(56) Fact of the Matter — "President Nixon's Domestic Policy"

Cong to Free 3 GIs; U.S. Awaits Details

SAIGON (AP) — The U.S. Command today awaited word from the Vietnamese on its plan to release three American soldiers.

In a broadcast by its Liberation Radio last night, the Vietcong said it would free the three GIs as a demonstration of its "lenient and humane" policies.

On the basis of Army serial numbers given in the broadcast, the U.S. command identified the men as Spec. 4 Willie A. Watkins of Sumter, S.C.; Pfc. James H. Strickland Jr. of Dunn, N.C.; and Pfc. Coy R. Tinsley, 22, of Cleveland, Tenn. All were members of the Americal Division.

In New York, an attorney for two American pacifists who have had dealings with the North Vietnamese concerning POW releases said his clients, David Dellinger and Bernard C. Davis, soon will release "extremely important" information from Hanoi that will "relieve the anxiety" of relatives of American prisoners of war.

VISITED REDS
The attorney, William Kunstler, had

just returned from a visit to the North Vietnamese delegation in Paris.

The U.S. Command also announced that American troop strength in Vietnam fell below the 500,000 mark last week for the first time since February 1967.

It said that as of Oct. 23 there were 497,300 U.S. military personnel in the country, a reduction of 4,600 from the previous week. This does not include 25,000 Navy men and 600 Coast Guardsmen aboard ships operating off the coast of Vietnam. Senate Republican leader Hugh Scott has predicted U.S. armed forces will be cut by one-third before President Nixon comes up for reelection in 1972.

'300,000 TO LEAVE'

The Pennsylvania senator also said he expects an American withdrawal of 300,000 men from Vietnam. He put no time reference on the latter.

Scott's fellow Republican senator, New York's Jacob Javits, said the United

States must end its combat operations in Vietnam by the end of 1971 "even if it may mean that South Vietnam will go down the drain."

Meanwhile, former Secretary of State Dean Acheson said he thinks Nixon is trying hard to end the war. But he added:

"The President would greatly strengthen his position if he could carry to the people the conviction that he is trying to do what everybody wants to do—which is to reduce this thing in a sensible and wise way."

LESS CHARITABLE

A less charitable view of Nixon's Vietnam policy was expressed by Rabbi Maurice N. Eisendrath of New York, leader of American Reform Judaism.

He accused the President of practicing verbal "sleight-of-hand" aimed at defusing campus protest with "off again-on again bombing halts, token withdrawals and diminished draft calls cynically synchronized to college reopenings."

West Bloomfield's VIP—Pamela Eldred—Returns Home As Miss America

Pentagon Plans Cuts at 307 Military Bases

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird announced today that 307 military bases in the United States and overseas will be shut down or reduced to save about \$69 million annually.

Laird's announcement was the latest in a series of moves aimed at cutting the defense budget this year by \$3 billion.

The whole \$69 million in savings will take effect when the base reductions and closings are completed, which could extend well beyond the present fiscal year which ends next June 30.

Under an agreement with Congress, the Pentagon said details of the U.S. base actions, including identification of the installations involved, will be announced Wednesday morning. Decisions on overseas bases will be held up pending consultations with the host countries.

The announcement said the Army, Navy and Air Force installations and activities are located in 42 states and Puerto Rico. There was no word on the number of overseas locations involved.

The moves will result in a reduction of 37,800 military positions and 27,000 civilian jobs. The military cutbacks are generally included in already announced plans to trim total U.S. military manpower by about 220,000 men this year below the present 3.4 million.

2 European Profs Win Nobel Prize

STOCKHOLM (AP) — The first Nobel Prize in economic science was awarded jointly today to Prof. Ragnar Frisch of Norway and Prof. Jan Tinbergen of the Netherlands.

The Academy of Sciences said they were awarded the \$72,800 prize for "having developed and applied dynamic models for the analysis of economic processes."

Meanwhile, the winner of the 1969 prize for literature, Irish-French playwright Samuel Beckett, sent a telegram accepting the prize, his publisher announced in Paris.

Tinbergen, 66, has been chairman of the Committee for Development Planning of the United Nations since 1965.

Frisch, 74, became a professor at Oslo University in 1931 and was director of the university's Institute for Social Economy for many years.

Flash

WASHINGTON (AP) — The United States accused Russia today of trying to "make propaganda" out of the crisis in Lebanon. It called instead for "quiet diplomacy" to settle this newest flareup of danger in the Middle East.

man radioed ahead to him with a description of a suspicious car.

Plunkett said the car did turn out to be stolen. His office will issue a warrant charging Rock with possession of a stolen vehicle, he added.

A third juvenile was involved, said Plunkett. The youngster, apparently fled the scene following the 4 a.m. incident. (Continued on Page A-2, Col. 3)

Queen Pam Given Royal Homecoming

By YOLANDA BENAVIDES
Her royal float wobbling to and fro, Miss America, 21-year-old Pamela Anne Eldred greeted an estimated 16,000 fans Saturday at her triumphant return home. Dressed in a shimmering gold and blue gown and wearing her crown atop a mountain of blonde ringlets, the green-eyed college senior led a parade over a 2½-mile route in West Bloomfield Township.

High school bands, marching units, cheerleaders, fire trucks, a strolling

Related Photo, Page A-3

banjo club, and numerous state and local officials followed the float.

Even the weather took a sunny turn for Pam, after a week of cloudy skies. "Coming home is more exhausting than traveling cross-country," said Pam as she sat on her gold and white float, decked with yellow roses.

The daughter of the William B. Eldreds, 5543 Taworth, said she was up until the wee hours Friday visiting with her family.

Miss Eldred started her visiting rounds early Saturday morning. She and her family attended a buffet breakfast given by the neighbors.

The official homecoming ceremony took place in front of the Township Hall where state and local officials welcomed her as "our ambassador to the world."

Gov. William Milliken proclaimed Saturday as "Pamela Day," and a Township Supervisor John N. Doherty presented the beaming queen with the key to the township.

Wrapped in a maxi-length black fur coat, Miss Eldred noted, "This crown belongs to each and every one of you be-

cause without your help, I would never have made it as far as I did."

Apparently, even protesters love a parade. A coalition of some 12 teenagers and women, representing the Women's Liberation Movement, joined the 100 entries.

The unexpected unit marched behind Miss Eldred's float, carrying signs reading "Beauty Pageants Prostitute Women."

SAME GROUP

The protest was similar to another demonstration by members of the same group at the Miss America pageant in Atlantic City at which Pam was crowned two months ago.

Miss Eldred concluded her homecoming as guest of honor at a luncheon given by classmates at Mercy College in Detroit.

Weather Outlook: Chilly, Overcast

Skies over Oakland County had a good case of the Monday morning blahs as clouds blanketed the area and winds sent the thermometer into the overcast zone.

With the overcast skies and chilly temperatures came the threat of occasional snow showers.

Tonight, the weatherman promises that skies will clear slightly as the mercury slides into the low 20s and the possibility of snow showers continues.

Tomorrow's sunshine will warm the thermometer slightly and Wednesday is due to be fair and warmer.

Probability of precipitation in per cent is today 20, tonight 10 and tomorrow 5.

Held in Girl's Murder

U.S. Agent Surrenders

DALLAS, Tex. (AP) — A 31-year-old federal narcotics agent described by Dallas County Sheriff Bill Decker as a "good boy and a good officer" surrendered yesterday, less than 24 hours after he radioed police that he killed an airline stewardess.

James G. Lander was charged with murder with malice in the shooting of pretty brunette Mary Morris Mead, 20, an employee of Continental Airlines based in Dallas. She was killed in her Dallas apartment Saturday.

Originally from Arcadia, Calif., she had been employed with Continental about 10 months.

Lander surrendered to Sheriff's Deputy Tom Barker at a public telephone booth in Foreman in Ellis County.

PISTOL MISFIRES

Barker said that when he arrived at the phone booth, as stipulated by Lander, he saw Lander place a pistol to his head and pull the trigger. The weapon apparently misfired, and Barker rushed to Lander, who surrendered the pistol.

Barker said Lander told him he decided to surrender after hearing an appeal by a Dallas television newscaster, quoting Lander's family in Waco asking him to give himself up.

The chain of events began with a radio call to Deputy Sheriff H. A. Beckemehl shortly after midnight Saturday.

JAMES G. LANDER

Hundreds Hurt; Damage Heavy

Yugoslav Quakes Kill 20

From Our News Wires
BANJA LUKA, Yugoslavia — Earthquakes ripped through this industrial city in Western Yugoslavia yesterday and today, killing at least 20 persons and injuring hundreds.

Officials estimated nearly 60 per cent of buildings in the city of 65,000 were destroyed or damaged.

Thousands of persons fled in cars and buses and the Yugoslav army sent in helicopters to assist in the evacuation.

The first quake hit yesterday afternoon, killing a 10-year-old child and leveling or damaging scores of buildings. As residents and officials were as-

sessing the damage this morning, an even stronger quake struck. About 20 more persons were found dead in the rubble of collapsed buildings.

Seismologists reported the quake today registered eight on a maximum-12 scale.

Only the central Plaza of the Republic appeared undamaged. Buildings were crushed all along Marshal Tito Street, the main thoroughfare.

The townspeople spent the night under tents or other makeshift shelters, and at the quake today panic spread among them.

The city's water supply was contaminated by chemicals that leaked from

a damaged cellulose plant and the City Council appealed to municipalities around the country to send in water trucks.

A newsmen who rode out the quakes last night and today said the aftermath was "the worst thing I've seen since Skopje."

The reference was to the southern Yugoslav city where more than 1,000 persons died in an earthquake that razed 80 per cent of the city on July 26, 1963.

Officials reported whole families taking to the roads out of the city in panic. Many roads were blocked with cars, wagons, and people on foot.

Arab Leaders Press Efforts to Ease Lebanese Crisis

BEIRUT (AP) — Most of Lebanon's main cities relaxed today as Arab leaders pressed efforts to ease the crisis between the Lebanese army and the Palestinian guerrillas.

Only the northern trouble spot of Tripoli remained under 24-hour curfew. Early reports today indicated there were no new incidents there, although the guerrillas and local leftists still hold a quarter known as the Old City.

Beirut was under partial curfew but many people ignored it. Tyre, Baalbek and Nabatieh were free of curfew for the first time in five days, and life was returning to normal.

Egypt, Syria and Libya threatened action against the Beirut government unless it supports the guerrillas and their raids on Israel, but Cairo said a cease-fire and negotiations may be in the offing.

AGREED TO TALKS

The official Egyptian Middle East News Agency reported that Lebanon has agreed to send a delegation to Cairo for a meeting with leaders of the Palestinian guerrillas, Arabs who claim they are refugees from Palestine and are demanding an end to Lebanese restrictions on their raids into Israel.

The general trend is toward "freezing" the Lebanese situation in order to provide a breathing spell in which the

feuding parties can work out a compromise, the semiofficial Egyptian newspaper Al Ahram said.

The paper indicated it based its prediction of negotiations on the outcome of a mission by Dr. Hassan Sabri El Kholi, the personal envoy of President Gamal Abdel Nasser. El Kholi went to Jordan yesterday to see King Hussein, then met in Damascus with Syrian President Nureddin Atassi, guerrilla chief Yasser Arafat and Libyan Interior Minister Moussa Ahmed.

El Kholi was scheduled to go to Beirut today to meet with Lebanese officials including Gen. Emil Bustany, commander of the Lebanese army.

JORDAN GUERRILLAS HIT

Israeli jets and artillery blasted suspected Arab guerrilla positions in Jordan today after a border patrol was fired on near the Jordan River south of the Sea of Galilee, a military spokesman said in Tel Aviv.

The jets struck the area east of Kibbutz Geshar, southeast of the Sea of Galilee, following a 20-minute exchange of gunfire between the patrol and Arab guerrillas on the east bank of the river.

No Israeli jets were wounded in the firefight and the jets returned safely, the spokesman said.

Troy Officer Shoots Youth, 18

A highspeed chase on I-75 through Troy yesterday ended with a policeman shooting and wounding a fleeing teenager.

The youth, Gene C. Rock, 18, of 2534 Somerset, Troy, was in serious condition today at William Beaumont Hospital, Royal Oak, with a bullet wound in the back.

Oakland County Prosecutor Thomas G. Plunkett, identified the officer as Troy Patrolman Thomas Oleniuk.

According to Plunkett, the patrolman fired two warning shots at Rock and two juvenile companions after his patrol car was forced off the roadway. Both cars ended up on the median near the 14 Mile Road exit.

POLICE CAR BURNS

Oleniuk's police car caught fire in the collision, Plunkett said. Oleniuk was pursuing Rock after another Troy police-

man radioed ahead to him with a description of a suspicious car.

Plunkett said the car did turn out to be stolen. His office will issue a warrant charging Rock with possession of a stolen vehicle, he added.

A third juvenile was involved, said Plunkett. The youngster, apparently fled the scene following the 4 a.m. incident. (Continued on Page A-2, Col. 3)

Pope OKs 2 Bishop Power-Sharing Steps

VATICAN CITY (U) — Pope Paul VI closed the second world synod of Roman Catholic bishops today by adopting two of his recommendations for more sharing of bishops in papal authority, and by promising "maximum consideration" for the others.

At the same time he strongly reaffirmed his primacy over the church.

"Pluralism might undermine faith, moral law or the fundamentals of the sacraments, liturgy and canon law — all pillars of unity in the church," he said.

The Pope told the bishops in a closing speech that he would call synods regularly, every two years, and give greater efficiency to a permanent synod secretariat set up in Rome.

UNPRECEDENTED PLEA

There were two points in a 13-point document the synod had approved virtually unanimously minutes before. The document amounted to an unprecedented plea to the Pope to give bishops a greater voice in his decision-making.

The 146-member synod approved a document reaffirming the Pope's primacy and "universal authority" over the half-billion member church, but recommended, in part:

• That bishops advise and collaborate with the Pope on major decisions affecting the entire church.

• That a synod be held here at least every two years to advise the pontiff.

• That a permanent secretariat in Rome represent the interests of bishops to the Pope and the Roman Curia, or central administrative body.

• That local bishops be heard before the Vatican makes any decision affecting their dioceses.

WOULD MODIFY POWER

If put into effect, these measures would strongly modify the Pope's power by shifting much influence from the Roman Curia, now his chief advisory body, to bishops in the field.

But the Pope alone will decide if they are put into effect.

Asked whether the Pope was satisfied

with the synod's work, one synod official said, "Oh, very much so." The pontiff attended 11 of the 13 sessions including the final one today.

No one voted against the document on ways for bishops to share in papal decision-making, a synod official said. Nor was there any negative vote on a second document on how bishops can cooperate more closely with each other.

After the vote, the synod prelates filed into St. Peter's Basilica for a short closing ceremony, which included singing of the Te Deum together with the Pope.

Birmingham School Fund Unit Elects New Officers

BIRMINGHAM — William H. Spinning of 357 Waddington, Bloomfield Township, has been elected president of the Birmingham Student Loan and Scholarship Fund Association.

He succeeds Thomas C. Morgan Jr., who will continue as a trustee representing the Jaycees on the association's board of trustees.

Mrs. George Hiffinger, who represents the Birmingham Board of Education, has been elected vice president. Harry S. Stark Jr., representing the Birmingham schools alumni, was reelected treasurer. The newly elected secretary is Mr. Robert McBride, who is the American Association of University Women representative of the board.

Other trustees include Albert C. Childs, an honorary trustee; Paul J. McGrath, representing the Parent Teacher Association Council; and Supt. Dr. John Blackhall Smith.

Racing Auto Hits Car; 8 Die in Indianapolis

INDIANAPOLIS, Ind. (AP) — Stephen Coleman, his sedan jammed with home-bound churchgoers, pulled to the side of a street last night to let three children out at their home.

A police report said this was what happened next:

A car drag-racing another down the narrow street slammed into the rear of Coleman's car at 70 miles an hour. The gasoline tank of the Coleman car burst into flame.

Dead in the flaming wreckage were eight persons—Coleman's wife, Levina, 24, who was eight months pregnant; their children, Antoinette, 5, and Stephen Jr., 3; their foster children, Linda Ligon, 10, and Wayne Ligon, 8; Ophelia Piggie, 24, and her sons Charles, 5, and Kevin, 3. The colliding drag race car, driven by Dalton Wallace, 26, wrapped itself around a tree, which firemen had to cut down to extricate Wallace.

The second drag racer kept on going. Coleman, 25, was taken to a hospital in critical condition. Wallace's condition was described as serious.

Expected to Be Even Harsher Than House

Senators to Act on Foundation Curbs

WASHINGTON (UPI) — The Senate Finance Committee tried to decide today whether the nation's 30,000 foundations and their unmeasured billions of dollars in assets should remain tax-exempt.

The expectation was the committee not only would vote to subject foundations to taxation for the first time but would go even further than the House, which imposed a \$65-million levy on income they get from stock holdings.

In opposing the move, spokesmen for the foundations have argued the House-passed 7.5 per cent tax on their income amounts to a tax on hospitals, universities, health research, museums and experimental programs too daring for the government to undertake.

But they have received little sympathy from the 17-member committee. One of its liberals, Sen. Albert E. Gore, D-Tenn., even has proposed putting a limit on the life-span of foundations.

'DECIDED BY DEAD'

"The dead should not control the living," said Gore, meaning a wealthy man, through bequests to his family foundation, should not decide from the grave how his money — which would

otherwise be taxed — should serve society.

In addition to taxing foundations' investment income, the House bill would require them to give away a sum equal to 5 per cent on the worth of their assets each year; prohibit "self-dealing"

through which the creator of a foundation can use its stocks to increase his wealth; forbid them to control more than 20 per cent of a company's stocks; and prevent foundations from politicizing or trying to advise Congress on legislation.

No one, not even the Internal Revenue Service which requires only sketchy an-

ual reports from foundations, knows how great their wealth is. They are required to report only the original cost, not the current value, of the stocks they own.

The IRS receives reports from 30,262 foundations, but more than that are thought to exist.

U.S. World News Briefs

By The Associated Press

Two church bodies have approved contributions totaling almost \$2 million to aid blacks, with the United Methodist Board of missions pledging \$1.85 million.

The Methodist agency, meeting in Boston over the weekend, announced approval of grants totaling \$1.3 million for "a variety of black causes related to education."

It also voted an additional \$550,000 for "black economic empowerment," but delayed specific allocation until January.

In Chicago, the Episcopal Diocese of Chicago said Saturday it will raise \$25,000 in voluntary contributions for the Black Economic Development Conference (BEDC).

The governing bodies of the Episcopal Church voted last month in South Bend, Ind., to raise \$200,000 in new money for the national committee of Black Churchmen, which is expected to funnel the funds to the BEDC.

BARBIE'S BACK HOME—Seven-month-old Barbie Hanavan of Aurora, Colo., is back home after seven months in a hospital in California where she underwent surgery seven times to correct a curvature of the spine. Residents of Aurora turned out to greet her with a brass band and choir on her arrival Saturday at Stapleton Field in Denver.

Missile Payload an Issue

Arms-Curb Topics Eyed

WASHINGTON (AP) — The United States may try for a curb on the warhead-carrying capacity of powerful Soviet missiles in negotiating any joint U.S.-Russian agreement on suspending development of the multileaded weapons.

This is because top defense officials feel Russia is in a much better position than the United States to mount heavy destructive multiple warheads on their missiles.

The Soviet SS9 rocket is reported to be capable of hurling 25 times more nuclear megatonnage across intercontinental distances than the land-based U.S. Minuteman ICBM.

Secretary of Defense Melvin R. Laird indicated U.S. concern in this connection recently when he said it gives the Soviet Union a "tremendous advantage on the United States" in "the amount of destruction that can be delivered" by multiple warheads.

The United States and Russia announced Saturday they will open preliminary discussions in Helsinki, Finland, Nov. 17.

These Helsinki talks, officials said, will attempt to work out procedural details leading to what promises to be long drawn-out bargaining on the question of limiting atomic killing power on both sides.

41 Die in Algeria Rains

ALGIERS (U) — Torrential rains beat down yesterday on the Shara in the region of Tougourt, 420 miles south of Algiers. Officials said 41 persons lost their lives and 200 were injured.

'Health Service Crisis'

BOSTON (AP) — "We're at a point of crisis in the delivery of health services in this country," and a national medical policy should be developed to counter it, Dr. John H. Knowles says.

Knowles, director of Massachusetts General Hospital, attributed the crisis in part to the self-interest of such groups as health insurance companies, drug makers and the American Medical Association's board of directors.

Fleeing Youth Is Shot by Troy Police Officer

(Continued From Page One)

He turned himself in to Berkley police later in the day. Rock and the other two had been arrested at the crash scene. Police from Royal Oak and Madison Heights assisted in the apprehension.

Speeds of over 100 miles per hour were recorded in the chase, Plunkett said.

He said both his office and the Troy police department will conduct an investigation into the shooting. All shootings involving police are investigated as a routine matter.

Thalidomide Child Gets a Warm Welcome Home

AURORA, Colo. (U) — The band from Park Lane Elementary School struck up "Happy Days Are Here Again." And to Barbie Hanavan, smiling and squinting in a bright fall sun, it was beautiful.

Barbie, 7, the adopted daughter of Mr. and Mrs. Wayne Hanavan of Aurora, came home Saturday after spending months in a California hospital where her spine was straightened after seven operations.

Born without one arm, a fused elbow on the other, curvature of the spine and stunted vital organs, Barbie was a "thalidomide baby" whose natural mother took the drug before Barbie was born.

"Barbie's been in a cast and had braces on her legs most of her life," said Wayne Hanavan. "She had a body cast when she came to us at six months."

HOSPITALIZED MOST OF LIFE

Barbie has spent most of her life in hospitals and for the past eight months has been under treatment at the Rancho Los Amigos Hospital in Downey, Calif., a nationally known orthopedic center. There, helped by \$18,000 raised by Colorado residents and from nationwide donations, Barbie underwent the seven operations which straightened her spine.

Without the surgery, her curving spine eventually would have crushed her lungs.

BLOOMFIELD TOWNSHIP — Changes in the planned alignment of Telegraph Road between Fairfax Avenue and Orchard Lake Road have been announced by the State Highway Department.

The engineering report, published in 1966, called for acquisition of right-of-way on both sides of the highway. Since then, property development along the road has substantially increased the cost of acquisition, highway department officials said.

A review of the alignment showed that a slight shift to the west would avoid developed property on the east side of Telegraph at an estimated savings of \$400,000, a highway department spokesman noted.

Lakesiders Meet With City Tonight

The 400 families in the Lakeside Homes public housing project will resume airing their problems to city officials tonight.

Residents will meet with city commissioners and housing, police and human relations officials at 7:30. The meeting will be held in the Lakeside offices at the foot of Branch.

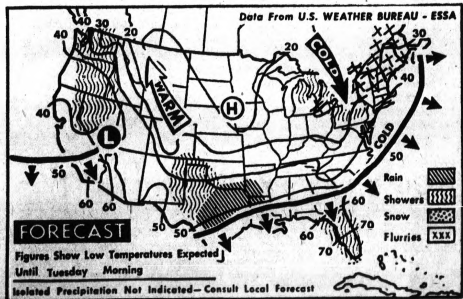

The meeting is a continuation of one held three weeks ago. At that time a proposal to strengthen the powers of the Lakeside Tenants Council was offered.

NATIONAL WEATHER—Rain is expected tonight in southern Florida and in parts of New Mexico, Texas, Oklahoma, Louisiana and Arkansas. Rain is also forecast for an area extending from the Pacific Northwest to central California and Nevada. There will be snow mixed with rain for a belt extending from the central Great Lakes region through New England.

Inducement for 'Smoke Rings'

Effect of a Cigarette Tax Hike Eyed

LANSING (U) — If the cost of smoking increases in Michigan, so could smuggling.

On that point there seems to be little argument among the Michigan State Police, Senate Taxation Chairman Harry DeMaso, R-Battle Creek, the state's tobacco industry and the office of Gov. William Milliken — who proposed a five-cent per pack increase to the current seven-cent state cigarette tax to pay for part of his education reform program.

The question remains: Will more money for the state mean more trouble than Michigan bargains for?

"We don't anticipate any great problem," says State Budget Director Glenn

Allen Jr., who worked on Milliken's plan.

ENFORCEMENT BOOST

However, Allen says the executive office plans to include \$50,000-\$100,000 for increased enforcement in its 1970-71 budget recommendations.

DeMaso remains skeptical, so much so that he plans a trip to New York early next month to confer with lawmakers there on bootlegging activities in that state — which has a 12-cent-a-pack state cigarette tax.

DeMaso points to the testimony of Morris Weintraub, managing director of the Wholesale Tobacco Distributors of New York, Inc., who told Michigan's Senate Taxation Committee:

"If Michigan goes through with this increase, it will bring cigarette bootlegging into the state on a large scale and succeed only in crippling the local tobacco industry on the one hand and shortchanging the state's tax revenues on the other."

SEEN AS INDUCEMENT

Michigan State Police Director Frederick Davids notes that Milliken's proposal "appears to be an effective means of raising revenues for additional school aid."

"It also will undoubtedly be an inducement to organized crime to increase smuggling activities between states with little cigarette tax and Michigan."

Wisconsin's tax now is 14 cents; Illinois 12; Ohio 10; Indiana 6 and Kentucky 2.5.

Davids notes that the difference in tax between Michigan and North Carolina, should the proposed increase pass, would be 10 cents a pack, or \$1 per carton.

"Even reducing this margin so as to be able to discount the cigarettes in Michigan, there would be sufficient profit in a carload of cigarettes to attract the underworld," he says.

Nonetheless, Davids says the State Police "do not feel that this is a serious argument against the bill — provided we are allowed to establish and maintain a unit of detectives to combat smuggling."

Educational-Reform Debate Shaping Up in State Senate

LANSING (AP) — The Michigan Senate is expected to be the principal arena for education reform legislation this week.

The upper chamber scheduled an 8 p.m. session today, but the House marked time until a 9:30 a.m. session on Tuesday.

Senate Education Chairman Anthony Stamm, R-Kalamazoo, predicted at least two bills would reach the floor today for debate, while Minority Leader Sander Levin, D-Berkley, was expected

to present counterproposals to Gov. William Milliken's package.

At week's end, there had been no decision on whether the counterproposals would be Levin's or those of a majority of the Senate Democratic caucus. Some Democrats have said they hoped the latter would be true and that the education bills would not become a cause on which anyone would run for governor.

Senate Appropriations Chairman Charles O. Zoller, R-Benton Harbor, meanwhile, put budget experts to work

seeking precise, long-range costs of Milliken's bills.

In the House, Speaker William A. Ryan, D-Detroit, said the preliminary Senate action hopefully would be followed by negotiations on alternatives.

Ryan said he didn't expect any of Milliken's 10 bills and two resolutions to clear the upper chamber before the end of the week, if that soon.

One of the bills most likely to face early Senate debate is Milliken's proposal for a constitutional amendment

to eliminate the State Board of Education. The governor recommends it and the public school superintendent be replaced by an Education Department director whom he would appoint, subject to Senate confirmation.

SOME ALTERNATIVES

Numerous alternatives have been advanced in both chambers. One calls for an appointed board, another for an elected superintendent, such as the state had before adopting the present elected-

board scheme as part of the 1963 State Constitution.

Sen. James Gray, D-Warren, has introduced a bill to make a four-hour day the basis for calculating the 180 days that schools must be open to receive full state aid. That bill has been reported out of Stamm's committee.

While the Senate works on Milliken's package, the House is expected to review conference reports on previously passed bills. Education Committee Chairman Lucille McCullough, D-DeARBorn, has

asked the executive office to send an aide to a Tuesday afternoon meeting of her committee.

The two chambers still are negotiating over a bill aimed at forcing consolidation of all remaining municipal courts into districts by Jan. 1, 1971.

House Democrats, Ryan said, also want a homestead tax exemption for elderly property owners included in education reform. Bills to do that are alive in both chambers.

HELPING HAND—Charley, one of two young squirrels found abandoned recently in Columbus, Ohio, is fed by Brian McKnight, 14, who is caring for the orphans. Mama squirrel was killed by an automobile.

Here's News at a Glance

IMLAY CITY — The Imlay City Board of Education has scheduled a special election Nov. 24 in a second attempt for voter approval of a \$2,535,000 millage package.

The bond issue would provide a new 21-room middle school; 12 additional classrooms and a library at the high school; seven additional rooms at the elementary school; a central administrative facility; and site acquisition of at least 33 acres adjacent to the high school.

Theft at Purple Pickle

WEST BLOOMFIELD TOWNSHIP — Thieves took \$733 from a hiding place and the cash register drawer of the Purple Pickle restaurant. The theft was noticed when an employee opened the restaurant at 8:30 a.m. yesterday. Township police are still investigating.

Swainson Subs for Hart

UTICA — Circuit Court Judge John B. Swainson will replace Sen. Philip A. Hart, D-Michigan, as the opening speaker in the Utica-Sherby-Sterling Human Relations Council's lecture series tonight at 8 in the Utica High School Auditorium, 47255 Shelby.

Yule Craft Classes Set

TROY — The Troy School District's Adult Education Department will offer three Christmas craft classes beginning Oct. 30.

Thursday, a Christmas card design class will be held from 7-10 p.m. at the Smith Junior High School. On Nov. 5, a tinsel and tassel class will be offered, and on Nov. 13, holiday gift wrapping instructions will be given.

Adult Ed Courses Near

ROME — A selection of adult education classes will be offered in the school district beginning November 24.

Courses will be scheduled to run for 10 weeks and will meet on a Monday or Tuesday from 7 to 9 p.m.

Registration is limited to the week prior to the beginning of classes. Applicants may register at the principal's office, 316 N. Main in Rome, from 9 a.m. to 4 p.m. today, tomorrow or Wednesday.

Troy's City Manager, in Ill Health, Is Retiring

TROY—Paul A. York, 45, city manager here since 1964, in ill health for the past four months, is retiring on a disability pension effective Jan. 1. He is a former Rochester city manager.

Acting City Manager Patrick H. Hynes is leaving the city today and taking the post of city attorney at Midland.

Working as interim city manager until a new one is named is City Clerk Kenneth L. Courtney.

Detroit Mayor Race Heats Up in Stretch

DETROIT (AP) — With the election little more than a week off, the candidates for mayor of Detroit appear to be loosening their ties for some infighting.

Richard Austin and Roman Gribbs appeared Sunday in their second debate and clashed over campaign tactics. Gribbs, the Wayne County sheriff, charged that Austin had begun indulging in personal attacks and "the politics of desperation."

Austin, the Wayne County auditor, implied that Gribbs was playing on people's fears in stressing law enforcement. He said Gribbs had unfairly

School Strike Over in Harper Creek; 6 Districts Still Out

BATTLE CREEK (AP) — Some 3,300 pupils in the Harper Creek School District near Battle Creek got their first taste of learning today after a teacher strike had emptied classrooms for three weeks.

A ratification vote on the proposed Harper Creek agreement reached this weekend is expected today. Meanwhile about 46,000 pupils in Flint remained out because of the continuing teacher strike.

Four other strikes also continued in other Genesee County districts along with a fifth at the Chelsea School District of Washtenaw County. Altogether the strikes closed classrooms to about 71,900 pupils.

Weekend talks were scheduled for the Flint negotiators, but no progress was reported. The story was similar in other districts.

characterized his (Austin's) position on crime.

"I have spoken out on the crime issue, especially, on many occasions from the very outset of the campaign and even at the very first confrontation with my opponent," Austin said.

"I believe we should give the police all the help they need to make their work more effective and it is my feeling we should not exploit the fears of people to be elected mayor," Austin added.

With that Gribbs responded: "Up to now the campaign has been on a very high plane. I am a little concerned, however, that in the last few days my opponent has become more strident and he has attacked me personally and has brought personal matters into the campaign."

Gribbs, in answer to a question by moderator Howard Lancour, said, "He (Austin) has indicated I'm not qualified...that some of my judgments are erroneous...that I'm not going to the right people to see the right people."

Cityhood Debate Set in Commerce

The pros and cons of the proposed incorporation of parts of Commerce Township and Wolverine Lake Village will be argued at a public meeting Tuesday. Residents go to the polls Nov. 4.

The 8 p.m. meeting at Walled Lake Central High on South Commerce Road is sponsored by the Commerce Township Republican Club.

Clifford Cottrell, manager of Wolverine Lake, will present arguments in favor of incorporation. Robert Long, supervisor of Commerce Township, will argue against. A question-and-answer period will follow.

PONTIAC, MICHIGAN, MONDAY, OCTOBER 27, 1969 A-3

Grid Star's Father Dies in State

Weekend Road Toll Hits 18

By the Associated Press

Fifteen persons died in traffic accidents over the weekend, including the father of a Cleveland Browns linebacker.

Raymond Walthorn, 7, of Grand Rapids, died Sunday night of injuries suffered when he was struck by a car near his home Saturday.

Killed in the flaming crash of his tandem gasoline tanker at Midland Saturday was Arthur Meylan, 59, of Kawkawlin, father of Wayne Meyland who was an All-State football player at Bay City Handy High School and later an All-American at Nebraska.

Meyland was trapped in the wreckage of his truck which turned over after a collision with a car.

The Associated Press count of weekend fatalities began at 6 p.m. Friday and ended at midnight Sunday.

The other victims:

John Ando, 19, of Sylvania, Ohio, whose car rolled over Saturday just inside the Michigan state line in Monroe County.

John Rikle, 48, of Bay City, in a rear-end auto collision Friday night on I-75 in Genesee County's Mount Morris Township.

Mary Benton, 26, of Saginaw, in an auto crash Saturday on M 13 just south of Saginaw.

Eugene Roy Carter, 20, of 312 Summers, Imlay City, when his car ran off Newark Road Saturday in Imlay Township and hit an abutment.

Robert A. Colosky, 38, of Mayville, when his car veered off a road Saturday in Tuscola County and rolled over.

Daniel A. Hsoul, 51, Flat Rock, when his car collided with another Sunday on U.S. 24 in Brownstown Township of Wayne County.

Jerry Roger Walker, 22, of Ithaca, and his wife, Deborah, 18, whose car skidded broadside into the path of another auto Saturday night in Gratiot County's Arcadia Township.

Clay Evans, 34, of Detroit, whose car overturned Saturday on M 24 in Lapeer County's Lapeer Township.

Mrs. Dennis Shaver, 18, of Charlotte, when her car ran off M 50 and hit a tree Saturday night about three miles southeast of Charlotte.

Alexander Hamilton, 21, of Detroit, in a smashup involving two cars and four

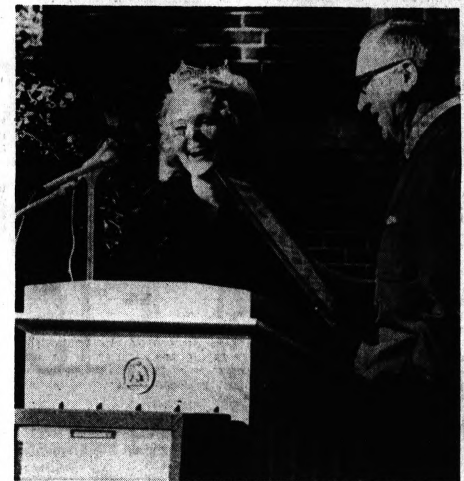

trailers in Detroit Saturday.

Michael J. Kiser, 19, of Beaverton, and John S. Murray, 18, of Flint, whose car overturned on M 61 near the Bay and Gladwin county line.

Chester J. Kruszeski, 20, of Latham, N. Y., an airman stationed at Kincheloe Air Force Base near Sault Ste. Marie, when a car in which he was a passenger over turned on I-75 in Sault Ste. Marie, Saturday night.

William Henry Reed, 56, of Charlotte, struck by a car while crossing a road north of Charlotte Sunday.

Robert Clarence Jack, 27, of Brighton, whose car ran off U.S. 23 in Washtenaw County's Northfield Township Sunday.

BRINGS SMILE—State Rep. Raymond L. Baker, R-Farmington, reads a resolution to "our ambassador to the world," Pamela Eldred, during Miss America Homecoming ceremonies Saturday at the West Bloomfield Township Hall. Following the morning ceremonies, the 21-year-old green-eyed blonde led a 100-unit parade through the township.

Boom-Town Status Puzzles Royal Oak

ROYAL OAK (UPI) — City officials are "wondering what the professor told the machine" in Massachusetts that predicted Royal Oak is one of the nation's 44 potential boom towns.

"We have no place left to boom unless it's skyward," said a puzzled City Manager Bruce W. Love.

Royal Oak's name popped out of a Brandeis University computer last week along with those of 43 other U.S. cities with populations of more than 50,000 that met criteria for rapid economic growth in the next 10 years.

Dr. Wyatt Jones, who conducted the study, fed 165 variables into his machine from U.S. census data on such things as industrial growth, age of the population and personal income.

But city officials are the first to admit Royal Oak doesn't fit into the professor's conclusions that most of the potential boom towns cater to aerospace, defense, oil, meat or dairy industries.

Royal Oak with a population of 100,000 in its 12-square-mile area, is one of Detroit's biggest bedroom suburbs. It is hemmed in on all sides by 11 other Oakland County towns that touch it at one point or another.

"We are 95 per cent developed," said Lew McDaniel, the city's planning director. "What will we do with more people?"

Said Love: "I am wondering what the professor told the machine. I think I may write him a letter and ask him a few questions."

Rochester Voting Today

ROCHESTER—Voters go to the polls here today to decide on a school construction bond program of \$9,475,000.

Approval would pave the way for construction of two new elementary school buildings, a new junior high school, a maintenance service building, along with additions to Adams High School and Baldwin, Hamlin, Brooklands and Woodward elementary schools.

The bonds also would provide for site acquisition of at least 115 acres over a five-year period. If passed, the bond issue would be financed at eight-tenths of a mill. Cost to the property owners would extend over a 29-year period at 80 cents a year for each \$1,000 of estimated valuation or \$8 a year on property assessed at \$100,000.

A previous proposal was defeated in June by 119 votes of 4,300 cast.

The polls will close at 8 p.m.

ACCEPTING AWARD—Mr. and Mrs. Teddy D. Nowakowski of Rochester accept posthumous award of the Bronze Star Medal for their son, Army Spec. 4 John A. Nowakowski, who was killed while on a combat mission in Vietnam last March. Presenting the medal is Maj. Gen. Shelton E. Lollis, commander of the Army Tank-Automotive Command in Warren. Spec. Nowakowski graduated from Rochester High School in 1965.

Senate Probe Into Army Graft Opens Can of Worms

WASHINGTON (AP) — For U.S. military men, the on-base open mess is the neighborhood bar and grill, the downtown nightclub and—only overseas—the slot machine parlor.

It is a place of off-duty relaxation where a noncommissioned officer can order a steak medium rare, sip a bourbon and water and listen to live music.

It also is big business with sales of more than \$750 million and profits of \$53.4 million last year.

A Senate investigation which concluded last week brought out charges that a small band of sergeants took advantage of built-in weaknesses in the club's accounting system to forge a continent-spanning, extremely lucrative conspiracy to skim funds from the dozens of clubs they managed. And witnesses said four of the sergeants had been protected from prosecution

by influence applied near the top of the Army chain of command.

RAKE-OFFS, KICKBACKS

For half a dozen years or more, the witnesses said, these men used slot machine rake-offs, kickbacks from suppliers and entertainers and formed their own corporation to build a mountain of illicit profits.

Senate investigators, reporting on more than eight months of undercover sleuthing, said they learned Swiss bank accounts, identified only by numbers and code names, were used as conduits for kickbacks and other illegal funds.

Army detectives told of a so-called summit meeting at Ft. Benning, Ga., held by the sergeants and a retired major general to discuss investment of stolen money.

Identifies of the military per-

sonnel called to testify, as well as the size and scope of their alleged activities, made the hearings sensational.

WAR HERO

One was Sgt. Maj. William O. Woodriddle, once the Army's highest-ranking enlisted man. Another was retired Maj. Gen. Carl C. Turner, former head of the Military Police.

Woodriddle, at 47 a much decorated, battle-wounded veteran of 29 years of military service, was named sergeant major of the Army in 1966.

Senators were told evidence exists Woodriddle used his new post to enrich himself and to ease friends into positions in which they could continue and enlarge illicit operations.

They also were told that Turner, 56, used his position as Army provost marshal general to block a probe into Wool-

dridge's activities by Army investigators.

NOW FIRED

He retired from the Army last spring and was appointed chief of the Justice Department shortly before the hearings opened. The Justice Department now says he was fired.

In 1967, senators were told, Turner ordered his investigators to remove Woodriddle's name from an investigative file on alleged irregularities by custodians of clubs at Ft. Benning, Ga. The investigators said they also were refused access to a file of a similar investigation linking sergeants at Benning to earlier irregularities in the clubs of the 24th Infantry Division at Augsburg, Germany.

And still later, when the same men were under suspicion for irregularities in the clubs they then were running in Vietnam,

Turner again was accused of refusing to allow the files of the earlier probes to be used.

Turner's subordinates testified that when they complained to the general they were told Woodriddle was "just a good country boy" and that all allegations against him were based on Army jealousy.

PUBLIC BETRAYED

"These hearings have produced testimony which indicates a serious betrayal of public trust by a small number of men," said Sen. Abraham Ribicoff, D-Conn., acting chairman of the Senate's investigations subcommittee.

Ribicoff's investigation has sparked several new developments. They include:

—The transcript of the Senate hearings has been turned over to the Defense and Justice departments for evaluation of possible military and civilian pros-

ecution. No decisions have been announced.

• The Pentagon has announced a tightening in its control of the club systems, including outside audits of books and centralized purchasing of needed supplies.

• Army investigators are continuing the probe where Senate investigators left off.

BACKACHE & TENSION
SECONDARY TO KIDNEY IRRITATION
Common Kidney or Bladder Irritation makes many men and women feel tense and nervous from frequent, burning urination night and day. Secondly, you may lose sleep and have headaches, backache and feel older than you are. In such cases, CYCLES usually brings relaxing comfort by cutting irritating germs in acid urine and quickly easing pain. Get CYCLES at drugstore.

SIMMS  ROOTAGE

It Seems to Me...

Public Sentiment Dictates End to Vietnam Stalemate

As time passes, there's a mounting wave of protest against the steady loss of lives we're sustaining in Vietnam. The American people are increasingly aware that we're getting nowhere.

Nearly 40,000 Americans have given their lives—killed—slaughtered—call it what you will—and we're no nearer "victory" than we were ages ago. And think of the several hundred thousand wounded!

★ ★ ★
We're fighting an undeclared war for "world peace." But few in the world care enough about it to help us.

As I listen to people around the Country and read newspaper comments and interviews with a wide variety of citizens, one thing becomes apparent: the desire to end the whole thing is stepping up sharply in all walks of life.

★ ★ ★
The ancient and time-honored phrase of "saving face" arises. But in whose eyes will we save it? France? Britain? Italy? Spain? Japan? Norway? Brazil? Sweden? Argentina? They're the very nations that refuse to help us. They haven't sufficient interest to lend a hand. Therefore, Americans as a whole are beginning to wonder whether these countries may not actually be smirking behind our backs and giving us the global horse-laugh.

President Nixon's announcements of the withdrawal of an increasing number of American troops indicates definitely that we must be "on the way out." You can't win a war by decreasing the number of soldiers when you aren't getting anywhere anyway.

Each announcement of a reduction is greeted with new applause. Criticism of pulling out lessens. The populace is demonstrating a definite shift. I see no frenzied desire anywhere for killing more and more of our boys.

★ ★ ★
Remember, almost all the dead are OURS.

It isn't as much a question of whether we should pull out as it is a matter of "when." And the American nation is demanding an increasing tempo. Why should we heed the opinions of those who are merely happy to have us continue unaided?

★ ★ ★
Unquestionably, President Nixon listens intently to the reactions of the American people with each successive Vietnam announcement. There can be no doubt in his mind as to the current trend. Why should we fret over "saving face" with a host of international backsliders?

Electric Power . . .

This country is slowly edging towards a catastrophe through a failure to generate sufficient electric power. Electrical authorities assure we must see 250 new power plants in the next ten years.

These must all be giants.
Otherwise, we face blackouts.

★ ★ ★
Since New York's sad experience four years ago, the margin of safety has shrunk 32 per cent. Every attempt to increase New York's facilities has been blocked. The failure to augment present equipment lies in the opposition from citizens who cry:

"air pollution, thermal pollution and possibly radiation effects. Others resent the desecration of nature by plants, towers and wires.

★ ★ ★
Electrical people assert that our lives depend on electrical power. "Without it," they say: "this country can come to a complete stop." We can't "store up" electricity the way we do wheat, steel and potatoes. It has to be created. Therefore, the plants simply must be enlarged and countless new ones built.

★ ★ ★
We're growing very fast—remember?

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Huge American cities aren't the only ones losing families to the suburbs. For the last six years, an average of 91,000 people have moved out of London each 12 months. GORDIE HOWE, hockey's greatest all-time player, has been on the first or second all-star teams 19 of his 22 seasons. White shirts are losing out. Manufacturers predict that 90 per cent of the fall sales for men will be colored and especially those with stripes. Overheard: "Burglars broke into that poet's house, searched every room and then left after putting a \$5 bill on the table."

★ ★ ★
Here's a picture of one of Oakland County's comely lasses. You don't need her name.

... Congressional estimates say we will require 26 million new houses in the next nine years. These would care for the "new people" and replace the sub-standard structures. In 1968, the average supermarket carried 7,625 items. . . .

... Bob Emerick tells me a windshield rubbed with a sliced onion will stay clear on rainy days.

★ ★ ★
A Great Big Round of Hearty Applause for our own "Dear ABBY." She's a great gal and deserves her millions of readers all over America. Overheard: "Didja hear about that prisoner they executed in Cuba? They asked him if he wanted one last cigarette and he hesitated and then said 'no' as he was trying to quit smoking." Actor RICHARD BOONE may become a candidate for the Governor of Hawaii. Crime is increasing in placid Sweden and the people blame the 300 U.S. armed forces deserters to whom their government has granted asylum. Police say at least one of six has run afoul of the law. Dept. of Cheers and Jeers: the C's—California's REAGAN and his all-out attack on dope and narcotic peddlers; the J's—JANE MEADOWS' hair-do.

—HAROLD A. FITZGERALD

Atlanta Bucks Conservative Tide, Steers Liberal Course

ATLANTA (UPI) — Atlanta has long been recognized, whether correctly or not, as a liberal island in the South's sea of conservatism.

Some say that tag is a myth — that "moderate" is a better word. But no matter how you cut it, there's no doubt now that

while much of the nation is being swept by a conservative tide, Atlanta is steering its most liberal course yet.

Taking office in January will be the unlikely combination — in the South, that is — of a Jewish mayor and a black vice mayor.

Sam Massell, a handsome 42-year-old real estate executive who is a liberal Democrat and a Jew, will be the new mayor.

UPSET ESTABLISHMENT

He knocked over the traces of the "establishment" bucked outgoing Mayor Ivan Allen and attracted the new breed of

Negro leadership to defeat Rodney Cook, a moderate Republican, by about 12,000 votes.

Massell's vice mayor will be Maynard Jackson, a 31-year-old Negro lawyer who was elected two weeks ago with solid support from both blacks and

whites. Jackson, the first black man ever elected to the post, terms his election a product of "the coalition of the future."

Massell and Cook both stressed the need for continued good race relations, for which Atlanta is noted. But Massell

seemed to more closely identify himself with the "oppressed" and categorized Allen's endeavors in this direction — and, at the same time, Cook's — as being designed to help business, and not particularly with the individual in mind.

GENixes Arbitration; Unions Go on Strike

NEW YORK (AP) — Pickets are up today at General Electric Co. plants around the nation, as unions representing 147,000 workers strike for higher wages and cost-of-living protection.

The strike began at midnight, hours after GE rejected the unions' proposal for binding arbitration.

It was unclear whether GE's defense and aerospace production, which make up 20 per cent of its \$8 billion annual sales, would be affected.

GE, the nation's fourth largest industrial corporation, has 280 plants in 133 cities in 33 states. A spokesman said the company would try to keep its plants open.

Some of the plants are non-union, the spokesman said, but

most will be affected by the strike.

GE employs 310,000 workers in the United States and 90,000 overseas. A majority of these are in nonunion, white-collar jobs. But 90 per cent of the production force — all but about 16,000 workers — have joined the walkout.

A coalition of 13 unions has been negotiating with GE. Some of their contracts expired at midnight. Other unions still have contracts but are supporting the strike.

The labor coalition is led by the International Union of Electrical Workers, AFL-CIO, representing 88,500 GE workers, and the Independent United Electrical Workers, representing 16,000 men.

UAW UNITS INVOLVED

Some units of the United Auto Workers and the International Brotherhood of Teamsters, the nation's largest independent unions, are involved in the strike.

The first picket lines went up at 9:30 p.m. Sunday in Hudson Falls, N.Y., in an attempt to block the 10 p.m. shift from going to work. In Schenectady, N.Y., police seized four pickets shortly before midnight and charged them with blocking a public road outside the GE plant.

Negotiations bogged down when the unions rejected GE's first and only offer, for a 20-cent-an-hour pay increase the first year, with wage reopeners in the two subsequent years of a three-year pact. GE also offered up to 25 cents hourly for special skills.

The current average wage for GE employees is \$3.25 an hour.

The unions had demanded a 30-month contract with raises of 35 cents an hour the first year, 30 cents the second and 25 the final six months, with a cost-of-living escalator clause.

COST OF LIVING CLAUSE

The unions proposed Sunday that the dispute be turned over to the American Arbitration Association for a binding settlement.

GE refused, saying, "The interest of the company and the welfare of its employees would be seriously jeopardized if we were to refer crucial decision that affect the long-term operation and welfare of the business as a whole, which are properly our responsibility, to a third party."

The largest gold nugget ever found, weighing 28 pounds and worth \$8,000 in 1803, was located in Cabarrus County, N.C.

London Fog's emergency kit

is a coat that's ready for anything. Rainproofed for when the weather's foul, and handsomely styled for anytime — in a shorter-length, eight-button double-breasted with a Coachman collar and lapels, sewn-in epaulets, and a season-spanning wool liner (with sleeves). The shade is bronze, the price is \$65.

Southern Dem Stalls Voting Rights Bill

WASHINGTON (AP) — A Mississippi congressman has succeeded in stalling a bill to protect Negro voting rights in the South so long that Congress will be unable to complete action on it this year.

Using his power as chairman

of the House Rules Committee, Democratic Rep. William M. Colmer has spurred repeated requests by the leadership to clear the bill so the House can vote on it.

He now has promised to open hearings on the bill Nov. 18, so late there is no chance it could get through both the House and Senate before the session ends in December. However, House passage by then is likely.

The bill would continue for five years the 1965 Voting Rights Act under which 800,000 Negro voters have been registered. It was approved July 17 by the House Judiciary Committee.

GOP BACKING

President Nixon opposes the bill and Colmer has had the support of four of the five Republicans on his committee in defying House leadership efforts to move it.

The administration is proposing a new voting law which would impose a nationwide ban on literacy tests and provide a uniform residency requirement for voting in presidential elections.

The present law, by virtue of a formula based on past voting records, is in effect only in Alabama, Georgia, Mississippi, Louisiana, South Carolina, Virginia and parts of North Carolina.

In opposing its extension, Atty. Gen. John N. Mitchell told Congress he could not support it because it was regional legislation. Civil rights groups have charged that the administration position is an effort by President Nixon to pay a political debt to his southern supporters.

Key provisions of the present act, due to expire next Aug. 5, include the power to send federal observers into the affected states to oversee elections, and a prohibition against any new election regulations going into effect without federal review.

Although the administration bill would provide substitute provisions for the expiring ones, it is given no chance of being passed.

On the other hand, passage of the measure to continue the 1965 act appears certain once it reaches the House floor.

Extension of the 1965 act faces more difficulty in the Senate, where a filibuster by its southern foes is a possibility.

That is why Colmer's success in putting Senate action over until next year has supporters of the legislation worried.

Highland Park Accord Averts Police Trouble

HIGHLAND PARK (UPI) — City officials reached agreement yesterday on a new contract to avert a police officers' walkout threatened today, but Mayor Robert Blackwell said a state of emergency would go into effect anyway to combat increased crime.

Patrolman Armen L. Hagopian, president of the Highland Park Police Officers Association, charged Friday that Blackwell had declared the state of emergency in order to force police to work overtime.

Under the city charter, officers can refuse to work more than eight hours a day unless an emergency has been declared.

Blackwell said in the agreement reached yesterday policemen would work 12-hour days.

The new one-year contract replaces one that expired June 30. It had been under negotiation since April.

Blackwell denied reports he declared the emergency as part of the contract dispute and said it will go into effect today to combat crime in the suburban enclave of 38,063 persons.

Voting News From World

By the Associated Press
PORTUGAL—Premier Marcello Caetano's National Union Movement again won all 120 seats in the Portuguese National Assembly in the first election in 43 years in which opposition candidates ran. The vote was about 7 to 1 for the government, but less than half the registered voters turned out.

Couve de Murville Loses

PARIS—Maurice Couve de Murville, the man Charles de Gaulle picked to supplant Georges Pompidou as premier, lost his race for a National Assembly seat. His defeat was a blow to die-hard Gaullists, who think Pompidou as president is not sticking close enough to De Gaulle's domestic policies.

Aussia Laborites Gain

AUSTRALIA—The opposition Labor party picked up 16 seats in national parliamentary elections. The Liberal-Country party coalition leads 62 seats to 38, but five undecided races could swing the election either way. Some attributed the swing to Labor's pledge to bring home the 7,500 Australian troops in Vietnam, but the Sydney Morning Herald said it was a reaction to Prime Minister John G. Gorton's "slightly arrogant, impulsive one-man-band style of leadership."

"problem" perspiration solved

even for thousands who perspire heavily

An antiperspirant that really works! Solves underarm problems for many who have despaired of effective help. Mitchell Anti-Perspirant keeps underarms absolutely dry for thousands of grateful users, with complete gentleness to normal skin and clothing. HUDSON'S

Shop 'till 9:00 p.m. Monday, Thursday, Friday and Saturday at the Pontiac Mall, Telegraph and Elizabeth Lake Road.

Mrs. G. H. Gotshall, Orchard Lake (left) is an avid collector of antiques. She shows Mrs. Maurice B. Allen Jr. of Bloomfield Township some rare American pewter made in the 1700s by Edward Danforth (the beaker) and Richard Lee (the porringer). These objects and the Queen Ann highboy from Connecticut were purchased at past Junior Goodwill Antique Shows. Both women are working at this year's show Nov. 8 through 11. The public may attend the event in the Goodwill Industries on Brush Street in Detroit. Hours are 11 a.m. to 9 p.m. each day, except Tuesday when the show closes at 6 p.m. Proceeds help the organization which has an outlet store on East Pike Street in Pontiac.

Select Buffet for a Group of This Kind

By ELIZABETH L. POST
Of The Emily Post Institute

Dear Mrs. Post: I would like to invite my daughter's fiancé's family for dinner. My problem is I don't have a formal dining room — just a small dining area off the kitchen. I have a beautiful finished basement with a large table which would make it so much easier.

But I am wondering if it would be in poor taste to bring them down to the basement. — Mrs. S.

Dear Mrs. S.: Why not make the dinner for your daughter's in-laws a buffet? There is nothing improper about taking them to the basement room, but I would think it would be difficult to serve a dinner if you have to go up and down a flight of stairs. Also, the buffet atmosphere is sometimes more relaxed and easier for strangers than a formal seated dinner.

Set up the buffet in your small dining area, convenient to the kitchen. If needed, borrow or rent enough small tables so that each guest has a place to rest his plate, glass, etc. I think you will find your guests will enjoy this more than seeing you run up and down stairs to serve them their dinner.

Woman of the Year

Mrs. Wyckoff BPW's Antiquing Expert

Well-known local business woman, Lucinda Wyckoff, has been named Woman of the Year by the Pontiac Business and Professional Women's Club. Mrs. Wyckoff is a past president of the club, currently a director of it and chaplain of District 10.

Ten years ago, she became the owner of Brown Brothers Paint and Wallpaper

LUCINDA WYCKOFF

Store on West Huron. Since then, she has established a reputation as an expert in refinishing and antiquing furniture. She has been nicknamed "The Angel of the Do-It-Yourselfers" and "The Mother of Antiquing."

She has given demonstrations before hundreds of women's groups, high school classes and church groups. She is a

favorite teacher at the YWCA, holding several classes each week and donating her salary to the Y.

She has appeared on television and counseled hundreds of people interested in redoing their furniture. Young marrieds on a restricted budget seek her advice.

Lucinda says she antiqued her first piece of furniture without knowing what she was doing. Newly married and poor, she wanted to make an old sewing machine look more attractive. So she painted it Chinese red and stovepipe black. Thinning the blacking, she brushed it over the color and wiped it off.

"Instant antiquing," she quipped. But the current craze for antiquing, or as some of her customers say, "French prudential finish" is only about four years old.

Promoted to running a paint department in a Detroit store during World War II, Lucinda learned the business the hard way — by trial and error. But she had 20 years of experience behind her when she bought the Pontiac store.

INTERESTS

In addition to teaching classes at the Y, she is treasurer of the organization and on its board of directors. She is also a member of the Employment Committee of the Citizens Task Force of the Pontiac Area Planning Council.

Lucinda is the widow of F. Leigh Wyckoff. She has one son of her own and three stepchildren; there are seven grandchildren.

Lately, Lucinda has been threatening to retire. Then, she says, she'll have more time to devote to the Y; to take all sorts of interesting classes, except judo; and to see more of her friends.

"I've made some wonderful friends in Pontiac."

By ABIGAIL VAN BUREN

DEAR ABBY: How I wish I had had some sex education in school. Not one word was spoken about "sex" in our house. My mother was a minister's daughter and my father was a minister! My husband and I were shocked to learn that we had to get married. (He was 22 and I was 20!) Believe it or not I was a virgin, but we went in for some very heavy petting although we never went "all the way" technically.

But I got pregnant anyway, and the "virginal" membrane was broken by the doctor before the birth of my baby. (If this sounds impossible, ask a doctor.) I am lucky. We have a wonderful marriage, but had we not been so stupid and naive we could have avoided a lot of embarrassment for our families.

CHICAGO READER

DEAR ABBY: To the parents who say, "leave sex education to the home," I say, "Phooey!" The kids aren't getting it at home either. Why shouldn't kids be taught to recognize venereal disease? Isn't that better than NOT knowing? I had a 16-year-old girl tell me she was going to commit suicide because she had kissed a guy goodnight with her mouth open and she was sure she was pregnant! Keep plugging, Abby. We're all for you!

ABBY FANS IN ANAHEIM

DEAR ABBY: I agree with you! Sex should be taught in the home, but since it's not taught in most homes, it should be taught in school. Kids are naturally curious about sex, and if they don't learn it from informed sources in a decent way they are going to learn it from EACH OTHER in a not so decent way. I learned it from the boys I dated. We'd talk about sex in parked cars while kissing and so forth, and I can tell you that's no good!

DUMB BUT LUCKY

DEAR ABBY: I am a high school senior and we have had "sex education" in our schools for six years. The only thing wrong with it is the NAME. We are NOT taught how to perform the sex act! We learn about reproduction in animals, humans, getting along with parents, the danger of drugs, how to keep our bodies healthy, even how to make a budget for a family.

BEEN THERE IN IOWA

DEAR ABBY: I just graduated from high school and we had a class called "Family Life" which was not required, but optional. My only complaint was they didn't teach us enough. The only protection against trouble is total education in a clean way. People who think kids will "experiment" because they know too much are wrong. They experiment to find out what they don't know.

FOR SEX EDUCATION IN ARIZONA

DEAR ABBY: We are students of "L.C.H.S." in Lawrence, Ind., and have had sex discussions in our school. It was

Eight Say Vows

Couples Wed Saturday in Candlelight

Theresa Lee Stellmach and Jan Richard Nelson were married Saturday in a candlelight ceremony in Our Lady of the Lakes Catholic Church.

The couple was feted at a reception in the Italian-American Club following the rites.

Sandra Marie Lawis and the bridegroom's brother, Jim, and Mr. and Mrs. Elmer N. Allen Nelson, joined the newlyweds as they greeted guests.

Gowned in lace with sequins and seed pearl accents, the bride carried a bouquet of roses.

Parents of the couple are Mr. and Mrs. Lawrence P. Stellmach of Fremdes Street.

Burton-Fields

Crescent Hills Baptist Church was the setting for the evening wedding and reception of Mary Marie Fields and David L. Burton. They were married Saturday.

Parents of the couple are Mr. and Mrs. Walter Fields of Crescent Lake Road and Mr. and Mrs. Gaynes Burton of Morley, Tenn.

Betty Wood and Walter Fields Jr. assisted the couple as honor attendants.

The bride chose a gown of lace with pearl accents on the sweetheart neckline. She carried roses and carnations.

Bauer-White

A honeymoon trip to Jamaica followed the evening wedding and reception of Alexis LaVonne White and Roger William Bauer.

They were married in the First Presbyterian Church of Spring Lake Saturday. A reception in Grand Haven Community center followed the exchange of vows.

Peggy Fohlbrook and Robert Scofield performed the duties of maid of honor and best man. The daughter of Mrs. Peggy White and Alexander White, both of Spring Lake, was groomed in slipper satin with a bodice of bead and seed pearl accents.

Parents of the bridegroom are Mr. and Mrs. Earl Bauer of Auburn Avenue.

Ashley-Hamilton

Annette Marie Hamilton chose a gown of bombazine silk with Chantilly lace for her marriage Saturday to Joseph Franklin Ashley.

Their candlelight ceremony in St. Trinity Lutheran Church was followed by a reception in the Auburn Heights Boys Club.

Mrs. Richard Lash and Thomas Caldwell assisted the couple as honor attendants. Parents of the newlyweds are Mr. and Mrs. John A. Hamilton of Slocum Street, Pontiac Township and Mr. and Mrs. Joseph F. Ashley of East Newport Street.

The couple are honeymooning on a motor tour of the South.

Wife of Georgia's Governor 'Never Cared for Politics'

By KATHRYN JOHNSON of the daily visitors to the Virginia Cox Maddox began ATLANTA, Ga. (AP)—"I've never cared much for politics, appreciate it so much."

Visitors make themselves at home, despite ropes which give them only a peek at the rooms. The ropes are the only things that don't seem like home," says Mrs. Maddox.

The blue-eyed, soft-spoken Mrs. Maddox says she is too busy being first lady to think about politics for herself now.

Maddox cannot succeed himself under present Georgia law. He says that while his wife does not want to be governor, he might be able to persuade her to run.

"I've made no definite decision," says Mrs. Maddox. "Much depends on what the legislature does about a bill allowing the governor to succeed himself."

Former Alabama Gov. George C. Wallace successfully ran his wife for governor when state law prevented him from succeeding himself and there has been much speculation on whether Maddox will try the same thing.

Georgia's blonde 49-year-old first lady is a quiet woman who spends much of her time showing off the new state mansion to visitors.

"I don't feel right if I'm not in the vegetable garden has furnished there to greet them," she says many a meal for the mansion.

She spends several hours a week gardening but confesses the mansion servants do most of the hard labor. But the lush family can tell when she has baked the biscuits, made the gravy, fried the chicken or cooked the roast."

"My wife's cooking is one of the things I've missed most often," she says. Only one of the Maddoxes' four children, Ginny, still lives with her parents. The others, two sons and another daughter, are married and have children.

"I have discovered that people want to meet the governor's wife. They seem to appreciate it when I go with him."

Menu Changes

A survey shows that homemakers under 35 want recipes for two that are hearty and filling, while women from 35 to 55 look for recipes that will delight their children.

Women with higher incomes want interesting company menus, foreign foods, and desserts other than cakes and pies.

One-fourth of the Netherlands lies below sea level.

Life Is More Than Tossing Newspapers

By BETTY CANARY NEA Writer

We are not here to praise the newspaper carrier. He already has a time set aside to honor him. What we want to do is recognize his mother. (She's the one in the station wagon wearing pajamas under her rain coat.)

Although I am usually an aspecial days, I think perhaps we should observe a national Newspaper Boys' Mothers' Day. But, to be honored, she can't just wave goodby every morning or afternoon. She must take his papers around at least once.

"For heaven's sake, don't worry. I'll take the papers for you!" When I got home, I was ready to write a book and call it "I Was a Carrier's Mother or How Do They Remember This Stuff?"

GOOD EXPERIENCE I had encouraged them to take the routes because I knew all about newspapers. After all at the time I was a reporter for my favorite paper, wasn't I? Also, I personally knew several successful men who had started out as newsboys. They were

quick to point out how a boy learns to manage his time and handle money and be responsible.

In my mind's eye, I always saw a newsboy sailing down the street on his bicycle, whistling and skimming papers onto front porches. This is a myth. At least, it wasn't true on the routes my sons carried.

Mrs. Kearny, for example, must have her paper put securely in a certain place on the porch. Because she is a crotchety old lady? No, because, after her last operation, she is unable to bend over and pick it up off the floor.

Mr. Sordorling's paper must be inside the screen door, even when it isn't raining, because his neighbor's dog eats afternoon papers.

Mrs. Pierce, the one who gives a big tip at Christmastime, also offers cocoa, on cold mornings, and, incidentally, was rather disappointed when I showed up on the route. Her son is grown and lives out of town but it seems my son kept her up on all the latest news from school.

At the Rheems', one must be careful to not let the cat off the porch. At Kelley's, please let the cat out.

I suppose this is what ex-carriers mean when they say, "learn responsibility." But I don't lump it all under one heading. I call it understanding and sympathy and concern, as well as friendliness and cooperation. The first day I asked myself, "How did I ever get into this?" The last day I said, "I'm certainly glad my sons did."

WWI Soldier Given Medal

COLMAN, S. D. (AP)—Ernest Halter has finally received his Purple Heart, 51 years after he earned it in World War I.

Injured near St. Michel, France, when a German shell exploded, he was in a military hospital for three months. His two daughters, Mrs. Bernard Spielmann and Mrs. Carol Tollefson, reading a newspaper account of a man who got a Purple Heart 50 years after the same battle, put into motion the machinery that led to their father receiving his.

"I guess now I'll just put it away. I'll probably not look at it for a couple of months or more," said Halter. But his daughters and his wife have different ideas. They want to frame the medal and hang it on the wall.

Duplicate Tools

If your home is a two-story one, it pays to keep dust cloths, dust pan, broom, brush, mop, mop bucket, and wax on each floor. It will save needless steps.

NAVEL BATTLE—Diane Peterson (left), or Jan Zipp, both curvy coeds at the University of Miami in Florida could be voted the girl with the best belly button. They are among 35 in a contest to promote interest

in the Nov. 7 football game with Navy. "Miss Navel" will be "crowned" with a glittering belly jewel at a pep rally Nov. 6. Diane is from East Paterson, N.J. Jan's home is Mt. Kisco, N.Y.

No Controversy Expected

Better Pensions for Congress

WASHINGTON (AP) — Top congressional pensions, increased that most members of Congress receive nearly 3 1/2 times since the normal plan was born amid controversy retirement age and thus draw again but it probably won't than the usual retired person. Many congressmen say the die in office and thus the plan is criticism which led some out-lie only for survivorship pay- raised citizen to send derisive ments to their widows.

"bundles to Congress" in the 1940s has died down and the 1946 Congressional Reorgan- ization Act which created the pension plan.

A bill signed into law by President Nixon last week contains a slight liberalization to enable members with long service to get the maximum pension—\$34,000 a year—after just three years at the \$42,500 salary which took effect early this year. Formerly, it required five years at the top salary to get maximum pension.

The bill also increased the contribution a senator or representative must make to participate in the plan from 7 1/2 to 8 per cent of his salary.

'OPERATION BLACK' Thus he now pays \$3,400 annually which is matched by the government, a total contribution of \$6,800 in his behalf.

The sponsors of the plan have insisted it operates in the black.

It is a part of the over-all Civil Service retirement system for all federal employees which now has a \$37 billion unfunded liability. The new measure contains additional financing designed to correct this.

However, former Sen. A. S. Mike Monroney, D-Okla., who left Congress last January, asked the actuaries of the federal system a couple of years ago to make a separate calculation of the soundness of the congressional pensions.

They reported, he said, that this part of the system was in the black, that contributions for members of Congress were than paying their benefits.

REGULAR CITY ELECTION To the Qualified Electors: Notice is hereby given that a Regular City Election will be held in the City of Sylvan Lake, County of Oakland, State of Michigan, on Tuesday, November 4, 1969, at 7 o'clock a.m. and will remain open until 6 o'clock p.m. of said day of election.

Concomitant (one to be elected). The polls of said election will be open at 7 o'clock a.m. and will remain open until 6 o'clock p.m. of said day of election.

Sen. Brooke Calls for Nonpolitician to Oppose Teddy

BOSTON (AP) — Sen. Edward W. Brooke says he favors a nonpolitical opponent for Sen. Edward M. Kennedy in 1970 to spark "a frank, honest and intellectual discussion of the issues."

In an interview with a Boston Globe reporter in Washington, Brooke, a Republican, indicated that he believes his senior Democratic colleague is virtually assured of reelection, but should have an opponent in the public interest.

He said Erwin D. Canham, editor of the Christian Science Monitor, has not "closed the door" on Brooke's suggestion that he oppose Kennedy, and "does want to perform a service to the commonwealth."

God Gets Overruled

KANSAS CITY (AP) — Why, asked Judge John W. Oliver in U.S. District Court, had the defendant ignored five orders to appear.

"I talked with my adviser and he told me not to appear," said the defendant.

"Who is your adviser," asked the judge.

"God," he answered.

"Well," said Oliver Friday, "I'm afraid you are going to need local counsel in this matter."

A Skinny From Philly Stars in 'Butterflies Are Free' Hit

By EARL WILSON

NEW YORK — Skinny girl makes good!

The New Goddess in Town is Miss Blythe Danner of the hit comedy, "Butterflies Are Free," a Philadelphia banker's daughter who's too slender to be a slinky sexpot, and too well built to be a high fashion model . . . but just perfect to be a comedienne.

"I'm sort of incoherent, it's all so incredible," she was saying when she realized the extent of her triumph, along with Keir Dullea and Eileen Heckart in Leonard Gershe's show about the love life of a young blind man.

Blythe's from the Philly Main Line area, her time's now taken up considerably by Bruce Paltrow, the producer of "Someone's Comin' Hungry" in which she got great notices off-Broadway.

When they named her Blythe, her parents said, "We can just see that name in lights" — and they're going to.

The cascade of laughs come from boy-and-girl-versus-mother situations. At one point, the blind chap is exploring her head with his hands — and pulls off her hair.

"Is that your hair?" he shrieks, holding the mop of it.

"It's not even my hair — I borrowed it," she says. He then gets to her false eyelashes which come off in his hands.

"This is scarin' hell out of me," he says.

"Don't worry," she says, encouragingly. "Everything's real from now on."

THE MIDNIGHT EARL . . .

Mia Farrow, in loose-fitting maxi-dress, ringsided with Andre Previn at Phyllis Newman's crowded Persian Rm. show. When Phyllis sang "Make Someone Happy" (" . . . once you've found him/build your world around him . . .") Mia reached over and held Andre's hand . . . Pearl Bailey, carrying a rhinestone-studded cane, was on hand to see the Mets' Donn Clendenen get his Most Valuable Player prize . . . Tony Perkins exited Hal Prince's forthcoming Broadway musical, "Company," he prefers to direct.

The Rolling Stones'll appear at Madison Sq. Garden Nov. 27-28, and could earn \$250,000 . . . Tab Hunter's date was sexy-looking authoress Jeanne Rejaiuer ("The Beauty Trap") . . . Clint Eastwood is returning to Yugoslavia to finish filming "The Warriors" (carrying along a box of Stage Deli food for Don Rickles).

TODAY'S BEST LAUGH: A panhandler, refused a handout by a banker, answered, "In that case, may I borrow a dime, at your usual rates?"

WISH I'D SAID THAT: A showgirl described her former boyfriend: "He had the kind of map they give away free at gas stations."

REMEMBERED QUOTE: "All men are born equal, but some outgrow it."

EARL'S PEARLS: Mal Z. Lawrence hears that everything's ready for Tiny Tim's wedding on TV: "They've already painted the cue card that says 'I do.'"

Professor Irwin Corey's philosophy: "Remember, a fool and his money . . . that's the first two things a girl looks for. . . That's earl, brother."

Now, a new weapon to fight the cold war.

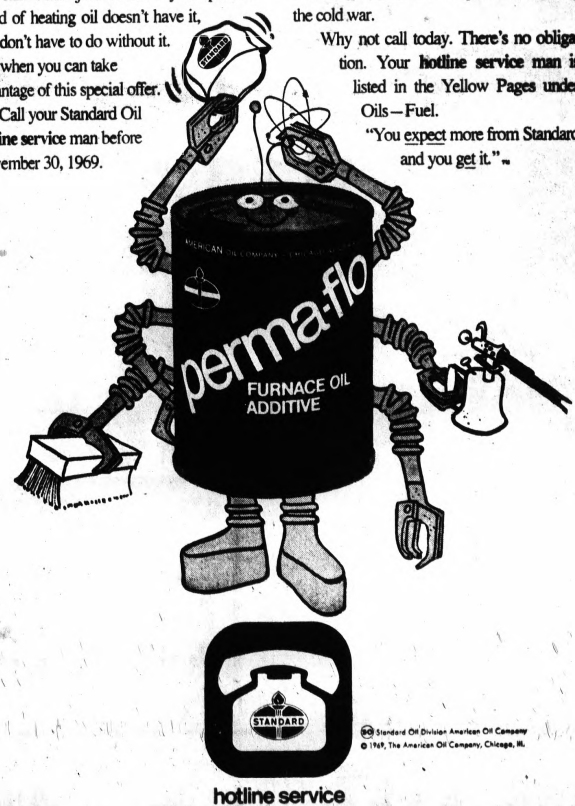

Standard Oil has a new powerful additive for its heating oil: PERMA-FLO. Think of it as a dual purpose problem solver. It helps keep your fuel filter free of clogging problems, and helps protect your tanks and lines against ice forming. Like DEJEC. Your oil will flow freely when other heating oil could be stopped cold. PERMA-FLO is available with every drop of AMERICAN Brand Furnace Oil we deliver this fall. And just because your present brand of heating oil doesn't have it, you don't have to do without it. Not when you can take advantage of this special offer.

Call your Standard Oil
hotline service man before
November 30, 1969.

We'll come out and add a can of concentrated PERMA-FLO to your tank, free. No matter what brand of heating oil you're now using.

We're making this offer with the hope that you'll get so used to problem-free heat, you won't want to do without it. And then, we'll get to spoil you with our Sta-Ful Automatic Delivery Service. Convenient budget terms. Fast, friendly service. And low prices. Our more traditional weapons for fighting the cold war.

Why not call today. There's no obligation. Your hotline service man is listed in the Yellow Pages under Oils—Fuel. "You expect more from Standard and you get it."

Staged White House Crowds Bear Price Tag

WASHINGTON (AP) — Thousands of government employees turn out each year on taxpayer time to serve as White House cheering sections when the President welcomes foreign visitors or pins medals on war heroes.

This occurs on the average of once a month and means absence of about two hours each for 25 to 300 workers requested from each agency.

Last week, according to White House sources, about 5,000 pass-

ers were sent out to round up a crowd to help President Nixon welcome the shah of Iran.

Attendance is arranged through quotas passed out to the agencies—from the Agriculture Department to White House itself. Officials say participation is voluntary and builds morale of government workers.

QUOTAS VARY

The quotas vary according to the type of ceremony and security involved, and the red-carpet

affair for the shah was one of the largest.

No estimates on costs in man-hours lost from government desks were available, but agency officials said an average of two hours for each employee to go to the White House and return seemed reasonable.

A Civil Service Commission spokesman said the average pay of career government employees here is about \$4.80 per hour. Thus it could cost an average of \$9,600 in wages for each

two-hour ceremony attended by 1,000 workers.

Rounding up federal employees for audiences is not new in Washington, although the White House cheering section is recent. Officials say it began with President John F. Kennedy, expanded under President Lyndon B. Johnson and now has been adopted by Nixon.

TURNOUT OF 140

At the Treasury Department the quota was 100 employees for

the shah's visit last week, and employees were told on this occasion they could invite spouses. In all, officials said, the turnout was about 140.

At Agriculture, about 200 employees are invited on the average for each occasion and about 150 or more usually show up.

For the shah of Iran, one of the Agriculture Department guests said, employees met at the agency at 9 a.m. to receive passes and be checked off a master list which had been

screened by State Department and Secret Service people.

Then the delegation was loaded on buses for the White House. Small U.S. and Iranian flags were available for employees to wave and take home as souvenirs.

"I discovered I was too short in the crowd so I didn't see a thing," one USDA employee said. "It was like mobsville, but it was quite impressive and I just loved it."

Lawyers in Group Oppose Haynsworth

CAMBRIDGE, Mass. (AP) — Officials of the American Trial Lawyers Association say a majority of its members believe that Judge Clement Haynsworth's nomination to the U.S. Supreme Court should be withdrawn.

"Public uncertainty over the ethical conduct of any nominee to the U.S. Supreme Court seriously affects public confidence in the integrity of our judicial system," Leon L. Wolfstone, president of the 24,000-member organization, said Sunday.

Officials said results of a nationwide poll of 1,204 of the organization's members showed 73.28 per cent opposed to Haynsworth's nomination.

The association's national board of governors and executive committee sent a resolution Sunday to President Nixon and each U.S. senator urging that the nomination be withdrawn.

NO SENSITIVITY

The resolution said the board was "persuaded upon receipt of the record of the hearings before Senate Judiciary Committee that Judge Haynsworth has failed to demonstrate the sensitivity to the high standards of conduct required and expected of nominees to the U.S. Supreme Court."

Earlier, White House aide Clark R. Mollenhoff had called the association's poll invalid, saying it was based on press accounts rather than a study of the record.

Wolfstone accused Mollenhoff

of "irresponsibility in his remarks," asserting that "At the meeting of the executive committee of this bar association there were in hand, used and referred to, a great many copies of the transcript of the hearings before the Senate Judiciary Committee on the nomination."

Farm real estate taxes are increasing in relation to net farm income. In 1967, farm real estate taxes averaged 10.8 per cent of net income compared with 9.3 per cent in 1966 and 9.1 per cent in 1965.

THOSE HORRID AGE SPOTS*

FADE THEM OUT

*Weathered brown spots on the surface of your hands and face tell the world you're getting old—perhaps before you really are. Fade them away with ESOTERICA, that medicated cream that breaks up masses of pigment on the skin, helps make hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, greasiness base for softening, lubricating skin as it clears up those blemishes. If you have these age-revealing brown spots, blotches, or if you want clearer, lighter skin, use ESOTERICA. At your favorite drug and toiletry counter. \$2.00.

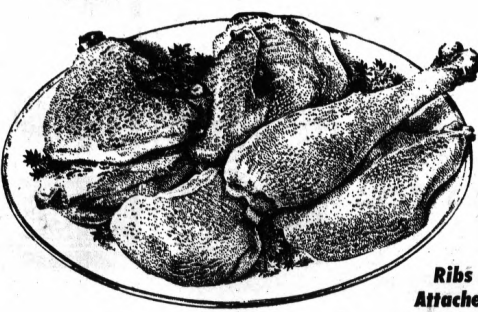

WHEN AUTUMN WINDS TURN INTO WINTER GALES

Pull a warm 'n' wild wooly in our pile-lined blizzard shirts. Pure wool carries home this countryfied cover-up in handsome plaids of blue, green, brown or grey. Done-up with button-front and cuffs and two button-flap pockets; sizes S-M-L-XL at \$25.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

Deaths in Pontiac, Nearby Areas

Mrs. Clara Davison

Service for Mrs. Clara Davison, 83, of 790 Robinson will be 1 p.m. tomorrow at Sparks-Griffin Funeral Home with burial in Perry Mount Park Cemetery.

Mrs. Davison died Saturday. Surviving are three sons, Kenneth E. of Sylvan Lake, Raymond B. of Pontiac and Edward of Waterford Township; four sisters; three brothers; six grandsons; and eight great-grandchildren.

Spec. 4

William T. Haney

Full military service for Army Spec. 4 William T. Haney, 18-year-old son of Mr. and Mrs. Arthur L. Haney of 322 W. Ann Arbor, will be 1 p.m. tomorrow at the Melvin Schult Funeral Home, with burial in Perry Mount Park Cemetery.

Spec. 4 Haney died in Vietnam combat Oct. 17.

Surviving are his parents; three brothers, Arthur, Robert and Charles, all at home; grandparents Mr. and Mrs. Thomas Chester of Clarkston and Mrs. Kay Smith of Waterford Township; and great-grandmother Mrs. Edna Chester of Pontiac.

James A. Heverly

Service for James A. Heverly, 24, of 7231 Garvin, Waterford Township, will be 11 a.m. Wednesday at the Lewis E. Wint Funeral Home, Clarkston, with burial in the Hillview Memorial Gardens, Clarkston.

Mr. Heverly died yesterday. He was a repairman for the Michigan Bell Telephone Co. and a member of the Pontiac Area Jaycees and FOF 2387, Waterford.

Surviving are his wife, Ann; two sons, Alan and Eric, both at home; grandparents Mr. and Mrs. Walter Remick of Oakville, and Earl Heverly of Buffalo, N.Y.; three brothers, Robert of Pontiac and Donald and Roger, both of Waterford Township; and two sisters, Mrs. Paul Lopez of Waterford Township and Mrs. Leslie Auten of Pontiac.

Jina Renee

Service for Jina Renee, infant daughter of Edward Francisco and Mary H. Huron, will be 11 a.m. Wednesday at the Purlsey-Gilbert Funeral Home with burial in the Kingston Cemetery, Tuscola County.

The infant died today.

Surviving are her parents; grandparents Mr. and Mrs. Harold Francisco and Mr. and Mrs. Francis Stout, all of Pontiac; a brother Edward at home; and three sisters, Barbara, Sheila and Kimberly, all at home.

Mrs. Homer A. Russell

Mrs. Homer A. Russell, 63, of 38 W. Yale died yesterday. Her body is at Voorhes-Siple Funeral Home.

Surviving besides her husband are three sisters, including Mrs. Evelyn Howard of Waterford Township and Mrs. Georgia Anderson of Pontiac.

Joseph E. Schwarzer

Service for Joseph E. Schwarzer, 83, of 31 Clarence will be 9:15 a.m. Wednesday at St. Michael's Catholic Church. Burial services and Rosary will be held in Florissant, Mo.

Mr. Schwarzer, a retired Pontiac Motor Division employee, died yesterday. Surviving are his wife, Veronica; three daughters, Mrs. Albert Bouford of Pontiac, Mrs. Howard Schrader of St. Louis, Mo., Mrs. Richard Smith of St. Ann, Mo.; a sister; and seven grandchildren.

Paul O. Stenwall

Service for Paul O. Stenwall, 42, of 5137 Ridgeway, Waterford Township, will be 1:30 p.m. Wednesday at Hutton Funeral Home.

A Pontiac Motor Division employee, he died yesterday. Surviving are his wife, Margaret; three sons, Eric, Chris and Keith, all at home; and one brother, Gerald of Bloomfield Hills.

Smile Thomas

Service for Smile Thomas, 52, of 494 Stenwall will be 1 p.m. Saturday at Macedonia Baptist Church with burial in Oak Hill Cemetery by Davis-Cobb Funeral Home.

Mr. Thomas, a Fisher Body plant employee, died Saturday.

Billy Vaughn

Service for former Pontiac resident Billy H. Vaughn, 36, of Decaturville, Ga., will be 11 a.m. tomorrow at Sparks-Griffin Funeral Home with burial in Ottawa Park Cemetery.

Mr. Vaughn died Friday.

Eugene Carter

IMLAY CITY — Service for Eugene Carter, 20, of 312 Summers will be 2 p.m. Wednesday at Muir Brothers Funeral Home in Imlay City with burial in Imlay Township Cemetery.

Mr. Carter was killed in an automobile accident early Sunday morning. He was a graduate of Imlay City High School and attended Oakland University for two years.

Surviving are his mother, Mrs. Helen Carter of Imlay City and a grandmother, Mrs. Elizabeth Nichols of Attica.

Mrs. Valmore Dallaire

ROCHESTER — Requiem Mass for former Rochester resident Mrs. Valmore (Aline) Dallaire, 69, of Florida will be 11 a.m. tomorrow at St. Andrew's Church with burial in Mount Avon Cemetery. Rosary will be 8:30 tonight at Poxley Memorial Chapel.

Mrs. Dallaire died Saturday. Surviving are a son, J. V. Paul of Pontiac; two daughters, Mrs. John Bozzer of Canton, Ohio, and Mrs. Herbert Brown of Fort Pierce, Fla.; four brothers; a sister, Mrs. Herman Smith of Rochester; and 14 grandchildren.

Bernice Davis

ROCHESTER — Former resident Bernice Davis, 96, of San Diego, Calif., died this morning. Her body is at William R. Potere Funeral Home.

William R. Delahanty Jr.

BIRMINGHAM — Service for William R. Delahanty Jr., 16-year-old son of former resident Mr. and Mrs. William R. Delahanty Sr. of Beverly Hills, will be 11 a.m. Wednesday at Manley Bailey Funeral Home, with burial in Greenwood Cemetery.

The boy died Saturday following a short illness. He attended Western Military Academy in Alton, Ill.

Surviving are his parents; a sister, Elizabeth at home; a brother, David at home; and grandparents Mrs. Norman Krubbs of New Jersey and Mrs. Edward Delahanty of Southfield. Memorial tributes may be made to Camp Oakland Inc.

Mrs. John A. Dudek Sr.

OAKLAND TOWNSHIP — Requiem Mass for Mrs. John A. Dudek Sr., 54, of 208 Predmore will be 10 a.m. tomorrow at St. Andrew's Catholic Church, Rochester, with burial in Resurrection Cemetery, Mount Clemens.

Mrs. Dudek will be said at 10 p.m. tonight at William R. Potere Funeral Home, Rochester.

Mrs. Dudek died Friday. Surviving are her husband; four daughters, Mrs. Joan Lomaskoski of Wingston Township, Mrs. Mary Odette of Royal Oak, Mrs. Jane Olson of Detroit and Miss Sally Dudek at home; four sons, Dr. John Dudek Jr. of Detroit and James, Thomas and Joseph, all at home; and two grandchildren.

George G. Fletcher

WHITE LAKE TOWNSHIP — Service for George G. Fletcher, 63, of 2094 Hampton will be 2 p.m. Wednesday at Elton Black Funeral Home in Union Lake with burial in Waterford Cemetery in Waterford.

Mr. Fletcher, a carpenter, died yesterday. He was a

Home Patient Struck by Car

A young woman who wandered away from Ormionville Nursing Home, 330 Sherman Court, was struck by an automobile last night.

Celina Theriault, 24, who is mentally retarded, was struck on Oakwood a few blocks from the nursing home. The driver was Ray Elton, 35, of 221 W. Flint, Davison.

Miss Theriault is listed in fair condition in the intensive care ward of Hurley Hospital, Flint, where she is being treated for lacerations to the head and internal injuries.

AIP Assails Gov. Milliken School Plan

The American Independent party (AIP) in the 19th Congressional District of Oakland County has denounced Gov. Milliken's school reform package.

A resolution opposing the plan was adopted by the organization at its meeting in the Independence Township Hall Saturday.

Huston Moody, district chairman, said the AIP took the stand because "We couldn't find anything in the proposal that we could agree with."

Parochial and centralized control of the schools were among several items that came under fire by the AIP, said Moody.

Another resolution opposing the Southeastern Michigan Council of Governments (SEMCOG) was also passed by the AIP.

The resolution asked that Oakland County and all local communities belonging to SEMCOG withdraw, and those not yet members refrain from joining in the future.

Home in Area Is Ransacked

A Waterford Township home was ransacked and several items were stolen yesterday.

James L. Brewer, 1989 Pelham, said he returned from a one-week vacation and found the house had been entered by breaking the front door window.

Included among the items missing were a typewriter, four radios, a television, a watch, binoculars, four lamps, a coin collection, a 22-caliber revolver, a movie projector, recording tapes, an adding machine, and \$50 in cash.

Orion Township Bar Burglarized

Donelli's Bar, 2775 S. Lapeer, Orion Township, was burglarized sometime during the night, according to a police. Some \$1,300 was taken, police said.

Oakland County sheriff's deputies making a 6 a.m. check of the building noticed the rear door open. The officers entered the bar investigating, finding a safe pried open and rifled.

For Halloween Night

UNICEF 'Begging' Set

This Halloween's "Trick - or - Treating for UNICEF" in Pontiac will be sponsored by the Pontiac Area Pastors Association (UNICEF).

Dressed in Halloween costumes, Pontiac youngsters will visit homes Friday in small, supervised groups, asking for pennies, nickels and dimes, instead of begging for candy in the traditional manner.

The Halloween money will go to United Nations International Children's Education Fund (UNICEF).

UNICEF will assist programs for the world's needy children in 120 countries.

WILL CARRY BOXES UNICEF Trick - or - Treating will be identified by their official collection boxes - small black-and-white boxes.

Children or groups interested in participating in the program this year should contact the Rev. Lawrence C. Bobbitt at First Christian Church, the Rev. George Pope at First Presbyterian Church or the Rev. Ronald Tallmann at Central United Methodist Church.

After the Halloween collection, a Halloween coin-counting party and dance will be held at Central Methodist Church from 7-10 p.m.

IRREGULAR? DUE TO LACK OF FOOD BULK IN YOUR DIET TRY Hellogg's BRAN BUDS.

We Thank You We are very grateful for the co-operation of our neighbors and the City of Pontiac in the construction of a new lighted parking area at the rear of our building.

'Newspaper Censorship Reigns in Latin America'

WASHINGTON (AP) — More than half the people of Latin America are denied the right to read news and comments about their own governments, editors and publishers of Western Hemisphere newspapers were told today.

In a speech prepared for the opening of the annual meeting of the Inter American Press Association-IAPA here, Tom C. Harris of "El Mundo" of San

Juan, Puerto Rico, said press freedom "has disappeared in eight nations of Latin America. There is less free press in the Americas today than at any time since the IAPA was reorganized in 1950," Harris reported.

Harris, who is executive editor of "El Mundo," is chairman of IAPA's Freedom of the Press Committee.

VARYING DEGREES "Eight nations and more than half the population of Latin America are now under some form of military government and press freedom has disappeared in each in varying degrees from a total blackout to spasmodic censorship," he said.

Harris said there is a "complete blackout" of the free press in Cuba and Haiti. He described conditions in Brazil as "a tragedy."

He said newsmen and editors there had been "harrassed, arrested and jailed" while editions of their newspapers had been seized and editorials deleted.

Harris said press conditions are "bleak" in Panama where a new press law is being drafted by the military regime. He also cited press curbs in Peru, Argentina, Paraguay and Uruguay.

BRIEF INTERLUDE Harris also mentioned a brief interlude of censorship in Chile last week during a short-lived Army mutiny but said the situation had been resolved.

The IAPA meeting will last through Friday when President Nixon will announce his new Latin American policy at the closing session.

City Youth Hurt in Sunday Crash

Pedro J. Colon, 19, of 37 W. Beverly is listed in fair condition at Pontiac General Hospital where he was taken early Sunday morning after a traffic accident.

According to police, Colon lost control of his car on Tennyson near Forest, ran off the road, crashed into a utility pole and tree. Details of the injuries were not available.

SOAKING UP THE SUN — A seagull in Stonington, Conn., sits on a piling in the setting sun. He'll be around all winter, unlike his fair-weather cousins who head south.

Ex-Captain in Beret Case Still Serious After Wreck

PERTH AMBOY, N.J. (AP) — Former Green Beret Capt. Robert F. Marasco, once accused with seven Army colleagues of killing a Vietnamese spy, continued in serious condition today from injuries suffered in a weekend car accident.

Marasco, 27, was taken to Perth Amboy General Hospital with massive head injuries Saturday.

Thomas J. Green, 22, identified by police as driver of the second car involved in the head-on crash, was killed.

Mrs. Jacqueline Ziegerberg, a 34-year-old divorcee who was a passenger in Marasco's car, suffered a fracture of the left leg.

Marasco was named by the Army as the Green Beret who fired the shot which killed a Vietnamese agent. Murder charges against the New Jersey man and the others were subse-

Talks Ended by Soviets and Czechs

MOSCOW (AP) — Soviet and Czechoslovak leaders completed friendship talks today and adopted a statement whose contents are not expected to be released until the Czechoslovak leaders return to Prague Tuesday.

Prague Television had said earlier the document would be of "basic political importance." But an official announcement issued here said only that it was "a joint Soviet-Czechoslovak statement."

Observers have discounted speculation the statement contains any promise of a Soviet troop withdrawal from Czechoslovakia. It was considered more likely that the statement justified the 1968 invasion and possibly announced Soviet aid.

The big Czechoslovak delegation was led by Communist party chief Gustav Husak, President Ludvig Svoboda and Premier Oldrich Cernik. They met with Soviet party chief Leonid Brezhnev, President Nikolai Podgorny and Premier Alexei Kosygin.

Pile Treatment Works Wonders For California Couple

Treatment Shrinks Piles, Relieves Pain In Most Cases

Sacramento, Cal. Mrs. C. Arnold of this city reports: "I can't contain myself any longer to write you about wonderful Preparation H for hemorrhoids. My husband has also been using same and it's doing wonders for him."

(Note: Doctors have proved in most cases — Preparation H actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In salient or suppository form.)

Tunney's Missing Daughter Located in French Hospital

MARSEILLES, France (AP) — Joan Tunney Wilkinson, daughter of former heavyweight boxing champion Gene Tunney, is in a Marseille hospital after being missing for two months.

Two residents of France brought Mrs. Wilkinson to the American Consulate Friday and she was taken to a hospital. Officials refused to say whether she was seriously ill.

Her husband, Carter Wilkinson, has arrived in Marseille to be with her.

Relatives in the United States said the woman was "very emaciated and sick" and had "a complete loss of memory."

REPORTED MISSING

Mrs. Wilkinson was reported missing Aug. 28 in Bergen, Norway, where she was vacationing, the family said Sept. 29.

A statement read Sunday on behalf of Mr. and Mrs. Gene Tunney of Stamford, Conn., said: "We are delighted and relieved to report that our daughter Joan has been found alive after being missing for two months in Europe."

"Her condition is reported serious but not critical. Although we have no other information at this time, we are just thankful that she has been found alive."

The report came by telephone from Ben Shore in Los Angeles. He said he was an employee of Rep. John V. Tunney, D-Calif., son of the former champion.

ADDED INFORMATION

Additional information on Mrs. Wilkinson's condition came

from her mother-in-law, Mrs. Ruth Wilkinson of Whitefish Bay, Wis.

Mrs. Ruth Wilkinson said Mrs. Tunney had told her in a telephone conversation "that Joan was very emaciated and sick when she was found, and that she evidently had suffered a complete loss of memory."

The missing woman originally had been scheduled to meet her husband, Carter Wilkinson of Tiburon, Calif., in Hamburg, Germany. With him were their two children, Alexandra, 5, and Erin, 3.

About 400 of the 435 members of Congress have college degrees; 32 have masters degrees and 13 have more than one advanced degree or a doctorate.

Lions' Defense Gets Tough, Too Late

Big Second Quarter Helps Vikings to 24-10 Victory

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

MINNEAPOLIS-ST. PAUL—Lem Barney, the talented corner back of the Detroit Lions, is thinking about taking a course in acting. He might start practicing this week with a few grimacing and painful expressions, or maybe roll around the grass in Tiger Stadium holding his knee or ankle.

"I might win the Donny Award," said Barney, who was knocked to the ground as a punter and received the newest explanation of the penalty in the 24-10 loss to the Minnesota Vikings yesterday.

"If Donny Anderson can do it, so can I," said Barney in his plans for making a bid for the "Donny award."

HIT BY VIKINGS

Yesterday in punting out of his end zone, Barney was hit by Minnesota Vikings' Carl Eller and Earnest Mackbee.

After the official marched off five yards, giving the Lions a first down on the Lions 14, Barney asked why the Vikings weren't assessed 15 yards.

"That wasn't roughing the kicker, that was running into the kicker," was the answer Barney received.

"Now I've heard them all," said Barney, "I can't believe the inconsistency in calling this penalty."

In Pittsburgh, Barney was hit hard twice and knocked to the ground after punting.

"The official said I was a potential runner so that's why there was no penalty," Barney said.

In the Green Bay game, Bobby Williams went up trying to block Donny Anderson's punt, was thrown over the back of blocker Mike Mercer and rolled into Anderson.

"DONNY AWARD"

Anderson gave his "Donny Award" performance by falling to the ground with a crash. The Lions were assessed 15 yards and this was the turning point in the loss.

"That was roughing the kicker," said Barney, "but in this case it was running into the kicker, and in Pittsburgh it was the kicker who was the potential runner."

"Now I'd like to practice my falls and rolls. Maybe I'll have a kicking the kicker, or a kicking kicking the rusher penalty, and I want to be ready."

"I wonder how many yards they give for kissing the kicker," he said sarcastically.

Barney's teammate in the secondary, Mike Weger was also upset at a call

OLSM, Sorrows Record Impressive Gridiron Victories

In the Catholic league's Northwest bracket games Sunday afternoon, Fernside St. James, Farmington Our Lady of Sorrows and Orchard Lake St. Mary each racked up impressive victories ending regular season play.

League winner St. James made its title claim undisputable by dumping St. Florian, 44-18, for its seventh straight win while second place FOLS scored its sixth win by swamping Detroit, St. Rita, 62-0.

Orchard Lake, meanwhile, picked up its third win over four losses by posting a 48-16 triumph over Ulica Lawrence.

It was strictly a ground game for St. James as the Dales won their latest contest by pounding out 393 yards on running plays while attempting not a single pass.

The Dales, who scored in every period except the first, were led by back Tony Ransom who garnered three touchdowns, and two conversion runs, on tallies of 80, 48 and 55 yards.

NINE TOUCHDOWNS

Quarterback Carl Seidl scored two touchdowns to up his personal total to nine this season, while Kevin Keener added the Dales final tally on a 60 yard dash.

Greg Jablonski scored on pass plays of three and six yards for two of the Lancers total while back Zbigniew Martusiewicz added another on a one yard plunge.

PNH, Oxford Harriers Win

Both Pontiac Northern and Oxford won individual cross country regional titles Saturday afternoon.

Oxford's Jim Goodfellow crossed the finish line first with a time of 10:06 in the Wildcats won the Ponton Regional with 31 points while Northern capped the Oakland University class A meet by edging favored Brother Rice 48-52.

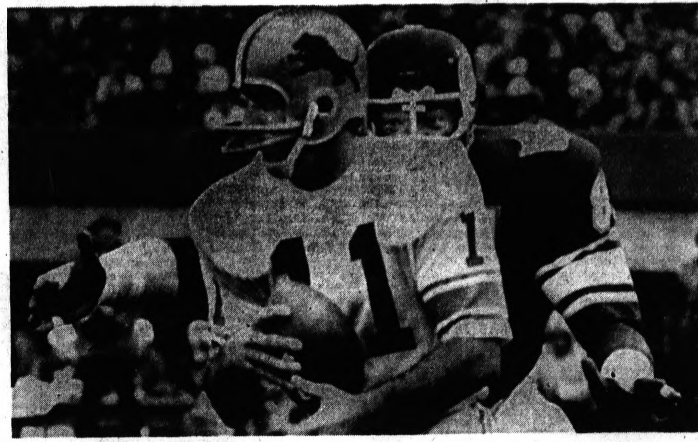

In class B competition, East Catholic

SPORTS

LION TAMER — Quarterback Greg Landry of the Detroit Lions looks for a pass receiver in yesterday's game unaware that he is about to be assaulted by Minnesota

Viking Carl Eller. The Viking defense dumped Landry several times for 56 yards in losses as Minnesota won the National Football League game, 24-10.

Vikings Rally for Win

PCH Almost Spoils Title Bid

Pontiac Central came within four minutes Saturday of keeping Flint Northern from gaining a share of the Saginaw Valley Conference's Western Division football championship.

But the Vikings scored on a 20-yard pass at that point in the fourth quarter to spoil the Chiefs' upset bid and homecoming, 14-12.

Northern finished division play with a 3-1 record, the same as Flint Northwestern and Bay City Handy. PCH placed fourth with a 1-3 standard. The Chiefs are 1-6 overall.

PCH grabbed a 12-8 lead with three minutes gone in the last quarter when quarterback Perry Humphrey connected with end Henry Gramble for a 25-yard

touchdown pass. However, a run for the conversion failed.

LONG DRIVE

The Vikings took the kickoff and marched 75 yards in 13 plays to win the game.

Northern had scored on the second play of the game to take an 8-0 advantage. Don Forte found clear sailing off left tackle and raced 66 yards for the TD.

The Chiefs cut the margin just before the end of the first half as Dennis Brown fielded a punt and sprinted 67 yards. The run for the extra points was short and the Chiefs trailed 8-4 at intermission.

Lauri Mallonen, Chris Anderson and Eric Walker were standouts on defense for PCH.

North Farmington and Farmington each fell victim to grid setbacks.

Time Gets Better for Lion Kicker

Once Errol Mann got his foot in the Lions' door, he wouldn't say goodbye. Mann, a 28-year-old second-year pro who signed with Detroit as a free agent this year, was one of the few bright spots for the Lions in their 24-10 loss to the Minnesota Vikings Sunday.

He booted a 50-yard field goal despite a brisk cross wind to give Detroit its first points. The kick, his longest as a pro, also made it clear that Mann does not intend to destroy the fine impression, he made in preseason games with his field goal efficiency.

HAS TIMING

"Timing, concentration, and keeping your eye on the ball — those are the important things to remember when kicking field goals," Mann said in the rather subdued Lions dressing room. "I can't tell you how much Rasmussen and Flanagan helped," he added, referring to Wayne Rasmussen who holds the ball for him, and Ed Flanagan who centers it.

"Rasmussen is the best holder I ever had. He always keeps a cool head and doesn't get rattled."

Mann said field goal kicking runs in cycles.

"When you've got bad days you try to schedule them so they come every other day so that Sunday will be one of the good days," he said with a wry smile.

"It definitely goes in cycles. You don't always have the good snap, hold and wind conditions."

"If you get into a rut you start forcing, just like a batter in baseball who is in a slump," he added.

Mann's 50-yarder wasn't his best ever. He kicked a 52-yard field goal in college at North Dakota.

"I kicked a 57-yarder too, but the referee said it fell in front of the cross bar," he said somewhat bitterly. "But when we looked at the films, the ball went over."

Bettenhausen Wins

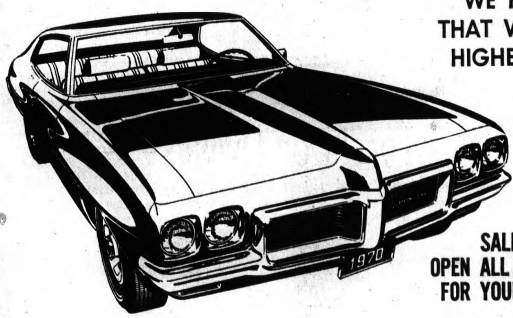

SYRACUSE, N.Y. (AP)—Gary Bettenhausen clinched the USAC spring car championships Sunday with a first and a second place in two races at the New York State Fairgrounds.

Titans Score Loop Champ

Dearborn Sacred Heart ran its undefeated string to seven straight and wrapped up its second Catholic A-West league title in three years, but not before overcoming an upset minded Pontiac Catholic team Sunday.

The Titans, apparently sky high after their 13 win over Gabriel Richard last week, took a first half 6-0 lead, but fell before two second half Sacred Heart touchdowns to lose, 12-6.

The loss left Catholic sharing the basement of the A-West league with Bishop Borgess, which fell to Aquinas 20-6 Saturday, each with final 2-4 records.

With three minutes left in the first half, Sacred Heart was forced to punt from its own two yard line to the 38.

SCORING PASS

On the first play Pontiac quarterback Herb Larson connected with Dave Bielecki on a scoring pass play to put the Titans in front.

Midway through the third period defensive back Pat Sarb picked off Larson's pass on the Pontiac 25-yard line and raced untouched to the endzone to knot the score at 6-6.

With six minutes left in the game, Sacred Heart took Catholic's punt on its 38 and drove to the Titans two-yard line in eight plays where Terry McCleary dove over with the winning tally.

STATISTICS	SH	PC

Attendance Record

NEW YORK (AP) — The American Football League set one-day attendance record Sunday of 253,425 spectators at five games, including a record Kansas City crowd of 50,534.

The day's largest crowd was 62,298 in New York to see the Jets play Boston. New York set an AFL record of 63,841 last Monday night against Houston.

(Continued on Page C-4, Col. 1)

Attitude Record

Both Pontiac Northern and Oxford won individual cross country regional titles Saturday afternoon.

Oxford's Jim Goodfellow crossed the finish line first with a time of 10:06 in the Wildcats won the Ponton Regional with 31 points while Northern capped the Oakland University class A meet by edging favored Brother Rice 48-52.

In class B competition, East Catholic

won the top regional honors at Royal Oak Kimball Saturday by edging past second place Rochester Adams 45-50.

Royal Oak Dondero was another class A regional winner held at Kimball on Saturday by garnering 39 points finishing ahead of Kimball and Farmington who tied for second with 106 points.

Joe Evans winning time of 9:55.3 paced Dondero's victory.

Bears Defense Gabriel, Not Cossett

Two Subs Help 49ers, 24-21

BALTIMORE (AP) — A pair of young substitutes, quarterback Steve Spurrier and cornerback Johnny Wolt, sprung the San Francisco 49ers to a 17-point lead and the defense then stifled three late threats for a 24-21 upset Sunday over the Baltimore Colts.

The third defeat in six games just about killed any chance the Colts had of catching up with unbeaten Los Angeles in their Coastal Division of the National Football League.

It was the first victory for the 49ers, who had suffered four losses and a tie.

But they took a 10-7 halftime lead over the favored Colts and game with two quick third period touchdowns. Spurrier whipped them 74 yards for one score, culminated by an 18-yard pass to Dick Witek.

Within a minute, the 49ers had seven more points for a 24-7 lead when Wolt grabbed off a John Unitas pass and raced it back 57 yards down the sideline for a touchdown.

Wolt, a second-year pro out of Mississippi, was playing because the veteran Kermit Alexander was hurt, and Spurrier, three seasons out of Florida, was quarterbacking instead of the sore-armed John Brodie.

The Colts roared back for two quick touchdowns on their own. They traveled 70 yards before the third quarter ended with Jimmy Orr scoring on a five-yard run. Early in the fourth quarter they sped 75 yards with Tom Matte running a yard for his second six-pointer.

AP Wirephoto

'SOMEONE HELP ME' — Steve Lucas of Illinois struggles desperately to get rid of the ball as an Ohio State tackler pulls him down in the fourth quarter of Saturday's game. The Illinois quarterback managed to flip the ball toward Dave Jackson (left), but there was a fumble and OSU recovered. The Buckeyes romped, 42-0.

Rams Score 9-7 Victory on 3 FG's

CHICAGO (AP) — Big Roman Gabriel shrugged off Los Angeles' 9-7 victory over the Chicago Bears Sunday by saying "After I saw Baltimore had lost to San Francisco, it looked as good as 9-7."

Gabriel had nothing but praise for the Chicago defense, which not only kept him from throwing a touchdown pass but also picked off the first pass interception thrown by Gabriel this season.

"I couldn't have thrown that ball any better," said Gabriel who had fired 18 previous passes; this season without an interception and a total of 206 going back to the 1968 season.

The ball was on target and as well as I could have thrown it to Widdell Tucker. Joe Taylor gave it perfect coverage. The only way I could have avoided the interception would have been to overthrow the ball. I didn't want to do that because we needed a touchdown which would have prevented the Bears from coming back and winning the game on a field goal.

Best Showing for Anderson

BEAR THREAT ENDS — As it was, the Bears later drove from their own 11 yard line to the Ram 34 and were moving into field goal position but rookie Bobby Douglass threw a pass which was intercepted by Doug Woodfield to doom Bear hopes.

The Rams awarded a game ball to Bruce Gossett who scored all of Los Angeles' points on three field goals. Other game balls went to defensive back Richie Peterson and linebacker Jim Funnell, both former Bears.

"Funnell had been doing a tremendous job for us on various assignments," said Ram Coach George Allen, "and Peterson made some great plays out there."

One big play by Peterson came in the Bears' drive that was ended by Woodfield's interception. Gossett says he had a yard gain and had Peterson missed his tackle, Sayers might have gone all the way for a touchdown.

As it was, Sayers had his best day of the season and gained 169 yards in 15 carries.

"Sayers ran well," said Allen, "all he lacked was a little more blocking."

"We played a good tough game and the Bears played a good tough game," said Allen. "I could have gone either way. But it was a game for me. I see where Baltimore lost and that puts us three games up on them in our division."

Cowboys Rule as Favorites

DALLAS, Tex. (AP) — The Dallas Cowboys rule a 16-point favorite going into Monday night's nationally televised game with the New York Giants, but Tom Landry figures the odds-makers have a screw loose somewhere.

"They beat Minnesota and that's something in their favor," says the Dallas coach.

Quarterback Charley Johnson teamed up with Gillingham for an 84-yard pass play for the Cardinals' first touchdown in the first quarter and on a 75-yard pass play on the first play of the third quarter to give St. Louis a 14-7 lead.

On the first touchdown, Gillingham caught the ball at the St. Louis 35-yard line cut to the sideline and outran several defenders.

On the second he caught the ball at midfield and outran the defense.

Two TD's in Eight Seconds for Chiefs

Bengals Take 42-22 Lacing

Kansas City Record Boosted to 6-1

KANSAS CITY (AP) — Kansas City broke two spectacular plays within eight seconds in the final two minutes to crush Cincinnati's comeback bid and claimed a 42-22 victory over the Bengals before a record 50,934 fans Sunday.

The victory, the Chiefs' fourth straight for a 6-1 American Football League record, was achieved with Kansas City's highest point total since a 43-3 triumph over Miami early last season.

Warren McVea, spelling Mike Garrett who was knocked out with 13 minutes to play, raced 80 yards to a touchdown with 1:45 to go breaking the Bengals' stubborn resistance. His run tied a Chiefs record.

On the ensuing kickoff, Goldie Sellers picked up a fumble by the Bengals' Essex Johnson and romped 19 yards to a touchdown with 1:37 left.

First Downs 7-13
Passing yardage 142-153
Rushing yardage 129-108
Total yardage 271-261
Turnovers 1-10
Fumbles lost 1-0
Punt yardage 4-0
Time of game 1:00:00
Kansas City 34 14 12-24
Cincinnati 22 10 10-22

Lamonica Passes for 3

Raiders Deflate Chargers

SAN DIEGO (AP) — Daryle Lamonica's triple touchdown passes and Dave Grayson intercepted three aerials to lead the undefeated Oakland Raiders to a 24-12 victory over the San Diego Chargers Sunday, keeping the Raiders ahead in the American Football League's Western Division.

It was Oakland's 15th regular season triumph over a defeat.

A sellout crowd of 54,008 at San Diego Stadium, including two touring Russian cosmonauts, watched Oakland win its sixth game against one tie. The Chargers are 4-3.

Grayson's three interceptions of passes thrown by San Diego's Deane Carter had given the Raiders a short-lived 3-0 lead in the opening period.

A 25-yard field goal by San Diego's Deane Carter had given the Chargers a short-lived 3-0 lead in the opening period.

Grayson's three interceptions of passes thrown by San Diego's Deane Carter had given the Raiders a short-lived 3-0 lead in the opening period.

British Runner Wins AAU Meet

British born Jim Melrose was the first to cross the finish line with a time of 27:42 in winning the Michigan AAU Five Mile Cross Country Race at Rouge Park Sunday.

John Garza of the Motor City Striders was second in 28:01 followed by Ken Rowe, unattached, 28:23. Ned Price of the University of Chicago Track Club, 28:41, and Ed Kozloff of Motor City Striders, 28:23.

Dolphins Gain First Win

MIAMI (AP) — Miami's battered offense redeemed itself after a come beginning Sunday as Bob Griese tied touchdown passes of 53 and 41 yards to lead the Dolphins to a 24-6 American Football League victory over Buffalo.

Griese's first pass was intercepted and only a brilliant Miami defense held the Bills to a field goal. Mercury Morris fumbled the ensuing kickoff, but this time the defenders stopped Buffalo cold on an interception by Nick Buoniconti at the five-yard line.

The offense managed a march to the Buffalo four, but a field goal try went for naught when holder Karl Noonan fumbled the snap.

Michigan Driver Killed in Race

ELKHART, Ind. (AP) — Jerry Roberts, 23, of Kalamazoo, Mich., was killed Sunday when his race car flipped while warming up for a race at the Ocala Drag Strip.

Witnesses said Roberts was thrown out of the car about 200 feet. He was dead on arrival at an Elkhart hospital.

Honor Local Dog Owners

Four county residents were honored Saturday night at the 58th annual dinner of the Birmingham Club of Michigan's annual dinner-election in the banquet room at Airway Lanes for their dogs' achievements in the show and obedience rings the past year.

Griese then pulled Miami out of its slump, hitting tight end Larry Seiple on a 41-yard scoring bomb.

Jim Kwik then hooked up with Griese on a 53-yard pass play for the count to 14-3. Griese reeled.

St. Louis Beats MSU in Soccer

EAST LANSING (UPI) — Michigan State and St. Louis broke their four-game string of soccer ties Saturday with St. Louis booting the defending NCAA champions 2-0.

MSU, which has beaten the Bulldogs only once in 15 meetings, was ranked by the National Soccer Coaching Association going into the contest and St. Louis was No. 3.

Former Pontiac Resident

Craig, now living in M4 Pleasant, is the club's vice president. The new president is Dorothy France of Okemos, while Lillian McDermitt of Flushing was again elected treasurer and Bertha Vigil of Grand Rapids is the club's director.

A sellout crowd of 54,008 at San Diego Stadium, including two touring Russian cosmonauts, watched Oakland win its sixth game against one tie. The Chargers are 4-3.

Michigan State	5	3	0	108	113
Indiana	5	3	0	108	113
Iowa	5	3	0	108	113
Minnesota	5	3	0	108	113

MINNEAPOLIS (UPI) — Just a week ago, Michigan was hating Michigan State. Now, the Wolverines love the Spartans. They'd better, anyway, because just as surely as there are roses in Pasadena on Jan. 1, Michigan State is the only way Michigan can get there.

In this topsy-turvy year, with Ohio State grooming itself as the next Super Bowl participant and at any rate out of the running for the roses, Michigan suddenly finds itself in a position once again to win the warm weather offering.

The Wolverines found out Saturday that Minnesota really is worthy of its winless record. Beating the Gophers 35-9 thanks to three touchdowns by substitute — but now starter — Bill Taylor. Minnesota is now 0-5, 0-3 in the conference.

SECOND PLACE
The win left Michigan with a 2-1 Big Ten mark, good enough for a second-place tie behind you-know-what with half the conference teams, and a 4-2 overall record.
Wisconsin and Northwestern are two of the five teams and

their chances of avoiding two conference losses seem about as good as a snowless winter — in the Upper Peninsula.

Indiana and Purdue are the other two teams and here's where the Wolverines will be lighting incense, saying prayers, rubbing rabbit's feet and even looking for four-leaf clovers on their Tartan Turf to mail to the Spartans. Michigan State hosts the Hoosiers this week and visits the Boilermakers the next.

Michigan, which still has to play Ohio State, went into the game with Minnesota without a tailback Glenn Doughty and wingback John Gabler.

So in went Taylor, who had fumbled the first two times he'd touched the ball so far in his sophomore season. "I didn't think they'd ever be a third time," grinned the Barberian, Ohio, youngster, the implication being he wouldn't find himself as an "advisor" to the freshman team in the near future.

FIRST STAR
However, it now appears the only instruction Taylor will be giving the frosh is when they for a second-place tie behind you-know-what with half the conference teams, and a 4-2 overall record.
Wisconsin and Northwestern are two of the five teams and

He scored on an eight-yard pass from quarterback Don Moorhead to give Michigan a 7-0 lead in the second quarter then tallied two runs of one and three yards in the third quarter to send the Wolverines back in front, 21-0.

The Gophers had gotten all their points in the first half on field goals. One was 33 yards by Jeff Nygren and the other two came on boots of 42 and 37 yards by sophomore Mel Anderson. The total of three tied the Big Ten record.

Moorhead also scored a touchdown for Michigan on a six-yard run and Lance Schelfer, who backed up Ron Johnson last year as a sophomore, notched the final Wolverine score on a 10-yard scamper.

Golf Victory First for Spray
Pressure Putt Earns San Francisco Title

SAN FRANCISCO (AP) — Carol Spry's eyes were misty and there was a quiver in her voice moments after her husband, Steve, had dropped in a birdie putt on the 72nd hole that brought him his first victory in the San Francisco Open Golf Tournament.

"I just couldn't watch the putt," said the pretty blonde who was carrying their daughter, Stephanie.

"It's been a long, hard time. Sometimes we've got discouraged. Sometimes we wonder if we were doing the right thing in gambling the best years of our lives."

Spray, 28, and a five-year veteran on the tour, rolled in a pressure packed five-footer on the final hole Sunday, his only birdie of the day, to beat colorful Puerto Rican veteran Chi Rodriguez by a single stroke.

Thomas, Gordon Spark Cranbrook to 22-8 Verdict

Two touchdowns by Anthony Thomas and another by quarterback Andy Gordon sparked Cranbrook High School to a 22-8 victory over Inter-State League rival Western Reserve Academy Saturday.

Thomas scored on runs of three and 20 yards while Gordon tallied on a five yarder as the Cranes ran their league record to 2-1 and over-all standing to 4-2.

Northern Wins Harrier Title

Dave Dankert of Clarkson finished fourth and fifth. Mike Taylor was sixth; Bill Turnbull, seventh; George Pickering, 10th; Gary Sherwood, 11th; and John Barnes, 15th, for Eastern Michigan University on PNH. Steve Moffat of Waterloo Saturday for the State Class A meet.

Mike Gillenard of Birmingham was the individual winner in 10:06 with John Leonard Hoppe of Lutheran Mathews of Brother Rice Place West captured individual honors in second, Fred Seyler and in 10:05.

A KEEPER — Jim Mandich, University of Michigan tight end, seats himself on the trophy box containing The Little Brown Jug during the second half of Saturday's Big Ten football game at Minnesota. The Wolverines went into the game as possessors of the Jug and Mandich apparently felt it would stay at 'M' another year as the Wolverines were well on the way to a 35-9 victory by the time he took up his restful station.

Chippewas Romps, 44-0

Special To The Press
MT. PLEASANT, Okla. — County prep students played an important role Saturday afternoon as Central Michigan University concluded its final intercollegiate football game, for 16 yards. Farris lives in Athletic Conference football Waterford Township.

The Chipp's offensive captain for the game, which attracted a record 15,000 fans, was senior guard Fred Ferguson from Walled Lake. Another Walled Lake product, Ron James, a 215-pound junior, saw extensive play at tackle where he played mostly since suffering an ankle injury while playing linebacker in the season-opening loss at Western Michigan.

In addition to Ferguson and Farris, three of the other five starting offensive linemen at CMU — whose ground gaining attack has ranked among the top seven college division teams in the country most of the season — played their prep football around Oakland County.

Opposite Ferguson at the other guard is the only junior starting linemen 225-pound Fritz Simon, former Farmington HS fullback. At one tackle is 240-pound Jim Prisk of Livonia Clarenceville while the No. 1 center all season has been McCarter from Royal Oak.

MSU's Duffy Still Has Rosy Outlook

EAST LANSING, Mich. (AP) — Usually amiable Michigan State football coach Duffy Daugherty had a few crisp and caustic complaints after he reviewed — as a man remembering a nightmare — the game moves of his 18-12 edging Saturday by Iowa.

Daugherty said: 1. Officials made a bad call in wiping out an apparent MSU touchdown. 2. The game ran an illegal 61 minutes instead of 60 minutes of playing time to help Iowa make its final, winning touchdown.

Daugherty is still an optimist. Despite his second loss in Big Ten play, the first to seemingly unbeatable Ohio State, he thinks he still has Rose Bowl chances. "I still think a team with a 5-2 record can go in," Daugherty said. "But we're running out of games and time."

The only team ever to represent the Big Ten in the Rose Bowl with two losses was Wisconsin in 1959.

NO INFRACTION
On the touchdown that was called back, Daugherty was almost apologetic when asked it should have been a score. "I never criticize the officials."

They are a wonderful group of men. But in this case, there was no infraction of the rules. It was absolutely legal play," Daugherty ended up by criticizing.

MSU quarterback, Bill Triplett, apparently completed a 38-yard throw to Steve Kough, junior flanker from Dearborn, Edsel Ford. There wasn't a Hawk's eye defense man within 20 yards of Kough when he ran into the end zone.

Officials ruled there was an illegal receiver downfield. Not so, claimed Daugherty, after studying the game film. One guard went out and blocked on two yards downfield and was not deep enough into Iowa territory to be declared an illegal receiver, Daugherty claimed.

"Except for that call we would have been ahead instead of behind at the half," said Daugherty.

MAKES ERROR
"Then the timer made a mistake," Daugherty reported. "We had an 18-12 lead and we were trying to protect it by holding on to the ball. We made a great drive into Iowa territory before we were stopped."

"The clock showed three minutes and 45 seconds left in the game when Iowa took over the ball. We found out later it actually should have been two minutes and 45 seconds."

"Iowa probably wouldn't have run with the ball as they did if the clock had been correct," said Daugherty.

Country Day Downs GPUS

A touchdown with two minutes remaining in the last quarter gave Country Day a 18-8 win over Gross Pointe University School Saturday afternoon while increasing the Yellow Jackets win record to 6-1.

Terry Zankas climaxed a Country Day 66 yard drive midway through the final stanza with a two yard plunge for the go ahead touchdown.

STATISTICS
Country Day 18
Gross Pointe 8

The Hawkeyes' new strategy there would have been for Iowa to pass as it did with great success instead of staying with the running game, Daugherty explained.

Daugherty conceded that Michigan State errors helped to account for the loss.

"Iowa didn't turn over the ball once," he mused. "And we had three passes intercepted and two fumbles lost."

"That was the story of the game," agreed defensive end Rich Saul, a stalwart on the defensive team that set up many opportunities missed by the offense.

Saul was named player of the week by Daugherty for his defense that included a blocked kick on the Iowa eight to set up the first Spartan score, a field goal.

Looking toward Indiana, the opponent this weekend, Daugherty was not cheered by the fact that Indiana was beaten 36-34 by Wisconsin.

"We owe them something," said Daugherty.

Indiana, once known only for its powerful basketball team, has beaten Michigan State the last two games, both tight ones, by scores of 14-13 and 24-22.

A Look at TV

Disney 'School' Painless

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) - "The Wonderful World of Disney" is a happy program and

has been for so many years that

it is now a Sunday evening

institution, particularly in

homes with young children.

Sometimes the hour is filled

with nature studies; sometimes

comedy; sometimes cartoon

and fantasy; but it is always

family-oriented.

This week's episode was a

combination western-comedy

about three ostriches. The plot

was rudimentary-life on an Old

West "feather farm." The dia-

logue was early Roy Rogers.

The narration was highly an-

thropomorphic - we were constantly

told what the ostriches were

thinking about in highly human

terms. But after an hour the

viewer - young or old - had

learned painlessly a lot about

that strange-looking, fast-running

and fearless bird.

The funniest joke on NBC's

new daytime "Letters to 'Laugh-In' from its premier

Sept. 28 to Oct. 17, according to

the show's jury, follows:

"What do you get when you

cross a hippo with a jar of peanut

butter?"

"A 5,000-pound sandwich that

sticks to the roof of your

mouth."

If that grabs you, joke-lovers,

it should be added that the

contributor of this gem has already

won a washer-dryer and a trip to

Hawaii for it.

MISS LOWRY

SAO PAULO, Brazil (AP) -

Divaldo Gimez was watching

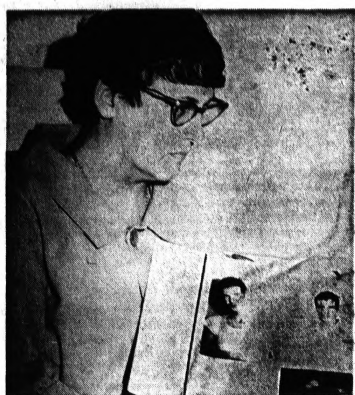

a girlfriend were watching

the television.

A light airplane crashed

through the roof into the living

room. Two men climbed out,

Mrs. Cutrara Matches Photographs Of Her Son

Mother Locates Son; Suffering Amnesia

TORONTO (AP) — Mrs. Valeda Cutrara of Toronto is trying to raise money to get her guitar-playing son Christopher home from Florida, now that she's sure it's him.

Christopher Cutrara, 17, has been held in protective custody at the Bartow, Fla., jail since he walked in 12 days ago, an apparent amnesia victim.

His mother wasn't sure it was her son until she saw a photograph that Bartow police arranged to have transmitted to Toronto. Earlier she talked to the youth by telephone "and it sounded like him, the way he mumbled." But she wasn't sure.

She said Christopher left the house Oct. 2 to pick up his paycheck and she hasn't seen him since. A relative in Chicago notified her after seeing a story of a missing boy in Florida. Mrs. Cutrara said Chris had never before traveled to the United States, and that his

farthest trip from home was to Ottawa.

The teen-ager in custody told police he thought his name was Chris Cutrara and that he had been traveling about the United States, picking up money by playing his guitar in coffee houses.

There are three other Cutrara children at home. Their father is a hotel worker.

'Nation Lacks Managers for \$100,000 Jobs'

STANFORD, Calif. (UPI) — The country is suffering from a shortage of managers for jobs paying \$100,000 and up, according to Arjay Miller, dean of the Stanford Graduate School of Business.

Miller, who was president of Ford Motor Co. before Semon

Knudsen, believes a nation that can go to the moon has the technical ability to improve its society.

"But management talent is the bottleneck, the constraint that slows our progress to a better world," he said in an interview.

Miller said he was talking about the Robert S. McNamara kind of manager, who, he said, could run almost anything.

EX-WHIZ KID

Miller, like McNamara, was one of the "Whiz Kids" who went to Ford from the Army

Air Force in 1946 and whose computer and statistical skills eventually dominated the company.

"From a corporation's point of view, the difference between an 'A' job and a 'B plus' job is enormous," he said.

"There have been 2,000 automobile manufacturers and only four are left."

It costs an estimated total of \$2.4 million a week to staff and maintain the world of the Church of England at home and abroad.

Displays at the Mall Have Wintry Theme

Activities at the Pontiac Mall during its "Snowmobile and Winter Sports Show" should appeal to all wintertime sports enthusiasts.

All events are free to the public.

* * *

Fourteen area dealers will exhibit snowmobile, dune buggy, ski equipment and merchandise, ice fishing, skating and iceboating displays all nine days.

The show opened Saturday and runs through Nov. 2.

COPTER RIDES

Helicopter rides will be available, as well as a special winter sports safety demonstration by the Oakland County Sheriff's Department.

Ski demonstrations will be featured daily at the ski ramp in the mall. Instructors will be Ron Brown of Alpine Valley and Walter Rumix of Mount Holly.

* * *

Guides for winter sporting events, maps and brochures will be available throughout the show from the Southeastern Michigan Tourists' Association booth.

A personal appearance by "Miss Metropolitan Detroit Ski Club Queen" Diana Bodin will be featured Oct. 31 at 4:30 p.m.

A Typical Off-The-Road Snow Vehicle

New Vehicles Offered

The Tracker, an innovation in on-the-road sports vehicle, is typical of what's happening in this newest of the new, multimillion-dollar recreational vehicle industry.

The Tracker packs a lot of the best features of a sport machine built for just one season into a sleek, all sports vehicle built for all seasons.

It skims across deep snow at 35 m.p.h. with the best of the snowmobiles... kicks up a roostertail in sand dunes... maneuvers with sports car steering through heavy brush or swamp... or floats down isolated streams.

The Tracker by Alsport Inc. has side-by-side contoured bucket seats, dual cockpit, and interchangeable skis and dune tires. Its dual tracks provide mobility over most all terrain, summer or winter. Retail price, \$1,795.

ANOTHER FIRST

Another first is the SnoCoupe. Probably the most expensive snowmobile on display with a price tag of around \$2,495. According to the manufacturer, SnoCoupe is an exciting feat of engineering and styling which enables the machine to be used in any kind of weather because of the convertible sliding

canopy. Close the canopy and be snug with a heater to help anywhere that roads aren't — A new set of initials have emerged into our world of initials and abbreviations A.T.V. (all terrain vehicle) is typified is snow on the ground, it's a snowmobile. If there is a swamp to cross, it's a swamp buggy. If you're on hard ground, it's a go-kart.

Policeman in Detroit Slain in Patrol Car

DETROIT (UPI) — The apparent failure of two young Detroit policemen to search a woman they had arrested and put in the back of their patrol car cost one of them his life and left the other wounded.

Patrolmen Paul Begin and William Skibo arrested the woman and a male companion after a late-Saturday night chase on Detroit's near East Side. The man was handcuffed with his hands behind his back after he resisted arrest, but the woman was not restrained because she apparently offered no resistance, Police Commissioner Johannes Spreen said.

As they were transporting the pair to the nearby Jefferson Precinct Station, one of the prisoners opened fire on the two officers from the back seat.

Begin, 24, a veteran of just over two years on the force, was fatally wounded in the head and Skibo, 26, received wounds to the rear of the head and upper right arm.

ROLLED FROM CAR

He rolled from the still-moving car, firing six shots at the back of the police car as it continued on without a driver until it finally struck a parked car.

When the car finally stopped,

the pair fled. The man wriggled on the ground until he was able to work the handcuffs from behind his back to his front, Skibo said in his report.

About noon yesterday, police arrested Barbara Pulahan, 25, and said they still were seeking Ernest J. Walker, 24, who they said was seen in the area by several persons yesterday.

He was reported still wearing the handcuffs on each wrist though the connecting links had been broken.

CONCEALED REVOLVER?

Spreen said it was believed the woman did the shooting with a revolver she had concealed on her person.

Asked why she hadn't been searched, Spreen replied, "The woman did nothing. She remained in the car when the man fled when the officers were first trying to arrest him. The officer used his discretion and placed her in the car without handcuffs."

Warrants charging the pair with murder were still pending, he said.

Begin, married just six months, joined the Detroit Police Department shortly before the 1967 Detroit riot and had been wounded during the riot, allegedly by sniper fire.

Detroit Hotel Routs Envoy From Suite

From Our News Wires

DETROIT — Ambassador Timothee N'Guetta Ahoua of the Ivory Coast left here somewhat mollified yesterday after he was for a late-afternoon flight back inadvertently kicked out of the Sheraton-Cadillac Hotel's presidential suite to make way for a material handlers convention.

Ambassador Ahoua and his 28-year-old wife were said to have been awakened and moved out of their suite — the hotel's presidential suite — at 10 a.m. yesterday, three hours before checkout time.

Ambassador Ahoua and his wife came to Detroit last week to attend a fund-raising dinner and dance Saturday night at the Detroit Institute of Arts. The event was sponsored by the African Art Gallery Committee of the Institute's Founders Society.

Visonne said the ambassador and his wife returned to the hotel about 6 a.m. Sunday from the event. He said they had arranged to move to another room in the hotel at 1 p.m. to prepare for a late-afternoon flight back to Washington.

A 'FLOPHOUSE'

After several hours of sharp negotiations, during which he and an aide reportedly called the hotel a "flophouse," threatened to return his key to the city and "never again set foot in Detroit," the African diplomat agreed to end the dispute diplomatically.

"It was an understandable mistake," the ambassador said, Aide Anatole Visonne said, "We all make mistakes. The ambassador and I will come back to Detroit again, and we will even stay at the Sheraton."

Manager Mark Schmidt blamed the mix-up on "crossed signals."

For Snowmobilers

Drill Teams New Fad

Since snowmobiles first became a big part of the winter scene, snowmobilers have invented a host of activities for themselves and their machines. Cross-country marathons, high speed racing, snowmobile camping and safaris, jumping competition, racing on grass.

The latest word is that the "in" activity now is snowmobile drill teams. Many an ex-G.I. who once swore he'd never again go near a "drill field" is doing just that... along with the wife and kids. The big difference, of course, is snow and a snowmobile.

Watch a snowmobile drill team in action. You'll see a snowmobile version of the intricate formations of a college band, with the deep-throated

engines of the machines providing the music. And the colors of the machines on white snow add a note of informal pageantry.

Enthusiasts of the new sport cite many advantages. It demands concentration

coordination, discipline, timing and close teamwork — all bound to sharpen the individual snowmobiler's ability to master turning, maneuvering and all round driving skill. Competition is another benefit. Once organized and well-practiced, members are eager to compete... as small groups within their own team... or against other clubs as well.

Finally, drill team members report that the opportunity to meet new friends who share an avid interest in snowmobiling is a new and exciting way to "get together." Men, women, and entire families can become drill team members, further enjoying the wholesome atmosphere and companionship of America's fastest growing participant sport... snowmobiling.

Winter Show Exhibitors at Mall Listed

Listed below are the exhibitors for the Pontiac Mall winter sports show, which opened Saturday and runs through Nov. 2.

Cruise Out, McKibben, M. G. Sales & Service, Alpine Valley, Evans Equipment, Southeast Michigan Tourists Association, Panther of Pontiac, Outdoorsman Sport Center, Waterford Sports & Marine Center, Montgomery Ward Co., Hudsons, Warden Cycle, Perry Lawn & Garden, Donn's Ski Haus, Snowmobile Enterprises, Fischer Power, Joe's Army & Navy Surplus, Oakland County Sheriff's Department, Heliporter Airways Service Inc.

SNOW FASHIONS — Capes and ponchos are the newest find of the young fashion innovators who give menswear its new lively punch. Himalaya styles a handsome freewheeling cape of bulky all-American knitted wool in a bold windowpane plaid. Buttoning in leather up to a thick-ribbed collar, it swings easily and comfortably over a mock-turtle wool pullover in an all-over cabled pattern.

Snowmobiles Boost Michigan Economy

Snowmobile dealer Anthony J. Byrd, owner of Byrd's Hardware and Marine in Dearborn, claims snowmobiling in Michigan has already dumped \$75 million into the state's economy.

Quoting a study made by the West Michigan Tourist Association, Byrd states there are now at least 75,000 machines owned by Michigan residents.

Using a very conservative investment figure of \$1,000 for each machine (which also includes trailers, sleds, clothing, etc.) he comes up with the figure of \$75 million spent for equipment alone. If one adds to this the cost of gasoline to operate the machines, gas used to transport the machines to the snow country, money spent for food and lodging while snowmobiling, the results would be staggering.

The west Michigan study indicated the highest concentration of snowmobile owners live in Wayne, Oakland or Macomb counties, with almost 11 per cent of the state's total registered there.

285,000 SALES

Ernst & Ernst, an independent auditing firm, estimates that sales of snowmobiles in North America last season exceeded 285,000 machines. The snowmobile industry is projecting a total market of 350,000 machines for the 1969-70 season. This will mean a dollar volume of more than \$350 million.

According to Lowell Swenson, president of Arctic Enterprises, Inc. and member of the board of directors, International Snowmobile Industry Association:

Car Clips Pole; Area Darkened

INDIAN RIVER (AP)—Some 1,300 persons in Indian River, Afton and Wolverine lost their electric power Saturday night when a car struck a utility pole and snapped the power line. Consumers Power Co. workers restored the service later in the night. Authorities said a car driven by Omar W. Soule, 57, veered off old U.S. 27 and hit the utility pole about one-half mile north of Indian River.

Volga River Facing a Pollution Problem

By National Geographic Society the area of Texas — and WASHINGTON — The mighty Volga River, whose banks have lake, the Caspian Sea. The been overrun by invaders from famous Volga-Don Canal runs Attila's Huns to Nazi 63 miles, 12 miles longer than paratroopers, now faces a familiar world wide problem: water pollution.

The 2,900-mile river supplies hydroelectric power stations, chemical plants and factories. Oil wells line part of its banks. All contribute industrial pollution and destroy fish.

Russia's beloved "Mother Volga" is no stranger to problems, but like the Mississippi, to which it is often compared, it keeps rolling along.

Europe's longest river, and the 15th longest in the world, the Volga evokes superlatives. EMPTIES INTO SEA

It drains more than 500,000 square miles — almost twice

the area of Texas — and empties into the world's largest body of water, the Caspian Sea. The Volga rises in the Valdai Hills between Leningrad and Moscow, passes north and east of Moscow to Kazan, and swings south to the Caspian.

A historic artery between the Persian Gulf and the heart of Russia, the Volga rises in the Valdai Hills between Leningrad and Moscow, passes north and east of Moscow to Kazan, and swings south to the Caspian.

Its southern delta provides the world with sturgeon roe, a delicacy that Russians call kora or pampusaya and others enjoy as caviar.

The United States Border Patrol reported that it deported 146,000 aliens, mostly Mexicans looking for jobs in 1968, an increase of 34 per cent over 1967.

Snowmobilers Are Urging Adoption of Code of Ethics

Snowmobilers are urging the adoption of the Snowmobile Code of Ethics first proposed by the U. S. Forest Service, Bureau of Outdoor Recreation, Michigan and Minnesota's Conservation Departments, Ontario's Department of Lands and Forests and the U.S. National Park Service.

Snowmobiling in Michigan has enjoyed a fantastic rate of growth, unlike no other participant sport. Because of this, these sometimes loud, fast machines raise questions in the minds of the uniformed as to the merits of the new sport.

It is hoped that the adoption

of the following Snowmobile code of ethics will help improve the snowmobilers' image with their relatively few critics.

• I will be a good sportsman. I recognize that people judge all snowmobile owners by my actions. I will use my influence with other snowmobile owners to promote sportsmanlike conduct.

• I will not litter trails or camping areas. I will not pollute streams or lakes.

• I will not damage living trees, shrubs, or other natural features.

• I will respect other people's property and rights.

• I will lend a helping hand when I see someone in distress.

• I will make myself and my vehicle available to assist search and rescue parties.

• I will not interfere with or harass hikers, skiers, snowshoers, ice fishermen or other winter sportsmen. I will respect their rights to enjoy our recreational facilities.

• I will know and obey all federal, state and local rules regulating the operation of snowmobiles in areas where I use my vehicle. I will inform public officials when using public lands.

• I will not harass wildlife. I will avoid areas posted for the protection or feeding of wildlife.

• I will stay on marked trails or marked roads open to snowmobiles. I will avoid county travel unless specifically authorized.

Boat Mishap a Real Party

KANSAS CITY (AP) - Disabled by a broken drive rod, the excursion boat Border Star dropped anchor in the Missouri River Saturday night with 150 persons aboard, and they had an unscheduled five-hour party.

"There was plenty of food and drink," said Mrs. Ann Hodgson, a passenger, "and the band played and played, and when they got tired, we sang. We really had a good time and only a couple of people seemed to be bothered by it."

The passengers finally were ferried ashore by two boats, each carrying four at a time.

Bridge Tricks From Jacobys

By OSWALD and JAMES JACOBY
Oswald: "To paraphrase the poet's bidding gave away any event. I would almost sure-club."

Jim: "I suppose you are probably preempt the same four."

going to point out that many a diamonds West did. Or I might all three trump leads. Next slam is made because the opponent's bidding gave away any event. I would almost sure-club."

Oswald: "Exactly. I would at five, he might well have good count of the West hand. He crowded his opponents out of might be holding the four the grand slam. The four-diamonds hearts but the odds had mended didn't bother them in to be at least 1,000-1 against it. The slightest and may even have if anyone held four hearts, it helped, since it gave South an ace to the dummy's ace and was rewarded."

Oswald: "In any event, it when West showed out. Then he certainly helped South find the led dummy's 10 of hearts. East winning line of play."

Jim: "That it did. South good since South was able to ruff the diamond lead and enter dummy once more with played three rounds of trumps. The queen of clubs and lead he noted that West followed to through East's hearts a second time."

What do you do now?
A—This is a tough one. Your partner's two-diamond bid shows a pretty good hand. You might try two spades, two no-trump or even two hearts, but our preference is for the simple raise to three diamonds.
TODAY'S QUESTION
You do raise to three diamonds and he bids three hearts. What do you do now?
Answer Tomorrow

Junior Editors Quiz on KINDERGARTEN

QUESTION: Where did the word kindergarten come from and who started it?

ANSWER: In the "make believe" corner of the kindergarten which Cathy and Eddie are attending are a number of light cardboard boxes and cartons. Cathy got Eddie's interest when she put a round container on top of a box and called it a tower. "Now it's a taller tower," said Eddie, putting a smaller container on top of the larger one.

The children got excited and began to work together, picking up the box with the containers and putting this on a bigger one, even managing to get this on top of a really big one.

"They're learning a lot," the teacher thought as she watched the happy kids. "Before, it was each one for himself; now these two are working together; soon, they'll be doing things with other kids as a group. Even better, they're learning to use that priceless thing, imagination! Weren't all his ideas once just castles in the air?"

Nowadays, most educators feel a child should attend kindergarten before the first grade of school to make the adjustments for working with others.

The first kindergarten ("kinder" means children, "garten" means garden) was started in Germany by Friedrich Froebel in 1837. Froebel felt a child's education should start with a period of free development under gentle treatment.

Astrological forecast

For Tuesday, Oct. 27: Much that was controversial is settled. Class of ideas proves stimulating. GEMINI makes headlines. But what was expected in way of fallout—simply does not occur.

ARIES (March 21-April 19): Accent on short journeys, dealings with relatives. You will need a sense of humor. Forces appear scattered. Finish one thing at a time. Make most of new opportunity, contact.

TAURUS (April 20-May 20): Money seems drawn to you. May be to receive. Need voice of experience. Don't upset persons who have your interests at heart. Guard possessions.

GEMINI (May 21-June 20): Your versatility comes to fore. You are able to impress. But don't try to substitute showmanship for actual knowledge. Cycle high. Take initiative. But know what you want.

CANCER (June 21-July 21): Accent on what happens behind the scenes. Get current facts completed. Temptation is to skip details. That would be an error. Cautious individual pays no heed to feelings.

LEO (July 22-Aug. 22): Change, excitement of discovery are featured. Welcome new acquaintances. Don't permit emotional armor to block experiences. You succeed today. Open to experience.

SCORPIO (Oct. 23-Nov. 21): Money affecting close associations. Scandal is spotlighted. If you accept added responsibility, rewards are greater. Future could depend upon financial decision.

SAGITTARIUS (Nov. 22-Dec. 21): Do not be observant. Beware of public relations. Take nothing for granted—applies especially to legal area. You are able to complete important project. Do not.

CAPRICORN (Dec. 22-Jan. 19): Create new ideas. Fellow workers want to better understand you. Appeals also to better understanding. Personal magnetism is bright. Be observant.

AQUARIUS (Jan. 20-Feb. 18): Status and money aside. You can bring forth style. Make impression through creative expression. Keep up-to-date. In appreciation to CANCELLER, born in Pisces (Feb. 19-March 20).

PISCES (Feb. 19-March 20): Your efforts are toward expanding. But there are changes which demand immediate attention. Among them might be home repairs.

IF TUESDAY IS YOUR BIRTHDAY: You are dramatic. At times over-enthusiastic, but very sincere. You are the opposite of a hypocrite. You are ending one phase of activity and beginning a new, exciting one. (Copyright 1969, General Features Corp.)

Lovelorn Show for 12-Year-Olds

LONDON — Thames Television, with 7.5 million viewers, claimed it is planning an "Advice to the Lovelorn" show for 12-year-olds. "We know that almost precisely at the age of 12 a child suddenly becomes switched-on," a spokesman said.

"The girls want to know about makeup and fashion, the boys want to know how to get rid of pimples."

"You have me fooled — is this strawberry chop suey? ... Butterscotch stew? ... Wait, I've got it! ... It's sauerkraut in chocolate sauce!"

BOARDING HOUSE 10-27

CAMPUS CLATTER

Popular Sport Boosts New Styles

Fashion Is Snowmobiling Into Winter

The unprecedented rise to popularity of the snowmobile has created a whole new market in winter clothing. There's a wide range of fashionable, comfortable styles for men, women and children in the 1970 lineup of outdoor and indoor apparel.

Ski-Doo Sports, the pioneer in snowmobiling apparel, is offering new materials and new styles in one-piece suits, jackets, pants, and boots for outdoor wear and is introducing new high-style two-piece wool-knit suits and other new apparel for apres snowmobiling.

New leather-look Vistram, styled to fit more closely than regular snowmobile suits, can be wiped clean with a damp cloth or dry cleaned. The material retains its soft sup-

pleness in coldest weather and "breathes" for full comfort. It is equipped with a fur-lined hood.

Stim-lined TNT (Track 'N Trail) suits are available this year for women as well as men. They are constructed with a nylon outer material and have a nylon mesh back panel, zip-off hood, and contrasting rally stripes on arms and legs.

STRETCH PANTS
In addition, Ski-Doo Sports is introducing new stretch pants to wear with either the Vistram or other jacket styles. They are available in snazzy limes, oranges and pinks as well as more traditional colors for both men and women.

For those who like bulkier, fancier apres snowmobiling apparel, Ski-Doo has sweaters in

new fishermen's knits, mock turtleneck pullovers, crocheted, belted hip-buggers, and turtleneck zippered cardigans. Guys and gals can mix 'em or match 'em. Also, long-haired furry shearing boots are available for women and genuine sealskin mukluks and boots for both men and women.

STARCRAFT, a new entry in the snowmobile fashion field, has assembled a collection of designs for the 1970 season that encompasses not only the utilitarian function of keeping warm, but the classical elements of styling, too.

It's the year of the jump suit, for both women and men. Starcraft's snowsuit combines all the big pocket, freedom of movement, and comfort features of the jump suit, with a

distinctive styling touch. Snowmobilers will find color coordination between outfit and machine in the black-nylon Oxford cloth suits. Rally gold accent stripes on sleeves and shoulders and bold pocket emblems add a mod touch to the suits. Tapered legs and sleeves are functionally designed with zippered closures.

DEERSKIN GAUNTLETS
Further fashion news from Starcraft includes the introduction of extra-supple, fine-quality deer skin gauntlets. A unique separated index and thumb design allows unusual dexterity and movement. Stylish head gear is a must for safety and a plus for fashion in snow country. Starcraft's sun-burst yellow helmets feature a bold rally stripe and emblem,

maintaining the over-all style motif.

Trail-A-Sled Inc., a manufacturer of Scorpion snowmobiles, is showing a waterproof black nylon one-piece suit with an elasticized rebelt and two racing stripes down the left side, for men and women. The suit is quilt-lined with 5.5-ounce Dacron fill and has knit cuffs. It has a two-way zipper closing with snap-fly front, detachable hood, and 16-inch zipper closings on the outside leg seams. The suit also has two spacious lower pockets.

Also featured is a black all virgin wool pullover sweater with red rally stripes on the left side and matching black wool stocking cap with red pom-pom. Black nylon top boots with hard rubber heels are available this year. They have a strap over the instep, a rubber bottom, and removable felt liner with zipper closing (which can also be worn as a slipper), to keep wearers snug and dry under all weather conditions.

Foundry Burns in Copper Country

HOUGHTON (AP) — Authorities are seeking the cause of a three-alarm fire which almost destroyed the Quincy Mining Co. foundry — last remaining foundry in Michigan's Copper Country.

The blaze struck the foundry Saturday night. It was brought under control about midnight, almost four hours after it broke out, by fire-fighting units from Houghton, Ripley and Hancock. Damages were not immediately estimated.

Meat consumption and production reached record highs in 1968 with per capita consumption of 181.5 pounds, up 4 pounds from 1967.

Campus Ceremony Destroys Building

ST. PAUL, Minn. (AP) — Trustees, alumni, students and faculty joined Saturday in a ceremonial destruction of the old

est building on the Hamline University campus. They threw rocks, a kitchen sink and a basketball at Cohen Hall, an 87-year-old structure which will be razed to make room for the \$3.5-million Bush Memorial Library.

Joe Hutton, former Hamline basketball coach, broke the first window with a basketball. He was given the honor because he had lived in a faculty apartment in the building for 20 years.

Opposition Head Arrested in Kenya

NAIROBI, Kenya (AP) — Opposition leader Oginga Odinga was held under house arrest today at his home on the shore of Lake Victoria near Kisumu, and police there arrested several members of parliament from his Kenya People's Union.

The police raids before dawn followed riots Saturday in Kisumu during an official visit by President Jomo Kenyatta.

Security forces opened fire on the crowds, and 11 persons were killed and 73 injured.

There are some 60,000 farms in California.

WOOL WARMTH — The big, easy sweater, with the true warmth and easy-flexing comfort of all-American wool, captures the male fancy for brisk outdoor life. Himalaya plays up to the scarf-wearing popularity with a deep tunnel collar in this husky pullover, its thick texture further enriched with front cabling and wide-track ribs that course over the sleeves and back.

Surgical Masks

Sold to Dramatize Pollution Hearing

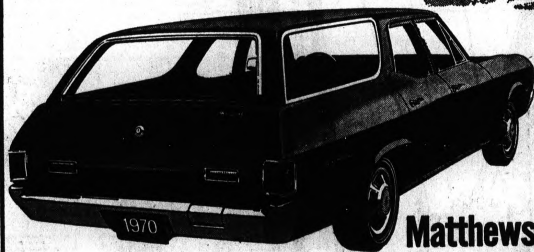

ST. LOUIS (AP) — The selling of surgical masks at the doors of the auditorium where an air pollution hearing was being held today was one way the Committee on Environmental Information decided to dramatize the bad air problem.

The hearing was scheduled by the U.S. Senate subcommittee on air and water pollution after an Aug. 25-26 emergency air pollution alert in St. Louis. Authorities said stable air trapped pollutants until they built up to unusually heavy amounts.

A spokesman for the information committee said of the masks: "If we can just show the people of St. Louis are not indifferent to the problem, we will have done a great thing."

Cong to Free 3 GIs; U.S. Awaits Details

SAIGON (AP) — The U.S. Command today awaited word from the Vietnam on its plan to release three American soldiers.

In a broadcast by its Liberation Radio last night, the Vietcong said it would free the three GIs as a demonstration of its "lenient and humane" policies.

On the basis of Army serial numbers given in the broadcast, the U.S. command identified the men as Spec. 4 Willie A. Watkins of Sumter, S.C.; Pfc. James H. Strickland Jr. of Dunn, N.C.; and Pfc. Coy H. Timley, 22, of Cleveland, Tenn. All were members of the Americal Division.

In New York, an attorney for two American pacifists who have had dealings with the North Vietnamese concerning POW releases said his clients, David Dellinger and Bernard C. Davis, soon will release "extremely important" information from Hanoi that will "relieve the anxiety" of relatives of American prisoners of war.

VISITED REDS

The attorney, William Kunstler, had

just returned from a visit to the North Vietnamese delegation in Paris.

The U.S. Command also announced that American troop strength in Vietnam fell below the 500,000 mark last week for the first time since February 1967.

It said that as of Oct. 23 there were 497,300 U.S. military personnel in the country, a reduction of 4,600 from the previous week. This does not include 25,000 Navy men and 600 Coast Guardmen aboard ships operating off the coast of Vietnam. Senate Republican leader Hugh Scott has predicted U.S. armed forces will be cut by one-third before President Nixon comes up for reelection in 1972.

'300,000 TO LEAVE'

The Pennsylvania senator also said he expects an American withdrawal of 300,000 men from Vietnam. He put no time reference on the latter.

Scott's fellow Republican senator, New York's Jacob Javits, said the United

States must end its combat operations in Vietnam by the end of 1971 "even if it may mean that South Vietnam will go down the drain."

Meanwhile, former Secretary of State Dean Acheson said he thinks Nixon is trying hard to end the war. But he added:

"The President would greatly strengthen his position if he could carry to the people the conviction that he is trying to do what everybody wants to do—which is to reduce this thing in a sensible and wise way."

LESS CHARITABLE

A less charitable view of Nixon's Vietnam policy was expressed by Rabbi Maurice N. Eisendrath of New York, leader of American Reform Judaism.

He accused the President of practicing verbal "sleight-of-hand" aimed at defusing campus protest with "off again-on again bombing halts, token withdrawals and diminished draft calls cynically synchronized to college reopenings."

West Bloomfield's VIP—Pamela Eldred—Returns Home As Miss America

Racing Auto Hits Car; 8 Die

INDIANAPOLIS, Ind. (AP) — Stephen Coleman, his sedan jammed with homebound churchgoers, pulled to the side of a street Sunday night to let three children out at their home.

A police report said this was what happened next:
A car drag-racing another down the narrow street slammed into the rear of Coleman's car at 70 miles an hour. The gasoline tank of the Coleman car burst into flame.

CRITICALLY BURNED

Coleman, 25, leaped from his automobile critically burned.

George A. Brooks, 34, stepfather of the three children who had received a ride home with Coleman, dashed out of the house and found flames shooting 20 feet high. He heard "muffled voices but no screams" from those inside.

Dead in the flaming wreckage were eight persons—Coleman's wife, Levina, 24, who was eight months pregnant; their children, Antoinette, 5, and Stephen Jr., 3; their foster children, Linda Ligon, 10, and Wayne Ligon, 8; Ophelia Piggle, 24, and her sons Charles, 5, and Kevin, 3. The colliding drag race car, driven by Dalton Wallace, 26, wrapped itself around a tree, which firemen had to cut down to extricate Wallace.

SECOND RACER ESCAPES

The second drag racer kept on going. Coleman was taken to a hospital in critical condition. Wallace's condition was described as serious.

Brooks learned later that his three stepchildren, Denise Shotwell, 12, Kelvin Shotwell, 10, and Shawn Shotwell, 8, had made it safely out of the car but had fled the scene in terror.

Police described it as the worst Indianapolis crash since an electric lineman's car hit a truck loaded with lodge members in 1927, killing 21.

2 European Profs Win Nobel Prize

STOCKHOLM (AP) — The First Nobel Prize in economic science was awarded jointly today to Prof. Ragnar Frisch of Norway and Prof. Jan Tinbergen of the Netherlands.

The Academy of Sciences said they were awarded the \$72,800 prize for "having developed and applied dynamic models for the analysis of economic processes."

Meanwhile, the winner of the 1969 prize for literature, Irish-French playwright Samuel Beckett, sent a telegram accepting the prize, his publisher announced in Paris. But the publisher, Jerome Lindon, said the shy, retiring writer would not go to Stockholm for the presentation of the award.

Tinbergen, 66, has been chairman of the Committee for Development Planning of the United Nations since 1966.

Troy Officer Shoots Youth, 18

Police would only say that the incident occurred about 10:30 p.m. on the I-75 freeway near the 14 Mile Road exit. The scene was near the Oakland Mall shopping center.

It also was revealed by police that two stolen cars were recovered and that three juveniles were taken into custody. The last time a Troy officer shot anyone was in 1966, police say.

Queen Pam Given Royal Homecoming

By YOLANDA BENAVIDES

Her royal float wobbling to and fro, Miss America, 21-year-old Pamela Anne greeted an estimated 10,000 fans Saturday at her triumphant return home.

Dressed in a shimmering gold and blue gown and wearing her crown atop a mountain of blonde ringlets, the green-eyed college senior led a parade over a 2½-mile route in West Bloomfield Township.

High school bands, marching units, cheerleaders, fire trucks, a strolling

Related Photo, Page A-3

banjo club, and numerous state and local officials followed the float.

Even the weather took a sunny turn for Pam, after a week of clouded skies. "Coming home is more exhausting than traveling cross country," said Pam as she sat on her gold and white float, decked with yellow roses.

The daughter of the William B. Eldreds, 5543 Tadmor, said she was up until the wee hours Friday visiting with her family.

Miss Eldred started her visiting rounds early Saturday morning. She and her family attended a buffet breakfast given by the neighbors.

The official homecoming ceremony took place in front of the Township Hall where state and local officials welcomed her as "our ambassador to the world."

Gov. William Milliken proclaimed Saturday as "Pamela Day," and Township Supervisor John N. Doherty presented the beaming queen with the key to the township.

Wrapped in a maxi-length black fur coat, Miss Eldred noted, "This crown belongs to each and every one of you be-

cause without your help, I would never have made it as far as I did."

Apparently, even protesters love a parade. A coalition of some 12 teenagers and women, representing the Women's Liberation Movement, joined the 100 entries.

The unexpected unit marched behind Miss Eldred's float, carrying signs reading "Beauty Pageants Prostitute Women."

SAME GROUP

The protest was similar to another demonstration by members of the same group at the Miss America pageant in Atlantic City at which Pam was crowned two months ago.

Miss Eldred concluded her homecoming as guest of honor at a luncheon given by classmates at Mercy College in Detroit.

Weather Outlook: Chilly, Overcast

Skies over Oakland County had a good case of the Monday morning blues as clouds blanketed the area and winds sent the thermometer into the overcast zone.

With the overcast skies and chilly temperatures came the threat of occasional snow showers.

Tonight, the weatherman promises that skies will clear slightly as the mercury slides into the low 20s and the possibility of snow showers continues.

Tomorrow's sunshine will warm the thermometer slightly and Wednesday is due to be fair and warmer.

Probability of precipitation in per cent is today 20, tonight 10 and tomorrow 5.

Held in Girl's Murder

U.S. Agent Surrenders

DALLAS, Tex. (AP) — A 31-year-old federal narcotics agent described by Dallas County Sheriff Bill Decker as "a good boy and a good officer" surrendered yesterday, less than 24 hours after he radioed police that he killed an airline stewardess.

James G. Lander was charged with murder with malice in the shooting of pretty brunette Mary Morris Mead, 20, an employee of Continental Airlines based in Dallas. She was killed in her Dallas apartment Saturday.

Originally from Arcadia, Calif., she had been employed with Continental about 10 months.

Lander surrendered to Sheriff's Deputy Tom Barker at a public telephone booth in Foreston in Ellis County.

PISTOL MISFIRE

Barker said that when he arrived at the phone booth, as stipulated by Lander, he saw Lander place a pistol to his head and pull the trigger. The weapon apparently misfired, and Barker rushed to Lander, who surrendered the pistol.

Barker said Lander told him he decided to surrender after hearing an appeal by a Dallas television newscaster, quoting Lander's family in Waco asking him to give himself up.

The chain of events began with a radio call to Deputy Sheriff H. A. Beckemehl shortly after midnight Saturday.

JAMES G. LANDER

Hundreds Hurt; Damage Heavy

Yugoslav Quake Kills 16

BANJA LUKA, Yugoslavia — Earthquakes struck this industrial city in western Yugoslavia Sunday and today, killing 16 persons and injuring hundreds.

The first severe quake hit the city of 65,000 yesterday afternoon, killing a 10-year-old child and destroying or damaging a number of buildings.

As townspeople and government officials were assessing the damage this morning, an even stronger quake struck. Fifteen persons were found dead in the rubble of collapsed buildings. Seismologists reported the quake today

registered eight on a maximum-12 scale.

Only the central Plaza of the Republic appeared undamaged. Buildings were crushed all along Marshal Tito Street, the main thoroughfare.

The townspeople spent the night under tents or other makeshift shelters, and the quake today panic spread among them.

The city's water supply was contaminated by chemicals that leaked from a damaged cellulose plant and the City Council appealed to municipalities around the country to send in water trucks.

A newsmen who rode out the quakes last night and today said the aftermath was "the worst thing I've seen since Skopje."

The reference was to the southern Yugoslav city where more than 1,000 persons died in an earthquake that razed 80 per cent of the city on July 26, 1963.

A Tanjug correspondent reported seeing a three-flight staircase in a public building in Banja Luka "fall right down before my eyes."

Officials reported whole families taking to the roads out of the city in panic. Many roads were blocked with cars, wagons, and people on foot.

Arab Leaders Press Efforts to Ease Lebanese Crisis

BEIRUT (AP) — Most of Lebanon's main cities relaxed today as Arab leaders pressed efforts to ease the crisis between the Lebanese army and the Palestinian guerrillas.

Only the northern trouble spot of Tripoli remained under 24-hour curfew. Early reports today indicated there were no new incidents there, although the guerrillas and local leftists still hold a quarter known as the Old City.

Beirut was under partial curfew but many people ignored it. Tyre, Baalbek and Nabatieh were free of curfew for the first time in five days, and life was returning to normal.

Egypt, Syria and Libya threatened action against the Beirut government unless it supports the guerrillas and their raids on Israel, but Cairo said a cease-fire and negotiations may be in the offing.

AGREED TO TALKS

The official Egyptian Middle East News Agency reported that Lebanon has agreed to send a delegation to Cairo for a meeting with leaders of the Palestinian guerrillas, Arabs who claim they are refugees from Palestine and are demanding an end to Lebanese restrictions on their raids into Israel.

The general trend is toward "freezing" the Lebanese situation in which the provide a breathing spell in which the

feuding parties can work out a compromise, the semiofficial Egyptian newspaper Al Ahram said.

The paper indicated it based its prediction of negotiations on the outcome of a mission by Dr. Hassan Sabri El Kholi, the personal envoy of President Gamal Abdel Nasser. El Kholi went to Jordan yesterday to see King Hussein, then met in Damascus with Syrian President Noureddin Al-Atassi, guerrilla chief Yasser Arafat and Libyan Interior Minister Moussa Ahmed.

El Kholi was scheduled to go to Beirut today to meet with Lebanese officials including Gen. Emil Bustany, commander of the Lebanese army.

JORDAN GUERRILLAS HIT

Israeli jets and artillery blasted suspected Arab guerrilla positions in Jordan today after a border patrol was fired on near the Jordan River south of the Sea of Galilee, a military spokesman said in Tel Aviv.

The jets struck the area east of Kibbutz Geshor, southeast of the Sea of Galilee, following a 20-minute exchange of gunfire between the patrol and Arab guerrillas on the east bank of the river.

No Israeli warplanes were wounded in the firefight and the jets returned safely, the spokesman said.

Troy Officer Shoots Youth, 18

Oakland County Prosecutor Thomas G. Plunkett said his office will conduct a routine investigation into the shooting of a youth by a Troy policeman. The policeman was identified as Thomas Oehlneck.

A teen-age boy was in William Beaumont Hospital, Royal Oak, today after being shot by a Troy policeman attempting to arrest him.

Listed in serious condition following

the 4 a.m. shooting yesterday, is Gene C. Rock, 18, of 2534 Somerset, Troy.

He had been on the critical list immediately following his admittance to the hospital.

The name of the officer involved and details surrounding the case were being withheld by the Troy Police Department. Statements were to be made to the Oakland County Prosecutor this morning.

Pope OKs 2 Bishop Power-Sharing Steps

VATICAN CITY (AP) — Pope Paul VI closed the second world synod of Roman Catholic bishops today by adopting two of his recommendations for power sharing of bishops in papal authority, and by promising "maximum consideration" for the others.

At the same time he strongly reaffirmed his primacy over the church.

"Pharismal might undermine faith, moral law or the fundamentals of the sacraments, liturgy and canon law — all pillars of unity in the church," he said.

The Pope told the bishops in a closing speech that he would call synods "regularly, every two years, and give greater efficiency to a permanent synod secretariat set up in Rome."

UNPRECEDENTED PLEA

There were two points in a 13-point document the synod had approved virtually unanimously minutes before. The document amounted to an unprecedented plea to the Pope to give bishops a greater voice in his decision-making.

The 146-member synod approved a document reaffirming the Pope's primacy and "universal authority" over the half-billion member church, but recommended, in part:

- That bishops advise and collaborate with the Pope on major decisions affecting the entire church.
- That a synod be held here at least every two years to advise the pontiff.
- That a permanent secretariat in Rome represent the interests of bishops to the Pope and the Roman Curia, or central administrative body.

• That local bishops be heard before the Vatican makes any decision affecting their dioceses.

WOULD MODIFY POWER

It put into effect, these measures would strongly modify the Pope's power by shifting much influence from the Roman Curia, now his chief advisory body, to bishops in the field.

But the Pope alone will decide if they are put into effect.

Asked whether the Pope was satisfied

with the synod's work, one synod official said, "Oh, very much so." The pontiff attended 11 of the 13 sessions including the final one today.

No one voted against the document on ways for bishops to share in papal decision-making, a synod official said. Nor was there any negative vote on a second document on how bishops can cooperate more closely with each other.

After the vote, the synod prelates filed into St. Peter's Basilica for a short closing ceremony, which included singing of the Te Deum together with the Pope.

Birmingham

School Fund Unit Elects New Officers

BIRMINGHAM — William H. Spinning of 357 Waddington, Bloomfield Township, has been elected president of the Birmingham Student Loan and Scholarship Fund Association.

He succeeds Thomas C. Morgan Jr., who will continue as a trustee representing the Jaycees on the association's board of trustees.

Mrs. George Hillinger, who represents the Birmingham Board of Education, has been elected vice president. Harry S. Stark Jr., representing the Birmingham Schools alumni, was reelected treasurer. The newly elected secretary is Mr. Robert McBride, who is the American Association of University Women representative of the board.

Other trustees include Albert C. Childs, an honorary trustee; Paul J. McGrath, representing the Parent Teacher Association Council; and Supt. Dr. John Blackhall Smith.

SCHOLARSHIP PROGRAM

The Birmingham Student Loan and Scholarship Fund Association awards several scholarships which have been established by interested individuals and organizations over the years. The scholarships, administered by the association, are awarded to public and nonpublic school students who attend a school in the district.

The loan fund is available to students who wish to further their education and who reside within the school district. Loans are secured by a noninterest-bearing promissory note, payable when a student's educational plan is completed or discontinued.

If a student decides to defer payments, he may do so at four per cent interest per year. Loans are limited to \$500 in any one year, or when the total of \$2,000 is borrowed.

Smith noted that donations to the fund are welcome. Donors may designate whether they wish their contributions to go toward scholarships, or if they desire the money to be added to the loan fund.

BLOOMFIELD TOWNSHIP — Changes in the planned alignment of U.S. 24 (Telegraph Road) between Fairfax Avenue and Orchard Lake Road have been announced by the State Highway Department.

The engineering report, published in 1966, called for acquisition of right-of-way on both sides of the highway. Since then, property development along the road has substantially increased the cost of acquisition, highway department officials said.

A review of the alignment showed that a slight shift to the west would avoid developed property on the east side of Telegraph, at an estimated savings of \$400,000, a highway department spokesman noted.

Lakesiders Meet With City Tonight

The 400 families in the Lakeside Homes public housing project will resume airing their problems to city officials tonight.

Residents will meet with city commissioners and housing, police and human relations officials at 7:30. The meeting will be held in the Lakeside offices at the foot of Branch.

The meeting is a continuation of one held three weeks ago. At that time a proposal to strengthen the powers of the Lakeside Tenants Council was offered.

Husband Kills Coed-Wife, 21, Then Himself

A 21-year-old Michigan State University coed from Orchard Lake was shot to death Friday by her husband of only three weeks. He then killed himself with the same weapon, a 12-gauge shotgun, police said.

The couple, Mr. and Mrs. Paul Weitzke of East Lansing, reportedly had been arguing before the shooting, according to police in Mason, near Lansing, where the murder-suicide occurred.

Mrs. Dianne Weitzke was the daughter of Mr. and Mrs. Herbert W. Huber, 7559 Sweetbriar.

The double shooting took place in the home of her brother in the Sycamore Mobile Home Court about 11 a.m., police said. Both died of head wounds. Weitzke, 26, was dead at the scene. His wife died about 40 minutes after being admitted to a nearby hospital.

Mrs. Weitzke was in her third year of school. She worked part-time at the Hospitality Inn in East Lansing.

Her husband, a Marine Corps veteran, had enrolled in classes this term but then withdrew, according to police. He was from the Owosso area.

Expected to Be Even Harsher Than House

Senators to Act on Foundation Curbs

WASHINGTON (UPI) — The Senate Finance Committee tried to decide today whether the nation's 30,000 foundations and their unmeasured billions of dollars in assets should remain tax-exempt.

The expectation was the committee not only would vote to subject foundations to taxation for the first time but would go even further than the House, which imposed a \$65-million levy on income they get from stock holdings.

otherwise be taxed — should serve society.

In addition to taxing foundations' investment income, the House bill would require them to give away a sum equal to 5 per cent on the worth of their assets each year; prohibit "self-dealing"

through which the creator of a foundation can use its stocks to increase his wealth; forbid them to control more than 20 per cent of a company's stocks; and prevent foundations from politicizing or trying to advise Congress on legislation.

No one, not even the Internal Revenue Service which requires only sketchy an-

nual reports from foundations, knows how great their wealth is. They are required to report only the original cost, not the current value, of the stocks they own.

The IRS receives reports from 30,282 foundations, but more than that are thought to exist.

U.S. World News Briefs

By The Associated Press

Two church bodies have approved contributions totaling almost \$2 million to aid blacks, with the United Methodist Board of missions pledging \$1.85 million.

The Methodist agency, meeting in Boston over the weekend, announced approval of grants totaling \$1.3 million for "a variety of black causes related to education."

It also voted an additional \$500,000 for "black economic empowerment," but delayed specific allocation until January.

In Chicago, the Episcopal Diocese of Chicago said Saturday it will raise \$25,000 in voluntary contributions for the Black Economic Development Conference (BEDC).

The governing bodies of the Episcopal Church voted last month in South Bend, Ind., to raise \$200,000 in new money for the national committee of Black Churchmen, which is expected to funnel the funds to the BEDC.

African Judge Sought

UNITED NATIONS, N. Y. (AP) — U. S. delegates from 40 African countries today pressed for a third judgeship for Africa on the 15-member International Court of Justice at the Hague. They contended that Africa's allotment should at least equal Asia's.

Five justices were to be elected by the General Assembly and the Security Council in separate votes this afternoon. They will begin nine-year terms Feb. 6, succeeding five judges whose terms expire then.

41 Die in Algeria Rains

ALGIERS (AP) — Torrential rains beat down yesterday on the Shara in the region of Tougourt, 420 miles south of Algiers. Officials said 41 persons lost their lives and 200 were injured.

'Health Service Crisis'

BOSTON (AP) — "We're at a point of crisis in the delivery of health services in this country," and a national medical policy should be developed to counter it, Dr. John H. Knowles says.

Knowles, director of Massachusetts General Hospital, attributed the crisis in part to the self-interest of such groups as health insurance companies, drug makers and the American Medical Association's board of directors.

AP Wirephoto

BARBIE'S BACK HOME—Seven-month-old Barbie Hanavan of Aurora, Colo., is back home after seven months in a hospital in California where she underwent surgery seven times to correct a curvature of the spine. Residents of Aurora turned out to greet her with a brass band and choir on her arrival Saturday at Stapleton Field in Denver.

Thalidomide Child Gets a Warm Welcome Home

AURORA, Colo. (AP) — The band from Park Lane Elementary School struck up "Happy Days Are Here Again." And to Barbie Hanavan, smiling and squinting in a bright fall sun, it was beautiful.

Barbie, 7, the adopted daughter of Mr. and Mrs. Wayne Hanavan of Aurora, came home Saturday after spending months in a California hospital where her spine was straightened after seven operations.

Born without an arm, a fused elbow on the other, curvature of the spine and stunted vital organs, Barbie was a "thalidomide baby" whose natural mother took the drug before Barbie was born.

"Barbie's been in a cast and had braces on her legs most of her life," said Wayne Hanavan. "She had a body cast when she came to us at six months."

HOSPITALIZED MOST OF LIFE

Barbie has spent most of her life in hospitals and for the past eight months has been under treatment at the Rancho Los Amigos Hospital in Downey, Calif., a nationally known orthopedic center. There, helped by \$18,000 raised by Colorado residents and from nationwide donations, Barbie underwent the seven operations which straightened her spine.

Without the surgery, her curving spine eventually would have crushed her lungs.

Inducement for 'Smoke Rings'?

Effect of a Cigarette Tax Hike Eyed

LANSING (AP) — If the cost of smoking increases in Michigan, so could smuggling.

On that point there seems to be little argument among the Michigan State Police, Senate Taxation Chairman Harry DeMaio, R-Battle Creek, the state's tobacco industry and the office of Gov. William Milliken — who proposed a five-cent per pack increase to the current seven-cent state cigarette tax to pay for part of his education reform program.

The question remains: Will more money for the state mean more trouble than Michigan bargains for?

"We don't anticipate any great problem," says State Budget Director Glenn

Allen Jr., who worked on Milliken's plan.

ENFORCEMENT BOOST

However, Allen says the executive office plans to include \$50,000-\$100,000 for increased enforcement in its 1970-71 budget recommendations.

DeMaio remains skeptical, so much so that he plans a trip to New York early next month to confer with lawmakers there on bootlegging activities in that state — which has a 12-cent-a-pack state cigarette tax.

DeMaio points to the testimony of Morris Weintraub, managing director of the Wholesale Tobacco Distributors of New York, Inc., who told Michigan's Senate Taxation Committee:

"If Michigan goes through with this increase, it will bring cigarette bootlegging into the state on a large scale and succeed only in crippling the local tobacco industry on the one hand and shortchanging the state's tax revenues on the other."

SEEN AS INDUCEMENT

Michigan State Police Director Frederick Davidson notes that Milliken's proposal "appears to be an effective means of raising revenues for additional school aid."

"It also will undoubtedly be an inducement to organized crime to increase smuggling activities between states with little cigarette tax and Michigan."

Wisconsin's tax now is 14 cents; Illinois, 12; Ohio, 10; Indiana, 6 and Kentucky, 2.

Davidson notes that the difference in tax between Michigan and North Carolina, should the proposed increase pass, would be 10 cents a pack, or \$1 per carton.

"Even reducing this margin so as to be able to discount the cigarettes in Michigan, there would be sufficient profit in a carload of cigarettes to attract the underworld," he says.

Nonetheless, Davidson says the State Police "do not feel that this is a serious argument against the bill — provided we are allowed to establish and maintain a unit of detectives to combat smuggling."

Arms-Curb Topics Eyed

WASHINGTON (AP) — The United States may try for a curb on the warhead-carrying capacity of powerful Soviet missiles in negotiating any joint U.S.-Russian agreement on suspending development of the multihedded weapons.

This is because top defense officials feel Russia is in a much better position than the United States to mount heavily destructive multiple warheads on their missiles.

The Soviet SS9 rocket is reported to be capable of hurling 25 times more nuclear megatonnage across intercontinental distances than the land-based U.S. Minuteman ICBM.

Secretary of Defense Melvin R. Laird indicated U.S. concern in this connection

recently when he said it gives the Soviet Union a "tremendous advantage on the United States" in "the amount of destruction that can be delivered" by multiple warheads.

"I believe that this is a matter which should be a very important part of any negotiations which we have," Laird said.

The United States and Russia announced Saturday they will open preliminary discussions in Helsinki, Finland, Nov. 17.

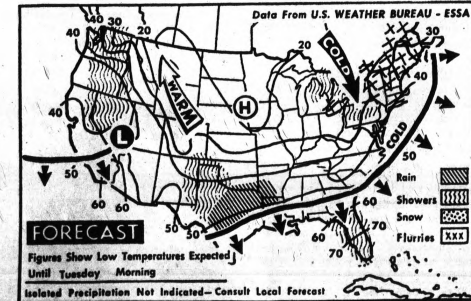

These Helsinki talks, officials said, will attempt to work out procedural details leading to what promises to be long drawn-out bargaining on the question of limiting atomic killing power on both sides.

NATIONAL WEATHER—Rain is expected tonight in southern Florida and in parts of New Mexico, Texas, Oklahoma, Louisiana and Arkansas. Rain also is forecast for an area extending from the Pacific Northwest to central California and Nevada. There will be snow mixed with rain for a belt extending from the central Great Lakes region through New England.

Educational-Reform Debate Shaping Up in State Senate

LANSING (AP) — The Michigan Senate is expected to be the principal arena for education reform legislation this week.

The upper chamber scheduled an 8 p.m. session today, but the House marked time until a 9:30 a.m. session on Tuesday.

Senate Education Chairman Anthony Stamm, R-Kalamazoo, predicted at least two bills would reach the floor today for debate, while Minority Leader Sander Levin, D-Berkley, was expected

to present counterproposals to Gov. William Milliken's package.

At week's end, there had been no decision on whether the counterproposals would be Levin's or those of a majority of the Senate Democratic caucus. Some Democrats have said they hoped the latter would be true and that the education bills would not become a cause on which anyone would run for governor.

Senate Appropriations Chairman Charles O. Zoller, R-Benton Harbor, meanwhile, put budget experts to work

seeking precise, long-range costs of Milliken's bills.

In the House, Speaker William A. Ryan, D-Detroit, said the preliminary Senate action hopefully would be followed by negotiations on alternatives.

Ryan said he didn't expect any of Milliken's 10 bills and two resolutions to clear the upper chamber before the end of the week, if that soon.

One of the bills most likely to face early Senate debate is Milliken's proposal for a constitutional amendment

to eliminate the State Board of Education. The governor recommends it and the public school superintendency be replaced by an Education Department director whom he would appoint, subject to Senate confirmation.

SOME ALTERNATIVES

Numerous alternatives have been advanced in both chambers. One calls for an appointed board, another for an elected superintendent, such as the state had before adopting the present elected-

board scheme as part of the 1963 State Constitution.

Sen. James Gray, D-Warren, has introduced a bill to make a four-hour day the basis for calculating the 180 days that schools must be open to receive full state aid. That bill has been reported out of Stamm's committee.

While the Senate works on Milliken's package, the House is expected to review conference reports on previously passed bills. Education Committee Chairman Lucille McCullough, D-DeARBorn, has

asked the executive office to send an aide to a Tuesday afternoon meeting of her committee.

The two chambers still are negotiating over a bill aimed at forcing consolidation of all remaining municipal courts into districts by Jan. 1, 1971.

House Democrats, Ryan said, also want a homestead tax exemption for elderly property owners included in education reform. Bills to do that are alive in both chambers.

HELPING HAND—Charley, one of two young squirrels found abandoned recently in Columbus, Ohio, is fed by Brian McKnight, 14, who is caring for the orphans. Mama squirrel was killed by an automobile.

THE PRESS Area News

PONTIAC, MICHIGAN, MONDAY, OCTOBER 27, 1969 A-3

Grid Star's Father Dies in State

Weekend Road Toll Hits 17

Eighteen persons died in traffic across Michigan over the weekend, including the father of a Cleveland Browns linebacker.

Raymond Walthorn, 7, of Grand Rapids, died Sunday night of injuries suffered when he was struck by a car near his home Saturday.

Killed in the flaming crash of his tandem gasoline tanker at Midland Saturday was Arthur Meylan, 59, of Kawkawlin, father of Wayne Meyland who was an All-State football player at Bay City High School and later an All-America at Nebraska.

Meyland was trapped in the wreckage of his truck which turned over after a collision with a car.

The Associated Press count of weekend fatalities began at 6 p.m. Friday and ended at midnight Sunday.

The other victims:

John Ando, 19, of Sylvania, Ohio, whose car rolled over Saturday just inside the Michigan state line in Monroe County.

John Rikle, 48, of Bay City, in a rear-end auto collision Friday night on I-75 in Genesee County's Mount Morris Township.

Mary Benton, 26, of Saginaw, in an auto crash Saturday on M 13 just south of Saginaw.

Eugene Roy Carter, 20, of 312 Summers, Imlay City, when his car ran off Newark Road Saturday in Imlay Township and hit an abutment.

Robert A. Colosky, 38, of Mayville, when his car veered off a road Saturday in Tuscola County and rolled over.

Daniel A. Bzoui, 51, Flat Rock, when his car collided with another Sunday on U.S. 24 in Brownstown Township of Wayne County.

Jerry Roger Walker, 22, of Ithaca, and his wife, Deborah, 18, whose car skidded broadside into the path of another auto Saturday night in Gratiot County's Arcadia Township.

Clay Evans, 34, of Detroit, whose car overturned Saturday on M 24 in Lapeer County's Lapeer Township.

Mrs. Dennis Shaver, 18, of Charlotte, when her car ran off M 50 and hit a tree Saturday night about three miles southeast of Charlotte.

Alexander Hamilton, 21, of Detroit, in a smashup involving two cars and four

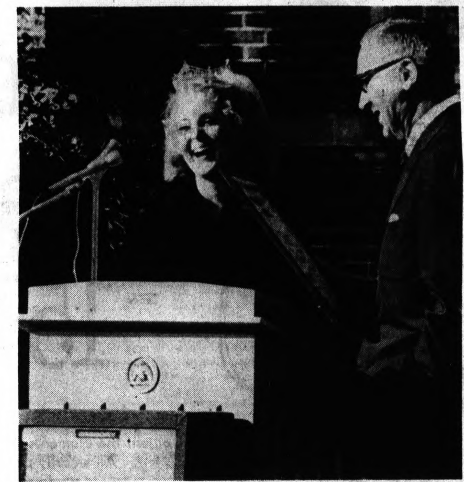

trailers in Detroit Saturday.

Michael J. Klier, 19, of Beaverton, and John S. Murray, 18, of Flint, whose car overturned on M 61 near the Bay and Gladwin county line.

Chester J. Kruszek, 20, of Latham, N. Y., an airman stationed at Kincheloe Air Force Base near Sault Ste. Marie, when a car in which he was a passenger over turned on I-75 in Sault Ste. Marie, Saturday night.

William Henry Reed, 56, of Charlotte, struck by a car while crossing a road north of Charlotte Sunday.

Robert Clarence Jack, 27, of Brighton, whose car ran off U. S. 23 in Washtenaw County's Northfield Township Sunday.

BRINGS SMILE—State Rep. Raymond L. Baker, R-Farmingham, reads a resolution to "our ambassador to the world." Pamela Eldred, during Miss America Homecoming ceremonies Saturday at the West Bloomfield Township Hall. Following the morning ceremonies, the 21-year-old green-eyed blonde led a 100-unit parade through the township.

Here's News at a Glance

IMLAY CITY — The Imlay City Board of Education has scheduled a special election Nov. 24 in a second attempt for voter approval of a \$2,535,000 millage package.

The bond issue would provide a new 21-room middle school; 12 additional rooms and a library at the high school; seven additional rooms at the elementary school; a central administrative facility; and site acquisition of at least 33 acres adjacent to the high school.

Theft at Purple Pickle

WEST BLOOMFIELD TOWNSHIP — Thieves took \$733 from a hiding place and the cash register drawer of the Purple Pickle restaurant. The theft was noticed when an employee opened the restaurant at 8:30 a.m. yesterday. Township police are still investigating.

Swainson Subs for Hart

UTICA — Circuit Court Judge John B. Swainson will replace Sen. Philip A. Hart, D-Michigan, as the opening speaker in the Utica - Shelby - Sterling Human Relations Council's lecture series tonight at 8 in the Utica High School Auditorium, 47255 Shelby.

Yule Craft Classes Set

TROY — The Troy School District's Adult Education Department will offer three Christmas craft classes beginning Oct. 30.

Thursday, a Christmas card design class will be held from 7-10 p.m. at the Smith Junior High School. On Nov. 5, a tinzel and tassel class will be offered, and on Nov. 12, holiday gift wrapping instructions will be given.

Adult Ed Courses Near

ROME — A selection of adult education classes will be offered in the school district beginning November 24.

Courses will be scheduled to run for 10 weeks and will meet on a Monday or Tuesday from 7 to 9 p.m.

Registration is limited to the week prior to the beginning of classes. Applicants may register at the principal's office, 316 N. Main in Rome, from 9 a.m. to 4 p.m. today, tomorrow or Wednesday.

Troy's City Manager, in Ill Health, Is Retiring

TROY—Paul A. York, 45, city manager here since 1964, in ill health for the past four months, is retiring on a disability pension effective Jan. 1. He is a former Rochester city manager.

Acting City Manager Patrick H. Hynea is leaving the city today and taking the post of city attorney at Midland.

Working as interim city manager until a new one is named is City Clerk Kenneth L. Courtney.

Detroit Mayor Race Heats Up in Stretch

DETROIT (AP) — With the election little more than a week off, the candidates for mayor of Detroit appear to be loosening their ties for some infighting.

Richard Austin and Roman Gribbs appeared Sunday in their second debate and clashed over campaign tactics. Gribbs, the Wayne County sheriff, charged that Austin had begun indulging in personal attacks and "the politics of desperation."

Austin, the Wayne County auditor, implied that Gribbs was playing on people's fears in stressing law enforcement. He said Gribbs had unfairly

School Strike Over in Harper Creek; 6 Districts Still Out

Some 3,300 pupils in the Harper Creek School District near Battle Creek took their first taste of learning today after a teacher strike had emptied classrooms for three weeks.

A ratification vote on the proposed Harper Creek agreement reached this weekend is expected today. Meanwhile about 46,000 pupils in Flint remained out because of the continuing teacher strike.

Four other strikes also continued in other Genesee County districts along with a fifth at the Chelsea School District of Washtenaw County. Altogether the strikes closed classrooms to about 71,000 pupils.

Weekend talks were scheduled for the Flint negotiators, but no progress was reported. The story was similar in other districts.

characterized his (Austin's) position on crime.

"I have spoken out on the crime issue, especially, on many occasions from the very outset of the campaign and even at the very first confrontation with my opponent," Austin said.

"I believe we should give the police all the help they need to make their work more effective and it is my feeling we should not exploit the fears of people to be elected mayor," Austin added.

With that Gribbs responded: "Up to now the campaign has been on a very high plane. I am a little concerned, however, that in the last few days my opponent has become more strident and he has attacked me personally and has brought personal matters into the campaign."

Gribbs, in answer to a question by moderator Howard Lancour, said, "He (Austin) has indicated I'm not qualified...that some of my judgments are erroneous...that I'm not going to the right people to see the right people."

Cityhood Debate Set in Commerce

The pros and cons of the proposed incorporation of parts of Commerce Township and Wolverine Lake Village will be argued at a public meeting Tuesday. Residents go to the polls Nov. 4.

The 8 p.m. meeting at Walled Lake Central High on South Commerce Road is sponsored by the Commerce Township Republican Club.

Clifford Cottrell, manager of Wolverine Lake, will present arguments in favor of incorporation. Robert Long, supervisor of Commerce Township, will argue against. A question-and-answer period will follow.

1 Shot at Party; Suspect Is Held

BINGHAM FARMS — The Oakland County Sheriff's Department is holding Gary Kasco, 26, of 24055 W. 13 Mile in connection with the shooting of a Royal Oak man during a birthday party in his home last night.

In critical condition at William Beaumont Hospital, Royal Oak, is Tom Stadler, 26. Police said they would seek an attempted murder or felonious assault warrant this morning against Kasco.

Police said they found Stadler lying in a pool of blood in an upstairs hallway outside a bathroom when they arrived.

They said Stadler was shot in the lower abdomen when he attempted to enter the bathroom, in which Kasco had reportedly locked himself.

Although one slug was found, police have not yet turned up the weapon used. The slug is believed to be .22-caliber.

Police said they also would seek a warrant charging Kasco with possession of narcotics.

Police said they confiscated marijuana cigarette butts, a plate for making driver's licenses, a blank pistol and telephone equipment.

ACCEPTING AWARD—Mr. and Mrs. Teddy D. Nowakowski of Rochester accept posthumous award of the Bronze Star Medal for their son, Army Spec. 4 John A. Nowakowski, who was killed while on a combat mission in Vietnam last March. Presenting the medal is Maj. Gen. Shelton E. Lollis, commander of the Army Tank-Automotive Command in Warren. Spec. Nowakowski graduated from Rochester High School in 1965.

Boom-Town Status Puzzles Royal Oak

ROYAL OAK (UPI) — City officials are "wondering what the professor told the machine" in Massachusetts that predicted Royal Oak is one of the nation's 44 potential boom towns.

"We have no place left to boom unless it's skyward," said a puzzled City Manager Bruce W. Love.

Royal Oak's name popped out of a Brandeis University computer last week along with those of 43 other U.S. cities with populations of more than 50,000 that met criteria for rapid economic growth in the next 10 years.

Dr. Wyant Jones, who conducted the study, fed 165 variables into his machine from U.S. census data on such things as industrial growth, age of the population and personal income.

But city officials are the first to admit Royal Oak doesn't fit into the professor's conclusions that most of the potential boom towns cater to aerospace, defense, oil, meat or dairy industries.

Royal Oak with a population of 100,000 in its 12-square-mile area, is one of Detroit's biggest bedroom suburbs. It is hemmed in on all sides by 11 other Oakland County towns that touch it at one point or another.

"We are \$6 per cent developed," said Lew McDaniel, the city's planning director. "What will we do with more people?"

Said Love: "I am wondering what the professor told the machine. I think I may write him a letter and ask him a few questions."

Rochester Voting Today

ROCHESTER—Voters go to the polls here today to decide on a school construction bond program of \$9,475,000.

Approval would pave the way for construction of two new elementary school buildings, a new junior high school, a maintenance service building, along with additions to Adams High School and Baldwin, Hamlin, Brooklands and Woodward elementary schools.

The bonds also would provide for site acquisition of at least 115 acres over a five-year period. If passed, the bond issue would be financed at eight-tenths of a mill. Cost to the property owners would extend over a 29-year period at 80 cents a year for each \$1,000 of state equalized valuation or \$8 a year on property assessed at \$10,000.

A previous proposal was defeated in June by 119 votes of 4,300 cast. The polls will close at 8 p.m.

WILL YOU MARRY ME?

Will you marry me, he said?
Yes, I said. Yes! Silly question
. . . I've wanted to marry him
from the moment I set eyes on
him. Of course, I managed to
be quiet and sphinx-like for al-
most a year while he caught
the idea of reading The Press.
Why does it take so long to catch
on to all the wonderful bargains
contained in The Press? It tells
me of wonderful bargains, keeps
me up to date on local, state,
country and international news
better than anything else.

Southern Dem Stalls Voting Rights Bill

WASHINGTON (AP) — A Mississippi congressman has succeeded in stalling a bill to protect Negro voting rights in the South so long that Congress will be unable to complete action on it this year.

Using his power as chairman of the House Rules Committee, Democratic Rep. William M. Colmer has spurred repeated requests by the leadership to clear the bill so the House can vote on it.

Highland Park Accord Averts Police Trouble

HIGHLAND PARK (UPI) — City officials reached agreement yesterday on a new contract to avert a policeman's walkout threatened today, but Mayor Robert Blackwell said a state of emergency would go into effect anyway to combat increased crime.

Patrolman Armen L. Hagopian, president of the Highland Park Police Officers Association, charged Friday that Blackwell had declared the state of emergency in order to force police to work overtime.

Under the city charter, officers can refuse to work more than eight hours a day unless an emergency has been declared.

Blackwell said in the agreement reached yesterday policemen would work 12-hour days.

The new one-year contract replaces one that expired June 30. It had been under negotiation since April.

Blackwell denied reports he declared the emergency as part of the contract dispute and said it will go into effect today to combat crime in the suburban enclave of 32,063 persons.

Voting News From World

By the Associated Press
PORTUGAL—Premier Marcello Caetano's National Union Movement again won all 130 seats in the Portuguese National Assembly in the first election in 43 years in which opposition candidates ran. The vote was about 7 to 1 for the government, but less than half the registered voters turned out.

Couve de Murville Loses
PARIS—Maurice Couve de Murville, the man Charles de Gaulle picked to supplant Georges Pompidou as premier, lost his race for a National Assembly seat. His defeat was a blow to die-hard Gaullists, who think Pompidou as president is not sticking close enough to De Gaulle's domestic policies.

Aussie Labor Day Gains
AUSTRALIA—The opposition Labor party picked up 16 seats in national parliamentary elections. The Liberal-Country party coalition leads 62 seats to 58, but five undecided races could swing the election either way. Some attributed the swing to Labor's pledge to bring home the 7,500 Australian troops in Vietnam, but the Sydney Morning Herald said it was a reaction to Prime Minister John Gorton's "slightly arrogant, impulsive one-man-band style of leadership."

Alabama, Georgia, Mississippi, Louisiana, South Carolina, Virginia and parts of North Carolina.

In opposing its extension, Atty. Gen. John N. Mitchell told Congress he could not support it because it was regional legislation. Civil rights groups have charged that the administration position is an effort by President Nixon to pay a political debt to his southern supporters.

Key provisions of the present act, due to expire next Aug. 5, include the power to send federal observers into the affected states to oversee elections, and a prohibition against any new election regulations going into effect without federal review.

Although the administration bill would provide substitute provisions for the expiring ones, it is given no chance of being passed.

On the other hand, passage of the measure to continue the 1965 act appears certain once it reaches the House floor.

Extension of the 1965 act faces more difficulty in the Senate, where a filibuster by its southern foes is a possibility.

That is why Colmer's success in putting Senate action over until next year has supporters of the legislation worried.

Mrs. G. H. Gotshall, Orchard Lake (left) is an avid collector of antiques. She shows Mrs. Maurice B. Allen Jr. of Bloomfield Township some rare American pewter made in the 1700s by Edward Danforth (the beaker) and Richard Lee (the porringer). These objects and the Queen Ann highboy from Connecticut were purchased at past Junior Goodwill Antique Shows. Both women are working at this year's show Nov. 8 through 11. The public may attend the event in the Goodwill Industries on Brush Street in Detroit. Hours are 11 a.m. to 9 p.m. each day, except Tuesday when the show closes at 6 p.m. Proceeds help the organization which has an outlet store on East Pike Street in Pontiac.

Select Buffet for a Group of This Kind

By ELIZABETH L. POST
Of The Emily Post Institute

Dear Mrs. Post: I would like to invite my daughter's fiancé's family for dinner. My problem is I don't have a formal dining room — just a small dining area off the kitchen. I have a beautiful finished basement with a large table which would make it so much easier.

But I am wondering if it would be in poor taste to bring them down to the basement. —Mrs. S.

Dear Mrs. S.: Why not make the dinner for your daughter's in-laws a buffet? There is nothing improper about taking them to the basement room, but I would think it would be difficult to serve a dinner if you have to go up and down a flight of stairs. Also, the buffet atmosphere is sometimes more relaxed and easier for strangers than a formal seated dinner.

Set up the buffet in your small dining area, convenient to the kitchen. If needed, borrow or rent enough small tables so that each guest has a place to rest his plate, glass, etc. I think you will find your guests will enjoy this more than seeing you run up and down stairs to serve them their dinner.

Woman of the Year

Mrs. Wyckoff BPW's Antiquing Expert

Well-known local business woman, Lucinda Wyckoff, has been named Woman of the Year by the Pontiac Business and Professional Women's Club. Mrs. Wyckoff is a past president of the club, currently a director of it and chaplain of District 10.

Ten years ago, she became the owner of Brown Brothers Paint and Wallpaper

Store on West Huron. Since then, she has established a reputation as an expert in refinishing and antiquing furniture. She has been nicknamed "The Angel of the Do-it-Yourselfers" and "The Mother of Antiquing."

She has given demonstrations before hundreds of women's groups, high school classes and church groups. She is a

favorite teacher at the YWCA, holding several classes each week and donating her salary to the Y.

She has appeared on television and counseled hundreds of people interested in redoing their furniture. Young marrieds on a restricted budget seek her advice.

Lucinda says she antiqued her first piece of furniture without knowing what she was doing. Newly married and poor, she wanted to make an old sewing machine look more attractive. So she painted it Chinese red and stovepipe black. Thinning the blacking, she brushed it over the color and wiped it off.

"Instant antiquing," she quipped. But the current craze for antiquing, or as some of her customers say, "French prudential finish" is only about four years old.

Promoted to running a paint department in a Detroit store during World War II, Lucinda learned the business the hard way — by trial and error. But she had 20 years of experience behind her when she bought the Pontiac store.

INTERESTS

In addition to teaching classes at the Y, she is treasurer of the organization and on its board of directors. She is also a member of the Employment Committee of the Citizens Task Force of the Pontiac Area Planning Council.

Lucinda is the widow of F. Leigh Wyckoff. She has one son of her own and three stepchildren; there are seven grandchildren.

Lately, Lucinda has been threatening to retire. Then, she says, she'll have more time to devote to the Y; to take all sorts of interesting classes, except judo; and to see more of her friends.

"I've made some wonderful friends in Pontiac."

LUCINDA WYCKOFF

By ABIGAIL VAN BUREN

DEAR ABBY: How I wish I had had some sex education in school. Not one word was spoken about "sex" in our house. My mother was a minister's daughter and my father was a minister! My husband and I were shocked to learn that we had to get married. (He was 22 and I was 20) Believe it or not I was a virgin, but we went in for some very heavy petting although we never went "all the way" technically.

But I got pregnant anyway, and the "virginal" membrane was broken by the doctor before the birth of my baby. (If this sounds impossible, ask a doctor.) I am lucky. We have a wonderful marriage, but had we not been so stupid and naive we could have avoided a lot of embarrassment for our families.

CHICAGO READER

DEAR ABBY: To the parents who say, "leave sex education to the home," I say, "Phooey!" The kids aren't getting it at home either. Why shouldn't kids be taught to recognize venereal disease? Isn't that better than NOT knowing? I had a 16-year-old girl tell me she was going to commit suicide because she had kissed a guy goodnight with her mouth open and she was sure she was pregnant! Keep plugging, Abby. We're all for you!

ABBY FANS IN ANAHEIM

MAKE OVER PAGES Sex Education in School Topic of Today's Column

DEAR ABBY: I agree with you! Sex should be taught in the home, but since it's not taught in most homes, it should be taught in school. Kids are naturally curious about sex, and if they don't learn it from informed sources in a decent way they are going to learn it from EACH OTHER in a not so decent way. I learned it from the boys I dated. We'd talk about sex in parked cars while kissing and so forth, and I can tell you that's no good!

DUMB BUT LUCKY

DEAR ABBY: I am a high school senior and we have had "sex education" in our schools for six years. The only thing wrong with it is the NAME. We are NOT taught how to perform the sex act! We learn about reproduction in animals, humans, getting along with parents, the danger of drugs, how to keep our bodies healthy, even how to make a budget for a family.

We have had a rabbi, minister, and priest come to talk to us. And we were able to ask questions. If anyone is interested in an excellent sex education program, they should get in touch with the KEOKUK, IA., superintendent of schools. Theirs is tops!

BEEN THERE IN IOWA

DEAR ABBY: I just graduated from high school and we had a class called "Family Life" which was not required, but optional. My only complaint was they didn't teach us enough. The only protection against trouble is total education in a clean way. People who think kids will "experiment" because they know too much are wrong. They experiment to find out what they don't know.

FOR SEX EDUCATION IN ARIZONA

DEAR ABBY: We are students of "L.C.H.S." in Lawrence, Ind., and have had sex discussions in our school. It was

all about reproduction, venereal disease, dope and its effect on unborn children, smoking and drinking, etc. In the seventh grade we had films and had a registered nurse to answer our questions. This was done during our physical ed. hour, for girls only. The boys had the same. We all agree, it was the greatest thing that ever happened in our school.

GIRLS IN LAWRENCE
(14 girls signed their names)

Industry Fears Consumer Suits, Pushes Lobby

WASHINGTON — Retailer and industry lobbyists are mounting one of their most aggressive behind-the-scenes efforts in years to head off a consumer protection proposal they consider "out-and-out business-busting."

The first confirmation of success or failure will be President Nixon's forthcoming consumer message. If it contains the offensive class action recommendation, industry will have suffered a major setback. It will then transfer its campaign to the halls of Congress, for the first time petitioning that a major Nixon legislative recommendation be ditched.

The Nixon plan drawing fire is a proposed "Consumer Class Protection Act." As backed by Virginia Knauer, the President's consumer affairs advisor, this would permit class civil suits against businessmen accused of engaging in unfair or deceptive acts or practices as defined in Section 5 of the Federal Trade Commission Act.

In effect, a class action would be a suit by a small number of consumers seeking relief and redress for all consumers aggrieved by specified illegal business practices. The idea is to open up the court route to consumer attack where such proceedings have been too costly and to complex to draw consumer action in the past.

Business is convinced that the class action is both mischievous and disastrous and that it would not provide the protection for consumers that could be obtained by alternate routes and tactics. Business and industry also fears the class action plan would foster hostility that would best be avoided.

SOAKING UP THE SUN — A seagull in Stonington, Conn., sits on a piling the setting sun. He'll be around all winter, unlike his fair-weather cousins who head south.

Ex-Captain in Beret Case Still Serious After Wreck

PERTH AMBOY, N.J. (AP) — Former Green Beret Capt. Robert F. Marasco, once accused with seven Army colleagues of killing a Vietnamese spy, continued in serious condition today from injuries suffered in a weekend car accident.

Marasco, 27, was taken to Perth Amboy General Hospital with massive head injuries Saturday.

Thomas J. Green, 22, identified by police as driver of the second car involved in the head-on crash, was killed.

Mrs. Jacqueline Ziegerberg, a 34-year-old divorcee who was a passenger in Marasco's car, suffered a fracture of the left leg.

Marasco was named by the Army as the Green Beret who fired the shot which killed a Vietnamese agent. Murder charges against the New Jersey man and the others were subsequently dropped and the Army two weeks ago after returning from Vietnam.

He obtained a Mexican divorce last Wednesday from his wife of six years, Denise, on grounds of incompatibility. They were childless.

Talks Ended by Soviets and Czechs

MOSCOW (AP) — Soviet and Czechoslovak leaders completed friendship talks today and adopted a statement whose contents are not expected to be released until the Czechoslovak leaders return to Prague Tuesday.

Prague Television had said earlier the document would be of "basic political importance." But an official announcement issued here said only that it was a "joint Soviet-Czechoslovak statement."

Observers have discounted speculation the statement contains any promise of a Soviet troop withdrawal from Czechoslovakia. It was considered more likely that the statement justified the 1968 invasion and possibly announced Soviet aid.

The big Czechoslovak delegation was led by Communist party chief Gustav Husak, President Ludvig Svoboda and Premier Oldrich Cernik. They met with Soviet party chief Leonid Brezhnev, President Nikolai Podgorny and Premier Alexei Kosygin.

Pile Treatment Works Wonders For California Couple

Treatment Shrinks Piles, Relieves Pain In Most Cases
SARASOTA, Cal. Mrs. C. Arnold of this city reports: "I can't contain myself any longer to write you about wonderful Preparation H for hemorrhoids. My husband has also been using name and it's doing wonders for him."
(Note: Doctors have proved in most cases — Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer finds prompt relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

Tunney's Missing Daughter Located in French Hospital

MARSEILLES, France (AP) — Joan Tunney Wilkinson, daughter of former heavyweight boxing champion Gene Tunney, is in a Marseilles hospital after being missing for two months.

Two residents of France brought Mrs. Wilkinson to the American Consulate Friday and she was taken to a hospital. Officials refused to say whether she was seriously ill.

Her husband, Carter Wilkinson, has arrived in Marseilles to be with her.

Relatives in the United States said the woman was "very emaciated and sick" and had "a complete loss of memory."

REPORTED MISSING
Mrs. Wilkinson was reported missing Aug. 28 in Bergen, Norway, where she was vacationing, the family said Sept. 29.

A statement read Sunday on behalf of Mr. and Mrs. Gene Tunney of Stamford, Conn., said: "We are delighted and relieved to report that our daughter Joan has been found alive after being missing for two months in Europe."

"Her condition is reported serious but not critical. Although we have no other information at this time, we are just thankful that she has been found alive."

"The report came by telephone from Ben Shore in Los Angeles. He said he was an employee of Rep. John V. Tunney, D-Calif., son of the former champion."

ADDED INFORMATION
Additional information on Mrs. Wilkinson's condition came from her mother-in-law, Mrs. Ruth Wilkinson of Whitefish Bay, Wis.
