

Republicans Hold Hopes for Tax Plan Despite Response

LANSING (AP)—Gov. George Romney and Republican legislative leaders held out hopes today for their sharply revised tax reform program after watching it receive a cool response in its first test.

The program—built along lines originally proposed by major changes, including an increase in state aid to schools—was headed for a second scrutiny by GOP caucuses in the House and Senate.

In its first exposure yesterday, the program encountered mixed reaction but failed to gain anywhere near the degree of support Republican leaders had hoped for.

"It didn't win any medals—but it wasn't a total flop, either," said one member of the Republican "leadership committee" formed last week to end the tax reform stalemate.

IRON OUT DIFFERENCES

The 10-member committee met again with Romney last night in an effort to iron out some objections raised by Republican lawmakers in the caucuses.

Interest in the revamped program centered chiefly around the changes in property tax relief provisions and the inclusion of state school aid amounting to some \$42 million over the next three years.

Where Romney had called for a 20 per cent reduction in school property taxes to be related to districts by the state, the committee proposed an across-the-board 10 per cent reduction in all general property taxes.

This would be tied to an increase in state payments of \$7 per pupil over the next three years plus a 1/4-mill increase per year in the deductible millage equalization factor.

This could cost \$7 million in 1964-65, \$14 million in 1965-66, and \$21 million in 1966-67.

Romney apparently had acceded to the committee's wishes in the area of property tax and inclusion of school aid and told newsmen earlier in the day that the revised program was acceptable to him.

He said it met his basic demands for any acceptable program: tax relief for low income groups, tax relief and equity for business, property tax relief and provisions for local units of government to raise needed revenues.

"I would consider some parts of the new program to be improvements over the first one," the governor said.

The new program retains state income taxes of 2 per cent on individuals, 3 1/2 per cent on corporations and 6 per cent on financial institutions as its central feature.

First Freeze Hits Area, but It'll Warm Up

Temperatures nosedived to a freezing 31 degrees at 7 a.m. today.

But the weatherman said tonight will be somewhat warmer, the low about 40 with skies partly cloudy. Tomorrow's high is expected to reach 60 with skies partly overcast.

For the next five days, temperatures will average 3 to 7 degrees above the normal high of 52 to 55 and normal low of 35 to 39. No important day-to-day changes are predicted through the weekend. Generally mild conditions are expected most days.

Dry conditions will persist with no precipitation of consequence during this period.

The thermometer reading at 2 p.m. today was 54.

South African Judge Kills 10 Indictments

PRETORIA, South Africa (AP)—A Supreme Court judge threw out today the state's indictment against 10 men—3 whites, 6 Africans and 1 Indian—accused of sabotage in a plot against Premier Hendrik Verwoerd's government.

Women's Unit Tops Goal, Raises \$32,678 for UF

They rang thousands of doorbells and walked hundreds of miles, and the women's division volunteers for Pontiac Area United Fund today reported going well over their goal.

Mrs. William Brace, women's campaign chairman, at a noon luncheon today in Pontiac Elks Temple, reported that her 1,300 workers raised \$32,678, or almost \$3,000 above the division goal.

Not only did they work well as a unit, but Mrs. Brace cited 100 for reaching or surpassing their individual district and area quotas.

Each received the "Indian Oscar" statuette.

Reporting her quota, Mrs. William Freyermuth, Pontiac chairman, said \$17,128, or 104 per cent was reached. Included is \$871 from the business solicitation unit headed by Mrs. Earl White and Mrs. Clarissa Peters.

Next largest women's quota was reported by Waterford Township chairman Mrs. Clark Easley. She stated \$11,536 was collected in the township, or 114 per cent of its goal.

LAKE ANGELUS

The Lake Angelus unit, headed by Mrs. Max Korus, went high over its quota (125 per cent) for \$3,914.

In addition, Mrs. Brace said collections in Independence Township, although not included directly in the women's goal, totaled \$3,899. Township chairman is Mrs. Keith Hallman.

Over-all, Mrs. Brace said the division reached 110 per cent of its assigned goal of \$29,761.

OK Charge in Kidnap of Child

LANSING (AP)—Ingham County Prosecutor Leo Farhat today authorized a warrant charging a construction worker with three counts of kidnapping in the abduction of tiny, blonde Michelle Moran last Friday.

The 5-year-old youngster, taken from her mother's car, was found in a roadside ditch Saturday morning. A doctor's report showed she had been molested.

Named in the warrant was John F. Clay, 33, of Saginaw.

Farhat said if convicted, Clay could receive a life term on any one of the three charges.

SECRET CONFINEMENT

The charges included secret confinement, malicious kidnapping for purposes of secret confinement, and forcibly taking away a child with intention to detain her from her mother.

Asked if Clay had made a confession, Farhat said, "It would be improper to characterize anything he said as an admission."

Lansing Chief of Police Charles Stragier said Michelle identified Clay as her abductor when she picked him out of a group in a police lineup.

"She cringed and held onto her mother," he said.

The 8-year-old brother of the victim, Frank, who saw her snatched from the mother's car, also made tentative identification of the man, he said.

Huron Opens With Bang!

Everybody was happy about the opening of Huron to through traffic today... well, almost everybody.

George Showers and Harvey Sayles weren't happy.

Sayles, 46, of 201 Hagarth, Waterford Township, was driving one of the first cars to move through the newly paved Huron-Cass intersection.

Showers, 44, of Royal Oak, driving a pickup truck, was one of the last construction workers to leave.

They collided.

Police said neither driver was injured.

Romance is Sunk

DALLAS (UPI)—Neiman-Marcus specialty store today offered the "ultimate in togetherness" in its Christmas catalog—a "his-and-her" submarine.

The two-placer cruises at seven m.p.h. and sells for \$18,700.

Ford Sales Up, but Not Profits

DETROIT (AP)—Ford Motor Co. set a nine-month sales record this year, but its profit picture was as rosy as that of Chrysler or General Motors.

Ford yesterday became the last of the nation's three biggest auto makers to file its financial report for the first three quarters of 1963.

"All reports agreed the auto business has been very good. Dollar sales by both Ford and General Motors for the three quarters were records. For Chrysler, they were the highest since 1957."

Way Is Smoothed for Traffic on Huron

Huron is again a "through" street in downtown Pontiac.

The barricades that have detoured through traffic from Wayne to State since Sept. 10, came down today as most of perimeter road paving at Huron and Cass was completed.

More perimeter road intersections are slated for similar treatment between now and Sunday.

Saginaw, closed to through traffic from Oakland to Fairgrove since Sept. 26, is scheduled to be opened Saturday.

Construction crews are scheduled to move to the other side on Oakland tomorrow and on Perry and Mt. Clemens Saturday according to John Gusman, city traffic engineer.

Contractors have been paving half of the latter three streets, restricting traffic to two lanes at perimeter road intersections.

WIDER 'DETOURS'

Marlin Summer, assistant city engineer, said that motorists should find the new, two-lane "detours" a little wider and (Continued on Page 2, Col. 8)

From Rags to Riches Janitor Outearns Mayor

NEW YORK (UPI)—The income of a Brooklyn High School custodian last year topped that of Mayor Robert F. Wagner, it was reported yesterday.

Eugene E. Hult, superintendent of design, construction and physical plant for New York City, identified the high-priced janitor as D. Paul Bishop, 66.

Hult said Bishop made \$53,000 as against \$50,000 for Wagner. The only public official in the nation with a higher salary is the President.

Hult said it was reported last week that Bishop—supervisor of a 15-member janitorial staff at Bushwick High School—made \$43,695. However, a double check of the contract arrangements revealed the higher figure.

A special commission appointed by Gov. Nelson A. Rockefeller has been investigating the high cost of custodians and has turned up several instances of where custodians made more than \$40,000 yearly.

About 30 custodians have been subpoenaed for questioning in

FBI Arrests Two on Spy Charges

CHARGED—John William Butenko, 38, (right), an American electronics engineer, and Igor A. Ivanov, 33, a chauffeur for a Russian trade relations organization, were arrested by the FBI last night on espionage charges.

Agents Seize U. S. Engineer, Russian Driver

7 Months of Work Topped With Capture in Englewood, N. J.

UNITED NATIONS, N.Y. (AP)—The United States demanded today the immediate departure from U.S. territory of three members of the Soviet U.N. delegation accused of spying.

NEWARK, N.J. (AP)—FBI agents have capped seven months of around-the-clock work with the arrests of an American electronics engineer, cleared to handle top secret material, and a Russian chauffeur on espionage charges.

They were arrested last night after a rendezvous near an old stone railroad station in Englewood, N.J.

Two Soviet diplomats serving with the Soviet mission to the United Nations also were apprehended by the FBI, but they were released because of their diplomatic immunity.

Seized in the Russians' car were a briefcase that contained information about a secret Air Force contract and a tiny document camera designed to operate from the car's cigarette lighter.

The accused spy, charged early today with "delivering to a foreign government information relating to the national defense of the United States," are John William Butenko, 38, of Orange, N.J., and Igor A. Ivanov, 33, of New York City.

RUSSIAN PARENTAGE

Butenko, a bachelor of Russian parentage, is a \$14,700 a year control administrator for the International Electric Corp. of Paramus, N.J.

Ivanov, married and father of a 6-year-old daughter, was a chauffeur for Amtorg, a Soviet agency that handles U.S.-Soviet trade relations. He came to the United States in March 1962.

U.S. Commissioner Theodore Kiacaras at Rutherford ordered both men held in \$100,000 bail pending action by a federal (Continued on Page 2, Col. 3)

Space Official Sees K Fraud

Says Moon Move Meant to Slow U.S.

WASHINGTON (UPI)—A leading space adviser to President Kennedy believes Premier Khrushchev's recent space statement was an attempt to slow down the U.S. lunar project, rather than a Soviet withdrawal from the space race.

Dr. Edward C. Welsh said yesterday that the Russians have a "strong space program and are concentrating on it. There is nothing in this (Khrushchev's remarks) to indicate otherwise and no reason to believe they are slackening."

Welsh is executive secretary of the National Aeronautics and Space Council which advises President Kennedy on U.S. space programs. In an interview with United Press International, he commented on Khrushchev's weekend review of future Soviet space programs.

Welsh said Khrushchev's comments were an attempt to encourage a reduction in U.S. space efforts so that Russia might maintain any competitive edge it believes it may have.

MAINTAIN ADVANTAGE

"He would maintain this advantage on the basis of a slowdown on our part rather than a speedup on his," Welsh said.

More perimeter road intersections are slated for similar treatment between now and Sunday.

Saginaw, closed to through traffic from Oakland to Fairgrove since Sept. 26, is scheduled to be opened Saturday.

Construction crews are scheduled to move to the other side on Oakland tomorrow and on Perry and Mt. Clemens Saturday according to John Gusman, city traffic engineer.

Contractors have been paving half of the latter three streets, restricting traffic to two lanes at perimeter road intersections.

WIDER 'DETOURS'

Marlin Summer, assistant city engineer, said that motorists should find the new, two-lane "detours" a little wider and (Continued on Page 2, Col. 8)

Way Is Smoothed for Traffic on Huron

Huron is again a "through" street in downtown Pontiac.

The barricades that have detoured through traffic from Wayne to State since Sept. 10, came down today as most of perimeter road paving at Huron and Cass was completed.

Cong Crushes Unit; Three GIs Missing

SAIGON, South Viet Nam (AP) — Communist guerrillas smashed a crack South Vietnamese task force Tuesday and probably captured the three U.S. Army advisers with the 120-man task force.

The three Americans, listed as missing and believed captured, were two officers and an enlisted medic. Stragglers returning from the rout said both officers had been wounded early in the fight—one in the head and the

other in the leg. A second government force of about 200 men, operating only a few thousand yards away, learned of the battle too late to help. U.S. authorities said Communist radio jammers knocked out both the main channel and the alternate channel on all local military radios.

BATTLE COSTS

The operation cost the Vietnamese Special Forces an estimated 20 killed, 30 wounded and

12 missing and presumed captured. Heavy weapons lost included a 60-mm mortar. Viet Cong losses were unknown. "The day ended with the enemy in command of the field," a high-ranking American officer said. "He had plenty of time to get his own casualties out of the way along with prisoners from our side, before we could get back in."

Names of the missing Americans were not announced immediately.

The U.S. casualty list rose to four late Tuesday when the U.S. Air Force pilot of a light spotting plane was hit by an enemy machine gun. The pilot flew back to his base and was evacuated to Saigon.

SAME AREA

The fight was in the same general area 140 miles south-west of Saigon where another government unit took a bad beating Oct. 19. Some 40 Vietnamese troops were killed and 13 Americans wounded in that battle.

All day today, patrols and spotting planes combed the marshy rice fields, canals and patches of palm jungle where the fight took place, but they made no contact with the guerrillas.

Tracks were spotted in all directions, but there was no indication what happened to the Americans or the other captives.

The government unit had good intelligence about the Viet Cong, and only the final, vicious clash came as a surprise, American sources said.

Gonzalez and Foreman are both Texans.

YOUNGEST MEMBER

Foreman is the youngest member of the House at 29, and husky. He is a Republican who espouses conservative causes. Gonzalez is 47, a Democrat who espouses liberal causes, and the

NOT A MARK—Rep. Ed Foreman, D-Tex., grins as he looks in a mirror yesterday after he says, Rep. Henry B. Gonzalez, D-Tex., aimed a punch at his head in a House lobby. Foreman said he ducked and the punch landed on his shoulder.

House Texan: Fight Is Over

WASHINGTON (AP) — Rep. Henry Gonzalez is ready to fight, either "Marquis of Queensberry rules or alley fight rules." But his intended opponent, Rep. Ed Foreman, says, "As far as I'm concerned, it's over with."

No so much of Tuesday's one-punch fight just off the floor of the House of Representatives is in prospect.

Gonzalez and Foreman are both Texans.

YOUNGEST MEMBER

Foreman is the youngest member of the House at 29, and husky. He is a Republican who espouses conservative causes. Gonzalez is 47, a Democrat who espouses liberal causes, and the

26 Financiers Taken on Tour by Consumers

A group of eastern investment analysts who toured the Consumers Power Co. service area yesterday said they were impressed by what they saw in Pontiac and Oakland County.

Robert P. Briggs, Consumers executive vice president, said the group of 26 commented frequently about the private and public facilities and improvements in the Pontiac area.

Briggs, who was accompanied by Charles F. Brown, Consumers Pontiac Division manager, said the idea behind the tour was to show that "Michigan is a good place to work and play, and one of the best places in the country in which to create new jobs."

He said the 26 all represented major financial institutions frequently involved in business transactions with Consumers and other major Michigan industries.

Local points of interest seen in yesterday's visit were downtown and shopping center retail areas, new home and office construction, city and county facilities and public works.

Lunch and a tour of plant operations was sponsored by Pontiac Motor Division.

The old fashioned Erie-Lackawanna Railroad station in Englewood was a unique setting for Tuesday night's drama.

Atty. Gen. Robert F. Kennedy and FBI Director J. Edgar Hoover gave this account of the cat-and-mouse watch.

FBI agents watched from the shadows as Butenko and the Russians met in the station parking lot and then strode away. The agents moved in, collaring Butenko in his car and Pavlov and Ivanov in their automobile. Romashin was seized nearby, where he was posted as a lookout.

In the rear seat of the Russians' car was a briefcase that Butenko brought to the meeting, containing data relating to a "highly sensitive Air Force contract being handled by the International Electric Corp." The document camera also was in the Russian car.

The first meeting of the accused conspirators occurred, according to the FBI complaint, on April 21, at a restaurant in the north Jersey rural community of Norwood.

The bespectacled Butenko has worked for International Electric since March 1960.

JFK Praises Compromise

House GOP Wary of Dems on Rights Bill

WASHINGTON (AP)—House Republicans kept their fingers crossed today as they received administration praise for helping to launch a strong civil rights bill in Congress.

The Republicans have warned the administration all pledges of support for the compromise measure are off if the Democrats seek to make any political gain out of civil rights at their expense.

At the moment, though, bipartisanship was holding firm and the long bottled-up legislation finally began to move through the House.

Even with President Kennedy, Speaker John W. McCormack and Republican Leader Charles McNichols, the far-reaching compromise bill faces delays and obstacles.

MID-NOVEMBER

The most optimistic estimate heard after the House Judiciary Committee approved the bill by a 23-11 vote Tuesday was that it would be mid-November before it gets to the House floor. Other estimates made it early December. The time will be needed to write a report on the voluminous measure and hold hearings in the Southern-dominated States Committee.

The biggest obstacle remains the Senate, however, where it is accepted as fact that a determined Southern filibuster will have to be broken by a two-thirds majority vote if any bill is to be passed. The sweeping nature of the bill makes that questionable. Many observers doubt that there is enough time left to pass civil rights legislation in this session.

Tabbed a compromise between a tough subcommittee bill and more moderate measures introduced by Republicans, the bill that emerged from the Judiciary Committee proved stronger than the original administration bill.

It retained several provisions from the subcommittee bill, including one that would create a federal commission empowered to ban racial discrimination in employment in private industry.

The commission would have to go into court to get an injunction carrying out its findings, however, instead of having its own enforcement powers, as in the subcommittee bill.

It also included provisions from the subcommittee bill, including one that would create a federal commission empowered to ban racial discrimination in employment in private industry.

The commission would have to go into court to get an injunction carrying out its findings, however, instead of having its own enforcement powers, as in the subcommittee bill.

Birmingham Area News

School Board Secretary Submits Resignation

BIRMINGHAM — Richard P. Barnard, Birmingham Board of Education secretary, has submitted his resignation to Board President E. Ross Hanson.

Mrs. Louise C. Adams of Birmingham has been appointed to replace Barnard as a trustee.

Barnard, an attorney who lives in Franklin Village, said out-of-town litigation has caused him to miss board meetings with increasing frequency.

A heavier work load, he noted, is not permitting him to devote the time to board matters that he feels they deserve.

TRUSTEE SINCE '58

Barnard has been a trustee since 1958, serving as secretary since 1960.

Mrs. Adams, 325 Overhill, will complete Barnard's 1963-64 term. Mrs. Dean Beier, a trustee since 1959, will become board secretary, Hanson announced.

Mrs. Adams has been serving on the steering committee of the Citizens' Elementary Curriculum Study Committee during the past year.

A past president of the University of Michigan Alumnae Club in Birmingham, she was PTAA president of the Bloomfield Hills Elementary School in 1960-61.

She is the wife of Birmingham pediatrician Dr. Frederick M. Adams. They have five children, four of whom attend Birmingham Public Schools. The fifth is a student at Albion College.

The Birmingham PTAA Council has served public notice that it stands against those who encourage drinking and smoking among teen-agers.

County Air Service by '70—but Where?

Pontiac Municipal Airport or Allen Airport — which should be developed into a major airfield serving Oakland County by 1970?

This is what a countywide study of future airport needs is intended to show, according to Charles Edwards, chairman of the County Board of Supervisors Aviation Committee.

This committee has been given the job of recommending what the board of supervisors should do with the county's recently acquired sod airfield, in Orion Township.

Yesterday, the committee met with engineering representatives to weigh qualifications for carrying out the proposed study.

FOUR REPRESENTATIVES

Six firms were invited to the meeting. Four sent representatives.

One said his firm was only

interested in doing actual engineering that might be entailed in any expansion.

Two firms combined a single offer to perform the study.

A representative of the fourth firm said his organization wouldn't be able to begin a study for at least three months because of other commitments.

'NEW START'

The combined offer of two firms recommended a "fresh, new start" at determining aviation needs in Oakland County.

This committee is trying to avoid. It wants a study based on a compilation of existing data.

Members said they expected to learn how much of this data is available when they meet with the County Planning Commission Tuesday morning.

Ex-Con Admits Killing Woman in Burglary Try

MIDLAND, Tex. (AP) — A youthful ex-convict has admitted killing Mrs. Fred Turner, wife of a wealthy oilman and race horse owner. She was bludgeoned during a burglary attempt.

Police said James L. Martin, 22, was charged with murder. He told newsmen in the county jail last night, "I don't want to talk."

Mrs. Turner, 66, so badly beaten about the face that it was her first thought she had been shot, was killed in the family's palatial home yesterday.

Mrs. Turner's daughter, Mrs. Clarence Shabauer Jr., was knocked unconscious by the attacker when he fled the mansion.

The two Soviet diplomats were brusque when released from FBI custody here, despite the FBI's offer to provide them transportation.

"The conduct of the FBI agents was very rude," snapped Yuri A. Romashin, 38, second secretary of the Soviet U.N. mission. His companion, Glib A. Pavlov, 39, an attaché of the mission, had nothing to say.

STAFF MEMBER

The FBI complaint also named a staff member of the Soviet mission, Vladimir I. Olenov, but he was not apprehended.

The old fashioned Erie-Lackawanna Railroad station in Englewood was a unique setting for Tuesday night's drama.

Atty. Gen. Robert F. Kennedy and FBI Director J. Edgar Hoover gave this account of the cat-and-mouse watch.

FBI agents watched from the shadows as Butenko and the Russians met in the station parking lot and then strode away. The agents moved in, collaring Butenko in his car and Pavlov and Ivanov in their automobile. Romashin was seized nearby, where he was posted as a lookout.

HEADQUARTERS LEVELED—The Dade County Democratic party headquarters building in midtown Miami, Fla., was leveled Monday by a massive explosion. Officials say no

one was believed to have been in the building, and no injuries have been reported. Cause of the blast is as yet undetermined.

The first domesticated animals are believed to have been sheep and goats.

A new kind of glass for automobiles or office buildings becomes blue when exposed to

sunlight, but becomes clear again when the light is removed.

Destined to Lead West

By RUTH MONTGOMERY

WASHINGTON: An unruly fellow called "domestic politics" will crash the party when President Kennedy shortly holds his first official huddles with the two newest members of the Western summit club: German Chancellor Ludwig Erhard and British Prime Minister Sir Alec Douglas-Home.

Both President Kennedy and Lord Home will be up for re-election next year. Although Chancellor Erhard does not have to confront the electorate until '65, he will face a tough battle to regain a Bundestag majority, inasmuch as his Christian Democrat party's own public opinion polls indicate that the Socialists have become Germany's most popular party.

In a presidential election year foreign policy traditionally

takes a back seat to domestic and pocketbook issues and '64 promises to be no exception.

JFK, an astute politician, has given top priority to civil rights and tax-cut legislation — two domestic issues that hold little enthrallment for Erhard and Douglas-Home.

FRENCH VOTE

Further to complicate matters for the summit club, French President Charles de Gaulle has given indications that he, too, may call a national election next year.

The club's four card-carrying members are a fascinating study in contrasts. In fact, if a statisticians led a million identification cards into a computer, he would be hard-pressed to find four politicians more dissimilar in tastes and backgrounds than these leaders of the Western alliance.

Senior member de Gaulle, haughty, aloof, nationalistic and as obsessed with French "destiny" as the mystical Joan of Arc, is now 75.

Douglas-Home is a shy, shrewd aristocrat who has relinquished family ties dating back to the Middle Ages in order to succeed ailing Harold Macmillan.

DER DICKE

Pump, cigar-smoking Erhard, who at 66 succeeds 57-year-old Konrad Adenauer, is the unpretentious son of a Bavarian storekeeper. His favorite name is a stew, and his nickname has long been "Der Dicke" (the Fat One).

When these aging gentlemen sit down with 46-year-old President Kennedy to plot continued Western strategy for the cold war, their antenae will simultaneously be tuned to the clamor of their own electorates.

By what strange twists of fate did four such dissimilar men eventually reach the pinnacle and find themselves ranged alongside each other in a dangerous battle of wits with the roly-poly son of a Russian peasant?

Except for the wartime death of his elder brother, Joseph P.

Kennedy Jr., Jack Kennedy would have become a political writer, instead of a politician. Joe Sr. had earmarked politics and the presidency for his namesake son.

OLD SOLDIER

Were it not for French capitulation to invading Nazi forces in that same war, "Old Soldier" Charles de Gaulle would probably now be "fading away" in the obscurity of his country house in southern France.

World War I may have played the trick that cast Ludwig Erhard in his current role. He tried to take over his father's storekeeping business in Bavaria, but a wound suffered as a noncommissioned officer prevented him from standing behind the counter for long periods, so he turned to the study of economics.

He became economics minister in 1946, and the subsequent miracle of West Germany recovery made him the popular choice to succeed Adenauer despite the latter's objections.

Lansarkshire Yeomanry at the outbreak of World War II, but was struck down by spinal tuberculosis and spent two years flat on his back. This seeming tragedy may have spared him death on the battlefield, but he was to have an even closer brush with fate.

Except for a new law passed only a few weeks ago, the aristocratic foreign secretary would not have been permitted to renounce his 400-year-old titles and thereby become prime minister.

By such quirks of fate, the history of mankind has been written.

Preparation for Future

Keego City Plan Sketched

KEEGO HARBOR — City planners last night explained how they go about helping people to "dine a jewel."

The "jewel" in this case is Keego Harbor. The "dining" is done with zoning ordinances, street improvements and often something as simple as a paint brush.

Although their proposals are still in the preliminary talking stage, planners did report on the ideas they have formulated during their first year and a half of work.

Representatives of both the city planning commission and Parkins, Rogers and Associates, Inc., planning consultants, spoke.

MAPS PRESENTED

The 35 persons attending saw maps indicating present land uses, public facilities, utilities, topography, zoning and the result of them all, a plan for the future.

Planners said their idea was to encourage the development of cross-sectional facilities, thus providing a broader tax base than is presently available from the single family residences and few businesses.

They suggest, then, three types of residential zones — those for large lots, small lots and multiple residences.

They would like to "pull the commercial area together." Now strung out along Orchard Lake Road, the central business district shown on the comprehensive map is condensed to make it easier for a walker to make purchases.

Another tax-producing idea is to designate for industrial use the triangle of property at the extreme south end of the city.

The area includes the West Bloomfield High School athletic field, but planners said there has been some talk of changing the site.

They said they were thinking of a research park with controlled light industry rather than "nuisance industries."

For motorists, the planners proposed straightening Cass Lake Road, "now dangerous to negotiate."

With only slight curves rather than sharp corners, the road would divide into two wings just

AREA NEWS

north of the Orchard Lake intersection to eliminate congestion at that busy corner.

Parks would dot the city, most notably around Dollar Lake and along the shores of Cass and Sylvan lakes.

Also sketched in along Cass Lake front are a few multiple residences. The planners said the property there is valuable, and better use could be made of it in this manner.

Viewing their plan as "Utopian," they noted that the ideas may never be realized and

that some of the plans may be utilized in another generation.

Very basic and flexible in nature, some of the plans are now in direct contact to conditions and current thought, but they can be adapted, the residents were assured.

If the entire plan were facilitated, between 75-80 per cent of the present buildings would remain, planners said.

In answer to the inevitable question — "Will this make our taxes higher or lower?" — they said taxes on the same house might even be lower with a broader tax base and more efficient operation.

The master plan is to be completed by May, 1964, after two years of work.

Public From Photo

SITTING PRETTY — Three-year-old Phil Plasko and other Walled Lake youngsters are the object of a six-week baby sitting course which will begin Monday. Concentrating their attention on him are his mother, Mrs. Robert Plasko, RN, who will teach child care; Walled

Lake Fire Chief Frank Hamilton, mouth-to-mouth resuscitation and fire safety; and Kathy Rafferty, who will assist the instructors. Dr. William Hanfin will teach first aid for the course, which will start at 7:30 p.m. Monday at the fire hall.

Avon Shelves Zoning Action

Apartment Proposals May Face Changes

AVON TOWNSHIP — Consideration of the proposed rezoning for multiple dwellings on Walton is being postponed by the Avon Township Board until Nov. 6 or Nov. 20.

Township Supervisor Cyril E. Miller said today Sidney Weinberger, head of College Park Development Co., may change plans for the company's proposed apartment complex before they are presented to the board.

Three weeks ago the township zoning board gave full endorsement to the rezoning request of Weinberger. The board's action followed a meeting at which some 225 residents expressed concern over erection of the six \$80,000 units.

To be constructed on a 5.5-acre parcel on the south side of Walton opposite Brewster, each unit would contain four two-bedroom and four one-bedroom apartments.

PLANS TO FIGHT

Miller has stated he plans to fight the proposed colonial apartments when the township board is confronted with the rezoning request.

The board has the final say on the matter.

ENGAGED — A double wedding is being planned for May 18 by Janet C. Nichols (left) and Stoddard C. Hamilton III and her sister, Jeanne Marie Nichols and Charles M. Baker. The girls are twin daughters of Mrs. Gilbert Nichols, 4501 White Lake, Davisburg, and the late Mr. Nichols. Stoddard is the son of Mr. and Mrs. Stoddard C. Hamilton II, 7008 Biscayne, Milford. Charles' parents are the Manley C. Bakers, 79 Mill, Union Lake.

Troÿ Agrees to More Study Before Vote on Auditor Chief

TROY — City Commissioners last night agreed that they need one more study session before deciding whom they want as new chairman of the County Board of Auditors.

They scheduled a special meeting for next Monday to continue consideration of the question and determine a position.

At both last night's and Monday's meetings, Mayor Robert J. Huber stated opposition to the plans of key supervisors to centralize county administration with Clerk-Register Daniel T.

Murphy as chairman of the board of auditors.

Huber contends that Murphy is being railroaded into the job by a small group of supervisors. He wants Troÿ's commission to go on record as opposing the move.

WANTS START

The mayor wants Troÿ to start the ball rolling for a demand of more information about Murphy and about the job he is vying for with Robert E. Lilly. Lilly is presently the only

Democrat on the three-member board of auditors.

The Troÿ commission has been split down the middle at last night's and Monday's meetings, due to the absence of a commissioner at each session.

Commissioners James F. Carey, Wallace B. Hudson and Mayor Pro Tem Vincent J. McAvoy have indicated opposition to Huber's plan.

LEND SUPPORT

Siding with the mayor are Commissioners Glen H. Houghton, Clifford Sutermeister Jr. and Robert J. Bargert. No official vote has been taken because Bargert was absent Monday and Sutermeister last night.

Although Hudson agrees with Mayor Huber that Lilly should be made chairman of the board of auditors, the commissioner opposes the idea of Troÿ's representatives on the County Board of Supervisors casting a bloc vote.

Huber, Carey and Hudson are members of the county unit.

JANEY MARIE LYON

Announcement is made of the engagement of Janey Marie Lyon to Almarin S.C. Danny Thomas Beer by her parents, Mr. and Mrs. George Lyon, 1700 Gum, Oakland Township. The prospective bridegroom is the son of Mr. and Mrs. Alfred C. Beer, 4008 Orion, Oakland Township.

MEA Drive for Tenure Going Well

LANSING (UPI) — The Michigan Education Association (MEA) said yesterday it has 39,000 to 45,000 signatures on its history petitions favoring state-wide tenure for school teachers.

E. Dale Kennedy, executive secretary, said, "We feel the drive is going very well."

"We have met little resistance to the petitions. There is no organized opposition to the drive — only normal differences of opinion," he said.

50 PCT. OF TEACHERS

About 50 per cent of the state's teachers, 9,000 retired teachers, and other MEA members are taking part in the drive to obtain 300,000 signatures before Nov. 22.

The petitions need 200,000 valid signatures in order to be submitted to the State Legislature.

The drive started Oct. 5 with workshop sessions of county chairmen. The actual circulation of petitions started Oct. 11 and the campaign has been in full swing since Oct. 15, Kennedy said.

The petitions must be filed with the county clerks by Nov. 25 and then with Secretary of State James M. Hare by Dec. 24, according to the MEA timetable.

Parties 'n' Prizes to Wow Halloween Ghosts, Fairies

ADDITION TOWNSHIP — Thirty silver dollars will be one of the best "treats" to be offered to area children tomorrow at the firemen's Halloween party in the township hall.

The party is scheduled to begin at 7 p.m., when the fire siren blares signaling the end of the one-hour begging period.

In addition to prizes for the prettiest, most original and hottest costumes, cider and doughnuts will be served to all.

Children from Leonard and throughout Addition Township are invited to the festivity, which is sponsored annually by the Addition Township Fire Department.

The Township Hall is located on East Elmwood, Leonard.

CLARKSTON — Sometimes it pays to stay home.

This certainly will be the case tomorrow night as the Clarkston Area Junior Chamber of Commerce stages its second annual Halloween program backed by a \$250 budget.

Jaycees will award prizes to 21 area youngsters who are home when the telephone rings. The deadlines are 8 p.m. for elementary school youngsters and 9 and 10 p.m. respectively for junior high and high school students.

OXFORD — The Halloween call here for some will be "Trick or Treat for UNICEF."

Clarkston Unit Plans Dinner

CLARKSTON — Joseph C. Bird Chapter No. 294, Order of Eastern Star, will hold its annual Autumn Harvest Dinner and Bazaar Friday from 5 to 7:30 p.m. at the Masonic Temple.

A widely varied menu is planned, according to chairman Mr. Richard Young.

Aprons, stuffed toys, and Christmas gift items will be on sale all day Friday. The public is invited.

Bond Issue Approved for School District

WEST BLOOMFIELD TOWNSHIP — The State Municipal Finance Commission has approved a \$1.6-million bond issue by West Bloomfield School District.

The issue, approved by property owners in June, will finance construction of a new junior high school, improvements to existing buildings and purchase of sites for future schools.

Romney Sets Talks to Aid Fish Industry

LANSING (AP) — Gov. George Romney is arranging high-level talks to help Michigan's fishing industry through a crisis caused by botulism deaths.

Great Lakes fishing industry report 300 deaths since said of smoked fish needed. The crisis began three weeks ago when the national toll of botulism deaths linked to smoked fish reached seven persons.

"We want to make sure we're doing everything that can be done," Romney said. An administrative assistant, Albert Applegate, is compiling an invitation list to the conferences.

Applegate said officials from state agencies, specialists from universities, spokesmen from the fishing industry and officers with the Federal Food & Drug Administration will be contacted.

FOR PUBLIC HEALTH "We want to get them together to see what the state can do toward the goals of protecting the public health and preserving the industry," Applegate said.

"The faster we re-establish public confidence in the products, the faster these people can get back to their jobs in the industry," he said.

The Federal government has warned the public not to eat smoked fish from the Great Lakes unless it is known to have been properly processed.

The seven botulism deaths were in Michigan, Tennessee and Alabama.

The Michigan State Apple Commission will begin its 23rd year of issuing apple storage reports Friday.

The reports, compiled and tabulated under the direction of commission secretary-manager Robert L. Button, along with other marketing information, will be sent to all Michigan growers, shippers and packers.

This information will have important value in formulating plans and making decisions in their apple marketing program, Button said.

Storage operators will fill out storage reports on the 1st and 15th of each month beginning Friday. Forms are provided by the apple commission.

VARIETY AMOUNTS The reports will give the amounts of each variety stored in each of the different types of storages, either common, cold or controlled atmosphere.

The Michigan State Apple Commission will be sending out storage report forms to all apple storage operators in Michigan before Friday. Storage operators who do not receive a report form are asked to call or write the commission.

Applegate said officials from state agencies, specialists from universities, spokesmen from the fishing industry and officers with the Federal Food & Drug Administration will be contacted.

Drought Eases in Northeast

Rain, Snow Help, but Other Areas Still Dry

CHICAGO (AP)—Rain and snow eased drought conditions and forest fire hazards in sections of New England today but not much relief was reported on other parts of the dry belt from the southern Plains to New York State.

Heavy rains along the edges of Hurricane Ginny splashed southeastern New England Tuesday as the storm moved into Nova Scotia. Moderate to heavy snow fell in central and northern Maine with 13 inches in Greenville and nearly a foot in Houlton and Caribou. Snow flurries fell throughout New England, including Boston. More than 2½ inches of rain doused Nantucket, Mass.

Tuesday's rain belt extended along the Atlantic Coast from South Carolina into New England. Light rain dampened scattered sections in the Great Lakes region and southward to the Appalachians but amounts were too light to break the prolonged dry spell. Snow flurries flecked Bluefield, straddling the Virginia-West Virginia border.

NEW FIRES

In New York State 12 new fires were reported with a total of 59 still burning and a total of 645 blazes in October. Strong winds in some woodland areas increased the fire danger. State forests have been closed and outdoor burning banned since Oct. 13.

Fresh rains in Rhode Island, up to one inch, resulted in the lifting of restrictions against starting outdoor fires. Maine also lifted a ban on smoking, starting outdoor fires or hunting in wooded areas.

In Kentucky, winds of 15 to 20 m.p.h. fanned fires that burned nearly 7,000 acres of woodland Tuesday. One man was arrested on charges of setting a woodland area afire.

In Alabama, which reported its driest October in 59 years, 1,215 fires have destroyed more than 18,000 acres of woodlands this month. No hunting is allowed in 32 counties.

The general drought situation showed little change in most areas, with acute water shortages in many sections. Agriculture officials in Illinois said 96 per cent of the state has less than adequate soil moisture readings.

Outstate Firm Wins Highway Map Bid

LANSING (UPI)—A Grand Rapids firm has submitted the low bid to print the 1964 official Michigan highway map, Highway Commissioner John Mackie reports.

The Michigan Lithographing Co. low bid of \$38,712 to print 800,000 maps was the lowest of eight bids received. Mackie said he would recommend approval of the bid to the State Administrative Board.

The bid was one of the lowest, on a per map basis, received by the highway department in many years, Mackie said.

Kentucky's Mammoth Cave contains eight waterfalls, three rivers and two lakes.

WHY LOBSTERS

TASTE BETTER IN MICHIGAN

THAN IN MAINE

In Michigan, you are lucky lobster-lovers enhance the delicate, subtle flavor of this hard-shelled crustacean by gently broiling artfully-made, fine Cask Wines with each bite. Take pity on the lobster who can't buy Cask Wines anywhere in Maine. Be happy you live in Michigan, where distinguished Cask Wines are so near to you as your favorite supermarket, tavern or liquor store.

CASK WINES

Produced and bottled by Michigan Wineries, Inc., Farmington, Mich.

THAT TIME AGAIN—A sudden snowstorm struck Presque Isle, Maine, yesterday bringing a familiar scene. A motorist from the northern city gets an assist in moving his

car away from the curb. Several inches of snow hit the community as Hurricane Ginny swept up the coast into Canada.

AP Photo: Lee

Mme. Nhu to Address Young GOP

LOS ANGELES (UPI)—Mme.

Ngo Dinh Nhu, controversial first lady of South Viet Nam, was scheduled to speak to Los Angeles County Young Republicans tonight as part of her extended visit to this country.

Mme. Nhu returned here by airliner from San Francisco last night after a speech at the University of California at Berkeley. She had gone to San Francisco after a weekend visit here.

The sister-in-law of South Viet Nam President Diem said on her arrival at International Airport that she may have a "major pronouncement" to make before heading home to Saigon in several days.

However, she gave no hint as to what that pronouncement would be, nor did she say definitely when she planned to leave for Saigon.

HOLLYWOOD NIX

Before her arrival, officials at Warner Bros. Studio in Hollywood disclosed that they had denied a request for Mme. Nhu to visit the set of "My Fair Lady" and to meet stars Audrey Hepburn and Rex Harrison.

Although the studio declined to comment officially, it did

say that Mme. Nhu would not visit the movie set or any other part of the studio.

Miss Hepburn was overheard to say when news of the plan for the South Viet Nam visitor and her daughter to visit the lavish set reached the sound stage: "If she comes, I won't be here. I'm sorry, but I'll be ill."

World Fair for Detroit?

DETROIT (U)—Detroit Mayor Jerome P. Cavanagh said yesterday he will form a committee to study the feasibility of holding a world's fair or trade fair in Detroit in 1972. Committee members will be named in about two weeks, Cavanagh said.

Progress Is Notable at Cranbrook School

The Press warmly congratulates Cranbrook Institute of Science on the impressive record of progress since its establishment 33 years ago.

Reflecting physical growth are the regular additions to the Institute's facilities beginning with the observatory in 1930. A new museum, The McMath Planetarium, The Bulkley Greenhouse and the Terrace Extension followed in order.

Latest contribution to the science complex is the Skillman Wing for the Physical Sciences dedicated last September.

Each year has seen increasing use of the Institute, as its program has broadened and the population of the area has steadily increased.

Representing the Detroit area's only science museum, the Institute occupies a unique place in the cultural resources of Southern Michigan. Indicative of its educational importance is the expanding use by school systems from surrounding communities.

Over-all attendance the past year totaled 154,682, an 11 per cent increase over the previous year and a 42 per cent gain over five years ago. A significant sidelight on attendance is that, though The Science Institute is a private school, over 90 per cent of the school classes were from public schools.

The report points out that the Institute is dependent on special funds for its administration and fulfillment of objectives. These funds have felt the strain of increasing demands, and it is hoped that additional endowment support may be forthcoming.

A particular note of recognition is merited by Director Robert T. Hatt and his quarter-century of service. His dedication and vision have played a major part in the growth and eminence of the Institute.

Solons to Evaluate State Driver Courses

Soon to have legislative scrutiny is the efficacy of Michigan's public school driver education program, which, adopted in 1956, had pioneer significance for the Nation.

The training is required for those under age 18, but paradoxically statistics show it hasn't contributed to driving safety as expected.

A 10-year review of a dozen representative states reveals that the rate of youthful accidents was little affected by the training. Indeed, the state having the highest percentage of enrollment in driver education had the highest ratio of teen-age accidents.

Of the 12 states whose accidents were analyzed, the teenagers in the six having the highest number of students in drivers' classes — a third of the total in 1952 — accounted for 11.7 per cent of all accidents.

In the other six states, where only one in ten students was taking driving training, the youth accident had a slightly LOWER rate — 10.9 per cent.

The enrollment average of the first group rose to 77 per cent by 1961. The other six states increased

their driver education little, if at all.

It would therefore be assumed that the rate of teen-age accidents in the first group would be substantially reduced. Instead, the percentage increased — about the same in both groups. And nationwide, 16 per cent more driver-education graduates failed their drivers' license tests than those who never took the course.

A Michigan legislator who is an insurance man points to lack of community uniformity in the state's training plan, and students being certified with incomplete instruction as weaknesses of the system. Another defect, he says, is the indifference to the program of some school officials, who look on it as an added scholastic burden without sufficient funds to administer it.

We think that the concept of youth driver training is sound. It only remains to reappraise the program in the light of the weaknesses uncovered and strengthen it to effect the high degree of safety protection intended.

Who's Watching the Watchbirds?

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — Five years ago Sen. Richard L. Neuberger, Oregon Democrat, complained that nobody polices the policeman, that Congress can investigate the whole area of government but nobody polices Congress.

For example: The head of a department must rid himself of his stock before the Senate, to prevent conflict of interest, lets him take office. This is to prevent his profiting from some company he may do business with.

But a member of Congress can have all kinds of outside interests, and even fight for a law to help those interests, but he doesn't have to rid himself of anything or reveal anything about his total income.

Neuberger was calling on Congress, which has passed laws to prevent conflict of interest on the part of federal officials and other government employees, to pass a conflict of interest law on itself.

CALMLY IGNORED
Congress ignored him with great calmness, as it has ignored similar proposals by other members of both houses for years. Recently two former members of Congress were convicted of influence-peddling while they were in Congress.

Neuberger died of cancer in 1960. His wife, Sen. Maurine Neuberger, also an Oregon Democrat, was elected to succeed him that same year. Last week she picked up where her husband left off.

JOINED BY CASE
She and Sen. Clifford P. Case, New Jersey Republican, asked consideration of a bill they had introduced requiring top government officers, members of Congress and their staff to report their yearly income, gifts of substance, assets, liabilities and financial transactions to the comptroller general, with these reports available to press and public.

Case has made this kind of proposal repeatedly and, like the late Neuberger, has been ignored.

He and the present Sen. Neuberger made their pitch in a letter to Sen. B. Everett Jordan, North Carolina Democrat who is chairman of the Senate Rules Committee which yesterday began an investigation of a former Senate employee, Robert G. Baker. Right after President Kennedy took office he asked Congress to tighten and broaden the laws against conflict of interest as they apply to employees of the executive branch. He got quick action. A law was passed.

But there's hardly a chance in a billion that Congress will do anything about it itself.

'What Are You—Unpatriotic, Or Something'

David Lawrence Says:

Racial Tension Not Decreasing

WASHINGTON — Racial tension is, unfortunately, not diminishing. News dispatches in the last 24 hours tell a tragic story of inflamed feelings and irresponsible action.

In Philadelphia, for instance, the Associated Press reports that on LAWRENCE Monday 500 Negroes rioted. They broke windows and looted stores. Shattered glass littered the streets.

Policemen turned back news photographers for fear their flashbulbs might touch off more outbreaks.

The demonstration arose because last Saturday a Negro was shot and killed by a white policeman who said that the Negro lunged at him with a knife while resisting arrest.

In St. Augustine, Fla., according to a United Press International dispatch, white men drove through a Negro neighborhood near that city Monday night, blasting homes and Negro night clubs with rifle and shotgun fire.

A live hand grenade was tossed at one night club but it failed to explode. Authorities said two or three cars containing white men were involved.

These are typical of many disorders that do not always attract national attention. Every day the press associations carry in brief form a list of disturbances due to racial friction.

The question arises as to whether the recent agitation and series of "demonstrations" hasn't produced a racial consciousness that didn't exist before as widely as it does today.

Certainly the subject is one that causes grave concern to the police everywhere. Many cities have Negro policemen and, unquestionably, there should be more of them, especially in Negro neighborhoods.

WRONG IMPRESSION

For when a white policeman and a Negro collide, the impression can be spread by inflamed persons that the arrest is unjust or that discrimination prevails.

Negro leaders are themselves divided. Although Atty. Gen. Robert F. Kennedy is certainly doing his utmost to diminish racial discrimination and is trying to do it by legislation, he was nevertheless the object of a picketing demonstration Monday night in New York City.

The pickets were led by the organization known as the Congress of Racial Equality and included persons from other "civil rights" groups.

A spokesman for the demonstrators was quoted by UPI as having exclaimed: "The Kennedy brothers sold out the American Negro by trying to water down a strong civil rights bill."

The reference was to the administration's efforts to get a bill through the House Judiciary Committee. Faced with certain defeat on what was termed an "extreme" measure, the President had intervened personally to get a compromise bill re-

ported out by the committee, and was successful.

If a "civil rights" bill is enacted, there will at least be a law on the subject instead of vague court orders.

Bob Considine Says:

United States No Slouch at Sending Propaganda

NEW YORK — Whenever we set our minds to tooting our own horn through the world we make the greatest Russian propagandist look like bums.

In his semi-annual report to Congress on his stewardship of the United States Information Agency, ailing Edward R. Murrow singles out what his organization did with one story: Gordon Cooper's two-day trip through space.

USIA blanketed the earth with that one, operating out of 239 posts in 106 countries. Its Voice of America was on the air continuously and exclusively with this story for 36 hours, a first in the history of broadcasting.

Its wire service carried the running story for 18 hours. A half-hour TV program dealing with the way Cooper trained for the flight was pre-broadcast to USIA offices throughout the world, to be given to local TV stations.

Another 10-minute film was quickly distributed to 500 theaters abroad, and a six-minute version of the same film about Cooper was rushed to newsreel theaters in 36 countries. One of the films hit 2,400 American theaters simultaneously.

LOTS OF POWER
That's as much oomph as is generated by the 113 largest U.S. radio stations combined.

It drew the biggest overseas radio audience in history. In addition to the VOA's 55 transmitters the broadcast was piped into the national networks of Denmark, Finland, France, West Germany, Greece, Iran, Israel, The Netherlands, Spain, Turkey and many African countries.

A laborer, listening to the Spanish-language account of the orbiting as part of the crowd that gathered in front of the agency's downtown office in Santo Domingo made a speech:

"Here we are in Santo Domingo, in front of the cultural and information section of the U.S. Embassy, listening to every step of this flight and hearing about difficulties with automatic controls," he said.

"We know this is really true. How do we know the Russians really sent somebody up there?"

The crowd applauded, just as we can now applaud Mr. Murrow's organization for reminding us that, when the mood moves us, we can demonstrate that we've forgotten more about propaganda than the blinking Reds ever knew.

Adrian Daily Telegram

While Defense Secretary McNamara and Gen. Maxwell Taylor were in South Viet Nam on a fact-finding mission, a House government operations committee released a report charging that the State Department had bobbled the fact-finding of American correspondents in South Viet Nam. The committee declared the State Department in 1962 initiated a policy designed to keep unpleasant developments in Viet Nam from the American press.

"Instead of hiding the facts, the State Department should have done everything possible to expose the true situation to full view," the subcommittee said. "Millions of dollars and the lives of many Americans have been spent to assist the government of South Viet Nam."

The news directive was drafted and sent to the U.S. embassy in Saigon.

The directive said correspondents should be advised they were creating difficulties if they criticized the regime of President Diem. Also the subcommittee declares, American officials in South Viet Nam were instructed to try to keep correspondents away from military operations which might suggest that the war against the guerrillas was not going well.

The subcommittee adds that the State Department says the

Voice of the People:

Offers Answer to Reader Asking About Seat Belts

In reply to "Safety First," no one knows whether the person mentioned would have been more seriously injured or less if he had been using a seat belt.

We do know: Chances of injury in a series of automobile accidents are in the ratio of only 1:20 with seat belts compared to those without them.

Anyone who does not take advantage of these odds is not aware of the facts. Everyone should fasten his seat belt before moving his car, even if he is traveling only one block.

'Share Halloween Candy With Others'

When your children have enough Halloween candy, deliver what's left to Pepper School, Roosevelt School, the Oakland County Children's Center or my home, 24231 Gardner, Oak Park. There are about 500 children who are wards of Oakland County, unable to go begging on Halloween. They get plenty of food, but candy is something they only get if people are willing to share with them.

'Donations Should Be Giver's Choice'

This is in regards to pressure put on employees by employers for bigger donations for the United Foundation. Employees are told unless they give the minimum it will reflect on their job. Charity is an act of being generous. Who is to determine that? A donation should be determined by the giver. Our donation will be sent to school with our children who will feel the real sense of charity.

Mrs. Charlotte Kramer

Asks About Township Boundaries

Thanks to Frank Kelley, attorney general, for clearing the issue of tax assessments and the right to vote on them under the old and the new constitution.

Waterford Township residents want to know if the boundaries of a township can be changed just for tax purposes? Everyone is saying vote "yes" for a city because the more prosperous areas could be annexed to leave our township without this tax income. It was my understanding it could not be done without a vote of the Oakland County Board of Supervisors and it was tried in Orionville and didn't stand a chance. If this is so, let it be known.

I'm voting "no" because Waterford Township is not ready to become a city and the taxes are already overburdening for the average home owner.

Concerned Taxpayer

'Girl Scouters Obstructing Traffic'

Girls in scout uniforms have been walking in the center of Indian Trail directing traffic to the side of the road so they could cross in the center. A 24-year-old encountered this and didn't know if he was supposed to go on the wrong side of the road or what. It must have been the uniforms that disappointed her.

Just a Mother

'Police Lax in Controlling Lawbreakers'

After reading in The Press about 4 teen-agers killed by cars on our street, I should be the last to complain of the laxity of our police department in letting the speedsters, drunken drivers, faulty-brake drivers and no-light drivers go unpunished.

When reporting speeding in 25 or 35 m.p.h. zones, we're told they'll look into it, but they never do. They hang up if you argue about when something will be done. The policeman at the desk has even blamed the taxpayers.

I can't imagine why taxpayers are paying such people for not doing their duty. We need to sweep out the police department as well as the city hall.

directive was not intended to restrict access to information, that its only fault was "sloppy drafting." But the subcommittee notes, significantly, that the questionable sections were lifted only half an hour after the committee began its hearings.

France's Leader

The New York Times

It was no surprise to hear President de Gaulle of France as good as announce that he will run for re-election next year if not sooner. He is needed, as he modestly sees it, to keep France independent of the "double hegemony" (overlordship) of the United States and Soviet Russia. This incident is setting various teeth in official Washington on edge, and no doubt cutting anti-de Gaulle speeches and wisecracks are already being fashioned in White House circles.

For our part, we hope Big Charlie remains President of France as long as he wants to; and if he can keep JFK from falling all the way into the arms of N. S. Khrushchev, then de Gaulle will have served U.S. interests in the 20th century as nobly as did the Marquis de Lafayette in the 18th.

Foreign Policy Reversal

Soviet Ability to Make Peace Debated

By PHIL NEWSOM
UPI Foreign News Analyst
A world which for years based

its foreign policy on the Soviet Union's ability to make war, now finds itself in the midst of a curious reversal.

Policy makers now must consider the Soviets' ability to make peace. The question is a matter of serious debate and already has had an effect on U.S. relations with the U.S.S.R.

For example, except for the present seeming cold war thaw, it scarcely seems conceivable that the United States ever would have considered lifting its embargo and seriously negotiating with the Soviet Union for the sale of \$250 million worth of wheat.

Wheat long has been on the list of strategic materials banned for sale to a potential enemy.

And in the United States it has aroused debate whether such a sale and a revision of U.S. trade policies furthers the cause of peace or simply tides the Soviet Union over an emergency from which it can emerge to press still harder the cause of aggressive world communism.

Less directly related but a factor is the same question in the reaction of West Germans to the successful airlift of an entire U.S. division to Germany.

Despite U.S. reassurances to the contrary, it aroused in Germans the fear that the U.S. intends to reduce its troop strength in Europe.

TIMING INTENT

Involved in the Soviets' ability to make peace are matters both of timing and intent.

On the matter of timing, it is noteworthy that Soviet foreign policy took on a greater degree of caution immediately after the Cuban crisis just a year ago this month.

The question of intent is even more important.

In the present thaw, did

Nikita Khrushchev jump or was he pushed?

WAS PUSHED

The evidence is that he was pushed, despite the fact that co-existence with the West has for years been a proclaimed Soviet policy.

Devious and secretive as are the ways of communism, its practitioners often are amazingly frank in discussions of internal difficulties.

And recent discussions in Soviet publications indicate Soviet planners expect Russian difficulties to get worse before they get better.

BELOW AVERAGE

Russian grain harvests are estimated at between 15 and 20 per cent below average. New dust bowls are threatened as result of a policy which ordered grasslands plowed up for planting. Fertilizer and irrigation programs will take years to implement.

As a result of a shortage of fodder, Soviet farmers are slaughtering livestock, with spoilage and a threatened meat shortage the natural result.

Even worse is a steady stream of complaints about incompetent or dishonest management, including large-scale looting, bribery and speculation.

These are factors which "pushed" Khrushchev into his present position. They are no measure of intent, and are but momentary in any measure of the Soviet desire to make peace.

HE GREW HAIR

Before Erickson Treatment **A Few Months Later**
Mr. T. A. Wilson, Jr., of Hollidaysburg, Pa. (above) gave about 20 minutes of his time for an interview with the Erickson representative, saved and regrew his hair in only a few months with the exclusive hair method.

ERICKSON HAIR AND SCALP CONSULTANTS

Will be in Pontiac,
Waldron Hotel,
36 E. Pike — FE 5-6168
Thursday, October 31

The Erickson Hair and Scalp Consultant, District Director, Mr. R. W. Lovelady, will be at the Waldron Hotel between 12:00 Noon and 8:00 p.m. Every hairworried person should take advantage of this great opportunity.

The Erickson Method is known all over the United States. You can have a conference with the Erickson representative regarding your hair and scalp problems at no cost to you whatsoever, learn how the scalp treatments work, and the results you can expect in a short period of time.

Results guaranteed by the Erickson organization. We don't ask you to take our word. You will be given a written guarantee from the beginning to end on a pro-rated basis.

The majority of cases of baldness and excessive hair loss is a condition called "male pattern baldness" and no treatment, even the Erickson Method, is of any value.

If you have dandruff, excessive hair fall, thinning hair, excessive oiliness or dryness, itchy scalp, take 20 minutes of your time to see what you can do.

Thousands have reported satisfaction from the Erickson Scalp Method. Why burden yourself with unhealthy hair and scalp? Anyway, it costs you nothing to learn how thousands have been helped by the years of Erickson experience, plus the wonderful opportunity for help it offers.

Just go to the Waldron Hotel in Pontiac on Thursday, October 31, only between 12:00 Noon and 8:00 p.m. Ask the Hotel Desk Clerk for Mr. Lovelady. He will do the rest.

Interviews are given in private. You will not be embarrassed in any way.

U.S. Trade May Get Zip From Booze

WASHINGTON (UPI)—Whisky, which means "water of life" in the Gaelic, may yet put some life into the United States' sagging balance of payments in international trade.

An article published by the Commerce Department considers the problem under the title, "Bourbon Trade Is Slightly Examined."

Neil C. Hurley Jr., chairman of the National Export Expansion Council, noted that the U.S. international trade deficit last year was "almost a third of a billion dollars."

The United States bought \$300 million in such foreign delicacies as Scotch, wine, Canadian whisky, Irish whisky, German beer, cognac, strega, schnapps and what have you, while U.S. exports amounted to slightly less than \$6 million.

BIGGEST CUSTOMER

Hurley attached importance to a recent trip to Europe by William J. Marshall, president of the Bourbon Institute. Marshall was quoted as saying that Germany was the largest U.S. customer of bourbon whisky next to Canada.

"Believe it or not, Italy and France are becoming bourbon customers," Marshall said. "This is true of other countries. Australia, for instance. They drink bourbon over there because it is the beverage of moderation."

Marshall said, "We ask equality of treatment in other lands that have no entry into our market."

He said France "still will not permit advertising of hard liquor unless it is distilled from wines, ciders or fruit."

But at least France has eliminated quotas, he noted, adding: "Until lately we could not ship enough there to keep a party going until midnight."

Homespun Socialism

Ghana: Progress in Controlled Society

ACCRA, Ghana (AP)—George Orwell's "Animal Farm," a bitter allegory on totalitarianism, has been banned from Ghana's secondary schools by government decree.

Too many teachers were drawing a parallel between Orwell's fictional regime of the pigs and that of President Kwame Nkrumah and his Convention People's party, Ghana's press is censored and controlled. In private, civil servants and the professional classes express mounting dissatisfaction with Nkrumah and his government. Students at Ghana's two universities are in the vanguard of these demanding greater freedom of expression.

"Whisper a word of criticism in the wrong place and you're out of a job," complained one senior ministry official. "Intellectually, the atmosphere in Ghana is stifling," said a student. "Free exchange of political opinions is a thing of the past."

SIMILAR TO COMMUNISM

Nkrumah's Ghana abounds with trappings markedly similar to those of communism.

His party and the government are regarded as one and the same. The Ghana Young Pioneers follows a Soviet pattern. The trade union movement is a carbon copy of the Soviet Union's. Strikes are illegal. There are 105 state farms. Government is in the building, furniture, and many other businesses. Innumerable Communist bloc technicians have been assigned to the country.

But there is another side. In Nkrumah's grand design there is a place for private as well as state enterprise and recent legislation encourages foreign investment.

Six years of independence have brought progress unmatched elsewhere in Africa in many fields. Tribalism has been largely eliminated. Ghana

spends more on education in relation to national income than any other country in the world. Roads are the best in West Africa.

ARTIFICIAL HARBOR

A \$92-million artificial harbor at Tema was paid for entirely out of Ghana's own resources. Construction of the \$196-million Volta River dam and hydro-electric scheme is ahead of schedule. Ghana is putting up half the cost and borrowing the

rest from the United States, Britain and the World Bank. Both the West and the Communist bloc countries have helped but most aid has come from the West.

"Remember Ghana has never broken its ties with the British Commonwealth," said one Western diplomat.

"Perhaps Ghana is not as democratic as we would wish. But then there are almost no

countries in Africa which practice democracy as we know it." Nkrumah seeks to turn Ghana into the nonaligned showpiece of Africa. He thinks he can do it with his homespun brand of socialism, and by walking a political tightrope between West and East.

PROFESSED MARXIST

The 54-year-old president is a professed Marxist. He is also a shrewd and practical politician, ambitious and fiercely independent. Westerners here are convinced he never would willingly become the puppet of Moscow.

Minnesota, the land of 10,000 lakes, actually has more than 11,000.

Queen's Horse Drives Cost-Cutter Buggy

LONDON (U) — A government efficiency expert is urging Queen Elizabeth II to scrap the horse and buggy system of doing her family marketing.

The queen's four-wheel carriages, known as Broughams, are a familiar sight in London's West End shopping center. In front sits a coachman, magnificent in brown coat, silk hat and high-winged collar. In the back sits an elegant lady-in-waiting, carrying the royal shopping list from grocer to dressmaker to bank.

Behind comes a frustrated procession of honking car drivers, slowed to the pace of an unhurried horse.

Edward Dowling, a Treasury expert called in by the queen to help cut costs, says

cars should supplant the Broughams. He believes the Broughams are too slow and too accident-prone.

2 HUB CAPS

Last week, one had a collision with a taxi and lost two hub caps. A few days earlier, the horse got bored with its Brougham and lay down in the middle of the traffic, refusing to move until it was unharnessed.

Palace sources say any switch to cars seems unlikely because the carriages are considered part of palace tradition. The palace likes to have horses accustomed to traffic for use on state occasions.

The first Brougham was designed by Baron Brougham, who lived from 1778 to 1868. He had a large and awkward frame and needed a low-slung carriage.

Negro Youths Sought for Guard Academy

WASHINGTON (UPI) — The Treasury Department has asked the press, radio and television to help recruit Negro youths to compete for the 250 appointments open to the Coast Guard Academy.

Robert A. Wallace, the department's employment policy officer, said yesterday that "unless we receive more applicants the academy class entering in July may not have a single Negro."

14 in Area

Drivers Lose Licenses

Fourteen area motorists recently had their drivers licenses suspended or revoked by the Michigan Department of State.

Ordered to show proof of financial responsibility due to convictions of drunk driving were:

Donald E. Mescham, 685 Northway; Earl E. Burchfield,

21635 Wheeler, Farmington; Joan S. Malt, Allen Road, Ortonville; William L. McCarty, 32164 Leelanau, Farmington; and Paul R. White, 51235 Jacksonville, Farmington.

Unsatisfactory driving records caused the following to lose their licenses:

Luther L. Howard Jr., 6 Green; Jerald J. Johnston,

600 Estes; Rex W. McComber, 3814 Beachgrove; Audie L. Daniels, 2405 Pembroke, Birmingham; Gerald S. Darling, 8750 Maplewood, Clarkston; and Clifford W. Stanton, 797 S. Glenhurst, Birmingham.

Robert H. Alexander, 261 Harrison; and John H. Hudson Jr., 300 Golden Gate, Lake Orion, were ordered to show proof of financial responsibility due to unsatisfied financial judgments against them.

William R. Cooper, 55 Murray, was ordered off the road for driving with a revoked license.

Junior Editors Quiz on NAILS

QUESTION: Why do carpenters speak of a "10 penny nail" or a "20 penny nail"?

ANSWER: Driving nails is one of the most secure and least expensive ways of fastening pieces of wood together. The nail point pushes the wood aside and lets the nail enter, also helping to keep the wood from splitting.

When nailing two planks together, carpenters follow this useful rule: the nail should go through the first plank and penetrate the other by a half over half of the second plank's thickness.

In England, in the 1400s, nails were sold by their weight. The word "penny" became used to show the size of nail, according to how many pennies you had to spend to buy 100 of each size.

Then the length of the nail began to be considered too. For two pennies, for example, you could buy 100 nails 1 inch long, and so a two penny nail was the same as an inch nail.

We still use this system of speaking of nail sizes. Our picture shows the penny and length names of some nails larger than the 1 inch or twopenny.

As in old English days, we also sell bulk nails by weight. For instance, you may ask for 5 pounds of threepenny nails, and you'll know these will be 1 1/4 inches long.

FOR YOU TO DO: Learn to drive a nail properly; it's a most useful accomplishment. The main thing is to hit the nail squarely on the head, being sure it doesn't bounce off and hit your hand holding the nail.

DONALD A. TEWS

One Man Runs in Sylvan Lake

Only one candidate will be on the ballot in Tuesday's council election in the City of Sylvan Lake.

Donald A. Tews, 1936 Lakeland, Sylvan Lake, is the lone contestant in the fall council race. An assistant friend of court for Oakland County, he has lived in the city for nine years.

Tews has served on the city council since June. He was appointed to fill the unexpired three-year term of Edwin F. Clark, a six-year veteran on the council.

Clark resigned last spring in a dispute over the payment of sick leave and vacation pay to a public works employee.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

Flint Entrant Heads Miss Teen Team

DALLAS, Tex. (U-P)—Teen-age Guna Spas of Flint was captain yesterday of a beauty queens' football team that had New York Yankee slugger Mickey Mantle for a waterboy.

Her team, the East Green Hornets, came back in the final minutes with a 22-yard scoring pass play to tie the game against the West Wildcats, 6-6, in the first Miss Teen-Age America Bowl. After the game, the girls re-

turned to beauty contest activity. Six finalists for Miss Teen-Age America will be chosen tomorrow and the winner announced Friday night.

Linebacker Jerry Tubbs of the National Football League Dallas Cowboys coached the East team. He got hugs and kisses from his players.

The West coach was Cowboy end Lee Folkins. He was carried off the field on the shoulders of 10 staggering players.

The amber front turn signals on 1963 cars resulting from an industrywide study are more easily seen than white under a variety of light and weather conditions.

Campaign or Not? Wonder 8 Officials

By JIM DYGERT

Whether to crank up their campaign organizations and start mapping strategy to win reelection next year, or to sit back and relax for another two years.

This is the question that five elected officials and three appointed Circuit Court judges of Oakland County face today. They do not know whether

they will be obliged to go before the electorate in order to keep their posts from 1964 to 1966.

The answer may be a long time in coming. It could be provided initially by the State Legislature this fall, but the Michigan Supreme Court might have the last word.

Whatever it is, it could have lively political effects in the county.

The eight men concerned are Clerk-Register Daniel T. Murphy; Prosecutor George F. Taylor; Drain Commissioner Daniel W. Barry; Sheriff Frank W.

under a state law requiring them to be elected in 1964 in order to keep their judicial posts.

RECOMMENDATION But another interim legislative subcommittee — this one headed by State Sen. Parrell E. Roberts, R-Oakland County — has decided to recommend that their terms be extended.

It would then be much easier to phase in all Circuit Court judges with staggered terms of six, eight and ten years in 1966, the subcommittee believes. All judges would run for six-year terms afterwards.

Both recommendations will come up soon before the full interim committee, whose suggestions will then be given to Gov. Romney for his legislative message on implementing the new constitution.

One way the legislature might try to get around Kelley's ruling is not to directly extend the county terms, but to repeal the legislation setting up procedures for their election.

RETAIN POSTS This way, no elections for those offices could be held, and incumbents would remain under the constitutional provision that office holders stay on until their successors are elected and qualified.

The method could be similar for the appointed judicial posts — repeal of the law requiring election in 1964.

However, several persons have said any legislative action to extend the terms would be challenged in the courts.

For two or three of the county's five elected officials, however, the question may be one of target rather than relaxation.

OTHER RACES Taylor and Barry are considering other races. Both may run for Congress from the new 19th District, a move Roberts and Murphy may also make.

Taylor also is pondering a quest for a seat on the new state appellate court, which Roberts is also considering, or for one of the Circuit Court posts held by appointment, if they go up for election.

Having their terms extended would encourage Taylor and Barry to run for another post, since they'd still have their old jobs if they lost.

In Murphy's case, most depends on whether he is named next week to the County Board of Auditors' chairmanship with the authority and salary he wants. If not named by the board of supervisors, he is expected to run for Congress.

Although Murphy says he would run whether or not his present term is extended, such extension would still make it easier for him to seek a congressional post.

4 Fischer Quints Soon to Move to New Home

ABERDEEN, S.D. (UPI) — Four of the Fischer quintuplets may join their family soon in a new home.

Mr. and Mrs. Andrew Fischer and their five older children moved yesterday from an old two-story frame farmhouse two miles from Aberdeen into a large rambling home in a quiet, well-to-do residential area.

The new residence will serve as a temporary home until the community finishes its promised \$100,000 home for the family.

Hospital authorities said all the quintuplets were "fine." Administrator Sister M. Stephens said Mary Ann, the first born and tiniest, probably will move to an incubator and then a bassinets as soon as she reaches 3 pounds.

Robert E. Lee's Niece to Be Buried Today

CORONADO, Calif. (UPI) — Funeral service was scheduled today for Mrs. Anne Lee Harbord, 62-year-old great-niece of Civil War Gen. Robert E. Lee. Mrs. Harbord, widow of the late Lt. Gen. James Guthrie Harbord, chief of staff to Gen. John J. Pershing with the American Expeditionary Force in France during World War I, died last Friday.

State City Probes for Missing Funds

WYOMING (UPI) — A shortage of \$1,400 in funds from the city treasurer's office was under investigation today by officials of this Grand Rapids suburb.

City Manager John H. Kennaugh said yesterday recovery of the money will be attempted through a bond issued for a former employee of the office who resigned last month.

Officials refused to identify the employee, but Kennaugh said he denies taking the money.

City Attorney William J. Haliday said the city does not intend to prosecute, although the bonding firm may file a court suit.

Drive Pumps for Plumber to Head Council

LANSING (AP) — Plumbers unions started campaigning yesterday for one of their leaders to break a Carpenters Union hold on the presidency of the 150,000-member Michigan Building Trades Council.

Election of a council president to succeed L. M. (Boots) Weir, secretary of Detroit District Carpenters, is scheduled for tomorrow, final day here. Weir has been president since the council was founded in 1957.

Carpenters unions are pushing George Burger, executive secretary of the Carpenters

State Council, for the presidency.

The United Association of Plumbers and Pipefitters started a campaign to elect Jack Wheatley, business manager of Plumbers and Pipefitters Local 190 of Ann Arbor.

Gov. George Romney addressed opening day meetings of the council Monday and urged support for his tax reform program.

Romney also said he had fulfilled campaign pledges to workers for a state construction safety code and a raise in workmen's compensation payments.

Bitter Pill Refined

HULL, England (UPI) — A new refinery opened here today to make a mint-flavored version of cod liver oil.

Mrs. Ruby Eargle, director of the nursing department at Pontiac State Hospital (second from left), talks with some of the volunteers honored at Tuesday's tea. At the far left is Mrs. E. J. Schluck-

bier, Alice Avenue; wearing the checked suit is Mrs. Francis Oak, Lake Angelus Road. At the far right is Mrs. Arthur Heaton of the Oakland County Citizens' Committee for the hospital.

Before Tuesday's luncheon at the Elks Temple this group from Pontiac General Hospital examined certificates of appreciation given volunteers. From the left—Harold B. Euler, hospital administrator;

Harold S. Goldberg, chairman of the board of trustees; Rev. L. R. Miner, a founder of the hospital chaplain's group; Dr. Dale R. Drew, a member of the hospital staff and the day's speaker.

W o m e n s

Dr. Lynn Allen, chairman of public relations for Pontiac General Hospital Board of Trustees, presents a bronze pin to Norma Jean Ivanov of Davis-

burg for her many hours of volunteer services. At the right is Mrs. Lynn Leake, Birmingham, who has been a Gray Lady at the hospital for 14 years.

Speakers at the annual tea for volunteers at Pontiac State Hospital gathered in the employees cafeteria. From the left are Ted Panaretos, director of community relations; Dr. Myroslaw Hruska, director of geriatric services and the chairman of the

day; Mrs. Janet Odell, women's editor of the Pontiac Press and the principal speaker; Dr. Robert Braun, acting medical superintendent; and Rev. Joseph B. Brady, hospital chaplain.

Just Hand Presents to Guests

By The Emily Post Institute

Q: I am going to be married at a nuptial Mass and am having small prayer books made up of the marriage service with the names of the bride and groom printed on the cover.

The guests will be able to follow the ceremony from these and also keep them as souvenirs.

I would like to know how these prayer books should be distributed. Should they be put in the pews before the ceremony, or would it be better to have the ushers hand them to the guests as they are being seated?

A: It will be much nicer to have the ushers hand each guest his (or her) prayer book.

Q: My daughter is going to be married next month at three o'clock. She will be married in church and a reception will follow in the church auditorium.

Will wedding cake, punch and small sandwiches be sufficient to serve, or should more substantial food be included?

We want to keep the cost down as much as possible but if you think we should include other food, we will do so.

A: At a between-meal hour reception, wedding cake, punch and party sandwiches, will be sufficient.

The correct wording and addressing of wedding invitations are described in the new Emily Post Institute booklet entitled, "Wedding Invitations and Announcements." To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, in care of The Pontiac Press.

It's Not Too Late

Don't Send Sympathy

By ABIGAIL VAN BUREN

DEAR ABBY: Six weeks ago a neighbor of ours lost a child.

They were all broken up about it and the mother was under sedation for several weeks.

Our problem is we did not send them a sympathy card and now it is bothering me.

Do you think it would give them a lift if we sent them a card now? We need an answer.

NEIGHBORS
DEAR NEIGHBORS: Don't send a card now. It could only open old wounds.

Only one who has just learned of a loss can properly send a condolence message six weeks later.

DEAR ABBY: A few months ago a new girl moved into our neighborhood. She is 12 and I am 13.

My mother insisted that I be nice to her, because this girl didn't know anyone. She has turned out to be the world's biggest pest.

She is a show-off and loud mouth. She calls me on the phone and invites herself over. Sometimes she doesn't call,

she just appears at the door.

Once she is inside, she will not leave. I have run out of excuses to give her. Please help me.

DESPERATE

DEAR DESPERATE: When she telephones you, tell her you can't invite her over because you have studying to do, or have to help your mother.

When she appears at the door, greet her with the above information, and tell her she may come in—but only for 10 minutes. She'll catch on.

DEAR ABBY: I have been married several years now—I might add, to a good man.

Relative Gives Bridal Shower

Mrs. Raymond E. Keith was hostess Monday evening at a bridal shower in her home on Manson Drive, honoring her niece Sharon Nelson.

Among the guests were Mrs. Henry Y. McLaughlin of Opdyke Road, mother of future bridegroom, Richard McLaughlin.

The November bride-elect's grandmother, Mrs. Daniel Nelson and her aunt, Mrs. Dallas Nelson, also attended the party.

But a very important matter has come up, which is:

This man was married before and his first wife was (and still is) in a mental hospital.

They have children. As far as I know he never was divorced from her, but he said, under the circumstances, it was all right to get married again.

I would like to know, is our marriage legal? I am not a young woman and I have never earned my own living.

Thank you

THINKING OUT LOUD

DEAR THINKING: There are no circumstances under which a man may marry again while he is still married to another woman.

CONFIDENTIAL TO "J":

We may not ask of God, "Why did this have to happen?" Rather should we say, "Since this HAS happened, Lord, give me the strength to bear it, and show me where to go from here."

Then refrain from adding the burden of your own sorrow to the troubles of those who love you.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, care of The Pontiac Press.

Have to write letters? Send one dollar to Abby, care of The Pontiac Press, for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Two Talks Scheduled at Oakland U.

"Comments on Economizing in the American Economy" is the title of a lecture by Professor Ben W. Lewis at 3:30 p.m. Thursday in the Oakland Student Center at Oakland University.

Professor Lewis is chairman of the department of economics at Oberlin College, a consultant for the Ford Foundation in the Near East and consultant and staff member with numerous government agencies. He is a past vice president of the American Economics Association.

The public is invited and there is no charge for admission.

TALKS ON TRAGEDY

Dr. Lester G. Crocker, dean of the graduate school and chairman of the department of romance languages at Western Reserve University will present a public lecture on "The Substance of Tragedy" at 1 p.m. Nov. 8, at Oakland University.

Dr. Crocker is an author and was a Guggenheim Fellow and Fulbright Research Scholar at the University of Paris and a member of the Institute of Advanced Study at Princeton University.

The lecture will be held in North Foundation Hall and is open to student, faculty, staff and the public free of charge.

Pilot Club Started in Southeast Michigan

For the first time in over ten years, a Pilot club charter will be sought for a southeastern Michigan city.

Under the direction of the Detroit Pilot club extension committee and chairman Mrs. William R. McGregor, an organizational tea will be held Sunday from 2 to 5 p.m. at the Botsford Inn for a Pilot club of Greater Birmingham.

Spearheading the drive to interest business women from the Northern Detroit suburbs in the international service

City Sorority Celebrates Halloween

Fall and Halloween provided the theme and decor for a recent party of Alpha Chapter, Beta Theta-Psi sorority.

Mrs. L. Z. Monroe of Hatton Drive opened her home for the affair at which members' husbands were special guests.

Among the 35 guests were Mr. and Mrs. Howard Johnson of Clarkston.

Committee members for the dinner were Mrs. U. C. Meeker, Mrs. Arthur McKinnis, Mrs. Walter Kinsler, Mrs. Monroe, Helen Turek and Mrs. Jack Greathouse.

Soroptimists Hear About Newest Foods

The Soroptimist Club of Pontiac heard reports on the recent district conference in Hillsdale Inn, Plymouth, at a dinner meeting Monday in the Waldron Hotel.

Plans were finalized for the annual Kard Kapers and gift sale, Dec. 6, in the club rooms of First Federal Savings of Oakland.

Mrs. Janet Odell, executive women's editor of The Pontiac Press, spoke concerning new food items introduced at the recent Food Editors' Conference in Chicago.

LOCAL MEMBER
The Pontiac member of the Detroit Pilot club committee is Margaret Schroll.

Pilot International, founded in Macon, Ga. over 40 years ago, is one of five service clubs for women which sets a limit on the number of business women from any one profession which may belong to a local club. The organization is devoted to service projects on community, national and international levels.

'De Profundis' to Be Sung
The choir of All Saints Episcopal Church in Pontiac will present the "De Profundis" of Michael Richard de LaLande Friday at 7:30 p.m.

The work will be conducted by Edgar Billups, organist and choirmaster of All Saints and the soloists and choir will be accompanied by organ and orchestra.

Soloists will include Mary Louise Lindquist, Nancy Jaynes, Suzanne Thoren, Victor Lindquist, and William Vander Ven.

The public is invited to attend the performance.

Parents Go to College

Attending the annual Parent's Weekend at Stephens College, Columbia, Mo. were Dr. and Mrs. Anthony J. Michal of Malibu Drive; the Jack C. Brannacks of Lakewood Lane and the George L. Sluts of Forest Drive.

Their respective daughters Toni, Barbara and Joanne are juniors at Stephens.

Mr. and Mrs. Richard Vershure of Orchard Lake were guests of their daughter Sue, a sophomore at Wheaton College, Wheaton, Ill. for Parent's Day festivities.

Airman, Clawson Girl Married

The Polish-American Century Club, Hamtramck, was the setting for a dinner-reception for 300 who attended the recent marriage of Sandra Beatrice Major to Air Traffic Controlman Edward Joseph Kretsch.

Rev. Michael O'Hara of St. Sebastian Church, Dearborn, cousin of the bridegroom, offered the nuptial high Mass in St. Ladislaus Church, Hamtramck.

CARRIED ORCHIDS

The bride, daughter of David G. Major of Clawson and the late Mrs. Major, appeared in white silk brocade with French illusion veil. Her pearl tiara matched the bridegroom's gift necklace. She carried white Cymbidium orchids.

Karen and Beverly Palczarski of Hamtramck attended their cousin as bridesmaids. Mary Ann Krasusky of Grosse Ile was maid of honor.

The bridegroom, son of Mr. and Mrs. Elmer Kretsch of Sylvan Lake was assisted by his brothers Elmer Jr. as best man and John who ushered with William Downing of Walled Lake.

Returned from their Kentucky honeymoon, the couple are at home in Utica. He is stationed at Selfridge AFB.

Keep Shoes Loose
Tight-fitting shoes or boots can cause frostbite, which can be not only painful but serious.

JUDY PAVLIK

January vows are planned by Judy Pavlik, daughter of the John Pavliks of Royal Oak and Richard Fox, son of Mr. and Mrs. Melvin Fox of Meadow Street.

Sorority Discusses Transfers

The Pontiac City Council of Beta Sigma Phi sorority considered membership transfers from other cities Monday evening in the home of Mrs. Andrew Vilt on Silver Circle.

Plans for Founders' Day were discussed, also a tea for new members in November at the Clarkson Road home of Mrs. Philip L. Stomberg.

Red, White Featured at Recent Wedding

An Italian-American club reception followed the recent vows of Karen Lee Gorkie and Ronald Frederick May, in St. Paul Lutheran Church, where Rev. Maurice Shackelford officiated.

Daughter of the Frank L. Gorkies of East Mansfield Avenue, the bride wore white taffeta combined with Chantilly lace for the candlelight ceremony. A cushion-style lace panel centered her full gathered skirt styled in a chapel sweep.

A rose headpiece topped her bouffant illusion veil and red roses accented her bouquet of white carnations and Stephanotis.

With Mrs. Eugene Hubback, her cousin's matron of honor were the bride's sister Carole Gorkie, Glenda Roberts and Mrs. Robert Turnbull of Oxford, who were bridesmaids. Kathy Gorkie was junior maid and Candy Jones of Oxford served as flower girl.

They wore red ruffled tulle and carried red-tipped white carnations. The bridegroom, son of

Frederick L. May of Forest Avenue and the late Mrs. Lorraine DeVar, had William Pallace of Clarkston for best man.

Seating guests were Ernest Gehrke, Henry Grace, Gary Wright and junior usher John Jones of Oxford.

The couple will be at home on Pioneer Drive after a honeymoon in Miami.

'A' for Cleanliness

Clean hands, clean clothes, and clean school supplies rate an A-plus from any teacher.

Big and bold houndstooth check pattern highlights these lined pants paired with a zip-up-or-down turtle-collar shirt with drawstring bottom. Called *Velvino*, this new fabric is reminiscent of a cross between velvet and cashmere. Available locally. By Pantino, division of Chestnut Hill Industries.

Electric Sheets Need Cleaning

Be sure to launder your electric sheets before summer storage. They are safe in a washing machine, but should never be wrung or twisted.

Just wrap the plub with several thicknesses of cloth, and tie it in place with thread so it won't strike the washer tub. Follow the manufacturer's instructions for drying.

Fall Fashion Show

The fashion show to be presented by the Sisterhood of Temple Beth Jacob will start at 8:30 p.m. Nov. 13 at the temple. Arthur's will supply the fashions.

Women of Central Methodist Church hosted the district conference of Woman's Society of Christian Service Tuesday. Shown above are (from left) Mrs. William Cansfield, North-

ville, district president; Mrs. P. G. Latimer, Dwight Street, a district chairman; Mrs. Marshall R. Reed, and Bishop Reed, Detroit. Mrs. Reed was the honored guest of the day.

Straight From Polly

Pointers for Brides

By POLLY CRAMER

DEAR POLLY—I, too, save the pointers. Recently when I gave a shower for a bride-to-be, I passed out a Polly's Pointer clipping to each guest. Then each one read her Pointer aloud.

This led to our sharing our own helpful hints with the bride. We had an interesting and informative afternoon not only for the bride-to-be but for us older homemakers, too.—MRS. M. K.

★ ★ ★

DEAR POLLY—To make shoe trees for women's pointed-toe shoes, unwind two wire coat hangers, place the straight end of the hanger in a toe and bend it at the desired length for the heel. I hang mine on the clothes rod by using the hook that was in the hanger. My feet are wide and my shoes get out of shape but this certainly helps to keep them nice looking.—MRS. J. S.

★ ★ ★

DEAR POLLY—Ever try to work with a stiff chambray? It is a tough job. Place the chambray in a pan of warm water with a teaspoon or two of vegetable oil, soak for a few minutes and then rinse thoroughly. Softens it in a jiffy!—POLLY P.

★ ★ ★

DEAR POLLY—I have found a good way to store flower pots. Take a strong cord and tie a big knot (bigger than the holes in the pots) on the bottom of the cord.

Then slide the flower pots on to the cord through the drainage holes. After the pots are strung on the cord, hang the cord on a hook or shelf in the garage or basement.—Mrs. H. D.

★ ★ ★

DEAR POLLY—Before washing sweaters, tack the buttonholes together to keep them from stretching out of shape during the laundering.

• Wax on window sills not only protects the paint but makes a simple job of wiping off dirt and rain spots.

• To get more mileage out of bath mats, I make them reversible by sewing a Turkish towel on the bottom side.

• Before purchasing dark colored corduroy, take a white handkerchief and rub the surface of the fabric briskly. If the color comes off on your handkerchief, you can expect it to rub off on other clothing. If the color rubs off when the fabric is dry, the problem will be worse when the material is being laundered.—MISS A. S.

Share your favorite homemaking ideas . . . send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your ideas in Polly's Pointers.

Thick Suds Clean Cane

To scrub cane or rattan furniture, use a fairly stiff brush dipped into thick soap or detergent suds.

Only after each piece is thoroughly dry should you apply a fresh finish—using oil, wax, or polish according to the manufacturer's directions or your own preference.

Wash Them Right

Sweaters Everywhere!

It's sweaters — sweaters — sweaters, everywhere!

When once two or three sweaters were all that you needed for a whole season's wear, today's collections are so varied and highly individualized that the basic pullover and cardigan just do not satisfy all needs of styles for all occasions.

Just take a look at the infinite variety of sweaters now available in local stores. Sweaters today come in all color ranges, in many fabrics and weaves, in any number of styles and trims.

KEEP IT NEW LOOKING

After the choice of style has been made, some thought should be given to sweater care. All sweater designers suggest a bit of pre-wear care — that is, some thought applied to proper laundering.

An old tried-and-true trick is to become a label saver when it comes to caring for man-made fibers. These require simple — yet specific — washing treatment, and detailed laundering instructions are usually printed right on

the hang tag. Keep these handy for easy reference.

Wool is still the favorite sweater fiber for fall, appearing in many types of weaves, stitches and finishes.

They, too, deserve special treatment and a few simple steps should be followed.

• First, soak sweaters in lukewarm soapsuds or in cold water with special soap made especially for wool. After soaking,

• Gently squeeze the solution through the garment thoroughly.

• Rinse in lukewarm or cold water twice. (Don't lift the garment out of the water entirely; the weight of the water may stretch the yarn.)

• Squeeze out the water, and roll the garment in a Turkish towel to remove excess moisture.

• Shape on a flat surface, and dry away from sun or direct heat.

• If pressing is desired, use

a steam iron on the wrong side of the garment, or use a specially treated pressing cloth.

Ski-loop sweaters, worn with trim stretch pants, are great favorites for casual wear. This striking two-tone abstract jacquard design is in a heavyweight Orlon sayelle that's a cinch to launder, no stretch, no shrink and no blocking necessary. All sweaters pictured are by Bobbie Brooks and are available locally.

The sweater is a soft fur-blend yarn that combines lambswool with fur fiber and nylon... that closely resembles precious cashmere and should be treated as such.

Why Grow Old?

This is the third day of my Trick AND Treat Diet. For a couple of days now I have been telling you about some of the tricks you can use to make food delicious even when dieting. I used to make this short seven-day diet a happy experience for you.

I have already mentioned powdered fat-free milk, whipped cream made from fat-free dry milk. I have mentioned the use of lemon juice and tarragon vinegar. Today, I want to give you a few more suggestions.

If you insist on a cream sauce once in a while it will not be very high in calorie count if you use only a little butter or margarine and skim or fat-free powdered milk when making it.

I have not yet mentioned herbs. These are wonderful for pepping up the flavor of all kinds of foods and have practically no calorie count. A baked potato seasoned with salt and parsley is delicious. This is just one example.

I have not mentioned the artificial sweeteners which can be used successfully in many dishes. Onion and garlic salt adds flavor to food. A very light sprinkling of cheese over vegetables or meat or salad adds to the flavor and is light in calorie count.

Here are the menus for Thursday:

BREAKFAST

Six ounces tomato juice
Two baked or hard poached eggs, with the poacher lightly greased with butter and a dot of cheese on each egg
One piece of toast
Coffee, with one teaspoon sugar

LUNCHEON

Broiled lean meat patty (three ounces)
One-half cup carrots
One glass skim milk
One medium apple

DINNER

Six ounces vegetable juice, two rye wafers
Four ounces lean beef
One-half cup carrots and peas, flavored with one teaspoon butter

One-half cup grapefruit sections (fresh or water packed canned)
One small potato, baked or broiled, with salt and parsley
Eight ounces skim milk
Apple Snow

If you have missed some of the menus for this diet (which gives you a loss of about five pounds in seven days) or would like to have the complete diet in booklet form, send 10 cents and a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

7 OFFICES IN OAKLAND AND WAYNE COUNTIES—ONE IN MIRACLE MILE

Newlyweds
Plan Trip
to New York

Rev. Wayne Peterson officiated at the recent marriage of Alice Jean Jokinen of Davisburg to James Harold Scott, in Christ Lutheran Church.

Norman Jokinen escorted his sister, daughter of Mrs. Thor Olafson of Davisburg and the late Matti Jokinen.

The Harold Scotts, parents of the bridegroom, together with Mrs. Olafson, gave a reception in their Lexington Avenue home immediately after the ceremony. A dinner for the bridal party followed in the Fox and Hounds Inn.

With her A-line gown of white brocade, the bride wore a veil of silk net held by a rose headpiece. She carried white carnations and yellow roses.

Wearing Empire gowns of silk brocade were maid of honor Nancy Stanquits of Clarkston, in green, and bridesmaid Mrs. Michael Aperauch, in gold. Accenting their corsages of white carnations were green and bronze roses, respectively.

Stanley Smith was best man. Guests were seated by John Garlac of Clarkston, Michael Aperauch, Leonard Hudack, and Barry Allen of Keego Harbor.

The couple plans a mid-November honeymoon in New York City and Niagara Falls. They will reside in Keego Harbor.

A bulky "tweed" look wool is generous in cut as well as good looks, and suggests the casual look of the "sportive" that's so good this fall, even to the nice addition of leather buttons and leather trim. It looks equally well over sleek ankle length pants or over a slim sheath skirt, as shown here.

Probably the star of stars when it comes to styles in leather chair comfort. Select in Apple Green or Red.

Haunt for the Best: Girl Ghosts

WASHINGTON (P)—Men claim superiority in many areas of endeavor, but when it comes to haunting they can't hold a candle to women.

For every male ghost—who usually can think of nothing more imaginative to do than clomp up and down stairs or clank chains—there are dozens of fascinating female phantoms with spell-binding bags of tricks.

One of these alluring apparitions is wraith in residence at The Octagon, historic brick house that served as a temporary Executive Mansion for President James Madison and his incomparable Dolly when the British burned the White House during the War of 1812.

For years the stately Georgian home was a center of Washington's social life.

Mrs. Velma May, The Octagon's hostess, says she doesn't believe in the supernatural and she certainly has never seen any of the feminine ghosts whose stories have made the old mansion Washington's favorite haunted house.

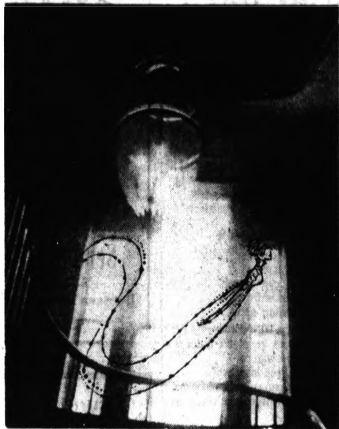

"But I have seen that chandelier," she says, pointing to a big glass affair in the stairwell, "start to sway as if a hand had done it. There was no wind. It would stop after awhile."

The former caretaker, who lived here 33 years on the top floor, said he got used to not meeting people on the stairs after he heard them coming. And he saw things.

The Octagon's most famous ghost is one of the young women of the Tayloe family. Accounts vary whether it is Betty, the colonel's niece; one of the colonel's daughters or a cousin.

What happened to her isn't clear either. You have a choice.

1. Hurrying down the magni-

cent stairway to meet a lover she stumbled over a black cat and fell to the marble landing, dying instantly.

Shrieks, the thud of her body and the hiss of the cat can be heard during thunderstorms.

2. She threw herself down the stairwell because of thwarted love for a British officer.

Her shadow may be seen reflected on the wall by the flickering light of the candle she carries up the winding stairs.

3. She eloped against her family's wishes and returned to beg forgiveness.

She was met with such rage she flung herself over the balcony of the top landing, into one variation, her infuriated

brother pushed her. In another, the terrified girl was fleeing her father's wild anger when she stepped on a kitten, fell and broke her neck.

Her unhappy spirit, swathed in white draperies, floats up and down stairs.

For years the bellwires were inexplicably haunted. All the bells would ring at a certain hour every night.

Once, so a story goes, a skeptic leaped up and caught hold of the wires as they started to ring. He was lifted off the floor—but the ringing kept on.

To keep superstitious servants, the house was entirely rewired—and this apparently did the trick.

Officers Installed Monday

Some 250 members and guests witnessed the Pontiac Chapter No. 228, Order of the Eastern Star installation of officers Monday evening at the Roosevelt Temple.

Leading the group this season will be Mrs. Norvil Vincent as worthy matron with Mr. Vincent as worthy patron.

Also elected were Catherine McCrindle, associate matron; Glenn Williams, associate patron; Mrs. Edith Coons, secretary; Mrs. Mary Erickson, treasurer; Mrs. Leroy Hecox, conductress; and Mrs. Russell A. Kneale, associate conductress.

OTHER OFFICERS

Appointed to office were Mrs. James Howard, Mrs. Virgil Newton, Mrs. George McDonald, Mrs. James Shelton, Mrs. Robert I. Gilbert, Mrs. James H. Phillips, Mrs. Clayton Randolph, Mrs. Robert Byrnes, Mrs. Duane Boughton, Mrs. Edith Hillman, and Mrs. Irl Williams.

Installing officers were Mrs. Paul Hagle, Mrs. Roy Wilton, Mrs. Joseph Minton, Mrs. Howard McCoy, and Mrs. Clyde Marshbanks.

Included in the program were Mrs. Sylvia Clark, Mrs. Earl Ross and Mrs. Arthur MacAdams. Josephine Haskins was refreshment chairman.

Cut Off the Cuffs

If shirt sleeves are too long, have the cuffs taken off, the sleeves shortened and then replaced.

GERALDINE T. PFEIFFER

The Rudolph L. Pfeiffers of Garden Court announce the engagement of their daughter Geraldine Teresa to Charles W. Evans, son of Mrs. Archie Crumm of Vinewood Avenue and George Evans of Ceres, Calif. A Feb. 8 altar date has been set.

SEW SIMPLE

By Eunice Farmer

"Dear Eunice: "I have just finished a beautiful mohair dress, but much to my horror, it makes me look like a stuffed teddy bear. I have seen this in fashion shows, pattern books, etc. and it always looks so lovely. How can I avoid this mistake again?" Mrs. P. G.

Dear Mrs. P. G.: One of the most important parts of sewing is the selection of fabric and pattern, because it must be right for you as an individual. I gather from your letter that you are not tall and willowy, and unfortunately, these heavily textured fabrics do add pounds to us.

This type of fabric would be best suited to a long coat and then, one that is rather slim, in order to be becoming on you.

If you are uncertain about the style of a pattern, or the fabric, shop around at the ready-to-wear departments first and try on a few, it won't look better on you just because you made it if it doesn't do anything for you in the finished garment.

"Dear Eunice Farmer: "I made some clothes last season out of stretch fabric (which I dearly love) but when they were cleaned, several of them became stiff. I would like to make some more this fall, but can't afford to have this happen again. Any suggestions?" Mrs. T. C. C.

Dear Mrs. T. C. C.: Most of your better stretch fabrics can be washed as well as dry-cleaned, however, the stretch fabrics using rubber, must be washed, and not dry-cleaned.

This rubber does have a tendency to swell and stiffen in dry cleaning solvents. Be sure to ask the salesgirl the content of your stretch fabrics when you are making your purchase.

Mrs. E. M. T. says: "Use left over plaids for school-book covers—they're sturdy and distinctive and no harder to make than the usual paper ones. These also make excellent gifts for a beginner-sewer to make for her classmates since it is all straight stitching."

TAILOR TRIX WINNER
"For those of us who dislike wearing long nightgowns and have many taking up drawer space, I have a suggestion for converting them into shorty pajamas. "First, measure and cut off about four inches at hemline. Then, with 'Short' shorts-pattern, proceed to cut out same, starting at the bottom of gown. "After making the hemline even, attach a ruffle at the bottom which is made from the four inches previously cut off the lower edge of the gown. (Girls, I did this out of my gowns and gave them to my two teen-age girls and they thought they were darling!)" Mrs. M. E. Albert, Mt. Horeb, Wis., wins a Tailor Trix Pressing Board for this suggestion.

YOUR SEWING GLOSSARY: Homespun: A loosely woven fabric, rugged and textured in appearance because of the uneven spun yarns. Ideal for sportswear because it retains its shape and has a casual appearance.

Sweden's imports from the U.S. last year totaled about \$13 million.

Dr. Wayne G. Brandstadt Says:

Fast Not Recommended to Lose Weight

To fast or not to fast—that is the question a lot of persons are facing today because they have allowed themselves to become overweight.

Over the centuries people have fasted for different reasons.

Through fasting, the adherents of some religious faiths have brought themselves to the point of delirium.

Other persons motivated by their religious beliefs have fasted as a penance for sins.

Gandhi used fasting as a political weapon with appreciable success, and on at least one occasion carried it almost to the point of death by starvation.

Most modern practitioners of fasting, however, do it for the sole purpose of losing weight.

While an absolute fast (going without anything by mouth except water) will result in a rapid loss of weight, such an extreme or heroic measure has little to recommend it.

Those who attempt it are usually persons who have lost patience with slower methods or who find that after a half-hearted reduction of food intake on two or three days a week they weigh as much as or more than they did before.

In any case, the weight lost is quickly regained.

Dr. Nevin S. Scrimshaw of the Massachusetts Institute of Technology made a study of teenagers who indulged in partial fasting (skipping meals) and found that they lost weight.

But at the same time, because of failure to get a balanced diet they lowered their resistance to infectious disease.

This is an especially dangerous way for teenagers and young adults to do, because that is often the way tuberculosis gains a foothold.

In another study, in which normal volunteers were used, fasting caused a decrease in the alkaline reserve in the blood.

LEADS TO ACIDOSIS

This could lead to a type of acidosis. Another result was that the normal nitrogen balance between what was ingested as protein and what was eliminated in the sweat and urine as urea was disturbed.

Nitrogen was lost and this can slow the healing of wounds or the recovery from any disease.

Other constituents of the blood to be lost while fasting are sodium, calcium and glucose.

The sugar stored in the liver is released to the blood and thus rapidly depleted.

DON'T FAST

For these reasons, nutritionists today do not recommend fasting.

All the evidence points to the benefits of an adequate well-balanced diet with all the essential elements in quantities sufficient to maintain normal weight.

Anyone who insists on a period of fasting should consult his family doctor who will take into consideration the subject's general health, his present weight compared with the desired weight for his height, the reasons why a fast is desired, the type of fast (partial or complete), the length of the fasting period and the anticipated extent of activity during the period.

Although these would vary with the individual, the doctor would in all probability try to dissuade the patient in favor of a more rational approach to the problem.

New Kent Airport to Open on Nov. 23

GRAND RAPIDS UP — The new Kent County Airport in Cascade Township will open for business Nov. 23 although several facilities, including the restaurant, won't be completed until next year.

The County Aeronautics Board approved the opening date for the \$8 million facility yesterday

and set Dec. 1 as the closing time for the old airport here. Construction of the new airport 12 miles southeast of downtown Grand Rapids began 2½ years ago. It is located next to Interstate 96.

From 60 to 80 per cent of the graphite used in the U.S. is imported.

CHANGE-OF-LIFE... does it fill you with terror...frighten you?

Read how 3 out of 4 women in doctors' tests got amazing relief including relief from hot flashes, nervous tension. Have you reached that time of life when one minute you feel suffocating hot flashes and the next are clammy, cold, nervous, irritable? Are you in a constant agony of fear? Don't just suffer these miserable symptoms of change-of-life! Find relief the way countless women have. Don't worry yourself sick. Get Lydia E. Pinkham Vegetable Compound today. KIDS LOVE

WITH MELTED BUTTER

COOKS IN ONLY 7 MINUTES

We think it's the most important single thing we've done to Corvair since it began winning rear-engine converts four years ago.

You now have a choice of: 95 hp in the standard Turbo-Air engine (up nearly 19 per cent), 110 hp in the optional-at-extra-cost version (up nearly 8 per cent). And 150 hp in the Turbocharged engine (the top-rated job that's standard in the Monza Spyder models).

How does all this show up in the driving? The best way to answer that is by making personal contact with the gas pedal on some roads of your own choosing.

But we'll clue you beforehand that long stretches of highway are going to seem even more inviting and hills—well, you may get the impression there just aren't any steep ones around any more.

Our engineers were very thorough, you see. All engines, for example, now have a stronger alloy steel crankshaft, harder stellite-faced exhaust valves and other refinements that were available before only in the Spyder version.

But those things that made Corvair such a joy to drive in the first place are still there—the easy steering, maneuverability and sure traction.

That's another nice thing about those engineers of ours. They improve what they can improve. What they can't they leave alone.

The place to sample their handiwork is your Chevrolet dealer's.

See five entirely different lines of cars at your Chevrolet Showroom — CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

Pontiac City Affairs

\$25,000 Sewer System Plan Presented

A \$25,000 master plan and survey of Pontiac's sewer system ordered nearly two years ago was formally presented to the City Commission last night.

Acceptance of the three-volume plan was a formality in view of the fact that commissioners had received the volumes as they were completed.

The final volume was finished last May. The State Health Department recently certified all three volumes.

The city contracted its consulting engineers, Jones, Henry and Williams, of Toledo, to prepare the master plan in February 1962.

It includes topographical surveys, charts, estimates of future needs, proposed future sewer construction along with what projects should be given priority and cost estimates for future projects.

OUTLINES PROJECTS

Compiled in connection with the city engineering department, the plan outlines projects in areas where there is no sewer-

age and improvements to existing sanitary and combined sewer systems.

Volume I contained preliminary design and other technical criteria.

Out of the second volume, completed late last year, came a proposed Murphy Park and Galloway Creek relief trunk sewer system estimated to cost some \$1.5 million.

That volume contains studies of the areas along the north and east city limits without sewers, and relief of the overloaded Shirley and Jessie street trunk sewers and the Bagley street trunk sewer area.

SURVEY OF NEEDS

Volume III is a survey of sewerage needs in the rest of the city. It recommends relief for the Clinton River Interceptor and the northwest Hazel avenue and Sylvan Lake trunk sewers.

Some nine sewer construction projects are suggested in the final volume, ranging in estimated cost from \$25,000 to \$1.6 million.

The master plan will be used extensively in future years as a guide in planning sewer projects to best satisfy the city's needs.

In other action last night, commissioners okayed a bid of \$400 from D'Hondt Wrecking Co. of Mount Clemens to clear a house at 96 S. Johnson.

EMPLOYEE LOT

The house was added to property already purchased for an employee parking lot south of Pontiac General Hospital between Johnson and Seminole.

D'Hondt holds the demolition contract for a dozen structures on the site.

Also approved was an agreement granting Bloomfield Township a permit necessary to retain a sanitary sewer it erroneously installed across city property in Wrenn Street right-of-way last spring.

The sewer serves Miracle Mile Shopping Center.

TAX PAYMENT

Another agreement with the State Highway Department concerning payment of 1963 taxes

on property at East Huron and Parke was also approved.

The land was purchased in connection with the perimeter road and Clinton River Drain construction early this year. The state will pay one-sixth of the property taxes due on the parcel.

The deed to a recently purchased lot on Perry north of Sears Roebuck Co. was accepted by the commission. The lot is one of several to be bought for the extension of Lafayette east to Perry.

The Lafayette extension is part of an interior circulator to be built inside the perimeter road.

PERMIT EXPANSION

Commissioners concurred with a planning commission recommendation to vacate the easterly 100 feet of Bondale and an alley between Bondale and Cedarvale to allow expansion of parking facilities behind doctors' offices at 880 S. Woodward.

A public hearing on the move was scheduled for Dec. 9.

Tentative approval was granted a license to add space to Metes & Powers' wholesale beer and wine distributing warehouse at 2000 Pontiac Drive.

APPROVED SALE

Commissioners also approved the sale of a small parcel of urban renewal property to William and Marjorie Grace, 169 Whittemore, for \$300.

The parcel is adjacent to their present lot. It has been restricted to residential use by the adjacent property owner only.

Another proposed sale of urban renewal land was deleted from the agenda for further study.

This sale involved some 200,000 square feet (4½ acres) on Pike at Douglas and Parkhurst to Charles Langs, the city's urban renewal developer.

INCORRECT FIGURE

Before the meeting, Commissioner William H. Taylor Jr. charged that Langs' offer of 23 cents per square foot, published

in a Press story yesterday, was "incorrect."

He objected to The Press being given erroneous information.

After the meeting, urban renewal officials confirmed the 23 cents per square foot figure as "what the price will be, or very close to it."

White Collar Workers

Get Raises 2 to 5 Pct.

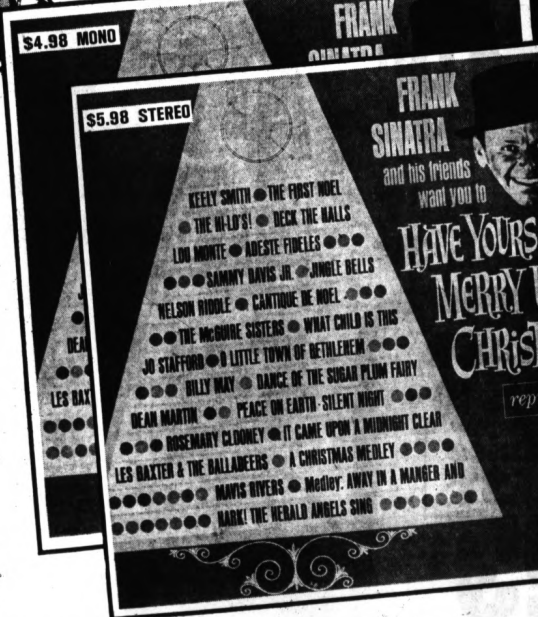

WASHINGTON (UPI) — The Labor Department reported yesterday that white-collar workers received average pay raises ranging from 2 to 5 per cent in the year ending last March.

The survey, based on wage scales in private industry, showed that engineers got the largest average increase — 4.4 per cent. Accountants received 3.3 per cent; engineering technicians, 2.9 per cent, and clerical employees, 2.6 per cent.

Seven U.S. states were never organized as territories.

Sweet Shell Encases Swedish-American Pudding

By CECILY BROWNSTONE
Associated Press Food Editor

We don't mind taking some credit for reviving during the past few years, a Scandinavian pudding that is both foolproof to make and utterly delicious.

We're not sure whether this dessert originated in Sweden or whether Swedish-American cooks in this country developed it.

But we've found Iowa women of Swedish descent devoted to the recipe, and we've also discovered that it is used as a favorite dessert at Swedish-American festive suppers.

Now comes a new version of

Don't Waste Ends

Pare cucumber ends — those you would ordinarily discard; chop fine and add to tomato juice; chill overnight; strain and serve. The cucumber adds delightful flavor.

But this year we offered the dessert (made by the following

recipe) with a rich soft custard sauce, and the combination pleased. So take your choice of toppings. A little of the fruit cocktail used in the pudding makes a garnish.

Swedish-American Pudding

1 1/4 cups sifted flour
1 teaspoon baking soda
1/4 teaspoon salt
1 tablespoon butter, soft
1 cup finely chopped walnuts
1/4 cup flaked coconut
1/4 cup firmly-packed light brown sugar

Most cooks who make this dessert, in one form or another, serve it with whipped cream and we've followed suit. Other cooks serve it with vanilla ice cream, whipped cream cheese or sour cream.

1 1/4 cups granulated sugar
1 egg
1 can (1 pound, 14 ounces) fruit cocktail, well drained

Measure Egg Whites

If you are not sure how many egg whites you dropped into that jar in the refrigerator — to save for angel food cake or other dishes — remember that a couple of egg whites yield about one-quarter cup.

Soft together the flour, baking soda and salt.

Spread the soft butter over the entire inside surface of a 5 or 5 1/2 cup ring mold. Mix together the walnuts, coconut, brown sugar and 1/4 cup of the granulated sugar; using the back of a spoon, firmly press this mixture against the buttered surface.

Beat together thoroughly the remaining 1 cup granulated sugar and the egg. Reserve 1/4 cup of the well-drained fruit cocktail; stir the remaining fruit cocktail into the sugar-egg mixture. Add the sifted dry ingredients and stir until completely moistened.

Never Undercook

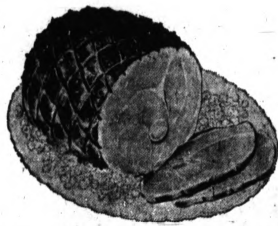

You may not be cooking those pork chops long enough to be really tender. Thick chops may need as long as 1 1/2 hours in a moderate (350 degrees) oven.

Spoon into prepared mold. Bake in a slow (300 degrees) oven 1 hour and 30 minutes. Place pan on wire rack to cool for about 10 minutes; invert on serving plate. If some of the sugar mixture sticks to the bottom of the pan, remove it with a spatula and press it down in place.

Serve warm with whipped cream or soft custard sauce; garnish with reserved 1/4 cup fruit cocktail. Makes 8 to 12 servings.

Author-Teacher to Discuss Book: Art in Classroom

A Los Angeles elementary teacher will visit Pontiac Friday to demonstrate how teachers can promote art in the classroom.

Mrs. Natalie Cole, author of "The Arts in the Classroom," will meet with Pontiac area teachers at Webster School.

She will explain her philosophy and approach to classroom art instruction.

Her book is in its 13th print-

ing and is in wide use in universities and teachers' colleges across the nation.

Exiled Cuban Comic Succumbs in Miami

MIAMI (UPI) — Alberto Garrido, an exiled Cuban comic who took part in anti-Castro radio broadcasts, died here yesterday.

Garrido came to the United States in 1962. With the late Federico Pinedo he formed what was probably Latin America's most popular comedy team.

Firm Denies Stealing Ideas

GRAND RAPIDS (UPI)—Conduction Corp. denied yesterday that its new electric-mechanical facility here has been using "trade secrets" of Lear Siegler, Inc., its main competitor in the electronics field.

Lear filed a suit in Kent County Circuit Court Monday, claiming that also-ex-Lear employees who joined Conduction conspired to produce items using Lear processes. The suit asked that Conduction be enjoined from continuing the alleged practice.

Conduction, which is based in

Ann Arbor, said yesterday the firm "plans to demonstrate the superiority of its magnetic brakes and clutches over those of Lear Siegler in court."

Lear last year moved its electro-mechanical division to Cleveland. Conduction said it then started its Grand Rapids operation and hired the Lear employees because "a source of talent" had been made available in Michigan.

Keeve M. Siegel, Conduction president, said the firm's commercial products have reached

the rate of \$1 million a year. Conduction and Lear also compete for government defense work.

U. S. Office Suspends Parcel Post to Cuba

WASHINGTON (UPI) — The U. S. Post Office Department has suspended all parcel post shipments to Cuba, except medicine, because of reports that the Castro regime has confiscated contents of some packages.

Assistant Postmaster General William J. Hartigan said yesterday that the action was taken after conferences with State Department officials.

Court Will Take 16 Children From Unwed Mother

MUSKEGON (UPI) — The first step has been taken to make the 16 children of Harriet Williams, who has never married, wards of the Muskegon Probate Court.

Miss Williams, 35, places the number of her children at 17 rather than 16.

Authorities said the Muskegon Heights woman told them she was put on this earth "to have children." Authorities said she

has received more than \$35,000 in various forms of welfare payments since 1950.

Eight of her children have already been removed from her custody and placed elsewhere.

Ex-Pennsy Veep Dies

SARASOTA, Fla. (AP)—James Logan Cranwell, 57, a retired vice president of the Pennsylvania Railroad, died Tuesday.

City Schools to Join Study

Pontiac school counselors and students will play a key role in a two-year study to improve counseling methods for youths not planning to attend college.

Financed by a \$19,268 federal grant, the study project will involve 60 counselors from junior and senior high schools in Pontiac, Waterford Township, Royal Oak, Clarkston and South Lyon school districts.

Dr. William Moorhouse, director of the Oakland Schools' guidance program, will coordinate the project.

"Counseling for college-bound students is generally adequate," he explained.

"Counselors are college-educated, college-oriented people. It is easy and natural for them to assist in college and career selection for the 30 to 50 per cent of the students who are headed in that direction.

"However, it is less easy for them to assist students who will enter employment or job training directly from high school," Dr. Moorhouse added.

He said the study will analyze the methods, tools and techniques that might be developed to help job-bound junior and senior high school students.

Pontiac will furnish about 33 of the 60 counselors in the study. The entire project will involve about 17,000 secondary students. Roughly 8,500 are anticipated to be employment-bound.

Dr. Moorhouse listed the project's major objectives:

- Study the feelings and understanding of students concerning their opportunities.
- Find ways to identify employment-bound youth.
- Evaluate the needs of employment-bound students.
- Work toward a program to help students develop an understanding of the occupational and educational choices available to them.
- Help counselors understand the importance of their work in counseling employment-bound students.

The work of the counselors will be aided by an advisory committee consisting of the guidance directors of the participating school districts, two university consultants, Moorhouse and a staff person from the Michigan Department of Public Instruction.

Thousands of tons of rock salt are mined annually from the vast vein of salt beneath Detroit.

Earl Warren Bombarded by Pickets

NEW YORK (UPI) — Chief Justice Earl Warren last night was bombarded by leaflets and placards hurled at him by demonstrators demanding his impeachment.

The demonstration took place as Warren and his wife were leaving the New York Bar Association building where earlier in the evening he had made an honorary member of the organization at a testimonial dinner.

The pickets, who said they were members of "The Move-

ment to Impeach Earl Warren," also booed Gov. Nelson Rockefeller, who attended the dinner but left the building separately from the Warrens.

Neither Warren nor Rockefeller was hurt, and police moved in quickly to keep the pickets from the men.

ORGANIZATION LEADER

Walter Zaleski, who said he was the leader of the organization which is based in Summit, N.J., told newsmen the Supreme Court's decisions "have helped to erode our free-

doms." He said the group was not connected with the John Birch Society.

The approximately 75 pickets were waiting for Warren when he arrived at the building with his wife and daughter, Mrs. John Daly.

During the dinner, he commented to association members that "the honor guard is waiting for me."

Brazil has an estimated 300 or more million wild rubber trees.

A Shot Does Wonders

Alcohol: Preserver of Health

By DICK WEST
WASHINGTON (U) — Spiritually speaking, the population is divided into two parts — those who regard alcohol as a curse and those who regard it as a blessing.

Among the latter group, apparently, is an organization called the Physicians' Wine Appreciation Society.

I have at hand a press release reporting that six members of the society recently made a tour of the vineyards of Portugal. This stimulating bit of news was accompanied by a compendium of testimonials to the medicinal powers of the grape and the grain.

I gather that practitioners of the healing arts from Hippocrates on down have been impressed by the therapeutic qualities of bottled spirits. Some of them appear to regard a beaker of booze as the next best thing to a shot of penicillin.

"Moderate use of beverage alcohol improves the amplitude and force of the heart, the mass movement of the blood, the output of the heart and the efficiency of the circulation," one medical comment.

Another noted that "When spirits are not available, an ounce or two of whisky or wine may give quite rapid relief for angina pectoris." A nip or two before a meal "stimulates gastric, pancreatic and intestinal juices," said a third.

Hoos also was credited with improving digestion, reducing tensions and promoting sleep. It likewise was represented as having beneficial effects in cases of arthritis, gout, diabetes, old age and the common cold.

A test carried out by a biologist was said to have indicated that moderate drinkers live longer than teetotalers.

Press releases are not always the last word in scientific accuracy, but this one certainly gave me a new perspective of fermented mash.

Being eager to observe its curative properties under clinical conditions, I repaired to the health bar at the National Press Club for laboratory study. It was amazing to see so many health-seeking journalists lined up in the taproom to receive shots. Some were getting shots of bourbon;

others shots of scotch.

I talked with one patient who was improving his circulation with a martini. His circulation was so good it

even showed in his eyeballs. I wouldn't be surprised if the bartenders got arrested for practicing medicine without a license.

Guilted by Pan Flames

MARQUETTE (U) — A large, two-story stone building in downtown Marquette was gutted yesterday by a fire which apparently started in a deep fryer in the Jet Grill, then spread to the adjoining C & S Discount Store.

Local firemen were assisted by fire departments from Neenah and K. I. Sawyer Air Force Base.

U. S. Accuses Cong

WASHINGTON (UPI) — The United States accused Communist North Viet Nam yesterday of violating the 1962 Geneva accord on Laos by resuming shipments of war material to the Red-Viet Pathet Lao.

State Department spokesman Richard I. Phillips said that the shipments, which began about three weeks ago, were clearly a breach of the

of Geneva Breach

Geneva agreement to guarantee a neutral regime in Laos.

Phillips said Laotian Premier Souvanna Phouma recently asked the three-nation control commission, composed of representatives of India, Canada and Poland, to investigate the shipments, but the Pathet Lao had not permitted free access to the area.

Bachelor, Shopkeeper

Win British Soccer Pool

LONDON (UPI) — Graham Partlett, 23, a bachelor, and Stanley Buckley, 53, a retired shopkeeper with a wife and three children, today shared the \$222,000 winnings in a British soccer pool.

Both men correctly picked all eight winners in last Saturday's matches.

1963 Stamp for Christmas to Go on Sale

Sale of the 1963 Christmas stamp will begin Saturday, Pontiac Postmaster William W. Donaldson announced today.

The second annual Christmas stamp will be available through November and December.

The postage stamp will be sold on Friday, Nov. 1, in Santa Claus, Indiana.

Donaldson said the special Christmas stamp proved popular last year when it was issued for the first time.

This year's stamp is blue, green and red on white paper and depicts the national Christmas tree in Washington, D.C.

Intriguing Paint Job

LANSING (U) — The State Highway Department has received inquiries from as far as Tasmania, a state in Australia, about the use of gay new paint varieties on overpasses. The department is experimenting with two shades of red, two shades of green and ivory and beige on six overpasses on I-10 between Mount Clemens and Port Huron.

BUNIONS

Get the quick relief. Lifts also prevents, soothes and reduces inflammation. Ask for the Bunion skin.

Halloween Is Happiest Fall Holiday

Happiest of fall holidays is Halloween. And yeast breads star for this fun day. Your basic white bread dough can be shaped into a cat or a goblin, an owl or bat. Or you can use your imagination on the face of this jack-o-lantern cake.

It's an easy-to-do refrigerator dough that you can mix a day ahead. This will give you extra time to prepare the party room—decorate it so your little trick-or-treaters can invite their friends in after their journey from door to door.

Since the recipe makes two, you might want to make one a smiling pumpkin—the other with a scowling face.

Pumpkin Cake

$\frac{1}{4}$ cup milk
 $\frac{1}{4}$ cup sugar
 $\frac{1}{4}$ teaspoon salt
1 cup (2 sticks) margarine
 $\frac{1}{4}$ cup warm water (105-115 degrees)
2 packages of cakes yeast, active dry or compressed
3 egg yolks, well beaten
1 tablespoon orange extract
 $\frac{1}{4}$ cups unsifted flour
Orange Butter Frosting
Semi-sweet chocolate bits

Scald milk; stir in sugar, salt and margarine. Cool to lukewarm.

Measure warm water into large warm bowl. Sprinkle or crumble in yeast; stir until dissolved. Add lukewarm milk mixture, egg yolks and orange extract; stir to blend. Add flour; beat until well blended. Cover bowl tightly with aluminum foil. Refrigerate at least 4 hours or overnight.

Divide dough in half. On a lightly floured board shape each half into a ball. Place on greased baking sheets. Brush tops of cakes lightly with melted margarine. Cover; let rise in warm place, free from draft,

PUMPKIN CAKE — A tempting Pumpkin Cake is fun to make for your little trick-or-treaters. Make one with a smile and one with a frown.

until doubled in bulk, about 1 hour.

Bake in moderate oven (350 degrees) for 30 minutes, or until done. Cool. Frost cakes with Orange Butter Frosting and use chocolate bits to make the features.

Molasses Sweetens

Hot Spicy Cider

Hot Molasses Spiced Cider adds spice to cold-weather entertaining. Stud 4 slices lemon, cut in halves, with 12 whole cloves. Combine 2 quarts cider, $\frac{1}{4}$ cup unsulphured molasses, 2 cinnamon sticks 2 inches long, and the cloved lemon in a large pan.

Bring to a boil, reduce heat, and simmer for 15 minutes. Remove cinnamon sticks, add the juice of 2 lemons, and serve hot in mugs. Makes 8 servings.

Lemon Rind Is Flavor Giver

Ingredient variation for this pastry shell!

Pastry Shell
1 $\frac{1}{4}$ cups sifted flour
 $\frac{1}{4}$ cup sifted confectioners sugar
 $\frac{1}{4}$ teaspoon salt
1 teaspoon grated lemon rind
 $\frac{1}{4}$ cup butter or margarine
3 tablespoons milk

Sift together the flour, sugar and salt; add lemon rind. Cut in butter until particles are fine. Mix in milk. Roll dough thin; fit into a 9-inch pie plate; crimp edges and keep at least $\frac{1}{4}$ -inch higher than rim of plate because pastry will shrink.

Bake in a moderate (350 degrees) oven 15 minutes or until browned. Cool before filling. Use leftover pastry for turnovers.

Fall Crop of New Cookbooks Is Heavy

By JANET ODELL
Pontiac Press Food Editor

It's about time to tell you of some of the new cookbooks we have been receiving lately. We came back from food editor's conference with about 50 pounds of cookbooks.

When the Rice Council entertained us, they served some foods prepared from recipes in their new cookbooks, "Serve Rice and Shine" (Rand McNally & Co., \$3.95).

This slim little volume suggests ways of serving rice from morning 'til night and in every possible manner.

Rice-stuffed mushrooms may be served as appetizers or in quantity for a luncheon entree.

Rice-Stuffed Mushrooms

3 tablespoons minced onion
2 tablespoons butter or margarine
1 cup cooked rice
 $\frac{1}{4}$ cup chopped nut meats
1 tablespoon chili sauce
1 tablespoon lemon juice
1 teaspoon salt
 $\frac{1}{4}$ teaspoon pepper

24 large mushrooms
melted butter or margarine

Cook onion in butter or margarine until tender, but do not brown. Add remaining ingredients, except mushroom caps. Form into 24 small balls.

Remove stems, wash and dry mushrooms. Place mush-

room caps on rack in broiler pan, rounded side up. Brush with melted butter and broil 2-3 minutes. Turn mushroom caps, season with salt and pepper.

Place ball of rice mixture in each cavity. Drizzle with melted butter and broil until golden brown. Yields 24 mushrooms.

SOUP COOKERY

Another little book, "Cooking With Soup" is a premium item

Leftover Ham Easy to Use

Ever add strips of leftover baked ham to cooked, snap beans? The ham strips can be browned slightly in the butter that is to be used to season the beans. Good with roast or fried chicken or turkey.

★ ★ ★

A small amount of baked ham leftover? Cut it in matchstick-size strips and add it to a tossed green salad along with grated Parmesan cheese; or add it to the egg mixture you are going to scramble for lunch or brunch; or mix it with leftover diced cooked potatoes and cream sauce.

that will cost you 50 cents and three soup labels. The Campbell Soup home economists have chosen over 600 of their best recipes to include in the spiral-bound book.

Also spiral-bound is "Favorite Recipes of California Winemakers" (Oak Book — Dept. BB — PO Box 55, San Francisco 1, Calif. \$2.00 PP.).

We food editors also sampled some of the recipes in this book in Chicago. I'm giving two recipes from this book to show its versatility. Like rice, wine can be used in many ways.

The first is a chafing dish recipe.

Chicken Livers in Port

2 small green onions finely chopped

$\frac{1}{4}$ cup butter or margarine
 $\frac{1}{4}$ pound chicken livers
 $\frac{1}{4}$ teaspoon fresh sage or $\frac{1}{8}$ teaspoon ground sage
 $\frac{1}{4}$ teaspoon salt
1 tablespoon lemon juice
 $\frac{1}{4}$ cup Port wine
 $\frac{1}{4}$ teaspoon freshly ground pepper

Saute onions in melted butter a few minutes. Add livers; saute 2-5 minutes, depending on size. Bruise sage; add along with salt, lemon juice, Port and pepper.

Cook slowly about 8 minutes, stirring occasionally. Correct seasoning and serve on toast. Makes 2-3 servings.

Lunch Is Ready in a Hurry

Quick dish to feed to a drop-in neighbor.

More Corn Than Eggs

4 large eggs
 $\frac{1}{4}$ cup drained canned whole-kernel corn
Salt and freshly-ground pepper
2 tablespoons butter

Beat eggs just enough to blend yolks and whites. Add corn and a dash of salt and pepper. Melt butter in an 8-inch skillet so it is medium-hot; pour in egg mixture. Cook gently, lifting egg mixture from bottom of skillet as egg sets. Serve at once. Makes 2 servings.

And for a simple elegant dessert...

Rose Strawberry Cream

1 can ($\frac{3}{4}$ oz.) crushed pineapple

California Rose wine

1 package strawberry gelatin

few grains of salt

1 pint vanilla ice cream

Drain pineapple thoroughly.

Add wine to pineapple juice to make 1 cup liquid; heat to boiling.

Combine liquid with gelatin and salt, stirring until dissolved. Blend in ice cream. Chill until slightly thickened; fold in pineapple.

Spoon into individual serving dishes; chill until firm.

Rural Georgia Town Fights Rights Protests

EDITOR'S NOTE: Associated Press reporter Don McKee has been investigating segregation in the smaller towns of the South. Here is the first of three articles on what he found at the grass roots level.)

BY DON MCKEE

AMERICUS, Ga. (AP) — A racial conflict smoldered in the sleepy town of Americus, Ga., where Negroes set out four months ago to use the front door of the segregated movie theater.

The winds of racial unrest that buffeted the nation last summer had swept into tightly segregated rural Georgia.

Picketing of the theater and street marches that produced violence were met with arrests and a powerful new weapon—charges against integration leaders of trying to start a riot against the government, an offense punishable by death.

White officials, momentarily at least, breathed easier. The integration drive in Americus, its 15,000 population split about equally between white and Negro, was the second in southwest Georgia. The first, a year-long struggle in nearby Albany, failed.

Cracking of racial barriers in Americus would hit at the heart of the white South's resistance at the grass roots of segregation. While they may not be aware of the broader significance of Americus, the white townspeople have no intention of allowing integration to take place here.

DON'T THINK

"I don't think Americus is going to take any integration," said Sheriff Fred B. Chappell. "And I don't think there'll be any more trouble."

BACKGROUND OF THE NEWS SPECIAL REPORT

Chappell and other officials based their hopes on the jailing of four youths charged with attempting to incite insurrection. This had effectively taken the integration leaders out of circulation—unless court action freed them.

Across town in his office, John Barnum, wealthy Negro mortician and a persistent force in the integration drive, was on the telephone trying to mount a new attack.

Barnum was asking a Negro mother if her daughter, an honor student, would apply for admission to white Georgia Southwestern College here.

"We aren't going to quit," he said.

GREAT SUFFERING
"We have discontinued demonstrations. I think the good already has been accomplished—and the suffering is much too great. It's too hard to get out of jail."

The climax came Aug. 8 when police halted more than 200 Negro marchers. Bricks and other missiles were thrown. Several policemen were injured; 28 injuries among the marchers. The sheriff said there was heavy property damage.

Among those jailed were Donald Harris, 24, of New York; John Perdew, 21, of Denver, Colo., and Ralph W. Allen, 22, of Melrose, Mass. Perdew and Allen are white. All are members of the Student Nonviolent Coordination Committee. Demonstrators were clubbed

been used. Actually it had been employed many years ago in a case involving alleged Communist activities.

"I went to the law books and tried to find a charge that would fit the entire picture—rioting, resisting officers, assaulting officers—an attempt to persuade others to join in resistance to the law of the state," said Pace, whose father is a former congressman.

FOUGHT BOND

While Pace has fought bond for the four, he said he has no intention of seeking the death penalty. He said he hoped to keep the leaders in jail to prevent further trouble.

The charge and the refusal of bail for the four youths touched off protests from several parts of the nation.

Gov. John N. Dempsey of Connecticut urged a Justice Department investigation of Allen's arrest; about 300 Trinity College students staged a protest at the Connecticut capital. Students in New Brunswick, N.J., where Rutgers University is situated, protested in behalf of Harris.

Three Colorado members of Congress asked U.S. Atty. Gen. Robert F. Kennedy for an investigation into Perdew's arrest.

NOTHING FOUND
Pace's response was that a federal spokesman had told him there was nothing found in an FBI investigation to warrant federal intervention.

While this dispute went on in the courts, Negroes in Americus concentrated on voter registration and plans to break the color barrier at the junior college here.

Barnum said objectives still include public facilities and pri-

vately owned accommodations for the public. He also said he was considering a suit against what he called police brutality and intimidation.

It was voter registration that built up the momentum for marching.

HAVE INCREASED

Volunteer Student Nonviolent Coordinating Committee workers moved in last January. Partly due to their efforts, Negro voters have increased in Sumter County by more than 200 in the past year.

There now are about 700 Negro voters, about 6,000 white voters.

Barnum said there are some difficulties but that, even so, Negroes can register here.

There were some signs that Americus might eventually work out its problems. The white ministerial association recently asked the Chamber of Commerce to create a biracial committee.

"What the hell for?" asked a

chamber director. The proposal was tabled.

Chamber of Commerce assistance subsequently was given to creation of an industrial corporation headed by Negroes concerned about their growing unemployment in this predominantly agricultural area.

However, a white Protestant minister, asking that his name be withheld, said, "Don't think too badly of us—things will eventually be worked out."

"What will happen in Americus?"

"I think there's hope of working this out," said Barnum. "I think it's going to be hard but there are enough Christian people here to work it out."

A white businessman of a fourth-generation American family said, "I wish I knew the answer. We've been presented with a tough problem. We've got to work it out as best we can."

He paused. "But that doesn't mean integration."

Crushed in Sugar Pit

BAY CITY 46—Edman Troutner, 37, of Saginaw was crushed to death by a conveyor Tuesday at the Monitor Sugar Beet Plant in nearby Monitor Township. Police said Troutner had driven a load of beets into the plant and somehow got into a conveyor pit.

Eight U. S. Presidents did not veto a single bill.

Expect Soon to Refloat Grounded Freighter

SAULSBY STE. MARIE (R)—The Republic Steel Co. ore carrier Charles M. White, which ran aground in fog Monday in the main shipping channel at the lower end of the Soo harbor, was expected to be refloated some time today.

The ship was believed to have a gash in its hull, but pumps were being used to keep water out.

Net public and private debt in the United States increased nearly 8 per cent last year to more than \$1 trillion.

Race Events Around U.S.

Demonstration Ban Hearing Continues

By United Press International
Testimony continues in a state court at Jackson, Miss., today on a petition by city officials for a permanent injunction against racial demonstrations.

Police officials said yesterday that demonstrations which resulted in the arrest of more than 1,000 Negroes last summer threatened to spark widespread violence in the Mississippi capital.

More than 2,000 Negroes marched on the Omaha, Neb., City Hall yesterday to protest the City Council's failure to pass open housing legislation. Police kept the crowd under control.

At Philadelphia, Pa., white policeman John Tourigian was "relieved of duty" yesterday pending an official investigation into his fatal shooting of a Negro theft suspect.

A meeting protesting the slaying led to a riot by several hundred Negroes Monday night.

OTHER EVENTS

Racial activities elsewhere in the nation:
ST. AUGUSTINE, Fla. — Negro integration leader Robert Hayling was arrested yesterday while surveying damage caused by two car loads of whites who fired guns into Negro homes and tossed a live grenade at a night club.

Hayling was charged with interfering with an official investigation.

SAVANNAH, Ga. — Postal authorities cancel subscription contract with drug store which refused to integrate its lunch counter.

BIRMINGHAM, Ala. — Gov. George Wallace pledges to

"continue to stand" with parents attempting to set up segregated private schools. He spoke at a rally last night to raise funds to finance the schools.

NEW YORK — Roger M. Blough, chairman of U.S. Steel Corp., said yesterday he did not approve of exerting economic pressure on Birmingham, Ala., to aid Negroes in their civil rights battle.

MUSLIM CRITICISM
HARTFORD, Conn. — Black Muslim leader Malcolm X described the compromise civil rights bill as a "political football" being kicked back and forth by liberal and conservative elements in Congress.

NEW ORLEANS — The board of directors of the United Church of Christ yesterday an-

nounced a program of cooperation to end "de facto" segregation in 31 colleges affiliated with the church.

Plans call for an exchange between predominantly Negro and predominantly white colleges of students and faculty, musical and dramatic productions, art exhibits, establishment of athletic relations and intercollegiate student conferences on public affairs.

MOBILE, Ala. — State Atty. Gen. Richmond Flowers said closing public schools to avoid integration and opening up private segregated schools would be futile in Alabama.

"I think it is time to improve our schools and not to close them," he said.

NEW ORLEANS — The chief judge of the U.S. 5th Circuit Court of Appeals turned down a request for a three-judge hearing on the constitutionality of a Louisiana segregation law yesterday.

A School Argument—II

Faulty System Hurt Children's Reading

By LESLIE J. NASON, Ed. D.

The terms "Look-Say" and "Look - See" are used interchangeably in referring to the instant word recognition approach to the teaching of reading.

Tests used to show that in grade school, under this system, the median or middle student was reading better than students of previous years.

However, as children trained primarily in this method reached high school and college where it was necessary for them to read new materials and where they were constantly confronted with new words, the fallacies of the system became evident.

Parents have referred to this group of children as a "lost generation of readers."

Reintroduction of diversified approaches is having some effect — at least in California. Progress is being made but it still is not sufficient.

PARENTS CONCERNED

California voters showed their approval of a return to diversified approaches, including the use of phonics by their election of Dr. Max Rafferty as State Superintendent of Public Instruction.

This was part of his platform. The indication is that the public, especially parents, is seriously concerned that the teaching of reading be strengthened.

There is no longer an organized movement to restrict the approach to reading to the Look-Say method. On the other hand, there are organizations such as the Reading Reform Foundation which are working on a national front in opposition.

The president of the Foundation called it a breakthrough in the Look-Say iron curtain when

alphabetic phonetics were to be introduced into almost one-quarter of Rochester's elementary public schools, this fall after successful experiments begun two years ago by a school principal there, Fred B. Parker.

FURTHER PROGRESS

"This important progress in one of New York's larger cities may soon lead to the hoped-for release of all New York schools from the strait jacket of the Look-Say or configurational dogma, which was proved as ruinous in practice in the last 40 years as it was unsound in theory," said Watson Washburn, president of the Foundation.

The Foundation has committees operating in 34 states and the District of Columbia, and a 193-member National Advisory Council of authorities and leaders in educational, national and community affairs.

(You can write Professor Nason in care of the Pontiac Press. He will answer questions of widest interest in his column.)

Opening lead—V K			

By OSWALD JACOBY

North had a mighty good hand and became really exuberant when his partner responded one spade to his opening club bid. As a result South found himself in six spades before he had a chance to catch his breath.

West opened hearts and shifted to a low diamond. South won in dummy and led the queen of spades. East played the seven spot and after a little thought South went up with the ace and lost his slam.

South made the usual complaint about bad luck, but North seemed to think that South had taken the wrong play. North was correct. When you hold a 10-card suit you should finesse for the king.

This isn't anything brand new or world-shaking. I imagine that several million bridge players know this, but I wonder if many of them know just how much better the finesse is than the drop.

Here are the exact figures from "Oswald Jacoby on Gambling": 37 per cent of the time the king will be guarded in back

You'll learn the finesse and other bridge tips with a copy of "Oswald Jacoby on Gambling." Just send your name and address and 10 cents to: Oswald Jacoby Reader Service, c/o The Pontiac Press, P.O. Box 49, Dept. A, Radio City Station, New York, N.Y.

Disney Releases New One

Cartoon Features Discussed

By BOB THOMAS

AP Movie-Television Writer HOLLYWOOD—The advent of a new cartoon feature—always a major occasion for lovers of the art of animation—prompted some reflections by Walt Disney.

The parent of Mickey Mouse, Snow White, et al., is offering as his Christmas gift to the nation, "The Sword in the Stone," a fable of the early years of King Arthur. It is a rollicking tale, occupying a mere 70 minutes on the screen. If took three years and a shade under \$3 million to produce.

"A lot of people ask me why I don't make more cartoon features," the head man mused. "Well, they are tricky things."

Many other outfits have tried to make them, but none have succeeded.

"The cartoon features tie up a lot of people and take a great deal of time. That means money. 'Sleeping Beauty' cost \$4.5 million—because we decided to use the big screen and had to fill in all that space with drawing. '101 Dalmatians' was not as high—\$3.5 million."

GIVES A HINT

"Dalmatians" was a hit. "Sleeping Beauty" was only a fair success. Walt's analysis gives a hint of the Disney genius.

"The dog picture was about animals and people," he observed, "while 'Sleeping Beauty' was a pageant. I'm always trying to reach people in the heart, to give them real emotion. Some of the boys around here fight me on it."

"They say, 'here comes Walt with his sticky, sentimental stuff.' Okay, maybe it's sentimental and corny. But I still

think it's better to send people out of the theater with an emotional charge."

He illustrated with the first cartoon feature, "Snow White."

"I pulled out all the stops on that one," he said. "In the scene where Snow White is supposed to be dead, I not only had the tears coming down the dwarfs' cheeks; I also had it raining, so drops trickled down the coffin. I even had the candies dripping tears."

After "The Sword in the Stone," what?

The Disney artists are already well into a treatment of Kipling's "Jungle Book." The studio is preparing a "Winnie the Pooh" cartoon which may develop into a feature.

Play About Pope Provokes Fights in Switzerland

OLTEN, Switzerland (UPI)—Fist fights broke out here last night when hundreds of youths created a theater showing "The Dogsey," the controversial German play about the role of Pope Pius XII in efforts to save Jews in World War II.

Several hundred youths booed, whistled and shrieked in front of the theater and then ran inside.

Fistfights flared inside, while rioters outside smashed the glass doors and beat up others. About 3,000 persons were drawn to the disturbance and milled outside the theater. Some of the demonstrators commandeered a prop truck, steered it into the middle of the street and slashed the tires.

The Hof Hochstet play, sometimes called "The Vicar" or "The Representative," accuses the Pope of failing to condemn the Nazi persecution of the Jews during World War II.

No Alcohol for Atlantans

ATLANTA (AP)—Drinking people in the Atlanta area may have to scot around considerably today to find a source of supply.

The licenses of 103 of the city's 187 retail liquor stores have been suspended until Dec. 2 by the city's aldermen on recommendation of Mayor Ivan Allen Jr.

"The penalties were imposed for sales to minors."

Big Tipplers Ink Paper

MADRID (UPI)—The Madrid newspaper Pueblo, complaining the foreign tourists tip too much, said today that a Greek millionaire recently picked up the 2,000-peseta (\$33) tab in a Madrid cafe and left a tip of 11,000 pesetas (\$183).

Barry May Reveal Plans Sooner Than Expected

CONCORD, N.H. (AP)—Sen. Barry Goldwater says he may announce whether or not he will seek the Republican presidential nomination sooner than he had planned.

Rated a leading contender for the GOP presidential nomination, Goldwater said a news conference Tuesday night that if he seeks the nomination he will campaign vigorously in New Hampshire's first-in-the-nation primary next March 18.

During a brief visit to New Hampshire, the Arizona Republican referred to the Jan. 27 deadline he had set for announcing his intentions.

"I think I may make up my mind before that time in fairness to my supporters and the Republican party," he said. To supporters who gave him a warm welcome at Concord airport, he said: "I expect to be back soon."

RAISES FUNDS

The occasion for Goldwater's visit was a \$10-a-plate fund raising dinner for a chair in government at New-England College in memory of the late Sen. Styles Bridges, R-N.H.

Goldwater supporters at the airport carried scores of signs with such legends as "Go, Go, Go With Goldwater" and "New Hampshire Wants Barry."

Other signs, held aloft by a contingent of University of New Hampshire students read: "Barry Loves the Bomb," and "Only the Rich Can Be Sick," and "Barry Loves White Anglo-Saxons Kids." Only 11 days ago Gov. Nelson

U. of M. is Weighing 4-Year College at Flint

ANN ARBOR (AP)—The University of Michigan is considering expanding its two-year senior college in Flint to a four-year college by adding freshmen and sophomore classes.

A group of university officials, Flint college administrators and prominent Flint citizens are studying a proposal to admit 200 freshmen next fall to the 600-student college, said Harold M. Derr, U-M dean for statewide education.

U.S. Aid Pours Into India; Loans Build Up Industry

NEW DELHI (UPI)—American aid to India passed \$3 billion this month.

America gives and lends more money to India than to any other nation. More than \$30 million was pledged during the past 12 weeks or so.

Some of the latest additions include a loan of \$27 million for a fertilizer plant, a soft currency loan of \$22.5 million worth of Indian rupees for the same plant, \$10 million worth of milk and other foods largely intended for the school lunches of seven million children, \$7.8 million worth of maize for the Indian starch industry, and \$11.7 million in rupees loans to five private Indian companies.

The biggest chunk of aid which India has received has been in the form of wheat, maize, milk, cotton and other products, sent here under Public Law 480. More than \$185.7 million of this was in the form of outright gifts.

USED TWO WAYS

The huge PL480 program which had made up over half of American aid to India is thus used in two ways to benefit this country's economy.

On one hand it makes up the food deficit faced by India's 450 million people, and on the other it generates local capital for industrial investment.

Not all Indians regard PL480 as an unmitigated blessing, however. Critics blame the enormous shipments of food and raw materials for the slow progress of their nation's backward agriculture.

Although it may keep some Indians from starving, they claim the program also takes away the farmer's incentive by flooding his natural market with American products.

REST TO INDUSTRY

The rest of America's aid has

Bridge Repair Ending

GRAND RAPIDS (AP)—A major highway detour will end Saturday when repairs are completed on a bridge carrying U.S. 131 over the Grand River north of Grand Rapids. Traffic using the highway has been detoured through Comstock park, a Grand Rapids suburb, since September because of the \$200,000 repair project.

Red Embezzler Jailed

BELGRADE (AP)—Rajko Petrovic, Communist party administrative chief for the Yugoslav republic of Bosnia-Herzegovina, was sentenced Tuesday to 20 years in prison. The Sarajevo court found him guilty of embezzling \$30,000 in 13 years of handling party funds.

Hawks Edge Wings, 5-1, to Pad Hockey Lead

More Homers Needed by Yankees--Berra

NEW YORK (UPI) — Yogi Berra's first objective as new manager of the New York Yankees will be to restore their old trade mark — the home run.

"Personnel seems to run in cycles with teams," says Berra, who has been observing Yankee teams since 1947 when he reported as the rawest rookie since Ring Lardner's Alibi like. "And for a while it has been running toward fielding and finesse with us."

Yankees scored only four runs in their four-game World Series sweep at the hands of the Los Angeles Dodgers.

"They had great pitching," he conceded. "But we had lousy hitting. We're supposed to be great pitching."

The Yankees lost to the Dodgers by scores of 5-2, 4-1, 1-4, and 2-1 — the worst showing they ever made in a World Series and one of the worst showings any team ever made in a World Series.

"The first thing I'm going to look for is some more muscle," said Yogi, in going over his future plans.

"The Yankees mean power to people. I want to add some power — left-handed if possible but right handed if I can't get left-handed power-hitting."

The Yankees hit 188 homers last season — a king-sized total — but they were far behind the American and Major League leading total of 225 hit by the Minnesota Twins.

WINDOW BREAKERS

"They were called the Twins the window breakers at the end of the season," grumbles Berra. "We're supposed to be the window breakers."

Injuries to Mickey Mantle and Roger Maris cut down on Yankee homers, of course, but Berra doesn't see that as an excuse. He feels the team he has inherited from Ralph Houk is built basically on defense and he thinks a Yankee team should be built basically on power.

"We always had good fielding," recalls Yogi of the great Yankee teams of the 1950s. "But we had the big sticks."

It is conceivable, the way Yogi is talking, that he will break up the All-Star inner defense of 1963 by replacing third-baseman Cleve Boyer with a harder hitter.

First-baseman Joe Pepitone, second-baseman Bobby Richardson and shortstop Tony Kubek are "safe" for the moment.

It's the power production of the foursome that concerns Berra. Pepitone was 271 with 27 homers and 89 runs batted in; Richardson was 286 with 33 homers and 48 RBIs; Kubek was 257 with seven homers and 45 RBIs and Boyer was 251 with 12 homers and 54 RBIs.

That is an average of 12 homers and 75 runs batted in per man — not a good average in this day of the jack-rabbit ball and slim tapered bat.

Although Berra signed a one-year contract, he has adopted a long-range point of view, especially toward Mickey Mantle, who made less than 200 official appearances at the plate in 1963.

"Mantle says he has about three more years left," says Yogi. "We've got to look forward to the day when he must be replaced. That means a big man — a power man."

Coach Ara Parseghian fears the Wolverines may be reaching a late-season peak as their youngsters — whom he rates as "probably the finest sophomore group in the Big Ten" — approach maturity.

"We'll also have our defensive problems, especially in coping with any one of three fine quarterbacks that Bump Elliott can call upon," said Parseghian. "It looks like Bob Timberlake has come into his own since recovering from an early season injury. He's a tremendous threat on the option play. But I'll tell you, when they replace Timberlake with Bob Chandler or Frosty Evanshewski, we won't be able to relax."

The Wildcats can't gain on the ground without McCauley, all the more pressure will be placed on quarterback Tom Myers, who took quite a beating from Michigan State's hard-rushing forwards.

Myers completed only nine of 27 attempts for 20 yards against the Spartans, and was dropped for losses totaling 61 yards. His favorite receiver has been senior end Gary Crum, who has caught 21 passes for 400 yards.

SWING AWAY — Detroit's Henry Hank (right) comes out swinging at Eddie Cotton of Seattle in the fourth round of their light heavyweight title bout at Flint Tuesday night. But Hank didn't swing often enough and Cotton gained a unanimous decision in the 15-round bout with Michigan's version of the light heavyweight crown.

Cotton Decisions Hank

FLINT — It may take a while for Eddie Cotton to get a crack at the world light heavyweight championship, but the quiet Seattle fighter will take the title in pieces if he has to.

Cotton, ranked the No. 1 contender to World Boxing Association champion Willie Pastrano, won the Michigan version of the world title with a unanimous decision over six-armed Henry Hank of Detroit Tuesday night.

Cotton has won decisions over highly rated foreign fighters, including Scotland's Chick Calderwood, but has yet to get the fight he wants — with Pastrano. That fight with Calderwood, incidentally, marked the first time the Scot had been beaten in his home town of Glasgow.

Cotton, 36, gave away seven years and 2½ pounds to Hank, but used his six-inch reach advantage to keep the Detroit slugger off balance with an effective left jab.

The Seattle puncher, a tool and die maker with an aircraft firm when he's not fighting, admitted Hank hurt him in the ninth round.

"He hit me good, but I didn't

Here is the round by round scoring by the referee and two judges:

Round	Hank	Cotton
1	10	10
2	10	10
3	10	10
4	10	10
5	10	10
6	10	10
7	10	10
8	10	10
9	10	10
10	10	10
11	10	10
12	10	10
13	10	10
14	10	10
15	10	10

MacNeill also scored in the first period and Jack McKenzie got a goal in the second as the Hawks skated to a 5-0 lead before Norm Ullman got the Wings' only marker.

Hall made 25 saves and Sawchuk, who suffered a three-stitch gash over his right eye in the first period, had 30.

Howe will have a chance to break the goal record tomorrow night at Olympia when the Wings host the New York Rangers.

Gordie will be taking aim on Ranger goalie Jacques Plante.

George Seimes and halfback Ron Rubick.

Rubick is another threat, now that he is over a knee operation. The Spartans have been using a freshman lefthanded passer in practice in preparation for the homecoming game Saturday.

Chuck Lowther of Royal Oak has been playing the role of Harold Brant, sophomore quarterback for the defending Big Ten champions.

Wharram Gets Hat Trick in Easy Victory

Gordie Howe's Bid for Record Goal Checked by Defense

From Our News Wires
CHICAGO — The Chicago Black Hawks are threatening to turn the National Hockey League race into a runaway.

Playing with a determination which they hope will offset last season's late collapse, the Hawks have lost only one of their first nine games and pulled into a six-point lead over Toronto and Montreal with an effortless 5-1 victory over Detroit Tuesday night.

A crowd of 13,887 came out to watch Gordie Howe, Detroit's big right wing, break the NHL scoring record of 544 goals he now shares with Maurice Richard.

Instead, the fans saw Ken Wharram, Chicago's little right wing, turn in his first major league hat trick. The only other hat trick this season was scored by Chicago's Stan Mikita.

The Hawks have played five games at home, winning them all. On the road they have one victory, one loss and two ties. Coach Billy Reay has the club playing aggressive hockey and every man appears to be in top physical condition.

Despite having such stars as Bobby Hull and Stan Mikita, the club is thriving on balance. Wharram and Al McDonald are among the league's leading scorers with Mikita and Hull.

"Everybody is putting out and all the guys are working well," said Reay, who was named to replace Rudy Pilous after the Wings flopped at the end of the 1962-63 campaign to finish second to Toronto.

FOUR SHOTS
Howe guarded alternately by Bobby Hull, McDonald, Ron Murphy and Eric Nesterenko, rarely had a chance for a good shot.

The Red Wing star had only four shots on the net, all brushed away by goalie Glenn Hall, and on two other occasions, he missed the cage.

Wharram, who has only five goals this season, scored twice in a 31-second span in the first period and got his third goal with less than seven minutes to play.

Al MacNeill also scored in the first period and Jack McKenzie got a goal in the second as the Hawks skated to a 5-0 lead before Norm Ullman got the Wings' only marker.

Hall made 25 saves and Sawchuk, who suffered a three-stitch gash over his right eye in the first period, had 30.

Howe will have a chance to break the goal record tomorrow night at Olympia when the Wings host the New York Rangers.

Gordie will be taking aim on Ranger goalie Jacques Plante.

Tigers Offer Colavito to Milwaukee

Eye Mathews in Negotiation

Detroit Also Bargains With Other Clubs

DETROIT (UPI) — Jim Campbell, general manager of the Detroit Tigers, today confirmed that controversial slugger star Rocky Colavito has been placed on the trading block.

Campbell, commenting on a Milwaukee Sentinel report that Colavito had been offered to the Milwaukee Braves, confirmed that the home-run hitting outfielder had been offered "to several clubs."

Other than the Braves, Campbell refused to identify the other clubs with whom he had discussed Colavito.

"The possibility of trading Colavito with the aim of acquiring pitchers and strengthening our infield has been discussed with several clubs," Campbell said.

He would not reveal the names of players the Tigers were trying to get but one is rumored to be the Braves' third baseman, Eddie Mathews.

Campbell said the Colavito negotiations had been going on "for some time."

Colavito, 30, has been among the American League leaders in home runs the last six years, slugging out 222 for a yearly average of 37.

However, last year he fell into disfavor with the Detroit club when he suffered a long slump at the beginning of the season as the Tigers sank lower into the second division.

WORST TOTAL

Colavito's hitting picked up at the end of the season and he finally ended up with 31 RBIs but his 22 homers were his worst total in the last six years.

The Sentinel quoted Braves' president John McHale as saying Colavito had been offered to his club and that "we are interested."

"It's hard to find a more powerful hitter than Rocky and he's one of the few power guys available who would fit our needs," McHale said.

"We've been approached by the Tigers with respect to Colavito but it's a matter of coming up with the right type players to get him."

The Braves' president said in regard to the possibility of giving up Mathews in the deal: "We'd have to get more than Colavito if we ever decided to give up Mathews. They haven't asked for anybody in our discussions but they need pitchers and we've got a few extra in that department."

Wildcats Lack McCauley for Michigan Grid Clash

EVANSTON, Ill. (AP) — Northwestern hopes to keep its slim Big Ten title hopes alive this Saturday afternoon at Michigan as the Wildcats renew their 71-year old football series.

Michigan's 1-4 record notwithstanding, the Wildcats enter Saturday's game with three main worries:

1) A Michigan line that will be as big as any faced by Northwestern this year; 2) The offensive threat posed by three first rate Michigan quarterbacks; 3) The possibility Michigan finally may be able to shake the streak of bad luck

which has haunted it in conference play this far.

Northwestern scout Bruce Beatty describes Michigan as "the hardest team of the Big Ten" after having seen it bow twice, to Purdue and Minnesota.

Northwestern's task of moving the ball on the ground against the bulky Wolverine line will be complicated by the loss of its leading ground-gainer, junior halfback Dick McCauley, of Pontiac.

McCauley, who has gained 248 yards rushing for an average of 4.1 yards a carry, twisted his left knee in the Michigan State game and is not expected to play against Michigan.

Some of the running slack could be taken up by another Michigan product, senior fullback Bill Swingle of Grand Haven. Swingle had one of his best running days in Saturday's loss to Michigan State, and may be returning to the form that made him Northwestern's leading scorer as a sophomore.

FEARS PEAK
Coach Ara Parseghian fears the Wolverines may be reaching a late-season peak as their youngsters — whom he rates as "probably the finest sophomore group in the Big Ten" — approach maturity.

"We'll also have our defensive problems, especially in coping with any one of three fine quarterbacks that Bump Elliott can call upon," said Parseghian. "It looks like Bob Timberlake has come into his own since recovering from an early season injury. He's a tremendous threat on the option play. But I'll tell you, when they replace Timberlake with Bob Chandler or Frosty Evanshewski, we won't be able to relax."

The Wildcats can't gain on the ground without McCauley, all the more pressure will be placed on quarterback Tom Myers, who took quite a beating from Michigan State's hard-rushing forwards.

Myers completed only nine of 27 attempts for 20 yards against the Spartans, and was dropped for losses totaling 61 yards. His favorite receiver has been senior end Gary Crum, who has caught 21 passes for 400 yards.

performance this season, 1-3-1. In fact, out of a total of 14 games, the Wolverines have only won three to date since the beginning of last season.

In the midst of a 2-7 record last year, Crisler gave Elliott a strong vote of confidence and said he would be back next year. The clamor for Elliott's job increased again this year and Crisler was forced to strongly defend Elliott.

He did not, however, give his coach the same confidence vote that he handed out last year.

"If I have any criticism of Bump and his staff, I will go directly to them and tell them my thoughts," Crisler said, "and I have not done so and do not anticipate any such action."

Crisler, who coached Elliott at Michigan during Bump's playing days, said there has been "no great surge of mail regarding Michigan's football fortunes."

AERIAL BARRAGE:
The rocks disposed of, Elliott can give his full attention to the bullets. Northwestern has 42 over-all record and Myers can be expected to give the Michigan pass defense a mighty workout on Saturday.

Purdue's Ron Di Gravo and Navy's Roger Staubach gave the pass defense fits and the defense has not been one of Michigan's strong points this year.

Elliott plans to send his squad through a moderately heavy workout today with the emphasis on pass defense. All of the first stringers are expected to be in action Saturday.

The night's only other NBA contest took place at the opposite end of the nation where Cincinnati got off to a 2-4 lead over San Francisco and still was ahead at the final buzzer, 108-101.

By United Press International
Things seemed hopeless for the St. Louis Hawks Tuesday night when they trailed 55-91 with 24 seconds left to go, but they managed to pull out a win over hapless New York.

Reserve guard John Barnhill popped in a pair of one-handers within 19 seconds to send the game into overtime. Then the Hawks scored eight straight points in the overtime session and went on to a 109-103 decision.

Lowther Tests Spartan Varsity

Badgers Fear MSU

EAST LANSING (AP) — Trying to stop the Michigan State running attack is like grabbing a tube of toothpaste with half a dozen holes.

Cover up one hole, and something comes squirting out of a couple of others.

That is the problem faced by Wisconsin in the football homecoming here Saturday.

You can be sure Wisconsin will try to contain little Sperm Lewis, the mighty mite who was the two-touchdown game hero against Northwestern.

George Lanphear, former coach and advancement for the Badgers, reported head coach Milt Bruhn "certainly is concerned about Lewis."

"Our scouts report Michigan State is the fastest overall team in the conference," he said.

Fullback Roger Lopes and halfback Dewey Lincoln can be equally as dangerous as Lewis. Lopes still is the leading rusher for the Spartans with 382 yards compared to the 261 yards net for Lewis.

Lincoln has been used a lot as a decoy and by his blocking. He did not carry at all in the Michigan game because of his jaw fracture and is due to break out in a sprinting spree any game now.

AP Photo

George Seimes and halfback Ron Rubick.

Rubick is another threat, now that he is over a knee operation. The Spartans have been using a freshman lefthanded passer in practice in preparation for the homecoming game Saturday.

Chuck Lowther of Royal Oak has been playing the role of Harold Brant, sophomore quarterback for the defending Big Ten champions.

LONDON—Dave Courtney, England, knocked out Harold Gomes, Providence R.I., 1. Lightweights.

Captains Trim WTHS Harriers

Kettering Adds Points in Sports Trophy Bid

Waterford Kettering scored a 50-point victory over arch rival Waterford Township yesterday in cross country, although the final score was only 23-23.

The close win gave the Captains 50 points in the competition for the All Sports Trophy.

Actually, the victory was worth 100 points since Kettering had won 50 points with an earlier cross country win this season; but the Skippers could have offset that advantage with a triumph yesterday.

There will be 100 points next week in the football contest next week between the two schools.

Bruce Bodner and Mark Pankner finished one-two for the Captains yesterday with the former's winning time of 10:58 only one second ahead of his teammate's time, on the windy, chilly home course.

Waterford grabbed third and fourth places by George Ballingall and John Meyers, respectively; but Kettering's Len McPherson edged Ron Potter of the Skippers for sixth place and the clinching points.

The victory gave the Captains a 65 dual meet record. Their reserve squad also triumphed, 17-46.

U-D Fullback 2nd in Rushing Yardage

DETROIT (U) — Collegiate football's second leading runner is a University of Detroit fullback, Fred Beier.

The stocky U-D junior has gained 550 yards in 116 carries for a 4.7-yard average in the Titans 1-4-1 season. He could be come the school's best runner since Lloyd Brazil in 1928.

Brazil's record is safe, however. He gained 1,383 yards rushing in the Titans' 9-0 campaign in 1928.

Beier is likely to be handed the ball often Saturday night when U-D plays Houston at Houston, Tex. Houston is winless — but has played such rugged teams as Auburn, Baylor, Mississippi, Texas A & M, Mississippi State and Alabama.

BEATS BING — Lewis Miller of Birmingham was one of 27 golfers picked nationally to compete in the Beat Bing tournament at Tucson recently. He fired a 154 for 5th place and failed to qualify for the Crosby Invitational next January at Pebble Beach. The top three were selected.

Bandits Steal League Title With Late TD

The Motor Mart Bandits scored a final period touchdown last night to clinch a '66 victory over the Lions and take the city men's touch football regular season title.

The Bandits thus went unbeaten through seven league games and will enter next week's playoffs as the top-seeded team.

Other scores last night at Jaycee Park saw the G. M. Raiders topple the victors, 30-0, for their second win, Anderson's All-Stars nip West Side Lions, 6-0, and the Misfits maul the Pontiac Packers, 15-0.

Warren Stephens and Fred Davis scored once to pace the Misfits as they clinched second place.

Ernest Robinson had the only touchdown as the All-Stars tied for third place by beating West Side, Jerry Gerber went over twice, Fred Acker, Bob Hauxwell and Dick Heller each tallied one touchdown as the Raiders tied for fifth place.

All eight teams will engage in the playoffs which will start next Tuesday night at Jaycee Park.

Meet Celtics Tonight

Pistons Seek Home Win

DETROIT (UPI) — The Detroit Pistons will be seeking their first home victory of the young National Basketball Association season tonight at Cobo Arena.

But they might have to wait awhile, because they will be playing against the world champion Boston Celtics.

The Celtics, minus the services of the great Bob Cousy, who retired have shown so far that they hardly miss the backcourt wizard. They have a 3-0 record and are all alone in the lead of the eastern division.

The Pistons, under new coach Charley Wolf, are in the cellar of the western division.

The Celts have been bothered by the usual opening season bugs. A couple of front line players have come down with the flu and Tom Heinsohn has been suffering from the shingles but the Boston club doesn't show any signs of letting up.

Buckeyes Recover Fast

Hayes Uses Trump Card at Wisconsin

COLUMBUS, Ohio (UPI) — He's known for winning the big ones around the rugged Big Ten, but when his back is to the wall — look out.

He's the dean of Big Ten football coaches, and his teams have dominated the league for 13 seasons. He has an edge over every opposing team in the conference except Minnesota, which Ohio State has not met during the "Woody years."

He's **Wayne Woodrow Hayes**, the outspoken, hard-biting coach at Ohio State.

The 13-0 victory over Wisconsin last week was a complete turnaround for Ohio State, which had been crushed the week before at Southern California. But that's when Hayes is the most dangerous — with his back to the wall.

"There have been only two or three times in the last years we've lost two in a row," Hayes said.

"But the important statistic is if the kids can fight their way back after a humiliating defeat. It's the boys that come back to win that make a fine team."

PRIDE HURT
His pride battered after the humiliating 33-3 defeat, his worst as a coach, Hayes asked each of his players to write a critique of what would do the most good in getting ready for Wisconsin.

He also did a little thinking on his own and came up with a trump card — Tom Barrington, a 205-pound quarterback who nearly lost his life last summer in an industrial accident.

Hayes closed the doors to the practice field and drilled Barrington long and hard. He had been idle since last spring from the shattered leg that forbade any contact work whatsoever.

"We felt it would be a good advantage to us if the opposition didn't know about Barrington," Hayes said.

Barrington was kept off the field at Wisconsin until the squad came back to start the game. He was not listed on the traveling roster.

"Although they might have had some premonition about it, they weren't sure of it," Hayes said.

Primarily a runner, Barrington gained 58 yards in 10 carries, but his life was psychological more than anything else. It took displaced quarterback Don Unverferth to provide the pass-

ing that set up the winning touchdown in the final three minutes.

"Maybe it's healthy to stick a boy on the bench," Hayes smiled.

During the "Woody years" in the Big Ten, 1951 to 1963, Ohio State has compiled a 58-14-6 record.

Although the Buckeyes have not played Minnesota in that time, the best any of the other eight have done is Iowa with five wins and six losses.

QUESTION:
Why is Imperial now outselling almost every other whiskey in the world?

ANSWER:
Because knowledgeable people have a taste for Hiram Walker quality.

want to drive the world's leading rally winner?

If you don't keep up with international rallies like England's RAC and the Classic Monte Carlo, you may not appreciate how solidly built a car must be to stand up to these tortuous endurance runs. SAAB, down year after year... and wins. Because of its unusual 2-stroke engine/front-wheel drive power system*, SAAB consistently beats larger, more powerful cars. SAAB — a 5-passenger family sedan, not a sports car — takes more rally wins than any car in the world.

Needless to say, it performs like nothing else on the road. So come on in and test-drive a 1964 SAAB. You just can't believe people still take the trouble to build a car as great as this one.

BOWLING

The house team hit a 1057-3045 combination last week to climb into second place in the Wonderland Lanes Masters League.

Howe's Lanes 92.240 Peterson points are 237 in front of Wonderland in the team race. Dave Eby's 225-225-637 led the way among the individual scores last week.

Bob Leibler had a 235 and Joe Roerick a 234 game. At Auburn Lanes last week John Noonan had a 258 game as the house team moved into

second place in the Wednesday Nite League.

The Huron Bowl Friday afternoon Ladies Matinee League had a 232 by Marcia Whittier and a 210 by Delores Jackson. Doolins Super Shell holds a five-point lead.

Rosemary Tal continued fine bowling in the Hilltop Rebels loop last week. She had 227-564 for Stemmer's Catering, the league leaders.

Last night the women dressed in Halloween costumes for their annual competition.

The Airway Lanes Kings & Queens circuit Friday had a 230-577 by Beverly Filka and a 220 by Ray Lanham.

The Columbia Avenue Baptist Church Mixed League Saturday at Airway had a 6-7-10 conversion by Georgia Green. The preceding week Wayne Wheatly's 263 game qualified him for a Century Club award.

The open bowlers are shooting for turkeys this week at 300 Bowl. One dinner bird will be given away with every 10 entries each week until Nov. 27.

Entrants receive a 70 per cent handicap and only pay for three lines of bowling. Entry blanks are available at the main desk.

In league action last week at 300 Bowl, George Chikovsky led the Thursday Nite All-Star Classic with 247-213-473 while Joe Foster had 236-626 and Larry Crake 225-648.

William Meir and Homer Foltz paced the Pontiac Motor Inter-Office loop with 224 and 221 respectively. In the Good-fellow's League, George St. Amour rolled 216-211-590 for the top scores.

647 Top Total in 'A' Loop

The 647 of Dick Childress led all bowlers in the Wednesday Nite "A" League last week at Huron Bowl.

Included among the five 600 series were the 622 and 618 by Al Latendresse and Tony Ledesma, respectively. Ron Sluck's 255 topped the list of 40 games 200-or-above.

Wolverine Entertainers has a 12-game lead over Salfi's Bar in the team race.

Pontiac Press Photo

IN THE RUNNING, AGAIN — E. C. Richards had a pleasant smile for Press photographer Phil Webb when he entered the Bowlerama recently. The smile undoubtedly was prompted by the \$625 he took home as champion last year. His grin probably has grown now since he bowled a 647 series last

Sunday at 300 Bowl. In a tournament where ex-champions have a hard time repeating, Richards' total is the highest to date at "300" and looks good enough to qualify for the Dec. 1st finals there. Qualifying will resume at 12 county keg establishments this Saturday and Sunday.

British Join Nicklaus Supporters

LONDON (AP)—"Superman." "Wonder Boy." "The King."

These were some of the accolades poured on Jack Nicklaus today by British golf observers who 18 months ago were calling him a big overstuffed kid who couldn't carry Arnold Palmer's clubs.

Nicklaus' fantastic birdie spurt in the Canada Cup competition in Paris Monday — birdies on five of the first six holes and five 3s in a row — sent the typewriters of the usually hard-to-impress British writers singing another tune.

"At the moment Nicklaus seems out on his own in the world of golf," wrote Leonard Crawley of the Daily Telegraph. "One may well ask: What is

his secret? He seems, in the exuberance of his magnificent manhood, to be able to get the figures when most they are needed. His great physical strength is, of course, an asset. His mind sees every golfing problem as through a clear lens as the world's No. 1."

Ronald Heeger, in the Daily Express, christened Nicklaus "the golden bear of American golf" and said his performance in the last nine holes of the tournament at Paris was

superhuman — the work of a superhuman.

Roger Malone, writing in the Daily Herald, called Jack "the king of world golf." Jack Wood in the Daily Mail, termed him the "hair-elect to Arnold Palmer as the world's No. 1."

"At 23, he is longer than Palmer from the tee," Wood said. "His crouches over his put with his left shoulder high and it is impossible to be unaware of the tremendous effort he is making."

Lady Sets Keg Record

COLUMBUS, Ohio (AP)—A California bowler has set a record for a three-game series, the Women's International Bowling Congress reported Tuesday.

The WIBC said Janet Harman of Norwalk, a Los Angeles suburb, fired a 792 Monday night on games of 216, 276 and 300. The WIBC said, however, that the 300 game is pending until official verification arrives here.

The 792 series shatters the previous mark set in 1956 by Angela Mica of St. Louis, who recorded a 787 total.

Tiger Hurler Wins

DUNEDIN, Fla. (AP)—Dennis McLain struck out 12, and walked only two as Detroit whipped Minnesota, 10-0, in a Florida winter instructional baseball league game Tuesday.

"Seagram's V.O. and soda." "Rye and ginger." "Make mine a vodka martini." "Let me have a V.O. on the rocks." "V.O. straight!"

Outdoor Editor, Pontiac Press

KEEP OFF—A bad experience with hunters plowing through his grain field last year prompted Bob Schmidtke to erect a warning sign on his rural St. Joseph, Mich. property.

"The sign is very effective," says Schmidtke, who is very serious about the warning. Undoubtedly, his gun adds strength to the poster.

Jackie Enters Sardar

Kennedys May Star in Horse Show

WASHINGTON (AP) — The Kennedys star at the Washington international horse show tonight.

First lady Jacqueline Kennedy, although not attending in person, has entered her Pakistani gift horse, Sardar, for an official debut on the show circuit.

The thoroughbred bay gelding, a gift from Pakistani president Ayub Khan, will be ridden by Mrs. Kennedy's friend and Middeburg, Va., neighbor, Mrs. Eve Fout, in a sidesaddle ladies' hunter class.

And Ethel Kennedy, wife of the Atty. Gen. Robert F. Kennedy, will ride a borrowed hunter in a conformation class if she can get clearance to wear the colors of her defunct hunt club.

Ethel, now 35 and the mother of eight children, was a well-known horsewoman before her marriage and rode in Connecticut and New York shows with the Fairfield-Westchester Hunt.

known horsewoman before her marriage and rode in Connecticut and New York shows with the Fairfield-Westchester Hunt.

RULE VIOLATION

Some show folk complained when she rode here two years ago although she was not a card carrying member of any recognized hunt—a rule-book violation.

This time, Ethel is seeking credentials. Claude W. Owen, horseowner from nearby Potomac, Md., and a director of the Washington show, is letting Mrs. Kennedy ride his 7-year-old chestnut hunter, War Life. He said the masters of the showhounds association in Boston have been asked to issue a hunt card to Mrs. Kennedy, even though her ex-hunt club is now extinct.

If all the legal maneuvers are squared away, the attorney general's wife will take the jumps in War Life, the second highest scorer in conformation divisions in the U.S.

The Kennedy contingent will spark the second night of the six-day show, which got off to a white tie social start in the national guard armory Tuesday night.

West Germany's young and speedy trio of riders rode away with top honors in the first test of international jumping. They took the first four places, shutting out entries from U.S., Canada and Argentine teams.

EXPECTED LESS

U.S. team coach Bertalan De Nemethy of Noroton, Conn., said he expected the Germans to be the toughest competition in the show. But their smashing victory Tuesday night was a bit more than was bargained for.

With only three riders—Alvin Schokemuehle, 26, Germany's jumping champ, Kurt Jarsinski, 24, and Herman Schridde, 26, they routed the powerhouse American squad with its seven riders and a string of 14 horses entered in the fault and out-rigger challenge trophy.

Whistles and applause from the opening night crowd of 3,800 greeted Schokemuehle's victory dash on Dozent. He also took second place, riding another mount, Freibier. His teammates sewed up third and fourth by going the same distance. Schridde riding Kammer and Jarsinski on Altmusik.

North Wind Blows Good News for Duck Hunters

Dry Weather Foils Nimrods After Birds

Leaders Hold Places in Press Contest; Some Geese Taken

The north wind howling through Michigan Monday afternoon and evening meant good news for duck hunters, but it didn't carry any rain for Southern Michigan's harried pheasant enthusiasts.

As temperatures dropped and the wind increased, ducks began pulling out of Canada. They rode the wind into Michigan and began dropping down on the Great Lakes.

Flight ducks, mostly bluebills and goldeneyes, that had arrived earlier and were basking in northern Lakes Huron and Michigan during the pleasant weather, were chased inland by the stiff on shore breezes.

The wind also took a lot of dead leaves off trees, making grouse and archery deer hunters happy.

But for the pheasant hunter there was no good news.

The extremely dry weather has made dog work almost impossible.

In fact, conditions are so adverse that many nimrods are staying home waiting for a good rain.

PHEASANT CONTEST

The leaders remain the same in The Press Pheasant Contest. A 40½-inch ringneck is leading the length division while the weight class is topped by a 3-pound, 9-ounce bird.

A \$50 savings bond is awarded to the hunter entering the heaviest ringneck and a \$25 bond for the longest. The contest is open to all residents of Oakland County.

Only ringnecks are eligible and the birds must be brought to The Press Sports Department for weighing or measuring.

The contest closes at noon, Nov. 17.

Damp areas in northern Oakland County, the Brown City area, Sanilac County and the marsh area in northern Tuscola County have been the most productive pheasant spots.

Goose hunting at Swan Creek and Fenville game farm in Allegan County is holding up well, but the big migration of hunters has yet to arrive.

Hunters using decoys and calls in southern and western Oakland County are picking up a few geese. The local honkers are taken while flying between refuges and feeding grounds.

Grouse hunting in Lapeer and Oakland Counties is only fair.

The pairs are spread out and in heavy cover. They are also flushing well in front of hunters. One good thing about these birds is that they can be walked up.

The Holdridge Lakes area and sections off Van Road, both in Holly recreation area, contain pairs. The Hadley Hills has a few.

Old orchards around Metamora are productive grouse locations.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Day	Major	Minor	Major	Minor
Monday	3:13	7:20	3:20	7:10
Tuesday	4:05	8:15	4:15	8:00
Wednesday	4:55	9:05	5:05	8:50

Friday	6:35	10:45	6:45	10:30
Saturday	7:25	11:35	7:35	11:20
Sunday	8:15	12:25	8:25	12:10
Monday	9:05	1:15	9:15	1:05
Tuesday	9:55	2:05	10:05	1:55
Wednesday	10:45	2:55	10:55	2:45
Thursday	11:35	3:45	11:45	3:35

Machine Does Everything, but It's Still Not Human

LANSING (U) — Hunters who applied for antlerless deer hunting permits can be sure they received a fair shake in the drawing.

Machine 113M 1401 saw to that.

For the first time, the State Conservation Department this year used an automated machine to select 111,000 permits from some 206,000 applicants. These were in areas where the number of hunter applications exceeded the quotas.

The average person, looking at the machine, is tempted to think of it as being uncannily human. The machine can play a chess game, a game of checkers or write poetry if given the proper instructions.

The people who work with it even have had the machine draw a picture of a pretty girl. Every curve is just right in the machine-made drawing.

But the people directing it show they realize it is just a machine. They haven't even given it a pet name.

NO PERSONALITY

"It is just a big, hard old hunk of hardware," said Jim Hughes, administrative analyst for the Conservation Department. "People who work with these machines don't think of them as personalities."

Hughes and Harry Cox, in charge of office services for the department, had the tedious job of telling the machine what to do.

It took about three days for them to draw up instructions.

When the drawings were

started, they first ran a 20-minute test. Then the machine worked from 5 p. m. until 3 a. m. on the drawings. It is estimated the machine method saved some 1,000 man-hours of work.

"The only error the machine might make is the error fed it by us before it gets the data. It will reject the material provided if it is incorrect," Cox explained.

As an example, the machine spat out an objection when asked to draw 927 permits for the Montmorency County area. The machine told the humans they were incorrect. The machine was right. There should

have been 928 permits allowed for the area.

The machine was borrowed from the State Department of Social Welfare.

Al Dasen, superintendent of data processing for the Welfare Department, said it is the most versatile machine now available in its field. It can be taught to handle more than 200 different operations, he said.

The regular job of the machine is to process checks for welfare recipients — some 130,000 a month.

More than 261,000 applications for any-deer permits were received by the department this

year, a new high. About 10,500 were rejected because they were filled out incorrectly or were received after the Oct. 10 deadline.

In previous years it took several days to draw the permits for hunters in areas where there were more applications than the quota allowed.

Deer Permits Go in Mail This Week

LANSING (UPI) — The State Conservation Department has been deluged with telephone calls from hunters who sought the 146,000 "any deer" permits available for next month's season.

"Everyone wants to know when they will be notified of their success or failure in the draw," said a department spokesman.

A computer pulled out the lucky winners in the permit draw last week, but the applications now are awaiting a printer's stamp of "allowed" or "denied."

The department spokesman said notices to successful applicants in the western end of the Upper Peninsula would be mailed out tomorrow. The season starts Nov. 9 in the western U.P.

Successful applicants in all other areas, where the season starts Nov. 15, will be notified in letters being mailed Friday.

A third set of letters will be sent out next Monday to the estimated 115,000 hunters whose luck in the draw was bad, the department spokesman said.

Plan Temporary Form for Ski Safety Checks

CADILLAC (P)—Michigan ski areas will operate under a temporary permit this season pending full implementation of the state skiing safety act, according to Ski Safety Commission chairman Fred Bocks.

Despite a late start, he said today, all the areas will be inspected with emphasis on mechanical facilities and "glaring safety hazards will have to be corrected."

Areas where discrepancies requiring engineering changes for compliance are found will be allowed to operate this season but must make corrections when ordered.

All new facilities including rope tows, T-bars, chair lifts and others must comply with the American standards code adopted in Michigan, said Bocks.

He said the law provides for hearings with some latitude expected in cases of hardship. Bocks estimated "it will be well into the winter" before the area inspections are completed.

The cost of implementing the

state ski safety law is borne by charges to individual operators. They pay \$2 per application to operate rope tow facilities, \$5 for T-bar and \$15 for chair lifts. Inspection of the facilities ranges in cost from \$8 for rope tow installations to \$25 for T-bars and \$30 for chair lifts.

Bocks manager of Caberier Ski Area here, says application and inspection costs would total approximately \$600 at Caberier.

Oil Rights Auction

State oil and gas rights, covering about 17,000 acres in 11 northern Lower Peninsula counties, will be offered for leasing by the Conservation Department during a Nov. 6 public auction in Lansing.

Lists of lease restrictions and lands open to bidding are available free from the department's division in Lansing.

NEVER TOO OLD — Mrs. Laella Halverson of Milwaukee plots distribution of a 43-inch muskie whose big mouth got it into trouble after the fish underestimated the power of a woman. The 83-year-old grandmother, who had been stalking muskies while fishing with her daughter on a northern Wisconsin lake.

Holly's Roy Widing teamed with Dan Glasco of Flint to place fourth while Ed Adams of Holly and Cecil Lane of Flint were fifth.

They were honored Monday night at the sixth annual awards banquet of the Michigan Canoe Racing Association.

Holly Canoeists Rank Near Top in State Races

Canoeists from Holly were among the top 10 teams in the state during the past racing season.

Al and Pat Widing were runners up to the first place tandem — Jerry Lauwers of Tawas City and Stan Hall of Oshtemo.

Lauwers and Hall scored 3,000 points and won all but two of the races.

City Man May Get Sentence Commuted

Channel 2—WJBK-TV Channel 4—WWJ-TV Channel 7—WXYZ-TV Channel 9—CKLW-TV Channel 56—WTUS

Teens Discuss Sex

CHANNING, 10:00 p. m. (7) Gifted senior (Suzanne Pleshette), in contention for literary award, beguiles contest judge.

surgery; to correct a spinal curvature. The girl grew 2½ inches after the operation, but must wait some time to appreciate her new stature.

Martian Attack Via Radio

A Pittsburgh man found his wife in the bathroom, hysterically grasping a bottle of poison and crying, "I'd rather die."

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

If your husband keeps
"beat" to be gay and
worn out to take you o
beatin "beat" you"

WJBR(760) WXYZ(1270) CKLW(800) WWJ(950) WCAR(1130) WPON(1460) WJBR(1500) WHFI-FM(94.7)

TONIGHT 7-85—WPON. Ben Johnson WJR. Music WJBK. News, Reid

[illegible]

Philco 2-Door

The first passenger elevator was believed installed in New York in 1857.

- **Kretschmer Wheat Germ** actually supplies a **whopping 30 nutrients** important to good health, vigor and stamina!
- **Serve your husband** this remarkable food every day and see how much more pep and vitality he has! Use these delicious, tiny toasted flakes as a cereal, on cereal, or add to pancakes, waffles, scrambled eggs, etc.

• **Many doctors recommend** augmenting the daily diet with nature's remarkable "bounce-back" food, famous Kretschmer Wheat Germ. Made from the germinating heart of the kernel, wheat germ has been established by official U. S. Dept. of Agriculture studies to be the most healthful food known!

● **Thrifty, tasty Kretschmer Wheat Germ** is great for the entire family, so be sure to get some. Look for it in **vacuum-sealed glass jars** in the cereal section of your food store. Choose either regular or Sugar 'N Honey.

● **GUARANTEE**—(1) Kretschmer Wheat Germ is the most healthful food known; (2) Your family will like its nutlike flavor. If you are not satisfied, just write your name, address, and price paid back of label and mail to: Kretschmer, Carleton, Alameda, California. Money will be refunded.

Cong Crushes Unit; Three Gls Missing

SAIGON, South Viet Nam (AP) — Communist guerrillas smashed a crack South Vietnamese task force Tuesday and probably captured the three U.S. Army advisers with the 130-man task force.

The three Americans, listed as missing and believed captured, were two officers and an enlisted medic. Stragglers returning from the rout said both officers had been wounded early in the fight—one in the head and the other in the leg.

A second government force of about 200 men, operating only a few thousand yards away, learned of the battle too late to help.

U.S. authorities said Communist radio jammers knocked out both the main channel and the alternate channel on all local military radios.

BATTLE COSTS

The operation cost the Vietnamese Special Forces an estimated 30 killed, 30 wounded and 12 missing and presumed captured. Heavy weapons lost included a 60-mm mortar. Viet Cong losses were unknown.

SAME AREA

The fight was in the same general area 140 miles southwest of Saigon where another government unit took a bad beating Oct. 19. Some 40 Vietnamese troops were killed and 13 Americans wounded in that battle.

All day today, patrols and spotting planes combed the marshy rice fields, canals and patches of palm jungle where the fight took place, but they made no contact with the guerrillas.

Tracks were spotted in all directions, but there was no indication what happened to the Americans or the other captives.

The government unit had good intelligence about the Viet Cong, and only the final, vicious clash came as a surprise, American officials said.

MAJOR ATTACK

The Viet Cong had been advertising for several weeks that it planned a major attack against Tan Phu, the base of the Vietnamese Special Forces that took part in the fight. About 500 troops are garrisoned there, along with 12 advisers from the U.S. Army Special Forces.

The Viet Cong detachment designed to fight in guerrilla units. Military officials said three companies of the detachment, a total of about 300 men, began moving north against the reported Viet Cong concentration Monday night.

At dawn Tuesday the task force charged into the zone three miles north of Tan Phu where they expected to find the enemy—and found nothing.

Two companies moved east across canals, met some enemy fire, kept moving and then headed south.

WALL OF GUNFIRE

The ill-fated third company had nearly reached a grove of trees near a canal when it ran into a wall of gunfire.

Survivors said the Viet Cong was firing from behind well-aimed Soviet-made machine guns, small arms and mortars.

Enough apples are grown in the United States each year to supply about 80 apples to every man, woman and child in the nation.

Way Is Smoothed for Traffic on Huron

Lafayette to Perry just north of the Sears Roebuck Co. store.

Beginning at Pike and Perry, for example, traffic would move west on Pike, north on Wayne, east on Lafayette and south on Perry back to the starting point.

Construction work on the interior loop and the final section of the perimeter road was purposely delayed so as not to create insurmountable traffic problems in the downtown area.

The Weather

Full U. S. Weather Bureau Report PONTIAC AND VICINITY — Mostly sunny and a little warmer today. High 38. Partly cloudy not so cool tonight, low 40. Fairly cloudy little temperature change Thursday, high 40. Light variable winds becoming southerly 5 to 15 miles per hour late this afternoon and tonight then west to northwest 10 to 15 miles per hour Thursday.

FORECAST

NATIONAL WEATHER—Occasional rain is expected tonight in the central Mississippi Valley and in western Washington while showers are forecast for the Northern and Central Rockies. It will continue cool at the Atlantic states and the Northern Plains. Warmer weather is expected in the Southern Plains and the Ohio, Tennessee and Central and Lower Mississippi valleys.

"The day ended with the enemy in command of the field," a high-ranking American officer said. "He had plenty of time to get his own casualties out of the way along the main channel and our side, before we could get back in."

Names of the missing Americans were not announced immediately.

The U.S. casualty list rose to four late Tuesday when the U.S. Air Force pilot of a light spotting plane was hit by an enemy machine gun. The pilot flew back to his base and was evacuated to Saigon.

NOT A MARK

Rep. Ed Foreman, D-Tex., grins as he looks in a mirror yesterday after he says, Rep. Henry B. Gonzalez, D-Tex., aimed a punch at his head in a House lobby. Foreman said he ducked and the punch landed on his shoulder.

AP Photos

House Texan: Fight Is Over

WASHINGTON (AP) — Rep. Henry Gonzalez is ready to fight, either "Marquis of Queensberry" rules or alley fight rules. But his intended opponent, Rep. Ed Foreman, says, "As far as I'm concerned, its over with."

No rematch of Tuesday's one-punch fight just off the floor of the House of Representatives is in prospect.

Gonzalez and Foreman are both Texans.

YOUNGEST MEMBER

Foreman is the youngest member of the House at 29, and husky. He is a Republican who espouses conservative causes.

Gonzalez is 47, a Democrat who espouses liberal causes, and the first man of Mexican descent to serve in the House.

Foreman said, "I didn't call Gonzalez a pinko or a Communist. What I did say was that his ultra-liberal left-wing voting record was a disservice to the Constitution of the United States and furthers the Socialist-Communist cause."

Gonzalez took umbrage at a news story that quoted Foreman as calling him a pinko, and confronted his fellow Texan yesterday on the House floor.

What happened next is in some dispute, but in the speaker's lobby just outside the House chamber, Gonzalez wound up giving Foreman a single punch on the shoulder.

MAN TO MAN

"I'd still like to have it out with him man to man, but he's a jolo—that's Spanish for a yellow-livered ass," Gonzalez said.

"I asked him to take off his glasses but he wouldn't. In fact, he put on his glasses as soon as he saw me coming over."

Foreman, discussing the incident later, smiled and said, "I played four years of college football. I'm 6 feet 4 and 200 pounds and I exercise regularly."

Gonzalez said he weighed in at 174.

Foreman said, "I'm sorry the folks of San Antonio (Gonzalez' home city) have such an irresponsible hothead representing them in Congress."

"The only intelligent way to continue this is to discuss and debate; I think we've progressed beyond the use of clubs and fists."

Malaysia Calls Offer

Not Very Encouraging

KUALA LUMPUR, Malaysia, (AP) — Malaysia said today a Philippine proposal for a settlement in the two nation's dispute over diplomatic recognition is "not very encouraging."

Malaysia offered a counter-proposal, but details were not revealed.

The Philippines had asked Malaysia to agree to negotiate a Manila claim to North Borneo, now Sabah in the Malaysian federation. The Philippines made this a condition to granting Malaysia recognition.

Local Sights

Local points of interest seen in yesterday's visit were downtown and shopping center retail areas, new home and office construction, city and county facilities and public works.

Lunch and a tour of plant operations was sponsored by Pontiac Motor Division.

With Price Tag on Tiny Parcel

Legion Blocks Downtown Loop Street

Pontiac's Cook-Nelson American Legion just last night threw a roadblock across the proposed interior loop road designed to circulate traffic inside the perimeter road.

City officials got a letter from the Legion putting a price of \$15,000 on a triangular parcel at Oakland and Saginaw that with the legion's Civil War statue stands.

"The land is a key parcel in the extension of Lahavette to Perry," explained City Engineer Joseph E. Neippling.

JFK Praises Compromise

House GOP Wary of Dems on Rights Bill

WASHINGTON (AP)—House Republicans kept their fingers crossed today as they received administration praise for helping to launch a strong civil rights bill in Congress.

The Republicans have warned the administration all pledges of support for the compromise measure are off if the Democrats seek to make any political gain out of civil rights at their expense.

At the moment, though, bipartisanship was holding firm and the long bottled-up legislation finally began to move through the House.

Even with President Kennedy, Speaker John W. McCormack and Republican Leader Charles A. Halleck behind it, however, the far-reaching compromise bill faces delays and obstacles.

MID-NOVEMBER

The most optimistic estimate heard after the House Judiciary Committee approved the bill by a 23-11 vote Tuesday was that it would be mid-November before it gets to the House floor.

Other estimates made it early December. The time will be needed to write a report on the voluminous measure and hold hearings in the Southern-dominated Rules Committee.

The biggest obstacle remains the Senate, however, where it is accepted as fact that a determined Southern filibuster will have to be broken by a two-thirds majority vote if any bill is to be passed.

The sweeping nature of the bill makes that questionable. Many observers doubt that there is enough time left to pass civil rights legislation in this session.

RESULT STRONGER

Tabbed a compromise between a tough subcommittee bill and more moderate measures introduced by Republicans, the bill that emerged from the Judiciary Committee proved stronger than the original administration bill.

It retained several provisions from the subcommittee bill, including one that would create a federal commission empowered to ban racial discrimination in employment in private industry.

The commission would have to go into court to get an injunction carrying out its findings, however, instead of having its own enforcement powers, as in the subcommittee bill.

Involved with the construction of about a \$2-million research laboratory, a staff of some 90 persons and a budget of approximately \$1 million a year by 1967.

The research will be aimed at understanding in detail how plants live. The understanding is expected to furnish answers to questions about how radiation affects plants and how damage from fallout to the nation's food crops could be minimized in the event of a nuclear war.

45 Years, 1 Accident

BATH, England (UPI) — Herbert Carpenter, 77, Bath's oldest cab driver, was ordered to take a new driving test yesterday after he admitted driving carelessly before his taxi struck a wall — his first accident in 45 years of driving.

MSU Gets Project on Plant Life

EAST LANSING (AP) — Michigan State University today announced it will conduct a large scale basic research project on plants for the Atomic Energy Commission.

Involved will be the construction of about a \$2-million research laboratory, a staff of some 90 persons and a budget of approximately \$1 million a year by 1967.

The research will be aimed at understanding in detail how plants live. The understanding is expected to furnish answers to questions about how radiation affects plants and how damage from fallout to the nation's food crops could be minimized in the event of a nuclear war.

Additionally, it is hoped MSU researchers can find plants which largely exclude radioactive materials or plants which concentrate on them and could be used to scavenge the earth.

Either type could help to eliminate radioactive materials from the diet of men following a nuclear war.

BIOLOGY PROGRAM

Dr. Richard Byrum, MSU dean of natural sciences, said officials of the Atomic Energy Commission visited several sites and selected MSU as the most desirable.

Favoring the university, he said, was its strong biological science program.

The research will be led by a director and about eight professors and associate professors. The operating budget will be about \$200,000 for the first year and about \$1 million a year by the time the program is fully operative.

Under terms of the agreement, MSU will construct a \$2-million plant research laboratory of about 63,000 square feet with built-in equipment.

The commission will pay an annual rental fee, permitting recovery of the construction cost in 10 years. Michigan State then will be able to continue occupancy at no rental cost.

Dr. Ernie Davis Leukemia

Fund has been established in memory of the famed college football player who died of this disease at the age of 23.

School Board Secretary Submits Resignation

BIRMINGHAM — Richard P. Barnard, Birmingham Board of Education secretary, has submitted his resignation to Board President E. Ross Hanson.

Mrs. Louise C. Adams of Birmingham has been appointed to replace Barnard as a trustee.

Barnard, an attorney who lives in Franklin Village, said out-of-town litigation has caused him to miss board meetings with increasing frequency.

Neglect Pair Gets 90 Days

They Left 3 Children Who Perished in Fire

Saying that no sentence could equal the punishment imposed by memory, Circuit Court Judge Frederick C. Ziem today meted out maximum 90-day jail terms to a Waterford Township couple who left three children alone the night they died by fire.

Sentenced were Mrs. Harold Kittles, a housewife, and her boyfriend, George Miskelka.

Their guilty pleas to a misdemeanor charge of contributing to neglect of minors were accepted Oct. 15 as their trial on a manslaughter charge was about to begin.

"No punishment meted out by this court can ever equal that which each of you will undoubtedly suffer the rest of your lives when you think of what your neglect has caused," Judge Ziem said.

Mrs. Kittles' three small children perished in a fire that gutted the house at 1835 Maize where she and Miskelka lived while they were drinking at a nearby tavern.

The two were accused of negligence in leaving the youngsters locked in the house. Neighbors who tried to rescue the children after fire broke out could not get in.

A cigarette left smoldering in a sofa was believed to be cause of fire.

Agreement to accept the pleas to the misdemeanor charge by Oakland County Prosecutor George F. Taylor touched off a storm of protest by neighbors and relatives of Mrs. Kittles' divorced husband, who was the father of one of the dead children.

MSU Gets Project on Plant Life

EAST LANSING (AP) — Michigan State University today announced it will conduct a large scale basic research project on plants for the Atomic Energy Commission.

Involved will be the construction of about a \$2-million research laboratory, a staff of some 90 persons and a budget of approximately \$1 million a year by 1967.

The research will be aimed at understanding in detail how plants live. The understanding is expected to furnish answers to questions about how radiation affects plants and how damage from fallout to the nation's food crops could be minimized in the event of a nuclear war.

Additionally, it is hoped MSU researchers can find plants which largely exclude radioactive materials or plants which concentrate on them and could be used to scavenge the earth.

Either type could help to eliminate radioactive materials from the diet of men following a nuclear war.

BIOLOGY PROGRAM

Dr. Richard Byrum, MSU dean of natural sciences, said officials of the Atomic Energy Commission visited several sites and selected MSU as the most desirable.

Favoring the university, he said, was its strong biological science program.

The research will be led by a director and about eight professors and associate professors. The operating budget will be about \$200,000 for the first year and about \$1 million a year by the time the program is fully operative.

Under terms of the agreement, MSU will construct a \$2-million plant research laboratory of about 63,000 square feet with built-in equipment.

The commission will pay an annual rental fee, permitting recovery of the construction cost in 10 years. Michigan State then will be able to continue occupancy at no rental cost.

Dr. Ernie Davis Leukemia

Fund has been established in memory of the famed college football player who died of this disease at the age of 23.

Stragler said little Michelle identified the Saginaw construction worker as her abductor when she picked him out of a group in a police lineup.

The 3-year-old brother of the victim, Frank, who saw her snatched from the mother's car, also made tentative identification of the suspect, he said.

Detectives were continuing to gather evidence and question the suspect, a father of four sons, before asking for a warrant from Ingham County Prosecutor Les Farhat.

The Ernie Davis Leukemia Fund has been established in memory of the famed college football player who died of this disease at the age of 23.

Airman, Clawson Girl Married

The Polish-American Century Club, Hamtramck, was the setting for a dinner-reception for 300 who attended the recent marriage of Sandra Beatrice Major to Air Traffic Controlman Edward Joseph Kretsch.

Rev. Michael O'Hara of St. Sebastian Church, Dearborn, cousin of the bridegroom, offered the nuptial high Mass in St. Ladislau Church, Hamtramck.

CARRIED ORCHIDS

The bride, daughter of David G. Major of Clawson and the late Mrs. Major, appeared in white silk brocade with French illusion veil. Her pearl tiara matched the bridegroom's gift necklace. She carried white Cymbidium orchids.

Karen and Beverly Palczarski of Hamtramck attended their cousin as bridesmaids. Mary Ann Krasusky of Grosse Ile was maid of honor.

The bridegroom, son of Mr. and Mrs. Elmer Kretsch of Sylvan Lake was assisted by his brothers Elmer Jr. as best man and John who ushered with William Downing of Walled Lake.

Returned from their Kentucky honeymoon, the couple are at home in Utica. He is stationed at Selfridge AFB.

Keep Shoes Loose
Tight-fitting shoes or boots can cause frostbite, which can be not only painful but serious.

JUDY PAVLIK

January vows are planned by Judy Pavlik, daughter of the John Pavliks of Royal Oak and Richard Fox, son of Mr. and Mrs. Melvin Fox of Meadow Street.

Sorority Discusses Transfers

The Pontiac City Council of Beta Sigma Phi sorority considered membership transfers from other cities Monday evening in the home of Mrs. Andrew Vitt on Silver Circle.

Plans for Founders' Day were discussed, also a tea for new members in November at the Clarkson Road home of Mrs. Philip L. Stenberg.

Red, White Featured at Recent Wedding

An Italian-American club reception followed the recent vows of Karen Lee Gorkie and Ronald Frederick May, in St. Paul Lutheran Church, where Rev. Maurice Shackelford officiated.

Daughter of the Frank L. Gorkies of East Mansfield Avenue, the bride wore white tulle lace combined with Chantilly lace for the candlelight ceremony. A coachman-style lace panel centered her full gathered skirt styled in a chapel sweep.

A rose headpiece topped her bouffant illusion veil and red roses accented her bouquet of white carnations and Stephanotis.

With Mrs. Eugene Hubback, her cousin's matron of honor, were the bride's sister Carole Gorkie, Glenda Roberts and Mrs. Robert Turnbull of Oxford, who were bridesmaids. Kathy Gorkie was junior maid and Candy Jones of Oxford served as flower girl.

They wore red chiffon over tulle and carried red-tipped white carnations.

The bridegroom, son of

Frederick L. May of Forest Avenue and the late Mrs. Lorraine DeVar, had William Palace of Clarkson for best man.

Seating guests were Ernest Gehrke, Henry Grace, Gary Wright and junior usher John Jones of Oxford.

The couple will be at home on Pioneer Drive after a honeymoon in Miami.

Area Group Sets Dances for November

The Wagon Wheelers Square Dance Club plans three special dances, all in the Donelson School, during November. All dances begin at 8:30 p.m. The annual hard times dance, with optional dress, will be on Friday.

On Nov. 15, the club will mark its fourth anniversary under the calling of Melvin Sheffer.

Wagon Wheelers, with Mr. Sheffer, caller, will host the following callers and their clubs at the yearly jamboree on Nov. 29:

Charles Becker, "Hix 'n' Chix"; Edward Farr, "Style Stoppers"; Norman Hill, "Westernaires"; Samuel Jones, "Allamanders"; Martin Lock, "Happy Twirlers"; Robert Long, "Longhorns"; Ralph Price, "Pontiac Square Sets"; Douglas Rieck, "Dudes 'n' Dolls"; Wayne Wilcox, "Cukoo Squares"; and for the round dances the Warren Allen and Mr. and Mrs. Robert Jensenius.

'A' for Cleanliness

Clean hands, clean clothes, and clean school supplies are the A-plus from any teacher.

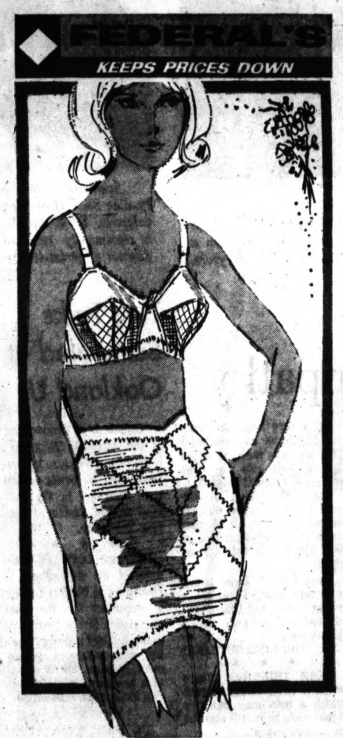

Electric Sheets Need Cleaning

Be sure to launder your electric sheets before summer storage. They are safe in a washing machine, but should never be wrung or twisted.

Just wrap the plub with several thicknesses of cloth, and tie it in place with thread so it won't strike the washer tub. Follow the manufacturer's instructions for drying.

Fall Fashion Show

The fashion show to be presented by The Stride Rite shoe company will start at 8:30 p.m. Nov. 13 at the temple. Arthur's will supply the fashions.

Straight From Polly

Pointers for Brides

By POLLY CRAMER

DEAR POLLY—I, too, save the pointers. Recently when I gave a shower for a bride-to-be, I passed out a Polly's Pointer clipping to each guest. Then each one read her Pointer aloud. This led to our sharing our own helpful hints with the bride. We had an interesting and informative afternoon not only for the bride-to-be but for us older homemakers, too.—MRS. M. K.

DEAR POLLY—To make shoe trees for women's pointed-toe shoes, unwind two wire coat hangers, place the straight end of the hanger in a toe and bend it at the desired length for the heel. I hang mine on the clothes rod by using the hook that was in the hanger. My feet are wide and my shoes get out of shape but this certainly helps to keep them nice looking.—MRS. J. S.

DEAR POLLY—Ever try to work with a stiff chamois? It is a tough job. Place the chamois in a pan of warm water with a teaspoon or two of vegetable oil, soak for a few minutes and then rinse thoroughly. Softens it in a jiffy!—POLLY P.

DEAR POLLY—I have found a good way to store flower pots. Take a strong cord and tie a big knot (bigger than the holes in the pots) on the bottom of the cord.

Then slide the flower pots on to the cord through the drainage holes. After the pots are strung on the cord, hang the cord on a hook or shelf in the garage or basement.—MRS. H. D.

DEAR POLLY—Before washing sweaters, tack the buttonholes together to keep them from stretching out of shape during the laundering.

Wax on window sills not only protects the paint but makes a simple job of wiping off dirt and rain spots.

To get more mileage out of bath mats, I make them reversible by sewing a Turkish towel on the bottom side.

Before purchasing dark colored corduroy, take a white handkerchief and rub the surface of the fabric briskly. If the color comes off on your handkerchief, you can expect it to rub off on other clothing. If the color rubs off when the fabric is dry, the problem will be worse when the material is being laundered.—MISS A. S.

Share your favorite homemaking ideas... send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your ideas in Polly's Pointers.

Thick Suds Clean Cane

To scrub cane or rattan furniture, use a fairly stiff brush dipped into thick soap or detergent suds.

Only after each piece is thoroughly dry should you apply a fresh finish—using oil, wax, or polish according to the manufacturer's directions or your own preference.

Captains Trim WTHS Harriers

Kettering Adds Points in Sports Trophy Bid

Waterford Kettering scored a 50-point victory over arch rival Waterford Township yesterday in cross country, although the final score was only 23-22.

The close win gave the Captains 50 points in the competition for the All Sports Trophy.

Actually, the victory was worth 100 points since Kettering had won 50 points with an earlier cross country win this season; but the Skippers could have offset that advantage with a triumph yesterday.

There will be 100 points available in the football contest next week between the two schools.

Bruce Bodner and Mark Pankner finished one-two for the Captains yesterday with the former's winning time of 19:58 only one second ahead of his teammate's time, on the windy, chilly home course.

Waterford grabbed third and fourth places by George Ballingall and John Meyers, respectively; but Kettering's Len McPherson edged Ron Potter of the Skippers for sixth place and the clinching points.

The victory gave the Captains a 6-5 dual meet record. Their reserve squad also triumphed, 17-46.

U-D Fullback 2nd in Rushing Yardage

DETROIT (AP) — Collegiate football's second leading runner is a University of Detroit fullback, Fred Beier.

The stocky U-D junior has gained 550 yards in 116 carries for a 4.7-yard average in the Titans 1-4-1 season. He could be come the school's best runner since Lloyd Brazil in 1928.

Brad's record is safe, however. He gained 1,383 yards rushing in the Titans' 9-0 campaign in 1928.

Beier is likely to be handed the ball often Saturday night when U-D plays Houston at Houston, Tex. Houston is winless — but has played such rugged teams as Auburn, Baylor, Mississippi, Texas A & M, Mississippi State and Alabama.

BEATS BING — Lewis Miller of Birmingham was one of 27 golfers picked nationally to compete in the Best Bing tournament at Tucson recently. He fired a 154 for 5th place and failed to qualify for the Crosby Invitational, next January at Pebble Beach. The top three were selected.

Bandits Steal League Title With Late TD

The Motor Mart Bandits scored a final period touchdown last night to clinch a 16-4 victory over the Lions and take the city men's touch football regular season title.

The Bandits thus went unbeaten through seven league games and will enter next week's playoffs as the top-seeded team.

Other scores last night at Joyce Park saw the G. M. Raiders topple the victors, 30-0, for their second win, Anderson's All-Stars nip West Side Lions, 6-0, and the Mustangs beat the Pontiac Packers, 15-4.

Warren Stephens and Fred Davis scored once to pace the Mustangs as they clinched second place.

Ernest Robinson had the only touchdown as the All-Stars tied for third place by beating West Side. Jerry Gerber went over twice. Fred Ackler, Bob Hanzwell and Dick Heller each tallied one touchdown as the Raiders tied for fifth place.

All eight teams will engage in the playoffs which will start next Tuesday night at Joyce Park.

CITY MEN'S TOUCH FOOTBALL

Team	W	L	T
Motor Mart Bandits	7	0	0
The Mustangs	6	1	0
The Lions	5	2	0
Anderson's All-Stars	4	3	0
West Side Lions	3	4	0
G. M. Raiders	2	5	0
Pontiac Packers	1	6	0
The Vikings	0	7	0

Meet Celtics Tonight

Pistons Seek Home Win

DETROIT (UPI) — The Detroit Pistons will be seeking their first home victory of the young National Basketball Association season tonight at Cobo Arena.

But they might have to wait awhile, because they will be playing against the world champion Boston Celtics.

The Celtics, minus the services of the great Bob Cousy, who retired have shown so far that they hardly miss the backcourt wizard. They have a 3-0 record and are all alone in the lead of the eastern division.

The Pistons, under new coach Charley Wolf, are in the cellar of the western division.

The Celtics have been bothered by the usual opening season lulls. A couple of front line players have come down with the flu and Tom Heinsohn has been suffering from the shingles but the Boston club doesn't show any signs of letting up.

Buckeyes Recover Fast

Hayes Uses Trump Card at Wisconsin

COLUMBUS, Ohio (UPI) — He's known for winning the big ones around the rugged Big Ten, but when his back is to the wall — look out.

He's the dean of Big Ten football coaches, and his teams have dominated the league for 13 seasons. He has an edge over every opposing team in the conference except Minnesota, which Ohio State has not met during the "Woody years."

He's Wayne Woodrow Hayes, the outspoken, hard-boiled coach at Ohio State.

The 13-0 victory over Wisconsin last week was a complete turnaround for Ohio State, which had been crushed the week before at Southern California. But that's when Hayes is the most dangerous — with his back to the wall.

"There have been only two or three times in the last years we've lost two in a row," Hayes said.

"But the important statistic is if the kids can fight their way back after a humiliating defeat. It's the boys that come back to win that make a fine team."

PRIDE HUNT

His pride battered after the humiliating 32-3 defeat, his worst as a coach, Hayes asked each of his players to write a critique of what would do the most good in getting ready for Wisconsin.

He also did a little thinking on his own and came up with a trump card — Tom Barrington, a 205-pound quarterback who nearly lost his life last summer in an industrial accident.

Hayes closed the doors to the practice field and drilled Barrington long and hard. He had been idle since last spring from the shattered leg that forbade any contact work whatsoever.

"We felt it would be a good advantage to us if the opposition didn't know about Barrington," Hayes said.

Carswell Will Return as Syracuse Manager

SYRACUSE, N.Y. (AP) — Frank Carswell, who managed the Syracuse Chiefs to the northern division championship in the International Baseball League last season, will manage the team next year, the club said Tuesday.

Carswell, 45, was named manager last June 19 to replace Bob Swift, who was called up to the parent Detroit Tiger organization as a coach.

Barrington was kept off the field at Wisconsin until the squad came back to start the game. He was not listed on the traveling roster.

"Although they might have had some premonition about it, they weren't sure of it," Hayes said.

Primarily a runner, Barrington gained 55 yards in 16 carries, but his lift was psychological more than anything else. It took displaced quarterback Don Unverferth to provide the pass-

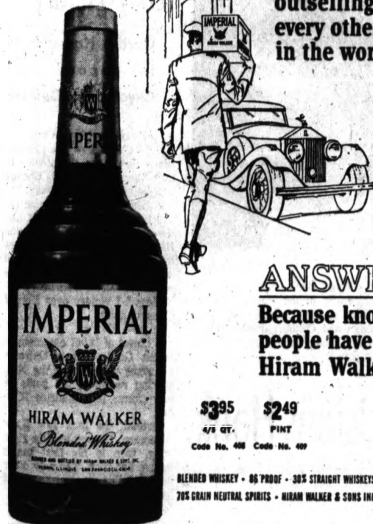

ing that set up the winning touchdown in the final three minutes.

"Maybe it's healthy to stick a boy on the bench," Hayes smiled.

During the "Woody years" in the Big Ten, 1951 to 1953, Ohio State has compiled a 58-18-5 record.

Although the Buckeyes have not played Minnesota in that time, the best any of the other eight have done is Iowa with five wins and six losses.

KEEP OFF—A bad experience with hunters plowing through his grain field last year prompted Bob Schmidtke to erect a warning sign on his rural St. Joseph, Mich. property.

The sign is very effective," says Schmidtke, who is very serious about the warning. Undoubtedly, his gun adds strength to the poster.

Jackie Enters Sardar

Kennedys May Star in Horse Show

WASHINGTON (AP) — The Kennedys star at the Washington international Horse Show tonight.

First lady Jacqueline Kennedy, although not attending in person, has entered her Pakistani gift horse, Sardar, for an official debut on the show circuit.

The thoroughbred bay gelding, a gift from Pakistani president Ayub Khan, will be ridden by Mrs. Kennedy's friend and Midleburg, Va., neighbor, Mrs. Eve Fout, in a sidesaddle ladies' hunter class.

And, Ethel Kennedy, wife of the Atty. Gen. Robert F. Kennedy, will ride a borrowed hunter in a conformation class if she can get clearance to wear the colors of her debut hunt club.

Ethel, now 35 and the mother of eight children, was a well known horsewoman before her marriage and rode in Connecticut and New York shows with the Fairfield-Westchester Hunt.

Some show folk complained when she rode here two years ago although she was not a card carrying member of any recognized hunt—a rule-book violation.

This time, Ethel is seeking credentials. Claude W. Owen, horseowner from nearby Potomac, Md., and a director of the Washington show, is letting Mrs. Kennedy ride his 7-year-old chestnut hunter, War Life. He said the masters of the foxhounds association in Boston have been asked to issue a hunt card to Mrs. Kennedy, even though her ex-hunt club is now extinct.

If all the legal maneuvers are squared away, the attorney general's wife will take the jumps in War Life, the second highest scorer in conformation divisions in the U.S.

The Kennedy contingent will spark the second night of the six day show, which got off to a white lie social start in the national guard armory Tuesday night.

West Germany's young and speedy trio of riders rode away with top honors in the first test of international jumping. They took the first four places, shutting out entries from U.S., Canada and Argentine teams.

EXPECTED LESS

U.S. team coach Bertalan De Nemethy of Noroton, Conn., said he expected the Germans to be the toughest competition in the show. But their smashing victory Tuesday night was a bit more than was bargained for.

With only three riders—Alvin Schockemuehle, 26, Germany's jumping champ, Kurt Jarsinski, 24, and Herman Schridde, 26, they routed the powerhouse American squad with its seven riders and a string of 14 horses entered in the fault and out ringmaster challenge trophy.

Whistles and applause from the opening night crowd of 3,800 greeted Schockemuehle's victory dash on Dozent. He also took second place, riding another mount, Freiherr. His teammates went up third and fourth by sewing the same distance. Schridde riding Kamerad and Jarsinski on Altmusik.

Goose hunting at Swan Creek and Fenville game farm in Allegan County is holding up well, but the big migration of honkers has yet to arrive.

Hunters using decoys and a calls in southern and western Oakland County are picking up a few geese. The local honkers are taken while flying between refuges and feeding grounds.

Grouse hunting in Lapeer and Oakland Counties is only fair.

The pats are spread out and in heavy cover. They are also flushing well in front of hunters. One good thing about these birds is that they can be walked up.

The Holdridge Lakes area and sections off Van Road, both in Holly recreation area, contain pats. The Hadley Hills has a few.

Old orchards around Metamora are productive grouse locations.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Day	Moonset	Moonrise
Today	3:15 9:30	3:36 9:56
Monday	4:05 10:15	4:26 10:46
Tuesday	4:55 11:00	5:16 11:36
Wednesday	5:45 11:45	6:06 12:26
Thursday	6:35 12:30	6:56 13:16
Friday	7:25 1:15	7:46 14:06
Saturday	8:15 2:00	8:36 14:56
Sunday	9:05 2:45	9:26 15:46
Monday	9:55 3:30	10:16 16:36
Tuesday	10:45 4:15	11:06 17:26
Wednesday	11:35 5:00	11:56 18:16

AP Photos

NEVER TOO OLD — Mrs. Luella Halverson of Milwaukee plots distribution of a 42-inch muskie whose big mouth got it into trouble after the fish underestimated the power of a woman. The 73-year-old grandmother, who had been stalking muskies while fishing with her daughter on a northern Wisconsin lake.

North Wind Blows Good News for Duck Hunters

Dry Weather Foils Nimrods After Birds

Leaders Hold Places in Press Contest; Some Geese Taken

The north wind howling through Michigan Monday afternoon and evening meant good news for duck hunters, but it didn't carry any rain for Southern Michigan's harried pheasant enthusiasts.

As temperatures dropped and the wind increased, ducks began pulling out of Canada. They rode the wind into Michigan and began dropping down on the Great Lakes.

Flight ducks, mostly bluebirds and goldeneyes, that had arrived earlier and were banking in northern Lakes Huron and Michigan during the pleasant weather, were chased inland by the stiff on shore breezes.

The wind also took a lot of dead leaves off trees making grouse and archery deer hunters happy.

But for the pheasant hunter there was no good news.

The extremely dry weather has made dog work almost impossible.

In fact, conditions are so adverse that many nimrods are staying home waiting for a good rain.

PHEASANT CONTEST

The leaders remain the same in The Press Sports Contest. A 40% - inch ringneck is leading the length division while the weight class is topped by a 3-pound, 9-ounce bird.

A \$50 savings bond is awarded to the hunter entering the heaviest ringneck and a \$25 bond for the longest. The contest is open to all residents of Oakland County.

Only ringnecks are eligible and the birds must be brought to The Press Sports Department for weighing or measuring.

The contest closes at noon, Nov. 11.

Damp areas in northern Oakland County, the Brown City area, Sanilac County and the marsh area in northern Tuscola County have been the most productive pheasant spots.

Goose hunting at Swan Creek and Fenville game farm in Allegan County is holding up well, but the big migration of honkers has yet to arrive.

Hunters using decoys and a calls in southern and western Oakland County are picking up a few geese. The local honkers are taken while flying between refuges and feeding grounds.

Grouse hunting in Lapeer and Oakland Counties is only fair.

The pats are spread out and in heavy cover. They are also flushing well in front of hunters. One good thing about these birds is that they can be walked up.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Day	Moonset	Moonrise
Today	3:15 9:30	3:36 9:56
Monday	4:05 10:15	4:26 10:46
Tuesday	4:55 11:00	5:16 11:36
Wednesday	5:45 11:45	6:06 12:26
Thursday	6:35 12:30	6:56 13:16
Friday	7:25 1:15	7:46 14:06
Saturday	8:15 2:00	8:36 14:56
Sunday	9:05 2:45	9:26 15:46
Monday	9:55 3:30	10:16 16:36
Tuesday	10:45 4:15	11:06 17:26
Wednesday	11:35 5:00	11:56 18:16

Machine Does Everything, but It's Still Not Human

LANSING (AP) — Hunters who applied for antlerless deer hunting permits can be sure they received a fair shake in the drawing.

Machine 113M, 1401 saw to that.

For the first time, the State Conservation Department this year used an automated machine to select 111,000 permit cards from some 206,000 applicants. These were in areas where the number of hunter applications exceeded the quotas.

The average person, looking at the machine, is tempted to think of it as being uncannily human. The machine can play a chess game, a game of checkers or write poetry if given the proper instructions.

The people who work with it even have had the machine draw a picture of a pretty girl. Every curve is just right in the machine-made drawing.

But the people directing it show they realize it is just a machine. They haven't even given it a pet name.

NO PERSONALITY

"It is just a big, hard old hunk of hardware," said Jim Hughes, administrative analyst for the Conservation Department.

"People who work with these machines don't think of them as personalities," Hughes and Harry Cox, in charge of office services for the department, had the tedious job of telling the machine what to do.

It took about three days for them to draw up instructions. When the drawings were

finished, they first ran a 20-minute test. Then the machine worked from 5 p. m. until 3 a. m. on the drawings. It is estimated the machine method saved some 1,000 man-hours of work.

"The only error the machine might make is the error fed it by us before it gets the data. It will reject the material provided if it is incorrect," Cox explained.

As an example, the machine spat out an objection when asked to draw 927 permits for the Montmorency County area. The machine told the humans they were incorrect. The machine was right. There should

have been 928 permits allowed for the area.

The machine was borrowed from the State Department of Social Welfare.

Al Dasen, superintendent of data processing for the Welfare Department, said it is the most versatile machine now available in its field. It can be taught to handle more than 200 different operations, he said.

The regular job of the machine is to process checks for welfare recipients — some 130,000 a month.

More than 261,000 applications for any-deer permits were received by the department this

year, a new high. About 10,500 were rejected because they were received after the Oct. 10 deadline.

In previous years it took several days to draw the permits for hunters in areas where there were more applications than the quota allowed.

Deer Permits Go in Mail This Week

LANSING (UPI) — The State Conservation Department has been delayed with telephone calls from hunters who sought the 146,000 "any deer" permits available for next month's season.

"Everyone wants to know when they will be notified of their success or failure in the draw," said a department spokesman.

A computer pulled out the lucky winners in the permit draw last week, but the applications now are awaiting a printer's stamp of "allowed" or "denied."

The department spokesman said notices to successful applicants in the western end of the Upper Peninsula would be mailed out tomorrow. The season starts Nov. 9 in the western U.P.

Successful applicants in all other areas, where the season starts Nov. 15, will be notified in letters being mailed Friday.

A third set of letters will be sent out next Monday, to the estimated 115,000 hunters whose luck in the draw was bad, the department spokesman said.

A total of 85 ski centers are expected to operate in Michigan this winter, including two multimillion dollar, layouts.

The two plush resorts are Shanty Creek Lodge near Bellaire and Boyne Highlands at Harbor Springs.

"The new ski areas and expanded facilities at many of the established Michigan resorts should add up to winter business that will surpass the record \$20 million season last year," said State Tourist Council Director William McGraw.

Facilities at Alpine Valley and Mt. Christie near Pontiac have been expanded.

Michigan and Wisconsin water resource officials are unhappy over the U.S. Department of Health, Education and Welfare announcing it would hold a conference on pollution of the Menominee River.

Claiming "intervention without invitation," Michigan officials are irked that the federal government stepped in and proclaimed pollution without first consulting them.

Antlerless Deer Hunting in S. Michigan Supported

A state Senate conservation committee Monday heard witnesses urge that an antlerless deer season be permitted in southern lower Michigan.

The committee, meeting in Kalamazoo, talked to agriculture agents, farmers, fruit growers and nurserymen. They were unanimously for shooting antlerless deer — now allowed in the northern part of the state.

The committee will hold further hearings early next year in other areas before making any recommendations.

One nurseryman, John Zelenka of Grand Haven, told the lawmakers that deer did \$49,000 damage last year to his trees.

The Kalamazoo National Trout Festival, oldest in the nation, will not be held in 1965. Local sponsors have decided to spend their money on luring an industry to the northern Michigan community.
