

# President Lists Conditions for Meeting Mr. K

## Pontiac Motor Callback Set Despite Strike

14 Mayors Attempting  
to Mediate Walkout  
at Grand Trunk

With Pontiac Motor Division planning to begin its 1961 production year tomorrow, Mayor Philip E. Rowston today journeyed to Detroit to join a mass effort to settle the seven-day-old Grand Trunk Western Railroad strike, which threatens the closing of still more auto plants.

Pontiac Motor leaders have announced no change in plans for a callback to resume operations, a company spokesman said.

The initial callback is for approximately 1,200 workers.

Apparently we have not been affected by the strike so far, said the spokesman.

Rowston and the mayors of 13 other Michigan cities served by the railroad were to meet with union and railway representatives, at the invitation of Battle Creek Mayor R. M. Turner, to mediate in the deadlocked negotiations.

The Brotherhood of Railway Trainmen struck the railroad in a dispute over working conditions. Company and union bargainers said they had reached agreement on 21 of 28 working rules under dispute, but were unable to agree on the remaining seven.

A two-hour negotiating session yesterday brought no reports of progress.

The other cities represented today are Ferndale, Royal Oak, Bloomfield Hills, Farmington Hills, Detroit, Highland Park, Battle Creek, Kalamazoo, Port Huron, Lansing, Durand, Grand Rapids and Flint, which has been doubly hit by the strike.

Last night Chevrolet Division of General Motors Corp. closed its eight-cylinder engine plant at Flint because there were no more available boxcars for shipment of engines.

The division's six-cylinder plant (Continued on Page 2, Col. 8)

## Florida Warned About Hurricane

Bahamas Also Urged  
to Prepare for Wind  
as Donna Pops Up

MIAMI, Fla. (AP) — The eastern and central Bahamas were warned to take immediate precautions against Hurricane Donna today and the threat to Florida increased considerably.

The dangerous storm, which has taken at least 116 lives, was

located 500 miles east-southeast of Miami and headed due west.

Its highest winds were 100 miles an hour at the center. Winds of 74 miles an hour or better extended 100 miles to the northwest and 50 miles to the southwest.

"The threat to Florida from Hurricane Donna has increased considerably during the past 24 hours," the Miami Weather Bureau said.

"The storm is entering an area where the steering winds are rather light and changing. Thus the movement of the hurricane is likely to be rather slow toward the west or west-northwest during the next 24 hours but all interests on the lower east Florida coast are strongly urged to keep in touch with all advisories and bulletins."

The eastern and central Bahamas were warned to speed preparations for hurricane winds, rough seas and tides four to seven feet above normal.

## Scene of Parting in Katanga

YES, DEAR — A Katanga Province volunteer on his way to battle troops of President-Lumumba in defense of Kasai Province listens to some parting words from his wife in Elisabethville last week. Looks like she got in the last word.

## Nix Mutual Ouster by Congo Leaders

LEOPOLDVILLE, the Congo — The National Assembly today voted to invalidate President Joseph Kasavubu's firing of Premier Patrice Lumumba and Lumumba's order ousting Kasavubu.

The decision was embodied in a single resolution. Lumumba himself voted for the resolution along with 30 members. Nineteen deputies voted against.

The decision throws the conflict between Kasavubu and Lumumba back to where it was. The deputies appeared baffled by the problem and reflected it clearly in confusing speeches which followed one another all day long.

Militarily, Kasavubu picked up strength. Congolese soldiers loyal to Kasavubu filtered into Leopoldville. Leaders of Kasavubu's Akaba party said most came from the army base at Thysville, 70 miles southwest of Leopoldville, where the army's July mutiny started.

FRED BALANGA CHIEF About 100 walked boldly into a prison Tuesday night and freed Jean Bolikango, a Balanga chief and leader of the Party of National Unity (PUNU), who had been jailed in an effort to wipe out all political opposition.

The soldiers, all Balangas, took Balikango to a hideout in the African quarter of the city.

A P.N.U. spokesman made clear that the international organization that has since Radio Leopoldville and tightened its control over Congo airports, intends to take determined steps to prevent the spread of disorder.

Lumumba spoke for more than two hours before the assembly guarded by rifle carrying, steel helmeted troops. His tone changed from screams

to a plea for calm.

The building is especially damaged for the purpose with a long middle aisle and a dais at the end. Aides in colorful robes assisted in the preliminary.

Two Swiss guards in striking costumes and with long lances stood at each side of the elevated platform. Their apparel was designed by Michelangelo and is very colorful.

As the procession moved down the long aisle, the Pope in white on a special chair carried by eight men. As they advance a wave of applause follows and he responds with friendly gestures.

When he takes his seat on the dais, the room becomes his cathedral.

## Foresees '61 Cars Topping '60 Sales

By BEN PHLEGAR  
AP Automotive Editor

MIAMI BEACH — The chairman and president of Chrysler Corp., L. L. Colbert, today joined the growing chorus of auto industry executives who foresee 1961 car sales as equal or better than this year's.

In remarks prepared for a national press preview, Colbert touched only briefly on Chrysler's internal troubles.

He gave no indication of the current status of investigations into possible conflicts of interest on the part of company executives other than to confirm that such probes are continuing.

Colbert said new car sales this year will total about 6 1/2 million units. A year ago this month in the same Miami Beach Hotel he forecast a possibility of 7 million for 1960.

But he saw a good omen in the fact that his predictions fell short. "If we were enjoying a 7-million car year now in 1960, we would almost certainly be borrowing some sales from 1961," he declared.

Colbert noted a slowdown during the late summer in sales of both new and used cars. This, he said, reflected some tendency towards caution on the part of car buyers.

Chrysler and every other auto company has found a tendency among customers to buy new compact cars rather than standard size cars, Colbert said. He predicted the traditional low price names plus compacts and imports will take 30 per cent of the market by the end of this year. In 1953 the low price three-Ford, Chevrolet and Plymouth took 25 per cent of all sales.

Colbert said Chrysler cars are at the low end of the low price field with the addition of the Dodge Dart and the Valiant. Next month Chrysler will introduce its second compact car, the Dodge Lancer.

In his prepared remarks, Colbert made no mention of the four stockholder suits pending against Chrysler.

These followed the firing last June of William C. Newberg as president and the subsequent revelation that Newberg had been part owner of a company selling small parts to Chrysler.

On Feb. 10, 1959, David W. Kendall, special counsel to the president, turned down Walter's request for the names.

Walter showed a reporter letters contained in correspondence that he has conducted with the White House concerning his request to identify what he called known security risks.

As chairman of the House Committee on Un-American Activities, Walter said he wants the names of all employees separated from service under a loyalty program but released after a 1948 decision of the Supreme Court let them have their jobs back.

Walter showed in the letters shortly after Eisenhower, at his news conference, had said he knew of no problems that had engaged his attention more in recent weeks than making the nation's security procedures airtight. That comment came in discussion of the two National Security Agency employees who defected to Russia.

Eisenhower said that whenever he saw the nation in a bind he always will do everything in his power to remove security risks from his jobs.

PRESIDENT EISENHOWER

## K to Arrive on Sept. 19 for Session

WASHINGTON (UPI)

Soviet Premier Nikita S. Khrushchev will arrive in New York Sept. 19 aboard the Russian ship Balika to attend the U.N. General Assembly, the State Department said today.

The Soviet leader's travel plans for attending the General Assembly session which begins in New York Sept. 20 were given to the State Department in a note by Russian Ambassador Mikhail A. Menzhkov.

The department released no information on how long the Soviet premier will stay in New York.

Department press officer Lincoln White said he knew of no plans by the Russians for Khrushchev to visit Washington or make any other side trips in the United States.

White referred further questions by reporters to the United Nations and the Soviet Embassy.

"He's not coming to the United States as such for a visit," White said. "He is coming to the United Nations."

## Russia Must Release Fliers, Ike Demands

Deploring Red Supplies  
to the Congo Because  
of Civil Warfare

From Our News Wire

WASHINGTON — President Eisenhower today ruled out any meeting with Soviet Premier Nikita S. Khrushchev unless the Russians released imprisoned U.S. fliers and fulfill other unspecified conditions.

Eisenhower told his news conference the United States deplors "the unilateral action of the Soviet Union in supplying aircraft and other equipment for military purposes to the Congo."

He said the defection to Moscow of two American code clerks shows the need for an examination of the machinery.

President Eisenhower today emphatically repudiated the religious issue as a political weapon to be used by himself, Vice President Richard M. Nixon, or other members of the Republican party.

In what amounted to a reply to a charge by former President Harry S. Truman that Nixon was letting religious bias enter the campaign by the back door, Eisenhower said he knew of no religious issue in the campaign.

The question of religion as a campaign issue arose because Sen. (Continued on Page 2, Col. 3)

Argentine Airliner  
Crashes and 31 Die

MONTEVIDEO, Uruguay (U.S. — An Argentine airliner with 25 passengers and crew of six apparently exploded in the air and crashed today in Northern Uruguay.

All 31 aboard were killed, the airline said. The crash, including two U.S. women on the embassy staff in Buenos Aires.

## Sweltering School Days Greet Kids

4 a.m. — 60° 10 a.m. — 81°  
6 a.m. — 70° 2 p.m. — 82°

The hectic summer holidays are over and children are going back to school, but hot summer weather is still with us.

The mercury was expected to reach 90 degrees in the Pontiac area today and tomorrow.

Tonight's low will be a warm 78°.

Temperatures are expected to turn cooler over the weekend, however. Precipitation will total about three-quarters of an inch in thunderstorms Saturday and Sunday.

Morning winds southerly at 10 miles an hour will become 10 to 20 m.p.h. late this afternoon and diminish somewhat tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 86 degrees. The mercury had climbed to 86 at 1 p.m.

## Publisher Has Audience

## Says Pope John Humble, Kind Man

By HAROLD A. FITZGERALD  
Publisher, The Pontiac Press

ROME — It was my good fortune to enjoy an audience with the Holy Father, Pope John XXIII, amidst about a thousand people present, representing many nations.

The entrance of this spiritual leader is impressive.

The building is especially damaged for the purpose with a long middle aisle and a dais at the end. Aides in colorful robes assisted in the preliminary.

Two Swiss guards in striking costumes and with long lances stood at each side of the elevated platform. Their apparel was designed by Michelangelo and is very colorful.

As the procession moved down the long aisle, the Pope in white on a special chair carried by eight men. As they advance a wave of applause follows and he responds with friendly gestures.

When he takes his seat on the dais, the room becomes his cathedral.

Pope John is a big man. He has a large head, large hands and a bearing that speaks dignity and yet is coupled with kindness.

He spoke without a note for 30 minutes, and his talk must have been marked with humor and tenderness, for he was interrupted several times by restrained but spontaneous laughter.

And I'm positive about the tenderness because of the shining faces of the devout Italians who comprehended the words.

PLEASANT VOICE His voice is pleasing and resonant and he speaks with emphasis and supplements his delivery with

gestures. Just before the blessing, he spoke in English and said he could not talk well in our language but he could speak well from the heart.

He emphasized that he did not believe we would face another world war because the churches are stronger now. More people are attending than did

# Ike Puts an 'If' on K Talks

(Continued From Page One)

John F. Kennedy of Massachusetts, Democratic presidential nominee, is a Catholic. Nixon, the Republican nominee, was reared a Quaker. The President said he hoped that religion as an issue would be laid on the shelf and forgotten until the election is over.

The President told the news conference the chances were very slim, indeed, that he would get together with Khrushchev when the premier comes to the United States later this month to attend the United Nations General Assembly.

Eisenhower made it clear that he probably would attend the Assembly himself but said he did not intend to debate the U.N. by being a party to a battle of invective and propaganda there.

He specifically ruled out any two RFK brothers should drop this summer and captured by the Russians are set free and Moscow carries out certain other conditions.

The odds of the gap dividing the world's two major powers was reemphasized when Eisenhower stressed the Soviet to stop supplying planes to transport Communist troops to the action against the civil war and lead to wider dangers in remote Africa.

Eisenhower said this has ag-

gravated "an already serious situation which finds Africans killing other Africans."

**CONTRARY TO PRINCIPLES**

He said further that if these planes are flown by Soviet military personnel, "this would be contrary to the principles so far applied regarding use in the Congo of military contingents from the larger powers."

The President went on to say that so far as he knows these rules have previously been upheld by the Soviet Union.

"Therefore," he added, "it would be doubly serious if such participation by military units were part of an operation in the civil war which has recently taken on very ugly overtones."

Concerning the defectors, the President said every possible step must be taken without violating the rights of individuals to remove bad security risks from positions where they can harm the nation.

Eisenhower noted that the defection of the two code clerks of the National Security Agency proves that Americans must be constantly on the alert.

The two clerks, Thomas F. Mitchell, 31, and William J. Martin, 28, turned up in a Moscow news conference Tuesday and accused America of threats against their lives.

The case shows, Eisenhower said, that we must go through our own procedures to strengthen the position that weak, irresolute, or treacherable persons do not occupy sensitive posts.

Eisenhower said he had not received any indication that Mitchell and Martin were suspected of any plan to defect before they left their jobs, ostensibly on a vacation.

**CONGRESS DISAPPOINTING**

Eisenhower described the post-convention session of Congress as a disappointing one, not only to him but to the nation.

His comment came after a reporter called attention to Democratic assertions that the President was in a struggle with the results of the session which adjourned last week.

Eisenhower grunted and replied that apparently the Democrats were trying to make him responsible for splitting their own party.

He said the Democrats had a 21 majority in Congress but "disappointing very little indeed."

If there had been any spirit of good-will, Eisenhower said, there would have been legislation providing a reasonable increase in the minimum wage, building more schools, and bringing some other needed accomplishments.

In reply to another question, the President indicated he plans to strike out strongly for the Republican party in the campaign, but will refuse to denigrate his office by engaging in political shouting on the stump.

A reporter had asked whether Eisenhower, as some have said, prefers to stand above political action or plans to throw himself into the campaign to make Nixon his successor.

The President replied that he had never said he liked to stand above politics.

On the other hand, he added, he felt a clear responsibility to speak out in behalf of the philosophy of government his administration has espoused.

He said a president should make his views on vital issues known to the people and he intends to do so.

# Ask More Cash for Recreation

## New Bathing Beach, Baseball Subsidy Hike Proposed to City

The city administration, currently reviewing 1961 budget requests, has asked last night by the City Commission for more money for recreational centers next year.

An increase in the city subsidy for local teams participating in Class A state baseball tournaments was sought by Commissioner Robert A. Landry.

Commissioner William E. Butler wanted to know the cost of establishing a bathing beach at Shawville Park on Little Silver.

The \$300 city subsidy now paid to city-sponsored baseball teams is not enough to cover expenses in the five-game tournament, said Landry.

"We should either raise the city share of expenses or drop it entirely," he said.

Butler's proposal will be sent to the parks and recreation department, which already has drawn up long-range plans for the development of all city parks including Shawville. A beach is included in plans there, but not for the immediate future.

# Wadsworth Takes Lodge's Seat in U.N.

WASHINGTON (UPI)—James J. Wadsworth was sworn in today as U.S. representative to the United Nations in a ceremony at the White House.

Supreme Court Justice Charles Evans Whittaker administered the oath. President Eisenhower was on duty as was Henry Cabot Lodge, who resigned as U.N. ambassador after he was nominated as Republican candidate for vice president.

# Proposes African Confab

CAIRO (UPI)—The daily paper *Al-Ahram* reported today that U.A.R. President Gamal Abdel Nasser has received a message from Egyptian President Nasser, who is proposing an African heads-of-state meeting in New York during the U.N. General Assembly session. The paper did not report Nasser's reaction.

## Lodge Stresses U. S. Diplomacy

Says Cold War Victory Would Ease Threat of Armed Conflict

ARLINGTON, Pa. (AP) — Henry Cabot Lodge, the Republican candidate for vice president, says the United States can reduce the danger of a hot war if it wins the cold war now being fought in diplomatic channels.

Lodge, former ambassador to the United Nations, made a major foreign policy campaign speech Tuesday night as he opened the drive to keep Pennsylvania in the Republican column this fall.

The basic contest in the world today, asserted Lodge, "is the life and death struggle between the Communists on the one hand and those who insist on being free on the other."

Lodge said the United States must continue to counter Soviet attacks in "a thoroughly adequate way" and without provoking conflicts.

"We must never allow the world to forget or to overlook the true nature of Soviet foreign policy," he declared, "We are strong and must never appear otherwise."

**FINAL FLIGHT** — A priest administers the last rights of the Roman Catholic Church over the wreckage of a light plane containing the bodies of two victims of a crash. The plane lost a wing and crashed on the field of Pennsylvania Military College, Chester, Tuesday, while the football team was practicing. One of the wings narrowly missed two players running for a pass.

## Property Sale Ruling Fight Goes to Court

LANSING 4P—The first round is scheduled today in a legal fight over a rule forbidding discrimination in property sales or rentals because of race, color, religion, national origin or ancestry.

Two Lansing real estate firms and an individual realtor challenged the ruling by the State Corporation and Securities Commission and obtained a temporary restraining order blocking application. They seek a permanent injunction against the rule.

Leon S. Cohen, assistant attorney general, said Ingham County Circuit Judge Sam Street Hughes probably will set a date today for arguments on the case and ask both sides to submit briefs. The judge also can either lift the temporary restraining order or continue it until the case is settled.

## Checks His Popularity

BREST, France (AP) — President Charles de Gaulle today starts a five-day grassroots tour of Brittany to sound out public reaction to his two-year leadership. It will be the seventh such tour for the French leader who will make 22 scheduled speeches and perhaps more at village stops.

## Houston Schools Open, Process Negro Children

By The Associated Press  
The nation's largest segregated school system at Houston opened today theoretically integrated, but the Negro students would not be notified until Friday if they have been accepted.

The Board of Education voted Tuesday night to allow Negroes to enroll in first grades of previously all-white schools in the 170,000-pupil district but instructed Supt. John McFarland to delay their admission until Friday.

The decision prevented seven Negro pupils, who qualified under the board's transfer rule, from attending opening classes today. Dr. Henry Peterson, board president, said the delay was needed to "process Negro youngsters."

"No court or court case says we must lessen the efficiency of our schools when we integrate," commented Stone Wells, board vice president.

an appeal and Texas Atty. Gen. Will Wilson ruled the district would not lose \$6 million in state school funds.

Wilson held that a school district which integrated under federal court order did not do so voluntarily and thus was not subject to penalties of a state law. The Houston developments came on a day marked by peaceful school integration for the first time in Richmond, Va., capital of the Confederacy, and two cities, Virginia cities, Roanoke and Falls.

Negroes attended public schools with white youngsters without incident in a gradually increasing number of other Southern cities. Florida's first public secondary school was integrated in token fashion when a Negro girl enrolled at North Miami Beach Junior High along with 1,300 white pupils.

But the Deep South states of Louisiana, Mississippi, Alabama, Georgia and South Carolina stood firm although New Orleans has

been ordered to integrate Nov. 14. A dozen Negroes attended opening classes with white pupils at Central and Hall high schools in Little Rock, Ark., scene of segregationist demonstrations in past years. There was no sign of trouble this time.

Near Pine Bluff, Ark., a Negro girl, 6, prepared to attempt to break the racial barrier today at the all-white Dollarway District School. Dolores Jean Cook, a first grader, was assigned to the school by the board in compliance with a federal court order.

## German Exports High

COLOGNE, Germany (AP)—West Germany's share of world trade last year equaled the share that all of Germany had before World War II. The German industry reported that West German exports in 1959 were 9.6 per cent of total world exports, in second place behind the United States' 17 per cent.

## 2-Car Crash Kills 3 Youths

Freeport Resident Runs Car Into Another's Path in Kent County Mishap

GRAND RAPIDS (UPI) — Three persons were killed early this morning in a two-car collision in Southeastern Kent County.

Dead were Robert Lenz, 18, and William Ross Jr., 19, both of Route 2, Hastings, and John Miller, 19, of Rural Freeport.

Kent County Sheriff's Deputy Donald Harrington said the accident occurred when Edred Dunke, 25, of Freeport, ran through a stop sign at Michigan 56 and Freeport Road and into the path of Miller's car.

Miller was alone in his vehicle.

Dunke and two other passengers in his car were injured. They were Dunke's brother, Dwayne, 17, and Sharon Kauffman, 19, of Rural Clarksville.

## New School Try Today for Classroom Jumper

CHICAGO HEIGHTS, Ill. (UPI) — Peter Yanson, 5, will try his school business again today. He started in kindergarten Tuesday with a group of other youngsters, but suddenly changed his mind, jumping out of an open window in the first floor room and ran home.

## Try to Reduce Big Inventories

Report Auto Industry Will Submit '60 Models to Severe Price Cut

NEW YORK (UPI)—One factor which should temper optimism regarding the business outlook is the situation in the auto industry which is attempting to reduce its large inventories of 1960 models by means of severe price cutting, according to Shearson, Hamill & Co.

Such price cutting in all likelihood will bring down inventories to reasonable levels, but in doing so, the industry may be borrowing from 1961 model sales, the firm says.

The intermediate business outlook remains mixed and indecisive, but is not lacking in potential for some step-up in activity, Standard & Poor's reports.

While the situation calls for caution at this time, developments leading towards better investment opportunities are possible before long, it says.

Studebaker-Packard does not seem to have any marked appreciation possibilities despite the fact the stock ran up a net gain of 14 points last week, according to Spear & Staff.

While the short position in the shares, largest on the "big board," could cause a sharp rise in the event of extensive covering, Spear considers the stock too speculative to justify purchases on this basis.

## It's the Same Everywhere

# Juvenile Delinquency Now Worldwide

ANN ARBOR, Mich.—What's new in juvenile delinquency these days? Nothing, says a University of Michigan expert—except that there's more of it.

Dr. Albert J. McQueen, reporting on a study by the U. of M. Survey Research Center, said juvenile delinquency is increasing throughout the western world and is "an actual or potential problem for all nations except a few island territories."

He said there are probably no new forms of youthful delinquency. In almost every nation it follows the pattern of vandalism, gangs, auto theft and traffic violations, sex delinquency and alcoholism which are so familiar in the United States.

Antisocial behavior by youths in most nations is characterized as it is in the United States, by speech, dress, mannerisms and dissidence for the rules of society.

Almost every country, Dr. McQueen said, has given a name of its clearly defined counterpart of the American black-leather-jacket set.

In France they're the "blossoms noirs"; in England, the "Teddy boys"; in Germany, the "hulstarkes"; Italy has its "vitelloni"; Russia and Poland their "hooligans"; and Japan their "yakuza."

Australians and New Zealanders call them "bodies" (boys) and "widges" (girls), and in Japan they are known as "mensa" boys and girls.

South Africa, where racial distinctions are made among the gangs, there are the white "dutchies," the Negro "stolly" and the "tsotsi."

Yugoslavia, India, Taiwan and the Philippines are among other countries where the presence of organized juvenile gangs has been noted.

McQueen suggested the juvenile delinquency phenomenon may be the result of prosperity through urbanization and industrialization of the late 1950s.

"Good times," he said, "may lead adolescents to want more and more material goods. Perhaps those in the least favorable position to benefit from prosperity—Negroes and Puerto Ricans, for example—use ritual and rebellion to achieve status."

It is usually the groups of lower status youth who commit such outbreaks of violence as occurred recently in Stockholm, in London, and in Windsor, Ont., he said.

Vandalism, one of the major juvenile problems for law authorities in the United States, is known in most other nations but appar-

## To Cut Radiation Limit Two-Thirds for Workers

WASHINGTON (UPI)—The Atomic Energy Commission announced Tuesday that it is reducing by two-thirds the lifetime radiation dose atomic workers may receive.

The new regulations, first announced May 2, 1959, go into effect July 1, 1961. The AEC said they will bring its radiation rules into conformity with recommendations of the National Committee on Radiation Protection and the Federal Radiation Council.

The regulations cover radiation exposures within all AEC-licensed operations, and also set limits on levels outside atomic installations and industries in areas subject to control.

Since publication of the new limits in May 1959, the AEC has received many writing comments and has consulted with representatives of the AFL-CIO, atomic industry, and others.

The new rules require employers to keep elaborate records of radiation dosages.

The principal effect of the rule changes, the AEC said, will be to limit the lifetime accumulated dose of radiation workers to about one-third the dosage permitted in the regulation on its stands now.

The regulations after Jan. 1 will limit the total external radiation exposure any worker may accumulate beyond age 18 to an average of five rems a year and to not more than three rems in any one quarter.

### International Oil Talks to Be Held in Baghdad

BAGHDAD, Iraq (AP)—The Iraqi Oil Ministry announced today an international oil conference will be held in Baghdad Sept. 10 with a view to unifying the attitudes of producing countries and to prevent oil companies from acting individually on recurring crises. Invitations were issued Aug. 8 to Saudi Arabia, Kuwait, Iran and Venezuela.

### Teller Makes Mistake of \$330,000 on Check

TEXARKANA, Ark. (AP)—Dillard's department store received a bank money order in payment of a \$15.30 bill.

It was made out for \$330,015.30. E. A. Lemmer, the store manager, Tuesday telephoned the Con-

a teller said she had punched up \$15.30 on a check writing machine which already registered \$330,000.

There are two kinds of parking space—the kind you can't squeeze into and the kind you can't get out of. It's easy to pick out the wealthy skin diver at the beach. He's the one with the stained-glass face mask.—Earl Wilson.

### Censors Active in Congo

LEOPOLDVILLE, The Congo (AP)—Government censors appeared Tuesday in the cable of offices where scores of correspondents file their dispatches on the Congo. The censors read dispatches as they moved abroad, but no action was noted to blue pencil or hold up the file.

## Kennedy Well Received by Roaring Democrats

Presidential candidate JOHN F. KENNEDY received a warm and hearty welcome at his Labor Day appearance in Pontiac. This was as expected and as it should be.

The wall watchers were definitely partisan and showed their approval with loud outbursts of applause. They were out to see their man and show him their support.

The Senator made a splendid appearance and talked with fervor on subjects his party is backing.

Kennedy let it be known that he will put on a rip-roaring attack against his opponent. This is politics. Kennedy let go and lambasted the Republicans and his backers loved every minute of it.

We couldn't help but notice the end of an era in Governor Williams. He was present, but in a minor role. For a good many years back this same Soapy had been the take charge man at this same Labor Day rally in Oakland Park.

The day was bright and sunny, in fact it was downright hot, but the political furor was even hotter. The 15,000 cheering Democrats had a ball.

## U.N. Must Keep Russia From Overtaking Congo

Final information seems more and more to indicate that Soviet Russia is behind the disturbances of the former Belgian Congo. Much of what is happening has all the earmarks that they are preparing to take over.

Dispatches point out that Russian planes and war equipment have been arriving on the scene for some little time. They are quickly dispersed and out of reach of the United Nations forces that are on the job to help try and restore order.

A good guess would be that these supplies are being slashed away by Leftist Premier PATRICE LUMUMBA. Every indication points to the fact that he would like to make himself top dog of the Congo.

The United Nations' number one responsibility today is the Congo. With Lumumba's consent U.N. peace troops are on the scene.

However, it is of vital interest to all free world powers that Russia does not make this a stronghold. It seems about time the large nations of the U.N. take hold of the situation and start seeking action.

The larger countries with money and U.N. soldiers have a lot at stake and might well ask an accounting of just what gives.

It would seem reasonable to wonder just what is being done to halt Russia's take over ambitions. For all practical purposes the Com-mies are on the move in the Congo.

## State Department Needs Right to Deny Passports

Our United States Supreme Court is referred to by some, like the New York Daily News, as the EARL WARREN Supreme Court. This may or may not be so, but indications are that he wields a pretty big stick.

At any rate, this high court really gives our State Department the business and makes their work doubly hard. Much of the discrepancy has to do with passports. If the State Department wants to deny some passport request for sound reasons they are unable to do so.

This seems to be working a hardship on a government department watching over our security. A case in point is the one of MAURICE HALPERIN, a U.S. citizen now working in Moscow for a Soviet agency. The State Department feels that his past record falls in the questionable zone.

The high court's ruling on this subject is that unless the State Department can prove that HALPERIN is engaged in treasonable activities they must issue a passport.

This decision seems unreasonable and we would like to think that the new Congress in January will look into the matter and make it an early order of business.

It seems to us that this Supreme Court ruling should be reversed and the State Department should have the power to deny passports where they see fit if the person in question is suspected of subversive tendencies.

## The Man About Town Need More Streets To Handle Parades; Town Has Go-Getting Zeal

Yawning. What can be stopped by turning off TV.

Our beautiful suburb of Clarkston, under the auspices of its Rotary Club, has made a happy tradition of its Labor Day parades. This year was no long (and interesting though every foot of it) that the village hardly had enough streets to hold it. Never did we witness a stronger civic or community spirit. It seems that everybody in Clarkston likes everybody else.

A commendable spirit has the eight-year-old daughter of Mr. and Mrs. Bryce Hamilton, whose pet dog was killed by a car in the Kennedy encounter near their home on the Dixie Highway a few miles northwest of Pontiac Monday. She says, "But dad and mother were not going to vote for him anyway."

Dahlia blooms eight inches across are reported by Mrs. Anna Hoister of Drayton Plains, who has them in several colors.

According to advices from Mrs. Orson Weider of Rochester, a Detroit paper is making an attempt at a sunflower contest. She feels that they should send somebody out in God's country to study sunflowers.

In predicting this week's weather, the Old Farmer's Almanac says, "Your guess is as good as the rest."

I have it on good authority from St. Clair Flats that a well known Pontiac obstetrician is currently about the hottest bass guide in the area. Demonstrating his skill over the past weekend, he took a Pontiac bank president to a certain secret hole marked

"Furling," and within an hour and a half the two fishermen had seven nice bass. In our book this surpasses most professional guides, and would entitle the good doctor to membership in the Guides Association of America.

A pumpkin vine already 40 feet long is growing in the garden of Horace Mulford of Waterford, and gaining nearly a foot a day.

Getting somewhat facetious is Harry Osterdorf of Auburn Heights, who sends me an early photograph of a galloping horse, and wonders if that wasn't the first Gallop Poll.

A sunflower with 33 blossoms is reported by Joseph A. Buddenberg of Walled Lake, who makes a specialty of growing these big sun chasers.

## Verbal Orchids to-

James McMaster of Lake Orion: 83rd birthday. Mr. and Mrs. Preston W. Stone of Holly: 32nd wedding anniversary. Pierce Wiloughby of Walled Lake: 83rd birthday. The Clarkson News, entering its 32nd year of publication.

## David Lawrence Says: Threats, Brainwash Brought Flight

WASHINGTON — Blackmail and brainwashing by Soviet agents have been the major factors in the flight of William H. Martin and Bernard F. Mitchell.

The story goes back to the time Mitchell and Martin lived together while they were in the Navy. They were secretive individuals who did not seem to be interested in the opposite sex. When they went through the first checkup before being employed by the National Security Agency a few years ago, there was nothing derogatory found out about them.

After they were employed, however, an investigation revealed that one of the two had been examined by a psychiatrist who said later that the young man seemed to have inclinations toward sex deviation.

Just why this report didn't result in any action to watch closely the subsequent behavior of the two young men is a mystery.

For they went to Mexico together fully a year before their recent defection, and it was undoubtedly while they were in Mexico that they made their first contact with the Soviets.

THREATS, THREATS FIRST

The threat of blackmail, to gether with compromising pictures usually came first.

The victim is afraid of his personal life, and most often with the Soviet blackmailers who carry on their brainwashing to the point where the defection becomes inevitable, as seemingly the only way out.

It could be that the Soviet experts began their blackmail in Mexico and decided to train the future defectors to fear further information. The plot was carried out to the point that the Soviets even anticipated possible charges of brainwashing and arranged to have the two young men write out their statements before they left the United States for the Soviet Union.

It was known to government authorities here that they had left such a statement in a safety deposit box at a bank in Maryland, and the text became available to the American government just after the two young men left for Russia. But it was not released for publication.

The phrasing of the document, now issued in Moscow, is so much like that which defectors often use, that it bears all the earmarks of careful preparation by Soviet experts. It says, for example,

"In the Soviet Union our main values and interests appear to be shared by a greater number of people. Consequently, we feel that we will be better accepted socially there, and will be better able to carry out our professional activities."

greater extent in the Soviet Union than in the United States. We feel that this sinister Soviet society and makes Soviet women more desirable as mates."

There are references to "capitalist society," "primitivism," and to the "development of our clear and more powerful means of destruction."

And, as if to anticipate charges

of brainwashing, the document itself says:

This statement has been made without consulting with the government of the Soviet Union. We wish to make this explanation in such a way that it cannot be later construed as a propaganda statement inspired by the government of the nation in which we have asked to be allowed to make our homes."

## Dr. William Brady Says: Have Your Baby at Home — This Pair Found It Best

"Last February I gave birth to my first baby," writes a Massachusetts reader. "My doctor is a staunch fighter against my going to a hospital. My husband and I have the utmost confidence in him, and we started planning, a home delivery."

The doctor asked me to bear down and take it as well as I could without being downright miserable, and when a still pain came he would give me gas-oxygen from his portable inhalator.

"The mildest pains started at 3 a.m. At 6 a.m. they were every 7 minutes. The doctor and my nurse arrived promptly."

"At 8 a.m. I was still up, chatting with everybody. The doctor was giving me gas-oxygen with each pain now. At 10:45 a.m. I saw my beautiful 10-lb. son and heard him cry."

"Then I slept for an hour and awoke at the wonder of it all. 'Is this all there is to having a baby?' I asked. We all laughed and I was so very happy. I had a single stitch."

"Friends think I'm crazy. They say no one in her right mind would have a baby at home to do. I can't convince my girl friends who suffered so much in hospitals."

"My husband says, 'Tell Dr. Brady that seeing my son born was the most wonderful thing in my life. It's too bad that all husbands can't share in the miracle.'"

(Signed.....)

I agree. And I think it is too bad that there are not more doctors like yours, Ma'am.

And it's too bad so many women, like your girl friends, are so dumb about childbirth.

It is too bad so many doctors

of brainwashing, the document itself says:

This statement has been made without consulting with the government of the Soviet Union. We wish to make this explanation in such a way that it cannot be later construed as a propaganda statement inspired by the government of the nation in which we have asked to be allowed to make our homes."

(Copyright 1960)

"We measure a tractor's effectiveness not in how steamed up it gets — but in whether it pulls the load."

## Voice of the People

## Glad Someone Will Fight Against Smut Magazines

I was quite proud to read in The Pontiac Press that Pontiac is going to crack down on smut magazines. This has been needed for a long time.

I became aware of the play-up of sex in smut magazines, even in our advertisements, when I attended a youth convention in Denver as a delegate from the State Youth Movement.

In drug stores these magazines lay open for all youngsters to view and buy. The magazine dealers say you have to take all the magazines to get the good ones.

I'm proud of the leaders of Pontiac who will openly fight this, and furnish us with decent literature to read. I know there is freedom of the press, but will this freedom destroy our values as teenagers? Help us to become decent adults.

Don Morgan

## Requests Hand Rail at Old Post Office

Now that the Pontiac downtown post office is being repaired, it would be an accommodation to elderly people if a hand rail could be put on the steps at Perry and Huron Street entrances.

Requests Hand Rail at Old Post Office

After listening to Sen. Kennedy and Walter R. Conrad condemn Senator, I wonder when the Honored Senator, Mr. R. and those of their kind are going to sell their fine cars and get planes or start out on foot.

Maybe our country would be better off if such persons stayed

## Years Dull Memory of Maltese Gallantry

By BOB CONSIDINE

VALLETTA, Malta — On Dec. 7, 1943, President Roosevelt sent an extraordinary accolade to the people of Malta, lauding them as survivors for the way they had held firm under almost constant bombing by Italians and Germans and survived as a precious Allied stronghold in the Mediterranean.

Before that King George VI awarded the highest civilian honors to the islanders with the citation "In honor our brave people of Malta who have held firm under almost constant bombing by Italians and Germans and survived as a precious Allied stronghold in the Mediterranean."

This constitutes a serious revenue blow to the Maltese economy just as does withdrawal of American. Gratitude to some of the bravest people known to World War II apparently has reached the statute of limitation stage.

The British were so keen about Malta in the wake of the great war it gave what amounted to a commonwealth status but canceled out when the Maltese elements demanded full independence.

The status now is that Britain has repealed the constitution it helped Malta write. Adm. Sir Guy Grantham, governor in residence, runs the show here, paying little or no attention to the four Maltese he appointed as councilors.

There are continued efforts by the Maltese to have the constitution restored and various ways are suggested to reach that end.

They range all the way from an Appeal to Parliament to remember the contribution to victory to former Prime Minister's tacit suggestion that Malta boot the British out and ask the United Nations for recognition as a sovereign state.

Case Records of a Psychologist:

## Parent's Wealth Isn't Children's

Why should children feel that they have a right to the wealth which their hard working parents have so diligently saved? If the parents generously want to give it to them, that is O.K., but the children shouldn't try to take property away from their aged parents.

By DR. GEORGE W. CRANE

CASE #43: James E., aged 65, is the physician whom I described yesterday.

By 10 years have elapsed since his second marriage and now James is dead with a cancer of the prostate and I journeyed to his city to attend the funeral.

He was always a kind and generous, even to the point of spoiling his relatives and me, included.

"But they turned on him during these last few years and have done everything to wrest his property from him."

I had known of this friction, for Dr. James had told me about it a year previously.

He had generously provided for his children in his will and had made a modest settlement upon his new wife, but his children still weren't satisfied.

For they felt they owned all his wealth and deeply resented his spending even a penny on anybody else.

Isn't it curious how children who never have earned even a cent of the wealth which their parents have attained for, will think that all such wealth belongs to them just because they bear their father's surname?

Is he sure generosity on my part if he gives me a child.

Dr. James' children brought their father great sorrow as they tried to have him pronounced mentally incompetent.

PARENTS, BEWARE

Parents, beware of your own children. If you have wealth, set up an annuity for yourself so your selfish offspring can't get all your money.

"His children have lived off

# Meany Asks Machinists to Vote for John Kennedy

ST. LOUIS (AP) — AFL-CIO one-out—and I can assure you it organization to the Democratic "We must act," he said. "For cause. Machinists' leaders have our own interests and the inter- indicated some reluctance. They act of the nation as a whole, we stayed away from recent AFL have got to get into this campaign CIO meetings in Washington with both feet and in favor of one which resulted in a federation ticket."

Meany said that based on their records, Democratic Presidential Union convention to Nominee John F. Kennedy can be reduced the Democratic presidential ticket.

The voters will decide on election day whether America shall stand pat or go forward," Meany said in his prepared address today which was designed to swing the 1960 political campaign re-

"Labor cannot afford to sit this 900,000 member Machinists requires a united labor stand."

# Echo Schedule for Next 2 Days Listed Below

LANSING (UPI) — Here is the approximate Echo schedule for Michigan through Thursday:

TODAY — 2:30 p.m., south of city, low, travelling northeast; 4:30 p.m., south of city, high, travelling northeast; 6:45 p.m., north of city, high, travelling northeast; 8:30 p.m., north of city, high, travelling northeast; 10:30 p.m., south of city, medium, travelling northeast.

THURSDAY — 2:37 p.m.,

south of city, low, travelling northeast; 4:16 p.m., south of city, high, travelling northeast; 6:23 p.m., north of city, high, travelling northeast.

### Venezuelan Fired

CARACAS, Venezuela (AP) — President Romulo Betancourt Tuesday night removed Foreign Minister Ignacio Luis Araya from his post. At the recent San Jose conference of the Organization of American States, Araya refused to sign the conference declaration condemning Communist efforts to use Cuba as a springboard into the Western Hemisphere.

# Native California Actor Makes Money on Land

HOLLYWOOD (AP) — Actor Leo Carrillo has sold 1,000 acres of his big ranch in San Diego County for \$1.5 million.

This is one old California family that has finally made some money out of its property," Carrillo said Tuesday in confirming a report of the sale to Alfred P. Jones conference of the Organization of American States, Araya refused to sign the conference declaration condemning Communist efforts to use Cuba as a springboard into the Western Hemisphere.

TEXAS was once linked with Coahuila as a single state of Mexico.

## Lakeland Players Plan New Season

Waterford Township's Lakeland Players group will begin the fall and winter season with the production "Sabrina Fair."

Rehearsals for the play will be held from 7:30 to 9 p.m. Friday and from 10 a.m. to 12 noon Saturday at the Community Center.

Although other productions have not yet been selected, the following dates have been set for the plays, according to the new producer, Mrs. Harry Crigger: "Sabrina Fair," Oct. 21-22; others Feb. 2-4, March 25-26, and May 19-20.

Miss Patricia Hott will be the director. Anyone wishing to participate in the tryouts for the first cast may do so, regardless of whether they are members of the Players, she said.

This year there will be not only a membership drive, but season tickets will be sold for \$3.00 by the present group of 92 members.

The group is sponsored by the Waterford Township Recreation Department.

## Police Arrest Purse Snatcher

### He Admits 3 Murders, Planned Others

AP Photo/Ex

**TELLS OF SLAYINGS** — Henry Adolph Busch, 29, gangling son of a Hollywood restaurant owner, is pictured Tuesday after he led police to the bodies of two women he said he had slain. He had been arrested as a suspected purse snatcher. Police said Busch also claimed he killed a third woman last May and had marked two others for death.

## 415 Labor Day Toll Lowest Since 1954

**CHICAGO** — Traffic accidents killed 415 persons during the three-day Labor Day week-end, the lowest for the holiday since 1954.

The final toll also was less than the National Safety Council's pre-holiday estimate of 400.

and the record Labor Day total of 461, set in 1951.

This year's traffic deaths compared with 416 last year. The 1954 total was 361.

## Baptists Plan Rallies

**LITTLE ROCK, Ark.** (AP) — The Arkansas Baptist Convention plans a series of "religious freedom rallies" over the state, aimed at preventing election of a Roman Catholic president.

**HOLLYWOOD, Calif.** (AP) — "I guess you fellows have got me," a wispy optical technician told two policemen. "I thought as well tell you I killed some women. Sometimes I have a very strong urge to kill."

Mid-mannered Henry Adolph Busch, 29, then led officers Tuesday to the bodies of two women, admitted the strangling of a third woman last May and said he had planned to kill two others.

"There's a body in my apartment and another one over at the building my mother owns," Busch blurted, grinning, when arrested after a woman fled his grasp.

In his bachelor apartment, the officers found the nearly nude, knife-mutilated body of Shirley Payne, 45, stuffed in a sleeping bag.

A few blocks away in a building owned by his foster mother, they found the nude, slashed body of Margaret Briggs, 51, who became his aunt when he was adopted at 6.

It was he, Busch said, who last May 2 strangled Elynn Miller, 74, in her apartment.

Busch said he strangled Mrs. Payne early Sunday and Mrs. Briggs Monday night. Why?

"All I know is that I sometimes have a very strong urge to kill," said the hawk-faced, bespectacled six-footer who weighs 140 pounds. Busch, disbarred and discharged from the Army in 1955, was described as "an excellent lemming polisher" at the optical laboratory where he worked and as "very quiet" by his landlady, Elynn Riley.

Busch told police he had marked Mrs. Riley also for murder.

He was arrested Tuesday morning after a fellow employee, Magdalena A. Parra, 49, had parked her car in the uppermost car space in a parking garage. Busch drove up in a station wagon—it was the slain Mrs. Briggs—and called to her, "Come have a cup of coffee."

Mrs. Parra said she got into the car and "he grabbed me around the neck. I began screaming. I managed to break loose. Then he grabbed my purse and jumped out of the car."

Two truck drivers held him until the officers arrived.

Busch told them he was going to take Mrs. Parra "up in the park and kill her."

## Tennessee Legion to Pay Hero's Tax

**MEMPHIS, Tenn.** (AP) — The Tennessee American Legion plans to pay the \$28.14 income tax debt owed by America's World War I hero, Sgt. Alvin York.

A drive to raise the money by Nov. 11—Veterans Day—was approved Tuesday night by 318 delegates from 25 west Tennessee posts.

The Internal Revenue Service says York, now 72, didn't calculate his income tax right on the \$150,000 he was paid for the movie rights to his biography in 1941.

## Adams Issues Warning Against Con Men in State

LANSING (UPI) — Atty. Gen. Paul L. Adams has warned Michigan residents against "con men" who impose one of the popular frauds on the consumers of Michigan.

Adams advised residents not to sign any note or paper until a lawyer checks it.

He said the con man's gimmick is to have housewives sign a harmless-looking piece of paper, which the con man says merely authorizes delivery of goods or services.

More often than not, Adams said, the paper is a negotiable note that is collectible by a bank or finance company.

**'SISTER' ACT** — Spectators at the start of the Miss America pageant in Atlantic City, N.J., Tuesday, were surprised when Miss South Carolina, Edith Sandra Browning, left, of Greenwood, S.C., and Miss Louisiana, Judith Ann Codary, of Baton Rouge, put their heads together. "They look alike enough to be twin sisters," was the consensus. They'll compete for the title of Miss America.

## 24 in County Lose Licenses

## Drivers Taken Off Roads

Drivers licenses of 24 Oakland County residents have been either revoked or suspended by the Michigan secretary of state's office in Lansing during the past several months.

Ordered to furnish proof of financial responsibility due to one or more drunk driving convictions were:

George P. Channing, 16556 Northwestern Highway, Farmington Hills; J. J. Colucci, 1807 W. Saratoga St., Ferndale; Ralph D. Pien, 414 W. 12-Mile Road, Royal Oak; Randolph Foster, 404 Franklin Road, Bloomfield Township; and George J. Gerlach, 30355 Brentwood Road, Southfield.

Also ordered to show proof of financial responsibility were:

John E. West, 470 E. Drayton St., Ferndale.

John L. Moser, 196 W. Yale St.  
Albert T. Cappell, 1440 Square Lake  
Road, Bloomfield Township  
James B. Jenkins, 6856 Arlington Road,  
Whitefish Township  
Ward A. Drouillard, 43771 W. Grand  
River Ave. Novi  
Margaret Baker, 166 Grand St., Holt  
Richard A. Raven, 16033 Hamilton St.,  
Royal Oak

Losing their licenses, because of unsatisfactory driving records were:  
 Gerald D. Reynolds, 489 Going St.  
 G. D. DeWitt, 804 Miller Road, Highland Township  
 Gene J. Ahee, 405 E. Meyers St., Hazel Park  
 Herbert R. Bristake, 2566 Kipling St., Berkeley

Gerald E. Richards, 311 W. Drayton Ave., and Robert D. Henke, 340 Ardmore St., both of Ferndale lost their licenses for driving while they were suspended.

The license of Raymond R. Mc

## Dutch Mum on Latest New Guinea Report

THE HAGUE (UPI) — The foreign ministry has refused comment on authoritative reports that Holland will attempt to convert Dutch New Guinea (West Irian) into a United Nations trusteeship. The territory currently is claimed by Indonesia.

A spokesman for the opposition Labor Party, Jan de Kadt, hailed the reported move as the only solution to tense relations between the Netherlands and Indonesia, which recently severed diplomatic relations with The Hague.

However, De Kadt said that the government's apparent reluctance to confirm the reports was causing considerable harm abroad.

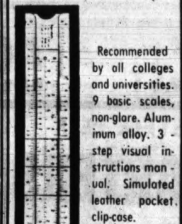

## Balance of Trade in Argentina Favor

BUENOS AIRES (UPI) — Argentina wound up with a \$15-million favorable trade balance last year, its first in recent years, government statistics disclosed today.

The favorable trade balance, although small, was impressive in view of recent annual deficits running an average \$300 million. The upsurge was attributed to a tight rein on import controls, plus booming oil production sharply trimming fuel import needs.

Argentine exports last year totaled \$1.8 billion and imports \$993 millions. As usual, the United Kingdom was the chief customer and the United States the chief supplier.

## Scandinavians Invited to Pontiac Vasa Lodge

Persons of Scandinavian descent and their friends have been invited to a meeting of Pontiac V. Lodge 510 at 7 p. m. Saturday.

the Pythian Hall, 962 Vorchheim

Dancing will be followed by refreshments. On the serving committee are Mr. and Mrs. Axel Nyman, Mr. and Mrs. Carl Heff, Mrs. Olga Olson and John Englund.

## Team Wins Triple Cup

**SAWBRIDGEWORTH, England** (UPI) — The Sawbridgeworth Angling Society beat the Harlow and Bishop's fishing team from Stortford to retain the Triple Cup once again in their annual competition.

## Trooper Tickets Wife

LEBANON, Va. (UPI)—State Trooper Jack Rutter, investigating a minor two-car collision, found one of the drivers was his wife. He gave her a ticket for following the other car too closely.

## Famous Brand Broadloom

# CLEAN OUT

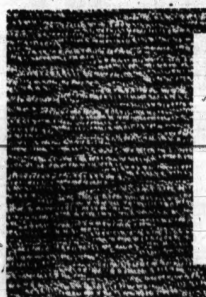

---

**ODD ROLLS • SINGLE ROLLS • LARGE REMNANTS • DISCONTINUED ITEMS**

**ALL PERFECT FIRST QUALITY BROADLOOM . . . SOME LARGE ENOUGH TO CARPET A HOME WALL TO WALL . . . AND YOU PAY LESS THAN MOST DEALERS DID!**

Here is a tremendous opportunity! Famous Brand first quality broadloom at less than most dealers pay. Either the mill or we have discontinued these items. Because of our huge volume of wall to wall installations we find ourselves with a considerable amount of capital tied up in these large remnants, single rolls, odd rolls and pieces. We consider it a good business practice to move this merchandise regardless of cost and convert this merchandise to cash. These were not purchased as remnants. This is broadloom from our regular stock.

- All items are listed to the nearest foot
- All items are perfect first quality
- Free Delivery anywhere
- No sales final until you are satisfied

Asks Them to Be at U.N. Assembly

Nikita Pressuring Non-West Leaders

LONDON (UPI) — Premier Nikita S. Khrushchev is applying direct pressure on the leaders of non-Western nations to attend the United Nations General Assembly in New York Sept. 20, authoritative sources said today.

In doing so he is exerting indirect leverage on the Western leaders. Diplomatic sources said Khrushchev planned to exploit any absence by Western leaders as a sign of their "indifference" to peace efforts.

Khrushchev, in direct letters to the leaders of Asian, African and European nations, or through diplomatic channels, is stressing the importance of the forthcoming world assembly and the fact he plans to lead the Soviet delegation, the sources said.

Thus far he is meeting success with a number of Asian, African and Latin American leaders indicating they would attend. The leaders of Indonesia and Ghana have signified their intention to attend the assembly but Khrushchev has not been able to win over Prime Minister Jawaharlal Nehru of India.

A dispatch from New Delhi Tuesday said Nehru plans to visit Pakistan Sept. 19 to Sept. 23 and that this automatically eliminates him from opening sessions although a government spokesman said he had received a letter from Khrushchev.

The sources said Khrushchev has not made any effort directly to get President Eisenhower, President Charles de Gaulle of France or Prime Minister Harold Macmillan of Britain to attend but hopes they will be present if only to defend themselves against Soviet hints they were not interested in peace.

Diplomatic dispatches said Khrushchev intends to set himself up as the chief initiator of a fresh disarmament campaign, ready to renounce his year-old plan for complete disarmament.

Changes would include some compromise with earlier Western proposals, the dispatches said.

Authoritative sources listed three major considerations for Khrushchev's determination to go to New York.

1. To offset the bad worldwide impression of his torpedoing of the summit conference in Paris last May.
2. To parade himself as the promoter of world disarmament and offset doubts raised by Khrushchev's walkout of the East-West Disarmament Conference in Geneva in June.
3. To pledge before the United Nations Russia's continued support to newly emerging nations against so-called colonialists.

Surgery Saves Dope Suspect

'Dies' Twice but Lives

LOS ANGELES (UPI) — A 21-year-old suspected narcotics addict "died" twice early today before two emergency operations brought him back to life, police reported.

Officers said Roberto Martinez was found unconscious in a parking lot near a juvenile hospital.

"He had stopped breathing altogether," said Officer L. E. Lopez, who rushed him to White Memorial Hospital where emergency surgery was performed to remove a tumor of a false in Martinez's throat to facilitate breathing.

A flicker of life was visible after the first operation.

"The doctors pulled him through the first time," Lopez said, "but he stopped breathing again. He went back into another coma."

But they never stopped working on him. They went right back to work on the guy and the first thing we knew he was breathing again."

Martinez subsequently was transferred to the prison ward of County General Hospital where he was held on suspicion of violating the state narcotics code.

Holiday Toll All at Night Is Freakish

LANSING (UPI) — A freakish statistic—all 13 highway fatalities in Michigan over the Labor Day weekend occurred during the hour of darkness—was reported to the State Safety Commission.

"This was most unusual," commented the commission.

Joseph A. Childs Tuesday "Night deaths generally run ahead of those during the day but we usually have a few killed during daylight hours."

Childs said the count was too small statistically to prompt any change in enforcement patterns.

"Darkness is coming earlier now," Childs said. "It is possible that more drivers decided to stick it out on the road to get to their destinations and so were tired and accident-prone."

The 13 killed over the 78-hour Labor Day weekend compared with 17 deaths over the same holiday period last year.

DOG'S BEST FRIEND — Harry Redman Jr. of Omaha, Neb., feeds his Manchester terrier after saving the dog's life Tuesday. The dog bit through an extension cord socket and was apparently electrocuted. Redman used mouth-to-mouth respiration to revive the pup. Looking on is the faithful master's father.

Alcatraz Inmates Stop Work

SAN FRANCISCO (AP) — Authorities at Alcatraz federal prison today sought the reason why most of the 250 inmates refused to answer work call Tuesday morning.

There was no noise and no violence in the strange and unexplained work stoppage. The convicts in the offshore penitentiary for some of the country's toughest prisoners were kept in their cells throughout the day.

Prison authorities said each prisoner denied knowledge of who ordered the work stoppage or why it was ordered. They said each prisoner was afraid of reprisal if he went back to work.

Acting warden Olin D. Blackwell said the convicts made no demands or requests. They simply stayed in their cells and refused to come out.

Hold Summit Meeting to Award Diplomas

WILMOT FLAT, N. H. (UPI) — The 10 graduates of Pembroke Place High School for boys were a little breathless when they received their diplomas.

Graduation exercises were held at Mt. Kearsage — 1,307 feet — a telephone caller was connected with Mrs. Grace Darling. The caller said, "I knew it was something above sea level and the graduates sweet."

Darling is Adorable

NEW HAVEN, Conn. (UPI) — After asking for "Mrs. Adorable," a telephone caller was connected with Mrs. Grace Darling. The caller said, "I knew it was something above sea level and the graduates sweet."

## 'Would Not Export Jobs'

## Ford May Transfer Part of Production Abroad

NEW YORK (UPI) — The Ford Motor Co. conceded today that it of products of its English and German plants.

The letter added that "numerous cost advantages of producing this type of vehicle in Europe — of which the lower labor rates prevailing in these countries are an important element — seriously handicap entry into the American market of a comparable vehicle manufactured and produced entirely in this country."

The admission came in a letter written by K. D. Cassidy, Ford industrial relations vice president, to the United Auto Workers Union. But he added that such a move would not come "this year or next."

"The company has given serious study and consideration . . . to the possibilities of using its U.S. facilities and employees for at least a substantial part of the work involved in bringing to the U.S. market a small vehicle of the kind produced by its foreign affiliates," the letter said.

This was the company's first public admission that it is contemplating using only "a substantial part" of its domestic manufacturing facilities and workers to produce a new small car.

Cassidy said the UAW "would be poorly advised to throw additional road blocks in the way" of such a production plan "and thus increase the advantages of foreign competition."

"Whether such a course as this will become feasible at some future date," the letter continued, "cannot be predicted with finality at this time. We can assure you however that it will not occur this year or next."

"Up to now," the letter noted, "the company's participation in the (small car) market has been

## Party Tightens Grip on Russian Army

LONDON (UPI) — The Soviet Union today disclosed new rules for the army aimed at tightening discipline and Communist party control of the military.

The News Agency said Marshal Andrei A. Grechko wrote in the defense ministry publication Red Star that the rules "have come into force and are being circulated among the troops."

The agency did not spell out what measures had been decreed nor say why they were necessary.

## 'Beatnik' Coffee Shop Has Double-Talk Sign

TRENTON N.J. (AP) — Passersby in front of a "beatnik" coffee shop are trying to figure the meaning of a sign on the door which says:

"Take open man"

The sign hangs there whether the shop is open or closed.

There are reports have brought strong objections from the union which argues the move would mean reduced employment in the United States.

## Night Watchman Sees Thieves Nab Doughnuts

GRAND RAPIDS, Mich. (UPI) — Night watchman Willie Gale watched from inside a luncheonette while two thieves stole several boxes of doughnuts left by a bakery driver outside the front door. Gale told police he couldn't pursue the thieves because he had taken off his shoes to be comfortable on the job.

## World War I Ace Dies in Detroit; Rites Friday

DETROIT (AP) — Funeral services will be held Friday for Frederick B. Fitch, a decorated flying ace of World War I who had 13 German aircraft to his credit.

Fitch, 61, of Detroit died Monday in Holy Cross Hospital. Cause of death was not given.

While serving with the British Royal Air Force on detached service from the United States Army, Fitch served more than 300 hours on combat duty, shooting down 13 German planes and four balloons.

### Disguised Gunman Robs Bus Driver

WENDOVER, Nev. (AP)—A gunman in women's clothes forced the driver of a six-place bus to stop on a lonely stretch of U.S. 50 near here, drove the bus 15 miles off the highway and made the driver hand over \$780 in cash and \$7,441 in checks.

The gunman and hooded accomplices from a car that followed the vehicle and taking the show of driver Forrest Cummings of Elko, Nev., and his lone passenger, Mike Pearson, 34, of Pleasant Grove, Utah.

Cummings walked barefooted for help and suffered painful bruises and cuts.

## Straley Pay Request Brings Chore for Finance Head

The "almost impossible" job of cataloging the separation pay of city employees who've left their jobs in the past 10 years was begun today by City Finance Director Marvin M. Alward as part of Commissioner Robert A. Landry's new bid to win \$1,000 in compensatory pay for former Police Chief Herbert W. Straley.

Faced last night with the near-certainty that the City Commis-

sion was going to turn down the pay request in a 43-vote, Landry won a two-week delay in the vote during which he hopes to justify the claim.

"I am reasonably certain others who left the city's service have won what we're asking for Mr. Straley," said Landry. "If that's so, there's no reason why the anti-Straley majority should refuse him now."

When fired in June, Straley claimed compensation for 78 vacation days accumulated during his 8½ years on the job; 381 leave days he said he was entitled to take off but didn't, and 80 accumulated sick days he never used.

**ALLOWED PAY**  
He was paid for 30 accumulated vacation days, which administrative officials said were all that was allowed him under the personnel rules.

Straley's attorneys recently asked the City to compensate him for the other 48 accumulated vacation days—about \$1,300.

The four-member majority of the Commission which upheld the firing of Straley over the objections of Landry and two other commissioners last week met at an informal meeting and determined to turn down the request.

After Landry asked him for the list, Alward said, "This will be nearly an impossible job. There must be thousands of names involved and we'll have to search through all our personnel files to find them."

Landry wanted the list within 10 days so he could study it before the anti-Straley majority meets. When Alward protested, Landry gave him two weeks.

### Body Discovered Floating in Pond at Beaudette Park

The body of an elderly man was found floating on Dawson's Mill Pond by a City Park and Recreation Department crew when the men went to work in Beaudette Park this morning.

The victim was identified as 69-year-old James N. Sanford of Detroit, formerly of Pontiac. Death was tentatively attributed to drowning by Dr. Isaac Prevette, county deputy coroner. However, an autopsy probably will be performed.

The victim had been living in Pontiac until recently. His body was recovered by police from beside a dam sluice in the mill pond at 10 a.m. Dr. Prevette estimated the victim had been dead since sometime last night.

### Sentences Patrolman to Prison

A former Detroit patrolman who stole \$33,000 in three armed robberies to cover personal losses at the race track now also owes at least two years of his life to society.

A 2- to 15-year term in Jackson Prison was imposed yesterday on Wallace B. Stork, 27, who admitted committing the holdups to pay off thousands of dollars he had borrowed to bet on horses that didn't win.

Describing the sentence as "light," Circuit Judge Stanton G. Dowd said he took into account Stork's otherwise clean record. He said Stork's failure to live up to his duty as a police officer was balanced by five previously "unblemished" years on the police force, with two citations for good work.

Apprehended by Detroit Police Aug. 12 while fleeing the \$14,000 stickup of a Hazel Park super market, Stork quit his job as a vice squad investigator the next day and pleaded guilty to armed robbery, admitting also an \$11,000 holdup the month before in the same store and a previous one for \$8,000 at a market in Warren.

The father of three children ages 1 to 3, Stork heard the sentence impassively, as did his parents, Mr. and Mrs. Raymond Stork of Frazier, who had joined him in the courtroom with his wife Leone, 28. She is expecting a fourth child next month.

### Nazi Prison Camp Head Hangs Himself

WINNIPEG, Man. (UPI)—The former commandant of a Nazi prison camp in Estonia, accused by Moscow radio of responsibility for the mass murder of thousands, was found dead last night—an apparent suicide victim.

Police identified the man as Alex Laak. Police said Laak was found hanging in his garage last night. Coroner I. O. Fryer confirmed early today that Laak took his own life by hanging.

### Police Kills 66, Hits 1,002

SAPPORO, Japan (AP)—A police outbreak on Hokkaido, Japan's northernmost island, has killed 66 persons and stricken 1,002 others since June, officials reported Tuesday.

## Shot Fired at Home of Utah Governor

SALT LAKE CITY, Utah (AP)—A bullet crashed through a living-room window in the Utah governor's mansion Tuesday night. Gov. George D. Clyde, his wife and his daughter were sitting in the room but they were not hit. Clyde, a Republican who is

seeking re-election, said he didn't think the bullet was fired intentionally. "I imagine some kids might have been shooting up on the hill," he said. The Apostle Paul left such an impression on the island of Malta during his visit in the year 60 that his daughter was sitting in the room but they were not hit. Clyde, a Republican who is

## Board Provides Safe Walking for Children

The Waterford Township Board took action last night to provide safe walking conditions for children living in Lake Oakland Heights subdivision who are enrolled in the new David Grayson Elementary School.

After several weeks of discussion by the Township Board, school officials and the subdivision residents in an attempt to eliminate the problem of children having to walk along busy Walton boulevard, Township engineers today were to stake out a path on the south side of the road.

The men in the subdivision have agreed to make the path this weekend, and the township will furnish gravel for it. By Monday morning—the first day of school for Grayson pupils—the project is expected to be completed. The School Board will provide two crossing guards for the school at that point.

Another controversial issue also was on the way to being settled. The board authorized the township attorney to draw up an agreement to have the owner and operator of the Cooley Lake Road dump establish a grade level, bulldoze and cover the debris.

Residents in Waterford and West Bloomfield townships had protested the operation of the dump.

A hearing date was set for Oct. 3 for rezoning two lots on Lochaven Road for four additional lots in the Silver Beach Subdivision from residential to commercial.

The board discussed the appointment of a member to the newly authorized Firemen's Civil Service Commission. Regular firemen will vote for one member, and the choice of the two groups will select a third member for the three-member commission.

Developers of two separate subdivisions were not present to request approval of the Vista Hills Subdivision, or the Watkins Hills. No plan or action was taken on either plan.

## WSU to Offer Teachers Extension Courses Here

Eight extension courses will be pay fees by check or money order, offered in Pontiac by Wayne State at registration.

University this fall as part of the university's college of education. Courses being offered at 4:30 p.m. are:

Remedial Instruction in Basic School Subjects (Ed. 411 3 hrs.), Classroom Management (Ed. 412 3 hrs.), Classroom Organization (Ed. 413 3 hrs.), Classroom Discipline (Ed. 414 3 hrs.), History of Education (Ed. 415 3 hrs.).

Those offered at 7 p.m. are: Method and Materials of Instruction for Elementary School Arithmetic (Ed. 416 3 hrs.), Method and Materials of Instruction for Elementary School Science (Ed. 417 3 hrs.), Literature for Elementary School Teachers (Ed. 418 3 hrs.), Environmental Studies (Ed. 419 3 hrs.).

Registration will begin at 4:30 p.m. at the high school on Sept. 13. Up to 16 hours of off-campus credit may be applied toward a master's degree.

Fully employed teachers cannot enroll more than six semester hours of graduate course work. All students must be admitted to Wayne State University before they can register and are required to

**PET DOCTOR**  
By A. W. Moller, D.V.M.

Q: Our three-month-old dog is a car-chaser. We're afraid she'll be killed if this habit isn't broken. Is this a neurosis? What do you advise? Kathleen Anderson of Tarry Hill, Ont.

A: Including in this dangerous sport does not mean your dog is neurotic. It is a manifestation of the pup's exuberance and the instinctive thrill of the chase.

Often the car-chaser likes who is chasing her, thus endangering young children. You'll need props for the two most effective methods of correction. I can advise a rope, or a water-pistol and a conspirator.

Attach a 60 to 80-foot rope to your dog's collar and let her take off toward a car. When she's out to reach it, yank the rope. She will associate the indignity with the car, not you.

The other method involves arming your conspirator with a loaded water-pistol as he drives by your home. As the dog approaches the car, a faucet of water may be all that is necessary to put a damper on this bad habit. Your dog is still a puppy and may reform voluntarily when she realizes the futility of the chase. *Moller closes his*

## Solve RO Twp. School Problem

24 Students Return to Carver for Just One More Year

The problem of what to do with 24 ninth grade students in Royal Oak Township has been solved for the time being at least.

They will return to the George Washington Carver School from which they graduated from the eighth grade last June, according to Dr. Joseph Hudson, school district superintendent.

"They will register at Carver Thursday with a complete ninth grade curriculum ready for them," he said today.

"What will become of them when they are ready for the 10th grade is the question we should begin thinking about now."

"For the time being our problem is solved," Hudson explained.

He also asserted that the school had adequate teachers to handle the addition of a ninth grade.

Previous graduates of Carver had gone to high school in Detroit on a tuition basis after completing the eighth grade.

But Detroit school officials said they could accept no new pupils this fall because of overcrowding.

Other neighboring communities declined to accept the 24 pupils on grounds of overcrowding in their schools.

## Survival Course Will Be Offered at Burt School

A new Civil Defense survival course will get under way Tuesday at the Burt School, 581 S. Winding Drive, in Waterford Township, according to Mrs. William L. Amann, director.

The course, to be held from 8 to 10 p.m. each Tuesday for 13 weeks, is available not only to township residents but also to persons in surrounding areas.

Officers will learn the techniques of survival in the event of a disaster.

Professionally trained instructors (doctors and nurses) will conduct the course. Residents may acquire additional information by calling the Waterford Township Civil Defense Office at the township hall.

## County Dem Corn Roast on Sept. 17 at Fun Park

Oakland County Democrats will hold an old-fashioned family-style corn roast Saturday, Sept. 17, at the Walled Lake Amusement Park.

On hand for the affair will be Democratic state officials, James Keenan, 13th District congressional nominee, and all candidates for county offices.

Hours for the corn roast: 5 p.m. to 10 p.m.

More than 25,000 tickets have been distributed to Democratic organizations for sale.

Master of ceremonies will be James P. Lawson, Farmington Township justice of the peace. Mr. and Mrs. Frank Sierawski of Ferndale will supervise volunteers preparing and serving corn.

Sierawski is branch manager of Ferndale secretary of state office. Tickets may be purchased from any area ticket chairman or from county Democratic headquarters in the Roosevelt Hotel.

**GREETED BY FANS** — Democratic presidential candidate John F. Kennedy, center in dark suit, is greeted by an audience which scrambled over seats and pushed into the aisle to shake his hand as he entered Seattle's Civic Auditorium for a campaign speech Tuesday night. The Massachusetts senator struck hard saying Congress should aid education. He moves into Oregon today, continuing his West Coast campaign.

## Must Aid Education, Cries Jack Kennedy

By JACK BELL  
EDGEMONT, Ore. (AP)—Sen. John F. Kennedy said today the federal government must fill the tax vacuum that has left the nation short 50,000 teachers and 132,000 classrooms.

The Democratic presidential nominee shuttled his campaign into Oregon today after telling a crowd of about 5,000 in Seattle's Civic Auditorium Tuesday night that whether he likes it or not the next president is going to have to submit to Congress "a whole new set of defense goals."

On his way toward a major speech in Portland tonight, Kennedy turned to what he called difference on many issues between the Democrats and the Republicans.

The Massachusetts senator avoided mentioning his rival, Vice President Richard M. Nixon, but he struck hard at what he said was the Republican responsibility for failure of Congress to pass an aid-to-education bill.

"It is time to realize that we are faced with new frontiers in education," Kennedy said in a prepared speech.

"The old philosophy of leaving the financing of public school education to state and local taxpayers and the financing of college education primarily to parents is no longer sufficient."

Kennedy said the time has come for emergency federal action "to help halt the decline in American education." He said this does not mean federal control nor federal replacement of local effort.

**LEG CRAMPS?**

One of the most common causes of painful muscle cramps is a prolonged deficiency of calcium.

So says a famous doctor and widely-read newspaper columnist, formerly with the Mayo Clinic, and other well-known health authorities.

When meals, consistently deficient in calcium, are fortified with DYNACAL Calcium Tablets, fermenting calcium-deficient muscle cramps can be promptly relieved. But don't confuse DYNACAL Tablets with ordinary calcium-phosphorus products. DYNACAL Tablets contain no phosphorus which frequently interferes with the absorption of calcium. And DYNACAL Tablets contain a special ingredient which helps to put calcium into the blood stream quickly—bringing faster relief to cramping, calcium-starved muscles.

Pleasant-tasting DYNACAL Tablets with calcium, glutamic acid, hydrochloride, and vitamins D and C contain no drugs. They are safe, harmless, calcium food supplements. If you are suffering from miserable muscle cramps, and suspect you are not getting enough calcium, ask for DYNACAL Tablets. Today. Bottles, of 90 tablets, \$1.50.

### Will Open Nov. 3 in New York

## GM to Present Motorama

General Motors Corp. has announced plans to present another of its famed Motoramas as a showcase for its 1961 model cars and trucks.

Chairman Frederic G. Doner and President John F. Gordon said that the new Motorama will open Nov. 3 at the Waldorf-Astoria hotel in New York City for a seven-day stay.

It then will visit the West Coast for the first time since 1958, appearing in San Francisco Jan. 5-10 and in Los Angeles from Jan. 22 through Feb. 5.

In San Francisco, it will appear in Civic Auditorium. In Los Angeles, the show will appear in Pan Pacific Auditorium.

Previous productions of the Motorama, offering the newest in automobiles and engineering advances plus top Broadway entertainment talent, have been visited by more than 8 1/2 million persons across the nation since 1958. Millions more have viewed it on television.

The show will afford an early opportunity for the public to see, under one roof, GM's complete offering of 1961 cars—Chevrolet, Pontiac, Oldsmobile, Buick and Cadillac, including the new smaller cars being added to the Buick, Oldsmobile and Pontiac lines. There also will be displays of

Chevrolet and GMC trucks, Frigidaire appliances, and the products of a number of other GM divisions. Colorful stage entertainment will be an additional feature.

This will be the seventh GM Motorama. GM first applied the name to a show of this kind in its "Mid-Century Motorama" staged in New York 10 years ago, in 1950.

Largest single crowd in Motorama history was March 4, 1956, when 100,553 persons visited the show in Los Angeles.

### Seize Three Accused in Foreign Dope Ring

CHICAGO (UPI)—Federal agents today seized three men accused in a \$500,000 international narcotics ring.

George Bell, chief narcotics agent here, said the men had "New York connections" who handled heroin from Europe and "more arrests are expected."

The three men were to appear before a U.S. commissioner today.

### Rain Causes 13 Deaths

MANAGUA, Nicaragua (UPI)—Floods caused by four days of torrential rain in Southwestern Nicaragua have caused at least 13 deaths, it was reported today.

### It Isn't Raining Rain You Know —It's Soap!

NEWCASTLE ON TYNE, England (UPI)—Soap powder swarmed from the sky here Tuesday and a rainstorm gave the city a surprise.

It started when a soap dust extractor jammed for 18 minutes at a local factory. Clouds of dust billowed out and settled slowly on streets and gardens. Children ran about holding their eyes. Dogs went wild.

Then it started to rain. Streets were ankle deep in foam and sludge. Cars skidded to a halt.

"It was an exceptional occurrence," said a factory spokesman when washday was over.

Mitchell is the name of countless... The per capita use of paper in Georgia, Iowa, Kansas, North Carolina and Texas, is 45 pounds a year.

**Auto Company Acquires Firm**

Studebaker - Packard Corp. Buys Muskegon's Clarke Floor Machine

NEW YORK (UPI)—Clarence Francis, newly elected chairman of the Studebaker-Packard Corp., announced today that the auto company has acquired the Clarke Floor Machine Co. of Muskegon for an undisclosed amount of cash.

This is the fourth acquisition by Studebaker-Packard outside the automotive field in the past 16 months and is expected to boost the corporation's pretax earnings 17 to 20 million annually, according to Francis.

Clarke Floor Machine, a manufacturer of floor waxes, sanders and refinishing and woodworking machinery, had sales of \$9 million in 1959. The privately held company employs about 400 workers and has assets of \$4,400,000.

Negotiations have been under way for some time and the announcement had been expected this week.

The company reportedly is completing negotiations with two other concerns, one of which is a furniture manufacturer. Total sales of these two companies and Clarke Floor Machine are believed to be nearly \$15 million a year and pretax profits of about \$4 million.

The announcement of the latest acquisition came just three days after the election of Francis as chairman. The move was interpreted in some trade circles as a prelude to a stepped up diversification campaign by the nation's fifth largest auto maker.

Since 1958 Studebaker-Packard has bought three small companies—Gering Plastics, Cincinnati Testing Laboratories and Gravelly Tractors Co.—which this year are expected to report about \$4 million in earnings on sales of \$10 million.

**Russian Talks Peace at Red China's Door**

TOKYO (AP)—A high Soviet official gave the Kremlin's case for peaceful coexistence at a political convention Monday on Red China's doorstep.

The speaker was Nikuridin Mukhitdinov, a member of the Soviet Communist party's Presidium, who addressed the Communist party congress of North Viet Nam at Hanoi. He repeated the claim that communism can triumph without war—a concept challenged by Red China.

## Women's Section

*you can't vote  
if you're  
not registered*

A reminder to area citizens from the League of Women Voters is boldly displayed by, from left, Elizabeth Halsey of Lorraine Court, Mrs. Claire J. Hickey of Elsinore Drive and Mrs.

John Borwold of Sylvester Street, Drayton Plains. North Oakland County's league is busy with plans for a bi-partisan candidates' rally Sept. 28 at Pontiac Central High School.

### Women Voters to Hold Rally

As a public service a bi-partisan candidates' rally will be conducted by the League of Women Voters of North Oakland County at 7:45 p.m. Sept. 28 in Pontiac Central High School's auditorium.

Citizens of this area are invited to hear each candidate whose name appears on the November ballot, excluding nominees for president and vice president.

The following questions will be asked each candidate: What do you consider the most important service to be rendered in the office you seek? Is there any area of legislation in which you are particularly interested?

Time for replies will vary as to the office sought.

Invitations have been mailed to 41 candidates for U.S. Congress, state administrative boards, state senate and house of representatives and all county candidates.

Over 1800 letters announcing the event are being sent to individuals and organizations in Birmingham, Pontiac, Rochester and West Bloomfield Township.

Those interested in attending the rally may call or write one of the following by Sept. 14: Lillian Davidson of Camley Street, Mrs. John Treacy of Mrs. Jack Ezerov, both of Birmingham, or Mrs. Walter Harland of Rochester.

### New Sleep-Sit Supplies Allow Room to Grow

Larger families and taller individuals are making it imperative that modern homes allow "room to grow" in several different ways. The old custom of having three or four children, and even more, is coming back again. This means that more space is needed in an often limited area.

Dual purpose comes to the rescue. The many types of sleep-sitting equipment on the market makes handsome additions to the home and help to solve the crowding problem.

Many people are growing taller these days, too. In 1960 one out of 25 American men was six feet tall. Today one out of every five men in the 20 to 30 year age bracket is six feet tall. Women, too, are averaging slightly higher measurements.

For comfortable sleeping, the space offered by supine beds and mattresses can't be duplicated for this "growing" segment of the population. Even for those of smaller frames, supine offers room for luxurious slumber.

### Webfords to Meet

The first fall meeting of the Webford Club is slated Thursday at the Gale Road home of Mrs. Hans Nelson.

Following a cooperative luncheon at 1 p.m. plans will be made for the annual dinner and bazaar later this fall.

### Slate Election

Election of officers will highlight the Sept. 15 meeting of the "Twins" Mothers' Club. Members will meet at 8 p.m. in the Community Services Building on Franklin boulevard. Movies of a recent picnic will conclude the program.

### Would You Have Paid Any Loss?

By EMILY POST

Dear Mrs. Post: Last week my boy had taken me to the races. He had set aside a certain amount of money for the evening's entertainment. I did not bet on any of the races myself, but helped him to choose the horses to bet on.

By chance, I picked several winners that evening and as a result he won quite a sum of money. He offered me half of his winnings which I accepted. Was I wrong to have accepted this money?

I didn't feel that it was, inasmuch as we both participated in the choosing of the horses. However, some members of my family think I should not have accepted this money and that I should return it to him.

Will you please advise me in this matter as I don't wish to be criticized for doing the wrong thing.

Answer: I certainly agree with your family. After all, it was his money—and I wonder if he had lost whether you would have felt you should share that.

### Family to Reunite

Dodge Park in Highland will be the scene of the 6th annual Skarritt family reunion Sunday. A cooperative dinner will be served at 12:30 p.m.

The John Robinsons of Marshall Street announce the engagement of their daughter Mary Jean to Dean Parsons, son of the Kenneth Parsons of Gingerville. No wedding date has been set.

MARY JEAN ROBINSON

### Queens of Yesteryear Parade for 150,000

ATLANTIC CITY, N.J. (AP)—Tens of thousands of Americans flocked along the boardwalk Tuesday night as 150,000 spectators watched the preliminaries of the 1960 beauty and talent pageant.

The parade was led by Margaret Gorman Cahill, who was the first Miss America in 1921.

### Practicals Hear Lowell Eklund at Graduation

Dr. Lowell Eklund, director of continuing education at Michigan State University, addressed the graduation of the McAuley School of Practical Nursing.

The Rev. Edwin Schroeder presided as Slater May Xavier, R.S.M., Administrator of St. Joseph Mercy Hospital presided the diplomas. Dr. Harry Ambush, president of the medical staff, conferred the school pins.

Pontiac area students in the class of 31 were Jovita Bonavides, Edith Foster, Dorothy Foursac, Diane Garrett, Margaret Gawnie, Irene McIntosh, Della Miller, Wanda Morgan, Barbara Nordquist, Beth Roberts, Edith Sanders, Emma Spangler, Jean Stinson, Sandra Wells and Gail Weston.

The Saturday "commencement" program included Mass in the hospital chapel and a luncheon at Devon Cabel.

Three Pages Today in Women's Section

As a winner in that year, Mrs. Cahill rode in a rolling chair in a modest procession. She won her title from a handful of girls from cities in this area.

Tuesday night she sat atop a float decked with 50,000 roses in her role as grand marshal of the parade.

Eleven former Miss Americas participated in the parade as a salute to this year's re-united of the Alpha Sigma, the Miss America sorority composed of former contestants.

Mrs. Cahill, who in 1921 was Miss Washington, D. C., was followed by these beauty queens:

Ruth Malcolmson Schaubel, 1924; Pat Donnelly Harris, 1925; Barbara Jo Walker Hummel, 1926; BeBe Shopp Waring, 1927; Jacqueline Mercer Curran, 1928; Evelyn Ay Semper, 1929; Lee Ann McWhether Altmeyer, 1930; Sharon Kay Ritchie Cherry, 1931; Marian Ann McKnight Carmody, 1932; and Mary Ann Mobley, 1933.

This year's Miss America—Lynda Lee Mead—sat atop a motorized float depicting a Cinderella scene in a castle garden. The Cinderella story is the theme of this year's pageant.

There are 54 girls in the contest, representing every state in the union as well as Canada and the cities of New York, Chicago and Washington.

Yesteryear's Miss Americas (six of them) got together for a reunion at the annual Miss America pageant Tuesday in Atlantic City. They are, from left, Mrs. Carl Semper, formerly Evelyn Ay, Miss Pennsylvania of 1954; Mrs. Richard P. Curran, formerly Jacqueline Mercer, Miss Arizona of 1949; Mrs.

Examining one of the 1800 letters announcing the League of Women Voters Sept. 28 rally being sent to individuals and organizations in this area are, from left, Mrs. Roy MacAfee, cochairman, and Mrs. Cora

Scott, treasurer, both of Niagara Avenue; Doris Walker of Coventry Street, Drayton Plains, cochairman; and Helen Wordelman of Niagara Avenue, state item chairman.

## Mostly News of Babies

Harold J. Richards, son of Mrs. Harry J. Richards of Muhaw Road, has returned from a 60-day tour of Europe with a student group. Sailing on the USS United States, they returned by jet plane.

Mr. Richards is a junior medical student at the University of Michigan.

A son, Jeffrey Allan, was born to the Gary A. Hendershott (Jo Ann Stokes) of North Marshall Street, Aug. 27 in St. Joseph Mercy Hospital.

Grandparents are Mrs. Clayton A. Stokes of Lake Orion and the Allan Hendershott of Orchard Lake. Mrs. Ida Kinder of Almost and Mrs. Mildred Fox of Kingsville, Ont. are the infant's great-grandmothers.

Former Pontiac residents, Mr. and Mrs. James Cronan of Terra Haute, Ind., are visiting in this city week.

Recent congratulations on the birth of their second son, Michael Andrew, Sept. 4 in Pontiac General Hospital, are Mr. and Mrs. Richard Beyer (Vicky Mac). They are moving from their East Huron Street home to East Lansing where both attend Michigan State University.

Grandparents are Andrew Mica of Midway Avenue and the Arthur Beyer of Mt. Clemens Street.

A surprise open house Sunday afternoon at the Edwin Keels of Marquette Street, Union Lake, honored Mr. Keel on his birthday.

Sharing birthday hours were his daughter-in-law Mrs. James Keel and her two-year-old daughter Abby, of Detroit, and four-year-old Bradley White of Lapeer, Tex., currently visiting his grandparents.

Planning the affair were the Adolph B. Whites, the James Keels, Mrs. Clarence Crocker, and Mrs. Leo Sauer who is Mrs. Keel's sister.

Mr. and Mrs. George Ewing (Janet Atkins) of Fleet Street, Waterford Township, are parents of a daughter, Anna Marie, born Aug. 24 in Pontiac Osteopathic Hospital.

Grandparents are Mrs. Eleanor M. Atkins of East

Roulevard North, Leo P. Atkins of Dwight Avenue, and Mrs. George T. Bennett of Riverdale Drive. The Peter Johnsons of Valparaiso, Ind., are great-grandparents.

The Rev. and Mrs. Gerald H. Rapelle of Garland Avenue, Sylvan Lake, have returned from visiting Kewick Bible Camp at Muskegon Lakes, Ont. The pastor and his wife, of Memorial Baptist Church, also visited their daughter Ruth, counselor at Pioneer Inter-Varsity Camp, Sidney, Ont.

Mr. and Mrs. John McGaffey (Ann Marie St. Charles), of Holly, are parents of a son,

Keller Joseph, born Aug. 24 in St. Joseph Mercy Hospital.

Grandparents are Mr. and Mrs. Ernest J. St. Charles of Chamberlain Street and the Donald McGaffey of Birmingham.

The Robert Youngs (Barbara Irwin) of Williams Lake Road, Waterford Township announce the birth of a son, Tracy Irwin, Aug. 29, in St. Joseph Mercy Hospital.

Grandparents are the Marley Youngs of Cherokee Road and the George Irwin of Hira Street, Waterford Township. Mrs. Virgil Barnes of Rundell Street is maternal great-grandmother.

### Abby: But Tell Her to Test Him

## Let Granny Live, Love

By ABIGAIL VAN BUREN

DEAR ABBY: This problem has my whole family all shook up. My grandmother is 64. She has been a widow for six years. She has a home who is about 75 and they are talking about marriage. He is polite and nice but he doesn't have any money to brag about.

GRAM OWNS HER OWN HOME and has some other property around town. My parents have been trying to talk Gram out of going with this man.

They tell her to her face she is acting like an old fool and things like that.

This makes Gram sad and she cries. Do you think it's any of my parents' business to tell Gram how to run her life? They say she doesn't know the score.

WORRIED GRANDDAUGHTER

DEAR WORRIED: Assuming your grandmother is able to think for herself, your parents are being unnecessarily cruel. Doesn't Gram know the quickest way to find out if a man is after her money is to ask him to sign an agreement before marriage stating "What's his, and what's hers is hers."

DEAR ABBY: I entertained at a little tea for a friend who is moving. One of my guests (a neighbor) brought me a pound of coffee, gift-wrapped and said, privately, "I'm here to meet."

I told her I couldn't accept the coffee. I meant to give it back to her when she left but it slipped my mind. I am hurt and want to return it. Would it be wrong to mail it back to her with a little note saying it wasn't necessary?

DEAR HURT: Keep the coffee and forget it. Mailing it back would only furnish grounds for a misunderstanding.

DEAR ABBY: I leave up my child for adoption nine years ago. I knew when I signed her away it would be a final decision but I can't stop trying to find out where she is.

I am married now and have three other children but I still long for my firstborn. My mother tells me I should leave well enough alone and forget her, but how can I forget her, Abby? Please help me.

DEAR SAD: Your searching would probably be in vain, and if you did locate the child it would be unfair to her and to her adoptive parents after nine years.

When a mother loses a child by death, she leaves the child in God's care. The mother who gives up her child for adoption must have the same kind of faith.

DEAR ABBY: I am sure that every girl at some time or other gets hooked at. My question is, what is a girl supposed to do? Don't tell me not to turn around because a girl has to look at who is looking so she can find out if she knows them or not.

If she doesn't know them, should she smile pleasantly and keep walking? Or should she turn up her nose and give them the cold shoulder?

DEAR HONKED: Only a goose honks... and unless you are a green goose you will not encourage a honker with a "pleasant smile."

HONKED AT

Members of Gamma Psi Chapter of Beta Sigma Phi Sorority met Tuesday evening at the Starr Avenue home of Mrs. Robert Pritchett.

Mrs. William Chel announced a theme "Within Our Hearts" for the coming year's program and Mrs. Cleo Carpenter gave a demonstration on the art of making flowers.

Mrs. Edward Martinson will be hostess for the next meeting.

BUNNY FUR'S HIT

(NEA)—Bunny fur comes in black, white, or leopard-printed pouch bags with gold chain handles this fall. This is one that teen-agers will love.

David Waring (BeBe Shopp) Miss Minnesota of 1948; Mrs. Robin Harris (Patricia Donnelly) Miss Michigan of 1939; Mrs. Carl Schaubel (Ruth Malcolmson) Miss Pennsylvania of 1924; Mrs. Victor Cahill (Margaret Gorman) Miss District of Columbia, 1921.

# Dirty Doll—Sole Cause for Start of Milk Bottle

Did you know that the milk bottle was invented because of a dirty doll inspired a drugist's interest in cleanliness? Delivery men used to dip milk for customers from a 40-quart can.

One day in 1884, Dr. Harvey D. Thatcher of Potsdam, New York, saw a little girl's rag doll fall accidentally into the container. The milkman merely pulled it out and continued dipping milk from the can.

From this incident of contamination, Dr. Thatcher was moved to develop individual milk bottles. The first ones were made of hand-blown glass and subject to breakage. But Dr. Thatcher's idea was refined, and today more than 10 billion quarts of milk are annually delivered to Americans in glass bottles.

## Beauty Clinic

by Edythe McCulloch  
EARLY FALL

Labor day officially ends the season for wearing white but by no means marks the end of warm weather. Dark cottons and new fabrics that imitate wool can bridge the season very nicely for you.

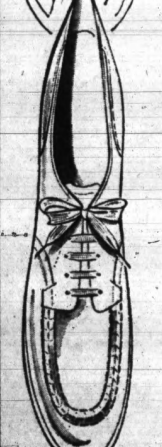

Take this time to look over your fall clothes, weed out the used looking things and shop carefully for replacements. Check your hemlines and update last years garments by shortening skirts. This goes for your winter coats, too!

There is much to be done so start right away before the busy season catches up with you.

# Couple Exchanges Vows in Cooley Lake Home Rite

A century-old lace-covered Bible topped with red roses and feathered carnations was held by Donna Mae Sutton as she exchanged wedding vows with Seaman Appending.

MRS. DALE G. BREEDING

Dale G. Breeding Saturday afternoon.

The Rev. Marion F. Boyd of West Columbia Baptist Church.

Breakfast Is Just a Habit—a Good One!

(NEAT)—Teen-agers who make a habit of skipping breakfast aren't doing themselves a favor.

Breakfast is a largely a matter of habit, a good habit. It literally breaks the longest fast of the 24-hour period, providing you with food you badly need.

If you habitually skip breakfast because you're short on time and nearly always late to class, get up ten minutes earlier. This ten minutes will be time enough for you to have a glass of orange juice, an egg and a piece of toast. Or, have a glass of milk and a banana. But don't think you can get by with nothing or just a cup of coffee.

The girls who skip breakfast are usually the ones who consume snacks later in the day, ending up with spiciness or puffy skins as a result. Clear skin and a trim figure depend, to a large extent, on what you eat and on three sound meals each day.

When your mother urges you to eat breakfast, don't just decide that she belongs to the Stone Age. After all, she's been through the whole thing ahead of you and probably picked up a couple of tricks on the way.

performed the ceremony in the Cooley Lake Road home of the bride's grandparents, the Michael Penders in Waterford Township. White gladioli banked the stone fireplace in the living room and centered the bride's table at the garden reception.

Daughter of the Donald A. Suttons of Airport Road, Waterford Township, the bride chose floor-length white nylon tulle and Chantilly lace over tulle for her wedding. The dresses ended in wrist-length and the modest bodice featured a sweet-heart neckline.

Finger-tip French silk illusion veiling was attached to a crown of sequins and pearls.

ATTENDED BRIDE  
Maid of honor, Nancy E. Breeding, sister of the bridegroom, appeared in white-length pink tulle "over" tulle. Chantilly-type lace accented her scoop neckline. She carried pink roses and feathered carnations.

Son of the Wylie G. Breedings of Lynx Lane, Waterford Township, the bridegroom asked Seabee Robert Wilson to be best man.

Leaving for Niagara Falls, the Mrs. Breeding wore a jacket-dress of beige silk with brown accessories. She will reside with her parents while her husband is in service. He is stationed at the naval submarine base, New London, Conn.

Brown accessories accented Mrs. Sutton's tiered sheath dress of champagne beige lace. Her shoulder corsage included yellow roses and feathered carnations. Wearing beige chiffon over tulle, styled with satin cummerbund, Mrs. Breeding's flowers were red roses and feathered carnations.

Have You Tried This?

## Surprise Coffee Cake Is Best Served Warm

By JANET ODELL

Pontiac Press Home Editor  
Now that the children are going back to school the neighborhood coffee get-togethers will start up again. When it is your turn to have the group in, serve them this delicious quick coffee cake.

Mrs. William Nunes of Orion Township gives us two versions.

Mrs. Nunes enjoys number painting. This winter she is going to start bowling. She has three children.

SURPRISE COFFEE CAKE

By Mrs. William Nunes

Mix:  
1/2 cup sugar  
1/2 cup cooking oil  
1 egg  
Stir in:  
1/2 cup milk  
Sift and stir in:  
1 1/2 cups flour  
2 teaspoons baking powder  
1/2 teaspoon salt

JOY ELAINE OWEN

Cranbrook Branch, WNFGA

## Unit Marks Two Years

Cranbrook Branch of the Woman's National Farm and Garden Association will hold its first meeting of the fall season Monday at the Bloomfield Hills home of Mrs. Glenn Glass. The occasion will mark the Cranbrook unit's second birthday.

Speaker for the afternoon will be Georgann Francis on the subject "Flowers and Fall Decorating."

Honored guests invited are Mrs. F. Gordon Davis of Birmingham, president of the Michigan WNFGA; Mrs. William McCulloch of Birmingham, national extension chairman; Mrs. Arthur K. Hyde of Bloomfield Hills, Michigan extension chairman; Mrs. Leroy Vandewer of Bloomfield Hills, Michigan chairman of nominating; and Mrs. Leslie Green of Turtle Valley Farms in whose home Cranbrook branch members held their first meeting, sponsored by the Bloomfield Hills branch.

A board meeting is scheduled Thursday in the Bloomfield Hills home of Mrs. Harold Tanner, president.

## Make Bedroom Flower Haven, Secret Garden

If you are a lover of flowers and plants, here's a suggestion that could make your bedroom a haven, a secret garden. Potted plants can live in this room as well as in any other room in the house. Artistically arranged in a harmonious setting they contribute to the feeling of relaxation which is so important for a bedroom decor.

Suggestions for adding to this outdoorsy illusion include "brick" wallpaper along the lower half wall of one side of the room and window shutters painted green and white. Light garden-color bedspreads on comfortable mattresses and springs complete the picture.

## Weekly Bridge Tourney Held

Seven tables of duplicate bridge were in play Saturday evening at the Pontiac Bonnevill Bridge Club weekly tournament in the Hotel Waldron.

Winners were Mrs. Norma Keller and Mary Malche, Ernest Gay and Frank Sparks. Mrs. Melvin Small and Sidney Dickstein, Mr. and Mrs. Ernest Clinton, Dr. and Mrs. Edward F. Collins and the Jack Wrights.

# Gals Win Short Fight at Barnard

But New Rules Say Bermudas Must Be Just So

NEW YORK (AP)—Never ones to skirt the issue, the room-kneed girls at Barnard College have won the battle of Bermuda shorts. Word has come down from the top: hence this month will be okay if they are not too short, too bright, or, ahem, too tight.

However, across the street at Columbia University, the girls will simply have to wear long coats over the shorts. There are boys over there.

Barnard's capitulation came after months of smoldering stalemate. A ban on shorts and slacks announced last May brought a howl of protest from the girls and mixed reaction from the boys.

The girls demanded to decide for themselves what to wear and not to wear on campus.

At Columbia many a youth expressed dismay at the infringement of the freedom to expose a bit of thigh.

However, at Barnard one male instructor who faced the girls en masse in short-bedrocked ranks in his art classes put forward the view that many would do well to cover up.

The school's new regulations spell out precisely how short the shorts may be. Two inches above the knees, and let the howls fall where they may.

### Soak in Cold Water

(UPD) — Because hot water  
soaks milk, eggs and starchy  
foods, most mixing bowls,  
spoons, and doughy dishes in  
cold water.

### Men Will Love You

## Look Natural, Be Natural

By JOSEPHINE LOWMAN

Many women overlook the fact  
that men not only like to have  
look natural but they like to  
act that way, too.

Many surveys have shown that  
men like powder, rouge and lip-  
stick, but that they prefer that  
these look as much like nature's  
own as possible. Too heavy or  
exotic make-up chases them  
away. They would rather be  
seduced by the lovely results of sub-  
tle enhancing.

### RED NAILS NEGATIVE

They never have fallen for make-  
up which is too obvious and most  
of them actually dislike bright red  
nails, although they have become  
accustomed to these that they  
no longer complain.

Most men still wish that the  
little lady would keep her hair  
long, although they do not ob-

ject to shorter hair if the cut  
is soft and feminine. They  
admirer a masculine looking  
haircut on a woman.

Questionnaires have shown that  
men dislike artificiality. Copious  
the strenuous approach and baby talk  
only "send" a boy or an immature  
man. The real man falls for the  
charm which comes from natural-  
ness, or the outgoing, perceptive,  
warm, responsive spirit.

### ARE CORRECT

It seems that in most matters  
men are correct in their prefer-  
ences. Make-up never was meant  
to cover a poor complexion, but  
to bring out our best features and our  
natural beauty and minimize any  
defects we may have. It should  
be applied with reserve and never  
can take the place of a lovely  
skin.

And, a born interest in the  
world and in those about us, and  
a straightforward attitude  
stripped of artificiality but load-  
ed with warmth and gaiety so  
far outside any pose that there  
is no comparison.

So the watchword is "Be nat-  
ural." It will make your man hap-  
py—and who would you rather  
please?

If you would like to have my  
leaflet, "Grace and Charm," send  
a stamped, self-addressed envelope  
with your request for leaflet No.  
57. Address Josephine Lowman in  
care of The Pontiac Press.

### Fading Colors Soon Will Be Thing of Past

NEW YORK (U) — The age-  
old problem of colors that run  
or fade after several washings  
will no longer exist in a few  
years if recent developments  
in dyeing processes prove suc-  
cessful.

Manufacturers of synthetic  
materials have been experi-  
menting with adding pigments  
and dyes to the synthetic  
fibers before the fiber is spun.

After the color pigment or  
dye is added to the chemical  
solution the fibers are spun in-  
to threads and strands which  
are used in weaving synthetic  
materials. The color is an in-  
trinsic part of the material  
rather than something added

after the fabric has been pro-  
cessed. The bright pre-colored syn-  
thetic fibers and materials pro-  
duced by this method are on  
display in the Cooper Union  
Museum's exhibit on color  
here.

### Husband Does Resent His Wife Getting Fat

By RUTH MILLETT

Don't you believe—  
That your husband isn't con-  
cerned that you've been steadily  
gaining weight until finding be-  
coming clothes has become a real  
problem. Any husband is bound  
to care if his wife loses her trim  
slim figure.

That your husband doesn't  
mind the fact that you are a  
sluggish housekeeper. No man  
cares to live in continual clutter.

That your husband isn't hurt  
when you criticize his mother or  
his friends.

That your husband doesn't  
resent being reminded of all the  
things you want that he can't  
afford to buy for you.

That your husband doesn't  
mind your always putting the  
children ahead of him.

That your husband doesn't  
resent having you "help" him tell  
his stories or interrupt him to cor-  
rect his facts.

That your husband doesn't  
notice that you always say "my  
house" instead of "our house" and  
"our children" instead of  
"my children."

That your husband doesn't  
mind having you exchange the  
gifts he picks out for you himself.

That your husband doesn't  
resent having you and the children  
team up against him or hold out  
information that he has a right  
to know.

That you have let him down if you  
don't make a real effort to keep  
in step with him through the years.

For a happier life and a happier  
marriage, send for a copy of Ruth  
Millett's new booklet, "How to  
Have a Happy Husband." Mail 25  
cents for each copy to Ruth Mil-  
lett Reader Service, care of The  
Pontiac Press, P.O. Box 489, Dept.  
A, Radio City Station, New York  
10, N.Y.

### Modifying Wild Paris Cosmetics

(NEA) — The exaggerated  
make-up plan which Paris is  
happily offering up for fall is  
not likely to sweep the country.  
It calls for eye-shadow cover-  
ing the entire lid and reaching  
right up to the brow. The top  
of the mouth is lipsticked into  
a straight line. Various shades  
of powder are used, ranging  
from white to pale green.

Those of us who feel that we  
have a sufficiently green look  
anyway will shy away from this  
one. With this make-up,  
Paris models were exaggerated  
shingle cuts which were a sort  
of mish-mash of the worst of  
the 1920s and 1930s. There are  
hooks of hair on either large  
and curly enough to sustain a  
hat with ease.

New York hair stylists are,  
of course, busy modifying this  
look. It's easy to predict that  
women will modify it even  
further so that it will find up  
something like the cap cut of  
a decade ago.

# To Build Novitiate in Oxford Twp.

COUNTY'S FIRST — The first Catholic Church in Oakland County and the second in the Lower Peninsula, St. Patrick's in White Lake Township, celebrates its 120th anniversary Saturday when Mass is offered in the original building at 725 Union Lake Road. It will be the first service conducted in the church since 1948 when fires burned the interior twice in two weeks. The graves are those of early pioneers, Irish immigrants, who settled in the area and built the church.

## Plan Anniversary for Oldest Catholic Church in Oakland

WHITE LAKE TOWNSHIP—One hundred and twenty years ago this week a small group of Irish men came to this area to build a church in Oakland County. It is still standing.

On Saturday, descendants of those early pioneers will celebrate the founding of St. Patrick with a Mass offered in the little white frame building at 725 Union Lake Rd.

It will be the first time since 1948 that a service has been conducted in the church. After two

## Mackie to Send Sub to Rochester

ROCHESTER—Joseph E. Wilbur, expressway coordinating engineer for the State Highway Department, will speak at a public forum on roads here Sept. 15. It was announced today.

State Highway Commissioner John C. Mackie, who indicated earlier that he would attend the meeting himself, will send Wilbur to represent the state in the tri-level discussion.

Other speakers will be Paul Van Rookel, Oakland County highway engineer, and Cyril E. Miller, Avon Township supervisor.

Wilbur's acceptance was announced by Lloyd Lake, forum moderator and vice president of the Rochester Area Community planning council.

## South Oak Date Still in Doubt

Fund Bottleneck Hits Plans for Construction of Long-Sought Drain

SOUTHFIELD — Construction date of the controversial South Oak storm drain is still in doubt because of a dispute here over methods of financing the project.

A lengthy discussion on the matter at last night's City Council meeting ended in a stalemate between council members, bonding attorney Claude Stevens and representatives of the Southfield Citizens Association.

A special meeting on construction of the proposed drain was set for 8 a.m. Saturday in City Hall.

Council President C. Hugh Deary said the council needs a little more time to study whether a special district or the city-at-large or both should be assessed to pay for the \$4.8 million drain.

The city of Detroit has agreed to pay \$300,000 toward the project.

Detroit wants the drain built in each storm water running down right line from Oak Park and Southfield.

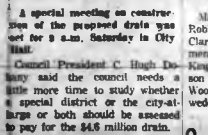

The excess water, Detroit officials say, causes basement flooding in their city.

Southfield council members want to satisfy the citizens and election which already has blocked construction of the drain twice.

The association objects to the high assessment costs involved.

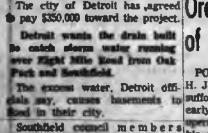

The proposed drain, if approved, would pump out into the Detroit River and Farmington area sewer interceptors.

Oak Park already has agreed to pay its share of the construction costs.

**GEORGE ROBINSON**

Mr. and Mrs. Charles W. Robinson of 40 Robertson Court, Clarkston, announce the engagement of their daughter, Georgia Robinson, to Mr. and Mrs. Vm L. Woolson of Saginaw. A late fall wedding is planned.

**Ore Boat Cook Dies of Suffocation**

PORT HURON (UPI) — William H. Jackson, 51, an ore boat cook, suffocated in his apartment here early today while a telephone conversation frustratedly tried to trace his call for help.

Jackson dialed the operator but apparently slumped unconscious to the floor before he could give the operator his name.

Police found Jackson on the ceiling near the front door of his apartment.

Weight of one inch of rain over an acre of ground would amount to 230,352 pounds or 133 short tons.

## Unit to Cost \$400,000 at Dominican Academy

OXFORD TOWNSHIP — Construction is scheduled to start this week on a new \$400,000 novitiate building on the grounds of the Dominican Academy here.

Work on the three-story brick structure is expected to be completed next summer, possibly as early as June, said Mother M. Lucille, O.P., superior general.

## Answers Call for Minister

Rev. Richard Schlecht to Serve Rochester's St. John Lutheran

ROCHESTER — The Rev. Richard L. Schlecht, 38, has accepted the invitation of the congregation of St. John Lutheran Church to serve as their minister. Robert L. McWilliams, congregation president, announced today.

The St. John Voters' Assembly, the congregation's governing body, will receive the Rev. Mr. Schlecht's acceptance at its meeting Monday night.

The new minister came to Rochester from St. Paul Lutheran Church, Royal Oak, where he has served since 1953.

The public is invited to join local church members at Rev. Schlecht's installation set for 11 a.m. Oct. 2. He and his family will be welcomed by a reception that evening at 8.

The new church pastor, his wife, their 12-year-old son and twin daughters, 10, will reside at the parsonage, 1033 W. University Dr.

A graduate of St. John's College, Winfield, Kan., and Concordia Seminary, St. Louis, Rev. Schlecht began his ministry in 1949.

He will fill the pulpit vacated by the Rev. W. C. Gerken, assistant director of the Lutheran Deacons Association since May.

The new Rochester minister will continue as counselor for the Pontiac Council Lutheran Churches. By appointment he filled the unexpired term of the Rev. Mr. Gerken in this office and was elected a full term at the recent Michigan convention of the Lutheran Church, Missouri Synod, in Ann Arbor.

The settlers immigrated to this country because of the religious hardships imposed in Ireland by the British government.

Land in the area was selling from 20 cents to two dollars an acre when the immigrants arrived. While the church was newly gifted on several occasions, a portion of the original altar and cross are still in the chapel.

A front door key, six inches long, is owned by Martin Donohue.

After fires struck the church twice in two weeks, Sunday Mass for the next two years was offered in the Oxbow Lake dance pavilion.

The present church was at one time St. Scholastica in Detroit.

It was learned in 1948 that St. Scholastica was building a new church, an arrangement which would have the entire church broken in four sections in White Lake Township and reassembled.

In January 1950 the congregation had a new church.

The Mass in honor of those who pioneered the first church will be said Saturday at 10 a.m. by the Rev. Lewis Ellis, pastor at St. Patrick.

## New Art Group in Clarkston

CLARKSTON — Spurred on by the enthusiasm of the Village Friends of Art is being organized.

More than 1,000 pieces of art were shown outdoors during the weekend exhibition, with 200 exhibitors entered from Oxford, Millford, Waterford Township, Pontiac, Walled Lake, Bloomfield Hills and Birmingham as well as Clarkston.

There was no judging of the many paintings, pieces of sculpture, silver, pottery and easel work. The new art group has decided that there will be no competitive art shows, only exhibitions to encourage artists in their work.

Mrs. Karyl M. Hill, first vice president of the Bloomfield Art Association, has met several times with the Clarkston art group to assist them with their pre-organization planning.

The acting chairman of the local group, Mrs. Henry J. Sore, said one of the grounds for the new project will be laid Sept. 21 and definite meeting dates will be set by then.

**TOP TWELVER** — Eighteen-year-old Sandra Sheldon of Lake Orion is the senior division winner of the Michigan State Baton Twirling Contest held at the State Fair in Detroit. She is the daughter of Mr. and Mrs. James Sheldon of 87 Highland Road. On Aug. 27 she placed first in the National Baton Twirling Association Class A Contest in Richmond, Ind. Also Miss Orion of 1960. Sandra is a member of the Romeo Peach Queen's court last weekend and an entrant in the Miss Michigan State Fair competition, which ends today.

**NEW ART GROUP in Clarkston**

CLARKSTON — Spurred on by the enthusiasm of the Village Friends of Art is being organized.

The acting chairman of the local group, Mrs. Henry J. Sore, said one of the grounds for the new project will be laid Sept. 21 and definite meeting dates will be set by then.

## East Germany's President Dies

Heart Ailment, Lung Inflammation, Fatal to Wilhelm Pieck, 84

BERLIN (AP) — Wilhelm Pieck, M. president of Communist East Germany, died this morning, the official news agency ADN announced.

A bulletin issued by four doctors said a sudden stroke of the heart on Sunday was complicated by an inflammation of the lungs.

Pieck, whose job was largely that of a figurehead, had been building on the 75-acre plot purchased in 1948 by the Dominicans Sisters. The property at 775 W. D'Anson Road was formerly the Marvin E. Coyle estate.

The Dominicans already have a chapel, a male house and a retreat house on the grounds in addition to three smaller buildings.

The colonial-style features of the novitiate will be designed to blend in with the architecture of the surrounding buildings, according to the mother superior.

When completed, the building will measure 106 by 100 feet and will accommodate about 50 novices and junior professed sisters. The top floor will be used for sleeping quarters.

The second story will house a community refectory, instruction rooms and a library. Recreation, laundry and work rooms will be located on the ground floor.

Mother Lucille estimated the cost of the new structure and reported that the money will be furnished by donors in the Pontiac, Flint and Detroit areas where the Dominican nuns teach.

One of Pieck's last acts was to receive Seldon Cates, an ambassador from Guinea, officially announced as the first country outside the Communist bloc to recognize the East German state.

This was in March. President Seldon Cates was then repatriated.

Pieck's term as president was due to expire in October 1961.

One son and two daughters survive. Arthur Pieck is general manager of the East German airline, Lufthansa. Lore Stalmer is East German ambassador in Yugoslavia. His other daughter, Ely Winter, took care of him in his last illness.

## School Board, Union Discuss Pay in Waterford

The Waterford Township School Board's Personnel Committee met with the Maintenance Union Local 1225 last night and partially agreed on requests made by \$200.

A requested pay raise of \$200 per month for maintenance men was cut to \$180, and a request for Blue Cross insurance payments was rejected.

However, the board agreed to an eight-hour working day, grievance procedure, and apprenticeship on-the-job training in skilled trades. No official action will be taken until the next regular Board of Education meeting Sept. 15, and union president Rudolph Linn said his group plans to visit disapproval of the school board's recommendations.

Teacher Gives Advice

ST. JOHNSBURY, Vt. (UPI) — Vermont's Teacher of the Year, Miss Dorothy Clark, says "a teacher should be principally a friend; one who can guide students to self-learning and to whom they can turn for advice."

## French Freighter Goes Aground in St. Clair Fg

ST. CLAIR (UPI) — A French freighter ran aground in the St. Clair River during an early-morning fog but was towed off the mud bank after the fog lifted.

The Coast Guard sent the cutter Acaela to help get the freighter Port En Vraie, down-bound from Montreal to Montreal, off the mud bank.

Other ships dropped anchor until the fog lifted by 9 a.m.

The Port En Vraie was aground in 21 feet of water and has a 24 ft. draft. It was loaded with 10,000 tons of grain.

The fog also slowed traffic along the river and lake and in Detroit, where the expressways were jammed with creeping traffic until after 8 a.m.

Smashes Red Plot

SAN SALVADOR, El Salvador — The government of President Jose Maria Lemus Tuesday night announced it had smashed a Communist revolutionary plot and arrested many "agitators."

## League Asking Food for Welfare Children

NEW YORK (UPI) — The National Urban League today launched a worldwide "Feed the Babies" appeal to aid 23,000 Louisiana children dropped from welfare rolls "because of the sins of their fathers."

The emergency drive for baby food and clothing and funds for medicine was announced during the 50th anniversary meeting of the National Urban League.

Mrs. Maline S. Cahn, board member of the Urban League of Greater New Orleans and former president of the National Council of Jewish Women, said the

league was calling on "the mothers of America to help these starving children."

She said that "mass suffering—hunger, evictions and disease—have been the result both in New Orleans and throughout the state" of three "poisonous" bills passed by the Louisiana legislature as part of a "segregation package."

By terms of the bills, families in which there is a single illegitimate child are automatically cut off the dependent children's welfare rolls. Ninety-five per cent of the children dropped from welfare rolls were Negroes.

Mrs. Cahn said the greatest need was in New Orleans, where 2,500 children were cut off from welfare funds.

She said appeals to Louisiana Gov. J. B. Edwards and the American Red Cross for emergency aid had been rejected.

J. Harvey Morris, executive director of the Greater New Orleans League, said his office had been flooded with "pitiful pleas for help" since the last welfare checks were mailed to cut-off families July 16.

## Car-Truck Output Shows Increase Over Last Week

DETROIT (UPI)—The automobile manufacturers Association said today U.S. car-truck output last week totaled 64,634 units.

The AMA said production included 51,800 cars and 12,784 trucks. In the previous week, the industry built 59,964 cars and 14,421 trucks.

For August, the industry assembled 307,455 cars and 64,640 trucks and coaches compared with 285,352 cars and 58,512 trucks and coaches in the same month of 1959.

# PIN-WORMS A FAMILY AFFAIR

Fighting, non-sickling, a tormenting red itch are often telltale signs of Pin-Worms, only parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Japan's P-W tablets do... and here's how they do it:

First, a scientific capsule carries the tablets into the bowels before they die. Then, Japan's P-W medicine, medically approved, ingredients go right to work—kill Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Japan's P-W Vermifuge... special, easy-to-take tablets... special size for children and adults.

# China Would Set Mao Over Russians

HONG KONG (UPI) — Mao Tse-tung's power in Red China is ripening with age.

During the past 18 months, the tributes and eulogies paid Mao have reached staggering proportions. The likes of which never have been heard during his 25 years as head of China's Communist movement.

It has become abundantly clear that the Chinese in a campaign which got up steam in December 1958 are determined to enshrine Mao as the number one practitioner of Marxism-Leninism — the Russians notwithstanding.

The campaign apparently dates from the time Mao decided to step down as head of state to devote his full time and energies to formulating policy through his position as chairman of the Communist party. It has reached a crescendo in the past few months.

From May 21 to June 30, for example, New China News Agency mentioned Mao more than 1,000 times. Songs have been written about him calling him China's "great savior." He has been eulogized as a great politician, philosopher, military expert, scientist, theoretician, literary giant.

He has been compared to the sun. He has been exhorted to "live ten thousand years." It has been said that "every success is due to Chairman Mao."

Said NCCA: "Mao's writings are like nourishment, if you don't have them you cannot grow up."

Last October when Russian Premier Nikita Khrushchev visited Peking, the song "Red in the East" was played before either the Chinese or Soviet national anthem. This words put Mao on a par with the deity.

**AIM AT DOMINATION**  
What does it mean?  
It is a determined campaign to establish Mao as the leading Communist theoretician in the world, superior to anyone the Russians can produce. And thus, what Mao decrees is right. For example, people's communes and a tough approach to dealings with the West.

It also has served to dispel any suggestions at home and abroad that there is anything

but unity and harmony in Peking's "city hall."

What makes the situation dangerous for the West is that the Communist-Chinese may really believe in Mao's infallibility. Mao apparently has supreme confidence in himself.

He is prone to hitting upon a project, and then ordering it accomplished without spelling out just how this is to be done. Witness the early days of the communes.

Transfer Mao's, in a sense, im-

petuous and idealistic approach to life from domestic affairs to external matters, such as Formosa, and before you could say Sun Yat-sen there could be a war.

**AFTER MAO...**

A further danger is what will happen when Mao dies. Now 65, he apparently is in good shape after several years of suffering from ill health. But the day will come when his shoes must be filled.

If this happens while the "cult of Mao" is riding a crest, a suc-

cessor must either follow Mao's policies to the letter or, by drastically turning China's direction, create chaos that could be every bit as dangerous as a misguided military adventure would be to day.

Red China's organizational structure has not been so strengthened as to be able to stand the stresses and strains of even momentary disruption.

One significant point is that some 85 per cent of the tributes

paid Mao have not been included in official English-language propaganda services. It would appear that the campaign is chiefly directed at the domestic audience.

But such a thing can't be kept secret. And, while it would be to the disadvantage of both Soviet Russia and Red China to have a major split now, just how far can the Chinese go before the Russians must take drastic measures to reassert their traditional leadership of the international Communist movement?

# Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon will also age, lose its strength that propels waste from the body. Stagnant bowel contents become so dry and shrink that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulk and monomers may create gas, take 3 or 4 days for relief. Old-style salts and drugs cramp and grate the entire system. Of all laxatives, only one relieves that works only on the lower colon (area of constipation).

(1) Colonism moisturizes dry, hardened waste for easy passage without pain or strain. (2) Colonism's unequalled rebulking action helps restore flabby colon muscles. (3) And Colonism acts gently, on the nerve reflexes that stimulate the "mass movement" of your lower colon.

Colonism relieves even chronic constipation overnight; it is so gentle it was hospital proved safe even for expectant mothers. And Colonism won't interfere with absorption of vitamins or other food nutrients. Get Colonism today! Introductory size 43¢.

## World Says It With Fleurins

## New Currency Pays for Posies

By SAM DAWSON  
NEW YORK (AP)—There's a new form of paper currency making its debut this month on the crowded and complicated international scene.  
It's the flora-cheque, in three denominations each representing so many fleurins.

The fleurin is an unprinted monetary unit pegged at 25 U. S. cents or one Swiss franc. And there's a clearing house in Detroit and another in Zurich, Switzerland, to square international accounts in fleurins.

The fleurin, and now also its paper token the flora-cheque, are accepted at some 24,000 spots around the world—even behind the Iron Curtain. But they aren't redeemable in money—only in flowers or plants.

The fleurin and the flora-cheque are unlikely to rival the U. S. dollar and the British pound sterling as a basic medium of international trade. But they are counted upon to boost the sale of flowers and to make things easier for those who want to give flowers to overseas relatives or friends.

**SOLVED EXCHANGE WOE**  
A side benefit for the customer is skipping the vagaries of foreign exchange. The fleurin goes unchanged in value while other more orthodox currencies may fluctuate. And the customer doesn't have to worry about what sudden changes in money valuations might do to his gift between his visit to his local florist and delivery of the flowers half way around the globe. The international clearing houses adjust the minor daily fluctuations.

Now with the new flora-cheque he can mail a nonfluctuating bill of scrip and let the recipient choose his own flowers.

The flora-cheque comes in denominations of \$5, \$7.50, and \$10, good in any of the 24,000 member shops of the Florida Telegraph Delivery Assn. and its international affiliate, Interiors Inc.

The recipient of your gift has to buy flowers or plants—he can't use it for a night on the town. If you leave the whole thing up to your local florist, the flora-cheque works this way: Say you want to send \$10 worth of roses to friends in Rome celebrating their wedding anniversary. You pay the money to your local florist and he tells his Interiors Roman counterpart to send your friends 40 fleurin worth of roses.

## TERMED A BOON

At home, the new flora-cheques are being touted as a boon to the U. S. businessman who wants to send flowers to customers or suppliers. With the new scrip he can skip all the bother of gift letters and the delivery problems that pile up at peak holiday periods. Businessmen turning to floral gifts for Christmas helped push the flowers-by-wire business to record heights, the Florida Telegraph Agency Assn. reports. The business in the United States and Canada crossed the 65-million-dollar mark in the fiscal 1959-60 period.

Thanks largely to the added push by business giving, the floral sales at Christmas stayed ahead of the two other big seasons, Easter and Mother's Day. The flowers-by-wire idea started in the United States 30 years ago. Interiors was set up in 1946. It is now in 180 countries. And last month it joined the Iron Curtain with the addition of a Polish member, a floral shop in Warsaw.

## Offers Workers Stock

MIDLAND (AP)—Dow Chemical Co. plans to offer 160,000 shares of common stock to its employees and employees of certain subsidiaries and associated companies in its largest stock purchase plan. About 40 per cent of eligible employees have participated in similar plans in recent years.

## Peanut Soup Goes Modern

[illegible]

to remove seeds and excess juice.  
Place in buttered baking dish.

**Melt margarine.** Add  $\frac{1}{2}$  teaspoon paprika and  $\frac{1}{2}$  teaspoon onion powder. Stir until well combined. Add remaining salt, pepper and 3 teaspoons of onion.

**Add remaining onion** to  $\frac{1}{2}$  of the cheese. Combine rest of cheese with slightly crushed cereal, toppeelings, and use them to make patties with cheese-onion mix; a salad garnish like the following will be really with cereal-cheese mix.

**Boil 30 minutes** or until browned. Yield: 4 servings.

**As an added treat to your Labor Day outdoor dinnery** try some of the patties grilled with Roquette cheese. They're sure to complement any meat you choose.

**Grilled Roquette Tomatoes**

**1 large firm tomato**  
**1/2 cup Roquette cheese**  
**1/2 cup blue cheese**  
**1/2 cup olive oil**  
**1/2 cup balsamic vinegar**  
**1/2 cup honey**  
**1/2 cup salt**  
**1/2 cup pepper**  
**1/2 cup onion**  
**1/2 cup garlic**

Inspiration for this wonderful heavy dish comes straight from old Williamsburg kitchens, streamlined here for busy mothers and their teens to whip up in 15 minutes. That it's served in a big old covered bean pot with a wooden spoon at the kitchen's Kepra extra hot, too.

Multiply the recipe to fit the crowd. For 6 or more servings of peasant food you'll need:

- 2 cup minced onion
- 1 cup ground beef or chicken  
ground turkey
- 1½ cups tomato sauce
- 1½ cups milk

and its liquid and bring to a boil, stirring constantly. Simmer 10 minutes to develop full rich flavor.

**Pretty and Good**

Youngsters like this simple dish for the white of hardcooked eggs and add them to a creamed sauce. Spoon the mixture over toast and garnish by pressing the hard-cooked egg yokes through a fine sieve so they have a milkydo-

# Tree World Records Shattered in 30 Minute Stretch at Rome

**Davis of U.S., Elliott, Polish Star Set Marks**

**Americans Seek More Gold Today in Pole Vault and Discus**

By HAROLD A. FITZGERALD  
Publisher, The Pontiac Press  
ROME—The United States, far from being dead and buried in the 1960 Olympic Games, goes after gold medals in two of the spectacular pole vault and discus throw—today as the mammoth Games went their way into the declining stages.

On Tuesday, Olympic spectators saw three world records smashed within a space of 30 minutes.

First, they witnessed the greatest 400 meters in history. Our man Otis Davis and Germany's Karl Kaufmann battled to the wire in a thrilling neck-and-neck duel that had the stadium in an uproar.

Finally the German hurled himself forward at the tape and speared full length on the track but our boy finished on his feet and protected a six- or eight-inch lead.

The official decision was delayed several minutes and when it was announced, Davis was the happiest athlete of the Olympic Games to date. He leaped several feet into the air and waved wildly to the crowd with both arms.

Photographers scurried with requests for an encore. Davis obliged half a dozen times and 30,000 people cheered. His victory earned him an Olympic gold medal for sheer joy. They gave him 44.5 time.

Twenty minutes later Herb Elliott was the 1500-meter handily. It wasn't close and the Australian ran everyone into the ground with a sensational 3:56.4 which smashed the world's mark that's about the equivalent of a 5.8 mile.

Our own Dwyer Burleson would have run about a 3.58 mile and he finished sixth. Then, within a few minutes Josef Schmidt of Poland smashed the Olympic and world mark in the 400 meter and jump.

And so it goes.

There are the greatest Olympic Games of all time.

I had a telegram from Bill Gossert, Oliver Beaudette, John Graham and Bill Yaw asking me how inevitable change the U.S. team was breaking training.

I talked to "Top" Wilson, U.S. Olympic boss, and Larry Snyder, head coach. Both say every thing. And they're emphatic.

It has been definitely established that the only safety making the change was a case of mistaken identity.

American boys and girls are doing wonderfully. We can't win everything.

The boys and girls from other countries don't enter these games under any international restraints. They aren't shackled but I report back to ease the perturbation in the Bloomfield locker room.

American hopes in the javelin qualifying round suffered something of a jolt when world record holder Bill Alley failed to make the qualifying distance of 542 feet, 9 1/2 inches. His best toss was 525-1/2.

However, defending champion Egil Danielsen of Norway also missed the qualifying mark getting a top throw of 230-3/4.

Both could still wind up in the finals. The rules state that 12 must be in the premier event and only seven had qualified as the preliminary round neared its end. Don Bragg and Ron Morris hold Uncle Sam's hopes in the pole vault while Rink Babka and Al Porter are expected to fight for the discus gold medal along with Dick Cochran, the third member of the U.S. squad.

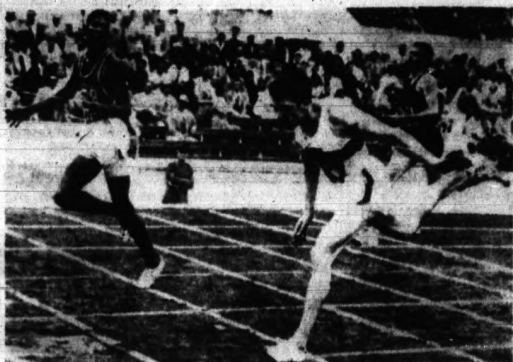

Porter set an Olympic mark of 151-0/4, more than 20 feet above the qualifying standard.

The United States had another ace in the wings and he came under the floodlights. He was Rafter Johnson, the California strongman who set an Olympic record with 5,324 points in the grunting decathlon for a slim edge over his long-time friend, Chung Yang of Formosa and UCLA.

Yang finished with 5,324 points, 58 points behind.

Johnson, the world record-holder with 5,863 points, had to come from behind in the decathlon, the second event of the day and seventh in the decathlon series.

Russia's Vasily Kuznetsov, the former world record-holder, was third with 7,369 points.

**TIGHT FINISH** — Otis Davis, (left) of Los Angeles, hits the tape ahead of Germany's Karl Kaufmann for a close win in the 400-meter run at the Olympics in Rome today. Kaufmann lunges at the tape in vain effort to overtake Davis.

Davis' victory time of 44.5 seconds broke the world record for the event. Visible in the rear are Mal Spencer of South Africa who finished third and India's Milka Singh who was fourth.

## Johnson Took 26 Hours to Win

ROME (AP)—It took Rafter Johnson 26 hours to win a gold medal in the back-breaking decathlon at the Olympic Games today. The 35-year-old Californian finished with 5,324 points, 58 points behind the world record-holder, Chung Yang of Formosa and UCLA.

The giant Negro from King'sbury, Calif., hasn't an ounce of resentment in his heart.

"Winning this victory came after every hour of time I put into this single event, although the overall reward is the same."

Johnson finished with a total of 5,324 points, an Olympic record, with Yang, amassing 5,344 and Kuznetsov 7,369.

The final event of the program was run off under floodlights before only a scattering of fans.

Some 40,000 earlier in the day had watched Otis Davis set a world record in the 400 meters of 44.5 seconds and the great Herb Elliott of Australia run an historic 1,500 meters 3:56.4.

Near exhaustion, Johnson ran the 1,500 in 4:49.7, well below his previous best, but good enough to stand off the challenges of his formidable rivals.

"I didn't know how fast we were going," Johnson said later of the 1,500 meter race. "I decided I had to stick with Yang, and I did. I was lucky to do as well as I did."

After the grueling test Johnson limped back to the village in semi-darkness and plopped into bed. He was on the verge of collapse.

During the prior 36 hours, he had had only five hours sleep. He started the 10 sport grind on Monday morning and continued it into the night, and then a violent rainstorm had interrupted the program in the late afternoon.

He had to rise Tuesday morning at 6 a.m. to begin again. The decathlon ended some 15 hours later.

"All day was eggs and lots of liquids," he said. "I had no chance to rest between the morning and afternoon sessions. I ate a steak sandwich and drank two cups of tea. I gulped fruit juices throughout the competition."

Johnson's victory was a triumph for the United States. He was the first American to win a gold medal in the decathlon since 1904.

## Cleveland Power Beats Tigers, 10-8

## SPORTS Orioles on Road With 1 1/2 Lead

**Detroit Wastes 15-Hit Offensive in Home Defeat**

**Honor Ted Williams Before Boston Tilt Tonight**

DETROIT (U-P)—A little foreboding shroud will be held at Briggs Stadium tonight in honor of Ted Williams.

The Tigers and the Cleveland Indians staged a slugfest last night, the home team bowing 10-8 in 10 innings. Ken Aspromonte ended it with a two-run homer after the Tigers rallied to an 8-6 tie in the sixth.

Thus, the party.

And as a special added attraction, the Tigers will open a series with the Red Sox.

The Indians staged a slugfest last night, the home team bowing 10-8 in 10 innings. Ken Aspromonte ended it with a two-run homer after the Tigers rallied to an 8-6 tie in the sixth.

The Indians knocked starter Peig Burnside from the box with a three-run outburst in the first inning. The Tigers got one run back in their half of the inning on Eddie Yost's leadoff double, an infield out and Woodie Fike's error.

The tribe picked up three more in the second when Tony Franconi, a former Tiger, doubled home three runners. Again the Tigers bounced back in their half with two runs. Norm Cash singing home Frank Bolling and Hank Foles.

Franconi doubled again in the fourth and scored ahead of Held's 20th home run.

The Tigers drove Cleveland starter Bobby Locke from the mound in the fifth with a three-run surge. And Charlie Maxwell tied it up in the next inning by driving in Cash and Ed Deal with a single.

Dave Sisler, the fourth Detroit pitcher, was the loser. Frank Funk, the winner, was the third Indian to take the mound.

Frank Lary was set to pitch for Detroit tonight. He has an 11-13 record. For Boston, it will be Frank Sullivan (5-15).

The Tigers drove Cleveland starter Bobby Locke from the mound in the fifth with a three-run surge. And Charlie Maxwell tied it up in the next inning by driving in Cash and Ed Deal with a single.

## Groat Breaks Wrist in 5-3 Triumph

## Pirates Pad Lead, Lose Ace

By The Associated Press  
Can Pittsburgh make it without Groat?

Despite a seven-game lead with only 21 games to play, the Pirates are in for their first National League playoff in 33 years suffered a stiff jolt Tuesday night when Groat, their sparkling shortstop, was sidelined for the rest of the regular season by a broken left wrist.

Groat, a top contender for the NL's Most Valuable Player award, was sidelined for the rest of the regular season by a broken left wrist.

## Bartley Wins Singles

## Horseshoe Champs Same

The same names won the same championships in the city Labor Day Horseshoe tournament held Monday.

In singles competition, Floyd Bartley won the title for the 4th straight year and in doubles for the third consecutive year. Tom Pearsall and Rex Oakley were the victors.

Bartley defeated Bill Dally in a best of five series at Oakland Park, 25-15, 21-25, 14-25, 25-11 and 25-21.

It was a great comeback victory for Bartley after losing the second and third matches.

In the semi-finals, Bartley eliminated Jim Clarkson, 25-6, 18-25, 25-4 and 25-9 while Dally took three straight from Harry Kelly, 25-18, 25-20 and 25-21.

In the doubles event, Pearsall and Oakley defeated Ward West and Herb Renda, 18-25, 25-13, 25-24, 25-14, for the title.

In the semi-finals West and Renda, won over Salisbury and Sheoray in five matches while Pearsall-Oakley were beating Floyd and Lloyd Bartley.

## Women Keglers Wanted

The Wampus Ladies Bowling League needs keggers for the coming season in both team and singles divisions. Interested bowlers should call FE 2-7309. The league bowls Tuesday nights at 8 o'clock at Pontiac Recreation.

## Prep Grid Openers Nine Days Away

## Steady Heat Has Hindered Drills in Most Camps

## Few Lineups Set Due to Heavy Graduation Tolls

By CHUCK ABRAHAM

Opening night for most high school football teams in this sector is only nine days away but many questions still remain unanswered.

Few coaches are set on probable starting units as yet with the majority short on experienced hands.

Several schools will come up with excellent first teams but will have depth problems.

Steady warm weather and the usual bumps and bruises have hindered drills. Some teams have worked out mornings and evenings and others have had more sessions in pads and afternoon drills in shorts due to the high temperatures.

Most coaches have had at least one squad scrimmage thus far this week will be climaxed by practice drills against other schools in many camps.

New Pontiac Central coach Paul DeLorha has line problems as he tries to start off well at Pontiac Central. Follows are Charley Brown and Jerry Rook are not easily replaced.

Interior liners are the major problem for the Pontiac Central coach is having. It's a wide open battle for positions at Waterford as coach Dave Freeman says not one starting job is set yet.

Walled Lake is the only strong pre-season title favorite. The defending Inter-Lakes champs have all the ingredients to repeat although they likely will be missing big end Bill Eskelinen due to injuries. Southfield comes under the "good 1st team" category.

St. Michael should have a solid line but lacks experienced backs. Tom Kennedy is slugging the blues at St. Fred although son Jumbo is back at quarterback. Little Mike Gajda, a transfer from St. Mike, should help the Rams offense considerably.

Birmingham Seaholm is ready to make another bid for Eastern Michigan honors with plenty of size and Steve Jacobson. Frank Crowell may be moulting another champion at Avondale. West Bloomfield could finally surpass Northville in the Wayne-Oakland with Jack Newton still on hand.

Roseville joins the Tri-County as the only new local league member. It is a rebuilding year for most South Central and Thumb teams. Cranbrook could move over the 500 mark with such stalwarts as Tom Demrick and 6-6, 225 pound Tom Williams. The Cranes just started practice this week.

Two coaches really going through the wringer these days are Bob Minnewasser at Our Lady of the Lakes in Waterford and Emmanuel's Frank Thompson. Both have little to work with in their first seasons.

## Rochester-Owned Mare Surprise at Wolverine

DETROIT—Choice Wick, an 8-year-old mare owned by Fred Harmer of Rochester, pulled one of the biggest surprises of the season Thursday at Wolverine Harness Raceway by winning a claiming pace and paid \$32.80.

Glen Harmer kept the mare well back in the field until the head of the stretch when he sent her flying and she just did up Village First at the wire in 2:10.3/5.

## Ham Richardson Upsets Emerson at National Meet

FOREST HILLS, N.Y. (AP)—The most feared player in the Davis Cup tennis tournament was sitting at a Wall Street desk today deeply involved in the high finance of stocks and bonds.

His name is Hamilton Richardson. He's 27 years old and an ex-U.S. Davis Cupper. He takes his tennis in small doses these days while working as a customers man among the bulls and bears of the big street.

But Tuesday, he scored the biggest upset in the tournament to date by eliminating Roy Emerson, the third-ranked player in Australia and a ranking member of the Davis Cup team, 24-64, 3-7, 8-6.

"I didn't take my vacation during the Nationals," Richardson laughed, "because I didn't think I'd get far enough to make it worthwhile. That means I'll have to take tomorrow off to play my next match."

The victory brought up the logical question: If he can beat the Aussies as a weekend player couldn't he do it in the Davis Cup?

Answer: Not interested. "There's no pressure on me now," said the untested Richardson, who walked out on the Davis Cup team in a feud with team captain Perry Jones two years ago. "I'm eager, but it's not a matter of working for a spot on the team or trying to get a ranking."

"If I win, great, and if I lose, I'm just a weekend player," Richardson explained that Emerson has a poor second service, and since he wasn't getting his offering in, matters were made simpler.

"Anyhow," Ham said, "I've always beaten Emerson. Top-seeded Neale Fraser, the defending champion from Australia, and Earl (Butch) Buchholz of the Los Angeles area, both advanced. Fraser downed Gerald Moss of Miami Beach, Fla., 6-3, 6-2, 6-4. While Buchholz eliminated James H. McManus of Berkeley, Calif., 6-1, 6-2, 7-5. Bobby Wilson of England, No. 8 in the rankings—the only other seeded player to get into action—turned back Michael Crane of Oakland, Calif., 6-2, 6-3.

Maria Bueno of Brazil, the defending champion and second No. 1, led the way into the quarter-finals of the women's division with a 6-1, 6-4 triumph over Barbara Browning of Burbank, Calif., Christine Truman of England, No. 3. Mrs. Bernice Volkovich of South Africa, No. 7, and Nancy Richey of San Angelo, Tex., No. 8, also gained the quarters.

## Ohio Prep Cager Going to Toledo

TOLEDO, Ohio (AP)—Ray Wolford, a 6-foot-4 basketball whiz from Toledo Scott High School, enrolled today at Toledo University.

His decision to attend TU was a surprise. He previously had said that he would enroll at Nebraska.

The 18-year-old Wolford, first Toledo player in 11 years to be named to the Associated Press All-Ohio team, paced Scott to the state high school basketball tournament in 1959 and 1960. Both times Scott was defeated by the team that went on to win the championship, Cleveland-East Tech in 1959 and Dayton Roosevelt this year.

The bespectacled schoolboy had been sought by a score of colleges.

## Chadwick Will Try to Repeat Channel Swim

PRESTWICK, Scotland (AP)—Florence Chadwick, from San Diego, Calif., only woman to have swum the English Channel both ways—arrived here today to try again to conquer the icy waters of the Irish Channel from Ulster to Scotland.

"We, none or draw, this is definitely my last big swim," the 41-year-old champion announced. The 36-mile stretch of water last year when she first tried three years ago.

She will make her attempt to swim from Donaghadee in Northern Ireland to Portpatrick in Scotland between Sept. 12-17.

## Rams Trade Guard

LOS ANGELES (AP)—The Los Angeles Rams Tuesday traded guard John Houser to the Dallas Cowboys for an undisclosed draft choice. Houser, a 4-year veteran in the National Football League, came to the Rams from the University of Redlands.

# Spartan Soph Bobbitt Has Great Potential

In Big Ten With 20 Lettermen

## Gophers Eying 1st Division

This is another in a series of stories by Charles Coleman, 20 assistant editors of the Minneapolis Star Tribune, who is making a place for himself in the Big Ten football race this season.

"We have more experience and more depth, and we hope to be faster generally in the line," says coach Murray Warmath, whose Gophers wound up last in the 1959 conference campaign with a 14 record.

Or the lettermen, 10 were starters or regular last year. Despite the seasoned agenda, two sophomores may break into the starting lineup and several others must be developed into it under the two-plateau system to give the added speed in the line that Warmath plans.

The best rookie back is Bill Munsey at right half. He is 5-11, 192 pounds and was routed to Minnesota from Minnesota, Pa.

"Munsey likely is the best soph back I've had in seven years," says Warmath. "He has a lot of power, can run as well as any back I've got and is good on defense."

Currently, Munsey is listed on

the second team behind senior Bill Kaest.

The top sophomore lineman is left tackle Bob Bell, a 6-4, 216 pounder who played fullback in high school at Shelby, N.C.

Bell is among five newcomers

who have been converted from fullback to linemen in an effort to insert more plumbness in the front wall.

The others are tackle Ron Ottosen, 204 pounds, from Red Wing, Minn., and Pete Bergman, 26, Duluth, Minn., and ends Bob

Prawdick, 255, Berwyn, Ill., and John Campbell, 156, Wadena, Minn.

"The key to our success this season," says Warmath, "is whether or not the fullbacks shift into the line can become effective fast enough, and if our quarterbacking has improved enough to play winning football."

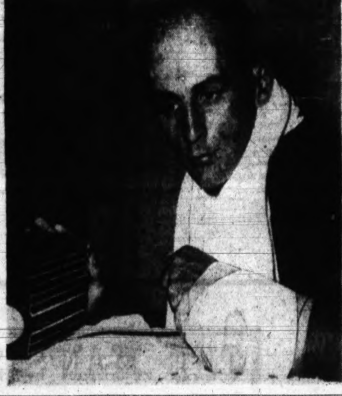

The three veteran quarterbacks are Sandy Stephens, Larry Johnson and Joe Salem. "Stephens is a quick runner but so far is a thrower instead of a passer," evaluates Warmath. Johnson is a dropback type of passer but is only a little more accurate than Stephens. Salem has a good mind and is a deceptive ball handler. If I could tie all of them into one man, I would have a good quarterback."

Senior Roger Hagbert is the No. 1 fullback at present, backed by two other seniors, punting specialist Tom Bobbitt and Joe Rogers. At left half is junior Judge Dickson, a strong runner who averaged 4.3 yards a carry and never was fumbled for a loss last season. Junior Dave Wahlhoff is behind him.

At ends are senior Dick Larson, who has shown improvement offensively, and junior Bob Deegan. But a lot will be seen of Tom Bell who in 1959 as a sophomore caught 22 passes against Big Ten opposition for 32 yards.

Robin Teller, 221-pound junior, and Paul Johnson, 220-pound senior, have the guard positions under control. Captain Greg Larson nails down the center spot and Frank Brinkus, a 262-pound senior, has a starting tackle assignment.

"Any team that wins half its games in the conference will have a good year this time," says Warmath. "Those who do better than that must be considered championship contenders. I would place Illinois, Michigan State and Iowa in that category." (NEXT: ILLINOIS)

AP Photo/

NOW A LISTENER — Pittsburgh Pirate shortstop Dick Groat sits in the first end of the Pirate clubhouse and listens to the game with Milwaukee after he suffered a broken wrist when struck by a pitch of Lou Burdette. He is reported lost for the season.

## Rugged Tackle Could Be Best Since Coleman

43 Other Second-Year Men of MSU Varsity

EAST LANSING — "A howling ball with eyes." That's the way Dr. James Feig, team physician, describes Jim Bobbitt, standout sophomore tackle on the Michigan State football squad.

Bobbitt drew a bead on an opposition end during a recent Spartan scrimmage. The end scampered for the safety of the sidelines, toward a knot of substitutes watching the action.

Bobbitt took off in mid-air and homered the ball-carrier out of bounds into the midst of the spectators, who went down like iron pins.

Captain Duffy Daugherty has described Bobbitt as potentially the best lineman since MSU since the days of the great Don Coleman, who was scattering the opposition in the glory years of 1949 through 1951.

Bobbitt, 24, graduated from Buchanan High in 1959. Daugherty spotted him while Bobbitt was playing Army ball in Europe. Bobbitt is built low to the ground, only 5-10, but packs a massive 225 pounds on his squat frame. He is cat-cupid and loves to hit Bobbitt was out for a knee operation in spring but it doesn't appear to have slowed him a bit.

Michigan State has 44 sophomores on the 66-man squad this fall. Sidelined consider it one of the best sophomore crops in years — a bunch of big, tough, fast players.

Five newcomers already have thrown themselves starting berths on the top offensive and defensive eleven. More than a half a dozen sophs are fighting for positions on the third team that will relieve the regulars.

Bobbitt is scheduled for left tackle on the offensive unit. Two other sophomores are slated for guard positions.

Left guard will be George Azar, 18, 6-4, 197 pounds, from Johnston, Pa. Azar was named Pennsylvania's outstanding lineman and as state high school wrestling champion threw around grapplers with a 30 to 50 pound weight advantage on him.

Howard Mudd, 18, 6-3, 225 pounds, is holding down right guard. He is a shotputter, is another big man who can move fast.

Dave Behrman, 19, 6-4, now slimmer down to around 250 pounds, is at defensive center. Coaches say Behrman, from Doughty, is one of the best big men they've seen in recent years. During the off season, his weight was nearly up to 300 but Behrman, sweated it down to meet Daugherty's insistence on speed.

Another young giant, Jim Kunkel, 19, 6-5 and 225 pounds, is working at defensive right tackle. Kunkel was switched from the center position he played at Bay City.

Better than half a dozen sophomores are battling for berths on the relief team. These include tackle Ed Budde, 20, 6-4, 225 pounds, Detroit; guard Bill Wendorf, 21, 6-1, 197 pounds, Burbank, Cal.; guard George Stevenson, 19, 6-1, 205 pounds, River Rouge; end Ernie Clark, 19, 6-1, 210 pounds, Lockport, N.Y.; and Lonnie Sanders, 19, 6-2, 195 pounds, 5-10, 170 pounds, Flint; halfback Jim Eaton, 20, 5-10, 180 pounds, Newport, R. I.; and halfback George Selmer, 19, 5-11, 185 pounds, Canton, Ohio.

## Bicycle Races Carded Sunday

Leading Amateur Riders to Compete in National Event at OCS

Amateur cyclists are coming to the Oakland County Sportsmen's Club in Waterford this Sunday.

On that day the OCS sports course will be the scene of the National Championship Bicycle Races.

Leading bike riders from all over the United States are expected to compete in the feature 100-mile championship race.

Entries have been received from Chicago, Buffalo, New York City, St. Louis, Minneapolis, Milwaukee, Kenosha, Wis. Ohio and New Jersey.

The riders use bikes valued at \$150 and more and weighing no more than 20 pounds. A little better than four hours should be needed to cover the distance.

The top riders from this area are Detroit's Vince Musina, one of the best road-riding cyclists in the U.S. and Canada, and Chair Young of Birmingham, who has been Michigan state champion 16 times.

Musina placed 3rd in the Tour of St. Lawrence race, an 8-stage event covering more than 800 miles.

Races for junior boys and women will also be held. Competition begins at 10 o'clock noon.

Cubs Bring Up 12

CHICAGO (AP)—The Chicago Cubs Tuesday announced the recall of 12 players from their minor league clubs.

Called from Houston of the American Association are outfielders Billy Williams, Lou Johnson and Art Schult, infielder Jim McKnight, catcher Dick Berrill and pitcher Ben Johnson, from San Antonio, infielder Sam Drake and outfielder Danny Murphy, from Lancaster in the Eastern League, shortstop Ken Hubbs and first baseman Moe Marchant, from Wenatchee, Wash., of the Northwest League, outfielder Nelson Mathews and pitcher Dick Burwell.

## Standings

| Team        | W  | L | T | Pct. |
|-------------|----|---|---|------|
| Baltimore   | 10 | 4 | 2 | .706 |
| New York    | 9  | 5 | 2 | .643 |
| Washington  | 8  | 6 | 2 | .571 |
| Cleveland   | 7  | 7 | 2 | .500 |
| Detroit     | 6  | 7 | 2 | .458 |
| Kansas City | 4  | 9 | 2 | .303 |

DETROIT (AP)—The Detroit Tigers acquired DeWitt said "But he told me he paid not to drive the ball out of the park."

The big outfielder is getting an extra \$1,000 for curbing his home run output in favor of a faster batting average.

The deal originally was made by Frank Lane when Colavito was with the Cleveland Indians. It was honored by the Tigers.

Bill DeWitt, Detroit president, said Colavito "already has the money." "I handed him a check of a season he has. I wouldn't have anything to do with a performance bonus."

Colavito tied for the American League home run championship last year for Harvey Kucin, the batting champion.

Detroit (AP)—Gordon Fraser Jr. of Jackson won both ends of the daily double at Wolverine Raceway last night for a payoff of \$326.40. He won with Six Dixon Spencer in the first for a \$5.80 payoff and Faylin in the second to pay \$74, the largest of the meeting. A crowd of 3,865 bet

"Rocky was a little vague about \$127,026."

## Gets Bonus for Average

## Rocky Paid Not to Homer

DETROIT (AP)—Rocky Colavito, the details of his deal with Lane whom the Detroit Tigers acquired DeWitt said "But he told me he paid not to drive the ball out of the park."

The big outfielder is getting an extra \$1,000 for curbing his home run output in favor of a faster batting average.

The deal originally was made by Frank Lane when Colavito was with the Cleveland Indians. It was honored by the Tigers.

Bill DeWitt, Detroit president, said Colavito "already has the money." "I handed him a check of a season he has. I wouldn't have anything to do with a performance bonus."

Colavito tied for the American League home run championship last year for Harvey Kucin, the batting champion.

Detroit (AP)—Gordon Fraser Jr. of Jackson won both ends of the daily double at Wolverine Raceway last night for a payoff of \$326.40. He won with Six Dixon Spencer in the first for a \$5.80 payoff and Faylin in the second to pay \$74, the largest of the meeting. A crowd of 3,865 bet

"Rocky was a little vague about \$127,026."

"Rather than have it hang fire until the end of the season, I decided to give him the money at the start and have it over with."

DeWitt said he doesn't consider Colavito a performance bonus, which is illegal in baseball.

"There were no strings attached," he said. "He already has the money. I handed him a check of a season he has. I wouldn't have anything to do with a performance bonus."

Colavito tied for the American League home run championship last year for Harvey Kucin, the batting champion.

Detroit (AP)—Gordon Fraser Jr. of Jackson won both ends of the daily double at Wolverine Raceway last night for a payoff of \$326.40. He won with Six Dixon Spencer in the first for a \$5.80 payoff and Faylin in the second to pay \$74, the largest of the meeting. A crowd of 3,865 bet

"Rocky was a little vague about \$127,026."

## Orion to Enter Hockey League

Senior Team Will Play With Motor City Loop; Meeting Tonight

A senior team from the Lake Orion Hockey Association will be entered in the Michigan Amateur Hockey Association of Detroit this season.

Anyone in Pontiac, Keego Harbor, Clarkston, Oxford, Utica and Rochester interested in playing hockey with the Orion team should phone Ed Hinton, MY 2-2331; Gene Jones, MY 3-4834; Tom Heinrich, FE 2-8027; Al Quenell, OL 1-4183.

A meeting for all hockey players will be held tonight at 7:30 in the Lake Orion Village Hall, 37 East Flint Street. Boys of all ages are welcome to attend the meeting.

Orion plans to put both senior and junior teams on the ice this season. They will meet a wide range of competition, including some Canadian teams.

A door-to-door fund drive soon will be under way in Orion to raise money for an ice rink, according to Bob Moehlman, league secretary-treasurer. President Paul Bryant is trying to procure a building site for the new ice rink.

Meanwhile, arrangements have been made for ice time at the Detroit Skating Club, W. 7-Mile Road. Drills will start Sept. 20.

## Lions Trade End Ross to Redskins

DETROIT (AP)—The Detroit Lions today traded end Dave Ross to the Washington Redskins for a future draft choice in the National Football League.

The Detroit club also placed tackle Ron Lutziano on the injured reserve list. Lutziano, who is from Syracuse, was on the reserve last year after injuring his shoulder in the All-Star game. He hurt his shoulder again this year in practice.

Detroit is now down to the required 45-player limit.

Bowl on Thursday? Bowlers are wanted by a league which rolls on Thursday afternoons at 12:30 at Motor Inn. All interested bowlers should call MY 2-4721 and ask for Jerry.

# Lodge Comes to Aid of Party as Nixon Gives Up 50-State Plan

By RUTH MONTGOMERY  
WASHINGTON — An "apologetic reappraisal" of presidential nominee Nixon's campaign schedule indicates that one of his foremost hopes has gone glimmering.

At least eight months, the Republican candidate has been working out a schedule of 50 states of the Union, while waging the most intensive campaign in the history of American politics.

What he could not do, however, was to include time to visit a hospital bed for two of the previous 10 weeks allotted for that saving around the nation.

Nixon, feeling fit and chipper except for a sore knee, is still insisting that he will show himself in every state. His strategy board just as firmly insists it cannot be done.

His top campaign adviser told this correspondent: "All you have to do is look at the time and the geography to know that it is impossible. It is not reappraising the situation to see which stops can best be sacrificed. This is regrettable but inevitable."

The eight weeks schedule of superintensive campaigning, originally planned to begin in mid-September, is virtually unaffected by the delay. It is the long-weekend jump into strategic areas of the South and New England that will have to be abandoned.

**MAY DROP ALASKA**  
Since the convention, Nixon has visited the newest state of Hawaii, as well as such other widely scattered areas as Maine, Rhode Island, North Carolina, Georgia, Alabama and Nevada.

Alaska, the second newest state, may be reluctantly dropped from the Nixon schedule, along with some sections of the Deep South. He definitely cannot campaign in Texas, Florida, Kentucky, Tennessee, Virginia and South Carolina, and perhaps in Louisiana.

No dark cloud is without a silver lining, even in politics, and the Nixon high command is jubilantly discovering that demands for appearances by vice presidential nominee Henry Cabot Lodge are flowing just as heavily from the once-isolationist Middle West as from the internationalist East and West Coasts.

This has caused a drastic shift in the Lodge schedule, and has also caused the pressure on Nixon, who assigned his running mate to two top-priority spots this week, a full five days before the jet-retired U.N. ambassador had planned to get into the political fray.

One of the most pleasant surprises for Nixon strategists was a request by former Sen. John Bricker—darling of the Republican U.N. Guard—that Lodge campaign intensively in his state of Ohio.

Even a year ago this would have seemed almost as easy to achieve as pie-in-the-sky, but Lodge's latest United Nations debate has apparently been a real sleeper in American politics.

Practically none of the king-makers at the July convention would have given two cents for Lodge's pulling power in the Middle West.

They accepted him largely because Nixon insisted, and they are now reaping the harvest of his unexpected popularity, particularly among housewives who have the time for daytime TV viewing.

Sen. Barry Goldwater, undisputed leader of the GOP rightwing, was to have been largely deployed to the ultra-conservative Midwest and South through the fall campaign.

Again the Republican National Committee experienced a welcome surprise.

Apparently all sections of the country were impressed by the fresh-spoken, experienced and edgy of the Arizona senator in withdrawing his name from presidential nomination.

A Nixon adviser exclaimed: "Invitations for Goldwater are deluging us from all over the map. New England is just as eager to have him as his own native South. He's a real gold mine for our speakers' bureau, and of course he's a terrific campaigner."

Nixon, always a fatalist, is meanwhile taking his own late start philosophically. A little rest seldom hurts anyone, and his rival can envy him that.

## Red Virgin Land Plan Revived?

Reclamation Seems to Be Operating at Good Rate in Try to Beat U. S.

WASHINGTON (UPI) — The Soviet Union apparently has revived a land reclamation plan of the early 1950s in its efforts to surpass the United States in agricultural production.

The seven-year plan to outproduce the United States by 1965 was based primarily on an increase in wheat. When Premier Nikita Khrushchev announced the plan in 1958, it was believed Russian farmers had about completed an earlier plan of setting more land into cultivation by plowing up virgin soils which had been used for centuries for grazing purposes.

Apparently they had not — or perhaps their political leaders discovered they had not.

The Foreign Agricultural Service (FAS), citing reports from the Soviet press, has learned that reclamation is operating in a big way in the "new lands" area of Kazakhstan and Siberia and also in the European section of the Soviet Union.

In Kazakhstan 3,088,750 acres of virgin land have been plowed this year and more acres were being plowed early in August, FAS said. Elsewhere, in the Rostov area in the heart of the Soviet winter wheat belt, the area sown to corn and small grains is to be expanded by plowing 494,200 acres of virgin land plus 123,550 acres of meadow.

In one region of the Ukraine 404,200 acres of land were to be drained and reclaimed by 1965. In this area soils are infertile, have poor moisture retentive ability, and require heavy annual fertilization.

**Ribicoff to Campaign in 'West' for Kennedy**

HARTFORD, Conn. (UPI)—Gov. Abraham A. Ribicoff announced today he will make a week's campaign trip to three western states in behalf of Sen. John F. Kennedy. He added that he will make several other political speeches closer to home, mostly in New York State.

Ribicoff, a long-time Kennedy backer, said during the week of Oct. 9 he will visit St. Louis, Mo. California and another as yet unspecified western state.

**WOOL OUTPUT UP** — Worldwide wool production for 1958-59 marketing year is estimated at a record 5.6 billion pounds, grease basis, 3.3 billion pounds, clean content, up 1 per cent from last year but 38 per cent higher than in 1951-52. Production in Communist bloc countries has increased 88 per cent in the last 10 years. During the same period free world output has gone up 30 per cent. Source: U. S. Department of Agriculture.

### Negro Is Still Used by Parties, Says Rev. King

NEW YORK (UPI) — The Rev. Dr. Martin Luther King, southern civil rights leader, said Tuesday night that both the Democratic and Republican parties are "using the Negro as a political football."

In a speech before the annual conference of the National Urban League, King acknowledged that both parties had adopted the strongest civil rights platforms in their history at this year's national conventions.

However, King noted, in the post-convention session of Congress, "we will see a whole lot of the same old game of hypocrisy, immoral compromises and political expediency."

### Windsor Youth, 12, Detroit River Victim

WINDSOR, Ont. (UPI) — Twelve-year-old Leo Pinnault, who drowned yesterday while swimming in the Detroit River under the Ambassador Bridge linking Detroit with the Canadian city.

The boy was with four other youngsters, including his twin brother, Lawrence, paddling and pushing a five-foot plank. He lost his grip and was caught by the strong current of the river.

He disappeared from the surface before George D. Schaff, of Dearborn, Mich., could reach him in his motorboat. "Young Pinnault was about 100 feet from the Canadian shore when he drowned."

The first residents of the White House in November, 1800, were President and Mrs. John Adams.

### Back to GOP and Bagwell

## Turnabout Republican to Court Nationalities

By The Associated Press  
A Republican turned Democrat turned Republican has been named chairman of two GOP campaign subcommittees by Paul Bagwell, the party's candidate for governor.

Bagwell has picked George Bashara, a Detroit attorney, to form branch nationalities committees and small businessmen's committees in Detroit, Flint, Grand Rapids, Lansing, Saginaw, Bay City and Port Huron to back Bagwell's campaign.

Bashara first was a Republican and then turned to the Democratic Party in the early 1930s. He served for 10 years as a member of the executive board of the 14th District Democratic organization.

"After long consideration," Bashara said, "I have rejoined the Republican Party because events have convinced me that only the Republican Party can stem Michigan's accelerating trend toward socialism."

**CITES IMMIGRATION LAWS**  
Bashara, 38, a father of five children, said he was "appealing to nationalities groups for support of the Republican effort on grounds that the Democratic Party has, despite overwhelming majorities in Congress, failed to secure promised revision of immigration laws more discriminatory against nationalities groups than any Jim Crow laws of southern states."

Lawrence B. Lindemer, GOP state chairman, Tuesday took a parting shot at Sen. John F. Kennedy, Democratic presidential candidate, for failing to take notice of his running mate during a one-day swing through Michigan.

Lindemer said that Kennedy did not even mention Sen. Lyndon B. Johnson, the vice president.

This can lead only to the conclusion that, in Gov. Williams' own words, Sen. Johnson still is unacceptable to Michigan," Lindemer said. "Are the Democrats going to run Johnson in the South and hide him in the North?"

Both parties will kick off their fall campaigns Thursday at meetings in the Detroit area.

### Fire Losses Up During August in Waterford

Although there were only slightly more than one-half as many fires reported in Waterford Township in August as in the previous month, fire losses were more than five times as great, according to a report submitted to the township board last night.

The greatest single loss was \$15,000. This fire destroyed a barn owned by Frank H. Williamson, 1121 Bilecity St. The building burned to the ground last Wednesday.

Total loss last month was \$17,461 compared to July's \$3,689 figure, according to Fire Chief Elmer Fambro's report.

The township fire department answered 42 calls as compared to 34 calls in July. Total loss so far this year is \$115,987.

Chief Fambro has issued a warning that motorists exercise more caution with lighter cigarettes. With the extremely dry weather, burning cigarette thrown from an automobile could produce dangerous grass and woods fires, he said.

**ADMIRE WINNER** — Interested state fair visitors are Mr. and Mrs. Matthew Groves and son, Theodore, 5, of 545 Mann Road, Waterford Township. Here they admire the champion

chicken of this year's fair, a barred Plymouth Rock owned by Mrs. Ruth Whitney of Alma. The fair will run through Sept. 11.

### Blue Cross Opening Rolls to Individuals

DETROIT (UPI) — Michigan Blue Cross Blue Shield announced today it is opening its rolls for individual, nongroup membership to any resident of the state regardless of age or health, beginning Sept. 16.

The rolls will remain open through Sept. 30. William S. McNary, executive vice president of Blue Cross, and L. G. Goodrich, executive vice president of Blue Shield, say this will be the one-year, two-week period approved by the state insurance commission or when enrollment is available on an individual basis to every resident of the state through the special Blue Cross-Blue Shield nongroup plan.

It is only the second year that enrollment has been opened for individual membership by persons 65 years old and older.

### Broomfield to Offer County 'Curb Service'

U.S. Rep. William S. Broomfield, R-Okla., will offer "congressional curb service" to county residents beginning next Monday.

Just returned from the extended session of Congress, Broomfield will take to the road in a 20-foot motor trailer, his rolling congressional office when Congress is not in session.

The congressman said he would visit "as many communities as possible" to talk over federal problems and questions.

Broomfield is seeking re-election in the 18th Congressional District (Oakland County). He is being opposed by his bid for a third term by the Democratic nominee, James Kellie.

He called the unusual August First stop for the traveling congressman will be from 1 to 3 p.m. Monday in Lake Orion near Grigg's Store.

### News of Service Personnel

Home on a 15-day leave is Army Spec. 4 Raymond E. Karpowicz, son of Mr. and Mrs. Benjie Karpowicz, 1818 Manse St. A 1957 Pontiac Central High School graduate, he has been stationed near Fairbanks, Alaska, and upon completion of his leave will report for duty with the 4th Infantry Division at Fort Lewis, Wash.

June 6, undergoing basic training at Great Lakes, he is a former employee of Earnes and Brown Plumbing Co.

Fireman Appren Ronald N. Hannenberg, son of Mrs. Edwin Roke, 4371 Hunters Drive, Highland, has left Philadelphia, Pa., and arrived at Norfolk, Va., to complete two years of Naval training. He is stationed on the USS Hermitage and may be written: Ronald N. Hannenberg, PA 066-52-24, USS Hermitage, USN-34, c/o Fleet Post Office, New York, N.Y. He is a former Pontiac Press High School graduate, he enlisted Aug. 18.

Airman Appren Wayne R. Kline, son of Mr. and Mrs. Harold Kline, 360 Lenox St., is serving at the Naval Air Station Whidbey Island, Wash. Airman Kline was recently completed a vision electronics school at Memphis, Tenn., returned to Washington Tuesday after spending a leave here. A 1957 Pontiac Central High School graduate and former Highland Park Junior College student, he was employed by The Pontiac Press and J. S. Farmer Gas and Oil Co. before entering the service.

Recently promoted from Private 1st Class to the rank of Specialist Four was Patrick E. Walsh, serving with the U.S. Army, in Germany. The son of Mr. and Mrs. John Walsh, 1600 Lakeview St., he is a former Pontiac Press High School graduate and entered the service in 1955.

Asked why, he explained: "I didn't tip him and I told him to vote Republican."

### Senator Green Goes After Votes by Failing to Tip

PROVIDENCE, R. I. (UPI) — After a campaign rally one evening, 52-year-old Sen. Theodore F. Green, D-R.I., got into a cab with a friend. As they reached their destination, the senator paid the driver.

"Well, there's one vote I can count on," remarked Green as the cab pulled away.

Asked why, he explained: "I didn't tip him and I told him to vote Republican."

**NOTICE OF PUBLIC SALE**

Called Likable, but Aloof

Defector Was Mathematical Genius

EUREKA, Calif., (UPI)—To his friends and relatives, 31-year-old Bernon F. Mitchell is a study in contradictions.

Their descriptions of the National Security Agency mathematician, who Tuesday announced his defection to Russia, are studied with paradox—"likable" on "aloof," skin diver and mountain climber but "not particularly interested" in competitive sports.

To his father, small-town lawyer Emory Mitchell of Eureka, Bernon was "one of the most brilliant young men I have ever known, especially in mathematics. But he stuck in languages."

To brother Clifford, associated with the older Mitchell as an attorney, Bernon "is very intelligent, very naive."

His friends in this small northern California seaport city knew Bernon as "likable although shy and aloof . . . he didn't talk too much."

Bernon Mitchell, who never married, attended Eureka High School for two years, then, after an argument with his science teacher, left for Del Norte High School in Crescent City some 30 miles away. He graduated there at the age of 17, spent some time at Humboldt State College and California Technical Institute, then joined the Navy.

EMORY MITCHELL

Afterwards, he went to Stanford University, graduating in 1958. His classmates there remember him as a "brain"—a chess expert and lover of classical music and literature.

He was a skin diving fan and did a lot of mountain climbing with William Martin, the NSA mathematician who disappeared with Mitchell and appeared with

him in Moscow to announce their defection from the United States. As evidence of Mitchell's mathematical skill his family revealed his ability to open a safe by computing various combinations of numbers. He was sometimes hired by Eureka locksmiths to open safes for them, they said.

Mitchell's father said Bernon associated with known Communists, showed little interest in current news events—except for the celebration of Cuba to be trained as anti-U.S. propagandists.

"He was worried," the father said, "that we hadn't let our Allies change against her, however, and know what we were doing when we only that she 'engaged in highly improper activities.'"

Demand Expulsion of Cuban Employee

WASHINGTON (UPI)—The State Department Tuesday announced it had demanded the expulsion of a woman employee of the Cuban consulate in San Juan, Puerto Rico.

Officials said the woman, Mrs. Angelica Cruz Espinosa de Hays, was "actively propagandized" against the United States, was associated with known Communists, and attempted to send Puerto Rican students to Cuba to be trained as anti-U.S. propagandists.

The formal State Department said, "that we hadn't let our Allies change against her, however, and know what we were doing when we only that she 'engaged in highly improper activities.'"

Nehru Rejects Invitation by K to Attend U.N. Talks

NEW DELHI, India (U)—Soviet Premier Nikita S. Khrushchev has notified Prime Minister Nehru of his decision to attend the United Nations General Assembly this month and suggested Nehru do the same.

A government spokesman said today Nehru replied he does not plan to go to New York now but the situation could change.

Escape Was Justified

WETHERSFIELD, Conn. (UPI)—An inmate who broke out of the state prison was cleared of escape charges after he showed that he had been sentenced illegally in the first place.

County GOP Candidates to Chef Area Ox Roast

GOP candidates for county offices will serve as chefs at a free countywide ox roast and picnic on the John F. Ivory estate in White Lake Township Saturday.

The outing, planned by Oakland County Republicans, will be open to all qualified county voters and their families, according to Ernest Crawford of Lake Orion, general chairman of the event.

Appearing at the affair will be Paul D. Bagwell, gubernatorial candidate, U.S. Rep. Alvin M. Bentley, who seeks election to the U.S. Senate; and U.S. Rep. William Broomfield, R-Oakland.

Highlights of the day will include a polo match, games for kids and adults, an exhibition of daredevil horse-riding, free rides and swimming in the estate's private lake, supervised by YMCA lifeguards.

Peru TVviewers See Red Attack Commentator

LIMA, Peru (UPI)—An angry Communist attacked TV news commentator Eudocio Ravines in a studio here Tuesday, treating thousands of televisioners to an unexpected display of foot-and-fist fighting.

Genaro Carnero Checa, Peru's No. 2 Red, was watching a Ravines telecast in his home when the commentator remarked that "all Communists are cowards."

Infuriated, Carnero rushed to the studio. He arrived while Ravines was still on the air and charged on camera, feet and fists flying. Bystanders pulled the two men apart before any serious damage was done.

## Scene of Parting in Katanga

YES, DEAR — A Katanga Province volunteer on his way to battle troops of Premier Patrice Lumumba in defense of Kasai Province listens to some parting words from his wife in Elizabethville last week. Looks-like she got in the last word.

# Congolese Soldiers Against Lumumba

LEOPOLDVILLE, the Congo (AP) — The National Assembly today voted to invalidate President Joseph Kasavubu's firing of Premier Patrice Lumumba and Lumumba's order ousting Kasavubu.

From Our News Wires  
LEOPOLDVILLE, the Congo — Congolese soldiers loyal to President Joseph Kasavubu have arrived in Leopoldville to support him in his struggle for power with Premier Patrice Lumumba, the president's supporters said today. Lumumba's government decided today to protest to the United Nations Security Council against the fire the president.

U.N. action in doing the Congo's airfields and national radio. Lumumba sought a vote of confidence from parliament. He also planned to draft a new presidential constitution to get rid of Kasavubu.

Congolese troops were posted near the offices of both Lumumba and Kasavubu, as well as near the parliament building where the lower chamber and the senate met this afternoon for a showdown vote. The Belgian radio reported that United Nations troops prevented Lumumba from entering the parliament building. Kasavubu ordered Lumumba's dismissal as premier two days ago, but Lumumba refused to accept the order and attempted to fire the president.

In Brussels, the Belgian radio said warrants have been reported issued for the arrest of Lumumba and five of his ministers.

The radio said the warrants were issued at the request of Kasavubu. The radio also said its own correspondent in Leopoldville reported that Premier Moise Tshombe of secessionist Katanga Province was expected soon in Brazzaville, the former French Congo Republic, to meet Kasavubu.

Paris radio said Kasavubu had expressed hope for U.N. support in his struggle with Lumumba to save the ex-territorial Africa from dictatorship and international communism.

"I know I can count on the troops," Kasavubu was quoted as saying in a broadcast over Brazzaville radio. "I hope I can also count on the U.N. because the country's salvation demands it."

APPEALS FOR TROOPS  
At the same time, the BBC reported in London that Lumumba had appealed to "all independent African states" for troops, planes and other weapons.

It was not immediately certain whether Ghana and the United Arab Republic would stand by previous promises of military aid to Lumumba. (Continued on Page 2, Col. 8)

## Hurricane Leaves 116 Dead in Caribbean

SAN JUAN, Puerto Rico (AP) — Hurricane Donna churned toward the northwest today leaving in its wake at least 116 dead and hundreds missing on Puerto Rico and other Caribbean islands.

As the storm, packing 125 mile-an-hour winds, continued its menacing westerly swing, warnings went out to the Bahamas and all points along the southeast coast of the United States to watch hurricane advisories for the next few days.

The hurricane left death and destruction in its path. Puerto Rico alone counted at least 106 dead and another 200 missing in floods and high tide.

Three deaths were reported in Port-Au-Prince, capital of Haiti, and at least seven persons perished Monday in the Leeward Islands.

MIAMI (UPI) — The Weather Bureau advised the Eastern and Central Bahamas today to post hurricane warnings as Donna, a killer storm packing 140 mile an hour winds, begin drifting slowly westward.

Islands. Five of three victims were killed on Anguilla and the other two on Antigua Island.

Still groggy, Puerto Ricans began cleaning up after the killer storm that dealt their island its worst blow in decades. The specter of epidemic loomed over stricken areas where dead cattle polluted the water.

With the death toll still mounting, Hurricane Donna, hardest hit of the Puerto Rican area, reported 84 bodies recovered. Some 350 persons were reported injured in the area, most of them residents of slum shacks along the beaches.

"Destruction is vast and total in the area," said an aide of Gov. Luis Munoz Marin.

To Act Against Nikita  
WASHINGTON (UPI) — The National Captive Nations Committee has called for peaceful demonstrations against Soviet Premier Nikita Khrushchev and his "puppets" who are appeasing the United Nations late this month.

One son and two daughters survive. Arthur Peck is general manager of the East German state radio, Luthansa. Erna Stalmer is East German ambassador to Yugoslavia. His other daughter, Elly Winter, took care of him in his last illness.

Peck's term as president was due to expire in October 1961.

# Ike Puts if on K Talks

## Pontiac Motor Callback Set Despite Strike

14 Mayors Attempting to Mediate Walkout at Grand Trunk

With Pontiac Motor Division planning to begin its 1961 production year tomorrow, Mayor Philip E. Rowston today journeyed to Detroit to join a mass effort to settle the seven-day-old Grand Trunk Western Railroad strike, which threatens the closing of still more auto plants.

Pontiac Motor leaders have announced no change in plans for a callback to resume operations, a company spokesman said.

The initial callback is for approximately 1,200 workers.

"Apparently we have not been affected by the strike so far," said the spokesman.

Rowston and the mayors of 13 other Michigan cities served by the railroad were to meet with union and railway representatives at the invitation of Battle Creek Mayor R. M. Turner, to mediate in the deadlocked negotiations.

The Brotherhood of Railway Trainmen struck the railroad in a dispute over working conditions. Company and union bargainers said they had reached agreement on 21 of 28 working rules under dispute, but were unable to agree on the remaining seven.

A two-hour negotiating session yesterday brought no reports of progress.

The other allies represented today are Ferndale, Royal Oak, Bloomfield Hills, Birmingham, Detroit, Highland Park, Battle Creek, Kalamazoo, Port Huron, Lansing, Dearborn, Grand Rapids and Flint, which has been doubly hit by the strike.

Last night Chevrolet Division of General Motors Corp. closed its eight-cylinder engine plant at Flint because there were no more available boxcars for shipment of engines.

The division's six-cylinder plant and engine plant at Flint. (Continued on Page 2, Col. 2)

## Could Shake Federal Agencies

## Traitors' Hearing Sept. 16

WASHINGTON (AP)—A Capitol Hill hearing that could send sparks darting through high government agencies has been scheduled for Sept. 16 into the case of the two turn-coat code clerks.

Plans for the hearing were announced within hours after Bernard F. Mitchell, 31, and William H. Martin, 29, turned up at a Moscow news conference and accused the United States of threatening world peace.

President Eisenhower promptly granted the pair "self-confessed traitors."

The Pentagon said one of them was mentally sick and both were obviously confused.

Chairman Francis E. Walter, D-Fla. of the House Committee on Un-American Activities, said the FBI had advised the National Security Agency that one of the pair was a homosexual. Walter said the FBI gave the NSA this information before the two were hired in 1957.

Walter said he could not identify which one he meant. The Pentagon didn't say which one it considered mentally ill.

A Pentagon spokesman, asked about Walter's charge, said the department was sticking by its statement of last Friday—that FBI files contained no derogatory information about the two.

The big question was this: How could the pair—one now accused of being a homosexual, one identified as mentally sick and both listed as "obviously confused"—be hired or hang onto jobs in one of the top secret government agencies.

Sen. Mike Mansfield, D-Mont., said "it is hard to understand how they could have been hired by an agency that is supposed to screen and carefully select its employees."

There is a strong possibility our security clearance system is in need of repair."

## Sweltering School Days Greet Kids

The beetle summer holidays are over and children are going back to school, but hot summer weather is still with us.

The mercury was expected to reach 90 degrees in the Pontiac area today and tomorrow.

Tonight's low will be a warm 70.

Temperatures are expected to turn cooler over the weekend, however. Precipitation will total about three-quarters of an inch in Thursday-Saturday and Sunday.

Morning winds southeasterly at 10 miles an hour will become 10 to 20 m.p.h. late this afternoon and diminish somewhat tonight.

The lowest recording in downtown Pontiac preceding 8 a.m. was 66 degrees. The mercury had climbed to 88 at 1 p.m.

Tab Hunter Enters Plea  
GLENDALE, Calif. (AP) — Tab Hunter pleaded innocent Tuesday and asked a jury trial on a charge he mistreated his dog.

## Chrysler Head Predicts '61 Sales May Top '60

By BEN FLEIGAR  
AP Automotive Editor

MIAMI BEACH — The chairman and president of Chrysler Corp., L. L. Colbert, today joined the growing chorus of auto industry executives who forecast 1961 car sales as equal or better than this year's.

In remarks prepared for a national press preview, Colbert touched only briefly on Chrysler's internal troubles.

He gave no indication of the current status of investigation into possible conflicts of interest on the part of company executives, other than to confirm that such probes are continuing.

Colbert said new car sales this year will total about 6½ million units. A year ago this month in the same Miami Beach Hotel he forecast a possibility of 7 million for 1960.

But he saw a good omen in the fact that his predictions fell short. "If we were enjoying a 7-million car year now in 1960, we would almost certainly be borrowing some sales from 1961," he declared.

Colbert noted a slowdown during the late summer in sales of both new and used cars. This, he said, reflected some tendency toward caution on the part of car buyers.

Chrysler and every other auto company has found a tendency among customers to buy new compact cars rather than standard size cars, Colbert said. He predicted the traditional low price names plus compact and imports will take 90 per cent of the market by the end of this year. In 1959 the then low price three-Ford, Chevrolet and Plymouth took 35 per cent of all sales.

Colbert said Chrysler cars almost doubled their share of the low price field with the addition of the Dodge Dart and the Valiant. Next month Chrysler will introduce its second compact car, the Dodge Lancer.

In his prepared remarks, Colbert made no mention of the four stockholder suits pending against Chrysler.

These followed the firing last June of William C. Newberg as president and the subsequent revelation that Newberg had been part owner of two companies selling small parts to Chrysler.

News Flash  
BUENOS AIRES (UPI)—Thirty-one persons were reported to have died today in the flaming crash of an Argentine Airlines DC8 into the Uruguay River.

Rock Hudson Not Hurt  
CANNES, France (UPI)—Movie star Rock Hudson narrowly escaped injury when his speedboat was rammed by another boat off the Riviera Tuesday. Eyewitnesses said Hudson dove into the water seconds before the crash. No one was hurt.

## Deplores Soviet Military Help to the Congo

Says Recent Defections Show Need to Examine Security Machinery

From Our News Wires  
WASHINGTON — President Eisenhower today ruled out any meeting with Soviet Premier Nikita S. Khrushchev unless the Russians released imprisoned U.S. fliers and fulfill other unspecified conditions.

Eisenhower told his news conference the United States deplores "the unilateral action of the Soviet Union in supplying aircraft and other equipment for military purposes to the Congo."

He said the defection to Moscow of two American code clerks shows the need for an examination of the government's entire security machinery.

President Eisenhower today emphatically repudiated the religious issue as a political weapon to be used by himself, Vice President Richard M. Nixon, or other members of the Republican party.

In what amounted to a reply to a charge by former President Harry S. Truman that Nixon was letting religious bias enter the campaign by the back door, Eisenhower said he knew of no Democrats who suggested to him that the religious issue be used.

The question of religion as a campaign issue arose because Sen. John F. Kennedy of Massachusetts, Democratic presidential nominee, is a Catholic. Nixon, the Republican nominee, was reared a Quaker.

"FORGET IT!" The President said he hoped that religion as an issue could be laid on the shelf and forgotten until the election is over.

The President told the news conference the chances were very slim, indeed, that he would get together with Khrushchev when the premier comes to the United States later this month to attend the United Nations General Assembly.

Eisenhower made it clear that he probably would attend the Assembly himself but said he did not intend to debate the U.N. by being a party to a battle of invective and propaganda there.

He specifically ruled out any "Continued on Page 2, Col. 2"

## Publisher Has Audience

# Says Pope John Humble, Kind Man

By HAROLD A. FITZGERALD  
Publisher, The Pontiac Press  
ROME—It was my good fortune to enjoy an audience with the Holy Father, Pope John XXIII, among about a thousand people present, representing many nations.

The entrance of this spiritual leader is impressive.

The building is especially designed for the purpose with a long middle aisle and a dais at the end. Aides in colorful robes assisted in the preliminaries.

Two Swiss guards in striking costumes and with long lances stand at each side of the elevated platform. Their apparel was designed by Michelangelo and is very colorful.

As the procession moves down the long aisle, the Pope is seated on a special chair carried by eight men. As they advance a wave of apostolic followers and he responds with friendly gestures.

When he takes his seat on the dais, the room welcomes him cordially.

Pope John is a big man. He has a large head, large hands and a bearing that bespeaks dignity and yet is coupled with kindness.

He spoke without a note for 20 minutes, and his talk must have been marked with humor and tenderness, for he was interrupted several times by restrained but spontaneous laughter.

And I'm positive about the tenderness because of the shining faces of the devout Italians who comprehended the words.

PLEASANT VOICE  
His voice is pleasing and resonant and he speaks with emphasis and supplements his delivery with

gestures. Just before the blessing, he spoke in English and said he could not talk well in our tongue but he could speak well from the heart.

He emphasized that he did not believe we would face another world holocaust for the churches are stronger now. More people are attending than did

30 years ago and more people are giving themselves and their time to the advancement of religion.

His personal apparel was basically white with a beautiful broad cape of generous proportions, edged in gold.

I am sure he retains the humility marked universally admires, for he has said himself: "I am just a parish priest."

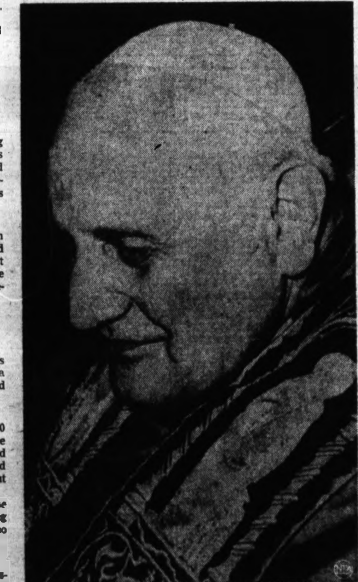

For this I admire him especially.

Here the light of God shines through. Once when we prayed, since I couldn't understand a word, I begged God for the world peace this international churchman seeks so earnestly along with all of us.

Pope John would be a lot of fun—those big eyes twinkle with merriment when he jokes.

Our party was conducted by a grand young man named Dino Pagani who is studying for the priesthood at Vatican City. It included Ann Wilson of Bloomfield Hills, Jocelyn Scofield of Pleasant Ridge, and Ted Smiths of New York City.

And this is written by an Episcopalian.

POPE JOHN XXIII

## Detroit Battle Kills Two, Injures One

DETROIT (AP) — Two brothers were killed to death, a woman wounded by a shotgun blast and two other brothers arrested for investigation of murder Tuesday night in a battle at a Southwest Detroit home.

The dead were Raymond Fisher, 42, and his brother, Edward, 40.

Hospitalized in fair condition with a shotgun wound in the head was Capple Musu, 41, of suburban Dearborn Township.

Held were George Chapak, 23, and Charles, 30, of Detroit.

Robert Garton, a Detroit police homicide bureau detective, said the Musu woman and George Chapak went to the Fisher home and knocked on the door while Charles Chapak waited in a car.

Garton said Raymond Fisher answered the door and ordered the two to leave. He said that when they refused to do so Edward Fisher came to the door with a shotgun and drove them off.

He said that the two were leaving the shotgun went off and wounded the Musu woman. At that point, he said, Charles Chapak stepped out of the car, ran up on the porch, seized the shotgun and beat both of the Fisher brothers over the head with his stock.

He said Charles Chapak once pointed at the Fisher home and that Raymond Fisher had sworn out a warrant against him for assault and battery.

# Houston School Accepts Negroes

## Board Orders Mixing According to Federal Court Order

HOUSTON, Tex. (UPI) — Two Negroes registered today at the former white Houston school. The school board, despairing of getting a Federal Court delay in integration, Tuesday night ordered integration to proceed but not to let Negroes into class until at least Friday.

Classes for white children in Houston's public schools opened today.

The first grade of Houston's 144 elementary schools in session an immediate integration order and the Fifth U.S. Circuit Court of Appeals and U.S. Supreme Court refused to grant a delay.

So, the Houston School Board, at a meeting Tuesday night, ordered the first grade of the largest segregated school system in Louisiana integrated.

An additional grade a year will be integrated until Negroes are in all 12 grades.

# Williams Does Final Fair Duties

DETROIT (UPI) — Governor G. Mason Williams today had farmed to two jobs he has had for the last 12 years as Michigan's chief executive — presiding over Governor's Day at the Michigan State Fair and crowning Miss Michigan State Fair.

The retiring governor was accompanied by other top members of his official family on his last day of his journey around the grounds. His day began with a tour of the state fair grounds, including all exhibits, followed by a noon luncheon.

The afternoon schedule was scheduled to get underway with the governor's opening of the traditional state fair annual of fat lambs, hogs and steers at the fairgrounds.

Included among the livestock to be shown on the track were grand champion and reserve champion steer, along with all other grand champions, as well as the sweepstakes these winners.

The next official duty of the governor was the crowning of Miss Michigan State Fair of 1960, scheduled for tonight. The winner will be chosen from among the 10 finalists who survived the judging rounds on Tuesday. The crowning was to take place at the music pavilion.

# Proposes African Confab

CAIRO (UPI) — The daily paper Al-Ahram reported today that U.A.R. President Gamal Abdel Nasser has received a message from Kwame Nkrumah, Ghana's prime minister, proposing an African heads-of-state meeting in New York during the U.N. General Assembly session. The paper did not report Nasser's reaction.

# Say It Violates City Ordinance

## Protest Street Display of Crops

The president of the Oakland County Retail Food Dealers Association has raised today legal questions to the Downtown Farmers' Association's invitation to 100 farmers to display harvest crops in the streets as a feature of the Downtown Fall Festival.

Chas. Lovell, owner of the Downtown Fall Festival, said:

# The Weather

# Body Discovered Floating in Pond at Beaudette Park

The body of an elderly man was found floating on Dawson's Mill Pond by a City Park and Recreation Department crew when the men went to work in Beaudette Park this morning.

The victim was identified as 63-year-old James N. Sanford of Beaudette, home of Pontiac.

Death was tentatively attributed to drowning by Dr. Isaac Prevette, county deputy coroner. However, an autopsy probably will be performed.

This victim had been living in Pontiac until recently.

His body was recovered by police from beneath a dam sluice in the mill pond at 10 a.m. Dr. Prevette estimated the victim had been dead since sometime last night.

# Solve RO wp. School Problem

## 24 Students Return to Carver for Just One More Year

The problem of what to do with 24 ninth grade students in Royal Oak Township has been solved for the time being at least.

They will return to the George Washington Carver School from where they graduated from the eighth grade last year, according to Dr. Joseph Hudson, school district superintendent.

"What will become of them when they are ready for the 10th grade is the question we should begin thinking about now."

He also asserted that the school had adequate teachers to handle the addition of a sixth grade.

Previous graduates of Carver had gone to high school in Detroit on a tuition basis after completing the eighth grade.

# Rail Walkout Not Affecting Callback

(Continued From Page One) closed up last week when engine began pulling up.

Chevrolet said 7,300 workers are now laid off in Flint.

Francis A. Gaffney, Grand Truck vice president and general manager, said the strike by 1,000 union members has now cost more than \$2 million in lost wages to nearly 11,000 workers, including Chevrolet's 400 retail employees laid off after the walkout.

Kew Gardens, British Royal Air Force, has 63,000 different varieties of plants.

# Commission Eers

They said the commission had agreed in allowing the administration to permit farmers to display and sell produce in the streets during retail sales events in 1957, '58 and '59 under the auspices of the merchants' association and the Pontiac Area Chamber of Commerce.

Commissioners Winford E. Bolton, Milton R. Henry and Robert A. Landy agreed with Lovell that "no deviation" should be allowed this year on the 1955 law.

"Not even for a special event for a few days once a year?" asked Mayor Philip E. Rosten, a supporter of downtown people.

"In my opinion...and in the opinion of most of the grocers of Pontiac," replied Lovell, 610 Walton Road, refusing to back down.

It was left up to Robert A. Storer, assistant city manager, who is in charge of ordinance enforcement, what City Manager Walter C. Williams is away up to.

RECEIVES PLAQUE — Robert S. Nelson (center), president of the Pontiac Area Union, receives a plaque from Irving Steinman, chairman of the Greater Pontiac USO Committee. The award was presented to the UP "for distinguished service" through consistent support of the USO program. Watching the presentation is Karl W. Bradley, Pontiac area UP executive director.

# \$350,000 for South Oak Project

Prospects for the opening of the Farmington and Evergreen sewer interceptor system in the near future were bright today.

The start over the two complete, but unused, sewers was on its way to being untangled as Detroit Common Council agreed to put up \$350,000 as Detroit's contribution toward the \$4.6-million South Oak storm drain.

# Like Puts It on K Talks

(Continued From Page One) meeting with Khrushchev unless 100 RB47 fighters shot down this summer and captured by the Russians are set free and Moscow carries out certain other conditions.

The width of the gap dividing the world's two major powers was emphasized when Eisenhower strongly warned the Soviets to stop supplying planes to transport Communist Premier Nikita Khrushchev's troops late the action spread the civil war and lead to wider dangers in restless Africa.

Eisenhower said this has aggravated "an already serious situation which finds Africans killing other Africans."

CONGRESS DISAPPOINTING — Eisenhower described the post-convention session of Congress as a disappointing one, not only to him but to the United States.

His comment came after a reporter called attention to Democratic assertions that the President was to blame for the merger results of the session which adjourned last week.

Eisenhower grinned and replied that apparently the Democrats were trying to make him responsible for splitting their own party.

He said the Democrats had so much to say to Congress but so little to do.

If there had been any spirit of give-and-take, Eisenhower said, there would have been legislation providing a reasonable increase in the minimum wage, building some schools, and bringing some other needed accomplishments.

In reply to another question, the President indicated he plans to strike out strongly for the Republican party principles during the campaign, but will refrain from his office by engaging in political shouting on the stump.

A reporter had asked whether Eisenhower, as some have said, prefers to stand above political activity or plans to throw himself into the campaign to make Nixon his successor.

The President replied that he had never said he liked to stand above politics.

On the other hand, he added, he felt a clear responsibility to speak out in behalf of the philosophy of government his administration has chosen.

# Sentences Patrolman to Prison

A former Detroit patrolman who stole \$13,000 in three armed robberies to cover personal losses at the race track now also owes at least two years of his life to society.

A 2-15-year term in Jackson Prison was imposed yesterday on Wallace B. Stork, 27, who admitted committing the holdups to pay thousands of dollars he had borrowed to bet on horses that didn't win.

Describing the sentence as "light," Circuit Judge Stanton G. Dorais said he took into account Stork's failure to live up to his duty as a police officer was balanced by five years of "unblemished" years on the police force, with two citations for good work.

The proposed South Oak drain was opposed by Southfield residents who charged that assessments for the project were discriminatory. They insisted that the drain should share a share of the drain's cost.

Oak Park City Council last night approved an appropriation of \$136,000 as its share of the project.

A special meeting of the Southfield City Council on the night appropriation will be held Saturday morning. Alexander expressed confidence the new arrangement will be approved.

"Shortly after construction of the projects is assured, Detroit will open the bulkhead near Greenfield and Eight Mile roads, permitting the sewage from the two new interceptors sewers into the treatment plants," Alexander said.

Two suits have been filed in Circuit Court by communities affected by the \$1-million Evergreen and \$6.7-million Farmington sewer systems.

The suits ask for a writ of mandamus to compel Oakland County and Detroit to open the systems.

A show cause hearing set yesterday in the Evergreen suit was postponed by Circuit Judge Stanton G. Dorais to Sept. 15 — the date on which the hearing in the other suit is scheduled.

Judge Dorais took under advisement a motion for a change of venue made by Detroit attorneys. The suits would probably be dropped if construction of the storm drain were approved, ending the tangle.

Following the parade the staff band will play at two concerts in Pontiac. Performances will be at 8 p.m. Oct. 15 and at 3 p.m. Oct. 16 in the Pontiac Northern High School Auditorium, under the direction of Major Richard Holz.

Advances tickets will go on sale Monday at the Salvation Army Citadel, 29 W. Lawrence St., and at the Roy Annett Inc. Realty Office, 28 E. Huron St.

Appearance of the New York Staff Band in Pontiac is being sponsored by the local Salvation Army Advisory Board.

Following the parade the staff band will play at two concerts in Pontiac. Performances will be at 8 p.m. Oct. 15 and at 3 p.m. Oct. 16 in the Pontiac Northern High School Auditorium, under the direction of Major Richard Holz.

# Two More Polio Cases Reported

## Total of 3 in County Compares With 18 at Same Date in '59

Two more cases of poliomyelitis were reported in Oakland County last week.

The week before last saw the first 1960 polio case reported to the County Department of Health.

That case was reported in Royal Oak Township. The others last week were in Milford and Southfield.

All three cases were the paralytic type and all occurred in young boys' otherwise close record. Their ages range from 24 to 29. None of the victims had received his polio vaccine shots.

The total of three cases compares to 18 at the same time last year.

In the corresponding week last year there were six new cases reported.

The total number of polio cases reported in the county in 1959 was 31.

# Hero's Welcome Being Planned for Hayes Jones

A hero's welcome was being planned today for Hayes Jones, Pontiac athlete who won third place in the Olympic high hurdles Monday.

City commissioners kicked off planning last night with Mayor Charles J. Rosten announcing that a "Hayes Jones Day" would be proclaimed.

City Attorney William A. Ernst took part in a special proclamation ceremony which called for a "Hayes Jones Day" to be proclaimed.

Commissioner Milton R. Henry, who represents the district in which Jones grew up, believed the community would welcome a victory parade for the Olympic track star, whose prowess has been proved at Pontiac Central High School, Eastern Michigan College and now at Rome.

Robert A. Storer, assistant city manager, promised city cooperation.

# Conquers Soldiers Against Lumumba

(Continued From Page One) Lumumba in view of the chaotic situation in the jungle republic.

Anti-Lumumba soldiers in the unaffiliated Congolese army today walked into the prison where Jean Bolikango has been held by Lumumba and freed the political leader Tuesday night.

Bolikango, head of the party of National Unity, had been jailed by Lumumba in an effort to wipe out all political opposition.

Bolikango is also a leader of Bangala tribesmen in the Congo. It was Bangala members of the army who rescued him. They took him to a protected place in the African quarter. About 100 soldiers took part in the action.

Lumumba had charged that Bolikango's political followers plotted to assassinate him.

But the arrest was considered by Western diplomats here as an move more to consolidate Lumumba's power than throw the unhappy Congo into the Soviet sphere.

A bitter battle in the Cold War is being fought here.

The Soviet Union has been helping Lumumba's soldiers by plane and truck as he unleashed a civil war against accused opponents in Kasai Province and made ready for similar action in the rich copper-bearing Katanga Province.

# The Day in Birmingham

## Commission Sets Hearing on E. Maple Rd. Widening

BIRMINGHAM—The City Commission, after rejecting a proposal several weeks ago to widen East Maple Road, last night decided to bring the controversial issue before the public to determine the necessity of widening the main artery from Adams to Coolidge.

The hearing, which will be held Sept. 26 at the regular commission meeting.

The commission turned down the proposal Aug. 18 when more than 20 persons along the route attended the meeting and complained that the widening would make the residential street a thoroughfare for fast, heavy traffic.

Another objection was the widening would mean the removal of many trees along the south side of the street.

Last night, however, a plan was presented to the commission for widening only the north side of the road by two feet.

The Men's Club of the Community Congregational Church of Lakeside Village will sponsor a fish fry Sunday at 7:30 p.m. Proceeds from the dinner will go toward youth projects of the church.

The church is at Southfield and 11 1/2-mile roads.

The Franklin Cemetery Auxiliary will meet tomorrow at 1 p.m. at the home of Mrs. Floyd Beardslee, 735 E. Square Lake Road.

Service for Russell A. Crane, 64, of 1838 Birmingham Blvd., will be Friday at 1 p.m. at the Bell Chapel of the William R. Hamilton Co. Burial will be Acacia Park Cemetery.

Mr. Crane died yesterday in William Beaumont Hospital, Royal Oak, after a long illness.

He was assistant manager for the Detroit branch of the Wagner Electric Corp. He had been employed by the firm 54 1/2 years. He was a member of the Detroit Athletic Club and the Society of Automotive Engineers.

Surviving are his wife Laura a Fred Austin of Farmington, and three grand daughters.

His funeral will be held at 1 p.m. at the Bell Chapel of the William R. Hamilton Co. Burial will be Acacia Park Cemetery.

## Lodge Stresses U.S. Diplomacy

Says Cold War Victory Would Ease Threat of Armed Conflict

ABINGTON Pa. (AP) — Henry Cabot Lodge, the Republican candidate for vice president, says the United States can reduce the danger of a hot war if it wins the cold war now being fought in diplomatic channels.

Lodge, former ambassador to the United Nations, made a major foreign policy campaign speech Tuesday night as he opened the drive to keep Pennsylvania in the Republican column this fall.

The basic contest in the world today, asserted Lodge, "is the life and death struggle between the Communists on the one hand and those who insist on being free on the other."

Lodge said the United States must continue to counter Soviet attacks in "a thoroughly adequate way" and without provoking conflicts.

"We must never allow the world to forget or to overlook the true nature of Soviet foreign policy," he declared, "We are strong, and must never appear otherwise."

## Property Sale Ruling Fight Goes to Court

LANSING (AP) — The first round in a legal fight over a rule forbidding discrimination in property sales or rentals because of race, color, religion, national origin or ancestry.

Two Lansing real estate firms and an individual realtor challenged the ruling by the State Corporation and Securities Commission and obtained a temporary restraining order blocking application.

They seek a permanent injunction against the rule. Leon S. Cohen, assistant attorney general, said Ingham County Circuit Judge Sam Street Hughes probably will set a date today for arguments on the case and ask both sides to submit briefs. The judge also can either lift the temporary restraining order or continue it until the case is settled.

## Checks His Popularity

BREST, France (AP) — President Charles de Gaulle today starts a five-day grassroots tour of Brittany to sound out public reaction to his two-year leadership. It will be the seventh such tour for the French leader who will make 22 scheduled speeches after the 5th Circuit Court of Appeals at New Orleans turned down an appeal and Texas Atty. Gen. Will Wilson ruled the district would not lose \$6 million in state school funds.

## Houston Schools Open, Process Negro Children

By The Associated Press

The nation's largest segregated school system at Houston opens today theoretically integrated, but the Negro students won't be notified until Friday if they have been accepted.

The Board of Education voted Tuesday night to allow Negroes to enroll in first grades of previously all-white schools in the 170,000-pupil district but instructed Sup. John McFarland to delay their admission until Friday.

The decision prevented seven Negro pupils, who qualified under the board's transfer rule, from attending opening classes today. Dr. Henry Petersen, board president, said the delay was needed to "process Negro youngsters."

"No court or court case says we must lessen the efficiency of our schools when we integrate," commented Stone Wells, board vice president.

The action was taken at an emergency board meeting shortly after the 5th Circuit Court of Appeals at New Orleans turned down an appeal and Texas Atty. Gen. Will Wilson ruled the district would not lose \$6 million in state school funds.

Wilson held that a school district which integrated under federal court order did not do so voluntarily and thus was not subject to penalties of a state law.

The Houston developments came on a day marked by peaceful school integration for the first time in Richmond, Va., capital of the Confederacy, and two other Virginia cities, Roanoke and Pultaski.

Negroes attended public schools with white youngsters without incident in a gradually increasing number of other Southern cities.

Florida's first public secondary school was integrated in token fashion when a Negro girl enrolled at North Miami Beach Junior High along with 1,300 white pupils.

But the Deep South states of Louisiana, Mississippi, Alabama, Georgia and South Carolina stood firm although New Orleans has

been ordered to integrate Nov. 14 and Atlanta by next fall.

A dozen Negroes attended opening classes with white pupils at Central and Hall high schools in Little Rock, Ark., scene of segregationist demonstrations in past years. There was no sign of trouble this time.

Near Pine Bluff, Ark., a Negro girl, 6, prepared to attempt to break the racial barrier today at the all-white Dollarway District School, Dolores Jean York, a first grader, was assigned to the school by the board in compliance with a federal court order.

## German Exports High

COLOGNE, Germany (AP) — West Germany's share of world trade last year equaled the share that all of Germany had before World War II. The German Industry Institute reported that West German exports in 1959 were 9.6 per cent of total world exports in second place behind the United States' 17 per cent.

## 2-Car Crash Kills 3 Youths

Freeport Resident Runs Car Into Another's Path In Kent County Mishap

GRAND RAPIDS (UPI) — Three persons were killed early this morning in a two-car collision in Southwestern Kent County.

Dead are Robert Lenz, 18, and William Rose Jr., 18, both of Route 2, Hastings, and John Miller, 19, of Rural Freeport.

Kent County Sheriff's Deputy Donald Harrington said the accident occurred when Elwood Dunke, 22, of Freeport, ran through a stop sign at Michigan 36 and Freeport Road and into the path of Miller's car.

Miller was alone in his vehicle.

Dunke and two other passengers in his car were injured. They were Dunke's brother, Dwayne, 17, and Sharon Kauffman, 18, of Rural Clarksville.

## Disguised Gunman Robs Bus Driver

WENDOVER, Nev. (AP)—A gunman in women's clothes forced the driver of a six-place bus to stop on a lonely stretch of U.S. 30 near here, drove the bus 16 miles off the highway and made the driver hand over \$700 in cash and \$7.34 in checks.

The gunman and hooded accomplice from a car that followed the bus drove off after disabling the vehicle and taking the shoes of driver Forrest Cummings of Fly, Nev., and his hose passenger, Mike Pearson, 34, of Pleasant Grove, Utah.

Cummings walked barefooted for help and suffered painful bruises and cuts.

## Eddie Albert Kaiser Executive

### Finds Industry, Show Biz Mix

By BOB THOMAS  
HOLLYWOOD (AP)—When Eddie Albert's mother learned that he had been made a vice president of the Kaiser industries, she told him, "Well, Eddie, now you have a real chance to be somebody."

"Yes, son," his father added, "this is a fine opportunity. Maybe you can make a go of it in an important line of work."

Eddie confided later, "My folks

have never quite reconciled themselves to the fact that their son was in show business. They knew there was a lot of money in it, but they thought of it as a sort of unmanly enterprise and something of a swindle."

If so, the American public has been happily swindled for the couple of decades that Eddie's bright personality has been seen in movies, plays, night clubs and

## U.S. Post Office to Try Facsimile Mail to Lansing

WASHINGTON (UPI)—The Post Office Department announced today it would try its first instantaneous facsimile mail transmission experiment next month between Washington, Chicago and Lansing, Mich.

The president of the Western Union division of the Commercial Telegraphers' Union immediately denounced the plan as a "socialistic scheme." The union official, E. L. Hageman, called for a congressional investigation.

Only government documents will be transmitted in the first experiment, postal officials said. Main purpose of the test will be to demonstrate technique developed to preserve the privacy of so-called "tax" mail.

## Well's Daughter Donna to Wed Medical Student

SANTA MONICA, Calif. (AP)—Band leader Lawrence Well's daughter Donna Lee and James F. Mack, a student at St. Louis University Medical School, obtained a marriage license Tuesday. Each is 23.

Miss Well, who starts a teaching career this fall, said the wedding next week will be a quiet family affair. Mack is the son of a Santa Monica physician.

## Founder of Disabled Veterans, Marx, Dies

CINCINNATI (AP) — Funeral services are planned Thursday for Judge Robert S. Marx, 71, attorney and founder of the Disabled American Veterans, who died Tuesday after a heart attack at his summer home in Charlevoix, Mich.

Marx was widely known in the

depression. Thirties for legal work untagging the finances of Mid-west banks in receivership.

The DAV was organized after his service in World War I. An industry captain in France, he was wounded seriously one day before the Armistice.

The Allegiance Foundation of America predicts that advances in the treatment of soldiers and bay fever may be expected to follow current research.

## 'Would Not Export Jobs'

### Ford May Transfer Part of Production Abroad

NEW YORK (UPI) — The Ford Motor Co. conceded today that it is "giving serious study" to building at least part of a new small car abroad, but said the move would not mean exporting jobs to Europe.

The admission came in a letter written by K. D. Cassidy, Ford industrial relations vice president, to the United Auto Workers Union. But he added that such a move could not come "this year or next."

"The company has given serious study and consideration . . . to the possibilities of using its U.S. facilities and employees for at least a substantial part of the work involved in bringing to the U.S. market a small vehicle of the kind produced by its foreign affiliates," the letter said.

This was the company's first public admission that it is contemplating using only "a substantial part" of its domestic manufacturing facilities and workers to produce a new small car.

Cassidy said the UAW "would be poorly advised to throw additional road blocks in the way" of such a production plan "and thus increase the advantages of foreign competition."

"Whether such a course as this will become feasible at some future date," the letter continued, "cannot be predicted with finality at this time. We can assure you however that it will not occur this year or next."

"Up to now," the letter noted, "the company's participation in the (small car) market has been

## Party Tightens Grip on Russian Army

LONDON (UPI) — The Soviet Union today disclosed new rules for the army aimed at tightening discipline and Communist party control of the military.

Tass News Agency said Marshal Andrei A. Grechko wrote in the defense ministry publication Red Star that the rules "have come into force and are being circulated among the troops."

The agency did not spell out what measures had been deemed nor say why they were necessary.

# MARK OVERLAP TOWN To Build Novitiate in Oxford Twp.

COUNTY'S FIRST — The first Catholic Church in Oakland County and the second in the Lower Peninsula. St. Patrick's in White Lake Township, celebrates its 120th anniversary Saturday when Mass is offered in the original building at 725 Union Lake Road. It will be the first service conducted in the church since 1948 when fires burned the interior twice in two weeks. The graves are those of early pioneers, Irish immigrants, who settled in the area and built the church.

## Plan Anniversary for Oldest Catholic Church in Oakland

WHITE LAKE TOWNSHIP—One hundred and twenty years ago this week a small group of Irish settlers here built the first Catholic church in Oakland County. It is still standing.

On Saturday, descendants of those early pioneers will celebrate the founding of St. Patrick with a Mass offered in the little white frame building at 725 Union Lake Rd.

It will be the first time since 1948 that a service has been conducted in the church. After two fires that year ravaged the interior it was decided to hold services elsewhere until a new church could be constructed.

The present church was built in 1950.

The history of the original building dates back to 1840 when each Catholic family in the community contributed its services or donated gifts to construct the church.

One family donated land, another masonry. One church member carved the tabernacle. All the pews were custom-made with each

## Mackie to Send Sub to Rochester

ROCHESTER—Joseph E. Wilbur, expressway coordinating engineer for the State Highway Department, will speak at a public forum on roads here Sept. 13, it was announced today.

State Highway Commissioner John C. Mackie, who indicated earlier that he would attend the meeting himself, will send Wilbur to represent the state in the tri-level discussion.

Other speakers will be Paul Van Rookel, Oakland County highway engineer, and Cyril E. Miller, Avon Township supervisor.

Wilbur's acceptance was announced by Lloyd Lake, forum moderator and vice president of the Rochester Area Community Council which is sponsoring the convocation.

Wilbur will explain state highway maintenance and construction and future plans as they affect this area, Lake said.

Van Rookel and Miller will give similar talks on the county and township levels. After they speak, the audience will be invited to take part in the discussion in an open question and answer session.

The forum will be held at 8 p.m. at North Hill Elementary School. A 35-year veteran with the State Highway Department, Wilbur has held positions as district engineer, assistant to the deputy commissioner, chief engineer, hearing engineer, and assistant chief route planner.

## South Oak Date Still in Doubt

Fund Bottleneck Hits Plans for Construction of Long-Sought Drain

SOUTHFIELD — Construction date of the controversial South Oak storm drain is still in doubt because of a dispute here over methods of financing the project.

A lengthy discussion on the matter at last night's City Council meeting ended in a stalemate between council members, bonding attorney Claude Stevens and representatives of the Southfield Citizens Association.

A special meeting on construction of the proposed drain was set for 9 a.m. Saturday in City Hall.

Council President C. Hugh Donahy said the council needs a little more time to study whether a special district or the city-at-large or both should be assessed to pay for the \$4.6 million drain.

The city of Detroit has agreed to pay \$500,000 toward the project.

Detroit wants the drain built to catch storm water running over Eight Mile Road from Oak Park and Southfield.

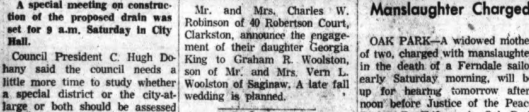

The excess water, Detroit officials say, causes basements to flood in their city.

Southfield council members want to satisfy the citizens association which already has blocked construction of the drain twice.

The association objects to the high assessment costs involved.

The proposed drain, if approved and built, would put into operation the Evergreen and Farmington sanitary sewer interceptors.

Oak Park already has agreed to pay its share of the construction costs.

GEORGIE ROBINSON — Mr. and Mrs. Charles W. Robinson of 40 Robertson Court, Clarkston, announce the engagement of their daughter Georgie to Graham R. Woolston, son of Mr. and Mrs. Vern L. Woolston of Saginaw. A late fall wedding is planned.

## Utica Drama Group to Audition Monday

UTICA — Auditions for the Utica Community Players' first dramatic effort of the season are scheduled for 8 p.m. Monday at Utica High School.

The troupe are open to everyone, including those without previous acting experience. The group's first presentation, the popular mystery play, "Laura," will be staged Nov. 25-26.

The Utica Community Players last season were chosen as one of the five best non-professional acting groups in the area by the Detroit-Windsor Theater Council.

## Unit to Cost \$400,000 at Dominican Academy

OXFORD TOWNSHIP — Construction is scheduled to start this week on a new \$400,000 novitiate building on the grounds of the Dominican Academy here.

Work on the three-story brick structure is expected to be completed next summer, possibly as early as June, said Mother M. Lucille, O.P., superior general.

It will be the fourth-largest building on the 73-acre site purchased in 1948 by the Dominican Sisters. The property at 775 W. Drahtner Road was formerly the Marvin E. Coyle estate.

The Dominicans already have a chapel, a main house and a retreat house on the grounds in addition to three smaller buildings.

The colonial-style features of the novitiate will be designed to blend in with the architecture of the surrounding buildings, according to the mother superior.

When completed, the building will measure 106 by 100 feet and will accommodate about 50 novices and junior professed sisters. The top floor will be used for sleeping quarters.

The second story will house a community recloset, instruction rooms and a library. Recreation, laundry and work rooms will be located on the ground floor.

Mother Lucille estimated the cost of the new structure and reported that the money will be furnished by donors in the Pontiac, Flint and Detroit areas where the Dominican nuns teach.

Some of the donors were present at groundbreaking ceremony Sunday afternoon. The Rev. Father Joseph Calibero, cofounder of the Oxford Township Dominicans, turned the first spadeful of earth for the building.

Now under construction are two ninth-grade classrooms which are being built as additions to the present library at the Dominican Academy.

The first ninth grade class in the history of the academy, totaling about 30 students, started school here yesterday.

AVON TOWNSHIP — William Maurer, new principal of Brooklands-Avon Elementary School, will be introduced at the PTA meeting 8 p.m. Sept. 14.

Guest speakers will be Mrs. Wilma Clegg, who will discuss community development, and Dr. S. L. Fligman, an optometrist who will speak on the care of children's eyes.

TO Introduce Principal of Avon Twp. School

TO See Europe Slides

ROCHESTER—Color slides of Europe will be shown by Alice D. Serrell of 1065 Romeo Road at the first fall meeting of the Avon Photo Club. It is slated for 8 p.m. tomorrow at Woodward Memorial Library.

TO Hold Ham Dinner

LAKE ORION — The Women's Department of the Reorganized Church of Jesus Christ of Latter Day Saints will sponsor a baked ham dinner Thursday at the church, 331 E. Flint St. The meal will be served family style from 5 to 7 p.m.

TO Introduce Principal of Avon Twp. School

WILSON CITY HALL — Final plans for Wilson's seven-story project, a \$30,000 city hall, have been approved by councilmen. The one-story municipal office will be built on a 7-acre site on Pontiac Trail just east of Wilson Road. The above architectural drawing was made by Kinsela, McMillan and Associates, Inc., of Ann Arbor. Construction of the new facility is expected to begin late this month with completion in December.

## New Art Group in Clarkston

CLARKSTON — Spurred on by the enthusiastic reception of the Labor Day art display in Clarkston, a new group to be known as the Village Friends of Art is being organized.

More than 1,000 pieces of art were shown outdoors during the weekend celebration, with 200 exhibitors entered from Oxford, Milford, Waterford Township, Pontiac, Walled Lake, Bloomfield Hills and Birmingham as well as Clarkston.

There was no judging of the many paintings, pieces of sculpture, silver, pottery and enamelwork. The new art group has decided that there will be no competitive art shows, only exhibitions to encourage artists in their work.

Mrs. Karyl M. Hill, first vice president of the Bloomfield Art Association, has met several times with the Clarkston art group to assist them with their pre-organization planning.

The acting chairman of the local group, Mrs. Henry J. Sauer, said most of the groundwork for the new project will be laid Sept. 21 and definite meeting dates will be set by then.

## In Romeo District To Sell School Books

ROMEO—New and used books are on sale now in the Romeo Junior and Senior High Schools with the sale of elementary school books to be conducted Thursday and Friday in the Romeo district.

Hours of the junior and senior high book sales are from 10 a.m. to noon and from 1 to 3 p.m. tomorrow and from noon to 1 p.m. Friday and Monday.

The used book store will be open from noon to 1 p.m. Sept. 13 through 16.

The parents clubs of Romeo and Washington are arranging and pricing used books today. They will be on sale, along with new books, from 8:30 a.m. to 3 p.m. Thursday and Friday at the North, South and Washington schools.

Parents are urged to pick up the money for books sold as soon as possible so the used book sale may be completed during the first full week of school.

## China Would Set Mao Over Russians

### A FAMILY AFFAIR

Following the death of a prominent Maoist, the Chinese government has issued a statement that it is not a family affair. The statement says that the Chinese government is not a family affair and that it is not a family affair. The statement says that the Chinese government is not a family affair and that it is not a family affair.

HONG KONG (UPI) — Mao Tse-tung's power to Red China is rippling with age.

During the past 15 months, the Chinese and Russians paid Mao have reached staggering proportions. The idea of which never has been heard during his 25 years as head of China's Communist movement.

It has become abundantly clear that the Chinese in a sense, Mao is riding a dead horse. The Chinese in a sense, Mao is riding a dead horse.

Red China's organizational structure has not been as strong as it once was. The Chinese in a sense, Mao is riding a dead horse. The Chinese in a sense, Mao is riding a dead horse.

### Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon will also age, lose the strength that propels waste from the body. Stagnant bowel contents become too dry and shrunken that they fail to stimulate the urge to purge. Relief, doctors say, lies in a new laxative principle that re-creates the three essentials that make the colon work. One of these is the ability to absorb water and hold it in the colon. The second is the ability to contract and squeeze the waste out. The third is the ability to relax and allow the waste to pass. The new laxative re-creates these three essentials. It is called Colowal. It is the only laxative that works on the lower colon (area of constipation).

(1) Colowal stimulates dry, hardened waste for easy passage without pain or strain. (2) Colowal's re-created relaxing action helps restore healthy colon muscles. (3) And Colowal acts gently, so the nerve reflexes that stimulate a "mass movement" of your lower colon. Colowal relieves even chronic constipation overnight, in as little as one hour. It is safe for all ages. It is safe for all ages. It is safe for all ages.
