Colorado Man Tells How He Blew Up Plane

Explains Concealment of Lethal Explosives in Mother's Luggage

DENVER (AP)—In dispassionate tones, John Gilbert (Jack) Graham related last night how he rigged 25 sticks of dynamite to explode aboard an airliner carrying his mother and 43 other persons.

All 44 were killed Nov. 1 when the big United Air Lines DC6B blew up near Longmont, Colo., and crashed 11 minutes after it had left Denver.

Graham, a 23-year-old convicted forger, did not reply when asked whether he felt remorse.

U.S. Atty. Donald E. Kelly said the Denver construction and restaurant worker signed a "written admission" earlier that he killed his mother, Mrs. Daisie E. King, 54, to collect her \$37,500 air flight insurance.

Ironically, the insurance was invalid because his mother had failed to sign it before she left Denver's Stapleton Airfield for Spenard, Alaska, and a visit with her daughter Mrs. Helen Ruth Hablutzel. The policies were taken out at the airport by Graham.

Graham was also in line to receive a fourth of his mother's estate, estimated at \$150,000.

Details of Graham's plot were reported by David Stolberg of the Rocky Mountain News.

Construction of the bomb was begun Oct. 18 or 19, Graham said. Parts of it included the dynamite—40 per cent explosive and 60 per cent packing, a timing device, a 6-volt dry cell "hot-shot" battery, and two dynamite caps. Each of the caps was (Continued on Page 2, Col. 7)

Vandalism in Cass Lake Home

SLASHED OIL PAINTING — Vandalism who entered three summer homes on Cass Lake during a weekend of destruction slashed this oil painting, while ransacking the house. Apprehended last night as they completed more destruction, the pair of juveniles were taken to the County Children's Home pending preliminary hearings in Juvenile Court.

STAIRS OF DEBRIS — A vacuum cleaner, cooler, crockery and other household effects were thrown downstairs in this Cass Lake summer home vandalized by the two Keego Harbor juveniles. Walls were smeared with lip stick, and paint poured over a television set.

Mental Aid Stalls at Legislature's 5th Try to Agree

More Beds Plan Locked in Confusion; 6th Talk Called for Tomorrow

Welfare of the state's mentally retarded children was still at stake again today as the Legislature's House and Senate continued to lock horns over a program.

The objective is more hospital beds for the youngsters. Plans to meet this are numerous, but proponents of each solution have been unwilling to negotiate a real compromise.

The Oakland County Tuberculosis Sanatorium on Cooley Lake Road, and the Farmington Children's Home continue to be embroiled in the confusion of plans.

The Legislature's fifth attempt in 10 days to settle the dispute was deadlocked again today.

The Senate passed a new "compromise" last night, but the House promptly rejected it — the same stalemate which has existed since the two chambers became locked at midnight Nov. 4.

The Senate and House adjourned until 8 p.m. Wednesday. In the meantime a Conference Committee will be appointed to discuss a solution.

As before, in night-after-night sessions lasting until midnight, the inter-chamber dispute still revolved around the House insistence that the state buy the Oakland County Tuberculosis Sanatorium and the Farmington Children's Hospital and the Senate's refusal to do so.

The Senate plan, similar to a previous House-Senate Conference Committee compromise which was rejected by the House, still provides for 300 children to be placed in foster homes, 200 to be hospitalized under private contracts, 800 at Fort Custer Station Hospital and \$100,000 to speed up plans for a new 2,500-bed institution in Southeastern Michigan.

Democrats still balked at the plan on the grounds that it would not produce new beds fast enough.

They also objected that the plan to place 300 children in Northville would mean they will remain there indefinitely and hamper the mentally ill program.

Commerce Man Wounded 400,000 Deer Slayers Tramp Michigan Woods

FROM OUR WIRE SERVICES
An Oakland County man was shot and seriously wounded today, minutes after an estimated 400,000 hunters took to the fields for the opening of the 1955 deer hunting season in Michigan.

Wounded today was Bernard Janek, of Union Lake, Commerce. Janek was found unconscious on a trail in

Alger County at 7:45 a.m., 21 minutes after the deer season opened.

At Sault Ste. Marie Jack Cook, returning from a weekend at a hunting camp, struck and killed a buck deer with his car inside the Soo city limits today.

Cook didn't have a hunting license, so he called conservation officers who took over the carcass.

Cook said it was the first deer he ever killed.

Soo police reported two sightings of deer within the city limits on the opening day of the deer hunting season. There were three in one group and two in another. It is not unusual, however, for deer to wander into the city.

Opening day found most of Michigan cool and cloudy. A light rain dampened much of the Lower Peninsula.

Hunters hope for snow to improve their chances of tracking a deer.

Last year's toll during the regular season was nine hunters killed and 46 wounded. Eight others died of heart attacks in the woods.

Expect Adlai's Decision Today

Stevenson to Announce Democratic Candidacy in Chicago Hotel

CHICAGO (AP)—Adlai E. Stevenson was expected to formally announce today that he is a candidate for the Democratic nomination for president in 1956.

Those close to the 1952 Democratic presidential standard bearer said the statement — which Stevenson is to read to newsmen at the Conrad Hilton Hotel this afternoon — will announce that he is a candidate.

The statement will reveal his political plans and outline briefly his philosophy of government, but he will answer no questions. He will hold a news conference tomorrow.

At that time, he is expected to announce the selection of James A. Finnegan of Philadelphia, present Pennsylvania secretary of the commonwealth, as his campaign manager. This is regarded as a peace move toward those party leaders who favored Finnegan as Democratic national chairman over Paul M. Butler of Indiana, elected a year ago. Butler was Stevenson's choice succeeding Stephen Mitchell.

Frisco Suspect Says He Slew Kansas Matron

Admits Kidnap Murder of Wealthy Housewife Last August

SAN FRANCISCO (AP)—Arthur Ross Brown, arrested here for crimes reaching from the corn belt to the Pacific, was held under \$100,000 bail today after the FBI said he confessed the kidnap-murder of wealthy Mrs. Wilma Allen of Kansas City Aug. 4.

Technically, Brown is held on a charge of transporting a stolen automobile across state lines.

He was arrested yesterday while sleeping in an automobile stolen in Omaha. He had two loaded weapons in the seat beside him.

The FBI had been hunting him since Aug. 31 for the shooting of Sheriff Willard H. Marshall at Sheridan, Wyo. The sheriff was questioning Brown about a burglary there.

The FBI said that Brown while being questioned about that shooting yesterday, suddenly burst out: "Where I'm really wanted is in Kansas City," and then described

(See picture on page 2)

the kidnaping and slaying of Mrs. Allen, 34, wife of William R. Allen Jr., a wealthy Kansas City automobile dealer.

Mrs. Allen was kidnaped while shopping in south Kansas City. Her nude body with the hands tied behind the back was found three days later in a cow pasture south of Kansas City.

Percy Wyly II, FBI special agent in charge in Kansas City, said Brown told agents he had raped Mrs. Allen; that robbery was his motive. The coroner's report said tests were inconclusive as to the possibility of rape.

An FBI agent reported Brown admitted (1) forcing his way into Mrs. Allen's convertible at the point of a revolver; (2) forcing her to drive out of town; (3) shooting her twice through the head; (4) stripping her of her jewelry and taking her purse and (5) tossing the body out in the field.

Brown, 30, a native of San Francisco, "has been a mental case since he was 14," said his mother Mrs. Mary Brown.

The name of Arthur Ross Brown apparently never was listed among the hundreds submitted to the Kansas City Crime Commission, which had offered a \$10,000 reward for information on the slayer of Mrs. Wilma Allen.

Asks Early Speed Cut
LANSING (AP)—Gov. Williams today called for a special highway safety program starting Dec. 1 and asked Michigan motorists to begin voluntarily observing the state's new speed law which does not become effective until Feb. 3.

Turf Club Ends Troy Track Try

Inglis Closes Books on Race Application by Syndicate

Racing Commissioner James H. Inglis today closed his books on the Michigan Thoroughbred Turf Club's application for a track in Troy Township.

Inglis officially accepted the group's withdrawal of its application yesterday.

At the same time, he said he would not have approved the track proposed for construction at 14-Mile Rd. and John R.

He said the club sought improperly to acquire the 200-acre site, didn't have sufficient stock subscriptions, the site was not zoned for a track and did not have adequate police, fire, water or sewage facilities.

The Township Board reversed an earlier stand last month and disapproved plans for the track after it was learned two Troy officials stood to share a \$169,303 profit by obtaining options on the land.

One official, attorney Malcolm M. Heber, was discharged by the board. The other, who is elected, refused to resign and still holds office. He is Fred W. Hildebrandt, treasurer and a board member.

None of the Turf Club witnesses called by Inglis appeared at yesterday's session. The club submitted its withdrawal by letter last week.

Meanwhile, George F. Taylor, chief assistant Oakland County prosecutor, said today the prosecutor's office will await a transcript of the hearing testimony before investigating possible criminal charges.

Once the records are completely transcribed, he said, he will take up the matter with Prosecutor Frederick C. Ziem and State Atty. Gen. Thomas M. Kavanagh.

Taylor sat in on several sessions of the hearing conducted by Inglis.

Capture Teenage Vandals

Two Keego Harbor juveniles faced charges of vandalism today after a weekend spree of destruction in three Cass Lake summer homes.

The pair, boys aged 13 and 14, were apprehended after a neighbor called police yesterday to report they were ripping shingles off the roof of one of the unoccupied residences.

Truck Collision Kills Birmingham Woman

A 33-year-old Birmingham woman was killed today when her auto collided with a truck at 13-Mile Rd. and Northwestern Hwy. in Farmington Township.

Her two children, also in the car, were not injured seriously. Dead on arrival at William Beaumont Hospital was Mrs. Marjorie Buell, of 15775 Birchwood. Her daughters, Marty, 3, and Robin, 5, were treated for minor injuries.

Area Prediction: Colder Weather, Cloudy Skies

The weatherman foresees cloudy skies; windy and colder weather tomorrow. The Weather Bureau also said there would be snow flurries with a high ranging from 36 to 40 degrees.

It will turn colder late tonight with a low between 32 and 36 degrees. Temperatures will average near normal for the next five days according to the bureau. It will be warmer about Friday and colder again by the weekend.

The lowest temperature preceding 8 a.m. was 36 degrees. The temperature in downtown Pontiac was 44 at 1 p.m.

Placed in custody by Keego Harbor Police Chief Calvin Baxter and Patrolman Richard Hurtubise, the youngsters were taken to Oakland County Children's Home to await preliminary hearings in Juvenile Court.

They admitted entering the home of Sam Borin, 1820 Cass Lake Front Friday, and re-entering it yesterday afternoon.

They also told police they had entered the home of Joseph Lenhardt, 1828 Cass Lake Front, and the residence of Lois Lumborg, 1832 Cass Lake Front.

No damage estimates have been made of the damage in the homes, but furniture was slashed, radios smashed, paint poured over a television set, and dishes and glassware broken throughout the homes.

Walls were marked with lip stick and paint. During their work in one home, they paused to open canned goods and prepare a meal.

Taken to the scene of destruction, parents of the youngsters expressed amazement of the amount of vandalism.

Both boys told police they "didn't know" why they did it.

Chief Baxter said it is believed that the boys missed school, and part of the action had taken place during the daytime.

Hirsute Mexican 'Hairless' Gone; Child Despairs

A Mexican hairless dog which has hair, the constant pet of Lana Woznak, 5, is missing since Saturday afternoon.

"Lana will be a heartbroken little girl if she doesn't get 'Chico' back," said her mother, Mrs. Hazel Woznak, 611 Oakcrest Ln., White Lake Township.

The little girl and 15 other neighborhood youngsters vainly searched after the Chihuahua failed to return from a romp. Mrs. Woznak thinks he was stolen.

She said "Chico" is one year old and has tan and white hair. She attributed the hair to a rat terrier in "Chico's" ancestry.

There is a \$10 reward she said.

DETROIT (AP)—Michigan Bell Telephone Co. appealed to deer hunters around Michigan today to use caution when hunting in the vicinity of telephone lines to prevent disruptions in telephone service caused by severed wires.

Hunter Injured When Dog Trips Trigger on Shotgun

ARDMORE, Okla. (AP)—This hound dog wasn't man's best friend.

Herman Jackson of Gene Autry, Okla., told officers he was shot in the chest and hand by his own shotgun when his dog apparently stepped on the trigger of the gun while it was on a back seat.

Jackson was hospitalized but was reported improved.

Clarkston Hunter First Entry in Press Contest

First entry in the 1955 Pontiac Press deer contest was brought in by a 33-year-old Clarkston hunter only a few hours after the season opened early this morning.

Louis Henson, of 4845 Waldron Road, registered his prize, an 8-point 140-pound buck, at 9 a.m. He had bagged the deer in Groveland Township near Ortonville at 7:40 o'clock this morning.

The hunter took two shots from a 20-gauge shotgun to stop the buck as it was walking through open woods when Henson spotted him.

Henson, married and father of one child, works as a Fisher Body press operator when he is not enjoying his jaunts to the woods. He has been taking these annual hunting trips for the past six years.

Mr. Henson reported that he bagged a 6-point prize last year on the 2nd day of the season.

Another early kill was made by Mrs. Frances Stillwagon, daughter of Mrs. Edith Downing, of 100 Mt. Clemens Street, who brought down a 6-point buck at 7 a.m. today a few miles north of Gladwin. It was Mrs. Stillwagon's 1st hunting trip. The buck has not been entered in the contest, as yet.

The rack on Henson's buck measured 8 1/2 inches between the tips of the antlers for the widest spread.

FIRST ENTRY — Here's the 1st Pontiac Press deer contest entry of the 1955 season. It didn't take Louis Henson, Clarkston, long to bag the 140-pound, 8-point buck he is displaying above. He shot it near Ortonville at 7:40 a. m. today. The contest is a 3-way affair and runs through the regular season. Best rack and heaviest deer have a U. S. Savings bond ready for each.

Woman's Death Brings Inquest

Attorney Asks Move Following Death of Southfield Resident

A coroner's inquest was requested yesterday by Pontiac attorney William John Beer into the death last Friday of a 33-year-old Southfield Township woman who succumbed in a Royal Oak osteopathic surgeon's office.

The request is being considered today by Oakland County Prosecutor Frederick C. Ziem.

Mrs. D. W. Campbell, of 17325 W. Fourteen Mile Rd. died about an hour after she entered the doctor's office for treatment of an asthma condition, said Beer.

In the death certificate, Deputy Coroner Dr. E. W. Spohn said the condition directly leading to death was, "Anaphylactoid shock acute secondary to intravenous injection of Benadryl and adrenalin."

A six-person coroner's jury if approved by Ziem, would meet to determine the manner and means of death; if it appears unlawful and who, if known, was guilty or in any manner caused the death.

Hijacking Food Becomes Habit for Tricky Eagle

LANSING (U) — The bald eagle, symbol of U. S. might, is an opportunistic creature with little claim to boldness, says Dr. Donald Douglass of the Michigan Conservation Department. Eagles have been known to attack lambs but weighing only from 7 to 11 pounds themselves, they would find kidnapping a tricky task.

Rather than forage for themselves, most eagles prefer to sponge off the osprey, an excellent fisherman. The osprey catches a fish. The eagle swoops. The osprey drops his fish, and the eagle—with a juggler's coordination—darts in to catch it.

When the eagle isn't hijacking a meal, he tries to find his own fish, ducks or rodents.

Are eagles vanishing? Although protected by state and federal laws, their population has certainly decreased, but the drop hasn't been sharp.

The adult bald eagle, Douglass says, is about the most impressive and handsome bird there is. Brownish-black in color, "an adult female is normally about three feet long, with a wingspread of 6 1/2 to 7 1/2 feet. Males are slightly smaller."

In the field of legend is their courage. Though far from timid, their boldness is surpassed by many another of nature's creatures.

Maybe Not to Live, but It Will Help You Too

CLIFTON CITY, Mo. (U) — "Trust in the Lord" is the motto of Mrs. Jollie Potter, who will be 100 next Sunday.

"Maybe it won't help you to live to be a hundred," she said, "but it will certainly help you live."

Wives Angered Over Electricity

Power Cut in Norway May Prove Permanent as Appliances Mount

OSLO (INS)—Norway, long with a surplus of hydroelectric power, has run into a shortage. Housewives are irate over the necessity of using oil stoves to cook—or even to keep warm.

The Norwegian economy to a very great degree is dependent on electric power. Cooking with electricity is much more common in Norway than in most countries. Gas is used hardly at all. New apartment buildings use electricity for heating.

Before World War II, Norway had a surplus of electric power. Before and after the war the government campaigned to make people use electricity. Now a power shortage is becoming permanent, while postwar buying power has led Norwegians to buy ever more electric stoves, water heaters, refrigerators and washing machines.

An inter-municipal power authority distributes power to various areas according to need. Unfortunately this inter-municipal authority has sold considerably more power than it can deliver. To keep vital industry going, power consumption has been cut 25 per cent. Street lighting has been reduced or abandoned entirely. A brown-out has been followed by a complete general switchoff at least two hours every night, vital industry excepted.

To keep warm, Norwegians are buying oil stoves. To cook their meals, many have to buy small camp stoves.

The government has been forced to liberate half a million kroner (about \$72,000) in hard currency for the import of stoves—mainly from Great Britain and Sweden. The only Norwegian manufacturer of oil stoves has sold his production for a half year in the future.

It is estimated that if all the lake water in the world was poured into the oceans, the level of the sea would be raised only about two feet.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

THE MOUSE GETS AWAY

Here is a young cat named Kitty who heard some mice in the attic. Kitty watched the hole in the woodwork with great patience. She even put her head inside the hole several times but she always pulled back because she had crawled into a small hole once and couldn't get out and it had caused her family a lot of trouble.

When Kitty heard the scratching in the wall, she waited for the mouse to appear. Suddenly one did—a little gray mouse, and she looked right at Kitty. Kitty wasn't experienced with mice so she didn't move fast enough. By the time Kitty reached the hole, Mrs. Mouse had turned around and disappeared.

Paste this picture on cereal box cardboard and color it with crayons. Kitty is a handsome yellow tortoise shell cat. Little Mrs. Mouse is gray with pink ears.

Cut out the top panel. Cut out the hole along the heavy outline. Cut out the double panel at the bottom. Put it behind the opening and fasten a pin or brass fastener through the hole.

Fold the picture forward at the dotted lines. Then you can turn the small panel and make Mrs. Mouse appear and disappear.

High Court Outlaws Racial Tag on Ballots

WASHINGTON (INS)—The Supreme Court in effect today held as unconstitutional an Oklahoma law requiring a candidate's racial identification on election ballots. The tribunal took the action by refusing to review a case involving A. B. McDonald, a Negro who unsuccessfully ran for U.S. Senator in the 1954 Democratic primary in Oklahoma.

4 Cosmetic Firms Are Cited by FTC

WASHINGTON (INS)—The Federal Trade Commission has charged four of the nation's largest cosmetics manufacturers with illegal discrimination in granting sales promotion aid to some customers.

The four are: Elmo, Inc., of Philadelphia; Helena Rubinstein, Inc., of Long Island, N.Y.; and Hudnut Sales Co., and Yardley of London, Inc., both of New York City.

They were accused of violating the Clayton Anti-Trust Act by failing to make promotional allowances and services available to all their competing customers on proportionately equal terms.

At the same time, the FTC disclosed it is considering similar complaints against other major cosmetics firms.

Council Passes Proposal for Shopping Center Site

MILFORD — A formal proposal to amend the village zoning ordinance to rezone a ten-acre tract of land commercial was passed by the council here at last night's meeting.

The land, owned by the Compass Realty Company of Detroit, fronts General Motors and South Milford Roads, adjacent to Huron Valley School property. The company purchased 131 acres from the Huron-Clinton Metropolitan Authority recently.

Some 20 objectors from the south side of Milford were present to discuss the pro and cons of rezoning the area.

In zoning the land commercial, council specified that the company would have to build 60 homes before construction of a proposed shopping center could begin.

President of the reality company Irving Cane said that surveyors are working on the property at the present time and actual construction would begin April 1.

Band Boosters Schedule Event

Milford School Plans 'Parade' for Groups of Area

MILFORD — Some 200 boys and girls will participate in a "Parade of Bands" at a special meeting of the Band Boosters Wednesday at 7:30 p.m. at the Highland Junior High School.

The band with the largest percentage of parents and friends joining the Band Boosters organization, plus extra scores for parents attendance, will be the winner of the party.

This meeting will also be the "kick-off" for the third annual Community Calendar project. This has been advanced two weeks over previous years to avoid the mid-December rush of Christmas activities, according to Phil Haddrell, band director.

Mrs. Harold Edwards, who is this year's chairman, will organize the player and parent committees and teams to carry out the project.

Newly elected officers of the Band Boosters are: Mrs. John Watson, president; Mrs. James Haggerty, vice-president; Mrs. Jack LaBrecche, secretary and Mrs. Everett Cole, treasurer.

33500 GUARANTEE

Chamber of Commerce members present to discuss off-street parking ran into a snag when Attorney Harry S. Mead told the group that the Michigan Municipal Finance Commission would have to have a guarantee of \$3500 to complete the proposed parking lot.

Welcome Wagon Hostess to Call on Milfordites

MILFORD — A Welcome Wagon hostess will be calling on newcomers in the area, for the first time as Mrs. Dorothy Ely begins a project long contemplated by various people in Milford.

One of Welcome Wagon's 5,000 hostesses throughout the entire world, Mrs. Ely resides at 1649 Potomac Lake road. Not only will she call on new families moving into the area, but will visit on important family occasions such as the birth of a baby, sixtieth birthdays, engagement announcements, and golden wedding anniversaries.

Welcome Wagon's basic policy includes cooperation with Churches of all faiths, and worthwhile civic and welfare groups. Mrs. Ely on behalf of her sponsors in the Huron Valley area will bring church and civic information to the families on whom she calls.

Public Water Meet Slated in Farmington

FARMINGTON TOWNSHIP — The Township Water Development Committee will hold another public meeting in the auditorium of the Farmington Junior High School at 8 p.m. Friday.

The purpose of the meeting is to acquaint the public with the progress in obtaining water for the dry areas and to enlist the aid of citizens in circulating petitions.

Mrs. F. J. Newberg, secretary of the committee, states that definite progress has been made in the committee's efforts to obtain a water system.

It has been decided that the program must be financed through both revenue bonds and special assessments. Therefore, the committee will circulate questionnaires and petitions to property owners.

'Dales' Clark Compiles Amazing 124 Point Total

By THE ASSOCIATED PRESS
Did the great Willie Heston ever score as many points in one football season as Hillsdale's Nate Clark did this year?

That's a good question, but it apparently defies an answer.
Clark, the Negro flank from Benton Harbor, ran up a whopping 124 points on 24 touchdowns. That's better than Heston averaged at the University of Michigan in his fabulous career on the point-a-minute teams of 1921-22-23-24.

Heston amassed 465 points in those four years, but a breakdown by seasons is not available.

Menke's Encyclopedia of Sport, an authority on the subject, says Heston's four-year total is an all-time career record.

Clark's total surpassed the previous Hillsdale record set by Bill Young in 1949 when he tallied 121.

In the half century since Heston cavorted at Ann Arbor, only two players in the state besides Clark have scored more than Young. Tom O'Connell posted 126 for the University of Detroit in 1928 and Jerry DePrato got 124 for the Michigan Aggies (now Michigan State) in 1915.

Clark's closest rival in Michigan this year was Bernie Raterink of Central Michigan, 38 points back with 108 on 18 touchdowns.

Behind these were Marv Raab of Alma with 85, Russ McLean of Ferris with 66 and John Adams of Hope with 56.

MSU Crowds Terps for 2nd in AP Grid Poll

By THE ASSOCIATED PRESS
Oklahoma, Maryland and Michigan State again are the big three in the balloting to determine the nation's top college football teams, proving once more that you not only have to win but you have to win big to stay on top.

These three retained the positions they assumed last week in The Associated Press poll of sports writers and broadcasters, but easily winning Oklahoma stretched its lead while Maryland, the leader two weeks ago, barely clung to second place. Meanwhile UCLA lost considerable face and one place in the rankings due to a close call against Washington and West Virginia took a terrific tumble on the heels of its first defeat.

With 204 sports experts casting

ballots, a smaller number than the week before, Oklahoma's margin over Maryland jumped from 51 points to 167. Maryland's second-place edge over Michigan State dwindled to just 8 points. Scoring is on the basis of 10 for each first place vote, 9 for second, etc., down to 1 for tenth.

Oklahoma came first on 103 of the 204 ballots for a total of 1,844 points. Maryland, with 46 firsts, tallied 1,677 points and Michigan State drew 37 firsts and 1,669 points. Notre Dame took over fourth from UCLA by a margin of 1,193 to 1,164. Heaviest balloting for each of the first four teams was for the positions in which the totals put them.

West Virginia, sixth a week ago, polled only 109 points after taking

a solid 26-7 beating from Pittsburgh and fell to 13th. The teams behind the Mountaineers each advanced one place so Michigan, Texas Christian, Texas A&M, Ohio State and Georgia Tech round out this week's first ten.

The scores show the obvious reasons for the changes in the balloting. Unbeaten Oklahoma racked up Iowa State 52-0 for its 53rd consecutive game without defeat in Big 7 Conference competition. Maryland had to come from behind to beat Clemson 25-12 and stay on top of the Atlantic Coast Conference. Oklahoma has two more games, and Maryland one, to play in the regular season and then, in all probability, they'll meet in the Orange Bowl.

Meanwhile Michigan State,

scoring a Rose Bowl possibility, concluded its Big 10 campaign by assaulting Minnesota, 42-14, another big win, while Notre Dame trampled North Carolina 27-7. UCLA needed a last minute field goal to hand Washington its fifth straight defeat and to keep its Pacific Coast conference record unsullied.

Oklahoma still has to beat Nebraska next Saturday to win the Big 7 title although it already has earned the Orange Bowl berth. Maryland needs a final victory over George Washington to clinch the other spot in the Orange Bowl. Michigan State winds up with a non-conference game against Marquette and can't get the Big 10 title outright, but if Ohio State knocks off Michigan, the Spartans can get the Rose Bowl bid.

Another big game with bowl implications—Saturday sends UCLA against Southern California. The Bruins have to win to clinch the Rose Bowl berth. Otherwise Oregon State may get it.

The leading teams with first place votes and win-loss records in parentheses (points based on 10 for first place 9-7 etc.):

1. Oklahoma (103) (5-0)	1,844
2. Maryland (46) (5-0)	1,677
3. Michigan State (37) (7-1)	1,669
4. Notre Dame (23) (7-1)	1,380

5. UCLA (40) (5-1)	1,164
6. Michigan (31) (7-1)	957
7. TCU (25) (5-1)	765
8. Texas A&M (24) (5-1)	750
9. Ohio State (21) (6-2)	684
10. Georgia Tech (17) (5-1)	272

11. Navy (6-1-1)	388
12. Auburn (4) (6-1-1)	132
13. West Virginia (1) (7-1)	109
14. Mississippi (5-1)	89
15. Pittsburgh (1) (5-1)	89
16. Miami (Ohio) (5-0)	56
17. Tennessee (5-2-1)	56

Kennedy Takes IC4A 1st; Pitt Wins Team Crown

NEW YORK (AP)—Henry Kennedy, a 23-year-old Michigan State sophomore by way of Glasgow and Toronto, is a young fellow who bears watching.

run with ridiculous ease yesterday, Kennedy whipped England's Gordon Pirie last summer. That's when they started to talk about him.

The jury was out for some time, but now it seems safe to conclude he's the real McCoy.

Kennedy is undefeated in a 4-1 competition this year and on his record he will be installed as the favorite for the Big 10 run Friday.

Before zipping to a 24:30.3 victory over the 5-mile Van Cortlandt Park trails, he never had laid eyes on the course.

Several runners, including defending champion George Terry of Boston University, took spills and 11 of the 183 starters didn't finish.

But Kennedy shrugged it all off. "Back in Scotland, we run over hills like Van Cortlandt," he said. "The ground conditions often are as soft and dangerous to runners as here."

Kennedy was born in Glasgow and has lived in Toronto for more than two years. He is a straight A student.

But it wasn't all Michigan State. The favored Spartans couldn't cope with Pitt's depth and the Panthers won the team title for the first time in 31 years with 99 points to State's 114.

Sooners' Coach Sees His Squad Upset Saturday

Bud Wilkinson Thinks Nebraska Might Upend Oklahoma at Lincoln

NORMAN, Okla. (AP)—Some Saturday afternoon a regular season football opponent will bowl over the mighty Oklahoma Sooners with a crash that will resound throughout the nation.

Coach Bud Wilkinson, whose team currently is rolling along with 27 straight victories and top-ranked in the country, thinks the "Big Upset" may happen this Saturday when Oklahoma meets Nebraska in a showdown struggle at Lincoln for the Big 7 Conference championship.

Nebraska, once the scourge of the league, hasn't been able to defeat the Sooners in 12 years, but that's one of the things that worries Wilkinson. In fact, no conference team has taken the measure of Oklahoma since Kansas turned the trick in 1946—or 53 league games ago.

The tall Oklahoma mentor tried to explain the possibilities for the "Big Upset": "I don't recall a game in the time I've been at Oklahoma when all the factors are so in favor of a team like they are for Nebraska" to upset the Sooners.

Wilkinson pointed out that Nebraska started the season with a barrage of criticism after a humiliating 6-0 setback to Hawaii in the first game.

"But the players and the coaches had enough organization to come back and make themselves into a whole of a football team," Wilkinson said. "It's a tremendous tribute to the ability of the players and coaches."

Coach Bill Glasford called the Cornhuskers the best he's ever had at Lincoln and Colorado Coach Dal Ward agreed after Nebraska defeated the Buffaloes 37-20 last week.

Higgins 'Manager of Year'

NEW YORK (AP)—Mike (Pinky) Higgins, freshman manager of the fourth-place Boston Red Sox, was voted today American League "Manager-of-the-Year" by The Associated Press, winning the award in a close race with Casey Stengel.

The big, soft-spoken Texan, who more than made good his two promises—"We won't finish 42 games behind the pennant winner again" and "We won't lose 20 out of 22 to Cleveland"—noed out the

New York Yankees' pennant-winning manager by four votes.

Of the 99 members of the Baseball Writers' Assn. of America who participated in the AP poll, 39 voted for Higgins and 35 for Stengel. Walter Aiston, only Brooklyn manager to win a world championship, won the National League award.

Four other AL managers received recognition. Marty Marion,

who had the "dark horse" Chicago White Sox in contention all the way before they finally finished third, picked up 16 votes to finish third in the balloting, too. Lou Boudreau, who surprised by piloting his ragtag Kansas City Athletics into sixth place, got four votes.

The remaining four ballots were divided evenly between Bucky Harris and Al Lopez. Harris, oldest manager in point of service, did an outstanding job bringing his Detroit Tigers into fifth place. Lopez, one of the ablest managers in baseball, led his Cleveland Indians into second place and for the fifth straight season, bagged over 90 victories.

This marked the first time since the AP managerial poll was inaugurated 10 years ago that a fourth-place manager won the award. Admittedly no genius, the 46-year-old Higgins credits his success to infinite patience and understanding the problems of his players.

Observers who watched him during

eight seasons in the minors and his freshman year in the major leagues go one step further. They credit the silent and sincere southwesterner with parlaying baseball knowledge, sufficient skill as a psychologist and ability to instill confidence in his players as the reason for his success.

The Red Sox didn't improve their position last season but under Higgins' able direction they won 15 games more than they did in 1954 and, from the time they got rolling in June until the last month of the season, they were right in the middle of the pennant race.

The Red Sox players themselves will tell you that Mike was a prominent factor in their upsurge.

"More than anybody else, Higgins was the one man who made us into a winning club," said Frank Sullivan, the club's leading pitcher. "He gave us the feeling he knew we were big leaguers. He believed in us and he didn't blast us if we made a mistake."

Bloomfield Huntress Wins 1955 'Big Pheasant Derby'

Pontiac Press Photo

CHAMPION—Proving that a woman's place is not always in the home is Mrs. Paul Pace, 5000 Lone Pine Rd., Bloomfield Hills, (above), who captured top prize of a \$50 U.S. Savings Bond with a 3-pound 12-ounce pheasant in the 1955 Pontiac Press Big Pheasant Derby.

Mrs. Paul Pace, 35, 5000 Lone Pine Rd., will be awarded a \$50 United States Savings Bond for her Oct. 23 entry of a colorful 3-pound 12-ounce ringneck. From that day on until Nov. 11 at noon Mrs. Pace's lead was never challenged.

Mrs. Pace, whose husband is caretaker on the Bloomfield Hills estate of Everall E. Fisher, has hunted for the past 10 years. She bagged the prize-winning bird while hunting with her husband Oct. 27 off Pontiac Lake Road in Rochester.

The lucky huntress took over the lead in the contest from James Green, 3431 Lexington, Pontiac who registered the next heaviest pheasant (3-pound 7-ounces). Next two contenders were Earl L. Donaldson of Highland and Tom Coomer of Orionville who recorded entries of 3-pound 6-ounces and 3-pound 5-ounces respectively.

The contest, which began Oct. 20 got off to a fast start the 1st day when Edward J. Hockey of Waterford entered a 2-pound 12-ounce ringneck 2 hours after the opening gun. Youngest hunter to register was 13-year-old Dick Brooks, son of Mr. and Mrs. George Brooks of 5122 Devondale, Avon Township who brought in his 1st game, a 3-pound bird.

Press Inside Ohio State's Iron Curtain

Three Reporters in Red Shirts Watch Buckeye Drills

COLUMBUS, Ohio (AP)—Three "comrades" in red shirts will watch from inside the "iron curtain" this week as a squad of uniformed gridiron players go through their daily workouts.

Football in Russia? Heck, no. It's the Ohio State University practice field.

The "comrades" will be reporters from the three Columbus newspapers. The red shirts will identify them as such. And the "iron curtain," well, that's coach Woody Hayes' idea.

Hayes told his weekly press luncheon yesterday, "We must guard against leaks." He was explaining his decree that no one should see the Bucks' final preparations for the game with Michigan Saturday.

At first, Hayes wanted to keep everyone out of the practice field. When newsmen objected, he decided to let three reporters watch the practice sessions.

Hayes and assistant coach Esco Sardikinen were not too optimistic about OSU's chances in the Michigan clash—with the Western Conference title hanging in the balance.

Hayes was "worried" about his All-America halfback, Howard (Hopalong) Cassidy. "This morning he reported in fine shape," said Hayes, "the 1st Monday he's done it. Maybe it's an omen unless he steps in a post hole this week."

The "hard-luck kid," as Hayes describes his injury-plagued right halfback, Jerry Harkreader, was hurt again when the Bucks stomped Iowa, 20-10, last Saturday. He'll miss the Michigan game, Hayes said.

Richmond Club Sold at Auction

RICHMOND, Va. (AP)—A six-man syndicate bought Richmond's International League baseball club yesterday in a surprising deal in which the only big loser apparently was former owner Harry C. Seibold.

The syndicate purchased the team's Triple-A franchise, equipment and player contracts for \$20,000 at an auction held by the internal revenue service, which had seized the club's assets. The government put the team up for sale to satisfy tax liens totaling \$79,218.68.

Not only did Seibold lose his club, but he still owes the government \$45,315.97 on the tax claim. Applied to the original lien were the \$20,000 auction sale price and \$13,922.71 received for recent player sales.

OCSC Squad Trims Brewster in Rifle Shoot

Led by Nancy Newman in both actual and handicap scores, the Oakland County Sportsmen's Club defeated the Brewster team of Detroit in a league rifle shoot last weekend at the OCSC range.

Nancy posted scores of 192-295 as the OCSC Hot Shots won their 4th straight league victory. The OCSC squad's high five shot an actual total of 944 and a handicap of 1014.

OCSC's other top riflemen were team co-captain Frank Brusha, who shot 190-204; Kjell Danielson, 188-200; Jane Martini, 186-203; Howard Collins, 187, and John Strasser, 202.

Brewster gunners shot totals of 888-966, 8 Rutland were their lead riflemen with scores of 190-200.

Couldn't Stand Strain

CARBONDALE, Ill. (AP)—Southern Illinois University's victory ball cracked under the strain of the school's first football win of the season.

Montreal Pair Paces Scoring

MONTREAL (AP)—A week's activity brought no change in position among the top four scorers in the National Hockey League. Jean Beliveau of the Montreal Canadiens still holds 1st place with 22 points.

Teammate Bert Olmstead kept the runnerup spot, adding a goal and an assist for 20 points as the Canadiens gained two victories and a tie in last week's play.

Ted Lindsay of the Wings, Bellevue and Tod Sloan of Toronto are the top goal-getters with 10 each. Olmstead leads in assists with 15.

Jacques Plante of Montreal still leads the parade of goalies.

Terps' Signal Caller May Miss Last Game

BALTIMORE (AP)—Unbeaten Maryland may go into its last 1955 football game without the services of Frank Tamburello, No. 1 quarterback.

The husky Baltimore junior was thrown for a loss by a bug over the weekend, and doctors at University Hospital here said he might miss Saturday's game against George Washington.

Tiger Boss Man on Scouting Trip

DETROIT (AP)—General manager Harold (Muddy) Ruel of the Detroit Tigers was ready to take off today on a week-long trip to the Caribbean, but not exactly for a vacation.

Ruel plans to scout teams in the Cuban and Puerto Rican leagues, and check up on how Tigers are doing on the winter circuit.

Currently outfielder Bubba Phillips and pitcher Babe Birtner are playing with Mickey Owen's Ponce team in Puerto Rico. There are no Tigers playing in the Cuban League.

Wolverines in Top Condition for Buckeye Tilt; Kramer, Maentz, Branoff Going at High Speed

ANN ARBOR (AP)—Michigan, fighting its 19th Big Ten title and 4th Rose Bowl bid, moved up one notch to 6th today in the weekly Associated Press poll.

Wolverines are much more comfortable than they were in the top three, positions now occupied by Oklahoma, Maryland and Michigan State.

There is pressure enough on the Wolverines this week. Saturday they face Ohio State for football's biggest jackpot: The conference title and the holiday West.

Despite their seven victories and one defeat, Wolverines have yet to prove that they can carry the Western Conference banner with proper dignity and flourish this

season. Both Notre Dame and UCLA rate above Michigan in the poll.

Yesterday, coach Bennie Oosterbaan had some good news that his squad might make the grade, or at least have an improved chance.

"We're in as good shape now as we have been all season," Oosterbaan said cryptically. He meant, "Don't say it too loud but there are no serious injuries that we can see."

For Oosterbaan's team, this was a respite from injury long overdue. With one of the deepest squads in the Big Ten, Oosterbaan has been lucky to find a winning combination amid the adhesive tape on some Saturdays.

But now some, like ends Ron Kramer and Tom Maentz, are in good shape, and others like halfback Tony Branoff are performing near top efficiency for the 1st time in a long while.

As Michigan beat Indiana 20-0, Branoff showed more speed than he has had since his 1st year. Kase operations and bad ankles have slowed him down, but his 41-yard run around the Indiana left end made many remember the Branoff of old.

Even fullback Lou Baldacci seemed to have shaken off the hindrance of a recurring ankle injury. He helped Michigan drive to one touchdown and scored another.

Jerry Musetti Out of Spartan Finale

EAST LANSING (AP)—Team physicians say 2nd string left halfback Jerry Musetti will miss Michigan State's game against Marquette Saturday.

The Detroit senior suffered a fractured elbow in last Saturday's game with Minnesota.

Dennis Mendyk and Willie Kaas will move up into the No. 2 and 3 spots behind Clarence Peaks for MSU's final game of the season.

USGA's Prexy Hits Gambling

Grainger Says Recent Calcutta Incident Is Note of Warning

NEW YORK (INS)—The president of the U. S. Golf Association says the recently-disclosed Deepdale, N. Y. Calcutta pool scandal has "disgraced the good name of golf."

In a message to the governing boards of member clubs, Isaac B. Grainger said last night that the Calcutta incident, in which two players used fraudulent handicaps to win the tournament, "emphasizes some of the many dangers inherent in organized gambling."

He pointed out that the USGA "for many years has expressed unqualified disapproval of organized gambling in golf."

He added that the standards of the sport are being lowered by such practices as: Attempts by some to keep their handicaps high; soft local rules when there is no justification; over-commercialization and "winking at violations of the rules of amateur status."

Ez's 3rd Straight Loss Fails to Dim Ring Hopes

PROVIDENCE, R.I. (AP)—Despite three straight losses, former heavyweight champion Ezzard Charles is firm in his determination to continue fighting.

Charles, the 34-year-old Cincinnati slugger, lost a close split decision to Toxie Hall of Chicago last night. Charles weighed 197 to 194½ for Hall.

"I plan to keep fighting," a disappointed Charles said after the decision was announced.

In fact, Charles' co-managers, Tom Tannas and Jake Mintz, think Ez looked so good he will still get a Dec. 21 date with young Floyd Patterson in San Francisco.

Charles was certain of the Patterson fight if he had won.

Tannas and Mintz are banking on the fact the fight was so close and Charles looked better than in any of his previous seven appearances since his second defeat by champion Rocky Marciano.

"Charles has plenty left," Hall said.

In this slugfest match, Judge Angus McAdam voted 96-94 and Referee Sharkey Buonanno 96-95 for Hall. Judge Eddie Jansen voted 97-95 for Charles. Under the Rhode Island scoring system, the winner of a round is awarded 10 points and his opponent 10 or less.

Betty Encourages Duffers

After 25 Years of Activity Jameson Finally Begins to Understand Golf

SAN ANTONIO, Tex. (AP)—Betty Jameson, a veteran of women tournament golfers, says after 25 years of playing the game she has finally begun to understand what it's all about.

This frank statement by the gal who set an all-time scoring record for women over a par 72 course last winter at Sarasota, Fla.—285 for 72 holes—and who picked up \$11,493.11 in winnings during the year, undoubtedly will have two different effects on the golfing public.

It's encouraging for the duffers who have been trying for years to break 100, to know there's still hope. It's heart-breaking to those who are just taking up the game. But before golf clubs get tossed away it should be pointed out that Miss Jameson, for most of the

quarter of a century, has been playing the game better than 99 per cent of those who have taken a divot.

It's in her quest for perfection that Betty still is learning about golf.

She has returned home from her greatest year on the links—not the most money won but her play was more consistent. She won four tournaments—Sarasota; the Beaumont, Tex.; Babe Zaharias; the New Hampshire White Mountain and the Richmond, Calif., opens—and always was in the money. She was the only woman pro to play in every tournament of the cross-country schedule.

"Approach putting always has been my biggest weakness," Miss Jameson said. "I've never been able to master that phase of my game. That is why I scored so erratically at times. I tried all makes of putters and all different putting theories, but I never could quite get the feel that gave me confidence. Then all of a sudden the secret of approach putting came to me. It was on the 13th hole of the second round of the Clock Country Club Open at Los Angeles a few weeks ago. I can't explain it, but what I've been trying to do for 25 years finally came to me."

By approach putting, Miss Jameson meant the theory of many top golfers that when a player puts he should try for a 3-foot circle around the hole instead of the cup. Betty said it was hard to get the idea across to her.

to provide city-wide banking service. Another reason reported was the fact that the combined manufacturers-industrial deposits will be almost on the same level of the Detroit Bank.

DETROIT (INS)—A merger of the Detroit Bank and the Detroit Waabek Bank and Trust Co. reportedly may be affected within the next 10 days to two weeks. Merger negotiations were said to have been going on for several months.

The negotiators reportedly would like to get their agreement into shape and submitted to stockholders in time for the new consolidated bank to begin operations Jan. 1.

The enlarged Manufacturers National Bank will be launched on the first day of 1939. Stockholders of Manufacturers and Industrial National were to meet today to approve the merger terms.

Merger of the Detroit Bank and the Detroit Waabek has been reported ever since the Detroit Trust Co. and the Waabek State Bank of Detroit consolidated July 30. Detroit-Waabek was said to be looking for another merger in

College to Offer Course in Truck Line Management

A 4-year course in motor transportation management, which planners say will fill an "urgent need" for administrative and supervisory personnel in the industry, will be opened next fall at the Tri-State College of Engineering and Commerce at Angola, Ind.

To be offered as a major in the college's department of commerce, the course will lead to a bachelor of science degree in business administration.

The move was officially endorsed recently by the National Committee on Education of the American Trucking Assn.

The 12-quarter course will include subjects in general business categories as well as a comprehensive group of subjects pertaining exclusively to the motor transport field.

Williams Says Dems 'Seize the New' Ideas
DETROIT (AP)—Gov. G. Mennen Williams says the difference between Republicans and Democrats is that Republicans "cling to the old things," and Democrats "seize the new."

"Because of this difference," Williams told the Wayne County Democratic Business and Professional Committee yesterday, "the role of business leadership in tomorrow's world will belong more to the Democrats than to Republicans."

"Time has got to run in our favor," Williams said. "If it doesn't, America is going to go down hill, and down hill fast."

More than 300 Democratic businessmen and professional people attended the meeting. It was the second meeting of its kind. The first was held Nov. 8 in Lansing.

Mother, 101, to Fight for Will Settlement
DETROIT (AP)—Attorneys representing a 101-year-old Detroit woman, seeking a share in the three-million dollar estate of her daughter, refused yesterday a \$100,000 settlement in the case.

Milton Selander, attorney for Mrs. Wilhelmina Van Etten, told Probate Judge James H. Sexton his client would take the legal fight to New York courts.

The estate was left by Mrs. Agnes Barringer, who died six months ago in New York at the age of 69. Mrs. Van Etten was ignored in her daughter's will.

Selander and the national Bank of Detroit were named general guardians to represent Mrs. Van Etten's interests in the case. She has been a bed patient in a Detroit hospital since last June.

DETROIT (AP)—The Supreme Court today takes up the case of Communist Leader Steve Nelson to decide whether enforcement of state sedition laws is barred by the federal Smith Act.

Oral arguments were to supplement those set forth in written briefs filed in advance with the court.

Nelson, former chairman of the Communist Party of Western Pennsylvania, was convicted in a state court in Pittsburgh on charges of violating the Pennsylvania Sedition Law.

He got a 20-year sentence, but Pennsylvania's Supreme Court set aside the conviction. It is said that sedition against the United States is a federal offense that can be prosecuted in federal courts only.

Directors Vote Higher Dividend

An annual dividend of 75 cents a share was voted for the 40,000 outstanding shares of Pontiac State Bank stock yesterday by the bank's board of directors.

President Milo J. Cross said the dividend was an increase of 15 cents per share over last year.

He also pointed out the dividend was paid on a larger number of shares.

In September, the board approved a one-for-three stock split which increased the number of shares from 30,000 to 40,000.

Public Service Auditors Recommend Rate Raise
LANSING (AP)—The staff of the state Public Service Commission has recommended a \$103,000 rate increase in the contract between the Upper Michigan Power and Light Co. and the City of Escanaba.

In a report presented at a hearing yesterday, staff auditors recommended a rate of 1.243 cents per kilowatt hour, against 8.85 cents per kilowatt hour paid by the city in 1954.

This would give the company a fair return of seven per cent on its investment, staff members said.

John H. McCarthy, commission chairman, said the staff's report would be studied and acted upon by the commission in "a few weeks."

Astronomers Group to View Projector
Members of the Pontiac-Northwest Detroit Astronomers Association will witness a full demonstration of the Spitz projector at 8 p.m. Thursday in the new Robert McMath Planetarium, at the Cranbrook Institute of Science.

The projector is able to display 1,000 stars on the 30-foot dome ceiling of the planetarium, as many as are visible on a clear night.

The planetarium was dedicated Sept. 30 this year, and is the first public planetarium in Michigan.

WATERFORD TOWNSHIP—Bids opened yesterday noon for the 1,200 square foot post office quarters for Waterford Township. Bids will be taken up to and including Jan. 14.

Anyone wishing further information can go into the Waterford Post Office or write to H. W. Loch, 213 Federal Building, Detroit, 31.

DETROIT (AP)—The Supreme Court today takes up the case of Communist Leader Steve Nelson to decide whether enforcement of state sedition laws is barred by the federal Smith Act.

Oral arguments were to supplement those set forth in written briefs filed in advance with the court.

Nelson, former chairman of the Communist Party of Western Pennsylvania, was convicted in a state court in Pittsburgh on charges of violating the Pennsylvania Sedition Law.

He got a 20-year sentence, but Pennsylvania's Supreme Court set aside the conviction. It is said that sedition against the United States is a federal offense that can be prosecuted in federal courts only.

GOP Chairman Predicts Victory

Hall Says Republicans Will Sweep Congress, Presidential Elections

COLUMBUS, Ohio (AP)—Discounting any national political trend from results of last Tuesday's "odd year" elections, Republican National Chairman Leonard W. Hall says the GOP will sweep the 1956 elections.

At a news conference yesterday, preceding his speech before an Ohio Republican campaign conference, Hall said Republicans will win both the presidency and the Democrat-controlled U.S. Senate and House.

Whether or not President Eisenhower will run for re-election, Hall commented: "The decision will be his and his alone." Hall said the farm situation is not good. But he blamed it on the Democrats who, he said, built up billions of dollars worth of surplus commodities during the Truman administration.

Abandoning flexible farm price supports in favor of rigid supports is not the answer to the problem, Hall insisted. The GOP chairman denied that certain Republicans in Congress failed to support the President's program.

He also said he would be surprised if Adlai E. Stevenson, 1952 Democratic presidential candidate, did not announce his 1956 candidacy today as certain quarters have predicted.
