lighten your hair and want to change the color of your brows, get professional help. If your brows are too heavy you can calm them with a little shaping.

★ ★ ★

Q. My eyes look too round. I want to make them appear longer with an upsweep look. How can I do this with shadow and false lashes?

A. Extend the liner a bit beyond the outer corners of the eyes with a little upswing. Do the same with shadow, narrower at the inner corners of the eyes and up and out toward the outer corners. Have the lashes shorter at the inside corners of the eyes and gradually increase their length toward the outer corners.

★ ★ ★

Q. Is it possible to reduce my tummy without dieting? I know I am overweight but am well proportioned except for my bulging tummy. I am 5'3" tall and weigh 150 pounds. I would be happy if I could just reduce that one measurement.

★ ★ ★

A. Once upon a time they used to cut off the head of the bearer of bad news. I am glad I am not right by you now, because I have to tell you that you must count calories as well as exercise. You are too much overweight to flatten your tummy without a loss of pounds. You can speed the loss in inches by concentrating on abdominal slimming exercises during your dieting trek.

★ ★ ★

I am sure that you will find that your whole silhouette will be lovelier after losing overweight. Your health will be better too!

Raw Meat May Cause Infant Disease

SAN FRANCISCO (UPI) — Eating raw meat, particularly raw hamburger, may lead to certain infectious diseases, says a University of California Medical Center physician.

Dr. G. Richard O'Connor, associate director of the Francis I. Proctor Foundation for Research in Ophthalmology, identified the disease as congenital toxoplasmosis which affects the eyes of newborn infants.

★ ★ ★

"We think there is a possibility that mothers may transmit the disease to their infants. When the disease occurs, we find that the one thing many of these mothers have in common is that they have eaten raw meat sometime early in their pregnancy," he said.

★ ★ ★

Dr. O'Connor reports that toxoplasmosis is caused by a tiny parasite which is found in many animals used for meat production. He feels that mothers-to-be should not eat raw meat, especially during the early months of pregnancy, and that perhaps the same restriction should apply to raw eggs.

Wash Broom Regularly

A fiber broom will last much longer if you wash it every few weeks in two quarts of warm water to which you have added four tablespoons of household ammonia. Let the broom soak in this solution for 30 minutes, douse up and down a few times, rinse in warm water and hang in a cool place until dry.

See Significance in Investigation of Vitamin D

RIVERSIDE, Calif. (UPI) — A University of California biochemist's research is pointing toward a significant contribution to man's basic understanding of how vitamin D is used in humans and animals.

Future results of his work could provide chemists with a substance less expensive to produce and more effective for preventing and treating vitamin D deficiency diseases, such as rickets, a childhood disease that impairs bone structure.

Urges Seat Belts for Little Riders

WASHINGTON (UPI)—"Most parents," says Jerome H. Svore, "unknowingly are risking the lives of small children by letting them sit or stand in cars without restraint."

Duties of Executor Are Many and Varied

By MARY FEELEY
Consultant in
Money Management

Dear Miss Feeley: My husband and I have been named as executors in a will. The party involved has asked us to come and assist him in "settling the estate." Items involed include real property, rights, and contracts.

What should we know, and what should we be prepared to do? Chiefly, we want to obtain enough general information to converse intelligently with the lawyers and other parties present.

I will greatly appreciate any assistance or advice.

Mrs. D. M., Kentland, Ind.

Dear Mrs. M.: With so much responsibility laid on you, you'll certainly want to lean heavily on the lawyer's advice and help. But I agree that it will be smart to bone up on the duties of an executor before you go into session with the others.

Ask at local banks for any printed information they may have on the subject. See what reading matter is available at your library.

★ ★ ★

Among the questions you'll want to formulate in your own mind to bring up for discussion, these are basic:

- Are there any funds from the estate for immediate expenses, such as family needs and necessary fees?
- What's the situation concerning the deceased's Federal and State income tax returns for last year? Where are the tax records applying to this year for the period before the deceased's death?
- What penalty dates may be involved in paying Federal and State death taxes?
- Are there any refunds due the deceased's estate from his 1967 tax?
- What investments and securities are involved? Must there be decisions of the sale and possible purchase of securities during the time the estate is being settled, in the best interest of the heirs?
- Is there any business management that must be taken over? Any inventories to be made?
- Are there any incomes from real estate properties that should be accounted for or collected?
- Any contracts up for renewal or change?
- Have all bank accounts been checked, and how are they to be handled?
- What appraisals need be made on real property and made on real property and personal property, and who's to make them?
- What debts and claims are there to be settled?

You'll have to concern yourselves with seeing that bequests in the will can be paid in exact accordance with the terms. This can sometimes lead to considerable confusion, if the deceased anticipated certain circumstances that failed to materialize.

Here is where your lawyer's services will be essential, as in fact, they will be in every step you must take. You and your husband are obligated, as executors, to keep proper records, separating income and principal transactions. These must be kept regularly and be acceptable to the court.

Cartons for Trash

Take a fair-sized cardboard carton and turn it into a handy trash box to use around the yard, garden or workshop. Turn the four flaps upright and tie each corner together with small pieces of rope, thus enlarging its capacity. Then, in each end, make cut-out handles that comfortably fit the hand.

Sharpen Taste With Ginger

NEW YORK (UPI) — You like beans but they don't like you? Well, then. Just add powdered ginger to canned baked beans or those you make from scratch, to bean soups, navy bean salads and even chili.

The Michigan Bean Shippers Association says so, adding: "More than likely your grandmother brewed ginger tea with honey to soothe a headache or an uneasy stomach." But what's it do for beans? Accents the taste, brings out the best and gives character to the whole, say the shippers.

The smooth way to slide your hands right into the gloves, without any tugging that will stretch the leather out of shape, is to put baby powder inside the gloves before you don them.

Beautician Likes Her New Career as Jail Matron

DECATUR, Ill. (AP) — Being a matron at the Macon County jail is an interesting experience, says a former beautician.

★ ★ ★

Mrs. William Spent, on call 24 hours a day, says that although the job is sometimes dangerous, she likes the work better than any she has ever had. "It never gets dull," she points out.

★ ★ ★

Now in her seventh year as matron, she keeps character references for prisoners who go into jobs after their release.

★ ★ ★

"You learn as you go," Mrs. Spent says. "There are many precautions to be taken. I learned early not to turn my back on prisoners."

JUVENILES

Many of her charges are juveniles. "As a whole they are not bad kids," she reports. "Runaways are usually glad to come back. They may come in with a chip on their shoulder, but if they have time to think, they change their minds."

EGGERS-CHISHOLM

A reception Saturday at Knights of Malta Hall followed vows in Big Beaver Methodist Church, Troy spoken by Darlene Chisholm and William C. Eggers. For the evening ceremony, the bride wore a traditionally styled ensemble with crystal teardrops capping her veil of illusion. She carried white roses. Honor attendants were Frances A. Chisholm and Charles D. Eggers. Other members of the wedding party were Mrs. David Ferman, Mrs. Charles Eggers, Roy L. and Donald G. Chisholm. Brenda Harrand and April Lusike were flower girls with Craig Drinkard as ring bearer. Parents of the bridal couple are the Roy Chisholms of Crooks Road, Avon Township and the Carl W. Eggers of St. Clair.

Hints for Cleaning

DEAR POLLY — Mrs. C. L. asked what to do about wallpaper that has dried paste on it. We found we can take clear water and a sponge, go over the paper lightly and it does not mark or stain. In fact, as we paper we go over each strip after it is put up. This way, we never have any paste marks and do not always use washable paper. — MRS. W.G.

DEAR POLLY — If we at the Wallcoverings Council interpret Mrs. C. L.'s question correctly, there is something that can be done. These paste "spots" are probably caused by paste left on the surface of the paper. At the time paper is hung, its surface should be wiped clean to remove excess paste.

If paper is vinyl-coated, wipe the surface with a clean, damp, sponge. It is always advisable to test washability on a left-over piece of the same paper before trying on the finished wall. On a vinyl wallcovering, a household bleaching liquid will remove stains but, again, test before use on the wall. — MRS. C.M.B.

DEAR MRS. C.M.B. — Thank you so much for your letter. We always appreciate the advice of an expert in any field, in addition to the experiences of our individual homemakers. — POLLY.

DEAR POLLY — I have some most attractive large travel posters I would like to use on the stair wall going to our basement. I want to mount them some way and have heard that mats made of burlap are most attractive. Does anyone know how to do this or have some other suggestions for mounting them? — VIRGINIA

Jobs Open: Sanding Square Pegs

By BETTY CANARY

I thought there must be an entire new field opening up for qualified females — those who know one fork from another and can wield a comb while swaying about in a presidential candidate's train or plane. I said as much to a friend who told me she had already investigated.

"It's not a new idea, taking along a friend who helps you out with dress under duress," she said. "I considered breaking into this job market as I thought it would help me in my efforts of getting on a national television hookup."

"Have you contacted any presidential aspirants?" I asked. "Do their wives and children need you?"

"Well, I gave up working for just one man because I think this is a problem transcending party lines. I am writing a pamphlet on it and making it available to all."

"Do you just tell them how to eat or do you go into international policy?"

"In my booklet for presidential hopefuls, which I call 'Choosing a Helpful Friend or Introduction to Mack the Knife,' I suggest they forget about international problems and take a refresher course in table manners.

That way Helpful Friend won't have to concern herself with your mashing peas with a fork and can concentrate on telling you how to run the ship of state."

"I see."

"It will also give the friend more time to record any sharp remarks the children make about each other."

"Yes, that would be helpful."

"And, naturally, I advise them to watch their own remarks — particularly when their wife's helpful friend is making jokes. Coddling the friend's sense of humor is important — especially if she is going to be combing the wife's hair!"

"I can understand that!"

★ ★ ★

"Hurts just to think about it, doesn't it? Then, another thing I cover is the style of entertaining. Better check, I say, to see what the friend thinks is de rigueur."

"Good heavens! These helpful friends must know everything!"

★ ★ ★

"I hadn't looked at it that way. I think I'll stop writing about how to get along with them and start working at getting them nominated!"

State Parks Spiffing Up for Holiday Throng

LANSING (UPI)—Michigan's vast state park system, already outdrawing last year's throng of visitors by 14 per cent, is being spiffed up for the expected heavy turnout on the long Memorial Day weekend.

★ ★ ★

More than 450 new camp sites have been added in the 72 parks and recreation areas, bringing the total to nearly 13,400. In addition, electrical service has been added to about 800 campsites so that 11,000 of them will have electrical hook-ups this year.

Crews were busy raking beaches and camp sites, fixing and painting recreational facilities, and putting final touches on new toilet-shower buildings and expanded playgrounds and parking lots.

Last year, the Michigan state parks attracted 15.5 million visitors. Through mid-May of this year, they had already hosted 1.4 million incluling nearly 13,000 camping families, a 37 per cent jump over last year at this time.

Among parks with added camp sites are the Rifle River Recreation Area, with 80 new sites; Clear Lake State Park, 200; Young State Park and Ludington State Park, 112; and Sterling State Park, 88.

New natural history displays by the State Department of Conservation will be found in 12 parks and new camp fire circles at most parks.

A Look at Television

Packaging of Reruns Lacks Past Flourish

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Do you remember—

When Faye Emerson's low necklines caused much discussion?

When Arthur Godfrey, wearing earphones and sitting at a desk on stage, conducted "Talent Scouts" like a booker for club dates?

When Wendie Barry was a talk-show hostess and admonished her viewers to be good bunnies?

INTERVIEW SHOW

When Sherman Billingsley was host on a celebrity interview show conducted in a replica of the Stork Club?

When weather girls modeled clothes, talked about themselves and one even played a ukelele to fill in the time?

★ ★ ★

When Roscoe Karns was "Rocky King, Private Detective," a live show on which one occasionally viewed the prop man or an electrician by mistake?

When Jerry Lester and a big blonde named Dagmar kept the audiences awake and laughing into the small hours?

13-WEEK PERIOD

If you do, you are probably in that group of citizens that television calls "older," and you also probably remember when summer reruns came during a period of only about 13 weeks and were presented with a bit of a flourish as "The Best of Groucho" or "The Best of Dragnet."

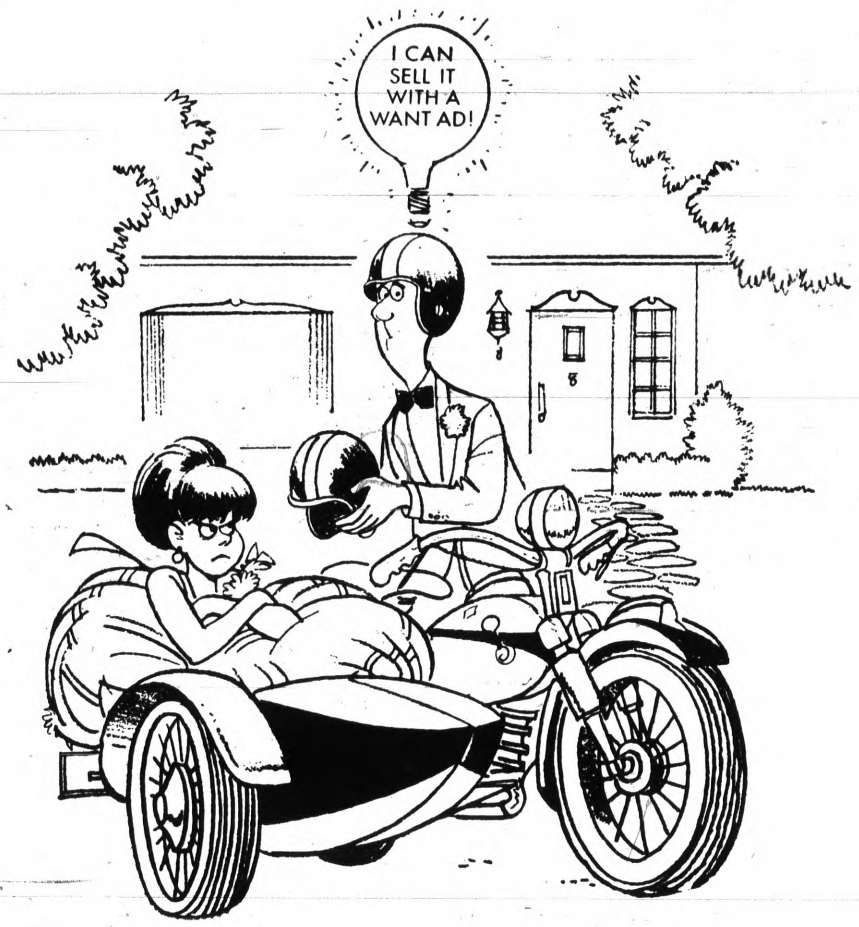

Today none of the networks makes any bones about reruns, and they occupy four or five months of the year.

Only in the cases of the special programs are any attempts made these days to dress up the rebroadcasts. Reruns of specials are called, by all three networks, "encore showings," suggesting that they have been brought back by popular demand.

With reruns in full bloom, the public is getting a last chance to see some shows that will quietly depart from the networks in September. Somehow, after they have been canceled, they sometimes pack a little more charm. Some shows, like "Cowboy in Africa", will disappear without more than a ripple, but others will be missed.

Recommended tonight: "Hawaii-Ho, NBC, 9-10 EDT, special musical with Don Ho, Hawaiian singer.

Poor March Nearer Violence, Says Rep. Ford

WASHINGTON (AP) — Rep. Gerald R. Ford, R-Mich., said Sunday the possibility of violence mounts the longer the poor people marchers remain in Washington.

"I hope," the House GOP leader said, "that they conduct themselves in the image and philosophy of Martin Luther King, which was nonviolence.

★ ★ ★

"Once they've carried out their objective I trust they will not linger in Washington too long because there is danger of violence that would be harmful over-all."

Ford's comments were contained in a discussion with Rep. Barber B. Conable Jr., taped for broadcast in New York State.

BROAD OBJECTIVES

Ford said the Rev. Ralph David Abernathy, the leader of the poor people's campaign, had told him several weeks ago that the marchers would go to Washington to discuss broad objectives, not specific legislation, with members of Congress and federal officials.

★ ★ ★

Ford stated that "broad objectives" can be discussed just so long. He said that once the marchers had petitioned Congress to do something, they should go home and then carry on a nation-wide lobbying activity for a specific goal.

★ ★ ★

He said he did not think that the poor people or any other group could pressure Congress into a particular action.

Junior Editors Quiz on OLD HICKORY

QUESTION: Why was one of our presidents called "Old Hickory?"

ANSWER: The president who is featured in our picture was born in 1767 in a log cabin near the state line between North and South Carolina.

As a boy of 13, he fought in the Revolutionary War and was captured by the British. He was ordered to polish a British officer's boots, but refused, claiming the rights of a prisoner of war. The officer struck him with his sword, giving scars which lasted a lifetime.

Orphaned at 14, the boy became a lawyer and was elected to Congress in 1796, finally becoming a justice of the Supreme Court of Tennessee. In 1801 he was a Major General in the Tennessee militia and rose to national fame in the War of 1812.

One of his soldiers spoke of him as "tough." "Tough as hickory" replied another, and the nickname "Old Hickory" was bestowed on him.

Elected president in 1829, he gave strong leadership and championed the rights of the people. "Let the people rule" was his motto. The name of gallant, brave "Old Hickory" was Andrew Jackson, 7th president of the United States.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed to Junior Editors in care of this newspaper, is selected for a prize.)

Numeral Grades Likely

EAST LANSING (AP) — Michigan State University soon may do away with its present system of A-to-F grades in favor of a numerical system with 10 grades — from 0.0 (failing) to 4.5 (superior A).

★ ★ ★

Such a system, proposed by MSU's educational policies committee, has been passed by both the academic council and academic senate of the university.

It now only needs approval of the board of trustees to become university policy.

Advocates of the numerical grading system say it would allow teachers to make finer distinctions among the achievements of students and to indicate degrees of passing and failing.

Alewife Cleanup Is Set

CHICAGO (AP) — Michigan and three other Great Lakes states have joined the federal government in a $500,000 plan to rid Lake Michigan of dead alewives this summer.

The tiny fish died by the billions last summer, fouling shore waters and causing millions of dollars in tourist business losses in Michigan, Wisconsin, Illinois and Indiana.

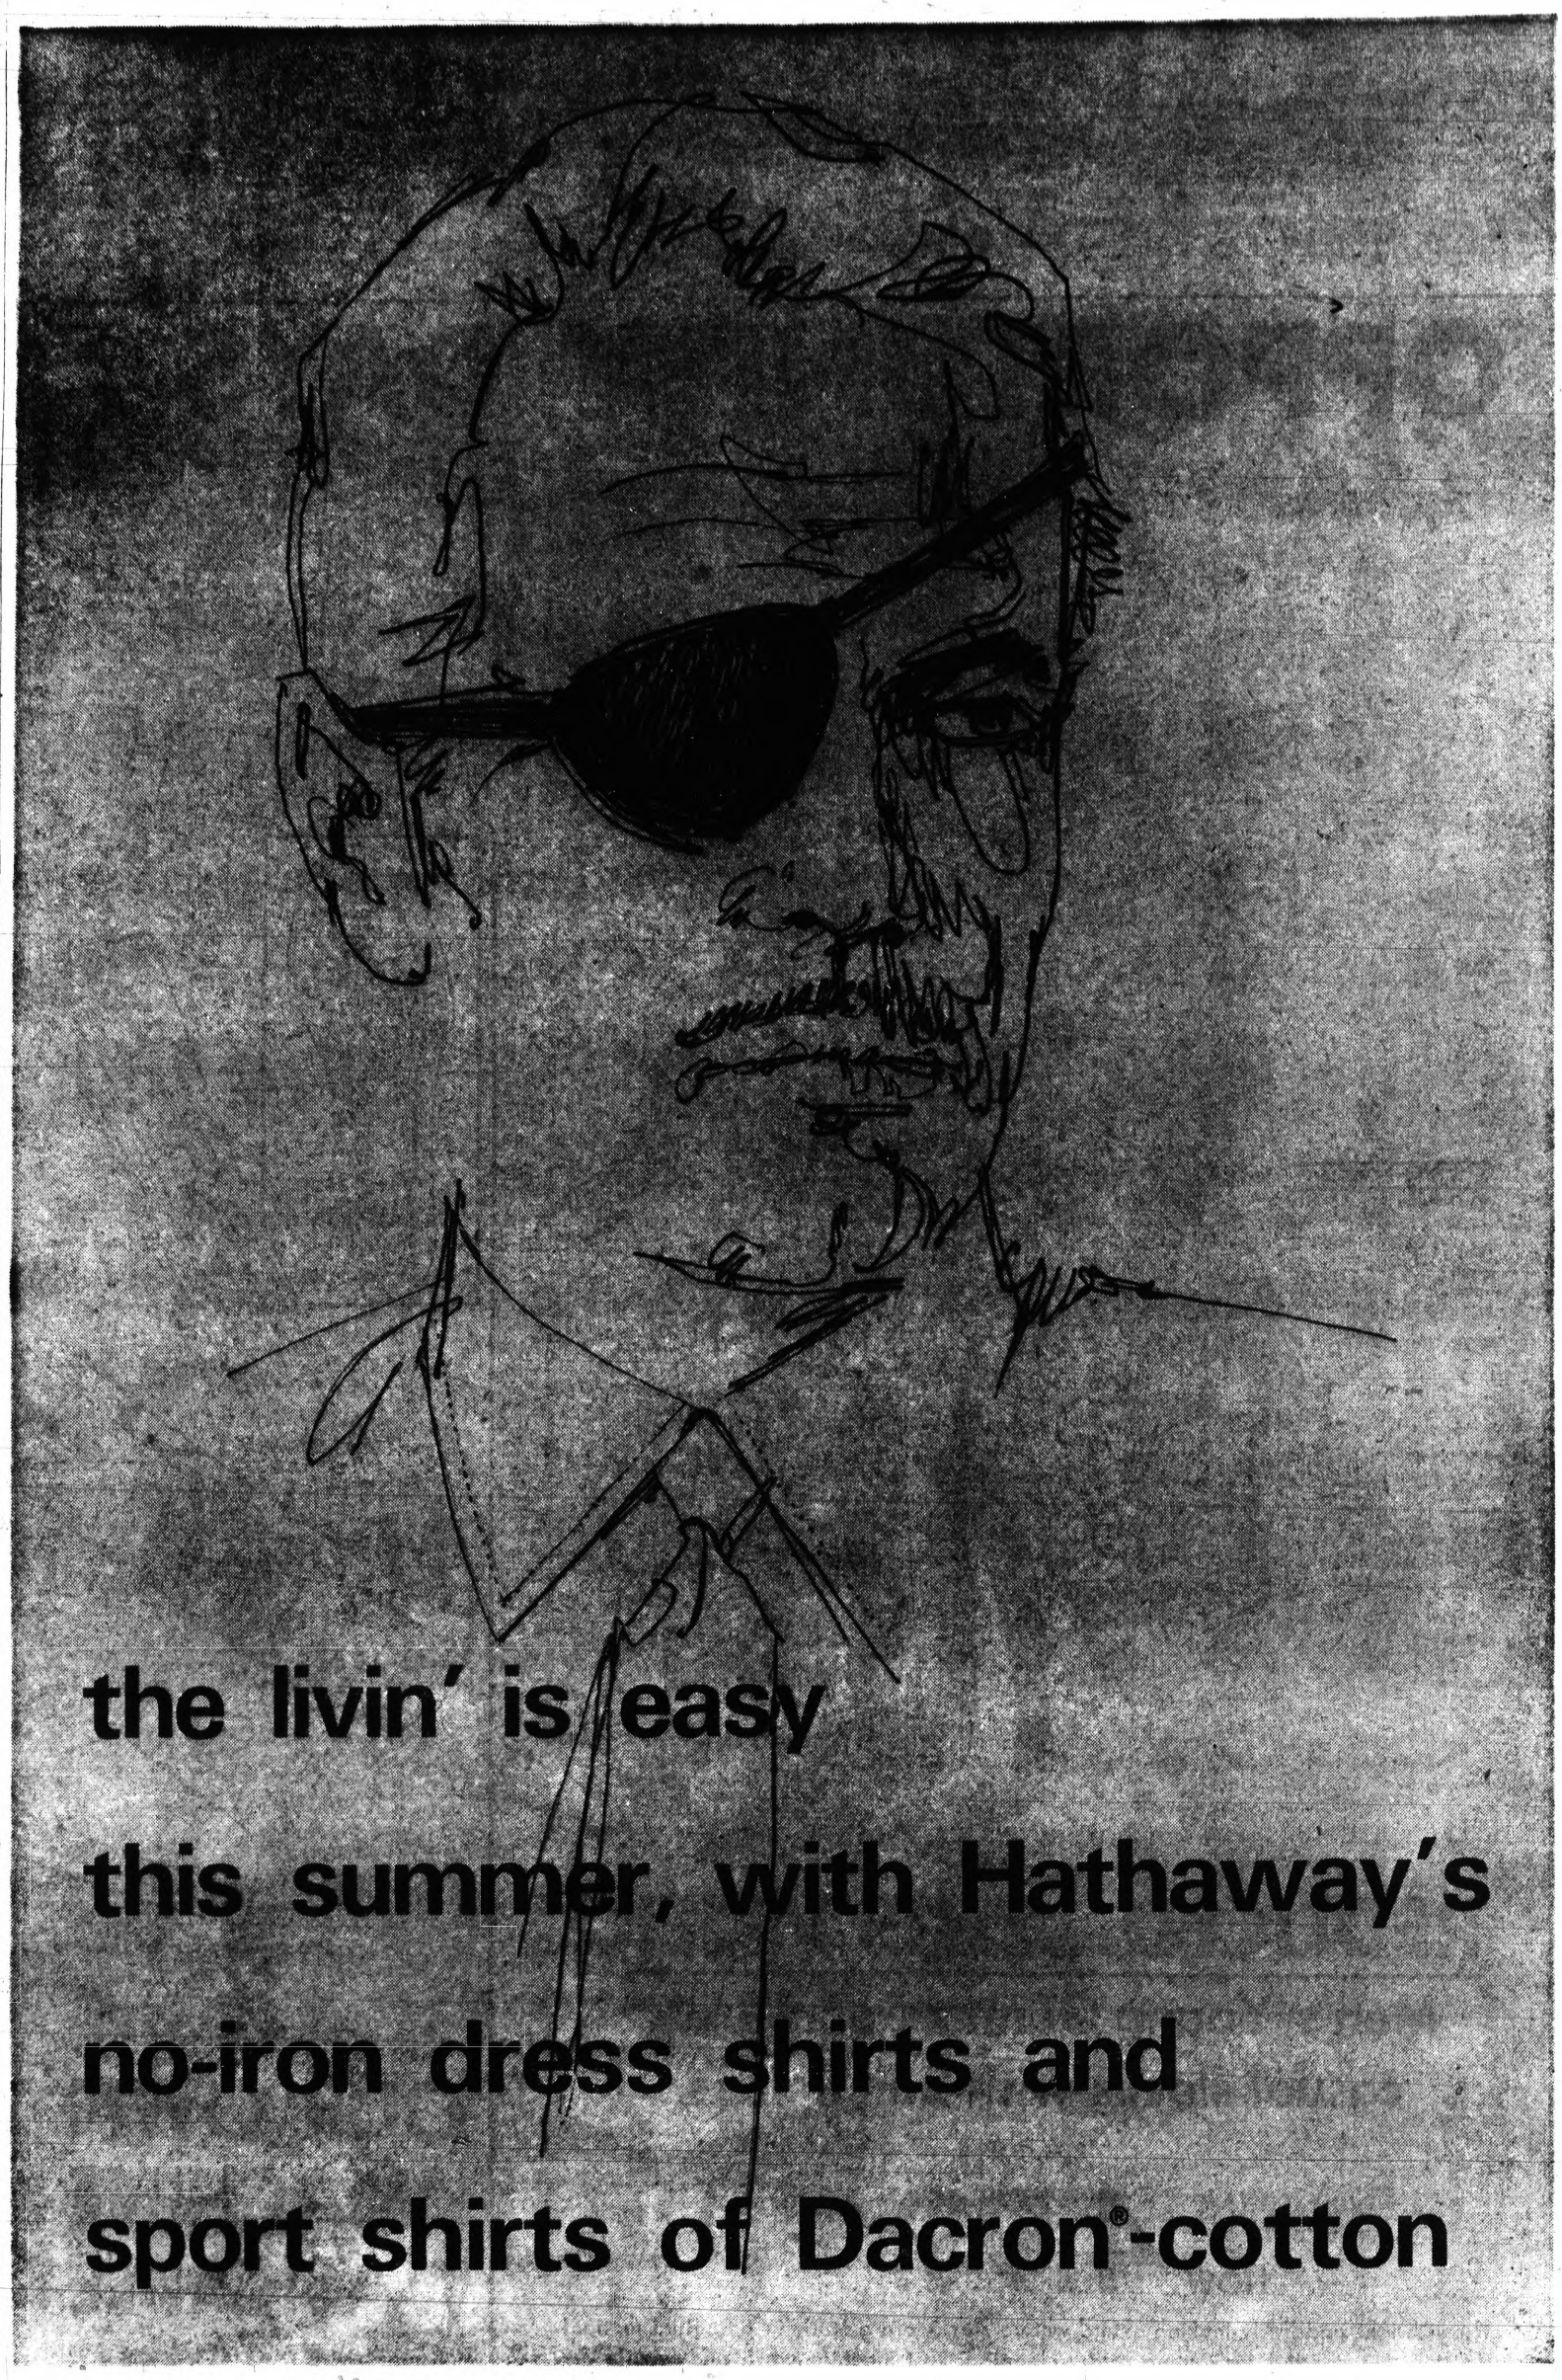

★ ★ ★

The federal government will put up $250,000 with each state contributing $62,500.

Nigeria Peace Talks in Last-Ditch Effort

KAMPALA, Uganda (AP) — Negotiators from Biafra and Uganda sat down today in a final effort to salvage talks aimed at ending Nigeria's 10-month-old civil war.

Sir Louis Mbanefo, head of the Biafran team, and Nigerian delegation leader Chief Anthony Enahoro met with President Milton Obote of Uganda and Commonwealth Secretary Arnold Smith.

★ ★ ★

Mbanefo had threatened to take his delegation back to Biafra because of repeated delays in getting down to the question of a cease-fire.

The Biafrans have complained that the Nigerians delayed the meeting a half hour Sunday, 90 minutes Saturday and one hour Thursday.

DISAPPEARANCE

Enahoro said the delays resulted from the disappearance Thursday of a Nigerian confidential secretary. He said Lagos had at first ordered him to hold off the talks pending a report on the missing man. Later, he said, he received orders to continue without the secretary.

Mbanefo countered that the Nigerians would rather talk about one missing man than about halting a war killing hundreds daily.

★ ★ ★

Mbanefo had said the talks would fail unless the federal government agreed to an immediate cease-fire.

"If they don't, there is no point in our staying on," he said.

★ ★ ★

Nigeria insists there will be no cease-fire until the Biafrans give up their claim to sovereignty.

Nixon's Diet Used to Catsup

PORTLAND, Ore. (AP) — Richard M. Nixon, answering questions on a campaign television broadcast, was asked how he keeps his weight down.

"I eat cottage cheese until it runs out of my ears," he said. "I put catsup on it. If you put catsup on it, it doesn't taste like cottage cheese at all."

Stricken Crewman Airlifted From Ship

CHICAGO (AP)— A stricken Merchant Marine fireman on a coal freighter bound for Muskegon, Mich., had to be airlifted off the vessel and returned to Chicago by helicopter.

★ ★ ★

Clarence Elder, 40, of Inman, S.C., was hospitalized at Chicago with a painful kidney ailment. He was reported in good condition.

★ ★ ★

Morris Wheeler, captain of the J.F. Schoellerkopf, said Elder began complaining of severe pains about three hours after the freighter left Chicago for Muskegon Saturday.

★ ★ ★

Wheeler informed the Coast Guard, which dispatched a Chicago Fire Department helicopter to pick up the seaman.

Snow Is Melted; Rings Are Found

SEATTLE (AP) — Last January, Mrs. Albert James dropped her wedding and engagement rings in the snow when removing a ski glove at Snoqualmie Pass. Forest Ranger Ken White told her he would chart the spot and look for the rings when the snow melted.

Mrs. James had them back Saturday. White's son, Greg, 6, found them.

RFK Takes Most Iowa Votes; Hubert Gets Bulk of Vermont's

By THE ASSOCIATED PRESS

Sen. Robert F. Kennedy has won the bulk of Iowa's Democratic National Convention delegates, and Vice President Hubert H. Humphrey holds the lion's share of Vermont's.

And Humphrey has 63¾ of Pennsylvania's 130 convention votes, an Associated Press survey showed today, to 19 for Sen. Eugene J. McCarthy and 2¼ for Kennedy.

★ ★ ★

A meeting of the Pennsylvania delegates has been scheduled today at which it is possible state organization leaders, who have tried to maintain official neutrality, may throw support to Humphrey.

Newsweek magazine meanwhile said Humphrey appears favored for 1,279½ of the 1,312 delegate votes needed for nomination. Newsweek said Kennedy appears favored for 713½ votes and McCarthy for 280.

VERMONT DELEGATION

Iowa Democrats gave 18 convention votes over the weekend to Kennedy, 5 to Humphrey and 2½ to McCarthy. Humphrey got 10 Vermont delegates, Kennedy 7 and McCarthy 5.

The Iowa and Vermont delegate selection came just before the third crucial primary confrontation between Kennedy and McCarthy, this one in Oregon Tuesday.

★ ★ ★

Kennedy courted what his camp believed may be a large undecided vote in Oregon, and McCarthy said "every sign" now points to a good showing for him.

The two presidential rivals nearly crossed paths at the Portland Zoo Sunday, but Kennedy stepped into a car and drove away as McCarthy approached.

'WITHIN 50 YARDS

McCarthy, who has been pressing for a debate with Kennedy, said: "I got within 50 yards of him today, and that's as close as I'm going to get."

Kennedy has said Humphrey should participate in any debate.

★ ★ ★

Both candidates addressed Jewish groups, and Kennedy said the United States should support Israel "with arms if necessary" against aggression. McCarthy said America has a special responsibility for order in the Middle East.

Republican candidate Richard M. Nixon, predicting he will get 55 per cent of the GOP vote in Oregon, said supporters of California Gov. Ronald Reagan and New York Gov. Nelson A. Rockefeller are working in tandem to try to block his drive for the presidential nomination.

ON BALLOT

Reagan, a California favorite son who says he is not a presidential candidate, is on the Oregon ballot. Rockefeller, an announced candidate, is not.

Nixon climaxed his campaign with a 90-minute, statewide telecast during which he answered questions from callers —including one about his presidential defeat in 1960 and California gubernatorial defeat two years later.

★ ★ ★

"Old politicans seldom die," Nixon said. "They never fade away. Yes, I have suffered defeats. I think I'm a stronger man and I would hope a better qualified man by having gone through the fire of defeats."

Nixon was considered sure to win Oregon's 18 GOP convention votes in the primary, and the Democratic winner will get 35 convention votes.

TELEPHONE CAMPAIGN

Leaders of organized labor, in an effort to help Humphrey, have waged a telephone campaign for votes for President Johnson, who announced he was not a candidate after his name already was on the ballot.

In other political developments:

—The only other primary Tuesday is in Kentucky where there is no presidential preference contests. Twelve Democrats and four Republicans are competing for respective party nominations for the seat being vacated by retiring Sen. Thruston B. Morton, R-Ky.

★ ★ ★

—Barry Goldwater, 1964 GOP presidential nominee, formally opened his campaign in Arizona to return to the U.S. Senate. He said the "chaos which merely threatened" when he was first elected in 1952 "engulfs us now."

—National Democratic Chairman John M. Bailey spiked rumors that the party's national convention may be moved from Chicago and said, "At this time we expect that none of the major groups that originally planned demonstrations will go through with them."

MAJOR PROBLEMS

—The Vietnam war and race relations were listed the major problems facing the country in a Gallup Poll survey of 1,534 adults. The survey showed 30 per cent believing a Republican president could best handle the major problems, 28 per cent believing a Democrat could and 42 per cent saying there was no difference or expressing no opinion.

—Supporters of Kennedy and McCarthy joined forces at the Denver, Colo., Democratic convention to dump a slate of Humphrey delegate candidates. Three delegtes pledged to Kennedy and three pledged to McCarthy were selected.

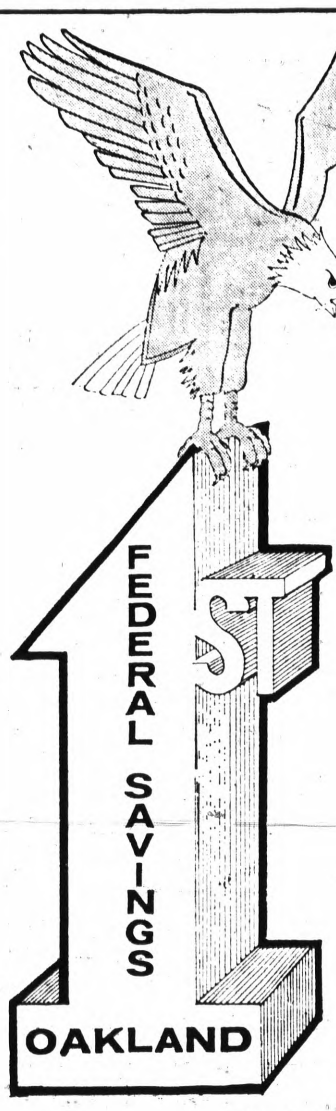

★ ★ ★

—Humphrey backers in South Dakota are campaigning on the theme a vote for President Johnson in the state's June 4 primary is a vote for Humphrey. They say all but one of the delegates on the ballot pledged to Johnson have said they would support Humphrey.

Guam is the largest and most populous of the Mariana Islands.

New Vote Date

LANSING (AP) — The State Agriculture Department has announced a date change for a vote by Michigan producers of Grade A milk on a proposed dairymen's milk-marketing program. Ballots must be returned with postmark not later than June 12, five days later than was previously announced.

Aker 'Knocked Off' Mound

Beanball Feud Erupts as Detroit Loses

OAKLAND (AP) — The sweetness of an Oakland A's victory over first-place Detroit was lost in the bitterness of a beanball feud Sunday.

The game, won by the A's 7-6 in the 10th, was halted for almost 15 minutes—with the score tied 6-6 in the sixth—after A's reliever Jack Aker hit Tiger outfielder Jim Northrup in the back of the batting helmet with a pitch.

CHARGES MOUND

Northrup went down in a heap but quickly charged the mound and started punching.

Separate fights began and Eddie Mathews of Detroit landed the best punch, hitting Aker below the right eye.

Aker, scratched and bruised, with the right side of his uniform in shreds, left the game because of injuries.

Umpires Ed Runge and Cal Drummond, explaining the incident later, said they booted Northrup, "because he started it all," and A's pitchers Lew Krausse "because he used some badly chosen words" and John Odom "because he kicked Dick McAuliffe (of the Tigers) in the ribs."

PINCH HIT SINGLE

Pinch hitter Rene Lachemann's single won the game in the 10th, scoring Jim Hunter, a pinch runner for Jim Pagliaroni, who doubled.

The A's had staked Chuck Dobson to a 6-0 lead. The Tigers fought back in the fifth with two runs.

Don Wert led off the Tigers' sixth with a double and Ray Oyler singled him in and took second when Ted Kubiak dropped the cutoff throw.

Aker replaced Dobson and Jim Price greeted him with a single, Oyler barely beating the throw to the plate.

★ ★ ★

After A's Manager Bob Kennedy protested the call and was ejected, Mickey Stanley tripled Price home and scored the tying run on Dick Traceaski's sacrifice fly.

Lachemann sat alone and forgotten after the game as talk centered on the fight.

"You're the hero and no one's paying any attention to you," remarked Pagliaroni.

"I was trying to brush him back but the pitch didn't sail," Aker said about the pitch that hit Northrup. "It sank and Northrup ducked right into it."

JOINS TEAM

Northrup was released from the hospital in time to join the Tigers for a trip to Anaheim, Calif.

Manager Mayo Smith kept the Tigers' dressing room locked for 30 minutes after the game.

When told that Aker had called Northrup and apologized, Smith shot back: "Then ask Aker what happened. He seems to have all the answers."

★ ★ ★

"Those things happen in baseball," said Kennedy, who missed most of the fight.

During the brawl some of the 14,587 fans tossed debris and one of the Tiger players retaliated by firing a ball into the stands.

It hit Mary Alamieda, 52, San Leandro, Calif., above the right eye, and caused a three-inch gash. She said she didn't know who threw the ball.

The fight possibly carried over from last season when a brushback pitch by Odom to McAuliffe set off another brawl.

Tiger Slate Changed

DETROIT (AP) — A game between the Detroit Tigers and the Red Sox at Boston June 3 will be televised on NBC at 7 p.m. as the first night game of a special series on the network.

The following night, the two clubs will make up an unplayed game in a twi-night doubleheader beginning at 5:30 p.m.

Injury-Plagued Kaline Lost to Bengals Again

Bengal All-Star Hit by Pitch Saturday Night

OAKLAND, Calif. (UPI) — Al Kaline, injury-plagued All-Star rightfielder for the Detroit Tigers, suffered a hairline fracture of the right arm Saturday night when struck by a Lew Krause pitch in the Tigers game with the Oakland Athletics, and will be lost to the club for two to three weeks, doctors said Sunday.

★ ★ ★

Kaline, who broke his little finger last June when he slammed his bat into the rack in disgust after striking out against the Cleveland Indians during the heat of the pennant race, was plunked by a Krause pitch during the sixth inning of the game Saturday, which Detroit won 2-1.

LATER EXAMINATION

At first it was through to be merely a bruise and Kaline was removed from the game. But later examination revealed the forearm to be broken.

★ ★ ★

Kaline hasn't played a full season since 1961. His roster of injuries reads:

★ ★ ★

A broken cheek bone in 1959; broken collar bone in 1962; rib injury in 1965; a chronic foot injury which hampered him during the 1964 season and resulted in an operation in October of the following year, and the broken finger last season.

Central's Johnson Wins Both Hurdles

Pontiac Press Photos

BOB JOHNSON
Double Winner for PCH

Bob Johnson picked up where Bill Tipton left off, but Pontiac Central's track team couldn't pick up enough points Saturday to keep the State Class A crown from returning to Battle Creek Central.

Johnson won the high and low hurdles in the meet at Ann Arbor to continue a three-year PCH domination of the events started by the graduated Tipton three years ago.

Battle Creek Central retained the team trophy with 37½ points. Flint Central was second with 33. Then came PCH with 29 and Flint Northern with 28.

Johnson edged John Morrison of Detroit Redford Union and Dearborn's Douglas Gerdes in the 120 high hurdles. The PCH star and Morrison were both clocked in 14.6 against the 14 mile an hour headwind.

The top four finishers were clocked in 20.2 in the 180 lows with Johnson getting the judges nod.

Larry Biskner of Waterford tied the state pole vault mark in becoming the only other Oakland County winner in Class A. Biskner cleared 14-6½ to equal the standard established last yearby Grand Haven's Dave Leitner.

★ ★ ★

Mike Imirie of Bloomfield Hills Andover pushed Detroit Kettering's Roger Cleaver to a record in the 880. Cleaver crossed the finish line in 1:53 with Imirie second in 1:53.9 The old mark was 1:53.1.

Twins Gary and Larry Williams of Farmington both placed second. Larry was runner-up to record breaker Richard Gross of Grosse Pointe in the two-mile. Gross was clocked in 9:10.3.

Gary was a second behind mile winner Gary Harris of Kalamazoo Loy Norrix who was timed in 4:19. Jon Costello of Pontiac Central was third with a school record 4:21.5.

Gene Pankner of Kettering was third in the shot.

Andy Jugan of Orchard Lake St. Mary sped away with the State Class C mile crown in 4:30.5. He was better than seven seconds ahead of his nearest rival.

National League to Meet Today

CHICAGO (AP) — Eenie Meenie, Minie, Mo. which way with the National League go?

National League baseball owners meet today to decide which two of five cities, if any, they will take in for the 1969 season.

★ ★ ★

The owners voted on expanding to 12 teams earlier this year if they could unanimously agree on the two new members. The if wasn't considered much at the time but recently has gained momentum.

CITIES BIDING

The cities in the hamper are San Diego, Dallas-Fort Worth, Buffalo, Milwaukee and Montreal.

Bob Carpenter, owner of the Philadelphia Phillies, is said to oppose expansion of any kind at the time. That alone could kill the move to match the rival American League.

★ ★ ★

The American League has expanded to 12 teams, with Kansas City and Seattle joining the circuit next season, and is currently considering a divisional split with a playoff to determine the championship.

★ ★ ★

Moreover, the American League will hold a meeting Tuesday, at which time it is expected the league will announce its divisional alignment.

★ ★ ★

However, before the American League meeting Tuesday, the two leagues will get together for what has been called "an informal, joint discussion."

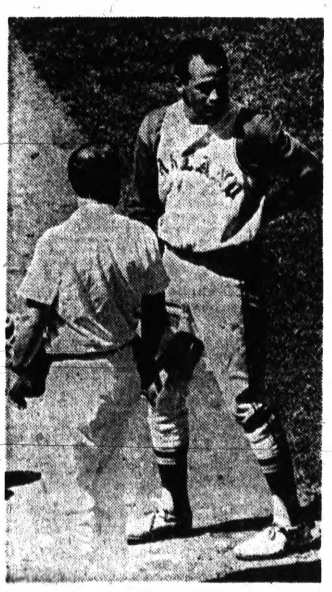

★ ★ ★

If the Nationals fail to keep step in expansion, the American League, with 12 teams, would drain off more talent in the annual minor league and free agent players drafts.

BRAWL ERUPTS — Catcher Jim Pagliaroni and another Oakland player pull the Tigers' Jim Northrup (5) away from Jack Aker who is held down in the background by Detroit's Eddie Mathews (7) and Gates Brown (26). Norm Cash (25) grabs manager Mayo Smith's shirt. Other Tigers are Ray Oyler (1), Jim Price (12) John Hiller (18), Mickey Lolich (29) and Tony Cuccinello (50).

CASUALTY — Jack Aker leaves the scene of the battle suffering from a bruised face and torn uniform. Oakland's trainer is Billy Jones. Oakland won the game, 7-6, in 10 innings.

U.S. Netters Romp

By The Associated Press

Clark Graebner and Art Ashe completed a United States 5-0 sweep over Mexico in the American Zone Davis Cup semifinal and stood by today waiting to see if Chile or Ecuador will be their next opponent.

Francisco Guzman and Miquel Olvera gave Ecuador a 2-1 lead against Chile with a 3-6, 7-9, 6-3-11-9, 6-1 doubles victory over Patricio Rodriguez and Patricio Cornejo of Chile Sunday.

MATCHES TODAY

Jaime Pinto of Chile meets Guzman and Cornejo opposes Olvera in the final two singles matches today to decide the best-of-5 series in Guayaquil.

★ ★ ★

An Ecuador victory would mean a rematch of last year's final in which Guzman and Olvera stunned the United States in a tremendous upset before losing later en route to the Challenge Round against defending champion Australia.

★ ★ ★

Graebner, of New York, Crushed Rafael Osuna 10-8, 6-3, 6-2, and Ashe, of Richmond, Va., tumbled Joaquin Loyo-Mayo 6-4, 9-7, 6-2 Sunday in their matches at Berkeley, Calif.

MOVE TO FINALS

The U. S. team now moves on to Charlotte, N. C., for the finals June 7-9.

Spain, Russia, Czechoslovakia, Romania and South Africa also advanced Sunday with victories in the second round of European Zone play.

The Czechs had the toughest time, needing Milan Holecek's final singles victory over Eric Drossart 6-3, 6-1, 3-6, 5-7, 6-2 to beat Belgium 3-2 at Brussels.

Green Leads From Start to Win Medal Crown

4-Stroke Win for Pete in Sloshy Finish

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Pete Green shot a .500 percent in birdies and bogeys and it was good enough to win the Michigan Medal Play Golf Championship by four strokes at Orchard Lake Country Club.

Green playing his home course led the tournament from start to finish in posting a 288 total and he had 14 birdies and 14 bogies to show for his efforts which was climaxed with a sloshing 76 in yesterday's rain-drenched finale.

★ ★ ★

Hunter McDonald, Oakland Hills member who leaves today to compete in the British Open this week, led the second round with 67 and yesterday's 18 with a 73, but he was four strokes behind Green in the finish with a 292 total.

THIRD PLACE TIE

Overpowering Bud Stevens of Western Golf Club and young Jim St. Germain of Meadowbrook had almost identical rounds in finishing with 297 each for a third place deadlock.

★ ★ ★

McDonald matched Green in birdies and bogies with 14 of each variety for the 72 holes, however he had two double bogeys, something Green was fortunate to stay away from.

Defending champion Bill Albright of Detroit Golf Club finished in a three way tie for 11th place with a 309.

It was a star studded field of amateurs which started with 36 holes on Friday and was cut to 25 for the final two rounds.

CHICAGO (AP) — The Minnesota Gophers, doing it the hard way, will carry the Big Ten colors in the NCAA baseball championship this year.

Michigan State had lost its first two games of the campaign and then the Spartans put together a string of 13 victories to gain the league lead.

Baker Takes Rain-Halted '600' Crown

CHARLOTTE, N.C. (AP) — When the rain came, Buddy Baker was right where he promised he would be—in front.

"We had made up our minds, the crew and I, that we'd win this one at 600 miles or 300," said the 6-foot-4, 225-pound Baker after winning the rain-shortened World 600 stock car race Sunday.

"It was only after the second rainshower that we switched our plan and began to point for the time when the race would be called. There, near the last, we knew it couldn't go the distance."

★ ★ ★

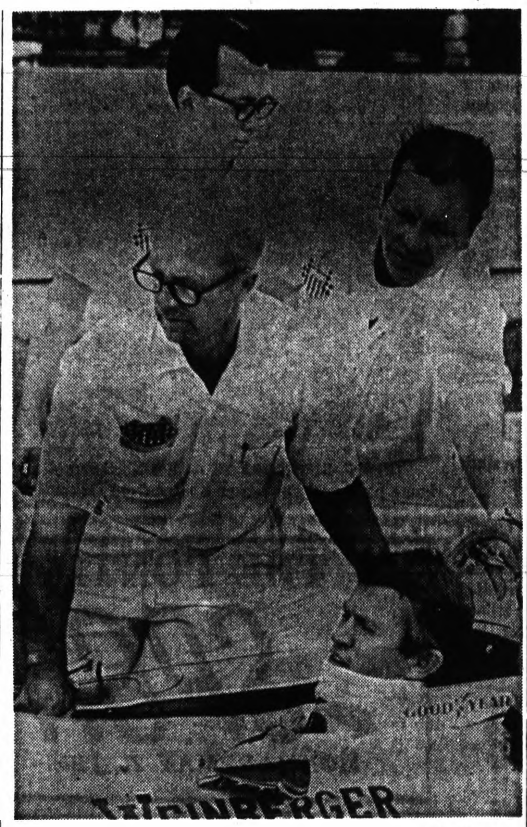

The 27-year-old Baker, who drives for master mechanic Ray Fox of Charlotte, said he had promised his wife, Coleen, when they arrived at the track, that he would be the leader after 300 miles.

The World 600, even if stopped by rain, is official after 301 miles. This running went 382.5 miles.

Baker's top challenger during the late going was Donnie Allison, 28, the 1967 NASCAR rookie of the year, who this year landed a factory Ford ride. Sunday's second place was Allison's best superspeedway finish.

'500' Hopefuls in Final Round

By DALE BURGESS

INDIANAPOLIS, Ind. (AP) — Qualifications for the 52nd 500 mile auto race Thursday went into an extra session today at the Indianapolis Motor Speedway for the first time since 1952.

Rain, all but one day of the last three weeks, left the time trials scheule in a shambles.

Nine cars qualified Saturday in high winds, headed by Mel Kenyon, Lebanon, Ind., at a modest 165.191 miles per hour. Eight spots remain open in the 33-car line-up.

The track was too wet for speed until well after the 6 p.m. EST scheduled close of time trials Sunday.

COMPLETE LINEUP

Rules permitted the Speedway to complete the line-up any way it saw fit, and it decided to let every healthy unqualified car — about 25 — make one more run. The 25 already qualified cars were ruled safe from "bumping" by any subsequent superior speeds.

★ ★ ★

Two provisional qualifications were made at dusk Sunday by veteran Bill Cheesbourg, Tucson, Ariz., a slow 157.274 in an Eagle-Ford, and rookie Bill Puterbaugh, Roxanna, Ill., 157.301 in a Gerhardt-Ford.

Bobby Johns, Miami, Fla., went out in the semi-darkness and spun off the track without injury.

The consensus in gasoline alley was that it didn't make much difference who filled the last eight spots in the line-up.

The three Lotus turbines, driven by Joe Leonard, Graham Hill and Art Pollard, are considered the class of the field if they hold up for 500 miles.

The following cars made 10-mile qualifying runs Sunday in final trials for the 42nd 500-mile race Thursday at the Indianapolis Motor Speedway:

1. Bill Cheesebourgh, Tucson, Ariz., Eagle-Ford, 157.274 m.p.h.
2. Bobby Johns, Miami, Fla., Vollstedt Ford, spun out on northeast corner, uninjured.
3. Bill Puterbaugh, Roxana, Ill., Gerhardt-Ford, 157.301.

St. Paul Driver Killed in Crash on Indiana Track

ANDERSON, Ind. (AP) — Kark Busson, Toledo, Ohio, won the rain-interrupted Little 500 auto race Sunday.

Harry Kern of St. Paul, Minn., died late Saturday night of injuries received in a pileup which occurred minutes before the race was halted by rain.

When the event was completed Sunday night, Busson held a three-lap advantage over Jerry Richert of Forest Lake, Minn., who finished second.

Kern's car spun and was stopped in the center of the track when a car piloted by Charles Lynch, Springfield, Ill., hit it broadside, flipped and came down in flames.

Lynch was treated at a hospital and released.

Ray Wright of Elkhart finished third; Daryl Harrison, Tiffin, Ohio, fourth, and Jim Mougham, Springfield, Ill., fifth.

2 Clarkston Netters in State Prep Finals

Clarkston picked off third place in the prep tennis regional in Flint Saturday and two of the Wolves netters qualified for the state finals.

Making the grade for the state meet were Tom Bullard and Kim Beattie, who lost in the regional finals to Lapeer's Rick Kundracik and Rich Bothell, 6-4, 6-3.

Flint Central won the regional crown with 16 points, followed by Lapeer (14½) and Clarkston (13½). Waterford Township was seventh, Pontiac Northern eighth and Pontiac Central ninth.

Berkley and Royal Oak Kimball piled up nine points each in sharing the regional title at Kimball.

Kimball's Neil Austin and Dennis Vura took the doubles crown by downing Lew Foreman and Bruce Borden of Birmingham Groves, 6-1, 6-2. In the singles, Tim Marks of Berkley won the title by stopping Bob Epstein of Groves, 6-3, 6-1.

Regional finalists go to the state meet at Kalamazoo June 7.

PCH-Captains Split Series

Pontiac Central managed only three hits in two games but one of the safeties led to the winning run as the Chiefs split a twinbill with Kettering Saturday.

Central won the opener, 4-3, despite the one-hit pitching by Mike Harkey, and Kettering rebounded to take the nightcap, 2-1, behind the two-hit hurling of Dennis Wooster.

★ ★ ★

An opposite field triple in the sixth by catcher Larry Tremper was the lone hit for PCH (13-5) in the opening game, and Tremper came home moments after the triple on a wild pitch for the deciding run.

Bob Earl singled home Mark Tarwas with the tying run for Kettering (9-10) in the sixth inning of the second game and the winning marker came across on a throwing error in the bottom of the seventh.

L'Anse and Pickford swept to team vietories in Class C and D, respectively, in the tournament held at Northern Michigan University.

★ ★ ★

Menominee compiled 40 points compared to runnerup Ishpeming's 31. The Class A-B winner had firsts in the shot put, two-mile run and mile run.

Pickford won three of its events.

Mrs. Stefanich May Stay Away From Keg Tourneys

GARDEN CITY, N.Y. (AP) — Olive Stefanich may never see her husband, Jim, bowl again.

She wasn't on hand to see Jim wrap up the 27th National All Star Championshpip Saturday night. She was home in Joliet, Ill.

"She couldn't get away," Stefanich explained. "But it's probably just as well. When she comes to a tournament, I usually lose and when she stays home, I've won quite a few."

STARTED SLOWLY

Stefanich, who started slowly the seven-day, 78-game grind, erased major tournament record when he bowled 40 consecutive games of 200 or more. It broke his own previous mark of 38 in the 1967 Professional Bowlers Association's Tournament of Champions in Akron, Ohio.

Mike Samardzija Jr. of Pontiac was eighth with a score of 970.

Stefanich was more impressed with the 200-game record than with the $15,000 he earned for his victory.

"I've won my share of money ($49,450 this year). It's nothing new. I guess that's why the record stands out more to me."

Stefanich, 26, won 15 of his 16 games during Saturday's last four rounds of the 12-round finals. His victory margin over Billy Hardwick of Louisville, Ky., was 297 points after trailing Hardwick by 87 points following Friday's action.

Dotty Fothergill, 23-year-old miss from Attleboro, Mass., had a much easier as she collected the $5,000 winner's share in the women's division.

Lesson Helps Lady Golfer

DALLAS, Tex. (AP) — Kathy Whitworth, who birdied the last hole to win the Dallas Civitan Open Sunday, has a secret to her success—she's not too proud to take a lesson.

"I've been having trouble with my grip," said Miss Whitworth, whose first place money of $2,775 boosted her winnings to $11,845 for the year. 'I saw Harvey Penick (a golf professional in Austin, Tex.) and he changed my grip. He put my left hand more on top."

Miss Whitworth, 29, used the new grip to fire a final round two under par 69 for a four under par 209 total that nipped hard-charging Carol Mann by one shot.

RECORD HEAVE — Jay Silvester of Utah is in the midst of turning loose the discus which he sailed to a world record 218 feet-4 inches over the weekend in the California Relays.

Two Marks Lowered in California Relays

MODESTO, Calif. (AP) — The 27th annual California Relays started with a world record in the discus — by Jay Silvester — and concluded with an American record in the 5,000-meter run — by Gerry Lindgren.

Both had their bits of drama in the world of track and field Saturday night.

★ ★ ★

Before the track scene shifts this week to an invitational "champions" meet at San Diego Saturday night, Modesto's bid for international attention merits a second look.

WORLD DISCUS TITLE

Utah's Silvester brought the world discus championship back to the United States with his mark of 218 feer, 4 inches. It also brought the record back to Silvester, who held the mark in 1961 at 199-2.

★ ★ ★

Silvester, 30, a Utah State graduate in 1959, is an insuranceman in Logan. He was fourth in 1964 Olympic games in Japan. He says this may be his last year.

Jay is 6-2½. He weights 245, 19 more than a year ago.

Comes the contrast.

Lingren, a senior at Washington State, stands about 5-7, maybe less, would weigh-in as a featherweight and has the nagging tenacity of a terrier.

What he did was hound the world's greatest distance runner, Ron Clarke of Australia, into defeat.

★ ★ ★

Little Gerry regained the pace on the final leg, hit 13:33.8 to Clarke's 13:35.8 and erased the American record of 13:38.0 flat he shares with Bob Schul.

SHATTERS MARK

Silvester shattered the world mark of 213-11½ held by Ludvik Danek of Czechoslovakia.

The Houston Striders upset the Santa Clara Youth Village in the 440-yard relay in times of 39.8 and 39.9. But the race lost it appeal when the University of Southern California team, world record holders at 38.6, had to pull out. Its anchor man, Lennox Miller, sustained a left leg muscle injury in the previous 100 meters.

★ ★ ★

Houston's Jim Hines held off SCYV's Tommie Smith on the final leg to preserve the victory. Southern Cal's Earl McCullouch won the 120 year high hurdles in a wind-aided 13.3 over Tennessee's Richmond Flowers. Willie Davenport was third, timed with Glowers at 13.4.

Broncos Take State College Track Crown

YPSILANTI (AP) — Record-breaking performances by two Western Michigan athletes helped the Broncos dominate the Michigan Collegiate Outdoor Track and Field Championship at Eastern Michigan University.

★ ★ ★

No team point totals were kept in the tournament Saturday. There were participants from 11 colleges and universities.

WMU's Tom Randolph ran the 220-yard dash in 20.6 seconds, breaking the old record of 20.9 that had been set in 1960 and 1929 at the collegiate championships.

★ ★ ★

His teammate, John Piatek, heaved the javelin 228 feet, one inch to better the record he set at the meet last year when he had a 211-7 heave.

★ ★ ★

The Broncos captured first place in 12 of the meet's 19 events.

ST. PAUL-MINNEAPOLIS (AP) — Billy Martin, coach of the Minnesota Twins, accepted Sunday the managership of the Triple-A Denver Bears in the Pacific Coast League.

Northville '9' Tops Redford in Tournament

A five-run, uprising in the third inning Saturday carried Northville to a 6-1 victory over Redford Union and into the second round of the Livonia baseball tournament.

Fred Holdworth limited Redford to two hits and fanned six. He also started the big inning with a single. He later scored and then walked in his second trip to force in the final run.

★ ★ ★

Stan Nirder singled home one run and Jeff Taylor plated two with a single. Another scored on a walk with the bases loaded.

Northville faces Livonia Franklin Thursday at 1 p.m. at Ford Field. Fourteen teams started the single elimination tournament.

Dallas Kickers Still Looking

By THE ASSOCIATED PRESS

New York and Oakland are back on top of their divisions and hapless Dallas still is looking for its first victory in the North American Soccer League.

New York edged Boston 1-0 at Boston Sunday and vaulted over idle Atlanta in the Atlanta Division. Oakland and Dallas, meanwhile, tied 1-1 at Dallas, putting Oakland two points ahead of idle San Diego in the Pacific Division.

★ ★ ★

Toronto edged Kansas City 1-0 at Toronto and St. Louis beat Los Angeles 3-2 at Los Angeles in the only other games played Sunday.

Baltimore defeated Cleveland 2-1 and Washington and Vancouver tied 3-3 in Saturday's games.

Angels Fall to Indians, Await Invasion by Tigers

ANAHEIM (AP)—For reasons that escape manager Bill Rigney, the California Angels always seem to play best against American League pennant contenders.

The fact consoled Rigney as the Angels prepared to open a four game series here tonight against first-place Detroit.

"All we need to do is to get hot for four nights and we can be right up there with the leaders," Rigney said Sunday after Cleveland beat the Angels, 5-2, behind the four-hit, 12-strikeout pitching of right-hander Luis Tiant.

★ ★ ★

The loss kept the Angels from reaching the .500 mark, a goal they've pursued for weeks. However, they've played at a 15-12 clip against the first division teams, while winning only five of 15 meetings against second-division foes.

Elsewhere, the Orioles outscored Washington 8-7 for their fifth straight victory, Minnesota nipped Boston 5-4, and the New York Yankees took a doubleheader from the Chicago White Sox 5-1 and 7-6.

The Orioles capitalized on the wildness of Washington pitchers Frank Bertaina and Bob Humphreys to score four runs without a hit in the first two innings.

Dave Johnson singled in the fifth for the first Baltimore hit and Andy Etchebarren cracked a two-run homer, giving the Orioles a 6-2 lead. The Senators mounted a late inning comeback that included Frank Howard's 19th homer but fell one run short.

Ninth inning homers by Harmon Killebrew and Ted Uhlaender powered the Twins past Boston after Ken Harrelson's three-run blast helped the Red Sox to a 4-0 first inning lead.

Brothers Help Crane Victory

Cranbrook Winner in League Game

The Heavenrich brothers helped Cranbrook even its baseball record at 10-10 Saturday.

Sandy, a junior, walked in the fourth, stole second and raced home on a two-out single by brother Ned to give the Cranes a 1-0 victory over University School.

It was the fifth straight shutout in which the Cranes were involved. They won two of were involved. They won two of them. The win left Cranbrook tied for second (2-2) in the league baseball standings. Nichols won the title with a 3-1 record.

★ ★ ★

The Cranes finished second in the Inter-State tract championships with 68½ points with four members of the team picking up individual trophies. Western Reserve won the meet with 88½ markers.

Leading the Crane champions were Charlie Craig (4:27-mile), Mike Koerner (9:45-two-mile); Forest Sneed (5-10-high jump) and John Wallace (53-7½-shot put).

In tennis, the Cranes blanked University School, 5-0.

15-Year-Old Gets Ace

Chris Jenkison, 15, of Union Lake aced the No, 7 hole, a 135 yarder, at Morey's Golf Club Saturday. He used an 8-iron and posted a 40 for the nine.

Max Alvis drove in three runs with a homer and single and Larry Brown lashed a two-run triple as the Indians topped California behind Luis Tiant's four-hitter.

★ ★ ★

Mel Stottlemyre scattered four hits in the first game and Joe Pepitone hammered a pair of homers in the second as the Yankees completed a sweep of their four-game set with the White Sox.

Tom Tresh and Bobby Cox homered for the Yanks in the first game and they struck for six runs in the first inning of the nightcap, then weathered a three-run homer by Tom McCraw and a three-run Chicago rally in the ninth.

New, Old Aid Young Pro in Memphis Open Victory

MEMPHIS, Tenn. (UPI) — Californian Bob Lunn credits a new driver and an old putter for the four rounds of sub-par golf that gave him the $20,000 top prize Sunday in the 11th annual Memphis Open.

Lunn, 23, a Sacramento, Calif., native who bills him self as the "tomato juice kind," toured Colonial Country Club with a three-under-par 67, which when matched with a first round 65 and two 68's, gave him a 72-hole total of 268, 12-under par.

The purse boosted his winnings for the year to more than $34,000, enough to make him 25th on the PGA listing of the top 60 money winners.

Lunn won the 1963 National Public Links title.

Another public limks titlist, Monty Kaser, 26, nailed down the $12,000 second place money with a birdie on the par 5, 18th to outstrip Lou Graham, Saturday's leader, who faltered on No. 15 with a bogey and on No. 16 with a double-bogey.

Graham and B. R. Mac McLendon, another early leader in the tournament, tied for third place and carried home $6,250 each.

MONTE CARLO (AP) — Graham Hill of Britain has lengthened his lead in the 1968 world driving championships with his fourth, and perhaps easiest, victory in the Monaco Grand Prix.

Driving a Lotus, Hill grabbed the lead in the third of 80 laps and no one caught him as he beat countryman Richard Attwood in a B.R.M. by 2.2 seconds Sunday.

Toledo Splits Doubleheader in IL Action

By The Associated Press

Rochester split a doubleheader with Toledo Sunday to keep a tight grip on the International League lead.

Rochester lost the first game 5-1, but came back to take the nightcap 4-2.

All the scoring in the first game took place in two half-innings.

★ ★ ★

Rochester's lone run came off a solo homer by Merv Rettenmund—the first Red Wing to step to the plate.

Toledo scored five runs in the third. With two out, Toledo stretched a six-hit skein, with the big blow coming when Lennie Green got his first homer of the year.

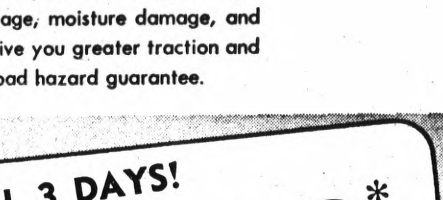

★ ★ ★

In the second game, Tom Arruda, who has four of the Red Wings' five complete games, gave up only six hits to pick up his fourth win in five decisions.

NL Opponents Drawing Blanks Against Dodgers' Drysdale

By The Associated Press

The strong pitching arms that have dominated major league baseball this spring are zooming in on poor, old Doc White again.

This time it's Don Drysdale of the Los Angeles Dodgers, who polished off Houston 5-0 for his fourth consecutive shutout Sunday.

That tied Drysdale with five others for the modern National League record of four straight blank jobs. The major league record of five was set by one G. Harris White, who pitched for the Chicago White Sox in 1904 which, until now, was always known as baseball's deadball era.

Doc White's mark stood off a confrontation by Luis Tiant of Cleveland, who pitched four straight shutouts earlier this season and now Drysdale is perched on the doorstep.

OTHER GAMES

In other National League action Sunday, Chicago dropped battered St. Louis 9-3, Atlanta nipped New York 2-1 in a game called after six innings by rain and Pittsburgh tied Cincinnati 8-8 in a game ended by rain after seven innings.

Drysdale, who won his previous three starts 1-0, 1-0, and 2-0, had a breather for a change with the Dodgers scoring five runs for him.

★ ★ ★

Ernie Banks smashed two home runs, giving him 450 for his career, as he led Chicago past San Francisco. Banks, 37, also had a single and the nine total bases helped him set a Cub record of 4,158 career total bases, snapping the club mark of 4,149 set by Cap Anson before the turn of the century.

Bill Hands pitched a four-hitter for the victory—his fifth in seven decisions this season. Mike McCormick took the loss.

FOUR RBI'S

Rich Allen drove in four runs and Tony Taylor chased home three, leading the Phillies over the Cardinals.

Allen had a three-run homer and Woody Fryman went the distance for his sixth victory. Taylor and Johnny Callison had three hits apiece.

It was the fifth loss in six games for the slumping Cardinals.

★ ★ ★

The Braves edged the Mets in a splashy affair at Atlanta. The game was delayed over an hour at the start and played in a steady rain until the seventh when the downpour forced the umpires to halt and eventually call it.

"Starting the game," said Gil Hodges, manager of the Mets, "was a disgrace to baseball."

Shag Crawford, the plate umpire, said "the field was firm when the game started. I have to use my own judgment. We're told to make every effort."

Rain washed out a tie breaking run in the eighth inning for Pittsburgh and left the Pirates with a deadlock against Cincinnati.

Roberto Clemente's two-run homer highlighted a six-run Pirate sixth that gave Pittsburgh an 8-7 edge but a double by Tommy Helms and Vada Pinson's single tied it for the Reds in the bottom half of the sixth.

Clemente singled Willie Stargell across in the eighth before the rain eliminated the run.

Legislators Ready Budget in Plenty of Time for New Fiscal Year

LANSING (AP) — Gov. George Romney's proposed $1.3-billion state general fund budget is well on its way toward final legislative approval and should be finished in plenty of time for the coming fiscal year.

The Legislature—which faced some hectic budget sessions last year because of fiscal uncertainty surrounding the income tax issue — has moved this year to speed the spending bills through.

★ ★ ★

"Since I've been here, this is the first year the budget bills have run ahead of the other bills," says a happy Glenn S. Allen, state budget director, who is working on his sixth set of annual appropriations bills.

True, the House and Senate still disagree somewhat on 11 of the 15 major spending bills and the points in dispute total a respectable $11.5 million.

But the two chambers are negotiating now, and July 1—the start of the new fiscal year — is still four weeks away.

If each bill passed with the spending total approved by the second chamber to consider it, a budget of $1.342 billion would be laid on the governor's desk. That won't turn out to be the exact figure, but it will be fairly close.

The amount is $8 million more than Romney recommended in his January budget message and $5 million more than the state expects to collect in general fund revenue during the period.

It's also about $200 million more than the state is spending in the year which ends next month.

DESIRABLE RESULT

Spokesmen for the state's educators say the Legislature's hurry-up approach to setting the new year's budget has already produced one desirable result.

The $374-million school aid bill is through the House and Senate and was signed by Romney April 30 — some 2½ months earlier than last year. School people say that makes it much easier for them to plan their budgets and negotiate contracts with their teachers.

★ ★ ★

The same is true of other state agencies, who divide the rest of the $1.3 billion. The sooner the budget bills are in their final shape, the sooner the agencies are able to begin detailed planning of programs and projects for the new fiscal year.

WELFARE BILL

Also, work on the social services (welfare) appropriation, traditionally one of the biggest and most controversial of the bunch, has been completed and the $229.4-million bill is on its way to Romney.

This year contrasts markedly with last year, when members of the Legislature's budget-writing appropriations committees held back the budget bills until they saw what would happen to Romney's revenue-raising tax-reform program.

They knew that if lawmakers passed the controversial state income tax and the rest of the revenue package, the budget could be pegged at around the $1.1 billion Romney then recommended. If not, drastic slashes would be needed to balance the books.

The tax bills passed and the spending bills followed — but were not signed into law until after the current fiscal year had begun.

Things are going much better this year.

Hoffa Stand-In Won't Quit

WASHINGTON (UPI) — Teamster leader Frank E. Fitzsimmons, the handpicked stand in for imprisoned Teamsters Union President James R. Hoffa, said Sunday he had no plans to retire.

Fitzsimmons, general vice president of the union, made the statement in response to published reorts he will soon leave the union.

★ ★ ★

The 60-year-old Fitzsimmons, writing in the union's monthly magazine "Teamster," said, "I think I can say without exaggeration that the world today is full of surprises, and the greatest surprise I experience these days are the things I read about my future intentions in the newspapers.

"If I had any plans about retirement, I should be the first to know," Fitzsimmons said. "I have my good health, and God willing, I will be at this business for years to come. Retirement is not one of my objectives."

★ ★ ★

Hoffa, who began an eight-year prison term in March 1967 on a conviction of jury tampering, picked Fitzsimmons, his long-time ally, to stand in for him while he was in jail.

CORNED BEEF POTATO SALAD—Unlike some German style potato salads, this corned beef salad is designed to be served cold and here a wreath of crisp lettuce leaves line the serving bowl both for an attractive garnish and pleasant texture contrast.

Sweet Sour Dressing Moistens New Salad

Pleasing a man is easy. Just serve him what he likes to eat. When you think of a main dish salad with he-man appeal, your thoughts might well turn to this hearty German style potato salad studded with rosy cubes of lean canned corned beef.

With a platter of dark rye bread, butter and mugs of milk or beer, this is a complete meal . . . perfect for any weekend lunch or family supper.

★ ★ ★

This colorful and hearty salad is a far cry, however, from other salads of its type. First the addition of canned corned beef makes it a meal in itself and secondly, the potatoes and sweet sour dressing begin with a packaged convenience mix.

ALL MEAT

When preparing this salad, you'll want to remember that canned corned beef is all meat with no binding ingredients added. For this reason it needs to be thoroughly chilled before cutting into cubes.

★ ★ ★

You can do this by popping the canned corned beef into the refrigerator for about 4 hours or if time is short, about 25 minutes in the freezer will chill the meat sufficiently for easy cubing.

CORNED BEEF GERMAN POTATO SALAD

- 1 package (5.75 ounces) scalloped potatoes
- 3 cups water
- 1 tablespoon vinegar
- 2 tablespoons bacon drippings
- ½ cup water
- ¼ cup vinegar
- 1 tablespoon sugar
- ¼ teaspoon celery seed, optional
- ¼ cup mayonnaise
- ½ teaspoon yellow prepared mustard
- 1 can (12 ounces) corned beef, chilled
- ½ small onion, thinly sliced
- Sliced green onion tops, garnish

Empty potatoes into a saucepan. Add 3 cups water. Bring to a boil. Reduce heat and simmer until tender, about 15 minutes. Rinse with cold water; drain thoroughly. Put in bowl, drizzle with 1 tablespoon vinegar, cover and chill.

★ ★ ★

Heat bacon drippings. Blend in contents of seasoning packet for potatoes. Add ½ cup water and ¼ cup vinegar all at once. Add sugar and celery seed.

Cook over medium heat until mixture comes to a boil, stirring constantly. Cover and cool to lukewarm. Fold in mayonnaise and mustard.

★ ★ ★

Cut chilled corned beef into cubes. Add to potatoes with sliced onion. Toss gently with cooled mayonnaise mixture. Refrigerate until ready to serve. Garnish, if desired, with sliced green onion tops. Makes 4 to 5 main dish servings.

Paint Blush on Fish Steaks With Paprika

Dusting well-seasoned mayonnaise-spread fish steaks with paprika before broiling sends them to the table with a delightful blushing-pink complexion.

Rosy Paprika Broiled Fish

- 6 tablespoons mayonnaise
- ¾ teaspoon garlic salt
- ½ teaspoon salt
- ½ teaspoon ground black pepper
- 2 pounds fish steaks (swordfish, halibut or cod) cut 1¼ inches thick
- 1 teaspoon paprika
- 6 lemon slices
- Parsley flakes
- Paprika

Blend mayonnaise with garlic salt, salt and black pepper. Spread one side of fish steaks with half of the mayonnaise mixture. Sprinkle with half of the paprika.

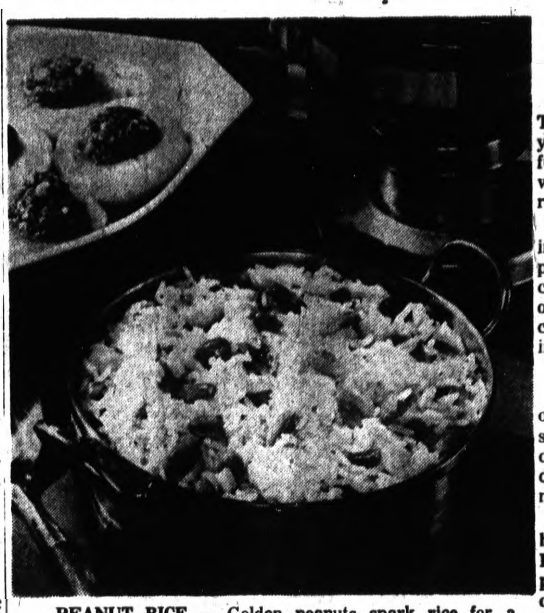

★ ★ ★

Place on buttered broiler rack about 4 to 6 inches from source of heat. Broil 6 to 8 minutes or until nicely browned. Turn, spread topside with remaining mayonnaise mixture; sprinkle wtih paprika.

Continue broiling an additional 6 to 8 minutes or until fish flakes easily with a fork. Garnish with lemon slices with one-half of each slice sprinkled with parsley flakes and the other with paprika. Yield: 6 portions.

Tongs Are Best

Before the outdoor cooking season gets into full swing, search for those tongs to turn meats on the grill. They're neat to use and won't puncture the meat to let those juices go dribbling into the charcoal.

PEANUT RICE — Golden peanuts spark rice for a party! Golden peanuts spark this kettle of Peanut Rice, suggested accompaniment for curried foods. Brown-Eyed Susans are ready to tempt you for dessert.

Poached Eggs Based on Cereal

Heated, buttered shredded wheat biscuits make a wonderfully crisp, nutritious base for a poached egg lunch. In addition to adding flavor and texture, when used as an ingredient in recipes, cereals make contributions of protein, important B vitamins, essential minerals, and food energy.

Spread butter on 1 regular or 2 round or bite-size shredded wheat biscuits. Place in pie pan; bake at 425 degrees 10 minutes.

★ ★ ★

Poach 1 egg in ½ cup milk seasoned with ¼ teaspoon salt. Place cooked egg on hot shredded wheat and pour remaining milk over them. Serve at once.

Peanuts and Rice Cook Together

Are you a curried food fan? Then Peanut Rice is a dish for you—a partner which will curry further favor and flavor (if you will pardon the pun) for that already distinctive dish.

Usually chopped peanuts are included in the array of accompaniments for sprinkling atop curry after it has been spooned over plain rice. But this recipe calls for cooking peanuts right in the rice!

★ ★ ★

Peanut rice pairs well with other foods, too. Try it with shrimp creole or creamed chicken . . . or serve as a side dish with lamb kebobs or marinated beef chunks.

Dessert for such a meal should be festive, too, but light. Brown-Eyed Susans are partied up peaches stuffed with a sweet crunchy filling of crushed peanut brittle, graham cracker crumbs, butter and brown sugar.

Make them ahead of time, then heat just when ready to serve. These nut crunchy delights will tempt even the most adamant non-dessert eaters.

Peanut Rice

- 3 tablespoons peanut oil
- ¾ cup salted peanuts
- 1 cup sliced celery
- ¼ cup chopped onion
- ½ teaspoon salt
- ½ teaspoon thyme
- ¼ teaspoon pepper
- 1½ cups uncooked rice
- 3 cups water
- 2 chicken bouillon cubes

Heat peanut oil in large heavy saucepan. Stir in peanuts. Add celery, onion, salt, thyme and pepper. Cook about 5 minutes, stirring occasionally.

★ ★ ★

Stir in rice. Cook and stir 4 to 5 minutes longer. Add water and bouillon cubes.

When water comes to a boil and bouillon cubes are dissolved, cover, turn down heat until mixture is simmering and continue cooking until rice is tender and all water is absorbed, about 20 to 25 minutes.

Serve with curried foods, shrimp creole, creamed chicken or as an accompaniment to meats. Makes 6 servings.

Brown-Eyed Susans

- 12 peach halves (canned)
- ¼ cup soft butter or margarine
- 2 tablespoons brown sugar
- ⅔ cup crushed peanut brittle
- ¼ cup graham cracker crumbs
- Whipped cream for topping

★ ★ ★

Drain peach halves and place hollow side up in a baking dish. Beat butter or margarine until fluffy. Beat in sugar. Then work in peanut brittle and crumbs. Mixture will be crumbly.

Spoon a rounded tablespoonful of mixture into center of each peach half. Refrigerate until ready to serve. Heat in moderate oven (350 degrees) about 15 minutes or until filling is slighty bubbly.

To serve, spoon two peach halves into each individual serving dish and top with sweetened whipped cream. Makes 6 servings.

Zippy Aspic Has Onions

You can prepare this salad the night before serving.

Tomato-Onion Ring Aspic

- 1 envelope unflavored gelatin
- ¼ cup cold water
- 1½ cups cocktail-style vegetable juice (tomato base)
- ¼ teaspoon salt and pinch of white pepper
- 1 teaspoon crushed dry basil
- Small thin onion rings

In a mixing bowl, sprinkle gelatin over cold water and ½ cup of the vegetable juice; allow to soften for about 5 minutes.

Heat the remaining 1 cup vegetable juice to boiling point; add to softened gelatin with salt, pepper and basil; stir until dissolved. Turn into 4 to 6 individual molds; place 3 onion rings in each mold; with a teaspoon press down to immerse. Chill.

Unmold and serve on salad greens with hard-cooked eggs and mayonnaise. Makes 4 to 6 servings.

Oranges Are Ripe

Ignore Greenish Skin

Gems of thought are found in the most unexpected places.

You don't expect to find food shopping tips in the gardening section of your favorite newspaper. But that's what happened to Pasadena, Calif. housewives recently. David J. Gilfillan, garden expert and columnist, devoted most of his weekly column to Valencia oranges.

So that you are in the "know" too, Gilfillan has given permission to pass on his observations.

★ ★ ★

"I am devoting the first part of today's column to the ladies inasmuch as they do most of the shopping at food markets. I have an idea that what I have to say will be interesting and perhaps unbelievable to many of you girls. However, it's true.

GREEN ORANGES

"The other day I was in a market and I noticed a lady passing the fruit counter and shrugging her shoulders, she said to the lady with her, 'Imagine anyone trying to sell these.' The 'these' she was referring to was a section on the counter filled with Valencia oranges which were somewhat green in color.

"I introduced myself to the lady and informed her that the oranges in the section she pointed to were sweeter than those which were yellow. The way she looked at me I am sure she must have thought I was on a trip. Well, it's true (not the trip) and I would like to explain this oddity to you housewives.

"The condition is referred to as re-greening by the citrus growers and it is causing them quite some concern. The skin of a ripe, unpicked Valencia orange, unlike that of a Navel, can turn partially green after developing the conventional orange color.

"It happens every year, some years more than others, wherever Valencia oranges are grown."

Valencias are in season from May to November.

Sunkist Growers, Inc., a cooperative organization, representing more than 10,000 citrus growers, are actively studying this strange natural phenomena.

★ ★ ★

Large research grants have been given to both the University of California at Riverside and the Stanford Research Institute in South Pasadena. These two institutions are studying the effect of day and night temperatures, soil, irrigation water, and fertilizers on re-greening in control orchards.

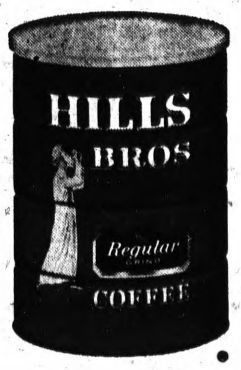

AMBROSIA COFFEECAKE — Using 2 cans refrigerated orange Danish rolls with icing, separate the rolls and unroll each to form 16 strips. Twist 2 strips together and pinch ends to secure. Repeat with remaining strips. Arrange 8 twisted strips in spoke fashion in center of cookie sheet. Loosely shape 7 of the strips in pinwheel fashion. Coil remaining strip in center of coffeecake. Bake at 400 degrees for 20-25 minutes, until golden brown. Combine icing and 3 tablespoons sour cream. Spread on warm coffeecake. Sprinkle with one tablespoon coconut tinted yellow with food coloring.

A juicy, fragrant Strawberry Crumb Pie is a delicious sign of the season.

Crumb Mixture Tops Strawberries in Pie

Fresh strawberries taste especially good at this time of year. Although their most frequent use is in shortcake, strawberry pies are favorites too.

This luscious open-faced pie has a rich brown crumb topping. It uses a little of the pastry, along with some brown sugar and cinnamon, to make the crumb topping.

Strawberry Crumb Pie

6 cups halved fresh strawberries (about 3 pints)
¾ cup granulated sugar
¼ cup quick-cooking tapioca
1⅓ cups sifted all-purpose flour
½ teaspoon salt
½ cup all-vegetable shortening
2 to 3 tablespoons water
¼ cup firmly-packed light brown sugar
½ teaspoon cinnamon
Sweetened whipped cream

Mix strawberries with granulated sugar and tapioca; let stand while making pastry.

Combine flour and salt in bowl. Cut in shortening until uniform but coarse. Reserve about ½ cup mixture and set aside.

★ ★ ★

Sprinkle water over remaining mixture in bowl; toss with fork and press into ball. On lightly floured surface, roll out pastry 1½ inches larger than inverted 9-inch pie plate.

Fold under to make double thickness around edge and flute, forming a highstanding edge. Fill with strawberry mixture. Cut an 8-inch round of aluminum foil and lay over filling.

FIRST BAKING

Bake in 400 degree (hot) oven 35 minutes. Blend reserved flour mixture, brown sugar and cinnamon. Remove aluminum foil and sprinkle flour mixture over pie.

★ ★ ★

Continue baking 30 to 40 minutes, or until crust and crumb topping are browned. (If pie bubbles over during baking, place a sheet of aluminum foil beneath it.) Cool. Serve with whipped cream.

Breakfast Kit Is Economical on Trips

When vacationing motorists take to the road in summer, getting meals at roadside drive-ins is sometimes a problem. Breakfast, at least, need no longer be any trouble.

With a Breakfast Kit as part of his equipment, the driver decides the time and place to eat.

A well-stocked Breakfast Kit contains staple foods and disposable dishes for a basic breakfast.

It includes cans of fruit juice, individual packages of breakfast cereals, both presweetened and regular kinds, instant coffee and cream, sugar, spreads. Fresh milk, butter and bread can be carried safely overnight in insulated bags.

In addition to saving time and money, the whole family will have a nutritionally adequate breakfast without any delay.

Frosting Is Stitching on 'Baseballs'

Here's a wacky but winsome little carry-along snack to tickle the taste buds — and the funny bones — of your favorite little leaguers.

★ ★ ★

Delight them with these frosting-stitched Chocolate Baseballs — perfect for a boys' party or a "tenth inning" snack — and great, too, for the tag-along tomboys who adore doing everything big brother does.

★ ★ ★

Snack-able, shape-able puffed rice and sugar syrup give you a start. Add unsweetened chocolate and from there you can guess — or better, test — the scope of their seasonal success.

CHOCOLATE BASEBALLS

6 cups puffed rice
¾ cup sugar
½ cup water
¼ cup light corn syrup
½ teaspoon salt
2 oz. (2 sq.) unsweetened chocolate
2 tablespoons butter or margarine
1 teaspoon vanilla
Thick white confectioners' sugar frosting

Heat puffed rice in shallow baking pan in preheated moderate oven (350 degrees) about 10 minutes. Pour into large greased bowl.

★ ★ ★

Combine sugar, water, syrup and salt in saucepan; bring to boil. Add chocolate and continue cooking to soft ball stage (236 degrees) or until syrup dropped into cold water forms a soft ball.

★ ★ ★

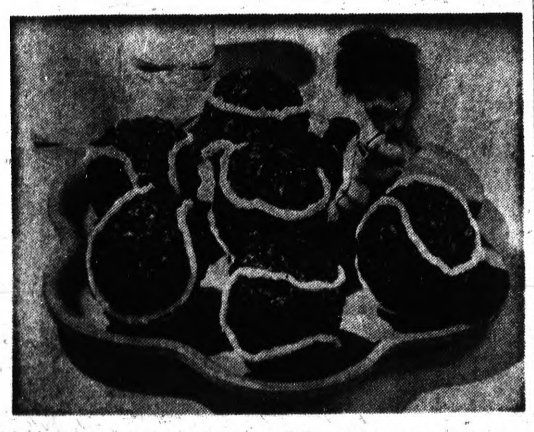

Remove from heat. Stir in butter and vanilla.

FORM BALLS

Pour over cereal, stirring until evenly coated. With greased hands, shape to form 8 balls, each about 2½ inches in diameter. Cool.

★ ★ ★

Pipe a line of frosting on each ball to resemble the "stitching" on a baseball. Makes 8 baseballs.

CHOCOLATE BASEBALLS—Your little leaguers will love these Chocolate Baseballs. They're puffed cereal candy treats piped with white confectioners' sugar frosting.

Asparagus and Cauliflower

Combine Frozen Vegetables

Now that frozen foods are available to us in the grocery markets, vegetables are "in season" all year around — so we can make this grand new recipe for wheat germ asparagus-cauliflower au gratin in summer, winter, spring or fall.

★ ★ ★

This asparagus-cauliflower casserole is what we like to call a good, good dish. It is good in taste; the cauliflower and asparagus blending into a delightful flavor combination with celery soup, cheese and touches of mustard and Worcestershire sauce.

★ ★ ★

It is good in nutrition, too; wheat germ adding its high values in protein, B vitamins, vitamin E, iron and other essential vitamins and minerals. Wheat germ, mixed with butter, borders the top of the casserole.

Wheat Germ Asparagus-Cauliflower Au Gratin

1 pkg. (10 oz.) frozen asparagus spears or pieces
1 pkg. (10 oz.) frozen cauliflower or ¾ lb. fresh cauliflower (see note)
1 can (10½-oz.) condensed cream of celery soup
1 cup (¼ lb.) shredded process American or Swiss cheese
½ cup milk
1 teaspoon prepared mustard
1 teaspoon Worcestershire sauce
½ cup wheat germ
2 tablespoons melted butter or margarine

Cook frozen vegetables according to package directions. Drain. Combine soup, cheese, milk, mustard and Worcestershire sauce in large saucepan. Heat slowly, stirring constantly, until cheese is melted.

★ ★ ★

Add cooked, drained vegetables. Mix carefully. Pour into shallow 1½-quart casserole.

Combine wheat germ and butter, mixing well. Sprinkle wheat germ topping around edges of vegetable mixture. Bake at 375 degrees for 20-25 minutes or until bubbly. Yield: 6 servings.

NOTE: Cut fresh cauliflower into ½-inch slices. Cook in small amount of boiling, salted water in covered saucepan for 5-7 minutes or until partially tender. Drain.

¼ Cup hot milk
2 teaspoons Angostura aromatic bitters

Food on the Outdoor Grill Tastes Better

MARKET BASKET

By JANET ODELL
Food Editor, The Pontiac Press

Hopefully, we can begin the picnic and outdoor eating season this week. Memorial Day is the traditional start of what has become a great American pastime — cooking outside.

Unimaginative people limit their menus to steaks grilled over charcoal. More daring cooks like to experiment with other ideas. Kids just want hot dogs and hamburgers.

★ ★ ★

On this page, which perhaps you will like to keep as reference all summer, you'll find some new recipes and some general rules for grilling.

Fowl With Cirtus

2 chickens, about 2 lbs. each, quartered
1 can (6 oz.) frozen lemonade concentrate
1 teaspoon salt
3 tablespoons lime juice
2 teaspoons Angostura aromatic bitters
½ cup butter or margarine

Wash chickens and pat dry. Put pieces in a shallow pan. Mix thawed lemonade, salt, lime juice, and Angostura aromatic bitters. Pour mixture over chicken and marinate overnight in refrigerator or for 2 hours at room temperature. Rotate pieces of chicken occasionally.

Drain chicken pieces and reserve marinade. Heat marinade and stir in butter until butter is melted. Broil chicken 6 inches above gray coals brushing frequently with marinade.

Turn chicken after 20 minutes and continue brushing and broiling until chicken is tender and golden brown. Yield: 8 servings.

Aromatic Beef

½ cup (1 stick) butter or margarine
¼ cup cider vinegar
1 cup smoky ketchup
1 cup beef broth
1 tablespoon prepared mustard
1 garlic clove, mashed
1 small onion, grated
1 tablespoon Worcestershire sauce
1 tablespoon Angostura aromatic bitters
Salt and pepper to taste
2 flank steaks, about 2 lbs. each or 4 lb. piece of beef round

Combine all ingredients except meat in saucepan. Simmer uncovered for 20 minutes. Brush meat on both sides with sauce. Broil about 10 minutes on each side depending on the thickness of the meat and the degree of doneness desired.

Brush meat with sauce every 5 minutes during cooking. Slice meat and serve with remaining barbecue sauce. 8 servings.

Far Eastern Barbecue Sauce

2 cans (29 ounces each) cling peach halves
½ cup unsulphured molasses
½ cup vinegar
½ teaspoon salt
¼ teaspoon ground ginger
1 teaspoon soy sauce
2 teaspoons cornstarch
1 tablespoon cold water or peach syrup

Drain peach halves; reserve ½ cup of the syrup. (Save remaining syrup for use in fruit drinks, punches, etc.) Combine syrup with molasses and vinegar in saucepan. Stir in salt, ginger and soy sauce.

Blend cornstarch and cold water until smooth; stir into molasses and vinegar mixture. Bring to a boil; reduce heat and simmer 5 minutes. Remove from heat.

★ ★ ★

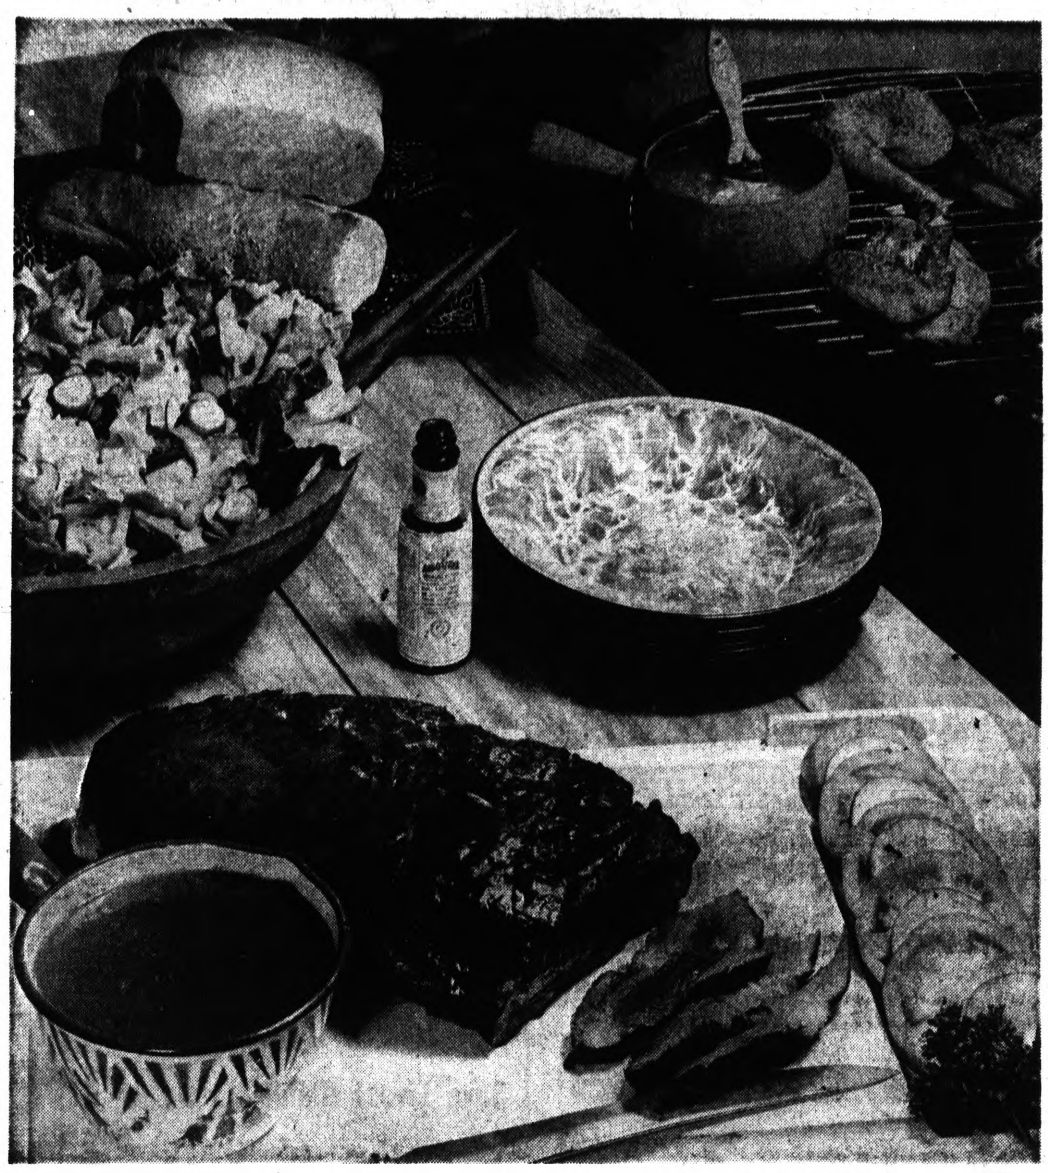

Yield: 1½ cups—enough for 1½ dozen hamburgers, 2 dozen frankfurters, and 14-16 cling peach halves.

Skyscrapers

1½ pounds ground beef
1 package (¾ oz.) mushroom gravy mix
½ cup dairy sour cream
2 tablespoons water
4 slices onion
4 slices cheese
2 hamburger rolls or 4 bread slices
4 cherry tomatoes, if desired

Thoroughly mix ground beef, contents of gravy mix envelope, sour cream and water. Shape half of beef mixture into four patties. With remaining meat, shape four medium-size patties and four smaller patties. Grill the 12 patties to desired doneness.

To make Skyscrapers arrange in the following order on the roll halves or bread slices: Tomato slices, larger patties, onion slices, medium-size patties, cheese slices, small patties and top with cherry tomatoes. 4 servings.

TWO STARS — Chicken is done with a fruit sauce, beef is brushed with a spicy concoction, both made better by the use of aromatic bitters as the seasoning.

Grill Steaks by the Clock

Broiled beef porterhouse steaks can be the joy of the outdoor chef and a treat to the family, if a few simple rules are followed.

To help you time steaks on the charcoal grill the National Live Stock and Meat Board and the Barbecue Briquet Institute provide this helpful table:

Meat Thickness	Inches Above Charcoal	Cooking Time in Minutes Rare	Medium
½ inch	2 to 3	15	20
1 inch	2 to 3	15 to 20	20 to 25
1½ inch	3 to 5	25 to 30	30 to 40
2 inch	3 to 5	30 to 35	40 to 45

This time table is based on an approximate temperature of 350 degrees at the under surface of the meat, or when the charcoal briquets are covered with a fine ash.

SKYSCRAPERS — Kick off the cookout season with a menu of good American fare — a stack of burgers interspersed with slices of tomato, onion and cheese. Top each with a tiny American flag in honor of Memorial Day.

MIXED GRILL — Try a mixed barbecue grill for your next family or guest cookout. Combine hamburgers and frankfurters with cling peach halves and grill over glowing barbecue briquets. Brush a sauce made from unsulphured molasses and the peach syrup over the combination for a real taste treat.

Beef 'n' Lobster Kebabs

1 package (1 pound) lean beef stew meat or 1 pound top or bottom round, cut into 1½-inch cubes
Seasoned instant meat tenderizer
1 package (10-12 ounces) frozen rock lobster tails, thawed
4 fresh mushrooms
1 cup ketchup
⅓ cup salad oil
2 tablespoons wine vinegar
½ cup mayonnaise or salad dressing

Thoroughly moisten meat with water; sprinkle instant meat tenderizer evenly like salt on all sides. Use no salt. To insure penetration, pierce meat cubes deeply with kitchen fork.

★ ★ ★

Remove lobster from shells; proceed as above with meat tenderizer; cut into 1½-inch chunks. Thread meat cubes and lobster chunks alternately on four (10-12 inch) skewers, ending with a mushroom.

SAUCE

Combine ketchup and next 2 ingredients for sauce; reserve 2 tablespoons. Brush one side of kebabs with sauce and place on grill set 1 to 2 inches above hot coals.

Barbecue 12-15 minutes, turning and basting frequently with sauce, until lobster flakes easily with fork. Add the 2 tablespoons of reserved sauce to mayonnaise and serve with kebabs. Makes 4 servings.

Loin Lamb Chops With Seasoned Butter

6 to 8 loin lamb chops, ¾-inch thick
Salt
Dill, Tabasco or Tarragon Butter, given below

Broil lamb chops 3 to 4 inches from source of heat 5 to 7 minutes per side, sprinkling salt on chops before turning. Serve with Dill, Tabasco or Tarragon Butter. Makes 6-8 servings.

Dill Butter: Cream 1 pound butter, softened with 2 teaspoons dill weed, 2 teaspoons dried chives and dash pepper.

Tabasco Butter: Cream 1 pound butter, softened with ¼ cup catsup and 1½ teaspoons Tabasco.

Tarragon Butter: Cream 1 pound butter softened with ¼ cup chopped parsley, 2 teaspoons tarragon leaves, crushed, ⅛ teaspoon garlic powder and dash pepper.

To Freeze Butters: Line a crock or serving dish with aluminum foil (allowing extra foil for fold). Add seasoned butter: freeze until firm, then seal with double fold of foil. Remove from dish. Freeze butter until ready to use. Before serving, replace butter in crock and trim foil.

LOIN LAMB CHOPS — Enjoy watching your own thick, meaty lamb chop grill to perfection . . . slightly pink inside. Pick up some vegetables from the foil-lined basket and dip them in a curried dressing. And on to dessert . . . upside-down cakes baked and then warmed on the grill in their own little foil pans.

BEEF 'N' LOBSTER — Beef 'N' Lobster Kebabs team up with Sauce Tyrol for a doubly-enjoyable barbecue sauce. This unusual combination should please both meat and seafood devotees. Let each guest cook his own.

Bake Cakes in Foil Pans

Save small foil pans from frozen chicken or other individual meat pies purchased at store. Wash and dry.

★ ★ ★

Place 2 teaspoons butter or margarine and 2 tablespoons light brown sugar in bottom of each pan. Place a small pineapple ring, apricot or peach half on sugar.

★ ★ ★

Prepare a 20-ounce package of yellow cake mix according to package directions. Spoon over fruit, filling pans ⅔ full. Bake at 375 degrees for 30 minutes, or until cake tests done.

★ ★ ★

These may be made ahead, refrigerated or frozen. For outdoor parties, cover each with foil and heat on grill over low fire. Remove from pans and top with whipped cream. Makes about 12 cakes.

Indian Family to Make Stand Against Bigots

OAKLAND, Calif. (UPI) — A Sioux Indian and her six children have decided to make a last stand in Oakland.

And Stella Leach, an Ogallala Sioux with dark, short-cropped hair, says this time will be different.

★ ★ ★

"I'm tired of moving at least once a year," she says. "Now we're going to stand by our guns."

Mrs. Leach, a nurse and volunteer head of the American Indian Well Baby Clinic, said her two-bedroom, white stucco home has been "under siege and harassment" since she moved in February.

GARBAGE DUMPED

Neighbors, she said, have dumped garbage on her lawn, wrecked her furniture, removed the front door and "come right up to the front yard and threatened us and called us black freaks."

Complaints to the police have been virtually ignored, she said.

★ ★ ★

Adding to her woes, Mrs. Leach said her realtor announced her monthly rent has been boosted from $150 to $400. There's also a "For Sale" sign on her lawn.

★ ★ ★

"All they asked me when we moved in was if I was an Italian," Mrs. Leach said. "I said 'No,' and there was no problem. Then they found out we were Indians."

OFFERS TO HELP

Offers to help fight eviction have come from Oakland's Indian-American Association, Alameda County's Human Relations Commission, fair-housing authorities, and an aide of Sen. Robert Kennedy.

Only one neighbor, Mrs. Jewel Prentiss, would comment. She said the Leach's garbage-strewn lawn "was all their fault. Some of the neighbors tell me they actually seen them dancing on the sidewalk there."

9,000-Mile Sailplane Trip Ends in Crash; Pilot Hurt

AP Wirephoto

UNHAPPY ENDING — Rescuers and some of the welcoming crowd climb over the wreckage of the sailplane Mira Slovak flew from Germany to California. It crashed 30 seconds away from the airport yesterday.

SANTA PAULA, Calif. (AP) — Within sight of home after a 9,000-mile flight from Europe, Mira Slovak's sailplane crashed while a big welcome waited. He was gravely injured.

Two thousand persons and a victory barbecue were ready at Santa Paula Municipal Airport Sunday to welcome the adventurous 38-year-old glider pilot back from his long flight across the Atlantic and North America.

★ ★ ★

It was 30 seconds to go in the previously uneventful flight for Slovak, the world's champion hydroplane pilot in 1958 and 1966.

★ ★ ★

The big-winged red and white glider, powered by a tiny German engine, settled in over the east runway and touched down out of sight. Seconds later came word the Spirit of Santa Paula had crashed into a 20-foot drainage ditch below a bluff.

"My plane, my plane," cried Slovak as friends lifted him from the wreckage.

★ ★ ★

Dr. Ernest Carlson said the former Czechoslovakian air force pilot suffered four fractured vertebrae, broken ribs, internal injuries and concussion. He was in Santa Paula Community Hospital.

★ ★ ★

Slovak was accompanied on the last leg by two friends flying a 1929 Curtiss Robin monoplane.

A gust apparently caught the sailplane causing a wingtip to strike the ground, airport officials said. The bluff hid the crash from the crowd at the airport.

Father on Trial in Poison Death

FORT MYERS, Fla. (UPI) — A former fruit picker goes on trial today for first-degree murder in the poison death of his 8-year-old stepdaughter, one of seven children who died after eating a poisoned meal.

James Richardson, 33, was indicted by a Hillsborough County Grand Jury in December in connection with the October deaths of the seven brothers and sisters who ate a lunch left for them containing the deadly insecticide Parathion.

★ ★ ★

Circuit Judge John J. Justice of Sarasota was presiding.

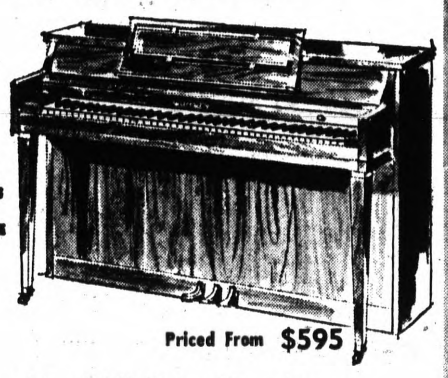

Richardson's wife, Annie May, also was arrested in connection with the deaths and charged with child neglect. The two were away from their Arcadia apartment working in the fields when the deaths occurred.

Earnell Washington, who testified at a March 25 hearing that the defendant, while they were cell mates, admitted leaving poisoned food in the apartment, was killed in a shooting at an Arcadia bar last month.

Why should we invest in a new piano
until we're sure our child will keep on taking lessons?

The best way to insure your youngster's continuing interest in music is to start him on a new, easy-to-play Kimball that makes practicing more fun—there's nothing more discouraging to the beginner than learning to play on an old, stiff-action piano. Your investment in a new Kimball at the start, is the most important contribution you can make to your child's musical education.

Emmy Show Ineptness Stirs Call for Reform

By BOB THOMAS

HOLLYWOOD (AP) — The apex of the award madness was was reached on May 19, 1968, when the Academy of Television Arts and Sciences gave out 62 Emmies in 51 categroies.

THOMAS

These were chosen from 250 nominees, and did not include other awards given off-camera for local station and international achievements.

To the television viewers who watched the awards orgy and others throughout the spring, it must appear evident that the whole business has gotten out of hand.

The Emmies came last and bear the brunt of the criticism. That television itself should present such an inept show was scandal enough. But the awards structure, which has undergone many an overhaul in 20 years, obviously needs to go back to the drawing board.

WRITING ACHIEVEMENT?

What kind of writing achievement is a show like "Laugh-In" with 10 gag men; should Lucille Ball continue to receive awards for doing her thing year after year, brilliant though she is? Is the public really concerned with the achievement of the camera-man of "It Takes a Thief" and the editor of the Bell Telephone Hour?

These are questions that the television academy could well ponder.

★ ★ ★

The Motion Picture Academy could stand some introspection, too. Happily, the Oscar categories have been pared down almost to minimum with elimination this year of the black-and-white vs. color distinction. But even with fewer awards, the telecast grows longer. This year it took 2½ hours to hand out 23 Oscars and 3 honorary awards.

The Tony Awards also succumbed to the false theory that length contributes prestige. To insure a starry cast, the planners dreamed up awards to such luminaries as Audrey Hepburn, Marlene Dietrich and Maurice Chevalier for their stage achievements. The transparency of this ruse is apparent when you consider that Miss Hepburn has not appeared in the Broadway theater for many years and Miss Dietrich and Chevalier have been represented only by their one-woman and one-man shows.

★ ★ ★

One of the awards shows—the Golden Globes—apparently will not be with us next year. The Federal Communications Commission recently criticized the foreign correspondents' mode of selecting winners and NBC has since dropped the show.

★ ★ ★

Perhaps the most sensible of the awards shows is the recording academy's. The Grammies are handed out at a dinner for the trade; at a later date, many of the winning numbers are presented on a television special.

Plan to Help Unemployed: Put Good Jobs in 'Toil Bank'

By DICK WEST

WASHINGTON (UPI) — Regardless of what else it may or may not accomplish, the poor people's encampment here has at least produced some interesting proposals for ending poverty in this country.

WEST

One plan I admire was dreamed up by a friend of mine who works for the Agriculture Department. His idea is to have the government set up a "Toil Bank" program.

★ ★ ★

"The basic cause of poverty is the lack of enough good jobs to go around," he explained. "People who have low-paying jobs want a shot at more rewarding employment, but people who have the good jobs aren't willing to give them up.

"The Toil Bank would attack that problem in the same way that the soil bank created in the 1950s attacked the problem of surplus farm crops.

"Farmers who signed up for the soil bank were paid to take part of their land out of production. In other words, they could derive some income from not growing anything.

"Under the toil bank, workers who now have good jobs would get paid for not doing anything. This would make their jobs available to those who are unemployed."

★ ★ ★

I said, "Why not just let the people who don't have jobs get paid for doing nothing?"

"Because," he said, "the people who do have jobs would squawk about it. They would protest the use of their taxes to subsidize idleness.

NO KICK

"But if the job-holders were the beneficiaries of the program, they wouldn't have any kick coming. I certainly would be willing to let someone else have my job if I continued to get paid and I'm sure many other workers feel the same way."

★ ★ ★

"I said, "I think I'm beginning to catch on. Once the unemployed take the good jobs then they would be paying the taxes that support the program."

"Right," he said. "but they wouldn't complain because their taxes would be benefitting themselves."

I said, "There must be a flaw in this somewhere. It sounds too much like one of those chain letter deals."

'IT'S FOOLPROOF'

"No," he said. "I've considered all the angles and it's foolproof. You know the first thing I'm going to do after I join the toil bank? I'm going to ask for a raise."

"By the way," I said, "How did the soil bank program work out?"

★ ★ ★

He said, "I'm sorry you asked that question."

Slaying Probed

BATTLE CREEK (AP) — Police are investigating the fatal shooting of 20-year-old Terry Thomas, who was found in a Battle Creek parking lot Saturday night with a 22-caliber rifle bullet in his abdomen.

Students Strip to Underwear in London Protest

LONDON (AP) — Twenty students peeled off their blue jeans and miniskirts Sunday in an attempt to bring friendship to a British laundromat, but police were unfriendly to the demonstrators.

The students stripped to their underwear and put their clothes in the washing machines. Girls wrapped themselves in towels and football sweaters.

★ ★ ★

"Launderettes are such dreary places," explained the leader of the wash-in, Nick Flowerdew, as he shivered in his bright red drawers. "Everyone just watches his washing going round and never speaks to anyone else. They should be friendly."

Six policemen broke up the demonstration.

Opening lead—♦ J

By OSWALD AND JAMES JACOBY

Oswald: "Here is a hand I watched in a rubber bridge game that illustrates a common error of both rubber bridge and duplicate players."

JACOBY

Jim: "Let's see if I can spot it. Looking at all the cards I can see how South might have made the swindle play. He would draw trumps, cash the diamonds and proceed to lead ace and a small club.

If East failed to drop his jack of clubs under the ace or if West failed to rise with the queen in order to catch East's jack with what is sometimes called the "crocodile coup," East would be end played and South would bring home his impossible slam."

★ ★ ★

Oswald: "No. South played ace-king and a small club so that the swindle failed to materialize. The point I want to stress is South's misbidding."

Jim: "You mean that South hung his partner for giving a positive response to the opening two bid?"

Oswald: "Exactly! And there was no way to convince South that he hadn't bid his hand perfectly. South pointed out that if his partner had responded two no-trump and bid four spades next, South would have passed. But he said that North should have had more than one king for his positive response."

★ ★ ★

Jim: "Don't suppose you were able to convnice South that he had misbid the hand?"

Oswald: "No chance. I was appealed to and tried to explain to South that he had made a proper, but minimum, forcing two bid and had followed with a slam try and that when North had refused to accept the slam try, South should have been through bidding."

Jim: "Don't suppose South will ever be convinced. I can just see him pointing out that he had a two bid, his partner had made a positive response and the slam had to be bid."

♥♣CARD Sense♠♦

Q—You, South, are dealer and hold:
♠ 10 8 7 6 5 ♥ A K 9 4 3 ♦ K Q ♣ 8 2
What do you bid?

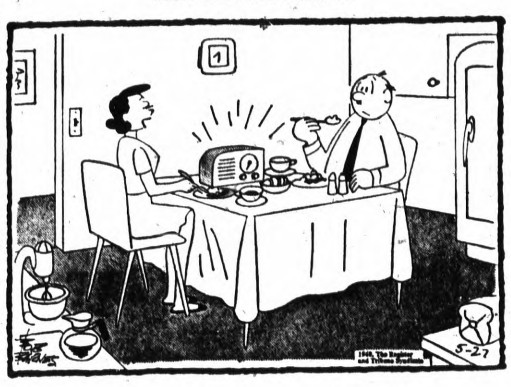

A—The correct opening bid is one spade. You can bid your hearts conveniently at a later turn. If you start with one heart it may be inconvenient to show spades later.

TODAY'S QUESTION

You open one spade. Your partner raises to three spades. What do you do now?

Aids in Search for Right Home

Realtor Hails Computer Role

DETROIT (AP) — A young couple recently walked into the office of Detroit real estate agent Richard S. Elsea, looking for a three-bedroom, 1½-bath home in northwest Detroit. They told him they would like to spend about $25,000.

★ ★ ★

Elsea checked his own listings and found he didn't have anything that met his clients' specifications.

★ ★ ★

Elsea then picked up a telephone, dialed the number of a computer, and, by tapping in code numbers on the phone's push-button dial, gave the computer the specifications of the home the couple wanted.

Withing seconds, a male voice called an "audio response unit," gave Elsea the code numbers of homes for sale that met the specifications. Elsea then looked up the code numbers in a directory and found addresses for the homes.

'JUST TERRIFIC'

"It's fabulous, just terrific," said Elsea of the real estate listing computer operated by Realtron, Inc., of Detroit.

Searching through the printed listing used before the computer went into operation in November would have tkan 20 to 30 minutes, Elsea said, compared to three or four for the whole computer operation.

★ ★ ★

The main advantage to the computerized system, he said, was not time saving, however, but accuracy.

"Searching the list by hand, the likelihood I would have found everything I was looking for was minimal," he said. Elsea credited the computer with at least a 50 per cent improvement in acuracy.

In the seven months the automated system has been in operation, it has received more than 180,000 calls for information, said Tom Mervin, Realtron vice president for operations. Mervin said the Realtron system is currently being used by about 500 real estate agents, 300 in northwest Detroit and 200 in northern Virginia.

★ ★ ★

The heart of the system is an IBM 1440 computer. The computer memory stores, in numerical code form, information about some 27,000 pieces of property offered for sale. The machine gives verbal responses to queries by means of a vocabulary recorded on a magnetic drum.

★ ★ ★

Elsea said that while customers do not deal directly with the computer, they are enthusiastic about it once it is explained to them. He said that when clients come into his office, he conducts all business with the computer over a phone equipped with a loudspeaker so the customers can follow the process. The computer can also be contacted from a client's home if the home is equipped with a "touch-tone" telephone.

Both Elsea and Mervin said they expect automated real estate listing to spread quickly.

"It definitely serves a valuable function," Elsea said.

McCarthy Kin Says March Time Is Over

LONG BEACH, Calif. (AP) — Mary McCarthy, daughter of Sen. Eugene J. McCarthy of Minnesota, says the time for antiwar marches is over.

★ ★ ★

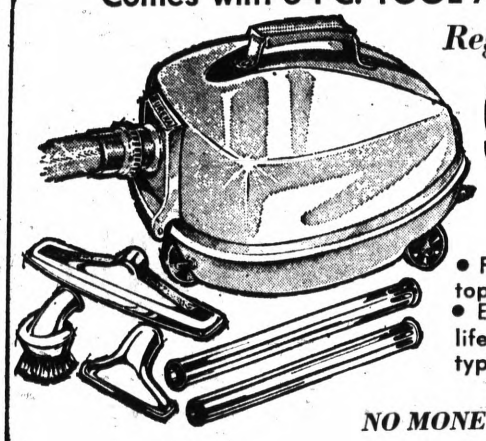

"I took part in the Pentagon march," said the 19 year-old daughter of the candidate for the Democratic presidential nomination. "But I left when it began to tend toward violence. I don't approve of violence.

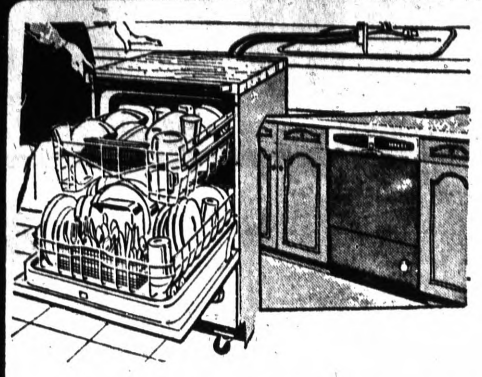

★ ★ ★

"Besides, I think the time for antiwar demonstrations is past. The purpose of demonstrations is to make a point of view known. I think the point has been made."

HUMANIZED CRITTERS? — A pair of 4-week old squirrels that won't eat peanuts —unless Mrs. Charles Goodwin of Decatur, Ill., or a member of her family cracks them open—aren't ready to face the outdoors yet, either. Mrs. Goodwin found Lulu and Buster, then only days old, while cutting down trees.

2 Sought in Manhunt

SAN LUIS OBISPO, Calif. (AP) — The search for two escaped mental patients swung to San Francisco today after the release there unharmed of the last of four hostages and the recapture of one patient.

Frank Svehla, 53, the last hostage, hailed a passing patrol car in San Francisco about 4 a.m.

He and three others were seized when the three patients fled Atascadero State Hospital Sunday. Svehla is a psychiatric technician.

The three, all with criminal records, armed and considered extremely dangerous, stabbed two guards, Sgt. Dave Baro and Robin Moore, when they broke from the hospital 20 miles north of here.

They took the wounded guards, Svhela and Mrs. Dorothy Warren, 40, also a psychiatric technician, as hostages.

Sheriff's officers, police and highway patrolmen threw up road blocks throughout the county.

Officers captured Robert Higuera near Pismo Beach, 12 miles south of here.

Mrs. Warren was released unharmed before the capture, the sheriff's officer said.

Latest Heart Recipients Doing Well

SAO PAULO, Brazil (UPI) — A heart taken from an unidentified accident victim kept the "Midnight Tea" of death today from the bedside of a young cowboy from Brazil's wild Mato Grasso state.

Joao Ferreira da Cunha became the world's 17th and Latin America's first heart transplant patient yesterday. The stocky 23-year-old cowhand, apparently doomed by a tropical disease that had attacked his heart, received the heart of a young man who had been run down by a car on the outskirts of this big industrial city.

The donor carried no identification. His only possession was a pack of cigarettes.

Doctors said Ferreira da Cunha was "totally lucid and completely conscious" after completion of the 5½ hours of surgery. They said he talked so much they had to tell him to be quiet.

16TH RECIPIENT

In Richmond, Va., doctors reported today that the world's 16th transplant recipient, who received a new heart Saturday, was in satisfactory condition. Hospital authorities refused to identify him but there were reports he is Joseph G. Klett, 54, Orange, Va.

The Brazilian recipient entered the hospital March 6 suffering from Chagas disease, a tropical ailment transmitted by a bug. The disease attacks the heart and slowly kills its victims, and Ferreira da Cunha had resigned himself to death.

★ ★ ★

"They're pleasing me too much," Ferreira da Cunha had said of his treatment at the hospital. "I think today's the day for the Midnight Tea."

In the slang of Brazil, "Midnight Tea" means death.

YOUNGEST YET

Ferreira da Cunha agreed when doctors proposed the transplant operation. He signed his name to the authorization laboriously because he can barely write. The cowboy of mixed Portuguese and Indian blood was the youngest person to receive a transplanted heart.

Dr. Euryclides de Jesue Zerbini, 56, headed the transplant team at the Charity Hospital, Brazil's largest. The Brazilian congress has not yet passed legislation permitting the use of organs of patients whose next of kin cannot be located, but the medical team decided to go ahead anyway.

★ ★ ★

The donor was described as a Mulatto, about 20 years old. His kidneys were transplanted into a young woman, who also was reported doing well.

Hospital spokesmen said four other patients were awaiting transplants.

Atlanta Boy, 10 Lost in Sewers

ATLANTA, Ga. (AP) — Rescuers searched rain-swollen sewers today for a 10-year-old boy sucked into a drain hidden by muddy water.

Police said Willie Frank Brooks, 10, was playing in water three or four feet deep when he disappeared Sunday.

Firemen, summoned by the child's mother, Lola Brooks carried safety nets to a point two and a half miles from where the main storm drain empties into a creek. They watched in the glare of flood lights during the night.

Battalion Fire Chief J. I. Gibson said, "We're fairly certain he's fallen in, but we can't tell if he's still in the line."

More than 100 firemen, policemen, city water department workers and volunteers moved from manhole to manhole searching for the child.

Pontiac Youth Is Arrested at Break-In Scene

A Pontiac youth was being held in the Oakland County Jail today after being apprehended by sheriff's deputies at the scene of a burglary this morning.

William A. Stadler, 20, of 82 S. Eastway was arrested inside the Superior Metal Products Co., 3180 Auburn, Pontiac Township.

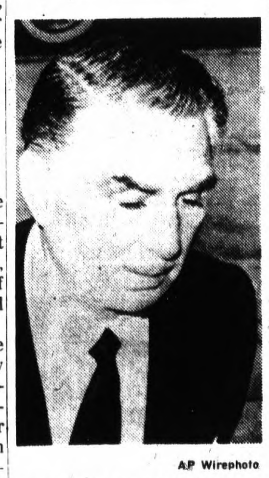

Deputies went to the firm in answer to a silent burglar alarm at 1 a.m. On their arrival they found Stadler standing in front of a cigarette machine with its front cover off.

In Stadler's possession was a screwdriver and a hammer. About $26 in change was found in his pocket. Two other vending machines had been damaged, according to deputies.

CRC Opposes Use of Mace

Because of a number of complaints about police use of Mace, a chemical pacifying agent, the Michigan Civil Rights Commission has recommended suspending its use by police departments.

Although many Michigan police departments have supplies of Mace, some have voluntarily suspended using it until more complete tests of possible harmful effects have been made.

Signs of Discontent Fail to Sway Liberian Leader

MONROVIA, Liberia (AP) — Signs of discontent have appeared in Liberia against President William V. S. Tubman but there is no sign his hold on the government is weakening.

A former Liberian ambassador to Tanzania, Henry Fahnbullah, has been accused of treason and a plot to overthrow the president with the help of the Chinese.

★ ★ ★

When Tubman visited the United States in April, signs, mostly obscene, were whitewashed on huge water pipes in Sinkor, a fancy suburb of Monrovia.

"Shameless Dog" was the most printable. "Death to all the Congo Bitches," read another, in a reference to the Congoes, the Liberians who descended from African slaves taken off slave ships destined for America and settled in Liberia early in the 19th century.

TRAITORS AT WORK

"While we were away," said Tubman on his return to West Africa, "the hands and minds of trickling traitors were at work." He then quoted St. Paul: "But none of these things move me . . . neither count I my life dear unto myself."

★ ★ ★

Unmoved or not, the county chiefs of the one Liberian political party, the True Whigs, whipped up a series of demonstrations of support for the president, who won his first election in 1943. Ten thousand students and teachers marched in Monrovia. With a warning to interfering foreigners, Liberia cast out two American Peace Corps teachers.

★ ★ ★

Tubman himself said nasty signs had appeared at the University of Liberia where one of the volunteers taught.

Rochemont Weeks, university president, has appealed for funds to develop the university. Its overcrowded campus is across the road from the glittering $6-million executive mansion Tubman had built in the early 1960s.

APPEARS DOCILE

Most well-to-do Liberians send their children to the United States or Great Britain for university education.

Liberia's sparse population of about one million appears docile, but there are growing complaints about rising prices and scarce cash.

★ ★ ★

"The salary remains the same while the cost of things have gone up," said a columnist for the Liberian Star, Monrovia's largest newspaper. He was confounded that locally manufactured goods cost as much as the same imported items ranging from cement to Club Beer, which advertises itself as Liberia's own. Imported beer costs 25 cents — Liberia uses U.S. currency — before the brewery was built; "Liberia's own" costs the same or more in some of the taverns catering to Swedish, German and American workers on the huge iron ore and rubber concessions.

FINANCIAL STAKES

The financial stakes in Liberia are bigger than ever. Rubber and iron ore production both are up 50 per cent over 1964. Government revenue has gone up 60 per cent since 1961 to about $48 million this year. But expenditure is up, too, as high as $54 million. The national debt has virtually doubled since 1963 to $258 million, meaning each citizen owes more than his per capita share of the gross national product, $225.

★ ★ ★

About half of Liberia's 100,000 salaried workers are employed by Firestone Rubber and American, German and Swedish iron ore concessionaires. Workers on rubber plantations earn less than $30 a month; pay in the iron ore digs averages about $90 a month.

Liberians profiting most from the iron ore boom, now supplying Liberia with its prime source of foreign exchange, are the approximately 1,600 who invested in Liberian Enterprises of the late American, Lansdell K. Christie, a founder of the rich Bomi Hills Iron Ore Co.

★ ★ ★

According to the company, Christie advanced Liberian shareholders 80 per cent of the $20 share price and permitted them to repay out of dividends which range about $3 annually, or 15 per cent. Most shareholders are members of the elite, descended from freed slaves returned to Africa to found Liberia. They control most government decisions.

Postprom Robbers Get $35 From Two

RANDALLSTOWN, Md. (AP) — Two masked bandits robbed two brothers Sunday as they drove their dates home from a high school prom.

★ ★ ★

The bandits halted their victims' auto by lining five glass gallon jugs across a country road.

The bandits refused to take money from the girls and allowed the four to drive off after taking $35 from the brothers at gunpoint.

BENTON HARBOR (AP) —A A cooperative center for university adult education, operated by Michigan State and Western Michigan universities has opened in Benton Harbor. The center will offer college-level courses to adults in the Benton Harbor-St. Joseph area.

Dem Candidate Takes No Stand

DENVER, Colo. (AP) — 'Let me remind you," said Arnold Alperstein, a candidate for Democratic national committeeman who said he's been criticized for not endorsing a preference for president, "that none of them has endorsed me."

Alperstein, speaking at the Denver Democratic convention, continued: "And until the condition changes, I will neither cut my hair, nor refrain from reading or writing poetry, nor will I embrace any Southern governor."

Farmer Jack's
Never Out Of Anything

Farmer Jack had "Rainchecks" made up, although he's embarrassed t'death whenever he has t'use 'em! He feels there should never be a missing food item in any of his departments, an' he's gone to a lot of trouble t'arrange for a steady flow of food replacements! Farmer Jack also knows how troublesome it is to any food shopper, an' how irritated she gets--when she comes in with her shopping list--and finds she has t'come back again, b'cause somebody at Farmer Jack's 'goofed'!

Farmer Jack's made excellent progress in overcomin' his out-of-stock problems, but he's the first to admit--that occasionally he still runs out of things like his "Double Discount" items--that are extra low priced for one week only! Farmer Jack never wants anybody disappointed, an' he goarantees delivery on everything he advertises! So, if he's out of any of the 'weekly food features'--be sure you ask for a "RAINCHECK," which entitles you to the extra low price--for two whole weeks, instead of one!

FARMER JACK'S

But Gains Outnumber Losses

Mart Averages Head Lower

NEW YORK (AP) — In a two-way stock market early Monday afternoon, gains far outnumbered losses on the New York Stock Exchange, but the averages headed lower due to softness in blue chips. Trading was moderately active.

There were about 200 more plus than minus signs on the Big Board.

The Associated Press average of 60 stocks dipped .9 to 329.1, with industrials off ½, rails off .1 and utilities off 1.1.

Du Pont lost a couple of points and International Nickel 1. Such blue chips as U.S. Steel, General Motors, Kennecott, Woolworth and Uniroyal eased fractionally. Procter & Gamble dropped more than a point.

Among the host of secondary issues, however, the trend was bullish. Some of the higher-priced glamor stocks also did well.

With much talk of hedging against inflation in the air, the preference of Wall Street seemed to lie in the direction of moderate-priced issues with hints of growth potential.

The Dow Jones industrial average at noon was off 3.80 at 891.48.

Army Doctor Asks Release

ALBUQUERQUE, N.M. (AP) — Army pediatrician Maj. John H. Gay, 29, has asked congressional help to get a release from the Army to become a missionary in Africa.

★ ★ ★

Gay, whose earlier requestes were turned down, has mailed appeals to Sens. John Stennis, D-Miss., and Clinton P. Anderson and Joseph M. Montoya, both D-N.M.

Gay and his wife had been accepted as Congo missionaries by the United Christian Missionary Society subject to his military discharge.

Particle Search May Be Over

By Science Service

WASHINGTON — One of the triumphs of physics in the early 1950s was the discovery of the pion — a subatomic particle predicted almost 20 years earlier by the Japanese theorist Hideki Yukawa as the means for transporting strong forces between particles in the nucleus of an atom.

★ ★ ★

A similar search has been going on in recent years for a particle — called an intermediate boson — that would transmit weak forces: the kind involved in the decay of some unstable particles.

Studies of particles arriving at an underground detector in Utah make some physicists think they have found intermediate bosons. But others are not sure, especially Dr. H. E. Bergeson of the University of Utah, one of the researchers.

Reporting to the American Physical Society meeting here on the Utah experiments, Dr. Bergeson cautioned against jumping to conclusions.

★ ★ ★

The tests have found evidence of the existence of a particle that needs to be explained, however, and the chance that it may be the looked for boson is appealing.

SHE REALLY SHINES — Nobody reads magazines at the Golden Razor barber shop in Omaha. It's more fun to watch the shoe shine boy, who obviously isn't a boy at all, but part-time model Dorme Charel, a 37-22-36 vision of feminine pulchritude who shines shoes because she likes the work. The bad news for customers is that she's married.

Top Teamster Hints He'll Hold the Reins

WASHINGTON (AP) — Frank E. Fitzsimmons, sitting in as Teamsters Union president for the imprisoned James R. Hoffa, hints he intends to keep control of the world's biggest union until he can run for election to succeed Hoffa.

Denying a published report that he plans to retire before the next convention of the 1.9 million-member Teamsters in 1971, Fitzsimmons, 60, said, "I will be at this business for years to come."

★ ★ ★

Fitzsimmons' statement, published in the Teamsters' magazine, appeared to confirm other reports that most top union officials discount the possibility of Hoffa getting freed in time for a convention bid to return to power.

"I hope to return," Hoffa said 14 months ago when he was carted off to the Lewisburg, Pa., federal penitentiary to serve an eight-year jury-tampering sentence.

CONTROL IS GONE

But while Hoffa still retains the title of president, without the $100,000-a-year salary, his firm control of the union is gone.

Hoffa still is fighting a five-year federal fraud sentence in connection with the use of union pension funds. This is separate from the jury-tampering conviction.

★ ★ ★

Most Teamsters leaders believe if Hoffa is paroled, it won't be until after the June 1971 convention, when his five-year term as president runs out.

But Fitzsimmons, personally chosen by Hoffa to serve as acting president, isn't expected to have clear sailing to win the Teamsters' presidency in his own right.

POWER HAS SLIPPED

Much of the power under Hoffa's firm central control of the union has slipped back to 12 regional vice presidents, who operate with a minimum of consultation with Fitzsimmons.

★ ★ ★

Several vice presidents—including Harold Gibbons of St. Louis, Murray Miller of Dallas and Ray Schoessling of Chicago—are expected to surface with presidential ambitions of their own by convention time.

★ ★ ★

With the convention three years away, informed sources are already predicting a wide open convention fight to replace Hoffa as president.

But the fight isn't likely to begin before then. Hoffa, at the 1966 convention eight months before going to prison, directed the rewriting of the Teamsters constitution to block any power play for the presidency unless both he and Fitzsimmons resign.

LITTLE LIKELIHOOD

There appears no possibility that either of them will and so the Teamsters vice presidents, virtually powerless to move before the convention, are biding their time.

Fitzsimmons appeared particularly irked at the newspaper report that he would retire, devoting an entire page in the Teamsters magazine to denying it.

★ ★ ★

"The business of representing the rank-and-file member today is too serious to let a newspaper columnist, or any one else, turn our activities to internal politics instead of the business at hand," Fitzsimmons said.

The greatest portion of the Soviet Union lies farther north than Minnesota.

3 Boys, 14, Spend 4 Days in Capsule

VERNAL, Utah (AP) — Three young science students stepped into the fresh night air Sunday after spending 100 hours sealed inside a stuffy space capsule mockup with only dehydrated food to eat.

The boys, all seventh graders aged 14, said their knees were wobbly from being confined so long. A physician pronounced them in good health after more than four days tucked in the capsule.

The endurance experiment was begun by a special science class. Students Terry Johnson, Bert Merkeley and Michael Herrington entered the aluminum capsule at 4 p.m. Wednesday following school. They got out at 8 p.m. Sunday.

The group will remain a year in Algeria rendering services in the rural areas as part of the Cuban government medical aid program to the North African Socialist country, said the broadcast monitored in Miami.

Rise of Italy Reds Tied to Lack of Government Reform

ROME (UPI) — What drove 30 per cent of the Italian electorate to vote for Communists and Communist sympathizers at a time of unprecedented prosperity in the nation?

This is the question Italians are asking themselves in the wake of the largest Communist-front advance in 20 years in returns from last week's elections.

★ ★ ★

Political commentators have generally ascribed the Communist gain to the failure of the center-left governing coalition to carry out social reforms and to weed out corruption and inefficiency in the government.

In practical terms, this means:

★ ★ ★

● University students have been driven to rioting throughout the spring because of the government's failure to keep its promise to reform a university system that has hardly been updated since the late Middle Ages.

AREA OF MISERY

● The northern half of Italy is prospering and getting wealthier all the time, but the south is still an area of misery and hardship, still living culturally and socially a few centuries behind the rest of the country.

● Italy enjoyed the second highest growth rate of any developed country in the world last year, but still 700,000 or more Italians must travel to other European countries to find work—many of them too poor to be able to take wives and children along.

★ ★ ★

● Even in the prosperous north, many workers still complain that distribution of incomes has not yet been put on a just basis.

★ ★ ★

● Any Italian who must do business with his government has to deal with one of the most slow-moving bureaucracies in the Western world, and he is likely to suspect the honesty of the particular bureaucrat he is dealing with. A succession of civil service scandals has left the populace broadly cynical toward government.

LIVE TOGETHER

● Scores of thousands of Italian couples live together for years without marrying—not because they don't want to, but because earlier marriages have failed and divorce is not permitted in Italy.

These are just some of the causes of social discontent in the country.

Paradoxically, the Communist vote is traditionally highest in the most economically advanced areas.

This may be partly because many of the factory workers in the prosperous areas have only recently come from the poor south.

★ ★ ★

Pulled away from their roots, they have not yet succeeded in integrating themselves into the new society in which they live.

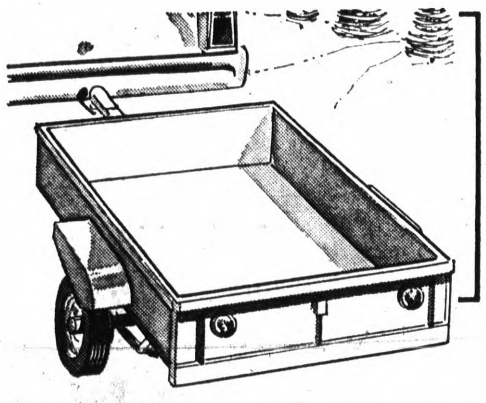

★ ★ ★

They remain outsiders and thus identify with the political outsiders—the Communists. Others among them vote Communist simply because they feel they aren't getting a big enough slice of the cake.

FOUR DIED — Four persons were killed and another seriously injured in the collision of these autos yesterday on M54 about 10 miles north of Flint. Police said one car skidded and the other struck it broadside in the rain.

4-Death Crash · Scars Weekend

By The Associated Press

At least 30 persons were killed in Michigan traffic accidents over the weekend, including a brother and sister who died in a two-car collision near Flint yesterday.

The count of nighway deaths began at 6 p.m. Friday and ended midnight Sunday.

Jack David Starkel, 19, and his sister, 18-year-old Jeannie Margaret Starkle, both of Frankenmuth, were killed in the two-car collision near Flint which also claimed the lives of Billy Joe Harris, 33, of Flint and Barbara Jean Keith, 26, of Birch Run.

Joe Starkel, 16, brother of Jennie and Jack, is in poor condition.

Authorities said the car driven by Miss Keith skidded on a highway north of Birch Run and was struck broadside by the car driven by Harris. The Starkels were passengers in the Keith car.

VICTIMS LISTED

Other victims:

William Liinatia, 60, of Livonia, whose car hit a tree in Wayne County's Canton Township yesterday.

French Workers Reacting Coldly to Strike Accord

PARIS (AP) — French union officials, management and the government reached agreement on wage issues today to end the nation's 11-day strike, but the immediate response from French workers was "non."

Meeting at big factories in Paris, Lyon, Marseilles and Nantes, they rejected the

Related Story, Page A-10

settlement and for the first time since the strike began Paris was hit by scattered electricity cuts.

★ ★ ★

Employes of the state-run gas and electricity company were angry because a meeting on their grievances had been put off.

Union leaders toured the strikebound factories explaining the agreement. The workers shouted their disapproval at the nationalized Renault automobile works and the privately owned Citroen plant.

MORE TURNDOWNS

Other workers were also voting to continue the strike — at the Berliet truck plant and the Rhodiaceta-Vaise plant at Lyon, the nationalized Sud Aviation airplane plant at Nantes, where the strike wave originated, and the Snecma nationalized airplane engine factory in Paris.

Trouble developed in another spot this morning when bakery workers went on strike in Toulouse. Only a few residents of the suburbs were able to get bread, a staple of the French diet.

★ ★ ★

None of the union leaders would predict whether the 10 million striking workers would accept the pact and end the giant defiance of President Charles de Gaulle's government. But Georges Seguy, secretary general of the Communist-led General Confederation of Workers, said the decisions should be made "in a short time."

If the settlement is ratified by the workers, its cost may force de Gaulle to curtail or even abandon such expensive items as his nuclear strike force and large-scale aid to developing countries. He may also have to dig deep into France's hoard of gold which he has been using to put pressure on the dollar and the British pound.

SECOND FRONT

Although the labor front was looking up, Pompidou was plagued with the possibility of more trouble on the second front of France's crisis, the student rebellion.

The National Students' Union called a 24-hour demonstration to begin today against alleged police provocations which it claimed were responsible for the bloody rioting in Paris Thursday and Friday nights.

★ ★ ★

The Interior Ministry gave the students permission for a street march followed by a meeting at a stadium. Leaders of the students' union pledged that the demonstration would be nonviolent, but radical groups who have been talking revolution refused to join in the pledge.

Heavy riot police forces were expected to be on hand in the Latin Quarter to break up any menacing gathering "with neither weakness nor delay," as Pompidou threatened over the weekend.

The premier's tactic has been to give priority to the workers' demands since the general strike is having the more serious effect on the nation's economy and its life.

RFK Woos Undecided Voters

PORTLAND, Ore. (AP) — Sen. Robert F. Kennedy courted the undecided voter in Oregon today while Sen. Eugene J. McCarthy claimed "every sign" now points to a hefty vote in his column in Tuesday's Democratic presidential primary.

And Republican Richard M. Nixon said supporters of two absent GOP rivals, Govs. Ronald Reagan of California and Nelson A. Rockefeller of New York, are working in tandem in an effort to stop his drive for the White House nomination.

★ ★ ★

The former vice president said he does not think that effort will succeed, and forecast he will get 55 per cent of the GOP vote tomorrow.

Kennedy and his top lieutenants believe a substantial bloc of Oregon Democrats are still undecided in the final hours of a hectic campaign, and they are concerned because in past outings, McCarthy appeared to have scored well with late-deciding voters.

WOULD BE AN UPSET

A McCarthy victory would be rated an upset.

While the candidates traveled, their organizations waged heavy, last-minute television campaigns.

One key question on the minds of the Democratic campaigners: How big a share of the vote will President Johnson capture from people who want Vice President Hubert H. Humphrey to become the nominee?

Both the Kennedy and McCarthy camps indicated their surveys of voter opinion pointed to a tight race.

ABITIOUS FINAL DAY

Kennedy mapped an ambitious final day of campaigning, covering Portland and seven other cities in a 12-hour sprint. Then he was to fly to Los Angeles, and spend Oregon's election day campaigning for the California primary on June 4.

McCarthy was concentrating on Portland in his windup.

Nixon said Rockefeller will have to make his best showing of the year tomorrow if Oregon is to provide any nourishment for his campaign. "This is Rockefeller country, or supposed to be," Nixon said, recalling the New Yorker's victory here four years ago. "He will have to do well or suffer a setback."

That summed up Kennedy's situation, too, since his strategy is based on a sweep of the primaries, to propel him into what he sees as a showdown contest with Humphrey at the Democratic national convention.

Oregon's primary will deliver 35 nominating votes to the Democratic winner, 18 to the Republican. The primary binds the delegations on the first two ballots, until released, or until its candidate fails to get at least 35 per cent of the convention vote.

Crossover voting is not permitted.

Paris Session Lasts 4 Hours; Vance Set to Leave for U.S.

PARIS (AP) — U.S. and North Vietnamese envoys conferred for more than four hours in the fifth session of talks on the Vietnam war today. They adjourned then until Friday morning.

Cyrus R. Vance, No. 2 man in the U.S. team, prepared to fly to Washington for a firsthand report to President Johnson.

★ ★ ★

Vance's report presumably will provide a basis for a top level review of U.S. strategy in the search for peace, but American officials here expect the main line of developments to continue unchanged.

★ ★ ★

Vance is deputy to Ambassador W. Averell Harriman, chief of the U.S. negotiating team. Harriman and North Vietnamese Ambassador Xuan Thuy started their third week of meetings today in the International Conference Center.

MAJOR ISSUES DEADLOCKED

The major issues in the talks are deadlocked, but Western diplomats believe North Vietnam is edging toward a concession to the U.S. demand that it admit the presence of its troops in South Vietnam.

This view is based on a statement in Hanoi Friday by Premier Pham Van Dong. He said the Vietnamese people "have the right" to go fight "wherever the enemy exists."

★ ★ ★

U.S. officials denied at the time that this implicitly admitted the presence of Hanoi's troops in South Vietnam, but they do not deny the possibility that North Vietnam is preparing the basis for such an admission.

Today, Hanoi's army newspaper said it was the duty of "all Vietnamese to fight the American agressor in all Vietnam to final victory.""

85,000 TROOPS

The U.S. Command in Saigon estimates that North Vietnam has 85,000 of its troops in the South. Harriman has argued that such problems of peacemaking as these troops will be impossible to solve unless they are dealt with realistically.

★ ★ ★

Both Harriman and Thuy have recognized the possibility that the talks may fail, but both appear satisfied to move slowly toward a showdown on the main issue now before them—the end of all U.S. attacks on North Vietnam.

★ ★ ★

American officials say the United States cannot possibly stop the remaining bombing and shelling of targets in the North unless the Hanoi government cuts the heavy infiltration of recent months or gives some other evidence of de-escalation.

U.S. officials expect much more hard fighting in the South. Their reasoning is that the high command in Hanoi wants to destroy a major U.S. unit, to capture and hold part of Saigon, or to seize some smaller city as a means of gaining strength at the conference table in Paris.

★ ★ ★

Authorities who see this military action as fundamental to North Vietnamese strategy say the talks are likely to go very slowly for that reason. Meanwhile, both sides are conducting a propaganda fight.

North Vietnam has so far rejected all U.S. demands that it curtail military action in order to justify a complete halt in attacks on the North. It claims that the United States is the aggressor and must stop without getting any compensation.

To Honor War Dead

Memorial Day Plans Set

Pontiac's Memorial Day parade Thursday is scheduled to begin at 10 a.m. at Lafayette and Oakland, in front of the First Baptist Church. Parade formation begins at 9 a.m.

The parade, commemorating those Americans who have died in battle, will go south to Saginaw, then east to Auburn and north on Wide Track to City Hall.

A wreath will be placed at the foot of the Civil War statue.

Marchers will proceed to Perry Mount Park Cemetery where veteran's groups will place wreaths in the veterans lot.

AMVETS WIN TROPHY

The Floyd Cramer Trophy will be presented to the Jimmy Dey Amvets Post 12 for having the largest percentage of men marching in the parade. The award was based on letters sent in previously listing number of men to be in the parade. Some 50 organizations and groups will march.

The parade, sponsored annually by the Pontiac Memorial Day Association, was first organized in 1957.

★ ★ ★

The late Floyd Cramer, who was head of the Oakland County Veterans' Affairs Office, organized the association.

The invocation and benediction for the ceremony will be given by Rev. Charles F. Rooney, associate pastor of St. Michael Catholic Church.

Spock, 4 Others Face Long Trial

BOSTON (AP) — What apparently will be a long trial for Dr. Benjamin Spock and four codefendants entered its second week today.

Prosecution testimony in the draft evasion conspiracy case has centered on a meeting last October inside the Department of Justice building in Washington.

An FBI agent from Washington was scheduled to testify for the government following the weekend recess.

On trial with 65-year-old baby doctor are Yale Chaplain William Sloane Coffin Jr., 43; Michael Ferber, 23, a Harvard graduate student; Mitchell Goodman, 44, a New York writer and teacher; and Marcus Raskin, 33, a Washington research director.

May Rainfall Record Tumbles

Color the Pontiac, Oakland County and Michigan weather scene wet with a capital "W. So wet, in fact, "the only man in the county who smiles when it rains," Carman McLarty, district forest fire supervisor, is laughing out loud as rainfall records tumble.

"Before going into Sunday's rain," said McLarty, "we were concerned not only about area forest fires but also that the muck areas were drying out and possible peat fires were threatening."

★ ★ ★

Yesterday's all-day rainfall totaled 2.56 inches, breaking the May 26 record and setting a rainfall record for any day in May. Previous May 26 record was 2.41 inches, set in 1932.

Between midnight Saturday and 10 a.m. today, 3.75 inches of rain fell on the Pontiac area, .45 inches more than the previous amount of precipitation totaled for this month.

ABOVE NORMAL

As of this morning's accumulation, the total amount of rainfall for May is 7.05 inches, 4.91 inches more than the expected normal rainfall for the area.

Rain accumulation in May normally totals 2.14 inches. Total rainfall chalked up during all of May last year was 1.6 inches.

Power failures early today inconvenienced residents in two areas of Oaklan County during the deluge.

In Bloomfield Hills, in an area bounded by Lahser, Squirrel, Hickory Grove and Lone Pine roads, approximately 1,000 customers were without service from 1:34 to 6:25 a.m.

LINES DOWN

Power lines were down on a hill east of Kensington Road, according to a Detroit Edison representative. The Academy of the Sacred Heart Convent and school were also affected.

Approximately 400 customers were without electricity in White Lake and Springfield townships in the vicinity of White Lake and Ormond roads when an equipment malfunction interrupted service. The electricity went out at 12:10 a.m. and was restored at 4:20 a.m.

Water covered sections of several main roads throughout the area. Ac-

Reds Quicken Viet War, Fire New Soviet Ack-Ack

SAIGON (AP) — The Communist command intensified the Vietnam war over the weekend and for the first time introduced Russian long-range antiaircraft guns to its beefed up air defenses just above the demilitarized zone.

Allied forces reported killing more than 1,000 enemy troops in a weekend of savage fighting from the outskirts of Saigon to the demilitrized zone.

In keeping with Hanoi's proclaimed "fight and talk" policy, the Communist command's push came as North Vietnamese and American negotiators prepared for their fifth meeting today in the Paris cease-fire talks.

American casualties were reported as 54 killed and 192 wounded in the series of battles. South Vietnamese losses were termed light.

SHARP SAIGON FIGHTS

Sharp fighting continued on three sides of Saigon today. The Viet Cong was believed moving 500 to 1,000 troops toward the capital.

The heaviest fighting over the weekend came in the northern sector, where North Vietnamese troops renewed their pressure on the U.S. Marine headquarters at Dong Ha, and in the central highlands, where a massive campaign may be shaping up.

★ ★ ★

U.S. spokesman said superior allied firepower led to enemy defeats in most of the clashes, but American troops appeared to have been set back in at least two places.

About 800 North Vietnamese overran a section of the perimeter and four bunkers at a U.S. 4th Infantry Division patrol and artillery base 11 miles west of Dak To in the central highlands. In more than seven hours of fighting, 14 U.S. infantrymen were killed and 56 wounded. U.S. fighter-bombers joined the battle and the enemy retreated in thick fog.

Poor People to Carry Fight to Agriculture Dept. Today

By AUSTIN SCOTT

WASHINGTON (AP) — A demonstration at the Agriculture Department headed the tentative agenda for the Poor People's Campaign today, but organizers wouldn't guarantee they could pull it off. off.

"We just may sit in on Secretary of Agriculture Orville L. Freeman until we persuade him to go with us to Congress," the Rev. James Bevel told a Sunday morning prayer session at Resurrection City, U.S.A.

Bevel said the demonstration in support of more federal food programs would probably be rescheduled for tomorrow if it can't be mobilized today.

His announcement was in keeping with yesterday's announcement by the Rev. Ralph David Abernathy, campaign leader, that this week—the third of Resurrection City's brief existence — would see a move "full swing into nonviolent activities."

OPEN HOUSE

Yesterday was primarily a day for housekeeping and greeting visitors at the campground of little plywood huts that now nearly fills its assigned 15 acres in West Potomac Park; near the Lincoln Memorial.

Two days of broiling weekend sun baked the muddy swamp that engulfed the city last week back to a hard clay surface, and the "city manager," the Rev. Jesse Jackson, declared an open house from 1 p.m. to 6 p.m.

★ ★ ★

Dozens of visitors strolled slowly down the western frontier-style board sidewalk along Abernathy Boulevard, taking pictures of residents lounging in front of their sweltering homes.

A dozen volunteer carpenters, some Negroes in work clothes and some whites wearing hippie-beads and beards, labored over the half-finished day-care-center building that sprawls next to the trees in the camp's southeastern corner.

SHADY GROVE

Nearby in a shady grove, a group of two-dozen Negroes, Indians and whites tried to put together an imaginative series of plastic-covered triangular buildings to house the piles of bedrolls and baggage they had scattered around the site.

Three volunteers put on a puppet show for children in front of a pink canvas tent near the plywood hut marked "Many Races Soul Center."

★ ★ ★

A dozen demonstrators chained themselves together to picket the White House briefly yesterday. They left peacefully when police asked them to.

In New York, plans were announced to send up to 5,000 Puerto Ricans to the shantytown depending on how much money could be raised. And several thousand persons marched up Fifth Avenue in a parade honoring the slain originator of the Poor People's Campaign, Dr. Martin Luther King Jr.

More Flooding Threatens Ohio

By United Press International

Widespread rain fell from Minnesota through the South and Southeast today, increasing the danger of flooding in Kentucky and Missouri and threatening more woes for waterlogged Ohio.

After a week of rain and flood, waters were receding in Ohio yesterday, but more rain threatened to reverse that. The state has been wracked by some of the worst flooding since 1913, and Gov. James A. Rhodes has asked President Johnson to declare 27 Ohio counties flood disaster areas.

★ ★ ★

Sixteen roads were closed by flooding streams. Many residents of Laurelville, population 400, were evacuated. At Ohio University in Athens, 1,250 students were homeless. Authorities said evacuees could return to their homes as the water fell.

Today, six hours of rain poured 1.95 inches on Lockbourne Air Force Base, while nearby Columbus, Ohio, had 1.39 inches.

Birmingham

Commission to Air Hassle on Crossover

BIRMINGHAM — The City Commission will again take up the question of the controversial Forest Street crossover at tonight's meeting at 8.

The commission and the State Highway Department have reached agreement on the construction of a medial turnaround south of Maple on Hunter on a matching fund basis.

★ ★ ★

However, differences still remain on the question of whether to close the Forest crossover (just south of Maple) when a medial turnaround further south is constructed.

The department has objected to keeping Forest open, saying that the commission's proposed alternative of prohibiting left turns at the Forest crossover would simply create additional traffic problems.

'SIGNIFICANT REDUCTION'

In a letter to the commission in March, H. H. Cooper, director of the department's traffic and safety division, said that keeping the Forest crossover open would "significantly reduce" the benefits of the traffic plan for the area.

However, the board of directors of the Birmingham-Bloomfield Chamber of Commerce has registered its opposition to the closing of the crossover, declaring in a letter, "It is our firm belief that the closing of this street to traffic across Hunter will do irreparable harm to the residential and business community.

★ ★ ★

"We believe this decision will be extremely costly to the total community in the future compared to the present dollars saved by acceding to the highway department's wishes," the letter added.

The commission six weeks ago approved the department's plans for construction of the turnaround along with the closing of the Forest crossover, subject only to the stipulation that a traffic signal be placed at Forest on the southbound side of Hunter.

WOULD AGREE NOW

The department refused at that time. However, a letter dated May 20 from Paul J. Riley, department district traffic engineer, indicates that the department will agree to the signal now.

"I have reviewed the traffic counts that the city took in the latter part of April of this year and compared them with the traffic counts my department took approximately one year ago. The eastbound traffic on Forest has more than doubled," Riley said.

★ ★ ★

"In reviewing the counts with my Lansing personnel," he continued, "it was agreed that a signal would be placed at Forest and southbound Hunter if the crossover were closed."

City Manager Robert S. Kenning has recommended that the plan be approved as presently proposed.

STOP SIGN OPPOSED

Also on tonight's agenda is a report from the traffic and safety board, recommending that a request from residents for a stop sign at Abbey and Oxford be denied.

The board cited low traffic volume and the good visibility at the intersection in the recommendation.

★ ★ ★

A. P. Blethen, superintendent of the department of public works, has made recommendations on the awarding of bids for blast furnace slag and asphaltic oil, two components of the city's seal coat program.

Blethen recommended that the bids be awarded to the low bidders, Edw. C. Levy Co. for 1,500 tons of slag at $3.80 per ton, and Standard Oil Co. for 25,000 gallons of oil at 14.28 cents a gallon.

Survey Shows Wide Edge

Pennsylvania Dems for HHH

PHILADELPHIA (AP) — Vice President Hubert H. Humphrey is the overwhelming presidential choice of committed Pennsylvania Democratic delegates, an Associated Press poll showed today.

The poll showed him running 27 to 1 ahead of Sen Robert F. Kennedy and 3 to 1 in front of Sen. Eugene J. McCarthy.

★ ★ ★

Pennsylvania, with 162 delegates, will have 130 votes at the party's national convention in Chicago Aug. 26. This is about 10 per cent of the number needed to win the nomination. The delegation is third largest among the states.

LISTS VOTES

The survey lists these Pennsylvania votes:

Humphrey 63¾, McCarthy, 19, Kennedy 2¼, uncommitted or unreached 45.

It is almost a clear majority with a third of the votes still up for grabs.

Humphrey supporters are headed by former Gov. George M. Leader, and they claim nearly all of those who still have "no choice" will be with the vice president on the convention's first roll call.

Humphrey said he preferred not to comment on the poll and would rather wait until delegates themselves take definitive action.

This could come today in Harrisburg.

A formal meeting of Pennsylvania delegates has been scheduled. It is possible the leaders of the state organization, who have tried to maintain official neutrality, may leap on the Humphrey bandwagon.

NEW HEART, NEW HOPE—Joao Ferreire da Cunha, a 23-year-old Bazilian cowboy, is the 17th person in the world and the first in Latin America to receive a transplanted heart. He received the heart of a 20-year-old unidentified traffic victim in a 5½-hour operation yesterday.

1 of 9 Survives Boating Mishap

WELLS BEACH, Maine (UPI) — Helicopters, boats and planes swept the chilly waters off Wells Beach early today, seeking the bodies of two of eight persons drowned in a boating accident yesterday.

The sole survivor among nine persons from the Springfield, Mass., area who came to Maine on a weekend family outing was Arthur Savageau Jr., 20, of Springfield, who was picked up some time after their boat overturned. The victims included five children.

★ ★ ★

The eight victims were plunged into the sea when their 15-foot outboard motorboat capsized about two miles off Wells Beach in waters whipped into three- and four-foot waves by a sudden change in the weather.

Wells Beach Fire Chief Donald Moody said someone in a beach cottage sighted the blue-and-white boat and notified his department at 4:15 p.m. — about four hours after the accident.

ENLISTED HELP

Moody enlisted the help of the charter fishing boat Finest Kind to the scene and rescued Savageau, who was sitting in the swamped boat.

Savageau was taken to York Village Hospital, where he was treated and released. He told authorities the group had been on a weekend camping trip and was out fishing when the boat capsized.

★ ★ ★

The other eight were identified as: Arthur Savageau, 13, Leonard Savageau, 36, Eugene Besner, 20, and Ernest Savageau, 12, all of Springfield; Arthur Savageau, 38, Dennis Savageau, 15, Arthur Hamilton, 8, and Leonard Savageau, 14, all of East Longmeadow.

Court Order to Delay Decision on Waterford Land-Fill Zoning

A decision from the Waterford Township Board of Zoning Appeals on a proposed 50-acre land-fill off Maceday Lake Road probably won't be reached until the third week in June, a member of the board said today.

The board met briefly Saturday and then adjourned to undertake review of five volumes of testimony taken during five previous public hearings on the issue.

★ ★ ★

The method of considering the problem only through reading of the transcripts was ordered by Oakland County Circuit Judge Clark J. Adams in connection with a suit filed by a processing and reclaiming firm.

Robert Richmond, secretary and member of the board, said that it will be at least June 20 before all the material can be digested and a public hearing scheduled on the question.

Judge Adams has given the board until July 1 to make the decision.

The case had gone to Adams after the township planning commission rejected the request of Donald Freeman and David Ward, partners in the Waterford Processing and Reclaiming Co., to operate the land-fill site.

★ ★ ★

Adams, however, said the suit was premature since they had not exhausted all local means of getting relief.

The land-fill operation is planned near Ward's Gravel Pit.

POLLUTION FEARED

Local residents have objected to the proposal on grounds the land-fill eventually will cause the pollution of nearby lakes.

About 40 persons attended Saturday's half-hour meeting, at which time they were told of the court order which restricted the board from accepting further testimony.

Caribbean Honeymoon ... Poleses

Following a reception Saturday at the Roosevelt Hotel, Edwin Anthony Polese Jr. and his bride (nee Michal Joy Bright) departed for a Caribbean honeymoon.

The daughter of Mr. and Mrs. Henry S. Bright of North Adams Road, Avon Township and son of the senior E. A. Poleses of Hicksville, N.Y., were wed earlier that evening in St Paul's Methodist Church, Rochester.

Attended by Bonnie Rose, the bride chose a day length crepe ensemble highlighted with a yoke of Brussels lace. A Dior bow capped her veil of illusion and she carried a colonial bouquet of white daisies with ivy.

Ladies Told—Be Bold About Auto Repairs

When you drive into a garage, ladies, don't be embarrassed to say that "The thingamabob makes a ping." Just notice how the repairman answers you.

That is the advice of Mrs. Lucille Treganowan, a comely mother of three who also is an expert mechanic, a partner in a Pittsburgh garage and an active campaigner for the Independent Garage Owners of America.

★ ★ ★

"Make sure the serviceman checks before he says you need a new anything," she cautions. "For example, if your battery goes dead, be very leery if he recommends a new generator without checking your car thoroughly.

"Beware of bait advertising and of low, low estimates. Good mechanics are hard to find and labor is high for dismantling and reassembling major parts. If it doesn't seem possible to you that a specific job can be done that cheaply, it probably can't and you may end up paying much more because of 'extras.'

CHECK UP

"Insist on an itemized bill and ask to see any part that was replaced.

"Check the physical appearance of the garage. No garage can be immaculate but it should be clean and neat.

"Once you find a reliable garage—stick to it."

Mrs. Treganowan's garage has long been a member of IGO, an organization of more than 4,000 garages across the country as well as a representative of 400 independent parts manufacturers.

★ ★ ★

"We follow a nine-point code of ethics that effectively maintains our business integrity," she explained. "That's important for every customer but especially women who usually are not experts in this field."

Betas Will Finance Camping Trip

Alpha chapter, Beta Theta Phi Sorority, voted to use proceeds from a recent benefit sale to send a girl to camp at Camp Oakland this summer. Their May social meeting was held at the Clinton River Drive home of Mrs. Arthur McKinniss.

Mrs. Jewell Graunstadt presented a talk on self-improvement.

Election of officers will take place at the June meeting with Mrs. Charles Irish of Highland Road as hostess.

Old Ties Win Ribbon

LOUISVILLE, Ky. (UPI) — Mrs. Laura Watson is not one to waste anything. She used a number of her husband's discarded old neckties in making a quilt. She entered the quilt in the Kentucky State Fair and won a blue ribbon.

Why Grow Old?

BY JOSEPHINE LOWMAN

Q. I have fair, pale, skin and dark blonde hair, which I intend to lighten. My eyebrows are thick and a dark walnut brown. How can I lighten them? Could I buy dye for my hair, the color I want it to be, and use some on my eyebrows? If not, why not?

A. Absolutely not! The brows can be dyed but this should be done by an expert. The reason is that you might endanger your eyes. Do not fool around with this, please!

★ ★ ★

I do not know why you want your brows to be the same color as your hair. The contrast of darker brows is most becoming. It seems to me that you have a nice combination now, with fair skin, blonde hair and darker brows. However, if you are going to lighten your hair and want to change the color of your brows, get professional help. If your brows are too heavy you can calm them with a little shaping.

★ ★ ★

Q. My eyes look too round. I want to make them appear longer with an upsweep look. How can I do this with shadow and false lashes?

A. Extend the liner a bit beyond the outer corners of the eyes with a little upswing. Do the same with shadow, narrower at the inner corners of the eyes and up and out toward the outer corners. Have the lashes shorter at the inside corners of the eyes and gradually increase their length toward the outer corners.

★ ★ ★

Q. Is it possible to reduce my tummy without dieting? I know I am overweight but am well proportioned except for my bulging tummy. I am 5'3" tall and weigh 150 pounds. I would be happy if I could just reduce that one measurement.

★ ★ ★

A. Once upon a time they used to cut off the head of the bearer of bad news. I am glad I am not right by you now, because I have to tell you that you must count calories as well as exercise. You are too much overweight to flatten your tummy without a loss of pounds. You can speed the loss in inches by concentrating on abdominal slimming exercises during your dieting trek.

★ ★ ★

I am sure that you will find that your whole silhouette will be lovelier after losing overweight. Your health will be better too!

Raw Meat May Cause Infant Disease

SAN FRANCISCO (UPI) — Eating raw meat, particularly raw hamburger, may lead to certain infectious diseases, says a University of California Medical Center physician.

Dr. G. Richard O'Connor, associate director of the Francis I. Proctor Foundation for Research in Ophthalmology, identified the disease as congenital toxoplasmosis which affects the eyes of newborn infants.

★ ★ ★

"We think there is a possibility that mothers may transmit the disease to their infants. When the disease occurs, we find that the one thing many of these mothers have in common is that they have eaten raw meat sometime early in their pregnancy," he said.

★ ★ ★

Dr. O'Connor reports that toxoplasmosis is caused by a tiny parasite which is found in many animals used for meat production. He feels that mothers-to-be should not eat raw meat, especially during the early months of pregnancy, and that perhaps the same restriction should apply to raw eggs.

Wash Broom Regularly

A fiber broom will last much longer if you wash it every few weeks in two quarts of warm water to which you have added four tablespoons of household ammonia. Let the broom soak in this solution for 30 minutes, douse up and down a few times, rinse in warm water and hang in a cool place until dry.

Junior Editors Quiz on OLD HICKORY

QUESTION: Why was one of our presidents called "Old Hickory?"

ANSWER: The president who is featured in our picture was born in 1767 in a log cabin near the state line between North and South Carolina.

As a boy of 13, he fought in the Revolutionary War and was captured by the British. He was ordered to polish a British officer's boots, but refused, claiming the rights of a prisoner of war. The officer struck him with his sword, giving scars which lasted a lifetime.

Orphaned at 14, the boy became a lawyer and was elected to Congress in 1796, finally becoming a justice of the Supreme Court of Tennessee. In 1801 he was a Major General in the Tennessee militia and rose to national fame in the War of 1812.

One of his soldiers spoke of him as "tough." "Tough as hickory" replied another, and the nickname "Old Hickory" was bestowed on him.

Elected president in 1829, he gave strong leadership and championed the rights of the people. "Let the people rule" was his motto. The name of gallant, brave "Old Hickory" was Andrew Jackson, 7th president of the United States.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed to Junior Editors in care of this newspaper, is selected for a prize.)

Numeral Grades Likely

EAST LANSING (AP) — Michigan State University soon may do away with its present system of A-to-F grades in favor of a numerical system with 10 grades — from 0.0 (failing) to 4.5 (superior A).

★ ★ ★

Such a system, proposed by MSU's educational policies committee, has been passed by both the academic council and academic senate of the university.

It now only needs approval of the board of trustees to become university policy.

Advocates of the numerical grading system say it would allow teachers to make finer distinctions among the achievements of students and to indicate degrees of passing and failing.

Alewife Cleanup Is Set

CHICAGO (AP) — Michigan and three other Great Lakes states have joined the federal government in a $500,000 plan to rid Lake Michigan of dead alewives this summer.

The tiny fish died by the billions last summer, fouling shore waters and causing millions of dollars in tourist business losses in Michigan, Wisconsin, Illinois and Indiana.

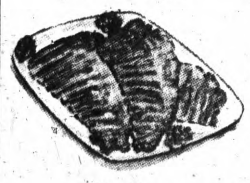

★ ★ ★

The federal government will put up $250,000 with each state contributing $62,500.

Nigeria Peace Talks in Last-Ditch Effort

KAMPALA, Uganda (AP) — Negotiators from Biafra and Uganda sat down today in a final effort to salvage talks aimed at ending Nigeria's 10-month-old civil war.

Sir Louis Mbanefo, head of the Biafran team, and Nigerian delegation leader Chief Anthony Enahoro met with President Milton Obote of Uganda and Commonwealth Secretary Arnold Smith.

* * *

Mbanefo had threatened to take his delegation back to Biafra because of repeated delays in getting down to the question of a cease-fire.

The Biafrans have complained that the Nigerians delayed the meeting a half hour Sunday, 90 minutes Saturday and one hour Thursday.

DISAPPEARANCE

Enahoro said the delays resulted from the disappearance Thursday of a Nigerian confidential secretary. He said Lagos had at first ordered him to hold off the talks pending a report on the missing man. Later, he said, he received orders to continue without the secretary.

Mbanefo countered that the Nigerians would rather talk about one missing man than about halting a war killing hundreds daily.

* * *

Mbanefo had said the talks would fail unless the federal government agreed to an immediate cease-fire.

"If they don't, there is no point in our staying on," he said.

* * *

Nigeria insists there will be no cease-fire until the Biafrans give up their claim to sovereignty.

Nixon's Diet Used to Catsup

PORTLAND, Ore. (AP) — Richard M. Nixon, answering questions on a campaign television broadcast, was asked how he keeps his weight down.

"I eat cottage cheese until it runs out of my ears," he said. "I put catsup on it. If you put catsup on it, it doesn't taste like cottage cheese at all."

Stricken Crewman Airlifted From Ship

CHICAGO (AP)— A stricken Merchant Marine fireman on a coal freighter bound for Muskegon, Mich., had to be airlifted off the vessel and returned to Chicago by helicopter.

* * *

Clarence Elder, 40, of Inman, S.C., was hospitalized at Chicago with a painful kidney ailment. He was reported in good condition.

* * *

Morris Wheeler, captain of the J.F. Schoellerkopf, said Elder began complaining of severe pains about three hours after the freighter left Chicago for Muskegon Saturday.

* * *

Wheeler informed the Coast Guard, which dispatched a Chicago Fire Department helicopter to pick up the seaman.

Snow Is Melted; Rings Are Found

SEATTLE (AP) — Last January, Mrs. Albert James dropped her wedding and engagement rings in the snow when removing a ski glove at Snoqualmie Pass. Forest Ranger Ken White told her he would chart the spot and look for the rings when the snow melted.

Mrs. James had them back Saturday. White's son, Greg, 6, found them.

New, Old Aid Young Pro in Memphis Open Victory

MEMPHIS, Tenn. (UPI) — Californian Bob Lunn credits a new driver and an old putter for the four rounds of sub-par golf that gave him the $20,000 top prize Sunday in the 11th annual Memphis Open.

Lunn, 23, a Sacramento, Calif., native who bills him self as the "tomato juice kind," toured Colonial Country Club with a three-under-par 67, which when matched with a first round 65 and two 68's, gave him a 72-hole total of 268, 12-under par.

The purse boosted his winnings for the year to more than $34,000, enough to make him 25th on the PGA listing of the top 60 money winners.

Lunn won the 1963 National Public Links title.

★ ★ ★

Another public limks titlist, Monty Kaser, 26, nailed down the $12,000 second place money with a birdie on the par 5, 18th to outstrip Lou Graham, Saturday's leader, who faltered on No. 15 with a bogey and on No. 16 with a double-bogey.

Graham and B. R. Mac McLendon, another early leader in the tournament, tied for third place and carried home $6,250 each.

MONTE CARLO (AP) — Graham Hill of Britain has lengthened his lead in the 1968 world driving championships with his fourth, and perhaps easiest, victory in the Monaco Grand Prix.

Driving a Lotus, Hill grabbed the lead in the third of 80 laps and no one caught him as he beat countryman Richard Attwood in a B.R.M. by 2.2 seconds Sunday.

Only three others finished the twisting 160-mile course well known for its difficulty. The other 11 starters, including former world champions Jack Brabham and John Surtees, left with mechanical troubles.

Toledo Splits Doubleheader in IL Action

By The Associated Press

Rochester split a doubleheader with Toledo Sunday to keep a tight grip on the International League lead.

Rochester lost the first game 5-1, but came back to take the nightcap 4-2.

All the scoring in the first game took place in two half-innings.

★ ★ ★

Rochester's lone run came off a solo homer by Merv Rettenmund—the first Red Wing to step to the plate.

Toledo scored five runs in the third. With two out, Toledo stretched a six-hit skein, with the big blow coming when Lennie Green got his first homer of the year.

★ ★ ★

In the second game, Tom Arruda, who has four of the Red Wings' five complete games, gave up only six hits to pick up his fourth win in five decisions.

2 Sought in Manhunt

SAN LUIS OBISPO, Calif. (AP) — The search for two escaped mental patients swung to San Francisco today after the release there unharmed of the last of four hostages and the recapture of one patient.

Frank Svehla, 53, the last hostage, hailed a passing patrol car in San Francisco about 4 a.m.

He and three others were seized when the three patients fled Atascadero State Hospital Sunday. Svehla is a psychiatric technician.

The three, all with criminal records, armed and considered extremely dangerous, stabbed two guards, Sgt. Dave Baro and Robin Moore, when they broke from the hospital 20 miles north of here.

They took the wounded guards, Svhela and Mrs. Dorothy Warren, 40, also a psychiatric technician, as hostages.

Sheriff's officers, police and highway patrolmen threw up road blocks throughout the county.

Officers captured Robert Higuera near Pismo Beach, 12 miles south of here.

Latest Heart Recipients Doing Well

SAO PAULO, Brazil (UPI) — A heart taken from an unidentified accident victim kept the "Midnight Tea" of death today from the bedside of a young cowboy from Brazil's wild Mato Grasso state.

Joao Ferreira da Cunha became the world's 17th and Latin America's first heart transplant patient yesterday. The stocky 23-year-old cowhand, apparently doomed by a tropical disease that had attacked his heart, received the heart of a young man who had been run down by a car on the outskirts of this big industrial city.

The donor carried no identification. His only possession was a pack of cigarettes.

Doctors said Ferreira da Cunha was "totally lucid and completely conscious" after completion of the 5½ hours of surgery. They said he talked so much they had to tell him to be quiet.

16TH RECIPIENT

In Richmond, Va., doctors reported today that the world's 16th transplant recipient, who received a new heart Saturday, was in satisfactory condition. Hospital authorities refused to identify him but there were reports he is Joseph G. Klett, 54, Orange, Va.

The Brazilian recipient entered the hospital March 6 suffering from Chagas disease, a tropical ailment transmitted by a bug. The disease attacks the heart and slowly kills its victims, and Ferreira da Cunha had resigned himself to death.

★ ★ ★

"They're pleasing me too much," Ferreira da Cunha had said of his treatment at the hospital. "I think today's the day for the Midnight Tea."

In the slang of Brazil, "Midnight Tea" means death.

YOUNGEST YET

Ferreira da Cunha agreed when doctors proposed the transplant operation. He signed his name to the authorization laboriously because he can barely write. The cowboy of mixed Portuguese and Indian blood was the youngest person to receive a transplanted heart.

Dr. Euryclides de Jesue Zerbini, 56, headed the transplant team at the Charity Hospital, Brazil's largest. The Brazilian congress has not yet passed legislation permitting the use of organs of patients whose next of kin cannot be located, but the medical team decided to go ahead anyway.

★ ★ ★

The donor was described as a Mulatto, about 20 years old. His kidneys were transplanted into a young woman, who also was reported doing well.

Hospital spokesmen said four other patients were awaiting transplants.

Atlanta Boy, 10 Lost in Sewers

ATLANTA, Ga. (AP) — Rescuers searched rain-swollen sewers today for a 10-year-old boy sucked into a drain hidden by muddy water.

Firemen, summoned by the child's mother, Lola Brooks carried safety nets to a point two and a half miles from where the main storm drain empties into a creek. They watched in the glare of flood lights during the night.

Battalion Fire Chief J. I. Gibson said, "We're fairly certain he's fallen in, but we can't tell if he's still in the line."

More than 100 firemen, policemen, city water department workers and volunteers moved from manhole to manhole searching for the child.

Gains Small, Trade Moderate

Market Up on Broad Front

NEW YORK (AP) — The stock market moved ahead on a fairly broad front early today, but most gains were small and trading was moderate.

Gains outnumbered losses by a ratio of 5 to 3 on the New York Stock Exchange. The Dow Jones Industrial Average was off slightly due to softness in some blue chips.

Among the 20 most-active stocks there wasn't a single one with a gain of as much as a point.

Less actively traded, Xerox gained a couple of points—not unusual for this high-priced issue—Westinghouse Electric and Zenith rose a bit more than a point.

Fractional gains were scored by Alleghany Corp., Harvey Aluminum, International Paper, Standard Oil (New Jersey), Sanders Associates, U.S. Industries, Crescent Corp. and Marathon Oil, all among the volume leaders.

* * *

American Telephone eased while Pan American Sulphur and Commercial Credit took fractional losses in active dealings.

Army Doctor Asks Release

ALBUQUERQUE, N.M. (AP) — Army pediatrician Maj. John H. Gay, 29, has asked congressional help to get a release from the Army to become a missionary in Africa.

★ ★ ★

Gay, whose earlier requestes were turned down, has mailed appeals to Sens. John Stennis, D-Miss., and Clinton P. Anderson and Joseph M. Montoya, both D-N.M.

Gay and his wife had been accepted as Congo missionaries by the United Christian Missionary Society subject to his military discharge.

Particle Search May Be Over

By Science Service

WASHINGTON — One of the triumphs of physics in the early 1950s was the discovery of the pion — a subatomic particle predicted almost 20 years earlier by the Japanese theorist Hideki Yukawa as the means for transporting strong forces between particles in the nucleus of an atom.

★ ★ ★

A similar search has been going on in recent years for a particle — called an intermediate boson — that would transmit weak forces: the kind involved in the decay of some unstable particles.

Studies of particles arriving at an underground detector in Utah make some physicists think they have found intermediate bosons. But others are not sure, especially Dr. H. E. Bergeson of the University of Utah, one of the researchers.

Reporting to the American Physical Society meeting here on the Utah experiments, Dr. Bergeson cautioned against jumping to conclusions.

★ ★ ★

The tests have found evidence of the existence of a particle that needs to be explained, however, and the chance that it may be the looked for boson is appealing.

SHE REALLY SHINES — Nobody reads magazines at the Golden Razor barber shop in Omaha. It's more fun to watch the shoe shine boy, who obviously isn't a boy at all, but part-time model Dorme Charel, a 37-22-36 vision of feminine pulchritude who shines shoes because she likes the work. The bad news for customers is that she's married.

Top Teamster Hints He'll Hold the Reins

WASHINGTON (AP) — Frank E. Fitzsimmons, sitting in as Teamsters Union president for the imprisoned James R. Hoffa, hints he intends to keep control of the world's biggest union until he can run for election to succeed Hoffa.

Denying a published report that he plans to retire before the next convention of the 1.9 million-member Teamsters in 1971, Fitzsimmons, 60, said, "I will be at this business for years to come."

★ ★ ★

Fitzsimmons' statement, published in the Teamsters' magazine, appeared to confirm other reports that most top union officials discount the possibility of Hoffa getting freed in time for a convention bid to return to power.

"I hope to return," Hoffa said 14 months ago when he was carted off to the Lewisburg, Pa., federal penitentiary to serve an eight-year jury-tampering sentence.

CONTROL IS GONE

But while Hoffa still retains the title of president, without the $100,000-a-year salary, his firm control of the union is gone.

Hoffa still is fighting a five-year federal fraud sentence in connection with the use of union pension funds. This is separate from the jury-tampering conviction.

★ ★ ★

Most Teamsters leaders believe if Hoffa is paroled, it won't be until after the June 1971 convention, when his five-year term as president runs out.

But Fitzsimmons, personally chosen by Hoffa to serve as acting president, isn't expected to have clear sailing to win the Teamsters' presidency in his own right.

POWER HAS SLIPPED

Much of the power under Hoffa's firm central control of the union has slipped back to 12 regional vice presidents, who operate with a minimum of consultation with Fitzsimmons.

★ ★ ★

Several vice presidents—including Harold Gibbons of St. Louis, Murray Miller of Dallas and Ray Schoessling of Chicago—are expected to surface with presidential ambitions of their own by convention time.

★ ★ ★

With the convention three years away, informed sources are already predicting a wide open convention fight to replace Hoffa as president.

But the fight isn't likely to begin before then. Hoffa, at the 1966 convention eight months before going to prison, directed the rewriting of the Teamsters constitution to block any power play for the presidency unless both he and Fitzsimmons resign.

LITTLE LIKELIHOOD

There appears no possibility that either of them will and so the Teamsters vice presidents, virtually powerless to move before the convention, are biding their time.

Fitzsimmons appeared particularly irked at the newspaper report that he would retire, devoting an entire page in the Teamsters magazine to denying it.

★ ★ ★

"The business of representing the rank-and-file member today is too serious to let a newspaper columnist, or any one else, turn our activities to internal politics instead of the business at hand," Fitzsimmons said.

The greatest portion of the Soviet Union lies farther north than Minnesota.
