Down-the-Line Win for Dems on All State Posts

Ike Overwhelms Adlai by 8 Million, Carries 41 States to Surpass '52

Williams Scores 5-Term Record by Big Margin

Waits in Lansing Home for Cobo to Concede 284,000-Vote Victory

LANSING (AP) — G. Mennen Williams waited until the last words of concession had fallen from the lips of his Republican opponent. Then he claimed publicly the victory that made him Michigan's first five-term governor.

Through the early morning hours in his 100-year-old house on Grand avenue, Williams waited while his plurality grew to more than 284,000 votes over Detroit Mayor Albert Cobo.

Still cautious, he refused a statement. But through that plurality Cobo could no longer find a road to victory. He conceded. Williams listened, then claimed victory.

The governor went to bed before Cobo's congratulatory telegram arrived.

While Cobo listened to his disheartened followers tell him "Better luck next time," Williams heard more and more of his Democratic party workers congratulate him on victory.

"Naturally," Williams said, "I deeply regret the defeat of the Stevenson-Kefauver ticket."

But, he said, the Michigan election returns are "a mandate to carry out the program we outlined in the campaign."

WINS BIG

With 5,159 precincts of 5,171 reporting Williams had 1,652,685, and Cobo had 1,368,316.

For a time the outcome of contests for five places on the State Administrative Board appeared in doubt, but as the Williams total grew so did those of his running mates. All seemed destined for re-election.

The latest count on these races: For lieutenant governor—with 5,077 precincts reporting, Philip A. Hart, Democrat, 1,549,172;

GOP Candidates Return to Office; Irons Tops Slate

Ziem, Allen, Sparks, Barry, Murphy Back for Two Years

By margins varying from 56 to 58 per cent, Republicans swept comfortably back into Oakland County offices only technically at stake in yesterday's election.

Leading the GOP ticket was Sheriff Frank W. Irons, with 142,739 votes to Democrat George D. Hicks' 105,636.

Daniel G. Barry, the new Republican drain commissioner, trailed his running mates with 138,239 votes to Wallace E. Rice's 108,851.

Other Republicans, all re-elected, were Prosecutor Frederick C. Ziem, Clerk Lynn D. Allen, Treasurer Charles A. Sparks and Register of Deeds Daniel T. Murphy, Jr.

Ralph A. Main, who retired this year as drain commissioner to run unopposed for county surveyor, polled 142,613 votes.

Ziem swamped Pontiac attorney David E. Utley by 141,289 votes to Utley's 106,221.

Allen won with a vote of 140,907 to 106,350 for his opponent, Odin H. Johnson.

Sparks won with 139,146 votes to 108,097 for his opponent, Robert W. Stevens.

And Murphy, in his first election since being appointed to the office last May, polled 139,557 votes to 107,735 for Democrat B. Jack Habel.

L. Harvey Lodge State Senator

Les Hudson Returned as Representative of Second District

Political balance of Oakland County's representation at the state capital remains unchanged after yesterday's election of Republican L. Harvey Lodge to the senate and re-election of Democrat Leslie H. Hudson of Pontiac to the legislature.

In other legislative districts, two incumbents—one Democrat and one Republican—found easy victory, as did three new Republicans who will succeed Republican predecessors.

Lodge, of Drayton Plains, had 138,559 votes to 108,975 for Fred Elias of Hazel Park. Lodge will take over the seat left vacant by William S. Broomfield, Republican of Royal Oak, who was a successful candidate yesterday for Congressman from the 18th (Oakland County) District.

Hudson's vote in the Second (Pontiac) District was a resounding 17,429, as against 12,838 for Robert C. Smith.

Winners in the county's five other districts were: One, Lloyd L. Anderson; Three, Farrell E. Roberts; Four, Theodore F. Hughes; Five, Donald A. Brown; and Six, Walter T. McMahon. Incumbents were Republican Hughes and Democratic McMahon.

Vows to Keep Working for Peace in the World

Estimate of Electoral Vote Gives 547 to President, 74 to Stevenson

WASHINGTON (AP)—President Eisenhower, jubilant over a smashing re-election victory, said today he would work with all his strength "for 168 million Americans here at home and for peace in the world."

A tumultuous ovation greeted Eisenhower as he appeared at a victory rally a few minutes after his opponent Adlai Stevenson conceded defeat and sent Eisenhower "warm congratulations."

The 66-year-old President scored a great triumph in a career marked by triumph, by rolling up a bigger victory over Stevenson than he did in 1952.

In popular votes, Eisenhower polled 30,627,488 to Stevenson's 22,155,606. It appeared the President would win 547 electoral votes, carrying 41 states while his opponent carried 7 states with 74 electoral votes. Only 266 are needed to win.

Eisenhower told a Republican party celebration at the Sheraton-Park hotel at 1:45 a.m.:

"I think that modern Republicanism has now proved itself. And America has approved of modern Republicanism."

* * *

Eisenhower's victory talk was made to a wildly cheering crowd of about 2,000 party faithful in the hotel ballroom and to a nationwide television and radio audience.

He said he wanted to make a pledge, and then went on to say:

With whatever talents the good God has given me and with whatever strength there is in me, I will continue—and so will my associates—to do just one thing: to work for 168 million Americans here at home and for peace in the world."

Even as he received election returns last night, Eisenhower kept close watch on developments in Soviet-crushed Hungary and the Middle East. About midnight the White House announced that Eisenhower had just received a "very friendly and encouraging" message fom French Premier Guy Mollet regarding efforts to halt the shooting in Egypt. The detailed contents of the message were not made public.

WHITE HOUSE DINNER

Eisenhower and his family went to the hotel about 10 p.m. after they had checked early election returns at the White House while having a quiet dinner. Eisenhower

Oakland Sending Broomfield

Democrats Rule Congress

NEW YORK (INS) — President Eisenhower's huge victory margin widened steadily today but Democrats appear to have won a furious battle for control of Congress.

A narrow squeeze in the Senate and a somewhat larger edge in the House seem in the making for the party of twice-defeated Presidential Candidate Adlai E. Stevenson.

This means for the first time in 108 years—since President Zachary Taylor — a re-elected chief executive will be confronted with a rival Congress.

With 218 seats needed for control, Democrats nailed down or were substantially ahead in 222 House races. Republicans won or led in 202 contests. Eleven were in doubt.

MAY GRAB 51

In the Senate, Democrats, now holding 49 of 96 seats, are in a position to push their total to 51. They led in six crucial contests.

In the House, Rep. Dewey Short, the Missouri Republican with 24 years' service, apparently lost to 34-year-old Charlie Brown, an advertising man who once managed the Grand Old Opry radio show.

And in traditionally Republican South Dakota, Rep. Harold Lovre was trailing Democrat George McGovern with nearly all returns counted.

Lovre, a member of the House Agriculture Committee, is an apparent victim of the so-called farm revolt despite his record of voting for high rigid price supports.

Here at a glance is the critical battle for control of the Senate in the 85th Congress:

Holdovers: 31 Democrats; 30 Republicans.

Number of contests: 35.

Republicans won 14 (Kuchel, California; Bush, Connecticut; Dirksen, Ill.; Capehart, Ind.; Hickenlooper, Iowa; Carlson, Kans.;

WILLIAM S. BROOMFIELD

Broomfield Tops Dems' Sutton

Rolls Up 143,864 Votes Compared to 107,617 for Opponent

Oakland County voted overwhelmingly yesterday to send William S. Broomfield, former State Senator from the county, to represent it in Congress.

Broomfield's margin over his Democratic opponent, Paul Sutton, was 14 per cent—close to President Eisenhower's nationwide margin, but less than the President's score here.

Broomfield tallied 143,864 votes to Sutton's 107,617.

The popular vote of 57.1 per cent was higher than any GOP Congressional percentage since 1946, when retiring Congressman George A. Dondero polled 63.6 per cent of the vote.

Voting ran against Broomfield in only seven of the county's 42 cities and townships. Sutton carried Pontiac, Ferndale, Hazel Park, Clawson, Madison Heights, Oak Park and Keego Harbor.

Broomfield's margin ran as high as five to one, in Birmingham, and over six to one in Bloomfield Township.

Broomfield picked up nearly 8,000 votes in Royal Oak, home city of both candidates, and another 8,000 in Birmingham. Sutton's Pontiac margin was only 3,000, with 4,000 each in Oak Park and Hazel Park and 2,000 in Madison Heights. His margin was only 73 votes in Ferndale.

Smaller communities leaned heavily to Broomfield.

Suez? Hungary? U.N.?

From London comes word the British and French invasion forces in Egypt are under orders to hold their fire unless attacked. The United Nations General Assembly has scheduled two meetings today over the two major crises plaguing it, the Suez and Hungary. It is reported that the fighting in Budapest has claimed 5,000 lives these last four days. More details on these stories will be found on page 2.

Cease-Fire Obeyed; Fighting Stops in Egypt

2 U.N. Sessions Called in Crises

Meets Today to Debate Hungary, Suez Issues, Clearing of Canal

LONDON (AP) — British and French invasion forces in Egypt were under orders today to hold their fire unless attacked.

The cease - fire order to the troops which seized the northern half of the Suez Canal went into effect at 2 a.m.

There was no official announcement that Egypt had agreed to quit fighting. There also was no word that Egyptian resistance was continuing.

* * *

Cairo radio, broadcasting a U. N. announcement that Britain and France had agreed to halt the fighting, noted that Egypt had agreed conditionally to an earlier U. N. call for a cease-fire.

In the United Nations in N. Y. the hard-pressed General Assembly scheduled two sessions today on the two major crises plaguing it — the British-French-Israeli attack on Egypt and the Soviet army's all-out fight to put down rebellion in Hungary.

Nineteen delegations from the Asian-African bloc planned to introduce a resolution demanding that Britain, France and Israel pull their forces out of Egypt immediately.

COOPERATE WITH U. N.

U. N. Secretary General Dag Hammarskjold was ready to report that nine nations had promised troops for the U. N. police force authorized by the Assembly to supervise a cease-fire in Egypt.

Hammarskjold announced last night that Britain and France had ordered their troops in the Suez Canal zone to quit fighting unless attacked.

A dispatch from Beirut, Labnon, said Egypt had announced that it accepted the U. N. appeal to end hostilities on the condition that all foreign troops withdraw from Egypt.

It said Egypt also demanded that the cease-fire must be immediate, that all combatant forces must withdraw behind the armistice lines, that there must be no outside aid to combatants and that free safety of passage through the now blocked Suez Canal must be assured.

WAIT POLICE ACTION

British officials looked anxiously to the U. N. for quick action to shore up the cease-fire by moving an international police force into the canal zone.

Officials said privately they still regarded the situation as explosive, with no firm guarantees so far against a fresh outbreak of fighting.

The British and French already had said they would not withdraw from the canal zone until the U. N. force could take over the waterway. Israel still gave no indication she would withdraw from Egypt's Sinai Peninsula, which the Israelis overran in their week-long invasion.

* * *

The Assembly also had before it a proposal from Britain and France that their technicians begin clearing the Suez Canal at once of ships sunk by the Egyptians to block the channel. It was believed British Royal Navy crews already had begun work.

New Records Set as County Voters Crowded Polls

Oakland County voters trooped to the polls in record numbers yesterday, unofficial returns indicate.

More than 252,000 county citizens voted, the returns show, dwarfing the 1952 record of 188,000.

County Clerk Lynn D. Allen last week estimated registration this year at 268,000, but he said today he has received floods of last-minute registration figures from city and township clerks.

There may be over 300,000 registered voters in Oakland County, Allen said.

Hungarian Fight Still Continues

Freedom Radio Calls on Rebels to Hide Arms, Battle to Death

VIENNA (INS)—Desperate fighting continued in many parts of Hungary today amid reports the battle for Budapest has claimed 5,000 lives in the past four days.

The determination of the freedom-Hungary patriots was emphasized in a declaration from freedom Station Roka which pleaded with Hungarian fighters not to relinquish their arms.

The radio instructed the insurgents to hide their weapons for future use if they have to quit fighting.

At the same time Roka reported heavy fighting in the Gellert Mountain area of Budapest with women and children joining in to battle the Russians with grenades and rifles.

* * *

The new fighting reports came in the wake of patriot radio appeals for an "international police force to restore peace in Hungary" and for paradrops of "arms, ammunition, food and medicine."

WON'T GIVE UP

The freedom station radio Rakoczy proclaimed:

"We will not give up. We will die if we have to."

Radio Budapest admitted today —four days after the mass Soviet offensive was launched—that the situation was "very serious."

Radio Pecs reports the fight for the uranium mines in that area still was going on and said the Soviet commander threatened to use heavy guns if the patriots did not surrender.

The North Hungarian industrial and farm center of Gyor, industrial Pecs and the new post-war steel town of Sztalinvaros were pinpointed as scenes of desperate fighting.

ONLY A HALT

Only yesterday the Communist puppet regime was said to have considered the fighting in Pecs ended.

Nearly 4,000 persons were said to have been arrested in the capital.

* * *

Refugee reports said Russian and Hungarian Political Police were perpetrating a "wild flurry of revenge" against the freedom-fighters and hanging suspected insurgents on the slightest suspicion.

Russia is claimed to have some 200,000 men and 4,600 tanks in the capital.

'I Send You Best Wishes,' Says Adlai

"You have won not only the election, but also an expression of great confidence of the American people. I send you my warm congratulations.

"We appreciate the grave difficulties your administration faces, and, as Americans, join in wishing you all success in the years that lie ahead."

Gov. Harriman Gives Credit to Ike, Not Party

NEW YORK (INS) — New York Democratic Governor Averell Harriman credited the election results to the "personal popularity of President Eisenhower" and "not the Republican Party."

"The Republican Party is not as strong as President Eisenhower," said Harriman in New York Democratic Headquarters. "The current trend is an indication of the great personal popularity of Mr. Eisenhower. It's a great personal tribute to him, not the Republican Party."

City Vote Falls Below 1952; 31,420 Make Poll Trip

Despite long lines at many city precincts, Pontiac failed to turn out as many voters yesterday as the presidential election in 1952.

Pontiac City Clerk Ada R. Evans counted 31,420 voters as compared to some 32,000 four years ago. She had predicted a record 35,000 turnout.

"This is hard to believe with our record registration of 43,641," she said, "I am quite disappointed with the number."

Seventy-two per cent of the city's registered voters went to the polls yesterday.

Precinct workers reported lineups at the 7 a.m. opening hour. Some precincts had recorded close to half their registrations as voted by the noon hour.

As election worker since 1936, Mrs. Sadie G. Williams, called the turnout at precinct 3 at Bagley School "the biggest early morning rush I have ever seen."

Precinct 18 recorded highest number of voters with 1,216, followed closely by precinct 42 with 1,213. Third was precinct 17 with 1,153. All three have highest registrations in the city.

* * *

Mrs. Agnes Norgren, precinct chairman for 42, said because of 320 voters in line at Owen School at 8 p.m. closing time, the last vote was recorded at 10:30.

"I've never seen anything like this before," she said. "It was the greatest example of civic pride I have seen." She has been working elections in Pontiac for the past 15 years.

NO OPPONENT

Unopposed in the bid for the Constable post was Frank L. Stott who took in 653 votes. Incumbent Joseph J. Leavy received 648 votes in his bid for re-election as Justice of Peace.

Pontiac voters voiced approval of both city charter amendments on yesterday's ballot by large margins.

* * *

Approved by an unofficial 11,635 to 4,240 count, was a proposal allowing Pontiac police and firemen to live outside the city as far as a 10-mile radius from the Saginaw and Huron street intersection.

On the second city proposition, to expand the Police Trial Board membership from five to seven members, the vote, still unofficial, was 11,026 "for," and 3,776 "against."

All city 44 precincts reported majority votes cast for both proposals.

* * *

The City Commission placed both charter changes on the ballot, the first upon the request of the Pontiac Police Officers Assn.

Members raised the objection in April to a 1932 charter ruling that they live within the city limits. They charged the limitation as being "outdated, without purpose and unfair."

Commissioners asked that a vote decide whether an additional two men be added to the Trial Board to further chances of a quorum at meetings.

The approved vote on this question also deletes any provisions of the charter pertaining to jurisdiction of the board over Pontiac firemen. They now come under a new Firemen's Civil Service Law.

* * *

The amendment to the state constitution on the ballot was approved by a large 13,064 to 1,689 vote. The amendment, which received overwhelming approval in the state, will require candidates for the Legislature to be 21 and to have not been convicted of a felony involving a breach of public trust.

The Day in Birmingham

89.3 Per Cent Turn Out; Go Overwhelmingly GOP

BIRMINGHAM — With slightly lower percentage of registered voters casting ballots than in the last presidential election, Birmingham continued its overwhelming Republican trend.

City Clerk Irene Hanley and other election workers completed tally of the votes at about 12:30, shortly after the final precinct reported in at midnight. First precinct had been tallied at 9:45.

A total of 89.3 of those registered voted, in comparison with 90.3 in 1952. Of the 14,813 on rolls, 13,224 voted.

With total vote for president being 2,061 to 11,015, for Stevenson and Eisenhower respectively, precincts showed some areas less Democratic than others, but not decisively.

Highest Adlai record was in No. 11, south of Lincoln and east of Woodward, with Stevenson, 294, Ike, 761, and in No. 10, south of Lincoln between Woodward and Pierce, Adlai, 390, Ike, 740. In the gubernatorial race, No. 10 swung more toward Williams, with 492 to Cobo's 632.

Approve Sale to Evergreen

Birmingham Vote, Lease of Land Rights Clear Authority's Plans

BIRMINGHAM — Voters in this city yesterday approved the sale of its sewage treatment plant to the North Evergreen Sewage Disposal Authority, 9,034 to 1,487, and approved the city's joining that authority, 8,307 to 2,050.

The sale clears the way for a court report late next week on progress of the four municipalities forming the authority to abate pollution in the Rouge River.

Representatives of Troy, Bloomfield Hills and Township and Birmingham yesterday morning also cleared the way on land right for the laying of the interceptor sanitary sewer up at far as Big Beaver road, and discussed allocation of cost figures.

Bloomfield Township board and Troy commissioners on Monday will eye allocation percentages. Tentative approval is expected, as already given by Birmingham and Bloomfield Hills.

An estimate of the cost of plant enlargement is expected later this month. When presented by the engineer, another authority meeting will be called, predicts James Juhl, coordinator for the project.

Perhaps then, he says, formal allocation of costs for each town will be possible.

"It's the same point the Big Evergreen had reached a year and a half ago, just before that plan bogged down," he recalls.

Ten-Year-Old Cyclist Slightly Hurt by Auto

Ten-year-old Robert Bozek, of 4320 Barnerd St., Waterford Township, escaped with scalp cuts when the bicycle he was riding was struck and knocked down by a car Tuesday. He was given treatment at Pontiac General Hospital.

The accident occurred at Williams Lake road and Oak Beach street when the boy made a sudden turn in front of a passing car operated by Ralph Anderson, 24, of 6650 Manson Dr., Waterford Township, according to Pontiac State Police.

Burglar Nets 20 Pennies

A burglar broke into a Commerce Township gas station early yesterday, found only 20 cents in in the cash register—all pennies—but made up for it by taking $25 in trading stamps.

Gordon Olson, operator of the station at 3495 Pontiac Trail, told sheriff's detectives the burglar broke in through a rear window during the night.

City Police Find Election Night Year's Quietest

Pontiac police found election night one of the quietest of the year.

They arrested two juvenile boys involved in the crackup of a car reported stolen earlier yesterday.

The boys, uninjured, were turned over to parents pending appearance before juvenile authorities.

Detectives had only to investigate one breakin.

A variety of men's clothing accessories were discovered stolen from a home at 197 Cederdale Ave., sometime between 5 p.m. and midnight.

The victim, William Kelly, of that address, was unable to name any suspects, detectives said.

Three juvenile boys who left Oakland County Children's Home about 8 p.m. were discovered three hours later at one boy's home. Officers drove them back to the juvenile home.

Police took a report on another minor traffic accident. No one was injured.

4 Minors With Beer Quizzed About Burglary

Four minors from Utica are being held for investigation of illegally possessing beer and will be questioned about a breakin attempt at an Avon Township drivein today.

They were arrested by Troy Township police this morning shortly after a car was seen leaving Posey's Drivein.

Jessie E. Howell, 17, is in the county jail pending investigation. The others, all 16, are at the county juvenile home.

No entry was made at the drivein, deputies said.

Right Answers for Pot-O-Gold Can Bring $500

Now that several weeks have passed without a winner for Pot-O-Gold, the prize money is again climbing into the upper brackets. This week's Puzzle No. 23 is worth $500 if the entries fail to bring a correct solution for last week's puzzle. How about taking a few minutes away from your busy day and enjoying the contest? It's a lot of fun and it may bring in considerable extra cash for that Thanksgiving turkey and trimmings, with money left over for some early Christmas shopping. Care to give it a try?

The puzzle consists of (1) a number of circles which contain a few scrambled letters, and (2) a corresponding list of clues to these words printed below. The object is to arrange each group of circled letters into a word that best fits its clue. The word which you select for Circle No. 1, then would be the one which you would print in the space to the right of (1) below.

You'll notice that some circles contain $ signs in pots of gold. You may use such a symbol as any letter you wish. However, it and all letters in that circle must be used. The $ sign, of course, can represent ANY letter in the word.

Do the same in all the other circles. Study the clues carefully and arrange all the letters into words that you believe best conforms to these clues. Use your $ signs to help you spell out the right words.

7. Each week's puzzle will be published Monday, Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.

8. Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.

9. There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries become the property of The Pontiac Press and none can be returned.

10. Completed puzzles must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Men Monopolize Humor With Off-Color Jokes

Women Deserve Some Laundered Laughs

By PHYLLIS BATTELLE

NEW YORK (INS)—There is too much non-censored nonsense (colloq. translation—dirty jokes) making the rounds these days.

It's not because we are a prude that we object. It's because we are a woman and can't, properly, listen even if we are invited to.

Which we never are.

Women truly are in an untenable position in recent years in the matter of this most playful of American traditions, the exchange of jokes.

Not since wartime, when Little Audrey gags thudded dully against the eardrums, has there been a clean-cut type of gag that a woman could be introduced to and pass on to her friends and parents without causing alarm.

* * *

Oh, now and then, a very brief excuse for a joke will be related to us unenthusiastically by a man, and will cause a small titter to spring from our lips.

But actually, it is only a titter of politeness and appreciation for the time and effort of the teller. Frankly, we haven't heard a joke worth guffawing at in eight years!

To women are bequeathed all the short, unfunny shaggy dog stories and an occasional anecdote about a talking animal at a saloon.

* * *

To men go all the—well, who knows what they are? Sufficeth to say they are worth laughing at because men are choking with lecherous-looking enthusiasm all over town while the girls sit by and simmer.

"Sorry, honey," they are leering at us, "but that's one you can't hear." They always add, their voices shaking with sympathy (or the effort to control their still unexploded laughs), "It wasn't really funny anyway."

Oh yeah? We think. What we say, trying not to sound huffy, is: "Then we don't want to hear it."

* * *

The aura that surrounds the exchange of a joke in mixed company these days is a cycle of hypocrisy from whispered beginning to bitter end.

CLEAN HUMOR

It is not the contention in this corner that women should let down their grandmother's conventions by joining actively in the pastime of swapping soiled humor—although a bit of soft-spoken joke-telling between a wife and husband may not be too amiss.

* * *

But we do think there should be an effort made to invent some nice, sparkling, clean humor for the girls, so we can stop having to indulge in aimless gossip while our men are off in corners trying to feign innocence while rolling on the floor.

Some bright, brisk gentleman should come along and put out a book of clean humor; suggested title, "Fables for Ladies." It would be full of clever, sophisticated stories that have nothing to do with salesmen, drunks, dirty-minded animals or the clergy. (There probably has not been a joke in 10 years on any other subject than those listed above.)

Then, if it is not asking too much, there must be cooperation from the males of this world.

* * *

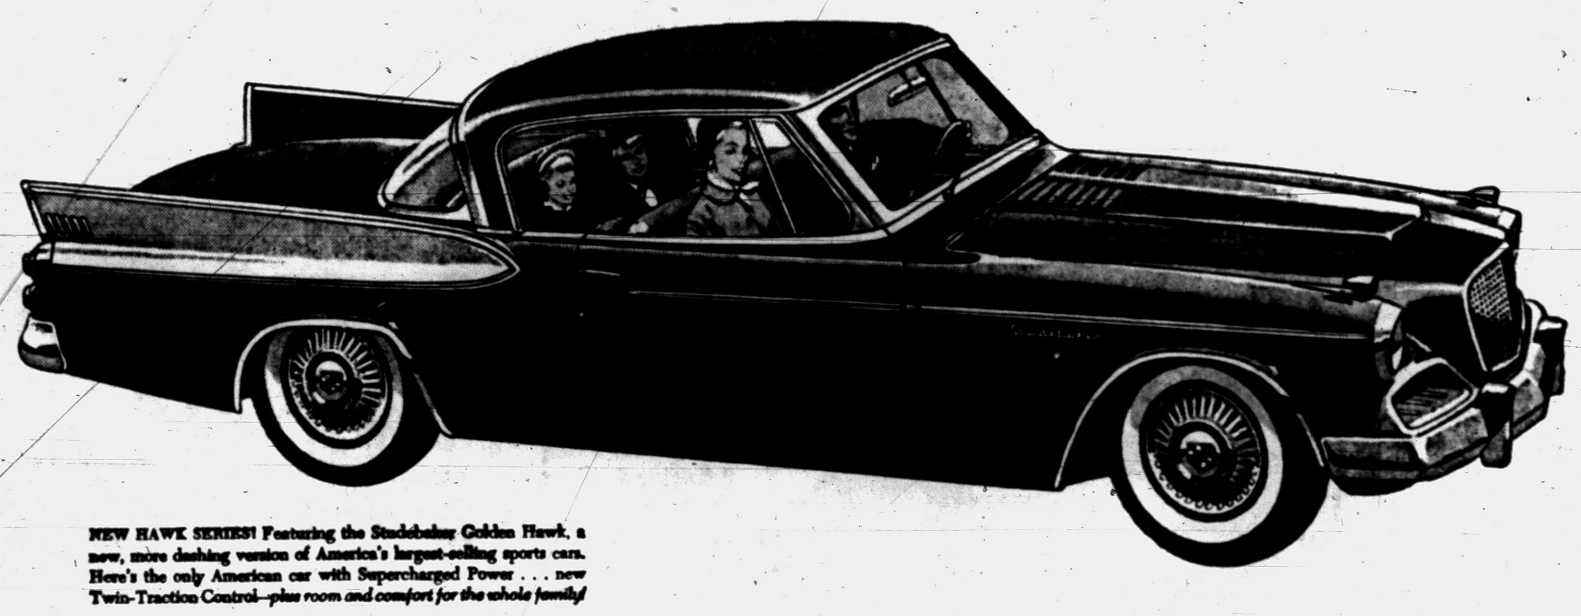

When a lady tells her joke, it is suggested that the man to whom she addresses it would be most kind to laugh . . . rather than remark, in customary male fashion, "Forget the punch line?"

Russia's more than 500 athletes will fly to the Olympic Games, Moscow reports. Russ planes will fly them to Bangkok, whence Pan-American Airways will fly them to Melbourne in a shuttle service.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

WEDNESDAY, NOVEMBER 7, 1956

James R. Adams

A great and lovable man was wrenched summarily from this area and the Nation's advertising scene Monday in the death of James R. Adams.

★ ★ ★

Genial Jim, the friend of countless hordes that stretch from coast to coast, surrendered the reins of MacManus, John and Adams and the fact it was so generally unexpected heightened the severity of the wrench.

★ ★ ★

Slightly over a score of years ago, W. A. P. John and James R. Adams pooled their "financial resources" and started an advertising agency with the late Theodore F. MacManus. Their capital structure consisted of about four dollars, but they possessed two noggins that were crammed with ideas, ingenuity, daring and advertising acumen.

They had what it takes.

And they had it in copious gobs.

★ ★ ★

The two men were close personal friends and would have fought to utter exhaustion for each other. Together they built a business that will gross more than $35,000,000 in 1956.

★ ★ ★

When Mr. John retired, Mr. Adams became the active head and to him the clock was merely a queer gimmick sold in certain stores. Mr. Adams' chief activity for an extended period of years was the supervision of the Cadillac automobile account and not so long ago, Cadillac was pronounced the finest automotive copy produced. Of late, he has also been close to Pontiac Motor's advertising activities.

★ ★ ★

The world has lost a wonderful citizen. A great, hulking figure of a man that could speak as softly as a slip of a girl is gone forever from the scenes he loved and into which he poured "his last full measure of devotion."

Jim Adams had a heart commensurate with his commanding size. He was a great, braw figure and people warmed to him instinctively. When Jim strides into the Hereafter, it will be with complete respect and yet, with a friendly, contagious smile that carries universal appeal.

Federal Reserve Finds Business Outlook Good

In its latest review of business conditions the Federal Reserve Bank of Chicago reports that prospects for fall business are good, though it concedes "bearish" signs are present.

Among other things the bank says that production and new orders are still rising while the upward trend in personal incomes bodes well for consumer buying. Steel firms, the bank says, expect to operate at or near capacity, buoyed up by a prospective gain in auto production and continued overall industrial expansion.

★ ★ ★

The auto industry is scheduled to produce over 1,700,000 cars in the fourth quarter. This is only 10 per cent below last year's output. During the first nine months of this year auto production ran 29 per cent under 1955. However, the bank reports that industry spokesmen anticipate 1957 passenger car output will climb 10 to 15 per cent over the current year.

In addition, the bank observes that most merchants are looking forward to higher levels of consumer buying in the next few months. Personal income passed the $328 billion annual rate in late summer, almost $20 billion over 1955. Average hourly earnings in manufacturing passed the $2 mark in September for the first time and weekly earnings were at a new high of $81.

★ ★ ★

There are at least three items in the bank's review that should contribute to general business confidence in this area. First is the gain in personal income. Second, is a prospective increase of 10 to 15 per cent in the output of passenger automobiles and a third is the expected increase in consumer buying.

The Romance of Slag

One of the most interesting industrial stories reveals how the steel industry has transformed a previously nuisance by-product of its operations, blast furnace slag, into a profitable product.

According to Steel Facts and the Bureau of Mines, slag has become important. In 40 years it has risen from nothing to be a commodity valued at $46,000,000 a year.

★ ★ ★

During 1955 a record 32,400,000 tons of this former waste from iron making was processed into a wide variety of products. The greatest tonnage is screened to size and used as aggregate, the coarse material used in concrete construction and concrete blocks.

Railroads used 4,100,000 tons as track ballast in 1956. More than 500,000 tons were used in the production of fire resistant mineral wool insulation. The material also is used by farmers as a soil conditioner, in roofing compounds, by cities in building sewage disposal units and in many other ways.

★ ★ ★

Steel Facts doesn't go into details as to what part research played in this profitable transformation. Undoubtedly, however, the marketing of this new product could not have been possible without a great deal of painstaking and expensive research.

The Man About Town

A Big Difference

Election Returns in the Old Days Were Dilatory

Nov. 7: Scheduled grand outburst of the I-told-you-sos.

Our older residents mark the difference between the days of their youth and the present in receiving election returns. Then, when the counting was completed in each precinct, which often was around noon the next day, a messenger was dispatched to bring the returns to Pontiac, usually by horse and buggy. As some of these precincts were 25 miles or more away, it often was two days before the results were known.

'Twas one year ago today that MAT gave his readers the definite inside information from the family of

President Dwight D. Eisenhower

that he would run again. This followed weeks of conjecture and the publication of thousands of columns in the nation's newspapers as to whether or not he would do that thing.

He then took the nuts from the tree and put them back in the garage, and the squirrels again moved them. This process now is in its tenth cycle, and the squirrels still are running strong.

A Vote of Confidence

David Lawrence Says:

Reds Plotted to Spur Mideast War

WASHINGTON — Soviet Russia has been plotting in the Middle East for several years—stimulating friction and steadily adding to the military burdens of the nations of the West. It is one of the oldest military maneuvers in history — to embarrass a potential enemy on a weak flank.

The success of Communist influence can be seen in the votes cast in the United Nations this week.

India and the Arab States, for example, voted to condemn Britain and France for using force in the Middle East, but abstained from voting at all on a resolution intended to condemn the Soviet Union for using force in Hungary.

An obvious aim of the Communist maneuvers in the Middle East has been to give the Moscow regime a free hand in Eastern Europe, where the Western armies for the present stand helpless at the frontiers of the satellite countries unable to assist the free peoples in their crusade for liberation.

* * *

One wonders how much more of a problem would have confronted Britain and France if there had not been a brave army in Israel to ally itself with the West.

FORESAW TREND

The United States government early foresaw the trend in Egypt and tried at first to keep Nasser away from Soviet connections. But the Egyptian dictator, selfish and ambitious to build an Arab empire of his own, started to conspire with the Communists, who supplied him at the opportune moment with arms through Czechoslovakia.

Then naturally America withdrew her aid to Nasser, which had taken the form principally of a tentative plan to build the Aswan Dam.

When this proposal to help construct the dam was withdrawn by the United States, many Democrats in Congress criticized Secretary Dulles for doing so. When they were asked if they favored a continuance of aid to Nasser, the answer usually given was that Dulles objective was right but that the method was "abrupt" or "ill advised."

* * *

This, however, has been the type of transparently captious criticism of the American secretary of state which has been current throughout the last three years.

Many of the brickbats have come from elements in London and Paris because Dulles again and again has stood up for American interests and has with prudence tried to avoid an outbreak of hostilities or American involvement in military action.

But it will be noted now that the influence interposed by Secretary Dulles impartially and opportunely before the United Nations in the Middle East situation has proved wise. It has contributed to the pressure on Britain, France and Israel to agree to a cease-fire.

The many crosscurrents of politics and business in Western Europe have to be understood to realize that the barbs tossed at Dulles, blaming him for Communist misbehavior, were backhanded ways of attacking President Eisenhower.

Dulles is one of the great secretaries of state in American history. When he said America would meet future attack by "massive retaliation," he expressed what the military chiefs here have in mind, and it serves as a momentous warning.

LI'L ONES

"Are you sure those fellows are older than us? They asked what school we intend going to . . ."

Dr. William Brady Says:

Malnutrition Can Be Spur to Alcohol, Drug Addiction

A meal that is adequate—that supplies not just one or two but all of the elements required for good nutrition—sticks to your ribs, sustains you until next mealtime comes.

The elements required for good nutrition are not just carbohydrate (starch, sugar) but carbohydrate plus fat plus protein plus cellulose (wood fibre, indigestive matter, filler), vitamins and minerals.

If instead of an adequate meal you take just tea and toast, coffee and a roll, cakes and syrup or fish and chips you are likely to get an empty feeling or a letdown before next mealtime.

And resort to candy, a soft drink, gum-cheming, smoking, aspirin, a stimulant, a quick one at the neighboring bar, or even a narcotic drug never quite satisfies the craving which is the demand of the undernourished body for food.

* * *

When I say undernourished, the term applies whether the body is underweight or overweight.

SEEN AS CAUSE

I believe the national malnutrition, the nutritional deficiency of well-to-do people who don't know how to feed themselves is a common causative factor of drinking and taking drugs.

* * *

One periodic inebriate explained that he went on a bout when he "felt the need of a stimulant" or when he "wanted to feel better." Both feelings are common in persons with malnutrition.

In fact it seems to me that most acute illness or indispositions of the American people today are due to respiratory infection, which is preventable, and most illness and indispositions of long duration (chronic) are due to nutritional deficiency, which is preventable.

If this view is correct, it follows that most illness requiring medical care and most of the common complaints which lead victims to the use of dangerous pain-killers and habit-forming "sedatives" or narcotics should be ascribed to ignorance.

CHRONIC PILL-TAKER?

Take aspirin, for instance. If you do so as a frequent or routine practice you're—oh, well, you're smart enough to choose your own category. Or take acetanilide, or rather don't take it, not even in the attractive form that appeals to the sophomoronic portion of the population, not until you have studied the chapter on The Abuse of Analgesic Drugs in the booklet CVD (about heart and artery troubles).

And if you are cultivating the barbiturate habit, it will do you no harm to read the chapters "Beware the Barbiturates" and "Drugs and Sensibility" in the booklet "Nerves and Nutrition."

For either booklet send 35c and stamped, self-addressed envelope.

Let's be amiable about it and agree that some of us try to worry along on a namby-pamby type of breakfast just because we are careless or mabye unconcerned about nutrition.

BRING ON PANCAKES

As for myself, if you fetch a plate of genuine yeast-raised buckwheat pancakes, plenty of maple syrup, butter, and unboiled coffee and yell, "Here, Stupid!" I'll come a-running, and the heck with adequate breakfast. That is, say once a week, on my day off.

* * *

One who has the namby-pamby breakfast habit or, worse, the no breakfast habit or, worst, the coffee and cigaret habit can still achieve some degree of regeneration if he or she will use enough self-discipline to hold back the coffee and cigarette until after one or two courses of an adequate breakfast, say fresh fruit or fresh fruit juice and/or an egg or other protein item.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

'Truck Veteran' Points Out Plant's Importance to City

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I'm glad The Press ran a great big picture of the new GMC truck on page one. The truck plant is a very important part of Pontiac. The employment is huge and it is pretty steady. This past year employment didn't drop off as did all the passenger cars.

The city is becoming more and more aware of the importance the Truck Division is to our social, civic and economic life. Also, we build a great product and it is one that beats everything else in the world. I'm a veteran and I'm prouder of the Truck plant now than I was the day I went to work and that's quite a few years ago.

Luck Beat Team, Ex-Iowan Says

If I were Iowa, I wouldn't play Michigan again before 5678 A.D. They've outplayed Michigan four times in a row and they've lost every single game. It's just luck, bad luck for Iowa. I lived there until last spring and I know they'd rather beat Michigan than any three teams on the schedule. Wot hoppen?

Gomulka Seizes Spotlight as Challenger of Moscow

By JOSEPH L. PEARLMAN
INS Staff Writer

For reasons of his own, Marshal Tito apparently has decided to remain silently in the wings while the drama of rebellion against Moscow's rule is played out behind the Iron Curtain.

* * *

In the spotlight is Wladyslaw Gomulka, Poland's new Communist boss and champion of Red nationalism.

Gomulka, a former plumber, wasted no time in flinging a defiant new challenge at the Kremlin.

The Polish Communist leadership has moved to up consumer goods production and cut down on other types of industrial expansion — a policy that is bound to give the current Soviet rulers the jitters.

* * *

It was the policy advocated by Georgi Malenkov before he had to step down as Soviet premier and one that got other top Reds into hot water.

THE IRON IS HOT

Gomulka made his latest move for more freedom from Moscow while the iron was hot—while the Hungarians were up in arms against Soviet domination and prior to his own trip to Moscow to talk cooperation.

* * *

Gomulka and his followers also are trying to end the current practice of secrecy in party operations and would like to assure Red leaders that an honest mistake in the future does not mean their political demise.

Gomulka, 51, long has been a thorn in the side of the Soviet Communists.

He worked in the Polish resistance during the Nazi occupation and was a member of the Soviet-sponsored Committee of National Liberation.

* * *

But later he was among the first to raise the cry of independence. He challenged Stalin's dictatorial powers and when the Cominform was founded, Gomulka opposed extending Soviet domination over the satellites.

VITAL SATELLITE

Moscow has looked upon Poland as its most important satellite and may be reluctant to let it go its own way without some insurance inside its borders.

* * *

But Gomulka is now the favored champion of the Poles. He got the Russians to pull their troops back to their Warsaw Pact bases after they were called out in the recent crisis.

Gomulka's increased stature will make the Russians listen. What they decide to do is another story.

The forthcoming Moscow talks should throw new light on how far the Soviet leaders will permit their satellites to go in the new wave of nationalist independence sweeping across Eastern Europe.

Case Records of a Psychologist:

Don't Let Foolish Pride Rob You

Notice Wilma's story of the surprise attack she suffered. God expects us to use our brains in helping stay in tune with reality. He doesn't want us to go along only half hearing. Or seeing only 25 per cent of the beauties of life. So use the following ideas for helping your elderly parents enjoy the more abundant life.

By DR. GEORGE W. CRANE

Case 7-315: Wilma W., aged 37, offers a very challenging problem.

"Dr. Crane, my hearing has been growing worse," she confessed, "but I never realized the burden I was imposing on other people until a few weeks ago.

* * *

"Then I was out in the yard when, without warning, a little boy next door hit me in the back with a stick.

"At first I thought it was accidental, but when I turned around and saw his angry look, I realized he did it on purpose.

"When I asked him why he had done it, he replied that I had refused to answer him when he had said 'Hello'.

"Well, that made me realize how my deafness was complicating my relations with other folks, for I hadn't heard him at all.

"So I went downtown and got a hearing aid. It works so perfectly that now I can hear even a whisper. And it fits so neatly into my ear that hardly anybody knows I wear a hearing aid.

* * *

"Isn't it silly that our foolish pride causes us to ignore such helpful devices for happier living?"

Yes, foolish pride makes people not only torture themselves, as when women try to wear shoes a size too small.

But they indirectly irritate their family and friends, too, when they refrain from wearing a hearing aid.

The latter is a wonderful discovery by man's inventive mind to help us enjoy the more abundant life.

Yet many folks feel unduly sensitive about wearing such an aid, though most people have nowadays

overcome the similar dread of wearing eye glasses.

Nevertheless, a generation ago, millions of young folks shunned eyeglasses, fearing their charm would be lowered.

"Men don't make passes at girls who wear glasses," was a foolish slogan that was then prevalent.

* * *

Girls, men will make passes at women who wear glasses, plus a hearing aid, as well as false teeth!

For the thing that makes you attractive to men is not the absense of eye glasses. Millions of unhappy spinsters don't wear glasses, yet they still lack boy friends!

Don't be so idolatrous that you worship any segment of your human body!

If you are nearsighted and ignore friends who wave at you, you will drive boys away much faster than by wearing attractive eye glasses through which you can see them and thus cheerfully acknowledge their greeting.

The same is true of a hearing device. Many teen-agers need such an aid. Then they stay in tune with conversations and are much more popular thereby.

And when people reach middle-age, millions of them need false teeth, hearing aids, eye glasses and even a light cane.

Because our elderly parents or grandparents seldom will spend money on themselves, it behooves us to bundle them into our automobile and take them downtown to a dentist, eye doctor or ear specialist.

* * *

Hearing aids run from about $75 on up. Eye glasses may range between $25 and $50.

False teeth can rejuvenate your appearance and make you more beautiful than you ever were with your natural teeth, yet they may range from $300 upwards.

So help your relatives retain their youthful zest by getting them such aids to the more abundant life. You thus increase their longevity, too.

Boiled Goldfish Put Chief in Hot Water

LAGUNA BEACH, Calif. (AP) — Police officer Jim Lansford is in hot water at home — he accidentally boiled the family goldfish.

To supplement his pay as a desk sergeant, Lansford delivers papers. He rose as usual at 4:30 a.m. to go out on his route.

It was chilly. He lighted the gas heater to warm the house for his wife and daughters Donna, 5, and Carol, 2½. In the dark he didn't notice the goldfish bowl had been placed on the heater to ward off the night chill.

When he returned two hours later the water was boiling merrily.

The fish were done.

GOTHENBURG, Sweden.—Ships on order or under construction at Swedish yards at present total 2,150,000 gross tons, one of the highest figures on record. Norway, as usual, is Sweden's best customer; nearly half the vessels on the ways are scheduled to go to Norwegian buyers. About 25 per cent will go to Swedish purchasers, and the remainder are to be sent to 10 countries, including the United States and Great Britain.

Mob Red Embassy at Luxembourg

LUXEMBOURG (INS) — Two thousand Luxembourg students stormed and set fire to the Soviet Embassy last night in protest against Russia's military action in Hungary.

They surged through the building just as guests were arriving for a vodka-caviar party celebrating today's October Revolution Day.

Police battled their way through the student mobs and found the Soviet ambassador to Luxembourg, in full dress uniform, locked in the cellar.

The ambassador, Ivan Mielknik, had taken refuge in the cellar as the students roamed through the embassy, burning furniture and fixtures including a portrait of Nikita Khrushchev.

HIDE IN ATTIC

The embassy staff, about 70 strong, barricaded themselves in the attic with beds and heavy cupboards. Some of the guests also sought refuge in the attic.

* * *

The students burst through police cordons to gain access to the embassy at the "Chateau de Beggen" on the outskirts of Luxembourg.

They hurled burning furniture from the windows and a car on the grounds also became enveloped in flames. A fire brigade was called in.

The demonstrators also tossed out dishes full of cocktail snacks.

While the embassy was being besieged, a Luxembourg messenger arrived with a note stating that the government had decided not to attend the party.

CALL IN ARMY

The Luxembourg Army eventually was called in, but the demonstrators had dispersed before they arrived.

Premier Joseph Bech drove immediately to the embassy and apologized. He said the Luxembourg government would pay the damages.

Bech told newsmen:

"This is terrible. Tell the world we apologize to the Soviet government immediately."

* * *

He said he did not believe the students were responsible, declaring "other elements must have infiltrated" their ranks.

2 Elderly Women Beaten and Robbed

DETROIT (AP) — Two robbery beatings in a single Detroit neighborhood were reported to police last night. Both victims were elderly women.

Mrs. Bertha Mills, 69, in serious condition at Receiving Hospital, said two men entered her apartment, beat her and stole $100.

As police answered that call, Mrs. Catherine O'Leary, 73, was approached on a nearby street by a man who offered to walk her home, then suddenly knocked her down and took $110. She was not badly hurt.

Lovells Man, Wife Die

KALKASKA (AP) — A couple from Lovells was killed yesterday when their car skidded on wet pavement into the side of a freight train engine near Kalkaska.

Robert P. Steckling, 54, and his wife, Harriet, 64, died when their car collided with the Pennsylvania Railroad engine. Sheriff Ira Brown indicated the wet pavement was responsible for the skidding.

ORANGE JUICE BREAK — Youngsters at the Pontiac Area Day Nursery drink their mid-morning orange juice. Children in care at the nursery find recreation, healthy meals and a restful situation while parents work. Day Nursery rates are determined on the basis of the parents' ability to pay. The difference between income and the actual cost of operating the nursery is provided by the Pontiac Area United Fund.

Day Nursery Assisting Parents

By PETE LOCHBILER

A lonely, tear-filled childhood threatened the curley-headed four-year-old girl you can see happily playing everyday at the Pontiac Area Day Nursery.

When her father died a year ago, the girl's mother had to go to work.

Mother found she could just manage the bills with her weekly pay. But money wasn't what worried her most.

She thought of her little girl, well fed and clothed, perhaps, but deprived of mother's company and love all day long.

* * *

Children need mother's love as much as anything to grow up strong and emotionally healthy, the mother was told at the Day Nursery.

That's where the young mother's problem was solved, with the help of your Pontiac Area United Fund contribution.

The nursery, a UF sponsored agency, cares for children when mother has to work, and an important ingredient is loving care, the best substitute possible for mother's own presence.

"Every young child who cannot be with his mother," says Leola Jacques, nursery director, "needs an extra measure of warmth and affection. This —rather than physical care alone—is the important thing our nursery has to offer."

The Day Nursery, at 125 Raeburn St., has been caring for two to six-year-olds the past 27 years. Parents pay according to ability, but no child is refused because of funds. The UF makes up the difference.

Maximum enrollment is 25, limited to cases where the mother is employed, or ill, or where the father has sole custody of the child.

Parents drop off the kiddies early in the morning and pick them up after work. Early birds get a hot breakfast.

After daily health check-up, youngsters set to play. In summertime, there's a high-fenced playground with slide, jungle gym and sandbox. In bad winter weather, children use paints, blocks and clay inside. Often there's group singing, story-telling, creative rhythms.

* * *

Lunch finds each child happily eating a hot, well-balanced meal. Mid-morning orange juice does not spoil appetites.

Following afternoon naps, children resume play under the direction of the nursery's staff of four. The pleasant day ends when parents begin calling for them.

The nursery originally was supported by the Zonta and Rotary Clubs. Today, the nursery conducts no separate drive for funds, but relies wholly on UF contributions to supplement fees paid by parents.

Last year the nursery received $10,500 from the UF.

Your UF contributions also supports 53 other community service agencies.

Mississippi Vote Goes Democratic to Preserve 'Way'

JACKSON, Miss. (AP) — Adlai Stevenson captured Mississippi's eight electoral votes again today but it was less a victory for him than for state Democratic leaders hoping to preserve the South's "way of life."

President Eisenhower, on the slate of two quarreling Republican factions, dropped below his 1952 total of 39 per cent. States Righters, who denounced candidates of both major parties as "integrationist" and "socialistic," ran third.

Stevenson did not campaign in Mississippi. Gov. J. P. Coleman and other party leaders seldom mentioned the candidate in the campaign. They argued instead of a Democratic victory was needed to strengthen the hand of Southern congressmen opposing integration measures.

Unofficial returns from 1,138 of the state's 1,820 precincts gave Stevenson 86,385, Eisenhower 34,834, States Righters 24,715.

Reds Watch Election —the Way We Do It

NEW YORK (AP) — Election observers from Iron Curtain countries witnessed U.S. democracy in action at polling places in New York City and New Jersey yesterday.

Observers from Russia, Romania and Czechoslovakia toured the polling stations.

"We saw order everywhere," said Romanian observer Constantin Paraschivescu - balaceanu. "We have not seen anybody interfering with the exercise of citizens' rights to vote."

DOOMED TO A WHEELCHAIR BY ARTHRITIS

"I thought for a long time that I would spend the rest of my days in a wheelchair. Then I discovered O-Jib-Wa Bitters, and now I'm on the road to good health again," says Mrs. Gertie Newcomb, 823 Wayne St., Jackson, Michigan.

"If you ever get rheumatism or arthritis in your legs with such pain that you are unable to walk, then and only then, will you realize how much pain and suffering I went through. My right knee and hips pained so severely that it kept me in bed for 2 or 3 days at a time. My knee would swell and ached terribly everytime I tried to move it. It's an awful feeling not being able to walk, and to think of spending the rest of your life as a cripple. My husband had to do the cooking and take care of the house. I would get up and try to do some housework, but this usually ended up having him carry me back to bed. Leaving the house even to go to church was impossible. Finally an ad for O-JIB-WA BITTERS in our newspaper convinced me I should try it, as I had tried about everything else. I was truly elated at the results, because in about two weeks, the pain and swelling began to go, and soon I was up walking around again. O-JIB-WA did more for me than any of the treatments previously taken. O-JIB-WA helped me so much that I sent a bottle to my husband's brother, who was crippled with arthritis and had to walk with a cane. Already he has discarded the cane and feels fine. I'm glad to have this opportunity to recommend O-JIB-WA BITTERS, and always praise it anytime and anyplace."

Mother Dead, Children Survive 5 Days Alone

OWEN SOUND, Ont. (INS) — Two naked baby boys—unattended for at least five days—were discovered yesterday huddled beside the body of their mother in their unheated Owen Sound, Ont. home.

Ernest Smith, found his sons, John, 3, and Gordon, 2, cold and starving when he returned home from a week's business trip.

Coroner H. E. Mountain said Mrs. Ruth Smith, 38, apparently died from a heart attack.

The coroner said he was amazed that the boys managed to survive in the home which was unheated, had a broken window and a back door open.

Provincial police theorized the children lived on bread crusts, meat, cheese and pastry.

Their feet were cut from broken glass from food jars. Police said a screw driver found near the mother was used to open cans of evaporated milk.

Most Farms Report Working-Capital Gain

WASHINGTON — Studies the Department of Agriculture made of 27 types and sizes of farms show that working capital per farmed acre on most farms increased 30 to 35 per cent between the 1937-41 period and the start of 1956. Only sheep and cattle ranches and cotton farms showed a rise of less than 30 per cent.

An estimated 8 million American children take music lessons.

Fruit Spray Found to Kill Pond Algae

NAUGATUCK, Conn. — A chemical to control pond algae has been developed in a Naugatuck laboratory. It is called dichlone, a fungicide long used as a spray for fruits and vegetables. It is said to be able to hold down the growth of, or kill, several types of algae and some water weeds. Reportedly it will not harm fish if used when the water temperature is above 65 degrees.

Insect Spray Scented

BRIDGEPORT, Conn. — A new, spearmint-scented, nontoxic insecticide for home use is being marketed by a Bridgeport firm. It comes in an aerosol spray can and it can be sprayed freely in food areas.

Mrs. W. J. Dean Entertains Women of Pontiac General

Mrs. William J. Dean was hostess to 60 members of the Women's Auxiliary to the Pontiac General Hospital at a guild tea in her Ottawa drive home Tuesday afternoon.

At the gathering, Mrs. Charles Allen, guild formation chairman, told members of plans to organize neighborhood guilds that may participate in any way they choose to further the interests, aims and purposes of the auxiliary.

Each guild will have its own chairman, secretary and other officers if so desired, and members will meet as often as they choose to in each other's homes.

The hours members spend on various projects that are necessary to the welfare of Pontiac General Hospital, its patients, and the members of the community will apply toward the 50 hours required for an auxiliary pin.

Wives Share Political Glory

Victorious GOP Hails Mamie, Pat

By RUTH MONTGOMERY
INS Special Correspondent

WASHINGTON (INS) — First Lady Mamie Eisenhower and Second Lady Pat Nixon, clutching enormous bouquets of pink roses, beamed as radiantly as debutantes early this morning as they shared center stage with their newly re-elected husbands.

* * *

To the hoarse chant of "We like Mamie" and "We like Pat," the two sweethearts of the Republican Party jubilantly waved their free arms like the veteran campaigners they have become since 1952.

Even a Democrat, if one had courageously crept into the wildly cheering ballroom at the Sheraton-Park Hotel, would have had to concede that the two charmers did their party proud.

Mamie, surrounded by her nearest and dearest—her husband, mother, son and daughter-in-law, wowed the partisans with her electric blue gown which matched her sparkling blue eyes.

Pat, in a muted pinkish white gown of similar design, carried matching roses, while Mamie's were of a brilliant deeper pink hue.

STIRRING CLIMAX

The tableau provided a stirring climax to a thrill-packed evening for the first family, who spent nearly four hours in a private, heavily guarded suite two floors above the ballroom.

Mamie, who has served as hostess for potentates and kings, played her favorite roles as Cabinet members and their wives, old friends from Army days and their Gettysburg neighbor, George Allen, dropped in and out of the suite.

Toward the end—victory assured beyond any doubt—there was nothing to do but wait out the long hour until Democratic standard-bearer Adlai Stevenson conceded.

The small knot of party faithful who had waited for nearly two hours at the blocked-off entrance to the presidential corridor finally had their reward when a shout of joy rang out from the executive suite.

* * *

A moment later, Mamie's doting mother, Mrs. John S. Doud, her son, Maj. John Eisenhower and his wife, Barbara, emerged from the suite and stepped into the hotel elevator which had been kept at the ready for 55 tense minutes. This was the signal for which all had been waiting.

Another minute, and the newly elected first family strode happily into full view, joyfully returned the greeting of the cheering crowd and vanished into the returned elevator.

It was nearly five more minutes before Ike and Mamie, after meeting up with the Nixons, finally stepped up to the flag-bedecked stage of the world's largest ballroom.

* * *

The jam-packed hall went suddenly mad! Thousands of red, white and blue paper plumes, waved in frantic unison by the victory-happy Republicans who had restlessly awaited Stevenson's inevitable concession, transformed the room into a carnival of hilarious exuberance.

It seemed almost too good to be true after the long night's vigil. Again and again, as the victorious crowd reiterated "we like" chants, Ike and Dick escorted Mamie and Pat to center stage for bows and waves.

The mood in the gigantic hall had been at fever pitch since 12:35 a. m. when Lou Guylay, press director of the Republican National Committee, dashed on stage to announce that "the President will be down in a few minutes."

* * *

Not until Stevenson finally conceded nearly an hour later did the Eisenhowers make their preparations to join their exuberant fellow Republicans in the ballroom below.

INTO SECLUSION

Immediately after the President's brief address, the first family returned to the White House and the seclusion of their own happy thoughts.

This was in marked contrast to four years ago when, after waiting out the election night ordeal at the Commodore Hotel in New York, Mamie Eisenhower held her first official press conference in a bedroom so tiny that the twin beds almost bulged the wall.

Easy to Do With Buttons

Link Yourself to France With Fashion on the Cuff

PARIS (INS)—You can now have a strong link to Paris fashions on the cuff.

* * *

Designer Jean Desses thinks that cuff links are practical and ornamental for women. He shows elegant black afternoon dresses cut with long or three-quarter-length shirt sleeves fastened by large jewel cuff-links. The feminine and Parisian touch is to wear them with matching earclips.

To apply this new fashion trick on one of your dresses or shirts you don't necessarily have to use real cuff-links and sew complicated button-holes.

You can buy four pretty jewel buttons, corresponding in style and material to your favorite earclips. With a few stitches you fix two of the buttons cuff-link style to each of your sleeve cuffs, making sure you still can pass your hand through the cuff without undoing it.

* * *

At Desses one pair of cuff-links is composed of jewel flowers made of rubies with a pearl center.

Another pair consists of rhinestone buttons also shaped like flowers. Both are shown on black dresses with matching earclips.

Since these jewel cuff-links are too large to pass through ordinary button-holes, they are held together by a link shaped like a tiny safety pin which can be opened.

Mrs. William Cheal Entertains Chapter

Mrs. William Cheal opened her home on Newberry street Tuesday for the November meeting of Xi Alpha Nu Chapter of Beta Sigma Phi sorority. Marilyn Main was honored in a Ritual of Jewels ceremony and presented with her exemplar pin.

Plans were discussed for a Christmas party for underprivileged children. The date and place will be announced later.

Luncheon was served by the hostess following the meeting.

Wayside Gleaners Hear Rev. Auchard

The Rev. Edward Auchard, associate pastor of First Presbyterian Church, spoke on "Biblical Roots of American Freedom" at the Friday meeting of Wayside Gleaners of First Baptist Church.

Devotions were given by Mrs. Edna Ashley, and musical selections were presented by Mrs. Kyle Wilson, Mrs. William Lewis and Mrs. Victor Insho.

Mrs. Mae Steenson was welcomed as a new member of the group.

Sorority Meets

Epsilon Chapter of Alpha Delta Kappa sorority met recently at the home of Mrs. Charles Hampshire on Dexter road. Mrs. Clinton George assisted the hostess. During the evening Margaret Harth told of her recent trip to Europe.

City Panhellenic Holds Meeting at Doerr Home

Pontiac City Panhellenic met at the home of Mrs. Maxwell Doerr on Ottawa drive Monday. Mrs. George Yansen and Mrs. Howard Owen were hostesses for the afternoon meeting.

* * *

In the business meeting, the group voted to contribute to the Pontiac Symphony Orchestra Association and to support the Red Cross program, "Christmas on the High Seas."

Mrs. Robert Passineau was appointed chairman of the benefit card party to be held in January at the Adah Shelly Library.

In the program portion of the meeting, Dr. Maurice Thome addressed members on the subject, "Rumors."

* * *

The Dec. 3 meeting will be a Christmas party with Mrs. Robert Anderson serving as chairman.

Soprano to Appear

Blanche Thebom, leading soprano of the Metropolitan Opera Company, will be the featured artist at the first concert of Waterford Township Civic Music Association. The concert is scheduled for Nov. 17 at Isaac Crary Junior High School.

PTA Activities

Cora Bailey School PTA and open house will be held Thursday evening at 7 o'clock.

Joseph Sabelski, safety education consultant of AAA will discuss "Traffic Safety in the School" at McConnell School PTA meeting Thursday at 8:15 p.m.

Adapt to the Unpleasantness of Life

By JOSEPHINE LOWMAN

Life is difficult for most folks. Even those who seem so blessed and happy may have heartaches of which we know nothing. Living is full of complexities, of constant readjustments, of lights and shadows, and sooner or later the average individual gets his share of the shadows.

Adaptability is the saving grace! Once we are faced with an accomplished, unhappy fact or an unchangeable situation, we must adjust to it if we are to survive as happy and successful persons. We must often replace one dream or one plan with another even though the first may have been nearer to our heart's desire.

Yet so many persons are unadaptable even in matters which are trivial when compared to real trouble. They stew because they cannot live where they wish, because they cannot buy that new hat, because Mrs. So and So did not treat them just as they thought she should, because they are not appreciated by their family.

Many such persons live in a perpetual state of irritation because of their necessarily close contact, due to family or business affiliations, with someone who annoys them.

Goodness knows, human nature is not perfect and relatives belong to the human race. Some of them can be hell on wheels. However, even though these situations can be most trying, if you cannot do anything about it, you must adjust or injure your health and your personality and your happiness.

LOOK FOR REASON

I think it helps to adapt if we look for the reason for another's cussedness. Almost always it stems from poor health or emotional immaturity or insecurity, from hurt or fear of some sort.

I suppose there is such a thing as pure selfishness. When you come in close touch with that, just don't let it get you down!

Many women stew about trivial matters such as not being able to buy a new hat.

The tenderhearted, perceptive person has a hard time weaving her way between being imposed upon and giving of her understanding and warmth. Of course, nothing is so helpful as a sense of humor.

Many of the difficult family problems are concerned with the older members of the family. If you could just realize that many of their eccentricities come from hardening of the arteries of the brain, you would be more tolerant. That can happen to any one of us, and will, if we live long enough.

* * *

Life is surging through our hearts and minds and bodies every single day. Let us try to adapt to the changing circumstances it brings us.

If you would like my leaflet No. 50, "Individual Happiness," send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Good Readers Blink More Than Average

Are you a "blinker?" If you are, chances are you're a better than average reader. According to statistics good readers blink more often than poor ones.

It is generally believed that the blinks make it possible to ignore non-essential objects, such as punctuation marks and other gaps in the text. Normal persons seem to blink at about the rate of 25 times a minute.

Eyeglasses Traced to Bacon's Time

The use of eyeglasses did not originate in the distant pre-Christian era as many persons believe, researchers state.

While the first inventor of spectacles is not known, the first historical reference to the use of lenses as a means of aiding sight, points to Bacon. Bifocal spectacles were invented by America's many-sided genius, Benjamin Franklin.

50 Attend Tea Given Tuesday by Sisterhood

Fifty women attended the annual membership tea for Sisterhood of Congregation B'nai Israel. Mrs. Mitchell Bacow opened her home on Cherokee road for the Tuesday affair.

* * *

Mrs. Eunice Monson, membership chairman, introduced new members: Mrs. David Utley, Mrs. Israel Goodman, Mrs. David Horowitz, Mrs. Bessie McKay, Mrs. Don Levin, Mrs. Lee Goldberg, Mrs. Julius Cohen and Mrs. William Mitchell. They were presented corsages.

Mrs. Morris Kampner, program chairman, introduced Mrs. Daniel Mandelbaum who spoke briefly.

In keeping with Jewish Book Month, Mrs. Mandelbaum reviewed a current book, "What IS a Jew?" by Rabbi Morris Kertzer. The book tells of the philosophical traditions of Judaism.

* * *

Mrs. Ben Smith gave the closing prayer.

Hoods, Capes Creep Into the Boudoir

PARIS (INS)—Hoods and capes are now creeping back into women's boudoirs.

* * *

The latest lingerie style in Paris consists of frilly robes with attached hoods. They recall negligees that were used by belles of the French royal courts.

And despite their coquettish and almost frivolous look, they also have a practical side: Worn "hood-up" such a garment looks most romantic while at the same time discreetly concealing your pincurls at the breakfast table.

You can achieve a similar coquettish effect with a kerchief, matching your robe in shade and material, to be knotted over your hair peasant manner.

One elegant and typically new Parisian boudoir style is a red chiffon robe combined with hood and worn over a long white chiffon nightgown trimmed with red lace.

Capes, when applied to lingerie, are of elbow length and made of satin or muslin. They are to cover the generous décolleté of the nightie and are meant to replace bed jackets.

Ink blue and cherry red are proposed in Paris as young and gay robe shades for mademoiselles. For madame, lace is considered the most sophisticated boudoir fabric.

A white nylon lace robe, for instance, partly showing the flame red satin lining is a sure bet for "dressy undressedness."

* * *

To fit into the new fashion picture, most ground-length robes are now worn belted in Paris.

Be Firm With Chin

When chin muscles start to sag, spirits are apt to sag, too. Keep yours up with the regular use of a chin strap. There's extra value if you line the strap with quilted cotton squares soaked in good quality witch hazel. The mild astringency helps restore muscle tone.

Shave Matted Fuzz From Nylon Sweaters

Little yarn "balls" or "pills" can leave nylon or dacron sweaters looking never quite clean and fresh. Where pilling is heaviest, the garments look dingy no matter how thoroughly they're washed and brushed.

But razors succeed where brushes fail — and the new, goblin-less method for eliminating "pills" calls for shaving them off with a good safety razor.

The results — sweaters as fresh and as bright as new!

Let Friends Come Over to Meet Kin

Afterwards, They May Invite Her to Their Homes

By EMILY POST

"When a near relative visits me, is it my place to take her to the houses of my best friends to introduce her to them, or should they come to my house to meet her? There is a difference of opinion about this."

Answer: It is best to invite them to come to see her. Having done so, they will probably—if they can—ask you to bring her to their houses. If they can't, there is no rudeness incurred on their part.

"Dear Mrs. Post: On which side should the fork be placed when no knife is required and none is provided?

"Some say on the left as always, but it seems to me that when a fork is to be picked up in the right hand and used without a knife that the most convenient and commonsense place to put it would be on the right. What is the verdict?"

Answer: It would be quite permissible to place it on the right since it is to be picked up in the right hand.

"Dear Mrs. Post: My daughter is to be a bridesmaid at a wedding. She gave a shower for the bride-to-be several weeks ago at our house and I gave the honoree a very lovely shower present.

"My daughter also gave her a very nice present in addition to the shower. I have received an invitation to the wedding and reception and I would like to know if I must buy her another present."

Answer: The shower present does not take the place of a wedding present. The shower present should have been a trifle, whereas the wedding present is important.

For a different open-face sandwich, slice apples on a piece of buttered bread, sprinkle with grated cheese and broil.

Gloria Roehm Wed in Davisburg Rite

Gloria Jean Roehm became the bride of Allen C. Walz Saturday evening in Davisburg Methodist Church. The 8 o'clock candlelight ceremony was read in the presence of 100 guests.

Gloria, daughter of Mr. and Mrs. Howard G. Roehm of Cherrylawn drive, chose a ballerina-length satin gown for her wedding. Chantilly lace and sequins accented the yoke of the bodice and the Peter Pan collar.

To reside in Linden are Mr. and Mrs. Allen C. Walz who were married Saturday. The bride is the daughter of Mr. and Mrs. Howard G. Roehm of Cherrylaun drive. Mr. and Mrs. Oscar R. Walz of Davisburg are parents of the bridegroom.

MR. and MRS. ALLEN C. WALZ

Tear-drop pearls encircled the lace crown that secured her veil of silk illusion, and she carried a cascade arrangement of white roses and carnations.

Attending the bride were Janice Bartles as maid of honor, Mary Walz and Mrs. Bernard Ewald. They wore identical gowns of lace over taffeta in light blue; pink and medium blue, respectively. Each carried a cascade bouquet of pink carnations.

* * *

Allen, son of Mr. and Mrs. Oscar R. Walz of Davisburg, asked Quinton Rundell to serve as best man. Ushers were Ronald Walz and Bernard Ewald.

For her daughter's wedding, Mrs. Roehm chose a turquois-colored wool dress with matching accessories and a corsage of pink carnations.

Mrs. Walz wore a dress of navy blue with matching accessories. Her corsage was also of pink carnations.

A reception was held in the VFW Hall in Holly immediately following the ceremony. The newlyweds will recide in Linden on their return from a brief honeymoon.

There's Outdoor Fun for Mom, Too

Winter Sports Foster Health, Beauty

Winter sports are the order of the day for all the girls. And there's no more hibernating for Mom, either. She's right there with the youngest on skates and skis.

* * *

Physical exercise is wonderful for women. It whips up the circulation, shakes the kinks out of muscles, and puts spring in the mental outlook.

Older women may pay for the privilege of cavorting with the young. Few women over 35 can afford to invite cold breezes to face, neck and hands, unless they have essential buffers in skin protectors.

A protective film of foundation cream or petroleum jelly spread lightly over the face and neck may keep this area smooth and unchapped. Hands need a good lotion or cream under a pair of warm gloves.

PROTECT LIPS

Lips may be protected from chapping with a new cosmetics stick that contains silicone to hold moisture in as well as antiseptic to protect against infection. This lip "ice" runs smoothly over the skin leaving its cool protective coat to guard the area.

Good warm undergarments and light windproof outer garments makes the best outdoor rig. Skiers should be sure that shoes are not too tight so that circulation is impeded, causing chill. One pair of socks is better than two if the shoe doesn't fit.

Sudden changes of temperature ranging from the cold of outdoors to a hot fire indoors is too drastic for tender skins. Teenagers may have no worry on that score, but older women with tell-tale beginnings of age-wrinkles and crepey neck had better let their skin warm up to the idea of a hot room before they sit in front of a fire.

* * *

A hot bath is a marvelous way to relax after a session outdoors with Mr. Winter's blustery bite. A nap will complete the whole cycle of beauty that comes of the effort.

The important point to remember at any age is that exercise may be a wonderful glamor treatment only if it isn't overdone. If one gets shaky thighs and sore muscles from running a winter sport into the ground, it will hardly pay off in good looks, and a charley horse may be the only reward.

Janet Livingston Entertains Group

The Junior League of Pontiac Tuesday Musicale met Sunday afternoon at the home of Janet Livingston on Berkshire road. A Christmas program was planned.

Appearing on the program were Linda Libby, Jerry Exline, Barbara Atwell, Virginia Endress, Cathy Lobb, Barbara Griffin and Clark Lefurgy who presented piano selections. Nancy McKown and Marianne Englehard played a duet.

Hostesses for the day were Mrs. Royal Exline and Mrs. Glenn Griffin.

Keep This in View

While most of us are vaguely aware of the fact that our eyes are pretty remarkable instruments, we sometimes lose sight of just how wonderful and valuable—they are. If man wanted to duplicate the eyes' adaptability, it would take a camera with 40 different kinds of film capable of being interchanged at split second intervals!

EYE MAKE UP

This year we are supposed to be less obvious with eye makeup . . . but do use some. Use an eyeliner at the corner of the eye. The deft touch will accomplish the same big-eyed look. Use light feather strokes in applying the liner around your lids, instead of the heavy line.

Experiment with light touches of shadow. Blonds can be more definite while brunettes with deep set eyes will exercise more care and less color.

Dad's Silence Shows Uncertainty

By MURIEL LAWRENCE

Mrs. O. says her husband punishes their children by refusing to speak to them. When their eight-year-old boy broke a storm window stored in the basement, his father didn't speak to him for four days.

At the end of this time, Mrs. O. says the child was almost sick with suspense. She asks: "Will you please discuss the cruelty of this punishment so my husband can read it?"

The problem here doesn't seem to be this child's feelings about his father's silence, but what the silence shouts at us about his father's feelings.

I think it's telling us that he's not sure how to treat a child who breaks a window. We often treat an irritating youngster to silence not because we are "cruel" at all, but because we just don't know how else to treat him.

* * *

This is particularly true of fathers since they've been displaced as the home's chief disciplinarians. Today fathers are away from children all day, losing the intimacy with them that home-working fathers used to have.

Mothers are not only more certain of children's trust; but thanks to the child-training profession, have become the home expert on discipline.

FINAL AUTHORITY

Where once a woman had to ask her man to understand her view on how to treat a child who broke a window, today she can impose it as the final authority. She can say, "If you don't do what Dr. So-and-So says is right, you will make Tommy emotionally sick."

* * *

In this situation, silence toward misbehaving Tommy becomes a man's sanctuary from female criticism. Sure of doing only the wrong thing about the broken window, a father starts nursing his natural grievance behind the safe, non-committal wall of silence.

So if Mrs. O. wants her husband informed of the psychological evils resulting from silent treatment of children, let her get someone else to parade them for her.

Instead of threatening Mr. O., I think it would be more profitable to begin to feel genuine regret that carelessness smashed his storm window—and to express this sympathetic feeling in place of superior critical judgment of his silence as "cruelty."

* * *

Children would benefit greatly if parents would start using child psychology's analysis of young feelings to spot the same feelings in themselves. What Mrs. O. needs is less concern for her child's suspense and more for the same uncertainty in his father.

Choose in Age Group

Experts Tell How to Select Good Toys

According to the Toy Guidance Council, a "good" toy is one that:

Affords entertainment — either through action, humor, fascination, imitative play, or competition.

Is safe — has no sharp points, rough edges, toxic finishes, highly flammable materials, or unapproved electrical wiring.

Is durable — sturdy enough to withstand the normal play purposes for which it is intended, plus a little of the extra childish abuse that must be anticipated.

Aids development—either physically, mentally, socially, or vocationally; to do this a toy must be suited to the child's age, interests and capabilities.

* * *

In determining whether a specific "good" toy is also the "right" toy for a given child, the Council recommends that we keep the following classifications in mind:

AGE GROUPS

For the infant: Unbreakable rattles, floating bath toys, soft rubber squeeze toys, roly-polys, washable dolls and animals, sound-making push toys.

For 1-2 Years: Simple educational wood toys, nesting blocks, push and pull action toys, soft dolls and animals, rockers, records, picture books, sand boxes.

For 2-4 Years: Kindergarten blocks, simple puzzles, crayon sets, cowboy holster sets, simple housekeeping toys, tricycles.

For 4-6 Years: Group games, paint sets, roller skates, kitchen equipment, doll houses and furniture, scooters, chalk boards, first activity books.

For 6-8 Years: Electric trains, sewing kits, model building sets, sports equipment, communication toys, school supplements, marionettes, mechanical action toys.

For 8-10 Years: Advanced craft sets, magic outfits, bicycles, musical instruments, chemistry sets, microscope kits, games of skill.

* * *

These standards are applied each year to the 104 Educator-Approved Prestige Toys which are selected by panels of prominent toy experts and educators as "outstanding examples of American toy production" for the year.

Look Your Best by Colette

That dip in the large brimmed hat makes it becoming to the long face and irregular features but the straight-across bulky hat is difficult.

Chicago Sun-Times Syndicate

Most faces require the hat line broken across the forehead. The round hat worn quite straight on the head emphasizes roundness. A dip at the side or in front takes away that heavy look and is good balance for the not-so-slim.

Women of Moose Hold Initiation

Mrs. Edward Taylor spoke on the Mooseheart Library at the Library Chapter initiation night held Monday evening by Women of the Moose.

Initiated into the defending circle in honor of Mrs. Vern Taylor, assistant guide, were Mrs. Frank Kosek, Mrs. Jack Gregory, Evelyn Hart and Virginia Wirtner.

Announcement was made of the ritual practice scheduled for Nov. 12 at 7:30 p. m. Plans were completed for the Christmas bazaar being held at Moose Hall Saturday beginning at 10 a. m.

McConnell School Plans Open House

Open house will be held at McConnell School Thursday evening as its part in the observance of National Education Week. Parents and guests are invited to meet and visit with teachers in their classrooms from 7 to 8 p.m. where children's classwork will be displayed.

The regular PTA meeting will follow. Mrs. William Ballard, program chairman, announced that Joseph Zabelski, traffic safety education consultant of the Michigan Automobile Club, will speak.

Fur Collars Give High-Style Trim to Fur-Fabrics

NEW YORK (NEA)—Newest and prettiest addition to the make-believe fur fashions this year is real fur trim. Collars of ranch mink or white mink, leopard or beaver lend a high-fashion touch to fur-type fabrics.

Designers use the fur-like fabrics for motor coats, evening capes, bloused jackets, clutch coats, chesterfields and dressy daytime coats. Colors are based on the basic and high-style fur shades.

Newest of these is a darkened Beige called bisque. White is usually reserved for evening and is sometimes dramatically combined with color. For instance, a hooded white coat is lined with brilliant red wool jersey.

Fur Handbag Handy

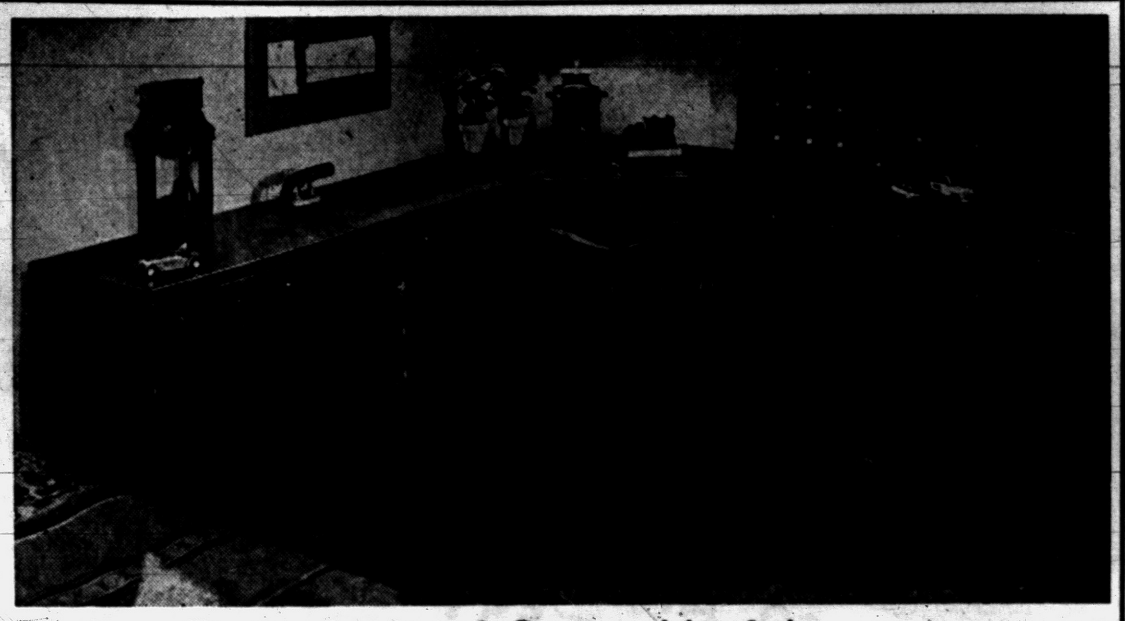

If you'd like a touch of fur this winter but don't feel you can put your money into a coat or jacket, put it into a fur handbag instead. Good for several seasons and many costumes.

Actor Just Doesn't Seem Odd Enough

Jack Lemmon's Normalcy Puzzles Interviewers

By JOAN HANAUER

HOLLYWOOD (INS) — Boston-born and Harvard-bred Jack Lemmon has trouble with interviewers — they don't find him odd enough.

* * *

"I've had people talk to me for three hours," Lemmon said," just looking for an angle. They couldn't find one.

"Of course," he added with a grin, "if they just want to talk about an intelligent young genius who's better than anybody in the business, that's me.

"Seriously, though, there are two kinds of interviews — the folksy type, which is all right in its place, and the more intelligent type that deals with impressions, ideas and thought."

* * *

Lemmon, who is a reporter-leading man in "You Can't Run Away From It," a musical version of "It Happened One Night," has given an interviewer's techniques and problems some thought.

"There's the type that lets you talk for an hour and then goes home and makes it up," he said. "I don't care, I've never been hurt by it.

"But there is one danger, and that's if the interviewer doesn't have good taste and says things you'd never in a million say. Only one person suffers from that—the actor, not the interviewer.

"Then there's the standard form interview. That's the same, whether they are talking to Jack Lemmon or Joe Smith."

Lemmon reports that he gets embarrassed for the interviewer when hek nows that he has answered the same questions over and over for previous stories.

* * *

"Asking whether you like your leading lady or latest picture is silly. Why should I tell them I think it stinks?" Lemmon continued.

"Then there are the ones who ask you about your personal life. They ask me 'Why are you getting divorced' and I feel like hitting them."

Lemmon, who admitted he once held Hollywood in contempt, now thrives on the place and considers himself lucky.

EARLY SUCCESS

"I played Ensign Pulber (in 'Mr. Roberts') in my fourth picture," he said. "I could have had 20 lousy pictures first.

* * *

"But this is the strangest, most emotionally unbalanced place. People here are meant to be different in both social and economic behavior. Fans look at an actor and sigh 'Isn't he great,' but owten the guy can't live up to what he's supposed to be.

"I have tremendous respect for actors who are grabbed by movies," said Lemmon, recalling his starving Broadway days in a cold-water flat.

"First they became famous, then they have to learn to act. It's a terrible handicap. And if theb ubble breaks, where can they go? They've never said more than two minutes of dialogue, can't project. A good movie actor thinks' not acts, and it comes across."

Application Blank Shatters Nerves

By ANNE HEYWOOD

Most of us, at one time or another, have to cope with an employment application blank. Sometimes it can be a nerve-wracking experience.

* * *

For example, Mrs. T. in Indiana writes:

"They interviewed me and then gave me this enormous application blank to take home and fill out. It has eight pages and asks for all kinds of information.

"In fact, it sounds like one of those where-were-you-the-night-of-the-14th police grillings.

* * *

"Most of my experience has been in volunteer work, which makes it more difficult. But even if I'd worked in business for years, this would still throw me.

"The worst question of all is, 'Exactly why do you want to work for our organization?'

OCEANS OF SPACE

"And they leave oceans of blank space. Obviously, you're supposed to write an essay.

"What can I answer?"

* * *

In this case I'd suggest you simply say:

"I've worked long, hard and efficiently in volunteer jobs. I now want to work in business where I'll be rewarded financially and recognized as a valuable member of a team." Or words to that effect.

There's no sense writing a little essay about how divine you think the company is. Chances are, you don't know much about it and the pretty phrases won't ring true.

* * *

First and foremost, in dealing with application blanks, remember that many of them are holdovers from the dim past.

Twenty years ago they were done that way; some still are. Half of the information asked for isn't even read.

The more up-to-date firms are changing their application forms, streamlining them and making them more public-relations minded and less downright insulting to applicants.

* * *

So don't let yourself get irritated, because that makes it next to impossible to fill them out.

Tell the truth about age, reason for leaving, etc. It's much easier in the long run.

If their policy is violently against the over-40 worker, better to know it first instead of getting in on false pretenses and then getting caught.

* * *

If they ask really impertinent questions, lots of them, about your relatives and how much you pay for a suit—better drop the whole thing. It means the company is living in the dead past and will probably try to live your life for you!

Clubwomen Seek World Cooperation

Junior Members Focus Attention on Other Lands

By JANE EADS

WASHINGTON — Practical ways of helping America's young clubwomen create a better life for their children and the children of others was discussed by Mrs. K. R. Breidenbach of Dayton, Ohio, at a meeting of the General Federation of Women's Clubs here.

* * *

Young Mrs. Breidenbach, junior chairman of the federation's international affairs department, outlined what she calls a "program plan practical" as a guide for the nation's 100,000 junior clubwomen the coming year.

State junior chairmen are urged to start off with stressing daily prayers for world peace and understanding" as "our most important project in the field of international relations."

She suggested at least one international program for the year, as well as a brief report on what clubs in other countries are doing at each meeting.

* * *

Mrs. Breidenbach urged that the 2,000 juniors who now have "pen friends" overseas double their numbers, each member and her family writing to a clubwoman abroad regularly.

They can get names and addresses of affiliated foreign club members, she said, by contacting Mrs. T. C. Carroll, chairman, Council of International Clubs, Shepherdsville, Ky.

ASSIST CARE

Juniors were also urged to contribute, through the CARE organization, the "food, tools and hope so desperately needed by the millions of refugees who today are still crowded in camps and hovels throughout the world."

* * *

Also to "remember the Americas with a Pan-American Day," and to study and better understand the U.N.

Another suggestion for junior clubs was to base an occasional program on the food and food habits of foreign countries.

Mrs. Breidenbach cited as an example a recipe for a sweet called "Karethopeta" which she took from a little folder, "Recipes of SS Queen Frederica," proceeds from the sale of which benefit the needy children of Greece.

* * *

Exotic fare is offered in the U. N. cookbook, "Favorite Recipes from the United Nations, obtainable for $1.50 at the U. S. Committee for the U. N., 816 21st St. N. W., Washington 6, D. C.

"If you have a pet foreign recipe of your own," Mrs. Breidenbach suggests, "please share it with the rest of our gals."

Make-up which is improperly applied and gives the face a rosy or oily look will make the wearer appear hot and bothered, even in an air-conditioned room.

New Sylvanites Hold Toy Show

A toy demonstration was the highlight of the evening when the New Sylvanites Club met recently at the Lakeview avenue home of Mrs. Donald Johnson. Thirty members and guests gathered for the occasion.

Mrs. James C. Sprague invited the group to meet for a Christmas dinner party at her home on Arrowhead road.

Your winter wardrobe is not complete if you haven't at least one hood! The two versions shown above are easy to make and trim, and so nice to wear! (Sew several extra for Christmas-giving!)

Pattern No. 5731 contains tissue pattern; sewing and trimming directions; material requirements.

Send 25c in coins, your name, address and the pattern number to Anne Cabot, The Pontiac Press, 372 W. Quincy Street, Chicago 6, Illinois.

Millis of State avenue, a new director. Mrs. James G. Aldrich (right), also a new director, was putting her garments in pairs in preparation for the 44th annual Ingathering Thursday morning in the First Presbyterian Church. Mr. Millis' grandmother, the late Mrs. Fred M. Millis, was a charter member of the organization.

Psychologist Has Answer

If Child Won't Read, What Then?

INDIANAPOLIS (INS)—Suppose Johnny can't read? Or maybe he can read but would rather riot? What should the parent do?

Ask red-haired Dr. Wynne Arnholter and get an answer. It is a carefully considered reply backed by varied experiences in psychology that include not only work in schools but also in prisons and mental hospitals, which she calls the terminal institutions for unsolved school maladjustments.

Dr. Arnholter is consulting psychologist for the Indianapolis public schools, a job which makes her advice of value to all parents who have children in school this fall.

The psychologist, who has reared three children of her own, advises parents:

WORK CLOSER

"Whenever a child is not achieving at the level of his capacity, it is necessary to work for a closer cooperation by the members of the team."

What team? The child, the parent and the teacher, says Dr. Arnholter, adding:

* * *

"Instead of pressuring or punishing the child, or blaming the teacher or the school, the parent should ask for a conference.

And, if all the members of the team are to work together harmoniously for improvement of a child's school work, it is very important that the child himself participate in some of the joint conferences concerning his school performance."

This school psychologist advises the parents and teachers who discuss with her the school difficulties of their Johnnys and Joans:

"Whether the child is misbehaving or failing in a subject, such as reading or arithmetic, there is one important principle involved. The child himself should not be rejected.

MAKE CLEAR

"It must be made clear to him that while he can improve in specific areas—he is still acceptable as a person both by the parents and by the school."

The busy school psychologist alerts teachers and parents to be watchful not only for the children who throw their classrooms and homes into an uproar, but also for the "good" little boys and girls who sit too quietly in their seats.

The children who throw darts at teacher and trip unwary children who walk past them may belong to the overly aggressive crew moving on an anti-social route that can wind up behind prison bars.

But the little boys and girls who day-dream almost constantly, taking no part in the life around them, may be moving toward the other terminal—the mental hospital.

Dr. Arnholter has seen the beginning and the end of both paths. Before starting on her present job, she was a psychologist for Central State Hospital, a state institution for the mentally ill, and also for the Indiana women's prison.

She also is the author of several hundred articles in newspapers and magazines dealing with some phase of family living.

The well-turned-out career girl is always completely neat. Here, she wears Ann Klein's trim shirtwaist dress as she works. Jersey fabric has unusual texture interest.

Designer Decries Skin-Tight Costumes

Clothes Color Women's Attitudes

By LEE BELSER

NEW YORK (INS) — Hollywood fashion expert Edith Head claimed today that what a woman wears sets the pace for what a woman says—and does.

* * *

"A woman's posture, walk, thought and vocabulary change with her clothes," the designer declared.

"For instance, a woman in a nice print dress at a luncheon with a group of other women is going to talk more and say less than if she were wearing a decollete gown and sipping a highball in a cocktail lounge."

One of the most disastrous gowns a woman can wear, according to the fashion prophet, is a skin-tight creation that looks like it might have been painted on.

* * *

"Tight dresses," she added, "are nothing more than a throwback to the woman of easy virtue—the old Sadie Thompson idea that shrieks, 'This ain't a lady!'

LOOKS VULGAR

"And if the woman is too thin she looks scrawny, if she's too fat she looks like a sausage, and just right she looks vulgar."

* * *

Miss Head decrees that women should wear clothes that fit easily and that suggest the figure rather than outlining it.

"You know," she said, "a dress that hits the natural waist, bustline and hipline. The average man prefers the covered-up look anyway. Of course, there are always a few adolescent males who like overexposure, but they're in the minority."

The Hollywood designer declared that the big trouble with women and their clothes is that 99 out of 100 females are dissatisfied with themselves.

* * *

"They're always looking for an Aladdin's lamp to transform them into some seductive creature," she said. "The one thing they could learn and the thing that would help them most is—poise.

PEAK OF PERFECTION

"A woman who can sit through an entire evening without adjusting anything has achieved the utmost in perfection."

With most women, according to Miss Head, self-consciousness is their Achilles heel.

"They're always fearful that their seams are crooked, that their shoes are run over, their gloves not quite clean enough or that their hairdo is passe."

Yet despite this fear, there are women who will wear just "any old thing" then go out and talk themselves to death because they know they don't look their best.

* * *

"The better a woman looks," Edith pointed out, "the less she talks, the better she sits, stands and walks."

NELMA JEANNE TOFT

Mr. and Mrs. Harold E. Toft of Lochaven road announce the engagement of their daughter, Nelma Jeanne, to Alvin Dennis McKinzie. He is the son of Leslie McKinzie of Fisk, Mo. A Nov. 17 wedding is planned.

Thin Men Cheer Return of Double-Breasted Suit

NEW YORK (NEA) — Caution: Do not wear one of the new double-breasted suits if you tend toward stoutness.

But if you're thin — preferably tall and thin—the modified double-breasted suit that is coming back this fall is just your cup of fashion. It goes well with the slender figure and vice versa.

Compared ot the pre-war double-breasted, the 1956 version is an entirely new suit. Actually, it really isn't double-breasted; it should be called single - and - a-half-breasted. The overlap in front is considerably smaller than in the old style, which was more like a sharkskin straight-jacket.

* * *

The shoulders on this year's double-breasted are narrow and natural. The lapels are narrower. The trousers, too, heighten the slim effect by being tapered. The entire silhouette gives an overall picture of streamlining, compared to the bulkiness of the double-breasted of the early 40s.

The double-breasted has never been completely absent; some diehards stuck by it through thick and thin. But the big H. Daroff & Sons firm last year devoted only two per cent of its production to double - breasteds and this year six per cent of its output will be the new style. That may seem like small stuff, but it's a lot of suits.

It shows that the double-breasted is on its way back. And front.

WASH AND WEAR

Still on suits. DuPont and Haspel Bros. have collaborated to bring the summer-weight wash-and-wear suit one step further.

They call the new creation an "automatic wash-and-wear" suit. They mean it can be put through the entire cycle—including spin-drying—of a modern automatic washing machine and then through the entire cycle of an automatic dryer. It comes out freshly pressed.

The first automatic wash-and-wear suit, Haspel's Exemplar, will be available next spring. The fabric and the tailoring details have been strengthened to stand the tumbling and agitating of the washer and dryer. But not every dryer will do the trick—it takes a dryer that operates at 160 to 170 degrees and, also, permits a five-to-ten minute cool tumbling cycle after the heat shuts off.

* * *

With that kind of dryer and an automatic wash - and - wear suit, you're in business. If your pants get creased, they can be freshened simply by tossing into the dryer. You can clean and press your suit at home just before going out to a party.

There's a definite possibility that this technique will be extended to winter-weight suits and to slacks and sports jackets shortly. Watch your dry cleaning bills go down.

Carter's brought out a knit brief with a wide band of waist elastic called "Trimmer." They figured it would be ideal for the men starting to get a little bulgy around the middle, as indeed it is.

But, surprisingly, the big market so far has been with slender men.

Mrs. Leach Prefers Tart Fruit to Fill Little Coffee Cakes

By JANET ODELL

If you are on the lookout for new coffee cake recipes, you'll be happy to see this one. It comes from Mrs. Clayton B. Leach of Lake Angelus.

Mrs. Leach enjoys sewing, making clothes for herself and her daughter. She is active in her church group and in a Great Books Discussion group.

COFFEE CAKE
By Mrs. Clayton B. Leach

1½ cups water
½ cup shortening

Boil together ten minutes, then cool to lukewarm. Soften 1 cake or 1 package yeast in ½ cup lukewarm water. Add to shortening mixture. Add:

½ cup sugar
1 teaspoon salt
2 eggs, well beaten
6 to 6½ cups sifted flour

Knead until smooth. Turn into well greased bowl and let rise until double.

Shape dough into pieces the size of a walnut, flatten out and cover with small pieces of tart apple. Roll into a ball. Roll each in butter, then in sugar-cinnamon nut mixture.

Grease an angel food cake pan, sprinkle with brown sugar and nut halves. Arrange balls in pan. Cover, let rise about one hour. Bake 45-60 minutes in a 375-degree oven.

2 tart apples
¼ cup melted margarine or butter
¾ cup sugar
1 teaspoon cinnamon
1 cup chopped nut meats

Mix last three ingredients together.

Husbands Are Men First —Always Remember That

Wives Have to Make Allowances for Masculine Behavior, Attitudes

By RUTH MILLETT

After a few years of marriage some wives seem to forget that the most important thing about a husband is that he is a man.

Being a man, his goals won't always be the same as a woman's cherished plans. But that doesn't necessarily mean that hers are better than his.

Being a man, he won't always think the way she does. But because he stubbornly clings to his masculine way of thinking, that doesn't mean he doesn't "understand" his wife.

Being a man, his ideas on the way children should be brought up may seem harsh to his wife. But that doesn't mean he doesn't love their children as much as she does.

Being a man, he may not be as interested in discussing personalities as his wife is. But because he isn't always interested in her harmless gossip doesn't mean he isn't interested in her.

Being a man, he may not notice the things his wife considers of extreme importance, such as the new curtains in the living room or even her new hairdo. But that doesn't mean he doesn't appreciate his wife.

Being a man, he may not fully realize how much is involved in the job of homemaking. But then, being a woman, his wife probably has only a vague idea of the heavy load of responsibility her husband carries.

Being a man, he may not be as good a listener as his wife would like him to be. But then, she was probably quite willing to do more than her share of the listening before they were married. So why should she expect it to be different just because they are husband and wife?

Husbands aren't nearly so hard to understand if wives will never forget that, first and foremost, a husband is a man.

Bob Considine Says:

U.S. Super-Roads to Cost Staggering Sum

NEW YORK (INS)—The enormity of the new highway expansion program is staggering. It will cost nearly 4,000 times as much as did all the lands acquired in the Louisiana Purchase. And nearly 8,000 times as much as Alaska.

* * *

It will cost more than we paid in dollars in all wars from the Revolution through World War I.

Before the last mile of road is laid in 1969 the sum of $51,000,000,000 will have been spent. Probably more. A highway and connecting road built as these will be built, for the traffic of 1970 and beyond, averages $1,000,000 a mile.

Road-builders constructing the Detroit expressway system may doubt this. Portions of their magnificent new array of roads will cost $10,000,000 a mile.

When the new road-building program has been completed you can hop in your jet-propelled bucket in Boston and drive straight through to Miami without a red light—or even a green or amber one.

You can get in a car in New York and tool to Los Angeles, nonstop, if being an unadulterated sap isn't a criminal offense by then.

PLENTY OF WORK

This fantastic effort will employ 500,000 roadworkers alone in 1961, provide 1,000,000 additional jobs in the fields of road-building equipment, cement, timber, explosives, paint, etc., etc., etc.

Though the program is hardly under way, a quarter of a million men already are breaking and grading ground.

The 40,000 miles of brand new roads will link together properly for the first time all existing federal, state, county, city and toll roads.

Place a bit of meshed fence wire on the map of the U. S. and you begin to get an idea of how everything leads to everything else.

* * *

The role of the roads in the matter of defense of the country goes without saying. They will connect 237 U. S. cities with populations of more than 50,000, as well as 42 of the 48 capitals, and the District of Columbia.

They will reach into and away from 88 per cent of all U. S. industry, and lap at the doors of our ore, oil, timber and agricultural reserves.

CURVES INCLUDED

Don't look for a straightaway from Times Square to Hollywood and Vine. Curves will be built into the new interstate road system deliberately, to guard against drivers becoming mesmerized by the endless lack of change. Curves keep drowsy drivers awake, and alive.

* * *

You'll probably be driving a 500-horsepower job by the time the last mile is laid, but even your Model T would have no difficulty negotiating the planned grades. None over three degrees. No sharp turns.

Where a twisting river or ravine presents a problem, the bridge across it will be constructed to stay in line with the road, no matter how much of a slant it presents as it crosses over.

Highway speeds aren't expected to go up much. Some predict that the normal highway speed of the 1970s will not be over 70 m.p.h.

* * *

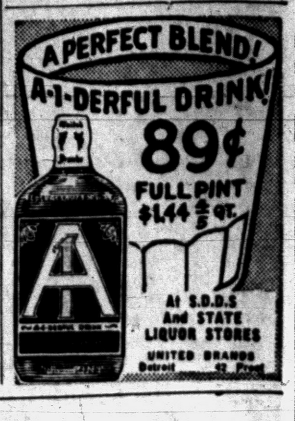

Better times will be made between points because there will be infinitely more miles of road over which 70 m.p.h. speeds can be maintained.

The replacement or discarding of 40,000 miles of "back" and "connecting" roads, most of them built for horses and carriages, will save countless lives.

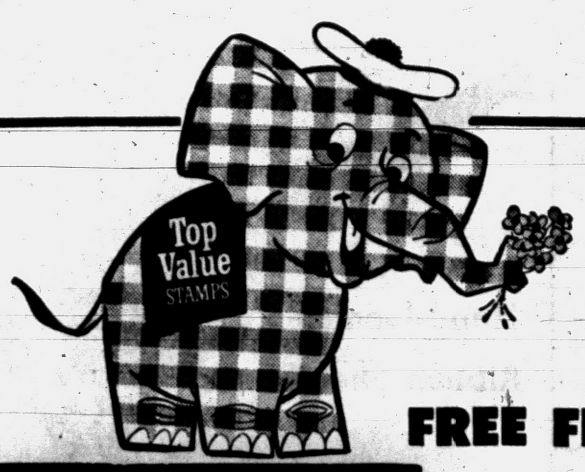

How many? The best authorities on this program estimate that it will cut down the appalling annual death toll by at least 3,500 lives and 130,000 other casualties.

Norwegians Honored

OSLO—The United States Meritorious Unit Commendation has been presented to the Norwegian Mobile Army Surgical Hospital in South Korea. From July 18, 1951, to November 12, 1954, this outfit treated 15,000 military cases as well as large numbers of Korean civilians.

Oakland Gives Wayward Youths a Chance

By LAWRENCE S. MARTZ JR.

Two years ago, a 16-year-old Pontiac boy was headed for deep trouble.

* * *

He'd quit high school on his 16th birthday, because "I got to thinking I knew more than the teachers. I didn't want to play around with school any more. I didn't know what I wanted to do."

Running with a tough crowd, he found most of his friends were in the same drifting boat.

And finally, "because I needed money and there wasn't anything else to do," he tried to rifle the till in his employer's gas station.

At that point, the law moved in.

UNIQUE COURT

But it wasn't the hard-fisted "John Law" of the movies. The boy—call him Joe—was turned over to George F. Taylor, Oakland County's chief assistant prosecutor, and sent through Taylor's unique "off the record court."

After an understanding but thoroughly realistic appraisal, Taylor decided Joe wasn't a hardened criminal, and there wasn't any reason he couldn't be a good citizen.

Since a criminal record wouldn't help, Joe's case was handled in the "off the record" court. His employer agreed to drop formal charges against him, and Joe was placed on informal probation—with the understanding that if he violated it, the charges again would be taken up.

* * *

Encouraged by Taylor, Joe decided to join the Navy.

Last week, on furlough, Joe dropped in to visit Taylor.

"I wanted to tell him how grateful I am for the chance he gave me," Joe said.

Joe is a fireman in the Navy, serving on a destroyer in the Atlantic. He's started high school classes again, and he's planning on marrying his high school sweetheart next June.

"I've had all the breaks in the Navy," Joe said. "It's been real good to me. I plan on serving 20 years.

"When I came back this time, most of my buddies were in trouble. Some of them are in jail. I'm trying to talk one of them into joining the Navy.

* * *

"It's made me realize what a wonderful break the off the record court was for me. I guess it taught me I'm not a little boy any more, I can't just run around playing all the time. If I want to be treated like a grown-up, I've got to earn it."

Joe's younger brother told him last week he wants to quit school too, but Joe says, "I hope I've got him talked out of that. Studying in the Navy is one of the hardest things I've ever done, because there are many other things to do. But I'm proud that I'm doing it."

Taylor says Joe's rehabilitation is nothing unusual for "graduates" of the off the record court.

"Since we started the court three years ago, we've processed 284 boys," Taylor said. "They're all between 16 and 18 years old, old enough to be prosecuted as adults.

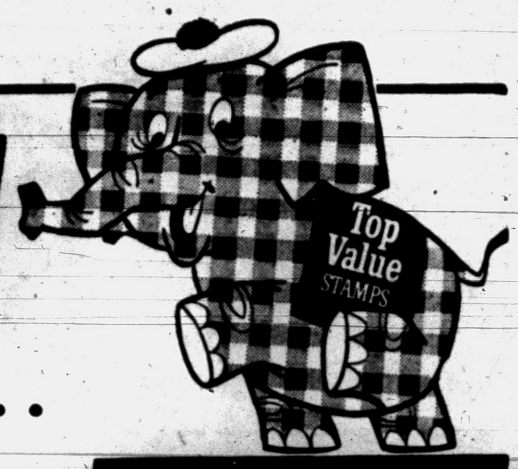

"But with all of them, we've felt a criminal record would hurt their chances of being good citizens. Joe, for example, could never have gone into the Navy with a record.

"Only five of the 284 boys have violated their informal probations."

THE BLONDE DIED DANCING

by KELLEY ROOS

SYNOPSIS

Connie Barton's suspicions were aroused by her husband Steve's clumsy excuses for his regular Wednesday night absences. She trailed him to a private dance studio and then realized he was taking dance lessons as a pleasant surprise for her. Keeping herself unnoticed, Connie watched the door of the studio till Steve left, and went in for a private word with his teacher. She found the instructor, Anita Farrell, sprawled on the floor—shot dead. In the corpse's hand was a paper silhouette of herself. Confused, Connie's first thought was to cover up for Steve. She grabbed the silhouette and the appointment book at the unattended reception desk outside and went home to confront Steve. She had to believe his assertions of innocence.

Police promptly got the names of all Miss Farrell's pupils and began checking to identify the 7 p.m. Wednesday waltzer. When Lieut. Bolling asked Steve his lesson time, Steve said 3 o'clock Saturday. From the stolen appointment book Steve took the lesson time of a Ralph Talley whom Bolling hasn't contacted—yet.

Using the name Hester Frost, and with a plan in mind to save Steve, Connie got Miss Farrell's teaching job. Connie noticed a ventilator in the ceiling of Studio K—the murder room—and set about exploring the possibility of the gunshot having come from there. While up on a catwalk over the false ceiling, she heard from the studio next to hers a man and a girl arguing whether he should chance going to "Rhinebeck Place." That is where the late Miss Farrell lived, at No. 11.

Connie phones Steve and tells him to meet her there. When she arrives she spies a determined young man in a hurry.

Chapter 11

The young man bounced past me, his heels beating a frenetic rhythm on the sidewalk. He was a good looking kid, but at the moment his face was clouded with trouble. It wasn't a face built for that. This boy looked as though he should have been laughing it up with the crowd at the corner drug store back home.

I hoped my hunch was wrong; as I watched him over my shoulder I hoped he would turn into one of the other houses on the block. But it was Anita Farrell's apartment house he went into.

I hurried back to number 11. As I entered the vestibule the inside door was just settling back into its frame. I re-opened it an inch or two and listened. Footsteps were thudding on the stair carpeting. They stopped, and I heard a strong, rough voice say, "Where you headed, son?"

The next voice was the one I had heard from the catwalk over the Crescent School. My hunch had been right; this young man had just hurried down here from the studio next to mine.

"What d'ya mean, where am I headed?" he said. "Who are you?"

"I work for the city, son. Police department."

"The police . . . what are you doing here?"

"Haven't you any idea?"

"No . . ."

"Where you headed, son?"

"To see some friends of mine," the young man said. He spoke easily. If he had anything to be nervous about, he wasn't showing it. "They live on the top floor. I just dropped in to say hello."

"What's the name of your friends?"

"Martin. Janie and Ed Martin."

"Martin. There's nobody named Martin lives in this building."

"Sure they do . . . 9 Rhinebeck Place. That's what they told me over the phone."

"This isn't 9, son. It's 11."

"Oh, sorry . . ."

* * *

I let the door swing closed. I hurried out of the vestibule of number 11 and into the vestibule of number 9. The name Martin was not under any of the mailboxes. I kept moving until I was safely in the vestibule of number 7, but my precaution was needless. The young man didn't think it necessary because of the cop to go through the motion of visiting the phantom Martins. He breezed right past number 9 on his way toward Christopher Street.

I set out after him. I knew now that the apartment he was interested in was Anita Farrell's. The first step in discovering why would be to find out who this young man was. He turned left on Christopher toward Sheridan Square. I went as far as Christopher, then stopped, realizing that I mustn't follow him.

He hadn't expected to find a policeman on duty at Anita's apartment. I hadn't, either.

There was a possibility that Steve would make the same mistake. I would have to wait for him here, warn him against blundering into the police as the young man had.

I was beginning to worry about what was taking Steve so long when a cab pulled up to the curb and stopped. The driver leaned out at me.

"You Mrs. Barton?"

"Yes."

"Hop in. Your husband sent me to pick you up."

"Pick me up . . . where is he?"

"At the Feather Club. If he's gone when you get there, you're to ask the bartender for a message."

I didn't get this at all. "Was my husband sober?"

"Far as I could tell."

"Where was he when you saw him?"

"Outside the Feather Club. I was parked there. What's wrong . . . don't you want me to take you to him?"

"Well . . . yes, I suppose so." I got into the cab. "This is nice of you, thanks."

"It's an easy ten bucks. Thank you."

* * *

Ten dollars. That was important money in our family. So it was important that I join Steve at the Feather Club. I hoped it was more important than finding out who the young man in Anita's place was, and why he was there.

The Feather Club was a tourist trap on Seventh Avenue below Sheridan Square. It was too early in the evening for the nearly naked ladies whose blown-up pictures decorated the front of the joint to be in action. I got out of the cab and headed for the silver door between the girls. Steve stepped out of it to meet me. He drew me to one side.

* * *

"Connie, the guy's inside."

"What guy?"

"The one we're looking for."

"But, Steve, how do you know?"

"He was down at Rhinebeck Place . . ."

"You've been there already?"

"Sure, and he was hanging around number 11. Then he got into the yard behind it from Greenwich Street, but something scared him away . . ."

"The cops," I said. "There's a cop on duty there."

"Oh," Steve said.

"And anyway, he isn't the one I phoned you about. My guy was there, too. And the cops scared him away."

"What?"

"Yes. That's a real popular spot, Anita's apartment."

"Tell me about your guy."

I told him about my guy, and I said, "Now you tell me about your guy."

"I've told you all I know. Except that I followed him here . . . he's here now."

"We've got to know more."

"Yes. Connie, I may be prejudiced, but I think he'd just love to tell you all about himself."

"Oh? Oh, yes." I had forgotten I was a blonde. I got out my lipstick. "Describe him for me."

"He's at the bar . . . sitting right in front of the cash register."

"Don't go far away, Steve."

"Don't worry about that."

* * *

I waltzed into the Feather Club, spotted the cash register and climbed up on a stool two down from the man in front of it. The bartender accosted me. I ordered a sherry. I looked in the mirror at Steve's man. He was looking at a lusty redhead at the far end of the bar. I had competition.

My first impression of the man was that he was proud of himself. He liked his looks, the cut of his clothes, the debonaire way he smoked his king sized, filter tipped cigetrette. Actually, he was handsome. I couldn't tell how tall he was, but he was slender, dark, and he had big brown eyes.

It was with surprise that I noted he did not have a mustache. He definitely gave the initial impression of having a well-waxed, Adolphe Menjou type mustache.

He turned his sleek head and caught me examining him. I let my eyes linger admiringly on his face a moment. I almost smiled at him, but not quite. I let him know that I, while not totally inaccessible, would be a challenge to his allure. Then I dropped my eyes.

I took a dainty sip of my sherry. I sneaked a glance at the redhaired woman. She was glaring at me, and I knew that I was in.

One man becomes sure Steve is the 'Waltzer' sought by police, tomorrow, in Chapter 12 of "The Blonde Died Dancing."

YOUR CHILD MAY HAVE PIN-WORMS

1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get *genuine* Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . *special sizes* for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

A STAMP ZOO — 3

The Brown Bear

The brown bear of Europe, a big animal resembling our American grizzly, now joins our stamp zoo. He has enormous strength and is very dangerous when attacked.

In 1953, the republic of Finland issued a stamp showing the brown bear. Many of these bears live in Finland's forests, and their thick brown fur is good protection against the country's cold climate.

Although by nature he is unsociable, the brown bear can be tamed. When fully grown he may be 10 feet long and weigh 1,500 pounds, and he may live to the age of 30. One of his favorite foods is honey, but he also eats meat, vegetables, nuts and berries.

When you color this picture with your crayons make his face and muzzle a lighter shade than the deep brown of his body. Color the frame lavender. Cut away the background spaces. Fold the center lower panel forward at the dotted line and fold the two end panels under.

(First to submit this idea was Lily Kabbash, Santa Monica, Calif., who wins $10. Perhaps you have an idea for Junior Editors. If so send it in care of this newspaper. Violet Moore Higgins; AP Newsfeatures.)

Grand Haven Favors Ike, but Misses on Cobo

GRAND HAVEN (AP) — Grand Haven's first precinct — which hasn't missed picking a presidential winner since 1920—voted for President Eisenhower 385 to 246. Last time the precinct favored Eisenhower over Stevenson 354 to 240.

The precinct has been wrong in other races. For instance, in 1952 it picked Fred Alger over Governor Williams. This time it gave Detroit's Mayor Cobo a one vote margin over Williams—314 to 313.

Actor Paul Kelly Dies

LOS ANGELES, Calif. (AP) — Actor Paul Kelly died last night in his West Los Angeles home of a heart attack. He was 56. Kelly had been in ill health several years.

City Voters Praise Ease of Machines

It looks as though voting machines are here to stay in Pontiac.

In yesterday's presidential election, voters and election workers alike praised the machines which were put to the test for the second time in the city.

Precinct 7 was first to submit returns to the city clerk's office at 9:19. Last to report, with the largest voter turnout of 1,216, was precinct 18 at 12:56 a.m.

"I well remember using paper ballots when we didn't have all returns in until the following night," Pontiac City Clerk Ada R. Evans commented.

Workers said many first-time machine users requested dry-runs on demonstration models before entering the machines. Little difficulty was reported in voting, they added.

"It was so simple that even a kindergarten child could have voted with one," exclaimed Miss Ruth Freeman of 177 N. Johnson Ave.

Not a first-time user of voting machines, but still praising them was Ralph Lee, of 24 Mary Day Ave. "I like these machines, because after you have made your selections, you can examine the entire ballot in one look. I hope they are here to stay."

* * *

City commissioners in February agreed to rent 80 machines on a one-year trial basis with a vote to determine if they will be purchased.

Although figures for Tuesday's election are not available as yet, Mrs. Evans said they save money by cutting down the time election workers must tabulate returns.

Elimination of initialing and folding and counting ballots were several of the advantages of machines over paper ballots mentioned by workers.

A housewife, Mrs. Harry Reeves, 140 N. Telegraph Rd., walked from the machine after having voted for the first time. "I've never used paper ballots, but I certainly didn't find this hard at all, and not the least bit complicated," she said.

Voters of City Pick Democrats Down the Line

The majority of Pontiac voters favored Democrats for national, state and county candidates in balloting yesterday.

With all 44 precincts reporting unofficial returns, Democratic Adlai E. Stevenson led the local parade by edging national winner President Dwight Eisenhower with 15,753 votes to the president's 15,063.

City Clerk Ada R. Evans emphasized that the returns remain unofficial until the county certifies them to the State Canvassing Board in a week.

Despite losing the majority vote in the city, Ike captured 24 of the 44 precincts.

Incumbent Gov. Williams received 18,914 votes in the city compared to his Republican challenger, Detroit Mayor Albert E. Cobo's 11,705.

In the race for the 18th Congressional District seat, Pontiac voters favored Democrat Paul Sutton 16,336 to Republican William S. Broomfield's 13,570.

Thomas Dewey Hails Ike Vote as Big Tribute

NEW YORK (INS) — Former New York governor and twice Republican presidential candidate Thomas E. Dewey hailed the outpouring of votes for President Eisenhower.

Dewey issued a one-sentence statement saying:

"The vote was a magnificent tribute to President Eisenhower and his policies."

Judicial Slate Led by Moore

Non-Partisan Ticket Returns Two Judges, Two Commissioners

All Oakland County judicial officials up for re-election yesterday swept to unopposed votes of confidence.

Probate Judge Arthur E. Moore led the non-partisan ticket with 108,174 votes. Circuit Judge Clark J. Adams, up for election after his appointment in January by Gov. G. Mennen Williams, polled 102,889 votes.

Circuit Court Commissioners Verne C. Hampton, with 90,785 votes, and Maurice F. Cole, with 95,102, also will retain their posts.

County balloting in the two non-partisan races for State Supreme Court seats mirrored late returns throughout the state. Justice Talbot Smith led Michael D. O'Hara by 74,089 to 63,560, and Justice George Edwards polled 100,983 county votes to John Simpson's 19,366.

Water Made 'Wetter'

DENVER—"Wetter water" puts out fires faster than ordinary water. To make it "wetter," add any laundry-type detergent, mixing as much in the water as you can without making it foamy.

UNOPPOSED — Both Probate Judge Arthur E. Moore (left) and Circuit Court Judge Clark J. Adams (right) were unopposed in seeking return to office yesterday. Both polled more than 100,000 votes.

Even If Adlai Had a Chance He Failed to Capitalize on It

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Adlai Stevenson had some cards stacked against him from the start. But he didn't make the most of the cards he held.

* * *

Former President Truman said at the Democratic convention last August that Stevenson was no fighter. This was not quite correct. Stevenson fought as hard as he knew how. History may say the trouble was he really didn't know how.

This was a personal defeat for Stevenson, not for the Democratic party. He ran behind the party as the close contest between Democrats and Republicans for control of Congress showed.

Perhaps another man, better able to get his ideas across, might have done better than Stevenson. Perhaps not.

Because of the peace and prosperity under President Eisenhower, the country felt no need for change. Stevenson's job was to show a change was needed. He didn't get that across to the voters.

One reason: because people were content, the issues were thin. But they were thin for another reason too: Stevenson and Eisenhower basically have the same views on domestic and foreign problems and their solutions.

This meant Stevenson had to strain to point up any differences between him and Eisenhower. The strain showed. At times he seemed to be floundering around to find an issue. For example: his proposals toward ending the draft and H-bomb tests.

* * *

Stevenson, even though he had been through the 1952 campaign, never learned how to get his ideas across. Most of the time he talked in generalities. But when he criticized the popular Eisenhower's performance he needed, to be convincing, to back up his charges with facts and figures. He had a tendency to ignore them.

He failed also to understand the elementary task of reaching the most people with what he said: through the newspapers. He worked over his speeches, polishing them, until just before delivering them to perhaps an audience of thousands.

This mean he got his speeches into the hands of reporters late — and therefore into the papers late —although the papers reach millions in every town and city.

* * *

Newsmen who accompanied him said he was forever toning down the speeches prepared for him by his speechwriters. It's no wonder they lacked fire. More than that he had a knack for approaching problems obliquely instead of head on.

For example: He said he wouldn't make Eisenhower's health an issue. But when he did, he couldn't seem to bring himself to talk of it forthrightly. He kept referring to it by asking if Vice President Nixon would make a good president.

* * *

Stevenson was credited by some people with having a literary style. He seemed to think so, since he worked over his phrases so much. But Truman had a better style, political and literary: he was more vivid and understandable.

State Publicity Drive Launched

Commission Underlines Role of Citizen in Aiding Program

FREMONT (AP) — Citizens of Michigan are being urged to support a program of promoting the state as a good place in which to live, work and do business.

* * *

Dan F. Gerber, Fremont industrialist and chairman of the Michigan Economic Development Commission, said every citizen has a role to play in a national advertising and publicity program designed by the commission.

The 1956 legislature appropriated $100,000 for the promotional work with additional funds to come from industry.

Gerber said the program, to encourage industry to locate in Michigan, needs the assistance of professional organizations, business groups, chambers of commerce, labor unions and local industrial development agencies.

* * *

Commission workers said formal promotion soon will be launched with advertisements and publicity placed in the large financial journals in the East.

Gerber said:

"We should work together in Michigan to make this state as attractive to industry as possible and to make Michigan's advantages to industry known throughout the nation."

West Berlin Shops Report High Sales

BERLIN (AP)—The current international situation has caused a strong run on shops in West Berlin, an Allied-occupied city 100 miles east of the Iron Curtain.

Shopkeepers said canned goods, sugar, rice and flour were in heavy demand. Shops lying near the borders reported their customers included many residents of Communist East Berlin and East Germany.

It is estimated there are 500,000 cases of pneumonia in the U. S. each year.

Eisenhower Gets Large Plurality in Rhode Island

PROVIDENCE, R.I. (AP)—President Eisenhower has won Rhode Island's four electoral votes in a landslide that may have placed a Republican in the governor's chair for the first time since 1938.

Complete unofficial returns gave Eisenhower 220,962 votes to 160,507 for Adlai Stevenson—a plurality of 62,455. Eisenhower beat Stevenson by 7,642 votes in 1952.

Republican Christopher Del Sesto got 190,021 votes to 189,754 for Gov. Dennis J. Roberts (D) in the battle for governor—a margin of 267. But 11,000 absentee votes remain to be counted.

The final decision will be delayed, however, as absentee ballots will not be counted in Rhode Island until Dec. 5.

Both the state's Democratic congressmen, Aime J. Forand and John E. Fogarty, won re-election.

Fogarty defeated Republican Thomas H. Needham, 104,673 to 95,856 in the 2nd District race.

Forand won easily over Samuel D. Ramsay (R), 95,553 to 75,513, in the 1st District.

Canada's Great Slave lake, the second largest in the Dominion, is 300 miles long and about 50 miles wide.

Long Lines Bring Top Vote Counts Across County

80 to 90 Percent Voters Visit Area Polling Places

From early morning lineups to eight o'clock deadline rushes, it was a big day for voters in Oakland County yesterday.

Record numbers went to the polls in many towns, with high percentages of registered voters casting votes.

Such proportions were noted as 1,173 of 1,387 registered voters casting ballots at Walled Lake, 2,516 of about 3,200 at White Lake Township, 5,841 out of 6,490 at Troy, and 31 out of 32 at Troy Township.

Percentages showed 90 per cent of those registered tallied at Keego Harbor and West Bloomfield, 85 per cent at Farmington and 80 per cent at Farmington Township, and 85 per cent at Oak Park.

In Avon Township 6,889 voted of the 8,629 registered voters, in Independence Township 2,844 of 3,350, and 3,176 of about 3,970 at Pontiac Township. At Waterford Township 15,591 voted of the 19,510 registered.

In Groveland Township a high vote was noted, and was attributed in part to a vote on sale of liquor by the glass. That issue won with 271 yes votes and 204 no votes.

Clerks led the counting after the polls closed, but it was about 8:30 this morning before Royal Oak township's ballots were tallied, final in the precincts to report.

Oak Park balloting was counted finally at about 4 a.m., along with Bloomfield Hills at about the same time.

First reported to the Pontiac Press clearing center for election returns was Oakland Township's tally of paper ballots at about 9:30 p.m.

Others followed: At 9:45 Holly Township called and Sylvan Lake and Troy Township, paper ballot.

Other early completions were the machine count at White Lake Township and Highland Township's balloting.

Records were set at White Lake Township with 500 more voting than in the last presidential election. About 100 were in line at 7 a.m. yesterday, but during the last 15 minutes of balloting last night, no one appeared to vote.

Voting tallies included 667 voting in Addison Township, 863 at Oakland Township, 740 at Lyon Township, 1,696 at Milford, 177 (out of 182) at Oakland County's one Northville precinct; 908 at Springfield Township, and 671 at South Lyon.

Lapeer County Favors GOPs

Eisenhower Leads; Cobo Noses Out Williams at 8,434 to 5,783

LAPEER — Republicans were the favorites in balloting throughout Lapeer County yesterday, and President Dwight D. Eisenhower led the ticket.

Ike polled 10,468, compared to 3,912 for Stevenson, while Detroit Mayor Albert E. Cobo defeated Gov. G. Mennen Williams, 8,434 to 5,783.

The Republican slate of state officers defeated their Democratic opponents by roughly 2-1 margins.

Republican Robert J. McIntosh edged his opponent Ira D. McCoy in county balloting for the U.S. Congress seat for the 7th District, 9,316 to 4,210.

GOP State Senate candidate Frank D. Beadle edged Democrat Henry Williams, 9,039 to 4,304, while Republican Lewis C. Cramton took a seat in the State Legislature, defeating Democrat Thomas G. Caley, 8,928 to 4,517.

Approve Annexing of Troy Township

TROY TOWNSHIP — Annexation of Troy Township's few square miles to the City of Troy was approved by both township and city voters yesterday, bringing future industrial area into the city's jurisdiction.

Since a vote earlier this year in which townships held off the annexation, Chrysler Corporation had announced plans for a plant in its long range planning for land purchased in the township.

The vote in the township was 28 yes and 3 no, while city voters approved, with a 2712 to 509 balloting.

Of the city's 6,490 registered voters, over 5,800 voted, with 31 of the township's 32 registered voters.

In New Orion Classrooms

Beam Styles School

LAKE ORION — A huge roof beam in natural color and of 12x30-inch size is a feature of the new addition to Webber School here, and runs in view through the entire building.

Students began this week moving into the new structure. Students from grades one through four from Webber School and 90 from Blanche Sims School completed their moving yesterday.

The 45 kindergartners from Community Bible Church are moving today.

The Webber unit cost the township $93,089, and blends with its surroundings. Each 30-by-30 room has a window wall with a view into nearby woods where no houses or buildings have been constructed.

North walls have bulletin boards their full expanse from three to nine feet high, with acoustical tile above. Green blackboards hang on the south walls.

Natural cedar in the ceiling, with the huge beam exposed, and full-length fluorescent lights with louvers give warmth to the rooms.

Desks are grey and pink.

The Carpenter School four-room unit may be completed by Dec. 1 so that elementary groups should be all in permanent quarters by second semester, school officials say.

Romeo Principal Expels 'Longhair'

ROMEO (AP) — Clark Phernetton, 15, with a modified Elvis Presley haircut, was expelled from Romeo High School yesterday. He was among 15 "longhairs" warned to "clip or get" by Principal Harold F. Barr a few weeks ago.

Phernetton, who lives in nearby Washington, got a trim after the warning but let the hair sprout again. The others kept their "orthodox" cuts.

The property is to be bought from Houseman-Spitzley Corp. for $2,500 an acre. The architectual firm of Smith-Tarapata and MacMahon has been engaged to design a seven classroom building for the site.

The bride's gown was of white satin with a bateau neckline inset with lace, and a dropped waistline and chapel-train skirt, which she had styled herself. Her fingertip veil was edged with alecon lace and was held by a pearl seeded crown.

Funds for Utica Library Denied by Close Vote; Police Raise Out

SHELBY TOWNSHIP — Two millage-increase proposals were turned down by Shelby Township voters, yesterday.

A quarter-mill levy asked by the Utica Public Library, which serves Utica and Sterling Township as well, was rejected, 1,296 to 1,134.

After it was rejected by voters in August, Shelby residents were advised unless they passed the mill vote, they would have to pay fees for library use. The millage assessment was approved by Utica and Sterling in the August vote.

A two-and-one-half mill increase asked for police department enlargement was turned down with a 1,826 to 919 balloting.

GEORGE FLEIGH

Hospital Board Hires Advisor

Would Break Ground in Spring for Near Romeo Structure

ROMEO — George Fleigh, 39-year-old hospital management consultant, has been engaged by the Community Hospital board to aid in speeding up construction of the proposed medical facility to be built between here and Almont.

Fleigh expects to move to Romeo this week so that he may devote his evenings to the local project. He is also an administrative assistant at the new William Beaumont hospital in Royal Oak, and must necessarily divide his time between the two jobs.

The board of directors of the proposed 31-bed hospital foundation hopes to break ground next spring with completion planned a year later.

The medical unit will be built on the southeast corner of Van Dyke (M-53) on a site given by Mr. and Mrs. W. Ross Lawrence of Almont. The proposed facility will serve residents living within a 25-mile radius in Lapeer, St. Clair and Macomb counties.

Fleigh's tasks will include working in liaison with architects and contractors to speed design and pave the way for bidding on the building early next spring.

Irate Citizen Cools After Police Talk

TROY—A verbal threat directed at City of Troy ditchers, ready to move old hot-water tanks from under a driveway on Dashwood Street near Dequindre road of "don't move those tanks or I'll shoot you," brought a police guard out for the workers yesterday morning.

Sgt. Bill Schwandt of the Troy police force says he talked at length with the resident, who had been irate the previous day, and the resident directed the ditchers to proceed with replacing the tanks with standard 12-inch culverts.

He had felt that the 12-inch tanks were doing the same job, but city workers held out for full-length culverts under the driveway.

The project, which began several days ago in the Dequindre-5 Mile area, was approved recently by the city, and will cover most of the city's areas where ditches are too clogged to provide adequate drainage.

Troy Hedges on Health Man

City Confirms Its Need for Doctor's Work; Ask Realtor Requirements

TROY — A doctor should be hired for a health officer, Troy Commissioners have decided, rather than the commissioners serving in that status as the city charter provides.

But no appointment was made this week, after lengthy discussion of possibilities for the office.

The commissoin talked at length, too, on requirements for new plats, such as two presented this week by George Glover, realtor developing property in the Adams road section of the city.

The citty attorney was instructed to draw up a resolution that would set up requirements for Glover to guarantee with either bonds or cash, including roads, blacktopping, drainage and water.

Sewers were not included in the requirements because the area is one of the sections to be part of the North Evergreen Interceptor area.

Glover and another realtor have asked that that section of Evergreen receive immediate attention, and have offered to advance funds for the sanitary sewer project.

The city government is seeking some sewer and drain solution, so that by spring and flood season, water levels will be under control.

Floods in that subdivision area have caused much concern for residents and city officials.

School Board Ends Dispute With Suspension

HAZEL PARK (INS) — School Board members of the Hazel Park District voted unanimously Monday night to suspend teacher Marveta Hine to climax a long dispute over her status.

The board suspended Miss Hine for "insubordination" because she refused to show up for two psychiatric examinations it had arranged.

The Royal Oak woman was ordered examined Oct. 29 at Henry Ford Hospital and then on Oct. 25 at the University Hospital in Ann Arbor.

The controversy began in the summer of last year when she refused to take a psychiatric test and filed suit to restrain the board from making her comply. Her case was dismissed from court last September.

Dems Face Uphill Fight to Keep Gains of Past

As the dust settled in Oakland County today, Republicans took a firmer grip on the arms of the office chairs they won again in yesterday's election.

And county Democrats, who trooped to the polls yesterday with soaring hopes of winning some county races for the first time in a quarter of a century, dug in their heels to start rebuilding the gains they had established in the past six years.

Winning Republican margins in key county races have been dwindling steadily since 1950. Gov. G. Mennen Williams lost the county by only 583 votes in 1954, and the Congressional GOP popular vote dropped from 56.6 per cent to 53.9 per cent in 1954.

Democrats, pointing to an increase in voter registration in the past four years which eclipsed the 1952 GOP margin, confidently predicted victories this year.

But the Republican landslide yesterday, re-establishing margins up to 58 per cent, blasted their illusions and set the stage for more uphill battles in the future.

In what Republicans had privately conceded would be their toughest county battle, winning Congressman William S. Broomfield walked away from Democrat Paul Sutton.

Sutton, who campaigned energetically and received most financial backing from state and national campaign funds, carried only eight of the county's 43 cities and townships.

Republicans triumphed in all county races by equally comfortable margins.

Even Governor Williams, long regarded as the Democrats' leading contender in Oakland County, slumped to 47.5 per cent of the popular vote.

Election Endorsed Entire Party, He Says

Eisenhower Vows to Work for Peace, Prosperity at Republican Victory Rally

WASHINGTON (AP)—Following is a stenographic transcript of President Eisenhower's remarks to a Republican victory rally here early today:

* * *

Mr. Chairman, Mr. Vice President, my very good friends in this audience and everywhere in the United States to whatever areas my voice reaches:

This is a solemn moment. The only thing I should like to say about this campaign is this: it is a very heart-warming experience to know that your labors—your efforts—of four years have achieved that level where they are approved by the United States of America in a vote.

* * *

Such a vote as that cannot be merely for an individual, it is for principles and ideals for which that individual and his associates have stood and have tried to exemplify.

To all the people of the United States who have understood what the administration — the Republican party—has been trying to do in these past four years, and consciently have worked so hard for the re-election of that administration, my most grateful thanks.

* * *

The only thing I can say to all the people — all the Americans who have voted that ticket which puts us back into the same positions of responsibility — I can only say, it is our earnest prayer that nothing we can ever do — or shall ever do — will betray that trust.

And now let me say something that looks to the future: I think that modern Republicanism has now proved itself. And America has approved of modern Republicanism.

* * *

And so, as we look ahead — as we look ahead to the problems in front, let us remember that a political party deserves the approbation of America only as it represents the ideals, the aspirations and the hopes of Americans. If it is anything less, it is merely a conspiracy to seize power. And the Republican party is not that! Modern Republicanism looks to the future. Which means it looks to that area — that time — in which our young are most interested. And this means that it will gain constantly new recruits from the youngest of our voters. And as such, as long as it remains true to the ideals and the aspirations of America, it will continue to increase in power and influence for decades to come. It will point the way to peace among nations, and to prosperity — advancing standards here at home in which everybody will share, regardless of any accident of power, of station, of race, religion, or color.

* * *

And if we cling to these ideals, if we uphold them, if we fight for them, then I say: Republicans deserve, then, the vote of confidence that Republicans, friendly Democrats, and independents, have given us this day.

* * *

My friends, I conclude with a pledge: With whatever talents the good God has given me, with whatever strength there is within me, I will continue — and so will my associates — to do just one thing: to work for 168 million Americans here at home—and for peace in the world.

Now There's a School for TV Commercials

By EARL WILSON

NEW YORK — Up at Carnegie Hall, the temple of song, there's now a school that'll tutor you to gush TV commercials.

★ ★ ★

Beautiful blonde Mary Costa—who knocks off 50 "big ones" ($50,000) a year commercializing for "Shower of Stars" and "Climax"—was thoroughly astonished when I told her of this latest trend in things educational and cultural.

"A school!" she howled. "Well, I remember when I was first offered a job doing commercials I said I wouldn't be caught dead doing them."

Her husband, the Hollywood director Frank Tashlin, quietly replied:

"I don't think you could do them . . . they're hard to do."

Betty Cashman, who says that you, too, can make $650 doing a TV commercial, is the well known drama coach. She's teaching commercials now, in addition to straight drama, because she's found that the most artistic actor also likes to eat.

★ ★ ★

I'm signing up for Betty's course immediately — because of what Mary Costa told me.

MARY

"Commercials opened doors," she said. "I always wanted to be a concert and opera singer since I was a kid in Knoxville. They're now giving me a chance on the show. If I hadn't done the commercials, I'd never have had the opportunity. Besides being lucrative, the commercials are good training for acting because you have no mask to hide behind. My husband's always helpful that way. He says, 'Just think, 40,000,000 people are watching you.' At which I say, 'Oh, shut up!'"

Out of these commercials came a movie, "The Big Caper," and a job as the "voice" for Walt Disney's "Sleeping Beauty"—as well as her singing assignment on "Shower of Stars" a few nights ago with Rory Calhoun and Jack Benny.

Millions Are Earmarked to Film 'Greatest Story'

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — One of the finest compliments paid Walter Lang in his successful life is the new, special contract Buddy Adler has given him to direct "The Greatest Story Ever Told," by Fulton Oursler. Walter's last, "The King and I," is an outstanding box office smash.

A quarter of a million dollars was paid for the screen rights to the Oursler book, and Buddy says that seven or eight million will be spent to make this the most important picture ever made by 20th Century-Fox.

Walter will start preparing the Oursler picture as soon as he finishes "The Desk Set" and he will work on it from a year to 18 months. If the war is settled in the Middle East, Walter will visit the Biblical lands of the New Testament.

The girl far out in front for Bing Crosby's leading lady in "Man on Fire" is beautiful blonde Gena Rowlands, one of the toasts of Broadway in Eddie Robinson's play, "The Middle of the Night."

I hate to say that Gena is "another Grace Kelly," she has too much personality and talent of her own. But MGM could easily fit her into any property they've already bought for the princess. They've had Gena under contract for eight months.

Bing, his producer Sol Siegel, and Ronald McDuogall are now in New York looking over the current crop of stage lovelies for their MGM picture. And if they can spring Gena from the stage hit by Dec. 10, she'll make her debut with the one and only Bing.

TITA LOOKS AHEAD

Let it be said to the credit of Tita Purdom that she has completely erased the past and has embarked on building up a TV career.

She was greatly criticized for making her quarrel with her husband public. Now she's so busy in her TV life that she hasn't time to fight with Edmund Purdom.

She's been getting minor roles on such shows as Kraft and Lux, but now she gets her big chance in "Playhouse 90" in a play called "So Soon to Die." She's been signed for one of the big roles with Richard Basehart and Anne Bancroft.

Tita's probably doing better than Purdom, who seems to have suffered both in his career and in his romantic life with Linda Christian, who sees him no longer.

Elizabeth Taylor walked on the MGM lot flashing a 30-karat diamond ring—you heard me, 30 karats! You know Mike Todd would give her a bigger and better ring than anyone else.

But all is not smooth sailing for Liz, who will get a Mexican divorce from Mike Wilding as soon as possible to marry Todd. Wilding is going to insist that Liz give him full custody of their two small sons, or he will contest her divorce action wherever she files.

I have an idea that someone very close to Wilding has told him he's been too complacent. It's hard to think that Mike, who is so easy going and gentle, would put up a fight, but that's what I hear.

NO HONEYMOON

Snapshots of Hollywood collected at random: Marilyn Monroe finishes "The Sleeping Prince" Nov. 16, but she and Arthur Miller can't take the honeymoon trip they planned through Europe because of world conditions.

Lou Costello, who has been traveling with Vice President Richard Nixon, says that he has great hopes for his thoroughbred, Bold Bazooka, which will run at Santa Anita next month.

Gia Scala's sister, who has the plain old name of Agatha Smith, expects a visit from the stork in six months. Gia will plane to London to be with her sister.

Indonesians Attack Embassies in Protest

JAKARTA, Indonesia (AP)—Angry crowds of demonstrators today attacked the British and French embassies here in protest against the military action of the two Western countries in Egypt.

* * *

The information section of the British Embassy was set on fire but police intervened before flames destroyed the building. The French Embassy was stoned more than 10 minutes. Police fired into the air and used rifle butts to drive the mobs back.

Several demonstrators were reported injured but no embassy personnel were hurt.

The crowd surged to the house of French Ambassador Jean Brionval, tore down the French flag and stoned out the windows of the house. Brionval was penned up in the house until the crowd moved away.

Britian's Duke of Edinburgh will visit New Guinea on the royal yacht in November, while on tour to the Olympic Games in Melbourne.

Newsman Tells of Jump With Paratroops in Egypt

(The following dispatch written by a British newspaperman is the first eyewitness dispatch by a British correspondent who Monday jumped with British and French paratroopers in the invasion of Egypt.)

By PETER WOODS
London Daily Mirror Correspondent

PORT SAID AIRPORT, Egypt (INS) — Soon after dawn a great air armada arrived at the dropping zone and out we went.

* * *

The sky was littered with white, black, green, and khaki parachutes.

Anti-aircraft guns, machine-guns, tanks and small arms made the air around us a screeching, cracking hell of lead.

We dropped towards the runway strewn with barrels and saw Egyptian troops in slit trenches start shooting.

EGYPTIANS WAITED

Everywhere they were awaiting us, but calmly, as though in a practice jump, our men unhitched weapon containers and made for the airfield's control tower which was the rendezvous point.

As we walked across the sandy airfield shells and mortars crumped. Men fell and comrades picked them up and walked resolutely on.

Within 30 minutes, as they reformed and began the push towards the defenders, the casualty clearing station was filled.

* * *

Wounded lay on stretchers, some with shattered limbs and others with rent bodies, but none complained.

Stretcher bearers repeatedly went to shell-battered runways to retrieve the wounded.

Some were put gently into a corner of the building—never to wear the proud red beret and silver wings of the parachute regiment again.

Team surgeons operated as windows of the makeshift theater were blown in and shrapnel splattered the walls.

ADVANCE BEGAN

Under cover of rocket fire of Naval jet fighters, which were talked down on the targets by leading troops, the battalion began to advance.

Back came the prisoners, frightened little men jabbering all the English they knew.

All day the battle raged as the Red Devils (The British paratroopers who wear red berets) pushed on against known five-to-one odds.

* * *

Then, from the buildings of Port Said itself, came the crump of heavy tanks.

By tonight it is known that there are many new Russian-built SO-100's with massive guns hidden there.

Under their withering fire the paratroopers were pinned down with only a few anti-tank guns with which to reply.

The battalion's commander, Brigadier "Tubby" Butler said:

"There are many more tanks than we thought. We are only moving slowly."

Quaker State Dem to Senate Despite Ike's Win

PHILADELPHIA (AP) — President Eisenhower scored an overwhelming victory in Pennsylvania's election but Republican James H. Duff lost his Senate seat to Democrat Joseph S. Clark in a stunning exception to the GOP landslide.

Eisenhower rolled up a staggering 570,000 plurality over Adlai Stevenson—300,000 more than his margin four years ago.

Clark, 55-year-old former mayor of Philadelphia, on the basis of nearly complete returns is a 30,000-vote winner over Duff.

With 8,670 of the state's 8,808 precincts reported, the count was:

Eisenhower 2,505,434
Stevenson 1,934,781

It was far and away the biggest presidential vote spread since the Franklin D. Roosevelt win over Republican Alf Landon 20 years ago.

Eisenhower's total was the largest presidential vote ever recorded in the state.

Pro-Ike Negro May Bolt Dems

Rep. Powell Threatens Switch If Party Follows Segregationists

NEW YORK (AP) — Rep. Adam Clayton Powell (D-NY), newly re-elected Nego congressman, says he might quit the Democratic party. He supported President Eisenhower for re-election.

Powell said last night he intends to vote as a Democrat in the organization of the new Congress. But he added:

"If the Democratic party becomes the party of Eastlandism, I cannot stay in it."

This was a reference to Sen. James O. Eastland (D-Miss), a strong segregationist.

PULLS SWITCH

Powell supported Democrat Adlai E. Stevenson for President in 1952. But he switched to Eisenhower last month because, he said, he was pleased with the President's stand on civil rights.

Powell called last night for a "radical housecleaning" in the Democratic party, starting with National Party Chairman Paul Butler.

"If there is any hint made to try to discipline me," he said, "then the Democratic party might as well kiss the Negro vote goodby, not only in New York but elsewhere."

Democrat Lausche to Senate for Ohio

COLUMBUS, Ohio (AP) — Frank J. Lausche, five-term Democratic governor of Ohio, defeated incumbent Republican Sen. George H. Bender in Tuesday's voting.

As the vote count passed the halfway mark, Lausche held an ever-increasing lead of 61,634.

With 6,200 of Ohio's 12,097 polling places reporting, the count stood: Lausche 892,781, Bender 831,147.

Five Countries Withdraw From Olympic Games

LONDON (AP) — Five teams have withdrawn from the Olympic Games and one other is debating pulling out as the world's biggest sports gathering approaches under the black cloud of increasing international tension.

Latest countries to quit the Olympic Games are Communist China, Holland and Spain.

Peiping Radio said today China refused to send a team "because the International Olympic Committee persists in recognizing the Olympic committees of two Chinas and allows Taiwan (Formosa) to send a team to the Olympics."

Egypt withdrew its team Aug. 12. Iraq pulled out Nov. 3 because of the grave Middle Eastern situation.

Switzerland is under pressure to resign from groups protesting against the Russian suppression of the Hungarian freedom movement.

Several prominent members of the Swiss Olympic committee have expressed the view that Swiss athletes should not compete against Russians.

Holland followed the advice of the Dutch Sports Federation which urged the Netherlands Olympic committee to withdraw unless the Soviet Union is banned from the Games which are due to open in Melbourne Nov. 22.

* * *

From other countries came news of uncertainty about Olympic Games participation.

The Russian intervention in Hungary nearly stopped Denmark from competing. Finally, after considering protests against Danes competing with the Russians, the Danish Olympic committee decided to send 32 athletes and leave the decision whether to compete to five Olympic officials. They will decide after arrival in Melbourne.

* * *

Norway also agreed to send a team "but committee members will decide whether to compete after assessing the international situation."

From Stockholm came news of more protests against the Russian intervention in Hungary. The Swedish Olympic committee called an emergency meeting but finally decided to go ahead.

In the meantime, Olympic officials in Australia are worried about possible demonstrations against the Russians. The first party of the 325-strong Russian team has arrived in Melbourne.

Constantine Andrianov, president of the Soviet Olympic committee, was asked by a newsman in Melbourne: "Will you tell us about reports that Russia will withdraw from the Games?"

Andrianov replied: "We are here. We came to compete in the Games. Does that answer your question?"

* * *

The Hungarians left Prague today for Melbourne. Their departure following conflicting reports that the Hungarians would not compete in the Olympics.

* * *

Britain and France have decided to continue with their Olympic plans despite the Middle East flare-up. The second batch of Britain's 230-strong squad left London Airport today.

France reported: "No changes planned, French Olympic team already en route."

Other news:

Rome: Italian Olympic committee said there was no change in the Italian plan to compete.

Tel Aviv: A skeleton three-man bber team will represent Israel instead of the planned 20-man team.

Frankfurt: Germany is going ahead with its original plans. The first two groups, totalling about 150, have arrived in Melbourne. The next group will leave Nov. 11.

Meanwhile, against this grim background of increasing world tension, Otto Mayer, Chancellor of the International Olympic Committee, said: "The Games must take place" whatever the world situation.

* * *

He added: "The Olympic Games must be allowed to make their contribution to friendship between peoples and fulfill their humanitarian role in the interests of peace."

Victor Boin, president of the Belgian Olympic committee, commented: "Whatever our personal feelings in relation to the Hungarian tragedy, we believe that the Olympic movement must place itself above politics. We consider if the international situation should call for certain measures, these measures should be taken by the International Olympic Committee and not by invited nations."

Belgium's team will leave for Melbourne Nov. 11.

LOS ANGELES (AP)—After nine years as an end for the Los Angeles Rams, Tom Fears is retiring.

Wertz Beats Polio for Big Year in AL

NEW YORK (AP) — Vic Wertz, whose recovery from a sometimes crippling disease gave renewed hope to similarly afflicted thousands, made the American League comeback-of-the-year in 1956.

Wertz, who fell victim to polio in August of 1953, received the votes of 105 of the 178 members of the Baseball Writers Assn. of America participating in the annual Associated Press poll.

The Cleveland 1st baseman regained his position as one of the game's outstanding sluggers the past season by walloping 32 home runs and driving in 106 runs. He led the Indians in both departments and was 2nd in the league in homers and 3rd in RBIs.

Charley Maxwell, Detroit outfielder, was runnerup.

Wertz, although he batted only .264 last season, picked up the power slack caused by the slumps of Al Rosen, Al Smith and Bobby Avila. He played in 136 of the Indians' 155 games, being sidelined briefly with a pulled leg muscle.

Vic's polio attack shocked the baseball world. He is a strapping fellow, 6 feet tall and weighs 195 pounds.

After only two weeks in a hospital, however, Wertz returned to his home in Detroit. His recovery was quick and in March he reported to Cleveland's spring training quarters in reasonably good shape.

"I'm lucky I had the non-paralytic type of polio," he said. "I just hope I have a good year to show others they can fight their way back.

"People can beat this thing if they catch it in time. The most important thing is to check with their doctors right away if they get the symptoms."

Other players who received votes were Frank Lary of Detroit, 4; Bob Nieman of Baltimore, 3; Gil McDougald and Enos Slaughter of the Yankees, Gerry Staley of the White Sox, Ted Williams of Boston, Harry Simpson of Kansas City and Paul Foytack, Detroit, 2 each; Early Wynn of Cleveland, Mickey Vernon and Tom Brewer of Boston, Roy Sievers of Washington, George Kell of Baltimore, Bob Wilson of Detroit, and Jack Harshman, White Sox, 1 each.

SMALL FRY FANS — Cleveland Indian first baseman, Vic Wertz, who was voted as the comeback-player-of-the-year in the American League for 1956 by the Baseball Writers of America gets further encouragement from several of his small-fry fans who visited him in his Detroit home. The youngsters, left to right, are Bill McDonald, Bob McDonald and Pat Lorway. After recovering from polio, Wertz turned in 32 home runs and 106 RBI's this season.

Olympians in Hawaii

U.S. Team Has Stopover

HONOLULU (AP) — The complete U. S. Olympic track and field team is in Honolulu today for an exercise stop, cheered by a prediction from Assistant Coach Jesse Mortenson it will win 12 and possibly 15 events at Melbourne.

The athletes had their minds on less vital matters — swimming, sunning and sniffing Hawaii's tropical air.

* * *

The third of seven planes carrying athletes and officials brought the second half of the track team. The first plane, with canoers and wrestlers, winged on to Melbourne via the Fiji Islands after a 36-hour stop.

* * *

Kenneth L. (Tug) Wilson, president of the American Olympic committee, called the stopover here "the added tonic that will put our athletes in the proper winning state of mind for the Melbourne Games."

Mortensen, who is head track coach at the University of Southern California, asserted:

"I figure we will have no trouble winning the 100, 200 and 400-meter races. We should also take the 400-meter and 1,600-meter relays. I look for victories in the shot, high jump, broad jump, the pole vault, both hurdles and the decathlon.

* * *

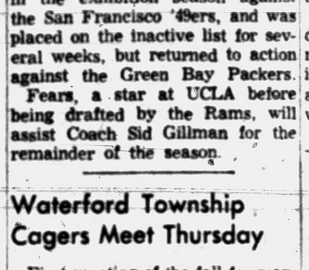

"We also have an excellent chance in the hammer and discus and either Tom Courtney or Arnie Sowell appears capable of winning the 800-meters.

"I figure we'll lose the javelin and distance races."

Charlie Tyra, 6 - 9 center of the University of Louisville who outplayed seven-foot Bill Uhl of Dayton in the NIT basketball tourney last season, is getting attention as the top player in the country for the coming season.

He will make his appearance against the U. of D. in Detroit December 6th.

Redleg Honored

Bailey Is 'Soph of Year'

NEW YORK (AP) — Ed Bailey, who contributed 28 home runs to Cincinnati's major league record-equalling output of 221, today was voted the National League sophomore-of-the-year for 1956.

* * *

The 25-year-old catcher drew 71 votes and barely beat out Ken Boyer for the award. The St. Louis 3rd baseman was named on 68 of the 206 ballots cast by members of the Baseball Writers Association of America participating in the annual Associated Press poll.

Pittsburgh outfielder Bill Virdon, the NL rookie-of-the-year while playing with the Cardinals in 1955, wound up 3rd in the voting with 57 votes. Relief pitcher Don Bessent of Brooklyn received five votes and Roberto Clemente, another Pirate outfielder, four.

Bailey was just a 2nd-string catcher behind veteran Smoky Burgess at the season's outset, but gained a regular berth as a result of his prolific batting. Besides his surprising home run production, the husky Tennessean also wound up with an even .300 batting average and 75 RBI's.

This was in direct contrast to his disappointing rookie season of 1954 when he hit only .197 and poked nine homers in 73 games. Bailey was batting .205 after 21 games the following season when the Reds sent him to San Diego. There he batted .282 and hit 16 homers to earn another trial with Cincinnati.

In a June game against the Dodgers, he enjoyed his biggest day with three homers and six runs batted in.

German Coach Hopes Team Will Be One Unit

MELBOURNE, Australia (AP) — Gehard Stoeck, coach of the East-West German Olympic team which arrived in Melbourne today, said here: "We hope that the biggest medal we can win will be that of staying in Melbourne and leaving as a complete German team."

Stoeck, himself an Olympic gold medalist, assured a press conference that the spirit of one German team would prevail all the time at Melbourne — "As a demonstration that the Olympics can sometimes do better than politics."

* * *

Stoeck denied vigorously a report in the Melbourne Sun that there was a dispute over whether the flag of West Germany or Communist East Germany should be raised at the Olympic Village. He pointed out that the colors of the two flags are the same, red, black and gold.

Miller to Undergo Surgery on Wrist

DETROIT (INS)—Detroit Tiger's 21-year-old former bonus pitcher, Bob Miller, will enter Henry Ford Hospital today for an operation on his left wrist.

Walter "Spike" Briggs, Tiger general manager, said the operation was advised because the left-hander had trouble with his wrist during the past season. He was struck with a pitched ball while batting in the Tigers' 1st exhibition game at Orlando, Fla., last spring.

The young pitcher said the injury prevented him "from throwing hard," and that he had trouble controlling his curve ball.

Miller was 0-2 with Detroit and 4-4 at Charleston.

Logart Choice Against Harris

Rated 2-1 for the Detroiter's TV Main Event Debut

CHICAGO (AP)—Isaac Logart, a familiar ring performer to television audiences, tonight will try to block Clarence (Duke) Harris' climb up the welterweight ladder.

* * *

Logart, winner of six out of seven starts this year, is a 2-1 choice in the nationally beamed 10-rounder (10 p.m. EST, ABC) which marks the TV main event debut of the 24-year-old Detroit fighter.

* * *

Harris, a swarmer who keeps his opponents off balance as much as possible, jumped to No. 7 ranking by scoring a unanimous 10-round decision over Ramon Fuentes last June 23.

* * *

That was Harris' chief triumph in a record of 22-3-1 since turning pro three years ago. He is unbeaten in 15 months, winning seven straight, and has six knockouts in his last 10 starts and nine in all. Among foes he has stopped are Johnny Eubanks, Frank Smith and Mickey Savage.

* * *

Logart, who used to spar with Kid Gavilan in his native Cuba, piled up six straight victories this year before dropping a split decision to Caspar Ortega in Boston Oct. 17.

Rice and Texas have met annually on the football field since their first meeting in 1914. Texas holds a 26-17 edge.

Two Top College Linemen Clash in OSC-Indian Tilt

PALO ALTO, Calif. (AP) — A pair of the best collegiate linemen in the nation collide Saturday when Stanford's Indians battle the Beavers of Oregon State.

* * *

Matched on the line for a struggle that should decide the Pacific Coast Conference representative for the Rose Bowl football game are Stanford's right tackle Paul Wiggin and Oregon State's left tackle John Witte.

* * *

As a junior in 1955, the 228-pound Wiggin won All America recognition. Witte a 232-pounder, was paired with him on the all Pacific Coast team. Both have won strong support from regional boards for post season honors this year.

Although printed lineups list them directly opposite each other, team formations probably won't bring too much face to face contact. But their respective strength will be watched closely.

* * *

Big John earned a varsity letter at OSC in 1951 as a freshman and was in regular service the next season as a sophomore. Then came two years of military service before a return in time to star on last year's second-place club.

Wiggin rates along with Bob Reynolds of 1933-35 in the annals of Stanford tackles. He stands 6-3 and despite his size operates with speed and agility. He has been a starter since the first game of his sophomore season.

Kowalczyk, Kaiser Back in Form

Injuries Mending at MSU

EAST LANSING (AP) — Bad news for Purdue! Michigan State's Walt Kowalczyk is running at top form again.

When he's right, Kowalczyk, a 210-pound six-footer from Westfield, Mass., can break up any football game.

* * *

The burly right half runs like a berserk bulldozer and also has surprising speed.

Last year, as a sophomore, Kowalczyk had 584 yards in 82 carries—better than seven yards a try. He was State's leading ground gainer.

He was named "outstanding player" in the Rose Bowl game and "most improved" in spring practice.

But in the second week of workouts this fall Kowalczyk twisted his right ankle.

In the first five games this season, Kowalczyk just couldn't get going. He would make a good carry, then the ankle would fold under him and he would limp up and down the sidelines, a study in frustration.

Against Wisconsin, Kowalczyk had his best day to date. He carried nine times for 44 yards and contributed one of the five touchdowns.

Art Johnson, a sophomore from Flint, was started ahead of Kowalczyk last week. But coaches indicated that Kowalczyk will be in the starting lineup against the Boilermakers.

The return of end Dave Kaiser and tackle Joel Jones also will strengthen the Spartans.

Kaiser played briefly against Wisconsin, his first appearance since he injured his instep against Michigan the second game of the season.

Jones, bothered by an infected foot, also managed to get in briefly.

In practice sessions, MSU coaches are working on pass defense just as if they hadn't heard the report that Purdue quarterback Lenny Dawson might not be able to throw because of a shoulder injury.

They are particularly concerned about two 6-5 Purdue receivers, end Lamar Lundy and tackle Nick Mumley. Michigan State hasn't got any defensemen near their height and the Spartans will have to do some jumping to knock down passes.

Lundy has caught 11 for 121 yards and Mumley, operating on a tackle-eligible play, took six for 63 yards against Illinois.

Vikings Move Up in 'B' Poll

By DAVE DILES
Michigan AP Sports Editor

East Lansing's all-victorious Pioneers, their season completed with a perfect 8-0 record, were playing a waiting game today while a couple of challengers for the mythical class B state high school football title readied themselves for final weekend struggles.

The East Lansing club, 34-6 victor over Battle Creek Lakeview in its final contest of the season, reclaimed the top spot it relinquished exactly one month ago to East Grand Rapids.

The east Grand Rapids team fell 20-7 to a strong Grand Haven crew and toppled from the top rung to 5th place.

Sault Ste. Marie and Walled Lake, both unbeaten and untied, climbed a notch, the Soo taking over second place 15 points behind East Lansing and Walled Lake 21 points behind the leader.

* * *

Saginaw St. Andrew jumped from 5th to 4th on the strength of a 65-19 triumph over Saginaw St. Peter & Paul. Grand Blanc's unbeaten aggregation showed the biggest gain, climbing from 10th to 6th after a 47-19 win over Clio.

Despite a 13-6 victory over Marshall, Albion dropped three notches to the 9th spot and Romeo fell from 9th to 10th although it whipped North Branch

Grand Haven nearly made the "top ten" with its win over East Grand Rapids, falling four points short of a tie for 10th. And just three points separated 6th-place grand blanc from 8th-ranked Ionia.

The last big weekend of action on the high school football front comes this weekend, and the state's sports writers and broadcasters will select the mythical champions of class A and class B next week in the final Associated Press polls of the year.

Here's the way they voted this week for the "top ten" in class B, with records in parentheses:

Team, Record	Poll Points
East Lansing (8-0)	107
Sault Ste. Marie (9-10)	92
Walled Lake (7-0)	86
Saginaw St. Andrew (8-0)	70
East Grand Rapids (7-1)	63
Grand Blanc (8-0)	54
St. Joseph (7-1)	53
Ionia (7-0-1)	51
Albion (7-1)	48
Romeo (8-0)	36

Others: Grand Haven 32, Lapeer 16, Lake Shore 15, Portage 12, River Rouge Lourdes 10, Kalamazoo State and Rochester 9, Charlotte and Flushing 3, and Pinconning 2.

Brodie Continues Lead in NCAA Total Offense

NEW YORK, Nov. 7 (AP)—John Brodie of Stanford appears to have the major-college passing championship all wrapped up but he's involved in a battle with Paul Hornung of Notre Dame for total offense honors.

* * *

NCAA Service Bureau statistics released today show that Brodie has passed for 1,145 yards to 715 for Ralph Hunsaker of Arizona. It would be next to impossible for Hunsaker to overtake Brodie.

But in the total offense race, it is another story. Brodie has a total offense of 1,145 to Hornung's 995. Hornung has four games left to play and Brodie has three.

Hornung, incidentally, is the only major college player in the country who has gained more than half his team's total yardage.

Roger LaBrasca of Drake is third with 922 yards total offense, but he isn't a threat because he completes his schedule this week.

Jim Crawford of Wyoming is the man to catch for the ball-carrying title. He has rushed for 912 yards, putting him 156 yards ahead of Bill Barnes of Wake Forest, who edged into second place last week.

NEW YORK (AP) — Bold Ruler remained the biggest riddle of horse racing today, while Ambehaving became a colt to be reckoned with in the Kentucky Derby and other big 3-year-old classics next year.

Pair of Bears Leading NFL Statistics

PHILADELPHIA (AP) — Rick Casares, star runner of the Chicago Bears and Eddie Brown, the Bear's brilliant passer, continue to lead the National Football League in their individual specialties.

League statistics showed today that Casares is 57 yards ahead of Ollie Matson of the Chicago Cardinals in the run for ground-gaining honors. Brown still leads the Cardinals' LaMar McHan in the battle for aerial supremacy.

Casares reeled off 132 yards last Sunday against the Los Angeles Rams to increase his yardage gained to 590 yards on 119 carries, an average of five yards per try. Matson has picked up 533 yards on 103 carries for a 5.2 average. Hugh McElhenny, tied for second with Matson last week, dropped to third with 443 yards on 88 runs.

Brown has averaged 10.3 yards per pass, tossing 80, completing 49 for 825 yards and seven touchdowns. McHan has averaged 9.2 with 38 for 67, 621 yards gained and nine TDs. Third is Bill Wade of Los Angeles with 50 for 93, 853 yards gained, six TDs and a 9.1 average.

In other departments:

Casares held on to his scoring leadership with 60 points, on 10 touchdowns. He failed to score last week and leads Bobby Layne of Detroit by four points.

Green Bay's Billy Howton is the top pass receiver with 28 caught for 654 yards and eight touchdowns.

* * *

Norm Van Brocklin, Los Angeles, and Horace Gillom, Cleveland, are tied for the punting lead, each averaging 44.6 yards per boot.

* * *

Carl Taseff, Baltimore, remains the punt return leader with a 16 yard average.

In kickoff returns, Lynn Chandnois, Pittsburgh, who is sidelined with an injury, still tops the department with a 36.4 average.

Three men are tied for pass interception honors, Bob Dillon, Green Bay; Dick Lane, Cardinals, and Jack Christiansen, Detroit, each with five.

Finale for Both

Holly Meets Lake Orion

A pair of unpredictable area football teams go out to salvage some success from an otherwise up-and-down season when Lake Orion plays host to the Holly in the finale of the season for both schools Friday night.

Both started off strong in their respective leagues but have simmered down in recent weeks. Each is hopeful of triumph in this non-loop tilt.

Lake Orion's Dragons have posted five victories against three setbacks, while Holly has seen its record drop to 3-4 due to successive beatings the last two times out.

The home club must be rated the favorite on the basis of its record and an early season triumph over the same Clarkston eleven which whipped Holly.

* * *

Boasting better backs and more capable passing, Lake Orion has rolled up 170 points against 120 for its opponents thus far. Holly has tallied 89 and allowed 119.

Wild Pitch Gives Dodgers 3-2 Win

NAGOYA, Japan (AP) — A wild pitch gave the Brooklyn Dodgers their winning run today in a 3-2 baseball victory over the Japan All-Stars.

* * *

The Dodgers, trailing 2-0 as they went into the fourth inning, got outfielder Duke Snider on with a walk. Catcher Roy Campanella singled to center field and rookie Jim Gentile, the Dodgers' leading home run hitter on their exhibition tour of Japan, walked to fill the bases.

First baseman Gil Hodges then smashed a double to left that scored Snider and Campanella to tie the game. Gentile raced to third.

Northern Michigan QB Tops State in Points With 75

By THE ASSOCIATED PRESS

A fireballing freshman from Northern Michigan and veteran Nate Clark of unbeaten Hillsdale are carrying the state's college football scoring race right down to the final gun.

Tom Schwalbach of Northern Michigan, with 75 points on 10 touchdowns and 15 extra points, holds a three-point lead over Clark despite the Hillsdale star's four-touchdown burst against Adrian.

Schwalbach, versatile quarterback who has led Northern to six victories and a tie in seven outings, scored 17 points on two touchdowns and five conversions.

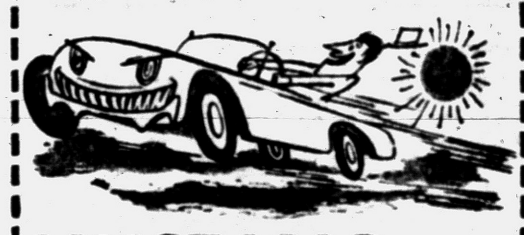

His teammate, Warren Wilson, is making it almost a three-way race with 63 points.

Watson Called Meanest Coach

NEW YORK (NEA) — Somebody asked Phil Watson, who coaches the New York Rangers, if he had heard about Eddie Stanky being released by Minneapolis.

Watson, who is considered by most as the meanest guy in sports, merely growled.

"Stanky has temper trouble, eh?" he snapped. "Well, Phil Watson is too busy being mad right now to worry about somebody else."

Watson went up the stairs from his Madison Square Garden office and walked into the top-floor ice rink which serves as the New York hockey team's practice spot.

With absolutely no fanfare or tact leading up to the point, he exploded.

"I find," he screamed, "a player going into a bar even to make a phone call — it costs him $100. That's automatic. Even if you make the call to me."

2 Key Lion Players Sidelined

DETROIT (AP) — Defensive lineman Gil Mains and halfback Don McIlhenny, two key players on the Detroit Lions pro football club, will be sidelined for several weeks with injuries, team doctors report.

Mains, a stalwalt in the Lions' powerful defensive unit, suffered a leg fracture in the game with the San Francisco 49ers last Sunday.

Dr. Richard A. Thompson, team physician, said Mains would have the leg in a cast for three weeks and would be kept out of action for two weeks after the cast is removed.

McIlhenny, brilliant rookie back from Southern Methodist, injured his knee in the first quarter against the 49ers and is expected to sit on the bench for two weeks.

Big Leon Hart, who turned in a great performance at fullback last Sunday, is expected to be ready for duty when Detroit takes on the Washington Redskins Sunday in the nation's capital.

Hart damaged the muscles of a leg when he was tackled on one of his bulldozing runs.

* * *

Detroit will be aiming for its 7th straight victory without defeat in its Sunday encounter with Washington.

Rookie Gene Cronin, who replaced Mains when he was hurt, likely will start against the Redskins in place of Mains.

The injuries to the backs could be more severely felt had not Lion coach Buddy Parker installed a new system with his backs in early training drills. Most of the backs can play either halfback or the fullback position, so McIlhenny's loss will not be as keenly felt as it might otherwise be.

The way it stacks up now, Hart and Gene Gedman will alternate at fullback, with Howard (Hopalong) Cassady and Gedman doing the turns at halfback, along with Jug Girard, and a couple of ends working at the "slot back" position for pass-catching purposes.

St. Mikes '56 Edition Closes on Rough Note

St. Michael's football team will bring its 1956 season to an end Friday night at Wisner Stadium against powerful Mt. Clemens St. Mary.

The invading Mountaineers may well be the strongest team on the Shamrock schedule this season and prospects for finishing the year on a winning note are not rosy.

St. Mary, a Class C school, has compiled an impressive 6-1 record and all seven opponents have been larger schools. Only St. Mike falls in the 'C' division.

Heretofore the opposition has consisted of six 'B' schools and one Class A.

The Mountaineers dropped a 14-12 decision to Utica in their season opener. Since then they have defeated Detroit Salesian (27-0), Lakeview (27-7), Harper Woods Notre Dame (19-13), South Lake (47-7), Lansing St. Mary (25-6), and Warren (34-0).

* * *

Spearheading the St. Mary attack are halfbacks Jack and Bill Nebel, identical twins, and quarterback Leo Nickels, co-captain along with center Jerry Hug.

The Nebel brothers are fast and elusive ball carriers. In the words of head coach Emil Vukelcic, they both "run like a deer." Vukelcic is high in his praise of Nickels, whom he calls an accurate passer and deceptive ball handler.

St. Mike, which finished 3rd in the Suburban Catholic League with a 4-3 record, will again rely heavily on the passing and running of veteran Dan Dropps and the ever-dangerous Chuck Brown.

The Shamrocks have an overall record of 4-4 and their hopes for a winning season hinge on the outcome of Friday's battle.

A victory would put them on the respectable side of the ledger whereas defeat means ending the year below the .500 mark.

Oxford Faces Showdown Against Imlay City II

Oxford coach Jean Harkness is undoubtedly hoping that his Wildcats will show the same spirit and drive this Friday that they displayed in last Friday's losing effort to Clawson.

For the Wildcat mentor is aware of the fact that his charges will need every bit of it if they have any intentions of upsetting favored Imlay City Friday night in their struggle for the South Central Conference championship at Imlay City.

The Spartans and Oxford are tied for 1st place with 3-0 records. On the basis of comparative scores against league foes, Imlay will go into the contest a heavy favorite.

On the basis of overall season performance, Imlay's record is much better. The Spartans boast a 6-1 mark, their lone setback a 7-6 loss to strong Almont. Oxford has won three, lost four and tied one.

Imlay City, coached by Lyle Powers, has a versatile attack, sparked by highscoring Orill Frantz, halfback Bill Stawecki and pass-catching end Bob Lindsey. Also in Imlay's favor is last week's layoff, allowing the Spartans to rest up.

Oxford turned in its finest performance of the season last Friday against Clawson. The Wildcats led at halftime, 14-7, before wilting under constant pressure in the final two quarters for a 33-14 loss.

Carrying Oxford's hopes into the title-deciding battle are quarterback Bob Harrison, a steady signal-caller and talented kicker, and speedy halfback Les Beardslee.

Oxford's chief problems are halting Imlay's high-geared offense and developing offensive punch of its own. The Wildcat attack has been somewhat inept so far this fall.

LOSES BEFORE BOUT — Giant-sized heavyweight Ewart Potgieter, who scales 330 pounds, may have lost his fight with the doctors before even getting into the ring against Jeff Dyer in a scheduled fight at Boston tomorrow. Potgieter, in a medical examination, was declared unfit for the fight because of a tumor in the eye.

Potgister Told Tumor Could Cause Blindness

BOSTON (AP) — Ewart Potgieter, 320-pound South African boxer, has disclosed that a tumor may cost him his eyesight unless immediate treatment and possible surgery is undertaken.

* * *

The 7 foot, 2 inch, giant who came to this country recently, revealed his condition yesterday after the Massachusetts Boxing Commission turned him down for a Thursday night fight with Jeff Dyer.

The examining physicians said Potgieter had an enlarged pituitary gland.

A more thorough examination at the Massachusetts General Hospital, Potgieter said, showed he actually has a tumor on the gland which is beginning to affect his sight.

* * *

The boxer quoted a doctor as telling him that "if I didn't do something about it I would be blind in a short time."

Potgieter said possible cures involve surgery and X-ray thereapy.

Drab Outlook for Tankers

HONOLULU (AP) — Yale swimming Coach Bob Kiphuth said today the United States could fail to win a single Olympic swim race, and he rated Japan's Masaru Furukawa as the only certain gold medal winner in the Games.

Kiphuth said, however, three American swimmers "have a good chance."

* * *

He listed them as Bill Yorzyk, George Breen and Yoshie Oyakawa, defending backstroke champion.

Kiphuth conceeded that Australia could win five of the seven Olympic swim races, and Japan the other two.

The Yale coach, traveling to Melbourne as an observer, said Furukawa is "in a class by himself" in the 200-meter breaststroke.

He rated the 100-meter butterfly as a tossup between Yorzyk and Takashi Ishimoto of Japan.

Kiputh said Australia could win the 100, 400 and 1,500-meter freestyle races, the 100-meter backstroke and the 800-meter free-style relay.

He gave Jon Henricks of Australia the edge in the 100-meter freestyle, with American Dick Hanley and Bill Woolsey and Japan's Manabu Koga as strong contenders.

* * *

Murray Rose of Australia was conceded an edge in the 400 and 1,500-meters. He recently cracked the world record in the latter event.

Got String, but No Fish

BERKELEY SPRINGS, W. Va. (AP)—Police officer A. Brooke Dyche sure had a fine day's fishing. He baited his hook with sweet corn, dropped it in the Cacapon River and came up with six fish, all on a fish stringer.

The stringer had slipped from the hands of J. F. Kidwell and E. W. Van Dyke and they gave up after grappling for it.

'Double-Header' Deer Contest Starts Nov. 15

By H. GUY MOATS

Oakland County's deer hunters, just now in the process of prepairing for the beginning of a new season, today are offered a big, "double-header" opportunity to cash in on their hunting prowess. The Pontiac Press today announces its 1956 deer contest.

This one will be different from any other in the long history of The Press' annual fall feature — one of the state's oldest newspaper-sponsored events of its kind.

For many years the contest has been a three-way affair. For 1956 it will be a "double-header."

No. 1—Biggest (heaviest) deer.

No. 2—(New division), widest antlers.

Only Oakland County hunters — either women or men — are eligible. They must be full-time residents of the county, a condition that has always been in force in the contest.

There will be no diminution in the prizes. But, where each winner heretofore received a $100 U. S. Savings Bond, this time each winner in the TWO-DIVISION event will get $150, or a total of $300 for the top awards.

Rules are unchanged in respect to the "biggest deer" division. All deer entered in this classification must be accompanied by a CERTIFIED weight slip, from a state-inspected scales, signed by the weigher, the hunter and one other disinterested person. Entries should also be brought to The Press for photographs, if clear snapshots are not available.

Deer may be taken anywhere in Michigan where such hunting is legal. No entry will be accepted where deer has not been dressed out.

All entries in the widest rack division MUST be brought to this office for measurement and photographs. None will be accepted that has been detached from the head. Measurement will be across the widest portion of the rack.

Period during which entries may be filed is the duration of the regular Michigan firearms deer and bear season, Nov. 15-30 inclusive. A four-day "grace" period will permit Upper Peninsula hunters to get back. Final time for filing being at noon, Dec. 4.

Entries will be received each day from 8 a.m. to 2:30 p.m., none after noon (12 o'clock) Saturdays, none on Sundays.

Caberfae Makes Big Expansion

Cadillac Ski Resort Adds Facilities, Sees Big Season Ahead

In anticipation of another large increase in skiing popularity during the 1956-57 ski season, the Caberfae ski area near Cadillac, has undergone the largest expansion program in its 19 year history.

* * *

Among the many projects completed during the past summer are three new ski areas, completion of a 24x30 lounge, ski shop, ticket office and management office building and electrification of additional portions of the area.

* * *

Caberfae will play host during the coming season to the Central United States Association's junior downhill and slalom ski meet for skiers from a seven state area on Feb. 2 - 3. The CUSSA sanctioned Michigan championship cross country meet will be held at Caberfae on Jan. 27. Other ski meets to be held at Caberfae will be the Caberfae interclub four event meet, several high school interscholastic meets and a number of dual meets between various Michigan ski clubs.

Nature Facts

There are 87 Long Lakes, 58 Round Lakes, 172 Mud Lakes and 36 Pickerel Lakes in Mcihigan. Other common lake names include Pine, Grass, Crooked and Clear.

* * *

Michigan's last coal mine, operated near Swan Creek in Allegan county, closed down in 1952, bringing an end to a colorful era in the state's history.

* * *

The nine species of oak native to Michigan are important contributors to the wealth and beauty of the state's forest land. Most familiar and widespread is the white oak.

* * *

Many animal populations fluctuate in fairly regular cycles of abundance and scarcity. The ruffed grouse and snowshoe hare are examples of this, each going through a complete cycle about every 10 years.

* * *

Insects have no lungs. They breathe through tubes running all through their bodies.

* * *

The Kodiak, largest of all bears, averages less than 1000 lbs., although 1,800 has been claimed.

END OF A BUSY DAY — A busy afternoon afield has this hunter and his dog tuckered out. But the hunting was good and dinner tonight, back at camp, will taste delicious. Michigan woodlands this year will entertain about 100,000 grouse hunters. Grouse populations are still generally low this year, though some small areas report plenty of shooting. Season ends in this part of the lower peninsula Nov. 19.

Geese Arrive at Miners

It was 52 years ago that the late Jack Miner founded the world famous Jack Miner Sanctuary were Canada geese have made their way for food and protection.

* * *

During the next two or three weeks the fall migration will be at its peak. Men, women and children can go to see one of the greatest demonstrations in conservation as the big birds come and go from the Jack Miner Sanctuary, at Kingston, Ont.

* * *

The sanctuary is all private property, the same as one's home, but Jack Miner's sons carry on the tradition of their late father and leave the place open to the public every day EXCEPT SUNDAY. They advise their friends to be there between 3:30 and 4:30 p.m. to see the afternoon flight at 4 p.m. sharp when the birds are fed.

* * *

No admission fee is charged and nothing is allowed to be sold, not even a post card.

Jack Miner said, "In the name of God let us have one place where no money changes hands."

* * *

One of Jack Miner's sons is usually on hand to welcome visitors, but they always stress the point to be there at 4 p.m. to see the unique spectacle as the birds are flushed and fly about the grounds.

* * *

The Jack Miner Sanctuary is located near Kingsville, Ont., some 30 miles from Detroit, or Windsor, near No. 3 Highway.

Pheasant Derby Comes to End Last of Week

County Hunters Still Have Chance to Beat Current Leaders

One of the most active pheasant contests in the long series conducted by the Pontiac Press is nearing its conclusion.

There are only 4 days left, counting today, in which Oakland County hunters can get into the chase for the $50 and $25 U.S. Bonds that go to the winners. Season, and contest ends Saturday. But entries may be filed up to noon on Tuesday, Nov. 13.

Anything can happen in this sort of thing.

* * *

Many changes were effected in the new division of the "derby," the "longest bird" class. Current leader, the seventh shift in leadership is a 39 and ⅛ inch bird entered by Jerry McKay of Pontiac.

In the heaviest bird division another Jerry, Milford High School football player Jerry Stanley has the top entry, a 3-pound-15¼ ounce rooster.

Winner of the heaviest bird entry gets $50, the hunter who lists the longest pheasant will receive $25.

Murchison Eyes 10-Second Time for 100 Meters

HONOLULU (AP)—Tiny Ira Murchison, a 5 feet, 4½ inch package of exploding muscles, ripped his way through a workout here yesterday and predicted "the 10 second flat 100-meter dash is just a step away."

* * *

He said none of the three U.S. 100-meter Olympic entrants has reached his peak.

"We should be ready in Melbourne," when the Olympics are run, he said.

* * *

Murchison ran a 10.1 second 100-meters in Berlin recently, where he is stationed with the Army. He said "the head timer in Berlin clocked me in 10 seconds flat. I'm sure I can run it again and it's very likely the other American sprinters can turn the trick."

Bobby Morrow and Thane Baker are the other American 100-meter men.

Solunar Tables

John Alden Knight has set up some special solunar periods for fishermen and hunters in the Pontiac area, which may assist them in picking the best times for their sports. Major periods last for an hour to an hour and a half, the minor periods somewhat shorter.

Bobcats Near Elimination in Lower Half of Michigan

LANSING—Bobcats are low in numbers in Michigan's Lower Peninsula.

Conservation Department biologists say it might even be possible to entirely eliminate the tough little cats from Lower Peninsula swamps.

But there is some evidence that those who enjoy this rugged sport are making efforts to keep a "supply" of cats available.

One group even agreed to pay an Upper Peninsula trapper twice the bounty price for 10 live cats to release in lower peninsula swamps.

Other hunters refuse to chase immature bobcats and look, instead, for tracks of full-grown cats before turning dogs loose.

And last year, in the first regular Lower Peninsula hunting season since bounties were removed, an estimated 25 cats were given their freedom after being chased down and treed. About 140 were killed during the season.

But whatever efforts are made in this direction, it appears that bobcat hunting in the Lower Peninsula has fallen on scrawny time. There just aren't many cats available.

Not so, however, in the Upper Peninsula. In August alone, trappers bountied 138 cats. In 1955, a total of 754 were bountied, a figure that indicates a continuing high population of bobcats is available.

And this abundance may someday make the Upper Peninsula a mecca for cat hunters. There are lots of swamps, lots of snow—"a long growing season"—and plenty of state land for hunting.

To date, however, hunters bypass the "varmit-status" bobcat and instead hunt snowshoe hares and bears. This, think many, is too bad, and a waste of fine hunting.

Mariles Makes Dramatic Finish

NEW YORK (AP) — The National Horse Show ended last night but not before Brig. Gen. Humberto Mariles of Mexico had added another blue ribbon performance to the masterful rides that had won him three individual championships.

* * *

In a dramatic finish, Gen. Mariles, the last of 15 competitors, engineered a perfect ride aboard his mount, Chihuahua II, to clinch the Perpetual Challenge Trophy for the Mexican three-man team. Julio Herrera aboard Acapulco and Samuel Soberon riding De-Agosto were the other members.

* * *

Ireland placed second. Canada and the United States tied for third and Chile was last.

The final sessions were given over to championship awards. Among the more notable champions was Riviera Wonder, who retained the open jumper championship.

Amateur riders from the Delaine Farm scored 111 points to win the Watson Amateur Victory Challenge Trophy.

Many Divisions in Conservation Setup

The Conservation Department's field administration division is the organization in charge of law enforcement and forest fire control. Sections within the division include commercial fisheries patrol, oil hazard reduction, railway fire prevention, communications and central repair shop.

Duke Offers Middies Tough Defensive Test

ANNAPOLIS, Md. (AP) — Navy's football team, the nation's No. 1 eleven in rushing defense, will face its sternest defensive test of the season next Saturday when it meets Duke at Durham, N. C.

* * *

The Middies have allowed their opponents an average of only 101.8 yards on the ground in six contests, but in Duke they will face a team which has rushed for an average of 257.9 yards in seven games.

* * *

Navy Coach Eddie Erdelatz said yesterday he thought Navy's line played better than the lines of both Michigan State and Oklahoma in limiting Notre Dame to 55 yards rushing last Saturday. Erdelatz, who watched his team dump the Irish 33-7, said he had seen movies of Notre Dame's games with both the Spartans and Sooners.

Virginia Tech has had only 12 losing football seasons out of 63.

There are 105 colleges in the Eastern College Athletic Conference.

AGE OLD STORY — Hunting has been part of man's life since earliest times. Man and dog should be together in fall months and should aim to reduce waterfowl populations, grouse populations, pheasant and rabbit populations. This is sometimes difficult to impress on wives. Despite domestic bargaining and whatever the price, the male side of Michigan households annually sends more than one million hunters afield, clear fact that hunting has undying popularity and preference — among men, at least.

Fill Limits at Pelee

By JACK PATTERSON

Pelee Island pheasant shooters found somewhat better shooting, fewer hunters this year. Although the bag limit was cut to six roosters there were few objectors. Principal reason for a better showing of mature birds was the importation from Wisconsin of some 5,000 fully plumaged cocks to bolster up the sagging local supply. Islanders are learning, as South Dakotans belatedly did, that too many hunters, plus excessive bag limits, put the law of diminishing returns into high gear.

PATTERSON

Some local hunters who had little difficulty filling their limits included Palmer Bundy, Gordon Van Camp, Jim Jenkins, Bob Weber and Harold Cousins. Others in the party were Floyd Hollway, Dr. S. K. Sands, John Braid and Dr. Jerry Fink.

Four dogs in the party contributed their full share to the occasion, but Bill Bundy's Weimaraner "Misty" by all accounts took top honors.

While we're on the subject of gray dogs we might point out that Weimaraners, like bad pennies, always turn up. At least the following incident would seem to indicate that such is the case. Dr. Doug Campbell, one of our local sportsmen-dentists was returning recently from some bird shooting in Saskatchewan.

Stopping near Ironwood to feed and water his two Weimaraners he suddenly noted that they had disappeared. An intensive search turned up nothing.

After leaving an old pair of hunting pants at the scene of disappearance and notifying local law enforcement agencies, Doug regretfully headed home without the dogs. A day after he arrived he got a wire from the sheriff at Ironwood saying the dogs were on the way and the next day he got them.

This episode serves to testify not ony that one sheriff, at least, is on the ball, but that the ancient gimmick of leaving an item of the owner's clothing at the spot from which a lost dog disappears is about the best step one can take to insure its return.

* * *

Dogs have a pretty good built-in homing device and unless some mischief overtakes them they will eventually find their way back to where they last saw their lord and master.

A bit of the latter's clothing, suffused with his unique bouquet, will hold them at that site.

On the local scene the last few days of the pheasant season should be the best. Duck hunters with still some weeks to go are chafing at the abscence of wind. Up at Saginaw Bay the other day it was too foggy to see much beyond the decoys but what we couldn't see didn't hurt us, or the ducks, because there wasn't enough wind to move them around. The ducks that C. K. Patterson, Dr. Ted Loughran, Jack Pflug and the writer got were taken more as a result of skill than of opportunity.

German Boxer Wins on Corrected Total

MONTEVIDEO, Uruguay (AP)—German boxer Hans Stretz, a leading contender for Archie Moore's light-heavyweight crown, was declared the winner of a battle with Dogomar Martinez of Montevideo early today after members of the National Boxing Commission had rectified an error on one of the official's cards.

Stretz, ranked second by the National Boxing Assn., appeared to be an easy winner in the bout here last night, but the vote of the three officials called the bout a draw. Later, inspection of the judges' cards showed that one was incorrectly totaled.

The New York Football Giants had 26 rookies in their pre-season training camp at Burlington, Vt.

Hockey Rookie at 27

CLEVELAND (AP)—Boris (Bo) Elik at 27 is one of the oldest rookies in professional hockey ranks. The 5 foot 11 left wingman of the Cleveland Barons got 9 points on 5 goals and 4 assists during the first week of action in the American Hockey League. He finished his amateur career last season with North Bay in the Northern Ontario Hockey Assn.

Woman Angler Lands Big Pike on Boat Anchor

There are many ways to catch fish, but an Oakland County angler has just come up with a new one.

* * *

Fishing from a boat in Proud Lake, near which she lives, Mrs. Louise Gutson, 3313 Glen Iris road, took a better-than-10-pound northern pike by the unusual expedient of hauling in her boat anchor.

* * *

The pike hit her bait on a small hook, ran into the weeds where it sulked. The excited angler reeled it out and then the fun began. Her reel jammed.

* * *

The fish ran under the boat. It became entangled in the anchor line.

* * *

The line broke.

Looking over the side, Mrs. Gutson saw the pike laying across a fluke of the anchor. She grabbed the line, hauled up the anchor and with it came the 36-inch-long pike. In the boat the pike thrashed around so lively that the angler said, "It nearly knocked me out of the boat." Finally fastening the fish with a piece of wire, it now reposes in her freezer.

Natives of China

Pheasants, Michigan's most popular game bird, first arrived in this country from China in 1881. The birds were released in Oregon's Willamette valley and now have a range that extends through most northern states.

Soviet Tanks, Planes in Egypt, Says Flier

WASHINGTON (INS)—A suburban Washington flier said yesterday that he saw Russian jet planes and tanks in Egypt last Wednesday when stranded in the country after fighting began.

George J. Pasquale returned home to Silver Spring, Md. yesterday after a five-day escape by auto, ship and plane.

Pasquale said he saw 35 MIG fighters, of the type used in Korea, landed by Russian pilots at an Alexandria airport but did not know what happened to them when the field was bombed.

While fleeing the city by automobile, he said he saw four Russian Bison jet bombers in the air and about 34 Stalin Red tanks lined up on a narrow road leading to Alexandria.

* * *

Pasquale was a radioman on the last Trans-World Airlines flight into Egypt.

Landon Explains Record Vote

Cites World Trend to Personal Government as Main Reason

By ALF M. LANDON
(Written Expressly for International News Service)

TOPEKA, Kans. — Several different factors explain President Eisenhower's landslide victory and the close vote on control of Congress.

Two of our last three presidents have been stronger than their party. This may be evidence that the world-wide trend toward personal government also exists in America.

The modern ballot facilitates split-ticket voting in places where local situations and local scandals have an effect on the political climate.

* * *

Actually, under the last two presidents, a coalition of both parties has dominated Congress. This means neither party is giving adequate expression to the political thinking of the nation.

Waterford Man Hurt

A two-car accident resulted in a minor neck injury for one of the drivers in front of 5240 Cooley Lake Rd., Waterford Township yesterday.

Ralph Doughty, 49, of 1342 Hiller Rd., Waterford Township, one of the drivers, was treated and released at Pontiac General Hospital. The other car was operated by Robert Musser, of 873 Lochaven St.

Doughty told county deputies he was stopped to make a left turn when his car was struck from behind. Musser did not make a statement.

Market Jumps After Ike Wins

NEW YORK (AP) — The stock market surged ahead in heavy early trading today in jubilation over the Eisenhower victory.

* * *

Key stocks throughout the entire list advanced from fractions to two points or more.

The high-speed ticker tape fell behind four minutes in reporting sales. An unusually large number of big blocks of shares changed hands.

Industrials paced the advance. Solid gains were made by steels, aircrafts, chemicals, motors and nonferrous metals. But rails were contented with narrow fractional rises.

U.S. STEEL UP

Opening blocks included 10,000 shares of U.S. Steel, up ⅞ at 72¼ and 10,000 shares of Sperry Rand up ¼ at 24½.

Within the first half hour, however, many prices were pared below their best. Royal Dutch, which was up 1 at 106¾ on an opening block of 5,000 shares, slopped away to a one-point loss.

Other opening blocks included: American Telephone up ⅞ at 170⅞ on 4,000 shares, Kaiser Aluminum up 1⅝ at 57⅝ on 4,000, General Electric up ¼ at 62¼ on 4,000 and Boeing up 1 at 57½ on 3,500.

Four years ago, Nov. 5, the first trading day after Eisenhower was elected, the average closed 10 cents lower at $106.20 after racing ahead in the first hour when 820,000 shares were traded. In the initial rush, the high-speed ticker tape fell two minutes behind for 13 minutes in reporting transactions.

Dulles Resumes Role in Policy

Progressing Favorably; Instructs Aides From Hospital Bed

WASHINGTON (INS)—Secretary of State John Foster Dulles, reported to be "progressing very favorably," is taking an active role in American diplomatic actions.

State Department spokesman Lincoln White said Dulles, who is convalescing from an intestinal operation, started "oral feeding" yesterday.

Since the operation on Saturday, Dulles has been fed by intravenous injection. White added Dulles is now sitting up twice daily for 20 minutes each time.

After reading the morning's papers, Dulles was furnished with "all pertinent cables" on the Middle East and Hungarian crises.

After this, White said, Dulles twice talked to his associates at the State Department "giving instructions on the current situation."

One of the secretary of state's special assistants is constantly at Walter Reed Hospital keeping Dulles in touch with latest developments, White added.

GOP Swamped in Detroit Area

Democratic Candidates Garner Heavy Vote in Nearly All Districts

DETROIT (INS) — Detroit-area Democratic congressmen easily defeated Republican opponents Tuesday in the Wayne County Democratic sweep.

* * *

In the First Congressional District, Rep. Thaddeus Machrowicz made his usual strong showing to overwhelm GOP candidate Walter Czarnecki by a wide margin.

Rep. Charles Riggs piled up an early lead in the 13th district and won handily over former athlete Willis Ward.

Rep. Louis Rabaut, whose 14th district seat was challenged by Republican Charles Youngblood, piled up a 2-1 margin to avenge a defeat Youngblood imposed on him in a previous campaign.

DINGELL IN AGAIN

The familiar name remains on the records for the 15th district as John Dingell was re-elected to the seat held by his father for 25 years. He defeated GOP challenger Larry Middleton.

* * *

The 16th District in Western Wayne County retained Democrat John Lesinski for a fourth term. Voters in the heavily-populated area gave him a large cushion over Republican Arthur Kurtz.

Congressman Martha Griffiths received the stiffest competition among the Detroit-area incumbents, but still was able to defeat Republican hopeful George E. Smith.

'Salt Up' for Struggle With Ice, Snow

City, Area Snow Crews Brace for Winter

City and county snow removal road crews are braced for another battle with Ole Man Winter. That's the report from Joseph B. Jewell, Pontiac's Department of Public Works chief, and Lee O. Brooks, chairman of the Oakland County Road Commission.

"We're prepared for the worst," Brooks said.

"I'm not looking forward to another fight that we never can get ahead of," Jewell said as he hesitantly looked forward to his 24th winter as head of the city department.

VICTOR R. BLAKESLEE

Retired Chevy Dealer Now Selling Pontiacs

After 22 years as a Chevrolet dealer in Farmington before retiring in 1955, Victor R. Blakeslee, 64, has started selling Pontiacs in the same location in which he began in 1933.

He opened the Blakeslee Motor Sales, Inc. Nov. 1 at 33215 Grand River Ave.

"I'm just too active to quit," he said. He opened the Chevrolet dealership in 1933, built a larger one in 1950, and retired in May, 1955.

Welding Torch Fails to Open Bar Safe

Welding equipment stolen from an area service station was used in the attempted burglary of a safe at Farmington Township bar yesterday, Oakland County Sheriff's deputies said today.

* * *

No entry was reported gained in the safe attempt at Fred's Bar at 27815 Middlebelt Rd. The welding gear used included a torch, hose and two tanks.

It was apparently taken from a staton at 10 Mile and Middlebelt just prior to the entry at the bar.

MILES TO COVER

County crews are responsible for 2,700 miles of road—100 new miles since last year—while city crews will be plowing over 219 miles of streets. County crews work state trunklines that go through the county.

* * *

Close to 2,000 tons of salt are on hand at the road commission garage, while the city plans to order 1,000 tons which carries the city crews through half the winter, Jewell said.

To make sure his crews know how to install equipment and that it is in working condition, Jewell puts the men through drills during the middle of November.

The city maintains 5 salt spreaders, 9 plows, and 4 graders. The county has a force of 78 trucks for hauling and spreading salt and 25 graders to which plows are attached.

DRUDGERY AHEAD

Discussing the pending drudgery, Brooks said: "I naturally don't look forward to it either. The men have to work all hours of the day and night."

"I don't like winters because of the danger for crews as well as to the public," Jewell said.

Ice control causes more headaches than snow removal, Brooks explained.

* * *

Crews of 50 and 300 men will be awaiting the calls to take to the the city and county streets respectively when the first heavy fall of snow drops, both men said.

Ike, Nixon Swamp Adlai-Estes Team

(Continued From Page One)

associates sensed early that he was going to win "big."

But even after the result became certain, Eisenhower deferred his ballroom appearance until he received word that Stevenson had conceded.

When word of that concession reached the crowd in the ballroom three floors below the presidential suit, a joyous shout went up. A few minutes later Eisenhower and his party appeared.

Time and again he stepped forward on the stage to acknowledge the applause and cheers. Time and again both arms went above his head, outstretched in his familiar campaign salute.

At his side was Mrs. Eisenhower, radiant with an armful of pink roses. With them were Vice President Nixon, also re-elected, and his wife; the Eisenhowers' son and daughter-in-law, Maj. and Mrs. John Eisenhower; and the First Lady's mother Mrs. John S. Doud.

Nixon, in presenting Eisenhower, called the election result "a tremendous vote of approval" of Eisenhower's first term and his administration's policies.

Then it was Eisenhower's turn. He started by saying, "This is a solemn moment," then added:

"It is a very heartwarming experience to know that your labors —your efforts of four years have achieved that level where they are approved by the United States of America in a vote.

"Such a vote as that cannot be merely for an individual. It is for principles and ideals for which that individual and his associates have stood and have tried to exemplify."

Expressing "most g r a t e f u l thanks" to all who aided in his victory, he said:

"It is our earnest prayer that nothing we can ever do—or shall ever do—will betray that trust."

It seems possible the Eisenhower victory will be followed by some reshuffling of the Cabinet.

Although the President has said Secretary of State Dulles will be back on the job as soon as he recovers from an operation for removal of a cancerous section of intestine, there is speculation the 68-year-old Cabinet member will not want to carry on long.

Secretary of the Treasury Humphrey has told friends he thinks some older Cabinet members ought to give way in a second term to younger men.

Humphrey, the same age as Eisenhower, has classed himself among those who probably ought to step aside. But that doesn't mean Eisenhower will consent to let Humphrey go, for the President often leans heavily on his advice.

In the subcabinet, the position of Harold E. Stassen as Eisenhower's disarmament assistant s e e m s somewhat precarious. Stassen predicted at the time of the GOP National Convention the presence of Nixon on the ticket would cause a 6 per cent drop in Eisenhower's vote.

Ike Helps Kuchel From California Back Into Senate

SAN FRANCISCO (AP) — The tidal wave of votes which reelected President Eisenhower swept over California and also carried Republican U.S. Sen. Thomas Kuchel back into office.

Adlai Stevenson was running a closer race than he had four years ago, but California's block of 32 electoral votes—second only to New York's 45—was solidly in the Republican column.

Returns from 14,015 of California's 24,984 precinct gave Eisenhower 1,018,795 and Stevenson 852,479.

Kuchel, Vice President Nixon's successor in the Senate, steadily widened his margin over Democrat State Sen. Richard R i c h a r d s. Kuchel edged Richards even in the latter's home county, populous Los Angeles.

The state vote, from 14,044 precincts, gave Kuchel 896,761 and Richards 790,231.

The Congressional races were largely in doubt. However, there was a possibility of the Democrats gaining three seats. Eight Democrats and eight Republicans were re-elected and nine Republicans and five Democrats were leading in other contests. The present lineup in the state's 30 House seats: 18 Republicans, 11 Democrats, one vacancy.

Democrats Tighten Grip on Congress

(Continued From Page One)

Butler, Md.; Cotten, N. H.; Javits, N. Y.; Young, N. D.; Bennett, Utah; Aiken, Vt.; Revercomb, W. Va.; Wiley, Wis.)

Democrats won 14 (Hill, Ala.; Fulbright, Ark.; Smathers, Fla.; Talmadge, Ga.; Church, Idaho; Long, La.; Hennings, Mo.; Ervin, N.C.; Lausche, Ohio; Monroney, Okla.; Clark, Pa.; Thurmond and Johnston, S.C.; Magnuson, Wash.)

Democrats lead in these close races: Hayden (D) vs. Jones (R) Ariz.; Bible (D) vs. Young (R) Nev.; Morse (D) vs. McKay (R) Ore.; Carroll (D) vs. Thornton (R) Colo.; and Holum (D) vs. Case (R) S.D.

* * *

Republicans lead in two close races: Cooper (R) vs. Wetherby (D) Ky.; Morton (R) vs. Clements (D) Ky.

If the leaders win, Democrats will organize the Senate with 50 members to the Republicans' 46.

With five races not finally decided, Democrats today had wrested four governorships from the Republicans while losing three.

Before the election, Democrats held 27 state houses, the Republicans 21.

In the 30 states which chose governors this year, the Democrats captured at least 13 and the Republicans at least 12.

GOP Wins Margins Wider Than '52; Only Senate Race Close

NEW YORK (AP)—President Eisenhower piled up a plurality of approximately 1,500,000 votes over Adlai Stevenson in winning New York's 45 electoral votes.

* * *

The Republicans also gained a seat in the U.S. Senate as Atty. Gen. Jacob K. Javits defeated Mayor Robert F. Wagner of New York City, Democratic - Liberal candidate, by some 450,000.

Returns Wednesday from 11,129 of the state's 11,132 election districts, with traditionally Democratic New York City complete, gave:

* * *

For president — Eisenhower 4,318,014; Stevenson 2,742,228.

For the Senate—Javits 3,700,273; Wagner 3,256,898.

Javits will succeed retiring Democratic Sen. Herbert H. Lehman.

* * *

Wagner had aspired to follow in the footsteps of his father, the late Sen. Robert F. Wagner, sponsor of the Wagner Labor Relations Act and other New Deal legislation.

The mayor carried New York City by almost 450,000 votes, but could not cope with the upstate outpouring of Republican ballots.

* * *

In contrast with Wagner's run in the city, Stevenson carried the traditionally Democratic stronghold by only 62,904 votes. The count was: Stevenson 1,614,825; Eisenhower 1,551,921.

And upstate, Eisenhower took city after city and district after district by larger margins than he did four years ago.

* * *

Unofficial returns indicated the voters approved a 500-million-dollar bond issue for highway construction but had defeated a 100-million dollar bond - issue to encourage private construction of middle-income housing.

Eisenhower's plurality in New York State in 1952 was 848,000 votes.

* * *

Wagner conceded defeat at 1:22 a.m., after leading much of the time in a see-saw race. He sent a wire of congratulations to Javits.

Democratic leaders appeared to accept the Democratic debacle philosophically.

* * *

"No Democrat need be discouraged," said Gov. Averell Harriman, who had lost out to Stevenson for the Democratic presidential nomination. "The Republican party is not anything like as popular as President Eisenhower."

Harriman predicted a Democratic recovery in state elections in 1958.

* * *

Mrs. Franklin D. Roosevelt, widow of the former President, told volunteer Democratic workers it was "important to be a g o o d loser as well as a winner."

Eisenhower supporters appeared to take their victory matter-of-factly.

An average U. S. home uses about 2,200 kilowatt-hours of electricity a year.

County Leaders to Mull Plans for Safety Group

Over 350 leaders from communities throughout Oakland County will meet tonight at 8:30 at the Birmingham Community House to discuss plans for forming a Safety Council for this area.

Royal Oak Mayor Howard K Kelly will preside over the formation meeting. Such safety groups are being backed all over the state by the Michigan State Safety Commission in a drive to reduce the heavy toll of traffic deaths each year.

Plans for such a council have been in the making for over a year, according to Clyle R. Haskill of Pontiac Chamber of Commerce. A total of 140 highway deaths were recorded in Oakland County last year.

Bloomfield to Cut Precincts in Halves

BLOOMFIELD TOWNSHIP — "We'll have to split up three precincts before the next vote." Supervisor Arno Hulet said today, noting the heavy vote in all four of this township's precincts.

In the precinct voting at the township office, 2,476 voted; in two others, 2,000 each voted, and in the fourth, 1,000.

Usual allotment per precinct is 1,000.

Quartets of police kept accidents down at each precinct with a few bumped fenders, and lines of voters reaching several hundred in the early forenoon. Final count was completed at 2 a.m.

Williams Re-Elected to 5th Straight Term

(Continued From Page One)

Clarence A. Reid, Republican, 1,395,087.

(Pictures of winning top state candidates on pages 1 and 2.)

For secretary of state 4,865 precincts, James M. Hare, Democrat, 1,453,297; John B. Martin Jr., Republican, 1,366,351.

For attorney general — 4,864 precincts, Thomas M. Kavanagh, Democrat, 1,453,888; Richard C. Van Dusen, Republican, 1,377,987.

For state treasurer—4,864 precincts, Sanford A. Brown, Democrat, 1,447,982; Frances C. Padzienski, Republican 1,358,990.

BAGWELL LAGS

For auditor general—5,019 precincts, Frank S. Szymanski, Democrat, 1,438,576; Paul A. Bagwell, Republican, 1,411,749.

Despite his success otherwise, one of Williams' appointees to the State Supreme Court was in a nip and tuck fight in his bid for the right to serve out the remainder of an unexpired term in the nonpartisan races.

Justice Talbot Smith held a shrinking lead over Michael D. O'Hara, Republican attorney from Menominee. However, with 5,171 precincts in, Smith held an advantage of 976,687 to 919,696.

Justice George Edwards, a second Williams appointee running for a n o t h e r unexpired term, swamped Circuit Judge John Simpson of Jackson. He was ahead 1,317,032 to 552,510 on returns from 5,171 precincts.

Smith sought to serve out a term expiring Dec. 31, 1957, and Edwards one expiring Dec. 31, 1959.

Although Supreme Court candidates run on a nonpartisan ballot, they are nominated by political party conventions.

OK CHANGE

Voters gave overwhelming approval to the one constitutional proposal up for consideration.

The proposition would bar from eligibility for Senate and State House of Representatives seats persons less than 21 years old, persons convicted of subversion and persons convicted of a felony involving breach of public trust.

Williams d i s p l a y e d crushing strength in Detroit and Wayne County, a traditional Democratic stronghold where he was expected to do well, but showed strength outstate that surprised many political observers.

* * *

He carried at least 17 outstate counties, and when all returns are in it is possible the figure might rise to 20 or more.

Longest infra red waves are about one sixty-fifth of an inch in length.

Offers to Help Egypt in Fight

Russia Set to Intervene If U.N. Issues Order, Zhukov Says

LONDON (AP) — Defense Minister Georgi Zhukov said today the Soviet Union is prepared "to take a real part with armed forces in the liquidation" of the British-French-Israeli invasion of Egypt if the United Nations orders such intervention.

Speaking at a Red Square celebration of the 39th anniversary of the October Revolution, Zhukov said in a speech broadcast by Moscow Radio:

"The Soviet Union calls upon the United Nations resolutely to stop the armed aggression of Britain, France and I s r a e l against Egypt and actively to support the Arab peoples in their struggle for freedom and independence.

"As regards the Soviet Union, she is prepared, in accordance with a U.N. decision, to take a real part with her armed forces in the liquidation of this aggression."

The U.N. Security Council Monday refused to take up a Russian proposal that the council order Russian and U. S. forces to go into Egypt and stop the British, French and Israelis. The United States termed the proposal "unthinkable."

But it has been expected the Russians might carry such a proposal or a similar one to the U.N. General Assembly, meeting in New York in emergency session on the Middle Eastern crisis.

It appears unlikely, however, the Russians can muster a two-thirds backing in the Assembly. An Indian government spokesman in New Delhi said today Prime Minister Nehru, a key leader of the powerful Asian - African bloc, is sending Soviet Premier Bulganin an appeal not to intervene in the Middle East with force.

Nehru's message was occasioned by notes from Bulganin to British Prime Minister Eden and French Premier Mollet implying Russia might use force to crush the British-French action in Egypt. But Zhukov's statement seemed to rule out any official unilateral intervention by the Russians.

There has been widespread speculation, however, the Russians might send "volunteer" forces to Egypt, just as Communist China poured "volunteers" into the Korean War.

Of a loved one laid to rest.
In memories frame I shall keep it,
Because she was one of the best.
Sadly missed by her daughter, Lucille C. Fitzpatrick.

DE JAGER — IN LOVING MEMory of our mother Sidonie De Jager who passed away two years ago, Nov. 5 1954
We laugh with the world
but never forget,
In our memory of gardens
you are with us yet;
Silent thoughts of you
bring many a tear
Though gone from this world,
to us you're still near.
Sadly missed by sons and daughters, B Budwit; C. & J. De Jager.

ELSWORTH — In loving memory of Burt W. Ellsworth who passed away November 5, 1954. Sadly missed by his daughter and family. Forrest and Peggy Milow.

HARRY—IN LOVING MEMORY OF Francis (Buck) who passed away Nov., 1951.
Sunshine passes, shadows fall;
Love's remembrance outlasts all.
And though the years be many or few,
They are filled with remembrance dear of you.
Sadly missed by his daughter, Kay Marlene & Relatives.

IN LOVING MEMORY OF OUR beloved Mother, Mrs Bessie Briggs, who passed away Nov. 1, 1955
Gone is the face
we loved so dear,
Silent is the voice

But not too far
for thought to reach.

Ike Takes Texas With Majority—24 Electoral Votes

DALLAS, Tex. (AP) — Texans followed a pattern set in 1952 and gave the state's 24 electoral votes to Dwight D. Eisenhower by an overwhelming majority.

It was only the third time since Civil War times that Texas voted Republican in a presidential contest.

A count from 244 of the state's 254 counties gave Eisenhower 840,686 votes to 662,227 for Adlai Stevenson—a majority of 55.65 per cent.

Texas sole Republican congressman, Rep. Bruce Alger of Dallas, won re-election. Otherwise, Democrats took all two-party contests in the state, including the election of U.S. Sen. Price Daniel as governor.

Virginia Stronger for Ike This Time Than in 1952

RICHMOND, Va. (AP)—President Eisenhower captured Virginia's 12 electoral votes for a second time in a swelling tide of ballots that swamped Adlai Stevenson worse than four years ago.

* * *

In a record vote yesterday the Republican President rolled up a majority of nearly 112,000, which dwarfed his 1952 majority of 80,000 on the basis of near-complete returns.

Eisenhower rolled up top-heavy majorities in virtually every city of the state and was ahead in 9 of the 10 congressional districts. Only the southside agricultural 4th District was going for Stevenson — and this by a narrow margin. In 1952 Stevenson carried the 4th and the Norfolk area 2nd.

The presence of States Rights candidate T. Coleman Andrews on the presidential ballot made no difference in the outcome.

* * *

With returns tabulated from 1,795 of the state's 1,876 precincts the vote was:

Eisenhower 363,717, Stevenson 247,767 and Andrews 40,255.

Even Montgomery, Ala., Swings to Ike This Time

MONTGOMERY, Ala. (AP) — President Eisenhower is the first Republican since reconstruction days to win a presidential election in Montgomery, birthplace of the Confederacy.

Complete returns from Montgomery County in yesterday's election gave Republicans 8,794 votes and Adlai Stevenson 7,038. Another 3,312 went to an independent ticket of presidential elector candidates.

Stevenson carried the county 8,861 — 7,913 four years ago.

Rains Cause 50 Deaths

BOGOTA, Colombia (AP) — Two weeks of torrential rains throughout Colombia have claimed at least 50 lives and caused vast damage to warehouses, dwellings and crops, government sources said.

Keglers Attract Big Audiences

Ratings Rival Those of Many Much-Publicized Video Programs

By CHARLES MERCER

NEW YORK (AP)—While a lot of people have been looking the other way, bowling has been attracting very large television audiences.

* * *

Whether televised bowling matches have influenced the tremendous increase in the national popularity of this sport or TV bowling merely reflects the widespread interest is a sort of chicken-or-egg argument. Certainly they are interrelated.

The television hubbub began a few years ago when a Chicago auto dealer named Peter De Met sponsored a bowling program on a local TV station there. After a short time the show developed the largest audience of any live local program in the Chicago area. If it worked in Chicago, De Met asked himself, why shouldn't it work on a national basis?

He borrowed $300,000 and launched the syndicated filmed series Championship Bowling three years ago. Its popularity increased rapidly until its audience ratings rivaled those of many widely publicized shows. Spurred by its success, competitive bowling programs such as National Bowling Champions have sprung into being.

What is there about this sport of bowling that makes it so popular?

There is a bowling authority here in New York who has a fascinating theory. When he is not bowling or talking or thinking about bowling, he writes a column for the Associated Press. His name is Hal Boyle.

Boyle's theory of bowling is simply this: It is the perfect civilized way that one can work off his repressed aggressiveness. Those pins at the end of the alley represent the things that bother you most — your job or wife or husband or boss or mother-in-law. It is highly significant, believes Boyle, that the bowling ball is black — which is symbolic of the evil one casts from himself.

Movie Empire Executive Dies

Louis Schine, Official of Schine Enterprises, Succumbs in N.Y.

NEW YORK (AP) — Louis W. Schine, who with his brother, J. Myer, built a fortune out of pennies, died yesterday. He was 63.

* * *

Louis Schine was a leading motion picture exhibitor and secretary-treasurer of Schine Enterprises, operators of more than 100 theaters in New York, Ohio, Kentucky, Maryland and Delaware.

Schine died in Harkness Pavilion of Presbyterian Hospital, where he has been for five weeks.

J. Myer Schine, president of Schine Enterprises, also has extensive hotel interests, the Schine Hotel Corporation, headed by J. Myer's son, G. David.

ARMY CONTROVERSY

G. David was the center of a controversy in 1954 between the Army and Sen. McCarthy (R-Wis). The Army said McCarthy and his aides had sought by improper means to get special treatment for David as an Army draftee. McCarthy denied. David later served a regular military tour in Alaska.

Funeral services are being held today in the Jewish Community Center at Gloversville, N. Y., where he lived.

Card Error Gives Prohibition Party 13 Straight Votes

DETROIT (INS) — The Prohibition Party got 13 votes yesterday which were probably intended for the Republican Party. The third party received the "straight" votes because of an early morning error by election workers in Ward 16 Precinct 88.

* * *

Louis A. Urban, elections director, said, "some voter finally discovered that movable cards on the machines had been switched in order and that Prohibition Party cards and Republican Party cards had been misplaced on one machine."

As a result, some votes cast for straight Republican went to the Prohibition Party instead.

Urban said election workers are supposed to check the cards in each voting booth before and after each voter.

He said the mistake was by "error rather than by intention."

Hal Boyle Says:

War to Avoid War Puzzles Man in Street

NEW YORK (AP) — Monologue of a middle-aged man in the street:

Well, the election is over, and if these were normal times the country would be safe for another four years . . . But today nothing really seems safe from change for even the next four minutes.

* * *

The world used to operate on a sensible basis. . . It would have a big depression every 10 years, and a big war every 20 or 25 years . . . This gave people time in-between to make love or look up at the stars for comfort.

A man doesn't mind so much getting an ulcer from earning a living, paying off his mortgage, and keeping his kids in school and out of jail . . . It's the extra ulcer he gets that bothers him, the one caused by his monotonous mental diet, a diet of crises . . . You get a warmed-over old crisis for breakfast, a half-baked later crisis for lunch, and a brand new completely raw crisis for dinner . . . The mind simply can't stomach them all.

* * *

If it isn't a crisis over maybe the hydrogen bomb will fall, it's a crisis over maybe the cost of living will go up . . . Even the weather is crisis . . . The climate is getting warmer and in another 10,000 years, just when I finally finish paying off my house, the country may be one vast desert, and what'll that do to property values?

Then there's always the crisis over peace . . . World peace seems to be pretty much like prosperity in America — it isn't a fixed thing, but is based on the instalment plan.

Russia moves tanks into Hungary to preserve freedom and soon the only free Hungarians in the country are those too dead to realize the wonder of it . . . Then Russia threatens to put the muscle on Britain, France, and Israel in order to preserve peace in Egypt. But Britain, France and Israel don't see the logic of that at all. What are they already busy fighting for in Egypt? . . . Why, to preserve the peace, of course.

The Egyptians, too, are fighting to preserve peace with an army developed probably for just that purpose. . . What puzzles me is whether peace can stand much more preserving without winding up embalmed.

Somehow I can't quite get it. . . How is it possible to avoid war by fighting and preserve the peace by breaking it?

Rabbit Killer Sued

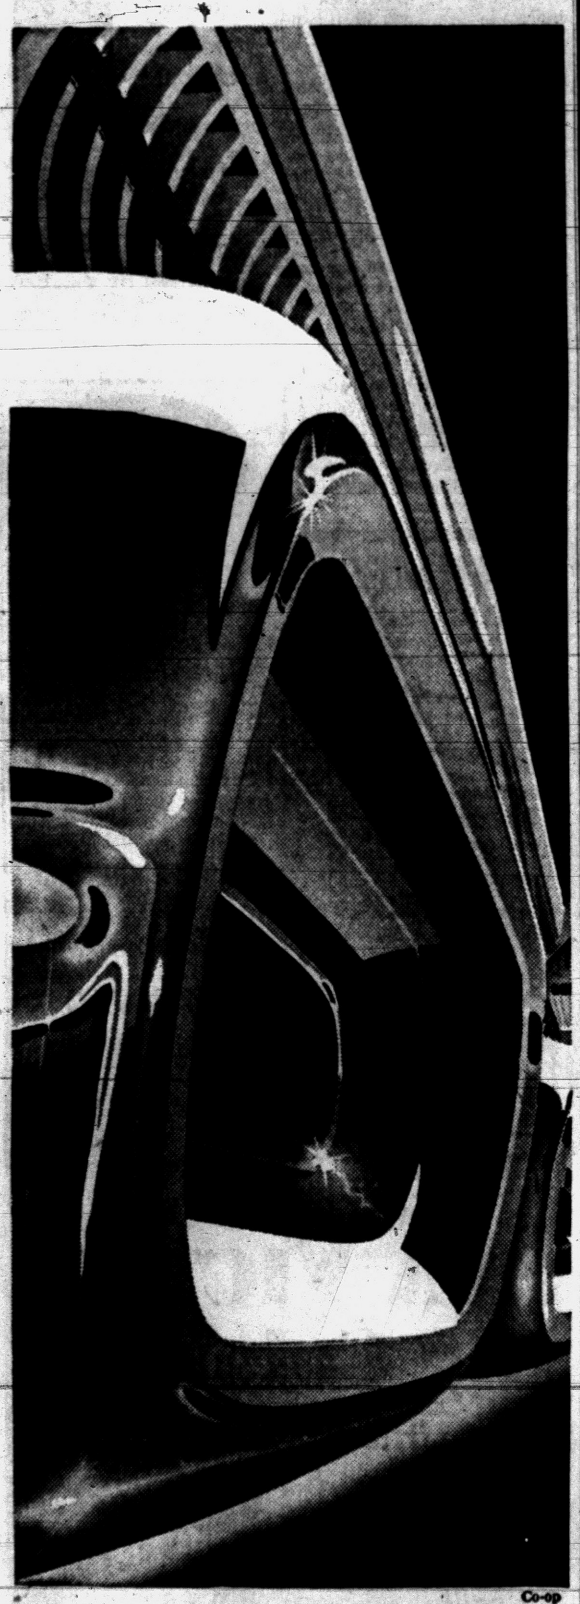

PARIS — Frenc hunters have filed a lawsuit against Dr. P. Armand-Lelile. The doctor's property was plagued by rabbits, and to get rid of them he inoculated a pair with myxomatosis virus. Not only did it clear the rabbits off his farm, but the disease spread so fast it decimated the rabbit population of all France within a single hunting season.
