Volcanic Eruption Dooms Hawaiian Community

One-Day GI Gives Army Lift on KP

SCHOOLBOY GETS WISH—Seven-year-old Robert Noreen stands in the dish-wash line in Chicago with Army KP duty men, as he gets his wish "to help out." Robert wrote a letter to Lt. Gen. Hobart R. Gay, commander of the 5th Army offering to help the Army part-time, and on KP duty at that. "If you would let me wash dishes and sweep the floors, I can come on Saturdays — I think," Bobby wrote. He was treated to a one-day hitch and shown all points of Army life. Soldiers are Pfc. Roger Harris (left), Buffalo, and Pfc. Walker Meyer, Los Angeles.

Curtice Predicts Auto Output Up by 20 Per Cent

GM Head Says '55 Car and Truck Production May Hit 8,300,000

LOS ANGELES (AP)—The president of General Motors says that passenger car production this year could be "at least 20 per cent better than last year," and that production even may exceed the record output of 1950.

Harlow H. Curtice says he believes these three factors will continue a strong automobile market that could make this year the best in the industry's history:

1. Widespread public confidence, "which is in sharp contrast to the caution that prevailed a year ago."
2. Consumer disposable income at record levels.
3. Automobile production available.

"Provided we continue to enjoy labor peace," Curtice told a news conference yesterday, the automobile industry "may well produce and the domestic market absorb approximately 7½ million passenger cars and trucks in 1955, instead of 6,800,000 units."

Curtice predicted 6,800,000 units for the domestic market last December and repeated it in January.

The GM chief said cars are being sold at substantially the same rate they are being produced, while normally at this time of year a backlog is built up in anticipation of the spring selling season.

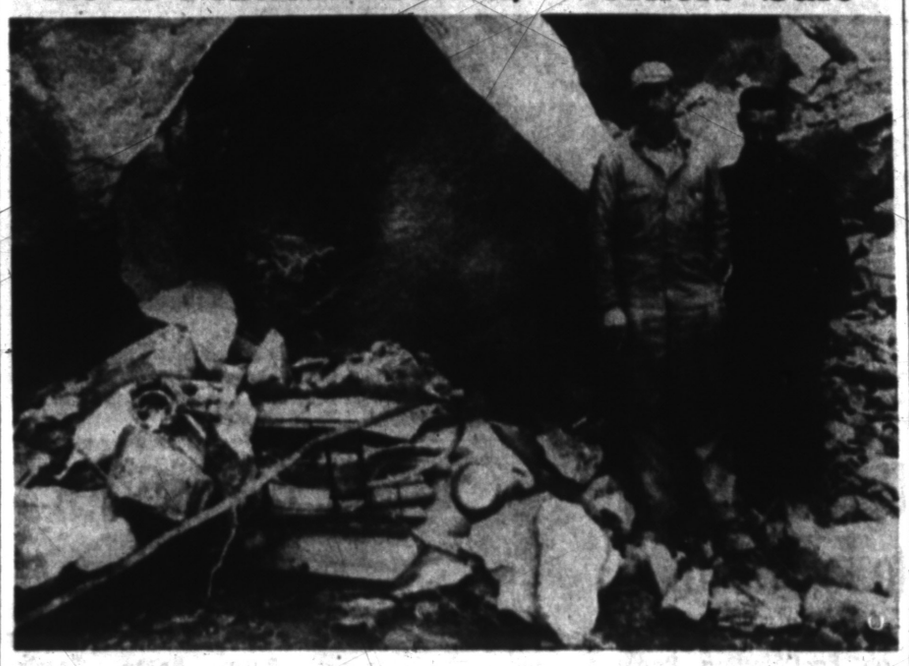
And including U.S. output for export and Canadian production, Curtice said unit production may approximate 8,300,000 cars and trucks. He previously had forecast 7,600,000 overall for the American industry.

"Demand for our products," he said, "has been unprecedented for this season of the year. Despite the current high rate of production the automobile market has been so strong that we actually have not been able to provide our dealers with a comfortable selling stock."

Curtice forecast "good business generally in 1955," with a gross national product "in the area of 370 billion dollars," compared with a previous peak of 365 billions in 1953.

Curtice was in Los Angeles for opening of GM's 1955 Motorama show on the West coast.

Rock Flattens Truck, Workers Safe



ONCE IS ENOUGH — That's the sentiment of these Kentucky State Highway Department employes, Grant Taylor, left, and Roy Combs, standing by the rock that crushed their truck. The men, working close by the truck, outran the rock when they heard the cliff cracking above them. The accident scene was near Louisa, Ky.

Residents Flee Spewing Lava, Quaking Earth

Molten Rock Spurting in Fountain in Center of Kapoho Village

PAHOA, Hawaii (AP)—A natural fault leading directly through Kapoho erupted in a fiery explosion shortly before last midnight and an eyewitness said "the city is doomed."

The explosion came 2½ hours after a 22-square mile area around the town had been evacuated after the earth began popping open.

Asst. Police Chief George Martin said "everyone got out."

Hiroshi Okka, a Pahoa school teacher, went back to the deserted area and said he saw a fountain of lava spurting in the center of town.

Kapoho is directly on the Puna Rift, a chain of craters stretching from Kilauea Crater on the side of Mauna Loa to the sea. It is on the eastern tip of the island of Hawaii. Volcano experts say it represents no danger to the other islands, such as Oahu, where Honolulu is located.

The region, shaken by earthquakes and splattered by spouting lava since Monday, began exploding open again at 8 p.m. It was clear of humans two hours later.

An hour afterward Reginald Ho, a Pahoa garage owner, volunteered to go back to see that no one had been left behind.

He said he saw a 200-foot fountain of lava burst out of the hillside overlooking Kapoho, and six other new fountains feeding the lava flow slightly south of Kapoho.

Early last evening the main fountain feeding the flow spurted up to a spectacular 700 feet.

New fissures broke out, ominous cracks appeared in the earth's surface, and the rush to get out began.

No one is being allowed to re-enter the area.

The new eruptions brought a crazy pattern of tributary fissures to the main lava flow, which was within two fifths of a mile of Kapoho at 7 p.m.

Molten fountains fed the steaming river of lava, 10 feet deep and 300 yards across, as it inched with increasing momentum toward the ocean.

The last of 51 National Guard trucks rolled out of the desolate darkened village. They were piled high with furniture, washing machines, refrigerators, beds and mattresses.

The proprietor of the country store handed melting ice cream cones and warm soft drinks to truck drivers and civil defense workers. His shelves were stripped. His perishables were abandoned.

U. S., Formosa Put Teeth in Chinese Defense Pact

TAIPEI, Formosa (AP)—High-level talks designed to put teeth into the U. S.-Nationalist China Mutual Defense Pact got under way today.

One result is expected to be a boost in the flow of U. S. military aid to Chiang Kai-shek's forces.

The agenda was not disclosed, but the conferees probably tackled these questions:

1. The air strength—U.S. and Nationalist combined—necessary to assure reasonable protection of Formosa.

2. Air and naval cover necessary to safeguard Quemoy and the Matsus.

3. Possible targets on the mainland if, as U.S. Secretary of State Dulles said yesterday before leaving for Washington, "it cannot be assumed . . . that the aggressor would enjoy immunity with respect to the areas from which he stages his offensive."

Sitting in for the United States were Adm. Robert B. Carney, U.S. chief of naval operations; Adm. Felix B. Stump, commanding the U.S. Pacific Fleet; Vice Adm. Alfred M. Pride, commanding the U.S. 7th Fleet; Maj. Gen. William C. Chase, head of the Military Assistance Advisory Group; and Rear Adm. Frederick N. Kivette, commanding the U.S. Formosa Strait patrol.

Representing Nationalist China were Foreign Minister George Yeh, Defense Minister Yu Ta-wei and Gen. Peng Meng-chi, acting chief of the general staff.

Official Nationalist circles were reported to be "very happy" over the exchange of views yesterday between Dulles and Chiang.

Nationalist quarters appear confident that the United States will intervene against any really large-scale amphibious attacks against Quemoy and the Matsus.

Such intervention could bring about a conflict with Red China that might not be localized.

Studying Raises for Servicemen

Expect House Group to Approve Pay Boosts for Career Men

WASHINGTON (AP) — A House Armed Services subcommittee meets today to approve a pay increase for two million career servicemen.

An incentive to keep trained men in the services, it would cost about 735 million dollars a year.

The measure, which administration spokesmen say is essential to halt a "fantastic" turnover in the armed services, will go to the full committee next week. It is due to reach the House Thursday and approval there is expected.

The selective pay boosts range from a 6 per cent minimum for some servicemen and those drawing retired pay, to 25 per cent for second lieutenants with more than three years' service.

The measure provides no increases for enlisted personnel with less than two years or officers with less than three years' service.

In terms of money, the proposed boosts range from $7.80 a month for an Army private with over two years' service, or a total of $98.80; to $83.41 for a major general with over 30 years' duty, bringing him to $1,076.40 monthly.

Without a pay boost, administration spokesmen say they expect no more than 200,000 of one million men due to get out of the service next year to re-enlist.

The measure also would increase hazardous pay for Air Force and submarine servicemen, with colonels or Navy captains due to get $245 extra monthly for this duty.

It also would establish a new "dislocation allowance" consisting of one month's basic pay for families making one permanent change of station in a year during peacetime. This is expected to cost 41 million dollars a year. Per diem travel pay would be increased from $9 to $12.

Attack Another Isle

TAIPEH (INS)—About 40 Chinese Red gunboats attacked Kaotong Island in the Matsu group today.

Pink Collars May Become Worker Badge

MONTREAL (AP) — Pink collar workers?

Loraine Fawcett, a New York color expert, told a regional conference of the Packaging Assn. of Canada yesterday that white as a color for men's shirts is on the way out.

"White is simply not flattering to the average man's complexion," she said. "Pink is the coming color."

Yellows, blues, grays and pinks are gradually replacing the traditional white, once a symbol of the office worker class, Miss Fawcett said. But pinks have the edge.

Senators Draw New Road Plan

Highway Group Defies GOP Caucus, Outlines Composite Program

LANSING (AP) — The Senate Highway Committee defied a Senate Republican caucus decision today and came out with a highway expansion program mingling portions of half a dozen earlier proposals.

The committee offered what its chairman, Haskell L. Nichols (R-Jackson), said is not "the answer to the state's road needs, but is a step forward while we await the details of the new federal aid program and the Automotive Safety Foundation's survey of highway needs."

Revising the Peltz Bill approved in the House under an agreement with Gov. Williams, the committee offered this to the Senate:

1—Increasing the gasoline tax from 4½ to 6 cents a gallon.

2—No increase in the diesel fuel tax paid by buses and no increase in the truck license fee.

3—No referendum by the people.

4—Permission for counties to

(Continued on Page 2, Col. 4)

City Curfew Law May Be Enforced

Capt. Clark M. Wheaton, chief of detectives, today said he would ask permissioin from Police Chief Herbert W. Straley to enforce a curfew ordinance if rowdyism by teenagers erupts in Pontiac.

The action would restrict youths up to 17 years of age from being on the streets after 9 p.m. from April 1 to Sept. 30, unless escorted by an adult. The ordinance, which dates back to 1915, has not been enforced in recent years.

Wheaton made the warning following Wednesday night's episode when police rounded up over 50 youths for questioning about a planned gang fight. Wheaton said knives and clubs were taken from the boys who received a stern warning and later released to their parents.

Says 10 Dems Against Tax Cut

Sen. Byrd Predicting Defeat for $20 Slash in Wage Levy

WASHINGTON (AP) — Sen. Byrd (D-Va) said today "a minimum of 10" Democratic senators will vote with him against the plan of House Democrats to cut everybody's income taxes by $20.

Such a Democratic vote would appear to assure defeat of the income tax reduction in the Senate if Republican lines hold tight against it as GOP leaders are predicting. There are 49 Democrats and 47 Republicans in the Senate.

Sen. Clements (D-Ky), acting majority leader, has made it plain the party leadership will fight vigorously for the $20 plan pushed through the House by Speaker Rayburn (D-Tex) despite administration opposition.

The Senate Finance Committee, headed by Byrd, voted 9-6 to strike the income tax cut out of the bill.

Pontiac Downtown Stores Stay Open Monday Nights

Beginning this Monday, downtown Pontiac stores will be open every Monday night until 9 o'clock, Richard L. McPartlin, president of the Retail Merchants Assn., announced today.

"Working hours have changed so that many people are forced to shop in the evening," McPartlin said in explaining the new plan.

"Recent reports show that about 35 per cent of Pontiac women are gainfully employed during the day. Many men are working six days a week."

He added that opening of the city's second municipal short-term parking lot on Mill street makes "parking facilities especially attractive for the Monday night shopper."

McPartlin said most downtown merchants were cooperating in the plan.

He emphasized that the Monday night opening is in addition to the regular Friday night hours.

"A number of shoppers have requested the convenience of an additional night opening and the merchants are happy to cooperate," he said.

2 Michigan Men in Plane Crash

Liftmaster Carrying 58 Cracks Up in Iceland; No One Seriously Hurt

WESTOVER AIR FORCE BASE, Mass. (AP)—Two Michigan airmen were aboard an Air Force C118 yesterday at Keflavik Airport in Iceland with 58 persons aboard. There were no serious injuries.

The Michigan men aboard the four - engine transport plane were Airman 2.C. Dennis Kabela of Detroit and Airman 2. C. Marinus Hinckley of Ann Arbor.

Hinckley's parents in Ann Arbor said they received a telegram from their son saying he was not injured.

A Military Air Transport Service investigating board is en route to Iceland today to probe the crash.

The plane came down short of the runway at Keflavik Airport but the only reported injuries among 58 passengers were two sprained ankles and a dislocated shoulder. The 19 civilians aboard included four women and a 7-year-old boy.

The mishap was the first to a regularly scheduled MATS passenger flight in more than 70,000 transocean crossings in worldwide service.

The passengers — including military dependents and workers bound for government jobs in Iceland—boarded at Westover.

Dulles to Air Report

WASHINGTON (AP)—Secretary of State Dulles will broadcast a report to the nation early next week on his seven-nation tour of the Far East. Dulles is due back in Washington Sunday morning. The State Department is already at work on arrangements for a broadcast but no date or hour has yet been fixed.

Honest, We Don't Know 'Em

Answers to Bonanzagrams Carefully Guarded Secret

If you wonder whether anyone in Pontiac (including any member of the Pontiac Press staff) knows the answers to the Bonanzagrams which start in the Press Monday the answer is an emphatic NO!

Each week a trusted citizen of the community will be close to the correct answer, but he will not actually know it.

That man is Oakland County Prosecutor Fred C. Ziem, who has consented to be the official custodian of the answers. (Whereupon Fred joins the Press employes and their immediate families as ineligible to compete for the weekly $100 award.)

By registered mail each week the national sydicate which prepares the word puzzles will send to the county prosecutor the correct answer of the current Bonanzagram.

Will Prosecutor Ziem look at the answer?

No! No! No! No! No! No! No! No! No!

The sealed envelope with the correct solution goes into his

Rain and Hail Pelt Pontiac

Fog Follows Storm; Cloudy Skies Forecast Tonight, Tomorrow

Heralded by giant claps of thunder and whipped by 35-mile-an-hour winds, nearly a half-inch of rain mixed with hailstones measuring up to a half-inch in diameter pelted Pontiac last night.

Following the night's weather nip-ups, a thick blanket of fog moved into the area early today. While air traffic was reported halted as far west as Chicago by a zero ceiling, ground visability was listed at 1,500 feet at Pontiac Municipal Airport.

Police attributed no accidents to the fog, and no damage was reported from the thunderstorm, although it was accompanied by bolts of lightning.

The U. S. Weather Bureau forecasts cloudy skies continuing through tonight and tomorrow, with rain beginning tomorrow afternoon. Warmer temperatures are predicted.

Winds of 10 to 15 m.p.h. are seen, with a high temperature tomorrow of 40-44. Low tomorrow night is expected to be around 35 degrees.

Yesterday's high was 41, low 30. At 8 a.m. today, the thermometer in downtown Pontiac stood at the freezing mark, rising to 34 by 2 p.m.

Preliminary Plans Started on Hospital Wing

Instructed to provide a foundation sturdy enough to support an additional floor, architects last night got the green light to proceed with preliminary plans for a new voter - approved $3,000,000 Pontiac General Hospital wing.

The hospital Board of Trustees, meeting with two architects, hospital staff representatives and City Manager Walter K. Willman, set a 350-bed total as the goal for the completed hospital.

Architect Leo J. Heenan and architectural consultant Adolph H. Roessling were told to make the wing's foundation solid enough to support an added floor. Such a floor might be included unfinished in the basic construction or added at some future time.

It has not yet been determined how many floors the addition will have. Three floors, with an optional fourth, have been mentioned in preliminary discussions.

An added floor would provide space for roughly 50 more beds, bringing the hospital total to 400.

The move came after discussion on the need and cost of additional beds after the 350 beds were filled. Cost for future expansion would be much less if a top floor "shell" was provided, Heenan said.

It was generally agreed that if a roughed-in additional floor could be included for the $3,000,000 and that 350 beds would be provided, the board would probably approve a vacant top floor.

Dr. L. A. Farnham, a member of the hospital staff's building committee, pointed out that the present building had a vacant top floor and empty portions of the first floor and basement when originally constructed.

He praised the foresight of those persons who provided for that space, which is now filled to capacity and beyond.

Roessling put a damper on the vacant top floor option, however. "We will be doing everything in our power to bring the capacity up to 350 beds with the funds we have," he said.

He advocated providing facilities, such as operating rooms, X-ray rooms, kitchens, etc., for an added floor, but not providing the floor in any form at this time.

However, he agreed to go ahead with preliminary plans and determine cost.

Construction of the wing will not be completed for about 31 months, the architects said.

In two weeks, they will return with tentative sketches based on points agreed on at the meeting. Eight weeks after that they expect to have preliminary plans completed.

Eight months later, according to their timetable, finished plans should be ready for bids. Six to eight weeks should be contemplated for bid submission, and construction should start 30 days after contracts are let.

Construction is expected to take 18 months.

Roessling said $225,000 of the $3,000,000 bond issue approved by Pontiac property owners in November would go for equipment. Approximately $150,000 would go for architect's fees, and the remainder for construction.

Hills Zoning Law Opposed

Developers Ask Court to Declare Ordinance Unconstitutional

A group of building developers are asking Oakland County Circuit Court to declare a Bloomfield Hills city zoning ordinance unconstitutional.

They say their group purchased a 30-acre site at the southwest corner of Woodward Ave. and Hickory Grove Dr. Jan. 11, 1954.

A strip of the land fronting on Woodward 1,540 feet long and 400 feet deep was zoned to allow construction of multiple dwelling units when bought, they allege.

On May 8 last year a new zoning ordinance prohibited multiple units on the site, the group asserts, allowing only single-residence construction.

They claim heavy traffic on Woodward makes the site undesirable for expensive homes. Besides asking that the zoning ordinance be nullified, the group wants the city stopped from taking any steps which might prevent building of the multiple units. No hearing date has been set.

Gov. Williams Proposes Hiking Jobless Benefits

LANSING (AP)—Gov. Williams proposed a sweeping liberalization of Michigan's unemployment compensation law in a special message to the Legislature today.

He advocated raising the maximum benefit payment to idle workers from $40 a week to $45 a week with $5 additional for each dependent up to four.

He urged that the duration of job insurance benefits be boosted from the present 26 weeks to 39 weeks.

He asked that employment insurance be extended to all establishments with one or more employes at the best and at least to those with four or more persons in compliance with a new congressional act. The present state law covers establishments with eight or more employes.

Hold Sew-Yourself Fashions Showing

Spring fashions will be shown Wednesday, March 9, in St. Vincent Paris Hall at 2 p.m. Entitled "Fashion Scrabble for the Modern Miss," the show is under the sponsorship of St. Frederick's clothing class.

Delores Hartig, educational stylist for a pattern company, will present the fashion news for Spring in everything from schooltime separates to formal prom gowns. Since the styles are ones the girls can sew themselves at minimum cost, interest is expected to be high.

Models for the show will be selected from among students in the clothing class. Special guests for this fashion parade will be members of the clothing class from St. Michael's High School.

Answers to Puzzles Guarded With Care

(Continued From Page One)

safe, there to remain until AFTER the deadline for submitting solutions to that specific puzzle.

AFTER the deadline is well past the sealed envelope will be turned over to the Press for opening, and for publication of the correct answer.

That's the safeguard which will keep the answers absolutely secret until all entries are in.

Watch for the first of the Bonanzagrams in Monday's paper, with complete rules for entering the competition for $100 weekly for the correct answer.

Anyone may enter, except employes of the Press and members of their immediate families. (Immediate family means those members living in an employe's household.)

BILLY GRAHAM PACKS 'EM IN — New York's Madison Square Garden, famed home of sports events, is jammed with its biggest crowd of the year — 19,000 persons — to hear Evangelist Billy Graham at a religious rally. Police estimated that some 5,000 persons were turned away last night but loudspeakers were set up outside to allow the overflow to hear Graham.

Union Refuses to Join Board

Will Not Put Member on Fact-Finding Panel in Consumers Dispute

JACKSON (INS) — The CIO-Utility Workers union yesterday refused to name a non-voting member to the state fact-finding panel investigating the dispute between the Consumers Power Co. and the union.

The action taken on the matter was the union's way of refusing to recognize the legality of the Bonine-Tripp Law.

Workers at Consumers Power went on strike last Monday at midnight but the walkout was called off 25 hours later on condition that any wage settlements would be retroactive to March 1.

Gov. G. Mennen Williams appointed the fact-finding panel under the Bonine-Tripp Law, which requires a 30-day waiting period on any strike action, to give the panel time to study the dispute and make its recommendations.

The short-lived strike affected 5,000 gas and electric workers and jeopardized service to 3,250,000 customers in the lower peninsula.

Carl Sanders, regional director of the union, said the union will present its case but will not technically have a representative on the panel.

Diet of Bananas, Cheese Saving Life of State Boy

CHARLEVOIX (UP)—A banana and cheese diet is saving the life of a 3-year-old Charlevoix boy.

Little Brian Potter, who suffers from a disease known as celiac, was wasting away until a year ago when a doctor prescribed a special diet because he wasn't able to digest a normal diet.

Brian's mother, Mrs. William Potter, said her son eats 8 to 10 bananas and a pound of cottage cheese every day. During the last year, he has eaten more than 3,000 bananas.

Brian's case closely parallels that of 5-year-old Susan Morgan of Ponchatoula, La., who made headlines earlier this week with disclosure that she has eaten 20,000 bananas since she was a baby.

Mrs. Potter said doctors have told her Brian has a stomach that will not digest starch, sugar and fats. He's permitted to eat eggs, lean meats, poultry and unsweetened pineapple juice in addition to bananas and cottage cheese.

Mrs. Potter said her son's special diet adds about $8 a week to her food budget. The boy's father is a strawberry grower and he has two sisters and a brother who are able to eat regular diets.

Senate OKs Fourth Judge for County

The State Senate yesterday approved a fourth circuit judge for Oakland County and sent the bill to the House.

If approved by the lower chamber, Oakland will elect the judge in November 1956 and he will take office Jan. 1, 1957.

Sen. William S. Broomfield (R-Royal Oak), who sponsored the bill, had tried to amend it to allow Gov. Williams to appoint the new jurist, but could not muster enough support.

The Senate was expected to vote today on two bills which would permanently ban hunting in Southfield and Bloomfield Townships, if approved by a vote of citizens in each township.

GILMAN A. GREEN

Gilman Green Dies at Home

Death Takes Former Rural Route Carrier of Pontiac Post Office

Gilman A. Green, 79, a rural mail carrier with the Pontiac Post Office for 30 years, died yesterday at his home, 50 Washington St. He had been ill for nine months.

Born on a farm in Springfield Township May 18, 1875, he was the son of Charles and Amelia Boutwell Green. On Jan. 1, 1918, he was married to Rose B. Fillingham in Davisburg.

Mr. Green had lived his entire life in Oakland County. He was a member of the First Presbyterian Church and the Rural Route Carriers' Association. He entered the mail service on Aug. 18, 1911, back in the days when rural carriers employed a total of two automobiles, used them only in good weather, and served only 800 boxes.

At that time Mr. Green carried his mail behind horse and buggy, starting where Perry and Mt. Clemens streets now join and served 61 rural boxholders on a 24 mile journey. Today the Pontiac office serves 3,000 rural boxes.

He is survived by his widow and a sister, Mrs. Grace Crosby of Melbourne, Fla.

The funeral will be held Saturday at 2 p.m. from the Donelson-Johns Funeral Home with Dr. William H. Marbach, his pastor, officiating. Burial will follow in the Andersonville Cemetery. Bearers will be carriers from the Pontiac Post Office.

Adenauer Set to Cede Power

To Surrender Some Duties When Western Alliance Is Assured

BONN, Germany, March 4 (AP)—Chancellor Konrad Adenauer, within sight of an alliance with the free world, is preparing to surrender some of the reins of power in West Germany.

Adenauer believes the Western goals of his foreign policy soon will be reached. If so, he is ready to take things easier, giving up the Foreign Ministry. Heinrich von Brentano, his parliamentary leader, is to get that Cabinet post.

Is 79-year-old Adenauer also grooming an heir for his chancellorship in the 1957 federal election?

Ludwig Erhard, dynamic economics minister, is in the middle of the political stage, clearly with Adenauer's blessing.

Until recently, Erhard was occupied solely with the nation's free enterprise development. But this year he has spent little time at his Economics Ministry. He crusaded for public approval of the Paris treaties in whirlwind speaking tours. He appears with Adenauer at top-level political strategy meetings. He confers daily with the chancellor on a wide range of domestic and foreign policies.

The next national election will come when Adenauer is 81. Although still in amazingly robust health, it is not likely that he would run for his third four-year term if he were convinced a younger man could provide firm leadership.

Bonn May Settle American Claims

WASHINGTON (INS)—The U.S. has agreed to allow West Germany to settle 100 million dollars worth of war claims filed by American citizens against Nazi Germany.

A communique issued at the conclusion of talks between representatives of the U.S. and West Germany said West Germany will reimburse American claimants out of its debt for postwar economic aid.

A State Department official declined to comment when he was asked whether this means that U.S. taxpayers would, in effect, foot the bill.

The parley, which began in Washington Feb. 10, was held to decide the fate of 450 million dollars worth of alien property seized by the U.S. at the beginning of World War II.

The Plan, subject to ratification by Congress, also provides that German claimants—individuals, but not corporations—will be reimbursed up to $10,000 per person.

In 1954, U.S. Pacific Coast states increased their population by 3.7 per cent or approximately double the national rate.

Interview Given by Pontecorvo

Ex-British A-Scientist Says He's Been Soviet Citizen Since 1952

MOSCOW (AP)—Prof. Bruno Pontecorvo held the center of the stage for an hour and 40 minutes at a news conference today. He disclosed little except that he has been a Soviet citizen since 1952. He declared he is working only on a peaceful atomic projects.

The scientist was born in Italy but fled the West in 1950. His whereabouts had been a mystery, but Pravda last weekend revealed his presence in the Soviet Union. What prompted Soviet officials to arrange today's news conference—a rare thing in this country—was not exactly clear.

* * *

Asked by a Western correspondent if he would change over to atomic military work in case of a direct threat to the Soviet Union, Pontecorvo answered:

"I am a Soviet citizen and together with all Soviet people I am ready to serve the people to the best of my ability."

This seemed to be an elaborate way of saying yes.

His voice broke and words came slowly as he sent greetings to the physicists with whom he had worked in England.

"I must say I have feelings of great friendship and respect for them, especially the director of the laboratory where I worked, Prof. (Sir John D.) Cockcroft."

Pontecorvo, who was given British citizenship for his work in World War II, disappeared in 1950 while working at England's top secret Harwell Atomic Research Station. He is now about 45 years old.

Pontiac Deaths

Ernest W. Bailey

Ernest W. Bailey of 37 E. Strathmore St. died this morning at Pontiac General Hospital. He was born in Milford and married Della Main. Coming here from Milford 30 years ago, he was a retired employe of the Michigan Bell Telephone Co.

Surviving are two daughters, Mrs. Ralph Easterle of Rochester, Mrs. Arthur Fritz of Pontiac and three grandchildren. A sister, Mrs. Ida Noake of Oxbow Lake, also survives.

Service will be held Monday at 2 p.m. from the Sparks-Griffin Chapel with burial in Perry Mount Park Cemetery.

Howard S. Beebe

Service for Howard S. Beebe, 61, of 464 Auburn Ave. who died yesterday morning at St. Joseph Mercy Hospital, will be held Saturday at 1:30 p.m. from the Brace-Smith Funeral Home. The Rev. C. George Widdifield, rector of All Saints Episcopal Church, will officiate with burial in Ford-Elba Cemetery at Elsie.

Harry L. Patten

The funeral for Harry L. Patten, 71, of 235 S. Marshall Blvd. who died yesterday morning at St. Joseph Mercy Hospital, will be Saturday at 3:30 p.m. from the Sparks-Griffin Chapel. Dr. Tom Malone of the Emmanuel Baptist Church will officiate. Burial will follow in Oak Hill Cemetery.

Mrs. Carl L. Swanson

Mrs. Carl L. (Emma E.) Swanson, 69, of 239 S. Marshall Blvd. died last night at St. Joseph Mercy Hospital after a two weeks illness.

Born in Arvon Township, Baraga County Jan. 16, 1886, she was the daughter of Carl G. and Louise Swanson Lundberg and married in Laurium June 3, 1903.

A charter member of St. John's Lutheran Church, she had lived in Pontiac 28 years, coming here from Rochester.

Besides her husband, she is survived by four children, Lester P. of Birmingham, Dale J., Chester W., Mrs. Wilford Deatrick, all of Pontiac and eight grandchildren. Other survivors are four brothers, Harry of Skanee, Gustof of L'Anse, Fred of Berkeley, Calif. and Leo of South Lyon.

The body will be at the Voorhees-Siple Funeral Home until Monday morning when it will be taken to the St. John's Lutheran Church, 87 Hill St. for service at 2 p.m. The Rev. Carl W. Nelson, pastor of the church, will officiate. Burial will follow in Perry Mount Park Cemetery.

Consumers Panel Adjourns Till April

JACKSON (AP) — Gov. Williams' three-member fact-finding panel to investigate a dispute between 4,000 CIO United Utility Workers and the Consumers Power Co. has been adjourned until April 14-16.

Mediators sitting on the panel said the delay was at the request of the company and union. Both said they needed more time to prepare their case.

The workers struck midnight Monday, but returned to their jobs in 96 Michigan communities at midnight Tuesday. They are demanding a 15-cent hourly increase. The company has offered seven cents.

The United States had 1,066,000 classroom teachers in elementary and high schools in the fall of 1954.

Used Tear Gas Pencil for Warding Off Wife

WASHINGTON (UP) — Leon W. Miles, 40, was freed yesterday of a charge of possessing a pencil which fires small shells of tear gas.

Miles told the judge he only used it in self-defense against his wife. The judge let Miles go, but made him give the pencil to police.

The Day in Birmingham

Students Are Big Eaters, School Report Indicates

BIRMINGHAM—Anyone hungry? Birmingham school youngsters certainly shouldn't be, if the January cafeteria report released recently by Norman Wolfe, assistant superintendent of schools, can be used as a criterion.

During that period 45,431 lunches were downed by 44,149 pupils and 1,282 teachers. Besides Birmingham High and Barnum Junior High Schools, elementary schools represented in the computations included Adams, Baldwin, Pierce, Beverly, Franklin and Pembroke.

Wolfe noted that 20,630 half-pint bottles of milk were consumed in that period. Over a third of the eaters at the senior and junior high schools chose ice cream for dessert, with 11,212 portions sold.

Cashwise, including the federal subsidy, $17,643 was taken in. But by the time expenditures for food, labor and equipment were subtracted, the Board of Education treasury showed the cafeterias operating in the red by $6,799.

The most noticeable comparisons in Wolfe's figures were those listing the number of lunches served in January of other years: 38,583 in 1954; 33,633 in 1953; and 23,166 in 1952. This is mainly due to the marked increase in population. Three new cafeterias were put in operation during this school year.

* * *

At least four juveniles will be questioned by Police Lt. Henry Timm for what he believes was a deliberate attempt to derail a passenger train at the Grand Trunk Western Railroad station here last week. An eight foot railroad tie was placed across the tracks shortly before the train was due, Timm said.

Because it was old wood the tie broke when struck, but the train's engineer told Timm he felt the engine shake. He said it would have crashed into the station had it been derailed.

With voting registrations lagging in both Birmingham and Bloomfield Hills, City Clerks Irene Hanley and Robert Stadler are reminding residents that the deadline for registration for the April 4 election is Monday. Bloomfield Hills city offices will be open from 8 a.m. to noon tomorrow and 8 a.m.-5 p.m. Monday.

The city clerk's office here will remain open from 9-5 tomorrow, and from 8 a.m.-5 p.m. and 7-8 p.m. on Monday.

* * *

Boys interested in swimming at the Pontiac YMCA tomorrow should contact the local Y office for reservations. The Y Men's Club will take a group of 30. They will leave at 12:30.

* * *

Rev. W. Glen Harris of the First Presbyterian Church announced yesterday that the first of two "Church Night" dinners will be held at 6:30 p.m. next Wednesday.

Rev. Wade Hamilton Boggs, D.D., moderator of the General Assembly Presbyterian Church in the U.S., will be the featured speaker, talking on "The Majesty of Christ." Reservations must be made by Sunday.

* * *

Story hour at 10:30 a.m. tomorrow at Baldwin Library will feature three stories. Children's Librarian Kathleen Pikel will read "Fiddivaw," "Millions of Cats," and "Nonsense Alphabet," to kindergarteners through sixth graders wishing to attend.

* * *

Mrs. Frank F. Tillotson

BLOOMFIELD HILLS — Service for Mrs. Frank F. Tillotson, 83, was held at Ft. Lauderdale, Fla., Thursday. She died Tuesday. Mrs. Tillotson had moved to Ft. Lauderdale from her Bloomfield Hills estate, Highwood.

She is survived by one son, Robert of Bloomfield Hills; one daughter, Mrs. William Siepeck of Chicago; four grandsons, John, Franklin, Robin and Jerry Tillotson; and five great grandsons.

Phenix City Murder Defense Making Bid

BIRMINGHAM, Ala. (AP)—Defense attorneys had four more alibi witnesses to question today before putting Albert Fuller on the stand to deny that he had anything to do with the killing of crime fighter A. L. Patterson.

Chief counsel Roderick Beddow said yesterday he hopes to complete defense testimony today or tomorrow with the ex-chief deputy sheriff himself as the final witness.

The 35-year-old Fuller, who has shown no sign of worry throughout the almost three weeks of his trial, is one of three defendants charged with murdering the Democratic nominee for attorney general who had sworn to smash the racketeering empire for which Phenix City was infamous.

Tumblers, combs and brush backs made of nylon can be sterilized in boiling water.

New Proposal Would Scrap Electoral College

WASHINGTON (AP) — Sen. Humphrey (D-Minn) today proposed legislation to discard the present electoral college system and provide for election of the president and vice president by poplar vote.

A constitutional amendment would be required to do away with the electroal college system.

"For 160 years," Humphrey said in a statement, "the United States has been hampered by an obstacle in the path of democratic selection of the chief executive.

"The fundamental principle on which any democracy is founded is that the people governed shall have a voice, a controlling voice, in their government.

Renounced Wealth, Society

Death Takes Heiress-Nun Who Cared for Minorities

PHILADELPHIA (AP) — Mother Mary Katharine Drexel, who renounced wealth and society to found a congregation of nuns devoted to the care of American Indians and Negroes, died yesterday at the age of 96.

Born Katharine A. Drexel, the second of three daughters of financier Francis A. Drexel, partner in the banking house of Drexel, Morgan and Co., she turned over her share of a 15-million-dollar trust fund to her religious congregation.

* * *

Full of compassion for the plight of the American Indians and Negroes of the United States, she journeyed to Rome shortly after her father's death in 1885 and pleaded with Pope Gregory XIII to assign teachers to the missions established for these minority groups.

The pontiff's suggestion that she herself make this her life's work led to her decision to enter the convent of the Sisters of Mercy in Pittsburgh.

* * *

In 1891, with ecclesiastical permission, she and a small group of nuns founded St. Elizabeth's Convent, the mother house of the Sisters of the Blessed Sacrament for Indians and Colored People at Cornwells Heights, Pa.

As the first superior general of her congregation, a post she held until 1937, Mother Katharine saw the society of nuns spread to 24 dioceses in 21 states.

At present, some 500 nuns are stationed in 49 houses and 63 schools including Xavier University in New Orleans, a Negro college.

None of Mother Katharine's close relatives survive her.

Women are eligible by law to serve on juries in 44 states, the District of Columbia and all territories.

Swedish shipbuilders launched a record 67 ships with a gross tonnage of 550,000 in 1954.

Chickens in the United States produce upwards of 100 million pounds of feathers a year.

Slide, Kelly, Slide

TROY, N.Y. (AP) — Don't try to steal against this DiMaggio and Rizzuto. Paul DiMaggio of New York City and Peter Rizzuto of Peekskill are rookies in the state police training school. They are not related to the famed baseball players.

Bob Considine Says:

Churchill Always Bounces Back

NEW YORK (INS)—Sir Winston Churchill's revelation that he was completely paralyzed for part of 1953 could have come as no great surprise to those who covered the Bermuda conference.

The great old man looked at the end of his long and colorful rope when he moved slowly down the steps of his plane, upon arrival. It just did not seem possible that he could carry on a serious confab with a vigorous President and with Premier Laniel.

There was another day at Bermuda when an aide carried a large wicker chair to the edge of the water—at the Mid-Ocean Beach Club—rooted it firmly in the sand, and the great man moved painfully to it. He sat down and for perhaps an hour he rested there, fathoms deep in thought and memory, looking straight out to sea. Looking at him from a respectful distance made one think of the stricken Roosevelt, just before and just after the Yalta trip.

But with Churchill there would appear to be this difference: He somehow rebounds. If he was completely paralyzed for part of 1953 he was a vigorous old John A. (for atomic) Bull the other day in Commons when he carefully and shrewdly outlined Britain's H-bomb policy.

Matter of fact, by carefully spacing his sleep, relaxation and work, he got through the tiresome and useless Bermuda conference better than did the much younger Laniel, who was in bed through most of the show.

Churchill always comes back, even a cursory study of his career would indicate. If he had chosen the prize ring, instead of journalism, politics, militarism and statesmanship, he'd more surely have been the first heavyweight champion to regain a lost title.

Peter Donald, moderator of TV's "Masquerade Party" was chatting in the lobby of "21" with Bernard Baruch. Halfway through the chat, Baruch's hearing aide dropped to the floor.

"Oops," said the elder statesman, "wait a minute, I'm off the air."

Two U.S. Weather Bureau scientists, L. Machta and D. L. Harris, in close association with the Atomic Energy Commission, have issued a report on the effect of atomic weapons on weather. Key sentence:

"A . . . careful examination of the data does not support the hypothesis that atomic explosions have changed the weather."

They get into some reasons why the legend has grown. The Hiroshima fires are so great after the bomb dropped that the heat produced numerous showers in the moist air overlying the city. There were showers for half an hour after the underwater test shot at Bikini. The Nevada tests have caused no weather changes whatsoever.

The U.S. Air Force must be the fastest growing business organization in history.

The "Air Force," as such, flew for the first time on March 1, 1910. One month earlier, Lt. Benjamin D. Foulois, for some time the only man in the "Air Force," had been given a budget of $150 with instructions to hie himself to the Brothers Wright and learn something about their gol-darn flying contraption.

Quick dissolve to an item in "Planes," official publication of the Aircraft Industries Association of America:

"The United States Air Force, buying more than a million separate items a year, continues to be the biggest business in the world.

"By July, 1956, the Air Force will have bought more than $25,000,000,000 dollars worth of aircraft of all types and related equipment since the outbreak of war in Korea in June, 1950. During the next 18 month period alone, the Air Force will take delivery on approximately $10,000,000,000 worth of supplies and equipment.

"Best example of the tremendous Air Force purchasing program needed to maintain U.S. air supremacy is that USAF, during a recent seven month period, made 524,864 contracts to buy $2,557,598,000 worth of items. These products ranged from tiny screws, costing a fraction of a cent a piece, to giant aircraft costing several million dollars each."

MYSTIC, Conn. (UP) — A large clam dropped by a seagull, broke a second-story office window and hit Mrs. Dorothy Bailey on the head.

Reds' Attorney and Cohn Clash on Matusow Issue

NEW YORK (UP)—Harry Sacher, counsel for 13 convicted Communists, says he is "not persuaded" that Roy M. Cohn has told the truth concerning turnabout witness Harvey M. Matusow.

Cohn, former assistant U.S. attorney who worked on the case against the 13 second-string Red leaders, and Sacher clashed yesterday at a retrial hearing

Cohn, from the witness stand, hotly replied to Sacher's contention: "Everything I have said here has been the truth."

The 13 Communists, convicted in 1952 of conspiring to teach and advocate overthrow of the government by force and violence, base their plea for a retrial on Matusow's assertion that he testified falsely against them.

Sacher, after questioning Cohn about briefs which the latter handled in connection with Matusow, said:

"If I were persuaded that this witness is testifying truthfully, and I don't think he is, these questions wouldn't be necessary.

"I am not persuaded that the witness is telling the truth. He must have seen every piece of paper . . . relating to the Communist case."

Sacher charged that the absence from the briefs of "whole ideas and testimony . . . would indicate that he (Cohn) had an indifference to the matter of Matusow's testimony."

Matusow, self - styled former Communist and FBI informer, has said Cohn coached him to testify falsely, a charge which Cohn has denied emphatically.

Cohn also has said he had no reason to believe Matusow lied at the trial.

During the cross-examination Sacher told Cohn to "bear in mind" that he was in "a court of law and not on the McCarthy committee." (Cohn resigned last year as chief counsel to the Senate Investigations subcommittee then headed by Sen. McCarthy (R-Wis).

Federal Judge Edward J. Dimock interrupted the verbal clash, saying, "Please don't refer to that."

Then, turning to the witness, he said:

"Mr. Cohn, you are a lawyer and it is not easy to keep from arguing, but it will be a lot easier for all of us if you pay strict attention and answer questions."

Hotel-Office Building Rumored for Detroit

DETROIT (INS) — A combined hotel and office building, to be constructed near the present location, is being considered by owners of the Victory Hotel, 301 E. Jefferson.

The Victory will be demolished this year to allow widening of Randolph. Owners contemplate a 12-story building, containing about 100 offices and 200 to 400 hotel rooms.

This was the third downtown building project revealed this week. Others, also in the proposal stage as yet, include a huge office building to house the National Bank, and a $22,000,000 hotel of 1,000 rooms.

Senators Quiz CD Head on Office Site

WASHINGTON (UP) — A Senate subcommittee study of the nation's preparedness against atomic attack turned today to the advisability of keeping Federal Civil Defense Administration (FCDA) headquarters at Battle Creek.

FCDA Administrator Val Peterson, returning to the witness chair this afternoon, was on notice to be ready for a long discussion of why he thinks his agency can operate more efficiently from Battle Creek than from Washington.

The agency moved its main office from Washington to Battle Creek Sept. 1, 1954. It has about 500 employes there, housed in the old Percy Jones Army Hospital building.

At the close of yesterday's hearing session, chairman Kefauver (D-Tenn) told Peterson he expects to question him "at some length" on the Battle Creek move.

The Tennessean said he wants to know how Peterson expects to be able to coordinate the civil defense activiites of some 25 government agencies "from a headquarters that far away from Washington."

Feathered Thief Takes Fish, Tackle and All

EROS, La. (UP) — Fisherman Clark Fuller lost his fishing pole and a nice catch of fish to a thief when he left them lying on a bank as he set out more lines up stream.

Fuller returned to find a hawk tangled in the line devouring his catsfish. The hawk set its claws fast and took off. The last time Fuller saw his fishing pole it was skyborn in an easterly direction.

2 Kalamazoo Area Men Killed in Head-On Crash

KALAMAZOO (UP) — A head-on collision killed two Kalamazoo area men last night.

Killed were Ralph Howard Struble, 87, of Galesburg and August Platteborze, 60, of Comstock. Both were riding alone.

An autopsy was ordered to determine if Struble suffered a heart attack before the collision. Police said Struble was driving west and suddenly veered into the eastbound lane.

Struble was a former principal of Eastern High School in Detroit. He also served at one time as superintendent of schools in Watervliet.

The crash occurred in a driving rainstorm.

Gov. Williams Signs Three Bills Into Law

LANSING (UP)—Gov. Williams has signed three new legislative acts into law.

One would appropriate $400,000 to continue construction of a fieldhouse at Michigan State Normal College.

Another permits a municipality to annex adjoining submerged Great Lakes lands owned by a private owner.

This will allow Harbor Beach to annex about 80 acres of submerged land bought by the Detroit Edison Co. for a new power plant.

The third bill gives the finance committee of boards of supervisors per diem pay and expense allowance similar to those paid for attending regular board meetings.

no body is smoother than the body that comes out of a Sardo bath

$3 Plus Fed. Tax

Only at Waite"s!

Money Back Guarantee!

What is Sardo? It's a new formula, just developed by a chemist, that you drop into your bathtub water so you come out silken and smooth all over. Because Sardo works under water, not an extra second is spent anointing yourself. Frankly we believe the chemist tired of grubbing for blades among all the lotions and creams his wife bought and found no time to use . . . and that's how Sardo happened.

Walk into your Sardo tub with chapped hands, chafed legs, rough elbows, dry skin. Walk out like Venus rising from the sea, positively velvety. It's just this side of amazing. Housewives tried it. Career gals tried it. Even an independent lab (male) tested it . . . all raved.

Sardo is actually a rich oil that breaks into tiny globules when it hits warm water. You can barely see them, barely feel them . . . but they go into action the minute you get into the tub . . . smoothing, nourishing dry skin.

Sardo smoothes you all over (ever try to cream between your shoulder blades?). Sardo smoothes while you bathe (how often do you skip your anti-dry skin lotion because you're too busy or just plain tired?). Sardo won't leave you, your towel, or your sheets sticky or greasy.

Sardo is as wonderful for the kids as for you. You use only a bottle cap-full per tub, so Sardo costs just pennies a day. And, if you're not delighted, your money will be refunded. So why wait?

new safe All-in-One capsule discovery for

Easy Reducing

science now helps you take off your fat while you eat the foods you choose

Do you like sweets, candy, cake, butter, gravy, potatoes? Have you tried one thing after another to reduce, spent dollar after dollar for pills and tablets and in spite of everything you've tried you're still too fat? Well, be as skeptical as you like, but NOW, right NOW, there's a wonderful new kind of capsule that helps you take off pounds and inches of ugly fat safely, quickly and so much easier you hardly know what's happening. You don't suffer starvation dieting hunger, you take no drugs, you don't exercise. In fact, you don't even diet one bit more than you want to, because you automatically eat less and here's why . . .

counteracts hunger

Just recently a well known scientist perfected a new tiny capsule that combines not one but ALL THE RECOGNIZED proven aids to reducing. It combines the vitamins and minerals often lost when cutting off fattening foods containing these needed vitamins and minerals. It combines the vegetable cellulose that has no calories, yet expands when it absorbs water, thereby helping give the feeling of a full contented stomach. In fact, these tiny capsules are so packed with vitamins and minerals, protein and non-caloric filling food, they actually equal and exceed many a meal.

fat goes fast

You'll be surprised at the fat you lose the first week, the inches that disappear the first month. No hunger, no strict dieting, no drugs, no exercise. And the cost is absolutely nothing unless you grow slim, more youthful looking, more active and enjoy better health.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

FRIDAY, MARCH 4, 1955

It's Time to Act on Roads Program

Michigan's highway problem now is squarely up to the State Senate.

The House plan which carried the blessing of Governor Williams was scuttled by the Senate committee. However, that isn't fatal if they come up with one of their own.

Broomfield

This means that there will be no referendum on the ballot this April. The House was willing to place the measure which carried the Governor's endorsement on the ballot.

But the Senate balked.

They wanted no part of it.

★ ★ ★

Oakland County's own Senator William Broomfield was favorable either way. "I was willing to go along with that myself," he said, "but my associates in Lansing were ready to pass a road measure themselves instead of ducking the issue and turning it over to the people."

Senator Broomfield is also ready to give any direct measure his support. "We need the roads," he said to the Pontiac Press. "Let's get started."

Senator Nichols, Chairman of the Senate Highway Committee, favors a cent and a half addition to the gas tax. "This is within a fraction of a cent of the national average," said he, "and no one can take any exception to that."

When Michigan motorists travel across the nation, they make an equal contribution to the other states and there seems to be no reason why we shouldn't expect the same amount from our own visitors for the privilege of using the roads here. Of course Michigan residents pay the same tax themselves, but so do the home folks of other states.

★ ★ ★

The gas tax has one big thing in its favor. We all pay in proportion to the amount that we use the roads.

A driver who covers 15,000 miles a year, uses approximately a thousand gallons of gasoline. An additional cent and a half gas tax would add fifteen dollars to his annual gasoline bill. Those that drive 30,000 miles would add approximately an additional thirty dollars to their gas bill over a full year. The first driver pays an additional 15 cents a week for his privilege of driving 15,000 miles and the second driver only touches thirty cents.

★ ★ ★

In return for this, they both get a great program of highway improvement and extension.

Right now speed is needed.

Something must be done.

It looks as though the next move is up to the Michigan Senate.

Father of Parcel Post

There is a special reason to remember Jonathan Bourne, Jr. whose 100th birthday occurred February 23.

That reason is that his sponsorship in the Senate of the bill that created our parcel post system is the direct result of a sea rescue off Formosa 75 years ago.

★ ★ ★

A native of New Bedford, Mass. Bourne sidestepped Harvard and ran away to sea in one of his father's whaling ships. Rescued from that wreck he was taken to Portland, Ore. There he became a lawyer and businessman and later entered Republican politics.

★ ★ ★

After serving in the Oregon Legislature, he was elected to the United States Senate in 1906 serving until 1913. In that period he conceived the idea of the parcel post system and pushed it through to enactment.

★ ★ ★

At the time the proposal was bitterly opposed by critics who called it socialistic. But today the service is used by millions without realizing the debt they owe to Jonathan Bourne, Jr.

Paper and High Taxes

Most Americans know how the industrial revolution changed everybody's lives.

But we venture few realize how the paper revolution which accompanied industrialization contributes to our heavy tax bill. Some surprising light was thrown on this recently by a report of the second Hoover Commission.

★ ★ ★

The commission found, for example, that our Government personnel handles 25 billion pieces of paper a year. This does not include untold tons of pamphlets, technical manuscripts, etc.

Another discovery made by the commission is that the office space required for the 750,000 workers engaged in full time paper work equals 36 Empire State buildings. Also, it learned that the space required to store the 24,000,000 cubic feet of Federal records equals seven Pentagons.

★ ★ ★

Study of the situation has convinced the commission that the work done on this enormous volume of papere costs taxpayers $4 billion a year. While there has been no guarantee expressed or implied, the commission feels that improved efficiency in handling this work could save about $225,000,000 a year.

That's only a tiny fraction of our $60 odd billion Federal budget, but it's well worth saving.

The average woman doesn't know what the heck she wants, but she's determined to get it.

The Man About Town

Quota at Philmont

Local Council Reserves 33 Places at Big Scout Camp

Spirit: About which some people think on Sunday, but give it a rest on the other six days of the week.

The 1955 quota of Clinton Valley Council of the Boy Scouts at the annual Philmont Camp in Arizona is 30 Explorer Scouts and three leaders. Each year this is the nation's top scouting activity. The local dates are July 1 to 18, and about 15 already are enrolled. The boys will make the trip by rail, and the cost is $140 each. This covers everything, including transportation, meals and berths en route, and all expenses for over two weeks at the camp which comprises several thousand acres in one of the most scenic spots in the world.

Purple pansies blooming under the ice and snow are reported by

Mrs. Joseph Potulsky

in her yard at 3886 Morgan Road.

Army enlistments keep the draft board calls at a low figure. The March quota for the Pontiac city board is only six men, and the out-county board is asked for only eight. The induction date is March 30.

My Lansing scout sends word that the 1955 publication of the Oakland County delinquent tax sales starts next week in

The Holly Herald-Advertiser

Gardening for the love of it, and doing a good job,

Ralph T. Keeling

already is getting out his sweet potato sprouts and making other preparations for an early spring.

The spring sap is running earlier than usual in Pontiac's maple trees.

Jerry Lennoxon

of 1128 Oakland Ave. has tapped several trees near his home, and already has boiled down some syrup.

A Pontiac golfer tells me that the manufacture of golf balls increased from 16 millions in 1935 to 40 millions last year.

Another indication of an early spring comes from

Herman Welker

of Cass Lake. He says his 15 year old shepherd dog has commenced to shed his winter coat much earlier than ever before.

Will He Ever Get It On the Road?

David Lawrence Says:

President's Sense of Duty Won't Allow Him to Retire

WASHINGTON — President Eisenhower really doesn't want to be nominated in 1956. There's nothing artful or deceptive about his reluctance. It is genuine.

For many months, however, his closest friends and the members of his official family and the political leaders of the Republican Party have been talking to him about their hopes that he would consent to renomination. They take it for granted that he will finally accede to their wishes.

But the position of Eisenhower as outlined in his latest press conference is revealing. He was asked how he felt about the view of Republican leaders that he was indispensable to a party victory. The reply by the President was as follows:

"Did you ever think what a fate civilization would suffer if there was such a thing as an indispensable man? When he went the way of all flesh, what would happen? It would be a calamity, wouldn't it? I don't think we need fear that."

Now Eisenhower is absolutely logical about it, but he overlooked one important fact—namely, as long as there is an "indispensable man" around, he will be kept in high office. It doesn't always matter, either whether he is in full physical vigor or beyond 65 years of age, as witness the fact that Winston Churchill at 80 is still the most popular and politically the strongest leader the Conservative Party in Britain can get at the moment to keep the Labor Party out of power.

The words "indispensable man" have a familiar ring to some of us who covered the three-cornered presidential campaign of 1912. It was Woodrow Wilson, the Democratic nominee, who was using the phrase then against Theodore Roosevelt.

The latter had served two terms in the presidency—one when as vice president he succeeded McKinley in 1901 after the assassination of McKinley, and the other after his own election in 1904. But nevertheless Roosevelt was being called a "third termer" in the 1912 campaign and was being offered as an indispensable man by the progressive faction of the Republican Party as against the regular nominee, President Taft. Here is what Wilson said about it in his formal speech accepting the Democratic nomination in August 1912:

"A presidential campaign may easily degenerate into a mere personal contest and so lose its real dignity and significance. There is no indispensable man. The government will not collapse and go to pieces if any one of the gentlemen who are seeking to be entrusted with its guidance should be left at home. But men are instruments. We are as important as the cause we represent, and in order to be important must really represent a cause."

Eisenhower can agree with that argument and find himself accepting the nomination of his own party in 1956. For the President today does represent a great cause—the nation's mandate that he find the way to an honorable peace.

Eisenhower probably is convinced at the moment that, if his party had to turn elsewhere, it could find a good man who would make an effective campaign based on the Republican record. But this is something to which the party leaders cannot turn their minds as long as Dwight Eisenhower doesn't say the fateful words—that he would not accept if nominated.

Those are words which, on the other hand, Eisenhower is never likely to say. They run counter to his high sense of duty. As a military man, he has been accustomed to receiving assignments not geared to his personal convenience or desire.

He has learned to recognize instantly a call to duty. He, to be sure, had achieved eminence as the commander-in-chief of Allied forces in Europe in the biggest war in history and he had made a great record. He needed no more honors.

Gen. Eisenhower made it clear in 1948 and in 1951 that he didn't want a political career. But he succumbed eventually to the argument that it was his duty to serve if the people so desired. And when the people of the country—not just the Republican leaders—say he is needed at the helm in perhaps one of the most dangerous periods in all history, it seems certain that Eisenhower will put aside his desire for a private life in retirement and continue to serve in the presidency.

(Copyright 1955)

In His Footprints

CHRIST'S PROMISE

"Why seek ye the living among the dead? He is not here, but is risen."
Luke 24:5, 6

As Easter dawns a woman's eyes . . . Turn to a tomb wherein there lies . . . Her son by cruel Romans slain . . . And though He said He'd rise again . . . Her faith cannot surmount her fears . . . And so she sheds her bitter tears . . . But, lo, He's risen as He said . . . And so, you mothers, with your dead . . . On battlefields, who've sacrificed . . . Claim Easter's promise through your Christ.

Julien C. Hyer

THOUGHT FOR TODAY

He teareth himself in his anger: shall the earth be forsaken for thee? and shall the rock be removed out of his place?—Job 18:4.

* * *

Anger is the most impotent passion that accompanies the mind of man; it effects nothing it goes about; and hurts the man who is possessed by it more than any other against whom it is directed. —Clarendon.

Voice of the People

'Truth Will Win' Appreciates Alertness of Press in Exposing Untrue Statements

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Well, well, the chap signing himself, "Truth Will Win," got himself in a real fix. That just shows that the real truth always wins in time, no matter which side it is on.

I wish to thank the Press for getting on the job and proving that those statements are wrong, as I want the truth about all things and that includes fluoridation.

Those statements were taken from a magazine and I supposed that they were the truth as stated. Now I am going to write to that magazine and tell them about what the Press found out for all of us. I am very sorry that those statements proved untrue.

Now if human beings want strong, healthy bodies, they must draw into their bodies the most nutritious foods and pure water and milk that it is possible to get, and in the way that Nature produces them. These foods must be produced from the best fertile soil that is made fertile according to Nature's methods of building fertile soils.

Human beings are paying awful penalties in sick bodies of different kinds for violating Nature's laws that never change. The farther man gets away from natural foods, the more sickness and ailments he will have to suffer.

Truth Will Win

Shocked by 'Welder', Vows to Write No More

I was shocked to read the latest and "hottest" article of good cheer from "Welder." Believe me, it was the farthest thing from my mind to get "Welder" so excited, and I certainly have no urge to bring the verbal wrath of an admitted "rapist" down on my neck. So please consider this the last article from me.

One Who Still Knows
(and not the least modest)

"One Who Knows" seems to be writing sincere and straight forward letters while "Welder," whose last letter sounds like that of a juvenile, seems to be just playing around.

It seems to me that the Voice of the People is a column for sincere letters of facts and people's opinions, not for someone who wants to make fun of other people.

This situation of city employes' pensions, which comes up for vote in the spring election, is a serious one and should be discussed as such.

As for "Welder's" statement about never seeing anyone at a policeman's throat — either he doesn't get around much or his statement about having seen 19,473 policemen is false. Just let a policeman do something wrong and it is five times as bad as if myself or "Welder" had done it.

I am sure that if "Welder" would sit down for a minute and think of the difference between contributing 3 per cent of his salary toward retirement as he does and 8 per cent of the salary of a police officer toward his retirement, he would understand why there is such a difference in the age for retirement benefits.

I would also like "Welder" to notice that this letter is not signed "Welder" or "GMC Trucker," it is signed merely—

Mrs. W. C. Bordeaux
93 S. Parke St.

Street Is Hazardous, Resident Declares

New homes could become Pontiac's greatest tragedy, I, as one of the veterans' wives who have purchased new homes, wish to state that we, of low income, have to take what we can get. That is why most of us are here.

Not only do we tolerate the many building flaws that our V.A. and City inspectors have overlooked, but also our families and children are in constant danger of a fire and holocaust, due to the fact that our streets are impassable. When they are not frozen they are a sea of mud.

We have talked to the fire marshals who realize that no fire apparatus, ambulance or police car can get to anyone on these roads.

Now the contractor tells us they have paid the city to gravel our street, pending paving, so it would be passable. The city says it is up to the contractor.

Who will take the blame when a disaster strikes? Surely not the innocent who will perish if a fire strikes. We do not ask for streets of gold from our taxes—all we want is a street.

Mrs. Robert Rowland
208 West Longfellow

Urges Support of Bills to Better Social Security

Recently Senator Richard Neuberger from Oregon and ten of his colleagues, including Senator McNamara of Michigan, introduced a bill, S. 321, in the United States Senate that merits the full support of all persons who wish to improve our present Social Security program.

Rep. Edith Green of Oregon introduced a companion bill in the House.

These two bills would "Amend title 11 of the Social Security Act so as to reduce from 65 to 60 years the age at which women may qualify for old-age and survivors insurance benefits" and still allow these women to earn $1200 a year as permitted by the Social Security Act.

Many years of hard work and experience have proven that when you ask Congress for too much at one time we get little or nothing.

We should concentrate all our efforts now on one progressive pension step at a time. The Neuberger-Green bills not only contain this forward step but already have valuable support in Congress.

Baering Down

By ARTHUR "BUGS" BAER
(International News Service)

Surprised when San Francisco grabbed the Republican Convention against spirited indifference of Kansas City.

Last time out there was during prohibition equinoxes in 1920. That's what we heard.

Damon Runyon didn't drink but that didn't prevent the revenue posse from slapping a habeas stopus on one of his trunks. They accused Damon of smuggling fruit flies in his tattersall vest.

Runyon wore his pants so tight it cut off the circulation in his money pockets. He was to remedy that later on.

Damon and myself promoted an historic story-telling contest in the St. Francis one afternoon. He entered Irvin Cobb and Reilly Wilson wore my racing silks. It was won by the Virginia judge and added starter.

The judges were Ring Lardner, Bill McGheehan, Fank Ward O'Malley, Rube Goldberg, Wilson Mizner and others too thirsty to mention.

The Democrats nominated Jim Cox of Ohio on the fifty-seventh ballot. And a veepee to answer the phone. Cox said later he went out there on an excursion ticket anyway.

Davis of West Virginia was in the running like Niagara Falls on a rainy day. But he went over.

Harding won the election palms up.

Never forget the return trip across the American desert when a couple of delegates kicked in from the heat. We stopped off at the Needles in the twilight.

Portraits

By JAMES J. METCALFE

What does it matter if I live . . . Tomorrow or today . . . Unless my heart and soul can help . . . In some important way? . . . Unless I lead my neighbor to . . . His glory in the sun . . . And show him all the goodness that . . . His charity has won? . . . Unless I share the sky with him . . . And every kind of weather . . . And be his faithful friend as long . . . As we can be together? . . . Whatever course I take in life . . . However I may end . . . I want to keep him in my heart . . . Forever as a friend . . . So let me live for him as long . . . As I am on this sod . . . For as I serve my neighbor I . . . Am faithful unto God.

Case Records of a Psychologist

Baldness, as Well as the Graying of Hair May Be Due to Deficiency in Minerals

Judy's query brings out the fact that baldness, as well as graying of the hair in middle age, may be due to a deficiency in essential minerals. A painter can't work without paint in his bucket, nor can scalp cells put pigment into our hair, if the raw materials are lacking.

By DR. GEORGE W. CRANE

Case N-365: Judy, aged 20, is our only daughter, sandwiched midway between four brothers.

"Daddy," she asked recently, "why do you suppose your hair has turned gray while Mother's is still black?

"And why do some men get baldheaded while others never do, though they live to be 90?"

Yesterday I told you about the challenging new idea in modern medicine that concerns the role of trace minerals in our lives.

It might thus be a deficiency in one or more of these trace minerals which explains both the graying of our hair in middle age, as well as its entire absence when we start getting bald.

For example, suppose your local newspaper plant is all geared to produce tomorrow's newspaper, except for one deficiency. There is no ink!

The rolls of newsprint in the newspaper plant would then remain uncolored by the ink, so you'd lack tomorrow's paper, wouldn't you?

Well, maybe a similar deficiency of an essential trace mineral is why the pigment cells in the scalp can no longer color our hair black or brown or red.

Of course, other deficiencies might produce this result, too. Let's again use the analogy to your local newspaper plant.

Suppose everything was ready for tomorrow's printing, except for the fact that the press men were weak from protein deficiency and couldn't run off tomorrow's edition.

Then, though there might be plenty of ink, defects in the workers would stop the production of a well-inked newspaper.

Well, gray hair and baldness may indirectly be somewhat similar medical conditions to what occurs in cancer.

For the cells of the scalp cannot make hair when we are bald, and even though they do manufacturer hair, they can't color it, when our hair comes in gray where it used to be brown or black or red.

In a similar manner, some deficiency seems to cause cancer. If your skin is eroded, the surrounding skin cells will reproduce new skin cells.

But they may ultimately lose their power to do this if you were to constantly erode the same area on the skin.

Finally, those surrounding skin cells would manufacture large, undifferentiated cells, but these would no longer be skin cells. Such undifferentiated cells are simply cancer cells.

"Why do the skin cells finally fail to reproduce skin cells and,

instead, turn out a half-way type of cell that is undifferentiated?" you may ask.

That is still the great puzzle in medicine, but it could be due to lack of trace minerals that used to be rich in our soil but which now are almost wholly dissolved and washed into the seas.

When we find how to prevent cancer, we shall perhaps simultaneously get the answer to gray hair and baldness, too, for the latter also seem to be deficiency ailments of the human body.

Even if you don't have your salt shakers filled with "trace mineral" salt, you will be getting some of its benefits from the milk and beef of cattle that are now being fed the red salt with 6 or 8 trace minerals therein.

Our modern stress on vitamins may indirectly resolve itself into an attempt to make up for bodily deficiency in trace minerals. Anyway, keep your fingers crossed, for this is a new idea on medicine's horizon.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

HITLER NOW ASKS 20 years to complete his program.

Move to Different Climate Won't Reduce Rheumatiz

By WILLIAM BRADY, M.D.

At the turn of the century Dr. Osler opined, in the "doctor's bible," that chronic rheumatism was most common among the poor, particularly washer-women, day-laborers and those whose occupation exposes them to cold and damp."

Then, apparently forgetting that it was an affliction of the poor, Osler said "Climatic treatment is very advantageous. Many cases are greatly helped by prolonged residence in Europe, Southern California . . . winters in Egypt . . . in this way avoid the cold, damp weather."

I'm not a twentieth century Dr. Osler, but let me tell you poor folks, washer-women, day-laborers, snow shovelers, cold storage men, butchers, occupants of basement apartments or buildings with concrete floors, that it may be pleasant wintering in Egypt, the south of France or LaJolla, but it won't do your rheumatis any good.

Fifty years later medical authorities seem unimpressed by change in climate. Some of 'em seem reluctant to relinquish the old bunk entirely perhaps because they have good friends in the health resort business.

One recognized authority on arthritis and other joint disabilities regards "atrophic" (rheumatoid) arthritis as "one of the most common and most serious forms of rheumatic disease" (it would never do to say rheumatiz) and shows how far we have progressed since Osler's time by refurnishing Osler's view with horsefeathers:

"It is not difficult to perceive the adverse effect of a cold damp climate . . . to which the average individual can adjust himself . . . may lead to lowering of the general resistance . . . higher incidence of atrophic arthritis among those living under poor housing conditions and among those who through occupation are continually exposed to cold and wet."

You see, children, we still have with us the poor, low resistance and occupations that expose the poor souls to cold and dampness.

Dr. Osler was not unfamiliar with the $10 word "arthritis," but when he presented his version of rheumatism he didn't see fit to impress the customers with his knowledge.

As a matter of fact "arthritis" is a misnomer for joint disability of over a year's standing, with few exceptions. It means inflammation, and in most instances of chronic rheumatiz there is no sign of inflammation present. The trouble is joint degeneration, due, I believe, to nutritional deficiency through the years from childhood to breakfast, and for further information about it, it can do you no harm to send a stamped, self-addressed envelope and ask for the pamphlet "Calcium and Rheumatiz."

Signed letters, not more than one page or 150 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Hal Boyle Says:

Old Cars Have Some Advantages

NEW YORK (AP)—Millions of Americans are proud and happy owners of new shiny 1955 model motor cars.

But if you are going to have a second automobile in the family, Henry Austin Clark, Jr., suggests you be a real rugged individualist and shop around for a fine old sturdy 1915 Model T Ford or a snazzy 1919 Stutz Bearcat.

Clark, 37-year-old sugar heir, is one of the nation's leading antique car collectors. He has some 250 models, most of them manufactured before he was born.

Restoring antique autos is a hobby growing in popularity each year.

"There are now between 10,000 and 15,000 antique cars in captivity—that is, cars that have been restored and are in the hands of collectors," he said. "Before the Second World War there were only about 500.

"There are between 8,000 and 10,000 collectors, ranging from college boys to elderly millionaires. Some 1,000 now have five or more old cars. The restored cars are worth anything from a few hundred dollars up to, I would say, $10,000."

Clark uses a new car himself for daily driving, but insists modern models lack many qualities of the old autos Granddad drove in the adventurous age of motoring.

"The new cars all have several extra feet of useless metal encasing nothing," he observed. "And a lot of them are plastered with chromium pasted on for no obvious reason.

* * *

"They've sacrificed individuality at the altar of mass production. Unless you pick an unusual two-tone job, you can't tell one car from another. But if you're driving an 1894 Fisson you don't have any trouble finding it in a parking lot.

"The old cars had a lot of other advantages. Fresh air, for one thing. And more visibility. You could see where you were going.

"I have to admit the new cars have better brakes. But if you get into a two-foot snowfall, an old car will plow right through it. A new car is too low. It just piles up the snow in front of it and stalls.

"A modern car is also lost in 12-inch mud. An old car wasn't. A Model T could go places that no other car since it could—except the jeep.

* * *

"Speed? That's nothing new in motor cars. In 1906 Fred Marriott made 127 miles an hour in a Stanley Steamer. The next year he was doing an estimated 180 to 190 when he hit a rough spot and overturned. The car's boiler went about half a mile down the track, but Fred survived.

"In the Paris to Madrid race back in 1903 they achieved a speed of 90 miles an hour. But they killed so many spectators along the way—I believe it was about 40—they had to call off the race."

"They had some horrible accidents in the old days, just as they do now. In terms of safety the only thing that hasn't changed in the automobile is the nut behind the wheel."

Clark believes the most valuable and desirable old car in the country is his 1910 Simplex sports car, which "will still do 80 to 90 miles an hour easily."

Many of the antique cars he searches out to buy and restore are found in old family barns and estate garages. Others, surprisingly, are still on the roads.

"That can be embarrassing," he laughed. "Sometimes an owner gets indignant when you tell him you want to buy and preserve as an antique the car he drives every day.

"The owner may not necessarily be poor either. I understand the Astors have a 1911 Rolls Royce which they sometimes still use for afternoon occasions."

Clark, who recently sponsored the "Carnival of Cars" on Broadway, keeps most of his antiques on a museum at Southampton.

One of his prize exhibits, a 1906 Adams-Farwell with a rotating engine that spins like a top, has a feature which Detroit might well consider putting into its 1956 model to please cautious wives.

"You can drive it from either the front or back seat," said Clark.

Sobolev New Head of Soviet U.N. Unit

UNITED NATIONS, N.Y. (AP)—Arkady Alexandrovich Sobolev has been promoted to the late Andrei Vishinsky's post of chief Soviet delegate to the United Nations. He has been acting head of the Russian delegation since Vishinsky's death Nov. 22.

Sobolev's appointment by the Soviet Council of Ministers was announced in Moscow last night.

A veteran of U.N. affairs, Sobolev was appointed assistant secretary general in charge of the Security Council department when the international organization was first set up here in 1946.

He gave up the post there years later, reportedly because of illness in his family in Moscow. He later headed the Soviet foreign ministry's U.N. desk and then served as Russian ambassador to Poland.

In 1951, he was a member of the Soviet delegation to the U.N. General Assembly in Paris and subsequently represented his government at other assembly sessions.

Omaha's Last Trolley, Operator Both Retired

OMAHA (AP)—Omaha's last streetcar went to the bar for good today. Sidelined too was Joe Prohaska, 58, who spent 39 years piloting clanging cars.

Joe could drive a bus if he wanted. But he never learned to drive and says, "It would be like learning to walk. Sure, I could learn. But I'm afraid I wouldn't have confidence, I just wouldn't want to risk hurting anybody."

WE HAVE GREAT FAITH IN O-JIB-WA BITTERS SAYS DETROIT COUPLE

Mr. and Mrs. Albert Carr, 16703 Pierson St., Detroit, both used O-JIB-WA BITTERS and found the relief that they wanted.

"I suffered for about four months with a sharp pain in my right shoulder and arm. When I moved, it pained so much that I had trouble fastening my clothes. I tried massaging my arm and other treatments, but it didn't help at all. My husband too was ailing, as he was bothered with rheumatism in his legs and could hardly get around. He could walk, but every step was painful. We both had trouble sleeping nights because our aches and pains were so bad. My sister told me about O-JIB-WA BITTERS helping her rheumatism, so we both decided to try it. It took a couple of weeks before it helped us very much, but within two months, we were both well again. My arm is as good as new, and my husband isn't bothered any more either. We sleep well nights and feel better in every way. We have great faith in O-JIB-WA BITTERS because of the wonderful help it gave us, and are glad to recommend it to all who suffer as we did.

Reds Rap Churchill on Atom Statement

MOSCOW (AP)—Pravda took issue today with Prime Minister Churchill's claim of U.S. nuclear weapons superiority and warned Britain to stop harboring American air bases or she would find herself a prime H-bomb target.

The Communist party newspaper blasted Churchill as an "atom bomb waver" and said his House of Commons speech on nuclear weapons this week would only deceive the wilfully gullible.

"The Soviet people have achieved such success in the production of hydrogen weapons that the U.S.A. has already shown it is lagging behind on certain points," Pravda declared.

The article said British ruling circles were neglecting their country's security by permitting U.S. Air Force bases there.

Rescue Boat's Crew

PANAMA (AP) — Twelve survivors of the U.S. tuna fishing boat Sealark were picked up last night by an Ecuadorean merchantman after the boat radioed she was going down in the Pacific 400 miles south of Panama.

Notes Increased Bank Robberies

Hoover Says Amateur and Lone Wolf Bandits Have Entered Field

WASHINGTON (AP)—FBI Director J. Edgar Hoover said today an increase in bank robberies has reached "feverish proportions."

He said a new development has been entry into the field of the lone wolf operator and the amateur, with the latter sometimes acting on sudden impulse.

In a signed editorial in the March issue of the bureau's Law Enforcement Bulletin, the FBI director urged concerted action by banking institutions, law officers and the public.

* * *

"Violations of the Federal Bank Robbery Statute soared from 226 bank robberies, burglaries and larcenies committed in the calendar year 1950, to a startling total of 517 such offenses in 1954," he wrote.

"Of the three violations, robbery —the most serious—shot up threefold in the same period to 307 last year as compared with 100 in 1950.

"The crime itself has changed perceptibly in its pattern. During the gang era of the '30s, highly organized and seasoned veterans of crime hand-picked and victimized institutions most susceptible to attack.

* * *

"Today in sharp contrast, every banking-type institution is a potential target. The bank robber list today reflects the prominence of the 'lone robber'—and the amateur. The crime may be a spur-of-the moment act in which little or no planning is involved."

Blind Man's Bluff Puts Pete in Jail

TRINIDAD, Colo. (AP)—The man told Peace Justice Tony Barros yesterday he was sorry but Pete Santisteven, charged with running a stop sign, had been called out of town to tend an ailing relative.

He was a "good friend" of the defendant, the man said, and couldn't the case be continued.

Barros agreed, but at that moment Highway Patrolman James Hughes—who had arrested Santisteven—entered the courtroom and greeted the defendant by name.

Barros, who is blind, angrily fined Santisteven $10 and ordered him to jail for four days.

Diet Meets March 18

TOKYO (AP)—The newly elected Japanese Diet will convene March 18 to choose a prime minister and act on a new budget, the Cabinet announced today. Prime Minister Ichiro Hatoyama is expected to be returned to office.

Ike Spends Night at Farm Home Near Gettysburg

GETTYSBURG, Pa. (AP) — President Eisenhower slept here last night in his new farm home.

It was his first overnight stay, and it was a matter of community as well as presidential pride.

The Gettysburg Times, for example, sent flowers to the Eisenhower place on the edge of town, and its lead story said in part:

* * *

"Other presidents have slept in Gettysburg, including the martyred Abraham Lincoln, but none slept on their own property. President Eisenhower becomes the first President to do so."

Construction of the house started more than a year ago and workmen are still putting finishing touches to the interior. It is only partly furnished.

But the President decided yesterday he had waited long enough.

So he and the contractor, Charles H. Tompkins, of Washington, motored to the 189-acre farm to check further on construction details and to spend the night.

From the White House, Eisenhower brought pillows, sheets and blankets. His valet John Moaney made up the beds and cooked dinner.

The President was due back in Washington for a morning Cabinet meeting.

New Jet Seen in Airline Use

Lockheed AF Tanker Expected to Take Lead Commercially

WASHINGTON (UP)—A new jet plane to be designed for the Air Force is expected to lead to development of a commercial transport capable of spanning the continent in about four hours.

Air Secretary Harold E. Talbott said yesterday the Air Force has contracted with Lockheed Aircraft to design an advanced jet tanker plane for in-flight refueling to extend the range of jet bombers.

If successfully developed for military use, the ship almost certainly would be produced also as a passenger transport which could fly at speeds exceeding 600 miles an hour. Such a plane would be the world's fastest commercial jet transport.

Talbott also disclosed plans to order an additional $460,000,000 worth of jet tankers from Boeing Airplane Co., Seattle, Wash. Boeing's 550 mile-an-hour KC135 Stratotanker already is in production and new orders to be placed over "an extended period" will bring total contracts to $700,000,000.

Informed sources expect Boeing to build at least 200 of the aerial gas stations which will team with the mammoth eight-jet B52 Stratofort to comprise a global hydrogen and atomic bombing force.

The Stratotanker was developed as a $15,000,000 private venture and is being offered in a commercial version, carrying up to 130 passengers.

Authorities believe the Lockheed plane, a new departure in tanker-transport design, would be built at the huge Marietta, Ga., plant if the Air Force eventually orders production.

Designed for very high speed, the plane will carry its four engines as an integral part of its fuselage, leaving its sharply swept-back wings unmarred by the familiar jet pods on other U.S. planes.

State Falls Behind in Buying Surplus

WASHINGTON (AP) — Rep. Griffiths (D-Mich) has complained that her home state has been slow to take advantage of federal surplus property sales.

More than one billion dollars in real estate, buildings and equipment has been sold to the states since 1946. Most of it has gone to schools and hospitals.

But Michigan ranks 21st in the list of buyers, having acquired only $27,934,128 in surplus property. Texas is first with $155,446,117.

Mrs. Griffiths is a member of the Government Operations Committee which is inquiring into the entire surplus property disposal program.

In the equipment category, Mrs. Griffiths said, Michigan has bought $10,100,000 worth, Ohio's figure is $37,800,000 and Indiana's $17,400,000

Pedestrian Discovers How to Stop Traffic

PITTSFIELD, Mass. (AP) — A pedestrian, blocked several times by heavy traffic in his effort to cross a street, finally smashed a car window, a police report says. The crash halted traffic.

When police caught up with the man, who was completely sober, he admitted guilt and promised to pay for the window.

Longs for Old Scale

FREDONIA, N. Y. (UP) —Glenn S. Carr believes it's time for a change — meaning he'd like some more in his pocket. Carr gets $25 a year as official caretaker of the village clock in the tower of the First Baptist Church. He checked over some old records recently and found that the job paid $35 annually back in 1874. He wants a raise.

Sweden estimates her reserves of iron ore will last for about 200 years more at present rates of mining.

Winter Fun Ruled Out

IRONDEQUOIT, N. Y. (UP) — Youngsters at the Pardee School never know the thrill of sucking icicles — at least not during school hours. Electric resistance cables built into the gutters and downspouts melt snow and ice before they can form icicles on the school's eaves. The current is on 24 hours daily.

Mount Mitchell in North Carolina, with an altitude of 6,711 feet, is the highest peak in the Appalachian range.

Wrong Man in Draft

HARTFORD, Conn. (UP) —Brig. Gen. George R. Stanley, commander of Connecticut's Air National Guard, visited a draft board after receiving a notice to register for selective service. Stanley was told that the notice was correct except that the word "junior" was omitted. It was inserted for his son.

There are about 150,000 amateur radio stations in the world, of which the U. S. has an estimated 100,000.

What Christ's Life Should Mean to the World of Today

BISHOP SHEEN'S Modern Interpretation of

THE LIFE OF CHRIST

A Great Pre-Easter Spiritual Masterpiece of Interest to Readers of All Creeds

STARTS NEXT MONDAY IN THE PONTIAC PRESS and APPEARS EVERY WEEKDAY UNTIL EASTER

What meaning can Christ's life have for us who live in today's upset atomic age?

This is the approach taken by Bishop Fulton Sheen in his "LIFE OF CHRIST" which will appear for 30 weekdays in The Pontiac Press starting next Monday.

This is not just another life of Our Lord. It is a completely new treatment of the world's most important biography by one of the world's great and most popular religious philosophers and scholars.

Bishop Sheen's ability to vitalize religious thinking is attested by the devotion of his weekly television audience.

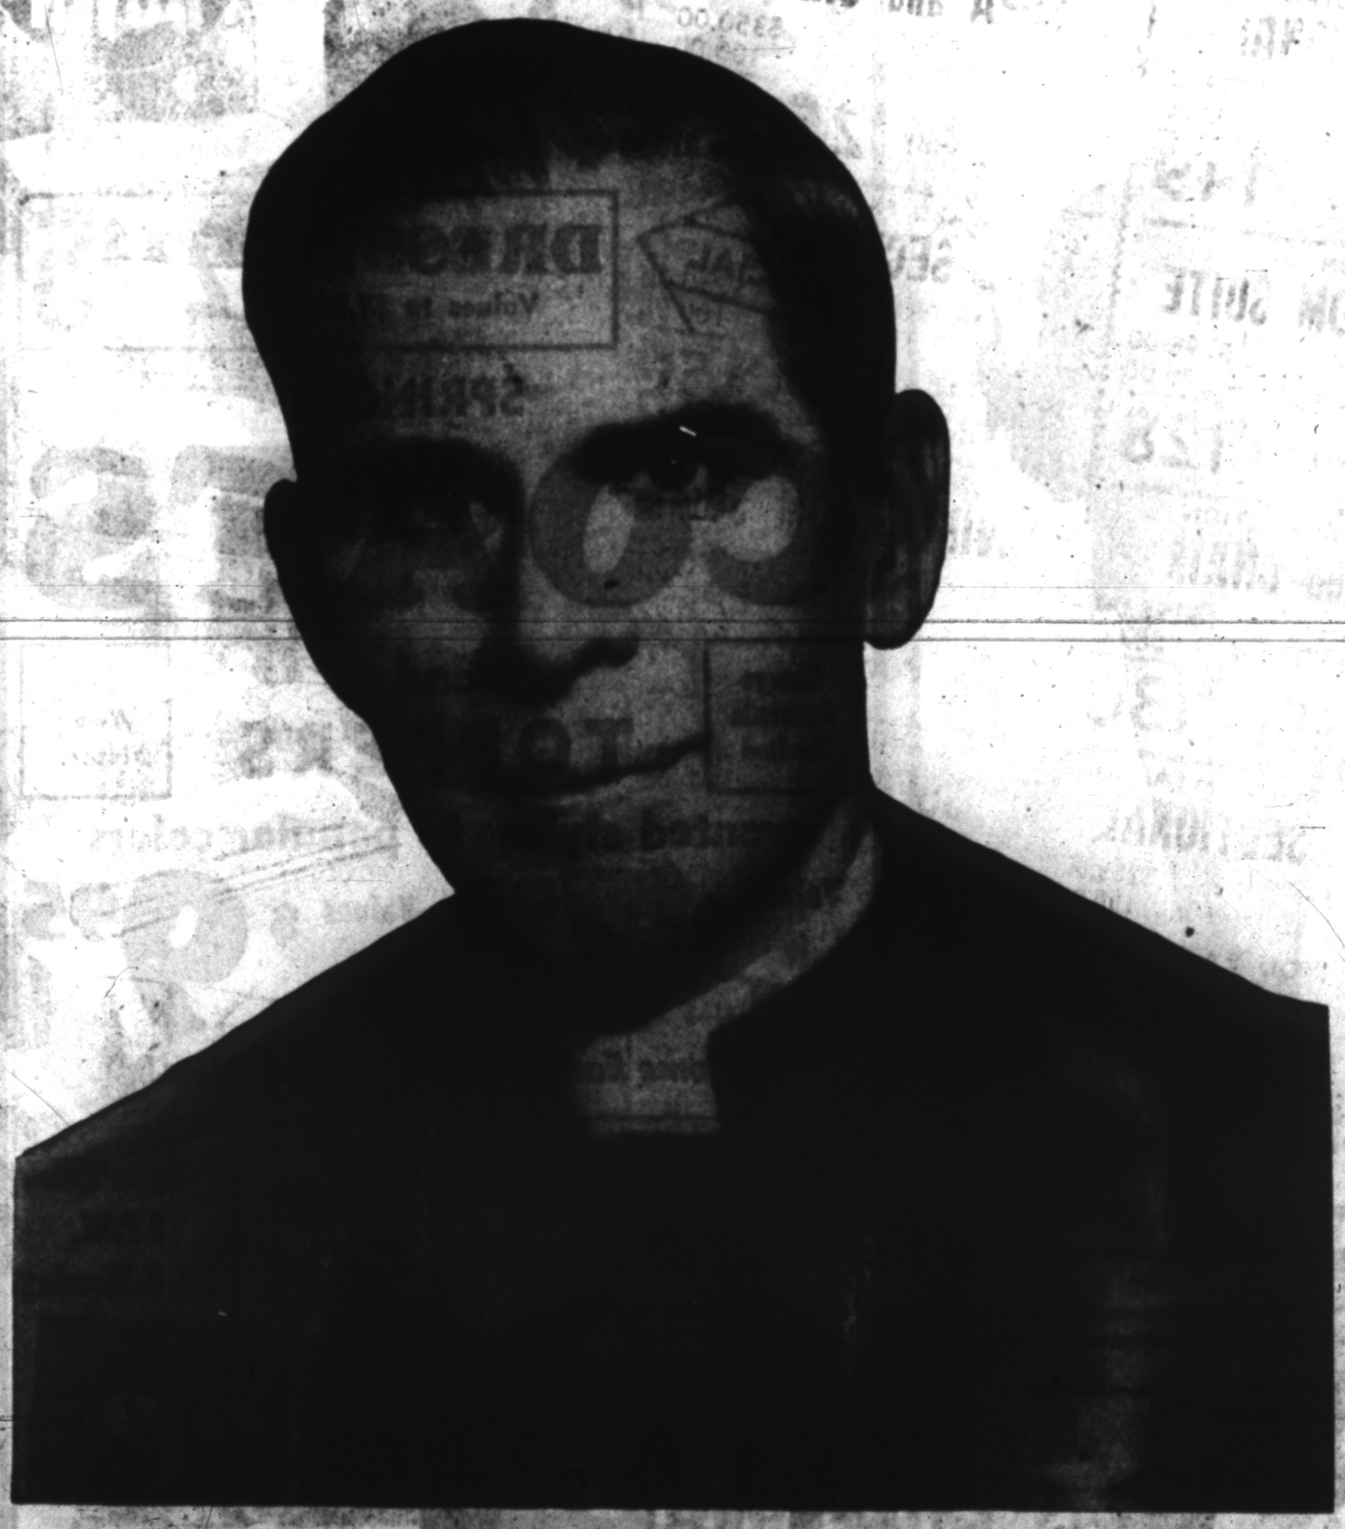
His application of the meanings of Christ's life to modern life will strike you with rocking impact, regardless of your faith or creed.

This is a masterful and unprecedented "explanation" of the most vital and important biography of all time. It is written with brilliance and compassion by one of the greatest thinkers and most inspiring religious leaders of our day.

Bishop Sheen's interpretation of the life of Our Lord will help you to faith, understanding and hope.

DON'T MISS A WORD OF IT

"We need a Christ today and if He is what He claimed to be, we have a virile Christ for these days."



BISHOP FULTON J. SHEEN

Photo by M. I. Boris

Starts Monday in The

PONTIAC PRESS

Koreans Kill 6 Reds

SEOUL (AP)—National police said today their combat patrols killed six Communist guerrillas and captured three in the past three days in mountainous southwestern Korea.

Ex-Polygamists Get 15 Youngsters Back

PHOENIX, Ariz. (AP) — Fifteen children taken in the 1953 raid on the once-polygamous colony of Short Creek were ordered returned to their families yesterday in a habeas corpus order.

Superior Court Judge Henry Stevens of Maricopa County, where the children had been resettled, ruled for the children's four families on grounds they had been denied legal counsel after the children were taken from the town.

The children have been in the custody of the State Department of Public Welfare.

Only Donated $11 Million to College, Oilman Tells

HOUSTON (AP)—Oilman Hugh Roy Cullen said yesterday he already had given University of Houston 11 million dollars plus oil leases and royalties.

He said he had "succeeded in giving away 93 per cent of my worldly goods" and that the university needed more money for operating expenses. Exaggerations about his gifts, he said, created a false impression that the school was fixed financially forever.

Twelve operas are credited to Giuseppe Verdi, who died in 1901 at the age of 88.

Orphan Weds New Husband

Marries Army Man After Learning First Spouse Was Brother

LONDON (AP)—A 24-year-old Englishwoman who unwittingly wed her brother and bore him two children before they discovered their relationship was honeymooning today with a new husband.

Margaret Anne Hughes was married secretly yesterday to Army Cpl. Donald Anderson, 23, at London's St. Cuthbert's Church. The Rev. C. L. Gage, who officiated, said the couple was wed by ordinary license after a legal opinion that Margaret's marriage to her brother Geoffrey was void.

* * *

Margaret and Geoffrey were orphaned in 1934 while small children. They were raised separately and did not meet again until 1948. Margaret had been adopted by a family named Stanham and carried that name.

The two were married in 1951. Their first child, Robert, is now 2, and their second, Michael, is 5 months.

"Soon after Michael's birth," Margaret told reporters last month, "a woman told me my real name was Hughes and that Geoffrey is my brother. I went at once to the registrar of births. He looked up the records and to my horror I found that the woman was right. Geoffrey and I parted immediately."

Now He Knows!

ST. PETERSBURG, Fla. (AP)—Now Dr. I. C. Middleman, St. Louis Cardinal club doctor, knows just how the players feel.

He played catch with Manager Eddie Stanky Thursday.

Result: He's being treated by Trainer Bob Bauman for a strained shoulder.

"HOT" HEAD—Presumbaly just the thing for a gal carrying a torch is this "inflammable" hairdo by German coiffeur Frederic Cise-Koester. What appear to be pigtails are really meant to simulate flames.

Find 9 Stowaways

GENOA, Italy (AP)—Nine stowaways were aboard the Argentine ship Corrientes when it docked yesterday. They all said they boarded the ship at Rio de Janeiro.

Understudy Gets Break; Critics Rave

By PHYLLIS BATTELLE

NEW YORK (INS) — Nearly every young girl one dreamy day decides she will trade in her white organdy curtains for the plush-and-asbestos curtains of the wicked stage. She will become a star.

Usually — after gentle persuasion from the family, a young man or a gnawing stomach—she backs off and settles down.

Not Miss Mary Fickett, however.

"Now you look here," said Miss Fickett, who is the latest gen-oo-ine golden girl on Broadway, "I spent a year out of my life studying for exams in a college dormitory closet after lights-out, just so I could make grades good enough to act in school plays.

"You think after a harrowing apprenticeship like that I would have given up?"

Miss Fickett speaks with the assurance of one who decided to be an actress at the age of four and kept at the urge for more than 20 years—until last week her name finally went up in lights on the marquee of the hit, "Tea and Sympathy." Her only speaking role on Broadway, prior to this dazzling experience, was a gem of pure simplicity.

"I said," she recalls, "'Good evening, Ma'am.'

"It wasn't much—but then I was quite young."

In taking over the lead role in the two-year-running "Tea and Sympathy," the cinnamon-curled, statuesque young actress is getting one of the most richly-emotional roles in modern theater. Her predecessors in the part were Deborah Kerr and Joan Fontaine, both of whom have had considerably more seasoning than Mary's exquisitely-enunciated "Good evening, Ma'am."

But Miss Fickett had understudied both of them and when she was called in, at 7:30 one night, to substitute for Miss Fontaine who had suddenly been stricken ill, she showed she could do it.

"The producer, the director, a couple of other men, were all gathered around and when I came in, scared shivery, they all bounced up and said 'Now don't be nervous, Mary. It'll go beautifully.'" she remembers. "Their nervousness was a soporific to me. Suddenly I was thinking—well what are they so scared about, for Heaven's sake. I can do it."

And she did. So beautifully that the audience, which had moaned when the stage manager announced there would be an understudy playing the role in Miss Fontaine's place, rose to their feet and screamed bravos. "It was just like in the Betty Grable movies!" is how Mary looks back on it. "I cried."

Actually, Mary Fickett has had several good roles, though she had never been lucky to hit the big drag, Broadway. In the Lynn Fontanne-Alfred Lunt touring company of "I Know, My Love" in 1950, she played two prominent roles—a kid of 18 and a woman of 40. The next year she played female lead opposite Helmut Dantine in another touring troupe doing "The Happy Time."

She has also done summer stock and TV (has the regular role of Miss Ruth Byfield in the soap opera "Portia Faces Life"). Her first speaking role was in a children's play at school in New York when she was eight. She played a king and remembers her line, distinctly. It was "The Queen's word is law!"

"It was a pretty good part," she says fondly, "for eight."

Mary is now being heaped with compliments from critics, and is looking toward new roles for next season. "They're just in the mumbling stage so far," she confides. But on Broadway, where standins rarely are turned into overnight sensations, it's generally accepted that Mary will go far.

"Congratulations, Miss Fickett."

"Thank you," says Miss Fickett, rising to start on her way. "And good evening, Ma'am."

The U.S. match industry estimates the average adult in the nation used 143 books of matches a year.

Drivers to 'See' Through Dark

Infra-Red Device Used to Pick Out Objects Up to 500 Feet Away

NEW YOR K(UP) — An infra-red device that will enhance safe driving by allowing motorists to "see" for great distances through darkness or fog has been unveiled by a Brooklyn manufacturer.

The device, developed under a Navy contract and called a "teiescopic eye," can pick out objects up to 500 feet away on a highway so densely shrouded in fog that normal vision is cut to 25 feet, the manufacturer said.

The instrument was developed at the Engineers Research and Development Laboratory at Ft. Belvoir, Va., and is manufactured at the Lewyt Manufacturing Co. in Brooklyn. It recently was removed from the classified list by the U. S. Navy.

Alex Lewyt, the manufacturer, said it will be offered to industry for use as standard safety equipment in all types of transportation.

The device consists of a highly sensitive picture tube and that picks up all objects in its path which give off infra-red rays.

Auto engines and humans both give off infra-red rays, which cannot be seen by the naked eye. The tube picks up the rays and makes the object visible to a driver.

For use on automobiles, the picture tube would be attached to the front of the car and the motorist would see the picture it picks up by means of a mirror attached near the dashboard.

When the tube picks up an object on the highway, a small light would flicker on the dashboard reminding the motorist to glance in the mirror and see what's ahead.

Hamtramck Scientist Credited for H-Bomb

DETROIT (UP) — Dr. Emil Konopinski of Hamtramck, financed through college by the Rotary Club when he was going to quit school, was disclosed today as one of the scientists who patented the hydrogen bomb.

Writing in the magazine Science, Dr. Edward Teller, usually known as the father of the H-bomb, gave much of the credit to Dr. Konopinski.

The patent was a formality, immediately taken over by the United States Government.

Teller wrote that he didn't believe an atomic bomb could be used to fuse an H-bomb but that Konopinski suggested the use of tritium.

Konopinski is remembered in Hamtramck as the boy the Rotary Club loaned $700 in 1929 to start college. His high school principal had refused to allow him to quit school to get a job and had talked him into continuing his education.

The code signal SOS was proposed for adoption as the universal distress signal for ships at the International Telegraphic Conference in Berlin in 1908.

Report Retired Persons Often Need Occupation

DETROIT (UP) — A Wayne University survey indicates that many retired persons should be allowed to retain work associations if only on a part time basis.

The survey, sponsored by the Metropolitan Detroit Committee on Aging, showed many retirees needed such associations to keep a sense of security.

Teachers' Strike Enters 4th Day

Walkout Over Firing of Superintendent Still Not Settled

IRVING, Tex. (AP)—A walkout by schoolteachers entered its fourth day today.

The superintendent had been fired and was appealing. Nine principals and executives who supported him had been discharged.

Mothers, fathers, retired teachers and substitute teachers manned classrooms, lunchrooms and school buses—under police guard.

Spokesmen for absent teachers said a row between the board and administrative personnel began smoldering last summer after teachers swung some precinct conventions to "liberal" Democratic governor candidate Ralph Yarborough. They said a "political clique" in this booming little city of 25,000 near Dallas didn't like it.

• • •

"I don't believe it stems from local politics," Board President Charles Young said. "Certainly there are political cliques in any community, but to attribute to that the local debacle of the last two weeks is fantastic."

Scores of teachers quit classrooms after the board fired Supt. John Beard Feb. 18 and refused to reconsider its action. Beard, 53, who holds a doctorate from the University of Texas, had been superintendent here 5½ years. He drew $9,700 a year and had two years to go on his contract. He is appealing to State Education Commissioner J. W. Edgar.

• • •

Beard said he was ousted because "a political clique in the community got control of the School Board."

The board announced last night it "unanimously found it necessary to dismiss Dr. Beard . . . on account of Dr. Beard's repeated failure to cooperate with the board on important policy matters: administrative, financial and operative."

300-Pound Man Finds Jail Still Without Comforts

PIKEVILLE, Ky. (AP) — A 300-pound motel owner, who felt jail would be more comfortable with warm showers, a roomy bed and better food, is back for 30 days.

Hiram Bailey was sentenced yesterday for selling liquor in dry territory. He pleaded guilty after being warned a jury trial might cost him a year in the jail.

During a 60-day stay on a similar charge last year, Bailey went all the way to the Court of Appeals in an effort to have a shower and a bed more suited to his 6-foot-2 frame installed in jail—at his own expense.

He was particularly annoyed with the steel cot provided him in place of a cell bunk.

"I sorta rose up to sneeze and it collapsed."

As for the food, Bailey said he was on a diet, a diet which "does not include soup, beans and potatoes, the major items of food served prisoners."

The high court unfeelingly turned him down. "Poor sportsmanship," replied Bailey. "I wanted to spend my own money for my good and that of the other boys and they wouldn't let me."

Jailer Frank Coleman says his king-sized prisoner has made no requests as yet for additional comforts. And it wouldn't help if he did.

"It doesn't make any difference how much money they got, everyone in Pike County Jail gets treated the same," he said.

Drop Leaflets on China

TAIPEI, Formosa (AP)—A single plane dropped more than two tons of anti-Communist leaflets on the Red mainland today, the Nationalist Chinese air force announced.

THIS SLEIGHS 'EM — David Brown's motorized wheel chair provides the motive power for sledding parties in his Salina, Kan., neighborhood. Youngsters are, left to right, A. J. Varneck, John Ellis, Roger Wertenberg, Diana White and Stan Wertenberger.

CIO Supporting Ike Trade Plan

But Union Sees Need for Program to Ease Hardships Here

WASHINGTON (AP) — The CIO today urged approval of President Eisenhower's liberalized trade program along with ways of easing its impact on some domestic workers and industries.

James B. Carey, CIO secretary-treasurer, told the Senate Finance Committee that his organization has a "long, historical record of support for liberalization of American trade policies through the reciprocal trade programs."

• • •

But, he said in his prepared statement, "we cannot be blind to the fact that, as a result of the continued reciprocal trade program, injury may occur, in certain instances, as the result of imports into the United States . . .

"The United States will be able to maintain its liberalized trade program only so long as the United States is prepared to deal effectively with the problems created by imports which tend to solidify the protectionist position against a liberalized trade program in America."

• • •

To meet the problem of distressed industries, Carey urged passage of a trade adjustment bill as a companion to the House-passed measure to extend the reciprocal trade agreements law three years.

The trade adjustment bill, already introduced by Senators Humphrey (D-Minn) and Kennedy (D-Mass), would set up various aids which the President could use to help communities harmed by imports.

• • •

These would include supplementary jobless benefits, earlier social security retirement, job retraining, and transportation to new areas for workers; loans, research information and tax benefits for industries; and loans and technical information for communities.

The House bill which Carey endorsed would give Eisenhower new power to lower duties 5 per cent in each year of the three-year extension of the trade pact law.

Japan Unions Strong

TOKYO (AP)—Nearly six million Japanese—39.6 per cent of the labor force—are organized in labor unions, a Labor Ministry survey showed today.

Baby Needs Clothes

DANBURY, Conn. (UP) — An inmate was released from jail because his wife was to have a baby. The day after the child was born, police re-arrested the father on a charge of stealing $65. He had spent $50 on baby clothes.

Intestine Now Throat for Boy Hurt by Poison

DENVER (AP)—Thirty inches of small intestine were transplanted into the throat of a 16-year-old Fairplay, Colo., boy in a 13-hour operation, second of its kind within two months, at Colorado General Hospital yesterday.

Edsel Scroggs drank from a bottle of liquid potash at the family home Dec. 31, severely damaging his esophagus.

It was the same type operation performed in January on 2-year-old Mike Stansberry, a portion of whose intestine was grafted by surgeons to fit as a new esophagus.

Urges Highway Plan to Aid in Evacuation

WASHINGTON, March 4 (AP) — Sen. Kefauver (D-Tenn) urged today revision of the administration's highway construction program to include roads adequate to evacuate persons from hydrogen bomb target cities.

Unless this is done, he said, the question of building shelters along highways outside the deadly blast area will be "academic" because no one will get to them.

Kefauver is chairman of a Senate Armed Services subcommittee on civil defense. At a hearing yesterday it was told of emergency plans for digging trenches or laying concrete pipes along highways to shield persons from the poisonous radioactive fall-out from H-bombs.

The testimony was given by Civil Defense Administrator Val Peterson, who was asked to return for another hearing today.

Coin in Throat Proves Fatal to Detroit Baby

DETROIT (AP)—For 10 days, Mr. and Mrs. Benjamin Sherman thought their 13-month-old son Raymond Sherman had the croup.

Only yesterday an X-ray revealed his trouble to be a quarter lodged in his throat. Last night the child died as surgeons began operation to remove the coin.

Address Incorrect

In Tuesday's issue of this paper a story on the sentencing of Antone Bombagi, of Pontiac, for second degree murder, incorrectly stated the address of his victim, George Spencer. The victim lived at 1255 Baldwin, Orion Township, not 125 Baldwin.

Sorority Tells Plans for Dance at Chieftain Hall

Members of Psi Chapter, Sigma Beta Sorority met at the Ottawa drive home of Jean Sheridan Thursday evening. The chapter voted to nominate Mrs. William Spalding as province governor for a meeting to be held May 15 in Chicago. Mrs. DeVere Games was appointed as her campaign manager.

Mrs. Eugene Russell, charity chairman, announced that invitations to attend the sorority's dance, "Shamrock Jamboree have been sent to the patrons. The affair will be held March 26 at Chieftain Hall with proceeds going to the Pontiac Foundation.

Mrs. Robert Kimmins and Mrs. Walter Woods will be co-hostess for the March 17 meeting to be held in the Cherokee road home of Mrs. Harry Kimmins.

Coming Events

Women's Literary Club will hold its annual meeting Monday at 2 p.m. at the home of Mrs. Dale Moats, 841 W. Iroquois Rd. Board will meet at 1:30 p.m.

Pontiac Press Photos

Mrs. Richard Wood of Orchard Lake Village, a young textile designer and weaver, displays a favorite piece of weaving. This material which has a background of gold and natural nub linen with a black linen thread wandering through it is destined to become upholstery for a sofa.

ESA Ball Slated June 4, Sponsored by Sorority

Westacres Community House will be the setting for the annual ESA Ball on June 4. The dance is sponsored by Alpha Alpha Chapter of Epsilon Sigma Alpha sorority.

The announcement was made Thursday evening when the chapter met in the Osage circle home of Mrs. Edward Hummel Jr., president.

Mrs. L. L. Schiefler, second vice president of the state organization, reported on the recent board meeting in Lansing.

Mrs. Schiefler was nominated for first vice president of the state. Election will be held at the state convention scheduled for May 6, 7 and 8 in Lansing.

Mrs. Frank Jalosky Jr., program chairman, announced that Nellie Blackmore, state president, will be a guest at the group's March 17 meeting at YMCA. Miss Blackmore will show movies of a European trip.

After the business meeting a "bad taste" party was held. Serving on the refreshment committee were Mrs. Schiefler, Mrs. Benjamin Sweeney, Mrs. Donald Moore, Mrs. Robert Earl, Dee Brim and Maxine Miller.

Prizes for costumes and games were won by Mrs. Frank Oosterhof, Mrs. Marshall Rose and Mrs. Rex Parker. Mrs. Schiefler was party chairman.

Dames of Malta Honor Protectors

Corinne Sisterhood 184, Dames of Malta held a banquet Wednesday evening in Malta Temple to honor protectors.

A cross made by Mrs. Albert Clark, protector was presented to Mrs. William Vandecar, Queen Esther. Protectors were presented with shamrock plants. Officers were nominated.

Members Aid Cause at Circle Meeting

Mrs. E. Lee Hunt was hostess in her Calvert street home when Missionary Circle of Donelson Baptist Church met Thursday evening. Mrs. Leland Barker was co-hostess.

Members worked on projects including dresses for African children, quilt blocks for Indians in New Mexico and bandages. Mrs. Wilson Ballard of Scott Lake road will be hostess for the March 17 meeting.

Sylvanites Hear Voice Program

Mrs. Arnold Waldbilling of Michigan Bell Telephone presented a program on "Your Voice Is You" for the Thursday evening meeting of New Sylvanite Club.

Mrs. Raymond Graham was hostess in her Maplewood avenue home. Mrs. Jack S. Allen of Beverly road will be hostess for the March 17 meeting.

Business Women Plan Tea

Members of Tipacon Chapter of American Business Women's Assn. met Thursday evening for a dinner meeting at Hotel Waldron. The invocation was given by Mrs. Dorothy Brooks, president.

Mayor William Donaldson was guest speaker for the evening. He chose as his topic, "The Pontiac Foundation."

Reports on a recent style show sponsored by the chapter were given by Mrs. Edward Van Tassel and Arlene Newcombe. Final plans were made for a national "Hand of Friendship," membership tea to be held March 27.

Madge Berryman reported tentative plans for an annual Boss Night Dinner to be held during May.

Correspondence was read from national headquarters of ABWA, inviting Tipacon Chapter to act as hostess to the regional conference. Members from Michigan, Indiana and Ohio will gather in Pontiac for the June conference.

Influence Oriental

There's an Oriental influence in lounge wear this spring. Lines are straighter and some robes follow traditional kimono styling.

Mrs. Peter Duenas of Henderson street puts a final bit of polish on a moss agate cuff link. Shown also are a number of other pieces of jewelry she creates, including a ring with interchangeable stones. Both Mrs. Wood and Mrs. Duenas are currently exhibiting in the Artist-Craftsmen Show at the Detroit Institute of Art.

Craftsmen Exhibit Works of Art

By JANET ODELL

Visitors at the 10th annual Artist-Craftsmen Exhibition currently being shown at the Detroit Institute of Arts, will have the opportunity to see the work of three Pontiac area craftsmen.

Shyrl (Mrs. Richard) Wood of Commerce road has an entry in the textile exhibit; Patricia (Mrs. Peter) Duenas of Henderson street and Rex Lamoreaux of North Perry street are displaying metal jewelry.

Mrs. Wood, a slim strawberry blonde, teaches clothing in a Detroit high school. She and her architect husband spend much of their spare time creating beautiful items for their home.

We asked Mrs. Wood how she happened to take up weaving. "Oh, I couldn't draw pretty pictures in art class so they put me in a weaving class." Her interest stimulated, she went on studying the craft, spending one summer at Cranbrook doing experimental work.

Her large loom, which almost fills the small room it occupies, is a specially built model. It once belonged to a woman who had arthritis; her engineer husband devised many innovations to make weaving easier for his semi-invalid wife. Mrs. Wood is now benefiting by these innovations.

She has several articles of clothing for which she wove the material and then made the finished product.

Her husband has one sport coat made from his wife's material and will have a second one some day after the exhibit closes. Mrs. Wood's entry is a length of material, black with flecks of aqua, green and red. It was his Christmas present. His mother does a professional job of tailoring these jackets.

In the immediate future Mrs. Wood hopes to weave material for casement curtains for the new house.

Mrs. Wood has also exhibited at America House in New York and in the St. Paul Gallery and School of Art.

In contrast to the small, rather quiet home of the Woods is the sprawling, several level home of the Peter Duenas' on Henderson street.

Both Mr. and Mrs. Duenas work at home. Her mother, Mrs. Alice Sanders, lives with them and helps care for young Peter Joseph, aged 6 months.

Mr. Duenas is an industrial designer who enjoys considerable prestige in his own right. Mrs. Duenas holds down an outside part-time job, as well as doubling as homemaker, business manager for her husband and creative artist in her spare time.

Mrs. Duenas started out to be a chemical engineer, but was sidetracked. Her first contact with metal work came from a leisure time course.

Her entry in the craftsman show is a three-dimensional silver pin. Among the other finished pieces of jewelry she had on hand during our interview were a number of pins and rings set with agates, her favorite stone.

The Artist-Craftsmen Exhibit will continue throughout the month of March.

Two Plan Three-Month Trip Abroad

Mrs. Dexter H. Craig and her sister, Jeannette Hubbard, of Birmingham are busy making plans for their flight abroad the end of this month. They will tour Europe for a little over three months.

A recent luncheon given by Mrs. Arno Hulet of Franklin road and Mrs. Arthur Selden of Cooley Lake road in the latter's home honored the twosome.

Also feted at the luncheon were Mrs. John Kiltie of Bloomfield Hills and Mrs. Ian R. Kiltie of Birmingham. The Kilties, accompanied by Ian R. Kiltie, are enjoying a Florida vacation.

* * *

Mr. and Mrs. Verne Hampton of Cherokee road left Wednesday evening for New Orleans.

* * *

Mr. and Mrs. John Fitzgerald of Birmingham are enjoying a vacation in Nassau.

* * *

Mrs. Charles D. Welden opened her home on Illinois avenue Wednesday afternoon to friends who gathered for a dessert bridge.

JANET ELAINE LEVELY

Mr. and Mrs. Harley W. Levely of Illinois avenue announce the engagement of their daughter, Janet Elaine, to Edward Beach Leland, son of the Edward H. Lelands of Middlebelt road. He is a graduate of University of Michigan and she attends Michigan State College.

Parliamentary Study Club Has Meeting Lesson

Mrs. Theron Taylor conducted the lesson when Parliamentary Study Club met Wednesday in the East Lawrence street Masonic Temple.

Presented in the lesson were kinds of meetings, delegates and credentials, recess, to adjourn and to fix time and place to which to adjourn.

Mrs. Bradley Scott was leader and explained the lesson and Mrs. Joseph Panter, Parliamentarian Emeritus conducted the question box.

It was announced by Mrs. Homer Feneley that the annual luncheon and election of officers will be held March 16 at 12:30 p. m. in Hotel Pontiac.

Tellers appointed by Mrs. Russell French were Mrs. Stanton Levely, Mrs. Lloyd Thornton and Mrs. Jack Chetister.

Officers were elected for the first fall meeting. Mrs. I. J. Gouin was in charge of the guest book. Guests were Mrs. Harry Slater and Mrs. H. T. Rombough.

Zonta Club Has Special Program

Dr. Walter P. Nickell of Cranbrook Institute spoke to the Zonta Club of Pontiac Thursday on the study of living things in their relation to each other and their environment.

The speaker showed colored slides of birds, flowers and reptiles. He discussed the changing climate and how birds migrate and said that many of the glaciers are leaving. If the glacier on the island of Greenland should melt, the speaker said, the ocean would rise from 150 to 200 feet.

Announcement was made of the Adah Shelly branch library dedication Sunday. The next meeting will be March 10 at the YWCA.

Junior Musicale Gathers Sunday

Three groups of the Junior Tuesday Musicale will meet Sunday afternoon in the homes of members. Gretchen Gaensbauer of Illinois avenue will be hostess for the Matinee Musicale.

The Junior League will meet at the West Iroquois road home of Gail Blamy, and Joan Morris of Ottawa drive will be hostess to members of the Student League.

The Senior League will meet March 13 with Judy Dickstein at her home on Chippewa road.

YWCA Sponsors Book Reviews

Mrs. F. H. Riley will review "Love is Eternal" by Irving Stone Tuesday at YWCA.

This is the second in a series of Lenton book reviews sponsored by YWCA each Tuesday through April 5 The program is held from 11:30 a.m. until 1 p.m. and includes a luncheon period.

Mrs. J. L. VanWagoner and Mrs. Fred Haushalter will be hostess for Tuesday's event. A nursery attendant will care for children 2½ to 5 years of age.

WSCS to Elect New Officers

"Young Woman Moves to the City" was the program topic when WSCS of Wilson Avenue Methodist Church met with Mrs. Minto Wallace in her Neome drive home.

Mrs. Easton Hazard was in charge of the program. Mrs. Ross Woodworth assisted Mrs. Wallace. The group is planning to elect officers at the next meeting.

Supper Party Will Honor Newlyweds on Saturday

By RUTH SAUNDERS

BLOOMFIELD HILLS—Mr. and Mrs. Charles T. Maloney of Metamora will give a cocktail and supper party Saturday evening in the home of Mrs. Maloney's parents, Mr. and Mrs. Charles Carey for recently married Mr. and Mrs. Harold Stenglein of Saginaw.

The Maloneys and their small daughter will spend the weekend with the Careys in their Lahser road home.

The newlyweds have recently returned from their wedding trip to the Balmoral Club at Nassau.

* * *

Mr. and Mrs. John R. MacManus have returned to their Guildford road home from a trip to the Virgin Islands.

* * *

Mr. and Mrs. Dwight P. Allen of Walnut Lake road will leave Friday for New Haven, Conn. They will be weekend guests of Mr. and Mrs. Herman Hickman at their home there.

* * *

Mr. and Mrs. George King have returned to their Lake Angelus home from a trip to New Orleans and Texas.

* * *

Franklin Village is attracting more and more young families and the latest to move there from Bloomfield Hills are Mr. and Mrs. Robert W. Kerr and their family who have been living in Barbour Terrace.

* * *

Mr. and Mrs. Robert H. Taylor of Orchard Ridge road entertained at dinner for Mr. Taylor's sister, Mrs. Robert Morris, who is here from her home in San Francisco.

Mrs. Morris is visiting her mother, Mrs. Harry W. Taylor of the Towers, Detroit, but will spend several days in the Hills.

Mrs. Taylor will move back to the Hills in late Spring. She will live in one of the gate houses at Kirk-in-the-Hills.

* * *

The last dinner dance of the "Winter Club" was held by its members Saturday evening at Bloomfield Hills Country Club.

Among members who gave cocktail parties were Mr. and Mrs Theodore O. Yntema and Mr. and Mrs. Richard K. Scales.

* * *

Mernie Anderson flew out to Palm Springs early in the week to join her parents Mr. and Mrs. Edwin J. Anderson for two weeks. They will all come home together abot March 15.

She will also entertain friends in her home March 9.

* * *

Dr. and Mrs. Anthony Cofal of Miami road, Dr. and Mrs. Kenneth VandenBerg of Watkins Lake and Dr. and Mrs. N. E. Durocher of Old Orchard drive have returned to their homes following a week's stay at New Orleans during the Mardi Gras celebration.

They also traveled down the gulf to Biloxi, Miss.

* * *

Mr. and Mrs. John H. Braid and daughter, Sue, have returned to their home on West Iroquois road after a two week motor tour of Florida.

* * *

Mr. and Mrs. William S. Dawe of James K boulevard have as their houseguests their daughter, Mrs. L. W. Thompson of Houston, Texas, and her son, Kent. They arrived Wednesday evening for a two week visit. Mr. Thompson will join them next week.

* * *

The Rev. and Mrs. C. George Widdifield of West Pike street are announcing the Feb. 12 birth of a daughter, Margaret, at Pontiac General Hospital.

Paternal grandparents are the Rev. and Mrs. J. G. Widdifield of Detroit, and maternal grandparents are Mr. and Mrs. E. J. Scarlett of Columbus, Ohio.

* * *

Sharyn Zielke, daughter of Mr. and Mrs. Edward A. Zielke of Berwick boulevard, will be initiated into Pi Chapter of Kappa Alpha Theta Sorority this weekend. The Zielkes and daughter, Pat, will travel to Albion Sunday to attend the ceremonies at Albion College.

* * *

Frank Roselli of Raskob street and Martin Donohue of Williams Lake road are vacationing in Miami, Fla.

* * *

Mr. and Mrs. Clarence Boyer have returned to their home on Baldwin road. They spent two weeks visiting in Miami, Daytona Beach, and St. Petersburg, Fla.

* * *

Patricia Mann, daughter of the Edward Manns of Washington street has recently been elected as Freshman representative on the Woman's Advisory Board of Michigan State Normal College.

* * *

New members of Kappa Psi fraternity at Ferris Institute in Big Rapids are Gene Zaffina of Henry Clay avenue, Rodger Clifton of Osceola drive and Bruce Horton of Drayton Plains.

Mrs. Russell T. Costello of Pine Lake drive will be among the featured speakers at an annual statewide conference of Delta Zeta Sorority to be held March 19 at Michigan State College, East Lansing. Mrs. Costello is national president of the sorority.

JANE ELLEN THORNBERRY

Mr. and Mrs. Frank B. Thornberry of Charleston street are announcing the engagement of their daughter, Jane Ellen, to Pvt. Frederick J. Beckwith. He is the son of Wilford G. Beckwith of Baldwin road, and the late Mrs. Beckwith. No wedding date has been set.

THE AMERICANO CRESS is a gleaming soft feminine hairstyle. It rises at eye level, then return lines move forward toward the cheek.

Some Husbands Think Their Wives Don't Need to Know About Money

Pigskin Tile on Fireplace Shown in Grand Rapids

By ELIZABETH HILLYER

A facing of pigskin tile may be a rather startling idea for a fireplace.

That's what this is, a complete tiling of the wall with pigskin in the Grand Rapids Guild Galleries, where many fashions including pigskin tile floors began.

For all its novelty, the wall is simple in effect, a smooth sweep across the room rather than a complication of windows and shelves with a fireplace, or even a fancy mantel and chimney breast.

So many of today's best ideas for the fireplace are for fireplace walls which achieve their decorative effect with the material of the wall itself—usually wood—and sparing decoration hung on it.

Gone is the stuck-on ornamental boxing in of a grate that may or may not actually hold fire, and the false fireplace for which there isn't even a chimney. Even mantels disappear, as do the objects grouped around them with the inevitable mirror or picture above. James P. Erdman, A.I.D., used the pigskin on a surface that is uninterrupted except by the fire opening, and a single carving in a frame.

Lace on Beach, Trench Coats of Satin Exotic

NEW YORK (INS)—Lace bathing suits by sunlight and satin trench coats by moonlight are Miami designers' prescription for making a lady look exotic next summer.

The lace bathing suits are nylon at its frothiest. They are elasticized white lace over syntan nylon taffeta, with peekaboo rhinestones added.

Naturally, the lace bathing suits have a matching beachcoat of white nylon lace. The coat, unlined and transparent, has short sleeves, comes to mid-thigh, and is fastened with a rhinestone button.

There's more fabric to the satin trench coats for evening, but they're just as exotic. Harold Schiff designed these real Humphrey Bogart-type trench coats for fashion of Florida, but made them—buttons and all—out of slinky satin.

Underneath the trench coat, a lady can be prettily frivolous in another Miai idea—a sheath dress of linen which is completely sleeveless but which has a neckline right up to the chin. That neckline, however, is made like a jeweled dog collar.

Diet Fans Spoil Plans of Hostess

Should Face Facts, Serve Low Calorie Food for Them

By EMILY POST

A hostess writes: "The other afternoon I invited some women friends in to play bridge. As I wanted this to be an especially nice party I went to great pains in preparing refreshments, making all sorts of fancy sandwiches and cakes.

"Much to my chagrin hardly any of these refreshments were eaten—three of the women would not touch one single thing as they were dieting.

"I was very much annoyed over this and think that they were very rude. When the hostess goes to the trouble and expense of preparing refreshments, the least her guests can do is to forget their diets this once, and eat something.

"Don't you agree, Mrs. Post, that they were very inconsiderate?"

Answer: It is very disappointing to the hostess not to have her guests eat the delicious food she has prepared, but the unfortunate people who have to diet know that going off their diet can cancel days of abstinence.

It is a good idea for every hostess to keep this in mind when giving a party and have some nonfattening foods so that those who are dieting can eat something.

Dear Mrs. Post: We are giving a tea in our sorority house and there has been some discussion as to who should stand first in the receiving line—the house mother or the president of the sorority.

Some of the girls think the house mother should stand first being an older person and others think the president of the sorority should stand first. Will you please settle this for us?

Answer: The house mother being the hostess of the sorority house should stand first.

Dear Mrs. Post: Is it proper to give a housewarming party when going to housekeeping in a rented apartment? Some one has told me that this party is given only so friends can go through a new house.

Answer: There is no reason why people who are renting shouldn't give a housewarming if they would like to.

Victor Lebow, men's wear stylist turned to the silkworm for an Italian-type silk fabric. It weighs a whisper—4¼ ounces per yard and it speaks loudly with fashion authority. Current emphasis is on dark colortones and understated tailoring lines. The lines are natural, shoulders narrow and lapels slim.

McBride Says Clock-Bound World Needs Vacation From Regimentation

By MARY MARGARET McBRIDE

There is something peculiarly disturbing to me about Big Ben, the most famous timekeeper in the world, getting out of whack.

The fierce weather which beset the British Isles this winter succeeded in stopping the valiant veteran that was hardly distrubed at all by Nazi bombs. Clocks are so important in our lives today that it's unsettling when such a staunch mechanism goes awry and gives us a wrong steer.

I deplore the fact that, just as athletes get muscle-bound, most of us are hopelessly and harmfully clock-bound. An alarm clock awakens us in the morning; regulators in our electric percolator, toaster and oven signal when it's time to start eating.

The working man leaves the house on the split-second to catch the 7:53 which will allow him to be seated at his desk at exactly 9 a.m. We tune in our entertainment by the clock.

It's surprising that we can't revolt more often and I wouldn't be surprised if the primary reason for a vacation is to get away from the regimentation imposed by time pieces.

Falling into a clock-groove can sometimes produce startling results! A suburban friend of mine is an advertising copy-writer in New York. Her husband, an engineer, works at home.

Every morning for years Elizabeth has come downstairs at 7:45 in the morning, gulped her orange juice, nibbled a piece of toast and swallowed a little coffee while Bruce is bringing the car around to the front door preparatory to driving her to the train.

By the time the car is out in front so is Elizabeth and off they go. One morning a few weeks ago, the telephone rang while Elizabeth was drinking her orange juice. The call took about five minutes, and when she bounced out the front door, Bruce and the car were disappearing down the road toward the station.

"He got half-way to the depot before he realized something was missing," Elizabeth recounted, half amused, half bitter. "He was embarrassed when he found that the missing item was his wife.

I had to take a later train, of course, and so was not on hand for an important business meeting. But it was a good thing just the same.

It showed us how deep a rut we'd dug for ourselves."

If some magic wand could stop all the world's clocks tomorrow, the chaos would be beyond belief. Railroad, bus and plane schedules would be disrupted; office procedures would be demoralized; soft - boiled eggs would become hard-boiled; cops couldn't pass out tickets for there would be no changing traffic lights nor any way of figuring miles per hour; parents would no longer be able to scold daughter for getting in at 3 a.m.

All would be confusion. Maybe it would make a good change for a week or two.

Working Girl Shouldn't Flee First Spiteful Boss

By MURIEL LAWRENCE

Years ago, I worked for a woman who suffered from spitefulness.

A department executive, she felt herself entitled to hire her own personnel. Because her superior hired us instead, she sought to make him aware of his poor judgment by making us appear inefficient.

So we worked under constant strain. We never knew when she would suddenly demand completed work that she had not assigned. As she made a point of never telling us what she expected of us, we were never sure of the worth of what we did.

I feared her. I thought yearningly of resignation. I was miserable, confused and angry.

Then, late one afternoon, she asked me if I knew that a certain important contributor to our work had died. When I said I didn't, she ordered me to find and buy a morning edition of the newspaper that had published the contributor's obituary.

I couldn't locate one. At five o'clock, when I returned to the office, I noticed a crumpled copy of the newspaper in her wastebasket.

As I saw this, I also saw something else. I suddenly realized that the spitefulness I had feared was pathetic, wasteful, and boring. And I was never afraid of it again.

If I had run away before spitefulness had been given its chance to expose itself as stupid and unimpressive, it might have retained its power to scare me.

This column is for a Mrs. N. who says that her daughter is harassed by a spiteful supervisor. She writes, "I know that you will agree that making a good salary is not so important as a friendly working atmosphere. This man's persecution is just not worth the money she makes working for him."

I don't agree. The spitefulness of Miss N.'s boss is his problem, not hers. If her job offers her desirable advantages, I can't see why she should permit his bad temper to deprive her of them. This is carrying philanthropy a little too far. We are not required to punish ourselves because somebody else can't control his spitefulness.

Young people make a great mistake rushing away from this kind of experience prematurely. Right now, spitefulness in Miss N.'s boss startles, confuses and impresses her. Until it has ceased to affect her in this way, she is not ready to leave it.

I hope she'll stick with it until it has exposed itself as monotonous and boring.

The reason a man gets off of a bus before the woman who is with him does is because if he steps down first he can turn and offer his hand to help her down.

"Ladies first" is a pretty safe rule of etiquette except in situations like this one, where a man goes first in order to be helpful.

Books Can Tell You About It

It's Just Good Sense to Learn About Finance

By ANNE HEYWOOD

Here is a complaint which sounds a little old-fashioned, but which I have heard from several readers lately:

"My husband thinks women don't need to know anything about money.

"The consequence is, that I don't have the foggiest notion how to handle money, what insurance policies are like, how to invest, what our own savings are, or even where they are.

"He gets touchy whenever I ask, and says, in effect, that it's none of my business.

"Don't you think women should know about these things? And have you any suggestions about how I can learn a little about money and the business side of things?"

I do indeed believe that any woman should have a working knowledge of finance, and all its ramifications. But your husband may feel that you are interfering with his bailiwick, in which case it doesn't pay to nag. Instead, do a little studying on your own.

First, go to the Public Library and tell the librarian what you want.

For example, there are two excellent books which are available in most libraries. One is called, "A Woman's Guide to Financial Security" and the other, with a rather grisly title, is called, "Teach Your Wife to Be a Widow."

The author believes that all women should know about money management, since so many of them do inherit money and must spend or save it wisely.

Second, check with your local woman's club, if you are a member. The General Federation of Women's Clubs has been doing a fine job, for some years, preaching the gospel of women knowing about money.

In addition, you might get in touch with the American Bankers' Association and the Institute of Life Insurance. Either of them might know of a forum in your community.

If you would like details and addresses, plus a list of books on the subject of women and money, write me care of this paper, enclosing a stamped, self-addressed envelope, and I'll gladly send it to you.

You Dieters Will Like This Recipe

Mrs. Don Milbourn Makes a Dressing for Scale Watchers

By JANET ODELL
Pontiac Press Food Editor

Dieters, here's a recipe for you. Mrs. Don C. Milbourn shares her secret of preparing an appetizing, low-calorie salad dressing. She suggests doubling the recipe as the dressing keeps well in the refrigerator. One tablespoonful of it contains 20 calories.

Mrs. Milbourn is dedicated to the do-it-yourself idea. In the past several years she has taken up a number of creative hobbies, such as china painting and textile painting, and has turned out a great many beautiful articles. Among the clubs she belongs to are the Newcomers' Club and an Extension group. She is currently serving as president of the latter group.

LOW-CALORIE SALAD DRESSING
By Mrs. Don. C. Milbourn

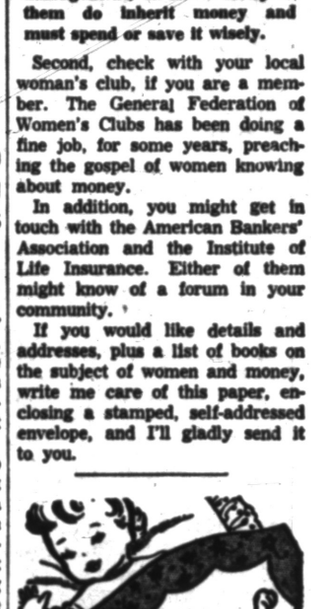
¾ cup water
2 teaspoons cornstarch
3 tablespoons salad oil
¼ cup vinegar
¾ teaspoon salt
1½ teaspoon sugar
¼ teaspoon paprika
1 teaspoon bottled horseradish
1¾ teaspoons prepared mustard
½ teaspoon worcestershire sauce
¼ cup catsup
1 peeled clove garlic

Cook water and cornstarch together over low heat, stirring constantly until clear and thickened—about 7 minutes. Remove from stove and cool. Add remaining ingredients, except garlic and heat by hand or in electric mixer until smooth and well blended. Add garlic. Store, covered, in refrigerator. Shake well before using. Makes about 1¼ cups.

IF big girl with tiny waistline—

The peplum suit will balance large bosom, conceal hips and show off that small waist. Why hide best feature in boxy lines?

Miss T. W.—For the tall or average height figure, the peplum suit with fitted waist is perfect proportion for large bosom and hips with a tiny waistline between and there are many girls and women with this type of figure.



720
by Laura Wheeler

Sweet "rock-a-by baby" designs are embroidered all about this lovely new quilt. Infants snuggle quickly to sleep beneath its protective cover! A wonderful gift.

Pattern 720: Baby quilt, 36 x 44 inches. Diagrams, embroidery and applique transfers.

Send 25 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York, N.Y. Print plainly pattern number, your name, address and zone.

Buy Complete Outfit at Once for Maternity

NEW YORK (INS) — A lady who's dressing for two — herself and the coming baby — should buy her maternity wardrobe as a wardrobe—and not one piece at a time.

If you buy what you need at the beginning of the pregnancy, you don't have to shop for clothes in the months when getting around is troublesome.

Buy pastels, pinks and mauves, especially. The prettier pastel tints make a pregnant woman's skin look better. Yellows and greens, on the other hand, tend to make the expectant mother look somewhat bilious.

Buying one "bottom" — skirt or pants — and three or four "tops" is also a good idea. Try bright cotton for one of the tops and also a cheery solid shirt.

Maternity "pants"—pedal pushers or toreador type—are good for young mothers-to-be who are used to wearing pants around the house anyhow. Women who usually prefer skirts, however, should stick to skirts.

Answer to Previous Puzzle

You Can Learn to Write If Initial Spark Is There

By MARGARET LATROBE

A lot of questions come to this desk, as they do to every columnist, on variations of the theme of writing.

"I've always wanted to write—do you think I can? Here is half of my first novel—where can I get it published? Can writing be taught, or is the ability born in one? Are all fine writers 'naturals'?"

Anyone who really wants to write can learn, I think. But take note of the "really" and then let's qualify the good news further.

Wanting to write isn't the same as wanting to be a writer. The latter is something like wishing to inherit a million as compared to earning a million. Some of these folk have the erroneous notion that writing is an easy way of becoming rich and famous by brief but lucrative encounter with a typewriter.

They would have secretaries to do the actual typing. Genius should change ribbons and shuffle carbons? Sustained by inspiration alone, they would create literature by quill pen in candlelight.

And the devoted followers of our prose poet—that intellectual group in need of hair cuts and clean socks—would wait patiently in the library to drink a couple of shorts to the Muse and plan new wallpaper for the powder room at the villa. This would be South of France, where else?

Wanting to write is different. While certain natural gifts are helpful, still writing is a craft to be mastered. There ar techniques to be learned, rules to be understood if you are to be a professional Merely to write for expression of the soul is one thing, but to write for publication is another.

A year with a good teacher of professional writing and close scrutiny of the markets will cut the trial-and-error years to a fraction.

That they may cut you down to size, as well, is very possible. What have you to say, actually, which is of interest to the reader? Can you write of love so poignantly that its loss becomes unbearable? Can you make rain feel wet?

Can you declare the moon is green cheese, and send the reader scurrying for crackers and a knife? Can you intrigue him, capture him in pain or pleasure or even happiness?

Yes, you can learn to write if you have that initial spark. To be professional, indeed you must learn to write. Otherwise, sell the typewriter, my friend, and open a small hardware business. For unless someone wants to read what you want to write, this is where we came in.

(Copyright 1955)

Use Floating Bottles for Testing Currents

LA JOLLA, Calif. (UP) — The Scripps Institution of Oceanography will use the oldest method of studying ocean currents—floating bottles.

It plans to throw into the Pacific Ocean a thousand sealed salad oil bottles each month this year. Each will contain a red postcard, printed in English and Spanish, requesting the finder to mail the postcard to the Scripps Institution. The bottles will be released along the California coastline.

The Institution said that although elaborate electronic instruments and abstruse calculations of the density of sea water tell something about currents, the drift bottle — probably as old as the first castaway — is still one of the best tools in the ocean scientist's trade.

Confused Hunter Bags an Odd-Looking Deer

KEENE, N. H. (UP) — Biologist James Lee of the New Hampshire fish and game department tells of a deer that could be a "close relative to Stan, once removed."

It was shot by R. C. Cameron of Keene and brought to Lee at a checking station here.

Lee said the deer had some external characteristics of a doe, others of a buck, "while still others were lacking entirely."

Mot prominent among the odd features, the biologist added, was a pair of "antlers" which had never been shed, poked up under the skin of the deer's head and carrying the hide with them.

Poet Scoffs at Rest

FLAT ROCK, N. C. (UP) — Carl Sandburg, now 77, scoffs at talk of his retirement. The celebrated poet, author and biographer says he has plans for more years of work and travel. For relaxation he herds goats at his picturesque mountain farm here.

First school of journalism was founded in 1908 by Walter Williams at the University of Missouri.

Lack Only Tent Poles for Trip Into Wilds

CONCORD, NL H. (UP) — It was a Friday during the winter when six Concord men headed for northern New Hampshire on a "well - planned" deer hunting trip which was to last three weeks.

The following Sunday the six were back home. They had left with pleinty of guns, ammunition and camping equipment, including a big tent.

But someone forgot to take the tent poles, and the hunters gave in to the cold after sleeping outdoors two nights.

More than half of the states in the U. S. rank travel among their three largest and most lucrative industries.

Weather Brewing

MILWAUKEE (UP) — Howard Thompson, head of the U. S. weather bureau here, answers the phone with this appropriate double entendre: "Hello, weather brewery."

YOUR CHILD MAY HAVE PIN-WORMS
1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they disolve. Then—Jayne's medicines, medically-approved ingredients goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly-contagious condition. Get genuine Jayne's P-W Vermifuge . . . small, sweet-to-take tablets . . . special sizes for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

Thousands Hear Billy Graham

Crowd Packs Madison Square Garden for Evangelist's Rally

NEW YORK (AP)—Evangelist Billy Graham addressed more than 19,000 persons last night at Madison Square Garden while 8,000 more who couldn't get into the packed arena stood listening outside via loud-speakers.

The Garden had the aspect of a church during the two-hour meting. There was no applause for speakers or singers on the program.

Before the main rally, Graham went outside to speak to the overflow crowd.

• • •

He said at the rally that both President Eisenhower and Sir Winston Churchill believe the salvation of the world lies in a religious revival. New York City, he said, needs such a revival as much as any city. "We'd better get started," he said.

Speaking of the fear engendered by the hydrogen bomb, he said "For the first time we are fighting with our backs to the wall."

The H-bomb did not "make itself," he said, but was made by man — and "there's something wrong with man."

About 2,000 persons responded to Graham's urging for converts and his plea to "publicly acknowledge God."

Seaway 9 Months Ahead of Schedule

CHICAGO (UP)—The St. Lawrence Seaway may be open for operation July 1, 1958—nine months ahead of schedule.

That is the prediction of Martin W. Cettershagen, deputy administrator of the Seaway Development Corp.

The date was the earliest predicted thus far for the opening of the seaway. The St. Lawrence Seaway Corp. earlier had fixed the opening for the spring of 1959.

Cettershagen said the New York State Power Authority is urging joint dam and locks construction to permit flooding behind the dams on July 1, 1958, to allow trial runs of generators.

This would open the seaway for navigation, he said.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

DAVID WALKS TO SCHOOL

David is on his way to school, with his lunchbox, a flower for the teacher and his dog Toughie who carries a school book. David sends Toughie home just before he goes into the school. If you will help him, David will swing his arm and the lunch pail.

1. Color David, his cap, lunchbox, book and dog, the schoolhouse and the grass, using any colors you wish. Paste this picture on heavy paper and cut out the big drawing, the arm and the hat along the outside heavy lines. Set the cap on David's head, put paste on the two flaps and fold them behind his head.

2. Put the separate arm behind David's right shoulder and fasten it on with a small brass fastener slipped through the dots. Now David can swing his lunchbox. Fold the picture back along the dotted line and David will stand up as in the small drawing.

Woman Mauled by Dog Guarding 2-Year-Old Boy

CHICAGO (AP)—A 57-year-old widow was bitten and slashed repeatedly by a 70-pound German shepherd dog yesterday after she picked up a small boy who was playing with the animal.

More than 50 stitches were required to close the wounds suffered by Mrs. Garnet Cohee when she was attacked by the 2½-year-old dog, Fritz, who apparently was attempting to protect the boy. She was slashed and bitten on the arms, shoulders and legs. Her condition at a hospital was reported as fair.

The 2-year-old boy for whom Mrs. Cohee was caring, Gary Rauschnecker, was untouched by the dog although Mrs. Cohee was holding him clasped to her body during the vicious attack.

Police said Fritz was accustomed to playing gently with Gary as well as the two small children of his master, Alfred Mueller, a next-door neighbor.

Mrs. Mueller said she didn't know whether the family would keep Fritz after "such a vicious thing." He will be impounded for rabies examination.

Hints Japan-U.S. Talks

TOKYO (AP) — Japanese Foreign Minister Mamoru Shigemitsu today hinted he may visit the United States shortly. He told a news conference he favored Washington talks with U.S. officials on mutual problems before Japan and Russia begin negotiations on trade and diplomatic relations.

Near Accord on Fishing

TOKYO (AP) — Private Japanese interests and Red China will reach a basic fishing agreement about March 15, it was predicted here today. Talks have been under way in Peiping since Jan. 18.

Industrial research in the U. S. costs about $2 billion annually and requires the services of 235,000 workers.

NEW RUSSIAN EXPERIMENTAL PLANE — This artist's conception of an experimental "double delta" airplane — a flying rhomboid — capable of climbing almost straight up was released by Air Force Magazine. Writing in the March issue, Michael Gladych said the new interceptor has an angle of climb of more than 70 degrees. No evaluation of the reported plane is available from U. S. sources. The underside of the plane is shown in the drawing with a sister ship flying alongside in a broadside view.

Ground Observer Corps Invited to 'Saucer' Program

Members of the Pontiac Ground Observers Corps, who have reported flying saucer-like sightings over the city, will be presented here Saturday during a program sponsored by the Flying Saucer Council, of Detroit.

They will add to the program which includes a film, "We've Seen the Saucers," allegedly showing an actual spacecraft in flight plus presenting armed forces personnel, radar technicians and others who attest to existence of UFO's. (unidentified flying objects).

Some 150 members of the local GOC are being issued special invitations to the program at 8:15 p.m. in the high school auditorium, said Henry Maday, of Ferndale, council president.

Raymond E. Best, former supervisor of the local GOC, said, "Our observers are especially on the alert during the night to report any UFO's to us and also to the USAF Filter Center at Grand Rapids."

Arthur J. Heaton, present GOC supervisor, will introduce members "who have reported vivid sightings over the Pontiac area," said Maday.

Between 75 and 100 persons from the Pontiac vicinity have been driving into Detroit to attend Flying Saucer Club meetings, he stated.

"Interest is shown in starting a club here," Maday said, "as was done in Saginaw and Grand Rapids after showing of the council's film. In this way the sober facts concerning saucers can be studied and informed opinions drawn as to their existence."

Tickets for the program are available at Grinnell's music store and at the door Saturday night. "The charge is only enough to cover expenses," Maday stated.

Extradition Law Aids Prosecutor

Persons Leaving State in Non-Support Cases Will Be Returned

Oakland County Prosecutor Frederick C. Ziem warned today that persons who leave the state without providing support for dependents and refuse to waive extradition would be brought back to face non-support charges.

"We're prepared to go through extradition proceedings in every case if necessary," he stated.

He cited the case of James R. Barnard, 25, of Waterford Township, who was brought back from Santa Anna, Calif., last Monday by Assistant Prosecutor H. George Gerue and Waterford Township Police Chief Frank Van Atta.

Barnard is charged with leaving his former wife and two children without support, said Ziem. The accused appeared before Waterford Township Justice Willis D. Lefurgy Monday and demanded examination which was set for March 10.

While in California, Barnard refused to waive extradition or come under the Uniform Reciprocal Act. The act allows persons required to support dependents to make payments while in another state which are forwarded back here.

Before Barnard could be returned to Michigan it was necessary to get extradition papers from Gov. Williams, take them to the governor of California and then to the local court in Santa Anna.

"We don't intend to let anyone get out of supporting their legal dependents by fleeing the state," said Ziem, "and will extradite them in all but cases where special factors might prevent it."

Auto Hits Tree; Four Youths Hurt

Four youths were injured last night when the driver of their auto lost control and struck a tree on Auburn avenue a half mile east of Livernois, reported Oakland County sheriff's deputies today.

Treated at St. Joseph Mercy Hospital for cuts and bruises were Paul Shurtz, 15, of 2615 Hartline, Lawrence Parker, 16, of 3065 Crooks Rd., Larry McCaslin, 16, of 2950 Hartline, all of Rochester, and Melvin Zuehlk, 16, of 1585 South Blvd.

Driver of the auto, Roy T. Harris, 16, of 1431 Courtland, Rochester, told police he lost control of his car on the shoulder of the road and hit the tree about 10 feet right of Auburn. He was uninjured.

U.S. Addicts Spend $219 Million a Year

Drugs Cost $10 a Day for Each

Narcotics Bureau Chief Tells Congressmen of 60,000 Users

WASHINGTON (INS)—Narcotics Commissioner H. J. Anslinger reports that 60,000 addicts spend 219 million dollars a year in the U.S. for illegal drugs.

The head of the Federal Narcotics Bureau declared that in contrast to this the legitimate narcotics industry — restricted largely to the filling of doctors' prescriptions—amounts to only ten million dollars annually.

Anslinger said the 60,000 addicts spend about 600 thousand dollars each day for their supply. The average addict spends $10 a day for heroin, the most widely used drug.

The commissioner told a House Appropriations subcommittee, in testimony made public today, that if it were not for federal and state legislation and international controls, "we should probably have a million addicts easily."

He said that on a per capita basis, drug addiction has fallen off in the past 40 years because narcotics can now be dispensed legally only by prescription in contrast to former times when they could be purchased across the counter as "cough remedies."

Years ago, he revealed, many people became lifelong addicts because they were given cough sirups containing opiates while they were babies.

Around 1914, when federal controls were enacted, there was one dope addict in every 400 in the general population. Anslinger said addiction dropped thereafter to one in a thousand and now it is about one to every three thousand.

Anslinger said raw heroin is adulterated tremendously before it is sold. He estimated that in Chicago heroin illegally sold is about five per cent pure and 95 per cent adulterated. Some heroin is 99 per cent adulterated before it reaches the addict.

Anslinger reported that the major source of supply for the entire world is Communist China. A customs service official said narcotics smuggling is the most serious enforcement problem facing his agency, with the "most active area" the Mexican border.

Anslinger pointed out that while dope addicts are on the decrease generally, addiction "is definitely on the increase" in New York, Los Angeles, and several other places.

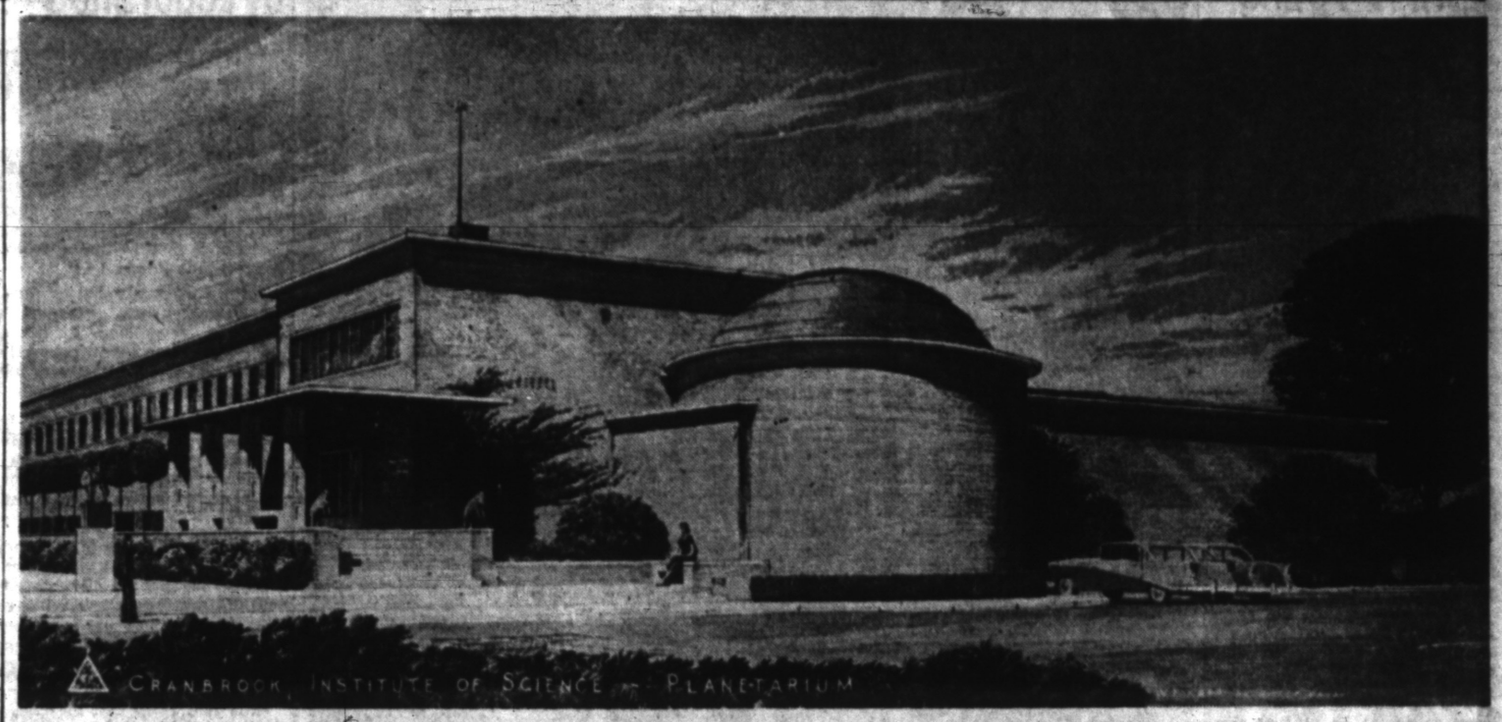
He added: "Our trouble spots during the past year were New York, Buffalo, Pittsburgh, Washington, Dayton, Detroit, Chicago, New Orleans, and pretty much all over Texas and California. There was some flare-up in Seattle."

Anslinger said about 100 narcotics peddlers were apprehended in Pennsylvania in January. He termed New Jersey "not too much of a problem."

Pontiac Man Arrested Upstate for Burglary

Elmer Chisholm, 28, of Pontiac, was arrested less than an hour after he burglarized a tavern of $116 yesterday by officers who tracked his footprints in the snow, Crystal Falls police said today.

Sheriff Edward Sandri said Chisholm worked on a farm near Buck Lake and was a prison parolee. The sheriff said a deputy saw footprints at the tavern door in nearby Alpha, and overtook Chisholm four miles away hiking for the farm. He was charged with breaking and entering in the nighttime.



FIRST IN STATE — Michigan's first planetarium open to the public is expected to be completed at Cranbrook Institute of Science within the next few months. Above is an artist's conception of the building. The planetarium will be housed in the domed wing, center. The structure, which will be the first erected at Cranbrook with the aid of public donations, was designed to blend with the existing building.

United Press Photo

BUSINESS AND PLEASURE — Stanley Taub, a medical student at Flower Fifth Avenue Hospital, New York, manages to coax a smile out of tiny patient Diana Jerome, 3, despite a broken arm, with the dummy he uses in his ventriloquist act. Taub revealed his hidden talent at a recent doctors' and nurses' hobby show at the hospital. Also enjoying the show is student nurse Rosemary Wall.

Building Plans Complete for Cranbrook Planetarium

Final plans have been completed for Michigan's first open-to-the-public planetarium, according to Dr. Robert T. Hatt, director of Cranbrook Institute of Science.

Although he set no exact date for completion, he said the structure would be erected within the next few months.

As many as 80 persons at a time will be able to see projections of the moon in all phases, a dim sun, all stars through the fourth magnitude, and the planets Venus, Mercury, Mars, Jupiter and Saturn.

Since a planetarium, unlike the telescope now available, can be used day or night in any kind of weather, school groups from all parts of the state are expected to visit Cranbrook for demonstrations. The new facilities are planned for completion by the Institute's 25th birthday in July.

The projection equipment, donated by the Detroit Edison Co., includes a geocentric earth projector which will show the continents and seas on the planetarium ceiling as they would appear if viewed from the earth's center, as well as such instruments for navigational instruction as meridian, coordinates, and dawn projectors, and astronomical triangles.

The domed wing, which will be the first building constructed at Cranbrook with the aid of publicly subscribed funds, is being financed by donations from more than 100 individuals, business firms and foundations. Detroit architect William Edward Kapp provided his services without charge.

Externally the planetarium will harmonize with the present building, designed by Eliel Saarinen. It will consist of a circular projection room, 30 feet in diameter by 23 feet high, and a basement storage room.

Gold Destroys Some Cancers

Tiny Radioactive Seeds Sewn Through Tumors by Ohio Researchers

COLUMBUS, Ohio (AP) — Tiny god seeds now are being used with good effect to destroy some cancers which the surgeon cannot remove, the American Cancer Society said today.

Reporting on research by Dr. William G. Myers of the Ohio State University Medical Center, the society said the gold pieces—each costing about a nickel—have established a valuable role in treatment of certain cancers.

Dr. Myers' work was supported by the National Cancer Institute, the Ohio State University Development Fund and the ACS.

The ACS said the gold seeds, snipped from slender wires of radioactive gold one-one-hundredth of an inch thick, are encased in a narrow tube of inert gold which then is slid into a hollow nylon thread.

Dr. Myers, who began his experiments with radioactive gold and other substances about six years ago, and his principal associates have used the gold on more than 200 patients during the last two years.

Working with Myers have been Dr. Ulrich K. Henschke in radiation therapy and Dr. Arthur G. James in surgery.

ACS said the gold is sewn through tumors which the surgeon cannot remove completely, usually because the tumors have grown into vital organs which must be preserved.

In some cases, saf dthe ACS, the radioactive gold erased all evidence of the cancers through which it was sewn.

One-Man Marshall Plan

'Patty Gardenseed' Sows Green Band Around the World to Fight Starvation

LOS ANGELES (AP)—Patty Gardenseed, a one-man Marshall Plan, has set sail to "sow a gren band around the world to offset the Red band."

Patty is really Aloysius Mozier, 49-year-old engineer on a merchant ship. He calls himself Patty Gardenseed. He began his campaign of bringing garden seeds to needy persons when he saw a young girl in Pusan, Korea, collapse and die of malnutrition several years ago.

"I decided to do something about it and bring food to these starving people," Patty said.

Already he has distributed more than half a million seed packages in various world ports. He has even been praised in the congressional record.

Patty's cabin aboard the Philippine Bear, which sailed yesterday for the Far East, was crammed with 100,000 vegetable seed packages.

• • •

The International Rotary Clubs are aiding Patty and will meet the ship in Korea, Japan, Philippines and other ports and help distribute the seeds.

Patty explained the Orientals are a proud people: "They won't take a handout but they will accept seeds because it helps them help themselves."

Patty, who has spent about $1,500 of his own money on the project, has received some tokens of gratitude. In Sumatra someone gave him a tiger which he presented to a zoo. A family in Malaya offered him a baby which he declined.

• • •

Sometimes handing out seeds has a lighter side.

In Indonesia a native took a package of Patty's seds, tore off the top and calmly ate them.

"You're supposed to plant them, not eat them," Patty said.

"But they won't come up for several months," replied the native. "How do I know Ill be here then?"

Bonn Upper House Gets Paris Treaties

BONN, Germany (AP)—The Paris treaties to rearm West Germany were submitted to the Bundesrat (upper House) today. Trouble appeared possibly only for the pact to "europeanize" the Saar.

The Bundesrat will vote on the treaties March 18.

The West German Parliament's lower House, the Bundestag, approved the treaties Sunday. The pacts would end the Allied occupation, admit a rearmed West Germany to the North Atlantic Treaty Organization and the projected West European Union to put the rich Saar Valley under political control of the WEU, while leaving it linked economically to France.

Eleven Rocking in Newest Contest of Staying Power

ROBERVAL, Que. (AP)—The latest endurance manis—how long can you keep ol' rocking chair rocking?—was in full swing here today. Eleven contestants back-and-forthed past the 36-hour mark in an attempt to beat the local record of 67 hours, 43 minutes, 3 seconds.

The contestants got under way Tuesday with 12 contestants, all men ranging from 18 to 30 years, showing off their fanciest rocking techniques in a display window. One man was disqualified yesterday afternoon for letting his chair stop momentarily.

The contestants are allowed three minutes out of their chairs every three hours. The one who lasts longest is to receive a trophy and keep any money spectators toss into a collection box.

Local New Car Haulaways Cut Loads to Three

Been wondering why auto haulaways are carrying three instead of the usual four cars these days? Here's why:

Under a state law designed to protect highways from breaking up under heavy loads when the frost starts leaving the ground, truck weights are limited.

It's a regular springtime occurance lasting from a week to 10 days, says Russell A. Martin, assistant general manager of Motorcar Transport Co.

Although the trucks carrying four cars are only just over the limit, the truckers still have to trim their load. And a car has to go.

Because shipping three cars long distances is uneconomical, the carriers send their trucks to a nearby relay point to re-load.

Motorcar, for instance, sends 12 new Pontiacs to Toledo on four trucks. There, the cargoes are shifted back to normal four-car loads by adding one car to three trucks.

The three fully loaded trucks continue on their way and the fourth returns to Pontiac for shuttle duty.

United Press Telephoto

YOUNG FAITHFUL — Even though President Eisenhower told reporters that he wouldn't discuss his political plans until next year, these three girls, all employes of Sen. James Duff (R-Pa), made their political feelings known. They brought out buttons marked "I Still Like Ike" and wore them for photographers. Left to right are Gladys Hook, Philadelphia; Nancy Horst, Reading, Pa.; and Catherine Hartman, Butler, Pa.

Romeo Local Thwarted by MMPA Board of Directors

Keego Slates April 19 Voting

Commission Is Seeking City Charter Approval; Election of Officers

KEEGO HARBOR — The Keego Harbor charter commission has set an April 19 date for a vote on the final step toward incorporation—approval of a city charter and election of city officers.

Residents of the area indicated they wanted to incorporate Dec. 14 when they approved the change in status from part of West Bloomfield Township.

At the same time a nine member charter commission was elected. This group has been working since then to draw up the laws for the new city.

The charter is currently in the office of Gov. G. Mennen Williams for approval.

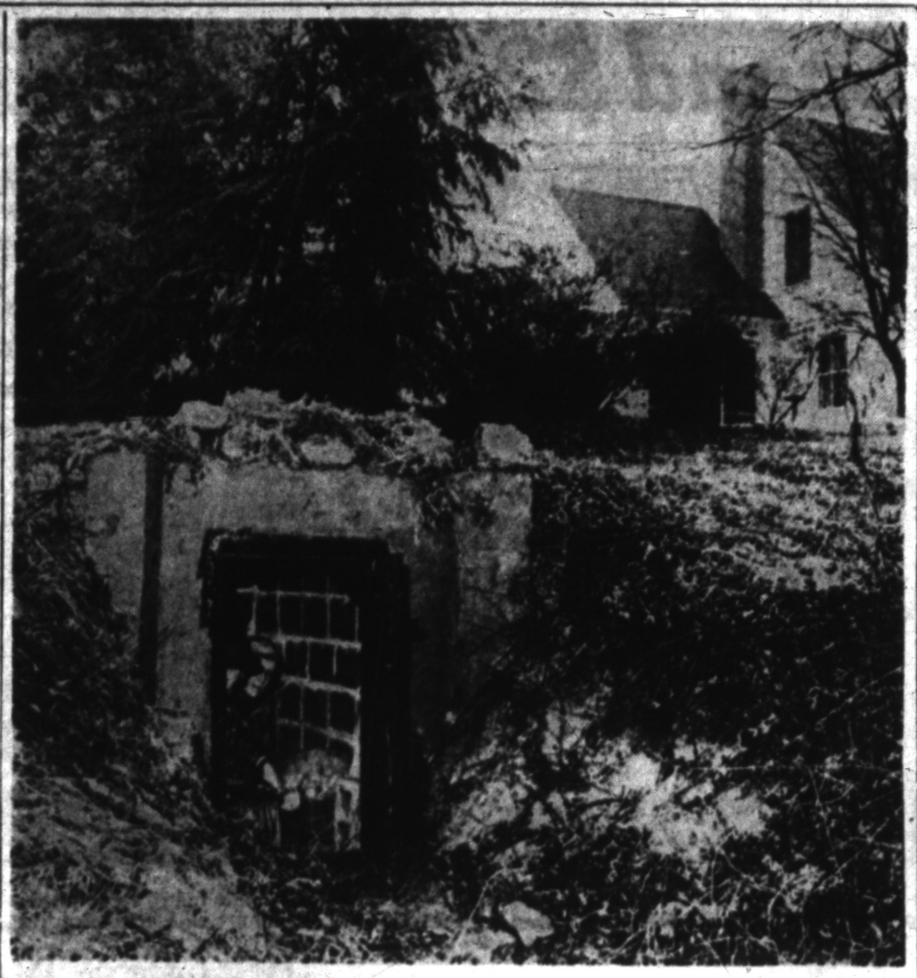
Up for election at the April date will be five council members, a constable and a justice of the peace. Persons seeking to have their names placed on the ballot will have to file nominating petitions.

To explain the charter to residents, an April 14 meeting has been called, to be held at the Roosevelt School at 8 p.m.

If no charter is approved within two years, the area will revert to township status.

Boundaries of the new city are Waterford Township and Sylvan Lake on the north, the City of Sylvan Lake on the east, the Grand Trunk Western Railroad on the south, and the village of Orchard Lake and Cass Lake shoreline on the west.

School district boundaries will not be affected by the incorporation.



United Press Photo

FALL-OUT HIDEAWAY — Colesville, Maryland residents R. C. Wright (left) and W. F. Steiner show how they would take cover from a hydrogen or atomic fall-out in a vegetable cellar on the Wright farm. Civil Defense authorities have recommended that all persons get below the surface of the ground in a basement, root cellar, trench or culvert in order to avoid dangerous gamma radiation. Cover like this would probably reduce the radiation reaching these men to five per cent of what it would be if they were standing on the ground above it.

AEC, Civil Defense Officials Studying Effect of Radioactive Dust on Farm Crops

WASHINGTON (INS) — The Agriculture Department told a member of Congress today it is working closely with other agencies on the problem of contamination of crops and livestock by radioactive fall-out from nuclear explosions.

Acting Agriculture Secretary True D. Morse said the Atomic Energy Commission and the Federal Civil Defense Administration are cooperating in studies currently underway.

In a letter to Rep. Tom Abernethy (D-Miss), a member of the House Agriculture Committee, Morse said key officials in agriculture "have been kept fully informed regarding the hazards of fission products to agriculture, as fast as the basic technical information has been obtained."

But he added that "security restrictions" have prevented general distribution of this information to farmers and others.

Morse's letter was in the reply to a written inquiry by Abernethy on Feb. 23 in which the Mississippian asked Agriculture Secretary Ezra Taft Benson whether his department was making an active effort, in cooperation with other agencies, to learn the effects of radioactive fall-out on crops, livestock and soil.

He also wanted to know what efforts, if any, were being made to inform farmers of the dangers involved and what they could do to protect themselves, their families and their farm properties against contamination by fall-out.

Morse replied: "The department of agriculture through cooperative work with the Atomic Energy Commission has been carrying out for a number of years studies that give basic information on the effect of fission products on soil and on agriculture products.

"Concurrently, research on the peacetime uses of radioactive materials has provided results of great benefit to American agriculture.

"This department and the federal Civil Defense Administration are working in cooperation with AEC at the present time on the problem of contamination from radioactive fall-out as it applies to soils, crops, livestock and food supplies."

Morse pointed out that AEC chairman Lewis Strauss made public last week some background information on the hazards of fission products.

The agriculture official added: "The release of additional information that is now or has been in the classified category will by law have to be made by AEC.

"You may be assured that key technical officials will continue to work closely with AEC on the hazards to agriculture resulting from fission products and on means of dealing with these hazards."

AF Recruiters Pass Goal Here

Will Be Feted Tonight at Saginaw for Record in February

Pontiac's U.S. Air Force Recruiting Station will be feted at Saginaw tonight for having enlisted one woman and 33 men last month.

M/Sgt. Francis H. Casey, local supervisor, said this was over the month's goal and put his recruiters ahead of those in Flint, Bay City, Saginaw and Port Huron. The five cities constitute the Southeastern Michigan Recruiting Area for the Air Force.

Other recruiters to be honored are S/Sgt. Doug D. Haines Jr., of Union Lake; S/Sgt. Pearle M. Anthony of Keego Harbor; and S/Sgt. Louis Silverman of Pontiac.

Of the 33 enlistees, 23 were from Pontiac, including WAF Virginia Spear of 1876 Parkdale, now taking her basic training at Lackland Air Force Base, San Antonio, Tex.

Pontiac men are:

David L. Walsh, 414 First St.
Donald L. Bilby, 82 E. Colgate.
Reuben M. McDonald, 19279 Buckingham Dr.
Jesse Glazier Jr., 386 Branch.
Walter E. Bolden, 8615 Buckingham Dr.
Loren D. Davis, 79 E. Monticalm.
Donald E. Jenkins, 366 N. Saginaw.
Clare D. Castle, 5482 Covey Lake Rd.
Hildifonso Mellado, 179 W. Wilson St.
Malvin E. Percival, 262 Union Lake Rd.
Gilbert C. Schnake Jr., 70 Tasmania.
Daniel E. McDonald.
Marvin M. Evans, 23 Grant.
Lonnie D. Stone, 2037 Walnut Rd.
Donald C. Parkingson, 721 Joslyn
Charles B. Horton, 7121½ Mae.
Melvin R. Williams, 534 Nebraska.
Paul C. Teague, 437 Elm St.
Jesus Lopez, 213 Harrison.
Leslie Cleland, 170 Wall St.
John B. Merrill, 158 Otter Ave.
Stanley L. Dean, 230 N. Telegraph.

Out-county men were:

Richard L. Phillips, Farmington.
Gordon L. Ayres, Farmington.
Stephen C. Wynacht, Farmington.
Lloyd G. Zimmerman, Farmington.
Johnny C. Miracle, Clarkston.
Edwin J. Taylor, Ortonville.
Robert L. Johnson, Walled Lake.
Elwood L. Matthews Jr., Walled Lake.
Ralph Derrick, Wixom.
Robert H. Curtis, Walled Lake.

Latin American Investments Set

New Orleans Meeting Launches New Program for Economic Growth

NEW ORLEANS (AP)—A program to stimulate economic growth in Latin America today followed the end of the first private inter-American investment conference.

R. S. Hecht, New Orleans financier and one of the founders of International House, told yesterday's closing session of the conference that the four-day meeting had resulted in a multi-million dollar investment fund to channel money into worthwhile Latin American projects.

Hecht, chairman of the conference, said a group of investment bankers had agreed to provide the first 10 to 15 million dollars for the fund. He did not identify the bankers.

He said the money would be available "just as soon as preliminary details are completed and a suitable management for the firm established." Hecht said a meeting will be held in New York very soon to develop the plans.

Hecht termed the conference a success and said the more than 800 Latin American and United States businessmen who attended the conference made up the largest group ever to attend such a meeting in the United States.

Hecht said he believes the "conference set in motion forces on the business level that will have a profound effect on future U.S. relations with our Latin American neighbors and will produce far bigger results than any of us can realize today."

He said when the conference first was planned no one had any idea that any business deals would be consummated during the meeting. However, he said he had heard of several investment deals which had begun at the conference and would be closed shortly.

Reds Boost Prices for Czech Farmers

VIENNA, Austria (AP)—Communist Czechoslovakia announced today an increase of up to 10 per cent in prices paid to farmers for their products. The step was taken to remedy a critical food shortage blamed in part on hoarding by farmers.

The Prague radio said also 10,000 boys and girls were preparing to go to border areas where cultivation has been neglected in recent years.

Western observers said the increases were needed because farmers have been hoarding.

Reports from Czechoslovakia say there are shortages of meat, butter, milk, eggs and other farm goods in the cities.

Dairy Men Hit by Legal Snag

Attorney Says Change Proposed by Group Is Impossible

ROMEO — Directors of the Michigan Milk Producers Assn. yesterday agreed to hold a March 22 hearing on Detroit milk marketing conditions, but turned down changes in MMPA makeup proposed by the Romeo local.

The Romeo group, led by president Harold Fritz, presented a resolution demanding a special membership meeting to replace the present board of directors of the cooperative.

Association attorney Donald I. Albaugh told the group that members of boards of corporations or cooperatives may not be removed before their terms expire.

Regarding speeches by attorney Albaugh and MMPA secretary-manager Howard Simmons on how smooth running the organization is, Fritz said, "These men are our hired help, and on my farm, the hired help does not run things, I do."

Fritz said today that the resolution had been studied by attorneys before being submitted, and would be re-checked.

The Romeo local's fight against low milk prices and losses on dairy work began the internal battle in the Detroit area MMPA.

In December the Romeo group, charging price fixing and market manipulation, asked an investigation of the Detroit milk market.

Dairy farmers from six other counties rallied to Romeo meetings to support the move, and the anti-trust division of the Justice Department is considering an investigation of the MMPA at present.

The MMPA board members indicated that they will wait to feel the sentiment at the Detroit market delegate meeting, to be held later this month.

At the March 22 meeting, the association will seek to have the federal milk-marketing order modified in its supply - demand provisions.

These provisions automatically raise or lower price paid for milk to farmers, based on economic changes.

Mrs. Rosegart to Head Williams Lake PTA

WILLIAMS LAKE — Mrs. Eldon Rosegart heads the list of officers elected last night at the Williams Lake PTA meeting. Assisting the new president in 1955-56 will be Mrs. Ben Meninga, mother vice-president; Robert K. Boggs, father vice-president; William Hadsell, teacher vice president.

Mrs. Wayne de Beauclair is the new recording secretary and Mrs. Jack Ross, the corresponding secretary. Mrs. Raymond Pigman was elected to the office of treasurer.

Reappoint Romeo Agent

ROMEO—Thomas S. Raymond of the Miller Insurance Agency has been reappointed representative of the Secretary of State's branch office in Romeo, according to William Romano, state representative.

New Hudson Dance Set

NEW HUDSON—A square dance will be held Saturday night in the New Hudson High School gymnasium, sponsored by the Saturday Night Square Dance Club.

Find Counterfeiters Working in Prisons

WASHINGTON (AP)—A prison is one of the last places you'd expect to find a counterfeiting plant, but the Secret Service has turned up two of them.

U. E. Baughman cited the cases to the House Appropriations Committee as indicate of "the diehard character of counterfeiters."

Baughman's testimony, in connection with his budget request, was made public today by the committee.

In a New Jersey state prison, the secret service boss said, six counterfeit $1 plates were found in the electric shop. An inmate serving a long sentence for breaking and entering admitted having made them. He was not named.

MRS. STUART A. FARNER

Service for Mrs. Stuart A. (Grace McVittie) Farner, 39, of 410 Genesee St., Flint, who died Wednesday at the McLaren General Hospital, will be held Saturday at 1 p.m. from the Groves & Co. Memorial Chapel, Garland at 3rd St., Flint. The Rev. Lloyd V. Channels of the Central Methodist Church will officiate. A graveside service will follow at 3 p.m. at Ottawa Park Cemetery, Waterford.

Slogan Chosen for 4-H Week, Set March 5-13

"Make the Best Better" is the slogan being used for national 4-H Club Week, which is being celebrated March 5-13.

A high point in the observance in this vicinity will be displays and exhibits from surrounding counties, placed at Rotunda Inn.

Jack Worthington, Oakland County club agent, said members from the county's 57 clubs will visit Rotunda and may have their own exhibits in the areas in which they live.

Incorporation Discussed at Waterford PTA Meeting

WATERFORD TOWNSHIP—The merits and faults of township board government and that of an incorporated municipality were discussed last night before Stringham PTA members by Ray Harrington, local newspaperman; Lloyd Anderson, township supervisor; Donald Adams, a township lawyer; and Richard McCarius, store manager and president of the Jaycees.

Charles Pappas, high school vocational coordinator, was the moderator of the panel.

The incorporation study was instigated about a year ago when Jaycee members asked Supervisor Anderson what they could do to help the township.

Anderson stated that the present five-man board, composed of supervisor, clerk, treasurer, and two trustees does not adequately represent, nor can it serve properly, the 40,000 now living in the township.

Most of the township's operation funds now are secured from the state sales tax diversion funds—about $6 per capita per year based on the 1950 census showing some 24,000 residents. Some monies such as that for the police department are received from county general funds.

Under the township board system, fees collected from fines and costs of traffic violations are turned over to the county general fund.

To incorporate an area, one per cent of the locale's residents must sign a petition to that effect and file it with the board of supervisors. It must then be approved by popular ballot and at the same time a charter commission must be elected.

This body has two years in which to draw up a charter. When this is placed on the ballot, a slate of officers is also presented. If the charter is not adopted petitioning must begin again if the residents are still interested in incorporation.

In any case, the township board carries on until replaced by another form of government.

In handling the incorporation study, the Jaycees are making a survey of the needs, facilities, and capabilities of Waterford Township.

Army Recruiting Figures Increase

The local U.S. Army Recruting station upped its February enlistments over the previous month for a grand total of 33, M. Sgt. Raymond R. Barriault said today.

Listed below are the 24 Oakland County men making up the total, showing 16 Pontiac enlistees:

William C. Mack, 9360 Gale Rd.
James W. Barnett, Milford
Joel Ray Sullivan, 6360 Harriet.
Allen J. Parker, 1477 Franklin Blvd.
Aubra Newport, 83½ Orchard Lake.
Alvin Thompson, 9694 Mt. Clemens.
Roy H. Hutchinson, 53 Park Place.
George Delisle Jr., Ortonville.
James E. Reddiman, A 93 E. Huron.
Dale C. Merts, New Baltimore.
William E. Mersino, Oxford.
Robert E. Duncan, Oxford.
Robert Collins, 1117 Giddings.
Leon Hendricks, 494 Cameron.
James L. Williams, 217½ Rockwell.
James A. Hill Jr., 436 Branch
Mansfield Gamble, 221 Rockwell.
I. C. Collins, 496 Bloomfield.
Anthony O. Retsel, 368 Osmun St.
Garret Douglas, 241 Hughes.
Donald R. Adkins, 1185 Telegraph.
Clarence O. Dorey, Birmingham.
John A. Sterling, Farmington.
James H. Richardson, Farmington.

Mrs. Wagenshutz Hearing Adjourned Until March 31

Seven witnesses were called yesterday in the examination hearing of Mrs. Earline Wagenshutz, 19, of 75 W. High, Metamora, who was charged with manslaughter after a 5-car pile-up on "Slaughter Hill" Dec. 5 when five Oxford residents were killed.

Testifying before Springfield Justice Emmett J. Leib during the 4-hour long hearing, Frances Ann Simpson, 19, of 14 Emsley, Oxford, said visits to four taverns were made by Mrs. Wagenshutz and the occupants of her car prior to the accident.

A passenger in the Wagenshutz auto, Miss Simpson, who survived the crash after sustaining injuries, testified: "We all were under the influence of liquor."

During her testimony, it was learned by the court, that Mrs. Wagenshutz drove the car from the White Oaks Tavern southbound toward Oxford on M24.

"She passed three cars as we started up the hill," Miss Simpson testified. "She (Mrs. Wagenshutz) turned the wheel left to avoid hitting the car on the right. She was driving on the left side of the road (of the 2-lane highway).

"Then I saw the other car, 15 feet from us at the top of the hill. We hit. That's all I remember."

Three men and a woman, riding in her auto, and the driver of the other car, died as a result of the head-on crash.

Leib adjourned the hearing until March 31 when he will decide whether Mrs. Wagenshutz will be tried in Oakland County Circuit Court. Her $2,500 bond was continued.

Wanted 1000 Ruptured Men to Make This Test

Kansas City, Mo. — A Doctor's Invention for reducible rupture is proving so successful, an offer is now being made to give everyone who will test it a $3.50 Truss at no cost. This invention has no leg straps, no elastic belts, or leather bands. It holds rupture up and in. Is comfortable and easy to wear. After using it many report entire satisfaction. Any reader of this paper may test the Doctor's Invention for 30 days and receive the separate $3.50 Truss at no cost. If you are not entirely satisfied with the invention — return it, but be sure to keep the $3.50 Truss for your trouble. If you are ruptured just write the Physician's Appliance Co., 4070 Koch Bldg., 2906 Main St., Kansas City, Mo., for their trial offer.

Deaf-Blind Pair Fights for Baby

Ohio County Trying to Take Child Away From Handicapped Couple

AKRON, Ohio (AP) — Armed with trust in God and support from their neighbors, a blind and deaf couple try Monday to convince a Juvenile Court judge that, in spite of their handicap, they should be allowed to rear their normal 11-day-old son.

"What is best for the baby is our only concern," said the head of the Summit County Welfare Department, which left a note for Harold Hathaway, 53, and his wife Georgia, 32, suggesting their baby, Clarence, be placed in a foster home.

* * *

A neighbor spelled the note's message into Hathaway's palm earlier this week at the neat bungalow the couple bought in nearby Stow after their marriage in Topeka, Kan., a little more than a year ago.

"They can't take my baby away from me," said Mrs. Hathaway. "Clarence is the only thing I ever had of my own in my whole life."

* * *

Her doctor says she has a heart condition and ought not to be separated from her infant.

"We are trusting in God, and we believe he won't fail us," said Hathaway, a former furniture repairman who became blind a few years ago. His only income now is his pension.

"We own our own furniture," he said. "Our home is paid for. We are immensely happy. We have paid our hospital and doctor bills of $169. We don't need any help.

* * *

"Sure my wife is blind, but she can cook and care for a baby as well as anyone. We do all our own housework and cooking and do not want to bother anyone."

Candidate Resigns Due to 1873 Order

MILTON, Mass. (AP)—Joseph W. Leahy has withdrawn as a candidate for town meeting member because of an executive order issued 82 years ago by President Ulysses S. Grant.

The U.S. Civil Service Commission pointed out yesterday that the order prohibits persons from accepting or holding any office or position under a state, territorial or municipal government at the same time they hold federal office by appointment.

Leahy is a ship's allowance specialist for the Navy at the Fore River shipyard.

97-Lb. Wife Not Fat, Divorce Court Rules

LOS ANGELES (AP)—On the testimony that her husband called her a fat wife, Mrs. Norma T. McCauley, weight 97 pounds, has obtained a divorce decree from Frank McCauley.

She told the court yesterday that he embarrassed and humiliated her by suggesting she exercise to lose weight. Mrs. McCauley was awarded custody of their three children, $175 monthly alimony and equal division of $67,169 in community funds.

Circuit Court Jury Approves Condemnation

An Oakland County Circuit Court jury has approved Pontiac's condemnation of five parcels of land needed to improve Palmer drive. The drive is a deadend street cutting north off Mt. Clemens street in the city's northeast section.

"The street is now dirt and turns to mud each spring making it difficult for residents to get in and out," said City Attorney William A. Ewart. "This can now be corrected," he added.

About 43 per cent of all U.S. raw timber is government-owned.

Court Asked to Order Building Permit Issued

Harry L. Riggs, of Bloomfield Township, is seeking an Oakland County Circuit Court order requiring the township to issue him a building permit.

Riggs claims he bought two lots in North Devon Acres Subdivision. He says he paid $10,000 in architect's and contractor's fees then applied for a building permit last Feb. 23.

Riggs asserts his plans meet all specifications, but the building permit has not been issued.

Easy Wins Put Clarkston, Oxford in 'B' Finals

By JACK SAYLOR

One of the principal worries for coaches of teams in Pontiac's district tournament was how their players would adapt themselves to the spacious PHS court.

Clarkston and Oxford have found no difficulty switching to the big gym after playing nearly all regular season games in cramped quarters. The Wolves and Wildcats advanced to the Class B district finals with convincing wins Thursday night over Lake Orion and Avondale.

Clarkston eliminated Lake Orion, 43-29, and Oxford whipped Avon, 60-33. The tournament will take a night off tonight as PHS and Arthur Hill take over.

Finals will be played Saturday night with Clarkston and Oxford meeting for the "B" title at 8:15 p.m. after West Bloomfield and St. Michael's settle the Class C crown at 7 o'clock.

Clarkston took advantage of numerous offensive mistakes by the taller Orion quintet to compile a 35-21 three-quarter lead and coast in. Hal Carlin's Dragons stayed with Clarkston for the 1st quarter, but could net only 2 baskets and 7 points during the next two periods.

Orion posted a dismal 21 per cent average from the floor. As was the case in its victory over Rochester, Clarkston was not shooting particularly well, either, but the methodical Wolves picked their spots well and were never in serious trouble after the 1st quarter.

Clarkston held a 1-point edge, 15-14, after the 1st period, then Rich Johnston cut around the defense for 2 quick baskets. A jump shot by Bob Yahnke, 3 foul shots and a rebound bucket by Lanny Leak pushed the Wolves' advantage to 8 points at the half.

Yahnke and Pat Thompson sparkled in the 3rd period as Clarkston took a commanding lead. Johnston with 12 points, and Yahnke, with 11, led the Wolves. Thompson turned in a fine floor game and added 7 points, as did Leak.

Orion's rangy forward wall of Lynn Hazlett, Dave Wilson and Rod Wiley did a strong rebounding job, but simply couldn't put the ball in the basket. Hazlett's 8 points were tops for the Dragons.

Wiley, who led Orion in scoring during the regular campaign, went without a field goal and had only 3 points. The triumph gave Clarkston a 14-3 record for the season.

In the nightcap, Oxford sank 9 of 17 shots in the 1st quarter to take a 20-9 lead and never led by less than 9 points thereafter.

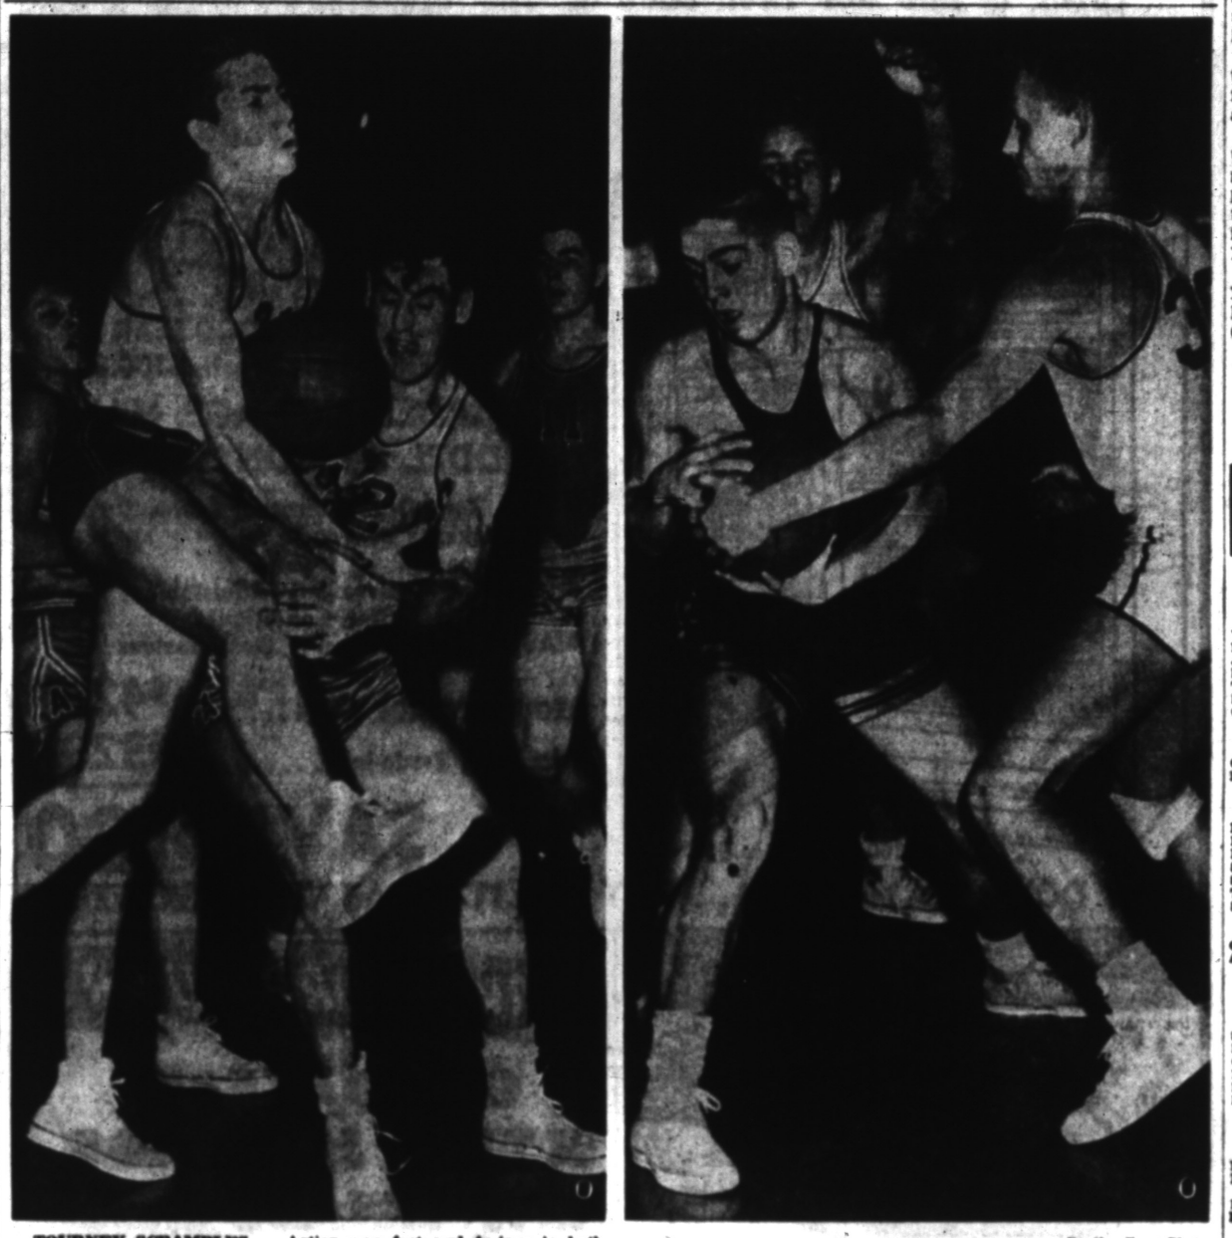
Larry Spencer topped the Wildcats with 18 points and Mike Benedict enjoyed another good night with 16. Dwight Spiker, who had 15 against Romeo, netted only 4 last night, but was picked up by center Fred Bergin, who had 13.

Bergin's rebounding also stood out. Jack Greenlees and Don Krupp were high for Avondale with 11 points.

Jean Harkness' crew jumped off to a 9-0 lead and took a comfortable edge as Spencer, Bergin and Benedict each clicked three times from the floor in the 1st quarter.

Second quarter baskets by Larry Herron and Krupp cut the Oxford margin to 9 points early in the 2nd quarter, but the "Cats pulled away on 2 free shots by Bergin, Benedict's jumper, a rebound by Spiker, and Spencer's two charity tosses.

The halftime tally was 32-15. Benedict set the 3rd period pace as Oxford rolled to a 43-21 three-quarter spread.



TOURNEY SCRAMBLES — Action was fast and furious in both Class B district tournament basketball games at Pontiac High Thursday night. At left, Oxford's Larry Spencer drives under the Avondale basket but is blocked by Avon's Al Hill in the 4th quarter. A foul was called on Hill. Watching the play are Avondale's Larry Herron (left) and Don Krupp (11). Oxford was a 60-33 winner. At right, Dick Johnston of Clarkston comes down with a 3rd period rebound, only to be tied up by Lynn Hazlett of Lake Orion (36). Clarkston won, 43-29. Oxford and Clarkston play for the Class B title Saturday night.

Pontiac Press Photos

New Scoring Punch

Milford Senior Steps in With 22-Point Effort

Milford's Wayne-Oakland League champions looked to a new source for scoring punch Thursday night as the Redskins made their 1st tournament start a successful one.

Jim Davidson and Tom Gould, Milford's 1-2 punch throughout the season took a back seat as John Sherwood, a 6-foot senior, grabbed the spotlight with a 22-point performance in Milford's 64-48 victory over Howell.

In the other game on the Class B card at Brighton, Fenton came on in the 2nd half to trip the host team, 69-60. Milford and Fenton play for a regional berth Saturday night. They met early in the regular season with Milford taking a 74-55 decision.

Jack Minzey's Redskins got off to a slow start and trailed 12-11 at the 1st quarter last night, but with Sherwood rebounding and hitting on jump shots, Milford spurted with 19 points to take a halftime lead of 30-16.

Davidson and Fred Baker contributed 13 points each to the Milford total and center Gould added a dozen.

Fenton scored 20 points each in the 1st, 3rd and 4th periods, with guard Jess Madden's all-around play spelling the difference. Brighton lost Gerald Fuller on fouls in the 3rd quarter after he tallied 16 points.

Elsewhere, Ortonville won its 1st game since Dec. 7 by handing Linden a 52-40 setback in its own Class C tourney.

Superior rebounding by Darwin Sanders, Kenny Harrison and Leon Weeks made it an Ortonville night. Sanders had 12 points, Harrison, 11, and Weeks 10. The Hawks assumed a 41-25 margin after three periods and turned the play over to four sophomores in the latter stages.

Ortonville bumps into Almont tonight after Imlay City faces Goodrich.

In Class C at Van Dyke, two Suburban Catholic league teams, St. Clement and St. Benedict, will battle for the district title Saturday.

St. Clement subdued St. Elizabeth, 50-25, and St. Benedict rolled over St. Francis, 54-26.

Tow Oakland County teams were knocked out of the running in Class B at Livonia Bentley. Redford Union tripped Farmington of the Inter-Lakes Conference, 62-49, and Bentley drubbed Clarenceville of the Wayne-Oakland, 77-52.

Teaching Pro Grabs Lead at Baton Rouge

Walter Romans Paces 'Name' Players With Opening 65

BATON ROUGE, La. (AP)—Walter Romans, a working professional who plays in a few tournaments each year on his vacation, today led the big name pros into the second round of the fourth annual $12,500 Baton Rouge Open Golf Tournament.

The 37-year-old Baltimore professional topped the better-known pros with a seven-under-par 65 Thursday as the money players gave the par-72, 6,450-yard Baton Rouge Country Club course a fearful working over.

In all some 70 golfers hit par-72 or better.

Romans shot par 36 for the first nine holes but sizzled over the back nine with seven birdies and two pars for 29. Tourney officials said it was a course record, but couldn't cite the previous mark.

Bunched one stroke behind Romans were Bud Holscher of Apple Valley, Calif., Paul McGuire of Wichita, Kas., and Marty Furgol of Lemont, Ill.

Five more were right behind at 67. They were Wally Ulrich of Rochester, Minn.; Jerry Barber of Los Angeles; Jack Fleck of Davenport, Iowa; Bill Nary of Reno, Nev., and Jack Burke Jr. of Kiamesha Lake, N.Y.

What little was lacking in Romans' approach shots on the back nine was made up by his red-hot putter.

He was down in one putt on all nine holes. Romans said most of the putts were easy after close chip shots. But he sank a 25-footer on the 13th for a birdie and got another birdie with a 10-footer on the 18th that gave him the lead. That last putt brought the loudest cheer of the day as the gallery realized that the late-finishing Romans, who was a stranger to most of the gallery, had taken over the lead.

But this is the last tournament of the year for Romans. "I'm going home next week," he said.

Buckeyes Grab Early Advantage in Big 10 Meet

Double Score on U.M., Iowa Tankers; Konno Wins 1,500 Meter

COLUMBUS, Ohio (AP) — Ohio State and Michigan, who have won the last 18 big 10 swimming championships — Ohio 10 and Michigan 8 — went into another duel for the title today.

Ohio State got away in front as the 45th annual meet opened last night, Hawaiian - born Ford Konno winning the 1500 - meter freestyle for the 4th straight time, and Charles Stephanos finishing a surprising 4th, to give the Bucks 10 points. That doubled the score of Michigan and Iowa, each with two men among the point-getters.

In winning his 8th western conference championship, Konno breezed through the marathon in 18:21.8, almost a minute and 20 seconds faster than Michigan's John O'Reilly who nosed out Ross Lucas of Iowa for 2nd.

Stephanos, 25-year-old from Lynn, Mass., crashed into the point columnin his 1st competitive try at the long distance. He has been out of action, and in the service, the last two years. He's a free-style dash man, but coach Mike Peppe, gunning for his 7th straight Big 10 crown, shoved Stephanos into the long grind on a gamble and it paid off with three points which might be the margin.

A year ago Ohio State won the title with 125 points to Michigan's 103, with Michigan State 3rd with 55. But last week the Wolverines triumphed over the Bucks in a dual meet, and the conference chase looks like a tight one.

Six events will be run off tonight, and seven Saturday night, following afternoon qualifiers.

Bucks are determined to win this one for Peppe, the only swim coach Ohio State has ever had. In his 24 years Peppe has led his lads to 10 Western Conference, 8 NCAA, 6 AAU indoor and 4 AAU outdoor titles.

Konno has been his biggest individual star. His 1500 - meter triumph last night was his 8th in the Big 10, and in the last 3 years he took 4 NCAA, 6 AAU indoor and 7 AAU outdoor events.

U. of M. Battles Illinois

EAST LANSING (AP)—It will be Illinois against Michigan again in the race for the team title at the 45th annual Big Ten indoor track and field meeting today and Saturday at Michigan State College.

Through the years, the two powers have always dominated Big Ten track.

Illinois was edged by Chicago the first year the meet was held—in 1911—but came back strong to win the next three conference titles.

• • •

The Illini, shooting for their fourth straight indoor title, have won 14 times. Michigan, runner-up the last four years, has 15 championships.

Wisconsin, Ohio State, Indiana and Chicago sneaked in to win three times each and Iowa has taken two titles. Northwestern, Minnesota, Purdue and Michigan State are in the also-ran division.

Doping this one, Illinois should take the most firsts.

• • •

But Michigan has tremendous depth and those lesser points and fractions should pile up to outcount the Illini.

MSC Track Coach and Meet Director Karl Schlademan reported that a study of performances and a check of the record book indicates that new marks — Big Ten, fieldhouse or American — are possible in nine of the 15 events.

He lists these as the high jump, mile run, 70-yard high and low hurdles, 300, 440, 660, 880 and 1,000-yard runs.

Big 10 Silent on TV Confab

'Just Marking Time,' Says Conference Man at Lansing Meeting

EAST LANSING (AP)—The Big Ten was keeping an official silence today on the hot issue of the NCAA's 1955 football television program.

"We are just marking time until the NCAA meets in New York next week and comes up with a definite plan," said Bill Reed, assistant conference commissioner.

The NCAA was to have released its 1955 plan this week but Executive Director Walter Byers announced in Kansas City Thursday that another meeting of the TV committee will be held in New York Monday and Tuesday.

• • •

The tentative NCAA plan was understood to call for a regional-national combination that stipulates that no team can appear on television more than once during the season. The Big Ten wants each school limited to two appearances, once away and once at home.

"The Big Ten has taken no position whatsoever on the pending NCAA plan," said Reed. "We will just wait and see what develops in the New York meeting."

Barbers Take Bigger Lead

PONTIAC TABLE TENNIS LEAGUE

	Pts.		Pts.
Capitol Barbers	71	Short Variety	38
Furtney Drugs	64	Huron Market	32
Pont. Cig. Serv.	64	Pontiac Varnish	30
China City	37	Fleet Carrier	30

Pontiac Cigarette Service pulled into a 2nd place tie with Furtney Drugs in the Pontiac Table Tennis Assn. Thursday night by defeating the Drug team, 4-2.

Capitol stretched its league-leading total to 71 points by taking Pontiac Varnish, 5-1. In other matches, Huron Market downed Fleet Carrier, 4-2, and Short Variety took China City, 4-2.

Mixed doubles matches highlighted Thursday's play. Furtney Drugs' duo defeated Cigarette Service, 17-21, 26-24, 21-19, and Fleet Carrier took a close match from Huron Market, 19-21, 21-19, 21-19.

Next Thursday is position night and the following Thursday will wind up the regular season.

Maples, Bathers in Feature Tilt

EML Title at Stake in Tonight's Encounter at Birmingham

Regular season play for area Class A schools winds up tonight with the feature game matching Birmingham and Mt. Clemens for the Eastern Michigan League championship at Birmingham.

Each has an 8-1 league record and the contest is a rematch from Dec. 17 when Mt. Clemens grabbed a last-minute 54-48 decision on its own floor.

That was the only time John Petrakis' Maples had tasted defeat all season. Since then Birmingham has taken 11 straight victories for a season record of 13-1, one of the best Class A marks in the state.

The game not only will be a league title scrap, but will preview next week's regional tournament at Birmingham, when the same teams are matched.

Pontiac closes its season at home against Arthur Hill, and Royal Oak finishes on the road at Fordson. Cranbrook, which doesn't compete in the state tournament, closes its campaign Saturday against Western Reserve Academy.

Howe's 'Hat Trick' Sparks Red Wings to 6-1 Victory

Gordie Howe snapped a goal-getting slump in great style Thursday night at Olympia by leading the Detroit Red Wings to a 6-1 rout of the Chicago Black Hawks as 10,695 Wing fans celebrated "Bob Goldham Night."

The Detroit defense ace was unable to play because of an injured ankle, but he was on hand for the pre-game ceremonies at which he received numerous gifts, including a new station wagon.

gifts, including a new station wa

Leonard "Red" Kelly got the Wings off and running with a 1st period goal on passes from Dutch Reibel and Ted Lindsay. Alex Delvecchio added markers in the 1st and 2nd periods, before Howe began his assault in the final stanza.

Howe hit unassisted at 6:52 of the final period, and converted passes from Kelly and Marcel Pronovost at 13:50. He completed his "hat trick" at 17:28 on a pass from Kelly.

Chicago's lone goal came in the 1st period by Jerry Toppazzini.

Howe's goals, his first in 10 games, ran his season total to 27. Wing goalie Terry Sawchuk now trails Toronto's Harry Lumley by four goals in their tight race for the Vezina Trophy.

Jansen Dubious of Making NY Giant Hill Staff

But Veteran Pitcher Thinks He Can Still Be Winner

PHOENIX, Ariz. (AP)—Larry Jansen, pitcher turned coach turned pitcher, figures he still can win in the majors, but he's not so sure he can win a spot with the world champion New York Giants.

The 34-year-old righthander said he felt fine after three days of workouts. "There's nothing wrong with me physically, but there are a lot of youngsters around here who deserve a chance and that may let me out."

Manager Leo Durocher would be glad to welcome Jansen back and said "maybe I took him off the active list too soon." Jansen became a coach last July following a shaky 2-2 record in 13 games.

Veteran Marksmen Top Field in Rifle Match

ST. PETERSBURG, Fla. (AP) — Longtime leaders in the annual Midwinter Small Rifle Shoot monopolized most of the honors in Thursday's five events.

Defending champion Herb Hollister of Boulder, Col., and Sam Bond of Philadelphia, Ohio, a contender for several years, each won two matches.

Joe Steffney of Paris, Ill., leader at the halfway point this year, took the fifth match, the Dewar match.

Top U.S. Bird Dog

GRAND JUNCTION, Tenn. (AP)—A veteran Arkansas pointer has been named the nation's top bird dog for 1955.

Lone Survivor, owned by Dr. E. R. Calame of Jonesboro, Ark., was declared the winner of the National Bird Dog Championship here yesterday at the conclusion of the "world series" of the field trial circuit.

Yankees' Bob Turley Confident He's Regained Control After Discovering 'Hip Action' Flaw

ST. PETERSBURG, Fla. (AP)—Bullet Bob Turley, who could have been a Yankee a couple of years ago except for a case of mistaken identity, starts his first season with New York confident he's lost his wildness and found some support.

• • •

The 24-year-old righthander, who came to the Yanks in that multi-player deal with the Baltimore Orioles this winter, said his wildness was in his hips, but "the trouble was cured last August."

He credits Harry (The Cat) Brecheen, one-time St. Louis Cardinal ace but more recently an Oriole coach, with discovering the flaw that gave him the bases on balls title as well as the strike-out crown last season. Turley fanned 185 to top the American League, but he also walked 181.

• • •

"I was throwing incorrectly," said Turley, "with my hips coming around and following through ahead of my arm. I never realized it until Harry spotted it.

I guess I had been trying so hard to get the ball over the plate that I probably was throwing unnaturally. But after Harry pointed it out the change was great. I won six of my last seven decisions and I don't think I walked more than four men in one of them."

Turley was almost right. He walked six and five in a pair, but only four in each of the others. All season long, he managed to get away with just a single walk in only two games. And once he walked 12 in 6 2-3 innings.

Turley, now under the care of Yank Pitching Coach Jim Turner, said his wildness resulted from straining too much on each pitch with Baltimore. "I never got more than two runs to work on so I was trying to pitch a shutout every game. Things should be better with this club. I had to win 'em 1-0 or 2-1 in Baltimore."

• • •

That's a fact. Turley, who finished with a 14-15 record, only won three games by better than a two or three-run margin.

Eddie Lopat, the junk man of the Yank staff, figures Turley will "rank with the greatest righthanders in the history of the league," with two years of polish.

Those two years could be under his belt already except for some confusion by a Yank scout.

Turley and his uncle Ralph, just 18 months older than Bob, attended a Yankee camp near their Belleville, Ill., home about six years ago. Afterward, the scout called the Turley home. Ralph answered and said "yes" he was the Turley who worked out at the camp. Ralph was signed and dropped out in Class D ball.

Bob signed with St. Louis Browns for $1,200.

Fishing Still Good

LANSING (AP) — Despite warm weather, ice conditions are generally good throughout the state, the state conservation department reported today.

Fishing activity in most areas has fallen off following the end of the spearing season, the department said.

Field of 12 Is Expected for $100,000 Coast Race

ARCADIA, Calif. (AP)—A field of about a dozen stakes horses is expected to be named today to race in the $100,000 added San Juan Capistrano Handicap at Santa Anita Park Saturday.

• • •

A preliminary rundown of the possible candidates included:

Poona II, Determine, Rejected, Alidon, Old Travis, Nearque I, High Scud, St. Vincent, Arctic Way, Great Captain, Gigantic, Impulsivo and Salmon Peter.

• • •

The San Juan is staged at about a mile and three-quarters over the El Camino Real grass course and is the last of the $100,000 added purses hung up by Santa Anita at the waning meeting.

• • •

Ordinarily the San Juan Capistrano ends the season, but the track was granted permission to extend its meeting three days, and will wind up its 52 days next Thursday.

• • •

Just as last week's $100,000 Santa Anita Handicap was viewed as a wide open race, only to have the betting choice, Poona II, win handily, so does the San Juan have the handicappers in a dither.

The high weight horses include Andy Crevolin's Determine at 126, the King Ranch's Rejected 124, Poona II 122, St. Vincent 123 and Arctic Way 120.

Billy the Man Now

Hoeft Says He Plans to Settle Down in '55, Become Winning Pitcher for Tigers

LAKELAND, Fla. (AP)—Billy the Kid says that from now on he'll be known as Billy the Man.

Meaning that Billy Hoeft, 22, lefthander of the Detroit Tigers, is ready to settle down to business—baseball business, that is.

• • •

For years, Hoeft has been referred to as the Tigers' "promising young southpaw." Promise, yes. Results, few.

• • •

In his first three seasons as a major leaguer, Hoeft lost twice as many games as he won (18-36) and had a sloppy earned-run average of 4.60.

Last season was the biggest disappointment of all. Hoeft won seven games and dropped 15.

Now, after thinking it over during the winter, Hoeft blames nobody but himself.

"I had a lousy year because I didn't keep myself in shape," he admitted today. "I don't have any excuses. It was my own fault. I let myself get soft."

• • •

Hoeft reported to the Tigers' camp weighing a lithe 185 pounds. He came to camp a year ago weighing 190 but ballooned up to 205 by the end of the season.

He said he broke curfew rules last season. "I don't know why, it was just one of those things."

"But I spent a lot of time last winter thinking about myself. I finally realized that all I was doing was hurting myself. It'll be different this year. I guarantee it."

Bucky Harris' confidence in Hoeft apparently is unshaken. The new Tiger skipper has named Hoeft along with Ned Garver and Steve Gromek as "my big three."

"I think he's got all the equipment to become a winner," Harris said. "He just has to settle down a bit."

In the past, General Manager Herold (Muddy) Ruel of the Tigers has stated that the game of baseball is just that to Hoeft—a game. "He hasn't grown up yet," Ruel said. "When he does, he's going to be a helluva pitcher."

Hoeft is one of the best-liked players on the Tigers. His attitude around the dressing room and dugout is a carefree one.

Cockell Back Home to Train for Rocky

SOUTHAMPTON, England (AP) — British heavyweight champion Don Cockell returned to England Thursday from his trip to New York where he signed for a title bout with world champion Rocky Marciano. It will be held in San Francisco in May.

The pudgy pig farmer said he will train at Eastbourne, on the south coast of England for the next few weeks, and leave for San Francisco on April 7 to finish his training.

Goldham Misses Game; but Fans Honor Him

DETROIT (AP) — Bob Goldham, veteran Red Wing defenseman, missed his 1st game of the season last night — on the night he was honored by his fans.

Goldham injured his foot during a practice session Wednesday. But he appeared on the ice before last night's game to accept presents bought by his admirers. Among the gifts was a station wagon.

PWBA's Pin Spillers Ready for 22nd Annual Tourney

More than 650 individuals, comprising members of some 132 Bowling teams from the Pontiac area today were awaiting the start, Saturday, of the 22nd annual Pontiac Women's Bowling Association tournament. Both team and doubles - singles events will be rolled this weekend at the Colonial Lanes in Utica.

This will be just the start of a 4-weekend grind of pin-smashing.

Tournament concludes March 26-27. All trophies and other awards will be presented at the annual meeting April 17, in Pontiac Knights of Pythias Hall, at 1:30 p.mm

Cash awards amounting to a total of $2,790 will be distributed in addition to many trophies.

Last year's event was held at Hilltop Lanes, Rochester.

Defending team champion Howe's Lanes, Clarkston, is back again. It rolls on March 19. Defending doubles queens, Florence Van Gordon and Beverly Kuschel of Milford have split, Florence is teaming this year with Pat Lee of Milford. Beverly's partner is Phyllis Allen of Milford. Singles champ Faye Sibert, Rochester will not defend her title.

Pontiac's Shirley Pointer, all-events titlist will again be in the lists.

Here's the team lineup for the opening weekend, starting at 7 p.m. Saturday: 'doubles and singles will be rolled Sunday, with squads starting at 12 noon, 2 p.m. and 4 p.m.

Jolly Five (Pon), Griff's (P), Wee Knit Shop (Mil), National Coach (P), Fleet Carrier (P), Stout Realty (P), Twin Lakes Golf Club (P), Beavers (P), Happy Five (Mil), Union Lake Lbr. (P), Eagle's Chevrolet (Utica), LaVigne's (Ut), 9 p.m. squad—Marlow's (Ut), Alwardt's (Ut), Townsend Paint (P), Talley Motor (Roch), Drewry's (P), Royal Rec. (LO), Huron Bowl (P), Beagle Excavating (P), Sno-Bol (P), Hunter's Hillliers (Roch), Easley's Mkt (P), Chaplow Lbr. (Ut).

SUNDAY, 7 p.m.—Six Lakes (Mil), Community Motors (Roch), Rask Collision (Wat), Rex Cirs. (P), Beatty's Greenhouse (Mil), Pete's Mkt. (Roch), Connie's Bar (Roch), Nat'l. Twist Drill No. 2 (Roch), Utica Hts. Dress (Ut), Factory Caterers (Ort), Huron Bowl, (P), Kerner Bldrs. (Ut).

Coast Entry Cut in Half

Southern Girl Hands Defeat to 2 Stars in South Atlantic Test

ORMOND BEACH, Fla. (AP) — It was two down and two to go today in Marjorie Burns' one-girl assault on the strong Pacific Coast contingent in the women's South Atlantic Amateur Golf Tournament.

* * *

Miss Burns, slender swinger from Greensboro, N.C., halved the Far West's chances of victory in this event Thursday when her fine play carried her to triumphs over Barbara Romack, National Amateur Champion from Sacramento, and Gloria Armstrong of Oakland, Calif.

* * *

Marge drew defending champion Pat Lesser of Seattle as her semifinal foe today. If she takes the measure of the former intercollegiate champion, she could meet another Pacific Coast star in Saturday's 36-hole final.

Medalist Wiffi Smith of La Canada, Calif., and Mary Ann Downey of Baltimore were the other semifinalists.

Leading Money Winner in Florida Tournament

JACKSONVILLE, Fla. (AP)—Eight of the 10 leading money winners of 1954 teed off today in the first round of the $5,000 Jacksonville Women's Open Golf Tournament.

The only notable absentees in the 4-day event on the 6,508-yard, par-72 Hyde Park Course were Babe Zaharias of Tampa and Atlanta's Louise Suggs, both sidelined because of virus.

Bowling Clinic

By BILLY SIXTY

CASE—Punching the Nose.

You have, let us say, just made the change from a straight ball to a hook. And your ball is riding high on the head pin—"on the nose"—and up pop those awful splits. The trouble very probably stems from the right shoulder.

Check it, and you will find it is being forced out of its "squared" position. The arm, as a result, is out of groove at release of the ball—pulled to the left.

Forcing the swing is the cause: trying for unnatural speed. Slow down from the, start — with the first step. Make it shorter, a shuffle. Give the ball time to drop into its swinging arc slowly, smoothly, so that you feel the weight of the ball throughout the swing.

The arm should feel relaxed, yet firm, not entirely loose. As you approach the foul line, keep the right shoulder in place, squared, all the way, as sketch shows, and you'll soon be holding the right side strike pocket between the 1 and 3 pins — instead of punching the head pin on the nose.

47 U.S. Athletes in Mexico for Pan-Am Events

MEXICO CITY (AP) — The first delegation of U.S. athletes arrived Thursday to participate in the Pan American Games March 12-26.

Headed by Lynan Bingham, executive president of the U.S. Olympic Committee, the group consisted of 47 persons, including 18 women and 27 men athletes.

They are contestants in track and field, boxing, wrestling, water polo and modern pentathlon.

This brings to six the countries whose athletes have arrived. Already here for training are athletes from Argentina, Paraguay, Venezuela, Dominican Republic and Jamaica.

Gulfstream Opens 43 Day Racing Program

MIAMI, Fla. (AP) — Gulfstream Park opened a 43-day racing season today with 11 horses entered in the $10,000-added Armed Handicap feature.

The track's opening followed the end of the season Thursday at Hialeah Track, where W. L. Huntley's Rosemary B. at 13-1 won the $33,800 Black Helen Handicap.

Hills Five Seeks to End Loss String in Finale

Virginia, W&L Surprise Terps, Furman Quintets

Atlantic Coast Loop, Southern Conference Naming NCAA Entries

By THE ASSOCIATED PRESS

A couple of rebels have popped up down in Dixie, where the Atlantic Coast and Southern conences are picking their entries in the NCAA Basketball Tournament by the simple process of elimination.

• • •

Three of the ACC's top-seeded teams rolled through their first round games in the title tourney yesterday, but Virginia dumped third-ranked Maryland 68-67 in overtime.

There wasn't a genuine upset in the Southern get-together, but Washington and Lee's ambitious sophomores proved they were in the scrap to stay by humbling Furman and All America Darrell Floyd 97-67.

• • •

Virginia finished sixth during the regular ACC season race and lost two meetings with the Terps. But Bill Miller, a 5-9 sophomore guard, ended all that by sinking two foul shots with 17 seconds left in the extra period after tying the score at 59-all in regulation time.

In other ACC games, which went as expected:

Favored North Carolina State, fifth ranked in the Associated Press poll, set a tourney record with a 101-76 victory over Clemson. The Wolfpack called back their regulars to salt it away with 32 points in the final 10 minutes. Ron Shavlik, second team All America, scored 27 for the winners while Clemson's Bill Yarborough hit for 34.

• • •

Second-seeded Duke had no trouble beating South Carolina 83-67 and Lefty Davis and Dick Hemric carried Wake Forest past North Carolina 95-82. Davis, 6-2 and 152 pounds, slipped through the Tar Heels for 32 points, one less than totaled by second-team All American Hemric.

Star Scorer, McMahon, May Be Sidelined

Jacks' Coach, Fowler, Says Ace Hurt Ankle in Practice

Despite an injury that may keep his star point-maker on the sidelines tonight, Coach Charles (Chuck) Fowler of the Arthur Hill basketball club felt the Valley champions would snap out of a two-game losing streak against Art Van Ryzin's eager — and confident — Chiefs.

Lumberjacks lost their last two outings, but Fowler felt that these setbacks were blessings in disguise. "They probably put the team in a winning mood for tonight and for the regional tourney next week" he explained.

"Yes, I think we can win tonight. We're going to give it a real try, anyway."

Big Bill McMahon, leading Hills scorer may have to sit out this Valley finale. He hurt an ankle in the Northern game, then reinjured it during Wednesday's practice. Bill says he'll be able to play, but Fowler said "I'll have to see it first."

With McMahon out, Fowler has decided to use tall (6-3) Bert Dygert at one forward. He will team with Bill Feldt. Jim Alexander at the pivot, Tom Jones and Gary Lee at guards are other starters.

Tonight's Pontiac - Arthur Hill game is one of three for Valley clubs, all of which will conclude their regular seasons in these contests.

Flint Northern is at Saginaw and Flint Central will meet Midland, recent conqueror of the Lumberjacks, on the Chemics' court.

After tonight's game Chiefs will prep for the Birmingham regionals where they meet DeLaSalle, next Thursday at 9 p.m. Hills faces Traverse City in Saginaw's tourney opener, next Tuesday.

Nebraska Prep Cager Has Top Shooting Mark

OMAHA (AP)—John Kratzenstein of Brady High School knows where that basket is.

In two games this week during Nebraska regional basketball playoffs he hit 23 of 28 shots from the floor.

When his team was thumping Madrid, 72-35, big John shot 17 times and made 14 baskets. The same night Brady as a team hit 31 of 46 shots from the field.

The next night when Brady beat Loomis, 68-60, for a berth in the Class D state tourney finals, Kratzenstein shot 11 times and hit nine buckets. He also made nine of nine free throws.

Spur On Is Favored in New Orleans 'Cap

NEW ORLEANS (AP) — The field for Saturday's $50,000-added New Orleans Handicap shrunk to 12 today with the stretch-blazing Spur On still the likely favorite for the Fair Grounds' blue ribbon feature.

The 7-year-old son of Whirlaway, winner of two top handicaps at the Fair Grounds, is a solid 8-5 choice to take top prize money in the mile and one-eighth fixture. Jockey Eric Guerin will fly in from Florida to ride the Marvin Affeld colorbearer.

If all 12 go to the post about 4:15 p.m. (CST), the race will gross $64,900 with $47,400 going to the winner.

PRO BASKETBALL
THURSDAYS RESULTS
Rochester 82, Minneapolis 76.

Redlegs, Nats, Dodgers Watch 'Sleepers'

By THE ASSOCIATED PRESS

There isn't a major league manager who doesn't hope that a sleeper, such as Mickey Mantle, Bob Grim, Wally Moon or Willie Mays, turns up among the rookies striving to make baseball's big time.

That's the reason Manager Birdie Tebbetts of Cincinnati is taking a long and good look at Bob Thurman, Chuck Dressen of Washington thinks highly of Bob Kline and Walt Alston wouldn't be surprised if Bert Hamric made the Brooklyn varsity.

• • •

You'll recall that Mantle jumped all the way from Class C into the Yankees' center field, Grim had played only one year of organized ball before compiling a 20-6 record for the Yankees and winning Rookie of the Year honors in 1954, Moon wasn't even on the Cardinals' roster until the opening day last year and Mays was so lightly regarded he wasn't in the Giants camp in 1951—the year he made his debut.

Tebbetts, already blessed with plenty of long ball hitters, figures the Redlegs have another in Thurman, 32-year-old Negro outfielder who admits he has "just about given up on ever getting into the major leagues."

Thurman, signed as a free agent after Tebbetts watched him pound the ball in the Puerto Rican winter league, also can play first base and pitch, if necessary. He hit .323 and had a 2-0 pitching record in Puerto Rico.

The Senators' high command thinks "we may have landed a bargain" in Kline, who hit .319 as a Yankee farm hand with Birmingham last season. He is given a good chance of making the grade at shortstop.

• • •

Hamric hasn't much chance of breaking into the Dodgers' Sandy Amoros-Duke Snider-Carl Furillo outfield combine, but he figures to make a battle of it for one of the reserve spots. The Sandy Fork, Va., native, who hits from either side of the plate, has power as attested by a dozen homers in a half season at St. Paul last year. Before a fractured hand put him out of commission, he hit .350.

The news was good from a number of camps where holdouts had been causing concern.

• • •

Minnie Minoso, the No. 1 White Sox holdout who had asked for a 100 per cent boost, finally settled for a $7,500 increase. That raised his salary to a reported $32,500.

Baltimore ended its holdout troubles with the signing of pitcher Lou Kretlow for $10,000. Catcher Sammy White was expected to write his signature on a Boston Red Sox contract today after holding out until the club approved his playing of basketball during the off season. The Red Sox also signed rookie pitcher George Susce.

• • •

But the biggest holdout of them all—the mighty Ted Williams—still hasn't put in his appearance at the Red Sox Sarasota camp.

And the Pirates have an $18,000 pact waiting for their slugging outfielder, Frank Thomas. But in Pittsburgh Thomas said he has had no official word on the contract.

Graham Reaches Boxing Crossroads With Vejar

NEW YORK (AP) — Two of ring's real gentlemen — aging Billy Graham and eager, young Chico Vejar — battle it out tonight in a bout regarded as a tossup at Madison Square Garden.

They are friends and respect each other but will prove once again in their 10-rounder that there is no place in the ring for sentiment.

This is a big one for both. It could be the last for Graham, 32, who is desperately trying to get back in the running "for four or more fights." The veteran of 14 years and 124 pro bouts wants to pile up some extra cash to go into business.

"I gues this is the test," said the New Yorker. "I've never lost three in a row before and if I can't beat Vejar I might just as well pack it in. He has nothing to beat me with. He's easy to hit, has a push-button chin, and can't punch hard enough to bother me."

But Billy will be fighting father time as well as an aggressive, ambitious 23-year-old. In losing his last two to Chris Christensen, a nothing fighter, and Ramon Fuentes, Graham showed how far he had slipped from the lofty days of several years ago. Then he was the No. 1 contender who had come within a shade of taking the welterweight crown from Kid Gavilan.

This Graham Won't Attract 19,000 'Fans'

NEW YORK (AP) — You can't blame New York boxing fans if they are slightly confused today. Billy Graham appeared in Madison Square Garden Thursday night and he'll be on hand again tonight.

The difference is that Thursday night it was Billy Graham, the evangelist tonight it is Billy Graham, the fighter, who meets Chico Vejar.

It's a safe bet that evangelist Billy Graham will outdraw boxer Billy Graham. The Garden was Thursday night. Promoters will be happy if a third that many show up tonight.

Adrian Beats Calvin in 'Special' Playoff

ADRIAN (AP) — Adrian overcame a 6-point halftime deficit last night to defeat Calvin, 76-67, in a special playoff basketball game.

MIAA commissioner Degay Ernst said the game would help determine the winner of an all-sports trophy to be awarded at the end of the school year. He emphasized, however, the game would not determine the MIAA championship.

Both teams went into the game with a 12-2 conference record.

First Triplicates

Belles and Beaux bowling league not only reported its 1st triplicate of the season this week, it turned in two, for good measure. F. Keylon hit 3 games of 124 and E. Thomas compiled a set of 86s.

Just a Family Affair

ALBANY, Calif. (AP) — Mrs. Johnny Adams, during a visit to Golden Gate Fields, said she always makes a $2 bet when husband jockey Johnny Adams or their son jockey John Ralph Adams rides a race horse. But only $2.

Fireman Is Rewarded

BROOKLYN (AP)—"Fireman" Jim Hughes, ace relief hurler for the Dodgers, topped all National League pitchers in the number of relief appearances in 1954. He played in 60 games.

His efforts were rewarded by the New York City fire department which named him an honorary fire chief.

Woman's Library Gift Removes Bond Need

SANTA BARBARA, Calif. (AP) — This city won't have to ask citizens for a $70,000 bond issue, thanks to an elderly spinster who loved books.

Mrs. Callie Chambers, who died last week at 76, left her entire estate to the library's Board of Directors. Probate attorneys estimate it at between $250,000 and $300,000.

The $70,000 bond issue has been dropped from the May ballot.

Your Income Tax—5

New Law Allows More Exclusions

By FRANK O'BRIEN
of Associated Press

The new tax law added some ways you can get part of your income out of the tax collector's reach by excluding it from your taxable income.

The new law lets you exclude from your taxable income part of all income you get as retirement-type benefits, sick pay and dividends. In addition there are new provisions of dollar-and-cent interest to scholars supported on grants, to parsons and to policemen.

Possibly the biggest tax saving to the most people under the new exclusions will result from provisions for setting part of annuity or pension income aside tax free.

This applies to anyone who has annuity - type income reagrdless of age or whether he is fromally retired from business. There are 13½ million persons in the United States over 65, plus millions of younger persons, with annuity income—nearly one third of the taxpaying individuals in the country.

Two general rules apply in excluding this type of income:

1. You have the right to recover, tax free, from your annuity or pensions benefits as much as you have invested or paid into your benefit plan. (This doesn't mean you can exclude payments you may be making now toward future retirement benefits. You have to be getting the benefits now. And if you are, you may exclude from this benefit income an amount equal to what you have paid in the past toward it.)

2. Also, in general you may not exclude from your taxable income any part of retirement income if you did not bear part of the cost. But you did bear part of the cost, even if you made no direct contributions, if you were taxed for part or all of your employer's payments to the plan. You can usually get your cost figures from your former employer.

You will find a new schedule "E," on page 2 of form 1040, to enter your exclusion for retirement income.

In schedule "K," on page 4, you will find a place to work out any retirement income tax credit you may have.

In working out your exclusions and credits, refer to the instruction booklet furnished with your return form and—since this is a complex matter—don't hesitate to call on your local internal revenue service office for help if you get confused.

Sick Pay—

The 1954 tax law allows a new type of exclusion from your taxable income for pay you receive as wages while you are off work due to sickness or injury. There are some limitations.

Sickness includes sickness during pregnancy which incapacitates you to work. The revenue service has not yet ruled definitely, however, on how it will treat maternity leave. It is possible that all paid maternity leave may be excluded from your taxable income.

Most sick pay plans fall into two groups—those of which the cost is borne by the employer, and those financed by contributions of the employe. The law makes different provisions for these:

1. The amount of sick pay you exclude from taxable income may not exceed a weekly rate of $100

if it is received under a plan financed by your employer. But no part of your pay for the first seven calendar days of sickness or injury may be excluded unless you are hospitalized for at least one day at any time during your illness.

If your sick pay does not exceed $100 a week, and you are hospitalized, the entire amount may be excluded from your taxable income. But if you are paid at a rate in excess of $100 a week the excludable amount may be determined by a formula given on page 6 of the instructions.

2. These limitations do not apply when your pay for sickness or injury is entirely attributable to your own contributions to a plan. In this case, the entrie amount may be excluded.

You will find a place at line 3 on page 1 of form 1040, or at line 12 of form 1040A to enter your sick pay exclusion. Attach a statement to your return explaining the exclusion. Both husband and wife can make sick pay exclusions on a joint return.

It is possible that your employer did not withhold your income tax on excludable sick pay you had during 1954.

But it is still necessary for you to show the amount of your sick pay, in order to cut your taxable income down to the amount on which taxes have been paid. If you do not show your sick pay, you might get billed for taxes you do not owe.

Accident and health benefits—Payments to you, direct or indirect, under accident or health plans may be excluded from your taxable income when paid to cover costs of medical care for you, your wife or husband, and your dependents.

Dividends — with limitations noted below, you can exclude from your taxable income up to $50 of income you get in the form of dividends.

If you are filing a joint return, and you and your wife each had dividend income, each can exclude dividends up to $50.

You will find a new schedule "J," at the top of page 4 of form 1040, where you work out your dividend exclusion. On form 1040A you epter your taxable income from dividends (dividend income less the portion you can exclude) on line 10 as "other income."

Dividends received any time in 1954 may be counted for the dividend exclusion. (For the tax credit on dividends, to be discussed in the next article, you may count only dividends received after July 31, 1954.)

You may not count toward dividend exclusions any dividends received from a number of organizations detailed under the heading of "dividends" on page 7 of the instructions that came with your return.

The new tax law lets you exclude payments under a scholarship or fellowship in most cases.

It also allows parsons to exclude the rental value of a parsonage supplied to them, as did the old law, and in addition allows rental cash allowances to be excluded. The cash allowance may be excluded to the extent it is used to pay rent or purchase a home.

The new law gave policemen the right to exclude from their taxable income any subsistence allowance provided to them by law, up to $5 a day.

In addition, the new law preserves previous provisions allowing gifts and inheritances to be excluded from your taxable income. It limits the exclusion for death payments from an employer to $5,000 for the death of any one employe.

Box at the right of page 6 of the instructions lists other exclusions.

(Next: Tax credits)

Detroit Hunting for Cure to Expressway Accidents

DETROIT (UP) — Traffic and highway officials are searching for a cure for one of the ills of progress—accidents and pile-ups on Detroit's expressways.

Speeding isn't the most serious.

It's the dilly-dallying motorists who travel below posted speed limits, unlucky drivers whose cars conk out while whizzing down the six miles of expressways, and tire blowouts, officials say.

They claim traffic experts working on the Los Angeles freeway or the Pennsylvania or New Jersey Turnpike have not found a solution to avoid multiple crack-ups and resultant traffic snarls.

An estimated 80,000 motorists drive 320,000 miles daily on the Edsel Ford and John C. Lodge expressways. A flat tire during morning or evening rush hours can cause traffic to be backed up for miles since there is no place on the speedy thoroughfare where a crippled car can pull over.

Congestion also is almost a daily affair at interchanges, places where motorists get on and off the expressways.

However, officials say cars backed up onto the expressways while awaiting light changes will be no problem when the highway is completed in late 1957. There then will be 23 miles of unhindered travel—14 miles of the east-west Ford Expressway and nine miles of north-south Lodge Expressway.

Traffic Director James A. Hoye says immediate steps taken to eliminate tie-ups have been "around-the-clock" patrolling by at least two police cruisers and two trucks from the Wayne County Road Commission.

He says the trucks are equipped with bumpers front and rear to push stalled cars, salt spreaders, flares and two-way radios to contact cruising police cars in case of emergency.

Director Alger F. Mayo of the Department of Streets and Railways, ordered by Mayor Albert E. Cobo to solve the problem, says various plans are under consideration.

He says "turn outs" in the center island of the expressways —paved arcs away from the main traffic stream—spaced approximately every 500-to-1,000 feet might be the answer.

Another plan under consideration is the system used at the Indianapolis Speedway and other racetracks. Whenever a car crash occurs, observers at each turn throw a switch which immediately turns on a flashing amber light. The lights warn drivers they must slow down and maintain position by not passing cars ahead.

Malo said the Detroit expressway problem is more complicated since it is much longer than the Indianapolis Speedway.

The expressways, which will cost an anticipated $160,000,000 when completed, are without such conventional road hazards as pedestrians, intersections and oncoming vehicles. But there were 645 accidents on them last year. Four persons were killed and 114 injured in the accidents.

Jet Pilot's Wallet Washes Ashore

NEW SMYRNA BEACH, Fla. (UP) — The wallet of a missing Air Force jet pilot whose plane disappeared over the Florida coast last Friday was washed ashore near here.

The CAA reported a fisherman, Ray W. Peckham of Palmer, Mich., (Marquette County), found the wallet yesterday while surf casting on a nearby beach.

Papers in the wallet identified its owner as Karl E. Yohn of Needham, Mass., the CAA said.

Yohn, a 31-year-old Air Force captain, has been missing since his F80 jet went into a spin at 25,000 feet about 25 miles south of Daytona Beach.

The CAA reported it had found no other sign of the missing pilot. Yohn was on a routine training flight from Hanscom AFB at Bedford, Mass., to West Palm Beach, Fla.

No-So-Wise Pooch

MILAN, Tenn. (UP) — Kenneth McRee wants a new name for his dog, Solomon. McRee was driving downtown when Solomon spotted a cat and started out the car window. While McRee grabbed for the dog, his car hit a tree.

Martha Scott to Play Moses' Mother

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Another big role is coming up for Martha Scott who today set her seal on a contract to play Yochabel, the true mother of Moses, in Cecil B. De Mille's "The Ten Commandments."

Fine actress though she is, about two years ago you couldn't give Martha to the movies — not even with green stamps! It was William Wyler who rediscovered Martha from TV and the Broadway stage to play the role of the courageous wife and mother in the movie version of "The Desperate Hours" — and you should hear the raves over her work.

De Mille's cast for "Ten Commandments" now reads — Charlton Heston, Anne Baxter, Sir Cedric Hardwicke, John Derek, Vincent Price, Nina Foch —and Martha.

• • •

I don't wonder that Anne Jeffreys is excited about the prospect of a visit from British producer Marcel Hellman to see her and Bob Sterling. Hellman wants Anne for the story of Jenny Lind, one of the greatest singers the world has ever known.

The story of Jenny, who was discovered by P. T. Barnum, is one of the best known in musical history.

Hellman plans to make a picture very much like "Song of Songs." He is calling his "On Wings of Song," and it will be the story of Jenny and Felix Mendelssohn, with Bob playing the great composer.

The picture will be made in England, but with an American director.

• • •

All the talk that the Marlon Brandos, James Deans and Montgomery Clifts are crowding the old timers off the screens is certainly not true in the case of Gary Cooper.

Eleanor Harris is here writing a story for Reader's Digest on big Coop; the Saturday Evening Post is shelling out $100,000 for an eight part serial on Gary, who, even though he has not made a picture in almost a year, seems to keep his popularity.

There are others, too. Clark Gable is still the king, Spencer Tracy and John Wayne are going as strong as ever.

• • •

Snapshots of Hollywood collected at random: Lady Thelma Furness has sold her home on Roxbury drive and will move east.

Janie Withers, sparkling these days, having dinner at Fairchild's restaurant with Jake Erlich Jr. son of the famous San Francisco mouthpiece.

Clark Gable and Kay Spreckels were a happy pair of luncheon guests at the Tennis Club in Palm Springs.

Milton Rackmil has presented Kitty Kallen with a gold platter with a cluster of diamonds to commemorate her selling three and a half million Decca records last year.

Ellin and Irving Berlin have reservations at La Quinta, and will spend a few weeks there.

Sunday night the Otto Premingers entertain at dinner in honor of Favre Le Bret, director of the Cannes festival.

The United States uses more than 35 million dollars worth of industrial diamonds a year.

Yardbird, 7, Gets Full Treatment in One-Day 'Hitch'

CHICAGO (AP)—The Army probably will never again be like this, but yesterday a volunteer in the space of five hours—

Began his Army life by assisting at retreat—lowering the flag;

Sat at the head of a tableful of GIs for Army chow—roast beef, mashed potatoes, salad, cherry pie and ice cream;

Did a stint of KP—washing dishes;

Went to a movie with the commanding general.

• • •

The rookie, in this instance, was 7-year-old Robert Noreen, who had written to the 5th Army quartermaster depot commander, Lt. Gen. Hobart R. Gay, offering to "help out" the Army.

"If you would let me wash dishes and sweep the floors, I can come on Saturday—I think," he wrote.

Gen. Gay decided, instead, to make it an occasion and the 80-pound would-be warrior got the full treatment. They didn't wait until Saturday because the movie Robert and Gen. Gay attended was the Midwest premiere of "The Long Gray Line," a film depicting life at West Point, which was scheduled Thursday.

Hold Man for Robbing, Beating Aged Cripple

ROCHESTER, N. Y. (AP)—Police today held a man who they said struck a 54-year-old cripple over the head with a hammer, robbed him of $30 and then stole his crutches to pawn them.

Hobart Dorsey, bleeding from head wounds, crawled two blocks from his apartment to a restaurant for help. He was reported in poor condition at General Hospital.

Police charged Harold Brining, 46, with robbery and first-degree assault.

Accidents took 91,000 U.S. lives in 1954.

Wheat, Beans Most Active

CHICAGO (AP)—Wheat and soybeans enjoyed a little popularity on the Board of Trade today but the bulls still were shunning the feed grains.

At one time gains ran to about two cents and in wheat to about one cent. They both fell back from their best levels. Corn barely held steady and oats eased. Rye continued its moderate recovery of the previous session.

Wheat near the end of the first hour was unchanged to ½ higher, March $2.19¼; corn unchanged to ⅛ lower, March $1.42; oats ⅜ to ½ lower, March 72¼; rye unchanged to ¾ higher, March $1.05; soybeans ½ to 1¼ higher, March $2.68; and lard unchanged to ten cents a hundred pounds higher, March $11.97.

U.N. to Consider Gaza Fighting

Egypt - Israel Dispute, Monday's Border Action Next on Agenda

UNITED NATIONS, N.Y., (AP) — The U.N. Security Council turned today to Egyptian charges and Israeli countercharges touched off by Monday night's bloody border fighting near Gaza.

The explosive tension resulting from the clashes — in which 38 Egyptians and eight Israelis were reported killed—was heightened by militant statements from the Egyptian and Israeli premiers and Egyptian progress toward a new Arab military lineup against Israel.

There was some expectations the council would postpone its discussion of the rival charges until after a report from the Egypt - Israel - U.N. Mixed Armistice Commission in Palestine. The commission, which supervises the 1949 truce along the Egypt-Israel border, is expected to meet Sunday on the Gaza fighting.

In Damascus yesterday, Egypt and Syria announced they had signed a new defense pact which Syrian Prime Minister Sabri Asali said resulted from the need for "practical and decisive measures to safeguard the Arab countries from repeated Israeli aggressions."

Informed sources said all other Arab nations would be invited to join the new alliance, which is designed to replace the nonfunctioning Arab League collective defense treaty.

Extension of Drain Bonds' Life Asked

State Sen. William S. Broomfield (R-Royal Oak) today introduced a bill designed particularly to benefit Southern Oakland County by extending the pay-off time from 20 to 40 years for drain construction bonds.

The move was requested by County Drain Commissioner Ralph A. Main.

It would allow communities or authorities building large drains to retire special assessment bonds over any period up to 40 years.

There are two ways by which drain bonds can be paid off, said Main. By assessment of property owners directly benefiting from the drain, or by assessing the community at large.

The bill would pertain only to bonds being financed by assessments against a whole community, Main stated.

Vehicle Production Set at 186,992 This Week

DETROIT (AP) — The nation's auto assembly lines will build 172,088 cars and 14,904 trucks this week, Ward's Automotive Reports said today.

The figures compare with last week's 171,188 cars and 15,053 trucks. In the same 1954 week 108,804 cars and 20,805 trucks were built.

Ward's noted this week's car output will fall only slightly short of the highest week in industry records, 173,482 units built in the week ended Feb. 19, this year.

Canadian factories will build 8,863 cars and 779 trucks this week, the agency said. Last week they assembled 8,218 cars and 620 trucks. In the comparable 1954 week dominion plants built 7,981 cars and 1,673 trucks.

And in This Corner

NEW YORK (AP)—You can't blame New York boxing fans if they are slightly confused today. Billy Graham appeared in Madison Square Garden last night and he'll be on hand again tonight. The difference is that last night it was Billy Graham the evangelist. Tonight it is Billy Graham the fighter, who meets Chico Vejar.

Livestock

DETROIT LIVESTOCK

DETROIT, March 3 (AP)—The Detroit livestock:

Hogs—Salable 125 market mostly 25c lower and at new 5-year low; bulk 170-230 lb. barrows and gilts 18.25-18.50; mostly 18.00 for sorted choice 1 and 2 around 190-220 lbs.; most 235-260 lbs. 14.50-18.25; few 260-300 lbs. 14.25-14.50; sows under 400 lbs. 13.50-14.00; 400-600 lb. sows 12.25-13.50.

Cattle—Salable 100. Calves 75. Market very quiet, fresh receipts mainly cows; prices mostly steady with Wednesday's close but poorly tested; few odd lot sales good to low choice fed steers 20.00-23.50; high choice and prime absent; few cleanup sales utility and commercial steers and heifers 12.50-17.00; some cutter kinds down to 8.00; most utility cows 11.00-12.00; some yellow utility cows down to 10.00; most canners and cutters 8.00-11.00; some lightweight canners down to 7.00; few utility and low commercial bulls 12.00-14.50 but better heavy kinds absent; lightweight cutter bulls down to 9.00; vealers fairly active, fully steady; bulk good and choice vealers 22.00-28.00; high choice and prime absent; utility and commercial 18.00-22.00; cull and low utility 8.00-15.00.

Sheep—Salable 100. Not enough sheep and lambs to make a representative market, quotable steady.

CHICAGO LIVESTOCK

CHICAGO, March 4—(AP) Salable hogs 7,500; uneven; butchers slow early, but later moderately active, general trade steady to weak; mainly steady on butchers 230 and heavier; sows steady to 25 lower; most choice 190-230 lb. butchers 18.50-18.00; a few loads and lots choice No. 1 and 2's mainly 210 lb. down 18.10-18.25; latter price for a short deck 200 lb.; 240-260 lb. 14.75-18.50, instances slightly more for uniform mostly choice 240 lb.; 270-300 lb. 14.25-14.75; choice sows 400 lb. and lighter 13.25-14.00; 450-600 lb. 12.25-13.25; good clearance.

Salable cattle 700; salable calves 100; slaughter steers and heifers nominally steady; cows active, strong; bulls steady; vealers steady to 1.00 higher; stockers and feeders mostly steady; a few utility steers 19.50 doks; a few good and choice heifers 19.00-22.00; commercial heifers around 16.00; utility to low commercial cows 10.75-13.00; a few head high commercial and good one-calf cows 15.00-16.00; canners and cutters 9.00-11.00; utility and commercial bulls 14.00-16.00; good and choice vealers 21.00-26.00; utility and commercial grades 11.00-20.00; odd culls under 10.00; a load of good to choice 875 lb. feeding steers 21.75; a few common 600 lb. stockers 18.00.

Salable sheep 300; steady to strong; truck lots good, choice and prime lambs 22.00-23.50; mostly 22.50 up; cull to choice slaughter ewes 6.50-9.50.

Foreign Exchange

NEW YORK, March 4 (AP)—Foreign exchange rates follow (Great Britain in dollars, others in cents):

Canadian dollar in New York open market 1¼ per cent premium or 101.25 U.S. cents off ⅛ of a cent.

Europe: Great Britain (pound) $2.79, unchanged; Great Britain 30 day futures 2.78 21/32, unchanged; Great Britain 60 day futures 2.78 11/32, off 1/32 of a cent; Great Britain 90 day futures 2.78 1/16, unchanged; Belgium (franc) 1.99 1/16, off .06⅛ of a cent; France (franc) .28⅝ of a cent, unchanged; Germany (Western) (Deutsche mark) 23.85, unchanged; Holland (guilder) 26.30, unchanged; Italy (lira) .16⅛ of a cent, unchanged; Portugal (escudo) 3.50, unchanged; Sweden (krona) 19.34, unchanged; Switzerland (franc) (free) 23.33⅛, up .00¼ of a cent; Denmark (krone) 14.50, unchanged.

Latin America: Argentina (free) 7.25, unchanged; Brazil (free) 1.35, unchanged; Mexico 8.02, unchanged; Venezuela (bolivar) 30.03, unchanged.

Far East: Hong Kong dollar 17.45, unchanged.

Nash Adds 100 Dealers

DETROIT (AP) — Nash Division of American Motors says it added 100 new dealerships last month. At least one dealership was added in each of tte 48 states, Nash said yesterday. Thirteen were added in the Chicago zone.

OKs Postal Pay Hike

WASHINGTON (AP)—The House Post Office Committee today voted an average 7½ per cent increase for half a million post office employes at an annual cost of 150 million dollars.

Stock Market Quietly Mixed

NEW YORK (AP) — The stock market was quietly mixed today in early dealings.

Most key issues moved fractionally either way or remained unchanged. Only a handful of stocks had changes of as much as a point.

Today's hesitancy came after four days of rising prices that sent the Associated Press average of 60 stocks up to three straight new all - time high marks.

Northrop Aircraft opened on 6,000 shares up 1½ at 37. The company reported earnings for the quarter ended Jan. 31 equal to $2.43 a share as compared with 41 cents a year ago.

Among higher stocks were Texas Co., Southern California Edison, Union Carbide, Republic Steel, Studebaker - Packard and Sears Roebuck.

Lower were U.S. Steel, Chrysler, Boeing, Anaconda Copper, General Electric, New York Central, and Baltimore & Ohio.

Lodge Calendar

Regular communication of Pontiac Lodge No. 21 F. & A. M. Fri., March 4. Lodge opens at 7:30 p. m. Irwin W. Mills, W. M. —Adv.

News in Brief

Robert Buchanan, 30, of Garden City, was sentenced to five days in the Oakland County Jail and ordered to pay a $25 fine yesterday when he pleaded guilty to driving while his operator's license was suspended. He appeared before Farmington Township Justice Allen C. Ingle.

West Bloomfield Justice Elmer C. Dieterle yesterday imposed a fine of $75 and $25 cost on Sam Shay, 46, of Detroit, after he pleaded guilty to drunk driving.

Pontiac Police today reported a breakin of the Tasty Bakery, 80 N. Saginaw St., last night but according to company officials nothing had been determined missing.

Ernest W. Johnson, 28, of 95 Jackson St., was arrested by Pontiac Police yesterday on traffic warrants, charging no registration for his auto, making excessive noise and driving without operator's license.

Three hubcaps were stolen from an auto owned by Charles Walker of 5 Lee Ct., last night while his auto was parked in a factory parking lot, Pontiac Police reported.

Meeting Held for School Authorities

A panel of school authorities considered the standards of elementary school principals of Michigan yesterday at a Rotunda Inn luncheon meeting.

Reviewing the new yearbook, "Elementary School Principals of Michigan Set Their Standards," were the following: Mrs. Harry E. King, Pontiac board of education trustee; James C. Covert, superintendent of Royal Oak Schools; Lee Clark, principal from Hazel Park and Ron Jackson, a Farmington township teacher. Dan Nesbitt served as moderator.

The meeting was sponsored by the Region No. 7 department of elementary school principals from the Michigan Education Association. Superintendents of Oakland county schools were invited to participate.

Buick Dealer Sales Hit Monthly Peak

FLINT (AP) — Buick Motors reported today its dealers delivered 59,621 cars in February, making a new record. The previous high month was March, 1950, when 54,878 retail deliveries were made.

Retail deliveries for the last three months were 163,826 units, a record for any three months period in Buick history.

Ivan L. Wiles, general manager, said Buick is producing at peak capacity, yet many of its dealers have less than a 10 days supply in their inventory. He said also that Buick's employment is at a peacetime high with nearly 30,000 employes on the payroll.

Tot Struck by Car

Terry Heming, 5, of 6310 Williams Lake Rd., is in Pontiac General Hospital today with possible concussion suffered Thursday evening when he ran in front of an auto on Williams Lake road near Airport road, according to Oakland County sheriff's deputies.

Vernon C. Kinsey, 36, of 5642 Grass Lake Rd., driver, was quoted as saying he tried to swerve his auto to avoid hitting the child.

Big A-Test Tomorrow?

LAS VEGAS, Nev. (AP)—Atomic scientists will study weather charts today to determine if they can handle the oft-postponed big shot for predawn tomorrow.

Cites Firmness of Stock Boom

President of American Exchange Reports to Senate Probers

WASHINGTON (AP) — Edward T. McCormick, president of the American Stock Exchange, testified today that in spite of record-high and still rising stock prices "we have not reached a danger point in the stock market."

McCormick was invited before the Senate Banking Committee in its inquiry into the stock market—an inquiry that seemed for the moment to be focusing on efforts of the financial community to draw millions of new investors into the market.

Like yesterday's leadoff witness, President G. Keith Funston of the New York Stock Exchange, McCormick said current high prices are based on such sound factors as strong business activity and confidence of investors.

McCormick on the whole voiced a firmer degree of confidence in the market outlook than did Funston, who said the possibility of a 1929-type crash can't be ruled out. Funston said he himself, however, is continuing to buy stocks.

* * *

The American Stock Exchange, which McCormick heads, is one of the two securities exchanges in this country with nationwide facilities. It has 1,800 members in 447 cities and its trading volume is second only to that of the New York exchange.

McCormick said in his prepared statement he sees no indication of "excessive or unsound use of credit" in the market today.

And he said the fact that market price indices "have risen above the peaks which they attained in September of 1929 should not in itself be accorded too much significance."

"Whereas the stock market average shows an increase from 1929 of 13 per cent," McCormick said, "cost of living is up 56 per cent, farm income 133 per cent, insurance premium collections 196 per cent, hourly wages 228 per cent, bank deposits 22 per cent, personal income 234 per cent, gross national product 242 per cent, and mortgage debt 284 per cent."

Rumor Detroit Bank Buying Block to Build

DETROIT (AP) — The National Bank of Detroit reportedly is acquiring options on an entire business block in downtown Detroit as a proposed site for a huge bank and office building.

The bank, one of the biggest institutions of its kind in the nation, currently leases the big building it occupies on Cadillac Square and reportedly is cramped for space.

If the deal goes through, the building would be the first major office structure to go up in the downtown area in quarter of a century.

The block is bounded by Woodward, Congress, Griswold and Fort. National Bank is said to have acquired options on all but one building in the block.

Charles T. Fisher Jr., bank president, declined comment on the reports.

Earlier rumors circulated in real estate circles concerned the possibility of a big new hotel or a regular office building in the area, close by Detroit's sleek new riverfront Civic Center.

Planning Chief Proposes Communities' Federation

A federation of communities to provide major services on a joint basis was proposed as "something worth thinking about" yesterday by George N. Skrubb, director of the Oakland County Plan Commission.

Skrubb's suggestion came at a meeting of about 100 school and governmental officials sponsored by the University of Michigan in Oak Park.

The federated area would run north from Detroit's limits "perhaps as far as Birmingham and west to Farmington in Oakland County," said Skrubb.

Communities would combine to solve such joint problems as water, highways and region-wide recreation, but each member would keep its own identity by continuing to handle all local municipal functions, he explained.

"The primary aim would be to develop the federation under a new metropolitan-wide tax base which would allow development of roads and other area facilities on a uniform basis ruling out inequalities from community to community."

Each member would have an equal vote, Skrubb explained. The federation might replace authorities "which are set up under state law as temporary measures and are the least democratic of methods used to solve area problems because they are not directly answerable to the people."

Representatives of the federation would be elected and they would meet regularly as a group.

Skrubb urged service clubs and other local groups to inform themselves as to possibilities of such an organization "because all problems involved would first have to be ironed out at the local level before necessary legislation could be obtained.

The federation idea is "something we would have to grow into," he stated, and added that it is being tested extensively in the New York City area.

Detroit has a large investment in water pumping, sewage disposal, roads and other facilities, said the planner. "The federated area might comprise regions to which the Detroit facilities could be reasonably extended."

Business Notes:

Auto Trade Assn. Officers Named

New officers were elected recently at a meeting of the Pontiac Automotive Trade Assn. Fred Walker was named president; Cy Owens, vice president; and Ralph Humphries, secretary - treasurer. The organization currently is working on plans for a spring automobile fashion show.

WALKER

James Hampton of the Hampton Electric Co. recently attended the annual convention of the National Appliance and Radio-TV Dealers Assn. in Chicago.

Cite Metal Fire Escape; Wooden Affair Slips By

PALO ALTO, Calif. (UP) — The Palo Alto Junior League bowed to city authorities who said the metal fire escape on the outside of their child guidance center was unsafe because a fire would make it too hot.

The authorities apparently feel the replacement is all right. They haven't complained yet about its being made of wood.

Detroiter Innocent

Montie Mulkie, 20, of Detroit yesterday was found innocent of breaking and entering by an Oakland County Circuit Court jury. He was charged with entering a gas station at 784 Pontiac Trail, Walled Lake, last Nov. 9.

NOTICE

To the owners of the following described Cemetery Lots; Oak Hill Cemetery, Pontiac, Michigan:

Notice is hereby given that you are requested to remove certain floral vases and floral urns from the Oak Hill Cemetery on or before April 2, 1955. Upon failure to respond to this notice said floral vases and floral urns will be disposed of and removed from the Cemetery property. By order of Cemetery Board of Trustees.

KENNETH P. ANTHONY, Superintendent.

Dated: February 28, 1955.

Feb. 28, Mar. 1, 2, 3, 4, 8, 14, 15, 16, 17, 18, 19, 28, 29, 30, 31, Apr. 2, 3.

ADVERTISEMENT FOR BIDS

BOARD OF EDUCATION

WATERFORD TOWNSHIP SCHOOL DISTRICT

The Board of Education for Waterford Township School District, Waterford Township, Oakland County, Michigan, Superintendent of Schools' Offices at 3191 West Walton Boulevard, Telephone OR 3-2413, Pontiac, Michigan, will receive sealed bids for the construction and completion of an Elementary School, located on Crescent Lake road at Hatchery road.

Bids will be received until 8:00 p.m., E.S.T. March 17, 1955, at which time and place they will be publicly opened and read aloud.

The completion date for the construction of this project shall be 210 calendar days after the award of contract.

Proposals shall include all Architectural, Mechanical and Electrical Trades and all alternates.

The accepted bidder will be required to furnish satisfactory performance bond and labor and material bond.

Plans and specifications may be obtained at the office of the Architects, George D. Mason & Co., 409 Griswold Street, Detroit 26, Michigan.

Proposals must be submitted on forms furnished by the Architects, and will be accepted until 8:00 p.m., E.S.T. March 17, 1955, supplemented by a bid bond submitted in accordance with the schedule included in the Instructions to Bidders, not later than 8:00 p.m. of the same day. In the event the successful bidder fails to enter into contract with the Board of Education, the amount of the bid bond must be forfeited to the Board of Education.

Proposal forms not properly filled out will be rejected.

Contractors must submit, attached to their proposals, the names of their mechanical and electrical sub-contractors and must agree, if awarded the contract, that they will submit a list of sub-contractors for the architectural trades seven (7) days after the award of said contract, for approval.

A check made out to the George D. Mason & Co., in the sum of $25.00 must be submitted as a deposit for each set of plans and specifications, same to be refunded when plans and specifications are returned in good order. A rental of $5.00 per day may be charged contractor who retains plans and specifications longer than agreed.

The Board of Education reserves the right to reject any or all bids, in whole or in part, and to waive any informalities therein.

MARSHALL E. SMITH, Secretary, Board of Education.

Feb. 25, Mar. 4, '55

REQUEST FOR QUOTATIONS

The Board of Education of the Walled Lake Consolidated Schools will accept quotations for not less than three (3) nor more than five (5) sixty (60) passenger school buses up to 8 o'clock p.m. on Monday, March 21, 1955 at the Board of Education Offices, 615 N. Pontiac Trail, Walled Lake, Michigan, at which time they will be publicly opened and read. Specifications, necessary for quotation, for these buses are available at the above named office.

JAMES A. PORNER, Assistant Superintendent.

Mar. 4, 1955

INDEPENDENCE TOWNSHIP BOARD OF REVIEW

Notice is hereby given that the Board of Review of Independence Township will be held at Township Hall, Clarkston, the following days to review the 1955 Assessment Roll: March 8, 9, 14 and 15, from 9 a.m. to 12 noon and 1 p.m. to 4 p.m. Any interested person may inspect said roll and upon sufficient cause, said Board may correct such assessments as in their judgment will be just and fair.

FLOYD ANDREWS, Supervisor.

Mar. 4, 8, '55

LEGAL NOTICE

Notice is hereby given to those persons not registered on the registrations of Independence Township, that they may register until 8 p.m. Monday, March 7, 1955, at the following places:

Independence Township Hall, Clarkston, any day except Sundays and Legal Holidays, from 9 a.m. to 12 noon, 1 p.m. to 5 p.m. and Monday, March 7, from 8 a.m. to 12 noon and 1 p.m. to 8 p.m.

Precinct No. 2 voters may register at the Sashabaw School, Maybee Road, Monday, March 7, from 12 noon to 8 p.m.

HAROLD J. DOEBLER, Township Clerk.

Judge Hopefuls Want to Debate

2 Dem Candidates for State High Court Tell Nonpartisan Plan

LANSING (AP) — The two Democratic nominees for State Supreme Court at the spring election propose that the State Bar set up a daily series of public debates between Republican and Democratic court candidates to preserve the nonpartisan character of judicial election campaigns.

The two Democratic nominees, Circuit Judge Eugene F. Black of Port Huron and Stephen J. Roth of Flint, made the proposal in a letter to Henry L. Woolfenden of Detroit, president of the State Bar of Michigan.

The letter said that while the Constitution provided for nonpartisan election of Supreme Court judges, they were still nominated by partisan conventions and were forced to campaign on a partisan basis.

Roth and Black proposed the bar appoint a bipartisan committee to organize and supervise a series of "daily public meetings throughout the state" between March 15 and April 2 at which the Republican and Democrat candidates could discuss "ways and means to improve the administration of justice in Michigan."

What Price Bravery?

CHICAGO (AP) — Flames raging in a laundry almost destroyed by fire could not stop Conrad Nordis as he fought his way to retrieve his spare pants. There was $100 in the pockets.

UM Finds Hormone Clue to High Blood Pressure

LOS ANGELES (AP) — A new clue to the possible cause of much high blood pressure has been discovered by the University of Michigan Medical School, it was disclosed here by an Ann Arbor doctor and scientist.

Dr. Jerome W. Conn told the Society of Graduate Surgeons of Los Angeles County Hospital that further study may prove that the overproduction of a hormone, aldosterone, is an important cause of high blood pressure and hardening of the artreries.

These ailments kill 625,000 Americans annually.

Aldosterone, secreted by the adrenal glands, was isolated recently in England. But most of the research tying the hormone to blood pressure was done by Dr. Conn's group at Ann Arbor.

The newly discovered disease, aldosteronism, kills most of its victims within 20 years, Dr. Conn said. In one case, he added, it was learned that the disease was caused by a nonmalignant adrenal tumor.

The tumor induced the gland to overproduce aldosterone.

Ten days after the tumor was removed, the patient's blood pressure was back to normal, the doctor added.

In other cases of aldosteronism no adrenal tumors are present, Dr. Conn said. In such substances, the adrenal glands may be naturally overactive, he declared.

In addition to adversely affecting blood pressure and arteries, excess aldosterone has a serious effect on the kidneys, the scientist said.

"It's too early yet to make any sweeping generalities as to how many types of high blood pressure are related to an overabundance of aldosterone," Dr. Conn said.

Possum Plays Games With Family's Silver

GREENVILLE, S.C. (AP)—"There's a thief in the kitchen trying to make off with the silver" Mrs. William Nelson nudged her husband awake.

He slipped cautiously into the kitchen where noises were coming form the silverware drawer. Opening it cautiously, he discovered an oppossum making free with the tableware.

Nelson dispatched the critter with blows from his shoe and a piece of pipe.

Basketball Tournaments Keep High School Spirits High

With the end of basketball season in sight, all schools are anticipating tournament games to be played this week and next.

PONTIAC HIGH

Music, sports and plans for the play spotlight PHS news this week, with the Pontiac High gym being the scene of Class B and C district games this week and next. Tonight the Chiefs will round out their season by taking on Arthur Hill, and next week they have a tournament game with De LaSalle at Birmingham.

Music-wise, the Boys' Glee Club will be in Cleveland tomorrow to take part in the Music Educators National Conference.

The band last Saturday captured a first division rating at the regional eliminations of the Michigan Band and Orchestra Festival at Michigan State Normal College. The band will compete in the state finals April 16.

Students will be studying organized labor and its phases for the forthcoming examinations on "The American Labor Movement," to be held April 16. Seniors who are eligible to enter the contest may receive a $500 scholarship to be used for any accredited college or university selected by the winners. Two highest scorers will get the scholarships.

Shows to be given by Radio Workshop next week include "About Animals We Know," "The Littlest Circus Seal," and "The Beacon of Bed Island."

Hi-Y club recently inducted new officers, with Louis Schimmel taking over the duties of president, assisted by James Jones, vice president, Kenneth Bogard is the new secretary with Fred Roeser treasurer and Richard Clark, chaplain.

New members also were installed. Among them were Richard Bashore, Robert Baxter, Richard Beyer, Edward Kantzer, Richard Leonard, Richard Neaves, Donald North, Jack Furner and George Bergstrom.

Plans for Hi-Y include revision of their constitution and a farewell dinner for senior graduates. Hi-Y, along with Y-Teens, have been working at the district and regional basketball games.

After free fencing bouts with Ford of Detroit last Tuesday, local fencers will send two teams to fence regulation bouts against teams from Lapeer High School this evening. The two teams consist of Vicky Micu (Pontiac), Barbara Haberman (Waterford), Wanda McMullin (Waterford) and one girl to be announced.

Arthur Schultz (Pontiac), Donald Hegeman (Pontiac), Robert MacDonald (Pontiac) and Richard Dexter (Waterford) will fence on the boys' team.

Ten new members were recently initiated into Future Teachers' Club. They are Karen Yeager, Kaye Wagner, Marion Lape, Joanne Brickheart, Ramona Williams, Marva Lowe, Vivian Lewis Phyllis Dusten, Carl Helferick, and Andrea Roberts.

The club recently heard Louis Larken talk and present two movies.

Pretty smiles and pretty poses were presented by students this week as group pictures were taken for the Quiver.

ST. FREDERICK

The girls' basketball team lost their chance for a championship by losing to Nativity last Sunday. Captain Jean McHugh offered no excuses.

While the boys were busy practicing basketball early this week, the cheerleaders were busy practicing cheer routines which were used in the tournament game Wednesday night.

Wednesday noon at a pep meeting, the cheerleaders taught the student body three new cheers and reviewed the old ones.

Fifth and sixth hour English classes turned tables this week. While fifth hour students swarmed into the library to do some research on their respective subjects for term papers, last hour English students began the reading of novels, the first being "The Scarlet Letter."

Some of the girls came to school this week wearing clothes into which they had not been able to squeeze for months. The comment seemed to be, "Lent is doing wonders for me."

Freshmen welcomed back their teacher, Sister Teresena, Monday. She was absent last week because of illness.

Seniors were busy all week getting patron and sponsor slips printed and ready for their senior play drive starting Monday.

Third floor bulletin board seemed to be getting all the attention this week as pictures of the basketball team attracted everyone passing by.

ST. MICHAEL

Scholastic news stole the spotlight at the home of the Shamrocks this week, as the season of Lent terminated the bulk of social activities for a while.

The seniors have had their hands full lately. With the arrival of the Senior Reviews, the Lenten resolution of most Seniors was to study, study, study.

Having completed the unit on capital and labor, the twelfth graders delved into the activities of the I.W.W. movement. Then when they came to class Wednesday morning and saw Jerry Paquett, Jim Flannigan, Stan Haak and Dan Prugnte washing windows, they applied the term to them. It meant, of course, "I Wash Windows."

In keeping with the spirit of Lent, the C.S.M.C. officers and the Mission officers met Wednesday noon in the C.Y.O. clubhouse and decided that their Lenten project would be to collect stamps for the foreign missionaries.

Pardon our boasting, but St. Mike's has a good reason to be proud this week. Bob Anderson, brilliant guard of the Shamrock basketball squad, was selected for the Metropolitan Area All Catholic Second Division basketball team.

Another bright spot on St. Mike's athletic calendar was the return of Georgianna Gunnersen to the cheerleading squad, having recuperated from a broken ankle.

With a whoop and a holler and a twang of a guitar, St. Mike's "Wild West Jamboree" got under way with the first rehearsal Friday night.

The musical satire, which will take place after Easter, features such numbers as "The Corpse at the Bar Room Door," "High Noon," and "No More," Practice sessions will be held every Friday during Lent under the direction of Fr. William Immel.

Guests of a local radio station last Saturday were seniors Gwen Herald and Marcee Hill; junior Kerry Croteau; sophomore Jim Barnowski and freshman Rosalee Brown.

In anticipation of the tournament basketball games, Michaelites observed "Sweater Day" Wednesday and every athlete sported blue and white.

MR. BARRY'S BLUFFING — In a scene from the PHS Spring play, "Mr. Barry's Etchings," Barry captures leaders of a counterfeit ring using a toy gun. Barry is played by Burton Belant (pictured) in the Wednesday and Friday cast and by Bob Crandall in the Thursday production. Marlene Crocker is shown in the role of "Fifty Ferris," and Don North takes the part of "Sawbuck Sam." These roles are played by Brenda Jo Wells and Jack Larson in the Thursday night show. Pontiac Press Photo

Swanson; dear sister of Harry Lundberg, Gustof Lundberg, Fred and Leo Lundberg. Funeral service will be held Monday, March 7th, at 2 p.m. from St. Johns Lutheran Church with Rev. Carl W. Nelson officiating. Interment at Perry Mt. Park Cemetery. Mrs. Swanson will lie in state at the Voorhees-Siple Funeral Home until Monday morning at which time she will be taken to the St. Johns Lutheran Church. Arrangements by the Voorhees-Siple Funeral Home.

In Memoriam 2

IN LOVING MEMORY OF FRANK Cvitkovich, who passed away six years ago March 4, 1949.
A silent thought, a secret tear
Keeps his memory ever dear.
Mr. & Mrs. Schorty Green and grandchildren.

IN MEMORY OF OUR LOVING husband and father, Norman Ferguson, who left us three years ago today, March 4, 1952.
A precious one from us has gone,
A voice we loved is stilled
A vacant place is in our hearts,
That never can be filled
Sometimes it is hard to understand
Why these things have to be.
But in his wisdom God has planned
Beyond our power to see.
Loving wife, family and grandchildren

IN LOVING MEMORY OF MARK E. Warren, who passed away March 4, 1954.
It is lonesome here without you,
And sad and weary the way;
Life has not been the same
Since you were called away.
Sadly missed by wife, Yvonne and children.

IN LOVING MEMORY OF MRS. J. L. Elliott, who died March 4, 1916.
Always with us in memory.
Loving husband and daughters.

To Clean Subways

NEW YORK (AP)—Eighty-five miles of tunnel in the New York subway system will get a cleaning for the first time in more than 20 years. Some 2½ million dollars will be spent in the next five years on the job.

Many Topics Taboo for Philly Man in LA

PHILADELPHIA (AP) — Winfield H. Emlet, Philadelphia's so-called good will ambassador to Los Angeles, is going to have to watch his conversation during his visit to the West Coast.

Emlet, of suburban Paoli, is on his way to Los Angeles to see Mayor Norris C. Poulson and other officials. But while he's there, he pledged not to talk about these "controversial subjects:"

(1) population, a center of discussion between Los Angeles and Philadelphia, (2) smog, a topic of conversation peculiar to the Los Angeles area, and (3) the weather in general, a score point with everybody.

Emlet received his title of ambassador because he was the top Chamber of Commerce salesman in 1954.

The children's game, "Here We Go Round the Mulberry Bush," comes from the practice of celebrating May Day or spring's arrival by gathering flowers and marching in procession.

TV Plug Sends Sales Soaring

Recordings With Cugat Started Her Success; Now Has Video Show

By WAYNE OLIVER

NEW YORK (AP)—Sunny disposition Dinah Shore is her own best song plugger.

The honey-haired songstress reports that when she sings a number on TV or radio that she has done on a phonograph record, the record sales pick up immediately.

It's only fair that her broadcasts should help the record sales for it was through phonograph records that she got her first big break in the entertainment world.

After finishing at Vanderbilt University in the late 30s, she got a job on a local radio station in New York. But she had no luck with the networks until Xavier Cugat had her make some recordings with him. The record company immediately signed her to a recording contract and NBC hired her as a sort of fill-in performer.

She quickly became one of the network's most popular singers and soon was on Eddie Cantor's show, where she stayed for three years until Hollywood called.

But Dinah continued her recording and radio work and for the past three years has had her own 15-minute TV show. Under her contract she does 24 record sides a year.

Although Dinah says "we get a tremendous response" when she plugs one of her records on the air, she admits "I haven't had a big record hit since I've been on television."

She says that's largely because her TV and radio chores keep her so busy she doesn't really have time to concentrate on finding the right combination of tune and treatment to turn out hit records. But her records, if not in the hit class, are consistently close to the best sellers in the business year in and year out.

The turkey buzzard is a master of the art of soaring. It can fly for long periods without apparent movement of wings, taking advantage of every wind current.

HONORED AS 'DOG'S BEST FRIEND' — Paul A. Martin, of Lansing, poses with his pet Boston terrier, Wiggy, after winning Ingham County's first "Fido" award in recognition of 25 years of devotion to the promotion and welfare of dogs. Mr. Martin publishes the Lansing State Journal.

Will Drop Charges Against AF Doctor

SAVANNAH, Ga. (AP)—James M. Rahal, who charged that an Air Force doctor attacked him with a hypodermic needle, has announced through his attorney he will not press the charge at a police court hearing set for March 12.

Rahal accused Capt. Frank W. Johnson of Hunter Air Force Base of stabbing him three times with the needle in the arm and hand.

Rahal said Johnson, whose home is at Spring Hill, Ala., made the attack Tuesday night. Police at first reported erroneously that Rahal's son Edmund F. Rahal had been stabbed. But the father said today that he, and not his son, was the victim. His wounds were not serious.

• • •

The elder Rahal said the attack was made as he was leaving a lawyer's office.

Edmund Rahal and Mrs. Miriam C. Brown made charges of assault and battery but they said they were not stabbed.

An attorney indicated that Edmund Rahal also is willing to drop the charges.

Johnson's attorney John W. Sognier announced today that Johnson plans to marry the younger Rahal's former wife.

Linda Christian Keeping Jewelry: 'A Gift Is a Gift'

LOS ANGELES (AP) — Actress Linda Christian explained in an 80-page affidavit why she doesn't plan to return $132,500 worth of jewelry given her by Robert H. Schlesinger, of Milwaukee. She summed it up in five words: "A gift is a gift."

The deposition was filed yesterday in Superior Court. Tyrone Power's estranged wife told of accepting the jewelry from Schlesinger shortly after they met in New York last November.

• • •

The New York firm of Van Cleef and Arpels sued for return of the jewels last January, charging that a $100,000 check tendered by Schlesinger as part payment bounced.

The actress denied that any of the gifts were presented in Schlesinger's New York apartment. "I've been to his apartment only once, at a cocktail party," she said.
